## INTRODUCTION

My name is Siyamthanda Nkabinde a 20 year old student From Pretoria (012) Soshanguve. I am currently doing my second year at the University Of Johannesburg. I never really had a tough upbringing I've always had things come easy for me more especially with me being the only child I always got everything I wanted. My mother is a surgeon at Garankuwa Hospital and my father is a Physiotherapist At the same hospital they met in Medical School. Back In High school they used to call me a trust fund baby and as much as that sickened me I even ended up getting used to it. And my school principal called me Umajaivane because vele I was always the spotlight at school.

When I First Met My Girl Phindile I Was Probably Doing My Matric Although Her And I Haven't Talked in a while And Are In A Long Distance Relationship I Still Consider Her My Girl.The Spark Between Us Always Ignites Back When I Go Back To Pta for the holidays And When I Was Doing My First Year

I Still Consider Her My Girl.The Spark Between Us Always Ignites Back When I Go Back To Pta for the holidays And When I Was Doing My First Year I Met This Beautiful Girl Who Was Doing Her Second Year Whose Name Is Rethabile We Happened To Like Each Other At That Time I Did Not Want To Be In Any Relationship Because I had a girl back home but hey the girl was just beautiful that it was difficult to resist. We then ended up dating heyyy don't look at me like that these things happen. :)

Well This is my story and I hope you enjoy 🍷

## CHAPTER ONE

### THE FIRST OF MANY.

It has only been a week since our classes started and I'm already tired. I was on the way to my class when I met up with Rethabile She was with her friends but stopped along the way when she saw me.

Her: "Hey I didn't know you were back why didn't you tell me?"

Me: "I didn't? It literally slipped my mind."

We agreed that we'll talk after our classes. As I was walking to my room after class I recieved a call from Rethabile.

Me: "baby"

Her: "Hey Can I come to your room later? I need to talk to you"

Me: "Sure bring me something to eat"

Her: "Alright"

Rethabile is really beautiful she is tall taller than me slender dark skinned with a very beautiful smile. She's those type of girls who wear weaves and nails and has a tongue ring.

After about 30 minutes or so I heard her knocking. I then ordered her to come in.

Her: "Hi Siya"

Me: "Rethabile"

She took the food container she was holding and placed it on the counter.

Her: "Here's your food"

She smiled and came to sit next to me on the bed.

Me: "you look bothered by something what's up?"

Her: "yes Siya this whole thing that's happening between us is not working for me. I just feel like I'm watering a dead plant. I'm the only one who is putting in effort in this relationship. You went to pta last December but we never talked Siya you didn't even tell me that you were back"

Me: "Okayyy Where is this coming from? "

Her: "you just don't get it Siya"

## RETHABILE

My name is Rethabile Moatshe. I am 21 turning 22 and I'm doing my third year at the University Of Johannesburg. When I first met Siya She was doing her first year and we met on their orientation day. She was a good person and still is. Although she's a year younger than Me. I'm bisexual I haven't told Siya about it. The only thing she knows is that I've been dating girls for a while now. I've been willing to tell her but it always happens. I remember the first day I saw her she was waiting for her parents at the gate. She was wearing a black skinny sweatpants a white t-shirt white Nike sneakers and a black Nike cap. She looked good. I went to her and asked if she's lost. She answered with a simple no then mentioned that she's waiting for her parents. It was clear that she was a first year student. She smelled so good even. I asked her if she'd like to have some friends she said sure then we exchanged numbers. we started being friends then later dated I know it's a basic lovestory but yena she just treats me good

I know it's a basic love story but yena she just treats me good the only reason i said whatever i said was for her to know how I feel. Gatwe ngwana yo sa lleng o swela tharing .She kissed me as I was still talking. Her: "Look Retha the same way you feel about me is the same way I feel about you . Don't get it Wrong babe i love you" I just blushed. We then ate and had light conversations afterwards. Siya has always been a person to take things lightly she never takes things lightly. A lot of people at the Campus Know that we're dating and a lot of them know her. As bubbly as she is she knows everybody at the campus. I'm just scared that she'll find out that I was actually lying about having to have dated other girls before her when she's the only girl I've ever dated I know Siya takes these Things seriously. I've always heard her saying she wants a girl who's experienced.

I woke up the next day did my morning routine went to my room to change clothes then went to class. After 3 classes I met up with Siya's best friend Ntando when I was going to get something to eat. This girl just doesn't like me. I decided to greet her and she totally ignored me

Her: what do you want Rethabile?

Me: just wanted to ask if you know where Siya is

Her: You seriously asking me about Umuntu wakho?  
Angijoli Naye angazi !

See what I meant? This girl hates me Shem

Me: Kahle Kahle Ntando what is your problem?

She just looked at me plainly

Me: why do you hate me so much?

Her: please remind me why I should like you?

Me: what does that even mean you hate for absolutely no reason

Her: so you want me to remind you about your blesser? The one who buys you stuff and the weaves you always wear?

I swallowed so fucken hard how does she know this?

Her: you busy with old men behind my friend's back while she tries by all means to make you happy you even lied to her about your sexuality and now you have the audacity to ask me what the problem is? You are the fucken problem here. My best friend sure deserves better

Me: I..... Ummmm .... Ntando look .....

Her: save it I don't wanna hear it. You disgust me!

Me: please don't tell her Ntando please I'm begging you.

Her: I'm not gonna tell her but get your shit together Rethabile.

With that said she left. I just lost my appetite

I didn't get to see Siya the whole day because she had back to back classes a part of me was hoping that Ntando didn't say anything to her. When I was on my

way to my room I got a call from one of my friends Sindi.

Her: "Darli ukuphi?"

Me: "I'm at the campus why?"

Her: "Joe And I Are Coming To Fetch You we're going to Maboneng"

Me: "On a Thursday night?"

Her: "Trust me we gonna have fun"

By the time we were done talking on the phone I was almost at my room. Ohhh great my roommate is here. I walked in and put my books on the study table.

Grabbed something to eat my roommate's boyfriend was coming over so more reason for me to go out

Siya

I was woken up by someone knocking roughly on the door.

Voice: "Siya open"

It's Rethabile and she sounds drunk. Gosh I just hate it when someone comes home drunk while I'm sober ASF. Get's into my sheets with cold feet and smelling like a fucken brewery

Me: "where do you come from Rethabile?"

Her: "i was out with the girls"

Me: "On a Thursday?"

She did not answer me because she had passed out. I just helped her out of her shoes and clothes and put her into more comfortable clothes to sleep in. I then removed her name up with a wipe and watched her sleep.

The following day we had an argument about her drinking because it's and trust me it did not end well.

## CHAPTER TWO

### THE FIRST ENCOUNTER.

It's a Friday So Ntando suggested that we have a chillas with our other friends. Two of our friends stay in another campus so we gonna have to use the school bus to get there. They all didn't have classes today it was just me. I went to my last class to my surprise we were writing a test.

After my class I called Ntando to ask where she is and she said I'll find her with the gents. I went to grab a snack at the cafeteria withdrew Some cash then went to the parking so I could use a bus to go that side.

I was busy on my phone but I saw a girl walk past me she was wearing a Rainbow bracelet and she seemed not to notice me not that I wanted her to notice me though. I was walking behind her and she was walking pretty fast nonetheless I continued using my phone minded my business and walked to the buses.

Before I knew it I bumped into someone and it was the girl from earlier. I quickly apologized and she just smiled and nodded she just answered in a low tone saying "it's okay" then she walked away to the other bus and i entered my bus. We weren't going to the same campus. I inserted my airpods as the bus took off. I got to the other campus and the gents were already waiting for me. We went to the stores to get some stuff we'll need.

Sorry let me formally introduce my gents. They are all studs.

NtandokaYesu Mkhize Is my best friend she is the same age as me. She is from the Eastern Cape. I always used to tease her about how wierd her full name is and we'd laugh about it. Ntando is a player she is a womanizer and she's proud about it. Her favourite words are "with so many beautiful women in this world and you wanna limit me to Only one? I just wanna appreciate all these women's beauty" :) yeah she's crazy like that. She meets a new girl each week. When she introduces one of her friends to us we just play along and pretend as if there aren't others.

Then there's Bokang Mosala She is the most calmest amongst us light skinned and always attracts the psycho's. Bokang always falls for the crazy one. I remember this one time when she was found cheating her girl almost burned all her clothes if it wasn't for Ntando and our other friend we would be doing some serious damage control. but nonetheless Bokang is like our bigger sister/brother. She is the most responsible one although her and weed can never be separated.

The last one is Enzokuhle Mhlongo. We Call her Enzo. An entertainer a comedian she never takes anything serious. You never get bored when you're around her . she is madly in love with some girl.

You will get to know more about them when the story goes on.

Ayanda

I am Ayanda Mkhabela I Am 19 years old and I'm currently doing my first year at the university of Johannesburg. I'm originally from Soweto eZola. I am studying Law. I know that's crazy right but I've always wanted to become a lawyer and even with my dad being a lawyer he used to tell me great stories about Law and that just pushed me even harder. Although he's no more

Sponsored

his legacy still lives. He Once Represented The

Famous Drug Lord and He won the case. He stood up for murderers gangsters and even corrupt politicians I think that's one of the reasons why he was killed. He died 3 years ago but it still breaks me I mean no one can overcome the pain of losing a parent more especially a legend like my father. He inspired me in so many ways. Even when I came out to my family about my sexuality he was the only one who understood the kind of Feelings I had. My Mom was just so homophobic about it but my dad talked to her and she slowly Understood. Although she still throws homophobic comments there and there but I'm just glad that she accepted me just as I am. I have a brother who's 24 years old he just got engaged and lives with his fiancé back then he used to be the black sheep of the family but he's all grown up now and I must say him and I get along although we used to fight a lot when we were growing up but I think now it's better cause he doesn't stay at home anymore so whenever i get home to visit he's never there. I sometimes miss him but he sometimes annoys the hell out of me. Lol look at me talking a lot about my family when I should be talking about me. But nonetheless you'll know more about my character as the story goes on.

I was on my way to the bus parking at the campus after a long day when someone bumped into me I looked back and saw a stud i just liked her outfit.

Her: "I'm sorry"

I just smiled and nodded.

Me:"it's okay"

I just walked to my bus

Although a part of me wanted to tell her to watch her way but I chose not to. I got to the campus then went home. I had a long day so I was pretty much tired the next day I decided to spend my time at the Library. I haven't made friends so I guess it's just gonna be me and My books.

Siya

It's Monday morning and I have an early class the gents and I had a great weekend we drank alcohol smoked some hubby and had a great time the entire weekend and now I have to deal with a terrible hangover even a part of me is thinking of not going to class and another thing is that I've spent the entire weekend thinking about this girl I've Bumped into on Friday. She has been in my mind ever since and I don't know why. It's Crazy right. I dragged my feet to the shower took a shower then grabbed my books to go out. I did not have time to eat breakfast and I was feeling like shit like a car hit my head. I got to class and I'd be lying when I say I concentrated for most of the time because I'd fall asleep there and there. My day was pretty much long and I just couldn't wait to get home. A part of me wanted to meet up with the girl from the bus. But I didn't which is okay though. Rethabile called me when I was on my way to res.

Me: "baby"

Her: "o sharp? You sound tired"

Me: "I am I spent the weekend with the gents and we drank like hell"

Her: "Awww must I come there? Are you done with your classes?"

Me: "etla babe I'm almost there lenna. I just wanna sleep right now and I'm hungry"

Her: "I'm not in the mood to cook so we'll just order in"

When I got to my room I took a nap Rethabile knocked when I was probably 10 minutes into it. I

went to take a shower while she ordered and after I was done she gave me her hangover remedy we ate then had some banging sex afterwards although I was too tired I can never be tired For sex :) heehee

## CHAPTER THREE

WILL I EVER SEE YOU AGAIN?

Siya

It has been a full week and I still haven't seen the bus girl. I swear I think this girl is a ghost I mean you can't see a person once and never ever see her again even though she studies in the same campus as you. I've been having a hectic week and Rethabile and I have been arguing a lot if it not about this then it's about that. She's becoming very disrespectful and sometimes I just feel like slapping the attitude out of her. I was now walking with Ntando to the student Centre after our class together to get something to eat. I wasn't really feeling like anything heavy so I opted for snacks while Ntando had a burger with chips so I walked to some shop where I'll be buying snacks. I saw bus girl having lunch with her friends. She was even laughing and talking so loudly didn't even think she could talk like that judging by the "it's okay" she gave me the last time I saw her that's basically the only thing she said to me and now that she's talking I am fully aware of her voice. I completely pretend not to see her and ignored her. As I was in the que for snacks I heard one of her friends saying "I think I know this guy from somewhere" bus girl looked around and asked "which guy?" The other friend answered by saying "that one wearing a black hoodie I think he's famous on tiktok"

The other friend saying "yeah he is I know him from tiktok". I took a glimpse on bus girl and she looked around confused

Her: "I don't know which guy ya'll are talking about"

One of her friends pointed at my direction. I then heard bus girl saying "wait that's a guy?" I then noticed her friends looking at each other then the other one saying "so you saying it's a girl? Wow you sure know your people"

They just laughed and now I was fully aware that they were talking about me I mean I'm the only one wearing a black hoodie at the moment and I must say I do have a huge following on tiktok. I looked at her and smiled and she quickly looked away when she saw that I noticed that her and her friends were actually talking about me. I bought my snacks and went to Ntando then we had lunch. A small piece of my mind would drift of to the bus girl she's beautiful

and I'm glad I saw her I mean a part of me literally thought she was a ghost. My mood has completely changed for the whole day but for the better I must say. I was feeling lighter and even Ntando could notice it. Rethabile isn't speaking to me so I decided to go past her room before I head to mine unfortunately she wasn't in but her roommate was around.

Me: "Christelle Hii"

Her: "Rethabile is not around but I'll tell her you were here"

Christelle is a woman of a few words and not a lot of people understand the person she is. I thanked her before going off. I arrived at my room and the first thing I did was to take off my shoes. I finished of the two assignments I was working on then decided to go through tiktok I haven't shared some content in a while so I made a mental note to ask Ntando to help me with it. She's my man for that and she knows it. I kept thinking about bus girl I think it would be decent if I atleast knew her name that girl is mysterious I'm telling you she could just disappear again and I'd never get a chance to get her name. Rethabile budged in looking all Hella cute in a two piece a red crop top with red short pants.

Rethabile: "heard you were looking for me"

You see the disrespect I was talking about firstly when you get to people's homes you start by knocking you wait for permission to enter then you greet and that's when you start discussing your grievances.

Me: "just wanted to talk to you I missed you baby girl"

She just blushed I like it when she does that revealing her braced teeth.

Her: "You look good by the way that hoodie I never thought it would fit I never thought it would fit but it fits you perfectly"

She bought me this hoodie some time ago she always buys me stuff even though I tell her all the time not to and that I prefer it that I be the one who spoils her and buys her stuff but she insisted on giving me the hoodie and I only took it because I liked it.

Her: "have you eaten? I'll prepare something for my babe"

I just chuckled totally ignoring her question I looked at her outfit and I loved how those short pants were hugging tightly and beautifully on to her and those long beautiful legs looked breathtaking.

Me: "come here"

She turned but I'm guessing she didn't hear me properly and because she was busy looking for something in the cardboard I bet she wants to start cooking

Me: "Rethabile come here"

She walked towards me and sat on my lap.

Me: "I really hate fighting with you"

Her: "Me took baby and I'm sorry for starting all those arguments but they are from a good place"

Me: "I know but Rethabile I only have eyes for you. These other girls don't mean nothing to me you do"

Her: "I can't help it but nonetheless we way past that right? Can I start cooking now? Before I leave? "

Me: "you know you don't have to cook right? I can always order in"

Her: "but you know I just love cooking for you bathi a way to a stud's heart is through her stomach";

Lol I just laughed at that but I talked her out of cooking haven't had a proper lunch the entire day and there's no way I was gonna wait for her to finish cooking so we finally decided that we'll order in. Ntando called me saying she'll pop by so we could

discuss the assignment but immediately changed otherwise when she heard me mentioning that Rethabile is around even when I told her that Rethabile will be returning to her room after we've eaten.

After Rethabile was gone I called ntando she answered shortly saying she's shagging some girl she met

earlier today so she won't be coming anymore I know right Ntando is a real playboy I'm telling you.

The next day I woke up did my morning routine and later chilled in my room preparing for class my class was a bit later. I texted ntando and she told me that her girl was gone so I can pop by. I then packed my books and walked to Ntando's room. We discussed the assignment although it was difficult to get through because ntando would be distracted and we'd talk about something and laugh. Ntando really can't focus for a long time. I even ended up telling Ntando all she needed to know about Bus girl and to say Ntando was excited about this would be an understatement.

Me: "Dawg I didn't say I wanted to date her"

Ntando: "I'm just glad you'd be able to keep Rethabile's

name out of your mouth"

Me: "but Rethabile is my girl and I'm always gonna talk about her"

Ntando: "Ohh here we go again and bus girl what do you want from her?"

Me: "umm nothing"

By the time we were done it was now time for class Ntando and I walked to class. As we were walking we saw bus girl walking with some girl I think Ntando once shagged. Ntando introduces a lot of hoes to us it's bad to keep up with the names. Bus girl looked

uninterested by the conversation they were having with Ntando's girl. I tapped Ntando's shoulder then said to her "that's her" and I didn't need to do it twice cause she already knew who I was talking about. She just winked and we went to them.

Ntando: "Thembi hii"

Thembi is the girl bus girl was with.

Thembi: "it's actually Mbali"

Ohhhh flip! Ntando and her hoes kodwa.

I looked at bus girl and said "Hi" she answered by saying hello and just as I was about to ask her something else her phone rang disturbing us. She answered it and walked away

Mbali: "Ayanda Wait For Me"

Mbali then followed her and they disappeared into their class. Okay so now I know that her name is Ayanda. I swear this girl is just as mysterious as they

come. CHAPTER FOUR

BONDS FORMED AND OTHERS BROKEN.

Siya

It's Friday!!!! I bet I ain't the only one who gets excited over this. Ntando usually doesn't have classes on Friday and we had talked that she'll come after class since we have some content to shoot for my

tiktok. I also liked that I had only one early class on Friday and that's it for the day.

I woke up did my morning routine and headed for class. My class went pretty well and I met up with Ntando. We went to the cafeteria to buy snacks then found a great spot where we'll be shooting the video. As we were halfway through the taking of the video I saw bus girl walking by and she was alone we locked eyes and she immediately looked away. Ntando chuckled and said "so you gonna let her go just like that?"

I returned the chuckle and semi ran to catch up with her. She just looked at me and continued walking now I had to walk with her.

Me: "What does one have to do to get Ayanda's Attention"

Her: "seriously? You don't get enough attention on tiktok?"

Lol that just made me chuckle

Her: "yeeey and you know my name how nice"

She walked faster and I still caught on.

Me: "I'm Siya By the way"

Her: "I bet everyone on campus knows who you are you can continue with your tiktok"

I must say i just loved her shot smart answers and that just made me wanna have more conversations with her it gave me some type of adrenaline. I watched as she walked to the bus area and I walked

back to Ntando and we continued with whatever we were doing even ended up taking pictures so I thought I'd just post them on my Instagram.

Ntando: "so you didn't even get her number atleast?"

Me: "lol mfethu she literally grilled me"

Ntando just laughed;

Her: "take this as a challenge I like her for you she's keeping you off your toes"

We laughed about it and we walked to my room while we edited the videos.

My friends and I spent the entire weekend working on an assignment. It's Monday morning and I have a test to write so my morning wasn't that good. I woke up did my morning routine had breakfast and went to

class. As I was on my way there some girls who very much looks like first years' came and asked to take a picture with me I didn't see why not so I posed I saw Ayanda passing by and she chuckled as she shook her head. After I was done with the pictures I ran after Ayanda and luckily I managed to catch up with her.

Me: "Hii"

Her: "Hello you a celebrity Neh?"

I just chuckled and she smiled she has a beautiful smile. There's just something about her though

Me: "I can take a picture with you though if you want"

She then laughed

Her: "I'm Not A fan"

Me: "Lol ouch"

We then both laughed see I told you about this girl's smart answers it's like she always has an answer packed up for whenever she'll need it.

With that said she bid farewell and went to class while I went to mine. It's actually not a good thing to meet up with Ayanda just before I have to write a test. I don't wanna find myself distracted.

I must say I managed not to think about Ayanda throughout the test but I honestly can't get her out of my mind it's wierd right?

I met up with Ntando afterwards and we had a class together so we walked there as I told her about the encounter I had with Ayanda and the only thing she said was "This girl is gonna drive you crazy"

Ayanda

It's Thursday I'm having one of those days. I woke up missing my father so bad now I'm feeling so sad today. After taking a shower I had breakfast then took a bus to my campus. I was even late for class. I Bumped into Siya

Her: "Ayanda"

Me: "Siyamthanda"

Her: "Wooah did you just call me by my full name?"

I just chuckled I really don't know what is it but there's just something about Siya That draws me to her and I honestly don't wanna find myself in situations I cannot get out of.

Me: "I told you everyone on campus knows who you are Siya"

Her: "Oh yeah? "

Me: "I don't have time for small talk I gotta go to class"

I left her there and headed for class it's bad enough that I was late for class and that I'm not feeling well as is.

At lunch time I saw Siya talking to someone girl. I'm starting see Siya a lot and for all the times that I've seen her it's safe to say she is a people's person everyone knows her and she gets along with everyone.

The brief hug Siya shared with the girl cannot be missed. Why am I even looking at her.

One of my friends said "you like her Neh?"

Do I? I don't know Siya is beautiful she's the most beautiful creature to have ever been created her sense of style her bomb ass personality her well spokenness I honestly could go on and on about her but I won't. I mean she ticks all the boxes but I don't know how I feel about her though I know there's just something about her that draws me to her but other than that I really don't Wanna jinx things for myself.

Me: "I don't know"

Lisa Ann: "What do you mean you don't know  
Ayanda? It's either you like her or you don't"

I just ignored her because I don't have an answer for that just yet.

Siya

After i hugged Rethabile I realised Ayanda was looking at me and at an instant I felt so guilty trust me I don't know why I felt like that.

Ntando: "Let's go to them"

Me: "let's go"

Ntando handed me a small piece of paper and a pen and I just knew what I had to do with them. Ayanda and her friends we sitted on the table and Ntando And I joined them

Me: "Ladies"

Ayanda's Friends Greeted but she chose to keep quiet the fact that my palms were getting sweaty.

Ntando: "I'm Ntando By The Way"

Me: "Siya"

One of the girls: "we know who you are"

Me: "Lol that's even better

Sponsored

so Wena who are you?"

Her: "I'm Lisa short for Melissa"

After the introductions I took out the pen and paper and handed them to Ayanda without saying anything she looked at me and chuckled. I'm guessing she already got the point. she took them and wrote down her numbers she then tucked the paper my pocket. Ahhh guys uBaby Understood the assignment. We shared a look and I just chuckled. I then looked at

Ntando and she was pretty much impressed. We then stood up and left.

When I got home I made sure to send Ayanda a text.

"Good Evening Ayanda I Hope You Good. And that you got home safely :)"

I waited patiently for her to respond and when she did I was delighted. For a moment I thought she gave me the wrong numbers

"King Siya. I Got Home Safe Thanks."

I don't know why her calling me King Siya gave me so much butterflies it literally left me blushing. Never really expected that. We talked a little more till I decided that it's time for "king Siya" to go to bed

I was waken up by someone knocking on my door today is my off day the last thing I need us unwanted company. I dragged my feet to the door and opened Rethabile budged in and started talking without even greeting

Her: "who's that girl you were with yesterday?"

Me: "Rethabile Moatshe Uthini Kimi?"

Her: "I hope you not cheating on me Siya because I swear if you are Imma go crazy"

Her voice was too high than usual. I chuckled and got into bed

Me:"You Know I'm a People's person Angithi?"

Nakhona I Talk to a lot of girls so I really don't understand why you acting like this"

Her: "i saw how you were looking at her and Siya you never looked at me like that I was fuming I didn't say anything cause I had to get to class"

I just looked at her pacing up and down in my room

Me: "you fuckin sexy when you jealous you know that? It turns me on"

Her face just turned red from the blushing she was doing

Me"Come here"

I pulled her by the waist and kissed her. Rethabile  
And I Chilled she left at around 11:30 heading for  
class. I went through my phone and saw that Ayanda  
Is Online I wanted to send her a text but hesitated  
against

it which I failed badly at it cause I ended texting her.

"Hey Is Ayanda Heading For Class?"

She took time to respond but eventually did saying  
"Nop I'm going to get something to eat?"

I then responded saying "You With your friends?"

She answer saying "No" I then went on to text "Then  
Lemme Join You we'll have lunch together instead"

I wasn't so sure about what I just said that was  
literally a risky text and I do not know what to expect.  
She's typing she stopped typing now I'm getting  
anxious with each passing minute I threw my phone

on top of the bed and stood up walking to the window. I went to check my phone. she's typing again. I hope she doesn't say no a text comes through "no thanks people Will start thinking I'm a fan"

Oh no I never saw this coming I answered by saying "Ouch". She sent Laughing emojis and said "I'm kidding you have 15 minutes I only have one hour before my next class" you should have seen the huge grin on my face and the speed it took me to get ready. After I was done I texted her telling her I'm on my way and she told me where she was waiting. When I got there she was talking on the phone and she didn't see me approach I swear this girl is flawless she is beautiful has the most clear skin and the most beautiful eyes even the sweatpants and crop top with those vans old school's she's wearing couldn't look better on anyone.

I waited for her to get done with her call I offered to hug her after she was done my heart was beating so damn fast. She hugged me back.

Me: "Heyy fan"

She just chuckled I loved the sound of that

Her: "hii celebrity"

We both Laughed.

Me: "I didn't think you'd agree to this I'm surprised that you did"

Her: "trust me I surprised myself as well"

We just continued talking as we walked towards the cafeteria. I even ended up asking if it's okay for us to be friends and she agreed. I couldn't be happier We then had lunch and I accompanied her to her class.

I had a pretty great time with Ayanda I got to pick her brain and I must say this girl is smart and that's what makes her more attractive. I Just love how she makes me feel. I'm attracted to intelligence don't get me wrong a perfectly crafted body will certainly get my attention but I will get bored with it I know I always do. I need you to outsmart me Make me feel like I could learn from you grow with you. Do That and you can have me forever. I need someone to challenge my intellect and Ayanda is exactly that

## CHAPTER FIVE

HEADING HOME

Rethabile

I looked at myself one more time in the mirror before heading out. I was going to Tasha's with Lincoln. He called me asking me Where I was and I told him I was already on my way to the gate. He opened the door for me when he saw me approaching

Him: "you look good by the way"

Me: "thanks"

I just flashed smile as he drove off

We got to Tasha's and ordered drinks. We were having light conversations and my heart started beating so freaking fast when I saw her enter at the door. SHXT SHXT SHXT. She can't see me here with Lincoln what am I gonna do? Lemme just hide under the table. Ahh it's no use it's too late cause she saw me.

Her: "Rethabile"

Me: "Ntando"

I really don't know why I always have to bump into her in situations like these you'd swear She's stalking me

Her: "Different man I see"

The look on her face was just unexplainable and I bet this time she sure was going to let Siya know about

this.

Lincoln looked at me then at ntando. Ntando just left clicking her tongue. Ntando le yena she's a player she mustn't make herself better.

Lincoln: "who's that?"

Me: "just someone I know from the campus"

Him: "and what different man is she talking about?"

Me: "She saw me with Joe the other day and that was before him and I broke up"

Him: "I hope you not making me a fool"

Me: "of course I wouldn't babe "

Lincoln knows that Joe and I broke up and when I broke up with him it was only because I wanted to just be faithful to Siya and give her my all and that I was tired of lying to her.it's just that I have a lifestyle to maintain and I couldn't help it and that's when I met up with Lincoln.

Throughout the entire date I was worried about Ntando and I'd keep looking at her every chance until they left.

Lincoln and I left probably an hour later. He dropped me off and I walked to my room. I was a bit tipsy from all the wine we were drinking. I stumbled with the key with my heels in my hands for about 5 minutes till I realised that it was unlocked. Ohh my

roommate is here. I got the biggest shock of my life when I entered I swear I sobered up at an instant.

Me: "Siya what are you doing here"

Her: "Serious? So no hey baby or Something"

She was so calm that it scared the shit out of me.  
Ohhh no ntando told her I know she told her.

Me: "I swear baby I can explain please don't get mad I  
"

I was shaking already

Her: "what are you talking about Rethabile? You need  
to come down what's happening?"

Okay now she looked confused oh no what have I done.

I dropped my heels to the floor and gave her a hug

Her: "are you okay? You look terrified"

Me: "I just didn't expect to see you here where's christelle"

Her: "went out"

I tried kissing her but she quickly moved

Her: "You smell like alcohol o tswa kae?"

Me: "umm just out with friends"

I went out to take a shower brushed my teeth then Siya and I Chilled watching Netflix. Although my mind was far away I was scared of what might happen if Ntando was to tell Siya. Don't get me wrong I love Siya but I gotta live as well y'all know how difficult it is to be a student. I decided to send Ntando a Text

"Hi Ntando we Need To Talk"

She responded and said "About what? Finally decided to come clean to Siya?"

I then responded by saying "Tomorrow Morning At The Library Before Your 10am Class"

She didn't respond but I saw that she read it. Ntando is a headache guys I'm telling you.

The next morning Siya headed for her class while I went to the library in hope to meet up with ntando. I waited for about 15 minutes and just when I thought she wasn't coming she came and sat opposite me.

Ntando: "what do you wan?"

Me: "thank you for not telling Siya about yesterday"

Her: "so how long are you planning on playing Siya like this? Why are you even doing this?"

Me: "look Ntando this whole thing is complicated I'm a girl and I'm used to princess treatment I have my

own lifestyle and Siya is younger than me she can't give me that."

Her: "then leave her"

Me: "that's the thing I can't. I love her Ntando"

Ntando: "you do know that Siya is from a well off family right? So she could give you whatever you want? I don't understand why you keep on playing her like that man."

Me: "I know but honestly don't want it to seem like I'm using her or something like that"

She chuckled after I said that

Her: "so how do you think it's gonna seem like when she finds out that you've been cheating on her with different man she thinks you're lesbian for heaven's sake"

I swallowed hard and played with my fingers

Her: "look the only reason I haven't told her is because I know how this is gonna break her. She'll be so so hurt because she's really down for you and I honestly don't wanna see my best friend hurt the only reason I haven't told her is because I know how this is gonna break her. She'll be so so hurt because she's really down for you and I honestly don't wanna see my best friend hurt she is a really good person. She deserves better not some loose slut like you"

Ntando's words cut deeper than any knife can ever will. They really hurt me.

Her: "but I'd rather have her hurt and broken than stay in a relationship with you so I'm giving you two days to make up your mind. I'm tired of your filthy games."

With that said she stood up and left and by that time

tears were already streaming down. I'm hurt Shem.

Ayanda

I spent my lunch with Siya and my it was amazing. She is the best company and she'll make you laugh and mostly she's smart. I could give her points for her dress sense points for her sense of humour and more points for how amazing she smells. Oh no don't look at me like that I'm just complimenting her that's all

Tomorrow is my last day at school before I head home for recess. I woke up did my morning routine. Then took a bus to another campus. I met up with Siya and Ntando along the way.

Them: "Hey"

Me: "hii guys"

After greeting ntando left us

Siya: "Wena? Ain't you going home for recess?"

Me: "I am I'm leaving tomorrow in the evening"

Her: "Ohh alright my gents and I are hosting a games night and I was hoping you and yourfriends could join us before we head for recess it's gonna be lit"

Me: "Lol what? Your gents asked you to organise some hoes right?"

She just laughed and I ended up laughing with her.

Me: "I'll see what I can do"

Siya

I had asked Ayanda to join us for a games night but however she asked to be excused saying she isn't feeling well and asked that I call her in the morning. Although I was kinda disappointed that I wasn't gonna spend much time with her more especially because we're about to go on recess

The next morning I woke up went to take a shower then had breakfast. Ayanda suggested that we meet up before she leaves since she couldn't join us for games night. I walked to her and was just busy with her phone. She is beautiful. The way her hair hung up on her and those cute lips. She saw me approaching and smiled then gave me a hug.

Me: "Hii Ayanda"

Her: "King Siya"

Eish when she starts calling me like that ngathi I could just put her against the wall and eat her up(lol no I'm joking)

We sat by the grass opposite each other

Me: "how are you feeling?"

Her: "I'm better now that I'll be going home"

She told me that the reason she wasn't feeling well was because she missed her father so much. I took her hand in mine and looked at her

Me: "Just call me if you need someone to talk to"

Her: "I most definitely will. And as much as I hate to admit it. I'm gonna miss you"

I just chuckled and smiled like a real genuine smile

Me: "I'm gonna miss you too"

I moved closer to her

Her: "so what are you gonna do these holidays?"

Me: "I don't know I don't have anything Planned so I'll see"

We then Chilled till it was her time to leave

As I was walking her to the busses

I gently pulled her arm so she could face me

Me: "I like you"

She just looked at me blankly. I don't know why I just blurted that out! I was even surprised myself.

Her: "I also like you"

WAIT WHAAAT? Did she just. ?

I looked at her and nodded my head in question.

Me: "you do?"

She just chuckled

Her: "yeah now don't get over yourself buddy"

I just laughed and hugged her gave her a peck on the lips as I bid her farewell.

Me: "Alright then we'll talk I'll see you when we open"

I let go of her and watched her as she entered her bus.

Ayanda likes me? Woah guys that's deep. I actually can't believe that a smart and beautiful girl like Ayanda would actually like me. I chuckled to myself and immediately sent Ntando a text

"She said she likes me bro!"

The following morning I took my bags locked my door I tried calling my dad so he could come fetch me but he did not take my calls I'm guessing he's busy this pissed me off because he knows he's supposed to be fetching me. I called my uncle and he said he's busy but he'll only Be able to fetch me when I get to town in Pretoria so I guess I'll be using taxi's then. I then Sorted out a few things then later took a Taxi to town. You know how hectic and busy MTN rank is. I entered the taxi with my bags and sat down. Some girl came and asked

"Pretoria?"

I just looked at her and then continued with my

phone

I'm guessing they answered her cause she came and sat next to me you know the hassle of using taxi's now we both have to squeeze our bags so we could be able to sit properly so I'm guessing she's also going home for recess.

Her: "hello"

Me: "Hii"

Her: "I think I know you from somewhere"

Me: "really?"

Her: "yeah I know you from tiktok"

Ohhh great see why I don't like using taxi's

I just looked at her and smiled

Me: "I'm guessing you do"

Her: "I'm Zimi by the way"

Me: "Siya"

She then chuckled

Her: "I know"

I then returned the chuckle

Her: "Going home for recess?"

Me: "yeah what about you?"

Her: "Yeah I study at Wits"

Me: "that's nice"

Her: "So where you going?" I'm going to Soshanguve"

Me: "Really I'm Going To Sunnyside"

Her: "Oh yeah? You stay there?"

