EVIL THOUGHTS by Thembelihle

PROLOUGE

*****KHANYISILE DLOMO*****

I kept on checking my watch , it's really getting late. I feel like I'm going to loose it. One of the things I really don't have patience for is waiting and being lied to. Right now I'm in a position where I'm waiting, waited actually.

My grandmother called me to drive her to this church conference that's going to be out of town for three days. I am not happy about that,last time I went to church I was 12. I don't have a choice really, she's the only person I'm left with to call a family. My parents died when I was 10 and I moved in with her.

At 12 I started being a rebel, to wearing short skirts, being rude and all that. They thought that it was adolescents kicking in but actually it was evil thoughts.

I started finding myself in fights and lot of drama, I got expelled at schools a lot to a point that I dropped out in grade 11.

I was a very troublesome naughty teenager, a popular sexy, gorgeous one who dated teachers, fuckboys and all. Being smart topped things. I broke happy homes by sleeping with married men for money, they could not help it, what I gave them made them want to spend more on me and came back for more. People wondered how a 14 years destroy a 15 years marriage.

Let's just say when I was still around in this location people didn't really love my grandmother because of me, that's when I decided to leave home for her peace of mind and to protect the relationship she has with the neighbors.

At long last she comes out with Mercedes carrying bags; Mercedes is my 6 year old daughter I dumped with her. We really don't have the mother and daughter relationship. This kid has attitude for days, I think she hates me yet I'm providing everything for them she wears expensive brands at her age and eat nice breakfast. I named her Mercedes because she was conceived at the back of the Mercedes Benz of the mayor. Yep her father is the mayor of this town, when he found out I was pregnant he forced me to abort because I was going to taint his reputation and marriage but I refused now he's paying for this lavish lifestyle I live.

I don't know why I refused really because I've done a lot of abortions but with this one something in me didn't want to. Well it didn't help because being pregnant with her at 20 years stopped a lot of things for me. I gave her to my Grandma as soon as she was two months and went back to "work".

I'm sure you are wondering where do I work right? Yeah I get that a lot from people, saying how can a 26 years old drive a Mercedes C class, live in a posh apartment with no qualifications on her name? Yeah well that's where they get it all wrong.

I might have never went to the university or wrote my matric but I have a matric certificate, I have a degree. How did I get those things? You will soon find out

I'm Khanyisile Dlomo, a 26 years old mother to a beautiful baby girl, that's the only good thing to say about me. Other than I'm just a troubled soul who finds pleasure in messing other people's lives for pleasure, I mean mess them up for real, could be death, accident, anything...

I'm not in a any relationship but I sleep with whoever I like or crave and it's not even that difficult, I can see a guy right now, lock eyes with and boom, it's that easy.

I'm going to take you back to a memory lane, from when I was a 12 year old, how everything changed for me to be this person that I am today

Ride with me as I narrate my journey.

EVIL THOUGHTS

INSERT 1

KHANYISILE

I walked behind my grandmother carrying my bag, I looked around the 6 room house. Not really bad. Just that I am so used to live in a bigger house and all but I guess that's a thing of the past now since I will be moving with my grandmother here at Benoni and I'm said to attend the school of arts that's in Rynfield.

Both my parents were involved in a horrific car accident burned down with their car, shortly after that people came with papers saying they own the house and all that drama. Grandmother from my dad's side took me in. Here we will live with her, her son after dad that's 26 ,his girlfriend that stays here. So we'll be four. Sigh. I'm so used to be alone and my space, most people confuse that for being Moody.

I was admiring the room that im going to use from now, not really bad. I heard a knock and my Uncle came in flashing a smile.

Sandiso:hey Khanyi, how are you finding this place?

Me: it's okay.

Sandiso: uzojwayela. (You will get used to it)

Me: yeah

There was an awkward silence then he spoke again.

Sandiso: I'm sorry about your parents and the house issue..

Me: it's all good, I guess this is what was meant to be.

Sandiso:(smiling) for a 12 year old you such a tough cookie.
Come let me show you around.

I took my headset and we walked out, he was showing me around, meeting people that he introduced me to them as his " daughter" he is well known and kind I must say.

We arrived at some place that was selling Kotas and he bought two for us. Being a cheese girl, mom always forcing me to green diet food, I find it so delicious that I was licking my fingers after.

Coming back home we met a girl that came out from three houses, she was wearing a short skirt that revealed her thighs to the open and a crop top. She smiled and walked up to us.

Her: Hey Sandz

Sandiso: ai ai Thandi not now tuu..

Thandi: what? Does Nomusa know you are cheating on her?

Nomusa is his girlfriend we left at home..

Sandiso: uyabona kuthi uyaphapha? (Do you realize how forward you are) this is my niece marn!

Thandi: oh really!?! She's so cute. Hey baby, im Thandi and you are?

Me: Khanyisile

Thandi: you are really pretty babes. How old are you?

Me: 12.

Thandi: you are just a year younger. I'm happy to meet you babes. Me and you are frriends from now on. Sands go home we'll see you later dude..

Sandiso tried to protest but this Thandi girl was not hearing it. We walked around the hood, same as my uncle, she was known too and gosh she's so loud! I don't think me and her are going to be good friends really because I can't.!

Thandi:so babes where are you coming from?

Me: my parents were living in Auckland park..

Thandi: shame poor thing, I heard about their accident, sorry Nana neh?

I just shook my head stopping the tears from dropping.

Thandi: come here, from now on you are my lil sister and no one will mess with you in this hood okay?

She squeezed me in her arms and I smiled. We then spoke about random things, her and I were not going to the same

school but she said that's not a problem. Lol she literally called the school I'm going to "snobish school" I give up.

We returned home around 5pm and Sandiso was not happy, my grandmother told me to be careful about Sindiswa because she's a wild kid, apparently she sleeps with older men for money. Okay she told me that she stays alone at that 4 room RDP house her grandmother left after she died. My granny says that house is now a hotel where she keeps changing men to. I don't believe that.

She's forward I agree but I don't think she's that bad, either way they know her better so I will just be careful.

5 MONTHS LATER.

I was now used to this place, the people, their tradition and school, at first it was difficult to fit in, I mean I'm from a multiracial school so yeah. I was bullied for a couple of days before Thandi showed up and threaten to beat people up so now everyone knows I'm her friend they treat me good.

The teachers really like me, I'm smart I was able to get hang of things after joining them July. Now we have closed and looking forward to grade 8 and a new year.

My grandmother is a very devoted Christian, goes to church even during the week. Sandiso is working so he normally comes home over the weekends. Thandi and I are water tight, they tried separating us but the more they do the more we get closer, she is wild but deep down she's really a good girl who's so overprotective of me. I admire her strength at such a young age, she told me that she doesn't know her mother, apparently she dumped her here when as soon as she was born. So sad.

Everyone was hyped over the festive season that was approaching, so was I! The cheese girl vibes was long out off me, with Thandi around, it was not so difficult. Grandmother told us that she's going to visit her family and see her other children. So it was going to be me, Sandiso and his lazy girlfriend. Great!

First week alone were not that bad as I anticipated.

Thandi: girl there's this place that is usually parked and happening..

Me: which place is it this time?

Thandi: Mabaso girl, it's in Daveyton.

Me: I've heard some girls from school talking about it. Apparently that place is vibey.

Thandi: they are not lying hun. It's really lit there. Wanna come along?

Me: no babes I will be fine.

Thandi: Khanyi don't be a party pooper please!

Me: ah ah Thandi, you know I love you and I don't judge you but I'm about that life. So please!

Thandi: fine!

I looked at her getting dressed, she really doesn't look like a teenager

I don't too. Older guys hits on us because of our bodies, I hate my body, I look 17 while I'm just 12! I have an ass and boobs that make these perverts to be on my case! I even hate wearing Dresses and skirts. I'm always on jeans.

I left as Thandi was finishing her look and went home. I found Uncle and his girlfriend leaving.

Sandiso: we are going to Kwa Mabaso..your food is on the microwave. Are you sure you are going to be okay?

Me: I will be fine Uncle. I will just watch TV and be busy with my social media.

Sandiso: do that and don't forget to lock okay?

I nodded and he left, I got inside the house and did as I was told. I looked the house, found food. The girl cooked we thank the ancestors. I finished up eating and took a shower then watched TV. It was boring after 9:30 so I went to bed and logged in to my Facebook. I came across Thandi's pics, she looked really hot. I reacted with a heart and commented.

I think it was around 11 and my eyes were getting sleepy then I logged off and put my phone on charger and tried to sleep. I was just enjoying my sleep when I heard the burglary opening and locking after. I checked the time it was 00:12 oh they are back. I drifted back to sleep.

That didn't last long because I heard my bedroom door opening. I got up a little with my heart beating faster. Although the lights were off but because of the street light opposite my window, it was not too dark.

Me: who's there?

Sandiso:(drunk) shhh it's me.

Me:(relieved a bit) oh uncle? What do you want here?

Sandiso: I just want to sleep here tonight, Nomusa and I fought. I won't bother you I will just sleep.

That was weird, they don't fight to that point that one kicks the other out of the room. And there's a couch!! But I kept my cool and shifted a bit as he took off his shoes, clothes and he was left with only a bvd.

There was a space between us and to be honest my heart was beating so fast, I wasn't comfortable with this, not a bit.

Sandiso: come near Khanyi I don't bite.

I didn't move an inch and he came closer. I swallowed hard as I felt lump breaking my throat. He wrapped his arms around my waist as his drunker smell filled my nostrils. He pulled me closer to him, pressing himself against my ass and I moved.

Sandiso : come on baby don't fight this..

Me: babomncane...

Sandiso:shhh. Let me make you feel good.

He said getting on top of me his weight heavy on me..now my eyes were wet and tears rolling. This is not happening! He pinned my hands against my head. I was squashing trying to break free but he was stronger..

Me: (crying) please don't do this ngiyakucela!

Sandiso: come on sweetheart you are going to enjoy it.. I will be gentle I promise.

He said tearing up my silk night dress and my nakedness was exposed bare to him,he squeezed my breast with his one hand as his other hand was dropping off his boxers..I tried to free myself from him but he bind bond my hand with one hand against my head and kissed me..more like shoving his tongue

and mouth on me. The alcohol and his saliva made me feel like puking.

He sucked my sensitive nipples busy groaning, his manhood touching my thighs. He rubbed my vagina trying to insert one finger and I jumped.

Sandiso: my God, you are a virgin? I'm so lucky!.

Here I was thinking he's going to let me go because of that but nope. He put his tip on my entrance and pushed..I screamed with tears rolling, he covered my mouth, pushed again and the tip went in. He took it out and spat on his dick then pushed harder taking my soul with that push, I heard something cracking/breaking, It was my hymen.

My spinal cord was sweating, my throat dry I couldn't scream no more with his hand on my mouth. He was pumping me over and over until I passed out...

FEW HOURS LATER

I woke up to him pumping me hard still. He was breathing heavily showing no remorse or messy to my pussy. My head was so dizzy, I couldn't feel my legs he had spread them across and tied my other leg to a mirror by the time he was done I was numb. I wasn't able to move. Everywhere it was aching, I was sore.

He took his things and told me to clean up and don't breath a word about this because I will follow my parents. He was talking but my mind was so far away.

As soon as he left, Tears started to come back, stronger than ever. Even when my parents died I didn't shed so much tears. My heart was heavy, it was like needles were pinned into it. I looked around me the bed was so messy, sheets filled with blood.

I forced myself to get up as my feet hit the ground I felt some liquids flowing through my leg, I looked down they were white.

His sermen! I felt dirty, disgusted, his scent all over me. I just felt like dying!

I fixed the room wrapping up the sheets and putting cleans one. I dragged myself to the bathroom, the house was quite. I assumed they were gone. I soaked myself in water. Tears rolled more when I thought of everything he did. I became angry and started washing myself, scrubbing removing his scent on me and everything.

I was so sore that I couldn't wear jeans, I just put on leggings and long shirt. I went back to bed and slept. My face was now dry because of the tears. I had locked the room. I was scared, I felt so vulnerable, attacked .

Few hours later there was a knock, my heart beated faster. What if he's back to continue what he has started? He knocked harder saying he's going to kick this door down if I don't open.

I slowly got up and opened, he stood there angry.

Sandiso: since when do you lock your door?

Is he being real now? Lord he's not even sorry!

Sandiso: don't do things that will make people ask questions. Just carry on as you were before and live your life normal. Go see your friends and do everything you were doing. Remember Khanyisile, what I've done to you is nothing to what I will do to you if you say a word about this to anyone do you hear me?

Now he was so intimidating, in front of me stood a monster..not the caring uncle that loved me when I first moved here. What did I do wrong? What changed?

I just nodded and I saw Nomusa behind him.

Nomusa: is everything okay here?

Sandiso:(looking me straight) yes darling everything is fine..
isn't Khanyi?

Me:(my voice dry I coughed) yes everything is fine.

Nomusa: but hun you are crying...

Sandiso: the kid is okay Nomusa what's wrong with you?..

Nomusa: just making sure. Food will be ready.

Sandiso: we are coming..

Nomusa walked back looking at me with a suspicious look.

Sandiso: we are going back there, to eat as a family and enjoy
the food. Make conversations, smile, laugh and be good. Are we
clear .?

Me:(nodding scared) yes!

Sandiso: good girl... Go wash your face and join us. Put
whatever you ladies put on your face and come back...

EVIL THOUGHTS

INSERT 2

THANDIWE NDLOVU

I woke up a bit late today, my head was pounding, hangover doing things on me I swear I won't drink this much again.

I dragged my lazy ass and opened up windows and switched on TV. I checked the time it was around 12. Yooh it's late marn.

I quickly fixed a hangover remedy and I was back to my feet. Made the bed and started tidying up. I live alone yes but I love a clean environment. Oh my bad, I forgot to introduce myself! I'm Thandiwe Ndlovu, a 13 years naughty teenager.

I was raised by grandmother who passed away earlier this year and I have been living alone since. I'm looking forward to grade 9 next year . Slowly but surely I'm closer to my dreams, I want to be an actress. When my grandmother passed away life became

very difficult for me, I had to be responsible for everything. No one from the family wanted to take me in, I had a little hope that maybe just maybe my mother was going to come and get me but nope.

Most people around here don't like me and I really don't give a damn, I don't care actually. I have passed that stage of living according to the people's standard and approval. I dated guys my age since I was 12 until I met Sandiso. He is way older than me but he treated me real good.

He would buy me stuff and yeah make me good, I knew about his girlfriend and that didn't bother me. He took my Virginitly early this year before Gran died. I was hoping that was going to make us close but he changed shortly after that.

Being naive and in love I begged him and we got back together until one day Nomusa caught us in bed, did she not beat the living shit out of me? I thought I was going to die! That's when the news of me being loose spread out the whole community and his mother hating me.

Meeting Khanyisile and her accepting me as a friend kinda changed my life a bit. I like her for real, unlike me she's very sweet and part of me wants to always protect her. Thinking about her, I haven't received a text from her since yesterday.

I grabbed my phone and checked it. I saw her comments on my pics and smiled replying to them and went to WhatsApp last seen was yesterday around 11. That's so unlike Khanyi. She loves social media so much.

I called her, her phone was off. Suddenly my heart beated faster. There was this feeling that she was in danger or not okay. I put on my jeans and sleepers and walked to her house.. it's 5 minutes away from mine.

I arrived and knocked at the gate, their gate is always locked! I banged the gate louder. Then Sandiso came out holding a glass with a drink inside.

Sandiso: why are you making so much noise?

Me: ei Sandiso I'm not here for you. Open the damn gate.!

Sandiso: you are going to burn in that sun for that stinking attitude you have!

Me: okay Sandiso I'm sorry. I'm just trying to get hold of Khanyi but her phone is off. Please open up for me.

Sandiso: Khanyi is not here. She went out with Nomusa to Lakeside mall. I will tell her you passed by.

Okay that's weird. His car is in the yard and I know for a fact that Nomusa hate taxis! Something is going on here and I'm going to find out.

Me: okay Sandiso. I will keep on trying her on her cell.

He nodded and went back to the house, I walked back home busy looking back, Hoping that I will see her running after me, but nope.

KHANYI

I was sleeping when the devil's assistant walked into my room and just stood there. My heart was racing up and down again.

Sandiso: why is your phone off?

Me: I'm not in the mood to talk to anyone.

Sandiso: what did I said about doing things that are odd? Switch that phone and return your friends messages.

He then walked out, I just sighed and did as he said, Thandi's messages came in like crazy. I decided to call her.

Thandi: thank God! I was starting to think something is wrong with you!

Me:why would you think that?

Thandi: I don't know, just hunch. Anyway you good?

Me:(sigh) I'm okay friend.

Thandi: I came by your place Sandiso said you went to the mall with Nomusa?

Me: yeah we just got back.

Thandi: what happened to your voice?

Me: I think I'm catching flue. I'm even in bed right now.

Thandi: argh shame friend. Did you take anything for it?

Me:(tears rolling down?) Yes I did thanks for caring i will be fine.

We spoke for few minutes and hung up. I cried so much after that phone call.

My December holidays were so horrible, Sandiso kept on raping me, at some point I didn't cry anymore. I just let him do his thing and pray he finish fast. That doesn't happen because lately he's teaching me how to please him

the blow jobs, doggy styles and woman on top.

He sleeps with me anytime and anywhere whenever Nomusa is not in the house. I can't wait for the new year and for grams to come back.

Thandi has suspected my behavior and asked me questions but I managed to dogde her. I see her less now.

Weeks later we were into a new year. I didn't even celebrate it because when people were doing a count down , Sandiso was breathing heavily on top of me.!

This whole thing has made me a very angry person, I snap at every thing, the fact that I can't talk about it is worse. Sandiso told me that he killed my parents so I will follow them if I dare do or say anything stupid.

I hate him so much, I wish he can hit by a speeding truck and die on spot.

Finally second week into January grams comes back and i finally breath. Sandiso stops and I start to feel normal again, I mean to breath and relax .

We register for new grades and I'm happy to move to another grade. Thandi says she want to be an actress and I want to be lawyer.

It was mid Feb when I woke up every morning throwing up, constantly tired and always sleep. Let alone the mood swings.

My granny called me and asked me if I am okay? I said I wasn't. The devil was home that weekend. He offered to drive me to a doctor. I refused hoping Gran will back me up but she gave him money for the doctor. I'm not comfortable around Sandiso I hate him.

He drove me to the doctor busy rubbing his palm on my tighs.

Sandiso: why are you wearing jeans?

I gave him the death stare he returns it and I swallow.

The doctor runs tests, and ask me questions like when last I saw my periods and all that.

The tests came back positive for pregnancy. My world came to an end. I can't be pregnant for my father's younger brother!
What the hell!

We drove back home with silence filling the car.

Sandiso: this is bad. I should have put you on pill. Don't worry I will fix it though.

I just looked at him and didn't say anything. My heart was so heavy. We got home and he cooked some story about an allergy reaction to some food I ate.

The following day it was Sunday, gogo Left to church with Nomusa. I have stopped going to church. I don't believe there's God, I mean how can he be quite and watch me suffer this much?

I was woken up by Sandiso with a paper bag and forced me to drink some two pills. I drank them not knowing what are they. He left me and two hours he came back and say there just not saying anything. His presence was annoying me, I felt like puking I got up and threw up, it was then that I felt this huge exercising pain on my womb. It got intense and I felt the need to pee. I sat on the toilet seat and peed, then I felt the need to push as I felt something moving in me. That time I was sweating

horrible, I pushed twice and something fell into the water. I looked down a foetus was there. I closed my eyes as pain sank deep in my heart. So those pills were for abortion? Again Sandiso violated me.

He came to the toilet, carried me to the bathroom, bathed me, I was quite the whole time, changed me to clean pyjams and put me to bed. He cleaned the whole mess and left me alone.

I was in so much pains, my body and heart altogether. It was too much for one person to handle. I don't know how I fell asleep but I did. I woke up and it was dark. I checked the time and it was around 9 already. I closed my eyes and I felt asleep again.

I had a weird dream, on this dream it was like two girls were fighting, the other one was beating this girl badly and she was bleeding. I watched on a distance and I saw this other older woman who was wearing all black. She came to me.

Her: do you want to fight like that?

I found myself nodding.

Her: (smiling) it's easy, I will teach you how to fight, defend yourself but mostly take revenge on those who hurt you. Are you ready?

Me:(nodding)

Her: come with me..

KHANYISILE

This woman was wearing all black, in her hand she had a shiny silver cross. Her attire was very weird, her eyes looked like they were double, I don't know if I'm saying makes sense but what I'm trying to say is that she can look at me here while looking at the other direction same time. I don't know how she does that.

She led me to something that looked like a house but it wasn't really a house. We passed so many rooms and I was getting tired, in each and every room there were signs on the walls, from the eye, blood and numbers (6&9).

This looks so weird and scary but for some reason I wasn't scared. I kept following her and forgot about the pain my body was at. We finally arrived to what looked like a huge yard and many girls were there sitting down with their legs crossed. Even the girls that were fighting few minutes ago were now seated down quite, what I noticed is that most of them were my age to

20 years, very beautiful if I must say. Some were popular on the social media I even follow them. Each girl had a red dot on the forehead, wearing black ropes and red bandanas.

Her: welcome home my dear. We have waited for you to come for a long time.

I looked at her confused as to what is she talking about. I looked around and saw some girl that goes to my school,same grade,she's very popular. She winked at me and concentrated on that position.

Me: what am I doing here?

Her: here my dear we are going to give you an opportunity to revenge yourself, we are giving you power. We are the angels of Darkness, once you get initiated, no one will be able to touch you.

I looked at her as she explained the process of illuminati to me and it seemed too much. How am I supposed to be what she says I should be?

Her: come, let me show you something.

We walked back to the house and get to another room that was smelling very horrible. I looked around and she came with something that looked like a baby cot.

Her: look inside here.

I leaned over and looked. God no! I quickly moved back with my heart beating faster. In there was the foetus Sandiso forced me to terminate.

Her:when someone do an abortion,that child don't normally dies, we quickly get to it, revive it's spirit and groom them to take over. They become the angels of destruction and goes back to haunt the people that aborted them, causing them all sorts of bad luck, blocking their blessings and success.

Me:so that's what is going to happen to me?.

Her: yes but fortunately enough you are here so it won't get to that. Your baby was going to be a boy, and someone great and respected.

My heart pierced,yes It is taboo because Sandiso is like my father but I wish he gave me an option.

Her:we are going to initiate you,get you powers and train you. Looking at you, you are a perfect candidate and I think me and you are going to like each other.

Me: why do you say I'm the perfect candidate?..

Her: your heart is broken,filled with pain and hatred something that I work well with. This amount of anger and hatred will really come in handy when you are out there doing your job.

Me: what is exactly am I supposed to do?.

