KHETHIWE THE ROYAL MAID

INSERT 2

"better the devil u know than the Angel u know nothing about
"~ unknown

---MNQOBI ---

I was sitting on my office at work..it's been three weeks now and I must say things are heating up for my dear Brother...I'm loving it .this way i will be able to get Khethiwe...

I mean I'm going to be her night shining honour and shoulder to cry on.

This woman she's my dream woman, down to earth and very beautiful...her curly hair thick lips..ok let me stop before I go crazy...

I just need to make sure that everything goes perfectly fine this time around...

---NQOBILE ---

I have been spending the whole week with Khaya and I must say he helped me take my mind off things...and today I have to go back to the palace before the king sends his search party for me

Honestly I dont wanna go because later today the so called Bhengu kingdom is coming to ask for my hand in marriage with their stupid Prince..oh my God I wish I could die right now

Khaya: baby.

Me: urhm...

Khaya: don't cry..it's going to be ok..wena just do as we have spoken and all shall be well

Well Khaya told me to stood up and fought for our love..thing is it won't be easy..I love daddy so much and this will definitely hurt him...

But hey..it's either my happiness or his..I will try to talk to him alone when I get home and see if I can be able to convince him otherwise..

-

-

---ZANDILE---

I'm going up and down on my room..I actually don't know what to do, I just did a third pregnancy test..I'm not pregnant...and sooner or later Nqobani will find that out and im a dead woman...

I mean that night when I told him the news I expected him to react otherwise but he shocked me....he came to me and told me that he will be responsible and take action

We ended up fucking like crazy...although what he said about being on the child's life hurt me...he made it clear that he love Khethiwe and I shouldn't dare hurt her about this...

Now I'm not pregnant..my God..what I'm going to say

? Mngqobi is so going to be disappointed..I mean why can't I fall pregnant? I've been off pill for a year vele since its been my plan on trapping Nqobani but nothing...

Well I need to go see a sangoma that Willl help me deal with this

I quickly put on my clothes and left the palace with no one noticing

I take the short cut that passes through some forest and arrive at Mam zondiwe's rondavel

I took off my shoes and got in

Me: greetings mother

Zondiwe: greetings my dear...how do I help u today...

Me: erh mama I have a problem serious..I need your help

She took her bones and put them in the bag and made me blow the twice before scatter them around

Zondiwe:(groaning) mhm I see a dark cloud above u...whatever mission u are into is very dangerous..u need to quit this game u are playing

Me: how makhosi? I love Nqobani and I want him to be mine

Zondiwe : he will never be yours..his destined for the chosen princess

Me: chosen princess? What do u mean?

Zondiwe : all Im saying is the Prince will never be able to love or impregnate any other woman except the chosen one...

Me: but he loves Khethiwe...and who is the chosen one?

Zondiwe: I can't divulge that information for now..all shall be revealed in good time...

Me: what do I do now?

Zondiwe :abort the mission..

Me : I can't. .he will hate me..

Zondiwe : Better be hated by him than facing the anger of his ancestors

I shook my head..I can't back down..not now no no...

I got up and left not looking back...when I was at the main road
I hiked to Dr Mnqobi'a surgery

I found him busy with another patient...and when he was done
he called me in

Mnqobi : what the hell are u doing here? U know we are not supposed to be seen together

Me: I wouldn't come here if its wasn't important...

Mnqobi : speak..what is it...

I told him what Mam zondiwe said..he held his head with his hand...

Mnqobi : this is a disaster..how do we go on from this...

Me: I don't know...u love and want Khethiwe to yourself right?

Mnqobi : that goes without saying...

Me: then u will have to impregnate me ke Mnqobi..after all you and Nqobani are twin brothers...that way I can go to the Queen with this pregnancy and good thing is he's not denying it

Mnqobi : eix! Sleep with u?

Me: yes..we are doing it for our future Mnqobi..I mean with Nqobani striped the crowned Prince position, u will be next...and Khethiwe will be a crowned princes

Mnqobi smiled looking very proud of what I just told him

Mnqobi : ok u are making sense...let Me make some bookings at the hotel so that we can get this thing over with soon...

Me : sure

I sat down and looked at his sexy self making phone calls...so tonight I will spend a night with this hunk. ..hmmm my God...Khethiwe is lucky...not in a bad way..these two brothers

both are hot ad fuck but Mngqobi is more hotter with his intimidating look

---NQOBANI ---

The past few weeks have been very stressful for me...I have been battling on how to tell Khethiwe this, to a point where I've been a bit distant from her..

I'm so hurt...how she love me breaks my heart..what did I got myself into? But either way i have to tell her..it will be better if she hears this from me than anyone else

After that i will have to face the music..because one thing for sure I will be stripped my tittle of being a crowned Prince to be just a normal Prince...meaning Mngqobi will now rule the kingdom

I don't care much about the tittle anyway..I don't want to be the next king.. I won't abandon my baby..I just hope KHETHIWE will forgive me in time

I drove into her house ..she invited me for dinner so that we can rekindle our romance and talk...I am using a different car..I hired it to use it for coming here without the community realising it is me...I don't want more drama

I got off the car and quickly got in the house...mhmm the aroma that's smelling in here..she went all out. .where is she...?

Me: Khethi...babe?

Khethiwe :in the bedroom babe

I locked the main door and walked in to the bedroom...when I got in I was stunned...red roses and candles...I loved the scene...

She was on her black lace gown with some red lingerie beneath and black heels

Khethiwe :love what u see?

She said standing up and walking up to me, she wrapped her hands around me and pecked my lips...she's grown to be confident and its such a big turn on

Me: I love it babe...

Khethiwe : its for you...I'm ready

She said giving me seductive eyes I felt something move from my spinal cord down

Me: are u sure ? U know I don't mind waiting

She shut my mouth with a hungry kiss I replied...we kissed deep for a whole five minutes. .she pulled out and look at me..

Khethiwe : please..make love to me..

She doesn't have to ask twice..I picked her up and placed her gently on the bed...I looked into her eyes Deep

Me: I love u Khethiwe..against all odds I hope u won't doubt and forget that

Khethiwe : I love u Too Nqobani..now stop with the emotional speeches please and do what u have to do

I just chuckled and moved away from her...I took off my watch and my shirt...then moved to my vest. ..I saw her drooling over my chest biting her lower lip in a most sexy and seductive way...

I was taking too slowly because she got up and helped me undress...

---NQOBILE ---

I was back in the palace and Im now at the throne room waiting for dad

King Nqobi : my princess

He says walking in with his two guards..I stand up and give him a hug

Me: dad..

King Nqobi : how are u daughter?

Me: I'm good dad..father..I was hoping to talk to you about something...alone..

I said looking at the guard...I don't really like them..they are noseey...especially his head guard. .he's creepy...he gives me bad vibes nje

The king looks at them and shook his head

King Nqobi : its ok gentlemen u can leave...I want to talk to my daughter

Them: we will be outside my king

They both walk out with the head guard looking at me..I just roll my eyes...

King Nqobi : you can talk my love

Me: dad you know that i love you right? And that there's nothing I wouldn't do for u?

King Nqobi : I know my love..that why u are my favourite...

Me: well dad as much as I love u so much..there are things that are a bit tricky that will force me to consider my feelings and put them first

King Nqobi : things like?

Me: for example this arranged marriage between me and the Bhengu Prince. ..dad is 2019 please...

King Nqobi : my love i love u so much and I would do anything for u as well...that includes looking out for u and making sure your future is bright and settled...

The Bhengu issue is not negotiable my dear..don't worry yourself too much..the boy is handsome..u will like him...he has good manners too...educated

Me: well dad I don't care whether he possess all those qualities..I just don't want him!

King Nqobi : my princess we will not debate about this..now go and prepare yourslef...they are coming later on..and put on your best behaviour..don't u dare try to embarrass me

Wow! Who are u and what have u done to my sweet daddy? I felt tears threatening to come out of my face as I watched him walked out on me...am I dreaming? Cause surely this feels like a dream...

---KHETHIWE ---

We were on the bath feeding each other strawberries and cream with Nqobani

I must say this right here feels so good..I don't ever wanna let go..I know for a fact that i love him...the way he was so gentle when he took my virginity wow

We did 4 sweet rounds...umuntu is addicted to my pussy I swear...and now it's swollen...and here is he busy rubbing it with his big finger

Me: Nqobani ai marn

Nqobani : ngisukelwe nguwe baby

Me: and now I'm saying its enough

Nqobani : ok baby we wil continue soon...thank u for trusting me so much and giving me your virginity..u know there was something that happened when I cracked you...

Me: I noticed..it was like your soul is leaving your body...for a Moment you scared me..the way u were groaning yoooh

He laughed biting my ear sending shivers to my spine and butterflies to my stomach

Nqobani :I hate to go right now babe...but I promise I will be back soon..I need to talk to u about something very important ok?

I forgot that today there are guest coming to the palace...luckily I'm off...

We continued bathing each other with Nqobani busy playing with my pussy...I thought I was enough but my body betrayed me because I found myself soaking wet...he took me out of the bath and placed me on sink we use to wash hands

He spread my legs apart and slowly pushed himself in...I bite his neck hard as his big shaft keeps on pushing in...when he was comfortable inside me he pounded me real hard..this time he had no mercy..I was screaming on top of my lungs...he was driving me crazy..I didn't know where to touch him

Finally he came..he quickly pulled out and splashed his sperms on my tummy

He kissed my forehead then put me Down..we cleaned ourselves up...he ate and then left..it was so hard to say goodbye

I returned to my bedroom to sleep...and realised he forgot his watch..I put it on...smiled to myself...

---ZANDILE---

I was laying like a spring chicken with my legs wide open..we just finished doing the fifth round

Yoo ai Mngqobi has energy for days..my pussy is so sore..he was so rough and not romantic at all

It was like he was fucking a prostitute..he didn't even kiss me ..well he did on the first round..but after that he kept ok going

on and on sweating on top of me..busy turning me around like some paid hoe

Now he just finished and went to take a shower...I'm too drained to even get up..my neck is so painful..he would strangle me from time to time especially when coming..I tried getting up but my legs were shaking..that's how rough he fucked me

He came out from the shower dressed well...he took out his wallet and dropped few notes

Mnqobi : I'm needed at the palace..there are guests coming over...

Me:(scratchy voice) I remember...

Mnqobi : good..well I'm leaving...here are the pills that will help speed up the process..drink them..that's the money for you to take your taxi back to the palace...

And please...act cool ok?

Me: ok...

He took his things and left...wow not even a forehead kiss nyana? I felt my cheeks burning up...no I'm not going to cry...remember why I'm doing this....

It will be worth it in the end....

-----PRINCESS NQOBILE-----

My personal maid who has become a sister to me is busy fixing my dress..I can't believe this is really happening.

Like is dad seriously doing this to me? His favorite child and only daughter? I felt my face heat up...

Noma: my princess stop crying u are ruining your make up...

Me:can u please give me a moment to myself.. I just need to get ready

Noma:ok my princess I will go check what's popping down stairs and come get you

Me: thank u

She squeeze my hand and give me an assuring look that all will be well before leaving...

I turn and look at myself on mirror..damn I'm gorgeous..I fix my make up..put on some drops to my eyes which are now red and sit down waiting for my maid... She comes back after some time

Me:and?

Noma:they are here my princess.. the queen and her daughters..then the king and the prince

My princess I think u will fall In love with the prince... he's absolutely gorgeous wait he's hot...

Me:well I don't care...Noma I have my man that I love. Dearly

Noma: my princess believe me I know.. I've seen how u smile while talking to him ..but is he worth it? Mean fighting with your dad over him? Don't break your father's heart like that

You are his golden child

Me: well after today I don't think so... now where are my brothers?

Just as she was about to answer Nqobani knocked...he looked so hot .

He come and hug me tight

Nqobani: you ready?

Me:no . can I die?

Nqobani:I know it's hard but death isn't an option...

Me:(sigh) whatever.. where is Mnqobi?

Nqobani:he should be here.. I called him few minutes ago he said he's driving in

Indeed he barge into my room and kiss my forehead...they both assure me that all will be well and that if I don't like the so called prince I should tell them they will make a plan.

We walked out of my room feeling a whole better..just as we are approaching the dining room.. we hear laughter and giggles...these people are having fun on my misery

We walked in and greet the polite and royalty way..my father is smiling from ear to ear... then I got to the prince...

I greet him with my head down...I haven't got a chance to look at him properly

Khaya: the beautiful princess of Abathembu

What the fuck? I know that voice!! I quickly raise my head and our eyes lock...Khaya! What the hell is he doing here? Wait does that mean he's the prince.. he winks at me and clears his throat indicating the elders are watching

I went to sit next to him.. right now I got all kind of emotions going through my mind.. I'm happy it's j but at the same time I got lot of questions for him

The dining begin with the king's talking about their thrones, queens with their roles then the princess about fashion and Instagram. Well my brother's and Khaya got along pretty well.

After what seemed like forever, Khaya asked us to be excuse, that we should take a walk and talk.. the elders agree.. Noma and his guard stand up to accompany us out

The moment we were outside the palace he grabbed me and kissed me.. the kiss was filled with so much emotions and love ...damn I missed them so much

I missed him..we share a passionate kiss for a moment before Noma cleared her throat...I'm sure she's confused as fuck and see me as a hoe right now...

Khaya : hello

Me:(smiling) hi

Khaya : u good?

Me:yes....

So it is u?

Khaya: it has always been me ... come I know you have lots of questions and I will answer them

He said joining our hand together then we walk slowly as he tells me how it's started...

-----ZANDILE-----

I'm so tired from all of this up and down serving the royals. ... right now I just need to sleep and rest

It's been such a long day..I think about what happened today

Advertisement

how rough Mngqobi was..I didn't think he is this heartless..

I searched for the pills he gave me and drank two of them before retiring to bed..

I hear a knock just as I'm drifting to sleep..I got up and put on my gown and open with my sleepy eyes...

Me: Mngobi... what are you doing here so late?

Mngobi: to finish up the process we started.. let me in before someone see me standing here

I sigh and let him in..I'm in no mood for sex especially him..

Mngobi: Nqobani is not in this palace..

Me:so?

Mngobi: that mean he with Khethiwe...zandi we need to speed up the process..

Eix this thing is starting to make me feel bad..yes I love Nqobani but does it really have to go that far? Now how do I pull out coz clearly Mngobi won't like that?

Me:ok.. let me wash my face

I say going to the bathroom..I opened warm water and tried putting my fingers down my throat for couple of times.. it's not easy..are the 5th Try I threw up everything including the pills I took..I flush and emptied the pills Mnqobi gave me down the drain and replaced them with my birth control pills..took two then went out

Mnqobi,: washing your face take this long?

I just roll my eyes on him while taking off my gown...he jumps and come behind me kissing my shoulders..

Mnqobi: u have one hell of a sexy body Zandi..u know if things were the other way around I would love to keep this to myself

He says spanking my butt...

-----Nqobani-----

I Woke up around 5, I'm so used waking up early...I just stare at my gorgeous womanman sleeping..she looks so cute and Innocent

I kiss her nose..I see her lips form a small curv.. she's smiling through her sleep...I love this soul and I will do anything to keep her happy

Me:baby...love

I call her name so sexy while biting her ear.. she should be sleeping since I kept her awake almost to the whole night busy doing the deed..her pissy is so addictive and tight.. can't believe she trusted me enough to give me her virginity

She finally wake up and look at me with puppy eyes.. now I feel bad for waking her up ..

Me: u tired?

Khethiwe:(Yawning) a lot

. and today I'm starting at your brother's practice...

Me :flip I forgot..all the best baby ..

Just chill Mnqobi is my brother he will take care of you ..

She kiss me and get up

.I seriously wanted to tell her about the Zandi issue but I can't
ruin her first day at work

I prepare to leave and left while she's bathing

-----MNQOBI-----

Today I'm very excited.. except the great sex I got this morning..
I'm just happy that I will be working with future wifey today...

She arrives looking all kind of beautiful.. jealousy strike in when she tell me she didn't sleep an inch as she was busy with my brother...

I kinda lost it when I told her to stop yapping about Nqobani because he's fucking Zandile as we speak

She didn't believe me; I remind her the Zandi beat her up and told her it's because she's carrying Nqoban's kid

..her face changed immediately as she walk out crying... well she better know the truth now..I can't stand her with my brother

.. she's my wife.

An hour later a door fly opened Nqobani walk in looking like he's about to murder me...he charged to me ..I try running but I'm late

He get me and pin my body against the wall with his big throat on my neck

Nqobani: what the fuck dude!! What the hell

I blink loosing air..he let me go.i cough a lot with a dry throat..I drink water .he looks at me ready to kill me

Me: well I love Khethiwe and u don't derseve her

Nqobani:(shocked) what did u just say?

Me: u heard me...

Nqobani:u want to play dirty huh? Are u going to stand up for what u started?

Me:well it is what it is..I love Khethiwe..u should focus on your baby mama brother

He gives me one murderous look before walking away... he is hurt

. I've turned him to an animal..an enemy

Nqobani: u just messed up with a wrong person I hope you are ready

He walk out and bump into Khethiwe coming in..he looks at her with pleading eyes while she looks away..he sigh .kiss her forehead and leave

Khethiwe: are u ok? I heard voices...

Me:, he just beated me up but I will be ok

Khethiwe:I'm sorry...

Me: don't be . I will be fine

Khethiwe: is there anything I could do?

Me:yes... have dinner with me.. tonight..my house..

Khethiwe: huh?

KHETHIWE: THE ROYAL MAID

INSERT 4

-----KHETHIWE-----

You know life can be so unfair I tell you..here I was all sure that I've figured it together and that I have found the best man

I gave away my pride because I was so sure that it's the right guy ..I've never been a firm believer of having sex after marriage..I always hoped that it's going to be with the person that I love..but God why? Why would Nqobani do this?

As if that's not enough..his brother asked me out on a dinner with him..how does one react to that? I just walked out on him and left him there..I'm not about to entertain his crazy stunts...

I was packing my things preparing to go home..it's been long crazy day. I just need my ice cream container and my couch..I then saw Mngqobi getting in the room..

Mnqobi: leaving already?

Me: yes..

Mnqobi: need a lift?

Me: no I will be fine

Mnqobi: KHETHIWE..

Me: yes.

Mnqobi: I'm sorry...

Me: ok

I took my bag and he blocked my way..he came closer to me..I felt tears threatening to come..I don't know why all along I was ok with him but suddenly I fear him

Mnqobi: khethiwe I'm sorry If my request made u uncomfortable..thing is I love u so much. I loved from the first day I got home..it's a pity that Nqobani got you first but that's not a problem,he's a jerk

Give me a chance and I will show you how a queen is treated...

I was just so shocked to learn this news from him..I mean if what's he saying is true...then there's a possibility that he's lying about what he told me about Zandile and Nqobani...

Me: uhm ok..I guess I need to think about this hey...

Mnqobi: of course my love..take all the time you need

I quickly excused myself and went home...

-----NQOBANI -----

After the heated argument between my brother and I;I decided to come here and wait for Khethiwe..it's been a couple of hours

I don't care what lies Mnqobi fed her..I'm going to tell my side of the story.

It's up to her if she believes me..but if she does and decides to give us another chance I will make things clear to Zandile that only a child will be a connection between us..other than that..we are done

She arrived.. looking all sorts of drained ..I got out of my car..it was raining a bit...

Me: hi

Khethi: hi..how long have u been here?

Me: for hours..

Khethi: it's cold..let's go in

Ok..good sign she's not mad..but anything can happen..women are so unpredictable hey...

Me: thank you..how was your day?

Khethi: not as I've expected for a first day but yeah I'm fine

Me:I'm sorry

Khethi: so am i.. coffee?

Me: please

Khethi: coming right up

I sat down and watched her going up and down making us coffee..she has lit a heater...

She came back with two cups and we sat down in silence

Me: baby...

Khethi: mhm

Me: love let me explain

Khethi: sure...

I put down the cups and hold her hands..I poured my heart out to her.. telling her everything how it started and assuring her that I love her...she sighed and looked down

Khethi: I don't doubt your love Nqobani..I'm just worried about Zandile..how will she handle this? She once physically attacked me which now I believe it was because of you

Me: don't worry about Zandile..I will deal with her..only if you promise me that you are not giving up on us?

Khethi: I love you so much to give up on you Nqobani...but what's going to happen once this is out and open

Me: I will deal with that when it's happening..but for now I want you to know that I love you even more

With that I cupped her face bringing it closer to mine and we shared a passionate kiss...that left us breathless and with chimeric eyes...

Khethi: sleeping over?

Me: I would love that

Khethi: alright..let me prepare us a warm bath then....

-----MNQOBI-----

Lastt night Nqobani didn't come home..well it is expected from someone who had a fight with his sibling

My parents are way too occupied with Nqobile's wedding preparations to notice anything wrong that's happening..im just worried about Khethi

Advertisement

I might have scared her a bit yesterday..I need to find a way to sort that out soon...I don't need her to be scared of me..

Zandile walked in the room to prepare breakfast..she's glowing..my sperms are doing wonders on her..or maybe she's pregnant now? We need to do tests soon so that we can move to the next phase of our plan..I can't wait any longer..I need Khethi on my side...

As I was busy daydreaming about my future wife Nqobani walked in..right on time before the whole family is up for breakfast...he looked Happy and smelling women's fragrances

Nqobani: Zandile will u give us a moment please?

