Him: How are you feeling today Zee?

I took my pen and then continued writing leaving him to talk and talk.

I wish my story started like others I wish my story was normal like the other stories but it's not. My name is Naledi Zoe Khumalo but they call me Zeeand yes i am in a looney bin(mental institution) I've been locked up in here for 6 months now. I had it all perfect husband an adorable baby girl her name is Kenya she was adopted for reasons which will be revealed later. I had the perfect life until "The Gift" chose methen i lost it all. I hate having this Gift i hate living in pills everyday of my life! I hate being a threat to others and Myself! If "The Gift" didn't choose me id still have the perfect life.

My story starts while i was still in Varsity. I was doing my 2nd year in nursing actually I'm repeating my 2nd year i failed the previous year. I'm studying at Sefako Makgatho University of Health sciences. I grew up in an orphanage for as long as i could remember and there i met a very sweet Girl Nqobile who became my friend ever since. She's also studying Nursing same university she's doing her second year but unlike me she didn't fail she was a year late because of financial issues but now she has a bursary. It's very hard to go to Varsity without any financial support ask me i know i was very fortunate to have met a man who loves me dearly and i love him too. I couldn't get a bursary my results were not that good so my Fiancé Theo Nkosi is paying for my fees. I met him back when i was doing my 1st year he was best friends with my anatomy teacher. They went as far as calling me "Nae-Nae" so i couldn't see that they talking about me and the name has forever stuck with me. Theo is a Branch Manager at Absa bank in pta. Now i don't really know how much they earn but Theo has alot of cash which makes me think that there's something else that his doing to get cash something illegal. We have been together for

2 years and we are Engaged he bought me a car a Renault clio that small one to travel to school with since I'm living in a flat that i share with my best friend Nqobile. Theo is very possessive very controlling he always wanna have his way and always wanna be right. It's either his way or the highway but despite all of that i know he loves me. It was a Saturday morning and i was preparing to go and meet up with Theo. I wore grey formal pants grey heels and a white transparent shirt that showed my white bra underneath. I have been blessed in the breast department some people even think that i have breasts implants but honestly I'm just blessed. Nqobile came to my bedroom as i was dressing up we live in a two room bedroom flat. I have the Rihanna type of body but with big boobs that make a killer cleavage. Nqobile: look at you maKhumalo don't you just look great I smiled. She came to fix the collar of my Shirt. Her: Uzohlanya u Theo la (Theo will go crazy) Me: i hope so.. I looked down.. Nqobile: His still at it? I nodded yes. Theo is cheating on me with i don't know how many girls. People at school have warned me before about him that he doesn't let a skirt pass him by but I've always turned a deaf ear until i saw for myself. I love Theo with all my heart and I'm not gonna leave him because of Armpits I'm his Fiancé his future wife i know he loves me too and he will stop all of this nonsense. Me: i just hope he will realise how much he hurts me and stop Her: Theo is very very Hot i don't blame this girls who throw themselves at him girl have you took a good look at your man.. I chuckled.. Me: He is Hot isn't he? Nqobile: To the core. What im trying to say is he loves you i know he does he just gets tempted you know how men are. Although Nqobile talks like this she hates Theo with all her heart because of how he treats me. Me: You don't have to pretend i know you hate him. Her: But you love him and i love you. I hugged her. Me: Thank you Nqobile is like a sister to me we've been through alot together and have conquered alot we always had each others backs at the orphanage. Me: What are you gonna do today? Her: Just shopping We attend classes from 8-14:00 then from 14:00-17:00 we at the hospital working and we get paid at the end of the month 5000. Nqobile: Go before your crazy man

strangles you for being late We laughed. Me: I'll see you later
Her: Okay enjoy i love you Me: i love you too... I took my bag
and car keys then walked out to my car and drove to Spur. We
live in Hatfield so Theo and i we were gonna meet at Pta CBD.
The spur that's close to suncurdia mall..... I arrived on time
but he wasn't there so i ordered something drink while i waited.
30min passed with Me still waiting i tried to call him but his
phone was on voicemail... He showed up after an hour i was
even tired of waiting for him. He kissed me on my cheek. Him:
Sorry that I'm late Nae-Nae things at the office were hectic. I
could believe him if he didn't have a love bite on his neck
bastard even wore a suit to tighten his Alibi while in actual fact
he wasn't working today. Him: You haven't ordered anything
yet? Me: No just a drink i was waiting for you.. They gave us
menus. He was all starring at me.. Me: What? Him: i just love
you so much I smiled.. Me: i love you too.. Him: Let's order. My
phone beeped it was a WhatsApp message. I checked it. It was
the girls saying that we should go out tonight.. Nqobile and i
have the same Friends. We a group of 4 friends we friends and
classmates. They were just being crazy now i was smiling. After
a minute i looked at Theo he was mad pissed. I put my phone
aside. Him: i wonder whose that guy that's making you smile
like that. Me: Its not a guy it's my friends Him: i find that highly
disrespectful. Your friends see you everyday i only see you on
weekends can i just fucken have my time! *yelling* Now all
eyes were on us. Me: I'm sorry He looked at his menu too. Him:
i fucken wanna spend time with you and the only thing that's on
your mind right now it's your friends then go and date your
friends because they matter most to you! When his like this it's
just better for me to keep quiet. Him: i fucken pay for your fees
textbooks your rent i bought you a fucken car and I'm the last
person on your mind right now all attention has to be given to
your friends! Tears where very close but i had to hold them
back because crying would piss him more off. The waitress
came to us. Her: Good day can i please take your order Theo:
I'll have a burger please Me: I'll have buffalo wings please.
Waitress: Sorry if this is gonna come around as me being
forward but Aii abuti obotse shame (you are beautiful) Theo

smiled at her. Theo: i think you also beautiful She blushed. Her: Thank you.. Uhm I'll just go and get your order She went. I looked at her as she talked to the other waitresses and busy starring at Theo all smiling. What pained more was that Theo was finding this very Entertaining. I wanted to eat and get out of there. Our order finally came and we ate. Him: i want you to spend the night at my place I cleared my throat. Me: i can't I'm sorry Him: Why? Me: Study group i have a major test coming up on Monday Him: i don't know why you just don't quit it's not like we need the money Me: Its not about the money.. It's about me following my dream. Him: Nursing is not a dream! Me: maybe i should just go.. I stood up and he held my hand. Him: Seat the fuck down!! Before I cause a scene His voice was firm i sat down. Him: Can we just not fight for once and enjoy our date because after this I'm probably gonna see you next week Saturday. I kept quiet. We got dessert. We were eating in silence. When we were done he paid and then tipped the waitress with R500. We walked out and he walked me to my car. Him: I'll call you Me: Okay He hugged me and kissed me Him: i love you Me: i love you too.. He watched me as i drove away.. I cried in the car i was very hurt why does Theo treat me like this Mara??..... I got to the flat and i thought to myself that other than Nqobile i have one more person who i can confide in.. I took my phone and called herlucky for me she answered. Mercy: Hey you.. I started crying. Mercy: Zee are you alright? Me: No.. Mercy: Is it Theo? Me: Always... Her: Ohhh my darling why don't you just come and spend a night here in my house I wouldn't say no to that. I love spending time at Mercy's house. She is Married to the greatest prophet of this lifetime. Her house is welcoming the atmosphere is peaceful and i feel soo much at peace when I'm there and very loved.

Part 2 the gift

I drove straight to Mercy's house. The reason why i love Mercy is because of the fact that she has been through alot in life and

she has conquered it all that she even have a book called "REDEEMING LOVE" which sold over a million copies..... I arrived at her place and ya her house is mad big and beautiful like a palace. She opened the door and welcomed me in i was all looking around. Her: Give it up Zee this is not the first time you've come here Me: i still can't get enough of your house. Her: it is quite something hey.. Me: True that.. She came and hugged me. Me and her Met in one of her seminars she's a motivational speaker. She has inspired me in ways that I can't even explain..... Her: Would you like something to drink? Me: Yes please Her: I'll prepare sprite and lime for you. I exhaled. Her: What's been happening? Me: alot i don't even know what to tell you She gave me the sprite and she sat down. Her: Its Theo? I nodded while i took a sip. Her: have you tried talking about him regarding this cheating thing? Me: No I'm just scared that he will get angry and it will just start a fight. Her: it sounds like he has angry issues Me: He has a short temper Her: has he ever hit you? Me: No. Her: Its only a matter of time until he does.. Me: He just gets so mad i don't even know what to do or say and it's frustrating because I'm the one who makes him mad. Her: Now you sound like those abusive women who always make excuses for their abusive partners. Me: i can't leave him i love him and his all i have. Her: Zee.. Me: No Mercy you just don't understand.. I grew up at an orphanage right now his the only person i have and he has done a lot for me. Mercy: So because his paying for your everything that means you owe him? Me: the house is quiet where is your husband and your daughter? Her: They went out daddy and daughter day out. Me: That's sweet. You very lucky do you know that? Her: I'm blessed not lucky.. Me: most girls would kill to have a life like yours Her: and most girls wouldn't survive if they had to go through what i went through. Me: It was scary Her: Sometimes i read my book and ask myself if I really went through what i went through.... The door opened and some beautiful woman walked in. Mercy: Kimbella what are you doing here? Kimbella: You know when I'm here there's always an emergency. She hugged her. Kimbella: Where is Ayo? Mercy: Daddy and daughter day out Kimbella: Ohhh moments like that are always priceless. She looked at me. Mercy: ohw ya Bella

meet my friend Zee and Zee this is A family friend of ours Kimbella She stretched her hand to me. Her: Nice to meet you.. I held her hand and what i saw freaked me out. I saw wings protruding from her back. Big white Angelic wings just flapping around. I let go of her hand immediately all shaken up..... I looked at her again and she didn't have the wings. Mercy: Are you okay? Me: Ya.. Im.. I think.. I have to go.. I stood up and got my bag it fell i was Shaking that's how disturbed i was by this.. Mercy: Zee what's wrong? Me: I'm fine!!*shouting* look I'll call you.. I took my bag and went straight to my car. I opened and got it. When i put my hand on the starring wheel they were still shaky.... Me: What the hell was that? Was i losing it? What's wrong with me? I started my car and drove to the flat. I prayed that i arrive alive because of the state i was in..... I finally got to the flat Nqobile was chilling with our two friends and they were drinking Four cousins sweet rose... Mazet: Hey Zee I put my bag down. Me: Hi..

Nqobile: I'll pure you some wine... She got a wine glass and then poured me. I took the glass. Me:

Thank you.. I was still Shaking that i accidentally dropped the glass.. Me: I'll clean that up.. Buli: kwaphuza thina then

kwadakwa wena (we the ones who are drinking and you the one getting drunk) Nqobile: Buli cut it out... I started picking up the glasses... Nqobile kneeled next to me and held my hand.

Nqobile: Let's go and talk Mazet will sweep won't you Mazet?

Mazet: What? Nqobile looked at her.. Mazet: Uhm ya why not I'll clean. Nqobile took me to my bedroom she closed the door and hugged me. I cried on her shoulder. Her: Its okay lovy...

She let me cry without saying anything then when i was calm she sat me down. Nqobile: What's wrong is it Theo? Me: No its...

She looked at me. Her: Talk to me.. Me: i thought that I've just seen an Angel She looked at me with her eyes wide

opened. Me: You see how crazy it sounds? Her: uhm wow.. Are you sure? Me: Would i be this shaken up if I wasn't sure.. Her:

How is that possible? Me: i don't know Nqobile okay! I think I'm losing it. Her: No baby don't think like that maybe you tired or

maybe you thought you saw her but.. Me: i saw her wings flapping around!!! She had wings it happened when I touched

her hand when i let go of it the wings disappeared. Nqobile:
This shit wanna make me have some more of that wine!
What you saying is really deep! Me: So you see I'm crazy? Her:
No don't be crazy.. She hugged me. What just happened did i
see an Angel? Was my mind playing playing games with me?

Part 3 the gift

We drank that whole day I really needed to forget about what happened today and the only thing I trust is alcohol. It has always made me forget about my problems..... I woke up Sunday morning with a serious hangover my head was Pounding and my body was aching. I got out of bed and Walked to the bathroom eish i was feeling some type of way. I brushed my teeth and washed my face then went to the bedroom and threw myself on the bed.... I got my phone i had 10 missed calls from Theo. It's best i stay away from him for now. I laid on my bed until i fell asleep..... I woke up later went to bath. After bathing i dressed up and went to the kitchen. Nqobile was making something to eat. Her: Good morning babe Me: What's good about it? Her: Hangover? Me: You have no idea.. How come you don't have a hangover? Her: i drank black tea without sugar Me: i don't think i can handle that... The whole day was just me lazing around and trying to be rid of this hangover..... ..at around 17:00 Nqobza and i went to McDonalds and got something to eat. Me: i found 10 missed calls from Theo this morning Nqobza: Did you call him? Me: No I'm not in the mood for his temper Nqobza: Won't he be more mad if you don't call him Me: I'll call him later.. Nqobza: We should eat out more often.. Me: That's your way of not wanting to cook Her: i actually find junk food more better than cooking plus we were never taught how to cook. At the orphanage we always had someone cooking for us. Me: We should start learning She laughed. Her: Zee Me: Ya? Her: i don't know if you will still remember what you told me yesterday Me: the Angel issue? Her: So you really did see an Angel? Me: Yes i still can't put mind to it Her: I'm also finding it hard to

comprehend. We finished our meal then went to Pick n pay and bought snacks for later.....we got to the flat and i ironed my uniform. I tried not to think about Theo but if i keep on doing this i might drive him straight into the arms of another woman. I took my phone and called him i was very scared.... Him: Hello Me: Hey it's me.. Him: I've been calling you Me: i know i got your missed calls.. I am very sorry.. Him: Don't apologise i should be the one apologising. Okay that's a first. Him: After how i treated you yesterday i don't blame you for not answering my calls. Me: Its okay Him: Its not Okay.. Zee you are a very special woman and i shouldn't have talked to you the way i did. I'm just soo frustrated at work and you not being here it's just driving me crazy... I didn't know what to say. Him: Are you still here? Me: Yes i am.. Him: Can i make it up to you next week? Me: How? Him: i want you to meet my family i think it's time now. Theo has never really talked about his family and I've never met them so this was big Me: Are you sure? Him: Yes. It's time my family meets you. I mean we engaged to be married so it's time Me: i can't wait.. Him: i love you Me: i love you too Him: I'll call you tomorrow Me: Okay Him: Bye. Me: Bye. I like it when we not fighting..... Nqobza and i watched movies for the rest of the day until it was our bed Time. I went to bath first wore my Pjs and went to sleep..... Halfway through my sleep i had the most strange dream ever. It was at night and i found myself walking in a cemetery. It was Foggy i didn't even know where to go. I was wearing a white night gown. I walked around until i stumbled into some grave and i saw someone sitting ontop of it crying. I couldn't see who it was because the person had their back facing me. I recognised that it was a man because he was wearing a military uniform. It was as if he was a soldier. I went a bit closer. Me: Hello??? The person continued crying.. Me: Hello?? Are you alright? I got closer as i was about to put my hand on the person's neck he turned and half of his face was badly burnt. Him: Please tell my mother where i am.. She needs to know where i am.. I screamed while walking backwards and i bumped into something when i turned around it was the soldier. He was now standing behind me. He held my arms it was a firm grip. Him:

Please you need to tell her where i am! He was Shaking me violently and i was screaming. Then i heard a voice busy saying "Zee wake up" it sounded like Nqobza. She was Shaking me trying to wake me up. I opened my eyes i was very terrified she hugged me. Her: Its just a dream sweetie... She was brushing my hair with her hand. Her: Shhhhh it's just a dream.. It was a dream but it seemed so real.. Nqobza hugged me until I stopped crying. Her: Go back to sleep you were just dreaming... Me: Will you.. Can you please sleep with me? She smiled. Her: Ofcause.. She got in bed and held me we slept with the lights on she hugged me. Her: Its just a dream sweetie... She was brushing my hair with her hand. Her: Shhhhh it's just a dream.. It was a dream but it seemed so real.. Nqobza hugged me until I stopped crying. Her: Go back to sleep you were just dreaming... Me: Will you.. Can you please sleep with me? She smiled. Her: Ofcause.. She got in bed and held me we slept with the lights on but honestly i didn't sleep. I couldn't sleep after what i saw i only fell asleep at around 02:00am..... I was woken up in the morning by the alarm clock it was around 5am. I got up and went to shower honestly i was very tired i wanted to sleep..... When i was done showering i went to clothe. I noticed that i had marks on my arms. Red marks as if like i got burnt then i remembered my dream that soldier holding my arms. This didn't make sense at all. I dressed up and went to the kitchen Nqobza had already poured some cereal for me. Her: Eat so you can get strength Me: I'm not hungry Her: Come on babe it's gonna be a long day you need the strength... I ate and then we went to school... We got at school and attended the our classes my mind was far away i was mostly thinking of the dream i had..... 14:00 came and we went to the hospital Gorge Mukhari hospital that's where we do our practicals.. I was working in the TB ward today..... While i was busy working i heard some noise i wondered what was it all about until i saw Mercy walking in. The way the patients and Nurses were cheering her up you'd swear that mother Theresa or Maya Angelou had walked in or even Oprah. She was greeting the patients giving them hugs Blessing them and wishing them a speedy recovery. I wondered what she was doing here. Her:

Zee I'm here to see you She was walking with the matron
Matron: Zee why you never told me that you are Friends with
this powerful and God fearing woman? I just smiled Mercy: You
don't have a problem matron if i just steal her for a couple of
minutes.. Matron: Its okay she can have the whole day Mercy:
Bless you Matron Matron: I receive. I took my bag and we went
to her car. It was hard walking to her car with all the crowd that
was taking pics and following us others wanted to take pics with
her others just wanted to touch her others wanted her to bless
them... We Finally made it to her car. People were still standing
aroundlooking at us Me: must be really nice to be this famous
and admired Her: I'm not here for that Me: Then you are here
for what? She exhaled Her: Did you see Kimbella's wings that
day? I swallowed hard. Me: i don't know what you talking about.
Her: Kimbella is an Angel and no one can see her wings. I'm
married to the most powerful Prophet but even i i cannot see
her wings no human being can see her wings.. Me: i Really
don't know what you talking about Her: i think you do.. Me: No i
don't.. Her: Yes you do! If you didn't then why did you freak out
after touching her hand? I kept quiet. Her: Zee you need to talk
to me so i can help Me: i don't need help Her: Yes you do!
Something is happening to you something big and it's scaring
you. I can see it in your eyes.. I started crying.. Me: i... I really
don't know what you talking about.. Her: Look we can talk to my
husband I'm sure he can have an explanation Me: Mercy for the
last time I'm fine! I opened the door Her: Zee I looked at her
Her: You really need to find out who you are before its too late..

Part 4 the gift

I drove back to the flat i was very tired mainly because i didn't
sleep last night. So when i got to the flat i decided to rest a
little..... I didn't have the dream but something more
strange happened. I heard someone banging on the door like
serious banging. I couldn't ignore it because it was very loud so
i decided to wake and see who it is.. I got out of bed and went
out of my bedroom the Banging sound came from the

bathroom. I slowly walked up to the door it was closed. I opened it but i didn't go inside i stood by it when it came back flying and closed it was almost as if someone was closing it from the other side. I freaked out. I stepped back until i was at the corner and i sat there with my hands covering my ears because the Banging sound was becoming loud and a voice of a child was screaming in the bathroom busy saying "Let me out i won't do it again" I really didn't know what was going on with me..... After a while it was Quiet. I slowly Stood up all Shaking. I went to the bathroom to check who it was and there was no one am i really going crazy or what? I went to my bedroom and took my phone. I called Nqobza but she didn't pick up i figured she was still doing her rounds at the hospital..... I went to the kitchen and poured myself a glass of wine one glass became 2 glasses then 3 glasses until i eventually got drunk and went to sleep..... I woke up after a few hours it was dark i didn't know what time it was I was woken up because i felt like i was having stomach cramps. I put my feet on the floor the floor felt wet. I looked down and i saw blood my feet were in a pool of blood i screamed with my hands covering my face..... Nqobile came to my room. Her: Hey what's wrong? She sat next to me. I removed my hands from my face Nqobza: What's wrong? I looked down and there was no blood. Nqobza: Zee I'm starting to get very worried about you Me: i don't know what's happening to me *crying* She hugged me. Her: Its okay we'll figure this out together. I wish i knew what was happening to me.... Nqobza slept with me again that night i didn't have the dream because i drank a few glasses is wine before sleeping..... I woke up in the morning and went to shower then dressed up. I got an sms from Theo saying his gonna come later. Nqobza was at the kitchen busy sorting out her textbooks. Her: Morning Me: Hey Her: You look tired Me: more like hung over Her: Ya you went hard on that wine.. Me: i didn't go hard enough.. Her: Don't you think you should go and see a professional? Me: A shrink? Her: psychologist Me: I'm not crazy! Her: i never said you are i just think that a psychologist will understand what you going through Me: I'll think about it. I walked to the fridge and got Four cousins it wasn't alot that was

left Nqobza: Whoa! Wait are you crazy? You can't drink you going to school. Me: i doubt this will even get me drunk Her: i say no! She took the bottle and poured the content that was inside down the drain Me: Fine be like that you'll catch a cab to school! I took my bag and Walked out to my car then drove off..... School was boring as always was just attending classes nothing new or major. During lunch Mazet said we should go to her room. She was living at the Res in school. We went to get something to eat at the cafeteria first then after walked to her room which was far. It was me Mazet Buli and Nqobile. Buli: We should've taken your car Zee.. Mazet: i can feel the distance Me: i don't have petrol to play with my Fiancé gives me cash for petroly from school to home. Not from school to mazet's room They laughed. Buli: But Zee your Fiancé is hot shame Buli: He is yazi can you at least hook me up with one of his friends Nqobza: ya like prof Zwane We laughed Buli: Hai ngeke! (never) Nqobza: But they Friends Buli: Hai mubi uZwane(Zwane is ugly) it's like he eats onion everyday We laughed..... We got to mazet's place. We ate and then talked about Girl's staffuntil it was time to go to the clinic. Me: Let me go and pee fast before we leave. I went to the toilet to pee then went to their bathroom in her corridor to wash my hands. In the bathroom it was 3 showers and two basins..... While i was washing my hands i heard someone singing in the shower and the water running which was weird because it was empty when i came in..... The person had a beautiful voice it was a Girl's voice. I closed the tap after Finishing washing my hands i looked around and the voice came from the last shower. The curtain was even closed. I slowly walked there. Me: Hello.. The person kept on singing.. I walked until i got there. I stretched my hand to open the curtain when i was about to open the curtain i felt a hand touching me on my shoulder. Voice: Hey.. I jumped in in Terror. I turned around and it was Mazet. Me: Fuck don't ever scare me like that! Her: Sorry I looked at the shower there was no one the curtain was opened and the water wasn't running.... Her: Ready to go? We even late Me: Ya let's go.. We went to her bedroom took our bags and started walking.... They were talking about

random things. My mind was still thinking about the girl in the shower.. Me: Mazet can i ask you something? Her: Ya? Me: Did someone die in the shower at your Res? She exhaled. Her: Don't even go there Me: What's wrong? Her: i once heard of a story of a student who hanged herself in the shower Buli: Really? Mazet: Ya no one uses the last shower because we believe it's haunted. People say sometimes at night when they pass by there they could hear her singing Nqobile: Bullshit! Buli: So you trying to say she died while Singing? Mazet: i think so... But i don't believe any of that i think they just trying to scare us. Buli: could be.. Nqobza: Its just a fairy tale story i tell you. I looked at them while they were talking. It could be a fairytale story or it could be real.

Part 5 the gift

I did all my rounds at the hospital started at 14:00 then knocked off at 17:00..... After the rounds Nqobza and i went straight to the flat. We didn't do much just ate and i watched movies on my laptop which i fell asleep. It was better falling asleep while watching movies with my headsets on because then i didn't have those awkward dreams..... I woke up later because i had to meet Theo. I bathe and dressed up for the occasion then went to wait for him. His Audi A6 showed up after 10 min of me waiting for him i got in. Me: Hey Him: Nae.. Me: How are you? Him: I'm good.. car he held my arm.... Him: i was thinking that we can be
spontaneous Me: I'm not following Him: have sex in the car..
Theo is something else when it came to sex he always want me
to do this freaky things. I don't know if that came from the
women he slept with or what. We went to the back seats with
me sitting ontop of him. We kissed busy letting our tongues
play around with him squeezing my breasts very hard that it
was a bit painful. Me: Not so tight Him: Sorry I'm just obsessed
with your breasts I smiled. We continued kissing then he took
off my t-shirt and continued squeezing my breasts.. After some
time we finally got both our clothes off. He roughly slid his hard
shaft inside of Me which was a bit painful because i haven't had
sex with him for a while since we don't live together. He was
busy sucking my breasts and i was going up and down. We
never use a condom he just doesn't wanna use a condom with
me but lucky I'm on that contraceptive injection.. When he was
about to come he held me tight on my waist and made me
increase the pace..... After a few minutes we were finally
done we dressed up and went to the house. I decided to bath
then wore my pjs and he went to bath after me. His phone rang
while he was bathing caller ID was "Sindi. Weekend" i didn't
answer it cause as much as i wanted to answer it he would
strangle me. I knew that it was one of his bitches but what can I
say or do? Because everytime that i confront him about this we
end up fighting.... This person of his didn't stop calling even
sent messages i just looked at his phone..... He came into the
bedroom when he was done he kissed me... Him: I'm glad that
you here.. His phone beeped. He took it and checked it he
kissed me... Him: I'm glad that you here.. His phone beeped.

