Tell me, how much can a woman take?

How much can you take?!

Well i took more than i could!

I took his bossy ass

His jealousy

His greed

His abuse

His anger

And constant petty fights

He controlled me.

He told me what to wear and what to eat.

He showed me how to sit and how to ride his
cock.

.

Sometimes i was too shy others too talkative..

All i can say is i sucked it all up.

Oh here i am getting all carried away

I am Nomonde a young woman who let a man
control her to a point where by i didn't know

myself no more.

I made him make me his puppet, i allowed him to control me.

I was a door mat for him.

I allowed him to wipe all his shit on me.

Sitting at the school canteen and drawing is a perfect way for me to end my classes.

This is my last year in accounting, it may not be my passion but i have to suck it up and make it work.

My real passion is art and writing.

But mom and dad says i need something that will pay my bills and art and writing can come after. I understand and am grateful they do not regard my art and writing as rubbish or a far

fetches dream.

Lorna; Nomonde lets go damn am i tired

Me:okay

I pack up my stuff quickly and we head out.

Me: didn't you say you had one more class left?

Lorna: I'm not feeling it and besides Bill wanted to see me

Bill being one of her many mans, some young some old.

.

.

.

.

We're having late lunch with Lorna's boyfriend Bill and this good looking guy named Xhantilomzi.

He is hot!

He may not talk much but the dude is super hot and having him for a day or just a few hours wouldn't hurt.

Leno: Xhanti can take Nomonde home

I look at Xhanti

He nods and stands up

Me: see you tomorrow

We hug

Leno: fuck his cute ass

She whispers in my ear making me giggle

Me: I'm gonna give it to him

We brake the hug giggling.

.

Riding with Xhanti was a bit too quiet as i didn't really take him for this type of quiet guy.

Me: your so quiet

Xhanti: your not talking either

Challenging i see...

I chuckled amused

Me: you can stop here.

He stops the car

Me: want to come in for a drink?

I touch his hand smiling at him, seductively ofcourse.

Xhanti looks at my hand then up my face.

Xhanti: little girl tell me if you want sex

I giggled

Me: i was being polite and offering only a mere glass of liquid but since you just turned me on...

I leave the sentence unfinished as i bit on my lower lip.

.

.

>>>>

I push him hard against the door as i took off his blazer kissing him hard against his lips.

He takes my butt in his hands and lifts me up to wrap my legs around his waist.

Mhhh his body against mine was so hard and manly just swallowing my petit frame.

He marked my neck down to my breasts that were now naked and bare.

Me:ahh fuck me already

He dropped me on the bed and balled a fist of my hair

Xhanti: take it out and suck it

A bitch obliged

I got on my knees and took out his rod that stood high curved and proud.

Taking it into my mouth he lowly growled as i could feel the precum ooz out onto my tongue.

In and out it went slowly as i take him down to the root- to his balls.

Xhanti: ahh shit!

He takes a hold of my head and slams into me making me gag and moan into him.

Xhanti: fuck suck me!

All i could do is moan and suck it up not to throw up as the man litterly fucked my face till he came all over my face and chest, some in my mouth too.

My mouth alone was tired not to mention my damn throat.

I heard him zip up his pants.

Me: don't you want more?

Xhanti looked at me and took out a few notes out of his wallet.

Xhanti: go buy yourself a pair of modesty and class, you lack it

He throws the stack of money to my naked self and leaves.

What the hell just fucking happened.

Only when it registered in my brain that i just got insulted by a man who i let fuck my mouth.

I stormed to the door only to find him gone.

Fuck!

Didn't know a pair of modesty and class costed R4500, i guess i need a new weaving hairstyle and new set of nails.

Fuck Xhanti and his arrogant tight shit.

Although his dick tasted great too bad i couldn't ride it.

The sun shined threw the thin curtains and landed on my delicate skin waking me up.

I yawned as i stretched out my body.

Good thing today is Saturday, i need to pamper myself.

I mean i am R4500 richer.

The taste of cum Xhanti left in my mouth made me bitterly chuckle as what he said last night ringed in my head.

After taking my walk i took a shower and dolled myself up.

I looked beautiful and oozed class and the same modesty Xhanti sent me out to buy.

Lorna: damn he made you glow

Me: Make up and good clothes made this diamond glow darling

We hugged as i sat down to have breakfast with my best friend of 3years.

Lorna: so, how did it go

The waiter brought our bottle of moët that Lorna and i love so much.

Me: it went well until it took an unexpected turn

Lorna:oh don't tell me his a dog without any teeth

I laughed

Me: no in fact he has a great sex appeal

I took a swing at the glass

Lorna: nigga can't drive

I rolled my eyes as obviously she was not going

to get it right.

Me: he only fucked my mouth

Lorna: your other two holes?

Me:nothing

Lorna laughed clapping her hands

Lorna: maybe he was in a rush

Me: or maybe he was in search of a store
selling a pair of class and modesty

Lorna: why would you say so

Me: dude insulted me

Lorna laughed even harder

Lorna: this innocent face of yours clearly does
not go hand in hand with the little hoe in you

Me: Xhanti is probably a lost soul

Lorna:or gay

We laughed and my morning was off to a great

start.

Lorna accompanied me at the salon as i got a new weave and we did our nails together.

Me: damn is Xhanti's money good

Lorna giggled

Lorna: hasn't he called yet

Me: no and I'm happy, don't want no up tight dude to complicate my life

Lorna: your lucky

Me: of what? Sucking his dick then getting insulted.

Lorna: no silly. It's not everyday you meet a single young handsome man

Me: that's not true we meet thoes type of guys everyday just that you like them even more if they reek of apartheid air

Lorna roared in laughter

Me: one day you will kill an old man just because of that ass of yours

Lorna: this fat ass of mine bought me tons of stuff including that apartment of yours

Me: and it sure did.

Months passed and i was doing really great on my academics that i too was very proud.

Lorna on the other hand not so much.

You see Lorna and i may seem like a house on fire but thing is we are different, very different.

Lorna is all about using a body and her three wholes on her body to get a bills paid and the high lifestyle she has to maintain.

While i on the other hand am very determined and use my brain lesser than my body and pussy.

I may party and shit but i think long term not short term.

I may seem like a whore but i ain't.

Xhanti would have been the 5th guy in my whole existence who would have slept with me.

My one night stands? They pass out most of the time way before the shagging and stuff.

So yeah that's how it goes.

.

Anywho....

Today i was going to an art gallery to look at some portraits maybe i could get a few inspirations.

Lorna: Miami is so cool

She was at the beach face timing me

Me: bring me sea water

Lorna laughed

Lorna: your funny

Me: your having fun?

Lorna: tons with no stress at all

Me: and your assignments? You said you were going to email them so i could hand them in

Lorna groaned

Lorna: i forgot about that

Me: Lorna its our last year

She rolles her eyes.

Lorna: i know and i will send them okay

She blows a kiss

Lorna: love you

She logs off and i sigh.

Lorna is smart but she is so dick blinded.

I get dressed in a cute knee length bodycon dress with my boots and coat.

It's really chilly out there.

I took a cab and went to the gallery.

Art is such a beauty, it speaks when words fail and it says more than one thing depending on the eyes of the viewer.

"Boring isn't it?"

I turn and face the person whom that voice belongs too - Xhanti.

Me: I'm guessing your here with someone

He shrugs

Xhanti: just need something for my office

I just nod not really interested in conversating with him.

I look around for a bit then leave after bidding

farewell to Sam, my art friend.

Sam: be sure to collaborate with me soon

I giggled

Me: will do so Sammy

He kisses my cheek and i leave grabbing a hot cocoa at an open cafe as i wait for my uber to take me home.

.

.

.

I sit in front of the warmth of my own fire with a glass of wine as i page thru my assignment.

There is a knock at the door.

I am wearing nothing but a long knit wear and socks as i make my way to my door.

Xhanti: will you let me in

Me: only if you'd ask

I leave him at the door as he closes behind him.

Me: what do you want?

Xhanti: i see i should have sent you to buy manners too

I folded my arms and looked at him.

Me: Xhantilomzi grow up and get out

He bitterly chuckles

Xhanti: get yourself respect girl.

Another few notes are left for me.

Now thoes are going to my savings account.

I come back from my classes super late and all I want to do is get into bed and watch some movies till I pass out.

I don't bother making some snacks as I don't feel hungry or the need to nibble on something at all.

The movie I am watching quickly bores the shit out of me

Next thing I know

I am porn searching, but not being able to find the right one. I lay on my back looking up at the roof, and sigh in frustration. I wanted release, but nothing was making me wet enough.

I pull down my pants and bring my fingers to my lonely lips and begin to move them in a circle formation. I feel the familiar knot start to tangle in my stomach and I move faster.

.

Bang!

.

I quickly remove my hands from my pussy and pull up my pants. soaking wet after being caught up in the storm.

I sigh in sexual frustration and go back up the stairs rather loudly. Deciding to let myself relax a little bit, I go into the bathroom and set up a bath. I fill it with soothing salts and bubbles.

I free myself from my clothes and sink into the bathtub and shut my eyes, and before I know it, I've drifted into a deep sleep.