Her:(placing her hand on my forehead) you are the angel of destruction,what you touch scrambles. For now you will just do a minor work of which is collecting blood for me. I will train you on how to do that..

Me: collecting blood? Am I supposed to kill?

Her: not yet, see Khanyi blood is what keeps us stronger and going. For now I will teach you on how to draw blood from a human while standing next to them without killing them unless it's necessary. When you master that then you will get to the next stage until you are the pro.

Me:I have someone who hurt me that I want to return the pain..

Her:(smiling) don't worry about that one. you will get your revenge on him and it will be sweeter. you need a strong training to take him on. Now come on, let's go meet the girls.

We walked outside and they were now making the fire.

Her: ladies, meet our new member to the team, Khanyisile but we will know her as Daisy. Welcome D

Advertisement

I'm Sasha..

I just nodded and the girls smiled at me with their red eyes shining. How's that even possible?

Her: now that you have met the ladies I think we should go cleanse you and baptized you. Huh?

In a few minutes we were under the sea, it was warm here unlike that house. I looked around and saw pythons and mambas. I screamed hiding behind her but she laughed, her laughter was doubled. I looked at her, her face now was changing, she was no longer beautiful but scary, hair a mess, long nails and teeth. Her eyes red and horns on her head. Oh my God.. I'm in front of the devil!

Her: don't be afraid,I won't hurt you,we don't hurt one of ours.

She took my hand and we fly out of the water and I came in contact with the red devil cold sea. The water were so colds, she dipped my head in singing weird songs,it's sounded like a prayer as she used the same cross to touch my body, when my head was under the water I saw many souls moving around, trapped in here,even the snakes were hissing and touching me. I had frozen by now.

SANDISO

To say that I managed to sleep would be an understatement. I kept on thinking about Khanyisile. My mom was worried that she didn't come to dinner last night but I made excuses for her.

Khanyi's father Themba who is my older brother was always our parents's favorite, getting almost everything he wanted. I was considered useless and I did worked hard too. I have a degree in sociology but it never made my parents happy and proud like Themba.

He was the perfect son, and I was the useless one, always went to church I didn't. I refused to be their puppets. he got married at a young age to a very beautiful lady and they were more proud because she came from a rich family.

I started to envy him, the envy turned into hate, I hated how everything worked so well for him. As much as our parents were like that, he loved me and always tried to make us have a brotherly relationship but I was having none of it.

I killed him because I was so damn tired of hearing Themba this and Themba that. I even took his house, I'm staying at it when I'm not home but mom doesn't know. Sadly dad died a week after Themba died. His heart couldn't take the pain of his favorite son dying. I didn't care an inch, I only felt bad for my mother because she was taking a strain on all of this.

Themba's brat being here didn't make things easier for me, at first I thought I was going to take her out of this but as time goes by it is more I enjoy her and doing this. I want her to grow up with a messy childhood memories like I did.

I finished dressing up and went to the kitchen. It's Monday I'm supposed to go back to work. I went to check up on Khanyi. She should be up in an hour or so. I wonder if she will be able to go to school after the pain she's been through yesterday after that abortion.

I opened the door and to my surprise her bed was made neatly and her uniform placed on the bed. Huh?

Me: Khanyisile!

She appeared from the bathroom behind me carrying her toiletry bag, with a towel wrapped around her. She had a black eyeliner on and thick mascara. Since when is she putting a make up? To school even?

Khanyi: good morning.

Me:(confused) morning. You good?

Khanyi:(smiling)yes I'm fine,it is such a beautiful day!

Okay she was acting strange, she doesn't feel scared anymore around me and how can she be happy after yesterday?

Me:urhm how are you feeling?

Khanyi:(dropping her towel and putting on her uniform)oh me? I'm fine! And you?

Something is up with her, she's even comfortable with getting naked in front of me.

Me: I'm good. What's that?..

I said looking at her wrist,it looked like a tattoo but written on a foreign language.

Khanyi:(smiling)oh that,it's nothing.

Me: Khanyi when did you have this tattoo?

Khanyi: what tattoo are you talking about? Anyway let me go make some breakfast before I'm late. Should I make you some?

Me: no it's fine I will eat at work.

Khanyi: Coolio.

She walked out the door to the kitchen. I looked around her room but there wasn't anything suspicious here. I sighed and went to my room and collected my things and kissed Musa goodbye.

I walked back to the kitchen, she had headsets on busy rapping along some song and dancing to it. The way she was swaying her hips and ass, it kinda made me hard but I thought mom will walk in any minute.

I cleared my throat and touched her, she turned around and took them off.

Me:I'm leaving.

Khanyi:oh ok.

Me:see you guys Friday..

Khanyi:(buttering the bread) see you Friday!

I walked out and got on the car driving out.. I wonder what's up with her. Who gets jolly the following day after abortion?

EVIL THOUGHTS

KHANYISILE

When Sandiso left the room I finally breathe, I hate the guy with every inch of me. Even when he's quite I just hate him.

I finished up the breakfast and went to take my bag preparing for school. As I was walking out I saw Thandi who called out to me. I smiled and walked up to her.

Me:hey babe..

Thandi:hey sweetie.. what up?.

Me:I'm okay.. and you?

Thandi:I'm fine.. helang, chessa mo gurl!

Me: what?

Thandi: you have shortned your skirt, now black eyeliner and mascara. What's happening?..

Me: nothing I just thought I should add a little spice on my look you know?

Thandi: I must admit, this look is very sext on you. Okay then babe, see you later.

We hugged as we both took different transportation to school. It was a long ass day, I have never been fan of Mondays. They are just an unnecessary drag if you ask me. During break time I saw the girl who was there on my dreams. She passes me like she didn't know me . Okay that's weird, she was talking,

bubbling with her friends not far from where I was , completely ignoring me . She's popular around here.

I checked the Time and break was almost over so I went to the bathrooms. As I finished my business washing hands, she walked in, with that model walk of hers, i smiled but she didn't returned so I looked down.

Her:why were you staring at me the whole day?

Me: urhm I just..

Her: do we know each other?..

Me:urh... Ah well no!..

Her:good, let's keep it like that. We don't know each other and that's fine! What happens in Vegas stays in Vegas.

What the fuck that means? She walked out leaving me confused and I went back to my class. Finally the day was over we went back home.

My grandmother was sitting on the couch knitting whatever she's always knitting. I greeted passing and she called me.

Gogo: how are you feeling? Yesterday you slept the whole day.

Me:I'm fine now gogo.

Gogo:Khanyisile, I think it's time we sit down and talk about boys and sex..

Me:urhm gogo, we learn about those things at school. I'm really good.

Gogo: very well then, my next question, when last did you get your periods?

Me:why do you ask?

Gogo: because you are behaving like someone who's pregnant.
I know those signs..

Me:(standing up)ai gogo I'm not pregnant mina, even now I'm
on my periods.

Gogo:are you sure?.

Me:yebo gogo you can even check me if you don't believe me..

Gogo: Khanyisile I hope you are telling me the truth. You are
still very young to be involved with boys. I don't want you to be
like the girls around this community. Please take a good care of
yourself. This coming Friday you are turning 13..

I have completely forgotten about that, I just smiled and proceeded to the bedroom where I threw myself on the bed and sighed...

THREE DAYS LATER

THANDIWE

Khanyi and I were talking and chilling at home, I must say I've missed having her around, we were eating bunny chows.

Me:so mo gurl , tomorrow it's your birthday, what do we do?.

Khanyi: maybe we can go to kwa Mabaso and get drunk..

Me: are you for real?

Khanyi:Yep I am.. I mean it's my birthday after all..

Me:wow I never thought I would hear you say that but I don't want you to do things because you are impressing me..

Khanyi: Don't worry, I'm not any under influence here.

I looked at her deep, I saw scars...

Me: okay let's cut this crap. Khanyi what going on with you! Please don't tell me it's nothing because I know you, the KHANYISILE I know will never suggest drinking, the Khanyisile I know doesn't like make up and short clothes.

This khanyi in Front of me I do not know her, yes she looks like my friend but she's definitely not my friend! So if this friendship means something to you, you are going to tell me your problem. I have been patient since December but no. You went from being moody to hyper over night?..

By the time I was done talking tears were streaming down her face, I went to sit next to her brushing her back as she cried.

Khanyi:(wiping her tears) promise me that you will not tell a soul about what I will tell you?..

Me:friend, do you really have to ask?.

She sighed and told me everything, the rape to the abortion.! I stood up and started pacing up and down.

Me:what the fuck is wrong with Sandisi? How can he do that? You are like his daughter for Christ sake! Khanyi we have to arrest this dog, we can even add that he also slept with me, yes ours was consensual but still, I'm way underage he can be arrested for that.

Khanyi:no, don't involve the cops, I have a plan to make Sandiso pay. Don't worry.

Me: khanyi this guy will keep on doing this, when he's tired, he will find another victim to violate!

Khanyi: Thandi you promised you will say no word! Please don't make me regret telling you this!

Me: fine! But I still think you are making a huge mistake but i will believe that whatever plan you have includes poisoning because Sandiso is a dog..

She smiled a bit then I saw blood coming out her nose, not Just a normal one, but thick black blood, I screamed.

Khanyi:what!

Me: you are bleeding!..

She quickly touched herself and stood up.

Khanyi:I'm sorry I have to go.

How can she not realize She's bleeding, what kind of blood is that?.

KHANYISILE

From Thandi's place to mine is 5 minutes but I ran and arrived quickly. I went to my room and locked myself in. I went under my bed and took my red bandana and black rope tying it on my hand, I called out the code and Daisy was there. Daisy is my replica.

Me: the godmother is calling me, be a good girl and sleep okay?

She nodded as I took off and quickly I was in front of godmother.

Me:(bowing)I'm sorry I'm late.

Sasha:no problem, come I want to show you something..

The past few days I've been trained, I'm still doing minor work like drinking blood from the person next to me, it's really easy, I will just stand next to that person and drink it, the person will feel a bit tired or need to sleep all of a sudden.

Yesterday I was taught how to pray for clothes, hair and stuff. Mostly the expensive and trending brands. We just curse them that who so ever wore them be troubled, at work

relationship, personal nje things be messy.

I walked to what looked like a secret room and she went and took her cross.

Sasha: you are learning fast and I'm impressed. I was thinking that it's time you do day jobs, out of town and improve.

I was excited. I need the power more than anything.

She asked for my hand and tattooed a 6 on my arm. It was only visible to me unlike the other tattoo Sandiso saw.

Sasha:with this code 6, you are able to break anywhere without being seen, remember to always say your spell, to always put Daisy in place okay?

Me:yes ma.

You see this thing of people's replacement works like this.. Beyonce's replica is Sasha Fierce hence she released an album in 2014 that said 'im Sasha Fierce". Sasha is the one that you see on stage, music videos and live performances dancing and tweaking.

The real Beyonce can't dance, can't tweak and is very shy and reserved. Beyonce doesn't have curves,Sasha does, she doesn't have that huge ass but Sasha has. Watch her interview with Oprah Winfrey where she explained how this work, how she actually fell pregnant for two months with Blue Ivy. That's the story for another day, I was just making an example with someone you know and probably love.

A WEEK LATER

THANDIWE

We celebrated Khanyi's birthday and it was dope, to her promise, she really got sloshed. I was so hurt because deep down I know Sandiso did this to her. He actually destroyed her well being. Khanyi need help, she can't go on like this and Sandiso can't keep on destroying kids.

Yes I agree, with mine is different, I slept with him willingly but as some one older and knowing better he should have not taken an advantage of me being young and naive. I hate what he put khanyi through and I hope he gets arrested.

I have filled the case on Khanyi's behalf yesterday because I can't keep quiet anymore. Who knows? maybe if he gets arrested, khanyi can find closure and heal. We are actually saving the next woman from this monster..

I was done with my homework when I heard someone knocking on the door. I checked the time it was around 9pm. I took my phone and went to the door. I asked who was it?

Sandiso: it's me . open up we need to talk.

Suddenly my heart started beating faster. I don't have power hour minutes on my phone so I quickly went to WhatsApp under Khanyi's number and put my phone on record. I opened up the door.

He walked in followed by 3 guys. They pushed me and I fell to the couch my phone dropped next to me.

Sandiso: what the hell were you thinking going to the police station and tell lies about me huh?

Me: Sandiso ..

Sandiso:(unbuckling his belt) I'm going to teach you a hard lesson! I will give you a taste of what Khanyi went through, isn't that what you want?

KHANYISILE

I was tossing and turning, today I didn't go to the group. I clicked my tongue and switched on the lights. It was 5 am. I took my phone and switched on my data. Thandi's WhatsApp with the longest voicenote came through. I wonder what gossip is she telling me.

When I played it I heard Sandiso's voice, I quickly stood up.! I heard their argument. I heard him raping her, I heard his other friends taking turns on her. Tears were streaming down my face as her cries were ignored. When this dog find pleasure in what he was doing.

I quickly put on my jeans and a top. I ran to her house on a huge speed. I was met by paramedics and cops. The other community members were up already gathered around.

I walked to the cop.

Me: sorry, what happened to my friend?

Police:(touching my shoulder)I'm sorry. We found her too late. She had died..

Me:(tears rolling)no ! You can't say that!

Police:she has been brutally raped and strangled. I'm so sorry..

Me:(wiping off my tears) you are speaking nonsense, can I please see her?

Police:she's very bad I would advise you not to .

I clicked my tongue and climbed on the ambulance, she was covered with a white cloth.. I swallowed hard and closed the door. I opened the cloth and she looked bad, her face was

swollen from the punches, her neck red. More tears streamed down but this was not a Time to cry.

I touched her heart.

Me: godmother I know you are watching and seeing this. It's me, Khanyi. I come before you because I need a favor, a huge one. I have heard how you replaced people's lives, please restore my friend's life like you did when Justin Bieber died on the car crash. godmother, Thandi is way too young to die, I need her as a friend and a sister Please. If you do this for me, I will be indebted to you forever.

I was disturbed by the paramedic who opened the door and told me to come out as they have to go. I looked at him and moved my hand. Thandi sneezed.. I smiled through tears, she opened her eyes but it was difficult because they were swollen.

Me:(happily) she woke up!

Police: huh? How because she was declared death?

Me: yeah well she was not death but passed out. Now drive the damn ambulance to the hospital!

They all looked at me like I was crazy but they did. I held Thandi's hand, she looked confused and lost but I understand, it will take a while to register what is happening, she was death for few hours so yeah.

They rushed with her to the emergency room and I ran to the bathroom, I locked the door and cried so much. I had no time to call for Daisy to stand up for me but I left as I am.

Sasha: calm down. Stop pacing up and down.

Me: I need to take Sandiso out, in a most painful and brutal way.

Sasha: Khanyi you are emoyand angry, your anger is good but your emotions, I'm not happy about them , you will make

mistakes something we can't afford. Taking Sandiso out won't be easier as you say. I must warn you that once you kill once it's will be easy to kill again, the desire to kill will grow.

Me: I really don't care what happens next or what need to be done but I need to get this fucker out of the way! What's so difficult to understand about that?

Sasha: okay, I will prepare you. But now fo be with your friend.

Me:(wiping my tears) show me the clip how they violated her..

Sasha: khanyi you don't want to see this..

Me: Sasha!!

Sasha:(raising her hand) okay!

She pointed on the wall with her sticker and Thandi's house appeared. The gruesomeness they put her through, my heart broke a million times..

Me:(wiping tears) will she be okay?

Sasha:she will be fine, just not now or next month but eventually she will be., Just be there for her. Do you want us to recruit her?

Me:no, she's been through enough, I need her to live a normal life. Separate from mine. Sandiso yena, will pay, deadly!

Sasha nodded million times smiling. I then returned to the hospital and washed my face going out.

Lady: I've been knocking in here for over 5 minutes!

Me: so?

Lady:(clapping hands) Waze waluhlaza ngane! Angeke uze ucele noxolo? (You are so rude, you won't even say sorry?)

I just clicked my tongue walking away because I realized she was getting on my nerves...

EVIL THOUGHTS

INSERT 5

SANDISO

I was smoking weed in my house (late brothers),I was so caught up on it enjoying it as I was making small bubbles with the smoke when my phone rang.

It was my police friend, the one who actually told me that little bitch has reported me for rape. Imagine if she found someone who hates my gut? I would be arrested by now.

Me: ma niggah

Solo:ntwana kushubile!(my guy it's bad)

Me: what's up?

Solo: so we went to the girl's house after that anonymous tip of you gave us right...

Me:yeah?

Solo:we did find the girl dead and damn.. did you really have to hurt her like that?

Me:ai Solo marn get straight to the point!

Solo:fine, we called the ambulance and paramedics declared her death, we were ready to leave when her friend came down running to the cars screaming that we open the door and all. She got in at the ambulance and asked for a moment alone with her. You won't believe what happened when the paramedics insisted on leaving...

Me: what happened?

Solo: she woke up! The girl woke up!

Me:(standing up)no freaking way! How did that happen? It's impossible. We left her dead and cold last night. How can she possibly wake up?

Solo:well she did and now she's at the hospital under intensive care unit..

Me:(rubbing my face)fuck fuck fuck! I don't need this I seriously don't need this. Send me the hospital name and her ward number, I need to go see her..

Solo:stay away from there! Her ward is heavily guarded and worse by the cops that doesn't work with you. They will be thrilled to have you arrested if the girl can wake up and see you.

Me:this is fucked! Okay my man keep me posted..

Solo:sure!

I hung up and threw the phone on the wall with frustration. How can someone die for good 7 hours then miraculously wake up? What did Khanyi do to her that got her up? I need to go home. She must tell me what she did! These kids are going to be a problem.

KHANYISILE

I had just gotten back from the hospital. After Thandi woke up, she passed out again and now she is in ICU. Words can't describe the pain I'm feeling. I need to prepare for school at the same time my heart is so damn heavy.

Gogo: you are late! Where are you from?

Me: I Rushed Thandi to the hospital..

Gogo:oh I heard her boyfriend's killed her.. you see why I always told you to stay away from that girl? She's bad news..

Me:(shocked) really gogo?

Gogo:yes.. apparently her boyfriend's found out she was two timing them and..

Me:(irritated)for someone who claim to be a Christian you are so evil! SANDISO takes after you! Yeses!

I walked to my bedroom with her Calling my name and shouting. I quickly dressed up and left the room.

Nomusa:gogo says you insulted her, where do you get the liver to insult umuntu omdala?

Me: where do you get the liver to ask me that nonsense?

Nomusa: hai bo Khanyi! This is you now? You back chat your elders? Huh? Is that what Thandi taught you?

Me: (rolls my eyes) actually ubuyela nini ekini? (When are you going back home)

Nomusa: what?

Me:nywat nywat my left foot!

I clicked my tongue going out and realized my grandma was at the corner clapping hands. I don't give a damn.

I arrived at school I was so damn late and this teacher Hates my guts, she hit me with her stick 5 times and my hand was blue. I'm a yellow bone so I was now red.

I went and sit down at the class. Break time came and I went to get something to eat since I left home without breakfast. I saw this girl who used to bully me when I was new here.. she bumped on me purposely, little did she know my heart was heavy and dark, I turned and pulled her by that long fake weave of hers and bang her head on the door next to ass. I banged it a couple of times and by the time I was done she was bleeding

her forehead cracked. I used my finger to taste her blood and walked away.

I didn't even made it to my class when this teacher who's teaching Life Orientation and my class teacher called me

Him: Dlomo! In my office now!

I sighed and walked to his office..

MR MASEKO

I just got information that one of my favorite student has hit someone and I was shocked that it is Khanyi. I don't understand what's happening with this girl lately. She's Changing and I don't know if I like this change in her.

She walked to my class and sat down with her skirt pulled up, her tighs out since it is short, her eyes seem to be swollen and the deep mascara and eyeliner doesn't help it.

Me:Dlomo, what is it that I'm hearing you banging Nosi's head on the door!?

Khanyi: she started on me sir..

Me:you are not a violent person, what went wrong?

Khanyi:I'm not really in a good mood sir so she pissed me off.

Me:that's not a reason enough to hit someone. I will have to call your parents..

Khanyi:(standing up) sir please! I'm really going through a lot right now.

I looked at her blankly, she stood up and went to lock the door and came back to me. What is this child playing at? She pushed my chair back and sat in between my legs on my desk.

Khanyi:sir, my friend was raped and brutal attacked last night, she's at the hospital as we speak, that's the reason why I came in late today.

Me:oh I'm sorry I didn't know. But still Khanyi..

Khanyi: I have another way you can punish me for my bad behavior but please don't call my parents .

Me: which way is that?

Khanyi:let me show you rather..

She leaned over and kissed me, I moved back and she pulled me closer and kissed me. For a 13 year old she kissed so good that I found myself responding to that kiss, this was so wrong in so many levels but my body reacted to it, enjoyed it.

She put her hand on my trousers and touched my crotch.. damn where did she learned that? She took it out and knelt down giving me a mind blowing blow Job. Seeing her small lips

around my hard cock drove crazy. Even my girlfriend isn't that good, in fact she's bad, she always bite my dick, I always tell her to keep teeth away from my dick! I wish she can see this art right now!

Khanyi blow me so well that I nutted on her mouth and she swallowed with a smile..

Khanyi:(cleaning herself)am I forgiven?

Me: definitely, don't worry I will see how I deal with Nosi.

She smiled and walked away leaving the door opened, damn what just happened? Guilty washed over me, I just had an oral sex with a kid! What if someone saw us?

LATER THAT DAY

KHANYISILE

I back home late around 5pm because I passed by the hospital to check up on Thandi, walking in at home I saw the devil's car.. suddenly my heart became dark. The anger came back.

I walked passed him sitting with granny and his girlfriend.

Gogo: akusabingelelwa manje? (You don't greet?)

Me: I greeted you this morning..

Gogo: I'm not talking about me, here's your uncle he arrived today.

I rolled my eyes and walked to my room, I'm not going to greet that fool. I was changing my clothes when he badges in my room closing the door, my heart skipped a bit but I was no longer afraid of him

SANDISO: what is it that I hear about you disrespecting my mother and girlfriend?

Me: your girlfriend should stay the hell away from my business, as for your mother, she's a two faced hypocrite..

Sandiso:(pulling me by my throat)what did you just called my mom? Khanyi repeat what you said?

His grip was so damn tight around my neck that I was starting to loose my breath... I begged him with my teary eyes..

Sandiso: you will join your parents soon if you don't leave that stinking attitude of yours! Uyadelela wena Khanyi!

He threw me on the ground and walked out banging my door. I coughed trying to catch my breath... I then took my things and wore them, Daisy got in before I could even summon her.

Sasha: you are angry...

Me: Sasha we need to take him out

today! Do whatever you have to do, but he has to die,
namhlanje!

