Reintroduction

“My life hasn't been all hippy and hipe since my birth,I lost my parents before I got a chance to bond with them,I was adopted and my family treated me well,the woman who sent me there who happens to be my grandmother drifted away from she turned against me

I was betrayed my two bestfriends or maybe I'm the one who betrayed them,well it doesn't matter anymore

I was involved in a gang fight who was my boyfriend and he died,it was great when we killed his dad together and when we fought

I'm still the same Mexican-African girl who happens to have grown up as a white person because of my adoptive parents After all the heartaches I went through I found love,Raw love filled with lust and passion,we might have gotten pregnant early but our baby was a blessing

I was 5 months pregnant and I was still going to school talk

about a fucked up timetable that sends to school almost
everyday

Luvuyo was driving me to school but awfully quiet he wasn't
himself those grey-green eyes of his weren't looking at me with
love but with worry

Him: But baby I think you should give yourself a break and
restart school next week

Me:I won't allow you to bully me Vuyo,you took my band and
hid it God knows where you told me to cut down on visiting my
family now this,you are shitting me

Him:God Magnum I can't just sat things that will upset you and
the baby please stop pushing me to tell you

Me:You will tell me later,or I will kill you trust me,please pass
my bag He took my bag from backseat and my lunch box

Him:I love you be safe

Me:I love you too

We kissed then I went out,Christ I hate school

Luvuyo and everyone else is hiding something with me,I'm sure
it has to do with the Mafias and the band

My name is Pearl Kamalei Harper,Stay tuned as the truth
unfolds and masks are removed

1

Luvuyo picked me up from school later on

Me:So are you going to run me a bath when we get home?

Luh:I'd love to bath with you but I know you'll chop my head off if I don't make you anything to eat

Me:Aren't you a sweetheart ?

He smiled then took my bag from me,he opened doors for me like he usually does

Luh:I still think you should stop schooling

Me:There's more to this than what you telling me isn't there?

Luh:I don't know what you talking about

I gazed him while my hands were on my waist

Me:I need to eat something first

Luh:There's a salad on the refrigerator,have you spoken to your parents?

Me:They are away

Luh:Where?

Me:For Goodness sake can you stop asking me stupid questions and tell me what's going on

He tried avoiding eye contact my finger was pointing at him I calmed down,practiced breathing exercise

Me:Baby just fill me in please

He sighed

Luh:You won't believe me

Me:I trust you more than anyone in this world,I'm sure you know that

He sat on the high chairs opened his hand for me,I placed mine on top of his I thought he will hold them but he placed them on his shoulder while his were around my waist

Luh:Do you still remember the day Siyanda came here?

Me:I do

Luh:We went to meet up with the \$aints apparently when you and Bruce killed Antonio they were informed,your parents knew

Me:They knew?

Luh:Let me finish

Me:Fine

Luh:He showed me a clip well new and old your parents are working with Mexican mafias

I laughed but he had a straight face

Me:Those people know nothing about killing or robbing they wouldn't be part of a gang they always travelling

He placed his hand on my shoulders then sighed

Luh:They are after the band

Me:What else is in there anyway?

Luh:except for the 5 million your parents were killed for there's information on the Mexigang

Me:5 million can't fit there

Luh:It can't but there is information on where it is and only you have access to it

Me:I need food all this is making me hungry

Luh:You don't believe me do you?

He loosened his grip around me I took a few steps back then turned around to go to the fridge,muesli was the main thing on my head

Me:Baby I just want something that will prove your statement

He chuckled

Luh:I knew you'd say that,when you have time open that envelope

He pointed at the room divider I simply nodded, Thank God my tummy isn't that big I wouldn't be able to live with a big stomach no can do

I was tempted in opening the envelope but I wasn't ready to see whatever was there

Following day Luh went to school and I had a free day

But I had to go do my assignment which needed printing, I walked to a nearby Internet cafe bumping on Langa

Me: Oh my God you are still alive

First thing that came to mind was Camerons death of which I didn't attend nor got a chance to grieve

Langas eyes scanned my stomach I knew I shouldn't have wore this bloody vest

Him: You are pregnant? who would have thought?

Me: No one

Him: The baby daddy is around?

Me: Yes we live together

I said with confidence, his face looked rather pissed at my statement

Him:That's nice I hope to see you around

He hurried off

Me:I hope so too

I printed my assignment then walked back to my apartment,I swear I saw Claras car on the visitors parking I wouldn't mistake that car with any car if I wanted to...I took the lift to my floor only to be welcomed by my two bestfriends

Me:Hey you snakes

I said with a huge grin

Sasha:How are you Spank?

Me:Never been better can I help you with something?

Clara:I knew this was a bad idea

She whispered under her breath

Me:I heard that but really I have things to do

Sasha:Can we come in and talk

Clara:Like how we used to

I couldn't hold my laughter

Me:And apparently I'm the crazy one,No you are not going to come inside and what used to are you on about?last time I checked you wanted shit to do with me

Sasha:You can say we were jealous of you

Me:You had Alondwe

Sasha:I didn't

Clara:You had Luvuyo

Me:Ow..I can't have friends who do me this way for a guy

Sasha:We sorry

I huffed

Me:Let's meet during the weekend I have a lot to do

They nodded with million dollar smiles

I found my phone ringing,again why did I leave it?I was about to attend to it but it stopped ringing and I had a message

They were old pictures,my parents were dead on the ground while my adoptive parents seemed to be examining them...no wait they were acting as forensics,I thought no something is not right

I swiped the pics and to my amazement I saw Antonio and the Harpers it was a different day and they were exchanging something,I reached the Dialling screen immediately

Luvuyos phone rang I was close to giving up but Lu answered

Him:I'm in class what's wrong?

Me:Someone sent me pictures now I'm freaking out,You were right there's something sinister with my parents

Him:Give me a few minutes I'll be there

I hang up and paced up and down,Why are they still pretending to be my parents till now if this band I happen to not know where it is such a great treasure why didn't they take it the minute I stepped inside the Harpers residence??

2

When Luh walked in I immediately went in for a hug

Me:I'm scared should I be scared

Him:Sit down

He sat next to me

Him:Did you open the envelope?

Me:No but these were sent to my phone

I gave him my phone he thumb kept shifting

Him:This is bullshit

Me:How?

Him:I think there's someone on the side who's willing to help with this?

Me:Who?

Him:Let's go pay my aunt a visit she'll track this

Me:Not happening she hates me

Him:You shared a dick,it died,it happens

Me:Right and now I'm dating his nephew she surely hates me more than she did

Him:She has a new boyfriend she moved on let's go I didn't leave my classes for this

Me:Fine stop whining then

He took a chocolate from the collection we had he still loved them and I took bread with jam,Our drive was us singing along Chris Browns song and laughing when one of us forgets the lyrics

Him:We are here

Me:Yes I'm so excited

I rolled my eyes he chuckled

Fortunately we did find Asive and she was smiling at me for the first time

Her:What do I owe such a visit?

Lu:Someone sent this to Magnum and her phone rang afterwards

She raised an eyebrow,why did she have to look like Luh this much?

Her:Follow me

We went to what seemed like an office with loads of different computers I swear some don't fall under the types of desktop

Her:Well

She typed and read typed and read,sighed and cursed at times

Her:Looks like we have an old enemy of Mandla

Luh:Why him specifically?

Her:He was in a gang before pretending to be with the \$aints,Besides that Bruce killed his family together with your parents

Me:Who is that person?

She smiled

Her:Quinton?

Me:Wait what?

She smirked

Her:He was also adopted by your parents

Me:And Sarah?

Her:She's theirs,Quinton was brainwashed by them they killed his parents when he was 4 then they took him in

Me:But they have his baby pictures?

Her:Either they were tampered with or they stole them

Me:My brother is against our parents too?Why is this so messed up

Luh:Thank you aunt we better go now

Her:It's okay call me if you need anything

It's been 2 nights of me sitting and watching tv

I haven't looked at my phone or gone to school I needed answers

But Quinton was too far from Durban, isn't he too young to be doing this?Luh is doing it too but it's different

Me:Fuck this

I made my way to the refrigerator and took out something to occupy me,Luvuyo came out of the shower he was only dressed in Calvin Kleins underwear just by looking at him I could feel my inner tighs perspiring

Me:Why are you in the kitchen naked?

My eyes were glued on the guy that gives me pleasure.

Him:I was checking up on you

Me:I uhm I'm fine

He walked towards me grabbing a strand from my ear and tugging them in his hand I closed my eyes awaiting for his lips to finally meet mine

Me:This is the part where you kiss me boo

He chuckled then pulled me closer, his hand reached the hem of my dress he pulled it up running his fingers against my skin, I moaned involuntarily he smirked at me then his lips went to my neck his hands pulled me up carefully then he placed me on top of the counter

Me: We eat here but I've always wanted this

Regardless of my mouth I love exciting sex it keeps the fire burning, his finger got me breathing out excessively high, his lips barely touched my lips he made me feel so special how paid attention to every inch of my body

Him: Careful

He said when I wrapped my legs around his waist

Me: I do gymnastics remember

He groaned, the moment he went inside of me I lost sanity I cumed he then followed

Him: I love you so much

Me: I love you a lot

He placed me down then took my dress and cleaned the counter with my dress

Me: That's nasty

Him: Would you better we both licked it

Me:It would been fun

Him:You nasty

Me:Imagine it babe both of our tongues running over the counter

He spanked my butt

Him:Get dressed you'll catch a cold

I gave him my middle finger,next morning was a saturday Luh and I were spending the day indoors

Him:Morning Magnum

Me:Hey

Him:You okay?

I turned my head to look at him his fingers were going through my hair

Me:Can we call Que together?

Him:Why?

Me:I just want to ask him

Him:Why don't we pay him a visit?

Me:In Cape Town? When?

Him:Next week we do need a vacation

Me:I guess we'll suprise him then

Him:I guess so too

I kept asking myself what Quinton is up to?and why he didn't tell me or use his own number to send those pictures?

Why did he send them to me in the first place?

5 months , 3 and a half weeks pregnant though my belly said 3 months,I ditched my ex bestfriends for this trip yet I'm nervous as fuck

I peed 5 times in the last hour,I thought I was going to give birth but my boyfriend rubbed my belly which was the loveliest thing he'd ever do,I fell asleep while he was at it we finally landed in Cape Town and their winter can sooner

Me:Isn't supposed to be autumn here?

Luh:Yep I guess it's one of those cold days

Me:We should have taken a bus though

Him:Why?

Me:How much money did we waste on this?

