

Stubborn Love

Introduction

I watched her walk across the room. She looked amazing. Her long body-hugging dress emphasised all her curves. She sto to talk to someone. I slowly made my way through tw crowd. Some people stopped to greet me. But my mind was only focused on one thing. The lady in the silk red dress. She had her back to me. Finally I reached her

Me: Hello Lynn. It's been quite a long time.

She turned to face me. Her smile quickly disappeared. She dropped the champagne glass she had in her hand. She stumbled backwards with terror written all over her face. I maintained eye contact. She shook her head and bolted out the room leaving everyone shocked.

Me: That's the first woman to ever run from me.

I said jokingly. Soon everyone resumed their conversations. I walked out and stood at the entrance of the hotel. I watched her skid off and disappear into the night. I dialled her number. She picked up on the second ring.

Lynn :Hello

Me:You can run but you can't hide from me
Lynn.

She cut the call. It's been 15years since I last saw her. By the she was a schoolgirl. Shy but ever smiling. I was in varsity. I was 5 years older than her. I had been working my ass off trying to charm her. She had turned me down at all times. One fateful night, one drunken mistake, 15years in prison. A year after my release I've Finally found the girl who cost me everything. But now she's no longer a girl but a grown sexy woman.

Oh, by the way I'm Leroy Johnson. 37year old self achieved business man. And that woman

who just bolted out?. That's my wife, Lynn. And after 15 years I have come to take what is rightfully mine.

[03/28, 10:39] Mk: Insert 1 Lynn I burst into the house. I had been trying to unlock the damn door for the past five minutes. I switched on the lights and dumped myself on the couch. My heart was beating so fast I could barely breath. I blinked a couple of times trying to comprehend what just happened. A million questions flooded my mind. How was it even possible for him to be at that party. When did he get out of prison. How did he find me. And how the neck did he get my number. I changed cities Just to get away from him. I punched the couch in frustration. Tears threatened to flow down my face. I blinked them away. Leroy Johnson, my worst nightmare has come back to haunt me. I grabbed a tub of ice cream. I needed to drown my sorrows. I eventually fell asleep on the couch. I was woken up by a text. Text* Good

Morning beautiful. Kiss your sexy self for me.* I frowned. Definitely not for me. I don't date. The person Must have pressed a wrong number.

DELETE. I got up, took a bath and got ready for work. I arrived early as usual. Though My heart wasn't into it I had no choice but to go to work.

As I walked past the reception area, Angie the receptionist greeted Me. Me: Morning dear.

Angie: You look terrible. Can I get you a coffee.

Me: Yes please. Make it extra strong. The moment I got into the office I buried myself in work. Anything to forget about last night. A

while later Angie walked in Angie: Here's you coffee And there's A meeting in the boardroom in 30minutes. I nodded And carried on with my work. A while later Angie burst into the office.

Me: I guess you left your manners at home.

Angie: Why did you not attend the meeting. I opened my eyes so wide in shock. I checked the time. It was two hours since Angie notified Me.

Me: Damn I lost track of time. Do you think the

boss is passed of coz I didn't pitch up. Angie:
For your sake I hope he's not. I heard he can be
ruthless sometimes. Me: Great. Just what i
need. Like I'm not already in a bad mood. Angie
walked out And I got back to work. There was a
slight knock then the door opened Me: Oh now
you decide to knock I looked up and was met by
those ocean blue I eyes. I sprung out of my
chair. Me: What The Hell are you doing in my
office?. Leroy: Hi Lynn. Or should I call you my
little doll-face.

[03/28, 10:39] Mk: INSERT 2 Leroy I smiles and
approached her Lynn: If you come any closer
I'm calling the security to come throw you out.
Me: Go ahead. Lynn: What?. Leroy what do you
want?. Me : Why weren't you at the meeting?.
Lynn: How do you know about the meeting. Are
you stalking me.?. Me: No I'm not stalking you. I
called for the meeting. Her facial features
slowly changed as she came to a realisation
what that meant. She shook her head in

disbelief. Lynn: No No No this can't be. You?
She backed away from her desk. Lynn: Leroy,
what are you doing her. Her voice was shaky.
It's like she wanted me to confirm what was
already obvious. Me: You need to stop asking
me that. After all I am your boss. I blinked and
next instant she was gone. If I hadn't heard the
thud sound I would have thought she just
vanished. I quickly went round the desk. There
she was on the floor. I quickly shouted for her
assistant to call an ambulance. Ok so that was
a dumb move. But we were bound to cross
paths anyway. Ten minutes later she was lying
on the hospital bed. With me pacing up and
down the room waiting for her to wake up. Then
suddenly she moved. I immediately shouted for
the doctor.

[03/28, 10:40] Mk: INSERT 3 Lynn In the midst
of the darkness that surrounded me I began to
faintly hear the voice. They became more clear
as i attempted to open my eyes. Voice : Mr

Johnson who is she ?. Leroy : She's my wife..
Angie: Sir you're married? . I slowly opened my eyes gradually adjusting to the light. I was in a hospital. Angie: Hey girl. How are you feeling.
Me : Angie what are you doing here. You must be at work. Angie: Its way past knock off time.
Doctor: Finally you are back Mrs Johnson. I am doctor Lhasa. How are you feeling?. Me: Wait. Mrs Johnson? . Leroy : Of course. What were you expecting to be called. He walked in whilst cutting a call. I swallowed with difficulty. Me: Doc can I please be discharged. I'm feeling better. Really. Doctor : Ok. I'll give your husband your discharge letter Me:Doc he is not m.. Leroy :Its ok doc. Shall we?. They left me and Angie just staring at each other. Angie :What the heck. You?. His wife? . Me: I don't know what he's trying to do but I'm not sticking around to find out. Leroy I walked into Lynn's room. She was nowhere to be seen. Only Angie who stood nervously playing with her fingers Me: Where is

she?. Angie : She left a while back I frowned.
Me: So what are you still doing here. Angie :She
said I should tell you to stay away from her. I
narrowed my eyes Angie : Um.....I think I better
leave . I nodded. I grabbed my phone and dialed
her number. Voicemail. This woman was
something else. I walked out and headed home.
Next morning Lynn Text*Good morning sexy.
Have a wonderful day * I checked the time. 5
on the dot. DELETE MESSAGE. I might as well
get up since I'm awake now. I got to work my
usual time. Angie : The Boss wants to see you.
She looked scared. I smiled and walked into my
office. Just as I took a sit the landline rang.
Angie : The Boss wants to see you now. I felt
both anger and scared. I walked out and went to
the upper floor. It's funny how these huge
letters J.L finance never ever made me suspect
a thing. Now just the sight of the words got me
scared. I knocked Leroy : Enter I walked in
Nighty night dears

[03/28, 10:40] Mk: INSERT 4 Leroy She walked in and stood close to the door. She had on a Brown bandage skirt, cream blouse and cream heels to finish the look. Her hair was plaited thick con-rows that went all the way to her back

Me: Good morning Lynn : Morning sir. Me: I need the salary figures by mid day today. Can you manage. Lynn : Yes sir. Me : Good I stood up and walked towards her. She seemed ready to bolt. Me: Its funny isn't it. You destroyed my life but I still made it. Lynn : No, you destroyed mine. I hate you.. Me: Why don't you look me in the eye when you say those words. I walked over and literally stood an inch away from her. We stood eye to eye. The tension was intense Me: You took away everything Lynn. You knew that I loved you but you crushed me. You didn't care Lynn : How could I love someone that raped me She spat back at me Me: I didn't rape you. You keep saying that but all I remember is that we kissed. And you seemed to enjoy it. She snared

at me Lynn : You forced yourself on me. You ruined me Leroy. She was getting angry with each word. Me: Well I paid dearly for that mistake. But it's ok. Now I'm here to claim what belongs to me. She looked at me and frowned. Lynn :What are you talking about? . I smiled. Me: So you are clueless. Lynn : About? I sighed and shoved my hands in my pocket. Being this close to her was turning me on. I walked back to my desk. Me: You. I came to claim you. You belong to me Lynn. You are my wife. Lynn : WHAT? Me :Ask your father. Maybe he can explain things much clearer to you. She shook her head in disbelief. Lynn : You're lying Leroy. There is no way in hell I could ever be you wife. Me: Are you sure about that. As I said before , ask your father. She stood there totally confused. Me: As for now. Get back to work . She stormed out making sure to bang the door. At exactly 12 she sent Angie with the figures. Me: Thanks. Off to lunch?. Angie : Yes sir. Me : What of your boss.

Is she also on lunch She frowned a bit. Angie :
No sir. She's not going. I nodded and she
walked out. Lynn Leroy's words were really
bothering me. His confidence held a hint of
truth. I could see that he wasn't lying. But it all
didn't make sense to me. First he is my boss
and now he is also my husband. But how?
There was a knock. Me: Enter A Debonairs
pizza guy walked in with a box. Me: Can I help
you? Guy: Delivery for Miss Lynn. Me: Sorry I
didn't Order anything. Guy: The company
ordered. He placed the box on my desk and
walked out. I opened the box. Something meaty
with extra cheese. Just the way i like it. I closed
the box Me: Hell no. I'm angry at him. He thinks
he can buy me with pizza. My stomach growled
betraying Me. I sat back and stared at the box
of delicious temptation. Me: Aaargh to Hell with
anger. I'm starving. I pounced on the box and
ate like it was my last meal. My phone rang. Me :
Hello Leroy : Did you enjoy the pizza. Me:mxn I

cut the call. Finally it was time to knock off. As usual I was the last to leave. I got to the lift and pressed the down button. Suddenly I was enveloped by his cologne. I turned around to find him literally standing behind me. I felt uneasy. Leroy : Don't worry my days of raping women are long gone I stiffened and headed for the stairs. He grabbed my arm. Me: Let me go Leroy. Leroy : Calm down. I was just kidding Me: Did that actually sound funny to you coz im not laughing. Silence The lift door opened. Leroy : Shall we? Me : No I would rather endure the stairs than get into that elevator with you. He raised an eyebrow. Then walked into the elevator Leroy : Enjoy the stairs. I held the door of the stairs open for a while. Hell no ,I was not gonna kill myself with stairs. Especially with these heels. I waited for the lift to come back up. When i finally reached downstairs I found Leroy leaning on his Merc looking all kinds of sexy. Damn if only his fine white self wasn't my

enemy right now. Leroy : A lift? Me: No thank you. I replied stubbornly.. Leroy : I would like to give my wife a ride home Me: I said no. And I'm not your wife. Leroy : Keep telling yourself that. Good evening dear. He said as he got into his car and drove off. I stumped my feet in frustration. This guy's persistence was so irritating. When I finally got home the first thing I did was call my father

[03/28, 10:40] Mk: Insert 5 Lynn Me: Hi dad Dad: Hi dear. How are you my child. Me: I'm ok Dad: You don't sound ok. What wrong. I sighed Me: Dad I met Leroy Johnson Dad : Oh Me : And he said something to me that scared me Dad : What did he say Me: He said that I am his wife..... Dad what does he mean . Dad : Lynn. We need to sit down and talk. Not over the phone. I felt my chest tightening Me: What do we need to talk about. Dad :Lynn it's complicated. Me: No it's not. Just say that he's lying Silence Tears flowed down My face. I

wiped them away. The silence said volumes.
Dad : Lynn I did what I had to at the time. Me:
Dad please no.....How could you marry me off
to him. Why would you do that to me. I sobbed
over the phone Dad : You had passed your
matric. I knew you wanted to go to varsity really
bad. So it be came more like an arranged
marriage. They paid your bride price an I used
that money to pay you varsity fees. They paid
for you till you graduated. Leroy was already in
love with you. I took the deal to give you a
better life than what we have. I cut the call and
cried myself to sleep. Next morning I was
woken by the mysterious text. Text* A beautiful
beginning to a beautiful day* DELETE I dragged
myself to the bedroom. I drank some pain
killers for the terrible headache i was feeling
and buried myself under the blankets. The
phone rang and i switched it off in frustration.
Leroy Her phone was going to voicemail. I
needed to know if she was ok. I decided to call

her dad Me : Mr Phiri. It's Leroy. I'm trying to get through to Lynn but her phone is off. I was wondering if you might have heard from her Mr Phiri :Leroy she called me last night. I had no choice but to tell her the truth. Can you try and talk to her please . Me: ok. I will talk to her. I cut the call. Grabbed My keys and headed to her place. My heart was beating fast. I parked outside her house and knocked. No response. I tmrw the door. It was unlocked. I walked in and looked around. No sign of life. I went to her bedroom. She was under the covers. I noticed the bottle of tablets. I quickly walked over and pulled the covers away. She had a pulse. Thank God. Her face was stained with tears and so was her pillow. My heart sank. Me: I'm sorry Lynn I woke her up and put her in a sitting position. Lynn : Leroy leave me alone Me :Are you ok Lynn : How could you let your family do this to me. And my father too Me: Stop blaming you father. He was desperate to send you to

varsity. He didn't want to disappoint you Lynn :
They should have told me Leroy. I can't
continue working for you. It's too complicated
now. I grabbed her and shook her. Me: Snap out
of it. If you quit your job how will you support
your family. The money you dad makes is not
enough to even put food on the table. I know
you pay school fees for your siblings and buy
groceries for yu family every month. If you quit
how will you help them. Lynn :I'll get another job
Me: But jobs are not easy to find. You know that.
She looked defeated. Lynn :You continue to
haunt my life 15 years later Leroy. Me: Think
what you want about me . I'm not bothered. But
get your ass back to work and stop whining. It's
not the end of the world. I stood up and
stormed out. She acted like being married to
me was a death sentence

[03/28, 10:40] Mk: #bonus Leroy The next day I
got to work early. I went past her office. She
wasn't there yet. I dialed her number. Voicemail.

If she didn't pitch up for work I swear I was gonna go to her place and give her a good spanking. . Two hours later there was a knock on the door. Me: Enter She walked in looking vava voom . High waisted slacked. Dusty pink chiffon top neatly tucked in and plum heels. I sat up. My equipment jerked. Damn she looked good. Lynn :Good morning sir I cleared My throat. Where was that thing I called my voice. Lynn : I need that file for the salaries. I was wondering if you are done with it. Me :Yes I handed it to her. She turned and swung her hips as she headed for the door Me:Its good to see you back at work.. Lynn: thank you She walked out Me: Now that my wife right there. I ran my hands through My hair and switched on the air con. The rest of the day I sent her roses and chocolates. Just as everyone was knocking off, she stormed in carrying the roses I had sent her. Lynn :What the he'll. Can you let me do my job please. Take your stupid flowers. She dumped

them on my desk. Me:I'm just being a husband.
Lynn: don't you dare. I'm not your wife. Me: Yes
you are. I stood up and went round the desk and
leaned on it whilst watching her. Lynn :I will
never be your wife Leroy. I ignored Her Me: So
when are you moving in. Married people don't
stay apart. You're starving me Lynn. I'm a very
sexual man. She frowned and slapped me hard
Lynn : NEVER. Do you hear me. Never. Me:
Thats not how to treat your husband. If I start
cheating you'll start complaining. Lynn :Which
part of never did you not get. I'm warning you.
Stay away from me. Mxn husband my ass. She
said as she turned and walked away. I smiled
and looked away. If I didn't maintain self control
people would end up thinking I'm a pervert. But
damn that ass. And those slacks complimented
every bit of her curves. I felt a wave of
horniness take over me. I grabbed My stuff. I
desperately needed a cold shower.