Zandile looked at me,I nod and she leftNqobani put his blazer on the table ..

Me:bafo iam...

Nqobani: shut up. I will do the talking and u will listen.. I don't want to be playing games with you ok? Stay out of my business...just because I'm not a snitch like doesn't mean I can't destroy you...

Khethi and I have fixed things and we are at peace now...stay in your Lane and drink your meds

He picked his blazer and walked away .I felt my heart racing up and down... everything became dizzy...I was struggling to breath...I felt my mother holding me

Queen Siza: my son what's wrong? Have u drink your meds?
Are u ok boy?

I did the breathing exercises to calm myself down...

Me: I'm fine mother...

Queen Siza: nonsense..sit down ..

Me: actually I would like to be out of this house...

I took my car keys and told my assistant that I'm not coming in today..I need sometime alone...I drove to my house and opened my whisky collection..I took my finest one and went to sit on the stairs

I started gulping glasses one after another...on the third one I was feeling a bit better..I took my phone and called Zandile to come over..at this stage I need someone to calm me down..and Zandile is the perfect fit

-----KHETHIWE-----

I was dissppointed when I arrived at work and leaned that Mngqobi is not in.. apparently he called in sick

I tried to fish news from Nqobani but he shut me out.. whatever it is..it is big ..then around lunchtime there was some serious documents that needed his signature...

I had to no choice than to go to his house..the guard let me in after I've told him the seriousness of the matter...

I walked in through the sliding door that wasn't locked...I heard voices and screams coming from the lounge

It was as if people are having sex..I peeped through the curtain and what I saw there really made me to drop everything and scream my lungs out

Zandile was holding the couch in a doggie position and Mngqobi was pumping her from behind.rough and hard..isn't she supposed to be pregnant for Nqobani? What is she doing her having sex with Mngqobi?

I guess he was so shocked to see me because he pulled out and looked at my direction..the sperms shot on the wall..I tried my best to run away but my legs were weak and heavy

I made it out of the sliding door and boom.. Great I fell on my feet..as I was dusting myself up.. Mngqobi was in front of me wrapped in a towel...he looked so angry and dangerous

Mngqobi: what are u doing here?

I was tongue struck..I didn't know what to say or ..

Mnqobi: come in let's talk about what u saw

I shook my head no..there's no way I want to be around them right now

Me': I want to go Mnqobi..u can continue with whatever u were doing ...

I spoke so fast trying to get up..I was literally shaking

Mnqobi: you think I'm stupid to let you go after what u saw?

Huh? What the hell is he talking about? Then with a blink of an eye he draw a gun from his back and ordered me to go back inside....oh my God what has I got myself into?

What do u think will happen to khethiwe?

KHETHIWE;THE ROYAL MAID

INSERT 5

-----KHETHIWE-----

I didn't believe what was happening..my heart was pounding so fast at the sight of Mngqobi pulling a gun on me...

I swear I peed on myself..I said a silent prayer begging God to please help me..I'm not ready to die at least not like this

Then Mngqobi came and pushed me to the house with the gun Still on my neck..I don't know how I managed to walk because my legs were shaking

Zandile froze when she was what was happening...

Zandile: no no no Mngqobi what is it this u are doing now? This was not part of the plan!

Mnqobi: can't u get it? The whole frickin plan is ruined!!

Me:what plan are u guys talking about? I swear I won't say anything.. please let me go...

Mnqobi hit my Head with the back of the gun I heard zandile screamed and it was light out of me...

-----ZANDILE-----

I couldn't believe Mnqobi did that! My God,what have I got myself into? As cruel as I am

I will not allow this to happen on my watch..I won't stand Mnqobi kill someone who I once considered as a friend..

Me: please don't do this

I said as he was busy going up and down.. getting syringes,ropes and lot of weird stuff..

Me: if u are going to kill her then I'm not going to be able to watch u...

Mnqobi:will u shut up for a moment? I can't even think with u yapping!

He has changed! He was now a complete monster...

Me: Mnqobi what are u doing?

Mnqobi: I'm going to kidnap KHETHIWE to this house for a few days while I work out on plan to move her..maybe back in the States

Me: whaat! Mnqobi no...please let her go..I will end this whole thing please...

Mnqobi: no..we are proceeding to the plan...

Me: how are we going to explain her sudden disappearance?

Mnqobi: we will just have to come up with something..for now don't just stand there...come and help me move her to the basement

Me: oh my gosh ! There is a basement in this house!

I said running to the door then right then Mnqobi shot the door in front of I saw smoke I stumbled back with my heart beating so fast

Mnqobi: try being smart again..that bullet will hit your skull..now come and help me move her...

-----NQOBANI -----

The past two days has been very busy for me..I have been helping dad with elders arranging the royal wedding between Khaya and Nqobile..I kinda forgot about my woman..now that all is clear I think it's high time I go see her

I've prepared bathing and ready to leave when I bumped into Mngqobi who is very weird lately walking in...i so wanted to walk past him ignore him but he was still my brother..seeing him like this kinda disturbed me..

Me: looks like a train walked over u..what's up?

Mngqobi:dude I'm just stressed out... yesterday when I got to work...I was told that Khethiwe resigned with an immediate effect

Me: whaat? No that can't be! KHETHIWE recently started nje and she always wanted this...

Mngqobi: that what confused me..I mean why would she throw away such a golden opportunity given to her?

I refused to believe what Mngqobi was saying..I just walked out calling her..it sent me to voicemail

Me: Khethiwe..I hope there's some better explanation to this thing I'm hearing...

I got in my car and drove to her place...I knocked a couple of times with no one answering I walked in

Me: Khethi..baby? It's me

I said going to the bedroom..it's look like she hasn't sleep her for quite some time

I opened her closet and my heart beated fast when I realized that most of her clothes were gone...no no this can't be.. where would Khethi go to?

I then saw a letter on top of the bed..I took it and sat down reading it..it was her hand writing..I know it because I've seen her journal

" Dear Nqobani..I'm sorry to do this but I have decided it is the best..

I've decided to leave you and this country for good..I thought maybe it is going to be easy forgiving u and Zandile but I can't

That baby will always be a reminder how u betrayed me..I wish u all the best with her..I know u will be a good father to that child..treat her right..u deserves some happiness it's a pity u won't get it from me

Love

KHETHIWE"

I read it more than 5 times my mind was failing to register the words..no Khethiwe can't do that to me..she cannot! How can she?

I called the top guy at the palace who deals with hiring the maids to get ke her identity and stuff

He sent them and I tried checking if she boarded any flight..indeed this morning around 9 she left to Switzerland

Wazi bani Khethiwe lapho? Something doesn't add up here..how did she get the money to even leave?

----- MNQOBI -----

My plan worked out perfectly... Nqobani was sobbing the whole day..I must say bravo Mnqobi!!

Now it was up to Zandile to make him forget about Khethiwe...I know his ego and heart is bruised but he will be fine.. Zandile will take good care of him

I am currently arranging to move Khethiwe back to America with me..it's not safe staying with her here...Nqobani is smart once he's done crying he will start digging so I don't want him to find anything...

I shook Zandile up so that she can eat .all she does lately is eat and sleep..maybe I should slow down on the medication I'm giving to her

Me: hey babe wake up and eat ..

She gave me to be disgusted look I felt my intestines growling

Me: baby come on..u need to eat..it's been 4 days now

Khethi: I would rather die than eat anything from u...infact why don't u kill me? Mnqobi uyinja yezwa..I hate u!

I hold her hand by force and opened her mouth to feed her..im tired of begging this girl...right then she vomited all the food on my chest

I stood up shocked as to what is this girl doing? Is she testing me? Have I been too kind on her? I took off the shirt and threw it on the floor and crawled back to the bed

Me: I see u like it rough huh? U are feisty huh? U kinky wena?

I said brushing her soft skin..my hand moved to her thighs that were out in the open since she was wearing nothing but my shirt..she shifted back a bit

Khethi: Mnqobi please.. ok it's fine I will eat I am sorry

Me: don't worry honey I'm not going to hurt you .I just realized that maybe u are sexually frustrated that why u are behaving like this..by the time we are done u will be ok and smiling...

I said biting her neck..she was pushing me terrified and that was such a huge turn on...

I took off my pants my boner was so big about to explode..I teared the shirt apart..she was bare naked

Khethi: Mngobi don't do this to me please....

I used the shirt as a gag to close her mouth..I had to tie her up because she was disturbing me...her legs were spread apart enough for me...

I went down on her..I ate her pussy biting her clit slowly she was moving up and down...I inserted my finger trying to get aroused but it was mission impossible so I used my saliva

I pushed the tip of my dick in and shit she was so tight..

She moved up a bit with tears rolling down her eyes ..I closed my eyes to focus and pushed my whole self in she tried to move her legs which was painful for her

.

When I was comfortable in her I started bounding her hard..shit this pussy is go good..I've never had such a good pussy ..I'm so not letting it go... I lost myself in her because I was banging her

hard groaning like shit with my eyes closed .I've released in her
but still I was going hard

I saw her body vibrating then she kept still..shit I pulled out
feeling her heartbeat it was faint

Me: shit girl don't faint on me now come on!

I said setting her legs free...shit I saw blood mixed with sperms
and urine...damn

I scooped her bridal style to the bathroom and opened tabs and
put her inside the bath with warm water

-----FEW HOURS LATER -----

-----KHETHIWE -----

I woke up with my body so sore..I wasn't able to move an
inch.the bed was different than the one i uses when i got

here..this bedroom was big and comfortable...I blinked a few times then remembered what happened tears streamed down my face..I never thought Mngqobi will be this ruthless to me...

He came in with a tray...he sat down..he was now clean and the monster behavior didn't suit her one bit..I quickly wiped my eyes..

Mngqobi: hey u up...I made u food...are u hungry?

I just nodded..I didn't want the repeat of earlier to happen..and besides I was really hungry

Mngqobi:must be the exercise we had earlier.. girl u good

He said taking the plates and sat next to me..he helped me got up a bit and sat up straight

I looked at my hands I was red...my legs where he cuffed me were pink...I swallowed hard trying not to cry

I let him feed me .I didn't eat to enjoy the food I just ate for strength...

Then after that he gave me pills to sleep and tucked me in kissing my forehead

The moment he left the room with those plates I released so much tears..I had to cover my mouth with my hand to avoid making noise...but God why is this happening to me? Who did I offend? God If maybe I've wronged u please forgive me

----- ZANDILE -----

I checked myself a couple of times before going to Nqobani' s bedroom...I knocked with my palms sweating

I head movements coming to the door..he opened and looked at me

Me: hi..urm...I thought I should come and check up on u..u have been locking yourself in here for a while now

Nqobani: I'm sorry.. I've been distraught...but u are right..I can't abandon you and the Baby come in

I walked in..he closed the door and turned me to him..he smashed his lips on me and boy this is what Ive missed...we kissed hungrily for each other

After few minutes we were laying on the floor breathing heavily. He ran his hand to my flat tummy massaging it my heart started beating faster

Nqobani: babe...

Me': yes love .

Nqobani: I can't wait for u to start showing...I'm thinking we should now tell the parents what do u think?

Oh God! I don't want this ...

Me: maybe we should wait a bit I mean..

Nqobani: no love I wanna do right by you..I want this baby to be royalty...we need to pay damages and do all traditional affairs..I know I've been an ass to you I'm sorry ..allow me to fix this

The way guilty was consuming me right now!! I was so confused..I mean I'm on pill yet I'm lying to Mngqobi and saying I'm taking the vitamins..if he can find out I'm not ..then I'm dead...and again..here is Nqobani,seem to be coming around the idea of pregnancy...

Nqobani: baby u ok?

That was him bringing me back to life...I faked a smile and kissed his nose

Me: I'm fine..I think we should get to bed..this floor is getting cold...

-----Kwa Bhengu Kingdom -----

It was in the middle of the night when The Queen for the third time this week woke up panting and sweating screaming " oh umntanami'

King Bhengu: my queen..love..wake up

The king was shaking his queen up...she woke up wet and sweating

The king gave his wife water and looked at her worried..this is now the third time it is happening

The King': the nightmare again?

The Queen shook her head in agreement looking spooked

The king: maybe it is high time u tell me this dream

The Queen:(breathing heavily) ok In this dream it is like I'm in a midst of no where.. there is a huge wind blowing..on my hand I'm holding a bread...when this wind get hard...it blew off the bread that changed to be a baby girl away...hence I wake up crying " umntanami" because I tried running after her but didn't find her

The king: that is strange! But one thing I can make of this..our ancestors are trying to tell us that one of our daughter's life is in danger...

The King: but how my love because both the princess are home?

KHETHIWE THE ROYAL MAID

-----NARRATED -----

3 MONTHS LATER

The Queen at Kwa Bhengu kingdom is now going mad..she's always locked up in her room and the king is losing it

Well after the chiefpriest arrived at the palace he asked to speak to her in private..he told the Queen to confess the truth to the king so that all can go well but the Queen refused, fearing to loose her status and her "perfect family" and the ancestors have decided to punish her with madness

-Khaya and Princess Nqobile are now married and living together In the other side of Kwa Bhengu kingdom ruling that

part very well but khaya isn't happy with his mother's sickness and no one can really help her except herself

-Nqobani and Zandile are now officially and living happily together...the king was very mad when he discovered what Nqobani did and stripped him the tittle of being a crown prince and Nqobani couldn't care less about that,it's still hurt him though to know that Khethiwe left him nje kanjalo...he keeps on telling himself that he need to be there for Zandile till she gives birth then she can start looking for answers

Zandile now is faking the pregnancy with the help of Mngqobi of course

-Mngqobi couldn't fly away with Khethiwe because now he's the crown prince so he's still keeping Khethiwe around..he just moved her to another town with heavy security

Khethiwe cried till tears dried..she's kinda used to the pain,beatings

rape... sometimes when Mngqobi is normal or happy he tones it down and take care of her..

Khethiwe has made peace that this is her life..but she's hoping that one day she will walk out of this mess and be free..

----KHETHIWE -----

I was just finishing up with dressing when Mngqobi walked in ... suddenly I felt my mood dropping...well last night he slept here and we didn't do anything..it's like he's stressed or something

To avoid beatings I've made peace with pretending to enjoy sex with him.. at least that way he doesn't get too deep..faking to love him and calling him pet names drives me mad

Mngqobi : u look beautiful

Me: (faking a smile) I try thanks

Mngqobi:no for real baby u are beautiful..im one lucky man to have you in my life

Me: oh really?

Mnqobi: for really Khethiwe..I wish I could open my heart so that you can see how much I love you

Me: then why are u doing the things u do to me while u love me?..

Mnqobi:I don't know hey.. sometimes I just loose control of my emotions..I will just feel somehow and be very mad..I will feel this kind of burning sensation

Me:were u always like this?

Mnqobi:not really..it's started when I was 21

Me : what caused it?

Mnqobi: I did something and it's haunts me everyday..when it gets worse I loose my emotions

That sounds scary..I've seen how he gets when those episodes take over..he looks at me trying to smile .but God ...how come a handsome man like this be this crazy?

Mnqobi: come..let's go make some breakfast

I just nod and walk out with him.. I mean it's hopeless arguing with him and today he looks better so I better not provoke him

We get to the kitchen he made me sit down while he work his magic

The food really looks nice I won't lie..and today he's in a better mood I can't believe myself I'm relaxing a bit..I guess I'm just used and have accepted this life

The problem start when he put the plate in front of me ...the
beacon sends a bad smell to my nostrils and I run to the nearest
bathroom to throw up ..

I throw it up till my throat is sore.. within a minute Mnqobi is
next to me brushing my back and holding my hair

I get up and flush... rinsing my mouth with him gazing at me

Mnqobi: are u ok baby?

Me: I'm fine..I guess inyongo nje

Mnqobi: u don't want me to check you up? I mean I'm the
doctor u can consult for free

Me: if I get worse then I will.but for now can I go sleep? I
suddenly feel a headache

Mnqobi: it's ok baby go sleep I will put your food in the microwave

Me: sorry for the ruined breakfast

Mnqobi:no worries go rest

I kiss his cheek then go to the bedroom..the moment my head hit the pillow I dozed off..

-----MNQOBI -----

I'm pacing up and down sweating

Khethiwe is pregnant! I've had my suspicions for a while but this incident just confirmed it!

I'm so scared right now ...I'm scared and happy..I mean I'm scared that it could be Nqobani's baby or it could be mine...

I will seriously loose it if it is his baby..no I just can't stand it..but then again... Nqobani and I are twins..his blood is mine...but will I be able to love his child? No I don't think I can!

I need to do tests without her knowledge because honestly I can't stand the trauma.

THREE WEEKS LATER

----NQOBANI -----

"Baby hurry up please I don't want Nqobile to be mad at me if we arrive late on this dinner of hers"

That was me shouting at Zandile who's taking forever getting dressed in the bathroom which I find it very weird lately I mean she doesn't even want me to touch her

And to be honest Im trying here but she's pushing me to the limits

Zandile"(shouting too) almost done baby!

I sigh and sit down..this means she will be in there for another hour! Women!

Then I decided to page through this baby's magazine.. I seriously can't wait to be a father and I hope it is a girl that I will spoil rotten

When I'm done I put it back where I found it .then a box of shoes fall from the top and crack open with a cellphone dropping down

Its not my phone.. neither ZANDILE'S, infact I've never seen this phone my whole life .it's one of those R100 cellphones u buy at pep

I turn it around looking at it..I decided to switch it on and search it..there's nothing in here..no contacts,no call log,no messages I mean nothing...but surprisingly it has airtime...a lot of it!

What is Zandile doing with this phone? Then it's vibrate indicating that there's a message coming through, it read like this

"Khethiwe is pregnant..meet me at our usual spot for a way forward"

I felt my heart sink...what the hell is going on? Who's sending Zandile messages? An idea comes to mind..I call the number...

Voice: I thought we agreed that we don't call each other but text? I know this is an urgent matter but I seriously can't talk now..meet me after work at our usual sport

He hang up..I suddenly developed a fever and running stomach!
No matter what..that was Mnqobi over the phone... what could
him and Zandile got to do with Khethiwe?

I delete the message and put the phone away very fast and go
sit on bed.. I am now very stressed.. clearly the woman I'm with
is dangerous and I need to find out what does she know about
Khethiwe

Infact what's taking her so long to get dressed?

I walk to the bathroom and budge in without knocking and she
jumped

Want dropped on the floor leaves me hanging...

-----MNQOBI -----

I need to calm the fuck down..I don't like it when I'm this
nervous...Zandile has stood me up...I hate that shirt..!

Well I've done some tests and Khethiwe is pregnant and she's 4 months pregnant that's make it not mine

To say I'm beyond broken by this is an understatement..I was willing to change for her you know..be a better man for her but now I don't know..I seriously don't know

I finish the 7th cigarette in less than 30 minutes and go to The bedroom... Khethiwe is reading a magazine

I just stand at the door looking at her...she notice me looking at her...I guess the way I've been looking at her is scary because I now see fear written all over her face...

Khethiwe: are you ok?

Me: why wouldn't I be?

Khethiwe: I don't know..I guess the way u looking at me

I just close the door causing her to jump .I walk to the bed..take off my shoes and get to bed with her

Me: let's just cuddle baby

She hesitate for a moment but then does as I say..her back facing mine with my arms wrapped around her

Khethiwe: your heart is beating very fast and you are shaking are u fine?

Me: keep quite please

She sigh and keep quite.. I run my hands around her stomach and felt how strong it is now..I'm pretty sure she's been aware that she's pregnant..there's no woman who can go this long without noticing

Clearly she's been playing me.. pretending to love me and shit..I felt my blood getting hot and tears streaming down my face as my hands travelled to her neck to strangle her...she coughs up

pretty bad kicking and squirming then bite my hand..I give her the hell of a backslap she screams..I haven't beaten her up for a while now and right now I'm sure I will kill her..this rage inside of me is too much..I'm just craving blood..like i will feel better

Khethiwe:(crying) Mnqobi what have I done to you?

Me:(shouting and screaming) all along I was thinking that u are warming up to the idea of you loving me kanti ungenza isilima..Khethiwe ukhulelwe and lengane akuyona eyami!!!

Khethiwe: what?? No baby there must be some Mistake...this baby is yours please believe me

Me:since when am I baby to you ? Usaqhubeka usangenza isilima Khethiwe huh?

I say slapping her hard ripping her pyjamas off roughly..she's screaming and begging me but I'm hearing none of it... without a split of a second I'm inside her pumping like hard...

Her hands are pinned against her head while her tighs are now red from the beatings and slapping

I'm plumbng her hard that I see blood coming out of her vagina and nose and stop dead

I quickly pull out my penis and look at her.. slapping her lightly

Me: Khethiwe..hey hey...don't u dare try and pull that prank of fainting on me again u hear me?

I got up and went to the bathroom and came back with water

I splash some on her she gasped up coughing a dry cough...

Khethiwe: Mngqobi please..

I dragged her naked body to the basement and tire her up

I took all the necessary things I will need and started wearing gloves and my gown

Khethiwe: Mngqobi..what the hell are u doing? Mngqobi I swear should anything happens to my baby I will never forgive you I swear!!

Me: relax baby I'm just taking this thing out of your womb then me and you will be fine..sit still I will be performing a surgery on you now

Khethiwe: whaaaat!! Mngqobi no please I beg you!