Me: "Yeah"

Her: "Ohh okay Mina I'm not from Pretoria I'm just going to visit my best friend she moved there in Jan. I'm Originally From Daveyton"

Me: "oh I don't know where Daveyton is"

Her: "maybe one day I'll show you"

I swear this girl speaks a lot but atleast she'd keep me company along the way. She's got a bubbly personality

We even swapped numbers and agreed to meet up sometime before we go back to School.

## CHAPTER SIX

CHASE ME. I CHASE YOU

Siya

I waited for about 15 minutes before my uncle called telling me he's almost here. A brand New Mercedes Benz C-class parked right in front of me. For a moment I thought I was Being kidnapped then he hooted it's my uncle. He walked out of the car and helped me carry the bags to the car.

Him: "Champ I missed you"

Me: "you could've fooled me"

Him: "you so grumpy is it because you had to come here by taxi"

Me: "yes I'm angry"

He just laughed at me as he drove off.

I literally have a strong relationship with my uncle more than I do with my father. I have a very strong bond with him.

Me: "so there's this girl Neh"

Him: "ah ah ah don't tell me there's another one what about Rethabile? And I met up with Phindile many times and she'd keep asking about you'

Me: "but why doesn't she call me though"

Him: "why don't you call her?"

Me: "I'll call her when we get home. Now I'm hungry buy something for me along the way"

Him: "Wow I'm starting to think you love my money more than me"

I just laughed wow this one and bragging about his money. He bought me food then drove off to his house after dropping me off at home. I took my bags to my bedroom. I texted both Ntando And Ayanda telling them I got home safely.

I must've fallen asleep on the couch because I felt someone shaking me lightly. It's my Mom she gave me a tight hug and went on and on about how she missed me.

Later that day after I just had my supper I heard a slight knock on my door. I went to open and Phindi stood at the other side of the door she just looked at me smiling.

Her: "I heard you're back for the holidays so I thought I should come pop by and say hi"

She looked beautiful her braids neatly tied And a dress that hugged her body so perfectly. Even her glasses that blended perfectly with her face.

I gave her a tight hug and Kissed her.

Me: "Didn't realise how much I missed you"

She then came in we cuddled while she asked that we watch a movie I can see that she wanted quality time. My Mom knocked and entered without even waiting for permission to enter.

Mom: "Phindile are you sleeping here?"

Me: "yeah she is"

Mom: "Okay Then Siya Make Sure You Open For Your father when he comes back He's Working Till Late today" .

Me: "I will"

Her: "Goodnight kids"

Us: "Goodnight"

The next morning I woke up to missed calls from Rethabile.

I called Rethabile while making breakfast Phindile was still sleeping I mean I gave her a night to remember (kkkkk jokes :). )

Rethabile: "hey baby"

Me: "Hey Boo missing me already?"

She chuckled

Her: "of course I do"

We talked till I was done with breakfast then took the tray to Phindile

Me: "breakfast is served"

She sat on her butt while rubbing her eyes she then stood up and went to brush her teeth in the bathroom while I made the bed.

Later in the afternoon she left saying she's got to deal with something at home. I decided to go to my uncle's house cause I was bored. I called Ayanda on the way

Her: "I thought being a celebrity swallowed you"

I laughed

Me: "wow is that you telling me you miss me?"

Her: "oh hell no I don't"

We both laughed

Me: "Maybe I should come to Soweto sometime  
uyabona?"

Her: "You for Real? "

Me: "of course"

Her: "Oh no bad idea imagine people here seeing me with a celebrity? Nah it's bad for my street cred"

Wow I laughed trust Ayanda to grace you with smart answers whenever she gets the chance.

Me: "so you care about street cred more than me? I'm not even a celebrity"

She laughed making me laugh as well

Her: "so You tryna convince me or something? "

Me: "Is it working?"

Her: "Maybe maybe not. We'll discuss that further on"

Me: "Alright but I was just checking up on you"

I entered my uncle's yard and he wasn't around the helper was in the kitchen.

Me: "hey mamzo"

Her: "You Back? Your father is not here"

She refers to my uncle as my father.

Me: "where did he go?"

Her: "He said he had a business to sort out"

Me: "Alright can I get my car keys"

She laughed

Her: "I knew that's the reason you actually came here"

She handed me my car keys

Me: "I missed my baby"

Her: "your father tells me that you were so angry that you had to come here by taxi"

I just chuckled as I went to the garage. Yoh my car was so dusty. My uncle doesn't take care of my car Ahh. I then decided to wash it. I played the radio to full blast as I washed my car that I didn't notice when I uncle drove in.

I only saw him walking towards me.

I remember when he bought this car for me it was after I had passed my matric. I used to tell him all the

time of how much I love this car and when he gave it to me My father was so angry shouted at my uncle saying he spoils me alot and that what 18 year old drives such a car. There was a whole lot of conflict

between my father and my uncle and my Mom and I were stuck between brothers. Which even ended up resolving itself. I must say my father and uncle never really see eye to eye. And my uncle gets me whatever I want

Sponsored

even the things my father doesn't want me to have uncle makes sure I get and apart from him spoiling me rotten him and I get along so well

Him: "You missed your baby Neh"

Me: "yes and you don't take care of it"

Him: "it's not mine to take care of"

Me: "Ohh wow because you bought a new one?"

Him: "yess angithi I make enough money"

Lol trust him to mention his money every chance he gets.

After I was done with the car I went into the house and had lunch with my uncle he'd keep telling me stories about his work and leave me in stitches he knows how I love it when he tells me such stories. As I was having conversations with my uncle. A call came through and it was Zimi.

Her: "Heyy you didn't text to tell me how you arrived"

Me: "lol sorry how are you by ther way?"

Her: "I'm okay how about we meet up tomorrow?"

Me: "sure how about Sunnyside?"

Her: "I don't know Where the place is but I'll ask my friend to drop me off"

Me: "Then Call me in the morning so we could confirm the time"

I mean if I'm gonna be here for more than a week then I better start making plans on having fun right?

But a part of me already misses res but being with my uncle is better.

Him: "you going somewhere?"

Me: "yeah just going to meet up with some girl"

Him: "the one you were telling me about yesterday? "

Me: "no the other one we met on a taxi when I was coming here"

Him: "you sure are a player"

Me: "it's not that bad hau"

He chuckled shaking his head and continued to read his newspaper.

Zimi

I am Zimkhitha Mvundla. I'm 22 and doing my fourth year in Actuarial Science At Wits. I'm lesbian yeah I know that's the least interesting details about me but there's a lot of very interesting things there is about me one of them being that I'm a baddie and if I was asked if I was a fighter or a lover I'd definitely say I'm a fighter. I fight for what I love. When I met Siya in the taxi I didn't really feel anything but when I got home Siya was the only person I could think of I've seen her a couple of times on tiktok and I even

follow her but me being in the same space as her and having her number was the biggest privilege. My best friend asked if I'm okay and that my mind was far away. I mean with the kind of following that Siya has I doubt she's single but I'm willing to take a chance.

The following morning I woke up did my morning routine then called Siya while I had breakfast

Me: "hey Siya we still meeting up?"

Her: "yeah we are let's meet around 2pm"

Me: "Alright see you"

Her: "Of course you wouldn't I mean we met two days ago. You look good by the way"

I just blushed although I feel underdressed more especially because yena she came here looking like a fuckin Sex God.

We started off to catch something light to eat then went to watch a movie I was doing most of the talking and she would laugh and comment there and there. We would debate about this and then about that and she is smart I must Say.

After our movie we went to grab a bite.

Me: "So this is a date?"

Her: "It is? I thought we just chilling and having fun

these holidays since you in Pta"

Woah that sounds not so right she sounded like your typical play boys"

Me: "Look Siya I like you and I think it's very evident. I'm not gonna beat around the bush and say we should be friends. I want you and I'm not gonna chase you we old enough to know what we want ."

Before she was about to say something else her phone rang on top of the table and I could not miss the caller ID it was written "Phindi♡♡"

She took her phone and answered it and said "Okay I'm Coming"

She then stood up

Her: "Look it was nice spending time with you but I've got to go"

Me: "I thought you were gonna drop me off at home"

Her: "I'm sorry I can't but we'll talk though"

I couldn't help but feel a sting in my heart. I'm guessing it's her girl  
CHAPTER SEVEN

DEAR BEST FRIEND.

A knock came through on my door as i was still fixing myself on the mirror. I went to open and got the biggest surprise of my life.

Me: "Kabelo??"

Her: "Siyamthanda Nkabinde"

We screamed at each other as we hugged and shoulder bumped.

Kabelo is a stud she used to be my best friend back in high school. The last time we saw each other was when we went to get our matric results at school and we lost contact and never saw each other again. I heard she went to Durban University Of Technology

but I never heard of her ever again. I was so happy to see her

We hugged some more as she sat down

Her: "Ntwana Yami when last did we see each other? I'm in Pta for the holidays and I heard you also around so I thought I should come pay you a visit it's been long"

Me: "yeah mannn we've got some serious catching up to do"

Her: "why does it look like you're going somewhere?"

Me: "Yeah I'm going to Soweto bro let's go"

Her: "Who you going to visit eSoweto? Your girl?"

Me: "Lol Nah we just friends"

We both fixed ourselves and to be honest we were so happy to see each other and we were seriously gonna catch up on our way to visit Ayanda. We added on a cologne before walking out. I'm just glad my car was clean

We got into the road and stopped at our nearby liquor store. Kabelo and Alcohol can never be separated shem. We bought some drinks and we were ready to hit the road I then dialled Ayanda

Her: "King Siya"

When she said that Kabelo quickly looked at me and

chuckled

Me: "Hey I'm on my way Neh"

Her: "Alright No Problem I'll send you the address shortly"

Me: "Look I'll be coming with a friend. I hope that's okay with you"

Her: "Sure no problem"

Me: "are you sure"

Her: "Lol yes that's totally fine Siya"

I then hung up and looked at Kabelo who was just smiling

Kabelo: "king Siya??"

I laughed totally ignoring her and she laughed as well

Kabelo: "so who's this girl that's making you drive all the way to Soweto? Have you ever been there before?"

Me: "Dude one we're honestly just friends and two I go to UJ obviously I know what Soweto Looks Like"

Kabelo: "I don't believe the friends part though but it's Okay"

We spent the entire time on the road drinking listening to music and doing a lot catching up although I wasn't drinking because I was driving. Soweto is just like Pta very busy.

We followed the navigation and got into Ayanda's street. And it said your destination is on the left so I decided to call her

Her: "hello?"

Me: "We're in your street so phuma"

Her: "Okay"

I heard some shuffling before responding saying she's out but we still don't see her"

Her: "Kanti nikuphi?"

Me: "we're opposite iSpaza Shop Phumlani Spaza Shop"

Her: "Ohh you guys are there drive further down and you'll see me standing out on your left"

We then went further down the street and saw her as we approach

Kabelo: "this is her?"

Me: "Yeah"

Kabelo: "Ahh She's hot bro since you saying you're friends lemme have her for myself muhle yoh"

She was looking all beautiful her braids looked new she was wearing a collared white crop top that fitted her so perfectly and her boobs did wonders on it she was also wearing Nike short sweatpants her ass was nicely covered up. Plus she has a body to die for with a tiny waist.

Me: "Wagafa"

Kabelo Just laughed as we walked out.

She hugged the both of us and said "welcome to my castle"

We then laughed

Me: "umm Ayanda this is my friend Kabelo Kabelo

this is Ayanda my friend."

Kabelo: "Nice to meet you Ayanda"

Kabelo smiled

Ayanda: "why do you have a boy's name? "

Kabelo and I both laughed

Kabelo: "it ain't no boy's name I mean I'm a girl ain't I?"

Ayanda: "I've never met a Kabelo who's a girl you

supposed to be a boy. that's why you a stud"

We all laughed like literally laughed. I better stop this because Ayanda has started on her

give-smart-answers-rant

Me: "I think we should go inside"

Now that we were inside the yard I can see how huge it is.

It's a Huge double storied house the grass was neatly cut and trimmed. The double garage was opened and I could see all three cars parked inside. The painting of the wall of the house was just amazing and even with the blend of its light bulbs. The walk way had small pebble-like stones on either side of the wooden floor. As we walked further I noticed the garden chairs on the grass and the atmosphere was amazingly breathtaking.

She opened the door and we entered. The interior design was just as amazing as the outside.

Everything was perfectly placed and it had a homely feel. A girl was sitting on the couch and watching TV she stood up as she saw us walking in with Ayanda. She was beautiful but Ayanda takes the cup.

Ayanda: "umm guys this is my cousin Refiloe. Fifi this is Siya my friend from campus and her friend Kabelo"

Fifi: "Wait thee Siya As in Siya the Creator? You go to the same School as Siya the Creator?"

Ayanda: "Ohhh I forgot you're a celebrity"

We all laughed

Fifi: "nice to meet you by the way"

Ayanda: "I think you should park your car inside"

I walked out to park my car and when I came back Ayanda had disappeared into the kitchen while Kabelo went to sit next to Fifi they were talking and laughing hehanna.

She came back and asked that we chill in the garden. She sat up the table put some bottle of wine in the ice bucket set up wine glasses on the table Strawberries and snacks. It was a beautiful setting.

We chilled by the garden and Kabelo had even forgotten that I'm here her and Fifi are getting along so pretty well.

So Ayanda and I just held our Own conversation. I honestly love and when I say love I mean deeply love Ayanda's Company.

Me: "nice house by the way"

Her: "Lol you know it's not mine right?"

We both laughed

Me: "of course it isn't how can a mere first year student own such"

She laughed

Her: "you so spicy"

Sponsored

how can a mere first year student own such" She laughed

Her: "you so spicy nice ride. I didn't know you drive a BMW"

Yes I drive a red more like orange BMW X1 it's not a HUGE car but I like it.

Me: "yeah I got it after I passed my matric"

Her: "it's beautiful there's mine"

She pointed a very clean white polo GTI the other two cars looked like they haven't been used in a while but hers is fresh but a girl that drives a polo? Now that's something. Ayanda just keeps on becoming more and more attractive with each detail I learn about her.

Me: "it's beautiful we should swap I also wanna drive a Polo and attract girls"

Her: "you wanna attract girls with my car?"

She made sound like I'm even crazy to say that. We were drinking snacking and having conversations amongst ourselves when Fifi interrupted

Her: "aren't we having something to eat?"

Ayanda: "I'll order pizzajust tell me which flavours to order"

We just decided to move into the house and Fifi and Kabelo disappeared to God knows where.

Ayanda and I ate while talking about laughing.

Afterwards we sat on the couch closer to each other while I wrapped my arms around her shoulder. I don't know what happened afterwards but ended kissing someone cleared their throat and it was Fifi. We stopped immediately and Ayanda stood up.

Fifi: "Molemo is at the gate looking for you"

Ayanda: "really?"

She went to the kitchen to take keys for the gate and went to open. I stayed behind with Fifi and Kabelo came immediately after Ayanda went out.

Ayanda came back with some stud who was holding a wrapped box. She then greeted us before turning to Ayanda

Ayanda: "please put it here"

The butch then placed the box on top of the table. She then looked at Ayanda

Her: "we'll talk then"

They then hugged a very long hug then she left i don't know why I even felt This ounce of jealousy it's Wierd.

Ayanda came back after closing the gate.

Me: "what's in the box?"

Ayanda: "it's some merchandise I ordered it and Molemo was delivering it"

Me: "why?"

She quickly turned to look at me and chuckled.

Her: "it's my friend's birthday tomorrow so I bought it for her"

Overall Kabelo and I had a good time Ayanda and I even ended up doing tiktok videos. I wasn't planning on posting Them but they so beautiful and crazy it's amazing content I honestly can't let such nice Tiktok trends with Ayanda go to waste. It was even difficult to go.

They both accompanied us to the car and I stood by the door as she stood between my legs giving me a hug.

Me: "So next week is my birthday maybe you and Fifi could come that side"

Her: "petrol is expensive"

We both laughed.

Her: "I'm kidding I'll see what I can do. We'll discuss it over the phone"

She hugged me one more time we turned and realised that Kabelo And Fifi were kissing eh hh okay. We said our goodbyes got into the car and drove off.

Kabelo also confirmed that we had an amazing day.

By the time we got home it was already late so I just dropped her off at. Being with Ayanda just makes me happy you can see judging by her home that she was raised well.

I drove in and the lights were off I'm guessing they already sleeping. I unlocked the door and went straight to my room. I then switched on the lights and found Phindile sleeping on my bed wtf???

She got up she looked Hella pissed.

Her: "took you longer than expected"

Me: "what are you doing here?"

They way I feel so guilty right now you'd swear I'm a 4 year old who's been caught stealing sugar.

Me: "why didn't you tell me that you're coming over?"

Her: "I wanted to surprise you but I'm the one that got surprised cause your uncle told me you drove to Soweto."

Me: "can I go take a quick shower so we could talk properly"

She just ignored me and took her phone. I just took off my clothes and went to my ensuite bathroom.

After I was done I covered myself with a towel and found Phindi with the clothes I've been wearing in her hands. I chose to ignore her As I lotioned and wore my PJs

Me: "Phindile Msomi gwiralang?"

Her: "whose perfume is this?"

Me: "are we seriously doing this right now?"

Her: "You and I are in a relationship and I'm supposed to feel like it. At this moment I'm just that girl who you run to all the time when you're this side for the holidays. I can't be staying and home and waiting for you to comeback while you busy With fucken hoes. I feel used you never call me and we hardly ever talk"

Me: "babe where is this coming from?"

Her: "Siya are you bored of me? Am I too low for your standards? For your famous life? "

I just chose to keep quiet I Love Phindile a lot I just don't understand why we're having this conversation

Her: "I'm tired of running after you and waiting for you to make me feel loved again. If you don't want me anymore I need you to tell me. I wanna know if you in or out"

Me: "how would you feel if I told you I want out?"

She just opened her mouth looking shocked and grasped holding her chest

Me: "you see? Babe don't make me tell you something you wouldn't like. I love you MaMsomi I know sometimes I May not be able to show it correctly but I love you and from now on I promise to act differently so you don't feel the way you're feeling"

She looked down and played with her fingers.

Me: "come here"

She came closer and I hugged her and gave her a kiss on the forehead.

Me: "you're loved"

We then both drifted off to sleep although she kept

tossing and turning throughout the night and I could tell that this thing is still bothering her. CHAPTER EIGHT

## HIGH EMOTIONS

Siya

I woke up and Phindile was lying next to me still asleep. I checked my phone and found missed calls

from Ayanda Ntando My uncle and Rethabile. Eh Eh  
Eh do these people think I'm dead?

I decided to open Ntando's texts

Ohhhh flip I forgot that Ntando is coming to pta this week and I haven't even told my parents about it. I woke up took a bath and went downstairs I found my parents having breakfast.

Me: "Morning Family"

Dad: "somebody is in a good mood"

Mom: "how are you?"

Me: "I'm Okay you guys ain't going to work today?"

Mom: "Nop I'm working a late shift and your father is off"

Dad: "so it gives us more time to bond as a family"

Me: "unfortunately not I've got Other plans today so maybe next time"

Dad: "did you even miss us"

Me: "lol I did but my parents are doctors so I understand that they gotta do what they gotta do"

One thing about my father is that he is a respectable man he demands respect without even trying. People in our community respect and he has a great aura.

Phindile came down looking all fresh and came to join us in the breakfast table.

Later that day Phindile and I went to fetch Ntando at Arcadia. I'm just glad ntando is here there's always fun when she's around.

The thing is when it's holidays Ntando usually goes home for the first week then comes this side for the rest of the holidays then when the School reopen we go back together.

Phindile asked that I drop her off at home. Ntando and i then decided to Fetch Kabelo. One thing I like about Kabelo is that she blends off with everyone.

We got home and found my parents chilling in the patio. I told Ntando not to take out her clothes in the car.

We greeted then went inside the house. I packed a mini bag we were going to stay over at my uncle's. We then went out.

Me: "Mom we'll be sleeping over at uncle's"

Mom: "there I was thinking you guys are gonna spend the holidays with us"

Dad: "you gonna spend your birthday with your uncle"

Me: "Ohh we gonna come see you guys there and there"

We then left Zimi called me along the way. At This point I really don't know how I feel about Zimi. She is an interesting person and we get along so well.

I then told my gents about this whole gist. I mean I'm literally caught up between four girls although Ayanda And I haven't talked about that but now I

know how I feel about her

Kabelo: "damn bro that's deep"

Ntando: "Mina I Say date all of them"

Trust Ntando to give such advice

Me: "Now what's stressful is that they all wanna spend my birthday with me"

Kabelo: "When Is Ayanda Coming this side??"

Me: "tomorrow"

Kabelo: "ntwana can we just have fun atleast for today since ntando is here? We'll discuss everything later today plus I'm also sleeping over."

We then Chilled at my uncle's house at played FIFA since my uncle is out of the country For a while

Kabelo: "oh and Siya I wanted to discuss something with you"

Me: "Sure What's Up?"

Her: "i was thinking of getting a transfer to UJ"

Both ntando and I: "for real?"

All of a sudden we were so excited about this i can see this crazy trio between us and a part of me super super happy that my two best friends get along so

well I mean it wouldn't be nice if they didn't.

Ayanda

Guess who's driving to pta? Me.

But the fact that Fifi woke me up so early in the morning so we could prepare for the trip. I actually think she's more excited to see Kabelo and I don't understand when did she become the person that she is because she always liked boys she did not even "Like" lesbians as she puts it. I guess spaghetti is always straight right?

By the time it was 12pm we hit the road. Siya sent us the location and when we arrived Ntando Was also

here. We greeted and exchanged Hugs. Siya was looking good with that black and white striped t-shirt and black pants. She smelled amazing even. I like me a stud who smells nice. We Chilled and had a lot of fun. It was the first time i actually chilled with ntando and i just say she's a fun person. I must say Ntando Kabelo And Siya are a really good trio. And apparently Ntando Has Some girl that she meets up with all the time she comes to visit Siya . I always knew ntando is a player. So she left leaving us behind. We just went to chill in Siya room while Fifi and Kabelo Chilled in another room.

I took off my shoes and we lied on the bed facing up. we talked about everything and she made laugh i love me a stud that can make me laugh. She then started tickling me and we ended up looking into each other's eyes. She slowly touched my face moving slowly to chin Our lips touched and we ended up kissing. I'm not surprised that she's a good kisser I Mean Siya always ticks the right boxes. Her hands roamed around my body making me feel every inch of emotion. She took off my t-shirt while I simultaneously took off hers. My breathing was starting to escalate Siya was looking deep into my

eyes with every movement that she made and her eyes so small. There was a glass of wine on the side table that we were drinking earlier. Siya stood up gulped down the contents of the drink before placing the glass back on the table she places her mouth on mine and spills the drink on my mouth. The hotness of it did wonders and sent shivers down my spine she then looks at me and smiles. at that time I'm already panting and all emotions are high both Siya's and I. Since I was wearing a dress she started rubbing my inner thighs then moved my underwear to the side rubbing my clit. I moan in her neck and grind on her hand as two of her fingers their way inside me. I move my upper body Back with my eyes closed savouring each And every moment. While she does magic with her fingers. It's no doubt that she is good

at this I mean look at Siya she ticks all the boxes this is actually a total jackpot. It was with no doubt that she was gonna rock this department as well. A part of me is aware that it's gonna be difficult for me to let go of her after this amazing session.

Siya

At this point the only person I want is Ayanda she is making me feel all sorts of emotions. It's her that I want without no doubt.

I unzip her dress with my other hand and let the straps fall revealing her beautiful perky boobs. I kiss her boobs one after the other. Her moans get louder

and I know she's about to reach her hand so I go a bit faster as her legs shake and her body tenses as she reaches her climax.

I pulled my fingers out and put them in my mouth tasting her sweetness as she watches with a smile. I then passionately kiss her before removing her underwear and slowly go down on her making sure to kiss each part of her lower body starting off with her stomach. I pull her a bit lower so she could be closer to my face before burying my mouth in her cooch. I muff her and screams a bit louder. It's a good thing all rooms in my uncle's house are soundproof Otherwise my friends could have heard what we're up to but I did not mind at all because that sweet sound of her moans made me want her even more and I would be lying if I say I ain't soaking wet right now. Ayanda is a beautiful human being and I am having this moment right now. After she came she then turned over and took charge. I like a dominant woman. At this point I just want her to touch me however she wants I want her to explore me. When she started putting her hands on me I knew it was about to go down I was so so in the mood and everything else around me disappeared except for Ayanda who was turning my

world upside down. When she fingered me it felt so good that I was gonna kick her ass if she ever thought of stopping. I have had sex with a few people Neh but never has it been this good. When she placed her tongue on me I grabbed on the sheets like my life depended on it. My legs were over her shoulder and never had I had a femme make me feel this way this point I am under her rule and she is taking over my whole body. My legs shook and I came. Ladies and gentlemen there we have it the first girl to ever make me cum. 😊

We then both tried catching our breaths. We both looked at each other. She she just make me??? I couldn't help but smile. I swear Ayanda took me to another world that I never even new existed. I then took another sip of the wine from the glass gulped it down then kissed her. even her kisses were Everything. I opened the drawer and took of my strap gulped it down then kissed her. even her kisses were Everything. I opened the drawer and took of my strap I've never used my strap on anyone since I've bought it but Ayanda just makes me wanna do things. We both looked at each other and she didn't say anything. I kissed her slowly and put my strap on without letting go of her lips. She then stopped and looked at me as she whispered "I've never done this before"

The hoarseness of her voice send shivers straight to my pussy.

Me: "Nether have I"

She then nodded before pulling my head in for a kiss. I rubbed my strap onto her entrance. I love that she was wet and ready for me. I tried inserting but she whimpered moving a bit backwards. I assured her that I'll be gentle. At first she kind of struggled to adjust but at the end of it we had an explosive session as I strapped her hard. Ayanda is one of a kind. She gave me a while different sexual experience that can never be forgotten.

We both caught on our breaths before her phone rang. She only answered by saying "hello" and "okay we're coming"

She then tried walking to the bathroom but her legs were wobbly I then chuckled. She looked at me and we both laughed. We both took a shower then went downstairs. Fifi and Kabelo were wearing their t-shirts coming out of the other bedroom Ayanda and

I looked at each other. We sat in the lounge for a few minutes before Ntando and Paballo walked in. I don't like this Paballo girl she's rude ASF.

Ayanda then spoke to Fifi

Ayanda: "we gotta leave Refiloe"

Fifi looked Hella disappointed whatever she's getting from Kabelo must be serious.

Fifi: "I thought we're staying over"

Ayanda: "I thought so too but we gotta leave your Mom called"

Fifi: "shit!"

All the time I've been looking at her and my she is the most beautiful woman in the whole history of human kind. She looked at me and shyly turned to look at everyone else. And at that instant I felt so emotionally attached to her and never have I felt like this towards anyone.

Me: "do you guys really have to go?"

Fifi: "when Mom calls us she really wants us home"

Ntando: "she knows you guys are in Pta right?"

I looked at Ayanda and she was typing on her phone.  
I think I'm looking at her way too much.

Kabelo: "If she does tell her you guys have decided to sleep over and you'll talk to her in the morning"

Ayanda: "No we're leaving Fifi you need to say goodbye's. We gonna come here on weekend for Siya's birthday"

Her voice could actually give out that she's tired. But it's no different cause I'm also tired. And I just wanna sleep with her in my arms. I don't want her to leave I just want her close to me. and another thing

is that she might not spend my birthday with me.

She stood up and went to the kitchen and I followed her

Me: "you look tired are you gonna be able to drive?"

Her: "yeah I will Siya as much as I don't wanna leave I have to. You and I will talk over the phone you can also"

I cut her off before she could even finish whatever she was saying

Me: "Thank you for the amazing time. I enjoyed being with you"

She gave me a smile and I pulled her to me kissing her.

Me: "I love you"

Did I just?? I don't know why I blurted that out but you know what they say about saying these three words unexpectedly you actually mean them. I think I should admit I've always been in love with her.

Me: "I'm in love with you Ayanda"

This time I was looking straight into her eyes. She gave me one more perk on the lips before taking her phone from the counter and walking back to the lounge. She didn't say it back okayy now I'm pained should've try to control my mouth from using the L

word. Hoping I didn't scare her off. I went out after pulling Myself together. Ayanda was already getting ready to leave. I was getting emotional and that's wierd. I really wanted to spend more time with her. We walked them to the car and I gave her a hug a long hug even.

Her: "are you okay?"

Me: "I don't want you to leave"

Her: "Siya I thought we talked about this we'll talk over the phone Akere and the weekend is in 4 days that's not a lot. I'll FaceTime you when I get home"

She got inside the car and drove off. We all went inside the house. I was about to go to my room when Kabelo Called Me.

Kabelo: "we have to talk Siya"

Ntando asked Paballo to leave us and go prepare something to eat.

Me: "can't it wait till tomorrow?"

Ntando: "the sooner we discuss this the better"

I went and sat on the couch facing them

Kabelo: "have you decided on who you gonna spend your day with?"

I looked down. I honestly don't know.

Kabelo: "how about you make them prove themselves to you"

Both Ntando and I looked at her.

Ntando: "What are you saying bro?"

Kabelo: "what I'm saying issince you can't choose  
make them choose themselves"

...

After the conversation I had with my gents I felt very  
lighter.

Me: "so KB what's up with you and Ayanda's cousin?"

She gave a chuckle.

Kabelo: "What's up with you and you and Ayanda?"

Me: "We made love"

Ntando looked at me blinking hard.

Me: "And she made me cum"

Now they both were looking at me

Ntando: "hehe since when do you make love? You always fuck these girls"

Me: "this time it was different we touched each other's souls and I ended using my strap"

Both Kabelo and Ntando: "Woooah what?"

Ntando: "it's about damn time"

I looked at Ntando and we both laugh

Kabelo: "the soul touching part got to me you saying you're more attracted to her more now? After the love making session?"

Me: "yeah bro and don't judge"

Kabelo: "I once met a girl like that bro"

Now this conversation was getting interesting

Me: "for real?"

Kabelo: "Maan i still love her even now. She's nothing like the rest of the girls I've been with. She was out of the ordinary and I loved the way she made me feel and the fact that she allowed me to be vulnerable. But I still cheated and lost a good woman over a one night stand. I still love her and think about her all the time. She gave me the best sex that I've ever had that I get horny each time I think of it. A rare gem"

You could tell just by how Kabelo is talking that she was in love with the girl"

But what she's been talking gave me a whole lot of thought.

We then had dinner then all departed your rooms respectively.

When I got to my room I decided to go into tiktok and scrolled through I then went through those videos we took with Ayanda. I edited one of them which I liked and posted it switched off my data then slept

## CHAPTER NINE

Siya

I woke up to a lot of notifications buzzing in on my phone

"Is she your girl?"

"Are you guys dating"

"Finally Siya posts her partner"

"You guys look good together"

"Are they really dating?"

It goes on and on and on. It was the comments from the video of Ayanda and I that I posted last night. I think it was a bad move cause now everyone assumes Ayanda and I are dating. I bet Rethabile Zimi Phindi And even Ayanda Saw this. I even got missed calls from all of them. As i was still scrolling through the comments Kabelo Budged into my room.

Me: "You don't know how to knock? A Se Ga mmao Mo"

I think you guys have noticed I hate someone who doesn't knock. But Kabelo Just Ignored me and chuckled.

Her: "Did you see the comments on your recent Tiktok video Mann that Video is dope y'all look cute together"

Me: "you do know that Ayanda and I haven't talked

about dating right?"

Her: "but you like her like that right?"

I stood up totally ignoring her. And went to take a shower. In all truth I was yearning to go through my phone and talk to these women. I honestly don't know what or who I want.

After my shower I went downstairs to have breakfast I found Ntando And Kabelo With The Helper At The breakfast Table

Ntando: "it's about damn time I'm starving"

As the three of us were eating Phindile just budged in and we all looked at her as she approached the breakfast table

Ntando: "Ohh Shit!!!!"

Phindile: "Weeh Siyamthanda Nkabinde What Did you just post?"

She was shouting. I hate it when someone raises their voice at me

I just looked at her calmly

Me: "You're shouting"

Her: "of course I am what do you expect me to do? I always suspected you're cheating this video was just confirmation

Kabelo: "Sit down Phindile"

I know how this is gonna end When Kabelo takes over

She looked at Kabelo then at Ntando then back  
araises

She then sat down

Kabelo: "so ware bothata ba Hao Keng?"

By the time she was about to explain we were all  
looking at her. Imagine three people all looking at  
you like you're crazy plus you came in all shouting  
while they're calm.

Her: "how can Siya do this to me since we've been dating and since she's been famous on tiktok she has

never posted me yet she posted another girl how sick do you think that is? Siya never has time for me cause she's a hoe"

Kabelo: "Did you ask her about it? Did you ask her who the girl is?"

Phindile: "I tried calling her to ask her about it but she did not answer her phone"

Kabelo: "So why would you assume they're dating? Did they kiss maybe on the video? Were they too cosy on the video? Was it a romantic video? "

Phindile: "no but..."

Kabelo: "Next time otle Mo o itse story Sahao"

She turned to look at me

Her: "Siya I. "

Me: "Look Phindile never ever in a million years talk to me the way you just did. Never raise your voice at me are we clear? "

Her: "I'm sorry"

Me: "I don't think I wanna see your face right now I mean you don't trust me and you don't respect me so I decided that I'll spend my birthday with my boys and By the way the girl on the video is a friend from the campus and we were just doing a tiktok trend together I think you should've known if you had asked"

Her: "I'm Really sorry for speaking to you the way you did and I'd totally understand if you don't wanna

spend Your birthday with me. Lemme just leave"

Me: (without looking at her) "Have something to eat first before you leave."

After we were all done she asked to be excused and I accompanied her to the gate.

Me: "you need to control your temper you can't talk to me the way you did"

Her: "I know and I apologize."

Me: "It's okay come here"

She came closer and I gave her a hug.

Me: "now smile for me"

She gave me a smile. She knows I like doing that to her. I then gave her a perk on the lips

Me: "I love you"

Her smile even got bigger as she blushed looking away

Her: "I Love You Too"

I then went back inside my gents smiled looking at me

Kabelo: "One Down two to go then we find the one"

As we need were talking Rethabile's call came through and the gents looked at me smiling. I answered it and put on loudspeaker.

Rethabile: "so you really dating her? I saw you with her at the campus and asked you about her but you chose not answer me. Wena Siya you think I'm a fool

Sponsored

being famous on tiktok is driving you crazy Neh? You can't even stay faithful to one girl"

Ntando gave out a chuckle with an attitude and mumbled "mxm faithful" then rolled her eyes but I chose to ignore that.

