Chapter 1

My husband is an amazing man ever and my in laws treat me like their daughter/sister . Ever since I lost my parents in a fire my mother in law has become my mother the way she was so supportive of me. And my father in law became my very own father. Even my sisters in law and my brothers in law has been the best brothers and sisters ever.

I met Thabiso when I was 23 looking for a part time job as I was studying at unisa, my parents has just passed away and I was the only survivor nakhona because I went to look for a job. I didnt give him any time of a day well because I just lost my parents and also stressed about my living arrangements. I ended up dating him for means of security and a place to live. I don't know when I fell in love with him but hey I am in love with my husband hey.

I think he knew from the start that I didn't love him when I first started dating him because we didn't even start having sex until I accepted the feelings I had for him. He's been an angel I won't lie. When he asked me to marry him after a year of us being together I was over the moon cause hey I loved the guy and there was nothing else making sense to me except for marrying him.

I already knew his family then and they knew my story so they welcomed me with warm hands and when I married him I wasn't worried much because I already had a stable relationship with my in-laws.

Everything was okay until after a year we've been married I still did not fall pregnant. The family started to gossip and say I was infertile. It didn't worry me much because my husband was very supportive and he did not really care much because it was only a year so we still had a lot of time to fall pregnant.

Problems started after Thabiso's Father told Thabiso that he's allowed to take a second wife if he sees fit because he's getting old without seeing his grand children. Also since Thabiso doesn't have any child he was pressured to take a second wife.

I do not know when he started entertaining his family but to me he appeared as the same supportive loving husband I've

always knew kanti all along he was cheating. I only found out about this a week ago when Thabiso called a family meeting to tell us all that his side chick is pregnant and he wants to marry her.

To say I was shocked would be an understatement. He should have told me on the side a lone before he announced it in front of everyone . I mean im the one that will be sharing him.

Me: No No no no. Thabiso tell me you're kidding."

It was just after he told us that he has met someone and shes pregnant.. I was still In denial

MaNdlovu: that's great news son. Finally im gonna have another grand child to spoil.

Thabiso: I wish I was joking MaDlamini but I'm not. Shes 3 months pregnant now. We didnt want anyone to know as it was still early.

Me: so I'm under that category of anyone Thabiso? I'm your wife for God sake. I should have been the first one to know and you should've.. you..." I couldn't continue talking cause it was just too much.

I decided to just leave the house because I do not know what I'm gonna say. And I shouldn't be hold responsible for any colorful words I might say.

important family meeting, maDlamini weeee come back to earth sisi "

Me: What am I supposed to say Aunt Fikile? I'm the wife he was supposed to consult me first before even calling this family meeting. But it's been 3 days now since we started having this meeting and I'm drained , I'm tired. So please do whatever you must Thabiso I dont care anymore"

After I finished talking I got up from the mat they all do not deserve my respect anymore they've just proven to me that they are not my family, the family I thought has gotten my back.

Bab'Ndosi: Manje Makoti uyaphi sisakhuluma, hlala phansi"
- Where are you going while we're talking Makoti, Sit down
He said in his authoritative voice . I quickly sat down fearing this man that only talks when he needs to.

Bab'Vusi: Such disrespect, Thabiso what do you teach your wife?, this is exactly why she needs a sister wife so that she can learn some respect.

Me: Bab'Ndosi what am I to do or say? Angithi Thabiso has already found his second wife already which means he's been cheating on me all along, secondly he wants to marry her because she's pregnant, can you all imagine what that is doing

to me? Can you imagine the pain I'm feeling right now? And you've already started calling me infertile while your son was already planning to have a family with someone other than me. I have nothing to say here you all know I cant do anything about Thabiso's choice because I do not have any family members left and my home was destroyed so yes Thabiso you win , yes you all win . You can have your happy family Thabiso mina I wont be in your way "

Thabiso: Let's talk about this when we've all calmed down, ummm MaDlamini you can go back to your house .

He did not need to tell me twice.

We live in a big family home. I have my own four roomed house outside and we all lived a peaceful life up until my husband decided to take a second wife, a pregnant second wife.

My name is Noxolo maDlamini Cele , and this is my story

Today I woke up with a need to vomit, well it has become a normal thing for me for the past week, I dont know if its the stress or I am pregnant but I do not want to get my Hopes high because me and my husband has been trying to conceive . But

if I am pregnant I dont know what I'd do because my marriage is falling apart right in front of my eyes. This week has taught me a lot about my husband x his family and even about my self.

The way I was against this madness from happening- I'm still against it, I even thought of going to a witch

me a whole me thinking of doing something so evil just to keep my husband. But thanks the Lord i realised very early that this was not me I'm not like that at all and i decided to just let everything happen because what if he leaves me if i keep on refusing for him to take a second wife. Plus Thabiso is a very traditional man he wouldnt want his heir to be born out of wedlock.

I quickly rushed to the bathroom to vomit, when i finished vomiting I brushed my teeth. I then went to the kitchen passing by Thabiso's sleeping body in the sitting room.

I made breakfast for my self and started eating. Thabiso woke up and came to the kitchen.

Thabiso: Goodmorning Noxolo

Me: mmmh

Him: You didnt make any breakfast for me?

Me: go ask your mother to make you breakfast .

Him: Noxolo I'm sorry, I know this did not go the way I planned . I was just too caught up in the news of her pregnancy that i

kidding here ,theres no home here because anginangane plus the person that is the home wrecker here is my husband ..

MaNdlovu: We welcome you Nkosi family and thank you for hounoring our invite at such short notice.

Bab'Nkosi Snr: We couldn't say no without hearing what you had to say. But please let get to the point of this meeting.

Bab'Vusi: Our son has seen a beautiful flower In your garden and now he wants..." Bab Nkosi interrupted him

Bab'Nkosi: Hhay hhayi Ndosi, isnt this meeting supposed to be at the Nkosi household?

Bab'Ndosi: I'm sorry for my brother forwardness. My son is already married. But we advised him to take a second wife as the first one can not conceive "

MaNkosi: Meaning that you want my daughter to be an incubator for the first wife? "

MaNdlovu: No no no. My son loves your daughter and he will treat her right"

Thabiso: (clears throat) I also love my wife Mah but I've always felt like there was something missing. And I found my missing

piece when I met with Lungile.