.

~~~~~some time later~~~~~

.

I feel the water shift and someone's body come into contact with mine. I open my eyes I'm met with darkness. I realise that I'm still inside the bathtub and the hot water is now lukewarm.

Cold fingers come into contact with my legs

and slowly lift them. I open my mouth to ask who's there, but I'm met with harsh lips against my own instead. I quickly kiss back half asleep but still horny as fuck. I open my mouth to allow whoever's there to explore every single inch of my mouth and nibble on my lips.

The person sucks on my ear and lowers themselves to my neck. I feel hot and bothered as they suck everywhere on my neck. I quickly change my position and straddle the other person sitting on their leg right next to an erection.

I open my eyes to see my mystery man and see that it's Xhanti. He stares back at my swollen lips quickly attacking them. I don't have time to be shocked as he kisses and sucks my sweet spot over and over.

.

By now my moans and pants can be heard echoing through the bathroom.

.

Without any warning my Xhanti lets out an impatient growling sound, and I'm quickly lifted and slammed down onto his cock without a warning. I let out a scream but they soon turn to loud moans as he lifts me up and down, bouncing around on his big cock. I clench his cock as hard as I can he goes deeper into me somehow. I feel as if I'm about to explode around his thick cock and he gropes my ass hard and spansks it.

Xhanti: You are so fucking tight,"

he growls into my ear and stops moving before slamming hard into my pussy again. I feel tears running down my face from all the pleasure,

and his cock grows and hardens inside me.

Xhanti: You feel that hmm?"

He screams grabbing my hair in his fist. Xhanti: I'm about to cum in your tight pussy!"

Me: DEEPER!"

I scream and he obeys. Xhanti grips my hips to stop me from bouncing on his cock, and instead he slams repeatedly into me. Xhanti: You like that don't you, you little slut?"

He whisper in my ear holding my hairs down so I'm forced to look at the ceiling.

Xhanti: You like daddy tearing into your sweet little pussy, hmm? ANSWER ME!"

I cry freely and reply.

Me: "YES DADDY, I LIKE YOU TEARING INTO MY SWEET LITTLE PUSSY!"

He groans and that's all it takes for him to shoot his cum inside me. I feel it coating my walls, and I immediately squirt all over his cock tightening and milking him.

"Fuck," he groans as he keeps cumming inside me.

Xhanti: "You're a squirter you little minx

he chuckles at me releasing his death grip on my ass.

Xhanti: "Who knew you had all that inside of you,"

he teases whispering in my ear, and nibbling my lobe.

I move to get off him but he holds me there and pushes my back onto his cock, which was somehow still erect.

Xhanti: "I'm not done with you yet,"

he says, and turn his attention to my breasts and sucks on them, swirling his tongues and playing with my clit.

"We are far from over," he says and licks my tits while looking straight into my lust filled eyes.

Xhanti: Why don't we continue this in the bedroom, my little squirting slut."

He lifts me out of the bathtub and lifts me out keeping me on his cock the whole time. He walks us out of the bathroom leaving a trail of water behind and we go into my room. We enter my room and he throws me onto my bed. I sit up right and see my full body mirror facing the opposite direction of the bed.

xhanti: I want you to see me fucking your pussy from behind mercilessly,"

he says getting onto the bed behind me. We both face to mirror and he holds my breasts on his arms. My eyes widen and for the first time that night, I realised what just happened and what we both said, making my face redder than a tomato.

.

Xhanti: What happened to my dirty little slut from the bathtub?"

He chuckles looking at my face. I just half smile in embarrassment.

Xhanti: "Don't get all shy on me now,"

he says to me.

Xhanti: "Not when I'm about to fuck you long and deep till you're screaming my name and there are nail marks all over my back."

He whispers huskily in my ear.

.

My pussy instantly becomes a leaky tap and I feel my wetness slide down my leg. He looks at me through the mirror and I know he can see the liquid drizzling. I instantly feel his cock fully erect against my lower back. He slides one of his hands down my stomach towards my pussy. I watch him with my eyes glued to the mirror and my lips slightly parted. He creeps a finger in me painfully slow and then brings it out. He brings the same finger to his nose, closes his eyes and takes a deep breath. I feel more wetness form. He then brings the finger into his mouth and licks it.

.

He repeats the action of putting his finger in me, but instead brings his finger to my mouth and I lick it slowly. I grab his hand with mine and suck

on his finger bobbing my head up and down. He watches me closely through the mirror, eyes never leaving mine.

.

I turn around and push him backwards onto the bed. It was my turn to make him feel good now. I slowly trail my fingers along his abs I never knew he had. I lower my face and lick his abs all the way up to his chest. I meet his eyes which are blazing with lust and need. I hold his outstretched hands with mine and make out with him shamelessly. I then brought myself back and kissed my way back to his v line.

.

I grabbed his cock firmly in my hand and kissed the tip. I then gave it a swirl with my tongue before licking my way down to his balls. I took one inside my mouth sucking on it like a toffee. I popped it out of my mouth and gave my

attention to the other one, before I took them both in my mouth and sucking on them firmly. He lets out a strangled sound and bring his hand to my head.

.

I take both of his balls out of my mouth and took as much of his cock into my mouth as possible. I surprised myself when almost all of it fit inside my throat. He lets out a string of curse words and praises me. I bring my head up and down bobbing it repeatedly. He holds my hair in his fist tightly and he looks like he's in pain but I know he's in pure bliss. I depththroat his cock again playing with his balls. He keeps my head pressed down firmly on his shaft and I suck harder he thrusts inside of my throat a little bit and then takes off the pressure so I can breathe again. I take his cock out of my mouth and saliva dribbles down my chin and all over my face. I get the feeling he likes his cock

sucked messily.

.

I bring his cock into my mouth once more and keep bobbing up and down as if my life depends on it. I then deepthroat it and he holds my head down again. But this time I suck harder and let him thrust inside my mouth. His grip on my hair tightens and I can tell he's close to cumming in my mouth.

.

He then shoots his salty cum inside my mouth and I savour the taste not swallowing it all at once. It got all over my face too so I wiped some away. I bring my head up and he looks at me totally star struck and in awe. I just smirk at him. He pulls me on top of him and kisses me mouth, tasting himself in the process.

.

Xhanti: You're my dirty little slut aren't you?"

He says spanking my ass hard.

Me: "Yes,"

I breathe out.

.

He lifts turns me around so we're facing the mirror again, and puts me on all fours. He positions himself, grabbing my waist, and plunges into me sending me to heaven. I scream at the pleasure and he keeps pulling my waist into his cock harder each time.

.

Xhanti: look at me when I fuck you from behind,"

he growls dominantly and pulls my hair lifting my head up to face him in the mirror. I spread my legs further apart to try to get him deeper inside me. He takes himself out of me fully and then slams harder than ever into me, spamming

my ass hard.

.

I cry out loud as he does this over and over each time harder than before. And before I know it, I'm squirting on him but he doesn't stop and keeps going. He reaches over me to grab my breasts and squeezes them hard. I've squirted all over him but he doesn't care and keeps plunging into my wetter than ever pussy.

.

Me: FUCK ME IN THAT SPOT DADDY!"

I scream at him as he hits my g spot over and over.

Khanti: "WHO'S PUSSY DOES THIS BELONG TO?"

He yells at me.

.

"YOU DADDY!" I scream and he shoots his load

into me once again blanketing my walls and insides.

.

I quickly turn around to get some in my mouth as well. I grab his cock and suck on it making his orgasm last. He pushes my head down, and I eat as much as I can get.

.

He brings my head up to his mouth and we make out and go another round, before we fall asleep sticky and wet, lying in the wet, cum coated bed, his cock still inside me.

Waking up i didn't sit up immediately as a wave of regret washed over me.

Nowhere in hell did i think I'd get fucked by Xhanti - yeah the first time i saw him but now? It was never ment to happen.

.

.

When i sat up i see him bare as the way he was born.

His back was facing me and he looked as if in thoughts.

How the hell did i let this man fuck me?

I was so drunk in lust that i listened to the throbing sensation in my pussy than my head.

The scratches on his back are evidence of how much last night was for the both of us.

My core burnt like fire on wood.

I felt tears on the tip of my eyes as i remember how much he really humiliated me and i am so damn angry at myself but mostly at him!

He shouldn't have came here and made me all types of confused.

He should have stayed where ever he was these past few months.

.

.

I got up putting a rob on

Me: Xhanti get your shit and leave my place

He looks up at me with no emotion at all and i didn't give a damn at all as i wasn't expecting him to go down on his knees and confess his love over just one fuck.

Xhanti: what are you doing to me Monde?

He asked calmly

I rolled my eyes

Me: i am kicking you out Xhanti and it's fucking Nomonde

Xhanti chuckles and stands up, dick lump

Xhanti: this has never happened

Me: yeah yeah, no need for threats just get out

I head to the shower closing the door hard behind me. Xhanti knows his way out moss.

I am excited as i walk threw the prison doors and see my brother sitting there waiting for me.

It is his birthday today and I'm not surprised the rest of the family is not here.

Me: brother

He looks up at me.

Mongezi: Nomonde

He gives me a faint smile.

Me: happy birthday brother

I say with a ray of sunshine in my words.

Mongezi: thank you Nono but you didn't have too

Me: i did, you remember i couldn't make it to the family day and I'm really sorry about that too

Mongezi: it's okay, it's not like anyone else was going to come

Me: Momo....

Mongezi: it's the truth and you know it

I sighed.

Ever since Mongezi got arrested for bombing an ATM, my family has turned their backs on him. But not me, i could not. Momo and i had been there for eachother since, well forever. Mostly he was there for me and he made sure no man touched me.

.

I held his hands.

Me: they are having a hard time with you being in here

Mongezi: hard time?

He bitterly chuckles

Mongezi: do they fucking know how prison is? Do they know how fucked up a dude can het in here?

Me: Mo...

Mongezi: No Nono they don't! Nothing and no one is having a hard time more than i am having!

He separates our hands and stands up.

Mongezi: i think it's best you stop visiting

He turns to leave

Me: Mongezi!

He stops

Me: you'll be given the stuff i brought and remember that i love you

Mongezi: be well Nono

He says faintly, almost a whisper and he is gine back to that hell hole that is breaking my brother bit by bit. He may have gained a huge amount of muscles and scars but he is losing himself in there.

.

I leave that place with a broken heart

I wish i could get him out of there but i can't.

It's all just so damn unfair!

I don't know why my family is so hard on him like this!

It's as if he killed a man!

Papa cares more of his image than his own damn son.

Not once, not once has he went to visit him when Mongezi was arrested, not once!

A month passes by and i am done with my last exams and all i do now is go out with Lorna and do what we do best - drink!

Xhanti has been out of my life since the morning after our steamy night and all i can say is that I'm happy.

I am just hoping he does not pop out of

somewhere like the last time.

Course this time around i will not let him have his way with him but twist his balls and kick him the fuck out!

What i should have done the very first day i saw his arrogant ass.

.

.

I wake up with a banging head.

I am in Lorna's house, yes house. Her sugar daddy bought her a beautiful beach house and last night was her epic house warming party.

Yeah my bitch can throw a party.

I can taste the foul taste of cum although I'm still dressed and my body is fully clothed.

I go to the bathroom and almost die of a heart attack as i look at myself in the mirror.

UGLY!

I rinse my face and wash my mouth with the mouth wash.

After taking a shower i wear the black shit i found laying around.

.

.

.

Lorna: oh finally your awake

She looked beautiful and well dressed with people from a cleaning company cleaning

Me: it's like you didn't get wasted at all last night

Lorna: when your woken up by a good dick girl the wonders

She giggles blushing hard.

Me: i see, damn I'm so hungry and thirsty

Lorna: good but you have to change into something else we're having lunch with important people.

Lunch?

How long have i been out for

Lorna: chill baby i understand

Me: I'm starving and I'm not going to change anything

Lorna giggles as she leads me to the dinning table.

There are about 5 men sitting there with 3 other younger women.

The men look so yummy in their suits looking all classy and shit.

I lock eyes with this other good looking man, he looks like he's in his late 30's or so.

Lorna: guys this is my best friend Nomonde

I snap and tear my gaze from that man

Girl 1: why is she not dressed

I take a seat on an empty chair

Me: mind your own business please

I take a sip of the cold bubbly in front of me

Girl1: hey don't get ratchet with me!

I giggled

Me: Lorna I'll be going to my place okay

I stood up and kissed her cheek.

Me: wipe off that make up darling you look like a hooker

I say to the girl

I took in a breath

Me: damn and you sure do smell like one

I turn and leave shaking my huge behind and i sure as hell know that Lorna is smiling.

Bitch is proud i use her sassy attitude.

I am in my apartment painting my soul away on the canvas when there is a knock at the door.

I went to answer

Me: hello

Man: Mrs Nomonde?

Me; yes

Man: could you please sign here for your package

I took the pen and sighed confused as to whom

would this be from.

Man: there you go ma'am

Me: thank you

I closed the door behind him and went to sit down to open the big black box wrapped in a big red ribbon.

I open it and there is a red sparkling dress with gladiator heels and some jewellery.

"I want to take you out, 7pm sharp  
-X"

That is the simple text he sent it with.

I bitterly chuckled

Me: I'm no charity case

I leave the stuff as they are and i just carry on painting and just doing my thing.

Right 7pm sharp there is a knock on the door

Me: it's open!

I shout from the kitchen

He comes in and nigga is dazzling in his suit

Xhanti: your not dressed up

Me: this shirt ain't much but at least I'm covered

Xhanti sighs pinching his bridge nose

Xhanti: Monde what's wrong

Me: Nomonde is the name and what is wrong is  
that you mistaken me for some fucking pawn!

I half shout the last part pouring the whole  
bottle of wine on the very expensive red dress  
that laid in the sink.

Xhanti: didn't say you were

Me: well treat me like the woman in control that  
i am

I lit the matches and throw it there setting the  
dress alit

Me: and i hate red

I patt his shoulder and headed to my room.

Xhanti...

I made him wait 3 long months before i opened

my legs to his arrogant ass.

Damn got him following me around like a damn puppy.

Yeah i was already inlove with him but i wanted him to sweat and work hard.

No nigga was going to get me into a relationship with him so easily.

Last night he even had to cook a three course meal for me and I must say it was either bought or he got a chef to cook for him.

.

.

.

Xhanti: hey beautiful

He looks like a dream.

His eyes tired and sleepy with his musk of morning breath raw in my nostrils

Me: hey

I blush unable to control it.

Xhanti: months I waited and it sure as hell was worth it.

I giggled as he kissed my neck.

Xhanti: it was all worth it

He snuggles his head in my neck and we stay like that.

Me: you do notice that your heavy right

He chuckles before he removes his head from my neck and looks at me

Xhanti: I'm your burden to carry now Monde

I laughed as he got up

Me: typical much

Xhanti: come let's take a shower

I nod and we take an almost innocent shower as it seems like his dick tastes even more

appetising in my mouth than any food I've  
tasted before

He cums in me and I don't swallow this time as  
I need to breath urgently.

Xhanti has set out a beautiful breakfast just  
outside on the balcony overlooking the ocean  
with the sun just coming out in the horizon

Me: this is beautiful

I sat down as he held the chair open for me

Xhanti: I'm glad you think so

I smile at him.

I'm happy.

Happy that I can just get someone who does not just like the hoe in me but the decent lady under the hoe layers.

I am going to keep Xhanti no matter what.

Xhanti: what are you thinking about

His warm hand touches mine and that alone shines more love onto my heart.

Me: do you really love me X? Do you love me for me and not just the sex

He looks taken aback but I need to know, I need to make sure that he loved me for me and not just the sex.

I can't have my heart broken by an arrogant bastard that has managed to sneak up into my heart.

.

Xhanti: I love you Monde. It may seem wrong nor forbidden but to me it feels so right. It

makes me alive and it awakens something in me that I thought it didn't exist.

Me: really?

He nods

Xhanti: your a tease Monde. You are different

Me: I don't want to get hurt X

Xhanti: I may not be perfect but I would never hurt you intentionally and I will protect you and take your side anytime

Me: you promise?

Xhanti: cross my heart and hope to die

He crosses his heart making me giggle.

Xhanti: the only years I want to see in your eyes are the ones you'll get when I give you one hell of a good orgasm

He wipes my tears making me laugh.

Oh men

They create the best memories.

They make us feel so many emotions at once

They make us feel so special

They make us feel like your the only two in the world

Most of all they make us feel love.

Me: Lorna I don't know

Lorna: how could you fall for him and not know

Me; Lorna I need to settle down sooner or later

Lorna laughed she looked at me and laughed

even harder

Lorna: you hardly know this Xhanti guy I mean,  
damn I also don't know him

I rolled my eyes

Me: well I am not in need of your approval, just  
telling you that we are dating

Lorna: baby you know all I want is to look out  
for you

Me: and I appreciate it alot but I can't keep on  
going out with different men for the rest of my  
young adulthood

Lorna: it's fine if you think you've found love  
darling

I nod.

I had taken Lorna out on lunch since it had been  
a while since we last spoke since Xhanti has  
been in my life.

Damn does that man threat me like a queen

I take out my card as I called for the waiter

Me; I have to go, Xhanti said to be at my place  
at 13:00

Lorna: okay and we should go out clubbing it's  
been a while

Me: indeed baby and I'll call you okay

I said punching in my pin

Lorna: yes so that we can set a date

I giggled and took my handbag and phone

Me: love you sweetheart

I hugged my best friend

Lorna: love you more

Xhanti: it's a surprise

Me: well did you have to blind fold me like this

I asked giggling as Xhanti had me blind folded  
as we drove to my surprise

Me: baby I'm growing impatient

He chuckled and stopped the car

Xhanti: come let me help you out, and keep the  
blind fold on okay

Me: okay

He helped me out and held me as we walked.

Xhanti: you ready?

Me: yeah I'm ready

He slowly removed the blind fold and a  
beautiful blood red Mercedes Benz car was in  
sight

Me: baby....

I look at him and he nods.

Tears glisten in my eyes

Xhanti: my baby has class and needs a classy car to match

I laughed remembering our first night.

Yeah the insult he threw at me

Me: it's beautiful

Xhanti: you like it?

Me: like it? I love it!

Xhanti sheepishly smiled

Xhanti: I guess you didn't hate the red after all

I laughed hitting his chest lightly

Me: you know I was being dramatic

Xhanti: and that you are

Me: ha! Says the man who gave me 4 grand to go buy class and modesty

Xhanti just simply chuckled

Xhanti: it was how you acted baby

Me: so you keep on saying

I kiss his lips

Me: I'm driving my car home

I took the keys from him

Xhanti: be sure not to speed too much, you  
don't have a driver's license remember

Me: oh yeah that

He nodded

Me: still

I got in my car and obviously sped off.

AHH the smell of new leather

Tonight Lorna and I were going out as we had planned a week ago.

I was getting ready and dolled up to meet up with my bad bitch.

Me: black or pink

I sighed looking at the two equally sexy dresses.

Me: black looks sexy on me

I took the dress and slipped it over my white lingerie and wore my shoes.

Me: all done

I reapplied my lipstick and drove to Lorna's house.

Lorna: I was going to fetch you, you didn't need to take a cab all the way here

Me: who said I took a cab

I opened my car she screamed

Lorna: sneaky how

I laughed

Me: you like

Lorna: Monde this car is the shit

Me: right?!

Lorna: hell yeah!

I couldn't stop giggling

Me: let's go before I miss my man

Lorna: were taking this beast okay

Me: sure you drive

I throw the keys at her and we leave.

.

.

.

>>>>>

Partying with Lorna is never a bore and as you've suspected we're at the VIP section.

Those same dark brown eyes bore threw me

Me: friend it's the same man

Lorna: which one

Me: remember the next day after your house warming

Lorna: yeah oh the man you told me about

I nodded

Me: yes him and there he is

She follows my eyes and looks at him.

Lorna: oh that hotty Bill

Me: Bill?

Lorna nods taking another shot and so do I

Lorna: let me go dance

She is gone before I can stop her.

I am a little drunk than I should be considering the fact that I'm driving us back.

"Black really looks good on you"

A deep panty dropper voice speaks into my ear.

I turn and he is so close to me

"Bill"

He said extending his hand out for a shake

Me: Nomonde

I take his hand and he kisses mine

Bill: beautiful name for a goddess like yourself

I giggled

Me: mind sitting with me?

Bill takes a seat and calls out on a waiter to bring us some scotch

Me: double on the rocks

I tell the waiter before he disappears into the

crowd to get our drinks.

Bill: you quit bold

Me: it's either that or everyone will walk all over you

Bill: feminist?

I laughed

Me: oh no dear just that I like being me

He nods our drinks come and the conversation just flows and we are all over each other kissing here and there. Nothing serious just the alcohol doing it's thing.

Bill and I end up taking the whole bottle and sharing it

Me: I think I've had enough

Bill: you said that 5 glasses ago

I giggled as he caressed my bare legs that were over his lap.

Lorna: Nono!!

I look at her

Lorna: X is looking for you

Me: he's here?!

I immediately become half sober, what a waste of good scotch

Lorna nods.

I quickly jump onto my feet

Me: sorry Bill I have to go

Bill: is everything alright

Me: yes... No..I have to go

He gives me a quick kiss and Lona and I disappears

.

.

.

Outside we find an angry looking Xhanti

Me: Xhanti

Xhanti: get in the car

I look at Lorna

Lorna: go with hubby, I'm a big girl

She gives me my car keys

Lorna: the night is still young baby!!!

She says walking away drunk.

I get in the car and it is so damn tense.

Me: baby....

I try to hold his thigh

Xhanti: Nomonde

He hissed and removes my hand.

>>>>

As soon as we get in my apartment I am pinned  
on the wall

Xhanti: you smell like a man

He says with his face into my weave and looks at me

Xhanti: you use me then you want to leave?!

Me: no baby!

I try to touch him but he moves away

Xhanti: you disgust me

The disgust in his voice pained me

Me: I regret kissing him baby, it was a mistake

Xhanti: oh so you kissed him?

I fell on my knees before him

Me: please forgive me

I cried hard the alcohol too playing a part in this scene.

Xhanti: leave me alone

He walks away causing me to fall into the floor

but he was not fazed as he left me there, crying.

I ruined an perfect thing just with a few hours

.I have been trying to get into Xhanti's good books for the whole week but he is making it very difficult. He is being so cold and most of the time when I go to his bachelors flat he is not there.

>>>>>

I try to call him once more and he does not pick up my calls but just sends a huge amount of money into my account.

This is not how I pictured I'd be spending my December holidays.

I call him and he rejects my call

I sigh.

Khani is really angry at me so I send the money back just to get his attention but I get none.

I decide that I should just head back home so I book a plane ticket home and started to pack my bags.

I need to breath, if Khani will not accept my

apology then I guess maybe it was all just too good to be true.

.

"Where are you going"

I know it's him I can smell his cologne

I turn and look at him and there he is all handsome and sexy in his suit standing at my door frame.

Me: home

I simply say as I put in my toiletry bag in my suit case

Xhani: thought you were home

I sighed and looked at him

Me: Xhantilomzi please

I carry on packing till I feel his hand hold onto my wrist

My eyes look up at his

Xhanti: you just gonna leave me?

Me: you left me too

Xhanti: I was angry okay

Me: I'm sorry okay! How many times must I apologise to you huh?

Xhanti: it's not about how many times you apologise it's the fact that you fucking kissed him!!

He half shouts

Me: I'm sorry okay! I was dumb and stupid to even do so

Xhanti looks deep into my eyes as if communicating with me through my soul

Xhanti; your changing me Monde, your changing me so much

I say nothing as I can not find any words to respond to him

Xhanti: our love is so forbidden but yet it brings calmness into my heart

He takes my hands and kisses them

Xhanti: you can go visit your family till the end of the holidays as I will be going on a business trip till then okay

I simply nod

We look into each other's eyes.

I can't help but feel the connection

It's so strong or is it just because he is my 3rd boyfriend after my failed attempts at love?

.

.

We start kissing more and my legs wrap around his waist and my arms wrapped around his neck not breaking the kiss. He lays me down on the bed and eager for more he stops and looks in my eyes.

Xhanti: "Do you want me like I want you Nomonde?".

Me: "Yes. I-I love you".

.

With that being said he says

Xhanti: "That's all I wanted to hear"

he says with lust in his eyes and dominance in his voice. He starts moving on top of me and kissing me moving down to my neck and moving down towards my chest and to my belly button.

.

With every kiss he's leaving a burning sensation in me and I crave more. He removes my panties sniffs them then throws them aside. He looks at me

Xhanti: "You smell amazing"

he says with a smirk.

.

He spreads my pussy with his hands and begins licking. I start moaning and he begins sucking my hardened clit and licking with a purpose. I start moaning intensively and squirming but with his firm hold under my ass and around my thighs I'm not moving anywhere. I've never felt anything like this before and it's got me going crazy.

.

He then looks up at me and says

Xhanti: "I love it when you call me daddy"

and with that he rams his tongue in my hot moist pussy and starts thrusting in and out.

Me: "Ah FUCK DADDY! DONT STOP I-I WANT MORE PLEASEE"

I moan out and he smiles and starts moving faster. I feel a tingle in my stomach and without

warning I cum onto his face and he licks me up and comes back up and kisses me. Our tongues swirling around and eager for me I strip him down.

.

His dick hard as a rock, big and thick. So he spits on his dick and grabs my hips and drags it closer to him. He looks at me and says "no condom?"

(We've been cautious but we've run out of condoms )

Me: "I've been on birth control for awhile to help regulate my period".

He then looks at me and, without warning, he slowly pushed himself into me, pulling a loud squeak from my lips.

.

Me: Fuck, you're so big."

A tear rolled down my heated face, but before I could move my hand to wipe it away, Xhanti kissed it away.

Xhanti: "I won't move until you say so,"

he said, stopping his movement. After the potent pain diminished a little, I shifted my gaze to his hard eyes and nodded. With as much effort as he visibly had, he glacially plunged deeper into me and groaned loudly.

.

Xhanti: God, you're so fucking tight,"

he muttered, His slow thrusts soon became more fast-paced and eager to find my g-spot. Gasps, growls, moans, and more echoed throughout the room while he pounded into me. When he gained even more speed, he connected his lips to my neck and bit down leaving a hickey, which gave me only momentary pain, for the pleasure he was giving

