

#### \*PROLOGUE\*

\*Reatile\*

## I look at the time , seeing just how late I am

Very late

So much that I overslept and didn't even hear the alarm ring

# If Swazi was around , she would have woken me up

But she had her own lectures to attend

And well, I needed the rest

Last night was a bit crazy and intense , the things we just put up with just for money

## And now , now I need to attend to my own lectures

And I'm running late , because I was tired

I hardly got any sleep

It's not easy , juggling being a student . I'm trying my best not to fall far behind . And it's like

# very hard , because I am feeling the pressure

And having to hustle for money to support a family back home

My father is very sick , it's bills and just bills every month of medication I'm trying to better my life here , but I also have to think of them back home

Well mostly him , I could care less about everyone else . Except Lerato

Because she's the only sibling I have , even though we don't share a mother Because I'm the first person the wife calls , when he starts needing something . Like medication and proper food

You'll swear he's just with strangers there , and not his wife

I can't say much about her kids, because he's not their father Even though he did everything , everything he could for him

And took his money , put them through varsity

He spent so much on them that he had nothing to spend on me when it was my time, to go to varsity. That I had to settle for collage because of fees I put myself through the first year of college , and it was hard

Very hard , that I had no choice but to adapt

It's not easy having to rely on yourself with no financial help

I'm not the smartest in the case

So I put myself through college, I have no financial aid at all

Therefore , sleeping on a chance to make money doesn't work for me

I'm hungry right now , I won't make it to college without something to eat I look around checking for a taxi , but I don't see one coming

Maybe I can run and make it back in time , just to get something to eat very quickly

I sigh , turning on my heel running towards the shops

Holding my backpack tight

I get into pick n pay , and rush to the food kiosk

My stomach grumbles , but I cannot afford to crave on all these foods

I grab a sandwich that's already made , it's less cost R19,99

I can't cry over that

I check on the tills , just looking for one that's not too full

I finally spot one by the end , but there's 6 people in front of me

I sigh joining in line

I keep checking the time , and it feels like this line is not moving an inch

Yet people on this side , they have only baskets

Voice : let me pay for that

Says a masculine voice behind me

And involuntary I turn , not knowing if the person is talking to me or what I look at this man , somehow my eyes just trail down to his shoes . I'm not the type that says , to know a man's pockets look at his shoe

My eyes just trailed down

Damn Italian !

Very expensive taste

I trail my eyes , from his shoe up

And this suit , looks very much tailor made . And it's a perfect slim fit

My eyes finally meets with his, and he's boring deep into me

I clear my throat , quickly turning my head

I caught a glimpse of him , and I don't remember when was the last time I laid eyes on such a handsome man

And I see one person has left the line , I go forward

Voice : you seem to be in a hurry , you could have long been out Okay !

I turn facing him

There's just something about his voice, it's too deep and inside

Me : you're ....talking to me ?

Him : yes

#### Me : I...I can pay for this

He must be trying to take chances , and today is not the day

Men see opportunity everywhere, and with everything

Him : I know

#### Good !

I turn forward again , I feel him getting closer . I close my eyes for a brief moment , he has a presence

His hand comes forward , and he grabs the sandwich from my hand Me : rea.....

He walks away

# I'm left stunned and just annoyed !

I feel somewhat

I look at him , until he's out of sight and I can't tell where he went I move out of the line , because I don't even see anything I can take close by to eat

I can go back to grab another sandwich , but I'll have to start the line from the back

I feel tears burning my eyes , i have to get a hold of myself . I can't cry in front of these people . That would just be an embarrassment

I sigh , heading towards the door

It's no use sticking around here

I'll attend lectures with a grumbling empty stomach , I'll eat after them

Because that's the only time I'll be able to go to the cafeteria

Voice : here

In seconds I lift my eyes , meeting his

And he's standing right by the door , holding out a plastic

Me : where is....

Him : the more time you waste gawking at me , the more late you'll get

He's right , and I hate that he's right

I take the plastic , and peek inside . Obviously , it's a lot it's almost even full Mostly snacks , sweets and there's also cola . But I see my sandwich

Me : thank you

I say as polite as ever

He nods , and I'm on my feet running to the exit and hopefully I get a taxi I stand by for a bit , a Jaguar stops right next to me

As the window opens , I see it's him

I swallow hard not knowing what to make of this situation

I don't know him , I've never even met nor seen him . Not even in any of my encounters I see a taxi , and rush forward stopping it

I'm crossing fingers that it stops

Because I don't want to find myself inside the man's car

It stops and I get in

I sigh in relief as it drives off

I have an urge to just stuff myself with food , but I can't eat in front of people

And I think it's just disgusting chewing in a taxi, with people just looking and staring at you

I take out the cola drinking half the bottle in one go I'm thankful , as the taxi stops by the college

I get off , closing the door I don't miss the jaguar right behind the taxi

I shake my head annoyed a bit

Like is he seriously following the taxi ? Or it's just a coincidence that he's on this route too I rush in the gate , before he stops and tries to say something to me

Buying me a few snacks I didn't ask for , means absolutely nothing

### \*Monde\*

I lower speed at the robots

My phone rings

Me : o bata eng ? (What do you want)

He sighs

Me : I don't have the whole day wena sahn ! Bua (talk)

Mpho : ke tswa factory...(I'm coming from)

Me : eh wena sahn , o ta ja marete wautwa ? (You'll eat testicles do you hear me) He sighs

Me : that package better not be late because of you , get your ass to Joburg as in like right now . Is that clear ?

Mpho : it's clear

Me : nxn !

I drop the call , driving past the green light

Khaya : why are you always full of anger ?

Me : shut the fuck up boy

He laughs

Me : and you're not staying more than two days at my house

He sighs

Khaya : lord knows that ghost town you call a house , is scary as shit and it feels haunted . Not to say creepy , and cold as hell . I'm not looking forward to it Me : and because of that shit , you're going to a hotel

Khaya : but ....

Me : I'm not having an argument with you

Khaya : shit !

Me : don't swear in my car

Khaya : but you swear like ...

Me : it's my damn fucking car

He sighs shaking his head

Khaya : no wonder Thembi doesn't come this side , she can't deal with this man you are . I wonder how she even.... Me : see me giving a fuck ! And that's why she's leaving ?

He pops his eyes

Khaya : Velile said you're....

I give him an eye , he keeps quite

Khaya : okay , so where are you coming from anyways ?

Because you came that way, and you were supposed to come this way

Me : what are you ? I'm here aren't I ? So what does it matter which way I came from

Khaya : it's just ....

Me : shut up , l've talked a lot

# He sighs leaning back on his chair

### \*A WEEK LATER\*

\*Reatile\*

I count the last R100 notes , and the few R50 . I place them down

I sigh , rubbing my eyes . It's not bad

But knowing I have to send money home , I will be left with absolutely nothing for myself after deductions and all

Swazi : this overworking yourself , cannot be good for ones health at all . How do you even manage at school ?

### I look at her and smile

Swazi : at least tell me you're resting today

l wish

Me : I....I just need to shut my eye for an hour or so before my shift I don't know , if I should be happy that I don't have to go out there to find clients or what

I get called , and I know I just have to show up

So maybe not even a pimp or whatever, works better for me. Cause I work at my pace

I take R650 and hand it to her

Me : my share for groceries , I know it's short . I'll try and patch up during the month , I have to cover rent or I'll be put out this month

She sighs

Swazi : let me cover groceries this month , don't worry about it keep this Me : that would be fine , if I knew I would be able to cover for it next month

Swazi : come on ! It's only this month , why worry about the next ? I know you're good for it

I laugh , knowing she's just being nice and all . And maybe taking pity , knowing my

## struggles when it comes to finances

Me : thanks

She nods

Swazi : you rest

I put all the money in the envelope

### Me : please lock when you leave

Swazi : no , I'm going to bury myself in books . I have assignments coming

Me : have fun

I wish I was studying too

I lay on the bed , closing my eyes .

### I have a bad pounding headache, I just hope sleep finds me

\*Nomaswazi\*

# My phone rings , I smile picking it up

Me : babe

### Mpho : where are you ?

Me : in my room

He sighs

Me : Rea is asleep what do you want ?

Mpho: I want to see you

Me : okay I'll come over

Mpho : you're not busy ?

I look over at Rea , she's asleep now And I know she won't be up for a while

Me : no

I'll study when I get back

Mpho : okay , I'm leaving campus I'll find you there

Me : okay cool

Mpho : please cook , I love you

He drops the call laughing , knowing very well I am going to complain about the cooking part

But he works very hard , so I understand he's hungry and he's been at campus like the whole of today So he didn't get a break

Just like Rea , he's holding a piece job

I get up , packing my books . Hopefully I don't sleep over at his place , so I can study when I get back

### She opens the door and walks in

I watch in anticipation as her heels make the clicking sound

Until she stands still in front of my desk

Sofia : you got the deal

She places the file in front of me on the desk

Me : I know

She smiles

Sofia : of course you know , why wouldn't you ?

I chuckle

Sofia : now I know for a fact that you missed that meeting ,

because you were driving off to some strange place

Me:wasl?

Sofia : oh I remember very well, beats me how you secured the deal really

I chuckle with a nod

Sofia : but then again , the most interesting thing here is that for the past week you have been driving through that same road everyday

Me : why are you on my trails again ?

She laughs

Sofia : it's my job , you actually pay me to know where you are at all times

I sigh shaking my head

Sofia : so is there any problems at the college ?

She sighs

Sofia : don't tell me they want more money

Me : no they don't , not that I mind funding the college you know that . And it keeps my image good , so the more money they need I look good

Sofia : yeah I know , but the real reason you've been driving there is ?

Me : I met this girl at the mall and.....

Sofia : and you're not going there

Me : too late

She sighs

## Sofia : why must you be this difficult ?

Me : Do you think I like to ?

Sofia : what's her story ?

l shrug

Because I haven't even exchanged any words with her since that day at the mall Me : I've just been checking her out , nothing insane or intense like that

Sofia : you want her ?

I keep quite

Sofia : think she would be able to handle you ?

### Me : I don't need to be handled

Sofia : you know what I mean

She pulls the opposite chair and sits down , her eyes fixated on me

Sofia : is this one of those or what ?

It's probably not

Because if it was , I would have long approached her from that mall time

But I haven't

Yet the past week , I've been going to the college

And I've seen her like four times

And in all those times , she was alone

I could have approached her , but I didn't

Me : what else could it be ?

She sighs in relief

Sofia : good , because being attached it's just troubles . And

now I remember why I don't like men , why I will never get married or be committed to one . It's because of men like yourself

I chuckle

Sofia : stop going there , I will check her out for you and I'll tell you what's what . You just need to show me her once Me : I don't need....

Sofia : I know , but I value what you have incase you don't . So I'm helping you out here , and you have a reputation to protect . Besides that , you know I always deal with this . What's different about her ?

I sigh leaning back

## I don't want to do any of this , but I know she thinks she knows better

And I don't want her on my case , so it's best I let her be

\*Reatile\*

### He opens the door, I get in

He looks at me with a seductive smile

Placing his hand on my thigh, that's almost all exposed

Alex : you look beautiful tonight

I force a smile

Me : thank you

Alex : shall we go ?

Me : please

He nods , taking my hand placing a kiss on top of it

He drives off

Alex : it's been a long week , l've been missing you

Me : really ?

Alex : you know you're my best, it sucks when I'm not in town. I even panic when I think, of some random guy just having you

He shakes his head

Alex : can't we work out a deal ?

Me : I don't do those and you know

#### He sighs

## Alex : fine , but we'll have to not use a condom tonight

I look at him

Alex : I missed you really so.....

Me : so , no condom no night with me . Drop me off here Alex : what ?

Me : don't what me , you think I'm going to put myself at risk just for a few thousands you must be crazy. And I'm not kidding with you Alex , drop me off here now ! What nonsense is this you're talking about now ? You know how I work , if you can't take that ...leave

I scream my lungs out at him , he stops the car abruptly on the side of the road

Me : don't call me ever again , go find yourself another whore who will handle you without a condom

Alex : come on ! You don't have to back out now , just because of that . We can always use that condom , and I'll pay you triple Me : you think I'm stupid ? I know how you guys are , next thing you'll drug me so you can have your way with me

I grab my bag

Me : I hope we understood each other , don't be a pest

I open the door getting out

## And I shiver like hell as the cold breeze hits my barely covered skin

\*INSERT 02\*

#### \*Reatile\*

Swazi : here

### I take the cup from her , rubbing my nose

Me : thanks

She nods

## Swazi : what happened last night ?

l sigh

Me : date bailed on me

Swazi : what ?

I nod taking a few sips of the ginger tea

I gathered some cold last night

And I'm not feeling my best this morning

I had to walk back for like 15 minutes

And it was cold

But I had no choice but to walk back Swazi : men are evil , you should just dump Alex

Me : I know right

She laughs shaking her head

I had to lie , because at one point she saw him calling and questioned me about it So I made the boyfriend story

Swazi : you should have called me , I would have come with a blanket or something

I chuckle

Me : doesn't matter babe , I'll sleep this one off and I'll be fine . I have class around 12 , I'll probably even steam

## Swazi : well , l'm leaving in a few minutes

Me : mhm-mhm , thank you for this

Swazi : you're welcome , have a cup before you leave

Me : right

My phone rings , I sigh in relief seeing it's not Alex just a number I don't know

He has a tendency to call me , unless he's using another number now

Me : hello ?

Voice : you're speaking to....uhm...

## He clears his throat , like he's trying to come up with a fake name

I guess we don't know each other

Me : don't tell me

He sighs in relief

Him : are you available today ?

I could use the rest , but then I need the money

Every little bit I make counts , I do this even when I don't want

Me : around ?

Him : possibly in the afternoon ?

#### Me : after 14:00

Him : it's perfect , should I send a driver or ....

Me : give me a location

Him : alright , the grand hotel room 407

Me : okay

Him : I'll make the deposit right away , on this number right ?

Me: yeah

Him : alright

I drop the call , and after a few seconds the money comes in . It doesn't even make me happy

I don't know if there's anyone on this earth , who does something so effortlessly that they hate themselves to the core for it

I've just gone way too deep , that I don't even cry after like I used to before

Even though the emotions are still there , I wonder what's my

### mother saying watching over me

And seeing the kind of life that I lead today ?

Just to take care of a man, who took our money and cared for another man's kids. And today, they don't care about him

Swazi : l'm gone

I look at her , trying to blink my tears off

Swazi : I'll be late , Mpho is off so he's going to take me out on a date

I smile

Me : enjoy , and be safe

I look down quickly, so she doesn't see how I am

She walks out , I let the tears out

Just wondering when will I get my break ?

Will I ever even get it ? Like will I know the peace I long for ? Will I ever have a life outside being a struggling student, and selling myself?

I have been doing this for 4 months , yet it feels like I've been doing it for my whole entire life

One night of desperation was supposed to be just a once off

Just a once off so I could send money home , and pay for my father's medication and to buy the kind of food he's required to eat

But that , was the beginning of my problems and this life I lead today

Selling myself to men for sex in exchange for money

It wasn't supposed to be like this , I got the first guy and I was supposed to be done

But I got the 2<sup>nd</sup> and the 3<sup>rd</sup>, and well here I am today

I don't even want to keep a record , I'll just hate myself more than I already do I hate this !

I'm damn good at hiding it , not even Swazi knows what I do

I mean , the girl is a good person . She comes from a very good home

I wouldn't want her knowing such despicable things about me

### \*Monde\*

### Velile : you don't sound good

I chuckle

Me : why do you feel the need to check up on me ?

Velile : Khaya and Nkazi won't do it , so someone has to do it

I chuckle

# Me : I'm good , don't worry . I'll come to Joburg soon

Velile : hopefully we'll get to see you

Me: yeah

Velile : I see business is good , saw in the news you scored a 12 million deal

#### Me : nothing ever misses you

Velile : well done little brother

Me : don't push it , bye

I drop the call

Sofia walks in , and I don't like the smile on her face .

#### lts just a turn off

Sofia : you will be pleased to know , that she's a no go area . I've been watching her the past two days

She pulls a chair and sits down

Sofia : you're a man with many things I know , strange things to even say the least . But she's definitely not who you want, not even for a night . So you better go find another girl to please you

Me : you were against this , from the beginning

She smiles , leaning forward folding her hands on the desk still smiling Sofia : I followed her , and after her 12:00 class today , it was round about 14:00 she headed for the grand hotel

Me : am I supposed to be questioning you like a child ? I mean is there something you want to tell me ?

I'm already annoyed just hearing this

# Because it could mean there's a man

Sofia : no , but the girl is an escort . She went there to meet a client

I look at her

I just feel my blood boiling , and she's not lying

I know her very well , I would know if she's lying

Sofia : you don't want to keep her , not even for a day . She's a no go area , and I hope you stop this stalking business you're doing

She gets up

Sofia : even you have standards , and she's so below those

She walks out

I clench my jaws , just feeling anger arise in me

\*Reatile\*

He slowly sits up, looking at me

### I pick up my top putting it on

## I sit down on the couch putting on my sneakers

Pule : you....can I see you again?

I chuckle

He finally told me his name , as he got more comfortable and all

Me : I haven't even left

Pule : I....I know , it's just...

He sighs

Me : don't worry , it does get a bit awkward first time

Pule : but I would really like to see you again

Me : you will call me

#### Pule : I'm in town for this month

Me : well then , I'm in town this month as every other month

He slightly laughs

Pule : today was really great

Me : I'm glad

l get up

Pule : uhm let's.....

The door just burst open , and I'm stunned seeing this guy here

I would never forget his face

Pule : what's.....what's this ? Who...are you ? He looks at me , and his calm face says he's pissed like very pissed

I grab my bag

If this is their business , I don't wanna be a part of it

Him : go get in the car now !

Wait....he's saying that to me

Me : what ?

I ask with a slight laugh

I didn't intend to , but like who does he think he is ?

And why would I go wait in his car ?

I don't even know him , so exactly what's his deal ? And why did he just bust the door ?

Him : do I look like I'm joking to you ?

I shake my head , shutting my mouth

Pule : Rea you know this man ?

Why is he questioning me like he knows me now ?

Me : no....no I don't

Why am I answering him ?

Of course he's my client , and there's a possibility that he might be a regular And now he will think my clients , harass other clients

Which would be insane

Because I don't know this one

And I'm very certain of that

Him : he knows your name ! Why does he know your name ? Like why is he getting more angry ?

Me : he doesn't , my name is Reatile.....well technically I'm not just Rea so he doesn't know my name

He frowns

Him : what do you want to see happening here ? The more I

look at him and I look at you I'm just pissed . Go get in the car , or I kill him then that will get you going

What the hell ?

\*INSERT 03\*

#### \*Reatile\*

Me : okay , I don't know who you think you are . Coming here dictating to me, like kill him for what ? If anything you're the one who will walk out of here, because this has nothing to do with you . Unless you're here for a threesome, pay your fee. Like what's with the tantrums? I don't even know you

The disgust on his face

And lord knows I hate those , but I just said to annoy him and seems like it worked

Like who does he think he is ?

It's when I hear Pule scream , I turn my eyes and I see the guy holding the gun He looks at me right in the eye as he shoots , and it's a silencer

There's blood everywhere on the sheets

I have my hands covering my ears , I swear I'm screaming my lungs out

As tears stream down my face

But as I realise , he has his one hand on my mouth

So that scream wasn't even heard

Him : let's go

He just shot a man dead , on the bed . And he thinks I'm going anywhere with him Him : I'm not playing with you , I'll carry you out of here .

I'm shaking , and tearing up

That poor man is dead , he's dead and for nothing

He turns to the door , sliding his gun back to his back

He looks at me once , and I don't wanna be told twice

I follow suit , if he kills me what's going to become of my father ?

I shake my head , as more tears just come down

And I feel my head Pounding , like it'll burst or break into half I keep wiping my tears off , maybe now I can scream and people will help me

But something is telling me I should just keep my mouth shut if I want to live

Before I get more other people in trouble , or killed like for no reason at all We finally get outside , and I spot the same jaguar he was driving from that day at the mall

I guess he knew I would see it , that's why he kept saying I should go get in the car

He opens the door for me

Me : please don't....

#### Him : get in the car

I'm trembling with fear as I get in the car

He gets on his side and drives off

I'm even scared to look at him, or even say anything. What if he turns and kills me ? I am not ready to die

At one point , I just have my head faced down and I'm crying

Him : do you have a boyfriend ?

What the hell ?

I just keep quite , wiping my tears

He thinks I have time to answer him , about having a boyfriend or not

After what just happened

Him : well if you do , you better dump him

That's a command

It's after a while he drives into an estate , I see we're in a certain part of Centurion in Pretoria

It's beautiful I won't lie

But I wonder what's going on , and what am I doing here

He gets out , and opens the door for me

## I get out following him inside the house

My eyes can't help but dart around

Him : come

He says heading up the stairs , and I follow him Until he gets into a room , looks like the master's bedroom

Him : go in there take a shower , and fucking scrub him off of you

I stand still on my tracks

He walks closer grabbing my bag , I let out a slight scream

## He's not even fazed , he just looks at me

And he throws the contents of the bag on the bed , like just emptying the bag

It's just lip gloss, my phone that's probably dead right now. My purse, and just my bank cards And of course condoms

He takes them , and clicks his tongue throwing the condoms in the bin

Him : do you have a problem with understanding ?

I shake my head no

Him : I said go take a shower

Okay !

I see the bathroom door , I head there getting in

I see the shower , and the bathtub

I take my clothes off , and walk in the shower . I open the water at room temperature

#### As soon as the water runs, I cry

I cry that I end up sitting flat out on the floor

I even feel like my chest is closing up

I saw a man getting killed , and we left him there all alone and dead . Like without calling for any help or anything

And I'm here with this man , I don't even know what he wants from me

What if he's kidnapped me? But how cause I came here with him , what's wrong with me? My mind runs wild with scenarios , that I end up even feeling numb

I get up and start scrubbing , at some point my skin feels like it's on fire

I finally rinse , and grab a towel on the rail

I see my clothes are not where I left them

I just dry my feet so they don't make a mess

I walk in the bedroom , and his back is turned on me

Me : I....

Him : use my things to lotion , I'll get you toiletries soon

Me : my clothes

Him : wear what's on the bed

Those must be his , sweatpants and a t-shirt with a hoodie

I go back to dry myself and I lotion I put on his clothes , seeing he also put on his briefs . And they're a bit bigger

Him : who do you stay with ?

Me : a....you want to kill them too ?

He turns , and I take a few steps back

Him : stop with this nonsense of being scared of me , who do you stay with ?

I saw him kill a man , and he thinks I won't be scared of him

Me : uhm....a friend

He reaches in his pocket , and I'm already fearing for my life

# He holds a phone out , his I believe

Him : call her , tell her she shouldn't expect you back tonight or any other time soon

Seeing I don't take the phone , he places it on the bed Him : you better get on with it , in 25 seconds that phone will close and you won't be able to use it again

He walks out , closing the door slightly

I reach for the phone , and slide up it opens . I sigh in relief Me : God please save me , I know I don't pray . I....please don't let me die .....please

I wipe the tear that falls off

What will I even say to Swazi ?

\*Monde\*

### I lost it there , I can admit

I got too upset , and I just couldn't contain myself . Just the thought of her and that man there

Then getting there and seeing them

I fucken lost it , and I feel bad that she had to see all of that . I can't shake how she cried and terrified she looked

### I take my phone making a call

Sofia : yes

Me : I'm dealing with a situation , I'll be held off from coming to the office for work

Sofia : how intense ?

Me : nothing to concern yourself with , I'll pop in just for a bit

Sofia : okay , your guy made his deliveries . We're good there

Me : okay , make sure there's enough product for the Columbians in a week

I drop the call

I walk back in the bedroom , she's sitting on the bed her legs folded one under the other

She has her head bowed down , and the hoodie hat is covering her head

Her body slightly shaking

Me : here is food

## She lifts her head , and her eyes are blood shot red

Me : I'm sorry I shot him in front of you like that

She blinks a few times

Rea : why did you ?

Her voice is strained

I place the tray on the night stand , sitting down on the bed

Me : I was just angry looking at him , knowing that he was on that bed naked like that because he was sleeping with you

She shakes her head

Me : don't cry again please , l'm sorry

Rea : you shot a man , and you took me by force here why ?

Me: I want you

I heave a sigh

Rea : what ?

She wipes her tears , and there's a bit of shock on her face . I mean I get why , I'm sounding insane right now

Rea : you want me ? Then why don't you pay and....

Me : don't say that , I don't want to fuck you . I want you to stop .....

