Voice: Baby wake up..

I slowly opened my eyes and my boyfriend was up straight next to me.. My heart was beating fast, i was sweating like someone poured water on me, im finding it hard to breath too, i just don't know what's happening but what i know is that the fear i was feeling at that present moment, couldn't be compared to anything....

He pulled me closer and hugged me..

Me: i had the dream again!!

I was now crying uncontrollably as he was trying to calm me down..

I wish those words could console me and make me feel safe, but they don't because my father is still on the loose and he might come back to finish what he started.....

everyday i live in fear that he might burst through that door and point his gun at me and this time around he will make sure that i don't make it, just like my little sister didn't make it....

My name is Laurian Njaay, and today i am 27 years old about to turn 28 in 2 months time...

My father is From Gambia a country in the western Africa and

my mother is South African.....

My father moved to South Africa a few years ago, i think 6 years before i was conceived in search of a better life since things weren't really going well for him in Gambia....

Fate had it and it didn't take him that long to thrive and have his own businesses....

My father owns 2 successful restaurants and has a taxi business that is making him a lot of money...

He fell in love with my mother who was a nurse at that time and they got married, then later on they were blessed with 2 beautiful daughters me and my sister, with me being the first born....

As much as i would like to say that my life was perfect but in actual fact it wasn't.. My father is in this cult called "The Superiors" ..

Its a group of men who are successful and Empower each other. They have different religious beliefs from the ones that we are familiar with...

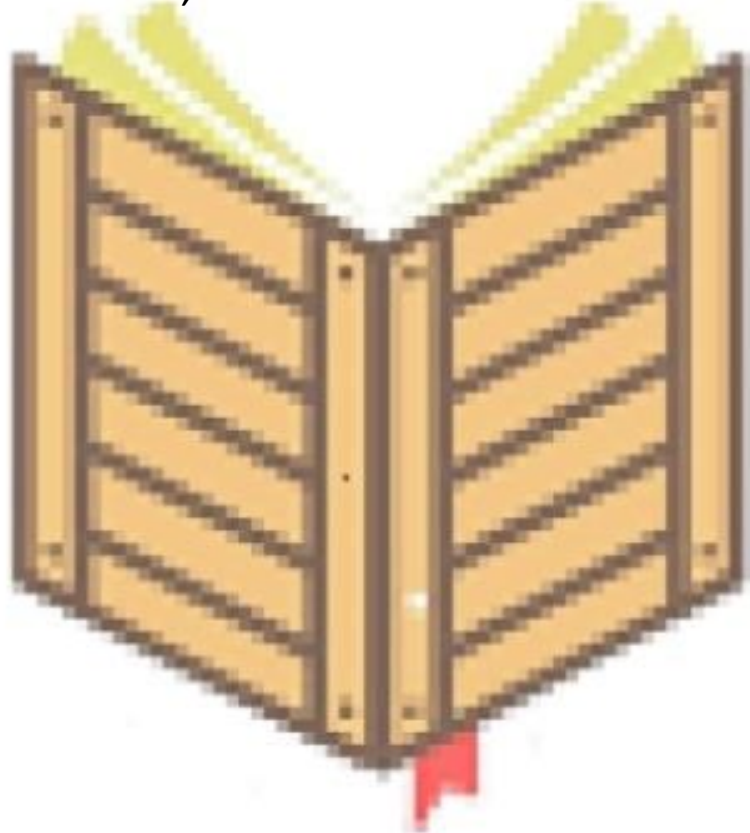

One of the biggest things that they practice is "Honour killings" Whereas a father is allowed to kill his wife, or daughters if they bring shame to the family and also if they are disrespectful...

Unfortunately me and my sister we were Victims of the honour killings, and miraculously i survived but my sister didn't she met her untimely death right after my father shot her twice in the head and chest.... I was shot in my chest too and on my hip

bone, but then it wasn't my time yet to go so i made it.. You might say my father is evil, but my mother is the most evil one because she is the one who led us to be killed by my father... My story doesn't start now, but it starts 5 years ago when i was just 23 years of age....

1

It was a Monday morning and i had just finished dressing up. I was wearing my denim long skirt, my purple tshirt and my purple pumps...

I looked myself in the mirror while perfectly putting on my doek..

Yeap this is my life, ever since i was 19 years old after finishing matric ive been dressing up like this because my future husband paid Lobola for me at that time... Unfortunately he was diagnosed with cancer when we had to get married and since from then, his been in and out of hospitals because of poor health..

I am supposed to marry a man who is old enough to be my father and a grandfather to my future children, he was chosen for me by my father and the cult... It is Another rule of theirs that if any man from the cult has a daughter, their daughter must marry one of their own....

Unfortunately i couldn't further my studies after matric because my future husband didn't want me to go to Varsity, instead he helped me to start my own hair salon in town..

I have had that salon for 2 years now and its doing pretty well i won't lie, because i even managed to buy myself a ford figo....

My little sister Leah is 21 years old, and studying medicine at Wits.. Unlike me, Leah is not to be married soon because my father hasn't found a suitable partner for her so that's why my father agreed for her to go to Varsity...

I am not allowed to go out with friends to have fun, i am not allowed to even have any friendship or communication with guys, i am not allowed to go out other than on Saturday when i go to my book club where we discuss and review novels....

Reading is not only my hobby, but it is therapeutic for me because i can lose myself in those fantasy and fairytale novels..my current favourite is "Cindirella" one might laugh and say im too old to be believing in fairytales but i also wish that someday my Prince charming can come and rescue me from this horror and nightmare just like it was done for Cinderella.. Quite funny i know....

I looked at the time it was 7:00 am, that means everyone has to be gathered at the dinning room table to eat breakfast together as one big happy family, and that rule was enforced by my father...

NOVELSGURU.COM

I made my way to the dinning area where my father was already sitting at the table.. I stood at the door and took a deep breath before sitting at the table with the devil himself..

I opened the chair and sat opposite him..

Me: Good morning daddy

I said that in a very low and soft voice, that's how we ought to talk to him with respect we should never raise our voice at him..

He put the newspaper down and looked at me..

Him: Morning Laurian..

My mom was the only one allowed to miss breakfast but only for this week because she's been working nightshifts and come back home in the early hours of the morning All tired..

Him: Where is your sister?

Leah always rubs my dad the wrong way..

Me: i.. I think she's getting ready..

He looked at his wrist watch.

Him: We should be leaving at 8:00 she's gonna make me late for my appointment..

My dad is partnering with one of the men from the Superior-cult they going to start a construction company together..

Dad: When last did you went to visit your husband?

I don't know why he keeps on referring to him as my "husband" he only paid Lobola we not married yet although i have this big

diamond ring on my left finger, and the reason for that is for people to think that im married...

Me: i went to see him yesterday

Him: Are you waiting for me to ask how he is?

Me: Im sorry daddy, he is still not good..

Him: i should search for a good Oncologist..

My husband's name is Daniel, if i could call him that even though we not married yet. He has 3 kids and divorced,his first born is even my age..

Dad: We have put this wedding on hold for far too long now..

I didn't care about anything, all i wanted was for this Daniel to die already..

He looked at his watch again..

Him: Where the hell is that damn sister of yours?!!

He was getting upset and i know hell breaks loose when he is upset..

NOVELSGURU.COM

I stood up.

Me: ill go and get her daddy..

I quickly made my way to Leah's bedroom...

I opened the door and Walked in to my surprise she was still sleeping, this girl must have a death wish..

I went up to her and started to wake her up..

Me: Lee wake up!!

The was no movement...

I shook her hard this time around..

Me: Lee wake up yong!!

She opened her eyes and looked at me..

Her: Go away Lauri.

Me: Did you see the time? Daddy is gonna kill you!!

She raised her head up and looked at the clock..

Her: No..no.. no.. Why didn't you wake me up?

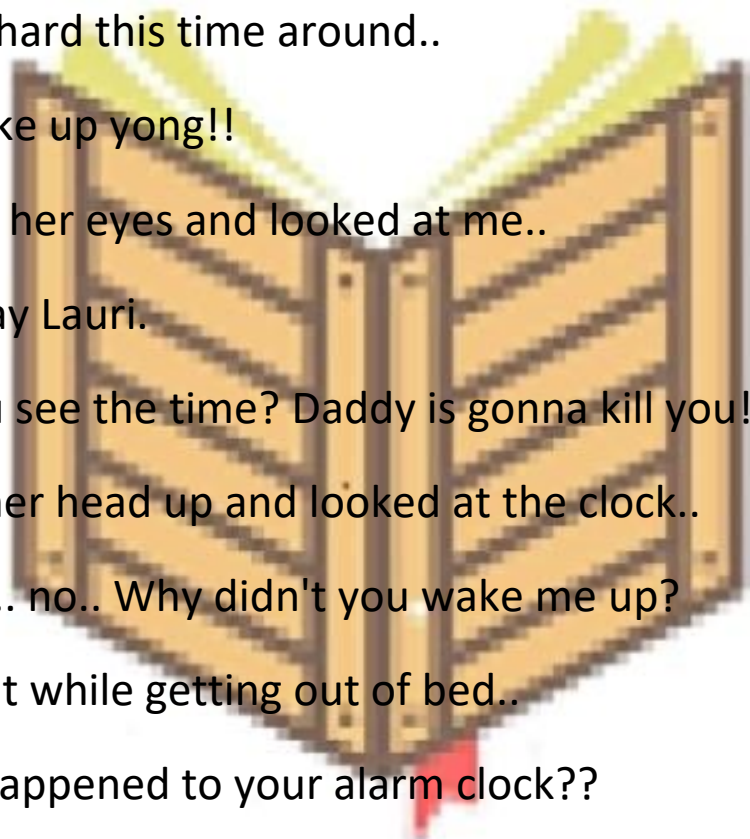

She said that while getting out of bed..

Me: What happened to your alarm clock??

She put on her sleepers and made her way to her bathroom..

Me: hurry, you know what don't even bath just brush your teeth

wash your face and armpits then dress up ill try to go and Stall dad..

She showed up from the bathroom with her toothbrush and toothpaste..

Her: Okay do that..

I made my way to the door, and when i opened my dad was already standing on the other side..

Me: Da...

Before i could even finish, he pushed me hard out of the way and i fell.. He was very angry and breathing heavy like a bull, what was left, was a smoke to come out from his nostrils and ears..

Him: Where is that piece of disrespectful tart? (yelling)

I was very scared for my sister as my dad made his way to the bathroom and locked the door, all i heard as i was getting up from the floor was my sister screaming and yelling "Im sorry daddy"...

[LAURIAN] My mother was trying to stop the bleeding that came from Leah's nose, my father had punched her and kicked her several times.. My father doesn't care whether you are a woman or a man, he will beat you senseless by punching you, kicking you, and sometimes he would go as far as using hard objects like a steel rod or throw a chair at you..... I looked at Leah who was sitting on her bed busy sobbing with alot of blood that stained her Pjs.. Mom: Thula phela Leah askies.. Me: Maybe we should take her to the Doctor.. My mother turned and looked at me.. Her: Are you out of your mind? Me: Mom he might have broken her nose, she needs medical intervantion.. Mom: i am the medical intervantion and i am intervining.. It was useless talking to her because she will always take his side.. Her: Plus we can not afford to attract such attention, what are we gonna say to the medical personel when they asked what happened? Me: We gonna tell them the truth.. She sent out a mocking giggle. Her: Then we can be on our way. Leah: Laur.. Lau.. Ill..be..fi..fine.. I looked at her, she looked far from being fine.. Mom: by the way ain't you supposed to be at the Salon? I shook my head no.. Me: Leah needs me more.. Her: Im here, ill take care of her. I looked at Leah, and she gave me a look that said "you can go ill be fine".. I went up to her and kissed her on her forehead... Me: Stay strong, i love you.. She nodded.. I went out of her room, to my room to get my things.. When i got to

my room i couldn't stop the tears, my sister is just 21 and already a Victim of severe Domestic abuse not that im better but i feel for her more because she's young.. I wish my father could see how much he is breaking us, how much he is turning us to have this negative perception about men being monsters.. I wish that one day he could pay for all his sins, and for the people he has hurt before... I took my bag and made my way to my car.. . [AUSTIN] I walked into the boardroom wearing the same clothes that i was wearing yesterday. Was a blue denim Jean, a red tshirt, red&white sneakers with a cap.. My mother was standing in front of the whole team and doing a presentation of some sort.. Her: and what do you know, our soon to be CEO has finally decided to join us after an hour, can we please give him a round of applause he is setting a good example for all of us... They started clapping.. Mom: Please go crazy cheer him up!.. The noise that they were making, made my headache worse... They settled down after a minute or so.. Me: Thank you very much

all of you are far too kind. I could see that comment irritating my mother a little.. Her: Anyway back to what i was saying.... She started talking and talking i was tired, i was drained, i felt like 3 trucks had ran into me.. All i needed was my bed, and not my mother being a Loud speaker..... Someone woke me up by

hitting the table hard, i didn't even realise that i had dozzed off... Mom: Are you gonna make it throughout the whole meeting? Or should we get you a bed? Me: i don't need a bed, i just need you to stop fucking with me right now and carry on with what you were doing... The staff started to make slight comments.. Mom: Can i see you in my office? Me: You forgot to say "Please" Her: Now!! She said that while walking out in her high heels that made irritating noise.. My mom takes very good of herself you would deny that she's in her mid 40s, when we in public people think that we siblings or she's my girlfriend... Her: Close the door. I closed the door.. Her: Are you happy right now? Me: *Yawning* Her: Are you proud, does what you did back there make you feel like a man? Does it make you feel like a CEO? a true leader? Me: You the one who started first.... Her: You know Austin you really need to start getting your priorities straight whether you wanna take this mine to the next level, or you wanna run it down the drain.. Me: i could actually run this company if you step down and let dad's lawyer mentor me.. Her: Hey!!! (yelling) Her thin voice pierced through my eardrums.. Her: i am a damn good mentor, i have been running this company ever since you were 16! I am not gonna stand here and let you doubt my leadership skills!!.. Me: Are we down? She looked at me for a very long time... Her: You know what i don't even know why im doing this, we have been here before.. Me: alot of times.. Her: This talk is not helping either of

us.. Me: Not helping us at all.. She then clicked her tongue and Walked out.. My mom likes being dramatic for no reason at all, if it i didn't know her well i would've entertained her.. I also went out to my office, and just slept on my couch there.. .

As the day went and clients started coming in the salon i felt a bit better..their funny chats, and loud laughs made me to forget about my problems at home....

One thing about me is that i create a very close bond and relationship with my clients because i know that if i sell them not only my good skills into making their hair look great, but if i sell them my good attitude too and my warm friendly smile they sure to come back again..

Kay and Menzi also practice that norm too, that is why we never run out of clients in the salon..

Menzi and i mostly do hair while Kay does manicure and pedicures, but we make sure that we know how to do everything so that if one of us is not available we do don't get stuck..

It was around 11am, and we have had about 6 clients so far....

It was now a bit quiet, i was holding down the reception while Kay was doing a manicure and Menzi was sweeping the floor..

The door bell rang as the door opened notifying us that someone is coming in, i left what i was busy with for a second and looked at the door..

It was a guy named Sandile, he works at the coffee shop next door and he is a good friend of ours at the salon..

Kay: here comes our freshley prepared muffins.....

Sandile: Sorry Kay not today, this ones are specialy made for Laurian...

Kay rolled her eyes while she made silly sounds...

Menzi: Im telling you Kay life is bad on our side..

Sandile made his way to me.

Him: Morning...

He had a beautiful smile too..

Me: Morning..

Me: Thank you

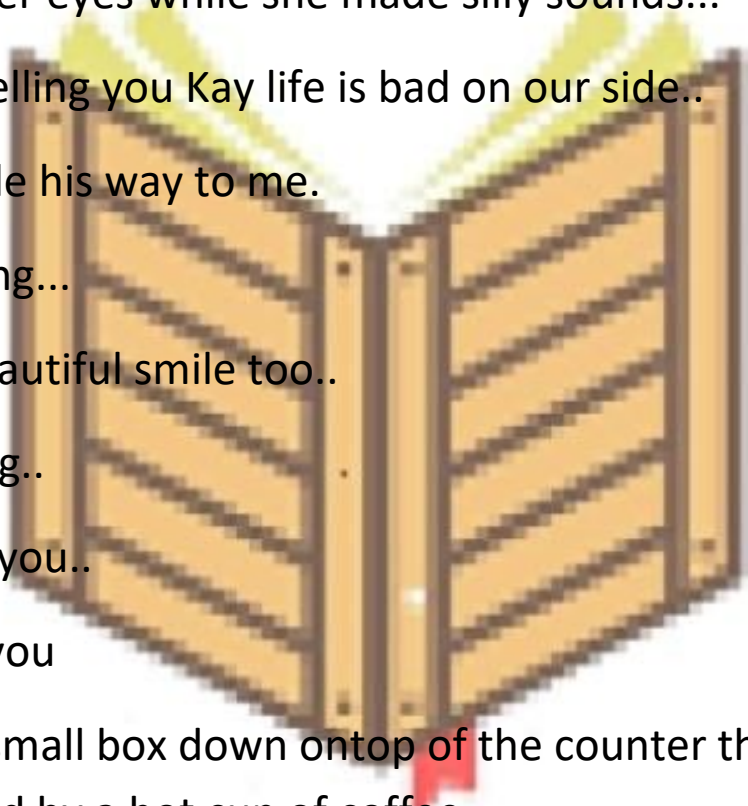

He put the small box down ontop of the counter that was accompanied by a hot cup of coffee..

Him: i hope you haven't had breakfast as yet..

Me: uhm unfortunately i did, but ill surely have this for Lunch..

Him: Your coffee would be cold by then..

Me: ill drink it now...

Me: Sandile you always bring me food for free, i don't like that at all i feel like i should pay you back sometime..

Him: You can pay me back some other time, just not this time..

Me: Thank you

Him: You welcome

There was some moment of silence after that.. And that moment was interrupted when the phone rang..

Him: i guess ill see you around..

Me: Okay..

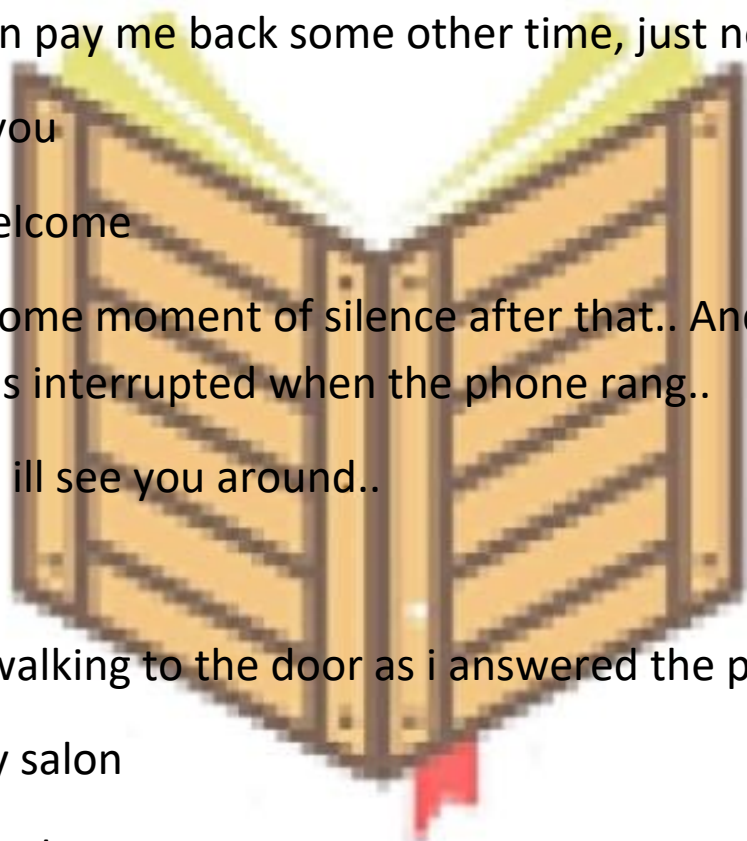

He started walking to the door as i answered the phone...

So there i was in his ward fixing his pillows, today he seemed a bit better than he was the past few days.. I wasn't really happy about his recovery because my father would start forcing the marriage issue and i don't see myself being this man's wife...

Its just not right no matter at which Angle you view it and that's gonna traumatise me for a very long time...

I imagine my first time with someone probably my age or a bit older but not grandpa old.. It doesn't matter whether i lose my virginity in a shack or in a horse stable, but as long as Its gonna be with the guy that i love..

There more my father enforces this hell life on me, the more i think about Cinderella or Snow how they were saved from their evil step mothers, but in my case from my evil father...

I always dream of my Prince coming to rescue me maybe not how it was done during the Cinderella days,he can do it the modern way you know kidnapping me and we go far away from here.....

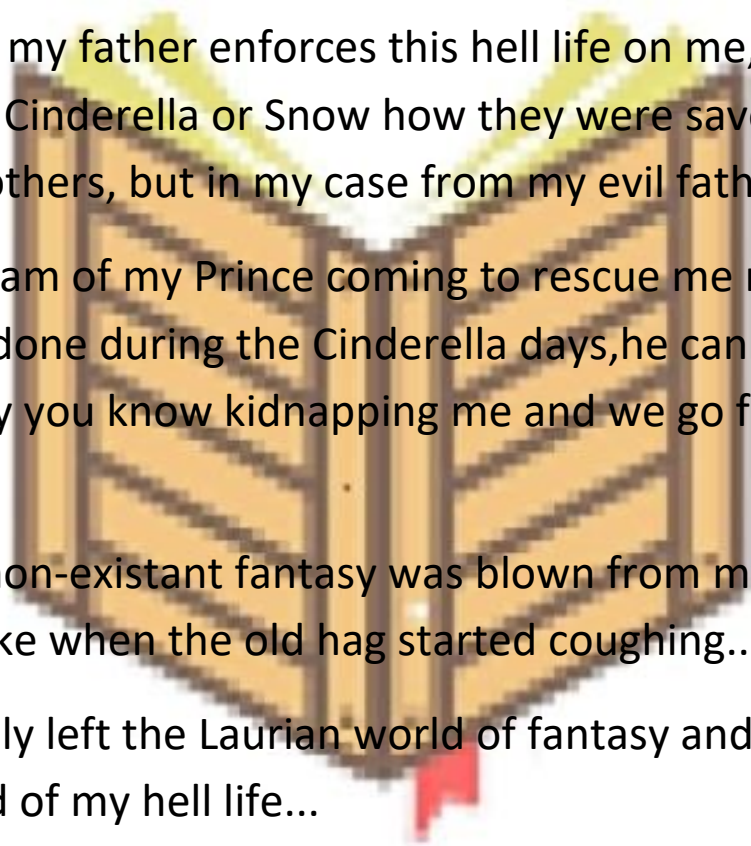

My partial non-existant fantasy was blown from my brain like a puff of smoke when the old hag started coughing...

I immediately left the Laurian world of fantasy and came back to the world of my hell life...

He extended his pale and wrinkled hand to mine..

Him: Im getting better..

He said that while smiling at me. I always try to avoid the "Romantic moment" because Its just too awkward for me.. I slightly got my hand from his, and started fixing the pillows again..

Him: Nkosazana the pillows are fine..

That is what he named me.

Me: i don't wanna sound disrespectful but...

Him: but?

Me: isn't your wife coming to visit you today?

Him: You want her to come?

I got scared a bit..

Me: No i.. Im sorry i was just asking out of curiosity because she comes everyday..

He smiled..

NOVELSGURU.COM

Him: Relax, i won't tell your Father that you were asking about my wife...

Daniel is not the type to snitch on my father about me, but when i mess up i always have that fear that my father will found out somehow because he always does..

Him: Come lie next to me..

Me: The bed is not big enough for us..

Him: It will accommodate both of us..

Well im not big

im actually a size 34...the other reason why my father forces me to always wear long dresses and skirts, is that other men shouldn't see the shape of my body.. He considers jeans too "filthy" for a woman who is married or is about to get married..

I took off my pumps and got in the bed with him, while my head laid on his chest..

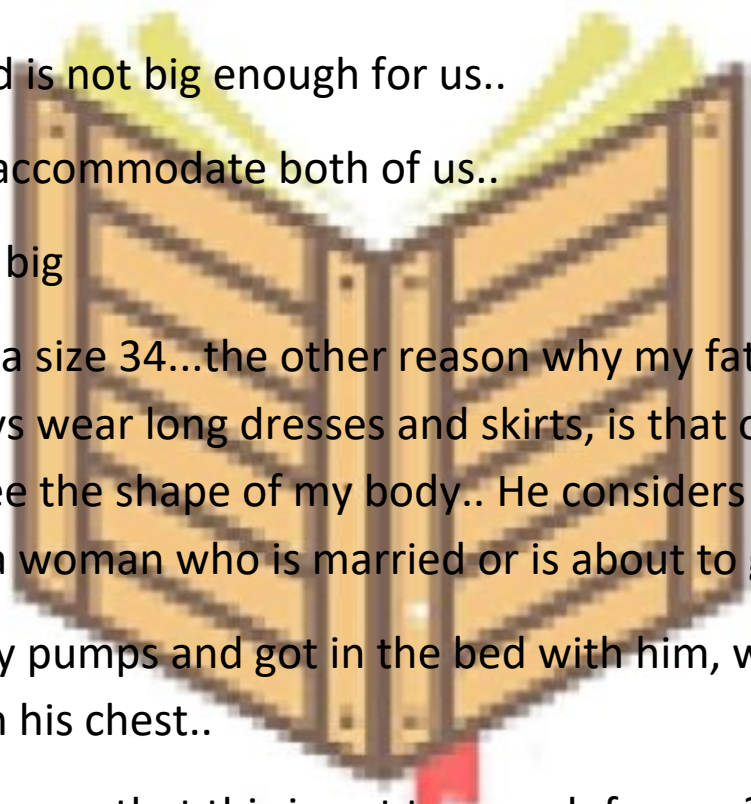

Me: Are you sure that this is not too much for you?

Him: Relax i am fine..

He kissed me on my forehead..

Angelica and her friend decided to leave after an hour or so, and i offered to walk her to her car, while the friend was walking behind us.....

She chuckled..

Her: Im not easy, just because you bought me a few drinks doesn't mean im gonna give it up..

I was busy sorting out the Shampoos on the shelf when i heard a male voice talking behind me..

I turned around to attend whoever it was and it was this handsome, hot, and charming guy standing at the other side of counter...

I went closer to the counter and at that moment i don't know what happened, we just stared in each other's eyes.. I wish i could explain more but it was just a moment that i couldn't explain..

Him: Hi..

Me: hi..

We continued starring at each without saying anything for a while, until one of us gained the courage to say something..

Him: Im Austin and.. My sister Cherie sent me..

Me: Ohw ya she did call..

He took out his card and gave it to me..

I was driving back home busy thinking about what happened between me and Laurian at the hair salon. I know her name because my sister told me to specifically ask for "Laurian" when i get there.. The connection i felt between us was just something else, ive only felt like that back when i was still with Thembela..i thought about her all the way home, her beautiful smile, how neatly her hair was covered, and not forgetting how beautiful she is...

Laurian is not the type of girl you would fool around with, she is different her kind doesn't exist anymore or they hard to find.. The way she presents herself, she's very humble, her soft voice, she was a spieces that i have never came across too..all the girls i have had encounters with are not like Laurian at all.....

I parked my car in the yard and went inside the house. Today Its a holiday, we didn't go to work everyone was at home we was gonna spend the whole day together like one big happy family...

We have been very busy this morning, had a few clients that wanted their hair to be done Kay also had a few clients in the manicure department..