me drove my senses wild.

.

My arms brought him closer to me. So, when he restrained me, he took full control and went ballistic. Xhanti angled his hips in several ways until one position had the tip of his member pressing against the oh-so elusive g-spot. I gasped and threw my head back, relishing the great shock of pleasure when he hit me there. Then, he hit me there again. And again. And again. His frantic, fast, fatal thrusts slammed his cock into me the most perfect way, and suddenly, I couldn't take anymore.

.

The weird pressure I had in my stomach exploded and I screamed aloud, incoherently. Xhanti groaned as I pulsed and squeezed his dick, soon releasing his own hot load deep inside me.

.

He laid down beside me pulling out and covered in each other's cum he rolled over kissed me

Xhanti: "your mine now Monde forever. I love you"

and I blushed

Me: "I'd love being yours. I love you too".

We laid down and fell asleep. But this was only the beginning of our intense love making

Being at home is always a breeze.

Mom was so happy to see me, papa too.

I woke up the next day after sleeping like a baby.

I brushed my teeth then my phone rang it was  
Xhanti who flew with me and today he was  
leaving for his trip

Me: my love

Xhanti: heart theif

I laughed

Me: couldn't you find something romantic to  
say

Xhanti: you stole my heart woman

Me: how are you babe

Xhanti: good just that I miss you already

Me: that's so cute baby

He chuckled

Xhanti: come see me before I leave okay

Me: sure give me an hour okay

Xhanti: will be patiently waiting

Me: okay see you then

Xhanti: I love you

Me: I love you more

We hung up and I lift up my head to see mama standing at the door smiling at me

Me: mama

I got a fright and I was bit ashamed

Me: how long have you been standing there

Mom: long enough to know that my baby is I love

I nervously chuckled

Me: your not angry?

Mom: why? Your not 18 anymore baby and

besides your about to get your degree next year

Me: what if I don't make it

Mom: with the results you've been bringing him?

Your sure as hell going to make us proud

I giggled

Me: sure mama

Mom: now I came to tell you that breakfast is ready okay

Me: I'll be right down

.

.

.

>>>>>

After getting dolled up and sexy I tell mom that I'll be out for a few hours

Mom: be sure to be back before your dad gets back from work okay

I nodded

Me: need me to buy anything

Mom: cake will be fine

Me: okay mama

I take a taxi and go to the hotel Xhanti had booked himself in

.

.

Me: Daddy"

I moaned as Xhanti slid my panties aside and thrust two fingers inside my dripping cunt. I slid down the wall impaling myself on his fingers.

.

Xhanti: That's a good girl,"

he said pulling his fingers out of my pussy and bringing them to my lips.

.

Khanti: Taste them. Lick your pussy off my fingers because little sluts like you love to taste their own pussies."

.

I felt his fingers press against my lips and I encircled them with my tongue. I grabbed his hand and held it still so i could lick the gooey candy from underneath his fingernails.

.

Khanti stood me up and gently nudged me; I led him to the bedroom, acutely aware of his body pressed against my back. The coarseness of his khakis didn't stop the feeling of his hard cock poking me at the cleft of her ass when I took each step.

.

Once in the bedroom he forced me to the bed and pushed my shoulders down until I was sitting on its edge. Standing there looking down

at me he began to undress and talk to me in a quiet low voice.

.

Xhanti: you are going to do everything daddy tells you to do tonight. Because if you don't," he flashed his belt before my eyes,

Xhanti: "then daddy would have to punish you. Do you understand that Monde?"

.

I looked up at him, my eyes filled with lust, excitement, fear and longing. I was acutely aware of how her pussy throbbed against the mattress I balanced on, and how my nipples rubbed against the soft of my t-shirt as I took each breath. Did i have the resolve to fulfill my every dark desire?

.

Haltingly i answered him in a timid girlish voice,

Me: Yes daddy, I understand I need to do everything I'm told."

.

"Good," he answered standing naked before me. He reached down to the neckline of my tee and ripped it off my body.

Khanti: "Pull your panties down to your knees you dirty little slut."

(Dirty talk has always turned us both on but today it was just on another level)

.

I complied quickly and blushed when the scent of my pussy wafted upward through the air between them.

.

I felt nothing and then all at once his hand was on the back of my head and the feel of his cock at my lips. He rubbed his cock on my lips,

smearing my lip gloss, making my lips part.

.

Xhanti: open up for daddy, show me what a good little cocksucker you are."

He ordered as he stuffed his cock into my willing mouth. I could taste the strawberry of the lip gloss on the head of his cock as it slid down my tongue straight to the back of my throat. I didn't gag, or gulp for air; I took his cock all the way to the back of my throat and massaged it there as he fucked my face.

.

"Oh yeahhhh," he grunted,

Xhanti: "You are such a good little cocksucker, I knew you didn't make that shit up. Suck daddy's cock you little slut. That's right, now rub your pussy. Take that juice from your pussy and rub it into your ass baby, you're gonna want a well lubed ass when daddy fucks it."

.

He talked to me as he rammed his cock deeper and deeper down my throat; I sucked rhythmically while my finger fucked myself then slid my fingers back to my puckered asshole.

.

He pulled out of my mouth leaving my moans in midair. He pulled my hair so that I was looking up at him. My eyes were locked on his. My stomach tightened as I realized I is hoping he will fuck me soon.

.

Xhanti: you aren't done baby. Now it's time to lick daddy's balls and rim daddy's ass. A dirty little girl like you loves to lick her daddy's ass while she finger fucks her own pussy. Get busy slut,"

he commanded as he pushed my lips to his sac.

.

I began to stroke his balls with my tongue, long cat like licks that made his cock jerk above my face while i licked. I could feel his legs spread wider apart as I approached his asshole with my tongue. She cautiously ran her tongue around it.

.

"Smack!" The sound of his hand on my upturned ass startles me and made me withdraw my tongue.

.

Khanti: That's right, you are such a dirty little girl, you liked it. Now I'm gonna give you something else you are gonna like. On your hands and knees baby, get ready for my big hard cock. I'm gonna fuck your pussy and then I'm gonna treat you like dirty little slut you are and make you

beg to cum while I pound my cock in and out of your ass, do you like that slut?"

.

His voice teased me and taunted me as I moved to my hands and knees, my face buried in a pillow. His fingers took turns violating my pussy and ass while he told me what a dirty little slut I was. I responded to his fingers inside my body, thrusting and pushing back on them, my body betraying me showing him just what a dirty little girl I had become.

.

Xhanti : tell me what you want,"

he ordered as he pushed his thumb into my asshole and buried three fingers in my cunt. He continued to push his in and out of my tight holes while I moaned and writhed helplessly under his touch.

.

He moved behind me and shoved my ass higher in the air, withdrawing his fingers and taking aim at my tight pussy with his hard cock.

.

Xhanti: beg me for it slut," he ordered.

Me: Please,"

I started by whispering, "Pleasssssssseeeeeeee," getting louder and longer as he began to enter my pussy, slowly, stretching out the inches. Me: pleaseeeeeeee fuck me daddy, make me your whore!"

the scream came from out of somewhere deep within me as he plunged deep into my wet pussy.

.

Burying his cock into me to the balls, he pulled

my hips back and began to drive mercilessly into my tight hole. Just as he felt me clamp my cunt down around his cock he reached out and grabbed a handful of my hair

Xhanti: "Cum on my cock slut and I'll fuck your ass."

The threat of his cock in my ass sent me over the edge and I came on his cock, clenching him with my pussy. When I was through cumming i felt him withdraw and felt the pressure of his cockhead against my asshole.

.

Xhanti: You are such a dirty little slut, spread your asscheeks, spread them wider."

He ordered me to comply as my hands reached around and i spread myself. The sensation of his cock pressed against the opening of my ass was compounded by the sensation of my ass being so vulnerable to his assault.

.

Xhanti: You are such a good girl,"

he half moaned as he pushes his cock into my ass.

.

My head dropped to the pillow and the room was filled with the sounds of his thighs slapping against my ass as he buried his cock into my tight ass again and again. He reached around and pinched my clit between his fingers as he plunged deeper inside me

.

Xhanti: You know you want to cum when I shoot my load in your ass. Don't you baby?"

His voice teased me as he fingered her clit.

.

Xhanti: You wanna show me how much you love my cock in your ass while you cum on my

fingers, don't you my dirty slut?"

His deep strokes seemed to punctuate his words as he drove deeper and deeper inside me.

.

My body begin to tense and my whole body tremble when I turned my face from the pillow to scream,

Me: "Yes daddy make me your slutttttt, cummmmmm deep inside my assssssss, makeee me like it. Let me cummmmmmmmmmmmm..."

I screamed back into the pillow as he thrust into me one more time before his cock twitched and his balls emptied their load deep inside my pulsing ass.

.

He collapsed beside me on the bed and after a moment of breathing hard he asked me quietly,

Xhanti: "Now I can leave satisfied and full

.

Me: Yes daddy,"

I answered softly before i fell asleep in his arms,  
my sticky, sweaty body pressed to his.

.

I fall more in love with this man with every  
thrust and cum shooting into me.

Xhanti got me addicted to him without him  
knowing so.

Me: brother

I sat down with my brother Lizwe

Lizwe: your awfully happy these past few times  
I've seen you

Me: Mondeo is a different breed Lizwe

Lizwe shakes his head

Me: she awakens something no woman has  
ever awoken

Lizwe: this will not end well

Me: that's why it will not end at all. I have given  
this girl everything and more and I don't see her  
leaving me

Lizwe: you will never know, she was a whore you

say

I glare at him but knowing how hard headed Lizwe is he will not flinch not will he apologize

Me: one thing I am proud about is that she is head over heels in love with me

Lizwe: and so are you

Me: and damn right I am

Lizwe gives me a glass of water as he knows very well that I do not drink alcohol

Me: I can't help but be all excited as this is all a sin we are committing

Lizwe chuckles

Lizwe: thats the adrinelin dangerous things gives out

Nomonde' is a new breed and the woman I used to fuck with in my dreams.

If she ever thinks that I'll be letting her go

anytime soon, then she got another thing coming

Nomonde's POV

The holidays with my family are just a bliss.

My older brother may not be here and Mongezi too but still spending time with my family did not bring no dull moment.

Me: sisi how have you been

Mandisa: I have been good just you don't visit more often

It was just a lazy day and I decided to go visit My sister Mandisa at her house.

Me: I have been busy

Mandisa; I hope your doing well too yourself

Me: yes I am sisi

Yeah as you might have calculated I am the youngest.

First it's Mthunzi my eldest brother then Mandisa, Mongezi then me.

Mandisa: when will you start working?

I shrugged

Me: when I get a job

She nods.

I know that she needs a few Rands to get her threw January

You see Mandisa has 3 kids to feed with each child with their own father and Mandisa being a single mother is weighting her down

Mandisa: Nono you know I ain't getting enough money to feed the children since Lucky has

been arrested

Lucky being one of her baby daddies

Me: why not ask assistance from Mom or Dad

She sighs

Mandisa: you know how they can be Nono, they will want me to come back home

Me: then do so

Mandisa: agg marn Nomonde' do not lecture me man!

She shouts irritated

Me: fine I will borrow you some money but it's a little

Mandisa: it's fine I will give it back by the end of the month.

I nod

I hope she does not drink the money cause knowing Mandisa when she is sad or angry she

might just drink it

My phone rang disturbing me from transferring the money.

Me: I have to take this

It was the prison so I stood up and went to answer it outside

Me: hello

Man: is this Miss Nomonde'

Me: yes it is

Man: Mongezi has been stabled he is in a cri.....

Me: which hospital

Man: Saint Anna

Me; I'll be there soon thank you

I was panicking as I hung up.

Me: I have to go Mandisa

Mandisa: and the money?

Me: I will send it

I ran out and went home to pack my stuff

Mom: and then are you not going to stay for 2 more weeks

Me: I can't Mongezi is in hospital ma he has been stabbed

I say with tears running down my cheeks as I zip up my bag.

Mom closes the door

Mom: is he okay?

Oh now she cares

Me: I don't know ma, I have to go.

I took my stuff and left using an Uber I requested as I booked the next ticket home.

.

By 7pm I was gone and arrived late.

I went to the hospital as soon as I landed not

even going to drop my bags at my apartment.

I looked at my brother who laid in the intensive care with pipes and matchiens around him.

The sight broke my heart.

Me: Mongezi!!

A cry went out of my mouth.

In came the doctor and it was that guy Bill

Bill: Monde....

Me: how is he?

He sighed

Bill: he bled too much and lost too much blood and the wounds were infected too

Me: wounds?

He nodded

Bill: five at the back and two to his chest

I could not stop crying

Me: someone wanted him dead, who could be so evil so do such

Bill: he is stable but his situation is very critical  
I nodded not even sure if I was still sane.

Me: I can not lose him

His hands were cuffed to the bed as if he was going to stand up and run away

Bill: I'm sorry Monde

He touched my shoulder and left.

How can such a strong man like Mongezi get stabbed I just could not understand it

Me: I'm so sorry

His face too was bruised I guess he did not want to go down without a fight

Me: look what they did to you Momo....

.

I am woken up in my perfect slumber by someone patting my shoulder softly.

I slowly open my eyes and lift up my head moaning as my neck hurt so badly.

Bill: you have been here for 4 days Monde

Me: I want to be here when he wakes up

Bill: it's going to take time

Me: I've got time

Bill shook his head and sighed

Bill: you need to go rest

Me: I don't want no rest!

I snapped

Me: I want him to be well again

I broke down in tears as tired of crying as I was

Me: I want him out of this death bed before me

Me: I am not ready to lose him

Bill: you won't

He is reluctant but he enfolds me into his arms and hugs me tight. Hoping to comfort me and my soul.

It's broken. My soul is broken along side with

my heart.

Bill: please go rest

He beggs and I nod

Me: please call me if anything changes

Bill: I will do so

I can not believe that my brother is sleeping there fighting for his life.

I sigh as I open my apartment and push my suitcase in.

Khanti: where have you been?

I get a fright as he speaks in the dark.

I flip the lights on and he is standing there with his hands deep in his pockets.

I close the door and lock

Me: baby please I'm tired

I wheel my bag into my room and take off my shoes.

Xhanti does the unthinkable and slaps me hard across my face

Me: Xhanti!

I hold on to my cheek

Xhanti: you are back to your whoring ways huh?

Me: I did nothing of any sort!

Tears run down my cheeks in a rush

Xhanti roughly grabs a hand full of my hair and fist it causing me to scream.

Xhanti: you want to leave me huh?! Your tired of my damn money huh bitch?!

He throws me to the ground

Me: Xhanti please! I only went to visit my brother

Xhanti: for 4 whole fucking days with your phone off huh?!

He lifts up my face and slaps me hard

Xhanti: your whore of a friend knows nothing about your whereabouts

Another slap to the face

Xhanti: who are you fooling huh?!

All I do now is cry as I beg for forgiveness but that all fell on deaf ears.

Me: Xhanti please

A punch lands me to unconsciousness

.

.

.

.

>>>>>

My face hurts so badly I moan and touch it only to feel the stinging pain.

I moaned as tears run down my cheeks.

Xhanti really laid his hand on me last night

Xhanti: your awake

I look at him as blurry as the vision is I can still see him

Xhanti: how are you feeling

I look the other side and say nothing

Xhanti: oh so your mind is still full of his dick huh?

I look at him

Me: I only went to see my damn brother in hospital! If you'd stopped hitting me and listened you would have fucking known!

Khanti sighs and takes a seat next to me

Khanti: I'm sorry Monde

Me: I don't care Khanti just leave and leave my keys on your way out

Khanti: but I love you Monde

Me: I love and value myself more so please leave

I will not be Khanti's punching bag no matter how much I love the man.

He hurt me he really did and it will take more than wine to get over this breakup and to heal these wounds on my face.

Khanti: I am sorry Monde but what was I supposed to think when you don't answer your phone for 4 whole days

Me: obviously a family crisis

Khanti: you know I thought about That too that's where that whore you call a friend comes in. I

had her call your sister and guess what she just told me you had a phone call and left and you never called them not even once!

I kept quiet as he was kind of making sense.

I guess I was too hurt that I shut the world out the only person I focused on was Mongezi and his health.

Me: I didn't look at it that way

Xhanti: I love you Monde I love you so damn much that you scared me, you scared me alot.

Me: I'm sorry baby

Xhanti sighed and stood up

Xhanti: I took a day off just for you okay

I nodded as he handed the tray of breakfast to me

Xhanti: eat up so you can drink your medicine

Me: thank you

Xhanti: I am here to take care of you and love you okay

Me: I'm sorry for what I've done

Xhanti: it's okay, it's all in the past right now

He kissed my cheek and I moaned due to the pain

Xhanti: I'm sorry baby

Me: it hurts

And it really did

Xhanti: eat up so you can drink your pills okay

I nodded

+++Two months later+++

Khantilomzi's POV

.

.

.

Being in the comfort of my own home was starting to suffocate me more and more.

Lillian or Lilly as most would prefer was becoming a bore.

The thing is I have been married to her for the past 12 years and not once have I ever cheated on her not even once have I lusted over another

woman's body than here but now with Monde I was and am willing to take her as my wife.

.

.

.

>>>>>

Lilly: Xhanti!!!

I look at her eyebrow raised as to why would she shouts at me if I was looking at her dead in the eyes.

Me: ndikujongile nje, so unxolela ntoni (I am looking at you, so why would you shout?)

Lilly: awundimamelanga nje standwa Sam (but you are not listening to me my love)

Me: uthini ke Liliana (what are you saying then Lilian?)

She sighed

Lilian: I am saying that I miss you My husband

Me: I'm always here if I'm not at work Lilly so what's wrong now

Lilly: I get lonely when your not here with me

Me; I told you this thing of yours being a preschool teacher was going to backfire

Lilly: no my husband you know I love children more than anything in the world more excpecially to the fact that I can not carry a baby full term.

Now this is more reason why I have not cheated on my wife.

I didn't want to damage her even more.

I didn't want her to question herself, to ask herself if she were not woman enough and shit.

Me: I told you....

She cut me short

Lilly: being around those children keeps me sane

I just nodded not wanting to have this conversation as I want kids and alot of them too.

Me: let me get back to the office okay

I kissed her lips and as submissive as my wife is she lets me do to her how I want.

That's something Monde was so different from Lilly.

Monde has a burning flame in her, she didn't long for something as simple as a man nor a child. She wanted more to life than she lets on.

She wanted to be worshiped but still worshiped my cock like a god.

Monde wanted to feel my wrath and respond to it so damn beautifully.

Monde was what I used to dream off but she

was untamed and wild in her own loving way.

Monde lover dirty talk during sex and vulger too.

She is the perfect mistress

.

.

.

>>>>>

At work there was nothing I could think about other than her. Her smile, her laugh and the way she looked at me as she sucked on my cock.

I could feel it tighten in my pants as I thought of her.

Nomonde' seemed to invade my mind more and more these days, more than Lillian did.

It's no doubt I loved Nomonde even more than I thought as I ended up buying her a building, why? I also don't know.

But I am on the way with the forms to present  
this present to her

>>>>>

Monde straddle me and lowered her pussy to  
my wide open mouth as my hands cupped her  
ass.

The sweat smell and taste of her pussy made  
my brain swirl.

I stuck my tongue out and gently licked on her  
clit,

Monde:"That's it....yes Xhanti right there..."

She rocked her hips to meet my tongue as I  
slipped a finger into her hole, "Yes..." she

whimpered as she exhaled.

Her rocking motion increased and each exhale of her breath became throaty as I slipped another finger into her, I could feel the tightness of her muscles as I fucked her with my fingers.

Her husky breathing increased as her thighs began to tremble.

I gently sucked her clit whilst also flicking it with the top of my tongue.

I slowly pulled out my fingers as her juice glistened down my fingers.

I licked it off.

.

Pure Nomonde heroin. Right then and there, I became addicted again.

I shoved my fingers back into her and sucked directly onto her clit.

Monde: ahhhhh, Xhanti fuck me already!"

Her pussy muscles clamped onto my fingers and bulged to my knuckles, loosened and then clamped again.

I pulled out my fingers and once again licked my soaked fingers.

She wiggles her way down on the couch, straddling me.

She reached for me dick and aimed it towards her pussy.

I threw my head back as my tip was being enveloped into warmth.

I gripped her hips before slamming myself in. Well half way in.

"Ahhhh," she gasped. "Fuck!"

.

Her pussy was too tight and wet.

.

She rocked her hips gently trying to get used to half of my eleven inch.

"Ohhhh," She gurgled throwing her head back with her mouth opened.

Monde: "Fuck me Xhanti."

I could feel her pussy muscle clamping down my cock as I rolled my hip upward, forcing myself in as far as I could.

Monde: Oh yeah,"

her voice came out low and breathy.

She soon enough began rocking her hips to match mine.

.

I could feel the wetness as we slowly fucked. My breathe became heavier, hers too,

Me: "What the fuck are you doing to me

Mondeeee..."

She leaned forward, looking down at me in the half light.

She placed her left arm on the back of the couch and her right foot on the ground next to the sofa then slowly slid off my dick then slammed herself back down.

Her right hand fingers found her clit as she rubbed herself furiously whilst thumping down on me again, again and again.

I could hear our sticky collisions as we fucked in front of the crackling fire.

Her hit breathe tickled down my neck and her brown eyes that sparkled in the firelight were locked onto mine.

"Fuck Xhanti!" She scream.

I could feel her fingers working madly on her clit.

Her right leg started to shake and soon enough her whole body trembled.

I kept jamming into her with all my strength whilst my heart was pounding wildly in my chest, I knew I was going cum soon.

She pushed down onto me and gasped through an open mouth.

.

I could feel her muscle clamp down my dick as her body jerked. She clamped again. "Aghhhhh" she groaned through her exhale.

.

Her forehead glistened in the firelight and her fingers still worked away as her body jerk again.

I clenched my teeth I tired holding in my load but I knew it was a battle that I wasn't going to win.

My chest heaved in need of air.

She slumped forward,

Monde: "Oh Xhanti my love."

She heaved a sigh into my ear as her hot breath

tickled against it.

.

I felt another contraction, then another and then the last one.

I could feel her heart beating wildly with mine.

"I'm going to cum," I groaned.

.

She breathed in my ear as a respond so I did.

Spurt after spurt plunged, deeply inside her pussy.

.

She gasped pushing down harder as I came.

"Fuck!" We both huffed together.

.

We laid there hot and sweaty searching for air for a few moments.

Monde: i could feel you,"

She said as she drew a breath,

Monde: "cumming inside of me."

I smiled, as I could still feel my self oozing inside of her.

Monde: "Cuddle with me."

She says, laying beside me before throwing the blanket over us with he face into my neck.

.

That night, we slept together with my dick still inside of her as my cum continuously oozed

inside of her.

I wake up to Xhantilomzi looking at me and smiling like a fucking retard.

Me: what?

I said covering my face with my hands

Xhanti: your so beautiful

He removes my hands and kisses them

Xhanti: very beautiful

I smiled

Me: thank you

Xhanti: no need to thank me baby, it's my duty to praise you.

I kissed him getting into of him with my nakedness getting baked by the sun.

"Shit!"

Said a voice that belonged to my sister Mandisa  
Fuck! The hell is she doing here.

I got off of Xhanti covering us.

Mandisa: I didn't see anything!

She shouted threw the door.

Xhanti: who is that

Me: my sister

I got up picking his shirt up from the floor.

Xhanti: why does she have your keys

Me: I don't know Xhanti okay so could you leave

Xhanti: why? She found me here

Me: Xhanti please she's my sister for goodness sake

He shook his head and started to get dressed

Xhanti: sign these and bring them into my office okay

I nodded as he handed me a couple of papers.

I look threw them and they were a purchase of a building

Me: Xhanti this is too much

Xhanti: what your about to give me too is too much

He kissed my cheek and left taking his blazer with.

Xhanti went ahead and bought me a building

A whole fucking building.

Wow.

I quickly took a quick shower then went to

Mandisa who was with her three kids.

Me: Mandisa what is this

Mandisa: I need a place to stay, we got evicted

Me: you can't stay here

Mandisa: are you kicking us into the streets  
Nomonde huh?

Me: but...

Mandisa: please sisi I used my last cents to  
travel here with all three of my children please.

I sighed.

How am I going to stay with Mandisa and three  
of her kids.

Me: just as long as you clean after your children

Mandisa; thank you thank you thank you!!!

She screamed hugging me and I could not help  
it but smell the alcohol from her breath.

Mandisa even looks old cause of the cheap

alcohol she drinks.

.

.

.

>>>>>>

My phone beeped it was a reminder of today's appointment.

I was getting my monthly injection.

I took a proper shower and took the papers with me.

I still can not believe Xhanti bought me a building.

A whole fucking building.

I had signed the papers.

As I was about to leave Mandisa spoke

Mandisa: we are out of milk Monde

Me: okay I will buy it Friday

Mandisa: but what will we eat

Me: anything else Mandisa we don't eat only milk

Mandisa: but my children....

Me: okay okay Mandisa I will buy the milk jhoo!

I got out before she could write down a shopping list.

>>>>

.

I got to the Docter to get my injections which I get every three months.

First she tested if I was not pregnant and it came back negative

Then she injected me

Me: umm so do I need to drink a morning after pill since last night I had sex

Dr: no the needle does not stop working immediately and it's still in your body so your safe

I nodded and got off the bed leaving driving my red Benz

I got my driver's license last week.

I got to Xhantilomzi's work place, yeah we were here once when he came to fetch documents he forgot in his office.

Me: good day I am here to see Xhantilomzi

The receptionist eyes grew wide

Receptionist: Mr Phiri?

I nodded

Me: yes him

Receptionist: do you have an appointment with him

Me: no I'm just here to drop the documents he

said I should drop personally

Receptionist: okay go thru you'll wait at his PA's office.

I nodded and used the elevator to his level.

As soon as I got there his PA called him and he said I should wait.

After a few minutes a beautiful lady went out looking to be in a hurry

Xhanti's PA: this way ma'am

I got in and she closed the door.

Xhanti: you should have called first

Me: did I disturb something

I said jokingly

Xhanti: don't shit with me Nomonde'

He looked angry

Me: whoa I was only kidding

I sat down.

Me: here are the papers read and signed

Xhanti: come let me go show you the building

He stood up and took my hand

Xhanti: what the hell are you wearing?

I looked at myself then at him then back at myself