I promise I will treat you the same way as I treat my wife and I'm not going to make you a baby machine, I am happy that we are gonna have childrens and just know our childrens will have two mothers as we've already accepted me and noxolo that we cant have kids"

The Audacity of this guy. I looked down

Bab'Ndosi: MaDlamini had agreed for her husband to take a second wife , so what's left now is for both families to know each other because this weekend we are going to the Nkosi family to pay for Lobola .

After a long day of exhausting and soul draining meeting it was concluded that Thabiso will start the constructions of building the house for MaNkosi so that once shes married she will have her house ready. She was still going to decide how she wants her house to look like. When I got married I had to live with everybody else and my house was built after 6 months . But her, shes just gonna get married and sleep at her brand new house. I'm jealous a lot cause the way they are treating her right now they have never treated me like it .

In some way I understand why they would love her because she's bringing in the heir. I was just looking at the tv screen in my house sitting in the sofa and my mind was not at the movie that I was watching . I was startled by a hand touching me. I looked up and it was Thabiso.

Thabiso: I've been calling you babe, what you watching "

I looked at him for a very long time trying to detect some sort of regret or guilt but there were none, zilch. He was just happy.

Me: Sorry I did not hear you , what did you need? "

Thabiso: my love, I know I haven't been the man you thought I was, I'm so sorry for hurting you. My biggest mistake my pursuing a relationship with Lungile . I know I should've sat with you down first and told you about it. I was just too overwhelmed about all this, I never meant to hurt you. I love you Trust me. "

Me: I dont know what you want me to say Thabiso. I mean if you really wanted the kids we should've went to the doctor to check what causing me to not conceive but you. You just concluded that I cant have kids . What if it's because your sperm count was weak because you were sleeping with two people, worse without protection"

Oh My! It's like a switch has just turned on . He slept with the both of us without a condom. What of diseases , sti , hiv .

Me: You have some nerve Thabiso just leave me please I dont want to talk

Thabiso: I want us to talk .

Me: I have nothing left to say .

Him: I have plenty to say

Me: (I kept my mouth closed as I looked at him) sigh

Him: i don't know if you feel comfortable with Lungile living in the same yard as you. But i just want you to know that if it's not okay with you i will build her house else where

Me: hehehe you're asking me now if I'm uncomfortable? Why didnt you ask when we started sharing your dick . Angithi khona manje we're sharing you so what's the big deal with her living here? I mean if I still had a home I would have been there this instant but hey . And another thing you should know is . You should consider your self divorced from me. I'm still getting some courage to actually finalize it . But between you and it's over.

Him: I'm sorry my love. I understand you are still angry and I promise to..

Me: I dont need any more of your dump promises Tee. Just please give me space , give your fiance some attention angithi shes carrying your precious cargo . Just please. "

I felt some cramps on my stomach

Me: ouch " I said touching my stomach " You're stressing me , I cant even concentrate on my studies. I'm writing tuesday and

look at me I'm busy stressing about indoda endala that is very successful instead of studying "

Him: I'm sorry MaDlamini

Me: just go."

I stood up and went to my bedroom just to lie down. I really had to study but how when hes stressing me like this. Marriage

!!!!

2

I ended up falling asleep without studying , the way things are going , I'm gonna end up failing. While Tee is successful and living his best life ngala mina I'm stressing about the old ass man. I still had some cramps and I decided to go to the clinic the next morning.

>>><<<><><<<<<<|<|<>><<<<<<<<<<<<<<<<<<>>>

The next day I woke up too early about 6 AM. And I couldn't fall back to sleep so I decided to wake up and bake some biscuits because I have been craving for them for a while. And its been such a long time since I last baked something.

I washed my face and hands first before I went to the kitchen and it looks like Thabiso slept on the sofa again. But hey I do not care. He deserve to sleep there.

I took out the stff I needed for baking , rama, eggs, flour,sugar ,bicarbonate of soda, baking powder and milk .

I started baking and they were coming out very nicely . When I finished baking it was 6 AM and I was exhausted I wanted to sleep real bad. I packed the biscuits nicely in the 10l bucket and went to sleep a little.

By 8 I was awake and ready to go to the clinic. I took my card

and my phone and put it inside my handbag.

Tee: where are you going

Me: clinic

Him: why

?

Me: monthly check up.

Him: oh okay, can I take you there?

Me: no thanks , I want to take a walk and clear my mind.

Him: oh , can I atleast fetch you when you are done?

Me: No. I'm meeting up with some friends at the library , hence the laptop bag I'm carrying.

Him: ohkay go well.

I nodded my head and left . It was only a fifteen minutes walk to the clinic but I ended up walking for close to an hour because on the way I met up with this child that was lost so I waited with him for his parents to find him first before i continued with my Way to the clinic. When I got there the line was long , luckily I wasnt sick so I was gonna be just in and out in a jiffy.

I registered my name then I went to sit down . The line was going so slowly but after about an hour It was my turn.

Me: Goodmorning

Nurse: Hello" I gave her my card " so how can I help you with today"

Me: I think I'm pregnant so I'm here to do a pregnancy test

Nurse: Okay " She gave me a small cup

" can go to the toilet and pee on that cup please"

I took the cup and went to the toilet. I pee'd and came back. She took the preg test and checked . Then I went back to the toilet to put the cup in a bucket full other cups.

Nurse:" seems like you are really pregnant "

She took my weight, height and checked for BP

Her: so when last did you go to your monthly menstrual period.?

Me: my periods are irregular nurse so when I didnt see my periods coming for two months I wasnt worried much because I'm used to not seeing them sometimes for even 3 months.

Her: okay so you'll have to go to scan if you aren't sure when you conceived.

She also asked me a lot of questions while doing my file. Then she told me to go to room 4. Luckily there was no line there. That's where they checked for lot of things. I had to take of all of my clothes and do a thorough check up.

All in all everything was perfectly fine with me I got my vitamins and I was kinda happy that I'm pregnant. But on the other side it will look like I'm lying that I'm pregnant because Lungile is pregnant too. So it will look like I'm taking the spotlight from her for my self which I'm not.. I then went the corner to hike so I'll go to the library for some quiet studying.

NARRATED

Lungile was at her home waiting for Thabiso . He left here promising to go buy her biscuits as she was craving for them. He came back with the Tupperware full of delicious looking biscuits.