Sasha: I think you are ready to take him out. Go back, I will visit
you around 11,we shall take him out.

AROUND 11 PM

SANDISO

Nomusa was sleeping, snoring as usual and I had just came back
to take a piss, actually I wanted to go to Khanyi's room to
punish her but she locked her room. Right now I'm more than
pissed than ever

I lay on my back, knees facing up . I was just thinking about how I'm going to solve these girls. They are becoming a problem and I have to eliminate them for good.

My door opened and I sat up switching on the lights, she walked in, Khanyi walked in, she was on a black lace lingerie. She even put on a weave and some high heels she looked super hot and sexy. Everything was black including her lipstick.

Khanyi: I heard you were looking for me. I'm sorry I was putting up this look for you? Love it?

She turned around and did a small dance for me, my heart was racing up faster and I wasn't comfortable, I looked at Nomusa, she didn't move an inch.

Khanyi:don't worry she won't hear us.

She moved to me and pushed me back to the pillow and climbed on top of me. I sleep naked so there was no need for

her to even undress me. She started kissing me, feeling the warmth over her lips against mine sent shivers to my spine.

She kissed my neck all the way down to my dick. She gave me an electrifying mind blowing job that she has never showed me before.. is she sleeping with someone else?

She then shifted her underwear and sat on my dick, her pussy was hot.. too hot that I felt my dick being burned, she started grinding and the more she did so the more pain I felt.. she was surely enjoying it judging by her moans and I tried to contain the pain but it increased with each pace she gave me.

I couldn't hold in anymore I started begging her to stop, removing her from me but she stuck up so tight. The she ordered me to look at her..

Her eyes changed to Green, her nails grow longer than usual, they were so Sharp and pointy.

Khanyi: I want you to remember this look when you take your last breath.. this is for me , my parents, and my best friend.

She then duck her long sharp nails on my chest and cracked it open, I screamed in agony as the pain now was doubled, she kept on findling her hand inside me as blood came out, it was like I was tied up, I couldn't move an inch, I don't know how she did it because she was bouncing on my dick yet her hand busy going around inside me, the other hand she used to lick my blood ... I felt something being pulled and the world stopped moving everything spinned around, her hand came out red with my blood but it came out with my heart, she looked at it dripping blood and I was wondering how the hell am I still alive. She looked at me and started laughing eating my heart raw.. bouncing slowly on my dick..

Me:(begging) Khanyi.. Khanyi.. Khanyi

She ate my heart and finished it before ripping my chest bare open taking my liver out and that's the last thing I saw.. everything became dark...

NOMUSA

I heard Sandiso calling out Khanyi and I thought maybe he was dreaming but he kept on calling her that I got checking the time.. it's was 6 am. I turned to look around and what I saw made me jump out of bed and stood by the window.

Lord Jesus! What kind of witchcraft is this? What kind of wild animal attacked SANDISO? His chest was ripped open, his liver half eaten and heart gone. His dick looked like it was bitten by something, his balls green..

I screamed shaking...

KHANYI

Nomusa's screams woke me up, I sat up rubbing my eyes, my body was so sorry and damn tired. I went to look myself on the mirror and smiled. I wiped my mouth as some blood stains were still around I looked at my arm, another 6 was added.

I wore my sleepers and went to check out on this one screaming because my granny had joined her in the screaming session...

To be continued...

EVIL THOUGHTS

INSERT 6

KHANYISILE

I went to the room where the screaming session was taking place and stood by the door folding my hands staring at Nomusa comforting my grandma who was wailing on the floor, her cries didn't really touched me shame.

Part of me blames her for this, If she didn't treat my dad and Sandiso differently this maybe wouldn't have happened. I looked at Sandiso's lifeless body laying there. Argh shame, the body is now free from all the evil deeds Sandiso was using it for, all his soul is trapped under the sea, we are going to make sure he doesn't know no peace, his soul will wonder around until Jesus wakes up, that's the prize he pays for the wicked way he did.

Nomusa: are you just going to stand there? Call an ambulance damn it!

Me:oh yeah sorry.

I sway my ass back to the kitchen and used my grandma's phone to make the call, I gave them the directions and sat down eating the pizza that was bought last night.

Few minutes later cops, neighbor's and the ambulance filled our yard, gogo's church members screamed when they saw his body including the cops. They kept on asking what kind of wild animal attacked him.

They told us they will come back for a statement as they are giving us some time to grieve as a family. They left, Nomusa was shaking, part of me felt sorry for her but the other one didn't. I mean she visited Sandiso's at My parents house and kept quiet? Usazonya naye Lona.

I decided to be a good girl and made tea for the church ladies since u mam mfundis wakhona had arrived. Gogo was already sitting on the mattress having hiccups. Shame, She will be fine, i feel for her, burying your eldest son,, husband, daughter in law and last son in a short space of not more than 2 years?

I took the tray and kneeled down pouring to each Cup of them.

Mam mfundis: Khanyisile...

Me:ma'am?

Mam mfundis: kushoniwe lakhaya kodwa wena ugcoke izigcebhe? (You have just lost a family member but you are here wearing skimpy skirts)

He hai ke khuzani lomama! Like ungenaphi ezigcebheni zami? Okokucala ugcoke le weave engayithandazela emkhathini! Zonke izinto esizithintayo sizibeka uphawu olubonwa yithi kuphela (Some one reprimand this woman, how is my short skirt any of her business? First of all she's even wearing the

weave I prayed for, all of the things that we touch have a sign that only us can see)

Gogo: akahloniphi phela lo, usengijikele nje Khanyisile. (She doesn't respect me anymore this child)

Mam mfundis: ilentombazana azwana nayo, ngakutshela MaDlomo kuthi qeda lobungani.. (it's this girl she's friends with, I told you to end their friendship)

Gogo: sizothini ngoba o Khanyi banamalungelo! (What can we say, kids these days have rights)

I was really hurt, gogo was talking As if I'm an misbehaving child.. she's so ungrateful! First of all the bastard of his son caused all of this. I stood up preparing to go to my room.

Mam mfundis : ubuye sizothandaza , nawe sikuthandazele(do come back for prayer)

I rolled my eyes and went to take a long satisfying shower and wore a long dress, I don't want to but I don't want it to seem as if I'm disrespecting my grandma especially in front of these gossipers.

I looked at my glass where Sandiso's soul was trapped into, in the midnight we are going to throw it on the sea. I smiled and put it under my bed and went to the kitchen. I found Nomusa starting on pots I decided to help her. Shame, poor thing, she was busy wiping her tears. Her fake bleached skin was now pink from all the crying.

Nomusa: you know I've never seen anything like that my whole life.

Me: yeah it was hectic

Nomusa: I'm just surprised you are not frightened.

Me:(chewing a carrot)why should I? I mean I love horror movies, I think I've watched an episode like this where the vampire ripped someone's throat up and..

Nomusa:(disgusted face) ewh Khanyisile stop! You don't have to tell me that.

Me:(laughing) sorry..

Nomusa: are you not sad about Sandiso's passing? I mean he was like your second dad and he loved you..

Me:to be honest
im happy he's dead..

Nomusa: Khanyisile!

Me:what? I should pretend to be sad? I'm not! I'm very thrilled!

Nomusa: why are you so wicked?

Me:(rolling my eyes)at least I'm not fake! Tell me, you knew Sandiso was living at my parents house and you didn't say , why?

Nomusa: urhm.. well.?

Me: exactly! So please shut up, In fact I can't wait to see you back to your parents house.. indoda yakho is dead and bongakalotsholwa!(Your man is dead and he didn't pay any lobolo for you)

Nomusa: yazi Khanyisile ukhohlakele for your age! (Khanyisile you are so evil for your age)

Me: if telling the truth is wickedness then I'm the proud witch..
nxx

I walked out of the house as I wanted some fresh air, I was starting to feel angry...

SOLO

I was driving around the community just patrolling. The job of being a police man isn't so easy. Actually I'm shocked at how my friend Sandiso died. Not so long ago I was giving him an update about the girl who miraculously woke up from dead and now he's the one dead?

I've never been a believer of witchcraft but now I do! I have never seen such a thing! I was just about to turn to the corner when I nearly hit a girl. Fuck, I was in so much thoughts that I almost caused an accident.

As I was checking her on the rear view mirror I realized it was Khanyisile, the same girl who woke the other one up, suddenly my heart raced up, the hair at the back of my head stood up. I found myself accelerating trying to speed off but she just raised her hand and my car spinned up and hit the ground, it was on flames I, I struggled to get out as I was being burned. She came and opened the door and dragged me out.

Khanyisile: I don't want to kill you yet, I want you to experience the pain you put Thandi through, sadly your friend isn't here to endure the same pain. Bloody rapist!

She spat on my face and left me there..

MR MASEKO

I was marking scripts at my place I'm Manqoba Maseko originally from Kzn, I'm 22 years old and fresh from varsity.. im teaching English, L.O and Natural science. I was still thinking about what went down between Khanyi and I, her picture blowing me can't get off my mind.

I'm very much disturbed at how a kid like her can be this good in the sexual department, these 2000s can shock you hey. My girlfriend is doing Office Admin at Ekurhuleni East college benoni campus and she's 19.

As I was busy thinking about all of this I heard a knock, who could be knocking here? I stood up going to the door, I was so

shocked to see Khanyi again, come to think of it I didn't see her at school today.

Me: Khanyisile.

Khanyisile: hi, may I please come in?

Me: urhm yeah sure.

She walked in passing me and sat on the couch, her dress was long and it suited her well, her eyes red. I sat next to her.

Me: are you alright?

Khanyisile: I'm fine, just that I don't get much sleep lately

Me:why is that?

Khanyisile: personal reasons.

Me: okay. What do I owe this pleasure to get a visit from you?

Khanyisile: I was just wondering around not knowing where to go really. I left home because I needed some peace of mind but here I am.

Me:mhmm how sweet. Khanyisile about that day?

Khanyisile:(putting a finger on my mouth) I'm actually here to finish what I started that day..

Me: huh?

Khanyisile: I'm in a very bad mood and I need you to make me feel better, calm down.

Me:(holding her hands) Khanyisile you are young to put yourself through this life. I mean where did you learn all of those things..

Khanyisile:(smiling) does it really matter?

She leaned forward and kissed me, I moved back she moved closer, the more I resisted the more the desire to have her grow. She got on top of me, wrapping her arms around me.

Khanyisile: listen, I know you are a good guy and believe me you are not taking an advantage of me but it is me wanting, needing this. Your heart says it's wrong but your body says yes . Listen to your body.. please?

How does one says no to such a beauty begging so nicely sitting on my cock? I ran my hands on her waist...

She kissed me again and took charge of the whole situation, the whole thing was just fascinating, how she's so experienced is shocking me..

MANQOBA MASEKO

After the hot steamy session of which she was in control the whole time, she picked her clothes and started getting dressed. I mean no cuddle or second round nyana? Most girls loves to cuddle after love making but here she is, getting dressed.

Me: urhm you are leaving?

Khanyi:yes I need to be home.

Me:oh ok , I was hoping you can stay some more you know, get to see more of your moves..

Khanyi:(smiling) I would really love to but I can't. I have to get going before my grandma get worried.

Me:okay, are we going to be doing this again? Hopefully soon?

Khanyi: I don't know hey, we'll see how it goes.

She finished dressing and waved at me going out. Wow! Just like that! Okay!

NOMUSA

I was seated with Sandiso's mother at the mattress as the church ladies were singing the final song before leaving. I was thinking all the things Khanyi said to me, part of me wants to think that she's responsible for this but then she's a just a kid. How can she kill my boyfriend like that? No I know she's cheeky probably the adolescent stage but she's not that wicked. She won't do that

MaDlomo: where's your mind at my dear?

Me: urhm nothing gogo, I'm just here thinking and wondering what's going to happen to me since Sandiso is no more..

MaDlomo: you don't have to worry about that, for now let's focus on giving my son a dignified burial and we shall see the rest later.

Me: you know ma, there's something that worries me about u khanyi..

MaDlomo: what has she done now?

Me: not what she did but said. You know Ma she said she was happy Sandiso is dead.

MaDlomo:(clapping hands) hai bo!

Me: yes.. in fact she said she was thrilled.

MaDlomo: kodwa kwenzakalani ngengane ka Themba? (What's wrong with Themba's child?

Me: angazi mina mama and to be honest she's worrying me.

MaDlomo: ngicela ungigadele yena since ubona kuthi kunjani.(please look after her since you can see the situation)

Me: I will try Ma, just that Khanyi has a Sharp tongue.

MaDlomo: Khanyisile is a child, beat her up if you have to

Me: beat who up? Mama you don't know Khanyisile! Another thing that worries me, when Sandiso was dying he kept on calling her name..

MaDlomo: oh?

Me:yes.. weird right?

MaDlomo: very..

KHANYISILE

On my way back home I was running. In fact I was flying, in a minute I was home. I went to the kitchen and drank some water.

Wuuh.. what a great session I had with MANQOBA, I think I'm going to be hooked on his dick. It's so delicious. Poor thing talking about cuddles and all? I don't do that. I won't do it even. I will just fuck and pass...

As I was thinking about the great sex I had Nomusa walked in, this bleached skin of hers will crack soon these days.

Nomusa: great you are here. Mam mfundis said I should come get you.

Me: what for?.

Nomusa:bafuna kukuthandazela bakukhiphe le demon
lendelelo onalo.

(They want to pray for you and cast out this demon inside you)

I just chuckled and followed her to the room. They had started praying, for peace over the family and to curse the death that keeps on happening, they were asking God to accept Sandiso's soul. Mxm something that will never happen..

They told me to be at the middle of the circle they made as they prayed.. I remembered what Sasha told us. I raised my arm with the 66 code, the more they chant the more I raised it. This code was to block their prayers not get to God, blocking their prayers was so easy because most of them were wearing our products, wearing our products and things we have prayed for make it easier for us to control you without recruiting you.

My next task is to manipulate u mam mfundis, it will be easy to get to her and change her tongue because uthanda izinto, her

worse mistake is not praying for the food, clothes and everything she uses because we are actually everywhere.

They finally finished praying and stood up shaking hands, when it was time to shake mine with mam mfundis I hold it a bit longer staring at her..

Mam mfundis:(smiling)ave uyingane enhle elungile. U gogo unenhlanhla ukuba nomzukulu ofana nawe.. (you are such lovely beautiful child. Your grandma is lucky to have a grand daughter like you).

I saw the other ladies being shocked at that, I smiled walking away, mission accomplished!

---THE FUNERAL----

KHANYISILE

Finally the day to lay this dog down has finally come. I don't know how I'm feeling today. I have mixed feelings, his soul is trapped and he keeps on begging to be free and it shall not happen, we are still thinking on what to do with him. Sasha advised that we dig up his body tonight after the funeral and turn him into a zombie. That could work, punish him nje for control but I'm still thinking about it.

I was looking at people crying especially my grandmother, part of me is really broken and feel for her for the pain that she's feeling. I'm also here crying, not because I'm sad about his passing, I'm just crying thinking about the evil things he did while he was still alive and now people are talking about him as if he was a saint. If I didn't love and respected my grandmother

so much, I would go up there at the front and tell everyone how evil this man was, but I won't do that.

I am crying thinking at how I loved him, how he costed so much pain, killing my parents, taking my innocence, destroying my friend's life. Speaking of Thandi, she's recovering and I'm happy although a lot is still need to be done for her to be 100 but I'm willing to be there every way with her. I mean she was trying to help me in the first place so yeah.

As for Solo, he's in the hospital being treated for the burned wounds, his face didn't get affected but his legs , he might use a wheelchair. Good, we shall see how he will rape people now since his manhood is just a decoration nje. It's funny and sad how sensitive male's body part are. Lol I mean a small nyana touch on the spinal cord nje he cannot use it again? Yeah hey.

I saw mam mfundis approaching me, this one, she's dancing on my tune now, sadly I can't get to her husband but I'm so going to use her to destroy the ministry. It's so easy, will make her be judgemental, gossip and really rude. Maybe I can even make her sleep with one of the church board member.. hahaha it's so

easy, the things she's using are prayed to destroy lives, to make them rebellious, hoe and all

Ma'am mfundis: hi sis how are you doing?

Me:(sniffing) I'm hanging in there.

Ma'am mfundis: I'm sorry hunny, I know how much you loved your uncle. You should come to church some time.

Me: I will mAh.

She hugged me and walked away, me enter a church? Soze!

SOLO

The nurse had just finished feeding me when Nomusa walked in wearing all black. I'm just so sad that my friend is being buried and I'm not there to pay my last respect. How he died still

scares me even now. I think I will need counseling, just to get away from the last picture of him on that bed.

Nomusa:(sitting down) hey..

Me: hey. How was the funeral.

Nomusa: it was okay. How are you holding up?

Me:well I'm still breathing I think that counts.

Nomusa: you Know I still can't believe the story you told me.
Who's this kid we are living with?

Me: I don't know, only I can tell you is that you need to be careful around her. She's dangerous until we find out what we are dealing with.

Nomusa: you are right, I mean if it's really her that killed Sandiso like that

I'm so afraid of her.

Me:tell me about it again.

Nomusa: I have something to tell you Solo..

Me:I'm listening..

Nomusa: I'm pregnant, and according to the dates on the scan, I conceived while Sandi was away..

My head spinned around, already I have three kids with different baby Mama's, how am I going to deal with another one? Nomusa and I have been screwing for a long time, every time Sandiso is out of town I would sneak her out for a steamy session.

Me:(clears throat) are you sure? I mean it could be his..

Nomusa: I would really love that because wena u useless nje!
Unfortunately it's not the case.

Me: I think you should tell the family it is his, I mean you can
get something out of it..

Nomusa: you are actually right, and u MaDlomo will be thrilled
to have a memory after Sandiso

Me:(smiling) you see, that why I love you, you are smart.

Nomusa: let me get going, before this witch come and find me
here..

Me:yeah, you will come back moes?

Nomusa: sure. Tomorrow. Get well.

She kissed me and walked away..

MANQOBA MASEKO

Khanyisile came again here and we had sex, at least this time she allowed me to lead. We were now laying on bed catching up on our breaths.

Me:Khanyi

Khanyi:yes.

Me: what is this thing between us?

Khanyi: we are having sex..

Me:that all?

Khanyi: hai ke.. what did you think it was?

Me: I don't know, I just feel like there's more we can do with this, like we can get more out of this. Try to get to know each other better and...

Khanyi:(hands on her face) please tell me you are not catching feelings please?

Me: well can you blame me? Khanyi you are beautiful, sexy and wild on bed..

Khanyi: please don't catch feelings, don't do that to yourself. Listen, I enjoy sex with you but that it's.. the sex! Focus on your girlfriend and treat her right.

Me:(touching her) Khanyi listen, I know you are still young and all, but I can wait for you to turn 18 then pay lobolo for you..

Khanyi:(eyes out) lobolo? Hai bo Manqoba! Two times screwing you are already thinking marriage?

Me:I'm not saying it will happen tomorrow but I'm just thinking about a long term here...

Khanyi: well don't! You are my teacher I'm your student, don't forget how ugly it will get if this can come out..

Me:are you threatening my career Khanyi?

Khanyi:(smiling touching my face) all I'm saying is let's enjoy each other without the labels and complications. Keep it in mind that I'm your student, we are not dating or what's over. Do your things, as long as you will be available when I need you.

Me: and if I'm not available the time you need me to be?

Khanyi: simple, I will find another dick to ride. Look this conversation is making me hungry, let me go home and cook.

Me: but we are still talking.

Khanyi: and I'm done. See you at class. Sir?

She winked and walked away, wow.! I rubbed my head frustrated, am I really falling for a school girl? This cant be alright.. my phone rang, I looked at it, it was my girlfriend, I hesitated to answer it, I know it's either she's looking for money or want me to buy her something, yet she can't even give me a proper head...

FEW DAYS LATER

THANDIWE

I was now able to move around a bit, I am attending a heavy therapy hai what am I saying? I don't know how many people I'm seeing per day regarding my health but I thank God I'm no longer using a Pampers now.

The thought of being on a diaper my whole life was slowly killing me, I'm glad that I will get away with it. What Sandiso and his friends did to me will leave a permanent scar but I'm willing to bury those memories together with him since he's dead.

How I wish I attended his funeral, just for that closure you know. I hate him so much but then I'm grateful for a second opportunity to live.

I have missed out a lot on school work but I hope I will be able to write exams at least. I was in deep thoughts when Khanyisile walked in, suddenly my mood changed, the whole room brightened, her name carried that light.

She was wearing a short school skirt, white socks, a blazer. Black lipstick and eyeliner was the order of the day.

Khanyisile: oh my word I'm so happy to see you up my bitch!

Me:(smiling) I have been up for a few days, its you who didn't come..

Khanyisile': I know and I'm sorry. I have been so busy oe awazi.

Me: what's keeping you busy?

Khanyisile: abafana(boys)

The way she said that so casual I just laughed, she joined me, gosh that line suits me not her. What happened to my innocent friend? Or wait, Sandiso destroyed her!

Me: you are so crazy you know that?

Khanyisile: no for reals i can't wait for you to get out of here, I have so much to tell you about..

Me: please do tell me now, I'm dying of boredoms and the thoughts of what happened in the past haunts me..

Khanyisile:I'm sorry about what happened, I know you were trying to protect me and I appreciate it. Next time trust me when I say I have the situation under control.

Me: yeah well I've learned my lesson in the most painful way, I will never stop caring for you though!

Khanyisile: you are too sweet. Okay listen. I'm busy with Manqoba and Thami...

Me:who are those people now?

Khanyisile:my life orientation teacher and The school RCL president.

Me: what? No uyaXoka! (You lie)

Khanyisile: oho.. you need to get out of here babes.. you are missing out.

Me: Thami is dating Naledi nje..

Khanyisile:(rolls here eyes) yeah well he's not her type but mine..

Me: that ma Khanyi! So when did this happen? And what about Mr MASEKO? Khanyisile you are bad!

Khanyisile:okay I decided to seduce Thami because Manqoba was starting to be a nerd really. Well Thami, it's still new, we have kissed though.

Me: heee ai no now I think I need to be schooled..

Khanyisile: the problem with Thami he sees me as kid.. only if he knows .

Me:(laughing)only if he knew..

We laughed, it was good being with my bestie.. she's all I have in this cruel world..

NOMUSA

I have been trying to find a way to tell MaDlomo that I am pregnant but I don't have a strength to do so. I mean will she believes me? I don't think so

Another thing Khanyi and I don't see eye to eye lately, u girl she's so rude and adamant that I should go back home. I love Solo and I want to be with him but now it's pointless, I can't really punish myself. I'm still young and I need to live. what will I be doing with a man who doesn't get an erection? Hai no, I can't.

His accident still shocks me though, I mean how did Khanyi pulled it off?