[03/28, 10:40] Mk: Insert 5 Lynn Finally It was

Friday It would have been a great week had it not been for that crazy Leroy irritating the hell out of me. I stood up and grabbed the roses. This time they were accompanied by teddies . I mean huge ass teddies. I called Angie. Angie: Yes? Me : Grab the teddies. Angie: Why?. Me: Just do it. I could tell she wanted to laugh. We went up to Leroy's office. I didn't even bother to knock I just budged in. He was on the phone. He immediately cut it. Me: Angie please drop the teddies and leave Angie : Where?. Me : The floor.. When she left I stared at Leroy who seemed very amused about everything that was happening. Me: What will it take for you to leave me alone. He smiled and stood from his chair. He came round the desk and stood in front of me with his hands in his pockets. The look in his eyes made me nervous. I had a feeling I would regret my question. Leroy :Move in with Me for one week. My eyes almost popped out Me: What? . Are you insane. He moved a little to

close for my comfort. Leroy: I have tolerated you assault and insults all week. Now all i ask for is a week in return Me: No. I turned to walk away. He grabbed my arm and pulled me to him. Me: Let me go Leroy. He held my face and brought down his lips on mine. I stumbled back. He grabbed my waist and pushed me against the door and kissed me again. Somewhere along the line my struggling faded away. He broke the kiss. I blinked a couple of times as my senses came back. I raised my hand to slap him. He didn't even flinch. He just stood there staring at me like he was ready for the pain. I changed my mind and dropped hand Leroy : One week Lynn. After that if you tell me to stay away from you, I will gladly do so. It's either a week with me or a year of harassment. Trust me , flowers and teddy be a are nothing compared to what I can really do. Me: Thats blackmail. Leroy;:No it's the truth. I sighed. This guy was persistent. He had already driven me crazy in a week. What

more a year. Me: Separate rooms. Leroy : Yes. Separate bathrooms. We can even cook separately though I have a maid. Me: I'll think about it. Leroy : You have 24 hours. Sunday I'll come pick you up. He walked back to my desk. Me: Its not a force matter so don't give me that tone. He smiled and took a sit. I clicked my tongue and walked . Gathered my stuff and headed home. Leroy Saturday went by so fast. Still no word for wifey.. I felt excited about the coming week. I was so like looking forward to it. Sunday came Text* I guess dreams really do come true*. I asked the maid to get her room ready and also cook her favourite dish. Mac and Cheese. I had gotten all the juicy info on her. At 5 I took a shower. Beige cargo shorts, white Fabiano tee and whit Jordan's. Yep, I felt good. I drove to her place. Got there by 6. I parked outside her gate and walked into her house I froze. Every fibre in me tensed. Me: What the Hell is going on here?. I roared

[03/28, 10:40] Mk: Insert 6 Leroy Lynn jumped away from the man. She had been lying on the couch with her head rested on the man's lap. They seemed to be watching a movie .She step away from the couch. I was having all sorts of thoughts running through my mind. I imagined dragging her kicking and screaming all the way to my house. Then I imagined Me giving this guy a thorough beating for putting his hands on my woman. Just when I negotiated with myself to calm down the guy spoke. Guy: Lynn is this the guy you told me about. She nodded with her eyes still on me.. The guy stood up as if to intimidate me. Guy: Do you want me handle him for you?. I just had to laugh. Me: Did you just offer to "handle" me?. Guy: Yes . Trust me I'm very good at such things. I moved closer to him. Me: I would love to see you try. If you manage to "handle" me, I'll pay you R100 000 on the spot. The looked at lean then back at me. He seemed hesitant. Me: I'll give you a minute to decided. In

the meantime please step away from my wife. I'm here for her. Lynn: Guy's it's enough. She stepped between us and turned to the other guy. Lynn :Skhu no offense but I think it's a bad idea to try and challenge Leroy. Thanx for standing up for me but it's ok. Then to me Lynn : Leroy. You can calm down. This is my older brother Skhu. He's been here since Friday. Me: Oh. Um .. sorry about that. Pleased to meet you. He laughed. Skhu:Its cool. I love a guy who can protect my ill sis. I hope she's in good hands. Me: I don't know. Let's ask Lynn. Lynn dear, are you in good hands with me?. I caught her off guard. She stared at me then at Skhu. Lynn : Um.... of course Skhu. It's ok. I smiled. Me: I'll wait for you in the car. Please meeting you Skhu. I walked out to give them some privacy. Lynn Skhu :Lil sis you said this guy hurt you before. Me: Yes. Skhu : He seems really protective about you. What's with the whole wife thing. I swallowed hard. Me: Oh that's him just being

silly. But we're not dating. Skhu could really grill you with questions if you gave him the chance. I wasn't in the mood for interrogation. Skhu : So where are you guys going now. Ne: Out for drinks. Skhu: As what?. Me: Friends Skhu. Skhu: Friends with a guy that hurt you before. Are you thinking of giving him another chance Me: No. Skhu : Leroy who?. Me: Johnson. Skhu : Wait Johnson? . As in dad's ex boss?. That Johnson? . I nodded. Skhu: Thats Mr Johnson's son?. Me: Yes Skhu try to keep up. Skhu : So dad worked for the father now you're working for the son. Who clearly is interested in you. And is taking you out for drinks just as "friends".But then it makes me wonder about the travelling bag you have packed. As in how long are these drinks gonna be for you to need all those clothes. Damn I'm busted. I became nervous. What should i say. Skhu : Lynn I love you. You're my lil sis. I have never seen you date so I'm happy for you. But take care of yourself. If that guy hurts

you ill break his knee caps. I laughed. He grabbed my bag as I locjed up. He had an evening flight to catch to Durban. We dropped him off by the airport. As we drove to Leroy's place i started feeling scared. Damn what had i gotten myself into. His house was huge i had to stare in awe. He parked in one of the double garages. He got out came round to my side and opened the door. I got out and grabbed my bag. As we walked into the house a maid greeted us. Leroy turned and faced me Leroy : Welcome Home Mrs Johnson.

[03/28, 10:40] Mk: Insert 7 Lynn I will have to admit. The house was in a league of its own. The maid had prepared my favourite for supper. Afterwards I retired to my room. The minute my head touched the pillow I drifted away into a deep sleep. I got a rude awakening from nature. I needed to pee desperately. I got up and walked out the room like a zombie. Left turn and I entered the bathroom. Voice: Couldn't

keep away huh?. I jumped out of my trance and rubbed my eyes. The room was dark. Suddenly the bed light went on. There stood Leroy in his pyjamas bottom only.. I looked around. I almost slapped myself. I had totally forgotten that I was in Leroy's house. Me: Sorry I was looking for the bathroom. Leroy : I thought you have one in your room. Me: I forgot I am in your house. He raised an eyebrow at me. He was clearly enjoying every moment of my confusion. He approached Me. His abs flexing at every movement. I blinked a couple of times and looked away. I turned to leave. He grabbed my arm Leroy : Not so fast young lady. Leroy I could see her breathing change. She bit her lower lip. I pulled her closer and kissed her. She didn't move or fight me. I pressed her against Me. Her heart rate was fast. I felt my emotions slip out of control. I pulled away. She opened her eyes startled. Me: I think you better leave Lynn. I'm so close to pinning you against that

wall and descending on you with the wildest lovemaking you've ever experienced. My voice was deep with desire. She stared at me. I knew she could see the desire in my eyes. She backed away and quickly walked out. I sat on the bed. Every inch of my body was very aware of her presence in the next room. I had to try and control myself around her. She was still emotionally fragile when it came to me. Though I didn't remember what happened that night, obviously she had been extremely traumatized. But to night when i stared into her eyes I had not seen fear. I knew for fact that she had felt what I had felt. I got up early the next day. I had barely slept. All I could think about was Lynn. When i got downstairs I found Lynn already there. She was standing by the counter having coffee. I smiled and leaned against the door frame. It wasn't a crime to appreciate something beautiful. I took a moment to take in the sight. Black knee high skirt. Tucked in white

blouse. Black blazer and gold heels. Her legs were so smooth and sexy. I cleared my throat. She turned to look at me. Me : Good morning Lynn My heart almost stopped at the sight of him. His suit was perfectly cut. I almost choked on my coffee. He looked too sexy. It was illegal. I turned away and cleared my throat. My phone bleeped Text*Beauty is in the eye of the beholder. Have a lovely day mylove.* Delete Who was this person. At thought it was a wrong number but now I was convinced this person was sending the messages to me intentionally. Leroy came and stood next to me and made his coffee. I was so sure of my hatred for him but everytime we were close i felt so hot and very aware of his manliness. Heck I was already feeling hot right now . And don't even get me started on what that cologne did to my senses. I needed to get away from this man. Leroy : Can I give you a lift Me: No Leroy :Why? . Me: Leroy whatever you're trying to do won't work. Leroy :

What am I trying to do?. He looked amused. I frowned and went upstairs. Put on my lipstick. Checked myself one last time. Grabbed my laptop bag and phone then headed out. Leroy : Have a good day love. Me: Will you just stop it Leroy. Leroy : Never. The same way i loved you then is the same way i love you now. Or even more. Me: Well i don't love you and i never will. So stop fooling yourself. He seemed hurt. I walked out and banged the door.

[03/28, 10:41] Mk: Insert 8 Lynn (Flashback) It had been another day of writing exams and serious studying. The tests were almost over. Another two days and I would be done. I grabbed my satchel and headed home. As i walked out the school gate I saw the familiar car. It parked in front of me. I rolled my eyes and went around it. I heard the door get shut. Guy: Lynn wait. Me: Go away Leroy. I'm not in the mood for your drama. He caught up. Seriously this guy just didn't give up. Leroy: Come on doll-

face. Don't do me like that. Me: What do you want. I told you I'm not interested in dating you. I have studies to worry about. I'm in the middle of my exams. He stopped Me from walking away. Leroy : I know but at least be my date on Friday. Me : What?. Hell no. Leroy : Come on. At varsity we're having an end of year bash. It's gonna be fun and I need a date. Me: Aren't there girls on your campus. Leroy : Yes there are but you know I only have eyes for you sweetheart. I sighed Me: Don't you ever give up. I'm sure there I a girl out there that's just dying for you to ask her out. Leroy : Well she's gonna be waiting for a long time coz I'm only interested in you. I placed my hand on my waist . He laughed. Leroy : Lynn you're 17. I'm sure your parents won't mind. They know me already. Me: My parents work hard to Sen me to school. I can't afford to fail because of your foolish behaviour. Leroy : it's on a Friday. I promise ill get you home by 12 Me : No Leroy : 11? Me: No 10. But

I'm only agreeing on one condition. Leroy: What? He smiled at me. His blue eyes were so beautiful but I would NEVER tell him that otherwise I would NEVER have peace. Me: After the bash you don't call me. Or try to see me. Or harass me in anyway. Leroy :Doll-face you're joking. You know what you're asking is impossible. I couldn't survive without seeing you. Are you trying to drive me crazy.. Me: Its either that or I don't go Leroy : Ok at least let me see you once a week and also call you once a week. I promise i won't exceed my limit. I narrowed my eyes Me: Fine. I'll talk to my dad about Friday . Leroy : Ok I'll pick you up at 7. Me: Ok. Now move. I have to get going. Leroy.: Can I drop you off. Me: You're pushing your luck. Go before I change my mind. Friday finally came. I was done with my exams. It didn't take much to convince my parents. In fact they seemed static. My dad always said that one day Leroy would marry me. I was so like irritated everytime he

would say that. My parents always trusted that they brought me up well enough to make the right decisions. At the moment i was the eldest kid in the house. My older brother was now based in Durban. He visit once in a while coz of work. I had two siblings who were still in primary school. I put on what was my best dress and combed my hair.. As i sat with my parents chatting there was a knock. We all stood up as dad went to the door. When he opened it i was mesmerized. I couldn't help it. White tee. Blue jeans. Royal blue suede blazer with sleeves folded up to his elbows. Rolex gold watch. Sneakers that looked like they shouldn't be worn. He was caught up I a conversation with dad. When he smiled i almost forgot to breath. I stared at my dress. No way in hell was i going anywhere with him. I quietly headed for my bedroom. After a minute there was a knock. It was mom Mom :Leroy is waiting for you Me: I can't go Mom : Why Me: I don't fit in to those

kind of places. Mom :hayi Lynn. Is I because Leroy is looking like a million dollars. Me:.....
Mom :But despite knowing we are poor he still chose you and not those rich girls. Me: I hear what you mean mom but still I won't fit in. Voice: Maybe i can help with that. Great. Just what i need. Leroy. In this tiny room of ours. Leroy :Mom can i talk to Lynn please. She nodded and left the room. Leroy : I need you to do me favour . Me : What? Leroy : Just for tonight can you trust me. After minutes of begging me I finally agreed. We left and headed to the mall. After making me try on the whole store we finally found something perfect. And the shoes to go with. When we arrived I was amazing . Lights everywhere. Girl's looking like Beyoncé and guy's dresses in Usher style. But i had to admit, Leroy pulled it off well. Soon his friends had joined us. By 10 I had to literally dragged Leroy to the car

[03/28, 10:41] Mk: Continuation. (Flashback

) I was so passed. As we sat in the car he fumbled with the keys. Laughing everytime he dropped them. I got out ,went to the backseat. From the looks of things we were sleeping here. Finally he managed to start a car. Along the way he suddenly stopped. He put his head against the steering wheel. He got out .I stared at him as he opened the back door and got in next to me. Suddenly he kissed me. The kiss was intoxicating. The thought of my father is what made me break . His hands kept going up and down my body. I struggled with him Me: Lee stop. Snap out of it. It was like he was in a trance. When i felt his hand on my panties I screamed. He kept kissing me as I tried to push him off. I felt his manhood on my entrance. Suddenly sharp excruciating pain. I ached my back in pain. I cried out but we were I the middle on now here. His invasion was pure torture. When he was done he just collapsed on me. I wiggled out of the care crying my lungs

out. I prayed a car would pass by before he woke up. I sat on the road . I could see the blood on my dress. . Finally a car came And at the sight of me they stopped. I was taken to the hospital. Leroy was arrested. My parents we're so saddened. My mum cried everytime she visited me in the hospital. This guy who always professed his love had raped me. He was given 15 in prison. In court he had cried. It was like he couldn't belt what he had done. My father lost his job as he was working for Leroy's father. (End of flashback) I sat in the office why I had agreed to the deal. After everything I went through because of Leroy. I had to be heartless if I wanted to survive the week. I never backed down from a challenge. Leroy It was lunchtime. I walked to her office. I knocked. Silence. I walked in. She was sitting staring out the window. I went round to face her. Her cheeks were stained with tears.. Me:Lynn No response I touched her slightly. She looked at me Lynn :

Get out of my office you rapist. A bullet wouldn't have hurt as much as these words from her. I walked out quietly. I needed to help her heal but how could I when I didn't even remember what happened that night. I grabbed my things and walked out. I had a plane to New York to catch. Maybe she needed this break. Maybe staying together was reminding her of the pain i caused her .I went home packed a bag and went to my private jet.