I shake my head , just seeing the look on her face

She will take offence when I say that

Rea : I don't like sleeping with men for money , I don't want to . But unfortunately for me , I don't have a choice . Don't even tell me there's always a choice , because I'm stuck putting myself through college without

any financial aid . I have to take care of my father who is sick back home, because his wife and her kids are not taking on that burden . I tried okay ! I tried finding a job, anything I would do and it would have paid the bills . But I didn't find anything, I have nothing to fall back on . So I have to do what I have to do, either that or I crumble and let this poverty swallow me

She wipes her tears , placing her hands on her face folded into fists

I pull her over to me , hugging her so tight . She flinches at first , as if I'm going to hurt her

Me : then let me take care of you , and you stop doing this . That's all I'm asking

## She shakes her head against my chest

And let's out a loud cry

Me : I will keep killing these men you sleep with

She tries pulling back , but I hold her still

Rea : what do you want ?

Me : I told you , I want you

Rea : if you want to be my only client then....I can't make you a deal , what will happen when you change ? I can't...

Me : I don't want to be your client , like what so hard about understanding what I said ?

### Rea : then....what do you mean ?

I heave a sigh moving back , she wipes her tears I look at her placing my hands on her thighs

I look into her eyes

Me : I want you to be my girlfriend

She laughs a bit , I'm guessing I'm the idiot right now

But she stops laughing as she sees I'm serious

Rea : what ?

Me : I will do everything and anything you want , you'll never lack for anything ever again . And I'm not buying your love , but a man takes care of his woman . I loved you the first time I saw you at the mall , and I spent the whole week going to the college just so I can see you

She sighs

Me : just give me a chance , that's all I'm asking for . A chance and nothing else Rea : how can....how can you love a woman that's....

Me : you're not , so don't say that

Rea : but you know my past , I don't want you to end up controlling me using your money over me . And you seem like a man with power , you will

### end up using my past against me

Me : I will never do that , I know right now I have nothing to assure you with . I can only give you my word , trust that

Rea : no

l sigh

Rea : it won't work ....no !

She moves back leaning against the headboard

Rea : there's no man that can want to be with a woman like me , especially knowing what you know . So , I don't know what's really your plan . Because what you're telling me right now can't be it

#### I get up from the bed

Maybe I should give her time and space , because even my approach is just off

Me : okay , did you make that call ?

She shakes her head

Me : give me my phone I need to make a call

She pulls it out and hands it to me

### \*Reatile\*

### I barely slept a wink

Not only thinking about what happened yesterday at the hotel

But also what he said to me, wanting me to be his girlfriend Honestly , at some point I could see myself leaving this miserable life

But then I remembered , life is no one's pedestal

Ain't no such thing that he would want me to be his girlfriend . Knowing that I slept with men for money What man wants a girlfriend who used to sell her body to other men ?

I know that if I was a man myself, I wouldn't

Trust me , it doesn't make him any different . There's no way there can be a relationship between us He's trying to sell me a dream , a dream that one day I will wake up from

And realise it was nothing but just a dream

He will throw that in my face

And the man seems like he's a man with power

He commands , and carries an aura

So I believe he believes he can get anything and everything he wants

It's enticing and attractive in a way, he's just like some mystery of a man

And I don't want to believe , he doesn't have a decent woman

Because I know , I am not . I'm far from being a woman a man like that would want to be with

I don't know what's this , or what he thinks he's doing

But I hope he gets over it , and like very soon

He walks in , I woke up all alone in bed

I don't know if he slept in here or what

He's already dressed in a suit

Him : good morning

Inod

Even though I don't get or understand what's good about it

Him : I guess it's not a very good one for you

Definitely it's not , and at least he gets that

Me : you kidnapped me

### Him : I took you , there's a difference

Me : against my will

Him : so what do you want to do about that ?

Me : I'm going to report you

He chuckles

Him : get up , take a shower and go have breakfast

Me : you think I'm joking ? You won't keep me here forever

Him : okay

He sits down on the bed , taking out his phone . He fiddles with it for a bit

## I don't know what he did with mine

Cause I haven't seen it

Him : call the cops and report me

Is he crazy ?

I just stare at him

It's very hard to do something, when sometimes dares you with a mock to do it

Him : okay , I'll dial them for you

He fiddles with his phone , and it rings on speaker phone

Voice : Centurion police station department how can we help you ?

#### He shrugs at me

I grab the phone dropping the call

Him : mhm , let's stop acting on each other . You're not leaving this house , until me and you have an understanding with each other . For now , you're still angry and all . So I'll give you the time and space you want , but you'll stay here

Me : my friend will be worried when she sees I'm not coming back , she will call the police

Him : the same police you couldn't talk to ?

l sigh

## Him : I told you to call your friend

He opens his phone placing it in front of me

Him : I'll be back for that phone in 5 minutes

Me : what's your name ?

He looks at me with a side smile

Him : husband

l frown

Me : like for real

Him : yes like for real it's husband to you

He gets up and goes out

Me : stupid !

I grab it putting Swazi's number in , I dial her it rings for a while before she answers

Swazi : hello ?

Me : it's me

She sighs

Swazi : Rea where are you ?

Me : l'm....l'm okay don't worry , l'll come back soon

Why can't I just tell her the truth ?

But what if he's listening or maybe watching , like even this place just seems beautiful yes but it's creepy Won't I be getting Swazi in trouble for knowing the truth ?

There's already Pule who's dead , I can't afford to have Swazi follow and suffer the same fate . I'll never forgive myself

Swazi : okay , but where are you ? Like you missed your morning class

#### And then there's also that

But I'm sure that man doesn't even care that I'm missing out on college caged in his house

I need to get out of here

Me : I'm .....I'm with my boyfriend , and he wants me to spend the....the week with him

#### Another lie

Swazi : boyfriend ? I thought you and Alex broke up ?

Me : yeah , it's not...him , it's ..

What's his name again ?

Oh , I don't know . I asked and he just answered me nonsense

I quickly pull the Rolex watch on the night stand

Mhm ! The rich bastards , they always show off

Most would just engrave initials or something , but he has his name . Well I think it's his name

Me : it's Monde

She laughs

I find myself smiling , just because of her laugher . Even in my shitty situation

Swazi : I swear my friend I can never keep up with you , when do you even find the time to move on so fast from relationships ? Me : men are shit okay ! They don't deserve those tears , and weeks or months of heartbreak . I move , I can't waste my tears on those species

Swazi : lord ! Please let me meet Monde this time around , because I have got to see these kind of men you keep associating yourself with He walks back in and stares at me

He just has this deep intense stare , it's creepy

Me : mhm , I'll let you meet him

Swazi : as long as he's good for you

Me : don't worry , he's good

# Swazi : okay , love each other and please last this time

I laugh

Me : I'll get married this time don't you worry , waitsi o ta swaba (you'll get shame)

She laughs

## Swazi : come down on me it's all fine

Me : I have to go , we'll talk soon okay? And please do me a favour, there's about R5000 in an envelope in my wardrobe. Take half send home to my father if you still have his account number from last time, and then you can use the other half

Swazi : okay.... What happened because....

Me : don't worry about it

I got that R5000 from spending time with Pule , pity he's dead now

But at least he had already paid me

Swazi : okay babe

Me : bye

I drop the call deleting her number from his phone

I sigh rubbing my eyes

Him : Mrs Nkosi , can I have my phone back please ?

I look at him so annoyed , and I think for the first time since last night I see him amused

Him : what....you're getting married aren't you ?

Me : I wasn't talking about you

He chuckles taking his phone, his eyes not leaving me

#### Him : of course you weren't , it's not Alex it's Monde

Bloody prick !

Me : are you Monde ?

I'm asking for his name in a way

Him : Monde Nkosi

I give him a bored look

Monde : but it's husband to you , so don't you even dare call me Monde . I'm leaving , I'll be back in an hour or so

Me : you can't leave me here

Monde : I can and I am , you're going to think very hard about what I said to you . Because until then , you're going nowhere . Tell me you don't want me , and I'll let you go freely . But if there's even a slight chance you think you might like and actually love me , then think some more .

He turns walking out

Me : I want my phone back

I shout

Monde : you're not getting it back , you'll get a new phone . I don't want those men calling you again

He says peeking through the door , and leaves

Me : it's my damn phone

# No answer back , I guess he's really gone

Me : Argh nxn !

#### Me : what ?

### Mpho : what has you smiling like this so early in the morning ?

l laugh

Me : I'm sleeping next to you

He chuckles

Mpho : I know that's not it , I was with you last night . But you were busy worried about your friend

Me : well that was her , she's fine and with her boyfriend

Mpho : that white boy ?

#### Me : no , she says she's with Monde now

He frowns

Me : what ? Don't even call her name's

He laughs

Mpho : I won't , when relationships don't work people move

Me : mhm , that's my friend

Mpho : do you know this Monde ?

Me : no , I'm hoping I'll get to meet him

Mpho : okay

# He nods , I place my phone down

\*Monde\*

•

#### Me : Robert

He looks at me

Me : I have a guest , I have to leave now . I'm not sure how long I'll be gone for , make sure she's taken care of and that she eats . Let her outside around the estate if she wants , and she can do whatever she wants in the house . If she wants to leave , get security to go with her . I don't want her going outside the estate on her own .

Robert : okay sir

I grab my car keys walking out

Sofia : what is this ?

She puts the paper in front of me

Her tone is off , she doesn't seem nor sound happy

I ignore that , and look at her

Me : listen , I need you to go do shopping . Women clothes , sizes 28 and small . Shoes size 3 , today would be great

Sofia : you killed this man didn't you ?

Me : what now ?

Sofia : I told you they were there , and he's found dead . In the very same hotel she was at , and I know his face cause I saw them with my own eyes

Me : watch your tone , and don't forget I'm not your friend . You don't tell me what to do , and I most certainly don't listen nor answer to you

She moves back

Sofia : I hope you know what you're doing , and that she's worth all of this

Me : okay well , now those clothes . Have them delivered to my house , enough changes for two weeks will do . And get a phone as well , the most expensive you can find and the latest

She shakes her head

Sofia : Monde what are you doing ?

Me : what ?

Sofia : this is more than just your one night stands , you've never brought them to your house . You've never bought them clothes , and you've never killed for them . Have you fallen for this girl ? Forgetting that you're a man with a family

l sigh

Me : let's not do this

Sofia : when this blows up in your face , remember that I warned you against this

I take my card out , she takes it and walks out

As she walks out Nkazimulo walks in , and he looks back at her closing the door Nkazi : your side kick is on a foul mood today

He laughs

Me : you know how she is

He pulls a chair and sits down

Nkazi : when did you get this side ?

Me : earlier on

Nkazi : going to see the family ?

I frown, he laughs

Nkazi : so there's no going back ?

I shake my head

Nkazi : have you told her ?

Me : no , I was talking to my lawyer he's speeding the process as fast as he can

Nkazi : this will give people heart attacks , especially Thembi . I don't get why you don't just tell her , even Khaya asked me about this . And he didn't hear from me , you best believe that Me : what's the point ? It's just long overdue , and I don't get why Velile is blabbering my business to everyone

Nkazi : there's a child , this is complicated . And we're your brothers not everyone

Me : why are you here again ?

He laughs

Nkazi : okay , sorry I'll let this matter go . When are you leaving ?

Me : in a few days

Nkazi : I'm coming to Pretoria with you

Me : alright

I don't want to get into an argument with him

I know he won't stay around for a long time , he'll be out of my hair in a few days

\*Nomaswazi\*

### Mpho : are you done ?

Me : almost

He sighs

#### Me : you offered

He laughs taking my hand

Mpho : yes , but now we're going to ever single store . Baby my feet hurt , and I'm tired . I'm never coming to the mall with you , like ever again

Me : l'm sorry

Mpho : what do you have to do left ?

Me : I have to go deposit this money to Rea's father

The look he gives me

llaugh

Mpho : this is a lot

Me : she asked me when she called yesterday , I was with you all day . I couldn't , I can't afford not to send the money . He needs it for his medication , I understand it's important

Mpho : okay fine I understand , how much are you depositing ?

Me: R2 500

He frowns

Mpho : babe , what exactly does your friend do ?

Me : what do you mean ?

Mpho : like the work she does

Come to think of it honestly , I don't know what she does

## I have never even seen her with any kind of a work uniform

Me : uhm....l'm not sure

He chuckles

Me : why are you asking ?

Mpho : just , I mean she seems to have money

I look at him

Me : there's no such , if only you know how much Rea struggles. It's really heartbreaking, cause she has to support her family back home. And sometimes, she even lacks on money to spend on herself. She pays her school fees, rent and contributes for groceries as well

Mpho : yet she sends home so much money

Me : babe....what are you trying to say ?

He chuckles

Mpho : nothing , let's go so we can get back . I have to rest , I'm working crazy hours this week . I'll probably see you less, so let's make the best of this time that we have together

Me : okay

We can continue walking , going to the bank

#### \*Monde\*

# Looking at the time , it's late now

I don't see if I'll be able to make it back to Pretoria

And now that Nkazimulo knows I'm this side

I might have to stick around a bit

My brother has a loud mouth , and I know he will tell the others The wives might ask Thembi if I'm home or not

And I don't need her interrogating me

So I'm forced to head there

I hope Rea will be okay , without me for a few days And maybe she can use the time to think things through

Because at this point , I don't want to walk away from her

Like I don't even know if I'll be able to walk away , if I were to even try to

I'm counting on a miracle here , just for a chance to be hers Crazy as the situation looks like , I want that girl

And way more than just a fuck , or a side thing

I am going to die in this house, like I can feel it

Like is that man even thinking about school ?

Like I have lectures to attend and all

Like what's going to happen with them , while I'm locked up in this beautiful house ?

Even in my anger I can still appreciate good taste

But this is nonsense !

I need to leave this place, maybe I can escape

I mean he has been gone since morning

And it's like late now , he was supposedly supposed to be back in an hour

Hours and hours have passed

I get off the bed , I'm still wearing his clothes even today

I walk out of the bedroom , and I thought maybe the door would be locked

I mean , I did fall asleep a while back .

And in that time , I don't know what happened

I just see tons and tons of corridors, and just passages

lt's like l'm lost

Me : what the .....

I sigh defeated

Like what kind of a house is this ?

I mean , I will probably get lost through these many passages and corridors

I don't even know which way to take going to the outside

Me : so I am really stuck here ?

I lean against the wall

# Closing my eyes for a brief moment

Voice : ma'am is everything okay ?

I scream opening my eyes, hearing the voice of a man

Him : I am sorry , I didn't mean to scare you

Me : uhm....!

I hold my chest nodding

Him : can I get you some water ?

Me : sorry ....you live here ?

Him : my name is Robert , I'm the caretaker of the house

Me : right ! Uhm....where is Monde ?

Robert : Mr Nkosi is held up , he tasked me to make sure you're well taken care of and that you're okay

Me : okay.... Robert right ?

He nods

Me : I'm not part of the house , so can you kindly let me go

Robert : unfortunately , Mr Nkosi said I cannot let you outside of the estate alone . So security has been tasked to take you anywhere you want to go , and they'll bring you back

Me : secu....you have got to be kidding me

So I can leave this place , but I have to be guarded by security ? Then how do I get away , if I'll be watched by men

Robert : it's just orders ma'am

Me : stop calling me ma'am !

Robert : apologies Mrs Nkosi

Me : oh morena ka , bana ba gao ! (My lord , your kids )

I am defeated right now

Robert : I will leave you , please let me know if you need anything

Me : a tour around this prison will do , you think you can do that ? He chuckles

Robert : this way

I follow suit , just looking around paying attention to detail

As we reach the areas exposing the outside , I swear this is fortress Doesn't look like I can be able to escape this place

Me : am I allowed to be out in the yard ?

Robert : you're not restricted to anything ma'am , it's just orders to have security outside the estate . But of course you can go outside

### Me : then please

He nods and leads the way, but as he opens the door

A whole out of a magazine model , is on the doorstep with two guys

Robert : Ms Sofia

She smiles

Sofia : Robert

She darts her eyes to me , and I'm asking myself what is Monde doing with me if he has such a woman ?

Sofia : please Robert give us a few seconds

He walks away

Sofia : hi , l'm Sofia

Me : Reatile

Sofia : mhm !

I hate her tone , and just the way she's making me feel by the way she's picking me with her eyes

# Even in a house like this , I'll still be looked down on

Sofia : we...here is clothes for you , and a phone . Please , don't be using it for things that have no business with you being in this house , at this moment . In other words , just keep the phone clean as possible The two guys move forward with the shopping bags

Sofia : just put them here so we can go

And they put them right in front of me

She sizes me up again with her eyes , before they turn walking away Voice : let me

I'm startled by his voice, as he takes the bags

Me : who is she ?

Robert : Ms Sofia is an acquaintance of Mr Nkosi

Acquaintance my left foot !

Thembi : hi

I place a peck on her cheek

She turns her face , giving me a kiss . I return it for a few minutes

Me : hey

Thembi : uhm....it's good to see you home . I didn't know you were coming back , this is a nice surprise

Me : last minute thing , I didn't know I'll be this side

She smiles , but quickly frowns

Me : what ?

Thembi : I don't want to rejoice , only to find out in two days you'll be gone again

I chuckle

Me : l'm here

Thembi : I'll see that , if a week can actually pass

Me : where is he ?

She smiles

Thembi : sleeping , he's a bit down . Took him to the doctor , but he said it's nothing

Me: I miss him so bad

Thembi : at least someone was missed between us

Me : don't be jealous , it's not necessary . You know I missed you too

She leans over , placing a kiss on the side of my face . Her hands grabbing on my arms

I move back , she looks at me slightly a bit sad

Me : it was a long drive

# Thembi : let me go fix you a bath , then you can see him and come eat

Me : thanks

She walks up , I take my phone out making a call

Sofia : Mr Nkosi

The drama of this woman !

I look back at the stairs , just to see if Thembi is not coming back

Me : did you manage to get the clothes ?

Sofia : yes

Me : that wasn't hard

Sofia : I just do what you pay me to do

Me : how is the Columbians product ?

Sofia : coming well , the girls are also ready to ship . They have their papers ready Me : good , I'm sticking around in Joburg for a bit . Don't come back this side , remain in Pretoria and see things are taken care of in the office

Sofia : alright

I drop the call

### \*A FEW DAYS LATER\*

### \*Reatile\*

# I don't know what this guy is trying to do

Or what point he's trying to prove

It's been days , and I'm left in his house like this

I feel like some kind of a criminal in a way

Honestly I feel confined in here

It's like I'm being punished for my deeds , and being deprived of the freedom to just be I don't understand how his mind works , like how can he leave me like this ?

My life is basically just on a stand still , all because of him . And he's probably going about with his life out there

I'm worried because of my father

I don't know if he's okay or what

If he has his medication enough or what

I could call them back home , cause I do have the new phone

But a part of me is scared , what if I call them and he finds out and he kills me ? I saw this guy kill a man

I don't get how I'll be okay, thinking he can spare me

Especially when he has me locked in his house like this

It gets boring having to only go outside, walk around the estate And you're just confined in here

There's no chance of an escape even, the walls are like high up

I didn't even know they had such places in Pretoria

A knock comes at the door

And I know it's Robert

He can knock and move away , I don't want to talk to him

I don't want to see him , I just want to be left alone

I don't feel okay at all today

This reality of me being here , is really sinking in . And it's just dawning in on me

And wether I like it or not , I'm stuck here

I have college to attend , I haven't gone there in days

What's going to happen to me if they kick me out ?

Like that's my one chance of making it out as someone in this life

# At this point prayer doesn't even work for me

I long ruled that one out

I just feel like when I pray , that's the more things go sour

So I won't even try it right now

### \*Monde\*

# Me : is she still okay ?

He sighs , and that's just a bother for me

She's been there for days without me

Thembi is happy I'm home , but I don't even want to be here

I know though leaving will just mean her nagging me

Me : Robert !

I close the sliding door to the bedroom

Robert : I don't think she's okay sir

Me : and what makes you think that ?

Robert : she has been in your room the whole day , she didn't come out I called her three times . She's locked herself , and hasn't eaten anything the whole of today

l sigh

Me : thanks

I drop the call

Me : fuck !

I dial her number , it rings unanswered . I call again , and after a while she answers

But I'm welcomed by sniffs

It's like middle of the night , and she's not asleep but she's crying

My heart sinks

Me : MaNkosi....

I take a deep breath

Me : can you not do that , Robert tells me you didn't eat today ?

Rea : what do you care ? You locked me up in your house

Monde, took me away from my life . And now I'm stuck here like some prisoner, so that's exactly how I will live . Because I didn't say I want to be here, yet you expect me to go crazy over your lavish lifestyle . And just be happy I'm allowed to be anywhere inside the house, and outside to face your crazy walls. You wanted a prisoner, you got yourself one . I hate you ! You're ruining my life , I have

missed college for days all thanks to you, but of course you don't care. My father is sick, he could be dead for all we know right now and I don't know. Because I haven't talked to anyone home in days, you're a horrible person and I hate you . Why are you doing this to me?

She bursts into a cry , dropping the call !

I close my eyes for a brief moment taking a deep breath

I open the sliding door walking back in the bedroom

And Thembi is still asleep

I walk in the bathroom taking a quick shower , I can't arrive in Pretoria smelling of another woman I'm dressed and leaving the bedroom in like a few minutes, the shower woke me up

I go into the nursery , and he's also asleep

Me : I love you

I place a kiss on his forehead , covering him with his blanket

I walk out , heading outside . Getting into my car , and I drive out heading to Pretoria

I'll just speed up , and cover the drive

I left unexpected , it wasn't my intention to leave her alone for that long Especially in that manner

After the long drive , I finally arrive

Parking my car, I walk inside. And it's quite, so everyone is gone to their quarters

I head to the bedroom , and the door is locked I use my key to open

She's in bed , I can't tell if she's asleep now or still awake

I take my clothes off , leaving just my briefs on

I get in bed , bringing her closer to me

Me : l'm sorry

She moves , I guess she's still awake

Me : I am really sorry

Rea : no you're not , you clearly don't care about anyone just yourself . You're ruining my life right now

Me : can you give me a chance to make it right ?

#### Rea : I want....please let me go !

She starts tearing up again

Me : okay , but are you giving us a chance or what ?

Rea : I told you that won't work , please just stop this.....stop this and let me go home Me : you're judging me on something I haven't done already

Rea : you're unhinged , I don't understand how do you think I'll be comfortable being with you . You killed a man in front of me , and you can't possibly say you'll be comfortable being with me knowing what I did for money . That's just insane Me : yeah and I'm sorry that you had to see that

Rea : so you're not sorry that you killed him ?

Me : no , l'm sorry you saw it

She sighs

Rea : then how many more men are you going to kill ? What happens when we meet one who I used to deal with , and maybe they say something to me or rubs you off the wrong way . Will you kill him too ?

Me : probably yes

She shakes her head

Me : but all that , doesn't have to be a reason for you not to

give us a chance . I fucked up on the college part , and your father I didn't think it was that serious . But you have a phone Mrs Nkosi , I don't understand why you didn't call them home

Rea : I was scared that you'd punish me for that

Me : my punishment to you , would come in other forms . And best believe , until you give me a chance we're not there yet

I cuddle her into my arms , giving her a kiss on the forehead

Me : please give me a chance , if I fuck up I'll fuck up on my own and you'll leave me . I did what I did , because I want you She lifts her head slowly and looks at me , putting the lamp on her side on

Me : don't just assume that I'll fuck you up , just because you don't think no man is capable of loving you . You saw me kill a man , do you think after that there's a chance any woman will be with me if she saw that ? She slightly laughs , and it's the most beautiful sound ever

Rea : but you're expecting me to be with you

Me : I'm asking , and I'm trying to make a point across that everyone is fucked up in their own way . And so am I , so ain't no being that's a saint Rea : why couldn't you just approach me right ?

Me : I don't know

She shakes her head

Me : but we're here now

## \*INSERT 08\*

\*Monde\*

# Me: mhm?

She smiles

## I let out a chuckle

Rea : make me feel anyhow and I won't even hesitate , and I hope I'm not setting myself for heartbreak . I don't get how a man like yourself , doesn't have a woman

Me : yes , I fuck up and you can leave

She shakes her head slowly, I lean my face closer to hers

Watching intensely as she slowly closes her eyes

Biting her lower lip

I can't help but just picture her in all sorts and kinds

But mhm !