I am very happy at the Pace that my business is taking off, Its making me good money.....

Menzi: So what's up with Sandile?

Me: What do you mean?

Menzi: He didn't deliver the muffins for us today..

Kay: it is quite strange hey, that's not like him..

Me: Maybe he is busy or something..

Menzi: or maybe someone doesn't give him much attention anymore..

Me: i cannot entertain every guy out there.. Plus i don't wanna give Sandile false hope that we may be together while that will never happen...

Menzi: We not saying marry him we saying have fun..

Her: Good afternoon

We greeted her back. I always make sure that i give my clients a warm welcome, i greet them with a smile and make them feel comfortable..

Austin: We... We met earlier

Her: Ohw i didn't know that..

We continued starrng at each, totally shutting everyone else put at the salon. I wish i could understand what was happening, but this was a chemistry that i wasn't familiar with...

I then heard Kay clearing her Throat, i looked around and everyone was now looking at us..

Kay: This way mam' ill be the one doing your pedi...

Her: Thank you dear..

They walked to Kay's little working station...

I looked at Austin..

Me: i.. I have to get back to work...

I turned around and made my way to the reception while he sat on the couch..

It was very hard for me to concentrate on what i was doing especially because he would keep on looking at me and that will make me all jumpy and clumsy. I kept on dropping everything that i touched.... Austin would just look at me and laugh a little,was really embarrassing i won't lie..

Menzi made his way to the reception..

Menzi: Why don't you get some fresh air and ill continue..

Me: Im fine Menzi..

Menzi: Lauri!!!

Austin was the first to make his way to me and followed by Menzi..

He helped me to get up, but i couldn't put my left leg on the ground because that's were i busted my knee cap.. He slowly walked me to the couch..

Me: My knee!!

He knelt in front of me on one knee and lifted my skirt up to my knees..

He stood up and extended his hand to me..

Him: Come on, i won't bite..

I extended my hand to his and he helped me to stand up...he had his hand around my waist and we were very close to each other.....

We were standing soo close to each other that i felt our hearts beating together in a rhythm..

NOVELSGURU.COM

[LAURIAN]

There we were, Austin was driving me to the Doctor his Doctor to be Exact.. I don't know Austin that well, but from that 5min or 10min of knowing him he seems like that type of person who doesn't wanna be beaten in anything his Ego is too big for that. If you could say "i know this" he would say "i know it better"...

I have never been in such a situation were im with a guy in his car, i have only been in a car with my dad or my future husband before he got terminally ill..

Things were very awkward in the car, my heart was more on "God please hide this away from my father, please protect me just this once" i was very scared and busy biting my nails..

Him: So how is the pain on your knee now?

Me: Its still there..

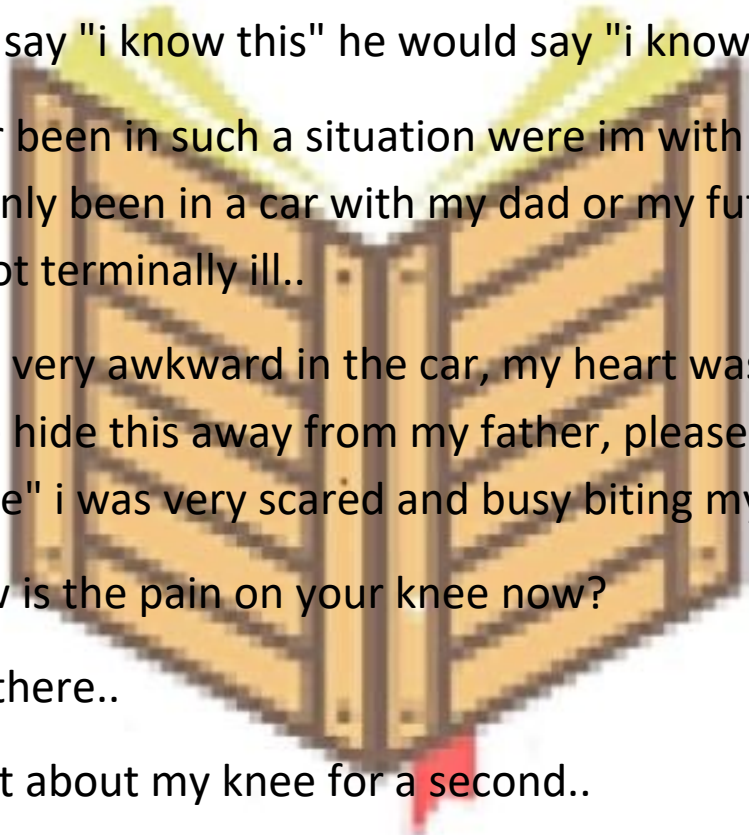

I even forgot about my knee for a second..

Him: We almost there

Me: i could've driven myself you know, to my own Doctor..

He chuckled..

Him: Yeah you could've.....

We finally got to the surgery, unfortunately the Doctor still had a patient and we had to sit at the reception.. He was on the phone and i was busy rocking myself back and forth being trapped in my own fear. My cheeks were even getting hot, my hands were sweating and i was halfway into biting my nails..

The thing about a long term abuse is that, even if the Abuser is very far away from you but you will always have that fear, that they might be watching you wherever they are or they would rock up from somewhere and just beat you senseless..

I felt someone putting their hand on my back, i jumped in fear..

Austin: Its just me, sorry for freaking you out..

I nodded.. He removed my hand from my mouth.

Him: You gonna hurt yourself biting your nails like that..

My hand made it to my thigh ontop of my skirt with his still holding mine.....

Everytime i look into Austin's eyes i feel safe, i feel like the world doesn't matter as long as i am with him then Its okay..

What's happening is very confusing, i mean Its confusing me too but i feel like i should trust him that's what i get everytime i look at him..

I watched his lips slowly moving as he was saying something that fell on my deaf ears... He would talk, then smile in between, that smile though....

Him: Laurian?

He shook my hand a little..

Me: huh? Sorry what?

Him: i think we should go in, the doctor is waiting for us..

Me: uhm okay..

He stood up and tried to help me to stand up..

Me: Austin im fine.

Him: Sorry was just trying to help.

We made our way to the doctor's office, at least it was a female doctor..

Austin: Dr Ntsele

how are you?

Austin: Im Good..

We made our way in..

Dr: Fancy seeing you here..

Austin: You know i wouldn't come here, ive brought this beautiful lady she busted her knee..

The doctor stood up and sat me on the bed..

Dr: What happened?

Austin: She fell inlov...on the floor, i meant she fell on the floor..

Me: i tripped..

Dr: Weren't you watching were you were going?

Austin: she was watching were she was going until her eyes landed on me and before you know it,the ground is vibrating..

Dr: is it?

Austin: You should've been there to witness all of it..

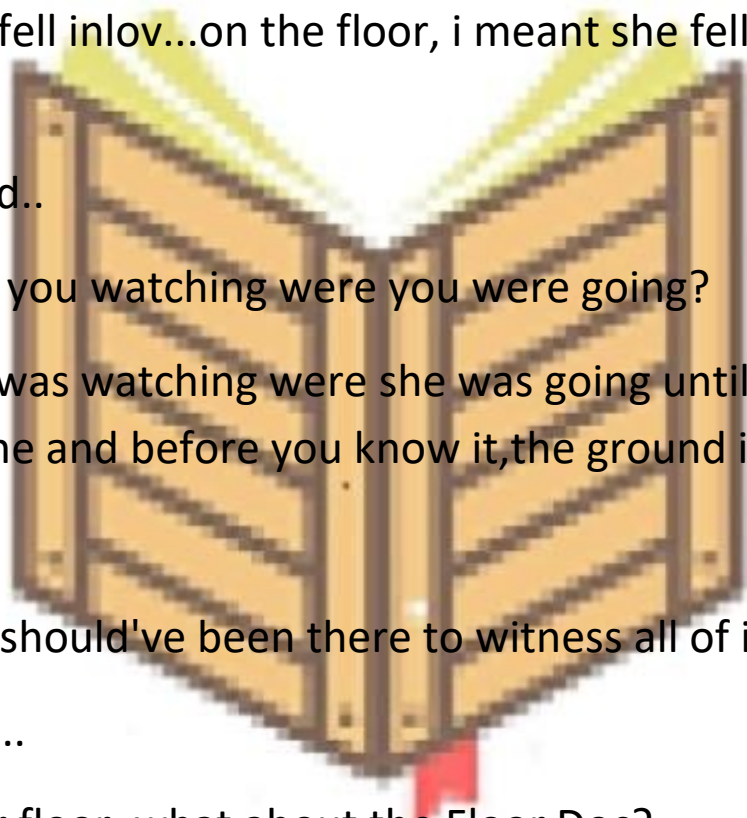

Dr: poor girl..

Austin: poor floor, what about the Floor Doc?

Dr: Austin would you please keep quiet?

Me: Thank you doctor..

Austin: i thought as a witness my statement would be important. I mean such situations there has to be someone speaking on behalf of the floor...

Dr: Austin if you don't keep quiet, i will have to ask you to wait at the reception..

Austin: Im saying no more..

Dr: i think no serious damage was done, i will just clean the scratch then bandage you..

Austin: That shit looks very busted to me, that bitch won't be able to walk for at least a week..

Me: bitch?

Him: No offence that's what i call people with a different gender from mine....

I never knew that Austin was this irritating.....

Dr: Austin please excuse yourself and go sit at the reception..

Austin: if that's how you feel then, Its fine..

He walked out, i looked at the doctor...

Me: Thank you very much...

Her: You welcome...

I wasn't ready to beg Laurian, all i did was to just ask sincere questions of which she failed to answer and found them offensive..

I got to the Salon, and thank God my mom was done..

Kay: and they are back.

I looked at my mom.

Me: Ready to go?

Her: Yes i am.. How did it go with Laurian? And where is she?

Me: It went well, and she's at the side of the road..

Menzi: What do you mean she's at the side of the road?

Me: She said i should stop the car, and i did then she got off..

Kay: Wait so you left Lauri in the middle of nowhere alone?

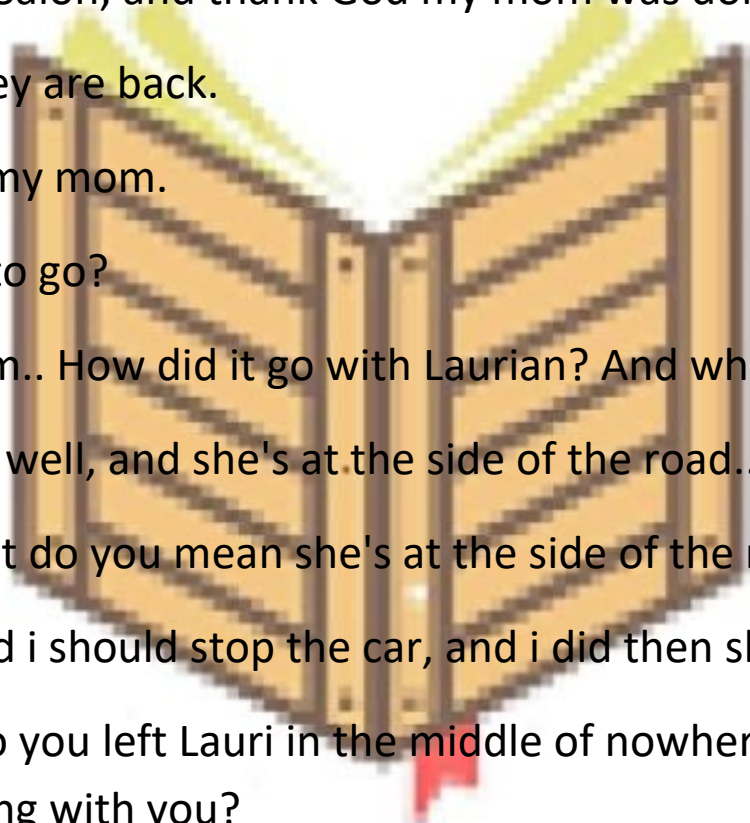

What's wrong with you?

Me: She wanted to stay

I looked at my mom again..

Me: Let's go..

Mom: pay..

Her: Look i think Laurian is a good girl. She's well reversed, she respects herself judging from how she dresses she's not like those Skanks you date who wear very short things. I think Laurian can be a good influence on you, except that you need to treat her better and with respect..

Me: i Appreciate your little speech Kate but Laurian is married..

Her: Ohw i didn't pick that up..

I thought that maybe she was gonna leave after saying that but she didn't...

Me: Anything else?

Her: Do you see yourself moving on from what Thembela did to you?

Me: Why does everyone think that the reason why i don't do serious relationships is because of what Thembela did to me?..

She looked at me..

Me: i.. I don't wanna give in too easily in relationships..

Me: Just take me back to the Salon..

Her: Okay let's go..

I was thinking the whole way to the Salon. I am not a person who cares about what people think of me, but here i am finding myself worried about what Austin thinks of me....

He sees me as a gold digger, some low life hooker who gets into a relationship with old man for money.....

We arrived at the salon and Kay came to hug me...

Kay: Im sorry baby..

Me: im fine..

Kay: Menzi get a chair and make her some hot chocolate...

Menzi went and got me a chair...

Kay: i can't believe Austin left you in the middle of nowhere.
Did he even take you to the Doctor?

I nodded, and she started wiping my tears....

Kay: Why do i sense that something more happened? Did he hurt you physically?

I shook my head no...

Menzi: Did he try to force himself on you?

Me: No

Kay handed me a tissue...

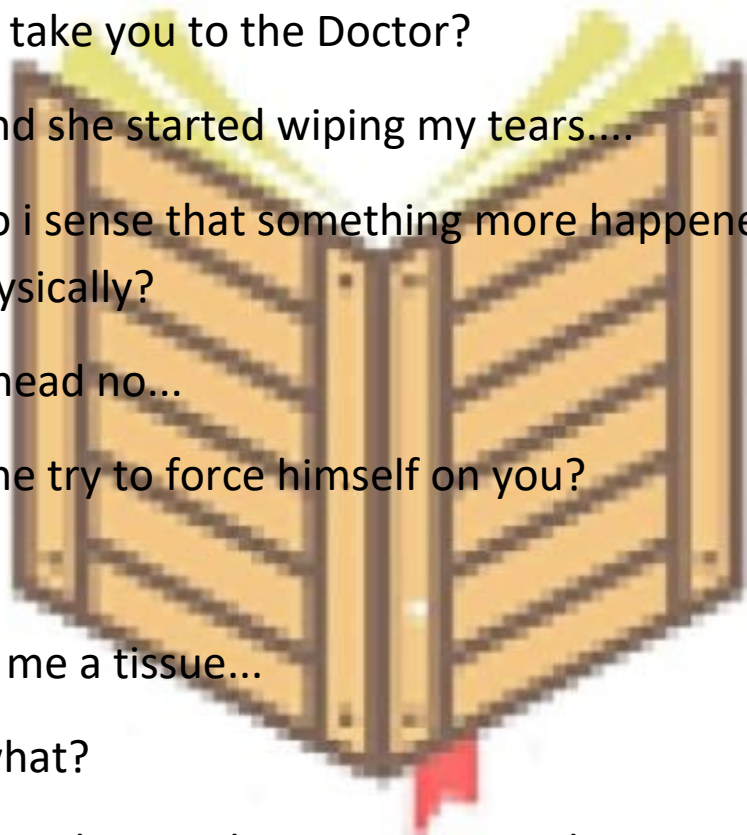

Kay: Then what?

Me: i told him about.. About my arranged marriage, i didn't go much into detail about it.

Menzi: Then what did he say?

Me: He judged me, called me a gold digger indirectly..

Kay: That jerk!!

Menzi: But Lauri, you never cared about what other people think about you as far as that is concerned...

Me: i know but, i don't know why this gets to me...

Kay and Menzi looked at each other..

Me: What?

Kay: Don't get this wrong, but..

Me: but?

Kay: i think you care about what Austin thinks of you because you like him...

Me: No..

Menzi: Yes you do Lauri.. Actually both of you have a thing for each other..

I looked at them...

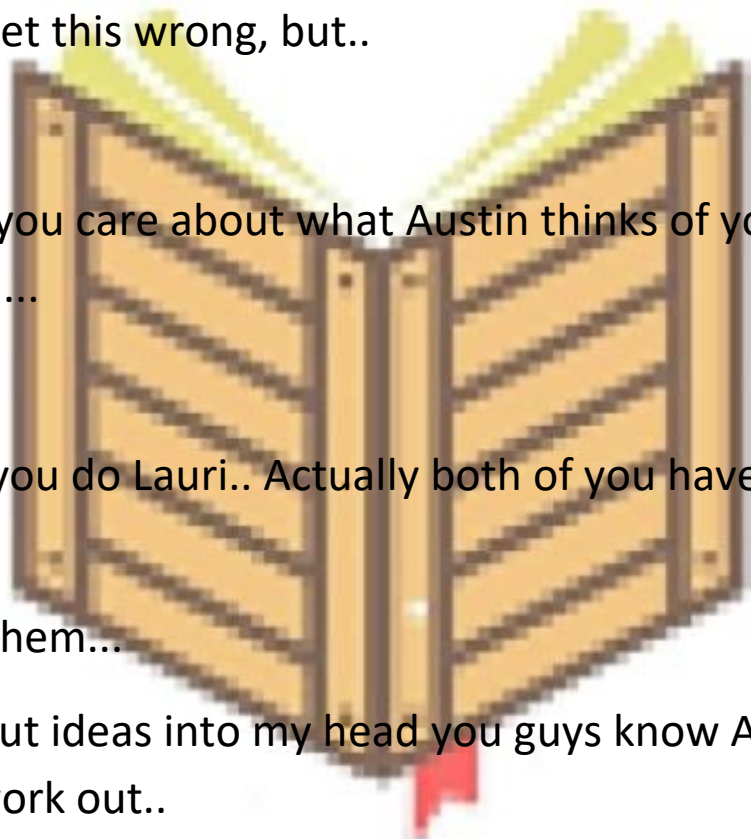

Me: Don't put ideas into my head you guys know Austin and i will never work out..

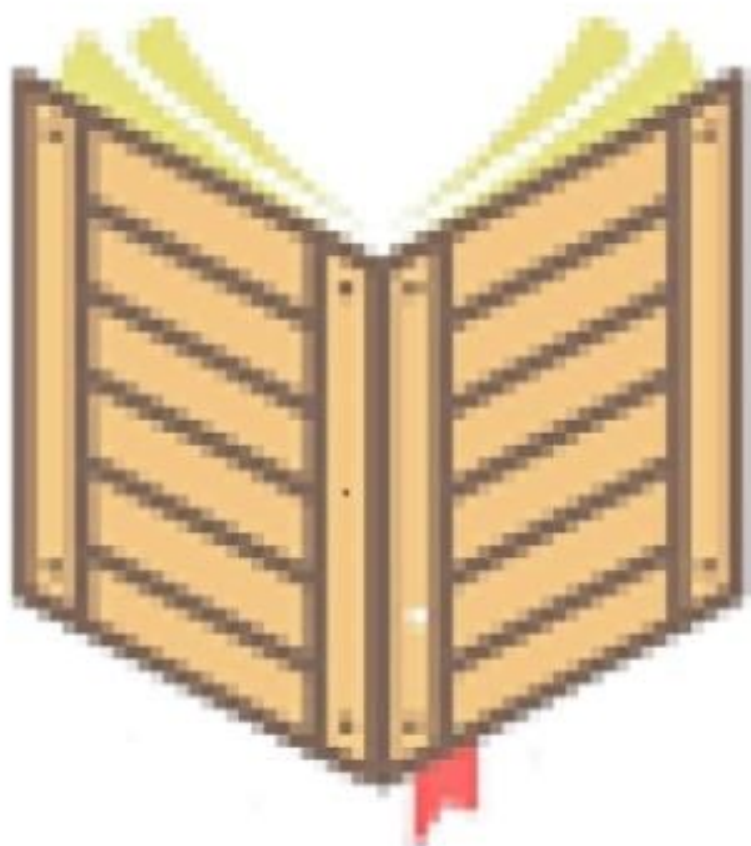

Menzi: Laurian.. NOVELSGURU.COM

I stood up, with tears in my eyes..

Me: Let's get back to work..

My heart was sore knowing that i can never have a normal relationship..

My dad, Leah and i we were gathered around the table and having dinner.. I was very quiet while they were busy talking about typical things such as how things are going at school with Leah, my dad was also telling Leah about his new construction company etc...

I was busy thinking about Austin, i wasn't comfortable with his perception about me. I really needed him to know that i am not who or what he thinks that i am..

I seriously didn't know why I cared so much about what he thinks of me, but i feel like he needs to know that i am not one of those girls..

After a while i felt someone Shaking my hand, i looked over and it was Leah..

Leah: Are you alright?

My dad was looking at me too..

Me: Yes im fine..

[AUSTIN]

I had taken a walk around the neighbourhood, wanted to get Laurian out of my mind been thinking about her alot today..

Maybe i was a bit of a jerk, if only i had her number then i would call her and apologise i really didn't wanna come across as being too judgemental..

As i was walking I had been noticing some guy following me throughout my walk, if i stop he would stop too, and if i walked fast he would walk fast too....this is the moment were i need my gun because i don't know if his armed or not... I live in a very porch neighbourhood such doesn't happen much and that is having a thug walking around the neighbourhood..

I walked faster and hid myself with a wall just at the corner of my street waiting for him to show up so i could jump him...

He did show up around the corner, but he didn't see me..I snuck up behind him and twisted his arm then pinned it on his back while i had my other arm around his neck choking him...

Me: Who the fuck are you and why are you following me?

He didn't Say anything..

Me: Talk before i fuck you up!

Him: Its spitjo..

I let him go then turned him around and looked at him..

Me: Wtf man?

Spitjo and i we were in the same gang back when i was still rebellious..

He was coughing..

Me: What the hell man?

Him: i just wanted to Warn your Ass nigga!

Me: warn me about what?

Him: Bruce escaped from prison and his coming after you....

Bruce.. Bruce...he was our leader, so i had to spill the dirt about him in exchange for my freedom while i was arrested for murder, i had to sell him for my freedom....

[LAURIAN]

Fortunately Dr Buchanan agreed to lie for me..me and her we good friends and she knows what my father is about so she agreed to cover for me..

I had prepared myself for the book club, but before i could go there i needed to make one stop somewhere and that was at the Ngema Gold Mine, i really needed to talk to Austin about what happened....

I know that he works there because Menzi told me when i called him to ask.....

I was at the reception and the receptionist didn't give me a hard time since Austin didn't have any meetings...i didn't know that they also work on Saturdays...

I made my way to his office, i was a bit nervous but im not gonna show fear..

I found him sitting at his table going through some files and to my surprise he was wearing casual.. I threw my bag on his table so that i could get his full attention.... He looked at me.

Him: Laurian? What are you doing here?

Me: listen here Austin, i am not what you think i am!

He gave me a confused look..

Him: What are you on about?

Me: i am not a gold digger and im not marrying my soon to be husband for his money..

Him: i thought you were married already..

Me: It doesn't matter!! All you should know is that i am not what you think i am!!

He stood up and came all the way around..

Him: You travelled all the way here to tell me that?

Me: Yes! And i don't care what you think of me!

He laughed..

Him: Sweets if you didn't care what i think of you then why are you here?

He said that while squeezing my cheek...

Me: Bye Austin...

Him: Bye...

Me: You an Ass!

Him: and you hot!

He pulled me closer to him...

Me: wha...what are you doing?

Him: Something i should've done long time ago...

He kissed me!

The party was to end at 6:00am and i wanna pass out at 03:00am at least....

I was sitting there just looking at the sky until i found myself thinking about Laurian. I do admit that i might have certain feelings towards her, but she seems like she has alot of baggage the last thing i need right now is drama from an old man.. Its just somehow thinking of myself getting it down with her especially if she has been intimate with her Grandpa of a husband....

I wish that i could've met her before all this marriage drama in her life started, she's too young for all this shit.....

I always get what i want no matter how difficult a bitch can be..

In a matter of seconds she was sitting ontop of me, good thing i always have my condoms in my pocket...

Me: Let me take out a condom..

I took out a condom.. We weren't gonna be totally naked i just lowered my jeans and boxers, and with her she had to take off her short completely...

She rolled the Condom down and my already hard shaft and i am telling you that's the best feeling ever, having a bitch with such an Ass riding you like that...

As she was riding me she was starting to get a bit loud, i had to kiss her every now and then to keep her quiet as to not attract attention..

[LAURIAN]

Our Sunday was very nice and peaceful. For a change it was good to just go a day without fear, or worried about what my father might say...

Later that Sunday we wrote the letter, wasn't something big just telling him about how i feel about him and hoping that he will also do the same.....

It was a Monday morning and i had already prepared for work, my mom had left she was doing day shift and Leah had also left for Varsity...

I didn't feel like having breakfast at home, i decided to go and have breakfast at a restaurant close to where Austin works...

I want to deliver the letter myself and make sure he gets it..

For the first time i was wearing a Jean, a tshirt, sneakers and i didn't have a doek on.. I had box braids.....

After i had breakfast, i decided to go and deliver the letter myself it was around 8am i had already informed Menzi and Kay that i will be late.....

I got to the office filled in the book and waited for the receptionist to come because she wasn't there...

I waited for about 10min then decided to go straight to his office..

I had the letter in my bag and i was very scared i mean we talking about Austin here he might read it and laugh at me...

After standing at his door for what seemed to be forever, i finally gained the courage to knock....

I waited for him to say "come in" but there was no answer.. I knocked again and again but still no answer, so i decided to open the door and Walked in.. What i saw really left me with no words..

Austin was sitting on the couch with this big Ass girl sitting ontop of him, they were facing each other and kissing. She was left with her jeans and bra. Her tshirt and heels were on the floor.....

When Austin saw me standing there, he didn't know what to say..

Austin and i we not in a relationship i know but what i saw really broke me and killed every hope i had of us being together..

Austin: Angelica get off me!

She got off him, he stood up and came to me. His manhood was misbehaving it reflected through his pants, i don't blame him though that was about to turn into a tense session..

Him: i didn't know that you were coming, you could've called the office or made an appointment..

I looked at the girl she was sitting there, then i looked at him. I had to fake a smile as to prevent my tears from falling...

Me: i should've called, im sorry..

I started walking away and he grabbed my hand.. He then looked at the girl..

Him: Angelica can you please give us some few minutes..

Her: Are you serious?

Me: You don't have too, i will leave..

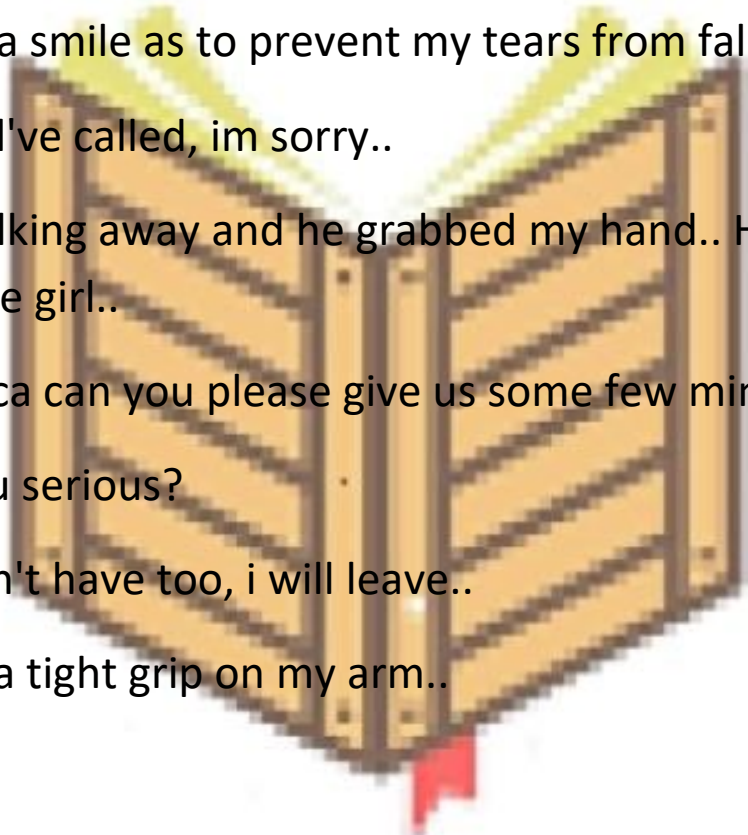

He still had a tight grip on my arm..

