

## \*SLUTTY BECAUSE\*

### \*PROLOGUE\*

## \*Angel\*

#### No !

### Let's grab a sit

You better be on that two sitter couch

#### Lay your legs if you must

Just be relaxed as you can be

Throw all negative emotions out

Don't give me any pity whatsoever

Open your ears and just listen

Silence will work best

Don't read , listen !

Wait first.....

Let's grab glasses of wine

I'll just grab my Chapel Red

Probably the cheapest wine you can ever find on the shelf's

Well, because that's all I can afford. I am not the richest bitch in the world, you know

You don't have to shy away

Because you probably have the most expensive wine ever

It's okay

I just want , to take you on this journey with me

It's nothing much ! Let's indulge together

Just see me, on this chair

With my cheap glass of wine

While you sip on your merlot

With your legs high up on that expensive couch

You probably can afford a Cabernet Sauvignon Blanc or Merlot Pinotage or Shiraz

Listen it's okay

Even if it's a Méthode Cap Classique Brut It's still okay

See , I'm from the dusty streets of free state

In a town that's probably unknown

I don't care much

Raised by a single mother

A whole product of rape

Beats me who I ended up with a name such as Angel

Something was definitely wrong with my mother

Or maybe she thought , my life would turn better if she named me something nice

#### Oh well !

Let me take a sip ...

Argh !

I'll just down the whole glass

It's so tiny after all

Yes , life thrown me under the bus from a very young age

#### After the death of my aunt

The sister to the man , who gave himself to my mother

That she was left with me

After working a night shift at a restaurant

And her neighbour caught her

# He was probably sexually deprived

Because he left behind a wife and kids

But anyways

The mother to the culprit , kicked us out The sister only took pity on my mother

And they had given us a small shack in their yard

Since my mother was kicked from home

And was called a home wrecker

And a whore

For opening her thighs to people's husband's

And she cried rape

### Parents can be fools at times

But that's that

So we lived in the culprits home

Because my mother didn't want to abort me

After the culprit was sentenced to 10 years in jail

Without any parole and no sentence suspended

But he only lasted 3 months in jail

It probably wasn't easy , having men ram his ass day and night

But that's what he got , for being a rapist

And he met his maker

And that would be satan of course

I believe God is good

He doesn't deserve such people as his children

But okay , so that's me and how I came about

I wasn't a product of some love

Maybe that's why , I am where I am today in this life

# Born a curse , from my mother's womb

I'm in my late twenties right now

My mother passed away last year

We weren't even together then

She was living her life alone

### And I was living mine

# And you would think life will favour me

### After so much suffering

Living in the streets

Begging for food

And having no shelter

But no !

I was probably 15 , when I started sleeping with men

Don't give me that look okay

After all , I did that willingly

It's not like I was forced

# All I just wanted was a better life

Even if a man had his way with me the whole night

And gave me R20 the next morning

It was okay

I have lost count , on how many men I've slept with

I haven't stopped exactly , now have I

Now I'm just stuck with another man

Who gets to have his way with me however he wants

The only difference is that ....

I have a roof over my head

I drive a car

I have food

And well, this cheap diamond ring on my finger

It is cheap, no shade at all

# But he still repays himself for all that

Creatures of this earth

## Bloody blood suckers

Wait .....

What a tiny glass

This is probably for champagne isn't it ?

See how I down it in just seconds

It's not even that nice

There's bitterness on the taste

Probably because it's cheap too

## Anyways, you may look at me and judge

But the world is just full of judgy bitches

But who gives a fuck anyways

I know I don't

After all , aren't we all sinners in our own way

I mean , we do what we can when we can

And we do what we should , when we should

Either way , the good book disagrees with a lot of shit we do

So basically, we're all the same

And if you look at it well

We might all just not make it to the holy place

Because we are just going on about our business

And just living our fucked up lives

Okay, now where was I ...

Yes !

When life has taken you to where it has taken me

You don't give a shit about fairy tales

After all , you just believe in that nonsense

# If you grew up watching cartoons

Those fucked up princesses and princes cartoons

Selling us nothing but dreams of happily ever after

Ain't no such

I'll be a fool to believe such

Life is not a movie

There's no scripts , no cameras and no directors

It takes the whole of me , just to see the next day

How many times , have I prayed

How many times , have I longed for death and it skipped me

My mother was killed

By just some random driver

I was 20 when I parted ways with her

She was a fool of a woman I'd say

# When she found out I was selling myself

She went on to lecture me

Called me all sorts of names you can think of

She didn't say only those she forgot

Crazy woman !

That time , we're living in an abounded building

These streets boys , had their way with her

And yet , she scolded me

For giving myself away , just to feed her

So she doesn't go through bins looking for food , because her health wasn't the best

She was ungrateful if you ask me

Wouldn't you say the same ?

Yeah !

You probably think I'm insane too

For shrugging , and chuckling

But ....l've been to that mental asylum

So yeah, maybe I am still insane

Who knows ?

Oh yeah, a man drove me there

I endured nonsense in life

But that's probably just my life, and my fate

There's no running away from that

I don't believe in saving grace

If God , can turn a blind eye to answering prayers of tears

Filled with sorrow hurt and pain , then what saving grace could there be

None !

Okay ....let's just go on

We're not wallowing in pity

Look with your eyes , and see just exactly how pushed to the limits I've been

But I'm still here

Probably I'm still yet , to be pushed further

And that's okay

## We didn't come to cruise on this life

The world isn't an oyster

Hold on to your wine , grab a bottle or two

You probably might need them

And don't move from that couch

## Unless you need a bed or something more comfortable

Do so

#### But worry not about me

I am okay right on this chair

Yes !

You can get something stronger too

If you're into those

#### But let's not get drunk

We're not slutty like that

### \*SLUTTY BECAUSE\*

#### \*INSERT 01\*

### \*Angel\*

#### Okay, this is me today

## I have just gotten used to being all by myself okay

So have no pity

#### But as I was hustling through

I found this girl

She's your typical slutty girl

Goes to clubs, seduces me

And secures the bag

After all it's all just about the paper

I can even call myself a pro at this now

Because I make money

There's no night, that goes by

And I have no men on my bed

#### Or l'm on a man's lap

I know , at the end of that

I have something

I'm squatting with Lorato at her place

It's nothing fancy

But she was kind enough , to let me bother her . And she gave me a place , to lay my head

Don't get lost , we're at the beginning of where it all started

I'll take you through it all

But you know what they say right ?

## When you don't know where to start

The beginning is always the best place to start

So now we're getting ready

We're already at the club

We're changing into our LBD's

And putting on make up

We be looking like dolls at times

Too much make up does that shit

But there's some idiots who love us looking like that

Because they've left wives at home

#### Who are wrinkled

And they be looking like Rapunzel's ugly witch mother

So we give them what they want , to have dolls for just a night

Lorato : I am out

I just nod as she grabs her bag and walks out of the toilets

I put on my lipstick

Matte always works wonders for me

After doing final touch ups I pack up my things

And walk out

I head over to the bar , and sit down on the bar stools

What I need is a drink

At times, when I do this

I do think about my mother

And just wonder , how she feels about me

### The decisions and choices that I've made

At some point , I do know if disappointed her

But I cannot afford to wallow in that

I have to push on with this life , self pity won't feed me

# And well, we might have long separated

But I loved that woman

And I miss her at times

I guess death is just shitty like that

I get my mojito, and take a sip

It's a Friday night

And only big spenders are around

There's no kind of a man I haven't slept with

The tall dark and handsome who can fuck well

With monster dicks , you'll feel they're shifting your womb

The short and belly stinking with short small dick , who'll have you rolling on the bed

Throwing your eyes to the back of their sockets

Squirting like shit

I mean , an orgasm after an orgasm

The cum and continue kind of men

And the ones who are packing , yet don't know how to use their packages

I mean , the kind of men who will tingle you with their dicks

#### Mxm !

## The Venda men , who leave other men insecure

After seeing their dicks

The kind that brings you nothing but pain

I mean , the Nigerians

With all kinds

Men who will leave you , wanting to get stitches the second they are done with you

The kind of men who are lazy

And will have you humping on top of them the whole night

And the kind , that will toss you

And those that will turn you the whole fucking room

The ones that will have you from the bed

To the floor

To the walls and showers

To any furniture that's in the room

And to the ones who will have you in missionary the whole night

The whole point , is to just be slutty and glassy

Don't fall pregnant for any fool

Or you'll find yourself, with a womb of graveyards

That's the one mistake

I vowed to never make

I smile as there's a tap on my shoulder

I'm the kind that doesn't hunt

I don't throw myself on men

I don't chase

I get chased

I don't go to no man

If he wants me , then he must come to me

And that's that

I turn slowly , and it's just one tiny slim guy

Who just throws me off

I couldn't possibly fuck him

But , after all is done we'll be parting ways

It doesn't matter

## And it'll be like we never even crossed paths

Me : hi

He smiles

Him : your presence has been requested in the VIP section

Me : mhm

He turns back , and I see the guy he locks eyes with

Then he goes back to his phone

Like he wasn't even looking this side a second ago

Him : my boss , only hopes he's not offending you

Hell no !

That kind , can never offend me

You can just tell by his shoe and tie

He's just one loaded mother fucker

l get up

Him : after you

I wonder if this boss , has such manners like this man

But he doesn't look like it , yet looks can still be deceiving

We walk over to where he is

And he's by himself

Rich fuckers , are never by themselves

Him : take a seat

I smile to the guy , sitting besides the said to be boss

And the guy , just walks away

I guess he was trained very well

I let out a side smile

Seems like I've walked into power here

This night better be worth it

I shouldn't be left feeling disappointed

It should leave a mark

The whites say , a night to remember

The man finally looks at me

And I've never seen such eyes

And believe me , l've seen way too may eyes

Him : Mandla

He holds his hand out

And my eyes trail to the Rolex on his wrist

Me : Angel

I say taking his hand into mine

And we have that insane intense stare , for a few seconds

## \*SLUTTY BECAUSE\*

## \*Angel\*

#### I let out a gasp

## As I feel him , thrusting in

Lifting my leg up

### And he just pounds in

Taking it from behind

He lays back further , on his side

Giving him better access

As his balls are just slapping on my ass cheeks

#### I let out screams of pleasure

I can't deny

He's hitting all the right spots

He's the kind , that leaves you begging for more

Even though you know , you'll never get him again

#### Because we don't do regulars

He deep grunts as he shoots up his load

Filling up the condom

And he doesn't slide out

As I feel his dick still hard as fuck

And twitching inside of me

He leans over

Placing a few kisses on my shoulder blades

I close my eyes briefly

This is that fucked and fucked thoroughly kind of a fuck

## Where sleep just creeps on you after that

But as I feel him pulling away

l sit up

I cannot afford to laze around

While I need to get home

Mandla : where are you going ?

## I rub my eyes looking at him

He's so confident , he doesn't even grab a towel to cover up

And his dick his still popping up veins

With bits of his cum still dripping from his dick

Me : uhm ... if you're checking out , I have to leave as well

Mandla : no , I am attending a meeting . I'll see you later for dinner , you take this ....

He reaches over from his suit jacket pocket

And he takes out his wallet, I watch him as he opens it

#### And takes out a platinum card

My jaw , is on the floor

But I compose myself

We didn't have much conversation last night

All he asked , was that I be his guest for the night

## And I understood him well

## So I agreed to that

Mandla : go shopping , get a dress for tonight . Nothing too bright , but classy . And I'll see you then

I move the sheet up covering my chest

And hold my hand out taking the card , reluctantly

Me : but ... I thought this was just last night , and that's it

Mandla : I don't want it like that

Me : I don't do regulars please , because you'll .... Mandla : let's save all of that talk for tonight , over dinner and drinks

He walks over to the ensuite bathroom

I'm left stunned looking at the card

What about my payment ?

I mean , surely buying a dress isn't it

After a while he comes out of the shower

As naked as he walked in

He takes his clothes and gets dressed

Me : what about my payment ?

### He lifts his eyes and looks at me

But I am not naïve

And I will not be blinded by this card

I want my money

Mandla : I gave you a card , pay yourself if you must

#### He puts on his watch

#### And he checks the time

### Mandla : I have to get going

He leans over

Getting on the bed with one knee

And he pecks my lips quite a few times

Then he moves back , and grabs his suit jacket

He heads over to the door and walks out

Dinner?

Wow !

# One that needs me to buy a brand new dress

I mean, once I sleep with a man

I never put myself in that position

We should just never cross paths ever again

This is new

# And I don't know how to feel about it

#### Its an hour later

And I walk out of the room

It's still morning

And there isn't way too many people inside the hotel

I walk out

And I stumble upon that guy from last night

He disappeared then

And I never saw him , like for the rest of the night

He smiles

I guess that's his thing

Him : I have been asked , to take you wherever you may need to go . Because I cannot have you arrive late , to your dinner

# The dinner I wasn't even told where it'll be

Or at what time

## I guess this makes sense

I'll be driven around

By a strange man

Me : I need to go to my place first , and get a clean pair of clothes

Him : anywhere you want to go , I am just your driver

Okay !

Is this me and my supposedly to be one night stand

More like smash , secure the bag and pass

Now I have the man , having his whatever drive me around

Him : shall we go ?

I heave a sigh with a smile

He leads the way to the car

And it's an CX5

Okay, not bad

•

Him : you'll direct me

I just nod , and he opens the door for me

The look that she's giving me right now

It's definitely not giving at all

And I hope you're not giving me the same look

Me : listen , I didn't expect this

Lorato : exactly what is this ?

I shrug as I pull my skinny jeans up

Lorato : this doesn't sit well with me , it's not like we're escort's of a certain service . Where we can entertain men in this manner

Me : okay , judge me later . Now I have to go She laughs

Lorato : don't tear your jeans , while you're jumping fences

I left that guy , two streets away from here

And I jumped fences

You cannot blame me

# I left him in front of a beautiful apartment

And that's where he thinks I went into

\*SLUTTY BECAUSE\*

#### \*INSERT 03\*

### \*Angel\*

What a therapeutic day

Like I sure got spoils of my heavy night

I got quite a few dresses

And had lunch

I even took the liberty , to visit a spa

I mean , surely the man expects a hot stunning date

And that's exactly what I'm gonna be giving him

Oh well , I hope that's what he will get

The driver , I don't even know his name

He brought me back

And said , he will be back by 1800hrs

To pick me up for the date

I guess , his boss left him detailed strict commands

And he's on track with those

I'm getting ready

Already dressed

In this stunning red number, with a thigh slit

## And my weave , still looks as new

This is my nasty girl, as I call it

### With black 8 inch stilettos

Just touch ups on my make up

I don't want anything heavy

Lorato : I hope you know what you're doing

Me : do I look like I do ?

She shrugs

Me : we've never done this before , or anything like this so please spare me . Of course , I don't know what I'm doing Lorato : what if this guy, abducts you . And sells you off , to sex traders . Or even worse , he kills you for rituals

Me : really ?

I give her a really bored look

Lorato : this is Joburg Angel , and rich guys are full of sandals Me : yeah ...

She raises her hands up

Lorato : go ahead , but don't say I didn't warn you

Me : thank you mother

Of course I'm just mocking her

I'm just as concerned

# But I don't want to be seen as a fool

And her words are headed that way right now

Of which I don't appreciate

### The man has changed his outfit

He's in another three piece slim fit suit

From the suit to shoes , even the tie

He looks like the man that he is no lies

Mandla : you look stunning

### I let out a smile

Me : thank you

## He takes a moment to just appreciate what's in front of him

And I outdid myself

Even if I say so myself

## Because , his expression even exceeds the one I had in my mind

Its way beyond what I anticipated

Me : I hope I didn't go overboard

He chuckles

#### I have to check the coast here

If he will complain

Then he's definitely not my cup of a bank balance

Mandla : not at all , maybe if our conversation goes well . Then you can get to keep that card , for whatever needs you have . And you wouldn't even need to ask , to see if I mind how much you use

What ...

### Like, do you see my look?

Well, don't be so slow

If you don't see it , or you cannot picture it

# Just see me grabbing this glass of wine

That's definitely bigger than the one I had when we first met

And there's expensive wine in here

The red , is definitely appetizing

I don't know what it is

I wouldn't even know what it's called

But I lean back on the chair

As I take a sip , and I have my eyes almost closing

Just at the tip

They were really so close to popping out

So best I don't scare the man

And I just keep it cool like this

Oh well , I'm sure by now you've figured out

I just look like an old grave near grandmother

When she's introduced, to the old grandfather

She could be fucking

And is said , to be a boyfriend to her granddaughter

Okay !

Me : what agreement ?

## Mandla : l've been to Levels before

And that just puts me off

Levels is the club, we just use

Mandla : I did not fuck anyone there , if that's what putting you off . The first time I was there , it was just for business . The second time , I saw the girl you were with a few days ago . I approached her yes , but we never got far . Because then I saw you , and I told her I couldn't continue

Ah !

That would explain why she was moody for days on end , that was like a month ago

# Mandla : I've been just eying you there

Me: I see

Mandla : I am not judging , nor am I saying anything about what you do

I take ....more like gulp another sip down my throat

#### Before I put the glass down

Mandla : I liked you the first time I saw you , and I just knew I had to have you . And I don't mean sexually , but now that I've even had you in that manner . I want the whole of you Angel

Now my jaw drops

## Me : what ....what do you mean ?

Mandla : let's be exclusive , l'm a very busy man. I don't have time to be searching for a woman, and date and all that. I have a daughter , she's just 5. Her mother and I, were never anything. It was a one night stand, and she happened. I took responsibility, and took

my daughter as soon as she was born. Her mother is not a factor, because she even signed her parental rights away . And my daughter , stays with my sister in the USA. What I need, is someone by my side. Someone who will understand that I won't always be around, but you'll be taken care of . With whatever you need, financially you won't lack . Maybe you'll miss my presence

here and there , but it won't be a norm like a month's thing . Like maybe two weeks the most , and that's it

That's a lot to share to a stranger

lsn't it ?

Me : exactly what are you asking me ?

Mandla : be mine

Don't mind my frown

I am not confused

Nor am I lost

I am just shocked , and surprised

You hear about these kind of men

But you never think you'll meet one

Mandla : let me take care of you , whatever you need . We can start with keeping that card , and getting you a car

Shit !

# You heard that chuckle right !

And as I lean over , taking that glass again

This time I gulp it down

And he takes it from my hands

Before I place it down , as he fills it up

### Mandla : there you go

# Still with his hand on mine

I let out an involuntary smile

Mandla : even a place , if you need one . Could be a house , a penthouse or an apartment . Whatever that will work for you , if you do need that package

# Me : I'm actually crushing with a friend

Mandla : then you would need your own place , because I wouldn't want us to inconvenience your friend

Me : I did not agree

He runs his thumb over his lip

# \*SLUTTY BECAUSE\*

•

•

### \*INSERT 04\*

# \*Angel\*

Mandla : I know you did not agree , we're talking . I'm putting on what's the table , and you'll take it however you take it

He leans back on his chair

The man is all kinds of goodness okay

# He alone, is just a package

So imagine all the goodies he's offering

Okay !

I never imagined myself having a car

Or a house for that matter

## Maybe a shack

Yeah !

I've gotten so comfortable with the life I've been living

And I've never seen nor dreamt of anything beyond that

That's my reality

Me : listen , I bring absolutely nothing to the table . I am not educated , I never even made it to Pre School . I have no savings , no salary whatsoever . I am just me , I bring Angel to the table and nothing else

Mandla : and Angel is all that I want , nothing else . I just need you to bring yourself , and your loyalty of course . No more going to the club entertaining men , because I'll be giving you everything that you want . No questions about it , so I expect to be the only man in your life . That's what I need from you

He says with a side smile

Me : what do you get out of this ? Because it can't only be that , what you're offering is too sweet

Mandla : I get you when I need you, no more this ... with the other men at the club. Not only will I need you for sex, but also for your company. To spend time with you, even if it's on a vacation that you requested. That's still fine , just as long as I'm with you . Understanding between each other, and not thinking you can dribble me on the side. Because I will know

Me : so basically , you're saying I tie myself to you . Like a girlfriend , but not as a girlfriend

He smiles , intertwining his fingers with mine

Mandla : not yet

Hah !

Does this mean , eventually we'll get there

Where I am the girlfriend

Okay !

Or maybe I'm just reading too much into this

Mandla : think this through

# He relaxes back on his chair

And my head is pounding

I am glad we ended the night on a lighter note

Well, more like the dinner

I mean , the night is not yet over

We were just talking about other things

Just mostly about him

He went on to tell me what he does

The man is into mining

Now that's huge

It was mostly about him , and I didn't mind at all

Because I had nothing to tell him

There's absolutely nothing interesting to tell about me

If anything , things about me would make any man run away

Considering the life I have lived

It's not entirely the past

I could be back to it tomorrow

Mandla : I'd like to drop you off myself I look at him

We're in his car

I look at the time

Mandla : if it's too late , we can just sleep at my house . If it'll be a problem for your friend , that you arrived late

I'll rather not

I think I have a lot of thinking to do tonight

I know Lorato is at the club

If she's not in Soweto getting drunk

So I'll have the house to myself

Me : you can drop me off

# He gives that slightly disappointed look

Shady man

# But he ain't getting any of me tonight

He will cuddle his pillows if he must

# He's parked at the gate

•

On the right place now

Lying wouldn't work

It's late now , and I am scared to be honest

I cannot afford to be jumping through people's fences

Mandla : I will call you tomorrow

Me : you don't have my number

Mandla : I'm a man with means

That cannot be good

# Mandla : or you can just give them to me , like now

Uh !

He hands me his phone , and I save my number

Mandla : goodnight

Me : goodnight , I would invite you in . But there's probably nothing you can grab a night cap on

He chuckles

Mandla : it's been a busy day , it's alright . I think I just need my bed

Right

Me : goodnight

# He opens the door for me

And just engulfs me into his manly arms

# I inhale his scent

And nothing is as intoxicating

As a man who smells good

Like when a man smells good, everything about him just looks good

Even when he doesn't look good

Okay !

There's nothing to that

But maybe to most people

# I am just obsessed with men who smell good

He moves back , and we lock eyes under the stars and the moonlight

Its such a sight

I swear , he's got the most hypnotizing eyes I've ever seen

### I want to ask if he's human

Or if he has contact lenses

Mandla : bye

I just nod , bitting my lower lip

And he cups my face , I close my eyes slowly as he lets out a side smile

# And he brings his lips into mine

He seals off this night , with one hella insane kiss

That leaves me dripping down there

And wanting to reconsider , his offer to crash at his place

Hoe !

Get a fucking hold on yourself

We slutty sure , but not like this

He moves back leaving me slightly feeling cold

I just nod with a smile and walk past him

### Heading to the gate

I turn back watching him

And he's leaning against his car

Looking at me

That leaves me smiling like a love struck teenager

Isn't that what they say in these movies

Of course , ain't no such

I doubt , I would even know how it feels to be in love

To that extent

I have never had a boyfriend

And I've never fallen in love

I don't know how to love

I don't know how to be a girlfriend

I heave a sigh as I unlock the door and get inside the house

And as I close the door back locking

That's only when I hear his car driving away

I shake my head leaning against the door

As I take my heels off , feeling that relief

Taking a deep breath

# \*SLUTTY BECAUSE\*

•

•

## \*INSERT 05\*

## Me : so that's what he said

### I just had to tell her

Don't judge me

I need some voice of reason

I might just be tempted

And just agree to this , because it is hella good

And I can't deny that

But it sounds way too good , I can't help but be weary

I can't just agree without covering all aspects of this

So having another voice

Might help me make better informed decisions about this

Lorato : I don't trust this

Okay, that just puts me down

I did not expect her

To just put the whole thing down

Especially so fast

Lorato : don't get me wrong , this guy has seen you . And kept watching you , like a stalker . What made him , to finally have the guts to approach you ?

# Me : maybe he just wanted time

Lorato : come on , all this is very suspicious to me

Me : what ?

Lorato : everything , giving you a house and a car . And his card , meaning you'll have money . He does all these things for you , and in return he gets to control you

Me : no , it's not like that

She laughs

Lorato : you must be very naïve , if you think that's not how it'll be . Because that's exactly how it'll be Me : what could go so wrong , if I just give this a try ?

Lorato : your life , and your freedom . Honestly , I don't feel this guy . And I personally just don't like him for you , that's the truth

Me : is this about the fact that , he ditched you for me ?

## Lorato : what ....no ! How can you even say that ?

Me : it's a question , because right now you're just sounding somewhat

Lorato : I am being a friend Angel , and being honest with you . This guy you just met 48 hours ago , he's not your friend . And he just wants to get in between your thighs

She gets up

Me: why ....

Lorato : no , if you think I'm leading you astray . Then please , go ahead and just do what you want to do . It's your life after all , I just thought we look after each other . But clearly , that's not what you're seeing

Me : why are you getting angry ?

And she just slams the door walking out

Maybe I am missing something here

Because I don't understand why she would get this upset

I did not say I'll do it

I was just asking her

And she wasn't of much help

Because everything she said just came with a sharp bitter tongue

I don't know what this will mean for me

But what if I'll be finally getting off , from selling myself

To all kinds of men

And stopping this life

Wouldn't Lorato want the same thing

# If she had the same opportunity ?

## Since Lorato left

## In the morning

And she didn't even say where she was going

I tried to call her

But girl is doing the obvious

And just ignoring me

I won't bother her any further

When she's ready , she will come back

And she will talk to me

Well, that's if she wants to

I'm just bored out of my mind, just as my phone rings

And it's an unknown number

I pick up with hesitation

Me : hello

Mandla : what are you doing ?

I take a deep breath , letting out a smile

Me : bored , and thinking of napping

Mandla : not when I'm around , come out let me see you

Oh well !

