CHAPTER 1

AYOLWA

I watch my mother gulped her last which she bought with the money I got from Mam'Sbisi our neighbor, I wanted to cry but I held myself this woman will not break me I will stand on my ground this time. This life is a disgusting life that I want to run away from I mean she had money to let me study atleast for a 6 moths course so that I can try to find a job in the town but no she drank it all now she is a useless mother.

This all started when my father died he was a lovely soul who was respected in the community

Advertisement

he was a caring man who cared about the people of this community and this is why some members will let me sleep in their house and give me food or money but they don't know that all of that money is being used by my drunk addict of a mother. She is torturing herself is she thinks drinking will bring my father back maybe even my father is busy turning in his grave because of this woman who doesn't want to think of herself or probably me. Arghh what am I saying she has never put me first it has always been about her I so wish she wasn't my mother..I'm joking guy's but I hate this life a lot.I went to dish for myself and went to my room we live in a 4 room house with kitchen,dining area,my room and my parents room.

I finished eating then went to wash my plate I'm a neat person I went to take a blanket from her room and went to cover her up haibo I can't carry her to her room.I went to my room and dozed off.

It was morning already and my mom yelled for me I quickly rush to her in the dining area and she was splitting fire I tell you.

"What didn't you wake me up yesterday you see now my neck is hurting?".

"You were going to shout at me mama I know so that's why I didn't wake you up".she chuckled and left me.She went to the kitchen and I went there too she took her food from yesterday while I took a bread and I made myself a toast with juice atleast there is still some food but I know it will run out soon.

"Nozibele needs someone who can be her cleaner she will pay you good money can you do it".the nerve of this woman to be asking me that I shook my head.

"No mama I don't want to work there because I know you will take all of the money".she shook her head too.

"This time I promise I won't take it my dear please consider this job".I nodded.

"Fine I accept it".I washed her place I moped the floor then went outside to relax, I watched learners go to school and suddenly a car packed outside my home.This beautiful lady came out and opened the gate I stood up to welcome her she gave me her beautiful smile either I returned it.

"Hello I'm Nozibele Ndimande you must be Ayolwa right?".I nodded.

"Yes that's me how do you know me?".

"Oh your Mother told me about you". When she was about to go to the kitchen he stopped her again.

"You are beautiful".I blushed.

"Thanks Ma'am".

"Is your Mother inside?".I nodded she went inside I continue sitting outside and I decided to just log in to Facebook and read stories.They came out laughing like old friends.

"Oh Yolwa you will be leaving tomorrow to start working and you will be staying there".I was shocked by this...why didn't she tell me I will have to live there?.

"But you didn't tell me that Mama".

"Well now you know so you can start packing my love". my love?...why is she pretending to be nice in front of this woman...oh I get it she is trying to show be nice so that Nozibele won't see anything.I nodded then went to my room and started packing maybe going to a different place will do me good I guess but we will see.

"Do you want me dead huh Ayolwa?".what is she on about?.

"No Mama why would I do that".she chuckled.

"I saw your attitude there young lady don't try me.. don't you dare try me".

"I did not have an attitude Mom I don't know what you talking about".

"Mhhh okay".she walked out.

I finished packing and I made sure that everthing is there on the suitcase I don't want to leave important thing's here. I read stories on facebook then decided to go and cook.I cooked then turned off the stove when I'm done then went to my room and dozed off I cooked early today I don't know were is Mom maybe in the tavern or something.

3

The day has arrived for me to leave my home and go to some fancy place I don't know about

Advertisement

I'm scared what if I mess up and she kicks me out I mean where will I go because I don't know anyone there I look around my bedroom at least I did have one that's what I'm grateful for, I went out dragging my suitcase and they were waiting for me Nozi smiled at me and my mom looked happy wow so she is happy that I'm leaving I did not want to cry so I hold my tears back.

"Ohh look at you I must say you are one beautiful lady". I smiled this woman loves me.

"I gave birth to a goddess didn't I?". Trying to take the spot light I see.

"You sure did my friend let's waste no time hurry up let's go Ayolwa". She was happy I can tell she walked out and I looked at my mother.

"I will miss you Mama". She shook her head.

"Don't tell me you will miss this drunken lady you call a Mom". Her words hurt to the core I wiped my tears then ran to her arms.

Safe place to be this my first time hugging my Mom and it feels amazing. We pulled out and she gave me a kiss in the cheek wow I wish she can stay like this and not change.

I walked out and got inside first loading my bags then she drove off my Mom waved for me I waved back and blow her kisses. I will surely miss her I won't lie.

"She loves you and I'm proud of her".

"How long have you know my mother?". she chuckled

"That's a story for another day baby".

The drive was not long till we arrived at this double story house yes I know one when I see it and it was so beautiful I wish to have one like this one day.

4

I'm happy she is treating me good she even told me about how her husband died I just wish she could talk to my mother and make her see it's not the end of the world I mean look at this woman her story is so touching she has 4 kids 1 girl and 3 boys and they are all working except the girl who is in university she is probably my age I so wish I can study. I cleaned and realised that she was not in the house so when I was finished doing my chores I went to sit in the dining area and watch Tv.

While I was watching I heard a car pull in outside maybe she is back so I continue watching and the door was opened and this cologne hit my nose it smells good I don't know why but I turned my head looking at the direction where I heard the footstep and Lord help me because there was a good looking man in the house with this intimidating face and gosh he was handsome not to mention charming ... I know about man and definitely could tell that he is one gorgeous greek I tell you. He cleared his throat I stood up and looked down.

"Who are you and what are you doing in my mothers house?". I look at him and we glance at each other.

"Uhm.. Ayolwa I'm working for your mother". He nodded and I glance down I was scared of him I don't wanna lie he was buff but not too buff but had muscles you could see through his shirt and his eyes were intoxicating me.

"Oh I'm sorry for being rude my mother didn't tell me she has a maid nice to meet you Ayolwa". I nodded he took his bag and disappeared in the passage I breath out I didn't realise I was holding my breathe.

When I saw that it was getting late and Madam has not yet arrived I went to the kitchen and cooked and when I was finished she came back looking tired and she greeted me and left.

"Is my mother joining us?". Us who's us? because I don't eat here.

"Uhm..she said she is tired and won't eat she wants to sleep". He nodded.

I gave his food after he washed his hands then I took mine when I was going to my room he called me.

"Yes bhuti". He chuckled.

"Eat with me Ayolwa". What ?.

5

I was dumbstruck just standing there and he just chuckled at me.

"Well if you don't want to eat then it's fine by me go on and eat in your room". I decided to just let things be and I sat down and started eating.

I look at him and find him looking at me why is he staring at me I quickly finished eating and he was finished too then I washed out dishes.

As I was washing I felt his footstep coming my way and my breath changed he stood behind me and I was shaking when rinsing the dishes I felt his breath on my neck then he walked out.

Breathe out!

Breathe out!

Wow why is he giving me butterflies on my stomach I don't understand him and on top of that I don't even know his name. I went to my room and got under the covers and dozed off.

Dreaming of my father is always something I've gotten used to this time he was telling me something that I did not understand.

"My daughter you were meant to be happy and with him you will be happy for the rest of your life". I was confused.

"Who are you talking about Tata?".

"You will know soon my daughter let your heart guide you and let him in don't push him away". Even when he said this I was still confused what did he mean by this.

"I still don't understand Dad I'm confused enlighten me here please".

"Let your heart guide you then you will understand". He disappeared from on me I'm still so confused I felt something shaking my body and calling my name.

"Ayolwa dammit wake up you shaking". He shouted sounding frustrated.

"AYOLWA MARN". I woke up drenched in sweat and breathing heavily he looked worried....wait what is he doing in my room?.

"What....what are you doing here bhuti?".

"Call me Limise not bhuti I'm not that old Ayolwa". He sounded worried.

"Well I went to the kitchen to drink water since I couldn't sleep so when I passed by your room I heard you talking calling your father because you were saying "Tata buya" so I came to wake you up". I nodded.

"What time is it anyway?". He chuckled.

"It's pass 4 right now go back to sleep". I nodded and I was already sleepy so I dozed off again.

6

I woke up and went to bath and tied my bath and everything then left to make breakfast

Advertisement

I found Limise already in the kitchen making coffee he saw me and gave me a straight faceyou see this dude is so scary with his intimidating face I just so unsure when I'm with him he has that deep aura in him that I don't understand , he sat down on the counter and drink his coffee while I prepare breakfast I decided to break the silence.

"Uhm...Bhuti Limise is Mama joining us?".he chuckled

"I thought I told you not to call me bhuti I'm not your brother so stop calling me brother just say Limise okay". He commanded I nodded.

"Uhm..is she asleep?".

"Yeah she is still sleeping you know how being a nurse can be especially working all night long so I think she needs to rest even if it's her day off today". I nodded.

"Do you need any help making breakfast". What? Him wanting to help me is that a joke or something? I shook my head.

"Okay then bring my food to my room". say what now? He stood up and left holding his coffee wow such a jerk he wants me to bring his food in his room....am I his girlfrienddamn look at me talking to myself as if I'm not scared of him of cause I'm scared I put his food on the tray and walked to his room.

Why is he making my work here difficult?

I entered without knocking ohh lord I almost dropped the tray he stood there naked....yes when I say naked I mean naked with every part of his body advertised for me I turned my back on him I heard him chuckled a little.

"There is something called knocking Ayolwa". Is he serious.

"How would I knock when I am holding a tray with both my hands?".

"You've got guts giving me that answer you think you smart huh put that tray down and get out of my room". Wow he is a jerk I tell you I didn't even bother looking at him I felt tears flowing down my cheeks I sniffed then went to put the tray down and quickly walked out and I went straight to my room and locked it.

I have headache from crying and I regret myself for crying I mean I should have expected that from him my head is throbbing damn the pain I slowly walked out and went to drink water I found his mother there.

"Ohh my baby are you okay you don't look fine?".

"I have a headache and I cried a lot because it was painful". I lied.

"Okay waif for me here". She went to her room I so wish I could not bump into him because I don't know how I will react of feel. She came back with pills in her hand.

"Here drink two they will make you drowsy but they help I know this I'm a nurse after all". I chuckled I drank the pills.

"Don't worry I will cook tonight go get some rest". I nodded then went to my room and dozed off they actually work these pills.

(Adding some character's so please be ready). I'm sorry it's short

7

I'm Limise Ndimande the first born here at home and I'm very intimidating if you know what I mean, when I heard her sniff I knew from then that behaved like the jerk dammit

I went to the kitchen and Mom was cooking haibo where is Ayolwa? I went to make a sandwich and sit down eating.

"Mom where is Ayolwa shouldn't she be the one cooking?".

"Well she is sick has headache even she even has eyebangs she said she was crying because of the headache". What fuckk.

"Uhm...can I go check up on her?".she frowned at me.

"Why do you want to do that".this woman why is she asking me that?

"Mom what's with the 21 questions kanti?".she chuckled.

"Nothing I was just asking I mean you never cared about any of my maids I'm just suprised that's all". I chuckled.

I went to her room and when I open it well she locked it I guess she doesn't want to see me so I went back to my Mom.

"Mama don't you hava another key for her room she locked it?". She laughed hard haiibo this woman.

"Then it means she does not want to see anyone so myeke".
(leave her alone) I won't do that I gave her my serious face.

"Okay don't give me that face it is in my room at my drawer just go look for it". I quickly went to look for it and I found it I went to open her room and I went closer to her bed she was sleeping yes she has dry tears on her cheek kanti did I hurt her feelings that much?.shuth uyashesha ukuzwela... when I was about to touch her face I heard laughter and loud noise coming from the kitchen damn are they here I went out and went straight to the kitchen finding my brother's there.

"Wooah look who's here when did you get here and why didn't you tell us that you were home huh?". that was Lumko he is the second born while the third born is Lomso and our last born goes to the princess of the family Liyana she is still in university that one and we are keeping an eye on her we don't want any boyfriend's or parties we want her to focus on her studies and she knows we are watching her so she won't do anything stupid that would jeopardize her studies.

"So what are you guys doing here?". They chuckled.

"This is our home too so we are allowed to come and see our Mom". Said Lumko.

"I'm asking myself why are you here don't you have work?". I chuckled trust Lomso to say that.

"I took a break and pluz I'm not staying far from Mom so I can come here as long as I want I don't get where the problem is". They share a chuckle.

"Leave your big brother alone wena you just came in while I was cooking but I've finished now and my baby girl is sick so I had to cook". They gave her a confused face.

"Haiibo Mom even Liyana is home?".

"No she at her apartment kanti aren't you keeping an eye on her like you guy's do but anyway I'm talking about Ayolwa my new baby". haiibo since when is she her new baby??

"Ayolwa there is a new...

oh la la ". Said Lomso looking behind me and when I turned back she was wearing her summer dress and she was looking beautiful with those eyebangs and she looked down I guess she was shy.

"Hello". She said softy the gents whistled I glance at them my Mom was smiling.

"Come here my baby don't mind these jerks they are my boy's the one's I told you about meet Lumko, Lomso and you will soon meet my last born Liyana". She nodded.

"Damn you are beautiful Ayolwa nice to meet you".said Lomso he better not have any silly ideas.

"Nice to meet you all".she helped Mom arranged the table and Lumko helped too I know this one he likes doing this...we sat down and ate I kept glancing at her she was chewing slowly looking at her food she is still beautiful even when chewing food....haiibo the hell is wrong with me? Why am I looking at her like that?