Lungile: where did you get them because I'm sure no shops sell biscuits with Tupperwares.

Thabiso: My mom baked them baby so why waste money when there are available at home.

Lungile: Good idea my love. So when are we going to buy the building materials baby? Luckily we'll get married once I've delivered this baby

Thabiso: we'll be done building by then my love. Let me go I

have some things to take care of.

Lungile: you mean your wife?

Thabiso: No not my wife . I just have some things to sort out"

Lungile knew that he meant his wife nonetheless and she didnt want him to leave because she felt like he was going to forget about her and fall in love wit his wife all over again and change his mind about him marrying her

Lungile: so when are you divorcing your wife. You know that you have to change your marriage first before we can sign and I honestly cant marry you if we cant sign

"

Thabiso was so tired of talking about divorcing Noxolo with Lungile because ever since Lungile learned that they cant be married legally unless Tee and Noxolo change their marriage . Lungile has been nagging him about it. Also he was stressed on how he will start bringing this matter to Noxolo because Noxolo was already struggling with accepting the fact that he is gonna marry someone else. What if she divorces him and refuse to marry him again? What would he do?.

>>>>

Noxolo

When I finished up at the library it was late . Like 4pm late and I haven't had anything to eat so I was really hungry. I passed by chicken licken to buy some hot wings then I went to the rank for taxis to take me home.

I got home and it was getting chilly so I told my self that I'm gonna just have some few biscuits and tea. But when I got to the kitchen my bucket of cakes wasnt where I left it . I searched every where I could think for it and it wasnt there . I took out my phone from my bag and called Thabiso

Thabiso: Hey baby.

Me: Where are my biscuits?

Thabiso: ummm my mother took them. She thought they were for them since you usually give them whenever you bake.

Me: What was your mother doing in my house Thabiso?

Him: she came to talk to me and she saw the bucket ontop of the cabinet. I'm sorry baby I didnt know that they were not for them.

Me: obviously they were for me . Did you even leave some for me? Because I didnt even eat them this morning. I want my biscuits Thabiso.

Him: I'll...

Me: I dont need any excuses . I want them back."

I then dropped the call. I began pacing up and down . First he

cheats on me. Then impregnate someone. After that the big bomb he want to marry her . Okay fine I accepted that. But now he gives my biscuits that I worked so hard for to his hypocrite family? Hell No.

I began feeling like something was closing in on my throat and I sobbed so loud. Tears kept on pouring. It's just more that the biscuits now. I'm crying for everything that has been going on and I just cant take it anymore.

30 minutes later i was done with my crying and i had a splitting headache i think it was because I'm hungry plus I was crying. I decided to cook spaghetti with mince since it was easy and quick to make because hey I'm really hungry..

Narrated

Thabiso got home and rushed to his family house

Thabiso: mother it looks like I gave you the biscuits that were not meant for you

MaNdlovu: What do you mean? MaDlamini always gives me biscuits every time shes baking. Today I was woken up by the smell of her delicious biscuits.

Thabiso: I think shes still angry about what has been going on. She wants them back mama. Are there any left, .?

MaNdlovu: No we finished them all. I had visitors today , but if I

recall I saw you putting some on her Tupperware saying they were for her. So where are those?

Thabiso: Eish Lungile was craving for some so I just took them to her because I thought I was gonna get back quickly and replace them.

MaNdlovu: hhayi you are whipped my son. I have never seen you this in love.

Thabiso: aw come on Mama. You know I also love my wife.

MaNdlovu: Who are you trying to convince cause your actions speaks differently.

Thabiso: hhayi You are just seeing things Mama. I have to go and talk with Noxolo. I dont know how I'm gonna start talking to her about us divorcing first otherwise I wont marry Lungile legally. But I'll wait for her till she finish writing first before I tell her about it.

MaNdlovu: Eat first. I know your wife doesn't cook for you anymore.

Thabiso: I understand why she doesnt because she hates me now.

Mandlovu: But you're the one buying that food shes eating. When she came here she was wo humble. I wonder what happened to her."

Honestly ever since MaNdlovu learnt of Lungile she started to compare Noxolo with Lungile appearance wise and she liked

Lungile because she was beautiful young lady that had a beautiful body and big beautiful legs . He wondered what her son saw in plain Noxolo because she was zero compared to Lungile. According to her view.

She wished that Thabiso saw Lungile first. Adding the matter of the pregnancy she was over the mood with happiness and she was sure to rub it in Noxolo's face every chance she gets . She never liked her anyways. But for her son sake she pretended to like her just for peace sake

☆ Thabiso ☆

I finished eating my food then my mother said she'll wash the dishes I should leave it in the sink. I went to my house and the door was locked. I tried opening the door with my key. But it seemed like Noxolo left her keys in. I knocked and knocked but she did not open up. My phone rang and it was her.

Me: What's the meaning of this Noxolo?

Her: You cant sleep here to night without my biscuits. In fact you can't sleep here anymore unless you come with them.

Me: where am I supposed to sleep then? Yazi Noxolo you are now taking things too far .

Her: I dont care. You can sleep where ever you gave my biscuits to. At this moment of my life I dont want any stress . So stop knocking on that door and leave. Oh and by the way you will find your clothes in the trash can . "

I just couldn't deal with Noxolo right now . So I took my clothes and went back to the main house.

Mom: Haw you're back , is your house burning?

Me: Hhayi Mama I had a misunderstanding with my wife. It's nothing I cant fix.

Mom: so she threw you out of your house? Hehehe she has started controlling you manje Thabiso. No child of mine will sleep outside while he build his own house, come with me.

Noxolo

I'm busy with finishing my notes when there was a loud knock on the door. What does this man wants now cause I thought I told him to leave me alone.

MaNdlovu: Open this door, Right now you little witch ." I quickly got up from the couch to open the door

Me: Aw Mah what's going on? " she pushed me and got inside followed by his son.

Her: Who's son are you throwing out of his own house wena?

Who gave you the right to throw him out of his own home?

Huh you cant treat my son like this , he feeds you , cloth you but this is the thanks he gets?

Me: Did he tell you what he did Mama?

Her: Yey I am not your mother wena. Your mother is six feet under ground . Now listen here. If anyone is going to sleep outside her it will be you.