I get up and peek through the window

His car is parked by the gate

He chuckles

I move back from the window

Mandla : typical township behaviour

Me : don't be that person

He laughs

And I am just captured

That's one deep laugh

Mandla : come

Me : okay

I put on my flip flops

He will just have to excuse me

Because I was lazing around, without any plans in mind

#### Or even going to see anyone

I walk out , still with my phone in hand

I just pull the door without locking

I head over to his car

He opens the door for me

Mandla : someone was chilling

I face him with a smile

Me: yes

Mandla : well , excuse me . I am coming from Pretoria

He's in a formal shirt and pants

With formal shoes

# Just there's no tie and no suit jacket

And he has the shirt slightly unbuttoned on the first two buttons

Me : it's okay

Mandla : you sound ...

He squints his eyes

Me : uhm , l've just been thinking a lot

Mandla : about what I said ?

Inod

Mandla : let's talk and unlock it all

Me : I told my friend , and she was disapproving . But I am not influenced by her or anyone for that matter . Just that you have a child , and I don't ...

Mandla : and my daughter will have nothing to do with you , don't worry yourself about that . I'm not about to make you a step mother

No matter how you see me

## But that's some relief

I don't want to raise another woman's child

Me : you know my past , it's not nice . Wouldn't that turn you off as time goes on ? No man would be okay being with such a woman like myself , won't you turn around and use this against me ? I mean , I can't help but worry and ask myself questions about that

Mandla : I would be worried if you weren't questioning yourself, but I approached you knowing this . So it would be crazy of me, to end up using it against you

Me : and ...

## I take a deep breath

Mandla : and what ?

Me : the house and all these other things , what will happen if we don't get to last ? Do you take them back , or do I get to keep them ?

Mandla : you'll keep them

Insane !

Mandla : except for my card , so I'll say use it to your advantage , as much as you can while you still can . But I'm also not saying , we won't last . Because that's not my intention

I guess he has an answer for everything

## If only he can be true to it

But I cannot trust just only his word

Because he's a man

We sleep on the left side , then we wake up on the right side

That's us people

## Its just human nature

### When they talk about bliss

#### This is what they mean

This is the soft life

## And just enjoying life with a spoon

Like ...

I smile to myself

Just looking around this apartment

I love it to bits

And Mandla had me choosing it myself

The same goes for the Audi R8

I don't know how to explain the feeling of coming back to this

#### After two weeks of the ocean

Mozambique was just magnificent

I wouldn't mind seeing myself back there

Honestly I feel like I am set in life

Like all is well now

Even though , at times I still find it very hard to believe

Just a vacation , out of nowhere

And he was with me there

It was just everything and more

Honestly, I loved it

## And now I come back to my own place

And my own car

I move up the counter , and call him

The phone rings for a while and he answers

Mandla : babe

I smile

Me : I'm at the apartment , and it's beautiful . And the car is here as well

Mandla : I hope you like them , and that you're happy

I would be a fool not to be

Me : I love them , and I'm more than happy . Thank you

Mandla : you deserve all the good things

I let out a slight laugh

Mandla : I'll come see you , as soon as I'm done with my meeting

#### Me : can't wait to see you

He chuckles

I drop the call and just scream my lungs out

I am happy

And I don't even want to lie

#### I just had to walk out for a bit

Just to get a few things

I'm all ready for Mandla

Spending two weeks with him in Mozambique

I've gotten to know him better

And he's not so bad after all

Like he's a nice man

And he just happens to like the finer things in life

Which makes me consider myself as one

Because if I wasn't , then I wouldn't be here

I got small groceries and cooked his favourite meal

And I took a long soothing bath

Trying out one of my new lingerie's

Hopefully he will like it

I sit down on the couch

These are the perks of a fully furnished apartment

I don't have to stress myself about furniture , and doing all that much shopping

I grab my phone and call Lorato

And it rings , till it takes me to voice mail

I heave a sigh

I guess she doesn't want to talk

Things are still a bit rocky between us

But at least , I am trying to reach out

She's really against me , doing all of this

She still thinks it won't end well , and Mandla will hurt me

A knock comes at the door

Getting me out of my thoughts

I get up and open the door

# He's leaning against the door frame

I smile leaning over , and I peck his lips

He just pulls me in for a deeper kiss

After a few minutes , he pulls back and stares down at me

Me : come in

I take his hand and we walk inside

Mandla : it smells divine in here

I smile

Me : I made your favourite

Mandla : mhm , and I just want you right now

He says not wasting time

As he picks me up into his arms

And he unties my robe , it falls down to the floor

Exposing the lingerie

He curses under his breath , as he moves back and just devours me with his eyes

There's just lust in his eyes

And I know I will be fucked

Funny , how I've been with him for 5 weeks

And I haven't lusted anyone

#### Like I have no desire for no man

That's how satisfied I am

There's no craving another dick

It's sick !

Cause I never thought I won't want a different dick

### I grab my robe , and put it on

•

I walk to the kitchen and warm the food

I know he's hungry now

And he will want to eat

My phone beeps from the lounge

I go on to get it

And it's a text message from Lorato

I laugh

Now she finally wants to talk

Girl can be so dramatic and for no reason at all

"Was busy , couldn't answer your call . Hope you're back still in one piece"

I just find myself laughing

Was it necessary ?

I don't think so

## I told her I was going on vacation

And she didn't bother to talk to me

And now , she's saying such

Me : yeah !.

Such friends we have

I understand she may be concerned and all

But really negativity doesn't help much

And nothing has happened

To make her be like this

I don't bother responding

#### I walk back to the kitchen

And grab the plates walking back upstairs

He's pressing his phone

But he puts it away as I walk in

Me : hey

## Mandla : you left me alone in bed

l laugh

# Me : went to get food , and you were asleep

Mandla : it's like you knew , l am hungry

I smile sitting besides him

Mandla : and this looks way better than how it smells

One thing my mother left with

Was knowing how to cook

And I actually thought I'll mess up , because she didn't show me how to cook But she told me

## That woman knew the best kind of meals

I'm glad I listened

Mandla : how are you liking your new place ?

### Me : babe I love it , and the car

I smile

. . .

### Me : don't get me started

He chuckles

And plants a soft kiss on my forehead

Mandla : anything for you

Me : oh well , I don't know how to thank you

Mandla : you're here with me , and that's enough

Like really though !

Why can't Lorato see that this guy is not as bad

Like I can't be the only one seeing that

Yes , he might not be in love with me

This might not be a relationship

As of yet , like he said

#### But this is good

Me : I wish my friend understood

He intertwines our fingers

Rubbing his thumb on the back of my hand

Mandla : the friend from the club ?

l nod

Mandla : she doesn't like me for you ?

Me : I told her , and maybe I shouldn't have because she's against this . And thinks I'm being stupid

# Mandla : is she jealous ?

I laugh

Me : no , Lorato is not like that . I just don't understand what's her issue , but she's not jealous no

Mandla : but ...

He heaves a sigh and keeps quite

Me : but what ?

I turn over and look at him

Mandla : I don't want to offend you , and besides I don't know your friend that well

Me : uhm ..you can say anything

Mandla : I don't know your friend, maybe she is a good person. But why wouldn't she be happy for you , this is a much better option than what you've been doing all along . And love , I am not judging. It's not like I'm playing , or just using you here. I actually want something , to come out of this

I smile

## Me : something ?

Mandla : don't think I'm rushing things , but I do want a relationship . Just that I want us to know each other better , and spend more time with each other . So we don't feel like we rushed a relationship first

A whole relationship

#### Me : I'd like that

Mandla : but I don't want to invest in something , that will always have a third party involved. If your friend is not supporting you, then she's definitely against you . And I don't know how I feel about that, because she will always have something negative to say about me or us to you

# I tilt my head looking at him well

Mandla : she's your friend , you probably know each other better . But it worries me , if she'll be influencing you . And your decisions

Me : she won't be , I love her yes . But I think for myself

#### I say as quickly as I can

Mandla : are you sure about that ?

Inod

Me : yes , I am sure . I will talk to her I promise , you don't have to worry about her

#### Mandla : give me a kiss

# I smile and lean over kissing him

And he returns the kiss

# Since my calls are being ignored again

I just decided to come see her

And she wasn't home

I knew she would be at the club

Lorato : you look good

Me : and you know , it's all thanks to Mandla

She scoffs annoyed

#### Me : are you jealous ?

She laughs

# Like literally just burst out laughing

Just mocking me

Me : no , like I am asking

Lorato : oh come on Angel , you think you're better than me now? All because of this man, is he the one who said that nonsense to you? And you actually believed him, like what do I have to be jealous about ? Because I actually feel sad for you right now , and I hope that you'll wake up soon

Me : you feel sad for me ?

Lorato : this man will use you , he will chew you and spit you out . And you think he gives a shit about you

Me:wow!

Lorato : no , you need a reality check my friend . You're just being naïve right now , and you will remember my words

Me : if I didn't know any better , I would say you want him . Too bad he doesn't want you and never will, so just accept that. Because you are just sounding bitter right now , calling me naïve . You're my friend , and friends are supposed to support each other

Lorato : I will not support you , especially when I see you're digging a grave for yourself Me : grave , okay ! I guess you will tell me , when you're done acting up

Lorato : I am not acting up , I am not bitter and I'm most definitely not jealous of you . Because this will end in tears , I can promise you that much

She gets up

Lorato : if this meant anything , you would be his girlfriend and not just his slutty girl

I smile

Me : he does want a relationship

Lorato : he wants it ? Is that what he told you ?

## l shrug

Lorato : wow , and this just keeps on getting better and better

I look at her

Like she's really thinking I'm making myself a fool

And just being played

I don't know how I feel about that

It's all over her face

She's not even hiding it

Lorato : if a relationship is what he wants , you'll be in one now . Not going to trips , being

brought houses and cars . And still there's no relationship, and you think this man has pure intentions about you . Sisi, hell no! Please wake up, and smell the coffee . You're not a child anymore Angel, stop acting like one . Don't be blinded by money

Me : okay , thank you

I also get up

Me : at least now I know where we stand , and how you feel

Lorato : and you'll choose him

Me : who said anything about choosing here ?

Lorato : all I'm saying is that you'll remember my words She walks away

# I heave a sigh grabbing my bag off the table

I do like Lorato

She's been like a sister to be honest

# And the altercation between us

It has left a bitter taste in my mouth

I went to see her , hoping that we'll talk

And things will be okay between us

Mandla : I don't like it , when you're not okay

I let out a fake smile

Mandla : don't do that

I heave a sigh

I guess , he can see right through me

Mandla : is this about your friend ?

l nod

I can't help but be sad

Like , is this the end of our friendship

Just like this

It hurts

Mandla : come here

He holds his hand out

I look at him and take his hand into mine

And he leads me to sit down on his lap

He places his one hand on my waist

Mandla : I am sorry to say this , but your friend seems like she is jealous to me

I doubt

I mean , why would she be jealous

Mandla : you have what she doesn't, all in a space of weeks . You have a car, and an apartment. You wear the most expensive clothes now, you have class and you get to travel the world . Something of which she doesn't have , and she longs for that's definite. People change love, and this seems like she has changed towards you

Me : but why ? It's not like I was going to look down on her , or think I'm better than her now . She's my friend and I love her

Mandla : yeah , but she knows she's below and beneath you now

Me : it's just hard , she was just the one person I had and got along with

Mandla : your old life is behind you now , it's in the past . And maybe even the people in it, belong to that past . I am here now, and you have me. People don't want to see you elevate, they'll rather be above you . Than have you do better than them in life , and love she's human at the end of the day . Wether you two have been through the most together, she is not a very loyal friend . And I can tell you now , she will never be supportive of us . And that means , you'll never enjoy our relationship and your friendship with her at the same time

Oh my word !

I grin and smile like a retard

Mandla : what ?

### He asks with my chuckle

Me : you said a relationship

He smiles

Mandla : I said what I said , and I meant it

Wow !

I am out of words right now

Mandla : tell you what ....let's go out , have a great meal and a glass of wine

Me: I won't say no to that

He pulls me over , making me straddle him

As he captures my lips into his

And he slides his hands under my t-shirt

His hands cup my boobs , and he rubs on my nipples

I move my waist , going down on his length

And he's throbbing hard against my pants

### Me : one won't hurt

He chuckles and flips me over

Laying me on the couch

He gets in between my legs with his one knee

And he leans down, we kiss

As his hands grip on my pants, and he takes them off

Along with my panty

I unbuckle his belt , letting loose of his pants

He slides them down , taking my t-shirt off

And I slowly unbutton his shirt

But he grabs my hands , and just rips his buttons off

I gasp, as I feel his dick on my pussy

And he just slides in , letting out a deep grunt

I hold tight on his back , as he just rams through

## Fucking me out of my senses

#### Mandla : are you good ?

Me: yeah I ...

I keep quite as I lock eyes with Lorato

# She's just walked in the restaurant

And she's giving me an evil eye

I heave a sigh

Mandla holds my hand into his

I see her walking towards us

And somehow that makes me a bit happy

But all that joy just fades , as she just passes our table

Like she didn't even see me

Mandla : it's okay

I look at him

# Right now , I am just feeling so emotional

Me : maybe I should go talk to her , but I know she saw us

Mandla : you know she didn't just pass you , because you're with me right ?

Me : maybe she ...

Mandla : love , don't make excuses for her . She saw you , and she walked right past you . And she didn't even say a simple , hello

Right now , I feel like crying

I don't even feel like being here anymore

I've lost my appetite

I just never thought this is how our friendship will end

And I've never known Lorato to be this mean

I don't know what to make of this

Me : okay , I won't go

Mandla : she doesn't deserve you

It's hard to think that

Because she's always had my back

And now I feel like I'm loosing a part of myself

I may be sounding crazy

# But this friendship meant more to me

And it's sad to loose it

Mandla : let's just enjoy our meal

I'll just force myself through it

He's being nice to me

# And I don't want to dampen his mood

#### Here we are , in a cinema

## Watching a movie

I sure ruined that outing

But he wasn't having it

He suggested we come watch a movie

Honestly , right now I'm so much better

And I'm actually enjoying the movie

I didn't even think that I would

I'm laying my head on his shoulder

He has my hand on his lap

Intertwined with his

This is comfortable

And it's reassuring

I don't know how I'm not supposed to be living every single moment of this

Or how am I not supposed to be happy

When I'm with this man

He just makes everything so much better

# I can't let go of such

I feel like I would be such a fool to

Maybe this is the loss I have to suffer

In order for me to have this chapter of my life

But I just want to make sure

That this is really done

That there's no going back for us

Yet again

And she's agreed to meet with me

She doesn't even look that happy

She's just sour, if I can say that

And I didn't even tell Mandla

## That I'll be meeting with her

It's clear , the two are just water and oil

And I just happen , to be caught in between them

It sucks big time

Me : I need you , I don't want to lose you as a friend in my life

Lorato : not when you're still letting this man fool you , and use you like this

Me : I am not a fool Lorato

Lorato : well , that's exactly what you are Angel . And I actually thought , you know better . But I guess I thought wrong Me : I do , I do know better . And it hurts me , that you actually see me as nothing but just a fool . What I don't understand is what's your issue with Mandla ?

Lorato : than man is just using you , but you're not seeing all of that . Because he's throwing his money on you

Me : it has always been about the money, we slept with many men for money. Different men of all kinds, all for money. How is this different ? I am sleeping with him, and he's taking care of me financially . I'm still doing what I've been doing , the difference it's just with one man

Lorato : he's tying you down , and he's controlling you ... Me : there's no such thing , yes now we've reached a point where I think we're dating in a way . But he most definitely , doesn't control me . There's no such thing as that

Lorato : oh really ? And you think that man loves you ?

Me : I never said anything about love

Lorato : then what's a relationship without one ?

Me : we ....

Lorato : spare me , because you're acting like a teenager right now . And all this will come back to you , I hope you open your eyes sooner rather than later . Because it won't be nice

Me : do you want Mandla ?

She laughs

Lorato : fuck no !

Me : then what ? It sounds and seems like you're jealous ,

because he chose me over you from the club

Lorato : get over yourself

Me : no ! You get over yourself , he chose me just deal with it

Lorato : you think I give a fuck ? No man will love you , especially not a man who knows who you are . Do you think a man like Mandla , can degrade himself to date a woman who has opened her legs for the whole of Joburg and half of Nigeria ? Oh please

l get up

Me : clearly this was a waste of my time , you're just bitter

Lorato : it's the truth sis

Me : for your information , yes that man has chosen this woman who has gone around opening her legs . And guess what ? He wants me just as I am , that must be killing you slowly

I grab my bag , taking out R400

I place it on the table to settle the bill of drinks Me : and he was right about you , I've been stupid not seeing it . You're bitter , and you envy my life . Who needs enemies , when they've got friends like you . I guess this is done for good , I won't bother you anymore

Lorato : wow ? So he said that to you ! Like why are you not seeing this man for who he is ? He's alienating you from everyone , so he can ...

Me : if it's from the kind of you , then I don't mind

Lorato : you will remember my words one day Angel , Mandla wants you solemnly dependent on him . Without anyone by your side , he will chew and spit you out like used gum Me : like you care , a true friend will stick with me . Not try and get in my way

I turn and walk away from the table walking out of the restaurant

I walk to the parking with tears burning my eyes

# The sad thing is that I really like Lorato

And I never wanted to lose our friendship

I dial his number and it rings for quite a while

And he answers just as I'm about to drop

Mandla : love

Me : am I not disturbing ?

Mandla : no , I'm about to walk to a meeting now . Are you okay ?

I heave a sigh

### Me : I feel like I need a hug

He chuckles

Mandla : go into your room , there's something there . Get in the car , and drive to my house . I'll make everything alright when I get there

Me : okay

Mandla : don't cry and I find you looking puffy there , that won't please me much

I laugh dropping the call

I get up from the lounge

I didn't even feel like doing anything

Since I got back I've just been sulking on the couch

I open the bedroom door

And my eyes fall on the cute white and red teddy bear

I smile, letting out a slight smile

There's pink roses with R200 notes wrapped around them

#### There's a box of chocolates

And a brand new iPod

Me : oh my gosh !

I pick the teddy bear up , and I'm in love

There's a note on the iPod

"Play this"

Me : okay

I sit down , and press play

Just as Wendy Shay - Heaven plays

"I'm young and I'm nice"

"I got flow , I got vibe"

# "And I want to start to enjoy my life"

"He's young and he's nice"

"He got flow , he got vibe"

"And one day I want to be his wife" "In heaven , there's no boyfriend"

"so allow me , we can just have fun"

"When the preacher man preach"

"He say we shouldn't do it"

"So I'm waiting to get a ring a on it"

I laugh to myself with tears streaming down my face

I send him a text message

"You're the best"

He quickly responds

"I'll see you soon , you deserve only the best"

Argh !!

l get up

And change into a vest with bum shorts

And I put on dunk sneakers

I grab my things and walk out listening to more songs from the playlist

I plug in my car , and put the volume on blast

As I drive out with my roses

And my teddy bear on the front seat

I lean over opening the box of chocolates

And I take one , popping it into my mouth

I smile shaking my head as I drive through the robot

And there's two cars from the other side

The guy in the last one , beeps at me

And the first one waves

I shake my head laughing , as I drive through

\*SLUTTY BECAUSE\*

#### He heaves yet another sigh

I lift my head looking at him

And he's playing with his ring finger , on his right hand

Me : what's wrong ?

He side eyes me

Me : I didn't come here to be depressed at all

He smiles taking my hand into his

Mandla : you need to stop doing this to yourself , because you don't deserve this

I balance myself on top of him

Mandla : I hate seeing you hurt , so can you please just stop . Because this friendship just seems to be one sided , and you seem to be the one pushing for it . And always just getting your feelings hurt ....

He blinks quite a few times

And swallows hard , that I notice his Adam Apple moving

Mandla : I think it's best you

just cut ties with her, she's not good for you . And she hates progress on you, and great things. What kind of a friend is that ? She should be happy for you, I haven't done anything for anyone to feel anyhow about me. So why is she against us?

He moves back a bit

Mandla : I hate to interfere , but I can't keep quite anymore because I hate seeing you hurt

Me : she's all I got

That pains me

Mandla : you have me now , I've given you enough security . I will not turn my back on you , not now not ever . Have I not proven myself to you ?

Me : you have

Mandla : so ? I hate seeing you hurt me crying all the time , and that's what happens every time you see this girl

I heave a sigh

Now I feel like I've opened a can of something I wasn't ready for

I feel like he's right

But I am not ready to let go of a friend

One that I regard as a sister

Mandla : but the choice is yours , I was just saying babe

# He leans back , bringing his hands on my stomach

His breathing slowly goes down

I'm left in thoughts

•

I'm woken up by Wendy Shay – Wedding playing on blast

It's too loud in here

"Pastor ask , do you take him as your husband"

"For the rest , for the rest of your life time"

"I say yes , I say yes oh yes I do"

I reach for the remote and lower the volume

He turns his head

And looks at me

What is wrong with this man?

Me : dude !

I lift my head rubbing my eyes

And he's covered me with a throw

I don't even know when I fell asleep

It was kind of him , to cover me up

I could have caught a cold

He laughs

Me : like what happened to peace ?

I shrug

Mandla : love , you cannot call me dude ! Like ever

I squint my eyes

#### He slowly walks to me

I'm still sleepy

# And my eyes hurt , because of the noise

And just how I woke up

Mandla : we have to rectify that , so it never happens

Me : what ...

### He just picks me off the couch

And the throw falls down on the floor

He carries me out

I scream my lungs out , as he just throws me inside the pool

Me : what ....

I cough a bit and he chuckles taking his clothes off

Leaving his body naked

He gets in the pool and swims towards me

I'm kind of freezing

#### Yet I'm in clothes

## But they're wet now

### I might as well just be without

Mandla : I'm anything but dude to you

Me : you ....

He shuts me up with a kiss

While his hands touch every inch of my body

And he takes my shorts off

Along with my vest

I'm just left naked like he is

I cling my arms on his back

He parts my legs , wrapping them on his waist

I feel his hard dick pressing against my ass

I slightly move up , and his dick slides through my wet pussy

I let out a moan of pleasure in his mouth

As he doesn't waste time thrusting and pounding through

Just fucking me hard !!

And the water just making the sexual pleasure , even more pleasurable

My screams and moans keep getting loud

# I don't even mind neighbours hearing us

He doesn't slow down

As he continues to fill me up with his dick

His deep grunts just turning me on more

## I'm screaming my lungs out

Slightly feeling my body failing me

But every time he takes his dick out

Seconds later he's hard again

He slides back in

And just fucking me

Me : baby ....

I'm begging for the 5<sup>th</sup> time

I can't take it anymore , he's ravished me to the core

My pussy feels swollen

And he's not having mercy on me

Me : please ....

He spreads my butt cheeks , spanking them way too hard

I wince in pain , as my pussy walls close in on his dick

# And I feel him stretching me apart

As his dick jerks inside of me

And I close my eyes feeling drained as ever

That I don't even feel the pool water cold anymore

Mandla : I love you

He places a kiss on my forehead

I slowly open my eyes and look at him

He smiles gently

Mandla : you heard me right , I love you so much I involuntary smile

Mandla : and I got you

This right here just feels so right

Would it be so wrong to just embrace the whole of it

Without hearing other voices

I just need to trust myself

Maybe have more faith in my own decisions and choices

Why do I need someone else to think for me

When I'm capable of doing so myself

Mandla : let's go out , don't catch a cold

He picks me into his arms walking out of the pool

Me : I will cut ties , I promise I won't try anymore . Now it's just us

He looks at me

Mandla : are you ...

Me : I am sure , and you were right

He smiles

Me : and I love you

He leans down , capturing my lips into his

Mandla : watch your step

I smile nervously

I don't know why we're here

Or what we're doing

I just got back from Hawaii

# And he just got back from Mexico

We didn't even spend an hour in Joburg

He had us flying to Cape Town

Lord knows for what

Mandla : are you nervous ?

#### I swallow hard and look at him

Mandla : relax

He smiles

Me : easy for you to say

Mandla : don't you trust me ?

## Me : you know I do , with my life

Crazy !

He grins

Because he knows I mean every single word

This man has been everything to me and more

# And I don't regret ever giving this love with him a chance

I found a home in him

I found peace

I found love in it's purest form

And most importantly , I most definitely found myself

Mandla : let's go , I just want to show you something . I promise , it's nothing to be nervous about

I take a deep breath

Me : what is it ?

He chuckles

Mandla : if I tell you , what would be the point of showing it to you ?

He's right !

Mandla : come on

I relax slightly , and let him take my hand

As we walk down the long stairs

### Leading to the beach

I giggle as the beach chilly wind hits my skin

I'm in a summer dress

l'm covered , but it's a strap sleeve

We're both walking barefoot

#### Me : this feels nice

Mandla : you get along with God's creation

I smile as he tightens his grip on my hand

I halt still , as I see the setup that's in front of us

Well, a bit further from us

But I can see the round candles around whatever is laid down on the sand

And the waves are making a soothing sound

There's no need for any music

Mandla : come

# I look at him , as tears burn my eyes

Since he's come into my life

Everything matters

No matter how big or small

He just makes it matter

We just got back

I thought he'll want to be buried deep inside of me

Fucking me out of my mind

Giving me orgasm after orgasm

Flipping and turning me

But here we are

#### Wow !

It's nothing else , but the red roses in a glass box of water

With the words "WILL YOU MARRY ME?"

I look at him

And he has that look of his

That says "this is it , all or nothing"

Me : babe ....

#### Tears stream down my face

It's been two months of bliss

I've been around the world just travelling

#### Going from country to country

All in a space of two months

I've been to 8 countries

As he's been busy as well

Doing his business around the world

# We haven't seen each other for two months

And the first month of our relationship was something else

And we got to establish that , we love each other

And this thing , we both feel it

It's very much mutual

After that , everything just went with the flow

Three months of a relationship , and now we're here

Me : is this a joke ?

Mandla : you know I don't make those

Me : but ...