8

I was still hurt by Limise's word and I didn't even look at him but I felt his eyes on me gosh he is making me nervous his brothers are cool I've got to give you that they made me laugh yesterday it was fun. I was in bed thinking of my mother I decided to call her.

"Sanalwam uyaphila phofu?(my baby are you okay).

"Yes Mama I'm alright everything is okay can I send you money since I will get paid tomorrow I will transfer it in your bank account please use it wisely Mom".

"Ohh my child thank you so much I promise you I'm done with that life I'm never going back". Sound promising.

"I'm glad Mama I will surely pay you a visit when I'm off okay stay safe I love you".

"I will be glad to see you my dali I love you more my angel". She has changed I can feel it wow I can't wait to see her. She is

lonely she needs to find some love...don't look at me like that my Mom is hella beautiful and sexy she's got a body to die for any man would be blessed to have her but I guess my father's passing tore her apart but i best believe--- Dad would have wanted her to be happy and move on I mean she mourned for him so it's okay to move on right....yes it is I looked at the clock it was 3 o'clock I decided to go to the kitchen to drink water I was thirsty....why is my mother awake at this time maybe her phone wake her up I guess but mina akulaleki I'm busy reading these novels and they are so interesting I'm wearing a short and a shirt that is just above my knees.

The light was off so I didn't want to turn it on so I went straight to take a glass and pour water from the sink I don't like cold water that much.

"Mhh..mhhh".someone cleared his throat I nearly dropped the glass damn he scared me

Advertisement

I turned and it was Limise why is he here?.

"You scared me". He chuckled

"I'm sorry I didn't mean too are you okay though?". I nodded he came closer to me I took a step back what is he doing?.

"I'm sorry Ayolwa". He sounded sincere I don't know.

"What are you apologising for?". He stood in front on me I was forced to look up at him he is kind tall so yeah.

"The way I spoke to you the thing's I said to you I'm sorry I didn't mean them". I nodded.

"Say you forgive me please". I smile.

"Fine I forgive you Limise".

"Fuckk the way you say my name feels so good". Hebana did he just say that?

I looked down he touched my face and made me to look at him he moved his face to mine until I felt his breathing in my face I opened my eyes to see him looking at me smiling then he smashed his lips on mine and I responded back until he forced his tongue on my mouth opening my lips I froze I didn't know what to do.

"Just do what my tongue is doing please". He begged and I did the same thing his tongue was doing and I felt shivers rush down my body the electrifying feeling I felt was out of this world. He went to my neck and blow some air and gosh it was an amazing feeling he licked it and kissed it then he stopped and look at me.

"Be Mine Ayolwa". Huh I was confused at that.

"Think about it because you can feel it too sleep tight". He left me there I also went to my room thinking about how he wants me to be his wow.

9

It was in the morning already I prepared breakfast for everyone and we all set in the table and dulg in and I went to wash the dishes while and the brothers came to give me hugs telling me that they are leaving and he was also leaving for work.

I cleaned and went to watch TV then my phone rang and I answered it.

"Hello".

"Please don't be formal with me wenzanton apho?". It was Limise

"My phone numbers were did you get them?". He chuckles.

"That doesn't matter what matters is that I'm hearing your voice and it's making me feel some deep feelings that are hinden". Yooh this guy is making me blush.

"Aren't you at work Limise?". He groans.

"Say my name like that I'm leaving work and coming there to fuck your brains out". Wow why enje?.(why is he like this?)

"Can you get back at work please I'm trying to concentrate on this movie but you in my way". He chuckles

"I'll let this one here pass but I can't wait to see you". Mhhh

"I need to do the laundry bye bhuti". He groans and when he is about to say something I hang up oh my God he is going to go crazy knowing i hang up on him why did I do that dammit I'm screwed as we speak there is no laundry I did that and the clothes are already dry as we speak. I watch the movie until I dozed off my eyes were heavy so I shut them.

Few Hours Later

I felt someone shaking me up and when I look up it was Limise's mother I quickly sat up but I was confused to see that I was on my bed but how?

"Mama when did I get here I remember watching tv I think I dozed off but how did I get here....oh my god I was sleep walking wasn't I?" I heard a laughter outside the door that deep voice is him.

"No you did not sleep walk it was Limise who carried you here he says your body will hurt if you sleep on the couch". Well he is right.

"Uhm... thanks to him it will be fine now what time is it I need to make supper". She chuckles.

"Ohh don't worry sweetie we ordered in so you won't cook and the time is 17:58 you can sleep my dear he will wake you up with your food".

"No there is no need for him to do that". She smile looking at me.

"He seems to care a lot when it comes to you". I blush looking down.

"Oh no please don't say that". She laughs a little.

"If one of my son is into you then I can't stop that". I shook my head still looking down how can I look at her when she is saying such thing's.

"I have nothing to say Mama I really don't".

"Okay my makoti or rather daughter inlaw". I laugh joining her she stood up and walked out. She then peeped through the door

"Ohh he is going to bring your food". She shut the door laughing on her way damn this woman is doing this to me. I dozed off again.

10

I felt someone shaking me up again haii this one was rough I got annoyed by this.

"WHAT?". I yelled and he chuckles at me dammit it's him___ Limise he was smirking at me.

"What do you want Limise?". He shocked me when he got under the covers haiibo bhuti wenzan??

"Limise". I said in a low voice___ he lay down and look at me I was still suprised by this until he made me lay down and got ontop of me my breath hitched and I breath out loud he smirked at me...what is he doing? What if his mother walks in on us? What will we say or rather what will I say? He made his face touched mine our lips were so close I could feel his breath on my face my eyes were closed and when I opened them he was staring at me.

"You are so beautiful do you know that why aren't you in school?". Why is he asking me that question.

"Well I passed well with 5 distinctions and I've always wanted to be a chartered accountant but then we did not have money at home". This topic hurts I think he saw that heck he kissed me instead I kiss him back holding his head and rubbing it he went to my neck kissed at and undressed me whoooah I can't have sex with him___ I mean not now this is wrong is so many ways but I let him unhook my braa I have big breast but not that big medium one I guess he kissed my nipple while pinching the other one.

"Ohhh Limise".

"Yesss baby". Gosh my body was on fire this is beyond the word amazing he went down to my stomach leaving wet kisses and removes my jean leaving my lace panty I like them so I'm not embarrassed

he groan.

"Fuckk you wearing a lace". I chuckle

"I love lace is there a problem maybe".

"Nope it's fucking sexy". He ripped it off I gasped.

"Haiibo that's my favourite one why did you do that?".

"Fuckk you cookie smells so good let me eat it up". He eat me just like he said he would he pushed his finger in I gasped.

"Breathe Ayolwa relax". I did as told it's been like what...well I don't know since I had sex but it's been long I can say he finger fucked me good I moan.

"Ohhh yesss Limise it feels so good". It was good my god he is a man who knows what he is doing. He continue finger fucking me until I cum he walked to the bathroom and came back with a towel and wiped me then he got inside the covers I laid on his chest.

"You can't sleep here your mother will freak out in the morning".

"Mom went to see Aunt Belina so she will come back tomorrow
emini I think so don't worry plus I wake up early". I nodded yes
he does wake up early that's for sure.

"But where is my food?". He chuckled.

"Haiike I'm tired mna I can't go to the kitchen now you will eat
tomorrow let's sleep". I wanted to protest but I didn't I even
wanted to ask what is this that we are doing but I let it slide
then dozed off these days I'm quick when it comes to sleeping.

.

11

I woke up and my room smell of breakfast I sat up straight and I find him looking at me with a smile on his face.

"Stop looking at me like that did you make breakfast?" He nodded.

"Haiibo since when do you make breakfast?". He chuckles.

"Well for the love of my life I would definitely make it and yes I did let me feed you". He took the tray and started feeding me this is new to me yes I'm not a virgin I got played when I was in high school but getting this treatment is new to me. He finished then took the tray I also went to the bathroom and got inside the bath, I heard someone open the door I scream so loud.

"Ahhhh_____ Limise what are you doing here". He was shirtless my God this guy what is he doing here?

"I'm joining my girlfriend is there a problem?".

"You can't do that I mean...this is wrong". He chuckles.

"But I saw your body yesterday so there is no need for you to hide you breast so stop doing that". I shook my head I heard shuffling and he got inside I felt his manhood on my lower back I shiver at that moment

Advertisement

he touch my back and we bath with him touching me every part of me he even wash my nuna but I couldn't wash his manhood haii ngeke sbali never he chuckles when I said that to him.

He wrapped a towel on his waist and left my room and I took off mine then started to lotion myself and dressed in my short jumpsuit, I went to the living room and watch soapies and I got disturbed by a knock I went to open and found this beautiful slim lady she eyed me with a confused face.

"Can I help you?". I ask her.

"I'm looking for Limise is he here I was told by his brother that he is here". Ohhh I nodded and let her in.

"So your name is?". I ask her

"I'm Thandiwe and you are?."

"Ayolwa I work here let me call bhuti for you". I left her in the dining room she looks like a slay queen you should see her tight short dress haii I would never wear like that mina I knock on his room but he wasn't there in this house there is small gym so I went there and yes he was there doing push up and the sight of him made me feel some kind of a way I stood there watching him forgetting that there is a lady waiting for him he felt my presence he stood up and walked towards me.

"How long have you been here?".

"Not too long" He pulled me to him and he kissed me and I kiss him back, I pulled out remembering that I was here to call him.

"Uhm...a Thandiwe is waiting for you in the dining room". He widen his eyes more like popped them.

"Are you sure".

"100% sure". I left him there and went to the dining room and she was talking on the phone but she did not see me".

"I told you I will get the money he is too occupied to notice so I will steal it". Say what now.

"Fine Steve I will go to the doctor to see if I'm really pregnant if then we will pin the baby to him". I was shocked by this who will she pin the baby too I wonder I walked away and went to the kitchen.

So that means she will pin the baby to Limise and steal his money never not on my watch I don't allow that.

Yooh this girl has the nerve shame....

12

I watch her as she tell me she thinks she is pregnant my world crush apart I mean I just found the love of my love and she just came in and tell me this wow I'm more shocked than ever.

"So what you saying is that you pregnant?". She shook her head.

"I think I'm pregnant well....we pregnant I don't know yet but I have been having these symptoms and I did my research so tomorrow I will go to doctor to find out".

"Then I'm coming with you". She shook her head.

"Uhm....you don't have too I mean you will see everything when I came back".

"Ohh okay then if you say so". She stood up and left damn this is a lot to take in I mean I'm screwed I went to the kitchen and she was busy cooking that's my woman right there but after these news I'm sure I lost her.

"Mhh...mhh can we talk". She turn and look at me.

"There is nothing to talk about I know she wants to pin the baby on you I heard her talking to a Steve about stealing your money so you don't need to explain it I get it". Huh the hell is she talking about I was confused.

"Huh what did you just say?". She gasped.

"Uhm...I'm sorry I didn't mean to burst like that I thought you knew". Haiibo knew what I'm dumbstruck right now.

"Ayolwa just say what you just told me in a calm way please just calm down and tell me". She sat down on the chair and explain everything she heard and I sat there shocked...wow she played me I mean she wants to steal money from me if Ayolwa didn't hear her then maybe I would have been a fool.

"Damn so this was the plan all along?". She shrugged.

"Why didn't you tell me you had a girlfriend?". I froze at that question why didn't I?

"Well I was going to tell you the thing is me and her were having some problems so I thought it doesn't matter". She chuckles.

"Are you hearing yourself right now wow Limise wow". She left me and bang the door of her room eish I'm in trouble now.

I decided to call the second born he will help me out on this one I have to make that bitch pay I mean who does she think she is for thinking of double crossing me she will get what's coming for her and that Steve of hers.

"Limise I'm busy say what you want bro". I chuckle

"Hayi sundiqhela kwedini yevha don't forget I'm older than you". He sighed

"I'm sorry bruh just that I just lost this important client so I'm stressed right now".

"I can relate broh but I'm in trouble with my lady here so that's why I called you I don't know to do this love thing is new to me". He laughed so hard nx this idiot.

He thrust in me again hard this time I scream feeling him deep inside me.

"You're deep Ncedo too deep". He smirk and continue thrusting on me God this grown man is making me feel like a teenager I don't know if my boy's will like him but Liyana likes him she knows about him they have been communicating a lot and she even calls him Daddy, he has two sons.

He moved faster and we both reach our climax this was the forth round this man can go on if he likes but I'm tired I can't we laid there catching out breath.

"I will have to tell the boys about you". He sighed.

"I know sthandwa sam and I will have to tell mine too but I'm happy that Liya knows". He went to the bathroom and he came out with a towel and wiped me.

"Call them and tell them to meet you at your house then you will tell them it's still six o'clock in the morning so we have time". He was right I called Lomso.

"Ohh that's a relief okay I'll tell them so what time should we go there?".

"Uhm let's say ten o'clock".

"Then ten o'clock it is". I hang up and he called his boy's too telling them and we both went to shower and he did it again well we made love again with the warm water flowing down our bodies

we lotion ourselves with him lotioning my back and I did the same to him my man was a big man well he was buff but had a beard that had little white hair, tattoos on his arms my body will definitely freak out but I'm hoping for the best.

We made breakfast and eat while talking and laughing he was telling about how the brother's should not keep an eye on my daughter because he will do it himself shame my poor baby she has very protective people in he life she will cry hearing this.