Thinking of her, I went to her bedroom since she's not yet back, I looked around, this room feels heavy, now I believe it that she's a witch.

What's that smell?! I sniffed following it and it was coming under her bed, I kneel down trying to see then the door opened she walked in I quickly stood up.

She closed the door not moving her eyes from me. She looked at me and my heart started racing.

Khanyisile: what are you doing here?

Me: urhm I?

Khanyisile:sesiyangingiza manje? (Are we stuttering now)

Me: I wanted to borrow a comb

Khanyisile:(chuckling) comb under the bed? Nomusa, stop digging because you won't like what you are going to get. Get out !

I didn't wait for her to tell me twice I left the room with a tail between legs, I hate how this girl intimidate me, it's just so annoying!

KHANYISILE

After Nomusa had left I locked my room

I need to start locking in here now, she's being nosey and I hate it.

I took off my uniform and wore my black leggings and black baggy t-shirt. I took my mirror under the bed and uncovered it. I said the spell three times and called out her name.

I saw her chatting with Solo at the hospital few days ago, she even kissed him . Wow! So this is what is happening here? She was two timing my uncle? Not that I mind, he deserves it anyway. I smiled and took a look on mam mfundis.

She was on the church office discussing financial budget with their treasurer and I smiled , I touched her weave from the mirror and blew some air to it. Few minutes later I saw her crossing legs. I smiled. I don't need to watch elder people having sex now do I?

I put back the mirror under the bed and walked out to the kitchen to start cooking supper. We ate as family and everyone went to sleep. Sasha called me using my code, as usually Daisy came to cover for me as I left.

When I arrived I found Naledi, that girl who told me what happened in Vegas stays in Vegas fuming. She's Thami's girlfriend and also part of us.

Me: where's the godmother?

Naledi: she's not here, it's me and you here. Tell me, where do you get the liver to go after my man?

Me: your man didn't mind so..

I didn't finish that, she jumped on me and started throwing punch. She really caught me off guard because she sat on top of me busy punching me as much as she can, I felt someone moving her from me I got up. I was bleeding from my mouth a little and so damn angry.

Sasha:(yelling)what's wrong with you! We are one and not supposed to be fighting each other..

Naledi: godmother she started on me!

Me: have I now?

Sasha: Khanyisile, what have you done?

When she's calling me with my real name I know I've screwed. I kept quiet busy wiping the blood from my mouth.

Naledi: since she's mute I will tell you. She's seducing my man!

Sasha: really now! Why would you do that?

Me:well I like him and I will not leave him because Naledi says so! If she can't share then both of us won't have him!

Naledi: what? Khanyisile how can you be so wicked? No one is disturbing you with your teacher but you are here for my man? Sasha do something, this is not acceptable!

Sasha: calm down Naledi I will talk to her..

Naledi:talk to her,? What she's doing is totally unacceptable but you are letting her get away with it! Why? Is it because she's your favorite!

Sasha:(yelling) Naledi! I will not have you talk to me like that! Do you hear me?

Naledi: wena Khanyisile, you better stay off my man or kuzonyiwa..

She clicked her tongue and walked away.. Sasha looked at me. She was very angry!

Me: I'm sorry.

Sasha: you are disappointing me! This is not how we do things here. You are going to leave that boy alone do we understand each other?

I looked down, I really will get Naledi. No one beats me up like that and get away with it. I nodded.

Sasha:good, now go clean up, u baba (the sea Python)needs blood. We need to go work.

Me:how much of blood?

Sasha: plenty, meaning you will have to work on the highway, buses specific.

Me:this means it's a day job?

Sasha:yes, meaning Daisy will go to school on your behalf as the job will be happening in Durban.

Me: this will be her first time interacting with people around me, will she be okay?

Sasha:don't worry, she will pull it off

Here take.

She handed me a shiny ring.

Me: what's this?

Sasha:the ring you will use, you will get on that bus and stand on the door. When it's moving on a faster speed, throw it on the steering wheel, it will blind him to cause the accident, Uma le ring ibheka phansi, ne bus nayo will be taking that direction. Remember, no one on that bus must be the real Christian or the whole blood is a waste.

Me:(nodding) okay, so how do we collect it?

Sasha: once the bus has rotated or fallen, the others will come with dustbins to collect the blood

Me: I hear you.

Sasha: now come. There's a factory we need to go pay a visit.

I followed her looking at the ring, it's so beautiful... You would not assume the evil it's possess...

NOMUSA

I woke up around 3am the nausea is showing me flames and I don't know how long I can keep up with this.

I have just finished taking a bath and now I'm fixing breakfast for the family, it's Wednesday and MaDlomo has a church meeting around 10 am. That will give me time to go check up on Solo. I do care about him just that he's a player and now there's this issue of his disability.

As I was finishing up putting bowls on the table ,Khanyisile walked in, she looked , urhm I don't know how to put it but she looked different.

Daisy/Khanyi: morning

Oh wait? Did she just greet? Wow!

Me: good morning, how are you today?

Daisy/Khanyi: I'm good. What did you make? Smells divine.

Okay she's kind, sweet and all today what's up?

Me: urhm well nothing fancy, just brown sour porridge..

Daisy/Khanyi:(smiling) awesome, it's been a while since I had it.

She ate and you could tell that she was enjoying it like seriously. Okay no weird make up today. Really this is strange.

MaDlomo walked in and Khanyo greeted again and gogo sat down eating. We finished up she washed the bowls.

Me:Khanyi

Daisy/Khanyi: yes?

Me: are you okay?

Daisy/Khanyi: yeah why?

Me: I don't know, you just acting weird..

Daisy/Khanyi: you are imagining things. Let me bounce. See ya

She picked her school bag and walked out of the house. Something was really off with her behavior today. Yesterday she was ready to kill me for invading her privacy and today she's all smiles? I went to her room and boom, it was locked. Okay! Now I'm convinced something is going on here..

MANQOBA

It was break time, I was passing by my class from another and Khanyi was still in class doing her work. I must say it's been so long I've seen her so quite and minding her business. Most of the time if she's not with the group of guys she's in my office doing nasty things on me.

I went to her and sat on the opposite desk, she raised her head to look at me, her innocent face looked at me without that naughty smile she usually gives.

Me: hey.

Daisy/Khanyi: hi

Me: you are a bit quite today, are you alright?

Daisy/Khanyi: I'm fine.

Me: ohk, I was wondering if you could come over to my place later.. I have a surprise for you..

Daisy/Khanyi:(frowning) come at your place? What the hell for?

As I was puzzled trying to figure out why she's not aware of what I'm talking about, I smiled trying to touch her, she moved back looking at me with a dead stare..

Me:(chuckling) mhm okay, I see it's that time of the month. It's okay, I will let you be, I miss you though.

Daisy/Khanyi: sir, with all due respect can you please let me do my work? Thank you very much for leaving.

Okay! What's that for? I sighed disappointed and stood up going to my office busy glancing back, she was so seriously focused on her work. What's up with her today?

KHANYISILE

We were now on Pretoria high way and we had just rolled over a city to city bus, people were screaming and my girls were working fast collecting the blood with the bins.

Around 1pm we were done and ready to go back. I went to school and Daisy was in the toilets.

Me:(smiling) thank you for holding things up for me. Any surprises I should know?

Daisy: urhm nothing much except that your teacher was acting weird.

Me: don't worry I will sort that one out.

We quickly changed to our bodies and she left. I took my mascara and eyeliner and put it on. I finished fixing myself and walked out. As I was going out I saw Thami walking in.. he winked at me and I lost all senses, I smiled back.

He came closer to me and kissed me, gosh his kisses did the things to me

he pushed me against the wall and pressed me there pulling me up to his waist, legs around his waist, his hands quickly went to

my under wear and his hand was playing with my clit. I moaned on his lips, mind you this is a public toilets, we didn't care if anyone can walk in here and find us.

Stolen sex in an appropriate places is nice, we worked on his pants so quick and his dick was on my cookie. Ok I was disappointed at the size of his dick, didn't suit a cheese boy like him, worse he came after pumping two times! Fuck that didn't even last for 2 minutes! Naledi beats me up for this disappointment?

He put me down breathing heavily and kissed my forehead, I wanted to puke.

He proceeded to the gents and I walked back in to clean myself up, Lord what a disappointment! After such a good kiss he does this? Nxxx

I walked back to the class really disappointed and mad. I sat down any phone beeped. It was him. I rolled my eyes reading it.

Thami: damn gurl you are so hot. When are you coming over to spend a night at my place...

Is he serious? I can imagine spending a night with that dick no I won't. I just blue ticked him and concentrated on the headlines of the accident we caused early. But I'm so damn horny now, I checked the time, the next period is Manqoba's. I picked my school bag and went to his office. Luckily I found him alone. I closed the door and dropped my bag going to him

I saw the puzzle look on his face as I sat on him working on his belt taking in his big fat cock in, gosh now this is what I call a man, I moaned on his neck as he gonaed louder.

Manqboba: I was wondering what's wrong with my girl, now this is the Khanyi I love.

We quickly got dressed and I went back to class without saying a word to him, 10 minutes later he walked in. People were whispering in class saying there's a smell of someone who just had sex and I ignored them.

Knock off time came and I went home. I quickly took a bath and rested on my leggings and tried to do some work, I haven't seen

Nomusa clearly she's out to see her boyfriend, haha she thinks she has it all covered I see.

I saw a black blood drop on my books, I knew I've been summoned, shit. I answered quickly and within minutes I was standing in front of Sasha and Naledi. I already know my fate.

I bowed down so afraid to raise my eyes to look at her.

Sasha: I think we have spoken about this but you didn't listen. Khanyisile this is not how we do things here. You need to be punished for going against my word and sleep with Naledi's man

.

Me: mxm that two minutes noodle

I swear those words were supposed to stay on my head but unfortunately they came out, Naledi jumped on me punching me, I returned them punches, I won't be this girls punching bag, never.

Sasha separated us with hot slaps I felt my skin cracking.

Sasha: you are misbehaving and you need to be punished and heavily so. You have to make a sacrifice to me and u Baba..

My heart beated faster.. I wiped the blood from the mouth, looking at her

Me: what kind of sacrifice?

Sasha: a human's blood, someone close and dear to you.. and you have to do that not later than tomorrow night.

What? No! Sasha can't do that to me. I looked at Naledi she was smiling a conniving smile. I'm so going to deal with her she doesn't know me!

KHANYISILE

After that intense meeting with Sasha I returned to my room, I tried putting make up on to cover the punches from Naledi. I was full of regrets, resentment and anger. I checked the time and it was time for supper.

I dragged myself to go eat. I found them in middle of eating, I just pulled my chair and sat down and started digging.

Nomusa:and then wena? What wrong with you?

Me: awuphume kimi tuu (leave me alone)

Nomusa: I was wondering how long that sweet attitude was going to last for. And what happened to your face? Ushaywe ubani? (Who beat you up)

Me: ungenaphi? Uhlanganaphi nje? (How is it your business)

MaDlomo: Khanyi, bowulwa? (We're you involved in a fight?)

Me: something like that gogo but it's not that deep.

Nomusa: strangely when you came back from school you didn't look like this..

Me: and how do you know that because you were not here when I get back? Awuyeke kungiphaphela tu!

Nomusa: when are you going to stop talking to me as if I'm your mate? Ngizokubhamula mina Khanyisile uyezwa? (I'm going to beat you up so bad)

Me:(chuckling)unganya!!(You can shit yourself)

MaDlomo:(banging the table) Khanyisile! That's enough! I won't tolerate this behavior from you any longer!

Me: I'm sorry gogo. Please excuse me .

I took my plate to the sink and washed it then went to my room. I lay on my pillow busy thinking a lot about the sacrifice I have to make. There are only two people close to my heart, my granny and Thandi and I can't in fact I won't sacrifice any of them I would rather die..

Why can't i sacrifice Nomusa mara? Or better yet that bastard child she's carrying, wait. I sat up smiling as an idea pops up on my mind, it's evil but it can work this time. I quickly locked my room and wore my clothes and soon I was in front of Sasha. She was seated in front of the fireworks.

Sasha: I take it that you have made a decision.

Me: godmother I have a request to make.

Sasha: I'm listening.

Me: will ubaba's thirst be quenched by a baby's blood?

Sasha: could be, but not for long..

Me: okay I will sacrifice a baby for my loved ones lives..

Sasha: I see that you care for them deeply. There are two options Khanyi, if you can't sacrifice any of them then you will have to sacrifice yourself..

Me: me? Kanjani? (How)

Sasha: every child you conceive you will give it to u Baba that way you will never have to kill your loved ones .

It's a lot but it could work because I don't see myself being a mother..

Me: how does sacrificing myself work?

Sasha:it's simple, either you give away every baby you concieve or take out your womb completely. You see Onika Maraj (Nick Minaj) she sacrificed with herself hence today she doesn't have a child

Advertisement

when she was 16 she fell pregnant, hunger for power and fame made her give away her child and womb.

Wow! I think I remember a song where she was talking about this, I think it's called dear old Nick or something. It's hectic but I will not give away my womb. What if later on I change my mind?

NOMUSA

It was the middle of the night when I felt excruciating pains on my stomach, it's felt as if I was going to experience period pains. I woke up to go drink water and came back to sleep.

I had a dream, a strange scary dream where it was like I'm giving birth to a baby, I was surrounded by strange women who kept on telling me to push, Khanyisile was busy wiping my sweat on my forehead as I was delivering.

When I finally pushed out the baby the ladies ululated smiling and Khanyisile took my baby. I tried to sit up but it was like I'm tied up to the bed. Khanyisile was walking away with my baby, I got up from that bed and walked behind her with pains worsening..

Me:(crying) Khanyisile please.. give me my baby..

She didn't look back but she kept walking on a faster pace and disappeared to a weird dark forest where owls were wailing and screaming..

I quickly woke up and looked around, it was now the morning, I wiped my forehead the dream felt real because my forehead was so sweaty and I felt pains on my abdominal area.

I looked down at the sheets and saw blood, I screamed crying..

Me: no no no not my baby! No!

I was screaming and crying, the pain was doubled, I don't know what hurts the most. This just opened old wounds and now I don't know what to do with myself.

MaDlomo came running to the room and found me on the floor, she took a look on the bed and me then kneeled in front of me.

MaDlomo: oh baby I didn't know.. nxese..

Me:(crying) ma Khanyisile killed my baby, she killed my child..

MaDlomo: I understand your pain and frustration but those are very serious allegations, I know you and her don't get along pretty well but please...

Me:(wiping tears) mother you are not listening, Khanyisile is evil, I saw her on my dream walking away with my child and then this happened? She's responsible for killing Sandiso and causing Solo's accident. Mama I hate your granddaughter and I shall never forgive her for this.

MaDlomo looked at me worried as if she was trying to think of something and helped me get up to the bath...

MADLOMO

After I've left Nomusa in the bathroom I went to the living room and sat down. I just thought about what she was saying.

Could it be what she's saying true? Yes I've noticed the change from Khanyisile but I never thought it that far.

I picked up my phone and called the Bishop, not our local pastor. He lives in Eastern Cape.

Him:MaDlomo, kwayintokozo uthetha nawe(such a great honor to talk to you)

Me: yebo tata kunjani(greetings sir how are you)

Him: ndikhona. (I'm good) is everything okay?

Me:ai kubi marn tata, ingxaki left right and center (problems left right and center)

Him: hawu?! What is it?

I narrated what as happening in my family and he advised me that I take a 3 days dry fasting, only drink water, pray 3 times a day using white candles, for clear answers I can add the yellow one.

Nakanjani on the third day I will get answers. I hope that will be true because I'm tired of this.

THANDIWE

I was discharged and I was back at the house, coming here had just awoken some bad memories. I looked around with Khanyisile holding my arm, she looked do worried.

Me: can I sit down?

Khanyisile: I still say this is not a right place for you to be at. Friend this place will delay your healing.

Me:yeah well sadly I have no where else to go to so I will be fine..

Khanyisile: don't talk like that. Listen I will talk to my Grandma and see if you can move in with us.

Me:(chuckling) Khanyisile your grandma hates me

Advertisement

she thinks I'm responsible for your behavior and you know about my reputation..

Khanyisile: screw everyone and everything. You are my friend. Come let's go.

She picked all my important things and we left going to her house. My heart was beating faster , I didn't know how this will going to work but I should trust Khanyisile.

KHANYISILE

We arrived home with Thandi and I told her to wait at the living room as I knocked on my Grandma's room. She told me to come in and I sat on the bed.

Me: gogo

MaDlomo: hey sweets. You good?

Me: kancane gogo. Gogo ngisacelela u Thandi indawo yokuhlala(gogo can we please offer Thandi a place to stay?)

MaDlomo: Khanyisile! Ai! You know i don't like this girl..

Me: gogo please.. do it for me. She really needs us right now. After everything that she's been through, she can't go back there.

MaDlomo: Im not too sure if I'm comfortable living with someone who was declared dead and then came back to life..what happened exactly?

Me: gogo lets not go there please, I beg of you.

MaDlomo: Khanyisile one wrong move from her.. she's on the streets.

Me:(hugging her?) Thanks grams, you are the best grandma in the whole world. We promise to be on our best behavior.

I walked out of her bedroom and saw Nomusa, her eyes red and swollen.

Me:hi. I heard about the baby. Sorry.

Nomusa: are you really sorry or you are just saying?.

Me:(rolls my eyes) forget I said anything. And oh, Thandi will be moving in with us, as in immediately

Nomusa: why was I never told any of this? Like I'm the last person hearing about it?

Me:yehhen! Babazani! Who are you to be involved in decision making of this house? I will ask you again, why don't you go back home? There's nothing left for you here!

I didn't see it, she slapped me and within a second she was all over me punching me and throwing my head on the wall, like I must say she caught me off guard and unprepared. Gogo screamed when she saw blood from my cracked head.

MaDlomo:Nomusa! What is it that you are doing? Ufuna kungubulalela umntana? (You want to kill my granddaughter)

Nomusa: mAh, this with started it...

MaDlomo: I don't mind you reprimanding her but like this. Are you planning on killing her..?

Nomusa : it won't be a bad thing after everything she's done ..

MaDlomo: Nomusa I think you should go back home sis. With Thandi moving in this house won't be big enough for all of us..

I smiled a little, I even forget about the pain I was feeling..

Nomusa: ma! What? Are you kicking me out?

MaDlomo: I really think it's the best..

My heart was doing ivosho right now, Gogo came to me to check on me, I touched my head and felt blood, shit this bitch.. gogo and Thandi helped me to the couch while Nomusa looked at me with red angry eyes.. I winked at her...

SOLO

We were chilling at my rented flat with Musa who was busy pacing up and down. I just kept quiet and decided to give her some space to digest everything.

She was mad and pissed that MaDlomo took Khanyisile's side and asked her to leave her home. I understand her frustration really , she really hope to gain something from this pregnancy and now that it wasn't there, she had no leverage.

Nomusa: I seriously can't believe that MaDlomo is this naive. I mean for a Christian I'm expecting her to see what kind of a witch her granddaughter is!

Me:even if she does my love, she will always choose her over you, she's her late son's daughter..

Nomusa: favorite son you mean? Mxm I hate her now I understand why Sandiso was like that. She's going to spoil this girl same way she spoiled Themba

Me: so what are you going to do?

Nomusa:I don't know, one thing I know for sure is that Khanyisile will pay, one way or another! She won't get away with all of this.

Me:come here.

She walked and sat on my lap.

Me: I'm sorry, sorry for the loss of our baby. I can never begin to understand the pain you are feeling right now. So let's grieve the loss of our baby. Okay?

Nomusa:(nodding wiping tears) okay. Thank you for allowing me to crash here for a while because really I can't go home empty handed after how I left

Me:it's okay. I will love having you around here.

FEW DAYS LATER

THANDIWE

Staying with Khanyi and her granny was not that bad like I've imagine. It's actually cool, Khanyi gave me her room and she moved to the one Sandiso and his girlfriend used. Their things were moved to the garage and I must say we were okay. At first I had nightmares but Khanyisile burned impepho and i slept peacefully after that .

Final exams are near, we are spending most of the time studying, I really forced to write my grade 9 finally exams after having missed a whole month from school.im looking forward to grade 10 next year I can't really repeat the same grade no .

Khanyisile walks in with our kotas and seats down.

Me:you took your time..

Khanyisile: awu kahle I drama. I saw your person.

Me:who?

Khanyisile: Neo

My heart skipped a bit, Neo is the mayor's son. He's really cute, pink lips and all. I heard that he's a fuck boy and he is doing his first year at Uj.

Me: what is the mayor's son doing in our hood?

Khanyisile: probably looking for you who knows...

Me: Khanyisile stop tripping I'm serious.

Khanyisile: I'm also serious. I'm kidding babe he was with abo Thami clearly he's friends with them. Hopefully he's not a disappointment like that one

I laughed, Khanyisile will never forget how Thami disappointed her. I still laugh at her story till today. It's funny and crazy.

Me: you will never forgive Thami neh?

Khanyisile: never mo ghurl. So tell me, do you really like this Neo guy?

Me: a lot, but kuyafana, he won't look my direction.

Khanyisile: what do you mean?

Me: I've done everything I can to show him that I like him, reactions on his posts, comments ah..

Khanyisile:(laughing) you are trying too hard, don't worry

Advertisement

he's going to be yours.

Me:are you serious?

Khanyisile: just watch the space.

I screamed and hugged her.

Me: I trust you.

She winked at me and we ate our kotas..

KHANYISILE

Preparing for exams was a bliss, i don't know if it's because I don't have to study that much, I mean why overwork your mind while you have all the answers? It's pointless.

Thandi is healing of which is a good thing and I'm happy for her. Her and Gogo are forming a bond, they are going to church together and I don't.

Yoooh I nearly messed up, when Thandi moved to my room she started having nightmares about me disappearing and reappearing. But I quickly fixed that. Then there was my grandma's fasting and prayer. Sasha told me to replace her yellow candle with ours to blind her from finding out what happened to Sandiso and it's really worked.

I have already paid my first sacrifice to ubaba. My child with Manqoba, I'm not too sure about that one but I think he knew I was preggies but he's disappointed as I don't show any signs of that to him.

As for Naledi, I'm still thinking of a way to punish her. I could kill her boyfriend but it won't stick that much. Maybe I should make her repeat the grade. That could work plus Manqoba and I sex each other it will be easy to tamper with her results

Lol I can just imagine, a slay queen repeating grade 8! That won't stick either, I should go for something that will hit her hard. I took my stick and mirror and looked at circles that I can come at her..

Boom it's showed, she's Daddy's princess, her mother and father divorced,. Her father takes care of her with everything and lives in Pretoria. This is going to be so much fun! Lol me, her stepmom! Lol she won't see me coming, she won't. The nicest thing is that I now have more powers than her, only Sasha can overrule my decision. I'm so going to control her father she will kiss my toes begging for forgiveness.