Me: clothes duh...

I looked at him.

Xhanti is being a nuisance right now

Xhanti: that's not how you should dress come let's go.

How was I supposed to dress cause I was fine.

I was dresses in ripped tight jeans, a beautiful maroon body suit with maroon ankle boots that had a toe out with a matching black sling bag.

>>>>

.

.

I thought he was kidding with my outfit but he was not.

He went to buy me some clothes which he chose himself with heels and bags.

Xhanti: clean out your whole closet

Me: I don't like some of these things Xhanti

They were not my style. They were more umm Kim Kardashian style which I liked not loved like Rihanna's style.

Xhanti: your a lady not a tomboy Nomonde.

Aggggg!

I say nothing but get inside my car and drove off after viewing the building which was beautiful just needs a few touch ups here and there then I'll turn it into my own studio.

My phone rang

Me: yeah

Xhanti: where are you going

I looked threw the mirror and he was driving behind me

Me: pick n pay I need milk

Xhanti: okay

He hung up.

Yep we ended up shopping more than just the milk I came to buy.

I told him about Mandisa and her children suddenly being here and he said we should look for a bigger apartment but I declined.

Xhanti: when will I see you now

Me: i don't know since I have to find near by school for my sister's kids and a job for her

Xhanti: I will pick you up tomorrow morning for

breakfast

Me: I won't be able to

Xhanti: it's going to be nice

He kissed my forehead

Xhanti: and be sure to get rid of those clothes

He then left.

Mandisa and her kids will surely drive me crazy.

I took a shower and my phone beeped it was Xhanti

Xhanti: waiting outside.

I quickly got dressed in a nude bodycon dress and those see threw plastic ankle boots and took my black Louis Vuitton bag \*\*\*(Sorry guys but will not discribe every outfit, it's exhausting just know a bitch is dressed to kill always)

Mandisa: and then uyaphi (where are you going?)

Me: none of your business just keep my house clean and I'll bring you wine

She smiled

Mandisa: ride that grandpa

She laughed mxm bitch.

Xhanti is just in his late 30's 38 to be exact

I got out closing the door behind me.

Xhanti: good morning baby

He pulled me to him and kissed me

He grabbed my ass hard making me moan and soaking my thongs

I pulled out

Me: I'm hungry already babe let's go have that breakfast okay

He chuckled and let go of me opening my door

Me: thank you

I got in and he slapped my ass causing me to giggle like a little girl.

This Resturant was farm like and looked very cute with their farm theme

Waiter: good morning ma'am and sir can I take your order

I was looking threw the menus

Xhanti: can we have two decaffeinated capaccinos

I looked at him I didn't want to have no fucking decaf what what

Me: umm could I have ice tea instead

The waiter smiled and left Xhanti looked at me

Me: what? It's summer and it's hot

He looked away and said nothing.

We got our beverages

Xhanti: so what were you thinking about the building

Me: oh it's beautiful and very spacious with a lovely view too

Xhanti: you like it

Me: I love it and my paintings will look very beautiful too

Xhanti: paintings? You paint?

I laughed

Me: yes I do

The waiter came back and we placed our orders.

Xhanti ordered the farmers special breakfast which I could not wait to try as it looked very

yummy and filling. And for me he ordered fruit salad I looked at him.

Me: sorry but could I have the farmers special too

Xhanti: it has alot of calories Monde it wont sit well in your body

Me: calories have always sat well in my body thank you very much

I gave the waiter the menu and she left a bit embarrassed, probably for Xhanti

Xhanti is really being an ass right now.

Xhanti: you seem to want to ruin my mood I see I looked at him dumbfounded

Me: why do you want to control me so much

Xhanti: you have to watch your way of eating now you have my seed growing in you

Me: your seed?

I laughed

Me: I am not pregnant Xhanti

The waiter comes and I immediately dig in.

Xhanti must be out of his damn mind if he thinks he can just knock me up.

I don't need no baby in my life right now, I am barely 25 years old and already he wants me to be a fucking baby mama. Hell no

After breakfast he took me to his penthouse where we sat in each others arms and just spoke about some animal shows we were watching.

It was really funny as we were only dressed in our briefs.

Me: I need to get back home

Xhanti: why it's not as if your going to school or work

Me: my sister...

Xhanti: she is old enough and very much capable of staying alone with her kids over night

I sighed

Me: I know but...

He just shut me up with a kiss that just made me realise how I fell inlove with such an arrogant man.

Lillian read the bank statement that layed on the floor in her husbands study.

Her hands shook as pain ripped threw her body.

Xhantilomzi was having an affair.

Lilian was not one to snoop threw Xhanti's stuff as she loved and trusted him alot.

She never thought he'd ever betray her like this, she guessed he had fallen in love with this woman he was seeing.

She shook and cried sliding into the chair.

Lilian: why?

She probably knew why but she didn't want to

cause any more of the pain she was feeling right now.

She felt betrayed and felt not woman enough as she could not bare him children as her womb was damaged.

Lilian: how could he do me like this?!

She cried questioning herself and her worth.

She was willing to find out who the girl is and see looking her in the face.

She wanted to see what she had that she didn't have - probably his child or children by the looks of things

.After breakfast I went to see my brother in hospital

He was still the same, in a coma and

motionlessly laying on that bed as if it was his  
breath bed.

Tears ran down my cheeks as I was scared of  
losing him

Bill: nothing is changing

He came around and noted something on his  
file

Me: I'm starting to think he has died

Bill: the damage is just too much

Me: waiting a little bit longer is what I will do

Bill: keeping him in here will only bring false  
hope and a strain in your financials

Me: I don't care about money!

I just wanted my brother back with me.

Me: please I only want him

I held my brothers hand that was so cold  
chained to the bed.

Brother was practically dead but still he was cuffed

Me: come back to me please

I kissed his forehead and sat down on the chair.

I started to him a melody that I hoped to sooth my rattled soul

Me: please brother come back to me

.

I had to call my eldest brother Mthunzi just so he could come back and sort out this whole mess as he was the voice of the family.

When and if Mthunzi spoke everyone obeyed and that's what I liked about him.

He had authority and stood high and proud in

what he spoke.

Mthunzi: Nomonde' what a nice surprise

Me: how are you brother

Mthunzi: fine baby how are you

Yeah I get that alot from him since I'm the last born.

Me: I'm doing well but things are not right this side

Mthunzi: do you always have to be the bearer of bad news

Me: if I had a choice then I wouldn't be one  
I could hear him sigh on the other end

Mthunzi: I'm guessing I'll have to come by this weekend

Me: yes brother that would be perfect

Mthunzi: you prepare everything that side and call me to let me on the details okay

Me: I will do just that thank you

I hung up.

I can't say that I have a bond with my eldest brother. He is more like a stranger than a brother to me or any of my siblings.

I now need to call my parents as to inform them about the sudden family meeting and knowing father he will try by any means to stop it so it'll have to be a surprise I guess.

I went to Xhantilomzi's penthouse just to fetch the clothes I forgot there.

Xhanti: I didn't think I'd find you here

Me: only came to fetch my stuff

He held my hand and kissed me

Xhanti: I missed

He claimed my butt and squeezed it making me moan.

His rode was poking me.

Me: Xhanti please my core is still sore

He groans

Xhanti: you got me addicted to you

He slapped my butt but it hurt more since he was wearing a silver band.

I looked at it, that's the first.

Me: and then your wearing a ring

He looked at it

Xhanti: oh this is just to complete my look

It matched with his wrist watch but I didn't care I needed to fix my stuff with my family.

Me: look I have to go okay

Xhanti: your spending the night?

I shook my head no

Me: I'm driving my sister home this evening

Xhanti groaned

Xhanti; ever since this sister of yours has came into our lives it's all been about her

Me: she is my sister you can't be comparing her to our relationship

Xhanti: no I can not she is nothing compared to our relationship

Me: what your saying doesn't even make fucking sense right now

He claimed my neck and started to strangle me.

Xhanti: don't be disobedient Nomonde', I ain't your fucking friend!

He let go of me and I was about to run but he

held me I started crying.

Me: no please I'm sorry, please don't hurt me!

I tried to shield my face but he took hold of my hands.

Xhanti: Monde look at me

Me: I'm sorry Xhantilomzi please forgive me

I was scared that he'd slap me like the last time cause his slaps hurt more than any butch slap.

Xhanti; I'm sorry

He made me look at him and wiped my tears away.

Xhanti: I'm sorry for laying my hands you

I look into his eyes and they were filled with worry

Me: please don't hit me, I will leave if you want to

He shook his head

Xhanti: that's not what I want

Me: anything but please don't hit me I'm sorry

Xhanti kissed my forehead as scared as I was I only flinched as I didn't want to receive any punches from him.

Xhanti: I only want you

I shook my head

Me: I can not stand the beatings Xhanti soon you will land me into the hospital bed

Xhanti: I promise not to lift a finger on you

I looked at him.

All of this was a mistake.

All Xhanti and I do in this relationship is have good fucks, spend his money recklessly and be fancy that's all.

He thinks me painting is nothing but a stupid idea that should be done by ghetto people and

not a classy woman like myself.

Xhanti has changed me more than I had thought.

I no longer paint nor go to art galleries.

I no longer go out clubbing and just unwind.

All I do is sit on his cock and let him fill up my pussy to the brim with his cum.

This love is surely to be forbidden.

I feel more like a mistress than his girlfriend.

.

Me: I need more in life than what I am receiving

Xhanti: tell me what you want and I'll give it to you. Do you want a trip to Paris, a shopping spree in Dubai or to enjoy the Behama's?

Me: I don't want to travel

Xhanti: what do you want Monde and I'll give it to you

His voice was laced with a desperation to please me so much

What did I want?

But I surely knew I wanted more than just great sex.

I wanted to feel love, more than just physically but to feel it deep into the realms of my heart and deep into my soul.

I want our souls to be tied down and I want a man to change me into being his wife and seeing myself a mother in the near future but with Xhanti all I see is a trophy wife who will have to sacrifice more of her dreams to accommodate his own earning nothing in return but to raise our kids.

.

Me: I want something you can never give me

I say in a whisper not sure if he heard me or not.

I kissed his forehead

Me: keep well Xhantlomzi

I took my bag and left.

I thought that was me leaving my hazy world of  
lust and desire but little did I know more was  
awaiting for me

Going home I had to drag Mandisa home, as soon as we got to the road heading home she wanted me to stop so I bought her some food crushing some sleeping tablets that lasted her the whole trip which was nothing more than 6 hours.

.

Mom: why didn't you tell us you were coming with Mandisa?

I sighed

Me: I was hoping to surprise you

Mom: and that you did

I got out of the car and woke Mandisa up

Mandisa: jhoo my head hurts so much

Me: get the kids I'll take our bags.

Mandisa looked at my mother

Mandisa: greetings mother

Mom: Mandisa

Yeah they don't see eye to eye.

I take out our bags as Mom and Mandisa took the sleeping kids into the house.

Mom loved her grandchildren no matter what.

.

Me: father

(\*\*\*Will not write in Xhosa even though conversations are in Xhosa, just translating is exhausting\*\*\*)

Dad: My daughter how are you

We shared a hug that always were short and sweet

Me: I am good and you

Dad: great now that I've seen you

We sat down and Mom too came in to sit with us

Mom: isn't this a great surprise my husband?

Dad: it is I thought we were going to meet at your graduation

I chuckled

Me: no dad I am home sick

Mom: let me cook you your favourite today

Me: no it's fine I'll do the cooking and besides when last has father eaten my food

Dad: it was way too long

Me: right then let me go buy some ingredients then

Mom: take your father's care I would want you getting robbed with a rented car

Yes I lied as how was I supposed to explain me having such an expensive car yet I'm unemployed

Me: okay mom let me put it in the garage then

.

After changing cars I went to buy the stuff I will be needing.

On my way to the tills I could not help but stand and stare at the beautiful couple with their little daughter laughing and smiling.

It was something I learned to have too but I needed the right person and Xhanti was not him.

So ever since that day at his place he has not called nor texted me at all I guess he got what I was saying.

.

After paying I went home and started cooking up a storm baking too on the side

Mom: let me help you Monde

Me: no mama I'm fine just fix another room

Mom: and then who is coming here

Me: it's a surprise

Mom: I hope it's not your man you know your dad would flip

I laughed

Me: no mom

Mom: mhh okay if you say so

She leaves and I finish up and even set the table still no sign of Mthunzi

Dad: mmh it smells lovely in here

Everyone settled around the table

Mom: and she out did herself too

Mandisa: can we just eat

Me: no we're waiting for some....

Just then there was a knock at the door

Me: I'll get it

I jumped in excitement and went to open the

door.

There was my brother smelling like a million dollars with a bottle of wine in his hand

Mthunzi: will you let me in already

Me: you took your sweet time

I moved aside so he could get in taking the bottle from his hands

Me: mmh this is my favourite

I took his hand leading him into the dining room and just there and then dinner was filled with laughter and smiles.

It was as if my brother Mongezi was never part of the 'perfect family's at all.

Mom: baby are you okay

I came back into realisation that I was in tears.

Dad: princess what's wrong?

Me: the real reason your all here papa

Mthunzi: your pregnant?

Me: what, no I'm not pregnant

Mom: then what?

Me: Mongezi almost died in prison

Mandisa: oh my God

She exclaimed as she covered her mouth with her hands

Me: he has been in a coma for months now

They say nothing but just look at me.

I look at dad wait ii Ng for his response.

Dad: did you have to ruin a perfect dinner?

Me; Tata your son is busy fighting for his life and your worried about dinner?!

I raise my voice a bit

Mthunzi: hey you don't talk to father like that

Me: for once pretend like you care about

Mongezi just once!

Mandisa: Monde...

Me: no! I am sick and tired of you crucifying Mongezi like this!

Dad: he is a fucking criminal!

He banged the table

Me: he was young and dumb!

Mthunzi: he is 30 years old for crying out loud  
Nomonde' stop making him sound as if he were  
17!

Me: you guys don't understand he needs us!

Dad: what you need to do is to shut up and  
mind your own business before I slapped you  
silly!

Mom is busy crying silently while Mandisa is  
dead quiet looking at me with nothing but pity  
as she is sacred of Mthunzi more than father.

I stood up

Me: I will not sit here as if we are a perfect family.

Mthunzi: oh so this is the shit that you called me for?!

Me: you don't fucking understand! Jail broke him and now it tried to kill him! He is in hospital bed fighting for his damn life and all you do is sit here with sticks up your fucking asses!

A hard slap lands on my cheek.

It burns and stings at the same time.

Mthunzi: you seem to have a very lose tongue

I look at him with more tears in my eyes.

I look around the room hoping to find mom ready to defend me but all she does is look away and cry. I know Mandisa is nothing but a scared little shit and dad must have stormed out on my outbreak.

Me: at least I still know how to stand by my brother

I turn and leave not caring about the overnight bag I brought with me.

I took my car and left as I didn't want to be in that damn house no more.

My family is really fucked up.

How could they treat Mongezi like this?!

Hippocrates!

2 months later.

I graduated and on that day I received the most tragic news that my brother had been kidnapped.

I was so furious as to how and why.

How cause the police officers were looking

after him 24/7 as to see to it that he'd not escape and now this?!

I wanted to fucking sue them.

Okay so I am unemployed but yet I'm doing so good.

Khanti sends me money every month but has blocked my number and I don't understand why.

Khanti is really confusing.

I had been feeling very sick lately and it's starting to bother me alot.

Lorna:you know I thought you and X knew each other

Me: why would you say that

Just as she is about to answer that my phone rings and it's my mother.

I sighed

Me: mom

Mom sighed

Mom: how are you

Me: good

Ever since that dinner no one ever spoke to me ever, not even Mandisa whom I used to help financially

Mom: honey please

Me: no mama please I have to go

I hung up.

I was hurt.

It seemed as if I was the only one who cared about Mongezi as not even one of them

followed up on his kidnapping.

Me: sorry I have to go

I stood up

Lorna: but we just got here

Me: I'm not hungry

I left the restaurant.

.

.

.

Oh almost forgot I met this guy Kumkani and he is so eager to befriend me but I have had my fair share of heart breaks and was not looking for another so I declined.

.

I was at my art studio yeah I kept the building even though I tried to give it back to Xhanti but could not.

Kumkani: that's beautiful

I turned and looked at him

Me: how did you get in?

I placed the paintbrush down

Kumkani: oh it was open

Me: what are you doing here? I thought I told you not to ever come here

Kumkani: so your really going to pretend like that night never happened

I'm sorry but I might have slept with him once very drunk and it was a mistake, a huge one.

What can I say, Kumkani is young and very very handsome.

Me; it was a mistake okay!

Then there was a shooting pain in my lower regimen

Kumkani: Monde....

Me: ah!

I held onto the table as I felt as if my stomach was burning

Kumkani held me as I was about to fall.

Me: leave me alone, I'm fine!!

I said that pushing him away as the pain had seized.

Me: I'm fine

Kumkani: your okay

I did a few breathing exercises

Me: yes

I got out of his arms that were warmer than the last time but I didn't want to give in just yet.

Kumkani: well since you didn't want to share lunch with me, I brought it to you

Me: I just want to have my own peace please

Kumkani: I got alot of things since I didn't know

what you'd like

He had two doggy bags as he ignored me completely as he set up lunch.

I sighed as I watched him.

Kumkani: hope you like it

He reached out for my hand looking at me with pleading eyes with the scar on his face making him extra hot.

I slapped his hand and sat down since I was hungry.

.

Lunch with Kumkani was not bad at all

Kumkani: so tell me about your family

We were just sitting there watching the sun set

Me: tell me about yours

Kumkani: well my siblings and I are without a mother nor a father, actually I'm an orphan

Me: what happened?

He shrugged

Kumkani: I just grew up there, made a new family though

Me: you enjoyed it there?

He nodded

Kumkani: alot, I got a sister and two brothers there

I smiled at him, even though he did hide the hurt in his face but his eyes spoke more than he let on.

Kumkani: Nomonde' what are you doing to me?

I look away as those same words hurt more as they used to come out of Xhanti's mouth only for him to hurt me.

I thought he loved me!

Me: you know I can't help but miss my brother

Kumkani: why? He died

Me: more like kidnapped

Kumkani: well do you think he is

I shrugged

Me: I don't know no more

I stood up and dusted my but.

Me: it's getting late

Kumkani: yeah sure and I hope you enjoyed  
lunch

Me: the food was good

Kumkani: the food only?

I laughed softly so did he

Me: the company too was not bad

He nodded

Kumkani: that's much better.

Kumkani helped me lock up and we drove our different ways.

Next day I am at the studio trying so hard to paint but everything is just so black and blank.

I look at the canvas then outside the window just to get a glimpse of the busy city.

Kumkani: paint these

I turn around and there he is with roses.

One is red, another is white, another is black and the last is yellow.

Me: you seem to be here all the time, I might as well employ you

Kumkani: it's a pity I'm no artist

He gave me the oddly selected bunch of roses.

Me: what are these for?

Kumkani: each colour makes you up.

I chuckled

Me: and what does each one represent

I said that amused as I smelled the roses.

Kumkani: white, the innocence that is so misunderstood in you

Me: innocence?

I asked putting the roses in a jar filled with water.

He nodded

Kumkani: it is the purity in you.

Me: black?

Kumkani: mystery

Me: mystery?

I chuckled

He nodded and I laughed

Me: how can I be mysterious?

Kumkani: woman if you knew how much of a question mark you are, it's like killing you would be erasing human kind or starting up an endless war

I laughed harder, this guy is really full of jokes.

Me: and how does that make you feel?

Kumkani: honestly?

Me: yes honestly

Kumkani; well let's see

He said with a thinking face with his hands burried deep into his pockets.

Kumkani: vulnerable

Me: seriously?

I mean I take a look at Kumkani and see a powerful man that screamed authority and a little bit of danger nje. That's why I could not risk falling for him, what if he is not who he says he is.

Kumkani: moving on to yellow

I chuckled at how he was avoiding the question

Kumkani: yellow is the joy that you have  
Everytime I see you paint. Yellow is the colour of your flaming skin and the peace in you that is happy and not troubled.

I smiled not wanting to disturb him as he seemed eager to tell me

Kumkani: and red is the flame that burns in your eyes. It's the passion of something I don't know.

He touches my cheek looking deep into my eyes.

Kumkani: it is hurt mixed with anger but with a

lot of love that sparks up so beautifully....

.

Faces were inches away from one another.

He brushed my lower lip softly with his thumb

Kumkani: beautiful

It only takes one move for him to claim my lips  
and kiss me ever so gently and slow as if  
savouring the taste.

His mouth tasted so sweet and tender.

His hands did not leave my figure but just pulled  
me closer to him breaking the kiss and letting  
our foreheads touch.

Kumkani: your perfect

Narrator's POV

.

.

.

.

Xhanti has not been himself ever since he

decided to give Nomonde' space in order to think through what she really wants as he thought all she wanted was money but he was wrong.

.

Lilly: you have been awfully distant

She touched her husband's bare shoulder in the shower as the water ran down their bodies.

Lilly has tried so hard to keep herself from looking into who really is the woman that seems to have her husband's heart in her hands.

.

Xhanti says nothing as he misses Nomonde' so much that he has not touched her wife sexually or any woman at that.

Lilly: my husband

Xhanti looks at her over his shoulder

Xhanti: what do you want Lilian?

Lilian was hurt, very hurt to say the least.

Lilly: I miss you

She tried to touch him but that angered him so much

Xhanti: hey leave me alone!

He turned pushing her and got out getting a towel leaving his wife crying in the shower and naked.

Lilly needed to make a plan as she missed her man.

Xhanti's heart was really in the heart of his mistress as he has never laid his hands on her even to push her out of way.

Xhanti always treated Lillian like a baby as she was his precious gemstone.

.

Mthunzi has been pacing up and down trying to figure out where the hell his brother would be.

Mthunzi: I hope you have good news for me

He got off of the phone looking at his informer

Guy: we can not find him sir

Mthunzi: what do you mean you can't find him huh?! The man is practically half dead!

He took an object from his table and smashed it against the wall angry.

Guy: I will call more eyes and ears to this

Mthunzi: then what the hell are you waiting for!

His informat hurried out scared.

Mthunzi knew that he needed to find his brother as if and when Mongezi woke up from wherever he was, it would ruin him

.

.

.

.

Xhanti needed to see Monde, he just could not do it anymore.

So he drove to her place and stayed in the car just looking at the ring he had bought months ago.

He loved her dearly but was so scared to scare her away.

Xhanti finally managed to gather up the courage and walked up to Monde's door.

He tried the key that hung around his neck and it worked.

.

He looked at her curled up on the bed holding

onto her stomach as if protecting that baby that grew in her.

Yes Monde is pregnant with the seed planed by Xhanti months ago.

The doctor was wrong.

Xhanti smiled as he was really hoping she was pregnant.

He knew that this would strengthen the love they so much had for eachother not knowing Nomonde' had other plans.

Xhanti went closer as to kiss her and hold her tight to his chest.

He saw the tears drying on her face.

Xhanti frowned as he thought she was happy.

He reached out for her hand that was closed and saw a pregnancy test.

Nomonde had done the tests as soon as she got home as she had been searching her

symptoms online.

She cried after finding out she was pregnant and for the fact that she bought a test that showed exactly how far she was it made it worse.

She knew Xhanti was responsible for this pregnancy.

Nomonde could not help herself but search online for information about abortion.

.

Xhanti saw her phone and immediately got mad and what made matters worse was Kumkani calling.

Xhanti: you want to kill my baby and run away with a man huh?

He shook his head and dialed someone's number

Xhanti: fix the place I'm bringing my girl

Then he hung up looking at Monde in anger

My head hurt so much due to my endless crying,  
I just can't believe that I'm pregnant with  
Xhanti's child.

I had been so cautious as to not get pregnant  
not now.

Opening my eyes hurt a bit as they were heavy and probably swollen.

Xhanti: how could you

I got a fright and shot myself up to look at him.

He was still very handsome, my body still reacted to him and worst of all the undying feelings (lust) for him was there.

Me: Xhanti....

He bitterly chuckled and that's when I noticed I was not home in my own home but in the looks of things I didn't know the place.

Xhanti: you want to kill my baby, huh?!

Tears just rushed down my cheeks

Xhanti quickly reached out for me and choked me

Xhanti: terminate it and I'll.... I'll kill you, you hear me

The anger and fury in his eyes and face told me that he wanted this baby more than anything in the world and if it meant keeping me here hostage he'd do it.

I got scared, very scared.

Lorna was right I didn't know this man as much as I claimed I did.

I believed that he'd kill me and I was at his mercy.

Me: p...please...

He let go of me and I started gasping for air with tears rolling down my eyes

Xhanti: what are you doing to me Monde huh?

He pulled my face closer to him.

Xhanti: I tried to stay away from you but, but it was hard. I need you Monde

Tears could not stop running down my cheeks.

This hurt so much cause it has been settled that I didn't love this man but lusted over him.

I was scared of him, my body wanted him but not my heart.

Xhanti: I love you

.

.

Xhanti put his arms around me and pulled me closer to him pressing his hardon against me as we kissed. I moaned as I felt his hands caress my ass. Xhanti slid his hands under my skirt and felt my soft tight ass cheeks.

Xhanti: "Mmm,"

he moaned feeling naked flesh.

Xhanti: "No panties?"

.

Xhanti: Oh God!"

he said as he slid off my thong

.

Xhanti got undressed and his cock stood proudly erect.

This all felt so wrong but the burning sensation in between my legs was way too much and I was horny as a bitch.

.

.

We kissed and made out heavily as I straddled him pressing my tits in his face while I rubbed my pussy all over his cock.

.

Xhanti spent a long time sucking my nipples and groping my plump, round titties.

Me: no, they hurt please be gentle

Xhanti looked at me with joy written on his face

Xhanti: they are so beautiful

He kissed them one more time and tenderly this time.

.

Me: "I want to fuck you so bad!"

I said rubbing his cock . Xhanti layed me on his bed. I spread my legs and began to rub my pussy and play with my nipples.

Xhanti was so drunk in lust as he looked at me admiring what he saw.