He took it and checked it he then clicked his tongue and threw it on the bed.... Me: Who was that? Him: No one important We didn't do much just had sex until my vagina had that burning sensation and that's when we stopped..... I was tired to go bath again so we just slept. I had that soldier dream again it freaked me out that i screamed and Theo woke me up... He hugged me. Him: It was just a nightmare you okay Me: It feels so real *crying* I was all sweating. Him: What was it all about *wiping my tears* Me: i don't really remember but I know it's just scary... I know very well what it's about i just don't think he will take it lightly if i told himhe cuddled me as we slept..... I woke up in the morning a bit late Theo was getting dressed. Me: Why didn't you Wake me up? Now I'm gonna be late for my classes Him: Good morning to you too... Me: Sorry good morning I got out of bedand Walked to the bathroom. Him: i don't think you should go to school today Me: i can't miss my clinical blocks Him: my mom is coming Naledi i won't be around I'll be at work so can you just stay at home just for today? Me: School is important Him: i fucken pay for your fees so don't tell me that shit Me: I'm going I said that while walking away.. Him: Naledi... He followed me then put his hand on my throat all choking me.. Him: Don't fucken piss me off!! I tried to remove his Hand but I couldn't he let me go. Me: i can't do this anymore Theo He looked at me Me: I'm done with you! Him: What the fuck did you just say? Me: i can't take the abuse and cheating no more I'm done.. As i was walking out he pulled Me by my hair and threw me on the floor then started kicking me. The was a specific sensitive place where he was kicking me and that was my womb until i protected myself by putting my hands there then he kicked me on my back. I didn't know where he got all that strength from i was all crying and screaming but he didn't stop... Probably this is how I'm gonna die.

Part 6 the gift

Theo and i have been in a relationship for 2 years now and he has never beat me before until today. His temper Is getting worse each day it's like everything i do or say pisses him off. After all that beating he walked out. I was on the floor crying all alone and in alot of pain. I slowly got up my womb was very sore and i was bleeding but wasn't too much. My whole body was aching. I put on a sanitary pad for the bleeding and sat on the bed thinking deeply. I truly wanted to die i hate God for everything he took my parents away from me then he got me to live this kind of life..... After hours of thinking and crying my phone rang it was Nqobile. I wanted to ignore Mara i know that bitch makes an issue of everything she might even come herei answered..... Me: Hey (Sniffing) Her: Hey bhuba where are you? Me: i.. Uhm Her: Don't tell you not coming to school You know we have a major test at 14:00 it's a first semester test. Eish i forgot that today i was supposed to write my Anatomy test. Her: Where are you? Me: i can't come. Her: What are you talking about you cannot come? Zee..

Me: Nqobile please (Crying) Her: Zee what's going on? I hung up my phone she kept calling but i didn't answer..... Do you know the pain of losing your parents? That's shit you never get overand then i have to endure this abuse and cheating from Theo it's too much..... I don't remember much of my childhood but sister Makie the one who runs the orphanage told me that i was in a very bad state when they found me. I was dirty bruised i was just a mess. She told me that when they took me to the doctor the doctor checked me and found that i was sexually Assaulted. Sister Makie said i was 5 or 6years the way i was soo traumatised i never said a word to anyone they thought i was a mute until the age 10... Theo knows all about that but still his putting me through another pain..... Theo sent me an Sms that his mother will be arriving in about 10 min time... I didn't wanna piss him more off i decided to wear my gown and washed my face. My eyes were red and swollen. I slowly walked to the kitchen to wait for her..... Indeed she showed up such a beautiful woman had the most beautiful smile ever. Her: Hello you must be Naledi? I smiled Me: Yes i am had the most beautiful smile ever. Her: Hello you must be

Naledi? I smiled Me: Yes i am please come in.. She came in with her luggage bag. Her: Its good to finally meet you Theo has told me alot about you Me: Its good to finally meet you too Her: He said you studying to be a nurse? Me: Yes i am.. Her: Ain't you supposed to be at school? Me: uhm.. I.. I don't have classes today Her: Okay well sit down I'll make us some tea and cookies then we'll talk Me: i can make the tea.. Her: Are you sure? Me: Yes.. Her: That's lovely dear.. She sat down at the kitchen table.. I went and heat up the water. When i tried to reach up for the mugs my back started aching that i dropped the mug. Me: I'll pick it up.. I tried to bend but my womb didn't allow me.. Her: Let me help you.. She came to pick up the broken pieces and put them on the kitchen counter and looked at me. Her: What's wrong Naledi? I faked a smile Me: I'm not following Her: You soo much in pain i can see. Every second you get you put your hand on your womb or flinch in pain.. Me: i just have period pains that's all Her: Your eyes are red. It shows that you've been crying. I know that we do not know each other but please talk to me. I looked down... Her: Is Theo hitting you? I looked at her. Her: Don't try to defend him.. Me: i.. It was my fault. I made him Angry.. Her: Let me see.. I was starting to get scared i really don't want Theo to think that I'm bad mouthing him to his mother. Me: I swear it's my fault.. Her: Where did he hit you? I lowered my gown and turned around... Her: Ohh my God! Me: Please don't confront him about this. Her: I'm gonna call him now! I held her arm my hand was Shaking that's how scared i am of him Me: Please he will kill me.. I saw tears In her eyes. How can a stranger feel my pain.. She smiled through her tears... Her: Go lie on the couch I'll be with you now now.. She helped me to the couch... After a few minutes she brought a bowl with water. Her: Where should we start? I told her about him kicking me on my womb.. She took a mini towel dipped it in the water then put it on my womb. It was hot and a bit painful Me: Ouch.. Her: You gonna be alright. After some time the towel was soothing. She did the same to my back while humming a song. I wondered how could this humble woman give birth to a monster like Theo... When she was done she made me something to eat then gave me

painkillers..... I slowly dozed off but it wasn't long until i had the soldier dream.. She woke me up.. Her: You just dreaming it's all a dream She put her hand on my forehead. Her: You burning up i should get you panado.. She got me some panado.. Her: What is the dream about dear? Me: Its just me walking In a graveyard and i bumped into this soldier whose crying that i need to tell his mother where he is.. Her: Do you know him? Me: Not at all.. Her: Then it's weird.. Me: i just wonder what the dream is about.. Her: Can you describe how he looks like? I described him to her i couldn't get a clear description because half of his face was bent i saw her eyes widening. Me: Are you okay? She stood up and went to the kitchen she then came back with a pic.. Him: Is this him? I looked at the picture it looked exactly like the soldier in my dreams Me: That's him... She put her hand on her chest and closed her eyes. Her: That's my son.. That was shocking.. Her: He was a soldier he was deported to Afghanistan 4 years ago then I've never heard of him.. All this years i couldn't eat or sleep i always wondered what happened to him no one could tell me where my son is.. I could see the pain she was in and tears falling.. Her: i need to know what happened to my son is he dead or alive.. Me: I'm very sorry.. She couldn't control her tears anymore Her: if you have the same dream again can you please ask where he is? I need to know where he is so i can bring him home.. I went closer and put my hand on her back.. Me: I'll ask him.. Why is this happening to me?

Part 7 the gift

This is hard here i am caught up in this family issues. I don't even know her son why i keep on having such dreams about him i don't know..... We chilled all Day just talking about Random things then later she cooked dinner. When i bathe that night she told me to use salt.. We had dinner when i was done bathing she had cooked chicken stew and dumplings. Was a very good meal. Me: This meal is good maNkosi thank you Her: You welcome dear.. I could see that she was down. Me: This

issue about your son i see it doesn't sit well with you Her: I'll be okay don't worry about me just that this thing has always been a wound to me.. Theo came in as we were having dinner my mood changed instantly. My heart was beating fast. I have grown to be very scared of him. Him: Good evening.. Me: Evening maNkosi didn't say anything she was mad i could see and i was just praying that she keeps her mouth shut. Theo: Ma it's good to have you here.. She still kept quiet. Theo sat down. Him: Something smells good. The silence was very awkward. Theo dished up. Him: My favourite meal you don't know how happy i am that you here... maNkosi stood up. Her: Naledi would you like some home made custard? Me: Yes please i can even help you dish it up Her: Sit down. He gave Theo a weird look Her: You need to rest your aching body. Theo dropped the fork on his plate. What is maNkosi doing Mara he wants Theo to kill me.... Theo: It was a mistake Ma.. maNkosi: a mistake? You almost killed this young woman did you see the damage you did to her back? I don't wanna mention her womb! She's in alot of pain and all you have to say is it was a mistake. Theo: i didn't do it on purpose i just lost it.. maNkosi: i don't know why you just can't be like your brother! He has never troubled me like you! Theo got pissed.. Theo: That's the problem mom! You have never been proud of me! Everything i did was to make you proud but no you've always Preferred Kagiso over me! He was always your favourite child and me? I was a burden to you you've never loved me! maNkosi: How can i be proud of you when you acting like this? Should i be proud that you beat women? Theo stood up and started walking to the bedroom. Theo: You should've never came! I was sitting there like a chicken that had been poured by hot water. maNkosi: I'll go and prepare the custard for us.. She went to the kitchen and got us the custard. I closed my eyes and exhaled trying to absorb what just happened. I opened my eyes to see Theo's brother sitting across me i freaked out. Him: Please you need to help me! I closed my eyes. Him: My mom needs to know the truth! I closed my eyes hard. Me: This is not happening.. This not happening.. This not happening.... I then heard someone calling my name. I opened my eyes it was maNkosi Her: Are

you okay? I looked around and Theo's brother wasn't around anymore. Me: Yeah im.. Uhm.. I'm fine.. Her: Are you sure you don't wanna lie down a little? Me: No I'm fine (Smiling) She handed me the bowl with custard. Me: Thank you My hands were Shaking i put it down. She sat down across me and cleared her throat. Her: I've been thinking I looked at her. Her: Maybe we should see a Sangoma.. Okay now she's losing it. Me: uhm.. I don't mean to be rude but i don't believe in those people Her: That's the only explanation we gonna get on why you seeing my son i freaked out. Him: Please you need to help me! I closed my eyes. Him: My mom needs to know the truth! I closed my eyes hard. Me: This is not happening.. This not happening.. This not happening.... I then heard someone calling my name. I opened my eyes it was maNkosi Her: Are you okay? I looked around and Theo's brother wasn't around anymore. Me: Yeah im.. Uhm.. I'm fine.. Her: Are you sure you don't wanna lie down a little? Me: No I'm fine (Smiling) She handed me the bowl with custard. Me: Thank you My hands were Shaking i put it down. She sat down across me and cleared her throat. Her: I've been thinking I looked at her. Her: Maybe we should see a Sangoma.. Okay now she's losing it. Me: uhm.. I don't mean to be rude but i don't believe in those people Her: That's the only explanation we gonna get on why you seeing my son and what he wants to tell you.. Me: maNkosi Her: At least say that you'll think about it.. Me: Okay.. She smiled. We ate the custard then it was time to go to bed. I was very scared of going into the same room as that monster. maNkosi: Don't worry he won't beat you when I'm around.. She gently hugged me... Her: Good night Me: Night.. I walked up to the bedroom i said a 10 seconds prayer before entering. I opened the door and Walked in. Something was not right because it was like i was walking into a cemetery instead of my bedroom with Theo. There was Graves everywhere there was a mist and it was dark. I heard someone crying i looked around and saw Theo's brother sitting on a grave and crying. Everything happened just like in my dream but this time around it was like what was happening was for real i wasn't dreaming but i was in the dream... I got scared i tried walking Away but

then i stopped. Me: You want me to help you with something? He turned around and looked at me. I couldn't see him anymore only to find that he was standing behind me. Him: Please help me.. I jumped. I don't know how he moved from there to here so fast. Him: Please Naledi.. Me: How do you know my name? Him: i was supposed to go to Afghanistan but i didn't make the trip something happened to me something bad.. Me: i don't follow Him:
We need to find out what happened to me the day before I was supposed to go to Afghanistan.. My mom thinks I'm at Afghanistan but she needs to know that i never made the trip. Me: Do you.. Do you remember anything? Him: All i could see is just flames i was burning.. I tried screaming and calling for help but he walked away Me: i don't know what you talking about? Him: He had so much hate in his eyes i could see the hate he had for me... Me: You need to make me understand.. I heard someone calling my name.. Him: No don't wake up we not done... His presence was disappearing.. I opened my eyes and it was maNkosi she was waking me up i had fallen asleep on the Table Me: What happened? Her: i think you fell asleep when I went to cook the custard sorry i took so long I burnt it at first. She handed me the bowl... Me: Didn't we have custard already? Her: No what you talking about? This was weird.. Me: i.. Wasn't i going to bed? Her: No Theo went to the bedroom after our argument and i said I'm coming I'm going to make us custard.. I think i took soo long that you fell asleep. I don't blame you though the panado must've gotten to you.. Me: Ya it must've.. This was surely weird..

Part 8 the gift

I went to bed that night Theo and i we were sleeping side to side like strangers. I kept thinking about what his brother told me everything didn't make sense at all..... I was woken up that morning by my phone ringing it was Nqobile. I ignored i wasn't In the mood for her and her lectures..... I got out of bed and went to bath i then went to the kitchen Theo's mom was

making breakfast. Me: Good morning She looked at me and smiled. Her: Morning how are you feeling? Me: still in pain but I'll get there Her: Sit down I'll dish up for you soft porridge. I sat down. She dished up for me even brought margarine milk and sugar for me.

Me: Thank you She sat down opposite me. Her: When are you going back to school? Me: When your son decides that it's time for me to go back to school. Her: Naledi.. Me: maNkosi please.. Her: Okay im not saying anything. Me: Can i ask you something? Her: Yes. I cleared my throat. Me: i don't mean to open up old wounds but i would really like to know what Happened to Kagiso especially before the day he left. Her: Haii im not sure i don't wanna lie..all i know is that Kagiso was very passionate about serving his country. The last time i saw him was a week before his departure Me: You never talked to him before he left? Her: No i didn't. She looked at me. Her: uk'buziswa yini? (why do you ask) Me: Just asking nje i wanna know more about the Nkosi family Her: There's nothing much to know. My husband worked at a mine and he died when Theo was still a baby.. He never got a chance to meet him. Me: That's sad Her: He was a very loving man.. Then i.. She stopped talking. Me: Then you? She smiled. Her: Don't you want something else? I was thinking of baking scones Me: i would like to taste them when you done Her: Then i better get started. She stood up and went to the kitchen to bake. Me: I'll come when you done Her: No problem.. I stood up and went to the guest room where she was sleeping. I know going through someone's things is not right but i really need to find out what's going on with this family. I searched her things and unfortunately there wasn't anything suspicious that i found so i just gave up....I went to my bedroom and forced myself to sleep in hopes of having the same dream again. If I'm supposed to help this person then they ought to tell me what really happened..... I tried sleeping but I couldn't fall asleep...I got up from the bed and went to pee when i came back i was stunned to see Kagiso sitting on my bed. Me: Am i dreaming again? He looked at me Him: Can you see me? Me: Yes i can.. One moment he was sitting on the bed then the next he was

standing behind me. Him: Then you have to help me. I jumped.
Me: You freaked me out! Him: Sorry i didn't mean too. Me:
Don't you even remember what happened? Him: No i don't
remember Me: Then i don't know if i can help Him: No you have
too. You need to find out what happened to me so i can rest in
peace. My soul has been wondering around I'm lost i cannot
find my way home. Me: Then how did you find me? Him: i didn't
find you you found me.. I sat down on my bed... Me: Fine I'll
help you but you need to remember what happened Him: I'll
try.. Me: i need to check up on your mom at the kitchen.. I
walked out to the kitchen before i could even reach there he
was already therestanding next to his mother. Him: i remember
she used to bake this scones for me and Theo when we were
young. I went up to his mother. Me: How far are you? Her: I'm
getting there..you know i used to bake this scones for Theo and
Kagiso when they were young. Me: That's sweet Her: Although
they were enemies standing next to his mother. Him: i
remember she used to bake this scones for me and Theo when
we were young. I went up to his mother. Me: How far are you?
Her: I'm getting there..you know i used to bake this scones for
Theo and Kagiso when they were young. Me: That's sweet Her:
Although they were enemies always fighting.... Kagiso: i
remember now.. I remember what happened.. Come i need to
show you something! Me: maNkosi can i please be excused?
Her: No problem.. I went up to the bedroom and he was there.
Him: Hold my hand I'll show you I held his hand and
immediately we were walking through a dark place. There was
trees grass etc.. It was like a forest. I then saw headlights a car
was coming. It then stopped before us i saw 3 guys getting out
of the car one of them being Theo.. Me: What's happening?
Kagiso: Shhhhh we are reliving what happened to me... They
looked a bit drunk and they were laughing. They went at the
back of the car then i saw them dragging something. I heard a
voice that was crying and begging them to stop. When i looked
closely it was Kagiso. He was wearing his soldier uniform. He
was all tied up and because of the bright lights of the car i could
see that he was bleeding. Kagiso: Theo please stop im begging
you *Crying* They laughed at him. Kagiso: You cannot do this

we are brothers *crying* Theo laughed.. Theo: Did you hear that Gents? Now he wants to be my brother. One of the guys pissed on Kagiso... My heart was bleeding what was happening to him was cruel. Theo kicked him alot of times while Kagiso was crying and begging for his life. They then took him and locked him inside the car then burned him alive. I could see the pain in his eyes as he was crying and hitting the window while Theo and his friends stood there and laughed..... After all that scenario we were back into the bedroom. I couldn't believe what i saw i was very shaken up. Me: No.. Please.. Don't tell me that Theo did that to you.. Him: Now you know the truth. Please tell my mother so that i can be free and rest in peace because my soul is trapped here because of the tears she cries every night. I'm not supposed to be here the dead and the living cannot be in the same place.... Please tell my mother you are the only person who can help me... This is a big task for me i don't think that I'll be able to carry it out. I mean how do you tell someone something like that..

Part 9 the gift

I had a big task ahead of me. I really didn't know how i was gonna handle this situation i swear..... The day went by Theo's mom prepared supper she's a great cook by the way. Dr: What happened.. Theo: We had a minor car accident Not long ago. Dr: That's terrible I'm sorry. I'll let him get away with the lies. Dr: Unfortunately your womb is Scarred Me: Meaning Dr: Meaning alot of Damage had been caused to the womb during that physical trauma. (My lord) Dr: I'm truly sorry Theo: is there nothing you can do? Won't it heal? Dr: If i can put it in the lamest term is that her womb is swollen on the inside and that's how it's going to remain for a long period of time. You gonna have cramps every now and then. Although I would like to see you everyday 6 months for a pap smear because you are at a high risk of having womb cancer. maNkosi was just shaken by this news I was too but then it's no surprise because vele nothing Good happens to me. Her: How dare you talk about my son like that! I know Theo and his brother never got along but Theo will never do something like this! Me: maNkosi.. maNkosi: Shut up! I've been nothing but good to you why are you hurting me like this? She then walked out..... Theo: Where do you get all of that? Me: Your brother came to me Him: My dead brother came to you? Can you hear how crazy that sounds? Me: You can deny all you want but we know the truth. You killed Kagiso in a very cruel way. You and your friends that night made a mockery out of him. You beat him senseless pissed on him treated him like he was a dog. Theo: Shut up Naledi.. Me: You trapped him inside of that car then burnt him the agony in his eyes you walked away as he was begg.. Her: Can you see me? I shook my head no Her: You wouldn't be Shaking

your head if you can't see me and hear me... In a blink of an eye she was all up in my face i almost freaked out. Her: Please tell her! Tell her that the only way to defeat the Pandora is through Joy.. Joy holds the weapon that can defeat the Pandora for good.. Nqobile put her hand on my shoulders. Her: Are you okay? I smiled this ghost was starting to irritate me.. Her: Tell her it's Jay.. I tried ignoring her but she driving me crazy. Me: The only way to defeat the Pandora is through Joy.. Joy has the weapon to defeat the Pandora. A message from Jay. There was a moment of silence everyone looked at me.. Cody: What did you just say? I really didn't know what to say what if they think I'm crazy? Me: i... Kimbella: it all makes sense now.. Joy's innocence can defeat the Pandora what if they think I'm crazy? Me: i... Kimbella: it all makes sense now.. Joy's innocence can defeat the Pandorawhy didn't i think of that. Jay: ask her why she can't see me? I cleared my throat. Me: She's asking why can't you see her? Kimbella: Because i can't see evil she still has the mark of Isis. Jay: Please tell Kayla that the guy she's dating is not good for her. Me: kayla the guy you dating is not good for you. Cody looked at kayla. Cody: You have a boyfriend? Kayla: i think i need to put joy down she's tired. Excuse me. Kayla started walking upstairs with Cody following her Cody: You have a boyfriend? Kayla: Gosh Cody I'm 21! Cody: Don't give me that! Mercy: Come on Nqobile I'll show you where you sleep. They walked away i was only left with Kimbella. Her: I'm sorry about the other day i didn't mean to scare you.. Me: Its okay. Her: You have a gift Naledi. You have the sixth sense I didn't say anything Her: i know it scares you but we here to guide you. Me: "we" Her: Me and prophet Badru... The door opened and the Prophet walked in.. He had someone who was carrying his luggage for him. Kimbella hugged him. Ayo: Where is everyone? Kimbella: upstairs He looked at me. Such a classic man. Mercy was lucky. Him: Naledi right? Me: Yes.. Him: Nice to finally meet you.. My wife told me alot about you Kimbella: Ya and we need to guide her through her gift.. Ayo: Can we do this tomorrow I'm very tired and i miss.... Mercy: Baby!!!

She was coming from upstairs and she ran up to him all hugging him and kissing him.. Mercy: i missed you Ayo: i missed you too I was a bit jealous i mean Mercy was lucky to have someone like Prophet Badru. Kimbella: alright we get the message... Mercy: I'm sorry just that I've missed him.. Kimbella: Let me also go to my man.. She walked upstairs. He looked at me. Him: I'm sorry but are you in pain right now? Me: Pain? Him: think cramps in your womb or something like that? Me: Uhm i do... He took Mercy's hand and put it on my womb. Him: Leave her! As he was saying that i felt the cramps getting a bit worse. Ayo: i said leave her!!! I was all screaming Mercy was holding me.. Ayo: She's not gonna have womb cancer she's not gonna have any problems with her womb i command you to leave her now!!! I felt something moving from my womb then after a few seconds i was fine.. Mercy: You alright sweetie you alright. I was just confused. Ayo: Sorry i was getting rid of the evil spirit and demon that's supposed to give you womb cancerwe'll talk about your Gift
Tomorrow now I'm very tired i need to rest.. He walked upstairs.. Leaving me with my mouth opened Mercy: Let's go I'll show you where you sleep.

Part 11 the gift

I went to sleep Mercy's house was just too beautiful and very big must've taken forever to build it. Nqobile: Do i even have to ask? Me and her where sharing a room i felt safer when she's close to me. Me: What are you talking about? Her: You talking to ghosts? Me: Apparently i have a sixth sense. We kept quiet for a while. Me: We still cool? Her: Yes as long as your ghosts stay away from me We laughed. Me: Thank you for saving me Her: You welcome Me: How did you know that my life was in danger? Her: You weren't answering my calls you were missing school like crazy. I know that's not like you. Me: You really

saved my life. Her: So you going back to him? Me: i don't think so. I love him yes but his too damaged mentally Her: I've always known that the was something wrong with that guy. I wasn't gonna tell Nqobile about Theo especially Theo killing his brother nje I'm not gonna tell anyone..... We woke up the following day and prepared for school. We didn't even know how we were gonna get to school especially because my car was at the flat. My phone beeped it was a message from Theo which read "if you don't bring your Ass Back home just know i want my car back and you'll pay for your own fees" I threw my phone on the bed and clicked my tongue. Nqobile: What's wrong? Me: He wants his car back and his not paying for my fees anymore. I sat on the bed. Me: i don't even know why I'm going to school if my fees won't be paid. Her: We'll think of something. How about you apply for NFSAS Me: That shit has done played with students. Her: Mercy? Me: She has done a lot for me i don't wanna bother her. Nqobile: But.. Me: No we not gonna bother Mercy.. I hate being a charity case people pitying me and all that. There was a knock at the door Mercy came in with Yolanda Her: Are you girls ready for school? Nqobile: Yes we are Mercy: Come I'll drop you off at school.. We stood up and went to eat breakfast. Me: Where is Kimbella and Cody? Her: They left this morning they just came to drop off the kids.. Me: Doesn't kayla have school? Mercy: She was suspended.. Don't even ask why.. Prophet Ayo came in the roomhe greeted us and we greeted back. Yolanda: pofet Ayo (Prophet Ayo) Ayo gave her a weird look. Him: Its dad to you... Yolanda: Daddy pofet Ayo We laughed. Ayo picked her up. Ayo: Its time to go to preschool young lady Yolanda: Bye Missi (Mercy) Mercy: Bye.. They left. Mercy: i wish she can call me mom already Nqobile: Kids will be kids.. Mercy looked at me. Her: Did Theo contact you? Nqobile: Yes he did to tell her that his no longer paying her fees I gave Nqobile a serious look. Her: What? It's the truth. Mercy: He was paying your fees? Me: Yes but I'll find a way to pay my fees... Mercy: Honey don't be scared to ask for help Me: i don't need help! *shouting* Nqobile: Zee.. Me: Zee what? I'm tired of people pitying me! Yes my parents died i don't have any family of my own but I've always

taken care of myself! They kept quiet. Me: I'll fetch my bag. I went upstairs to get my bag. Yall don't understand how difficult it is for a girl like me. I don't wanna be pitied that's one thing I hate people take advantage of me because I have no one like Theo did..... I took my bag went downstairs and Mercy drove us to school. I attended classes that day very worried that Theo might show up and start war. Luckily for me he didn't. At around 13:00 during lunchtime Nqobile and the girls accompanied me to the financial department to get The NFSAS forms unfortunately the closing date was last week. We walked out of there very department. Buli: Can't they even make an exception? Me: i knew this was gonna happen nothing Good ever happens to me! Mazet: Don't talk like that girl nothing Good ever happens to me! Mazet: Don't talk like that girl God will.. Me: God? Don't tell me about God right now! Mazet just shrugged her shoulders. Buli: Let's go to my room we'll eat lunch there Me: Go I'll meet up with yall i need to return my textbook at the library Nqobile: I'll walk with you. Me: I'm fine plus i need time alone. I went to the library and returned my text book then walked back to Buli's Res. Her and Mazet were roommates. I passed by the bathroom and heard the girl singing with water running..... I went in and went to the last shower. Me: Hello... I slowly opened the curtain there was no one I was a bit scared. The water was running though. I turned off the tap when i was about to walk out i felt a rope around my neck i was slowly lifted up with the robe around my neck strangling me. I tried screaming but the rope was too tight. A naked girl stood before me she was wet. Her: That's how i died*shouting* The rope was tight I couldn't breath. I heard someone touching me on my shoulder. I turned around and it was Mazet. Her: What are you doing here? I looked at the shower the curtain was opened there wasn't anyone.. Mazet: Come on our food is getting cold. I went back to the room with her and we ate. I saw Nqobile looking at me. Me: What? Her: Your Neck.. The girls looked at me. Buli: looked like someone was strangling you.. I went to check myself in the mirror it looked like a mark that the rope left. It was a red mark. Me: Its just rash Buli: Doesn't look like a rash.. Me: Well it is! Yall

bitches have a problem with that? They shook their heads no... After lunch we went to do our hospitals blocks then after went home. Mercy had someone come pick us up she couldn't pick us up..... We got home and the maid told me that Mercy wanna see me she's at the garden. I went to the garden. She was sitting under a tree with someone looked like they were eating lunch. Mercy: Here she comes.. Mercy stood up. Mercy: Hello Dear meet a dear friend of mine Taylor Duvenhage he is here to talk to you. She looked at him. Mercy: Taylor this is Zee the lady i was telling you about. This Taylor Guy stood up and stretched his hand to me. Him: Nice meeting you Zee.. He smiled and all i heard was "Zee" i heard nothing else after that.

