independent they move out well Sam has an apartment here in cape town and in Jo'burg and also KZN. He travels a lot coz his a model two he makes me happy and that's what matters.

I went to the office to get my results and when I came back groupies were all over him taking photos with him I just signaled to him then I went to his car and he came and told them he has to go. Some girls gave me the evil eye some were complementing him Bla blah. It doesn't bother me coz I found him like this so I can't do anything about it. Well we went to Woolworths, he took the trolley and as we we're busy taking things

Me: I miss driving my own car

Me:uhmmmmmm that's really good.

Cathy: I want to pass the test heey

Me: what test

Cathy: oooh I am applying for a job in a restaurant they said the need two people.

Me: I thought u were happy working at the club

Cathy: its OK baby but it's urs and I want my own independency. My own money and the job that I found all on my own.

Me: uhhhm. Ok, which restaurant is it.

Cathy: K&N THE FUTURE

I chocked of the meat I was eating and I decided to drink water.

Cathy: are u okay baby

Me: I am fine, I have been like this the whole day. Let me go to the study I am meeting my friends

Cathy: OK

I got to my study and started thinking about Cathy working for Kgothatso and her finding out about us daaamm. Eish this can't happen. At all I need to do something. Then the gang got in.

Numbers: smells nice in here

This guys loves food joooooh

Msola: so why are we here

Me: I need u to track down Neo

I said that looking at Sticks

Numbers: finally the Queen is coming back

Msola: do u wana die man, just track her down

Sticks: I already know where she is

Me: u have been checking out my woman

Sticks: actually I have been checking out the Nigerians for Lola. She has hired a couple IT guys to check them out.

Me: ooh I see. Since she's been work with Neo....

Sticks: yes

Numbers: so sexy Lola has been working with the Queen. Daaaam this is some naked weapon shit I tell u.

He got up and made his way to the door

Me: were are u going

Numbers: to flirt with Catherine and taste her food. U know I have been crushing on her for a wile now so since ur bringing the Queen home I figured I should make her fall out of love with u before she gets hurt.

We all just laughed                      this guy though. He got out.

And Yes his right he has been crushing on her. U see Numbers is into Yellow bones. And when he saw Cathy jiirrrr

Me: so were is she

Sticks: Cape town with Lola and Lala. But she spends most of her time with Sam

Me: SAM?

Sticks: her boyfriend

Can't say it did not hurt coz it did that really hit home bad.

Me: WoW

Msola: it was bound to happen man

Me: I know I know.. Just that eiissh..

I stood up trying to hold my tears back as I put my head on the stand bending a little.

Me: what do u have on this guy

Sticks: nothing

I turned around and looked at him

Me: what do mean nothing

Sticks: exactly that nothing

Me: who is he?

Sticks: Samuel Zaaiman

I juggled my memory hard coz that name sounds familiar

Msola: Samuel Zaaiman the rugby player, my team player.

Msola used to be a rugby player until he broke his arm so since then he just donates and goes there now and then.

Me: u have got to be kidding me

Msola: that's the nicest guy in the world man...

Me: I know but he has to be bad at something man

Msola: apart from her mother being called a Dragon Lady well I don't know anything.

Sticks: 1st born then two girls one is biological and married and two brothers. Then mum and dad.

Me: what the hell are u saying; that this Zaaiman boy is invincible.

Msola: as far as I know his the captain of the team and the golden boy of the industry..

I looked at Sticks

Sticks: what he said

He said that pointing at Msola

Me: he's got to atleast fuck his groupies.

Msola: we used to Yes! But we grew up coz groupies come with a lot of drama like " he made me pregnant and told me to abort" or " he raped me".

Me: yaaah yaah wadeva.. Shit how am I gona get rid of him

Sticks: do the right thing

Days passed and it was Friday. I had already had a meeting with everyone and their OK

working with me. They didn't mind coz they saw how close Lola and I were and when Lola was not around I did the work so it was cool.

.

It was Friday, the evening of the matric dance and I must say I looked good. Sam was just sulking coz Tim almost bankrupted him. And the fact that I am going with his lil brother as a date did not help. We were wearing royal blue. His suit was just beautiful njee so is my dress and shoes with my matching clutch bag. We took photos and went to the matric dance we got there and I was the "take a pic with me celebrity" some were doing it because they knew I was Sam's girlfriend. Even teachers wanted a pic with me. We even won best couple. After the fare well Sam came to fetch me coz they had an after party. We went straight to the airport in his family jet. He decided we use the jet coz we didn't know what time the farewell will end. Some of his rugby friends were there.

It was a long flight for me coz I was tired. When we landed he dropped me at home and he went to the hotel. I just went to the nursery and slept with the twins. I missed them.

When I woke up in the morning I found an SMS from Mastermind

I went to the bathroom and just started breathing heavy. What's wrong with me. I calmed myself down and when I went out I saw him looking at me. He was sitting on the couch then stood up.. Then everybody turned and saw me.

My mind was all over the place I did not know what to do I wanted to turn back but I then remembered that Sam is here. I saw Msola grabbing his hand but he shoved it away. I wanted to die at that moment I couldn't take it no more. He walked towards me then suddenly some yellow bone chick held him by the waist and kissed him on the cheek. My heart just sank I swear I wanted to cry. I half ran to where Sam and his friends were then he came to me and hugged me.

Sam: what's wrong my love

Me: I don't know I think its she cocktail. Maybe I should drink water

Sam: OK let me go get u some water

He stood up and went to get me water.

Jack: (Sam's friend) u look nice Neo.

Me: thanx jack u look nice too

Jack: thank you for choosing my friend hey he finally found the woman he can settle down with

I just smiled

Then Sam came with 2bottles

Sam: I didn't know which one you will want so I got u still and sparkling

I smiled and he kissed my cheek.

Me: thanx baby.

I took the sparkling water and drank. Wile sitting there Msola came holding his beer followed by Numbers, Stick and Karabo with his "girlfriend"

I wanted to disappear right there and then.

Karabo just sat on the couch that was right across me.

Ooh God

Honestly speaking when Cathy came to me just as I was about to go to Neo I felt like making her disappear. But now right now sitting here opposite her, it feels God damn right. It feels good. And now I know and feel that that something will happen. I kept looking at her wife she kept giving me glances. Cathy kept touching me and kissing me. She saw that I was not responding and not giving her attention. She got a lil bit annoyed and saw what was going on.

Cathy: what's ur name again

She said that looking at Neo..

Neo: I don't remember telling u my name

I almost laughed so I just coughed

Cathy: so then why I are looking at my man  
when clearly u have urs

Sam: baby what's going on

He said that looking at Neo

Neo: ask her baby clearly she's not over today's  
incident and now she's bringing it here

Numbers: yooooowwww yooooow ladies this is  
a party let's not ruin it.

Then Cathy started touching me trying to kiss  
me. Them Neo did the unthinkable. She got on  
top of her Sam and kissed him hungrily. My  
heart just accelerated into a whole new level  
when he put his hands on her ass. I then pushed  
Cathy away and got up and went to my office. I  
just sat there trying to calm myself down. Then  
Cathy got in.

Cathy: who is she?

Me: excuse me

Cathy: don't play dumb with me Karabo even a blind person can see that there's something going on between u two

Me: I don't know what ur talking about

She then left the office and went to the bedroom and came back with a blanket and and pillow and threw them at me.

Cathy: u will be sleeping on the couch tonight. U and I will talk when ur ready to tell me what's going on.

She left.. Damn

Me: this bitch is crazy

I then stood up and left the office and went to the reception to check if they are rooms available. When I looked at the room list I found that this Sam guy booked a room, that's when I decided to use a room right next to them. I went to the VIP to check if they are still sitting there. I decided to stand in the passage next to the

parking lott. I saw him brushing her thigh while kissing her now and then. When she turned her head she saw me looking at her. I then signaled to her that she should come.

I swear Karabo is going to be a death for me. What is he doing to me. Should I go? Should I stay? I started shaking.

Me: no baby it will give me time to lie down in ur car just for a sec so that it can work.

Sam: OK he kissed my cheek

He gave me his keys

I got up and went to there parking lott.

Immediately when I got there Karabo grabbed me and we started kissing. Ooooh God it felt so damn good. We were breathing hard and he grabbed my ass and lifted me up against the wall and pushed my dress up. Oooh yeah oooh that's soo good.

Me: oooh Karabo...aaah.

Karabo: I missed u

Me: I... Can't... I... Can't do this

Me: u saying dragon has been playing them

Sticks: yes! And the Chinese want him out.

Me: so were will I get the best buyer from

Neo: Karabo, I have done research on him I know the guy

Me: no no no ur not going

Neo: oooh are u planing to tell the Chinese that?

I know my decision to marry Sam can be viewed as impulsive or wrong in many ways. But honestly speaking Samuel is a very nice guy. Lola and I did a back ground check on him and everything is good. Just troubled the there when growing up but yah all is good. I love Karabo too much I can lay my life for him, he owns my heart. He is the love of my life but were will our love lead us? Danger? Pain? Tears

and death? And in my line of work I am not allowed to be with someone like him. Ever wondered why Lola did what she did? Didn't make sense until I had to work besides her.

.

I was crying uncontrollably. I wanted to talk but failing. The way he looked, scared the shit out of me. I almost peed on myself

Me: Karabo....please... Don't do this

I walked closer to him.

KB: I guess we are all gona die

When he was about to press the lighter. I heard a gun sound but a bit lighter not as loud as an ordinary gun. Then I saw Karabo falling down on the floor. I turned around and looked at Numbers he looked shocked. Then there was more shooting I tried avoiding them then I felt a stingy pain on my thigh. I looked up and I saw Zakes. OMG what is he doing here.

I have been living in somebody's roof with their rules for two fucken years and now I want what's mine. I got inside and told the guys to get rid of the gues tank. I realised Sticks was way too loyal to Mastermind so I got myself some big shot IT guy goes by the name of Junior but his name is Franklin. I called him.

Me: heyyy Junior

Junior: I am here

Me: what should I do

Junior: just connect ur phone in there and all will be good, its on right?

Me: yes

I connected my phone to the the hard drive that was connected to the computer. I wanted all the in for they had. Everything...

Guy1: uhmm Boza what should we do with them.

Me: just take this two

I was pointing at Mastermind and Neo

Guy2: and the rest?

Me: live them, their no use to me

Junior: I am done.

Me: see u soon

I disconnected everything and left.

.

Love taught me a lesson I will never forget. I loved Lola with every being in me but then she betrays me without blinking. And now I see Neo doing the very same thing to Karabo. Why are they doing this. You don't hurt a human being

like this its heartless and uncalled for. I made my way to my new play ground. I told my team to put Mastermind in some deep sleep for the time being I need to some time with my little cousin.

I woke up in bed with a terrible headache. I looked around and saw Zakes looking at me.

Zakes: u know Lola taught u well I actually couldn't differentiate between ur work and hers. It like Ur the same person.

Zakes: u wana do this the hard way or the tough way?

Me: MxM.. I wana live

Zakes: what happened to you Neo? U know u used to have a heart. What is it with this training? Do they tell u to loose ur heart or else?

Me: NO ZAKES NOW I WANT TO GO.

I got up and made my way to the door it was locked. MxM

Zakes: u are not living this place until u tell me were ur aunt is.

I laughed

Me: u really think Lola is stupid

Zakes: she trained u

Me: so

Zakes: only u can find her

Me: good luck with that

Zakes: don't make this harder than it already is.

Me: u wana know were Lola is.. I said that moving next to him.