Him: No!!

The Angelica girl stood up and came to us,she was beautiful and had the most biggest behind i have ever seen... I am a 36 and i have nothing on her, although my behind is big but compared to that id rather keep quiet..

Austin: Just go, ill call you..

Angelica: You always say that but you never call!

Austin: We not gonna do this right now! You know were the door is..

She gave me a weird look and then did her cat walk all the way out..

Him: i am really sorry about that..

Me: You don't have to be...

I looked down trying soo hard to prevent my tears from falling off which was very difficult...

Me: ill just go

I started walking and he held my arm again..

Him: Laurian wait..

I stopped and looked at him..

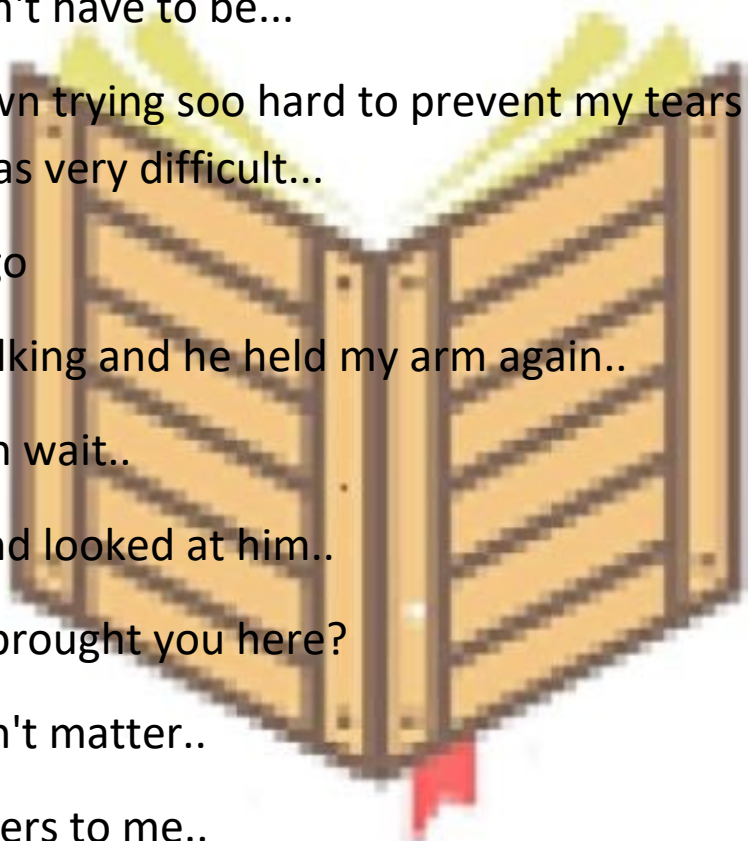

Him: What brought you here?

Me: It doesn't matter..

Him: it matters to me..

Me: Really Austin it doesn't matter anymore..

I tried walking again and he was busy holding me, it was a struggle that my bag fell and everything came out including the letter..

We both bent down to pick everything up and his hands landed on the letter

Advertisement

was Funny because his name was written on the envelope together with that stupid heart my sister forced me to put...

Him: Did you come here to give me this?

Me: i said it doesn't matter!

I tried taking the letter but he slightly pushed me...

Me: Fine i won't be here when you read it..

He quickly went to stand by the door and blocked me..

Me: Austin..

Him: You gonna be here for the reading of this letter...

He opened it and started reading, the only words he read out loud were "Dear Austin" The rest he read in silence...

I was standing there very scared, my heart was beating very fast, my hands were sweaty, i had some tingling sensation in my feet i felt like the biggest fool in the whole world...

I have just confessed my love in a letter to a guy i just walked in on about to have sex with a girl who has the most biggest Ass ever..

After reading the letter he looked at me, i looked away...

Him: What is this?

I kept quiet..

Him: Okay you know what? I want you to tell me exactly what you wrote in this letter, i want you to tell me in my face..

I looked at him..

Me: Its not important anymore Austin, right now i just feel like a fool!

Him: Don't you think that if you had told me this earlier, what you walked into could've been prevented?

I shrugged my shoulders..

Me: Tell me something

He looked at me..

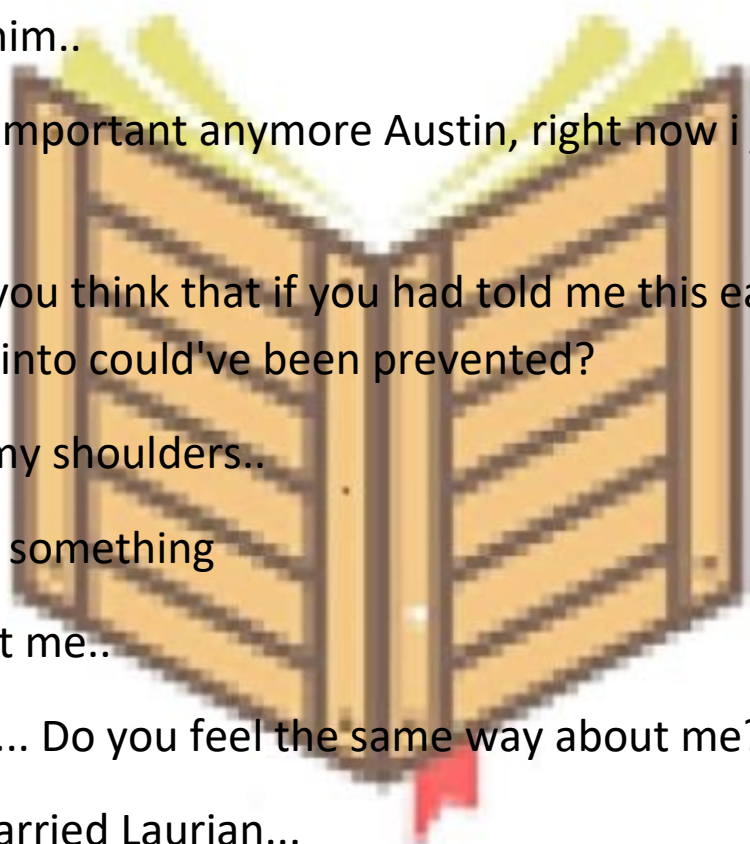

Me: Do you... Do you feel the same way about me?

Him: You married Laurian...

I happen not to have mentioned the marriage issue to him or tell him anything about my father in the letter...

Me: And you look like you taken too..

I laughed a little but it wasn't a friendly laugh..

Me: Ohh my word if you only knew how much of a fool i feel right now..

Him: You not a fool, you just courageous..

Me: But my courage came at the wrong time, clearly you don't feel the same way about me..

Him: Laurian..

Me: No Austin.. Im sorry that i came and interrupted your little sexual session...

I walked over to the door and he tried to stop me..

Me: Please let me go..

He stepped away and i Walked out to the elevator..

I don't know if i should consider this my first heartbreak or what, but i was truly shattered.. I walked in that elevator and sank down while sobbing as it closed...

I sat down and read that letter again the way she confessed her love to me was just something.. Just by reading i could sense the emotions and feelings she felt while writing, i could tell the smile, the joy, and the love that came over her at that instant..

It wasn't a long letter but it carried a powerful message.. The letter read:

"Dear Austin

I have been sitting here trying to find the right words to describe how i feel about you, but even now the only words i keep on coming with are " i love you". Quite funny isn't? I mean we don't really know each other that well but i do feel the connection we have and it gets stronger each time when we touch. I remember the kiss, it was my first kiss and it felt so right. I remember when you held me and our hearts were beating together simutaneously in a rhythm. I felt that Austin, and i know that you felt it too.. I also don't know what im saying but all im saying is that there's something and i don't wanna live my life regreting that i should've told you how i felt.. I know a letter might seem a bit somehow but it was the only route of communication that i found easier to let you know about how i feel about you..

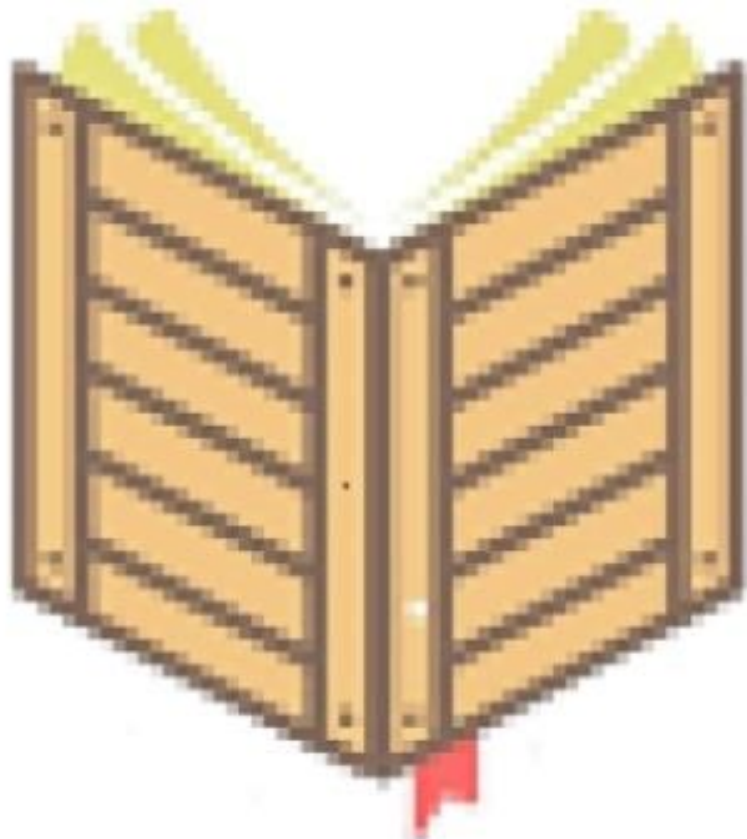

I love you Austin, i hope that doesn't sound premature. But most of all, i hope you don't lose respect for me because of the fact that i made the first move..

Love

Laurian "

The letter was also accompanied by a kiss at the bottom, she must've put on a red lipstick then placed those luscious juicy and sweet lips of hers..

I folded the letter and put it in my Drawer, Laurian is opening a can of worms i thought that after Thembele i wasn't ever gonna feel the same way about any other girl.

I was at the salon still crying about what happened. I wish i could understand why this was hurting me soo much, I wish i could understand the matters of the heart.. I wasn't that much hurt about seeing that girl ontop of him, what hurt me more was when Austin couldn't tell me how he felt about me..

Me: You guys could've seen how he reacted when i asked him if he feels the same about me.. Aghhhhhhh i feel soo stupid right now! (shouting)

Kay: Ohhh you poor thing....

Menzi: and for the fact that he hasn't walked in through that door to confess his love for you, truly is disappointing....

He said that while sipping on his hot chocolate..

Kay: at least you told him how you feel about him, the rest should be up to him..

Me: i wish i didn't...

NOVELSGURU.COM

Menzi: if he wasn't soo hot, i swear i would go there and give him a piece of my mind..

Me: Im glad this happened, now i can finally move on...

Kay: That's the spirit

Menzi: Hmmmm i don't know about that..

Kay: What do you mean?

He looked at the door, then Kay and i looked at the door.. The ever so beautiful pregnant Cherie entered followed by his brother who broke my heart a few hours ago...

Austin has the nerve to show up here after what happened...

Cherie: Divas!!!

Menzi: The big Diva is here!!

Cherie: Hey watch it!

Menzi: Im sorry bubu you still look fine pregnant as you are..

Austin greeted but no one replied, Kay looked at him and clicked her Tongue...

Cherie: and then yini ngawe? (what's with you)

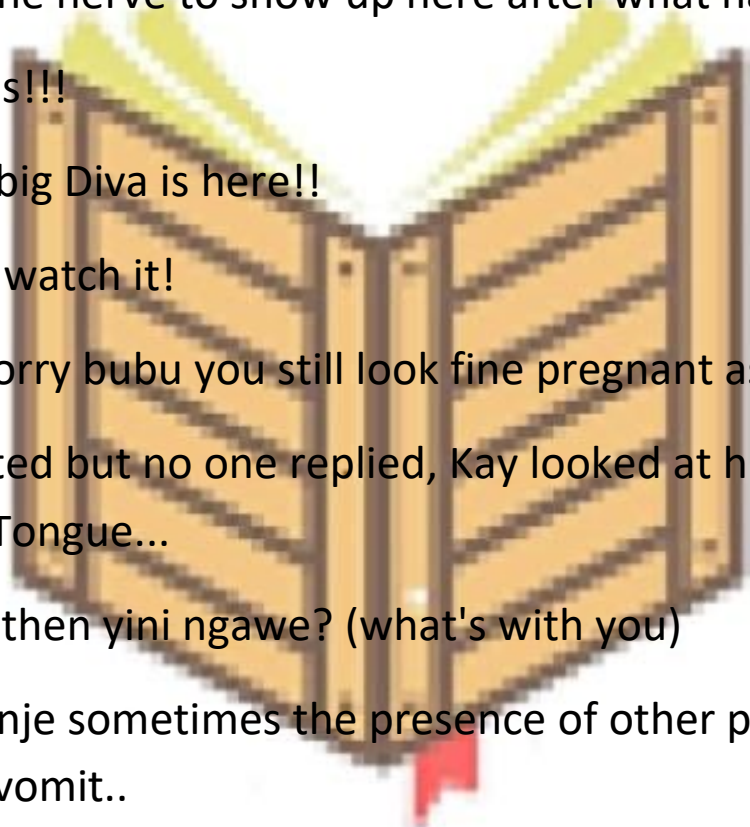

Kay: ukuthi nje sometimes the presence of other people make you wanna vomit..

Austin giggled a little while playing with his phone...

Cherie looked at me.

Me: Im fine Cherie seriously..

I tried my level best to not even look at Austin which was very difficult because he was really hurting me just by being here and pretending as if like nothing happened...

Me: Uhm what can we do for you?

Cherie: Well i wanna take off this weave and cut my hair short then dye it chocolate Brown or something like that...

Me: Okay Kay will help you with that..

Cherie: Kay?

Cherie: i didn't mean to sound rude i just prefer Laurian to do my hair..

Kay: yini you think that i won't match up to Laurian's standards?

Cherie: That is not what i meant?

Kay: Then what did you mean??

Me: Let it go Kay

Kay: No if your highness right here is feeling herself then she should go to another salon, i am damn good at what i do!

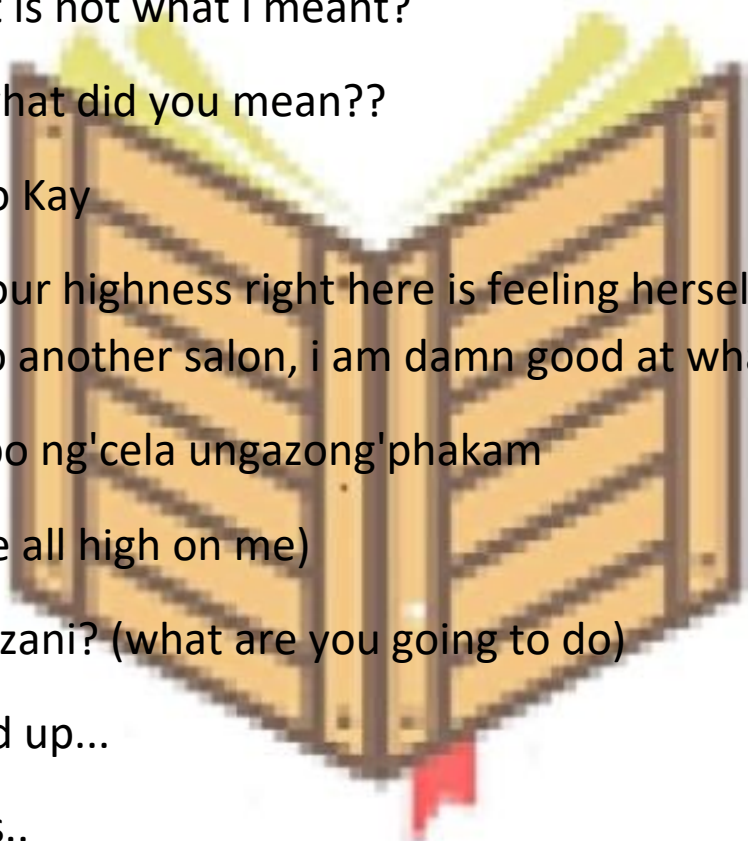

Cherie: Haibo ng'cela ungazong'phakam

Kay: uzoyenzani? (what are you going to do)

Cherie stood up...

Menzi: Guys..

Kay: What she has to do is to march her pregnant Ass to her mother and ask her to teach her how to respect other people!!
Ohh my bad? What will your mom teach you ngoba yisfebe sodumo (she's a well known whore)

Before i knew it Cherie slapped Kay across her face, when Kay wanted to return the clap Menzi held her...

Austin shook his head then stood up and Walked out.....

Cherie: a damn good hairstylist doesn't act like this!! If you were damn good then i probably would've asked for you bitch!!!

I was a bit relieved that today it was a slow day and there was no one in the salon to witness this but us...

Kay: and you should tell your good for nothing brother to stay the hell away from my friend!!

Cherie: Then your friend must be a whore to be chasing after my brother!!

Kay: That's how dirty he is to be chased by hoes!! And the hoe you referring too is standing behind you!!!!

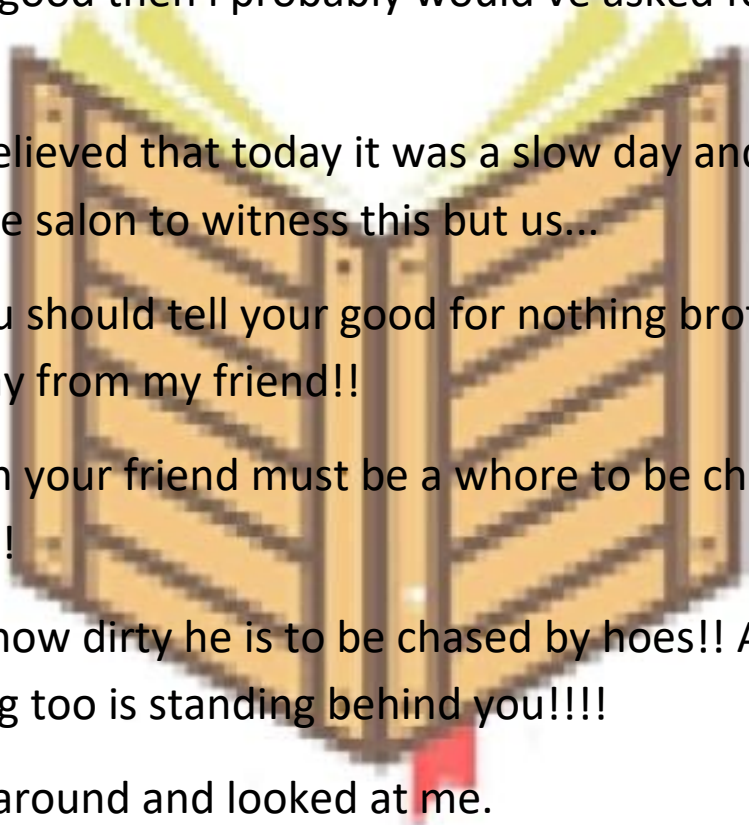

She turned around and looked at me.

Cherie: What is she talking about?

I looked at Kay..

Cherie: What is she talking about Laurian? You married why you chasing after my brother?

Me: It is soo not like that!

Her: it is people like you who give marriage a bad name!!
Respect your husband and stop chasing after guys!!

Kay: sifunde ku mamakho wena your rubbish! (we have learned from your mother you rubbish)

Cherie: Talk about my mother like that one more time i swear!!!!!!

Menzi stood in between them..

Cherie clicked her tongue then started walking to the door, but before exiting she literally threw down all our Shampoos from the shelf!!

Kay wanted to murder her but we held tight..

We then looked at her...

Me: to slay on her mother?

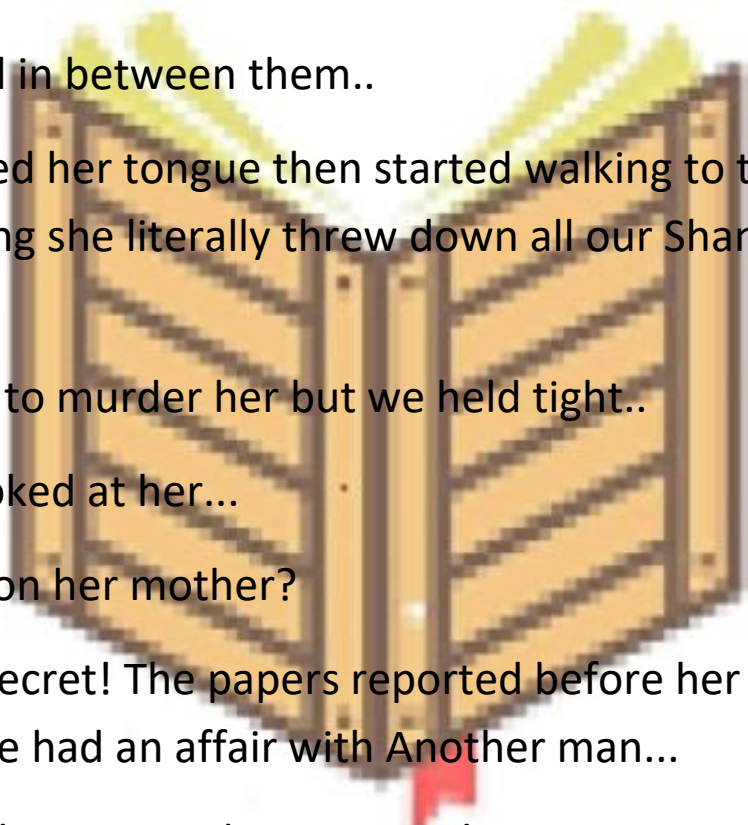

Kay: Its no secret! The papers reported before her Husband died that she had an affair with Another man...

Menzi: hai shame ngiyakuvuma Kay!

Kay: Let me go outside for a smoke..

I prepared myself to go to the club, since im gonna be the only one who doesn't do alcohol ill be taking over on the wheel..

Leah is coming too, i mean one would never let such freedom pass you by especially if you have been a bird that's trapped in a cage for a very long time.. I was wearing leggings, a not so long tshirt, Leather boots and a jacket. My sister was wearing a high waist Jean, a cropped Tshirt and Ankle boots together with a Leather jacket it was a bit chilly outside.. I did put a bit of make up and big hoop earrings, it was my very first time wearing like this i did feel like a hooker at some point with my cleavage showing..

Mom: Look at you girls, looking all beautiful..

I was very nervous i mean we taking a very huge risk..

Me: What if dad calls again and we not here..

Her: baby just go and enjoy yourself forget about your dad just this once..

My other hand was on the wheel, and my other hand was in my mouth i was busy biting my nails i didn't even participate in the conversation that the girls were having...

Kay hit my hand to lower it from my mouth..

Her: Stop stressing, everything will be okay..

Leah put her hands around my chair to hug me, she was sitting at the back..

Leah: Yeah sis forget about everything and let loose..

Me: You guys are right

Menzi: Swiri we always right..

I was saying that as to not worry them, i was still a bit scared.....

We got to the club, it was starting to get a bit full.. The club looked expensive, was beautiful inside i just didn't like the flashing lights..

There was a section for smokers, dance floor, then tables and chairs for those who wanted to just sit and relax...

We got ourselves a table and we sat down, i was busy looking around.. The music accomodated everyone because there was also white people..

Kay: Let me go and get something to drink for us..

Kay: Don't be a Grandma you'll drink Hunter's gold.. Its nice

She burped after..

Me: Agh you disgusting Leah...

The club came into a bit of a turmoil when people started making irrelevant noise, we looked at the direction were they were looking and i couldn't believe who walked in. It was Austin, he was with what looked like to be his friends.. They were looking all fresh and attracted alot of attention...

Kay: What the hell is he doing here??

Menzi: Austin has the nerve!!!

Leah: Wait Austin is here?

Me: That's him with his friends

Leah: which one is Austin?

Menzi: The cutest one

Leah: They all cute

Me: Think i might have that Hunter's gold after all..

Kay: That's the spirit.

I got the Hunter's gold, Menzi opened it for me and i took a sip..

Me: doesn't taste bad

Kay: You see

The night went and we were drinking, Austin and his friends didn't see us they were occupied by some girls nje.. Their behaviour was very irritating though, making themselves as if like they own the club..

Leah was getting drunk..

Leah: whoa!! I am having the time of my life..

Me: Slow down Leah..

Leah: i wanna pee

She stood up and i stood up too..

Me: We coming

I walked her to the bathroom, she was Knocking a few tables pissing off a few people,i had to keep on Saying "Sorry on her behalf"...

Guy1: What's the problem now?

Me: Im sorry

The other guy was holding me as to not follow them. Leah was being reluctant to go, it was just chaotic that he even threaten to drag out of this club all kicking and screaming. I was very scared, this guy might rape my sister what am i even gonna say to my father?

I was now sobbing and looking around..

Me: Don't just stand there and look, help us!!!

When no one dares to come into your rescue in such situations, it clearly shows how dangerous these people are...

With God's saving grace, I heard a familiar voice talking behind us..

Voice: Do we have a problem here gentleman?

We all turned back, there stood Austin with his friends.. They were holding those sticks you play pool with, Austin was also holding the number 8 ball....

Guy1: Stay out of it man!

Austin: I would if you weren't bothering my girls..

The security came..

Security: Problem?

Me: Took you long enough!

The guys let us go and I went to hug Leah who was very scared..

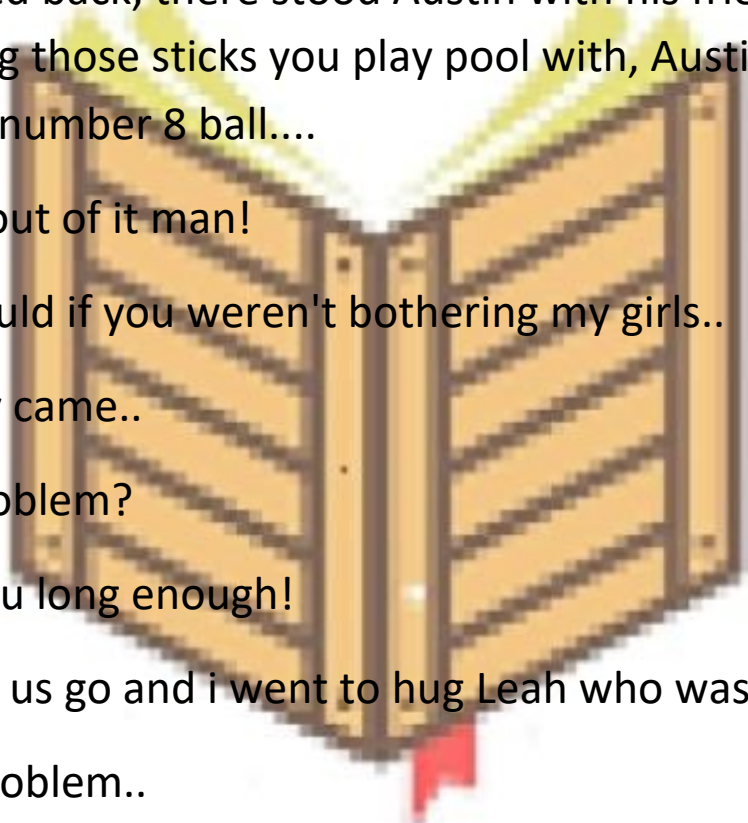

Guy1: No problem..

