Taking Turns

TABOO

Addy is finally allowed to go to the hunting club with her cousin and his friends. She just has to remember to follow all of their rules.

Chapter One

Addy

I can't help how excited I am. For years, I've been begging Levi to take me with him to see his hunting cabin. He goes out there with his best friends Brad and Axel all the time. Every time I asked, he'd tell me I wasn't old enough, and I wouldn't want to hunt anyhow. That is true, but I've heard it's beautiful there. I saw a few pictures once, and there's a lake with a dock on it and a jacuzzi. But no matter how hard I pressed, he told me girls weren't allowed.

Finally last week, he walked into my bedroom without even knocking. I'd been completely naked and changing for the birthday dinner that Mom and Dad were taking me for. He stood there for a long moment before he spoke as his eyes roamed over my body. Then he said the words I'd been waiting forever to hear.

Friday you go to the cabin.

I'd been so excited that I'd forgotten I was naked when I jumped into his arms and hugged him. He held me tightly for a moment before he practically pushed me back off him. Then he stormed out of my room and slammed the door behind him. He didn't even come with us for my birthday dinner the night I turned eighteen. Afterwards I got worried he was going to change his mind and say I couldn't go since he skipped dinner and avoided me the rest of the week.

Levi is my cousin but lived with us. As soon as he was old enough, he moved out, but he visits a lot since he only moved a few houses down. I think he was mad about me being naked, and I'm worried he thinks I'm slutty now. I might be. After

being naked against him, my body throbbed and wanted to be touched. I don't know what it was, but something inside of me changed, and I think maybe it did for him too after that.

Levi's always been so sweet to me. The only time he ever got angry with me was when I asked him about dating and boys and if he thought I was pretty. Now I'm wondering if he thought I was coming on to him? Mom and Dad sent me to an all-girls school my whole life, so I've never even been kissed.

I glance around the backseat of the truck and over at Axel, who is sitting next to me. My cousin is driving while Brad is in the passenger seat. They all live together and have the cabin together too. They own a construction company and are the only men I'm allowed to be around. I think Levi says it's okay because they live with him.

A few times I caught Axel staring at me for a bit too long. It's the same way one of my teachers had back at school. I told Levi about it, and poof, the teacher was gone. I still wonder about that. When I told him Axel stares at me, he only grunted a response and told me to get used to it. I was fishing to see if maybe Axel had a crush on me or something, but Levi never said.

Brad, however, doesn't stare. In fact, he's either avoiding eye contact with me or bumping into me. If he looked at me, maybe he wouldn't run into me so much. Not that I mind. He always grabs ahold of me to make sure I don't fall, and his rough hands feel good against my skin.

"So how long are we staying?" I ask.

The drive has been so quiet with a sense of weird tension in the air. I swear they're all having an unspoken conversation that I'm not a part of.

Levi told me to pack a big bag. I'm done with school, so there's no rush, and they had plans to do a lot of hunting. I don't have plans for college, and right now, I'm mostly doing some office work for their construction company. I want to keep doing that if they'll let me.

“Depends,” Levi responds, and I roll my eyes. Him and his one-word answers. How is he still mad at me? “Don’t roll your eyes at me, little girl,” he warns, and his tone is so different now. There is an edge to it.

“Or what?” I taunt. I don’t know why I do it. Probably because I know we’re past the point of no return. We’re almost to the cabin, so I don’t think he’ll turn around and drive me all the way back home.

“Just because Levi is driving doesn’t mean I can’t spank you,” Axel says, and I jerk my head toward him. Did he really say that to me? I glance at Levi, but he doesn’t tell Axel to shut up or stop.

“I say you do it.” Brad speaks up. “She should get a spanking for that dress alone.” How would he know what I’m wearing? He doesn’t look at me!

Still, I glance down at my yellow dress with pink flowers on it. I’ve had it for a few years, and I guess I’m not as small as I once was. I was a bit of a late bloomer and put on some weight my senior year. The dress used to hit my knees but now it’s a touch above mid-thigh. Normally, I wear a bra since my boobs came in, but the dress is so tight up top, I didn’t think I needed one.