I take my injection and sedate her...tears rolled down my face as I see her sleeping busy saying please

Me:it's best this way my love..I promise after this we will be fine...

-----NQOBANI -----

I've never in my whole life lay a hand in a woman but today I did...I just beated the living shit out Zandile..how can she and Mngobi do this to me?

All along I've been thinking that she left me and that this whore is pregnant kanti it's their stupid plan

I swear I will kill Mngobi if anything happens to Khethiwe...oh God Khethiwe must be so disspointment in me..

I didn't search for her in time..why didn't I listen to my gut when it told me that she can't up and leave me nje?

What kind of a man I am? Will she ever forgive me for this?

I was driving like crazy to Mngobi's house...Zandile was at the back crying..I don't know what is she crying for ..mxm..I'm with the guards for security because I know war will start as soon as I set my eyes on him

I will discuss eka Zandile and her fake pregnancy tummy later but for now I need to find Khethiwe and save her from the monster of my brother

We arrive at this other house I never knew he has... Khethiwe calls him to open up ...he tells his guys to let her in..we ambush them and drove in

I guess he realized it's war because he comes out with a gun shooting T everyone and shot me in the shoulder too but I'm unbothered because I'm only worried about Khethiwe

I shot him on his kneecap he fall down screaming in agony

I don't want to kill him..yet..but I will definitely kill him soon

I grab him by his ears and walk in with his friend Zandile who's leading the way to the basement with a gun her neck....

The moment i saw Khethiwe tied up on the bed with drips and oxygen pump I lost it

I punched Mngqobi hard before running to Khethiwe...she looks so pale..

I opened her shirt and saw a new stitched wound on her tummy..I turn to Mngqobi and punch him countless times

Me: what the hell did u do u bastard huh?

Mngqobi:(spitting blood out of his mouth) now u know how I felt huh? How is it feel like to be at the receiving end?

I sat on my butt defeated...full of hate and anger..

Me: so this was all your plan huh? I thought u forgave me for that mistake!

Mnqobi: forgave u? Huh? Never! I was just waiting for the right time to strike back..now u can kill me because we are even

I looked at him deep and hard...

Me: no I'm not killing you...that will be so easy...boys call the cops

Mnqobi: whaaaat? Nqobani no u can't send me there please...u know how I hate it in there please man just kill me

I just ignored him and checked on Khethiwe while waiting on the ambulance and the cops..I was starting to feel the pain on my shoulder with a slightly headache kicking in

Mnqobi was on the floor bleeding from the knee and sweating...

-----KWA BHENGU KINGDOM-----

The Queen was banging on her door so loud.. luckily the king was coming in to check up on her

The Queen: my love..thank God it is you!

The king: what's wrong my love?

The Queen: I'm ready to confess honey...we need to hurry our daughter is in danger

The king: I'm tired of you talking in riddles.. which daughter is in danger? Khanyisile or Nokukhanya?

The Queen shook her head no ...The King frowned

The Queen: my love ..call a family meeting with all my children..I'm ready to tell the truth even if it's the last thing I do...in everything please believe me that I was trying to do

what I thought was best at that time and saving my marriage...I never meant to hurt you or for things to be like this

The Queen was now crying as she said all of these words and the king realized it was not madness talking

The King:. You are scaring me Ndlovukazi Yami

Ukhuluma ngani?

The Queen: call the children baba...

KHETHIWE THE ROYAL MAID

-----BHENGU KINGDOM-----

The whole family was now gathered in the throne room waiting for The Queen

The king and his kids were waiting anxious to know what is it that has been bothering their mother...the king was pacing up and down

Khanyisile:(first princess) father may you please sit down...

Nokukhanya:(second princess) yes dad u are making us dizzy

The king just gave them a death stare and continued with his pacing..Khaya just kept quite..he knew better than to provoke his father in this state...

The Queen graced the room with her presence and beauty..she really looked good and better..she has showered and fixed herself

The king made her comfortable and sat her down..

The Queen: thank you so much for leaving everything and come here to listen what i have to say

Khaya: we have been worried sick Mother...what is going on?

The Queen:(sighs) ok I Will need you guys to sit tight and don't disturb me as I narrate this story

They looked at each other and kept quite...the Queen started her story about how this mess started when she fell pregnant for the third time..that time the king was overjoyed and really hoping it is a son..a son who will take over the throne and kingdom should he pass on...with all that pressure the Queen

was really disappointed when she gave birth to yet another baby girl

She knew exactly what was going to happen next..the elders of the council was going to call a meeting and force the king to marry another wife

Fearing to lose the king and sharing him..she asked the nurse to swop the babies...everyone was shocked at this revelation...the king was white as if he has seen the ghost

Nokukhanya: mother...this is not true...u mean to tell us Khaya is not our brother?

The Queen : by blood yes..but he will forever be my son..I've raised him..I love him so much...I'm sorry my king I did this but I had to protect my marriage

The king just stood up and left the throne room... Khaya stood up too..he looked at his mother with tears streaming down his face before walking away...

-----KHETHIWE -----

I tried opening my eyes after hearing the machines sounds beeping...I looked around the room and realized I'm at the hospital...my whole body was so sore..my lips were hurting and cut

An elderly woman walked in with a file .I assume shes the matron of this hospital judging by how she's dressed

Her:my princess how are you doing?.

I looked at her puzzled as to what is she saying...

Her: don't worry my dear..all will be well from now..just rest ok..u are strong and a fighter..just like your mother...

She smiled and walked away...I was left with so many questions and I didn't have time to answer them..I was in so much pains to stress about random speech...my head was pounding like crazy

I forced my hand down my tummy and noticed it was now flat..not flat flat but there was no baby anymore...so he really did it? I remember beginning him not to..after what he did the moment he injected me is blank..I felt my heart sink as tears gushed down my face..how could Mngobi be so heartless to rip my baby out my womb? This baby is the reason why I've been trying to tolerate his nonsense...to cut it out of my stomach hurts a lot

Then I saw Nqobani walking in with fresh flowers looking good

He dropped them and ran up to me..he sat on the bed and took my head to his chest..I was so angry at him so much I wanted to punch his handsome face but I let him hold me...

Nqobani: I'm so sorry I was late..please forgive me...I'm glad that u are now safe....

I wanted to say something but my voice failed me..I just cried....

-----KING ZWELIBANZI BHENGU -----

I was pacing up and down on my chamber..what I heard today from my wife killed me..I once has suspicions about the boy growing up but I shoved them away because I never thought my wife will betray me like that...

I'm so mad at her but the strange thing about this is that I kinda feel sorry for her and understand where she's coming from

Damn! How come I never noticed this? I mean the boy refusing to breastfeed the day they came back home..his wailing and all that was the sign that something was wrong but I ignored all the signs

A knock brought me back to life when Khaya walked in..he look like he's been crying . my heart sink...im so sad right now...no matter what happens this boy will forever be my son..I love him

Me: sit down son

He sit down with his hands on his head....

Khaya: what's going to happen now father?

Me:I don't know..but we have to find the princess and bring her back home... because she's in danger

Khaya: that why mother umm The Queen has been having these nightmares?

Me:(sighs) yes.. Khaya..no matter what..u are my son..and u will remain the prince of this kingdom..this shall never get out no matter what ..I understand u are sad and angry but she's your mother..she loves you .always have and always will...please. Find it in your heart to forgive her...

Khaya': it's hard father..worse enough because we don't know if my parents are alive..

Me: if they are still alive I will make a way for u to be reunited with them..but I will not strip you your crowned prince position

Khaya: what are you going to do with the ancestors?

Me: I will find a way to appease them..I love you son

Khaya: I love you too Dad

With that I hugged him tight..I really love him

Me: let's go check up on your mother

-----The Queen Nobuhle Bhengu -----

I was in my bedroom... Nokukhanya has been telling me how selfish and cruel I am for robbing her a chance to be a big sister.. Khanyisile is a bit understanding and sympathetic to the whole situation

I don't blame them though because this is a choice I did without anyone pointing a gun on me..maybe I should have handled the situation a whole better..tried for another baby .who knows .. maybe it was going to be a prince

My phone ring as it's disturb me from my thoughts..I wipe my tears and answer

Me: hello

Voice: Nobuhle my dear how are u?

Me: Sindi? Oh my Goodness thank God u called!

Sindi: ..this is not a social call especially after u failed to keep your promise .. anyway u won't believe who I bumped into

Me: who?

Sindi: your daughter...

Me: which one?

Sindi: the one we swop away 25 years ago...

Me: Sindi don't joke like that!

Sindi: I'm very serious.. remember I'm the one who helped you giving birth and I said she has a rare birthmark on her forehead? Well in my 30 years experience as a nurse and midwife I've never seen anyone with that Mark other than your daughter

It could be anyone else but I'm confident it's her..she resembles you so much

Me:(tears streaming down my face) oh God I thank you! Even after I keep on disappointing u but u are good to me..

Sindi..where did u saw my daughter?

Sindi: she's admitted her in the hospital..she doesn't look good...she lost her baby and she's badly bruised...

Me: save me the details and send me your location I will be there...

I hung and up got up..I fixed my face and changed to comfortable clothes..just as I was taking my bag and cellphone my dear husband and son walked in

I swallowed hard looking at them...

The king: going somewhere?

Me:yes..I got a lead where my daughter is...

The king: really?

Me: yes..the nurse who helped me swop those babies actually saw her..she says she's admitted and kinda in a bad state...

The king: well the we are coming with you ..

Khaya: forgive me dad I think it's best I go home to my wife...

The king: son come on...

Khaya: no..I don't want to ruin the ruinion moment between you and your princess

With that he walked out..my heart sank..I need to fix this between Khaya and I..but now let me go get my daughter....

-----NARRATED -----

DAYS LATER

Khethiwe was discharged...after the Queen and the king arrived to tell her the news she didn't believe them...but as they narrated the story and did blood test which came back positive she believed them

She was shocked that after so many years of suffering..she's actually a princess..she was still yet not so sure how to adjust to the news...

Physically she was healing but emotional and psychological she was dead...she stopped Nqobani from coming to visit...she hates the Abathembu twins with passion...

Mnqobi and Zandile were arrested and sentenced to 25 years yesterday...after battling with emotions and the fact that she was weak..she agreed to be taken to the Bhengu Kingdom...her home

The sisters were very accommodative and supportive although she really wanted to be left alone and deal with her emotions...she had a serious deep talk with her mother.. despite the fact that she did what she did..she was just glad that they found each other and she's here to rebuild that relationship...it was long a process but she was willing to give it a try

-----KHETHIWE-----

I was on my grey Adidas track pants sleeping with my stomach busy revisiting the events of this month

A lot has happened in a short space of time and I really don't know what to make of that...a knock disturb me..I sit up as Nokukhanya walks in

They have stopped me from locking myself in and took all the keys saying I will kill myself...ai

Nokukhanya: mntase

Me:hi sis

Nokukhanya: how are you feeling today?

Me: it's better than yesterday...

Nokukhanya: I'm glad to hear that..u know with your emotional state and pyschological state I think you need to see someone...there's this couple I know and I think they might help...

Me: Nokukhanya..thank you but seriously I don't need to see a shrink..I will be fine

Nokukhanya: I know u are scared but I will hold your hand throughout everything..and no they are not shrink. The guy is a well known pastor and his wife is a social worker..I've heard

that they have helped a lot of people in your situation and worse...

Me: u are very confident ngalabantu bakho neh?

Nokukhanya: yes..they just listen..talk and pray for you

Me: I guess there's no harm in trying them out right? Who are they?

Nokukhanya: pastor Mthokozisi Zulu and his wife Thandeka

Me: uhm okay I guess we will ..

I was Disturbed by seeing Nqobani at the door..I felt so angry..he doesn't listen! How many times must I tell him to leave me alone?

Me: noks can u give us a moment?

Nokukhanya: sure.. shout if you need anything

She walked out and Nqobani walked in

Nqobani: hey

Me: hi

Nqobani: how are you doing?

Me: well as expected to be... Nqobani what are u doing here?
Didn't I ask you that I don't want to see you here?

Nqobani: Khethiwe baby please give me a chance to explain?

Me: explain what huh? That u were so dumb that u thought I've left to Switzerland and dumped u over a letter! That u were so stupid enough to jump into bed with Zandile and didn't fight for our love? That u didn't bother looking for me for answers? That u failed to protect me from your brother!

How am I supposed to forgive me tell me?

Nqobani:baby I know that I wronged you I get that .but
Khethiwe I love you..I've always loved you and I will forever do

Me: I love you too Nqobani but I can't be with you...

Nqobani: but baby ..

Me: I'm sorry I can't.. you and Mnqobi Are so
identical..mangibuka wena ngibona yena...how am I supposed
to heal and get over everything with you constantly reminding
me of everything I don't want to remember?no I can't do that

Nqobani:(shedding tears) Khethiwe I love you.. you are the air
that I breathe..I know u will find this difficult to believe but I
love you

Take all the time you need to heal and I will be here waiting for you to come back..I've lost you before Khethiwe,I'm not letting you go again

He walked close to me .I just stand still..he perked my lips and wiped my tears with his thumb

Nqobani: I'm not my brother...give me a chance to show you what is love...you deserve it

Call me anytime you need anything...I love you

With that he walked out of the door..I just grabbed the side lamp and throw it at the door screaming my lungs out...

Nokukhanya and Khanyisile ran to my bedroom and found me on the floor crying...I'm crying because I love Nqobani but I don't think I will be able to get over this...

They both hold me down and hug me as I cry...

----- KHAYA -----

The past month have been hell ... discovering that I'm Qwabe instead of Bhengu left a huge hole in my heart..it's sad enough that the woman who actually carried me for nine months is now no more ..and my so called father is where God knows where

I don't know what to do with this...I thank the support of my wife ... without her i would probably picking up papers now going crazy

Nqobile: baby

She says walking to our bedroom..I'm sleeping a lot these days

Me: yes love

Nqobile: your mother is here and she would like to talk to you.

Me: but Nqobile didn't I tell you that I don't want to talk to her as yet?.

Nqobile: its almost a month now baby since u are busy avoiding her..talk to her and get it over and done with

I'm going home to see my parents and Nqobani..I'm sure that will give you guys enough privacy and time to talk..I love you .

She says kissing my lips and walking out...I sigh and get off from bed..I took the longest shower ever hoping that by the time I'm done she will be gone..but I'm wrong..I find her cooking in my wife's kitchen...mhmm I didn't realize I missed her cooking up until the stew hit my nostrils found myself smiling

Me:hi

The Queen:oh my boy..I didn't see u there..how are you? Sit up and let me dish up for you .look at how skinny you are...kanti lentombazana yakwa Mthembu ayipheki nah?

That is my mother talking about everything at once without breathing..I missed her so much..I'm glad she's getting back at being herself ...she stop what's she doing ..

The Queen: why are u smiling?

Me: because I've missed you

The Queen: oh my baby .I've missed you too..come here

She says opening her arms for me..I go and she wraps them around me..the warmth and love I feel here...

-----NQOBANI -----

After the talk with Khethiwe I decided to drive and went to see Mngqobi..ever since he has been sentenced I've never went to see nor talk to him

They push him in with handcuffs and sit him down..we stare at each other with blood shot eyes

Me: why...

He keeps quite

Me: did u love her?

Again he ignores me..I hit the table with my fist .he jumps with fear

Me: answer me damnit or I will finish u up here and now!

I was now roaring with anger..I swear the cop coming near...

Mnqobi: at first I did love her...but then the moment I realised u love her too the idea of revenge pop to my mind... I noticed that you really cared for her and used that as my advantage

Me: why would u put her through so much wheareas you know he situation with Jessica was a mistake? A mistake u did and helped u cover up! Now u are using it to punish me?!

Mnqobi:I know it was my mistake but u shouldn't have burned her with her baby in her!

Me: don't fuck with me! Her dead body to as going to send your crazy unstable ass to prison! What was I going to say to father? U knew very well that we didn't know she was pregnant up until her friend told us so

Mnqobi: I'm sorry..I guess I never wanted to admit to that guilt and blamed your for everything

Me: whereas I was trying to protect you Mnqobi? Why huh?

Mnqobi: because u are dad's favorite child.. only Mother loves me...imagine he has never come to see me..?

Mnqobi is sick than I thought!!! Before I kill him..let me get out from here....

-----A Week LATER -----

-----Khethiwe -----

After crying so much and battling with my emotions and advice from my sisters..I've finally decided to forgive Nqobani and his stupid brother

I've started the counseling sessions with pastor Zulu and his wife over the phone

Advertisement

like they send me inspirational versus and quotes every now and then..his wife calls me from time to time to pray with me and just to talk..they are very kind people..I will be visiting their ministry this Sunday and they don't know...me and my sisters will surprise them

I've decided to move on and dust myself up .yes what has happened over me was very painful and a bitter pill to swallow but it is done now .no use of crying over a spoiled milk

I'm just glad for the second chance to life and better home..dad is arranging that I go back to school and finish my studies..since I wanted to be a doctor growing up..dad is making sure that I will study that....

Moving on means cutting off Nqobani out of my life..me and him will meet on family gatherings because Khaya is married to his sister... Khaya well he's the brother I never had..very sweet..

I was walking down the road from home to the shops .I sneaked out of the palace because I wanted some peace of mind and to breath some fresh air without being guarded..this life of being

followed everywhere is still new and scary to me ..I'm still trying to adjust to it

Voice:but why is a beautiful lady like you walking away with a troubled face like this?

I looked up to the voice ready to tell him to go to hell..our eyes locked and for a moment I lost my breath...this guy is tall...like makangibhekile Mina I'm sure ngiyintuthwane..lol ok maybe not that much but yena mude..his complexion is dark..well build body...

Me: urhm sorry bhuti but I don't mind ngicela ukuba ngedwa bandla...

I said walking away to avoid looking at this guy looking at me like this...

Guy : you know me and my wife just booked around here to prepare for the event this weekend..I thought I should take a walk to clear some things in my mind..then when u pass I

realised that uthwele like u are stressed out and it's not good for your health and mind

I stopped dead at my tracks because I realised he was not joking...his facial expression had a worry and concerned look

Me: who are you?

He took out his hand from the pocket and I noticed a ring

Him: Mthokozisi Zulu and you are?

----- *KHETHIWE* -----

You know that moment you meet a very powerful person but then he acts normal and do what most famous and people in his status do?

Yeah that was me standing in front of this man,who's known to be the greatest of them all

I'm sure if it was Nokukhanya or Khanyisile in front of me they would have screamed their lungs out but not me,I just kept my cool and looked at him

Me: I can't believe that the person who actually helped brought my sanity back is right in front of me...

Mthoko: well you better believe it,my Princess

Me: well I'm glad ..to be honest me and my sisters were planning to come in one of your services this Sunday..and I didn't even know that you will be around

Mthoko: I didn't know too..just that one of my brothers in Christ from JIK (JESUS IS KING) ministries will be around here preaching and giving back to the community

Me: you mean Prophet Ngema?

I know him because Khanyisile is always watching his show on the TV..like prophet Ngema has his own tv show and radio show..he's one of those well known pastors..

Mthoko:yes the one and all..so you and your sisters can come over

His hands went to the pockets and he gave us VIP tickets to the show..shook my hands and left

I decided to go back to the house...

I found my sisters busy with make up just to go have lunch downstairs..I rolled my eyes..the drama this people have..I guess It will take me some time to get used to being the Princess and besides I think I'm cool like this..I don't want the status attached to my name to change me

I walked into the room..make up set on the bed..I sat at the corner of it

Me: hey guys

Khanyisile: hey baby..thank God you back early..your father was about to send an army to look for you

I rolled my eyes..I saw him while walking in and he gave me a hug for life

Me: your father has drama for days shame..I was just walking around to get some fresh air

Nokukhanya: honestly we understand,just that you know your parents are a little bit protective over you..you know after losing you for 25 years and all that

Me: yeah well they shouldn't..I'm here now and I guess that is what that matters right?

Khanyisile: right..and we are so happy to have you here.. really I am

Me: thanks guys..I grew up as alone but now I have a big family with sisters and a brother that loves me..I'm very happy...

We did a mini group hug while they fixed their make up

Me: so guys guess who I bumped into...

Nokukhanya: please tell me it's not one of the Abathembu twins?

Me:whaat? Hahaha no..none of them..I bumped to your favorite pastor wena Khanya...

Nokukhanya:you kidding right? U don't mean Mthoko angithi?

Me: the one and only babes and we spoke

She literally jumped up and down screaming causing me and Khanyisile to laugh

Nokukhanya: oh my gosh I should have came with you yazi..so how is he .what is he saying

I took out the tickets from my pockets

Me: well he told me him and his brother Prophet Ngema will have a Sunday service around here..these are the tickets to the show..ise stadium babes...I think after the service he will be giving back to the community

Khanyisile: oh my word! Mncedisi!!! This guy is powerful and humble

Me: what's up with you guys and crushing over abafundisi?

Nokukhanya: don't be silly..you know we are meant to be married from a royal family..you see that royal shandis thing...

Khanyisile: tell her..while in that topic..I think I should tell you guys something...

We listened attentively to the big sister with eyes out

Khanyisile:well I met this guy..few weeks back..oh my gosh he's the prince charming of them all..his from the Nkosi Kingdom...

Me: sorry to disturb you ..but I just need to understand something.. Nkosi as in Swati or?