The time finally arrived and I drove off to my house and got inside finding Ayolwa and Limise cosy on the couch haiibo was I gone for long? I cleared my throat they jumped on my account she was shy but I was glad they got to know one another.

"Mom you've been scarce lately". He notice I nodded.

"Your brother's haven't arrived yet?". He look at me confused.

"They were suppose to be here....why wasn't I told Mom?". I shrugged and look at Ayolwa besides him.

"Ayolwa baby don't I deserve a hug maybe" she came to me and we hugged and she cried haiibo what's going on? I pulled apart....my boy was looking worried now heee these two

"What's wrong baby did he hurt you somehow?".

"Mom I didn't do anything to her she was fine not so long ago". He defended himself.

"No he is right I just miss my Mom I know she is not the best Mom but she tries I wouldn't be here if it wasn't for her can I please go see her this upcoming weekend". wow she really miss her.

"It's fine you will go and see her Limise will gladly drive you home". She wiped her tears and went to her room.

"So what's going on between you and Ayolwa?". He avoided eye contact.

"Well nothing much but I like her we are trying this love thing out Mom please don't judge us it's my first time being in love". I wanted to laugh he sound so frustrated my poor boy.

"I understand my boy I'm happy you the one for her she will be happy and please don't break her".

"I won't Mom I promise" The boy's got inside laughing at something and I was suprised to see Liyana she ran to me and we share a warm hug.

"My Angel don't you have classes why are you here". She smile and wink at me.

"The bros told me you have something important to tell them well it's about time Mom". She wink at me and I laugh we settled down and I started getting nervous.

"Mom are you sick?". Ask Limise.

"No I'm not sick but this is urgent....uhm boy's I've been seeing someone". They look at each other and chuckle at the same time you would swear that they told each other.

"Mom are you serious?". I nodded.

"Yes I'm serious boy's and I need your blessing to continue my relationship with him he is a nice man".

"Guy's Mom is right Tata uNcedo is a very great man and they look good with Mom a very beautiful couple and you won't stop Mom from dating because it's been years now since Dad died and she mourned for him so please think about this". Ohh my little princess has grown.

"So you know this man while we don't?". Ask Lomso.

"Yeah he is so amazing and I urge you guys to give him a chance".

"We will think about it". Said Lomso well that went well.

We went to the kitchen and Ayolwa was done cooking.

"Who is she?" Ask Liyana.

"Ohh this is my other daughter Ayolwa please be nice to her".
She went to her and hug her Ayolwa was shocked.

"Well I'm Liyana your sister I don't know if I'm the older one or young one but I'm your sister". She has a nice heart.

"Well I also don't know but I think I'm older than you". Said Ayolwa.

"Can we please eat you will talk later about your sister bond".
Said Lomso my other son was quite Lumko I think he is thinking
about this but he is a very quite boy.

"Lumko are you okay?". He nodded and eating I will have to
talk to him alone we finished and the girls wash the dishes then
suddenly Lumko broke down we hurried to him and I hug him it
hurts seeing my son break down like that we went to the dining
room and he was sniffing right now.

"Dude what's wrong talk to us?". Ask Lomso.

"Please Lumko bhuti thetha nathi".(talk to us) That was my
Liyana she was brushing his back, Ayolwa was sitting near
Limise.

"I miss Dad a lot I mean I know it's been year's but I just miss
someone to talk too no offence bros but it would mean a lot to
me to have someone old enough to talk too". That was deep.

"At least you knew your Dad mine died when I was young so please appreciate the time you had with him". That was Ayolwa wow she went through a lot.

"I know and that's why I want to meet this Ncedo man of yours Mama". What....I was shocked including the guys.

"Dude are you for real what if this man is a criminal or what". Said Lomso the hell I gave him a dead stare.

"Shut up bhuti that's Tata you talking about he is a nice guy and I like him please give him a chance I'm begging you". She was on the verge of crying and they didn't like it.

"Okay okay you don't need to cry we will see him and we know that was an act". She laughs and nodded.

"That's why I love you guy's".

"Yeah yeah we know" they chanted together.

I'm glad they will see him and I'm scared they will freak out but at least I tried.

NCEDO KWAZA

I'm Ncedo Kwaza and I have two son's who are already making thing's by themselves and I'm so proud of them and their Mother is alive but she does not want to see them I've been trying but she always says she is not ready I mean the boy's are old enough to know their biological Mother but she is too stubborn to see and I won't beg her forever I have my own treasure my own woman, Nomthandazo won't see me begging her.

My phone rang and it was Liyana I just smile and the boy's looked at me.

"Uhm...hey princess" they look at each other shocked mind you this was a video call.

"Daddy they agreed to meet you I've been telling them they will like you". She was so excited wow I can't believe I have a baby girl I've always wanted one but Nomtha couldn't conceive so she left me saying I'm the one who but I know I'm not.

"I'm glad to hear that look I will was just about to talk to your big brother's can we speak later". She nodded and I hang up and look at my two boy's who's jaws were on the floor I chuckle.

"Close your mouth before flies get in". They did.

"So Dad we have a sister that we know nothing about". That was Yamkela the older twin.

"Well uhm....I've met this wonderful woman who swept my heart away and I've been spending time with her and getting to know her and I can finally say I want to spend the rest of my life with her

Advertisement

she is a good woman and she is everything I want in a woman, she has kids well grown kids on that three boy's and one girl Liyana the one I was talking to right now". They look at each other shocked.

"So she calls you Daddy already wow she is fast". That was Yamkelani.

"No with her it's different I've seen her and we spend most time when she didn't have classes but her Mom does not know about that and she would call me and she adjusted on that and one day she started calling me Daddy which I wanted to cry because I've always wanted a girl".

"Are you happy Dad?".

"Yes I'm more than happy". They nodded.

"Well we've never met our real Mother and we wish to meet her but we know she doesn't want to see us so we will allow this woman in your life to play her role I just hope she won't be a bitter stepmom". I chuckle

"She won't I promise but if she does then tell me so that I can also be a bitter stepdad it's a 50/50 thing you see". We laugh that was a joke.

"But then if you happy Dad then what's stopping us from being happy too so we will like to meet her". This was it I'm so glad.

I text my woman telling her that the boy's would like to meet her and she said they will come to my house wow I need to prepare.

"Okay it's final they will come here". They nodded.

"I guess we have to hire a chef to cook food then". Said Yamkelani I nodded.

"Yeah nice thinking I will call chef Mario to come". He is our best chef even though he is young maybe a bit old to Liyana I'm the one who raised him when his mother died because of cancer and he has his own restaurant his mom was a black woman while his was a Russian man who also died he was killed.

I stood up the boy's went to their rooms well they have separate rooms here so that's fine with me, I called Mario Zemvelo Puerto that's his full name and surname.

"Father". He is so polite.

"Son I need a favour".

"What favour is that Pop's?".

"I want you to cook dinner here in my place the special lady I told you about is bringing her family here so I also want you here you are my family isn't it?".

"Wow I'm also included that means a lot Pop's thank you when will this dinner happen?".

"Well I don't know yet but I will text when I know when okay take care and remember i love you son".

"We love you too bro". I turn to see these idiots eavesdropping on my call Mario chuckle.

"I love you more Pop's and the twins of cause take care". We hang up and the twins decided to order in.

"So your penthouse is empty right now?". They chuckle together.

"Dad are you kicking us out?". I shrugged.

"Maybe or maybe not who knows". We share a laugh.

"On a serious note Dad thank you a lot you've been there for us in the beginning and still here for us we happy to call ourselves your twins I mean our Mom left for a rich man not knowing that you will work hard and be twice as rich as that man of hers I just wish to see her and ask her if we didn't deserve her love". Said Yamkela I know they are thirsty for the love of their mother but i know Nomtha all she cares about is money so they should forget about her.

"When you meet her then you will ask anything you want and decided that you want to do next okay".

"Okay Dad." We dig in on our food.

16The drive to the Ncedo's wasn't that pretty long and I was driving with Nozibele and Liyana she is a full mood this one I like her, I don't know why I'm going with them but they said I should go too so here I am going there.

We arrived and got out damn this man has money look at this house we knock and two lookalike guy's open for us they were gorgeous but my man takes the cup yep he does.

"Hello you can come in". They welcomed us in a good way and they show us the dining area and we sat down and this fine man sat down near Nozibele and he was buff my God and those tattoos he looked good yena.

"Hello everyone" Liyana ran to him and hugged him wow they share a great bond they pulled apart

"You promised me you will call later but you never did Dad".
Wow this is amazing

I was smiling all along.

"Uhhh...well I kind---".the twin brother cut him off

"Well he forgot because he was with us all night long".she gave him a confused face

"I don't believe that". She sat near him and laid her head on his shoulder this one is a daddy's girl I tell you.

"Firstly I'm Ncedo your mother's partner who I love so much these are my two boys Yamkela and Yamkelani yes they are twins, I love your mother so much and as you are here I want to ask for your blessing to continue my relationship with her". The gents look at each other and nodded.

"Well if you make our mother happy then we are also happy but if you break her heart we will surely break your knees". That was Limise and we laugh.

The mood got better we got to know each other and we went to the kitchen when this God greek guy came and greeted us.

"Ohh and this is my other son Mario he is---" He did not finish that as the Limise laughed and caused choas.

"Dude you here while you own me money". said Limise then Mario chuckled.

"I don't own you money man what are you talking about".said Mario

"Damn Zemvelo do you know I could have gotten in trouble at that restaurant and later I found out it's yours you played me". He laughs.

"Man stop tripping I did not do such you were the one who was suppose to pay but you gave me the 'I forgot my wallet at home'..excuse".

"But it was true dude I'm gonna get you". They fist bumped laughing.

"So it seems you too know each other". Said Ncedo

"Yeah he is my friend this one but it was just for a week".said Mario and they laughed at his joke he sat down and glanced at Liyana who was not paying attention to him.

"So Dad aren't you going to introduce me?" Ask Mario

He introduced them and that's when Liyana played attention to him and she glance at him too whooh these too I smell love but I fear that it will not happen even though they aren't related.

17

I was in my room at Res thinking about Mario, I don't want to lie he looked handsome and I couldn't get my eyes off him, I notice the bond he has with my older brother Limise and I must say I like it and while on my thoughts about him my roommate Sasha got in wearing the most shortest dress ever. I sat up straight looking at her wondering where she is heading off. She gaze at me.

"What are you looking at go get dress we are going to party".
Huh? Mind you I'm not a party person but I would like to go just for once It won't hurt right?

"You mean now Sasha?". She fold her hands and gave me a straight face.

"Yes it's eight thirty silly go get dressed". I went to the bathroom and brush my teeth.

Meanwhile(narrated)

**

Sasha takes her phone and text someone.

"She will be there". Sent

"Nice doing business with you".replied the person and she sent a smiley emoji then closed the WhatsApp app and Liyana got inside and went to her wardrobe taking our a black dress and got dressed then glance at Sasha.

"How do I look?". She asked.

"You look stunning to me hurry up let's go". They walked out and the uber waiting for them they got inside and it drove off to Quizz Club.

They arrived and Sasha held Liyana's hand and they went to the VIP and sat down, the waiter took their orders mind you Liyana did not order alcohol and Sasha was suprised but she let it slide.

"No man Liyana you can't be serious have some fun

Advertisement

here have some brutal fruit it won't hurt you if you want wine then you will get it not some fanta juice you embarrassing me". said Sasha earning a chuckle from Liyana.

"There is nothing wrong with a fanta Sasha take a chill pill I don't drink so please don't try to force me". Sasha scoff getting angry a little.

"Please I'm begging you I just want us to go to the floor and dance our pain away I don't want to be tipsy alone to drink alone pretty please" Liyana sighed and finally agreed and Sasha screamed knowing that her plan worked.

They started drinking and Sasha find the right time to slip a pill on Liyana's drink and Liyana got back at it because she was looking at some girl who was dancing on the floor and she ip on her drinking and Sasha smile.

MARIO

xx

I was sitting in the bar when I saw that lady slipping a pill on Liyana's drink and I glance at their table wanting to know what will happen, what is she even doing here on parties like this shouldn't she suppose to be studying or something? I took a sip on my whiskey I always come here when I'm bored looking for a pretty lady to fuck but I guess I won't get one tonight because I have to keep a close eye on Liyana there damn she is wearing a tight dress....let me not focus on that right now.

I see a guy walking to their table and he sits next to Liyana and I get this marvelous idea I text pop's saying I need Liyana's number it's urgent and he doesn't hesitate he gives me the number and I call her mobile while looking at her she jumps a little taking her bag behind her and I keep a close eye on her friend and that dude and their eye's are communicating, the guy snatch the phone away and chuckles a little damn that pill is working she is now leaning on the guy, touching him I'll be slammed to let her do that she is Limise's sister and my fucking wi....whoahh not fast boy not fast I walk to their table.

My eyes are heavy seeing this guy next to me it's like thing's are happening slowly and I can't add up what's going on? I see

myself touching him and all that I can't stop myself I'm feeling unusual. A voice erupt in our table and I turn and see familiar face.

"Liyana it's time to go". He said and I glance at him remembering it's my Mario....ohh No I did not just say that he is blurry but I can see him a little and I smile.

"Mario you csme to take me home?" He nods.

"She came with me and she is not going anywhere". protested Sasha and I was so tired and finally darkness welcomed me.

MARIO

I watch as she blanks out on that couch and take out my phone calling her cell and it rings in his hands I glance at this naive lady.