Part 12 the gift

This Mr Duvenhage is very good looking we sat down. Mercy: Taylor is a CFO at the Reserve bank of South Africa Me: That's nice.. There was something about his smile and those pink lips hmmm. Mercy: should i leave you guys to talk? I gave her a weird look she winked at me then stood up and went. I poured myself the juice that was at the table and i drank without stoppinghe looked at me. Him: You must've been really thirsty I nodded my head yes. Him: I'm gonna get straight to the point. Mercy Is a good friend of mine i Met her in one of my Seminars Me: Semi.. Se.. He chuckled. Him: I'm a part time motivational speaker and so is she. That's how we met. Me: i should've been a motivational speaker brother you fine as hell *low voice* Him: pardon? Me: uhm it's nothing sorry.. Him: Anyway Mercy told me that you need money to pay your fees. I am here to let you know that look no further i will sponsor your studies. I put the glass down. Me: Ohw Him: i sponsor alot of financial disadvantaged students to further their studies Me: financial disadvantaged? Him: Sorry if I.. Me: Look here Mr Duve.. What what I don't need your help and I'm not Financial disadvantaged as you put it! Him: Sorry if I've upset you i really didn't.. Me: You can go and tell your Mercy that I don't need your help not from you or anyone else you hear me? Nxa!

Ningijwayela kabi Yaz! I walked up to the house Mercy was pacing up and down in the lounge. She looked at me and smiled.. Her: And? Me: Am i overstaying my welcome here? Her: No.. Why would you think that? I enjoy Having you here Me: Then why are you embarrassing me like that to your rich friends? Her: I'm not following Me: Do me a favour! Next time when you are with your friends do your motivational things and Leave me alone! I walked upstairs. Nqobile saw how disturbed i was she didn't say anything. Her: I'll be downstairs doing my assignment if you need me.. Me: Okay.. She walked out. I laid in bed all crying. Yall won't understand how shameful it is to lose your parents then after having to live with the handouts that people give you. You don't know how difficult it is to have to love like a beggar the orphanage i was at the woman who ran it didn't have much she only had enough to buy us food and stationery. She always made sure that we have everything we need where school was concerned. Everything else we had to go and beg for it she only had enough to buy us food and stationery. She always made sure that we have everything we need where school was concerned. Everything else we had to go and beg for it all my clothes we had to go door to door every weekend begging for clothes. Sometimes we would get very nice people who would donate clothes to us some would shut the door in our faces some would unchain their dogs so they can chase us of their yard. Most people treated us as if like we had a certain disease that's why i hate being a orphan. I had to lie throughout my teen years and say my parents travel alot because i was ashamed to say "i am an orphan" as i thought that life couldn't get any more Terrible i met Theo. I just wonder when I'm gonna die because this pain is just too much. All i wanted was love all i wanted was a mother's love I've been shown hate all my life that i really don't know how love feels like. I've been crying the same tears ever since i could remember. It's hard letting people in because all the people I've let in they ended up hurting me. I heard a knock while i was crying.. The door opened. Ayo: i was very concerned when you didn't say come in because i just walked in what if you were naked but thank God you not... I kept quiet.

Him: That was supposed to be a joke.. I still kept my silence.. He came and pulled up a chair then sat down. Him: We can talk.. Me: i don't wanna talk Him: i think you do before you self destruct. I kept quiet. Him: i know that your parents dying was the most greatest pain you've ever felt in your lifebut you should know that them dying was never your fault. How did he know that? Did Mercy tell him? Have they been discussing me? Him: Naledi I'm seeing you in a different way. When i Walked in that night and i saw you with Kimbella you were soo skinny. I'm not saying that you skinny but spiritually you appeared very skinny to me because of this thing that you carrying inside that's eating you little by little. Naledi i can just tell that you not very trusting when i Walked in i felt that the first thing you said to yourself was "Ahh what does he want".. I got up and sat up straight starring at him. Him: You have a gift and you need God to guide you through this Gift but the way you hate God it's very very scary. You need God to guide you through this Gift because if you keep on pushing him away the devil might sneak in and take over. Naledi this gift that you have comes in two ways. It can be used for good it can also be used for evil. So who you let in is up to you do you let God in? Or do you let the devil in. He then stood up went out. This guy is damn Good but one problem is that I would like to let God in but God has hurt me soo much that the Anger i have towards him is just too great.

Part 13 the gift

That night i slept with a broken heart. I get more and more depressed this days..... I woke up that Friday morning prepared for school as Always Nqobile was always an early bird. When i was done i went downstairs to eat and to my surprise the Prophet was eating. I thought of turning back but then he already saw me. Him: Good morning Me: Morning I sat down. I just ate cereal. Him: How did you sleep Me: i slept good.. Him: Then that's good.. After that we said no word to each otheruntil i decided to break the silence. Me: yesterday

you said alot of things that i didn't understand He looked at me. Him: like what? Me: being skinny spiritually.. Him: What's not there to understand? Me: Are you trying to act fresh? Him: Your attitude is very wrong.. Me: Forget i even asked Him: You know it's your Anger that's gonna lead you to doom. Physically you are fine but spiritually and Emotionally you are dying. I saw your spiritual being you carrying alot of baggage anger pain hurt Those things are heavy for you you struggling that's why you cannot connect with God because you are confused by those things and then you shutting him out. You need to let him in. Me: Easier said than done Him: Naledi you have a fragile gift if used for the wrong reasons it will destroy you. You need to let God and the holy spirit in so they can guide you. Me: Look Ayo.. He gave me a serious look. Me: If God wants to tell me something he must do that himself i don't need another human being telling me such! Him: i hope you will make a better choice.. He stood up and started walking away he stopped then looked at me. Him: Don't do it that's not what your Gift is supposed to be used for Me: What are you talking about? He said nothing continued walking. This guy is always talking in riddles i don't understand a word he says sometimes..... Mercy Nqobile and Kayla showed up from the garden all laughing and chatting seems like they had a good chat. All that laughter seized when they saw me. They greeted me except for Mercy. Mercy then looked at Nqobile. Her: Enjoy school.. Nqobile: Thank you Mercy: Come on let's go Kayla: Bye Nqobile: Bye.. They walked away.. Me: i see you have new best friends now. Her: Don't be Jelly.. Me: I'm not being anything i mean you supposed to be my best friend ain't you? Nqobile: Let's just go to school before you piss me off... We walked out to the car we had a chauffeur that drove us to school... School wasn't good because Nqobile and i we were on that sophisticated ignorancethat Mazet and Buli noticed as we were walking to their room to eat lunch. Buli was talking to Nqobile and i was talking to Mazet we were walking far behind them. Mazet: So what's the beef between you and Nqobile? Me: Mxm that one she has a new besty now. Mazet: That's strange Me: It is isn't it? Mazet: Did you confront her about it? Me: No i don't need

Nqobile i mean i have you and Buli she can just go to hell..
Mazet: Maybe we can just eat at the cafeteria. We went to the cafeteria and got something to eat..... It was amazing how many students had soo much ghosts attached to them that i thought of a way of making money..... Me: Mazet i just thought of a way of making money Her: Yea? Me: I'm gonna be a medium for a day She laughed Me: No really i Googled that ish it's easy.. Her: uhm I don't think scamming people with that is gonna work. Me: Just watch. I went up to this other 2 girls. Me: Good afternoon ladies sorry to bother you but I'm a medium They laughed. Me: No I'm serious Lady 1: i believe none on those people Me: Let's make a deal.. If i read you and i read you correctly you pay me R20 Lady 2: We'll give you R100 Me: deal.. I looked over at Mazet she was Shaking her head no.. Me: i feel a mother energy.. Who lost their mother? Lady 2: i did Me: Good.. I cleared my throat. Me: I'm finding it a bit hard to breath did she die from a heart attack i mean i have you and Buli she can just go to hell.. Mazet: Maybe we can just eat at the cafeteria. We went to the cafeteria and got something to eat..... It was amazing how many students had soo much ghosts attached to them that i thought of a way of making money..... Me: Mazet i just thought of a way of making money Her: Yea? Me: I'm gonna be a medium for a day She laughed Me: No really i Googled that ish it's easy.. Her: uhm I don't think scamming people with that is gonna work. Me: Just watch. I went up to this other 2 girls. Me: Good afternoon ladies sorry to bother you but I'm a medium They laughed. Me: No I'm serious Lady 1: i believe none on those people Me: Let's make a deal.. If i read you and i read you correctly you pay me R20 Lady 2: We'll give you R100 Me: deal.. I looked over at Mazet she was Shaking her head no.. Me: i feel a mother energy.. Who lost their mother? Lady 2: i did Me: Good.. I cleared my throat. Me: I'm finding it a bit hard to breath did she die from a heart attack or something was wrong with her lungs Her: She had lung cancer.. Me: How do you relate with the month of may 2013? She covered her mouth with her hands. Her: Now you freaking me out. She died on the 21st of may 2013.. Me: Do you sleep in her t-shirt? Because she's like to me "Tell her to wash my t-

shirt" I saw tears in her eyes. Her: Omg yes i do. Me: Just know that everytime you wear that T-shirt your mom is actually there with you. She started crying. I was on fire i was reading people next thing i know i had a crowd surrounding me Mazet was counting the cash.. I had to cut the sessions short because it was beginning to get late. I promised to read them again on Monday. I started at 13:00 it was now 17:00 Me: How much did we make Mazet: R2000 Me: That's what I'm talking about! Mazet: How did you know all of that? Me: I told you that i Googled.. We laughed and went to her room the door was locked. Her: Eish no! She leaned against the door Her: Buli has the key Me: Well where is yours? Her: i lost mine so we sharing hers Me: Call her Her: You know i don't have a phone Me: i always find it strange that you don't have a phone... I touched the door handle and the door was locked indeed. Me: Let me call her.. I took my phone and went a bit far from the room leaving Mazet standing there. My back was facing her. Buli's phone was on voicemail i figured she was at the hospital. I walked up to the bathroom i heard the voice of the girl singing again. She had a very lovely voice. The song she was singing went like "my heart is pierced by cupid i disdain all glittering gold. There is nothing can console me than my jolly sailor bold" she repeated those lyrics her voice was Angelic. I got in the bathroom. The singing came from the last shower the water was running. I slowly walked to the shower making sure that I don't disturb her. I really needed to see her i didn't see her that well that day i had that incident in the shower. As i was approaching the shower she stopped singing.. I stood still. She started singing again. I walked again then she stopped i stood still. Her: Is there someone there? I kept quiet Her: Please you scaring me it's late at night. What was she talking about because the sun was still out. Her voice sounded a bit familiar I've heard it before i think. Her: Okay im coming out. She turned off the water i heard the curtain opening she stretched her hand to reach for her towel . when she was about to come out i felt a hand touching me on my shoulder. I turned it was Mazet.. Me: Wtf! You gotta stop freaking me out like that! Her: Come Buli brought me the key Me: She did? I called her that bitch phone

was on voicemail Her: Well she came come on. Me: Okay I looked at the last shower there was no one.. We went to the bedroom. Me: We must go drinking tonight Her: You read my mind.. My phone rang.. Mazet: I'll be right back I'm going to pee I answered it was Buli.. Me: Hey Her: i got your missed call what's up? Me: Agh Mazet and i wanted the key to your room but i heard you brought it Her: What are you talking about? I've just finished my blocks I haven't come to the room ever since lunchtime Me: Ohw ya my mistake the securities opened for us Her: Okay Nqobile and i we on our way Me: Okay I hunged up. That was weird how did Mazet open? She came back. Her: What would you like to eat? Me: Anything.. Her: Okay Me: Can i go and wash my hands Her: I'll accompany you because you always act shady when you at the bathroom Me: uhm okay.. We went to the bathroom i washed my hands She was standing behind me at the doorway. When i lifted my head after washing my hands i noticed something that really scared me. There was no reflection of mazet through the mirror i turned and looked at her. She was standing at the door all smiling at me. I smiled back i looked again at the mirror i only saw me which was weird because I'm supposed to see her as she was standing behind me... I finished washing my hands. Her: Let's go and eat.. Me: You know what Buli and Nqobile called they said we must go and meet them hal...halfway.. My voice was breaking Her: Are you okay? Me: I'm fine She came closer i stepped back I flashed a fake smile Me: I'm fine.. Her: Okay She could see that i was lying.. Her: Let's go and meet them halfway.. She closed the door of her room and we walked something was not adding up with Mazet. I was all rushing as i was going down those stairsi felt more safer as we was outside with other students passing...

Part 14 the gift

I was happy to see Nqobile and Buli i ran up to them then we all walked up to the room... Mazet: Zee was on fire today Buli: Meaning? Her: We made 2000 today with her being a fake

medium at the cafeteria reading people and telling them about their death ones i must say you really good Buli: Really? Me: Agh she's exaggerating Mazet: I'm not She took out the money. Mazet: Zifebe zam'(my Bitchez) Today we getting sloshed Nqobile looked at me. Her: Zee can i talk to you Me: Yes Ofcause We went outside Her: What are you doing? Me: Meaning? Her: Are trying to get caught. Look not everyone takes such as a gift some other people will think you evil Me: Relax friend. This is good business. When i make enough money we'll move out of Mercy's house She looked at me. Me: loosen up! Her: i hope you know what you doing We went back to the room. We got alcohol then just drank in the room all dancing playing music and then just getting sloshed. Me: Let's a pic together Buli: That's a good idea! We positioned ourselves Mazet: I'll take the pic Mazet has never taken a pic with us. Buli: You always say that it's not fair we wanna take a pic with you too! Mazet: Someone has to take the pic Buli: That's why we have a selfie stick Nqobile took out her selfie stick.. Mazet: Guys I'm not photogenic Buli: Come you'll be strong I took out my phone and i took out my iPhone we took pics was nice enjoying this moment with my girls they bring me soo much joy. We continued drinking then in my drunk state i went out to call Mercy she didn't take long to answer. Her: Hey Me: Friend Her: Ohw hi Me: Mercy i just wanna say I'm sorry for how I've b like acting it's not right i mean you opened up your home to me. You have been nothing but a good Friend to me.. Her: Okay be safe then Me: You know what wena sohlukani swa ukufa(only death will do us apart) Her: i love you too drink alot of water before sleeping Me: Yes captain! She laughed and hunged up. I went to the room. Out of all of us Nqobile was not a heavy drinker she was just a bit tipsy. I was wasted. When i drink alcohol I drink to be wasted because i want alcohol to help me forgot about everything. I took my phone Me: Zifebe zam listen (bitches

listen) They kept quiet Buli: Talk bitch you have a right to talk!
Me: Zifebe I'm calling my ex I'm calling Theo Buli: Call him!
Nqobile: Call him about what? Me: to officially dump him Hau!.
Mazet: Wait wait zibitches i have an idea. Call him and we sing
him " There you go" Me: Perfect! I called him and put him on
loud speaker. As soon as he said "Nae-Nae" Mazet started with
the song. Mazet: "Please don't come around talking about how
you love me" Buli: "Because that love game ain't for me" Me:" i
don't wanna hear you say that you adore me" Mazet: "so there
you go looking pitiful just because i let you go" Buli:" There you
go talking about you want me back but sometimes it bees like
that" Me: "so there you go talking about you miss so looking
pitiful just because i let you go" Buli:" There you go talking
about you want me back but sometimes it bees like that" Me:
"so there you go talking about you miss so that you love me so i
let you go there you go cause your lies got old look at you there
you go" Mazet: "Soo there you go". We laughed then i hunged
up. Nqobile: You bitches are crazy! We continued drinking until
we passed out..... I woke up in the middle of the night i
wanted to pee my bladder was compressed. I sat up straight i
was sleeping alone in the bed. I got out and switched on the
lights. Buli was sleeping with Nqobile in her bed i looked around
no sign of my Mazet she was supposed to be sleeping with me.
That was strange but i needed to go and relieve myself. I
walked out to pee. I heard the voice again singing.... "my name
it is Maria I'm a merchant daughter's fair and i have left my
parents. With 3000 pounds a year. My heart is pierced by cupid
i disdain all glittering gold there is nothing can console me than
my jolly sailor bold" when i was done i went out wanted to see
who it was I slowly walked there and looking back Incase Mazet
creeped up on me. I was about to open the curtain when i saw
something crazy. I saw mermaid legs dangling around in the
shower as the person was singing i ran out then i heard the girl
talking. Her: Wait are you my jolly sailor bold?! I ran to the room
all Shaking maybe the alcohol we drank is too strong.. After a
while Mazet came in all wet and having a towel around her
body. She looked so enthusiastic and humming a song. Her:
Hey why are you up? Me: I'm just from the bathroom Her: Okay

I looked at her towel it was the same towel i saw the girl pull out when i was about to burst her in the shower. Me: i like your towel Her: Its an old towel it's antique Me: i can see I took my phone and looked at the pictures we took earlier funny enough Mazet wasn't there although we took the pics with her. I really needed to find out who this girl is.

Part 15 the gift

I slept with one eye open that night i just didn't trust Mazet at all..... She was sleeping soundless next to me..... I opened my eyes and i was glad to see the sun shinning outside proved that the morning had come. Mazet was still sleeping i got out of bed and went to the bathroom to brush my teeth. Nqobile was already there washing her face. I joined her. Her: Hey how's the hangover? Me: I'm okay and you? Her: i don't drink that much remember? Me: Ya i remember.. Her: You alright? I exhaled Me: i think there's something wrong with Mazet? Her: How so? Fortunately i had my phone in my pants i took it out. Me: Check the pics we took yesterday and please point Mazet. She went through my phone I saw her eyes widening. Her: She's not here! Me: No so loud....isn't that a bit fishy? Her: it is i won't lie.. Me: i wonder.. Her: Do you think she's a ghost? Me: i Really don't know but I'll find out soon Her: This is creepy She gave me my phone back After washing our faces we went back to the bedroom Mazet was up. Her: Zibitches! We gave her fake smiles Her: Yesterday was great i won't lie it's always good to spend time with you guys Nqobile: Good spending time with you.. She looked at her legs her expression changed she seemed a bit agitated. Her: I have to take a shower Me: Wait for me.. Her: No! I have to shower alone She looked at me and smiled. Her: You'll take a shower after me.. Me: Okay... She took her towel and her toilet bag then walked out. I looked at Nqobile Her: Something is definitely up! I sat on the bed Me: i think i have to spy on her Nqobile: Won't that be dangerous? Me: I'll be fine if

something happens I'll scream leave the door opened Her: I'll do just that.. I walked out i slowly tiptoed my way into the bathroom Being very careful i don't even make a small sound.... It was Quiet. There was no sound in the last shower but the curtain was closed the water was running.

I looked to make sure that there's no one following me especially that someone Being Mazet. When i got to the last shower as i was about to slide the curtain wide open i heard a voice behind me saying "are you spying on me" o turned around and it was Mazet. She looked at me all squinting her eyes. Me: i... Why would I spy on you? Her: You tell me! Because I came here and let the water run while i went to the toilet i come back and here you are! Me: Well i wanted to take a shower so i heard water running i called your name but you didn't reply so I wanted to make sure if you here She looked at me still squinting her eyes. There was something cold about Mazet there was something about her that i couldn't really put my finger on Her: Its amazing how you here to take a shower but you don't even have your toilet bag oh wait make that you didn't bring your toilet bag at all.. Now i didn't know how to explain myself.. I kept quiet. She approached me as i was walking backwards. Her: What do you really want Zee? Me: i... I just... Nqobile: Is there something wrong? She was standing by the doorway Mazet turned and looked at her.. Mazet: No nothing is wrong I'll just go take my shower.. She then looked at me and gave me the most cold look ever.... I went out to the room with Nqobile. Me: I think we have to go Her: Are you okay? Me: We just need to be out of here.. We took our bags and Walked out. We were still wearing our nurse uniform we drank with that and slept on that..... I took the cash i made for yesterday. Only R1500 left because we had spent the R500 on alcohol..... We used public transport to get to Mercy's place. I was very relieved when we got there. There was no movement in the house looked like there was no anyone around the house. Nqobile: I'm going to the bedroom to sleep Me: Okay.. She walked upstairs. I went to the lounge i saw bottles of Ciroc and Amarula ontop of him as table. I also saw an ashtray along with cigarettes buds on it. I looked at the TV Kush's music videos

were playing. This was weird because i know for a fact that people in this house are too religious to drink although they have a bar inside the house..... I decided to walk up to Mercy's room

Kush's music videos were playing. This was weird because i know for a fact that people in this house are too religious to drink although they have a bar inside the house..... I decided to walk up to Mercy's room maybe she's there. The door was slightly opened i heard them arguing. I walked up to the door and looked at them they couldn't see me. Ayo: Then why did you marry me if you know that you still inlove with him? Ayo looked a bit upset while on the other hand Mercy looked very messy. Her weave was all over the place she looked very disorganised. Ayo: You a prophet's wife Mercy start acting like one! Mercy: Ohh I'm sorry that I'm not perfect as you expect me to be.. Mercy's dress wasn't fitting her in the right places. The right hand was far down revealing her bra on the right side. She put her hand on her forehead. Ayo: That's not What im saying Amor i just don't like the fact that you going back to your old life! Hooking up with your old friends again who made you drink this is soo unlike you what am i doing wrong? Ohhh so they are not perfect after all. Mercy: Kush was a part of me okay? Do i still love him yes! Ayo took off his jacket and put it away. Him: Then what about me and Yandy? Can you also make space for us in your life? Why is Mercy stressing this poor prophet I'd do anything to have him. He is not just your typical prophet but he is a prophet with style. Has tattoos good looking Lord have Mercy it seems like he hits the gym everyday his body was to die for. Mercy: That's not fair! I love you and Yandy don't use that against me! Him: What's the use of convincing people that we happy while we not? Why are we living a lie? She kept me Him: Tell me!! *shouting* His voice was firm it dominated. Mercy started crying.. Ayo: You need to sit down and think about what you want! because i cannot compete with a dead person! He started approaching the door i stood by the balcony and pretended i was singing Mercy came to stood by the door as he walked out.. Mercy: Ayo!! He ignored her and continued walking.. She sank down at the door all crying i went to sit next

to her. She was crying so bad that it hurt me. Her: i can't do this anymore Zee i miss Kush i want Kush!! Me: Shhhhhh it's okay... Kush and Kush.. He is Mercy's ex that passed on a few years ago. He was a hip hop artist a world recognised and admired hip hop artist. As i laid her head on my cleavage i could smell the alcohol in her and the cigarettes. Her: I just want Kush... Ayo doesn't understand he truly doesn't understand. It hurt seeing my friend crying like that...

Part 16 the gift

I walked her to her bed and i let her sleep. Why after all this years would Mercy miss Kush? I have never seen her soo broken. I went to my bedroom Nqobile was cleaning. I sat on the bed while exhaling..... Nqobile: What's the matter? Me: Its just Mercy Nqobile: Is she alright? Me: i hope so I took off my uniform. We went to the laundry room and did our laundry too..... Nqobile went about to study while i went to make myself something to eat. Ayo was at the kitchen making food for Yolanda. Yolanda: 12345...10 Ayo: What happened to 6? Yolanda: 6 and 10! Ayo laughed a little.... I was standing there shame admiring the moment.