[03/28, 10:41] Mk: Insert 10 Leroy (Flashback)

Guard: Leroy Johnson, you have a visitor. I stood up from the bench. I knew it was my parents. Since I got here I had come to terms with what I did to Lynn. It wasn't easy accepting it. It was a bitter pill to swallow. The day she gave her testimony kept playing in my head. The emotions she went through. The pain in her eyes when our eyes met. I had actually considered suicide. When i heard that mom had fired her father I knew that life would probably

get worse for them. I needed to find a way to take care of them. Mom: Son how are you doing?. How are you coping?. Me: I'm fine mom. Hi dad. Mom: I miss you son. We all miss you Me: I miss you too. Dad: Son I don't understand how this could have happened. Me : Me too dad. I've been going over everything in my mind but I'm totally blank. But have you seen her. Mom: Seen who?. Me: Lynn Dad: Yes a couple of times Me: How is she?. Mom :Perfect obviously. She isn't behind bars suffering like you. She sounded bitter. Me:. Mom please don't. I love that girl. Dad:Even after everything she put you through? . Me: Yes dad. Silence Dad: Apparently she did very well in her exams. She got distinctions. But it seems the dad doesn't have money to send her to varsity. Mom : The nerve of that man though. He actually tried to borrow money from us. She spat out. I sat up more attentively . Me: So did you help him?. Mom : What the Hell for.?. They deserve everything

that they are going through. She shouted. Me: Mom please can you just talk to me properly and stop shouting. She stood up and walked away. Dad: We turned him down. I ran my hands through my hair. Me: Dad please. You have to help them. Lynn's future is very important to me. Dad: Why Leroy. Me: I love that girl more than I love myself. I don't know what happened that night. But Lynn would never lie to that extent. Please do me this one favour. He sighed and stared at me. Dad: Ok I'll help them. But on one condition. Me: Name it. Dad: This is a loan. If they fail to pay it back by a certain period, I will automatically make that money the bride price for that girl. My eyes Almost popped out Me: What?. Dad: You love that girl? Me: Yes. Dad: And you wanted to marry her eventually? . Me: Yes dad but ... Dad: So it shall be done. Me: No dad. Not like this. She will never forgive me if i do this to her. The situation is complicated enough as it is. Dad ; It's either that or I don't

help them at all. And we both know that im their only hope. I sighed in frustration. I knew my dad well enough to know that he meant ever word. I finally nodded my head in acceptance. Dad: Ok I'll get the lawyer to draw up something on paper. I don't want any problems in the future. When you get out of here, you will go and claim you wife. Are we understood. Me:Yes sir Dad: Don't look so sad. At least you'll be with the woman that you love.. I stood up with a heavy heart. We hugged and i went back inside. The deal became real the day I walked out of prison.

[03/28, 10:41] Mk: Continuation. Lynn Just before I knocked off I decided to check my personal emails. There was one from Leroy. I rolled My eyes and logged out. I grabbed my stuff and headed out. I arrived at the house. Leroy was nowhere to be seen. But I hadn't spotted him at the office either. The maid offered me food. I refused and made a coffee instead. I took my cup and went to my room.

Grabbed my laptop and logged into my email again. I deleted all useless mail. I lingered on Leroy's mail. I reluctantly opened it. As my eyes moved from word to word my heart beat fast. I sat up. We: What? . Lynn My sweet dollface. From the first time I laid my eyes on you, it was love at first sight. It seems you do not understand me when i tell you face to face. Despite your hate for me, I still love you. Though I am blank on what happened that night , I accept all your hostility towards me. Now i place my ego aside and ask you to please forgive me. I would rather you stabbed me in the heart than you look at me the way that you looked at me. All I am asking is that please tell me what happened that night. 15years in prison , I searched my mind but I'm still blank. I won't be around for the next two days. When i get back, if you want to leave I will not stop you. You know how much I love you so you also know how much letting you go will break me.

But i refuse to keep torturing you any longer. See you soon my doll-face. I love you Leroy I remembered my words to him earlier. The look in his eyes. I've stood up and rushed to his room. Empty. I tried his local number. Voicemail. I didn't even know how to contact him. A tear rolled down My face. I closed my laptop and got into the blankets. I found my set crying for him. His words were engraved with pain. I barely Slept. The next two days were lonely. I kept hoping that he would walk through the door with that million dollar smile of his. I buried myself in work to keep me distracted. His absence was really felt or was it me who was now used to having his nagging ass around. I knocked off late. Around 9. I arrived home around 9. I dragged myself to the kitchen and sat on one of the counter chairs. I buried my face in my hands and cried silently. I didn't want to be in this house without him. I heard the kettle being turned on. I hid my face. I didn't

want the maid to see me like this. She moved around quietly. After a few minutes a cup was placed in front of me. I slowly removed my hands from my face. There in front of me stood My white milk chocolate tormentor. I rubbed my eyes as if I was hallucinating. Leroy: Lynn. Gooooosh that deep sexy voice. Feel free to nag me all you want. I've missed that voice. And the way he says my name. Me: Leroy. Leroy.: Can I ask where you're coming from so late. Me : Work. He nodded his head and pushed the cup closer to me. I took it still staring at him. Leroy : Good night. He walked away. I blinked a couple of times, grabbed my stuff and also went to my room.

[03/28, 10:41] Mk: Bonus Lynn I tossed and turned for hours. I got up in frustration. It was 03:13. I was too restless. I needed something to drink. I marched downstairs. Leroy : Can't sleep too ?. His voice echoed through the darkness. I almost jumped out of my skin. Next seconds

the lights went on. He was in his pyjama bottom only. I looked away. Me: What are you looking for in the dark. You scared me. Leroy : Thinking. What are you doing up at this hour. Me : I'm a bit restless. He ran his hands through his hair as we stop face to face not sure what to say next. Leroy : Lynn i need you to help me understand something. Me: What. Leroy : What happened that night?. I frowned. Me: Are you seriously asking me that?. Leroy : I know it might sound heartless. But I'm trying to understand how I could hurt the love of my life. Me: I don't know Leroy. Please don't make me tell you. He grabbed my arm in desperation as I turned to walk away. Something about his touch pulled at me. I sighed. Me: Fine but not down here. I'm a bit nippy. We went to to room and we sat on the bed as I told him everything. Leroy She began slowly telling me what happened. By the time she was done she was in tears. I felt like i could go get a knife and

personally stab myself. Me : What about the drugs they found in my blood. I don't remember taking drugs. Lynn : I didn't see you take drugs. We sat together the whole time. Your friends kept getting you drinks. I sighed. Me: Its ok. I promise I'll never make you re-live that night. I'm sorry for what i put you through. I can't force you to love me so if you want to leave its fine. She looked down and began fumbling with her fingers. I got up, kissed her forehead and went to my room. I got up early the next day. I was at work by 7. I didn't want to be around if she decided to leave. When i got to work i buried myself in work. The day went by painfully. I shut myself in my office till it was time to knock off. As usual i was the last to leave. I walked past her office. Empty. I dreaded going ohm to a Lynnless house. I decided to go Dr in my sorrows away. I sat in the club downloading one drink after another. Girls kept flaunting their assets at me. So not interested. All I could think

of was Lynn. Woman: Hi big boy. I stared at her. Tiny dress that almost revealed her butt chick. Long Brazilian hair. Her dress pressed her boobs into a sexy cleavage. In another lifetime where Lynn didn't exist i would have ravaged this chick right here in this club. But nope, Lynn very much existed in my life. I stood up and walked past her. Woman : Don't play hard to get darling. Me: I'm sorry but I married. I've got a wife waiting for me at home. It actually felt good to say that. Ironic part was most probably my 'wife' already left me. I decided to be a home. I got home around 8. I walked into the sitting room and dumped myself on the couch. I could feel a lump in my throat. I closed my eyes . A hand touched my chest. I opened my eyes to see Lynn kneeling beside the couch with her hand on my chest. We stared at each other and we had a moment. Me: Can you hear it Lynn. My heart beats for you. I was scared you'd left. Lynn: No I'm still here. I sat up and she joined

me. Lynn : I will stay till the end of the week as per our deal. But i have a question of my own. Leroy how did I end up being your wife. You were in prison so you couldn't have made the final decision. Me: Doll-face lets not talk about it. Lynn : No we will talk about it now. I stood up and went to my room. Damn she was still following me. Me: Lynn go to your room. We'll talk about it another day.

[03/28, 13:53] Mk: Insert 11 Leroy Lynn :No Leroy. You asked me to tell you what happened despite how hard it was for me. Now you must also face you your demons too. Me: Go to bed Lynn. It doesn't matter how it happened Lynn : It matters to me. I stared into her eyes. She was breathing fast. Me : Please don't make me tell you. I can't. She went to the door and stubbornly closed it before marching back to me. Lynn : I'm not leaving until you tell me what I want to know. You at least owe me that much. I grabbed her arm and dragged her to the door. Me: Get out

Lynn She broke free and slapped Me hard. We both froze and stared at each other. Suddenly i couldn't resist the urge anymore. I pushed her against the door and kissed her. She tried to push me away with little effort. Soon she melted in my arms. She coiled her hands around my neck. A moan escaped her lips. I lifted her up and lay her on the bed. I removed her nightie. She removed my pjs. Somehow both our undies flew off. The heat between us was irresistible . I kissed her neck and left a mark. I went down to her breasts. She was almost out of breathe. My hands pulled her legs apart. I got between them and licked her senseless. She arched her back and cried out my name as she had an orgasm. I moved to kiss her as i entered her slowly. She was really small. She flinched and moved up. I pushed deeper. She cried out Lynn: Aaah Lee. Me: Should i stop. She opened her eyes and looked in to my eyes. Lynn : No She whispered. Me: But

am I not hurting you. Lynn : A bit. There has never been anyone else. I swallowed hard and began moving in her. Soon she relaxed and began moaning seductively. I slowly lost control. But I didn't want to be stingy. I gave her all of me. I had her crying out my name over and over as i took her from one cloud of ecstasy to the other. Lynn : Leroy I love you. She tossed her head from side to side. She looked like she would pull her hair out. Me : I love you too. As i kissed her again. I went in for the Grande finale. It was mind blowing. We finally collapsed in each others arms. She fit into my arms perfectly as we cuddled. There was a satisfied silence as we listened to each others heart beats. Soon we drifted off to beautiful dreamland

[03/28, 13:53] Mk: Continuation. Lynn I woke up early the next day. I was so exhausted and my thighs hurt . I felt his strong arms around me. Shiiiiit what have I done. Now he would

never leave me alone.. I slowly slid out of his arms and snuck back to my room to take a bath. Just as I walked out the bathroom I found him sitting on my bed. I froze. His ocean blue eyes stared at me . I slowly backed away into the bathroom and shut the door. Me: Dammit Lynn. What have you done. How will I face him now. If the sex had been awful it would have made things easier but noooooooooo he just had to be a sex expert. Just the thought of last night was enough to get me wet. I desperately put my thighs together. The door suddenly opened. There stood my guilty pleasure. I bit my lower lip and stared at him nervously. He walked towards me. Me: Stop Leroy. He stopped in front of me. His silence was unnerving. Leroy : Are you ok?. Me: Um....yes. Listen Leroy about last night ... He raised an eyebrow. Leroy : What about last night. Me: It should never have happened. Leroy : But it did. His voice was deep and intimidating. Me:But it can't happen again.

Leroy : Are you sure that's what you want?. I tore my eyes away and nodded. Tears threatened to flow. Leroy: Not very convincing. Me: Well it's the truth. Leroy : Ok He walked out and left me very confused. I got dressed and headed out to work. I avoided him by all means. I was the first to knockoff. Everyone was surprised coz I'm usually the last. I got home and told the maid I would eat in my room. Friday came and I was still in hiding. I avoided Leroy like the plague. A few minutes before knockoff time Angie: The Boss would like to see you. I nodded and checked the time. 5 minutes left. I quickly packed my stuff and headed out. Me: Angie please tell the boss i have an emergency. I'll see him Monday. Angie stared at me in shock. I quickly walked out before she could say anything. I got home and did the hiding- in- room thing. There was a knock. It must be the maid bringing supper. I froze when Leroy walked in with tray in hand. He closed the

door and placed the tray down.. Leroy : Why are you avoiding me?. Me: Um...I'm not. Leroy : Don't lie to me . What is it. Me: Nothing. Leroy : Out with it. He demanded. Me: Fine. I don't know how to face you after what happened between us. Leroy : We love each other so you shouldn't be embarrassed. Me: But that's the problem. I'm supposed to be hating you.. I have many questions and no answers. Leroy : Questions like what. Me : How did I become your wife Leroy. It's driving me crazy. Leroy : Fine I'll tell you. He took a sit. He told me everything with great difficulty. When he was done we sat in silence for a while. Me: So this is like an arranged marriage. Leroy : I guess you could call it that. My dad knew how in love I was with you so I guess he thought he was doing me favour. Me: But why didn't you refuse the deal if you were so against it. Leroy :If I had refused you wouldn't have gone to varsity. I wanted you to make it in life. Great. Now I felt

like shit. Obviously the marriage wasn't even his idea. Somebody hand me my size 5 shoe so i can kick myself. Me: Ok. I've heard everything you said. I think I'll go to bed now. Leroy : Can I join you. Me: I don't think it's a good idea. Sunday we go back to our old lives. Leroy : But it doesn't have to be that way. Me: Let's just stick to the deal. He stared at me then walked out. Saturday went by so fast. The mysterious text just kept coming. Sunday morning I woke up feeling lower than low. My enthusiasm wasn't on a zero but on a serious minus. Text* The heart wants what it wants. The biggest mistake a person can make is deny the heart what it desires. The text had a point. It pulled at my heart. It made me feel worse. I took a bath then packed all my stuff. I had on a long grey bandage dress and slippers. I needed to go get my hair done. Maid: Good morning. Sir said to tell you to come by the pool . I stood by the pool looking for a sign of Leroy. Just as i turned to

leave he sprung out from the pool right at my feet and pulled me into the pool.

[03/28, 13:54] Mk: Inset 12 Lynn Me : Aaaagh Leroy my hair. I said as i emerged from the water.. He scooped me into his arms and kissed me senseless. When we finally broke apart we were both breathless. His hands moved from my face down to my waist. He squeezed my butt and pulled Me closer so I could feel his boner. Me: Leroy I... Leroy : Shsh Lynn. Let me enjoy these last moments with you please . Me : I have to go do my hair. He smiled. Leroy : Can I come. Me: Ok. We got out of the pool. I had to go take another bath. I put on a stonewash blue skinny jean, a white vest that I tucked in. A gold crochet top. White vans takkies . I glossed my lips and walked out. Lord have mercy, there stood a demigod. Blue jeans, white vans t shirt and white Jordan's. And shades to finish off the look. He looked at me and smiled. Gosh I think I just got wet. Lead me

not into temptation please. Leroy I drove to the mall and waited on her as she did her hair. The next moment I looked up, girl looked like she had walked out of a Tyra Banks show. I got up and hugged her as i whispered in her ear. Me: If you continue looking this good I might have a hard time keeping my hands to myself. She giggled and we walked out. Somehow we ended up walking hand in hand. We went for a movie after lunch. A horror one. As we sat on the double sitter with Lynn leaning her head against my shoulder, we became very aware of each other. We kissed lightly. I slid my hand under her gold net top and squeezed her boob. She moaned. That sound instantly made me horny. I pulled away Me: We need to stop. We're in a movie house. She nodded and we went back to watching the movie. After the movie we headed back home. That's when reality struck. Lynn : I must get going. Tomorrow is work. Even as she said it, I could tell that she was not eager to

leave. But for some reason she refused to stay. I drove her to her place. Lynn : Thanx for the lift
Me: Thanx for the week. We smiled at each other. I kissed her forehead and got into the car. As she entered her house, I drove away with a heavy heart. Sleep totally walked out the door when Lynn left. I couldn't get a wink of sleep the whole night. I dialed her number. She answered on the first ring. Lynn : Hi Me: Hi . Were you not asleep. Lynn : No. Why aren't you asleep at this hour. Me : I was thinking about you. Lynn : Leroy stop .We are back to our old lives. Me: But we are not the same people we were when we started the week. And you know it. Lynn :Leroy please stop. Me : How can i. You are my wife godammit. Lynn : No I am not. That was just a stupid deal made during a time of desperation. Me :Why didn't you stay. I know you love me. You didn't just say it coz I was between your thighs. I was getting frustrated. Lynn : Ok i think you need to calm down. Me: No Lynn. I'm

restless and frustrated all because of you. Why can't you admit that what happened between us was amazing. Lynn : Listen Leroy. What happened was not supposed to happen. Let's just forget it. Me: I love you Lynn. And Im never gonna ' just ' forget it. Lynn : Eish I think I have to go. Good night. She cut the call. I threw my phone across the floor. To hell with this. Im getting some sleep. Wishful thinking. Brenda. My name is Brenda Moloji. I'm the new P.A for the big boss of L.J finance. Apparently his P.A has gone on a long annual leave. So here i am. I walked into his office. Me : Good morning sir. Leroy : Good morning. What's my day like. I gave him a line up of all his appointments. He seemed grumpy and distracted. Despite all that he was so damn hot. He dismissed me. I worked through the day wondering about him. At lunch I decided to go socialize with the receptionist on the lower floor. We decided to go for lunch at Spur. When we got back to work

there was a lady standing at the reception. Lynn : Angie where is that red file I gave you in the morning. I need it. Angie got it for her and the lady walked back into her office. Me: Who's that. Angie; That's the HR. Me: Tjo she's beautiful. Though in my mind i was like, I could so like dress much sexier than that. Angie :Yes she is. The Boss is crazy about her. I think if she decided to date someone else, the boss would snap. He is really in love with her. Anyway let me get back to work. I walked away with a frown on my face. I was so gonna bag that guy.