Mandla : I told you that I got you , I meant that . And now I want you , assured and content

He lets go of my hand

As I'm still in shock

Hoping this is a dream of some kind

# Lorato and I have become like strangers

I would be lying if I said I miss her

Or that I'm lonely

Because this man makes me feel whole

#### Even when he's not near me

I just miss his presence

But I never feel like I'm alone

Like ever !

He goes down on one knee

And leans over on the throw on the sand

## He reaches for a small red velvet box

As he opens it , a diamond rings pops up

Mandla : will you do me the honour of being my wife ?

Oh my god !

This is me

A whole me .... Is this real ?

He burst out laughing

And I look at him

I see he's laughing at me

I realise , that I'm pinching myself

Me : babe ...

I end up laughing

Mandla : come on ! This is real , it's not a dream

Wow !.

Me : of course I'll marry you

He holds my hand , and slides the ring on my finger

He gets up and engulfs me into his arms

I giggle laughing

l've never felt so much joy in my life

I am truly happy

I don't know when last I was this happy

This is the best thing that has ever happened to me

And I don't know how to be thankful

Whether to say it's God finally answering my mother's prayers

### Because | know | have never even prayed

Because I've never felt God in my life , or even thought he cared about me

Or seen him doing me any mercy

Or maybe it's my ancestors

# Maybe they've finally looked on me

Or maybe it's just my mother

She has seen

And her more than anyone knows our sufferings

That I continued to carry

#### Even when she was gone

I don't know !

Maybe it's just the universe's way

Of showing me , the grace I've always longed for

I am engaged

### To be married to the most wonderful man ever

At this moment I ask for nothing

### When you've lived the kind of a life , that I've lived

You've seen the kind of things that I've seen

And you've done the kind of things I've done

Nothing shocks you anymore in this world

Unless when good things happen to you

Because they're so foreign

And you feel so undeserving

Because you've never been fortunate enough

You consider men to be the most shittiest beings ever

Most of the men you find at clubs

Luring and lurking around young women

#### Is literally men who are married

Men who have wives and kids

Family men

And you ask yourself

Is there any kind of good left in this world

## When people who seem to have it all

Are doing such

They have money , there's no doubt about that

They have families

So exactly what more do they lack ?

My mother used to say , I shouldn't be too quick to envy people's lives

Especially when i have no idea how they got where they are

How they got what they have

And I have never walked a day in their footsteps

# Most houses are standing and beautiful on the outside

But inside are just rotten and cold

There's no love

There's no joy

There's no warmth

#### I guess she was right

### Because the life I've lived

And the men I've met have proved that

I cannot stop looking at my ring

It's the most beautiful piece of jewellery I've ever seen

#### And now that I have money

I've seen the life that's being lived out there

But nothing comes to this little piece

I feel his hand wrapping around my thigh

# And he lifts my one leg up slightly

As his hard dick pokes my ass

He lowers himself and slowly slides inside of me

I wince a bit in pain

My pussy lips are swollen

# He's been having me the whole night

Every chance he got , he didn't let me rest

I part my thighs further as he thrusts through

And the feeling of his hard dick inside of me

Wipes away the pain

As pleasure starts to kick in

I let out moans of pleasure

As he starts going in deeper

I grab on his arm as his balls hits my ass cheeks so hard while he thrusts in Mandla : fuck ... l love you

I close my eyes as I feel a wave of pleasure rushing through my whole body

And my thighs shake

I grab on the sheets as he picks up his pace

Going faster

And he deep groans his dick jerking off inside of me

We lay still as he plants soft kisses on my back

Painting and trying to catch our breath

I smile as I feel his dick going soft inside of my wetness

He curses under his breath and slowly slides out

Some of his cum drips on my ass

Mandla : I didn't hurt you ?

He cuddles me from behind

Me : l'm swollen

Mandla : I'm sorry , I'll let you rest . We'll tour the city today

That gets me to smile a bit

Although I could use some sleep

He couldn't have chosen the best place to have our dinner at

This hotel is just breath-taking

We got the balcony view

And we have the view to the beach

It's a breeze

Mandla : can I ask you something ?

I take a sip of my wine and nod

Mandla : are you happy ?

Me : yes

Mandla : I mean like ...are you really happy ? Do I make you happy , to an extent that you can attest to that even on your own

Me : baby ...most definitely , I don't even need to think hard about that . Or try to wreck my brains

He smiles

Mandla : then I'm glad

Me : you make me happy , and you always go out of your way to make sure I am happy . There's no doubt about that

Mandla : I have a request

Me : what ?

Mandla : my life and yours , are different . It's not the normal kind of life that other people

live, we live our own lives. And I'm happy about that , and I wouldn't want it anyhow . There's no one I want at our wedding, not family or friends. I want my family out of my business with you , for reasons I know they wouldn't sit well with you . And I have no friends

, just business people I know . Not people I can consider friends as such ....

# He takes my hand into his

Mandla : so what I'm saying is that ....it's just us , and I wouldn't mind any kind of wedding we have

How sad is our life though

Come to think of it , there's no one I can share or celebrate the day with either lt's just me

l'm all alone

Besides Mandla I have no one

Me : I guess a big wedding wouldn't work

Mandla : if you want one , you will get one

Awkward !

Me : I can just imagine all that , and it's just us two with the pastor

He squints his eyes

We laugh

Mandla : awkward !

Me: yeah

Mandla : but I'll give you any kind of a wedding you want

I haven't even thought about that

I've never even dreamt of my wedding day

Nor have I ever even imagined it

Because I never thought one day I would get married

I just never pictured that

My mind never went there

I guess it doesn't matter what kind it will be

# Just as long as I'll be marrying this man

And knowing I'll be spending my life with him

Any kind of a wedding is alright

Even signing at home affairs

Mandla : what's on your mind ?

#### Day 3 in the mother city

#### And I've had the best time

# Like life has been given to me on a silver spoon

I've been treated so well

And he makes sure , I have everything that I need

# I am really being spoilt here

I'm loving every second of it

Sometimes I still find it hard to believe this is me

This is my life now

It doesn't seem so bad after all

All this , tells me I've made the right decision for myself

And I'm proud of that

Me : I don't know when we're going back , or what's awaits us back home . But let's just get married

He smiles

I hope he doesn't think that I am insane

But if he does , I hope he will hear me out

Mandla : like now ?

I don't see why we should wait

Unless he has reasons that I don't

### Me : if that's possible

He looks at me

# Like he's thinking hard

And he rubs his chin

He lets out a side smile , I look at him silently

### We laugh

Mandla : are you being serious ? Because I have connections , and I can make things happen . And we can get married , like right here . We wouldn't even have to wait to get back to Joburg for that , like it can happen any day

Inod

Me : there's a beautiful waterfall by the west side of this hotel , we can just have a classy wedding there . I want it to be everything , I'll always remember and cherish . Just me and you , and the priest . But I do want a wedding

Mandla : it shouldn't be hard getting someone to help set up , everyone has a price

## I laugh

#### Me : it wouldn't be you

# Mandla : I'll do anything for you love

And I know he means that

He will do it

#### Without questions or hesitation

He amazes me every time

Me : I'll look for a dress online , hopefully I can find one I love that's available

Mandla : offer them any number , I'll give you this wedding . Come hell or high water , you will get it

#### He gets up from the bed

And walks up to me

He places his hands on my ass

I place mine on his arms feeling his biceps in my hands

Mandla : I love you

#### Me : and I love you

Mandla : we're doing this ?

Me : most definitely

He leans down and we kiss

Sometimes it's like our minds are just in sync

Without even trying

From his words , I gathered he didn't want us to wait

And I do understand him

So why not do this , this way we get what we want and we're happy

Without feeling sad or sorry for ourselves

# When he mentions his family

I never show any kind of interest

He's kind of made it clear , they're off limits

And I will keep it that way

This man makes things happen

I may be crazy

But our happiness is the only thing that matters to me, and nothing else

And right now

That's the only thing I care about

He managed to convince the hotel manager

To avail the space for us

At a hefty price of course

But he didn't hesitate

And I've found a dress online

I've called them

And just awaiting their response back

The hotel offered their team that does catering

To prepare the set up for us

After all , it seems like everything is coming along just fine

And we don't even have a set date yet

But once everything is set

We just go ahead and get married

Insane !

I know

But why wait ?

# There's no one for us to celebrate with us

Why drag the engagement along

# Like we're waiting for something or someone

Best we just do this and get it over and done with

Since I've been living life

On the soft side of it

# I now have an Instagram account

I just have it for content

I be posting everything that I do

Where I travel to

And there's no way , I wouldn't post about my engagement

## I've gotten quite an interaction

And Mandla doesn't mind anything that I post on my account

He walks in as I'm busy reading the comments

He walks over and gives me a kiss

## He chuckles moving back

Mandla : it's a hassle marrying an Instagram influencer , someone should have warned me

l laugh

Me : what are you talking about ?

Mandla : I have been getting stares everywhere , and I have strangers asking me to greet you for them . It's just insane

I laugh

Me : I am not an influencer , you know I post fashion and food where I travel also their life style Mandla : some slay queen girl said "here is the hunk that's engaged to Angel the influencer"

l laugh

Me : that's crazy

Mandla : tell your people that love

Now they're my people

Me : are you going to wear a ring ?

Mandla : yes

Wow !

That shocks me

Because I didn't expect him to say yes

Mandla : what ?

I just smile shaking my head

I am happy

I thought he will not be wearing one

#### Men are very strange

I guess , this one is just one of a kind

Hopefully he won't agree

Only to end up with the ring in his pants pockets

That's men

I won't pretend like I don't know that

Because those are the kind of men I used to meet

And he's been to the club before

He could be shady as hell , like all those married men we fucked

I'm woken up by my phone ringing off the hook Mandla : I told you to have your phone off

I don't even bother looking at him

I grab my gown and rush over to my phone

I heave a sigh

Me : really ?

Mandla : just answer your phone , it's making noise

I turn my back on him rolling my eyes

Me : what ?

Lorato : wow ! I cannot believe you ... She's fuming okay

I wonder what's eating her up , for her to even call me

Lorato : how stupid can you be ? This man has managed to alienate you from everyone , so he can have you all to himself . And now you have gone and agreed to marry him , like ... Me : you're making noise , since when do we call each other ? I thought you don't give a fuck anymore

Lorato : you know what ? It's your life , so it's okay go ahead and fuck it up . But to this day , I still say you'll remember my words . Mandla doesn't love you , and sooner he will show you that . Hopefully it won't be too late for you

Me : are you done ?

She chuckles

Lorato : you actually don't see it , right now he has you exactly right where he wants you . All alone , with no one by yourself . You're so dependant on this man , you don't even think of what will happen when he ditches you .....

Me : okay ....bye

I drop the call

I heave a sigh

Mandla : what's wrong ?

# I feel his arms around me

I don't even know when he got up

Me : it's Lorato ...

He sighs

Mandla : love , I don't know why this girl is still able to call you I look at him with a frown

He moves back a bit

Mandla : I don't mean it bad , but for your peace of mind . Wouldn't it be best , if you just blocked her ?

Well ....I haven't thought of doing that

I mean , a part of me still believed that we can fix things

And just be okay

Mandla : just think about it

He pecks my cheek and walks back

Me : I'll do it now

I grab my phone and take a deep breath blocking her number

Me : it's done

Mandla : it's for your good babe

This feels like the final nail to the coffin of the already dead friendship

# That morning phone call

Left the mood somewhat

But now , things have changed

Cause my dress is here

And we just came to check on the décor

It's stunning , more than what I had hoped it would be

And I don't believe I'm to get married

A whole me , someone's wife

# We chose an afternoon wedding

Because the view is just stunning there

With the stars and all

Mandla : are you okay ?

Me: yes

Mandla : love ....

Me : no seriously , I am okay . I won't let Lorato take away my peace nor disturb my happiness . I'm okay

Mandla : that's my girl

I smile as he grins walking over to me

And he leans down capturing my lips into his

And Wendy Shay – Emergency plays on

I let out a smile through the kiss

And he deep chuckles

Deepening the kiss

# His hands trailing to my boobs

I let out a slight moan into his mouth

Mandla : I love you so much , don't ever doubt that

Me : and I love you

He pins me against the dressing table

# His hands trailing on my thighs

And he pushes my dress up as he exposes my thighs

Wendy Shay – Emergency

"Before the morning comes"

"And the sun comes down"

"I'll be missing you"

"Before the morning comes"

"And the sun comes down"

"ill be missing you"

"Yeah, yeah, yeah"

Mandla : I wouldn't have this any other way , except having you into my arms like this

I smile

I can't believe I am Mrs Thusi

It feels like a dream of some kind

I wonder if my mother sees me where she is

If the dead could talk out loud

I wonder what would she say

I bet she's proud of me

I know I would be , if it was my child

# Looking back from where I was

To where I am now

It really is an elevation

Even if I say so myself

Me : I don't know how to thank you for everything , that you have done for me Mandla : when the heart loves , it loves completely . Without holding anything back , nor does it count the good it does

The universe is shining down on me

Mandla : so Mrs Mandla Thusi , where to from here ? Me : meaning ?

I ask with a smile

My hand trailing on his chest

My ring finger, circling around his nipple

Mandla : do we take another slight travel for our honeymoon ?

#### Me : are we having one ?

He chuckles

Mandla : what would be a wedding without one ? It's not like we cannot afford it now , can we

Gosh !

#### Where do I even say we go to ?

I've travelled so much

I don't even feel like I'm missing anything out

Me : anywhere is fine with me , just as long as I get to be with you . I don't mind where we go , even if it's in your house or just my apartment

# He laughs

Mandla : no , I need you to think hard about this . Name a place , and I'll just make things happen

I know he is capable of doing so

Me : how about Dublin ?

# Mandla : Dublin it is

I'm sure he's been there many times

But for my sake he's just as excited

And that's a fulfilling feeling

To be shown love in this manner

#### Not just with words

But with actions as well

Me : I cannot wait

Mandla : and I cannot wait to just ravish you

I laugh as he flips me over , parting my legs I straddle his thighs

Feeling his dick on my pussy

I slightly move up , and go down slowly on his length

#### Me : as you can see

Lorato : so you married him ?

I flash my ring in her face

Me : as you can see

Lorato : Angel ....

She takes a deep breath

Lorato : I am not jealous , nor am I bitter . I love you , and I care about you . We've always looked after each other , and we've always had each other's backs . I won't turn my back on you now , just because of a man

Me : Lorato ...

Lorato : please just hear me out

I fold my arms

Lorato : this man is not good for you , he is not your saving grace . And he will show you his true colours when ...

Me : please spare me , I don't wanna hear it . I love my husband , I am happy . Why can't you see that ? Exactly how do you know him ? Like how do you know , that he's not good for me . Exactly what do you know about Mandla that I don't know ?

Lorato : because this is all just a façade he's putting up

Me : and what exactly will he gain from that ? What is it that he will be using me for ? What do I have , that he doesn't have already

Lorato : this man is a narcissist

Oh my God !

I laugh my ass off , that it actually annoys her

Me : now you have gone too far , and you just sound crazy

Lorato : let's see how crazy I am , when he finally shows you who he really is . And I hope for your sake , you'll get out before it's too late

She walks past me going her way

I shake my head

Just trying comprehend what she said

Her saying Mandla is a narcissist

Like really ?

That's just absurd

Last minute shopping for the honeymoon went well

Even though Lorato almost ruined my mood

I just need to make sure I don't let her get to me

Mandla : love ....

He leans against the door frame

#### I look at him and smile

Mandla : no don't do that

I laugh

Me : I am almost done

Mandla : why are you packing so much ?

#### Me : it's not much

Mandla : two suitcases ?

Well ....

I shrug

That's why we came back to Joburg last night

Me : I need these clothes

Mandla : but you can always do shopping there , and get what you need

Me : I know baby , but I need these particular clothes

He shakes his head

Mandla : you have 5 minutes

That will probably be 30 minutes

He walks out

As I finish packing

Men should always know , women take longer than them

That's just how we are made

There's nothing we can do about that

I didn't even tell him about my interaction with Lorato

I know he wasn't gonna be happy about that

I don't want this to end up

Where he confronts Lorato

# Or tells her to stay away from me

The end of the friendship hurts regardless

\*At Levels Club\*

Lorato walks in , and one of the security guys comes to her

He grabs her by the arm

And she yanks it off

As she feels his grip on her arm

Lorato : what the fuck !

#### She says to him with attitude

Lorato : why are you manhandling me like that ?

Him : you're no longer welcomed here

She looks at him like he's lost his mind

Lorato : what ?

Him : don't cause a scene , please get out

Lorato : no .....says who ?

He takes out his phone

Lorato : well ...you're just the help around her , and I won't listen to shit you say . I am not

going anywhere , drag me out of here if you must

The guy makes a call and puts in on loud speaker

Him : she's here

On the other side of the call

Mandla clenches his jaws

Mandla : drag her the fuck out if you must

Lorato pops her eyes as she hears Mandla's voice

The security guy looks at her dropping the call

Him : my boss has banned you here

Her heart drops to the pit of her stomach

Mandla is the owner of Levels

But how ?

It's not like she's seen the man many time at the club

And he's always busy with his business acquaintances

#### Whenever he's around

He never acted like the owner

Lorato : please .....

Him : just leave

Lorato : this is how I make money , and feed myself . Please don't ....

# Just then two guys approach them

And she looks at their scary faces

Lorato : I'll go ...please don't hurt me

The security guy nods to the guys

# As they gently grab her out the door

She tries to scream , but one takes out a knife

And points it to her stomach

She gasps as tears stream down her face

Lorato : please don't hurt me ....I will leave and never come back

They ignore her , and get inside a black tinted windows car

They drive out of the car

As one of them is at the back with her

She cries and pleads with them

But that lands her slaps and a few punches

The man rips her clothes apart

Him : you will learn to keep your loose rotten pussy to yourself , after today you'll never open your legs for any man As she realises the misfortune that's about to befall her

She tries to open the car door but it's locked

And the man pins her down , parting her legs wide forcefully

Pain shoots to her thigh joints

While he unbuckles his pants

And his long thick veined dick pops out

She lets out an excruciating cry as she looks at his dick

She's never seen nor had one like this

She knows this man will tear her apart

### And leave her ravished

Without warning he just forcefully pushes his dick inside her dry pussy

Causing her pain with bleeding

#### Passing terminal

Mandla's phone beeps

He holds tight on Angel's hand

She looks at him and smiles, leaning on his shoulder He takes out his phone

And looks at the text message from his security from the club

"It's done"

He deletes the message

And smiles tuning to Angel

Putting his phone inside his pocket

Mandla : I love you

She looks into his eyes feeling content

And happiness that's just unexplainable

Angel : I love you more

### Mandla brings her closer

And he plants a soft kiss on her forehead

\*SLUTTY BECAUSE\*

### \*SIX MONTHS LATER\*

### \*INSERT 16\*

### \*Angel\*

### Should I take you back

To how the honeymoon stage was

How things were the first month of marriage

### Where we weren't in the country

Well ....

# I think I'll need a merlot or something stronger

Maybe Moet

You see girlfriend , at this stage

I'm so used to the finer things in life

I have more money than I need

I wear nothing but expensive designer clothes

Like to shoes and hats

lt's insane

The cheapest piece of jewellery I own costs about 29K

Everything goes in thousands

All those above 50 thousands

That's me now

But there's no bliss

I have all that

### The big mansion in Sandton

The expensive clothes

The expensive cars

But everything that made me happy all changed

All it took was just a month

### Well ....let's go back a bit

Dublin was amazing

I didn't even want to come back here

Everything was just great

Beyond this world's expectations

That was the perfection of my life stage

And at that point I thought I was at my happiest

That I was the most blessed woman ever

That God finally shone his light my way

#### Boy was I wrong !!!

But I think you get the picture

Everything was perfect then

Okay, the honeymoon ended

What I didn't know was that it ended with the happiness I had , and everything I thought that we were

# And everything I thought my relationship with my husband was

We got back

I was told to sell my apartment

Okay !.

That was shock for me

### But Mandla wasn't going to have a wife that has her own house

And lived separately from him

Especially when he already has a house

One I could call mine as well

Okay !

I think I understood that part

So I sold my apartment

Yes I got to keep the money

And I've been making my own money on the side as well

As an influencer now

### And I do adverts for certain companies

More like skin care products

And hair products

As well as make up products

I should be saying I've made it

But no !

I'm living in a hell hole

Marriage is not what I thought it would be

It certainly not with the same man I was with

After the house saga

I was turned into some housewife of some kind

I say, of some kind

Because my side job just needs me to do adds

And put on adverts on my content videos

So I still do that

### Behind a camera in my house

And well , with fake smiles and all

Just to keep up appearances

And to keep everyone away and out of my business

To not see what's on the inside

## So basically l've become a prisoner

In the very same house I call mine

No more the travels

No more the sweet treatment

....I swallow hard as I say this

Lorato was right !!

I don't know where she is

I've never seen her in the past six months

I've never heard from her

And I'm living the reality she said I was being set up into

### I guess I was just too blinded

To see that

Or get her point

Of which now I do , but I'm still the same me as I was

I'm cooped up in this house day and night

#### l see no one

I talk to no one

I mean , no real person except when I post on my socials

And I have slight interaction

But that's the same as having none at all

Let me break it down to you in this way

Before I open the door for you in

So you can catch a glimpse of this

Mandla changed , he changed completely

### And become something I don't know

Oh this bruise ...

As I tilt my head so you can see it clearly

Yeah !

He beats me now

#### This is the most recent one

I've got marks now on my body

Where he threw a pot on my neck

And I had to put a neck brace for a week

The fight was about food

I cooked , and he didn't like what I cooked

He got up annoyed , and just grabbed the pot from the stove

Oh I thank the heaves the pot was empty

And it wasn't hot

He just threw it at me

It all started with taming me down

The less shopping

The trips and expensive things he taught me

The less going out

And basically being a wife

Taking care of the house

Then it was arguments

Just small fights

Things one would never think they could escalate this much

But well ....

#### Then he went on to shout at me

And he would curse at me

Throw my past at my face every chance he got

Tell me how he elevated me

How I'm all he got and I have no one

### Okay!

### Then it was a slap

### Then came a punch

### After that it was kicks

And then the real beating started

Where he would beat the shit out of me

He would leave me bleeding for days

While I don't know where he is

And I'll be left alone nursing my wounds

And he comes back days later

#### He acts all sweet

Like he did nothing wrong

And it'll be like he has a memory loss of some kind

He would act like he doesn't remember what he did

He would be all nice

### And nurse me back to life

Then he starts all over again

He's a control freak

And a fucking narcissist

See me laughing , because Lorato said so But I've seen it and I've experienced it

For the most of it , he had me on hold

And at times I sure felt and looked like I was being brainwashed

Basically that's my life at this stage

#### From being a tape product

To living on the streets

Loosing my mother

And selling myself off

To meeting this man

## And finally thinking I've seen light

To the life he gave me

To now this

Now being nothing but reduced to a mere house wife

That's always getting beaten up

With all the money in the world

The fancy house and clothes

The expensive cars and all

But yeah !

I'm still pushing through though as always

Because I am me after all

### \*SLUTTY BECAUSE\*

## He walks in , I'm sitting in the kitchen

And I'm having a glass of wine

Best you just come along

And see how my life has turned like

Don't pity me

I still say

I know you'll probably be judgy

Say, I was a fool

I should have listened to Lorato

Hey !!.

Fuck that

Maybe I was supposed to be stupid

And not see what Mandla was intending

So yeah , fuck that shit

It is whatever it is

We're here now

And I brought this on myself

I down the glass of wine

Just as he pulls a chair and sits down

I pour myself yet another glass

Me : hi

#### He just looks at me

His eyes roaming around the kitchen

I don't even find these eyes anyhow now

I bare nothing but disgust and hate for this man

Let me just put that out there

Mandla : what's this ?

I shrug at him

His tone is off

Mandla : Angel ...you just love pissing me off , don't you ?

l ignore him

Because I have no idea what he's whining about now , it just never ends

Am I supposed to be reading his mind

Mandla : I am talking to you ...

Me : oh hell ....

He slaps the glass off my hand

And it spills the wine all over the counter

The glass falling down on the floor as it shatters

Mandla : what makes you think you can ignore me , when I'm talking to you ? Me : am I supposed to know what the fuck you're talking about ?

Mandla : are you talking to me like that ?

I throw my hands in the air

Me : do you see another mother fucker here ?

### He gets up pushing the chair back

And it falls down

He walks to my side

I chuckle

As he folds his sleeve

I pick up the wine bottle

#### And get off the chair

Mandla : you are nothing but a whore , I made you . And you think you're better now

I raise my brow

Mandla : you will bow down to me , and until you understand your position in my life . I will instil it into your stupid head, until it sinks in

He grabs my arm and I lift the other arm with the wine bottle

I hit him on his head

He bites his lower lip

And the devil's son doesn't even flinch

### The bottle falls down staining his shirt

He drags me and pins me against the counter

His hand pressing hard on my neck

He's literally chocking the life out of me

Mandla : if anything you'll die in my fucking hands ....

I laugh with tears streaming down my face

And that just angers him worse

He loosens his hand

Me : l'm a fucker just like you ...

I spit on his face

And he slams my face so hard against the counter

I've never felt so much pain

I feel something watery dripping down my eye

Turning my eye to the side

I see the knife I was chopping veggies with

I grab it within a heart beat

And as he turns me around

I stick the knife to his neck

He pops his eyes looking at me

Me : we'll see who fucking dies !

He lets go of me

And drags the knife off his neck

Just as blood spills everywhere

He turns around with punches to my stomach

And that has me kneeling on the floor

Coughing blood

I hear his footsteps walking away

A minute later

His car drives out

### I drag myself off the floor

# With blood coming out of my mouth

And my eye hurting like a bad bitch

It's middle of the night when he walks in the bedroom

I had a doctor come and check me in

Those are the perks of having money

The last thing I want

Is being the talk

### To the public eyes

Fuck no !