“She’s a tease is what she is.” My cousin grips the steering wheel so hard his knuckles start to turn white.

“That she is,” Axel agrees, clicking his tongue. “It’s unfair you already got to see her naked.”

Oh my God, he told them?

Axel licks his lips. “What color are your panties, Addy?” he asks me.

I open my mouth and then close it, unable to get words to come out. My panties start to get sticky at his question, and my eyes meet my cousin’s in the rearview mirror.

“If she won’t answer, then have a look,” Levi tells Axel.

Axel’s hand comes down on my thigh, and his fingers dig into my skin as he pulls my legs apart. Before I know what’s

happening, he flips up the bottom of my dress.

“White,” Axel says, and I see his eyes light up. “Shit, would you look at that?” His voice is low and dark as he smiles down at my panties. I sit there in shock as he runs the knuckle of his finger over a wet spot. Then I feel him hit the small bundle of nerves that always tingles when I touch it. Levi told me only naughty girls touch themselves there, but he seems fine with Axel doing it.

“I knew they’d be white. I win the bet,” Brad announces with a chuckle. “I get her mouth first.”

Get my mouth? A bet? What is he talking about? Heck, what’s going on?

“What are you doing?” I stutter when Axel slips his fingers into my panties and pulls them to the side.

Levi is still glancing at me in the mirror, and he and Axel groan when I’m exposed. I try to close my legs, but Axel has a tight hold on me. Brad turns around in his seat, and his eyes lock on my sex. Oh, now he looks at me!

“She’s shaved,” Brad bites out. “Why the fuck did you shave your pussy?” He sounds so pissed. All of them are pissed as anger fills the inside of the truck.

“I did it for my bathing suit. I thought I might go into the jacuzzi,” I rush to say.

“No clothes in the jacuzzi, little bit.” Brad licks his lips, still staring at me. I glance at my cousin, who is rubbing his palm over the front of his jeans.

“Remember what I told you?” Levi asks, and Axel puts my panties back into place before pulling my dress back down.

For a second, I wonder if that actually happened or if I just imagined all of it. Brad turns around and drops back down into his seat.

“Addy,” my cousin snaps as he pulls down the drive away toward the cabin. “What did I tell you?”

“That at the cabin I have to do as I’m told. No questions asked. You’re all in charge.”

“You bring the binds?” Brad asks my cousin, who nods.

“I brought everything we’ll need,” he responds.

I thought doing as I’m told was for my safety out here. I’m starting to think it’s for something else altogether.

Chapter Two

Levi

The cabin is basic as there aren't really any rooms other than the bathroom. It's one big, open floor plan with a couple of cots and a kitchen. There's a fireplace, for when it's gets cold at night.

The main thing we're here to use is the pullout couch that's big enough to stretch out on. I'm already hard as we walk inside and the guys and I toss our stuff on the cots. Fuck, my hands are shaking, I'm so excited to finally be doing this. The three of us have been waiting for this day, and now that it's here I'm aching to fuck my little cousin.

"Where should I put my stuff?" Addy looks around like another room is about to appear as Alex closes the door behind her and locks it with a loud click.

"Right there's fine," I say, pointing to a low table against one of the windows that overlooks the lake.

It's secluded out here, which is exactly why it's perfect for what we've got planned. Brad is so fucking eager he's already taking the cushions off the couch and pulling out the bed.

I'm grabbing the front of my jeans and squeezing my cock as Addy turns to look at me. Her cheeks are red, and she's trying to avoid staring at what I'm doing, but she can't help how curious she is.

"Can I go first?" Brad asks, and I shake my head.

"We talked about this," Axel interrupts. "She's Levi's cousin; he gets to go first."

“Fine.” Brad groans and tosses the cushions on the floor.

“What’s going on?” Addy asks as I move closer.

“You’re eighteen now, which means you’re old enough to start taking care of us.” I move close enough so that when she starts to take a step back, she bumps into Axel. “You were bare-ass naked when you jumped into my arms and tried to hump me.”

“That’s not—”

Axel grabs the shoulders of her dress and tugs it down in one quick jerk. Her tits spill out, and I stare down at them.