Me: "Look how wet you make me."

I said as continued to rub myself for him.

.

Xhanti'scock was throbbing.

Xhanti: "Stop!"

he said suddenly.

.

.

Xhanti put his head between my legs and moved my hand. He slowly slid two fingers inside me as he licked my clit. I let out a loud moan as he fingered my wet pussy. His tongue danced on my clit as i began to cum.

Me: "Oh yeah...Oh Xhanti."

I said as I gushed hot juices from my cunt.

.

Xhanti pulled out his finger and licked up my cum and then plowed his cock inside my tight hole.

Oh it felt so damn good.

He fucked me hard and slow as his cock

throbbled even more.

Xhanti: "Should I get some protection?"

he whispered in my ear and began kissing my neck.

Me: "Oh my God Xhanti"

I moaned grabbing his ass.

Me: "your cock is so big! And I'm already knocked up so you might aswell fill me up!!!

There was something different this time around having sex with Xhanti, something I could not put my finger on since the pleasure was just so intense.

.

.

Xhanti pulled out and began rubbing my clit with the tip of his cock. I began to moan and squirm

under him as he made me cum again.

Me: "Fuck me hard Joe!"

I said letting out a loud moan as he rammed his cock inside me. He shoved my legs up higher and fucked me harder and harder.

.

Xhanti: Oh God yes!"

he moaned over and over as my pussy tightened up on his cock.

Xhanti: "Oh my God Monde!"

he said as he shot his load inside her. I clawed his back as he rammed deeper and deeper until he was satisfied and finished cumming.

.

he kissed my neck and ear.

Xhanti: You are so fucking beautiful, girl."

he said as he pulled out and kissed my chest working his way down to my nipples where he spent a few minutes sucking them.

He kissed my stomach and made his way to my freshly fucked pussy and slowly licked my slit. He slid in three fingers and began to finger fuck me again.

.

It wasn't long before he was hard again and this time I got on top of him and rode him like a whore. My tits bounced up and down as I glided up and down on his cock. I rocked back to meet his thrusts as i screamed louder and louder. Xhanti came in me again and then we collapsed on the bed

.

Xhanti; thank you Monde

He kissed my forehead.

Regret and guilt started to build up in me, this felt very wrong in every form.

But I was so tired to start up a fight.

So I lay there closing my eyes as Xhanti rolled my nipples in his fingers and thumb.

Just to think that Xhanti is able to come in my apartment and kidnap me got me crying like a little child.

It is evident that Xhanti is more than controlling, he is dangerous too and knows very well how to play with me and my emotions.

I needed to get out of here but how as he had me cuffed to the bed at night and locked up in this room with people serving me food and some vitamins.

I was even more controlled as he had me on lock down knowing very well no one would come for me.

.

I missed my freedom so much that I started hating Xhanti alot.

It has been two weeks since I was kidnapped by him.

Xhanti: they tell me you have not eaten for the past two days

He said as he comes in and closes the door behind him.

He looked very handsome but surprisingly my body does not react to him no more.

After the intense sex we had the whole week I started hating him.

I don't know but the sex was more like as if it was a prostitute and her buyer.

I felt used and so dirty to a point that it fueled more to the hate that was growing inside of me, the hate I had for Xhanti.

.

.

.

Xhanti: they tell me that you haven't been eating for the past two days.

I look at him blankly as all I wanted was to go back home

Me: I want to go home Xhanti

I told him lowly and looked away

Xhanti: I know I've been busy baby but pl....

He tried to touch me but I snapped standing up

Me: no! I want to go home! I... Ahhh

A sharp pain shot threw me and I held onto my tummy.

It hurt so damn much that it brought tears to my face

Xhanti: what the fuck have you done Monde

He scooped me up and all I could do was cry as I felt energy being stolen away from me by the intense pain I felt.

I cried as I held tightly onto him biting on his shoulder.

Me: it hurts... It hurts so bad!!

Xhanti only flinched as he carried me out of that apartment.

All I could do was bite onto him as the pain stripped me of any energy.

Narrator's POV

.

Lorna has been up and down looking for her best friend and calling in favours.

She knew Xhanti might have kidnapped her as when Lorna went to Nomonde's apartment she

saw the pregnancy tests.

Lorna was so devastated as she now knew what type of person Xhanti was.

And Xhanti was ruthless but what made Lorna almost die was finding out about who Monde had associated herself with.

.

Kumkani: where is she?

Lorna: I'm her friend and I should be asking you damit!

Kumkani pinned Lorna on the wall as Lorna squirmed under him

Kumkani: her friend?

He bitterly chuckled

Kumkani: you call her your friend but you don't know where she is, how pathetic

Lorna: the only thing pathetic here is what your

doing to me

Kumkani let her go and looked at her.

Lorna: now what do you want with Monde? She has nothing you want

Kumkani: oh she has everything I want and if I don't get her, the whole world is going to pay

Lorna laughed

Lorna: I can't believe you've fallen for her

Kumkani: just because you and me fucked once upon a time you thought I'd fall for you

He asked amused

Lorna: you would have made a great asset to me

Kumkani chuckled coldly

Kumkani: all you think about is money huh...

Lorna: it's the only way to live

Just as Kumkani is about to quarrel with Lorna,

his phone rang.

One of his 'Eyes' spotted Xhanti's men with a lady with Nomonde's discription going to a hospital near by and by the sounds of things, the woman was barely alive.

.

Kumkani had fallen deeply in love with Nomonde. To tell the truth the moment he saw her he fell inlove.

Sleeping with her was just a bonus just like falling inlove with her.

All Kumkani wanted was information.

He was going to use Nomonde to get to Mongezi as he thought that Nomonde was the one hiding Mongezi.

.

Kumkani: I'm on my way

Kumkani hung up and took his car keys

Lorna: what's going on?

Kumkani: get your pathetic self out of my office right now

He held the door as Lorna got out Snelling like money with her head held high.

Lorna did the unthinkable and held Kumkani by the balls

Lorna: just know I know you

She then leaves after giving him a look deep into his eyes.

Narrator's POV

.

.

.

Khanti is in rage and distress as he has lost his son due to his selfishness ways.

He should have gotten Nomonde to the hospital immediately instead of being stubborn and calling in a doctor.

Kumkani got out the room as he wanted to let Nomonde rest for she will need the rest for the news that awaited her.

.

Lilly: who is she?

Khanti looked down at his wife.

Lilly had gotten back just when Khanti had gotten Nomonde back from the hospital after she had been cleaned after her miscarriage.

Khanti knew that people were looking for Monde so he could not trust anyone around her but the comfort of the home he built with his wife.

.

Khanti got down the stairs and headed to the lounge

Khanti: sit with me

He said to Lilly who humbly sat next to her husband

Khanti looked at the woman who had her heart and tears just rolled down his eyes.

He felt hurt, real hurt as all he wanted was a child and nothing more.

Khanti: I'm sorry my wife

Lilly: hey, hey it's okay

She dried his tears.

Khanti: I have hurt you in the most unforgivable way

Lilly: shhh... I forgive you

Even though Lilly did not know the depth of the situation but she was willing to forgive him.

Come hail or storm Khanti and Lilian made vows and they included with sticking with each other till death.

.

Khanti: I do not deserve your forgiveness as what I have done is unforgivable

Lilly: nothing is unforgivable my husband. Talk to me and we shall see a way forward.

Khanti had fallen for Monde and the love he had for her was real just like the love he had for Lilly.

Khanti loved both of the women and his love for Monde was not obsessive but just forbidden.

Khanti: that woman upstairs was going to be

the mother of our children

Lilly: does she hold your heart in her hands like I do?

This question hurt Xhanti more than it hurt Lilly.

Xhanti didn't intend on falling for Monde that's why he rejected her like that that night. That was why he cursed her the way he did, but he could not get her out of his mind.

.

Xhanti: she holds my heart close to hers and even has a place in my soul too

Pain flushed threw Lilly's eyes as she looked face to face to her husband as he spoke so highly of a woman he had cheated with.

Lilly: you speak so highly of her

Xhanti: she is so perfect Lilly, she is the perfect mistress

Lilly: what is her name

Xhanti: Monde, Nomonde.

Lilly: what happened to your seed that she carried in her womb

Xhanti: it never saw the light of the day as I stole it from her womb. It was yet to become comfortable within her, but I killed it. I killed my only son

Xhanti cried into the warmth of his wife who felt pain and pity for her husband.

Not once has she seem him so valuable and miserable.

Xhanti had always been proud and happy but this sight Infront of her showed of a broken man.

Lilly: forgive yourself my husband just like I have

Xhanti looked up into her eyes

Xhanti: I am not worthy of your love my wife. I

am not worthy of your forgiveness

"Xhanti...."

It was the broken voice that came from Nomonde's lips.

She had been standing there for a while as she could not push the words out of her mouth sooner.

She was hurt that this man played her for so damn long and she didn't even stop to suspect a thing.

She trusted him that much...

Monde love Xhanti and that Ment she changed for him and even took punches that came with her changing for a man, for a married man.

## Nomonde's POV

.

I could not believe this one bit.

I didn't know how to feel right now as my body went cold and I could feel my breath thicken as

my heart pound stronger then it usually does.

.

Xhanti: Monde...

Tears gushed down my cheeks.

I was hurt, very hurt

Me: you used me Xhanti

I blinked as I felt the pain deep in my heart

Me: you used me

He slowly made his way up to me as I was already standing just below the stairs.

Xhanti; I love you

I shook my head as more tears rand down my cheeks.

Me: you don't love!

A son escaped my lips as I thought about all the times I let him abuse me both emotionally and physically in a sense that he loved me and didn't

want to lose me.

I was only fooling myself as the man I thought loved me had a wife he loved dearly.

I could see the pain in his eyes but the hate I felt within the pit of my stomach was just way too much to care.

Xhanti: trust me baby I do

He tried to touch me but I slapped him

Me: you love me yet you have a wife?!

Xhantilomzi you have no shame!!

I said in disgust.

If we were anywhere else I would have spat down on the ground but I couldn't disrespect his wife anymore than I did.

Xhanti: I do Monde I really do

He said that taking out a ring in his jacket.

It was big, beautiful and Ruby red.

Xhanti: you light up a flame in my heart Monde.

He went on one knee.

Xhanti: Monde please marry me, make me the happiest man alive and marry me.

A sob escaped the lips of the woman I had shared her man with.

She got out the room and disappeared.

I was so embarrassed and hurt for the woman.

Me: voetsek! Voetsek marn Xhanti!

I looked at him angry.

Me: you use me, lie to me and hit me now you want me to marry me after finding out like this that you have a wife huh?!

Xhanti: it's love Monde!

He begged

Me: love?! Xhanti what is it that I have that you value so much besides the sex, huh?!

Wife: the fruits of your womb

She said as she came from the kitchen

Me: what?

Wife: I can not bare kids, I am useless

Xhanti: Lilly don't say that...

Xhanti said looking down

Wife: my womb was and always had been  
unable to bare children after the cancer that  
struck me at the age of 13

Me: I'm sorry...

Wife: the last thing I want is sympathy from my  
husbands perfect mistress

I kept quiet

Wife: I'm sorry for the loss of your child

I frowned a bit then remembered The very  
reason Xhanti abducted me.

Me: the consequence of our forbidden love

I look away as I felt a sting pain of the loss of a child but I guess the universe saved another soul from getting depression.

Xhanti: don't say that Monde....

Me: take me home Xhanti, this is over for good.

I turn and got out of the main door and into the outside that poured with rain from the heavens.

As barefooted as I was I stood there feeling the warmth and wetness of nature.

If this is what freedom of a perfect mistress is then it sure felt nice.

.

.

.

>>>>>

I am warm and all snuggled up in the fire of my own apartment.

My phone rings and it is Kumkani.

I just look at it as the last thing I would want is to break yet another woman's marriage in being the perfect mistress.

I took my phone and called Lorna over.

She was so happy to hear that I was okay and safe.

As soon as she got in I filled her in of everything that happened these past few days.

Lorna: I'm sorry friend

I had been crying threw out the whole confession.

Me: and now I am deeply inlove with Kumkani who could be in a poligamy marriage for all we know.

Lorna: no just stay away from that man

Me: that would be hard seeing as I could not stay away from Xhanti all those times. The signs were there but I ignored them all.

Lorna: Kumkani is different from Xhanti. He may not be married nor in any form of relationship that I know of but he....

Kumkani: he loves you

His smell filled up the whole room and swelled up my heart with love and joy.

I felt my heart react to his voice instead of my vagina, and that was how I knew for sure that I loved him with my heart and not just lust.

Me: wha...at?

I asked faintly not sure if I was hearing my own shit or if it's real.

Kumkani: I love you Nomonde'

Lorna: Kumkani you can see that she's hurting and now you find that as a way to worm your way in?! How selfish are you damit!!

Kumkani: Lorna I'm not talking to you so please!

Lorna: she is my friend and I know what's good for her!!

Kumkani: you know what's good for her huh?!

While you don't even know what's good for your own damn dignity!

Me: STOP!! JUST STOP PLEASE!!

I tell as they were driving me really crazy and it's giving me a headache.

Me: Kani it's too early please give me space

Kumkani: Nono...

Tears just rolled down at the sound of that nickname that my only brother who cared for me called me by.

Me: please Kumkani

Kumkani sighed and looked at me.

Kumkani: please know that I love you

I just nodded looking away as I hugged myself.

He left.

Lorna: I'm so surprised about how you manage to get yourself tangled up by those type of men

She clapped her hands.

Lorna: hay you sure know how to choose them  
and Kumkani is not who you think he is...

Me: can I be alone

Lorna: but you need to know

Me: please Lorna I need to be alone

She sighed as she knew she could not win this  
one.

Lorna:no one can say that I didn't try

She takes her bag.

Lorna: tomorrow morning I'll be back

She kisses my forehead and leaves.

.

It has been roughly over 4 months and I have been avoiding Lorna and Kumkani ever since I politely threw them out of my house.

I have been trying to make a living for myself since I had closed the previous account due to Xhanti still transferring money into it.

I am trying my best to provide for my self but the money is soon about to run out.

I am still unemployed with a degree.

But I didn't stop applying for jobs and also my paintings have started to sell too.

Me: I didn't think so many people would come

Tonight was my first art gallery that I host myself showcasing my own paintings.

Ben: what can I say, your inspiration is doing you good.

They were mostly portraits of Kumkani but different angles and sides.

Ben:Who is he?

Me: he is the man in the shadows of my heart

Ben:ex?

I shook my head as we looked at the crowded gallery.

Me: hopefully my future

Ben looks at me

Ben: why not give it a try

I shrugged

Me: I lost a baby few months ago and also found out that I was the perfect mistress so, I don't know

Ben: if it's love then there is no precripted period or time to fall in love again. Taking risks it's part of love

Me: but love is supposed to be not a risk

Ben: well it is, married or not. But know that

there is a difference between love, like and lust.  
So if you not sure which one of those three it is  
then sure you can wait.

I looked at him and smiled. Ben is just a friend,  
an art friend

Me: now I see where you get your inspiration  
from

He laughs

Ben: life teaches you a lot you know

Me: I happy that your learning

He chuckled.

Ben: go home you look tiered, I'll lock up

Me: thank you so much

I kissed his cheek

Me: and tell Kia that I'm still waiting for my  
invitation

Kia being his fiancée

Ben: will do so

I kiss his cheek and left.

I missed the comfort of my bed and missed my brother too.

He was still nowhere to be seen, and I was waiting for anything even his corps just to put my heart at ease.

A huge cold gun was placed between my eyes as a man I didn't know looked at me dead in my eyes.

Me: p...pl..please...

Tears just found their way down my cheeks.

Man: sit down

I could not run away as I had already locked the door and placed the keys on the counter.

Me: pl....

Man: sit down!!

He shouted causing me to get a fright and scream a bit

He roughly pulled me to the sofa where I nervously sat.

Me: you...you can take anything, everything but please...please don't hurt me

I begged for my life as rape came into mind, as many woman are getting raped all over South Africa - children and infants too....

The man bitterly chuckled

Man: too bad I was sent here just for questions

He had an ugly smug on his face as he scratched his sack in front of his trousers.

His thoughts were printed on his face and my breath hitched.

Oh God I wouldn't function if this man would rape me.

Man: where is your brother

Me: I...I.. I don't know

Man: don't bull shit with me!!

He banged on the table causing me to scream again

Man: one more scream from you and I'm ripping that ass apart okay

He pointed the big guy that I would have mistaken for an AK-47, at my lips.

Man: is that understood?

I nodded suppressing a sound.

Man: good. Now I ask you questions and you answer truthfully okay

I nodded

Man: words Nomonde!

Me: yes sir...

Man: good.

He took the gun away from me but still had it pointed at me making me scared very scared to a point I peed myself

The man laughed

Man: I see I got you scared huh

I just closed my eyes embarrassed

Man: where is Mongezi

Me: i-i I don't know

Man: where the fuck is he?!

He roughly pulled me up hurting me and causing me to scream where he slapped me

hard still holding me tight.

Just then I felt liquid splash on my face and the grip on me loosening.

I slowly opened my eyes and the am was looking at me as he fell to the ground.

A hole threw his forehead and into the wall behind me.

Mongezi: Nono...

I looked at him all built up with a gun in his hand.

Me: Momo....

I ran into his arms and cried.

Mongezi: shhh it's okay I'm here now....

Me: I thought you were dead Mo....

Mongezi: I'm here sis, it's okay...

He broke the hug and looked at me

Mongezi: I am here okay

I nodded as he dried my tears

Mongezi: we have to go okay

Me: but what's going on Mo? Why was that man looking for you?

Mongezi: I have no time....

Me: but you killed him!

Mongezi: it was either you or him Nono please don't do this now

Me: I'm not going anywhere with you.

I folded my arms

Mongezi: come on Nono

I looked away and he signed then just picked me up

Me: put me down Mongezi! Put me down

I tried to hit his back but only caused pain to myself

Mongezi: stop being a brat Nono

We used the back entrance where he placed me in a black SUV and got in with me.

I did not ask anything as everything looked dodgy and dark with three more SUV's following us.

Me: who are you?

I said looking at him. I think he is the bad person my family has been painting him to be all along

He looked up at me.

Mongezi: you sure know how to put yourself in danger huh?

Me: your not answering my question

Mongezi: it hasn't been too long and still you managed to get yourself tangled with the likes of King

Me: oh god!

I exclaimed as Mo knew very well I hate being

ignored.

Me: why are you ignoring me?

Mongezi: I'm not. Your asking irrelevant questions

Me: then where the fuck where you?!

Mongezi: first of all I'm older than you and you shall not talk to me like that. And to answer your question I've been at the base

Me: base?

I was a tad confused

Mongezi: I'm an undercover cop

Me: but you went to jail

Mongezi: all undercover and planned

Me: so you didn't do all those things Mthunzi and dad says you did?

He clenched his jaws

Mongezi; no, now you have to rest it's a long

way home

I nodded as I was a bit exhausted but I didn't want to sleep as I didn't want to lose him again.

I wake up in a hotel and panic when I don't see Mongezi in the room.

I jump out of bed with tears gushing down my cheeks.

Me: Mo! Mongezi!!

I scream as I storm out of the room only for him to storm in with a gun in his hand and worry on his face.

Mongezi: are you okay? Did King send onther guy here?!

I just threw myself in his arms and cried

Me: please don't you ever leave me brother

He placed his arms around me too and caressed my back.

Mongezi: shhhh.... It's okay, I will never leave you again.

.

.

.

Days turned into weeks and with each passing day I'd miss Kumkani so much.

Me: when can I go back to my life Mo?

Mongezi looks at me

Mongezi: Nono we spoke about this

Me: but I want to go home, I can't just sit here forever

Mo sighed

Mongezi: it is not safe out there, King wants me and to get to me he will hurt you

Me: who is King that you have been hiding from?! What does he have to do with me?!

Mongezi: Nono please bare with me, it's for your own safety

Me: no, I am tired Mo! I want to live my life and not waste it here in some hotel room I might not be able to afford

Mongezi: you don't need to pay anything

Me: Mongezi take me home please!

Call me selfish and stuff but being cooped up in her is slowly but surely suffocating me as all I do all day is sit in here and eat only.

Mongezi: Kumkani has been using you all this time and I am very surprised why he has not hurt you all this time

Me: what? Which Kumkani?

I was stunned and clearly very surprised

Mo sighed

Mongezi: the Kumkani you know Nono, I'm sorry but all he wanted was you

Tears burnt my eyes.

How could Kumkani do me like this? Even if we were not dating but why use me like some fucking pawn.

I was truly hurt as all I could think about was him these past few weeks here in this perfect jail.

.

Me: I want to go home

I sniffed and went back into my room.

I did not cry as I did not want to cry over a man who could also be happily married with 15 kids and another on the way.

Why am I so unfortunate on men? Am I cursed or am I that ugly!

.

.

That afternoon Mongezi had packed up my stuff and took me back to town but to a different apartment.

Mongezi: all I wanted was to protect you Nono

I was quiet as I had been all the way here.

I looked at him and he looked very hurt.

Mongezi: this will be a much safer house for

you the other one was burnt down to ashes.  
And I also got you a car.

Me: thank you.

So Kumkani really wanted to kill me? He even went as far as to burn my damn place?

The hurt I felt was slowly but surely pulling me closer to death.

I open the door but Mongezi holds my arm as I was about to get out

Mongezi: I love you

I pulled him into a hug and he hugged the hell out of me

Me: I love you too brother

This was so emotional for me and for Mongezi too as we had always been together but I had to grow and some other things I will need to face on my own.

Mongezi: there are two securities, one at the

gate and the other in the house.

I pulled away from the hug and nodded.

Me: thank you

Mongezi: your my sister and I love you alot.

I nodded.

And got out.

Mongezi only drove away when I got in to the warm lovely house. It was so cute comfortable and very welcoming.

I decided to go to the mall and just unwind as I

have been cooped up in my new home.

I couldn't get a phone so I had to get a new one too.

Having a brother like Mongezi had it's perks meaning I had money!

At the mall I saw Xhanti and his wife. Xhanti smiled at me and waved, I could not help but see the love in his eyes but that is a chapter that I closed and locked.

I just hurried away and pretended that I didn't see him at all.

Me: what do you want?

Xhanti: why your so bitter now?

Me: oh I don't know maybe it has a thing with the fact that your fucking married!

Xhanti: I apologized

Me: and that is supposed to do what? Correct the fact that I was pregnant with your child?! Undo the abuse huh, what must it do?!

Xhanti sighed

Xhanti: I love you Monde

Me: stay away from me Xhanti!

I turn and leave him there.

Xhantilomzi is a hand full and nothing more.

I deserve a lot more than just what I'm fucking getting.

I hate him so damn much, I guess it is true that there is a fine line between love and hate and I guess I loved him then but now I hate him period.

.

I do my shopping getting new clothes since

mine were burnt, fuck Kumkani.

After that I get myself a new phone and go have lunch but with the undying feeling of being watched by someone.

After eating I get up paid and left for the underground parking lot.

Upon opening my car i felt a firm warm hand touch me.

Kumkani: Nomonde'...

My body froze as his smell intoxicated me.

He smelt so good as it was the smell that I yearned to smell for so damn long.

No doubt I missed him, I missed him alot.

Kumkani: I'm sorry....

Me: please leave

I turn and look at him

Kumkani: I love you

Me: you wanted to use me!

Kumkani: I apologize

Me: you don't use someone you love Kani!

Kumkani: it was unexpected

Me: I was willing to forgive you Kani but you wanted me dead to a point you sent someone and then after burnt my apartment

Kumkani: I was protecting you

I shook my head

Me: whatever makes you sleep at night

I yanked my hand and got into my car driving off with more tears rolling down my cheeks.

I took my phone and called Lorna

Lorna: hello

Me; it's me

Lorna: Nomonde, I was so worried are you okay?

I nodded as I was still in tears, which was dumb since she was not her in front of me

Me: I'm fine

Lorna: your apartment was burnt and Kumkani is to blame

Me: I know

Lorna: I tried to warn you I really did.

Me: I know I didn't listen and I'm sorry

Lorna: as long as you are fine and will stay the hell away from him

Me; that will be easy since he is out to use me

I was lying to myself as I knew very well that I will long to spend time with him

Lorna sighed.

Lorna: do you want me to come there

Me: no I'll be fine

Lorna: call me if anything happens okay

Me: thank you

I soon hang up and Mongezi video called me just as I was about to go to bed.

Mongezi: why didn't you call me when King approached you at the parking lot

Me: he only wanted to talk to me

Mongezi: yet he managed to make you cry

He mumbled

Me: I don't want to talk about it

Mongezi: just stay away from him, he is bad news

Me: I know and tomorrow I was thinking of going back home

Mongezi: no!

I frowned

Me: why it's been a while since I've been home

Mongezi sighed

Mongezi: coz I got you an interview

My face beamed

Me: an interview?

Mongezi:yes

Me: when were you going to tell me?

He shrugged

Mongezi: look I have to go, just be ready at 7  
am sharp

Me: thank you thank you

I am happy and thrilled that I decided to move

I needed a breather away from Kumkani and Xhanti.

No lie I miss Kani terribly but I have to let him go for he did not come of a clear conscious.

But I have forgiven him and hopefully forget him too as time goes on.

.

Who would have known that life could turn out for the better?

Lorna calls once I'm a while and I do too but we have been so busy in building ourselves that we hardly check up on eachother.

Me: do you have to go?

I was sad as Mongezi just said to be moving overseas for some work.

Mongezi: come on Nono...

Me: I'll be lonely

Mongezi: you can always visit mother

I rolled my eyes

Oh yeah story is that my brother Mthunzi and my father ran away and no one knows where they were. Apparently they were doing money laundering and fraud.

Me: you know I don't want to see mother or Mandisa even

Mongezi: forgive them Nono, I did

I sighed and hugged Momo One last time.

Me: I'll miss you

Mongezi: I'll call you when I'm free okay and stay out of trouble

I chuckled as we broke the hug.

Me: yes uncle I will

He chuckled

Mongezi: I love you

He kissed my forehead and got into his car.

I waved till I saw his car no more.

Mongezi was finally gone and I didn't know when he'll be back or even if he'd be back.

Yes my heart aches but he had a life too and I am not his child.

As promised Nia and Kyle came to my place

Me: you really came

Nia chuckled

Nia: I can't believe your wearing like a hobo

Nia is such a blonde sometimes.

