## Chapter 1

👤 Oh my look it's the Alphas son!

👤 Oh my god he's so hot!!

👤 I swear I'd do anything just to be on his bed right now!!

👤 Please moon goddess I beg of you to make him my mate!

Were just a fee of the whispers that filled the hallway as the Alphas son and his crew walked it.

All eyes fell upon them, some with envy, some with lust, some with even love.

But Annalise Scott had something different in her eyes as she stared at Alaric.

The look in her eyes could be best described as a longing, a wanting, a needing.

Just like all the other girls, Annalise shoots her shot at Alaric but the only girl he sees is Giselle, her elder sister.

Anna watched as Giselle latches herself onto Alaric with so much possession.

In her family of four, she's the tomboy one, the rebel, and Giselle is the apple of their eye.

She's the apple of everyone's eyes, Giselle took after her mother having a sexy figure that every man wants and needs.

Meanwhile Annalise works hard in class and gets straight A's every year on her report card her sister doesn't even lift a pen.

Even though she does that, her marks are always just as high as Annalise's, why is that? That's because she sleeps around with the principal.

Why study when if you sleep with the principal you'll get high grades for free huh? Unfair right?

It is unfair, but Annalise can't do anything about it, see... While Giselle has an hour glass figure Annalise is slim.

She has no curves and her b\*tt is rather small, her breast hasn't even developed yet despite her being seventeen, they're not small... But they're not the type that a seventeen year old should have.

She doesn't have a problem with this, she actually likes it cause when she wears her hoodies and sweat pants she looks like a guy even more.

All her friends are males, her and her wolf don't seem to get along with females too well so she avoids them at all cost.

She didn't feel insecure about her body until she developed a huge crush on Alaric the Alphas only son.

Alaric is the type who prefers pretty girls with sexy figures, Giselle is one such girl.

Now, Annalise has tried getting his attention already by wearing minny skirts and tight clothing, but that usually doesn't make you look good if your slim.

She doesn't give up, she isn't the type to give up soo easily, her friends have warned her about wanting Alaric but telling a girl not to love someone she loves is a pretty bad move.

"Anna are you even listening?" Damien said with a frown as he snapped his fingers before her face.

She glared at him and they growled at each, she was just day dreaming about her and Alaric's future wedding.

"Anna tell me you were day dreaming about that flirt?" He said with a loud scoff, Anna smiled at him.

"Yes I was actually, I was thinking about our wedding but I'm having a hard time wondering where it could be held" he said as she opened her phone to search google.

"Annalise Scott, you need to stop this, Alaric is a player ok he doesn't want anybody Anna, he'll hurt you" Damien tried warning the stubborn Annalise but he should know by now that she takes talk from no one.

"Ugh, your not helping Damien I'm going to class see you this evening" she said with an eye, she put one strap of her bag on her shoulder and walked off with her hand in her pocket.

Damien shook his head as he watched his best friend walk off to class, that boy Alaric is trouble, yes he's hot and good looking but that boy doesn't like girls for what's in inside.

He only likes what's between their legs, Annalise is a virgin and he would hate it if Alaric would be the one to disvirgin her.

It's not like he's jealous, how did Annalise and Damien become besties?

He's gay and she's a tomboy, that makes a perfect friend combo don't you think?

If Alaric should have s\*\* with Annalise he'd just tell the whole school and tarnish her reputation that's all that these nowadays boys want anyways.

Remember the boys who would come up to you and want to be your friend? Such beings don't exist anymore, these male species nowadays only want what's between your legs.

Once they get what they want its game over, you'll never see or hear from them again, they only you will hear is your friends telling how they know you had s\*\* with a guy which you never told them.

And on top of that, right now if you find yourself a virgin girl you've got to be the luckiest man on planet earth, the moon goddess has surely taken a certain liking to you for you to find such a rare gem.

Damien shook his head and took his bag from the locker, he took a picture of a girl from the bag and glared at it, she's the one who made him gay, he put Away the picture and head in the opposite direction to his class.

**\*\* Boys Locker Room \*\***

"Alaric dude did you see how the chicks were checking you out as you walked through the hallway?" Chris one of his close friends said, He's the Delta's son.

"Dude I totally know, I mean yeah I'm hot and every girl in school wants me bro I mean.. Ahh life's good" Alaric replied as he crossed his legs.

The boys laughed at Alaric crazy behavior, just then the locker doors open and Giselle walked in.

"Hey" she greeted as she went and took a seat on Alaric's lap, he smirked and slapped her a\*\* as she began grinding her hips on him.

"Ohh sh\*t, think imma leave you two love birds alone" Zach exclaimed and winked at Alaric before he and the other guys left the locker room.

"Well well well, what do you want snow flake?" He asked as he licked his lips seductively, Giselle smiled and kissed his neck.

"I want you Alpha to be" she whispered seductively into his ear, he laughed silently, no matter how much times he fxcks this girl she keeps coming back for more.

"But there's a problem, my sister is in love with you and I don't want you hurt her" Giselle said with pouted lips as she played with his hair, a few seconds passed before they burst into laughter.

"You mean that grotesque sister of yours? The one with a body as flat as paper? The weak and disgusting one? Ewww I'm

offended that she even likes me" Alaric said and they laughed even more.

"I know like everyday I wake up I have to ask the moon goddess why'd she give me such an ugly creature as a sister, I wish I had a sister who was like me" Giselle said with an eye roll.

"Hey forget her ok soo how about we go out tonight huh?" He said and she beamed brightly and hugged him, she smirked inside her mind.

**\*\* After School \*\***

"Soo Annalise, tomorrow is your eighteenth birthday how are you going to spend it?" Damien asked as they walked to his car.

"Nah, I dunno, maybe I'm just going to stay home and chill yunno" she replied with a shrug, from the day she was born she has never had a birthday party before so gradually she's gotten used to it.

"Yeah that would be great but one you have school and two you have me" Damien said and nudged her shoulder, she laughed as she forgot that tomorrows Friday and also the last day of school.

"Ok Damien, after school we'll go to a club and hang ok? Then later on we can go for a run" she said and he beamed brightly.

They kept chatting as they walked to Damien's car then stopped abruptly when they what some students were saying.

👤 Giselle is soo lucky.

👤 Exactly, I can't believe that she's going out with the Alpha's son.

👤 They would surely make a great couple am I right?

👤 Yeah but Giselle is kinda slutty

👤 I agree but who are we to tell the Alpha's son whom to date?

"Hi excuse what did you just say?" Annalise asked as she walked over to the group of students who were gossiping.

"Your sister Giselle is going out tonight with Alaric the Alpha's son" A girl said and she felt her blood begin to boil instantly, she'll surely confront her sister as she soon as she gets home.

"Anna come on we need to go" Damien exclaimed and began her by the arm to his car, he could feel Annalise's anger from a mile away.

**\*\* At Home \*\***

The door flying open and made a loud crash as it collided with the wall, Mr. and Mrs. Scott turned sharply to see the furious Annalise glaring at Giselle.

Giselle has went home early this evening to tell her parents home she'd be going out with the Alpha's son, her parents were soo happy and Annalise ruined the moment.

"Is. It. True?" She asked as she slowly went to stand before Giselle, she rolled her eyes and stood up to look at Annalise.

"Yeah and soo what? He doesn't want you Annalise and he never will. Your just an ugly plain tomboy while I'm curvy and fluffy get that into your thick skull!" Giselle exclaimed as she flicked her finger on Annalise's forehead.