I put back my mirror and took my phone and started searching for her father on social media and I found him. Scrolling down his page, it won't be so difficult to get him, he's the type that loves things, the tender type. I sent him a friend request and put my phone away.

I wore my sleepers as I have to help Thandi prepare for supper, Facebook alerted me of a notification and I checked. He has accepted. Wow that was quick. I smiled and logged out. I won't say anything. I don't have to. He will, I know..

A Month later

KHANYISILE

I was in my room preparing to go see Mr Thomo, Naledi's father or well hooking up with him was so damn easy. I really didn't have to do much you know. He's one of those guys suffering from late adolescent stage I tell you. He loves things loyatata.

I had to stall him by lying about exams and he bought it, I mean it's doesn't even shake his stupid heart that I'm same age as his daughter yet the dirty he speaks with me! Shocking I tell you. I don't mind anyway.

I have few days left to play before school reopens again, I miss my man Nqobzini hle,since he went home for December holidays we have limited communication. Well Thandi and I

passed with flying colors. Teachers are still shocked as to how we got As in everything, well let them keep wondering, here's to grade 9 and Thandi to grade 10.

My December was very busy , causing chaos everyone, being involved in the multiple accidents, stabbing yooh I was busy. I hate December, that month triggers lot of bad memories hence I was really working overtime to not think about it really.

Now that December is over I can play a little and attend "dzadzy" hahaha wuuh hai it's going to be lit. Thandiwe walked in while I was finishing up the looks.

Thandi: cheesa mo ghurl..

Me:(turning around) well how do I look babe?

Thandi: smoking hot. You look dazzling and amazing. Siqutha bani namhlanje.. ?

I laughed loud as we sat down on the bed, she did my braids and they look good on me.

Me: you are crazy wena. Well mo ghurl Im meeting Mr Thomo.. wait before we get into details with that one, how are things between you and Neo..

Thandi:(blushing)oh well I don't know what you did and I don't need the details but we are talking, we met twice while you kept on disappearing over the holidays.

Me: sorry friend, you know December is not a good month for me so I just needed a breather. So yes you met and?

Thandi:well he's a gentleman babes. We have kissed and he wanted to go to.. you know . But I wasn't comfortable then we spoke about my past and he's so supportive you won't believe it. So he's studying medicine. Hes coming with his Friend Itumeleng day aftertomorrow can you please be available?

Me: yooh Thandi babe I love you but I told you I don't have time for school kids really and especially the cheeseboys..

Thandi: listen to yourself! Mo ghurl you are a. Kid yourself, turning 14 March so awume!

Me:(laughing) okay fine I guess I can fake smiles here and there. How's this Itumeleng boy?

Thandi: cute, in fact I swear if I met him first babe..

She licked her lips I laughed.

Me: you are such a bitch. Okay fine I will be there.

She jumped up and down and hugged me. I just laughed then she helped me fix my make up for the last time .

NOMUSA

Solo and I were taking things slowly but for some reason he's getting there slowly. I mean now he can feel and move his legs. So I truly believe that there is some progress in his healing.

I have been tailing Khanyisile the whole December, I am now convinced that this girl is some kind of a witch. I mean I saw her at Pretoria one day and when I called MaDlomo she told me that she was at her room sleeping. What's that?

I've concluded that I will not sit by and watch her destroy more people or getting away with what she did to me and killing Sandiso. I still can't sleep at night, Sandiso's body still haunts me. Then she gets to live her life like it's normal. No it won't work like that.

Right now I've organized everything with the guys Solo used to go kill Thandi, yes he has told me about that, what Sandiso, him and the other guys did making sure that the second witch was dead but surprisingly the girl is alive.

I was watching her from the distance and I saw her getting off from some Jaguar. Hehehe this kid is into blessers now? Wow, she's living life, she sure has to hook me up shame.

I got on my rented tazz and followed her as soon as the tazz drove away. I parked next to her and got out with a gun, Solo's police gun. I walked to her and she looked at me with a straight face

Advertisement

unfrightened at all.

Me: Khanyisile.

Khanyi: Musa

Me: we see each other again...

Khanyisile: I wish I could say it's a pleasure but it's not, ufunani?

Me: I want us to talk, now dont create any a scene.. get in the car, let's go.

Khanyisile:(chuckling) are you sure you really want to do this?

Me:(pulling the gun) dont make me use it!

Khanyisile:(smirking)uyahlekisa yazi! (You are so funny) it's all good though, let's go.

She got in the car and I ordered her to sit at the front where I can see her every move and she didn't argue. I drove on a speed and she was busy taking Snapchat pictures so chilled.

We arrived on some abandoned warehouse.

Me: we are here.. let's go in .

Khanyisile: okay.

She got out and looked the place, I expected some sort of fear but she had none. I pushed her inside and we were met by the 4 guys . Her face suddenly changed. For the first time I saw a reaction out of here. I smiled although I was not sure if it was fear or anger because she was so closed up, looking from the first guy to us same time.

Me: guys, tie this witch on that chair.

One guy did that and tied her on the chair and she still didn't fret.

Khanyisile: Nomusa are you sure of this thing you are doing? Do you really wanna go this route because believe me honey there's no coming back. Don't provoke me, you won't like it when I unleash my beast on you!

Me:listen to this one! "Unleash my beast' beast Yani? So I'm going to stay here with you all night, torture you, so that you confess to killing Sandiso and my baby.

Khanyisile:(laughing) oh my God! All this dramatic stunt just for a confession? So it's a confession you want it's a confession you will get!

I looked at her with my heart racing up and down.

Khanyisile:yes, I killed your pathetic boyfriend and yes I caused your miscarriage!

Me:but why Khanyisile!Why, Sandiso was a great uncle to you..

Khanyisile:(shouting while laughing) great uncle!? Hey wena Nomusa don't make me mad do you hear me? What kind of a great uncle rapes her twelve years old niece? Wait he first killed my parents, raped me, proceeded to kill my best friend with thess jackass here.!

Me: I hear all your reasons, but what did I do to you? What did my baby did to you?

Khanyisile: you are the biggest witch of them all! You kept quiet knowing Sandiso killed my parents, you pretended not to know that he was sleeping with me because of the benefits. Nomusa what I did to you.. huh gurl it's nothing compared to what I will do to you. I promise you...

I looked at her she was shaking from anger, her eyes were red, her skin was changing and she wailed, her screams were filled with agony, anger and pain, the room started shaking, underground moving I felt like I was losing my balance, lights were going on and off.

I looked at the guy's and saw them frightened too trying to find balance and Khanyisile was busy groaning looking down her hands still tied on the chair, her face down..

I tried to move looking for the door but I tripped and fell on the ground... What did I get myself into?

NOMUSA

When I brought Khanyisile here I was hoping that I'm going to torture her, have fun around her, just make her sweat before getting the truth out of her but she just confessed so easy. Now I don't know what to do because it's feels like I'm in a cave with wolves, her screams are really scary and I can't help but shake right now.

The stressful thing was that I can't even touch a door handle , nor seeing it. I looked at her as she got her face up, my God! What is this? I moved back with my hand trying to find balance with the wall.

Guy1: Eita Nomusa, what's this? Why didn't you tell us this girl was a vampire?

Khanyisile's face had totally changed. Her hair messy and she had mini horns on her forehead, her sharp long teeth out, eyes dripping blood and big nose.

I felt my pants being wet and I knew that i have peed on my self. She stood up and the ropes on her just melted like a plastic coming in contact with fire, she stretched her hand Lord her fingers were so long they reached to the guy who asked if she was a vampire from the corner and pulled him closer to her. Her nails longer and very sharp. She poked him on his neck and blood came out.. the guy screamed in pain , Khanyisile pulled him closer and attacked his neck with her mouth.

Now I was being traumatized by the guy's screams and shaking, as Khanyisile suck his blood, the other guy tried to move to her with a spade but Khanyisile used her other hand to pull him up, her hand on his throat he coughed busy kicking and flying on the air.. I screamed, this was the worst night mare I've ever seen.

Khanyisile dropped the guy he was sucking blood to the floor and he was now white white. He hit the ground and took his

last breath. Tears were rolling down on me like a river. I messed up big time.

Khanyisile ripped the other guys head as if it's a chicken I saw the pipes going through his throat. Khanyisile pulled her long finger inside his throat and came out with his liver and started eating it.

The other two guys were now holding each other at some corner not knowing what to do with themselves. I closed my eyes saying a small prayer as I kept on hearing screams

Advertisement

I peed a little and saw her cutting the guy's stomachs with her nails.

When she was done sucking blood and eating their organs she moved to me.. her steps felt as if ten people were walking around. I froze, I'm so close to shitting myself now! She ran his long nails on my face smiling, her mouth covered with blood.

Khanyisile: I told you not to mess with me didn't I?

At this moment I just wanted her to kill me once and finish this. She duck her nail deeper on my face I felt blood coming out and she licked it . I screamed in pain but the more I screamed the more she enjoyed this.

I was convinced that she was going to suck me till I'm white too like the other guy but she stopped and stood up disappearing in the room. I didn't wait to be told. I finally saw the door and ran to it. I unlocked it and got in the car hitting the accelerator and drove away. I looked myself in the mirror and there was a hole on my face. My hands were shaking I don't even know how I'm able to drive. All I know is that I need to get out of here. And very fast.

THANDIWE

It was around 6 and Khanyisile was no where in sight. I was starting to get worried now. She said she will be back early than that. Luckily grandma went to Soweto she was not going to like this.

I tried calling her and luckily this time she picked up. She was breathing heavily.

Khanyisile: please.. help me.

Me: Khanyisile.. babe?

Then her line went dead. Oh my gosh she's in trouble. What do I do? I moved around the house trying to think. I wore my track pants and used the tracker on my phone to find hers. I have hired a cab because this place looks dodgy and it's outside Benoni.

The driver stopped at the warehouse I told him to wait in the car as I went inside. As I opened the door I was welcomed by a not friendly scenes, human bodies scattered around. I just throw up because wow, seeing people's intestines and all of that was so damn scary. Looks like a wild animal was in here but what is Khanyisile doing in this scary environment?

I looked around for her and found her passed out on one of the room, her mouth filled with blood. I had to be strong now. I took off her t-shirt and used it to wipe the blood out of her mouth and chin. I gave her my jersey and tried to carry her to the car.

She had totally passed out. I told the driver to drive back and on the way I was busy trying to get her up but she would open her eyes and closed them again. She looked tired. Her fists and nails had blood stains. What happened?

We finally got home, I paid and put Khanyisile on the bathtub. I actually bathed her and put her on pyjamas. I covered her body with a blanket and sat on the couch. What I saw back there , fuck! I don't know whether to call cops or what.

KHANYISILE

I was laying in front of Sasha in front of the fire. She was taking care of my body because it took some strain, I went into that fight unprepared and for the first time I had to release the

beast that was put on me by u Baba when he finally gave me the third six.

I didn't get a proper training for managing the beast and how to control it, all I know and been told is that whenever I'm in danger, he will be ready to come out and play

Sasha: you need to go back, your friend is worried about you.

Me:how do I explain what she saw?

Sasha: I think you should tell her half of the truth. Leave the part where you did all of this..

I nodded and she smiled.

Sasha: you are doing so well. With the rate you are going in, South Africa will be small for you.

I just smiled and coughed. When I opened my eyes I was in my room. Thandi rushed to me.

Me: please get me water..

She ran out and came back with them I could see the suspense in her eyes and I did as Sasha said, telling her half of the story that Nomusa kidnapped me to torture me because she believed I killed Sandiso and her baby. As for the dead bodies, I told her I don't know because I was on another room. She bought the story although she had so many questions and doubts but I just went back to sleep to Avoid them..

SOLO

"The number you have dialed is not available right now, please leave your name and message after the tone"

I threw my phone on the couch after that 10th voicemail. I've been trying to call Nomusa since but I'm not able to reach her. I'm worried, it's getting late and I tried to stop her from this mission of hers and the guys but she went ahead.

Just when I was about to call my search part she opened the door, her face had a hole, she had a dried blood on her face. I felt my body shiver. She looked lost, scared and traumatized.

She looked around with eyes all out, when she was satisfied with what she was looking for she sat down slowly.

Me: Musa... Are you okay? What happened to you? Where are the other guys?

Nomusa:(hands on her face) she killed them. She killed of them.

She quickly stood up and paced up and down scratching her head.

Nomusa: oh my God, Solo we need to go, she's coming for us.. Lord she's coming for us .. we need to go..

Me:babe calm down, you are freaking me out!

Nomusa:you know what? I'm going to pack for us.. we are leaving, Khanyisile is coming for us.. I won't sit and wait for her..

She started taking things packing and unpacking. Oh my gosh she's losing it! She then left the house with only her bra saying she won't stay there waiting for Khanyisile to finish us up.

I picked my phone and called her mother. I don't have much of a choice now, they need to know that their daughter is losing it. I wonder what she saw because her state of mind have shifted. She is going to need professional help asap.

THANDIWE

I knocked at Khanyisile's room and she was making her bed. Thank God she's been out since yesterday I was really starting to be worried about her.

Me: I've made some coffee.

Khanyisile:(taking it seating down) thank you. My head is spinning.

Me: I can understand. How are you feeling now?

Khanyisile: I will be alright hun

Me: babe.. you would tell me if there's something going on with you right?

Khanyisile: of course. What time are the cheese boy getting here?

Me:around 1pm. Are you sure you still want to go? We can always postpone.

Khanyisile : no silly. We are doing this I need the distraction.

Me: okay then I'm going to do house chores then take a bath.

Khanyisile:okay I will join you soon.

I smiled at her and walked out, I hope whatever she's going through is not that deep. I got to my room and found a missed call from Neo. I smiled and returned the call.

Me:hey

Neo: hey hun, how are you? How is your friend?

Me: I'm good. She's okay I just spoke to her.

Neo: okay so we are still on?

Me: yes we are still on.

Neo: okay see you later then. I love you okay?

My heart melted, every time he says that I just go mute.

Me: I love you Neontle..

Neo:(excitedly) oh wow finally she says it back! Yooh you just made my day babe.. see you soon.

I hung up smiling from ear to ear. This feels great I hope it's going to last..

NEO

I hung up on my phone smiling like crazy.. Itumeleng walked in from the shower.

Itumeleng: and then wena, all smiles.

Me:my girl just told me she loves me for the first time ever hey..

Itumeleng: uyalithanda le 2000 lakho neh?

Me:broe Thandi is the best, I'm just willing to do right by her.. support her and be with her every step of the way.

Itumeleng:(drying his hair) lover boy huh! Which grade is she in?

Me:she's doing grade 10 this year.

Itumeleng:at least, two more to go

Me: yeah and by the time she will be doing her first year I will be working and studying towards my masters.

Itumeleng:I'm smelling wedding bells..

Me: ai Modise uyadina mfo. Let's me go shower..

He loved at me as I took my things to shower.. I'm Neontle Phala

doing my second year in pharmacy. Itumeleng is doing some chronic disease course.. he said he want to specialise in HIV and AIDS. Demanding course if I tell you.

I'm 19 and I met Thandiwe on social media, Facebook to be exact. I noticed that she's always commenting on my posts and decide to talk to her on inbox and we clicked. She's a good girl despite everything she's been through.

KHANYISILE

MaDlomo's house was spotless now. She will be so happy to see it right now. We then went to take a bath and worked on our make up. I applied a thick mascara to hide my puffy eyes. My eyes are nor longer that white.. so i hide them with too much mascara and eyeliner so that the blood in it doesn't give away.

Thandi rocked her jumpsuit with white all stars. I decided to go with my short leather skirt, blue all stars and a bodysuit, put on a denim jacket over me shoulders, let my braids loose, applied a brown matte lipstick and topped the look with shades. We left the house going to the park where they will be waiting for us. I was carrying my Powerade drink.

My phone vibrated, I checked and Mr Thomo just deposited money on my account, I remembered that yesterday we agreed to meet up at his house. I smiled and texted him thanks .

We got to them and they were chilling on Neo's BMW 1 series car. Thandi did the introductions and went to sit on her man's lap leaving me with this cute little boy out side. I will give him that, he's really cute bathong, with his Mohawk hairstyle. He was on denim and white , okay plus he was smelling good.

Itumeleng: so Khanyisile right..

Me: yes , that is me..

Itumeleng: you really are beautiful, when my friend told me about you I thought he was exaggerating.. but now. Wow.

Me:thank you. Although I must say I get that a lot but I truly appreciate it.

Itumeleng: I think I will like you..

Me: oh yeah.

Itumeleng: yep.. maybe we can set up a date just to know each other and who knows, a relationship can be formed between us.

Me:(chuckling) I won't say no to a date because of free meal and food but you should forget about the relationship thing.

Itumeleng: hawu Khanyisile you reject me before you can even hear me out..

Me:look, you are a really a nice guy but me and you won't work nje.

Itumeleng: why? You don't even know me that much..

Me: that's the issue. And besides umncane, (you are young) I don't do kids. Call your dad , uncle or elder brother then we can talk..

Itumeleng:(chuckling in disbelief) wow what? How old are you?

Me: turning 14 on the 23rd of March why?

Itumeleng: nothing, okay let's do like this, why don't you come over to that date then i will prove to you that I'm not a kid?

Me:oh yeah? You sure? Serious serious?

Itumeleng:like a heart attack..

Me: well then you have yourself a deal. You disappoints me I'm going to trash you on social media..

He swallowed hard at that and I burst out laughing..

Me: hahaha jeez breath I'm kidding!

Itumeleng:(smiling) yooh you are something else hey..

Me: so I've been told...

ITUMELENG MODISE

After that small gathering with the girls we drove back to campus. I was quite thinking about the challenge Khanyisile gave me. I mean I'm one guy who is so not intimidated by girls but she sure does.

I mean how can a 14 year be that hyper? I'm 19 making it 5 year old than her but she called me a kid! Wow. I smiled thinking at her liver. Does she know how Beasty I am in bed?

Neo: and then? All smiles what up?

Me:hee bra, it's just that you won't believe what this girl said to me..

Neo: Khanyisile? What did she say?..

I summarized the story to him he laughed his lungs out.

Neo: oh my gosh! Wow she's something else , a total opposite of what I was thinking.

Me: what do you mean?

Neo: I mean I expected her to be shy and all be reserved after being raped but no..

Me: wait, Khanyisile was raped?

Neo: yeah, her and Thandi by their late uncle.. thank God he's dead, I was going to kill him myself. He put my girl through a lot.

Me:wow.. I didn't know that.

Neo:all I can say is, take it easy with her. I believe that the whole experience changed her. She needs help.

Me: I hear you bro. Please drop me home, dad is around and I need to pick up my car.

Neo: okay please ask him for prayers..

Me:voetsek Neo..

Neo: I'm so going to tell Bab'Bishop that you swore at me.

I showed him a middle finger and he laughed.

THANDIWE

We were preparing for supper when Gogo came in, we both rushed to her and hugged her. She's been gone for two days

but yooh we missed her. Even though she's going to shout at us but we miss that.

MaDlomo:(sitting down) I've been missed I see.

Khanyisile: you have no idea gogo. Banjani bomakazi(how are my aunt's)..

MaDlomo: they are okay, they passed their greetings and asked when are you visiting them

Khanyisile: ah maybe June

MaDlomo: that what you said last year. Anyway girls I hope you didn't bring any boys on my absence in my house..

Me: hawu mara gogo usithatha kanjani? Azange! (But gogo, what do you take us for, we didn't!)

MaDlomo: better that way because I have my own hidden cameras in this house.

I looked at Khanyisile and we suppressed our laughter. I mean someone who can't load airtime on her phone can install cameras?

MaDlomo:hey, nakhu ngicishe ngikholwa.. (I almost forgot something)

Me: ini gogo? (What granny)

MaDlomo: Nomusa's parents called me asking when last I saw her because they found her on the streets. Apparently she was taking off her clothes and all that. I told them she left the house long ago.

Khanyisile:(amused) hai bo u Nomusa ushaya I stwetla?!
(Nomusa is now taking off her clothes)

I elbowed her and Gogo gave her a dead stare , Khanyisile looked down.

MaDlomo: she's in the mental institution, akekho right lomntana. We should put her in our prayers. I also heard that she was raped.

Me: yoooh gogo that's hectic, we will pray for her. Right khanyi?

Khanyisile:(smiling) of course gogo, the Devil is the liar , Musa Will be fine.

Khanyisile is good liar shame but I know her, she hated Musa in passion I know she means the reverse of what she said.

We finished up eating and washed dishes together.

Few days later

KHANYISILE

Today is the date night with Itumeleng, I've been going through his social media pages, he's the bishop's son and I can say a bit of a nerd. He loves books, church and music. Suddenly I'm having doubts about this whole thing.

I mean unyana ka pastor uyakwazi nje unyoba?(Can a pastor's kid fuck well?) But I guess I can't chicken out now, or else I will lose my cred. While we were busy shopping for our school uniform with Thandi earlier

Advertisement

I picked up two sexy lingerie. I mean I have the body for it. Tomorrow schools are opening and I can't wait to see fresher's, Naledi and Manqoba. How I miss him!

I finished my look, I put on my lingerie and covered it with my red knee coat, black heels and applied make up. We waited for gogo to sleep then I took a cab to res. He had sent me the address and all.

When I arrived he was waiting for me at the gate, he paid the security guards and sneaked me to their room, that was fun.

Neo was not around. I looked around their room was clean, I saw a box of pizza and some wine and snacks. Not too bad for a bishop's son.. he looks nervous though, or it is my imagination?

Itumeleng: I got us some pizza. We can eat while we talk getting to know each other better

Me:that's really sweet but I'm not here to talk seriously.

I sat down and took a bite of one slice of pizza and glass of wine. He really was acting weird and I was feeling bored.

I put the glass away and moved closer to him, I placed my lips on his and he kissed me back. Point one, he's a good kisser. I deepened the kiss running my hands all over him to his pants I felt him getting excited and I smiled. He stopped me. The fuck now!

Itumeleng: please wait, can we talk a bit?..

Me:(keeping my cool)okay, whats up?...

Itumeleng:(holding my hands) Khanyisile I just want to know how are you holding up, how are you?...

Me: where is this all coming from now?..

Itumeleng:please don't get mad, Neo told me about what happened to you,..

Me:(puzzled) what happened to me?..

Itumeleng: the rape and everything...

What! How does Neo knows that? Thandi! I'm going to kill her! I swear. I felt angry and for some weird reason I felt weak, tears building up

Itumeleng: Khanyisile now I understand why you are behaving this way. Believe me I understand and sympathize with you. No

one deserves such at a young age. But it's not too late, you can always turn your life to God and...

Me: what is this? Dude are you going to fuck me or we are on a whole night prayer service?