Still too early for that shit , and I might even make her run away . Because I know most women don't stand for that

I bite her lower lip , she parts her lips with a gasps

My one hand trailing to her thigh , and she's wearing a short She kisses me back , her one hand trailing to the back of my head

She pulls me in deeper

Moving her body slightly , and I can tell that she's a bit hesitant

I flip her over getting on top of her I pull out of the kiss , parting her legs getting in between them

My eyes gazed on hers

She runs her leg over mine

Me : you're mine

She smiles

I trail both my hands to her waist , pulling her shorts off

She just stares at me , uplifting her ass a bit . I grab her panty , sliding it down

She pulls her vest off , exposing her perky firm round twins

Her nipples are very much erect

I trail my hand from her lower stomach going up to her boobs

I pinch her nipple , she flinches letting out a moan of pain

Fuck !

Not tonight , can I just not blow this ?

Be gentle

I move back down , burying my face in between her thighs

My lips gracing her coochie , I fiddle with her lips with my tongue

I place my hands on her thighs , holding them tight

I suck and nibble on her clit

Her moans increase , she moves her feet and places them on my shoulders

Moving her lower waist , her hands grabbing on the sheet more like she's gripping on them

I let go of her thighs , taking my briefs off

# My dick is jerking off , throbbing like hell

Rea : use a condom

I knew that was coming , but it's not happening

Me : l've never brought a woman into my house

#### She sighs

#### Me : we'll get tested tomorrow

Rea : I am clean

Me : so am I

Rea : I don't know , you can't expect me to just take your word for it Me : but MaNkosi , I'm taking yours

Rea : I'm sure you understand why I know and I'm confident that I'm clean

I clench my jaws at that statement , because I don't want to take my mind and thoughts there I move up , rubbing myself on her before I slide in

Quite after a few times teasing her

I lay down , balancing myself so my weight doesn't fall on her

We lock eyes

Me : l'm serious , l am clean

She brings me down , coming in for a kiss

I thrust in deeper , she places her legs over me and ends up locking them on my back

Her hands all over my back , with her nails drilling me as she tightens I can only hope these damn things of hers , won't make me bleed

Not that I mind the pain or the scratches her nails will leave on my back

Her screams mixed with moans , grace my ear against her mouth She holds tight on me, as she orgasms

I move back a bit , bringing her one leg over my shoulder going in deeper with pounds

She frowns

And the expression just causes me to erupt

I cup both her boobs , leaning down sucking on her nipples

I trail to her neck slowly , sucking hard leaving wet kisses

The louder she gets with her moans , my hand goes to her neck

She grabs my arm on the wrist , tightening her grip I move back watching her , and it's a fucking sight

She tears up lifting her lower body, having another wave of orgasms

She turns her face , I'm quick to turn her straight with my hand that's grabbing on her neck She opens her bloodshot red eyes, as tears stream down the sides of her face

And her screams getting muffled up a bit by my hand , tightening on her throat

\*Reatile\*

Me : shit

I turn my head , looking clearly

It's just one love bite , but it's clearly visible

But as for these damn bruises, it'll take a while before they wear off

I feel him behind him

I left him in bed , I didn't even hear him open the bathroom door He hugs me from behind , leaning down placing pecks on my shoulder blades

I look at him through the mirror

Monde : good morning Mrs Nkosi

I smile

He lifts his head , and his eyes meet mine in the mirror

Monde : it's a beautiful day , waking up next to the most beautiful woman ever

I slightly laugh

Me : you don't say

Monde : I am telling you

Monde : are you okay ?

Me : are you into BDSM ?

He moves his face back , staring deep into my eyes

And his eyes darken with intense

Monde : was I too rough ?

## Just last night , I figured this man doesn't know how to make love

He fucks

He doesn't thrusts , he pounds

He knows no slow pace , he goes in deeper and harder

Monde : I'm sorry if I caused you pain

I turn my head so he can see

Me : I don't care about the love bite , see this ...

I point with my finger

He looks down

Me : it's your hand marks on my neck , I have the same mark on my arm

I turn and face him , hugging his waist

Me : are you ?

He lifts his eyes they meet mine , and there's just something dark there Me : only a man who's into BDSM or rough sex , can do this

He clears his throat

Monde : sorry it won't happen again

He places a peck on my cheek , and he pulls back walking out of the bathroom

### l sigh

I've never had that kind of sex , where I'm left with bruises and all that . But I've had enough sex to know

I walk back to the bedroom , and he's putting on sneakers talking on the phone Monde : yeah I hear you

He sounds annoyed

I'm thinking he'll pay me attention or say something , but he walks out

Me : great !

\*Monde\*

Thembi : are you serious right now ?

Worst call ever to get in the morning

# Especially after that conversation with Mrs Nkosi up there

That was intense

I couldn't even talk in the bedroom , because Mrs Nkosi is there in the bedroom

Me : what's with the noise ?

Thembi : all you could spare us was just a few days , not even a week !

Me : why are you shouting again ?

Thembi : don't start with me Monde , honestly if you knew you weren't going to stick around why did you come ? Me : Hey....hey.... you won't tell me shit about coming to my own house

Thembi : you left middle of the night , leaving me alone in bed . Like what nonsense is that ?

Me : the kind that makes you call me so early in the morning , not even giving me a chance to call you first and explain myself . Or why I left like that

Thembi : I don't....

Me : I have an incoming call

I drop the call

Me : fuck !

# As if I don't have enough to deal with

I didn't mean to hurt her like that

I know I wasn't gentle , but I didn't think it'll be like that

I honestly didn't want to drive her away on our first night I am such a fuck up !

My phone rings and it's Thembi , I decline it

Walking in the kitchen , I see Robert with the chef

They both turn greeting me , I just nod grabbing a bottle of water from the fridge Robert : the chef is done preparing the food , where would you and Mrs Nkosi like to eat ?

I chuckle

Me : ask Mrs Nkosi when she comes down Robert , I have a call to make

Robert : sir

I take my bottle of water , walking to my study I call Nkazimulo

Nkazi : it's still.....

Me : l'm back in Pretoria

Nkazi : wonders never cease to amaze me

I chuckle

Me : I had to rush back man like last night middle of the night

Nkazi : so when should I come ?

Me : I don't know , I was just telling you so you know I'm no longer that side

Nkazi : alright , l'll see you soon

## Me : sure , don't bring your brothers to my house

He laughs

Nkazi : I don't know about Velile , but Khaya might be keen he said he didn't stay long last time

Me : no don't

I drop the call , leaning back on the chair

How the fuck do I face her after that ?

And she didn't even shy away from asking

I'm in shit, if she says she's out that door

## \*Reatile\*

### He hasn't said anything to me

I asked Robert to call him so we can eat

And he hasn't laid his eyes on me

He hasn't said anything , I keep looking at him This is starting to become awkward now

Me : can I ask ?

He nods not even looking at me

Me : can you at least look at me ?

He takes a few seconds , like he's thinking about it

Me : as your girlfriend , you're not keeping me here right ? I'm getting to go back to my place

Only now he looks at me, and it's only for a brief moment

Because I can tell he's focusing his eyes somewhere else

Monde : yes

Me : okay....so I can leave today ?

Monde : why so soon ?

I chuckle, at least he's talking in a way and answering me

Me : when do you want me to leave ?

Monde : at least spend a week with me , let's get to know each other

That's very much needed

Me : but I have college , and I've missed days already

Monde : I'll drive you there today , then you can get what you missed . I'll help you catch up, I'll take you everyday when you have classes

I laugh , he looks at me

Me : all of that , just so I can spend a week here ?

Monde : yeah

So much drama

Me : wow okay ! So now I am allowed to go out on my own right ?

He sighs

Monde : don't say that , it's not like I held you captive and now I'm allowing you out into the wild but I want you tamed . I don't control you , I don't tell you what to do . I'm just your boyfriend

### I nod with a smile

Me : I understand , I'm sorry for saying the "allowed" word

He chuckles

Monde : it's fine

I look at him

Me : but I have to see my roommate , and get a few of my things

Monde : it's fine , we'll go after you're done getting what you need

I don't know , but maybe just maybe this boyfriend and girlfriend issue just might happen

#### He sighs

Monde : uhm....l'm sorry about....

He clears his throat , and I can tell it's about the bruises

Monde : I'll get you ointment for it , so it can fade quick

## Me : it's okay , don't worry about it

I don't know , but there's just something off about him

It's just the way he's moving his eyes

Monde : it won't happen again , I promise Why is he lying ?.

Making promises he knows well , he won't be able to keep

But I won't ask him that , we shall see next time if I won't be having any more bruises

#### \*Monde\*

# I wasn't expecting that talk during breakfast

So right now , I don't know what to make our situation

Or maybe she's just awaiting to see , how she'll be after next time

And she'll finally walk out

After dropping her at collage , I went on about my business

And got her the ointment , then we went to get tested . We're both clean

Now we're at the flats where she stays , I'm parked by the gate

I side eye her as she zips her jacket , and I know it's to hide the bruises Rea : you don't want to come with ?

Me : is your friend in there ?

She nods with a smile

Me : and you don't mind her seeing me ?

Rea : I don't mind that , if you're okay with that yourself

## I chuckle

## Me : okay , let's go

# She opens her door first , I get out

#### \*INSERT 10\*

\*Nomaswazi\*

Mpho : thanks

I take the plate from him , and place it on the small cupboard we have in here I'm glad he came this late , because I got a chance to study

I have been worried about Rea

As much as she said she's okay, and with her boyfriend

She hasn't been coming to college , and like for days now so that's a worry

And I know just how much she values her school work

So her absenteeism has me worried

Mpho: I should get going babe

l sigh

Me : I thought you were sleeping over ?

He smiles

Mpho : you know I'm doing.....

A knock comes at the door

Mpho : who are you expecting this late ?

Me : no one

I open the door , and let out a laugh seeing her

Me : at least you're still alive

She laughs

I make way for her

Rea : you seriously think I'm possibly dead ?

Me : well.....

# I'm shocked seeing the man who walks in after her

# I didn't see him as I was opening the door

No like !

My jaw is on the floor

I see his eyes trailing to Mpho, and I remember he's here

I look at him and he's on his feet , looking at thee Monde

Rea : sorry to just budge in , I just came to a few things I need for college . I should have called

Me : don't be silly....you still live here She smiles

Rea : this is my boyfriend Monde , and baby this is my friend and roommate Nomaswazi we call her Swazi and that's her boyfriend Mpho

I clear my throat

I didn't expect thee Monde Nkosi , I won't even call him a guy

He's a man

Monde : pleasure to meet you two

Mpho : likewise

l'm just dumbstruck

I could have never imagined that Rea is dating this man , like not even in a million years

Not only is he filthy rich , he's damn handsome

Monde Nkosi is the youngest south Africa man to make it to the list of Forbes magazine And that was like years ago , but even today he still makes it to Forbes each time a new list is out

It's like it's what he lives and breathes for

What he strives for

Mpho : babe please walk me out Rea : oh....you don't have to leave on our account , like I said I'm just here to get my things . And we're leaving , like we won't be long

Mpho : no it's okay , I was leaving . I have a shift this evening

Rea : alright

# Monde moves away from the door , Mpho goes out giving him a nod

I walk him out

Mpho : what the hell was that ?

l shrug

Me : I didn't know she's dating the man !

Mpho : the way she just said Monde , do think she knows who he is ?

Me : babe....who doesn't know Monde Nkosi ?

He sighs

Mpho : your friend better be careful

Me : careful of what ? His money and riches maybe ? Or maybe his handsomeness ?

Mpho : she should just know him better , and isn't the guy like 30 or something ? That's like 10 years older than your friend Me : babe that's their business , and I mean she didn't shy away from saying he's her boyfriend . So clearly he's not some blesser

Mpho : if you say so , just don't get attracted by such things . I don't want to end up , competing with the guy just to make you happy . Because next thing , your friend will be driving an expensive car . I don't wanna be expected to deliver such things , I'm a student and not a billionaire

I shake my head , he's just making a big deal out of this honestly

I know he's not that man , and so I will never compare our relationship with theirs . I mean that would just be stupidity And I mean honestly , if he really loves Rea enough then she will be the most spoiled girl ever

Some girls are lucky !

Like how do you even get a man like Monde Nkosi to even say hello to you ?

# Never mind being your boyfriend

\*Monde\*

•

•

#### Rea : what was that ?

I look at her

Me : what ?

Rea : that silly reaction Mpho gave you ?

That stupid boy

The second I was in the door he was on his feet , like had seen some ghost

He can be a fool at times

I had to shake my head , just to get him back in line

Me : I don't know what you're talking about , I didn't see anything

Rea : oh ...okay

She zips her bag , she didn't take a lot of things

And it's mainly things she needs for school

I'm just glad , she's going to be with me for a week . Like that's some time we need

The friend walks back , and it's clear unlike my woman she has a clue or an idea of who I am

I take my phone out , as they talk to each other

I send him a text message

"I hope you kept your mouth shut"

I delete the message after sending it , he better be smart like I know he is

Rea : I'll call , and thanks I'll call my father later on and hear how he's doing . I just hope all is well Swazi : and now , what are you doing about work ?

She looks at me , and I'm wondering if the friend knows what she has been doing as work

Rea : uhm....l'm kind of struggling to balance everything , l'm starting to be behind with college . So this was my last week at work

Swazi : oh

Rea : yeah , I'll see what to do though . Don't worry about rent and my share for groceries , I hope that 2.5K helped because I was short

The friend nods

#### Rea : okay , I'll see you

They briefly hug

She walks over , I take her bag as we walk out and heading outside the gate

#### \*Nomaswazi\*

That didn't take long

## So soon in a relationship with the billionaire

And she's quit her job , like it's clear he's the reason she's quit and not this she's struggling with work and school

I hope she never lives to regret this decision of hers , just because she's now dating a man with money

## Surely she's banking on his money , to cover everything else

Otherwise how would she cover expenses ?

Rea is always coughing money, everything to be done for her is money It's rent , food and toiletries . It's monthly school feels , because she doesn't have a bursary

It's sending money home , to support her family

It's clear she's going to lean on him for that financial support

The dinning room table is full of books

She's been up for hours

I had to get her to sleep , and that only took an hour

And then she was up

Me : you're going to wreck your brains

### She looks at me and smiles

#### Rea : I need to catch up

#### Me : take a break

I hold my hand out for her , she takes it getting up

I peck her lips

Me : I know how important it is for you to catch up , but don't bombard yourself like this . You need to rest

I lean in for a kiss , she kisses me back

Rea : I can take an hour I guess

Me : I said I'll help you

Rea : you seem like a very busy man

Me : I'll make time for you

Rea : are you going somewhere right now ?

Me : no , but I want you to go out and get pampered

She smiles

#### Rea : for what ?

Me : anything to get you away from the books

Rea : well , I won't say no to that . I need to get my hair done

And the hair seems and looks fine to me

#### But she can go get it done

Voice : l've been ....

We both turn looking at him

Nkazi : uhm....hi love birds

The fool !

What's with the love birds ?

Nkazi : Nkazimulo , his younger brother . The last born of the four

I chuckle

He holds his hand out , for a hand shake to her

They shake hands , he looks at me

## And I know he's about to spit nonsense out

Rea : Reatile

He smiles

Nkazi : his ....?

She looks at me a bit shy

Me : his wife , Mrs Nkosi to you

He slightly laughs

Nkazi : nice to meet you sisterin-law , I couldn't have chosen the best time to come visit

Me : don't overstay

He laughs

Me : go get ready , I'll take you to the salon

Rea : okay

I kiss the side of her head , she walks out going upstairs

Nkazi : she's beautiful

Me : I didn't say follow me back so soon

#### Nkazi : does she know ?

### l sigh

Me : no

Nkazi : are you going to tell her ?

Me : no , and keep your mouth shut

Nkazi : what's this ? Cause it doesn't seem nor looks like she's passing

Me : I can't have Sofia on my case , and you too so please

He shakes his head

Nkazi : I'm here for all this , so I'm not getting involved . Just

like how I still don't understand , that Thembi is fine with you without wearing a ring. Because there wouldn't be no woman getting closer to you, now it seems like you have moved on . You even have her in your house, and she's given our surname. That sounds serious

Me : I didn't sign no contract to wear a ring

Nkazi : like I said , I'm all for this

Me : good ! I'm going to take her to the salon , are you coming with or staying ?

Nkazi : I'm coming , and you'll get me a drink while we're at that . Seems like one has to visit frequently , things are happening here in Pretoria

## I chuckle, we pull chairs sitting down

# Monde dropped me off with his brother

And they left

He said I should let him know, when I'm almost done so they can come back for me I'm done getting my hair , I'm in love with it . I don't want to lie

And now I'm getting my nails done

I still loved the set I had , but I wanted a change

Just because it's not my money paying

### My phone rings , and it's Swazi

I answer , putting the phone on loud speaker

Me : babe

Swazi : thought you'll be drowning in books

I laugh

#### Me : I'm at the salon

Swazi : and I'm not invited

Well we do once in a while get our nails done together

But today, it's not my spoils

I couldn't say let her come as well Me : you know I'm poor as they come , Monde just treated me so I can get out of the house . I was buried in books

Swazi : and girl !

The exaggeration

I wonder what gossip is coming

Swazi : when you were telling me about your new man , you just said it's Monde like that name means absolutely nothing

Me : what ?

Swazi : come on ! Did you think I wouldn't believe you , or maybe I would snatch him from you ? If only she has the slightest idea , of what was happening when I told her about my so called ex and new boyfriend

Me : what are you talking about ?

Swazi : you're dating Monde Nkosi , not only is the man filthy rich but he has the looks . Now imagine the shock on my face , when he was standing at our door last night

I frown with a slight confusion

She's speaking like she knows him

Swazi : no lies , you have scored yourself there . And I don't blame you for not telling me , but we're friends I'll never do you bad . And I'm happy for you to be honest

I just feel like , the more I listen to her the more I'm just confused . Cause I have no idea what she's talking about

Me : okay yeah , I didn't think it was that important . But can I call you once I'm done ? Swazi : not a problem , I have to study anyways

Me: okay, bye

I drop the call

And I'm straight on Google trying to see if I can't find anything , like where would Swazi know Monde from ? And the shock as the results pop up

I tap on , and scroll down and bam ! His picture

Me : what the ....

I gasp in shock

Like this man is no ordinary man at all

Voice : like what rock do you live under that you have to Google your boyfriend ?

I lift my eyes , and it's the nail technician

I laugh embarrassed

Like what's wrong with me?

I have never heard of this man , like not even once

Her : it's cute though , and proves you're with him because of love not his status and money

Me : this is a shame

We laugh

Her : it's cute , at least there's hope that we woman can still love men without looking at who they are and what we can get from them

True but like what's wrong with me ?

Her : you clearly didn't see how the girls gasped when they saw you two walking in here Me : I just saw stares , but didn't think much about them . I mean , I thought they think I'm one of those who gets their men to go spend hours with them in salons

She laughs

Her : it was because of the man next to you

#### Wow !

Like he doesn't even act all that important to me

Like he's a man on Forbes , and definitely on the billionaires net worth

I'm stunned

I know Monde said I should call him when I'm done

But I don't know where they are

And I'm hungry

His brother just seems like he's a vibe

What if they go somewhere after picking me up ?

#### I want to eat

So I walked to the closest restaurant , so I can eat and then I'll call him

A waitress attends to me , I place my order

And then my phone rings , and it's him

Me : hello

Monde : is that how your answer my calls ? After calling me Monde , and I ignored that because you were angry

I laugh

Me : are....am I really supposed to say husband when I answer

# your calls ? Like you're serious about that

Monde : can we not fight ?

Me: Mphazima

He chuckles

Monde : I should punish you , for coming to my life this late l laugh

I googled his clan names , while I was busy stalking him

And there's nothing personal about him , just his businesses

Monde : are you done ?

Me: yes

Monde : okay , we're coming

Me : I'm... I'm getting something to eat so please come when I'm done

He sighs

Monde : where ?

Me : at Oceans

Monde : why didn't you tell me ? We could have come to eat with you

Me : it's loud where you're at , are you even anywhere near here ?.

Monde : mhm , we're at the club near the salon

Wow !

Who goes to a club broad midday like this ?.

Me : no it's okay , you'll come get me when l'm done

Monde : okay , I love you

I smile

Me : I love you

I drop the call

Voice : can I sit ?

I lift my eyes, and it's Mpho

Me:uhm....hi

He smiles

Mpho:hi

### Me : uhm yeah , you can sit

He sighs

Mpho: thanks

This is strange, because we've never conversed with each other We just talk , but always in passing

Mpho : please don't take what I'm about to say out of context

Me : you're worrying me

He chuckles

Mpho : uhm....l'm worried about you Me : what ?

Mpho : Rea , do you know who Monde Nkosi is ?

l sigh

Me : what....you and your girlfriend were talking about me ? Mpho : no , she doesn't even know I'm here

When people say such things , you ought to be prepared for anything

Me : okay and you know who Monde is ? So like I believe you're going to tell me who he is

Mpho : don't be fooled by the riches and all, best to know the devil behind the man. Because trust me, there's one. And you don't want find yourself trapped, with no way out. Stuck with someone you cannot control, and you find yourself in a world you don't know and don't understand at all

He gets up

Mpho : be safe , and make sure you know who this man is before you get in too deep

He turns walking away , I watch him until he's out of the door

And he passes Monde and Nkazi walking in , at the door

He has his head bowed down , as Monde looks at him I'm just left stunned asking myself, what the hell was that talk all about

They get to my table , and sit down . Monde sitting next to me

Monde : you okay ?

I fake smile nodding

He chuckles placing a kiss on my cheek , he can see right through my nodding lie

He takes my hand , looking at my nails

I don't know what I'm smiling for , but I find myself smiling

He side eyes me

## Nkazi : sawubona Makoti (hello daughter in-law)

l frown

He laughs

Nkazi : you better know how to speak isiZulu , because I can't bua with you . No matter how much I love you

### I laugh

Nkazi : I'll bite my tongue , so I can't do that . And I'm a Zulu man , I'm sure you understand . I pride myself in my language and my roots

Lord help us all

I look at her , and she's not reading

The book is reading her

Her mind is far away from this

I lean over closing the book , putting it besides her

She looks at me

#### Me : what's wrong ?

She sighs

Me : you were fine when I left you at the salon , what happened after that ?

Rea : uhm....I know this is new , and we don't even know each other that well Me : I'm Monde Nkosi , the second born of 4 boys . Velile , Khaya and Nkazimulo . Both parents decreased , I'm a business man and I'm 30

She laughs

Rea : come on

Me : what else Mrs Nkosi ?

# Rea : the business man , is that all that's there ?

Me : no

#### She looks at me intensely

Me : you saw me kill a man , and here I am . The whole thing has just gone off with air

# She tucks her hair behind her ear

Me : what did you hear ?

Rea : that , I should know the devil behind the man

Me : l'm no saint no

I turn facing her well

Me : I manufacturer and sell drugs

She pops her eyes

Me : that's not worse than killing

Rea : no....wait , so you're about to tell me right now that you're a drug dealer ? Me : that idiot who told you nonsense about me , is the drug dealer that I pay

She frowns

Me : all the companies I have , are not legit . They're all just a front for cleaning dirty money , the money I make from the drugs and counterfeits along with the heists

#### Rea : coun....what ?

Me : you wanted to know , and well that's the devil . I kill everything and everyone who stands in my way , like nothing and no one is an exception

She swallows quite a few times, like she's thinking hard Me : now do you want to walk out that door and never look back ?

She darts her eyes away from me

Me : is there danger around me ? Yes most definitely , but I will protect you . I'll lay my life down , before I let anything or anyone harm you . But your life is yours , and if you feel that you can't be with a man like me then I can't force you .

She looks at me , placing her hand on her cheek . Like she's in thought , or perhaps amazed

I chuckle , just the way she's looking at me

Me : what ?

Rea : is everything okay with you ?

I smile

Me : don't start with me , everything is perfectly fine with me

Rea : I feel like you need help , no one can do the things you do and be sane

### I lean over , brushing my lips over hers

She turns getting on top of me

I trail my hands to her wait , as she leans down and we kiss

My dick reacts , she deepens the kiss I get hot flushes , and she's not making me have it easy

I pull out of the kiss

Rea : what ?

I clear my throat

Me : I....I have a call to make , it slipped my mind

She sighs a bit disappointed , getting off me

Me : continue to study , and please study this time Mrs Nkosi

I peck her lips , she laughs as I get off the bed

#### Mpho: ta Monde

## Me : o bata go bona marete wena sahn ? (Do you want to see testicles)

Mpho:ke.....

Me : o ta nyela outwa ? (You'll shit yourself , do you hear me)

Mpho : eya (yes)

Me : ke go bone o bua le mosadi wame gape , ke ta gofa masepa (let me see you talk to my wife again , I'll give you shit)

Mpho : it won't happen again

Me : you're damn right it won't , don't fucking forget who feeds you

Mpho : l'm sorry ta....