Him:And let you be nervous for more than 15 hours no thanks

Me:Yeah whatever

I rolled my eyes he raised an eyebrow while looking at me

Him:And since when do you care about wasting money?

Me:Who said I care?

Him:Pearl I know you

Me:Fine Since I found out that my parents are after me who will take care of me?

Him:I will do anything for you you know that

He kissed my forehead,then my lips I even forgot we in front of people

Me:You have a rental,why?

Him:So we can go anywhere anytime?

Me:Your parents gave you how much

Him:50% only and the other 50 % is from my savings

I shook m head at him while laughing,The car parked in front of an amazingly tall hotel their service was beyond excellent

Me:Who smiles at everyone I'd never do this job

Him:That's because you are cold hearted

Me:No am not

Him:Fine I'll drop this topic before you go all Bruce Lee on me

Me:Thank you for keeping in mind that I still got the juice

Him:You have lots of it babe

I had even forgotten that we supposed to be talking to the guy at the table,with me and Luvuyo this always happens we bury

ourselves in each others hearts that we totally forgot about other people surrounding us

Luh:Oh Sorry I'm Luvuyo Ndabeni I booked in with Pearl Nda I mean Pearl Harper

Me:Idiot

I muttered he gave me a naughty smile

Me:If you could maybe do things quicker I'd be happy cause I'm kinda jet fatigued

The receptionists smiled then gave us the key

Luh:See what I meant when I say you cold hearted?

Me:Nope I don't see shit

Luh:I hope my baby doesn't hear all this words you say

Me:Like he doesn't see your penis

He burst in laughter

Him:Wow what a comeback

Me:I got plenty in my pocket want some?

Him:No just get out of the lift

He held my hand and we walked to our room

Advertisement

it was nice really nice it wasn't big like the ones business man usually use but it was nice

Luh:Mhmm muffins

We both went to them like kids,He usually gets cravings and I was just hungry and the muffins smelt so good

Me:I'm going to bath

Luh:I'll join you just now

Me:What are busy doing on your phone?

Luh:Nothing can I take a picture of your belly?

Me:No why?

Luh:For memory sake

I held my boobs then smiled

Him:Perfect and those braces suit this picture perfectly

I took my booty to the shower,my back was just painful I guess due to tiredness the doctor mentioned it when we went to ask him about what a flight can do

"You okay"Luhs heard peeped through,he stepped inside and took the sponge

Me:My lower back hurts

He turned the water off then helped me to bed,My head was on top of the pillow it went over his thighs he was brushing my back I ended up sleeping

The big day came,it was a saturday and we were finally going to visit Quinton.

Me:You sure this is the place?

Luh:Duuuh my father is the head of the \$aints I hope you get my point

Me:Rights

We walked in hand in hand,fortunately when we knocked Que opened for us

Me:Suprise

Que:What?How?

He hugged me then fist bumped his brother inlaw

Que:Come on in sit down

Me:Nice crib mom and dad are shitting blocks from these

Que:I have funding

His green eyes looked a bit far from us

Que:Why aren't you in school?

Me:It's the weekend

Que:As if you will leave tonight

Luh:We are here for something actually

And he had to burst the bubble

Que:Yes

Me:The pictures you sent me the ones with our parents

Que:How did you know it was me?Wait your boyfriends father is gang leader

Me:Care to explain

Que:Our parent are murderers who are out for a kill and money they never cared for the two of us but they pretended to since they wanted something

Me:What do you mean?and how did you know all this?

Que:My girlfriend our sister knows everything

Me:Hold it right there you are dating our sister Sarah?

Que:It's been a while now

Me:Oh my goodness Quinton since when do you keep so many secrets for me and isn't she older than you?

Que:She isn't check this

He gave me his Identity Document and he was older than me and Sarah,I am 18 Sarah is 21 and Que is 23

Me:But you were in the same class as I?

Que:That's how bad your folks are,I should be working now

Me:Jesus,Can you just fill me in?

Que:How long do you have?

I looked at Luvuyo

Luh:As long as you need

And that's how we spent the entire week in Cape Town in reward Que became part of the \$aints officially written in paper for Western Cape

4

After a whole week of stress and new experiences Lu and I finally took off, things were pretty much the same way we left them

Luh: I'm gonna go see some of my friends

Me: What for?

Luh: Notes and other things

Me: Okay it's the weekend anyway your friends are pretty drunk for sure

Luh: Come give me some sugar

We kissed then he took his school bag

Me: See you later I'm going to rest

He kissed my shoulder then left, I slept till after midday I decided to call Sasha and Clara it's better with them than thinking of the type of people the Harpers are.

They came in with food and the biggest smile one would ever had

Me: How are you guys?

Clara: We good but we not complete

Me: That meaning?

They sat down opening the biscuits they had bought

Sasha:Hah Spank let's be friends again

Me:And risk being fucked over by you guys again

Sasha:We made a huge mistake

Clara:Yes forgive us,don't you miss those days where we partied together various other shit

Sasha:Yeah look now you will have people to throw you a baby shower

Me:Hahaha you said I wanted a baby shower?

Clara:We know you,truce?

I rolled my eyes

Me:Fine truce

Sasha:Yess so how is the baby doing?

Me:He's doing fine

Clara:It's a boy?

Me:I don't know

Sasha:It's definitely a girl,A boy wouldn't make you look this pretty

Me:You and your beliefs pass me chips

Luvuyo came in and he seemed shock

Luh:Uhm evening

Sasha pinched me,I saw Claras face harden I quickly stood up and made my way to Luh

Me:What would you like to eat?

We were now in the bedroom

Him:I didn't know you and your friend kissed and made up

Me:It only happened today

Him:Oh I see I have an assignment to type you going to school monday?

Me:Nope I'm going to drop out

He raised an eyebrow,sending a ticklish sensation to my stomach

Him:We'll talk about this later

I gave him a thumbs up then joined my friends

Sasha:So how does it feel staying with your bae?

Me:It's awesome

Clara:You guys don't fight

Me:Couples always fight sweetheart

Sasha:I'm pretty sure you guys have sex everywhere,we all know your a freak

Me:Am not

Clara:Yes yes you are

Me:Fine you guys win

Sasha:How far are you?

Me:Close to 6 months

Sasha:You don't say

Me:Perks of working out sweetie

Clara:Working out is tiring

Sasha:Because you are naturally thin look at me?

Me:You a size 30 something wrong with that

We ended up catching up,only the basics though I can't trust them with such I trusted them with me being Bipolar and they decided to inform the entire Umhlanga ville.

Later on they leave and I start with my pots,my phone rings It's my mother

Me:Mom

I tried to be excited

Mom:Hey honey how are you?

Me:I'm alright

Advertisement

everything alright?

Mom:Yes but it seems you haven't been attending school

Me:Really I saw there yesterday?

Mom:Hm We having a family dinner friday please spend the weekend here

Me:Can I bring my boyfriend?

Mom:No you can't it's a family dinner

Me:He impregnated me mom he is practically family

Mom:Fine bring him

Me:Thank you

Mom:Goodnight I love you

Me:I love you too

I swear I almost bit my tongue when he said that,Luh chuckled from the kitchens entrance.

Me:What?

Him:You looked nervous

Me:How can I not be?for all I know this dinner might be the last dinner I'll ever eat

Him:Don't you worry my love,someone will be watching you

Me:Yeah right,why am I so scared anyway?this isn't me

Him:Because my darling you are now pregnant so you must think for someone else now

Me:But still I feel so pathetic

Him:No you not look at how you've handled yourself in the past,your temper has been very much the same

Me:I guess

Him:Now cheer up and make sure you don't burn our food

I hit his arm playfully

The week passed pretty fast,Lu and I were now on the driveway to my home

Me:It is hot?I'm feeling hot

Luh:Just calm down please

Sarah opened the door she looked rather different,her dark hair was nicely curled and pulled to the back,it was shiny that usual and she had tight jeans and a vest that showed a bit of her stomach

Me:Sis hi

Her:How are you?you look amazing

Me:You look prettier than ever

Her:Thank you Hi Lu

Luh:How are you Sarah?

Her:I'm good Que is upstairs he's waiting for

No wonder she looks so different her boyfriend is back,Luh might have had the same thought his eyes were amused and I shook my heard

Me:And where are the folks?

Her:In their room probably getting dressed,trust our mother with over dressing

I smiled at her trying to hide how nervous I was,I really didn't know how I'd look at the people I thought loved me more than anything in this world,infact us it was a great challenge I wasn't willing to accept

5

After our mindless chatter with the couple that pretended to be siblings in front of us mom finally called for us

Mom: Oh My Precious Pearl you look so beautiful

Me: Thank you mom and you look nice as always

Mom: Oh please honey I know, come sit

Luh: Mrs Harper

Mom kissed his cheek then brushed his shoulders

Mom: You are taller than last time

Luh being himself just laughed, making my nerves decrease a little

Mom: Your dad is waiting for you

Dad was busy on his tablet but as soon as he acknowledged our presence he put it away the smiled

Dad: My little girl

Me: Daddy I'm going to make you a grand dad soon so I don't fall under girls

Mom: Oh how is the pregnancy treating you?

Me: It's fine full of life lessons

Mom:I hope you treating my daughter well?

Luh:Ofcourse,she is my first priority

Dad:Do you know the gender yet?

Me:No

I was becoming really uncomfortable

Sarah:I think it's a girl

Que:Definetely a boy

Luh:I think it's both

I looked at him with my eyes wide open

Luh:What?I'm a twin

Me:Our baby isn't

Mom:Okay let's eat

We ate in silent Luh and I kept stealing glances at Que and Sarah who were trying so hard to hide their love but since we knew..It was visible

Mom:So how is school?

My mom asks once she's done serving dessert

Me:I uhm haven't been going

Dad:Pearl

Me:It's really difficult daddy having to walk different campuses in my state

Mom:Why weren't we notified?

Me:I was going to tell you but I didn't know how

Dad:You can't just stop schooling whenever you feel like it,this is your future?

Me:I will go back next year when my baby is grown and needs less of my attention,I will be fine

They both sighed in defeat

Dad:I really wish you'd have told us

Me:I'm sorry

Tears were close I could feel them

Me:Excuse me

I hurried to the stairs

"Hey not so fast"

Vuyo held my hand

Him:Come let's go

I sat on my chair with him on the desk and I cried

Me:It's not like I'm the only one with secrets right?why did they scold me like that?

Luh:They don't know that you know I'm pretty sure they can't blow their cover like that

Me:Why don't we just kill them?