They fixed their table and sat down..

One of Austin's friends started talking

Him: Let's go man

Austin looked at the guys..

I woke up the following day and my head was buzzing. I really didn't know what was happening or why i was feeling like this, but what i know is that i was feeling like hell....

I got out of bed and made my way to the bathroom. My head was very heavy, i was feeling as if like a train had ran over me twice..

I brushed my teeth and washed my face with cold water hoping that will wake me up a bit..

I then went downstairs to drink coffee before i prepare myself for work..

The house phone rang as i was hitting up the kettle and i went to answer it..

Me: Hello

Dad: Laurian

My heart skipped a bit at that moment..

Me: Dad

Him: How are you?

I was sitting in my office busy checking honour killings on the net and what i have discovered Really left my mouth and throat dry..

Apparently fathers have the right to kill their own daughters and wives if their word is not obeyed. They even go as far as controlling them, telling them what to wear and who they should marry no wonder why Laurian always wears like that..

Watching a few videos really got to me, if Laurian is really living such a life then i won't just sit back and do nothing.....

There was a knock at the door, i closed my laptop.

Me: Come in.

Tracey walked in..

Her: Information you should learn about our new client beforehand... I took the file from her

Me: Thank you

She started walking away...

Me: Tracey

She stopped and looked at me..

Me: i want flowers and chocolates delivered somewhere..

Her: Yes?

Me: Do you know Laurian she owes a salon?

Her: everyone knows Laurian best hair dresser in town..

Me: Yes i want flowers and chocolates delivered there..

Her: You can't be possibly fucking Laurian there she's married and way out of your league, who are you fucking?

Me: Wouldn't you want to know?

Mom: What?

Me: i have to go

Mom: Austin we not done talking!

[LAURIAN]

We walked into the house, and found Cherie making herself something to eat in the kitchen. She was preparing a sandwich that contained alot of things, looking at it made my stomach turn in...

I didn't know how to address her especially after the incident at the salon....

Austin didn't say nothing to her, i also didn't say nothing we passed her and went to his room...

Austin's room was something i have never seen before, it was big had a big Ass plasma on the wall, sound system, his bed linen was neatly made up.. I just didn't expect a guy's room to be like this, Whoever cleans for him does a pretty Good job...

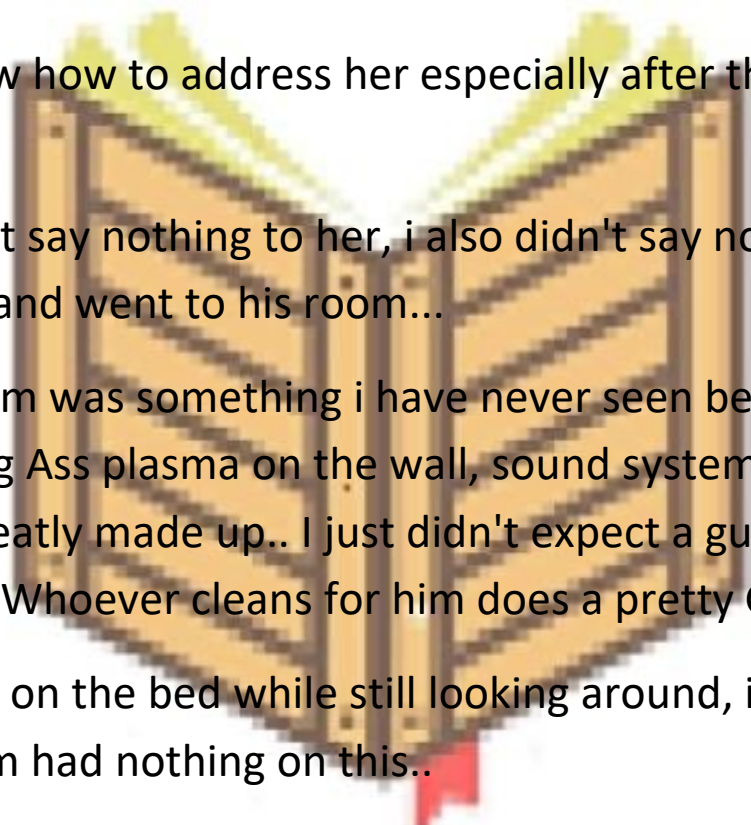

I went to sit on the bed while still looking around, i swear even a hotel room had nothing on this..

Me: is your room always this neat and clean?

Him: Yes my mom doesn't play when it comes to cleanliness.

Me: obviously Its not you keeping this room clean like this right?

Me: Never.. But i don't like it though..

Me: Why?

Him: Its soo flawless you'll think im gay

I laughed..

Me: i find it impressive

Him: Yeah whatever Laurian

He took off his sneakers..

Me: How do you keep them from smelling?

Him: socks, i never wear my sneakers without socks..

He took off his socks and his feet looked soo soft and pink like a baby's feet..

Me: Do you ever walk on foot?

Him: No my feet never touch dirty floors..

Me: still think you not gay?

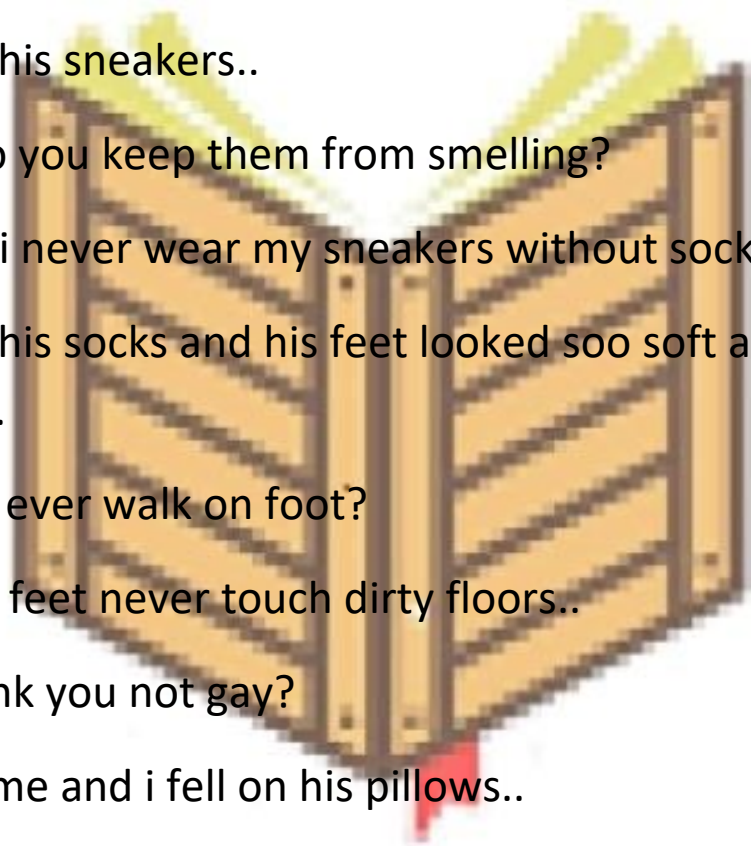

He pushed me and i fell on his pillows..

Him: reverse that comment!

Me: But it is true

Next thing i knew, he was ontop of me while pinning my hands on the pillows...

Him: Let's see you getting out of this one..

NOVELSGURU.COM

Me: Stop it Austin we not young

Him: says someone who wanted us to write letters to each other..

Me: That's cute though

Him: if you 13..

He leaned over and kissed me..

That went kiss he always plants on my lips leaves me begging for more.. He slowly went to my neck busy kissing it and sucking me at the same time. I don't know how to explain what i was feeling, but it was more tense than the one i had while drinking.....

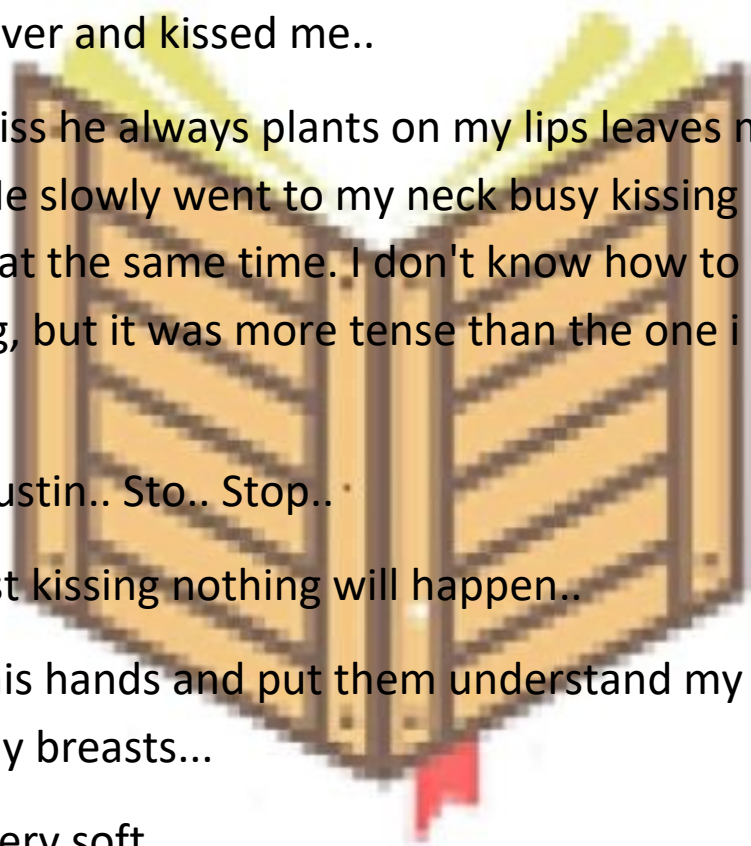

Me: Aus.. Austin.. Sto.. Stop..

Him: We just kissing nothing will happen..

He moved his hands and put them under my tshirt and squeezed my breasts...

Him: They very soft..

I have never had a guy touch me like this or even get this close to me, i have never felt like this before.. I felt soo good and i felt myself getting wet on my Vagina i seriously didn't know what was happening...he took off my tshirt then lowered my bra and started sucking my nipples which were hard for some

reason.. I was on another planet, planet earth didn't exist anymore...

Me: Austin..

Him: We not gonna have sex, we just gonna play around with each other... What i do to you, you must do to me after okay?

Me: Okay

As long as I will still be a virgin after then Its fine...

He attempted to take off my jeans but i stopped him..

Him: Laurian relax i won't do anything that will break or tear your hymen..

I let him be...

He took off my jeans

and then my underwear. After that he parted my legs and buried his head in while firmly holding on to my tighs...

His tongue came in contact with my womanhood and i started feeling some type of way...

NOVELSGURU.COM

Whatever he was doing really did things to me, i never knew a human being can feel such explosion, pleasure and loose their mind at the same time...

I don't know what he was doing to me, but my whole body was tensing up, my mind was in a place of its own. I felt paralysed, I felt like I was really going insane..

As he progressed I couldn't hold back the moans I even grabbed the pillows as I felt my body releasing something, I just don't know what it was....

The harder his tongue went the more I felt these feelings of pleasure I don't know what Austin was doing to me but it felt really good..

He went hard, I lost all touch with reality, my breathing was seizing it cannot be the death of me because death cannot be this pleasurable...

After a while of that intense moment I felt myself getting numb, then he stopped....

I was laying there trying to catch my breath....

He came up and kissed me I tasted sometimes slimy and all that like mucous..

Me: What's that? **NOVELSGURU.COM**

Him: That came from you..

Me: Is that my discharge? Agh Austin you disgusting!!

He looked at me in a weird way..

Him: Are you fucken kidding me? Bitch that came from you!!!

Me: You have started with your offence language, get off me!

Him: We not done Its my turn!

Me: Get off me!

His mood changed...

Him: Fuck you Laurian!!

Me: Excuse you?

Him: Fucking means nothing so chill!!

He got out of bed and went to get a towel, his shaft was hard..

Me: And?

Him: Im going to shower..

As he made his way to the bathroom, i took my phone and text my mom.. I was scared of calling her and informing her that i won't be coming home i found texting less scary....

I then got out of bed and went to find the toilet, when i did i wiped my wet self with the toilet paper and went back to the main room to put on my clothes.....

Austin's showering session took round about an hour tops, i was even starting to get bored..

Me: That took long..

He gave me a serious look then went to get something to wear..

Me: What offended you this time?

He still said nothing...

He dropped the towel right in front of me was very uncomfortable i went straight to my phone and kept myself busy with Facebook until he was done....

He came to sit on the bed a bit far from me..

Me: Austin what's wrong?

He got his phone and ignored me..

I went and hugged him from the back..

Me: Did i say anything that wasn't right?

He put his phone away..

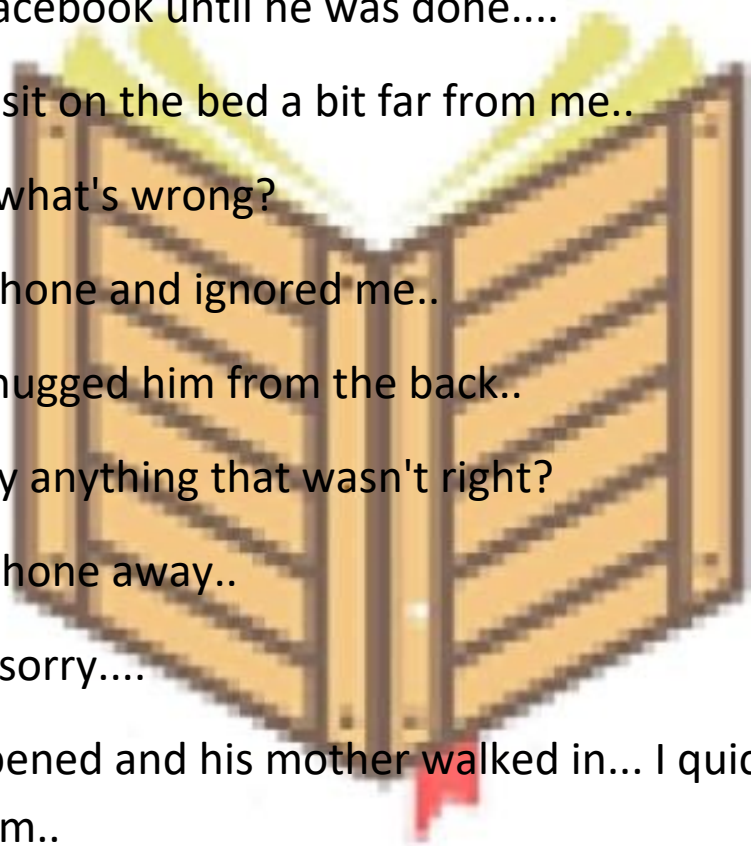

Him: No im sorry....

The door opened and his mother walked in... I quickly got my hands off him..

Austin: Are you fucken kidding me? What happened to Knocking?

She looked at me, then looked at him..

Her: What on earth is going on here?

NOVELSCURL.COM

I was embarrassed i didn't know what to say..

Her: Am i seeing what we considered "forbidden love"...

I didn't know what she was on about..

Her: You want her father to kill you? He is into honour killings

Me: Wow!!

I got out of bed and looked for my shoes..

Austin: Kate out!!

Her: This is my house!

Him: and this is my room!!

Her: i hope the married lady will be gone when i get back..

She went and banged the door..

I was on the floor looking for my shoes..

Him: Laurian

Me: i wanna find my shoes and go home..

Him: Laurian..

Me: help me find my shoes please

My voice was breaking..

He got me up from the floor and my tears betrayed me....

Him: so am i....

I lifted my head and looked at him..

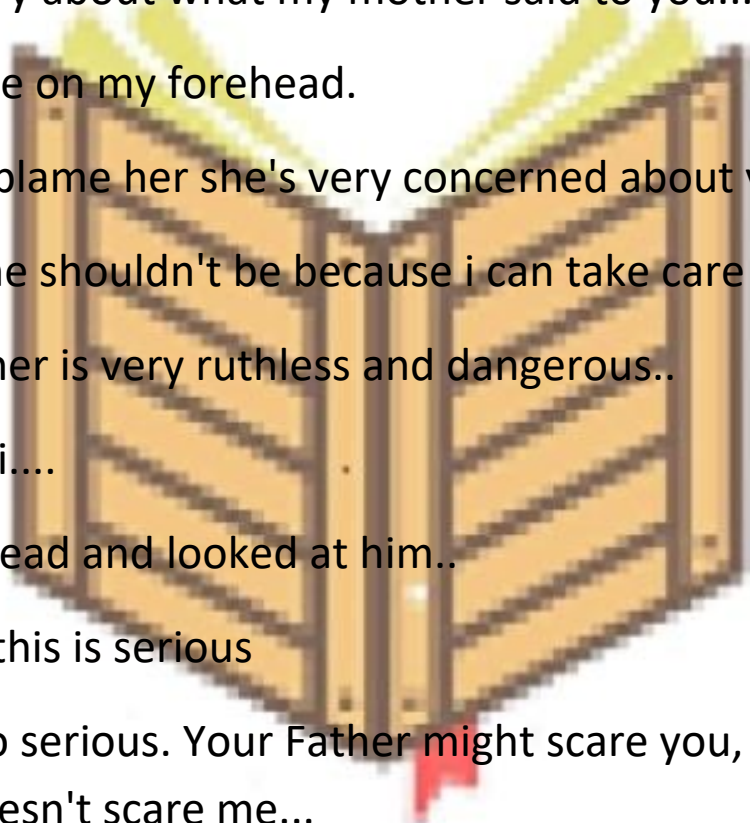

Me: Austin this is serious

Him: Im also serious. Your Father might scare you, but he certainly doesn't scare me...

Me: He should scare you

I laid my head on his chest again.

Him: i need to get myself a flat, incase you wanna visit, we shouldn't come across this..

Me: Think this is my first and last time sleeping over, my father would kill me if this happens again plus his coming back from his trip soon..

Him: You need to stop being scared of your Father, he feeds off your fear..the more he sees that you fear him the more power he has..

I looked at him..

Me: What you expect me to do?

Him: fight..

Me: fight?

Him: Yes..

Me: Austin i have never fought in my life before..

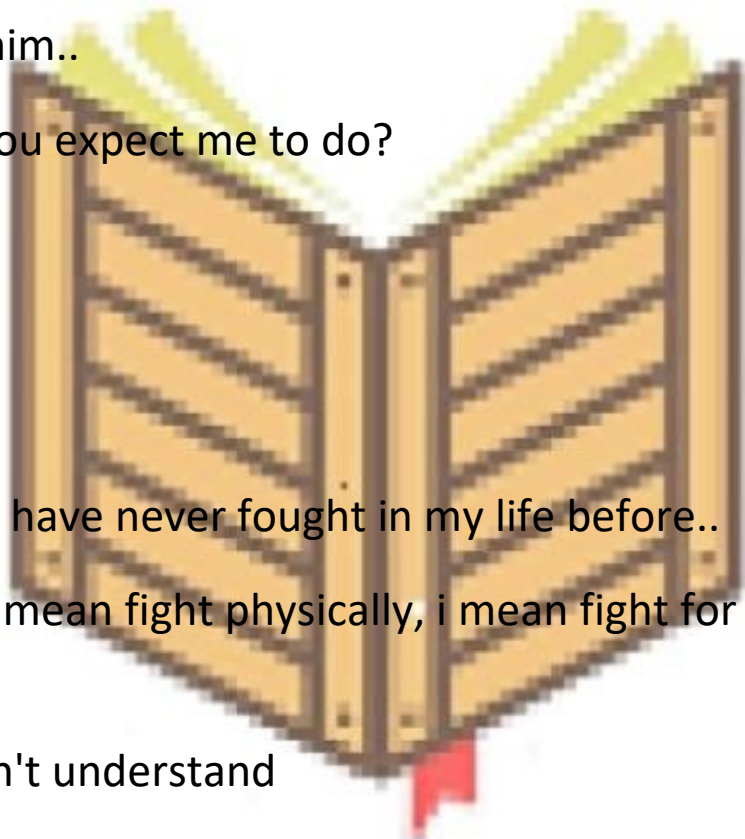

Him: i don't mean fight physically, i mean fight for what you believe in..

Me: Looks that way.....

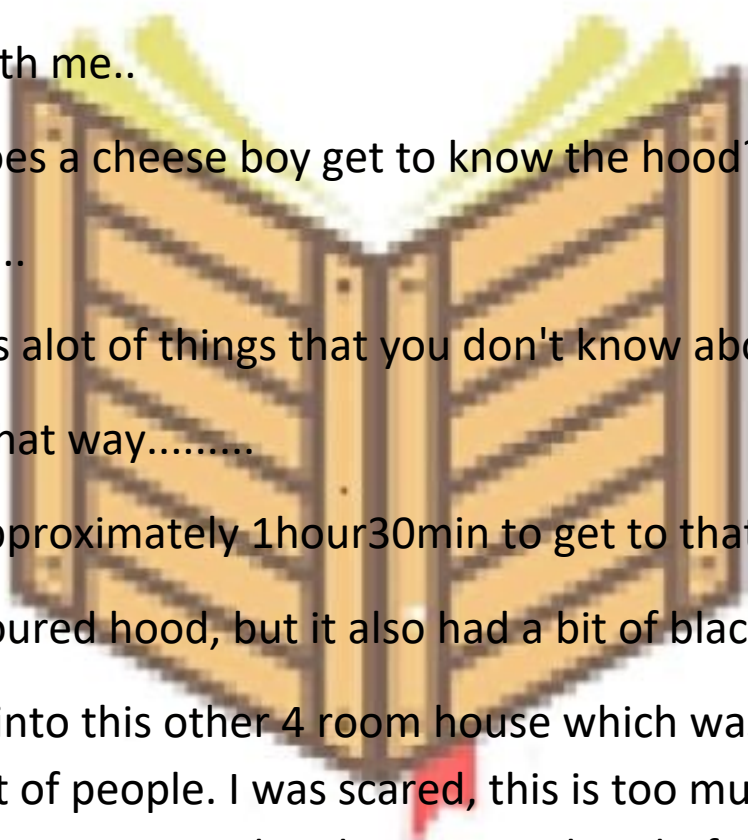

It took us approximately 1hour30min to get to that hood..

It was a coloured hood, but it also had a bit of black people.....

We walked into this other 4 room house which was very noisy and had alot of people. I was scared, this is too much for me i have never been into such a dangerous place before....

I thought that maybe it was an ordinary house, but inside it looked more like a club than an actual house...

Hood rats were present they were wearing short things as always and twerking their way to getting free drinks. There was

also a place where people were doing drugs, some were dancing, it was just chaotic and a place for lost souls..

Austin and I approached some guy who was sitting on the couch with some girl busy kissing.. He was buffed up, had tattoos on his arm he looked very dangerous, the type of coloured that you don't wanna mess with....

I held on to Austin's arm very tight..

Austin: Tk!..

The guy broke the kiss and looked at him..

Him: Austin my boy, how are you?

He stood up and gave him a handshake...

Austin: Im Good and you?

Tk: Im Good man can't complain...

I looked around again and I had a bad Aura about this place..

Tk: What brings you into this dark corner?

Austin: Nothing much man, just wanna have a good time with my lady..

He looked at me, he had a patch covering his left eye..

He whistled..

Him: This is your thing?

The day went well, and today there's no way out i have to go visit my dying husband... I left at around 15:00 leaving Menzi and Kay there to finish everything.....

Since Austin cannot call me on my cellphone, i think its better that he calls from the landline phone at the salon.....

I got to the hospital and made my way to his ward, i was surprised to see my dad there and Daniel looked very much better...

I walked up to them..

Me: Good afternoon

They greeted back.. I was a bit scared i won't lie especially after i haven't visited Daniel for a while and im sure dad knows about it...

Daniel: How have you been?

Me: i have been good and sorry that i haven't been coming to visit you..

Him: Your Father told me about the salon being busy..

Dad: but still, that is no excuse for her to not visit..

Daniel: Its okay i understand.

Dad: When are you getting out?

Him: In 2 days time

I faked a smile..

Me: That's good to hear

I kissed him on his cheek..

He looked at my dad..

We were gathered around the dinner table, getting to know this Andries guy.. He was cute, that type of good looking old men..

Dad: i did run it past you that my daughter is doing medicine, i don't know how you feel about that?

Him: first of all i admire her for taking such a big and demanding course. I admire the courage she has for learning, looking at her i can see the hunger in wanting to make something of herself...

This Andries guy was very well spoken, he carried himself in a most respectful way with that flashy suit he was wearing....

Him: Although unfortunately i am not getting any Younger. I would wanna have kids and i think you cannot juggle both..

Dad: What were you thinking?

Him: Something that's close to medicine, and something that is not gonna be for 6 years.. Like pharmacy.

Leah: But i love medicine!

Dad: Leah!

She kept quiet..

Dad: Apologise to your future husband

Leah: Im sorry

Mom: i don't know how to put this..

We looked at her..

Dad: Talk woman!! (shouting)

Mom: Unfortunately Daniel is no more

Me: What do you mean?

NOVELSGURU.COM

Mom: He Ass found dead in his ward...

That was shocking..

Dad: it cannot be!

Mom: i..

Dad: No!! Do you know how hard it was to find Laurian a husband? Now we back to square one! Did the hospital say what happened?

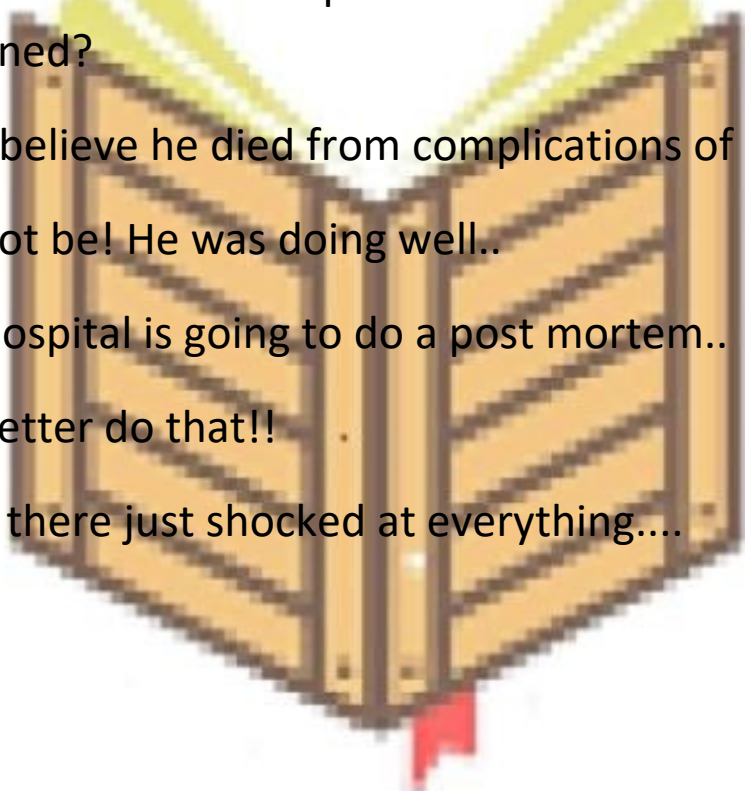

Mom: They believe he died from complications of his cancer..