Thabiso: Mama stop it.

MaNdlovu: Thula wena.

Me: okay I hear you maNdlovu. Thabiso you can come as it is your house . You'll lock up.

I then took my stuff from the coffee table and went to my room. I guess Thabiso followed me to my room cause minutes later he was standing on my door.

Thabiso: I'm sorry about what my mother said

Me: wena, apologising for your mother? Oh please you are always on her side phela wena, obviously you want something and I know exactly what it is. But guess what you're not getting a divorce from me bubu.

Thabiso: But that's not fair Noxolo. I mean that doesnt fit anywhere here.

Me,: angithi wena you're a mama's boy . So go and cry to your mother , now leave my room . "

He left the room to sleep on the sofa like always. I wonder why he doesnt just go and sleep at Lungile's place

I dont want to lie and pretend as if I'm over Thabiso cause I love him a lot and I'm hurt about all the things he's doing ; most of all I'm disappointed because he's not the person that i thought he was . All I need in my life right now is peace I dont need any stress because now I have a baby to think of. I dont want any fights with Thabiso anymore.

>>>

>>>

The next day I woke up and went to write my test , thankfully it was the last test I ever had to write. I hope that I will pass hey. I wanted to do some shopping but I realised that Thabiso has not transferred money. He usually transfers it in the morning but now its almost 2pm. I called him and he didnt answer so i had to go back home.

When i got there he was obviously not back from work. Luckily I still had food so I wont have a problem for today. But as soon as he comes back I'm confronting him. I finished cooking enough food for the both of us. I dont want my monster in law to come back to my house to intimidate me again. When I was done with every thing I went to lie down on the bed. And I couldn't even sleep properly I was so conflicted between telling Thabiso about the pregnancy and also about him wanting to divorce me. My conflict was that was I ready to share my good news with him, how will he take them so at the end I decided not to tell him. On the other hand I decided to grant his wish of divorcing me but with the twist that I will not sign with him again. But I will continue staying here because this is my home now but what ever he does now that will be all on him. Even way before I got married I was a type of girl that left as soon as there was something that I did not like on that relationship more importantly cheating wise. So I'm not gonna stop now. I think we rushed to this marriage thing mna no Thabiso .

Another thing I should get a job now as I will not be married to him anymore so I won't get the same benefits as before. I wrote down the pros and cons and honestly there were more cons than pros so tonight I will let him know that I'm granting him all of his wishes

He came back at 6 pm his usual time and I was already dishing up food for us. He looked exhausted but hey not my problem.

Me: Hi, please sit down and let's eat we have to talk

Him: Not today Noxolo. I'm exhausted of fighting with you.

Me: I'm not fighting either. I want us to talk. Come sit down and I'll finish dishing up so that we can talk uzolala nawe. Vele you look tired. "

We ate our food and no one was talking, so I guess I had to start the conversation.

Me: I didn't sleep well yesterday thinking about all we talked about last night. And I'm ready to grant you with your wish of divorcing me. So you can be happy cause this past week you haven't been happy. It's amazing isn't it.? One day you sleep happy and next day you wake up and every thing is taken away from you

but I'm happy for you hey.

Him: my love , us divorcing doesnt mean we've stopped loving each other. We'll get married again as soon as the dirvoce is finalized please trust me. You will always be my wife, my first wife. I will not treat you any different now that I have a new woman in my life.

Me: but you're already treating us differently Tee, I'm not competing with her. But it's TRUE and deep in your heart you also know that it is true.

Him: I'm sorry, I didnt want her to stress the baby but now I see my mistakes I'm sorry I didnt realise earlier "

Mxm who's the moron here

Me: you haven't transferred money for food Tee, so I'd appreciate it if you'd transfer it now.

Him: I'm sorry , a lot has been going through my mind lately and I even forgot that it's that time of the month ." He took out his phone from his pants pockets and transferred the money. Then he told me that he has to see his mom a little. I'm sure he wants to tell her his good news, wasn't he tired just 20 minutes ago?

Narrated

Tee got inside the main house and all of his family was there eating. He greeted them and they greeted him back .

MaNdlovu: Mbali go and dish some food for your brother.

Me: Ngyabonga mama but I just ate. My wife dished for me today.

MaNdlovu: oh that's good, I guess she has gotten over her stupid feelings .

Thabani: I still think that you made a mistake brother with involving a third person in your marriage, but in this case you involved more than just one person ,, but obviously we don't think the same.

Tee: hhayi you've started Thabani. Just yesterday you were telling me to take a second wife and now you've turned on me. Look at Lungani my age mate he is happily married with his wife and kids so why can't I also have the same?

Thabani: I know and I realise that I was wrong to tell you to take another wife. I didn't think you'd actually do it. By the way why don't you just take a child from Lungile without marrying her?

MaNdlovu: no child of this household will be born out of wedlock

Thabiso: I've also started developing deep feelings for Lungile"

Thabani's glass full of juice fell out of his hands

MaNdlovu: Yini ke wena

Thabani: Nothing Mama, I'm just shocked nje. It's been what less than 5 months . I'm worried about Thabiso Mama. He likes

to do things impulsively. You remember how quickly he married his wife ? How sure are we that he wont want another wife after everything?

Mandlovu: Shut up Thobani if you dont know what to say.

Tee: I came to tell all of you that Noxolo has agreed to divorce me in order for me and Lungile to marry legally

MaNdlovu: wow That's good news Ndodana. Manje you should start building her house .

Thabani: Shouldn't you build her house as far away from Noxolo's house. I mean how will she feel looking at you and your new wife welcome a new baby while she doesnt have any babies ?

Tee: She will end up accepting everything and the way things are looking shes starting to accept them.."

They were all sitting around the table happy laughing loudly but no one noticed Thabani taking out his phone and sending a message to an unsaved number

" This was not part of the plan, Fix this"

Lungile arrived wearing a big hat and sunglasses, she looked around and quickly saw the person she was looking for.

Lungile: we are not supposed to be seen together "

She said before she even sat down.

Thabani: You're just drawing unnecessary attention to your self with all this big hat and sunglasses. "

Lungile: What do you want, more money? I haven't got it

Thabani: no calm down I'm not here for that, aren't you going to update me about the baby?