[03/28, 13:54] Mk: Insert 13 Brenda. A week went by and the two love birds we not on talking terms. I decided to be the best PA. Nice hot cup of coffee when he arrived in the morning. Neatly arranged desk when he arrived. Giving him what he needed before he even asked for it. And most of all, looking sexy whilst doing all this. Eventually I started getting comments like 'good job' or 'thanks for the coffee'. Yep I was slowly

worming my way into his good books. Leroy I walked past Lynn's office. She was busy on her computer. Lately she had been avoiding me. I knocked. Lynn : Come in I walked in. She froze. Me: Hi Lynn : Hi Me: Aren't you going for lunch. Lynn : I was about to leave. Me: Good. I'll join you. Lynn : No I'm fine on my own. Me: That's what you say but I will still join you. Lynn : Leroy I'm not in the mood to argue with you. Me: Good. So get your phone and purse. Let's go. Lynn : Why are you so bossy. Me: How can you ask me that question. I'm your boss after all. She realised I wasn't gonna barge so she grabbed her stuff and we left. I walked behind her as we left the building. I shoved my hands in my pocket. Her body movements were turning Me on . The way she stubbornly swayed her hips was Aargh. I drew in a breathe and loosened my tie. I drove us to an Italian restaurant in Sandton. After ordering our meal and drinks I sat back and just watched her.. At first she met my gaze

with every ounce of her stubbornness.
Eventually she seemed uneasy and looked away.
Me: You don't have to feel intimidated. Lynn :
I'm not I chuckled. Me: Then look at me. Lynn;
Leroy just drop it Me: Why?. Do i make you
uncomfortable. She bit her lower lip. Me: You
are fighting a losing battle Lynn. Lynn : I said
drop it Leroy. Me: Nope. I know you want me as
much as i want you. I want you under me
screaming my name in tongues She turned all
shades of red. Lynn : Leroy stop. Me: Let's get
out of here. Lynn : I haven't eaten yet. I called
the waiter. Asked for the bill and the food to be
put in takeaways. After the package was
brought i grabbed Lynn's hand. Lynn :Wait.
Where are we going. Me: Don't fight me Lynn.
When we reached the car I put the plastics on
top of the car, pressed Lynn against the car and
kissed the hell out of her. I squeezed her butt.
She let out a moan. I pulled away. Me: Doll-face
Lynn : Mmm Me: Get into the car. She did so

obediently. I drove to my place. When we got there i got out of the car, went round. Got her out of the car. Led her up stairs. Behind a closed door the language of love was spoken. Lynn I couldn't breath.His kiss drew my very breathe. My clothes fell to the floor. I stared at him as he removed his own. I closed my eyes as he lay me on the bed. He showered Me with kisses. My neck, my lips, my breasts. His hands touching and feeling every inch of my body. He sucked on my breasts. I held my breathe. I felt a lava of emotions flow through my body. My mind shouted stop. But no, I couldn't. I needed more. There was an itch that only he could scratch. And he seemed to know it too. His hands parted my thighs and his tongue did wonders. I cried out as i floated to a place of unlimited pleasure. A mind blowing tingling feeling gripped me and i heard Leroy's name roll off my tongue like honey. I couldn't shut myself up even if i tried. Oh my gosh. I think I died and

went to heaven. Next thing his lips were on mine. Leroy : I love you Doll-face. Me: I love you too Leroy. Ah gosh please Leroy. Leroy : Please what. I opened my eyes. Me: Please babe. Leroy : Say it. His voice was so freaking sexy. This man was tormenting me. He looked deep into my eyes. I was never gonna be the same again. He cast his spell and he cast it well. Me: Please make love to me. He smiled and kissed Me. He brought up my knees and I felt him penetrate me. I think I stopped breathing. This was just too good. Every inch of his equipment as it entered Me was mind-blowingly delicious Leroy : Breath Lynn. He smiled as he kissed my neck. He started drilling Me. I held on tight. The faster he went, the deeper he drove in. And the crazier i got. Gosh that itch. That delicious itch was getting a good scratching. I opened wider. He groaned. My one leg was now balanced on his shoulder. After my soul jumped out of my body and back in again he pulled out. He got me on

my knees. Leroy : I'm a starved man Lynn. And i intend to get fed till I'm satisfied. He held my waist and shoulder and plunged in. He pounded me so hard I thought he was gonna fit his balls in there. The songs of joy sounded through out the whole room . With his deep groans and my soprano to back the clapping sounds. We went on for a while before we finally collapsed on the bed gasping for air. After a few mintes we took a quick bath and headed back to work.

[03/28, 13:55] Mk: Insert 14 Lynn We drove back to the office holding hands. When we walked through the door Leroy was all whistles. I threw him a glance. Was I hearing wrong or was he whistling Tap Out by Nicky Minaj. Dear earth please open up and swallow me now. People who knew the song started giggling. Dude didn't seem to care. He was in his own world. If I thought that was embarrassing, I hadn't seen anything yet. So we got into the

elevator. Me, Leroy, Accounts manager and a cleaner. Suddenly Leroy bursts into song. I literally froze. My eyes wide open in embarrassment. Leroy : (singing) She got that million dollar She got the million dollar hm ..hm ..hm She make you wanna tap out .. tap out He was even nodding his head to the song. He wasn't even aware of people looks. The cleaner giggled. The accounts manager cleared his throat. I bowed my head. I think by then my face was as red as a tomato. I prayed that's all it would be. Otherwise next he'll be spinning on his heels like Michael Jackson and doing the whole flip your jacket thing. When the elevator stopped on my floor I bolted out.. Only then did my breathing get back to normal. I walked into my office and wiped my forehead. Someone turned me around. Leroy. Leroy : You left without saying goodbye. He lifted my chin and kissed me then walked out. Angie walked in smiling. Angie : Lunch must have been really

good hey. I mean boss is all whistles and smiles. I pretended to focus on my computer
Angie : And I guess the kiss was the cherry on top. I shot her a look. She had a naughty smile on her face. Me: Shsh Angie. Not a word . Ok.
Angie : I guess you finally said yes. Me: Get back to work Angie She went out laughing

[03/28, 13:55] Mk: Continuation. Leroy
What an amazing lunch it had been. I sat at my desk. I sighed in satisfaction. Definitely mind blowing. No food could compare. To hell with food . I just got me some Lynn lunch. There was a knock. Me: Enter The new P.A. walked in. I frowned. Me : Can I help you. Brenda :Well sir I'm going for lunch so i was wondering if there is anything that i can do for you before I leave .
Me: Nothing. I'm good. Thanx. Brenda : Ok As she turned to leave she dropped her pen. With her ass towards me she slowly bent down to pick it up then got up so seductively. I raised an eyebrow a good inch. Me : What's your name.

Brenda : It's Brenda sir. I stood up and approached her Me :Brenda was that the part where I was supposed to get turned on?. She looked down. Brenda : What do you mean sir. Me: Are there no proper sizes for you in the stores. For a second I thought your skirt was gonna burst. She looked so embarrassed. Me: Look at me when I'm talking to you dammit . I shouted. She lifted her eyes. Me: If you value your job, you will dress accordingly. I have a wife and trust me you are no where close to having an effect on me the way that she does. I do not entertain whores Miss Brenda. Am I understood. Brenda : Yes sir. Me: Now go for lunch and close the door on your way out. You're lucky I'm in a good mood. Otherwise I would have fired you faster than you can spell your name. She quickly walked out. At knockoff time I went by Lynn's office. Me: Let's go doll face. Lynn : Will you drop Me off home. Me: No Lynn : So go. I will catch a cab. Me: It's a

weekend. Spend some time with hubby. You'll go back on Sunday. She looked hesitant. Me: Come on. I actually had to Ned before she finally agreed. We drove to her place. Got her sleepover bag and headed to my place. The weekend was awesome. We got to know each other in a deeper manner. Don't even get me started on the sex. It was too mind blowing. We were having sex like rabbits. Eventually somethings gotta give

[03/28, 13:56] Mk: Insert 15 (Two months later) Lynn I woke up with a splitting headache. I was getting dizzy every now and then . I was literally dragging myself around the office. Leroy had travelled abroad two weeks back. His family was now based there. I looked at the clock. Aargh it was only around 3. Still had another two hours before I knocked off. Finally it was time to go. As i walked out, I spotted a red Porsche car parked outside. The door opened and out stepped Mrs Johnson, my mother in-

law. I smiled and walked over to her. She was looking bujie. Heck she even smelt expensive. She removed her shades and stared at me. Me: Mrs Johnson? .Hi She snarled at me. I frowned. What the heck was that for Mrs J: Lynn is it?. I didn't come her for a friendly chit chat. I came here to tell you to stay away from my son. I looked at her totally dumbfounded. Me: But Mrs J. Mrs J : Don't call my name with that filthy mouth of yours. Was it not you who screamed rape and and got my son sent to prison. What is it that you want from him now. Suddenly his dick tastes great because it's got millions written all over it?. I'm warning you. Stay away from my son you filthy golddigger. Me: With all due respect, Leroy and I are fine. We don't need people interfering. We sorted out our issues and we have moved on from the past. Mrs J : So I'm interfering? . It's you that's interfering. Leroy is to marry a beautiful smart woman who will cherish him all his life. Not a wench like you. His

wedding ceremony is this weekend. Stay away from my son. She got into the car and drove off leaving me feeling like I was about to die. I shook my head in disbelief. What fuckery was this now. I grabbed a cab and the second I got home I grabbed my laptop to Skype him. Leroy : Hey doll-face. My heart skipped a beat. He had that effect on me. Me: Leroy is it true. I sobbed Leroy : Lynn what's going on. Why are you crying. By now he already looked like he would jump into the laptop to come see what was wrong. Me: I know everything Leroy. Your mother told me everything. Leroy : What 'everything' are you talking about. Me: That you're getting married this weekend. She told Me stay away from you. Leroy : What! . Shit. He shouted as he banged his fist near the laptop. Me : So is it true. Leroy : No doll-face. You know I love only you. I told them about us being together. My mom wasn't happy. She is trying to hook me up with her friend's daughter. I felt

scared. Me: So are you gonna marry her. Leroy : No. I already have a wife. That's you Lynn. My mom is really getting on my last nerve. I'll talk to her. I nodded Leroy : Calm down love. I'm really sorry about all this. Me:I miss you Lee. He smiled and my bones melted. Leroy : I'll be flying back tomorrow. I miss you too.I can't wait to show you how much. I blushed. Me: I'm about to take a bath and go to bed. Chat tomorrow? . Leroy : No I'll Skype you before you go to bed We said our 'love yous' and cut. As per his promise he Skype me an hour later. We spoke for hours giggling and teasing each other. Leroy : Doll-face come on. Help your baby-boo. I'm dying here. Take off that cute thing you got on. I giggled. Me: No babz. It's hot. I can't wear those granny pjs. Leroy : Fine get a towel and cover up. How am i supposed to sleep when you're doing this to me. Now I seriously need a cold shower. He laughed. There was knock. Me: Love i better go. There's someone at the door. I

love you and enjoy the shower . I closed my laptop as i jumped off the bed. Another knock. I quickly walked to the door. I grabbed a gown. The knocker was so persistent. Mrs Johnson. She walked in un-invited. Only then did I notice the two nasty goons behind her. My heart started beating fast.

[03/28, 13:58] Mk: Continuation. Lynn Mrs J: So you got my son to turn against me. I am his mother and he threatens to disown me because of you?. He doesn't realise it now but I'm saving him from disaster. Me: Mrs Johnson I don't understand. How can you want to marry your son off when we are married. Mrs J : This sham of an arrangement made by my husband is what you are calling marriage. Fine the documents my husband drew up hold weight. But I will never accept you as my daughter in law. Boys teach th his gold digger a serious lesson. When you're done go dump her in the river. She walked out and shut the door. The

guys looked at me and licked their lips.. I started crying. There was silence. Then I heard my phone ringing in the bedroom. I bolted off to the bedroom. They follow me. I grabbed my phone. It was Leroy. But before I could answer the call, one of the guys hit it and it fell. Next instant I was showered by punches. I scampered away to the bathroom and locked myself in. I opened the small bathroom window and wormed out just as they broke down the door.. I fell to the ground. I quickly got up and shoved myself deep into the hedge in the shadows. . I could feel the brunches and thorns cutting Me but I couldn't risk being seen. Running to the gate was not an option. The house entrance was that side. They would definitely catch me I heard the foots steps on the grass approaching . I slowed my breathing. Man1: Do you think she's still here. Man 2 :I doubt it. Maybe she jumped the hedge and went next door . Man1:Which means she might be

calling the police as we speak. Man2: Yah lets bounce. They did one last round in the house and yard. I remained packed tighter than a sardine in the hedge. When i saw their car leave, I waited 5minutes before coming out. I could feel my face swelling up. I jumped the hedge and went next door. I knocked whilst looking around. Mrs Khumalo: Lynn She was so shocked. Mrs Khumalo : What happened to you. Me: There are thieves in my house. Can I please borrow your phone. Mrs Khumalo : Shame you poor thing. She handed me her phone as she sat me down. I called Angie. Her and her husband came skidding 15minutes later Angie: Friend what the hell happened to you. Who did this to me Me: I don't want to talk about it. Angie : But you are literally dressed in shreds. You face its.. Me:Angie please! . Can you guys please escort me inside. I need to grab some stuff. I can't sleep here. Angie's husband led the way as we slowly entered the house. I quickly

changed into a tracksuit and grabbed my phone , laptop and my clothes. They drove me to a hotel. Me: Please don't tell anyone I'm here. Angie : Come on girl. Tell me what's going on. Me: Thanks for everything. I'll see you at the office on Monday. I checked in. When i walked into my room I finally began to breath properly. I had four missed calls from Leroy. I switched off my phone and got into the blankets.