Luh:We need a reason and besides babe there's a large number of them

Advertisement

murdering them will only bring war and that will affect you remember how my apartment was blown?

I nodded

Him:It's how we will die if we just kill them

Quinton walked in

Que:You okay sis?

Me:No I can't keep pretending like this

Que:It's only a matter of time till-

His sentence was cut off because of a gun shot

Me:You heard that?

Lu:Stay here

Sarah pushed the door

Her: Tell me I didn't hear a gun shot

Que: Sarah watch Pearl we will be back

Another shot fired

Sarah: Let's get inside the closet

Me: Why?

Sarah: Because there are no windows there and you are pregnant

Me: I want to see

A shot fired again but it sounded close

Me: Fine

I took Luhs phone which was on the table and rushed inside the closet

More shots went off they weren't as loud but they were close I went to his contacts and dialled his dad

Him: Son

Me: Hi uhm Sir there is a shooting taking place outside Luvuyo happens to be there

Him: What? in your place

Me:We at my house with my family

Him: Okay stay where you are and don't panic

Me:Okay

I ended the call

Sarah:Are you okay?

Me:Yes what if something happens?

Sarah:I don't know Pearl,you look calm for someone who is panicking

Me:Composure and if I can't trust on the boys who will?

Her:4 seconds you were worried about something happening to them now your composed

Me:I'm pregnant it happens

The gunshots got louder I prayed Luvuyo was fine

"Pearl"

Sarah:Who's that?

She shouted

Me:You can't shout anyhow

The door opened and Luhs mother walked in

Her:Thank God your okay

Me:Where is Luh?

Her:He is fine

Me:I want to know

Sarah:Where are my parents?

MrsN:They uhm are not here and so are the guys who fired shots

Me:What how?

Her:I can't stress you with that come I'm taking you too to a safe place

Me:Please tell me where my parents are?

She sighed then sat flat on the ground,this woman is beautiful rich and famous but she is free too free spirited

Her:You parents were told that you know about them I think this was planned,someone rescued them but now it's like they were kidnapped the shooting was a cover up

Sarah:No way

Her:Yes they will come back when we least expect it though

Me:And they left Sarah behind?their own daughter

That slipped out

Sarah:How did-Know what never mind,I don't have parents anymore what am I going to do?

Que showed up

Him:We can go to Cape Town together

Sarah:I can't

Him:You can and you know you want to

Sarah:I have no option do I?

Quintin nodded,Luhs mom helped me up

Me:Is Luvuyo okay Que?

Que:Yeah

MrsN:You guys are all coming with me you are going to leave all your belongings here

Me:Why?

Her:We bugged someone knows our every conversation and move

Me:How?

She smiled at me,My life is becoming even more complicated and I'm dragging my in laws along

We were told to change the clothes we were wearing, I kept looking around hoping to see Luvuyo but he was nowhere in sight Me: Que where's Luvuyo? Him: We'll meet him there Me: Did something happen to him? Mrs N brushed my arm then smiled Her: Don't worry honey he is fine I promise Sarah on the other hand was sad, Mrs N got on the passengers seat while my siblings and I sat at the back. I could understand what Clara was going through though it was 5 times worse with her these are her own parents, I'm sure there's a small amount of guilt for telling us but she did good I reached for her hand since she was sitting in the middle she looked at me then pulled a smile which seemed like a difficult task to do. I opened my eyes and I was in bed, a different room I rubbed my eyes to clear my vision, I almost screamed when I saw a person next to me but I saw the hair Me: Luh Him: Hm Me: Luvuyo Him: Babe Me: Stand up Him: Hmhm Me: I'm hungry please I don't even know where we are He kept quiet then got out of bed he was only in his underwears and had a bandage around his stomach I hurried to him Me: What the hell happened? Him: The bullet almost got me Me: It did get you Him: It isn't that bad really Me: Who brought me to bed? where are we? Him: I did and I don't know where we are Me: Oh I'm guessing it really isn't that bad He threw a robe at me I wore it and so did he Me: Can't wait to give birth and hold my baby, nice place Him: Thank you on behalf of

whoever owns it Me:You know it's your parents He laughed then continued with his task Following day we were all summoned to the living room Luvuyos dad was there wearing a \$aints jacket Him:Morning kids Us:Morning Him:I'm sorry that you had to be locked up in here for this period of time we will try track all of them down then you will be free Sarah:Do you know where my parents are? MrN:They skipped the country His voice was filled with worry Sarah:Ow MrN:You two should take care of one another you all you have,Quinton Luvuyo training time They stood up at the same time and left Sarah:I can't believe this is happening Me:Neither can I,I can't even enjoy my pregnancy Her:The worst part is not knowing when this will end we might stay here for months Me:The \$aints are good at what they do and I can't give birth in here no Her:I wish I didn't tell Quinton that my parents killed his parents because of jealousy and greed then took their son to hide their deeds the same way they did to you Me:How do you know all this? Her:This other time Quinton and I bumped each other in the kitchen,we ended up kissing after wards it was something we did casually I mean if we were really siblings we were going talk about how gross it was but instead we grew closer and closer till he said we should do a DNA test it came back saying we aren't even cousins that was before Mandla passed,Que had already known that his parents were killed by mine someone sent him pictures Me:Yet you guys are still together She smiled with tears Her:I love him

a lot sometimes I think more than I should Me:To a point where you feel you can't live without them right? She nodded Me:I feel the same way She giggled wiping her tears Two weeks had already passed

most of the time I was with Sarah since she was done with her Degree I think,and Que was busy with the \$aints...Luh would come back 2 days or 3 days apart I wish he'd stay with us more often I needed him to stay I was now almost 7 months pregnant it was a wonderful experience feeling my baby kick,getting hungry as many times as possible. It was the 3rd week and surprisingly Que decided to pay us a visit,Sarah was beyond ecstatic she couldn't hold back her giggles when Quinton kissed her Me:I missed you so much I hugged him Him:You are bigger than last time Me:Ouch here I am exercising but you are instulting me that's cool brother Him:Not in a bad way Me:Yeah right I know you Que,Sarah will get pregnant someday I hope she troubles your ass Sarah:Pearl Me:What it's the truth hah They both laughed while their hands touched,it was a good sight 5 hours later Luvuyos presence came like a hurricane,he was literally running and sweating.I had contractions but I kept quiet about it Me:Hey are you okay? He hugged me then kissed my lips,I grinded my teeth when the pains came back again no one noticed Luh:They are back Que:The Mexigangs Luh:Yes and they really want the band Sarah:Where is it? I started sweating,I would bite my lip Me:Luh get the car Luh:Are you

okay?you sweating and biting your lip Me:I think I'm going to give birth His eyes widened he moved back a little Him:As in now isn't too soon? Que:I'll drive help her to the car I could see panic on Luvuyos face Luh:But they are hunting you down,what if they take our baby or you? Sarah:Her water just broke The pain was getting worse Luh:Oh God oh God oh God oh sweet Jesus Me:Luvuyo snap out of it you piss of shit and take me to that bloody car before I kick your dick He faked a smile the brought his hands around my waist,he was trembling I could tell he was nervous

7

We have been driving for ages and Luvuyos panic isn't doing me any good

Me:Aaaaah Sarah why aren't you the one sitting here?

Luh:I am the baby daddy

Me:Dear God it's too soon

I wasn't supposed to give birth till July and it's only the beginning of June

Me:Dear God,Alah,Bhuda whoever is listening please I beg you to give me safe delivery I've lost too much I can't lose my baby

I was wet from tears and sweat

Luh:Everything will be fine my love just breathe in breathe out let's do it together

We did for a minute before Luvuyos baby decided to knock again

Me:Goodness gracious me

Que:We here

Me:Fuckin Snail

Luh:Bring a wheelchair or something,Come baby

He held my hands then helped me out I was pulling his top I hope it won't stretch

The few nurses that were there brought a wheelchair of which I almost fell out of since I was in deep pain

Luh:Why the fuck did you bring the wheelchair I'm pretty sure you knew this would happen?

And there goes the short temper

Luh:You useless this is a damn private hospital you should know this

Me:Get the baby out of me!!

They took me to the emergency room,Luvuyo was with me all the way apparently I couldn't give birth naturally I was really tired drained so a C-Section was the only option,they injected me I couldn't feel my body

Me:You okay?

I asked Luh who kept wiping his eyes

Luh:I can't believe our miniature is finally coming

I simply smiled at him,I was getting drowsy

After some time of cutting me open Luvuyo was given our baby

Luh:It's a girl

He showed me a tiny baby

.

.

.

Luvuyo

Me:Guys you are here

They all looked scared it was my mom,dad,my twin and Que and Sarah

Mom:How is she and the baby?

Me:They took the baby to the incubator she was too tiny but she'll be fine

Dad:It's a girl ?

I nodded

Me:You guys going to stay with me?

Mom:We will come back when Pearl is awake there are people guarding the hospital

Me:Thank you mom

They all left with Que and Sarah leaving the keys to the other car with me..I checked up on Magnum who was still sleeping I wanted to watch her sleep but I was drowsy I stood up and

went to buy myself a cup of coffee, it took longer since there was some women arguing about some shit

I found Pearls room empty, she couldn't have woken up

Me: Excuse me my girlfriend was in there but she's gone

Nurse: She's probably in the toilet

Me: She wasn't supposed to wake up in the next 6 hours

Nurse: I'll go call the Doctor

"Everything okay son?"

Me: No Doc my girlfriend isn't here.

Doc: Okay stay here in case she comes back, I'll go check with the Securities

After 15 minutes the Doctor came back

Doc: Someone took her 25 minutes ago

Me: What? this hospital is a fuckin play ground

I ran to where my daughter was while dialling dads number

Me: Dad Pearl was kidnapped

Dad: What? Now?

Me: 25 -27 minutes ago

Dad: I'm on it

is the baby okay?

I looked through the window

Me:She's fine

Dad:Stay there

An hour later mom made her way towards me

Me:Tell me you found her

She shook her head and hugged me I was being emotional

Me:Who took her?

Mom:The Mexicans are back

Me:God no

Pearl

I woke up to pains all over my body especially my abdomen,I smiled to myself I am a mother the best gift any woman could get is a child but my smile faded as soon as I saw the unfamiliar surroundings

There was a tv, Fridge, a cupboard, A bed this place looked exactly like the one Mandla kept me in when he didn't want me to kill his baby of which he ended up killing

Me: Hello!

If this place is where Mandla held me, then there are chances it has an intercom

"Look who decided to finally join us, welcome back princess"

Me: Why am I here? is my baby okay

Voice: Of course the baby is okay, it's you we wanted

Me: Why?