Lungile: you know I always tell you about the baby Thabani , so get straight to the point, I have places to be."

Thabani: Noxolo has agreed to divorce Thabiso, which was not part of the plan.

Lungile: You told me that I should tell Tee to divorce his wife in order for us to be married legally .

Thabani: well yes but I thought Noxolo would never agree to that madness . And now we have to come up with a new plan all together cause you can not marry him legally.

Lungile: As If I want to. You're the one that came up with all these ridiculous ideas Thabani, first you told me to seduce your

brother and now this! All for what Thabani? MONEY? "

Thabani: Please dont tell, you'll upset the baby

Lungile: No, you dont think of me. At the end the person that will be casted out when all of this is out is me. Me alone

Thabani. It's not my fault that your brother has money and you dont so now you want to exploit him indirectly using me.

Thabani: I know you will not get my idea right now. But once we have access to his bank account and pin then we can leave all of this behind and start our own life far from here. Baby listen I care about you and our baby please be patient we've come this far.

Lungile: But now we have a problem , so what will be your plan this time master of ideas

Thabani: I dont know I will let you know within two days . I still have to think about it.

Lungile: Okay. I have to go, we'll talk .

☆Noxolo☆

The next morning I woke up and went to do grocery shopping , while at the town I decided to go to the internet cafe to do a c.v . After I finished with the cv I dropped it off at multiple stores like Pep

shoprite checkers and spar. Right now I cant really be picky . I need to get a job since I'm sure now that I will never ever get a

dime from Tee's money so I have to take care of my self.

I got off the taxi at the gate and just when I was about to carry my bags in , Thabani came and helped me.

Thabani: Unjani sisi?

Me: I'm fine, unjani wena?

Him: okay" we were talking while going inside the yard and inside my house. He put my bags on top of the table . I then told him to sit down and I prepared juice for him, just to thank him

Him: Thanks sisi, I hear that you agreed to divorce Thabiso.

Me: i honestly dont want to talk about my marriage or lack off, especially with you. Thank you for carrying my bags. I want to be left alone.

Him: i did not mean to offend you. But I just think that you should not let him marry his side chick legally , it should be their punishment for betraying you.

Me: Lungile did not betray me , akangazi. The only person that betrayed me is your brother. I dont know why I'm even talking about this with you cause empeleni you're also the cause of my falling marriage cause you encouraged him to take a second wife.

Him: But if you divorce him you'll lose all of the money that came with marrying him. As it will be divided to all of you .

Me: it's his money not mine. If he wants to spend it with whoever he wants to spend it with I don't care. I wonder though, why do you care so much all of the sudden? Afraid that he will no longer support you?

Thabani: No but I don't think it's fair that you will just let him get away with all of this.

Me: read my lips.. I do not care. So please Thabani just go

After Thabani left I was left alone in some deep thoughts . I do know that now it's gonna be hard for me. Especially getting Tee's attention since he'll be dividing it between two wives plus his job. It is gonna be a nightmare kakhulu when lungile starts to live here. But what I don't get is why is Thabani so worried about this I mean he's supposed to be happy and to be gloating because he supported this madness of Thabiso having a second wife. No let me not think about him or his motives I shouldn't care

Thabiso arrived home late like usual these days I'm sure he passed by her place first to ask for her cravings or something (rolls eyes) . I dished up for him and we sat around the table .

Him:" how was your day?"

Me: it was fine , between shopping and submitting my c.v.s I'm exhausted .

Him: oh why ,are you looking for a job?

Me: Yes. I have a baby coming so I have to prepare you know . In less than a year there will be a baby playing around here." I was trying to tell him that I'm pregnant

He smiled a little

Him: I'm so glad that you're accepting this baby as your own , it means a lot to me. I know he came unexpected but thank you for being a good wife."

He thinks that I'm talking about his baby with Lungile meanwhile I'm talking about his baby with me. Oh well I'm not about to sit here and listen to him talking about his baby. I guess I'll just have to wait for him to find out himself.

Him: " but baby you honestly do not need to work. I will continue taking care of you just as I was doing I promise. You don't have to worry about a thing."

Oh he makes these promises alright but he also doesn't fulfill them. Like on our wedding day he promised to never ever ever make me cry or hurt me intentionally. I did not exaggerate on the " ever" that's just how he said them.

Me: I know you will take good care of me (not) . But I also need to keep my self busy you know since I'm done with school. And just for extra cash to spoil my self

Him: okay. That's fine with me . How about instead of getting a job you open open your own small business. I mean you can start small like selling ama kota and chips. That way you will

work from home and dont worry about money I'll give you the start up capital.

Honestly it never crossed my mind to start my own business but now I think it's a very good I dea. I will work my own hours and I'm sure people will love it. I did not expect Thabiso to give me this brilliant Idea. I really didn't

Me: wow thank you! I will pay you back all your money I promise."

I was honestly happy. Finally something good is coming out in all of this. This will keep my mind off things .plus I love cooking even thou I will be the unhealthy food.

>>>>>>

Today is Saturday and it's the day Thabiso promised to buy me the things I will need for my little business so we went to town together and bought every thing I was gonna need. I already investigated about this business and told the locals that I'm gonna be opening it monday. So hopefully they'll buy. After we finished with buying everything we went to chicken licken to buy some hot wings. I was craving for something hot and they were perfect fix.

Thabiso: I guess we got everything

Me: yes thanks so much for this .

Thabani's phone rang while he was coming back from the local tuck shop . He answered

Him: Hello Hello Lungile

Her:Hey. It's been 2 days Thabani . So what's the plan ?

Him: i haven't come up with one yet. But i talked with Noxolo about the divorce thing and shes determined to divorce him. It's like she wants nothing to do with him anymore.

Her: But that's was the wrong thing you did there talking with her. I mean wont she be suspicious when all of a sudden you are on her side ? Cause all along you've been on your brothers side .

Him: I dont think she was suspicious she just told me to leave her alone , she just thinks that I'm against all this because sengibona ngathi I will no longer get any cent from Thabiso since he will be supporting two people now. Oh plus the baby.

Her: Atleast . Listen call me once you have something okay?
And we should meet. I miss you

Him: I also miss you but you know we cant meet. You know how Thabiso is like if he sees us together we'll be in deep shit. Maybe we should just kill him after you guys are married and

we'll pin it all on Noxolo. Say she was jealous because she is not getting money from Thabiso anymore dont you think? All you have to do is make sure that Thabiso doesn't give Noxolo money.