[03/28, 13:58] Mk: Insert 16 Leroy. I arrived at OR tambo around 10. I had been trying Lynn's number with no luck. I called her friend Angie: Hi sir. Me: Hi Angie. Where is Lynn. I can't seem to get through to her. Angie: Um sir i don't know. Let me try her. Me : Ok. My driver was already waiting for me. I went straight to her place. It was locked. I peeped through the Windows. I could make out a mess in the house. I frowned. What was going on here. Woman: Hey. Who are you. I looks around. I couldn't see who was talking. I looked at the gate. No- one . Woman :

I'm here by the hedge. I finally zoomed in on her.
Me: Hi I'm looking for Lynn. Woman :Come closer I walked over to the hedge. Me: Hi ma'am I'm looking for Lynn. Woman : Who are you. Me: I'm her husband. She frowned. Woman : I don't know where she is. Last night she jumped over the hedge in a torn nightie and asked to use my phone. I started having a bad feeling Me : What time was it Woman : Around 8 That was the time I had tried to call her. Me:Did she tell you what was going on. Woman :She said that there were thieves by her house. But she didn't call the police. She called a friend of hers to come pick her up. Me: Do you know who she called. Woman: No but i guess the number is still in my phone. She grabbed her phone and went through it for a while. She showed me the number. Angie. I thanked her and walked away. I was fuming. What games were these women playing. I drove to Angies place I parked outside and called her Angie : Sir Me: Come out. I'm by

your gate. A minute later she walked towards the car and got in. Angie : Welcome back sir. Me : Thanks. Any luck getting through to Lynn. Angie : No sir . Just voicemail. Me: Where do you think she is coz I'm from her place. She's not there. Angie : I don't know hey I locked the doors Me: Driver let's go. She looked startled. Angie : Where are we going sir. Me: Where ever you took her last night. Angie : Sir I don't know. Me : Angie don't you ever lie to me again when it concerns Lynn. I want the truth Every bit of it. She shrunk into the seat. People knew i had my moments of being ruthless. Me: Talk im listening She immediately started spilling the beans. But what still buffled me was why was she in a shredded nightie and why didn't she want anyone to know. The driver dropped me off at the hotel and took Angie back. I got Lynn's to number and keys without much hassle. Lynn I felt sick to my stomach . I had already taken a bath. I had on a cream chiffon. I

slumped on the couch and attempted to watch a movie. My eyes drifted to the phone that was on the table.. How could i face him to tell him that his mother almost got me killed. Leroy : Maybe if you switch it on. A call will actually come through. I didn't want to see what expression he had on his face. I sat up not looking at him. My heart beat fast. He walked over and stood in front of me. Leroy :Look at me doll-face. I lifted my gaze. He looked frustrated. Me: Leroy. I whispered. It was too late. He had already noticed the bruise on my face. Leroy :What the Hell is going on. Me: Nothing. He sighed in anger. Leroy : So 'nothing'made you switch off your phone . 'Nothing'made you go to your neighbors place literally in shreds. 'Nothing' made you go into hiding. How about you tell me something Lynn. He roared. I stood up. Me: Leroy I'm not in the mood He raised an eyebrow. He grabbed my phone and switched it on. Immediately

notifications came through. Me : Leroy I think you should go rest. I'm ok as you can see Leroy :No I would rather be here. Me: I think it's better you go. Leroy : Why are you throwing me out. Me:I'm not. It's jus.... Leroy : Good. Can i take a bath please. Me: Ok. I might as well give in. It was useless to try and challenge Leroy . A few minutes later there was a knock. It was the driver with Leroy's bag. Ok so that means he's not leaving today I placed the bag by the bed. Just as i was about to walk out, the bathroom door opened. Holy Shit those biceps. Yummy. I immediately felt horny. I swallowed some extra spit . I looked away. Leroy : Lynn. Me:Yes Lee. without looking at him. Leroy :Don't be in a hurry to leave.Hubby misses you . Me : I miss you too but you must rest. I suddenly felt his hands on my waist turning me to face him Leroy : No doll-face. Come let me show just how much I missed you. He led me to the bed and lay me down. He kissed me senseless. The foreplay

left me speechless . I came three times before he had even entered me. When he finally rewarded me with Junior I shuddered with pleasure. He did things to me that would make the devil blush. Porn stars had nothing on my man. We went on for hours. He took me over and over again. Finally we came at the same time. We had something to eat afterwards. The food smell made my tummy turn. I jumped off the bed regardless of my nudity and ran to the bathroom. I threw up, brushed my teeth and went back to the bedroom. Leroy : Are you pregnant? I froze and blinked like a fool. Damn I was late. Almost two weeks later. I turned away from him Me: No I'm not. Leroy.:How can you be sure when we've never used protection . Again blink blink. Me : I'm sure. . I can't get pregnant. It cant happen. Leroy : Why His tone had warnings in it. Me :Because you mom.....I mean the arranged marriage. Leroy : Stop talking nonsense. Come lets rest a bit. We got

under the covers. I snuggled close to him and breathed him in.

[03/28, 13:59] Mk: Insert17 Leroy I went to my place on Sunday. My mind was on overdrive. Yes Lynn told me that stupid story about the thieves but I wasn't buying. If they wanted to steal from her how come she still had all her stuff with her. Bill Shit is what she cooked up. Doll-face lied and now I wanted to know why. I don't eat bull and I can smell it a mile away.. As i sat by the pool side I grabbed my phone. Called my favourite pet, Bullseye. Set him to work in this Lynn story. Monday came. She wasn't at work. I tried her number. Voicemail. This woman was TESTING me. I called Bullseye. Bullseye :Sir she just checked out of the hotel. I'm tailing her as we speak. Me : Ok. Let me know immediately if you get anything new. I cut the call. I paced around the office I couldn't work. I was to freakin frustrated. Me: Angie. Get to my office now. She walked in a few minutes

later. Angie: Yes Sir. Me: Where is she. Angie: Who sir Me: Lynn. Angie : I don't understand. She's at the hotel where we dropped you off the other day. Me: She checked out. Her phone is off. What really happened that night. Angie : Honestly sir. I don't know. All I know is what I told you. Me: Ok you may go. I ran my hands through my hair. My phone rang. Bullseye. Apparently Lynn dearest had checked into another hotel. He sent me the hotel name and room number. I wasn't gonna go there today. Let her get settled coz tomorrow when I visit her she would definitely be unsettled. The next day I arrived at work. I walked past her office. Still no sign of her. I tried her phone the rest of the day. Still 'Welcome to voicemail blah blah.'. On the other hand, mom was blowing My phone about me not pitching up for my own wedding. Finally I had snapped Me: Mom if you love Amber so much why don't you just marry her yourself. I cut the call before she could reply. I

grabbed my phone and keys.. An hour later I arrived at the hotel. Got a key from the manager and got into the elevator. Lynn I put my laptop down. I had spent the whole day sends out my cv. I had to get a job soon. I ordered food then went to take a bath. The bath was so soothing but my mind was really restless . I missed Leroy. I leaned back and closed my eyes. Gosh I missed his kiss. His smile. And the stubborn way he raised his eyebrow you said something outrageous. I sighed and whispered to myself. Me: I made the right decision Leroy : Is that so?. I freaked out. I jumped up with my body covered in bubbles. Me: Leroy. He was leaning against the door frame with his hands in his pocket looking all kinds of sexy. He stared at me and raised an eyebrow. Oh Damn that look. I was in deep Shit. He looked really furious. I realised I was still naked and quickly grabbed a towel and wrapped myself. I stepped out of the tub. He didn't break eye contact. How on earth did he

find me. I didn't tell anyone. Not even Angie. Me: Um.....Leroy I I was gonna. .. Words were failing me. I had no lie to tell. He totally caught me off guard. He stood up more upright and approached me. Leroy : You what?. Me: Leroy. I whispered. I was now cornered. He stood a mere inch from me. His cologne declaring manliness. I was overtaken by his very presence. When he raised his hand and touched my chin I felt like my heart would jump out of my chest. I'm a woman of great confidence but this man had a way of intimidating me without a single word. In the lowest deepest sexiest voice he said Leroy : You will tell me everything that happened on Friday or you will not recognize the man standing in front of you. I swallowed hard. I looked to the ground. His Han lifted my chin so that I could look into his eyes. Me: Leroy there is no.... Leroy: Before you start talking, I will advice you to give me the truth and nothing else. I don't tolerate liars. He leaned closer.

Leroy : Talk I'm listening.

[03/28, 14:00] Mk: Continuation. Lynn Me: Can't I get dressed first. He frowned. Ooohk. I guess that was a no. Me : Leroy I know you might be mad right now but I promise I was doing what I thought was best. I reminded his about his mom telling me to stay away from him. Then I got to the juicy part. The attempted murder. I was spilling ALL the beans. I might as well otherwise he would eat me alive. By the time I was finished the look in his eyes ,his facial expression all spelt murder.. I was literally shrinking into the corner. Me: Lee I'm sorry i didnt tell you. I didn't know how you would take it. Leroy : So you don't trust me. Me: I do Leroy :No you don't. If you did, you would have told me all this instead of living like a fugitive. His tone sent shivers down my spine. Me: Lee I was avoiding more drama. I'm living like a fugitive because of your Damn mother. I was getting passed. Can't he see I was protecting his

feelings and my life. Leroy : Don't you dare raise your voice at me coz I can do worse. Me: Don't threaten Me. Go get married to your perfect bride. Isn't that what your mother is trying to kill me for. My life was fine till you came along. His lips twitched. Leroy :Say that to me one more time. He growled. Me : I said go marry your Miss Perfect and stop endangering my life. He stood up right, fixed his suit jacket and walked out. Damn I think I had gone too far. Tears ran down my cheeks. I had literally given him the right to be with another woman. I walked to the bedroom and lotioned myself. I guess our love story was over. One by one the tears started running down my face. I dumped myself on the bed and cried myself a river.

[03/28, 14:01] Mk: Insert 18 (3months later)
Lynn I walked to the bus stop. I got there eventually but it was getting harder and harder by the day. I was totally exhausted. Woman:
Finally you made it Me: Argh Maggie you can

see in carrying extra baggage. We both laughed. I was now working at an auditing company. I was the assistant to the HR. It was better than not working. I had eventually found out that I was 2months pregnant. And I had to find out a week after I had kicked him out of my life. I was now 5months preggie and everyday was a battle. Work helped in trying to drown Leroy 's memories. He had never called me since. Well I couldn't blame him. I had chased him out like an unwanted dog. We waited for what seemed like forever. Finally a taxi indicated that it was about to stop but a Rolls Royce suddenly parked before the taxi could. I must say, the car was to die for. Everyone seemed to stop what they were doing and stare at the cat. The door opened and I almost fainted. I turned and wobbled away fast. My heart was pounding. Please God not now. I'm not ready for this drama. I heard Maggie call me but going back meant a confrontation. Which i was not in the

mood for. Suddenly a hand grabbed my arm and turned Me around. I dropped my bag as i came face to face with those ocean blue eyes. Leroy. Her small arm made me real use how vulnerable she was . She was trembling. She slowly squatted down to grab her bag. Then she stood up and placed her bag in front of her. Only then did I notice the bump underneath ther dress. I frowned and met her gaze. Me: Doll-face. You're pregnant?. Silence. I clinched my teeth together. I grabbed her hand and dragged her to the car.

[03/28, 14:01] Mk: Continuation.... Leroy Lynn : No Lee I'm not going with you. My friends are waiting for me Me: Where?. Lynn : By the bus stop. Me: I'll give them a lift. Lynn : Leroy please don't start now. Me: Now is perfect. You're trying to run away from me Lynn. Not today. I said sternly. Lynn :You can't just.... Me:Keep quiet. We'll talk in the car. I stepped back as Lynn and her friends got into the car.. The

ladies gave me the directions to their houses. Even though they tried to grill Lynn about who I was, Lynn simply ignored them . After I had dropped off the ladies, the uneasiness in the car became tangible. Lynn : Leroy where are you taking me. She still had her bag covering her belly, as if it would make me forget. I studied her as i stopped at a robot. Her light complexion now had a glow to it. Her hair was tied back neatly. And lips were glossed which made them so Damn inviting. I drew in a breathe. My eyes settled on her tummy. She seemed to sense it and pulled her bag closer covering her belly. I felt a bit of anger. I put the car in motion. Lynn : Leroy I said where are you taking me. Me: My place. Lynn : Leroy stop this car. I'm not going with you to your place. Me:Doesn't look like you have a choice. I said increasing the speed. We arrived 10minutes later. I parked the car and got out. Went round to open the door for her. She wasn't even

making an effort. I grabbed her hand. Led her into the house, up the stairs straight into my room. Me: Sit Lynn: Leroy what do you want. Im tired and hungry. Me: Ok I went downstairs and got her some food and juice. I could see her mouth watering. I smiled. Babies could do that to you sometimes. She took the tray and dug in. Me: How far long are you. Lynn : Why are you asking. Aren't you supposed to be married. I chuckled. Me: You'd love that hey. I'm not married. I'm engaged. She choked. I knelt beside her and gave her the juice to drink. When she was better I sat next to her. Me: Lynn why did you push me away. Lynn :It doesn't matter now. Me: It does to me. We were doing great then you just pushed me away. Lynn : Leroy please. She was trying to hold back tears. Me: No Lynn. Is it so easy for you to toy with my feelings. She placed the tray on the small table. Lynn : I have to go. She grabbed her bag. I grabbed her arm Me: No you're not leaving.

Lynn : Leave me alone Lee. I'm not a home wrecker. Me: Never. I'll never leave you alone. How far along are you Lynn. I know its my child. Lynn: It's not. Let go of my arm Tears streamed down her face. Me: I know that you love Me Lynn. Lynn : But you are to be married soon. And if i follow My heart then my baby's life will be in danger from your mom. If she finds out im pregnant with your child there will be no pe..... She froze. I smiled. Me: Oh please don't stop. Carry on with what you were saying about my child. . Lynn Oh damn. Now I've done it . That's what I get for blabbering like a lunatic. Me and my big mouth. .Now the possibilities of having peace are zero. Gosh this man can be such a nag. I looked at him . He had a smirk on his face. Me: Leroy listen. That came out wrong. This child is not y..... Leroy : Save it. Me: I have to go. Its getting late. He pulled me to him. Hayi marn. His cologne is pure witchcraft. I breathed it in and now I can't seem to bring myself to leave.