Me : Wena sahn , I told you to keep your mouth shut didn't I ?

Mpho : you did

Me : and you couldn't do that shit ? Keng o bolaiwa ke nopa (is horniness killing you)

He keeps quite

Me : o bue wena sehlama ko batele sefebe to help you out (talk you shit I'll find you a whore)

Mpho : l'm sorry....

## Me : nxn ! You're going to fucking pay for opening your mouth

I drop the call

This boy can be so stupid

He better be glad I like him , otherwise he would be dead right now

### But he's not getting scot free with his nonsense

I should just be glad , that Rea is still in this house

And she doesn't seem like this turned her off to want to leave me

Mpho: I have to go

What now ?

Me : what's wrong ? Who was that on call ?

Mpho : no one , I just have to leave I can't be here

Me : can't be....babe what's going on now ?

# Mpho : it's ...nothing , don't worry

He gets up , and I'm just wondering what's going on

Because a few minutes ago he was fine , before he got that phone call He walks over to me , trying to place a kiss on my cheek

I move away

He looks at me

Me : no , you want to leave so leave .

I'm now annoyed with him honestly

Mpho : babe...

Me : Mpho hamba (go)

He sighs

Mpho : l'm sorry

Me : keep it , what do you mean when you say you can't be here ? Since when do you have a problem being here ? Just leave
, don't apologize

He walks to the door and walks out

Whatever nonsense is going on with him

It better not be another woman

#### \*Reatile\*

Right now , I'm just looking at this man and I'm questioning my sanity

After everything he said I'm still here

And I don't want to lie , but there's feelings and I think I'm just falling like way too soon Monde is handsome , and he seems to have his life in order

Is he single ?

Like there's no woman there

How can a man like him have no woman ?

Monde : why are you staring ?

He asks still looking at his laptop

I close the book I'm holding

Me : uhm.....where is your girlfriend ?

He turns and looks at me with a slight grin

Monde : are you not there ?

Me : no , like I mean did I find you really without a woman ?

He chuckles

Monde : I'm with you , so what does that tell you ?

Me : that's not an answer, you're getting smart with me

He just looks at me

Me : just warn me , so I don't fall hard for you only to be broken

Monde : you think I'm going to hurt you ?

Me : I don't understand why a man like you doesn't have a girlfriend Monde : I do have a girlfriend Mrs Nkosi

llaugh

Monde : and I'm thinking you should find a place , and get a car

Me : where is that coming from ?

Monde : we're not doing a cohabitation here, and soon you'll be leaving . It won't work for me, going to see you in that place. It's infested with students, and you need a car because when you're this side visiting I can't take you to college everyday

Are we not just moving too fast ?

Monde : can you drive ?

Me : I do have a learners

Monde : you need to work on getting a licence , and find a place

Me : what am I going to do with a house staying alone ?

He chuckles

Monde : I'll be visiting , spending nights . Even a bachelor pad is fine , or a single apartment

I say nothing opening my book.

\*Monde\*

## He looks at me , his lip busted and he's bleeding through his nose

Mpho : ta Monde , it won't happen again.... I'm sorry

Me : clean yourself up , o tlo ntena sahn (you're going to annoy me)

He gets up limping , walking to the other room

I wash my hands

My phone rings , I wipe my hands taking it out

Me : mhm

Thembi : is that how you answer your phone now ?

Me : Thembi what's wrong ?

Thembi : what's.....when are you coming back ?

# Me : I'll come back , when I come back and I can

Thembi : should we come that side ? Because honestly we hardly see you , and you've been distant ever since you left us midnight

l sigh

Mpho walks back in , holding a towel

Me : you're being unnecessary right now , and I don't understand for what

Thembi : come home to see your wife and son Monde , and I'll stop being unnecessary as you say

### She drops the call

Me : lock up when you leave , and let's never find ourselves in this fucking situation again . I'll end you if it ever comes to it again

He nods

I grab my jacket walking out

#### \*TWO WEEKS LATER\*

\*Nomaswazi\*

I look at her , and with holidays approaching I don't know if she'll be here or what Me : is everything still well with you and Monde ?

She looks at me turning , opening her wardrobe

Rea : yeah why ?

Me : well , you've been here for a week , and that's so unlike you . I mean after staying a week at his place , you stayed here for like three days and you were gone again

She laughs

Rea : everything is fine , Monde wasn't around this week . So I got to stick around for a while

Me : oh okay , that explains it . Cause you're basically never here She takes out clothes from her wardrobe , placing them on the bed

Honestly, I thought by now she would be flexing about her relationship

Posting online , going on shopping sprees and all that

# Some weekends away , and such

But even her style hasn't changed , basically she's still the same Rea she was before dating Monde

I don't see any change , so she's clearly not spending his money

Or maybe he's not giving it

Me : doesn't it bother you , that your man leaves for trips leaving you alone for a while ?

She chuckles , taking out a small bag packing the clothes in

Rea : we've only been together for three weeks , so we're not there . And I understand he has to work , I also have to focus on my school work . And I guess it wasn't that bad this time , because he was just in Joburg

Me : oh okay

Inod

Rea : he's coming to pick me , I'll be spending the weekend at his place Me : wow

I don't know what to say now

Because between my boyfriend and I, things are just so sour

After he left that night , he came back three days later with a busted lip and black eye With a patch on his nose , and worse he was limping

And to this day , I still don't know what happened to him

People are happy in relationships , and I just feel like mine is ending

I'm trying so hard , not to think that he's cheating

# I pull out of the kiss slowly , looking down

He tilts my chin with his fingers

Monde : I missed you

I let out a side smile

He leans over , capturing my lower lip I kiss him

After a few minutes we both pull out

He holds my stare

Me : I missed you too

He grins

Monde : let's go home

He drives off , placing his hand on my thigh

And he grips there , I just take out my phone keeping myself busy with it

Monde : have you found a place ? It's been two weeks

I look at him , and he's focusing on the road

Me : you were serious ?

He chuckles

Me : okay , I found a loft apartment

Monde : mhm , there was nothing else ?

Me : I'm sure there was , but I liked it

Monde : okay , schedule an appointment so we can see it . Where ?

Me : in Fourways

Monde : that's not bad

I feel like rolling my eyes

Monde : and the car ?

Me : I'm writing my license in a few days

Monde : yeah but , have you found a car ?

I shake my head

#### Monde : use words Mrs Nkosi

l sigh

Me : no

## Monde : you didn't even look did you ?

I clear my throat

Monde : you have two days , let's not fight please . I could have found you a place and a car in like a day, and it took you two weeks. I just want you to find them yourself, so it's a place and a car you'll love . That's why I'm saying find them yourself, not because of anything else

I say nothing

Because I don't want to seem like I'm after his money

To be honest , I love Monde

Crazy and insane as he is , I love him

Monde : you'll let me know when we're going to see your place , it better be this week Me : okay

He drives through the gate at his place

And there's just one car parked out , I wonder just how many cars he is

Because now he's driving a Rover We get off , he takes my bag and we walk inside

Me : it's quite , where are your people ?

I say as we walk in

He chuckles , placing my bag on the couch

Monde : in their quarters

I nod , walking to the kitchen

He has Robert , who I still don't get exactly what he caters in the house

Then there's a chef, and a helper that cleans and does laundry

And they all live around the estate

Monde : come here

He says as I open the fridge

Me : I need water

Monde : I'll get water for you come

I turn walking to him , he picks me up placing me on the counter

We just stare at each other , in silence

He runs his hands on my thighs , and I miss him so bad

I lean forward giving him a kiss , which he gladly accepts I trail my hand to his wait , pulling his shirt . He holds my hand

And I'm annoyed , because he has started again

Me : okay...what's going on ?

I ask annoyed pulling out of the kiss

Monde : what ?

Me : you're avoiding me , like for two weeks you haven't touched me

Monde : what do you mean I....

He's shaking his head , and just trying to act like he doesn't know what I'm talking about Me : please , you know exactly what I mean . Every time we kiss and things get heated up , you always pull away . Or you make some silly excuse , just to avoid having sex with me

He sighs

Me : Mo...please , if the first time we were intimate you

didn't like it . You didn't feel me , then tell me . Because knowing the truth , will be so much better than feeling like a reject

He sighs

Monde : why would you say something like that ?

His eyes stare into mine

Me : what am I supposed to say ?

Monde : You don't say such things , you're hurting me because I think that's how you think I see you

I look down feeling emotional

Me : then what is it ? You can't tell me it's normal , we've been

together for three weeks . Yet we've had sex , like only once .

He caresses the side of my face with his one hand

Me : is it because of the bruises ?

Monde : partly

Me : wow , so you won't touch me because of that ?

Monde : I hate hurting you

Me : well , deal with it cause you can't deprive me sex

He chuckles

Me : I'm not laughing with you

Monde : I know

Me : you said partly , so what else ?

Monde : I feel like I was quick to have sex with you , I don't want you to think I'm doing everything I'm doing for you because of sex . You're my woman , and I want you to see my money or anything else I do for you as just me spoiling you . Not like I'm buying you , or doing things for you and in exchange for sex

I smile

Monde : I'm sorry I've been starving you

He pecks my lips , placing his hands on my hips

Monde : can I get one round , nna ke bolaiwa ke nopa (I'm being killed by horniness)

I laugh

It's like the first time I hear him speak my language , and the accept

But it's like he speaks it

Me : that's your business , leave me out of it .

Monde : mphe kuku , ke bata go ja (give me pussy , I wanna fuck)

Me : you turned me down for two weeks , keep on with your pace and lane

He frowns

Monde : tlhe mma (please)

Me : no , get away from me

I get off the counter , pushing him out of my way

\*INSERT 15\*

\*Monde\*

Velile : what's going on ?

Me : you called me , so how am I supposed to know what you're talking about ?

He sighs

Velile : Nkazi tells me you were this side , and you met with your lawyers

Me : yeah , I don't get why you always discuss me every time you meet

Velile : and this woman ?

I shake my head

#### Me : what about her ?

Velile : do you love her Monde ? Because if that's the case, then you have to divorce Thembi. And just be honest with them both, don't hurt the woman you claim to love . Tell her the truth, so she's with you knowing . Because in this way it's like you're deceiving them

#### I rub my eyes

Velile : I'll be in Pretoria tomorrow with Khaya, and I want to see her. Just make a choice, because this will blow up in your face. Unless you have a plan , you're seriously playing with fire . Some women don't take kindly to betrayal, and she will feel used and lied to . And not just her , but your wife as well. Get done with

Thembi for good , before you reel in this girl . I don't know how you're going to do that , because there's a child to consider in all of this . Don't be selfish and put yourself before your son

He drops the call

Sofia : at least your brothers have more sense than you do

I look at her , putting my phone down

Sofia : you have a wife and a son , yet here you are acting like a bachelor to a....

I shoot her an eye

She clears her throat

#### Me : go ahead say it

She blinks a few times

Sofia : I....I didn't mean to offend you

Me : help me , keep your mouth shut where she is concerned . Unless you're tired of living and breathing I get up , grabbing my suit jacket

Sofia : Monde .... I'm sorry , but we have work to do

Me : no , you work . I pay you after all

I grab my car keys walking out of the office heading to my car

### I'm feeling a bit light today

Like I spoke with my father , and he sounded so much better

I have hope that he's going to get better

And that makes me happy , at least I know he's getting better

But what I'm about to do right now , I hope it doesn't get me in trouble

As I was going around the house , I stumbled upon this read door

I still roam around these walls , every time I'm here

And I don't know , it just looks out of place

Because color's in this house are just dull , so this red stands out

I open the door , and with shock it opens . I thought it'll be locked or something

It's so dark inside , you can't say it's just after 12:00 Monde left in the morning , saying he's going to the office

I don't know when he'll be back

And I don't see Robert , anywhere around

I walk in the darkness , I fiddle for a switch on the wall and I find it I gasp in shock , as my eyes look around this room

It just screams sexual tension

There's a bed in the middle, covered with a black sheet

There's a black leather whip , next to it there's black leather cuffs And to top it off , there's two red roses next to them

The light , is not bright either

It's a dim of red

I swallow walking closer to the bed

I trail my hand on the silk sheet , picking one rose smelling it It's fresh, like it was just put there this morning or so not long ago

I place it back , touching the hand cuffs

I look at them , just feeling the texture of the leather

Just wondering what kind of bruises , would these leave on one's writs

I place them down , running my hands through the whip

I close my eyes , just feeling the leather against my fingers touch

That heavy presence , I open my eyes in seconds

# My armpits itch , sweating like hell

I slowly turn facing him

He has a dark gaze in his eyes

I keep shifting my eyes from him

Monde : Mrs Nkosi

I am scared , like I don't think I'm supposed to be in this room

He's leaning against the door frame

Me : l'm....l

l sigh

He walks in , and I just keep taking steps back until I'm restricted by the bed

He stands in front of me

Monde : curious much ?

I look at him taking a swallow

Me : you.....you said you've never brought a woman here Monde : mhm , besides me you're the first person to enter this room

I shake my head slowly

Monde : I used to do these things far away from my house , and since you came around . I haven't Me : so.....this is what your into ?

I turn facing the bed , and I feel him just boring into me

He hugs me from behind

Me : I'm scared

Monde : take a leap of faith

I close my eyes

Monde : I desire this with you

His voice has gotten far too deep , and it's so darn flirtatious

He trails his hands to my shoulders , sliding the straps of my dress down

I start breathing heavily

# Monde : relax , we'll keep it to your pain tolerance

That just gets me shivering

\*INSERT 16\*

### \*Oratile\*

He runs his fingers on my back , down my spine just sending chills and shivers all over my body

He trails his hand to my lower waist , pulling me against him

My bare body against his , and he's still in his clothes

Monde : take it off

He places a few cold pecks on my shoulder blades

I lift my legs up , with his one hand running down my thighs

## My panty slides off from my ankles

With just one sway , he turns me facing him

His eyes are a sight under this red light

We lock eyes

His hands trailing to my ass , I feel his palms grabbing on my ass cheeks spreading them apart

Massaging them slowly , his stare intensifies

He places me on the bed , and has my legs wide open

His eyes on my coochie , he's staring

I even feel a bit somewhat , like I can just close my legs

He leans over , trailing his hand I look over seeing him pick the whip

My insides go cold

Monde : relax , close your eyes

He moves back

I look at him , slowly closing my eyes

My breathing is uneven

I shiver as the whip makes contact with my body

### I let out a slight gasp

He parts my legs even further , and I feel the whip trailing down my coochie and up

The coldness on the leather, just causing me shivers

I so badly want to open my eyes , but I feel like it won't be as intense as this if I'm looking at him

I feel him parting my coochie lips with his fingers

It's then a slight tap of the whip makes contact

And the sound of it , is just enticing

Another follows , and I can feel myself just getting wet down there

The next whip that follows is a accompanied by slight pain

I shiver letting out a slight moan

And he goes on to whip my coochie quite a few times , I feel like it's burning now And the moist down there is not helping anything

I feel my lower waist slightly getting painful , because of the pleasure that has built up

I can actually feel him , getting in between my thighs smelling my coochie that's dripping with liquid He kisses my inner thighs , slowly going to my coochie

He slid his finger , before he devours me with his tongue

I feel pleasure just shooting through my body

I release all over his face , he doesn't move away

He slides another finger , just picking up his pace

His one hand trail to my boobs , he pinches my nipple

I scream out in pain and pleasure

His thumb pressing on my clit , I grab on the sheet for dear life

as another wave of pleasure shoots through

And with just that , my thighs are tired , they're shaking

I don't know when or how he took his clothes off

But I just feel his bare lower body , against my thighs as he slides his dick through He grabs on my thighs roughly bringing me down , as he starts pounding in

I feel like he's poking my inside

\*Monde\*

She tries pushing me with her hand , going down on the bed

I bring her back up

She trails her hand on her stomach, like she's holding it

Bending her back far over , her face facing down

As she lets out a cry , it's just pain mixed with pleasure

I place my hand on her sweaty back , her ass bouncing on me

Rea : please.....cum....please I can't....I can't please cum

She cries out muffled by the sheet

I take a few deep strokes , bringing her down flat on her stomach I lay over on top of her , my dick buried deep inside of her as I cum

I take a few seconds still , she shakes underneath me as she orgasms

I slowly get up , standing on my feet . With my dick twitching

I could take another go at her , but she's worn out

Me : come

She doesn't move nor turn for a few minutes

She turns her face looking at me , with tears still streaming down on her face Me : come

She is just staring at me

Me : you can't sleep in here , let's go to bed

She closes her eyes, I chuckle

Me : okay , I'm sorry . Are you in pain ?

She nods

I walk over , picking her up into my arms

As naked as we are , walking out the door

I turn to lock it

Heading to our bedroom , I open the sheets and put her down

I go to lock the door , going back to get into bed

I cuddle her into my arms

#### \*Reatile\*

# I open my eyes to find him gawking at me

And I honestly don't like the look that he's giving me

I turn over , giving him my back making sure I'm covered

Monde : how's the pain ?

Me : l'm fine

I say , not knowing how bad he bruised me this time

I don't even know how my coochie is looking after getting those whips

Just thinking about it , gives me feels

I'm sure I look worse than last time , I don't know

But it's whatever

## Monde : should I run you a bath ?

He must have long been up , and just trying to scan my body

Me : l'm sleeping

He chuckles

Monde : Mrs Nkosi , it's morning and my big brother and the one after me are coming

It was nice when Nkazimulo was around

At least we get along

I don't know those two , they might not even like me

#### Me : l'm sleeping

Monde : okay

#### He kisses the side of my head

Monde : I love you

Me : I love you

# Me : this is my big brother Velile , and Khaya comes after me

She nods with a smile

Khaya : we're pleased to meet you MaNkosi

She looks down smiling shyly

Velile : don't be shy now , that's how your man calls you and that's how we're going to address you as well Her phone rings

Me : you can get it

She nods walking away

Khaya : wow , it's one thing hearing something and then seeing it

Velile : she's beautiful

Khaya : she is , I never thought I'll see you falling in love

Me : it's not like I planned it

Velile : but the situation is fucked up like I said

I keep quite

Velile : you know we're getting together at my house on

Saturday, so like who are you bringing? MaNkosi or Thembi

Khaya : I don't know , but I think it'll just be the worst for the wives

Velile : I will get Pretty in line , but if we're having MaNkosi we can all best believe it'll be awkward Me : then I might as well not come

Velile : now that's nonsense , you know what you want . And we all know , you're just going to do what you want

\*Reatile\*

# I guess I was scared for no reason

The brothers seem like nice people

And they've been around like the whole day

I'm in the kitchen doing dishes

As my phone beeps , and it's a please call from Lerato

Every time I get something from him , I just become numb

Not knowing what will the person on the other side say

I call her , it rings for a bit and her mother answers

MaLerato : you haven't sent money this week Me : what do you mean this week ? Since when do I send money weekly ? Especially because I sent money just last week

MaLerato : your father suddenly doesn't need medication now ? And you know we cannot afford those expensive foods the doctors require him to eat I just drop the call , tears burning my eyes

I don't even hear Monde walking in , I just feel him next to me

Monde : can I please not be a failure to you

He places a kiss on my cheek , turning me to face him Monde : what's wrong ?

Me : they're demanding more money again at home , after I send them half of the 10K you sent me last week . Like who spends 5K in a week

l sigh

Me : right now , I know they're just using me . And my father being sick is just a convenience for them , so they can keep demanding money from me

Monde : it's just money , here ....keep this card , so you won't have to wait on me for your wifely allowance

I laugh wiping my tears off

Monde : money is the last thing that has to get my wife crying

He hands me the black card

Monde : Velile and Khaya are leaving , come say goodbye

Me : they're not sleeping over ?

Monde : no

Me : oh okay

Monde : we have the house to ourselves

I laugh

Monde : so you know once they leave we can ....

Me : not happening

Monde : hawu !

Me : don't , l'm swollen down there

My poor coochie even looks reddish

I don't know how I'm going to survive Monde to be honest

I just have slight fading bruises on my writs , it's when he was grabbing on them at one point

Sex with this man is something else , I swear you'll feel like you have been used sexually when he's done with you

It's just insane to be honest

Monde : let me see

### Ilaugh

Me : for what ? Just take my word for it , but know it's not happening .

He sighs

Me : let me fix my face

He kisses both my eyes with a smile causing me to laugh , and he walks out

I lean over the counter heaving a sigh

I am really getting tired now , having to carry this responsibility over my shoulders I'm a child myself , I still need to be looked after

But here I am , feeling like a grown ass woman

\*Nomaswazi\*

Mpho : thank ...

Me : what am I doing here Mpho ?

Mpho : hah babe ?

# I fold my arms just looking at him

Mpho : okay , I can see you're upset

Me : with reason

He sighs

Mpho : okay fine , but can you sit down so we can talk

Me : l'm fine here

Mpho : I don't understand how we're going to talk , when it's like you came here ready for a fight

l sigh

Me : Mpho are you cheating on me ?

He frowns

Mpho: Babe....

Me : just the truth please

He walks closer , taking my hands into his

Mpho: babe, I'm sorry. I know I've been acting off, and I'm sorry my actions have made you think like this . I love you so much, I don't even dream of hurting you like that , please trust me. It's just that things have been hectic at work , and having to balance with school work it's getting hard . And my boss is not pleased , he's on my neck . So l've just been under pressure, and I'm sorry I made

you feel this way . I'll do better , I promise I'll try my level best and balance my things

l sigh

Me : why didn't you just tell me that things are hard at work ? I would have understood , and I know it can't be easy for him Mpho : I'm sorry , I didn't want you to think that I'm making excuses

Me : I would never think that , it's when you don't tell me things I start thinking you're making excuses and fooling around

Mpho : l'm sorry , it won't happen again

### I snuggle him for a hug

Mpho: I love you

I smile

He brings the glass of wine closer to me

I look at him , as he takes a sip of his Irish whiskey

Monde : what ?

He asks putting the glass down , his eyes boring into mine

Me : are you trying to get me drunk , so you can have an easy way ? He chuckles

Monde : I don't need to do that

He pulls the glass , and pours water in another and he slides the one of water

Me : your drama Mr

He laughs

Monde : you don't know what you want

I grab the wine glass , and take a sip

Me : thank you for this

He smiles

We're out on a date , in one of those expensive restaurants

And all dressed up , even I feel all fancy tonight

I was bought a dress and shoes, specially just for tonight

Monde : I want us to go on a trip

Me : where ?

Monde : Columbia

Okay, that strange

I mean , Columbia is not the first place you expect to hear when a person mentions going on a trip

Me: okay, when?

Monde : you're closing in a week , so after that

I was planning on going home, like I just want to see how my father is doing

Me : okay

Monde : you're cool with that ?

I nod with a smile

Monde : great we'll....

Voice : hi Rea

What the hell ?

I look at him , and he smiles

I shake my head annoyed

I look at Monde , and he's looking at Alex

This is why I knew a relationship would never work

Alex : it's been a while ....

Me : are you stupid or what ?

Alex : l'm....

## He turns his head and looks at Monde

Alex : oh shit ! What are you doing with this guy ? As far as I know you don't wine and dine clients , is it maybe because he's a criminal ? Did he intimidate you , or what maybe you're just charmed by his blood money ? I feel tears just at the brink of my eyes

I knew one way or the other , something like this would happen

Monde can never be with me , and overlook my past

Like how can any man just do that ?

Alex : get away from this guy , if you know what's good for you . He's a wanted felon....

Monde : fuck off , felon and what the fuck do you actually have on me ?

The way his voice is so deep , I know he's not happy at all

He's angry

It reminds me of the day he shot Pule , right in front of me

My hands are shaking right now , I just want to burst and cry

Alex : well , you think you're so untouchable and you're not . The arm of the law , is very long . Every dog has its day Monde : mhm , call me names and I'll fucking sue you and that station

Alex clicks his tongue

Alex : what.....have you changed careers now ? You're turning to being a mule , and selling drugs now ? I get up abruptly , grabbing my bag walking out of the restaurant in a hurry

l get out , feeling the cold breeze

I lean on the wall , catching my breath as tears stream down my face What relationship did I think I stand with a man like Monde ?

Of course he won't be comfortable , with other men just throwing my past in my face in front of him

This is a disaster

He will see exactly what kind of a woman he has

There's no man that would ever be with me and overlook that

I close my eyes , just trying to calm myself down

I let out a slight scream , as I feel hands engulfing me into a hug I relax when I inhale his scent , and I know it's him

Monde : I'm sorry your evening was ruined

Me : please....take me back to my place

I was still at his place , and was going to leave tomorrow

But right now , I don't even know if he still wants to be anywhere near me

\*Monde\*

I look at her , and she's not happy

But there's no way I was going to take her to her flat

Like for what ?