Dad: it cannot be! He was doing well..

Mom: The hospital is going to do a post mortem..

Dad: They better do that!!

I was sitting there just shocked at everything....

NOVELSGURU.COM

[LAURIAN]

We were very shocked by Daniel's unexplainable death..

It was no lie that he was doing very well, how this happened i seriously don't know....

My father woke us up early the following day because he had some announcement to make..

I was sitting on the couch with my mom, and Leah...

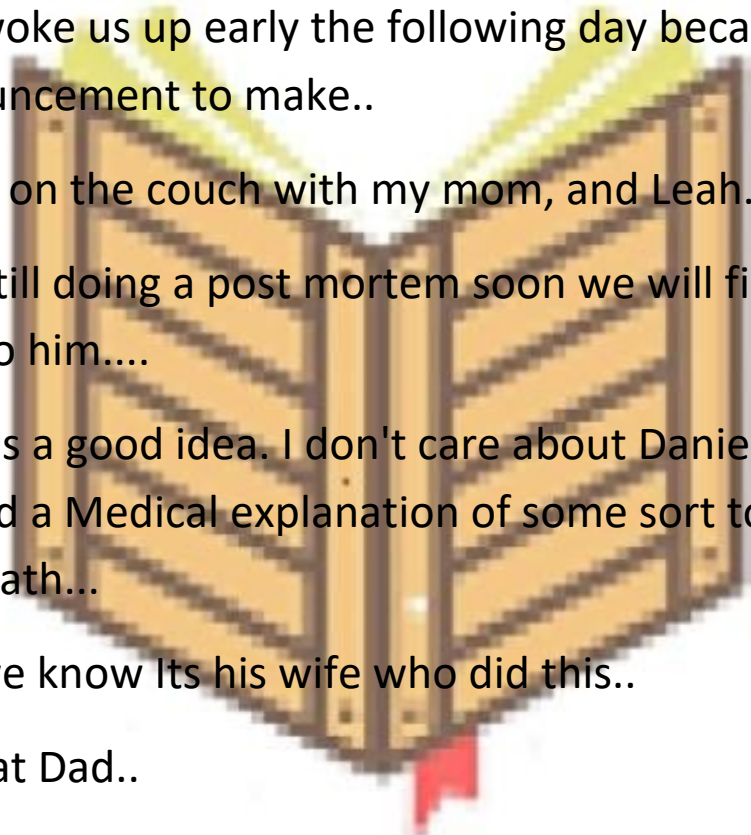

Dad: They still doing a post mortem soon we will find out what happened to him....

I think that is a good idea. I don't care about Daniel but i do feel we are owed a Medical explanation of some sort to his untimely death...

Dad: Well we know Its his wife who did this..

We looked at Dad..

Him: Its no secret that Daniel was to change his will soon and make Laurian his primary beneficiary.. She saw that she stands to lose alot, she took him out before he got the chance to change the will..

That does make sense, i mean she has been trying so very hard to get him back but he just didn't want all he wanted to do was to move on from his previous marriage...

Dad: i will run this by the Cops and hope they do an investigation on her...

As much as i didn't want anything to do with this marriage, but Daniel must get justice. Whoever did this must be brought forward..

Dad: Laurian you are to mourn for him, you will have to share the mattress with the senoir widow. You must wear all black and cut your hair bald...

I thought maybe i wasn't hearing that correctly, i looked at my mom..

Mom: is that necessary? I mean they were not even married..

Dad: He paid Lobola for her, Practically they married!

Today when you come back from work, i will drive you there..you can go and say goodbye to your colleagues at the salon you will be seeing them After two weeks!

Me: 2 Weeks?

Dad: The Superiors are gonna go pay our respects to him at our sacred place, we will only come back after a week for his funeral...

I cannot be out of the salon for 2 whole weeks, that's not right at all!

Dad: and just know that you will wear black until another husband is found for you, and that is gonna take forever because there is no man in the cult that is single...

He then walked away..

Leah: Wow!!!

Me: Mom i am 23, i cannot be clothed as a widow until the rest of my life.. And what is Austin gonna say about this?

Mom: Don't worry i will talk to him about this, just prepare yourself and go to work.. You too Leah prepare for school..

Leah: i don't know why im going to school because soon ill be quitting..

All that i was worried about

Him: is that all that you want? don't you perhaps want something to eat?

Me: No ill be fine with this..

Him: Are you saddened by the sudden death of what was supposed to be your husband?

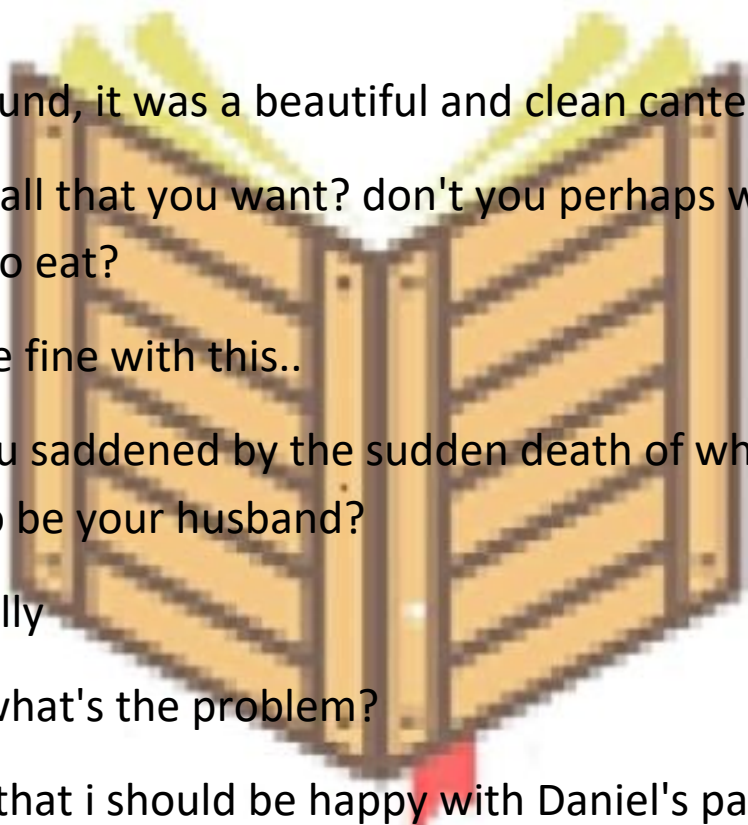

Me: Not really

Him: Then what's the problem?

Me: i know that i should be happy with Daniel's passing, although i am not completely free but at least my father won't be in search of another husband for me especially since everyone in his cult is married..

Me: sort off..

Me: Well my dad thinks that Daniel's wife is the one behind his mysterious death..

Austin choked on his coffee and started coughing..

Me: Are you okay?

He nodded..

Me: Anyway we think his wife is behind all of this because Daniel was to change his will soon and make me his primary beneficiary. The wife knew that she had a lot to lose so she took him out just like that..

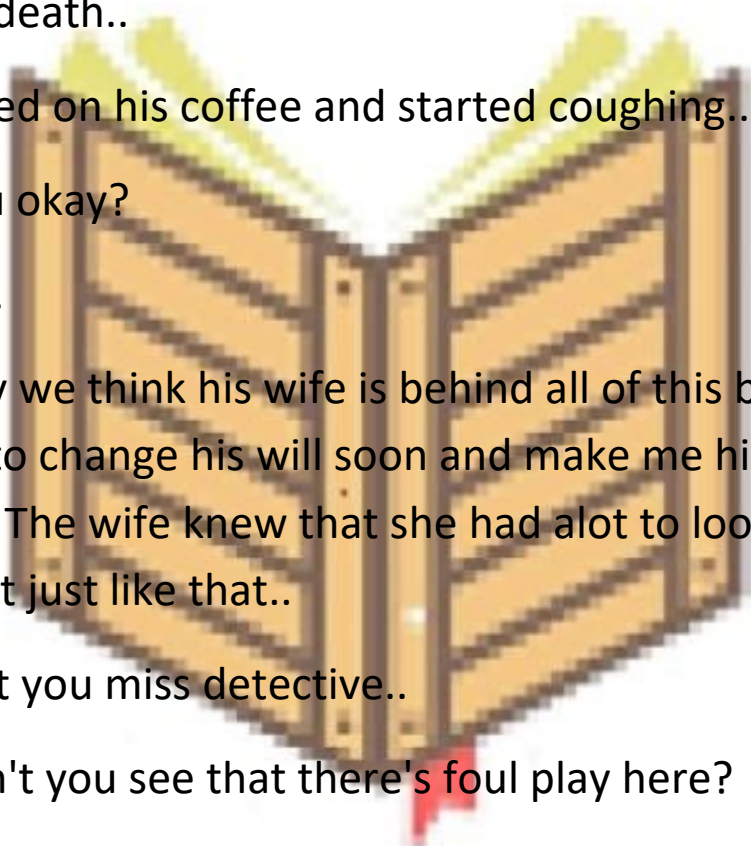

Him: Look at you miss detective..

Me: But don't you see that there's foul play here?

Him: Laurian you talk as if like you have some sort of feelings towards this man or you were indeed after his money..

Me: Im sorry, i shouldn't be talking about this in your presence..

He looked at me..

Him: huh?

Me: Never mind.. Aren't you late for your meeting?

Once again i was broken by what was supposed to be true love, isn't love supposed to be a beautiful thing? Isn't it supposed to be a beautiful journey of two hearts connected to each other? If so then why does my love for Austin hurt this much? I understand he wants me to make sacrifices but what sacrifices has he made in his part other than fucking Angelica?

After what seemed to be forever, i got out of my car and went inside the house..

Immediately when i walked into the living room, my father pointed his gun at me..

Mom: O'Njaay what are you doing?

She looked at me and i was bleeding profusely from my nose, i think he broke my nose...

Him: i will be damned if i let Laurian shame this family..

I handed my mom the diary she went through it..

Mom: ohh my word..

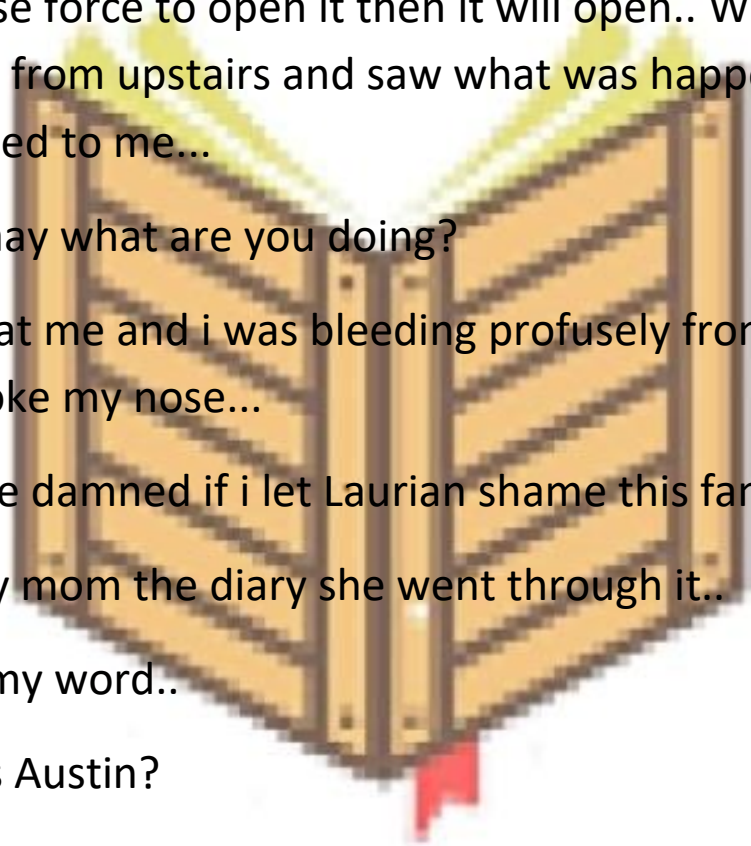

Dad: Who is Austin?

My mom and i kept quiet, and he cocked the gun..

Mom: You will have to kill me first before i let you kill me my daughter..

Him: Very well..

He shot my mom in the arm..

Me: Wait!!

He looked at me.

Him: You perhaps have any last words?

My mom was on the floor, bleeding and screaming in agony..

Me: You should know that Austin doesn't exist..

Him: Don't make me a fool!

Me: i swear daddy, Austin is an imaginary perfect boyfriend that i have created since i can't date anyone of my choice.. I painted the relationship so vividly because that's the kind of relationship i hope for, but since i cannot have that then i have to write my perfect world in my secret diary and read through every night to make myself feel better...

He looked at me for a long time before lowering his gun..

Him: if i find out that you lying to me and this Austin really exists i will kill you and him without thinking twice..

There's alot of Austins around so i doubt he can find him even if he tried harder.. **NOVELSGURU.COM**

Him: Take your mother and yourself to the hospital, make sure you back before midnight because i have to take you to Daniel's house before leaving with the Superiors tonight...

I went to rinse the Blood in my nose and i had this Terrible deep bruise across my nose and i think it was broken too..

I then took my mom and we went to my car then started driving to the hospital..

We had gone to Daniel's house, but his family refused for me to sit on the mattress or to even be there.. They stood 100% behind the ex wife, and that pissed my Dad more than anything else that i cannot mourn Daniel because according to his crazy self we were married. The relatives didn't even know about me, they took me as Daniel's Armpits and that i am responsible for his failed marriage. The ex wife knew the truth but she threw me under the bus. I didn't care none about that at least i don't have to wear black and what not.....

It was late at night my father had already left and hour ago, my mother was sleeping Leah and i we were watching chick flick movies....

We had gone to the the hospital, it was me, Leah, and My mother..

My father was in a critical state indeed all those machines in one body was too much he looked bad, his face was even Deformed we only recognised him by his engraved O'Njaay bracelet....

Mom: i know this is bad, but how bad is it?

Dr: Its more bad than it looks

She opened the file..

Dr: punctured right lung, broken ribs. That part of the rib that had broken pierced his heart a little, He has sustained brain trauma, his lower jaw has been shattered, his Femur, his spinal cord the C4 part of his spinal cord has been greatly affected if he makes it out this he might be a paraplegic for the rest of his life....

Me: What's the worst?

Dr: He might never wake up, if he does cling on to the little life that he has left he will wake up after 6 months, maybe a year too.. And he will never be the same again..

NOVELSGURU.COM

Mom: What do you mean?

Dr: Although he survived a fatal plane crash, but his life will never be the same again he will be disabled, he will have to be dependant on people for the rest of his life he will not be able to do things for himself..

That was devastating news to hear, i mean my father the powerful O'Njaay having to be a vegetable all his life that's gonna be new..

Mom: will he ever wake up?

Dr: i cannot promise you that..

My mom went up to him and held his hand..

Dr: i will leave you guys here

Me: Thank you Doctor

[AUSTIN]

I was back from work, i was laid back on my bed with my big Ass bitch ontop of me..

We were just kissing and having a moment..

Angelica: what is your mom gonna say when she finds me here?

Me: What can she say?

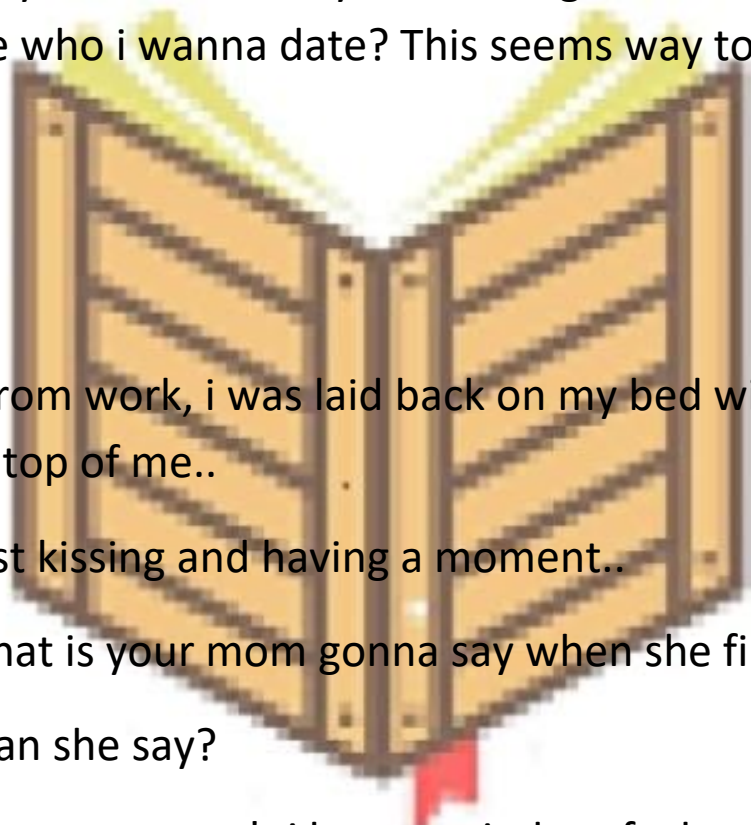

Her: She knows me, won't i be a reminder of what happened to her and my dad?

NOVELSGURU.COM

Me: We'll just have to see

She kissed me..

Her: i love you

Now that's a tricky part because for Me, love isn't really involved in this relationship from my side..

Me: i heart you too

She smiled at me.. I squeezed her Ass a little..

Me: Tell me is your Ass real?

She rolled her eyes..

Her: i don't like that question at all.

Me: Its not real?

Her: ill let you decide on your own.

Me: uhm okay...

She kissed me again..

Her: Why don't you just move out?

Me: This is my house, my father left it for me..

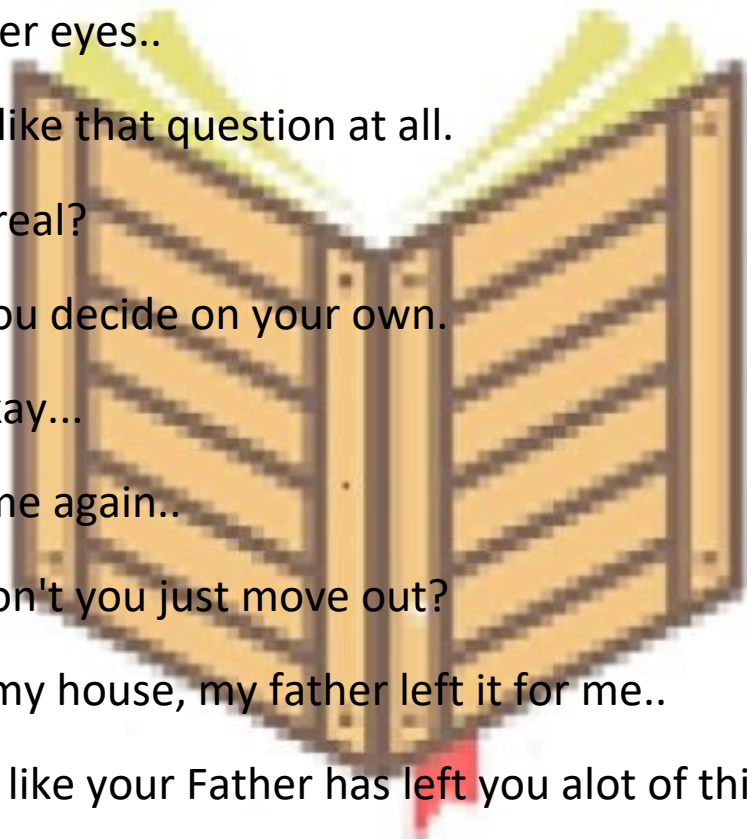

Him: Seems like your Father has left you alot of things...

Me: Im his only son, the head of this family now..

Me: Oom, please tell me you have good news for me?

Him: i have news..

Me: Yeah?

Him: There was a plane crash, all the passagers died.

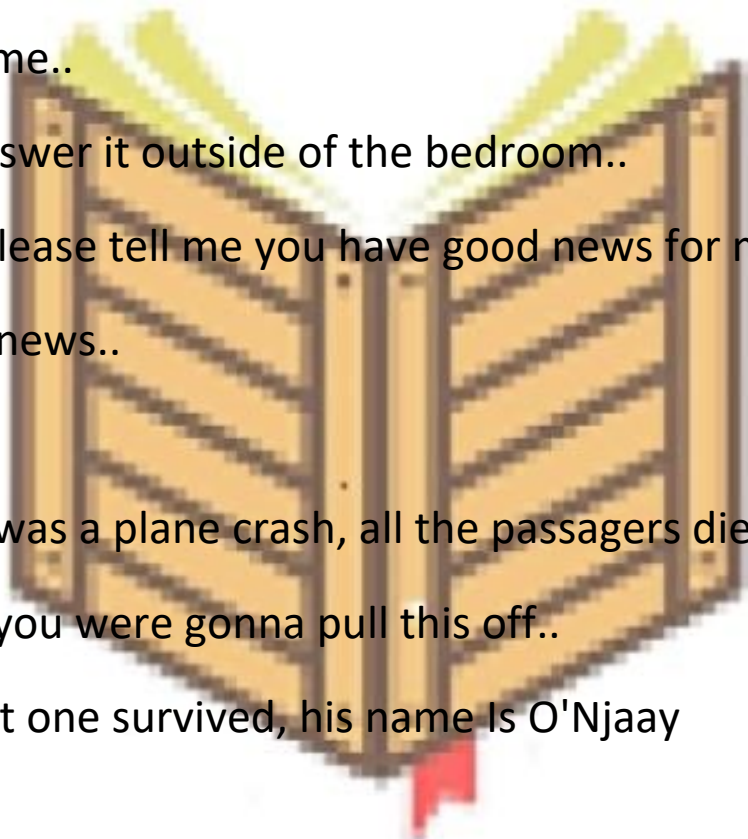

Me: i knew you were gonna pull this off..

Him: Yea but one survived, his name Is O'Njaay

Me: Shit!

Him: he is in a very critical state though, reading his medical report i don't know why the hospital is keeping him because he might never wake up, or if he does his life will never be the same anymore..

Me: That sounds tragic..

NOVELSGURU.COM

Him: Yeah do you want us to take him out?

Me: Nah

Him: Are you sure?

Me: Yes i am

Him: Ayt then.

Me: Thank you for everything..

I had called my mother and told her to fetch me later, and she had no problem with that..

Me: You know what im thinking, we should call Austin!

Kay: For?

Me: i wanna Congratulate him in his relationship with Angelica..

Menzi: Are you sure you wanna do this?

Me: i am not a bitter ex, i will Congratulate him..

Her: Ohw "im better than that"

Me "I'm not gon blast you on the radio"

Sandile was taking a bit longer than expected and i wasn't feeling the vibe at the salon anymore with Austin and Angelica being here, so i took my purse and let Menzi hold the salon for a while, while i go take care of my hangover..

I was surprised to see Austin following me until he caught up with me..

I wonder what he wanted..

Him: and what was that all about?

Me: What was what?

Him: kissing that useless looser

Me: usel..

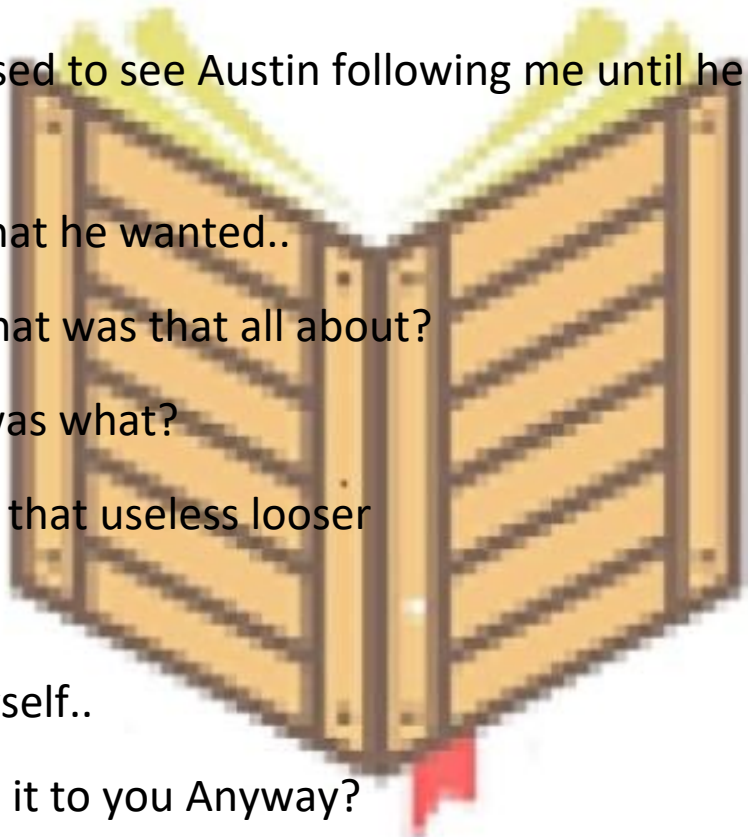

I calmed myself..

Me: What is it to you Anyway?

Him: Let's just be honest there's no love there you just trying to make me jealous..

Sandile finally came through, he was held up with counting the new stock that came...

Him: i only have 30min

Me: That's enough

We started walking to the joint

Him: So tell me what was the kiss about?

I really hoped that he wasn't gonna raise that issue up but here we are..

Me: Was just a natural reaction

Him: Ohw i see

We continued walking in silence..

Him: Where you trying to make that guy at the salon jealous?

Me: i don't know what you talking about

Him: i am not a kid Laurian, i saw the vibe between you too..
I stopped and he stopped..

Him: You know how i feel about you so i don't want you raising false hopes with me.. either you wanna be in a relationship with me or we continue being friends...

Sandile is a very good guy and i really would hate to see him being hurt along the process

so i think it will better if me and him just stay as friends and see where everything takes us..

Me: i understand and i am sorry that what i did at the salon raised false hopes.. I really like you but im not sure if i like you in that way or as a friend so i think that we should keep things how they are and let nature take its course..

Him: i think that's a good idea

I was late for work, my day started off with me searching for a flat i wasn't gonna stay at the hotel it was very expensive..i didn't really find a normal usual flat, but i found a Duplex meaning ill have other people living upstairs as my tenants at least that will make me money, but rent is a bit steep.....

When i arrived at the office, i asked Tracey to go and get me furniture for my Duplex and make everything look good and welcoming because im gonna have Laurian coming over later today when she knocks off at the salon.. I was very happy that things were working out between us, i was whistling all the way to my office until my Happiness siezed when i found my Mom and my dad's lawyer waiting for me..

Mom: Good for you to finally show up..

Me: What's going on?

Ilana: Please sit down Austin..

Ilana has been my dad's lawyer for as long as i could remember, she was and is still faithful to us..

I sat down on my chair as she opened her suitcase, taking out a document..

Her: This is your Father's will..

Me: i know dad's will

She handed it to me..

Me: What am i looking at?

Mom: go down where he talks about the company..

I went and read that part, it was still the same as how we read it after his funeral..

Me: It still states that i should run his company when he is no more..

Mom: Look at the Clause..

Me: "Should Austin fail to run the company accordingly, the board has the right to vote him out and have him removed as the CEO/Acting CEO until he is fit enough to run the company again then he shall be reinstated"

Mom: Thank you

My mom sipped her tea..

Me: What is this about?

NOVELSGURU.COM

ILana cleared her Throat..

Her: As your dad's lawyer, it is my duty to make sure that i abide by his last words and..