His muscles flexed under his shirt. Dear God lead me not into temptation. Help me for I am weak. I said a silent prayer. His face was so close to mine. My heart be still. Please. You're Selling me out

[03/28, 14:02] Mk: Insert 19 Lynn. He was so close to me. I could see his eyes change from an ocean blue to a greyish blue. Leroy :Doll-face Me: Yes Lee. I could barely recognize my own voice. He leaned in for a kiss. I, for some reason welcomed it. His mouth explored mine His tongue forced my lips apart. Holy Shit . I've missed these lips. I was having a kissgasm. I dropped the bag. I unbuttoned his shirt. All reasoning flew out the window. Our breathes were ragged. His hands explored my body through the dress. In frustration I quickly flung it off. His phone rang.. I stopped and looked at him. Leroy : Not now. He took the phone and threw it across the room. Me: It could be..... Leroy : Lynn a person could be dying for all i

care. I said not now. When his lips touched mine it was more urgent. He lay me on the bed. I ran my hands through his soft hair, down his face, along his back. He pulled away from me and disappeared between my legs. I gasped out loud. I ached my back as i got my first orgasm. From there I just kept having one orgasm after the other. It's like all doors of horny had been opened. He finally moved up and i felt his delicious invasion. His movements were slow and deep. Me: Argh don't stop I said out of breath. I felt like I was gonna pull my hair out in ecstasy. His muscles flexed as he increased the speed. I knew what they said about pregnant women always being horny but damn. That was an understatement. As i got blessed by his cucumber, I realised I couldn't get enough. And my man was giving it to me like he hadn't had it for months. He groaned and pulled out. As we changed positions to doggy, the sense of urgency was insane. It was like we would die if

we didn't connect again.. I quickly bent over and bust it open for him. Leroy : Doll-face.....oh yeah. He groaned as he went deeper. I backed up on him. Heck I wanted it all. Me: Aah ... Lee....That's The spot....Don't stop babe. Please. Who knew a person could feel this horny. His hand came round and started rubbing my clit . It was like an electric wave of ecstasy. Finally he pushed deeper and groaned as I also experience a mind blowing satisfaction. We lay staring at each other. Leroy : Now I believe people when they say pregnancy sex is amazing. Doll-face you will be the death of me. I giggled . He became serious. Leroy: I have missed you Mrs Johnson. Me: I missed you too Lee. There was silence Me: I better get going. Leroy : Sleepover. He got up and stared at me. Me: But Leroy we can't pretend t.... Leroy : Please Lynn. Just for tonight. His pleas pulled at my heart. Me: Fiiiine. But i have work tomorrow. I said rolling my eyes. We went and took a bath. Then

we went downstairs to eat. As we sat watching 'The Originals ' I decided to start the conversation. Me : Leroy. Leroy : Hmm. Me: I think we should talk about the whole situation. Leroy : Yes you're right. . Despite everything I need you to know that you are the only woman for me. Me: But you are to be married. He sighed Leroy : Let me tell you how I got engaged. I frowned. I don't think i needed to hear how he professed his love to another woman . Leroy : I confronted mum about what you told me. To cut a long story short. She promised that she would give you hell as long as we were together. So I had no choice but to accept her deal. I sat up Me : What deal. Leroy : If I agreed to marry Amber she would call off her goons. Apparently you were still on their wanted list. So I accepted. My eyes were wide open by that time. He chuckled. Leroy : Have you noticed how my parents seem to always be blackmailing me one way or another. He

laughed but I was feeling bad. They always blackmail him because of me. Leroy : Now I've found you, I can't let you go. Me :But your mom?. Leroy : I have to put an end to this nonsense. Me:How. Leroy : Don't worry about it. For now let's enjoy this. He grabbed the remote and rewind back to where we had last been. An hour later we had dozed in each other's arms on the couch

[03/28, 14:02] Mk: Insert 20 Leroy It was finally Friday. I had been waiting on Lynn for the past 5minutes. My phone rang. Mother. Mom. Hi Leroy. Where are you. Me: Why. Mom: I need to see you. Me :I'm busy. I actually need to See you too. Let's meet tomorrow at our usual restaurant. Mom: Ok. Where are you. Me:Mom I'm busy. See you tomorrow. I cut the call. Just then Lynn appeared with her two friends. She looked sexy. She had on an olive bandage dress. Gold pumps. And her hair had been undone. She had combed it into a neat bun. And don't

even get me started on that glow. .I shifted in my seat as i felt myself heat up. Me :Damn. I said to myself as I got out of the car. Lynn : Hi. She smiled Me:Hi bab. I kissed her. Her friends excused themselves and left. We got into the car and left. As we sat watching tv later that night, there was a knock at the door. Next thing my mom barged in with Amber beside her,dragging her bags in. Mom:LEROY JOHNSON. She shouted. Lynn quickly stood and was met by dagger stares from the two ladies. I stood with anger running through my every vein. Mom: Leroy what is this tramp doing here. Me: Mom please watch your tongue. I was getting pissed. First she had just barged into my house. Now she had the guts to insult to my woman. She moved closer. I stood in front of Lynn blocking mom. Mom, for some reason was surprised. Like really . Did she really think I would let her assault my doll-face whilst I just stood by. Mom:Tell her to leave. I have brought

your wife to come stay with you. I frowned.
Fuckery at its best. Lynn I felt like I had been
stabbed. I knew that these past days were just
a temporary situation. But now we had
rekindled our strong passionate love. And it was
10times sweeter. Now I had to experience a
heartache all over again. Leroy stood
protectively in front of me. There was an intense
session of arguing taking place between
mother and son. From where I stood I could see
Amber clearly as she arrogantly stood with her
arms folded across her chest. She was well put
together. And she really had blonde hair. That
blonde that almost seemed white. She looked
like a spoilt brat. I wouldn't be surprised if she
had a small fur dog in her handbag. Most
probably the dog would even have a pink
sparkly ribbon on its head. I almost giggled at
that thought but then I remember that she was
my rival. Heck she had come to steal my man
whilst I Lynn #doll-face #baby mamma still

existed. I stared at her with a 'Bitch I am the love of Leroy's life' look . I even had my right eyebrow raised . Mom:Young lady. Get out of this house this minute. I stared at her then at Leroy. Leroy :Doll -face go upstairs to my room and locked the door. I'll be there now. Leroy commanded. Mom :You slut,did you not hear me. Leroy :Lynn. NOW! . He roared. I quickly went upstairs and locked myself in his room. I took whatever little things I had and packed them. Who was i kidding. These people were engaged. Leroy would eventually give in to his mom. I sat on the couch. Suddenly a sharp pain gripped me in the abdomen. I slid to the floor. I cried out. I felt another sharp pain. I screamed. I held onto the couch and forced myself up. I grabbed my bag and staggered to the door. I slowly made my way down the corridor till I reached the stairs. Another pain hit me running all the way to my back. I dropped to my knees as i held my bump. Me:LEROY

[03/28, 15:43] Mk: Insert 21 Mrs Johnson. I woke the next morning feeling all kinds of stiffness . By the light streaming I could tell that it was almost midday.. As I got up I realised I was still on the couch. Oh gosh I had a stiff neck.. Me: Amber. I called out. Dead silence. After sometime stood up the couch with my neck slightly hanging to the left. I looked around. Her bags were also gone. I called her mom and complained like a little kid. She burst out laughing. This woman though. I'm being serious and she's laughing at me. I finally felt frustrated. Me: Agnes stop laughing . It's not funny. Agnes : I'm sorry dear . Amber got you with the pills. . Me: What are you talking about. Agnes : You got drugged. She always pulls that one when she wants to escape. She once got us with the sleeping pills once . We slept till the maid called a doctor. Me: Im not laughing Agnes. Be serious. You always take things lightly I wasn't in the mood for their

nonsense. Agnes: Ok ok ok . Where is you son now. Me: He went back to his hussy. That girl must have done something to my son. I have to get her out of his life. Agnes : But on a serious note. Do you really believe that getting him married to someone else will make him forget her. 15years in prison and he still didn't forget her. I think that if he was to marry another person, then that ptrson will never fully experience his love coz his heart belongs to this girl. That would be subjecting another woman's child to a loveless marriage. Me: Let me talk to my husband. Maybe he can talk some sense into that boy. Imagine he threw me out of his house because of her. Worst part is that she's pregnant. Where do you think Amber is now. Agnes: I think she went to her sugar daddy. I don't know what she sees in that guy. Personally I wanted her and Leroy to work out. Me: Don't worry they will. Agnes : Now that i think about it im not sure. I love my daughter

and the thought of her disowning me as her mom would kill me. Me: Let me get going. I have to get going. I cut the call. She wasn't even helping so why should I keep listening to her blonde ass . I tried to stand up. Me: Ouch. I had totally forgotten about my neck. That good for nothing blonde played me. Relaxation tea my foot. I stiffly gathered my stuff and walked out like Robocop. Leroy. I walked into her room. She had her head turned away from the door. As I moved closer she turned her head. I took a sit on the bed next to her. Me: Hey. Lynn : Morning Lee. Me: How are you feeling Lynn : Much better. I'm ready to go home to that big tv and tasty food. I chuckled. Lynn : The nurse told me you slept on the bench. Me: I couldn't leave when you are here. She sighed and looked up at me. Lynn : Lee don't you think its better if i go back to... Me :Don't even say it. Lynn : But Amber and your mom?. Me: They left. Lynn : But are we safe Leroy. Me: I think it's better if you stay with

me for a while. I'm not marrying Amber period. I'm already married to you. You're not getting rid of me that easily. The doctor came in, examined Lynn and gave her the green light to go home. An hour later we walked out of the hospital. I got her some takeaways and we headed home. I ran her a bath. An hour later she slipped under the covers and drifted off.

[03/28, 15:43] Mk: Insert 22 Leroy. As I sat by the pool busy on my laptop my phone rang. Father. Me: Hi dad. Dad : Hi my boy. How are you. Me: I'm ok. Dad: Thats good. So your mom just arrived. And she told me everything that happened. Me: Oh. I prepared myself for a lecture. My father could be strict if he felt the need to. Dad : I'm proud of you. Fighting for the love of your life is not easy. But why was Lynn taken to the hospital. Your mom skipped details. Me: Dad Lynn is pregnant. I think when mom and Amber showed up she got a bit stressed. But now she's .. Dad: Lynn is pregnant?. Well

there is nothing that strengthens the bond between two people in love than a baby. Now you must wed that girl. Walk that woman down the aisle son Me: Thats always been my plan dad but it won't be easy. Dad : Why Me: I don't know what mom did or did not tell you dad. Mum threatens my wife everytime she comes to South. Dad : WHAT! .I can't believe this woman. She will have no choice but to accept Lynn and our grandchild. She forgets that i am Derrick Johnson. I will deal with her don't worry leave her to me. I could hear the anger in his voice. Yep when you heard him say his full name then you know you're in deep shit. Me: Thanks dad. Dad : Its ok son. And thanks for the good news. I better go . Bye (3months later) Peace had become part of our lives. Mom had called to apologise but I knew for a fact that she didn't do it by her own will. I got to work. It was gonna be a hectic day. Lynn had already taken her maternity leave. I had finally proposed

to her and of course she said yes. We were now staying together . Personally I wanted her to stay at home for good but I knew for a fact that she didn't like depending on someone. She liked making her own money. Miss independent. She was my super wife. We had decided to get married after she gave birth. Our love had grown deeper. When we made love you'd swear the heavens door opened. It was always passionate and mind blowing. Yep there was a lot of lovemaking going on. I couldn't get enough of her. I grabbed my phone and dialed her number.

[03/28, 15:43] Mk: Continuation.... Lynn My phone rang as I walked out of the bathroom. I smiled when I saw who it was. I put him on loud speaker. Me: Shouldn't you be working. Leroy : Don't worry love I'm hiding in the toilets as we speak. I laughed. Me: Eew bab. Leroy : You set yourself up for that one. How can you ask a boss that question. I put on a red dress and sat

on the bed picking up the phone. Suddenly a sharp pain ran across my abdomen all the way to my back. I cried out and dropped the phone. The pain faded away. Leroy cut and redialed again. I picked up the call just as another sharp pain hit me. Leroy : Babie. Doll -face Me: Lee I think I need to get to the hospital. I think it's time. Leroy : I'm on my way already. Where are you. Me: I'm in the bedroom. Leroy : Where is the maid. Me: I asked her to go get me something. I'm alone. Then that's when the fear gripped me. I was alone. How was I going to do this. Leroy : Dammit Lynn. You know I don't like you being alone. Anyway I'm a few minutes away. Please don't attempt to go down the stairs. I was now breathing heavily. My back ached so much. It felt like someone put hot coal on my lower back. The pain kept getting more and more intense. I screamed and got on my knees .Despite all this pain not even one tear dropped. Leroy : Doll-face. Hold on. I'm

about 5minutes away. Just then my phone battery got flat. I almost grabbed the phone and smashed it against the wall. But then I changed my mind. I looked at the charger that was on the desk. It seemed a million miles away. How the hell was I supposed to get there. There was a knock then the door opened. Well that was fast of the maid. I first spotted the classy heels. My eyes went up to her face. I didn't know what to do. The smile on her face scared me. Mrs J : Hello daughter in law

[03/28, 15:43] Mk: Insert 23 Leroy I tried to dial her number. Voicemail. I banged my hands against the steering wheel. Me: Dammit. My heart was pounding against my chest . A deep fear had suddenly gripped Me. Like something bad was about to happen or had already happened. . 10minutes later I arrived. I ran into the house shouting her name. I stopped dead in my tracks at the foot of the stairs . She was lying lifeless on the floor. Me: Lynn. I got on my

knees and checked her pulse. She was still alive. I ran to the car with her in my arms. I drove like a maniac. Me: Doll-face please don't do this to me. Please. I was sweating in fear. Tears volunteered their services and I didn't try to stop them. I got into the hospital and the nurses and doctors immediately attended to her. Doctor : What happened. Me: She fell down the stairs. And she was in Labour . Please doc save my wife and kid. Please. They rushed her to the theatre. The wait was excruciating. 3 hours later the doctor finally walked out. Me: Doc how are they. Doctor : We managed to deliver the baby safely. Congratulations you are now a father to a baby girl. Me: Thank you. what about my wife. Doctor : It seems she experienced some head trauma. Judging by the swelling she has on her head I think she banged her head. We can only wait for her to wake up before we know if this affects her in any manner. Me: But she is alive Doctor : Yes. I sighed in relief. Me. : Can I see

my daughter. The doctor led me to Lynn's room. She was still unconscious. There was a nurse next to her bed busy on a tiny bed. I walked closer. My heart somersaulted then it did a split and finally it skipped a beat. Those big beautiful eyes. I slowly picked her up. She was wrapped in a hospital towel. Me: Oh my God I whispered. Tears rolled down my face. She held onto my finger with her tiny hand. I sat down and played with her. I looked at Lynn. Me: Babie you need to wake up and see our little Angel. I think I'm gonna call you Hope. I think mommy will love that name. Isn't little princess. The doctor and nurse walked in Nurse: Sir did you bring her baby bag so we can dress her up. Me : No. Let me go get it. She took the baby as i walked out. 2hours later Hope looked cute in her pink and white clothes. I was smitten. I took a couple of photos. Thats when I remembered that i had to call dad. I told him everything that happened. Night time came and Lynn was still

unconscious. The nurse showed me how to feed Hope. Afterwards she fell asleep in my arms. I put her in her tiny bed then i dozed I in the chair

[03/28, 15:44] Mk: Continuation..... Lynn. I slowly opened my eyes. Then closed them again. I tried opening then slowly as they adjusted to the light. There was a beeping sound. And what was that pain in my abdomen. I looked around the room. What was going on here. My eyes landed on the white guy who was asleep in the chair next to my bed. I looked at him closer. My heart beat fast . Me: No no no.It can't be. I grabbed the nurses alert button. I pressed it furiously. The nurse came rushing in with the doctor. Doctor : Mrs Johnson. You are finally awake. I frowned to the maximum. I looked at Leroy who was now slowly waking up. He stared at me, blinked a couple of times then jumped up all smiles. Me: Stay away from me. I shouted. Everyone froze with all eyes on me.

Suddenly a tiny voice started crying. I looked at the tiny being in a small bed next to mine. Leroy slowly picked her up and I could see the love in his eyes as he smiled at the baby. But why was Leroy here. And whose baby was that. Was it his?. Me : Leroy what are you doing here. Leroy : I was waiting for you to wake up doll-face. Me : Don't call me that. Leroy : Ok He seemed hurt. What was going on here. Doctor :Mrs Johnson you're gonna have to keep calm. Me: Why do you keep calling me that. They all looked at each other. Doctor :Ok Lynn what do you remember. Me: Well I'm in my last year at varsity. My name is Lynn Phiri. I live with my mom and dad. The doctor came closer and started examining Me. Doctor : So you don't remember Mr Johnson. Me: I know him . I just don't understand why he's not in jail. Leroy : Babie? . Doctor :Mr Johnson can i have a word with you outside. I was feeling very confused. My head was aching terribly. The nurse gave

me some tablets to drink. Me: What are these for. Nurse. :For the pain you might feel from the operation. Me: What operation? . Nurse: For the baby. You had a c/section done since you were unconscious and it was now time. Don't you remember. I slowly pushed the blanket back to look at my tummy. I almost cried Chineke like the Nigerians. The shock was too much. I remembered the baby in Leroy's arms. The machines were now going crazy. The doctor rushed in with Leroy behind him Doctor : Mrs Johnson please calm down. I felt my emotions slip out of control. My head started spinning . I started screaming hysterically. The doctor quickly gave me an injection. I slowly slipped into a peaceful darkness.