Annalise growled loudly while Giselle returned the growl, Mr. and Mrs. Scott immediately came and pull the girls away from each other.

"Annalise! What has gotten into you? Your sister is going out with the Alpha's son and here you are jealous instead of being happy for your sister!" Her mother roared at her.

She flung off her mothers hand and gave Giselle on glare before running up to her with with inhuman speed.

**\*\* Her Room \*\***

Anna slumped to the floor as the tears she's been holding for so long pour out of her eyes like a river.

She got up and stripped completely naked before staring at her reflection in the mirror.

She's tried everything and anything to gain weight and to be as sexy as her sister but nothing works.

Sometimes she eats so much food that her stomach aches for the whole night, her parents often scold her on the fact that she's been eating so much food.

She even did the exercises she saw on YouTube, she went to the gym every weekend, still nothing works.

ill... She doesn't plan on giving up now, she'll make herself beautiful and gorgeous and Alaric will want her!!!

## Chapter 2

Its now a minute passed twelve, its her eighteenth birthday, finally after months of waiting it has finally arrived.

Today is the day, that she'll finally find her mate, the one who will love and cherish every part of her body.

The one person who wouldn't care how her body looks, excitement overwhelmed her body as she thought of what her mate might look like.

She hopes that he's just as handsome as Alaric, maybe he should be Alaric.

A huge smile appeared on her lips as she thought about Alaric, he's such a handsome and gorgeous guy.

She would of loved if he could be her mate, that would make her big day even more special than how it already is.

As she smiled up on the sky her pocket vibrated, her phone was ringing, but who would be up this late in the night.

"Yolo?" She said as soon as she answered the call, an ear piercing scream immediately came from the other end.

"Happy Birthday Anna!!!" Damien yelled in soo much excitement, this made Annalise's heart warm.

"Thank you soo much Damien, why are you up so late though?" She asked and he laughed.

"I wanted to be the first person to wish you a happy birthday Annalise" He replied and smiled subconsciously.

"Thank you soo much Damien this really means a lot to me" She spoke and Damien laughed again.

"You don't have to thank me Annalise isn't that what best friends are for?" He said and she chuckled.

"Ok Anna now I need to go to bed because I literally stayed up just to tell you happy birthday" Damien said and yawned.

"Goodbye Damien and thanks again" She said and he scoffed.

"Babe I said you didn't have to thank me and goodnight.. Or should i say morning anyway bye" He said and made a kiss sound before hanging up.

Annalise laughed at Damien's behavior, He's soo crazy sometimes but she can't help but love him.

She yawned loudly and stretched her limbs then rubbed her eyes, its time for bed, she drew the curtains then pounced on her bed to sleep.

**\*\* Around 6 Am \*\***

After Annalise did the necessary she packed what she needed for the last day of school and head downstairs.

As she went down she bumped into Giselle, the sisters glared and growled at each other.

"Anna.... I forgot to tell you, last night Alaric asked me to be his girlfriend" She said in a mocking tone.

"Fuck you and your bull shit lies Giselle" Annalise spat back and went downstairs.

"Oh dear Annalise, am so proud of your sister, the alpha's son made her his girlfriend last night!" Mrs. Scott exclaimed in excitement.

Annalise stared at her mother in disbelief, that can't be true, Giselle can't be dating Alaric it must be a lie.

"Your lying" Annalise said and walked pass her mother, she went to the fridge to grab yogurt when suddenly she saw a bone chilling sight.

It was a picture of Giselle and Alaric kissing and the picture looked pretty new, it must have been recently taken.

"Annalise, you such an ungrateful child! For once you should be happy for your sister yunno!" Her mother scolded her.

"I feed you, I cook for you, I clean for you and here you are being rude your soo arrogant" Her mother also said and Annalise scoffed.

"And? Isn't that what your supposed to do? I never asked to be born your the one who had s\*\* with dad and gave birth to me soo don't come here with your nonsense" She said and took the yogurt, juice, a sandwich and an apple from the fridge then walked out leaving her mother dumfounded.

\*\* Street \*\*

She wiped a stray tear that made it's way down her eye, everywhere she goes she sees flyers.

Flyers with the same picture of her sister and her crush kissing, it hurt her so badly.

They didn't even wish her happy birthday what type of fxcked up family is that?

As she walked with her hands in her pockets a car suddenly pulled up by the side of the road.

The window rolled down revealing Damien with a really huge frown on his face as he saw his bestie crying.

"Come on Annalise get in" He said and she immediately hopped in the seat beside him.

"What happened?" He asked as he held her chin, she cried even more and pointed at the flyers.

Damien scoffed inside his mind, this crap again, he can't wait until she finds her mate and stop obsessing over that a\*\*hole.

"Come here Annalise come" He said and opened his arms, she immediately lay on his shoulder and cry her eyes out.

"Shhh, its ok Anna its ok" He hushed her, they stayed in that position for a few minutes until she got up.

She wiped her face and calmed her self down before smiling at Damien.

"You feel better now Annalise?" He asked with soo much concern in his voice.

"I'm ok now Damien you don't have to worry about me" She said and he smiled, he turned a way and began driving to school.

\*\* Royalty High School \*\*

"Damien go I'll be right back" She told Damien as she stared at her phone.

"Ok but don't be too long" He said and walked off with his bag pack, he waved at a few kids at the side and went into the school building.

Annalise watched him as he walked off then head to the back of the school.

She took unlocked her phone and began scrolling through the pictures of Alaric.

"Your soo handsome" she whispered to her as she stared at his handsome face.

She placed her head on her hand and kept scrolling through the hundreds of pictures of him she has.

She scrolled the pics zooming in on each of them as she stared at the pics with so much lust and passion.

She stayed for so long that she didn't even realize that the bell was going to ring in fifteen minutes; she checked the time and immediately turned off her phone.

She ran straight into the schools building and saw that the halls were almost empty, she checked the time and realized that the bell actually rang two minutes ago.

She misread the time basically, she groaned and leaned back on her locker in annoyance.

She put her phone on silent before shoving it into her pocket, she packed up her books then locked her locker and immediately after she ran to class.

**\*\* Hallway \*\***

She was almost to her class when a scent hit her hard like a wrecking ball.

Her wolf melted and howled the word 'mate' over and over again, a tear slipped from her eye.

School is so important, but meeting her mate is even more important.

She used her wolf's X-Ray vision and spotted where the scent was coming from.

Annalise followed the scent which led her into an empty classroom, when her and Alaric's eyes met she froze.

"Mate....." She slowly said as tears welled up in her eyes, she can't believe that Alaric the Alpha's son is her mate.

He didn't look too pleased though, he also looked quite shocked, he dropped the comic he was holding and stood up.

Then something hit her like a crane, Alaric turned eighteen two months ago and she turned eighteen today that means... He knew that she was his mate, but didn't come for her.

With his eyes glowing bright yellow he smashed her body against the wall harshly and stared into her eyes with hatred.

"Listen no one should know that your my actual mate, I don't want you, your ugly and disgusting, you're not my type" he said and spat on her face before leaving.

She wiped off the spit and sunk to the floor, he just rejected her, and Annalise has always wanted a mate, someone to love her, own her, and protect her, despite her looks.

She slumped to the floor in disbelief, even though she felt deeply hurt her and her wolf still has some hope that he would change his mind.