Me: Get straight to the point please!

Mom: See i told you about his attitude..

ILana: There is no better way to say this, but..

I looked at her..

Her: The board has voted for you to step down as the acting CEO..

Me: That's crap!

Mom: had you been in the meeting this morning at 8am as requested, then you would've known that the shareholders were here and we voted you off..

I looked at ILana..

Me: Clearly you cannot allow this to happen

my dad wanted me to run this company as his heir. It is here in black and white!

Mom: it is also in black and white that if you can be voted to step down if you not performing..

Me: i guess i should ask why i was voted out..

She put the mug down..

Her: i thought you would never ask..

I leaned over with my hand on my cheek while my elbow was balancing on the table..

Her: You hardly here Austin, you messing meetings with important clients. You are tarnishing the company name and dragging it in the mud. Our own CEO sleeping with girls in public places like that! You don't attend meetings, you never here to overlook everything you just not a fit leader!

Me: Don't i have you for all of that?

Her: i am your mentor and one of the shareholders of this company, you are the heart of this company and your heart is definitely not here!

I looked at ILana..

Me: So what happens now?

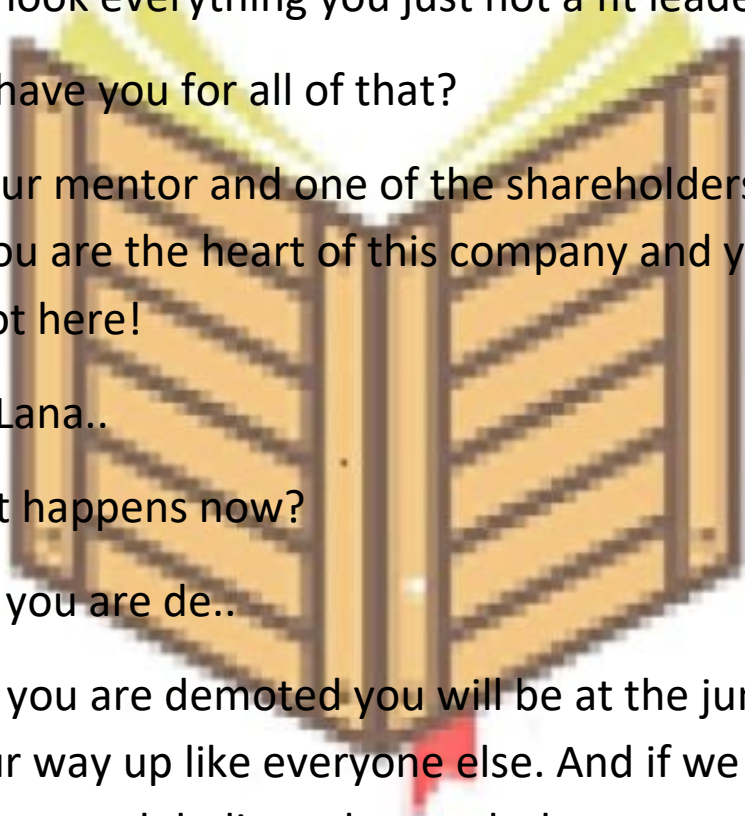

ILana: Since you are de..

Mom: Since you are demoted you will be at the junour level, working your way up like everyone else. And if we do feel like you are mature and dedicated enough then you will be reinstated to run the company..

There was a knock at the door..

Me: Come in

Tracey walked in..

Tracey: Austin are Black couches with Red cushions good for you?

I gave her a serious look..

Her: Oops i didn't know that you were in a meeting!

Mom: couches for what?

Tracey: For his.. Austin has.. He asked me to get him furniture for his Duplex..

Me: Now the staff has to drop everything and attend to his person needs and wants.. That shall and will be put in the Report..

Tracey: Sorry

She walked out while gently closing the door

Me: Tracey is my personal assistant i can send her to do whatever!

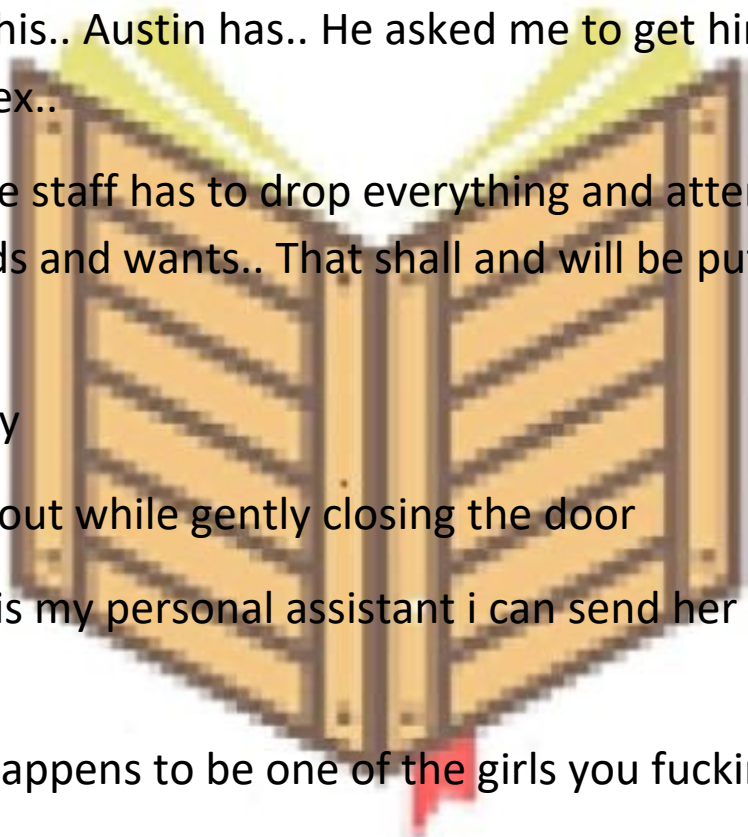

Mom: She happens to be one of the girls you fucking too, right?

Me: Now that has nothing to do with the company!!

She tossed some papers to me across the table..

Her: Contract for you to step down as the acting CEO and being at the juniour level please sign....

She looked at ILana..

NOVELSGURU.COM

Mom: and what do you know, your lawyer is here to help you look at the contract!

She took her cup and started walking to the door..

Her: Ill be waiting for it at my office..

I took the contract and looked at it..

Me: You gotta be kidding me!

ILana: What's wrong?

I gave her the contract..

Her: What? From acting CEO to being her Skivvy?..

Me: You know very well she's doing this on purpose right?

Her: i know very well.. I know Kate she's very conniving.

Me: So can you help me?

Her: Unfortunately i cannot Austin, not when your Father has put everything in black and white...

We finished at around 19:00 at the salon..we were about to go home when we got struck by something on social media. Austin's video of him attacking Angelica was trending. Both Austin and Angelica were wrong, but because Austin used force to remove her from his car they painted him out as if like he is an abuser and a monster..

Kay: Austin is always giving the Media a field day...

Menzi: He needs to control his Temper..

Now how am i gonna tell him about Saturday?

Kay: Are you sure that you wanna go to this guy's place?

Me: Austin will never hurt me if that's what you worried about..

I walked up to my car. Today it was Thursday, i was supposed to spend the whole weekend with Austin and go home on Monday but im sure he won't mind me going out for a few hours on Saturday...

I drove to this other Chinese restaurant to get takeaways and then i drove to the Duplex...

He didn't have tenants yet upstairs, but the Agent said by next week we gonna have tenants...

I got to the Duplex, and before i could open the door i heard Austin yelling sounded like he was angry..

I took a deep breath and started Knocking, he didn't say come so i slowly opened the door and Walked in..

I was surprised to see the Duplex fully furnished, that was quick but i liked how everything was put together i could tell that he didn't do this on his own he had help..

The furniture looked quiet expensive i won't lie..

Austin was wearing grey track pants with a black vest and black men sleepers...

He was on the phone..

Him: I didn't say get expensive things i just said get me some furniture!!! Do you know how everything costs?

He looked at the document he was holding..

Him: You really costing me Tracey!!

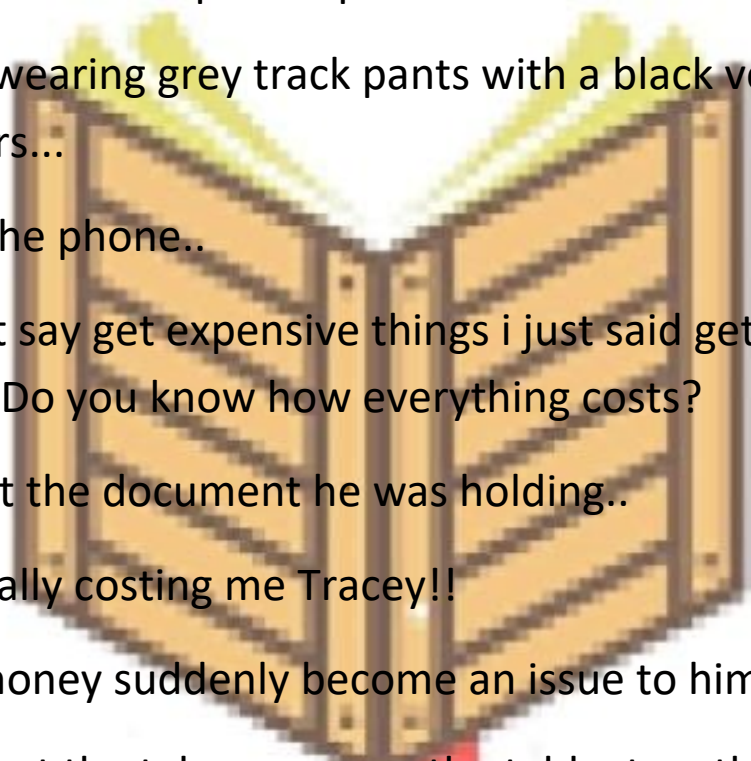

When did money suddenly become an issue to him..

I went and put the take aways on the table, together with my bag that had some of my clothes..

Him: Go to hell Tracey you became useless!!

He hunged up and threw the phone on the couch.. He looked really mad i didn't even know how to approach him about the Wedding thing..

He looked at my bag..

Him: Are you planning on staying one day? That bag is small..

Me: Actually im gonna be here for the weekend..

He put his hands around my waist..

Him: Thought you were gonna stay for a week at least.

He looked at me..

Me: i was actually hoping that we.. We could go test before we go there...

He let go of me..

Him: Wow! Can't my day get any worse?

Me: Its important for every couple to test!

Him: Are you saying im Hiv+?

Me: i didn't say that, you did!

Him: Yewena Laurian!

He raised his hand up, but lowered it again...

Me: Here's to "i will never hit you"

I took my bag..

Him: but i didn't hit you

Me: But you were about too! Ill come back when you calm..

I approached the door, when i opened it he closed it.. He was standing behind me..

Me: Austin

Him: Turn around

I slowly turned around, he lowered his hand and made me dropped my bag....

He came really close to me, i could feel his warm breath hitting my neck..

Him: Im sorry

He started planting wet kisses on my neck..

Me: Austin..

Him: i have Condoms Bunny

That was assurance enough for me. We kissed while stripping each other naked.. The session was intense that we didn't make it to the bedroom nor the couch, we were on the carpet..

He was kissing my body all over, it was just amazing. I lost myself in his sexual arousal and charm..

This is what i was waiting for, Sharing my womanhood with someone i love..

Him: sorry..

Me: Its okay

All the pleasure went away as pain creped in.. But after some while i couldn't really feel him inside, this was totally a different experience for me but my Cinderella fairytale story finally became a reality...

[LAURIAN]

For the first time in my life i woke up with joy in my heart and a smile on my face, two combinations that i never thought would come my way.. I am thankful for this Joy that God has blessed me with, it is true that whatever hardship you go through you feel like you drowning, you feel like you will never surfaced from that deep water and take a breath.. But when all of that goes and God restores good from all the bad that has come your way, you won't believe it..

Austin and i had a night of passion last night, we gave ourselves to each other the right way, even if i die tomorrow i will be happy that God has respected my wishes and gave me what my heart desired..

All i remember after those rounds was me passing out next to him on the carpet, how i ended up on the couch with a mini blanket covering my naked body, and a soft pillow supporting my head and neck i seriously don't know..

I heard someone singing, and it sounded like they were frying something in the kitchen which was smelling nice...

I got out of the couch, wrapped the mini blanket around my body and made my way to the kitchen. Austin was preparing breakfast..

Him: "we like her, and we like her too"

He would sing then stop and finish off the verse by whistling....

Me: Morning

Him: and what do you know Ladies and Gentleman Miss world is awake..

I made my way to him...

Me: i am not Miss world

Him: For a woman to look this beautiful while she just woke up, she gotta be Miss World...

I chuckled..

He put his hands around me...

Him: How are you feeling?

Me: a bit in pain

Him: How was the experience though?

Me: Was the best

he kissed me on my forehead..

Him: Go brush your teeth while i fix something up for you..

Me: Are you saying my breath stinks?

Him: i was not trying to put it like that..

I clicked my tongue and Walked away in search of a bathroom while he laughed..

Something at the main bedroom caught my eye. The pillows on the left were engraved "Laurian" while the ones on the right were engraved "Austin".. They were red and white, the duvet was white with Red roses. Was very sweet i won't lie..

I went to the bathroom and took a shower, then after i went to get dressed..

When i was done with everything i went to join him for breakfast..

He had prepared steak with cheese, eggs and bacon accompanied by Portugeese rolls and Guava juice..

Me: So what's our plans for today?

Him: thought you'll be going to the Salon..

Me: Im off today.. I was thinking maybe we can get things for this place.

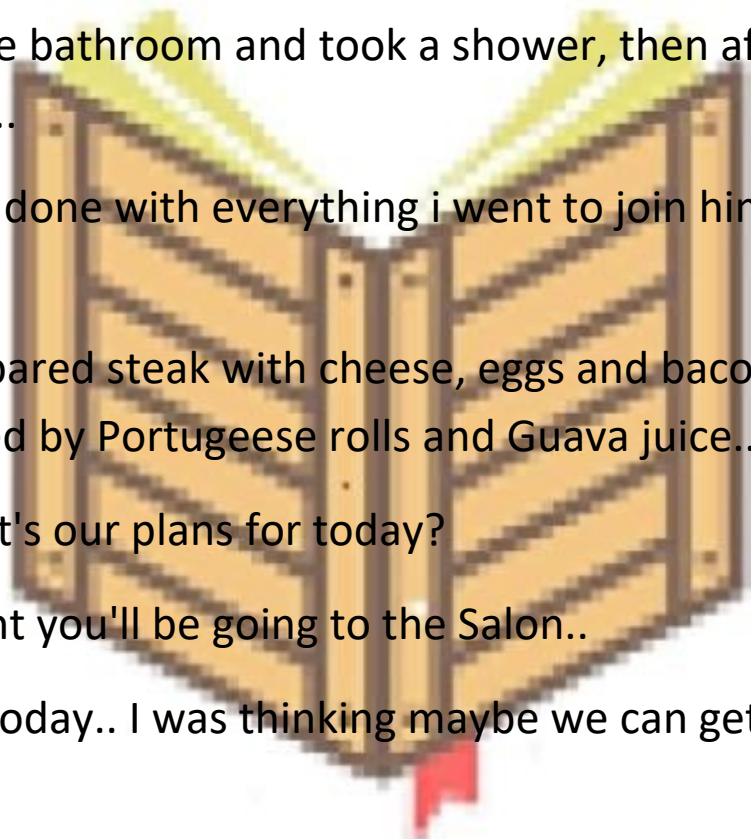

Him: ill pass, my wallet inovalo..

Me: ill buy

Him: Don't be crazy.

Me: Really i don't mind..

Him: You not buying anything

Me: Austin..

Him: No Laurian im not going to repeat myself..

I was soo lost

one minute Austin has money the next his complaining about money...

[KATE]

Our PI had got me Laurian's physical address. I really need to go there and talk to her mother about their silly relationship.. Don't get me wrong i already have a perfect girl that my son should marry, all this other girls are not right Laurian included....

Luckily she was home, and their home was not as bad as i thought it would be..

She came into the living room with a tray, it was tea and cookies she put it on the table..

Her: Tea?

NOVELSGURU.COM

Me: Since you offering

She poured tea for me..

Her: This is a visit that i never expected..

Me: i know

She handed me the cup and i looked at it..

Her: Its clean..

I brought it closer to my mouth, but put it down again..

Me: This is not a social visit unfortunately

Her: i could tell..

Me: i don't know if you are aware of Austin and Laurian's relationship..

She smiled..

Her: i am well aware of it, and i had the privilegde to meet your Son this other day...

Her: You did?

Me: Yes Laurian brought him for dinner, such a good young man..

I faked a smile..

Me: How do you feel about their relationship?

Me: Who am i to stand inbetween two hearts that love each other? I admire their relationship Its very beautiful, very true, and i am happy for them i want them to go far..

NOVELSGURU.COM

Me: if i remember correctly Laurian was married and her Husband passed on? The smile vanished.

Her: That is true, but there's more to the story..

Me: Im listening..

Her: id rather not get to that now

Me: if i understand very well too your husband practices honour killings? She smiled again.

Her: Let me guess, you want my daughter to stay away from your Son?

Me: agree with me when i say that this love of theirs is Forbidden, their relationship is cursed. They will never be happy instead it will result in death and i don't wanna loose my son!

Her: Forgive Me Mrs??

Me: do call me Kate

Her: i don't mean to be livid but, i don't think us separating them will do them good. If we oppose their relationship the could be bad consequences we might lose them both. What if they run away? I am sorry but i wanna be a part of my daughter's life, i wanna be there when she gets married and have kids that's my number one goal to see her happy..

NOVELSOURU.COM

Her: Are they happy?

Me: Have you seen them together?

I cleared my throat..

Her: You should witness them together, then that will answer your question..

Me: You know from mother to mother i thought we were gonna understand each other. What kind of a mother lets her daughter run loose while she's supposed to be mourning her dead husband? Hai maan waswabisa yong!!

Her: says a woman who was having an affair while still married. At least my daughter was not having an affair while her Husband was still alive, even now she's not having an affair..

Me: i see we won't understand each other!

Her: which is unfortunate

I stood up and took my purse..

Me: Tell your widow daughter to stay away from my son!

I took the cup of tea and brought it closer to my nose.. Then i put the cup down.

Me: By the way i drink Earl Grey tea, not some cheap Rooibos!

I then walked up to the door with my heels making noise.

[AUSTIN]

I let Laurian go shopping with her friends while i went and handled business. My Uncle's Son who is older than me and whom i consider a brother too was in the country for a short visit. He has been residing overseas because he is part of the gangs there. He is very much into Gangsterim especially those dangerous gangs where you only leave the Gang in a coffin..

His name is Gerald and he is 29 he really followed in his father's footsteps... You might read that and think that they make a mean team, but in actual fact they don't get along for shit. They big enemies for whatever reason....

I got to his rented apartment and he was very pleased to see me..

Him: Look at how grown you are

Me: Look at how big you are, you been hitting the gym i see..

Him: if you were me you would even sleep at the gym..

His place was a bit untidy, empty bottles and clothes lying around..

I went to sit on the couch while he lit a cigarette..

Him: Something to drink?

Me: Still Rock with Russian bear?

Him: You know i got you!

Me: Get me then!

He went and got the Russian bear with glasses..

Him: Its been a while man

Me: How long has it been, 4 Years?

Him: Shit like that!

He poured and passed me the bottle, i poured for myself too..

Me: How are things in the other world?

Him: They good man just fucken dangerous you don't when a motherfucker might actually drop (die)

Me: Yeah man all this gang shit! I don't wanna be a part of that shit no more!

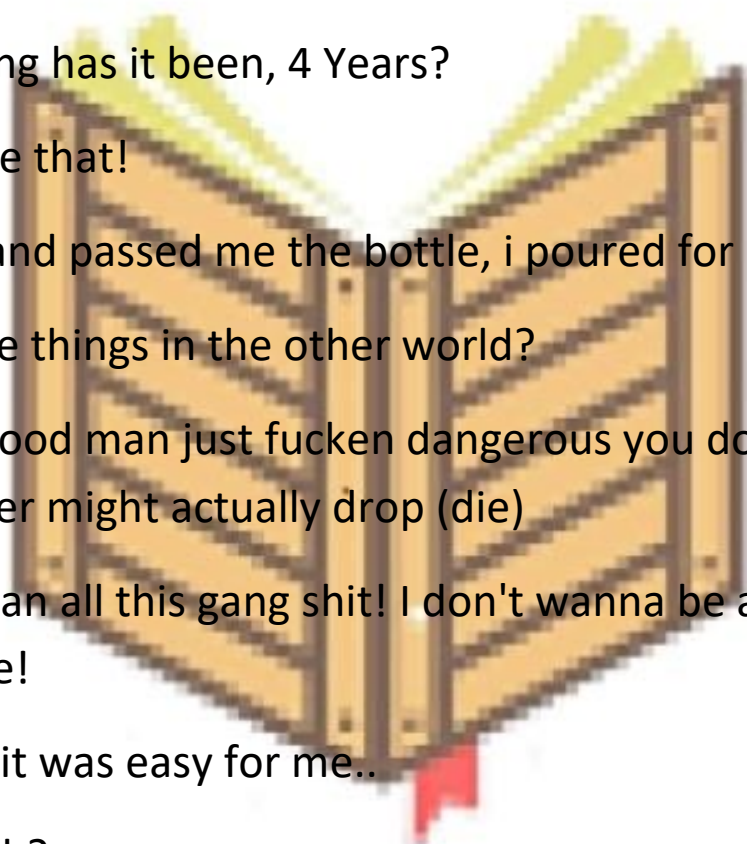

Him: if only it was easy for me..

Me: Its death?

Him: more than that man..

He gulped down the Russian bear..

Him: Its about protection, especially since me and TK are enemies..

Me: How does a Son and a father end up here?

He shrugged his shoulder..

Him: Im sure he can have you literally hanged if he could hear you here, you taking a deadly risk!

Me: What can i do, im desperate man..

Him: What's wrong?

I gulped down the Russian bear too..

Me: It still has that strong kick and hotness in ones chest..

Him: What trouble are you in?

Me: Not that perse..

He looked at me..

Me: Money is water tight on my side..

Him: weren't you supposed to take over on Oom's company?

Me: Something like that

but you know Kate..

Me: i need a job

Him: You know my "jobs" are not really "jobs"

Me: Anything that won't land me in hot water..

Him: i have an Operation that im running here in South Africa,not big but it holds alot of potential..

Me: Im listening

Him: How familiar are you with Oxycodone?

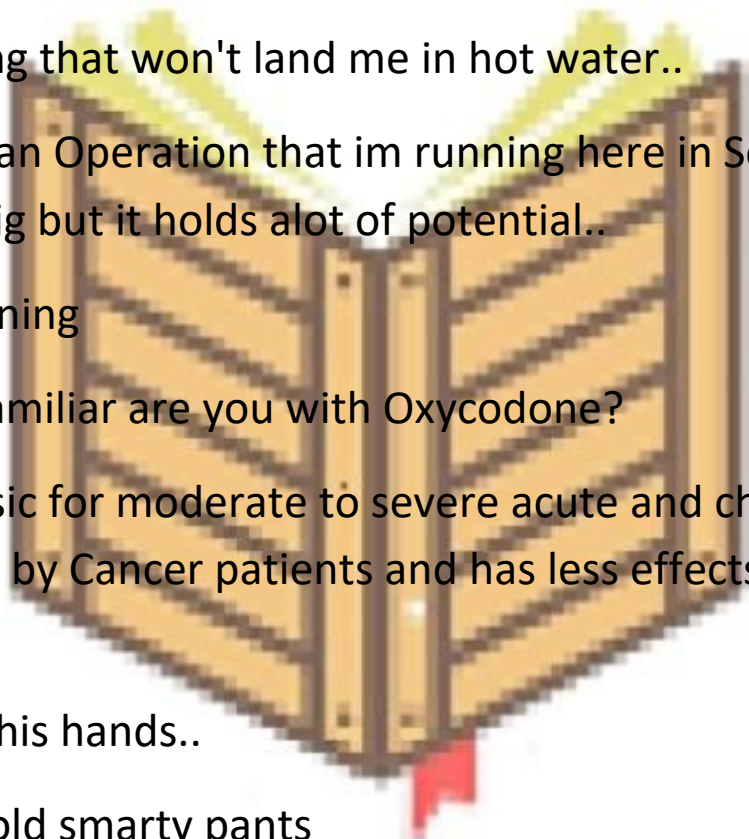

Me: Analgesic for moderate to severe acute and chronic pain, used mostly by Cancer patients and has less effects than Morphine..

He clapped his hands..

Him: Same old smarty pants

Me: Im well aware of that shit and other shit!

Him: Im distributing that to 5 clients of mine here in SA who were diagnosed with Cancer. 30 pills for R10 000.. 50k from all we slice that 25k each only if you agree to run the Operation for me..

Me: Could work

Him: Get more clients we make more money...

Me: plus once you start you cannot quit, has high levels of dependance..

Him: See what i mean

Me: And highly illegal too

Him: mostly in America, how many people in SA has been busted for that?

Me: Not sure

Him: Im working with certain doctors, they write prescriptions..

Me: if we get 10 patients that's 100k..

Him: 50k each

Me: Shit sounds like a plan, a clean one..

Him: Are you in?

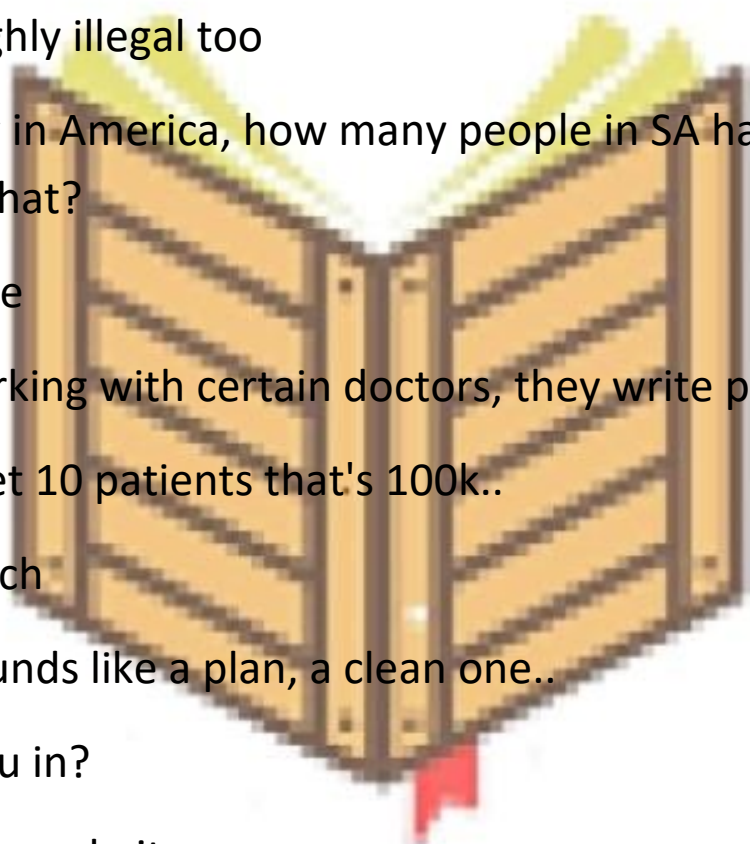

Me: Think i can do it

He extended his hand to me..

Him: That's my man

I do hope Kate will be thrilled about this..

I wasn't ready for all this drama, i stood up and started walking to the exit.. She grabbed my braids and threw me across the floor..

I was scared of her because at that moment she looked crazy..