“Yes, you fucking did, Addy. Even now your nipples are hard, and your panties are wet. You’re like a cat in heat, and you need some dick.”

“Good thing we’ve got plenty for her,” Brad says as he watches us.

“Since you’re my little cousin, I get your cherry.” I lick my lips and bend down. “But Axel asked if he could be the first one to kiss you.”

Axel rubs his hands together as I reach out and push her dress the rest of the way off. She’s standing there in only her panties as I lean forward and touch my lips to hers. She’s so soft and warm as she gasps, and I lick inside her mouth. I kiss her for a long moment until she’s whimpering and her hands go to my shirt. After a long moment, I lean back, and she blinks up at me.

“I thought Axel—”

“Right this way,” Axel interrupts and spins Addy around before pushing her back on the bed. He laughs as she looks up at the three of us looming over her.

Before she can say anything, Axel climbs on the bed and pushes her knees apart. His head dips low, and we watch as he runs his tongue through her pussy lips. She gasps, and he hums in appreciation as he licks her little virgin cunt.

“One you’re nice and wet, I’m going to fuck you, little cuz,” I say as I take off my shirt and toss it on the floor. “Then

Brad is going to fuck your mouth.”

Brad has his eyes fixated on her pussy as he takes off his shirt too and then reaches for his belt.

“After that, it’s Axel’s turn, and then I’ll go again.”

“Oh, God.” She moans as she rocks her hips up.

“Fuck, she likes it,” Brad whispers.

“I told you.” I shake my head as I push off my jeans. “She was begging for it on her birthday. I bet she cums so fast.”

And just like that, Axel sucks on her clit, and Addy goes off. We all watch as she flushes bright red and then her legs shake. She tries to close them, but Axel holds them down and keeps sucking on her pussy.

She cums again, and I climb on the mattress to nudge Axel out of the way. He’s not ready to give her up, but it’s my turn now. “She ready?” I ask, and he nods as he licks his lips.

“She’s so fucking sweet.” He’s already reaching into his shorts to jack off his cock.

Both of them watch me as I move between her legs and rub my straining cock through her wet folds. Addy is watching Brad and Axel as I nudge her opening with the fat head of my dick.

“Hey,” I say, and her eyes come back to mine. “Don’t worry; you’ll like it.”

“What if it hurts?” I push a little into her and feel her virgin pussy wet and puffy.

“Then we’ll kiss it better,” I say.

She nods as I pin her hands to the bed and rock forward with my hips. My bare cock sinks a few inches into her, and she tenses.

“Is she tight?” Brad asks, and I grunt.

“Like a fucking fist,” I say as I thrust all the way inside and pop her pretty little cherry.

My hips surge forward one, two, three times, and I groan with the strain.

“He’s already about to cum. Goddamn, I can’t wait,” Axel says, and his hand speeds up.

Brad is naked now and moving to the top of the mattress where Addy’s face is.

I sit back and thrust a few more times before I can’t hold back anymore. Reaching down, I rub her slippery clit and start to cum in her. The pulsing of my cock must feel good because as soon as I start to cum, so does Addy.

“That’s it, baby girl,” I say as I watch her pussy clench around me.

“She’s cumming again?” Brad says with almost wonder in his voice.

“Made for this,” Axel agrees.

Her eyes are hooded, and her cheeks are flushed, but when I bend down to kiss her, she touches my cheek tenderly. She smiles shyly as I rock into one last time.

“Love you, Addy.”

Chapter Three

Brad

As soon as Levi finishes kissing his cousin, he leans back and slowly pulls out of her pussy. When he does, a rush of cum comes with it, and I can see his dick is still rock hard. It must feel so fucking good because he's ready to go again.

"Turn your head to the side, little bit," I say as I bend down and kiss her cheek. "I'm going to teach you how to suck a dick." Her eyes widen as I kneel beside her face and rub the tip of my cock over her lips. "Lick the tip and then kiss it. Yeah, just like that. Good girl."

Her full lips part as her tongue swipes over the cum that's already leaking out. Then she opens them a little more and sucks on the end of my cock like a lollipop. Out of the corner of my eye, I see Levi and Axel switch places.