Voice: You know

I tried thinking of the reasons someone would kidnap me and I only came up with one which was the only reason anyone could kidnap me

Me: You want the band

Voice: Good guess, we will talk after you've thought about this

Me: Please! Leave me alone I know nothing about the band

No one said anything

Me: Hello! Hello

Nothing,I curled myself up and cried This was torture I don't know why they had to drag me along with this they should have finished their beef with my parents 12 years ago,My breasts were heavy and wet it was clear I should be breast feeding now of which we would probably argue about with Luvuyo,I hope my baby girl is okay I didn't even get a chance to hold her or name her,I only saw her for 2nds

Whoever is holding me hostage better kill me otherwise if they let me go I will kill each and every one of them slowly and in the most painful way

8

The last 6 days were torture, I have been screaming for them to get me out but I got no response they asked about the band each and every single day of which I didn't know where it was, I wanted to be with my baby more than anything.

I haven't healed yet and it hurts a lot some days, I was literally going crazy I wanted to stand up throw things around but I was too consumed by pain

I missed the love of my life I wish at least they had given me 3 days after the pregnancy

I was tired and hungry they fed me only once, I couldn't bath there was no shower or tub only a toilet seat at the corner of the room,, I had to suffocate from my own sanitation

Me: Please Let me out

I've had enough I shouldn't fight like for money I can probably make this isn't fair to my baby or to anyone around me.

With the energy I had left I stood up and made my way to the frigde

Me: Why are you empty? they put you here to spite me huh?

I leaned against it then laughed... I was turning into a psychopath, I haven't drank my antipsychotics for as long as I can remember

Me:Let me out I'll tell you where the band is,please

An unpleasant sound came through

"What was that sweetheart?"

Me:I'll tell you where the band is

An evil laughter followed before I heard people march towards where I was the sound got close then the door opened..My eyes closed involuntary,a number of guys walked in with breathing masks

Me:Fuckin hypocrites

They picked me up I dozed off,A cold breeze woke me up..They decided to wake me up by pouring water from my head to my toes I screamed and screeched when it reach my stitches,this thing doesn't want to heal

My fathers face appeared in front of me with a huge smug,I was tied in a seat

Dad:I heard you remembered where the band is

Me:Why did you tie me here?afraid I might kick your ass aren't you?

I was smiling

Him:I wouldn't be scared of you,now talk

Me:I will talk

He looked at me with anticipation

Me:After you've given me food

Him:You not supposed to be giving me terms but since you my daughter food you'll get

He left me starring at the wall all alone and shivering from the cold,this will give me one hell of fever

I heard a sniffle then my mom sat in front of me she looked horrible,depressed if I may say

She gave me a fake smile then took a spoonful from the plate in her hand she fed me

Her:I'm so sorry baby

She whispered,I wasn't moving my eyes from her face yet hers left my face after a second of starring

I thought my dad was the most loving one from the two of them but after today I think they pretty much the same

Me:I'm fine

Her:Are you sure?

Me:Yes I'm a little dry though

She giggled nervously then reached to the floor to pick up a bottle of juice

Advertisement

she helped me drink it

Me:Thank you

Her:33 Mouscow road,Tarry building ground floor lead them there

I was shocked mostly because she was leaning too close to me

Me:You don't like this do you?

She looked up probably at the cameras

Her:No,the \$aints are waiting there tell them the band is there

Me:Thank you

"Right sweetheart come let's go"

Mr Harpers voice said from behind me,an ugly man came with a chair and sat in front of me he brushed my face then adjusted the ropes on my hands I could feel them dig my skin

Him:Full now aren't we?

Me:I am are you a fool perhaps ?

He slapped me so hard I felt my neck twist I turned back to him

Me:Easy you don't want to kill me before I talk now do you?

Him:Don't you dare patronise me

Me:We are psychopath though,especially you guys

Him:Kamalei talk

Me:Easy now no need to hit a nerve,I might not talk

He punched me I literally felt my nose break,I screamed fuck this is painful than labour pains

Him:Guess I am psycho

I was now crying,he brought his two fingers to my nose and pinched it

Him:Where the fuck is the damn thing?

Me:33 Mouscow road,Tarry building ground floor I hid it there

Him:You sure?

Me:Yes yes please

He let go of my nose,I exhaled loudly, that really did hurt

Him:You coming with

He knocked the back of my head I blacked out

I was woken up with a bucket of water again

I coughed and held where it was painful,I flinched when I touched my nose it was swollen,

I could feel a sting on my ankles,wrists,cheek lips but the nose took the medal I was pulled out of the car I hit the floor with my back I swear I felt my skin open up.These people are a definition of ruthless

I helped myself up,30 40 guns were pointed at me my dad showed up from the crowd

Him:Where is it?

"Hola Mexicanas and back stabbers"

All our eyes followed the voice,Mr \$aint who is my father inlaw had one nice gun in his hand and a burning wine glass with 50 60 other man

Him:Did we ruin the party?

So mom did keep her word,how sweet?

9

Every ones heart was beating like crazy,their chests moved up and down in slow motion anger was visible in each and every one of them

Crane stepped forward with 10 other guys

Crane:Are you going to let the girl go?

The man who buttered my face answered

Him:No after we get what we came here for

Crane:Honestly do you think I can give you something that doesn't belong to you just like that

Him:I wouldn't is it war you?

Crane:All in good times for now I want us to play a game

We all followed his amused Chinese eyes to where he was looking which was the ceiling

He laughed

Crane:Duck

In less than a second the ground floor was filled with smoke and someone pulled me,I couldn't see clearly and I was coughing profusely

Whoever put me threw me to the front seat the I head a loud roar of an engine,I looked back the car was reversing pretty fast

Me:Impressive

I turned my eyes to the driver

Me:You came for me?

He smiled still not looking at me whenhe brought his face to look at the front he abrutly hit the brakes making me lean forward but my hands were quick to protect me from hitting my nose again

Him:What the hell happened to you?

Me:Shit happened,where are we going?

Him:We skipping the country

The way his hands held the steering wheel so firmly and how he looked serious while driving fast

Me:Is my baby okay?

Him:She's fine,she has my eyes

I giggled

Me:She's 12 days old right?

Him:Yep

A smile formed in his lips,he was happy to be a father

We were driving towards the Eastern Cape I think, due to tiredness I fell asleep...Luvuyo woke me up my body was even more painful

Me:Where are we?

Him:Margate,We have exactly an hour to fix you up

I nodded then got out of the car I had trouble walking I might have hit my back hard we walked in to these flats he knocked on someone's door a tall brunette opened the door

Her:What do we have here?geez what happened to you

Luh:Fix her wounds you have only 25 minutes

Her:You are exactly like your father

Luh:I don't care

He sat down the lady examined my face

Her:Close your eyes and don't move

She sat on top of me then held my nose

she started pinching its tip with full force she brought it back to its position

Me:Holy fuck!!

Her:Does it feel better

Me:That was shit painful

Her:You need to bath first

Luh:I'll go with her Paige

Paige:I wasn't going to ask her on a date,I'll find you something I think you pretty much my size

Luh:You wish she got curves unlike you

Paige laugh she didn't seem offended,Luvuyo helped me take off my clothes I took a shower I could feel the scabs tear of and watched the blood getting washed away,It's been a while since I bathed nor seen the sun I gave birth at night,Luh and I driving at night

Luh:Magnum be quick

Me:I'm done

I got out and wrapped a towel around my body

Me:Where are my clothes?

Him:I threw them away there were torn

I nodded

Paige let me see your body I gave Luh the towel his eyes were fixed on my body he wasn't even fazed

Paige:I need at least 35 minutes

Luh:Make it quick

She took out a lot of things she cleaned my operation first then went to my back the face

Her:Well that should do

Me:Thank you

She gave me pants and a long sleeved t-shirt

Luh:Let's go thank you Paige

Her:I'll send you the invoice

Luh:Go fuck yourself

Her:I always do

I wanted to laugh but I was irritated and dead hungry

Luh:How long can you go with an empty tummy

I shrugged

Him:You okay

He reached for my shoulder

Me:What is she to you?

The car was moving

Him:Paige

I looked at him

Him:She had a crush on my mother it was stupid cause she's ridiculously young and I saw how she looked at me

Me:She's gay

Him:Yes wait you thought?hahaha wow

Me:Stop I'm already embarrassed

He cocked his head before increasing the speed,the car slowed down and we turned to the left

Me:Where are we?

Him:Port Edward

Me:Mhmm

He went to KFCs drive thru I was already swallowing my saliva,he went back to the main road again

Him>Welcome to the Eastern Cape where my roots are and so are Thandolwethus

The sun was rising so you could see the surroundings

Their houses were different from ours it looked more like the houses they have back at the Ndlovus

Me:Wait who's Thandolwethu?

Him:Our baby girl

Me:What does the name mean?

Him:It means our love

I smiled at him

Me:Good choice

Him:I know

Me:Cocky now aren't we?

Him: I do have a cock

Me:Shut up

I was blushing, I missed this I missed us

Me: Are we safe though?

Him: Only for a while, there's too many of them they won't outnumber us but they good killers

I sighed, He reached over to my side he brushed my thighs

Him: Hey don't worry will be fine

I smiling wanting to believe him so bad. I had to believe him

10

I could see clearly now, the gravel Luh was driving on was rather uncomfortable

The houses they weren't that nucleated, there were cows and goats with their herds, Luh used a path like place, he got out of the car and opened the gate this home was beautiful and huge

Me: Wow who lives here?

Luh: My grandparents and my father grew up here, him and mom used that flat

Me: It looks nice but small

Him: It's spacious but you'll see it

Me: Why didn't you tell me we were coming here though look at me?

Him: Don't worry Pearl they know the story and they'll love you

Me: Don't justify yourself

Him: I'm not

Me: Yeah sure right

He laughed, then we exited the door he took my hand an old woman made her way to us

Luh: Khulu

Khulu:Wele (Twin)You have grown up to look exactly like your dad

Luh:He is my father

Khulu:We know the story,hello young lady are you okay?

She shook my hand,she seemed nice

Me:Yes ma'am

Her:Call me Khulu nana,you and your father don't like them like me huh

Luh:Nope we love them mixed race

They both laughed before Khuku told us to follow her ,she opened the door to the flat Luh said was his father.