She then took a pair of scissors from the counter and came straight to me. Having those scissors going in and out of me really brought excruciating pain.

I don't know what happened but i felt hands gently running on my cheek.. I wanted to open my eyes but they were very heavy. I tried and tried until they finally opened,i was a bit dizzy and still feeling sleepy...

My eyes landed on Austin, who was next to me..

Him: You awake, let me get the doctor..

Me: No...

He stood up and came to kiss me....

Him: i am very sorry Bunny.....

Thinking about what happened really got to me, i thought Angelica was going to kill me..

Me: She went crazy i thought.. I thought..

Him: i swear im going to kill her! So help me God i am going to kill her!

NOVELSGURU.COM

Me: No, she's dangerous let the Cops deal with her..

Him: Was she arrested?

Me: Im not sure

Him: i heard she attacked you at the Ngema mining company?

I nodded...

Him: What were you doing there Lauri?

Me: Your mom asked me to come, she.... She wanted to talk to me..

Him: about?

Me: i was attacked before we got to that..

Him: What was Angelica doing there?

Me: Think she wanted to see you then lost it when she saw me...

My body was in pain, especially my left breast..

Me: am i gonna... gonna be alright?

Him: i think so

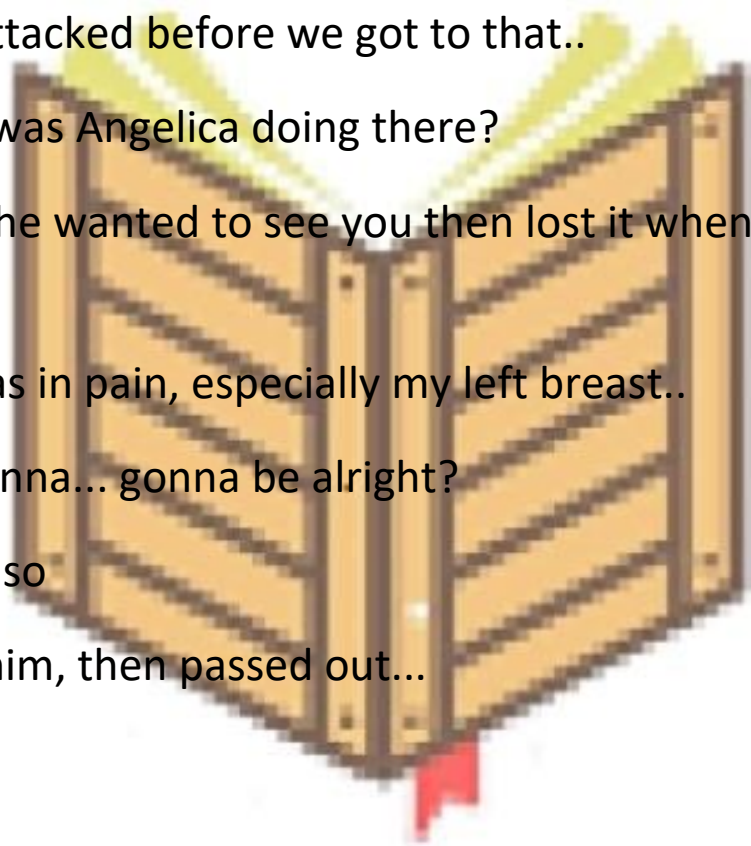

I smiled at him, then passed out...

...

[AUSTIN]

I think the medication that they gave her was very heavy on her and that's the reason of her passing out..

Since she mentioned Kate to me, my mind took me somewhere that Kate might be involved in this. Why would she call Laurian

to come if Angelica was gonna be there too it definitely wasn't a coincidence....

I stood up and kissed her on her forehead, then made my way to the door when i bumped into her mother and sister..

Leah: Austin!

Me: Hey Leah

I looked at her mother..

Me: Ma..

I found it hard looking at them in the eye especially since Laurian is here because of me..

Ma: Good to see you

Me: Good to see you too.

Ma: How is she?

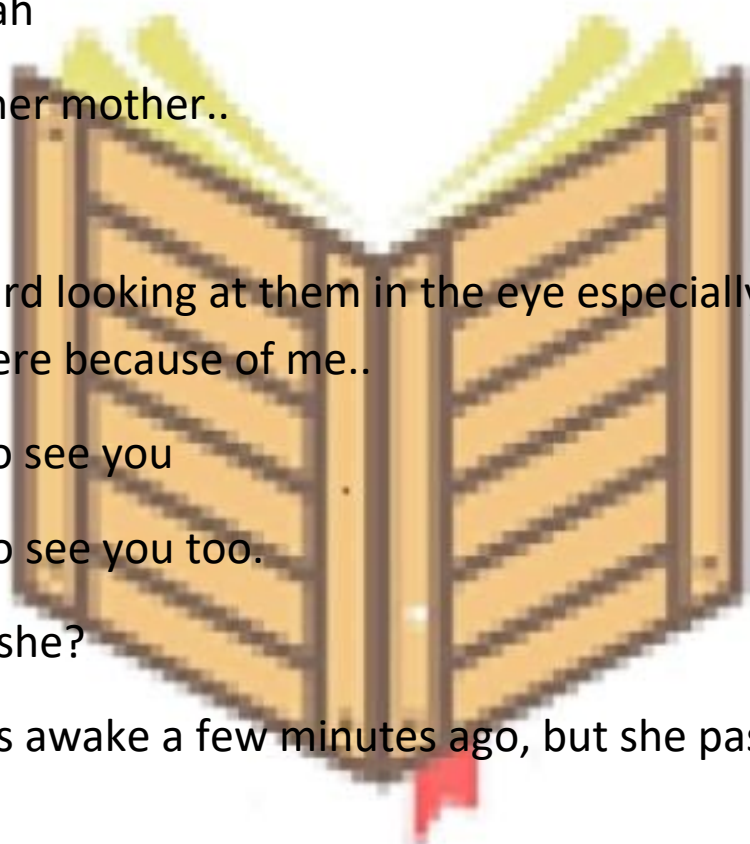

Me: She was awake a few minutes ago, but she passed out again..

Leah walked up to her, and Laurian's mother was just looking at me...

Me: all of this is my fault

Her: was she there to see you?

Me: No..my mom asked her to come so Laurian told me..

I looked at her.

Her: She was at my house the other day telling me i should tell Laurian to leave you. I didn't think she could go this far..

Me: i am very sorry...

Her: i respect your relationship with my daughter but what i don't respect is your mother trying to kill my daughter..

Me: i will fix this Mrs Njaay i promise just don't be against our relationship too..

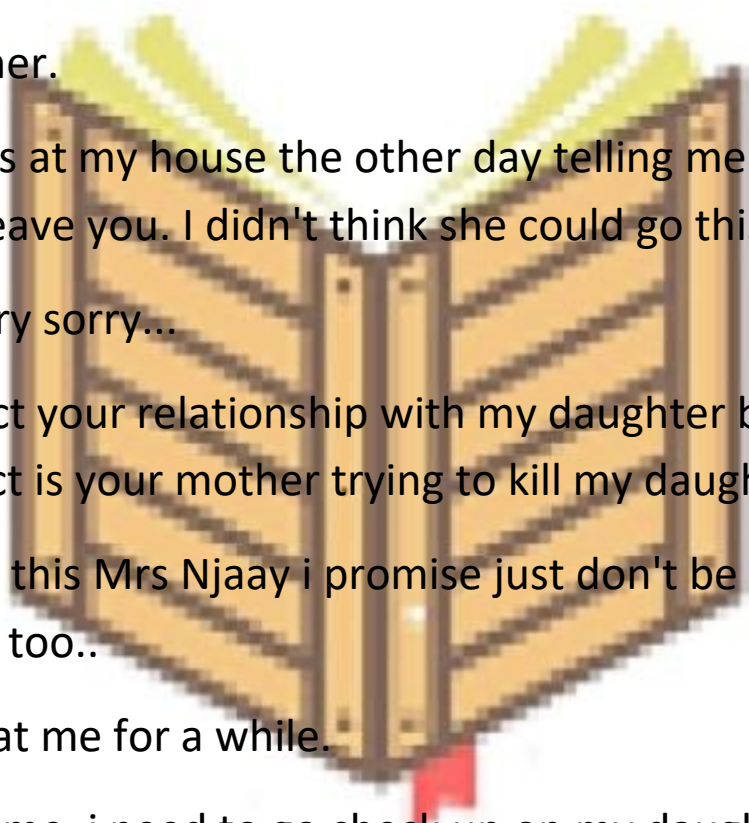

She looked at me for a while.

Her: Excuse me, i need to go check up on my daughter

She walked up to Laurian and i made my way to the company...

I cannot believe Kate would go this far, she is totally loosing it what kind of a mother would make their child suffer like this..

I got to the company and made my way to her office i didn't say nothing to anyone, not even Thuli from the reception...

I got to her office and she was busy on her laptop..

Me: What has gotten into you?

She closed the laptop..

Her: Excuse me?

Me: What do you want from me Kate?

Her: Austin what are you talking about?

Me: Laurian? You planned her attack didn't you?

She opened her laptop again..

Her: hai cha!

Me: Do you hate me that much Kate?

She looked at me..

Me: You already kicked me out of my Father's company now you wanna kill the woman i love?

Her: ngizothi ngikwenzelani lokho? (why would i do that)

Me: You tell me!

Her: i called Laurian here because i wanted to talk to her, i didn't know that Angelica was gonna come too..

Me: bull!

Her: The person i see at fault here is you, you shouldn't be dating crazy girls look what happened now!

I looked at her..

Me: You know what Kate?

She looked at me again..

Me: Leave me the hell alone, and leave Laurian too.. Leave us alone!!!

Her: Austin..

Me: You dead and buried to me from now on...

Her: i am your mother!

Me: You are nothing to me!

I then walked out.. With her screaming my name, i was really done with Kate....

3 WEEKS LATER

alot has happened in the period of 3 weeks. When i say alot, i actually mean that i started feeling some type of way at the hospital and they ran tests one test came back positive that im pregnant.. It was a shocking moment and yet a surprising one i mean i had sex once and here i am pregnant, i didn't even enjoy my sex life as yet and already im gonna be someone's mother.. I never really thought about kids, that thought mostly never crossed my mind but here it is, it happened faster than i thought...

A baby is supposed to bring a couple close, but in my situation my baby was driving me and Austin apart. When he heard the news i thought he was gonna be happy, pick me up and spin me around but instead it made him a bit distant he doesn't wanna engage in the baby conversation at all..

My mother had decided that Leah should stay with us since my dad's ancestors were with him and decided to wake him up..

Austin didn't mind having Leah around, we had alot of room and space for 3 people.. My mom and Leah know about the baby, they more understanding than Austin and on my side im

just very scared, confused im not even sure if i wanna have this baby or not especially with Austin's attitude....

We had just got to our place from the hospital, and we had passed by at home to get my car and the rest of my clothes Leah was also with us..

Angelica was arrested, so that made me a bit safe for now. Although she was arrested but she left deep scars in my body mostly on my left breast..

Leah: This place is beautiful and big for a flat..

Austin: Its a Duplex

Her: i see

Austin: You can go and put your bags in the other room...

She nodded and left.. Austin looked at me.

Him: How are you feeling?

Me: Im getting there

Him: and how is the ba...

He paused as if like he said something wrong...

Him: Im glad you are okay

He kissed me on my forehead..

The place looked great and more beautiful than before, other expensive things were bought but this person was complaining about money not so long ago....

Me: The place is beautiful

Him: wanted to make it extra special for you...

I smiled..

Me: Thank you

I wanted to confront him about the baby situation, but my mother said "give him time Laurian, he will come around"

Me: Im going to the Doctor next week, said i must come..

He looked at me..

Me: They wanna do a check up on the baby, to see that some of the medication they gave me didn't affect him/her..

Him: Ohw

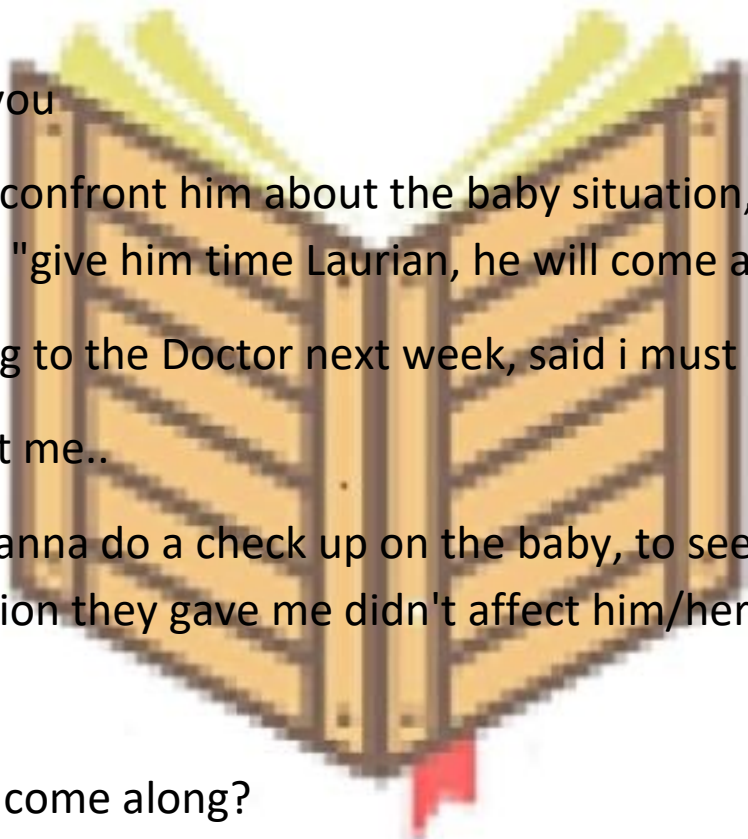

Me: Wanna come along?

Him: i would love too, but things are hard on my side work and everything else..

I faked a smile..

Me: i understand

Him: Maybe next time

I nodded..

Me: next time

His phone rang and he looked at it..

Him: i have to take this, ill be right back..

Me: Okay

Her: Well im all settled

My business in distributing Oxycodone to Cancer patients was going a bit slow, so i expanded my business by distributing it as drugs in different clubs.. I have a couple that works for me Charmaine and Don, i got them from the streets and made them my tenants upstairs. I afforded them a good life so i don't see them betraying me, unless they wanna go back to the streets..

After that call, i went up to them upstairs..

Don: Im glad you here, Charmaine and i thought of a great idea..

I sat down..

Charmaine: Can i get you something?

I looked at her, she was very beautiful.. Thin and very blonde..

Me: whiskey please

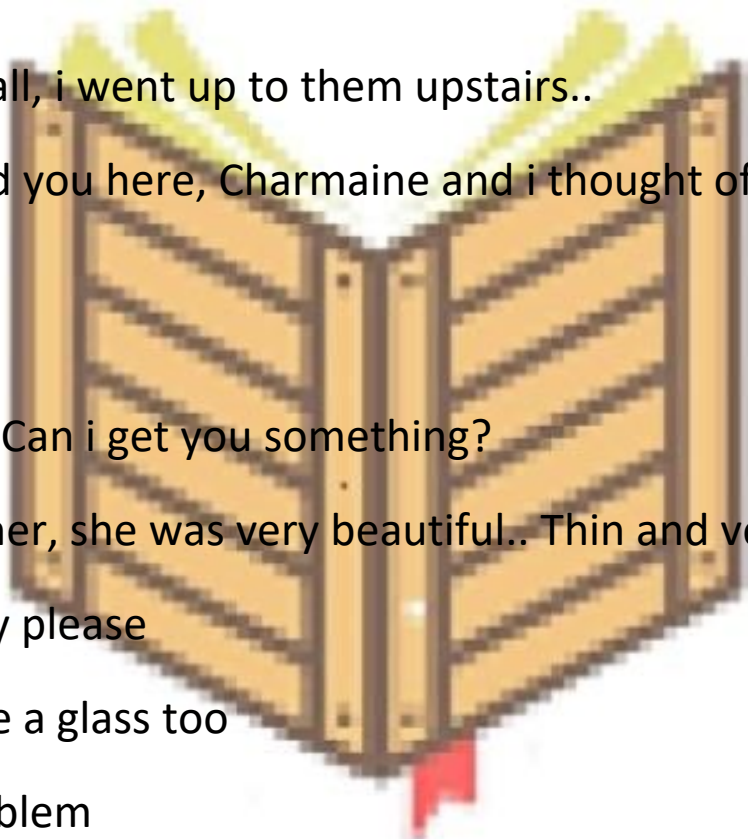

Don: Get me a glass too

Her: No problem

She was wearing a bum short and a vest only, she made her way to the kitchen while i was starring at her...

Don: So as i was saying

I gave him my attention..

Him: i was thinking we can hook up a few doctors, open surgeries that are strictly gonna provide patients with Oxycodone. We can make good money...

Me: ill check them out

Him: ill be right back i have to go get stock our guy is here..

He stood up and Walked out.. I sat there for a while then decided to go and check up on Charmaine and what's taking her soo long..

Leah had passed out on the couch as i made my way out. I wanted to go and see my father, i needed to see him...

The receptionist didn't give me a hard time she directed me to his ward and i made my way there..

My heart started beating fast when i got to the door but i gathered strength to go in...

I was expecting to see him up and about, but the state that he was in was sad.. He was conscious eyes wide open but still had alot of machines surrounding him, there was even a pipe that extended from his throat looked like he was breathing through it...

Was soo sad because it looked as if like Life was too hard for him, he was forcing through to live...

I went and stood next to him, we both looked at each other.. I was expecting to see cruelty and coldness in his eyes as always but surprisingly i saw confusion and pain.. He looked lost as if like he didn't know me, he didn't know who i was..

I touched his hand and that's where everything went wrong, he started freaking out and Shaking.. The machines went off..

Me: Dad Its me, Its Laurian

I saw nurses and doctors coming in..

Doctor: Get her out of here

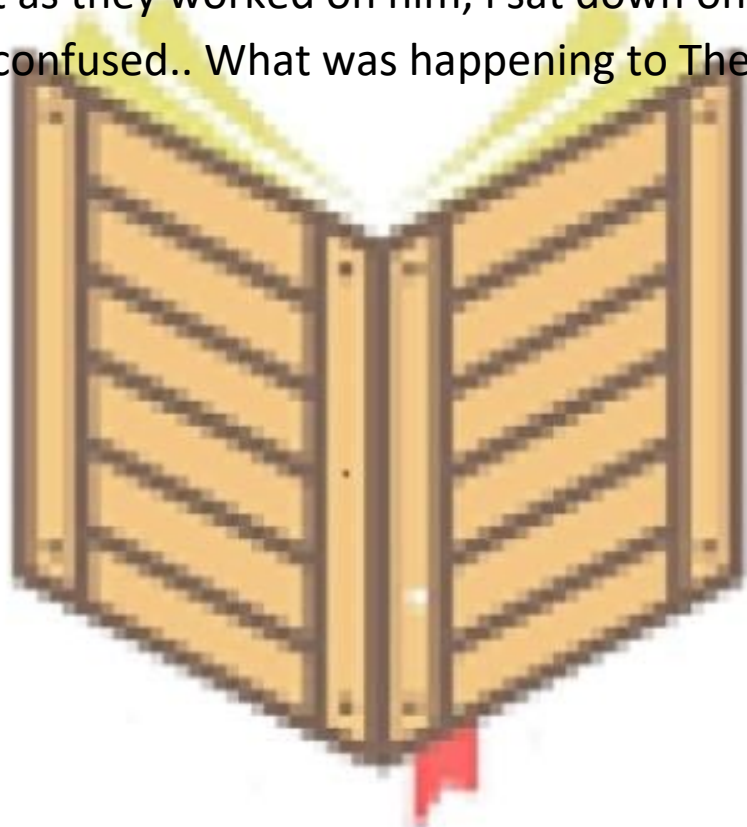

A nurse came and escorted me out...

Doctor: He is having a seizure, and looks like his going into a cardiac arrest..

Me: What's happening?

Nurse: Please wait outside everything will be explained to you later..

I walked out as they worked on him, i sat down on a chair in the corridor so confused.. What was happening to The mighty O'Njaay???

We got home and that was it, i was done with Austin.. Our relationship is doomed maybe we forcing through and we not even meant to be..

I was in the bedroom packing my things and crying. My cry was not just tears falling, it was accompanied by hiccups....

Austin walked in and a part of me was a bit scared, at the same time a part of me wanted to go up to him and just hug him and ask him if we can forget about all of this..

He came and tried to touch me but i flinched and he stepped away...

Me: so one mistake rules me out as a bad boyfriend?

Even if i wanted to say something those hiccups won't allow me, i will talk but not make sense...

He walked to the door and opened it, but didn't go out he started talking with his back facing me...

Him: i didn't hit you because you said you kissed him. I knew you were Lying, i saw it in your eyes that you were just trying to hurt me probably because of my behaviour towards you lately..

It was almost as if like he was in my head and knew what i was thinking...

Him: Your statement that said "i don't love you and don't care about you" that's what made me to react like that because you assuming something that is not true. I love you and i care about you, if only you knew how much ive sacrificed for you either you gonna hug me or go straight to the Cops..

I stopped packing..

Him: i don't hate our baby, how can i hate a part of me and a part of you? Im just scared to get too attached especially with what's happening in my life, i can get too attached and our baby might grow up without a father..

I had no idea what he was talking about..

Him: i wish i can tell you what im doing but if i tell you then Its gonna be a problem you might rat me out when you under pressure and you will raise the baby alone. That's not what i want, best you don't know...

I was standing there trying to connect all the dots but i had no idea what he was saying..

Him: Just know that if you walk out on me im actually gonna have no one...

He chuckled..

Him: Can't say much about Kate and Cherie since i cut them off because they don't wanna accept you. Im not saying Its your fault you can't be held responsible for my choices but just know that i made them because i wanted to be with you even it meant removing a few people.. And you know what's the fuckery in all of this?

He turned around and i saw tears in his eyes..

Him: i don't regret what ive done, given a chance ill do it again, and again.. Just to see you living free from fear, oppression, all i want is to see you happy. If you happy then im happy.. You don't have to be happy with me but...

He tried to compose himself

again how do you say to someone you love "even if you happy with someone else ill accept"

Him: i just wanna see you happy

He then walked out and closed the door... I sat down on the bed and cried again, i wish i had words to describe the pain i was feeling....

No matter how much i didn't wanna go to the dinner but my mother kept on begging me on me the phone. She said that it will be a good start for all of us and mostly since my father has no memory of the past we can all create new happy memories. My father has put us through hell many times and i still feel somehow about him, a part of me believes that he might be faking all of this and since he no longer has power instead of apologising for his past mistakes he gonna act like he lost his memory..

When i told Leah about this, she clearly told me that she doesn't have time for "bullshit" and with that being said she went out with her boyfriend..

I was at ease when Austin agreed to come with, i know with him being there he won't let any harm come my way or to our baby...

I had finished bathing, i was in my bra and matching underwear Austin was sitting ontop of the bed putting on his sneakers...

He had worn a long tshirt as to not show off the tattoos on his arms couldn't say much about the one on his neck..

I went to the closet to get my long black dress, i searched for it and my black doek but i couldn't find it. I went back to the main room..

Me: Austin

He looked at me..

Me: Did you see my black dress? Its long it reaches my feet?

He shook his head no..

Me: only you and i sleep in this bedroom it cannot just magically grow legs and run away..

Him: Laurian i don't even know the dress ive never seen it before..

I tried soo hard to hold back the tears but i couldn't..

Me: i thought we cared alot about each other in this house, and i thought that we respect each other's things..

He looked at me as i was crying..

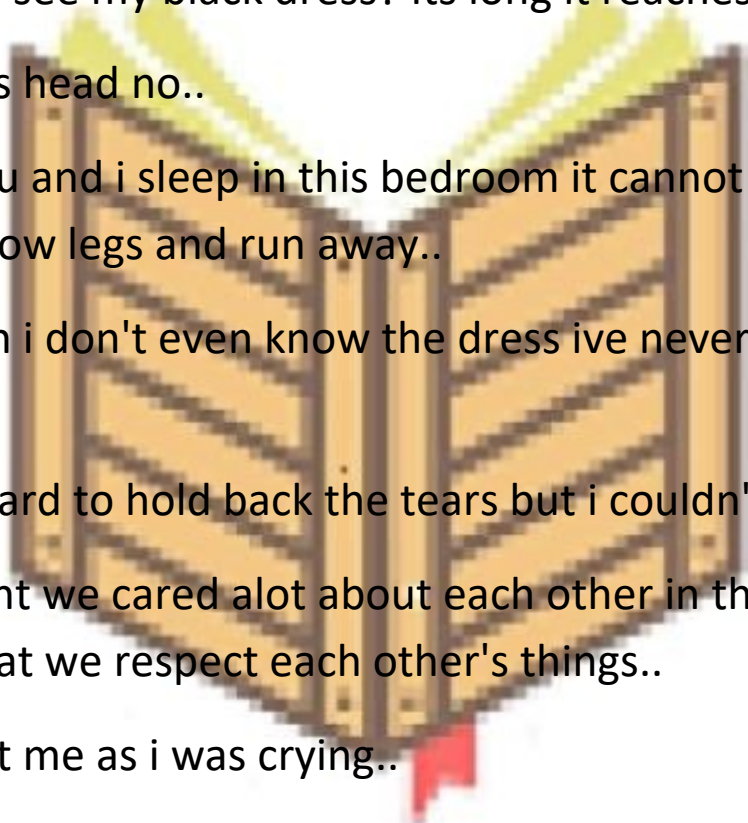

Me: i don't know why someone would just misplace my dress..

Him: Are you sure this is only about the dress?

I wiped my tears. He stood up and came to me..

Him: What is it?

Me: i don't wanna go back there

NOVELSGURU.COM

Him: i understand but you already promised your mother, and she's been the biggest supporter of our relationship this means alot to her..

I laid my head on his chest as he wrapped his hands around me..

Me: Just promise me that nothing is going to happen to me or our baby..

Him: i promise

He kissed me on my forehead...

Him: Go get dressed we already late

I went to put on an ordinary outfit. It was a bit cold so i put on my skinny Jean, i wore a tshirt and a jacket with boots..

I took my bag and we went to his car..

My heart was on my knees as we were driving home, i was very scared i mean with my father anything is possible he is the Devil's advocate.....

..

NOVELSGURU.COM

The drive seemed short to me, or was it because i didn't want us to arrive...

Before we got out of the car Austin held my hand..

Him: Are you alright?

I nodded, he kissed my hand and we went out of the car...

We made our way to the door, we rang the bell then my mother opened after a few minutes..

Her: Laurian..

She hugged me, she also hugged Austin.. She seemed excited.

We walked in and she closed the door, seeing the door closing brought fear in me that the door might close forever on me

i might be stuck here again like before and this time there might not be a way out...

Her: Thank you guys for coming

Austin: Its a pleasure

Her: Where is Leah, is she on her way?