Me: "Rethabile I'm glad you mentioned tiktok famous part. Honey I'm a content creator and what me and that girl did was what we call content. Check That video again see if it's content or anything romantic come back to me once you've figured it out"

I was about to hang up when she spoke

Her: "Siya wait I'm sorry"

I kept quiet

Her: "Ohh and I'm dealing with a family crisis and I doubt I'll be able to make it for your birthday. I

promise to make it up to you once we get back to campus"

Me: "It's Okay Rethabile don't worry about it"

I then hung up.

I then turned to Ntando

Me: "I really don't understand what is it with you and Rethabile Honestly"

Kabelo: "Keng? They don't get along?"

Me: "Yeah Dawg Ntando doesn't like her"

Kabelo: "You'd swear she knows something that you don't"

I looked at ntando but she looked away. And this gave me a thought.

Me: "So Wena? What's going on between you and Ayanda's cousin?"

Kabelo: "Ahhh she's good"

Ntando and I both laughed

Ntando:"that's not what we asked"

Kabelo: "have y'all seen the news?"

Ntando and I laughed even harder I'm guessing she doesn't wanna tell us.

I went through my Tiktok and replied to the comments on the video saying that Ayanda and I are just friends. She called me immediately after and I ran downstairs to the gents so they could hear the convo

Me: "guys Ayanda is calling"

Kabelo: "put it on loudspeaker"

I was about to answer when she dropped. Ntando came to the lounge holding her phone staring at the screen and scrolling through

Ntando: "oh no you didn't"

Kabelo and I both looked at her.

Ntando: "Did you just add a comment on that video that you and Ayanda are just friends?"

Me: "Yeah why?"

Ntando: "Bad move"

It took a glance at Kabelo and I think that's when  
realisation kicked in but Mina on the other hand I was

still as clueless.

Kabelo: "Oh No bad bad move"

I blankly look at the both of them before my phone rang. I answered it and put it on loudspeakers

Her: "Hey Siya"

Okay why am I blushing now I swear this is getting Wierd.

Me: "hey are you doing?"

Her: "Ngigrand Wena?"

Me: "I'm okay"

Her: "So you decided to post that video on your tiktok? I love the edits"

I don't know why but her voice is not matching with the words she's saying to me it's like she's angry at me or something. I looked at my friends and their expressions are one's that didn't give out much

Me: "I Love the video as well that's why I decided to post it"

Ayanda: "so we friends? After the heart warming we had I really thought we're more than that"

I swallowed hard. Ohhh that's Why they were saying it's a bad move. I feel bad now that she's feeling this way I mean for the fact that I'm deeply in love with her and she might think otherwise.

Me: "look Ayanda it's not like that i.."

Her: "Siya you don't have to say anything. I Already Know where I stand with you and I actually blame myself for thinking you and I shared something special"

I was getting emotional and broke my heart having to hear her say that.

Me: "You don't understand Ayanda I'm in love with you"

Her: "no you're not enjoy your the rest of the day"

She then hung up. I swallowed a huge lump on my

throat. I looked at my gents and they both shrugged.

Kabelo: "this girl loves you Dawg and you hurt her"

Me: "Mara mfethu "

Kabelo: "Ahh I don't wanna hear it. You're on your own"

She then stood up and left and ntando also left immediately after. I don't like the way I'm feeling right now. If it was up to me I was gonna start my car and drive to Soweto. I tried calling her but her phone took me straight to voicemail so I'm guessing she switched it off.

Zimkhitha

When I saw Siya's recent video I was kinda hurt though I'm not surprised a part of me had expected that she has a girl. I looked at the video over and over again Siya had tagged her on the video. I tapped on her profile and went through her Tiktok page. This girl is beautiful she had close to 5K views and her content was amazing although she doesn't post all the time unlike Siya. No wonder she has a thing with Siya. Oh My .. look at me feeling so insecure over someone I don't even know.

When she replied to the comments i knew she was lying probably she just wanted to get people off her back. She called me as I was alone with my thoughts I flashed a smile when I saw the caller ID.

Me: "hey soon to be birthday boy"

Hey: "You available tomorrow right?"

Okay I'm blushing is she asking me out or something?

Me: "for you? Always"

I hear a chuckle and I smile even more.

Her: "Let's go out tomorrow you and I to celebrate my birthday"

Siya

I woke up to a notification that I have been verified. I meaaan what???? What a best way to celebrate my birthday. I had made a booking for Zimkhitha and I at some resort for the day. I prepared myself for the day after I've received a whole loads of birthday messages from my family friends close friends and even fans. I must say they were a lot. After I was done I went to fetch Zimi. I must say her and I had an amazing day. With all her bubbly personality and making jokes throughout there's no way I wasn't gonna enjoy my birthday.

Later that day my friends and I went to Groove and partied all night. I swear my birthday ended off on A very high note. Mina honestly I take birthdays very seriously. Enjoying my birthday is very important plus I was also celebrating the fact that I got verified on tiktok. There's nothing bigger than thatCHAPTER TEN

## IS THIS THE BEGINNING OF IT?

The school's have reopened Our holidays are over and Ntando and I are going back to campus and I'm leaving my car behind how sad is that. The fact that I gotta face my demons is one of the things that haunt me. Uncle parked at the gate helped us take out our bags from the car and said our goodbyes. We both pulled out bags as we head to res.

Ntando: "It feels good to be back. If only Kabelo was here"

Me: "worry not boyy she'll be joining us ka second semester"

I love how close Kabelo Ntando And I have gotten so so close over the holidays and that she also gets along so well with bokang and enzo

As soon as I was done unpacking. I went to Ntando's room and she was also finished. Bokang and Enzo Came to join us and we went to chill by the student Centre and plugged some pipe. The fact that it's back to school on Wednesday is what ruins the mood for all of us. Enzo's girl came as we were chilling.

Enzo's girl:"Hiii guys Hi Siya"

Ehhhh :0

Me: "Hi Samantha"

Enzo Looked at me and I just shrugged my shoulders.

Rethabile called me and I moved further from the gents and answered.

Me: "Rethabile Moatshe"

Rethabile: "Ouch A Young 'hey baby' wouldn't hurt"

Me: "What do you want?"

Her: "Heard you've arrived at the campus we need to talk. I'm coming to your room"

Me: "It hasn't even been two hours is I got here and you already wanna see me? Rethabile I need to spend time with other people outside of this relationship. Because I am Siya first before I'm Rethabile's Siya"

Her: "Are you still mad about what happened ka taba ya birthday ya Hao"

Me: "Look Retha I Gotta go"

Her: "Oh uh I love you"

I then hung up. I went back to the gents and Samantha was gone. I swear this girl is wierd.

We Chilled till late and later went back to res while the gents Went to the other campus.

The following day I had planned to meet up with Zimi she texted me telling me she's at campus square and I took my phone and wallet then locked my door and

went to campus square it's a walking distance so I didn't mind. As soon as she saw me she half ran towards me and gave me a hug.

Her: "Hey Baby I missed You"

Me: "Lol but you last saw me on my birthday which was Saturday and that's like three days ago"

Her: "But I miss you still"

Me: "girls are Wierd"

She chuckled as we walked inside. I then took her hand in mine and we walked hand in hand. We were just talking and knowing Zimi she was actually the one who does the talking telling me all stories and

making me laught until.....

Me: "Shit!!"

Zimi looked at confused

Zimi: "what's wrong"

Ayanda and I locked eyes shortly before she moved to our hands. It's then I remembered that I was holding Zimkhitha's hand I tried to let go of her hand but she held me tighter. Ayanda was with Lisa. I looked at Ayanda trying to figure out her reaction but she gave me none. Instead Lisa was the one looking Hella pissed matter of factly she looked like she was about to murder someone. I think that's when Zimi came to understand what was happening. She let go of my hand when she noticed Lisa Walking towards us. Oh oh no Ayanda is gonna think I'm a hoe.

Lisa: "Siyamthanda can you please explain to me what the hell is going on here?"

I looked at Ayanda as she walked towards the exit leaving us behind. I really wanted to follow her but at the same time I needed to sort out the matter at hand

Me: "Umm Lisa I. "

Before I could finish Lisa turned to Zimi

Lisa: "Wena Didn't Siya tell you she's taken?"

Zimi shook her head she looked frightened

Lisa: "You seriously thought you the only one? Siya is a fucken hoe don't get too comfortable on that sit there are whole lot of others who sit there too"

Okay Lisa is really mad about this she sure is fond of Ayanda for her to defend her like this.

Me: "Lisa I know you angry and..."

Her: "You Disgust me Siya. And you better stay away from Ayanda. Or you'll have me to deal with."

She clicked her tongue before leaving us. I was honestly smitten but the fact that Ayanda didn't give out any reaction is what bothers me the most honestly.

Zimi: "what the hell happened here? I thought you said Ayanda was your friend. And then this White girl? Is she also your girl?"

Me: "No Lisa is not my girl"

Zimi: "Then why is she so worked up?"

Me: "Look Zimi I've got to go you and I will talk"

I then walked off. My mind was all over the place but mostly it was on Ayanda. I tried dialling her number and it went to voicemail. I decided to go to Ntando's room she'll know what to do. I knocked and I heard her saying "come in" as soon as she saw me enter she rushed to my side and gave me a tight hug.

Her: "What happened?"

I sat down and dialled Kabelo's number and told the both of them what had transpired. The only thing Kabelo said was "SHIT!!!!"

Ntando: "So you saying Ayanda didn't say anything?"

Me: "yeah bro"

Ntando: "Or maybe she doesn't like you like that"

Kabelo: "Nah I highly doubt I honestly think that Ayanda is really down for you. I've seen how she looks at you a couple of times that can never be missed"

Me: "But I feel like I don't know her. I wanna know her more I know what she hates what makes her angry how she's like when she's angry I wanna know what makes her sad and what can I do whenever she feels said. Like I wanna know all of that and Ayanda never gives out the reaction like I anticipate I don't really know if she's angry or not"

Kabelo: "How Will you know if you haven't asked?"

Ntando: "and futhi it's always been a known fact that smart people don't really give out immediate

reactions. They analyse the situation and find the best most smartest mechanism to deal with things instead of being quick to react. Let's just hope Ayanda is not one of those because people like that can be very dangerous."

Kabelo: "Mina bafethu I'm team Ayanda so whatever happens I think Ayanda is really down for you"

Ntando: "wait Wena are you saying that because you fucking Ayanda's cousin?"

We all just laughed.

Kabelo: "aii that's my cue to leave. We'll talk gents. Wena Siya just dial Ayanda's number using Ntando's phone must I tell you everything Nah???"

We then laughed as she hung up she always avoids this topic of her and Fifi.

I took Ntando's phone and dialled Ayanda. She took time to answer and just when I was about to hang up I hear a hello and it wasn't Ayanda

Me: "Lisa?"

Her: "Siyamthanda what do you want?"

Me: "Please Lisa I need to speak to Ayanda please I'm begging you"

Her: "I told you to stay away from her she doesn't wanna talk to you"

Me: "Please Lisa I just wanna make sure she's okay"

Lisa: "Okay Fine she's here with me. In my room I'll send you directions to get here."

Me: "Ohh thank you I'll owe you"

After sending whatever she needed to send. I walked to her room and knocked. Lisa opened the door and immediately my eyes turned to Ayanda. Lisa signalled that she'll leave us alone. I walked to Ayanda and she didn't even raise her head to look at me. She was sitting at the edge of the bed her elbows on her knees her head was buried between her palms. I kneeled opposite her and slowly opened her palms so she could look at me. She was not crying but her eyes were bloodshot red.

Me: "Ayanda"

She looked at me and just blinked. I sat next to her on the bed and gave her a tight hug. she returned the hug and sat on that position for a while. The Fact that she returned the hug flooded my heart with delight.

Me: "I Love you Ayanda"

She let go of me and gave me a look.

Ayanda: "No you don't Siya"

Me: "You need to believe me it's not the first time I tell you this. Just allow me to show you"

Her: "I'll choose to give you the benefit of the doubt"

Me: "That's All I'll ever need"

She took her phone and dialled Lisa's number telling

her to come back and that she's leaving. She then took my hand as we walked out. We got to student Centre and had something to eat. We then walked to the buses.

Me: "So What does this mean? Are we ab item now?"

Her: "yeah I'm Siya's girl now the hot annoying and the world's famous Siya"

We both laughed Ayanda is a gem guys. Her smile is the most beautiful thing to ever exist.

Me: "Wow really? The only part I heard was hot"

She then laughed

Her: "I thought as much"

I pulled her in for a hug and gave her a perk on the lips. I then watched her as she got into the bus. When I got into my room

Sponsored

I found Rethabile cooking. Ohhh my this woman is gonna drive me crazy.

Me: "Hii you didn't tell me you were coming"

Her: "I wanted to surprise you plus I want us to talk"

Me: "You look amazing"

She wasn't wearing a weave she had cut her hair and had removed her braces.

She smiled as she sat on the bed.

Her: "I'm sorry that I couldn't spend your birthday with you"

Me: "Don't worry about it it's really okay"

Her: "are you sure?"

Me: "Yeah"

Her: "So Have You And Abo Ntando thought of going to Soweto pride?"

Me: "We actually have but we haven't decided as yet"

Her: "Then let's go together My friends you and your friends. It'll be lit"

Me: "I'll Talk to The gents"

As were talking my phone beeped and it was Ayanda and the text read "come visit me tomorrow after your last class"

I sent a text back saying "LOL so you not gonna ask?"  
She responded saying "Why should I? I'm your girl"

I chuckled and Rethabile looked at me.

Me: "Sorry it's. "

I like the sound of it. Ayanda my girl. She sent another text saying "and pack an overnight bag" I'm gonna spend the night with her. How interesting.

Rethabile after cooking for me and said she needed to prepare for her early class tomorrow. Zimi called and we had a chat till later. Atleast she wasn't mad at me about what happened earlier.

The next morning I was way too excited that I couldn't even get through the day. It was a bit chilly

in the afternoon so I went back to my room and took a hoodie before going to take a bus to Ayanda's campus. She didn't have classes today I called her when I arrived

Her: "Already can't wait to see me?"

I just chuckled.

She then came to fetch me and we went to her room.  
Her space was just welcoming

Me: "I Don't Understand why a first year student is not sharing rooms with other roommates like other kids"

Her: "one I'm Not like other kids and two I don't like sharing. And I mean generally in all aspects of my laugh"

I just chuckled where the hell is this conversation going?

I took off my shoes then my hoodie since it was a bit warm unlike outside. We then Chilled as she told me about her family and I told her about mine.

Me: "So what's your deal breaker when it comes to relationships?"

Her: "yooh Siya I hate disrespect with every fibre in me. I hate being disrespected. You can do anything Siya but just don't disrespect me cause I never respond well to disrespect. If you gonna entertain other girls knowing that you and I are dating then that's disrespect. I understand that you're a people's person but I just want us to respect each other that's all"

I looked at her as she was talking Ayanda Is Beautiful  
Yoh. I don't know how many times I keep saying this. I  
looked at her lips and I just wanted mines on hers. I  
really appreciate this lady in front of me

Me: "I get it and I wouldn't want anything to go wrong between us because you really mean a lot to me"

She just looked at me and smiled

Her: "What's yours? what's your deal breaker?"

Me: "Same thing as you"

Her: "Ohh wow I thought as much"

She chuckled as she rolled her eyes. She then served me. She's really a great cook. I mean Rethabile usually cooks for me but it's never this delicious or maybe it's because I'm used to Rethabile's hand that

It feels good to actually get someone else's hand.  
After we were done eating. We just Chilled watched  
Netflix.

Her: "So Siya What's your favourite Thing To Do?"

Me: "This"

I pushed her chin up so she could look at me. I kissed her softly on the lips and she responded. Ayanda's lips are now my favourite thing I'm telling you. Plus with the fact that they have so much effect on me. She fixed her hand under my t-shirt and started pressing my breasts gently she did it again and again now my breathing patterns were starting to change. As soon as i couldn't stand the heat. I helped her out of her t-shirt and she with mine. I looked into her eyes the sparkles in her eyes reflected my love for her. I continued kissing her and it got even more heated. None of us was able to resist each other. It's clear that we're both sexually attracted to each other

with no doubt.

I woke up with Ayanda in my arms and my phone ringing. I looked at Ayanda and the events of last night

came back rushing. I swear this girl knows how to keep a stud interested. Out of all the girls in my life Ayanda is the only one who makes me feel alive she understands me understands my emotion and everything. I mean we spent the entire night talking about almost everything and it felt so good just being with her makes me super happy well after the banging sex we had.

I decided to ignore my ringing phone but Ayanda shifted .

Her: "Morning King Siya"

Me: "Morning My beautiful Baby"

Her: "Ain't you gonna answer your phone?"

Me: "No not when i have this beautiful lady staring right at me"

She just looked at me and smiled. We then went to take a shower brushed our teeti then i changed clothes before packing my overnight bag

Ayanda: "oh no baby that's staying"

I looked at her isn't she even gonna ask

Me: "The hoodie?"

Her: "Yeahno negotiations and I don't want you to leave"

Me: "Me Too babe"

Ayanda: "Then don't attend your classes today stay with me"

I laughed and she ended up laughing as well.

Me: "You such a bad influence"

Her: (Chuckling) just trying my luck. Babe look I'll be going to the library so chances are I'll still be there when your classes finish I'm not sure though but we'll communicate"

Me: "Then get ready my class starts in an hour"

She got up and I looked at her as she got ready she looked good in my hoodie. Even her goofy self is a pleasant thing to watch. she fixed her hair and we

walked out hand in hand.

We got to campus and parted ways as I went to the lecture hall. Rethabile kept calling and I just ignored her. She sent A text saying "you don't sleep at home you don't Answer your calls whoever the bitch you spent the night with better know her shit cause I'll find her and I'll be coming for her.

Ehhh I still ignored it. After I called Rethabile because she's been calling nonstop

Me: "Rethabile Keng?"

Her: "Don't fucken ask me that Siya where did you sleep?"

Me: "I'm sorry are you my wife??"

Her: "No but atleast I need to know wh. "

Me: (cutting her off)"I'll call you once you've calmed down"

I. Then texted Ayanda letting her know thtmy classes have ended. We then met up and bought her muffins before walking her to the bus. As we were walking I noticed Rethabile walking towards us. SHIT!!

She came and slapped Ayanda's cheek. Wtf

Rethabile: "Hehe you even wearing the hoodie I bought for her"

Oh shit I forgot about that. Ayanda Looked Hella Hella Pissed but I could tell that she was holding back you see Ayanda and giving reactions and showing emotions

Me: "Rethabile please leave we'll talk later"

I saw ntando coming towards us oh yeah great timing.

Ayanda: "Who the hell are you?"

Rethabile: "I'm her girl bitch"

Ayanda: "Siya Doesn't love You bitch"

Rethabile slapped her again immediately when Ayanda was about to react Ntando and I came between them. People were now looking at us.

Ntando managed to get Rethabile out site while I stayed behind with Ayanda. I knew She was burning inside I'm slowly learning her.

Me: "Are You Okay?"

Ayanda: "yeah I'm okay"

Me: "I'm sorry about what just happened she's just a crazy ex"

Her: "it's okay don't worry about it"

She took off the hoodie slowly folded it and handed it to me. This girl is unpredictable yazi ☹️

Her: "You can give me another one"

I looked at her and smiled

Me: "I'm really sorry for what happened seriously"

Her: "Look Siya I'm not gonna lie and say I ain't Pissed because damn right I am I'm actually furious but I chose to hold back because I'm a law student there are certain rules that I need to follow and I need to also consider the school's regulations that are pressing hard on the Behavioral ethics more especially as a law student. Siya mina I was gonna beat the shit out of her fuck her up regardless because one thing about me I'm from Soweto I was born and raised in the ghetto I grew up with boys and I know how to defend myself. Siya Mina Angishayi Ngibeka Umuntu Phansi"

I looked at her and at an instant I knew she really meant it I mean she sure does look like someone who'll beat you up to a pulp. She just got beaten up by my other girlfriend yet she's still so calm about it. There's always something about this girl that just

attracts me to her

Me: "Thank You For Choosing to be responsible for  
That I'll Forever love and cherish you"

Her: "Just out her in her place Siya or I will"

Me: "Yes ma'am"

We shared a brief hug and I perked her lips before watching her get into the bus. I returned to my room very much angry. I found Ntando and Rethabile already inside Ntando Looked pretty pissed as well

Me: "Rethabile Moatshe what the hell was that?"

She just ignored me

Me: "I will not tolerate your straatmeit behaviour"

Ntando: "Wena Rethabile you even the last person to do that such unruly behaviour?"

Rethabile: "Siya is cheating on me what did you expect me to do?"

Ntando: "Wena you piss me off yezwa. You talk about cheating wena?"

Ntando looked like she was about to say something but she chose otherwise. I looked at Rethabile and she was shit scared.

Ntando pointed her finger at Rethabile

Ntando: "Yazini Neh you better stay away from uAyanda if you know what's good for you"

She then took her phone and Keys then left okay now  
I was convinced that there's some secrets going on

between these two I mean I know Ntando and I know Rethabile

Me: "Get out!"

Her: "Siya I know I shouldn't have slapped her but you need to hear where I'm coming from hle"

Me: "and take this with you"

I threw the hoodie at her and she opened her eyes widely

Her: "this is a gift to you Siya"

Her voice was Shakey. I went passed her and opened the door for her

Me: "I Love you but you've disappointed me"

She swallowed hard and left I Then closed the door behind her. I swear these girls are gonna give me a headacheCHAPTER ELEVEN

JEALOUS MUCH?

Ayanda

I'm Pissed like super pissed and I sure as hell ain't gonna let Siya's hoes mess with me. The fact that I am starting to fall in love with the famous king Siya Hey don't look at me like that! Siya is such an amazing person it's difficult not to fall for her.

I got into the bus and dialled scarra's number it rang unanswered but he called me back after a while

Him: "Ntwana Zikhiphani? Ugrand?"

Me: "Ngigrand Ntwana"

Him: "Ayandal know you and Wena you hardly ever call so what's up?"

Me: "Okay fine I need your help with something"

Him: "Talk To Me"

When I got home I dialled Siya to let her know that I've arrived

Her: "Hey you arrived safely?"

Me: "Yes I did"

We talked for a while then I recieved A call from my brother.

Me: "Bhuti"

Him: "Mtase have you talked to uMama recently?"

Me: "Why? Is She okay?"

Him: "Ngiyashada Next month"

Me: (shouting) lililili aw'bhuti I'm so happy.

Him: "Yebo Mtase so we've started with the preparations for the wedding I thought I should call you. sike sikhulume nje uMama will call you then if you can come home this weekend"

Me: "Ayikho inkinga Bhuti but maybe I'll come home on Thursday evening because I already have plans for Saturday"

Him: "okayy no stress Ngiyak'thanda yezwa mtakaMa"

Me: "Nami Ngiyak'thanda Bhuti"

I bet my mother was so excited about my brother's wedding I mean my brother has always been a

mama's boy. There were times I even thought my mom loved my brother more than me but my father always ensured me that they loved us both the same way as much and as that has got me thinking sometimes I'd realise that my brother thought my father loved me more than he loved him but otherwise this whole thing is just crazy I mean my brother being a mama's boy and me being daddy's princess. I remember how happy my mother was when Themba(my brother) came to introduce Nadia(my brother's fiancé) to them. She was even more excited when she found out he had proposed. I was happy too. I mean he's my brother every achievement of his life is obviously gonna make me happy. He has been the black sheep but he also has been a good example on other things like always respecting our parents going to school and graduating and a whole lot of other things. Despite everything else my father always taught us to love and respect each other. I still say my father was a real legend and I wanna be as great as him.

The next morning I did my morning routine then went for class. Scarra called me when I was on the bus

Him: "I just got the details you sent me"

Me: "scarra I sent these details yesterday why are you only getting them now?"

Him: "Ah Hade Ntwana"

This one and not giving out straight answers. Whenever he does not have an answer for a question he'll just apologize. Scarra is my brother's best friend. We grew up together and he's always there to help me where he can sometimes without my brother knowing.

I got to campus and met up with Siya and Ntando  
They both hugged me

Me: "Lisa and Mbali ain't coming in today y'all mind if  
we eat lunch together?"

Ntando: "sure why not?"

Me: "alright we'll talk"

Siya walked me to the lecture hall while Ntando said  
Siya will find her in class.

Me: "Siya are you going to Soweto Pride?"

She took time to answer that more like she was  
thinking about the answer

Her: "No I'm not."

Me: "hau why not? I thought it'll be great for  
content"

Her: "no I'm not going Ayanda"

Me: "alright"

We reached our destination she gave me a hug before leaving.

My classes went by pretty fast then I went to meet up with Siya and Ntando I was also introduced to Enzo and Bokang Siya's two other friends. As we were chilling Siya's phone kept ringing and I could see that she's becoming uncomfortable.

Ntando: "Ain't you gonna answer your phone?"

Enzo: "Kanti who's calling?"

Siya completely shrugged it off and Said "no one important"

After lunch I said my goodbyes as Siya Accompanied me .

Me: "Oh and I forgot to tell you I'm heading home ka Thursday"

Her: "why?"

Me: "we just preparing things for the wedding I wanna help out where I can"

Her: "let's go there together steal ourselves lapho Na lapho see how it feels like to shag in Mamazala's

house"

I laughed so hard trust Siya to say such things. We both ended up laughing

Siya

After I accompanied Ayanda I then dialled Rethabile because she has been calling me non stop.

Me: "Rethabile what's up?"

Her: "Siya I've been robbed."

Me: "Whaaaat? Where are you?"

Her: "I'm In my room"

I turned to go to her room and dialled Ntando and told her I don't even know why I'm telling her because she doesn't even like Rethabile.

When I got there she was all bruised up. She literally was beaten up.

Me: "babe what happened?"

Her: "I don't know babe everything happened so fast. A car stopped right in front of me and two men came and attacked me"

Me: "So you saying they didn't take anything"

Her: "i still have everything in me"

Me: "That's wierd"

I made her something to eat gave her painkillers and helped clean her wounds. This kept me thinking who would attack Rethabile like that. I could see that she was getting sleepy probably because of the pills. I just Kissed her forehead before writing a note to leave on her side "Baby I have an assignment to finish please make sure to drink your pills. Call me when you wake up love Siya"

I walked to Ntando's room and luckily the gents haven't left. I told them the story and Ntando just laughed. Seriously how can she laugh about something like this

Enzo: "I just think this whole thing is actually an attack considering the fact that they didn't take anything from her"

Bokang: "yeah it certainly is"

Ntando became all serious

Ntando: "wait what if it's Ayanda? I mean she slapped her yesterday isn't it?"

Me: "Hai Wena Ntando what are you trying to say?"

Enzo: "but it can't be Ayanda because she was with us"

Bokang: "then she must've sent someone"

Me: "Nah guys it's not Ayanda she's not that person and she believes that Rethabile is just some crazy ex"

Ntando: "or Rethabile must've been beaten by. "

She stopped to look at us and kept quiet. It's like she wanted to say something but decided against it. We all looked at her waiting for her to continue.

Me: "what???"

Ntando: "Nothing"

I hate that Ntando is too secretive these days. But Rethabile was attacked and we all don't know why that's the matter at hand. After my talk with the gents I was still stressing about Rethabile but I know she'll be okay because I cleaned and disinfected her wounds and also gave her some painkillers. I then called her when I got to my room she didn't answer so I'm guessing she was still sleeping. At times like these Ayanda's smartness would help me figure this out but I cannot ask her because she basically thinks that Rethabile and I are actually not together anymore. This whole shit is messed up but I feel like someone was just trying to send a message. I then dialled my uncle's number.

Me: "someone attacked my girl"

Him: "which girl?"

Me: "aowa Malome can we be serious?"

Him: "Siyamthanda ditaba tsa Bana TSA Mjolo Ga ke Di tsene fix your shit and stop being a player"

Damn I know he means it when he starts saying such. I guess I'm on my own I should just be glad that Rethabile is alive I mean that's all that matters right?

...

It's Thursday and Ayanda is heading home so I'll only be seeing her on Monday. Rethabile is getting better Zimi and I are okay Phindi and I have been talking so basically everything is going quite well. The rest of the week went by just okay and on Saturday the gents and I decided that we're going to Soweto

pride I woke up did my morning routine as I was on a call with Ayanda. She was helping her aunt's prepare traditional beer saying Baya emsamo. She didn't sound so great though it's like something is bothering her and knowing uAyanda she wouldn't tell me how she really feels. Enzo and I went to buy some drinks for the day.

Later that day

Sponsored

when we got there it was packed but however we managed to get the perfect spot to chill at. It was fire the music was a blast and the girls were looking hot some of them were throwing themselves at me. Rethabile and her friends came and joined us we then plugged some pipe. The vibes were amazing. We were sitting closer to some group of studs with more like three studs and two fems of which two of the studs I thought they were familiar.

Wait I know this car. Shit it's Ayanda. She drove past us and parked near that studs group that wasn't far from us. I watched her as she greeted them and

hugged the other one. I felt a little ounce of jealousy. I watched as the stud whispered something in her ear and she laughed okay it's confirmed I don't like this stud and now I had figured out where I know this stud from she plays for some famous football team basically she's a soccer player . Ntando Looked at me

Ntando: Isn't That Ayanda?

Me: "It's Her"

Ntando: "Shit! You told her you ain't coming"

When Rethabile Noticed Ayanda she came and kissed me. After that I had an eye-lock with Ayanda. Aiii guys mina I'm doomed. She said something to the soccer player and then came to me. Shit! shit! shit!. I looked at her as she walked towards me she looks pissed. She greets Everyone and turns to look at me.

Her: "Siyamthanda Nkabinde can I talk to you for a sec?"

Oh so no more 'King Siya'. Wow it's confirmed this girl is pissed.

Rethabile: "Wena futhi?"

Ayanda gave her a death stare that could last for days and I could literally feel for her. Ayanda then turned to me and I shifted to the side.

Her: "Siyamthanda didn't you say you wouldn't be here? Kahle kahle islima yimi la Neh?"

Me: "Baby I. "

Ayanda: "Baby? Siyamthanda uthi Baby? Masimba Ka Baby Yezwa!!"

I've never seen her this angry and I think it's sexy.

Ayanda: "So you kiss your ex's yazini Siya I should've known I should've known that you're a fucken hoe and you wouldn't be able to nkeep a girl like mei mean what did I expect from someone who's known like that"

Me: "Ayanda You Don't Understand I Love you"

Her: "If This Is What You Call Love Then I Don't Want It."

Me: "I feel like you and ii need to sit down and talk about this properly"

Ayanda: "I just wanna know"

She slowly walked towards me

Her: "Does she make you feel the way I make you feel? Does she make your body feel alive like I do? Does she even know your body like I do"

I swallowed hard. She took her hand and Slightly. You see i said SLIGHTLY? She slightly rubbed my back once and stopped to look at me. Shit this girl's impact on me is a lot.

She looked directly into my eyes and said "I thought as much" . With that said she walked away. Shit Siyamthanda you messed up bad it's like I can't seem to get my shit together. I watched her as she walked back to her soccer player friends. I then went back to My gents Apparently they said Rethabile left because I chose to talk to another girl in her presence so she left crying her and her friends.

Ntando: "Athini?"

Bokang (BK): "She looked pissed"

Enzo: "More Like 5minutes to slapping the living daylights out of you"

Me: "I Don't Think She'll Ever Forgive Me For This"

Ntando: "Of course she wouldn't Wena Siya you seriously thought you could have everything you want and all the girls? I honestly think Ayanda Doesn't Deserve You I Think She Deserves Someone Who's Gonna Love And Appreciate Her Not Some Sick Player Like You Nx!"

Okayyy I'm not sure if it's me or Ntando is overreacting. She herself is a player why would she

get hurt

when I'm the one who's doing it. I swear Ntando Has been acting wierd this days. You'd even think she's on drugs. She is my best friend but this is strange.

Me: "yoh Dawg I'm sorry. Why you so worked up?"

She just ignored me and we just continued drinking and smoking but my mind was totally elsewhere.

Ayanda was talking and laughing with her soccer player friends and it literally rubbed me off the wrong way the soccer player was balancing on the bonnet on Ayanda's car and Ayanda was in between her legs. I'm not crazy but this looks more than friendship and she looked comfortable with this person.

After a while I watched as they said their goodbyes and they got inside the car. This girl is even driving Ayanda's car Mmmm cosy much It's official I don't like This soccer player Friend Of Ayanda's.

Now I'm Pissed this is called disrespect. Ayanda is Being Disrespectful now. How can she entertain another Stud when she knows I'm here and how can she even leave with her let alone allow her to drive her car. I'm fuming i try to dial her number but it takes to voicemail who knows where they are going noga! what they'll be doing. I turned to the gents

Me: "We're Leaving"

Enzo: "Thought You Said We'll Be Here Till late"

Me: "Change Of plans we Leaving now"

Ntando: "Okay Now we Have to Leave because Now your Girl Has Left? We Still Having fun Dawg"

Enzo: "No Ntando We're Leaving. If Siya No Longer feels comfortable with being Here then Whyu Should We stay?"

We then packed up our things and left. I was feeling all sorts of emotions. When we got to res I didn't even bother to call Rethabile I. Was just there. I slept but was woken up by a call from Zimkhitha I

answered in a sleepy voice

Zimi: "Siya Siya Ngiyak'thanda Siya"

She's drunk. Oh my I hate this.

Me: "Are you drunk?"

Her: "I'm just tipsy come chill with me for the night"

Me: "No Zimi you're drunk. You and I will talk in the morning once you've sobered up"

Her: "Mara babe. "

I then hung up if it was up to me I wouldn't allow my girls to even drink alcohol at all. But nonetheless I swear my head is all over the place. I think I should call Kabelo she always knows how to sort out such

things

Me: "Kabelo"

Kabelo: "Have You Talked To Ntando?"

Me: "Um Was I Supposed To?"

Kabelo: "Wow Siya Seriously? Ntando is not okay she's carrying a huge load on her shoulders and you couldn't notice that?"

Me: "eish now I feel bad I've been caught up with my own things that I didn't notice that there's something bothering her What's going on?"

Her: "You would've known if you had bothered to

ask"

Me: "I'll go talk to her that's not the reason why I called though"

Kabelo: "I Already Know Why you Called Ntando Told me And trust Me Siya the only way you are gonna be able to sort this out is if you talk to Ntando. She knows best"

I just gave out a huge sigh

Me: "Okay Ntwana"

Kabelo: "Siya uNtando is your friend. She has your best interest at heart"

She then hung up after our call. I took my jacket

phone and keys then walked to Ntando's Room. I knocked and no one answered but I could hear that there's someone inside because I could even hear music coming from inside. I knocked some more but there still was no answer

Me: "Ntando??"

I slowly opened the door and ntando was alone it's like she was alone with her thoughts she was even smoking some cigarette

Me: "Ntwana ugrand? What's bothering you Dawg? Talk to me I'll help where I can"

Ntando: "You wouldn't understand Dawg."

Me: "Try Me"

She was sitting on the floor next to her bed. I decided to sit down next to her. She offered me some

cigarette but I refused. Ntando never smoked whatever it is that's bothering her is serious.