My eye is hurt , but the doctor assured me I will be fine with time

And the bleeding from my mouth

Wasn't something serious

Just my teeth took a knock

He sits down on the bed

And he has a patch on his neck

I have one on my eyes

I have a bad cut above my eye

Mandla : what's so hard about just doing what I ask you ?

Me : if you can communicate better with your mouth and words , instead of using your hands . Maybe I would understand better

He turns around and looks at me

### Mandla : is this how things are going to be like ?

Me : you taught me this fucking life

I chuckle

Me : the good and the bad , everything I know . It's your teachings Mandla : love ... I fight you , and you fight me back ? Is this us ?

Me : well ....it's your teachings , you should be proud of yourself master

He heaves a sigh looking down

Rubbing his face with his hand

Mandla : something is wrong with you

I look at him

Mandla : I think you're slowly losing your mind , had that knife gone an inch deeper . I would be facing death

Me : you're driving me nuts

#### I turn and give him my back

### As I pull the sheets covering myself

\*SLUTTY BECAUSE\*

## \*Angel\*

#### Mandla : here

# He passes the card across the table

Infront of me

Me : what's this ?

### Mandla : Angel you can read

Idiot !

I continue eating

And my mouth is painful

My jaws are hella sore

But the stomach owes no one

l've been drinking water all morning

But I can feel I'm hungry now , and I need food

Mandla : call that woman , and go see her

Me : what ?

Mandla : that's for a psychologist , you need the help . So go see her

Oh lord !

Please make me laugh

Because what the fuck is this ?

Me : excuse me ?

Mandla : you're not excused , something is wrong with you mentally

Wow !

Me : says the one who's psychotic and a fucking narcissist

Mandla : Angel please watch your words

Me : Mandla when did you see the need , for me to see a psychologist ? And exactly what do you see in me , that says I am crazy ?

Mandla : this is the answer to your questions

He points to his stupid patch on the neck

Me : when you started beating me , and I would not fight you back . Did you hear me telling you such nonsense ?

Mandla : I care and value my life , I have a mother and a child . They need me , unlike you I have people who need me in their lives . I picked you up from the streets , and made you this He motions to the whole of me with disgust

Mandla : and today , you think you can put your hands on me . And use a fucking knife on me , what the fuck is that ?

Me : I don't have the power to fight you back , so I'll fucking use whatever shit I can

# Mandla : are you hearing yourself ?

l shrug

Me : you're the insane one here , maybe you have mental disorders . No sane person , can do the things you do . And think they're normal , and act like nothing is wrong . That's just sick, and I don't know what woman hurt you this badly. And that you see it fit, to use and hurt women however you see it fit . But that's just bullshit okay ! And I don't give a fuck about your pathetic life, or you for that matter . I am telling you now, that you won't make me do any shit . And that's that, take it however you want to take it . If I'm insane, then we're the same and the one

Mandla : well , you will go to see this woman. Wether you like it or not , then we'll see who is crazy .

He drags his sorry ass back to the bedroom

## At this point I'm taken as a crazy lunatic

Between us , I really don't know who's insane to say the least

Maybe I am

I mean ...who knows ?

I have money , and everything you can think of

### But I'm with a man

Who clearly doesn't give a rats about me

I doubt he's ever even loved me to even begin with

I know I don't love him anymore

There's no doubt about that

### I can just leave

Can't I ?

Sure, I can

But I am not leaving , here I am day in and day out

He beats me

I'm still here

He gives me shitty treatment

Yet, I'm still here

One would ask themselves why I'm still here

Why don't I just leave ?

It's not like I'm locked in

I'm like someone who's just scared

So scared , always fearing for my life perhaps

Mandla gives me nothing now

I hardly even see a husband in him

#### He may still wear his ring

Still share the bed with me

But I just don't give a shit

The sex is the sex

And it's that good

But it's nothing , to say its making me endure this bullshit

I have nothing to lose

I have no one

I'm all by myself

He cannot hurt me , by going after anyone in my life

He can try to break me all he wants

## But he will fail dismally

And I say so

Because I know he can't do shit

This is just another chapter

Adding to all the shitty things I've been through And if I was able to get through them

What will stop me from getting though this ?

At this point

I give zero fucks

He can do whatever shit he wants

I'll fight back

Because I can fucking be shitty and toxic as he is

I've opened my legs for men

Who didn't give shit about me

And had their way with me

Left me with lousy money

Out of this , I won't walk out fucking empty handed

That's certain

And I'll make sure of that

So yeah , maybe I am crazy

But he's crazy with me

And I won't be going to no fucking psychologist

If he so wishes , he can drag his ass there

That would be for his own good

# My jaws are feeling slightly better

I grab my phone and walk to the lounge

He's been gone since morning

After pestering me still

About the stupid psychologist nonsense

### And I told him where to get off

I have no idea where he went to

And I don't give a shit

I sit down , and scroll through my contacts

I still have Lorato's number

I've tried it numerous times

Not to cry and whine to her

But just to check in

It's somehow , that she's been this quite

I haven't even bumped into her

Like not even once

That's just awkward

And it's been months now

Funny how I'm still hung up on her

Even though , things didn't end well between us

I call her

"The number you have dialled does not exist"

I heave a sigh dropping the call

That's what I've been getting

Every time I call her

I only hope that she's okay

### I go on to check my emails

And there's a few important ones

From sponsors who want me to do adverts for them

I'm not looking my best

And I hate putting on too much make up

# But I need to be live and make money

I log on my Instagram account

## Just then the door opens

He walks in with some woman

She's clearly not older

Maybe she's my age

Late twenties or slightly younger

Mandla : come in

He makes way for her

She walks in and sits down

Mandla : love , this is Pearl . The psychologist I told you about

What the fuck !

The nerve , to bring this nonsense to me

He's been on my case since yesterday

And now he's done this

### I look at this Pearl

And she smiles

I laugh my ass off

And that pisses him off

Now, this I would love to hear

#### Mandla : love , please be nice

Me: to who?

He looks at her

And I just dislike her

I don't even know her

But I don't like her

Me : are you fucking her ?

Mandla : what ?

Me : you heard me loud and clear, I did not stutter

Mandla : love please ....

Me : don't tell me that , I told you to go fuck yourself with this shit ! And you bring this woman into my house ? What the fuck man !

Pearl : I did not come here to cause any dispute ...

Me : please bitch , no one is talking to you here

Mandla : there's no need for any name calling , Pearl is here to offer you help . Just talk to her

Me : man , she must be giving it to you very good . To an extent that you bring her flat ass here

Mandla : you're embarrassing yourself

Me : to hell with that , you've already embarrassed me enough . By bringing her here

Pearl : Angel ....

Me : it's Mrs Thusi to you , please lets not get used to each other like that

Pearl : my apologies ...

#### Me : shut up

Mandla : see , this is what I'm talking about . You've lost the plot , you're acting irrational right now . I honestly fear for my life with you in it , because I don't know when you'll loose it . I love you so much , that I don't want to lose you . So I'm

trying to find us a solution here

#### Me : are you kidding me ?

Mandla : no , please do this . I will attend sessions with you , if I have to . I just need you to get help

Me : you're the crazy one , so go ahead . Let your bitch help you , leave me out of your shit . Seeking mental help , should start with you

### I get up and walk upstairs

Mandla : I am sorry

Pearl smiles

Mandla : I don't know ....from what you've seen , what can you say ?

Pearl : your wife definitely seems to be battling some emotional issues , it's even safe to say she might even have depression . Mental issues , are very tricky . She's too angry , and she's bottling all that anger inside her . I suspect she may also be Bipolar

Mandla heaves a sigh

Seemingly, it looks like his plan will work

He has to keep Pearl

# She is the key to getting Angel admitted

And then , she will finally understand that he's all she has

Mandla : in this situation , what do we do ?

Pearl : she is a danger to herself , and you . So I recommend that she gets admitted

#### He lets out a side smile

Making sure she doesn't notice him

Mandla : but she won't agree

Pearl : I can get the court to force her to , if I can write a letter of recommendation . They will grant us a court order Mandla : how soon can you get it done ?

Pearl : this situation is an emergency , so I'll get on it right away

Mandla : thank you so much , I appreciate the help . All I just want , is for my wife to be okay . We're basically all that we have , she lost her mother . And she doesn't have any family also her friend distanced herself from her , I need her to be okay . So we can be happy again

Pearl smiles

Pearl : don't worry , I will do everything in my power to make sure your wife gets well . You can best believe that Mandla : uhm ....l'll wait to hear from you

She gets up and he walks her to the door

She walks out

And he closes the door

This mother fucker !

I turned on my way to the bedroom

And I listened in , on their conversation

If he thinks he will have me admitted

### He's got another thing coming

I will not go to that stupid institution

I will be damned

And highly stupid

I saw him leave right after she left

## They will find me ready when they get here

With their stupid court orders

# I grab the scarf and cover my face well

I should be back in the house

Before he comes back

I don't even know where he is

I get out of the car and walk inside the store

Mandla doesn't know me

I'm the she devil

# I've endured his bullshit for far too long

And it ends right here

I look around a bit

And it's not full

Perfect for me

I just have to pray that no one notices me

I head over to the counter

I know the son of a bitch has connections

He can make sure that Pearl gets the court order

Even tomorrow

# Because that's just how keen he is to have me locked

I clear my throat

Me : hi

I greet the cashier and he greets back

Him : can I help you ma'am ?

I clear my throat and pass him the small piece of paper

Me : can I please have those

He looks at the paper

And darts his eyes into mine

I shift my sunglasses

Me : uhm .... My husband and I are planning a trip to camping . So he said those will come in handy

He smiles

Him : let me get them for you

He walks away from the counter

And heads over to the shelf's

I keep still

Avoiding any eye contact with anyone

Voice : sorry hi ....

I turn back , and let out a fade smile

The girl smiles

Her : sorry , I thought you were someone else . An Instagram influencer

I clear my throat

Me : mhm , mistakes happen love

I lower my voice , so I don't sound like my usual voice Her : once again sorry

I smile and she walks away

I turn back to the counter

The cashier walks back

Him : I got everything you need , the gasoline is slightly bigger Me : it's perfect

He smiles

Cashier : will it be cash or card ?

Me : oh definitely cash

I take out notes of R200's in my back pocket

Him : it'll be R3 200

## I count the money and hand it over to him

Him : enjoy your camping

Me : thank you

I grab the plastic and walk out rushing to my car

Me : if you know any better , and you value your life . You will walk away from this, that man is a monster. He beats me up, he curses me . And he throws whatever he can get his hands on, without giving a fuck. You think I retaliate for no reason? Call me crazy all you like , but truth of the matter is that he made me what I am today . And now he wants to portray

### himself as a saviour , don't be fooled by his acts

Pearl: Mrs Thusi .... I am not an idiot, believe me when I tell you I can see right through your husband and exactly who he is . And the trauma, that he has himself. But I also believe you need help, you carry so much emotionally. That it's draining you, and mentally

Me: I am fine

She sighs

Pearl : however you see it , I just want to help you . And I believe you need saving from this man

Me : I don't need anyone's saving , I can save myself

Pearl : then ...why haven't you left him ? Because I'm sure by now , you have seen what kind of a man he is

Me : I don't want to

Pearl : that is not normal behaviour

I chuckle

Me : I will show you what's not normal , let him try and drag me there . You will see what's not normal behaviour

Pearl : there's a court order , you're ordered by law to be admitted . So you can undergo evaluation , you cannot run away from that

l laugh

Me : he couldn't wait , all it took him was two days . Okay ! Don't say I didn't warn you

I hear his car driving in

I drop the call and sit down

A minute later , he walks in

Mandla : love .....

# He closes the door and walks over to me

Mandla : the people from the asylum will be here soon, I came home because they informed me they're on their way. I'm doing this for your good, the judge has ordered that you get admitted . Please, don't fight this or fight them . I'm doing this to help you

#### Me : yeah right !

Mandla : no matter how you see it , Angel without me you have no one . And I just want the best for you , nothing else . So for you to get help and be better , you have to do this

Me : oh okay !

#### He looks at me shocked

Mandla : wait .....are you agreeing , that you'll go there ?

l get up

Me : like hell

I walk over to the kitchen , and he doesn't waste time following me

#### I wait until he gets to the door

I reach over to the counter and grab the gas pipe

I make sure that I don't miss his neck , tying the pipe on his neck

He pops his eyes as it tightens around his neck

I laugh moving back

As he struggles to get it off of him

He gags , popping his eyes

Struggling to move , as the gas pipe is tied

Me : this is how it ends

I grab the lighter , and switch on the gas stove

He tries to reach me

But the pipe is tied to the bar steel table that's cemented on the floor

Me : I guess you're the one who dies on my hands , funny how life works . You thought you can bully me , and when you got tired you saw it fit to send me to an asylum . I am not on your level son , I'm the baddest sluttiest bitch ever . You don't get to fuck me over like that , I don't fear to finish it

He deep grunts as he tries moving and pipe tightens

Veins pop on this forehead

#### I can tell he's in pain

Me : stop struggling , and the good thing is that you've already gotten me a court order to go to the lunatics . You know what will happen ? I will kill you , and leave you to burn . Then , I will plead insanity

I laugh as he pops his eyes

## Me : it was nice , thanks for a shitty paradise

I grab the gasoline bottle

And pour it all over the kitchen

I light on the gas pipe

And he screams his lungs out

I rush out, locking the door

And I run to the lounge side

I lock the door from the outside

While windows shatter

And smoke start coming out

I get into my car and drive out

#### Leaving the house in flames

Lorato walks in her one room

And sighs taking off her sneakers

She opens the door , to let fresh air in

And she walks over to the fridge

She takes out a bottle of water

## And heads over to her single bed

She sits down opening the bottle of water

She takes quite a gulp and takes a deep breath

She relaxes back picking the TV remote

She switches on her TV

And goes on to take a another gulp

Leaving the bottle of water almost half finished

She flips over channels

Until she catches on eNCA midday news's

### "BREAKING NEWS – THE BUSINESS MOGUL MANDLA THUSI BURNS TO ASHES AT HIS HOME IN SANDTON"

There it is , in great bold red letters

She gets the shock of her life

Her jaw drops

## As she continues to watch on the news

But barely even hearing anything that the news Anchor is saying

Lorato : Angel ....

She's on the feet in a split second

#### And shifts her focus to the TV

Hoping maybe they will mention her or say something about her

But there's nothing

The news Anchor goes on to announce more news

While the news about Mandla is still at the bottom

She quickly reaches for her phone

And goes on Instagram

It's the RIP's

She's hoping to see something, just anything about Angel

#### But there's nothing

She goes on to Angel's account

And condolences are just pouring in from her followers

But still no mention of her

Wether she's okay or not

She sits down feeling like her heart is failing her

She cannot even begin to think , Mandla could have hurt Angel in any way

Or maybe , he finally took the easy way out

Like the coward narcissist he was

# And made sure they burn in their home

But Angel wasn't mentioned

Only him

I mean ....she thinks to herself

If she was also inside

Then they would have mentioned her

Besides being tied to Mandla

She's now a big name all by herself

Being in the public eye

A little bit of faith and hope start to kick in

### Where does she start looking for her now ?

#### Pearl looks at me

#### And I give her a slight smile

#### And let's out a chuckle

Pearl : well played , I sure underestimated you . I must admit that

Me : I told you to stay away , you could have burnt with him

Pearl : this is wrong , by law you should be going to jail . And serve time , for the crime you committed . You took someone's life , that's no little thing . And we both know you're in your sane mind , this is murder

Me : yeah ? And who knows that ... I mean , I was not in my sane senses right ? You said so yourself , and even a whole judge believed you . So please , let me be . My tormentor is dead , I got the last laugh

#### She heaves a sigh

Pearl : I hope you'll be able to live with yourself , because consciousness is a big thing

I shrug

Me : thank you , for deeming me crazy . Who knew ? That one day , I'll be chained to a bed and confined to these white four walls . Locked with steel cages , and fed pills ..all because of a men !

I shake my head

Walking towards the single bed

I sit down and watch the two men walk in

I smile to myself

#### \*NINE MONTHS LATER\*

### \*INSERT 21\*

## Looking at the birds

Just flying away

Without worry

Just living on bliss

## On the sky the God of the heavens and the earth created

Sometimes one cannot help but wonder

Just how would it be

If one would be a creature of the earth

## Maybe life would be so much better

I never thought I needed this much break

This mental house , wasn't so bad

The sessions somehow did me good

# Although I wasn't a fan of the pills

And being chained on a bed

The first few months

Weren't so good

But now , I feel like it was a vacation I never even knew I needed

## Life has brought me this far

I killed my own husband

And I have no regrets whatsoever about it

l'm okay

And I'm ready for whatever next leap of life will be on my path

### I am not giving up on this life

It's mine to live

No matter how fucked up it is

It is mine

And I'll live it , channelling myself through it all

The door opens and Pearl walks in

Pearl : ah you're all packed and ready to leave , I am sure you can't wait to be out of here

Me : I won't miss this place , and nor will I miss you either

She laughs

Pearl : please ...behave out there , stay out of trouble . And most importantly , from toxic men

Me : oh worry not , I just dish out whatever I am given

Pearl : your ride is here

I nod grabbing my bag

Pearl : stay on the right path , don't forget everything you gathered from this place . You got lucky this time , next time

## She shakes her head

Pearl : you might not be so lucky , so please . And no one should know the truth about this , because even I could be charged . You should have served jail time , what you did was murder .

Me : there won't be a need for that , and please spare me

I walk out the door

And she walks behind me

I most certainly will not miss this place I look at her and she smiles

I still cannot comprehend this change that she has going on

Like everything about her

Even her looks

#### And how she walks and speaks

She walks over to me

And just dashes me a smile

I just involuntarily laugh

Me : aren't you gonna give me a hug ?

#### She slightly lets out a chuckle

And leans over giving me a hug

Me : you smell so good

She tightens the hug

I feel safe

I feel like I am home

# And it's a fucking strange feeling

After a while we pull out

Lorato : you look good

Gosh !

Even the voice has changed

#### And gotten a bit deep

I never asked what happened

She came to see me after 3 months of being here

And she's just been one amazing supportive system

She never asked questions

#### She never said I told you so

All she ever did

Was to make sure that I'm well aware that she has my back

And it's been great having my friend back

Even though I can tell something happened to her

Something made Lorato to change and be this way

She hasn't said anything

And I won't pester her

I think , when she's ready she will tell me

Lorato : lets go

### She takes my bag

And we walk to my car

I have her driving it

Because I didn't want it to gather dust in some storage

I had no idea for how long I'll be admitted

## She puts my bag in the boot

And opens the passenger door for me

She goes on to the drivers side and drives off

I don't even ask where we are going

I just sit back and relax

Just letting her be

If she wants to ask me something

She will

I close my eyes , adjusting my seat back

#### Soweto

•

Okay !

I never expected this

Not that I am judging or anything

Honestly, things changed

She's never lived lavish

But the first place

Was definitely better than this

But , it's all just to be grateful for having a roof over one's head Lorato : it's not much , but ...

She shrugs

Me:don't

I say with a smile

Me : don't feel somehow , I'm thankful for you . And everything you've done for me , I know things .... Lorato : let's not do that , the past is the past . And we're so over that , let's not go back there . I have you , and I guess I always will . You don't have to thank me for anything

This is truly my God sent

I'm honestly ashamed of myself

And my actions , and everything that I've said and done

Look at me now

Right back to this person

Whom I turned my back on

When I thought I had hit a jackpot She saw what I missed , pity I still couldn't see it even when she warmed me

Not that I am feeling any pity for me

I fuck up , I just push through

That's just me

#### Pearl : it's a chilly morning

### She walks in the kitchen

While tying her silky robe on her bare skin

# She goes on to grab the coffee kettle

And her mug , she pours herself coffee

And grabs the chair opposite me

She takes a few sips

#### Pearl : you're up early

Me : I have an early meeting

Pearl : it's a Friday

Me : yeah , I'm well aware

She takes another sip

And heaves a sigh

Pearl : I was hoping that we can have this weekend , and just do something together . Just me and you

Me : like ?

Pearl : even a date

Me : are you not working ?

Pearl : I have a few cases , so I might as well attend to those

Me : there goes the weekend

Pearl : surely , if you have a meeting today . It won't be a free weekend for you , so I might as well keep busy

Me : shouldn't you be asking me that first , before deciding ? She goes on to take another sip of her coffee

Pearl : it's okay babe , I just feel we've been neglecting each other too much

Me : you work a lot , and your job gets in the way of this marriage Pearl : but I ...

She takes a deep breath

Pearl : it's okay , we'll see next weekend

And next weekend there'll be another case

That's why I'll be taking meetings

### Even when there's no need

Being married to a career woman

Has its own fucking disadvantages

It's always her job this and that

With those lunatics people

### \*Phakade\*

### I close the file and put it in the drawer

A knock comes at the door

I heave a sigh

Me : come in

The door opens and my uncle walks in

I heard , he's around

And I haven't bothered to see him

Uncle : are you busy ?

Me : slightly

Uncle : I want us to have a talk , if you can spare me a minute

Me : take a seat

He pulls a chair and sits down

I bend the laptop over a bit

Uncle : you have done well , taking over this throne . And bringing about changes in the village , it has developed a lot . I must say , I didn't think you have it in you . And you've proved me wrong , because this is good work

Me : mhm

Uncle : you've always been the quite , and reserved one . I've

always favoured your brother to take over , and be king . I guess my brother knew what he was doing , when he chose you

I am not interested in this talk

Because it's not like he's ever applauded me for anything

And I don't know why he's starting now

#### He heaves a sigh

Uncle : the reason I'm here , is because of your brother

Me : what about him ?

Uncle : when last did he come here , or when last did you go over to Pretoria to see him ?

### I chuckle

Uncle : I mean well , at the end of the day you're brothers . Different mother's or not , you still carry the same blood and DNA . Your father would want you boys , to get along and work hand in hand

Me : okay , work hand in hand in what way ?

Uncle : the throne is yours, you're the king . But he's still a part of the royal family , he's still a prince to this kingdom. Giving him a position of some sort, might make him welcomed . And I'm sure , he will appreciate that very much. l just want peace between you two

It puzzles me

# When people think they know you

When they've never show any interest in you

Or what you do

It has always been about having favourites

And who they care the most about

Me : did he say he wants a position here ?

Uncle : no , but I fear he might feel neglected somehow . Maybe you can make him your chief , or right hand man . Just anything that might make him feel important Me : he's important in his company , but you can tell him to come here . And tell me , himself . That he wants a position here , and not send you here . And that's if , he did that

Uncle : I am just trying to establish peace between you boys , and like I said he didn't send me here Me : I didn't know there wasn't any peace between us , that's like new to me . Where did you get that ? Because I'm sure , you'll say he didn't tell you that as well

Uncle : you're not close with your brother , I can see that

Me : if that's what you're seeing , it's because of your actions . Your own doing , of which you did with intentions . And now you want to act like some peace maker , oh please spare me

Uncle : I am not trying to upset you

Me : I am anything but upset with you , I'm just not aware of anything you're raising right now . So please , if that was all . I would like to get back to my work

### He sighs

Uncle : I'm still around , you can come see me and we can talk

Me : we've done the talking uncle , there won't be any more

I push back the laptop opening it

# And he doesn't need to be told again

That that's his cue to leave

He gets up and walks out

I shake my head with a chuckle

### \*Angel\*

# It feels good being out of that place

### Like I don't want to lie

It has been a good morning indeed

# Just for the mere fact , that I'm out of there

Lorato : thank you for breakfast

Me : it felt good to just wake up , and cook . Instead of being cooked for , and being served what you don't even like

She smiles

### Lorato : I'll do the dishes

Me : I'll help

Lorato : but you cooked

Me : I don't want to sit around and do nothing , I will go insane . That was a long 9 months

We clear up the table

### Lorato : you're out now , so what's next ?

Huh !

### What's next now indeed

### I need to get my life in order

I haven't even asked myself that question

#### Lorato : am I depressing you ?

I laugh

Me : no

Lorato : no , you don't have to answer me . Or say anything , I'll understand if you still need to figure things out , and you can stay here for as long as you need . There's no pressure , you can just zone out

The media will probably have a field day

Calling me nuts and all that

Like they've been doing

Some taking pity , which just annoys me

I did not even bother , with a press release

Stating my side of the story

They just went on to make their own assumptions

Me : no , no . I had been making money , from the ads I've been doing . And I also have some

money saved up, that he used to give me . Also , some of his investments. He didn't have a beneficiary on them, and by default I got them as his wife. Also the pay out, from the house insurance . There's quite a bit I have , I just need to get a place . And from there , I'll see what to do . I'll probably need a job, because I can't depend on that money. Without having a back up plan , it'll run out

Lorato : at least , you have something to fall back on

Me : yeah , it's not all that bad

She packs the dishes in the cupboard

While I finish wiping the counter

#### We go to sit down on the bed

Lorato : a lot has happened

Clearly

#### And not just with me

But her as well

Me : yeah , and there were times I wished I had listened

Lorato : come on , maybe this was a learning curve you needed . And at least , you didn't walk out empty handed

Me : that's the consolation

I laugh

Me : Mandla was my hell , nothing l've ever seen or met before . And it took him to beat me up , countless times . I finally gave up , and fought back

. To a point that , I wasn't afraid of hurting him . I stabbed the man with a knife on his neck, and he thought I was crazy. And wanted to admit me to the asylum, I wasn't having that. Wasn't he crazy, when he started beating me. And he continued doing that, without any remorse

## Lorato : that man was sick to the core

Me : yeah , I learnt the hard way

Lorato : pity so did I

Me : what ?