He was truly good with his daughter. Ayo: Here you go.. This time around finish your food. Her: Why? Him: So you can grow up.. Her: Why? Him: So you can grow up Her: Why.. Him: Yolanda if i keep on debating with you I'll go crazy.. Her: Daddy? Ayo was now standing against the sink Ayo: Yes? Her: i want Mommy.. Him: Mommy is a bit Sick my Angel.. Her: Call the Doctor.. He laughed. Him: i will.. Although he was laughing but deep down you can tell that his hurting..... Yolanda: ball so hard mamafuckers wanna fine me.. Ayo looked at her.. Ayo: Hey don't sing that song again. Yolanda: But you sing it daddy.. Ayo: Go to Charlie! She got off her chair and ran pass me Ayo put his hand on his face rubbing his eyes. I walked in while clearing my throat. He looked at me. Me: Afternoon He nodded his head. Me: i just came in to make food.. Him: Its okay.... Me: Can i make you something to eat? Him: No thanks only my wife

makes me food. He took his phone and Walked out. Aii his a bit arrogant i didn't ask him that we should have sex. I made myself to eat then went to join Nqobile we were studying for our test..... I couldn't focus Ayo was on my mind i was tapping my pen against the study table until Nqobile snatched away the pen from me.... Her: Give the poor pen some break. Me: Sorry... Her: What's wrong with you? Me: Nothing.. Her: Still thinking about Mazet? Me: Ya i am... Her: Leave Mazet alone and study.. I tried to study Mara Aii.... I went to rest a bit..... I woke up later at around 19:00 i passed by Yolanda's room. I saw some white Girl reading her a bedtime storybut Yolanda had already passed out. Yolanda was very cute and very adorable. She was also very smart for a 4 year is old..... I passed by Mercy's room she was still sleeping. I walked downstairs when i heard music playing coming from some room. I walked up there and it was a gym. Ayo was laying on his back while lifting up weights. He was playing some song very loud. "Ohhhhhhhhhhhh i love you so but why i love you I'll never know" I stood where he couldn't see me. After lifting about 5 times he stood up and damn that body! I found myself biting my lower lip. He had a tattoo on his chest. He was wearing red addidas that had white stripes on the sides. He took a squeeze bottle and drank water. He picked up a photo on some small table and looked at it then after he put it down and Walked out. I hid myself as he was walking out..... While he was walking downstairs i went to see the picture it was a picture of Mercy in a frame. I felt some jealousy creeping up i took the pic and threw it against the wall the glass broke. I picked the picture and started tearing it. Me: You don't deserve him you just a fucken whore!!!!!! I then walked out to my bedroom i laid on the bed.....Nqobile walked in after a while and laid next to me..... I fell asleep after sometime.... I had the most beautiful sexual dream ever! Ayo and i making out. Him picking me up with those strong hands... Our bodies against each other.. It lasted for an hour or so.... I woke up that morning was a Saturday. I stretched with a smile on my face. I got out of bed took my towel and went to shower while Singing and thinking about the dream i had..... When i was done i

went up to the bedroom and dressed up. I wore a short with sandals and a crop tee. I put on make up and made my way downstairs. I passed by their room and knocked with sandals and a crop tee. I put on make up and made my way downstairs. I passed by their room and knocked no answer. I opened their bed was made. Where Could they be? As i was about to walk downstairs i heard someone giggling from the gym i Walked up to my spot and peeped at the side of the door. No one can see me when I'm crouching only someone outside can see me but the people inside cannot see me... It was Mercy and Ayo. She was laying on his back as he was doing push up all laughing as he was going up and down. I started boiling inside. She was wearing his shirt and he was shirtless. I could see from the waist down that the shirt took out her shape perfectly plus she had a good body..... When Ayo was done she got off him he got up. She punched him a little on his shoulder.. Her: You still got it Him: But you getting a bit heavy.. He said that while drinking water. Her: I still don't understand how my picture made it there Him: Probably it's the wind Her: and the wind decided to tear it up? Him: You'll never know such things happen I've seen crazy things before.. Mercy: Yeah right.. She looked down. He lifted her chin up. Him: What's wrong? Her: I just feel bad about what happened yesterday I rolled my eyes.. Him: You were in a bad space Her: I've never missed Kush before..yes I do think about him but it ends there. Him: Do you think it might've been the alcohol? Her: Ya and seeing Nik and Queen they started talking about him i think that triggered all the emotions Ayo didn't say anything. Mercy: I'm sorry it will never happen again.. Him: I know.. Now come here He pulled her closer and he kissed her while running his hands under her T-shirt. He pulled out after a few seconds Him: And you not wearing any underwear? She leaned over and whispered something in his ear and they both laughed. He picked her up and put her on that small table while coming in between her legs. I can't let this happen now i was very mad. I stood up and Walked away i need a plan then a perfect plan struck me. I'm gonna go get Yolanda and have her interrupt them... I went to her bedroom she was sleeping i woke her up. Me: Wake up

sweetie come and see mom She was striking at first.. Me: Don't you wanna see Mommy? After a few minutes she finally gave in i held her hand and we walked to the gym. They were already doing it i picked up Yolanda and laid her head on my chest preventing her from seeing the whole ordeal... Me: Ohh my God im... They looked at me.. Ayo: Shit!! Me: We'll just... I.. I walked away and stood by the balcony letting them dress up. After a few minutes they came out. Mercy came and took Yolanda from me. Her: Hey honey are you alright? Me: She was crying when i passed her room she wanted you... Mercy: Ohw uhm... She looked at Yolanda. Mercy: Where you crying baby? Ayo came to us. Him: That's a first Yolanda is not that Type Mercy: She truly isn't that type do you think she's sick? She was sleeping on Mercy's shoulder Mercy: i think we need to take her to the Paediatrician. Ayo: i can't I'm sorry i have to get ready i have to go to Sandton remember I'm preaching there Mercy: Ohw ya sorry love i don't think I'll come with Yolanda like this Ayo: Its fine you'll call me when it's something serious Mercy: i will.. He pecked her lips then walked to the bedroom. Mercy: i think i must get her ready Me: Can i come along? She looked at me and smiled. Mercy: O fcause and thank you. She walked to Yolanda's room. I stood there smiling as i was about to walk downstairs i saw someone standing in the passage arms folded. They came towards me i realised it was a ghost with the appearance and clothes.. As i looked closely it was an old women. She looked at me and all of a sudden i was lifted up from the floor a bit. She looked at me and shook her head.....a ghost has never did this to me so i was a bit scared.

Part 17 the gift

I heard someone Shaking me a soft voice waking me up. I opened my eyes and it was Mercy. Her: What happened why you on the floor? I looked around i was on the floor against the wall. What happened? I tried getting up my head was banging. Her: What happened sweetie? Me: i Really don't know... She

helped me get up slowly. I remember now i remember that old hag doing something to me. She threw me against the wall and i fell. Mercy: Ayo did say there's something wrong in this house I stood up my head was seriously banging i was a bit dizzy Me: i don't think I'll go with you my head Her: Its okay let me help you to bed. We went to the bedroom and she gave me painkillers i slept..... I woke up later and bathe my phone rang as i was coming out of the bathroom. It was Theo. I'm not going to answer. I wore pjs because i wasn't going anywhere anymore..... I was lazing around the whole day i didn't do anything i didn't even study. Later we ate dinner without Ayo he was still at Sandton then later we went to bed..... Woke up the following day everyone prepared for church except for me i don't do church. I was surprised to see Ayo in the dinning room eating breakfast and reading a newspaper. I stood there admiring him he was concentrating deep on whatever he was reading after a few minutes he looked up and saw me he put his paper away. Me: i thought you will be at church with the family. I sat down opposite him. Him: i thought you'll be at church Me: i don't do church Him: It doesn't surprise me Me: So what are you doing today? Him: I'm going to fetch Kimbella from the airport Me: i don't understand why she's always hanging around here He looked at me.. I smiled. Me: What? Him: i warned you that don't let the devil in Me: I'm not following Him: That time you misused your Gift is the time when you allowed the devil into your life. Me: You not making sense Him: Your Gift is not supposed to be used for you to make money but for you to help lost souls cross over. Me: i needed money and that was an easy way to make money. He stood up and Walked away... Me: Yea whatever! After eating i took some money and went to pta town and Walked away... Me: Yea whatever! After eating i took some money and went to pta town i started reading people and made a lot of money i must say i was on fire and i loved it.....at around 17:00 i have already made 3000 so i decided to go back home. As i was busy walking to the taxis i was doing window shopping peeping through the clothing store windows. Something very awkward happened. I saw a reflection of a

woman through the window she was wearing black. I looked back and there was no one behind me. I looked at the window again and there was no one that was strange..... I walked to the taxis and got a taxi then went home..... I arrived at the house and they were eating lunch was just Mercy Nqobile and Yolanda. I looked at Mercy and i didn't like that bitch at all.
Mercy: Hey

how are you feeling? I gave her a fake smile Me: I'm good..

Nqobile: Are you gonna join us? Me: Naa I'll pass thank you. I walked up to the bedroom.. I counted my cash and put it away safely i was all smiling and happy. I heard someone calling my name. I looked around and saw no one. I took out my textbooks to go and study when the voice called my name again... I

looked around and saw something shocking in the mirror thar i dropped my textbooks. It was a woman she was wearing black only her face appeared and she had flames all around her. Her: Don't fret child come close.. I walked close and stopped halfway. Her: Come closer I went closer... Her: Zee you are the

chosen one.. Me: i am the chosen one? Her: When you opened up the door of misusing your Gift you also let us in.. She looked at me deep into my eyes her eyes where hypnotic.. Her: You

are my slave now.. Me: i am your slave... Her: You work for me... Me: i work for you... Her: i am your master Me: You are my master... Her: I am trapped in hell... And it's prophet Ayo

who sent me here... You are gonna do my work for me Me: i obey..... Her: i am your master.. Master Xolelwa.. Me: i must obey master Xolelwa... Her: You must kill Prophet Ayo.. Me: i

must kill Prophet Ayo.. I must kill Prophet Ayo... I must kill Prophet Ayo... She started laughing.. Me: i must kill Prophet Ayo... I then felt someone Shaking me. Nqobile: Zee yini? (zee

what's wrong) I snapped out of it....I looked at the mirror and there was no one there Nqobile: Are you okay? Me: Ya why

wouldn't i be? Her: i don't know you standing infront of the mirror busy talking alone like you possessed Me: Pshhhh Girl I'm fine.. Her: Take your books and let's go and study.. She

took hers and Walked out. I picked up my textbooks and followed her. We studied and studied until late.... After that we went to bath and chilled in our room until we eventually fell

asleep..... I was woken up in the middle of the night by the voice. I got up from the bed my master was in the mirror i Walked closer. She was not alone in the mirror she had another woman. Her: Zee your first task must for you to resurrect us back to life again Me: How do i do that master Her: You must go to a certain cave there's a book of spells there a certain spell will work in resurrecting us.. Me: How do i get there master? Her: Me and my sister will guide you.... Me: You will guide me... You will guide me.. They laughed..... Suddenly i heard a voice praying... Xolelwa: Noooooooooooooo!! I felt myself burning a bit.... My masters vanished... The voice was attacking. Voice: Fire!!! I swear when the voice said that there would literally fire in the room i started screaming... Me: I'm burning!! I didn't realise that my scream had woken up Nqobile who went to wake up Mercy..... Mercy: What's wrong sweety? Me: I'm burning *Crying* Mercy: No you are fine... You are not burning.. She looked at Nqobile Her: What happened Nqobile? Nqobile: i don't know.. Mercy: Let me go and get Ayo he was praying at the study.. Me: No please don't get him! Mercy: He will know what to do.. Nqobile: His a powerful man of God he will help you.. Me: Mercy no don't call him.. As she was approaching the door it closed and locked. She tried opening it but it didn't. I saw my masters in the mirror...

Part 18 the gift

Mercy just wants to start a big war now she was busy banging at the door. Me: Mercy stop.. Suddenly the was fire coming from the mirror. Mercy and Nqobile hot really scared Nqobile: What is going on? Mercy was banging at the door. Mercy: Ayo!!! I looked at the mirror Xolelwa: Stop her! I went up to he and grabbed her by her weave.. Me: i can't let you do this.. Nqobile tried coming to us but then a certain energy ball coming from the mirror hit her at the back and she fell.. Me: Nqobile.. My heart sank.... Mercy escaped from my grip but the door still didn't open. She moved

backwards and cuddled in a corner. Mercy: What are you doing Zee? I went to Nqobile she wasn't moving at all. I kneeled next to her with tears falling.

Xolelwa: What are you doing? Stand up and kill Mercy! I was trying to ignore her but it was hard. It was as if like Master Xolelwa had power over me.... I got up and a knife fell at my feet. It wasn't just your ordinary knife it looked like an Ancient knife with alot of markings on the handle... I got up and took the knife and made my way to Mercy who was very scared..

Xolelwa: Kill her! Me: i must kill you... I must kill you... I must kill you.. She looked very scared Her: What are you doing? Zee stop! She had no place to run she was against the wall... There was a knock at the door.. Ayo: Mercy! Mercy: Ayo help me!! I didn't know who to kill right now between the two of them.

Xolelwa: i command you to kill Mercy! Me: i must kill Mercy.. I must kill Mercy... I must kill Mercy.. She stood up from the floor we wrestled for the knife. We got interrupted when the door busted open she moved her attention from Me to Ayo as she was running towards the door i put the knife on her back...

Mercy: Ayo! Ayo: Mercy!! He ran to her as she was falling down. She was bleeding she was struggling to breath..... Ayo was not Alone Kimbella walked in she threw a scroll at the mirror and it shattered. Pieces of it where on the floor as i saw Xolelwa's reflection in the pieces of the mirror she was screaming then after she disappeared. I suddenly felt

something leaving my body. It was like some evil spirit was leaving my body..... I didn't know what was happening i saw Nqobile on the floor i saw Mercy on the floor Ayo was trying to wake her up..... Me: What....what happened? I saw Joy flying inside she was in an Angelic form so was Kimbella..

Instead of freaking out i felt some love and peace in the atmosphere. Joy came down and Walked up to Nqobile. She put her hand where Nqobile was hit and i saw some white light it was almost as if like she was transferring some Angelic power or something to her And after a while Nqobile woke up Gasping for air. I went up to her and hugged her. Her:

What happened? Me: I don't know... Joy walked up to Mercy

And after a while Nqobile woke up Gasping for air. I went up to her and hugged her. Her: What happened? Me: I don't know... Joy walked up to Mercy we followed her. She put her hand were Mercy had the knife stuck into her but nothing happened.. She tried again but nothing happened. She joined forces with Kimbella but nothing happened Mercy wasn't waking up but she was breathing..... Kimbella: I'm sorry Ayo... Ayo was breaking. Ayo: No!! Don't say that... He didn't wanna let go of her Kimbella changed into her human form.

Charlie walked in when she saw Mercy on the floor she lost itshe ran to her. Charlie: Madam Mercy! Kimbella: We need to get her in bed. Kimbella and Charlie picked her up and Walked out to her bedroom we were following them.. They laid her on the bed Kimbella got the knife outthey changed her clothes and made her wear a white night gown. Charlie had brought warm water and towels they were cleaning her womb and they bandaged her to stop the bleeding.. Ayo looked at me I've never seen him this angry..... Him: See what you have done? I stabbed Mercy? That doesn't sound like me i am not a violent person i have never stabbed no one in my life..... I walked out with Nqobile calling out for me.. Nqobile: Zee.. Kimbella: Give her some space I was going downstairs when i heard some noise coming from one of the bedrooms. I made my way there Ayo was just losing it he was throwing things around crying. He was just in a state that i have never seen him in before. Him: I can't lose her Again God!! I can't lose her Again!!! I was overwhelmed with sadness what did i do? How did i hurt Mercy. Him: make yourself comfortable you can stay here as long as you want. Me: Thank you He walked me into some room was a nice room i won't lie. Him: You can sleep here Me: Thank you. I was far behind with studying for my test so I got right to it. Studying was hard especially with all that's been happening..... After an hour of struggling to study i closed all my textbooks and went to bath the bedroom had a bathroom then after I went to bed.. I cried through the night i even prayed i promised that if God saves her life I'll dedicate mine to him..... I don't know at what time i slept but then i woke up and it was morning. Some girl was preparing breakfast there was a Variety of food to choose from.. Her: Good morning. Me: Morning Her: my name is Veronica She looked old but not that old she was white and pretty. Mr Duvenhage came into the room as i was about to introduce myself.. Him: Hey. Me: Hi He was wearing a suit i could tell that it's expensive. He was also wearing a wrist watch his hair neatly laid out. Him: I see you've already met my sister Veronica Me: uhm yes i was about to introduce myself.. Hi I'm Naledi but please call me Zee. She gave me a handshake. Duvenhage: Thank you Veronica for preparing breakfast Her: Its a pleasure.. Excuse me She

walked away. Him: She's a great help mostly because I'm not around. I just smiled.... Him: Shall we? I nodded my head yes. He opened the chair for me that's smooth. I sat down and he sat opposite me.. Him: How are you feeling today? Me: I'm feeling better thank you... Who was i kidding i felt like breaking inside. Him: How are you planning on getting to school? Me: I'll catch a taxi.. He coughed as if like something chocked him.. Me: Are you alright Mr Duvenhage? He gave me a hand then drank water. Him: Please call me Taylor. Only at work they call me That.. Me: uhm okay Him: i can't have thatdo you know how to drive? Me: Yes.. Him: Do you have a license? Me: Yes i do.. Him: Then you can use my Jaquar.. Me: Uhm no there's no need i... Him: i insist He said that with a smile on his face. I really didn't know what was happening here..... We ate breakfast In silence we don't really exchange words that much unless it's necessary. He looked at the time... Him: i have to go you'll find the keys in my bedroom... My bedroom is next door yours Me: Thank you.. He smiled then stood up and was about to walk out when Veronica showed up with his briefcase... Veronica: Don't forget this.. Him: What would i do without you.. She smiled. He took the briefcase and left. She looked at me. Her: would you like me to do anything for you before you leave? Me: No thank you Veronica.. Her: Okay She walked away... I stood up and went to his bedroom. Was a lovely bedroom very vintage but very lovely. I looked around for the keys for a very long time only to find them nicely hanging on the wall... He had alot of car keys i looked for the jaguar keys until i found them now i have to look for the jaguar lucky for me his card weren't so far from the gate... I went to it unlocked and got in. I am not very familiar with such cars but it's Automatic so I'll be able to drive it..... I did drive it i enjoyed driving it was a dope car..... I parked it at student parking you know all eyes on me i felt some type of way very important.... I took my bag unlocked it and went. Niggas who never greeted started greetingi went to the lecture Hall where we was to write the test.... The test was mad hard or Is it because I didn't study? I looked around Nqobile was going through it like it was nothing i looked at Mazet she was also going through it like it was

nothing i looked around for Buli she wasn't around that's quite odd..... It was 1hr30min and i took 1hr30min i didn't know if i had passed or failed but what i know is that at least I've written something. The lecturer had asked us not to leave because she wanted to address us about something..... He collected the scripts then went to stand in front. Him: i didn't wanna tell you guys about this while you were still writing because I know that some of you we'll be distracted and then you won't be able to complete the test. He exhaled. Him: It is with great sadness that i must inform about the tragic loss of one of our students. Her name is Nombulelo Cirha she was found dead in the shower this morning.. People sighed people sent out cries and me i was very shocked. Buli was a good friend and then to hear that she's no more it surely feels like a dream. Someone asked what happened? Lecturer: We are not really sure we'll have to wait for the autopsy results you can now go.... We stood up and left I seriously cannot believe this. Mazet caught up with me. Her: Hey.. Me: hi Her: How are you? Me: I'm still shocked by Buli's passing Her: Ya it is shocking but what can we say people die this days.. Me: She was your roommate and friend what really happened? Her: She was studying very hard for the test shame at around 3am she decided to go and shower so she can sleep and... Me: And? Her: and that's all I know... Me: When she didn't come back from the shower didn't you bother to go and look for her? Her: i was fast asleep.. Me: Okay.. Something didn't quite add up this bitch looked happy was all smiling and what not. Her: Where is Nqobile? Me: i don't know.. Her: See you later then.... She walked away that girl is mad creepy. I went to attend the rest of my classes Nqobile and i nje we were giving each other the silent treatment..... At around 17:00 when we were done i went to the car and drove back home..... Veronica was cooking dinner Taylor was not back. I went upstairs and took a long warm bath wanted to go and help Veronica with preparing dinner.. All of a sudden i started feeling very sleepy i was yawning until i eventually passed out in the bath tub and i had a strange dream..... I was in this beautiful cave heard pearls around shells and precious stones.

I saw a mermaid sitting on some rock her back was facing me she was singing..... Her: "My heart is pierced by cupid i disdain all...." She kept quiet. I recognise the voice. Her: Are you my jolly sailor bold? I didn't know what she was talking about.... Me: Who are you? She went inside the water half of her body was still inside the water or should i say half of her mermaid legs. I went to sit on the rock where she was sitting on she was in the water and still had her back facing me. Me: Who are you? Her: "My name it is Maria I'm a merchant daughter's fair and i have left my parents with 300 pounds a year" I kept quiet... She turned around and i got the biggest shock of my life. Me: Mazet? She looked a bit different though.. Her: Shhhhh.. She swam her way to me.. Her: Come i wanna show you something get inside the water.. I took off my shoes and got inside the water.. The water wasn't that deep i followed her. Now the water was getting deep.. Me: i can't go any further i don't know how to swim Her: Then we'll flush you there.. The water started spinning vigorously... It was almost as if like i was being flushed I tried swimming but I failed i was drowning i was dying until i felt hands pulling me out. It was Tailor i was actually drowning inside the bathtub he had already had a towel with him and he wrapped it around my naked body i was coughing and i felt a bit of water in my lungs. Me: She was trying to kill me Him: Who?? Me: She was trying to kill me.. He held me tight. Him: You must've had a bad dream. Only to me it wasn't just a "bad dream" it felt real. Is Mazet trying to tell me something?

Part 21 the gift

He sat me on the bed he crouched in front of me while holding my both my hands. I felt safe with him this guy is the only person who gives a fuck about me right now. Him: You very shaky are you Okay? Me: Yes just the drowning thing scared.. If you didn't find me.. Him: No no no let's not beat ourselves with a hypothesis.. He brushed me on my arm his touch was gentle and comforting. Him: We'll you be okay to join us for dinner? Me: i think so. He smiled at me. Him: We'll wait for

you.. He walked out. What happened really scared me i should be careful next time. I dried myself then lotioned and wore my pjs then made my way to the dinning area. Taylor and Veronica were already eating. I sat down. Taylor: i baked a delicious Pepper steak pie.... Me: You can cook? Him: i can do everything.. Veronica: believe him he can.. Me: i thought you were cooking Veronica Her: i did salads and he baked the pie. He dished up for me i was sitting next to him. He took a fork took a small portion of the pie and fed it to me. Him: How does it taste? Me: Spicy but very nice.. Him: want some more? Me: Yes please.. He took another portion but this time he literally put it on my cheek leaving my mouth wide open like that. Him: I am very sorry... I can be clumsy sometimes Me: You did that on purpose Him: i did not i swear.. He took a napkin and wiped me.. Him: That's better.. We continued eating.. Veronica was all smiling at us.. After eating i decided to help Veronica with the disheswhile Taylor worked on some paperwork. Veronica: that was a good pie wasn't it? Me: Very good I was wiping the dishes and she was washing them she stopped and looked at me.. Me: What? Her: You too should just get married already! Me: What are you talking about? Her: Sorry just thinking out loud.. After washing the dishes i went to sleep i didn't lock my room Incase i have one of them nightmares again..... I did have the same dream seeing Mazet seating there again singing the same song... Me: Why did you try to kill me? She jumped in the water then leaned on the rock while her lower body was still inside the water. She looked very beautiful i swear she wasn't the Mazet i knew. She had long silky black hair covering her breasts because she wasn't wearing any bra. Her: I wasn't trying to kill you Me: Then what? She exhaled Her: i was trying to show you what happened to me I'm trying to answer all the questions you have. I stood there.. Me: Well I'm not coming inside the water so just tell me while I'm standing here.. Her: i was never like this i was normal just like everyone else.. I was a normal girl. Tears fell from her eyes. Her: my mother was a sorcerer(a person who claims to have magical powers) i messed around with her book of spells and cast the wrong spell on myself and it turned me into a mermaid. In the afternoon i

would be a normal person but at night I'll change into a mermaid and I'll need water if i don't get water I'll die. My mom tried to find a way to reverse the spell and she did she did find the spell but it was too late. People had realised what i am and they suspected my mother of being a witch then they burned her and they banished me from the village i had to go far away..... And far away i went.. I made it through with this life and made it to Varsity. My life there was hard because every night at 3am I'll have to go and stay in the shower until dawn. I needed water to survive. One night when i was in the shower singing my jolly sailor bold song i heard some girls coming into the bathroom laughing and talking they sounded drunk. I kept quiet no matter how quiet i was the water couldn't be quite. They found me they took pictures they mocked me they went scared because alcohol gave them the courage. They hanged Me i was begging for my life but they continued. Amongst those girls was Buli they killed me without having any Mercy. My soul never left that place i seeked revenge. One thing about mermaids is that you can change into anything you want that's how i managed to keep a deceiving look without her noticing who i was. Me: So you killed her Her: that was the only way i could be at peace. Although you made it hard for me to get my revenge because of the gift that you have. She smiled at me. Her: You have a very special gift Zee cherish it and it will take you far misuse it and it will lead you into doom. I saw other mermaids coming to her. Her: You know that if you see a mermaid that means you gonna have luck in your life. My heart became sore will i ever see Mazet? Me: Mazet Her: My name is Maria.. Me: Will i ever see you again? Her: i have a way of how we can communicate.. I left you a Gift in your dressing table.. She was about to swim away. Her: Taylor Duvenhage he loves you. For once allow someone to love you.. I smiled with tears in my eyes.. Her: Goodbye Zee i am going to be with my beautiful mermaid family. I will be were i belong because honestly society doesn't have space for people like us.... She waved goodbye and they swam away..... I woke up in the morning it was a holiday. I got out of bed and noticed something on the dressing table. It was a shell and pearl

earrings. I put the shell on my ear i could hear the waves it was like i was at the beach i could hear the mermaids sweet voices "we love you Zee" i giggled alone... I took the pearl earrings and put them on they were beautiful.. Someone knocked Me: Come in... It was Taylor Him: I thought you'd still be sleeping Me: I just woke up Him: i received a call from Ayo his saying Mercy is at the hospital and recovering there's hope that she will be okay Me: Thank you.. Him: if you like i can take you to see her Me: i ld like that very much Him: You'll tell me when you ready Me: Okay.. He walked out.. I looked at the shell could it be true that if you see a mermaid then you gonna have luck all your life?