Itumeleng: Khanyisile I just want to help you...

Me:who said I want your help? And how dare you talk to me about such private and sensitive issues? Nxx coming here was such a waste..

I buttoned my coat.

Itumeleng: Khanyi I'm really sorry, I didn't mean to make you angry I just don't want to be same men you meet who takes Advantage of...

Me: goodbye Itumeleng, I wish u could say it was a pleasure meeting you but it's not. Block my number and when you meet me anywhere, look the other way.

I walked out and the Uber I've requested just got here. I climbed in and gave him directions to the house. I was crying at the back of the car and my heart was heavy. We arrived faster than I imagined. I paid the driver and got to the house.

I went to Thandi's room and knocked. She opened sleepy.

Thandi: you are here early, didn't you said you...

I gave her a very hot slap. She hold on to her cheek shocked.

Thandi:what the hell?

Me:the hell is what I'm going to bring to you If you keep on spreading my business to people who don't deserve it. Why the hell did you tell your boyfriend about my rape issue? Who gave

you that right? Now Itumeleng is pitying me and all that nonsense.

Thandi: Khanyi I'm sorry I just ..

Me: yeah whatever, if you don't know what to discuss over pillow talk, just sleep!.

I went to my room and threw myself on the bed, I was so angry and hurt at the same time. I hate being pitied with passion! How Itumeleng looked at me! Rhaaa Thandi how could you do that!

KHANYISILE

I was in front of Sasha as we were discussing the plan to work with the learner's, recruiting more for the team you know.

Sasha: you should forgive your friend, she didn't mean any harm.

Me: I don't want to talk about this..

Sasha: you like this Itumeleng boy?

Me:Sasha, please!

Sasha: I'm just saying and curious. I mean if you don't love him then why do you care so much what he says or thinks of you?

Me: are we going to work or should I leave?

Sasha:(raising her hands) fine! Let's go meet the others.

We walked to the room full of girls, some were too younger than the first time I came here.. the youngest is 6 months old. We recruited him from the beach, his mother was all smiles and we gave the baby a sweet busy playing with his cheeks, he's really cute. He's going to be a serious problem when he grows up. I fear for his community.

Sasha: okay guys now that all of us are here. You all know what's expected of you right?

They all nodded. She lay few rules and added few things.

Sasha: one last thing. We need a new principal at your school Khanyisile.

Me: why? What's wrong with Ma'am Madonsela?

Sasha: she's going to be a problem in a long run, we need someone we can control and monitor. Someone who will be easy to use to change and bend few rules at school.

Me:okay, like which?

Sasha:we want the new principal to all piercing on ears, tongues, nose or any where, we also want the principal to all girls to do any kind of colorful hairstyle, boys should wear skinny jeans in peace, do their trendy hairstyle and wear their accessories. You do get my point?

Me:I hear you. So who do you have in mind for this position?

Sasha:Manqoba..

Me:haha very funny?! Manqoba is fresh from varsity, teaching lousy subjects. The board won't allow that to happen.

Sasha:not if we have anything to do with it. Not if you have anything to do with that.

Me:Sasha this is tricky, so how do we get rid of the current principal because she's really doing a great job?

Sasha:create problems at her home that will require her to perform wifey and mommy duties.

I hope Sasha isn't thinking of messing with her family.

Me:okay then I will see what I can do.

Sasha: good, do it faster.

I nodded.

THANDIWE

To say I managed to get some sleep after the fight between Khanyisile and I would be a lie. I kept on tossing and turning. I seriously regret my decision of telling Neo, but naye.. I told him this in confidence

what does he do? He goes and tell Itumeleng! Ai this is messed up and now Khanyisile is so mad at me! How do one fix this?

My alarm rang and it was time to wake up and prepare for the first day on a new year, grade. I fixed my bed and walked out to the kitchen and the table was set already. I went to take a bath and finished dressing up. I went back to eat but still Khanyi was not in sight.

I also finished up and cleared the dishes and walked out. As I was few minutes away from the house I saw Neo's car. Mxm what does this one want here? He got out from his car and rushed to me.

Neo: babe please. I'm sorry okay.

Me:well keep your sorry to yourself! Khanyisile is mad at me now!

Neo: I didn't meant it like that Itumeleng is stupid. All I wanted was for him to go easy on the girl not this!

Me: yeah well Khanyisile isn't talking to me and she left this morning without talking to me. I didn't even saw her.

Neo: give her some time. She will come around. Now come. Let me give you a ride to school.

I couldn't help but smile. After everything I have been through in life, there's a slightest chance of happiness. I don't want to jinx it though. He opened the door for me and I hooped on the front seat and we drove away.

MANQOBA

First day on the first term is always busy, especially dealing with the first years in highschool. I must say that it was hectic.

I did see Khanyisile a little bit in passing. She looks very hot and sexy even on a uniform. It's a good thing that I will not be teaching her this year. Makes things less awkward.

I was catching up my breath at my place when I heard the familiar knock. Lol yes, I know her knocks, she knocks once and open the door. No one spoke we just attacked each other with a kiss . Damn we had missed each other too much.

We let our bodies do the talking and we lay side by side breathing heavily catching up on our breaths.

Me: well that was amazing!

Khanyisile: its sure was. Babe can I ask you something..

Babe? Okay that's a first, I'm not complaining though.

Me:yes love ask..

Khanyi: what made you choose teaching as a career?

Me:wow, urhm what can I say? I just love Sharing information and knowledge to others, I'm patient, loving and believe that I'm Caring too. I just wanted to make difference you know.

Khanyi:(smiling) sweets. So like how would you feel if you were to be chosen to be a principal?

Me:(laughing)hahaha yoooh that's every teacher's dream I think. Although I don't think leading is so easy.. although it would make me happy but it's something that will not happen anytime soon.

Khanyi: never say never. Do you believe in miracles?

Me: no I don't.

Khanyi:well you should start believing in them ke

Me: okay now that we are talking can i also ask you a question?

Khanyi: I already don't like this question but ask anyway.

Me:don't bite my head off,we are talking right?

Khanyi: sure.

Me: we have been having sex, quite a lot even. How come you are not pregnant? Are you on some pill or preventing?

Khanyi: no, none of the above.

Me: so awumithi ngani?(Why are you not pregnant)

Khanyi: anginanzalo. (I'm infertile) let me go home and help Thandi with the cooking.

She got up and started dressing.

Me: we are talking nje..

Khanyi: we'll talk some other time. I really need to go now.

She kissed me and walked out and I just sighed and lay back fantasising about the things we just did few minutes ago. I smiled.. sex with her is the bomb..

KHANYISILE

I was back home busy thinking about what Manqoba asked me. Shit I answered quick without thinking marn. I should have said that I'm on pill or something. Anyway he should stop asking me things that he has no control over.

As I was approaching home I remembered that we are fighting with Thandi, I sighed and opened the door. She was on the couch already doing homework. She chose the science class.

Me:good afternoon.

Thandi: afternoon, friend can we talk?

Me:sure, we have to talk. I will go first. Listen I'm sorry for raising my hand on you, I was just too angry and I felt betrayed. I know that maybe you didn't mean any harm or you were trying to protect me. But babe next time to give out such information about me .

Thandi: I'm sorry. It was very sensitive of me. I promise I will never share our business with anyone again

Me:please.. no matter how good Neo's dick is.

We both shared a laughter and hugged. I love her, she's my sister and friend. I can't stay mad at her for long.

Thandi: geez Khanyisile were you having sex? You are smelling sperms.

Me: voetsek! Let me quickly go bath before MaDlomo returns.

Thandi: do that, I will start on pots...

6 YEARS LATER.

KHANYISILE

Me: oh my friend you will definitely look amazing on this dress I promise you.

Thandi: are you sure?

Me: yes most definitely. Don't you trust my judgement anymore?

Thandi: I do , just that I feel like it's hugging my ass too much.

Me:that's the whole point, showing off those asserts baby.

We laughed, Thandi and I were at a bridal shop. Yes you heard right, bridal shop. Nomusa is 21 and I'm now 20. She graduated few months ago and now we are planning her wedding. I'm super happy for her. Life had been amazing.

Her and Neo are my couple goals. My favs., I truly love how Neo loves and treats my friend right. It's just super amazing. Im sure you are curious to know what happened to me right? Well a lot happened.

We managed to get Manqoba as a principal, he really didn't believe how it happened and most of the people are still wondering how it happened. Some says it's the witchcraft he uses since he's from kzn and it's not true shame.

Well I've been a very troublesome teenager shame, at some point got arrested yooh it's been hectic. At 17 I left home to live with Manqoba. I was doing matric and everything going good until I got arrested and suspended at school for beating Naledi up. The girl was becoming a trouble and a nerd. I need to put her away for good. Unfortunately she didn't die but suffered a seizure.

The school governing body was furious, they really forced Manqoba to suspend me and everything, they even threatened to burn my grandmother's house down. That's when I left home because I knew me being around was no longer Safer for them.

Manqoba bailed me out but was furious when he discovered that the fight between Naledi and I was because im screwing her Father. He changed after that and started ill treating me. I realized that I have to leave because there's no way in hell I will stand being abused by him.

I left and I'm now living in my late parent's house. Gogo has made peace with the fact that I don't go to school and to her I didn't finish matric, I have a grade 11 report whereas the fact is. I will be receiving my degree soon.

Living alone in that big house with nothing to do has made me dedicate most of my time in the dark world. I took over Sasha as she got promoted, she now lives under the sea.

Last time I heard about Nomusa was a year ago, shame I heard that she's living on antidepressants. I once saw her and she screamed causing a scene.. poor thing. Solo died, he was found rotting on his wheelchair. Good stuff!

Thandi: Khanyisile!

That was her snapping me from my thoughts, I barked a smile and looked at her.

Thandi: where's your mind at?

Me:sorry. I'm just amazed at how far we have come from as friends and sisters. Im super happy for you.

Thandi: yeah neh. You have been really an amazing friend although you are very troublesome but apart from that you are a great person. Listen I heard that Itumeleng will be flying for the wedding..

Me:ai ai ai Thandi please stop ngalo Itumeleng wakho! It won't work seriously.

Thandi: friend we all deserve to be loved and be happy. This lifestyle you are living is not healthy..

Me: you will find me on the car.

I picked my dress and walked out. I saw Neo and his dad, the mayor. His father was checking me out. This man! Him and Naledi's father same WhatsApp group. Suffering from a late adolescent stage I tell you!

Thandi finally finished and came out with Neo, they were holding hands and it was cute. They got in the car. Thandi sat at the front with her fiance and I was at the back with the mayor. I honestly don't understand why we are using the same car but it's fine. Now we were going for cake tasting. It's so cute seeing Neo's father so hands on. Really adorable! He lost his wife 2 years back now he's going all the way out to support his son.

He was giving me inviting looks and I accepted. Somehow his hand travelled on my thighs as I was wearing a mini skirt. The love birds were busy singing to Calum Scott-you are the reason song.

Mr mayor here was busy making my blood hot that at some point he rubbed my vagina but he was very careful with Neo not to catch us. By the time we arrived at the cake tasting venue I was feeling hot. I wanted a dick in me so badly.

I walked out to get some fresh air and they followed.

Thandi: friend, are you okay?

Me: I'm fine love I think it was too hot In the car I will need to fix my make up a bit.

Thandi:okay let me go find this lady I will text you.

I nodded and went back to the car. This car was a Mercedes Benz g63. The seats were so comfortable

tinted windows and all. I took my make up bag and fixed my mascara when the back of the door opened and Mr make got in. He learned on the front of the car and locked the doors. By the time I was registering what was happening, he was on my Honeypot eating me up so damn good, my hands on the seats for balance. As everything was going so fast, I found myself bumping on top of him screaming as his bg monster was hitting me up on the right places.

We both came together and he groaned as he emptied his seeds on me and I lay on his neck catching my breath. We head someone knocking on the window from my side.

Me:(clearing my throat) yes?

Neo: hey Khanyi have you seen my dad?

Me:urhm no I haven't.

Neo: eix okay i will look for him at the back.

We wait until he was gone and quickly got dressed and walked out of the car. He walked the direction his son took and I ran to the ladies to fix myself. Thandi smells sex from a distance so I don't want to stress her on her night before the big day.

Few weeks later after Thandi's wedding which was so beautiful, the mayor and I were still screwing whenever we got the chance. One day i woke up sick like crazy, throwing up, and all that. I went to the doctor who told me I was pregnant. For the first time like ever I came back with the scan from the doctor.

Normally I would just know I'm pregnant and did the small ceremony for a sacrifice then pregnancy gone. But this time it was different.

I sat on the couch with the scan picture and looked at my baby and all the details on it. Counting the days , I conceived first time the mayor and I fucked on the car. I placed my hand on my stomach and I felt some joy and peace. Then I remembered that I have to give him/her away. I can't do that. I love my baby. Fuck what am I saying? Yes I love my child I'm not giving it away.

As I was having that debate about my pregnancy, Sasha showed up on the room and I stood up scared. I haven't seen her in years .she really looked beautiful, the true sea goddess.

Me:(bowing) godmother.

Sasha: what is it that you want to do?

Why change the rule you set?

Me: I don't know mother but all I know is that I can't sacrifice this child.

Sasha:why?

Me: I don't know. I just feel so attached and connected to it. Please don't let me do it. Please plead with u baba not to take my baby please.

Sasha: very well then, you shall be striped your powers, you will go back to report to someone else. And also, you are off limits until you deliver..you won't have any access to money and everything..

Me: but Sasha...

Sasha: you want to be a mother right? Then so be it.

She then disappeared. Ah fuck this sucks! What am I going to do the whole 9 months? I'm even lucky I got away so easily! Thanks to the hard work I put the past years. I expected her to demand some sort of sacrifice from me but nope.

4 Months later

I was starting to show and to tell you my life has been a living hell, I am so broke, the bank repossessed my car and now I'm a begger something I hate with passion. Last month I survived with the money Thandi sent me. Her and her husband are living peacefully overseas.

I finished taking a bath and went to the mayor's office. He has been ignoring me since I told him I was pregnant. At first I said screw him but now I know for a fact that I will not raise this child alone while he's there living large.

I stormed at his office and he stood up.

Mr Phala: urhm.. let me call you back. Something just came up.

He said hanging up the phone I caught him busy on. I folded my arms and looked at him.

Mr Phala: what are you doing here?

Me: to see my baby daddy.

Mr Phala: baby daddy? Please! How sure are you even if that baby's mine? Gape I've heard your stories, how busy you have been!

Me: don't start with me okay! Don't bullshit me! This is your baby and listen, you are going to support this baby, starting from now on. Try anything any stupid the press will know about it.

Mr Phala:(rubbing his shiny head) this is messed up. Khanyisile I just found the woman I love and who's ready to help me build my home too.

Me:so? How does that concern Khanyisile?

Mr Phala: what will she says to news like this now? That my daughter's in law best friend is pregnant for me?

Me:that doesn't concern me really! Angingeni ndawo. Uzobona nawe njengendoda kuthi wenze njani. Ngenkathi ubhizi uquma phezu kwami azange waqabanga kuthi ngingumngani ka Thandi? (I don't care about your woman, you will see what do do as a man. The time you were busy groaning on top of me you didn't think that I was your daughter in law's best friend?)

Mr Phala:give me your account number.

Me:(smiling) now we are talking..

Mr Phala: don't say a word to Neo and his wife about this..

Me: my lips are sealed..

PRESENT DAY

KHANYISILE

I drove my granny to her church since they will be catching a bus there to the conference. We have fixed our relationship with her and now we are good. It was tense especially when I dumped Mercedes with her while she was just a month old. I was failing to bond with her. I guess it's because of the excessive pains I felt when I gave birth. For a moment I thought I was going to die but I didn't. That disturbed me a lot, I hated my child with everything

When she cried or painful sucked my breasts I was so tempted to beat the shit out of her. Her father made me swear to never

ever reveal who is my baby daddy and I was cool with it because every month he was paying. Doctors diagnosed me with a post natal depression (PND) ,that's where I realized my daughter was not safe with me.

I went and dropped her at my grandmother's house. She was mad at me but I closed my ears and walked away. Thandi didn't spoke for me for like a year, I didn't care really. But we then resolved our issues we are okay now, but she doesn't know who's the father of my baby is. Each time they are in South Africa for a visit I get uncomfortable when she would ask Mercy to visit them.

I'm scared she will see the resemblance between Neo And her but she hasn't and Im relieved a bit. I have now gotten back to the game and I must say I had to start from scratch after a year of dealing with my depression. I had to do what I have to do, something I enjoy and love doing.

MaDlomo: ungahlukumezi lengane Khanyisile... (Don't abuse this child)

Me:(rolls my eyes) gogo you are so dramatic and spoils this child. She's my daughter I won't do anything to hurt her. She just need to drop the attitude.

I looked at the little girl who rolled her eyes. See what I mean? We accompanied Gogo to the church premises and hugged her before returning to the car.

I drove in silence busy looking at her via the mirror, she was looking outside the window. We are complete strangers, there's no bond between us. And she looked like me so so much.

Me: what would you like to eat?

Mercy: anywhere, it's doesn't matter really..

Me:let's go to mugg and Bean, they make nice milkshakes there.

She just nodded and I drove to the mall. I packed my car that her father bought a year ago for us and got out to open for her.

We walked to the mall and I was holding her hand and she wanted to yank it from me but I gave her the most dead stare ever.

We found a table and placed our order. We ate in silence as I was busy scrolling my phone on social media

checking at the freaks and pervs who were commenting on my recently uploaded pic of me wearing a bikini on a pool. I just smiled going through the comments and someone's comment caught my attention I nearly choked on my milkshake.

It was Itumeleng. I went to his profile ah Lord have mercy.. such beauty! Ok now he has grown but he's still maintaining that "PK" character. He's really humble. I logged out of his profile and we paid our bill then left.

Me:I'm going to run you a bath then we can bath..

Mercy: I know how to bath myself.. thank you.

Oh Lord this is going to be the longest weekend ever..

I put water in the bathtub and the form bath. I called her to come bath and walked out to check her pyjamas in her bag. Great! MaDlomo didn't pack any for her yet she has plenty. I sighed closing the bag returning to my bedroom to look for the new ones I bought last week.

I put them on the bed and went to the bathroom and opened the door without knocking.. my daughter nearly hit her head on the tub. She was completely freaked out that she jumped and cried. I panicked and carried her out of the bathroom and wrapped her little body with a towel.

Me: baby.. what's wrong?

Mercy: nothing, you just scared me..

Me: you nearly hurt yourself very badly and you are here telling me it's nothing? Princess talk to me... What's wrong..

Mercy:what difference will it make because you don't care..

Me: that's not true baby, I do care , deeply.

Mercy: (crying) you don't care.. you have abandoned me, you left me with granny who's old and that witch you call a nanny.

Me:(holding her hand) sweetheart I know that me and you are not close but never ever doubt my love for you . I love you and I'm your mother.. it is my duty to protect you. Please tell me what's going on..

Why were you so freaked out?

Mercy:(wiping her tears with her little fingers) auntie Zodwa touches me mommy..

Me: she touches you? Where?

Mercy:(pointing her vagina) here.. sometimes she sticks her finger and it's hurts..

I felt my body shrink! Bloody witch! What the fuck!? The way my daughter was so terrified, it opened up the old wounds, my heart bleed so much. Damn I have neglected my daughter now look! Zodwa is the house nanny I got for granny since she's old,to think that I trusted her because she's a family relative? Shes my granny's niece.

Me:(swallowing a huge lump on my throat) when did she started to touch you?

Mercy: few days ago and she said if I say a word she will deny everything and you will take me to the orphanage because you don't even love me..

My heart sank again, I'm going to chop this Zodwa person pieces to pieces! What the hell!

Me:(bringing her closer to me) I'm sorry that you have to go through all of that. I'm very sorry. Don't worry you will never stay with that ugly witch okay? From now on you will stay here.. with your mom.

Mercy: what are we going to say to Gogo?

Me: don't worry, I will deal with that.

I helped my daughter on her pyjamas and we snuggle on bed together, she had her hands wrapped around me and I was smelling her hair with my heart beating do heavy.. Zodwa will know me! My baby will not go through what I went through. I didn't sell my soul to devil for her to suffer the same fate I did...

KHANYISILE

I don't know how I managed to get some sleep but I realized that I had the most peaceful sleep ever with my baby on my arms.

I shifted and checked the time it was still very early. I put Mercy on the pillow and covered her with the blankets. I kissed her forehead and went out of the bed. I wore my sneakers and track pants. I locked the house and plugged in my headset and jogged around my place. I didn't want to be too far away from Mercy at the same time I needed some air to think about what I'm going to do with Zodwa.

I mean to think that we are afraid of men now we have to be cautious around women too! This women has kids, daughters too but she does this to my daughter? The whole thing brought tear to my eyes I wiped them and jogged back. I will not let my kid go through this. One thing I know is that I need a change, my daughter deserves a better, happy and chilled childhood. I don't want her to find herself in the situation where the devil lures her in because of anger and resentment. I want her to have a happy filled childhood.

As I was about to arrive to my house a black Porsche car drove past me and stop on a distant before reversing to me. I stretched my arms waiting to hear what this person want. The car stopped next to me and you won't believe who got out!

Itumeleng Modise did! Oh my goodness! Those Instagram pics doesn't do any justice to his handsomeness. Guy is flames. Okay now he's all grown with that fine chest and arms.

Itumeleng:i thought my eyes were fooling me when I drove around and saw you jogging. Khanyisile Dlomo!

Me:(smiling) Itumeleng Modise. It's been a minute.

Itumeleng: yeah well it's been a while. Wow how are you doing?

Me: okay under the circumstances..

Itumeleng: okay I'm in a hurry to hospital can I please have your number so that I can give you a call to go out on some coffee some day?

Me: yeah sure why not?

Itumeleng:(giving me his phone) you are still beautiful wow!

Me: (handing back his phone after punching my numbers) and you have grown. What are you doing around here?

Itumeleng: I was dodging traffic so I used this street. Is that your house?

Me: yep, it's actually my late parent's house.

Itumeleng: beautiful...

His phone rang and "Love " flashed on the screen, he smiled.

Itumeleng: baby.. yeah I will be there shortly..

He then hung up and looked at me.

Itumeleng: listen, it was lovely meeting you okay? I will give you a call.

I nodded and walked inside the house while he drove away. I got inside and found madam on the couch with a fleece watching cartoons.

Me: morning babe..

Mercy: hey..

Me: I went out for jogging. Let me quickly take a shower then fix us some breakfast okay?

Mercy: okay no problem

I took a quick shower and fixed our bed, called the madam to wash her face and teeth. She changed to leggings and a shirt. We walked to the kitchen.

Mercy: can we make some syrup pancakes Please?

Me:(smiling) okay baby.