Me: we will be indoors what did you expect

Kyle: ladies night!!

My friends squealed and that is how our crazy ladies night began.

.

Nia: lets go to the club

We were a bit tipsy from the hours we spent on drinking wine and eat watching TV.

Kyle: she just wants a fuck

Nia laughs and so do I

Me: then let me go change

I jump off of the couch and onto my feet that are a bit shaky but they carry me successfully to my room.

After getting dressed we leave with the girls complementing on how hot I make big butts look

.

Me: I'm craving for Relik

Kyle laughs as we get out of the car that Nia just parked at the packed club

Nia: and yet you said he was too Afrikaans for you

Me: but he is

Kyle: yet you want him

Me: oh shut up.

Laughter is shared amongst us as we enter and struggle to get a table since it was so full.

Nia: there's Relik!!

She shouted over the loud music and I almost ran away but I needed some loving

Kyle: well what we waiting for?

Oh goodness gracious me that is the last of last night's scene that I remember.

Relik: Onde....

He held my hand as I tried to fix my torn dress

Me: this was not supposed to happen like this...

Relik: dit het nie....

I stopped and looked at him

Relik: it never happened, nothing did

Me: but I'm naked

He chuckled

Relik: if we did get down to it you'd totally know and besides I respect you

I smiled

Me: a whole sentence in English wow, that's the first

He chuckled showing his smile

Relik: don't push it Onde

He let go of me.

Me: I'd like to stay but I have to go

I got dressed while he watched me do so

Relik: come let me take you home

Relik finally parked at my house.

As soon as I got into my house the girls ran up to me

Nia: he dropped you off

Kyle: you spent the night

I laughed

Me: nothing happened

I walked to the kitchen as these two ladies followed right behind me.

Nia: what do you mean nothing happened

I drank some water

Me: just that, nothing

Kyle: I will be begining to think that this guy is gay

Nia; or racist

Kyle: how can he be racist but looks at her like some type of beer?

Well there is not much to say but Onde is the most beautiful goddess I've ever laid my eyes on.

Well our love is considered as forbidden or wrong but with her I feel it is right, I don't care what people say or think.

Me: yes and I didn't take you for the racist kind

Ben: I'm not, I'm just looking out for you

Me: well don't, I'm not a child no more.

Ben: be carefull Relik

My phone rings as I say dream about him.

Me: h..hello

Relik: how are you

I blush as I smile

Me: I'm good you?

Relik: did you receive your flowers

Me: yes, five bunches of red roses

He lightly chuckles

Relik: you were counting

Me: yes, I mean all that smells in my office is red roses

Relik: so is that a yes

Me: maybe

Relik: okay I'll see you at 7pm

Me: I didn't say yes

Relik: you did not say no either, so I will be counting down the hours

I giggled as I removed the hung up phone from my ear.

Relik has managed to heat up my cheeks and to make me feel all jiggidy.

I was really excited about tonight, no lie I was.

.

.

.

>>>>>

During the day I received a call from my mother that left me damped.

I did not want to hear from her at all.

I was not angry, no I am not.

It's just that I don't ever want to see her again in my life.

It's not that I hate her, it's just that I am avoiding unnecessary drama and conflicts.

.

I am disturbed from my painting by a knock at the door.

I open and there he is, smelling like a good and looking like one too.

I had been so lost in my head that I forgot to

call and cancel on him or even text him cause I knew I was too weak to call him and cancel.

Relik: Is jy okay? (Are you okay?)

I had been crying.

And I guess he could see that too as he pulled me into his embrace.

I let the tears that had dried out out as I cried in his arms.

His arms were comforting and welcoming.

I was safe in his arms.

I felt safe in his arms.

I cried till I had huccups.

Relik: did someone hurt you?

He asked after a while as he looked at me with nothing but concern in his face.

I shook my head looking down as I could not let him see me like this.

I probably looked like a mess.

Relik: then who made you cry?

I just shook my head once more as I now felt a bit embarrassed and I did not trust my voice.

Relik: look at me

I kept my head down as I sniffed drying my tears.

Relik: please

His soft words did something in me, it moved something in me and I slowly lifted my eyes up to meet his.

Relik: I don't like seeing you cry

I looked at the wet dirty stain I left on his shirt

Me: I'm sorry about your shirt

Relik: dit is niks (it is nothing), you sure your okay?

I nodded

Me: I'm sorry I did not call to cancel

He sighed

Relik: it's okay

He pulled me again into his arms and hugged me kissing the top on my head.

Me: ewu isn't my hair too greasy

He chuckled and pulled out while I was still enjoying the hug.

Relik: I guess you owe me supper

I smiled

Me: I hope you like noodles

Relik chuckled

Relik: don't tell me you can't cook

Me: well too bad I can't

I lie

Relik: oh god am I gonna be eating takeaways

the rest of my life

My heart danced at that statement

Me: it's only for today

I had to act dumb just to confuse the devil from ruining this relationship before it even starts.

Relik spent the night at my place as we were really up late talking and eating noodles and Ice cream.

I was also surprised as to him being so funny and all kinds of spontaneous.

I woke up in his arms during the night fully clothed and woke up alone in the morning with

nothing but his scent on his pillow and all around my room.

He was gone.

I had slept so peacefully in his arms that I was too deep in sleep to hear him leave.

.

Today was Friday so I didn't have much to do but to wake up and do my laundry while I cleaned up my house.

Spring cleaning the house got me jiving and grooving to some nice songs.

It made me free and just live in my head where I pictured Relik watching me with a smile on his face.

My phone rang and I switched off the music to answer it.

Relik's name flashed on the screen and a smile spread threw my face.

.

Me: good day

Relik: I hear your all jolly

I softly chuckled blushing and smiling like the little girl I am

Me: music and cleaning got me in this mood

Relik: hope you'll have energy to go out with me for some icecream

Me: ice-cream?

I said with a laugh, he chuckled

Relik: yes, ice-cream

Me: well.... Okay

Relik: good, I will come fetch you later on okay

Me: time?

Relik: umm... Let's say around 2pm, I think I'll be done here

Me: your working

Relik: yes I am

Me: you need to rest Relik, weekends should be reserved for family

Relik: will keep that in mind and be sure to wear something your comfortable in, tights and takkies preferably

Me: oh lord don't tell me your taking me out highking

Relik: I was thinking about that

Me: I hate it

Relik laughed and his laughter sounded so sexy and soft but yet funny enough to make me giggle

Relik: no baby something funner than that

He called me baby

I feel so special

Me: mhh if your lying to me then I'll tie you on a tree deep inside the forest

Relik: noted

We laughed.

Relik: sean jou later (see you later)

Me: Ek kan nie wag nie (I can't wait)

Relik chuckled

Relik: stick to your language woman

Me: but it sounds sexy when you speak it

I heard myself say that out loud, it was not ment to be like that

Relik: so you think I'm sexy?

Amusement was laced in his voice

Me: yes...no... I mean... Uhh, see you later

I hung up

.

.

.

Later on came and I was dressed in comfortable tights and kicks.

It was a bit sunny outside but the clouds covered the sun enabling us to only feel it's warmth and not it's wrath.

Relik: you look beautiful

I smiled

Me: I didn't even put in any effort

Relik: you don't need to, you are beautiful without you even trying

My cheeks grew warm and my heart beated faster in pure excitement

Me: thank you

Relik took me horse back riding which was so fun even though I could not do it at first but he

taught me very well.

My time spent with him was filled with laughter and a smile on my face.

He made me forget about everything but my happiness.

After horse ridding we sat down on a picnic spot and ate as we watched the sun set and the sky change into different colours.

Relik: I wish we could stay like this forever

I looked up at him removing my head from his chest.

Relik: be happy and be at peace together

Me: then promise me

He looked down on me

Me: promise to be able to communicate with me

Relik: I promise you that Onde

I laid back in his chest

Relik: I like you..... Alot, I don't want to be too quick and say I love you then later disappoint you

He made me look at him

Relik: be my woman Nomonde, let me prove myself to you

I blinked a few times, this can't be real

Relik: it won't be sunshine and fairies but it sure as hell will be a new experience

Me: I don't want to get hurt

Relik: we will always get hurt in life, no doubt that we will. But all I want is to make memories with you, act upon the feelings I feel for you and for you to be my woman

Me: I don't know Relik

He kissed my forehead

Relik: I am not perfect, but I want to be the man  
you need. A man that'll love and take care of  
you when your sick or feeling down

I stood up

Me: please take me home

Relik was very disappointed but he said he respected me and my decision.

He dropped me off at home and left

Nia: how did it go?

I was not surprised to find these two here.

I dropped myself on the couch and sighed

Kyle: I'm guessing not good

Me: I turned the poor guy down

Nia: what? Are you insane?!

Me: I don't want another gangster trying to get to my brother threw me

Nia: Relik is no gangster and besides not everyone will be your ex

Me: Kumkani is not my bloody ex!

I roared

Kyle: but you cared for him dearly

Me: just like I do with Relik

Kyle: tell me what happened

I told them everything leaving nothing unsaid

Nia: wow

Kyle: you need to call him

Me: and say what? I think that he'll use me just the rest did

Kyle: tell him your fears Nono, you did let him promise to always communicate with you yet you are doing the opposite

I sighed

Even if I don't want to admit it but it's true, I owe him an explanation

Me: thank you Kyle

Nia: duh and me

I giggled as I hugged these two

Nia: here now call him okay

I took my phone and as I was dialing his number he called me first.

Me: Relik

I stood up and went to answer it in my room

Relik: Onde....

Me: I'm sorry

Relik: come outside please

Me: okay

I dropped the phone and got out.

He was there standing outside his car.

He opened his arms for me and I just went in them.

It felt so good, so warm and overwhelmed my

heart too

Me: I love you, I love you so much

He made me look up at him since I was so short

Relik: you scared I'm going to hurt you

Me: I'm scared your going to use me

Relik: the only way I'm going to use you is to use you to love me the way I want you to

I chuckled

Me: I'm sorry

He kissed my forehead

Relik: it's all in the past, it's okay.

I stayed in his arms as he told me how he felt after I ran off like thst.

And I must say he genuinely cares.

8 months later

I was heavily pregnant, just kidding

Relik and I haven't even been intimate as he said he was waiting for marriage, which choaked me when he said it.

Relik: baby....

Me: mhhh...

Relik: Onde come in wake up...

I was so sleepy and so tired

I felt Relik's lips on my nipple sucking on me.

It made me giggle and woke me up

Me: Ricky stop I'm up

He got out from under the covers and looked at me

Me: why did you wake me up

Relik: we have a date remember

Me: but I'm tired due to yesterday's date that lasted till dawn

Relik: and whose fault was that

Me: yours obviously

He chuckled

Relik: just get up

I got up busy moaning and groaning.

Relik is sometimes so unfair.

The time is 6:48 as if I'm going to work but it's a Saturday morning

I take the shower while I brushed my teeth, just to save time I saw Relik do it so it's not illegal.

I got dressed in some shorts and a see threw

shirt since it was hot. I slipped on my sandals and tied up my afro which needed to be slicked down.

.

I went downstairs and I could hear voices

I am not one to eavesdrop so I followed the voices to the kitchen.

They stopped talking as soon as I appeared

Me: good morning

The gentleman looked so much like Relik but uglier

He didn't greet me back but kept on staring and that started to make me uncomfortable

Relik: Ben sy groet (Ben she's greeting)

Ben: ja

Relik sighed

Relik: Onde this is Ben my older brother

Okay I guess I could have dressed better if I'd known I'd be meeting one of his family members. I have never met any of his family members and don't even plan on doing so.

Me: nice to meet you

Ben looked at Relik

Ben: sean jou later(see you later)

He simply said and left.

Relik was a bit angry no lie he was.

Me: that went well

Relik: I'm sorry

I shrugged

Me: so much for formalities

I took the car keys and went to wait for him outside, I was not angry just stunned.

Relik and I always have the best time ever as if it was our last days on earth.

Our dates were always so interesting and so much fun.

Nia: you know we don't spend so much time

together these days

Kyle: thing is our dearest girlfriend got herself a man

I smiled blushing like a little kid

They laugh clapping their hands

Kyle: wow I can't believe it that we lost our friend to that sexy, spicy handsome man

Me: hey don't you dare

Nia: look at her defending her piece of meat

Me: his not my piece of meat but my soulmate

Kyle: the dick already got you talking like that?!

She laughed

Kyle: you may be carrying little Relik in you

Me: I doubt

I haven't told the girls that Relik and I have not been intimate nor did I say we were intimate, they just assumed we were having sex.

Me: Nia come do my hair I only have 10 minutes left and Ricky will be here

Nia: you know it takes more than just that to tie this mop of yours

Me: just do my hair please.

I sat down in front of the mirror and let Nia pull and brush my hair out of its roots.

.

.

Soon Relik came to fetch me, we were going to the doctor to get ourselves checked out just so that we can start getting intimate.

It's not that we don't trust each other just that we don't want any complications

Dr: seems like your both clean and do you guys need any birth control plans

Relik: injections

Me: I'm not going to take any injections or pills  
Relik, a condom is fine

Relik: they are not hundred percent accurate

Me: Relik i will not be injected by high amounts  
of hormones nor am i going to drink pills and  
that's final.

Didn't want to find my body going into drastic  
changes and what not.

I don't want myself getting fat or thin just  
because of needles.

Relik said nothing further but i knew he was  
unhappy.

We passed by a fast food restaurant and got  
some take aways.

Relik: i don't want children as yet

Me: i also don't want children Relik

Relik: then why didn't we fo the birth control plan

Me: I'm just not comfortable with it

Relik: why?

Me: i don't want my body going into drastic changes and for you to find me no longer beautiful

Relik sighed

Relik: you'll always be beautiful to me my love

He wraps his arm around my waist and kisses me with so much passion.

I melt into the kiss closing my eyes. I feel his tongue swipe my bottom lip for entrance but I refused to open. He then growled and squeezed my ass. I gasped and he let his tongue in.

We fought for dominance but he won. He carried me and placed me onto the kitchen counter. He starts to kiss down my neck. As he reaches my ear, he whispers

Relik: "Im done with you teasing me babygirl."

Your so fucking sexy and you've made it really hard for me to control myself. But fuck it"

He bit my earlobe and continued down my neck.

.

His hands made their way to the hem of my tank top and he tore it apart. I looked down and pouted, I kinda liked that top.

He then fondled with my tits, tweaking and pulling my nipples. This sent a jolt to my pussy. I moaned out loud and he groaned.

Relik: "I love hearing your sexy moan"

he said with a slight smirk. He made his way to my tights and rubbed me over them, feeling my wetness.

Relik: "Damn baby you're so wet"

he removed my shorts and spread my legs out letting the cool breeze hit my pussy. I let out a soft moan.

.

He then lowers so his face was at level with my pussy, he gave one long lick and started eating me out. I threw my head back and moaned really loudly.

He smirked at that and started licking over my clit and lightly inserting his tongue in my entrance. I placed one hand on his head and my other steadies me on the counter.

I softly play and tug on his hair. He groaned against me and it sent vibrations through my body.

Me: "Relikkkkkkkk"

I moaned out. He stopped licking and right when I was about to complain, he inserted two fingers.

Me: "Oh shit"

I said as it caught me off guard.

Relik: "You're so tight baby"

He then started moving at a fast pace and I felt my climax coming. He knew I was about to and curled his fingers which hit my g-spot and made me cum, hard. He removed his fingers and licked my juices off.

Relik: "Mm, you taste so good baby. I bet you'd feel better."

He said with a smirk.

.

He took off his shirt which revealed his beautiful abs and pulled down his pants and woah, he didn't disappoint. His cock was a good 11 inches and was thick.

My eyes widen at the size of his cock. He noticed me staring, as he slipped on a condom.

Relik: "it'll fit"

he said, walking nearer to me.

He holds my waist and brings me to the edge of the counter. He slips his cock in with ease considering how wet I was. He stretched me out in such an amazing way. He let me adjust to his size before pounding his cock into me.

Me: "Uuhhhh yessss! Relikkkkkk!"

I loudly moaned out as he relentlessly pounded into me.

Relik: "You feel so good on my cock baby"

he says softly. Suddenly, he lifted me off the counter with his cock still in me and starts fucking me from mid air.

He went even faster and harder than just now, I started screaming.

Me:"OH FUCK YESS HARDER BABY! I LOVE YOU!"

He took one of my tits and started sucking and nipping on it which made me feel more horny.

He abruptly stops pounding and walks to the couch.

Relik: "I want you to ride me baby"

I realigned his cock with my entrance before slamming down on it, balls deep. He grunted and his head fell back. I started to bounce on his cock fast and hard. All that could be heard was our skin slapping and my moans and his grunts. He then squeezed and slapped my ass which made my back arch.

.

Relik: "This pussy belongs to me and me only"

he grunts against me as I move faster. I nod. Our thrusts starts to get sloppier and I knew we were both about to cum.

Me: "Yes baby! Yesss!"

I yelled out as I reached my climax. My climax came crashing like a wave and I started to

shake. I felt him twitch in me and he tried to pull out but I stopped him.

"Cum with me. " I whispered in his ear before bouncing on him. He groaned and cummed with me. He removed his cock and my cum came oozing out.

I got off him and sat next to him with my legs still wide open, resting my hands on the arm rest.

Me: "Woah. That was intense"

He slowly nodded.

Relik: "I love you Onde."

He muttered. I then straddled him and kissed him passionately.

Me: "I love you too Relik."

I said against his lips. I suddenly felt Ricky jr coming back to life. He pulled away with a smirk and said,

Relik: "round2?"

And trust me, we did a lot of rounds, I lost count.

.I am so tired as last night we went all night with Relik worshiping my body.

Biting and licking every inch of my body, cum after cum.

Damn he even had to go buy some comdoms from a gas station that was a few blocks away

from his place leaving me to drink some fluids which were not his semen.

.

.

I was woken up by Relik's wet kisses to my shoulder.

Me: baby please I'm tired

Relik: I love you

I chuckled smiling

Me: the sex was that good huh

He chuckled too caressing my arm with his warm hard hand that probably left hand prints on my butts the way he spanked me last night.

Relik: yes but I felt connection too

I opened my eyes only to be met by his beautiful eyes.

Me: I love you too

He kissed my cheek

Relik: I have a meeting

I stretched a bit trying not to strain one of my muscles

Me: but today is our day

Relik: I know baby but this meeting is important and will only take me 10 minutes or so

I nodded yawning

Relik: go back to sleep I'll bring you something to eat okay

I nodded as I placed my head back into my pillow and fell into deep slumber

.

.

.

Relik's POV

Damn Nomonde just gives me that feeling that comes out of nowhere and has one smiling like a man on some strong shit.

Last night was amazing, damn that woman can put it down for a man

Her sweet moans.

Her slightly dirty talk and her flexible body just drives me even crazier.

Damn I'm blessed

.

Ben: I hope you went to the doctor as planned  
I looked at my brother as I got in my office to fetch a few documents so that I could prepare properly for the meeting

Me: yes we did but man if your going to disrespect my girl like the other day I think it's best you not come when she's there

Ben: Relik I have nothing against that girl but

she is too innocent for you

Me: Ben mind your business please

Ben is getting under my skin

Me: you don't know Onde at all

Ben: well I hope you got her on birth control since you seem to be getting dumber and dumber with her around

Me: nha she's not comfortable with that shit so condoms will do

Ben: Relik..

Me: Ben please I don't want to hear it

Ben shakes his head

Ben: maybe she's not as innocent as I thought, not being comfortable with birth controlers?

He chuckled

Ben: she's gonna milk you dry using a child

I just clicked my tongue and left him there.

Ben can be dumb sometimes and I don't need that negative talk right now.

I'm still happy so he must let me be...

Lorna's POV

Damn I thought with Nomonde being away Kumkani will focus on me and will be mine but the damn thing is still caught up in Nomonde.

Even though I am pregnant with 'his child's still that does not shake the feelings he has for Nomonde.

I even regret getting pregnant, I looked like a damn puffed up fish.

Me: Kumkani

He looks up from the papers.

Kumkani: are you in labour?

His face is blank with no emotions and so is his voice

Me: no, I'm only 5 months pregnant you know

Kumkani: then leave

Me: Kumkani she is not coming back! Nomonde is gone damit!!

He just looks at me

Kumkani: are you done throwing a tantrum?

This dude has got to be kidding me

Me: you know what?! Your pathetic and I don't even why the fuck I still kept this thing in my womb!

Kumkani: you want to kill my child?

Me: as if you'd care

And that got his attention as he stood up

Kumkani: by all means be my guest, I wouldn't care less

He pushes me out the door and closes it locking

Me: Kumkani! Kumkani damit!!

I banged on the door.

Damn you Nomonde!

Even in your absents you still have a hold on his heart!

Me: when I get my hands onto that bitch, I'll fuck her up!

Kumkani is mine and mine alone!

Night

## BONUS INSERT

.

.

.

.

Best 6 months of my life was spent with Relik who showed me nothing but love.

We had just gotten back from Rome a beautiful place where we spent most of the time talking about everything and anything as we watched the sun die into the ocean.

I didn't want to go back home to South Africa as Relik made my first experience out of the country so damn beautiful.

Me: I can't believe we're back here

He kissed my cheek as he passed me with our luggage

Relik: we can always move you know

I chuckled and wrapped my arms around his neck.

Me: you would love that wouldn't you

I kissed his lips

Relik: very

He said in-between the kiss.

I wrapped my legs around his waist as he picked me up.

Me; mhhh....

I broke the kiss

Me: I'm tired baby

Relik: want something to drink, a warm beverage perhaps

Me: mhh wine would be perfect

Relik: you sure? Cause the last time you drank it you ended up being sick the whole day

Me: come on that was wine from Rome

He chuckled as I made my way to his room.

I stripped and got into the shower and let the water tickle my soft skin.

I got out and wrapped a towel around my body and a smaller one around my head.

Relik: you sleeping naked tonight too

Me: Ricky I'm going to work tomorrow

He pulled me to him and kissed me

Relik: you know I love it when you call me that

I chuckled softly and broke the kiss.

Me: and that turned you on

I got out my silky short PJ's and it's matching vest

Relik: I don't know how you expect me to not touch while your looking ever so sexy

I kissed his forehead taking the wine glass from

the table that stood near

Me: try.

I got in undercovers as he went to take a shower and I drank my sweet dry white wine in peace.

Relik comes out in nothing but a towel around his waist while he was busy drying his hair with another.

Me: come here

Water rolled down his beautifully tanned abs leading to his Toros

I was on my knees pulling him by his towel

Relik: I thought you were going to work tomorrow

He smirked

Me: yeah tomorrow now make love to me

He connected our lips and for the rest of the

night our souls connected and had a ritual of their own.

.

.

.

I woke up earlier than Relik and took a bath real quick getting into my clothes for the day.

Relik was really worn out from last night's love making and he looked so damn beautiful.

I kissed his cheek and went downstairs to surprise him with some breakfast. Relik still thinks I can't cook as all we've done is eat out, different restaurants each time.

I finished up and dished out for the both of us as I brewed coffee his strong arms wrapped around my waist.

Relik: it smells lovely in here

Me: I hope your hungry

Relik: a man has got to eat

I turn and give him his morning kiss

Me: you not going to work today

Relik shook his head

Relik: I'm feeling a bit under the weather

Me: mmhh perks of being the boss

Relik: I can get...

Me: no, I'm going to work. Sit

He chuckled as he took his place at the table as I brought our coffee over and too sat down

Me: let's bless the food first

Relik: that's the first

He mumbled

Mme: there's a first time for everything now  
shut your eyes

He chuckled and did so.

I blessed the food and we started eating over a light conversation.

Soon the door bell rang

Relik: I'll go get it and eat up I'm taking you to work okay

I nodded as he stood up passed by me with a kiss to my forehead.

"Relik my kind" (Relik my child)

It was a soft voice that belonged to a woman that had a very strong Afrikaans accent

Relik: m..ma

My eyes grew wide and I quickly stood up to collect the dishes to the kitchen sink

Relik: wat doen jy hier? (What are you doing here)

I could hear their steps coming closer and then they were her.

His mom: oh en wie is sy (Oh and who is she?)

Relik: haar Naam is Onde, ma (her name is Onde, Mom)

Relik seemed nervous

Relik: Onde this is my mother Martha

Me: pleasure to meet you ma'am

I gave her a warm yet nervous smile which she just looked at it with no interest at all.

Relik's mom: wie is sy en wat soek sy heir?  
(Who is she and what does she want here?)

There was a moment of silence as Relik didn't seem to know what to say and I was able to read between the lines

Me: his worker, I needed him to sign a few papers since he called saying he'll not be able to come to work today

Relik looked at me with pity and shame in his eyes as I looked away from his gaze.

I collected my stuff

Me: I'll get going, nice to meet you again ma'am

She only hummed to my responds and I hurried out with tears stinging my eyes.

Relik did not even run after me or at least looked at me as I walked out of his house after I was disrespected by his own mother while he stood there and watched me get humiliated.

.

I was sad but couldn't cry as I walked for 20 minutes to get a taxi to my work place.

## Kumkani's POV

.

.

.

I wish I could turn back the hands of time.

I wish I had done things differently with Monde,  
I know for sure if I did she would have been  
here with me.

Now I am lonely, miserable and stuck with her  
best friend pregnant with my child.

It is cruel to say this but I wish she'd abort the  
child or somehow miscarry.

I want to have babes with no one but Nomonde.

She is kind, humble and very beautiful unlike  
Lorna who is so obsessed with me and too  
disturbed.

.

I look at the big portrait I have of Nomonde in  
my bedroom that Lorna is forbidden in.

I miss her, I miss her dearly.

My phone rings and it's my friend and right hand man Lowrance

Lowrance: she free

I smiled knowing very well what he means

Me: that white boy is out of the way?

Lowrance: seems like he made her cry

Yeah I'm having Nomonde followed and watched at.

At first I was very pissed that she'd chose that pale thing than coming back into my arms again. But in order for her to trust me again, it is to slowly replace that small white boy

Me: I guess it's time to strike

Lowrance: are you sure about this King?

Me: never been so sure in my whole entire life.

I hung up smiling.

This took time but I will finally have what's mine.

I locked the room and left to take the next flight to Nomonde

.

.

.