Part 22 the gift

I bathe and Got ready although i really wanted to go and see Mercy but i was really scared of how Ayo might react to me. I mean i put her there it's best i just stay away... I walked downstairs Taylor was on his laptop i stood by him and he closed his laptop when he saw me. Him: Wow don't you look beautiful... I smiled while looking down. Him: I've already bathe so just give me 5min to wear something more appropriate. Me: There's no need too.. He looked at me. Me: After the damage I've caused i think it's best i stay away from the Badrus for now until tempers have settled down. He Gave me that ever so cute smile.. Him: Then unfortunately I'll have to go alone i was hoping to go with you but i can see you not ready. Me: maybe some other time.. Him: Ya maybe some other time.. He stood up took his laptop and went upstairs he stopped halfway. Him: You can use the Jaguar to go wherever you want Me: Thank you He continued walking upstairs.. I was hoping he would say that because honestly i had the keys in my bag already.... I went outside and got in the car then drove in search of a church..... Promises are things that i take seriously i made a promise to God that if Mercy recovers I'll go to church... I drove around until i came to some church a Catholic Church. It looked so inviting and wasn't far from Taylor's place. I walked up there

i was scared to open the door but eventually I did and Walked inside..... It was very quiet there was no one. The windows were rather Dim with The virgin marry as a poster i Walked to the front there was alot of Statues of Jesus and burning candles. I sat at the front I really didn't have any idea of what was going. It's not that i have never been religious we used to pray at the orphanage but when i grew up i forgot about the spiritual side of me..... After a long time of sitting there i heard someone clearing their throat behind me.. The person came and sat next to me it was a pope. He looked a bit old was wearing that pope outfit without the hat though. He was having a necklace with Jesus's cross around his neck. Him: such a peaceful day Me: It is indeed father Him: What brings you here child? Me: i made a promise father.. He looked at him.. Me: My friend looked like she was dying this past few days. I made a promise to God that if she recovers then I'll dedicate my life to the Lord so I'm here to honour my promise because he has kept his end of the deal and i also wanna keep my end of the deal. He chuckled. Him: i admire you for such courage. It's not everyone that keeps their promise which goes to show me that you are a person of your word. I looked at him.. Him: But don't make it seem like you are obliged to serve the Lord it should come from your heart Me: I'm not very spiritual father.. Him: has anything happened in particular that made you to second guess the Lord? Me: alot of things Pastor Him: You know who you remind me off? Me: Who? Him: Moses.. Me: Moses? Him: Ohhh yes Moses. When he had to rescue the Israelites he had doubts about God... Me: Did he end up rescuing them? He stood up and went in front then came back with a Bible then handed it to me. Him: Why don't you read and find out? It was a thick book that i didn't even know where to start reading it. Him: Have you ever read the Bible before? Me: Not really.. He showed me how to read it was alot of chapters and verses could take me my whole life to finish this book Me: i look forward to reading Moses'Story father Him: It is a very interesting story was alot of chapters and verses could take me my whole life to finish this book Me: i look forward to reading Moses'Story father Him: It is a very interesting story read it and

come back if you have any questions regarding the story. Me: i will do so Him: i never got your name.. Me: My name is Naledi bit they call me Zee.. Him: Well I'll be part of the crowd that calls you Zee We both laughed. Him: i am Father Luther i started this Catholic Church back in the days Me: It does seem like a very good church.. Him: Why don't you come Sunday? Me: I'd like that.. Him: We shall pray child before you go Me: But i haven't prayed since from a young age Pastor i don't know if i still know how to pray... Him: You just have a conversation with God. Because the honest truth is when you read the Bible you are quiet and God is talking to you and when you praying God is quiet and listening to you while you are talking. Me: But doesn't God know everything that I'm about to say? Him: That's true but sometimes he wants to hear your voice.. Me: That makes sense.. We went at the front and kneeled down before the alter.. Him: Just say anything that comes from your heart.. We prayed for about 30min i was just saying anything that was in my heart... When we were done we walked to the door. Him: This should be a place of refuge for you. When you feeling confused or sad you must come here and seek refuge Me: I'll do so Pastor..... Days passed i was living a peaceful life Taylor and i we were becoming very close we had kissed a few times but we haven't been intimate. Mercy was at home now recovering very well and I thanked God everyday for that. My faith was getting strong and stronger everyday i attended Pastor Luther's services every Tuesday night and Sunday. I read my Bible everyday and prayed twice a day morning and night. The Bible was my friend now it was Amazing how i didn't know soo much about God. There was no longer Mazet and Buli but everytime i missed Mazet I'll go and listen to the shell. Nqobile and i we would call each other we were trying to mend our broken friendship and me i was at peace..... I woke up that morning all happy or was a Saturday morning. I played music from my phone i stumbled on Ariana Grande's song "Santa_Tell_me" was a perfect song for how i was feeling right now... Me: "Santa tell me if you really there.. Don't make me fall in love again if he won't be here next year...Santa tell me if he really cares cos i can't give it all away if he won't be

here next year...feeling chris.." as i was singing and Shaking my little Ass while making my bed i felt someone hugging me from behind.... I smiled and turned around. Taylor: Its not Christmas yet.. Me: i just love the song He pecked my lips.. He was shirtless was wearing a basket ball short and nikey sneakers.. His body was fine had a 6pack to die for and a bit of hair on his chest. He was sweating a bit. Him: Wanna challenge me? Me: on what? Him: Basket ball.. Me: I've never played that before Him: I'll teach you.. I was on my Bumshort and Pj top with sleepers... We got to his backyard he had a basket ball court there. He looked at my feet Me: What? Him: You can't really play with sleepers Me: Why? My sleepers are cute Him: They very cute but not for this sport.. Me: Fine I'll take them off...

I took them off.. Me: I'm going to play barefooted Him: Don't your hurt your small cute toes Me: i won't.. He went and played music on his ipod which he connected to some big speakers. He was playing "Snoop dogg_Carlofinia roll" Him:" Baby you could be a movie star (in Los Angeles) get yourself a medical card (In Los Angeles) " Me: play ball nigga..

Him: Don't rush me.. He got the ball and kept bouncing it while rapping to the song.. Him: "girl i like the way you roll even though you from the ghetto but you belong in the home in the mountains.. I'm not talking about them view I'm talkin' about me and you" I was all blushing and thinking to myself if we were ever gonna ball..

Part 23 the gift

We played basket ball until i was tired to be honest i really didn't know what i was doing. The ball was heavy i couldn't do what they call it "Shooting hoops" on the other hand Taylor seemed as if like he was getting through it pretty well all scoring which made me wonder how the hell he could lift that basket ball because it's fucken heavy! I sat down. Me: I'm done.. Him: You didn't even get at least one in.. Me: the ball is heavy! He switched off the music and came to sit next to me. Him: i forgot

to tell you i got an Sms from the Badrus they invited us for Dinner tonight.. Me: Ohw go and enjoy Him: i just said they invited "us" to dinner tonight not "i" Me: You know how i feel about them. Him: You have to fix things with them. Me: What if they don't forgive me? I almost killed Mercy Him: Then that's that.. I looked at him. Him: Look it doesn't matter how a person reacts to your apology what really matters is that you would've asked for forgiveness forgiving you its up to them.... Me: Well you have a point there.. Him: i always have a point plus i want to tell them that now we official? Me: Official? Okay Me and Taylor we've fooled around a little for this past few weeks we ain't even had sex yet Mara already we are "Official" Him: the Honest truth is that having you around in the house and always spending time with you really brought about feelings that i never thought i had for you and if you give me a chance i would really like to see what this feelings really mean. Wow! Me: i didn't hear you asking me to be your gf Him: i thought i covered that in my statement 10seconds ago. Me: i wanna hear it.. I folded my arms. He looked at me with those cute eyes that hypnotise me and his pink lips started moving that i always wanna kiss.. Him: Would please do me the honour of being my gf.. Me: That's deep i think i have to... He clicked his tongue and pulled me closer to him and kissed me... Him: How about (Pecking my lips) we take (pecking my lips) a shower together? (pecking my lips) Me: Sounds tempting but it's still Early for that. Him: Still Early for what? Me: If we take a shower we gonna end up doing things that we shouldn't be doing.. Me: Things like?? I gave him a serious look.. Him: Ohh that? Nooo.. My mind was not even there.. Me: Really? Him: i promise you... Me: Well that's sad because my mind was there.. Him: Can i withdraw my last statement? I laughed. Me: No.. I stood up and started walking to the house with him following me.. Veronica was already preparing breakfast Her: Where have you guys been? Taylor: Basket ball.. Veronica: Then go freshen up breakfast will be ready in no time. We walked up to our different bedrooms to baththen after met downstairs for breakfast..... Me: at what time is the Dinner at Mercy's place? Taylor: i think 19:00... You can take my credit and go buy you some beautiful

dress.. Me: What are you trying to say about your clothes? Him: i meant that with no disrespect.. Problem is the restaurant we going too they give 100 fucks about the dress code. Veronica: I can accompany you Me: Thank you Veronica that's very nice of you.. Veronica was just sweet i don't wanna lie... I went upstairs to get my phone and bag. I had 4 missed calls from a number i didn't know. I called the person a woman answered. Her: Hello.. Me: Hi.. I found missed calls on my phone from this number.. Her: Naledi is that you? Me: Yes.. Why is Theo coming now when I'm trying to forget about himi heard a knock at the door.. I looked at the door and it was Taylor. I wiped my tears.. He came to me i turned and let my back face him. He put his hands on my shoulders and kissed me on my neck. Him: What's wrong? I might as well tell him because he won't let it go... Me: Its Theo Him: Your abusive ex? I nodded my head yes. I told him a bit about Theo. His face changed instantly. Him: What does he want? Doesn't he know that you've moved on? Me: Its his mom she's begging me to go back to him.. After everything that his done to me Taylor? He

fucken beat me almost to death and kicked me on my womb! He tightened his grip on my shoulders. Him: just go do shopping with Veronica do everything that you women like doing! I'll be back before 19:00. He walked out..... Me: Taylor weight where are you going? He didn't answer he just went.. I took my bag and went to his bedroom to get the car keys... I noticed a photo album on his bed i went through it was pics of him and his family i assume. When i was about to put it on the dressing table a pic fell. I picked it up i noticed it was Taylor he was standing side by side with whom i assume was his twin brother because they look exactly alike... They were young probably 10 i turned the pic around and it was written "Riley Muller&Taylor Duvenhage" I was disturbed by Veronica.. Her: Are you ready to go? Me: Ya.. Vee tell me who is Riley Muller? Her eyes widened. Her: How did you?... How.. Me: i saw this pic on his album She came and snatched it away from me... Me: What's wrong? She looked shaken up she gave me a fake smile.. Her: You look ready let's go.. She put the pic in her bag and Walked out.. Did i open an old can of worms? Who is Riley Muller?

Part 24 the gift

I don't ask any further questions we walk out to the Jaguar and we drive to town. We both quiet in the car i start to play music just to ease up the tension..... We get to town we go to alot of boutiques searching for a dress and i found one. There wasn't anything special about it just a beautiful short red dress with red heels and a red clutch bag. When we done shopping for an outfit we go to some hair salon and i do my hair just did a long weave that had bluish highlights... We end our day by getting something to eat at Nandos. I am trying not to ask Mara i can't contain myself. Me: Vee Her: Hmm? Me: i know you don't wanna talk about this but.. I really need to know who this Riley Muller is.. She stood eating. Her: Zee please leave it.. Me: I cannot leave it.. Taylor and i we in a relationship i need to know more about him and you know Taylor he doesn't like

talking about his life Her: He will tell you when the time is right it's not my place to tell you about Riley Me: Vee please you are like a sister to me. Her: Fine I'm gonna tell you this but please don't tell him I told you Me: My lips are sealed She looked very scared was Taylor that scary? Underneath all that sweetness is he a wolf? Her: Taylor and Riley are.. They are brothers. Me: Twin brothers? Her: No they have the same mom but different dads Me: So what's scary about that? She looked around just to make sure we are not being heard. Her: Taylor is Jack's son Me: Whose jack? Her: Shhhhh not so loud Jack is Riley's uncle but his dead now (Whispering) Me: If his dead then why are we whispering? I doubt he can hear us all the way from the grave Her: Riley Killed Jack Taylor found out and that made them sworn enemies for all this years.. Wow i don't know this Riley guy but already i don't like him he sounds soo evil. Me: Yooh this is deep.. Her: It goes deeper than that but for now we'll Leave it here..... We ate our lunch and Ya Taylor's family sounds very dangerous i wonder if his dangerous..... When we were done we drove back home didn't do much i was just lazing around until the time came for me to prepare myself for the double date dinner..... I was about to exit through the door when i thought to myself that lemme do a bit of some Detective work what is this guy hiding? I looked around opening drawers slowly and gently so i don't wake him up.... I came across the biggest shock of my life when i opened his side drawer i found a gun and a blue Bandana. I sighed then covered my mouth with my hand because i was very scared and started to breath very fast i closed the drawer and unfortunately it made noise... He started moving shit! What excuse am i gonna give him if he wakes up and asks what am i doing going through his things.

Part 25 the gift

I sat there on the floor still he just tossed a bit and then went back to sleep. That was very close i don't wanna lie. I got back in bed and we slept.....

I woke up that Sunday morning and bathe preparing to go to church. I went downstairs to eat breakfast. Taylor came down he was wearing a blue Golfer T a Jean and sneakers. He kissed me on my forehead. Him: Good morning

Me: Morning

Me: have you been there before?

Him: Not really but I've never heard of a power Luther..

Me: How can you hear of him if you've never been to the church He looked at me.

Me: I'm just saying..

He took out R500 from his wallet.

Him: for offeringOhw and we still gonna meet Mercy

actually gonna show up Him: You still mad about

Me: Why would I be?

He stood up and drank his juice then left. I took the cash got my bag and Walked to church..

Was a walking distance from home.

The service was beautiful wasn't Father Luther who was

preaching but still it was a good serviceFather Luther wasn't

Around so after church i just walked home..... My

phone rang as i was walking i took it out it was maNkosi i

exhaled thinking to myself what does she want now? I didn't

Her: He was shot last night his at the hospital and i..

Me: Calm down maNkosi just tell me which hospital and I'll come...

She told me which hospital and i rushed home. I got there i

changed and wore leggings with my Lacoste Sneakers and a

t-shirt. I took the Jaguar keys and Walked out.....

I arrived at the hospital and went to the reception..

Me: Hi

Receptionist: hi..how are you?

Me: I'm fine thanks can you please tell me where Theo Nkosi's ward is?

She checked on the system.

Her: His In ICU and unfortunately no one other than his family members are.. Me: I'm a family member my Name is Naledi Her: oh his mom told me about you..

She handed me some forms. Her: Please sign here I signed.

Her: Ward 4B just go straight Me: Thank you..

I walked and looked for ward 4B until i found it i Walked in and his mom came to hug me. Her: I'm so glad that you here Me: How is he?

Her: His very bad it's not looking good at all...

He was laying there with soo many machines helping him to breath he also had bandages around his chest and tummy. I walked up to him Me: What really happened?

Her: i don't know but the police will be here to inform us... We waited for the police and they came.

It was a detective and a cop...

Detective: Good afternoon i am Detective

Mokoena maNkosi: i am Theo's mother maNkosi

Me: I'm Naledi his..his ex girlfriend

He nodded

maNkosi: Can you please tell us what happened?

Detective: We believe that it was a drive by because looking at the camera surveillance tape he was shot at the basement parking of where he works. He just got into his car and as soon as he was about to exit a car came and shots were fired. maNkosi put her hand on her chest.

Me: Do you have anything did you find the car and the people who did this?

Him: Unfortunately not.. The only thing we found in the scene was a blue Bandana.

That raises concern to me..

Detective: But i promise that we will find the people who did this.. maNkosi: I'll be waiting on you detectives..... I couldn't stop thinking about the blue Bandana maNkosi

Me: I'm Naledi his..his ex girlfriend He nodded maNkosi: Can you please tell us what happened?

Him: Unfortunately not.. The only thing we found in the scene was a blue Bandana.

That raises concern to me..

Detective: But i promise that we will find the people who did this.. maNkosi: I'll be waiting on you detectives.....

I couldn't stop thinking about the blue Bandana i saw one in Taylor's drawer..... But i don't think Taylor can do this i mean he looks sweet to be doing such. maNkosi and i sat there for the whole day i even lost track of time before i knew it it was 21:00...i forgot about the dinner plans that Taylor and i had with the Badrus.

I said my goodbyes to maNkosi and told her that I'll come visit again.... I walked out to the parking and drove home.....

I got home and Taylor looked very furious he was pacing at the kitchen He looked at me.

Him: Is this supposed to be some pay back because of what i did yesterday?

Me: No I'm sorry I got held up somewhere

He looked at me as if like he was waiting for an explanation

Me: Theo got shot last night his in ICU and i went to see him He laughed but it wasn't a friendly laugh

Him: Are you fucken kidding me Naledi

(English accent) Me: i wish i was..

Him: Let me get this straight you stood me up and our friends to go and visit your ex that used to abuse you?

I looked at him.

Him: i don't get it i just don't get it at all... I wasn't in the mood for an argument Him:

You kn..

His phone interrupted us he answered it while walking away.

Him: Not any news for me?

I walked upstairs and took off my sneakers then sat on my bed. I got my phone which i had left and it had almost 20 missed calls from Taylor..... I bathe then wore my Pjs and went downstairs to get something to eat i passed by the lounge and heard voices. It was Veronica and Taylor sounded like they arguing

Veronica: Are you ever gonna make peace with him?

Taylor: No! He killed my father!

Vee: Its not like your father was a saint.. Taylor: Me and Riley we forever gonna be enemies his a blood I'm a crip those two gangs have always had it for each other his my Rival there is no way that we ever gonna get along so just forget about it!

I stood there thinking there's alot i still need to investigate about this family..

Part 26 the gift

I was pacing up and down in the bedroom busy talking to myself Me: The crips.. The crips.. I sat down on my bed took my phone and Googled "The crips" What i found was very interesting. [THE CRIPS] FOUNDER: Stanley Williams who got executed MEMBERS: +30 000 CRIMINAL ACTIVITIES: Drug trafficking robbery extortion murder burglary prostitution and theft. BIGGEST RIVALS: the bloods.. I went further to read that The crips don't wear any other colors than blue white and

black.....Taylor's clothes are mostly Blue and white that's very interesting. While i was at it i decided to Google the bloods too.

[THE

BLOODS] FOUNDED: 1972 MEMBERS: +15 000 CRIMINAL ACTIVITIES: Drug

trafficking robbery murder burglary prostitution theft and extortion. BIGGEST RIVALS: THE BLOODS Unlike the crips the bloods have celebrity members like The Game who even went to name record label (The Bloods). The bloods don't wear any other colors other than Red white and black.. So if Taylor is a crip and Riley is a blood then they are big enemies because honestly the bloods and the crips always wanna kill each other..... I wanna know more about this "Riley

Muller" i went and Googled him too. Apparently Riley Muller is a mineralogist and a CEO of the Muller mine that was founded by his uncle "Jack Muller" who happens to be Taylor's dad. Yooh there's too much going on in this family i don't even know that i can keep up..... There was a knock at my door and it was Taylor. He walked in wearing a white t-shirt with blue pants he had a Bandana wrapped around his wrist.. He sat next to mei quickly exited the net. Him: What are you doing? Me: Just going through Facebook. He gently squeezed my cheek.. Him: I'm sorry for standing you up the other day.. Me: Its fine and sorry for what i did too. I didn't know that going to see Theo would upset you like that. Him: What upsets me is the fact that he put his hands on you. Real men don't hit women. So that means he will never hit me? Me: He wasn't the best fiance that i cannot deny... Him: Anyway I think we should talk about your fees.. If you want I'd still like to pay for them.. Me: That's great but.. Him: You'll Bring me your statement of account tomorrow.. I understand Taylor wants to do the right thing but this is how it all started with me and Theo. He paid for my fees then after he started controlling me before I knew it he was abusing me..... Him: How about tomorrow night we go out for dinner? Me: Id like that very much.. Him: I'd like that too.. He kissed me....his hands got under my pj top and he was findling my breasts. I wish i could say no i wish i could tell him to stop but i can't I'm enjoying how his caressing my body. His touch is very gentle

as if like I'm fragile and he doesn't wanna break me.. We continued kissing with our tongues just playing around and he made me sit ontop of him. He was squeezing my breasts went down to squeezing my thighs while i had my hands around his neck..... Our foreplay was getting steamy we was now naked and he gently laid me on the bed and then came ontop of me. He opened my legs as he made his way inside of me. I wasn't that wet and i wasn't that dry either. He lifted up my but with his strong hands and he was going in and out with Skill.. I've had sex with Theo before but this wasn't just sex i felt my whole being wanting this man i felt my whole being wanting this man he was touching all the right places.. He wasn't having sex with me but he was loving me in a way that i wanted to be loved.. I wrapped my legs around his waist with my hands running on his back as he thrust deeper i was moaning and slowly calling his name "Taaaaaylor" he was kissing me sucking my breasts was just beautiful..... He took longer than I expected this guy was good making me come thrice in one round.... It didn't take him that long to come inside of me too. We laid side trying to catch our breaths..... We then decided to go and bath had one last round in the bathtub then after went to bed i was on his chest with his hands wrapped around me. I truly felt safe in his arms his hands were meant to love me and not to hurt me i truly slept with a big smile on my face..... I woke up the following day still with a smile i ran my hand on his side and he wasn't laying next to me he probably went to work..... I got out of bed and went to shower i was all smiling and singing was a beautiful day..... When i was done bathing i put on my uniform and took my bag then walked to the kitchen..... Veronica was there offloading dishes from the dishwasher. I went up to her and kissed her on her cheek. Me: Good morning... Good morning love (singing) She stopped and looked at me. I sat down and prepared me some cereal Her: Someone is happy.. Me: Its a beautiful day i have every right to be happy.. She just looked at me... I ate my breakfast when i was done i put the bowl in the dishwasher. Before i Walked out i searched for the Jaguar keys and i found them in my bag... I walked up to the door as i opened the door

there was a delivery man. He was holding a bouquet of flowers.
Him: Good morning I'm looking for miss Naledi Me: This is she..
Her: Then this is for you... He made me sign some papers and then left. I looked at the flowers there was a card i took it and read it..... It read: "I love you From T"... I smiled and asked Veronica to put them in the water for me..... . I went to the Jaguar and drove to school. . . My day at school was splendid no one could spoil my mood i was in the 7th cloud of happiness..... At around 17:00 when i was done with my blocks i decided to drive back home i was looking forward to having dinner with My man.... Instead of driving to the house straight i decided to pass by at the hospital and see how Theo was doing..... I got there and i was surprised to see that MaNkosi was not around. I put my bag on the floor and went up to him. Yes Theo is all this and that but he was my first and his always gonna have a special place in my heart.... I took a chair and sat next to his bed with my arms on his small cabinet and i was laying my head on my arms then i suddenly fell into this deep sleep..... I woke up i don't know aft how long and i was surprised to see Theo Looking at me sitting on his bed with his hands on the cabinet he was looking directly at me all smiling.. Me: You look better you look soo much better..
Him: i feel better.. He looked so much better. Me: That was a speedy recovery He continued smiling at me. Him: I wish i had appreciated you i wish i had loved you... I suddenly heard a beeping sound and after the door busted open and the doctor with nurses rushed In.. Me: Theo what's happening? I looked over at his bed and i saw his body still laying there but what i didn't understand was Him being right infront of me... Me: i don't understand... Him: i love you Naledi... Doctor: Get her out of here.. The nurse got me up.. Me: Wait Theo wait... The nurse was pulling me.. Theo was standing there looking at his body while the doctors were trying to revive him... We got out of the ward and the nurse sat me down on the chair.. I was all nervous and scared they taking long and worse I'm not allowed to go in there..... The doctor came out after a while he had this indescribable frown on his face.. He looked at me. Him: I'm sorry we tried everything.. Me: No.. I walked to the ward i saw

the Nurse pulling the sheet and covering him the machines were off... Me: Theo No!!! I tried going to him but the Nurses stopped me... I don't wanna lie i was very heartbroken..