She heaves a sigh

#### Me : what did he do ?

Lorato : you know me , we've been living our life without a care. It didn't matter how many men I fucked , just as long as I got money. But today, I despise anything that's a man. All thanks to him, I hope he rots and burns in hell. I doubt you were the first woman he hurt

# She gets up and walks to the fridge

She grabs a bottle of water

And walks back to sit down

She takes a few sips

Lorato : when you left for your honeymoon , I believe . Because I saw your posts on Instagram , I

had gone to the club as usual . And I didn't know he owned the club, I got there and I was stopped by security at the door . Of course , I wanted to fight my way in . But I was told I've been banned , the guy made a call and it was Mandla . He gave orders to have me dragged out, and two guys had their way with me that night . And they left me for dead, at a pound. I was found two days later, by

some kids . I was in hospital for three weeks , I was hurt pretty bad . I needed stitches , and I had infections

Lord !

I find myself just tearing up

She's been through all this

And we came back from there

#### Went on with our lives

While she was going through hell

Lorato : I have no doubt , it was all his doing . He got those guys to hurt me , and they did . They served his purpose , I understood well . I couldn't even go on to open a case , it wouldn't serve me anything . So I had to find a way , to put my life back

Now it makes sense

Why she's this way today

I always asked myself

From the first time I saw her

We've been with way too many men

Why would she suddenly change herself

And turn into a Lesbian stud, that didn't make sense

I just didn't want to ask her

Afraid maybe I'll offend her

She dresses and walks masculine now

She even has a deep voice of some sort

And Lorato has never shown any signs of being interested in women

She's always been the girly girl

## Short dresses, weaves and heels

Me : I am so sorry

Lorato : it's okay , I'm over it now . This is me now it's my life , I scored a job . I work at Ford , and I'm doing fine . I just want nothing to do with men ever again I have so many questions

But I don't want to bombard her

Me : you know what ...let's not depress ourselves . I've been depressed enough , let's just go and grab desert

She chuckles

#### Lorato : desert this early ?

Me: yes

## I get off the bed

#### And walk to the mirror

I fix my face and grab my bag

### While she puts on her sneakers

My phone rings

I grab it and chuckle answering

Me : my great king

He laughs

Me : to what do I owe this pleasure ?

Phakade : I will fuck you up so bad , your stupid uncle is on my doorstep . And he's getting on my nerves l laugh

Me : what did that idiot do , what does he even want there ?

Phakade : he's on my case , to give you a position in my kingdom . So you somehow feel like , you're still part of the royal family . Because you're still a prince here Me : mxm ! That fool , better not annoy me . When will he give up ? Did I say I want to be stuck up in a village

Phakade : go ask him that shit , he says he wants peace between us

Me : what ?

We laugh

Phakade : ugh ! Just get your family in line , I will get rid of them

Me : hold on ! Just let him be , he wants to be insane . And we won't help him

Phakade : maybe your wife can

I click my tongue with a laugh

## Me : don't mention that one

Phakade : you're still struggling ?

Me : it's not like Pearl is putting any effort , it's always her job first before anything . She wanted this weekend , I had a meeting yesterday . And she chose to work , so obviously even today she's with her lunatics

He laughs

Phakade : your life problems are insane

Me : just like that stupid asylum she's always at , it comes first before anything that's us Phakade : let me go mind my own

Me : sure

Pearl : what ?

Me : what ...what ?

I grab my bag

Pearl : you're leaving ?

Me : I already said it babe

Pearl : but since when ?

Me : what do you mean ?

Pearl : all week Philani , and you didn't say anything about leaving . It's Sunday today , and you tell me you're going to Joburg

Me : yeah , it's business

Pearl : what business on a weekend ?

I shake my head

Me : what business did you have , going to that place of yours yesterday ?

Pearl : I work with mentally challenged people , I cannot have a schedule that's .... Me : and I work unpredictable hours as well , today just happens to be one of them

I put the bag down and grab my phone

Pearl : and the bag ?

Me : what about it ?

Pearl : are you leaving it ? Or exactly how many days are you going there for ?

Me : I'll be back tomorrow , I just have something to do there . I don't need the bag , I was just checking for something in there

She sighs

Pearl : I hate this babe

Me : yeah , but like you said . We'll see next weekend , clearly there were no plans this weekend

She sits down on the bed

Me : it's just tonight

Pearl : please behave out there , don't forget that you're a married man . I know life hasn't been the best for us , but we're trying . Don't ruin us please

Me : why are you already suspecting me of such ?

She swallows hard

Me : have I ever given you any reason to believe , that I'm capable of fucking another woman ? Or cheating on you out there

Pearl : I am just saying , we know how Joburg is

Me : let me go , before you say more than this

I walk over to the bed and lean down pecking her lips

### Me : I love you

## I move back and walk out

I finish doing my make up

And pack away my make up kit

Lorato walks in

I get up from the bed

Grabbing my heels

Me : you're back ?

Lorato : uhm yeah ...you're still keen on going out ?

Me : yeah , are you coming ?

#### Lorato : I told you no

Me : oh well

I lower my dress

And grab my small side bag

Me : I will see you later

Lorato : be safe out there , I'm on speed dial . If anything happens , I'm just a phone call away

Me : I know , don't worry about me . I just wanna go out , have fun . And just be slutty ....just one last time

Lorato : you don't have to do this ....there's no need , you have .... Me : I know , it's not about money . I just want to be slutty just one more time , before I gather myself . And get my life in check , I need dick

I laugh slightly

Lorato : okay

She heaves a sigh

Me : don't worry , I'll take care of myself . And I'll be safe , you can be rest assured about that

I understand her being this cautious

And getting worried

But I won't let anything stop me from having fun

# No matter how fucked up life has been towards me

l just go on

That's just the way to go

Me : let me get going

Lorato : so you're not driving ?

Me : no , if I'm to be sloshed . I don't wanna die , so I'll just take a cab

Lorato : okay

## Me : bye , and don't worry

She smiles

I lean over and hug her

#### I walk out

## Me : when are you leaving ?

Bongo : in an hour

# Me : mhm , I still want to see that report

He laughs

Bongo : I will ....

My uncle walks in

And he stops talking

I'm just annoyed seeing this man

Uncle : I didn't know you had company

Bongo gets up

Bongo: I was on my way out

He walks out

#### And my uncle sits down

Me : honestly , you cannot just budge in here . I'm a king , you don't just get to see me . Make an appointment , or send a messenger

Uncle : l'm not some commoner

Me : yeah , it applies to everyone

#### He shakes his head

Me : when are you leaving ?

Uncle : how long are you going to be a king , without a wife ?

Now I've heard it all

Uncle : I feel it's time you get married now

Me : what's your issue ?

Uncle : I have none , but you're leading a whole kingdom . And you are not married , you have no heir . Who will succeed you ? No king ever rules without a queen

Me : already you're thinking about succession

Uncle : these are the things to think of

Me : you're just pushing at something , I am not even interested in

Uncle : Phakade ....

Me : uncle please , I respect you so far . Don't take the little

respect, that I have left for you away

l get up

#### Me : now please excuse me

He looks at me

And he knows , I am done entertaining him

Uncle : you may be king , but you still need your family by your side . This kingdom , is of our forefathers

Me : yeah , I heard you . I've never needed this family for anything , I won't start now . You chose your side , so please stick to it . Philani is not here , stop bothering me . I think at this point , you can go back to your house He looks at me , like he doesn't believe I just said that to him

Uncle : you're kicking me out ?

Me : I am telling you to leave , I don't get the purpose of your visit here

I never thought I would be back here again

But here I am

And it's like , I went back in time

To the old me

The life I led

I don't miss it

I don't want to lie about that

What I was chasing then

I have now

It was never about the men to even begin with

It was just about the money

And making sure I have food

And now I have the money

I most certainly don't need to be opening thighs for that anymore

But I sure wouldn't mind having a man buried deep inside of me

I just didn't want to say that to Lorato

But , it's been a draught of 9 months

# I'm sure I even have spider webs down there

It's been a while

## Fingers hardly even work

One would even get horny

Just by feeling the water from the shower

That's just how much , the salt has built up

Sometimes we find ourselves with anger

Depression and all that

Only to find out , we just need to get laid

Have sex

Have so much of it

Because the body needs to breathe

And get rid of body fluids

The body needs to release

A stranger tonight

#### Just for harmless fun

Wouldn't hurt

Just sex , great sex and nothing else

The barman brings my drink

Me : thanks

Him : enjoy

# I take a sip , and it hits right on the spot

\*Philani\*

•

Me : you're an idiot , I've been waiting here for you . For over 20 minutes , I am leaving He laughs

Shakes : it's only been 10 minutes , and I'm on the way man . Traffic is bad

Me : well I am gone

I drop the call as he laughs

I down my whiskey

# I get up and head over to the bar

Just as I'm about to pull a chair

The lady sitting next to me gets up

And I've never seen such beauty

She grabs her Martini glass

#### And fixes her dress

She's not even paying heed to me

## It's like I'm not even here

Me : excuse me ...

She finally lifts her head up

Me : please don't tell me you're leaving , because I feel like I've been stood up

She smiles exposing her perfect white teeth

I chuckle

Her : do I look like second option to you ?

Me : no never ! If he were to walk in here , you'll see his ugly ass has nothing on you

She slightly laughs

Me : Philani

Her : first bases are we ?

l shrug

#### Her : Angel

Me : wow ! And indeed ....

Angel : please ....I've heard that line , it doesn't work with me . Maybe it's even a curse , cause I have no idea how angels look like . I just came here for a drink , have fun and fuck !

Shit !

Me : uhm ....

I look at her ring , and there's definitely a ring line there

Angel : he's dead

She says not even looking bothered

Me : well , l'm here

Angel : a drink , or two won't hurt . Just understand , I don't want any baggage . Don't catch anything , it's just a night

Me : a night , I'm all for it

I take her hand and walk back to the table I was at

### \*Angel\*

### He's handsome

### Lord , he's too handsome

### I just hope he can fuck

Because the dudes with good looks

### Are disappointments in bed

They just make up for their looses in other places

By their looks

His phone rings , and he just switches it off

I smile taking his shirt off

# While he slowly pushes me to the bed

Planting kisses on my neck

Me : make it a night worth to remember , I'm starting a new chapter

Philani : you got it

He takes my clothes off , taking his time

I'm left butt naked

And messing with his belt

Pulling down his pants and briefs

I smile looking at his dick

### He's not the biggest I've seen

But damn , he's impressive

I slowly get on the bed

Getting on all fours

I'm not much for the kissing

But he's not letting me be

### He gets behind me

I lay flat on my stomach

Lifting my ass up , putting a pillow on my tummy

He turns my neck to the side

And he leans over to my lips

And he captures my lips into his

I return back the kiss , and he's one slow passionate kisser

I slide my hand underneath me

Playing with my clit

And he rubs his dick on my pussy wet lips

I let out moans , pulling out of the kiss

He moves back

I gasp as his dick head goes in my pussy

Philani : fuck !

He curses under his breath

And he pushes further in

And from the way he takes his first stroke

I know the man , can use his waist

I'll be fucked

And it'll be what a way to start afresh

### He places his hands on my waist

My ass cheeks pressed had on his V-line

I move back and forth on his dick

Taking his pace

As he goes in deeper and faster

#### I stretch my arms to the side

Letting him fuck me hard

Grabbing on the bed sheets

I feel his dick , getting harder and thicker

Just tearing me apart

His pace , going faster and more deeper

His balls hitting on my pussy lips

I feel my clit , feeling the pressure

I try to hold on , but the pressure is just too much

I let out a scream of pleasure

### As he takes his dick out

And he viciously rubs it on my pussy lips to my clit

And i squirt all over the bed

He doesn't even let me calm down

He's buried deep inside of me

### Fucking me harder

### Just ramming inside of me

### It'll be a fucking night

Lorato : I hope you were safe

# I look at her with my eyes slowly closing

Me: yeah, always

She's looking somehow

I don't get it , or why

Maybe it's because of what happened to her

# And the fact that I didn't sleep at home

But she better chill

Because , I had an amazing night

I regret nothing

Philani gave it all to me

### In all sides , and shapes

Now I can go on , to build my life

And see what awaits me

Lorato : l'm glad you're back safe

Me: yeah

### I take my heels off

Mw : let me catch some sleep

Lorato : okay , but I hope this life is done and over with now . No more of this

I feel like I'm listening to my dead mother But I'm shutting my mouth

I'll see what's next , once I gather my strength from last night

And my body has recovered

Pearl : so early in the morning , your phone is ringing off the hook , like seriously ! Don't people have life's though I have my stress and frustrations

I really don't need her to be adding on them

I grab my phone from her hand

And answer

Me : Phakade

### Phakade : who did you get pregnant ?

Shit !

That cannot be

Because Pearl tied her tubes

Stupid woman

She gets married

#### And goes on to tie her tubes

Because she doesn't want to have kids as of yet

She still wants to persuade her career

And all that shit , about being independent

Forgetting that she's a married woman

I wasn't even consulted on that decision

I was just told

After she had already gone and done it

Without telling me anything

### And she gave me some lame excuse

That when the time is right

She will have them untied

And we can have a baby

That's why this marriage has never been strong

### Even from the beginning

We've always had problems

Me : uhm no ...my wife is not pregnant

Phakade : I never said she was , who did you fuck ?

I look at Pearl

### And she's gawking at me

### I get up clearing my throat

# And she's not moving her eyes from me

Until I'm out of her view

I take a deep breath , and heave a sigh

Me : I kind of messed up , with some random girl . When I was in Joburg

Phakade : you better find her

Me : but ...why would you suspect me ?

Phakade : find her

### He drops the call on me

l'm in shit

Where will I even begin to find her

When I don't have anything

I only know her name

Like how useful can that be

## She didn't even let me drop her off

She insisted on taking a cab in the morning

When she left the hotel

Me : shit !

It's fucked up

## Because I haven't been able to get her out of my mind

Which is crazy

I mean , it was just a night of fucking and nothing else

I wish my feels knew that

I walk back to the kitchen

# And Pearl is busy making breakfast

Me : I'm going to get ready for work

Pearl : is everything okay ?

I avoid eye contact

Me: yeah

Pearl : why would Phakade call you so early in the morning ?

Me : he's my brother , besides he just wanted my advice on some business deal he's busy with

Pearl : don't bite my head off , I was just asking . Because it's still early

## Me : yeah , and it's too early for this

I walk upstairs to our bedroom

My worry right now , is how do I find that girl

And could she be pregnant really ?

I was dumb sure

There was no protection there

But she assured me , she'll get a pill

And she didn't seem like a naïve woman to me

Now this is fucked up

# And I know Phakade wasn't kidding

•

•

Fuck !

Lorato hands me the glass

I take it and drink the water rinsing my mouth

l've just moved into my place in Rustenburg

I bought a house

Nothing to big

But just enough for me

And I'm still yet to get more furniture

#### But it's a working progress

One that's coming along very well

I haven't been feeling well this past week

And Lorato has been around

And I hate feeling this way , with every fibre in my body

### Funny how it's just certain foods that are making me this way

The smell of anything oily

I cannot stomach

But I'm eating a lot

I have such a huge appetite

My nipples hurt

And I sometimes just feel nauseous out of the blue

Also the sleep that I have

It's just crazy

We walk out to the bedroom

Lorato : I think you should go see a doctor , or get a pregnancy test

Me : a what ?

Lorato : seriously

Me : why would I get a pregnancy test , like why would I do that ? Lorato : you've been throwing up , almost every morning . You eat a lot and ....

Me : and nothing

Lorato : did you get your periods this month ?

Did I ?

I don't know, I don't think so

Me : look , the last guy I slept with . I made sure that I got morning after pills , like I did not make a mistake with that

Lorato : yeah but sometimes ....

Me : I cannot be pregnant !

Lorato : babe listen ...

She takes both my hands into hers

Lorato : pregnant or not , it won't change anything between us . But it's best to know where you stand

Oh no !

The reality of this kicks in

And lord knows I am not ready

I've never even thought of being a mother

I feel her hands on my cheeks

As she wipes my tears that are just falling off

Lorato : it's okay

And she leans over , her lips gracing mine

I welcome the kiss , just getting lost in it

Forgetting what I might be facing right now

### \*SLUTTY BECAUSE\*

### \*INSERT 27\*

### \*Angel\*

#### I move my waist beneath her

### As she keeps on pressing her clit against mine

### I feel like screaming my lungs out

Just the pleasure

I thought I knew what pleasure was

But damn !.

No dick comes closer to this

I lean over , lifting my back a bit

Seeing her boobs jiggling just sends me over

I cup both her boobs

Rubbing on her nipples

As she holds tight on my thigh

My legs slightly shake against hers

And I feel myself dripping

As I cum

And she goes on to thrust her pussy against mine

I lay back down

Trying to catch my breath

She moves back a bit , and slide her finger to my clit

I loose my senses

And she moans slightly

I lift my head looking at her , as
I feel her cum dripping on my
pussy

#### She looks at me

We lock eyes

## She moves back and catches her breath

She turns to the side and lays next to me

I take a deep breath

# I lean over placing my head on her chest

She rubs her fingers on my back

Me : I am scared , I think I'm late

Lorato : whatever you decide , I'll support you Me : now things are ....

Lorato : don't think hard about it , we'll figure it out as we go along the way . Don't stress yourself

She places a kiss on my forehead

I don't know how this happened

Honestly, we went from how we were

To where we are now

And I wouldn't exactly say this is a relationship

We see each other when we can

Not everyday

## And we've gone to have sex with each other

She sometimes spends nights here

We've never expressed any feelings though

I love the sex yes

### It's nothing I've ever had before

Which answers my question on wether she's been with a woman before

And I guess she has

Because she knows what she's doing

And she initiated this

First it was a kiss

And I thought maybe it was a mistake

But she said it wasn't when I asked her about it

One night , we were drinking together

The kiss happened again , and we took it far

I don't even want to label this

Nor do I even want to label or categorise myself

I'm having sex with a woman right now

And that's that

If I'm pregnant , I don't know where that puts me

Because being a mother is something I've never even thought of

The thought alone scares me

## Philani : okay bafo , please don't tell my wife this

I chuckle

Philani : I am begging you , I know how you are about honesty . But I don't even know for certain , if this girl is

pregnant or what . And I have no idea of how I'm going to find her, she's in Joburg. I don't even know if she lives there or not, it's a stretch. And Joburg is a huge place , honestly I don't know where to begin . So l'm just asking for a little bit of time please

Me : I don't care how you do it , but you will do it . Before that baby is a year older , because you know then what will happen

He sighs

Philani : yes I know

Me : and your domestic issues are not my concern

I drop the call

My brother can be a handful at times

And I guess this is one of those times

What kind of a man goes on to cheat

And he leaves his seed inside a random woman

Despite the fact that his marriage is not the best marriage there is

But still

It's people like Philani who will make people like myself

Question being married , or even getting married to even begin with

## If there was a way to escape such

I would gladly take it

## Because not only do men cheat

But women as well

Too bad I know my fate and what awaits me

## Me : I need your help

Shakes : what did you do ?

l sigh

Me : look , I just need you to help me find that girl

Shakes : no ....no ....

He laughs

Shakes : wasn't that you just having fun ? Phila ....my man , you don't chase after one time pussy Me : shut up , just do me that favour . It's urgent

Shakes : tell me why

Me : Shakes ....

Shakes : okay ....okay but first of all , I don't even know where to find this woman Me : go to the club , I don't know if she's a regular there or what . Please man , I'm in a tiff . If I wasn't , I would go to Joburg myself

Shakes : fine , I'll see what I can do . But I hope this woman , is not going to be the reason for your marriage breaking up

Well .....

Lorato : here

Me : thanks

I take the glass of water and drink

She sits down opposite me

Lorato : it's okay

I look at her

Lorato : I told you , that I'll support you . Whatever you decide

We went to the doctor

And indeed I'm pregnant

Just 7 weeks

And it's clear , Philani is the father

I haven't been with anyone after him

The time matches the time I slept with him

#### I don't know what to think

Or what I'm gonna do

I don't want a child

Like , a baby hasn't been something I've seen in my life

And now I'm with one , what am I supposed to do with it ?

## Never did I think that one day I'll be here

With a whole human being inside of me

Me going to be a mother

Having a child

#### But here I am

#### And I don't know what to think

Worse at that

I'll be a single mother

Raising a child all alone

A fatherless child

A whole single mother

In this day and age

It has become a norm

It's nothing to fret about

I know that

## But I just never thought it'll be me

I kept myself busy with placing my furniture

Just to get my mind off my predicament at the moment

I'm all done now

## And feeling hungry as hell

I'm lazy to even make food

I walk to the kitchen to make food

Just as Lorato walks in

And my eyes are glued to her

She looks stunning

Lorato : hey

I smile

She chuckles

Lorato : what ?

Me : what ....wow !

#### She has her dreadlocks loose

And has a new tattoo on her arm

Me : when did all this happen?

She places the paper bag she's holding on the table

I can just smell food

Lorato : I got you something to eat

Me : I am starving

I sit down opening the bag

Lorato : I just went to the salon

Me : I love the look

I was shocked to see her all tattooed the first time

Now she's gone and made a statement

Lorato : how are you feeling ?

Me : l'm okay

She nods sitting down

Lorato : have you thought of what you'll do ?

That would be a lie

Me : I am not ready for this

Lorato : it's scary I know , but a child is from God . And maybe this is what you need

llaugh

Me : are you saying I need to be tamed down ?

She smiles

Lorato : just a bit , who knows ? Maybe motherhood , will have that effect on you

Me : wow ! Thanks

## We laugh

Lorato : seriously though , you have your life in order now . And the Thusi family are not after you , maybe this little human being is your chance at life . To do it differently , and do it for someone else

I never thought , I could hear Lorato talking like this Like ever !

This is not what I expected from her

I thought she will judge me

Especially because I brought this on myself

I could have just avoided this

# By not going to the club that night

None of this would have happened

One would say , I got exactly what I went out there to get

Its just crazy , I came back with a child

Lorato : but like I said , I'll support you in whatever you do . Even if you don't want to ....

She sighs

Lorato : to keep the child ....the choice is yours , but just know you have my support

Well ...

I didn't even think of that

Me : I don't think I can do that , I haven't even thought of that

Lorato : good , keep it like that

She gets up and walks to my side

She pecks my cheek

Lorato : I have to go to work , I'll see you when I get back

Me : don't get snatched out there

We laugh as she walks out

And I just indulge on my food

## Pearl : is everything okay ?

I look at her

Pearl : you have been distant

Me : no babe

#### She heaves a sigh

Pearl : yes , I know we're not at our best . But now it's like you're just pulling away further

Me : there's no such

Pearl : are you saying I'm just imagining all of that ?

Me : yes , we work too hard . And we barely have time for anything , so we're just busy . Right now , I'm busy . And caught up with work , it's nothing . I don't think I'm being anyhow

Pearl : can we go for a vacation , just for a few days

Me : what ?

Pearl : just a get away , so we can regroup . And find ourselves again

Me : but ....I thought you're busy with work

Pearl : I'll make time

She pecks my lips

I cup her face, gracing her lips

There's no way I am telling her about this issue

Especially because I have no idea if I'll ever find Angel

Or if she's even pregnant

I'll keep this to myself

Until I know what is what

Maybe focusing on my marriage right now , is the best thing to do

\*Phakade\*

Me : I need you to do something for me

```
Bongo : what ?
```

Me : uhm ....but keep it to yourself

Bongo : okay

Me : I need you to find someone for me

Bongo: who?

Me : a woman ....she's probably in Joburg

He pops his eyes

Me : wait ...don't get ahead of yourself , and I don't want this getting out

Bongo : who is she ?

Me : just someone who might have something valuable to me

He raises his brow

I chuckle

Me : don't think nonsense , I'll give you the full details . So you'll know where to begin

Bongo : alright

He heaves a sigh

He laughs

Philani : I get it okay , so please don't

Me : who is she ?

Philani : I don't know her , I was at a club . It's not like I've been cheating with her

Me : you slept with a hooker ?

Philani : no , she was classy . I doubt she's a hooker , she just said she wants a good fuck . And that's what we did , nothing else . It's unfortunate , that things ended this way Me : and you didn't think of using a condom ? I mean those things are even free

Philani : I was in a moment , and I didn't have a condom with me . I was there to meet with Shakes , it was just going to be a night of drinks . I didn't go there to hook up , or fuck with anyone . I just needed that breath from Pearl

# Me : have you told her this ?

Philani : no , and I don't intend to

Me : if it's true , she will need to know

Philani : yeah , but I'll cross that bridge when I get there

# Me : do you even have a name ?

Philani : she said her name is Angel

Me : could have been a fake one

Philani : I don't know , but that's all I know . I don't even know if she stays there or what , she refused when I offered to drop her off

A married man , who's careless as this

l've never seen

Me : I hope for your sake you find her , I'm not about to send people out there to find a woman who might have even given you a fake name . Joburg is huge , she could have been from anywhere

This is his mess

I wanted to carry it , but not anymore

# \*Philani\*

I know my brother

And knowing him , he wouldn't ask me about this

Unless he was thinking of helping me

But now , I'm not sure if he will anymore

# Phakade is very unpredictable

Unlike me , he didn't grow up in a suitable environment

We get along

And we have each other

But we didn't even grow up together

# When our parents died

# Things weren't so good

I was 10 by then

And he was 12

There already was fights over the throne Our uncles wanted to take over

Seeing that their linage is excluded from the throne

But our father had already appointed Phakade as his heir

Seeing that he was still young

One of the uncles , said he will reign

# Just until Phakade comes of age

While others were against that

And they wanted me to take over the throne

Then my uncle took me

And he raised me as his child

# While Phakade was left to fend for himself

# He had no one in his corner

## And I was taken away from him

## He was 19 when he came back

And he fought for his throne

That was very ugly

Because it led to him killing our uncle who was the regent

Because he didn't want to let go of the throne

The family discarded him

And he was the outcast that's king

#### But I found my way back to him

And he didn't throw me out

He didn't throw what happened on my face

He accepted me as his brother

I know I can rely on him more than anyone

# And now , I know he's annoyed I fucked up

I'll just have to make things right

\*Angel\*

Lorato : stop with the moaning

# llaugh

# Me : I can't help it , this massage is just ....hitting all the right spots

She chuckles

Lorato : you're abusing my feelings

Me : please ...get a hold of yourself

Lorato : I will stop

Me : don't , just go up a bit ....