Khanyisile: yes..he's Swati..and there's nothing sexier than him speaking isiswati..damn!

Nokukhanya and I looked at each other shocked to hear this

Nokukhanya: ok ok and u kept this from me..I hate you right now..

Khanyisile:don't be dramatic..it's still early days and we are getting to know each other so no rush.

If anything get that serious..you guys will be the first to know

Me: mhmm I wish you all the best mntase..I mean we all deserve to be loved and treated right

Nokukhanya: amen..and while on that topic..when are u forgiving Nqobani?

Me: I have,just that I am not getting back with him.. forgiving people isn't all about taking them back to your life or anything like that

He is the constant reminder of what his brother put me through so nope I wouldn't want to keep that reminder next to me

I stood up and went to my bedroom..I locked the door and sighed behind it..I sat down feeling my cheek burning up as tears rolled down

Me:dead Lord,please help me move past this and forget..
restore my happiness once again..I really wish I didn't involve
myself with any of the princes

But now that all has happened I am just praying for peace

I stood up and went in front of the mirror..I pulled up my top
..my stomach is slowly shrinking and getting back to how it was

The scar where Mngobi performed the surgery without my
concern so visible..he sure did make the mark that I don't
forget...I held on to my stomach while crying... I thought I have
forgiven him but I will never be able to forget the pain...

-----NARRATED -----

Prophet Mncedisi Ngema arrived with his crew three days
before the service...they had to set up and prepare for
everything...

Mncedisi was booked in one of the finest hotel rooms ever..

If you were to meet him on the street you wouldn't say he was a pastor or a prophet..he was just your simple guy who wear skinny jeans and shorts..only when he was in front of people preaching did he wore formal or when attending one of his businesses

He was very hot and charming at the age of 32..with tattoos all over his body...see before he became a prophet he was into rap kind of thing ..that where he got those tattoos from..but when he became 22, the word of God located him and found him..he tried to deny God but paid the severe consequences of that at 25 he accepted his calling,went to the Bible School and started to serve the Lord..at first people didn't believe that thee Mnce now was the pastor and preaching..most ladies and guys doubted him and laughed at him

At first that got to him,until their spiritual father with Mthoko, Bishop Nhleko told him that when God want to use you or send a message...he doesn't use a perfect person with a perfect past to convey that message to his people

He normally uses the underrated person to do that...Mnce took advice to those words..a year later people saw the grace of God in his life..they started to take him serious and supported his vision and mission

As much he was a prophet,he was a normal human being,loved sport and music, his hobbies and interests were writing and sleeping a lot

He was in the process of releasing his third book,Scars are Stars

He didn't have a child
but was now looking to marry

-----MNCEDISI -----

This is indeed a beautiful town...calm and collected..unlike joburg..

I went back to my bed and sat down preparing the sermon for Saturday...

Friday Mthoko will be the one opening, then Saturday I will be the main service..it's a two day service because I have to go back to my joburg same day..

As I was busy drafting the sermon I felt a certain pain on my heart..the way it stung..I dropped the tablet on the floor and rolled down..

While I was rolling while holding my chest, I felt obunye ubuthongo engingakaze ngaba nabo taking over..

While in this sleep I saw a woman with a bleeding heart..I looked at her from the distance her face not visible to me .then a voice said.. that's your wife..she needs your help

But God how am I supposed to help her while I don't know who is she?

I was busy rolling while praying...I heard the door opening..I realized there were people in my room but couldn't hear nor see them

Guy1: oh my God pastor Zulu..what is wrong with Prophet?
Should I call an ambulance?

Mthokozisi shot him a stare..he put down his Bible on the bed

Mthoko: leave us..he will be alright..don't tell anyone about this

Guy1: but mfundisi the way he's groaning and crying shows that he is in pains..why should we leave him?

Mthoko:u won't understand God's work on his servants..now leave I need to pray

The guy hesitating left the room.. Mthoko went to Mncedisi and touched him at his forehead

Mthoko:it is happening.. receive it..don't fight it..don't question God about it..

-----NOKUKHANYA -----

I am the second born of the family... the diva, the sex freak,the drama queen I mean you name it

I am really a beautiful and successful woman,I have almost everything that I desire in life except for a man..I've been messing around with other princes from other Kingdoms but none of them saw me worthy to be married..or made a Queen

I used to think that we are cursed..I mean my elder sister is 29 not married .well at least it's promising on his side because the Nkosi prince..

Me at 27 I was single as fuck..and dickpressed a lot..guys my age didn't even bother to look at my direction...Khaya at 25 is

married...well at least Khethiwe and I are together kule drought season

I was driving around looking for an outfit to wear on Saturday kule service ka Ngema..I hear it will be packed.. people are talking about it everywhere

I bumped into the newly crowned king yasema Bheleni(Mbhele)

His wedding and crown ceremony was the most trending thing that happened this year..not only were they beautiful and gorgeous with his wife Gugu but they were just perfect..the attires to die for..not to mention that King Nkosinathi Mbhele was yummy and hot..he is my elder sister's age..

Him and his guards meet and he smile that smile that sends goosebumps to your stomach

Nathi: my Princess

Me: my King

I said bowing in front of him and he touched my shoulders I stood up

Nathi: fancy to see you in this small mall of ours.. what did we do to owe the pleasure

Me:oh well I'm just looking for an outfit to wear this Saturday and you know how the mall back home get packed..and besides I don't want to wear something that someone might wear

I saw the corner of his lips rode to a smile .

Nathi: i understand..you sound exactly like my wife right now

I just blushed looking down

Nathi: welll let me not drop you..I'm also looking for an outfit for the that event

Me:you and Gugu also coming?

Nathi:I wish she was..but she will be working..so it's going to be me alone

Me: well I guess I will see you then

Nathi:see u there nkosazana..greet your father

Me: I will

With that he walked away his guards escorting him..I shook my head and proceeded to the botique I knew sell the best female attires

---- KHETHIWE -----

Saturday finally came... judging by how the Friday night service was powerful..we have no doubt that today is going to be exceptional

I also heard that Thinah zungu will be performing so today is not to be missed

My sister's went for designer dresses..I honestly didn't know what to do..I'm not really cut out for the expensive taste they have

I had about 10 dresses on my bed..my make up was done and ready by Nokukhanya of course..she runs the beautiful salon that include make up, massage and the works..it was the biggest in town and she was good at it..she was the family personal make up artist

My mother knocked and walked in looking like she will get married again

Queen Nobuhle: kodwa Khethiwe..your sisters are waiting for you in the cars and you are still on your gown?

Me: mom i seriously don't know what to wear..

Queen Nobuhle: Khethiwe don't mess me with me! With so much beautiful dresses on your bed?

Me: I know..they are all beautiful I just don't know which to choose

She sighed frustrated and put down her clutch bag... looking at the dresses on the bed..she picked one royal blue long dress elinezintambo ezincane to my shoulders

I put it on and damn..I looked like a goddess...it's hugged my body so well..down there it was memeird like...

I smiled at my mother seeing the approval and tears of joy forming on her eyes

Me: thank you mother..this dress makes me look like the Princess

Queen Nobuhle: you are a princess.. you are beautiful my angel..now hurry up..

Me: ok mom

I put on my silver heels, double checked if I had everything I need on my bag and walked out

My sister's whistled when I approached them..they were beautiful..absolutely standing out and I was the simplest one

Khanyisile: wow! Girl you will turn the pastor's heads in there...I swear the wives will give you murderous looks

Me:hahaha stop flattering me..I'm sure they are dressed to kill

Nokukhanya: bitch have you seen your ass in that dress...

We bursted into laughter and the king and queen appeared

The king: you look beautiful my angels..let's go

We hooped on the limo..I was happy that although my family was Royal but they were also religious

We drove till we arrived at the stadium..it was so packed.. it was clear that we didn't need the VIP tickets because we are Royalty..we are always reserved places in events .

But the tickets put us second row behind the pastors..now that was some level up shit

As my sister predicted..the wives we're looking at us feeling intimidated..I saw my sister moving to another empty seat next to some gorgeous King

Me:who's that?

I said elbowing Khanyisile to look at Nokukhanya

Khanyisile: oh that...it's Nkosinathi..the new crowned King
yakwa Mbhele

Me:oh wow..where is the wife?

Khanyisile: I have no idea mntakababa

I chose to keep quite and focused on the performance Thinah
zungu was delivering...

The was a prayer session led by Mrs Thandeka Zulu...after that
the MC announced that the guess of honor will now take the
stage

Everyone stood up and were on their feet...there was so much noise people screaming with joy some bekikizela...then handsome men in Black suits appeared walking to the stage

Prophet Ngema was escorted to the pulpit and the guys stood at the back and front...

He was on his royal blue and white suit.. looking super super hot...

He took his time looking at the crowd that was going crazy..when it was finally settled down .he began to spoke

Mncedisi: greetings children of God

The crowd went crazy again...

Mncedisi:allow me to formally greet the traditional leaders of this community at large with their families...ngibingelele abagcotshwa baka Nkulunkulu abakulendawo nomphakathi wonke

The way he looked so American..it was hard to admit that he's Zulu and speak it so fluent...uyababa lobhuti guyzini...

Mncedisi:. Today's topic is :ABIDE IN CHRIST...

let us all open Philippians 2 verse 5 to 10

I will highlight the ones I will based my sermon to then you can read the rest for yourself

Verse 5 says "The attitude you should have is the one that Christ Jesus had

6: he always had the nature of God,but he did not think that by force he should try to remain equal with God

7. Instead of this,of his in free will, he gave up all he had,and took the nature of a servant.

He became like a human being, and appeared in human likeness"

Let's us all close our eyes and my brother ngicela usibongele ukufundwa kwezwi

He said giving the mic to Mthoko...

He took and prayed then returned the mic to Mncedisi

Then my eyes shifted to the left..I saw Nqobani walking in with another woman on his lap...I suddenly felt the annoyance..no I wasn't jealous don't get me wrong..I told him to move on..but then I felt uneasy being in the same space with him...

Khanyisile:are u ok?

Me:I'm fine..I think I will need the bathroom...

Khanyisile: listen to the sermon at least

I sat down and listened to this guy preaching..when he was done people clapped hands standing up while he was leaving the stage.. honestly I didn't hear the sermon .I was so focused on Nqobani who clearly didn't see me because his eyes was staring at the woman next to him

I stood up and walked out. Looking for the rest rooms..I felt eyes behind me as I walked away but I didn't care...

I finally found one and locked myself...I felt tears rolling down my face... ruining my make up...I had this burning sensation on my heart..I crawled on the floor so the memories of what Mngqobi did to me flooded back to my mind..I closed my ear to block the sounds..but I found myself screaming...

I head voices outside the door and knocks

Voice : are you ok in there? Lady?

Man get me someone to open this door

I head keys running through the door...then it opened up...
Mncedisi crawled in front of me..not caring that he was ruining
his expensive suit with the dirt on the floor..it was then that I
noticed we were matching

Mncedisi: I heard your cries in the next toilet and thought I
should check if you are ok...

I looked at his pure white eyes..I hold the gaze for a
moment..then looked down

Me : I will be fine

I stood up and dusted my self you completely ignoring his
presence..he sighed and walked out...

I fixed my make up then walked out..I wasn't sure if I wanted to
go back

Just as I was returning to my seat.. Nqobani saw me..I guess old habits die hard..he quickly removed his hand from the woman's face and stood up walking to me

Nqobani: Khethiwe

I continued to walk keeping a straight face didn't want to attract attention...

Nqobani: Khethiwe wait..let's talk please

He held my hand..I felt so angry that I turned around and gave him the hottest slap I ever released..even my hand was painful after that..my eyes were burning with tears right now

Me: don't you dare touch me! Which part I don't want to talk to you don't you get? I told you I don't ever wanna see you but here you are suffocating me..

I was now screaming didn't care about the eyes I was attracting in the VIP area..Khaya quickly walked to us and grabbed my hand looking at Nqobani who looked livid

Khaya: sbari don't do this ..not here.. sis asambe

Me: infact now I want to go home

Khaya: ok I will drive you

Khaya and I walked out..I so wanted to cry so badly..I saw khanyisile, Nokukhanya and Nqobile following us..when we got to Khaya's car the ladies hugged me

Nokukhanya: it's ok baby .I will murder this big head called Nqobani I swear,!!!

----- NOKUKHANYA -----

We arrived home and we stayed with Khethiwe on her bedroom till she fell asleep...I guess no one can ever understand how she feels..what's going on with with her inside...it's pains me that she has to go through so much while so young...

Kanti when is this going to end? Women being subjected to pain and slavery?like we are hurted and pained by the people who suppose to protect us ..

I shed a tear that was escaping from my face watching her sleep..I hate the Mthembu twins with passion..dear Lord help me because I'm starting to hate my brother's wife too..I know she has nothing to do with this but she also carries their bad blood nxx

I brushed her soft face watching her sleep on my lap..after the outburst at the stadium we drove home with the parents behind us..we spend hours talking to her..I think she needs serious help and a change of environment would do her good...

I offered to spend the night in her bedroom to watch her...we were having a great time at the stadium..not sure about other but surely I was ..Nathi and I were vibing..to be honest I had a crush on Nathi back then at varsity, I was sure that he did too and we were so close to get it on up until it was announced that they found a wife for him.

So I decided to let the crush go..but seeing him lately has bring back the spark..like we are just flowing..he gets me..

My phone rang ..I looked at it and smiled..it was him..how does he know I'm thinking of him?

Me: my king

Nathi:you make sound so old Khanya come on .

Me: hahaha just addressing you nje nge tittle yakho

Nathi: please don't unless we public .look I called to check how is your sister doing?

Me:not good but I hope she will be ok...I'm just sad and angry at the same time.i wish I could do more for her yazi...

Nathi: just be there for her..that's all you can offer her.. listen to her and be the big sister

Me:(sigh) yeah I will thanks .

Nathi: I'm outside your home..can I see you?

I checked the phone it was around 9pm..I so wanted to ask him about wifey dearest but the bitch in me told me to hold my horses

Me: I'm coming

I said with a scratchy voice...my heart was beating so fast..I gently put Khethiwe on the pillow and got off from bed to my bedroom

I grabbed my gown and walked out..I was on my shortest pyjamas since I was from shower preparing for bed..

I checked out the cost..everyone was in their rooms except the guards..I told them to open up for me..

I looked across the street..he was parked under the tree afulathele umuzi wakithi..I crossed the road and walked to him

I knocked at the window he opened the back door..

His guards were a bit far from his car...he was at the back.. looking good at his normal clothes,more hot..

Nathi: you look so sexy...but your face has sadness...come here

He said hugging me.. inhaling his cologne I felt horny

We then started to talk.. about random things from high school,our businesses, royal drama..I don't know how happened but we found ourselves kissing

The kiss got deeper..he kissed me so deep like no else did... grabbing the back of my hair roughly pulling me on top of him...

His head was rested on his back while our hands were undressing each other.. feelings were on the roof..shoved his pants to his ankles and his long fat dick popped out...I massaged it with my hand that had long manicure he moaned...I knew I was doing it good..I then spread my legs over his hips guiding his guy on my wet pussy..when he was getting in I felt a bit of pain..he was big...I took like the bitch that I and started to rock him

Guy grabbed my ass moving me up and down meeting me half way...we had a mind blowing sex..the steam filling the whole car..no one was talking really .we were just breathing hard and faster.. damn it's been a while since I had a dick in me and this one feels so damn good..some wives are lucky

We both exploded and screamed out loud...my head burried on his neck...I felt his dick softening inside me...

After a while I felt it growing still inside of me .damn that was the best feeling ever..he turned me around for a reverse cowgirl and I bounced on top of him holding the front seats with my hands...the back of my round us going up and down on his dick drove him crazy

We climaxed for the second time...we just smiled at each other not knowing what to say...his hand brushed my face smiling and he kissed my nose then forehead.. feeling his warm lips...

Nathi: that was hella amazing

Me: I know

Im the sexiest freak I know my sex game is always on point..I got off him and wiped myself with my pyjama trouser and wore my gown...

Nathi: I've never had some mind blowing sex for a while ..damn this was just everything

I just smiled not knowing what to say next..then his phone rang .he took it from the pocket and the name on the screen couldn't miss me " ♡ Wifey ♡ "

I felt jealousy hitting me hard ..he cleared his throat

Nathi: baby...yes love..I will be home soon...I love you too

He hang up and looked at me with guilty...

Nathi:uhmmm..I have to..

Me: ...go home I know Nathi... goodnight

I got out of the car and ran back to the palace avoiding to look back

My heart piercing

I just had sex with my long time married crush..I felt it sting...

-----NQOBANI -----

Seeing Khethiwe like that broke me,I don't care that she raised her hand on me I don't blame her..I'm just sad at the whole reaction to this...she's broken..my brother broke her...

I'm certain now that we will never be...I saw it on her eyes,it was not jealousy,nor hatred but it was fear, anger

She feared me because I look so much like my brother.. and truth is I will always be a constant reminder to her...

I guess I should just let her be.. she deserves happiness and I know she won't get it from me...

-----NKOSINATHI MBHELE-----

I drove home after that steamy session I had with Nokukhanya...damn I've never had a woman who is this flexy in bed...from the varsity days,khanya has always been my fantasy.. I've always loved and wanted her..but then my family married Gugu to me...

As time went by I learned to love her..to appreciate her although she's so damn difficult... she's a career woman and I'm proud of that..but as a married woman worse to a king. She should priorities her time..she's hardly by my side supporting me and all...we have been married for 5 years but there's no baby and my father is starting to breathe down my neck...when I address this she says she's not ready...lately our sex life is suffering because she's hardly home..even when she's around well sex is not funny anymore..I just do to release nje...

I got home and went to the gym room to shower .as much as things are like this between us..I still respect and love her..I've never cheated on her since we got married .but seeing khanya damn kinda drove me crazy...

I finished showering and went to our bedroom..I found her with a tablet on her hand

Me:baby

I said kissing her on the lips..she put the tablet away and kissed me back.. showing affection and that she wanted me so badly and I was so not going to deny her

I responded to the kiss taking her to my arms...she undressed me and I was hard already...my wife is sexy no doubt about that..

She gave me a mind blowing blow job I found myself reciting my clan names...

We made love changing position and I must say it's felt good..we connected...

We were now laying on bed catching our breath

Me: what a performance..what did I do to deserve this?

Gugu:(chuckling) can't I please my husband any more?I missed you

Me:I'm not complaining..just that it's been a while...

Gugu:(sigh)I know baby..just that I was trying to push out this deal at work and make sure I wrap up everything before I retire...

I sat up straight looking at her..not believing what she just said...

Me: you are retiring? Why?

Gugu: well because you need me babe..I've been working hard for so long neglecting my wifey duties...and that's not all ..

Me: oh there's more?

Gugu: I think you will like this...

Me: oh yeah? Tell me then

Gugu: I'm pregnant...5 months...

Me:what? No you joking angithi?

She giggled and hand out the scan..

Gugu: that's why I've been a bit Moody and shielding sex from you..I just needed to enjoy the first months without being

suffocated and did everything without you pressuring me to take it easy...

Me: so I'm going to be a father? Wow I can't believe this...

Gugu..thank you sthandwa Sam

Gugu: my pleasure sweetheart...

I kissed her so deep and looked her in the eyes ..

Nathi: I love you so much and I'm going to be the best husband and father

Gugu: what are you talking about? You already the best husband..I've just been the bad wife...but now I will make it up to you

We kissed and we were back to it again...

-----KHETHIWE. -----

I woke up the following day .. Nokukhanya was a bit distracted looking outside the window

Me:you ok?

She turned her head and look at me..she had showered and looking beautiful with no make up on..make up makes her look beautiful no doubt but this was refreshing

Nokukhanya: I'm good .was just waiting for you to wake up..freshen up and join us for breakfast

Me: mntase are you still mad about yesterday?I'm sorry I created that drama..

Nokukhanya: don't be silly. My mood has nothing to do with you I promise...now hurry

She left the room.. something indeed was not right with my sister..she's the one who is always bubbly and noisy but now..she was just quite

I showered and wore my jeans and a t-shirt then went downstairs where the whole family was there..even khaya and his wife

Me: sanibonani(I said sitting down next to my mom who brushed my arm)

The King : Morning my Princess how are you doing today?

Me: I'm doing good father thank you

Queen Nobuhle: well I'm glad to hear that my love... so after last night's discussion your father pushed the favours and strings to get you admitted at wits... although your marks ain't that good but you will write some test there then be good to go for your course...

My face suddenly lit up with joy..I couldn't hide it

Me: are you for real?

The King: yes..it's pain me that I will loose you again after finding you

Me: dad come on..y'all ain't loosing me..I just need a break for self Discovery and starting over..im sure you all want to see me better and happy again..I can't move on while here..

I gave them the assuring look...they all had teary eyes.i love them

The king: it's ok my love..but in three weeks you have to come back for your introduction to the ancestors and the community as the 3rd princess

Me': I will come back father..for all of you

We ate breakfast then after that my sister's helped me with packing..I was leaving tomorrow...so we spent the day catching up...

Later on I slept with all my sister's where we dug the truth out of her.

Khanya: promise me that you won't judge me..

Khanyi: when did we ever judge you?

Khanya: this is different guys promise me .

Me:ok we promise

Khanya: ok ..so yesterday I had sex with Nathi...

Khanyi:(clapping hands) oh yeah marn! Hallelujah!