I took out the ingredients and we started baking together, I must say the moment here felt like everything. I would not trade it for anything in the world. It's true when they say kids

forgives easily. Look at Mercy, she was all smiles and jolly as we messed up my kitchen. I stole few snaps while she was not looking.

We finished up and sat down to eat while watching the TV. After cleaning up we took a proper bath and dolled ourselves up to go to the mall. I just wanted to treat her. I styled her hair to a beautiful concrows and we left the house.

We bought lot of clothes and food, by the time we got home I was so tired. Luckily we came back with some pizza so we didn't have to cook . I was at the kitchen busy dusting my CV and my qualifications. I think it's high time I get a proper job, leave this life. My daughter needs me.

She was busy with her cartoons on a loud volume when I heard a knock. I got down from the chair to open the door. To my surprise Zodwa stood there with her cheap bag and worn out weave. I folded my arms and stood by the door.

Zodwa: ain't you going to let me in?

Me: no I won't.

Zodwa: still have the stinking attitude? Anyways I'm not here for you, I'm here for Mercy. I'm back so I'm here to take her home.

Me: this is her home so my daughter is not going anywhere with you!

Zodwa: Khanyisile stop this. We both know you are not capable of taking care of a child, your own child. So please

Advertisement

MaDlomo will want to find the child home tomorrow.

Me:go home Zodwa, I will come tomorrow to tell my grandmother that I'm taking my child, as from now on, she will be living with me.

Zodwa: what? After gogo raised your child from birth now you are going snatch her away? You want to introduce this child to the evil you are doing?

Me: it's good you know I'm EVIL. Zodwa the only reason I'm not going to slit your throat open right now it's because Mercedes is around. So get the hell out of my house!

I closed the door right at her face and released the breath I was holding and walked back to my laptop. I checked Mercy, she wasn't even aware that someone was in here.. her tv was loud.

I went back to the kitchen and saw Sasha sitting on my chair looking at my papers. I nearly died. What is she doing here with Mercy around?!

Me: Sasha! You can't be here!

Sasha:relax, we both know she can't see me and I won't be here for long. I have heard your pain, your cries..

Me:Sasha I'm going to kill Zodwa in a most painful way I've ever did before.

Sasha: I see papers, what are you doing..

Me:(sighs)I want out Sasha, I want a normal life for my child.
She needs me.

Sasha: you know you can never be fully out right?

Me: I know but can I be on standby and be called on serious
occasion and live a normal life for once.?

Sasha: I feel for you , really I do. But for you to be granted that
you need to do one last job.. the hugest one then you can
retire..

Me: anything Sasha as long as I will be with my child..

Sasha: you will have to crash a plane, that plane will be carrying
all pastors across the whole world for a serious prayer.. crash
that plane killing everyone, your freedom shall be granted ..

Me:okay I think I can do that .. when?

Sasha: I will let you know.

She then disappeared. I sighed and sat down. My phone rang with an unknown number and I answered.

Me:hello?

Itumeleng: hey Khanyisile it's Itu here..

Me: oh hi.

Itumeleng:Im sorry it's been so hectic at the hospital today so yeah.

Me: it's all good. I was busy myself.

Itumeleng:so I was wondering if we could meet up tomorrow?
When I've come back from church?

Me:urhm I don't know.

Itumeleng:please.. I haven't seen you in a very long time..

Me: thing is i don't have a baby sitter for my daughter so..

Itumeleng: oh wow, you have a child?

Me: yes.. a six year old daughter...

Itumeleng: that's amazing.. okay urhm let's do like this, how
about I bring lunch to your place or you come to mine?

Me: my place is the comfortable one for my child so I guess you
will be coming here.

Itumeleng: okay awesome then. So we are buying or cooking?..

Me: I will cook..

Itumeleng: great, I will send you some money so that you can buy everything you need and I will see you tomorrow then.

Me: okay sharp.

He said his goodbyes and I put my phone away.. I wonder what's the urge to see me.. where is his girlfriend? I guess since I will get all those answers once he's here tomorrow. I thought how excited Thandi will be when she hears this news.. lol no I will call her after tomorrow because now I won't sleep with her busy Itumeleng this and Itumeleng that...

ITUMELENG MODISE

After speaking to Khanyisile I logged into my banking app and sent her R5000. I hope it's going to be okay. She texted me immediately saying it's a lot but uyabonga I smiled and put my phone aside.

Well I never thought I was going to see her again after so many years of not seeing her. When I left for the United Kingdom I had lost all hope of ever being United with her again. Haha I remember how Thandi will push me to reach out to her, honestly, I love Khanyisile just that she intimidates me a lot I won't lie.

Me being the bishop's son doesn't help it. It's has helped to keep me on my toes and for behaving good because I was taught that God sees everywhere so I had to behave not for my parents but for God.

I got back home six months ago after completing my theology and Bible studies. I'm set to be one of the senior pastors on our branch here in Johannesburg. I'm 31 and my father said before I can stand before people and preach as a pastor I need to get married. Me not being able to find my own person the past years. Dad arranged that I marry the Reverend's daughter and we got engaged last month. She's really a wonderful person, same age as Khanyisile, a doctor, an author but mostly she fears God. We have a lot in common but we are too busy for each other. I think in a week we meet only once.

Having those good qualities she possess I always had that gap in my heart, she really doesn't make my heart beats like Khanyisile does. I know many people will see this as madaness. I mean how can I fall in love with a bad girl like Khanyisile, who has tattoos, drinks, smokes and all that over a Reverend's daughter who has qualifications and a virgin? Truth of the matter is that the heart wants what it want. Right now that I've

gotten another chance of meeting Khanyisile I really do believe that God loves me enough. This is my chance to real happiness.

It's going to take a lot because Khanyisile is a very hot headed woman , who does as she pleases and I don't see her preaching at the pulpit but it's the risk I'm willing to take. The lunch date tomorrow will help me pour out my heart to her. And tell her how much I want her in my life.

KHANYISILE

It was Sunday already and I had just gotten back from the shops to buy ingredients to cook for the bishop's son. This is going to be so difficult but I hope I don't disappoint. I opted for a simple traditional meal.

I cooked with the help of my princess and we had a blast, as I would take a sip of wine she would sip her oros.

We finished up around 3pm and Itumeleng was coming around 4.

I quickly took a shower and wore a dress. It was not too long neither short. It was sleeveless and showing my tattoos. On my other arm I've tattooed my daughter.

Mercy: so are you having like a date?

Me: urhm no.. just a light lunch between old friends.

Mercy: oh but with a guy right?

Me: hai bo Mercedes.! What do you know about these things?

Mercy: well i watch TV..

Me: thank you for reminding me that I need to put parental control on my desire..

Mercy:(screaming) mom! Why would you do that?

Me: urhm well you know too much for your age...

Mercy:(rolls her eyes) boring!

Me: yeah whatever! Now be a good girl when uncle Itumeleng gets here.. go on the patio or your room watch TV.

Mercy: okay but will I get to see him? Just greet?

Me: yuuh hai okay fine you will.

She smiled and I packed away my make up. I checked the time it was 16:05. I went downstairs and he called asking that I open for him, my heart started beating faster I opened for him.

We waited for his knock after checking him out on the window

Advertisement

he was driving a BMW today , looking good on a smart casual outfit. You could tell he was from church.

He knocked and I opened for him. He was carrying flowers and a gift bag plus a teady bear.

Itumeleng :good afternoon ladies

Me: hello

Mercy: hi

Me: urhm Itu this is my daughter Mercedes and Mercy this is mommy's friend , Itumeleng..

Itumeleng: pleased to meet you angel, you so look like your mother. This is for you.

He gave Mercedes the teadybear and my daughter smiled and said thank you.

She then disappeared like I told her too and Itu gave me flowers and the gift bag that carried a wine . I was impressed.

I sat down and dished up he filled me up about church that he was preaching today and we caught up on old stuff.

We were now washing the dishes and he was drying them.

Itumeleng: so it's you and your daughter in this house?

Me:yeah, just the two of us. She recently moved her.. I was all alone the whole time.

Itumeleng: I see. Where is the father?

Me: around.

Itumeleng: is he in your lives?

Me: nope, he wants nothing to do with us..

Itumeleng: that's a pity, Mercedes is such an adorable baby.
Tell me why did you name a kid Mercedes?

Me:(laughing) you seriously don't want to know that...

Itumeleng:(chuckling) come on, I wouldn't ask if I didn't want to know..

Me: she was conceived on the Mercedes

Itumeleng:oh wow.

We both bursted out laughing.. he's no longer a snob.

Me: so wena? What's happening with you and being a pastor?

Itumeleng: oh yeah well that. Urhm I'm engaged to be married soon..

Me:oh?

Ohk I didn't mean to sound so disappointed like i just did but I couldn't help it.. he came closer to me and lifted my chin up and now we were looking at each other's eyes..

Itumeleng: I know what you're thinking but I will fix it okay?

Suddenly I couldn't talk, my mouth became dry as he got closer, his smell filling the whole space.. our lips touched. Gosh his lips are so soft.. he kissed me again and I responded then something snapped in me I moved away..

Me: I'm sorry...

Itumeleng: it's okay, I should probably get going..

Me:yeah.. I also want to watch Date my family..

Itumeleng:thank you for the lunch. Pass my goodbyes to the little Princess, I had a great time.

Me:(smiling) same here.

Itumeleng:(opening his arms) hug?

Me: yeah sure why not?

We hugged so tight and gosh I don't know if it's my imagination or what but I felt his boner! He looked at me straight on my eyes and then we kissed. This time it was filled with lust, emotions and desire for each other. He picked me and placed me on the kitchen counter his hands working on all over me. I remembered Mercedes can walk on us anytime..

Me:let's take this to my bedroom.

He put me down and I led the way to my room...

KHANYISILE

The moment we got to my room we made sure that I locked the door because wow, little Mercy can budge in here anytime and I don't have the strength to explain what's happening to my daughter.

Itu and I helped each other undressed and our lips were still very much attached to each other. He laid me gently on the bed and opened my things with his knee and got in between me. Okay did I mention that u guy is gifted? Not huge but the kind of weapon that brings happiness at home?

Normally I love being in charge and in control but this time I let him be, he kissed my neck while his hand travelled on my back and he unhooked the bra and threw it on the floor. He sucked on my neck as I felt his torso on my stomach..

Itu:(biting my ear)nice tattoo...

He referred to the one of my daughter and I just said thank you with a very low voice. He planned all the wet kisses going down to the honey pot and spread my legs apart. I felt his warm tounge teasing me, I tried to move up but he held me down by my stomach.

He ate me up do good that I found myself talking in tongues.. tears were rolling and I was tired of wiping them out. This was just everything.. he got and ordered me to look at him. My eyes were so teary.

Itumeleng: I love you Khanyisile, I've always did. I remember back then when I first met you, honestly my intention was to fuck and pass but when I met you, all of that changed. I believe that everything happens for a reason and that fate brought us

together for a purpose. I want to mark this moment right now the best we have ever had. I want to claim your soul, your body and your heart. Just switch up everything else and allow me.Okay..

I nodded millions times with tears betraying me and he bite my nipples..

Itumeleng:u don't hear you..

Me:yes Daddy .

I don't know why I called him that but he loved it.. I then remembered I have protection on my side of the bed and reached for it. He smiled and took it, I helped him put it on.. he was groaning as I slide the condom on his hard rock dick.

He then pushed him in slowly looking straight on my eyes, I pulled the sheets and bite my lower lip.. indeed he kept to his words.. he claimed my heart, he made perfect love to me that I confessed love to him.

We finally finished off and he flushed the condoms and took me to his arms. He locked our hands together..

Itumeleng: I could do that all my life..

Me:me too. You know what is funny?..

Itumeleng: you tell me..

Me:this right here.. feels right.. and for the first time ever, I can say that I am happy.

Itumeleng:(smiling)and that's what I want to do for as long I live, I want to make you happy..

Me: yeah well but you can't be with me Itumeleng..

Itumeleng: why not?

Me':I'm not good for you..like I'm very bad for you. I honestly think you deserve better.

Itumeleng: please look at me. No get up and look at me .

I sighed and did as he told me.

Itumeleng:I want you to listen to me and listen very good. No one is perfect. I am not. I know that me and you are water and oil but heck, I don't want a perfect person , I want someone I love..

Me:you are saying all of this because you don't know what I did or doing. Look I think it's best you marry the Reverend's daughter because with me Itumeleng it's won't work..

Itumeleng: can I ask you something and please be honest..

Me:okay..

Itumeleng: do you love me?

I kept quiet and he didn't rushed me to answer. I sighed and rubbed my eyes.

Me: I do .. but..

Itumeleng: let's hold it there.. that's all that matters. Don't worry I will fix the issue of my engagement, I just need to talk to my dad and he will understand. Only I'm asking from you is to believe in us. That's all

I closed my eyes as tears rolled down, this is messed up. My heart was throbbing. I can't be with him, this is crossing boundaries in so many ways. He's the light and I'm the darkness and it's doesn't mix, not a bit

Me: I think I should go check up on my daughter.. you should probably go, it's late.

Itumeleng: I know you are scared.. I'm scared too, but together we will make it work, I promise. Just don't give up on us.

I put on my clothes and got out to look for Mercy. She fell asleep on the couch with headsets on while playing a game. I picked her up to her room...

NOMALANGA NKOSI

I tried his cell for the 10th time but it sent me straight to voicemail. I sighed in frustration and poured a glass of wine and drank it.

What the hell is wrong with this guy? He always complain that we are too busy i don't make time and now that I've made one, he's not here.

Itumeleng and I met in church few months ago through our parents who figured that we were good together and it's true. We have the same career goals, educated and ambitious, love God and have good heart.

The only problem here is time, we hardly spend time together and that needs to be changed as he's going to be my husband very soon. Just as I was about to call his Mom of which is very fond of me he walked in. Great!

Itumeleng:hi.i didn't know you were coming here.

Me:yeah I just thought I should surprise you a bit but then I didn't find you.

Itumeleng: I see, you know that it is forbidden for us to be together alone until we get married right?

Me:oh come on Itu,both of us are adults and know the right way to do things so relax!

Itumeleng: I'm sorry but I'm very busy tonight, right now I want to take a shower and go home. I have to speak to dad about something.

Me: okay

that's not a problem, we can always go together plus it's been a while since I have spoken to your mother.

Itumeleng:(irritated) suit yourself then.we are leaving in an hour.

Me: I will be packing for you.

He went to the bathroom and I started packing as I was finishing up his phone vibrated. I went and looked at it. I nearly fainted when I saw this sexy girl on a photo. The picture was captured "thinking of you" . She's so damn sexy on a lingerie I won't lie but she looked a bit offish. I scrolled up and realized that it was Khanyisile Dlomo.

I deleted the picture and put the phone away and went outside to breathe. I called my mamazala.

Mme Modise: oh my baby, I was just talking to Bishop about you.

Me:molo Mama ninjani?(greetings Mama how are you?

Mme Modise: okay what is it? You don't sound okay.

Me:(sighs) Ma, I think Itumeleng is cheating on me .

Mme Modise: God forbid! My very own Itu? Never..

Me:I saw a picture of the girl he's cheating with on his phone ma and to be honest I'm worried. That girl is very pretty.

Mme Modise: then deal with it. Stop whining! The Modise men are handsome and women always throw themselves at them so my girl be strong! I have to go. Ciao!

She hung up on me! This woman!so unbelievable! I went to Google and searched this Khanyisile woman I saw her Instagram account and went to it. Geez, she had about a million followers. Is she a celeb or what?

I went through her pictures and most of the recent ones Itumeleng have commented on them. My heart was beating so fast. What is it with her? What does she do except traveling, looking pretty and taking pictures?

Itumeleng came out all dressed and I put the phone on my pocket and pretended to be praying.

Itumeleng:urhm we can go.

Me: urhm love you can go, I just realized that I have an early call tomorrow since it's Monday.

Itumeleng: alright, I will see you tomorrow then.

Me: okay love let me walk with you out.

I took my bag busy thinking about this girl, I'm going to put her on her lane.

ITUMELENG

The drive from my place to my father's house was not that far. It was just less than an hour and I was home. I found my dad still up reading his books like normal.

I greeted and put my stuff on my room. My mom sleeps very early and wake up early too. I have a sister but she's not home, she's stay at campus, freedom!

Modise:aw nyana,sahlaselwa nguwe ebusuku kangaka kwenzenjani ngoba ngithi sibonene emini?(Son, why visiting us so late at night while we met earlier?)

Me: well dad I need to speak to you as my father and a pastor.

Modise: I'm listening.

Me: dad I've messed up.

Modise: what did you do?

I narrated him the story about me sleeping with Khanyisile and how we met and my genuine feelings for Khanyisile and he listened attentively.

Modise:(taking off his glasses) ei son, this is going to be a mess! You have already paid lobolo for that girl, all was left was a date for a wedding and now this .

Me: I know father but all I know is that I can't marry Nomalanga,my heart is with Khanyisile.

Modise: it's so bad that in few days we have to leave for Uganda for a big conference and you were supposed to be in charge but now you can't because you have broken the rule..

Me: I know dad but you can find anyone else who will preach on your absence.

Modise:ei son this is a mess. I don't know what to say but all I can say is that I'm happy when you are..the rest of the things don't matter as long as she's prepared to change for you then it's all good.

Me:thank you so much dad, father how about I bring her before you leave? I mean just pass by and greet nothing hectic

Modise: it's fine you can do that plus your sister will be home from tomorrow.

Me': okay dad I will speak to her about this and let you know. Thank you so much for having my back dad.

Modise: you are my only son. Now let us pray..

We held each other's hands and kneeled down praying.

KHANYISILE

After Itumeleng had left I didn't have much peace. Tonight I was supposed to go stab Zodwa thousands time till she takes her last breath but something in me doesn't allow me to

After putting Mercy on bed I went to the balcony to smoke just to clear my head. Itumeleng's words kept on ringing on my head no matter how I tried to block them out. I shook my head with tears rolling down on my face.

As if my day wasn't bad enough, Sasha showed up and she didn't look happy.

Sasha: Khanyisile. You need to stop what you are doing. It won't work..

Me:(shaking my head with tears coming out) but don't I deserve some chance in happiness?

Sasha: you know the consequences of this unless you want this cheese boy of yours life be in danger. You have a huge task ahead in few days that you should prepare for and guess what? Itumeleng's father will be on that plane so get your head right! Focus!

She said that and disappeared. I went back to the house and sat on the couch as I felt my heart sank deep. Tears rolled down, I was caught between a hard rock and place. Whoever I choose the other will suffer. I grabbed my phone and dialed the first person who came through which was Thandi. I didn't even checked the time but I needed my best friend right now.

Thandi:(sleepy voice) babe? Are you okay?

Me: my life is a mess Thandi I'm such a mess.

Thandi: friend you are crying what's wrong? Is Mercedes and gogo alright?

Me:they are fine Thandi it's just me..

Thandi:talk to me Khanyi..

Me: friend everything is a mess I don't know what to do really..

I cried honestly all of this felt too much for me..

Thandi: you know what? Tomorrow I'm taking the first flight available to come and see you.. don't worry..

Me:(wiping my tears) Thandi no no don't do that please I beg you. Neo will hate me for this friend please..

Thandi: we are sisters..us before any men. I'm booking the next flight available tomorrow. For now try to calm down and sleep okay?

Me:okay friend thank you.

Thandi:I love you honey and whatever it is, we'll find a way to deal with together. Hold on.

After her phone call I felt better and stood up to my daughter's room and cuddled up with her...

NOMALANGA NKOSI

I checked at the address again to verify if this was the right place and it was. I pressed the button on the gate. I didn't sleep the whole night trying to find her address and I got it at last.

She spoke on the phone asking who was it and I told her it was Itumeleng's fiancée. She kept quiet for a moment then hung up. Then the gate opened and I sighed driving in. What a huge nice

house. I'm still wondering how she's maintaining such lifestyle because from what I've gathered, she's not working.

I just hope and pray Itumeleng is not supporting her financial. When I packed she was coming to my car. She was wearing her shirt and sleepers, looking like she woke up a few minutes ago. Lord this bitch looks hot even before bathing.

Me: good morning, I'm looking for Khanyisile Dlomo?

I knew it was her but I needed to be sure.

Khanyisile: you are looking at her.

Me:great, can we sit down and talk?

She looked at me for a moment before leading a way to a steel seat next to the pool and sat down. The sun was shining great this side.

Khanyisile:I must say that curiosity got me when you called hence I opened for you.

Me:so I take it you Know why I'm here?.

Khanyisile: I can guess but I will let you do the honors. So humor me.

Me:right, I won't be long. Look lady, you see this ring?

I flashed it on her face and she smiled. She's more beautiful when she's smiling and I hate it.

Me: this ring Itumeleng put it on my finger in front of the whole congregation when he asked me to marry him..

Khanyisile: okay...so how does that concern KHANYISILE?

Me': I know what's happening between you and my fiancée..I know what girls like you are capable of so I'm here to tell you to back off my man.

Khanyisile:(amused) oh really now? And if I don't? What are you going to do, Ma'am Mfundisi?

Me: you really don't want to mess with me.. itumeleng is my man..

Khanyisile:oh I'm scared! Really I'm shaking! Girly. I can see you didn't do your research properly, please do it again. Ask around who's Khanyisile and when you finally do, please, stay the hell away from me. I don't want a fake Christian's blood on my hand lizongiphuphisa! Nxx..what nonsense is this? So early in the morning nakhona! Leave my house.

The way she switched up from being bright fully smiling to a whole thunderstorm scared me I won't lie. I ran to my car and quickly drove out...my heart was beating so fast I said a quick prayer as I was away from her house.

Lord what was that?

ITUMELENG

To say I slept peaceful would be an understatement, I slept very happy I even had a dream where by Khanyisile and I were getting married. That would be a dream come true for me really.

She makes me happy, I truly love her. Thinking of her and that gorgeous smile. Wow. I picked up my phone and dialed her number. I hope she's not still sleeping.

Khanyisile: good morning

Me: good morning Mrs Modise how are you?

Khanyisile:hebana, sesishadile njalo? (We are married already?)

Me: haha my love not yet but soon vha?

Khanyisile:hee ai you are very ambitious I must say.

Me: I thought you would be sleeping?

Khanyisile:argh no I was woken up by someone who lost direction and Thandi is coming over so I'm excited.

Me: oh wow, is she coming with Neo?

Khanyisile: I don't know hey , I would be lying.

Me: alright then I will see you later?

Khanyisile: looks like you are getting addicted to me?

Me: maybe. I have news to tell you so can we please meet?

Khanyisile: I guess I will see you later then.

Me: have a great then Mrs me.

She laughed and I hung up smiling. I sighed and texted Nomalanga that we should meet as we have to talk. The sooner I end this the better.