Me : need something ?

She shakes her head , taking her heels off walking up the stairs

I sigh taking out my phone

I dial his number , after a few rings he answers

Mpho : ta Monde

Me : I have a job for you , come over to my house tomorrow morning don't be late

Mpho : okay

I drop the call

I head upstairs , and she's in bed

I lean against the door frame

I don't know what she's feeling right now

But I know she's not okay , I mean what that fool said sure got to her

I walk further in , closing the door

I sit down on the bed

#### Me : are you angry with me ?

Maybe she's angry , that I didn't stand up and speak for her

I mean , it did look like I didn't defend her there

Cause I barely said anything about what he said about her

But I was very quick to just jump in , when he mentioned my name

Me : MaNkosi

Rea : l'm not

She moves covering herself , that I can't even see her head at all

# \*Nomaswazi\*

## I look at him , with sleepy eyes

Mpho : sleep

Me : babe...what's with calls this late ?

Mpho : it's....it was just my boss

Me : this late ?

He lays back down

Mpho : it's nothing serious , just that I have to come in early tomorrow morning

Me : oh ? Couldn't he tell you that earlier on ?

Mpho : it's okay babe , I'm sorry I woke you up Me : mxm , your boss sounds and seems like he's a bully

He chuckles , placing a kiss on my forehead

Mpho : it's okay let's sleep , l need this job

I close my eyes snuggling closer to him

## \*Reatile\*

I put on bum shorts , and his shirt with half socks

I walk down , yawning still

I wonder where he is

Because I may have overslept , but then it's still early

Though with Monde you never know

It's so quite , I guess even the people around here are not in the house yet

They're still in their quarters

Me : eish

I scratch my forehead , walking in the kitchen

And am I not shocked , seeing Mpho leaning against the counter

Please let it not be that Monde was serious , when he said Mpho deals drugs for him

Like no ways !

Mpho:uhm....hi

Me : mhm

Mpho : what...

Me : what are you doing here ?

He scratches his head

Me: Mpho!

Mpho : please okay , can you please not tell Swazi about this

? She thinks I'm working at some warehouse , like please don't

Wow !

Me : it's funny how you were warning me against the devil that you work for

Mpho : I'm sorry about that , I was just.....

Me : Ng ng , forget about it . But please , stay in your lane and I'll stay in mine . See how we're just the same ?

He sighs

His eyes shift to the door , and I know someone is coming

I turn and it's Robert

#### Robert : Mrs Nkosi

l give up

Me:Robert

Robert : the chef has prepared breakfast , should I set up for you ?

Me : please , on the balcony

## He nods with a smile

I turn to walk out , Monde walks in talking on the phone

Monde : yeah , bring the file over l'm busy

He places a peck on my lips , his one hand on my waist

Monde : alright

He drops the call

Monde : Mrs Nkosi

I smile

I don't know if this is giving me hope or what ?

Because even after last night, I'm still called Mrs Nkosi

Monde : I'm sorry I left you in bed all alone , I had work

Me : mhm

Monde : I won't join you for breakfast , I have a file coming in that I need to work on Me : okay

I turn to walk away , but I look at him

Me : who is bringing the file ?

He smiles

Monde : it's Sofia

l frown

## Me : I don't like that woman

# He chuckles with a smile

I walk away from him going out to the balcony

•

Me : I need you to take care of Alex

He pops his eyes

Mpho : the cop ?

Me : no the cleaner , of course the cop

He sighs

Me : will that be a problem for you ?

Mpho:no,but....

Me : that but

Mpho : what I mean is when you say , take care of him . You mean off your back , or like off the face of the earth

Me : whichever one works for you , just as he learns the lesson to stay the fuck away from my woman . Is that clear ? Mpho : crystal

Me : good

The gate monitor goes off

Me : let's walk out

My phone rings, and it's Sofia

Me: yes

## Sofia : I'm at the gate

Me : I'm coming

Sofia : just open ....

I drop the call

We walk out with Mpho , getting to the gate . I open the small one

# Me : don't make me ask you anything

He nods walking away

I head to Sofia's car

Me : the file

Sofia : why can't I come in ?

Me : my woman is around

She laughs

Sofia : so because that girl is here , I'm not allowed in ?

Me : she doesn't like you , so less drama for me

She nods, with a slight smile

Sofia : wow !

Me : the file

She reaches to the back handing me the file

Me : thanks

Sofia : I hope your personal issues are resolved , so this doesn't blow up in your face

#### Me : drive safe

•

•

•

I turn back going inside

\*Nomaswazi\*

#### Me : what ?

I ask shocked

And I guess I shouldn't be , but I didn't think it'll be so soon

Me : you're moving out ?

Rea : yes , Monde and I went to check this loft apartment today . And he's bought it for me , I've already signed the deed

Me : deed ? It's not a rental , like it's yours ?

Rea : yes it's mine

Me : wow , so why are you moving ? I mean what's wrong with our place ? Or maybe it's not enough for Monde Nkosi's girlfriend ?

She laughs

Rea : don't be like that , I'm not cohabiting with Monde . And I can't always be at his place , and we share so he can't come there to spend nights

Me : mhm , I guess you're right

Rea : yes , don't be sad . I'll still see you at campus , and I'll also come see you

Me : okay , l'll come see your place

She laughs

Rea : of course , once I've moved in . I'll come get my things , say tomorrow after my test

Me : test ? I didn't know you were writing tomorrow

Rea : oh it's just my license

Me : what ?

Rea : mhm , Monde said I need a car apparently

Wow !

Me : I....I didn't even know you were taking a licence

Everything is just happening and moving so fast

Rea : it happened just last week , I was lucky to get a spot for tomorrow

Me : must be nice

She goes quite , I roll my eyes

Me : listen , I have to go

Rea : oh okay

I drop the call

Me : that didn't take long , not even a month in a relationship she's getting an apartment and a car .

I put my phone down

I guess things are happening for her now

I hope she knows what she's doing , because if not she will cry a river when this honeymoon phase passes

\*INSERT 20\*

#### \*Reatile\*

Monde : still hung up on your conversation with your friend ?

He stands in front of me , getting in between my legs

He places his hands on my waist

Me : she was just off

He chuckles

Monde : one thing I hate about women , is that you're bitter and jealous of each other . You're moving out , getting a car . Of course , in a way she does wish that could be her

I smile

Me : but , why would she be bitter about that ? I mean , if it was her I was going to be happy

Monde : maybe you should just stop telling her things , so she can see them happening . Next thing , she'll be wishing that things get fucked up between us . And she'll be saying I told you so

#### Me : mhm , that's just sad

Monde : very sad , because you're mine and that's that

I laugh

He picks me off the counter

Monde : you really love this place ?

Me : yeah , very much

Monde : it's small

Me : it's perfect for me

Monde : I guess you won't be having any visitors ?

I shake my head with a smile

### Me : no , this is a personal space

We came in today , just to see how they set up the furniture

And it's exactly as I wanted

The apartment was empty, so after buying it yesterday

We went furniture shopping

They promised to bring it today , and they did

I can't believe I now own my own place , like I just never saw this happening

I didn't even think of it

Monde : now you're just left with a car

I went to take the test this morning , and I got it

I'm still scared of driving though , because coming back Monde had me driving his Jaguar

That felt like power

Gave me some insane rush

Me : I want an Audi R8

Monde : mhm

Me : metallic black , with red seats

He laughs, giving me a kiss

Monde : it's all yours

I bite my lower lip , his stare just intensifies

I trail my hand down to his pants , brushing it over his dick

I feel it coming to life

Monde : I....

He takes a deep breath cursing

I get down on my knees slowly , kneeling in front of him

I unbuckle his pants , taking down his zip . Reaching inside his briefs , taking his already hard dick out

## She looks into my eyes , pulling down my pants

She leans down , picking my dick over her face

Getting under , licking on my balls for a few seconds

She takes them into her mouth , sucking on them

I let out a deep grunt , grabbing the back of her head

She lifts her eyes looking at me, slowly pulling out licking my dick until she reaches the tip

She licks on it , her tongue just doing things on me

I grab her hair , pushing her further in as she takes half my length into her mouth

# I let her take control sucking and licking

Until I feel I've filled her mouth

I let go of her hair , grabbing both her hands to my sides

I thrust in , and with a few thrusts she moves her head back her eyes closed I let go of her arms , bringing her back taking more deep thrusts

She places her hands on my thighs grabbing hard , I feel her nails sinking in

She gaps , as I bring her further in and she deep throats

Shaking her head , as tears stream down her face

I let go of her head , grabbing her throat tightening my grip

She moves her head back coughing

With drips of my cum out of her mouth

### She looks at me , her eyes reddish

I hold my hand to her , she takes it

I help her up , tongue kissing her she kisses me back

I rip her dress , she gasps in shock pulling out of the kiss

I pin her up against the wall , holding her panty

Rea : you're just nasty , did you have to tear my dress ?

I chuckle

Me : it's just a piece of cloth

She leans down pulling her panty

#### I grab her neck bringing her back

We lock eyes , I lift her leg with my one hand

She grabs on my arms

I slide my dick in , taking a deep thrust She closes her eyes letting out a scream, bitting her lower lip

Me : look at me

She opens her eyes , I go in deeper thrusting harder

She closes her eyes , I grip harder on her neck

Me : don't do that , look at me

# She shakes her head opening her eyes

I loosen my hold , she lets out a deep breath accompanied by a moan

Her legs shaking

She holds tight on my arms, and tears stream down her face as she graces my cum and she squirts . I pull out , some of it landing on me

I slide my dick again , as she squirts some more pulling it out again

She leans forward , letting out a moan that's muffled with screams and a cry

Laying her head on my chest

I hold her tight on her waist , making sure she's balanced and won't fall

\*Nomaswazi\*

Mpho:wow

Me : yes wow ! That's exactly what I said , I think she's just moving way too fast . And she'll crash and burn , because speed kills . Mpho : but baby , Rea is not a child . And she knows what she's doing

Me : well for her sake , I hope she does know what she's doing . Because Rea knows no one here basically besides me , and if all this ever goes south . She will come back to me , and I'll have to take care of her Mpho : I think you're exaggerating this issue

Me : oh really ? They haven't even known each other for a month , but already she's acting like they're soulmates

Mpho : now you're just sounding like you're jealous

l gasps

Mpho : I am not saying you are , I'm saying you sound like

Me : well , I didn't know that caring for your friend or telling the truth is suddenly now called being jealous

He sighs

Mpho : now you're just twisting my words , I didn't say that

Me : doesn't matter , she's just happy now . Because it seems like her financial strain , has been taken off her shoulders . This just has way too many red flags , like first it was her job . Now an apartment and a car , it's too much

I clap my hands

Me : this is how it starts with toxic men, they make sure they lure you in . That you end up being dependent on them , so even when they screw you over you don't have a way out. So you'll be stuck with them , and this just seems like it . She doesn't have a job, once she moves out her place here is gone

Mpho : babe

He shakes his head

Mpho : right now , you're sounding like that's what you're hoping happens

Me : okay fine , say whatever you want to say . But you'll tell me , and remember this day . This.... This is just a disaster in the making awaiting to happen

He sighs

I know he might think I'm jealous , and maybe I am

But there's just so many things to be cautious about

And it seems like Rea is just being oblivious to them

But I'll shut my mouth , because I don't want to be labelled as a fake friend

\*INSERT 21\*

### \*Reatile\*

## I have to go to the flat today , and get my things

But the way I'm so tired

I can sleep the whole day , and just do nothing

### Monde left in the morning

I have no idea where he went

I've just woken up , taken a shower and had my food

It's late , just after midday

I'm glad to not be going to campus today

I'm startled out of my thoughts by a ringing phone

I'm sceptical , because I know that's not my ringtone

I look around , maybe it's his he's around

But I see nothing , and I don't see him coming in or anything else

## Just when I look over the counter , I see his phone

Doesn't make sense to me , how he left and left his phone behind

I walk over to the counter , and I look over checking the screen and seeing who's calling

## And the caller ID is saved as Thembi

Me: Thembi?

I've never heard of the name, nor has it ever come anywhere in passing

I hold the phone , debating whether to answer or just leave it It drops

Me : oh well

I turn to walk back , but if rings again and still the same caller

I take a deep breath answering

Me : hello ?

I can hear whoever is on the other side is breathing

Me : sorry , but the owner of the phone is not here . Please call back in a hour

Still nothing

I drop the call , going back to take my seat

I guess whoever she is , she wanted to talk to Monde alone

So much that she couldn't even just say two words to me

Or a simple hello at least , or respond back when I say he's not around

### \*Monde\*

•

### She pulls out of the kiss

# I place my car keys on the counter

Me : I swear , the way you deep sleep . One day people will kidnap you , and you'll wake up in a foreign country

She smiles

Rea : it will be your people

I frown, she laughs

Me : it's not funny

Rea : apparently

I pull a chair , sitting down

Me : I...listen , Velile is having something at his place this Saturday

### Rea : you're going to Joburg ?

### Me : we're going to Joburg

Rea : we as in....

Inod

Rea : whoa ! What's something ?

I chuckle

Me : just a barbecue get together , nothing intense

Rea : who will be there ?

Me : my brother's and their wives , well I'm sure Nkazi will being his girlfriend

Rea : so you're all married ?

I chuckle

Me : who's all ?

She laughs

Rea : oh sorry , I meant Velile and Khaya

Me : yeah they're married

## Rea : okay , I hope it won't be awkward

Me : if it gets awkward we leave

She smiles

Me : there's something I want you to see outside

Rea : what ?

#### Me : let's go you'll see

She gets up , I also get up reaching for my phone

Rea : oh Thembi called you

I go cold instantly , just maintaining a look for her

So she doesn't catch on anything

Rea : I'm sorry I answered , she was calling for the second time

Me : mhm what did she say ?

Rea : nothing basically , I told her to call you later on she kept quite and of course I dropped the call

I just stare at her

Finding it very hard that's what happened

Like that's so unlike Thembi , I mean the quietness

I doubt she even knows how to do that

Rea : you said you want to show me something

## Me : you won't even ask who's Thembi ?

She laughs

Rea : no , if you don't see the need to tell me I see no need to ask . And I don't expect to be questioned about people who call me , so I'm just offering you the same courtesy

### Me : Mrs Nkosi , that's hurtful

She smiles

Rea : hurtful how ?

Me : I feel like you're not jealous over me

She laughs

Rea : what do you want to show me ?

I chuckle

Me : wow , go outside you'll find it . And now you're going all alone , I'm sad

She laughs going out

I open my phone , and surprisingly there are no texts messages from Thembi

It's the scream from outside , that gets me putting my phone down . She comes in running , laughing and screaming like a mad woman

She just jumps on me , good thing I catch her

# Otherwise , we would both be down on the floor

Rea : oh Mphazima it's so perfect , my god I love it . Like thank you , thank you so much . I'm so happy

I chuckle

Me : I'm glad you love it

The screams die down , my shirt gets wet

And I'm okay , because I know they're tears of joy

I love that she chose the car herself, and she chose her place

## I know she's truly happy, and I'm happy too

\*Nomaswazi\*

•

•

Me : I'm happy for you

She just smiles

Mpho : let me take those to the car....wait , what did you come with ?

Rea : Monde is outside

Mpho : okay , let me take them

He gets up taking the bags from Rea , and he walks out

Me : I can't wait to come see your new place

Rea : you should come soon

I don't know , but she's just sounding off

Me : where is it again ?

Rea : I didn't tell you , but it's in Fourways

l nod

Me : okay , well I guess I understand why you would need transportation every morning to college

Rea : yeah , I should get going . I'll see you around

See me around ? Are we not friends anymore ?

Me : wait , are you going home as we're closing ?

### Rea : no , Monde is taking me to Columbia

Me : wow , well okay

She walks out , I'm just left just like that

\*INSERT 22\*

### \*Reatile\*

## Me : please bring me panty liners

He looks at me

Monde : what's that ?

## Ilaugh

# Me : the small pad looking like thing

#### He frowns

Monde : the thing you put in your .....

Me: Mphazima!

# He laughs getting up

Monde : okay I'm sorry , I'll bring it

He walks to the bathroom , I finish lotioning

And isn't it crazy ?

A month has gone by , and I don't remember using pads like not this month

Me : wasn't I supposed to get my periods last week ?

I mean even when my cycle changes , it's never more than a week

And it's been a week now

#### Me : oh shit !

## Monde : what's wrong ?

## I turn startled looking at him

Me: mhm?

Monde : oh shit ?

# I laugh nervously

Me : it's.....nothing , I just thought of something . Can we pass by Dischem or Clicks on our way to Joburg ?

It's Saturday , and we're going to Joburg for his brother's thing

Monde : okay

#### He hands me the panty liner

I take my panty putting it on

Now my stress levels are just up high and over the roof

We've been together for like close to a month

And if I'm pregnant, where does that put us?

I mean , can we even have a child at this stage

Like isn't it too soon

Monde : get done

I look at him , realising I zoned out

Me: yeah, sorry

## Monde : what's on your mind ?

Me : nothing serious

He just stares

I lean over grabbing my jean and t-shirt putting them on

Me : shouldn't I be wearing a dress ?

He smiles

Monde : you could wear a short , and it'll still be fine

He hands me my socks , I put them on sitting on the bed

He takes my sneakers , helping me put them on

Monde : Velile would probably be in an awkward situation

We laugh

Monde : let's go

I get up , he takes my hand I grab my side bag

We leave , and I'm just so lost in thought

#### He goes to Dischem

### Me : I'll be in quick and out

## Monde : I'm not coming ?

I laugh

Me : no , I'll be quick in and out

Monde : okay

I grab my bag getting out of the car

I rush inside , and go to the isle of medicine

I look around , and find the test like at the end of the isle

I grab two , taking a deep breath

I'll probably have to take another, just to be sure

I head to the till and pay

Me : do you have restrooms ?

The cashier looks at me

# Her : for staff only inside

Me : eish , I'm really pressed and we're heading to Joburg in a hurry . It'll just delay going to the toilets

Her : you won't leave a mess ?

l laugh

Me : no , I'll just be in and out

### Her : alright , come this way

She walks away with me, heading to the toilets

Her : I'll stand by and watch

Me: thank you

I get inside , and open one pregnancy test

# I pee on the stick , and sit still on the toilet

Just looking at it , I don't even have a watch to look at the time

It'll just be too much , taking my phone out

I wipe myself, just to pass time . I place it down on the floor getting dressed

And as I lean down to pick it up , there it is

3 weeks pregnant

Me : fuck !

I bite my lower lip , just feeling somewhat

I take a deep breath

I'm getting all sorts of emotions right now

I don't even know where Monde stands with having kids But today ...or rather now is definitely not a good time to tell him

Maybe later on , when we're on our own

I flush the toilet , putting the stick back in the box

I put it inside my back , taking out R200

I walk out

Me : thank you so much , please take this you'll buy yourself a drink

Her : you don't have to

Me : no please , you really helped me

She takes it

Her : thank you

We walk out , and I thank her once again grabbing bar snacks

I pay for those and walk out

I take a deep breath getting to the car

I get in , he looks at me

Me : I didn't find what I was looking for , got snacks anyways

I take one opening it , and taking a bite

He chuckles shaking his head slowly, and he drives out

I wonder how I'm going to tell him

Or maybe I will just show it to him , after taking the second one

I can't believe there's a little human being inside of me right now Like what kind of a mother would I even be ?

I mean , in all my 20 years of living

I've never even held a baby in my arms

So imagine giving birth to one

Like a whole me ?

# No, like that just sounds insane

I don't even picture Monde as a father

He doesn't strike me as one

He places his hand on my thigh

I look at him

Will the baby look like me or him ?

If it's a boy he better look like him , I mean the man is a catch through and through

So that would be nice

Monde : what are you smiling about ?

llaugh

It's a good thing people can't read nor hear other people's thoughts

Otherwise I would be done for

Me : you're gripping my thigh

He brushes his hand on it

Monde : I love doing this when you're wearing shorts or skirts , it's much nicer

I laugh , leaning my head back on the car seat

But this was stupidity

Especially on my side

# Why wasn't I on any prevention method ?

Yet I'm letting this man choke me all he wants

\*INSERT 23\*

## \*Reatile\*

# He holds my waist , pulling me closer to him

I place my hands on his arms

He leans down , pecking my lips

Monde : everything okay ?

#### No

Like those wives , haven't stopped just giving me nasty and ugly eyes since we got here

The only person better is Nkazi's girlfriend

Like it's just an awkward situation for me

And I can tell , I'm not welcomed here

Monde : I said , if it gets awkward we leave

l sigh

I don't want to seem somehow, and ruin the day for everyone So I'll just push through , I've made it this far

What's a few more hours

Me : it's just the wives , they're somehow towards me . The only person that seems fine is the girlfriend

He captures my lips into his , and we kiss for a few minutes

### Monde : let's go

Me : no.... I don't even know those people , so it's fine . Besides , people are about to eat right now . It'll just seem rude if we just suddenly leave

Monde : we don't have to withstand people who are not welcoming towards you

## I smile

## Me : it's fine really , let's go sit

# Monde : after they eat , we leave

Dramatic much

I lean over giving him a kiss , he kisses me back And we walk out , holding hands back to the table outside

He pulls my chair, I sit down

And the noise suddenly just dies down

I look at Velile's wife , she's holding a glass of wine

And her eyes are just piercing at me

Honestly, it seems like she has a problem with me

And I wonder what

But I won't stress myself , because I don't even know her like at all And she doesn't know me either , she's not worth any stress

I have a lot of things to stress about , she's definitely not even on the list

Because this is the first time she even sees me , and first time i see her as well

# Maybe she doesn't like me for Monde

Or maybe there's an ex of his that she liked , and she believes they belong together

I mean women are just full of shit , and you can't keep up with them

# Pretty keeps darting her eyes to Rea

And I told Velile that I don't want the drama of this woman of his

But seems like she didn't get the memo

Because she's fucking acting right now

She places her glass of wine down , her eyes still stuck on Rea . She's literally just staring at her

Nkazimulo looks at me , clearing his throat

I guess he can also see what's going on here

I pour myself a glass of water, taking my eyes off her

Velile : MaNkosi

Rea looks at him

Velile : so far being in Joburg , you think you can like it more than Pretoria ?

She smiles

## Khaya : that's definitely a no

They laugh

Rea : I think Joburg is just too busy

Nkazi : yeah right it's....

Pretty : oh really ?

She fucking slams the table , placing her wine glass down

Pretty : are we being for real right now ? We're going to sit around here , and pretend like what's happening here is fine ?

And here we go

Velile : Pretty !

Pretty : don't Pretty me , what is this girl doing here ? Who is she even ?

The fuck !

\*Reatile\*

Pretty : and what is Thembi supposed to say , when she hears we were here having lunch with some random girl . Who is being called by our surname ?

## Thembi?

I can never forget that name

Of course I'll remember it whenever it pops up , or I meet someone with the same name

I look at Monde , and he's so calm

So calm that he's scaring me , it's like that day when he budged in the room killing Pule

Velile : don't start with....

Pretty : with what ?

Voice : oh don't worry I am here

Says a female voice , I turn my head back

And she's beautiful I won't lie, a whole dark beauty. I can't take that from her

I guess she's thee Thembi

Velile : you called Thembi here ? Are you out of your mind ?

So it is her

Thembi : she did right , now I know exactly where the Nkosi brothers stand

Pretty picks her glass of wine

Thembi : so this is the whore that's busy with my husband ?

What the hell ?

Did she just say husband ?

And within a split second , she grabs the glass of water from Monde and just splashes it over me

I'm so dumbfounded , I have no reaction whatsoever

So many thoughts are just going through my mind , this seems and feels like a dream

And I'm thinking of this baby , I'm like is this really me ?

I went from selling my body , to a home wrecker

Like really ?

Thembi : you serve me with divorce papers , sending your lawyers to me . Monde what the fuck do you think you're doing ?

Nkazi : don't talk to him like that

Thembi : I'll show you divorce

I didn't even realise she was holding the papers in her hand , until she tries slapping Monde with them

## I'm on my feet in seconds

And I don't know when or how he got up , and turned

I just see the back slap he throws at her, she lands flat on the floor on her butt

The fucking divorce papers just flying away

Khaya is up , trying to hold his brother back

Thembi is crying , just begging Monde

It's all just insane

Thembi : baby please don't do this to us , think about our child

. Whatever is wrong , we can fix it .....

I'm stuck on "our child"

Like what have I gotten myself into ?