I turn to watch as Axel spreads her legs and then grabs the base of his cock. Just as she enters her, Addy's eyes widen, and she gapes. While her mouth is open, I push in a little more and start to thrust.

"Just relax and breathe," I say as I start to hump against her face. "Shit, you already know what you're doing, don't you, little bit? I bet you practiced on popsicles and pretended they were dicks."

"She looks good with a cock in her mouth," Levi says as he watches us. "Sit back, Axel, I wanna taste while you fuck her."

I watch as Axel does what he's told, and Levi dips his head low. He puts his face where Axel is fucking her and licks her pussy. Addy screams around my dick and then cums. It makes my balls draw up tight as she cums again, and I can't look away.

Levi's tongue is relentless as Axel fucks her and I slide to the back of her throat. Her mouth tightens and then swallows, and I have no choice but to nut.

"Swallow, little bit," I say, and when she does, I touch her cheek. "Good girl."

I cum so fucking hard I see stars, and when I pull out, I watch Addy's mouth come after my cock like she doesn't want me to take it away. I rub the tip over her swollen lips, and she greedily licks the head again and again.

Levi leans back, and with a loud grunt, Axel thrusts and cums inside her. Addy is limp on the bed as she's filled again, and Levi and I watch. Once Axel is finished, Levi rolls her over and pulls her ass up in the air.

"I need to go again." He's already pushing Axel out of the way so he can get behind her. "I knew fucking my cousin would be like this."

"Goddamn." Axel falls over on the bed and grabs his dick. "So fucking good."

"You should try her mouth." I nudge Axel toward her. "She sucked my soul out."

"Good thinking." Axel moves so that he's at the head of the bed and Addy's mouth is right over his hard cock. He grabs her hair and pushes her down on it as Levi fucks her from behind.

"Think we can get her ass at the same time?" I ask as I move over beside Levi and reach between her legs to rub her pussy.

"Might as well try." Levi grins as he runs his finger between her ass cheeks and presses his thumb in her tight hole. "But I want her sucking my dick while you two do it."

Chapter Four

Axel

Levi grabs Addy's hips and pulls her off my cock with a loud pop. Before I can complain, Levi is flipping her over and laying her back against my front.

"It should work like this," he says she spreads her legs on the outside of my knees. My cock is so hard and wet that it pushes right up against her asshole, and she wiggles as I start to nudge my way in.

"I'll fuck her like this," Brad says as he moves in front of me, and I feel his cock slide against mine. "She's so goddamn wet." He laughs as he grabs the base of his cock and rubs it over mine to lube his up.

The cum running out of her pussy spreads between us as our dicks rub together. Once he's got enough on him, he helps me out by moving my cock right to her ass and holding it there while I push inside, and the tip of my cock pops her tight little ring. After that's set, he goes to her entrance, and slowly we fill her.

"Levi," Addy moans, and he moves beside us.

"You okay, cuz?" he asks as he comes closer and watches as Brad and I enter both her holes.

"It's too much," she whines, but he's already shaking his head.

"Remember the rules." He grabs her hair and then leads her head down to his cock. "Suck my dick, and it will take your mind off of it."

“She’s clenching around me,” Brad says as his eyes roll in the back of his head. “Fuck, she’s getting wetter.”

“She’s gripping me too,” I agree as the two of us begin to thrust in earnest. “She loves this.”

“Who knew a virgin could be so wet?” Brad is going faster now, and I’m doing the same to keep up. “I say we let her run in the woods, and we take turns finding her.”

“Fuck yeah,” Levi agrees as he grips her hair tighter. “Let’s see how many times we can catch her.”

“I bet she makes it so easy.”

Addy bounces between the three of us like a little fuck doll, and I can’t take it any longer. With one last slide into her ass, I toss my head back and growl my release. It’s so much harder than when I was in her pussy, and I think I might have found my favorite hole. Maybe when I find her in the woods, I’ll stick it in her ass again. I’ve just finished cumming, and already I’m thinking about when I can do it again.

Through the thin barrier between my dick and Brad’s, I feel his cock swell and then pulse while he fills her pussy.

“Fuck, you’re going to make me go again.” I groan as my cock twitches.