I kicked him on the face then got a lamp on top of the dressing table and hit him with it.

He blacked out. I looked for the keys and gun and found them I unlocked the door. Luckily there weren't too many guards. I shot the 1st guard and took his gun and shot another before he could even flinch then I shot the two coming through the main door I heard others coming, I hid myself well behind the door so that when they come I will shoot them. Aah it was a snap. I made my way to the passage it was not that hard to get through the window. I got out and luckily there were a couple of cars I did my magic on the car and drove off.

Zakes: there it is; the hunger, the thirst for blood and revenge.

Lola: talk to me

Me: Zakes

Lola: he won't find me

Me: this time I doubt it, I think he might use Karabo's team I am not sure though I am just suspecting. I need to live Lola

Lola: NO don't live not yet. He is still sniffing around he won't find me.

Me: I guess, but what about Karabo? Lola I am not like u, I just can't shut my emotions and pretend like I never loved him. I love him and what I am doing to Sam is wrong.

Lola: Neo, Sam is a good guy and he would give u the best life without hiccups. Now tell me what will happen if u choose Karabo, a well known gangster. A gangster that's known even out of the country because of his reputation. Do u think the Agency will let him live if they find out ur dating a gangster? Me: how do u do it

Lola: with me its different baby girl I have a son with him so I am protecting my son too.

Me: I slept with Mastermind a few days ago

Lola: that's how I got pregnant I saw him and I couldn't hold on so we ended up pumping each other good.

Me: I tied my tubes remember

Lola: I remember. I have to go

Me: wait about the Chinese? They want Dragon dead for conning them.

Lola: what are u talking about

Me: the Chinese sent me a message wanting Dragon dead

Lola: that's impossible the Chinese don't have my contact details they have to contact my superiors first.

Me: so how did they get my contacts..

Lola: OMG Neo destroy that phone I have to move from were I am. Its Zakes. You live that restaurant NOW.

I took that tablet and ran out through the back door that leads outside. I went to check the car I came with and it was gone. MxM... I decided to go to the main door and I saw my mum going to her office. I followed her, I got in and closed the door.

Mum: why do u look like u have been under a tornado.

Me: were is dad

Mum: he will be here any second

Me: is there a pizza oven that uses Cole in here

Mum: yes the ground floor.. Why do ask.

I looked at her and walked out and went to the ground floor then the kitchen I asked one of the people were the pizza oven is, he showed me. I went there luckily the weren't any pizzas made so i threw the tablet inside. And told the staff not to use the the pizza oven for today. I will pay all the amount lost and pay them R500

each for the loss. Joooh they almost all kissed me the way they were so happy. I went back to the office to tell my mum I am living.

Mum: were are u going?

Me: I need to spend time with the twins.

Mum: what about ur fiancéeeee....

I told my mum about the engagement she was OK with it but still rooting for me and Karabo coz she can see that I still love him.

I got her off and took out the condom and threw it in the bin rapped in tissue. I went to the shower. That was our 3rd round. I will admit the chick is wild very wild. I opened the shower tap and started showering. Minutes later when I got out I saw Cathy hitting the shit out of Isis. She was naked and busy screaming for help. I went to grab Cathy and told Isis to take her things and live.

Cathy:WHAT IS WRONG WITH YOU KARABO

Me: heey don't put this on me u are the one who started this whole thing remember

Cathy: seriously Karabo I never kissed or fucked anyone

Me: hello lover

She turned around and saw me she was rather shocked then turned around in attempt running to the kitchen door then I shot her and she fell down Mastermind got in, I went to her and took out the needle I shot her with and looked at her, no something is not right here. Junior called me. I went to the other rooms with Mastermind to check what's wrong. I ignored Junior's call

Mastermind: that was too easy

Me: yeah

Mastermind: could it be

Her: CHECKMATE

I turned around and it was Lola.

She wore something on her face and then pressed something it was a button then the house was filled with guess.

Me: what do u mean

Mastermind: Zakes man I love Neo no matter how many whores or prostitute I fuck I still want her. Wile I was passed out, I saw us; I saw me and her together. She was pregnant with my kid so this whole situation does not make sense

Me: hy

Lola: are u sure this place can keep me

Me: we'll see

Lola: uhmmm

Me: what happened to u Lola

Lola: if u want some sort of remorse in me, u won't find any

She said that still looking at the ceiling

I wasn't wearing any shoes so I got on top of the bed and looked at her face.

Me: let's see if one thing can't be awaken

She tried getting up and I pinned her on the bed and kissed her. She bit my lower lip, I kissed her neck then my one hand went to her pussy and I rubbed it.

She moaned and I looked at her the she grabbed my neck and pushed me to her and we kissed. Damn I missed her.

She took off my shirt and took off my trouser

with her feet and I pushed it down. She was wearing a white dress that was easy to take off. She took off her undies and I parted her legs coz she was wet and I was hard as rock I did not have time for foreplay. I just entered her. Damn she was tight.

Lola: aaaaahhhh Zac....

Me: fuck Lola ur tight too tight

I pushed in and she screamed louder as I kissed her all over

Me:thank you

I was in and not moving

I saw her eyes and they were glossy I could see she was in pain

Lola: for?

She nodded

I started moving oooh fuck her pussy was soo

tight and warm and this moment reminded me of our 1st time. Ooh shit I kept going in and out and then she moaned louder ooh fuck that made me go in deeper and faster then I made her come on top then she fucked me but slowly. I held her waist and moved her. She screamed so loud in pain

Lola: it hurts.

Me: it will get better baby

I then made her lie on her stomach and and entered her and went in faster as she moaned and then I felt her shaking uncontrollably and I released in her

Me:aaah fuck I love u Lola

Lola: I love u two Zakes

I arrived at MaAgnese's house. There was a car parked at the yard so I parked outside and went inside the yard. I went to the door and heard someone crying I listened

Her: I love him Ma, I love him so much I wish I never chose this life then I would be with him. Karabo is the love of my life but the life I chose is forcing me not to be with him

Oooh God it was Neo

MaAgy: I have been waiting for you Karabo

I got inside and saw Neo looking so drained and pale

I was looking at my beautiful Lola sleeping so peacefully. How can someone so beautiful act so heartless. No matter how many times I tried to get over her I love her, my heart beats for her.

Her: it's rude to stare

Me: I can't help it

She smiled

Me: we can make this work

She looked at me and kissed me

Lola: I am hungry

Me: OK let me go get u something

She smiled

I got up wore my clothes and left the room to

Me: its the agency OK

He gave me a look

Me: I am sorry

KB: for what exactly, haaa for being with someone u don't love or for breaking my heart

Me: for everything Karabo I am sorry for it all. I am sorry I put you through all the pain. U don't deserve this . You and Zakes don't deserve this

He just looked at me with no expression. I walked to him and hugged him. He was hesitant at first but he eventually did. I took out a

paralytic needle and injected it in him. He held me and i looked at him with tears in my eyes.

Me: I am sorry

I said that with tears all over my face while he kept saying "why, why"..

Me:You will never understand. I am sorry.

He fell down. Few minutes later MaAgy came in with two man.

MaAgy: are u sure he will be okay.. Karabo is like a son to me

Me: he will be fine but I lied about something

She looked at me

Me: he will be paralyzed for at list two months.

MaAgy: Neo we agreed to do this for 4days

Me: Mama Karabo will only get in my way and I have to marry Sam, all I have to do is convince him to elope and I am free

MaAgy: how will you be free if u don't love him

Me: his my best option and his a good man.  
Can't u see mama I am protecting Karabo here

MaAgy: No my dear, u are selfish, self centered,  
arrogant and trust me if u think that marrying  
Samuel will bring u happiness u will be  
surprised how short ur silly dilution will " lust"

Me: what do u mean

MaAgy: I mean leave my house, now.

I was so angry I just turned around and left.

Me: ok

MaAgy: I will try getting some of my mutis so that u will heal quickly

Me: thanx

MaAggy: for now u will be asleep for a wile for this antidote to work. It was suppose to be for 4days so I am guessing its also two months

Brock: what's wrong with u

Me: what do u mean

Brock: don't u dare make me feel like an idiot, first Tiwatha now you. What's the point of training you if ur becoming useless to me

Me: so what are u saying; that Brock is invincible?

Zakes: Neo you can't touch him you can't do anything to him, the guy has no soul he killed his own mother

I was shocked Lola wasn't though meaning she knew

Me: but.. But..there has to be a way

Lola: Zakes we have to do something, I can't let my family die.

Zakes: why did u include Neo in this whole shit of urs anyway

Lola: she was bored so I thought maybe I'll train her then at a later stage she asked me to join

Agency and Brock liked her

Zakes: so u thought its best if you sell ur own niece to the devil

Lola: u don't have to be mean about it

Zakes: I am not mean, that's what you did

Me: I am still here

Zakes: you shut up

Lola: don't talk to her like that

Zakes: DON'T YOU DARE TELL ME WHAT TO DO COZ THIS IS YOUR FAULT

Lola: don't you think I know that

Me: WOULD YOU TWO JUST STOP IT.

Me: Stones as in my uncle Stones

Zakes: yes

Lola: so he worked with him

Me: what? What? Why would we need him

Zakes: coz his Masterminded

Me: uhmmm his not available at the moment

Lola: what do u mean his not available

Me: I kinda put him to sleep

Lola: ooohhh

Zakes: then go and wake him up we need him

Me: no we don't.

Zakes: Neo there's no point we need him

Neo: Brock whants him dead

Lola: what? Why?

Zakes: that's impossible Brock can't kill  
Mastermind

Me: haaah why?

Zakes: just go wake him up.

I don't know what's going on yaaah Brock didn't  
say he wants Mastermind dead exactly but he  
said his a destruction and he wants him out of  
the way so why would Zakes say he can't kill  
Mastermind.

Brock: hung up I want video call

Me: let's Skype

We hung up and Skype

Brock: you want to give me my Lola

Me: No, I got something u need

Brock: which is?

Me: Mastermind

Brock: what makes you think I need him

Me: you told Neo to kill him

Brock: Neyo will never kill Mastermind even if I threaten her family.

Me: then why did u

Brock: I have my reasons

Me: let's make a deal

Brock: are u negotiating with me

Me: Neo and all her family free from you including Lola

Brock: this got to be good

Me: for Mastermind I will give u Mastermind.  
He looked at me struggling with the decision.

.

Brock: DON'T YOU EVER AND I MEAN EVER

That scared me like shit coz I really thought I

Brock: I will call u

Few days later Lola decided to go back to the Agency since Brock said No Deal to whatever deal he made with Zakes. Franklin was angry at what happened to him but after he made research about Brock and all, so he decided to shut his mouth and continue writing his assignment online and cheating the system. Brock gave me time off the Agency so that I can speed up my marriage with Sam. Karabo was still the same, I didn't feel bad about it though coz in a way I saved him and all I need to do

was to sign the papers and become Mrs Zaiman. I was making my way home. Mum and dad went to Cape Town, Dad has a workshop or something so mum decided to go with him and live the twins with grandma who was happy by the way. I still don't understand what pumped her head coz I wana thank it. Haaay u would swear she is bewitched. I was at home just looking at wedding stuff waiting for Sam and his mother who is going to help me to choose the dress. Since my mum is AWOL but she said when she comes back we will go again coz I was suppose to wait for her coz she believes "her opinion natters most". Even more than mine. I decided to go take a shower when I was done I got into my bedroom and found that someone took out clothes for me. Aaah that's weird. I decided to go downstairs coz the only person who can do this its my mum or Nthabi. There was no one, I looked outside and everywhere around the house then I found that

my car and my mum's car tires were flat all of them

Me: are you kidding me, seriously

I said to my self.