~~~~~Sometime later~~~~~

It was late and dark when I pulled up at her place.

I fixed myself and knocked like a normal person would.

She opened up after taking her own sweet time.

Her eyes were red and puffed up a bit.

She looked very sad but still so damn beautiful

Monde: Kumkani....

I smiled a bit

Me: Nomonde

She tried to dry her tears and fix her hair

Me: you look beautiful

She let out a soft chuckle of disbelief.

Monde: what are you doing here so late and how did you know I say here

She frowns

Me: Lorna told me

I was not even sure if they were still in contact or not

Monde: Oh

She sniffs

Monde: this is not a good time

Me: you seem down are you okay

She nods trying to cover up her broken hearted face with a smile

Monde: Just coming down with a flu

Me: I won't push it but I'm here for you

Monde cracks up in tears.

There we go baby let it all out

Monde: It hurts

This is not the best way to get her back but I
sure as hell need this.

I pull her into my arms

Me: he doesn't deserve you

Monde: Is there something wrong with me huh?
Who did I do wrong?

I just let her cry painfully on my chest up until
she was fine

Monde: I'm sorry about that

She pulls out and fixes herself

Monde: and I'm sorry for staining your shirt

Me: you needed a shoulder to cry on

Monde looks at me for a while

Monde: why are you really here

Her tone is low and husky

Me; I wanted to apologize to you

Monde: Kani Please...

Damn that pet name does things to me

Me: I was not seeing the bigger picture but I promise you I was never going to hurt you

Monde: it's all in the past but I just don't want any trouble

Me: trust all I want was to apologize

She nods

Me: I should be going

I pull her forehead and kiss it

Me: take care

I turn to leave but her voice stops me on my

tracks

Monde: would you like to come in for some coffee or juice

I turn and smile

Me: coffe Please

She too smiles and I go in welcomed by her.

Nomonde's POV

- .

Talking to Kumkani was not bad but I could not help but to think about the man that has been in my mind, heart, body and soul for the past 6 months.

It's no lie that I have uncertain feelings for Kumkani but that did not mean that I jumped in

bed with him or anything of that sort.

Kumkani stayed over for a couple of hours and left late at night.

I didn't care if he was leaving so late at night.

Relik is the man that I am certain about and I am very much sure that I want to fight every upcoming battle for our love.

I love him.

I love only him.

My phone had been off ever since I had left Relik with his mother the other night.

.

.

I switch on my phone just as I got out of the shower.

And my phone rang it was Relik.

I hesitated a bit but answered it

Relik: baby...

I just sigh, it's feels so good to hear his voice

Relik: Onde your still there?

I could not help it but cry

Relik: please open up the door

I stood up and headed to the door.

I opened it and there he was on the other side
of it

Relik: I'm sorry

Me: are you ashamed of me

He shook his head

Relik: o am not Onde

Me: then why did I have to lie about being your
colleague to your mother?

Relik: it was just too soon

I bitterly chuckled

Me: if it was in two years time would she still have behaved like that? What would you have said huh?!

Relik: Monde you don't understand

Me: understand what?! That your mother and brother don't like me or the fact that they could be racist

Relik: Monde....

Me: no Relik! It's wrong right? It's taboo for a white man to date a black girl right, it's disgusting and repulsive?!

Relik: don't say that

I could see the crystals in his eyes but I was hurting as much as he was.

Me: it's wrong right? They are scared I'm after your money! Well I've got just as money as you have!!!

Relik: it's not about that Monde

Me: then what?! What is it that angers them so much th.....

He grabs me and kisses me, I respond almost immediately.

Relik: that I love you very much

He says in-between kisses

Me: I don't want to lose you

I mumbled too into the kiss

Relik: you won't

He lifts me up not breaking the kiss and I wrap my legs around his waist.

## Kumkani's POV

- .
- .
- .

I don't know whether to be happy, sad or angry that I already saw Monde or the fact that she seemed too caught up in her new toy, the white boy.

I thought she would give in to my charms and finally be with me but all she did was zone out.

Monde didn't even offer me the couch, a mere fucking couch but she left me to drive in the late night alone.

Me: hey man, I need you to send a message for me

Caller: to whom?

Me: Relik, Relik Kultuur

Caller: you sure boss?

Me: if I wasn't would I be fucking talking to you?!

Caller: right away boss

I hung up and looked at the wall

Me: Monde Is mine

Lorna's POV

.

I had just gotten back and Kumkani was gone.

My phone beeped and it was a text from my trusted guy.

A picture of Kumkani hugging Nomonde.

Me: fucking bitch will not steal my man, he is mine. HIV and all.

I watched as he peacefully lay in my bed.

I smiled as I think of how lucky I am to have found him.

I smile at how much I have grown to love him.

I smile at the thought that he cares for me, in a

way.

But I frown at why not stand up for me

Why not protect me

And most of all why did he not run after me
when I so much wanted him to.

All I wanted was for him to run after me and
kiss the fallen tears away.

All I wanted for him to do was to stand up and
have a damn back bone.

.

He started to stir and soon his eyes came alive.

Relik: your starring

I looked away.

I feel him sit up

Relik: Onde....

He softly turns me to look at him and the first
thing my eyes land on is his bare chest.

Last night we only managed to cuddle and just listen to each other's heartbeats.

With Relik it's not has always been sex but also quality time with him.

.

Relik: babe look at me

I look up at him

Relik: I'm sorry

I look at him and the tears just drop down onto my cheeks.

Relik: I'm scared Nomonde

Me: of what Relik? Of me poisoning you in your sleep or infecting you with my dark skin

Relik: it's not about race to me Monde! Don't you get it,, you could be pink and I'd still love you! You could be yellow, blue nor red and I'd still love you! I don't give a fuck about race

Me: then what is it Relik?! What is it that disgusted your mother so much

Relik sighs and got out of bed.

He walked up and down pacing in the room.

Relik: my Mom, her trust was broken when people swore at her for trusting a black person. They swore at her when she accepted and loved a black person and she even almost died cause of her!

Me: who was she

He sighed and sat down

Relik: her name was Linda

His voice was hoars and hard as if ready to break.

We sat in silence for a while.

Me: what happened to her?

Relik: died

I just nodded as I didn't want to press any harder as it seemed like a very sensitive topic.

Me: come shower with me

I stood up and headed to the e-suit in my room.

Relik: I can't, I'm sorry

I watched as he dressed and left after giving me a kiss to the cheek

Relik's POV

I thought I was over Linda but speaking about her made me miss her.

She was nothing but pure.

She had a heart even though I took it away from her.

She was sane, beautiful, full of love and life.

Linda was everything I wanted and more but I had to ruin it, I had to be me.

.

Ben: you don't look good at all

I look up and look at him as he comes in and sits down on the chair opposite mine.

I had always been able to confide in Ben and Ben being my brother he always seemed to have an answer to all my problems.

He was there when Kinda arrived in my life and he's still hear now.

.

Even if I'm stubborn and hard as hell, Ben has a way of staying cool.

Me: did I hurt her?

Ben: hurt who?

I sighed.

It's difficult

This is all just so damn difficult as Linda was

my healer and I, well I was her soulmate.

She loved me unconditionally no lie she did.

Her skin as brown as Bronx and smooth as gold.

It was her pure heart as pearl that loved me but
I guess I was too pulled into the dark that I
infected her heart too.

.

Me: Linda? Was I the cause of her demise? The
cause of her insanity and the cause of her
silence

Ben pauses for a while I guess to let it sink in.

He looked at me after pulling himself out of the
trance that he was in

Ben: why now?

Me: I want to know

Ben: the truth?

Me: only the truth, please

His sighed

Ben: are you sure

Me: please brother I beg

He took in a deep breath and then breaths out

Ben: you were way too much of a bad boy for her that even her innocents could not save you.

Me: did I kill her?

He shook his head no

Ben: the life and ways you implemented onto her changed her.

I kept quiet

Me: mom makes as if it's not my fault

Ben: she is protecting you from ending up like Linda

Me: but I caused it Ben! I was supposed to die not her!!

The glass of whiskey that was in my hand fly's

across the room and lands on the wall with a sound

Me: I lost her! I killed her!

Ben held my shoulder

Ben: it was long ago brother, let it go

His soft tone let me butts out in tears and painful cries came out of my mouth

Me: I am going to hurt Nomonde too, oh brother I see more of Linda in her day by day. I feel the same way I did with Linda, I fuck the same way as I did with Linda and I Love her the same way I did with Linda

Ben: she is not her brother, she is stronger

Me: I can't keep on hurting these girls

Ben: work on yourself for her Brother.

.

.

.

.

.

Nomonde's POV

.

.