"H..he'll come back, He's just frightened and confused, he'll come back, Rihanna" She called her wolfs name and she howled in response.

She wiped away all the tears and went back to class, of course she got scolding but no punishment cause today is the last day of school.

**\*\*Break time\*\***

Every student gathered in the canteen as usual for lunch when Zach, Alaric's best friend made an announcement.

"Hello Royalty high schoolers, our Alpha to be has finally found his mate!!" He said and the students roared happily.

Annalise felt happy, he finally accepted her.

She knew that he was just frightened and a bit scared and see, he came around and accepted her.

But what he did next scarred her for her whole life.

Alaric stood up and Giselle(her sister) also stood up, Annalise watched with horror as Alaric, brought out his sharp canines, brought Giselle's hair back, and sank them deep into her neck, making her his.

Annalise felt her heart rip into two pieces, the pain was soo intense that she could barely breath.

The students cheered and screamed for the couple, but they don't even know that Giselle isn't his mate.

She held her chest and ran out like a hunted wolf, Damien her gay best friend spotted her and chased after her.

She ran until she was in the woods where she collapsed, she was losing air due to the pain, she choked on her own tears, how could he do that? How could he mark her sister?

Damien came and comforted his best friend.

"Don't cry Annalise, don't worry, today is the last day of school, this summer... We'll fix you up, we'll make you gorgeous. We'll. Make them pay!" He said with a growl.

Even though she and her wolf were greatly hurt, she still smirked.

### \*\* The Car \*\*

"Soo Annalise, I'm so sorry about what happened, don't worry we'll make him regret it" Damien said but Annalise didn't even reply.

She was too focused on the throbbing pain in her heart to pay attention to anything or anyone else.

"Anna...." Damien said as he turned the car, she just hummed.

"Annalise go home and pack, years ago my elder sister gave me a small Villa to keep, we'll go there" He said and Anna turned to him.

"Why?" She asked, her voice was so coarse, she looked a mess.

"Because we'll be staying there for a whole year, where going to fix you up Annalise, the moment you step into town everyone will feel your presence" he said and Anna sighed.

"What's the point in changing?" She said as she remembered that messed up things she did to make Alaric notice her.

"Annalise... You only tried changing because of that a\*\*hole, now it's time to change for the better... If you don't change for anyone else... Do it for yourself, you don't deserve what happened, these bitches don't deserve you" He spoke and for the first she smiled.

Basically throughout the car ride she was crying profusely, she recently stopped.

Damien held her hand with his eyes glued to the road.

"Come with me Annalise, trust me I'll make you a model" He said and she squeezed his hand.

"I'll go wherever you're taking me" She said and just then the car stopped at her parents' house.

**\*\* At Home \*\***

She walked into her house to see her parents dancing happily, she knows why there dancing.

"Honey y..." Her mother was saying as she ran to Anna but she was so hurt right now that she was in a 'No Bull Shit' mood.

"I know and I don't care" She said and ran straight up to her room to pack her clothes.

She made sure to throw away all her family photos and destroy all the photos of Alaric.

She went downstairs and told her parents but they didn't even seem to care.

Though she's badly hurt Damien is fucking right, she won't do it for anyone but herself.

She held her chest and whispered something to her wolf who was still crying and howling in pain.

"Don't worry Rihanna, they'll all regret what they did" She said and went with Damien to his Villa.

### 3

He stood at the edge of a bolder staring at the flowing river, his claws were long and sharpened to perfection.

His gaze left the river then stared up at the sky before growling, his already light blue eyes began glowing as his fangs grew longer.

They say he's the devil, they say he's a beast, they say he's to be feared, they say he's egocentric.

From some sources they say he's just Lucifer who takes the form of a human, mothers warn there daughters to keep away from him because he's a bad person.

To him, that's not the case, being a twenty four year old Alpha without a woman by your side is truly a heartbreaking thing.

Werewolves find mates immediately they turn eighteen, for some unknown reason the moon goddess didn't give him a mate.

It's a heart breaking sight when you see your Beta and Delta flirting with their mates while you've never had s\*\* before.

The more he thinks about it the more enraged he gets, he parted his legs and stood in his battle position before letting out an Alpha roar.

His roar echoed across his territory so everyone heard the Alpha's roar.

Behind him was Daniel his Beta, he went and stood behind the Alpha, he better not go any closer.

Alphas are aggressive when it comes on to their space, anyone who goes near him must stay at least six feet away.

"Alpha!" The Beta said and kneeled down to respect the Alpha.

"What do you want?" He said as he hopped off the rock and walked pass him.

"It's the Bad breeds pack Alpha, news has been spreading that next year they'll be keeping a mating ceremony for unmated wolves" He said, the Alpha stopped for a while.

He's not one to attend these stupid things unless its for business, but his wolf keeps telling him to go.

"No disrespect Alpha but since you haven't yet found your mate I would suggest that you...." Before he finished the Alpha spoke.

"I'll attend the function, get Alpha Martin on the phone" He said then shifted and ran off to his pack house.

Daniel watched his Alpha run off, He's been by his side for three full years now.

He feels sorry for the Alpha, he really wants a mate so badly, and he only hopes that this function will give him a mate.

**\*\* Pack House \*\***

As he made his way in everyone who was walking and sights him stops then bow.

They wait until he walks off before they continue their journey, it's disrespectful to walk away from the Alpha.

He walked into the house and was greeted by his uncle.

"Nephew it's good to see you how've you been?" He asked as he smiled at the alpha.

He ignored his uncle's greetings and kept walking to his study room.

"Lance! You've stopped greeting your uncle?" Jericho asked as he followed behind Alpha Lance.

He immediately stopped when his uncle called him by his nickname; he turned to his uncle with a deep growl.

"You address me as Alpha, don't pass your place with me again" He said and glared at his uncle before walking off.

He opened the door and Daniel was on the phone with someone, when his eyes landed on Alpha Lance he bowed.

"Alpha, Martin is on the phone" Daniel said as he handed over the phone.

"Leave" He said before taking a seat around his desk, Daniel bowed then walked out.

"Alpha Lance? Is..is it really you? I can't believe I'm speaking with you sir!" Alpha Martin said.

"My Beta just told me that you're having a mating festival next year for unmated wolves, is it true?" Alpha Lance said.

"Yes of course Alpha, please Alpha it would be a complete honor if such a man as you could join the festival" Martin said praying that he would attend.

"I will attend, but no one must know of my arrival, got it?" He didn't wait for a reply before he hung up.

He leaned back and closed his eyes.

"Mate... Where are you? When will I find you? I need you" He said sadly.

**\*\* Bad Breeds Pack \*\***

"Mara Mara dear!" Martin called out to his mate as he rushed into his bedroom.

"Martin what's the matter?" She asked as she took her glasses.

"I..just got off the phone, Alpha Lance called" He whispered and she gasped.

"You're lying!" She exclaimed in disbelief, he can't possibly be the one.

"Yes Mara, he heard about the Mating Festival, He's going to attend but we mustn't tell anyone" He said and she hugged him.

"Then Martin, it must be grand then! Everything must be perfect dear!" She said as she bit her nails.

"Yes luna, imagine when the other packs know that he attended our Festival?" He said and they chuckled.

"Yes i know right? We'll need to save up a lot of money and make the festival one of the biggest ones in history!" Mara replied and he nodded.

## \*\* Damien's Villa \*\*

They arrived at his Villa at around 7 pm, he drove in his car then parked it.