This is way more than I can take nor stomach

My own tears fail me

I just feel like screaming my lungs out

I can't even look at Monde , this woman's tears are a lot

She's still on the floor crying

I need to get the hell out of here

All this is just beyond me

I should have known , I should have known that this was too good to be true

I've been busy with a family man , thinking I've found myself a boyfriend

#### She crawls, grabbing my leg

I kick her off on her stomach , she folds her legs crying Velile : Monde !

I dart my eyes seeing Rea walking away , and she's crying

It's just breaking my heart , knowing she's crying like that because of me

Me : Nkazimulo to the car now

Nkazi : she's angry , do you think she wants any of us near her ?

Me : she's angry with me , not you

He rubs his hands together

Velile : Nkazimulo !

Nkazi : but you saw how she is

Khaya : just go

He sighs

Nkazi : okay fine

Me : now would be the best time , and make sure she gets where she wants to go safe

Nkazi : okay ....babe I'll be back

He says to his girlfriend, and he runs off to the direction she went

Thembi : Monde how can you do this to us ?

Me : sign those damn papers , while you're at it give me my son

# I walk away heading towards the house

There's just commotion going on there

Velile : this is all your fucking fault , damnit Pretty what is wrong with you ?

Pretty : I....I....

I disappear from them , while she's just there stuttering

I take out my phone calling her , and it doesn't even ring

Fucking no doubt , she's blocked me

Well, that didn't take long

Nkazi : I'm taking you to the hotel ?

#### Me : why did he send you ?

He sighs

Nkazi : he wants you safe

I shake my head wiping my tears off

Nkazi : I'm sorry about this

Me : so it's true , he's married and has a child ?

His silence says it all

Me : wow , he played me and I fucking fell for it

I place my hand on my mouth , muffling my cries

Nkazi : he's getting a divorce

Me : he lied to me Nkazimulo , he lied . I asked your brother if there's anyone , and he just pointed to me

I feel my heart being ripped apart

Me : you all just looked at me , and pretended to welcome me ...knowing this I look at him , my eye sight all blurred because of tears

Me : maybe I understand your big brothers , but you Nkazimulo . I thought we get along

Nkazi : we do , I'm sorry okay . It's just that he just damn loves you so much , that he killed to have you . I don't doubt his love for you , and I knew telling you the truth was best coming from him and not me

I don't even care to know how he knows about that

We finally get to the hotel

Nkazi : let me walk you in

Me : I'm fine , I'll rather all you Nkosi people stay away from me

I get off his car , and head towards the entrance

I get in , wiping my tears off and just fixing myself

I look at him , making sure I'm in a view he cannot see me I see him talking on the phone , he is still for a bit before he drives out

I heave a sigh of relief

Making sure he's gone , I get out requesting an uber

I've had enough of Joburg for one day, I'm thanks

# Khaya : it's that fucking wife of yours

### Nkazi : MaNkosi is not okay

Obviously

Velile : since when do we lay our hands on women ?

# Me : don't start lectures with me Velile

He shakes his head

Velile : did you see how she looks ?

Me : do I fucking care Velile ? Like do you see me caring ?

# He gives me one disappointed look

Khaya : this was just a disaster

Nkazi : now MaNkosi thinks we were all just pretending with her

I heave a sigh

Me : give me your phone

### Nkazi : she blocked me

## I don't think I've ever cried so much my entire life

I even went back to Google just to see if I somehow missed ,

anywhere it talked about him being a family man

But there was nothing

The only thing that's there is his businesses and nothing else

I can't believe I've been such a fool

How can I be so stupid ?

### But I guess stupidity is my thing

I fell for this man , I'm pregnant with his child

And now this

What am I going to do ?

One thing that's for sure is that me and Monde are done

I don't care if he's divorcing or not

Fact of a matter , now I just look like a reason for their marriage falling apart

And what's to become of our child , when he already has a child ?

How do I even bring a baby into such an environment ?

This was probably going to work , with the father in the picture

But now , that's not happening

Lord what have I done ?

I pick the pillow placing it on my thighs

I lean down , placing my face on the pillow

I let out a scream of a cry , just screaming my lungs out

\*Nomaswazi\*

I call her , and her phone rings for a while

l sigh

# As I'm about to drop she answers

Rea : hey

Her voice is strained , like she's been crying

We haven't spoken since she left here , and I just thought I'll check on her Me : what's wrong ?

She goes quite

Me : Rea you're scaring me , what's wrong ?

She just burst into a cry , and I can just tell by listening to it

She's hurt, it's like she's in pain

Me : okay babe , where are you ?

Rea : l'm ....in Fourways

Me : send me your address , I'll ask Mpho to bring me over

Rea : okay.....

And she just cries , I drop the call calling Mpho

### I hope he's available

#### Swazi : here is tea

### I take the cup from her

Me: thank you

She slept over

I was just a mess last night , I couldn't even utter anything sane

Swazi : l'm sorry

I chuckle

Me : shouldn't you be telling me , you told me so ?

She sighs

Swazi : no , I won't . Because I believe you really love this guy , and when you're in love you don't think the person that you love can hurt you

Me : I was stupid

Swazi : babe , you couldn't have known

Me : I should have , like what's a man like Monde doing without a woman ? I should have fucking known

Now that I think about this, I was really stupid

Of course , how could he really want something serious with a woman like myself ? With my past Swazi : I wish I can stay here with you all day

Me : you have to go home , your parents are expecting you . Don't worry about me , I cried enough last night

Swazi : I'll call everyday , and don't hesitate to call me . And I think maybe you should go

# home as well . Just get a breather

Me: yeah, I think I should too

We hug

Me : don't burn

She laughs pulling out of the hug

Swazi : let me make you food fast , and I'll be on my way

Me : I can't afford a maid sis

We laugh as she gets up walking down to the kitchen

I place the cup down , getting up

I reach in my bag , taking out the sealed pregnancy test

I go to the toilet

I take a deep breath

Somehow today, I'm just praying for different results

I'm just praying this comes back negative

I pee on the stick , and sit on the toilet

I put my hands on my face , just taking deep breaths

After a while I look at it , and I swear the universe has turned its back on me

Like really ?

# What am I going to do with this baby ?

Velile : and ?

## I ignore him , looking at Nkazimulo

Me : you said you left her here

Nkazi : I did

#### Me : she's not here

Nkazi : maybe she checked out already

Me : she was never here , there's no such person as her who checked in here yesterday

Nkazi : what ?

Me : Nkazimulo , don't ask me questions . You better pray to your Nkosi ancestors , that she's okay where she is

Velile : can we not.....

I get in my car driving off

Now the only thing to do , is drive to Pretoria

## Hopefully she's back in Fourways

#### Mpho : what ?

### I lean back on the bus seat

# Me : yeah , Monde is married and he has a child

Mpho : baby are you sure ?

#### Me : l'm certain

Mpho: wow, I didn't know this

Me : who knew ? Rea has been with this guy for like what ? A month now , and she's never even suspected anything . Only to find out this way

I shake my head

Me : she's not okay at all , like she's taken this bad

Mpho : well , it's understandable

Me : I don't know what she's going to do now

Mpho : with what ?

Me : a place to stay , you know I saw an Audi R8 at her apartment . And I must say , even the apartment itself it's just stunning . It's like something you'll see in a magazine as an advertisement

He chuckles

Mpho : you're exaggerating

Me : no , l'm for real

Mpho : so in that case , she has a place and a car on too

Me : did you hear anything I said ? The man is married

Mpho : babe I heard you

Me : And I'm sure now that the truth is out , he's going to

apologize to his wife and forget all about Rea

Mpho : but the divorce

I laugh

Me : babe , let's be realistic please . There's no man , that will ever leave his wife for a side chick like ever He laughs

Mpho : I'm sure Rea meant more than that to Monde

Me : he wouldn't have used her , and lied to her like that if she did . I'm telling you it's just sad , she was a mess yesterday . And this morning , you could tell she wasn't herself Mpho : yeah well that's ....

Me : Argh ! The stupid white woman , babe I'm running out of airtime . I'll call you when I get home , please be safe and behave yourself

He laughs

Mpho : okay baby , I love you

Me : I love you....

And the damn call gets dropped

I deleted my bank app , to run away from always buying airtime with the app

That I'll always be broke

I plug in my headsets , playing music

#### I lean back closing my eyes

It's a long journey to KZN

I hope Rea survives this

\*Monde\*

#### She's home

#### But clearly, she's locked me out

I've been knocking , she's not answering

But I know , she's here

I use the spare key I kept , she knows I have it

I open walking in , there's a sound of the TV

I lean over looking by the lounge , and she's laying on the couch

Covered with a fleece , she's awake though

Me : MaNkosi

She doesn't even look at me

#### Me : please lets talk

Rea : Monde I....

Me : not this again

Rea : you must be out of your mind right now , if you think I care about not calling you with your name . What are you doing here ? Shouldn't you be with your wife and child ? Leave me alone, I'm done with you . And I want nothing to do with you, like nothing . You best get away from me, don't ever come to me.

She sits up, wiping her tears off

Rea : if you want your house and car back , then fine . You might as well take the laptop , and the phone . Along with everything else you bought me , while at it take your card . And leave me alone

Me : okay , you're still angry right now . And I understand , I hurt you . So I'll just give you space , no one is walking out of this relationship . That one is not happening , and it'll never happen

I turn to walk away

Me : and don't ever , tell me to take my things and whatnot . Do I look that petty to you ?

Rea : then get out , and stop coming to my house

I look at her

And she's angry, I fucking messed up with her

Rea : tsamaya Monde o tsile go ntena (leave , you're going to annoy me)

Me : kea go rata (I love you)

She clicks her tongue

Rea : leave my key , you're trespassing walking into my house like you own it I'm really being kicked out

I take her the keys placing them on the table

Me : okay , I won't let myself in anymore

She says nothing, I heave a sigh

Me : I love you , despite everything else . If only you can just give me a chance to.....

Rea : I don't want to hear anything, you've made me an idiot . And now I'll be looked at , as some home wrecker. I won't understand anything, about the fact that you lied to me about being married and having a child . Monde please leave , I don't ever wanna see you again

## I hate that now I'm here , and making her cry all over again

### \*A WEEK LATER\*

#### \*Reatile\*

# I've been nothing , but just a mess

### I can't eat, I barely sleep

I'm always crying half the time

I don't get how my heart , just fell so hard for Monde

That I am hurting this much , and I feel like I've lost a big part of me . There's just that emptiness that's there

But it is just nonsense , because here I am hurting all by myself

He's been coming here like all week He sits outside there , sometimes I don't even hear him when he leaves

So it makes me wonder if he does leave or not

I've spoken to Swazi, she's trying her best to cheer me

At least she's enjoying her holidays back home

#### I wish I could go home too

But in my state , I know it won't be the best thing to do like right now

Those people are just going to annoy me

And I'll regret why I went there

I've just taken a bath , I want to head out to the mall very fast

I hope I don't see Monde out there

The less I see of that man , the better

#### \*Monde\*

Thembi : I am not giving you that divorce , because I do actually love you . And I want this family of ours, and we're going to make it work. You don't just throw away a whole marriage, just because you feel like you can't take it . We're not breaking our family , we won't raise our son in a broken family environment. We're not going to make him suffer like that, this home is not broken. I refuse to let go, so you might as well tell that....

Her phone rings , and looks at me before she picks it up answers

Thembi : yes , right now ?

She listens for a bit

Thembi : okay , I'm on my way

She drops the call

Thembi : if you don't stop the sale of the house , then we're moving right to Pretoria with you

Me : my son is moving with me, you're going nowhere with me. You'll figure yourself out, and I'm not kidding with you

Thembi : we'll see

She picks him up , grabbing her car keys and she walks out

I take my phone and make a call

Mpho:ta Monde

Me : o kae ? (Where is she)

Mpho : at Fourways mall

Me : okay

I drop the call , leaning back on the couch

Thembi has been such a nag

I decided to come today , because the sale of the house is going through

I'm selling this house , she'll see what to do with herself

# When she comes back , I'm taking my son and leaving with him

I've already found someone to mind him , just a nanny we got when he was a month

But she couldn't hold the job for long , but I checked with her and she's available

# As it stands , I just need to be done with this

So I can work on getting Rea to forgive me

It's crazy not speaking to that woman , not seeing her and not being able to hold her

It is like pretty damn insane

I need her back , and I'll make sure I get her

I know now she's still hurting, and she needs her space

But I won't stay away , to give her a chance to be rid of me

And finally let go of me

# Because once she does , it'll be very hard to get her back

\*Reatile\*

I get out of my car, rubbing my sore eyes

I do look like a mess

And now I think I'm just going to create , another mess . I hope I can be able to live with myself

But I don't have a choice , without Monde being with me I cannot afford to raise this child on my own

Where will I even begin ? What will I do , without no support . I don't want a fatherless child , I just can't do it

I take a deep breath , continuing with my walk

### Voice : if it's not the home wrecker

I turn my head , and it's the wife

I can never forget her face

Thembi : little girl , how do you feel taking a man away from his family ?.

Me : I'm very sorry , Monde and I are done . I didn't know he was married , I would never date someone's husband . Please , I'm sorry for whatever troubles I caused

Thembi : you think your sorry is going to fix things ? You have messed with the wrong woman , and I'm going to teach you a lesson

#### She grabs my arm

Me : please don't start with me , not like that . You may be older, but I'll wipe this floor with you . I've apologized, please take your anger to your cheating lying bastard of a husband. You people clearly have issues, and that's why he's busy whoering around. Blame yourself, clearly you're lacking ....

# She lifts her hand to slap me , I hold it

Me : don't you dare !

Thembi : you think you can handle a man like Monde ? You have no idea , see how my face looks ? It's all him , he did this . Let's see if you can even handle a simple slap from him I let go of her arm , yanking mine off of hers

She looks bad , I don't even want to believe that Monde did that

Me : please stay away from me, go fix your broken marriage . It all starts at home, before you can go around pointing fingers and blaming outsiders . If he didn't get a reason to cheat from home , he wouldn't have

She tears up , I walk away from her

I understand she's hurting , but she better go face her husband and leave me alone

I'm not the one who cheated

### I didn't know Monde was married

And now I said all that to her , I didn't even mean those words

If a man is a cheater , he's a cheater . And it has absolutely nothing to do with the woman

I walk in , and head to reception

I've already made an appointment , and I'm right on time

The doctor is ready for me

I walk in the room , and he smiles . I pass greetings , he greets back

Doc : are you ready?

#### Me : yes

Doc : and you're sure this is what you want to do ?

I sigh , fiddling with my fingers . Just overwhelmed by emotions

Me : yes , I want to have an abortion

# He pulls the file , and nods writing on it

\*Monde\*

### Me : what....what happened ?

The officer looks at me , and the look on his face says they're gone

I slide through , just looking for my son

And as I see the small plastic covering the small body

I feel like breaking down , my knees go all weak

I uncover the face , and it's him

He's hurt so bad , that he's bleeding from his forehead . I can see just how his skull is slightly opened I close his eyes , and pull the plastic over his head again

I take out my phone , still crouching down next to him

Velile : bafo (brother)

Me : Thembi and the baby are gone

Velile : gone ? So she finally left , but I thought you're keeping Aphiwe with you

Me : they're dead , she got into a accident just near Fourways .

Velile : what ?

Me : there's bottles here , she was drunk driving with my son . She fucking killed him

## Velile : I'm coming to Pretoria right now

He drops the call

I've never felt this much pain , he's still young for this

Like he was just a baby , and he didn't deserve to die like this

### \*INSERT 27\*

#### \*Monde\*

Khaya : could it be one of your enemies ?

#### Me : no

Khaya : are you sure ? Like.....

Me : she was drunk Khaya

I look at him , tears burning my eyes

Me : she had my son in the fucking damn car , and she was

drunk. He wasn't even strapped tight, he flew over as the car turned and rolled over. His skull was fucking opened, she did that . There were bottles of alcohol everywhere, near the scene . And the results came back , she was intoxicated beyond. There's no foul play here

Khaya : l'm sorry

### He looks down rubbing his eyes

Velile : he meant no harm , just that Thembi has always been a responsible mother .....

Me : don't accuse me of shit , whatever nonsense happened between us has nothing with her being reckless . She should have died alone Nkazi : okay don't.....

Me : what ? She couldn't take rejection , like a fucking grown ass woman . She wanted to die , she should have died alone

Velile sighs

Velile : this is done now , what are we going to do ?

Me : I'm driving down to KZN this evening , they've given me my son . I'm going to bury him home

Nkazi : and Thembi ?

Me : what about her ?

He clears his throat

Nkazi : is she....are you not going to bury her home ?

Me : for what ? Is she a Nkosi ?

He looks down

Me : I'm burying my child , let her parents bury her too . She's not my responsibility , they'll see what to do with her . I won't keep my son in a morgue , he's been there for a day it's enough . He'll be buried the day after tomorrow

It goes silent for a while

Velile : I'll get Pretty to fix me a bag quickly , I'll head home with you . They'll follow tomorrow morning , and we'll get things prepared . I've called the uncles Khaya : I'm coming with , Pretty will come with Thandwa and the kids tomorrow

Nkazi : I guess we're leaving , who do I talk to about the jet ?

Me : call Robert

He nods taking his phone out making the call

I'm not even in disbelief , I've seen death so much that I know when it has hit it has hit

And there's no going back , and nothing will change

Nor will it reverse

But my son was too young , he still had his whole life ahead of him

## His life was cut way too short , he's never even uttered a single word

Like what kind of cruelty is this ?

He was just a baby

He wronged no one , he knew nothing wrong

# Our quarrel had nothing to do with him

He didn't deserve to die this way , this cruel and brutal like this

\*Nomaswazi\*

Me : wow this is bad

I take a deep breath , was watching the news

About the accident that happened yesterday , just near Fourways mall

It's just sad that the mother and the baby didn't make it

Although they're not stating what happened , it's just sad

I call Rea , I haven't spoken to her since yesterday

# It rings for a while before she answers

Rea : babe

Wow, she sounds so much better today

Me : how are you ?

Rea : I'm well , and how are you ?

Me : I'm good , just checking up on you

Rea : thank you , I'm still living and surviving

She sighs

Me : has he come maybe ? Like to explain himself or something ?

Rea : I don't want to talk to Monde

She heaves another sigh

She's really hurt

Rea : I'm so done with him

Me : what about the place he got you ?

Rea : the apartment and car are in my name , but he said he doesn't want them back

Wow !

The shock , like there's already a car ?

I mean I remember only her mentioning it , but the fact that she already has one

I didn't know

Me : what car is it ?.

Rea : an Audi R8

Fuck !

#### Like how lucky can one be ?

So it must have been the one I saw when I was at her place

Me : wow , so you're comfortable keeping them ?

Rea : I don't know , maybe I'll start looking for a job and find myself another place to rent I knew there was no such thing as she's struggling to keep up with work and school

Her married boyfriend , had gotten to her

Me : oh well , whatever you decide I'm behind you

Rea : thanks babe

# I guess she's really done with him

It was so quick , in just a month the relationship went downhill

Me : in other news , did you hear about the accident that claimed the life of a mother and child ?

#### Rea: no, where?

Me : right outside Fourways, actually near the mall

Rea : no , I didn't hear anything . What happened ?

Me : I don't know really , there wasn't anything detailed

Rea : wow that's sad

## Me : too much , let me cook we'll talk . I'm glad you're getting better

Rea : thanks for calling , I appreciate it

Me : no problem

I drop the call

I thought she would go home , but seems like that's not happening

We just have a week left , before we return back to college

\*Monde\*

### We've just arrived back home

l'm in my room

We since built a house , and built rooms on the outside for ourselves

We always use them , and not the main house

The close family members have arrived

Mostly the uncles and the aunts , with a few cousins

I just couldn't bare being with them

Like there's no words that can comfort me right now

I take my phone calling her , and I'm still blocked I guess she really doesn't want to talk to me

I sigh rubbing my eyes

The door opens , Nkazimulo walks in

Nkazi : l'm sorry for not knocking

l nod

#### Nkazi : uhm.....you calling her ?

Me : I'm still blocked

Nkazi : you know , I know you can get a hold of her if you're determined

I shake my head slowly , because he's right

### Nkazi : but you're just respecting the space she wants

Me : I'm loosing her

Nkazi : don't say that

Why not ?

I've lost my son , I'm loosing the woman I love with everything that I am

## Nkazi : we'll get through this , and I know you'll get her back . That's our wife

I chuckle shaking my head

The funeral went well , if I can even say such a thing . Because a funeral is just a funeral

Even though , Thembi's family wanted to cause drama

Because I am not getting involved in anything that has to do with their daughter

And they felt deprived of Aphiwe , I don't even know how

Because they were told about the funeral

Maybe they wanted to bury him

# Of which was never going to happen

My family is very big in keeping with tradition , and the cultures we practice

So I got cleansed , right after the funeral . Even though some members wanted me to mourn for like 3 months Some said even a month

But then again , they place it mostly on women

And men mostly when your wife is the one who passed on

But the great uncle , just said they should get me cleansed . There's no need to mourn the baby Thembi was just a wife on paper , nothing traditional was ever done for her in my family

And I'll be heading back to Joburg tonight , I'll probably just go back to my house

I don't want to be around my brother's or anyone

I just want to be alone

If only Mrs Nkosi , didn't hate me so much right now

And she wasn't this upset

Uncle : are you sure you want to leave tonight ?

l nod

Uncle : you could stay home for a few days , just to clear your head out

Me : no , I want to leave

He sighs nodding

l get up

Me : uhm ..... I'll keep in touch

Uncle : take care son

I nod walking away

Uncle : your brother is strong , but Velile keep an eye on him . He's taken a knock , and I haven't seen him cry or show any emotions . We don't want him taking his life , he's lost a son that's a very big thing . He needs to let go

## I hear him saying to Velile as I walk away from them

\*Nomaswazi\*

•

### He laughs

Me : really ?

Mpho : what ?

Me : babe I'm not making a joke

### Mpho : l'm sure you're not

Me : so take me serious

Mpho : yeah but , okay I hear you

Me : so like imagine an apartment loft that looks like its for a magazine advertisement , and a whole R8 Mpho : Monde can afford that

Me : yeah I know , just that I doubt Rea would give those things back

Mpho : but you said they're in her name

Me : that's what she said

Mpho : so she doesn't have to give them back

Me : yeah but....

Mpho : babe , how would you feel if I buy you something and take it back when we break up ?.

Me : obviously that would hurt

Mpho : exactly , and I don't think Monde wants to hurt Rea

Me : but still babe , that's a lot of money he spent . It's only right she gives him his things back

Mpho : they're hers now , and he wanted to spend that money . Rea didn't ask him ..... Can we just stop talking about those two ? Me : fine

#### Mpho : don't be so sour

He laughs , I lay back now knowing the conversation will probably be about anything and everything

I finish writing the last paragraph

Now that we're just a few days away from opening in college

I just want to finish my assignments , I had before we closed

And are due as we open , because I slacked on them . With the drama going on , but I'm glad they're done now Now I don't have to worry about them , since I just dedicated today to them

I'm hungry , I could use something light

Maybe junk food , cause I'm lazy to even cook . I don't even remember when last I cooked I probably wouldn't even down the junk food

I haven't been eating well lately

Basically I just go days without food and still feel very fine , I can't even eat well I have no appetite

My phone rings startling me out of my thoughts

It's a number I don't know , and I'm very hesitant answering it

But I take it anyways

Me : hello ?

Voice : MaNkosi please don't drop the call

It's Nkazimulo

Nkazi : he needs you , I'm being selfish right now I know . But please

I shake my head , just getting all emotional out of nowhere

Me : I don't want to be with a man who couldn't be honest with me , and got me look somehow

### Nkazi : please , he lost Aphiwe

I'm lost there , not knowing who Aphiwe is

Nkazi : his son

Me : what ?

There's pain in his voice

Nkazi : Thembi.....she got drunk and the baby was with her . They both didn't make it .....

Me : wait..... wait what do you mean they didn't make it ? Nkazimulo what are you talking about ?

Nkazi : she got into an accident , it was his funeral yesterday . We laid him at home in KZN , we're back in Pretoria though ..... The phone just slips out of my hand , falling down

And tears just streaming down my face

I'm just overwhelmed with emotions and just shock

Like is he for real right now ?

Just thinking about Monde , I don't even waste a second I'm on my feet

Grabbing my car keys rushing out heading to my car , driving out to Centurion

I get a hold of myself , wiping my tears

My hands are trembling

I need to make it there still alive and in one piece

After a while I arrive , the gate is locked . But as I park at the gate , the big gate opens

I wait to see if maybe someone is driving out , or maybe there's another car coming But there's no car that's coming or out , I drive in

I park my car on the drive way , next to a car I don't know

Only it dawns on me , maybe their family is here

But could they be ?