[03/28, 15:44] Mk: Bonus Leroy I sat on the chair staring at Lynn. I was caught in between the joy of being a father, sadness at Lynn's amnesia and confusion of how I was gonna handle all this. God help me, I said a silent

prayer. Two days later I walked into her room . She was sitting up. The nurse was giving her her meds. She asked the nurse to give us some privacy. I slowly approached her bed. I hadn't had a wink of sleep these past days. Me: Hi Lynn : Hi. Me : How are you feeling today. Lynn : As best as can be expected. She sighed. It was like she wanted to say something. Finally she decided to say what's on her mind. Lynn : Leroy. I'm very confused. Can I ask you some questions. I'm being discharged today and I want to walk out of this hospital knowing what awaits me out there. You are the only one that can give me these answers. Me : Ok. I slowly picked up Hope from her tiny bed. I smiled from the deepest part of my heart. Me: Would you like to hold her. I asked Lynn. She seemed hesitant. I gave her the baby. She gasped as she laid her eyes on Hope. She smiled and I could see she was smitten. I sat down next to her. Me: What do you want to know. Lynn :

Everything. Me: Are you sure. Lynn : Yes I can handle it. I started to slowly tell her about her life. Our lives and our love. She paid attention to everything I said. When I was finally done she stared at me then at Hope. Lynn : So you and I are together. Me: Yes. Lynn : I managed to forgive you. Me:Yes. Lynn : And I fell inlove with you. Me: Yes bab. Lynn : Hope is our kid which means weum.. Her lose of words was so cute. She was actually blushing. I laughed. Me: Its ok doll-face. And yes we had sex. In fact we can't get enough of each other. We have done some things bab. Some really EishI need to stop before I do stuff i shouldnt do. She laughed. The doctor came in and examined Lynn . He gave her the green light. Doctor : Physically you are good to go but I'm not sure if you are ready mentally. Lynn : Doctor I'm ready. Me : And she has me and Hope. Doctor : Ok but if you feel you are not coping I'll recommend some counselling. As for the amnesia it's not a

permanent thing. Once the swelling goes down you will get your memory back. We headed home. I was nervous and happy at the same time.. We finally arrived. I could see that Lynn was also nervous. She stood at the door. Lynn : Leroy are you sure I should be here She whispered

[03/28, 15:44] Mk: Insert 24 Lynn My heart was beating fast. I know Leroy had explained everything but I felt scared. Like I'm stepping into the unknown. I looked at him He had little Hope in his arms. We made contact. I almost drowned in those blue eyes. For some reason I felt I could trust him. Leroy : Its ok doll -face. This is where you belong. Don't be afraid. We are here for you.. I stepped in. Leroy led me to a room upstairs. I felt like I've been here before. There was a beautiful cote bed with pretty flowers on it . And it also had the word Princess engraved on it. It was so beautiful I almost cried. Leroy placed Hope in it and turned to me. He

approached me. I backed up till i was against the door. I should be scared of him but for some reason I yearned for him to touch me. I rested my eyes on his pink lips and bit my lip. Leroy : You must be tired. Get some rest . You've been through a lot. His voice was deep and low. He was so close. I stood bolted to the spot.. I think he sensed I couldn't move so he lifted me into his arms and carried me to the bed.. I ate and took my meds then slipped into a deep sleep. A woman's face came to me. The evil that lurked in her eyes was unmistakable. I ran as fast as I could but her evil laugh engulfed me. I knew that face but i didn't remember from where. I screamed as i ran. Suddenly Leroy appeared out of nowhere and like a guardian angel stood protectively over me. Leroy : Everything will be fine. Trust me. His voice was calming . There was an echo of a voice that kept calling my name over and over. I jumped up gasping for air. Leroy : Doll-face. It's ok. It's

just a bad dream. I was sweating. What a dream. Suddenly Leroy touched my face. This was the part where I was supposed to jump out of reach and scream "Don't you dare touch me". But nope. I didn't expect the feelings that i felt. It was like he elecricified me through every fingertip that made contact with my skin. Our eyes locked.. The fear faded away. Leroy : Are you better now. He seemed to have moved closer. Me : I think so. It was almost a whisper. Those eyes were bewitching i tell you. Leroy : I need a definite answer. How are you feeling. His fingers trailed down my face. Past my chin to my neck. I closed my eyes. I was so like enjoying the feel of his hand on me. Me: I.....I'm not sure. Leroy : Let me help you with that. Next instant his lips were on mine. So soft and maddening. His kiss deepened. I felt my body respond. I let out a small cry as he moved to my neck. He pulled away. He was breathing heavily. Leroy : I'm sorry. I couldn't help it. I just stared

at him in total confusion

[03/28, 15:44] Mk: Insert 25 Lynn. Me: Its ok.

Leroy : Let me run you a bath. I nodded. He stood up and stared at me. I found myself blushing. Leroy : If I'm making you blush just by staring at you, I wonder what would happen if i told you what I feel like to doing to you right now. I looked away. What level of temptation was this now. I was feeling really hot. So I was an amnesiarized mother who was freakishly horny from a kiss given to me by my rapist? .

Me: Can you give me Hope. I needed to change the atmosphere here. . He did so then went into the bathroom. Days went by and Leroy continued to be patient and sweet. He was expecting his parents this Saturday. That means one day to prepare. I was so nervous. Saturday can and he went to collect his parents whilst I got myself and Hope ready. I put on a long dress and combed my hair neatly. I heard the car. I took a deep breathe. Me: Here we go.

As I stared in the mirror one last time, Leroy walked in Leroy : Doll-face my parents are here. I just nodded. I was a ball of nerves. He came and hugged me from behind and our eyes made contact in the mirror. Leroy : Its gonna be ok. His gentle voice calmed me. He took Hope and we made our way downstairs. I first spotted Mr Johnson. He looked more....what's the word. He looked more expensive. Very well dressed. Not the safari loving man that I remembered. He had on golf t-shirt and chinos . He got up as we approached. Mr J: Daughter inlaw. Finally we meet again after so long. I smiled and shook his hand. Leroy : Dad meet Hope. Grand papa took his grandchild. One look and the old man was smitten. Oh yeah. Hope had that effect on everyone. Leroy : Mom?. The woman stepped forward. Her smile was so empty. I sensed a hostility from her. Mrs J : Lynn dear. How are you. That voice. Suddenly it was like I bumped into a glass wall. I saw her face in my head.

Hatred, shouting, threatening. Leroy and her arguing. Her walking into my place with two men. The men's attack on me. I screamed and fell to my knees. My head ached. I closed my eyes. I heard the voice in my head. It was her voice. "Tell her to leave. I have brought your wife." "Boys take care of her" "You will never be my daughter in law." "Stay away from my son" The echoes continued. Lights out. Total darkness .

[03/28, 15:45] Mk: Insert 26 Leroy I sat next to her bed. I sighed in frustration Me: Doll-face what's going on dear. Please let me help you. She was still unconscious. I took her hand in mine. She stirred a bit then slowly opened her eyes. She sat up suddenly looking around. Then her eyes settled on me. Lynn : Leroy your mom. She tried to get me killed by two men. I saw it all Leroy. I was at my house. I frowned. Me : You remember the attack that happened at your place?. Lynn : Yes. She also brought You a wife.

Leroy are you married. I smiled and buzzed for the doctor. He came and examined Lynn.

Doctor: The swelling has gone down which is good. She will regain full memory anytime. Me:

Doc so everytime she regains her memory she will experience what happened today?. Doctor:

Not necessarily. Obviously this episode was brought forth by seeing someone who might have had a huge negative impact on her life.

Just seeing that person can trigger such a reaction. I frowned. There had been a lot of bad blood between Lynn and mom. That explains the whole episode she had. Me: So when can she go home. Doctor: Today. I will discharge her immediately. She seems fine. Lynn was still staring at me with questions in her eyes . She was still waiting for answers. After the doctor left I had to sit down and explain myself. She sighed in relief after I was done We left the hospital and headed for spur. I excused myself and went to call dad. Dad: Son. How is she Me:

Better but I need you to do me a favour. Please don't take offense dad. I need you guys to check into a hotel. There was silence. Dad : What happened. Me: Lynn remembered the attack that mom was involved in. She's really frightened. If she sees mom again who knows how it will affect her. At least they should stay away from each other until she regains her full memory. Please dad. I mean no disrespect. Dad : I understand. I'll let you know when we've checked in . An hour later we headed home. A week went by with Lynn having terrible nightmares. I was always exhausted in the mornings but I am a very persistent person. As I sat with Hope in my arms by the poolside, Lynn came and joined up. Health wise she was really doing well. Lynn : Give me Hope. You've been so busy taking care of us, you barely have a social now. Call up your friends and just go out for a while. I stared at her Me: You want me to leave you by yourselves? . Lynn : You need a break.

Let me take over for today. I hesitated. She grabbed my phone and dialed someones number. Lynn : Hi Dylan. Can you come and get Leroy out of my hair please. Dylan : Lynn : That would be great . An hour is perfect Dylan : Lynn : Ok . Bye. I shook my head in disbelief Me: At you sure you want to unleash me unto the world doll- face. She laughed and took Hope . As i walked out of thr bathroom 20minutes later I found Lynn placing Hope in her bed. I swallowed hard as i stared at her cute behind. I ran my hands through my hair and began lotioning myself. Those soft hands suddenly wrapped around my waist. I turned to face her. I gently pushed her against the wall and kissed her senseless. She let out a small cry. I pulled away. I was fighting serious temptation. Me: We can't My voice was hoarse with desire. Lynn : I know. But either way let me help you. I was horny as hell. I couldn't hide it even if i tried. She got on her knees and

unwrapped the towel that was around my waist. We looked into each others eyes as her hand went up and down my cucumber. I closed my eyes and drew in a breath..I suddenly felt the warmth of her mouth and her mouth enveloped me. Me: Oooooooh.....gosh. Shit. Her mouth was insanely warm. The more she did her thing the more i felt like i would explode. She sucked me. I stood on my toes with my one hand on her head. Me: Dammit doll-face are you trying to kill me. Aargh This was the first time she was giving me head but she just knew how to handle me. She dragged my butt and pushed me deeper into her mouth. My voice immediately went from a bass to a soprano in that very moment. Me: Lynn.dollface..... honey... aargh .Babie... I pressed my eyes tightly shut as i felt the juices building up. She went faster until i couldn't hold it in any longer. I came in her mouth. She licked me dry. I felt like i could just melt to the floor. Me: You are one bad ass

woman. I drawled. She giggled. Lynn : Get dressed . Dylan will be here soon. She disappeared into the bathroom. 20minutes later i didnt walk down the stairs. I was literally bouncing down the stairs. I felt a song coming along. I whistled as i approached Dylan . He looked at me and frowned. Dylan : Dude are you whistling right now. Me : No lets go.

[03/28, 15:45] Mk: Continuation..... (A month later) Lynn. Leroy and I had sunk into a very satisfying relationship. No not just the sexual part. Of course I needed six months till that action but sometimes Leroy did things to me that made me feel like I could just strip naked, throw myself on the floor, open wide and shout "Take me". He also satisfied me emotionally. I was really happy when I was with him. I missed him a lot when he went on his business trips. My parents had come for a few days then left. I sat busy on my laptop. Being at home drove me crazy. Especially when Hope fell asleep. I was

looking for part time work that I could do whilst I was still at home. I was sitting in the lounge with my legs stretched out in front of me on the couch. Leroy would be coming home any minute now. There was a knock. I got up and opened the door. I froze when I saw who it was . You have got to be kidding me I thought to myself. Mrs J : Hello daughter in law. Those words echoed in my head over and over until I saw what seemed to be a flashback. I was in labor on my knees in our bedroom. Excruciating pain ran through my body. There was a knock at the door. Then the door opened. I had first noticed her shoes then my eyes went up and rested on her face. Mrs J : Hello daughter in law. The look in her eyes had scared me. The contractions hit me again. I cried out. Me : Please Mrs Johnson help me. I think I'm in labor. Mrs J : Of course. By helping you I'm also helping myself. She helped me to my feet. We slowly made our way to the stairs with her as

my support. When we got to the stairs she let me go. I held on to the railing as another contraction hit me. I screamed Mrs J : Ncooo you poor thing. It hurts doesn't it. I must say Lynn. Getting pregnant was a very good move. Me: What?. Mrs J : My son has turned against me because of you. I told you that you will never be my daughter in law. You are a gold digging slut. She hissed. I wasn't sure how to react. For crying out loud I was in labor. Me: Mrs Jo...aah . Please help me. I was sweating and shaking. The way this woman was acting was scaring me. Why was she here anyway. Had she been spying on me. How come she had pitched up when there was no one else around. Mrs J : No . You are a menace in my life . I hate you . She was now shouting. Mrs J : My son deserves better. GET OUT OF MY SON'S LIFE. She screamed as she pushed me. I tried to grab onto the railing tighter but a contraction hit me at that very moment. I screamed as I tumbled

down the stairs. Darkness soon took over. I opened my eyes. Mrs Johnson was still standing at the door shocked. And Leroy was standing beside me. I gasped for air as I fell to my knees. Leroy : Doll-face. What's wrong. Me: It wa.....it was you. I said pointing at the old lady. Leroy : Lynn talk to me love. Why are you pointing at mom. Me: She.... She tried to kill me. Leroy : What? . Mrs J :Leroy help the girl. Obviously she's still thinking about that attack. I already apologized. Me: No!. I shouted. Anger took over. Leroy : Babz . What is it. I pointed at the old hag. I felt like slapping her. I got to my feet. Me: You you tried to kill me and my baby. It was you that pushed me down the stairs. I saw horror in her eyes. Leroy : WHAT THE HELL! Leroy roared

[03/28, 15:45] Mk: Insert 27 A month has gone by since that fateful day when I booted my mom out of my life. As for dad I don't even want to know what he did to her. My dad can blow up

hey. When he gets angry I think even demons flee. But all I care about is the Angel who's got her head against my chest. I finally got my doll-face back. Hope is sleeping and we decided to watch a movie. Life couldn't be better. Lynn : Lee. Me: Yes bab. Lynn : You know how next weekend means the world to me right. Me:Yes. Lynn : And these are memories that we and our families will cherish forever. Me: Yes that's true. She hesitated. I frowned. I had a feeling she was about to ask me something ludicrous. Me: Spill it out. I insisted. She sat up and stared at me. Lynn : I would like you to do me a favour. I promise I will never ask you for anything ever again. I raised an eyebrow. This was obviously something big. Me: What. She held my hand. Then she took a deep breath. Lynn : Please invite your mom for the wedding. I pulled my hand away and sat up. Me: What! . Lynn : Please. I know sh.. Me : No . Never Lynn. You and your good forgiving heart can forget it. That woman

tried to kill you. Twice. She stared at me with pleading eyes. Me: Don't you dare try to pull the puppy-dog eyes on me. My decision is final. Lynn : Bab but she's your mother. Me : Who does not want to see me happy. Lynn : Babie come on. Me: Lynn Johnson. Drop it. I shouted. Lynn : Leroy think about it. Even if we see her for that day only. Please she's your mom Me: She chose not to accept you and I respected her decision. But to try and kill you and Hope? . She went too far. Lynn : Lee p.. Me : Lynn if you insist one more time with this ridiculous request, I'll fuck those thoughts out of your head. And I won't be merciful. Don't test me. She swallowed hard and quietly leaned against my chest. I leaned back and drifted off to the day Lynn got her memory back. *Flashback* Me: Mother what is she talking about.. She just shrugged her shoulders. Mom: Obviously your girl has lost it. You should check her into a looney place. Lynn :I'm not crazy. I remember

everything. Even the day of the labor. I swallowed hard as i tried to deny my mind the chance to even begin to imagine what Lynn was about to say. Lynn : Remember we were on the phone when the pains started. Me: Yes. Lynn : Well my battery got flat. And just then your mom walked in. She seemed like she would help me. But when we got to the stairs she accused me of turning you against her. She said you deserved better and then she pushed me down the stairs. I was as red as a cherry by the time Lynn finished talking. I turned to mom. She wasn't even remorseful. I was about to strangle her But Lynn held my hand and shook her head. In the lowest deep voice I said Me : Mom. From this day onwards you at no longer my mother and I am no longer your son. I don't ever want to we you news me, Lynn or Hope. You are as good as dead to me. I have given you too much freedom in my life. It stops now. Please leave. Mom.: You see what you have done Lynn. My

son is talking to me like this all because of you.
Me: No mom. You did this to yourself. Now GET THE HELL OUT OF MY YARD. I shouted . Lynn flinched a bit. Mom stood and stared at Lynn with such hatred. Me: Mom you're still here . You have 5minutes to leave or I'm getting you arrested as per my promise. At that moment she looked defeated. She walks away with her head bowed down. I took Lynn to the bedroom then called a doctor to come check her. After everything I called dad and told him everything. Dad: That woman will be the end of me. He bellowed. Me: At least i got my Doll -face back. Dad.: Yes . For now take care of Lynn and Hope. As for your mother, by the time I'm done with her she will repent like a sinner. I'm gonna humble that woman. She forgets that im Derrik Johnson. Oh yeah . The full name. Mom was in for it. He cut the call. * End of Flashback*