I went inside the house to go get my phone. I went upstairs to my bedroom only to find my bedroom upside down, everywhere written " ME YOU.. I AM YOU".

Me: what the hell

I said to myself. I looked around and no one was there. I went to my safe next to the headboard only to find it open an empty. I went to the living room to use the house phone, only to find the cable cut. OMG...

Me: what the hell is going on here

Her: this

I turned around and I was met with pepper spray. And that person hit me with something on the head.

And it was lights off for me

.

.

**\*ZAKES\***

I was with Brock in his office drinking whisky.

Brock: I am not giving you Tiwatha

Me: surely we can come up with something

Brock: the only thing we can come up with its if u stay out of my way and don't you ever come near Tiwatha. Stones knew his lane I suggest you know yours too

Me: but...

Brock: No buts. Now you better go and help Neyo to prepare her wedding and tell her I want an invitation by the end of next week

Me: that wedding is a Shem and you know it

Brock: all I know is you don't get in between my business.

Me: surely Maste....

Brock: surely Mastermind has to die

Me: what?

Brock: you think you know me I will show you who I am

Me: No Brock wait but Neo is marrying Sam she agreed

Brock: Neyo will do what I tell her to do coz I will kill the rest of her family

Me: but Mastermind

Brock: too late I have already put a bounty on his head

I couldn't believe this I was shocked. Next thing I know 5 of his man were in his office. They came to me and just started hitting me, kicking

me all over my body and face I think they even fractured my ribs. I was brutally beaten by him until I heard him say "ENOUGH".

Then they left. He came down to me and held my face. I couldn't open my eyes very well they were painful and swollen.

Brock: if u ever threaten me again you will find yourself 12 feet under the ground inside a casket next to your father with me peeing on your grave.

Then Lola came in. She cried when she saw me.

Lola: how can you do this to him

Brock: be thankful his alive coz I nearly killed him.

Lola: ur no better than the devil

Brock: I know

Lola was busy trying to get me up

Brock: you got urself a deal

Me: wh....whaaat... Dea...deal....

Brock: ur precious Lola here made a better deal.

I looked at her and she was crying

Brock: she will train my girls and Neo marries Sam and I will leave her family alone and I get Mastermind's head and we all live happily NEVER after

He said the last part laughing

Brock: now live my place, I will call you when I need you.

Lola: can I at list get help to carry him

Brock: do you want me to kill him so that you can carry him.

Lola: uhmmm no

He looked at her

I tried to swallow the pain as hard as I can when we got up. We limped all the way to the car.

Nobody even tried to help us they just looked at

us with No pity. She helped me to lie in the back sit. I saw a lot of suitcases in the car. She was busy looking for something. Then she found it, it was a needle.

Lola: this will help you to relax. Until we get to the hospital..

Me: I just closed my eyes.

Cathy: you took everything from me Neo my love and my life.

Me: what?

Cathy: ever since u came back Karabo doesn't touch me meaning u and that skinny whore Isis were fucking him

Me: so u thought kidnapping me and later killing me is the solution.

She came to me

Cathy: No baby this is not kidnap its a replacement.

Me: replacement?

Cathy: yes! Wile you are here I will be changing myself to look just like you and I will be the one marrying Sam and we will live happily Ever after

Me: What?

Cathy: isn't it obvious beautiful? I wana be you.

Me: Cathy loo...

Cathy: NO NO NO CATHY IS DEAD, SHE IS A LOSER THAT'S ADDICTED TO DRUGS.

Its been hours and I was not scared or anything but now I am coz this bitch right here next to me she's crazy.

Me: OK OK calm down I am sorry

Cathy: from now on you will call me Neo

Me: OK Neo

Cathy: and u are... Uhmnnnnnn my dolly

Me: ur dolly?

Cathy: yes my Barbie doll

Me: haaa

Cathy: do u have a problem with that

Me: no no I am ur Barbie dolly

Cathy: good my talking barbie dolly

Now you will do as I say.

She came to me and started brushing my hair and my face.

And then she did the unthinkable. She kissed me. I did not respond. She stopped and looked at me.

Cathy: do u want me to burn u like other Dolly's

Me: No No I am sorry

I was scared like shit. I have looked around around the house and there are cameras everywhere and there are guess holes so if I touch the handle of the door the room will be filled with guess. There are no windows, nothing. The door responds to the fingerprint of her hand and there are no knives or anything. Its just this bed that I am cleverly tied to and roll on

and body lotion and a bath tub and my clothes and a flat screen TV on the wall with a fridge and microwave. So I don't know what to do.

Back to reality she took off my clothes while kissing me all over. I couldn't do anything. She started sucking my breast. I wanted to cry.

Cathy: are you enjoying this dolly

Me: I am I am enjoying

Cathy: then why are you responding

Me: I didn't know if you would want me to

Cathy: but I want you to, I want you to moan in pleasure okay

Me: OK

I started faking my moans while she was caressing my body and sucking my breast and leaving bite marks all over my body. She had already torn my clothes up so she started fingering me. I just faked my moans telling her that's good and I need more. She did it more

faster I just pretended to reach my climax I wanted her to stop coz her acting crazy was trauma enough for me.

Cathy: oooh dolly u taste good.

She kissed me and got up.

Cathy: now i sent my mother in law that we are postponing the search for the gown coz I am going to Cape town and tonight I will be sleeping with my fiancé. Isn't that grate

Me: it is

Cathy: good now I will untie u. And don't try anything funny coz u will die. The person watching that monitor won't hesitate pressing that button and filling this room with guess. She doesn't care about me she only cares about killing you.

Me: my eyes popped.

She smiled and untied me.

Cathy: now! there's everything u need in here.

She kissed me and walked out.

How will I get out of this?

Me: Neo.

Lola: she will be fine, once Brock gets Mastermind all be good.

Me: she has to marry Sam

Lola: she will find a way out I promise I will insure it

I shook my head.

Lola: when Brock gets Mastermind

Me: he wants him dead.

Lola: he won't kill him

Me: where's Neo

Lola: she sent me an SMS yesterday and I feel like something is not right

Me: what do u mean what did she say

Lola: she said she has to go to Cape Town to meet her mum and dad and now when I spoke to her mum they said she's hasn't arrived and Sam said she got the same SMS.

Me: talk to Junior

Lola: I am planning to

Me: how's my boy

Lola: his arriving late tonight with Nthabi

Me: that's good news but don't bring him here

Lola: why he would want to meet u

Me: do u want him to see me like this.

OMG I cant believe I am doing this.

Me: OK

Lorreta: that's my girl

I held her face and we started kissing, I took off her shirt while she was caressing my body. She pushed me on the bed and took off her trousers same time with her bum short she started kissing me all over and she moved her hand to my pussy.

Then I heard gun shots.

Loretta: what the hell

She looked at me

I smiled

Then the door opened I hit her head and pinned her to the ground while taking bed sheets to cover myself then some guys got in pointing a gun at Cathy.

Then Brock got in.

Brock: wow

Brock: mxm never send a sissy to do man's work. Take her I will cut her off.

Brock: I will wait for you outside.

He left and I wore my clothes. I took the hand opened the door. Nxaaa Brock is evil I tell u. I got out and found his guys getting inside with

.

.

Its been month since Neo was admitted to Hospital. Brock did not even hide it from Lola and I that his the one who did it. He said he wants to show her that he is a God. And he will control her future at all cost. Lola and I would go to The Hospital just to check up on her. I was released from hospital a week after she was admitted. Her parents and the Zaaiman family have been coming to see her everyday especially Sam and Kgothatso. Apparently he told them that he found her shot and left for dead. And he called an Ambulance and she woke up for a few minutes and she was talking about Sam and that she wants to marry him.He said this were her her exact words: " Sam... Samuel Zaaiman.. I want to marry him. When I wake up I want to marry him". Haaay Brock.

Well Lola and I knew better, her mother was surprised coz she knows that Neo loves Karabo so it did not make sense. But anyway there were busy preparing everything, the venue and catering. Kgothatso even used her venue and some of the things for her wedding. Well since the doctor said she will wake up any moment now we decided to get her married in two weeks even if Brock was not happy. Kgothatso and Brian decided to go have a small ceremony with Lola, Lala, Stones and Kgothatso's mother just to sign. And postponing their wedding. Well they chose the dress well Kgothatso chose it and Sam's mother had no say coz she doesn't know Neo, well thats Kgothatso's words not mine. You know things happened so fast I can't even keep track. I salute Brock Shem the guy was able to fool the whole family they even like him. Well right now it was in the evening I came to see Neo alone when Brock came in.

Brock: oooh heeey.

I just looked at him

Brock: what are u doing here?

Me: in case u forgot Neo is my cousin

He laughed

Brock: in case u forgot u two are not blood related that's why u used to fuck her mother

Me: mxm

Brock: I wonder what Brian and Lola would think about that.

I laughed

Me: entlek why are u pushing this whole marriage thing

Brock: Neo will be out of Karabo's life for good

I laughed so hard my tummy hurt

Me: u think a little marriage certificate will stop Mastermind to come after Neo. Clearly u don't know Mastermind.

Brock: well by shooting Neo I was able to do two surgeries on her. I untied her tubes and I put in a tracker in her.

Me: A tracker?

Brock: yes so by doing that I will know were she is.

I just looked at him

Me: and by doing so when she sleeps with Sam she will be pregnant

He smiled

Brock: that's why I got her womb cleaned.

Me: and u think that won't alienate Mastermind

Brock: his a grown man he will understand.

Me: haahaa, u know what happened when Mastermind found out that Neo got engaged to Samuel Zaaiman

He looked at me.

Me: he filled the room with guess and took his

lighter and told Neo to choose? Either he call out a hit on Sam or they both die.

Brock: is that why their both alive today

Me: no I got in just in time and shot Mastermind with a tranquilizer.

He looked at me

Me: ur stupid plan won't work when Mastermind wakes up he will hate u and want to kill you for what you did. Neo and Karabo love each other so much that the first time they came face to face they couldn't keep their hands off each other

Brock: what?

Me: u want me to spell it out for you? Well they fucked.

His face got hard

I walked to the door and stopped.

Me: u know I am starting to understand why

Neo put Karabo in a coma. It all make sense now. She knew that when Karabo woke up in two months she would have married Sam without Karabo in the way and later cheat with Karabo and Sam finds out and they divorce. Coz by then you won't have a say coz Sam would be the one filling for divorce

He looked at me I smiled

Me: but hey what do I know.

I walked out.

I was already awake just listening to what Zakes and Brock were saying. I opened my eyes and Brock was just standing there

Me: how can u take it this far

Brock: you forced my hand

Me: what's the point to all of this

Brock: you will understand in time.

Me: mxm

He came close to me and looked Me in the eye

Brock: u slept with Mastermind when u got here?

I just looked at him

Then he put his hands on my neck and started rubbing it.

The he tightened his hand chocking me.

Brock: I will kill u if u ever open ur legs to Karabo again

He loosened his hand and kissed my forehead.

Brock: see u soon

He left the room

I started checking the drawers and found my

phone off i put it on and luckily the battery was not low.I looked at my tummy and wow I healed really quickly.

I called Lola

Lola: please tell me you are Neo

Me: come to my ward now

Lola: lucky u coz I am already there

She got in

Me: u slept here

Lola: I wanted to see how u doing coz they said u should be awake.

Me: I need a body scanner, Brock put a tracking device in me.

Lola: what?