"If you don't want me to call cops on you then you will gladly give me her cellphone so that I can leave with her or else her brother's will came here and beat the hell out of you". He hand

me the phone and I take her bag and scoop her on my shoulder....how should I carry her I don't know I never did this before I glance at her friend and shook my head.

"Nc nc nc you will know what you messing with I'm not done with you". She looks scared and I walk away with Liyana to my car I put her on the back seat she mumbles my name I smile damn is she dreaming about me?Fuck why would he dream about me anyway?. Arghh what a stupid question I get in and drive to my house. Yes I have a house which was my Mothers house because she passed away that woman was a rock I mean after losing my father who was Russian and raising me until I finished school and they both left a legacy for me and my children which I will have, I also have businesses of my father in Russia that I need to take care off but right now I want to focus here.

I put her in the bed in my guest room and leave the room going to mine throwing myself in bed. I would be fucking some lady right now but Liyana had to be stupid enough to trust that friends of hers who was about to sell her off damn I hate people who gain money by doing that I need go buy that club it needs some change.I doze off.

18

I try opening my eyes but it's like they don't want to but I try again and yeses I have the mother of all headaches what happend yesterday?.

I look around me and this room is unfamiliar dammit why can't I remember what happend?.

I remember being in the club with Sasha and we were just drinking oh my God where is Sasha? While gasping I remember what if....no no no I touch my cookie and thank God it does not feel funny or anything the door got open someone I didn't expect to see gets in and smirk at me.

"You up already took you long I see". He said moving and sitting in the edge of the bed.

"What am I doing here Mario". He chuckled.

"She remembers my name damn that's cool well let me start from the beginning....-". My jaws were on the floor and I was

fighting my tears from coming out how can she do this to me? To sell me off I mean what if that guy has diseases? My God I thank you lord.

"Wow I'm speechless I mean I trusted her but she has been nothing but evil thank you Mario". I jumped on him hugging him and I inhaled his scent damn he smells good he cleared his throat and I pulled out.

I'm embarrassed right now I look down.

"It's okay you don't have to be embarrassed I understand next time know who your friends are okay". I nodded and he stood up.

" Take a bath and come downstairs to eat I've made breakfast". He walked out and I took a bath wearing the same clothes and I found him in the kitchen and we dig in and he was swallowing slowly I was kind of stealing glances at him and I stopped myself.

I finished then offer to wash the dishes but he refused and said I must relax he will do everything and I went to sit in the dining room I must say this his house is stunning guy's the guy knows taste.

He joins me and put in a music channel Mtv and amapiano is playing which is Vigro Deep ft Focalist x Blue Monday damn this track is lit I love both of them especially Vigro Deep I start joining Focalist missing some few Sotho if I'm correct words there and he laughed at me and I give him the "what" face.

"I'm sorry but you killed me on that part dude you can't sing". Ohh he is morking me I see.

"Mxm you jealous because you the one who can't sing". He chuckles and I continue watching the channel.

"Uhm...I have to go back to Res I can't avoid her forever I mean I need to act like I don't know a thing about what she did and from now on I won't eat her food at all I don't trust her". He nods and stood up taking keys and gaze at me.

"You're taking me to Res?". I ask which he finds funny because he laughs gosh that one dimple on his left cheek and that cute smile I went upstairs not wanting to get lost and take my back going downstairs and we walked out getting into his car yesss beautiful people he open the door for me what a gentlemen right? He drove to my Res.

LIMISE

xx

I called Liyana again but her phone was on voicemail maybe she is busy with school stuff you know

I glance at my beautiful girlfriend beside me and I went to the kitchen. I decided to make breakfast for her and I went back to our room.

"Baby woke up". She mumbles some thing then still sleeping I shook her again gentle but nothing then I decided to get under the cover and so lifted her night exposing her shaved cookie I started licking it, biting it clit then I shoved my middle finger then muff her and I think I heard a little moan.

"Ahhh Limi". Ohh I'm Limi now damn this girl is making me feel some kind of a way I removed my finger when I feel her wall getting wet I slowly move up and came face to face with her face and she was slightly sleeping I chuckle taking my member out and positioned it on her entrance.

I thrust in her hard and she gasped all eyes out and out of breath. I smile.

"Hlisa umoya ubufina ndikuvuse kanje andith?".

- Calm down you wanted me to wake you up like this isn't it?

I chuckled and move gently but I changed my pace then I went faster on her hammering hard into her walls she flinched.

"Ohhh not so deep Limise". She moaned then digging her nails on my back I kept on moving faster and together we reached out climax.

We stayed like that panting catching out breaths the she pushed me off her.

"You didn't have to do that you know". She said getting a chuckle on me.

"Oh really then why were you moaning loud enjoying what I was doing". She hit my chest playfully.

"Uyadika Limise".

-You are annoying

I touched my chest and gave her my puppy eyes she laughed so hard.

"Damn baby you ugly when you do that". She laughs and I join her.

I take the tray and put it on her thighs. She gives me a kiss.

"Thank you baby this is amazing I love you" She starts digging and stops glancing at me then she feeds me not taking no for an answer so I obey.

"I'm going home tomorrow I need to be with my Mom she miss me and your Mom does not have a problem with that I hope that's fine with you".

I will miss her but she loves her mother and she has been here for long now even though she send her mother a lot of money but that does not mean she should not see her so I fully support her.

I've been staying with my Mom and I must say everything is good and she has a new man in her life she even renovated our home it looks so amazing right now I can't believe she is a changed person.

Uncle Mthokozisi is a great man who I've seen loves my Mother so much and I admire their love they can't hide it I'm currently enrolling online in North West University doing psychology studies and I've been doing great lately I can't complain Limise bought me a laptop and many things he even moved out of her mother's house and he is currently staying at his house now which I can't wait to go and see.

Today it's hot and I decide to wear my summer short dress I'm not going anywhere so why not I get out of my room and hear

this disturbing sound coming from my Mother's room and I went near the door and hear it clearly.

"Ohh yess Mthoko". Fuck that's my Mom are they shagging in this weather? The hell.

"Mhhh fuckk baby". Let me leave because I get traumatized it really feels awkward hearing or thinking about your parents making love I dont if it happens to me only but it is so damn weird I decide to take a walk and get fresh air.

Walking in these streets calms me down I mean I grew up here and I love it here I came across three girls who are standing near a shop and just as I walk past them I hear one whisper to them.

"Just look at her maybe she is selling her body." Are they talking to me somebody please hold me I'm about to damage someone daughter.

"Look at those braids maybe she has a blesser(sugar daddy)". I laugh and walk to the shop and buy myself white snowball I missed it then I went to them standing in front of them.

"Repeat what you said and see what I will do to you".
They flinched moving backwards I smirk.

"Cat caught your tongue huh? Look here girly I will mop this road with that ugly face of yours you do you think you are huh standing here badmouthing me as if I'm not here huh? Do you know me and wena did you see me selling my body I can get you arrest sesi dont fuck with me I have my boyfriend who can fuck me hard not these lousy cheese boy's of this township nx".
They look at me scared and I walk away they messed with the wrong girl. I get home and find the lovers in the dining room smooching. I throw myself in the couch.

"Can't you wait for me to leave so that you can carry on I'm here too". They glance at me then laughs.

"Look baby we love you here and tomorrow I'm not coming home because I need to get Sive to his boarding school I'll see

you when I get back don't go without seeing me okay". I nod he has been supporting me in every thing and I'm very fond of him right now.

"So you are in love with Limise". I stare at Mom shocked the only person I told is.....I glance at him he looked down suppressing his laugh.

"So you decided to sell me off like that I thought we had a deal". He chuckles.

I couldn't resist the thing's she did to me in bed made me sing all the secrets I've been keeping from what she did to me is called "revealed secrets". She reveals you secret sorry sweetie". Mom gave me a dead stare and I look down.

"Nozibele is my old friend Ayolwa and dating her son is a good because I can see you happy then I'm happy too". I blink countless times not believing this wow I look at Mthoko and he smiles the wink at me.

"I thought you would you would be angry Mom I can't believe this so you give me your blessing to date Limise". She nods and

I jump on her and hug her with kisses all over her face. I also hug Mthoko he is behind this I know I went to my room and call my baby.

"Hey baby I was just thinking about you". I blush can't over how his voice is so deep.

"I missed you too guess what?". He groans loudly.

"You know I suck at that so please rather you tell me". I sighed.

"My mother gave us blessing to date I couldn't believe but all thanks to Mthoko my stepfather he is like my father now". He yells many yes yes yes and I laugh at him.

"That's amazing bbe and you have amazing parents".

"You too baby I have to go and study I love you see you".

"Sir I tried to stop her but she didn't want to". I keep my straight face to this lady and she smirk at me.

"It's fine Belinda you may leave". She left and this lady sat down and I continue doing my work I can be a majority shareholder but that doesn't mean I can't wait she cleared her throat but I didn't look her.

"Limise are you going to ignore me like you don't know me". Say what now I look at her but no man I don't know this girl.

"Vele andikwazi sisi ngubani?"

-Yes I don't know you who are you?

"Uhm okay bbe let me go and cook it's time now". I hang up I wonder what is it that he needs to tell me it really does sound important.

I went to the kitchen and start cooking pap and stew and I wanted to make some salads just to spice out food, while cooking Uncle Mthoko was coming from work.

"Hello to you missy". I chuckle I wonder how they met with my Mother because both of them can be crazy.

I watch as she moaned when I thrust on her damn I don't know why I'm always letting her get to me she hurt me so bad but let me finish this up I'll tell you all what happend.

I pumped in to her hard she screamed I'm glad I sound proofed my room because she is making a lot of noise

I increase my pace then she cum again for the second time damn I'm still going hard on her she needs this as much as I do.

"Ohhh yesss Lomso this feels good". Yeah because it's your last day having it.

"Oh yeah enjoy it baby enjoy it". I say with a smirk she thinks she will play me like that I will show her flames.

I thrust again and when I feel my near reaching I pull out cuming all over her stomach I don't want to make mistake with her like having unplanned baby so yeah I wipe the gun off and

turn her around chest down ass up!! Yeah she will walk away with a swollen cookie trust me I can do that*winks* I glanced at her ass and I smirk dammit this is goodbye I guess.

Her ass is looking good.

Let me eat it up and get this over with I separate her butt cheeks and rub her clit then push my middle finger in her then she winced feeling good I guess I push another one damn the third one and finger fuck her hard.

"Ahhh Lomso yess baby". I chuckled who is her baby?

I plunged my fingers hard and she bend even more I think she want me to get this over with she needs my machine I know she can't get enough of me. I take a condom and put it on and then rub the tip on her entrance she moans.

"Mhhh yesss". She is a.... I can't even say it let me stop before I say something work of line.

I push in and move slowly then increased my pace seems like that's what she likes the most I can't help it look at her ass h*le It keeps doing that opening and closing thing I suck my middle finger and push it in her ass h*le and her body tensed I smack her butt cheeks.

"Relax your body". She does that I push it in and moves it and keep thrusting with my member damn she is tight on this hole maybe I should fuck it too but no I will probably damage her I don't want that so I keep fucking her there and on her pussy.

"It feels so good Lomso please move faster". She begs and I obey moving faster and deeper into her not showing messy the way she is grabbing those sheets tells me that she is near her climax.

I keep going and eventually she cums and I go one until I cum too. I wipe us again I need to have all of her before letting her go she can't keep on playing me like I'm some game of hers.

"Get up Siza". She frowns and get up slowly damn umilile lomntu(she has a good posture/ bodg) I stand behind her and

start by touching her breast and her breath changes and I move back.

"Touch your toes". She gasped and I smack her ass.

Spank!

Spank!

Spank!

Spank!

She winced then she goes down you touching her toes and I didnt even give her the time to relax I rimmed at her hard and she gapsed and screamed loudy this woman can scream I'm telling you.

"Ohhhhh Lomso you too deep". Yes That's what I want isn't it? I keep thrusting hard on her then I felt her body tensed and he legs are failing her she is about to release I pull out and fall down on the floor panting.

"Why did you stop?". I chuckled picking up the condoms and went to throw them in the dustbin in the bathroom and came back she was now on the edge of the bed.

"You don't get to ask me that Siza you told me you are divorced and you don't have kids but you lied to me you really thought I wouldn't find out huh yes you older than me and I respect that but to lie like that dammit Siza you married with three kids what did you think I would do when I find out huh? You thought I would stay and say let's keep on doing this no I'm mature and I can look up for myself you took me for granted and it was the last time you do this to me". She sniffs and wipes her tears.

"You breaking up with me?". I laugh.

"Woman you are married for god sake go to your husband this is over now get dress and leave my house". She picks up her clothes then get dress and she glance at me for the last time.

"This isn't over". She leaves just like that what does she mean when saying this isn't over? Dammit she is going to do

something stupid I should have known better dating her would get me into trouble I take my phone and call Liyana.

"We can do that now if you like". I say and they jumped looking at me with suprised faces and I laugh at them they look at each other and shrugged.

"How long have you been standing there?" Ask the other twin.

"Long enough to hear that my sister is dating your brother the chef do you know Limise will kill him especially because he knows him". They look scared they rub their palms together.

"Can you guys stop doing that rubbing palms together you weird let me go and talk to pops he is waiting for me show me his study".

"Pops? when did he became Pops?". I chuckle.

"I actually don't know can you show me his study ". He does just that and I walk to his study.