Ntando: "I don't think I can tell you this Siya it'll hurt you"

She stood up and went to stand next to the window. I stood up as well but I sat on her bed.

Her: "Rethabile is not lesbian she was dating Joe. Joe Bokang's Uncle Who's A Lecture At Wits?"

Me: "Whaaaat?!"

Ntando: That's Not All just when I thought I was ready to come tell you About it I saw her at Tasha's

With Mr Lincoln."

I felt like my world was crumbling down. How can Rethabile do this to me with such old men?

Ntando: "I'm Sorry I Didn't tell You Earlier I Confronted Her About It And told her to come clean to you The only thing She Said Yena She has a lifestyle To Keep She's Used to princess And She Feels like you Can't Give Her That."

Me: "Wow I'm Offended"

Her: "I'm Sorry Dawg I know you might be mad at me for not telling you this earlier"

I stood up and walked to her and we Shoulder Bumped.

Me: "I'm Not mad at You bro!"

She just looked down before looking outside the window I can see that there's still something bothering her.

Me: "There's Still something else?"

She kept quiet for some time and she slowly turned her back to me.

Her: "I think I'm attracted to Ayanda from the first time I saw her I instantly fell in love with her. I tried to ignore the feelings I have for her because she's your girl but whatever I have for her just keeps growing as I ignore it."

Aowa Ntando Wae latlha bjanong.

Me: "NtandokaYise Uthini Kimi?"

She just completely ignored me.

Me: "Nah Dawg you can't. You can't be falling for my girl. I Appreciate you telling me about Rethabile but Nah bro? What happened to bro code? Nah Dawg Don't do This Don't Tryna Ruin our Good Friendship "

I Was Angry how can ntando do this? Kahle Kahle I'm Angry about everything. Rethabile And her lies Ntando And her untrutworthiness Ayanda and The thought That She might be busy with Her soccer Player Friend Wherever She is.

I took my keys from her counter gave her one more look before opening the door and walking out. Nxa Ntando Wang Bora I don't Wanna lie. How can she want My girl? Nah That's Crazy

CHAPTER TWELVE

SHOW ME SOMEONE WHO DOESN'T MAKE MISTAKES

I Opened The Door Without Knocking I Found Her With A Glass Of Wine. She Stood Up An Walked To Me

Her: "Baby hey"

I gave her Hot Slap Across Her Face That Sent Her Stumbling Back. The Wine Glass Fell Onto The Ground Spilling The Contents Of It.She looked shocked by

what I just did. As Soon as She Found Her Feet Again I gave Her Another Slap

Me: "Seriously Rethabile? Such Old Men? I feel disrespected Yezwa"

Her voice was shaky you could tell that she wanted to cry

Her: (holding both her cheeks) "she told you"

Me: "Of Course She Told Me Ntando Doesn't Owe You Anything"

She kept quiet

Me: "You Disgust Me Right Now. I Can't Even Look At You"

Her: "I'm Sorry I Was gonna tell you"

Me: "When? When Were You Gonna Fucken Tell Me?  
Rethabile You Know How I Feel About Such Things"

Her: "I'm sorry Siya"

Me: "I bought all your clothes that you left in my  
room. I never wanna see you uyangizwa ukuthi  
Ngithini?"

She stood up and came towards me age tried to  
touch and kiss me but I shifted.

Me: "Don't Touch Me Who Knows Where Those Lips  
And Hands Have Been."

I pushed

her away and walked out. I just saw her differently. There's No Turning Back From This. Although I Kinda Feel Bad From Slapping The Shit Out Of Her But She Deserves It. I Hate This Girl Sies!

What's worse is that Ayanda Is Not Picking Up Her Phone. I Decided To Take An Uber To Enzo And Bokang. I Entered And Found Them Drinking. I think it's Amazing That These Two Share A Room. I grabbed a Glass From BK And Gulped the Whole Of It Down.

Enzo: "Is It That Bad?"

I narrated the whole story about Rethabile but I made sure not to tell them about Ntando And Her Stupid Feelings For My Girl.

Bokang: "Rethabile Is Dating Joe Ehh? Joe Is Too Old For School Kids Tjerr"

Enzo: "Mina I'd Kill Her Yoh"

Bokang: "You Did Right By Slapping Her Wa Tella This Girl"

Enzo: "And Ayanda? Have You Talked To Her?"

Me: "She's Not Answering Her Phone"

Bokang: "Her And Botlhale Seem Quite Close"

Ohh So Bokang Also Knows Ayanda's Soccer Player Stud Friend.

Rethabile

I've never seen Siya So Angry In My Whole Entire Life. I could not even put out if it's anger or hatred. I knew this day would come but i wanted it to be the one who tells her. I've never even cried like this before it hurts so much.

Lerato (My Friend) Came in while I was still stuffing myself with food I was even scared of calling Siya because she left fuming but i feel like she didn't give me a chance to explain myself.

Lerato: "Are You okayy? You look terrible. What happened to your face"

I guess she was referring to the five fingers on both my cheeks as a trail that I was slapped

Me: "Siya Knows About Joe And Lincoln. I think she knows about all the other's as well"

Lerato: "Aowa Chomi Tell me You joking"

Me: "how I wish I was you should've seen how angry she was. I doubt she'll ever forgive me for this"

Lerato: "But I don't blame her chomi I too would be mad if I found out that my girl was cheating on me

with different men"

Me: "Don't make me feel like a slut"

Lerato: "I'm not saying you're a slut chomi all I'm saying is that "

Before she could finish I felt the need to throw up I've actually have been feeling a bit dizzy since Siya left. I quickly ran to the bathroom and threw up all the food I've been eating. I'm even starting to have a headache. When I came back Lerato gave me a look.

Her: "Are you sure you okay? Maybe you should go to the doctor"

Me: "No I'm fine it must be the wine I was drinking"

Lerato: "Since when did wine Make you Sick? I mean you love wine"

I just shrugged my shoulders I honestly don't understand why I'm starting to get sick.

Lerato: "Are you sure you not pregnant when did you last see your periods?"

Ohhh No!!! I haven't been to periods in a month Now. OH NO NO NO NO!! It Can't be. I Can't be pregnant. Siya would go even More Crazy. Oh my how could I be so stupid? How am I even gonna tell Siya about this?

Lerato Noticed by the terror on my face that I'm actually thinking that it might be true

Lerato: "Oh no friend let's not jump into conclusion we need to test and be sure"

My voice was getting shaky with every passing minute.

Me: "Oh no Lerato how can I be so careless?"

Lerato: "You know what you need to calm down Wena just sit down and relax I'll go buy the tests for you"

With that said she left and I stood up pacing up and down Oh no I hope not. This would kill Siya. Futhi yena she'd kill me. I should've told her or better yet I shouldn't dated all these other men behind her back now my doings are coming back to haunt me. I slipped into the floor and a whole lot of thoughts flooded my mind. Lerato came back and found me sitting on the floor with my head buried between my knees and rocking back and forth. Siya is not the only person I'm worried about my parents would be so disappointed in me what about Lincoln? He made it

so clear that He doesn't want his wife knowing about this. I'm screwed like I'm screwed for real.

Lerato: "Chomi stand up tuu so we could get it over and done with. If you're pregnant then we come up with a way forward please friend."

I stood up went to the bathroom peed on both the sticks then went back to my room. Both Lerato and I were now waiting matter of factly we were pacing up and down. I on the other hand was even sweating.

Siya

It's Sunday afternoon around 1 and I was on a call with Kabelo

Kabelo: "Trust me boy she wanted To tell you"

Me: "It Doesn't matter Kabelo She Wants my girl Nah Dawg that's big"

Kabelo: "But she's your friend and Wena you haven't even talked to Ayanda she's mad wherever she is she might even decide that she doesn't wanna be your girl anymore if you say you love her then you gotta try talk to her. If Ntando Loves you as her friend then she gotta understand"

Me: "You Know What? You're Right."

I hung up took my Wallet and keys locked my door and requested a ride to Ayanda's House Call Me crazy I don't care.

When I arrived the gate was locked but I could see that her car was parked inside there were three other cars parked in but hers was at the back meaning she was the last one to park and chances are she's here. I

tried to call her but it took me straight to voicemail. I then heard some noise coming from inside more like people were coming out the gate then opened. I slowly walked in and met up with three women the other one looked like Ayanda's older version. She was beautiful and had dimples and beautiful teeth just like Ayanda. They all stopped to look at Me.

Me: "Sanbona"

The other two women greeted back politely but the older Ayanda just kept quiet looking at me from my head down to my toes

Me: "Mina ngingu Siyamthanda I'm looking for Ayanda. Sifunda Sonke"

Before the three women could answer two older men walked out followed by Ayanda and some guy who looked like a male version of Ayanda who's probably in his mid twenties. I looked at Ayanda and my she looked amazing. It's actually my first time seeing her with a dress on. It looks good on her and my her body? She is a fine Art A real Masterpiece. They were talking and laughing but stopped when they saw me

One of the women: "Nank'uAyanda. Uceda ukungena

njengoba Anje A real Masterpiece. They were talking and laughing but stopped when they saw me

One of the women: "Nank'uAyanda. Uceda ukungena njengoba Anje Since ahambe izolo. Yazi lomntana Mara"

Oh so she didn't sleep at home? Okay so now I'm even more angry because chances that she was with her soccer player friend are very high. She looked at me and looked away almost immediately so I can't tell whether she's pissed or what.

The younger guy: "So Mtase who's this?"

Ayanda: "Oh sorry lemme introduce her This Is Siyamthanda a friend from campus"

Friend? Oh okay.

Ayanda: "And Siya this is my family my two aunts and their husbands oBab' ncane and That's my brother uthemba mom's first born and this here is my Mom."

So the older Ayanda is actually Ayanda's Mom? I'm not surprised and the male version is her brother? Okay now it Makes sense. After the introductions the aunts and uncles left and Ayanda suggested that we go talk inside the house.

Ayanda: "ma Siya and I will be in my bedroom"

She turned to some lady who was in the kitchen  
Ayanda: "Sis Molly please bring Siya and I something to drink and some snacks"

We then walked upstairs to her bedroom. I let her walk as I watched her whole body behind her. This is pure beauty I'm telling you. She then shut the door after I've entered.

Her: "What are you Doing Here Siya?"

Her voice is too calm for my liking

Me: "I Wanted us To talk Ayanda"

Her: "About What? How much of a player you are? Or that you making me a fool? Or even worse that you're a fucken liar?"

Okay now she's Angry.

Me: "So you Didn't sleep at home? Where were you Ayanda?"

Her: "Don't change The bloody subject because I'll slap the hoeness out of You and you'll even regret settings your feet in my house in the first place"

I just chuckled

Me: "Do You Know How Sexy you Are in that dress? You even more sexy when you're Angry "

She just looked and me and I looked at her lips

Me: "Although it looks good on you I still wanna take it off"

I walked to her and we looked straight into each other's eyes. I slightly pulled her towards me. I wanna have her right here right now. She moved away

before I could kiss her.

Her: "Siyamthanda Nkabinde why the hell are you here?"

Me: "I Know That your mad at me and I couldn't stand the fact that you're mad. I love you Ayanda big time and I wanna be right here with you but I really feel incomplete when you aren't with me it's even worse when I know that you're mad at me that thing just breaks me"

She chuckled and shakes her head we then hear a knock on the door. She walks to the door opened the door and takes a tray that was presented to her. She then places it on the side table and sips the juice from it.

Ayanda: "so Siya it's love you say? And what? I'm supposed to trust you?"

Me: "that's all I need babe Trust.

She raised her eyebrows.

Ayanda: "So what about Rethabile? And Zimi Oh And Not To Forget uPhindi"

I turned grey at an instant

Me: "Look Ayanda I'm human I make me mistakes I have my own flaws and it's crazy how everyone expects me to be perfect. Everyone expects a lot from me. But out of all things I know all my feelings and emotions and I know when I'm in love. I don't know how to say this but mina Ayanda i love you and never in my life has anyone made me feel the way you do

Her: "None of that shit matters now Siya cause I'm done"

Whaaaat? I hope I didn't hear her correctly. Who told her about this even?

Me: "Ayanda Tell Me You Joking"

Her: "I'm Not. Siya There's other women involved in this I can't stand the fact that you keep on saying you love me but there's other women that you tell that to also. What I'm saying is why be the other woman when you can be the only woman? I can't Siya. I'm out. Take me out of your polygamous nonsense"

Me: "is it Botlhale? Is she worth it? Did spending the night with her make you realise that you're now too good for me? Does she even give the best sex?"

She just chuckled as she shook her head

Her: "Siyamthanda i cannot actually believe that you just said that. Botlhale is my Best friend. I would never in a million years do something like that with her no matter how angry i am. Matter of factly I'd never do anything like that eith anyone. Siya sex is sacred i can't be sleeping with anyone I meet Siya plus

not everyone is a cheater like you"

At this point i really don't know how I feel. My feelings are all over the place and now that Ayanda wants out my emotions are getting too high.

Ayanda: "You know your way out"

As much as I love Ayanda I can't force her to stay. If she doesn't wanna be with me anymore then I'll give her that. I turned and walked towards the door I gave her one more look and she looked away after the 5-second eye lock. She can't even look at me. Before i could open the door I heard her speak

Her: "Siya"

I turned to look at her although my hand was still on

her door handle. She walked slowly towards me and I met her halfway and she locked the door I then kissed her back. There we go again Back to our world where nobody else exists. I slowly pushed her on the bed and looked straight into her eyes I've always wanted to take the dress off ever since I walked into this yard. I took it off and my she wasn't wearing a bra so her beautiful breasts gave perfect light into my eyes. This is the most beautiful creature in all history of humankind. I kissed the both of them and she smiled. She then took off my t-shirt and her hands were now touching my skin. I then left a trail of wet kisses from her neck all the way to her belly. I love how Ayanda can get Dominant one minute and be submissive the next it just drives me crazy. I went back to her lips and kissed them. The stars in her eyes reflected the sparkles in my eyes. As I was kissing her my hands roamed around her beautiful body and found their way between Ayanda's warm thighs. I then touched her teapot and my wasn't she ready? I rubbed slowly and she whimpered. I then decided to use my tongue I know how she loves that. As soon as I placed my tongue on her she let out a moan music to my ears :)

I started circling my tongue and she grabbed onto the sheets I then continued like that because I mean my girl's pleasure is what matters to me. I then inserted my finger and her moans were sending a message straight to my own delicate areas. I continued like that and when her body got tense and legs shook I knew I had done my part. After we had both caught our breaths she slowly opened her eyes to look at me. Maaaan I love this girl. She gave me a side smile

Her: "King Siya"

I love it when she calls me like that and she knows it

Me: "Yaya"

She took the tray of food that was given to us earlier and took a bite of the Fruits and handed the rest to me.

Her: "You gotta eat I'll drop you off at school but I'll go take a shower while you eat"

Me: "Atleast you still care about me"

She rolled her eyes and laughed as she walked to the bathroom as I remained and ate Because madam ordered me to eat.

After she was done I watched her as she lotioned and wore joggers with a nice collared crop top.

Me: "You no longer wearing a dress"

Her: "No Angithi someone decided to take it off"

We both laughed. Atleast even after she has broken up with me I'm glad she still has her sense of humour. We then walked downstairs as she took the tray to the kitchen her Mom and brother and some young woman whom I'm guessing is Ayanda's sister in law cause she was holding hands with the brother

Me: "Senizo Sala Kahle Ma"

Ayanda's Mom: "Nawe Uhambe Kahle

Ayanda: "I'll b

Dropping her off and Imma pass by Botlhale's house so I'll see you guys later"

The sound of that girls name just pushes all the food I've been eating up to my throat. I honestly don't understand Ayanda's Friendship with this girl.

We walked to her car and she drove to campus she then parked at the gate. And we just stayed there in complete silenc

We then spoke at the same tim

Me: "Ayanda

Her: "Siya"

We both chuckle

Me: "You can go first"

Her: "Siyamthanda I meant what I said. I cannot do this anymore. Siya I want someone who'll put me first someone who'll love me and just me who'll appreciate me. I want someone whom I'll proudly say they're mine and to be honest I don't think you can give me that"

I kept quiet I mean it seems like she had everything thought out.

Her: "You're a great person Siya and every Girl on campus would kill to be with you I bet you'll meet

someone who wouldn't mind sharing you with other women because I ain't that person"

We both walked out and I gave her a tight hug.

Me: "I totally respect your wish but just know that you'll forever have a special place in my life"

I gave her a kiss on the forehead and watched her as she got inside her car and drove off .

CHAPTER THIRTEEN

## THE WEDDING

It's three days before I finish writing my exams Ayanda and I haven't talked since she broke up with me although I still see her on campus which always becomes awkward because i don't know whether i should greet her or just pass. Rethabile and I are done for good what she did is a big deal to me. Ntando and I also haven't talked since this one time after my break up with Ayanda and she came and said "I Heard You And Ayanda Broke Up" I responded to say "You must be happy Neh?" That's when she told me that she really feels bad that she told Ayanda about all the other girls in my life. I'm still mad at her for that I mean what kind of a friend does that Ntando has always been a player fucked most girls on campus but never have I told any of

those girls. When I think about it Ntando Is Actually A Snitch man. Although I sometimes miss her I always valued our friendship. She was my best friend but she messed up and I'm not ready to forgive her. The gents and I with Ntando Included Have Been Invited To Themba's Wedding I honestly don't think I'm gonna go I mean Ayanda And I aren't on speaking terms why the hell would I go to her brother's wedding? Plus Ntando And I Aren't Speaking too I don't want any awkward vibes during the wedding. I walked to class scrolling through the comments of the video I just recently

posted on tiktok I accidentally bumped into someone. Oh great it's Ntando. I just ignored her and was about to go into the lecture hall when she grabbed my hand can she just let me go write my exam in peace

Her: "Hii"

Me: "Sho"

Ntando: "Are You Going To Ayanda's Brother's Wedding?"

Me: "NO now if you excuse me."

I was ready to walk away when she spoke again

Ntando: "Wait."

Me: "Ufunani Ntando?"

I said that making sure I roll my eyes and she sees it

Her: "I Want Us To Talk Please Siya"

Me: "Fine We'll talk After writing"

I then went inside the lecture hall and she followed behind me.

As soon as we were done I made sure to go out of the exam venue first to be honest I was avoiding talking to Ntando but I guess luck wasn't on my side because she managed to catch up with me. We sat

on the benches that were near us.

Her: "Ntwana I Truly Wanna Apologize For The way I Acted I know it wasn't my place to tell Ayanda all those things"

I just kept quiet and let her finish talking

Ntando: Siya Ntwana you're my best friend and I miss you Dawg And we can't let a girl come between us"

I just chuckled

Me: "Ayanda Is not just A Girl She Was My Girl and you of all people know how much I was down for her and you are the last person I thought would do this to me because I always trusted you how do you think we're gonna come back from this? "

Her: "I know it's gonna be difficult but I'd like us to take things one step at a time"

Me: "I can take that"

Her: "That's All I Need"

Me: "Does That Mean? You're over uAyanda?"

Her: "Why Does It Matter Y'all Broke Up Moss?"

I chuckled

Me: "Then You're not Ready To fix This Friendship"

I then Stood up to leave

Ntando: "Wait Siya Look You Know It's not That easy to get Over Someone But I Promise I'll Stay away From Her"

Me: "Good."

Her: "Truce?"

Me: "Truce"

We then bro hugged and walked towards the

cafeteria to meet up with the gents. And ladies and gentlemen that's how I got my best friend back.

One more paper and I'll be going home to my uncle I miss him.

Enzo: "So are we going to the wedding?"

Ntando: "No we not"

Bokang: "Hau why not?"

I was about to answer when Ayanda passed by with Lisa and Mbali. She always looks good and she makes sure. She pretended not to see me and i swear i felt an ounce of pain. I guess Ayanda and i will never be together again. It doesn't even help going to the

wedding. They All saw Ayanda passing by.

Me: "Y'all already have the answer"

They spent the rest of the day trying to convince me to go to the wedding and trust me I'm kinda convinced.

...

It's Friday I'm writing my last exam then we'll be wrapping up the first semester. I just wanna go home. I went to the lecture room. After my exam I bumped straight up into Ayanda. She looked so beautiful as always she had braids of a different colour. They suited her perfectly.

Me: "Ayanda hi."

She ignored me and continued with her journey. I

stayed there and watched her as she walked away. Those blond braids did Wonders perfect blend with her beautiful skin. I guess I really messed up for her pass me like that even after I tried greeting her. Now all the convincing that my gents did is probably gonna go to waste.

I met up with ntando And Bokang since Enzo went to see Her Girl.

We then went to the Mall to buy a few items as they were doing shopping I recieved a call from my uncle.

Me: "Malome"

Him: "Siya Wena Mara Kore you don't even call when you're at school Keng you don't miss us?"

I just chuckled

Me: "I Miss you uncle"

Him: "I'm in Joburg for business let's meet up for lunch"

Me: "Of Course Send me the details and I'll be there"

After my call I went back to the gents.

Me: My Uncle Is In Joburg I'm probably gonna go sleep at his house."

Yupp you guessed right my uncle has another house In Joburg for whenever he needs to come this side for business.

Ntando: "so you really not going to the wedding?"

Me: I don't know I'll decide in the morning"

After we had departed I took an Uber to Fourways to my uncle's house. I was so happy to see him. He asked me how I've been and I couldn't help to tell him everything that's happened in the past few months from Rethabile being a pathological liar to Ntando's ultimate betrayal and me eventually breaking up with Ayanda. Basically I told him each and every event that took place

Him: "So are you going to the wedding?"

Me: "I really don't know I mean it's Tommorow"

Him: "I Think you should go just don't go there for Ayanda go there to enjoy yourself. Whatever happens between you and Ayanda happens"

Me: "can I atleast borrow your car?"

Him: "haha so you making me pay for advising you to go?"

Me: "Lol no it's not like that I mean Malome you're always in Pta. This car is Here you hardly ever use it and you just bought a new car"

Him: "fine but you bring it back as soon as you come back are we clear? "

Me: "Loud and clear"

Him: Phela this is not your small BMW X1 this one cost me a fortune"

It was a White Range Rover

Me: "Wow Malome as if I've been a careless driver"

Him: "Even your car that you drive was bought by me  
moss"

I laughed so hard wow guys my uncle is so spicy. I then decided to clean the car while he was busy on his conference call. This is the first time my uncle actually allowed me to drive his car. He never Does back at home when I ask to drive one of his cars he'd tell me that there is a reason he decided to buy me my own car Nonetheless we had lunch played video games and I even ended convincing him to send some cash into my account kkkkk 😄.

The following morning I woke up took a bath brushed my teeth and did a mini vlog as I prepared breakfast and drove to campus. it feels great to drive such a big car. When I called the gents they said they're getting their hair done but ntando was done so I walked to her room. Damnnn My bro

looked clean. I think I need a fresh haircut as well. Ntando accompanied me to the Mall. After we were done we went back to Ntando's room to get dressed. Overall we looked good And Smelled Fresh.

#cleanboysworldwide

We then drove to the garden venue where the wedding will be taking place and found a nice parking. Immediately after we got out of the car and there she was she looked breathtaking. Ooh my I Swear I fell in love with her all over again. That body hugging dress that fitted her so perfectly. Her make up was amazingly beautiful and those heels made her look a bit tall. Everything stopped for a moment and we both looked at each other. I couldn't stop looking at her. Ntando tapped my Shoulder and I got back to my senses.

Ntando: "are we gonna stand here and watch you drool over uAyanda?"

Enzo: "Yoh Kodwa uAyanda Muhle yoh "

I just kept quiet and we walked towards the garden. We then found our sits. Ayanda then later walked in with in with Botlhale oh god did she have to be here? I managed to spot Fifi and naye she looked good. The place was amazing it was aesthetically pleasing.

as the exchanging of vows took place I felt the need to go to the toilet. I entered did my business and guess who I bumped into when I was walking out Ayanda. She stopped and looked and me and I stared at her. Her eyes sparkled as she looked at me she even had eye lashes on. She was gorgeous.

Her: "Siya"

Me: "Ayanda"

Her: "You Look nice I like the haircut"

I looked at her and smiled but to be honest my heart was beating so freaking fast.

Me: You also look amazing everything about you just breathtakingly beautiful"

She just chuckled and moved to the side so I could pass but I pulled her in for a hug I didn't wanna kiss her so I hugged her instead. She took time to hug me back but when her she wrapped her arms around me my heartbeat increase faster than it already was. We stayed in that position for a while it's like we always wanted to do this but none of us was ready to. The hug was like a messenger to my heart y'all know how much I've been craving for this hug for her scent to be filled all over my body. She let go of me and quickly went inside the toilet. I went back and people had already moved to the reception. I found a sit already reserved for me by the gents. My mind kept drifting off to Ayanda. I watched her as she walked and sat next to Bothale. We both exchanged an eye contact before she removed her eyes. By the time it

was time to eat I had probably stole looks at Ayanda for a thousand times. And to speak about the wedding

Sponsored

Everything was just beautiful. I mean the venue itself. The setting and the flowers at the alter the reception the food the order of the day the bride and groom the vows even the guests of the event made sure to Look good I swear everything was well organised. After everyone has eaten it was now time for dancing. People started mingling with each other in the crowd ululations everywhere. WAIT? Ayanda can dance? My it just gets better and better. I loved watching her from a distance and I must say I haven't actually taken my eyes away from her. I'm sorry I can't help it but she's just so beautiful.

Ntando: "I Always thought you're a great dancer but damn uAyanda outshines you"

Bokang: "She has definitely found her mate"

Enzo: "Kuthiwa a girl who can dance to amapiano red flag"

I just shook my head at the comments. I saw her walking towards us and I started getting nervous Enzo saw that.

Her: "Hi guys thank you so much for coming. I never thought you'd honour the invitation"

She wasn't looking at me

Bokang: "And thank you for inviting us"

Ayanda: "Are you guys enjoying yourselves? There's an open bar y'all can have whatever you guys want"

She's Still not looking at me it's like she's avoiding eye contact.

Me: "I didn't know you can dance like that"

Her: "That's because I don't post it on tiktok plus i can never beat the great Siya The Creator"

That's when she looked at me.

I just chuckled

Ntando: "Imagine how amazing your content would be if y'all partnered up"

Ayanda: "Bad idea"

All this time I've been looking at her

Ayanda: "Can y'all tell your friend to stop looking at me like that?"

Bokang: "I'd Kill For Someone To Look At Me Like That Like I'm The Only Person Alive In This World"

Enzo: "Imagine Someone being attracted to you like so into you. They love they you walk the way you talk the way you eat the way you move your body your smile your beautiful eyes just Everything that you are. man that's priceless"

Ayanda: "Oohkay this is getting awkward y'all call me when you need anything"

She then left

Ntando: "Waba yislima nawe uAyanda Maka la talk to her have conversations with her nawe"

Bokang: "Yislima lento"

We all laughed. I'm so gonna get them for calling me islima.

Ayanda

When I invited Siya and her friends to the wedding it

was after we broke up and I sure as hell did not think that they'd actually come. Siya looked AMAZING!!! Her freshly dyed haircut formal black trousers with a crisp white shirt unbuttoned at the top. She looked nice.

Bothale: "why can't Bo Siya come join us and let's all chill together"

I chuckled

Me: "One you know that Siya and I are no longer together and two Siya doesn't like you"

Bothale: "More reason why we should all chill together maybe I can actually change her mind about not liking Me"

I don't trust whatever she's saying I know her and I know she's up to something. This is my best friend and you can never confirm what she'll do next

Me: "I Don't Trust"

Her: "Trust Me Dear Friend"

I just rolled my eyes.

I then went over to Siya's table

Me: "How about y'all come Blom with us"

Siya: "Us? Who's us?"

Me: "I Bothale and my other friends"

Siya: "I honestly don't understand why you friends with studs"

I looked at her and chuckled I then gave Ntando the puppy eye because I knew she'll agree"

Ntando: "Alright fine let's go"

Siya raised her hands up.

Siya: "What?????"

They all stood up Siya also stood up because she saw that she had no choice they took their chairs and we walked to the others I could literally feel Siya's eyes on me.

Me: "You Know you should take a picture it lasts longer"

She just looked at me and chuckled. Ntando even laughed

Ntando: "busted"

After we had all sat down I then did the introductions

Me: "Okay guys this is Botlhale my best friend Kgalalelo but we call her Lelo Rea my friends this is Mpilo and Ntombi Lelo and Rea's Girls (Lelo and Rea Are studs and Mpilo And Ntombi Are Fems)

Siya: "So Botlhale doesn't have a girl?"

Botlhale: "No why would I need one when I have an amazing best friend like Ayanda."

Me: "Oohkay Oohkay This is Siya Ntando Enzo and BK they are also my friends"

They did shoulder bumps and bro hugs as they greeted each other"

I then sat next to Botlhale

Siya

Okayy why is Ayanda sitting next to this girl? I hate this.

Bothale: "Anyone Who wants drinks?"

She stood up and gently pulled Ayanda's Arm as they walked towards the bar she touched Ayanda lower back and my wasn't I fuming?

They came back with ice buckets that was filled with Alcohol ice and Redbull energy drinks. Bothale took one Redbull opened it and gave it to Ayanda.

Basically she opened it for her. I've been evaluating this Ayanda and Bothale Friendship and I'm quite convinced that there's more to this than just friendship.

Plus soccer players can't be trusted I used to play soccer so I know. Fifi came to join us she With two of her other friends. Now we were becoming a big group and my friends were getting sloshed. Even Ayanda has taken her heels off and now she was shorter kkk.

I think we should actually leave I mean it's now wayyy

past midnight my friends are super drunk and I'm driving my uncle's car. Otherwise we had fun Bothale and I even started becoming friends(we'll sort of) I still hate her though. We danced sang and had fun all night long and it was super super fun. Ayanda's family sure knows how to organise an event. We even managed to take beautiful pictures before the sun could set. In all truth I had fun.

Me: "Umm guys we gotta leave"

Ntando: "Whyyy? It's still early!"

She's drunk

Ayanda: "How Are you Gonna get them to the car?"

Me: "Bokang is better we just need to get ntando and Enzo to the car"

Ayanda: "I'll help you"

Ayanda and I managed to get Enzo to the car while Botlhale and Lelo carried Ntando. After they had left I was now alone with Ayanda. We were standing on the driver side since I was also getting ready to leave.

Me: "Thank you for the good time"

Ayanda: "I'm just glad that y'all enjoyed"

Me: "I wanna ask you something though"

Her: "Sure"

Me: "Has anything ever happened between you and Botlhale before?"

Her: "Siya don't start being awkward. I mean you and I aren't together anymore right? So I don't think it's okay for you to ask me that. Just hug me and then make sure you call me when you get home just so I could know that you're safe"

I loved that she still cared

I gave her a hug and she held on tighter. I didn't wanna let go I wanted her to remain in my arms forever. After we stopped hugging I pulled her chin lightly and kissed her. She stood on her toes so we could be on the same height and she kissed me back. I've been wanting to do this ever since I got here. After the kiss she stopped and looked at me then smiled.

Her: "Safe travels. Tomorrow well lemme say later today is the traditional wedding y'all welcome"

She then left and I watched her as she strolled away. We kissed? Damn at least there's still a little hope for us. I also loved the fact that we were both sober so no one was gonna blame it on the alcohol it was all intentional

## CHAPTER FOURTEEN

### A THOUGHT ABOUT ABOVE MY HEAD

As I was driving home Ayanda was the only thing in my head. I pressed the button as the gate opens and I drove in. I woke the gents up after I parked in the garage. I woke them up and as drunk as they were they all managed to go to sleep respectively.

The next morning I woke the gents up and walked downstairs I found my uncle drinking coffee and reading the newspaper

Him: "Oh Good Morning My Child. How was the wedding?"

Me: "Ohhhhkay somebody is in a good mood what's up?"

Him: "I'm expecting important visitors over for lunch to discuss business and I have a feeling everything will go well"

Me: "Ohh Really?"

Him: "So Imma need you and your friends to be gone

by then"

Me: "Wow you kicking us out?"

He gave me a look and I chuckled

Me: "Sorry I know better than to interfere in your business"

Him: "I'm Gonna need you to organise platters and drinks for my guests"

Me: "On It oh and uncle?"

Him: "Yes?"

Me: "I'll also be going home with you so kgopela oska nshiya"

Him: "Sure"

The gents came down we had breakfast and prepared to leave. We had to leave early because Bokang was heading home Already for the holidays and it's bad enough that they were dealing with a hangover. I decided to use my uncle's car I know he's in a good mood so i doubt he'd mind.

When I got to my room I dialled Ayanda's number but her phone rang unanswered. Today is the traditional wedding so they probably busy. We all wanted to go to the traditional wedding but we can't because we're all preparing to leave tomorrow for the holidays. As I was busy packing my clothes a call from Ayanda came through.

Me: "Hey Ayanda"

Her: "King Siya"

Oh my when last did I hear her call me like that?? :)

Me: "Woaah and then your voice?"

Her voice was gone clearly she didn't sleep"

She just chuckled

Her: "Angazi yazi"

Me: "But Nonetheless Siya Thinks It's Sexy "

She laughed even harder atleast I can still get her to laugh

Me: "How are things going there?"

Her: "yerrr bruh hectic we slept around 4am the elders woke us up at 5:30am imagine"

Lol she's even complaining to me with that hoarse voice of hers. What makes me happy is that she is slowly opening up to me again.

Me: "Yoh your aunts are abusing my wife"

We both laughed

Her: "Then come save your wife from those old creatures"

We both laughed. The sound of her laughter is just music to my ears

Her: "I've gotta go we'll talk"

Me: "Enjoy"

Her: "Wait? Y'all ain't coming?"

Me: "No we can't sorry"

Her: "Alright"

I had a huuuuuge smile on my face. I then took my bags to the car and walked to Ntando's room. She was done packing up

Ntando: "I know I was drunk yesterday Neh but that kiss between you and Ayanda was the only thing I saw"

We laughed

Me: "Uyaphapha boyy"

Her: "So what's up? Y'all back together?"

Me: "Nah we haven't even talked about that"

Later that day ntando Enzo and I accompanied Bokang to Bree Taxi rank and luckily for us I was driving. After dropping her off we decided to go to Back to campus to have a hookah session. The school was literally running on empty we could see people dragging their bags and leaving. We had a pipe session. I got a notification from Ayanda.

Ayanda is indeed a goddess she sent me pictures of her and she looked so great in her Zulu attire. No guys it's not normal to have a person drive you crazy like this it's wierd"

I then decided to post the one's we took yesterday together with one of those that she sent me and posted them on my Instagram and wrote "wedding vibes" then tagged her. After a while the comments started flooding in. It's like people are waiting for such things However a part of me is happy that these comments aren't anything that'll ruin things for me.

....

The next day was a Monday and I'll be heading home for the holidays with my uncle but before that I thought I should go see Ayanda. Just to go check up on her and to talk to her regarding the kiss. I told her I was outside and she came out looking all sorts of tired but all so beautiful. We shared a brief hug and entered the car. We decided we'll chill in the car.

