Few days passed, Thato was trying really hard to earn my trust and win my heart again. He was back to his old self and he was the best father to our kids, they adore him..... I have forgiven him but I just wanted him to sweat a bit. Anyway, it was now december and it was 2 days before christmas, I was still in bed when I heard a tiny voice saying "mama" yes they can say mama or dada(daddy) now and they can take few steps I opened my eye and he was eating my lipstick Me:Lethu No!!!(He smiled showing his milky teeth) Thato got in with a tray, Kamva was crawling behind him Him:breakfast in bed, for my women :)(he put the tray on the bed Me:mmm thank you, let me go brush my teeth(I went to the bathroom did my business) When I got back to the room they were eating my breakfast, Lethu took the vianna and was playing with the bread Me:Thato come see you children He walked in carrying a glass of juice Him:hey!!!(They stopped and looked for him)put that back(kamva started crying, this baby is such a drama king) We ended up eating the breakfast as a family Thato took the dishes back to the kitchen, while I clean around the room and bathed the kids put them to bed to take a nap He came back when I was about to bath Him:can I shower with you? I promise I'll behave(he looked at me with pleading eyes) Me:fine We got in the shower and he started washing my back after a while his hands moved to my boobs and squeezed them, I felt my body getting cold so I leaned back and put my head on his shoulder,, he kissed my neck and his other hand moved down to my vj he started massaging it so slowly I couldn't help but moan he used his leg to open my legs futhure more then he put in 1 finger Me:aaaahh(I gasped) He continued fingering me then turned me around to face him, we kissed ooh thixo I've missed this phela its been a long time since I got some He picked me up and pinned me against the wall and entered himself You all know what happened next > When we got out of the shower my knees were weak I almost fell

Thato picked me up to our room and helped me lotion Him:let's go out today, as a family let's take the kids to the park Me:that's a great idea, can you please choose me an outfit(I said that closing my eyes) Him:baby you are lazy Me:its your fault I'm like this(he laughed) Him:here(he took out a pink jumpsuit) I got up and got dressed then packed the bag for my rascals then we hit the road We got to the park and set everything up, we pushed the kids on the swings they couldn't stop giggling, and they were happy And I felt happy too, after few hours they started crying coz they were now tired so we decided to go back home When we got there I bathed them and put them to bed they fell asleep immediately I went to our room but the door was locked, that's odd coz we don't lock the door I yelled for thato and he came running

Him:babe what's wrong? Me:why is our room locked? Him: I ...I don't know babe
Me:thato I want to bath please open(he pulled my hand we went to the guest room
downstairs) Him:baby you can bath in here while I look for the key to our room
Me:okay He left the room,I went to bath and got done,I found that lacy lingarie that
we bought the other day and a note "wear this and come to our room" Okay,I wore it
and walked to our room Wow the room,was full of red and white Rose petals and red
candles,,it was so beautiful.... Thato appeared from the bathroom he was singing
Lonely Nights by The soil Yoooh umuntu wami can sing shame,my heart just melted
The time he got done I was in tears ,he came and wiped my tears Him:baby I'm sorry
for all the pain that I've caused you(we kissed then broke it after a while) Me:I forgive
you Him:I promise not to cheat again angel thank you We kissed again then one thing
led to another and we made love the whole night

The next couple of days were pretty much the same,same routine I would study my butt off then go to school to write my exams > We were now done with the final exams so I spent most of the time with Nathi we were really close now but what I like about him is the fact that he hasn't asked me out or tried his luck on me The sad part of my life is That I last spoke to Thato August and we were now approaching december I always tried calling him almost everyday but I eventually gave up coz his phone always took me to voice mail But I haven't lost hope,I really hoped that during the holidays he'll come back to me coz my heart still beats for him.I'll never stop loving that guy Anyway..... And.....And.....And we kissed,The kiss was magical he was a good kissers but he had nothing on my Boo After a while we broke the kiss and continued watching the movieI couldn't concentrate anymore,the kiss was stuck on my mind,I would lick my lips occasionally Finally the movie was over now we can focus on us, lol don't look at me like that ...its been long since I got kissed Him:are you okay?(He was brushing my hair) Me: I'm fine(he turned me to look at him and cupped my face) We kissed so passinately his hands were exploring my body,he would squeeze my boobs now and then,,GOSH I was so turned on but I broke the kiss coz I didn't want it to go any futhure.....I might be cheating on thato with my lips but I told my self that no other guy will see my nakedness except for him... So after breaking the kiss I lay my head on his chest.his heart was beating so fast Him:I'm sorry I just got carried away Me:its okay We Lay there in silence ,his fingers running through my hair,I was slowly driffting to sleep I think he noticed that coz he kissed me on my head and whispered "I love you" I didn't know if he loved me as a friend or more > > I woke up when he baby kissed me I rubbed my eyes and looked at him Him:wake up princess Me:hmmm why?