It's possible though

# I mean Nkazi said they laid the baby in KZN

But what about Thembi?

Okay !.

I'm still an idiot even today , I just rushed here not even thinking about anything Forgetting that this man , just lost his wife

What am I? And what am I doing here ?

I turn looking back , and the gate is closed

l sigh

I can't drive out now

Why can't I just use my mind sometimes ?

I get out of the car, worse I'm in slippers

Sweatpants and hoodie

I knock at the door , and Robert opens with a smile

Robert : Mrs Nkosi

Me : hi Robert

I dart my eyes to the lounge, and I see all three brothers

Velile has a little boy on his lap

Khaya : MaNkosi

They all look at me

#### Me : where is he ?

### I ask as humbled as I can be

Velile : in your room

I take a deep breath

I just turn walking upstairs , without uttering another word

## I open the door and walk in

It's so dark , like there's no ounce of light

I turn to my right feeling his presence

And he's sitting down on the floor

He has his head bowed down

His shirt rolled on his sleeves , and it's not tucked definitely

I lean down , and place my hands on his arms

He lifts his head , his eyes are bloodshot red

He wasn't crying no , but the tears are burning his eyes

Me : hi

I whisper

Me : l'm so sorry

Tears stream down my face

He brings me closer with his one hand behind my back

I just bury my face against his chest crying

He holds me until I gather myself

I pull back , looking at him

Me : did you eat ?

He shakes his head

Me : you have to eat

I slowly get up , he holds my hand

Monde : I don't want to eat

Me : Mphazima please

He shakes his head , I crouch back down

### Me : don't do this

We stare at each other for a few minutes in silence

He pecks my lips , I sure missed his touch

I lean over for a deeper kiss , of which he gladly accepts

He trails his hands to my boobs , and I can feel his touch is rough

I unbutton his t-shirt , he's quick to hold my hands

Me : please....

Monde : I don't want to hurt you I slowly get up , I take my slippers off along with my socks

I pull my sweatpants down , along with my panty

I dart my eyes to him , taking my hoodie off and my sports bra

Me : have me , however you want . I'm here

# His eyes darken as he slowly gets up

Monde : you sure ?

I stand still on my tracks

Me : I'm very sure

Monde : get on the bed

His voice is very stern , and has gotten deeper

I move back slowly heading to the bed

I sit down , and trail back my eyes not leaving his

He takes his loosened tie off

Just tearing his shirt , he unbuckles his pants

And takes his belt off , he walks to the bed

Monde : bring your hands

I bring my hands up , he takes his belt tying them together I feel the grip , as he tightens the hold

I flinch in pain

Monde : part your legs for me, to the sides

I part my legs slowly , his voice is commanding

He devours me with his lustful eyes

Monde : don't bring your hands to me , don't touch me . Bring them up , to the back of your head

I take a deep breath , lifting my hands to the back of my head

## \*Monde\*

I take my pants and briefs off, getting on the bed

She looks at me , there's just lust in her eyes

I bring her legs to my chest pining her down

She flinches in pain , I thrust against her clit for a bit before sliding in through Rea : awwww.....

I push in harder , pounding in deeper

Rea : mhm .....baby....

She cries out , pushing her legs against my chest

## Her facial expression says just how uncomfortable she is

She lifts her upper body , I pin her down pinching her nipples

She closes her eyes , biting her lower lip

She moves her hands over her head , to the front pushing my chest Me:don't

She shakes her head , her eyes glistening

I slide out of her , getting off the bed

I untie her hands , she rubs on them

Rea : l'm.....

I shut her up with a tongue kiss

I grab my tie tying her hands again , behind her back

She roughly pulls out of the kiss , looking at me

I grab her off the bed , with her one arm

Heading to the mirror , I turn her around getting behind her back

I slap her ass cheeks as few times , she lets out moans of pain

I thrust my dick in between her thighs , parting her coochie lips sliding through I push her hard against the stand , she screams in moans

I fuck her going on deeper, grabbing on her waist

She looks back at our reflection in the mirror , her screams and moans filling this room As I feel her walls closing on , I roughly pull out

Rea:noooo.....

She says annoyed , I turn her around lifting her up to the stand

I part both her legs , putting them up

I slide through again , leaning forward biting her lower lip pulling it back

Rea : Ohhh shit .....

Her boobs bounce against my chest , as I ram harder into her

Rea : l'm..... So close , please don't stooooop .... She fiddles with her hands behind her back

She leans forward , I bring her back placing my hand on her neck choking her

She closes her eyes , seeing the struggle on her face

She brings her legs down , and looks at me with eyes of a plea

I pull them tightly together , just pounding into her

And it's causing her pain , she moves back her ass touching the mirror

I pull her towards me , placing my hands on her waist

Rea : fuck !.....please open up.....

She slightly opens her eyes, throwing her head back

Her body shaking

Rea : Ohhhh shit !

She squirts in small portions , as she keeps holding in

# I pick her off , heading to the bed

Rea : l'm tired

## Me : get on your knees

She looks at me with reddish eyes

I get behind her , placing her on her knees

She lays down

Rea : my hands

She says muffled by the sheets

I grab a hold of the tie , placing her back on her knees

I get behind her , sliding my dick behind her

Me : let's do this nicely please

I place a few pecks on her neck

Rea : I.....

I bite on her neck , she lets out a moan My one hand trails to her boobs , I pinch her nipples my dick pounding into her

And her ass bouncing on my lower waist , and thighs

My dick tightens , as her walls grip closing in on me

I hold her tight , my one arm trailing to her neck

## I bring her head back

Rea : damnit !

She squirts , letting out a cry

I turn her face , capturing her lips into mine

I shoot up , leaving my seed inside of her

I lean to the side , bringing her on top of me

My dick still buried deep inside of her

Rea : I can't ..... my hands

I thrust in underneath her , trailing my hand to rub on her clit Her body shakes on top of me, she presses her ass down

Rea : I can't again....please.....

She cries out in a moan , as she squirts splashing all over us on the already wet sheets

Within the midst of her orgasm , her body goes still

Me : fuck !.

# I can't believe she's passed out on me like this

\*INSERT 30\*

# \*Monde\*

I slowly remove the sheet off of her , I just want to take a good look at her

And she shivers a bit , as the morning breeze hits her bare skin

I notice the slight bruises on her thigh , and her hand that's exposed

Mostly on the wrist , where the belt was at

And there's trails heading to her neck , from her boobs

I heave a sigh as she turns, fiddling for the sheets And I notice well , even the ones on her ass cheeks

I place the sheet back , covering her

She snuggles , folding her legs

Pulling the sheet up , she covers her head

I stand over watching her , for a few minutes and she's still

I walk to the bathroom , taking a quick cold shower

I walk out , getting dressed

I grab my phone and head downstairs

The masculine voices welcome me

Khaya : someone is finally awake

They look at me

Velile : are you okay ?.

Inod

I grab a glass of water , and down it

Nkazi : wow....that's some thirst

One thing I know , is that they didn't hear us last night

Because my room is sound proofed

I just got that after Rea being around , she can tend to be a bit loud at times

Not that she's a screamer

Khaya : your chef cooked

I check the food

And I know she won't want to eat this

I take out a bowl , grabbing some fruits and making her a fruit salad

Nkazi : you're going to eat that ?

His eyes are not leaving me

Velile : MaNkosi spent the night ?

I nod , grabbing a glass pouring orange juice

Nkazi : so you're okay now right ?

I hope so

But I also know , the sex wasn't us fixing things

Everything else just needs us to talk it out

Nkazi : I mean she slept the night , that's a good sign

Me : or maybe she just felt me pity , that my son died

It goes silent , I grab the bowl and the juice walking out

heading upstairs back to the room

She's still asleep , I place the bowl and glass of juice on the night stand

Me : MaNkosi

I shake her slightly

After a few minutes , she turns facing me

She opens her eyes , and they look so swollen

Me : uhm.... l've brought you breakfast

Rea : l'm not hungry

Me : you have to eat please

#### Rea : uhm....I have to go

### Me : not this early

Rea : it's fine

She slowly sits up , seeing that she's in pain

Me : can I see ?

She shakes her head

She hates it , when I try and look at her bruises after having an intense night

Rea : I'm really sorry about your son , can you tell me what happened ?

l sigh

Me : Thembi was driving with him drunk , his seat wasn't even strapped tight

Rea : I'm sorry , when did this happen ?

Me : a few days ago , she left drove all the way from Joburg to Fourways . I wasn't even aware she was there

# She pops her eyes like she's seen a ghost

Rea : what.... It happened the day she was at Fourways mall ?.

Me : just near the mall

She heaves a sigh , putting her hands on her face

And it's like she's crying now

I'm stunned , because j don't get why she's crying . It's not like she knew Aphiwe

And she most certainly won't cry for Thembi

Me:uhm....

Rea : I'm so sorry , this is all my fault

Me : what ?

Rea : she came at me , said some words. Called me a home wrecker, and that she was going to deal with me. I retaliated and said some bad things to her as well, I'm really sorry. I didn't mean any of those things, I was just angry because she blamed me like I deliberately fell in love with you

knowing that you're married and have a child

She lifts her head wiping her tears off

Me : you can't blame yourself over a choice that she made , she should have known better

She shakes her head

Rea : no..... She was sober when she came to me , she must have gone and gotten drunk after what I said . I'm sorry , I have to go

She slowly so gets off the bed , and walks her naked self near the door where her clothes are at

She picks them up , and puts them on

# When she's done , she fixes her hair

Rea : I'm really sorry

She opens the door and walks out

I heave a sigh leaning over and sitting down on the bed

I look over at the fruit salad , and juice I brought

I take a deep breath

I get up walking to the door

I lock up the door , returning back to the bed

I lay on my back , facing up my eyes closed

#### Nkazi : are you okay ?

I wish I didn't see them , but there's no passing without them seeing me

Me : I'll be fine , please take care of your brother for me.

Khaya : please MaNkosi , I know he hurt you but ....

He sighs

Me : it's not.... I just have a request , please make sure he eats and he's well taken care of . If there's anything , give me a call . I'll be sure to unblock you

Nkazi : but....

Me : please

I tap his shoulder walking out , I get into my car and drive out heading back to Fourways

#### Me : what ?

Lerato : dad has been admitted in hospital

I sit down on the bed

Me : what happened ?

Lerato : what do you mean ?

What the hell ?

Lerato : he's been sick for a while , and you know that . So he just got worse

I don't understand what's the attitude about

Because Lerato and I share the same father

But clearly she sides with her mother's kids and not me

Me : why wasn't I told that the medication is not working anymore ?

Lerato : yhoh ! Now you know he's in hospital

And she drops the call just like that

I wipe my tears off

Even crying won't help me right now

l get up , grabbing my sports bag

I take out a few clothes out of the wardrobe

Why is everything just going wrong ?

First it was the accident of Thembi , and I can't help but blame myself Now this

I can't have my father leaving me

He's the only parent I have left , without him I have no one

I'm basically just on my own here

I grab a bag , just grabbing clothes from the wardrobe

I have to go home , I have to see for myself just how bad his situation is

The door monitor goes off , and I think I have an idea of who it is

I just open , from the bedroom

Leaning over looking at the door , and I see him as he walks in

He's in a black slim fit suit , he looks so darn handsome

He lifts his eyes , I take mine off of him

Getting back to packing my clothes

He walks up , and leans against the door

Monde : Mrs Nkosi

I look at him , not believing he just called me that

After everything else , and what I told him yesterday morning

#### l'm still Mrs Nkosi

Monde : can we talk ?

Me : no

He sighs

Me : I have to go back home , my father has been admitted in hospital Monde : should I book you a flight ?

Me : no , the airport there might as well be non existent . So I have to drive

Monde : okay , take this . And take your father to a private hospital if you must , there's enough money on this card to cover bills Me : you don't....

Monde : MaNkosi I'm not fighting with you over this please

I take the card , I don't understand how he has two black cards

## Cause the other one , I use it since he gave it to me

Monde : drive safe

l nod

He places a kiss on my forehead

And he turns walking away , I lean over again watching him walk out

# I sit down on the bed , just tearing up

\*Nomaswazi\*

•

## Me : did they say what's wrong ?

#### Rea : no

#### It sounds like she's crying

Rea : I'll probably have to talk to the doctor , and I'll only know

then what's going on . And what went wrong , because I thought he was getting better

Me : how far are you ?

Rea : two hours max

Me : okay , drive safe

Rea : yeah

#### Me : call me when you arrive

Rea : I will

Me : and tell me what's happening once you've talked to the doctor

Rea : okay , let me drive we'll talk

Me : okay bye

I drop the call

College is opening , and I'm sure she's going to miss out a lot again

If the situation is worse with her father , she's going to be in free state for a while . I don't see how Rea is going to pass this year

### l'm preparing to go back to Pretoria

I just feel for her to be honest

\*Monde\*

•

Nkazi : and you're coming back ?

I place my car keys on the counter

Khaya : uphi uMaNkosi ? (Where is)

Velile : is she okay ?

l sigh

Me : what are you all still doing in my house ?

They stare at me

Me : I can't do anything , or go anywhere without being bombarded with questions

Nkazi : sorry

As if that will take down my frustrations

Me : please go back to your home's

Velile : okay , do we have our daughter in-law back ? Are you two okay ?

I look at him annoyed

Nkazi : the questions again

Me : her father is sick , and in hospital . She's gone home

Khaya : where is she from again ?

Nkazimulo laughs

Nkazi : you don't know that , no one ever told you that . But she's from Free State

Khaya : why did she go there alone ?

They all look at me

Me : what ?

Velile sighs

Velile : she needs support

Me : I don't deny that

Nkazi : but you're here

Me : I didn't go to her place to leave , I went there to talk . But of course she was leaving . Did I anticipate that I'll get there , and things would be the way they were ?

I just wanted to talk to her about this Thembi issue , and why I kept it from her

#### The situation is bad

I don't understand how a person can be sick so quick

And in just two days he looks like this

I can barely even recognise my own father And they had just dropped him at the hospital and left

When I arrived last night , they told me the wife arrived in the morning

And since she left

No one came to check on him , or bring him anything

# It's like they had just abounded him there

I didn't even think twice or hesitate using the black card Monde gave me yesterday

And I asked that he be moved from Thebe hospital to Busamed private hospital

I spent the night here

I'm scared to leave , I'm scared I'll leave and something will happen while I'm not here

I haven't left his bed side , nor have I left this room

Just being with him from last night until now

I feel so drained myself , and I'm so tired

I place my head on the bed , just closing my eyes

Even catching sleep for a few minutes will do

But I'm disturbed by the door opening , I lift my head

### And I'm shocked seeing him

I thought it's a nurse or a doctor

I can't believe that he's here

Monde : Mrs Nkosi

He stands next to me , looking handsome as always

In a dark navy slim fit suit

### Me : you're here ?

I tear up , just getting all emotional

Monde : come here

I get up , he pulls me closer for a tight hug

Me : thank you for coming

### I'm so happy he's here

I'm happy that he came , I honestly feel all alone

Monde : There's nowhere I'll rather be

### \*Monde\*

Me : you've been in hospital , the whole night and morning . You need to rest

### She shakes her head

Me : please

Rea : what if something happens ? I don't want to leave

Me : okay , but go lay on the couch and sleep . I'll stay put and watch him

She looks at me with her reddish puffy eyes

Me : I'm begging you

Rea : okay , don't leave

Me: I won't

She gets up and walks over to the couch

## She lays down me, closes her eyes

I know she's tired , and in a few minutes she'll fall asleep

My phone rings , I'm quick to answer it before it makes too much noise ringing long

Me: yeah

Nkazi : how is she ?

Me : not good

He sighs

Nkazi : her father ?

Me : neither , he won't make it

I look at her, and she's asleep

### Nkazi : Monde you can't say that

Me : I've seen death way too many times , trust me I know when a person is dying . This man won't be here tomorrow

He goes quite

Me : I'll probably be this side for a while , my woman is alone here . These people don't seem to care about him at all

Nkazi : I don't know what to say

Me : she's going to need me so

He sighs

Nkazi : but like are you sure ?

Me : I know what I'm talking about , even she doesn't want to leave him . She's scared that maybe something will happen while she's not here , trust me she feels it . He's not going to wake up

Nkazi : don't tell her this Monde , she won't take it well

#### Me: I know , and I won't

Nkazi : okay let's talk later

I drop the call

\*Reatile\*

Monde woke me up , and it was just chaos in the ward

Doctors were just all over my father

# And right there and then , as we were told to go outside of the ward

I knew he was not coming back

I knew he was gone

I can feel it , he's no more

And it's late now , I slept almost throughout the whole day

Shows just how tired I was

Me : he's not coming back

I wipe my tears

He pulls me closer to him , I lay my head on his chest

Monde : we don't know what's going on

I shake my head

Me : it's no use

Just then the doctor opens the door, and his eyes land on us

Doc : Ms Maphosa

### I shift from Monde , wiping my tears

Me : is ..... is my father okay ?

Doc : please come with me

Me : please just tell me

Doc : we can't discuss a patient

Me : please just tell me

He heaves a sigh

Doc : I'm sorry , we did everything we could

I lean against the wall , and just slide down

I feel Monde holding me into his arms

### \*Monde\*

Me : let's go

She is just staring into space

Me : MaNkosi please

She heaves sigh

Rea : I.... I have to call....

Me : you can do all of that tomorrow , right now you need to rest it's very late

I get up taking her hand

We walk out , heading to my car . I open the door for her

Rea : my car....

Me : you'll get it tomorrow

She leans back on the seat , I walk to my side

I'll just order food at the hotel , I know she will refuse

But she has to eat

I drive off to the hotel , I'm not even taking her to her home

### She'll go tomorrow

### \*A FEW DAYS LATER\*

### \*Reatile\*

### My family has no shame whatsoever

I've never been so embarrassed and ashamed like I am right now

They didn't even have a funeral policy , like not even a single one

Everyone just folded hands , to see what we'll do

Family members , were just acting like they don't even see what's happening

I am so ashamed , that I don't even wish for Monde to see me

He's the one who took care of all the funeral arrangements

### Like everything

He didn't even use the cards on me , he just asked what's needed and did everything

It's Friday today , and I can't wait for tomorrow so I can leave

After the funeral I am gone

I can't bare being here for another day

I am so done with these people

MaLerato : so , now that your father is no more what's going to happen ?

I look at her

Me : with what ?

MaLerato : the money you were sending

I should have known , the man isn't even buried yet

Me : well , it died with him

She pops her eyes , now I doubt they were even using the money I sent for his medication Me : I won't be sending anymore money here , not even a cent . What brought us together , is no more

Lerato walks in in , and she's all teary

I wonder what's going on with her

MaLerato : what about us ?

Me : what about you ?

I shrug

MaLerato : okay , if not for my kids and me . Then for your sister

Me : have you no shame , your son's are even older than me .

My own mother , has long been carrying soil with her chest . And you expect me to support you all , hell no ! As for her , she's your child too

MaLerato : she's your father's child

Me : and she's never seen , nor regarded me as one . Let me continue being the outcast , and everyone continues being the way that they were . If she ever cared , she would have long understood that I'm the only sister she has . We share the same father , but she chose her mothers kids over me

I look at them both , and Lerato is crying now

I walk out , and the yard is just full of women and men

The men are slaughtering , and the women are peeling the vegetables

I'm stunned catching a glimpse of Monde and Velile by the men slaughtering

I'm like , am I even allowed to go there ?

But I see a few women with bowls , so I walk over

I'll just pretend like I'm talking to them

And as I walk closer , I see all four Nkosi brothers . I'm shocked , I didn't expect them

My man in an overall , like okay that's a sight

I can't help but just laugh , I place my hand on my mouth . This is something new

I mean , this is an all nothing but slim fit suits man

I stand by with the woman , as they keep taking meat from the men Lord, a man who holds a knife and brings a cow down

I swear , I have scored a man here

They finally move over , as Khaya takes the knife from his brother

Velile is the one who spots me first

You can tell he's the oldest of the group , always so serious

Monde looks over , and I just flash him a smile

I turn over walking away with one of the women

I hope I can see them before they leave

#### I mean, it's already late

Me : we're in town , waiting at the taxi rank next to Bibi . I think , did I say that right ?

Mpho chuckles , and she laughs

Rea : yes , my cousin will be there soon

Mpho rented a car , and I feel so bad

Because he's using money that he needs

But when I told him about Rea's father

And I said I'm coming to the funeral, he said he's coming

He waited for me to get to Pretoria so we can come together

I'll just have to send him money when we get back

And just pretend like I'm spoiling him

So he doesn't notice it's for payment coming this way

I know he's working hard , and needs his money for rent and other things

Or I can cover his groceries for the month , so he doesn't notice

Me : alright , how are you holding up ?

Rea : I feel like it's sinking in , I haven't lost my mind . I survived this week , I think I'll make it fine

Me : you'll get through , I'll see you soon

Rea : okay , be safe

Me : okay

I drop the call

I left Swazi in my room

I really do appreciate her coming all this way , I didn't even think she would

Not many people would , even friends even

I didn't expect that she would come like at all

Her calling and checking up on me, was just enough. Because she did that like everyday

So her presence means a lot

I swear today , I'm getting to see another side of the brothers

They're sitting outside , amongst other men

They're sharing the meat that was done by the fire

They're all eating from one big bowl with everyone

Mpho is also amongst them

And there's like a 20L of traditional beer there , and they're drinking

This is new for me

Just the overalls and seeing them drinking such

I mean , especially Monde

He's a whiskey and scotch kind of a man, a suit man

But today, I'm seeing a sight

He looks my way , and says something to Velile

Then he gets up and walks my way

Monde : I so badly want to kiss you

I laugh

#### Me : you smell funny

He chuckles

Monde : l've been busy

Me: I saw that

Monde : let's walk over to the car

He takes my hand , we walk to his car

He said my car is at the hotel where they're staying

He took it from the hospital

I was just a mess after the whole ordeal

Monde : how are you holding up ?

Me : I just want tomorrow to be done , so I can leave

Monde : leave ?

Me : go back to Pretoria

# Monde : you're not sticking around ?

Me : no , my step mother was already asking me if I'll continue sending them money now that my father is gone

He sighs

Monde : what did you say ?

Me : of course it's not happening , I'm done taking care of them . Now I don't even believe that the money I was sending was used to take care of my father

Monde : okay , but don't you have to like get cleansed ?

l shrug

## Me : I know nothing about those things

Monde : isn't there an elder you can ask , so we leave with everything done ?

Me : I can ask my uncle

Monde : okay , you do that and let me know what he says

Me : okay

#### I'm tired , and drained

### I don't even feel like myself

As that coffin was going down , it sinked in that he's gone

And he's never coming back

I'm left an orphan

It's a hard reality , and it has hit me

As much as my father wasn't doing much for me

But the fact that he was still alive , that meant something

I walk over to the brothers , and today they look like the Nkosi brothers I know

But there at the grave yard , they didn't shy away grabbing a shovel

Nkazi : Makoti wethu (our bride)

I smile

Honestly, I didn't think they would all come as well

It was a surprise seeing them all yesterday

Me : thank you all so much for coming , it was a shock

They chuckle

Khaya : we take care of our own sis

Monde : stop talking nonsense , let me steal my wife

Me : wait..... Did you eat ?

Nkazi : yes , but you can serve us still

Monde : for what ?

#### Nkazi : just because it's her

Monde : uyahlanya (you're out of your mind)

I laugh , he takes my hand we walk away from them

Monde : you look pale

Me : l'm tired

Monde : what did your uncle say ?

Me : we have to get a sheep , I think that's just crazy

He chuckles

Monde : no it's not , he's right . They need the bile to mix with the herbs , you'll be bathed with . And that will happen in the afternoon , so you can't leave today

l sigh

Me : that's what he said

Monde : it's almost noon , it'll be tomorrow before you know it . Then we can leave

### Me : he said they're cutting my hair

He smiles , and I'm so annoyed

Monde : yes they have to , all of it

Me : that's crazy , I didn't even bring my weaves . Now I'll be left with a bald head Monde : you'll still be beautiful without your hair

Me : I don't know , I think I'm going to look ugly

He hugs me

Monde : there's no such

#### \*Monde\*

My brothers and I, along with Mpho are back at the hotel Not my woman calling me , that she's cold they bathed her with cold water

She was even crying

It was funny though

I wonder how she'll be tomorrow morning , when they cut her hair

# Already she wasn't happy about that

Velile : can we send the money ?

I look at him

They said they want to send her money , just as condolences

Me : yeah , don't embarrass me

They laugh

Khaya : wait..... We're not billionaires like you

Me : just don't give her an allowance , make it fat

Nkazi : how much do you even give her as an allowance ?