Part 27 the gift

Theo's funeral was beautiful and peaceful. His colleagues and friends spoke beautifully about him. maNkosi was a wreck throughout the whole funeral I don't blame her though losing both her Children in a tragic way must be very hard for her. I arrived here on Friday Taylor was not very happy about it but hey what can he say or do i was very stubborn about this whole situation that he allowed me to go. Nqobile was with me she had accompanied me. After The funeral Nqobile and i we were helping around with dishing up i was dishing up in the bedroom while she dished up for the pastors in the lounge. I was wearing my long black dress black doek and a shawl around my shoulders i had now changed my heels and i was wearing flat shoes. Theo's mom was all introducing me to the elders as "Theo's Fiancé" i bet if Taylor could hear that he will go ballistic. After helping around i dished up for myself and went to sit outside in the tent and Nqobile joined me after a while..... .. Her: Yooh Thank God we are done Me: awuvilaphi uza kahle (you are very lazy) Her: Hai ngeke those pastors were alot and some of them wanted more and more.... We laughed. Nqobile: Yazi angikakholwa ukuthi uTheo uhambile namanje (i still can't believe that Theo is gone) Me: It will take a while for me to get used to that.. Nqobile: ngathi uzovela manje aqale inkinga (it's like he would show up now and start trouble) Me: Ya neh..... We continued eating then when we were done we helped with washing the dishes etc..... By the time we were finished i was dead tired and my feet were killing me. maNkosi came to us.. Her: Ngiyabonga mantombazana (Thank you girls) you truly helped alot around here.. Nqobile: It was nothing ma.. She looked at me. Her: Ohh Zee how i wish that Theo could've

married you.. Hai this kind of talks Mara..... . . At around 18:00 Nqobile and i freshened up and we were ready to hit the road... We called Theo's mom to tell her that we are leaving. Her: Its late now lalani (sleep over) can't have two girls driving around at night.. It's not safe.. Me: maNkosi we cannot sleep over again I really... Her: Kodwa Zee ngiyacela bandla (I'm begging you) Eish what is Taylor gonna say I'm even a bit scared call him.. Me: Hai maNkosi i don't think that Taylor would approve of that.. Her: Mcele nje (ask him) Zee I'll be seeing you for the last time... I looked at Naledi she just nodded her head. Me: Okay let me call him.. I took my phone and moved away from them and called Taylor who answered on the 3rd call.. Him: Are you on your way home? Me: Uhm no.. Him: What you mean No? You said you coming back today! Me: I know but Theo's mom is insisting... He kept quiet for a while.. Me: Tay... Him: Do what you want Zee! Me: Do.. He hung up on me.. Me: Taylor... I looked at my phone Me: u cannot believe he hung up on me... I went back to Nqobile and maNkosi. Nqobile: and? Me: He agreed maNkosi smiled and hugged me.. Her: You don't know how happy i am.. I faked a smile.. Her: Let me go and join the elders.. She walked away. Nqobile looked at me Me: What? Her: He said no didn't he.. Me: But maNkosi doesn't know that.. Nqobile: Zee you have to stop giving her ideas if you continue like this she will never stop Me: Nqobile she just lost her son.. Nqobile: Fine then..... Our day was spent with Theo's drunk cousins. We were chilling at some neighbours house all drinking Nqobile just had one glass she doesn't go hard on alcohol unlike me.. I didn't drink that much though didn't want Khabo Theo thinking that I'm a drunk... I was getting drunk that i ended up Missing Taylor soo bad. I took my phone and went outside to call him it was late at night now.. His phone kept on ringing and ringing that Nqobile came to me.. Her: Are you okay? Me: Taylor is not answering his phone. Me: maybe his with another bitch! Nqobile: Zee stop drinking alcohol Me: Theo cheated on me what would stop Taylor from doing the same? Her: Because Taylor is not like Theo! I don't think he will cheat on you. Me: They cheated on Beyonce i mean who are we? Her: i think we should go and sleep now sowuyabeda (you

speaking nonsense)..... We didn't go back to the house we went back khabo Theo and we slept..... In the morning i had a bit of a hangover but i tried to ignore it.... There wasn't much to do I just drove maNkosi to run her errands then after Nqobile and i drove back home..... I dropped Zee off at Mercy's place i didn't go in because i still don't know how Ayo feels about me.... I drove back home i was tired as hell all i wanna do is sleep when i get there..... ... I arrived took my luggage and Walked inside. Taylor was in the dinning room with two other niggas. They had some paper laid out at the table seemed like they were working on something big. Taylor: So how do we approach this building without getting caught? Guy1: i was thi... When he saw me they all kept quiet and looked at me... Taylor: I'll be right back guys.. He came to meand just looked at me. Me: I'm sorry.. Him: Its okay I'm just glad that you are back safe... I smiled.. Him: We'll talk later got some business to take care of Me: Okay He kissed me then went back to his people... Taylor: How do we know that the bloods won't interfere with this heist? Guy2: their leader is down remember? Taylor: Shit i forgot that motherf*** is on a wheelchair now Guy1: i wish to see him not soo mighty after all Riley.. Guy2: Still can't believe yall are brothers.. Taylor: Eyy I'm not related whatsoever with that motherf***I'm not in a wheelchair nigga They laughed.... I was standing there thinking to myself that how can someone talk like this about his own brother? He realised a bit late that i was still standing there listening to them.. I started walking away... Him: Doll wait... I didn't wanna hear shit! **Part 28** He came to the bedroom quite frankly I didn't wanna talk to him or see him... Him: i can explain I looked at him with my arms folded. Him: Its... I still looked at him he couldn't explain himself. ***After 2min** Him: I'm not used to talking about how i really feel just know that there's some shit going on between me and my brother Me: How is our relationship gonna work if you don't tell me about you where you come from and your family. Him: You haven't told me about yourself Me: Well both my parents are dead i grew up in an orphanage.. Him: I'm sorry.. Me: Its okay..so what about you? Him: Well i raised myself up mom was never

there and my dad concentrated more of his attention in raising kids that are not his. Me: What do you mean you raised yourself up? Him: i... He buried his face on his hands.. I laid my head on his shoulder. He removed his hands from his face.. He then stood up and went to my dressing table started findling my things. He had his back against me. Him: I'm very ruthless Zee I'm dangerous I'm a monster.. Me: i don't see you that way Him: That's because you haven't seen Me angry.. But don't worry I'll never hurt you i have no one Zee it's always been me I've always had my back.. I understand his pain. Me: Now it's different.. Him: How? I walked up to him and hugged him from the back... Me: You have me now and I love you.. Him: But what if you leave me after seeing the monster side of me.. I swallowed hard well he said he will never hurt me... He can be a monster or a beast or whatever but truthfully i love him... Me: I'll never leave you.. Him: That's what they all said Me: I'm not "them" He turned around and put his hand on my cheek. Him: Then prove it to me.. Me: How? Him: Marry me.. Woooooooow!!!! Me: wow uhm.. He smiled but it was a smile that came with sadness. Him: Its okay if you don't want too. He kissed me on my forehead. Him: i still love you.. He then started walking away.. Me: I'll Marry you.. He stopped and looked at me. Him: Do you mean that? I nodded my head yes.. Him: What if i told you that I'm a murderer the first time i killed a person was when i was 16..i have alot of blood In my hands.. Me: i still wanna Marry you... Him: What if i told you that I'm part of a very dangerous gang and your life will always be in danger would you still wanna Marry me? Me: Yes.. He came a bit closer. Him: What if i told you that I'm the one who killed your ex what would you say then? That was a blow!! How can he do something like this? Who is he? I kept quiet for a while tears filled my eyes.. Me: I'd still say i wanna Marry you.. He looked at me i couldn't stop the tears.. He Came closer and hugged me while brushing my hair you have no idea how much i wanna push him off tight now but i couldn't i always feel safe in his arms. Me: wh.. Why though? He looked at me while wiping my tears. Him: Because he hurt someone that i love seeing you crying and in pain everyday it did things to me Zee.. Ask me if

Would you kill for me again? Him: i would! I'd do anything for
you Zee.. I promise I will kill anyone who hurts you.. Wow this
guy is a psycho... Him: Get ready because we going out on that
double date.. Me: Okay He kissed me... Then after he went.
Call him whatever you want but i love him and he loves me too.
I have never been loved like this before..... I prepared myself
wore a purple high skirt that was very tight i wore my purple t-
shirt that looked more like a bra had the perfect cleavage
ever..... I wore purple heels and i curled my weave put on
make up and i was good to go..... He was wearing a black suit
looking flashy and classy as always. He was waiting for me in
the lounge.... As i was approaching him he could keep his eyes
off me..... Him: Wow you look... I'm.. You look great.. Me:
Thank you... He held my hand and we walked out to his
car.....we drove out in style was riding a black McLaren..
Was driving with his right hand while his left hand was holding
my right hand..... We arrived in this beautiful restaurant
that looked very expensive. We signed at the door i was
surprised at how people respected him there.. Some waitress
came to us. Her: Good evening Mr Duvenhage Him: Evening
Celeste.. She took us to the garden was peaceful beautiful and
a candle lit dinner was prepared for us. He opened the chair for
mei sat down. He then went and sat opposite me..... Me: This is
beautiful.. Him: promise that you like it? I smiled.. Me: i love it..
Him: And i love hearing that because i own this restaurant. Me:
Really? Him: Yea.. We were served the appetisers first then
Entree and finally desert. We ended up dancing to Ebony eyes
by Ricky James..... After all that we left but we didn't drive
straight home we went into this other house was a beautiful
house. Me: What are we doing here? Him: You said you loved
me right? Me: Yes.. I was scared i swear.. We went inside and
we were met by some woman who took us to some room. It
was as if like we were here to see a sorcerer. The room was
weird had skeletons it was like nje there's some voodoo about to
go down..... A black woman wearing some African traditional
clothes came to us. Her: Nice to see you again Her accent
sounded like she was from those African countries. She looked

at me. Her: Is this her? He nodded.. Her: We shall begin.. Me: Begin.. Begin with what? Him: You trust me don't you? I nodded my head she smiled at me. She came with a bowl that had Red soil inside she came with a razor. She cut Taylor's wrist a bit then cut mine and we had to suck each others blood.. Then some of the blood she put in the bowl with the red soil.. She said some spell then put the soil in a bottle then gave it to Taylor. She then took a hot poker and put it on my arm was hot i screamed she did the same with Taylor.. It left an infinity mark. Was like a tattoo..... Her: Now we are done.. Me: What was that all about? Her: Your souls are tied together forever you must only be with him and him alone because you just made a blood convenent with him. Should you sleep with another man or love another man you will die you are gonna love him alone until death do you apart. I looked at Taylor like wtf?!!

Part 28 the gift

I don't know if Taylor was testing me or what but what happened there was total BULLSHIT..... No word was said in the car until we got home.. I walked in first while he followed me he slightly grabbed my arm but i yanked his hand Off. Me: Don't!!! don't fucken touch me! Nxa! Him: Soo much attitude for what? Me: i have a scar on my wrist and a fucken mark on my arm some crazy woman did some Voodoo on me and you gonna say "Soo much attitude" are you serious? Fuck you Taylor! Him: You need to fucken calm down! You acting like i forced you! Me: You gave me no choice!! How about discussing such shit with me first? (shouting) Him: Don't raise your voice at me Zee! Me: or what? What huh? What you gonna do Taylor? He took his jacket. Him: We'll talk when you've calmed down.. He walked upstairs. Veronica came into the kitchen. Her: What the hell Is going on? Me: Why don't you ask your... I was getting a bit dizzy Me: Ask... Her: Zee are you Okay??? Her voice

created some echoes. Me: I'm not feel... Those are the words i remember saying what happened next i truly don't know... . . . Taylor: Take it easy. Me: Ouchhhhhh... You say i what? Veronica: You don't remember fainting and bumping your head? Me: No. Taylor: Well what do you remember? Me: Us going out for a romantic dinner then after coming back home. They looked at each other then they looked at me. Taylor: You don't remember us going anywhere else? Me: No did we go somewhere? Him: No we drove straight home after dinner. He helped me to get up. Him: Come and drink some pain killers. He walked me to the kitchen got some panado tablets then made me drink. Me: Thank you. He looked at me. Me: What? Him: Please tell me that you at least remember agreeing to marry me? Me: I remember none of that! Him: Really? Me: Yes.. Him: Ohh He looked so disappointed. Me: i just remember agreeing to marry some fine good looking white guy definitely wasn't you.. He laughed. Him: i hope he knows how dangerous i am i don't play and definitely i don't share. I laughed but my headache reminded me that it's here.. I put my hand on my forehead. Me: awuuu! Him: maybe you should lie down a lil' Me: or maybe I know a way we can get rid of this headache. He put his hands on his pockets. Him: Yea? I got close to him i started unbuttoning his shirt. Him: Ohh you mean this remedy? Me: You so slow for a smart guy. He laughed and kissed me..... Ask if we had sex? No we didn't have sex but we had crazy sex! You know this guy was doing things to me the more that he was humping me on the kitchen table it made me to want more and more and more and more of him.. I was screaming i was moaning I'm sure i even went Emtee a bit (Krapa fasa baba let's)..... We did it in several places we even didn't care about Veronica hearing us i think we even broke the coffee table..... . When we were done we went and took a long shower we were very tired so nothing happened in the shower just touching and kissing and him

caressing my body..... When we were done we got out dried ourselves put on lotion and i wore one of his T-shirts i wasn't wearing any underwear then we went to bed.. Me: Tay.. Him: I'm listening.. Me: Do you know how i got this scar on my wrist? Him: i think it's when you fell.. Me: And the tattoo? Him: We got those after our romantic dinner see i got one. Me: i don't remember that at all. Him: Then you must've bumped your head very hard Me: What do they mean? Him: That we bounded together forever.. Me: hmmm interesting.. Him: You should sleep you got school tomorrow.. Me: You right. I kissed him goodnight and i slept.. It didn't take me long to fall asleep because i was very tired..... I had one of the most strangest dreams. I was in a dark room that had a bit of smoke i tried walking around but i couldn't see where i was going because it was dark. Me: Hello?? There was no answer. I located the main switch wanted to switch on the lights but someone spoke. Voice: Wait don't switch on the lights. Me: Is there someone in here? I recognise that voice... Voice: Its Tay.. Me: i can't see you.. Him: That's because i don't want you to see me.. I heard him talking i also heard some heavy breathing as if like there's some big creature in the room. Me: What are you talking about? Him: What if you don't like what you see? Me: Tay you crazy!!! Him: Zee I'm serious.. Me: I'm switching on the lights. Him: Zee wait.. I switched on the lights as i turned around to look at him what i saw made me scream as loud as i can..

Part 29 the gift

didn't believe I was saying that. I pushed him. Me: You a crazy fuck! His mood changed instantly he took off his jacket and put it on the kitchen counter. Him: You need to fucken calm down! You acting like i forced you! Me: You gave me no choice!! How about discussing such shit with me first? (shouting) Him: Don't raise your voice at me Zee! Me: or what? What huh? What you gonna do Taylor? He took his jacket. Him: We'll talk when you've calmed down.. He walked upstairs. Veronica came into the kitchen. Her: What the hell Is going on? Me: Why don't you ask your... I was getting a bit dizzy Me: Ask... Her: Zee are you Okay??? Her voice created some echoes. Me: I'm not feel... Those are the words i remember saying what happened next i truly don't know... . . I opened my eyes and i noticed I was laying on the couch with Taylor and Veronica looking at me.. Me: What happened? Veronica: You fainted.. I tried getting up but my head was banging. Taylor: Take it easy. Me: Ouchhhhhh...

You say i what? Veronica: You don't remember fainting and bumping your head? Me: No. Taylor: Well what do you remember? Me: Us going out for a romantic dinner then after coming back home. They looked at each other then they looked at me. Taylor: You don't remember us going anywhere else? Me: No did we go somewhere? Him: No we drove straight home after dinner. He helped me to get up. Him: Come and drink some pain killers.

He walked me to the kitchen got some panado tablets then made me drink. Me: Thank you. He looked at me. Me: What? Him: Please tell me that you at least remember agreeing to marry me? Me: I remember none of that! Him: Really? Me: Yes.. Him: Ohh He looked so disappointed. Me: i just remember agreeing to marry some fine good looking white guy definitely wasn't you.. He laughed. Him: i hope he knows how dangerous i am i don't play and definitely i don't share. I laughed but my headache reminded me that it's here.. I put my hand on my forehead. Me: awuuu! Him: maybe you should lie down a lil' Me: or maybe I know a way we can get rid of this headache. He put his hands on his pockets. Him: Yea? I got close to him i started unbuttoning his shirt. Him: Ohh you mean

this remedy? Me: You so slow for a smart guy. He laughed and kissed me..... Ask if we had sex? No we didn't have sex but we had crazy sex! You know this guy was doing things to me the more that he was humping me on the kitchen table it made me to want more and more and more and more of him.. I was screaming i was moaning I'm sure i even went Emtee a bit (Krapa fasa baba let's)..... We did it in several places we even didn't care about Veronica hearing us i think we even broke the coffee table..... . When we were done we went and took a long shower we were very tired so nothing happened in the shower just touching and kissing and him caressing my body..... When we were done we got out dried ourselves put on lotion and i wore one of his T-shirts i wasn't wearing any underwear then we went to bed.. Me: Tay.. Him: I'm listening.. Me: Do you know how i got this scar on my wrist? Him: i think it's when you fell.. Me: And the tattoo? Him: We got those after our romantic dinner see i got one. Me: i don't remember that at all. Him: Then you must've bumped your head very hard Me: What do they mean? Him: That we bounded together forever.. Me: hmmm interesting.. Him: You should sleep you got school tomorrow.. Me: You right. I kissed him goodnight and i slept.. It didn't take me long to fall asleep because i was very tired..... I had one of the most strangest dreams. I was in a dark room that had a bit of smoke i tried walking around but i couldn't see where i was going because it was dark. Me: Hello?? There was no answer. I located the main switch wanted to switch on the lights but someone spoke. Voice: Wait don't switch on the lights. Me: Is there someone in here? I recognise that voice... Voice: Its Tay.. Me: i can't see you.. Him: That's because i don't want you to see me.. I heard him talking i also heard some heavy breathing as if like there's some big creature in the room. Me: What are you talking about? Him: What if you don't like what you see? Me: Tay you crazy!!! Him: Zee I'm serious.. Me: I'm switching on the lights. Him: Zee wait.. I switched on the lights as i turned around to look at him what i saw made me scream as loud as i can..

Part 30 the gift

What i saw was a very big black lion standing in front of me with blood in its mouth. I could see that it was hungry for more blood and i saw alot of dead bodies scattered around on the floor Theo's body included. There was alot of blood my feet were standing in a pool of blood the bodies were missing parts. One body would miss a head another body would be missing hands etc. The lion was reaping off a hand from some guy who seemed to be still alive. The guy looked at me with teary eyes and his last words to me were "help me". I screamed as i screamed the lion stopped and looked at me it came closer i was trembling with fear. I sank on that floor full of blood i was very scared i was Shaking and crying. Amazingly the lion stood in front of me and looked at me it made a sad sound as if like it was crying as i looked closely it cried tears of blood. The way it was soo big i swear it was like king Kong standing in front of me. It didn't look like it wanted to hurt me it looked more ashamed of what it had done. I stood up and slowly walked towards it but as i took steps it stepped back. That continued until it got to the wall it was trapped there because there was no exit as i tried to touch it. It roared very loud and shaved me off the way and ran out of the door after exiting it spread it's big wings and flew away..... I felt someone calling me and Shaking me i opened my eyes and Taylor was waking me up. I hugged him i was Shaking my heart was beating very fast. I know I had a bad dream but i just couldn't remember what it was about. Again i felt safe in Taylor's arms. Him: You Shaking Doll what's wrong? Me: i.. I had a dream.. He put his hand on my cheek that always relaxes me. Him: What was it all about? Me: That's the thing that always relaxes me. Him: What was it all about? Me: That's the thing i don't remember what it was about..... He kissed me on my cheek. Him: I'm sorry.. Me: i don't think that I'll sleep.. Him: We all get nightmares every now and then... Me: That's the thing it's not just a nightmare. Him: You think it means something? Me: It did mean something it carried a heavy message. He looked at me. Me: You don't believe me? Him: Its not that I don't believe you I'm just not

superstitious. I think that nightmares are thoughts that were buried in your subconscious mind and now they are coming into the conscious mind with vivid images. Me: If you say so then... Him: Tell you what let's go and have pancakes with milk Me: pancakes at this time of the night? Him: That's a good snack if you can't sleep. Me: Okay.. He got out of bed. Him: Hop on my back.. I jumped on his back and we went to the kitchen. Him: You light as a feather. Me: Whatever! We got to the kitchen and he put me on top of the kitchen counter. Him: Wait until you taste my pancakes..... He made the pancakes they were accompanied by chocolate milk and he poured a honey syrup on top of the Pancakes. Me: This looks like it's gonna be sweet. Him: just trying it.. I was still sitting on the kitchen counter he was standing next to me..... He let me take a bite. Me: They actually taste good.. He got closer and sucked my lower lip that really did things to me.. Him: And you also sweet.. You had a bit of honey on your lip. I chuckled..... I noticed that Taylor had a big tattoo of a lion with wings the tattoo was just below his lower breast on his heart. He also wears a silver chain that has a pendant of a black lion... I looked at the chain closely. You won't notice that it's a lion until you look closely because the pendant was a bit small..... Me: babe what's up with you and a flying lion? Him: i just like a lion.. Me: This lion looked familiar like I've seen it somewhere but i just don't remember where..... . . A full week passed by i was swamped with School work and i also had to plan my wedding. Taylor and i were madly in love being away from each other for even 5min was very hard..... It was a Friday afternoon i was with Nqobile and Mercy we were chilling at Mercy's garden they helping with planning my wedding. Well they were planning and i was in deep thoughts thinking of Taylor. Nqobile: Why not go with the same theme of your wedding? Mercy: Red and white? Nqobile: Yea your wedding was beautiful especially when you let me watch the videos and look at the pics. Mercy: i don't know Zee's favourite colour is purple.. Nqobile: Zee what do you think?? I was quiet. Mercy: Don't tell me you still thinking about Taylor.. Nqobile shook me.. Me: Huh? Mercy: You've been thinking about Taylor ever since you got here. Me: guys i

just love Taylor They looked bored. Mercy: here we go again
Me: He.. Nqobile: He completes you we know.. Me: Don't hate..
I saw Ayo coming to us. Him: afternoon ladies We greeted
back.... He picked up one of the magazines and looked at it
Him: Whose getting married? Mercy: Zee Him: getting married
to who? Mercy: Taylor He put the magazine down... Him:
Ladies can i please speak to Zee.. Mercy and Nqobile excused
themselves... They took the magazines. Ayo sat down across
me. Him: What are you doing? Me: Excuse me? Him: Do you
even know the man that you marrying Me: I'm not following..
Him: Naledi you marrying a man that sold his soul to the devil in
exchanged for riches and the heart of a lion.. Me: What are you
talking about? Him: ever since you started seeing this man
what happened to your Gift? I didn't reply him.... Him: He owns
your soul Naledi the mark you have the blood convenient you
did.. I stood up. Me: i don't like this conversation.. I started
walking away.. Him: This dream of a lion that you keep on
having you are being warned.. This man is evil! I stopped and
looked at him... Him: the lion represents him Naledi. He is big
and strong and fearless he has all the qualities of a lion. All the
dead bodies you see they represent all the people that he has
killed. You are his only weakness your love is what weakens
him your love is what drains his power that's why his ashamed
and cries when he sees you.... But with all your love cannot
save him because a lion is the most ruthless animal you could
ever find it evens kills it's own cubs. The lion is the king of a
jungle and Taylor his the king of a brotherhood club where him
and his other brother have sold their souls to the devil in
exchange for richness and power.. You need to leave him
before its too late...