Addy cries out, and I feel her clench around me as she cums, and then I watch as Levi finishes in her mouth. She swallows, but she’s so lost to her pleasure that some slips down her chin, and I love the sight of it. She’s so fucking pretty when she’s being filled by us.

Brad pulls out of her pussy and falls back on the mattress sweaty and panting. Levi sits back, and his dick slips from between her lips. I, however, wrap my arms around Addy and kiss the top of her head.

“You feel amazing.” I nuzzle her neck, and she cuddles against me while my cock is still buried inside her. “You let me ride your ass like a big girl.”

“Well, I’m eighteen now.” She giggles, and I reach forward to play with her nipples.

Brad is already moving between her legs so he can get a taste of her pussy. She moans when his tongue lazily circles her clit, and I pinch her nipples.

“What now?” I ask Levi as I hold up her tits so he can suck on them.

He hums in pleasure as he takes one in his mouth and then the other. “I think we should play a game.”

“Wh-what kind of game?” Addy’s words get caught in her throat as Brad sucks her clit.

“How about hide and seek?” I offer, and Levi nods in agreement.

“Yeah, I’ve always wanted to fuck in the woods.” He grins and then goes back to sucking her nipples.

As long as I’m still in her ass, I might as well get off again. Thrusting once more, I groan as she clenches and then begins to greedily ride my cock.

“Axel,” I moan. My eyes don’t have to be open to know who is touching or kissing me. They all are different in so many ways, and I love all the differences. Axel appears more gruff than Brad and Levi with his dark hair and eyes and tattoos that cover his chest, arms, and back, but he is the sweetest of the three of them. Brad, however, is the most clean-cut of the bunch, and he enjoys his sex with a bite to it. I think that’s why he’s spent so much time avoiding me. He knew once he got ahold of me, he wasn’t going to ever let go.

Levi falls right in the middle. He knows what we all need at any given moment. He’s the one in charge. We all look to him to take the lead. If you had told me a month ago this would have been my life, I would have never believed you, but I probably would have freaked out too. I’m thankful they did it this way. They took over, and that was what I needed so I didn’t get lost in my own head. They showed me what we could all have together. They know what I need.

At this moment, I’m guessing Brad and Levi are out hunting. We’ve been at the cabin for almost two weeks. I’ve heard whispers about going back soon, but no one has told me when we might leave. What I do know is I’m never left alone. The three of them never go hunting at the same time. One always stays behind, and once I woke and my hands had been tied up while Levi was taking a shower. He’d done it while I was asleep.

I think there is still an underlying fear in them that I might run. They might have teased me about a game of hunting me down but that has yet to actually happen as fun as it does sound. When I asked Levi about it when he came out of the bathroom in only a towel, he told me it was to make sure I didn't go anywhere. I didn't get the chance to tell him I didn't plan on it before his mouth was on me. While they love to share me all at once, they also enjoy their alone time too.

“Never enough.” Axel thrusts into me as he claims my mouth in a sweet kiss. “How do you do this to us?” he grunts. The springs on the pullout sofa are loud in the cabin. I'm sure we've broken a few by now. I wrap my legs around him as my own orgasm pushes down on me. “Give it to me. Suck it up,” he orders, and I know he's talking about me taking every drop of him. They all do that when they cum inside me.

I cum on his command. He's right there with me, groaning my name as he thrusts inside of me, his release spilling into me. He holds himself there, wanting to make sure he gets as much into me as he can. That's another thing that hasn't been talked about. We've had sex countless times, and never once has anyone say anything about protection.

He collapses on top of me. I wrap my arms around him and lick and suck on his neck. I've found that I rather enjoy leaving love marks on all of them. None of them have complained about them yet, so I'm not going to stop.

The front door to the cabin swings open, and Levi and Brad come strolling in. Axel rolls off me, his cum leaking out. Both Levi's and Brad's eyes go between my thighs to watch it. Approval shows on their faces. They never get jealous over me when it comes to each other. Sure, they can get needy for their turn at times and a bit forceful, but they all are willing to share me. Which is saying a lot because now when I think back, they used to get livid if any boy would glance my way.