I couldn't keep myself locked up in my home so I called the girls for some brunch but requested we go to a restaurant, I needed a change of scenery.

Me: sorry I'm late

I kissed their cheeks

Nia: we know Relik is a catch

Kyle: and a huge one too

Nia: I bet he had your face pinned down on the pillow

I chuckled at these two horning bitches

Me: wish it was like that

Kyle: you mean your denying him the cookie

Nia: mhh no girl you wouldn't want to do that

Me: what? No, never

Nia:then what

I sighed

I am not one to disgust too much about my relationships but this needed a few more heads and brain cells.

I narrated them the whole story and they seemed pissed off.

Nia: I don't know what the hell is wrong with racist people. I mean that shit happened thousands of years ago

Kyle: it was 25 years ago Nia

Nia gave her a death stare

Nia: this is bull, his mom doesn't even know you!

And that dick he calls a brother is just mad out of his head

Kyle: no these people are just plain rubbish

One thing I can tell you is that these two hate racist people, I mean HATE!

I mean who wouldn't

Cause most of our youths are not to blame for that shit! Racism is just bullshit.

We as the youth should just plain right not even entertain that shit.

We should build our own tomorrow and see equality and praise the beauty of our fellow sisters and brothers skins.

So the whole topic was turned into a bug history debate

Me: I need wine if you two will be arguing about race

I called over a waiter

Nia: so your not bothered?

Me: it's not that I'm not bothered it's just that I needed advise on how to handle this

.

.

.

Weeks passed by and Relik and I were not the same.

Yes we spent time together and made love but once or not at all a week.

We hardly spoke or just enjoyed each other's minds.

And today was no different as we sat watching movies over some wine and beer.

.

Suddenly I feel a sharp pain in my lower region

Me: mmmhhh

Relik sits up in worry and looks at me

Relik: are you okay

I brushed the area

Me: yeah just some craps

Relik: but you just finished your periods

He seemed worried

Me: probably the ice cream acting up

He nods and lays my head into his chest kissing it.

After some time the pain comes back harder and i find myself crying.

Me: it hurts Relik

Relik: I'm taking you to the hospital

I silently cry in pain as he rushes me to the ER.

Upon opening my eyes the girls had just rushed

in with coffee mugs in their hands

Nia: your awake!

My mouth was dry and my eyes were a bit itchy

Me: where is Relik

Kyle: searching for a doctor

She chuckled and so does Nia

Nia: damn girl your man is so crazy he demanded that they wake you up

Me: I guess I passed out

Just then Relik and a doctor walks in

Doc: are you family?

He asked the girls

Me: it's fine they are my friends

He nods

Relik: hey what are the results

He was angry, worried and agitated

The poor doctor opens up his books and reads

Doc: you will have to ease it on the alcohol, it almost killed the baby

I think I went dead

The girls screamed hugging each other

Nia: congratulations boo

She hugs me and so does Kyle.

Relik and I are stuck

I can't be pregnant.

Not now, the last man I was pregnant for kidnapped me and I lost our baby.

I don't want to go through that trauma again.

I refuse to go through it again.

Kyle: Monde

She shakes me to life

Kyle: are you okay

I look up at Relik and he just walks away.

Oh Lord this can't be happening.

Nia: what's wrong with him?

I look at the doctor

Me: thank you, can I go home now

Doc: do you drink any kind of vitamin pills

Me: no, I didn't even know I was pregnant

He nods

Doc; I write you a prescription and you'll drink them, eat healthy and no alcohol okay

I just nodded as my mind was far away.

.

.

.

.

Relik's POV

.

I don't know how I felt but I was rather very confused.

Thing is I don't want Nomonde turning into Linda.

I love her, I love her so damn much.

I got into my brother's house, found him fucking some thin white bitch.

Ben: damn man can't you knock

Me: we need to talk

I walked to the kitchen just to give him space to get rid of his whatever she was.

He came in after a while

Ben: you seriously can't be cock blocking me

Me: Nomonde is pregnant

I couldn't even look at him

Ben: you serious about this girl?

I nodded

Me: but I don't want to hurt her nor our baby

Ben: but your not the same no more

Me: sooner or later pa will ask me to take over from him

Ben shrugged

Ben: so? It's not like you will go back to drugs

Me: you know when I'm stressed concerning the dark stuff I turn to snow for comfort

Ben: then you'll have to turn to your wife, you are going to marry her right

Me: Ben please one thing at a time

Ben: you have to do right by her

Me: I will, I just need to tell ma and pa

Ben: well good luck with that

Me: pa is gonna kill me

Ben: and that he will

I give him an evil eye. Why press this shit and take it as a joke while he can see that I am dead serious.

I love Nomonde and will not lose her cause of my family.

When will I live If I keep on living up to their expertations

.

.

.

Nomonde's POV

The girls wanted to stay but I assured them that I'll be fine and told them that I needed space.

They left even though they didn't want to.

I needed to call Mongezi and tell him I'm coming over or for him to send eyes my way.

It rang but he didn't answer it.

I tried once more then he answered it

Mongezi: I'm busy

Me: I'm sorry but I need you to send eyes to look after me or I could come to you

Mongezi: what's wrong? King is after you again?

Me: no I just think something bad is about to happen

Mongezi: Nono talk to me

Me: please just do it I beg of you and I can't tell you about it the phone

Mongezi: what.....

I hung up and sighed.

I hated all this

Just then there was a knock on the door.

I stood up and went to open up.

Me: Lorna....

Lorna: hello Monde

A hard knock to my head sent me straight to
the ground and dark soon consumed me

I want Nomonde to myself and I am beginning

to lose all of my sanity.

I need her.

I need her now.

I can't wait until she falls out of love with that boy Relik.

So here I am sitting in my car just parked across the road from her place when Lorna pulls up.

TF Is she doing here, I thought that they were not friends anymore.

I thought that Lorna hated her.

My thoughts were disturbed by Lorna's evil act.

I watched as she smashed Monde's head with the back of her gun.

I quickly jumped out of my car.

Me: you bitch!

A mean punch landed on her cheek sending her

to the floor with Nomonde's unconscious body which she was dragging to her car.

Me: you tried to kill her?!

I kicked her on her stomach making her scream and cry.

I was furious

I picked Nomonde up leaving Lorna helplessly on the floor.

Me: shhh I'm here baby

Monde had a bit of blood on her forehead as she moaned in her sleep.

As I am about to cross the road to rush her to the hospital.

A gun is fired to my shoulder I groan in pain

Lorna: your not leaving me again!!

She fires another to my back and I fall to one knee almost dropping Nomonde who tries to

open her eyes.

Me: Lorna stop this shit!!

I scream as I wince in pain and feel another bullet to my spine the sends me screaming and dropping Nomonde to the floor so I can balance myself.

Lorna: Nomonde can't have you! Your mine Kumkani mine!

I could now taste the blood in my mouth and hear that Lorna was crying as she slowly walked up to me.

Nomonde's eyes are open and she seems terrified as she is glued to the ground in trauma.

Lorna: I love you Kumkani! What is it that she has and I don't?! Huh, what?!

She sniffs

Lorna: if I can't have you then no one will

I hear a gun go off but it's not Lorna's as I am still alive.

I look up in my blurry state and see the federal's vans with faint siren sounds in the back.

Nomonde: Kani....

Her voice is soft and scared.

I smile as my vision becomes blurry with tears.

Me: I'm sorry

I fall hard on the tar road and watch as big black boots run up to me with the sounds around me going mute.

.

.

.

.

Nomonde's POV

As soon as Relik rushed in I ran up to him and

hugged him tightly.

Relik: baby are you okay?

I just cried in his arms not caring that the last time we were in a hospital nigga got out as soon as they told us that we were pregnant.

I was happy to be alive and even more so I was happy to be in Relik's arms.

He kissed my forehead.

Relik: I'm sorry I wasn't there for you

Me: I almost died Relik, I almost died

I let out a gushing cry as he rubbed my back.

Kumkani is alive but they are busy operating on his to remove the bullets placed by Lorna in his back and he will be going to prison since he has been on the run for 10 years, didn't even bother asking why.

.

.

.

3 months later

After the incident Relik thought it'd be better if we go on vacation for three months just till I was in my second phase of pregnancy.

I am happy to say this that I am not moody nor is my eating habits bizarre or strange.

I have a slightly big tummy nothing much.

Relik: I think that is everything

Me: you didn't forget our swimming suits right

He nodded and zipped up our luggage.

Relik: ready to go back home?

Me: wish I can stay here forever

He chuckled and gives me a short kiss on the lips.

Relik: maybe we can come back here after the

baby is born and maybe make it a family thing

I smiled

Me: I'd love that

.

~~~~~Sometime later~~~~~

.

We had just landed and i am very much tired.

My back hurts the most and my ass needs to be fucked, yeah I'm horny too.

I touch Relik's dick as soon as he gets in the car from loading our stuff in the boot

Relik: Sweetheart we need to get home first

Me: but I want you now

I lick his ear and nibble on his earlobe, massaging his hardening cock.

Me: pleaseeee daddy

Relik: fuck

He lets out a hard heavy sighs and pulls his seat down.

Relik: get on top skat

I am wearing a dress and all I do is get on top of him and pull my panty to the side as I slid into his cock.

Me:mhhh i...love youuuuu....

.

.

.

.

Waking up next to Relik with his seed growing inside of me was like a misty fare fetched dream.

Everytime we make love it's as if it's for the first time

The vocation we took really thickend our chemistry and our bond grew into something so beautiful.

.

I felt his warm lips onto mine

Relik: good morning beautiful

I blush

Me: good morning daddy

He smiles and kisses my stomach

Relik: good morning to you big boy

I giggled as he always does that

Me: and it's not a boy, it's a girl

Relik: i can feel it, it's a boy

Me: if you say so Mister

I got out of bed ready to take a shower

Relik: cover yourself woman

I looked at him

Me: am I too fat?

I was a bit hurt

Relik: no your sexy

He points at his hardening shaft.

I felt really satisfied

Me: well I'm tired

Relik: I know, that's why I say cover yourself

I slowly cat walk to the bathroom and I hear him groan in frustration making me laugh.

.

After we got cleaned up I started on making breakfast

Relik: I got my PA to send out a search for a cleaner

Me: why?

Relik: I don't want you doing any hard labour while I'm at work

Me: I won't be doing alot of work at my place so I don't need it

Relik: oh you'll be staying with me

Me: why? I mean I do still have my own house and besides we're not married

Relik: we don't need to get married

Me: then I don't need to move in with you

Relik: Onde please I don't want to lose you nor my baby

Me: our baby and you won't

He lets out an irritated sigh

Relik: Nomonde I almost lost you once and it won't happen again and this time you might really die

He got up

Relik: look threw your emails and choose three top cleaners you want then we'll both interview them

He kissed my forehead

Relik: i love you

He then leaves.

Maybe staying with him won't be bad as I think

it will be and besides I'm not the first to cohabit

.

.

.

I was going back to work in three days so all I did all day was laze around till Relik came to fetch me at around 3 pm

Me: where we going

Relik: oh we're having dinner with my parents

I look at him

Relik: I'll be there for you

Me: I don't want to be made a fool again Relik

Relik: I'll have your back babe

He kissed my hand

Me: I'm sure just like you did the first time I met your mother, u wonder how will she feel if she sees her son dating his colleague

I say sarcastically as I look out the window.

Relik keeps quiet and just drives off to the mall.

My mood is damped and I don't even enjoy shopping for a dress.

Me: I don't like all of these dresses

I look at the pile of dresses that I tried on

Relik: come on baby, chose from any of these dresses

Me: can't you hear me? I don't like any of these damn dresses!!

I was angry and very much irritated.

Why is Relik pushing so much? He thinks that I will embarrass him in front of his family

Me: Relik am I embarrassing you?

Relik: what no

Me: then why did you bring me here? I have a

tone of dresses that I bought from our trip

Relik: but you were crying in the hotel saying that I allowed you to chose slutty dresses

Oh yeah, forgot about that little detail

Me: just chose a dress I'll wear it.

I took my handbag and went to the bathroom since I was so pressed.

My phone rang just as I finished peeing

Me: what

Relik: babe where are you

Me: why didn't you follow me huh? You would know if you did

Relik: but you said I must go pay the dress

Me: so? How long does it take for you to pay one dress

Relik sighed

Relik: where will I get you

Me: in the car

I hung up.

I was tired and very cranky, I needed to sleep

.

.

Relik was quiet the whole way back home

Me: your angry at me

I looked at him, he said nothing.

Me: baby

I placed my hand on his

Me: are you angry at me huh?

Relik: I just don't want to make you angry  
sweetheart

Me: oh so your saying that I am a ticking time  
bomb?

Is he fucking kidding me

He sighs and keeps quiet

Me: wow

I sit back and watch the road.

.

.

Relik wakes me up from my nap and leads me to the bath he prepared for me.

I bathe and he runs some oils onto my body

Relik: remember I got you okay

I nod and he kisses my forehead

Relik: dress up while I go bath okay

Me: thank you

He nods and disappears into the bathroom.

Relik has chosen a royal blue body hugging dress with red sparkles and matching red heels and flatform, I'm guessing I have to chose.

I wear the clothes and I am satisfied with my look.

The dress shows my baby bump beautifully and makes my skin glow even more.

Relik: your beautiful

He kisses my neck

Me: tell me if you want us to cancel

I moan softly

He squeezed my butt and bites my neck

Relik: that's very tempting but this is important

He removed himself and goes to the bed to pick up his own outfit while I sat down and did my make up and hair.

Relik: you done?

Me: please help me put on my necklace

He did just that and we were good to go after he helped me wear my coat

.

.

We got to Relik's parents house and obviously it was big and beautiful, with a beautiful garden too.

Relik helped me out even though it was not necessary but I guess he was being a gentle man.

Relik: breath okay

I was not nervous just hoping that Relik does not allow any of his family members to walk all over me.

We walked up to the door and Relik rang the doorbell.

Oh did I mention that there were a dozen cars at the driveway too?

A woman in a maid uniform opened the door

Woman: good evening sir

She bowed her head a bit

Woman: madam

Me: Nomomde is the name

She smiled and let us in

Woman: would you mind me taking your coat

Me: no thank you, I am a bit cold

She nodded and led us to the Grand Hall where everyone was seated around the big dinner table

Relik: I got you Babe

He whispered into my ear as everyone's eyes landed on us.

His mom;: Ahh Relik, well your fashionabley late

Relik: good to see you too mother

His brother Ben did not even look at us

Relik opened the chair for me and I sat down looking down on the table

Relik: oh this is Nomonde...

While he was still talking his mother spoke

His mom: oh yeah the colleague

Relik: and girlfriend

Gasps and whispering went around the table as Relik kissed my cheek and sat down next to me.

His mom: your what?!

Relik: mother please can we have dinner

His mom: your father will....

"Will what?"

I'm guessing that's the father

His mom: Relik has gotten mad again

His father: what did he do this time

His mom: he has brought another Linda into our home

Her eyes burnt with hatred and her voice

dripping with disgust.

Oh so heavens help me

Narrator's POV

.

The meeting is now situated at the lounge with Mai (Relik's mother) fuming in anger as she remembers Linda Zondo the woman that turned her son into a monster in her eyes.

Hendrik(Relik's father): now now Mia calm down

Mia: calma down?! Hendrik how the fuck can you be standing there telling me to calm down when we both know what that thing took us threw

Relik: mother you shall not speak of Linda like that!

Mia: oh like there is any shit she can do, the bitch is dead and hopefully still burning in hell

Relik has my hand tightly into his

Relik: I will not even argue with you

Relik looks away but I could see he was angry

Mia: is it money you want huh? I could give...

Hendrik: Mia just stop it! You are making a fool out of yourself

A slap lands on his face as Mia could not contain the anger that was ripping through her.

Hendrik was growing tired and impatient of Mia. He had put up with her shit ever since Linda's death.

Oh how he would kill to see that beauty once more.

Mia: you.... You shall never, never ever speak of me in such a manner

Relik: mother I didn't ask for a drama session but only to introduce the woman in my life to you

Mia: oh so she can try to kill me just like that psycho did

Mia looks at Nomonde

Mia: and I bet this one is here to finish me

Nomonde: with all due to your respect, I would hate it to be compared to a dead ex of Relik

Mia: oh but you sure as hell are cut from the same cloth

Nomonde chuckled very chilled and done with Mia's childish behaviour

Nomonde: yes I am black and I am sure as hell proud of it

Mia: your proud over utter shit

She spat on the ground

Relik: enough mother! I'm done with you and all your fucked up attitude and tantrums! If you don't accept Nomonde as my girlfriend then I am sure you won't be needing me as your son

Relik pulls Nomonde and they leave but Mia tries to grab Nomonde only to push her and she falls down stomach first.

A scream escapes her lips as pain goes through her body

Relik is shocked and Hendrik is horrified

Relik: what have you done? She is pregnant!

Mia stands looking at the poor girl scream in agony as blood drips out of her legs as Relik carries her out.

Hendrik is right behind him as they drive a crying Nomonde to the hospital

Nomonde: my baby... My baby Relik....my baby

She cries all the way to the hospital.

They get there and she is quickly taken to the ER room where Relik and his father are not allowed

Relik: do whatever you can to save my baby and my girl

Nurse: we'll do our best sir

She says and rushes off to the ER room where Nomonde is.

Relik is livid but stressed out about the well-being of Nomonde and their unborn.

Relik: I can't lose them, not now

He is a mess and the last thing that is on his mind is his mother and her devious attempt to get physical with Nomonde.

Relik's mind is so focused on the well-being of Nomonde and their baby that he does not think about his mother.

## FINALE

.

.

.

.

Narrator's POV

.

.

.

.

Nomonde wakes up from the 6hour long Sergey and feels the pain in her lower area.

She winced in pain and the tears roll down to the corner of her eyes

The idea of her child dying paralysed her and broke her heart.

She could not bare losing another fruit.

A nurse comes in and goes out unnoticed by Nomonde, the nurse calls the doctor quickly.

The doctor comes in

Doc: Nomonde

She says softly, all Nomonde does is stare at the white ceiling

Doc: you bare one strong little girl

The words to Nomonde's ears seems like nothing but a tale.

She snaps her head to the side and looks at the doctor who had a proud smile on her face.

Doc: she is too premature so she is in need of matchings to help her breath since her lungs had not fully developed and breathing on her own would make them collapse.

Congratulations are in order

Nomonde smiles and sighs a tired sigh in relief

to what her ears had just heard.

.

Nomonde: can I see her?

Doc: tomorrow only, it was a long surgery and you need to rest.

The doctor smiles at her

Doc: thank your husband and the heavens for bringing you here before you lost your angel

The doctor leaves and so does the nurse happy with saving another pair of lives.

Nomonde is livid and that brings tears to her eyes as she realised that Mia is the cause of her daughter breathing in matchiens

Relik comes in worried about his love

Relik: Onde...

He tries to hug her only to feel the sting of his cheek.

Another soon follows

Nomonde: OUT! GET THE FUCK OUT OF HERE!!!

She is inflicting pain to her wound but the pain is not near to that of almost losing her daughter.

Nomonde; I HATE YOU! YOU AND YOUR DAMN MOTHER!

Relik is hurt to the words Nomonde had just spoken.

Relik: you don't mean that Onde...

His voice is small, hardly audible but Nomonde hears it loud and clear.

Nomonde: I mean it!

Her voice held a deep venom I'm it as there is a thin line between love and hate. Hate and disappear is what Nomonde feels.

Nomonde: you couldn't stop your mother from hurting me with words nor from her hurting me and my daughter....

Relik; I'm sorry....

He really was

Nomonde: now I will and am stopping you from ever hurting us

Relik is now angry

Relik: you wouldn't dare

Nomonde: oh I beg you to try me Relik, challenge me and see if you'll win

Relik: stop playing dirty Nono, you know I'll win as I too can play dirty.

Nomonde: try to take Nikiwe from me and you will feel my rath, I dare you to take us to court

Relik: Hope will be mine all I need is to take you to court and do what I didn't want to do and that is to take full custody of her

Nikiwe Hope, the names Nomonde and Relik had given to their daughter in anger.

Nomonde: I will get your mother arrested for attempted murder and if and only if you try to stop you I will hand you over to the Federals

Relik bitterly chuckled as anger and betrayal sparks even more

Relik: Nomonde you would not like to be on my wrong side

Nomonde: well you already are, and oh close the door behind you.

Nomonde was not bluffing and Relik saw that in her eyes.

The love was gone. It was replaced by hatred, anger and shock.

Relik: I will go, just to give you time to cool down

Nomonde: then you will be waiting till to your early grave

She turns her back and closes her eyes to just

let the physical and emotional pain seep in.

Nomonde did not want to do this, she didn't want to deprive her dearly beloved the chance to father his offspring but Relik's lack to have a back bone pushed her into doing so....

.

.

.

Mia was imprisoned and sentenced to 12 years in prison. Nomonde left with her baby girl Nikiwe Hope Ngcobo to stay with her brother in hopes for protection from Relik who had gone mad.

But his madness was soon his death as he overdosed on some high grade cocaine and died on the spot after 4 after his daughter's birth.

Nomonde? Well she decided to stop dating and

never fall inlove again only until her daughter  
was to leave for varsity

So we have to wait for a very long time to ever  
hear from any of the characters in this story,  
ever again.