They both alighted from the car at the same time, Annalise looked around

This place... It's so calm and quiet, this is just what she needs, peace and quietness.

"Anna" Damien called as he held her shoulder; she looked at him with puffy eyes.

"Let's go inside Anna, its late" He said tears steamed from her eyes once more.

"Damien... I can feel it" She said and Damien gave her a questioning look.

"I can feel them mating" She said and rested her on his shoulder, he tries his best to console her but she just keeps crying.

She must have been damaged so bad, he glared at the ground, and he'll make Annalise gorgeous.

Because how weak she was due to crying, he had to bring her in, she was so light in his arms like a feather.

He brought her to the spare room which she'll be sleeping in from now on then went out for the luggage.

"Don't worry Annalise, I'll make you better even if it's the last thing I do!" He exclaimed then brought the entire luggage inside.

**\*\* Next Day \*\***

Annalise woke up due to the howling of Rihanna, she closed her eyes tightly before sitting upright.

Her and her wolf are hurt really bad, she doesn't even know if they'll ever recover from such an incident.

"Anna baby" Damien said as he walked into the room with a salad.

"Damien, what's this?" She asked, her voice was so hoarse due to the continuous crying.

"It's a salad are you blind? See, some vegetables help you gain weight not all makes you lose weight, eat up everything and I mean it!" He warned before walking out.

She stared at the big bowl of vegetables and made a disgusted face, she's not exactly a fan of those things.

She took up the bowl and also a fork, she took out some then shoved it into her mouth.

She continued eating until she ate the whole thing, then she stared at the bottle he also brought.

It looks like medicine, great so now Damien is her mother, she chuckled before pouring the contents in the bottle down her throat.

She stuck out her tongue, it's so bitter yucky, Damien later came and when he saw that she finished everything he smiled.

"Go clean up cupcake practice begins in an hour" he said and left the room once again.

She rolled her eyes before heading to the so called bathroom lazily.

After she was done freshening up and getting ready she head downstairs then went outside.

Under a big tree she saw Damien with some exercising gear, she arched her brow.

"How's exercising going to help me gain weight? Or do you want me to lose weight?" She asked.

Damien rolled his eyes before walking to her.

"When you exercise yes you'll lose weight, but the ones I'll make you do are... A bit different" He said and she stared at him confused.

"I have no idea what you're talking about" she said and he laughed.

"Some exercise make you lose weight Annalise but after you lose weight you'll not only gain muscles but you'll also gain weight dummy!" He scolded her then flicked her forehead.

"Come, seventy squats right now!" He said and reluctantly she began squatting with her hands out.

It's a lucky thing that she's a werewolf because if she wasn't this would have been a problem.

After she was done Damien made her lift some really heavy stuff and she had to run with them around the place.

By then she had started to sweat.

Then he made her do pushups but... He sat on her back as she did it.

She hasn't gotten all her strength obviously because of what previously took place.

When you get rejected by your mate you automatically can't shift for a while... Its way to painful and if you force it you'll damage your wolf.

"Come on Anna just 40 more!" Damien exclaimed as he watched Anna rise up then go back down.

"It's, not, so, simple" she said as she panted, sweat dripped from her flesh.

After about two more hours of training they took a one hour break, Damien made her healthy smoothies and she ate lots of veggies.

After the break was over he brought her to the back of the Villa where a punching bag stood.

"Anna... Go on and let out all your frustration" Damien whispered.

She went to it and punched it but it was just so hard and heavy, it didn't even swing nor do anything.

"Anna!" Damien yelled and rushed to her, she stared at him feeling ashamed that she can't punch it hard enough.

"Turn around and stare at it" He said and she did that.

"Now, stare at the punching bag and picture it as Alaric and Giselle having s\*\*" he whispered.

She stared at it intensely until she finally imagined them doing it, she felt hurt.

"He doesn't love you Anna, and he never will!!" Damien yelled as he walked around her.

"He knew you were his mate and rejected you on the spot!" He yelled again with a growl.

"They never cared for you, your parents don't love you, your sister doesn't love you and your mate rejected you!" He yelled and she clenched her jaw as tears streamed from her eyes.

"What will you do huh? Let them get away with that? Will you let them keep thinking your weak?" He yelled and she shook her head.

"Do you feel good about what they did to you?" He asked, she whispered out a 'no'.

"I can't hear you Annalise Scott, will you keep letting people walk over you?" He asked and she said 'no' a bit louder.

"Will you let him live happily ever after he rejected you?" He said and she said 'no' again as she squeezed her hands.

"Will you keep being the girl who goes around and pleases everybody?" He asked. "No!" She half yelled.

"Will you keep letting people treat you however they feel Annalise Scott!" He yelled.

"No I won't!" She yelled as her and her wolf gets angry.

"Then let out all your pain and frustration on that punching bag!" He said and she began punching it.

She remembered how her parents would buy candies for Giselle while she'll just get half eaten ones.

She remembered how on school occasions most times her parents never attended.

She remembers all the times she was insulted and bullied by the ones she loved.

Her eyes glowed bright Amber and her face wet with tears, all her past emotions which she buried emerged making her so much more upset.

She hit the punching bag releasing all her pain on it until her hands were soaring, Damien had to stop her.

"That's enough Annalise, your hands are soar, we'll use the punching bag again tomorrow, we still have other stuff to do" He said and dragged her away. She looked back at the punching bag and pictured Giselle's face and Alaric's face there.

Later that night while Damien slept, she came face to face with the punching bag again then once more released her anger on it till day.

She was extremely tired and soaked with her own sweat, she'll change for herself even if it kills her!

## Chapter 4

\*\*\*One (1) Year Later\*\*\*

Annalise flashed open her eyes and nervousness immediately washed her whole body.

She looked down at her breast; they were 6 times bigger than they were last year.

She got off the bed with all smiles then went to stand before her full body mirror.

She took off her pajama and was now left in a bra and panty, she turned and stared at her now gorgeous body.

She placed her hands on her hips and posed as if she was taking pictures, all her training has finally paid off.

Even her wolf got faster and stronger; they've not fully healed from that experience but there so much better.

She turned to the side to look at her now big heart shaped b\*tt and smiled, then she bent over without moving her knees and did the side to side jiggle.

"See Rihanna, we made it, we survived" She said to her wolf and Rihanna howled in agreement inside her head.

She used her hands and cupped her not large but perfect sized breast and smiled, even the freckles had disappeared.

The door burst opened and Damien walked in looking handsome as usual.

"Anna... Its time!" He said and gave her a mischievous smile.

During the year they actually managed to get enrolled in a college, and lucky for them Giselle and Alaric are attending.

Today is the day that she'll be starting college; she went to Damien and hugged him.

"Thanks Damien, it was hard and at times I wanted to give up but you were there and you believed in me, thank you" She said.

Damien rolled his eyes at Annalise.

"Cupcake how many times must I tell you not to thank me? That's what best friends are for" He said and they laughed together.

"Damien....." She called and pursed her lips together.

"When we get there, I want you to go in first, I'll go alone" She said and Damien nodded.

She's really changed a lot over the year, she's more confident, beautiful and she's got the body ody ody ody!

And.... She's still the same crazy tomboy he knows, but even though she's a tomboy she's one that everyone guy wants.

"Sure Annalise, now come on get ready am sure we don't want to be late for your special day!" He said and left her room.

Today's the day, today is the day that she'll see her worthless Mate and whoring sister.