She moves her hands slightly up

Me : ohhhhh ....yes ....yes right there

# I close my eyes just loving the feeling

And she's doing it so right

Me : since Mandla's mother is not on my back , and no one is bothering me . I think it's okay , to just go on with my life . And with my baby ....

Okay !.

#### That feels strange

But it is what it is

Me : I'll cash in on all the money I have , that's from him . And maybe go on to make a small business , something that can sustain me . Because a job wouldn't work , not when I'm about to be a mother . I need to focus on that , and just put all my energy and focus into this next chapter of my life

Lorato : I'm glad you're keeping the baby

Funny , how I didn't even think of terminating

The thought never even crossed my mind

## Even though I was stressed and all

But I'll see what to do

Ill just embrace this part

Like all the paths I've taken in my life

The good and the bad

#### Along with the hard

And I just walked my way through them all

I'll do it now , for this human being inside of me

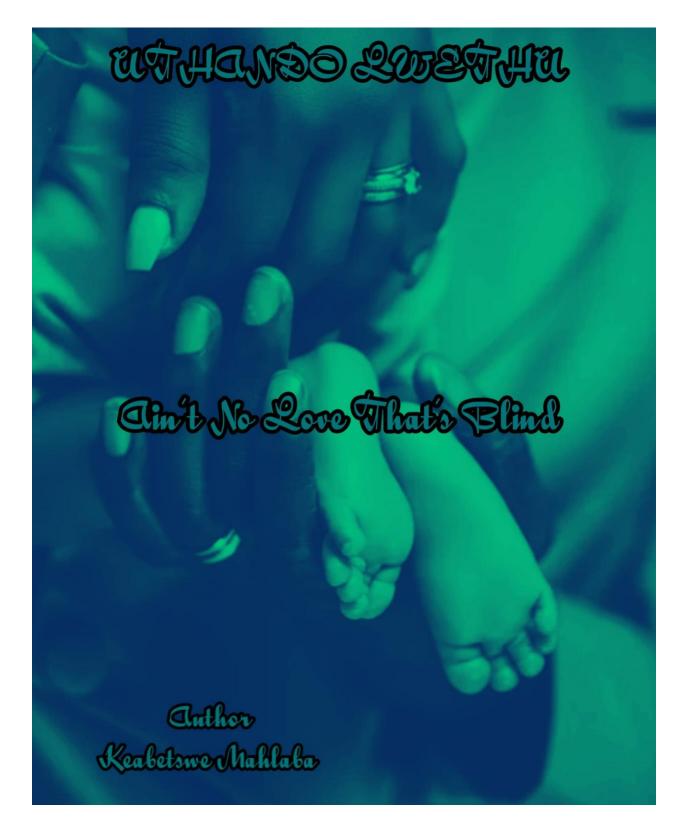

Only God knows why and why now

And this way

## And why would he trust me with a whole soul

So who am I to even question that

#### \*A YEAR LATER\*

## \*Angel\*

Whoever came up with the saying that don't give up

No matter how hard it is

I guess they knew what they were talking about

Because, you never know where you could be at in two years

In two years , you could be the person you've always longed to be You could have the job you've been longing for

You could achieve all that you've wished to achieve

I never saw myself here

I never pictured myself in this manner

But, I am doing alright

#### There's no manual

There's no guidance

But , I'm walking through it all

And this is the one thing in my life I've done

And I feel great about

I have no regrets still whatsoever about it

I've embraced this path

And I'm just taking it one day at a time

My bundle is just 3 months now

She's a hassle

Honestly, I feel like she's one of those babies

Who don't come from normal families

Like those kind of families who have traditions

And they have certain ceremonies for babies when they're born But at this point

It's not like I can do anything about that

All I just ask , is for her life

I need her to live for me

Because she has given me purpose in life I've recently opened by restaurant and bar

Also the lodge

God finally showed up

And he really went all out

At times things were hard

But I found myself having strength

That I didn't even know where I got from

I look at my baby

And I see my second chance at life

To be better

# My second chance at doing it right

And the reason to wake up every day

And be like , today shouldn't be like yesterday

I named her Oratilwe

#### Because she's really loved

I feel like she's my saving grace

And now, i see life better

\*Philani\*

### Pearl : baby , I am gone

Me : I love you

She smiles grabbing her bag and walks to me

She leans down and we kiss

After a few minutes she pulls out

Pearl : I love you

Me : have a great day , and miss me

She laughs grabbing her car keys

And she walks out

As soon as I hear her car driving out

I get up and grab my phone

And call Shakes

#### It rings once and he answers

Me : tell me you have her address

He laughs

Me : Shakes !

Shakes : yeah ...yeah I have it

Me : then why haven't you sent it ?

Shakes : and risk your wife seeing it , how would you even explain that to her ?

Me : mxm ! I am coming to Joburg right now , just make sure you send me that address I drop the call grabbing my car keys

I should be back by the time Pearl is back from work

Things have been good between us

And we're trying to make this marriage work

#### She's putting effort

And I hate that I'm about to hurt her with this

It took a whole fucking year

Shakes wasn't finding anything

The club had no camera's

And by the time he went to the hotel we were at

It was too late , the footage was erased

It was brick wall after brick wall

And there was no finding her

Until weeks back

And she was trending on the news

For her restaurant bar and lodge

I am not wasting anymore time

If really she was pregnant

The baby would be 3 months by now

l'm not late yet

I cannot risk this , and let more time just pass

I will deal with the consequences of this later

And what this news will do to my marriage

#### Philani : my king

This fool

#### Me : we're leaving

Philani : oh okay

Me : where are you headed to ?

I can hear he's driving

And he said he's on leave the whole week

Philani isn't usually all over the place

Philani : you're probably going to kill me , but I'm headed to Joburg Me : why ? Because I know it's definitely not to see me , are you back to your old ways again ?

He laughs

Philani : no , I should actually be back home before my wife gets home

Me : you're at it again ?

Philani : I said no , but I finally found her

He's just a punk , he had to wait for her to trend

So he can actually find her

He made it seem like , she's living under a rock

# Me : and it took you a whole fucking year

Philani : come on , at least I found her . And now we can know the truth

Me : mxm , I'll hear from you

Philani : yeah , don't say this to my wife . Come over to the house , so she sees you . That way, it'll save me a lot. But l beg you, don't tell her

I laugh dropping the call

I look at Bongo

And he's still not pleased

Me : he finally found his baby mama

He chuckles

Bongo : you should have just let me help him , we could have long found her . Surely by now the baby is born

Me : yeah , we'll see what's what

I grab my laptop bag

And take out my laptop

While he presses his phone

Surely he's pretending to be busy

Just so he doesn't get to converse with King

I swear , at times it feels like they're fighting over pussy

#### They don't see eye to eye

### And I've never understood it

### I don't even care to

Their issues don't involve me anywhere

•

#### Me : hey you

# I make way for her and she walks in

Lorato : how are you ?

Me : good and all the better seeing you

#### This has been this

It's been happening

And to this day , I have no idea what it is

Or what to call it

But at one point

### Girl had a girlfriend

I kept quite and said nothing

Because she didn't see the need to explain herself to me

Or tell me anything

So I said nothing as well

And let her do her thing

# When that was done she was back

Still I said nothing

## Maybe she wanted to get out

And do her own thing

Because I was heavily pregnant then

# And I couldn't avail myself to her anyhow

I didn't care actually

Because the honest truth is , I enjoy the sex with her

But I don't love her like that

She's still a friend to me

#### Nothing more

#### She leans over and we hug

Lorato : I missed you

I laugh

Me : the madam has been keeping me busy

Lorato : motherhood suits you

I raise my hands with a smile

Oh well

Lorato : can I steal a kiss ?

Don't get me wrong

But I feel like this is just sexual and nothing else

#### And at times I hate myself for it

I feel like I let her way too easily

And she was just glad to have a fuck

Not that I expect anything out of it

I wouldn't mind dick any day

And I will choose dick over pussy any day

That's for certain

I lean over and we kiss

As her hands trail to my ass

I smile through the kiss

Me : I am not doing anything with you , my baby is still young

She chuckles deepening the kiss

\*Philani\*

I am beyond the words shocked honestly

# And I didn't think , I'll walk in here

And something like this would welcome here

I'm just standing still at the door

Just watching all this

And I must say

It's just one hella sight

Two women just making out

Too bad , it's not pleasing to my eyes

Especially not with the mother of my child

I clear my throat

# And they pull apart from each other

The shock in her eyes as she looks at me

She clears her throat and fixes her T-shirt

It's like she's seen a ghost

Just then the baby cries

# I walk in and smile darting my eyes to hers

While the woman she was with

Is just there frowning looking somewhat

Like she would even take me on

I chuckle shaking my head

Me : you finish all this , and I'll go check on our child

I just follow the cry

And get to the little nursery

And it's everything pink

To neon pink and dark pink

My heart just melts as I look at her inside her cot

She looks so much like Phakade , it's insane

She took his eyes and mouth

I smile picking her up

And she is sucking her fist

I spot her bottle , on the small stand

Me : sorry my love

I sit down on the rocking chair

And feeding her , she doesn't waste time sucking her bottle

She blinks just staring at me

I cannot believe this is my person

I made this person

Wow !

No words can express the feeling in my heart right now

I feel like I am dreaming

This cannot be happening

Like how ?

I have Lorato looking at me

With eyes full of questions

And I'm still trying to wrap what just happened around my head

Lorato : who is that ?

I take a deep breath

My palms are all sweaty

I feel like I'll choke soon on my spit

If I don't have water

I walk to the fridge and grab a bottle of water

I down it half

And breathe out

I shake my head slightly

This is so surreal

Lorato : Angel !

Me : don't raise your voice at me

Lorato : I asked you a question

Me : and I heard you the first time

Lorato : then answer me

Me : Jesus ! What's it with you ?

She walks over to me

Lorato : you said you don't know the father of your baby

Me : I said , he was a one night thing . I don't think I'll ever see again , I know nothing about him . Except that I just know his name

Lorato : so ....

She swallows hard

Lorato : is that him ?

Me : clearly , do you think I'll just let a strange man pass us , and go to my daughter

I cannot read her facial expression

But it's something else

And it's saying a lot

Just she can wait right now

Because her feelings or emotions

Are the last thing on my mind

Me : please ....you have to leave

She chuckles bitterly

Lorato : what ?

Me : please

Lorato : you're telling me to leave , because of that guy ?

Me : he's here , I don't know how he even found me . Clearly me and him , we need to talk . And we cannot do that , while you're here . I am asking nicely , just ....please

Lorato : wow , so this is how it is huh ?

She moves back and clenches her jaws

Lorato : there will always be someone else better than me , someone else who comes first .

Someone else who you will always choose , over and above me . That's how it is

Me : what are you talking about ?

Lorato : this ! I am talking about this , first it was Mandla who turned out to be a shit head . And screwed you over , and landed you in the looney bin . I was the bad guy , because I warned you against the guy. And look how that turned out, and who had you in the end. Me ....the same me , you saw as shit. While you were on honeymoon , having fun with your shitty husband . I was trying to get my life back, the life that got ruined all because of you . He had me raped , and left me for dead . Your husband did that shit, and you did nothing . Now it's this ass , I

don't even know under which rock did you pick him . You sure have a neck for choosing them , clearly love fucking just blinds you . And when it all comes crushing down , you come running to me ....

Me : fuck off ! Don't you ever get tired , of throwing my past on my face . I didn't know what Mandla did , do you think he told me what he did to you ? I

don't give a rats ass about what he did to me, because he's fucking dead and I live . So bitch , who won that one huh ! And I didn't come crawling to you, you came to me . You reached out, for your information I was never gonna go out there looking for you Lorato . Because when I cut ties, I cut them. Seriously you're beginning to be toxic, and I don't get this shit. You're here just for pussy , and

nothing else . So yeah , I guess I do have a neck for choosing them out . Because when you couldn't get pussy anymore , you were out of the door . So you're just a piece of shit , like the rest of them . Go fuck yourself , and jump ....

I walk past her

Lorato : I was here , I supported you through the pregnancy of

another man . He was nowhere to be found , and the second he walks in I'm now a piece of shit ! That's the thanks I get from you

Me : my baby never lacked a father , I never cried and said I need anyone . So please , stop holding yourself so high when it comes to my life

Lorato : it's ....

Me : oh please leave , I've had enough of you . You can't talk , without throwing words at me . Well I am done , get out of my house

I walk to the nursery

And I find the two rocking each other

And he's talking to her

She has her eyes wide open

Just looking at him , like she's heading what he's saying

It's crazy !

Because she hardly wakes up during the day

Only when she's hungry

Or she needs a change

Then she goes back to sleep

Her time to be awake and bothersome is at night

I always say she twists the times

I walk in

#### And sit down on the single bed

Philani : is that over ?

Me : what are you doing here ...and how did you even find me ?

Philani : I've been looking for you , you're a hard woman to find . And had it not been , for your success . I would still be looking for you

Me: why?

He looks at Oratilwe and smiles

Philani : because of her

l frown

Me : you didn't know ....so

I shrug

Philani : I always knew , nothing gets past me . I knew

It can't be that he did this deliberately

Nor can I say it was his plan

We didn't have condoms

And I wasn't on any contraceptive methods

He offered to get me the pill

I refused

But I still made sure that I got the pill myself

Even before I went home

So it doesn't make sense how he would know that

Philani : I am here now , and we have to talk

Me : honestly , this wasn't the plan . But I'm okay , I accepted it . And I love her to bits , she's my everything . But I don't need you anyhow , so you can go to your life . And we'll just go on with ours

He chuckles

Philani : unfortunately , that cannot happen

What have I gotten myself into

Philani : so what was I ? You do women , like that's your type ?

Me : leave my life , and get out of my business

He laughs

Philani : sure woman , you've lived . And I'm sure you've done them all

I get up and walk to the window , looking outside

Philani : okay , let's leave that . I am no judge , I am here because of our daughter

lt's strange

Hearing the "our"

It's hard to comprehend that

Because it's always been "my"

Philani : I need to take her home, so she can be introduced to my ancestors

Me : okay please ...hold on ! You just got here seconds ago , and you're already talking about taking my child

Philani : our child ! And I did not say I am taking her away from you , but I need to do this . If you care for her life , and for her to live

I turn and look at him

And he looks serious

Philani : it's for her own good , our gods watch over our blood . And if they recognise a child that's their own , but not under their shield . They take the child , to be with them

Me : what ....what are you talking about ?

He rubs his chin and heaves a sigh

Me : are you saying they'll kill my child ?

#### His silence says a lot

#### Seeing her facial expression

#### And just her reaction to all this

l get up

And walk to her

Me : whoa ! Okay , calm down . I'm here now , and none of that will happen . So really , there's no need to worry . Because we'll do all that's needed for our daughter , and she will be okay . I made sure to look for you , and hopefully find you . And I did , you don't have to stress yourself about all of that

Angel : you can't say such , and expect me not to freak out

Me : okay , forget I even said anything

# Angel : like really ?

I smile

Me : come on

She heaves a sigh folding her arms

Me : what's her name ?

Angel : Oratilwe

Me : mhm , I would have loved if she had a Zulu name . But it doesn't matter

Angel : how did ....you know that I'm pregnant ?

Me : my brother is king and he's a seer , he told me

Angel : what ?

Me : yeah , l'm a prince

I go back to sit down

Me : so you birthed yourself a princess mommy

Her eyes pop like something is registering on her mind

Me : what ?

Angel : are you married ?

Shit !

Me : unfortunately yes

Angel : oh great ! Yeah ....

She chuckles shaking her head

Me : look , I am not here to bring you drama . My wife doesn't know about this, but now that I've found you yes I plan to tell her . Because it'll be impossible for me to ditch my child, I will not do that. Nor you for that matter, because what you gave me is a jewel. This is my first born , my heir to be precise

Angel : you don't have kids with your wife ?

I chuckle

Me : no , she tied her tubes right after marriage . And I later found out , it just annoyed me . We've had a shitty marriage , but now we're working on that now . Anyway , it doesn't matter . This is my child Angel : and you're about to rock it , with a child from the side

Me : my child , so I'll take whatever will come with that

Angel : I really don't need drama , I didn't think something like this would happen . And I mostly definitely , did not think we would meet again

#### Me : but here we are

Angel : just know , my business with you is just our child and nothing else . Let's respect each other , and know where it ends

Me: yes

I say with a smile

And see her getting lost in my eyes

Me : I heard you , and I'll respect that . I'll know my place , I promise

She swallows hard clearing her throat

I chuckle

# So much , for our child is our only business

Me : so was that a thing ?

Angel : what ?

Me : you and her

Angel : it was absolutely nothing

Me : oh really ?

Angel : yes .... Please don't talk about that . You have your own issues, as to how you'll tell your wife about Oratilwe . Because I don't suppose, you're going to take my child to your home. For ceremonies, and such. While your wife doesn't know . So worry yourself about that

I know Pearl is going to freak

# But she will just have to understand

Well, I hope that she will

•

# It's rare

# To see Oratilwe this quite

# It's like she's not even in here

And she's wide awake during the day

This is really a first

Philani hasn't put her down

He hasn't left her side

I can't help but be worried about what he said

The wife part

Like really though ?

What is wrong with me huh !

I just had to fall pregnant for a one night stand that's married

Have him be a royal and come looking for me

It's like I'm just a magnet , for all the bad things

My phone rings bringing me out of my thoughts

I get up and answer the call , it's the lodge

Me : Cynthia

Cynthia : I hope I am not disturbing , but there's ...

She heaves a sigh

Me : what ?

Cynthia : we have royals here from Isizwe Sa MaHlubi , and their king has requested your presence . As in like ...he's asking to see you

I frown at that

Cynthia : what do we do ? They have booked for a month stay with us . They've just checked in , and he's asked for you

I heave a sigh not sure what's happening here

#### Who is this king?

•

# And what does he want with me

#### \*INSERT 33\*

# \*Angel\*

Philani : stop fussing , we will be okay . I will be here when you get back , I won't run away with her . And if she gets too much , I promise I will call you

I heave a sigh

I feel like I'm backed in a corner

I don't want to take Oratilwe with

But since Lorato is not an option

I have no choice right now , but to leave her with Philani

I've never felt this uneasy in my life

I don't know this man

We might have a child together

But we're totally strangers

And here I am , about to leave him with my child

Me : I'll be back soon

Philani : yeah , relax . We exchanged numbers , if there's anything we'll both call . This is my daughter too , and I would never do anything to hurt her

I can't say that for certain

#### I place a kiss on her cheek

She's just falling asleep

And I don't want to pick her up

Because if I do , she will wake up

And I don't want to wake her up

My heart is very heavy

Philani : please trust me

That's a hard thing

I'll rather trust a rock than a human being

I doubt, I even trust myself

So how much more about him

# I grab my car keys and walk out

My heart is with my daughter

I swear whatever I'm being called for

Better be serious

I get in my car and drive off to the lodge

# It's about a 35 minutes drive

I hate this

I keep wanting to check on my child

But I also don't want to make Philani feel uneasy

I finally arrive at the lodge

#### And park my car at my spot

I walk out , just as my phone reports a message

I take my phone , and check it while I walk inside

My heart melts , it's a small video from Philani

# Its of Oratilwe smiling in her sleep

She's just so cute

I put my phone in my pocket

Cynthia approaches me as I walk in

Me : hi

Cynthia : uhm ....

Me : where is he ?

This man better have called me here for a very serious matter

King or not

I won't just drop things for him , like he's God Cynthia says nothing but walks me to their table

And it's three guys

You can just tell by their clothes

They're not just ordinary people

And there's one , who has a snake totem cloth on his shoulder

Its creepy, but mhm !

There's just something about it

Being on him specifically

Cynthia turns and walks away as we get to their table

I greet and they all turn and look at me

# He says nothing but the two greet back

And they get up walking two tables away from him

Him : please take a seat

Lord !

The aura of the man !

## No girlfriend , it's just hormones

And nothing else

He just said to sit , he didn't say he would like to grace my land

I clear my throat and sit down

Doing by all means to hide my reaction from him

# And the strange feels I am getting

Him : Phakade Mbongo

I say again , Lord !

Me : Angel Masiu

He side smiles

Revealing his side dimple

His hair cut, is clean and fresh

And he's dressed like a gentleman

I need to get a hold on myself

Why am I checking the man out ?

Phakade : it's okay , I only asked to see you . Because I just wanted to see the queen of my people

Okay !

He just went on and lost me there

Now I feel like I'm an idiot

Because I have my eyes popped out

I have my jaw dropped

And my head is slightly spinning

Because I don't think I heard him clearly

Nor did I understand what he said

### Me : excuse me ?

Phakade : I think I will fairly enjoy my stay here , while at that . I hope to see you , even if it means I'll have to request your presence . Just as long as I get to see you

Okay !

### I take a deep breath

Me : I ....

# Words are just stuck on my throat

\*Philani\*

I heave a sigh answering the call

Seeing it's Pearl calling

Me : babe

Pearl : where are you ?

l frown

Me : what ....why are you ...

Pearl : you didn't tell me you'll be going anywhere today , I get home . And you're not here

Shit !

Me : uhm ....babe ...

Pearl : I'm just asking where you are ?

I look at my beautiful baby

And I don't think I want to leave her side anytime soon

Me : I'm with Phakade babe , I'll be back tomorrow . He just cornered me , and I've had a bit to drink . I don't think driving back is a good idea

She heaves a sigh

Me : but I can drive back , if it's a problem for you . I am sorry for not letting you know , I am sorry my love .

Pearl : okay ... it's okay

Me : you don't have to ....

Pearl : no , it's really okay . I just wish you told me

Me : I know

Pearl : don't drink too much , I'll see you tomorrow . Call before you sleep , and please greet your brother for me . I hope he will come see us , before he leaves

Me : I will , I doubt he will leave without seeing you

Pearl : okay , I love you

Me : and I love you my love , I love you so much

Pearl : don't forget to call

Me: I won't

Pearl : bye

She drops the call

I rub my forehead sitting down next to the little princess

And the way she's looking at me is creepy

It's like she can see right though my lies

# I send Phakade a text so he can cover for me

I can't believe this man spent the night in my house , while his wife spent a night alone

He was in my bed , it felt wrong

He was cuddling us the whole night

Oratilwe has her own room

Only during the day she sleeps in her cot

But at night , I sleep with her on my bed

She's still too young to sleep on her own

I will not instil white people mentality on my daughter

#### No ways !

We're having breakfast now

And she's been changed and fed

By him

He made sure to watch her

While I made our breakfast

# I am still stuck on what happened yesterday , at the lodge

# A part of me still believes that it was a dream of some sort

Of which I know it wasn't

But yeah

At this moment girlfriend , a lot is happening

And I don't know what's what

It feels all so surreal

Philani : my brother is not home , and he's the only one who can welcome her . So for the time being , I think they can just meet Me : wait ...already you want Oratilwe to meet your family , while your wife still doesn't know that you have a child ?

Philani : I will tell her

Me : when you do tell her , then your family can get to meet my child . I don't want drama , believe me I've had enough of it Philani : our child , and don't worry . I plan to go back to Pretoria tonight , and I'll talk to my wife

Me : alright

I get up and clear the table

I think I'm just deemed to be in a mess

## That's just my life

### I sit down making a call

### After a few rings he answers

And there's a slight cry of a baby

## Though it's faint

I chuckle

Me : you found her ?

Philani : yes , she looks so much like you it's insane . But there's resemblance from me too , you don't even need DNA Me : right , so when will you tell Pearl ?

Philani : you're still around , it'll only be in a month when you need the baby

Me : yeah but still , tell Pearl . Because I will see the child , before then

He sighs

Me : you're not a child anymore Philani , learn to take responsibilities for your actions

Philani : okay , did she call you yesterday ?

Me : I am not your wife's friend , she knows that better

He laughs

Philani : okay , this one is fussy here . Her mother wants to run errands , so I better get her to calm down

Me : sure

I drop the call

And lean back on the couch , closing my eyes

I sure looked and sounded like a mad man to her yesterday

If only she knew , she's the reason that I'm here

I came solemnly just for her

She's just been a bother in my visions

#### For like over two years now

And I just had to be certain that really she's the one for me

Hence I haven't bothered with relationships

I've always known , that my woman will be chosen by my spiritual guide for me I have no reason whatsoever why this particular woman

Especially with her past and all

But then , who am I to question the one who leads me ?

Besides , l've given myself enough time

And I've taken a liking into her

So marriage to her , isn't something that's bothering me

And I don't even want to drag it

That's not my intention

\*Philani\*

I wish I can drag going back home

But that's not something I can avoid

I have to do it

This time I'm just spending with my baby girl

It's bonding with her

# And I know it's something I don't want to loose

So I'll do what's right

## And what's expected of me

So my daughter doesn't end up as an outcast

Not when she's of royal blood

### She's a whole princess

Not some dirty secret

•

•

•

I hate leaving my child

But she seems to be okay

Being left with Philani

It's just so hard to get to say her father

Cause I never gotten used to that

Even from my pregnancy

I just wanted to come to the lodge

To drop off the books to Cynthia

But also, I must say and be honest

I am hoping that I'll see that strange man

From yesterday

I don't know for what reason

But maybe , just maybe

What happened yesterday , really didn't happen

It was just my wishful thinking

I don't know how , but yeah

Or maybe it was just an insane prank

Such things don't happen

Not in this fucked up world we live in

I park the car on my spot and grab the books and my bag

I walk out of the car and lock it

Walking inside the lodge

Voice : Ndlovukazi (my queen)

Oh shit !

I turn my head slowly to the side

# And here he is , at least he's real

#### Me : excuse us

The both nod and walk away

I turn my attention to her

And she looks like she has a million thoughts

Going through her head

## Me : can I interest you in a cup of coffee

Angel : no ....