[03/28, 15:45] Mk: Insert 28 Lynn. A week has gone by and Leroy still stubbornly stuck to his

decision. At one point he had actually almost redeemed his promise to punish me. He had literally held me against the wall, ripped my lace undies then looked into my eyes and asked. Leroy : Tell me doll-face. Is there something you would like to say. I had quickly shook my head and apologized. I wasn't gonna risk being mercilessly ravaged when it was just two months after my op. Now I sat up in bed with Leroy next to me busy on his laptop .I sighed heavily. You know that loud sigh that makes a person stop and stare at you. Yep that was me. How was i gonna change his mind. I needed to change tactics. Maybe i could use blackmail. I laughed an evil laugh in my head . But then I frowned the next second. What if my plan back fired on me. I sighed heavily again. Leroy : Out with it. He said still concentrating on his laptop. Me: What? . With an innocent voice. Leroy : I said out with it. He demanded. Me : Ok.. I think we should cancel the wedding. He banged his

laptop shut and stared at me. Leroy : Why?. Me : Well bec.... Leroy : Let me guess. Is this about mom again. Me : Look Lee. If your mom is not there I can't marry you. He raised an eyebrow. He chuckled then got out of bed. I wasn't sure what to think next.. He locked the door then turned to face me. He was all Mr Serious face. He removed his sleeping t-shirt as he approached me. Holy shit just blew up in my face. Me: Listen Lee, I was just trying one last time. I shrunk into the covers. His sexuality always had a way of intimidating me. Leroy : Not another word till I'm done with you. He pulled the covers off. Though I had a nightie on, for a second my hands flew to cover my privates. He smiled. He grabbed my hand and yanked me off the bed. I landed against his chest. His scent overtook my senses.. He lifted my chin. Leroy : So you want me to invite your dear mom in law. It really sounded like a tricky question. This is the part where I was supposed

to shout "Yes". And maybe even do a little toitoi dance but nope. I just blinked at him. Leroy :
Answer me

[03/28, 15:45] Mk: Bonus Lynn Leroy :
Answer me. I nodded. Leroy : Are you sure you want to stick to that answer. I nodded again.
Leroy : Ok. I will do it in the morning. But tonight doll-face, you take your punishment submissively. I warned you what would happen if you test me. Me: Ler... Leroy.: I said not a word Lynn. Total silence. He smashed his lips on mine. The kids took my breath away . It was intense, demanding and real torture. It made me want him so bad. He suddenly pulled away, ripped my lace nightie off and pushed Me onto the bed. He knelt down beside me, grabbed my neck and became away again with another kiss. I felt his run over my breast down my tummy then his fingers crept between my legs. I cried out. His fingers found me and he slipped one finger in. I grabbed the covers. He pulled my

legs apart and knelt between them. All this action and he still had his bottom on. He leaned over and sucked my breast as his fingers continued to drive me insane. Me : Leroy aah.... .. I felt my self slip into pleasurable insanity . He traced kisses down my tummy. I closed my eyes tighter in anticipation. I held my breath as I felt his lips on my cookie. I lifted my hips off the bed as I felt so close to exploding. Me: Leeee....I'm cuming ...oh ..aah. gosh Then out of the blue he stops and lifts his head and smacks my butt so hard, giving me a rude awakening from the realm of pleasure. I literally posted and whispered like an injured puppy. He stared at me so serious. I thought I was gonna cry . Gosh I was so close. Two more seconds and I would have made it rain. Leroy : What?. Me : Nothing. His voice was deep . His head vanished between my legs again. I felt him kiss my inner thighs ever so gently. I shivered in pleasure. His tongue licked me.. My moan got louder with

every sensual stroke of his tongue. Every inch of my body as very aware of what he was doing to. He nibbled on me. Well hello I saw the heavens gates. Any second now they would open. Me: Uuu.....aaaa. Mr Johnson. I held on to the bed like a demon refusing to be cast out. Every door of horny opened. Again he stopped when I was right there. He stared at me with his serious face. I wanted to shout "What the f...". But words failed me. Without warning a tear slid down my face. It's like a kid enjoying a lollipop then you suddenly snatch it away. Leroy : Did I hurt you. I shook my head. Leroy : So why are you crying. Me: You're being a bully Leroy Leroy : It hurts?. I nodded. Leroy : Good. So on what grounds do you get to threaten not to marry Me if I don't abide by your rules. Yet you know how much i love you. How do you think I felt. I would go to hell and back for you, you know that. This is the first and last time you use my love for you against me. Are we understood Lynn Johnson. I

nodded. Ok so he was pissed. I had not seen that coming. Me : I'm sorry. I just wanted. ...
Leroy : Its fine. I love you bab. Me : I love you too. He smiled as I felt him rub my clit. He suddenly Lowered his head. He was biting, sucking ,nibbling ,licking. I on the other hand was crying out, almost pulling my hair out. I was even biting the covers. He got more aggressive. His tongue went deeper. I arched my back. . Even his soul seemed to have entrapped mine in a passionate lovemaking. His body shouted submit submit. I finally felt like the torture was too much. I shouted Me: I submit Leroy. Oh yes yes yes. I submit. My body shuddered as i felt the warm release. The orgasm was intense. My heart danced with joy. When the emotions subsided I found Leroy staring at me with a grin on his face . Leroy : You submit? . Me : Er...yes. I whispered. Leroy : Good girl. I like the sound of that. He cuddled me. I looked towards the cote bed. Hope slept through all that?. Wow

[03/28, 15:46] Mk: Insert 28 Leroy I eventually sent the invite to mom though I was not that eager. Three days before the wedding my in laws arrived. Mr Phiri was still the same old gentle soul. Mrs Phiri had lost weight. Apparently she was sick on and off. We allocated them a room. Lynn was so happy to see them though she was a bit hurt that her father had not told her about her mom's weak state. Dad arrived the same day but much later. The wedding was being held at my house by the gardens . So there was a lot of hustle and bustle. My two brothers, Brian(1st born) and Andy(3rd born) arrived the following day. I was the 2nd born.. As usual the two crazies were loud. They had brought along their girlfriends . Brian : So you're getting hitched. He laughed as we sat chilling by the pool side. Me: Yep. And not just to anyone but the love of my life. Dylan : Do you realize what that means. Me: What. Dylan : That is the last cookie you are gonna

crumble for the rest of your life.. We all burst out laughing. Me: I'm looking forward to it. I love that woman. Andy : That's so insane. Especially after all that you've been through. Dylan :That is some really deep love you got for each other. I can't wait to find the woman I can't leave without Brian : So is mom coming. I grabbed My beer can and gulped down almost half of it. Me: I don't know. I should be asking you guys. You're the ones that stay with here. I replied stiffly. Brian : Not anymore. After I heard what she did to you guys I felt so pissed. So I moved out. I stared at him. Me: So you finally grew a pair. We fist bumped. Andy : But seriously dude. I don't know how your relationship survived all that. I'm so ashamed of mom right now. As for Dad, Mr Derrick Johnson, he threw a fit. I have never seen dad so mad.. Even mom was humbled. He literally packed her bags for her and kicked her out till she pulls herself together and behaves like a proper Johnson. He even

deepened his voice trying to mimick dads voice.
Dad.: Leroy. Can i have a word. We all kinda
froze coz we hadn't noticed him approach.

[03/28, 15:46] Mk: Continuation..... Leroy : I got
up and followed dad all the way to the study..
There was a lady sitted there but I didn't take
much notice of her. The lady stood up and
turned. Mom: Hello son. I felt my muscles
twitch. There was a deafening silence. Though I
had sent the invite I had not bargained for the
anger that took over me at that very second I
laid my eyes on her. I looked away and shoved
my hands in my pockets. I didn't want to be
responsible for strangling her. After about 3
minutes Lynn walked in. She also kinda froze
when she saw mom. She seemed not to know
what to do next so she just stood beside me
quietly. I stared at dad serious faced. Dad
leaned against the desk and folded his arms
across his chest. Dad: I called you guys in here
because I am sick and tired of this nonsense

between you guys. I am the one that arranged this marriage between Leroy and Lynn. Right?.

Me: Yes father. Dad: As the head of my household I accepted Lynn as your wife because she was and still is the love of your life.

Despite everything that happened between the two of you, you forgave each other. I nodded.

Dad: Good. Now to you, My beloved wife. He shifted his attention to mom who was now sitted. Dad: I married you when you were young.

Do you remember that my family wanted nothing to do with you. Well that kinda shocked me a bit. Mom : Yes I remember. Dad: So are

you trying to tell me that I did wrong by choosing you over my family. Mom : No. Her voice was low. Dad : I have always loved your strong character. I have respected who you are

in my life. You are the love of my life. But my confusion is why would you want to subject our son to the unbearable pains that we went through because of our love for each other? .

You lost a child because of my family's abuse. Why would you want Leroy to lose his child and possibly his love as well Mom sniffed. My heart went out to her. Mom : I'm sorry darling. I was trying to protect our son. Dad : From what?. Love?. The heart wants what it wants and you can't force it to change it's mind. You went too far. You crossed the line. You are not the woman I married. If you were you would have long realised that Leroy will never let Lynn go. If she dies, his heart will die along with her. She is his heart beat. Mom : I'm sorry love (sniffed). I don't want to lose my family. I was selfish and foolish. She stood up and placed herself in front of dad. Mom: Derrick you're my life. I can't leave without you. When I realized that I might lose you because of my behaviour, I almost went crazy. Please take me back. I'm sorry my love. Dad stood tall and towered over mom. This was getting awkward. I stared at Lynn. She was in tears. I pulled her close and put my arm around

her waist. Mom and dad stared at each other for a while . I was beginning to feel out of place. Dad: I am Mr Johnson. You are Mrs Johnson. When you are out there everything you do reflects me. Do you understand me woman. In that intimidating deep voice coated with tonnes of authority. Mom nodded. She turned to us. Mom : Son I'm really sorry for not putting your happiness first. Please forgive me. This time she was sincere. Lynn held my hand tighter. I looked into Lynn's eyes. She silently pleaded with me. I sighed. Is there anything that I wouldn't do for my Doll-face. Her touch was calming. Me :Ok mom. I forgive you. I saw the relief on moms face. Mom: Lynn. I know I don't deserve your forgiveness. I'm really sorry for everything I put you through. I'm ask in for one last chance . Please. Lynn : Its ok. I forgive you and thank you for coming to our wedding. The huggged and sobbed in each others arms for a while. Dad : Come here you naughty woman.

Mom walked into his arms. They hugged tightly. You could see the love they had for each other. Dad: Mrs Johnson, if you ever make me this angry again I will give you a thorough spanking. Do you hear. Mom smiled and she was actually blushing. Dad: Kids give us some privacy. We are not done here. I quickly turned and pushed out Lynn in front of me. I burst out laughing. Lynn : Your dad is hard core hey. She giggled Me: Kinda awkward seeing that hey. Like seriously? . Spanking? . I laughed again. Lynn : Now I know where you get your bully attitude from. Me : I'm not a bully. Just like my dad, I like to be respected

[03/28, 15:46] Mk: Insert 29 FINALE Lynn It was the day before the wedding. We lay in bed cuddling. Me: You shouldn't be here. Leroy : I'll leave later. I'm so used to falling asleep with you by my side Me: Stop being a cry baby. It's only for one night. Leroy : Still not leaving. I smiled. My Mr Romantic. Leroy : I need to ask

you something before we get married. Me: Ok.
Leroy : Why didn't you tell me someone was
stocking you. Me: What do you mean. Leroy :
The texts. I sat up and stared at him. Me: How
do you know about them. Leroy : I know a lot of
things. Who they from. Is it your boyfriend. Me: I
... I don't know who was sending those texts. At
first I thought it was a wrong number but later i
just ignored them. But they've stopped coming
through. Leroy : Are you cheating on me Lynn.
Me: No.. I don't ... Words were failing me. He
bragged his phone. Next instant there was a
flash and a clicking sound. He was actually
taking a photo. He burst out laughing. Me :
Leroy? . Leroy : I'm so like keeping this photo.
Totally priceless. I frowned and crossed my
arms across my chest.. He finally quietened
down. Leroy : I have a confession to make. It
was me who was sending the texts. I actually
can't believe you never figured it out. I was
waiting for you to ask me about but nope you

never. By the time he was done my mouth was a huge "O " and my eyes were almost jumping out of their sockets. I grabbed a pillow and started beating him up. Soon we were having a pillow fight. Obviously i was losing dismally. Wefinally dumped ourselves on the bed breathless. And before we knew it we had dozed off.

[03/28, 15:46] Mk: Continuation Lynn I was woken up by a loud knock on the door . I jumped up. Oh Shit. Leroy was still....Oh he wasn't in bed. Me: I'm coming. I shouted. Iran to the bathroom. No one. His walk in closet. No one. My walk in closet. Still no one. I looked at the window . It was wide open. Phew. I could hear that they were getting impatient on the other side of the door. I checked the time. 04:45. I went to open the door. I was instantly bulldozed by big breasts as they all walked in. That tit had actually almost gotten into my mouth. I closed the door. Me: Good morning

everyone. Was I heard?. Nope. I went and took my bath. Everyone just kept barging in. Well don't mind me. I'm just totally naked here. Feel free to zoom in on any part . My inner woman rolled her eyes. When I finally finished my bath, I wrapped a towel around myself and opened the door. Well hello now you know I exist. They all descended on me. I couldn't even put on my panties in peace. Wait did someone just squeeze my boob? When I was done putting on my dress, my make-up artist did her thing. Looked myself in the mirror when she was done. I looked like a queen. I stood up and turned to face everyone. Dead silence. Oh now they decide to be silent. My mother-in-law walked towards me and placed her hand on my cheek. Mrs J : Ooow my. You look so beautiful. You remind me of the day i married my Derrick. Suddenly was sniffing here and there. Me : Thank you Mrs Johnson. There was a knock. It was the wedding planner. Planner: It is time. We

all filed out. As we descended the stairs dad was waiting for me. He took my arm. Dad: I always knew that Leroy was the man for you. Though you didn't like it when i said it. I smiled and gave him a hug Me : Thank you dad. I owe you And mom a lot for everything that you have done to make me tell woman I am today. We stood at the door that led outside. The music changed and everyone stood up. My eyes were already drooling over the demigod that awaited me at the alter. How can a simple tux look so good on a person. We began the walk down the aisle. Our eyes never left each other. Finally I stood before him. I was his and he was mine. We stared at each other drown in the bond of love that was about to be sealed by a sacred covenant. The love that we had for each other was unmistakable. When we had fallen to our knees, it was this love that gave us the strength to get up again. When we had drifted apart, love changed the current and we sailed straight into

each others arms again. Now we stood tall,
proud of the love that we have for each other. It
is after all a Stubborn Love The End