Few minutes later we came out talking and laughing he said he will help me if Siza is planning something I gave him her picture and he said he will keep tabs on her so I'm happy that he could help me find gents in the lounge.

"Mhh I see everything is good here". Says the twin I let out a chuckle and they glance at me.

"Okay it is hard for me to know which one is which can you please tell me the difference between you guy's". They laugh and I give them a death stare mind you they are older than me.

"We will fuck you up boy don't give us that stare well I'm Yamkelani I have this birth mark on my neck and he is Yamkela with a birth mark on the back of his neck so you will see me with this birth mark and him you will now it's him because he doesn't have it so can you differentiate". I nod it's easy because he explained it so yeah they asked me to stay for the night and I will use the guest room here so I agree and told my brothers about the get together and they agreed on having some fun with and the twins were happy so am I.

My name is Aseza Mvula and I've been trying to find job since I stay with my little sister(Iminathi Mvula) she is 11 years old while I'm 20 I am a graduate in Public Management and the nsfas money was the one keeping us alive my sister was staying with my neighbor uGogo Khanyile she is very nice granny who has her older daughter and grandkids that's why she helped me when I went to res because my area was far from varsity I just hope these companies I placed my CV in can help me.

We live in a five room house ever since our Mother died out father is alive though but he does not want is as he ran away the moment Mom got since she to HIV/AIDS and Dad claimed she was cheating and I knew that it was him who was cheating so he left didn't even attend her funeral but I've longed past that it's in the past.

I was in the kitchen with my sister making a sandwich for her well it was gritted cheese and polony then put lettuce then made her a juice she started eating.

"So how was school?" She chewed then gulp on her juice.

"Not too much phela you don't want to finish it".She laughs a little showing those cute dimples

"School was nice I can't complain I'm glad I'm in that private school sis but what if you can't pay the fees anymore?". I sighed and look at her.

"I promise I will do anything in my power to cover the fees okay you don't change schools I know how it will affect it so don't worry". She nods continuing to chew. My phone beeps and it is a message I check and my email pops too it was one of the company asking me to attend a interview tomorrow wow God works in wonders.

I scream the hug my sister spinning her around she was laughing and yelling for me to put her down.

"You want me to vomit that sandwich I get that". I chuckled.

"No silly I'm attending an interview tomorrow let's hope I get the job I really need it so let's go pray". We went to my room and kneel down and we prayed and said amen after that, she hugged me and I was happy maybe I will get this job who knows.

I was in my apartment and I share it with four girl's and my roommate has been gone for a week I don't get along with her and the other mates they are just too much I mean they expect me to go clubbing, smoke weeds and drink alcohol which is something I have hate especially if someone force you to do something you hate, I went to the kitchen finding the two other mates laughing talking and they kept quite as they saw me. I went to the fridge and I saw my favorite yoghurt was gone I glance at them.

"Where is my yoghurt?". They chuckled and did a high give. They are testing me.

"Do you see your yoghurt in our faces huh? We don't know it". I was fuming.

"You guy's are getting on my nerves now and you will regret this nx". I left them and I heard a laugh.

I called my man he answered on the first ring.

"Sthandwa sam". I blush.

"I'm mad baby they are getting on my nerves I will do something bad to them if they keep testing me they ate my yoghurt and they think I will let it slide just like that". He chuckles.

"Baby please don't do anything stupid okay I'm coming with your favourite yoghurt you will have to keep the other one in your room". I smile and lay down on my back.

"I just wish Dad didn't find me this apartment because wow lord help me someone kid will be bruised within a week I'm

" You giving a journalist a scoop won't that put you in danger?".
Ask Lona.

"I don't care as long as she is exposed I'm sure she doesn't know her man is famous and I will be a source the journalist won't mention my name". They nodded.

"Uhm..call that journalist now and tell her everything put some salt in there you get me". said Bongiwe smirking.

A door bell disturbed them and Bongi went to open finding five man and she moved back because she was scared.

I turn her around chest down ass up and I got the view of her pussy h*le and damn it looks good I enter and start moving until I move faster.

MTHOKO(AYOLWA'S STEPFATHER)

Me and my woman have been indoors cooking, eating and watching Tv I'm in my early forties while she is in her late thirties and wow her body is to die for. Last week she moved to my house and I must say everything is been great she has changed a lot I can't believe she was an alcoholic

-

I watch her as she laid her head on my shoulder but I was disturbed by a knock on the door I went to open and boom my own mother with three of my uncle's and a lady that I didn't know I got confused and let them in, they walk to the lounge and my woman stood up greeting them my mother and the lady were the only one who didn't greet back. They sat down and I sat down with my woman next to me holding my hand I look at my uncle waiting for him to talk.

"Mshana you must be wondering why we show up just like this but this is your wife and you need to make it official". Thandy

let go of my hand gasping and she rush upstairs and I chuckled looking at uncle bhekumuzi.

"You see that woman who just left now is my wife and you don't get chose a wife for me so please don't make me angry". I was boiling inside the nerve of these people.

"Mthoko don't dare speak to us like that you will marry Thobeka like it or not she has been introduced to the ancestors traditionally she is your wife". I chuckled getting up and pace around.

"Yhooh you people are losing it imagine coming here claiming I have a wife and I need to make it official while I didn't even agree to this madness so let me tell you something you don't know your Thobeka will never get married to me forget it".

My mom chuckled and uncle Zimele was nodding he is the only one who gets me and I can tell that he does not like this.

"If he doesn't want to get married then let's let him be did you see his woman she is beautiful no offense Thobeka but that woman takes the cup". I smile and suddenly we hear a heels click and when I turn my back lord have messy

there stood my woman in her hugging blue dress with her 16inch weave and she catwalk to me and gave me a smile...mhh mhh I don't like this smile at all.

"Baby uyakuphi wamuhle kanjena?".

-where are you going looking this beautiful.

"Well I'm giving you space with your family and your wife of cause so don't mind me". She swayed her hips right past me fuckk I wish I could bend her and fuck her brains out I wonder who will she met. I glance at my family my mom has a disgusting face and my uncles are smiling all of them.

"Mshana I'm sorry for this but she is your wife now all you have to do is make it official" I sit down rubbing palms together.

"What if I marry Thandiwe first then I get to marry Thobeka after that she will be my second wife". They nod except my mother nx this woman has drama.

"I disagree that's absurd you won't do that Mthoko you hear me Thobeka will be your first wife". I shook my head.

"Tell me Thobeka what will you gain by getting married to me? How old are you?". She looks down.

"I'm 25 years old". I gasped and laugh so hard.

"5 years of gap between my daughter no marn this is wrong what will my daughter say huh? That I'm marrying her age mate damn Mama can't you just leave my life alone". She gasped I don't care if I hurt her feelings or not.

"You have a daughter we didnt know about that why didn't you tell us that son why hide my grandchild like that". Aii this woman and drama same WhatsApp group.

"Uncle when are you going back home and why did you leave Dad but why am I asking he probably doesn't know that you are here so don't tell me you will stay here for the night". I left them and called Phillipe.

"Man it's been long what can I do for you?". I chuckled.

"Please find out who my wife is meeting up I will send you her picture".

"Sharp you don't invite me on your wedding I see". I chuckle.

"I'm really married man I will tell you when I'm getting married". I hang up and sat down on my bed and called my woman.

"What do you want Mthokozisi". Wow she is really angry.

"Baby came back home I will explain everything to you".

"I'm outside so wait for me". She hangs up and Philippe send a text saying she was meeting up with a female friend. I was relieved.

She open the door and I didn't even let her speak I smashed my lips on her and and she welcomed me and out tongues danced together I locked the door taking her to the bed, our clothes were flying and soon I was inside of her she was so warm and good, I rim hard and she screamed.

"Ahhhh babyyy". Yes I wanted this so bad.

"She will be my second wife baby please be my first wife". I say moving slowly into her she gasped and nodded.

"I want words baby words". I move faster.

"Ohhh yesss I agree Mthoko". I don't like to make her talk into submission but there way nothing I can do I love her so much to make her my second wife never that won't happen.

I make love to her and this is what I want for the rest of my life.

"Wow you have guts cooking in my kit chen". She laugh shaking her head.

"It will soon be mine too so relax I'm not going anywhere". I chuckled.

"Sisi listen here that man is my man only I won't share him with you or anyone on that matter so get ready you will leave soon". I went upstairs and lay down this will be hard I hate his mother already.

AYOLWA

Uncle Mthoko just married his second wife after promising my mother that he won't marry her but boom he marries her and their didn't even ask for my mother's permission speaking right now I'm packing clothes for my mother she is pregnant whooh they couldn't wait shame but I'm happy for her and he happiness comes first. I'm sorry to Uncle Mthoko but my mother deserves better. We leave so that when they are back at their own wedding they shouldn't find us here she left a letter for him and I drive her to her new house she just rented it's good and I will stay with her since I broke up with Limise and gave him his car of the flat he rented for me I don't want to owe him.

-

Me and Limise broke up well because his ex the baby mamma is annoying me she would call at night saying the baby is sick and he would come back in the morning, sometimes he sleeps there

without telling me there is even a picture of them in bed naked I decided that I'm choosing my own happiness right now. I don't want to hear a thing from him and I'm done actually really done with his cheating ass.

-

Yes our break-up torn me apart but I wanted to be strong for my mother we arrive at the flat and yes it was more beautiful than Limise's it was cosy and beautiful I went to the room and I chose it for me while she went to her room I unpack and went to her I have a laptop which Uncle Mthoko bought for me and I'm grateful for that because I can study easy online. I went to her room but stopped when I heard sniffs and got in and hug her so tight she is my mother who changed just because she wanted to have a good mother and daughter relationship.

"He doesn't deserve your tears Mom I know you miss him but he will regret marrying that woman". I rub her back .

"But I love him he is the father of this baby and I can't even stop thinking about him". I wipe her tears and smile at her.

"Mom I think I'm pregnant too I mean I haven't been on a pill and my periods are not coming so I want to check myself". She gasped and cups my face.

"Oh my baby it will be alright sweetie I know you will love this baby and I want you to focus on yourself okay we will buy the test so that you can test".

"What will I do Mama jeez weird that both of us can be pregnant I'm not ready Mama my graduation is coming up and I'm scared my dress won't fit me". She laughs so hard.

"It will fit you baby you don't know yet if you pregnant or not". I sighed I need to buy that test tomorrow.

Yes I know I'm a jerk but I did not cheat on Ayolwa I'm devastated and hurt to learn that I hurt her like that and what confuses me is that I don't remember anything it's like something just whisper in my ears and I lose interest in Ayolwa then run to my baby mamma's arms.

--

I was in my lounge when the gents got inside and Lumko was holding Athandwa my boy he put him down and he ran to me and hug me while I hug him back. They sat down.

"So you wasting your time grieving for Ayolwa as if she is dead". Said Yamkela and I glance at my son.

"Gents I don't know how I lost her but I did and I feel sorry for what I did which I don't remember". They glance at each other.

"Hay bakufakele ikorobela wena trust me".

-No man you are bewitched

That's Yamkelani he is like Lomso they both crazy and always thinking stupid things I laugh joining them.

"You right man he is bewitched I mean who in his right mind would live someone like Ayolwa damn they got you". Said Lomso I give him a dead stare.

Lumko's phone rang and he answered it.

"Lumko speaking". We all look at him trying to be professional.

"What?...the fuck is that man fix it and get back to me". He hang up and pace up and down we were still waiting for him to update us.

" Guys it's work I have to go to Durban for this function and I need to make sure Mr Vander sign the contract I need that contract and I'm leaving on Thursday". We nod and I play with Athandwa he looks like me no doubt about that.

-

My Mother is mad at me and yes I got a few punches from Ncedo well pops and hell that man can throw a punch I now understand why the twins would always say don't mess with pops.

"Kengoku uyamazi ukuba uhlalaphi njengoba ehambile kulaflat obumrentela yona?" Ask Lomso

-So do you know where she lives since she moved out of that flat you rented for her?.

We all glance at him and he chuckled.

"What gents?".

"You didn't have to say that in isiXhosa you know we understand English pretty well". He chuckles.

"But to answer that nope I don't know where she is staying and please let her be I want to give her space I mean---". My phone disturbs me and I pick the call.

"Hello". I hear a sniff and I'm confused so I put it on loud speaker Athandwa is asleep on my shoulder I lay him down on the sofa.

"Who Is this?".

"Is my son okay where is my son Limise bring him back". I'm confused right now the gents included.

"Look woman he is asleep next to me why are saying where is he I mean he was visiting his uncle is everything okay?". She laughs so hard making Lomso to laugh too we glance at him and he stops.

"Are you okay why are you laughing?". She laughs harder and groans haiibo this woman is insane.

"All of you will know me she is back isn't it huh? Your precious little Ayolwa is back

"Whooah man is she possessed or something dude she is evil this one I'm scared of my life now"says Yamkelani he is back at it.

"Can you shut up for once". He surrender by lifting his hands in the air and shrugged.

"But Limise he is right did you hear her voice changing my God she is the devil himself and when she said she will haunt us down oh God we should start praying hard gents". Said Lomso and Yamkelani laughs at him.

"Dude do you even know how to pray so please let me do all the prayers for you". We look at them.

"Gents stop it I'm trying to think maybe she is angry at something and that something can be caused by you" Yamkela says pointing at me.