Me: and I am assuming its not just a tracking device.

Lola: its a bomb too

Me: yes.

Lola: how are u gona do this.

Me: I take it out at midnight when I am sure his sleeping.

Lola: but u gona have at list 10min till it explode.

Me: I know and that's why Zakes will get doctors who are on his pay roll and we gona do it somewhere in the sea or ocean

Lola: OK I am right on it

Me: you were, u ....

MaAggy: I should go

Then the door opened.

MaAggy got out and someone I haven't seen in a very long time got in.

I stood up.. wow I feel good and my body is good.

I looked at him

Me: Brock

Brock: Brock? Seriously ant you suppose to say Dad?

I just looked at him with a straight face

Brock: oooh well its been a long time son.

HE WAS THERE WHEN I WAS DOWN AND OUT.

well I was discharged then the next day Lola and I did a body scan and we found were the tracker was and the they took it out at midnight luckily it had no bomb so we decided to keep it just to confuse Brock a bit. I did go home I reconnected with Sam and his family even though Franklin and I were off. Well few days passed I was told Karabo was with Brock and he promised not to kill him or my family as long

as I keep my end of the deal. Well it was the day before my wedding and I was with my mum. Well the venue was fine and even the reception. I just had a problem with my dress and cake.

Me: mum this is ridiculous u know I will never choose this dress

Mum: but u look beautiful in it.

Me: its heavy

Mum: u will be fine

Me: I don't like it

Mum: and what's ur point

Me: mum this was suppose to be my dream wedding not urs

Mum: it will be, when u marry karabo.

I turned and looked at her

Me: help me get out of it

She came and helped me out of it.

Mum: you are my daughter and I know u don't love him

Me: mum please

Mum: I know ur a mermaid kind of girl with a beach kind of wedding. I did not choose that coz I know you will want to share that with Karabo that's why I gave u my dream.

I was crying then she wiped my tears

Then we hugged.

Mum: I don't know why you are doing this but I pray and hope it works out for you.

I just nodded

Me: thank you mum.

Mum: always

Me: I also don't like the cake.

Me: I know

We laughed through our tears while still hugging.

I hate Brock and that's a fact. Believe it or not Brock is actually my mum and dad's son meaning my parents are in actual fact my grandparents. And yes my sisters are my parent's children. So meaning their my aunt's even though I am older than them. Brock had me when he was young 16 years to be exact. Apparently my biological mother was a married woman a lawyer and she fell pregnant so she had me and left me at the door step and committed suicide then Brock told the parents his living he can't deal with this. Then that's it. I was raised by my grandparents whom I believe their my parents always has and always will be. You will know the whole story in time. Anyway I

spent a week and days with this idiot who calls himself my "DAD". Well he was doing all the talking until he told me tomorrow is Neo's wedding.

Me: WHAT?

Brock: its for the best

Me: FOR WHO? YOU?

Brock: Karabo you two can't possibly have a future, Neo is good with Samuel

Me: I AM LEAVING

Brock: You are not stopping that wedding.

Me: watch me

Brock: Karabo our kind of business does not allow us to fall in love or have weaknesses. Look at ur life since u met this girl. U have been nothing but weak.

Me: it shows I have a heart unlike you.

Brock: who is going to take over my empire

when I die if u have a weakness haaa

Me: I have my own empire

Brock: why do u think I left my family and you

Me: u are the devil. And the devil has not  
conscious.

He looked at me

Me: you killed the woman who raised u after u  
disowned yourself from the family. All because  
u wanted to take over this empire u call urs

Brock: she had it coming.

Me: she was a mother to u

Brock: yaah

Me: I am leaving

They left the room and I went to lock the door  
and I started crying while sitting on the chair then  
I felt hands unbutton my dress. I tried turning  
around

Him: don't

my neck. Ooh God that felt good. I stood up and  
taking down the dress then he kissed me all

over he took of my undies and laid me on the bed he came on top of me and started kissing me. His clothes were all off then he patted my legs and entered me nice and gentle. We made slow and tender love. I could hear people knocking even Sam. But I was in love. When we were done we cuddled.

Karabo: let's leave

I got up and started wearing my undies

Karabo: you can't possibly choose him over me

Me: I am sorry.

I said that crying

He looked at me pissed as fuck and wore his clothes and got out through the window. I wore a gown and went to open the door then almost everyone was there

Me: WHAT?

Sam's mum: we were worried

Me: I am fine

Nthabi: girl u are an hour late

Me: fashionably late, I'll be there in 30min

They left and Nthabi helped with the hair and everything. My dad came and walked me down the isle. We got there and I said my vows which I have quoted from a song.... " better than nothing".. Then Sam said his vows

.

.

Sam: I love u baby

I just smiled

Sam: today as I stand here before you and ur family. I was nothing without u and now I am man because of u. I vow to be faithfull, truthful, honest and a right man for u

Priest: good. Now that they have both said their

vows if there's anyone here who is against this

forever hold ur peace

Karabo: I HAVE A COUPLE OF THINGS TO SAY

no no no no this can't be happening Karabo. I  
just held my tears as I squeezed Sam's hands  
tight.

Me: please ignore him

Karabo: Neo I am not living here without u.

Everybody screamed "they do" and started whistling.

Priest: oooh now were was I..

Priest: anyone else wants to make a fool of himself?

People just laughed

Priest: good, now the rings please.

He blessed the rings. Then Sam took the ring and half pushed it on my finger.

Priest: Neo Letsoalo do you take Samuel Zaiman to be your lawful wedded husband, to be faithful, truthful and honest in your marriage as long as you both shall live.

Me:... Uhm... I Do

Everybody just screamed in happiness he asked Sam the question and he said "I DO" of course.

Priest: by the power investment from the Lord in me I give you Mr & Mrs Samuel Zaiman

Everybody was happy especially my dad we kissed and went to the reception and we were handed our marriage certificate. Yes! We signed about a week ago with her mother being a lawyer and his dad a politician things were made fast so that I can be his wife. I refused to change my surname though, so we ate and I changed my dress. It was amazing and

Me: let me go and change

I went to the bathroom put on my lace and sexy outfit, I saw a pole which means I have to put my A game on.

I went back to the bedroom I found Sam with papers in his hands. I smiled and went to him and hugged him from behind, he removed my hands and I looked at him.

Sam: you still love him don't you?

Me: what?

Sam: you are in love with him

He handed me the papers.

I looked at him scared. I looked at them. OMG

I really care about Sam he is a really nice guy. And he deserves someone who would love him unconditionally and I know for a fact its not me. Well after that talk he decided to live immediately and I struggled to sleep the whole night, so i tried calling Karabo but failed so i just slept even though it was hard on the morning I tried to contact Karabo again but failed. Then i tried Numbers he didn't answer. I changed what I was wearing and wore my shorts and Lasy shirt with puma sneakers. I saw Mr Zaaiman going to his room with some creepy guy. I followed them and they got in another room I

listened through the door.

MrZ. I don't understand

Guy: he didn't tell me anything just that he is going to Bangladesh and his staying there forever and his not coming back.

MrZ: he just got married

Guy: ooh he gave me this, annulment papers.

MrZ: what

Guy: signed by both parties.

MrZ: its that gangster boy

Guy: actually Sir, his last words where that he won't stay in a loveless marriage

MrZ. What? What? I told him a thousand times his just seeing things... Nxaaaa I think its time Brock and I had a lil talk, there's no way my son is living like this. We had a deal.

Guy: Boss?

MrZ: if Sam leaves I loose everything I am as

Me: you were going to take my son

I was shocked.

Me: heeey he is the one who annaulted the marriage remember?

Lala: I am going home for a week.

Me: is this a twin thing agree to disagree

They both looked at me

Me: Lala come on Lola is right you can help us out and this job of yours is paying you peanuts.

Well Lala is good in hacking and stuff, she likes keeping a low profile so people think its Lola. She is even better than Sticks and Junior combined. I didn't know until a couple of weeks ago. In the hacking industry they think she's a man and they call her 007.

Lala: I'll think about it

Mastermind: no need just say yes right now

Me: I didn't here you get in

I looked at him then Neo showed up behind him.

Me: shouldn't you be in ur honeymoon or something

Neo: we are in trouble

Lala: what do you mean WE

Mastermind: exactly that.. WE

Me: grate, and I take it it has to be with Neo not being on her honeymoon

They looked at each other sitting down they both looked terribly scared

Lola: how bad

Neo looked at her and started crying

Me: what the fuck is going on

Mastermind: we kinda got in some trouble that brought more trouble and everybody...

Me: is in trouble.

Lala: because of you

Me: who!

Mastermind: gmmmm eish

Lala: would you just talk I need to go

Mastermind: 47..uhmmm

Lola: 47? What's that

Neo: the 47 family

Lola: OOOH MY LORD

Lala: TELL ME THIS IS A JOKE

Me: SERIOUSLY

they both nodded Neo was in tears Mastermind looked like he was ready to have a heartache

Lola: Ooh my God

Lala: ooh my Lord

Me: ooh my Gad

Nthabi: seriously girlfriend out of all the gangsters and Mafias couldn't you poke any

other family.

Me: you are suppose to be sleeping

Nthabi: I was.. Now I wish I hadn't woken up coz this is a nightmare.

Me: tell me about it

Lala took off her shoes in defeat

Nthabi: all my life I never thought the 47 will kill me

Me: tell me about.

.

.

\*KARABO\*

.

.

I know we are in deep shit right now and the only way to deal with this is save the only relatives we have left.

Zakes: so what do we do now

Me: that's why I asked Lala not to go anywhere

Lala: i knew you will include me

Neo: aunty please

Lala: fine.. What do you want from me

Mastermind: I want you.. I mean we need you to make them disappear

Lola: who

Me: everyone

Zakes: that's impossible

Neo: no its not

Nthabi: how will you make everyone disappear

Zakes: that's what I wana know

Neo: delete everything

Me: every little detail

Lala: but then it will be like nun of them ever existed.

Me: exactly

Lola: what about us

Me: including you

Zakes: sorry

Neo: Karabo and I are staying, the rest of the family is going to different countries with new identities and a new history.

Me: and a new look

Nthabi: maybe I am just slow or something, are you saying our whole history and life is gone.

Me: yes, from the day you were born. Once Lala is done all of you won't exist.

Lala: and you two

Neo: they are after us, the family is just a precaution

Zakes: OK

Nthabi: you agreeing to this

Zakes: its the best option we have, unless you got something better witch I doubt

Nthabi: no but..

Lola: I am in too

Lala: I'll help

Nthabi: are you guys serious right now

Lola: if you wana stay then darling please do, coz I am not waiting to find my son's hand or heas on my door step.

Neo: Nthabi I am sorry things have to be like this

Lala: I am going to need everyone that we will be deleting or making them nun existence

Mastermind: we are on that, my family will be at the spinning ground soon we will sleeping there tonight and tomorrow night their crossing the border

Nthabi: WHAT? We are leaving tomorrow

Neo: yes

Lola: makes sense, actually we should be leaving today

Zakes: better start packing

Nthabi: mxm

She turned around and made her way to her room to pack I hope.

Lala: this is fucked up

Lola: and Stones?

Neo: we will be meeting him with mum, dad and grandma.

Me: we better get going

Lala: let me come with you so that I can get their ID numbers

Me: sure and ooh you will be working with Numbers and Sticks

Lala: OK

Zakes: I'll get junior to help

Neo: NO. I don't trust him.

Zakes: ohh OK

Me: let's get going

Lala went to take her things and we hit the road

.

.

**\*NEO\***

.

.