KHANYISILE

After Itumeleng's phone I went to wake Mercy up. I'm just happy that schools are closed yet which gives me time to look for her new school around. Which reminds me I have to tell her father about that. My daughter is not going back to that house.

Thinking about Itumeleng, hehehe I still can't believe that girl came to my house to threaten me, a while K. D? Wow! It's just that I have really a lot on my plate to deal with than to entertain her melodrama.

I woke Mercedes up and fixed her bed while she took a bath. Helped her get dressed and we went to make breakfast, she loves that and I also love it because it's gives us time to bond.

We ate and cleaned up then went to sit on the lounge. I was doing her hair when somebody rang the gate bell. I screamed when Thandi spoke and opened for her. She really slept at the airport. It was 11:40 but she was at my door already.

I ran to her and she also got out of the car. Oh my God! She looked so pretty awesome with her pregnancy bumpy, Neo also got out and Mercy ran to him and he picked her up and the two of us hugged each other for dear life.

We went to sit where we were seating at with Nomalanga as I narrated her what is happening in my life. I told her almost

everything except the part where I have to crash a plan in few days and waking her up from the dead.

Thandi:(stunned) wow you know this is all a bit too much if I may say. But what really traumatise me is how Zodwa can do that to a child! Lord what kind of crazy is that? Khanyisile the circle of abuse ends with us okay? Grab your bag and let's go. We'll deal with everything later.

Me:where to now Thandi you just arrived!!

Thandi: Zodwa needs to be arrested my love , she can't get away with what she did and no more bloods on your hands..

Me: Thandi...

Thandi:ah aha! You are not sweet talking me out of this.

I kept quiet as she made calls and few minutes later cops invaded my space.. they spoke to me and Mercedes and all of us followed them to MaDlomo's house.

To our surprise, Zodwa never returned since the day she left my house.. clearly she knew I was coming for her but unfortunately she can run but never hide. We gave the cops direction to Soweto.

Gogo was shocked to learn all about this, we decided to also tell her about Sandiso but not me killing him. She cried so much blaming herself for not seeing this while we lived under her roof. It was hectic, I regretted telling her.

Neo decided to go see his friends around as we remained behind to make sure that granny is okay. I think she should move with me to the house, she's old to be alone and to think that witch didn't tell me she wasn't coming back here. Nxx but then she's afraid of me.

Thandi: I can't believe that a lot hasn't changed around here. I mean this is the exact spot we used to sit at when gossiping.

Me:yeah some things never changes hey..

Thandi: just like us. I mean we are starting to even look alike.

I laughed, we get that a lot, people are calling us twins.

Thandi:(taking my hand to hers)babe... You know it's never too late to start over and change right?

Me:I know, believe me I'm working towards that but it shall not happen over night. A lot is going to happen and sacrifices.

Thandi: you don't have to sacrifice anything anymore. All you have to do now is to give your life to Jesus and he shall take care of the rest...

Me: there is something that's been bothering me that I wanted to tell you.

Thandi: okay.. what is it?

Me:urhm phew okay,. Urhm Neo and Mercedes are siblings.

Thandi:huh? How?

Me:I mean Neo's father is Mercedes's
dad.

Thandi: Khanyisile!! You mean to tell me that my father in law is
your baby Daddy?

Me:yes.. friend I've messed up didn't I? Even if there's a chance
for me and Itu to work out how is it going to work with me
having a baby with his best friend's Father?

Thandi:(locking our hands together) babe..listen, I don't know
much but all I know and so damn sure about is that Itumeleng
loves you, that guy loves you Khanyisile. I'm the firm believer of
love conquers everything. Just let love and Jesus guide my
friend..

I lay on her thighs and she brushed my hair. Tears rolled down..

Me: this is just a complete mess.

Thandi: it's going to be okay, and over soon.

NOMALANGA NKOSI

I was anxious about Itumeleng wanting us to meet and talk. I am pretty sure that little wizard told him about me coming to her place and now Itumeleng will see me as insecure woman with low self-esteem issues.

I have been practicing what I will say to him the moment he gets through that door for like an hour. I heard a knock and said come in. I stood up when he walked in my office, his scent filling up the whole office area.

Me:babe I'm sorry please don't freak out... I just did what I had to do...

Itumeleng:(confused) what's going on?

Me:urhm nothing. Please sit down.

Itumeleng: what did you do?

Me:urhm nothing my love. You said you wanted to see me about something?

Itumeleng: yes..I want us to talk about our engagement..

Me:(smiling) you want us to pick a date? It's time if you ask me..

Itumeleng: actually I want to end it..

Me:huh? Sorry what's that?

Itumeleng: Nomalanga, you are a great woman and all that but let's face it..we don't connect. Maybe our careers and ambitious do but us as people, we don't.

Me: (breathing in and out,Itu can't do this) babe listen. I know we don't spend much time together as a couple but love me and you are perfect for each other..

Itumeleng: Nomalanga

Advertisement

I'm sorry. I really can't do this anymore. I want to be happy, you also deserves to be happy. Not with me...

Me:(blinking tears away)we were coming alright Itu what changed?

Itumeleng: I thought of my happiness and I chose it. That's all. We are both young to be locked up on a loveless marriage.

Nomalanga we won't be happy like this..I mean since we got engaged have we kissed? I know the intimacy is forbidden but..

Me: it's about her isn't?

Itumeleng: who?

Me:don't make me a fool Itumeleng I know!

Itumeleng:(sighs) look I've already spoken to my dad about this and he said he will talk to your father and find a way to solve it without any drama. Nomalanga I'm sorry, I wish things were a bit different but I have to do this, one day you will look back and thank me.

He kissed my forehead and walked out,tears streamed on my face as I looked at the ring on my finger with my heart heavy..I lay back on my chair and let them flow...

KHANYISILE

We were chilling at the lounge with my grandma and Mercedes as Thandi was taking a bath, still Neo was not back and Thandi was so chilled out.

She came back to us all dressed up and looking sexy.

Me: and then?

Thandi: Neo just called saying that there's some celebration at Itu's house..the sister passed something like that...

I rolled my eyes, I'm not interested in all of that. I'm just stressed about Sasha and her threats.

Me: okay I guess he will be fetching you then..

Thandi: you are also coming with me babe..

Me: Thandi no..I can't ..

Thandi:so you want me to be the only female there? I mean the girl and Mam bishop are not really my favorite people so please please come with me..

I looked at her in disbelief and gogo fueled me that I go. I was outnumbered so I went to change. I pulled over my short black jumpsuit, leather jacket and heels. I let my curly weave loose and fied my make up.

I walked to the room and Thandi wanted to say something but I stopped her with my look,she knew better. I kissed my princess and Grandma and drove to Itumeleng's place

I was really not happy I don't want to lie,I just didn't feel too good to be in the same house with a man I'm supposed to kill in few days. We arrived and it was a bit busy as we saw other cars.

I wanted to go back but Itumeleng had already saw us. He came to us all smiles and hugged Thandi before greeting me with a huge smile.

Itumeleng: hey

Me: hi

Itumeleng: you okay? you seem a bit offish

Me: I'm. Fine.

Itumeleng: okay then ladies come inside and mingle.

I expected Itu to complain about my outfit like Thandi has been complaining with her looks but he didn't. He held my sweaty hand as we walked inside. I almost fainted when I saw familiar faces of pastors and bishops that I normally see on TV. What was going on kanti here?

I kept my cool and just looked around, my heart was really not in place and I was sweating, I felt eyes on me and I kept ignoring them with the ' I have codes, I'm protected'

The little sister Zinhle came to me all smiles and told me that she's following me on Instagram. She even asked for a selfie. Poor little thing. She uploaded the pic and tagged me. I followed her back liking the pic while commenting with hearts and she went crazy.

Finally we were called to come sit on some huge table. It's looked like one of those board rooms tables. I sat down with Itu next to me.. opposite me was the bishop, Itumeleng's father and his wife.

They said grace and we started eating, everyone was chatting, laughing and making conversations and I wasn't. My stomach was growling. I took a bite thinking maybe I'm hungry but when I finished chewing I felt like throwing up.

I looked at everyone at the table it's like they were not paying attention to me, as for the bishop, when he spoke I saw fire

came out of his mouth, ears and nose. I close my eyes and looked at the other side.. but my stomach kept on giving me problem I stood up. I felt Itumeleng holding my hand...

Itumeleng: are you okay?

Me: yes I just need a bathroom.

Itumeleng: okay second door on your left.

I nodded and took two steps then I started feeling dizzy, everything spinned around I threw up.. they screamed. I started seeing in blurred visions as everyone was up from that table now..

Itumeleng: Jesus! She's vomiting blood! Father what kind of blood is this?

Bishop Modise: Zinhle!

Zinhle:(frightened) yes dad?

Bishop Modise: get my Bible, hurry! My brothers, get prepared! Bo Mama, please take her friend away since she's pregnant she can't witness this..my son I suggest you also leave..

Itumeleng: I'm not going anywhere father...

I rolled on the floor as I saw them forming a circle singing. Each time I tried to look at Modise I couldn't, fire was blinding my visions. I remembered my spells, to protect myself. I stretched my arm and the 666 code was visible, all thick and black... They exclaimed and prayed harder as I tried to sit up. Its dawned to me that now it's was war.

As I looked around I saw Sasha with the spear next to me and that gave me hope.. that I'm not alone in this..

KHANYISILE

I managed to sat up on my ass and looked around the room, I've heard about Mncedisi how he sent back Edward to hell who was using Sechaba's body. Edward is one of the greatest ancestor so for Mncedisi to be able to deal with him then he's good.

Bishop Modise was busy singing a worship song, the lyrics were really piercing painful on my ears. I found myself blocking my my ears screaming.

When the pastor's were busy paging there Bibles Sasha was also busy cooking whatever she was cooking to fight against them.

Modise stopped them from singing and asked to lead a prayer.. I used my arm to block it but he cast fire and I felt it burning me I screamed falling down , Sasha stood up with her soear and striked one of the pastor's who fell down.

I felt so trapped , Modise's fire locked me down, Itumeleng I saw him a bit far.. I couldn't see his face properly.

Modise: " for the eyes of the Lord are ok th righteous and his eyes were attentive to their prayer, but the face of the Lord is against those who do devil. " We find this verse from the book of 1 Peter 3:12. With powers invested in me, Lord I call you to come down , I call the consuming fire to burn all the evil in this room! Catch fire now!!

He screamed and all of them in the room casted fire and Sasha turned around screaming rolling I also rolled feeling the fire burning me. Each time I coughed out blood came out, with a dark and black smoke attached to it.

NARRATED

Modise took off his jacket and rolled his shirt sleeve up and took the water, he cast it around praying, the more he did that the more Khanyisile and Sasha screamed in agony.. Sasha slowly changed, her legs became those of a fish, like she was half human and half fish, a memeird.

Mncedisi went to Khanyisile and placed his hand on her face and she screamed..her voice was now becoming hoarse by all this screaming.. Itumeleng was standing there stunned, he didn't know what to do with this.

Mncedisi: I pray also that eyes of your heart may be enlightened in order that you may know the hope to which he has called you. The riches of his glorious inheritance in the saints, and his incomparably great power for us who believe. 1 John 1:9 says " if we confess our sins, he is faithful and will forgive us our sins and purify us from all unrighteousness. "

This moment right now I command you to confess, confess and leave this body because it's belong to Christ. Leave!

Mncedisi shook Khanyisile who started laughing up, the pastors looked at each other and knew that the demon was now here..

Bishop Modise:(slapping Khanyisile on her face) hey hey hey you devil I command you to confess and leave!

The demon: oh oh what nonsense is this? What do you want? Do you know I can kill all of you? I'm purified by 6 codes , to serve you and under the world..

Mthokozisi: your codes don't matter nor feared here! Confess or burn in hell!

The demon :(laughing)if you kill me then she also dies, so I will tread carefully if I were you. You are hurting her body and my soul is intact.

The pastors prayed harder and in tongues , Itumeleng was shedding tears as she saw how painful Khanyisile was rolling, at some point she rolled and folded up like a snake. Finally she surrendered.

The demon: fine fine! I will confess fine I will tell you everything you need to know.

They waited as the demon confessed everything including the fact that they got to u Mam mfundis the one from Gogo's branch. Mercedes being The mayor's daughter, Sandiso's brutal killing, turning Nomusa mad, included all the kills, done and to be done. The plans they had before she was caught off which was to crash the plane, form a satanic church including they own Bible.

Modise: Lord you warned them to return to your law, but they became arrogant and disobeyed your commands. They sinned against your ordinances, by which a man will live if he obeyd them. But in your great Mercy you did not put an end to them or abandon them. Got you are a gracious and merciful God.

You demon, I command you to call out your code right now, so that it shall be burned and destroyed for good!

At first the demon refused but as the fire consumed it , she called out the code and it was destroyed leaving a burned black scar on Khanyisile's arms. After that the Daisy left her and her original body and soul returned to her. She bleed out in all ways possible. From ears, nose, mouth, and the blood was not purely red. Sashs turned to a snaked and started hissing.. Itumeleng is afraid of snakes he got on top of the table.

Modise poured the anointing oil on it and called fire to burn, as it's was burning, screams came from the kitchen, Neo screaming the most that Thandi collapsed.

Khanyisile was now still only bleeding, Itumeleng went to her and touched her..

Itumeleng:(crying) father.. we are loosing her! She's so cold!

Neo: my wife is not breathing! Please help! My wife can't die..

Modise went to Neo as Mncedisi went to Itumeleng. Modise kneeled down and stared at her who was also bleeding a little

from the nose, her chest rose up and she snored taking her last breath Neo cried uncontrollably. The other women who were at the kitchen had their hands on their mouth, shocked as they never saw such a thing as like this.

Modise: Son. I'm so sorry..

Neo: no no no Bishop do something! Please I can't loose her!

Modise: son listen to me. It's done. Her time in this Earth was long overdue..she lived because the devil borrowed her another soul.

Neo:huh?

Modise: she died long time ago, but because Khanyisile needed her and couldn't accept her best friend was dead, she asked the devil to give her another chance at living. Devil being the devil, took someone's soul for hers and that how she managed to live till this far. Now that the devil is crushed and destroyed ,

everything that was obtained by it is taken back, she took Thandi's soul with her.

Neo: she was fine, perfectly fine! We shouldn't have come back! We should have remained in the UK.

Modise:(holding his shoulder) one way or another, this was going to happen. I believe that itumeleng and Khanyisile meeting was God's plan. Thandi pushed for this, she called me and told me her friend is possessed and she needs saving. Forgive Khanyisile because Thandiwe's body and soul is now together, she is in a better place, she has rested in peace. God is with you and he shall never give you more than you can bargain. Trust on him and learn for his love and healing.

ITUMELENG

I have never been so heart broken my entire life, Khanyisile's lay there lifeless, she's light skinned but now she was worse. She didn't move nor said a word.

I was holding her and my whole clothes were bloody. My father came back with Mncedisi who had called an ambulance.

The other pastor who was struck by the devil needed an immediate Care and drip.

Modise: you need to let her go.

Me:(shaking my head) no I can't!

Modise: please son, she need a hospital care, she has bled too much but it's all the evil blood she will be okay.

Me: what if she dies?

Modise:she won't now let the paramedics do their work.

I slowly let her body go and they attended to her. I saw Thandi's body being wheeled out while covered with a white cloth. I went to Neo who sat at the corner crying. I hugged him, we both cried at each other's shoulder....

A WEEK LATER

KHANYISILE

I felt the need to sneeze and when I did I opened my eyes, I looked around studying the room that I was in and in my mind I

concluded that I was at the hospital. I tried to remember how I got here but most of the things were blurry.

I only remember arriving at The Modise house , falling on the floor, Modise praying for me. I closed my eyes to remember more but I couldn't. I sighed frustrated. It's like some part of my memory has been blocked. I just want to know how I got in here.

I looked at my arm that was bandaged. I lay back closing my eyes just trying to remember everything, as much as I could but it was dark. I then sat up stretching my arms because my body was sore ,it's like I've been sleeping forever. As I was trying to get off the bed then the door opened and Itumeleng walked in carrying flowers. He smiled all excitedly seeing me.

He ran up to me and hugged me so tight.

Itumeleng: oh thank you Lord, thank you. Praise be to the Lord and Father of our Lord Jesus Christ! In his great Mercy he has given us new birth into a living hope through the resurrection of Jesus Christ from the dead

Advertisement

and into an inheritance that can never perish, spoil or fade-kept in heaven for you who through faith are shielded by God's power until the coming of the salvation that is ready to be revealed in the last time..

He was serious praying with tears rolling down his face and I noticed the pain that he may have gone through with me being here.

Me: Itumeleng, what happened?

Itumeleng:(wiping his tears) urhm you don't remember?

Me:no, I only remember leaving my grandmother's house to yours with Thandi, feeling a bit sick and your father praying for me. After that everything is blocked.

Itumeleng:urhm sthandwa Sam a lot happened that day okay. Good and bad. I just don't know if you are ready to hear this..

Me: okay.. you are scaring me.

Itumeleng: (sitting next to me and taking my hand to his) that night you were delivered, from all the evil's hold and set free..

Me:I was delivered? Now it's makes sense why I'm feeling this light. So why I'm here?

Itumeleng: through your deliverance, you lost lot of blood, you needed hospital care. You have been out for like a week I was starting to get worried that you are also dead.

Me: also dead? Who else died? In fact tell me what happened during my deliverance because honestly I don't remember anything?

Itumeleng:phew mhhm you confessed all the evil things you did, I mean everything, the demon in you confessed. My dad then called out the code and burned it so that they don't call you back using it, ever. Hence the bandage on your arm.

Me:so you mean I confessed everything? And you are still here?

Itumeleng: where else will I be at? Khanyisile do you understand that I love you and wants to be with you? It's doesn't matter to me what you did on the past , but right here and now, you are a new being, born again.

Me: so you mean I'm free from everything, the dark world and Sasha?

Itumeleng: that one will never bother you again.

Me: where's Thandi? I should let her fill me up with everything...

He suddenly looked down and brushed his face...

Me: Itumeleng?

Itumeleng: baby.. eix please wait, let me call my mother.

He quickly got up and I stood up, now I'm convinced that something is wrong, oh God I hope she's okay, she's pregnant for Christ sake. He came back with his parents with Neo who was carrying my daughter. All of them were wearing all black, I saw grieve on their faces.

Mme Modise: dear, Itumeleng tells us that you have woken up?

Me: yes ma'am I have. I see all of you here but I don't see Thandi, where is she?

Bishop Modise: sit down so that we can tell you what happened.

I sat back on my bed, itumeleng was next to me holding my hand. Modise sighed and told me how Thandi died and how they were just from her funeral. I kept quiet for a moment hoping that they could say they are joking but they didn't.

I felt my face being wet and hot, Lord no this is not true..
Thandi is not dead! How come? Modise explained again and I
cried, my heart was so painful, how am I going to go forward
without my girl?

Ma'am mfundisi lay me on her lap and preached about
forgiving myself and letting it go, freeing her and be able to
move on with life. In all of this I just thought about Neo, how is
going to move on from this? I'm sure he hates me, heck he
hates me, I would too if tables were turned.

LATER THAT DAY

KHANYISILE

I woke up and remembered that I had to be sedated because I
was screaming like crazy, its still feels like a bad nightmare all of
this. I should be happy for my freedom and new life but to think
that I lost Thandi in that process.

I saw Neo next to the bed.

Neo:hey you are up?

Me: yeah, how long I've been out?

Neo: couple of hours. I asked for a moment with you before I leave. Khanyisile I understand how hard this is, I think the people who are carrying the burden the most is me and you. I just want you to do me one thing..

Me: I'm listening..

Neo: forgive yourself, tell yourself that Thandi died the day you found her in that house. You know bad as this is, one good thing that came out of it, is my sister. Mercedes.

I smiled shyly.

Neo: promise me to raise her to be the most amazing woman and if you don't mind I would like to be in her life As her elder brother...

Me: I don't mind Neo and thank you..

Neo: no need to thank me Khanyisile, you were deceived because of anger and Pain

Me: so where to from now?

Neo: I think I will go to New York, I can't stay here nor going back to UK, both these places reminds me of Thandi.

Me: I understand.

Neo: we'll keep in touch, take care of my boy and sister.

He hugged me and left the room. I rested on my pillow as tears rolled down again. Will this pain ever end?

A YEAR LATER

ITUMELENG

Khanyisile and I were kneeling in front of our pastors at church after announcing our engagement to the congregation. This past year has been a very challenging for us.

When Khanyisile left the hospital she shut us out , it's took a lot of praying for her and trying to reach out. After two months she showed up and Church unexpected, to say I was happy would be an understatement. I was over the moon.

During the service when those with testimony were called to the front she went there. Everyone kept quiet as she stood there for a moment not saying anything.

After like 5 minutes she led a common song loved by many, " how great art you Lord, umukhulu simakade" she sang with tears rolling down and everyone connected to it and prayed.

After everything was cooled down she shared her story, long as it is, the way she spoke, no one wanted her to stop. She preached through that testimony that when she dropped the mic everyone stood up clapping hands and I couldn't be proud.

Weeks after that she attended church therapy and got herself involved in the activities, took her grandmother and daughter in with her, stood up to motherhood and she's now the most popular person at church, to old ladies, young girls and even married women.

She uses the huge number of following from her social media to preach the gospel and encourage others that there's still a chance to change. She released a book titled " I wish you never left" where she explains how her life changed after losing her parents and her best friend.

We then rekindled our romance and gave each other a proper try. We got engaged and now we are just weeks away from our wedding. I was brought to reality by my father who spoke.

Modise: I pray that your love may abound in and more in knowledge and depth of insight, so that you may be able to discern what is the best and may be pure and blameless until the day of Christ, be filled with the fruit of righteousness that comes through Jesus Christ- to the glory and praise of God.

This is the confidence we have in approaching God, that if we ask anything according to his will, he hears us, and if we know that he hears us, whatever we ask, we know that we have what we asked of him.

NEONTLE

I was pulling my bag to the airport making sure I don't miss my flight as Itu will never forgive me. My boy is getting married and I'm the best man. No other way .

As I went through I bumped into some lady and her things were scattered all over the place . We both went down to pick her things and our hands touched.

I looked at her as she moved her glasses.

Nomalanga:Neo?

Me: Nomalanga? Wow what a small world?

Nomalanga:small indeed! What are you doing here?

Me:well been here for a year, but now going home for...

Nomalanga:(smiling) Itumeleng's wedding? I'm also attending it

Me: wow okay..

Nomalanga:I'm cool with everything that happened, I believe that everything happens for a reason so yeah. Hence I took this chance to come here to unwind and heal.

Me: wow , okay that's very mature of you, I guess I have a partner in this plane for the new few hours?

Nomalanga:(smiling) I guess you do!

We both boarded the plane...