She headed to the bathroom, brushed her teeth then stripped completely naked and turned the shower on, she sighed as the cool water soaks her red hair.

She took a bottle of shampoo and washed her hair, and then she applied conditioner and washed it again before moving to her body.

She poured liquid soap on her body and used a sponge to wash herself thoroughly.

When she was done she turned the water off and rapped a blue towel around her body.

She walked out and dried herself before applying lotion, deodorant, and some cologne.

She also applied moisturizer on her Vulva to keep in moist during the day, when she was done she used the blow dryer and dried her red hair.

After that she flat ironed it and oiled it, it lay flat on her flawless skin.

She reached for her drawer and took out a set of matching black panty and bra then wore them on.

They sucked onto her body perfectly and she smiled, she reached for her other drawer and took her legging and matching hooded crop top.

They were black with white stripes by the side.

She wore them on and smiled even brighter, the legging hugged her now wide hips perfectly and her b\*tt was popping.

She reached for the one of a kind Puma white shoes and also wore them on then tied her laces.

She reached for the mascara then applied some making her lashes look even longer and really black.

Then she took the liquid eye liner and applied some giving herself them winged eye looks.

Yes, Damien taught her how to do makeup she even makes wigs now if she wants.

She applied a bit of face powder then combed her straight red hair before staring at her reflection again.

She packed her stuff in her school bag and headed down stairs only to see Damien in a similar outfit but the men version waiting for her.

"Wow Annalise is that you? You look amazing" He complimented and she blushed.

"Come Cupcake we have some bitches to make jealous" Damien said and they both walked out to his car.

During the past year her parents only called her thrice to check up on her wellbeing.

**\*\* Elite College \*\***

They drove into the college compound to see students chatting and laughing as usual.

Damien held onto Annalise's hands and smiled at her.

"Everything will ok" He said and she nodded with a smile, Damien left her his car key and went inside.

His friends immediately greeted him and they all walked inside the college building.

Annalise closed her eyes and took a deep breath before also stepping out and locking Damien's car door.

Her hips swayed as she walked into the building and a few gasps were heard, then the whispers began and her confidence grew.

\*\* Wait a damn minute, isn't that Annalise Scott? Giselle's tomboy sister?

\*\* She's fxcking hot!!!

\*\* I don't care who that girl is but she's now my number one crush.

\*\* Check out her broad hips and that a\*\*

\*\* She must have done surgery to look that good.

Rihanna laughed and rolled her eyes inside Annalise's head.

\*\* Hallway \*\*

Everyone's mouth dropped as they saw the most beautiful human being walking through the college hall way.

Giselle was flirting with Alaric when they both turned and saw Annalise.... Looking like Nicki Minaj with the face of a goddess.

That can't possibly be her; she was no longer in her boyish clothing but was now in black walking towards her locker which was beside Alaric's.

"Anna!!" Damien yelled, she walked to him with a smile on her face and her head held high.

"Hey Damien" she said and opened her locker ignoring the looks she was getting from Alaric and Giselle.

"Girl you look good" he said and licked his lips, she laughed.

"Stop it Damien isn't you scared of what people might think?" She said and looked through the mirror, she applied lip gloss.

"Girl... Everyone knows am gay and when since you started caring what basic b\*tches think?" He asked and she cat walked to him.

"I never cared then, and I don't do it now, want to go for a run after school?" She said and went to arrange her stuff.

"Sure strawberry cupcake anything for you!" He said in a dramatic way making her laugh.

They both walked off leaving the students stunned, that can't possibly be the same Annalise.

**\*\* In Class \*\***

As Annalise sat in class focusing completely on her work paper notes keep coming to her.

Some were thrown; some were sent across, some students stood up and gave them to her.

The teacher left the classroom and went for something and instantly more than ten guys surrounded her.

"Hey" One sat by the edge of her desk, she glared at him.

Ever since she was rejected by Alaric she's been avoiding guys, the only one she associates with is Damien.

She despises them and wants nothing to do with the male species, so all this attention she's getting from the guys are annoying her.

"What the hell do you want?" She asked sounding pissed, he held up his hands signaling that he's not doing anything bad.

"Hey hey, calm down red head am just saying that... You're really beautiful" He complimented.

She flashed him a tight lip smile before turning her face away, the teacher later came back and continued with her lessons.

**\*\* Lunch Time \*\***

As she was on her way to her locker she sighted Alaric and his friends chatting there.

She rolled her eyes and ignored his presence... That's however impossible.

She walked to her locker and the similar attraction she felt a year ago came back.

She clenched her fist, she doesn't like this feeling, she doesn't like the fact that she's mated to such an idiot.

He also felt the attraction and turned to her with a smile, he noticed how sexy she'd become, sexier than he sister actually.

"Hey" He said with a smile as he tuck his hands into his pocket and leaned on his locker waiting for her to reply.

She didn't she just acted as if he wasn't there; he noticed her behavior and tapped her shoulder.

She slammed the locker so hard that everyone heard it and stared at them.

"What do you want?" She asked as her wolf begins to try and take control over her body.

"Oh uh nothing' really i just wanted to say hi" He said and smiled sweaty at her.

A year ago she would have killed for him to smile at her but now she's disgusted by it.

"Stay away from me Alaric, you've been warned" She flashed her hair and walked away making sure her hips bounced.

He felt a bit of pain in his heart seeing that she rejected him, well he did first so he can't expect much better.

Annalise later had her lunch and went to the principals office to find out which dorm room she'll be staying in.

"Good Afternoon Mr. Hall" She greeted.

"Hello Miss Scott how may I help you?" He asked as he adjusted his glasses.

"Sir um, what dorm room will I be staying in again?" She asked and he shook his head.

"In the package you got didn't you read through it to see which room it is?" He asked and she bit her lip.

He sighed and searched through some files on his desk.

"Room number 105" He said and handed her a key, she smiled and thanked him before leaving.

She's staying at the college because she has nowhere to live, she could stay with Damien but he took care of her for so long.

As she ascended the stairs and landed on the 5th floor she walked and looked at the numbers on the room doors.

Suddenly someone grabbed her by the waist and made her face them, it was none other than Alaric.

## Chapter 5

"I see that you've gotten really beautiful Annalise" He said as he ran his nose along her neck.

"Let go of me you son of a bitch!" She cursed and he slammed her hard against a locker.

The pain she felt quickly vanished due to her wolf's fast healing ability.

She wasn't going to wince in his presence to let him get the slightest idea that she was weak.

"No no Anna, I wouldn't get me upset I were you" He said and caged her on the locker.

Her and her wolf were pissed off at him, after he rejected them and put them through hell he wants to come back and repeat it?

"Leave me alone Alaric" She spoke and he laughed aloud.

"You're so beautiful, and I see you've gotten quite sexy" he stated and caressed her thigh.

She bit her lip, even though he rejected her a year ago there still technically mates.

And the mate bond is still there, however though it's weak because they didn't do that whole mating process stuff.

So therefore his touch still does a bit of wonder on her body, but she feels disgusted by him.

"Alaric!" They turned sharply when they heard Giselle shout Alaric's name.

"W..what's going on?" She asked as tears welled up in her eyes.

"What are you doing? Get out of here!" Alaric yelled with a growl and she ran off as tears wet her face.

Annalise smirked; now she knows how it feels to be rejected, Alaric turned to her and she pushed him off with great force.