My eyes widened as soon as I smelt baby powder and baby food,I could feel my eyes burn because of tears I sprinted inside I was welcomed by a small figure on the bed,the room was warm on the side of the bed was an Avent bottle and milk

I looked at Luh he nodded with a smile,I took more steps forward bending a bit I removed the blanket the most beautiful human being appeared she had a cream skin colour exactly like mine,her face was hairy she was sleeping her hands on both sides of her face they had socks on or gloves I'm not sure,I tear dropped to her cheek She stuck the tip of her tongue out and tried moving her head

Advertisement

she opened her eyes,she really had her dads eyes

I placed her on my chest

Me:I love you Thandolwethu,I love you so much

I felt Luh wrap his arms around me

Him:She is beautiful isn't she?

Me:Yes

Him:Thank you so much for such a wonderful gift

I smiled failing to talk due to the hiccups I had,thank you God for this moment

I spent a lot of time in the bedroom with my baby...A week passed Luvuyo showed me around he even showed me where his mother stayed when she was still young the place was burnt but not in ashes I hadn't asked any questions I didn't want to hear the answers I just enjoyed being with my daughter

On the 9th day Luvuyo woke me up midnight

He pulled me to the bathroom not wanting to wake the baby

Me:What?

Him:We are leaving

Me:Now?Why?

Him:They have a trace of where we might be

Me:I can't keep doing this to my daughter

He sighed

Him:She can't come with

I shook my heard

Me:No Luh I am not going to leave my daughter she's not even a month old

Him:Baby please we need to do this for her safety

Me:If we move where will she stay?here?they will find her I can't

Him:She's leaving with my grandparents

Me:Luvuyo please don't do this to me

He pulled me for a hug

Him:I'm sorry for doing this to you baby but we have to

Me:Let's give them the money

Him:It's no longer about that members died this is war

Me:God no

He peeled me off his chest and starred in my eyes

Him:We leaving in the next 2 hours

Me:Okay

We showered together as quick as possible,He took Thando to his great grandparents after I cried not wanting to let her go they left first I packed while Vuyo was busy with something

Him:Let's go

He took the back and packed them in the sport car

Me:When did this get here?

Him:It was hidden in the garage

Me:Okay

We sat down and I did my belt while he drove off pretty fast,by the time we saw the sun he was parking the car near an ocean I wasn't familiar with,I didn't want to say a word I wanted my baby,I missed her

Me:When did they discharge her?

Luh:5 days after birth she was pretty a healthy baby

Me:Okay

I didn't want to say no more,there was a beautiful yacht waiting for us

Me:Why didn't we drive?

Him:It'll be easier to find us on road

I nodded a guy approached us he shook Luvuyos hand and took some of our luggage, apparently he had all this figured out Long before we even left he bought me new clothes, the last 2 hours I've done nothing but hug myself and cry, I missed my child

The Yacht had a bedroom conjoined to the bathroom and a kitchen the driver has his own room at the top

Luvuyo sat next to me on top of the bed

Him: Baby please you hurting me

Me: I want this to end already, I'm bringing back my old self

Him: Your old self?

Me: Yes I want to know who bugged our damn place I want to kill them with my own bare hands, I want to be part of the Saints

Luh being understanding pulled me closer to him he was avoiding me, his soft warm lips met mine he pulled my lower lip, ran his tongue over them my breath hitched

Him: I missed you so bad I closed my eyes and enjoyed the kiss

Him: When you heal I will do things I've never done to you

My breathing was loud Me: I can't wait

He kissed my lips then broke it, he did nothing but stare at my lips I smiled

11

This whole encounter of being on top of a deep ocean without knowing if we safe or not made me feel uneasy, this reminded me of the old times when I still had the Harpers as family and we would usually go on cruise or travel on plane those were good times, I hate to admit but a part of me misses my dad he was the one I was greatly fond of.

As for mom where ever she is I thank her for giving me this escape

Luh has been busy training I on the other hand was watching him while playing with a knife I found on the kitchen, my body was excited I haven't touched a knife for a while and now that I did it felt so good I love this feeling

A loud horn alerted both me and Luh we ran to the top

Luh: Finally we are here

Me: Are we going to burst caps or we going to hide?

Him: You've been watching Why did I get married haven't you?

Me: I just love how the lady says it

Him: Well there are caps to burst but has your operation healed

Me: Pretty well whatever Paige used worked, I can't complain

He snickered,robotic guys helped us with our luggage I noticed we were in Durban Harbour

Luh:You'll need training though to remind yourself of what you capable of

Me:You do know I can throw a knife at a persons heart while standing on my head

Him:Look who is giving themselves credit,but babe you really good with sharp objects

Me:I know

Him:You supposed to say thank you

We were loaded to a big boat

Luh:This is where you'll train

He opened a door it was big inside and was divided in 3 parts,one a shooting range,2 an aiming range and the 3rd part was a gym you couldn't hear the gunshots though it was made with glasses

Me:This is nice,I'll start with the gym

We spent the rest of the day exercising,the next day I was throwing knives as I assumed I was still good at it not forgetting that I'm a good wall climber thanks to the gymnastics class

I had finished fighting a guy when Luh rushed in

Him:They know where we are get ready for kill

He threw clothes at me the guy left us as we hurriedly got dressed,Luh handed me my belt it had knives

Me:Nice

I smiled he returned the same gesture

Luh:Pearl stop hovering your knives and concentrate or we will die

Me:I am also panicking here am I not but I'm managing it very well

Him:Good cause if you aren't we both die

Me:Geez relax horsey

Him:Horsey your ass

Me:Your dick

Him:Jesus Pearl you so challenging

Me:Whatever,let's do this

I walked behind him I also had a gun in my hand my grip was too tight,my knuckles were pale from the tight grip.A faint gun sound went past me I was buried in Luvuyos chest while he shot behind me

our guns were silence just so the rest of them couldn't hear where we were if we shoot one of them

Luh:You okay?

I nodded

Me:Why did you use me as a shield

Him:Your clothes are bullet proof sweetie now clear your mind and guard me.

We walked up the stairs dead bodies were lying around I couldn't figure out whether it was the \$aints or the mafias

When we reached the top a guy appeared from behind Luvuyo he was aiming for the head but I aimed for his heart,bringing him to his death in a second.

Two more guys appeared and more,we weren't covered it was him and I against them we would switch sides and shoot,I must say we were pretty fast

Three more guys appeared before we could shoot them they were already down,Vuyos mother appeared behind them she played with her guns the inserted them to the side of her pants

Her:Come quick

We ran behind her

Her:Jump

We jumped I felt my body hit the hard material of the boat I almost rolled over to the water when someone grabbed me and pulled me up

Me:Siyanda

Him:I'm back sis

I hugged him

Me:I missed you

Him:You hardly call

Our brother-sister moment was disturbed by gunshots from the ship but the driver swerved it as quickly as they could

Luh:You are okay?

Me:Yes

Luh:Mom?

Her:I'm fine,You guys make a pretty good team

I blushed

Luh:That's why we together mom

I looked at the driver and I instantly saw the familiar blonde hair and the intimidating posture

Me:Mom

She turned to me nervously

Me:What are you doing here?

MrsN:She borrowed us the boat

I walked towards her and sat on the seat next to her

Me:Thank you for everything

Her:I'm your mother it can not be my birth but your my daughter,I can't risk my children because your dads is too loyal I just can't

I touched her hand she smiled nervously

Me:You don't need to explain or condemn yourself for doing what's right though this is all wrong but you did the right thing

I kissed her cheek and joined the others,it is long till sunrise and my body is ready to give in I've been training extra hard the past few days and since I lost weight,I can't strain my body that much anymore

Luh:So where are we going?

MrsN:Home there are other members there,we going for a kill now

I remembered the first time I went to that house,I fell for Luh because of his attitude and how he danced it was his party and he enjoyed it,I remembered how he threw me my 18th

birthday party last year then gave me a lap dance,we heard a good night

Someone cleared their throat I looked up and Luh looked amused he leaned closer to my ear

Him:What you thinking about?

I giggled

Me:Our first s uhm ex encounter and birthday party

He chuckled,I could feel his warm breath hit my neck my hormones were pretty first,it has been a while hasn't it

Him:Quite a memory right

I nodded and looked away in embarrassment when I saw his mother looking at me with the same smile her son gave me a few minutes ago

12

My breasts were itching and fuckin heavy,I was too tired and walking on sand to reach Luvuyos house was agitating my tiredness geez

Not mentioning how hungry I was

Me:Where are your siblings?

I nudged Luvuyo

Him:Cape Town with the rest of the family that needed protection

Me:Hm

MrN:Finally

Mom:I haven't walked for a long time

Me:I agree with you

The house was rather secured judging by the length of My mother in-laws password and the guards that were in each and every corner of the house

Her>Welcome home,Mrs Harper come with me

Luh took my hand and we went to his room

Me:God I'm tired

Him:Really?

Me:I just said so

Him:Let's go take a shower

He removed his shirt revealing his toned skin that had no tattoo,while I had a dragon on my back he placed his guns on top of the bed before removing his pants,I bit my lower lip

This was too frustrating

Him:Are you going to undress or you'll stare at me?

Me:I have every right to stare you are mine all mine

I cleared my throat when he moved closer to me,I ran my hands along his toned muscles I swear he's been working out,I brushed his stomach he groaned

Me:I need to take off my clothes

Him:Let me

He murmurs with a raised eyebrow,I raise my hands and let him pull the shirt above my head,he crouches in front of me unzipping my pants I step out of them he stands up again,his eyes are now smaller than they usually are he brushes my waists then undo my bra he throws it on the floor and brings me closer to his chest,I could feel the warmth of his body against mine his one hand moves to my hips,his finger leaves traces on my castle

I choke on my breath he grins

He inserts his finger inside my underwear I close my eyes
enduring the moment,I can feel his eyes on me

My lips are parted,his finger makes me moan

Me:We need to bath

I clear my throat and attempt to open my eyes but they don't
cooperate,my body is heating up

Luh:I know

He brings the finger that gave me pleasure to his lips he inserts
it in his mouth the licks it

Him:So fuckin good baby

His hand is quickly placed behind my thigh he lifts me up I wrap
my other leg around his

He walks to the bathroom with me wrapped around his body
he opens the shower door pressing me against the wall

Me:My breats need pumping

Him:You can milk all over me woman

I giggled like a child

Him:I love you I loved you ever since I met you

Our nose brushed

Him:I wanted to stay away but I couldn't

Me:It was inevitable babe

He grinds his hips and I could feel his bulge against me

increasing the pain between my thighs

He places me down,his eyes stare down at my breasts they were quite appealing

Him:You still look good

Me:For you

We kiss his kiss is rough but I don't complain it feels so good,it's not long before he pushes me against the wall while biting my lips,He picks up one leg his underwear already gone he slides mine sideways and goes in slowly

I pant and exhale loudly with every deep thrust,His lips trailed my neck and would come back to my lips before he goes back to kissing my neck and shoulders

Me:I'm gonna cum

He goes even quicker I release and so does he after me

Him:Fuck I love you

Me:I love you

He turns on the water we shower having a hard time not looking at each other,I walk back to his bedroom naked and he walks in after,my hands on my waist revealing my body I am too confident

Me:I need something to wear

Him:You don't need to wear anything

Me:Fine

He grins then watches me as I get inside the bed covers he soon joined me not dressed he parted my legs and got between them,our mothers were downstairs but we were too occupied

That's why I only woke up late,I wore his T-shirt and shorts then made my way downstairs

Mom came in she looked good

Me:Hey

Her:That was a refreshing how are you doing?