Me: the King?

Khanya: yes..it was just not a random fuck khanyi.. you know he's always been my crush

Khanyi: yes and now he's married to Gugu...babes Gugu and I are close hey..don't ruin my friendship with her ngalobufebe bakho..I just hope this was the first and last time you two do this...

Khanya:well I love him..and I Know he loves me too...I've lost him before .I'm definitely not losing him again

Me& Khanyi: Nokukhanya!!!

-----NOKUKHANYA -----

It's been a week now since Khethiwe left for joburg and I am so happy for her

I wish that things work through for her..we chat every now and then,shes updating me about things that side..seems like she's settling in pretty well..

I am at my salon..in my office..busy with some work...today it's not busy as usually..I guess it's that time of the month where people are broke.

I'm busy viewing Nathi's statuses on WhatsApp..I'm pretty mad that the whole week he hasn't made an effort to contact me or reply my messages at least... he's purposely ignoring me...

I thought we were vibing very well me and him.. that the spark was still there..so I really don't understand why the sudden change of attitude..

I'm scared to call because that might land him in trouble with the wife....

I heard a knock on my door and I looked up...Enhle was peeping through

Enhle: ma'am..The king is here to see you . should I let him in

On my mind I was thinking about dad..he often comes by when he's in town

Me: sure let him in

Enhle walked back I put my phone away and fixed my hair rubbing my eyes..I heard a knock..I looked up pretty sure it's not father because my dad doesn't knock

Nathi stood in there looking all kinds of hotness and handsome..its took a lot in me to remain in my seat and not jump on his lap. I was so happy to see him no doubt ,my vagina was even smiling but I had to keep composure so I gave him a stare..the one that pierced through his stomach he shyed down a bit

Nathi:hey..I was around so I thought I should come and say hi

Me: oh..ok..

Nathi: yes..and to explain why I have been distant

I looked him..then stood up and went to stand by the window looking at out at our beautiful town,cars and people going up and down...I was wearing a mini dress that covered my ass so damn well ..I had surgery for my breasts so I don't wear a bra at

all cost..amabele ami amile and akhombe phambili...the office air conditioner was blowing my curly weave back..I held the window with my hand... having my back on him with purpose to give him a clear view of my ass in that dress

Me:to explain huh? Please..I would love to hear that explanation

Nathi:(clears up his throat) there's no easy way to say this,so I will say it anyway...

I remained still to where I was standing

Nathi:my wife is pregnant and I am very happy and excited about being a father

I turned to look at him. He was standing so close to me..next to my chair..on the table..I looked at him closely

Me: I am sure you are very happy about that

But I still don't understand why you didn't respond to my messages

Nathi:uhm eix Gugu saw some of your chats and she went mad

I wanted to laugh but I substituted it to smiling..

Me:she did isn't she ?.

Nathi: yeah so she asked me to end things with you and focus on our coming baby and her

I moved closer to him

getting in between his legs..placed my Arms around his neck while breathing on his face..

Me: so you came all the way to break up with me?

He didn't respond..I knew I had him where I want to..I brushed his head.

Me: tell that you don't want me anymore then I will respect your decision and stay away

I raised his chin to look at me..the moment our eyes locked he went crazy...

Nathi: fuck Nokx what are you doing to me?

He said carrying me to his waist standing up with me.. kissing me roughly...he turned around with me and placed me on the table...he just lifted my dress up and dropped his pants down

The Mbhele junior king was up and strong..popping veins ..he just shifted my underwear aside and shoved his craft I moaned...ubumnandi obungaka nkosi..bese kuthiwa asiyeke

He fucked me fast and roughly I came pretty fast ...I was holding on to him for dear life while he pumped on me hard

We looked at each other while ready to explode...

Me:wanna leave me?

Nathi: oh ..fuck..baby no...

I got down pushing him to the chair and spread my hips on his tighs and ride him

Me: what's going to be then because I don't want to leave you?

Nathi: we will be careful

Me:I can work with that .don't ignore me again

Nathi:I won't..oh fuck baby I'm so close..shit I'm coming..

With that I kissed his neck breathing on his ear while riding him fast ..he was spanking my ass like shit...we climaxed same time ..and I relaxed on top of him catching our breath...

I looked at his handsome face.he was smiling...I kissed his nose..he giggled and kissed me on the mouth, giving me his tongue...

He got up with me on his arms and pinned me against the wall and started moving inside me...

Nathi: fuck..I can't get enough of this pussy

Me: its all yours my King..

-----NQOBANI -----

I was trying so hard to forget about Khethiwe but it so difficult..I've had few flings to keep out of the stress but it's not happening

I'm down here at the palace's chief priest..I need to know what is happening..

I got to the door and took out my shoes and walked in barefoot..the smell in this room can make you throw up..not to mention intuthu ye mpepho

Chiefpriest: to what pleasure do we owe the prince to get a visit from the royal Highness?

Me:(clapping hands in greeting form) makhosi..I've come to consult about my love life..ever since I lost the woman who mattered the most..ai kumnyama angiboni kahle...

The chiefpriest just sneezed and looked for isikhwama sakhe samathambo..he made me blow inside then throw the bones down...

Chiefpriest: heeeeyi!!

He said sneezing again shaking his head while busy checking the bones ngeshoba lakhe...

Me: kwenzenjani makhosi?

Chiefpriest: it is not well my son..the ancestors are angry...

I kept quite listening to him...

Chiefpriest:they are angry for what you and your brother did.. because you share the same blood and everything..you need to do a cleansing and appeasing ceremony to them...

After that things will be alright

Me:makhosi..what do I need to buy?

Chiefpriest: I will write you a list ..don't worry my son.. after this..your chosen Queen will find you

Me: so I must forget about Khethiwe?

Chiefpriest: she was your chosen one..but after what happened..the ancestors have decided to let her go..you should..she deserves peace and healing

Me: so who is this other choose Queen for me?

Chiefpriest: you will know soon enough.. I must warn you though that your love with her will cause chaos and heartbreaks to many people..but you should be able to protect her against all odds

I didn't know what to make of this so I kept quite..he got a paper and started writing things I should go and instructions...

-----NATHI -----

I was driving back from Nokukhanya to home..damn we just had one crazy electrifying sex.. I can't stay away

My wife will forgive me..it's not only the sex.. Nokukhanya knows me beyond the prince tittle...she gets me more than a king.. but as Nkosinathi...

I checked myself one last time before going in the house and walked in

I found my wife making a smoothie..now that I know she's pregnant I must admit that she's glowing..her belly is not visible though..it's like she's 3 months or something..she always mainted a sexy body

Me: baby..

Gugu: hey love

I kissed her running my hands on her tummy...

Me: how has it been?

Gugu: good..just got back from work

Me': I'm glad you are taking easy these days..I can't wait till you retire ..

Gugu: I've decided not to retire.. I mean I can't be a housewife..im not cut to be one

I couldn't believe this woman! Not so long ago she was preaching how she's ready to take her Queen ropes on her hands and work next to me..

Me: Gugu we have spoken about this.. you need to resume your Queen duties come on!

Gugu: Nkosinathi awungiyeke bandla..I'm not in the mood .I didn't study overseas , wasting my parent's money just to be a house wife!

Me: Gugu you knew what you were getting yourself into when you agreed to be married! Didn't you?

Gugu: yes..but I thought I was marrying an educated man who will understand...

Me: yazini Mrs international degree I really don't have time for this .I can't deal with you now...

I grabbed my car keys and my phone...

Gugu: where are you going? To your whore,?

I looked at her..didn't believe that she just called Noku a whore..I walked out and drove to my parent's house..

My mother's and sister's cooking will calm my nerves..the moment I arrive my sister ran up to me..she's 18and very pretty..im worried nje soon there will be a suitor for her, her sight brought so much happiness to me.

Ayanda: bhuti wami

Me:mntase.. forgive me sis ngisuka ekhaya ngeza Lana straight didn't get you izinto ezimnandi

Ayanda: no worries.. you can always give me money...

Me: wena nemali ay khona!

She stuck her tongue out laughing..

I hugged her going inside the house . immediately nje my mom ululated seeing me in

MaMhlongo: wuuh kwaze kwamnandi lakhaya madoda..mfana wami

Me: ei baba..I've thought of that a year ago..but I don't see Gugu agreeing to this...

Mbhele: it's not her place to agree or deny..after all if she was doing her job well..you wouldn't have even considered this so man up...

I scratched my head...

Me: kukhona yena umuntu engimbona ekufanele kuba Inkosikazi nendlovukazi yesibili yasemabheleni

My dad smiled proudly..

Me: the second princess...

-----MNCEDISI -----

I am just standing by the balcony looking at the city of Johannesburg..how beautiful it is although the hips and happenings around here tries to ruin it..still it is a beautiful town..

I just took a break from the book I'm writing, I need a sort of motivation to carry on...

It's been two weeks since the incident back at KZN happened.. Everytime I go to sleep I saw her crawling on the floor hugging her chest crying...

Shit this scene is just making me so sad..I've been praying and fasting about this.. hoping to get answers..is she the one God chose for me? Only time will tell..

My phone rang and it was my brother Zulu...I smiled and took it out..

Me:Mageba

Mthoko: Duma...kunjani

Me: I am alright how are you and your family?

Mthoko: we are doing good, my wife will give birth soon, as for my son he's perfect..

Me: you have a beautiful family Zulu..I hope you will always treasure it...

Mthoko: thanks man I will do so..tell me what are you up to?

Me: nothing..just took a break from writing now I'm looking at the city..

Mthoko: a man like you is always busy .I'm surprised you sound this chilled

Me:I have thousands of people working for me ndoda to make sure that all is well so yeah ..

Mthoko:Ngema this is not a social call..

Me:I figured that...what's up?

Mthoko:I've been having a same dream..your future wife is in Gauteng..it's your duty to find her..

My heart skipped a bit,I know whom he's talking about..I know,he knows..I just didn't want to Confirm it..

Me: how did you know that?

Mthoko: I will let this insult go just this once. You know we see almost everything ezweni likamoya..man the hell up uganwe ndoda or yini usaba ukushela?

Me: soyaphapha ke manje! Who said anything about being afraid?

Mthoko: what am I supposed to say Mina when you are busy dragging your feet asking me nonsense? You will be 33, a man with so much status and anointing should not be alone.. you started preaching at 26 till now you don't have a wife .no no..this is not on .

Me:(scratching my head) you know us pastors we just don't pick up anyone..the person we have to marry must have the same calling...

Mthoko: uzongicasula Mncedisi because wazi kahle kuthi ayikho lento oyishoyo..was Thandeka a pastor when I married her? So go out there..get your wife...uyeke kungicasula

He hung up on me I sigh..he was mad..not that I don't get what he's saying just that it's easier said than done..

I need some fresh air and to get out of this house for a moment..I walked to my bedroom, I took a shower

Advertisement

wore one of my grey skinny jeans, my white all Stars , a vest,put on a light jacket because it's in the afternoon now soon it's going to be chilly..

I wore my watch,put on my cologne a bit ..I walked back to my office .grabbed my notebook I use to craft my work and all the necessary things then walked out

My driver and bodyguard was ready on stand by .I just took one car and told them just to drive around.. they kept on driving up until it was 18:30 pm I directed them to a certain park that was a bit quite with WiFi..there were few people around mostly holding their laptops and cellphones...

-----NKOSINATHI MBHELE-----

I ended up spending the night home, I just wanted to calm down before I went back.. everyone was now sleeping including my forever talking sister

I lay on my bed and called her..no matter how mad I am at her right now,she's still my wife ..she's carrying my first baby.. probably an heir.. it rang a couple of times before she answered...

Gugu: hello

Me:. Baby.. you ok?

Gugu: how am I supposed to be ok while you are not home?
Please come back home..I'm sorry I was out of line I agree I miss you

I shut my eyes close listen to that..it touched me I don't want to lie

Me: i am at my father's house...I came here to unwind and cool down..I will see you in the morning.. don't stress I am ok...

Gugu: okay at least I know you are safe and not with her...

Me: good night baby ..try to rest ok? I love the both of you

Gugu: wow.. your son just kicked ...we love you too Daddy and can't wait for you to come home

I hung up with a smile on my face.. well that went well.. better than I thought at least...

I went to WhatsApp and Nokukhanya was online we chatted for an hour then I logged out and tried to sleep..but ubuthongo was very far from me.. I've never thought I would ever consider to have more than one wife..I'm one of those people who believed that one wife was/is enough..but look at me now.. I wonder how Nokukhanya will take these news..will she accept? Ai asazi...

-----KHETHIWE-----

I just came out from the gym so I was jogging to my flat when I suddenly felt my knees weak and sore .I stopped at the park close to my flat to catch my breath..

Jozi is not that bad, so far I'm enjoying the freedom and a fresh start this city brings to me..

Everyday I wake up at 6:00 am..go to gym for an hour and come back home to prepare for class

You may say that gym is some kind of a therapy for me..fheore I work out the more I let out my anger and pain...

I was on my Nike grey and pink leggings.. with a sports bra.. and Nike tekkies.. headsets on..

I sat down on the bench that was on that park and stretched my legs and arms..I checked the time on my phone that was on my arm..it was 18:50..I should be home now..it's not safe to be out this time here.. I stood up with an intention to go..I don't know where these two guys came from but they stood in front of me..

Guy 1: mamasita

Me': hello

I was trying so hard to keep my cool and not show that I'm scared..

Guy2 : asilwi mama but we would like to get to know you better .can we grab a drink?

Me: uhm no I can't sorry..I need to go

I tried walking past them they blocked my way..one of them took off a knife..now I was shaking I couldn't hide it..

Guy1: hey wena sfebe voetsek..who do you think you are?

Guy2: scream and see what will happen to you!

One grabbed me by the arm pulling me closer to him..I just shut my eyes..then I heard a voice coming behind us..

Mncedisi: is everything ok here?

They quickly let go of me and I still had my eyes closed...

Guy1: groetman..no ku grand mfundisi besi ringa nje ne sesteri...

They walked away..i opened my eyes and I saw Mncedisi..he was too different than the last time I saw him but he was hot..

I just hugged him..with tears streaming down my face.. shaking and grateful..

Mncedisi: are you ok? They didn't hurt you?

I just shook my head and pulled away from the hug because his cologne was suffocating me..

Me: I am fine .. thanks for coming on time.i don't know if you didn't come what was going to happen to me..

Mncedisi: don't sweat it..I was around preparing to leave when I saw these young men ganging up on a women.. there was no way I was going to walk away from that..

Me:thanks again..

He took off his jacket and gave it to me to wear because now it was chilly and abo mosquito shame were feeding themselves on me..damn he was now more hot in his vest and jeans..

Mncedisi: where do you live? Let me drop you off

Me:I'm just living around..it's a walkable distance I will be fine..

Mncedisi: forget it..I'm not letting you walk alone after what happened..come let's go to the car

I could not disagree I mean how can you say no to such a handsome man of God like that?

He opened the door for me I got in and he followed.. I gave his driver directions...

Mncedisi: we never get a chance to formally introduce ourselves...I'm Mncedisi Ngema...

Me: Khethiwe Qwabe.to be Bhengu now...

Mncedisi: you are getting married?

I laughed a little at that ..

Me: no..I recently discovered that I am a Princess so soon I will be using the surname from the Royal family

Mncedisi: ok your Royal highness..it's a pleasure to meet you.. although we always bump into each other on unpleasant situations..

Me:yeah I know..so embarrassing...

Mncedisi: don't beat yourself up for it..how about we do this .. please give me your number..I will call you then we can arrange some time to meet up on a less awkward situations? What do you say?

I just smiled and said ok..he took his phone and gave me to type my number...I typed them and he saved them ..

I looked around I had arrived ...

We both got out of the car ,his men remaining behind ..

Me: thanks you again..and for driving me here..I need to go now..

Here's your Jacket thanks...

Mncedisi: you can keep it ..

I smiled and walked inside my apartment...he walked back to his car....

----- KHETHIWE -----

It's been two weeks since the incident at the park happened..I must say that now I'm very careful..bathi once beaten twice shy so I'm very cautious now...

I haven't heard from Mncedisi and to be honest i can't stop thinking about him..crazy right?

I wish I took his number I would have called him now..I'm just trying to connect dots about how we meet Everytime...

I'm crazy though,I mean there's no way I can be anything to that guy..he's way too hot and definitely not my type...I'm sure he has someone in one of his branches to take over his side and be Mam mfundisi, someone innocent,very religious and of course beautiful...

Tomorrow it's Thursday and I'm going home, I'm so excited to be home..there's so much to catch up on with my sisters, and to be formally crowned and introduced as a Princess.. meaning there will be guards following me around.. yoooh I wonder if I will cope... Nokukhanya told me that Nathi asked her to be his second wife and she's considering it...I wonder what to consider because yena no guy are vibing..but I get her concerns..it's not easy being someone's second option willingly nje..

Well Mina on the other side kumnyama I don't think I'm ready to be in a relationship, not because I'm still dwelling on the past...yes my past left huge scars on my soul, body and mind..but I'm slowly healing..my sessions with Mrs Zulu are helping me deal with it

The reason why I am not seeing anyone it's not because guys are not asking..they are..I am just scared to open up my heart again and be hurted in the process..I have a very low self esteem..every time I get dressed the scar where Mngqobi performed the operation takes me back..Thandeka suggested that I should cover it with a tattoo just to heal...

I no longer feel comfortable or beautiful..yes I get compliments that I'm hot and what not but it's still hard at times..

Strange thing is, although i am very scared to open up my heart but the moment I think of Mncedisi I feel peace and my heart will dance ivosho...

I was distracted from my thoughts by my phone ringing..I walked to take it from the charger

Advertisement

I look at it and it was number that I couldn't recognize and not saved..

Me: hello

Mncedisi: hi Khethiwe it's Mncedisi here..

Yooh good people I nearly dropped my phone..the way I was so excited and scared..the moment he mentioned his name something happened inside me ..

I shut my eyes to listen to the rhythm my heart made ...

Mncedisi: hello? Are you still there?

Me: urhm yes I'm still here sorry...

Mncedisi: apologies for not calling so long.. I had a very difficult task to perform and it took a lot of my time ...

Me: I understand..

Mncedisi:how are you?

Me: I'm ok and yourself?

Mncedisi: getting better... listen I would really like to see you

Again my heart made that du-du-du sound..I swear it wanted to come out

Me: when?

Mncedisi: Friday if possible...

Me: urhm well I am going home this Friday.. infact I'm leaving Thursday...

Mncedisi: ohk I see..tell you what..lets meet tomorrow then since Thursday you will be leaving...

Me: ok...where and what time?

Mncedisi: pick up any venue or restaurant you comfortable with I will come...

Me: okay will do

Mncedisi: goodnight then..i am looking forward to see you tomorrow

Me: good night

He dropped the call now I was sweating..ok breath Khethiwe breath..yuh oh my God what do I do now? I wanted to call Nokukhanya but then she will tell me to wear a lingerie ai

Wait..there is someone who can help me who will understand my situation better...I called her..

Thandeka: sis Khethiwe

Me:hi sis i hope angikuphazamisi?

Thandeka: no dear I just put Mxolisi to bed so you not

Me: okay.. Thandeka I'm going crazy I swear

Thandeka: I can pick up the panic on your voice..what happened?

Me:(breathing out) okay.. Mncedisi called and asked to see me...

Thandeka:(ululating) alilili...when?

Me: tomorrow. He said I should pick up a venue I'm comfortable with and let him know

Thandeka: what a gentleman! And I'm sure you are so scared neh

Me: I'm sweating as we speak!

Thandeka: I understand..I also remember when Mthoko showed me signs of interest,damn I was scared...

Me:so what did you do?

Thandeka:I cooled myself down and adviced myself to actually go with the flow...that's what I will say to you..go to that dinner or lunch with an open mind..relax,ask him questions and answer his honestly..

Me: yuuh okay I hear you... about the venue?

Thandeka:well its up to you my darling..but I would suggest you keep it indoors.. cook something light and delicious..and don't worry Mncedisi is a well respected man of God..he won't do tricks on you...but then you can tell him to pick up a place..I'm sure he will shut down a whole restaurant for you guys

Me: this is difficult..anyway thanks sis

Thandeka: you welcome my baby..and one last thing ..look good..be presentable and confident...

Me: okay.. good sis

Thandeka: good night Mam Prophet

Me:(chuckling)sogijima kakhulu Mam mfundisi

I hung up and texted him that he should pick a place and let me know

He quickly replied as if he was waiting for me...

" Please be ready around 14:00pm Sharp tomorrow my driver will pick you up"

I throw my phone aside and sighed..what am I going to wear?ok now I have to ask Nokukhanya...

I took my phone and started chatting with her..the moment I told her she called immediately to scream on my ear I switched off my phone..trust her to be that dramatic...

----- Nqobani -----

Its been a couple of weeks now that I've done the cleansing ceremony and I must say that I'm feeling a bit light

Yazi wake me up wangenza Mnqobi..if he didn't pull all of these stunts I would have been well settled now with my wife.. raising our son...nxx

I got up from my desk and took my phone and headsets...

I met my sister getting in..she's pregnant..wow Khaya doesn't waist time hey..be already knocked her up...

Nqobile: bhuti wami

Me: sis

We hugged a brief and touched her belly..the baby kicked..it was such a beautiful feeling

Nqobile: wow looks like malume has a fan

Me:, looks like..wow this is so magical...