Part 31 the gift

What was Ayo saying to me exactly? Me: Tay loves me he
would never hurt me. Him: That could be true but no matter
how much you wanna force it you and him cannot be. His bad
you good it's like an Angel and Demon trying to build a close

relationship. Me: You did with Mercy she was a witch and evil
Him: Mercy was cursed and possessed she wasn't herself
when everything happened. On the other hand Taylor sold his
soul to the devil for riches power and the heart of a lion. That's
why it's easy for him to kill but hard for him to be killed.. Me:
This is unfair Him: Good can never exist along side evil that's
why you two cannot be. Me: They why did you guys let him In
Ayo: i don't get visions whenever I want all this was revealed to
me recently. I was never gonna know the real him if he didn't
have a connection with you and you have a connection with
heaven because of the gift you have that's why it was revealed
to me.. Me: i never wanted this gift Him: i never wanted to be a
prophet too but there's nothing you can do if that's your destiny.
Me: i choose Tay over my gift Him: Naledi... Me: No! Tay is the
first and the only person that has ever shown me true love Him:
That's not true.. You have us if we didn't love you we weren't
even gonna forgive you on what you did to my wife. I was now
In tears. Him: It was hard for me when I had to take Mercy to be
my wife especially because she had alot of evil surrounding
her. Me: But she changed you changed him.. Taylor can be
good too He looked down. Me: Can't he? Him: Unfortunately
no.. It should be up to him to change we can't force prayers on
him if he didn't purpose in his heart that he wants to change.
Me: Fine then I'll choose him over my Gift i choose him over
anything he is my life i can't live without him. Him: No you can
live without him you just don't want too because of this spell
and blood convenient you did with him. Naledi he owns you he
owns your heart. Me: He owns my heart because he loves me
and i love him back! You know i came here to Mercy and
Nqobile so they can help me with the wedding all of this I don't
know where it's coming from. I started walking away then i
stopped. Me: Ohw if you wanna preach go and preach to your
wife because she's the one who introduced me to Tay.. How do
I even know that you the ones who are evil..... I continued
walking away while passing Mercy and Nqobile in the lounge.
Nqobile: Ohh Zee we were.. She saw that I was upset Me:
Yabona wena Mercy tell your false prophet husband to go and
prophet somewhere else! I'm not one of his charges! Mercy:

What happened? I was very heartbroken i was still crying. Me: You know his upsetting me with things that are not true saying Taylor is evil he sold his soul to the devil! Her: Wait what? Taylor did what? Me: Then you act like you don't know Her: Look Tay and i met at a symposium his a philanthropist and a motivational speaker like me i didn't know that he sold his soul to the devil maybe if it was written on his forehead i would've known! Me: All of this makes sense now. You jealous you trying to get in between us so you can have him She laughed... Her: listen to this girl! Why would I want your devil? Me: Look whose talking not along you were a witch! Your vagina use to kill you should be locked up for all the people you've killed Kush included! She stood up and came to me grabbing me by my hair. Him: you've said whatever you wanted to say now get out of my house!! She was dragging me to the door! Mercy: Nqobile bring her bag along!! I was on the floor and she was dragging me across the floor with my weave. Me: Why are you catching feelings it's not like I'm lying! Your Grandmother was a witch so was your mother and so are you! It's all written in your book!!.... Before i knew it she was ontop of me punching me i never knew she could be this ghetto. Nqobile was trying to get her off me....when Nqobile finally got her off me i stood up half of my weave was on the floor. Mercy picked it up and threw it at me.. Him: Get out of my house with your cheap weave!!!... Me: Even marrying a prophet couldn't get the hood out of you! I wonder what people would say if they could hear that The Prophet's wife can play so dirty? She walked closer Nqobile stood between us. Nqobile: i think you should leave Zee! Me: I'm leaving vele! And wena Nqobile consider Mercy your new best friend because you and i we done!! I took my bag and Walked to my car. How can Mercy attack me like this? And how can Nqobile side with her?..... I got in my car before I drove i looked myself in the mirror and she did bruise my weave was even a mess i then drove home all crying..... I got home and was walking to the bedroom when i saw Tay playing pool with his friend In the lounge we have a pool table there i decided to go to him he

couldn't believe his eyes when he saw me.. Him: Wtf?? Who did this to you? I couldn't say anything i just started crying....he came to me and hugged me then after looked at me.... Him: Who did this to you? Me: mer...(clearing my throat) Mercy.. Him: Mercy attacked you? I nodded my head. Him: Why? Me: Because her husband was busy telling me that I should leave you you've sold your soul to the devil you and i cannot be... Him: What??! Tay lost it. Taylor: Who the fuck does he think he is? Does he even know who i am? His friend answered. Friend: Who that? Tay: that prophet Badru Friend: Ohh that guy I've never liked him Tay: Its time someone put him in his place! Friend: Just say the word bro. Tay: You know what fuck Mercy! I will hook you up with girls who have class and style girls who are far way better than Mercy! He took out his phone and went away..... I walked upstairs and laid on the bed all crying.. Taylor walked in after a while. He sat next to me while running his hand on my thigh. Him: This prophet is gonna piss me off i swear! Me: i just wish that people could be happy for us... Him: Come here... I went and sat ontop of him. Him: i love you and you love me that's all that matters isn't it? I nodded my head yes.... Me: as long as we have each other that's all that matters.. He smiled at me and kissed me... Him: i love you Me: i love you too.. Him: Let's get married have a bunch of kids and be happy. I looked down he lifted my chin up so I could look at him. Him: What's wrong? Me: i can't have kids remember? Him: You gonna have them don't worry.. I looked at him.. Him: i just know a woman who can make you conceive she's very powerful Me: What if she c.. Him: Let's cross that bridge when we get there.. Me: Okay He stood up while holding me.. Him: freshen up because later we meeting my brothers and their wives whom I hope that you will be friends with.. Me: Your brothers? Him: Ya from the brotherhood club.. I looked at him puzzled Him: Let me not bore you with details go freshen up Me: Yoooh so I'm meeting this classy women whole i look this ratchet? Him: Your bruises ain't nothing that make up cannot cover up.. He put his hand on my face all examining me.. Him: i never thought of Mercy to be ghetto but i will be paying her husband a visit! Tay was very upset about this Situation i don't

blame him though it's time someone showed Mercy and Ayo that they don't run this world!

Part 32 the gift

I prepared myself I wore a black dress with black heels and I put on make up and tried to fix my weave. I didn't look wow just acceptable... Tay was wearing a suit and looking flashy as always..... We went to his car and drove off.... We got to another restaurant that looked more expensive than the last one we went too.... We went to a private dining area where we met his friends and their wives. The wives were young and mad beautiful the kind of beauty i have never seen. They were both black but the husbands were white..... Tay introduced me. It was Natasha But they call her Tassi the other one was Zoe..... We sat down and started to talk getting to know each other.... Husband: so this is the Zee that you want to marry? Tay looked at me and smiled.. Tay: Yeap this is the woman that stole my heart. Husband 2: Then you are one special lady because Tay has a heart of a biggest lion it cannot be stolen. They all laughed he might've said that in a joking but I knew it was true because Ayo told me..... Tasi: i like your dimples hey.. I blushed. Me: Thank you.. Tay: This are the ladies i want you to roll with they are fun they have class. I looked at them even the clothes that they were wearing looked expensive more expensive than my tuition fees. Their weaves Lord have Mercy..... Zoe: girls why don't we excuse ourselves go to the bar and chat a bit we'll come back after a few minutes..... We all stood up and Walked to the bar Tasi had the biggest Ass and boobs I've ever seen. If i didn't know right I'd say she was dating one of them American rappers. Zoe had a beautiful thin body..... We ordered some cocktails.. Tasi: Zee i am jealous I looked at her confused... Her: i mean you got Tay.... Me: I'm not really following I said that hoping not to sound stupid. Zoe: Because she always wanted Tay.. Tasi: As if like you never wanted him. Their accent sounded so cheesy... Tasi: Do you have any idea how blessed you are to have Tay?

Me: I know hey.. Zoe: Tay doesn't just fall for any girl he doesn't easily give in to love..... I didn't know what to say so i kept on smiling. Zoe: Anyway Zee what happened to you? You have bruises and your weave is a no no.. I wonder how she noticed... Me: Ohh uhm i had a fight with my friend Mercy and she went ghetto on me... Tasi: Mercy the one who Married a prophet? Me: Yes Zoe: i never knew she was ghetto Me: She can be.. Tasi: that is like totally not on.. Zoe: But I've never really liked her hey... Tasi: Me too she thinks highly of herself because she married that prophet. Me: From a witch to a prophetess.. They laughed..... Me: I have one last question Him: Shoot? Me: What are you gonna do to Ayo? Him: just talk to him That was weird. Me: at least you not gonna hurt him Him: i can't touch him Me: Why is that? Him: His too powerful if i kill him his blood and death is gonna destroy our

Kingdom Me: Kingdom? He came and sat next to me. Him: i think it's time i tell you the truth I looked at him. Him: i have a heart of the biggest lion i kill first before i could be killed. I sold my soul to the devil for riches.. So what Ayo said was true... Him: You don't look surprised. Me: Ayo had already told me....does that mean I have to sell my soul to the devil too? He laughed and squeezed my cheek. Him: No doll you don't have too. Me: would you ever hurt me I know how heartless a lion is Him: I'll never hurt you unless Me: unless? Him: Look i have to go sweetheart Me: is everything okay? Him: everything is fine doll.. Me: Okay i miss you Him: i miss you too.. Me: Bye.. He hung up. I was a bit worried with all that shooting i heard in the background Tasi: What's wrong babe? Me: i think Tay is in trouble i heard a lot of shooting.. Zoe: Tay has the heart of a biggest lion he always makes it. Me: i hope he makes it to our wedding Zoe: He will.. Tasi: Now get rid of that frown on your face and let's go party!!!.. Tay came back 3 days before the wedding i was soo happy to see him i ran to hug him.. Me: Baby I'm so happy to see you! Him: I'm happy to see you too. He was smiling but i could see that his smile was not genuine.. He held on to the kitchen counter.. Me: Tay what's wrong? Him: I'm fine doll.. Me: You don't look fine.. He looked soo much in pain.. Me: Tay.. He just collapsed without saying a word.. I kneeled next to him.. Me: Veronica (screaming) Tay what's wrong? He was screaming In agony with his hand on his ribs.. I removed his hand and he was bleeding.... I lifted up his T-shirt a bit he had been shot.. Me: Oh my Gosh Veronica!! Veronica didn't waste time she came to the kitchen.. Her: What.. Omg Taylor She also kneeled next to me. Tay was shivering as if like he was cold his eyeballs were rolling at the back only the whiteness part showed... Me: Omg his dying I'll call the ambulance.. Veronica: No! Me: What do you mean No his dying! Veronica: Hold this cloth against his wound i know who to call I'll be right back... She got up and rushed upstairs... I held the cloth against his wound to try and stop the bleeding.. Me: Tay stay with me please... He held my hand tight his eyes

changed they were now red and he was roaring like a lion.. I was scared as hell i moved back a bit.. After a few minutes he was back to normal and his last words before he went unconscious were "Zee"

Part 35 the gift

Some woman came in she was black and looked like a sorcerer. She was wearing those traditional dresses the kind that Nigerians women wear and a doek. She had a necklace with teeth around her neck her earrings were bones human bones. She carried a bag with her and she was with some two guys...she looked familiar as if like i knew her from somewhere.. Her: take him upstairs Tay was still unconscious. The two guys carried him upstairs. Veronica was with Me now.. Her: i would like not to be disturbed Her accent was off though... She walked upstairs..... I went and took a cloth poured water and thick bleach in the bucket and started cleaning the blood.. I was scared what if Tay doesn't make it.. Tears were now falling. Veronica: Are you alright? Me: I'm fine... I was scrubbing off the blood from the floor.. Veronica: Let me help you with that... Me: i got it Veronica. She looked at me. Me: I'm sorry it's just that... What if he doesn't make it? Her: Zobra will heal him she has never been defeated by Anything Me: Who is this Zobra by the way? Her: She's a power sorcerer (wizard) she started the brotherhood club to help men get rich by selling their souls to the devilshe has the power to connect with Lord Khalifa on behalf of the brothers Me: Lord Khalifa? Her: Then God of riches... This sounds complicated and deep but i cared not about what Taylor did or is doing. All i know is that i love him so much and that he loves me too..... After what seemed to be forever Zobra came down with the two men we looked at her.... Her: His okay and resting. She looked at me.. Her: Our bride we are blessed to have you. Me: Thank you Her: You have stole the heart of one of our own you have stolen the heart of the biggest lion. Taylor is the most powerful one of them all consider yourself blessed Me: Thank you.. Her: He would like to see you..... I left

her talking with Veronica i went upstairs to go and see Taylor..... He was laying in bed with a bandage around his ribs.. He looked at me he looked weak probably that was caused by the blood he lost..... Him: Doll.. He was smiling at me i know i should be scared of this man especially after what I've seen especially after seeing him almost changing into a lion but that made me love him even more..... I went and sat next to him. Me: How are you feeling? Him: just a bit dizzy and weak Me: rest a bit.. He put his hand on my cheek while smiling... Him: i love you.. Me: i love you too.. I removed his hand from my cheek and watched him fall asleep..... For the next few days he was recovering very well whatever Zobra did to him was powerful. It was now one day before the funeral and we had to go see Zobra so she could bless our wedding and make sure nothing bad happens... We drove up to her place at around 19:00 she had a beautiful big house..... Taylor's brothers and their wives where there i never knew soo many niggas where in this brotherhood club. They were cheering. Zobra: Let the Ceremony begin!! Someone was beating the drums we were ordered to undress Tay was left with his boxers and i was left with a black bra and black underwear. I was ordered to wear black. We got inside the bathtub that was full of blood. Zobra: have no fear! This is not human blood but this is the blood of a lion..... We got inside and she was busy talking in a language i didn't understand the rest of the members where chanting.. We had to literally bath ourselves with the blood of the lion.. After a while she was speaking in a language i understood. Her: Lord Khalifa let your power of darkness fall down to protect this two tomorrow on their wedding day. Let no one interfere and let no one stop the wedding..... After The whole ceremony we were ordered to sit on some chairs

We walked up to him and Zobra handed me to him and took her place then everyone sat down.... We were ordered to say our vows first. Tay started. Tay: Zee you and i met in a very strange way i didn't even think that we was gonna make it thus far. I'm very blessed to have you in my life and i promise to love protect and cherish you everyday. His eyes where filled with tears. I could tell that he meant every word he said. Him: Thank you for allowing me to love you after all that you've been through with your ex bf. I love you Zee and my heart chose you. He wiped his tears his friend put his hand on Tay's shoulder.. I was also tearing up now.. Him: You have no idea how much i love you i could even die for you.. I didn't know that someone could love me this much i felt soo blessed..... I didn't say my vows because i was very emotional i couldn't stop crying.... Zobra handled the whole ceremony. The ring he got me for me was a black diamonds ring even his was a black..... Zobra: by the power invested in me by Lord Khalifa and the brotherhood club. I now pronounce you husband and wife you may kiss the bride.... He lifted up the veil and kissed me with everyone cheering us up and just like that we were married... We walked out of there with the brothers Throwing money at us.. We had a chariot take us to our wedding reception with classy cars following us.. I was now Mrs Duvenhage..... We got into the hotel and everything was planned out perfectly everyone else walked In after us..... Before anything else we were asked to dance with other

couples joining us..... As we were dancing i looked up thanking God for blessing me with this wonderful man.....

Part 36 the gift

After dancing we went to sit down and had something to eat.

Tay: was this your dream wedding? Me: It was beyond my dream wedding. He pecked my lips.. Him: i love you Mrs Duvenhage Me: i love you too..... After eating we cut the cake then a few people said a few words it was just beautiful. I threw my bouquet of flowers and Tay got the gutter of my thigh and threw it..... I then went to change my dress put on a short white dress and Hit the dance floor with my girls while Tay mingled with other people... Zoe: Your wedding was beautiful babe Tasi: and expensive more expensive than ours believe us. Me: It was my dream wedding.. I felt someone poking me at the back it was Nqobile. Me: Excuse me guys Tasi: Okay We went to stand a bit further from them. Nqobile: i just wanted to congratulate you your wedding was splendid Me: Thank you and I'm glad that you came Nqobile: i would have missed my best friend's wedding. Me: i would really like for us to meet up and catch up Her: I'd like that too.. Me: Come I'll introduce you to my friends We went back to the girls.

Tay: We finally did it doll Me: i Really thought this day wasn't gonna come.. Him: Well it came and it was beautiful Me: It was indeed. Him: Now we need to think of our honeymoon.. Where would you like to go? Me: I'm really not sure honey but I've always wanted to go to Thai land or Dubai Him: I've been to Dubai it's a beautiful place Me: Then we'll go there..... . . . We went to Dubai was there for 3 weeks i truly enjoyed being there just me and Tay.. I love Tay with all my heart and very happy to have him in my life..... We arrived at home Thursday night i was missing Dubai already Him: And we home... Me: i miss Dubai already Him: We truly had a good

time there. His phone beeped he took it out and read the message.. Him: Go to hell.. Me: Whose that? Him: My mother she's been trying to invite me for dinner Me: And? Him: And no.. Me: But i would love to meet your mom.. He looked at me. Me: Please Him: Fine I'll call her and tell her that will come Saturday Me: Thank you.. I started walking upstairs.. Him: Doll I stopped and looked at him... Him: We have to go and see Zobra Me: What for? Him: Remember we talked about having kids Tay was busy nagging Me about starting a family while we were at our honeymoon. Me: Let me go and Wear something more appropriate... I went upstairs and changed into a long dress sandals and a doek then we drove to Zobra's place.. As always she was happy to see us and welcomed us into that dark room of hers..... Zobra: What can Zobra do for you? Tay: Remember we discussed that matter of Zee not being able to conceive? Zobra: i remember that issue.. Well we can get started. She took out two pills and put them inside my vagina and then ordered me and Tay to make love.. I felt a bit humiliated having to have sex right infront of Zobra while she performed her rituals it just didn't feel right..... When we were done she told me to take a pregnancy test after 2 days..... We drove back home i was very quiet in the car. Tay tried to hold my hand but i yanked it off Him: What's wrong? Me: Nothing.. He pulled over. Him: Is it because of what happened? I didn't say anything. Him: Zobra's way of doing things might be weird and different but her ways always work. We gonna have a baby.. I faked a smile. Me: Yey I'm happy (sarcasm)....

He started driving again and in no time we were at home..... Him: Zee what's eating you? Me: i don't know hey.. Maybe i find it highly humiliating having sex infront of a sorcerer Him: i am sorry about that. Me: Sorry won't bring me back my dignity! Is this how we gonna live? Always having Zobra in our lives? Tay: Zee you knew very well that i was about this life when you agreed to marry me Me: Ohh so now it's my fault? Him: You acting like a damn child! Me: So now I'm acting like a child? Him: Yes you are! We having a baby that's all that matters!!!! He said that while walking to the bedroom..

Part 37 the gift

I was in my bedroom crying i cannot believe that Taylor could be this insensitive about this whole situation..... He came in after a few minutes of me crying he crouched in front of me and held my hands. Him: Doll i am so sorry i didn't mean to upset you like this.. I didn't say anything. Him: i just want a baby so bad that i.... He took a deep breath.. Him: I've never had a relationship with my father and i just want a son so that i can be a better father to him i wanna do things things with him that I've never done with my father..... I could see how much talking about this was killing him.. Him: I'm sorry Zee i didn't mean to upset you.. No matter how much i wanna be mad at him but i couldn't my love for him was just too strong and everytime he touched me i felt weak.. Him: i love you pumpkin and I'm sorry about what happened today.. Me: Its okay.. Him: i just want us to be better parents than our parents were to us... I smiled at him.. Me: i understand He got up and kissed me i couldn't deny the kiss. Tay was owning me he had soo much power and control over me that i can't even say no to him the love that Taylor and i share no one would understand it..... He laid me back on the bed and came on top of him.. I wanted him i wanted him to own Me sexually i felt like i had to submit to him things he was doing to me made me to unleash a side of me that i never knew existed... Me: Ohhh Tay.... The way he was caressing my body the way he was moving up and down with skill he knew how to make me feel loved and wanted.. Call this man whatever you wanna call him but his mine..... Our sex life had changed from slow core to hardcore the way he was pumping me i thought that my bed would break he was like a hungry lion.. He would squeeze my body and bite me here and there would pull my weave would literally strangle me but that's how he showed me that he was dominant and i enjoyed that..... That made me love him more and more..... Our sex session lasted for an hour we must've had 2 rounds that lasted for 30min each..... I was now laying on his chest we were both trying to catch our breaths. Him: i love you Mrs Duvenhage Me: i love you too..... It didn't take us long to

fall asleep... . . I walk up in the morning with him not next to me i figured he had went to work..... I got out of bed and went to the bathroom. I ran me a warm bubble bath. While the water was running i went to look myself in our long mirror that was in the bathroom.... I had bite marks in most parts of my body when i touch some of them they were painful and they were Red i could literally see the teeth marks...

Touching them would only remind me of our steamy session that we had i closed my eyes and bit my lower lip while thinking about him biting me and caressing my body. My hand even went down to my vagina i was missing him i was missing him i wanted him inside of me Tay had this great power over me... I would literally picture him being behind me touching me with his hand on my neck strangling me a bit.. Me: Ohh Tay... I imagined him touching me in the right places Lord where did I get this man from..... I opened my eyes after a while and realised that i was masturbating.. Me: Zee what's wrong with you? I quickly went and got into the bathtub i was very wet and very horny..... After bathing i went and dried myself then lotioned and dressed up..... I went downstairs to eat Veronica showed up after a while. Vee: Morning Me: Hey.. She was holding some letters with her.. Her: You have a post.. She handed the letter to me.. It was a letter from school.. Me: What do they want? I opened it and read. They were just informing me about the classes I've missed and tests that i didn't write and exams that i didn't write too. They were informing me that if i don't show commitment I'll repeat the year.... Me: Aghh whatever! Vee: is everything okay? Me: Just school.... I wasn't even feeling school anymore I wanted to quit it was a total waste of time..... As i was eating i felt nausea creeping in i tried to ignore it but it was tense that i went vomited in the kitchen sink i was dizzy and i felt something moving in my womb. Vee: Are you okay? Me: i... Whatever was moving it was tense because it caused me pain... Me: Vee I'm not feeling good... I put my hands on my womb while screaming..... Her: i think i should take you to the doctor.. I felt my Bumshort getting very wet i looked down and blood was dripping..... I touched my tummy and it felt a bit big.. Me:

Vee what's happening to me? Her: Can you walk? Me: i... Ahhhhhhhhhhhhhh!!! (screaming) She took her phone and call Tay while walking me into her car.... Me: i don't think I'll reach the car Her: Try darling we almost there... We got into the car and she drove me to the hospital... My tummy was growing every minute it was now getting a bit big..... We got into the hospital she ran and got me paramedics who got me a wheelchair and wheeled me inside.... I was losing alot of blood that I passed out..... I opened my eyes and i was in hospital i was still feeling a bit dizzy i looked around Tay was there together with Vee and the doctor.. Me: What.. Wha.... Tay: Shhhhh..... I put my hand on my tummy and my tummy was big..... Me: Tay... Him: I'm here don't worry you okay..... Doctor: Rest a bit Mrs Duvenhage being 5months pregnant with twins is no child's play you need all the rest.... Me: 5m..i....the bleeding.. Wha.. Doctor: Don't worry the rate of how your babies where growing tore the lining of your uterus.. Having two human beings growing inside of you is not easy they both wanna occupy the space..... I was so weak so dizzy and soo sleepy that i couldn't say anything but pass out again.... I drifted to lala land...

Part 38 the gift

I opened my eyes i was still a bit drowsy... I looked around i saw Tay holding a baby I looked on my tight and i saw Vee holding a baby too..... Me: Wh.. What.. Tay looked at me all smiling. Tay: and she's awake.... The Gynaecologist came in... Her: Welcome back.. How are you feeling? Me: sleepy Her: Its the Anaesthesia... I was feeling some pain in my abdomen area.. Dr: Congratulations you gave birth to twins and hour ago.. Me: No its.. It's too soon Tay: i thought you said she was not gonna remember her speedy pregnancy why is she remembering everything? Dr: She doesn't have amnesia obviously she would remember... I think you must call Zobra to come and fix this i will sedate her so long... She sedated me and I went back to sleep again..... . . I don't know for how long i slept but i woke up and everyone was just playing with

the babies Zobra was even there... Dr: Hey how are you feeling now? Me: Still dizzy.. Her: Its the Anaesthesia... They all looked at each other Zobra talked. Zobra: i don't blame you for all this tiredness because you have just given birth a few hours ago. Me: Really? Her: You do remember giving birth don't you? Me: No i don't even remember being pregnant.. Zobra looked at the doctor.. Dr: There's perfectly a good explanation. I think the Anaesthesia had an effect on your memory Me: That doesn't make sense.. Tay: What she meant that your body was too much in stress and Trauma that your short term memory got affected that's why you cannot recall the birth isn't it so Dr? The doctor smiled but i could tell she was nervous.. Her: Ofcause it's like that.. Me: Can i see my baby.. Tay: Its babies.. I looked at him.. Tay: You gave birth to a baby boy and a baby boy they fraternal twins..... Me: Really? Omg let me see them.. The doctor came and helped me sat up straight.....Tay brought the baby to me.. Tay: one baby at the time. This is your daughter her name is Jade.. Zobra: We named the babies while you were unconscious.. I hope you don't mind.. Me: Its okay.. She looked so adorable and healthy.. Me: She's so adorable.... Tay took her after a while then Vee handed me my son.. Vee: meet Jaden he is old with 3min... Me: Hello Jaden.. My babies were soo adorable i was even getting emotional..... Zobra: Let's give the new parents some space and time to bond... They all went out i was holding Jaden while Tay was holding Jade.. Me: i still cannot believe that I'm responsible for this 2 adorable lives... Tay came and kissed me on my forehead.. Him: Thank you.. I smiled at him.. . . The doctor discharged us after a week i was in love with Jade and Jaden. I had a Csection so my operation was still painful but not that much..... Tay came to fetch us and we went home... We got there everything was perfect there were presents and welcome home balloons the was also presents.. Me: Wow soo much presents.. I sat down while Vee took Jade and Tay took Jaden..... I opened the presents and they were all for Jade the was also presents.. Me: Wow soo much presents.. I sat down while Vee took Jade and Tay took Jaden..... I opened the presents and they were all for Jade they were all from the brotherhood club... They went as far as

buying her a car.. It was weird because no present was directed to Jaden..... Me: Tay.. He looked at me. Me: Why doesn't Jaden have presents? Him: uhm We have to go to Zobra's house tonight. That's where Jaden's presents are... Me: Okay..... The whole day i was just bonding with my babies i never knew that i could be capable of loving another human being the way i love my babies..... At around 22:00 we prepared ourselves to go to Zobra's place the twins were sleeping so we just put them in the car and Tay started driving... We were holding hands in the car finally i have my own family..... We got to Zobra's house and i was surprised to see every member of the brotherhood club present even Zoe and Tasi were there. They were all wearing black which confused me because i thought we were here for Jaden's presents..... Zobra came to us.. Zobra: Welcome my new family.. We welcome you and your little ones.. Tay was holding Jade and i was holding Jaden.... Zobra: We shall begin... I looked at Tay.. Me: Begin with what? He didn't answer me..... Zobra went and opened some big basket.. Zobra: Great one we come here as your servants. We only wanna please you.... I looked at Tay.. Me: Tay what the fuck is going on? Him: Calm down doll.. Me: Don't tell me to calm down!!! I was starting to get pissed everyone looked at me.... Zobra: the great sacrifice shall begin Me: Sacrifice? What sacrifice? Zobra: the baby boy please.. She opened her arms. Me: No.. You not taking my son Zobra: the baby boy please... She said that while approaching me.. She got closer and closer.. The was no way of escaping because if I try to run they will catch me before i even make it to the door..... I spat on her face.. Me: stay away from me and my kids... She looked at me and laughed but it wasn't a friendly laugh.. Her: i was gonna let you keep The baby girl but since your attitude is like this then both of them shall be sacrificed! She tried to take Jaden away from me but i was pushing her until she got people to come and hold me then she took him away..... Me: No... Please not my baby.. She took Jaden and put him inside the basket i don't know what was inside of there but all i heard was Jaden crying... Me: Noooooooooooooooooo!!!! My baby.. I was kicking and screaming.. But this men were

holding me tight. Then i saw Tay walking into the basket with Jade.. Me: No Tay what are you doing? She placed Jade inside and i heard her crying too... You don't know the anger and pain that i was feeling deep inside.. I was now crying.. Me: Tay why are you doing this to me? I heard groaning sounds coming from the basket my babies weren't crying anymore it's like something ate them.. Zobra: all hail king Khalifa!!! They all started bowing down i was still being held like that...