We got home and we talked with my parents.

My dad was furious my mum just couldn't

digest the whole thing. Stones was just

shocked but there was nothing we could do.

They all knew the 47 family dad even said Barca

once worked for them. And that's when they

realised we had to do this no matter what. Even

though mum wanted me to go with them but

she realised that Karabo and I will draw to much attention to them and she could loose the twin. She cried sham and I really felt bad. Kinda made me rethink the whole thing but naaah it has to be done.

.

Next day arrived, Lala did her magic and the rest of our families were not born nor existed. As for Karabo and I we where linked to the families that died a long time ago and now we are married. Our families left the country Every single one of them. The restaurant club and other business including the illegal once we decides to co-own them.

This is the hardest thing I ever had to do saying goodbye to our families with different ID numbers and name married to Karabo also in a different name. We kept our first names coz we are staying. As from now on my name is Neo Queen Maponya and My husband is Karabo

King Maponya.

\*NEO\*

.

.

Its been the hardest four months every day  
looking over my shoulder, sleeping with one eye  
open. Anyway I was doing Law at UJ now full  
time. Sticks, Numbers and Msola went

underground just to keep a low profile and some other guys who were in the inner circle decided to pretend to go to school or work full time. Hubby decided to run his business heads on, he destroyed the underground safe hiding in the spinning ground and decided to take everything at the restaurant. Anyway I have two friends at school José(white) and Rose (colored). And Yaya was also attending, just that she was attending part time because of the salon. I had just finished throwing up in the toilet Hubby was holding a jar and glass of water.

Hubby: drink

Me: ugmMMM I am dying

Hubby: ur not dying just drink and go for check up

Me: no its probably a stomach bug

Hubby: ghMMM maybe your pregnant

Me: I not pregnant I can't be pregnant I put myself on the needle

Hubby: YOU DID WHAT, YOUR GONA KILL OUR BABY

I got up took the jar and rinsed my mouth then opened the shower tabs. He was starring at me

Me: I am not pregnant

Hubby: prove it

Me: prove what?

Hubby: let's go do the test.

Me: mxm I don't have time for this..

I took out my p.jays and went to him and put my hand in his pants and started playing with his dick.

Hubby: uhmmm ooh fuck baby but you still have to go see the doctor.

Me: why?

I said that touching his ball's now.

Hubby: u always horny

Me: ahaa

Hubby: always eating

I looked at him with an intimidating look

Hubby: and now you are throwing up.

Me: I started throwing up like two days ago

Hubby: and ur gaining weight

I stopped playing with his dick and shit I was horny. I felt tears threatening my eyes

Me: are u saying I am fat Karabo

Hubby: I did not say that

Me: but that's what your insinuating.

Hubby: no it's not I said your pregnant

Me: I am not pregnant.. GET OUT

Hubby: what?

Me: leave Karabo I am fat now akere now go

Hubby: but u....

Me: I SAID GO

He took the jar and glass and left.

I went to the shower and damn I was horny in started fingering myself. Oooh dam I needed Karabo right now, I was still mad but I still wanted him inside me. I got out of the shower and went to our bedroom and found him naked with his dick pointing North. He smiled when he saw me. I just went to him and got on top of him and inserted his dick inside my already wet pussy.

Hubby: ooh fuck baby ur too wet.

Me: I am too horny.

I started moving about 5mintes or less I was tired.

Me: baby come on top

He didn't hesitate he just turned me around and fucked my brains off. I was screaming so loud

coz it was too good I don't know how many times I climaxed. After some time he came and he was breathing heavy.

Me: fuck that was good

Hubby: yaah

Me: let me get ready for school.

Hubby: OK aaah I will be at the spinning ground tonight people are registering for the the spinning competition.

Me: OK

I went to clean my self up and do the necessities and wore my pink short and white Lasy see through shit and sandals. I had a a straight up on my head so I just spayed and brushed it. The was KFC zinger wings and Burgers in the fridge I took them and took out juice and and started eating. Hubby came in looking fresh and just looked at me and shook his head.

Me: what?

Hubby: nothing

He opened the fridge

Hubby: were is my bugger

Me: ooh I took it I am gona need it ka lunch

Hubby: why don't you go buy one

Me: the fresh one is hot so I need a cold one

He just looked at me and kissed my cheek.

Hubby: love you

Me: love you two

I finished eating and took a big container and mixed rice crispies and coco popps together and poured milk and went to my car. And decided to go to school.

.

I got to school and went to the cafeteria found Yaya making coffee.

Yaya: love

Me: hey

Yaya: babes you are glowing

I just smiled and opened my container and started eating my cereals. She/he was eating his muffins after eating we decided to go to José and Rose's BnB. We just opened the door and got in and no one was in the sitting room we went to their room and found them busy preparing themselves for class with food on the studying table. While sitting there I went to eat their food while they were busy complaining, I ignored them and continued eating. Anyway we went to class. I was in the same class with José. Some uptight guy called Christian was our lecture, damn that guy is full of himself.

José: damn girl Chris is fine

I flashed my ring at her face

José: ooh that masterpiece of yours girl ur

hubby is fine

Christian: your excused

He said that looking at us.

We just looked at him

Christian: two girls at the back, Neyo and Josephine to my office

Me: its Neo

Christian: whatever my office

Me: mxm

I stood up and went to the cafeteria.

José: he said we should go to his office

Me: you can go coz I know you will fuck yourself out of this situation

José: I wish, I think his gay. Girl I tried everything.

Me: good luck

José: your not coming

Me: nop

I said that taking out my lunch box.

José: you eat to much

Me: mxm

She went to the office

Few minutes later I was done and Chris was coming my way.

Christian: let's go to my office

I looked at him and looked around and ignored him and continued playing with my phone.

Christian: do you want me to make this situation worse.

I stood up as he led the way.

Christian: sign that

I looked at him

Me: no

He smiled,

Christian: OK

I just looked at him

Christian: go

I turned around and tried to open the door but failed then the next think it lights off for me.

\*KARABO\*

.

I was chatting with Neo and she was telling me about her arrogant and uptight lecture then she said: be right back. And now its been an hour and she's not answering my phone. I decided to go to UJ coz this is unlike her. I got there and saw her car. I went around looking for her friends. I saw Rose and Yaya.

Me: girls

Yaya: hey

Rose: hy hy

Me: have you guys seen Neo

Yaya: we were just going to our chilling spot I am sure she's there.

We went to their spot and José was there with pizza (their lunch)

Me: hey, were is Neo?

José: not sure but I think she went to see Chris coz after signing my punishment he asked me were she is and I told him and I later saw them going to his office when I went to get some cleaning materials.

Yaya: he made you clean

José: yep

Me: why

José: making noise

Rose and Yaya just laughed.

Me: were is his office

She directed me and I went there and I knocked.

Him: its open

I got in and saw Neo sleeping on the couch half naked.

My blood just boiled.

Christian: its about time

Me: what did you do

Christian: don't worry she's not my type hot though but I don't fuck what I know I will kill soon.

My eyes popped.

He smiled

Christian: Karabo welcome to HELL

I felt someone injecting me with something and it was lights off for me.

\*KARABO\*

.

.

I opened my eyes, I realised I was laying in bed I was in a hall with a glass for a wall.

Me: were the fuck am I

I said to myself..

Then someone came in pushing a bed. And I saw Neo on the bed. I went to next to the bed and I saw how drained she was,

Me: what the fuck did you do to my wife

Guy: don't worry she's fine.

Me: YOU CALL THIS FINE

I said that ready to kill him.

Chris: you might wana think twice about that

He was coming in looking at his tablet.

Me: what do you want

Chris: haahaa is that a trick question?

I look at him long and hard and breathed out  
louud in defeat

Me: 47

Chris: now your catching on

Me: where is the rest of the crew

Chris: we have been watching you and I see you  
two no longer have a family.

I looked at him

Chris: I will give you that, u hid them pretty good.  
Not even our best IT guys could find them .

I just stared at him

Chris: so this means one thing, the Beautiful  
Tiwatha.. Lola

Me: what do you want?

He laughed

Chris: I know you know that ur "wife" is  
pregnant and she is still naive

My eyes popped

Chris: like I said we have been watching you.  
When I noticed she could be pregnant the  
family wanted to confirm it.

Me: what did you do

Chris: we know the baby is yours, now this is  
what we want?

I looked at him

Chris: now that both of you saved your family,  
the life of that baby and her mother belongs to  
us.

Me: over my dead body

He smiled

Chris: I can arrange that.

I wanted to punch him so bad

Chris: u can use the back door to leave.

Me: what was the point of all this.

Chris: we just wanted her blood and yours just to confirm that she's pregnant and also that the baby is urs. And ooh you have 5months to make a decision. Coz when she gives birth and nun of your family is around we will kill your child.

Me: you heartless...

Chris: you are dead

Me: excuse me

Chris: you just don't know it yet Carabu but you are dead. You and your wife are both just walking corpse... ZOMBIES

Me: this is not over

Chris: I like your courage, anyway she should be up in 5.

He turned around and walked out

The bloody bastard.

I went to Neo and she was sleeping peacefully. Then about 3to4 minutes later she started stretching her body. Then she woke up and saw me.

Me: no time to explain let's go.

She did not say anything we walked out and some guy gave us the car keys, I was hesitant at first, but what choice did I have. We got in and drove off.

Neo: I am hungry

Me: what do you wana eat

Neo: spicy and meaty and dessert

I smiled

Neo: not that kind of dessert.

Me: ooh

I said that with a frown

Neo: I am horny just that now I wana eat.

I realised we were not that far from our place I just drove to the mall and got her the food she needed and called Sticks to get us a car he came just as we were done eating.

Sticks: where were you

Me: will talk when we get home

I gave him the car keys and he gave me mine. He got in the car and we did too and left, I decided to go to medi-clinic.

Neo: what are we doing here

Me: let's go

Luckily one of our loyal doctors(Raven my ex sex mate) has no patient so I just got in.

Doc: uhhmmm Mastermind

She said that as a way of flirting with me. She saw Neo the she settled down.

Doc.R: you must be Neo

She said that wanting to shake her hand. Neo just looked at her.

Neo: hy

Damn I will take it she can sense that something happened here.

Doc.R: ghmmm what can I do for you.

Me: she's pregnant

Her eyes popped.

Neo: excuse me

Doc.R: are you sure

Me: 100%

Neo: KARABO

I ignored her

Me: can u please check her

She hit the table with her hands

We both panicked a little.

Neo: I AM STILL IN THE FUCKEN ROOM AND I AM NOT PREGNANT.

Me: prove it coz I can

She looked at Raven.

Neo: what should I do

Doc.R: uhmmm just lay on the bed and move ur top up to your breast.

Neo: what happened to regular pregnancy test.

Raven looked at me.

Me: babe just do this please, what u got to loose

She took her top off and threw it on my face.

That kinda made me mad

Me: NEO YOU RE....

Neo: I DARE YOU TO SHOUT AT ME RIGHT

NOW COZ I SWEAR TO GOD I WILL KILL YOU  
RIGHT NOW.

That kinda scared me coz she was spitting fire.  
I just looked away. She laid on the bed. And  
Raven was nervous as fuck. She poured  
something on her stomach and connected her  
things and started moving that thing on her  
stomach and told us to look at the screen. And I  
heard a heartbeat and it was fast

Neo: Ooh My God

Me: WoW

I was smiling like a kid in a candy store.

Doc.R: WoW this is... OOOH MY GOD.

Neo: what's wrong. She said that with a panic  
voice.