Her: Whaat? Are you out of your mind?

Him: it's easy baby trust me. All you have to do is make sure she doesnt get money anymore.

Her: and how am I supposed to do that.?

Him: Act as a concerned sister wife . Tell him to give you his phone so you'll transfer money your self to Noxolo or make up something. But make him think that she still gives Noxolo money.

Her: Have you done this before cause the way you're talking right now it's like it's not something you have not done before.

Him: if you love me like you claim to you will do this. Do it for us .

Its been a few days since I started my business and so far everything is going very well . My mother in law made a scene when she saw me preparing for my first opening. But luckily Thabiso told her to back off and she listened and every thing has been going well. I have decided that I will save the profit money that I will make here and go for ultrasound. I want to enjoy my pregnancy as much as I can. Alone! I know it sound selfish right now but hhayi Tee does not deserve to know. I dont know I might change my mind in the future but for now it's my little secret .

I was busy with the customer her Lungile strolled in from the gate holding her belly in a caressing way. I looked away from her. Her belly is starting to show now. She walked until she got to me and the customer she greeted us

Her: Just the person I wanted to see." I kept quiet because I thought she was talking with the customer . She looked at me.

Me: Oh . Um.. You are talking to me. I thought you were talking with my customer

Her: No , it's not a problem at all. But yes you are the person that I wanted to see.

Me: Okay, so how can I help you? "

I finished with the customer and I led Lungile inside " Please sit down"

Her: I wanted to ask that can you please be my maid of honor ?

Me: No I cannot do that I'm sorry.

Her: please atleast think about it?

Me: Oh. I'm not promising anything tho. Cause I honestly dont want to.

Her: oh I know im slightly the cause in the breaking of your marriage sisi and for that I apologize and also for being bitchy about it and demanding all of Tee's time. It just the hormones are showing me flames. I hope we can be able to put all of this behind us so that we'll be able to live in harmony as we will be in each other's spaces a lot once I get married . Let's just please continue loving our husband .

Me: there is no need to apologize. Its water under the bridge " I did not want to talk with her about my problem with my husband and she shouldn't be saying all of this here because she is the cause vele of my misery. She saw the wedding band after all.

Her: Thank you. Tee told me about the exciting news, that you've accepted our baby as your own. And honestly I couldn't have asked for a better sister wife than you . And please let not let the fact that you cant have babies come between us. Please dont be jealous of me because I plan to give Tee so many babies "

Hhaybo this girl!

Me: Hhaybo

Her: I saw you looking away when I was entering the gate. And I think you were jealous. But its understandable because I have everything that you wish you had too. "

Me: Who told you that I cant have babies?

Her: My mother in law told me. Nakhona I didnt ask she just said shes glad that her son's cows aren't going to waste this time around . And I put two and two together.

Me: and you got the wrong answer baby girl. What If its Tee that is sterile? "

She coughed , I didnt even get her water because she has gotten to my last nerve .

Her: Obviously Tee is not sterile. I'm pregnant aren't I?

Me: I didnt say anything. But if you say so. Okay. "

I could see that she was getting angry .

Her: please think about becoming my Maid of honor. It would really mean much to Tee.

Me: Dont you have friends to ask? Or even your neighbors? Cause mna I'm not becoming your maid of honor .

Her: I just want you . Think about it.

Let me go and greet abadala"

Me: Okay.

The nerve of her. I will not be her maid of honor finish and klaar. Coming to my house and asking me this nonsense.

ANGANYA. I would never watch my husband getting married to

the love of his life that close. I'd rather watch in the shadows.
Nakhona I dont even think I will go. Maybe I will be staying in a hotel. Sipping Champagne.

Lungile greeted her mother in law and she sat down.

MaNdlovu: Aw kodwa makoti . Why didnt you call so you will be fetched . The distance you walked and this sun too hot it is not good for the person in your condition. Hows my grandbaby ?

Lingile: Hes growing Ma. I did not walk here. I got a lift. "

MaNdlovu: How are the wedding preparations?

Lungile: everything is going well Ma. I can see that even the house will be big.

Mandlovu: eh. You can tell by just lookng at the foundation only . My son has really chose well with you .

She smiled and looked down. She was happy that her mother in law adored her. She wondered how it will be like once the truth comes out.

Lungile: I came to see my sister wife. I asked her to be my maid of honor , matron Ma..And she refused. I'm just not so happy. I was really looking forward to us bonding. But now how am I gonna do that when she wont let me.

MaNdlovu: Dont worry I will talk to her Mntanam. And you

should not worry your self about this. Noxolo will be your maid of honor by the end of tomorrow she will call you. Dont stress now dear child. It's not good for the baby .

Lungile: Please talk to her Mah. I have to go now. I must get back home before it gets dark.

MaNdlovu: Wait for Thabiso to take you back, I'm sure hes on his way coming back now.

LUNGILE: I'm in a hurry Mah.

MaNdlovu: Atleast let me call Thabani to take you home.

Lungile smiled secretly because that is exactly what she wanted and she has already told Thabani of her plans of seeing him. So when his mother called him he was ready!.

☆Thabiso☆

Today I wanted to just chill with my wife with no disturbance. I know its been a too long since we've spent some quality time together. I have been neglecting her I know but it's hard splitting my time between two equally demanding women. Worse Lungile has became more and more demanding since shes pregnant. I know I may sometimes look like I dont care about Noxolo but I do care. A lot. It just that the hardships of life has made us like this. We used to be so in love with each other. But life happened . And i know I have hurt her too much and it's not gonna be easy trying to win her heart back. But I will have to try my best even thou I dont think we will ever get

back to where we were .

I started by getting her her favourite flowers and chocolate. Oh when last did I buy her these.? I think just after we got married. Then I drove home.

When I got home mom called me immediately to the family house and I couldn't refuse. I left the chocolate and flowers in the car then went to my mother.

Me: Sawbona Ma.

Her: Thabiso.

Bekala uLungile ezocela uNoxolo abe umkhaphi wakhe ovelele maseshada. Kodwa uNoxolo unqabile

awukhulume Naye.