Her: "Hey"

Her voice was still gone

Me: "Hello beautiful you look tired"

Her: "I am I haven't slept properly in a week"

Me: "I know one thing that can revive your energy and keep you awake"

I gave her a smirk and she giggled

Her: "Wow Siya you're such a naughty ass"

Me: "can't blame me your hoarse voice is doing the most right now imagine how sexy your moans would sound"

She laughed so hard and I ended up laughing as well

Her: "Siya ngizok'xosha la ekhaya"

Me: "Yoh even worse when you speak isiZulu"

We both laughed

Me: "But I miss you Ayanda honestly"

Her: "Me too"

Me: "really? So what does that mean?"

Her: "Nothing"

Me: "Aowa Ayanda"

Her: "Siya let's not go there you know why I left by

now you should've known that I wasn't gonna stay as your side chick forever"

Me: "who said you were the side chick?"

She Just chuckled and shook her head.

Her: "you see why I say you and I aren't compatible? "

I sighed and looked out of the window

Her: "But here is one of many things I've learnt about you"

I opened my eyes to hear what she'll say so I listened attentively

Her: "You know I'm nothing like the rest you know know why you can't get away from me and you know there's only one thing that I give to you that your other girls can't. And that's why they can never compete with me but what I'm saying Siya is that you're still confused. You don't know what you want you don't know where your heart is at but mina uAyanda I know. I know where your heart is and that's why I'm saying I'm gonna let you go so you can figure it out on your own"

Me: "I don't understand what you're saying Ayanda"

She just chuckled and pulled me in for a kiss. Soon enough the kiss got heated and I was ready to get hit in the car but she stopped and we both looked into each other's eyes. She then chuckled and said "goodbye Siya". She opened the door and got out and

I watched her walk into the yard. I just sat in the car thinking what had just transpired. I swear Ayanda's is becoming way too smart for my liking and even to a point that she understands things way better than I do I mean what the hell was she saying?

I drove back to my uncle's house but my mind was a bit far.

We later drove to pta and I immediately slept when I arrived I didn't feel like unpacking my bags. I woke up to someone slapping me.

Me: "ouch man what the hell?"

Kabelo: "Broo!!!!"

She was even shouting. Lol I really missed this crazy

bro of mine.

Me: "But why you gotta slap me bro?"

She then chuckled and went downstairs while I went to take a shower. Afterwards Kabelo and i

decided to Play Snooker. My phone rang while Kabelo Was still setting the table it was ntando telling us that she arrived safely.

Kabelo: "So ntwana my application for transfer to UJ for second semester has been approved"

Me: "Oh yeah? Brooooo"

Kabelo: "Ehh warasa Jo Bothata ke res. It's full so basically I did not get space"

Me: "You can come crash with me"

She gave me a look

Her: "you know that's. It allowed right?"

Me: "Fine we'll stay at my uncle's in Fourways and we'll drive to school when the need arises"

Her: "So you saying you'll be using your car to go to campus? "

Me: "exactly that"

Her: "Will Your Uncle Even Agree to this whole arrangement?"

Me: "I Don't Know we gotta have to talk to him about that"

We then continued playing probably till late i swear I love having her around she's like a brother i never had. It's sometimes not nice being the only kid at home. I dropped her off later on and drove back home.

I don't know why but my heart is kinda heavy like something just doesn't sit well with me but I don't know what that is. My parents came over and we went out for dinner it's been a while I mean my parents are always busy and we hardly even have dinner together as a family.

The next morning I walked to my uncle's house and luckily I found him he was on a call so I went to so I went to get some snacks after he was done with his call he came and sat next to me.

Him: "why does it seem like something is bothering you ngwanake?"

Me: "There's nothing Malome I'm just tired and I'm bored"

Him: "How can you get bored when you have friends and a whole bunch of girlfriends?"

I just laughed wow trust my uncle to say such things.

He stood up and I'm guessing he went to his bedroom because he came back with a small Brown envelope and a box.

Him: "whenever things don't go my way I always look at my mother's picture your grandmother. Remember all the wise words she used to tell me and Everything will feel better. Siyamthanda your grandmother was a spiritual person and she saw things that were about to happen and she'd try to warn us about them I bet she even knew about her death and chose not to tell us but otherwise your grandmother was a very wise woman."

Me: "Okay why you telling me all of this? "

He handed the envelope to me and it was written boldly "Siyamthanda". I gave my uncle a look and he nodded

Him: she asked that we give it to you when you reach 20"

I opened the envelope and it read

DEAR SIYA

My First grandchild. I remember how delighted I was when you were born i was happy to meet my first grandchild. I held you and looked at you what a beautiful baby. I watched you as you grow and saw that you'd be different from the girls in our neighborhood and when you read this letter it would mean that I will be long gone. When you reach 20

Sponsored

that's when things will start getting complicated for you before they get better. You will be forced to face life on your own. I see how fully dependent you are on your uncle but he won't be there to help you through your journey. You will be caught up between four women amongst them will be what you're destined for but what you need to know is that all of them will be deeply in love you And at the end of the day you'll have to choose. It'll only take a special kind of skill to be able to choose the right one. Be careful Siya not to choose the Wrong one following your infatuation. With this letter goes along a Ring that you should give to the one you choose that'll

finally have your heart. Although you'll be walking blind but you'll eventually see the light. This is not a curse upon your life so do not take it like that. You being the only grandchild i know I give you this ring that was passed on from your great grandmother to me then I'm passing it you. Go my dear child go find your destiny

Love Grandma

I read the letter over and over again and I looked at my uncle He had been quiet since.

Me: "Is this some kind of prophecy or what?"

Him: "I Don't Know but what I know is that your grandmother was a spiritual person and she knew better than we do"

Me: "Nah This Is Crazy this whole thing is just shit what the hell man?"

I stood up took my car keys and left. I could hear him shout my name a few times but i ignored it. I'm still young to be going through this kind of stuff I mean

what the hell is my grandmother doing in my love life. I'll choose whoever and I'll date whoever.

I drove to Kabelo's house and my whoever said you should tell your friends you're coming before you decide to go visit them was damn right Maan i mean what is this. Kabelo was chowing some Girl. I excused myself as i told her that I'll call her. Because Kabelo was busy i decided to go to Phindile's house. I knocked for about three times with no answer and just as about to leave she Opened the door she had covered herself with just a towel

Her: "I'm sorry I took time to answer I was taking a shower"

Me: "Phindi"

Her: "Siya"

I pulled her towards me as we both kissed. We entered inside the house while kissing and she dropped the towel to the floor. My she was naked. I continued kissing her as I gently pushed her towards the couch my mind drifted away from this particular moment and lost consciousness of what was happening

although i was there with her doing whatever and touching her where she needs to be touched but my mind is elsewhere. She came as she caught her breath. I wiped her and looked at her I saw her. That Innocent girl I fell in love with.

I remember when her and I started talking. She was my senior at that time and we were both on the same public speaking team. Phindile Msomi the most wanted girl at school by both girls and boys. I remember when she had asked Kabelo for my numbers because apparently she was shy to approach me. When Kabelo told me i decided to go to her yupp I've always been a confident kid. I personally gave her my numbers and we talked. When asked that we become friends I straight up told her I really liked her and that's how we started dating. She has always had a pure heart and probably that's the reason why I fell in love with her.

She wrapped the towel and walked to her bedroom  
Im I just stayed there and went through my phone.  
She came back looking all dressed up she walked to  
the kitchen and came back with two glasses of juice.

Her: "Siya Are you okay?"

Me: "Yes Babe I'm Okay Why?"

Her: "No I can tell you not okay. And I'm asking you  
this because our love making session was. "

Me: "Was What?"

Her: "It Was different Siya. It's like you were here  
with me but your mind was somewhere else. You  
were somewhat distracted.

Me: "I'm Sorry you're right I'm not okay."

Her: "Wanna talk about it?"

Me: "No not yet but all I wanna do is spend more time with you"

She pulled me in for a warm hug and we stayed in that position for a while

Rethabile

After the whole pregnancy scare the way I was so relieved that the tests were negative and I was happy that I went to my periods just the next day after that. I swore to Never have sex with men ever again or even talk to them for that matter. Siya dumped me

and the way I was heart broken. I always try talking to her on campus but she'd ignore me or just give me a cold shoulder. I understand why she's mad and I don't blame her at all. I miss her so much I mean Siya cared for me. You know what? Lemme just call her. It rang unanswered and just when I was about to hang up she answered

Her: "Rethabile Moatshe what do you want?"

Ouch that was harsh

Me: "Hi Ummm Siya I just wanted to..."

Her: "I'm gonna hang up"

Me: "No please don't. I miss you"

Her: "Mxm"

Me: "Siya I'm so..."

TUU TUU TUUU

fuck she hung up.

Ayanda

I was on a call in my bedroom talking to Bothale when Fifi Budged in sounding a little bit excited.

Her: "Ayanda! Ayanda!"

Me: "Go back and knock and wait for a come in"

Her: "Ah Mara..."

Me: "Refiloe"

She just slowly walked to the door walked out closed the door and knocked"

Me: "Come in"

She then entered and I watched her as she walked and sat on my bed.

Her: "Cuzzy did you see Siya Got Verified On Instagram"

I just chuckled

Me: "Okay why you telling me that? Siya and I aren't together anymore"

Her: "Lol but you still love her right?"

Me: "No I Don't Fifi why are we talking about this?"

She just laughed shaking her head.

Her: "Because Siya got verified after she posted that picture of you and her at the wedding."

Me: "But Why Is she only getting verified now I mean she has been on 2M followers Already"

Her: "And nawe you've gained a lot of followers after she tagged you on that picture"

I rolled my eyes.

Me: "so? I don't care about that"

Her: "I know you don't but some of us do"

Me: "Fifi get out of my room tuu"

Her: "Let's go out and celebrate your babe Being verified"

Me: "Bathong this child!"

I threw a pillow at her and she ducked laughing and walked out.

Like I honestly don't understand why she's telling me this. Nonetheless I decided to check her Instagram profile and indeed she's got a blue tick to her name. Not so long ago it was on tiktok now it's Instagram? I bet she's so happy about this wherever she is. As I was scrolling through Fifi budged into my room again.

I just looked at her I'm tired of reprimanding her and asking her to knock.

Her: "Cuzzy did you see the post for that big event we've been waiting for is out?"

Me: "Yeah I did Bothale told me about it"

Her eyes had now moved to my phone that I had already dropped on the bed.

Her: "Didn't you say you don't care?"

Me: "Of Course I don't I was just scrolling through my Instagram and Siya's posts appeared on my feed"

She just chuckled

Her: "Come on I know you better than that you miss her isn't? "

I then got off my bed and she just sat there looking at me and waiting for an answer

Her: "Ayanda you're in love with this person why did you let her go in the first place?"

I just chuckled shaking my head

Me: "Fifi this person is a public figure people know her girls want her and with such Fame on her name she just can't say no to girls that want her. I like her a lot like I'm down for her big time but she wouldn't see that because she's got All these girls who are also as down for her as I am. Siya and I are worlds apart how did you expect me to fit into her social life? She is a fucken social butterfly and I'm "

I stopped to Look at her and she looked like she was

paying so much attention to whatever I've been  
Saying she raises her eyebrow when I stop.

Me: "I'm just Me." Plus trust me Refiloe Siya doesn't  
like me like that."

After saying that I strode to the bathroom and made  
sure to close the door behind me. I don't even wanna  
think about this Siya is probably with some girl as we  
speak I mean commitment seems too big for her but  
let her Enjoy her supremacy her shine. It's what's  
good for her.

## CHAPTER FIFTEEN

Siya

After showing Kabelo The Letter she was so excited saying it's like taking on a challenge. It's crazy how she sees some sort of adventure in this. However she managed to cheer me up and made me feel better than I was feeling before. We went out for paintballing ziplining bungee jumping go karting. I had the most fun when we came back we played FIFA played Snooker filled our stomachs with lots and lots of food. She made sure I go back to my usual self.

It was just after Kabelo and I had breakfast when I saw that I had a missed call from Ayanda. Shitt! How the hell did I not hear it ring? And she called yesterday night and I was asleep at that time. I tried calling her back but it took me straight to voicemail. Shit shit shit! Now I'm wondering what she wanted to say. I went to Kabelo's room and knocked yupp you guessed right. Kabelo has gotten so comfortable with being my best friend that she even has a room specifically for her to sleep in whenever she comes to visit and she visits all the time so basically she stays here.

Her: "Come in"

Me: "Ntwana do you have Fifi's Number? Ayanda called me last night but I was already asleep so I couldn't take the call. I tried calling her but her phone it's off"

Her: "Yeah I do lemme look for them"

She scrolled through her phone and dialled the numbers on her phone. It rang three times before Fifi answered

Fifi: "Kabelo Hii"

Me: "Hi Fifi It's Siya Is Ayanda with you? I need to speak to her"

Fifi: "No Ayanda Went out with Botlhale but I'll tell her you called"

At the sound of Botlhale's name I clenched my jaws why does she have to be with her though and to top it off why would she switch off her phone.

Me: "Oh Alright please tell her to call me back Neh"

Fifi: "I Will and Siya?"

Me: "Yes?"

Her: "Ayanda hasn't been feeling well you should talk to her"

Me: "Why? What's Wrong?"

Okay now I'm getting worried and I feel bad because I didn't answer her call what if she really wanted to talk to me about something?

She then hung up and both Kabelo and I looked at each other.

Kabelo: "What do you think is the problem?"

Me: "Beats Me"

Kabelo: "Let's wait for her to switch on her phone then you can call"

Kabelo and I went to sit by the fireplace. I mean it's winter so it's cold. My uncle walked in followed by someone but we couldn't see them properly. Wait?? uncle is with a woman? No don't get me wrong that's fine I mean he's old and he can date whoever but he's never bought a woman home because he says his kind of business doesn't allow him to fall for women because it would put those women in danger. But I'm happy. Kabelo both looked at the woman. She was beautiful she was wearing a nice nude dress that looked Hella expensive she had nice legs and was very much light skinned.

Uncle: "Oh Honey meet my kids this is Siya my niece and her best friend Kabelo but they both my daughters"

The lady: "for a moment I thought they're boys"

Ntando and I looked at each other and laughed as they also joined and laughed with us.

Kabelo: "We didn't get your name"

Uncle: "Ohh this is Yolanda My umm Special Friend"

Me: "Nice to meet you Yolanda umuhle"

Yolanda: "Aww thank you sweetie"

Uncle: "It's Sis Yoli For You"

We just laughed. I really like this Yolanda person my uncle looks super happy and I love her for him. I just wonder if she'll be comfortable with the kind of job my uncle does though.

We decided to drink Alcohol Kabelo's idea not mine I'm not really a fan of alcohol so I'm good. We then face timed Ntando I didn't really realise how much I've missed her until we called. We talked about all Crazy stuff she told us that Nontsikelelo(her ex girl but they still smashing) has found a job in Joburg so she'll be coming with her when she comes this side. and the way she was so happy that it'll be the three of us in second semester. Ayanda's call came through okay why are my hands shaking? I answered

Her: "Hi Siya"

Something is indeed wrong I know it is when she starts calling me Siya and her voice is super low that's unusual.

Me: "I saw Your Call and I tried returning it but your phone was on voicemail"

Her: "Yeah bengithi Fifi and I are bored. These holidays are holding us by the neck. So probably we can come that side sizobhoreka Sonke"

I just chuckled her sense of humour is still there.

Me: "That's fine by me as long as I get to see and spend time with you"

She just laughed

Me: "what's wrong Ayanda? Talk to me"

She just kept quiet

Me: "I can tell that you not okay"

Her: "You and I will talk when we get there"

Me: "then come now"

She just chuckled

Her: "Lol no Siya we'll see you on Monday"

Me: "Ngiyak'thanda Yezwa"

She didn't say anything but I could hear her breathe then she hung up after a while. She sure doesn't sound well and I wonder why because her birthday is coming up in about a week she should be excited. After my call with Ayanda I went back to Kabelo.

Me: "Ayanda and Fifi are coming this side on Monday"

She opened her eyes widely.

Her: "Ohh really? Why didn't you tell me? Ohhh gosh I need a new haircut damn"

By the time she was done talking she had paced up and down talking without taking a break. Wait! What the hell is going on here? Does that mean Kabelo

really likes Fifi? Oh my

Me: "Kabelo would you please come down? And talk slowly?"

Her: "Let's Go Do our hair"

I just chuckled shaking my head.

Me: "Kabelo Sit Down"

She just looked at me and sat down

Me: "I was thinking we could book into some guesthouse for Ayanda's birthday since they coming on Monday plus ntando is coming with Nontsikelelo tomorrow. We can just book for six people"

Kabelo: "Who's Nontsikelelo bjanong?"

I chuckled

Me: "Ntando's Ex"

Kabelo: "And Lemme Guess they still smashing? "

I just laughed

Me: "You know her"

Kabelo: "but I think that's a good idea did you talk to

Ayanda about it?"

Me: "No I haven't I wanted to confirm with you first if you think it's a good idea"

Her: "Yes it actually is. Lemme Call Fifi"

She took her phone and dialled Fifi.

Ayanda

The way Fifi and I were both excited about this I mean it would both do us good these holidays have just even been me and Fifi in the house my Mom has travelled to Zambia for a business trip. And We're so bored. Fifi hasn't gone to her house because I've been begging her not to leave I'd probably die of boredom if she wasn't here and I probably would have sunk into depression by now. I packed my clothes it's winter so I packed enough clothe face cloths body wash face cream body cream toothbrush toothpaste and Everything I thought I'll be needing for the trip. Well to be honest this trip would do me good. I haven't been feeling well lately emotional breakdowns being literally sad my heart has actually been heavy for about a week now. It still is Fifi has tried cheering me up but she failed dismally she tried doing things that I'd probably love like looking at our photo album from when we were young but I ended up crying so bad. I'm just not okay.

Fifi had gone out to her house to fetch some things she'll be needing so after I was done packing I went to the kitchen to fetch some snacks for the road.

Siya

Ayanda called saying their almost here Ntando and Nontsikelelo arrived here yesterday Kabelo insisted that we go get new

Sponsored

fresh haircuts. My phone was ringing it was Ayanda  
Me: "Yaya"

Her: "I'm here?"

Kabelo and I were outside so we watched them drive in. Mann there's nothing that'll ever be as attractive as a woman who drives a Polo. Fifi came out first and ran to Kabelo They shared a hug and they got inside the house. Ayanda then came out she locked the car and came towards me. I looked at her as she walked towards me and she doesn't look okay at all

Her: "Siya"

Her eyes were glassy and teary

Me: "Baby"

She opened her arms wide and I gave her a hug. She sobbed she literally cried in my arms. I held her tight over her shoulders as she wrapped her arms around my waist. Ayanda has never been a person to show emotions whenever she's mad angry you'll never know how she's feeling. It's different to see her this vulnerable. She then caught her breath since we've been standing here for a while now. She raised her head to look at me and her eyes were bloodshot red. I used my thumb to wipe her tears and she smiled faintly.

Her: "Hi"

Me: "we can cancel the trip if you want to"

Her: "No we ain't cancelling anything"

Me: "Then let's go talk in my bedroom"

She took her hand and placed it in mine and we walked in.

Kabelo: "Hey Ayanda are you okay?"

Ayanda: "I'm Good haven't seen you in a while. Hi Ntando"

Kabelo: "I'm sad that I didn't get invited to the wedding though"

Ntando: "Hi Ayanda"

Ayanda: "These idiots didn't Tell you about the wedding? haii Shem you've got fake friends"

I watched her as she interacted with my friends. I'm wondering what is it that's bothering her. But I love that she is able to show me her vulnerable side. That on it's own shows that she is able to trust me.

Ayanda: "Aren't you guys gonna introduce us?"

Ntando: "Ohh sorry this is Ntsiki my girl-Friend and Ntsiki this is Ayanda Siya's Friend"

Nontsikelelo: "Oh I thought y'all are dating "

Ayanda and I both talked at the same time

Ayanda: "No we not"

Me: "Yes we are"

Ntsiki chuckled while everyone laughed

Ntsiki: "hau which is which?"

Me: "You know what Ayanda and I will be in my room. But y'all prepare yourselves because we're leaving in the afternoon"

Kabelo: "Ouu getting one for the road"

Ayanda and I both laughed. The way she's interacting with these people you'd swear she wasn't crying a minute ago but her eyes are red so you can tell that she's been crying. This Ayanda's skill of not

showing any emotions is actually something else.

Kabelo: "Ayanda are you okay? Your eyes are red"

Ntando: "What did Siya do to you so that we could sort it out?"

Ayanda and I both laughed

Me: "Let's just leave tuu Ayanda"

I held her hand and we walked upstairs to my room. She took a deep sigh when we entered I then gave her a hug before we both sat on the bed.

Me: "Talk To Me"

Her: "I'm Not Okay Siya My Heart has been so heavy these past few days. I Have been missing my father so bad I sometimes wish he wasn't dead. That man was my Rock He Always knew how to make me feel better. It's even worse now that my birthday is approaching. I Always miss him even more when my birthday approaches every year since his passing. My birthdays were always just the two of us we'd go out for ice cream spa treatments go fill our stomachs travel around the country there was always something new each year. Siya it's only been three years just three yet the wounds are still so fresh. I'm telling you that my mother has been in Zambia for about a week now she hasn't called to check up on her daughter she knows I'm left alone in the house but no umfazi just doesn't care. I actually feel better and happier when I'm at res more than I do at home because that one person who made me feel the love at home is no more and a piece of me died with them I mean even my brother doesn't like me like that"

She was now crying silently. I pulled her in for a hug and she held on to me for dear life. I have never seen Ayanda like this she has always been a strong girl and it breaks me to see her breaking down. Her

vulnerability is making me vulnerable as well. I ended up wiping a tear that had already dropped from my eye. I was now crying with her. We stayed in that position for a while

Me: "Look Ayanda I'm sorry about your dad and I'm sorry that you feel alone but there are people who care about you. If you think your family doesn't care Thina we do and we'd go the extra mile for you.

They may not be your family but they want to be there for you. Look at Lisa for example she's just a white girl who doesn't even know much about Lesbians but she cares she almost slapped me when she saw me with Zimi she even threatened to kill me if that's not genuine love and friendship there then I really don't know. Let's Go to Fifi Fifi is your family your sister that girl loves you Ayanda She is the sister you never had. If you think carefully about this Fifi Has Always been there for you and she has never given up on you your stubbornness your rudeness your very smart answers and you always disrespecting her she has been there"

She just chuckled

Me: "And Me Ayanda although you keep pushing me away doubting me doubting my love for you and with my kind of lifestyle I still wanna be with you I still wanna show my love to you. And do not worry about your birthday I'll make sure you enjoy"

She didn't say anything but just stayed there staring into space.

Me: "Ngiyak'thanda Yezwa"

I think I say this to her a lot and I've never heard her say it. No she has never said it before.

I raised her chin so she could face her and we shared a kiss. That slow sultry kiss. I held both her hands and looked deep into her eyes her hazel eyes sparkled back at me.

Me: "you're beautiful"

Her: "Ngiyabonga Siya and when I say Thankyou I mean thank you for everything"

I gave her a smile and she stood up to go wash her face. She then came back and I pulled her to me and

now we were too close to each other.

Her: "Siya I already know what you thinking and we ain't doing that now uhuh"

I chuckled

Me: "Meaning we'll do it later?"

We both laughed

Her: "Nop Siyamthanda ain't happening "

Me: "Okay Let's Cuddle"

We both got into the covers and cuddled. Plus it's cold outside I really don't understand why Ayanda's birthday has to be in June.

Later on we got ready to leave. I wanted Ayanda to drive me so bad but they decided that Ntsiki will go with Fifi and Ayanda and I go with the gents and I could see that the gents also wanted to talk about something. We put our bags in the car.

Ayanda: "Let's Swap Rides"

Me: "I've always wanted to drive your car"

Ayanda: "I honestly Wanted to ride with you though"

I just chuckled I mean I've thinking about the same thing

Me: "then let's go together Kabelo Will Drive"

Kabelo: "Not Happening Siya is going with us and Ayanda is going with the girls"

Ayanda and I swapped cars mannm Ayanda's car feels brand new. It's clear that she doesn't drive it all the time I looked at her in my car it even suits her she's attractive as hell in a Red BMW X1 She's cute.

CHAPTER SIXTEEN

A WEEKEND OF LOVE.

Siya

When we Arrived we were ushered in and was shown to our quarter. It was a three bedroom house with ensuite bathrooms a very beautiful interior a fire place a jacuzzi area beautiful portraits on the wall The facility on its own had a lot of things like an open bar

Games Room Where You can play video games pool table chess and so many other games smoking area where you can get to plug your hookah pipe

Gymnasium inside play area for kids inside cinema an inside restaurant and a whole loads of other things.

This Place Is Amazinga beautiful resort indeed. I don't know how Kabelo got to choose this place and it's in the Vaal.

We chose rooms and Fifi and Kabelo were together Ntsiki with ntando and I shared with Ayanda

.

.

.

It's Monday oh my and We're going back to campus. I am so tired we came back yesterday from Vaal

Ayanda and Fifi left yesterday in the afternoon and the good news is that Ayanda and I are back together. Although it was difficult for her to reach that decision and I totally understand her reasons the fact that I'm a well known person with a whole load of girls surrounding me I mean just yesterday when her and I were walking to the parking area at the resort two pretty girls came and asked to take pictures with me and they did not acknowledge Ayanda at all such things make her feel insecure

despite everything else she has finally agreed to get back together with me. I swear i am a happy girl right now her birthday was on Friday we spent the whole week in Vaal and my it's safe to say that we all had a good time.

A part of me is even glad that my uncle has agreed that Kabelo and I stay in his house in Fourways and keep it occupied until next year. Ayanda called as we were on our way to campus to drop off ntando.

Her: "King Siya"

Me: "Yes baby"

Her: "Did you see the papers I sent you?"

Me: "No I didn't. I'm driving I'll check them out when I get home I'm just dropping off ntando at the campus"

Her: "Okay sizokhuluma keh"

Me: "Baby Mara I still need you to help with the moving in"

Her: "Bathong Siya it's not like you have bought a new house. You and Kabelo just need to unpack your clothes and put them in the closet"

Kabelo chuckled. Wow Ayanda and her smart answers

Me: "Okay Sharp keh baby sizokhuluma"

Zimi has also been calling me nonstop I had blocked her on all socials for the past week so that she doesn't disturb and ruin my chances of winning Ayanda back so now I've unblocked her and she's still calling. When I got home I decided to call her

Me: "Zimkhitha Hi"

Her: "Zimkhitha? What happened to babe?" And why the hell wasn't your phone going through the entire weekend?"

Me: "I've been having some boys time with my friends are you okay?"

Her: "I'm okay just missing you"

Me: "oh really? I miss you too babe"

As we were talking Kabelo budged into my room I swear this one is allergic to knocking.

Kabelo: "Fifi and Ayanda are on their way here and they're sleeping over"

She then left when she realised I was on the phone

Zimi: "Your girl is sleeping over?"

Me: "No babe that's not..."

Zimi: "Fuck you Siya"

Wait? She hung up? Yah I'm doomed? Trust me this juggling girls thing is not for me. I went downstairs to Kabelo

Me: "Why couldn't they just come tomorrow"

Her: "I couldn't wait for tomorrow to see Fifi but I didn't know it was a big deal sorry boy"

Me: "Nah it's not a big deal. So what's up with you and Fifi?"

Kabelo: "I don't know boy but I'm starting to fall for her it's crazy right?"

Me: "mmm very crazy did you send them the location?"

Her: "I did I was gonna order in but Ayanda offered to cook and we don't have groceries we need to go to the Mall"

I took my wallet and keys as we walked out .

When we came back from the mall we found them parked at the gate oh I forgot that we had locked the gate when we left. We opened the gate and drove in and they drove in after us. We exchanged hugs and greetings as I gave Ayanda a perk on the lips.

We got inside the house as the girls took out the groceries and started with the pots Kabelo decided that we play FIFA while the girls cooked.

It was amazing to see Ayanda in the kitchen cooking for me as I was still admiring Ayanda's beauty and taking in her presence my phone rang as it was on

the table. Kabelo saw the caller ID we both looked at each other before. I took a glance at Ayanda from across the room she looked at me I bet she can hear my ringing phone too. I wanted to ignore it so bad but I just couldn't

Me: "Hello?"

Phindi: "Hey Siya I just wanted to know if you arrived safely"

Me: "Oh yes we arrived safely sorry that I didn't let you know when I arrived"

Her: "It's okay as long as you're okay I love you Neh"

Me: "I Love you too I'll keep in touch bye"

Her: "Sharp"

Ayanda had not removed her eyes ever since

Ayanda: "Who's that?"

Me: "My Mom she just wanted to know if i arrived safely"

Kabelo chuckled and i nudged her shoulder.

After dinner the girls washed the dishes and I went to take a shower Ayanda came into the bedroom just as I was done lotioning

Ayanda: "I Was hoping we could shower together"

Me: "Ahh you didn't tell mewe can Still go together"

She just laughed

Her: "Forget it buddy"

We both laughed

Me: "It wouldn't hurt to try" I decided to go to tiktok while she was still bathing. A thought then came through my head. This ring thing of my grandma's I mean it's beautiful and looks Hella expensive but it's who deserves it that bugs me I love these women and all for different reasons imagine having to choose one damn that's hectic

Ayanda walked out of the bathroom wrapped in a towel damnnn makes me wanna eat her out right now.

I walked to her and she just looked at me as I walked towards her

Me: "I'll help you lotion your back"

Her: "oh thank you"

She handed me the lotion as she took off her towel I stood for a moment and admired this masterpiece standing right in front of me. This woman is beautiful every part of her is beautiful her beautiful silky soft skin and a perfectly crafted body that could turn every stud's head that walks by.

Ayanda: "Siya her beautiful silky soft skin and a perfectly crafted body that could turn every stud's head that walks by.

Ayanda: "Siya are you gonna lotion my back or are you gonna stare at me like that"

I cleared my throat and shyly resumed my work I lotioned her back slowly as I moved my hands to her front cupping her breasts I was behind her so I had an even easy access to her neck I gave her small kisses on her neck while still cupping her beautiful breasts I pressed a little and she closed her eyes. I moved my hands to all places of her body I was admiring this perfect artwork. She turned around and started kissing me the taste of mouthwash from her mouth did wonders her breathing has changed and so was mine Ayanda's lips have so much impact in me. I don't know how quickly she managed to get me out of my boxers and the sports bra I was wearing but things escalated real quick. However I managed to turn her over and she was beneath me I slowly opened her legs so I could be between them and sucked on her left breast while cupping the right. I love how she has given herself to me so quickly but knowing Ayanda the tables could turn and she can be incharge and she knows how much I love it when my woman takes charge however she was sending out

little soft moans that encouraged me to keep at it. I moved to kissing her lips as I moved my hands to the treasured area she was ready for me. I started rubbing softly at the entrance and she whimpered beneath me. I inserted one finger in and she raised her lower body up so she could a full entrance my Ayanda is as eager as ever I love that she's got an appetite for this and it drives me crazy. Just as she was still savouring the moment I inserted my second finger she grabbed on the sheets her moans cannot be missed and I loved the sound of that. I went around in circles while still inside of her finding her delicate spot I did it in strokes ani love how she responds to my giving. "King Siya" she said in a low tone and that just drove me crazy it drove me over the edge and I knew that my girl's pleasure is more important. I went down on her while my fingers were still inside. I placed my tongue on her cookie and her body tenses I knew I had unleashed the excitement

her hands were on my head pushing it further between her legs. I continued fucking her while my tongue had a mind of its own. A moment at it her legs started shaking and her body tensed as she came I then cleaned up her juices just before kissing her so she could taste herself.

Me: "I love you Ayanda"

She just smiled without answering me. She then started kissing me slowly and I knew it was time for her to take over I have been longing for this for her to touch me and have me her way. She kissed me leaving a trail from my neck all the way to my stomach Ayanda's kisses just leaves me wet all the damn time.

One of the reasons I love her it's because she's good at this like really good. Whenever we have sex she just makes sure she leaves me well fed. She knows how to use her tongue her fingers matter of factly her whole entire body. And trust me this is not an acquired skills she was born for this. She smiled at me when she realised how wet iwas. She started rubbing

and I let out a moan at the back of my throat. I got hold of her hand and directed it so she could insert her finger I just couldn't wait any longer she inserted both her fingers and it sent me straight to pleasureville. She stroked & fucked me senseless my legs shook as I let out all my cum. As I was trying to catch my breath she got between my legs in a scissoring position. I felt the warmth of her cookie at my entrance I was still wet from the cum and wetness was from being ready. As soon as our cookies touched the excitement came rushing all over again. Ayanda is always ready to satisfy all my needs and there's no way I can let go of such. I mean how can you let go of something so good?

she started moving and I did too our bodies were in sync. It's like we were connecting through our bodies. She thrust it's like she was telling me words that she couldn't utter with her own mouth. I led her so she could fasten the pace and she did just that. She went deeper and I went faster. As our cookies were

colliding so was our breaths as she moaned my name and I moaned hers in no time we were about to reach our climaxes and we both came at the same time. Nothing beats the feeling of both cumming after a scissor. Only a few will understand what I'm talking about. She got off as we both caught our breaths.

I don't know when we both fell asleep but I was waken up by my alarm early in the morning flip I have a class. I took a look over at Ayanda and slept there peacefully. Ahhh man I don't wanna go to class I wanna stay here with her the whole day. I slowly removed Ayanda's hands off me so I don't wake her up. I took a quick shower after I was done with everything I went downstairs to make breakfast for everyone. As I was busy my uncle walked in and he looked like he was in a rush.

Me: "Malome what are you doing here so early in the morning?"

Him: "I Have an urgent meeting with the Barracks so I needed to freshen up and prepare for the meeting"

Ayanda walked downstairs looking all good and freshened up

Me: "Oh good morning I made breakfast"

My uncle chuckled

Uncle: "It's only your first night here since you moved and you already bringing girls over"

Ayanda: "Umm sanibonani"

Uncle: "Sawubona Ntombi"

Me: "Um Ayanda this is my uncle Malome this is Ayanda. Ayanda Mkhabela my friend from school"

My uncle's face changed a bit like he just remembered something

Uncle: "Ayanda Mkhabela? I've heard that name before"

Ayanda and I both looked at each other confused

Me: "Lol no Malome don't tell me Ayanda is your daughter"

He just chuckled shaking his head

Uncle: "wait? Are you not Sibusiso Mkhabela's Daughter?"

Ayanda raised her eyebrows trying to figure out what's happening here

Ayanda: "Yes that's my father"

My uncle just chuckled shaking his head

Uncle: "Small world indeed your father and I used to be good friends when he was still alive he always talked about his beloved daughter uAyanda even at his place of work. A very great man A Legend. He even once represented me on some case"

Ayanda: "My father used to represent gangsters are you a gangster?"