Doc.R: ooh nothing is wrong everything is  
amazing

Me: what tell us

Doc: yes, that's it 1, 2 and three

Neo: excuse me

Me: really

Doc.R: yep three heartbeats and u see here is one, here is another one and there we go that's the other one. 123

I don't know if I should cry or scream or just dance. My emotions were all over the place. I looked at Karabo and his smile Shem I swear I could see his last four teeth top and bottom.

He looked at me and wiped my tears. I didn't even know I was crying. Then he kissed me. He kissed me hard that I got wet down there. I

moaned a little. Raven cleared her throat. We looked at her.

Raven: this is still my office

I just looked at her with a straight face

Hubby: sorry

Raven: congratulations by the way. And I would love to be your doctor please please I beg.

Me: why

Raven: do you how big this is for a doctor to deliver more than one baby from one woman

Me: uhmmm

Raven: please

I could see she wanted this very bad.

Me: I'll think about it

Hubby: haaa baby come on

Me: dude ur ex is asking me to let her to be my doc

He scratched his head.

Raven: uhmmm if you change your mind, here is my card

Me: no need I am sure Mastermind has them if I DO choose you.

Raven: ooh OK

I wore my shirt and we left. We got in the car and we went straight home when we got there, just as we parked. The car that Chris gave us parked outside we assumed it was Sticks but it was Chris instate.

I was scared

Chris: I wouldn't do that

Hubby: do what.

Chris: u have 45seconds to step out of your house.

Hubby held me and we ran outside after a few seconds the house just exploded together will

the car we came with.

Hubby looked at him angry.

Chris: don't even think about

Another car came, the driver gave Chris a box. He put it on top of the car he came with, then he went back to that car and got in the passenger seat and the driver sped off. Hubby told me to move back

Me: no we are in this together.

He opened the box. It was a finger dangling with keys

With a note. \*\*\*we gave you that car for you to use it, not this hacker. Welcome to HELL.\*\*\*

I was so pissed I didn't know what to do. I took the box and put it the car and opened the petrol whole, turned on my lighter and threw it in there. And that car burned down. I did the same with my car.

Neo: is that smart

Me: this people want to control our lives and there's no way I am going to live by their rules. Someone called the fire fighters and they came and did their work and all. Later that day when they were done they left with us to the police station. They told them everything, I asked to make a call and called Numbers.

Numbers: Master

Me: they burned my house down.

Numbers: damn whatu gona do now

Me: there was nothing important you know I moved everything. The only thing that was there was clothes and furniture. All our personal stuff are locked away.

Numbers: OK what do want

Me: let's meet I'll call you you on the other number. I believe they have hacked my phone and Neo's.

Numbers: OK who's phone is this

Me: some police guy

Numbers: OK sure

I hung up and gave the phone to the owner and he called a cab for us and Neo gave him her cellphone as a thank you gesture he couldn't believe he was holding an i7 in his hands lol.

Then the cab came and we went to Spur, my four favorite people were hungry I gave the cab driver my cellphone as a thank you gesture and he was so happy he couldn't stop thanking us.

Neo: what now

Me: I think I have a bulletproof plan

We went to spur luckily I still have R380 with me I didn't wana use it to pay coz I didn't know how much my wife would want to eat.

Me: we need to steal a phone

Neo: what?

Me: we have to call Numbers.

Neo: uhmmm OK

We looked around

Neo: I got this

She fixed her shots and her see through top we went to the bathroom and then we went to this other shop and she started doing her makeup

with those tester things and perfumes.

WoW she looked fresh. The she started walking around the shop and I went outside and saw some Slay Queens and went to them and started flirting with them while pick pocketing them and I got two phones(those R100 once) and some cash. I gave them my numbers and told them I need to go. One of them was practically asking me for a quicky.. Nxaaa whores. Then my wife came out with a bag.

My eyes popped it looked new

Me: please don't tell me you stole that in that shop

She smiled

Neo: let's go I am hungry

We went to spur and ordered. I took one of the phones and called Numbers then told him were we are. Our food came just as Numbers got in luckily we ordered for him. He sat down and we

ate.

Numbers: the 47 really fucked up Sticks.

Me: tell me about

Numbers: he will be fine his gona get a false finger. And wear a glove like Jack Mabaso

Neo: his alive?

I was shocked too I thought he died.

Numbers: yes...

Me: what did they do?

Numbers: They took out two fingers and sent me one of them and framed him or something after he has recovered he will be going to jail.

Neo: I don't get it why didn't they just kill him

I was frustrated

Numbers: beats me

He said that shrugging his shoulders

Me: death will be to easy for what we did.

Numbers: but this doesn't make sense all because Neo didn't fall pregnant and marry Sam.

Neo: well technically we did get married he just annaulted the marriage.

Numbers: yaah wadeva still.

Me: well Brock talked about a deal.

Neo: yah i remember Franklin said it too.

Numbers: WoW I guess it makes sense.. Were there is a deal...

Me: there's blood and money.

Numbers: yep.. So why am I here I an tired and need to sleep..

Me: I need you to go to jail

Neo: what

Me: I need you to go to jail and get me an untraceable phone with internet..

Numbers: dude Sticks will be in jail in about a

month can't he do that for you.

Me: no I don't know why they kept him alive so they might have threatened him or something so I need to you go to jail.

Numbers: eish

Neo: babe don't you think its a bit too much I mean jail.

Me: its the only way I can get us out if this mess.

Shit I hope this works

.

.

\*NEO\*

.

.

I don't know what my love was thinking right now but heey Numbers going to jail that's like the most idiotic thing ever. After eating we got takeaways and went to Number's car. We went

to the club and Numbers agreed to going to jail

.

Karabo framed Numbers for killing someone. Numbers went to jail and Sticks went about a month later. The 47 family got furious seeing that things just happen without their knowledge. Lala did help us to get an untraceable phone now we are just waiting for a place to stay.

I was now in the restaurant eating when hubby got in, I was big now.

I stood up and walked to him.

Me: baby

I kissed him I was growing like really growing.

Hubby: you need to leave.

Me: sorry?

Hubby: Lala is coning to get you and you will be staying with MaAgnes

Me: but?

Hubby: no butts you living

Me: what if I can help you

Hubby: not now, the 47 know that you are pregnant. But they don't know you are caring three. If they find out they might take you.

I was in tears.

Me: what about you

Hubby: I am taking my operation down and everyone in it.

My eyes popped

Me: baby their gona hate you. Its like you are selling them out. So are gona go down with them and go to jail

Hubby: no.. The 47 is trying to push me around the conner so I going to give the police everything they need to stop all my operations.

Me: but ba....

Hubby: I am selling out everyone every single

person who was under my pay roll is going down but me

Me: their gona come after us they could kill us.

Hubby: I know, and with everything down the drain.

Me: the 47 won't know what to use against u

Hubby: it's gona take time maybe months but it will happen.

Me: I am scared

Hubby: don't be..

He hugged me tight then I felt a needle on my neck.

Then it was lights off for me.

.

I have been staying with MaAgnes and and it's been nice staying with her and Lala. I didn't even know where we were just that we are staying in a very quite place. Karabo came to this place as often as possible. His operations were shut down and they arrested most of the people he was working with. At this moment I was 7months and two weeks and in labour. I was in hell, I swear, God was punishing for all the people I killed.

Me: where the fuck is he, I wana kill him. Haaa  
aaaaahhhh I am dying

MaAgy: shhhh shhhh you will be OK .

Me: take them out I want them out.. It hurts it  
hurts so much MaAgy I want my mother

Lala: your mother is on her way but she will be  
late coz its very short notice and she still have  
to avoid the 47.

Me: ooh God I feel like I am dying ooh gracious  
Devil

I was holding on to the bed and throwing  
everything away MaAgy was busy brushing my  
back and hitting it lightly not that it helped nxaa.

Lala: they are here

Lala went outside to get everything and show  
the doctors the way.

They came in, then we went to another room  
you would swear its the hospital room. One of  
the doctors told me to lie in the bed.

I was in soo much pain I wanted to die. I opened my legs.

Doc1: we are going to perform a C-section on you dear. Your already drained and weak.

I was screaming I wanted to die

Me: I don't care what you do just get this things out of me. Get them out i want them out.

They started preparing for a C-section getting things ready. Then Karabo got in looking sweaty and breathing heavy

Karabo: oohh baby.

Me: don't Oohh baby me you motherfucker this is all your fault

Karabo: uhhhm baby what did I do

Me: I HATE YOU KARABO GET OUT I HATE YOU ITS OVER BETWEEN US I WANT A DIVORCE

Karabo: whaaat!!!

Me: ITS OVER GET THE FUCK OUT OF HERE.

He was so drained and hurt even close to crying. Then I heard one of the nurses saying: she doesn't mean it.

Me: SAYS WHO ITS OVER NOW GET OUT

He attempted to leave

Me: WHERE THE FUCK ARE YOU GOING COME HERE

Karabo: but you said....

Me: I said come here you asshole

He came and I started hitting him cursing him scratching him. By the time the I was settled. I heard him say: we are never having other babies. He was bleeding from all the punches and scratching

The doctors and nurses were laughing I was just waiting for my babies to come out. Karabo was wearing those hospital gowns. Holding what looked like a scissor. They did their thing then I heard baby number 1 crying

Doc1:it's a boy

Then heard another baby crying

Doc2: its a girl

I wanted to cry it was amazing and they were tiny.

Doc1: its another girl

I just cried

Then I saw Karabo coming to me, he kissed me all over.

Karabo: oooh God I love you so much.

Me: I love you more

They put them all in the incubators.

And they injected me with something and few minutes I dozed off.

.

I woke up when someone was brushing my hair.

Me: Mama

Mum: my beautiful Neo

I tried getting up but I was in pain.

Mum: you gona hurt yourself.

Me: yaah.. I miss you

Mum: I miss you more. My babies are beautiful  
joooh Neo you gave me triplets... Ooh my  
babies

Trust my mum to say her babies.

Mum: I brought them goodies

Me: so your not gona Tell me how is dad and  
the rest of the family.

Mum: their OK

She stood up walking to them busy taking pics

Me: what time is it

Mum: just after 8

Me: really wow I must have died and woke up.

MaAggy got inside with Karabo holding

McDonald.

I just smiled. He came to me and smiled then  
kissed me deep

Karabo: I love you

Me: I love you more

Karabo: thank you

I smiled

Karabo: thank you for making me the best man  
in the world and a father

Me: it's a pleasure

MaAgy started breathing heavy and doing weird  
stuff.

MaAgy: I don't see a happy ending

Karabo: what do mean

MaAgy: one of you is going to have to make a  
very hard choice that will divide the children.

Karabo and I looked at each other.

MaAgy: for now everything is well.

Karabo: what do you mean, what did you see?

MaAggy: love, tears & heartbreak.

I just looked at Karabo

Mum: uhhhm OK whatever. So baby since your not breastfeeding were is the formula

Me: I just woke up

Karabo: I will go get it.

Having my three babies is the best feeling in the world. Neo IS the love of my life no doubt about

that. What she gave me no one in these world has ever given me. She gave me the reason to fight and win even harder. My children are my life. Yes! I have taken all my operations down most of my team members are in jail. So after Neo gave birth we moved to another hiding place coz the 47 family were looking for us left right and centre. After the word went out that Neo gave birth, I suspected the doctors since one of them just disappeared. Its OK though I understand how those motherfuckers 47 work.

.