He stumbled back in shock, He's not used to getting rejected by girls, and all girls chase him.

"I was the girl you didn't want, so now I've become the girl you'll never have!" She said and flashed her hair before walking off.

Alaric still stood there dumbfounded by her actions, she's gotten so confident over the year.

\*\* Dorm Room \*\*

She finally found the room and knocked on it, a girl who looks to be in her early twenties opened the door.

"Who are you?" She frowned while looked Annalise up and down as if judging her.

"I'm Annalise and I'll be staying here too" she said as she returned the deep frown.

The girl beamed and dragged Annalise into the room.

"Cassandra!" She yelled out and a girl from the bathroom she thinks shouted back 'What'.

"Annalise is here!" She yelled and the girl from in the bathroom scoffed.

"Hi Anna, I'm Bella nice to meet you" She said and reached for a handshake.

"Yeah nice to meet you too" She replied and returned the handshake.

"Am sorry that I was acting that way at the door... I didn't actually realize it was you" Bella said and laughed awkwardly.

"It's ok I don't blame you" Annalise replied and at that moment Cassandra walked out.

"Cassandra this is Annalise our new roommate" Bella introduced the two.

"Hi, as Bella told you I'm Cassandra and you're sleeping on the bottom bunk!" Cassandra said and Bella shot her a glare.

"What's the matter Bella?" Cassandra asked with an eye roll.

"Why can't you be nice? You didn't have to tell her that obviously she'll be sleeping there" Bella said and Cassandra rolled her eyes.

"Whatever" She said and walked off.

"Excuse her behavior she's actually a nice person" Bella said.

By now Annalise was used to people being annoyed by her presence and she doesn't care.

She rather to be alone than be around fake peopling it saves time and also a lot of energy.

"It's ok, is not that lucky with females anyway" Annalise said and Bella chuckled.

"So where are your things?" Bella asked as she crossed her legs.

"Oh there outside in my best friend's car" Annalise said.

"So what are you waiting for let's go get them!" Bella exclaimed and before Annalise could reply Bella had already dragged her outside.

**\*\* Outside \*\***

Lucky for Annalise when she passed by the hallway she didn't see Alaric anymore.

They raced down the stairs and went outside.

"So where's the car?" Bella asked and Annalise pointed at the black Honda at the end of the parking lot.

"Anna!!!!" They heard someone yell, they turned to see Damien running to them with inhuman speed.

Immediately he reached them he jumped on Annalise, luckily she's a werewolf so she could hold up his weight.

"Jesus Christ Damien what is going on?" Annalise said wondering why Damien is in such a cheery mood.

"I. Just. Found. My. Mate!" He said when he got down, Anna's eyes went wide.

She screamed and jumped on Damien and he spun her around, Bella somehow felt jealous.

"Hey! What's going on?" Bella asked with a frown, Anna totally forgot that she was there.

"Oh am Sorry Bella, Damien this is Bella one of my two roommates and Bella this is Damien my best friend" Anna introduced.

"Oh, I didn't know nice to meet you Damien" She said with a smile but both Damien and Anna could see that she wasn't happy.

"It's ok Bella i don't mind sharing my bestie with you cause you seem nice" Damien said and hugged her.

Bella and Annalise laughed.

"Ok come on besties it's time to meet my mate" He said and winked at them before he walked off.

Annalise glanced at Bella before they burst into laughter and followed him

### **\*\* Big Tree \*\***

This is a spot where most students go to have lunch, there's a big cherry blossom tree that provides shade.

There's also a lot of concrete seats that are also placed outside for the students to sit.

As soon as they bent the corner Damien ran fast and jumped into the arms of a good looking guy.

Annalise and Bella exchanged glances, how can such a good looking guy be mated to another good looking guy ugh!

"Besties this is Axel my mate" Damien said and blushed as Axel ruffles his hair.

"Hi Axel I'm Damien's best friend, and I'm a tomboy" Annalise said.

"Oh, you're the famous Annalise that all the guys around school are talking about" Axel said.

Bella, Damien and Annalise glanced at each other.

"What are they saying?" Damien asked.

"There saying that she's now the most beautiful girl in school, a lot of guys have taken a certain liking in her but they say she's hard to get" Axel said with a shrug.

"Oh, that's a good thing" Damien said and went to Annalise.

"If they were saying bad stuff I'd have to kill somebody today!" Damien exclaimed and they laughed.

Suddenly everyone's phone beeped and when I say everyone I mean everyone in the whole college.

It was a notification from the pack's Alpha inviting everyone to this year's annual mating festival

"It's tomorrow night" Axel said with a frown.

"Annalise we better get shopping this evening! Babe are you coming?" He turned his gaze to Axel.

Axel blushed while the girls burst out laughing.

"Sure I'll go" Axel said and Damien hugged him.

"Can I go to?" Bella begged.

"Obviously you're coming" Damien said.

"I really don't want to go" Annalise said.

The thought of being at a place where hundreds of wolves are irritates her.

Now that she's looking this good you know that a lot of male wolves are going to hit on her and she doesn't want to cause a scene.

"Yeah.... But we have no choice, and I'm sure that none of us wants to upset the Alpha" Bella said and they nodded in agreement.

"Ok whatever, let's go get lunch I'm starving" Annalise said as she rubbed her tummy.

Hey but what about the luggage? Bella asked and Annalise rolled her eyes playfully.

"The luggage can wait, food comes first at all times" Annalise said.

"Last one there is a rotten wolf!" Axel exclaimed and they raced to the cafeteria.

Meanwhile from way across them, Alaric stood with an angry expression.

**\*\* Evening \*\***

"Are you sure you want to do this Annalise?" Damien asked Annalise for the fifth time.

School is already over and those who have homes have gone home and those who are staying in the dorm rooms are there.

Others have gone out to parties or clubs, Annalise however wants to go visit her parents.

Though they don't really like her, there still her parents, the ones who raised her.

She doesn't care whether they like her or not, she just wants to pay them a visit.

"Yes Damien" She said and he sighed then purses his lips.

"Ok Anna, but I'm coming in with you!" He said and she chuckled before nodding.

**\*\* At Her Parents House \*\***

The car pulled up at her parents drive way, the house looks the same after a year.

Ready Anna? Damien asked.

"I was born ready!"

"That's my best friend" They both laughed before exiting the car.

They walked straight up to the house and rang the door bell, Annalise's mother came out with a smile but shock filled her face when her eyes landed on Annalise.

"H..hey mom, how've you been?" Annalise asked, her mother leaned on the wall and stared at her.

"Annalise? Is this really you?" Her mother asked still in disbelief.

"Yea mom it's me" Annalise replied, her mother blinked her eyes vastly before opening the door for her to enter.

**\*\* Inside the House \*\***

Annalise and Damien went and sat on the couch beside each other as Mrs. Scott went to bring snacks.

"Juliet has you seen my...." Her father was calling out to her mother but stopped when his eyes landed on Annalise.

"Annalise? Annalise Scott? Is this really you?" He said and took a seat before them.

"Yes dad, it's me Annalise and I'm sure you've already met my best friend Damien" Annalise said.

Damien just looked him up and down before giving him a tight lip smile.

"I've got snacks!" Her mother exclaimed as she entered the living room with a tray.

It had a lot of chocolate Biscotti's which had sprinkles on it and also a tea pot with tea cups.

"Come on let's all eat then we talk!" Her mother exclaimed, Anna and Damien took a few Biscotti's and smelled them before eating them.