Me:I'm doing good

Her:You glowing I see

Me:Thank you for noticing

She took a coffee mug and poured coffee then sat down

Her:Baby I heard you wanted to join the \$aints,why?

Me:I want to be protected at all times

Her:But it's signing your life away

I was about to answer,luh and his mom walked in

Mom:I'll be at the back please come there I nodded

She left us there,Luvuyo looked at me and smile I noticed something was different,his teeth were in a straight line and pure white

Me:You removed your braces oh my God you removed your braces

Him:Suprise

We were inches apart I ran my thumb against his teeth

Me:They are beautiful you beautiful

MrsN:I'm going to work

We totally forgot about her presence

Me:I will remove mine soon

He chuckled

Him:I want to make love to you so bad

Me:And I need to talk to my mother

I took the glass of juice on the island and joined my mother near the pool

Her:Glad you came

Me:I wanted to hear what you want to say

Her:We hired Clara to bug your apartment after you moved out,we always bugged your bag that's how we found out about the band being in your possession,we over heard you talking to Siyanda

Me:I'm going to fuckin kill Clara I dare one of you to tail my ass I swear to God I will do something I'll regret

I stood up and shoved past Siyanda who was standing at the entrance,I was beyong infuriated I was mad

13

Luvuyo found me fastening my belt

Him:Where are you going with you knives?

Me:I'm going hunting

Him:Why?

Me:Because I was stabbed in the back okay?It fuckin hurts

I wore his jacket on top

Me:Can you borrow me your car keys?

Her:Sure I'll call the security guy he'll let you in

Me:Sure we will go see her just now I have to tell the nanny to leave soon

Clara:What's her name?

Me:Thandolwethu

Her:What does it mean?

Me:Our love

Luh came back after a few minutes he had bought Krushers for all of us

Me:Can I drive?

Luh:No I'll drive

Me:Please

Him:Fine

He threw the keys at me I smiled

Sasha:You guys are cute

Me:Thanks babe

I kept looking at them through the rearview mirror I knew Luh would be smart enough to mix the pills before he came to us

Luh:They are asleep

Me:You sure

Him:Yeah

Me:There's one problem

Him:What?

Me:I need a place to keep them in

Him:You had this all planned out but you didn't think of finding an accommodation

Me:It slipped my mind don't shout

Him:I'm not shouting Pearl

Me:You are

Him:Fine I'm sorry but you need to plan next time we can't be wandering around when our lives are in danger

Me:I get it I'm sorry

Him:Move the seat back I'm jumping over

We exchanged sits,Luvuyo increased the speed

.

.

Clara

My head was a bit heavy I was tired,I opened one eye I was in unfamiliar surroundings

I told my self to not panic

The door opened Pearl walked in

Me:Thank God you here

I was about to charge towards her when I noticed I was chained to the bed she sat on the chair and looked at me

Me:Spank what's going on?

She stabbed the apple she had then slowly cut it,She looked piss

Her:How much did they pay you?

Me:Huh?

Her:I know you bugged me and you were working for my parents

I breathed in heavily,It was obvious she knew

Me:They bought me a car

Her:You sold me for a fuckin car,there is something else?

She bit the apple

Me:There isn't

Her:Yes the is why won't you fuckin tell me

She threw the apple at me I managed to duck before it hit my face

Her:You don't want to talk huh?I will make you talk

She took off the jacket she had revealing different kinds of knives

Her:I want you to sit still don't you dare fuckin move

I nodded

.

Pearl

When the first knife passed her face she was startled I could hear her breathe and I fed off her fear

Me:Talk what else did they give you?

Her:Money

Me:Noo it can't be the only reason you went through so much trouble Clara,damn it

I threw the chair across the room

Me:I will kill you Clara I swear

She sniffled,I took another knife and threw at her arm she screamed in agony I went to her and pressed the wound her face was turning red

Me:Talk you bitch!!

Her:My father and your father are brothers

Me:What was that?

I pressed even hardet

Her:They have the same mother and they work for the Mexicans bugging your place was a part of my revenge for Luvuyo but I was forced to do it

I let go of her wound,talk about a massacre this is real whore shit

Me:You've done me wrong and people who do me wrong die

Her:Please Spank I'm your friend

Me:Don't get it twisted,you and I are rivals

I pulled out the knives from the walk and walked the guard was standing there

Me:Finish her off

With that said I walked away

14

My heart beat increased when I saw my father in law stand alone and walk towards the house. I slowly let go of my body, I had no hope that she was alive even if she was I don't think she's in good condition. He took the stairs that are outside and made his way to us.

Him: We were late.

Me: Oh God.

My body betrayed me, I fell down. Alone we caught me before I hit the floor.

Me: No no no!!

My voice sounded trapped my screams ripped my throat apart.

MrN: The car caught fire they all died there.

I covered my ears I didn't want to hear anything anymore. These people were all I had as much as they betrayed me but they were the only parents I knew, it might have been a cover up but they loved me I know they did they had to love me.

My body immediately shut down.

MrsN: Take her to the bedroom.

I felt myself being lifted off the ground to a bed I grabbed the sheets and cried my lungs out. Anyone who would try talking to me didn't get a response I didn't know what to say, I didn't feel the need to say anything. Crying was the only thing I wanted to do Luvuyo sat next to me and removed my hair.

Him: I wish I'd share your pain with you I hate seeing you like this.

He sniffled, I knew he'd cry eventually. Him: Everyone is coming back tomorrow morning, even Thandolwethu I hoped you would act fine.

I shook my head no.

Him:I'll let you rest then.

He kissed my cheek and left a few minutes later someone else walked in I shut my eyes and pretended to be asleep,their silence got the best of me I ended up turning around and was met by mother in law .She sat on the bed and opened her arms for me,I went in apart for smelling good,they felt warm and motherly her embrace was so welcoming I ended up falling asleep in her arms.I woke up with her besides me asleep too. I couldn't help but smile,I had a throbbing headache I could hardly keep my eyes open I went to the bathroom and cleaned my face when I saw my face all the pain came back I wiped my tears which was useless because they kept coming. I made my way to the bedroom Mrs N was nowhere to be found,the room was lit by natural light it must be morning I assumed. I was hungry but I had no appetite I found everyone downstairs Quinton made his was to me.

He didn't say anything he just hugged me, Sarah on the other hand was distraught she looked really bad Que let me go and we all sat down.

Me: Can I go home for a while?

Luh: Home as in home?

I nodded.

MrsN: You're sure sweetie we don't mind having you around here there's enough room for all of us.

Me: I just want to be there.

MrsN: Okay I'll tell Sive to drive you guys.

The drive back home was quiet

only our sniffles made noise.

MrN:Are you guys going to be fine?

Que:I'll take care of them don't worry.

MrN:Be safe.

He then left I hugged myself and looked at the house,last time I was here shit went down.My baby and I almost got killed,our parents revealed who they really were then everything spiralled out of control in a blink of an eye .As much as it pains me but all of this is over,I can finally get my life back.We were all silent we went to our bedrooms I just stayed there and starred at the ceiling..I took off my clothes and wore a costume,our pool was always clean that's what I loved about it. I covered my hair and went downstairs I looked at the water and dived in,I don't know for how long I've been swimming but my arms were tired it helped though,the wound on my arm and the ones I had on my back didn't matter anymore.What mattered was me releaving myself from the pain I've endured,someone pulled me out of the water.

Me:Leave me alone.

Que:No Pearl you can't keep doing this everytime are you trying to kill yourself,again? Me:I don't know okay?does it seem like it? Him:You not like this Pearl,you are not this fragile how are you going to react when Luvuyo brings Thando tomorrow you're a mother now

Me:It hurts.

Him:I know it hurts I really do,come let's change that bandage rap and clean that wound chlorine isn't good for wounds.

Me:I know.

He helped me up.He collected everything he needed for my wound. He instructed me to go to my bedroom.

Me:Have you called Aunt Nancy and Julia? Him:Apparently Claras mother called them after Claras body was found at a forest

Me:Is it?

Him:It was you wasn't it?

Me:No.

Him:Hm I'll let it slide,the funeral is Thursday. Me:The day after tomorrow.

Him:Yes and eat then drink your treatment please.

I nodded then opened the fridge to take something that would brush off the hunger.I don't want to land in Mental institutions but it seems like it cause the routine with my pills is pretty much the same,I drink them for a few months something distracts me I stop the circle doesn't end.

15

My hand almost bled because of the pain I was in,I had to gasp every time they penetrated my skin,the stiches weren't child play

The person cleaned my wound then gave me painkillers,they left me alone I slept in that bed.

I don't know when I woke up but there was no one I went to the room where Luvuyo was said to be in...He looked better but he was hurt,his eye was swollen he had a small scar on his eyebrow I brushed them back he opened his eyes

Me:Hi

He smiled

Him:Hey,how's your arm?

Me:No pain unbearable

He wasn't wearing a shirt and had a wrap around his stomach

Me:They always aim for your stomach

Him:Always yet that doesn't kill me

Me:It won't babe your a fighter

Him:Like you right

Me:You can say that

Him:Who's being cocky now?

Me:It don't matter

Him:We survived didn't we?

Me:You thought we wouldn't? Pssh look at us

Him:I knew we would but don't do that climbing walls shit again

Me:That shit saved your ass

He chuckled

Him:You are insane you know?

Me:Luh you should know I'm not normal by now

Him:Your my abnormal girlfriend

I laughed,He shifted then tapped next to him I smiled then got next to him we both slept in comforting positions

We were woken up by noise,more like celebration

Alondwe came to us first

Him:Guess what bro?