### Me : please MaHlubi

She frowns but it soon dissolves into a smile

I chuckle

Me : l'm a bother I know

Angel : let's leave that , you're just plain awkward

Me : coffee

She heave a sigh , and slowly nods with a deep breath

Me : thank you

I open the door for her and she passes

With a slight laugh

I follow behind her

She pulls a chair on the corner table

I pull it back for her

She sits down

I walk around and sit opposite her

Me : you're so beautiful

Angel : I don't get taken by flattery

Me : good thing I am not doing that , you're just beautiful .

That's the truth and nothing else , I am not even trying to charm you

She smiles

Me : when can I send a delegation , because I am sitting here and looking at my wife . The woman who will be queen to my people , and the mother to my kids

# She looks at me like I've lost a screw up there

Me : while you pound on that , let's get that coffee . And you need something to eat

Angel : sorry , no offence ....

Me : none taken

Angel : sir ....is everything okay with you ?

Me : MaHlubi I am perfectly fine , and don't ever call me sir again

I call over a waiter and order the coffee , along with their special breakfast

Angel : this is not normal , and believe me . I know insanity

when I see it , because I've lived it

I chuckle

Me : Mandla was somehow mentally disturbed , there was never a child . And his mother , is actually his aunt . So believe me , I know the craziness you lived . And I'm far from it , but I don't need to speak volumes for myself . My guides are never wrong, they led me here. And I totally agree with them, besides there's nothing I can do about that

She has her jaw dropped

Angel : look ...just because you read papers , it doesn't mean you know me . Or my marriage to that psycho , like you don't know me Me : I didn't read papers , and that psycho was my cousin . Well ...a distant one , but yeah

Okay , now I have gone and finished her

Thank goodness our order arrives

Me : please eat

Now , her thoughts have definitely multiplied

Me : please ....we have our lives together , and we'll get to talk everything through . For now , let's just eat

She takes a sip of her coffee

I let out a fade smile

### Knowing it might not be easy

But I'm here, and she's here

Everything and everyone else can take a step back

\*Angel\*

I look at this man

And I wonder just who he is

So many things are going through my mind right now

There's the whole Mandla saga

And he just said Mandla was his cousin

# Who lied to me about having a child

Or a mother for that matter

And then there's Philani

Who's also another worry

He's married

I'll probably just look like home wrecker to his wife

And his family

My child , will probably be an outcast

Royal families are not the easiest people ever

And now there's this one

Me : if you know my past and all , and you're even related to that man . You know I killed him ...

He smiles

Phakade : he killed his own mother , he was 17 by then . And she had been sexually abusing him . From a very young age , in her defence . She

said, he remind her of his father. And he was just a shitty pig, so she took her anger and revenge on him . She made him do nasty things to her, and no family member believed him. We have a shitty family, the uncles are just idiots. That much I can attest to , so he killed her . He cut her to pieces , and fed her to wild pigs. He was diagnosed medically, and was never charged. He was

admitted, to a mental asylum. And obviously, he saw nothing wrong with himself. According to him, he was just avenging himself against his mother . Let me just say, he's never been one to keep a woman . Maybe it was his life plan, to make every woman suffer. For the sins of his mother

Wow !

I always thought maybe a woman hurt him

Maybe the mother of his so called child

But this , this I never even thought

Phakade : but your past with him says nothing to me , because you're not it . And it

## most definitely doesn't define who you are

Me : he ...he sold himself , and I believed that . But when he started changing , he threw the past he found me with on my face . Like every chance he got

Phakade : I am not crazy !

He says that with a chuckle

Me : you don't know me , yet you say l'm your wife

Phakade : yes , that you are MaHlubi . And I know you better , than you think . Believe me , there's nothing you can tell me about yourself . That will shock me

Is he stalker ?

Me : I will never let another man , put me through what Mandla did to me . Not again , not in this lifetime

Phakade : good thing , because we're for eternity . And you'll never have to be with another man ever again , it's all me MaHlubi It's funny how he just goes on , to call me with his clan name

Me : I have a daughter , with a man I had sex with . And I thought I'll never see again, because it was at a club. Just a smash and pass thing, and now the man has resurfaced. Funny he told me , he's from a royal family too. Claiming to be a prince, and he wants to do right by his daughter. Oh and

also ....he's married , so yeah . It's that bad with me

Phakade : ain't no love that's blind , this is our love . Uthando lwethu (our love) ...no matter what you say , or how you want to put it . Believe me , I know what I need to know . Which is basically everything

Awkward !

#### He leans his hand over the table

And he takes my hand into his

I shiver a bit as our hands make contact

I get a feeling l've never felt my whole entire life

And it's a good feeling

## Yet funny and scary at the same time

I swallow hard

Tears blurring my eye , I can't help but blink crazy

Me : I come with drama , just lots and ....

Phakade : I am sober as they come , and I'll say again that you're my wife

Let the heavens save me

Goodness gracious !

#### Philani walks in and sits down

He heaves a sigh

# And I'm not impressed one bit by him

And he knows that very well

He's just dragging his feet

And I don't even know for what

He's just annoying me

I don't wanna scold him like he's a child

Philani : I know , you're not happy . I just want to find the right time

Me : you want to drag this , and put your daughter's life in danger ?

Philani : no , I will never do that

Me : tell Pearl the truth , and while you're at it ....what's your deal with the mother ? Is there anything happening there , or you're hoping that it'll happen ?

Philani : nothing , matters are already complicated . And I don't want to complicate things worse , I'm respecting her . And leaving things as they are , she's just the mother of my child . Maybe if I wasn't married , then I would try something with her

Me : don't even think about it , that's my wife . Tell yours the truth ....

He pops his eyes as Pearl walks in

He clears his throat

And he cannot keep still

He keeps moving his eyes around

Me : I mean it , stay away

I know he has questions

But he knows better than to go back and forth with me

# She may be the mother of his child

But my business with her , has nothing to do with him

My stay has been fruitful in a way

Though I haven't seen her in two days

But we still communicate

I only have two weeks left here

And I have to go back home

I know at some point she also deserves to know the truth

Of which , I am prepared to tell her

Pearl : what am I supposed to be told ?

She asks looking at him

He looks at me

l get up

Me : I'll give you two space , and for peace sake act like adults

### Oh well , thanks a lot to Phakade and his loud mouth

l've been home , for over a week

# And I haven't told Pearl anything

I just don't know how to tell her

And he just had to blurt his mouth

So she can hear him.

And now , I have no way out of this

Unless I lie

Of which , I don't think will work very well for me

I heave a sigh

I always call Angel and video call to see my daughter

Behind Pearls back obviously

And now , I'm stuck on Phakade saying she's his wife

Like what the fuck was that ?

I found Angel seeing a woman

Could it be that the two know each other

And they're dating ?

But she's never said anything like that to me.

She's never told me she's seeing someone

Pearl : what are you supposed to tell me ?

I look at her , and I hate how this is going to hurt her

And it scares me of how she will react

I just hope , it doesn't get too much

To a point that I'm forced between my wife and daughter

Because I possibly couldn't

#### We're in a better space now

Me : first and foremost , I am sorry . I don't know if you'll be able to forgive me , or accept what I have done . I have no excuse for it , except that

....things were hard in this house and in this marriage between us . It was supposed to be harmless , and mean nothing

. But it happened that I met a woman ....and we had a night

together, then I found out she's expecting. The possibility of having a child out there , led me to look for her . And I did , the child is a few months now. It's a daughter, I've met her. And without a doubt , she's mine . Now I have to take the child home, so she can be introduced to our ancestors

I look at her , and she has tears streaming down her face

lt's just pain

And it hurts knowing that I'm the cause of that

Pearl : is this the price I pay , for not being woman enough for you . For tying my tubes , and putting work before my marriage ? Me : no , I am sorry baby ...if I can take it all back I would . The woman and I , we weren't seeing each other . It was just a one silly night , that wasn't meant to be anything . And it was the first time doing that

Pearl : it's okay , it's ....I should have been a wife , and we wouldn't be here . Do what you need to do for your daughter , I know how your brother is . And there's nothing I can say , or do about this

She walks out

And I'm left dumbfounded

What the fuck just happened ?

What does her response even mean ?

### I pick Oratilwe up after changing her diaper

And I know , she will be wanting to eat

It's a good thing , I have a bottle ready

My phone rings

I put her on my chest

And grab my phone off the table

I smile seeing the caller

Me : Hlubi

He chuckles

Phakade : it hasn't been a great day , without hearing this voice

I laugh

This man is dramatic

There's nothing here , I don't even want to jump up

Because I haven't said I will be his wife or anything

All this is just insane to me

And it's surreal

I got burnt once , I don't wanna see twice

I mean , once bitten twice shy

But we talk daily

More than once actually

Phakade : are you available to talk ?

Me : yes , I just changed her she's a happy girl

He chuckles

Phakade : mhm , let me video call

Me : alright

I pick up her blanket and walk to my bedroom

I know this call will take forever

Talking about this and that

I'm slowly learning this man

Who he is , besides just being this king

I feel like he's too much of a mystery

But he doesn't hold off on anything I've asked

He's told me he's an orphan

Both his parents passed on , in a tragedy

Of which he said was witchcraft

From his family members , a battle over the throne

And he has a brother

They're the only children

## They didn't grow up together

Because they were separated by family members

After their parents passing

And he had to be on his own to fend for himself

# As his uncle only took his brother

And no one wanted to take him

But later found their way to each other

And how he killed his uncle , fighting over his birth right

To take over the throne

## He's not really into business

But he's doing projects to uplift the village , and his kingdom

That's how he makes a living

Also the part that he's a seer

Now I found that interesting

#### But scary at the same time

Though I think that's one thing that attracts me to him

Besides his character

I don't have such beliefs

But he knew things , things I haven't shared with anyone

So that amazed me

Also the man looks something beyond handsome

When he has on his totem cloths on

## I walk in the bedroom

## And she's still in bed

We hardly said anything to each other yesterday , and all of last night

# I place the tray on the night stand

Me : baby please ....we can't go on like this, we have to talk. I know I fucked up , but this is something we cannot ignore or push back like it's not here . We have to talk about this , I am sorry my love . And if I can take it all back, I would do it without thinking twice

She slowly sits up and she looks at me

Her eyes are bloodshot red , and slightly puffy

Me : I am sorry , I will do anything to fix us . I know I messed up

Pearl : do you love her ?

Me : no ....no I don't , it was a one night thing . This wasn't supposed to happen

Pearl : are you happy ?

Me : baby I am very happy with you , and I .....

Pearl : I mean , are you happy now that you have a child ? I always said I can untie my tubes , when we're ready to have kids
. But you have a child now , so
are you happy ?

I heave a sigh

Me : it wasn't my intention to make a baby outside , but she's here now . And I cannot turn my back on her , she's just an innocent baby . She knows nothing Pearl : an innocent baby , that's a threat to my marriage !

Me : babe ....

She sighs

Pearl : don't worry , I will never hurt her . But I want to meet with this woman Me : I don't ....

Pearl : I want to meet her Philani , if you give a damn about this marriage . Then you will make sure that happens

I nod slowly

I feel like right now , I will he subjected to anything

And I'll just have to accept

Because I know , I'm in the wrong

Me : I am sorry

Pearl : unfortunately sorry won't fix this shit !

Me: I know that ...

Pearl : a whole child , I have to accept another woman's child into my marriage . And be okay with that

I sit down on the bed and touch her hand

Me : baby please ....I know this won't be easy , and I understand that . I won't pressure you into anything Pearl : because I'm the woman who couldn't give you kids , and was always busy with her job . Who neglected this marriage

Me : that's not ....

Pearl : you know what Philani it's okay , let me meet with this woman . All I need , is for her to know her place here

### I nod once again

And I don't know if Angel will be okay with this

But asking her is worth a try

Angel : you don't even know her , she could be a mental case for all we know . She could be a killer , or have some serious diseases . You really thought with your dick , and you didn't think of using protection with her . Were you in such a hurry , that you didn't think of that ?

Me : let's not do this , I said I'll ask her to meet you . But please ...let's not revisit what happened between her and I

l get up and walk out of the bedroom

#### Me : what ?

Philani : can I ask ?

Me : is your wife okay ?

He sighs

Philani : she's as well as she can be , and she wants to meet with Angel

Me : right

Philani : don't sway away from my question

Me : what question Philani ?

Philani : Angel ....you said to me

Me : I said what I said , and I meant it. It starts and ends with your child , nothing more

Philani : but ....how do you even know her ?

Me : I just do

He chuckles bitterly

Philani : she's the mother of my child Phakade !

Me : yeah so ...you're a married man

Philani : still , you're my brother . And you can't go after her Me : I don't need to go after what's mine , that's not hard to understand is it ?

He blinks rubbing his chin

Me : yeah it's not , and MaHlubi will not be a topic between us . Deal with your issues , and leave what I'm doing with who alone Philani : brother to brother , you don't see anything wrong with this ?

Me : do you ?

He sighs

Philani : why her ?

I chuckle

Me : go ask dead people , and yeah the heart

Philani : come on Phakade ! How can you be okay , to be with a woman I've been with . And I even have a child with ?

l laugh

Me : are you out of your mind ?

Philani : even if you love her man , you can't be that blinded by love . Not to consider everything

Me : get over yourself , ain't no love that's blind

He rubs his forehead

l get up

# Me : you'll have a heart attack , take a chill

He chuckles shaking his head

I walk towards the door

Philani : just don't hurt her

I turn back and look at him

Me : really ? We're doing that shit now

He laughs

Philani : on a serious note though

Me : I am not crazy ! So stop it

Philani : I guess it's better you , than some random guy who'll

## not give a shit about my daughter

Me : sometimes your brains work , even when you annoy me ....l'm still reminded that you're my brother

He laughs getting up

He walks over and we both walk out

Me : what ?

I ask with a frown

Me : what does your wife want with me ? Did she sleep with me , and give me a child ?

I heave a sigh

Me : like dude please ....I don't need drama in my life , because I did not even ask you to look for me and find me . So please

Philani : she won't cause drama , I promise . She just wants to meet you , I am just asking that you meet her just once please

Me : well , I don't see why

Philani : please , just do it . For peace sake

I shake my head just annoyed

Philani : I think the honesty is needed between us , so our family can get along

I chuckle

Philani : so will you meet with her ?

Me : fine ! But she better not think she can come at me , because it won't end well for her

Philani : thank you ....and I thought you were seeing that girl I found at your house . When I came there

### Oh great !

I haven't contacted Lorato.

Nor has she contacted me

It's clear, we'll never be what we used to be before

Whatever the shit that was

Our friendship before Mandla , was the one good thing we had

After that , nothing just seems to work out

And maybe it's not meant nor supposed to

Me : she was just a friend , now give it up

Philani : and I would have thought that you'll tell me , if you're with someone

Me : who said ....

### A knock comes at the door

Me : hold on

I walk over to open the door

### And my eyes pop out

Like what the fuck !!

l'm just frozen

And he can surely see the shock on my face

Phakade : can I come in ?

Wow !

Me : uhm yeah ...

I make way for him

He walks in

Me : I'll ....

Philani : it's alright , once again thanks for agreeing to meet with my wife

Me : yeah sure

I drop the call as he laughs

I don't even know what he's laughing about

Probably he will be on my case

About this man's voice

I close the door and look at Phakade Phakade : MaHlubi we need to talk

Okay girlfriend !

This is not me.

I want to question him

And ask him questions , that really require answers

# As to how does he know where I stay

And what he's doing here

But I'm just frozen

The man speaks with firm authority

And ...he just makes everything hard

Me : okay

He smiles

I pull a chair and sit down

Me : you can sit

I'm like a kid that's ready to listen

#### He sits down next to me

And he takes my hand into his

The feeling just never goes away

Which makes me feel like an idiot at times.

The heart is speaking volumes.

But I somehow want to shut that down

And be like ....

Girl you just met this handsome king

You don't even know him that well

Like relax !

And let's not forget he's cousins with that lunatic

But damn my heart

Phakade : is the princess asleep ?

Me: yes

You would laugh looking at my face right now

I sometimes feel like , this man's presence and touch

Turns me into a village humble wife

Lord have mercy !!

Phakade : don't freak out , we'll talk this out like adults

Me : what ?

Phakade : Philani is my brother

Oh shit !

Never mind having mercy on me

Just bury me finish

Like brothers !!!

### What's wrong with me?

It was the lunatic cousin

And then the brother I have a child with

Now the brother who wants to marry me

And already calls me his wife

Me : what ....

I swallow hard

Thinking he'll say it's a joke

But then how would he know Philani ?

Phakade : it doesn't change anything , and I've told him

you're my wife . To him my intentions have registered and ....

Me : wait ....

He gives me one look and I gather myself

Me : I don't mean ...but , he's your brother . I have a child with your brother ?

### Phakade : yeah , as it turns out

This is crazy

I thought it was something else

Wanting to be with me

Even after knowing that I was married to his cousin

And I killed him

But his brother ?

No ways !

Me : are you ....is this some plot , a revenge of some kind . For what I did to Mandla ?

Phakade : you think so low of me , like I don't even need to

know what he did to you . Because with his history , I know he put you through shit . So I don't give a shit about him

l refuse

This doesn't seem right at all

And I refuse to be all happy , and accept all this . Love cannot be this blind Me : why didn't you come before Mandla , and before your brother . Like why now , and why you ?

Phakade : I don't really like to question things , maybe I'm just supposed to fix their shit . And show you , that not all is bad

He turns and faces me

### My head is pounding right now

Phakade : you're still my wife , wrecking your mind won't help with anything . I just wanted to tell you , so you can hear this from me . Before his loud mouth blurts it out

This cannot be my reality ....no !

There has to be scripts of my life somewhere

Phakade : ngiyak'thanda MaHlubi (I love you)

My eyes get lost looking into his

And he brings his face to mine

Just inches away

He tilts my chin

And I close my eyes , just as his cold breath hits my face

I gasp as I feel his lips on mine

And he doesn't waste time ravishing my lips

His hands cupping my face

I trail my hands to his arms

I am so lost in the kiss

I even let out slight moans

And he deepens the kiss , not loosing his pace

This man sure knows how to take control

### He leaves me at times questioning myself

### And this is one of those times

\*Phakade\*

I pull back

I just stare at her

### Looking at God's perfection

She your slim woman type

And she doesn't have any baby fat whatsoever

Her figure is maintained

She must be one of God's favourite

### She doesn't look like she's given birth

I smile just staring at her

And she slowly opens her eyes

And l've never seen her shy before

It's a sight to be honest

I chuckle as she darts away from my stare

Me : hey

### I tilt her face slightly

And she keeps dropping her eyes

Me : let's start afresh

She smiles

Me : are you okay ?

Angel : gosh ! My life deserve a reality show

She heaves a sigh with a smile

And we look at each other , sealing the craziness with a laugh

## This is just one crazy family to be honest

And I just had to find myself in their midst

Maybe I really am crazy

Because I just attract everything , that's just not normal

I'm finally meeting the wife

#### And you better believe me

I am not looking forward to it at all

Now I have these Mbongo men

Looking after my child

Of which I just find awkward

## How are they okay with each other

When one is the baby daddy , and the one who's adamant I'm his wife

It just beats me

Phakade : you're going to be okay , you got this

I heave a sigh

He places a kiss on my forehead

Me : does your brother have to be there ?

He laughs

Phakade : I'll be there as well , he just wants a distraction from today . And what better way , than watching the princess . Don't worry , we'll be okay .

Me : it's awkward

He laughs

Philani is at my house with Oratilwe

Phakade offered to drive me here

## But he will be going back to my house

Phakade : come on , don't think about it like that

Me : but it's like that

Phakade : hey ...hey ...stop okay , just go in there . Meet the woman , and you'll come back . We'll be there , actually call me . I'll come back , to pick you up

Please Lord !

Some normality in my life wouldn't hurt

Even if it's just a little bit

Phakade : I love you okay

Inod

### He leans over and captures my lips into his

We kiss

After a few minutes he pulls out

Me : call me if there's anything , like .... Phakade : I will , but there won't be anything

Maybe this woman will be dramatic

And just have tons and tons of attitude

And this won't even take 5 minutes

Yeah !

I just have to be optimistic

Me : okay

He pecks my cheek

And leans against the car

As I walk inside the restaurant

### I'm literally holding my breath in

\*Philani\*

Me : you poor thing , you just had to be brought into such a family dynamic

Phakade chuckles

# She's looking at me like she can see me

Or even hear what I'm saying

Funny how , her mother said she used to sleep during the day

And be bothersome during the night

But now , she's got the times right

Philani : but at least , you'll have two fathers who love you so much . It shouldn't be awkward at all , I just hope there's no drama that will follow your life

Phakade : come on ! Stop telling the baby nonsense

#### Me: I am just saying

Phakade : don't just say

I heave a sigh

Me : do you think , it'll be a civil conversation ?

Phakade : your wife better not

Me : but ....

Phakade : no ! Angel did nothing, you're the one who's married. And you should have known better, so if she wants to throw stones. You're the perfect target for that, she better know that . And know why she asked to meet Angel, it better be for good reasons

Wow !

Me : like thanks brother , that means a lot

Phakade : don't , you brought all this to yourself . So don't try , and shift this away from you

I get up from the floor

This is awkward , even when it's just us two babysitting

Me : if you knew about her , then why didn't you say anything ?

Phakade : because I don't go around spreading , and announcing my business

Me : maybe we could have avoided a lot of things , and saved ourselves the awkwardness . You should have said something

Phakade : I didn't , and for a reason . Now deal with it

I shake my head

Me : so ...you're serious you're marrying her ?

Phakade : yeah

# I don't know what I was hoping to hear

Phakade : as soon as the ceremony for the princess has been done

Me : why the rush ? I mean ...you haven't been together for that long , I'm certain . So why rush ?

# Phakade : I like you , now don't dim that

l laugh

Me : dude I am your brother , your only brother . Well , make that the only sibling . And you like me , just wow !

He ignores me

# Like that doesn't even hit a nerve for him

My whole brother likes me

Like what happened to the love ?

### \*Angel\*

I will be damned

Like no ways , it cannot be this woman

Like why her ?

The shock on her face is something else

Like it's fucking priceless

I want to laugh so bad

But then again ....

Let me not

Pearl : you ?

I shrug taking a sip of my Cappuccino

Tears blur her eyes

#### She better not cry for me

Not her !

Because I don't wanna lie , I will not feel any pity for her

Maybe if it was another woman , and not this Pearl

Thanks a lot to Philani , he just had to be married to her

Pearl : please tell me , this is not your revenge

Oh shit !

Me : lady don't start with me , revenge for what ?

Pearl : I saved your ass Angel , you should have been ....

# Me : shut up , you said that many times

Pearl : you're a murderer , you needed help . Your husband called me to help you , I didn't want to have you admitted for no reason . You needed the help ...

Me : wait hold on , Pearl you're not that important to me okay ! I didn't know he was your

husband, I was fucking horny. And I just needed dick , too bad it happened to be him . And now we're here, but you best believe . I did not target your husband , it's not some revenge plot. I didn't even know he was your husband, until now. So please, spare me. Don't give me all that shit

She wipes her tears

Me : for what it's worth I am sorry, it's not like I planned this though. I was even okay, with my child all by myself. But he had to go find me , and ....I never asked for any of that . But I am sorry, I don't want him. He's all yours honey, I am not even a threat to your marriage whatsoever. So is my child

Poor woman !

If I was shady , I would tell her karma works in mysterious ways

She was okay , to send me to a looney bin

For stupidity

Me : I really don't think we need this , let's just be civil to each other . You're not even forced to like me or my

# daughter, I bring you no troubles

l get up

Me : just don't start with me Pearl , especially not where my daughter is concerned . I hope that was clear enough

I take out money for my Cappuccino

# And grab my bag walking out of the restaurant

I send Phakade a text that I'm done

Since he dropped me off

He will have to come pick me up

I'll just go have a light meal

# At this Italian restaurant while I wait

### She's so angry

### And I actually find it funny

### Like , I just don't get it

But it's women

So anything with them , just cannot be talked out

But it doesn't seem like Pearl created some drama

Maybe she's just annoyed , at the fact that they know each other somehow

Angel : like it just had to be her

I side eye her

And let out a side smile

Angel : no , I don't see how we can co exist here

Me : for the sake of the princess

Angel : no , that woman will never love my child

Me : she's just a child

Angel : her husband's bastard child , she will never accept her

Me : Oratilwe is anything but a bastard child , so please let's refrain from uttering such words where she's concerned

She pouts her lips

Angel : l'm sorry

It's a mumbled one

I let out a chuckle

Angel : but ....she accused me , of doing revenge on her

Me : that's crazy , she's just hurt and in pain . But she'll get over it

# Angel : I don't want my child involved in this drama

Me : and there will be no drama here

She heaves a sigh looking outside of the window

I reach over and hold her hand on her thigh

#### I'm on my feet as they walk in

And I can see Angel is not happy

Pearl hasn't contacted me

## She hasn't said anything

So I have no idea how this went like

Me : uhm .....

Phakade shakes his head

And just like that , she just passes me

#### And she walks over to the cot

She picks Oratilwe up

And kisses her forehead

She walks upstairs just leaving us

Me : and then ?

He laughs

Me : share the joke

Phakade : she's pissed you can see that

I heave a sigh

Me : I'm sure hell is waiting for me at home , but I'm glad you're finding all this funny brother . My misery amuses you huh

Phakade : don't be such a pussy , Angel is just annoyed because they know each other ....well kind of

Me : what ?

Like can this get any worse

Me : what do you mean ? Like how do they know each other ?

He pulls a chair and sits down

Phakade : she was married to your lunatic cousin , who got your wife to send her to an asylum

Oh shit !

Me : wait ....she's that Angel ? The Angel who killed Mandla , and burnt him to ashes ?

He chuckles

Phakade : she did all of us a huge favour

This is fucking messed up

How did I miss all of this ?

Like how did I not see that she's that woman ?