Part 39 the gift

What i have witnessed I'm probably never gonna forget it..... We drove back home that night without saying a word to each other i was done with Tay i didn't want anything to do with him anymore..... We got home and i went straight to the bedroom and started packing my clothes.. Him: Can we at least talk about this? Me: The is nothing to talk about!! I started pushing him. Me: i hate you Tay you are a monster!!!!!!!!!!!! I truly hate you.. He was looking at me.. Me: You watch them die you watch them being eaten by whatever that creature is inside that basket! He tried holding me.. Me: You watch them die Tay.. (crying) I was in pain my heart was very heartbroken....he held me tight. Him: I'm sorry He kissed me on my forehead... Him: I'm truly sorry.... Those were the only words that he could say..... That went on for a couple of days. I was on hunger strike i didn't wanna eat anything i didn't even wanna close my eyes when i sleep at night because I could see them in my dreams crying.... I was soo devastated i never knew that a human being could be this hurt... I was sitting at the garden rocking back and forth in that nursery chair just looking at the flowers concentrating on how beautiful they were..... Tay walked in with a tray of food. Him: i made you something to eat. Me: (silent...)... He put the tray on a small table next to me.. Him: Tasi and Zoe called to say that they will come and check up on you..... He crouched next to me and held my hand... He was kissing it. Him: i know that you don't understand the life that I'm living and you probably never will. I am so sorry doll for

putting you through this I... You were not even supposed to be there when all of that was happening..... I kept quiet while still rocking my chair back and forth. Someone interrupted us.. Tay: the Doctor is here to see you.. Me: (Silent..) The doctor came and crouched next to me too.. Dr: Good morning Mrs Duvenhage.. I am Dr Smith do you still remember me? I came to see you last week. I am a psychiatrist.. I was still looking at the flowers... Tay: That's all she does just stare at the flowers and Rock the chair back and forth... Me: My babies.... I can hear them crying.. Tay: Doll they not here remember.. Me: No they have to be here.. They.. I can hear them crying we need to check up on them.. Tay: Zee.. I stood up and started walking away.. I removed his hands from me and ran to the house running upstairs.. Tay and the doctor where following me.... I got into the nursery i could see them crying but i couldn't see them.. Me: Where are my babies Tay? I want my babies!! (crying).. Tay was starting to get very frustrated.. He held me tight and shook me.. Him: Stop it!! Just stop it it's enough! The doctor came to us.. Dr: i would like to talk to her privately please if you don't mind... Tay: She's my wife everything you wanna say to her you gonna say it in front of me.... Dr: i need to do a psychiatric evaluation. Me: i remember.. You killed them Tay!! I started hitting him.. Me: You bastard you killed them!! He walked out.. Him: i seriously cannot do this anymore..... I was now In tears serious tears.. The Dr didn't know what to do anymore... Vee walked in she came and hugged me.. Me: He killed them Vee he sacrificed them for riches... Veronica looked at the doctor. Vee: Can you please come back maybe next week Dr: But.. Vee: Please this is a family matter.. The Dr looked at me then looked at her.. Dr: Just know that I will be coming back again... He went.. Veronica walked me upstairs and put me in bed.. Vee: get some sleep sweetheart everything will be better when you wake up in the morning she gave me some pills that sent me straight to lala land..... .. . I woke up the following day I was still feeling the same way... I got out of bed and went to brush my teeth

and washed my face.. I then went to the nursery that's the only place that reminded me of the twins. I held one of the Teddy bears with tears falling i then felt someone wrapping their arms around me.... Me: i could feel their presence Tay....I could hear them crying... Him: everything is going to be alright we'll get through this I'll be here for you..... He held me tight while i cried in his arms..

Part 40 the gift

Instead of getting better i got worse day by day. I had lost weight i looked horrible like i haven't slept for years. I was tired weak and very dizzy..... I couldn't get out of bed for 2 days Tay didn't even know what to do anymore... He was there with Vee they were both looking at me.. Vee: if she continues like this she's gonna die... Tay: I've tried everything.. Vee: We need to take her to the hospital or something.. Him: We cannot you heard what Zobra said.. Vee: Can't you see that she's dying? Tay: Don't give me that! Do you think i enjoy seeing her like this? It's killing me inside! He stood up and started walking around the room.. Him: Sacrificing the twins was supposed to perfect our lives we were supposed to be happy!.. Vee: No mother would be happy to see their babies dying.. Vee: i.. Suddenly there was a knock at the door.... Tay went to open. What was killing me Is that Vee and Tay were talking about me as if like i wasn't there....I didn't believe my eyes Zobra walked in with her side kicks.... Tay: You don't know how relieved i am to see you here... Zobra: This is an emergency.. How is she? Tay: She's getting worse everyday. Zobra looked at Vee.. Vee: I'll just excuse myself.. Vee walked out closing the door behind her.. Zobra looked at her side kicks they also walked out..... She had a bag with her.. Zobra: We shall begin I hated this woman with all my heart and soul!!! She made her way to me i wanted to get up from my bed and strangle her but i was too weak i was very weak.. Zobra: i never knew it was this bad! Tay: Please save her. Zobra: We can Vanquish her like we did

with the other ones.. Vee: Not this one.. Zobra: Tay you have the heart of a lion son
i was very weak.. Zobra: i never knew it was this bad! Tay: Please save her. Zobra: We can Vanquish her like we did with the other ones.. Vee: Not this one.. Zobra: Tay you have the heart of a lion son you can have any woman that you want.. Tay: But i want Zee okay? I love her! So do whatever you have to do to save her or else.. Zobra: No need for threats don't forget i made you who you are! She sat next to me.. I couldn't talk all i could do was run my eyes around the room in circles... She put her hand on my forehead.. Her: This is really bad. She took out a small bottle opened it and ran it close to my nose. It smelled horrible. When she was done she put some of the liquid from the bottle ontop her finger and then put some on my forehead and at the back of my hands..... Her: This will make her strong she will forget about what happened.. She closed the small bottle and handed it to tay.. Her: make sure that you do this everyday especially at night... She then opened the bag again and took out a black snake necklace.... When she tried to put it around my neck i truly don't know what happened it's like something hit her she flew and hit the wall... Tay: Zobra!! Tay ran to her..... I heard a voice going around the room.. Voice: May the blood of Jesus provide protection to Naledi wherever she is..... I recognised the voice i just couldn't make out who it was but it really sounded familiar.... Zobra was still laying there on the floor Tay was trying to wake her up but she wasn't waking up. I don't know if she passed out or if she's dead..... I got up from the bed i was very weak and dizzy. I stood up and had to hold on to something to prevent myself from falling..... As i was trying to find my way out of the room Tay noticed that i was out of bed he came to me... Him: What are you doing get back to bed.. Me: i....i just.... I.. Zobra started coughing.. Zobra: Tay.. Tay picked me up and put me on the bed... Zobra: put the bracelet on her... He took the bracelet and put it on me around my wrist..... He then went and helped Zobra to get up.... Zobra: Damn you Ayo!! As i was trying to get up again i saw the door Bursting open.... Kimbella walked in.. Zobra was still on

the floor trying to get up... Kimbella was in her human form..
Tay: Angel Phoenix! How the hell does Tay know Kimbella...
Kimbella: Taylor or should i call you Aslan? Zobra: kill her
Aslan!!! Tay: Its funny how you would show up alone especially
if you cannot even defend yourself. Kimbella: i was hoping
you'd say that but I didn't come alone... Tay: Who did you bring
the whole Army of Angels? Ayo came in.. Ayo: No she came
with me! Zobra panicked she was moving backwards while still
on the floor.. Zobra: Prophet Badru!! Ayo: i am not here to send
anyone to hell.. Kimbella: We here for Naledi... Ayo: Let us
leave with her in peace! Tay: Over my dead body! What
happened next still shocks me even today.... Tay changed into
a big black lion with red eyes and wings...in my weak state he
left me without a jaw.... Kimbella changed into her Angelic
form.. I looked at them and saw that shit is about to go down..

Part 41 the gift

Tay made his way to me. He really Scared me i don't wanna lie.
Ayo: Give us Naledi and we'll leave in peace Kimbella tried to
come to me but Tay was scaring him away with his deep and
loud roar..... Zobra: You are wasting your time he will never
give her up.. Ayo: your day is gonna come where you gonna
pay for what you've done to all of this poor souls! Zobra
laughed.... Zobra: i made this souls rich! I helped them and
loved them! I was too frightened on what's gonna happen
next..... Kimbella tried to come to me but Tay sent her flying
across the room.. Ayo: Kimbella!!! I wished that i could
intervene but i was just too weak.. Kimbella: I'm okay.... Ayo:
Distract him while i get Naledi. Kimbella: Okay Kimbella was
distracting Tay making it as if like she's gonna attack him. Tay
was moving away from me and towards Kimbella while Ayo
made his way to me... Zobra: Ta.. Ayo looked her and Zobra

just froze! When Tay looked back to see what was happening Ayo had already picked me.... Ayo: Wake up sweetheart and look at him... Kimbella: Naledi look at him look him straight in his eyes... I looked at him i looked at him straight in his eyes.. He backed away.. Zobra: Aslan attack them! Ayo: He can't attack us when we have Naledi.. She is his weakness remember you failed to make him not fall in love when you turned him into a lion! We walked out of the door To Ayo's car. Tay didn't follow us neither did Zobra..... Kimbella got the bracelet off my wrist. I was laying on Ayo's shoulder.. Ayo: We'll Joy be able to heal her?. Kimbella: i don't know but we'll try.. She put her hand on my forehead.. Kimbella: She's burning up soo bad..... We arrived at the house and he rushed me inside. It's like everyone was waiting for me Mercy and Nqobile were standing at the kitchen... Mercy came to us.. Mercy: Ohhh Dear Lord what did he do to her? Ayo: I'll put her in bed she's burning up soo bad... They rushed me upstairsand he laid me in bed. Nqobile was there holding my hand... Nqobile: Hey it's me you okay.. Mercy: Get joy real quick.. Kimbella went and got joy... She touched my hand but nothing happened. She tried again still nothing happened..... Mercy: She must try harder.. Joy started stepping away from me as if like she's seeing something..... Mercy: She's stepping away Kimbella why? Ayo: Because the evil that's surrounding Naledi is too great. Kimbella picked her up and they were floating in the air... It was soo beautiful seeing the sight of 2 peaceful Angels... Nqobile: Then what are we going to do? Ayo: We have to do it the old natural way.... Feed her and take care of her until she regains her strength. Then we'll take it from there... . . . Days passed Mercy and the others were taking good care of me i was getting better and better. One night i got out of bed

i was still feeling a bit dizzy. I made my way downstairs slowly walking down the stairs.... When i was finally down i was very dizzy and very tired. I heard everyone talking and laughing the noise came from the dinning room..... I made my way there and as soon as they saw me they all kept quiet. I don't know

what was going through their minds. Mercy immediately stood up and came to help me sit down... Ayo: You shouldn't be out of bed you look very weak.. Me: ive been laying down on the bed for too long now.. Kimbella smiled at me.. Kimbella: Its good to have you back.. Me: Thank you.. Nqobile dished up for me and served me.. Me: Thank you.. I ate it was a good meal. We were talking and laughing i looked at everyone and i can't believe that I almost messed this up..... As we were eating i felt a pain on my back it was almost as if like someone was whipping me with a still rod or something..... I couldn't ignore the pain was excruciating i was screaming.. Mercy and Nqobile came to me... Nqobile: Ohh my God she's bleeding on her back and her top is ripped. It's as if someone is whipping her. Mercy: Any explanation on what's happening Ayo? Kimbella: Its Tay. His inflicting pain on himself so that he can torture you! Mercy: But how is he doing this? Kimbella: the blood convenent made them one remember? Whatever happens to him happens to her. Nqobile: You telling me his not feeling pain at all? Kimbella: Even if he does but he has a heart of a lion he can tolerate pain unlike Naledi... Me: Why is he doing this to me? (crying) Mercy: Because he is a sick bastard!! It was very painful i won't lie. Remember when Jesus was whipped on The passion of the Christ? That is what was happening to me..... Mercy couldn't hold back the tears too.. Mercy: there has to be something we can do Ayo look her back and look at how much she's bleeding. She's in pain!!!! Kimbella came to me but as soon as she touched me it was like something pushed her with great force! And she fell... Me: make him stop (crying) Mercy: Ayo do something please (crying) He came and held my hand tight with his eyes closed.. Looked like he was saying a silent prayer..... As he was doing that the pain seized everything stopped.... Ayo: i think we should take her upstairs... I was weak i looked down on the floor the was too much blood it was almost as if like someone was slaughtering a cow. It looked like it was Texas chainsaw Massacre. Mercy: No we Have to take her to the hospital... Ayo: Its not safe for her there I'll call the family doctor.... They took me upstairs. Mercy took off my top i

was laying on my stomach. It was was another pain because the t-shirt was glued to my back because of the blood.. Ayo came to me and held my hand.. Him: I'm gonna find a way to break off this connection that you have with him..... Why would Tay do something like this to me? I thought he loved me.

Part 42 the gift

Unfortunately no matter how Ayo tried to get me help get me the best doctor but i had to go to the hospital the was no other way..... I stayed in hospital for about 3 weeks recovering. It was a very long and painful recovery but Ayo made it worthwhile made sure that i get the best treatment ever and also security was tight only certain people were allowed to visit me..... . . . Today i was getting discharged the Doctor felt confident and trusted that I can recover at home... Mercy fetched me from the hospital I'm glad she's the one who fetched Me this will give us time to talk.... Me: Thank you for fetching me. Her: Its my pleasure Me: I'm glad you the one who fetched Me the drive back home will give us some time to talk... She looked at me then looked at the road again. Me: Mercy I'm truly sorry.. Her: No i should be the one whose apologising..Look Zee i value our friendship alot and i cannot help but feel that some of what happened is my fault. Me: How so? Her: I'm the one who introduced you to Tay.. Me: No don't think like that.. We didn't know that Tay was like this. Her: That's the thing he came across as this sweet Guy. He always had a a smile on his face and was ready to help.. Me: If only we knew that underneath all that he is a lion.... We got home and i went to bed tried to get some rest..... I was woken up by Ayo i sat up straight. Him: How are you feeling? Me: I'm getting there.... He pulled a chair and sat next to me. Me: Thank you for everything that you doing for me. I truly don't deserve all of what you doing for me. Him: Let's forget about all of that.. I think i might've found a way to break the curse between you and him. I looked at him... Him:

We have to meet up with Bishop McCarthy at dawn. He knows how to handle such things.. Me: i just pray it works I wanna be done with this life... Him: i hope it works too.. . . Haike at 4am we prepared ourselves and went to meet up with Bishop McCarthy..... We met him at some dam he was already waiting for us.. Ayo shook his hand. Ayo: Thank you for doing this Bishop McCarthy. Him: i can never drag my legs or be lazy to do God's work. He looked at me. Ayo: This is Naledi the lady I've told you about. Him: Its a great pleasure to meet you. Me: same here sir. Bishop: Now we have to wait for Pastor Lelethu Zulu. Ayo: Its unlike her to be late..... In no time Pastor Lelethu showed up. Lethu: i apologise for being late.. Bishop: We should get started we have no time.. Ayo: Naledi this is the same dam were i brought Mercy for her to be rid of evil... Bishop: and we hoping that it break the bond between you and Aslan... I had to get into the dam naked but Ofcause Bishop McCarthy and Ayo faced the other way while Pastor Lelethu walked me inside she was holding a towel for when i come out..... I got inside and Lelethu instructed them to pray and they did that.. I was feeling very cold in that dam the water was very cold as Ice.... After an hour of praying i had to come out while Lelethu handed me the towel. I wrapped it around my body then that's when Ayo and the Bishop were comfortable looking at me... Ayo: i hope it did work without Aslan I looked at him all confused. Ayo: in order to break the bond he had to be here too... Bishop: i believe it has worked..... We drove back home and i slept again. For the first time i had a peaceful sleep..... I woke up later to have breakfast. Everyone was all dressed up looking like they were going somewhere. Me: Good morning They greeted me back. Me: were is everyone going? Mercy: i have a sermon would you like to come along? Me: No thank you.. Mercy: Come on i would really love for you to be there.. Me: Maybe some other time.. Her: Okay then.. They left was her Nqobile and Ayo..... I didn't do much just watched Tv Kimbella came along and we spent the whole day together..... Later we prepared dinner was around 20:00... Me: i didn't know Angels cook She laughed. Her: There's much you don't know

about Angels.. I was peeling vegetables and everything. Her: So where to from here? I looked at my Ring. Me: i just need to start my life afresh... Pick up the broken pieces and all that.. I took off the ring and threw it away. Him: You still love him? Me: I'll always do... But then me and him cannot be Ayo was right his not good for me. Kimbella: I'm sorry.. Me: Its okay.. The was a knock at the door.. Kimbella: Expecting someone? Me: No.. Kimbella: Let me go and see who it is... She walked up to the door when she opened it something or someone struck her and pushed her off.. She fell all bleeding.. Me: Kimbella! I ran to her and Tay walked in he was in his lion form..... I stepped back he came closer.. He was bleeding and breathing heavily.. I was scared i didn't know what to do running seemed to be the only thing i could think of... As i ran he grabbed me how he put me on his back i don't know.. Then flew out with me.... We were very sky high all i could do was hold on tight and try not to look down although my heart was beating very fast..... We got into some field and he put me down i guess he couldn't go on anymore because of the bleeding..... He changed into his human form. He was bleeding on his right side just close to his ribs. He looked like he was in too much pain..... He couldn't keep up he just passed out there... I didn't know what to do because it was just me and him in that place and no one else..

I was standing there looking at him was her dead? Was he still alive? I didn't know all i could do was just wonder..... While i was standing there i saw lions approaching us i moved back a bit. Running was not gonna help this things are huge if i run they will catch me..... They looked normal they went Tay's kind. I was busy saying a silent prayer what if they attack me. They were like 5 of them..... They went and surrounded Tay busy roaring i didn't know what was going on until i heard a voice. Voice: Stand back!! The lions made way. A man showed up he looked like an Eskimo. He was old and white..... He knelt down on one knee and looked at Tay then stood up... He tried to drag him but Tay was heavy for him so he looked at me.. Him: a little bit of help.. I went and helped him then we put Tay on one of

the lion's back... He then started walking away with them lions he stopped halfway and looked at me... Him: Are you coming? I went and Walked with them.... We got to some cave. The was a fountain and rocks the was also crystals around the cave..... The lions went and sat on some big rocks while he put Tay on some rock too..... He started mixing some herbs then put them on a big leaf and put the leaf against Tay's wound... Tay started shivering and roaring make the other lions roar too... Me: What are you doing to him? Him: I'm reversing the Poison...Come and hold here.. I went to hold the leaf against Tay's wound. He came back and started making him drink water.... . . We stayed in that cave for quite some time. It was hard living like an Animal was hard being in a place were i don't know..... I woke up that morning and I was alone in the cave no Tay no lions and the old man wasn't there too.. I got up from the rock and looked around i was totally alone. I went out of the cave and went to look for them. They were in the field with the lions just wondering about. Tay looked better that was a speedy recovery..... I went up to them. Me: Hey... They turned and looked at me.. Old man: Let me take the lions hunting will see you guys later.. He took the lions and went. Tay and i stood there looking at each other without saying a word it truly was an awkward moment..... Me: You look better.. Him: i believe i am getting better. Silence.... Me: What happened? Him: i wanted out but unfortunately it's not that easy getting out Zobra is out to kill me.. Me: You wanted out of the brotherhood club? He nodded his head yes.. Me: Why? Him: Since you and i cannot be together while I'm like this i decided that it's better if I change and become good.... Wooooooow so Tay would give up all of that life for me? Me: So you would give up for me? Him: Yes because i love you... I didn't know what to say.. He came closer and put his hand around my waist and pulled me closer to him.. I couldn't look at him he lifted my chin up so I could look at him. Him: i love you.. He kissed me.... That kiss took me back it brought back memories.. Him: Let's go home.. Me: Okay.. I know you will think that I'm making a wrong decision but when love got you it got you..... Me: How are we getting home?

Him: Do you trust me? I nodded my head yes... Him: Do you trust that I'll never hurt you? I nodded my head yes..... He changed into his lion form he then went down signalling that i should hop on and i did..... We flew home was dangerous and risky what if someone sees us..... We got home and he put me down then changed into human form we walked inside....

Me: Where is Vee? Him: She.... He seemed to be in pain. He held on to the kitchen counter and put his hand on his wound while screaming in agony..... Me: Tay what's wrong? He screamed and i saw that he was bleeding... Me: Vee!!! (screaming) She showed up after a minute or so..... We held him and took him upstairs then put him on his bed. Me: What we gonna do? Her: i don't know most especially because Zobra is doing this to him.. He looked very much in pain and that killed me. I lost my children to this woman and now i refuse to lose my husband to this woman... Me: stay with him I'm coming..

Vee: where are you going? Me: to do something that i should've done long time ago.... I took my car keys and went to Zobra's house..... I went straight to that witchcraft room of hers.. I opened the door and there she stood busy performing her rituals probably it was the ritual that was killing Tay..... Her: Zee what a pleasant surprise.. I walked in and looked around.. Me: always a great pleasure seeing you.. Her: Why are you here to beg Me not to kill Tay? Me: I'm not here for that.... She was talking behind me while i was busy walking around until i spotted a horn and i took it then put my hand at the back while looking at her..... I'm here to make a truce with you.. Her: a truce? Me: Yeap I then stretched my hand out to her for a handshake.... She came to me and stretched out hers to meet mine. As soon as our hands locked i struck the horn on her neck she screamed while bleeding.. I forced the horn in deeper and deeper until she went down.... I took her cane and started striking her on her head until it cracked her skull and she started bleeding.... I noticed that the basket where they put my babies inside was there. I didn't wanna open and check what it was what if it's a snake that will attack me... I decided to set it on fire and i also started fire in the whole room.. Zobra was laying there all dead..... When the whole room had caught fire

i went out got into my car and drove home..... I got there and Tay was better he was even in the kitchen.. Him: Hey were are you coming from? Me: Its over baby.. He noticed the blood on my t-shirt.. Him: over? What's over? Me: Its over my love.. I went and hugged him.... Him: Zee what did you do? What really satisfied me was that this bitch was dead and never to bother us ever again...

Part 44 the gift

I wish I could say killing Zobra gave us peace but it drove me insane.. Literally insane! I would constantly see shadows dead people trying to kill me. It was a struggle Tay didn't know what to do everyone didn't know what to do this has gone on for a while now.. Tay had taken me to many psychiatrists who believed that I had a mental illness.. . . . Today i was being taken to a mental institution because my behavior had changed into being violent towards other people and myself..... We got there and it was not a bad institution at all. My room had a chair with a desk and a bed... I went and sat on the bed. Tay and the doctor were here.... Dr: Do you like your room Zee? Me: (silence..) Tay: is she gonna be alright here? I mean she has never been in a place surrounded by strangers. Dr: She's gonna be fine.. Me: i would like a pen and a pad to write my story.. Dr: We will organise that for you.. Tay looked at me. Tay: i will come and visit you everyday.. As soon as you get the help that you need then the sooner you can come back home.... He kissed me.. Him: i love you.. I was playing with my fingers he stood up and left.. Dr: nurse!! (yelling) Some nurse showed up.. Dr: Please organise a pen and pad for our patient... Nurse: Yes doctor.. She then went.. The doctor pulled a chair and sat opposite me. Him: Can i be the first one who whom you tell your story too? I looked at him..... . . . All of this started with a Gift a Gift that I turned my back on. My story covered alot of things