Nqobile: uyaphi ngoba ngathi usendleleni?

Me: I need to get out from this palace and clear my head you know..

Nqobile:I was hoping that we could chat and catch up but no problem because I'm sleeping over so I will see you when you get back

Me: awesome then sis,your parents are on the throne room

I walked out of the palace.. called one of the guards and we walked out .I was listening on music holding my stick...

It's been a while since I walked around the village...I walked a long distance sihamba siphumula emahlathini nasemfuleni...

Guard: my prince I think we should go back now...sesikwa Mbhele manje..

Wow we really walked hey.. looking at my time we have been walking for three hours ...I stood up preparing to go back when I saw this group of girls coming from the river singing ..they were about 7..very beautiful maidians bagabe ngemvunulo yakithi enhle yakwa Zulu...

I washed my eyes with the beauty in front of me while my ears were enjoying the melodic sound of their voices...

They kept on singing not aware of us abanye besina..there was this beautiful girl who caught my attention.. she was a very beautiful young lady,with her beautiful white teeth... the way she was dancing to the song made me whistle unaware and that startled them and they looked into our direction...

The same girl looked at me and when our eyes locked she looked down...

Me: beautiful maidians of Mbhele kingdom I greet you...

Them:we greet you your royal highness..

Me:I'm Prince Nqobani from Abathembu kingdom I would really like to know

They introduced themselves and the lady that caught my eye and attention said her name was Ayanda(Nathi's sister)...

Because it was getting late..we allowed them to go..I'm definitely coming back here...I need to know more about this girl...

I walked back home very excited and couldn't wait to see Ayanda again

-----MNCEDISI -----

Today was the thee day..to say I was nervous would be an understatement...I haven't been courting a lady for years... last time I asked a lady out I was just Mncedisi..now I'm the respected man of God..I really don't know how to go about asking a lady as I nceku...I took my chance and called Zulu..

Mthoko: bafo...

Me: mfowethu uyaphila?

Mthoko: ngi right ndoda

Me: ei bafo ngingenkinga Lana..to cut it short I have a late lunch with this lady you keep seeing on your dreams

Mthoko: finally! Does that mean I should get my best man suit ready?

Me: Mthoko wabanani kodwa ukuphapha? Angazi nokuthi ngizoyiqala ngakuphi lengane...

He laughed really hard..I'm sure tears were rolling on his eyes..see why I hesitated calling this fool

Me: I'm serious njalo..ngiyishela kanjani lengane mfowethu without being seen as a pervert? Phela I'm the respectable man of God...

Mthoko: heyi Mncedisi you made my day shame..azange ngahleka so..

Dude go there as Mncedisi Ngema not the prophet...help me Lord don't quote any Bible verses you will scare the poor lady away...

Me:you are enjoying this aint you?

Mthoko: you have no idea..

He said laughing again. I will get him one day for this ...his time is coming..he stopped laughing and gave me pointers

After that I finished up dressing in smart casual...I've booked out one of the best restaurant in town that deals with Italian and sea food..I hope she will like it...

I was on jeans,white shirt,sneakers... Mthoko said I'm not going to the auditorium so I must be simple yet hot

I arrived at the venue and checked if everything was ready...it was just for the two of us..I wanted all the privacy we could get..I opted to be served by male waitors..

My driver called me saying they are outside..told them to come in...my future Mrs Ngema walked in dressed in Blue jeans,white shirt and navy blue heels...

She had tied her hair on a very neat bun,her make up on point..smelling good from a distance .her red lipstick making her lips look so hot..I knew right then that this woman is for me

She opted a very easy and simple outfit yet she looked like a million dollar...

I walked up to her and greeted her hugging her brief..

Me: hey.. you look so beautiful

Khethiwe:(smiling shyly) thank you..you look hot yourself..

I pulled out a chair for her to sit ...she sat down and looked around

Me:like it?

Khethiwe:it's lovely .I love it..

Me: perfect..would you like anything to drink?

Khethiwe: sure...

I snapped my fingers calling the waiter..

KHETHIWE THE ROYAL MAID

INSERT 13

-----MNCEDISI -----

The waiter served us drinks while we placed our order..I hope she will enjoy the sea food because she says it's her first time having one

I must admit that the nerves now are high..this woman is very beautiful..not only is she beautiful her appearance demands respect..I guess the royal tittle fit her accordingly

Me: how was your day?.

That was me trying to make a conversation because she was scared as me...

Khethiwe:well it's just been a day..I was busy checking on the time...

Me: looking forward to this date?

Khethiwe:(smiling shyly) kind of

Me:okay Khethiwe I think you are wondering why I called you here..

She looked at me with this big eyes of hers..now she wasn't blushing but staring at me blankly..I felt my heart beating fast

Me:okay I called you here because there is a serious matter that we should discuss..to tell you the truth I knew about you way before we met..

There was a time where by I was sick for days,ngiboniswa wena...

God show me you are the one for me.. when I saw you for the first time and we were wearing matching outfits I tried to ignore.. thinking that maybe it's just a coincidence...

But meeting you at that park I knew that you are indeed the one...

I kept quiet when our meal arrived..she ordered simple food...fish,chips..

Khethiwe: I hear you.. but how do you know I'm the one for you? I mean u don't even know me..

Me: like I said .ngavezelwa wena ngephupho..kuthe sengikubona everything just confirmed the dream...

Khethiwe: how so?.

Me:I mean I've always prayed to God for a beautiful well mannered woman,a woman who will fear and respect God more than she do me..a woman with dignity and respect...

Khethiwe:sorry to disturb you but I'm definitely not one of those things...

To tell you the truth Mncedisi my past stinks and is very painful

I don't think a man like you deserve someone like me

Me: why do you say that?

Khethiwe: I mean Mncedisi look at your self..you are every woman's dream out there..I'm pretty sure there are women in your Calibre that will match your standard...

Me: unfortunately I don't want them..I want you...

Khethiwe I understand when you speak about past and all that...but nobody is perfect and akekho umuntu ongenayo I past..I wasn't born a pastor or prophet.. growing up I also made

mistakes but I learned and grew up from them. They don't define me..

Khethiwe: I see..so what are you looking for in a woman that's to be your partner?

Me:well she must be beautiful like you...smart like you...strong that I believe you are.. ambitious..

Be ready to go with me preaching the word of God. Azethembe angithembe nami kuthi if I say I'm in Lagos preaching..I'm only there doing that not entertaining women..I want someone who will be free to share her goals,fears and dreams with me so that I can support them and she should also support the vision not question it

But before all of that..she should be a God fearing person

Khethiwe:mhmm I hear you. I still believe I'm not one for you...

Me: Ephesians 2 verse 10 under the "made for a purpose " tittle say ' God has made us what we are

and in our Union with Christ Jesus he has created us for life of good deeds, which he has already prepared for us to do'

Khethiwe you may denied the love you have for me but deep down you know and I know that we love each other and that's enough for me

Let's give it a chance to explore this love..let us allow it to lead us to something beautiful...

Khethiwe I'm not one to date for fun or explore..I want to make you Mrs Ngema

Now that I've gained back my confidence,she wasn't staring but playing with her fork looking down ..

Khethiwe: I don't know Mncedisi...I'm a broken person with trust issues and scars that aren't healed yet..I'm scared to open up my heart again. .

Me: allow me to help you heal..let me show you that you deserve more than what you have settled for... allow me to show you that not all of us are that bad...

Khethiwe: I don't want to rush to anything right now..so I guess I will allow the chance of knowing each other better

Me:that's all I'm asking for..ngiyabonga

I took her beautiful hand and kissed it...she smiled revealing her beautiful dimples

Me: i can't wait to see you blush like this everyday for the rest of our lives...

Khethiwe:(laughing) ok stop now ..can we eat...

Me: of course madam..

-----AYANDA -----

I was standing by the tree..my friend came and got me out from home.. apparently the prince we met the other day has been asking to see me..so we snuck out of the palace...

He showed up looking really hot...my friend left us and went to chat with his guard...

Nqobani: saphinde sabonana nkosazana..kunjani

Me:ngiyaphila...

Nqobani:kuhle ke..singakayi kude kakhulu ngicela ukwazi ukuthi uyihlo owakwabani?

Me:ngingowaka Mbhele...

Nqobani:(taken back) as in like the only daughter of King Mbhele 1 and younger sister to Nkosinathi?

Me: that's correct

Nqobani: wow..I don't know what to say...

Anyways I wanted to know you better ..

Me: what is it that you want to know about me?

Nqobani: everything..let's just say I'm taken by you nkosazane..Uma izinto zihamba kahle I'm planning kuthi ngikuthathe uyophekela u Mam Thembu kungekudala nje...

I blushed...to be honest .there have been many suitors asking for my hand in marriage but I haven't been interested...but

with No ani here.. the moment I saw him I couldn't stop thinking about him

Nqobani: the kingdom is waiting for their Queen... I've been lonely for quite some time now..I need someone like you to help me rule the kingdom

Me:yeah well Nqobani I still need to go to school and achieve my dreams you know

Nqobani: how old are you ?

Me: 19

Nqobani:I see.. furthering your studies my love is not a problem..I also need an educated woman next to me.. someone who will know the basics..so what is it that you want to study further for?

Me: I'm not yet sure..my dad want me to do medicine...

Nqobani: wena my Queen ufunani?

Me: I want to study media and journalism..I want to be able to tell stories of our kingdoms and do much more

He smiled revealing his gorgeous white teeth..

Nqobani: I think journalism will suit you perfectly...

Ok guy is scoring more points..I mean most of my previous suitors bebengayizwa nje lendaba yokuyofunda..they wanted me home to bear kids..urgh...

-----NOKUKHANYA -----

Today is the busiest day in the salon...the Friday of a month end

I'm supposed to be home helping my sister with her crowning event to take place tomorrow but I need to be here to help

I must say keeping busy it is what keeps me sane..I'm trying to ignore Nathi's request and I can tell that he's running out of patience with my excuses...truth is I don't know if I really want to be a second wife..

Yes I really do love Nkosinathi but the drama that comes of marrying him..is it really worth it?

Then as I was debating about that..the chemicals of relaxers hit my nostrils hard I felt everything on my stomach turns up and down I ran to my office to the sink and throw up...

It hurt so bad that I felt my head pounding..I flushed and rinsed my mouth..I was suddenly feeling a bit dizzy..I used to the sink for balance...

I heard the door open and Nathi came closer to me..his cologne made me to vomit again..

He brushed my back and helped me sit down...he gave me water and turn on the fan because I was sweating...

Nathi: are you ok baby?

Me: yeah..just the chemicals today are way too strong..and your perfume...gosh why did you put it on so much?

Nathi: my cologne? Come on baby I just put it like I normally do ..have you eaten?

Me: not really Ive been on my feet the whole day .it's a bit busy ..

Nathi: I see..i guess it's explain your dizziness..get your bag and let's go grab something to eat and you can come back after eating

Me: okay

We took my bag and walked out..I told my girls im getting some late lunch will be back after an hour ...

We were sitting at spur and I ordered ribs,two large burgers that came with chips,large milkshake and some wings and a green salad

Nathi ordered ribs, chips and drink

The moment the food arrived I was so starving I finished the burgers in two minutes and started enjoying my ribs..gosh they were so delicious...

I found Nathi staring at me..

Me: what is it?

Nathi: nothing..I'm just surprised at your big appetite..I've never seen you eating this much

Me : I've been really hungry..thank you baby for taking me out..
nearly died..

Nathi:(chuckling) it's a pleasure...it's my duty to look after my
people...

I raised my eyebrows questioning his last word but he just
laughed winking at me...I chose to ignore him and enjoy my
wings...

Then I saw the wife.. pushing her big belly ..she was looking
around with her phone on the hand..she spotted us and walked
to our table..Nathi was facing me so he didn't see her

Me:oh here goes my appetite

Nathi: what's wrong?

Me:don't look now.. but your wife is walking to this table

Nathi: whaaaat? What is she doing here?

Me': I guess we'll find out soon

She got to us and grabbed the chair struggling to sit down

Gugu: lovebirds

I just smiled..she's full of shit this one I need to be careful around her

Me:Mamkhulu

I might hit the nerve because the smug smile she had coming here quickly disappeared

Gugu: are you seriously considering marrying my husband?
Bitch you got some nerve!

Nathi: ladies please don't create a scene..gugu I thought you were home...

Gugu: yeah right! Isn't what I do lately? Always home alone while you out here galavanting with your bitch

Me:(I felt my BP going up) dare call me a bitch one more time I'm going to slap that baby out of your huge stomach now!

Nathi: ladies please!

Gugu: I've always known you are a hoe but I thought you have changed and grow up

Me: it's take a whore to know one..bitch..

Gugu:ushime ngaleyo ndlela vele that you can't find your own man manje sofuna kuzongibangisa kweyami?

Me: bitch don't you dare fuck me up! You act all holy here.. are we even sure that the baby you are carrying is Nathi's?

Nathi's face changed as he looked at his wife with a confused look...Gugu turned pale..he grabbed my milkshake and poured it all on me...

Me:oh no bitch you didn't! No Nathi tell me your wife didn't just pour a milkshake on my expensive top please!

Gugu:(yelling) how dare you speak about the paternity of my baby?some of us know how to close legs.. we don't open them for every Tom and dick out there...

Me: I bet you don't!now let me get the fuck of here before I do something I will regret...

I grabbed my back and walked out of the restaurant fuming

The manager was dealing with Nathi and his wife and I just realized I came with his car.. I took out my phone and called an Uber...

I turned back to look at what was happening...Gugu was now on labour busy being dramatic.. Nathi was struggling...I so wanted to leave him to deal with this mess but part of me felt guilty

I ran back to the restaurant

Me: what's happening here?

Nathi: I think she's going to labour...I need to take her to the hospital

Me: ok sure..give me your car keys I will drive and you will seat with her at the back

We struggled getting her to the car and I drove away with Gugu throwing every insult on me..one minute she will be insulting me

the next she will be begging me to take out the baby out of her womb

We arrived at the hospital and she was rushed to the maternity ward

Nathi went in with her..I was about to leave when. I saw paramedic running in with one guy...I took a look at him..it was a young girl involved on a car accident

I heard doctors speaking about the fact that she need blood transfusion I quickly made myself available

I was taken to the room for check ups and all that..the doctor came to me ..

Doctor: we have done all the necessary tests mam and you are a match

Me:that's great doctor let's start the process already and save the little girl's life...

Doctor: I'm sorry we can't ..

Me: why? You just said I am a match...

Doctor: mam..you are pregnant...

KHETHIWE THE ROYAL MAID

INSERT 14

-----NOKUKHANYA -----

I sat down because I felt dizzy immediately..no the doctor is mistaken...how possible is that? I can't be pregnant..not that I don't want to..but not now .I'm so not ready

Oh my God! What will dad say? A princess falling pregnant outside of wedlock?

Now it's make sense why I've been throwing up and have this crazy appetite..oh my God! But I was on pill.what the hell happened?

I grabbed my bag attempting to leave the hospital because I was so not in the mood for Nkosinathi and his wife right now..all I want is to be home and Cry on my sister's shoulders

Nathi: hey are you leaving already?

It was Nathi shouting after me immediately I left the reception..

I wiped my tears and tried to composed myself ..

Me: yes there's no need for me to be here..ain't you supposed to be in there holding your wife's hand? Has she delivered?

Nathi:I just wanted to check up on you and ask if you don't want to go home especially since it's this late

Yes Gugu gave birth to a beautiful baby girl...Im so happy..she's so beautiful like her mother

I faked a smile because those words hurt me more than periods pain

Me:im happy for you...you always wanted kids..

Nathi: yes..but I will be more happy if I can have a baby with you.. you know..he said caressing my face not caring if people were watching or what..he perked my lips I vibrated..he turns me on so quickly...

Me:(whispering) stop..we are in public...

Nathi: so? Were you crying?

Me: yes..I saw this horrible accident and this girl was in a bad state...

Nathi: (hugging me because I was crying again) baby lately you are very emotional..if I didn't know better I was going to say u are pregnant

I felt so annoyed at that remark because he was right..I pulled out from his embrace..

Me: I need to go home..they are surprised ngikuphi...

Nathi: ok then I will drive you back to the salon where we left your car off.

Me: no need..I can always request an Uber and you can get to be with your family...

Nathi: nonsense..let's go.. besides I need to pass by home to get bags of clothes for my wife and daughter...

I agreed because it's not like he was giving me an option to decide otherwise...

We drove to the salon he was blabbing about how cute his daughter was and I was silently debating whether I should tell him about the pregnancy or not..it's just felt so awkward to say that.. especially now while he's this happy about his kid

He dropped me off and promised to come tomorrow emcimbini ka Khethiwe...

I got in and my girls have knocked off..I took things I will need to make up and style the family tomorrow and got on my car and drove off...

The way it was so busy kwa Bhengu..you would swear siyashadisa..my aunt's were all over the place...

I greeted some and went to the bedroom to check on my sister's..

Me: bitches

Khanyisile: hey baby look

She flashed an engagement ring on my face I gasped..oh my God! Some girls are way too lucky hey...she's been with the guy for like a couple of months and now she's wearing his ring

Me: no ways!

Khanyisile: yes way!he proposed and I said yes...

Me:(screaming) oh my gosh im so happy for you elder sister..please allow me to plan your wedding and bachelorette pretty please!

Khethiwe: hai bo and then what will I plan?

Me: (rolling my eyes) kitchen party and counseling..angithi wena ungu mam mfundisi to be..

Khethiwe threw a pillow at me and I ducked laughing..around my sister's I was so happy for a moment I even forget about my dilemma...

Khethiwe:(raising glasses of champagne giving me one) to my crowning tomorrow and to my sister's engagement here..

We toasted but I remembered my situation and flip now I can't even drink anymore..I put the glass down and poured myself orange juice ..

Khanyisile: and then wena? Saying no to champagne

I realized if there are people I could trust with my business it's my sister's...

Me: ok guys there's something I think you need to know. .I also discovered it today ...

They looked at me with the "go on look"

Me: well I'm pregnant...6 weeks

Khanyisile & Khethiwe: whaaaat? No!

Me: yeah and when I count it was the first time we did the deed
...guy knocked me off first time

Khanyisile: ngiyasivuma I sperm sakhe shame..but wait ...
weren't you on pill or something...

Me': I was..I still don't know how this happened..I will need to
see my doctor Monday to do a sonar and all that

Khethiwe: does Nathi know?

Me: no..I haven't told him...

Khethiwe: why? Im sure the guy will be over the moon...

Me: because right now it's not a good time..his wife just gave
birth and he's so excited so I don't want to ruin that..

Khanyisile: oh babe come here..

We group hugged and they told me they got my back..we started talking about baby shower and all that ... which reminds me.. we need to do a baby shower for Khaya's wife...

-----MNQOBI -----

I've been on the treatment and doing everything right..I must say that if I continue doing well I will be out of here soon...

My doctor is happy with my improvement..I can't wait to go out...to apologise to my family.. my brother..but mostly Khethiwe..I've wronged that woman...I hope she will be able to forgive me because I can't do without her forgiveness...

Then after that I can go away to start afresh somewhere else..

-----GUGU -----

I looked at my adorable baby girl and felt my cheeks hot..tears have been rolling since yesterday..I have been able to pretend with Nathi around..but now that I know he is not around.. probably out there supporting his girlfriend on her sister's event

My baby's name is Ndalwenhle Thabethe..I've used my own surname on the birth certificate and Nathi is so not aware of that

The reason I'm crying it's because God has punished me so much..this baby is looking exactly like her father it's like bekufungwe izinkani...

My door opened and my worst nightmare walked in...he was carrying flowers and presents

He walked to my bed and I held my baby for dear life..I was wondering how the hell did he knew I was here..but then..who am I fooling..this guy knows everything...

Bayanda: finally you gave birth.. congratulations mommy

I was fuming..my chest rising up and down..

Me: how the hell did you know?

Bayanda : oh honey I saw the video where you caused a scene at spur after you caught your husband and his side chick having lunch..right there I knew I need to come back

Me: bayanda please go..Nathi can't find you here...

Bayanda: relax..that one is having seven colours at his side chick home so he won't be here anytime soon which will give us enough time to do DNA

Me: what? No Bayanda

Ndalo is still young. .

Bayanda: Gugu don't provoke me I beg of you please...we both know that this baby is mine..so don't start with me I beg of you...

Me:(crying?) Bayanda please...ok I will be honest ..Ndalo is yours..but you can't take her or claim her please...this will ruin my marriage..Nathi is so happy very happy..if this comes out..he will definitely marry that girl..and this could ruin things with your engagement with...

Bayanda: hey shut up! You have no right to talk about my fiancee... Gugu no matter what you say or do will not keep me away from my child...

Me:I'm begging you please understand...

Bayanda: I'm not in the mood to fight with you today .can I hold my daughter?

I hesitated but then maybe he will stop pushing this if I allow him to see her private..

I carefully gave him my daughter who was sleeping..he held her like an egg...

Bayanda: oh my baby..you are so beautiful...I love you nkosazana yakwa Dlamini..I pray and hope you didn't give my daughter your husband's surname?

Me: no..I used mine instead

Bayanda: clever girl ..hey baby... Daddy loves you so much ...

Then his phone rang...he gave me back my daughter and went to the door to answer it...he spoke for few minutes and turned to me ..