My uncle just chuckled as he walked to the master bedroom. Ayanda and her very smart answers and questions she managed to get smart even with my uncle. I swear Ayanda is gonna make a good lawyer but nonetheless it's actually Amazing that my uncle knew Ayanda's father I should ask him more about him. The way Ayanda speaks so highly of her father it's clear that she admired him.

Me: "You've got a class?"

Her: "Nop but I've a presentation I need to prepare for"

Me: "Alright I'll drop you off"

As soon as we were about to walk out Fifi Came down wearing only Kabelo's t-shirt and panties followed by Kabelo who looked all fresh.

Me: "You going to campus?"

Kabelo: "Yes I need to go to my faculty department to get my timetable fixed and Everything"

Me: "Oh alright let's go then and Wena Fifi please go wear something decent my uncle is here"

Fifi immediately went back to the bedroom as we went out driving off to campus.

Kabelo: "So Siya is that glow I see on you or am I

imagining things?"

Ayanda and I both burst out with laughter

As soon we parked some girls took pictures of my car and screamed asking to take pictures with me I could tell Ayanda is pissed by the whole thing because one of the girls even kissed my cheek while the other one took a picture. Ayanda walked away leaving us there. Kabelo was caught in between she didn't know whether to wait for me to finish off taking pictures or run after Ayanda. As soon as I was with those girls I ran after Ayanda trying to catch up with her so we could talk but guess what she Did? She got into the elevator and it closed before I could enter oh great i just hope that she's not angry. CHAPTER SEVENTEEN

DANGER DANGER.

Rethabile

I pressed 3rd floor button and the elevator opened  
oh great Rethabile here is your chance here is your  
chance and it's now or never. I got into the elevator  
and turned Facing the door then pressed as it closed.  
There was complete silence before I spoke

Me: "Siyamthanda"

Her: "Rethabile"

Me: "Can we talk?"

By now I had turned to face her.

Her: "About What?"

She's still not looking at me and she looks completely uninterested.

Me: "I need you to just give me a chance please just spare me a few minutes of your time Siya so that you and I could sit down and talk please"

Just before she could answer the elevator opened

Her: "I Don't Have Time For Crap!"

With that said she walked out and i was just left there stunned I found myself kicking the air in frustration. Ahhh fuck Rethabile you're just. Wait a minute I've got an idea. If this doesn't work then I don't know. This has to be the only way to help me have Siya land back on my hands.

Siya

Seeing Rethabile always leaves a bitter taste in my mouth it's even worse when she tries to talk to me. I

honestly don't know why but it's just difficult to forget what she did and each time I think about it I just feel disrespected. I cannot come back from what she did it's just difficult. I got to class and ntando was already there she gave me a look as soon as she saw me approaching.

Her: "you Okay?"

Me: "I Met up with Rethabile on my way here"

Ntando rolled her eyes

Ntando: "what does she want?"

I shrugged my shoulders

Me: "I don't know to talk perhaps"

Her: "she's manipulative don't let her get to you"

Me: "I Think I should just talk to her and get this shit over and done with"

Ntando: "No Siya bad idea"

Me: "yeah I'll go talk to her once and for all"

Ntando: "oh gosh Siya you pushing yourself towards a trap can't you see that?"

Our lecturer walked in before we could even finish talking.

After our class ntando and I walked to my car.

Ntando: "Ntwana did you see that post for the biggest varsity event is out?"

Me: "I saw it and I got a gig to perform there"

Ntando: "WHAAAAT? For real? Dawg that's huge why did you tell me?"

I opened my boot and threw my books inside

Me: "I'm starting to think I need a manager"

Ntando: "yeah you do"

Ayanda

I don't have a problem with whatever that Siyamthanda is doing and her newfound Fame but sometimes it just gets a little too much I must say I am a people's person but not like Siya I just need her to separate her career from her relationship and I can't tell her about it because it might raise serious arguments between us. Flip I forgot my charger at Siya's house. I tried calling her but it was engaged

meaning she was on another call. I decided to take an Uber to Fourways. When I got there cars were parked outside but I wasn't sure whether i should go in or not I tried calling Siya again but it took me to voicemail. I decided to call Kabelo. Luckily she answered

Her: "Nana"

Me: "Kabelo you really need to stop calling me that tuu"

She just laughed

Her: "you literally the youngest so "

She said laughing

Me: "I'm in Fourways where you at?"

Her: "You there? Where's Siya?"

Me: "Siya is not answering her phone and I need my laptop charger."

Kabelo: "Oh I'm With Fifi Now so I'll just tell you the code to enter because I can't come there"

Me: "That'll Be great thanks"

A few seconds later she sent me the code and I entered. As soon as I entered into the main lounge I found Siya's uncle with some few other people. It looked like they were in a meeting. Guns AK-47s

Grenades and Bullets were all scattered along the table and it looked like some form of exchange.

Me: "Ummm Good Afternoon Good afternoon Mr Nkabinde. I'm just here to fetch my laptop charger and I'll be heading back to campus"

Siya's Uncle: "Ayanda Hi Ummm the Barracks will also be leaving soon"

I don't know why but everything here is just awkward so i decided to go upstairs to Siya's room. I heard them talking as I ascended the stairs

Voice 1: "who's that?"

Siya's uncle: "My Daughters Friend"

Voice2: "Is that Siya's Friend or girlfriend?"

I was dying to hear his answer

Siya's uncle: "Children's business has got nothing to do with me"

I took my charger closed the door as I walked down stairs. The Barracks were now gone I opened the door as I was about to walk out Siya's uncle stopped me.

Him: "Ummm Ayanda?"

I turned back

Me: "Yes Mr Nkabinde?"

Him: "About what you just saw Ummm "

Me: "Don't Worry About that Mr Nkabinde whatever you do is none of my business"

He just chuckled

Him: "Siya did tell me about your smart answers"

I chuckled as well

Me: "But do not worry about it Mr Nkabinde it's all forgotten"

He patted my back as he smiled. I just took an Uber straight to my res I was just tired and I needed to sleep.

Fifi face timed me later in the evening

Fifi: "Hey Sis"

Me: "Why didn't you tell me you were going on a date"

She blushed.

Her: "I Also Didn't Know Eyy"

Me: "Wow Sis you whipped"

We both laughed it's just these little moments that make me realise how much I love and appreciate this big sister of mine although she can be protective at times but yena she is the best cousin ever.

Her: "So about that varsity event? Are you going? "

Me: "I don't know but I wanted to talk to Bothale first she always comes through for me when it comes to such situations"

Her: "Go for it Mnta'kababa"

Me: "Alright Sizokhuluma"

Siya called me a while later I'm still mad at her for not taking my calls when I needed to speak to her urgently. I tried to ignore it but I ended up answering

it anyway

Her: "Hey baby my uncle told me you were here why didn't you wait for me? I was gonna drop you off"

Me: "I Probably Should Have If you Had Answered my phone"

Her: "Ahh come on babe don't be like that"

Me: "Your uncle was in a meeting with Mr and Mrs Barrackl wasn't gonna Stay"

Her: "Oh Ayanda about that Ummm "

Me: "illegal firearms Siya?"

Her: "Ayanda look Ummm I. "

Me: "What else is there? Drugs?"

Her: "What are you trying to insinuate Ayanda?"

Me: "My father used to tell me a lot about his court cases and there is no way illegal firearms can go on their own"

Her: "Yes We also sell drugs Ayanda why do I feel like I'm about to incriminate myself?"

Me: "Yes you're incriminating yourself you're speaking to the future advocate here"

She burst out laughing and I laughed out as well

Her: "Then you can be my personal lawyer and stand up for me when I do all the bad things"

I laughed wow this girl

Me: "Lol I don't represent criminals Imma take them to jail Mr"

We both laughed

Her: "Wow I'm hurt imagine my girl taking me to jail"

Me: "But on a serious note Siya I'm a law student and With whatever reason I need to follow the law with every situation that I come across but another thing is that my father used to tell me great stories about your uncle and they were great friends so I need you to know that you can trust me both you and your uncle"

Siya chuckled

Her: "Ayanda what you don't understand is that I've always trusted you and I feel like I trust you way more than I should I trust you more than I trust myself and that is a very wierd feeling"

I just chuckled.

Me: "you wierd"

Her: "and that's why you love me right? "

Wow this girl.

We continued to talk some more then later i prepared something to eat before going through my lecture notes.

Siya

3 Days before Varsity's Biggest Event Everyone is talking about it and what makes it even more big is that I'll be performing there I mean it can't get bigger than that. Kabelo Ntando and I have been going up and down preparing for this and I haven't had time to speak to any of my girls. Lol that sounds corny I

Know. I woke up did my morning routine I wore  
my Nike short joggers sleeveless Nike t-shirt

Sponsored

Nike cap and black and green Nike Air Max. I don't  
have any classes today but I'm meeting up with  
Rethabile my friends advised me otherwise but I  
literally stood my ground I'll also be meeting up with  
Zimkhitha Later. Fifi came downstairs with Kabelo  
Fifi: "Good Morning Siya"

She is in a great mood

Me: "So did is Now A permanent resident here?"

Kabelo: "Aowa khaogana le Fifi tuu"

I just chuckled

Fifi: "Wena Siya waphapha look I can't stay for breakfast Ayanda and I have got very important things so ciao"

She took an apple and quickly rushed out.

Me: (Shouting) "Well Hala her"

Her: (Shouting back) "Okay I Will"

I turned to Kabelo

Me: "I Just realised that Ayanda is always busy these days"

Kabelo: "No you have been too busy for her and we both know it don't tryna turn it around"

I just swallowed hard and Decided I'm not gonna continue with this topic

Kabelo: "You Should stop playing these girls it's not gonna end well"

Me: "you Starting to sound like my uncle "

Kabelo: "You look good by the way I should take you pictures"

She took my phone from the counter and walked towards the door. I followed her behind and we went outside as she snapped some shorts. Kabelo is good at this I am even considering making her my manager. I haven't told her that though I still need to think this carefully. I started my car and drove to campus as soon as I parked at the student parking I noticed Ayanda passing by with Melissa. I got out of the car to meet up with her. I don't know if this is some sort of coincidence but Ayanda is wearing the same outfit as me only that she's wearing a Nike crop top instead. She looks good.

Me: "Hey baby"

We shared a hug and a brief kiss before hugging Melissa.

Ayanda: "I Missed you so bad"

Me: "I know right you driving?"

Her: "Yeah I was just here to fetch Melissa we going somewhere"

Lisa: "oh my gosh!!! You guys look amazing on some matching outfits OuuuUUuu"

Ayanda and I both laughed

Ayanda: "Oh my I didn't realise"

Me: "you look amazing by the way"

Her: "Thanks"

Lisa: "let me take you guys some pictures there's no we letting those outfits go to waste. She took Ayanda's phone to take the pictures. She even told us how to pose. Wow this girl. I honestly like Ayanda and Melissa's friendship it reminds me of Ntando and I when we first met. Melissa left and got inside Ayanda's car leaving the two of us there.

Me: "I forgot to tell you I've got a gig to perform at that varsity event. So the reason you and I haven't had time to talk is that I've been busy going up and down preparing for that"

Her: "Ohh don't worry about that I know you've been busy with that I've been busy with that too"

Me: "Atleast you ain't mad at me"

She just chuckled

Her: "Why would I be?"

Me: "So we going right?"

She gave me her full smile

Her: "Of course we are babe wouldn't miss it for the world"

Awww man i just Appreciate this girl

I pulled her in for a hug and we stayed like that for a few minutes before Melissa hooted. Both Ayanda and I laughed. I kissed her on her forehead and held her hand

Me: "I Love you babe"

She just smiled

Her: "I Know you do"

I just laughed as she went to her car I watched them as they drive off and by that time Rethabile was already calling so I answered it.

Her: "So you really dating Ayanda?"

Me: "I don't Owe you an explanation where you at?"

Her: "Student Centre"

Our parking is not far From Student Centre so that means that she can see me. I locked my car and walked there I found her sitting waiting for me. She was wearing a black and white short dress with Crocs.

Her: "thank you for coming"

Me: "I Didn't do it for you I just need you to understand that you and I are over I want nothing to do with you Rethabile nothing! You Will stop texting me calling me you will stop sending messages on my DM and stop commenting on my posts . The sooner you accept that you're not the one for me the better"

Her: "but i thought you and I shared something special"

Me: "I thought so too but I guess not you and I are  
DONE Rethabile get that through your thick skull.  
Now if you excuse me"

With that said I stood up and left I did not want to  
give her any form of hope that her and I will ever get  
back together again.

.

.

.

It is thee day the night of the century. So three days  
ago Ayanda posted those pictures of ours we took  
with those matching outfits and my there was a lot of  
noise about it now the conversation of whether

indeed we are a couple was hitting the highlights people were talking girls at the campus would stare at Ayanda with every chance they get which made her uncomfortable and some would get the nerve to come ask me if Ayanda and I are an item the post was reposted by a lot of people with tags and mentions like damn it was a lot. Ayanda and I had an agreement that we will not be saying anything to anyone and neither will we answer any questions from anyone regarding our relationship because we knew it would eventually go down and not because we wanted to keep it a secret but because she wanted to protect my brand. Nonetheless tonight is the night.

We have been preparing for this day since we knew about this gig which was probably two months ago. Fifi keeps mentioning that tonight is one of Ayanda's biggest nights but she doesn't further elaborate on what she means by that i realised also that Ayanda has been spending a lot of time with Botlhale because each time when I call she'd say she's with her and that just leaves a wierd feeling at the pits of my stomach.

Today is a very busy day and I haven't even had time to go through my phone. At around 5pm that's when we drove to the venue it was Hella full the line up starts at six but I bet people started coming here at around 4pm. When we arrived DJ Turbo was playing he is one of the most loved. Students from UJ Wits And other higher learning institutions from Johannesburg were all here. It was epic and soon enough it got even more full and the line up started you see why I said this is Varsity's Biggest Event? Everyone looks forward to this and there are hot girls everywhere. 😊

Kabelo and I were at the back stage with Lauren the events coordinator while Ntando was fixing my outfit when I felt a finger tapping my Shoulder i turned around and it was Jocelyn. She is also a tiktok sensation she is a dancer and an artist she goes to Wits.

She spoke as soon as I turned

"Hii Siya I cannot I'm believe I'm here with you in the same space I'm Jay by the way" she said and reached out for a handshake

I just chuckled while rubbing a part of my nose using my thumb.

Me: "Is there anyone who doesn't know who Jocelyn is?"

She chuckled as well

Her: "oh yeah? I'm honoured"

I opened my arms and reached for a hug and she hugged back what's awkward it that she hugged me longer than she was supposed to. I let go of her and she looked at me

Kabelo interrupted us

Kabelo: "Umm Siya please get ready you'll be in in a few"

I turned back to Jocelyn

Me: "It was nice to meet you Jocelyn but I've got to go nice performance by the way"

Her: "Oh thanks I was hoping to get your number"

Before I could answer we heard the crowd screaming some famous hit song had busted through the speakers as the crowd went crazy one thing about Amapiano is that everyone just loves it And it is such an honour to share a stage with so many amazing artists. Kabelo Ntando and I went to check out who's playing. WAIT WHAT????!!!!?

The gents and I both looked at each other shocked  
Now this is getting crazy.

Kabelo: "wait? Ayanda is a DJ?"

Ntando: "Is that uAyanda ka Siya or am I seeing things?"

Kabelo: "how come we didn't know about this?"

Ohh so this is what Fifi was talking about? This is starting to make sense I mean Ayanda has been mentioning how this weekend would be big for the both of us and I didn't pay a lot of attention to it. But Ayanda Mkhabela is a DJ? Haii Nina! uAyanda Wani? A whole DJ?

This has proved to me that I do not know Ayanda like I thought I did. CHAPTER EIGHTEEN

WHAT AN INTERESTING DJ SHE IS.

Siya

Kabelo and I just looked at each other whilst the crowd was going crazy over the DJ. She looks so freaking hot on those decks. I couldn't help but notice Botlhale thereafter. Mannn I need to sit down and talk to Ayanda about this I mean we can't be keeping things like this away from each other. And in no time it was my turn to perform. I don't even remember half of my performance but my eyes kept drifting off to Ayanda who was near the stage looking at me along the crowd I managed to spot Zimi. This event was totally epic and at the end of it I was so tired. We got home around 3am in the morning but the event was gonna end at 6am. I wasn't drunk but I know I was tipsy and so was Kabelo Ntando Bokang and Enzo were sloshed. We immediately slept when we got home.

Later that day we heard a buzz in the gate Kabelo and I were already up and had cleaned the house the gents we still dealing with a hangover Ntando even banged some girl who was part of the promoters. I checked who was at the gate and it was Zimkhitha oh my gosh I really wasn't planning on meeting up with anyone today but she looked so sexy she was wearing a crop top with no bra and her nipples piercing through the top with super super hot denim shorts. And Crocs. Her short hair that was pink in colour just made her skin colour pop I opened for her and watched her as she waltzed towards the house and I opened the door.

Me: "Hey baby"

Her: "Don't hey baby me Siyamthanda"

Me: "Ohhhhkay what have I done now"

Her: "can we find a place where we can talk?"

I let her in and by that time the boys were now all up she greeted them and they greeted back. I don't know why but I decided that we go talk in the guestroom instead incase those shorts ain't doing justice

then Imma fuck her there at an instant.

Ayanda

Man the tiredness that comes after a gig? The pits

Fifi was at her parents house and my Mom was back from Zambia I just woke up to Refiloe's call we talked about a lot of things the event people's performances the crazy things that happen at events basically everything. I then decided to go see Siya I mean we've been so busy prepping for the weekend that we haven't had time for ourselves and I really miss

her. I took a bath and wore my black jeans with a black and white vans t-shirt and a black and white old school vans then topped it up with a vans cap. I took my car keys and just as I was about to go out my Mom stopped me

Her: "So you just gonna go out without saying anything? Kanti what kind of a child are you?"

Me: "Was I supposed to tell you something?"

Her: "Umm Mama Ngisathi Uk'phuma kancane to see my friends Angazi Ukuthi ngizobuya skhath' sini but ngizo phouna umangabe angibuyi"

I rolled my eyes.

Me: "I'm sorry Ma I'm just gonna go see my friends

I'm gonna go to res as soon as I'm done with my friends I'll call you though"

Her: "that's more like it"

She continued flipping through the channels as I walked out. I started my car and drove to Fourways. Melissa called me while I was on my way and we talked all the way to Siya's place. I parked at the gate and noticed that her car is here oh great that means she's here because I still remember the code I punched it in and walked in. I knocked and Kabelo opened the door but quickly widened her eyes when she saw me.

Her: "Ohh hey Ayanda what are you doing here?"

Her voice was just too loud and that's wierd coming from Kabelo.

Me: "Bathong I'm here to see my babe"

I slightly pushed her to the side and entered Ntando Enzo and Bokang were chilling but quickly got way too uncomfortable when they saw me enter. There is definitely something going on here. Ntando quickly stood up and walked quickly towards me.

Her: "hey umm Ayanda hii you look good today what are you doing here? You came to visit us? Do you need anything to drink"

She was stammering

Enzo: "water? Juice? Anything?"

Okay these people are acting way out of character and very strange also if I didn't know better I'd say they're either crazy or they're high.

Me: "y'all acting wierd where's Siya?"

Kabelo: "Uumm Siya is ...um"

Bokang quickly jumped in to answer

Bokang: "Siya is not here"

Enzo: "yah! yah! she went out"

I just chuckled these people are busted I can already see that they tryna hide something and I'm not as dumb as they probably think I am

Me: "Pshhh she can't be out her car is here"

I said walking towards the stairs but Kabelo blocked my way

Her: "umm look Ayanda maybe you should sit down."  
"

Me: "I am not sitting down I'm here to see Siya."

She kept quiet and moved back now I'm very much convinced that there is something going on. I opened Siya's bedroom and her bed was neatly made and clean. Okay this is getting even more wierd but if Siya is up to something then she must know that her friends sold her out i mean they couldn't even hide the fact that there's something going on here. I then closed the door and was about to walk downstairs by that time Ntando was already behind me I walked passed the guest bedroom door and heard soft moans coming from the room i have very sharp ears and there's no way I was gonna miss that one "OH

HELL NO" I said as it clicked to me what was really going on. I took a glimpse at Ntando and she opened her eyes widely at the realisation that I heard that. She quickly jumped and stood blocking the door. I guess she was blocking me from opening the door. I gave her a stare but she shook her head instead I gave her a look but she just stood there. I was getting more and more angry with each passing minute I

slapped her across her face and she stumbled back. I gave her another slap and pushed her I opened the door and found Siya and the girl I saw her with the other day kissing they were topless and the girl was breathing heavily. The girl wasn't wearing any bra and Siya was on her spots bra. I got even more Angry more furious my mind was elsewhere and my heart was beating so damn fast(that's what happens when I get super pissed or super mad) Heeeeh Uzongihlanyisa Lo. Siya stood up real quickly when she saw that it was actually me who just entered into the room

Her: "Babe I can explain"

Who is she explaining to? Me or her pink haired Pikachu?

I immediately left the room and quickly went to Siya's room Siya hardly wears belts and I know where her belts stay I know just what to do with it. uSiya

ujwayela abantu Kabi serious. I took the belt and walked back to the other room I found the girl Stumbling upon putting her top on so was Siya and as I entered the girl was about to walk out.

Me: "Yeeey Uyaphi"

I pulled her arm and dragged her back to the room and closed the door

Siya: "Ayanda look. "

I didn't even wanna let her finish I don't want her filthy explanation

Me: "Fusek Siyamthanda Uyabona namhlanje ngizok'khipha ubufebe"

I bit the shit out of the two of them I bit them up like my life depended on it. The girl screamed and I saw that Siya was trying to protect the girl from my strikes. Ohhh she is even defending her? I stroked and stroked and continued whipping theirs ass. The gents must've heard the screams and ntando must've warned them because they budged into the room trying to stop me however Kabelo managed to grab the belt from me and that is when I saw how I went overboard with this whole thing by that time Enzo

managed to get hold of the girl and helped her escape this room.

Kabelo: "Ayanda you need to calm down"

Me: "Yeey Kabelo Ngeke phela Ngeke Sizo dlalw'abo Siyamthanda Thina. Wena Siyamthanda uyadelela Nx"

My car keys had fallen down so I picked them up and walked out leaving them there. I started my car and drove off I was Hella pissed and never in my life have ever been this pissed.

Siya

Never in my life have I seen Ayanda so mad so pissed. I wore my slides and slowly walked to my bedroom.

Kabelo: "I'm sorry boyy we tried to stop her"

I limbed to my room and ntando came with painkillers. I took a shower and damn I must admit Ayanda did hit hard. I wonder if Zimkhitha is Okay though. I took a nap and later went to have dinner with the gents Enzo and Bokang were long gone back to campus.

Kabelo: "yoh your girl really pulled a number on you bro I've never seen her like that before"

Ntando: "yoh bruh"

Kabelo: "she even slapped Ntando twice"

Me: "What? Fr?"

I just chuckled I mean this whole shit is unbelievable  
it's like a movie

Ntando: "yeah bro imagine"

Kabelo: "I told you to stop what you were doing but  
you never listened to me you just didn't wanna listen"

Ntando: "is it still painful?"

Kabelo: "but I just think it's kinda hot and sexy I mean I'd Kill to have a girl go crazy over me like that"

Ntando and I just looked at her before we both busted into laughter

Ntando: "She showed us her true colours you shouldn't mess with that girl"

Kabelo: "plus you were always complaining about how Ayanda never shows her true emotions"

It was now a becoming a joke the boys were laughing about it and so was I. I bet non of us expec

ted that from Ayanda and Kabelo is right when I

come to think of it that's kinda sexy but that girl bit me up she bit the shit outta me and my side chick now that's just something Else. As we were still talking Kabelo's phone rang and she put it on loudspeaker apparently it's Fifi

Kabelo: "hey baby"

Fifi: "hey how's Siya? Is she okay?"

Kabelo: "yeah she's alright"

We heard Fifi laughing at the other side. Ohh even Fifi doesn't take this seriously

Fifi: "Isfebe siyenzwa kanje?"

Both Kabelo and ntando looked at me chuckling.

Fifi: "you finally got a taste of uAyanda ukushaye kancane futhi"

After the call we were now done with dinner

Ntando: "yoh haii mina I'm Still shocked by this whole thing. Kudala ngi busy Namantombazane Kodwa angikaze ngishay'we kanje"

I just chuckled and shook my head walking upstairs to my room. Zimkhitha hasn't called me and I bet she is super mad at me for this. I tried calling her

but her phone was taking me straight to voicemail so I just decided to let her be.

The following day was Monday and I had classes so I woke up did my morning routine and later drove to

campus with Kabelo. honestly I didn't feel like going to campus today. Kabelo walked to her lecture room while I walked a bit further to mine as I was walking I saw Ayanda walking towards Me. We both looked

eyes with each other. I stopped walking while my eyes were still onto her. She shook her head slightly before she could turn back and changed direction. She can't even stand to face me. I am not mad at her for doing what she did I always knew that Ayanda is a Ticking Time Bomb and that with all the emotion-hiding thing that she has been keeping she will explode eventually and I don't blame her for doing it I'm the one who's at fault here i don't know what I was gonna do had I been the one who found her in a compromising situation like that.

After my class I decided to grab something to eat I was walking with Kabelo and Ntando people were still going crazy over the weekend's event. I even overheard two girls from class talking about how cute Kabelo is OuuuUUuu Kabelo hasn't been here for long but she already has a lot of girls' attention my lecture even said that Kabelo and I are probably on the top of the list when it comes to UJ's Most Wanted Lesbians. I laughed when he said it that guy is crazy. We bumped into Melissa walking with Mbali.

Melissa: "Siyamthanda Nkabinde"

They way she pronounced my name was very funny.

Mbali: "if it isn't three players walking together"

We all just chuckled

Kabelo: "who's this again?"

She asked pointing Mbali from head to toe

Me: "She's Ntando's Ex booty call"

Kabelo: "Oh"

She said chuckling.

Me: "Lisa Hii where's Ayanda? I really wanna talk to her"

Melissa: "Talk to her about what? You are a cheat! You play with women's feelings! You are heartless! Now what is it that you wanna say to her? What? I honestly don't understand why she gave you a chance in the beginning"

A part of me knew I was gonna have to deal with Melissa First before reaching Ayanda but I'm dying to know what Ayanda is thinking right now or what's really on her mind.

Me: "Lisa I just need her to listen to me that's all. I just wanna know where she is whether she's at res or at home"

Melissa: "you should be glad that I'm so fond of you but trust me Siya if she calls me and I find that she's not okay I'll grind you to death."

Me: "I won't do anything Wrong I promise"

After grabbing something to eat I received a call from an unknown number

Me: "Hi who's this?"

Voice: "Hi Siya It's Jocelyn"

Who gave her my number? Because I certainly did not

Me: "Hey Jocelyn how are you?"

Her: "now that I managed to get ahold of you I'm okay"

Ummm okay

Her: "Are you able to speak?"

Me: "Sure what's up?"

Her: "I Was wondering if we could sit down and talk I would like us to feature together"

Me: "Lemme look through my schedule then I'll get back to you"

Her: "alright I'll hear from you"

I then hung up and looked at Kabelo who was also looking at me talking to Jocelyn has reminded me that there's something I needed to discuss with Kabelo.

Kabelo: "who's that?"

Me: "Jocelyn Apparently she wants to discuss business"

Kabelo: "She's lying"

Okayyy why would Kabelo say that and she's so sure

Me: "she is?"

Kabelo: "Come on Siya can't you see this? That Girl is into you"

Me: "No she's not"

Her: "Okay but don't say i didn't tell you"

When I got home I changed into something more comfortable and drove to Soweto. I don't know why but my heart started beating so damn fast when I was approaching Ayanda's house. I decided to call her when I reached her gate and to my surprise she answered

Her: "Siyamthanda"

Yeah she's angry.

Me: "Umm Ayanda I'm at your house I really need to speak to you"

Her: "I know Melissa told me"

She the hung up and soon enough she Opened the gate for me and I drove in. She was waiting at the door holding her phone and the gate remote. I got out of my car and walked towards the door. I kept my eyes focused on her she couldn't even look at me. I walked towards her and tried giving her a hug but she quickly moved entering inside the house. Okay I'm hurt

Her: "Siya Ufunani La?"

I placed my phone and car keys on the coffee table  
and sat down

Me: "I just need you to lend me your ears"

She just kept quiet looking at me. The way she's looking at me just makes me nervous you never know what she's thinking.

Me: "I know you mad at me and everything but "

She cut me in

Her: "Siyamthanda you and I have have talked about your filthy ways before haven't we?"

Me: "We did Ayanda but what I need you to understand is. "

Her: "answer the damn question"

She is way too calm for my liking

Me: "we did but. "

Her: "Then why are you doing this? I thought you really wanted to change and I gave you the benefit of the doubt. Why Siya is it because I love you? And now you taking advantage of my love for you?"

WAIT? DID SHE SAY SHE LOVES ME? SHE SAID SHE LOVES ME WHAAT? but it's bad that she's saying this for the first time under these circumstances

Her: "Siyamthanda I hate you for doing this to me. I

hate you for making me fall in love with you way too deep then you play me. And I blame myself for letting my heart fall for you and for thinking you'd

actually treat me good"

Me: "you love me?"

She gave me a very genuine smile and looked to the side when she realised she actually said it. She said it the L word.

Me: "I Love You Ayanda Mkhabela"

Her: "More than you love Zimkhitha?"

I swallowed hard I never saw this one coming

I just kept quiet and kept my eyes at my feet.

Her: "Siya am I just your side chick? Like I don't understand this are you not satisfied with being with me?"

If only she knew that she's the only one I've allowed to touch me

Her: "I mean Zimi is older than me. I bet we're both from different worlds and we've got different personalities as well. Why Siya? I just don't understand"

Me: "baby allow me to explain please"

She looked at me quietly like she was looking deep within me. CHAPTER NINETEEN

I AM NOT LEAVING

Me: "Okay DJ Ayanda please listen to me"

She just laughed when she heard me say that and  
Atleast she's slowly unwinding.

Her: "Please don't start with the 'i love you both the  
same way' speech because there's no such thing. Siya

I should have left when I had the chance I should've left before I fell for you the way I did then it would've been easier. Now I can't leave because my heart wouldn't allow me to but one thing is that I don't wanna do is be in competition with other girls for you for your attention. It's like I'm slowly losing myself for you. I love you way too deep that I chose to ignore all the red flags about you. I sometimes just wonder why you keep following me around like you always do when you could have any other girl of your choice but sometimes I'm just glad that you chose to follow me around crazy right? but I cannot just stay as the side chick and watch you have whichever girl you be having while I stay on the sidelines waiting for you to remember that oh konje there's uAyanda"

Me: "Ayanda I love you and I am not gonna sit in your house and discuss other girls that are involved in my life with you and not because I'm trying to protect my ego or anything like that but I'd rather not and in the midst of it all I want you to understand is that there is a reason why I'm here with you and not uZimi who you bit up. There's a reason I followed you the other day and tried to have a conversation with you after I bumped you at the busses. There's a reason I

fall in love with you each day and there is a reason why things are just complicated right now. Ayanda I don't blame you for wanting to leave I'm a mess and I always seem to fuck up everything that I touch in my life. I am not perfect and I'm sorry to say this but I'm just struggling to commit I don't know. I'd understand if you wanna leave and this time I'd totally let you be. The problem is not with you. I just can't seem to get my shit together. You are a beautiful human being in all aspects and if you feel like I am too much of a bargain for you then I'll understand."

Her: "I'm not leaving you"

I looked at her confused with my heart beating so fast. What is she saying?

Her: "I love you and It's difficult for me to let you go"

Me: "Ayanda wa reng Pila Pila?"

Her: "I'm not leaving but I'm giving you three months to decide what you truly want and I'd totally understand if you decide that you do not want me after that"

My face just lit up.

I grabbed her hands and held them into mine.

Me: "Thank you "

I kissed her knuckles. She stood up and reached out for a hug and I stood up too and hugged her. We stayed like that for a few minutes

Me: "I love you"

Her: "I love you too"

Mann it feels so great to hear her say that.

Afterwards she stood up and went to the kitchen but I followed her

Me: "So tell me"

She just nodded and continued looking for something in the cardboards

Me: "a DJ? Wow that was unexpected"

She just chuckled

Her: "Yeah crazy right?"

Me: "Like how? How did it come to that? You never really cared About this industry"

Her: "I've been a DJ from when I was probably in grade 10 because I would DJ for all the events at school. I'd Sometimes get booked I even did one man shows. When I got to matric I decided to take a break from it because that's when I was starting to decided what I truly wanted to do with my life Law has always been my passion It has always been in my heart and I was always fascinated by it then I decided to apply for LLB at UJ then Viola here I am. That last gig was my first gig after a very long time and Botlhale was the one who convinced me to do it so yeah"

Me: "I don't wanna be biased or anything like that but YOU ARE SUCH A GREAT DJ AND A GREAT DANCER DAMN"

She just laughed.

Her: "And sorry for not telling you about this"

Me: "it's okay I couldn't get mad because you looked so sexy on those decks madam"

She chuckled.

I went closer to her and our nose touched. I picked her up and put her on top of the counter. Then placed small baby kisses on her lips

Me: "I think you and I would work perfectly together considering the fact that I'm a dancer and you are too"

Her: "business and pleasure never go well together"

We were so close to each other and whispering

Me: "then let's stick to pleasure for now"

She chuckled and we both kissed. I deepened the kiss and just when things were about to get heated we hear someone clear their throat. Oh flip it's Ayanda's Mom.

Ayanda's Mom: "Oh serious Ayanda? Is this what you do in my kitchen?"

Both Ayanda and I were still stunned by her presence and I was so embarrassed.

Me: "Sawubona Ma"

Ayanda's Mom: "Sawubona Siya"

Ohh she still remembers my name

Ayanda: "Oh sorry Ma umm... we were just...I was looking for..."

She was stammering I've never seen Ayanda so red in embarrassment and it was so funny. I think this is my cue to leave though

Me: "I'm sorry Ma I... umm I was just leaving"

I left the kitchen and walked to the lounge to grab my phone And car keys. I heard Ayanda's Mom say "Weeh Ayanda my kitchen is not a rainbow pride sex booth neh"

I couldn't help but chuckle at that. After taking my belongs I opened the door walked out started my car

and drove off"

Ayanda

It's Tuesday and I was in my room at res preparing for my class. I looked at myself one more time in the mirror before taking my bag and walking out I locked my door and walked to the busses. The bus was almost full but atleast I managed to get a sit. I got to campus and walked to my class I couldn't help but feel like someone was watching me. I looked around and there's no one. I continued walking but I still felt like someone's eyes were on me but there's absolutely nothing maybe I'm just being paranoid. I got to class and sat next to Melissa Mbali did not come to school today. In class I still felt uncomfortable this is wierd.