- Lungile was here earlier asking Noxolo to be her maid of honor . But Noxolo refused, talk to her .

Me: Haw . Wenze kahle vele wanqaba lowombhedo uNoxolo Ma, Lungile akazange wakhuluma nami ngalento. Nami vele angifuni ukuhlambalaza uNoxolo ngaleyo ndlela.

- Haw. Noxolo did well with not agreeing to that nonsense Ma, Lungile did not even speak with me regarding this thing , I also do not want to embarrass Noxolo in that way.

Her: hhayi kulungile. But when she left here she was not happy

, I told her I will talk with Noxolo . Kodwa manje angsazi.

- Its fine..... But now I dont know.

Me: I will talk with her Ma. Dont worry. I will see you in the morning.

I went back to the car to fetch my staff. I already knew that Noxolo will not be happy with me. She will think that I somehow told Lungile to ask her that nonsense and i did not even know.

I knocked and got in. It looks like she did not cook as the kitchen felt cold today.

Me: Hello baby. I got you your favorites.

Her: Hi. Ummm Thank you, but ufunani?

- what do you want. ?

Me: What do you mean?

Her: when last have you gotten me any flowers, let alone chocolate?

Me: I know it's been a while my love. I will try and change that.

Her: Okay. You better not be coming here and telling me about the maid of honor nonsense.

Me: I'm highly against that my self so no it's out. I'm glad that you disagreed .

6

I was shocked when Thabiso came home with my favorite flowers and sweets, but I was more shocked that he was on my side with the maid of honor thing, I expected him to lash out and tell me to be the maid of honor or even call me jealous. If he expects that with the little he has done he won my heart back. Then he doesn't know me at all.

Him: I want to come back to our room " hehehe , he doesn't play ne.

Me: Akusiwo umqondo omuhle loyo Thabiso, Angikakulungeli mina ukuthi ngingalala nawe."

- That's not a good idea Thabiso, I'm not ready to have sex with you "

Him: We won't do anything , I just miss cuddling with you baby, please allow me .

Me: Not yet , please don't push it.

Him:" Okay, um can we maybe watch some movies atleast? " I nodded okay"...let me go and bath then, in the mean time please prepare us snacks "

I'm not in the mood for watching movies , I'm tired and sleepy AF. I am a pregnant woman so I need all the sleep I can get but for his sake I will stay.

>>>

We finished watching the movie and I went straight to my room to sleep. We had a semi nice evening I won't lie, he was the

Thabiso that I fell in love with. He was so full of jokes , I don't know who made me laugh more , him or the movie.

The next morning I woke up and made breakfast for us,after last night effort Thabiso did. I thought it was my time to also make some things easier for him. So when I finished preparing breakfast for us I called him. He came and thanked me, then we started eating.

Him : Ngiya emsebenzini late namuhla.

Me: Why?

Him: I want to spend my morning with my beautiful wife.

Me: You know that I have to tend to my customers, so it's okay if you leave now because I'll be busy anyway.

Him: okay If you say so.

We finished eating thn he left. I went to my room and drank my prenatal pills . I have a loooong day coming for me.

☆Thabiso ☆

On my way to work I passed by Lungile's place. I called her when I was outside , luckily she did not give me any hassles so she came.

Her: You woke me up Tee. You know that I need my beauty sleep " she said getting in the car

Me:" Hhayi Lungile sekuwuwena ovilaphayo manje . I know you'll say it's the pregnancy"

- No Lungile this is you being lazy."

Her: You know I'm right . Anyways what is so important that you decided to come here this early

Me: Ngfunu uhlukane noNoxolo, this maid of honor madness has to stop "

- I want you to stay away from Noxolo

Her: But I want her to be my maid of honor . Just so everyone can see that we are a united family and we are all happy .

Me: Its not going to work that way baby , we have hurt Noxolo a lot and by asking her to be the maid of honor that is just too much , so please ask one of your friends. "

She mumbled something I couldn't hear

Me: uthini?

Her: she said that she forgives me for everything Tee, so I think it was a good idea asking.

Me: No Its not a good idea and you're gonna stop this madness Lungile

Advertisement

I'm done talking about this. "

Lungile: Ouch" she said touching her belly and I panicked

Me: What is it?, is it the baby?

Her: No just leave me Thabisi, you have chosen your wife side

and I get you, but I'm not gonna marry you if shes not my maid of honor .. Ouch... You are even yelling at me, you're upsetting my baby. "

Me: I'm sorry baby, I did not mean to yell , but baby Noxolo will never agree to this

Her: then make her agree

Me: Angivumelani mina nalento Lungile

- I do not agree with this Lungile

Her: Dont you want to marry me?

Me: ofcourse I do. To even support that next week me and Noxolo are going to the lawyers office for a divorce.

Her: when are you going to marry her again?

Me: we haven't talked about that. .

We talked and finally came to an agreement that I would not interfere with the wedding plans , if she wants Noxolo to be her maid of honor, she'll have to convince her herself. I'm staying out of it as I am still very much against it.

☆ Lungile☆

I know I had to pretend that I had cramps just so in the end I can get what I want. Honestly I dont want her to be my maid of honor. I mean I have my very own capable friends and I've already asked one to be my maid of honor. I'm doing this to

Noxolo just for fun. We are gonna have too much fun with her ,I'm so excited. I'm not a bad person I just want her to hate me in a way that she will want to not divorce Tee. Otherwise Thabani will win and I dont want him to kill his own brother. What if we get arrested hha aah. I'm not comfortable with this. Yes I love the good life and hell i love Thabani but I would never go to jail for him.

I just have to stop him from going to the lawyers office this coming friday , I will think of somethng to do but I will stop him it's too early and I doubt that Noxolo would have agreed by then. But I trust my mother in law . She will pressure her until she agrees. In fact she will tell her to do this for me. I'm pregnant with her grand baby after all so all I want I get.

Thabani texted me and asked if my plan was coming along. I have told him in our last talk that I'm uncomfortable with what he suggested so I came up with this idea. He thinks it's stupid but I know it will work.

" The plan is coming along just fine, I'm now waiting for Her to catch the bait" I answered him

" Ungangiphoxi sthandwa sam. Uyazi nawe makphela yonke lento sophila kamnand sijabule till forever with no money problems. And you know we still have to get married right, it will be your dream wedding "

- Dont disappoint me my love. You know that when all of this is over we will live happily till forever.