I mean , her face was all over the news

She was the talk , and I couldn't recognise her

Even now

### I still couldn't recognise her

Like , how messed up can this be ?

Me : and wait ....you still say , this woman is to be your wife ?

He shakes his head

And by his expression , I know he's done with this talk

# He will never entertain me , when it comes to this ever again with me

Me : l'm sorry

I raise my hands up in surrender

Me : did she say ...how Pearl was ?

Phakade : I didn't need to ask , but I'm sure your wife will fill you in

Fuck !.

# Now I don't even wish to go back home

## \*Angel\*

Phakade : let's just put everything aside , for the sake of the princess

I think it's so easy for him to say

Philani left

And he didn't look his best

I think , this whole situation is just awkward for us

Now even more so , I know who his wife is

And she will go on to think whatever she wants to think about me

Phakade : please .... We'll all get through this

Me : why ...why does it seem so easy to you ?

Phakade : because I know , what I want . And what's my end goal , anything that happens in between doesn't take away my sight from what I want . Quite frankly , I don't even want to bother myself about everything else Me : let's be honest ...you're a king , shouldn't you be marrying a royal princess ?

He chuckles

Phakade : no , being queen is not defined by being royalty

Me : I am scared , because the last time I thought I found a man . It .... I shake my head slowly

Phakade : this time around , the man found you . You best believe this is for forever

I let out a fade smile

I hope I'm not about to be living another nightmare again

Pearl : you know ....I know that girl , she was married to your cousin Mandla . And yes she killed him , and was in the asylum for 9 months . Why her Philani , like why her ? It could have been anyone , but just her

### I heave a sigh

Me : I didn't even know who she was , I swear ! But baby , it doesn't change anything . What happened between Angel and I , shouldn't have happened . And it meant nothing okay !

She laughs bitterly

Pearl : I'm sure she's happy now , I was the woman who walked into her house . And said she was insane , so now she made sure to make me pay

Me : come on ! That's just crazy , it's crazy . I've apologized , you've met her like you wanted . And then from here on , you'll decide what's what . Because I cannot change what has happened , I can't take it back . So it'll be up to you , but stop with your theories . Angel was never out to get you

I get up and grab my phone off the table walking upstairs

I won't apologize forever

Nor will I apologize everyday

I just got tired of that

## Because I'm sorry so what ?

Maybe this is the wake up call, that she needed

So she can know , she needs to be devoted to her marriage

Like the married woman that she is

Me : you really did this ?

He laughs

Phakade : it had long been

Me : I must say , I didn't think you'll make it official . It was a hassle , from the negotiations . The gifting ceremony , and well the crowning as queen . I never thought you'll get here , where she will be Mrs . But you have done it , against your negative uncle and them family members

Phakade : once a wife has been given a name , and poured with bile . She's a wife , wether there's a marriage certificate or not . And this one , is a special case . Not only is she a wife , but she's also queen

I chuckle

### My brother has grown

I never thought Phakade would get married

And he just said to choose , the kind of a woman who's not all pure

Upon things they stumbled on

# He still made sure , he finds ways

And that this woman is his wife

Me : well ...for what it's worth , I am proud of you

He chuckles shaking his head

His eyes reacting , he's slightly mocking my comment

#### I dart my eyes around

### Until I see Pearl and Angel

They're with some of the cousins

There's no elder amongst them

Angel is still in her wedding dress

#### Pearl is in traditional wear

Me : I hope a fight doesn't surface here

Phakade chuckles

My eyes are glued to them

And you just cannot miss the tension that's there

# Since their so called meet meeting

They've never spoken to each other ever again

Or seen each other

For all those months , they've kept their distance

Pearl made it clear she wants nothing to do with this

Even my daughter to say the least

And what was worse , was her shaming Angel

For being with three brothers

As she said it

It wasn't nice

But of course , she respects Phakade way too much

She kept much to herself

But I know where she stands

And Angel can see that

I don't think , they'll ever get along

Or even be civil with each other

I just hate the environment this will be for my daughter

Pearl did not even bother to attend the ceremony that was done for Oratilwe To welcome her into our family and introducing her to our guides

My wife wasn't part of that

Angel sealed it , and said Pearl must never be involved in anything that has to do with her or our daughter

Today here she is

And yet , it's Angel's wedding day

I don't get why she's here

Now that Angel is queen , and carrying the same name as ours

She sees it fit to come here

It's crazy

# \*Phakade\*

# King : there's an un-invited guest here

# He says behind me

Me: who?

King : the young lady , the queen had ....

#### He clears his throat

Me: I see, where is she?

King : by the gate , I told them not to allow her in

Me : bring her

He walks away

I clench my jaws just annoyed

I turn around and walk to the west wing

King walks over with her

And she looks scared

Beats me why, because she dragged her ass here

When her pussy balls carried her all the way here

Me : what do you want ?

She looks at me and swallows hard

Me : I know you , and I know what you've done with my wife . It ended there , don't come here thinking you can rekindle whatever that nonsense was . Let your life choices remain yours

She rubs he hands together

Lorato : I am just ...I just need to talk to Angel

Me : Queen ....to you

She nods slowly

Me : and you don't just rock up at the royal grounds , and say you want to see the queen . You request

Lorato : I ... I didn't know that , I am sorry

Me : now you know , and let this be the last time

I look at King and he nods walking away

We stand in silence

She keeps darting her eyes away from my stare

I would be happy

And say , king rescued me from Pearl

Because I don't get her being all nice to me today of all days

When she knows very well, that me and her

#### We're just water and oil

It'll never work out

But seeing Lorato, my insides go cold

What does she want ?

Like what is she doing here?

#### We haven't seen each other

Or talked to one another

Since the last time , I told her to leave my house

I look at Phakade

I cannot tell his look

But this cannot be good at all

#### Phakade walks over to me

Just a few feet away from Lorato

Phakade : this is our wedding day , the last thing I want is drama in our kingdom

I just nod like a 5 year old

He pecks my lips and walks away

Along with King who turns and walks with him

Lorato walks over to me

Lorato : hi

Me : really ? ....like today of all days

#### She chuckles shaking her head

Me : don't you get tired ?

Lorato : like you just never learn , first it was Mandla . And I warned you against him , but you still chose him over me . When he turned your life upside down , I was there ... Me : I never asked you , so please don't be like you did me a favour

She laughs

Lorato : fuck you Angel ! You are the one who went out there , and got yourself knocked up . But still , I was there . And at the end of it all , you still chose another man over me . When that didn't work , you didn't come back to me . You moved to the next best thing , and now you're some village queen ...

She laughs

Lorato : what a fucking shame huh ! You think you're better than me don't you ? It has always been about you , and I always came second Me : Lorato please , I don't know why you're doing this . I never had feelings for you , it was just sex and nothing . It meant nothing to me , get over yourself

Lorato : is it ? It meant nothing to you , oh well let's see .....

My jaw drops as I pop my eyes

# And she has a gun pointed at me

Right on my tummy

My twins !!!

•

Lord please no !

### \*UTHANDO LWETHU\*

#### \*INSERT 42\*

I am so scared

I can literally feel pee slowly coming out

I've seen things

But I've never, been pointed with a gun

Never !

And for it, to even be Lorato

That's something , I just cannot believe

Me : Lorato please , I am pregnant . My kids do not deserve it , Oratilwe still needs her mother . For heaves sake , she's only 14 months . She still needs me , please put the gun away . Since when are you this kind of a person ?

Lorato : oh come on ! She has her father , and uncle slash step father . She's a princess she's set for life , don't worry

No !

This cannot be happening

### I turn back , to look at Phakade

But they have disappeared from us

Lorato : don't even think about it , call him or scream . And I will blow everyone on my way

I swallow hard

Feeling a lump of pain , being stuck on my throat

Me : Lorato please ....

Lorato : you annoy me Angel ! No ....in actual fact , you piss me off . I've been there for you always , and every time you choose someone else over me . Why ....why do you do that ? Like why do you love hurting me so much

# She shakes her head bitting her lower lip

Lorato : don't I deserve to be loved as well ...don't I deserve you to choose me , just once in your life . I care about you , I love you .....I fucking love you damnit !

She is getting pissed

#### And she raises her voice

Lorato : But you're just too stupid to see it ...but you know what ....

She chuckles

And presses the gun too hard on my tummy

Tears just stream down my face

As I feel those small kicks

Lord, please not my kids

I cannot stop saying

I hope God doesn't fail me this time around

Please no ....

Lorato : I will finish it all today , you're the cause of this . It's you Angel , it has always been you . You started it , and you've always been at the centre of it all . Guess what , I've had enough . You have toyed with me , it's enough now

I don't want to accuse her of anything

I don't want to say something that might push her over

But, this is crazy

We've had sex , and that was it

She's never said she loves me

She's never expressed her feelings

And I know for a fact , I loved the sex

But I've never held romantic feelings for Lorato

Never !

Me : please ....

Lorato : it was Mandla , he wanted me and you took him

away. He rejected me because of you, and you knew this. But you still took him, and you lived a life that was supposed to be mine. Bitch he fucked you up too little, he should have done more . And then , you went for someone's husband. To an extent, you get pregnant for him . And boom ! Angel the whore, the slutty bitch ... you go for his brother. And when it all comes out, they're cousins with Mandla . The Mandla that you killed ...like wow , no surprises there . You just had to taste all the dicks in the family ...

She laughs shaking her head

Lorato : Mandla should have killed you , and did us all a favour . You're just a waste of a human being , and you deserve to die knowing that Me : today you're saying all this , is he not the same Mandla who had men rape you and ...

She slaps me

I bite my lip , and close my eyes briefly

I can taste the blood in my mouth

#### I open my eyes and look at her

Lorato : do not mention my rape ...that's ...

Me : if you can throw everything I've done , on my face . Surely I can throw it , in your face as well . But it's nice to know , today you're applauding Mandla for what he

did to me . Maybe you enjoyed being fucked, like the whore that you are . Surely , you didn't think I'll settle for a pussy that needed to be stitched. And treated for infections, after being ripped by random men. You hold yourself too high , and you're nothing but just damaged goods . Do your worst , I've lived and I give no fucks. At the end of it all , I got to be queen. What have you ever

been in your life huh ? Except jumping from dick to dick , until you got tired and you figured you should jump for pussy . Now who is the whore ?

Her lips quiver

She's fuming

Maybe I've made things worse

I should have just kept my mouth shut

Lorato : well ....rest bitch !

The gun goes off and I close my eyes freezing

\*Philani\*

### During the whole chaos

After the gun going off

I just run following King with Bongo and Phakade

I don't even know where Pearl is at

People are startled

And there were few screams as the gun went off

I stop on my tracks , feeling my heart pounding against my chest

Phakade grabs the woman with the gun

And he draws his own gun

He grabs her jaws , as she screams crying

# He puts two bullets through her mouth

I feel like puking

That was just fucking gruesome

He lets go of her

She falls down on the ground

I come to my senses as I see him going down

And I see Angel lying down

In a pool of her own blood

Her white dress , is all bloody on her stomach

Fear strikes me

My brother lifts his head

He looks at King , who shakes his head

My heart just shatters looking at Phakade

He turns his gaze back to Angel

And he picks her up into his arms

## l've never seen my brother like this

It feels like this is a movie , like a whole action film

And I'm in the movie

I'm just watching this whole thing being filmed Phakade just walks past me with Angel bleeding on her stomach

I look down , as I feel pain choking me

My brother cannot lose his wife and kids like this

He was looking forward to being a father again

Because Oratilwe is his child just as much

The pregnancy of the twins, meant everything to him

He had finally married the woman his heart yearns for

Why ....

Bongo : sorry man

#### I lift my eyes and look at him

And they have the most depressing looks ever

Me : she's okay ?

King pats my shoulder

King : she's gone

Fuck no !

I find myself going down slowly

Feeling my chest closing up

Bongo : come on man ....don't do this

I can hear him , but it's like he's far away

King : we need to deal with this , no one can see that body there . We must clean this mess , attend to him

I'm on my knees on the floor

Touching my chest , as a tear falls down my face

Bongo : Philani ....

# I don't hear the rest of anything that he says

### Pearl : this is just tragic

I look at her

### And for the first time ever

She's holding Oratilwe

Never thought I'll ever see this

# Pearl is holding my child in her arms

The same child , she claimed she never wants anything to do with her

In front of me

In front of her mother

And the whole family

l get up and take Oratilwe from her

Pearl : babe what ...

Me : there's no need for you to do this , and you don't have to be here pretending . You must be happy , so go on about your things I move back and sit down with Oratilwe on my lap

My baby girl is so innocent

She doesn't even have a clue of what's happening

Pearl : Philani , I know ....l

She heaves a sigh

Pearl : I know things haven't been ...well , I haven't exactly accepted anything . But right now the situation is ....

She takes a deep breath

Pearl : all I'm saying is that I can help

Me : no don't brother , I'll take care of my child . I am here Pearl : baby , your brother needs you . He needs you now more than ever , he needs your support . And you by his side , you cannot mind a toddler . And still be a supportive brother

If only she can get it

Nothing she says will make me let her take care of my child

# I've always said in my heart , if tables were turned

And I had met Angel first

That's the woman who would be my wife

Oratilwe, is the one precious gift I have because of Angel

And I will not disrespect her in any way

Especially where Pearl is concerned

After everything that has happened between them

And Pearl showing , she cannot be mature enough to come to the party

### Pearl : well , if you need any kind of help . You know where I am

Me : just stop !

l get up

Me : I don't fucking need your help , for all I know this is just pretence . You're probably happy deep down , and you're celebrating . Leave my daughter alone , you can understand I don't trust her with you . Now stop it

Her jaw drops and I just walk past her

Pearl : I am many things , but I can never hurt a child Philani . I can never do that

## Me : tell that to someone who cares

I walk out with Oratilwe laying her head on my chest

\*Phakade\*

King : we made sure to clean up , there's nothing left

I stop walking and look at him

He heaves a sigh

King : no one saw anything

Me : the press is having a field day about this

King : they'll always have something to talk about , but in a few days it'll die down

Me : they're dragging my wife's name through the mud , saying all kinds of things about her

King : I know it's bad , but we've handled worse . This shall pass too Me : yeah ?

He looks down

Me : King , it won't bring back what I've lost

I keep walking

And he comes behind me

I get in the main palace

And it's so quite , except the voices from the kitchen

I walk through and stop on my tracks

It's Pearl with some of the maidens

King stops right behind me

#### And he says nothing

Pearl : it's all karma to be honest , God is not a fool . And this life has no balance whatsoever, seriously! This might be sad and all , but Angel wasn't no Angel at all . She's a whole rape product, of which her mother might have lied about. Because she was busy with someone's husband, just

like her daughter who ended up being busy with my husband. Without a shame , after I helped her when she was a lunatic. It's true, the apple doesn't fall far from the tree. That woman was rotten, to the core. She sold herself, and slept with different married men out there for money. Without caring , that those are family men. They have wives and kids, she just opened her

legs and took their money. Money that's meant, for their families . You can just ask yourself, how many women cried themselves to sleep. Because Angel slept with their husbands, and their kids went to bed hungry . Like surely, their tears did not fall down. God is not a fool, I still say. He doesn't wear short pants, and he lives for us all . As if that wasn't enough , she went on to abuse Mandla . Like , what kind of a woman goes on to stab and kill her own husband huh ?

She laughs and claps her hands

Pearl : worse , she felt no remorse . And she played , insanity . Yes she was crazy , because what sane person can kill another person . And feel nothing , not even an ounce of guilt . She got his money , but

still went on to whore . She had no shame , she slept with Mandla's cousin . And gave him a baby, a whole bastard child. Trying to ruin my marriage, so she can secure my husband. And when that didn't work for her, she went on for the brother . A whole king , I tell you that girl has seen and done it all . But look at how it all ended, honestly she's paying for her sins. And I can never

feel sad or sorry, for someone like that . She got exactly what she deserved, this is life. She was a fool to think she can burn Mandla to ashes, get his riches and live her best life . To go on , and still find her way into his family. I swear, a fury of fire is awaiting her in hell. Because that is exactly what she sow, and she has reaped it. That woman was evil, she was so evil ... she didn't feel anything

for another woman. Just as long as it served her , she didn't care . Look at how it all ended , bullets to her . She was even pregnant, I swear the world will be a better place . I mean , she killed Mandla in cold blood. And she wasn't even judged for that, because she got an easy way out . I know she wasn't crazy, as it was claimed. I kept quite, for her sake. Because I felt for her, and look at how

she thanked me . With a plate full of shit , giving my husband a bastard child . But she's dead now , and I still live . So who won !

She laughs so loud

That it even echoes

Pearl : I won't lie , I will cry with those who are crying . And I will

grieve, with those who are grieving. But I am happy and rejoicing, trash belongs in the trash can...

Philani walks down the stairs

And King motions for him to keep quite

He is confused

#### He stops right next to us

Pearl : I hope Oratilwe , will grow up and be a better woman than her mother. But I am not holding my breath , she'll probably turn out to be like her grandmother and her mother. After all, she is her seed. She probably planted, her whoreness into that child. Seeing I'm not so bitter, and vindictive like her. Like she did

me, and went after my husband . After I helped her, she saw it fit to hurt me right where it hurts the most. I can take care of her bastard, and instil some good life values into her. Whatever she fed Phakade , must be working . There's no man, that can love a woman with such a baggage ...something is a miss there. The man has been fed ...

### Philani : GET OUT , ALL OF YOU !

He roars , as he walks through to the kitchen

Passing King, and I

And there's just chaos as the maidens run out

Pearl drops the glass of champagne she was holding

#### Her eyes glitter with fear

Pearl : baby I can expl.....

He has her by her throat

Pinned to the table

I turn back , and look at King

Me : I'll be in my hut , bring me my tiger totem

I walk past him and walk out , heading to my ancestral hut

# After the mess that just occurred

I don't even know how am I going to look my brother in the eye I don't even know what to say

l've never been so angry in my life

l've never put my hands on a woman before

Bongo had to come in

And stop me

I don't even know how bad I've hurt Pearl

Because the more she spoke

And she tried apologising

It was just the more she annoyed me

And I just couldn't help myself

I look at King

And he's not himself

Me : is he ....

King : he's probably done

Inod

I'm even scared to go see him

Because I don't know what I'll say to him

If I got so angry , by the little bit I heard

How much more did he hear

Because it seemed like they had been standing there for a while

Worse, Pearl was saying all this

In front of people who work for my brother

He's going through the worst right now

And he has his family saying such shit

King : go see him

## I guess he can see , I want to see him

Me : I am scared

### King : he's your brother

Me : what .... I don't know man !

I heave a sigh

King : Phakade doesn't hold grudges , just know if he wants to deal with this he will . And you better be ready for anything , because he doesn't take lightly to people he cares about . And there isn't many , that woman is his everything

He shakes his head

And now , he's just scared me

King : you can put your hands on your wife , that's your business . But if he wants to , just know he will do worse

Okay !

Now he's gone , and multiplied my fears

This is fucked up !

## I know Phakade can be ruthless , if he wants to

And there's no one , that knows him better than King

So, I believe and trust what he says

And it scares me , because I don't know what he will do

King : he was just communicating , and cleansing what was done .

He pats my shoulder , and he walks away

Now, I'm thinking of everything that he just said

And everything that happened

### It's all just a mess

\*At The Hospital\*

## Pearl comes to

And she groans , feeling the pains on her whole body

Every single inch , of her body is in pain

She tries to move , and let's out a slight muffled cry

Everything that happened, comes to mind

And she remembers it all

Like a clip is being played in front of her eyes

Voice : just be glad you're alive

Fear strikes her

Hearing his voice

She turns her head to the side

And in all her years being married to this man

She has never seen him like this

He looks like he can kill

And that's not Philani

That's not the man she loves and married

She tears up

Just thinking of the way he beat her up

Without a care in the world

And now here he is

Looking at her , like she's the most disgusting thing

#### He's ever laid eyes on

Where is the love this man, once had for her

What happened to that love ?

This isn't her Philani

Pearl : had ...Bongo not walked in , you were going to kill me

# She opens her eyes looking at him

He hasn't moved an inch from where he's standing

And he hasn't changed his expression one bit

It breaks her heart

As she feels the pain stinging her heart

She knows heart break

But not this kind

Not this one

That makes you feel the pain physically in your heart

Pearl : I was wrong , I know that . But ever since , this woman came into our lives . You have changed , you're not the same man . So , forgive me . For being hopeful , for our marriage again

Philani : the doctor said , your elbow is fractured . And your leg is broke , but you'll heal . For your sake Pearl , I hope you'll value your life . I've already asked that you be discharged , by tonight . Get out of this kingdom , and run for your life . Because Phakade is going to kill you

She pops her eyes in shock

Philani : I will file for divorce , don't make it a hassle . I am giving you a way out , leave South Africa if you must . Just know , I tried to help you . So whatever you do , that will be on you

He walks towards the bed

Philani : here is 30K , it should be enough to get you somewhere . Until , you're safe to use your card

Pearl : no ! No ...you don't get to hurt me like this , and then

ditch me . You said yourself, what the doctor said . And yet, you still expect me to leave . No Philani ! You're doing this, because I am not Angel . If this was her, you wouldn't be doing this. It's a shame really, that you're in love with a woman that would have never loved you. She loved your brother, because he was the better choice. But you see me ....me l love you so much . And I am

willing to forgive this , and work on us again . I will be a better wife , you know I can be

Philani : we're done Pearl

Pearl : not because you say so, stop being a coward . Fight your brother, stand with your wife . I am your wife Philani, your wife . Your loyalties should lie with me, even in death you'll still choose Angel over me She tries sitting up

But she hurts her arm

And she cries out in pain

Philani : when he kills you , just know your blood will be on your hands

Pearl : baby ....

#### He ignores her and walks out

She grabs the envelope he left on the bed

And throws it to the door , as she lets out a piercing cry

And one nurse walks in , looking at her

As she lays down flat on the bed

Tears streaming down her face , mixed with mucus

Her heart aching with pain

#### Me : why did you run away ?

He laughs

Philani : I didn't

Me : you were outside my hut , you didn't even knock . You left Philani : yeah , yeah I left . I didn't run away

Me : were you scared to talk to me ?

Philani : no , no ...

He shakes his head

And his eyes are just moving a lot

### I know he's not being honest

He was scared

Even today , he tried to ignore me

But I caught him

Me : you know you're my brother right ?

### He nods

Me : and I believe , you know me

### He heaves a sigh

Philani : I just had somewhere to be , I really wasn't running away . For real Me : I will find her Philani , and I am going to kill her . You best believe that , and she could be dead by now for all we know

There's nothing but sorrow in his eyes

Me : I stand with her words , trash belongs in the trash can ....and that's exactly where she belongs Philani : I am sorry

Me : it's okay , I'm sorry for you . Because at the end of the day , you married her . And you surely love her , I don't give a fuck about her . But I do about you , because you're my brother

He sighs

Philani : I think the love I held for Pearl , went out the window . The day I put my hands on her

Me : it's ....

I smile as Oratilwe touches my leg

And she holds on it to stand up

#### Ever since she started walking

She's just never in one place

She's always all over

Oratilwe : papa (daddy)

Me : Yee (yes)

She puts her hands on my knees

Oratilwe : papa (daddy)

Me : ngwana papa wee (daddy's child)

She laughs

Philani chuckles

Oratilwe : o tetile (are you finished)

I shake my head

Me : eya (yes)

She smiles

I don't even know what I've finished

Philani : when will you make a statement ?

Me : I won't , my wife and I we're just over this nonsense with the press . Let them say whatever shit , they want to say

My phone beeps

I take it out , and it's a text message from King

"She's leaving the airport"

# I respond back as Oratilwe reaches over

And tries to take the phone

Me : eme pele (wait first)

Oratilwe : papa mphe mona (daddy give me)

"Do it"

# I send the text , and delete the messages

I give her the phone

Philani stands up

And he's giving me a look

He walks out

I heave a sigh

I'm sorry to hurt him

But that's just how it has to be

## "BREAKING NEWS : AFTER TRAGEDY STRIKES THE KING AND QUEEN OF ISIZWE SA

MAHLUBI, THE WIFE OF THE YOUNGER PRINCE HAS BEEN INVOLVED IN A CAR ACCIDENT LEAVING KING SHAKA AIRPORT. PEARL MBONGO, HAS BEEN DECLARED DEAD"

Fuck !

I know it shouldn't hurt

But it does

It hurts so bad

I should be saying she deserves this

But ....there's a part of me , that truly loved this woman

And now she's gone

King was right

And my brother didn't even try to hide it from me

He told King to go ahead and kill her

Right in front of me

A part of me , wishes he could have just let her be

She was going to leave

And she would have started over somewhere else

I guess this is how it ends for her

One would ask if it was really worth it

## \*Angel\*

Oratilwe : mama (mommy)

I let out a fade smile

And sit up well , as she runs over to me

Me : hi baby ....hi

I pick her up and give her a kiss

Oratilwe : tswa kae ? (Where do you come from)

I laugh , and flinch a bit hurting my stitch

Phakade : don't hurt yourself now

I look at him

And nothing fills my heart

But just love , and gratefulness for this man

I don't even deserve him , that much I know

But he went on to love me

With all my shitty past

He loves my daughter to the ends of this world

And he made me a wife

Not only that , but he made me a queen

And mother to twins

God !.

#### Where does one even start

He still embraces me

Even when there's no light , or nothing to embrace about

Oratilwe : robetse ngwana (the baby is sleeping)

This one !

We laugh as Phakade walks in and he comes to sit down next to us

Oratilwe : papa ...robetse ngwana (daddy , the baby is sleeping)

Phakade : eya (yes)

They both put their hands on my tummy

I don't know whether to say it was by God's grace or what

How my babies survived , I don't know

I'm so thankful for this life

But I'm most thankful for their lives

All four of them

Phakade : how are you feeling ?

Me : like the most blessed woman ever

He smiles and picks Oratilwe up

He leans over and pecks my lips

### Phakade : I told you , ain't no love that's blind

Classic !