Luh:Don't want to guess no shit man,we sleeping

Alo:Come you guys we have a celebration to attend to

Me:A party or function?

Alo:Party like thing,Get up I want to see our parents drunk

Luh:That will never happen man

Alo:We'll see,go take a shower you both smell like blood,be on the top floor in 30 don't have sex cause you'll delay

Me:Trust me we wouldn't

He chuckled then left

Me:Let me help you up

Luh:I'll be fine

We took our clothes off and went to the bathroom which was in Luvuyos room, the clothes were behind the door

Me:I guess they knew we'd take a bath together

He was limping,poor thing

Him:Well we are parents and we can be again

Me:Not until both our wounds heal

yours look worse

We took a shower we would both flinch when our wounds came in contact with water,it was a mess

We got ready and went upstairs to the others

Luh:Aren't supposed to be in a hippy place?

Me:Suprisingly everyone is panicking

We both stood there with our mouths ajar,I spotted Asive busy on a computer I went towards her

Me:Aren't we supposed to be celebrating?

Her:We are

Me:So?

Her:There's a car missing it didn't catch fire like the others

Me:What happened to it?

Her:The tracker stopped midway

Me:Who's car was that?

Her:You don't need to know everything Pearl

Me:Fine

The anger in Luvuyos dad was visible he was shouting at one man

Him:I made it clear that we live no person alive what do you do,you shoot and run should have thrown a grenade on that damn car

Luh:Dad where's mom?

Just as he was asking his mother walked in covered in blood and dust she looked drained

Crane:Ultra-Mel what happened?

Her:They hijacked our car,I managed to jump off a moving car but Pearls mother couldn't

Me:So she is in danger ?

She nodded

Luh:I thought they were all done with

Her:They are it's only the Harper brothers alive

I bit my lip at the thought of dad and Claras father

Crane:Which direction did they go to?

MrsN:North they are maybe 2 hours away,I ran for 40 minutes

His husband picked her up then looked at the men

Him:I want 2 choppers ready in 90 seconds get busy!

Luh:I'm coming with

MrN:Son this is my fight now,you take care of your self and girlfriend,Asive

Asi:Bhut

MrN:Go home tighten the security

Asive nodded,Crane disappeared everyone got busy with their own business

Luh intertwined our fingers

Me:My mother can't die

Luh:Be positive please

People packed up When Luhs dad came back he had a beanie on and looked livid,there was no word said,We heard the sound of a chopper they took duffle bags and went out...Asive drove us kids home in silence

Alondwe was at the front seat while all the injured ones sat at the back that being me,Luvuyo and Mrs N...I breathed out loud when we parked inside the garage

The helper was busy making food her expression was neutral and unfazed when she saw us proving to me she was used to this...

We all sat down

MrsN:I'm going to bath you guys rest,you know all your rooms right?

We nodded,she whimpered going up the stairs

Asi:I need to rest now goodnight guys

Us:Night

Alo:I'm hungry

It was as though the helper heard us

Her:Alondwe dining room

Alo:Why can't we eat here?

Her:I won't repeat myself

Alo:Fine Aunty

We all went to eat then slept,I haven't slept that much for sometime but we were woken up by the sound of a chopper everyone stood by the balcony..We didn't know whether we were waiting for dead bodies or people that are alive but we waited

16

I was woken up by someone playing with my thumb I opened one eye and saw Luvuyo

Me:Stop that

Him:Sorry

Me:What are you doing here?

I mumbled and turned my back on him

Him:I missed

He answered getting inside the bed too

Me:Mhm

He pulled me closer to him and we slept,We both woke up in the morning I was happy he was next to me it meant a lot

Him:Thando is back home

Me:Really?that's lovely

I threw a towel at him he wiped his body

Him:Don't you want to go see her

Me:I need to prepare for the funeral

Him:Quinton is doing all that don't trouble yourself

Me:I need to help him

I was about to leave when he shut the door

Him:What's bothering you?

I sniffled

Me:Nothing

Him:Magnum please talk to me

I looked down

Me:I'm scared

Him:Of what?

Me:Of losing my mind in front of my child Luvuyo I am not stable

Him:You are stable

Me:Be honest

Him:What do you want me to say Pearl?

Me:Tell me I'm crazy

Him:No you not

Me:Tell me!

I screamed

Him:Now you are being crazy,so because you assume you crazy you will deprive our month old daughters right to motherly love

Me:I need to get help Luvuyo before anything else I need help

He rubbed his temples

Him:I will look for a specialist that deals with people with Bipolar she will stay here with you when you think you are fine you'll come back to me to us

I nodded

He pulled me in for a hug,I killed many people in a small amount of time and I know it'll haunt me I need to deal with it before it does .

The funeral was held at church,there was my mom and dads coffin there

It was a short service, after wards Quinton and Sarah took the first flight to Cape Town,Aunt Nancy said Julia should remain behind and watch her sisters house since I'm an outsider...I swear I almost cracked cause they didn't know shit about me

The Specialist Vuyo hired did come her name was Elina she was really nice and she did help me

For a month I isolated myself from the world,I wanted to do this alone besides Luh was busy at school and I hoped when my baby was she was fine

Fortunately Elina said I'm in a good position to be around people she tricked me in many ways trying to see if I'll explode I did a few times but I learnt to manage my anger

On the last day I bid farewell and prepared dinner,I charged my phone meanwhile when I was done I called Luvuyo

Him:Baby

Me:Hey

Him:How nice to finally here from you,how is everything?

Me:Everything if fine,I'd love to invite you for dinner

Him:As in a date like?

Me:You can say it's a date

Him:I'll wear my suit

Me:And I will wear heels

Him:What time?

Me:7 pm you have 1 hour and 30 minutes

Him:Okay I'll be there

I ended the call and smiled,God knows how much I missed Luvuyo I'm pretty sure he has healed cause I did a long time ago,the shitty part about this whole thing is that we didn't even get to celebrate his birthday but we passed that now.

I took a shower

Advertisement

I let my hair dry while I took out a body hugging dress that had a zipper at the front...It was red

I wore black stilettos,the red dress and I applied red matte lipstick my make up was a bit visible,my hair was straightned and I topped it off with perfume...The table was already set so everything now I had to wait,he was late by a minute

The doorbell rang,I tried making myself sexy then opened the door

He had a black suit and a bow tie,his hair was neatly cut he smiled exposing those teeth that make me smile...God was he gorgeous

I noticed he was also starring at me

Me:Hi

Him:Hi

Me:Come in

He walked behind

Him:I love what I'm looking at

Me:What you looking at?

Him: Pear shaped and firm

Me: Hahaha you naughty please seat

We both sat at the far ends of the dinner table

Him: How have you been?

Me: I've been good, how is Thando?

Him: She is good she smiles a lot but thank God she doesn't suck her thumb

Me: Wouldn't be that bad would it?

He chuckled

Him: I'm going to eat

We dished up and ate I was about to pour wine in Luhs glass but he held my hand

Him: Can you stop being busy for a while?

Me: Uhm yeah

He sat me on top of him

Him: You gained weight, it's lovely and I noticed you not wearing an underwear

I blushed immediately

Me: You are too observant

His hand brushed my thigh,my breath hitched his hand went up
the other one unzipped the dress

Him:Lovely

He made me stand up,he threw the dress somewhere in the
room

Him:I could eat you up tonight

Me:You can your the guest after all

My hand reached for his pants,He smashed his lips against mine
while

I changed the position I was sitting in it gave me a chance to
pull his pants to his ankles then sat on top of him,his manhood
reached the part I wanted it to

Me:Luuuh God

He buried his face on my neck kissing my most sensitive parts
while his hands were on my waist helping me move back and
forth and sideways

We climaxed at almost the same time,I pasted my body against
his and didn't move

Me:I love you so much

Him:I love you a lot more than you'll ever know

18

We took our session to the bedroom...What we needed was what we got I love him he loves me we love one another

He was playing with my hair

Him:Did I tell you how beautiful you are?

Me:Plenty of times yeah

Him:I guess I should stop now right?

Me:Nope you don't need to stop I love it

I ran my thumb across his lips he bit it

Him:So did your parents lawyer come?

Me:They haven't I wonder why

Him:Me too

Me:where is the band anyway?

Him:It's in my house we can go get it

Me:Not now I'm still enjoying this

He chuckled,next day we had a morning glory,ate a lot then we took a bath

Me:You should be grateful I have your clothes here

Him:I actually am madam

Me:You silly let's go

I noticed that he was driving a new car a BMW

Me:This baby is lovely

Him:I like red like the dress you were wearing yesterday,and
the hickies you have on your breasts and neck

I hid my face with my hands

Me:Dude stop

Him:You know I can't stop when I have started sweetheart,by
the way your fathers family called Siyanda

Me:What did they want?

Him:They wanted to see you and your daughter

Me:I got enough insults from them I can't have them judge me

Him:They won't judge you

Me:I'm pretty sure they will

Him:You like arguing with me don't you?

Me:You the one that likes arguing

Him:Here we go again

I laughed at him

Me:I'm glad I still irritate you it means a lot to me

Him:Fuck you

Me:Aren't you going to be a gentleman and open the door for me?

Him:See you inside

He opened his door and left me I wasn't suprised though he never opens for me.

The smile his mom showed me when I walked in heartfelt

Her:Wow Pearl you look Gorgeous

I smiled

Me:Thank you ma

Her:So it's your fault Lu didn't go to school

She asked with a smile

Me:I'm sorry I didn't know he had classes

Her:I'm joking honey come help me with something

She took my hand to the kitchen

Her:Please chop these for me

Me:Okay

She looked at me

Her:You going back to school next year right?

Me:Yes I am

Her:You know you can stay with us,You can't be lonely when you have cool in-laws like us

I laughed

Me:That means a lot to me ma,this family went through a lot for me

Her:My son loves you a lot I have to assure he's happy at all times

I smiled

Her:Have you and your siblings thought about what you wanted to with your parents house

Me:They want nothing to do with it anyway

Advertisement

I'll probably sell it then used the money for my fees

Her:You are independent I love it

Me:You don't know how hard it is I was spoilt a lot from a young age

She smiled

Her:You'll get the hang of it

Luvuyo walked in with my baby I wiped my hands and took her from him

Me:Oh God baby you are so heavy and grown

Luh:Not forgetting beautiful

Me:She is really pretty,what did you feed her?