So its been three months now MaAggy was performing a ceremony for the children. Namely Karabo my boy, Sinah and Linah. Lol cliché I know. Neo and I were also planning to leave the country and move to Madagascar. Lala prepared our passports. After the ceremony our transport came and we moved all our things in the car together with our kids and our new found Nanny. We drove to the airport and I went

to lay the babies in a pram and some other people helped us to carry the bags to the jet. When we got inside I was met by Christian drinking whisky.

Me: what the...

Chris: don't

Neo got inside and she almost fainted

A man and a woman came in.

Man: its about time King and Queen

Neo: Oooh My God the leaders of the 47...

She wanted to cry

Me: ooh Shit..

Two guys came from another room. One was wearing police uniform.

Guy: My name is Detective John Van Wyk. Mr and Mrs Letsoalo you are under arrest for.....

.

.

I swear I thought I was dreaming I hardly heard what they said all I remember was them cuffing me and Neo and some other woman taking our kids and the Nanny. Neo was just crying

Ooh God this is a Nightmare.

.

I was really in hell I swear I did not see this coming. I was in the interrogation room alone. All I could think of is Neo were she is and how she's doing. Our babies.. Ooh God. Chris came in.

Chris: so how u doing

I just looked at him

Chris: OK what will make you talk

Me: one phone call

Chris: and?

Me: I wana see my wife.

Chris: OK

My eyes widened, he wants something I know he wants something

Me: what do you want?

Chris: now we are getting somewhere.

Me: uhmmm

Chris: Everything

Me: What?

Chris: I know your wealthy, you are legendary in the underworld you and ur pretty wife

Me: I don't understand.

Chris: we want everything that has ur name on it

Me: but...

Chris: don't tell me all ur operations are shut down coz I know you did that on purpose meaning you can get back in the game.

Me: you want me to work for you

Chris: the 47 family

Me: u must think I am crazy.

Chris: or you will be sleeping with ur children's hands and wifey with their heads.

That really hit home I wanted to kill him.. Then the door opened and Neo got in.

Chris: oooh and wifey has already agreed.

I looked at her.

She ran to me and we kissed.

Then those two people Neo said their the leaders of the 47 got in holding our babies.

I stood up with handcuffs and Neo too the a cop got it and unlocked them and they gave us our babies Neo was busy checking them. And they seemed fine.

Man: and

I looked at Neo and she nodded

Me: I will do it

Chris: good.

Me: my phone call

Chris: he gave me his cellphone

I looked at them with that look that said get out.

Woman: You have 10 minutes

Neo: thanks

They left the room

Me: and

Neo: I get to be with my babies

Me: I need to talk with Brock

Neo: with that phone? His gona know everything you said.

Me: maybe

I dialed Brock's number. He answered immediately

Brock: talk

Me: come and see me

Brock: Karabo?

Me: come

I hung up

Neo: what are you planning

Me: I work for no one

Neo: they are gona kill our kids.

Me: why do u think I called Brock.

Chris and the other members with cops got in.

Chris: why can't I track down the number you called and the conversation you had.

Me: I don't know.

Chris: everything was deleted the moment you hung up

Me: its your phone how should I know

Chris: who did you call

Me: my father

Chris: why him

Me: I was telling him to prepare for his son's head on his doorstep

He laughed annoyed as hell

Chris: then how does he get that kind of a phone.

Me: I don't know maybe Lola gave him as a precaution

He laughed the Mr and Mrs 47 got in and took our babies.

Neo: what now

Mrs: you work for us and ur babies will be safe.

Neo and I went to our different cells. I was in my own cell.

.

The later that night someone opened my cell. I looked at the door and it was Brock with a Bodyguard. I stood up.

Me: I thought you were far away.

Brock: despite everything your still my son.

Me: Neo gave birth to triplets

His eyes popped

Brock: wow

Me: the 47 have them

Brock: WHAT?

Me: I want you to get them and leave with them

Brock: how will I get passed them...

Me: it shouldn't be hard they are somewhere in this police station.

Brock: how do u know

Me: if don't wana help me just say so

Brock: you are asking me to sign my own death certificate

Me: that's the only way you and I can have a relationship. Save my babies and I would know that you mean something to me.

He looked at me and walked out.

God I hope this works.

The later one of the cops came in and gave me

a phone. It rang immediately

Me: sure

Numbers: I thought you would be dead.

Me: how is the team

Numbers: angry but good

Me: I will be with you soon. How is the plan working

Numbers: good

Me: and the security

Numbers: Lala has decided to help a bit coz that place is very high on security and their operations are water tight so its gona be hard to get everything

Me: with Lala in the picture, it will work

Numbers: you sure this will work.

Me: if we hack every camera every security detail we will be able to get an immunity for taking them down. Every good police man

would want to take down the 47 family.

Numbers: OK

Me: get Neo and I proper food

Numbers: sure

.

.

.

.

I was laying in bed all alone when Brock got in my cell. I just turned and looked at him.

Me: u here to kill me

Brock: that's my dream and the only person who can do that is my son.

I just smiled.

Brock: I spoke with my son

Me: you did haa?

Brock: he wants me to help him get his children back

Me: what?

Brock: the 47 will kill your triplets. Deal or No Deal they will kill them

Me: OMG

Brock: I will help you

I just knew right there he wants something

Me: what do you want

Brock: you! out of my son's life for good

Me: What?

Brock: if I help you; you have to live my son

Me: with my kids

Brock: hell no

Me: their my kids

Brock: their his kids too

OMG this guy is evil

Brock: so

I just cried this was too much for me

Brock: No deal they die. Deal you leave for good.

Me: OK.. But.....

.

.

\*KARABO\*

.

.

The next day came and the 47 came to my cell and they looked so angry. Then they pushed Neo inside.

Chris: I could get you beat up but I am afraid you might die.

Me: what's going on

Chris: is that a trick question

Neo: we agreed to work for you what more do want.

The leaders of the gang came in

Mr: since you decided to do things your way. We decided to up the stakes.

Me: what.

Mrs: there won't be any bail hearing, your sentencing is at 14:00

Neo: Sentencing?

Chris: that call u made, was a set up to come get your babies

Me: what?

Mr: you playing dumb right now it just makes you look stupid

Me: fine yes we did it

Neo: to save them.

Chris: we had a deal

Neo: but u were going to kill them anyway

Mrs: mxm get them ready.

.

Few minutes later we were in court with the 47 family only and the judge. And he was sentencing us.

Judge: I will sentence you separately.

Judge: Karabo you are found guilty on all your charges brought against you although you pleaded guilty to all your charges but that does not mean I will be gentle. Human trafficking, gold, diamond and drugs smuggling that's very serious. So you are sentence life in prison with no possibility of parole

.

Neo the wife! you are also found guilty on all your charges so I sentence you 25 to 30 years in prison you will only be able to apply for parole after you have atleast served 15 years in prison

with good behaviour.

.

Your children will be taken to foster care since no relatives are found or available.

My so called lawyer stood up.

Lawyer: eehh sir the children are nowhere to be found.

Judge: what do you mean

Lawyer: Apparently they were kidnapped

Judge: WHAT? Why was I not told about this

Lawyer: it just happened this morning sir.

Judge: OK.. The court is concluded you can take them to their cells now.

We were going to the same prison just different because its divided by males and female. I got there, took off my clothes, showered (compulsory) and they gave me my jail clothes and when I got out one of cops told the guys to

go and he led my way to my cell and I saw  
Numbers.

Numbers: wow you look sexy in ur uniform

I laughed

Numbers: right on time

Me: this is fucked up

Numbers: what were you thinking

Me: I don't know

Numbers: the kids

Me: I sold them to the devil

He was shocked

Me: it was the only way we could save them

.

.

\*NEO\*

.

.

I was just drained but thankful that my kids are OK. I was making my way to my cell. When I bumped in two Isis

Isis: my my my and they say dreams don't come true in hell.

I looked at her and turned I saw her little hood rat.

Isis: see you soon love coz this house is my yard my world mxwaa mxwaa bye sexy

Me: oooh shit

I was with Lola at Nthabi's place. We were going to South Africa to help Mastermind and Neo. We are leaving the kids with Nthabi and Kgothatso and Kgothatso's mum of course. Lola gave birth to a baby girl about a year ago. I

had just finished packing about to take the bags to the jet. Yes the yard is huge and we have our own private jet at home not at the airport even though we have to report to the them when we leave. When we got inside I found Lala inside with Stones

Lola: and then

Me: how did you..... U know what never mind

Lala: we thought you might need help.

Lola: well now that you mention it..

Lala: twin, you gona need to get in SA without the 47 knowing and I am the only one who can help

Me: she's right

Lola: of course she is

Stones: were is Kgothatso?

Me: shopping

Lala: OK can we go now.

Lola: sure

Me: we bungled up and the jet took off.

.

After a while we were about to reach South Africa.

Lala: I need to tell you something.

Me: this gada be good.

Lala: Brian is in SA

Me: Brian.....

LoLa: what do you mean?

Stones: she means Brian went to SA to save his daughter.

Me: how the hell did Brian....

Lala: Brian Bacca

Me: I don't understand

Stones: Brian has finally embraced his father's shoes

Lola: WHAT.. he would never.....OMG

Lala: he has already taken down almost half off their best man.

Me: what?... What? how? Why?

Stones: Neo is his daughter... A man can be capable of anything if their daughter is going through shit like Neo is going through.

Me: what does this mean

Lala: it means we are walking in WW3.

Me: Fuck

I guess we all gada be prepared to die.

.

.

\*KARABO\*

.

.

I was with Sticks and Numbers. Msola just got

in about to tell me about Neo.

Msola: Apparently Isis and Tina are the leaders.

Me: leaders of what

Msola: they own everything even the guards worship them.

Numbers: what about Neyo

Msola: they are contemplating to make her life a living hell.

Me: excuse me

Sticks: why the hell would they do that.

Me: shit....

I said that with hands on my head.

Numbers: what is it..

Me: the 47... They are under the 47's payroll

Numbers: what?

Me: they are planning to make Neo's life a living hell, with that they can do whatever they want.

Sticks: man that's fucked up you need to do something

Me: I need to get in there.

Msola: where

Me: ladies cell

Sticks: you joking right

I gave him an intimidating look

Stick: OK you are not joking

Me: I know you guys go in there to fuck some of the girls.

Numbers: it won't work

Me: sorry

Numbers: joooh the 47 are watching Nayo don't you think they will know when you get your time with her.

Me: it will only take a minute or two

Sticks: maaaaan... Stop lying we know your

craving for her.

Me: wadeva but I need to make sure she's OK

Numbers: you gona get us into trouble. AGAIN.

.

Hours later the guys agreed to take me to the ladies prison later. Then while talking and playing cards the warden called me and unlocked the bugler. I stood up and walked out he showed me the office I should go to. And surprisingly I was met by Chris.

Me: wow you must really like me.

Chris: mxm dude I am not here to play games

Me: OK

Chris: Brian Bacca

Me: Brian Bacca?

Chris: I know his working for you

Me: OK then why are you here

Chris: listen here Mastermind me and my family are capable of reaching in prison.

Me: dude you just came here to tell me that you know that this Brian what what is working for me how the hell should I respond to that. Coz you said you know.

Chris: so his not working for you

Me: I have never met him I was young when he died. I think 6 or 7 year of age.

Chris: I know. Stones killed him

Me: so then why are you here

Chris: were is his son

OK he caught me if guard by that.

Me: how the hell should I know.

Chris: I know Bacca disowned his son but the only person who knew the ins and out of his work was him. For more than a decade close to

two decades his operations where stone cold now you and your wife get arrested the suddenly they are open up and running.