"I didn't do anything man so don't point at me I'll call her to come to my house and I'll ask her what is going on". They all nod and I spend time with my son before he goes with his uncle Lomso yes he loves him a lot and I like this I send her a message to come to my house tommorrow.

I couldn't reach Ayolwa's phone I wanted to tell her about Limise and we were at the hospital and Mom was crying damn I can't lose my brother I refuse.

What happend is that she shot Limise with two bullets then she shot herself in the head but luckily she survived thank God she did because she needs to suffer for what she did I glance at Lomso who was looking bad and Mario was comforting Liyana yes you heard right Dad agreed that we should let me date and she is safe with Mario because it is someone we know at first

me and Limise didn't want to hear it but Mom gave us a long speech and we finally agreed. My business trip have been cancelled the one in Durban I'll go next week.

--

The doctor finally came out and he sighed seeing us I sense bad news here.

"Doctor how is my son?". Her voice was cranky.

"Uhm..let me speak in English not in doctors terms well your son is in a coma we don't know when he will wake up we manage to remove the bullet in his abnormal area but unfortunately he is paralysis and will have to use a wheelchair I'm truly sorry but it's not a permanent thing he will have to go for a physio so that he can be able to walk again I'm truly sorry again excuse me". Mom wailed so loud her husband was next to her and Liyana cried too the twins tapped my shoulder I'm trying to stay strong for my family.

"We are here for you don't worry". Said Yamkela and Yamkelani went to Lomso and he squeezed his shoulder they have an incredible bond or is it because of their craziness.

"Uhhh one thing the other female client Miss Makhathini we find out she is bipolar and was not taking her meds anymore so we informed the police and they said they will take her to the mental institution when she can recover because she is dangerous in this hospital". We all nod and I try Ayolwa's phone again and it goes straight to voicemail a nurse tells us to go in and see him and damn all pipes are connected to him.

-

Mom touches his hand and sniffs.

"My boy I know you will make it your son needs you Limise we all need you we are not ready to let you go please fight for us

"Tata you here which means I'm dead". He shook his head.

" You very much alive my son but you need to think of what you want to do next there are two doors here that one is for you to go to the land of the living and that one is to stay here with me". I sigh looking at him this is hard.

"Take your time son but the clock is ticking besides you have beautiful kids to take care off my beautiful grandkids". I got confused.

"I have one kid Dad you talk as if there is another one". He chuckles.

"Well that's for me to know and for you to find out goodluck my boy think about what I said and if you made you decision you know which door to go into". He stoop up and walk away.

AYOLWA

My belly was showing and kind big now both me and my mother but she was had a big one, I was so cravings steers burger right now it's been two months and I've never seen Limise lord knows how much I miss that guy, I'm even pregnant his baby and changing my number made things worse because he wouldn't even reach me on my phone.

-

I went to the kitchen finding Mom eating and my God this baby of her's like junk food I'm telling you. She glance at me.

"What?". I laugh.

"I need that steers cheese burger". She links her lips.

"Well then go and buy it baby make sure to buy two okay I also need it". I knew it she is eating as we speak but she wants burger wow.

"Mom don't you miss him?". She roll her eyes.

"I'm missing him as we speak and I told him to come because we need to talk". I gasped and she winks at me.

"What about his wife won't she have a problem with that?". She laughs so hard.

"He is my husband too baby and tonight I'm claiming him back I'm the first wife after all". I laugh a little shame my mother is crazy.

I walk to the door and she stops me.

"And I will be moaning his name tonight please make sure you put your headphones on". I gasped and she laughs and I join her going to the car.

-

I drove off to the mall and park in parking lot then went out.

I started by shopping and went to steers buying two cheese burgers and their milkshake and just when I was going to my car someone called my name I know that voice pretty well and I turn and the twins were standing there and they glance at my belly looking shocked.

"You pregnant Ayolwa wow". Said the other twin.

"Dude Yamkelani can't you greet bro hello Ayolwa it's nice to see you again". I fake a smile I'm hoping that one he is Yamkela.

"Eish sorry Ayolz you look good with that belly". I laugh did this guy just call me Ayolz wow they join me.

"Thanks guys uhm...How is your brother?". They look at each other and I sense something is not okay. I start getting worried.

"He..uhm...well he is now recovering I mean he is done with his physio and can use crutches so he is better now even though the pain is still there but Mom is taking care of him". I'm shocked and confused to what Yamkela is saying.

"What do you mean recovering what happened to him....and physio...crutches what happend please tell him". I just released that I love him and would die if something bad happens to him I start tearing up and they look at each other.

"Uhhh it's not our place to tell you please come with us we begging you he would be happy to see you he has been sour since the day you left him". I nod....why am I agreeing to this they got in their car and I drive behind them and they stop at their father's place and we went inside I'm nervous I don't know why I mean he is the one who was wrong so there is no need for me to relax.

-

They open the door and went inside and we walk to the living room and I saw Lumko,Lomso and Limise but they didn't see us and the twins hide me behind them I chuckle a little.

"Look who we bump into in the Mall". said Yamkela.

"Can we see that person already". I guess that voice is Lomso he can be a clown sometimes. They unhide me and I hear gasps and I look at Limise who's jaws were on the floor and Lomso and Lumko stood up and walk towards me o-kay I backed away a little and they laugh at me.

"Wow Ayolwa is this really you?" Ask Lomso I nod and I see Limise trying to get up slowly. Lomso touches my face squeezing my cheeks and he hugs me and I hug him back.

"Thank God you back Ayolwa someone will finally cheer up". I look at Lumko who was smiling at me and I walk over to Limise he looks good and still handsome he gives me a weak smile what happend to him? I hold his hand and he squeeze mine.

"What happened to you your brother's were not making sense and they said it's not their place to tell me?" He sighed and look down avoiding eye contact.

"Well someone send Khanyi our picture claiming that you were still seeing me and she came to my house demanding to see you saying that I hide you and kept talking about how she stopped taking her bipolar pills because she loves me and that's when she started screaming and I accidentally dialed Yamkela's number and she shot me two times in my abnormal area and shot herself in the head but she survived". I gasped not believing any of this wow I'm shocked to the core how can she shot her baby daddy

oh my God she is heartless.

"Uhm...my brother told me he tried to call you but your number won't go through and uhm...I was coma but I woke up demanding to see you but that's when it came to me that you left and she is in a mental institution". I nod and he glance at my belly God I'm not ready to tell him yet but he has been through a lot maybe he will be happy. I look down at my belly and turn to glance at the gents and they were looking at us, I

take his hand and put it on my belly he pop his eyes gasping and I smile.

"What's going on Ayolwa?". I tear up and wipe my tears.

"It's your baby I find out when I left you I was angry and disappointed that you would cheat on me so I decided to change my number that's why you didn't reach me". He rubs my belly smiling like an idiot and I smile too.

"Gents I'm about to be a father wow we are pregnant I can't believe it Mama!...Mama!?" I laugh it's weird how he screams for his mother she comes rushing in the living room.

"What is going on who is---" she stops when she came in contact with me and she gasps and come to hug me.

"Mntanam ubuyile I'm very happy".

-My child you back.

"It's nice to see you too Mama I missed you a lot". She glance at my belly gasping.

"Are you expecting you glowing baby I'm happy for you and thank God you moved on this idiot doesn't deserve you". They chuckled and Limise rubs my belly and look at his mother who was tearing up.

"This idiot is going to be a father soon get ready to be a grandmother". She screams and hug me tight.

"Thank you lord I'm going to be a granny".

"Damn I'm about to be an uncle again dammit Limise you really trying to show us you fertile huh...damn you doing too much now". We chuckled trust Lomso to say that.

"Man he keps spilling those sperms and now we are uncle's again you should get married now dude". Said Yamkelani.

"Uhm..I have to go family see you later". That was Lumko he left and I stayed a little before going home.

LUMKO

*

I was on my way to see Aseza well ever since we went to Durban and well I kind of walk in into her room and she was half naked and damn seeing her breasts make my whole life miserable she avoids me at work only when she needs to update me but today no I'm going to see her for myself I knock on her door and pretty little girl who resembles her open the door.

"Who is on the door?" She shouts and the little girl giggles.

"Some handsome guy who I don't know sisi". She shouts back I'm shocked what did this little girl know about handsome guy's? Today's generation no marn it's too much.

She appears breathing heavily and popped her eyes seeing me and I get inside mind you I'm still in my tuxedo and yes today she bunked work I don't know why.....I glance at her little sister and I kneel in front of her.

"Hey cute face what's your name?". She giggles hiding her face with her hands.

"Don't call me cute face I'm not that cute they say I'm not cute....Uhm I'm Iminathi and you?". Who is they?

"I'm Lumko but call me uncle Lumko okay sweetie so tell me who is this fool that says you're not pretty". She giggles again this one is cute I'm telling you with her chubby cheeks.

"Never mind I sorted them out you don't want to mess with a Mvula girl and live to tell a story uhm you here for my sister I hope you will be nice to her". Her sister gasps and she rush off to the passage maybe she is going to her room. I walk over to Aseza and she is studying me carefully.

"Hey". I say and she smile at me.

"Hi Mr Ndimande what brings you here". I chuckle.

"No please don't call me that just say Lumko I'm here to see you Aseza why are you avoiding me?". She shook her head and go straight in the kitchen I follow her there and she was standing in the sink.

-

I walk towards her and I stand behind and glance down at her fat ass biting my lower lip.

"I'm not avoiding you....I mean why would I avoid you when I'm working for you so please don't say I'm avoid---". She turns around and collides with my chest she is short but not that short because her face is in my chest and she needs to look up to see me. I move back and she exhaled.

"Aseza you know that ain't true you've been seriously avoiding me". She looks down and I walk straight to her I've had enough

of this already I pull her into me and I lift up her face and my lips collides with her mine are a bit cold with mint while her's are warm and I move straight to her ass and squeeze it making sure I rub it too.

"Lumko stop this is wrong". She says between my lips and I shove my tongue inside of her mouth and she also lock her tongue with mine and I scoop her up putting her in the kitchen counter she was wearing a jean and it will be difficult pulling it down.

"We can't do this my sister is in her room". I chuckle I'm sure her sister won't come out until she hears that I'm gone. I touch her all over he body and kissed her neck then I unbutton her jeans she gasps and I pull them down it was not easy but I took off my coat and got my head between her legs mind you her jeans are also there they are tight but they are on the toes.

-

I see her pussy and I smile at myself and I link it and begin shoving my finger in and finger fuck her she tries to scream but I cut her off.

"Don't dare scream your sister is here remember she will think I'm doing something wrong to you". I play with her clit feeling uGwensa getting hard I eat her up and damn she is suppressing her moans I shove two fingers and finger fuck her hard and she buries my head between her legs damn she is reaching her climax I eat her, finger fuck her till she cums and I lick her cum off getting off her legs and I lick my fingers and took my jacket then kiss her neck walking out. I can't stay there because If I stay then I will fuck her all day long and I don't want to do that while her sister is there so I drive back home.

I lay on the bed and decides to go to the kitchen and cook I find Imi in the living room and she smiles at me.

"He is cute and handsome sisi you are very lucky to have him".
Say what now damn she is growing too fast if you ask me.

"He is not my boyfriend". She chuckles.

"If you say so". I walk to the kitchen and look at the counter damn I got my best orgasm on it I won't forget this day and obviously the counter. I start cooking.

NCEDO

Why do I feel so empty inside talking to Ayolwa's mother Sinothando made me feel some type of a way I pack outside and went inside finding my mother with Thobeka laughing and I thought about all those things I did to Sino wow I'm so heartless I mean to marry another woman just like that.

"Mom you are always here don't they miss you at home?". She looks confused by this.

"I want some privacy with my wife can you give us that please". She looks down.

"My own son is kicking me out of his house but it's fine I will do it let me go and pack tomorrow I'll leave you won't even see me leaving". I look down guilt gushed down at me.

"Mama I'm sorry don't go it's just that many things are happening in my life so I'm frustrated right now so forgive me mother". She nods and I glance at Thobeka and shook my head walking upstairs to our room this does not make sense why would I lose my wife after marrying her? I just dont understand any of this how did it happend?.

LIYANA

I was in my room ever since my brother's approved of our relationship with Mario I've never been this happy, I love Mario and I know he loves me too but something iz wrong with him these day's he is weird he avoids me and his phone has a password which is something new to me.

-

I take a cab to his house and I enter the code then get inside, I push the door open so he is home and he is avoiding my calls, I walk right to his room and push the door but it's locked his room is soundproof so I walk to his study and I find his spare key and went to unlock it....I'm shocked seeing this view Mario is fucking some girls hard and from behind I gasped and he jump looking at me shock and I saw guilt gush over him....I look at the girl and walk out I hear him call out my name I keep walking and he finally reach me and hold my arm...

-

I glance at him with disgust on my face.

"Please let me explain". I shook my head.

"I'm done with you that's why you have been avoiding me huh that's why you changed your password I should have known why did I ever fall in love with you in the first place wow you are a jerk Mario

I can't believe you slept with that girl in the same place you made love to me I loved you(shouting) I really did loved you but it's over now Mario I despise you so much don't ever call me I'm done". I run outside and request a cab going to my brother's house.

-

I arrive and went inside shitt they were all in the living room and I was a mess from crying they glance at me, They all stood up and came to me I went to Lomso's arms and cry harder.

"Baby sis what's going on talk to us please". Said Limise.

"He....he...he cheated on me bhuti I saw...it with my own eye's". They all pulled out and yhoo I was standing there while they were looking at me as if I said President Ramaphosa is dead(laughs). They looked dead angry shame I feel for Mario damn I still love him.