#### Me: 10K to 15, that was before

Khaya gasps

Nkazi : and now ?

Me : she has two black cards

I say with a laugh

Velile : you're insane , Nkazi let's send the money to you . And you'll send it to her as a batch

Khaya : please

This boy !

Me : you're all an embarrassment

Nkazi : Mpho chip in your portion , we're going through the most

They all take out their phones , Nkazimulo gives Mpho his account number

Nkazi : now this looks better

Velile : my wife doesn't even get 10K I'm just wondering how much she gets

Khaya : why do you even give women money ?

Nkazi : what are you trying to teach me ?

Khaya : you're ruining these women

# He can't be my brother , no I refuse

We spend on our women , and take care of them

Monde : imali yendoda yidliwa umfazi ( a man's money is chowed by his woman)

They laugh

Rea : what's up ?

I shake my head

Rea : come on , I can see something is going on . So just spit it out , I'm about to sleep now . It's been a long day

l sigh

#### Me : okay , don't take offence

She laughs

Rea : then don't offend me

That's a tough one

Me : so you and Monde are back together ?

I was shocked seeing him and his brother's , when we arrived yesterday

And even today , they were here

Even at the graveyard , they were there

They wouldn't be here unless the two are okay now Last I heard , things were sour and yet that's not how they looked

Rea : back together ?

She asks with a frown

Me : come on , you wanted nothing to do with Monde because he lied to you and just led you on . As far as I know ,
you two weren't together
anymore . Unless that wasn't
the case

She sighs

Rea : we're fine

This is a clap once situation

Me : so you forgave him and all ?

Rea : there .....

Her phone beeps , she reaches for it and goes silent for a while

Me : what's wrong ?.

I ask because of her facial expression

# Rea : uhm.... The Nkosi brothers have just sent me money

Wow

Life is nothing but a bliss for Rea lately , she's getting money left right and centre

And maybe that's why she's still with Monde , for this money

Me:wow

Rea : it's .... They said it's their condolences

I nod slowly

Rea : along with Mpho , I mean did he tell you ?

Now that's a shock to me

# Me : no , how much did they send ?

Rea : it's a lot like 50K

Me : what the .....

I get up , and get closer to where she's sitting

I lean over , looking at the bank notification

And she's not lying

Me : that's a lot of money

Rea: I know

With that much money , I can only wonder how much Mpho sent her

# Me : how much did Mpho send ?

Rea : I don't know who sent how much , Nkazi sent it and said it's from all four of them

Me:wow

I'm really just speechless , I don't even know what to say

### Nkazimulo walks out with his bag

Velile and Khaya have already left

Along with Mpho and Swazi

It's just us three left behind

But we're about to leave now

Khaya left with my car, Velile took the one they came with

And we're leaving with Monde's car

After the cleansing ceremony this morning , I just took what's mine and left

Monde : let me see

#### He's going to annoy me

I have on a doek , and it suits me

I'm hiding my head

I don't even remember when was it the last time I've cut my hair And now I have no hair at all

Monde : Mrs ....

Me : no

Monde : but ....

Me : please leave me alone

I put on my sandals , grabbing my phone

He stands in front of me , taking my doek off slowly

He smiles , I feel like slapping him

Monde : you're so beautiful , don't put this one

Me : no

Monde : don't you trust me ?

Me : you're the last person I trust on this earth

Monde : that's just .....

Me : can we go , give me back my doek

He sighs giving it back , I sit down on the bed tying it again When I'm satisfied , I get up and we walk out

Heading to the car

They've already checked out

We get in at the back , Nkazi is the one driving

As we're about to reach Engen garage , I look at her

She has her head on my shoulders , her one hand on my lower waist

Me : did you eat ?

She shakes her head

Me : Nkazi go in

Nkazi : okay

Rea : no , l'm not hungry

Me : you're not hungry , what did you eat ?

Rea : nothing , but l'm not hungry Me : don't annoy me , you're going to go in at Wimpy or Spur and find something to eat

She moves her head from me and looks at me

Rea : but ....

Me : but what ? Ufuna ngikulahle ? (Do you want me to dump you) She pops her eyes , like she doesn't believe what I've just said

Me : don't eat , we'll return back to Pretoria with this done

She makes those puppy eyes , but I'm not falling for that

Rea : Nkazimulo I'm going to eat

She says looking at him , I catch a glimpse of him smiling on the mirror

She leans back on her seat

As he drives through the garage , she looks at me

Her eyes are glistening

Rea : Mphazima you'll really dump me for not eating ?

Me : yes , I can't have you starving yourself Mrs Nkosi

She sighs

I hold her neck , bringing her closer placing a few pecks on her lips Nkazimulo gets out of the car

Me : take away or you're sitting down ?

Rea : I'll sit down , I'll eat better

Me : okay , let's go

I open the door getting out , she slides out on my side as well

This has just been eating me

Since from last night, I barely even slept

So it's best , I just get it off my chest

Me : so , I heard you contributed towards the 50K

### He doesn't even look at me

Me : so how much did you pay ?

He sighs

Me : babe !

Mpho : honestly , I know you're friends with Rea . But there are

just things she's just not supposed to tell you

Me : what ?

Mpho : that was to console her , I don't see a reason for you to know how much I gave her or how much I took out

Me : but.....

# Mpho : no buts , you had no business knowing about that

l sigh

Me : I'm just genuinely asking

Mpho : well , I contributed half with everyone

Me : so you contributed the same amount ?

#### He keeps quite

Me : and now I'm not supposed to ask where you got that kind of money ?

Mpho : why would you even ask ?

Me : for one , it's a worry . And to think I was concerned that

you'll struggle financially this month , because you hired this car

Mpho : well don't be

Wow , like what's all this ? And I'm just thinking 50K split 4 ways

That's like 12.5K

# Where does Mpho get that kind of money ?

\*Reatile\*

•

# Me : thank you so much , we'll do lunch soon

Swazi : okay babe

Me : bye

I drop the call

We've arrived , and we're in Centurion with the brother's

I'm guessing they're sleeping here as well

I don't mind them being around though

I know I'm tired to drive to Fourways So I'll go to my place some other time , just not today

Monde : you're sleeping ?

Inod

He sighs sitting down next to me

Me : there's something I need to tell you

I heave a sigh , honestly there's just a lot of things we're sitting on

I want this out of my chest

Monde : what ?

Me : on the day we went to Joburg , remember how I asked

you to take me to clicks or Dischem ?

Monde : yeah

Me : I.... I wanted to get a pregnancy test . Because I caught on that morning , that I missed my periods

I can't comprehend his facial expression

Maybe I should have waited , but I just want to get this off my chest

Me : and I took a test in the toilets there , it was positive . I didn't want to tell you then , because I just wanted us to enjoy our day . And we had never spoken about kids , so I didn't know how you would feel of take the news

### I take a deep breath

Me : but then everything happened, and that day came into ruins we all know just how it ended . And so , I couldn't tell you anymore. I took the second test and it was positive, and I wished it wasn't. I made an appointment with the doctor, I didn't want to keep the baby

He frowns

Me : that day at the mall , when I met Thembi . Well , I went there because I was going to get an abortion .....

Monde : wait , you killed my child ?

I look at him

Monde : like wasn't it enough that I lost one child , you had to kill the other one too ? Who said I wasn't going to be there for my baby , or be a present father ?

Me : Monde .....

Monde : don't start with me , I don't even know why you're telling me this shit right now Me : I was hurt , and I wasn't thinking .....

Monde : I don't care

He gets up walking out of the bedroom , I turn thinking he'll walk back but nothing

Me : great !

### \*Reatile\*

I don't know if he slept in here or what

But I think he didn't

Cause I barely slept as well

So I would have heard him come to bed

I guess he's that upset

And maybe he wants nothing to do with me right now

I'm leaving , and going back to my place

For my own sake and sanity

I won't stay here with a man that's moping around me He's angry , I could tell from last night just how he spoke to me

And Monde has never used that tone with me , like ever

I just grabbed a few things , from my things here

And my bag is still packed

My phone rings

I sight looking at who's calling

What does this woman want now ?

Like why can't she just leave me alone

I answer already annoyed

Me : MaLerato

# Lerato : sesi ke nna (sister it's me)

l sigh

Me : Keng ? (What is it)

Lerato : I.... why did you leave me ?.

I frown at that

#### Me : what do you mean ?

Lerato : I don't want to live with them

This is the test of times now

Me : Lerato , just because I said I will no longer send money . You suddenly don't want to live with your mother and brother's ? I have no reason to take you with me

Lerato : but....

Me : please stop calling me , my father is dead . We all can be done with each other

I drop the call

Grabbing my bag

# She walks down the stairs with her bag

I shake my head slowly

### And all eyes on me

Nkazi : what's going on ?

She stands next to Khaya

Velile : MaNkosi

Rea : I'm going back to my place

Velile : why ?

He asks her but he's looking at me

She looks down , keeping quite

Velile : Monde what's this ?

Me : what ?

Velile : will anyone of you say what's going on ?

Me : she wants to leave

Velile : don't annoy me

He looks at Rea

Velile : take that bag back to your room , and come join us for breakfast

She stands still

Velile : now would be the best time !

His tone is off , she grabs her bag in a second

### Me : don't talk to her like that

Velile : ngizokuhlaba ngempama mina (I'll slap you)

That's addressed to me , she takes her bag going back upstairs

Velile : it's way too early for this nonsensical drama

#### After a while she comes back

Velile : Khaya move from there

He is sitting next to me

He gets up

Velile : MaNkosi hlala phantsi (sit down) She sits down on the chair Khaya was sitting on

It's just awkward , and very silent during breakfast

I get up , walking to the kitchen

He follows me

Velile : what's that ?

Me : she told me she found out she was pregnant , and she aborted

Velile : what ?

I look at him

Me : the day of your braai she found out , the day Aphiwe died she also aborted He sighs shaking his head

Velile : don't tell me that you believe that

Me : she told me herself

I'm in pain to be honest

Velile : she lied

l sigh

Velile : that's our MaNkosi , do you think she's capable of doing such a thing ? Maybe she thought about it , because things were just a mess yes . But she didn't do that , she lied

Me : no

I shake my head

Velile : MaNkosi can never do such a thing , it doesn't even suit her . Trust me , she's carrying that baby right now . Stop acting up , fix things with your woman . When she feels like you're in a better space , she'll tell you

Me : why would she tell me about the abortion if she didn't do it ? Velile : whatever reasons she had , but trust me ayikho leyonto (there's no such)

I'm finding it hard to believe him right now

Because Rea has no reason to tell me lies

Velile : go apologize , because I'm sure you also spit shit and

## that's why she wanted to leave like that

He walks out , I'm left just lost in thought

\*Reatile\*

# I decided to do the dishes after breakfast

Just to take my mind off things

Velile scared me there , he wasn't taking nonsense

It was just another sight of him

And really his presence , as the big brother was definitely felt

And right there and then , I knew I have to respect that man he's not my age mate No matter what , he's the elder in this family

I remember Monde told me, their parents passed away

So he's their family elder

I guess I'm not going anywhere , unless he will agree when I leave Or I'll just hear from him when I can leave

I feel him walking in , I close my eyes for a brief moment

He walks closer , standing behind me

He slides his hand hugging me from behind

Monde : ngicela uxolo MaNkosi (l'm sorry)

I take a deep breath closing my eyes

He places a kiss on my neck

Monde : please forgive me

I just nod , I feel like words will just fail me

Just how he went about cutting me off , and that harsh tone of his

He trails his hand to my coochie , brushing it over my dresses

I just get hot flushes

Me : don't .....

He moves closer , I feel his erect bulge on my ass

He dry humps , I'm being a mess down there

Me : you were letting me leave

He sucks on my neck

Monde : I'm an idiot you know that , but then I wanted to see

# how you would get past the gate

l sigh

Me : your brothers are home

Monde : nna ke bolaiwa ke nopa (horniness is killing me)

I smile

He turns me around I face him

I'm so horny right now , my lower waist is even painful

Crying to release

Monde : le one round hela (even just)

I laugh

#### Me : carry me up

Monde : I hate these people in our house , now I can't fuck you everywhere I want

Me : we're not porn stars

He chuckles , taking me into his arms

Monde : we're so above that

### He captures my lips into his , and we kiss going up the stairs

I pick her up into my arms , just ripping apart her dress

She gasps letting it fall down

I grab her panty , pulling it to the side

Rea : mhm..... Don't rip it

I chuckle , sliding my finger inside of her

Rea : oh shit !

I finger fuck her , unbuckling my pants with my one free hand

I slide them down , along with my briefs

My dick springs up , she grabs it and slides it inside of her

Rea : Ohhh .....my god !

I place both my hands on her ass cheeks , pounding in inside of her

Just by how warm and wet she is , my dick tightens

And I know I'm about to cum

She clings her legs to my back , and I know she's about to hold her orgasm

Me : don't do that ....just let go... cum

She stares into my eyes, and loosens her legs as she orgasms

I'm quick to turn her around, still into my arms

Her legs on my back

Me : don't fall

She laughs

Me : put it in mommy

She takes hold of my dick , sliding it inside of her

I trail my hands on to her boobs

She throws her head back , I take her lips into mine

Taking deep thrusts , my one hand trails to her neck

I choke her slightly

# Taking harder strokes inside of her

My dick finally releases as I cum

And I continue thrusting in

She roughly pulls out of the kiss , and moves up my dick sliding out of her As she squirts , she places a hand over her mouth

As she screams , more squirt coming out

I move her back down , grabbing my dick I slide it inside

Rea : fuck ..... I'm going to burst

She places her hands to my back , grabbing tightly

I take a few deep thrusts , pinching her nipple with my one hand

She pulls back , and just stands on her feet squirting some more

With a loud scream of pleasure

### I chuckle, just looking at her

#### He looks at me, and I'm so tired

But I'm hungry , like I'm dying of hunger

Monde : I'm going to work

l frown

Monde : I'll come see you during the day

Me : Monde I'm hungry

I say annoyed

Monde : so why are you fighting me ? You know the chef has cooked by now Me : and the food is not going to bring itself

Monde : why can't you just ask , that I bring you food ?

l pout

Monde : are you in pain ?

My throat is painful

Monde is going to kill me one of these days

But I swear , I love it when he chokes me when we have sex

He just worn me out last night

It was just too intense for me when I was squirting

My body is a bit painful

But to be honest , I'm always satisfied with this man

I feel used enough , he doesn't do a half job

Me : I swear , one of these days you're going to shift my womb

He laughs

Me : it's not funny

Monde : let me go get you food , give me a kiss

He leans down , and we kiss briefly before he walks out

I grab the duvet covering myself , I need an hour more of sleep

Velile : did you apologize ?

## Me : I did , yesterday . We're fine really

Velile : okay , I came to ask that

Me : there wasn't a need , you could have called

Velile : don't upset that woman

Me: yeah

Velile : l'm serious

Me : I hear you , but she woke up upset with me this morning . For what , I don't know . And she demanded in a way, that I bring her food. And I did, but do you know what?

Velile : what ?

Me : she was asleep

He laughs

Me : get out

Velile : you're being dealt , welcome to fatherhood

I walk in , and I'm welcomed by the TV sound , I just hope she's not asleep there by the couch

I place my keys on the key holder

She hates it when they're anywhere , but not the key holder Some people's houses , have rules and whatnot

I walk to the lounge , and I frown just at the state I find her

Me : Mrs Nkosi

She looks at me , taking a bite of whatever this is that she's eating Me : what.... What are you eating ?

Rea : ice cream

Me : melted ice cream ?

Rea : yes

Me : and .... What's that ?

Rea : it's a Pear

Me : wait , you melted vanilla ice cream and cut a pear and put it inside there . And you're eating that ?

Rea : yes

Wow !

And she goes back to eating that

### Should I be worried ?

Like who eats such things ? Like to be honest ?

Who melts ice cream ?

Me : are you okay ?

I don't know

Honestly we're okay

From having to recover from everything that happened

The lies , the deaths

I think we made it just fine

He spends more time in my apartment , than I do at his house

I'm busy at college , the work is just too much

So him being here , is the only way that we get to be together more I don't mind him being around at all

I get up , walking to the kitchen

There's some spaghetti and meatballs , I'll just warm that for him so he can eat

I know he's hungry

I wash the bowl I was using

# And I feel his presence behind me

I don't turn

Monde : MaNkosi , ngicela umtwana (can I please have a baby)

I turn looking at him , he's leaning against the wall

Me : what ?

Monde : ngicela senze umtwana (can we please make a baby)

I want to laugh , cause what's bringing this up

And why is he looking like he's sulking ?

Me : you want a baby ?

Monde : yes

Me : and you want us to have one ?

Monde : I'm asking

I heave a sigh

Me : what's bringing this up ?

Monde : I'm 31 , I just need an heir . Someone I'll leave my things for , and honestly I do just want a child

l'm guessing he's very much serious

Me : can we go somewhere quickly ?

Monde : but we're still talking

Me : I know , but we'll continue when we get back

He sighs

Me : please , I promise you it'll be worth it

He just stares at me , and you can tell he's a bit hurt

We're waiting on the doctor to come back

She's laying on the bed

Rea : can .....

### The doctor walks in

Doc : I'm sorry to keep you waiting

Rea : it's okay

Doc : please , pull your t-shirt up She pulls it exposing her stomach , now looking at it intensely

I see she's gained a bit , and it's not as flat as it was when we met

Doc : okay , let's see . You might want to hold her hand , the gel is cold I look at him annoyed

But I hold her hand anyways

He does whatever he's doing , and her eyes are just focused on the monitor

She smiles as a heartbeat sound , just fills this room

Doc : ah ! We have a strong one

#### She looks at me

Rea : there you go

I look at her confused , she smiles

Rea : you asked for baby , there is your baby

She tears up

## I look at the doctor

Doc : the baby is doing well, and growing very well. I have no worries and concerns, but do lower your stress levels a bit . Because that can affect the baby, and you don't want to put him or her in distress. Your high blood pressure levels, are not pleasing me

Rea : it's school , I'll try and not stress

He nods

Doc : on your next appointment , we should be able to see if it's a boy or a girl

Rea : I can't wait ....

Me : wait ....

#### She looks at me

Me : is this a joke ?

She shakes her head no

Me : you said ....

I have a sigh , not being able to utter whatever words I want to Rea : I came here , and when it was time for the doctor to terminate I couldn't do it . I chickened out , I couldn't do it . And the doctor was very happy , that I wasn't going through with that . That's why I chose him as my doctor

### Me : MaNkosi

Rea : I'm almost three months now , your baby is growing well

Me : but you said ....

l sigh

Rea : I said , I was going to do an abortion . You got angry , and said I killed your baby . You didn't give me a chance to finish , so I just let it be . Cause I didn't want to beg you to listen to me I shake my head with a chuckle

The doctor hands me the wipes , I wipe her tummy

I lean over giving her a kiss

Me : you're a mean woman

She laughs

Monde : your mother is mean

### I laugh

# We're back home , cuddling on the couch

# He's in between my thighs , his head on my tummy

Yes !

He's talking to his child , it's crazy

I've never seen Monde this happy , like he's really happy no lies

Monde : I didn't miss much though , and I'll make it up

He moves a bit , taking his phone out

He fiddles with it , and it rings while on loud speaker

His brother's voice come up

Monde : you're making noise

Khaya : wait .....why are you calling me ? You never call me is everything okay ? Velile : just shows how important you are , must be really nice

I can't help but laugh

I so wish and envy this kind of relationship they have with each other

I wish Lerato and I were like this

Monde : because you're going to be an uncle

It goes quite , before their loud voices just erupt in laughter

Velile : say l'm lying again , I told you

I look at Monde wanting to know what he told his brother

Monde : yeah , don't rub it in

Nkazi : where is our wife ?

Monde chuckles

Monde : she's here

Nkazi : why am I only finding out right now ?

I laugh

Nkazi : I don't appreciate this at all

Me : payback brother man , they say it's a very nice thing you know

Nkazi : after God fear women

They laugh at him

Monde : let's talk , I'm actually having a bonding moment with young Nkosi here

Khaya : we're coming

Velile : for a visit yes

I swear , we'll never see enough of these brother's . But it's always nice when they're around

### Monde : I shouldn't have told you

He drops the call

Monde : now we have to get married

I choke on my own saliva

Like what the hell ?

## Monde : calm down , drink water

He says with a smile , and I could be dying

Me : but , like what's wrong with you ?

Monde : absolutely nothing

Me : like just uttering marriage out of nowhere

Monde : oh yeah , that's happening . Asizokhulisa umtwana emjolweni (we won't raise the baby dating)

I laugh , like I laugh until tears blurry my eyes

Me : what ?

Monde : yeah , like what will we be teaching the baby ?

Me : okay wait , I don't want to get married

He frowns , and he shouldn't think I'm kidding right now

Monde : what ?

Me : I've never wanted to get married , I don't even think I'm ready for marriage right now

Monde : we're not raising this baby out of wedlock

And he's really serious

Monde : fine , let's go sign in court . It can even be just between us , and we don't tell

```
anyone . And when you're
ready for marriage , I'll be sure
you get the wedding you want
```

I just stare at him

Monde : this baby will be born a Nkosi , and so will you be a Nkosi too

Me : like you're serious ?

Monde : yes , think about it . That we're getting married now , or its court .

He sits up straight , fiddling with his phone

My phone beeps , and it's a bit further from me

Me : please hand me my phone

He reaches for it , and hands it to me

I check the message , and gasps in shock

My jaw drops , my heart drops !!

I look at him , and he smiles . I want to scream , I want to run around and scream

# Monde : thank you for making me a father

Me : this ..... ?

Monde : it's to thank you for making me a father , that's the greatest honour ever

No ways !

So for carrying this human being inside of me , I've just secured a million rand

Like just for that ?

Me : Mphazima , I'm going to make you a father every year

Ask me why I'm crying cause I don't know.

And he laughs , pulling me closer to him

He engulfs me into a hug

Monde : we're getting married ?

Inod

Monde : good , but I'm not giving you money for that

### llaugh

I don't know , but I feel like I've been redeemed by finding this man and his love for me

From being just a lost girl , in this city . Selling myself to every man , that held a fat wallet

To now being here

Me?I'm worth of being someone's mother and someone's wife

I never thought that would ever happen to me

This man might desire me however, but at the end of the day we do have each other.

## And I guess everything else happened for a reason

Me : what the .....

I frown

Not believing my eyes right now

I look again , actually stopping on the status just incase I missed something

But there it is

l log out , and dial her

It rings for a while , when I'm about to drop she answers

Rea : hello

Me : girl , I just saw your status . Like are you being for real ?

Rea : yeah

Me : whoa , so the man gave you that much money just because he's going to be a father ? Rea : mhm , and we're getting married

Now I have heard it all

I don't know , but I just fume like crazy

Even after the drama and disaster that occurred

They're still together

They're having a baby , and getting married

And she's been given a million just for being pregnant

Why are things happening for her like this ?

Me : uhm..... Wait isn't this all too soon after ....

Rea : no it's not , l'm telling you as my friend. Well, I do believe that you're my friend . Let's stop discussing my relationship, good or bad. It shall never be a part of our conversations anymore, I'll never cry to you about my relationship. I think that one should just have boundaries

Me : what ?

Rea : mhm it's best this way , if I post something then I posted it for whoever wants to see to see . But if I never tell you anything , just know I wasn't obliged to tell you . And I guess you'll just see when you see, but I think there should be space where my relationship is concerned now

I laugh annoyed

Me : wow , so now you have scored a million from a man you think this friendship is fake ?

Rea : it was true , but it became all fake when I started dating Monde . You think I didn't realise how you acted, every time he did something for me. And you were happy that the trip to Columbia didn't happen, because of everything that was happening . Monde is not

perfect, and he's never portrayed himself as one . Even if he wakes up tomorrow and stops doing things for me, I'll still love him the same. So while he's still doing things for me, please let me be happy in peace. My relationship and Monde are so off limits from now on

Me : what .....

#### She drops the call on me

I scream my lungs out , throwing the phone against the wall and it shatters

The door opens , Mpho walks in

He has his eyes popped

Mpho : what's..... going on here ?

### I am fuming

Me : can you believe her ? Now because she's been given a million , I'm suddenly not good enough to be her friend . She's suddenly seeing how fake this friendship is

I rub my hair frustrated

Me : Monde will fuck her over , he will . And she will come crying back to me again .....

Mpho : whoa ! All this drama because of Monde and Rea again !

Me : she .....

Mpho : you know what ? I am done , I'm so over it . I feel like

our relationship is all about them , which doesn't even make sense to me . So I'm done , come find me when you're done obsessing over your friends relationship

He turns and walks out

l'm just left stunned

Did I just get dumped ?