Melissa: "Are you okay? You've been looking around the lecture hall for a while now"

Me: "I feel like someone is watching me but when I looked around everyone is just minding their own

business"

Melissa: "you watch too much horror movies"

She just chuckled afterwards

Me: "Melissa I'm not crazy I know what I'm talking about"

Her: "Oohkay Ayanda you being wierd"

Maybe she's right

Me: "you're right It's just crazy"

Afterwards we decided to go eat lunch and we are together with ntando Kabelo and Siya. I told Siya of the way I was feeling and she also made me feel like I was being crazy.

To be honest I had quite an uncomfortable day. I got off the bus and walked to my room I don't know what happened but I felt a cold cloth on my mouth like someone was choking me with a cloth and immediately it was lights out.

Siya

It's been three days and I haven't seen or talked to Ayanda her and I are okay so it's unlike her to go off

like that. I asked Melissa and Mbali but neither of them have seen or heard from Ayanda and it's just wierd . After my class I decided to go to Ayanda's room and check up on he i got there but it was locked.

Okay now this is wierd she hasn't attended her classes in three days? Something is wrong with her she never misses a class. I then drove to her mom's house I don't know why but a part of me feels so uneasy and a bit worried about my babe. I parked at the gate and buzzed in and almost immediately the gate Opened. I walked to the front door and knocked on the door Ayanda's Mom Opened after a while and looked at me weirdly

Her: "Siya? What are you doing Here? Where's Ayanda?"

Me: "she's not here?"

Ayanda's Mom:" what do you mean she's not here? She's supposed to be at res"

Me: "I went to her room and she's not there so I

thought she might be here"

Her: "come in"

She got inside the house and I followed her. She sat on the couch and I did too.

Ayanda's Mom: "Siyamthanda uthini Kimi?"

Me: "I haven't seen Ayanda in three days her phone is off and her friends say she hasn't been attending classes either so no one has seen or talked to her. I'm so worried about her so I thought she might be here."

Her: "when last did you see her? Did you guys fight or anything like that?"

Me: "no we didn't fight

Sponsored

her phone is off and her friends say she hasn't been attending classes either so no one has seen or talked to her. I'm so worried about her so I thought she might be here."

Her: "when last did you see her? Did you guys fight or anything like that?"

Me: "no we didn't fight the last we were together she had just told me that. "

My eyes widened when I remembered our last conversation. OH NO NO NO?

Ayanda's Mom: "Siya what's Wrong?"

Me: "Ummm Ma I have to leave but I'll let you know if there's anything"

I then stood up

her: "Siya what's wrong? Where's my child?"

Me: "I don't know ma but please do not worry I'll tell her to call you as soon as I find her. "

With that said I took my car keys and walked out

started my car and drove off. Ohhh no I just hope it's not what I'm thinking. I dialled Kabelo's number and it rang immediately. I explained to her everything and she also got worried at an instant.

Kabelo: "Siya please Come back to the house so that we could sit down and think this properly"

I then hung up but my heart was beating so freaking fast! mean Ayanda did say that she feels like there's someone watching and following her but we didn't take her seriously. I called my uncle he always fixes my problems.

He answered just when I was about to hang up

Him: "Siyamthanda?"

Me: "Malome"

My voice was tearing up.

Him: "Siya what's Wrong?"

Me: "Ayanda has Been Kidnapped"

Him: "Whaaaat? Bona Neh I'm coming there right now"

He then hung up.

Ayanda

I tried opening my eyes and realised I was in a very dark room both my hands and legs were tied. It then

clicked to me that I was kidnapped remembering how I got here in the first place. Yazi I told them I told Siya about me being followed but she never took me serious maybe if she did then she could've protected me and I wouldn't be here. Why am I even here? Who kidnapped me? As I was still in my thought some big buff guy with a lot of tattoos bugded into the room and poured ice cold water on me I was freezing and my body was shaking.

The buff guy: "Ohh beautiful princess you're up"

He said in the most annoying voice ever

Me: "what do you want from me you piece of shit do you know that you could get arrested for this?"

Him: "oh no you are too beautiful for that attitude little princess. I'm just doing my job I don't have time for spoiled brats"

He got closer to me and my nose touched his (gag gag gag\*\*□)

Him: "You're so beautiful you know that?"

He then gave me a peck on my lips. I gave a hot slap and he stumbled back. I want to remember that atleast before I died I fought for myself. The door then flung open and a women walked in wearing all back

WAIT WHAT? THIS CAN'T BE? SHE'S THE ONE WHO KIDNAPPED ME?

Her: "Luc Leave Us"

The buff guy then stood up and left.

Her: "Well if it isn't the most loved and appreciated Ayanda Mkhabela."

She came closer to me and I spat on her face.

Her: "What the hell?"

She Slapped me twice on my face and then wiped her face with a tissue. She called Luc to come back he came back with a guy who looked just like him I'm guessing they're twins. Now I couldn't differentiate on who's who.

Her: "she's fucking disrespectful. Give her a little teaching."

Oh gosh I hate this girl with every fibre of my being

Luc and the other Luc punched me a couple of times now I was bleeding from both my mouth and nose. My whole body was painful and I was weak never in my life have I been beaten like this. These people were beating me up like I'm not a girl.

Siya

Kabelo Ntando and I were pacing up and down my head is all over the place and I can't think. Fifi has been here crying we tried calling Ayanda a countless times but it still took me to voicemail. The fact that

Ayanda might be out there with all these world's vultures alone is what's stressing me out. Melissa buzzed at the gate and I pressed the remote opening for her. She drove in on a red mini cooper. And quickly rushed inside the house.

Her: "Siyamthanda where's my friend?"

She was just panicking like I was. Everyone else was panicking matter of factly.

Me: "I don't know Lisa I just don't know"

That's when a tear escaped my eye and just like that all tears came rushing down. Kabelo came to me and gave me a big hug and tried to get me to sit

Kabelo: "Boyy retlo Mo kreyang byang o Ila? We need to

be strong for her"

Me: "I'm just worried"

It's actually the first time I cried for a girl like this. My heart is painful stru.

Melissa: "I should've took her seriously when she said she's being followed"

My uncle walked into the house followed by my Mom and dad okayyyy what are they doing here? I looked at my uncle and gave home a look.

My uncle: "they were with me when I got your call sorry"

My Mom: "Siya are you okay?"

My uncle: "where's Ayanda"

My dad: "who is Ayanda?"

My uncle: "her girlfriend she might be missing"

My father just chuckled.

My father: "Kanti isn't Phindile your girlfriend"

Both Fifi and Melissa looked at me okay I'm dead

My mother: "you crying like this over a girl? Who knows she could be with someone else out there on a

baecation and having a good time"

My uncle: "Bathong Sindiswa this is not a good time.  
The kid needs our help"

He then came and looked at me

Him: "do you perhaps know who might've abducted  
her?"

I just shook my head.

Soon enough my phone rang and it was an unknown  
number I hesitated to answer it but my uncle  
suggested that i answer it.

# CHAPTER TWENTY

ONE NIGHT WITH CONSEQUENCES.

"SIYAMTHANDA"

Ayanda's voice through my phone that was already

on loudspeaker. All people came to attention.

Me: "Ayanda? Baby are you okay?"

She didn't sound okay I've been with her over a while now to know that she isn't okay even through a phone. She sounded scared terrified and tired as well.

My uncle quickly took out his laptop and whispered "try to keep them on the line for as long as you can so that I could trace it"

Me: "Babe where are you?"

Ayanda: "I Don't Know this place is dark please come fetch me please"

Another voice: "Family reunion is over princess"

Then they hung up. Shiit. I looked at my uncle and he shook his head that means we didn't stay in the line long enough.

No WAIT? WAIT WAIT WAIT!!! I know that voice the other woman's voice. NO IT CAN'T BE. SHE CAN'T DO THAT? WHY WOULD SHE DO THAT

Me: "I know that voice"

They all looked at me like I'm crazy

Kabelo: "the other woman's voice?"

Me: "Rethabile"

Ntando: "NO WAY!!!"

My uncle: "Rethabile as in your girl?"

My Mom: "Kante what the hell is going on here?"

No one cared to answer her but I couldn't miss Fifi and Melissa's faces I swear these two people are gonna kill me after this for playing with their sister and getting her kidnapped

My uncle: "why would Rethabile kidnap Ayanda?"

Kabelo: "It can only mean one thing"

SHiit! This is starting to take a toll on me. I walked to the bar and helped myself to a glass of whiskey. I'm not a heavy drinker but I really need this. I poured a glass and gulped it down at one go. I then poured another one.

Kabelo: "Siya Aowa this is not you"

Me: "Leave me alone"

My uncle: "drowning yourself with alcohol is not a solution"

Melissa stood up just when I was about to pour my third glass.

Lisa: "Come one Siya don't do this we need you and we need your mind as clear as it can ever be"

Ntando: "how do you think we gonna find Ayanda when you're filling yourself up with alcohol like this"

Fifi: "I HATE YOU SIYA! I HATE YOU! YOU KNOW I SHOULDN'T HAVE ALLOWED NY SISTER TO GET BACK TOGETHER AITH YOU OR EVEN BE WITH YOU IN THE FIRST PLACE. YOU'RE NOTHING BUT A FILTHY HOE BOW MY SISTER IS KIDNAPPED BECAUSE OF UBUFEBE BAKHO"

By that time she was screaming and shouting. She paced up to me and started hitting my chest she was even crying. I could tell that she's hurt and scared for her sister. I then drabk the whiskey from the bottle my heart is as painful as hers and beats me that I

can't do anything for now. My uncle has been on his laptop ever since he's trying to find ways to help us find Ayanda. I paced up and down not knowing what to do. Ayanda is such an amazing soul she doesn't deserve all this drama all these problems I come with. Ever since we started dating I gave her nothing but problems it's surprising that she even stayed. A tear escaped my eye as I was thinking about all the memories Ayanda and i had. The intimacy. Never in my life have I had such a person who makes me feel the way Ayanda does but maybe her and I aren't meant to be together. I give her a headache I always hurt her and maybe i Should just let her go . I cried silently

and Kabelo noticed that I was crying. I stood up and walked to my uncle and he also saw the tears guessing down my face.

Me: "Malome"

Him: "My child"

Me: "please help me find her Malome ka Khopela. Please Malome"

He gave me a huge hug and rubbed my back

Him: "I will ngwanake I will" took that bottle of whisky and walked upstairs to my room but Kabelo followed me.

Kabelo: "Khopela Oska warra Mfana Retlo Kreya please don't cry Siya"

I just whimpered and cried some more she came and have me a huge hug comforting me. I bet she also didn't know what to do.

My phone rang and Jocelyn's name appeared on the screen. I then answered it.

Her: "Hey Siya is this the right time to talk?"

Me: "No it's not I'll call you when I find time"

My voice was a bit hoarse and I had slight hiccups

Her: "Are you okay? You don't sound too well"

Me: "I'll be fine"

Kabelo just stood up and left.

Jocelyn: "Wanna talk? Im a good listener let's meet up and maybe we'll tryna do something that makes you feel better if it's taking a walk then we will if it's ice cream then we'll buy something just to make sure you feel better"

I could use some fresh air.

Me: "Fine send me your location"

Her: "on it"

I could feel the whiskey getting to my head. And i was already numbing to the pain I was feeling inside

I walked downstairs with that bottle still on my hand and my uncle was shouting at someone on the phone.

Him: "I don't care what you did Kelvin but i need you to find that girl before the end of today are we clear?"

He turned and saw me descend the stairs.

My uncle: "I've gotten my boys to search everywhere for her but there's no luck to need to wait for when they call again. Because we don't know why she

kidnapped her whether she wants money or not and

to tell us what her motive behind the kidnapping is"

I took my car keys on top of the table and sniffed trying to fight the tears. It's now that I realise that Ayanda is my life.

My Mom: "where you going?"

I just ignored her

Fifi: "Siya Ayanda's Mom has been calling me non stop. She wants to know her child is and it's almost midnight now"

Me: "We all don't know where she is"

I walked towards the door and just when i was about to open my Mom spoke

My Mom: "don't tell me you're driving on that state you're drunk Siyamthanda"

Me: "Mom I'm old okay? I know how to take care of myself"

With that said I opened the door and walked out started my car and drove off.

I arrived at Jocelyn's location and parked my car. My eyes were bloodshot red from all the drinking and the crying. I'm not okay seriously.

It was an apartment she opened as soon as heard me

close m car and locking it. She then gave me a hug  
when I got to the door

Her: "come in"

I walked in and looked around nice and clean

Me: "so this is your apartment?"

Her: "Lol yeah must I get you anything to drink?"

Me: "You got Alcohol?"

Her: "You look tipsy already Siya you do know that drinking like this is not gonna solve your problems right?"

Me: "Jocelyn weh please tuu"

She raises her hands in Surrender

Her: "I've got vodka"

Me: "bring it up"

She got busy around the kitchen as I took off my shoes and getting comfortable on the couch. I never do this at people's homes it must be the Alcohol.

Jocelyn came with two glasses to vodka mixed with apple juice and ice.

Her: "talk to me I can tell that something is bothering

you"

Me: "you wouldn't understand Jocelyn it's too complicated"

Her: "try me"

I don't know why but I ended up telling her about my ex girlfriend kidnapping my girl for God knows whatever reason. I think this alcohol is making me talk too much k mean I never tell people my problems unless if it's Kabelo or Ntando or my uncle.

Jocelyn: "So DJ Ayanda is indeed your girl? People assumed correctly moss I refused to believe it"

I just chuckled because I forgot that Ayanda Naye she's known.

Jocelyn: "Come here?"

She said opening her arms so I could hug her.

Her: "don't worry man everything will be okay and i don't think they'll hurt her"

I hugged and we stayed like that. I just realised that Jocelyn likes very long hugs.

Her: (whispering) "you smell amazing"

I don't know what happened but I ended up kissing her and we had sex right there on the couch. We then had sex again in the bedroom.

The following morning I woke up with a very terrible headache. I stood up from the bed and Jocelyn was still sleeping peacefully. I went to the bathroom and took a shower. SHIT SHIT SHOT It then occurred to

me that I had sex with joce. SHIT I fell so guilty right now. I got out of the shower lotioned

Sponsored

got dressed and walked out of the bathroom already dressed. Jocelyn was up and making the bed. Her: "Ohh morning"

She said smiling as she walked to open the blinds.i bet guilt was written all over my face

Me:"Look joce about what happened yesterday umm  
"

Her: "it was a mistake I know we were both caught up in the moment and you were super drunk so i understand"

Okay she's a mature one this one

Me: "I'm glad you understand"

She just smiled.

Her: "you wanna grab something to eat before you go?"

Me: "no I wanna get something to drink "

Her: "Alcohol again? Come one Siya you need to eat"

Me: "fine Then"

I watched her as she prepares something to eat I then opened the vodka and drink it straight from its bottle.

Jocelyn: Siya you need to tone it down on the alcohol please"

Me: "I just wanna get rid of the hangover"

I then sta and she looked at me

Her: "you really love her don't you?"

I just stopped eating and chuckled more than she can ever imagine. I stood up from the kitchen stool and took my jacket and keys.

Jocelyn: "my car went for a service please drop me off at the campus"

Me: "Alright let's go"

I then took the vodka and poured juice on it since it was halfway to finishing then Shaked the bottle.

Me: "im taking this with me"

Jocelyn just shook her head as we walked out. When we arrived at her school. I parked at the main gate and opened the door for her. She got out and I gave her a hug.

Her: "don't hesitate to call me anytime you wanna talk Neh?"

Me: "of course I will"

She then kissed my cheek and walked away i then got into my car and drove off.

I've been drinking Jocelyn's vodkwa since we left her apartment i was slowly losing consciousness and everything was becoming blurry. Memories of Ayanda and I me always cheating on when she hit Zimi and I when she said she loves me when she was crying because crying on her birthday week basically

everything. I don't know what happened afterwards but I saw lights flashing cars hooting and a black car hitting my car. Then it was lights out for me.

Ayanda

i felt cold cold water splashing over me making me wake up at an instant there was a little light was coming from a very small window and that's when I realised that

it was in the morning. I looked around and Luc and the other Luc were looking at me. A few minutes later Rethabile walked in and found a chair and sat opposite me she looked at me with so much venom. My body was painful from being beaten up plus the cold ice water and sleeping on a chair being tied up for days. I was weak and haven't eaten in days. Why

is this girl torturing me.

Me: "why you doing this? Why you torturing me like this? Instead of doing this to me why don't you just kill me and let me die in peace"

I had no energy or power left in me to fight anymore I don't even remember how long I've been in here for don't even know what day is it today. I just had to accept that Siya wasn't coming to fetch me. Rethabile just looked at me and chuckled

Her: "you know what? Before you wanna die lemme tell you a story"

I just ignored her.

Her: "There was this girl who used to be in love she was deeply deeply in love with some girl who was known by almost everyone and she was liked by everyone. What's sad is that this girl was somehow living a double live not because she liked doing so but she had a standard to maintain. She has gotten used to certain life that made her do stuff she wasn't really proud of. She got involved with old men and they gave her the life she always dreamt of. Little did she

know that she is ruining things for herself. The girl she was deeply deeply in love with found out about this and got mad guess what? she dumped her. This girl was shattered broken and hurt about this breakup and never did she think it'll affect her life like this. After the breakup she saw that her ex was now happy and has found a new girl. She saw her ex moving on slipping off away from her hands just like that she was already replaced replaced by a nice beautiful girl who was smart has the body to die for a media's personality and was younger than her"

Me: "Okay why you telling me this?"

Her: "because I'm the girl in the story. And you came and took Siya away from me. She dumped me for you idiot"

I just chuckled

Me: "No she dumped you because you were busy with all these old men"

She Slapped me so hard that I saw stars almost immediately. I'm starting to hate Siya for doing this to me now I'm caught up in her filthy ways because she couldn't stay faithful.

Me: "so is keeping me gonna make Siya come back to you?"

Her: "No but I can try since you won't be around"

Me: "Okay may I please have a glass of water?"

She took a jug from the table poured water into the glass and helped me drink with. I then gulped down the water.

Siya

I woke up to the sounds of beeping sounds of machines. I tried opening my eyes but my eyes were blinded by light that pierced through my eyes. I shifted and my uncle walked towards me.

Him: "Siya Siya are you okay must I call the doctor?"

Me: "wat... water"

I felt a sharp pain on my left arm. I then remembered what went down I remembered cars hooting. I tried to hit the brakes but it was too late. A black range rover came in full speed and hit my car on the passenger side. Then it occurred to me that I was in hospital. My uncle helped me drink water. The doctor walked in then followed by my parents.

Doc: "Oh Siya I'm glad you're awake"

He injected me on my arm saying it's for the pain.

Doc: "You had an accident but luckily there wasn't any damage however we ran tests and it showed that there was a high consumption of alcohol in your blood thus causing a blurring of vision and weakness reducing your driving ability. We also did an ex-ray and noticed that your left arm is broken. So after I'm done with my rounds I'll come back to take to the nurses room so they could help you with putting on a cast and an arm sling"

He then smiled before walking out

Doc:"but you'll be fine don't worry"

My Mom walked to me and squeezed me In a hug

Her: "Oh my gosh Siya you scared me"

Me : "Ouch ma I can't breathe"

She then let go of me

My dad: "Siyamthanda didn't we warn you not to drive when you're too drunk?"

I just kept quiet

Dad: "We are your elders and we know more than you. This thing of you juggling girls the way you do will only mean more trouble for you. You living a very dangerous life"

My uncle: "Bathong the child is on her hospital bed

for heaven's sake. Let the child be"

Kabelo bugded in followed by Ntando Enzo and Bokang. Kabelo slapped me across the face while looked like they were ready to kill me

Kabelo: "Don't ever scare me like that bro"

Me: "I'm sorry Boyy"

Enzo: this whole thing that's been happening must've got you hard I mean you're never a heavy drinker and you are always the responsible one Siya don't ever so that again. This isn't you"

My uncle: "alright Thina we'll leave the kids to it"

The rents left the room and now the gents and i were left alone.

Ntando: "So where did you disappear to?"

Me: "Fuck I did something crazy gents"

Kabelo: "What?"

Me: "I Fucked Jocelyn"

Kabelo's eyes were the first to widen

Kabelo: "Oh No You Didn't!!!!"

# CHAPTER TWENTY ONE

## RASH DECISIONS

Zimi

No one actually disgusts me like Siyamthanda right now I thought I wouldn't mind being her side chick considering the fact that I always wanted to be with her despite all odds but being beaten up by her main girl now that's a different kind of low. I feel so

disrespected I mean being beaten up by a 19 year old because I was sneaking around with her girl is what I call dignity being strapped away from me.

What's worse is that she never tries to mend bridges between us I saw her drop Jocelyn here at school and it's clear that they fucked. Siya is nothing but a certified hoe and she doesn't treat people right she doesn't care about people's feelings. I called her but it rang unanswered she must be cozy somewhere with her other girls. I bumped into Jocelyn at the coffee shop and I just decided that I hate her what is she even doing here because she makes enough money as a dancer. Her and I don't know each other we have never even talked but there's no one who doesn't know who she is on campus. She is those over confident girl no lemme correct she is a very arrogant girl who thinks the world just revolves around her.

Me: "I'm sorry Dou you mind if I just talk to you for a sec?"

She looked at me from head to toe before she could chuckle

Her: "Who are you?"

Me: "Let's sit down and talk then you'll know"

She sat on a chair I don't know why but people were now looking at us.

Me: "I'm Zimi and I just wanna ask how you and Siya know each other?"

Her: "Who's Asking?"

Me: "Siya's Girl"

She just chuckled

Her: "Fr you Siya's Girl?"

Me: "Yeah"

Her: "And you're proud of saying that? In public?"

She then gave out a little laugh like she knows something that I don't. Okay but it's something in that statement that got to me

Her: "Look sweetie if I were you I wasn't gonna try to even utter that with my mouth but anyway may I ask?"

I just looked at her but my mind had drifted off to some parts of its world

Her: "You think Siya is into you like that? No lemme put it like this you think this whole thing with you and

Siya is a mutual thing? If you do then you must be a complete idiot"

I just kept quiet and looked at her. This girl clearly knows a lot more than I thought

Me: "What are you tryna tell me?"

Her: "Nothing but all I'm saying is that check your GIRL"

she quoted the inverted commas in the air to emphasize the 'Girl' part.

She just chuckled    shook her head stood up and walked away. This girl's arrogance just pisses me off. But I'm starting to be bothered by that like what did she mean by saying all those things?

This whole thing bothered me the entire day hasn't been sitting well with me. What's bothering me even worse is that there's something going on between her and Jocelyn that's for sure I don't know long they've been knowing each other but they seemed quite close and close on a level that I just wouldn't tolerate as Siya's Girl.

Siya

Jocelyn has been calling me non stop she's been sending me text messages. Saying she misses me and even if what happened between us was a mistake she wouldn't mind doing it again. I think she's low-key becoming obsessed because she's always pushing for me to come visit her and sometimes she makes jokes about me being good at giving pleasure or even worse joke about her and I doing it again in actual fact this is wierd Jocelyn is becoming wierd.

Plus I'm already having problems with dealing with all these women in my life i do not wanna add more stress.

Nonetheless I'm getting discharged this afternoon YAY! Although I'm kinda sad that my car is damaged but my uncle being the best uncle in the whole world said he'll sort it out once we've found Ayanda. I

cannot sleep each passing minute makes me wonder if she's okay if they didn't hurt her has she eaten? Why can't Rethabile tells us what she wants and give me my Ayanda back. OH NO!! I just realised that Rethabile is a psycho what if. ?

What if she kills her. ?

Kabelo waltzed in with a bunch of flowers followed by Fifi I bet she hates me right now

Me: "Oh hey Fifi I'm happy to see you here"

Fifi: "and i wish you were dead"

Ahhh ouch! Kabelo just laughed I guess she enjoys it when my sister-in-law does this to me

Her: "But I bought you flowers and fruits I heard you have been starving yourself as if that's gonna bring my sister back so please try to eat some fruits atleast."

Ncoooooa she cares👉👈😊 I thought she hates me. I don't know why but I saw a little bit of Ayanda reflect in her.

Her: "Don't ever scare us like that again we can't be worrying about two people at the same time"

Me: "I thought you hate me"

Her: "I do"

Okay ouch!

Kabelo chuckled yazi Kabelo just becomes a fool when she's with Fifi

Fifi: "and my sister is gonna hate you too when we find her"

Eish that thought on its own just makes my heart beat faster and faster.

Later that day my uncle came to fetch me from the hospital my arm had an arm sling so basically i was using only one hand. When I got home (Fourways Kabelo and i's apartment) I tried to make fruit salad but stumbled upon it but my Mom helped me through it .

Me: "Kanti when are you going back home?"

My Mom: "Are you kicking us out?"

To be honest

Sponsored

I love having them here but this is actually the first time they've ever been there for me these people are doctors and are always busy they are never at home it's wierd seeing them here.

Me: "No I'm not kicking you out moms I'm worried that you guys gotta go to work where's dad?"

My Mom: "Oh he went out he said he needed to catch some breath"

Me: "Ohh alright"

As my Mom and I were still talking my phone rang and it was Zimi WAIT WHAT? I thought she was mad at me.

RETHABILE

I have been orchestrating this plan for a while and I know that Siya will come back running to me. Luc (for Lucas) and Luz(for Lazarus) are both my cousins they're first names are actually Moeti and Moagi they're both gangsters and I bet y'all know that gangsters never use their real names. But nonetheless that's the least of my worries I've held Ayanda captive for a week now I can see how Siya has been going around like a headless chicken and I

bet they're probably wondering why I haven't made contact with them but not yet I Still enjoy torturing this poor girl. I looked at her panting as she struggled to hold on to the pain. Her blood has dried up from being beaten up yesterday. I need a drink. I then called my cousins to cme watch on the girl while I walked out.

I took off those black clothings and wore my red dress and some Sandles fixed my hair and walked out. I drove Luz's car a part of me is glad that I met Joe I mean atleast he taught me how to drive. There was a nice fancy restaurant down the road so I guess I'll grab two glasses of cocktail there. I parked at walked in I took a sit and a waiter came to serve. while I've been waiting for my order I realised that some guy was looking at me and my wasn't he handsome. He had the most beautiful eyes and that just reminded me of Siya. He had a nice body structure even. He noticed that I was looking at him and he smiled and waved I then waved back. My order came and the guy also decided that he's gonna join me.

Him: "Hi are you alone?"

OH MY GOSH he had this aura he smelt amazing and I could tell that he's rich

Me: "yeah you can have a sit"

He took out his hand for a handshake and I couldn't help but notice his expensive watch and his wedding band.

Him: "I'm Smanga"

Me: "Rethabile"

Him: "Nice to meet you"

He kissed the back out of my hand and I couldn't help but chuckle.

Him: "How about I add two more drinks or even three then we chill?"

This guy is such a smooth talker damn.

Me: "And your wife?"

He just chuckled and smiled showing his perfect teeth.

Him: "But I'm the one who offered"

Bathong this guy is smooth tlhe.

Me: "Alright but I'll take only one I've gotta bounce"

Him: "Alright that's fine"

We then chilled we ended up ordering food talking and he's got a very interesting character and you naturally get comfortable with him. I ended up having a few more drinks and at the end of it we exchanged numbers and made plans to see each other again. But there's just something about his eyes though. I went back to Ayanda and to my surprise I was no longer mad at her. She opened her eyes when she saw me.

Me: "Wake up princess today is Christmas"

Her: "just leave me alone Rethabile I'm tired of this whole thing"

Me: "Let's get you a nice warm bubble bath and I'll give you proper food"

She just looked at me like I'm crazy. I then untied her

and walked her out upstairs since we were in the basement. After she took a bath I handed her clothes to wear because those ones were bloody. Honestly Ayanda is pretty she is beautiful and I now understand why Siya fell for her I would too. But Siya hurt me and played me like I'm a fucken fool and she deserves to be hurt the same way I was. And you know what they say when you wanna get to someone hurt the person they love. Then her and I will have 1-1 score.

I gave her food but I know Ayanda is smart and she's gonna try to act smart with me. I recieved a message from Siya that read

"WENA RETHABILE YOU BETTER MAKE SURE YOU'RE OUT OF THIS COUNTRY BEFORE I FIND AYANDA BECAUSE WHEN I DO I'LL TRY TO FIND YOU AND IT'LL BE OVER FOR YOU. BETTER BRING BACK MY GIRL UNTOUCHED IF YOU KNOW WHAT'S GOOD FOR YOU"

I was triggered by that message and I know very well that she's mad. That "my girl" got to me even worse.

I've dated Siya for about a year and never has she referred to me like that to other people never has she looked at me the way she looks at Ayanda never has she ever defended me in public. I truly love Siya and it's true when they say love will make you do stupid things. I answered by saying "you forgot that I have the upper hand sir"

After Ayanda finished eating I tied her hands and took her back to the basement and tied her whole body to a chair.

## CHAPTER TWENTY TWO

YOUR ACTIONS KILLED YOU

Siya

Shiit Kabelo came to me and rubbed my back as I sobbed Heyy don't look at me like that I know I'm a stud but I'm a girl and I'm human and I do cry when things hurt me.

My uncle took his car keys

Him: "Let's go"

Kabelo and ntando both quickly stood up Kabelo went to her bedroom and came back wearing a jacket. And we went out. my uncle was driving like a maniac . Jason and KB (They work with my uncle) were already there I don't know how and when they got here because the last time I checked they were in Pretoria. My uncle handed me a gun as we walked inside . I'm glad my uncle taught me how to use it because I was gonna be out here looking like a coward. He said "we can't be involved in this kind of business and my daughter can't use this" when he first taught me.

My uncle shot both those big buff guys who were apparently Rethabile's cousins. Rethabile was even shocked to see us there. Ayanda was cooped up in the corner she had taken off her t-shirt and trying to stop her blood she looked like she was in pain but she wasn't crying wow she is indeed strong .

Rethabile: "I'm sorry I didn't kill her I just couldn't please forgive me I wasn't thinking straight I'm sorry Siya"

But I didn't even listen to her my eyes were on

Ayanda she was weak she tried to stand up but because she was weak she struggled so I helped her up and gave her a HUUUUUGE hug. Oh my gosh at least now she's in my arms

Her: "what happened to your arm?"

That's the first thing she asks me she doesn't worry about anything or anyone else wow this girl's heart is big. Look at how she is worried about me instead of worrying about herself.

Me: "are you Okay? Did they? Umm did they?"

Her: "No they didn't but thank you for saving me"

Me: "I missed you"

Oh thank goodness they didn't touch her like that it was gonna be double trauma for her.

My uncle was ready to shoot Rethabile but I stopped him

Me: "Malome just let her go we've got Ayanda let's get out of here"

My uncle: "Siya Wagafa?"

Me: "Malome please"

My uncle just shrugged his shoulders and walked out

I gave Ayanda my jacket and told her to go with My uncle so that they could help her with the stab wound while I stayed behind

Rethabile: "Thank you for not killing me"

Me: "You actually went the wrong way with this because I hate you now more than ever. I can't even look at you right now."

we then left the building. Ayanda was in my arms the whole time and she fell asleep it must be those painkillers she looks like she hasn't slept properly in days. I'm just glad that she's home I swear once she recovers I'm gonna hear a piece of her mind and she might even wanna leave me.

The following morning when I woke up Ayanda wasn't next to me but I heard the water running. I tried opening the door but it was locked okay? Since when do we lock bathroom doors. I guess she just needed to be alone so I went back to bed and got busy with my phone. She came out and looked at me but she didn't say anything

Me: "Morning are you okay?"

Her: "Are you?"

Me: "Come here"

She walked to me and sat on the bed she doesn't look okay she looks troubled.

I held her hand.

Me: "Are you okay?"

Her: "Yeah I'm okay"

Me: "You not"

She just looked down and played with her fingers

Me: "Baby I'm sorry. I'm sorry for putting you through this I'm sorry for My careless and unfaithful life I'm sorry for bringing you pain all the time. I'm sorry for actually going after you and chasing you only for me to keep hurting you. I'm sorry for everything"

All this time I've been looking at her and she just took out her hand from my hold and walked away without saying anything. She just dressed up and walked out. Her silence is killing me honestly. I don't know what to do I then took a shower did my morning routine and walked downstairs. Kabelo was busy with her laptop and busy with an assignment. I'm just glad that Kabelo moved here with me I'm glad that she got transferred to UJ because I wasn't gonna be able to have done anything without her.

Me: "Ntwana can we talk"

Her: "Can't we do it later? I really need to finish this"

Me: "Alright must I get you anything to eat?"

Her: "Sure"

Rethabile

I'm so happy that Siya let me go. I was super scared for my life and I realised that I bit more than I can chew. But I'll be sitting on the edge because Siya hates my guts.

Smanga and I will be meeting at the hotel he said he's hoping to see me before he goes back to Pretoria since he stays that side.

I looked at myself in the mirror one more time before walking out I was wearing a red silk number that had a slit silver heels and put on a little bit of make up and perfume I was ready to impress. He was parked outside and opened the door when he saw me approaching. Such a gentle man. He was driving a Mercedes Benz G Wagon. This guy is stinking rich and I did say it right. His car smells so clean.

We spent the entire day at the hotel and we later went for dinner at the same hotel. As we were having diner I saw her walk in.

SHIT! SHIT! SHIT!

I told you about Ntando walking in all the time when I'm in terrible situations.

WAIT IS THAT? SHIIIT!!! IT GETS WORSE.

Siya walks in following Ntando and she was followed by Kabelo. Okay now my heart is beating so fast and I bet Smanga can see that I'm getting nervous.

Smanga: "Are you okay?"

Me: "Yeah I'm okay"

Siya's eyes landed on me and Smanga she nudged Kabelo's shoulder and Kabelo looked at us I'm glad that Smanga's back was facing them so they couldn't see him and neither did he. Siya looked so angry and he walked to us. OH NO!!!!!! WHY IS SHE COMING OVER HERE?

She came to our table and banged it.

Siya: "Dad? What the hell are you doing here?"

She said turning to Smanga. OH HELL NO WHAAAAT?  
Smanga is Siya's father? Oh yeah now I'm dead for  
real.

Smanga stood up and tried to speak to Siya but Siya wasn't having it she was fast enough to slap me so hard across the face and I felt tears striking out immediately. She gave me another slap and pulled me by my hair it was so painful. I have never seen her so angry if it was cartoons I'd probably see smoke coming out of her ears. Kabelo and Ntando managed to get her off me and Smanga stood in front of me trying to protect me from Siya's violent sprawl.

Smanga: "Siyamthanda you need to calm down people are looking at us"

Siya: "DON'T FUCKEN TELL ME TO CALM DOWN  
YOU'RE FUCKING HER? YOU'RE FUCKING THIS BITCH ?  
SMANGALISO NKABINDE DO YOU KNOW HOW MUCH  
PAIN SHE CAUSED ME? YOU'RE CHEATING ON MOM  
WITH HER?"

By that time she was shouting and trying to get out of ntando and Kabelo's hold who were trying to stop her from beating me up. She must be really angry for her lose All respect for her father and call him by his name. I should've known I mean Smanga's eyes look exactly like Siya's and I didn't pay attention.