"Tell us you joking sis I'm going to kill him how can he do this when he promised to be faithful". Said Lumko damn I don't want Mario to be hurt no they will break his bones.

"I know but please promise me you will not hurt him". They glance at each other and Limise raised his eyebrows.

"You can't ask us that sis you can't we need to teach him a lesson". Said Yamkelani damn he is always saying thing's that are not right argh this twin is crazy. They all nodded.

"You right my twin yes he is our brother but we won't let this one go". I was scared right now they all went out living Limise with me and I went to sit next to him.

"I know I'm not the right person to say this I just found out from Khanyi when I visited her on the institution and she told me she went to a sangoma and was feeding me umuti and she slept with me and that's why I lost my soul mate". Huh wow I never trusted that Khanyi girl shame he look sad at least he feels my pain.

"I'm going to be a father soon sisi". I screamed so loud hugging him there can be only one person who is pregnant and that's Ayolwa.

"Damn you making noise don't forget your boyfriend will sleep in a hospital bed tonight" arhh did he have to remind me.

"I know so she is pregnant damn she should have not told you in the first place". He frown.

"Why is that?". I chuckled.

"I wanted to see you miserable bhuti". He chuckles and pulls me to his arms.

"No marn these comforting arms belongs to Ayolwa not me". He laughs and kiss my forehead.

"But they belonged to you even when you were still a baby". I smile.

"We love you and we will always protect you Okay". I nodded and my phone rang it was Lumko.

"Hello why are you calling me?". I heard shufflings what's going on?.

"Uhm...well your soon ex-boyfriend is badly injured and he is in the hospital". He than laughed a little.

"Bhuti which hospital?." I was panicking right now.

"The ***** hospital". I stood up and he hang up Limise glance at me.

"Just put it in Limise please". He smirk getting on top of me damn this pregnancy is making mw horny. He is my baby daddy after all. He position his member and I feel the tip going in and damn he is thick he pushes in again and he finally gets in fully and make love to me slowly.

"Ahhh Limi move faster baby".

"You wish is my command". He moves faster ohh gosh he is deeper than I wanted he is laterally tearing my cookie apart I scream so loud he continues to move faster and I dig my nails in his skin and I reach my orgam, he goes again after that he finally climax.

"Thank you baby I missed you". I nod.

"Don't thank me thank your baby she is the one who wanted this". He looks at me shocked.

"It's a girl baby". I nod and he gives me wet kisses all over my face and rubs my belly.

"Daddy is going to protect you my angel there is no guy who will date you even at 24 years you are very young". I look at him and he shrugged.

"Are you seriously right now?". He nods kissing my belly.

"Yes baby she will date maybe when she is 29 yeah 29 baby that's right". I laugh so hard.

"Ohh please my princess wont---ahh". I hold my stomach and he looks at me worried.

"She is kicking baby". He touches my stomach and he smile like an idiot and the baby kicks again it kind hurts a little.

AYOLWA

My Mom was huge now and times fly hard because she was having those minor cramps and I would always call uncle mthoko to come and help her he is the father after all and his wife isn't getting pregnant.

-

I went to the kitchen and someone knocks on the door but I hear Mom talking I guess it's she opens it. I take a bite on my juicy on my pizza Mom bought it yesterday but I couldn't finish it so I'm eating it right now until I'm disturb by Mother shouting and as I go to the dining area a gun shot is fired and I freeze on my step inhaling in and out....is my Mom dead? I panick when she pass out while I push her bed including the nurses they stop me from entering saying the doctors will be with her so I walk to the bench and sit down and a minute later I see her Mother's husband he makes me angry he came to me and he looks like his been crying why do I care I don't I only care about his wife and the baby.

"How is Ayolwa what happend". I stand up chuckling and I'm pissed right now.

"Your second wife happend she shot your first wife and walked out like nothing happend let's hope they made it and also the mother is my baby is here fighting for her life". He rubs his head in frustration and sits down and rubs his palms too I join him too.

"I made a mistake I thought I love her but I was blinded in love all the sangoma's told me the same thing about the blind potion and I would dismiss them but today I've seen it all it all just vanished and I asked myself who is this woman that I married". He sighs and I see a broken man who was not himself damn I can relate.

"I was also like you and I lost Ayolwa but I got her back and I'm hoping she will come back to me so that the baby can grow in a peaceful home". I say feeling his pain and he nods and I doctor comes to us.

We stand up.

"Hello I believe your wife sir is the one who was shot uhm...she is uhm..in a coma her condition is critical the baby is fine but we had to put him on the cube his lungs were not functioning well as he couldn't get much air so you can go in and see your wife and the nurse will escort you to see you baby boy congratulation". He walks away and I sit down waiting for the doctors to come out I pray that she is fine I didn't even tell my brothers.

She quickly packed her clothes and took the suitcase and walked to the door and open shocked to find four policemen fears creeps in when she realises that she killed someone she didn't mean it to happen but she was angry.

"Going somewhere important?". Ask the policemen and she nods faking a smile.

"Uhhh yes I'm going to visit my mother in law she is sick and I was rushing because she stays alone and she needs someone who can take care of her". They nod and the other once gives her the paper.

"You are under arrest for the attempted murder of your husband first wife you have the right to remain all you say will be used against you in the court of law, you also have the right to---". She cuts him off.

"Oh spare me the details I know all of that you didn't have to tell me". They chuckled and handcuff her and her husband parks and get out walking straight to them.

"Ohh I'm glad you got to her on time before she gets away you will rot in jail for what you did mark my words". She smirk and chuckles.

"Even if I rot in jail you will be wifeless darling and with no child at all". He laughed and look at her.

"You are so evil take her away from my face". They push her out of the way and get inside the van then drives off.

He regretted marrying her and chasing his wife out of the house that was very stupid and wrong of him. He went inside and take a shower then lotion then got dressed and drove back to the clinic. He went inside because he got in when visiting hours just started. He went to his son and glance at him he felt alive and happy he just wished for his wife too wake up he stayed a little while then went to see Ayolwa and he got inside while Limise's

family walked out greeting him and he was happy her daughter have a family that loved her.

"How is she?". Limise looked at him and glance at Ayolwa.

"She is sleeping right now the medication took her out I guess you will see her when she wakes up but she is better and they are discharging her tomorrow I'm worried about her mother how is she??" He looked down rubbing his palms together and he didn't want to cry in front of Limise.

"She is stable but she is not waking up and I need her so much her son needs her so this is too much for me to take in". He sat down rubbing his head.

"She's lying on that bed because of me infact they are both lying here because of me I did this I married that psycho thinking that my mother would leave my wife alone I married her because of my mother I never meant to hurt anyone I would be happy if she divorces me because what I did was not right to her and I'm very sorry for my actions dammit I almost lost my baby". Limise was sad to see this man breaking down

like this he remember his stepdad(Ncedo) lesson saying "A man is allowed to cry we are not stone and we definitely don't have a steal heart we are human too we need to cry if we have too". He went and sat next to him.

"One thing I've learnt from my father is that we are all allowed to cry as man you should not take the saying that says "Men don't cry". No it's wrong because we are humans too we also feel the pain and if you feel it it's okay to cry I won't judge you I also cried when Ayolwa left me so it's okay everything will be fine". He nodded and wiped his tears someone cleared her throat and it was Ayolwa Mthoko went to her and hugged her.

"I missed you Daddy I'm sorry you feel that way but I'm not here because of you It was due to shock and the pain in my belly how is she". He told her and she was nodding.

"Baby are you okay why aren't you saying anything?". Ask Limise.

"I don't want to stress the baby I need to think positive thing's now I'm doing it for the baby

we need her alive and I know my Mom will wake up let's pray". They joined hands and she prayed for her mother to recover and came back to them and prayed for her father to stop blaming himself and believe. They said Amen and she was smiling positively.

"Thanks for being here for me and your family it means a lot to me". Said Ayolwa to Limise he nodded.

"You carrying my baby so they wanted to show support baby you don't need to thank me I'm the father after all".

"Lock the door". She look at confused dammit can she lock it already. She locked it and I walk towards her and cups her face she has been avoiding me lately.

"What do you need Aseza?". She gave me a confused look.

"I don't follow". I chuckled and pull her to me and when our bodies touch I felt alive.

"You have been avoiding me lately ever since I kissed you and link you down there but I'm not there right now do you want me or should I go look for someone else because I'm slowly getting tired". She look down and I made her to face me.

"I...I do want you Lumko". Damn that's music to my ears.

"Then allow me to be your man and I'll take care of you and your sister please". She nodded and I smashed my lips on her

and she held on me tight I pick her up putting her butt on my glass table and slowly taking of her clothes minute later our clothes were on the floor and I was on her cookie eating it.

"Ahhh yesss Lumko". I chuckle linking her cum and stood up I take my member out stroking it slowly looking at her juicy cookie and I open her legs wider and position myself on her then thrust on her damn she is warm and tight. I move slowly inside of her and hump on her slowly, she digs her small nails on my back and I move faster.

I move faster giving her all of my member and she cums and I moved again and I climax too. I clean her up and she fix herself and I give her a kiss.

"You lucky my office is soundproof or else the whole office would have heard your loud screams". She laughs a little and damn I can't believe she is actually MINE. MINE alone.

She stops and look at me.

"What's your problem Mr?". Mhh feisty aren't we??

"I was just admiring God's creation don't get me wrong". She laughs a little and I stare at her she got a beautiful smile.

"I'm Lomso nice to meet you pretty lady". She smile and extend her hand.

"I'm Siyanda nice to meet you too Lomso". She fix her earphones and I guess she is jogging again. I touch her arm and she looks at me.

"I'm sorry can you not listen to music I just want to talk to you". She nods and we continue jogging with small talks there and there.

Mom has woken up and I've never seen Uncle Mthoko so happy he told me about how his second wife was denied bail and I

was more than happy to hear that their baby boy is so cut his name is Libongwe and he is out of the cubes now and is a happy soul. I was in my 9 month and I was scared and Mom told me about natural birth and I must say I'm nervous and scared they did an operation on her so she didn't feel any pain, I was watching them bond with my baby brother Libongwe and the view was priceless. I went over them.

"Mom pass him to me I also want to bond with my brother". She chuckles in glad they have fixed their problems and are building their marriage on a new chapter.

"He is so cute hey Mr cutey cutey I'm Ayolwa your big sister I will protect you my love look at those big eye's they are pretty just like mine we have something in common buddy". I kiss his cheek he is so cute.

"I have to go Mom and Dad I will check on you tomorrow". We are planning this big suprise party for Mom tomorrow and I must say I am grateful for her friend Limise's Mom for doing this I mean I'm big and my feel are swollen so everything is just too much for me I drove home and I get the packing in front of Limise's car then got out.

Wow the deco was so beautiful and everything was on top my Mom will love this welcome home party I can't wait. I kiss my bae and hug his family there is also Aseza who is Lumko's girlfriend I went over her and hug her.

"Hello I'm Ayolwa I guess you are Aseza thanks for coming I really appreciate it". She nods giving me a beautiful smile.

"I'm glad to come and finally meet the most beautiful Ayolwa I've heard about Lumko is not lying you are really beautiful". I blush but she is a gem too.

"You are also beautiful yourself". I take her to the kitchen and we sit there.

"So how is Lumko is he good in bed don't mind me asking I see the glow murgharl." She gasped and nods and when she was about to talk Lomso shouts so loud greeting us and we walk to the see what's going on and damn we meet a lady who's got body for days smiling at us his brother's jaws were on the floor.

I must say he did a grand entrance there showing his brother's that he is no loser. We chuckled seeing their reaction.

"Beautiful people meet Siyanda Mtiba she will be joining us so please take good of her for me". He looks at me and winks.

"Of cause your honour". We laugh and we walk to the kitchen with Siyanda amd sit down.

"So Siyanda how did you meet that jerk called my brother?". Haiibo Liyana when did she get here I remember she was upstairs with Mario doing god knows what.

"Well he was kinda of stalking me while I was jogging we are not dating though he just asked me to come here". We nod and I look at Aseza.

"Aseza you were about to tell me about the glow so please start". We glance at her.

"Well he showed me signs that he wants me but I'll ignore them that's when I avoided him and he came to my house and I was there with my sister he did amazing things to my body and oh boy he muffed me right on our kitchen counter". We gapsed and chuckle a little wow Lumko does not wait.

"Oh my God where was your sister?". Ask Siyanda I like her dimples.

"Well she was in her room and I doubt she heard my moans because I wasn't moaning that much as I was reminded that we have a child in the house and then in the office well that one gave me nothing but butterflies in my stomach he had me on his glass table my ass buried on it while he works on my cookie yhooh guy's he is talented that one". Our jaws are literally on the floor Wow!Wow!Wow! I'm shocked..... well we were all shoked.

"Wow girl you getting it even in the office yoooh you blessed". Said Liyana and we nod.

"But girl's we all are getting it good wherever we want don't you agree more Liyana?" We look at her and she nods.

"Well yes you are right but we don't do it that much". We laugh.

"Girl's let's some wine". I said knowing very well that I won't drink it but the non-alcoholic one my man will flip if he finds out I'm drinking alcohol.

I pour red wine and they take their glasses and we toast and drink and the gents came to join us.