After they all ate then they chatted

By now it was around 6:00 pm, the moon was a quarter way up in the sky and all birds have gone home. Except for Anna and Damien.

"So uhh, Annalise, how've you been?" Mrs. Scott asked after everyone had finished eating and relaxed.

"I've been great actually I've changed a lot yunno and I'm a lot stronger thanks to my best friend" She turned to Damien with a smile.

He winked and they giggled, she turned back her gaze to her parents to see them staring at her.

"Oh well your right, you have grown quite big and beautiful, I must say I'm proud" Mr. Scott.

"Thanks dad I'm glad you two are proud of me it means a lot" She said and licked her lips.

"Yes, your beautiful Annalise, and umm.... I'm happy you took your time to visit me" Mrs. Scott said.

"And Annalise, we didn't really get along to well for the past years of your life... I apologize for not being a good mother" Mrs. Scott and played with her fingers.

"Yes Annalise, we thought you would never return home, we are really sorry. Can you find it you and your wolf's heart to forgive us?" Mr. Scott said.

"I never stored hatred in my heart for anyone, I've forgiven all the people who has ever done wrong to me. I'm not going to sleep with a heart full of hate so I make sure to forgive everyone" Annalise said with a smile.

Damien smiled at his best friend, he's so proud of her. He feels proud to be friends with such a good hearted hard headed she wolf.

"Thanks so much, your one in a million Annalise. And umm you know you can move back in if you want. Even though you left we still kept your room sparkling clean" Mr. Scott said.

Annalise pursed her lips and looked down, then she glanced at Damien, he had this 'I don't know' expression on his face.

"Yes I will... But that's after the Annual Festival for unmated wolves which I have to attend even though I don't want to" She said and her wolf purred.

"Well dear, even though we would have loved if you could move in right now... Your 19, you're a woman and you make your own choices" Mrs. Scott said.

"Yes and by the way, why don't you want to go to this year's Annual Festival? Do you not want a mate?" Mr. Scott asked.

Annalise widened her eyes and quickly glanced at Damien, he squeezed her hand showing her that its ok he got her.

"Hey hey, its ok dear if you don't want to talk about it's totally fine" Mrs. Scott said and she sighed in relief.

How the hell will she tell her mother that she was mated to the Alpha's son and he marked her sister that's why she left in the first place?

"Mmhmm, well I guess its time we leave, its getting late" Annalise said and stood up.

Mrs. Scott also stood up and opened her arms, Annalise went and hugged her mother.

Mr. Scott also joined in the hug while Damien began texting Axel.

"Ok Annalise, take good care of yourself and remember were just a call away" Mrs. Scott said.

"Yes yes and focus on your studies, keep yourself pure until you find your mate" Mr. Scott said and Annalise chuckled.

"Ok goodbye mom and dad, come on Damien!" She said and dragged out Damien.

When they got outside her parents waved them goodbye as the car drove off.

"How the hell did she get so beautiful?" Mr. Scott asked.

"It runs through the family dear, she's just a late bloomer" Mrs. Scott replied him.

"One thing for sure, she's beautiful her mate will be one blessed wolf" Mr. Scott and put his arm his wife's waist.

"Yes, our rose bud has finally bloomed into a beautiful rose. Its a pity we treated her so badly"

"I can't believe she forgave us, her heart is truly one of gold"

"Yes.... And, I can't explain but I have a feeling..."

"Is it a bad feeling my dear?"

"No hubby, I just feel that... On the night of the Annual Festival, something good will happen" Mrs. Scott explained.

Just then the moon shun brightly on them, they gasped then glanced at each. They instantly went on there knees and bowed.

Soon the light went back to normal.

"See dear, the moon goddess is telling us something. Something good will happen to our daughter" Mrs. Scott said.

"Well... Let's just wait and see!" Her husband replied and they both went inside.

**\*\* College premises \*\***

Annalise watched as Damien drove away to his Villa, she smiled and began walking to her room.

Not a single soul was present, everyone had either went to a party or is at home.

As Annalise ascended the stairs she smelled a wolf coming her way from downstairs.

She looked down and used her wolf's X-Ray vision to see who it was.

And behold Bella carrying a large pizza, Annalise hand palmed her and laughed.

"Wait... Annalise is that you?" Bella said as she spotted Annalise at top of stairs staring down at her.

"Yeah and I want a slice of that pizza!" She exclaimed and the two ladies laughed together.

Annalise went and opened the box, the pizza was apparently just bought so it was clearly hot.

She took out a nice slice which a lot of cheese and pepperoni was on and took a big bite.

"Mm, this is damn good!" She cursed and Bella chuckled.

"Come on Annalise, we need to get going" Bella said and Annalise nodded, they both climbed the stairs together with Anna still eating her Pizza slice.

"Hey Cassandra open the door!" Bella yelled, a girl groaned from inside and unlocked the door.

She beamed when she saw the pizza and opened the door wider for the girls to enter.

After they cooled off and changed the 3 ladies crossed their legs and began feasting on the Pizza.

"Ok girls, since we have nothing to do let discuss the festival tomorrow!" Bella suggested.

"I have nothing much to say, all i know is... I would love if that Greek Alpha could attend it" Cassandra said with a smile.

"Alpha? What Alpha? What Greek Alpha are you talking about?" Annalise asked and the two girls shared shocking looks.

"You've never heard of that greek Alpha? We don't know his name we just know he's Greek" Bella said.

"Can you believe that at the age of 18 he took over his father's pack and then killed another Alpha and merged the two packs making it the largest?" Cassandra said and Annalise spit out the coke.

"ARE YOU TWO BEING FXCKING SERIOUS!!" She yelled and they quickly covered her mouth.

"Shh! Don't talk so loud" Bella shushed her.

"How can you want a guy like that?" Annalise asked Cassandra.

"Who wouldn't? Most people haven't really seen his face cause he's an introverted Alpha, and... The cherry on top is he doesn't have a mate" Cassandra said sounding excited.

"Hey Annalise, you don't seem too impressed" Bella said.

"Because I'm not" Annalise said and Cassandra rolled her eyes.

"I'd so much love if he could be there, what if I ended up being his mate? That would be so amazing!" Cassandra said and squealed.

Annalise and Bella laughed at her childish behavior, though she is more of the rude and arrogant type she's still a good friend.

**\*\* At the Shopping Mall \*\***

The next day after lectures for the day ended the 4 (Annalise, Bella, Axel and Damien) went to the mall.

And I must say... It was packed with people! Everyone wants to look nice for their mates.

Annalise wasn't too impressed, after what Alaric did she doesn't really want a mate.

She rather stays Mate less with her wolf than go out and be with some idiotic guy who only likes her because she's hot.

The 4 friends kept walking around the mall and everyone found there ideal suit except.... I think we all know.

They walked around the Mall for an hour more, all the nice stuff had already been bought.

The mall only had second hand clothes left but then... Annalise was walking by one of the places in the mall when she saw it.

She saw the most beautiful red dress, she isn't a fan of dresses she actually despises them but she can picture herself in that dress with her long red hair flowing on her skin.

She immediately rushed in and ordered the dress, it was DAMN expensive but today was a sale day so she got it at 60% off.

"Hey I want that dress!" They turned when they heard a female voice.

It was Giselle, she was glaring hard at Annalise, she rolled her eyes and also bought a pair of cream high heeled gladiators.