Bayanda: I need to get going but I will be and me and you will finish this conversation

He kissed my daughter and left..I sighed a huge relief when he left

My affair with Bayanda was really harmless..it's started when I got this project to work on Mpumalanga.we were working very close together and long hours . it's started once and the next thing we were doing it regularly...

I knew I was pregnant for him because I caught after spending two months in Mpumalanga..

By the time I finished the project there I was 4 months..he has met this girlfriend of his and we stopped shagging..he became so loyal and faithful to her..like he loved her with everything..that forced me to tell Nathi about the pregnancy at 5 months... because I had planned to terminate it after realizing Bayanda is now committed and doesn't see me that way ..but I was late ..

-----KHETHIWE-----

Finally the day was coming to an end..I was so tired from all the greeting..kisses.. smiling yooh ai

But I was so beautiful..my sister really outdone herself on my look shame..I spotted Mncedisi..he just waved at me and smiled..I've been trying to see him but ai the greetings awapheli

We were chilling at the dining hall endlini waiting to have supper..now I was on my comfortable clothes..my trackpants and sleepers..my feet were killing me..being on heels the whole day akudlali...

I sat down after showering...

Me:hawu where is khanyisile?

Nokukhanya: oh she's fetching the fiancee to come join us ..

Me: oh finally we get to see our future brother in law ..

The door opened and they came through..he was so beautiful and so sexy...the caramel type..not dark..not yellow just in between

Khanyisile: family this is my fiancee..the guy who stole my heart...

Khaya:mhm yena nah..

Khanyisile: shut up! Ok as I was saying before this brat interrupt me..this is Bayanda Dlamini..my future husband...

My dad smiled..and I knew he approved already..we shook hands with him..we started digging on the food and my phone rang ..

I excused myself from the table because there was noise...

Me: hello

Mnce: is that how you answer when your future husband calls you?

I just blushed..this guy is doing things to me I swear...

Me': sorry I just answered without checking who was calling because I was on the dinner table..

Mnce: no problem...baby can I see you please..just for a few minutes..please...

Me:(sigh) Mncedisi...

Mnce: please sthandwa Sam...I'm going back to joburg tonight and I seriously need to see you

Me: ok fine...where?

Mnce: I'm outside your gate..

Me: I'm coming

I hung up and stole a look at the table everyone was happy chatting..I ran out the house and told the guards to open the gate and not follow me because I'm not going far...

I saw him standing on the bonnet..it was getting a bit dark but I could still see him..thanks to the street lights...

He hugged me tight when I got to him and kissed me on the forehead

Mnce: how are you?

Me: I'm fine just tired..

Mnce: yeah I can imagine..but umcimbi wakho bomuhle..

Me: indeed...thanks for coming through..I know you don't believe kulezinto zamadlozi and all but seeing you today really meant a lot to me..

He opened his legs and got me in between him...his hands hugging my waist. .

Mnce:you are right I don't believe in these customs and tradition..but I love you and you are my wife to be..so it's my duty to support you...

Me:(smiling) thank you baby

Mnce:(blushing) finally he gives me a pet name..praise the Lord!

I hit him on his shoulder playful he laughed

Mnce: can I please kiss you?

Me: you don't have to asks

With that our lips locked....

-----MNCEDISI -----

I must say that I'm blessed beyond recognition..I know it's still early days but it's felt like I've known this woman in front of me for quite some time...it's actually feels like forever...

Damn I love her..I never knew love could be this good..when I tasted her lips I felt things all over my body..it was not lust no...I've passed that stage

I pulled out from the kiss and looked at her..I could do this everyday.. just staring at her beautiful eyes for the rest of my life..right now I Know that I can lay down my life for her..to see her happy and safe..

Khethiwe: gosh stop staring at me like this you make me blush...

Me: ukuthi umuhle sthandwa Sami angazi noma bake bakutshela yini..like nje you are so going to decorate me I swear

She laughed at that..I so love hearing her laughter..it's been a minute but it's feels so forever...

Khethiwe: okay thank you but stop .. seriously you make me blush...

Me: and I love seeing you blush

She just smiled..I kissed her again ..

Me:come with me to the hotel and help me pack ..I feel like spending some time with you..I promise I will bring you back

She gave me that look..I know it's sound weird..the two of us in a hotel room..but come on..

Me: relax..we won't get to that I promise..

Khethiwe:(nodding) ok let me let one of my sister's know so that she can cover for me

She took her phone and dialled one of her sister .

Khethiwe: Nokx I need a favor please...

Nokukhanya: what is it? And where the hell did you disappeared to?

Khethiwe: come outside I will explain

Nokukhanya: alright I'm coming

She hung up and looked at me with those sparkling eyes that shine even in the dark..few minutes I saw a gate being opened and her sister walked out..I guess she saw me because she came running and threw herself at me...

Nokukhanya:oh my gosh you are so evil..why don't you say you are with my hot brother in law to be. I would have dressed a little bit decent

I just laughed..she's so dramatic..

Me: good evening..I apologise for taking the royal princess out so late I ..

Nokukhanya:(waving her hand) oh please..save that for my dad..I'm not so old school

Ok I think I will like her...she's bubbly and care free..

Khethiwe: sis wami I need to go with Mncedisi to help him park clothes..he's going back to joburg tonight..so cover up for me I will come late..keep your phone with you

Nokukhanya: okay please use condoms guys I'm so not ready for another baby

She hugged her sister who has her eyes all out. I so wanted to laugh really...she turned to me smiling

Nokukhanya: take care of my baby sister ok? I trust you

Me: I will..I promise I will bring her back

Nokukhanya: you better..night kids

She then walked back to the house..I took Khethiwe's hand and we got inside the car and told my driver to go..

We arrived at the hotel it was really getting late..time close to 9pm now

We got to my suite and she sat on the bed I sat on the couch

Me': would you like anything?

Khethiwe: yes..you disturbed me during dinner and now I'm hungry

I just laughed and took the phone placing room service

I took out my suitcase and started packing..she helped a bit..then her food arrived..

She helped herself eating while I took a shower..

I came back dressed in same attire as hers except that mine was grey...I went to sit with her at the couch

Me: thank you for trusting me to come here

Khethiwe: it's no biggie

I lay on my back and let her lay between my legs with her head on my chest..that gave me a chance to smell the shampoo on her hair...

Me: so baby I feel like there are things we should address about each other or should I say..let each other know ...

Khethiwe:true..

Me: so I don't know if I can start...but let me say..ladies first..you can go..ask me anything you want to know or tell me

Khethiwe: well I think you know the bad past I have..I mean the one I'm still recovering from..other than that I'm really grateful that you chose me..out of all the beautiful women out there. I still can't believe it

I took her left hand and played with her ring finger..I was actually measuring it..

Me: well babe you better believe it because I'm actually here to stay.. I'm not going anywhere..this is not some prank or play ground...and I understand that you have a tense past..but I feel

like you need to completely let go...heal baby heal...allow me to love you .. I know maybe socabanga ukuthi it's ok to be hurt and betrayed well baby it's not.. you deserve to be loved...and I'm so ready to love you

She kept quiet I listened to her breathing she was crying silently..I wrapped my arms around her neck and kissed her hair..she held my arms too

Me:I love you MaBhengu..I truly do..and believe me when I say I've never loved anyone like you before.. I'm not saying this just because everyone says it..but I really mean it

She sniffed wiping her tears...

Khethiwe: I love you too..please don't hurt me..

Me:I will not..I promise..so tell me about yourself ...things like your hobbies,interests..goals..not your painful past . let's leave that where it's belong..past

She smiled through her tears when she told me about herself..most of the things were matching..we both supported the same sport team of which is Orlando pirates..love the same colours..grey,black,blue and white

Like a lot..she then told me about her upbringing. . despite being switched and all that..she really had an normal and happy upbringing... something I wish I had..

Khethiwe: baby wathula..u right?

Me: (smiling) I'm ok baby..I'm just thinking that life is something else..you know all of us has had their share in life..could be now.. before but we all did

She sat up and looked at me..

Me: you know baby I grew up in a middle family...we weren't rich..nor poor..my parents got me and my siblings everything

Everything was normal.. me and my 2 siblings got along..my mom was a very awesome woman..you wouldn't say that she was my step mom.. the problem was my father...

That man was so abusive my love .like emotional.. physically and verbally.. nothing to him was ever enough..Im talking about school work and everything

I was the smartest amongst my siblings.. growing up I was this cheese boy who was into hip hop..my favorite was Rick Ross,Jay Z

Eminem, Michael Jackson you name them

I was quite popular but not like I am now..I believe that kwakudaliwe kuthi ngibe famous one way or around..baby Mina bengikhululeka when I was with my friends or girlfriends...

My younger siblings were ratchet..very rebellious but they got away with everything..dad never really went hard on them like he did with me

The only thing maybe I could say was bad about me ..was girls .I loved women back then I would have like about 5 at the same time. ..it was crazy

So to cut the story short..ivangeli langingena because as naughty as I was..I was very fond of God..I loved going to church with my step mom and yeah one day I just rolled and cried at church people thought nginamadimoni because I'm into hip hop and girls kanti it was the holy spirit ungingena..I was 22 at the time..baby I refused..I even tried to stop going to church because at that time my rap career was picking up...

Khethiwe: wow..so what happened?

Me: umoya ongcwele wangihlupha..I would have visions about things that would happen...sometimes I will speak them sometimes not

Then the more I defied God the more I suffered...my two brothers got shot and killed on a shooting where they robbed imali ye bank

I wanted to die because ubuhlungu engabuzwa lapho was way too much...bebengezwa bona but I loved them..and besizwana kakhulu..then as if that wasn't enough my dad adliwa unembeza wokuthi bafe nje kungenxa yemisebenzi yakhe emibi, he committed suicide leaving me and my step mom alone

Khethiwe:oh no babe...

Me: you know baby when they speak of imbokodo they actually talk about you and that woman..you know through everything that she went through. Her faith and worship to God grew..wahlala ku Jehovah noma kwakunzima..it is because of her that I am where I am..ngambona u Nkulunkulu through her...

Khethiwe:(wiping my tears) I'm so sorry to hear all of this...what happened to your mom?I mean your biological one..

Me: I don't know her..I heard she dropped me at my father's house while I was 2 days old...I tried looking for her but I never found her .

And actually now I don't..I mean I've got two Queens on my side so I'm sorted...

She smiled ..

Khethiwe: two Queens huh?

Me:(I kissed her nose) yes..you and my mom...she's living comfortable in the house I built for her...she remarried the man who mentored me...umfundisi who actually prophesied that I have this calling

Khethiwe: oh my word baby that is actually so cool..so does she have other kids now?

Me: yes..a very annoying 17 year older sister of mine

She giggled at that..I actually felt better talking to her..

Khethiwe:well I'm glad you actually took me to your past too..now I feel like I know you...

Me: don't rush.. we have the whole lives together to figure each other out..as long as we love each other.. everything will fall into place..

Khethiwe: I never thought of myself as mam mfundisi though...

Me: don't worry .the holy Spirit will guide you .. speaking of which baby I need to introduce you to my spiritual parents,my family,my church members...

Khethiwe:haa baby so soon?

Me: I know I'm in this for a very long run so I'm so not going to be wasting time..I want to come out and let the whole world know sengimtholile umaqondana..the media have been pestering me for the past 6 years

Khethiwe': okay I guess you will guide me through the whole process..I meant I'm clueless but I'm ready to learn everything

Me: that's my baby..Thandeka ukhona to help you in everything lawuxakeka khona..baby the Zulus are my second family...

Khethiwe: I've noticed..you and Mthoko are pretty close...

Me: yes we are..I can't wait to introduce you two to each other

.

Khethiwe: actually we did meet..long time ago and I was rude..but he was kind enough to bear with me..he invited me to the service I first saw you preaching into

Me: wow and he never told me this..I will get him...

Baby I think we should go drop you home now..it's late..I don't want the king to be on my bad books

Khethiwe:(standing up) yes and my sister.. you promised her... although she will be asking me weird questions the whole night

Me: one would swear she's the youngest . but I like her..she's cool..please answer her confidently and tell her we didn't do anything nasty...I mean I'm all about no sex before marriage...

Khethiwe: I actually wanted to ask about that...

Me: don't worry baby..I want our wedding night to be special..

I brushed her arm as she blushed..I took her hands to mine...

Me: let's pray before we leave please..

Khethiwe:okay

I said a short prayer for the road I'm about to take.. protection for our relationship and the basics and said amen.

We took my bags and went out...my driver load them to the car and we drove to the palace to drop Khethiwe off.. Nokukhanya was already at the gate with her gown waiting for her..

We kissed inside the car for a moment then she got out..I missed her already but it's not going to be long enough before I make her mine officially

-----KHANYISILE-----

After the dinner with my family, Bayanda and I drove to the nearest BNB of which he booked into.. although he has already put a ring on it but he hasn't paid lobolo yet so I was not his wife ..he had no right to sleep in the palace

I have finished taking a shower alone..of which was weird because we normally shower together

I found him on bed staring into space..you could tell that his mind was far away...

Me: baby you ok?

Bayanda: yes love why you ask?

Me:you have been awful quite the whole way from the palace..don't lie Bayanda I know

Yes we have been together for 5 months and 2 weeks I know him..

Bayanda: come here

He patted the space next to him and I climbed up on the bed and sat next to him

Bayanda:I need to tell you something before you hear it from someone else...

Me:okay

My heart was beating fast..I had a feeling that I will not like this...

Bayanda: so remember Gugu?

I rolled my eyes .how can I forget that bitch..she was so dramatic when Bayanda ended their fling. To think I actually liked her before I found out that she was cheating on Nathi with my man.. now I don't feel bad for Nathi doing the same thing to her with my sister..well guy was not my man at that time..

Me:of course I remember her...ngumgcaki wa sis wami remember...

Bayanda: yes..how can I forget that .are Nathi and Nox serious vele?

Me: very serious I mean she's even pregnant for him and he's planning to make her his second wife

Oh gosh..I regretted after saying that..thing is with Baya I gossip a lot..we that couple e extra that laugh and gossip about everyone close to us..we really don't have secrets...

Bayanda:oh really? Thats wonderful..but we not there.. I actually wanted to let you know that I went to see her today ..

Relax before you bite my head off we not doing anything...just wanted to make sure if the baby is mine or what

Me:and...?

Bayanda: unfortunately it's mine...Khanyi I love kids hey..I want them all to feel my love..their fathers love..I've already did with Nhlanhla so I won't abandoned Ndalo...

Me:(I shut my eyes closed) bug Gugu is married ..

Bayanda: I know..but I will find a way...Ndalo will not be raised by your brother in law sorry

Me: this will be so chaotic.. I'm so not ready for I drama

Bayanda: me and Nathi will sit down and talk like men and resolve this

Me:please don't ambush him..he's excited to be a father..wait at least Gugu to be the one telling him..

Bayanda: she better hurry because I want to bond with my daughter...

Me: what if Nathi divorce Gugu?

Bayanda:angizingeni hey..I'm only interested in my daughter..what happens with her mother is really none of my business...

Me: wow..I think I need some air

I took my phone and went out...I love my fiancée so much but I think his arrogance will be the end of us..

I called Nokukhanya hoping she's still up..she answered very much awake...I even heard Khethiwe's voice behind..I wonder where is that one coming from...

Nokukhanya: you should be riding your man's dick not calling me...

Me: would you just shut up for a moment khanya and listen?

I was pacing up and down fuming..im actually worried that if Gugu and Nathi don't work things out she will bother me ku Baya.. already she was clingy before he left her..

I don't have a problem with his kids .I love his boy and very fond of him..I can do with the little one.. just that I wish her mom was not Gugu who's sharing a man with my sister!

Nokukhanya: geez I was just joking don't bite my head off!

Me: sorry I'm just so stressed out

Nokukhanya':what's up?

Me: remember what I told you about Gugu and Baya?

Nokukhanya: yeah yeah..that the bitch cheated?

Me: yes..so it's turned out the baby is not Nathi's

Nokukhanya:(clapping hands? Haleluya..to think she had a nerve calling me a whore...

Me: I'm just worried if her and Nathi don't work out she will come after my man

Nokukhanya: she won't..I will make sure of that ..deal with your man I will deal with her

I heard footsteps behind me I hung up... Bayanda hugged me from behind...

Bayanda: I'm sorry about how heartless I sound...please come back to bed..I miss you

Me:I will ..but promise ke something..you will not forcefully take the kid from her please...

Bayanda:(sigh) I won't..I've just logged into Instagram.. Nathi has posted pics of the three of them at the hospital..he's really happy..this will really break him

Me: you see what I'm talking about?

Bayanda: yeah..I see and really I don't want anyone to get hurt..so I will lay off for now while we focus on our upcoming wedding but we will definitely revisit this topic again

I couldn't ask for more..he was comprising a lot...I jumped on him and he picked me up

Me: for that I think you deserve a reward

Bayanda: (smiling)oh yeah?come reward me Mommy

We went back to the room kissing...

----- NOKUKHANYA-----

I couldn't wait to get up...by the time it was visiting hours I was already at the hospital with flowers and gifts

I need to be quick..Nathi is coming soon to pick them up and he shouldn't find me here..

I went to her ward..good thing she was breastfeeding her...

I closed the door and she suddenly wore an angry expression

Me: hey Mommy...you so look good..one won't say you just pop a baby out your vagina

Oh hello baby..ncooh you look so adorable nzeeh

..

Gugu: don't touch my baby you little whore..make yours

Me:(smiling brushing my tummy) oh I have already did..in few months from now I will also be in this bed..

Her facial expression changed quickly to surprised..she should have been an actress this one...she's really good at expressing how she feels through her face

Gugu: what are you trying to say?

Me:(acting all shocked)oh my gosh I just ruined the surprise! Please don't tell our husband yet..

Gugu:(yelling) husband? Nokukhanya soyahlanya? I told you that's not going to happen as long as I'm still alive

Me: (whispering)shh don't make noise you will make the baby cry... be careful of what you wish for because kungenzeka uthi uyaphuma Lana ushayiswe imoto ufe ngisale ngishade indoda yakho over your dead body...

Gugu:(fuming) Nokukhanya are you by any chance threatening my life?

Me:(gasping) me? How could I do such a thing? Bese ngisho nje Mina...

Ok move along..I'm actually here to tell you that I've had all the time to think of our husband's proposal and I've finally decided to agree to marry him...

Gugu:(laughing the evil Laugh) it's either uyahlany or unesibindi ntombazana...

Me: well both...and you my dear sister wife you will support him and his decision..

Gugu: uyahlanya..I will do no such thing .you know without my blessings your marriage is doomed

Me: (playing with my nails) I know..that why I say you will support him or dear hubby will know that little princess Ndalo

here is not his...and wena bazokuxosha and banish you from the kingdom bakumuce nengane..shame imagine ihlazo elingaka wifey..I mean unesibindi nawe yazi..full 4 years emshadweni then boom uyozala ingane yangapha ndle...yuuh

I can see the headline...

I heard the door opening..shit ive taken long enough... Gugu was staring at me with mixed emotions.. begging eyes..scared yet very angry..

Nathi: Nokukhanya..I didn't know you were here..

Me: hi baby..no I actually came to check on my sister wife and baby here..phela soon we will be family...

Nathi: for real? Are you saying what I think you are saying?

Me: yes baby...me and Gugu here were just discussing that..she agreed that I can marry you..she actually called me here to tell me that

Nathi: really...Mama Ndalo why didn't you say so?

Gugu:(faking a smile) I wanted to surprise you at home but now you caught us

Nathi: oh this is the happiest day of my life.. thank you my wife..I know this isn't easy but thank you ..also for giving me such a beautiful daughter

Me: she's really beautiful...ufana nawe babakhe

I saw Gugu swallowing hard..

Nathi: wow I can't wait to tell Dad about this good news

Me: alright family let me love and leave you..wifey we will talk

I hugged her and Nathi took us pictures...he then took the bags and the baby...

Gugu:(whispering) this is not over..you better watch your back

Me:(whispering too) I have always been..but thanks for reminding me...

-----KHETHIWE -----

After all the weekend drama and celebration I was ready to go back to joburg...home was good but I breathe better when I'm way..well and to be honest I miss Mncedisi..I know I was with him nje yesterday but I can't wait to go back

Queen Nobuhle: I'm so happy you are healing my baby and that you have met that guy...I've heard about him..yena ngathi ulungile

Me : he's good to me mama..I can't wait for the day I will bring him home ..

-----FEW WEEKS LATER -----

-----NQOBANI -----

Things between me and Ayanda were going pretty well..soon I will be sending a delegation to her kingdom to ask for her hand in marriage..I hope everything goes well

I can't wait to make her my wife and spend the rest of my life with her..she's an amazing woman...one that I vow to always treasure and protect

My phone rang disturbing me from my thoughts..it was a landline I didn't recognize so I answered

Me: hello

Mnqobi: bafo

I swear the wind, earth,air everything came to a standstill after hearing that voice.. I felt my heart pounding very fast

Me: Mngqobi...

Mngqobi: please don't hang up..I know you don't want anything to do with me and I understand...but please I need to see you..

Me: for what?

Mngqobi: please get here I promise you will not regret it...mfowethu I will be coming out soon..I need me and you to start on a clean slate when I come out...

Mnqobi: I'm so happy for you..really I am...I know it's a lot to ask for but can you please make arrangements to come to your wedding? Even if I'm not your best man...