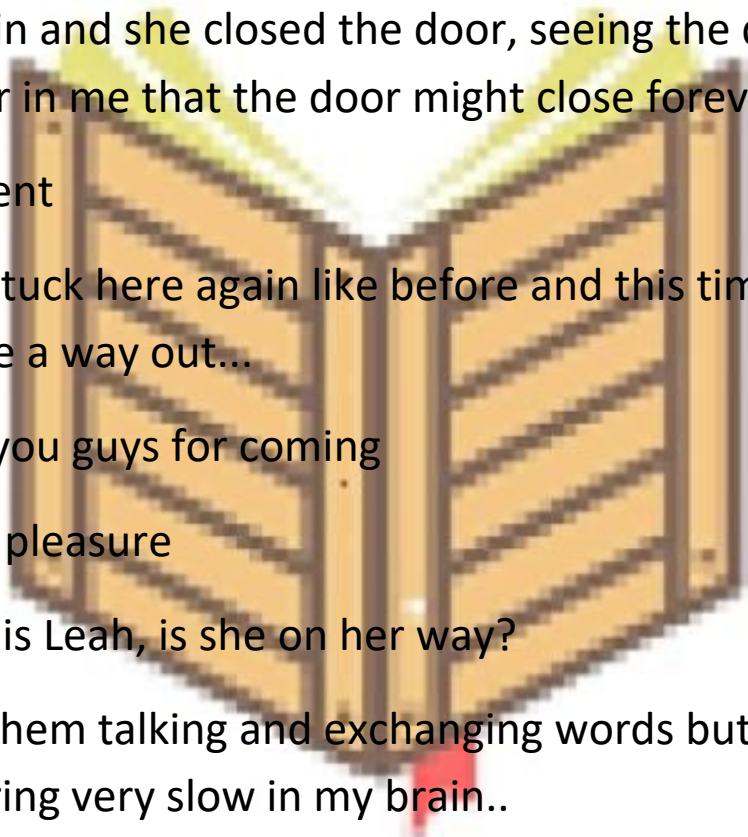

I could see them talking and exchanging words but everything was registering very slow in my brain..

Austin: uhm she's a bit held up with school work..

She smiled..

Her: No need to defend her, i know she didn't wanna come..

Austin: Its not like that

Mom: Austin i know my daughter

Austin looked at me as if like he wanted me to back him up, i would do that if i knew what was being talked about...

Mom: Well im just glad that you and Laurian are here..

She started walking to the dinning area, Austin held my hands..

Him: Are you alright?

Me: i don't know Austin, im not sure about this anymore..

Him: Im here nothing will happen to you..

Me: Austin..

Him: Do you trust me?

I nodded..

Him: Then lets go

Me: Okay

We walked to the dinning area while holding hands. My mother really outdid herself she went all out to make this special..

My father was wheeled in by what looked like a nurse. The back of his wheelchair had his oxygen. He looked fucked up, i even think that he was forcing to be discharged he doesn't look fit enough to be out of the hospital..

NOVELSGURU.COM

He still had a small pipe in his throat where he was breathing through it...

My mom went and knelt next to him..

Mom: This is Laurian, our first born and that is her boyfriend Austin they going to have a baby soon..

My dad looked at me and smiled, wasn't a wide smile though..

Him: she.. She beautiful

His speech wasn't good either..

Mom: She is indeed..

He extended his hand to me and it was Shaking, almost as if like he had some Shaking syndrome..

I looked at Austin and he nodded..

I slowly went up him and touched his trembling hand..

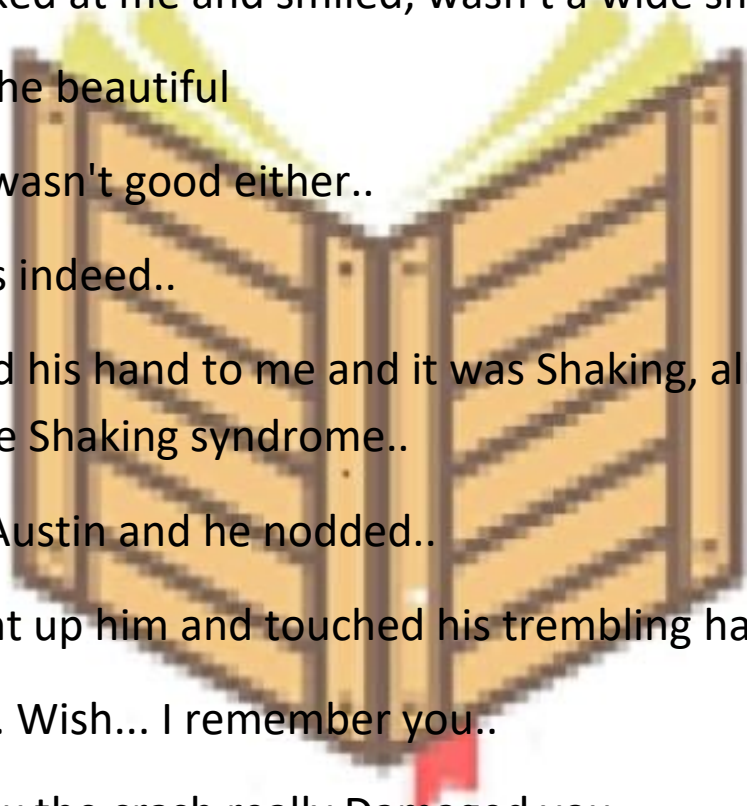

Him: i wish.. Wish... I remember you..

Mom: i know the crash really Damaged you..

We looked deep in each other's eyes i was trying to find any signs of him being diabolical, but i found none..

Mom: shall we go and eat

We all went and sat at the table..

Mom: So how are you guys finding your new place?

I was still looking at my father, i trusted him not..

Mom: Laurian..

I looked at her..

Her: How is your new place?

Me: Its alright

Dad: bathroom..

Mom: ill go get the nurse

Me: ill take him

Mom: Its not necessary Laurian he has a nurse..

Me: i insist

Austin: Laurian

Me: Its alright Austin..he is my father ill take him..

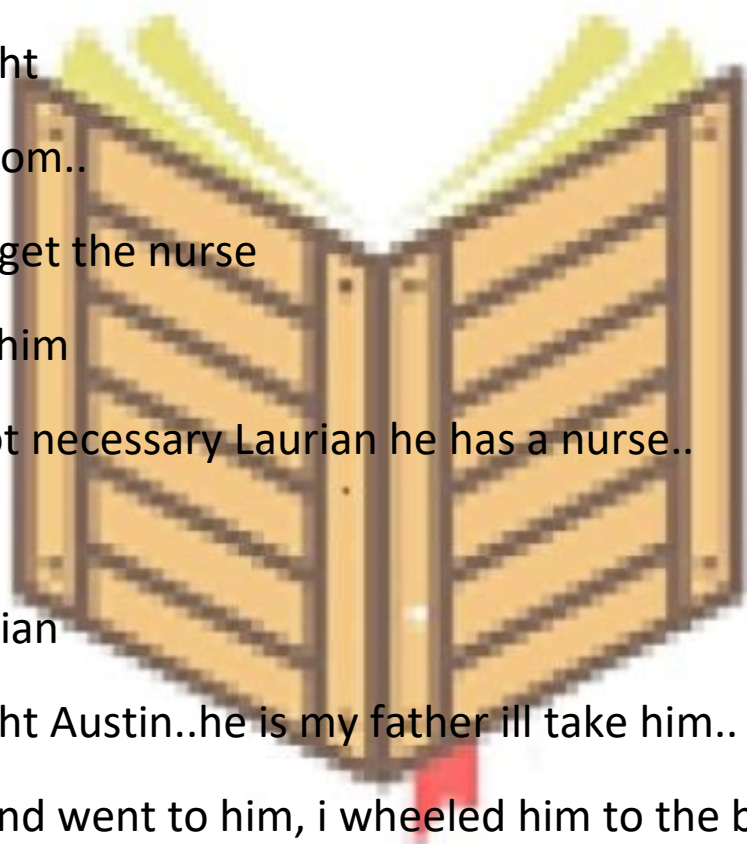

I stood up and went to him, i wheeled him to the bathroom..

We got there and i looked at him..

The coldness and heartless in his eyes came back..

Him: Im still gonna kill you, you little tart! You think you can shame this family? Not when im still alive!

I closed my eyes and then opened them again..

NOVELSGURU.COM

I looked at him..

Him: The nu.. nurse please..

Him: Nurse..

Me: No before that, you said you gonna kill me!

He looked confused..

Me: Don't act innocent you evil old man!!!

He started getting agitated..

Me: What did you say (screaming)

I went up to him and started strangling him...

Me: What did you say!!! (shouting)

After a while i felt someone pulling me back.. I looked back and it was Austin..

Me: He said his going to kill me..

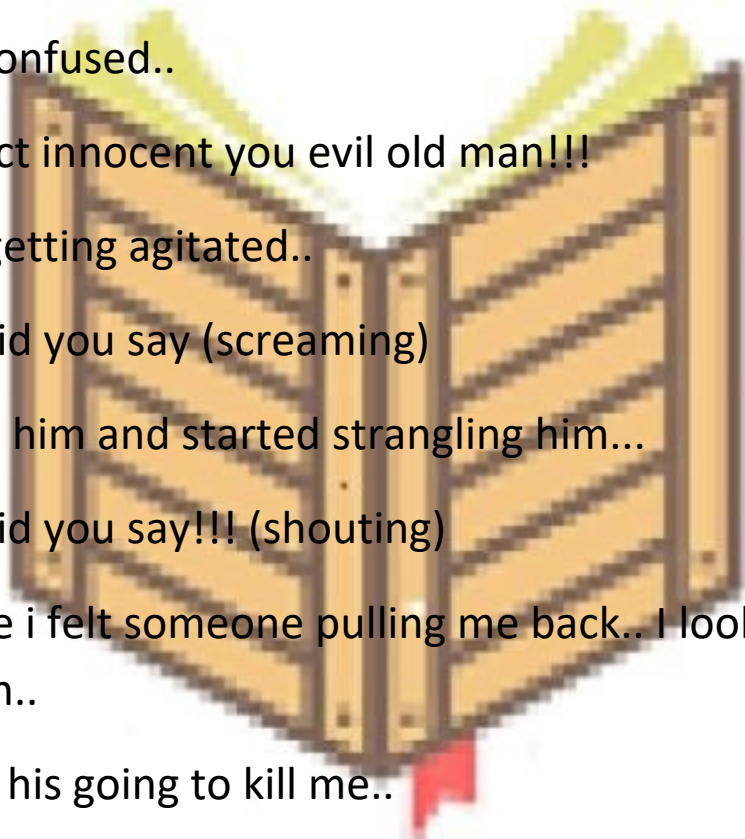

Austin looked at him, and my father was struggling to breath..

He took out his phone and called the Ambulance..

My mom walked in too..

Mom: Ohhh my goodness what happened?

My mom went up to him..

Me: He said his going to kill me..

I was pacing up and down in our bedroom, the dinner didn't go so well my father ended up going to the hospital and my mother literally told me to go..

Austin was on his phone, i don't know what was fascinating in there..

Me: He said it baby, i swear he said it...

He was quiet..

Me: Austin!

He looked at me..

Me: Have you even heard a word i said?

He looked a bit annoyed....

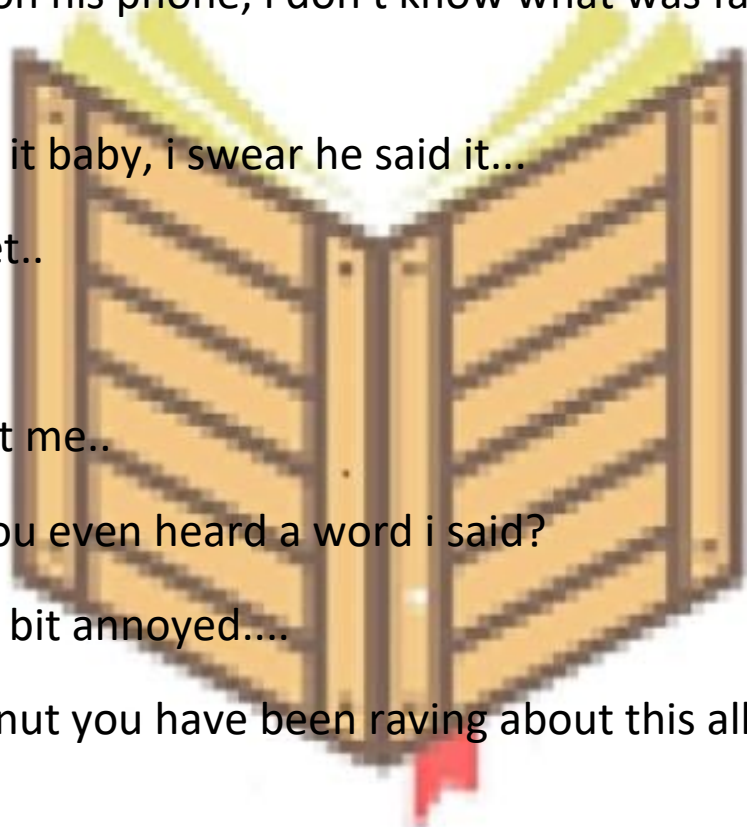

Him: Butternut you have been raving about this all the way home.

Me: Wow.. Sorry for boring you!

Him: i didn't say that...

Me: My life and our baby's life is in danger and you finding this thing totally not serious..

Him: Laurian the honest truth is that you know your Father more than i do, if you believe that he said whatever he said to you then he said it..

I looked at him..

Me: Really? You believe me?

Him: i have no reason not to believe you.

That was a heavy load of weight lifted off my shoulders..

Him: from now on i just want you to keep it low. Don't go out alone, when you feel unsafe here call me there's also a panic button...

I went and hugged him...

Me: Thank you

Him: ill never let him or anyone else hurt you...

I woke up the following day, i was meeting up with Braga before he goes to theatre..my cousin Gerald thought that having someone like Braga in our business will do us good. I did my homework and he comes highly recommended, his surgery is very successful and if we can have him distribute oxy to his patients that will take my business to the next level..

I won't lie Braga is very intimidating especially after learning that he is the leader of a gang called "Skulls" it made me more nervous...

I met up with him at his surgery he was with a cute little baby boy who was swagged up. Ain't nothing dope like a baby who dresses like that...

I assumed it was his son, seeing this little boy running around the room made me think of my unborn baby...

Me: Thank you for meeting up with me..

Him: Its cool

He looked better with his shirt and tie together with the coat he was wearing..

NOVELSGURU.COM

Him: Excuse my son he is very energetic and naughty..

The baby would fall every now and then he was still getting used to walking..

Him: His twin brother is the less annoying one..

Me: You got twins?

Him: Yes, and this one takes after his mother..

Me: She must be energetic too and naughty....

Him: You have no idea especially in be..

He cleared his throat...

Him: You have a proposal for me?

Me: Ohw Yes that..

His son started making noise..

Him: Baga!! Baga!! (shouting)

He looked at him...

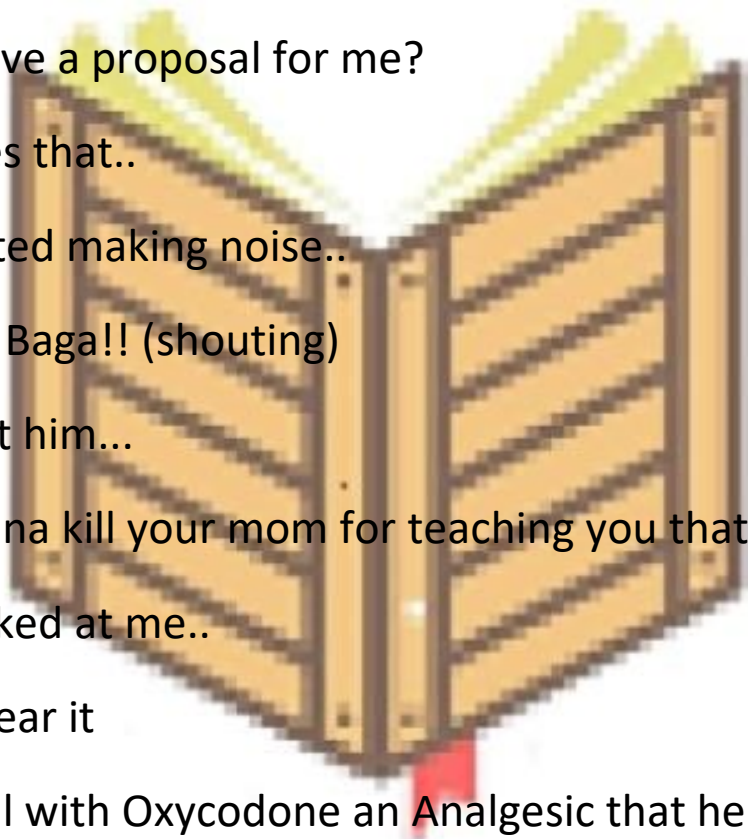

Him: Im gonna kill your mom for teaching you that word..

He then looked at me..

Him: Let's hear it

Me: so i deal with Oxycodone an Analgesic that helps Cancer patients especially when it comes to their pain. Its good for moderate to severe acute and chronic pain,not only Cancer patients can use it..

Him: How do i fit in again?

NOVELSGURU.COM

Me: Was hoping that if we work with you then it will reduce the chances of me getting caught..

He laughed...

Him: You want me to compromise my principles? I am a doctor i have to abide and make sure that i play by the book there's something called ethics..

Me: i get you but i know you can pull this off..

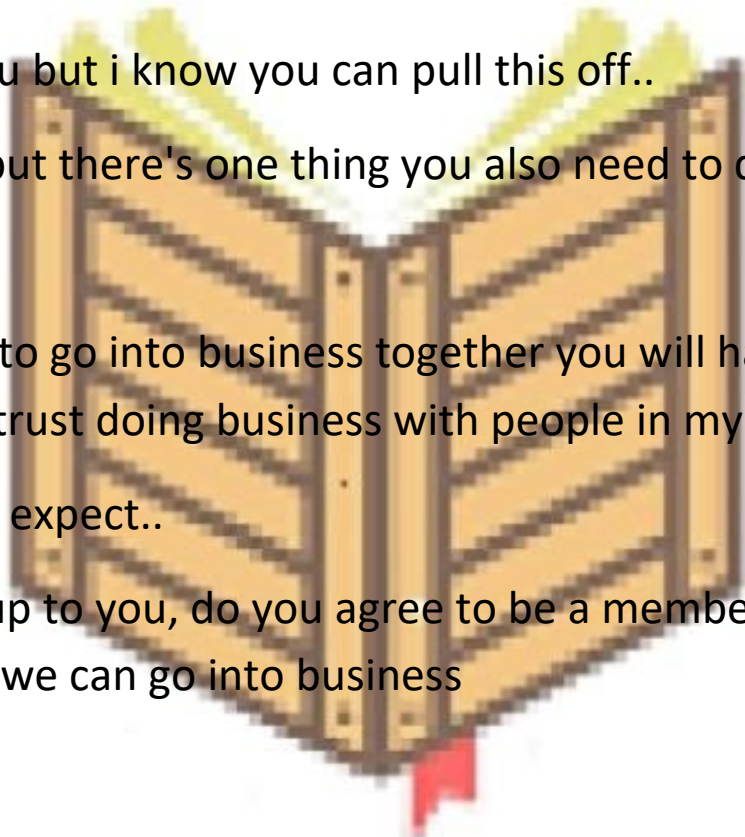

Him: i can, but there's one thing you also need to do..

Me: What?

Him: For us to go into business together you will have to be a skull, i only trust doing business with people in my territory.

That i didn't expect..

Him: Its all up to you, do you agree to be a member of my gang? Then we can go into business

FINAL INSERT

[AUSTIN]

I heard Braga's proposal and i swore when i got released from jail that i will never go back to that life of being in a gang ever again. He he gave me some files which will give more information about what the Skulls are really about..

Judging from him it seems like the Skulls are not just any Gang, they look like they very professional very known and they have serious enemies..

I parked my car next to the Duplex and just went through everything first. The Skulls have alot of members who have successful careers. They have Doctors, specialists, Lawyers, superintendents and so forth. I was sitting there asking myself why are this people in a gang such honourable people..

I even learned about their Rivals **one** being The Bloods. The first major rule about being a skull is never show up in the west side wearing Red because the Bloods will go texas massacre on you, and The Bloods are not allowed to show up in the east side wearing black and white because then the Skulls will behead them..

I was just in a typical gang and this one doesn't look like my cup of tea.. Another request was that if you listen to Rap you

cannot listen to The Game because he is a blood, you cannot listen To Tupac because he is from the west side even Kendrick lamar they all from Compton in Carlifonia a hood that habours the Bloods....

There was just too much rules for my liking and i am not looking to make enemies with other big gangs, especially The Bloods heard their leader is Riley muller and knowing that nigga he doesn't go directly after you if you his enemy he will first break you down by killing those you love before coming after you...they don't call him "The sniper" for nothing with his Right hand man called Sihle Skhosana better known as "Gesh"

The Bloods happen to be alliances with 2 gangs known as Surenos, and Folk Nation and my cousin Gerald is in Folk Nation. This means if i become a skull me and my cousin might be enemies...

The Skulls has recently formed an alliance with the Bloods biggest Rivals known as "The crips" their leader is Taylor Duvenhage known as "The lion" with his Right hand man Tshepiso Thobekgale better known as "Tpee".. The Bloods only wear Red&Black, the Skulls wear Black&White, and the crips wear Blue&white.. Those 3 gangs are the most powerful gangs known to men..

After reading through, i put the files away. This is something i definitely need to thoroughly think about because if i do join the

Skulls i have Laurian and my baby to think off with Leah
Ofcause, i need to think about their safety also...

I got out of the car and made my way to the flat, i found Laurian
all dressed up..

Me: going somewhere?

Her: Yes, im going to the Salon

Me: thought that you were worried about your Father killing
you..

Her: He can only pull threats, he is in a wheelchair

Me: What changed?

Her: Im not gonna live in fear Austin, im gonna go about and
live my life how i see fit..

Me: For someone in his state he really has the guts to pull
threats...

Her: Can you please drive me?

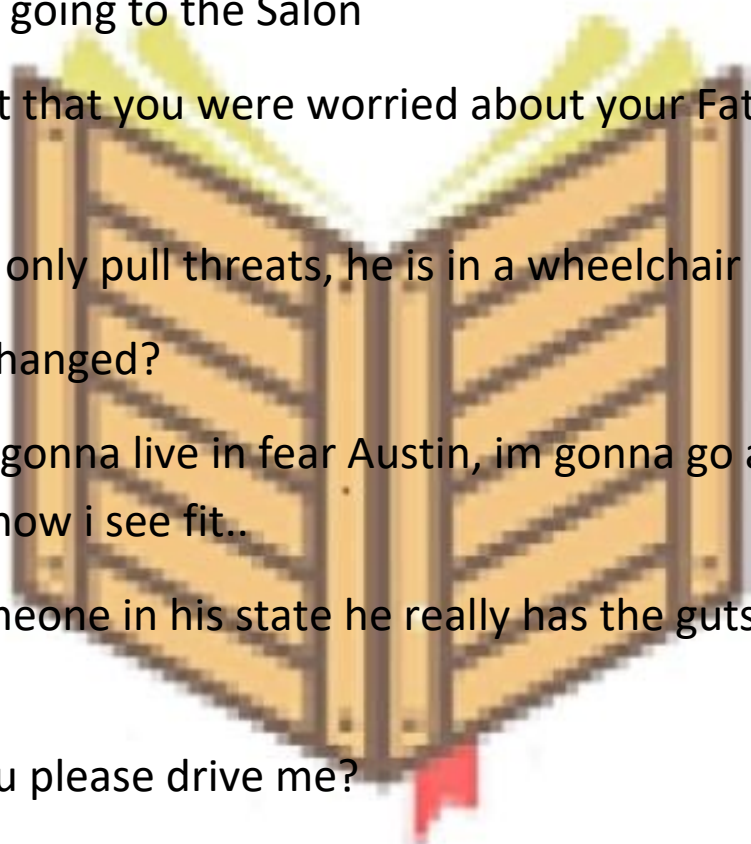

Me: What's wrong with your car?

Her: flat tire

Him: ill check it out later

Her: Thank you

Me: Where is Leah?

NOVELSGURU.COM

Me: She went to school

She took her bag and we went to the car..

Her: What is this?

She was holding the Skulls file..

Her: The Skulls?

I snatched it away from her..

Her: Are you going Emo? you never struck me as the gothic type babe..

Me: Just an interest of mine

Her: Okay

...

[LAURIAN]

We arrived at the salon, we walked in Kay and Menzi lost it when they saw me..

Leah: Why we taking a different route?

Mom: Traffic..

Something was not right i called Austin but he wasn't picking up..

We drove up to a bush in a very quiet place..

I knew that we were fucked the doors immediately locked.....

My father turned and looked at us, holding a gun at us he didn't look like he was in too much pain anymore..

Him: i did say i will kill you! You will never shame this family by disobeying me!!

The mighty O'Njaay was back.. My mom was just sitting there preventing to look at us..

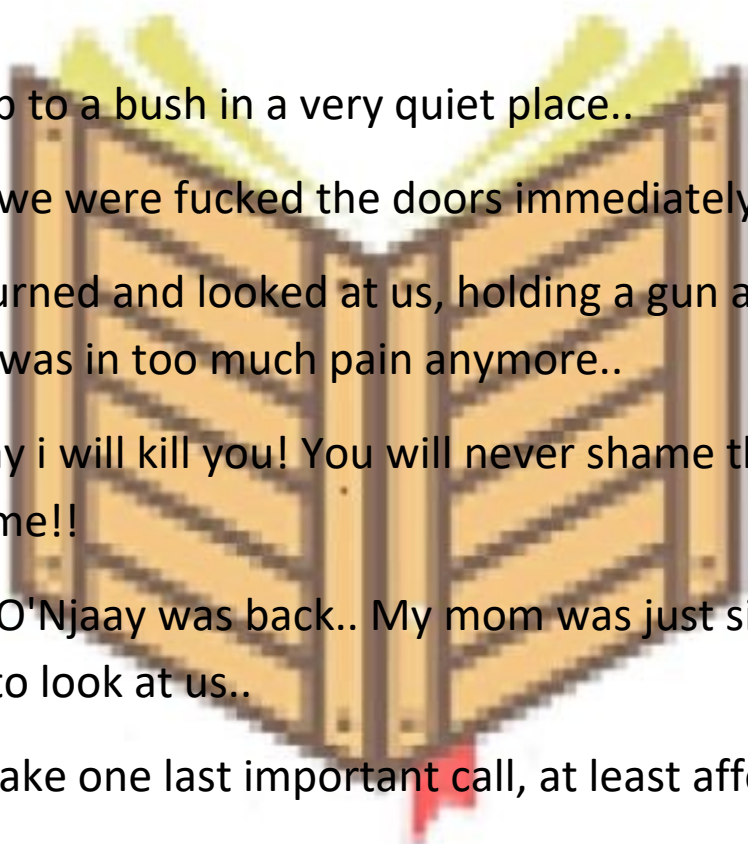

Me: Can i make one last important call, at least afford me that dying wish?

*****THE END*****

FORBIDDEN LOVE was inspired by the story of "Amina Said". A young girl who fell inlove with a boy that she met at her karate lessons and it was love at first sight. Their love was doomed and

Forbidden from the start because her father Mr Yusuf said wanted her daughter to marry an old man that he had approved off. Her father was involved in honor killings and believed that as the head of the family he has the right to kill his wife and daughters if they disobey him. When her father first learned about Amina and Joseph's love through the letters they were sending to each other, Amina had to lie and say it was just an imaginary boyfriend since she is not allowed to have a real one. It came to a point where Amina's mother and Joseph's mother saw how much their children were in love and they wanted to help them elope. Amina's mother betrayed her children by taking them back to the house because and in her own words "their father had changed"

Unfortunately Amina and her sister Sara were shot by their father at the back of his car and none survived. Before Amina died she used her last strength to call 911 but when help arrived it was too late.

Amina made that last call to her boyfriend Joseph as her dying wish before her father shot her dead.

Amina's father made a run for it he is number one on the FBI's list of "most wanted" what happened to the mother? No one knows.