Siya: "DAD YOU'VE BEEN FUCKING MY EX  
GIRLFRIEND? WHAT KIND OF SICK NONSENSE IS  
THIS?"

Smanga: "wait so this is the Rethabile who Kidnapped your girl?"

Okay now Smanga knows all about this? I'm as good as dead. I'm even starting to regret the night I met Smanga and gave him my numbers. Damn Siya is so angry.

Me: "Siya I'm sorry I didn't know he's your father please forgive me please."

Siya: "Of course you wouldn't because you're a fucken hoe and trust me Rethabile I ain't letting you go this time."

With that said she got out of Kabelo's hands and walked out of the restaurant everyone was looking at me. Kabelo looked at me like I was something so dirty. Ntando grabbed me by my dress and looked at me straight in the eyes

Ntando: "Ngiyakuzonda Yezwa"

Then they both left. Now I was left to deal with Smanga

Me: "Look Smanga I ..."

He cuts me off

Him: "Don't even say anything your nose is bleeding"

He looked at me from head to toe shook his head paid for the bill and walked out. How could I have missed this? My nose must be bleeding from being slapped by Siya.

Siya has forgiven me a lot of times and I doubt she'll forgive me for this.

Siya

I have never In my life been so angry. Kabelo didn't even wanna let me drive. How can my father do this? Is he willing to break his marriage for that girl? We drove into our apartment and I found my Mom reading a magazine to think her husband is out there entertaining young girls.

Kabelo and ntando didn't know what to do.

My Mom: "Your father is unreachable he knows we need to get to Pretoria as soon as possible we have jobs to maintain here"

Me: "you talking about that man whore?"

Her: "Siya what did you just say?"

Me: "Nothing"

I walked upstairs to my room and took a shower my mind was all over the place. Like I honestly don't understand why all of this is happening to me why can't I live happily like everyone else look at Kabelo for example she is happy and doesn't have any problems and Mina I'm dealing with a lot everyday is something New.

...

I woke up to a dream where my grandmother was telling me that the end is near. She kept on saying it over and over again but I still did not understand what she meant she even said that I need to be strong for the truth will soon be revealed. what truth? Aii honestly dreams are the least of my worries right now. I opened my drawer and found the ring it was still the most beautiful jewel I've ever seen. I then kissed it before taking it back to its place. I then took a shower before going downstairs I found Kabelo eating breakfast.

Her: ntwana you okay? Didn't wanna wake you up "

Me: "I'll be fine where are the rents?"

Her: "your father came back yesterday and they left immediately"

Me: "I wanted to talk to you about something "

Her: "what's up?"

Me: "I need a manager and I've thought about this and I think you'd be the perfect person for that job "

Her: "wait you want me to be your manager? Of course I will boy thanks for trusting me with this ntwana "

We then bro hugged and took our stuff walking out  
Kabelo decided that

She'll be driving us to campus today. We were driving  
my uncle's range rover only until I get my car back.  
While we were on our way

Sponsored

I recieved a phone call from Phindi my phone was  
connected to the car's speaker Me: "baby hey what a  
surprise"

Her: "hey Siya are you able to talk?"

Me: "Sure what's up?"

I looked at Kabelo and she looked at me as well before we both shrug our shoulders.

Her: "Look um I know this may not be the right way to do things but I wanted to tell you that I can't do it anymore I can't do us anymore I mean Siya you and I don't see each other a lot and this whole distance thing is honestly not working for me. I really think we should just part ways once or just become friends plus I've found someone and I thought it'd be a good thing to let you know. I couldn't keep holding on and waiting for you I'm sorry"

Ummmm okay is she dumping me or what?

Me: "Are you breaking up with me?"

Her: "unfortunately yes"

Me: "Does she treat you good? Are you happy"

Her: "yes I am"

Okay I honestly did not know what to say

Her: "Siya? Are you still there?"

Me: "Look I gotta go to class I'll call you later"

Her: "Alright no problem"

She then hung up and I turned to look at Kabelo and sighed.

Kabelo: "I just think this is for the better"

I just looked at her waiting for her to continue

Kabelo: "I mean the less they are the better you need to focus on other things Ntwana"

Kabelo is right I gotta let Phindile go atleast she's okay and she's happier without me I wasn't gonna give her that. So she totally deserves it.

Kabelo: "she's happy that's all that matters"

Me: "you're right"

Kabelo: "so tell me what are you still doing with all these girls. Who do you love Pila Pila?"

Me: "I love them all for different reasons"

Her: "tell me"

Me: "Starting off with Zimi she is an open spirited person she is free and i get to be free around her she's got a very soft heart and she loves deeply."

Kabelo: "Okay?"

Me: "Then there's Jocelyn"

Kabelo: "wait? There's Jocelyn? I thought it was a once off thing"

Me: "It was but when I was with her I felt so much at ease I forgot about everything and everyone else she listens to me she understands me and I love how she gives out her all to me and she's a go-getter"

Kabelo: "Now that Rethabile is out of the picture and Jocelyn comes in? Wow Siya "

We both chuckle

Me: "Then there's Ayanda Maaan that one is so unpredictable she is beautiful both inside and out. I love

that she's stubborn and competitive I love how she makes me feel and how I can always be myself around her I love that she's smart and always figures things out. I love how intimate her and I are all the sexual pleasures the list just goes on"

Kabelo just nodded and like she was having a thought on this

Kabelo: "and Phindi?"

Me: "Phindi just broke up with me"

Kabelo: "Okay I get it so how about you find time and sit down and jot down all the reasons for each individual why you like them you'll see At the end of it there'll be one who sums up most reasons try to sit down and think of how you met them and why you dated them to begin with. Think of all the things

you did and what they did and see if you'll get to a conclusion on who had been through it all with you or think of how your future will be with each one of them."

This might just work yazi Kabelo is smart sometimes

Kabelo: "we could even get them to write letters for you about how they truly feel about you and maybe that might just help you decide on who you really want! just think you need to find only one out of those three and stick with them because lwena you can see that juggling girls like this is not ideal."

Me: "I think I like le that one ya writing letters it's a good idea."

We both fist bumped atleast there's still hope this things will get better for me.

My day at the campus was just Okay but my mind would drift off to Rethabile and I'd feel anger at an instant. When I was on my way to the car later that day I recieved a text from Ayanda that read "i haven't been sleeping well these days I'm having these bad dreams"

I decided to call her and she answered almost immediately

Me: "what kind of dreams? Why haven't you been talking to me I'm worried about you Ayanda"

Her: "can I come sleep with you for a few days? Please?"

Me: "of course babe thought you'd never ask where are you?"

Her: "I'm at the campus"

Me: "that's better Kabelo and I haven't left you can come"

Her: "Alright"

After Ayanda came we then took off. Kabelo was still the one driving. She finished off her assignment while I prepared dinner and Kabelo said she is going to take a nap. She looks so beautiful when she's concentrating.

We had dinner washed the dishes and later called it a night we showered together and I saw that the stab wound was recovering she saw that I was looking at it and she tried to cover it. But I removed her hand and kissed the scar. I looked at her and smiled.

Me: "I love you"

She just smiled and kissed my lips. After our shower

we then went to bed.

I was woken up by her screaming and panting she was turning on the bed and was even sweating she was having a bad dream. I shook her lightly so I could wake her up.

Me: "Baby! Baby! Wake up it's just a bad dream she then woke up and hung onto me hugging me. I gave her a warm hug and assured her that it was a bad dream. I took a towel and wiped the sweat from her forehead and cuddled with her until she fell asleep all that anger and rage I had for Rethabile quickly rushed in. Damn I hate that girl. And hmm ngwanola otlo

nkitsi Pila today. I went to the closet and took out a hoodie I then opened the door but slowly closed it I don't wake Ayanda up. I went to the master bedroom and opened the safe took out a gun and walked out. My anger was floating above the roof. I closed the door walked downstairs took my car keys and drove out like a fucken maniac.

...

I opened her door and found her sleeping her roommate was not around. Don't ask me how I even managed to enter at res around this time I've got connections. Hmmm look at her sleep while my girl can't sleep because of her while she's even fucking

my dad. This girl is FILTHY.

I clogged my gun and that when she opened her eyes she got so terrified sge went on her knees immediately and started begging for her life.

Her: "Siya I'm sorry I didn't mean to do it please don't Kill me please"

Me: "Did you let Ayanda go when she begged you not to hit her did you? You even stabbed her"

Her: "Siya I wasn't thinking straight please don't shoot me I'm begging you"

Me: "I bet you begged like this when you were in the sheets with my father right? You begged him to go deeper and go harder"

Damn this girl disgusts me right now. All the memories of what she did came to my mind and I found myself pulling the trigger. I shot her about 6 times. it's a good thing my gun had a silencer because this was gonna cause a lot of drama. I kneeling down next to her and closed her eyes my clothes touched her body and soon enough my clothes had blood on them and so was my hand.

Me: "You refused to listen when you were warned"

I then stood up and left the room.

I got home and walked straight to the bathroom I took off My clothes and rinsed off the blood. My heart started beating so fast when I saw Ayanda sitting on the toilet sit she was peeing. It Means she saw everything the clothes the gun and the blood. We both had an eye-lock. She didn't say anything instead she wiped flushed and came to wash her hands in the basin. She looked at me in the mirror but it was difficult for me to look at her.

Her: "I was wondering where you headed to because you weren't there when I woke up to come and pee."

That's the only thing she says before walking out. SHIT her voice Is in one motion and now I cannot tell

what she's thinking. CHAPTER TWENTY THREE

## LETTERS TO SIYA

Siya

When I woke up Ayanda wasn't in bed but I could smell her body wash which means she has just taken a shower. I went downstairs and found her and Kabelo watching TV News to be specific. Rethabile's

pictures were all over the news GIRL FOUND DEAD AT RES.

Kabelo was concentrating on the TV but Ayanda's eyes landed on me. She then stood up attempting to leave

Me: "Babe listen I .."

I said trying to hold her but fought out of my grip

Her: "Don't touch me Siya."

She took her belongings and headed off she must've taken an Uber because a few minutes later she got into some car and drove off.

Kabelo looked at me and shook her head

Kabelo: "Wirileng Mfana?"

She then stood up and left. My uncle then called me.

Him: "Siyamthanda and then? Have you seen the news?"

Me: "I Did"

Him: "you went the wrong way with this this might come back to you"

Me: "I know please deal with it Malome"

Him: "I will Mara aowa Siya wira diphoso"

I could tell that he's pissed by this

Me: "I'm sorry"

He just hung up.

I have an appointment with my doctor to have this cast removed so I showered took everything I'll be needing including my medical aid card and drove to the hospital. Rethabile's death was all over the internet. And to be honest I couldn't care less I was worried about Ayanda and how she'd take this.

After my appointment with the doctor I drove back

home and found Fifi

Me: "Hey Refiloe"

Her: "Hey Siya are you okay?"

I just shook my head.

She stood up and gave me a hug

Fifi: "You did a good job by killing her she hurt my sister"

Me: "Why would you think I did it"

Her: "Siya Ayanda tells me everything okay"

Me: "really? How is she feeling?"

Fifi::"Yazi Siya mina I just suggest that you let this child go it's evident that this won't work"

Me: "What do you mean ? Did she tell you that?"

Her: "she didn't but I think it's for the better"

...

A few days later Rethabile's news about her death

has died down and Kabelo ntando and I were on a quest for the letters. Kabelo had suggested that I let her take control of it. I tried to argue against it but she used the "I'm your manager and It's my job to do what's good for you" imagine she asked me not to go to camFOU and Ntando will collect notes for me and to go off all my social media for a while until she says so I don't answer any phone calls unless if it's her ntando or my parents. Basically I'm leaving like a bachelor. She said I needed some time off from everything and everyone so that I could come back stronger.

So today is Saturday and all my gents are here we're having a few drinks and some hookah. As we were playing snooker and chilling listening to music we heard someone buzzing at the gate. I was about to go open when Kabelo stopped me

Kabelo: "O ya Kae? You and I had an agreement stay here"

She went to open and stood at the door.

Kabelo: "Zimi hi how can I help you?"

By that time we have already decreased the volume to hear their conversation.

Zimi: "I'm looking for Siya I cannot get ahold of her her phone is off and I really wanna speak to her. Is she around?"

Kabelo: "She didn't tell you?"

Zimi: "Tell Me What?"

Kabelo: "She us out of town for some time and she left her phone behind with me. What I can suggest you do is that you can write her a letter and we'll have it delivered to her because we all not sure when she'll be coming back"

Her: "damn that's hectic but I'll do just that. Thank you"

With that said she Bleft and Kabelo came back to us.

Kabelo: "phase 1 is complete let's move to phase two"

Enzo: "so what's phase 2?"

Kabelo: "Watch and learn"

She then took out my phone and punched in Jocelyn's number on hers. She then texted Jocelyn. "Hi Jocelyn

Sponsored

it's Kabelo Siya's Manager. Well Siya is out of town for a while and she left her phone behind with me. I noticed that you've been trying to reach out to her"

We then waited for the response we watched as she typed.

She responded by saying "do you perhaps know how I can get ahold of her?"

Kabelo's response was "No but you can write her a letter and I'll have it delivered to her"

Jocelyn that said "I'll get onto it right now thanks"

I just shook my head.

...

When Kabelo went to campus the other day she said she bumped into Ayanda the o and this was their conversation:

Kabelo: "Hey Ayanda you good"

Ayanda: "I'm okay where's Siya? I really need to speak to her about something and it's urgent"

Kabelo: "I'm sorry that she didn't tell you but Siya is not in town she is having a family crisis. She even left her phone behind but I suggest you write her a letter and you can discuss whatever. I'll give it to her uncle to hand it over to her or you can wait till she comes back but you said it's urgent right?"

Ayanda: "yes it is alright then I guess I'll have to do that. We'll talk though"

So our first part of the plan has been done and now we're waiting for the letter actually we only recieved one from Jocelyn and Zimi and Kabelo made arrangements to meet up and Zimi can give the letter to Kabelo.

I'm writing a Test next week so Kabelo is hoping that things could be done quickly so that I could be able to go back to campus without having to bump into Ayanda and having to ruin our plans.

The following morning Kabelo bumped into Ayanda and she handed her the letter as well and now all the letters were complete and this part of the plan is over.

## THE LETTERS

DEAR SIYA

You know when I first met you in the taxi I was taken aback by your presence and at the back of head I knew you had someone who you called yours but surprisingly enough I didn't care less I just wanted to be yours. I watched myself as I fall deeper and deeper for you and soon enough I found myself willing to lose all my values for you. I never really wanted to be your side chick but what made me happy was the fact that atleast I was your chick. If someone had told me months ago when I met you that there would be a time where i would mind to share my partner with anyone or even worse get beaten up thoroughly for

being with someone's girl then I probably would've laughed at them because in normal circumstances that's just not who I am. But you know what they say love makes us do crazy things right? When I saw you drop off Jocelyn at our school the other day i was mad and not only because I saw you with her I knew that I was gonna stay the side girl forever and that there'll be many of us who will be calling you theirs. I love you siya and it's wierd that i love you enough to share my for you with anyone else. Your

Happiness means a lot to me and I'm sorry for the way I've been acting lately. Call me whenever you find time.

LOVE ZIMKHITHA

DEAR SIYA

I know that you and I had an agreement that what happened between us was a mistake. But I'm sorry that I couldn't keep my end of the deal because in all truth. I am starting to fall for you and hard even. That night was actually the first time I felt so alive. I knew the way I was feeling for you wasn't a lie. When we had that night of passion I felt a connection between us. That was enough for me to know that I love you and I want to spend the rest of my life with you I know this whole thing is rushed and sounds a bit crazy but

there is no rush where love is involved. This is not an ordinary love letter but a symbol of my love to you.

Please call me whenever you find the time so we could talk properly about this.

LOVE Jocelyn Meyers

DEAR KING SIYA

I doubt this is the right time for me to discuss this with you but i just couldn't wait any longer. Siyamthanda I love you and I love everything about you however we cannot forget everything that I've been through all in the name of love. Like when I got slapped by your crazy ex girlfriend which I later

found out that she was actually your psycho girlfriend  
you then cheated on me with three other women and  
I tried to stay away from you but I failed. I found you  
in bed with another girl and that's not all I was even  
kidnapped because of you and please do not take this  
as a reminder of all things that happened

between us but no human would actually stay after all those things. So to protect both my mental health and my sanity I have decided to let you go . I have decided to end whatever that has been happening between us and you can go be with whoever you want to be with and there won't be any Ayanda to beat you up afterwards. I love you but I don't think things will ever work between us because we both want different things. I hope you find your true love out there who you will love enough to actually commit for. Apart from everything else I just want you to know that I'll forever cherish the great moments we shared together and those beautiful memories we created. I also want you know that even if things didn't work out between us you were my happiness. And I need you to respect my decision.

Goodbye Siya.

LOVE AYANDA ♡

We read all the letters silently and they all looked at me after reading Ayanda's letter.

Kabelo: "so basically Ayanda broke up with you"

Me: "Yeah"

Ntando: "How do you feel?"

I just shrugged my shoulders because I honestly don't know how I feel. I mean I didn't expect anymore from here that girl has been through the most.    CHAPTER  
TWENTY FOUR

A GAME OF CHESS.

Siya

Ayanda's Letter got me thinking if this is truly what she wants then I should respect her decision and a

part of me knew that she is gonna wake up one day and decide that she's fed up with my shit. Kabelo's next plan is what she calls "the story behind the letter" so basically this phase is me going on dates with each individual separately and getting them to tell me how they truly feel about me and why they feel that way she says it's like an internal analysis on who is really down for me who's values aligns with mine and whether or not we'll be able to build something together. I wanted to go against this so bad but I also wanna get a piece of Ayanda's mind.

I have a gig tomorrow night so I'm guessing the plan for those dates will have to happen afterwards. It's Friday and I'm writing a Test I got to campus and later went to class.

After my test I then went back home because I was having a meeting with the promoters for the upcoming gig. Kabelo called me when I was on my way

Her: "Ntwana where you at?"

Me: "I'm Driving to home why?"

Her: "Did you see that Ayanda is also on the line up for tomorrow?"

Me: "Fr? Oh flip I'm not ready to face her"

Her: "We don't have any other choice Siya don't forget our meeting with Eve it's at 2pm"

Me: "alright sure"

I swear Kabelo does her job perfectly as a manager. I got home and found Fifi and Kabelo watching a movie.

Fifi: "Oh hey Siya you're back? Where the hell have you been?"

Me: "I was out of town but I had a test today so I had to Come back plus I have a gig tomorrow"

Her: "Ohh Alright nice to see you by the way it's been long"

I then decided to let them have their quality time and went to my bedroom and did my assignments. Before 2pm I went to the bathroom and freshened up.

...

At the backstage I saw Ayanda talking on the phone.

We had an eye-lock but she quickly removed her eyes. After her phone call I was about to go say hi but Bothale came before me and kissed Ayanda's cheek. I just decided not to go anymore. Fuck I just hate Bothale right now like why she gotta kiss my girl? Oh flip konje she isn't my girl anymore.

I swear Ayanda is the most beautiful girl I have ever seen I watched her play on the decks and dancing she is a fucking dancing DJ. I found myself laughing after I caught myself thinking about all the memories her and I shared.

The following day Kabelo and Fifi were going out however they were having arguments because apparently Kabelo was having most girls throwing themselves at her and Fifi gets all insecure about it just like Ayanda it's clear that these people share the same blood. Okay this is getting wierd why does everything I see remind me of Ayanda.

I finished off my assignments and later went to bed.

I was woken up by Kabelo calling asking me to open

the gate for her cause she forgot her remote and keys in the house. I Opened the gate for them before going downstairs to unlock the door. They told me how their date went and how much they had a great time. It was amazing to hear such beautiful stories. And I'm just glad that Fifi and I are good and there aren't any odd vibes between us since her sister and I are a thing of the past.

Me: "So Fifi are you sleeping over?"

Before she could answer her phone rang and apparently it was Ayanda

Fifi: "Hey sis been trying to call you"

She then kept quiet and listened.

Fifi: "I was asking if you'd be able to come fetch me here"

Ayanda: "why aren't you sleeping over? You will go home tomorrow "

Fifi: "I can't stay over uBab'menzi is comin tomorrow"

Ayanda: "Ohh flip why can't Kabelo drop you? Refiloe I'm at res I don't have my car with me"

Me: "Kabelo and I will both drop you off keh"

At the sound of my voice Ayanda then dropped the call at the sound of my voice. Okay I'm not gonna lie and say that didn't hurt me.

After dropping Fifi at home we then drove back home.

Kabelo: "It's gonna be difficult to get Ayanda to the date because she clearly stated that you need to respect her decision meaning that you need to keep your distance."

Me: "I know right?"

Kabelo: "May i ask you just one question?"

Me: "Sure"

Kabelo: "so what happens when you find out that Ayanda has found someone?"

I sighed deeply

Me: "Haii I don't know man"

Kabelo: "The thing is Ayanda is BEAUTIFUL and the reason I'm asking this is because I saw how Studs were going crazy over Her the other day at the event Like do you think after everything that you put her through she'd think twice before moving to someone else who would treat her better?"

Me: "No doubt she is beautiful and I don't there's anything I can ever do to stop her from seeing whoever she wants to see but another thing I know is that Ayanda is choosy ASF so I bet whoever she chooses will be the right one for her"

Kabelo just nodded.

Me: "I've been thinking"

Kabelo: "Talk to me"

Me: "I'm even thinking of letting both Ayanda and Zimi go then focus on building something with Jocelyn. Be with someone new for a change and forget about anyone else I've ever been with"

Kabelo just chuckled shaking her head

Her: "You've already made a decision?"

I just decided to keep quiet and ignore her question and looked forward.

The following day I woke long after Kabelo has left for class.

My uncle called me just as I was about to go take a shower.

Him: "Hi look I don't have enough time I've got a meeting in 5 minutes but I wanna inform you that the insurance people might pop by today to bring your car soi need you to be on standby"

Me: "WAIT! MY CAR IS BEING DELIVERED TODAY?"

Him: "Yes now I've gotta go"

You should've heard me scream when I saw my car my feminine side was all out LOL. it was still the BMW X1 but it was Blue with shiny BBX reams nude leather sits. My I AM SO IN LOVE WITH MY NEW CAR however the blue colour was plastic covering so I can take it off anytime and get my red baby back. While I was still admiring my car Kabelo called me

Me: (screaming) "Ahhh mfanaka you should see my new car"

Kabelo: "Okay baby girl"

Kabelo and I both laughed

Me: "Oh so now you calling me baby girl?"

Her: "Ke tlareng when you screaming like a girl"

We both laughed again

Me: "Waphapha saan"

Her: "While we still in a good mood I have good news for you"

Me: "What's up?"

Her: "Okay I'm not really sure if it's good news"

Me: "Kabelo is it good news or is it not good news?"

Her: "Ayanda agreed to go out on a date with you but she said the only reason she agreed is because she wants to tell you whatever she mentioned in the letter face to face so take this as a last date then y'all can find closure"

Me: "Ummm okay"

Her: "She said she'll be available tomorrow so call her and make arrangements"

Me: "can't you as my manager

I'm not really sure if it's good news"

Me: "Kabelo is it good news or is it not good news?"

Her: "Ayanda agreed to go out on a date with you but she said the only reason she agreed is because she wants to tell you whatever she mentioned in the letter face to face so take this as a last date then y'all can find closure"

Me: "Ummm okay"

Her: "She said she'll be available tomorrow so call her and make arrangements"

Me: "can't you as my manager arrange for me? Don't think she'll answer my calls"

Kabelo: "Siya I'm your manager I'm not your PA"

Me: "Ahh please dawg"

Her: "Siya I can't always be doing things for you I played my part in trying to convince Fifi to talk to her sister about actua coming to the date call her and get it done"

Ahh guys why is my best friend doing this to me

I then called Ayanda and it rang unanswered Ahh la Bona geh. I dialled again and just when I was about to hang up she answered.

Her: "Siyamthanda"

Me: "Tjo what happened to King Siya?"

Her: "Siya Ufunani"

Okay she is not in a good mood

Me: "Umm I've been talking to Kabelo and she told me that you have agreed to go out with me so I just wanted us to confirm the time and place"

Her: "Just send me the place and time and I'll be there"

Me: "No I'll come fetch you then we'll go together how about 7pm?"

Her: "Alright you'll fetch me at home keh cause I'm not at res. What kind of place are we going to? I wanna dress accordingly"

Me: "We going to a formal place so anything formal would be amazing"

Her: "Alright sharp"

My heart was beating so fast but a small part of me was excited. I'm actually loving this long weekend because atleast we don't have to worry about going to school until Wednesday. .

The following morning I woke up pretty much early I never do this on a Monday I hate Mondays but today is not just an ordinary day. I made breakfast for Kabelo and Fifi and and they came down while I was still busy.

Me: "Morning"

Fifi: "OuuuUUuu somebody is in a good mood"

Kabelo: "Is it because you going on a date with

Ayanda?"

Me: "Lol no Kabelo you know that place get full so we better get going"

Kabelo: "Yes your right baby Siya and I leaving so clean the house Neh" she said as she gave her a kiss and we walked out

Fifi: "hau y'all leaving me behind alone?"

Kabelo and I were already out and no one answered her.

We're going to the barber to get our hair done plus Kabelo was excited for the new ride so we just wanted to go out nje. While w we were still out Fifi called saying she's leaving because she needs to help Ayanda with something

...

Later that day I prepared myself to go out. I looked at myself one more time in the mirror before heading out.

Kabelo: "yoh yoh yoh Mei bra o Pila like o chipi brayaka"

I just laughed and walked out. I then started my car and drive off. When I got to Soweto I called Ayanda but Fifi answered

Fifi: "Siya Ayanda is still in the bathroom"

Me: "NO WAYS Fifi don't tell me Ayanda is bathing I made reservations for 8"

Her: "Siya would you please come down? Ayanda is done but you can Come in"

I then hung up and Fifi opened for me and I walked in. I sat on the couch a few moments later I heard the clicking sound of heels on the tile. I looked up and Ayanda's eyes met mine. She looked so so beautiful Ohhh gosh she looked amazing. She was wearing a navy blue body hugging dress that had a black detailing that was above the knee. I think this dress was customly designed for her.

Her beautiful legs were showing and she was wearing a nice block heel. Her hair was perfectly made and that make up made her look even more pretty. My this woman is gorgeous

I watched her as she descended the stairs and my she has swept me off my feet.

I opened my arms and gave her a hug she smelled amazing also.

Her: "Hey Siya"

Me: "My beautiful queen"

Her: "You look amazing"

Me: "You not so bad"

We both laughed

Her: "Wow I went all out and you saying that?"

We both laughed

Me: "I could write a whole book about how beautiful you are"

Wait are those? NO WAYS!

I couldn't help but notice the love bites on Ayanda's neck oh no they look recent haibo Jesu.

We got into the car before we drove off i decided to ask because i couldn't keep quiet about it.

Me: "so isn't it a wierd coincidence that we're both wearing navy blue right now?"

She just chuckled

Her: "It's not a coincidence Siya Fifi told me what you'll ve wearing and i thought why not?"

Me: "wow you always amaze me and the love bites?"

She turned to look at me.

Her: "Let's not even go there tonight is probably our last night together let's not waste it over such things"

Yes she's right. Tonight we forget about everything else and focus on spending one last time together

FINAL CHAPTER

## THE ULTIMATE DECISION.

After our dinner with Ayanda we went to our hotel room. The suite was prepared for us and there was a bottle of champagne in an ice bucket strawberries cream melted chocolate and a whole loads of different things. At our arrival in the suite I poured us glasses of champagne and we sat and talked. I asked all sorts of questions that I needed answers for and Ayanda being the smart ass that she is all her answers were smart answers. We even ended up

talking and getting things off our chests and I must say. I really did hurt Ayanda with my actions and it even though she did not show it but I hurt this girl's feelings and now I totally understand why she doesn't want to be with me anymore.

Her: "Umm I wanna tell you something"

Me: "I'm listening"

Her: "Ntando kissed me last weekend at the event"

WAIT WHAAAAT? Me: "Ayanda what are you saying?"

Her: "I really didn't wanna tell you because I didn't wanna cause a rift between the two of you but Siya mina I couldn't keep something like this from you"

Me: "How can ntando do this? I need to speak to her"

I took my phone and just when I was about to dial her number Ayanda stopped me.

Her: "We had agreed that tonight we'll focus on us you'll talk to ntando tomorrow." She stood up and went to the table. I followed her behind and kissed her cheek I then unzipped her dress and she turned to kiss me I then deepened the kiss and I swear I got turned on at an instant. I watched as her dress fell onto the floor her matching underwear made her whole body even more beautiful with her soft silky skin. As were kissing we moved onto the bed and one thing led to the other. I know this was supposed to be a goodbye but it felt like we were reconnecting. It was vivid each one of us connecting with the other. It's like we're speaking with our souls.

The following morning I woke up to Ayanda wrapped around me. I smiled and slowly got off her hold. I went to pee and ordered breakfast.

...

Later in the afternoon and prepared for a date with Jocelyn I wasn't gonna take her to the same place I took Ayanda to.

I fetched her in the evening and also looked good she was wearing an evening gown. Her long hair was neatly done and the red lipstick blended perfectly with the red dress she's wearing.

We got to the place had dinner and later went to the hotel room the same way Ayanda and I did I asked her how she feels about me and everything although it kinda felt like an interview but we had a good time.

....

Today is my date with Zimkhitha she had renewed

her haircut and it was now purple in colour. She was wearing a black dress that had a bare back and an slit. She is beautiful we had a great time as well and I honestly do not wanna bore you all with the details.

In general I had a good time and I managed to get all the things I needed. I'm also thankful that God gave me a best friend like Kabelo. That girl came

through for me.

...

I've went to all three dates and my heart beats even faster what's making things worse is that I woke up after a very wierd dream where my grandmother was telling me that I have chosen. She kept on saying "Siyamthanda you have finally chosen. Your heart has chosen" . What's making it wierd is that I haven't chosen anyone.

When I woke up in the morning I opened the box that was given to me by my grandmother and went through itI found that letter some old pictures and the ....

WAIT WHAAAAT?

So my father is not exactly my father? No guys smangaliso is not my father? Okay now myhead is spinning why haven't I looked into this Boxall along. I thought I was dreaming. I immediately dialled my mom's number

She answered almost immediately

Me: "Smanga is not my father?"

Her: "Huh? Why you saying that?"

Me: "Don't act like you don't know ma who is my father ?"

She started sniffing and crying

Her: "I'm sorry my child we wanted to tell you"

Me: "am I adopted?"

Her: "Can we talk about this when you come this side for the holidays?"

Me: "No ma I wanna know the truth now!"

Her: "Okay fine you are not adopted you're my daughter"

Me: "You're not saying anything"

Her: "Melokuhle is your father"

WHAAAAT?

MY UNCLE IS MY FATHER?

I just chuckled

Me: "Mama this ain't no time to joke who the hell is my father"

Her: "yes Siya"

Sponsored

who the hell is my father"

Her: "yes Siya your uncle Melokuhle Nkabinde is your biological father"

I felt dizzy at an instant

Me: "But how?"

Her: "Siyamthanda I've got a patient to attend to. I'll call you later"

Oh no this isn't making any sense.

I dialled my uncle

Him: "Are you okay?"

Me: "Why didn't you tell me that you're my dad"

Him: "umm who told you that?"

Me: "My mother"

Him: "umm we were gonna tell it's just that ?"

Me: "How did it happen? How come you're my father and not Smanga?"

Him: "Okay if you insist on knowing the truth then so your Mom and I were dating back in high before she went to medical school. We then separate because she spent years at med school without coming home and that's when she met my brother usmanga. Then dated and when she came back home to introduce Smanga to the family that's when she saw me and realised that we're actually brothers. Smanga and I fought about it we fought for the same girl for years until I saw that your mother loves him and i decided to let go. This one time when we had a family gathering and your Mom and I slipped once and found ourselves on the sheets that's when you were conceived. When Smanga found out that your mother is pregnant he was happy and then it became difficult to let him know that he is not the father."

Ehhh this whole thing is complicated

Him: "But can we come talk about this when you come home for the holidays it's high time we sorted this out once and for all"

Imagine finding out that your father is not your father he is your uncle and your uncle is not your uncle but your father. Your father is your uncle and your uncle is your father. Wierd right?

I spent a few more days going to campus studying and preparing for exams I was still analysing everything.

I went home and found Kabelo chilling with Ntando. I'm Still gonna deal with ntando but now I have bigger fish to fry. I walked in and my heart was beating so fast.

Me: "I know who I want"

I said as soon as I entered the house.

They both looked at me and stood up

Kabelo: "Wait what?"

Ntando: "Who are you choosing"

I went upstairs and changed my clothes. Kabelo followed me behind

Kabelo: "Siya who are you choosing? Siya I need to know"

I just ignored her.

Kabelo: "Siya I'm locking this door if you don't tell me"

Me: "Then let's go together and you'll find out when I get there"

Kabelo: "Yes I'm going with you"

I just chuckled and shook my head Weitse Kabelo likes being a manager even where it's not necessary. I then opened my drawer and took the ring

Me: "Fine let's go"

We went downstairs

Ntando: "What's going on? Are you going guys going somewhere? I thought we gonna chill with the gents they're already on their way here"

Kabelo: "Yeah Thina we just going out for a couple of minutes. But you and the gents can chill here"

With that said we went started the car and drove off. Kabelo chuckled when she saw which direction I was heading to.

Her: "WHAAT?"

I also chuckled

Me: "yeah"

Kabelo: "You're full of wonders"

Weh n we got to her place Kabelo decided to stay in the car because she says I need to do this on my own. I knocked but she didn't answer I knocked again and heard "Wait a minute "

My heart is beating so fast and my palms are sweaty. This is what I want and it if means that I'll end up in

the dark end because of this then let it be it.

She opened and looked at me

Her: "Come in"

She moved to the side and made way for me to enter.

I couldn't even wait for her so I spoke

Me: "I know I'm the last person you want to see and I totally understand but I couldn't stay away. Ayanda I know I hurt you a lot in the past and I've caused you nothing but pain. I know I always apologize and end up going back again. But I'm not perfect I make mistakes but one thing I know is that I love you. I love you more than anything else in the world."

I reached for my pocket and took out a small box. She looked at me shocked. I opened the box and she saw the ring

Her: "Siya what's going on?"

Me: "I know you said I should respect your decision but I love you and it is you that I want. Take this ring as a symbol of my love for you. Ayanda with this ring I promise to be a better partner with this ring. I promise to love and appreciate you always. With this ring I promise to make you happy and always be the partner you've been praying for. Take this ring as my willingness to change my lifestyle for you if it's

commitment that you want I'll give it to you. I love you Ayanda and from now I'll do Better "

She then chuckled shaking her head.

Ayanda: "You full of surprises yazi"

She gave me her hand and I put on the ring. I am so happy right now I thought she was gonna chase me out but I'm didn't she was even emotional I wiped her year and gave her a hug.