Me: ei Mnqobi your presence will make a whole lot of people so uncomfortable man I don't think it's wise..I don't want that on my wedding..

Mnqobi: no it's ok I understand..just that I would really love to be on your side and play the best man position like we've always planned to do..

Me: yeah..but things have changed..you know that..you changed them

Mnqobi:I know ..let me go bafo ngiyabonga ukhuluma nawe ..please pass my greetings to mama..tell her I love her...

Me: I will...keep well

He dropped..I quickly snapped out of it ..I realized that's it's been long since I spoke to him that I actually didn't realize that I missed him..crazy and unstable he is...he will always be a part of me...it's true that we can't choose who become our family...

-----MNCEDISI-----

It's been three weeks since Khethiwe came back from home.. and we have been seeing each other almost everyday

She surprised me last Sunday when she pitched to my church without warning me she will come..I was so happy but I had to keep my cool ..

Today im taking her to my family for introductions..I hope they will like her because it's very important to me...

I got to her place and called to say I'm outside..she comes out looking all kind of gorgeous on her peach dress...

We hugged and she's smelling Devine

Me: MaBhengu you look so ravishing..how was your day...

Khethiwe: it was ok and normal like the rest..and yours..

Me:. Been busy my love but I couldn't wait for it to end so that we can get to this

I held her hand as the car took off..we made small talks along the way till I told her we have arrived..we didn't really live too far apart..

She was sweating I kissed her forehead just to calm her nerves and got out to open the door for her

Me: let's go..we have arrived..

We walked to the door and rang the bell...

My sister Sindiswa came running and screaming..gosh this kid is growing so fast...she recently turned 18 but her body screams 21

Sindi: bhutiza

Me: Nana

She rolled her eyes at, she hate being called a kid.. whereas she's one

Sindiswa: hello sis..ave umuhle..I'm his elder sister. Sindiswa

FIVE MONTHS LATER

(NARRATED)

Nokukhanya also married Nathi in a traditional wedding becoming a second wife to the king...a second Queen..her and Gugu are cats and dogs..they are very friendly in public for the media you would actually believe that they get along kanti behind closed doors it's hell

Nokukhanya is having her own house in the same kingdom and she's still keeping the secret of princess Ndalo and her belly is growing..

On the other side ,Nqobani did met with his brother and they fixed things .they had a heart to heart brotherly conversation..since then he has been visiting him more often... Nqobani paid the bride price to Ayanda...there was a huge drama because the king said his daughter is young and what not..but this time Nqobani stood his ground

Ayanda is studying but she's his wife traditional and she's being groomed to take over

Princess Nqobile gave birth to sets of twins...boys..they were happy with khaya because they expected one child but get blessed with another..

Mnqobi is doing well in prison and he's set to be released soon under heavy supervision

Mncedisi and Khethiwe have made their relationship public..to the church and it's branches and to both families

Khethiwe's father didn't like the idea of his daughter dating a "commoner" but after everything she's been through and how happy she was..he allowed it

Mncedisi proposed to Khethiwe during a holy Communion and the crowd went crazy and she said yes ...

-----KHETHIWE -----

I was standing by the balcony looking at the city of joburg..it's beautiful this side..

I heard footsteps coming to where I was and I turned...my gorgeous fiancée was on barefoot holding two glasses of wine ..he gave me one and we stood together

Mncedisi: what's on your mind

Me:(sigh) nothing really...I'm just nervous about this wedding

I was really..this was going to be the biggest wedding I've ever attended... although the guest list picked up close family and friends but still...I mean a princess and well known prophet was getting married here... Mnce hugged me from behind..

Mnce: you don't really have to worry babe. You have Thandeka, a wedding planner and your sister at your service... I actually don't care what dress you wear or all these things you are stressing about..I just want to get married to you ... and spend the rest of my life with you

I couldn't help but blush, Mncedisi has been nothing but a gentleman..he helped me heal emotional..we have grown so close the past few months..

We share the same bed everyday..every night. He sees me naked from time but he has never even once initiated sex

We kiss

touch each other but we don't go that far..it's my first time seeing a man holding himself like he does... sometimes I really feel sorry for him but ke he has taught me the importance of waiting before marriage..

He has taught me what is true love, to pray.. to forgive and to love wholeheartedly

I finally came to accept my gift to lead.. because even if I didn't become u mam mfundisi I was still going to be a Queen if I had married a prince

Me: have I told you how amazing you are?

Mnce:(smiling)you have but I wouldn't mind hearing it again you know.. just for the sake of it...

Me: you are amazing baby and I pinch myself everyday just to check if really this is me ..married to you...like I can't believe it

Mnce: well sweetheart you have to believe it because it's the truth..I can't wait to call you Khethiwe Ngema...

Me:(smiling) home affairs will now get tired of me..I mean I went from being Khethiwe Qwabe to Bhengu now Ngema

Mnce:bazoba strong

So my love..what is it that really bothers you so much.? Please don't lie and say it's the wedding..you have been stressed for the past three days... remember a healthy relationship is when we don't keep secrets from each other

Me:(sigh)okay you are right... Mngqobi called me the other day ..he asked to see me

Mnce: oh ok...and what do you feel about it?

Me: that's the thing..I don't know...part of me wants to go see him.. just to face him and asked him why , because I never got a chance to look at him after that..

Another part of me is scared and angry..

Mnce:(he turned my face to look at him) look at me...
sweetheart you are way strong than you set yourself to be.. you
are not that weak Khethiwe..

Personally I believe you should go see him just so that you can
get a closure and get past this..but then again if you are not
ready I will not push you..

Me: I know I also don't want this to be stressing me before my
wedding...

Mncedisi: you see why you need to deal with it?

Me: yeah..thank you

I kissed him..he smiled.. Mncedisi is handsome bathong

Mnce: it's a pleasure Mrs me...

Me: can you please drive me to the prison?

Mnce: as in like now? Don't you need to make a call ..

Me: no .it's best he doesn't know I'm coming so that he doesn't plan tricks on me..I want to know if he's genuine or what

Mnce: okay..let's go change...

We walked back to the house....

-----MNQOBI -----

I was in my cell busy writing my book..well I've been writing a lot lately.. writing about my whole life as much as I remember

it..the parts and dots I don't remember I always ask my folks and they will give me the info I need

I believe that this book will help a lot of people and give lessons to some..I just need Khethiwe's permission to feature her because she's the biggest part of the story...if she agrees I will publish it when I leave the prison

I've seen the headlines that she's getting married to the prophet..one of the inspirational and powerful man I respect..

I'm pretty sure that he will treat Khethiwe right .she deserves all kinds of happiness and peace in her life.. she's been through a lot..I put her through a lot...

It's amazing how life has been this past months..a.lot happened..but I'm glad that my family is forgiving me and giving me another chance

I'm happy my brother found love and happiness again...

Well on my side.. I don't know .. Zandile and I have been talking...she was released 2 months back and she's picking up pieces of her life..

She's an amazing soul.. she do comes to visit me here..and fill me up about the outside world..

I saw the prison warder coming to me

Warder: Mthembu.. you have a visitor

I took my book and wore the shoes and followed him... I got in and sat down shocked because there was no one here.. where's my visitor?

I waited 5 minutes and when I was about to stand up to go back..

My visitor walked in

I felt my heart beating so painful in my chest..it was as if it's going to come out of my mouth...my throat felt so dry and my eyes become so moisty...

She was with her fiancée.. silence filled the room...she stood right in front of me staring me straight to my eyes..I've always rehearsed for this.. always pictured how will I approach it when it comes but now that was here I was so not ready,I didn't know how react

Her fiancée touched her shoulders kissing her cheeks..

Mncedisi: are you ok baby? We can always come back...

Such a gentleman..I thought to myself

Khethiwe: it's fine..I'm here now so I'll have to get this over and done with... please give us a moment

Mnce:ok remember I will be that other side watching this but I won't be able to hear anything..so you safe

He kissed her and asked the warder to open for him he let us..

I shook my head just trying to bring myself back to life..I pulled the chair for her to sit down

She looked at me then sat down..none of us spoke for a moment..we just stare at each other...

Me: how are you?

Khethiwe: I'm fine.. how are you?

Me: getting better..

I released my breath and stood up..she remained on her seat

Me: I didn't think you would come but I'm glad you have came...

Khethiwe I don't know what to say to you..I know you will not believe me when I tell you that the events of the things I did to you haunts me everyday..

I was ruthless to you..I broke you..I..I..I don't know..I wish I could turn back the clock to fix things but I can't all I have to do now is to ask for your forgiveness

I'm happy to see the person you have become.. congratulations on your engagement I know Mncedisi is a great man and he will treat you right

Khethiwe:(tears rolling down) why?..why did you do it Mngobi? What did I do to you?

I sat down.. seeing her cry broke my heart..I tried holding her hands she snatched them from me... and stood up..I paced up and down..then I told her the story of Jessica..how she died.how her death changed me...how Nqobani covered it up..

How I always planned on getting him back

And that I did loved her..but when I realized Nqobani loved her too I forgot about it and planned on hurting him with her..

I told her everything ended up crying too... after telling her .I then told her about the book I'm writing...she took a look at it reading it silently with tears running down her face

Khethiwe: I forgive you..I don't do this because I'm weak .i do it because i want to free myself from the chains I've put around my heart..I forgive you because I can see that your guilty conscience has dealt with you long enough

I need to be happy not fearing how will I react when I see you or bumb into you..I forgive you..

You can go ahead and publish the book.. after all I will talk about this someday

Me:(I couldn't believe my ears ..I stood up and hugged her)
thank you so much ..thank you.. God bless you..you truly have a
good heart Khethiwe..your husband is one lucky man

.....

-----MNCEDISI-----

I was watching them talking unable to hear what they were
saying because I promised her that... privacy...

I was so tempted to go to that room and punch him hard when
she cried...it's broke me to see her back to that but I hope it's
happening for the last time

When they stood up to hug I was relieved and very
happy...truth be told I've always been worried that one day
these episodes from the past will come and hurt her..now that I
know she's dealing with them heads on..I can relax

She told the warder to open up for her I ran to her and hugged
her and kissed her

Me: I'm so proud of you

Khethiwe: I can't believe I did it..I thought I was going to smash his head ..

Me:(smiling) I told you that you were stronger than that remember?

Khethiwe:(smiling) you did and thank you for everything..for loving me and accepting me the way I am..my scars and flaws...

Me: and I will do it again in a heartbeat..now let's go get married....

We left the prison hand in hand laughing

KHETHIWE THE ROYAL MAID

----BONUS INSERT-----

-----KHETHIWE-----

I was staring at myself through the mirror, finally the biggest and happiest day of my life has arrived, I have mixed emotions about this. I'm excited yet so scared.

The past two months has been very busy and hell, planning a wedding well weddings because we also did a royal traditional wedding two weeks back and now I'm walking the aisle

I'm getting married to my dream man, my husband, my best friend. I must really thank my family and friends especially sis Thandeka..she really helped me even when I developed cold feet sending Mncedisi to a mini coma lol she was there

And today I'm here, looking beautiful like ever, my sister performed magic on my face and hair I so look like a goddess right now

She's so huge but the sexiness in her is on steroids, her and Nathi are happy and I'm glad she's so maturing, she's playing the Queen position so well

My mother walked in while Nox was doing final touches on my nose..she's so gorgeous as well it's like kushada yena

Queen Nobuhle: wow my baby look at you... Nokukhanya my baby your hands are blessed. Look at how beautiful you have made your sister to be

Nokukhanya:(smiling) thanks mama..I want Mncedisi to faint when she sees her

Me: hai bo Nokukhanya!

We laughed and Khanyisile walked in too , my mom is right, Nokukhanya worked her magic we look like the Kardashian sisters right now

Khanyisile: wuuh wow Khethi nguwe lona? Baby you are so beautiful

Queen Nobuhle: I'm glad all of you are here

My daughter's today I'm going to say this to all of you..I'm very happy, you have made me a proud and happy mother , all of you.

Not because you are married but because all of you are successful and doing well for yourselves, I can rest in peace anytime knowing that my kids are happy with men that loves them

It's a blessing that's very rare and I'm so going to embrace it..I want to say that you should always look out for each other,always love one another and protect one another with

everything. Mostly respect yours husband's, support them..we have enough talk about this ladies so I won't go deep on it.. Khethiwe my dearest..don't let marriage stop you from achieving your dreams..go get that medical degree ok? I love you my baby

Me:(tearing up) yes mother I will..thank you and I love you so much

We hugged then my sister's joined us..my sister Nokukhanya fixed my make up

Nokukhanya: y'all are ruining my work with this tears please stop...baby girl I have something for you

We all looked at her..she then smiled and removed the necklace on her neck and gave it to me..it matched my dress so perfectly..the necklace was from my mom..she gave it to Khanyisile on her wedding who passed it on to Nokukhanya who's now giving it to me

I smiled and hugged her trying my level best not to cry..we started chatting happily now laughing..then Thandeka knocked coming in..she's my matron of honor

Thandeka: hi ladies I am glad you almost done.. Khethiwe, Mncedisi want to talk to you? He's outside

Queen Nobuhle: ini? Hai bo doesn't this boy know that's a huge taboo to see his bride on the wedding gown before altar?

Thandeka: relax mom he won't see her ..he's just outside this door, they will talk while he's outside and her inside..

Queen Nobuhle: ooh okay in that case, ladies let's give them some privacy..hurry up Khethiwe your father will be coming to get you

They all left the room and I was left alone, now that the hour was here I felt so nervous.. Mncedisi spoke outside the door

Mncedisi: baby..

I smiled briefly and walked to the door and stood there

Me: yes my love

Mncedisi: you know I can not wait to see you..like if I had it by myself I was going to kick this door now open

Me:(chuckling) you cannot really do that..

Mncedisi:(sigh) I know.. sthandwa Sam im here because I want us to pray ,this journey we are about to start isn't an easy one..we have come so far through prayer so I feel it ok that we start everything ngomthandazo

Me: that's actually a good idea babe we can pray..

He slowly opened the door and showed his hand, I placed mine on his still we were not seeing each other..

Mncedisi: Father in heaven we come before you..we don't have much to say to you Lord except to pass our gratitude and thanks..thank you Jesus for blessing us with this opportunity ,thank you for being with us every step of the way when we were preparing for this day

Lord we thank you for your mercy and Grace, Lord I cannot thank you enough for the gift of wife you have given me

As we are about to start e holy matrimonial service we pray that let no evil comes before it..we pray that all goes to plan and we fulfill the plan of the day.

We know that this step we are taking doesn't only end here..but it's actually a beginning to a very long road, we pray that you become our guide, our light through all the lives we will live together

Amen

Me: Amen

Wow that was some emotional prayer..after it I knew that I was so ready to marry this man

I heard my father greeting him then he knocked and walked in

King Bhengu: my beautiful daughter

Me:(smiling) dad

King Bhengu: you look so beautiful my angel I can't believe that you are actually mine and that you are now leaving

Me:ah dad come on I'm not going to die hau

King Bhengu: I know my love , are you ready for this? You can just say a word and we end this

Me:(laughing) dad you are so funny ai..take me to my husband

King Bhengu: (laughing) I'm happy you are happy my love..I truly believe that u Madlokovu will take care of you..so are you ready?

Me: yes..take me to my husband ..

-----MNCEDISI -----

After praying with Khethiwe I went back to the church where My best man Mthokozisi and Khethiwe's brides maid were waiting

I stood next to Mthokozisi and I was wiping a sweat that kept on coming, Nokukhanya must be mad right now, apparently she put on a make up on me so that I won't be shiny but I guess it's the nerves kicking in..I'm finally getting married.

Mthokozisi: man are you ok? You are sweating

Me:man I'm good, just give me water

He just chuckled and tap my shoulder and called one of the ushers to bring us cold water

After drinking the water I felt so much better, then the song for her to come played .

I saw her walking to me, with her father holding her..her veil covered her face but still she was beautiful. I felt my cheeks being wet and Mthokozisi wiped the tears off my face..

My eyes were so glued to her

her dress covered her body so perfectly..Lord this what I have been praying for and more

They finally got to us.. Khethiwe's father shook my hand and gave me her and told me to take care of his daughter

He then went to sit down.. we faced each other and she smiled and that relieved me I mouthed " you are beautiful" she blushed

My stepdad, the man who encourage me to take my calling serious was the one doing the honours of marrying us today..he spoke a lot but I couldn't really concentrate on his words..I was so glued to my gorgeous wife..I did hear him though when he read the last verse which read " be completely humble and gentle, be patient, bearing with one another in love. Make every effort to keep unity of the spirit through the bond of peace" - Ephesians 4:2-3

He then read the last verse " above all, love each other deeply because the love cover over multitude of sins " 1 Peter 4:8

He asked for rings and prayed for them and gave us to put them on saying our own vows

Khethiwe: sthandwa Sam with this ring I just want to say thank you..thank you for loving me the way I am. Thank you for accepting me with my scars and imperfections

With this ring I vow in front of God,the pastors,our family and the congregation to love you ,to submit to you,to be your friend and partner,to support you and to serve God with you

I vow to love you forever, through sickness and health, rich or poor ,till death do us apart..I love you

She pushed the ring through and everyone was on their feet ululating I was blushing and crying.. today I'm very emotional..

I took the ring and held her hand...

Me: Khethiwe Bhengu, my princess, my queen, my lover,my best friend.

Baby you are the best gift God ever gave to me.. with this ring,I vow to protect you in everything, I vow to love you and only you

As long as I'm alive,you won't cry again, the only tears you will cry are those of joy

I love you

I slid it in and again the crowd went crazy

My pastor told me to lift the veil and kissed the bride after announcing us husband and wife

Boy did I kissed her? No..I devoured her. I couldn't care less about the noise behind us,the whistles and ululating because this right here was just everything and I could do it over and over again.. we then signed the marriage certificate with our witnesses then left to take pictures

My wife..now I can proudly call her that..we took lots of pictures because we have a huge family..we took a whole hour..we then went to change to our traditional outfits then went to the reception

Speeches were made left right and centre and I seriously couldn't wait to get out of here and be alone with my wife

She smiled when she caught me staring at her

Khethiwe:what are you staring at Mr

Me: staring at my wife..is there a problem?

Khethiwe:(blushing) not at all

I took her hand and kissed it then whispered on her ear

Me: I can't wait to have you all by myself later

I saw her Turning pink..she was blushing and that's good,I just winked at her drinking my drink and listening to Nokukhanya giving a speech that had her parents cover their ears..she was talking that she should wake me up with a blow job every

morning.(.lol) ai my sister in law though, Nathi was blushing the whole time and his first wife was frowning...

----- NARRATED-----

The wedding had finally came to an end.. only the close family remained in the lodge.. Mncedisi actually booked the whole lodge for his wedding..it was so beautiful with a hall, gardens and swimming pools..the guests that remained really had so much fun

They were planning on taking a flight to Paris for their honeymoon on Monday

Khethiwe had just finished taking a bath first and walked to the bedroom, Mncedisi walked in and smiled then went to bath too...

Khethiwe remained behind doing the final touches..she was on her gown, underneath she was wearing a sexy lace lingerie that Nokukhanya bought her

She was on the mirror staring at the scar that left after the operation Mnqobi did on her..

As she was still looking at the reflection of her through the mirror, Mncedisi came from the bathroom with nothing but a towel wrapped on the bottom of his body.. revealing his abs and sexy body that was covered with tattoos

He wrapped his arms around Khethiwe and kissed her neck..she closed her eyes taking the kiss

Mncedisi: you good..my wife?

Khethiwe:(smiling) I'm fine my husband

Mncedisi:(caressing her face) good to know

He then turned her around and kissed her..the kiss was filled with lots of love,hunger and desire that his dick was up in a minute printing on the towel..

He picked his wife to the bed.. then removed the gown from her..what he saw made his dick to throb so hard..he hissed and kissed her neck whispering on her ear

Mncedisi: I so love the wedding gift you are wearing wifey..
thank you

Khethiwe was so smitten didn't know what to say really..they continued with kissing and touching.. Mncedisi didn't took the lingerie off because he loved it so much..

He got Khethiwe to he comfortable then planted kisses from her boobs going down.

When he reached where the scar was, he kissed it twice then kissed her tighs..kissed her vagina.. Khethiwe was now

breathing heavily she didn't know what to do with herself..she was busy touching Mncedisi all over..

He opened her thighs and devoured her pussy lips with his..she lost it and opened her legs wide giving him an access..he ate her..ate her slowly and Good so that she came..he got up and went to her face, kissed her making her taste herself through his lips

He then turned her around, grabbed the pillow and put it under her belly..he opened her buttocks and inserted his hard rock dick..

Khethiwe moaned loudly feeling pleasure mixed with pain.. Mncedisi shut his eyes out completely as he enjoyed the warmest of his wife's vagina..

When he was comfortably in he moved..started slowly and picked up his pace when Khethiwe's breathing changed .

He quickly turned her around and entered her again, he wanted to see her expression when they both came

He pinned her hands above her head as he gave her the deep thrusts. She was screaming senseless as he also moaned loudly and they climaxed with their bodies vibrating

He lay on top of her while catching their breath's..felt his dick going soft inside her..

He got up and looked at her with a huge grin on his face

Mncedisi: I love you Mrs Ngema

Khethiwe: I love you more my husband