As her and her friends walked out Giselle glared at them while Damien made sure his shoulder collided with hers

## Chapter 7

It was now night and everyone could be seen getting ready for the Annual Festival for unmated wolves.

Annalise didn't stay at her dorm room to get ready though, instead she stayed at Damien's Villa.

She took a bottle of lotion and lathered her skin with it evenly before reaching for her panty.

It was a beautiful pink one which had a few bows here and there and the side's only two pieces of string.

She smiled and put it on, since she's wearing an off shoulder gown you can't wear a bra with it obviously.

She took up the dress which had a floral fruity fragrance, she sniffed it and she sighed, it smells so good.

She lifted the dress onto her head and pulled it down, it was little but tight but it was still good.

After a while of struggling she finally managed to put the dress on, then she did a bit more adjustments and there, it was perfect.

She smiled at how perfectly it fitted her, a bit too much cleavage was showing but it's really ok.

Then she reached for her high heel gladiators and put them on, earlier she cleaned them until they were shiny.

She also did her fingers and toe nails in white, well actually Damien did it for her.

She got off the bed and stood up in her outfit, she went to the full body mirror and smiled brightly, she looks so beautiful.

She held the towel which was still on her head and loosened it, then she took out the setters and combed in thoroughly.

After that she took her candy flavored lip gloss and applied it to her luscious lips.

When she was done a bottle of 'Secret Enchantment' cologne and sprayed it all over her body.

She also applied some to her shoulders, behind her ears and between her breasts.

After she was done she smiled into the mirror, she took up her pearl white purse and also a face kerchief then headed downstairs.

There..... She met Damien and Axel making out on the couch, she rolled her eyes and smiled sweetly.

"Guys...." She called out; they stopped kissing and stared at her with shock stamped on their faces.

"Babe have you seen Annalise?" Damien turned to Axel with a questioning look and Axel shook his head.

"Guys it's me Annalise!" She said and they shook their heads, they walked to her with judging looks.

"Ma'am I don't know who the hell you are, but you need to leave before I beat you!" Damien warned her and she laughed.

"I'm sorry Annalise but you look so good that you're unrecognizable for sure!" Damien said and hugged her.

"Yeah Anna, I've seen a lot of beautiful girls but yours is quite rare" Axel added and put his hand around Damien's waist.

"Ok enough about me let's go!" She said and walked past them.

"Oh damn, can't believe I'm seeing Nicki Minaj in real life" Damien mocked her.

"Damien come on" She laughed out loud, her best friend and mate are so crazy.

They all went outside, hopped into Damien's car and drove off, there actually going to pick up Bella.

**\*\* Elite College \*\***

As the car slowly approached they saw Bella standing in a blue dress, it was more of a short princess dress.

"Hey Bella come on girl" Damien said and the laughing Bella entered the car.

"Guys who's this and where's Annalise?" Bella asked as she stared at the beautiful woman.

"Bella.... That is Annalise" Axel chipped in and Bella gasped, then she looked at her outfit.

"I look hideous" Bella said in a crying tone, Annalise laughed and hugged her.

"No Bella you look beautiful" Annalise said and Bella frowned deeply while looking her up and down.

"But you have a body like that of Nicki Minaj the face of those greek goddesses and i'm a prehistoric dinosaur" Bella cried out.

Axel and Damien burst into laughter at the front seat while Annalise covered her face.

"See Annalise I told you, you looked like Nicki Minaj" Damien said and peered round to look at them.

"Guys stop it... Come on we need to go" Annalise said and while laughing Damien started the engine and zoomed off.

**\*\* Silver Diamonds Pack \*\***

The young Alpha stood out on his board walk as he does every full moon night.

He looked up at the stars, he sighed then looked away, he also heard some footsteps coming towards him.

He didn't turn cause he'd already know who it was the power radiation soon got closer and closer.

"Alpha Lance, the Annual Festival has begun sir" He bowed at the sight of his Alpha.

Alpha Lance said nothing, he simply turned and headed towards the black cars, he got in while the Beta and his mate stayed in another car.

Alpha Lance sat down and pictured a girl sitting on the other side of the vehicle.

But even when he pictured her, it still wouldn't make him feel better; this loneliness inside him is consuming him.

Everyone has mate, all except him, he doesn't care if she's a human or a vampire, all he wants is a mate.

And... He desperately hopes that the moon goddess would be kind enough to give him a mate.

He took his dark glasses and wore them on as the engine started and the car drives off.

**\*\* Bad Breedz Pack \*\***

Damien parked his car under a tree and stepped out with Axel, he went to the left side of the car and helped Annalise get out.

"Oh sweet Jesus, the boys will be tripping over you tonight" He laughed hard and Annalise pinched his cheek.

They all looked at each with smiles and walked in, the male wolves her were passing by and spotted Annalise howled.

She ignored them obviously, she wants nothing to do with men she's fine on her own.

The 4 walked into the pack house and booming music was immediately heard.

Some people were dancing some drinking some chatting... And some making out.

Annalise instantly had a look of disgust on her face, she doesn't exactly like these things.

She rather sits in a tree where the place is very quiet while listening to soft rock music and reading a good book.

So you know, this atmosphere annoys her pretty much, the others seem to mind though.

"Come on let's go over there" Bella suggested while looking at an empty table.

Oh, and to be sure, the pack house isn't small... Its a big place so in the large living room tables we're put out for people to sit.

Annalise, Axel, Bella and Damien went and took a seat, it doesn't look like they like the atmosphere either.

"Hey beautiful" A man came up to Annalise, he winked at her but she just scoffed.

"Go away am not..." She was saying when another guy came, he leaned on the table and smiled at her.

"Beautiful beautiful angel, wassup how you doing?" He said.

Annalise became seriously annoyed with all the attention she was gaining... But unfortunately that was just the beginning.

After a few minutes male wolves swarmed around her, her 3 friends were so shocked.

She hasn't even spend up to half an hour here and she was crowded, she became really hot instantly.

She took out her hand kerchief and wiped her forehead and under her lip and neck.

She needs to get out of here cause if she doesn't someone will get hurt.

"Hey sexy" A man called out to her as she began to arise from her seat.

"Hey baby where you going?" Another asked and tried touching her but she slapped him and walked off leaving her kerchief.

"Anna where are you going?" Bella yelled out at her.

"Balcony the back one" She yelled back, Alaric who was watching from a far dropped his drink and went after her.

**\*\* Bathroom \*\***

After she released all the liquids from within her bladder then washed her hands.

She opened the door and was walking out when someone grabbed her and pushed her to the wall.

She looked up to see Alaric with a lust full look in his eyes, she glared at him.

Why's he here and what the hell does he want?

"You look so beautiful tonight babe" Alaric licked his lips and perceived her scent.

"Get off me a\*\*hole!" She tried pushing him off but he held onto her tightly.

"Why? Your mate aren't you?" He said and ran his fingers on her freshly exposed neck.

"Hey!" They turned when they heard someone yelling, it was Axel.

"Get your hands off her d\*\*khead!" He yelled and pushed Alaric away.

They growled at each other, then surprisingly Alaric stood calm, he smirked at Annalise then left.

"You ok Anna?" Axel asked and she nodded, he sighed.

"Ok just be careful ok? If that a\*\*hole messes with you again just call me" He said and side hugged her while she smiled.

Axel later went to the males bathroom and Annalise left for the balcony which had a clear view of the woods.

.....**The End**.....