Me: seriously? So u think I have something to do with it

Chris: his son disappeared when his family chased him away. Something about him impregnating some girl.

Eish this guy is getting close, if he finds out Neo is Brian's daughter all is gone.

Me: are u teaching me history now.

Chris: fine you don't know him you were young but you will help me.

Me: Sorry?

Chris: I can make Isis kill Neo.. Right now! if you don't get me what I want

Me: dude I am in jail how am I gona help you.

Chris: ask Lola

Me: but..

Chris: this man took out all our man in the inner circle. He has bombs set up everywhere. And watching our every move.

Me: what if is not even him

Chris: its him, no one can do this but him, Bacca taught him everything.

Me: you are asking me to look for a Ghost

Chris: No I am asking you to save your wife.

He stood up and went to the door

Chris: you got 5 days.

He got out

I smiled to myself. 5days haaa I am giving you 3 days.

Me: why are you doing this

Isis: pay back time

She took out her phone.

As I try to kneel down or hide. This can't be happening to me not like this nooo. I started crying

Isis: I want you to scream baby girl. I want Mastermind to be motivated to do what the 47 are asking him to do. And you three I want you to tear her pussy apart.

She said that taking out her gun. And smiling

This is a nightmare this can't be happening. No

off the my trouser same time with my undies. I

screamed so loud praying for a miracle.

Me: please don't do it I beg you...

Guy1: I have been craving for you for a very long time. Tight fat ass

They laid me down on the floor on my stomach and tried opening my legs. They held me so tight with my legs slightly open and the guy with a condom spanked my ass a little. And before I knew it the was blood on the floor. I felt my body get loose and all the guys on the floor with blood. I was too traumatized I didn't know what was happening. Then I got up and turned around and all the guys were dead. I saw Isis putting her gun down together with the phone. I saw my dad getting in. For a moment I thought I was dreaming.

Dad: you OK

I just nodded

Dad: get dressed

I wore my clothes while still shaken, he was alone and holding a gun with a silencer on. He looked at Isis.

Dad: take your gun and shoot yourself in the head.

Isis: what?

Dad: do you want me to get 3 huge man to fuck your pussy and do that for the whole year

Isis: uhm m m m m m m m

She looked so terrified I have never seen her like that.

I guess my dad got irritated and shot her in the head. He took out his phone and made a call.

Dad: I want you to come clean up. And take the rubbish to their door step

.....

Dad: cool

He hung up

Dad: I am sorry baby

I went to him and hugged him very tight

Dad: you will be OK

I just cried I was soo drained.

Few minutes later a couple of guys came wearing police uniform. And they took the bodies and cleaned up the mess.

Dad: I will get maximum security on your cell right away

Me: who are you? What are you?

Dad: I am your father nothing more. I will get people to pimp up ur cell as soon as possible.

Me: I want to see Karabo

Dad: OK I will arrange it

He then handed me a phone.

Me: What about the guards and the Chief police what if they find all this.

Dad: let me worry about that.

Me: thanks dad

Dad: I lost 19 years of your life, I making things right.

I just looked at him, something was not right about this.

Dad: let me go I love you.

Me: love you too dad..

He made a call on his phone and told me Karabo will be here soon.

Dad: were are my gran Kids

Me: ugggmm uggmm

Dad: Neo

Me: Brock

Dad: Karabo's brother/ father. Are you two stupid or just plain dumb.

Me: dad please

Dad: Please what Neo. Brock is the Fucken Leader of the 47 he is trying to kill you and make you and Karabo break up.

Me: No No Brock is scared of the 47 I saw him

Dad: OMG he fooled you two didn't he? Damn his good you know what, let me go baby I will see you soon

I was to shocked to say anything. I mean how could Brock have fullled us all, this is mess...

I was out of my mind right now I was waiting for a clearance from the guards to tell me I can go see Neo. While I was all frustrated, Neo's father got in my cell.

Brian: are you stupid

Me: excuse me

Brian: Neo told me about the triplets

Me: what about them?

Brian: you gave them to Brock, the leader of the 47

Me: no no no Brock is working for the 47 not their leader.

Brock: think about it Karabo, why are you still alive, And your team but making Neo's life a living hell. Think about it. Why do you think I am here. To save my daughter.

Me: I can't believe this no way

Brian: she was almost raped Karabo, if I didn't get there in time....

Me: WHAT.....

Brian: his trying to destroy Neo to a point were you and her can't be together. You have it easy

in prison and Neo is suffering, does that make sense to you

Me: ooh God

Brian: have they ever threatened to kill you or beat you up.

Me: no but this can't be happening

Brian: he wants you to take over his operations and he has made it his mission to break you and Neo up.

Me: but I would have done that with Neo

Brian: No, Neo was suppose to marry Sam.

Me: but why him?

Brian: coz his your bloody brother he is Brock's son

Me: WHAT

Brian: the leader of the 47 can't be married or have a woman by his side just a son that's all they need.

Me: Sam?

Brian: your half brother. A good guy who can marry Neo. Brock still needed Neo on the team just not as your wife. He wanted Neo with Sam so that they can produce an heir that he wanted to raise. But since you two stayed together and have kids, it still favoured him coz you got a son.

Me: that he will raise?

Brian: yes and now that things didn't go his way he wants Neo to suffer before her untimely death

I was Mad I was furious how can he be so ruthless. His gona pay for this. With his life.

Me: Brock is dead HE IS DEAD. AND I AM GONA KILL HIM.

Brian: you need to calm down

Me: get me out of here

Brian: wait I can't just...

Me: I know your looking for Brock and I know were he is, so I want you to get me out of here so that we can work together

Brian: are you serious right now

Me: we both have a common goal here... Brock Dead. You wana shake on it?

We kissed and we continued kissing. The kiss got heated, he then took off my clothes wile I

After my hot session with my love. I got up and  
got dressed.

Neo: I am coming with you

Me: haaa

That took me by surprise

Neo: I can't stay here without knowing where my babies are.

Me: Brock has them

Neo: I don't care I want my babies

Me: your father...

Neo: don't tell me about father I'm going with you two and I am going to save my children I want my kids Karabo.

She said that getting up and wearing her clothes, I didn't know what to say anymore. Then someone opened the bugler opened the curtain.

Lola: OMG you two were fucking

Luckily I was wearing my trousers and shirt.

Then Lala, Stones and Zakes got in.

Neo: what ya'll doing here.

Lala tossed us a plastic of clothes and a bag full of guns and knives.

Me: what's this for.

Lala: Brian gave me, you are all going and I will be staying here with Sticks, hacking their security system making sure you don't get yourself killed.

Neo: OK thanx can you leave now so that we can wear our clothes and prepare ourselves

Me: Neo baby please

Neo: No Karabo those are my kids too and I want to make sure they will be OK

Me: I will make sure; their my kids too

Neo: I am going and you better not stop me coz I will make you regret it for the rest of your life when I look you in the eye and see you take the last breath.

I just swallowed hard when everybody left the room and we got dressed. After getting dressed, Brian got in with two cops.

Me: and then

Brian: they are here to help you two to escape.

Neo: oooh.

Brian: I have my people look into your case so that when we are done you will be able to go back home with your kids

Neo: thanx dad.

We were shown our way out. We found 4 different cars outside. I obviously got inside a Gusheshe with my love. Its time to get rid of that motherfucker once and for all..

All the cars were following us. We had earpieces with us. We parked a lil far from were he stayed. Karabo turned and kissed me, we

Karabo: I love you

Me: I love you too.

All the cars parked and everybody came. Me, Karabo, Lola, Brock, Dad, Msola, Numbers, and 7 extra guys I don't know.

Karabo: Now this is the plan. I will use the main entrance. He will let me in. While the gate opens Lala and Sticks will keep the electronics off then you guys can cut the electric fence without your ass be shocked and get in.

Brian: now I see why they call you Mastermind coz I was struggling to come up with a way to get in.

Lola: you have no idea

Karabo: get your silencers ready. I will be going straight to him, I know he knows why I will be there.

Brian: I was about to tell you that he knows

but.....

Karabo: I know Brock he won't kill me but he will defiantly hurt the people around around me especially you ( he said that looking at my dad) and Neo.

Me: he won't kill Lola coz he wants her to work for him and if he finds out about Lala 's skills he will want both of you.

Lola: won't stop me from burying his head.

Karabo: no I will kill him. Are well all ready

Stones: No are you ready

Karabo: of course I am.

Numbers: Broe that man is still your father

Karabo: I already have a father

Zakes: OK time to go

Karabo: anyone wants to back down.. Babes

Me: I just want my babies

He kissed me on the chick..

Let the Games Biggin. Brock Check.. I said that

I got inside the car without Neo of course, they  
went to the house bare foot. When I got to the  
gate, the gate opened.

Me: open

Lala: OK we are in

Then some guy came out and I opened the  
window

Me: is my father in

Guy: ooh ya sure sure.. You can come inside.

The gate opened wider and I got in and got out of my car and went straight to the living room door. And I found Brock with my son Karabo.

I just stared at him

Me: why?

Brock: I didn't want it to come to this son

Me: and yet you let it

Brock: you forced my hand

There was a cot in the room he put my son inside.

I took out my gun and pointed at him.

Brock: you won't shoot me.

Me: you wana bet?

It was a blood bath. After Lala gave us a signal we cut the fence and got in. Everyone went their separate ways. We were shooting everything and everyone that was not one of ours. Brock really has a lot of guards. I was so tired and my bullets were just about to be finished and I had to use knives and my own skills. I just wanted my babies. I finally made my way inside the house through a window. I stabbed one guy and took his guns and started shooting. They did not have silencers. I made my way downstairs and I found 4 guys and Karabo pointing a gun at Brock and a cot next to Brock. Those guys were not pointing their guns at Karabo but at my direction.

Brock: you never disappoint do you

Me: I aim to please.

Karabo: you won't kill her

Brock: I won't pull the trigger.

Karabo: why do want Neo gone

Brock: because you will take over everything when I leave.

Me: you mean die

Brock: you won't kill me

Karabo: I am not so sure coz I am about to pull the trigger coz your goons right there are trained to kill my Neo.

Brock: lower your guns guys.

They did

Brock: now!! I will leave this place without anyone following me or trying to kill me.

Me: haahaaahaaa you are so funny

Karabo: and why would we do that

Brock: coz Linah's life depends on it

Me: excuse me

I rushed to the cot and I only saw Sinah and

Karabo

Me: where is my baby, KARABO he took my baby  
I marched to him and held him by the clothes.

Karabo was shocked

Karabo: Seriously

He pushed me off and Karabo marched to him  
and punched him. He didn't hit back or fight  
back.

Stones got in and pulled him away

Karabo: where is my daughter you asshole

Brock: safe.

He took something out of his pocket and threw  
it at Karabo.

Brock: I am going underground and I will raise  
Linah. Someone has to take over the operation  
after you. I could have taken Karabo but I am  
not heartless. Follow me and Linah is dead.

That is everything and every code you will need

for the operation.

Me: she's my daughter

Brock: and my grandchild

Karabo: don't do this

Brock: don't worry I will send you videos and pictures and you will get moments on Skype to talk to her.

I was drained and helpless.

Brock: if you follow me ur daughter will die and I am not joking

Brian: you are evil, your own son, all because of money.

Brock: it takes one to know one. And we all know that this is more than just money.

He started walking to the door.

I just looked at him and held my daughter while Karabo held our son.

Then we saw a helicopter and stairs going

down and he climbed a bit. And the helicopter flew off. I just broke down.

.

My daughter oooh God Linah. Karabo and I just kneed down with our Children crying.