"Baby I hope that's a non-alcoholic one I want my baby girl healthy". I groan I knew he will say this Lumko is all cosy with Aseza busy whispering into her ear wow they look cute and Mario with Liyana also cosy then Lomso and Siyansa talking not looking cosy but I can see that Lomso is in love with her but something else is holding him back from expressing his feelings. My man is busy rubbing my belly damn can I give birth already...whoaah I'm joking guy's phela I've heard the pain you

go through so I wish to extend my months yhoo indlela endoyika ngayo... I sighed.

"What's wrong baby?". I glance at him and smile...

"Nothing I'm just thinking about the baby her room is ready and everything I just can't wait to see her baby". He smiles and kiss my cheek.

"Me too baby she will be just as beautiful as you baby don't worry okay". I nod and look at the people around and smile.

"What's wrong Ayolwa why am I stopping?"

"Mom I will blindfold you okay something big is waiting for you inside and I know you will like it so please let me blindfold you Dad go in with the baby". She nods.

"Okay baby but as long as I won't get scared okay". She blindfolds her and they walk inside and everyone is standing there waiting and she removes her hands and everyone shouts "Welcome Home Mommy". She looks everyone there with tears in her eye's and she hugs Ayolwa and his husband.

"Thank you so much you all made this for me?". They nodded and gave her hugs.

"My friend we are glad to have you home ncooh give me the baby I want to see him". Said Nozibele(Limise's mom) taking the baby and she was playing with him and everyone in the room wanted to take him.

"No guy's give me my baby you will all scare him away especially the guy's yooh he will have nightmares". They all laugh she can be dramatic when she wants. They gather around the table and dig in on the food and everyone was laughing talking and having a good time. Whilst talking Yamkelani saw a red dot on his mother chest and he ran as fast as he could and push her down and they heard a gun short fired and they screamed getting down and when they saw that nothing was happening they heard a loud cry and it was Nozibele shaking Yamkelani and everyone was there crying.

"Yamkelani wake up baby please don't leave Mom don't do this my boy someone call an ambulance". She yelled so loud Ayolwa was crying in Limise's arms while Liyana was shaking her brother too.

"Bro please don't leave me wake up no he is making this up he will wake up its one of his jokes". Said Yamkela holding Yamkelani's head and Yamkelani was shaking on his blood and the blood came out of his mouth his eyes wide open he was gasping for air and tears coming out of his eyes.

"I see..... the light..I...I need to go.....

please..... let me go..bro...I'm...in...pain". Said Yamkelani still gasping for air.

"Let me call me Dad". That was Liyana and he answered while the paramedic got in and he said he is on his way.

"Sir please move over we need to check him please move over". He moved over and punched the wall so hard and Lomso and Lumko went to him trying to calm him down.

The paramedics did they everything and they look at each other and stood up looking at the family.

"WHERE IS MY SON!!". Ncedo shouts from outside and he stands there shocked to see his boy lying on the pool of blood and the paramedics looking at the family.

He went to his wife and hugged her tightly while she cries in agony.

"No..no..no..no..no wake him up that's my son dammit he saved my life do something please....do..something...that..s...". He hugs her.

"Time of death 21:20". The cries in the house went loud Nozibele went wild and she went to Yamkelani with Yamkela already shaking his brother.

"Bro wake up don't do this wake the fuck up man you can't leave me please bro I'm begging you". He groaned and tears went down his cheeks he cried loud making everyone to cry.

"You are my rib...my duplicate...my twin I need you by my side bro I need us to be together bro you can't leave me alone

please you can't leave Dad bro". He cried loud and he kissed his forehead for a long time and stood up and walked out getting inside of his car then speeds off.

"Go Lumko follow him he will do something stupid I know". Said Ncedo and Lumko kissed Aseza and went off driving behind Yamkela who was crying listening to his brother's favourite song.

The music was loud and he remember his brother listening to this song and telling him that it speaks to him and that he loves Buhlebendalo Mda and her words on a song speaks to him so this is why the song is his favourite song.

He looked at behind him and saw his brother's car following him dammit why is he following him?? He asked himself that question and he drove to Yamkelani spot and he got out and went to sit where they will sit whenever they fell down.

Lumko was behind him and they sat down together.

"He is really gone man I can't believe it why did God take him so soon". He wiped his tears. Lumko pant his back.

"Man I'm asking myself the same question and he took a bullet for our Mother why didn't we see it?? Why did he see it himself huh?? God is unfair sometimes but something good can happen after this I know your pain bro I felt like that when I lost our Dad so I know it bro be strong for your Dad....our Dad". They stayed like that and decided to go back home and they went inside to find the family there and he went to his mother who was sitting on the mattress he faked a smile and kissed her cheek.

"How are you my boy I'm so relieved to see you not hurt I thought you were going to hurt yourself". Lumko's phone rang and he answered it.

"Limise what's wrong bro?".

"What??" Everyone looked at him and he hung up.

"Son what's wrong?".asked his father.

"Ayolwa has been rushed to the hospital she is giving birth". He glanced at his mother and he sat down.

"Lomso go be with Limise he is nervous as hell I'll stay here you will update us tomorrow". Lomso nodded and walked out going to the hospital.

"Baby I'm here please don't scream I was busy filling in the form". He sounded scared.

"Forms my foot Limise what if I've given birth while you were busy filling stupid forms huh nxa don't make me angry". She sat up and pace up and down going to the toilet she was sweating and she wished to sleep on the floor she slowly went down and lie down on the floor the nurses went crazy.

"Sisi don't do that it's dangerous for the baby please get up bhuti why are standing there get her up marn she will put the baby in danger dont be a statue". Shouts the midwife and Limise gets her up and put her in the bed holding her hands.

"Limiseeee I'm never carrying your baby ever again yhooh it hurts so bad my back hurts....ouchhhhh". She screams loud and groans.

"Why aren't tears coming out huh I should be having tears right now?". The nurse's chuckle.

"It happens to every woman who gives birth it's rare to have tears so continue screaming yelling or shouting but no tears will come out". She groans.

Few Hours Later

She screams with Limise holding his hands and he was scared and not happy to see his girlfriend in pain like this.

"Go call Doctor Dingane she is ready go now". Shouts the midwife and the nurse walks out and comes back with the doctor and he gets in and opens her legs wider Limise widen his eyes.

"Yeeeyi that's my girlfriend can't you get a female doctor he can't just see my treasure". Said Limise making Ayolwa angry.

"Fuckk Limise that's all you care about is your treasure! treasure! treasure! what about this baby that is about to come out of your precious treasure sundiqhela Limise sukulinge undiqhele rhaaaaaaaa". She screams when the doctor slaps her inner thighs and urges her to push.

"Sis push harder okay on the count of one...two...three...push harder". She groans pushing and stops halfway.

"I can't it's too much please I can't I". She pant heavily.

"Push sisi you can't just give up the baby wants to come out do it for her..bhuti talk to her". He says to Limise who was in shock of all this.

"Baby please listen you can do this okay think of anything that is making you angry and push on its behalf please". She nods

and images of Yamkelani lying there helpless came to her mind and she pushes again harder and the doctor shouts he sees a head and he cuts her below her cookie and she push again and the baby comes out filling the room with her soft screams". She collapses after that the doctor ask for the father to cut the baby's cord and they clean her and then stitch her while the nurses cleans the baby.

"Here is your baby girl". Said a nurse and he accepts the baby and he chuckles seeing she looks like her mother and has her features too.

"Hey baby girl we will name you when mommy is awake okay I also see that you sleeping so sleep my baby daddy will be here waiting for you to wake up okay". He kiss her and puts her on her bed and he sits on the chair besides Ayolwa and text Lomso to come in. The door gets open and Lomso comes in and he went straight to the baby and he smile seeing her beauty....

"Damn she looks like her mother bro". They chuckle.

"Yeah man she does I'm happy and also sad at the same time".
They sigh.

"You know that at first I didn't like them but when I saw mother happy I new that I have to let go of my jealousy and look now he saved her life and I'm also grateful that Pop's caught those people who had a hand in the shooting".

"Yeah man me too so the grandparents are coming tomorrow".
He nodded.

"Yes but only her Mom and Dad our Mom can't make it and we all know why she was fond of the boy's I'm so hurt man I really am". Said Limise.

The funeral was touching and heartbroken I've never seen my man shed tears so much but I guess he feels the pain I'm wiping my tears sitting next to my boyfriend.

"Can we have someone who will speak for the family". Says the pastor and Yamkelani gets up including Marcio and their Father.

"Good morning I'm Yamkela the twin of Yamkelani who just left us

we are hurt as a family mostly let me speak for myself I'm deeply hurt crashed to see my brother lying in this coffin. He will never come back (sniffs) I've learned that I won't see him ever again I wonder why God is unfair but I can't blame him forever if it was meant to be this way then let it be. The pain in my heart unbearable and it hurts so much I can't help but to think how am I going to live without my twin?? How am I going to survive without my duplicate?? These questions can never be answered I will miss you brother why did you choose to live so fast huh?? Why Yamkelani why marn?? (crying) Nitsho nithi indoda ayikhala kodwa asoze ndingamlileli ubhuti wam endahlala naye esiswini sikamama (I know you all say man don't cry but I won't do that I will cry for my brother who I shared the womb with) Bro you will be missed I love you twin guide me and always look after me kalok I'm your twin after all (chuckles) Rest In Eternal Peace Yamkelani You will be missed". My mother was comforting Mam'Nozibele who was crying so loud I feel sad because she accepted the twins as her own and loved them.

"Yamkelani!!!! Ohhh my son my handsome son". A female voice said getting inside the church we all glance at her my God she is female version of the twins is she their mother? Whoah she abandons her kids and comes crying on one's funeral

isibindi anaso lomama yerrr(she's got guts this mother yeses) I glance at Yamkela and Ncedo they were fuming and looked angry. Some woman whom I think is their aunt stands up and go to this woman.

"Mfazi ndini phuma apha(woman get our of here) how dare you come here knowing very well you abandon your kids huh get out before the police throw you out". She told her with a firm voice and this woman chuckles.

"I'm not leaving that's my son and I will burry him like it or not who do you think you are". Yhoo sibiti Limise holds my hand tight and Yamkela walks to her mother and he glance at her shaking his head.

"Aunty let her be you can stay and burry your son the one you left running away just for money but know one thing after this funeral leave and never came back I'm not your son and will never be you just the woman who carried us for nine months and left us like that don't make me spill your dirtiness in the church sit down and behave". He walked away leaving her shaking yhuu aboYamkela can scare people shame.

"Sorry about that Marcio you can talk".

"Uhm...well I've meet the twins at a young age when my parent were still alive but when their father took me in I became their brother and they accepted me with good heart I'm shattered to lose one of my brother who was always funny and kind at the same time you will be missed my bro and please be good out there okay(chuckles) Rest in power Yam-yam". He walked in his sit.

"Son you've left so early we didn't expect that and we are hurt, heartbroken and shattered I don't think I will recover from this I remember when you were still a toddler you and your brother always fighting and messing up my furniture and stressing me out but I knew that you were growing up and soon there will be a family who will claim you've impregnated their girl but that never happend you studied and became business man and made a name for yourself I will never forget you my son you are my joy and always will be but I guess God knows what he is doing we will meet on the other side you left us crying look at my wife your mother she is broken beyond but I will stand by her side as you've always told me not to break her heart no matter what and I promise that won't happend Rest easily my boy you will be missed Enkosi". He walked to his sit.

The funeral went on and it was sad seeing Mam'nozibele broke down like that when the coffin went down she wanted to stop it but her husband was holding her tightly the boys were also looking crashed and shattered Liyana was crying in Marcio's arms. I was missing my baby girl who was with a nanny at home.

We went to throw the soil and did everything then head back home and everything was set people sat down and were served food I will never understand why food is needed in funerals the family sat on their own table inside the house not outside we needed to be alone.

"Damn he will be missed still can't believe our bro is gone". Said Lomso.

"The fun times we had together will be remembered". Said Lumko wow they really had a bond these brothers.

"I will remember his jokes and funny moments". That was Marcio.

"He saved my life I'm alive today because of him I know deep down you blame me for taking your son away it will be understandable if you divorce me". Said Nozibele to Ncedo who choked on his juice and coughed a little glancing at his wife.

"Sthandwa sam don't do that I married you knowing very well I want to spend the rest of my life with you my vows were true I will never hurt you didn't you hear what I said at the funeral that I promised our son to never hurt you so why would I divorce you? Don't ever think about a divorce okay I love you and I would never hurt you". Said Ncedo wow his words were touching.

"Mom you didn't know those people stop blaming yourself okay Yamkelani is a hero for saving your life you were there for him you gave him a motherly love and believed in him so I believe he did what he did for reasons okay I love you don't do that again". Said Yamkela and she nodded wiping his tears. We ate and were disturbed by their mother who cleared her throat.

"I'm sorry to disturb but can I have a word with Yamkela and Ncedo". They stand up and walk away.

YAMKELA

I glance at her and think about how much Yamkelani wanted to meet her and he never got that chance.

"What do you want we've said this many times we don't need you here you've left us and we got over it so please leave". I said getting annoyed by her she chose money over us what kind of a mother can do that huh??. She wipes her tears. Dad wasn't saying anything she left and I look at him.

"What happend to the killers?". I asked him he has been trying to avoid this question but now I won't let it go.

"I've killed them their families are also planning a funeral as we speak no one kills my son and leave to tell a story I'm Ncedo and no one can touch what's mine and get away with it". He says getting angry.

I nod and we went back to the table.