“You feed her?” Levi asks. I've barely lifted a finger since I've been here. I try to help clean up and cook. I always end up in someone's lap watching a movie or doing something else. One of my favorite things is when we go into the jacuzzi. It's too cold right now for the lake.

“Of course.” Axel sits up on the side of the bed. “Then she passed out on me.”

“You think it’s too early to give her one?” Brad asks, running his fingers through his blond hair that is a bit unruly now. He needs a haircut, but I enjoy running my fingers through his hair too.

“I don’t know.” Axel glances over at me. His brows pull together, making me think he’s worried about something.

“What?” I ask, confused. “What kind of test?”

“Pregnancy,” Levi answers. I suck in a breath. Yeah, I’ve been thinking about that too.

“And if I’m pregnant?”

“Then maybe we can head back home,” he responds with an easy shrug of his broad shoulders.

“I don’t understand.” I chew on my bottom lip, now sure where this is all going.

“If you’re pregnant, you can’t leave us,” Brad grits out.

“Why are you mad?” I wrap my arms around myself, not wanting Brad to be upset with me. It’s one thing when it’s play, but he’s really worked up.

It dawns on me suddenly. They’ve been trying to get me pregnant. A thrill of excitement runs through me. For the past week, all I could think about was having a life with the three of them, but I didn’t think it was possible. That it could exist outside of this cabin.

“Cool it,” Levi barks at Brad. Walking over to the bed, he lifts me into his arms, only to turn and sit me down into his lap. “He’s not mad.” I’m not so sure that’s true because Brad might have stopped shouting, but now he’s pacing. “He’s worried.”

“Why?” I ask, still confused.

“That you’ll leave us.” Axel speaks up from beside us.

“She’s not leaving us. Period, end of discussion. She’s ours,” Brad shouts, looking ready to fight.

“I don’t want to leave. In fact I’m scared that when we leave here I’ll have to go back home.” I admit my own fears. Levi grips my chin, guiding me to look him in the eyes.

“Your home is with us. When you leave here, you go home with us. That is your new home now. It has been since I bought the place. Like Brad said, you’re ours. Have been for a while. We’ve been planning and waiting.”

“Really?” Emotions bubble up inside me.

“We love you, little bit.” Brad speaks again, his tone softer this time.

“Will you all belong to me? Do I have to share you the way you share me?”

“Babe, you’ve owned us. There is no one else and there will be no one else,” Axel says, shaking his head like the notion of there being someone else is crazy.

“What will people think?” I look at Levi.

“We don’t give a fuck. All we care about is us. This family, and to make us a family, you have to be in the center.” I start to speak but Levi cuts me off. “There will be no going back. I need you to understand that. If you try to leave, we will hunt you down and bring you back.”

“Don’t threaten me with a good time.” I smirk.

“Look who’s getting sassy on us now.” Brad chuckles. “I like it.”

“You only like it because you want to punish me,” I say tartly.

“You know me well, li’l bit.” Brad palms his cock over his jeans. Levi’s cock is hard, too, pressing into my bare ass. Levi leans down and kisses me hard and possessively. When his mouth leaves mine, it’s replaced with Brad’s, who gives a small nip to my bottom lip before Axel is there licking the spot Brad bit, soothing it with his sweetness.

I feel something slip onto my finger when Axel pulls back. I stare down at the ring with a pink stone surrounded by three diamonds. It’s perfect. It’s not only me; it’s them. All of us.

“Time to celebrate.” Levi stands, putting me on my feet. I’m naked with only the ring on.

“Couldn’t agree more.” Brad walks over and swings the front door open. “I’ve been dying for this hunt since we got here.” He licks his lips, his eyes filled with hunger.

“You got a three-minute head start, babe,” Axel tells me. I don’t want to run from them, but my body heats at the idea of them hunting me down because I know they will come for me.

“Go,” Levi orders, smacking my ass.

“I love you,” I shout before I bolt out the door, knowing their three-minute head start is a lie. They won’t make it that long.

I’m not wrong. They’re on me when I barely break through the tree line into the forest, my feet leaving the ground before I’m pinned to it. It’s where I stay while they keep taking their turns.