Luh:She drinks a lot of milk

I couldn't stop kissing her,Luh pulled me to the living room

Him:You should come stay with me at our apartment the both of your'll

Me:That would be nice hey but next year I'm going back to school

Him:Well we will bring her here but you haven't got the chance to spend much time with her

Me:I know

She fell asleep in my arms

Luh:Let me

He took her to the bedroom then came back with a portfolio

He gave it to me

Him:Dad said I should ask you for a favour

Me:Favour?

Him:Yes open the file first

I opened it,there was a young man that looked Indian or coloured

Me:What does this have to do with me?

His father walked in

Him:He looks like you

I was still confused

Him:On Friday there'll be a function he will be the bosses guard but he won't be there you will

Me:Why me?

Him:You are going to help us steal a diamond worth 7 million

I laughed. Me: I'm a girl. They both smiled

Luh:You will be a guy on Friday guess who will be your partner?

Me:I hate guessing, Sasha walked in. Her:Hey Pearl

Me:What the hell is going on?

MrN:You guys fill her in I'm going to pick up the kids from school

My eyes were fixed on Sasha who looked extremely pretty and grown, she didn't look like how Clara made her

Me: What's up?

Luh: After the death of Clara's parents Clara's mother made sure that Sasha's family lost everything since their daughter died and Sasha didn't my father decided we help her

Me: Oh sorry but still how do we fit in this function and I'll be a guard why would Sasha be a guard's partner?

Luh: It's kinda of a disguise they don't want it to be obvious that you guards so they bring woman on the side, I laughed

Me: So I will be a man and my ex bestfriend will be my partner then what?

Luh grinned I hated that grin and I knew what it meant, it was something I won't like I'm sure of that

Luh: Remember when you said you wanted to join the Saints?

I sighed, I knew it. Him: Welcome on board

Me: I better not get killed for this mission

They smiled probably happy I agreed though I didn't agree agree but my statement proved that

19

My hair was nicely cut it was short and had a side fringe,My braces were changed to silver like the guards and I had eye lenses that were hazel

Me:Guess who has the same eye colour as you Vuvu?

Luh:Guess who will have trouble hiding her curves in a tuxedo?

Me:Go to hell I'm sure these people will be able to hide them why are you watching me anyway

Luh:I want to see you haw

Me:Right

A black tuxedo was given to me with black shoes

Me:I'm a classic man baby

Luh:With that voice?

Me:I will talk less excuse you

Him:Come give me a kiss

Me:No you've been pestering me the entire day and you expect a kiss

Him:You'll need it for luck come on

I stood up and went over to him,he wrapped his hands around my waist

And kissed me I smiled during the kiss then broke it

Him:This feels weird I just kissed a man

Me:Go to hell

He pulled my hand,Sasha looked pretty with a silver dress that has a slit ..We went over the plan one last time,we were given our fake IDs then left

Sasha:If Mr Ngema catches us we dead

Me:Chill will ya he won't catch us

The gate opened automatically I drove through the long driveway I knew the plan to the house.

Me:Powder your nose your nerves are giving it a shine

She chuckled

Her:This is my first time okay

Me:Keep a straight face please don't blow this off babe

I fixed my mic and myself before opening the door for Sasha she smiled I didn't,she walked ahead of me my hand placed on her waist I opened the door for her and walked behind her with my hands on my back this time

MrNgema:Orlando you finally

I nodded,he kissed Sashas cheek

Him:We are taking your car,come sweetheart

His date looked at me I looked away and let them walk in front of me,I opened the back door for the two of them Sasha sat next to me

The drive wasn't that long from his place to the venue

MrNgema:I'll probably make millions from this function,business man will all be there to admire the stone I found and they will partner with me

Sasha:That's very lovely Mr Ngema,the stone is rare?

MrNgema:Very rare my darling,I must say Orlando you chose a beautiful date

Me:Thank you sir

I said in between coughs,We had a reserved parking

The inside of this place was filled with old bored rich people

faking smiles

People passing would occasionally smile or nod and I returned the same gesture

Me:This place is fuckin boring

Sasha:I know

Me:Keep smiling

Sasha:Have a glass of champagne

Me:I'm a fuckin guard Sasha

Sasha:Suit yourself I know you want it

Mr Ngema showed up from behind us

Him:Orlando

Me:Sir

Him:Feel free to drink I hired enough to drive you and your partner home

Sasha:How nobel of you Mr Ngema?

He winked at her then left to take a stand

Me:Put the glass down and cover for me

I went up the stairs to the other entrance and opened the door

The \$aints walked in,Luvuyo walked in lastly

Him:I'm proud of you baby

He kissed my lips,I heard someone clear their throat it was Luhs dad

Him:That doesn't look right let's get to work

Me:His speech is 7 minutes 2 minutes already gone

Crane:Got it

Me:I'll turn off the main switch in exactly 3,7 minutes from now
I'll be able to shoot a few in only 7 minutes be fast

They nodded my father in law gave me a pleased smile

Luh:Ready?

Me:Yeah

I stepped outside on the window and used the pipes that were against the wall to walk up,I finally reached the roof I saw the small box in the center I went towards it,checked the time first then pulled the plug

Me:Wouldn't be this fuckin hard if they had the switch on the damn basement,why is it on the roof anyway?gangsters

One guy came I took my pistol and shot straight in his head a few more came before I knew every fire was directed at me but Sasha came through she was shooting behind me while I shot behind her

Me:Ncoooh you did cover for me sweetheart

Her:I'm breaking up with you after this

Me:I will first,25 down

I said through the mic,Mr Ngemas people are really pathetic shooters

Sasha:Now what?

Me:We jump off to the next building

Her:I'm wearing heels

Me:Take them off then or shove them up your ass

Her:I'm starting to think you have feelings for me

Me:Bullshit,we will jump in 3

We ran to the end of the building unfortunately one guy got her thigh giving her a bad landing,I took out my pistol and fired countless times

Me:I guess we all need a mark don't we?

Sasha:I'm going to die

Me:No you won't

I felt footsteps behind I turned around almost shooting the person only to find Luvuyos duplicate behind me

Me:What the hell?

Him:Thought you might need me to get you out of here,there's an emergency exit

Me:Sasha is hurt

Alo picked her up and we ran to where the emergency exit was I jumped first followed by Sasha the Alo

Me:Smells like garbage here,you fuckin made us jump to a dumpster?

Alo:It was an escape geez

Sasha:Pearl can you cut down on insults and help me out

Alondwe jumped out first followed Sasha then me

Alo:There's my car

Me:I'll drive take care of sweetie pie there

He chuckled then sat behind with Sasha,I guess I can say I completed a mission

20

Fortunately no one died at the mission except Mr Ngema and his partner

Me:Why was Mr Ngema killed again?

Sasha:Because he saw me and would probably hunt me down cause I'm sure he's suspicious

Me:Look who's being clever now?

She stuck her tongue out

Her:This wound is painful damn

Me:Better get used to it

Each and everyone was given their fair share of the money they got from the diamond which was actually more than we had estimated the plan was to keep selling the stone then steal it then sell it again we'd probably be richer than rich

A year later things have changed,we have grown Sasha and Alondwe were officially a couple,my baby could crawl and ate everything she got her hands on especially raw potatoes

Quinton and Sarah were more than unlove and living in the world of their own

Luh was doing his second year,I was doing my first year.I was deeply inlove with him

I did threaten a few people because of him one of them being Michelle who was so fuckin clingy he also did the same to guys at my school though.

I was driving from school Luh had no classes today.

I found him cooking

Me:Hey babe

I pecked him lips but he held my bottom lip between his teeth I giggled he finally let go

Him:I fuckin love you

Me:I love you too,why are you cooking this early?

Him:I wanted to make something and 4 pm isn't early

Me:Because you say so right

Him:You got that right sweetie pie

Me:I'm going to take a shower

Him:The towel is on top of the bed use it

Me:Owkay

I kicked off my shoes and took off my clothes,my hair was really short and blonde I loved it

I took the white towel on top of the bed it was a bit heavy and I noticed it had a heavy print I removed it and and looked at the print

"I know it seems early but I don't see the need to waste any time..Will you marry me?"

I couldn't hold my screams,I was shocked and scared but excited and happy at the same time.Luvuyo came running in

Him:Please?

Me:I will marry you idiot

He picked me up and spun me around kissing me all over

Me:When did you do this?

Him:I have been thinking about it for a long time and baby we can do this I know we can

Me:Ofcourse we will

He put me down and kissed my lips

Him:Did you have to be only in that thong

Me:You did it on purpose

He ran his finger between my breasts then played with my nipples,his hand went to my belly ring then to my underwear I stood on my toes

Him:I love you so much

He brought me closer to him while his thumb was pressed against my clitoris,he laid me on the bed and kissed my neck breast stomach then further to my feet legs

I couldn't hold back my moans he kissed the inside of my thigh then parted my legs kissed my private part on top of the underwear then pulled it down ,he unexpectedly turned me over,I heard the sound of a zipper his hand pressed my neck furthet down

I gasped for air as he made sure he reached every part of me,savouring me in every humane way...I didn't want it to end I wanted it to be this way forever

We ended up cuddling in bed

Luh:I think I burnt the food

I laughed at him

Me:I guess we have to order in then

He reached for the side board took out a ring with a beautiful sapphire

Me:Oh my God this is so lovely

Him:I know babe,you'll decide when you think you'll be okay to have the wedding

Me:Yeah I'll do that

He kissed my hand

Him:People will probably judge us and say we too young for this but baby who said you can't get married at a young age?

Me:No one

Him:Thank you,they will surely talk but we will have to let them be

Me:You do know that I'm hungry don't you?

Him:Pizza or?

Me:Steers please I feel like eating something greasy

Him:Are you pregnant again?

Me:What no dude

Him:Wouldn't be that bad

Me:Our Princess is only a year and few months old

Him:So,the quicker we finish the better

Me:You crazy

Him:Not more than you

Me:Is it

Him:Uh-huh but I love crazy

Me:I love crazy too

His phone disturbed us

Him:Dad...okay

He put it on loud speaker

MrN:Hello Pearl

Me:Hi sir

MrN:I have a mission for you guys

Luh:Yes

MrN:Luvuyo won't like it

Luh:I'm listening

MrN:You two will have to act as Indians

Luh:What's wrong with that?

MrN:You will wear saries

I burst out in laughter immediately when I got what Mr N said

MrN:The make up artists and people who will dress you up will be there in an hour good luck

He hung up

Luh:I'm not dressing up like a woman

Me:I did dress up like a man twice

Him:That's different

Two hours later we were in a car attending a function that would probably give us billions,this was the life we both chose and we were living it with no regrets,we had one another nothing else mattered