" I know Thabani and I cant wait to be with you without hiding that people we know might see and recognize us. But why cant we just study and make our own money , money we know that will always be there every month?

" That's madness Lungile. You know that I hate school so please , we will talk later "

Sigh! I dont know what I am gonna do with him. I sometimes think of running away but nah I'm not a quitter .

☆MaNdlovu☆

I love Lungile she is the go getter that one, she reminds me of my young self. I know Thabiso said that he wont speak to his wife , but I will.

I got to her house and she was just finishing up with her customer and I waited for her, I looked at her and yoh i hope I'm wrong , but when I really looked at her i confirmed my suspicions, she really is pregnant. No wonder she looks so happy even with the news of her husband marrying the other. She rubbed her belly a little and that further confirmed it , Does Thabiso know? Why did he not tell me I know he tells me everything. Or maybe this is not Thabiso's child? But Noxolo is

not like that.

Did we make a mistake with casting her aside when clearly her body was not ready to carry a baby? I have to tell my husband this .

Her: Sawbona MaNdlovu, did you want to buy something "

Oh I have told her to not call me her mother

Me: I just want to know what everyone cant stop talking about so yes I want a R20 kota, here is the money."

I wasnt planning on buying anything but what I've seen has made me decide to stop interfering into the kids matters.

Lungile will just have to talk to her herself. Even thou I dont like Noxolo much. But the child has done nothing wrong so I would not want to hurt my grand child.

Me: When your done please bring it in the house. I want to lay down a little.

7

I was shocked when Mandlovu came here to buy my food . I dont know If she just genuinely wanted to support me, or maybe she just want to criticize me like she always does. But to say I am shocked would be an understatement, she was even talking nice with me, almost felt like the time before Lungile came along.

I prepared her kota nicely I even put in extra chips and luckily I had no other customers so I took her kota to her, she told me to get in and she had coke with two glasses in front of her.

MaNdlovu: " Hlala nam kancane makoti, khona engifuna sikhulume ngakho"

- Stay a little makoti, there's something I want us to talk about" I sat down, she poured cool drink in the glasses for the both of us .

Me: Kulungile, ubufuna sikhulume ngani?

- Its fine , what dd you want us to talk about?

MaNdlovu: ngfuna ukuxolisa ngendlela bengikuphethe ngayo kulezinsuku ezendlule, you did not deserve that. "

- I want to apologize for the way I've been treating you for the past few days ,.."

I honestly did not want to hear anything else she had to say because she really hurt me, so I told her that I forgive her and luckily I saw someone getting thru a gate and I knew that was my chance to leave and tend to my customer .

Evening

I prepared a very nice meal for Thabiso, but sadly today he was late and he didn't answer my calls. I wasn't worried about him I was just angry and disappointed. I thought that he has somehow changed back to the man I married but now I can see that I was just kidding my self. I ate my food and went to my room to bath. I ended up falling asleep without hearing him getting in so he did not come home .

☆Thabiso☆

After work I was preparing to go home until I got a call from Lungile, she told me to come to her place quick it's an emergency. I got there and I did not knock I pushed the door and it opened.

Me: Kwenzakalani?- what's the emergency? "

- What's happening ? "

Lungi was just laying on her bed in nothing but a red number, it looked sexy on her pregnant self and I got a boner in an instant. I haven't been intimate with both her and Noxolo. .

Her: I want you to ravish me, that's the emergency "

I always liked Lungi in the bedroom cause she really knows her

stuff

Me: with pleasure, you look sexy

all this for me?

Her: Yes, no one else daddy.

She knows that when she calls me like that I could give her anything . I dont know what this word does to my brain but it do things to my member . I took off my clothes in a hurry and I told her to stand up.

I started kissing her while I was foddling her body and yoh her body drives me crazy especially since she's carrying my heir. I kissed her neck and I knew it drove her crazy with the way she was moaning, I made sure to leave hickeys i know how much she hates them but she wont stop me when she's too much in pleasure. I took off her bra and put her on top of the bed.

My one hand was now playing with her clit ,my other hand was foddling with her one breast while the other was on my mouth. She was moaning and moaning under me. I then took off her underwear and went down on her.

Me: come for daddy "

My hand was playing with her clit while my tongue, my tongue was getting in and out of her honey pot as she likes to call it. She came in an instant and I cleaned her out with my tongue (Wink Wink)

Her: now it's your turn, lie down."

She gave me a head and damn her tongue game was out of this world, she played with my balls while my member was so deep in her throat gagging and gagging. I was grunting and grinding on her mouth . Her mouth was really hot, after a very nice short session of a blow job I came inside her mouth and to my utter disbelief she swallowed all my cum.

Me: Ride my dick like the dirty little girl that you're are .

She got on top of my dick and gave rode my dick like a dirty little girl she is. When she got tired as she is pregnant I held her tight and I was the one that was doing all the work. We ended up doing it missionary style.

And the rest is history .

We were cuddling on top of her bed.

Lungile: That was the last time we are making love ke baby, we will have to wait for our wedding night.

Me: Ah baby how when you've got such fire coochie?

Lungile: you'll just have to control your self baby , I want our first time to be magical as husband and wife.

Me: oh it will baby, it will. I have to go home thou.

Lungile: No you're not leaving, we still have things to do baby. To night we aren't sleeping . "

And true to her words we didnt sleep much. I even forgot that I still had to go home in the morning for a change of clothes. No I should start leaving clothes here now .

☆Noxolo☆

Thabiso came home in the morning just after I finished with my breakfast , I didnt prepare any for him because I thought he was gonna eat wherever he was.

Him: Can you please make me breakfast?

Me: Didnt you eat where you were?

Him: obviously "

He is usually rude when he comes from Lungile.

Me: sorry I can't , i have to go somewhere.

Him: And you wonder why I'm marrying another women?

Me: that's all on you , mina I dont give a damn .

Him: You have started being disrespectful manje wena Noxolo.

Me: kame Thabiso , wena uqhamuka le ophuma khona ufike sewuzothetha lana. Yini ndaba ungasalanga sewhlala lana bewukhona muzofika lana uzoqala uchuku

- Stop it Thabiso , you come from wherever you come from and you start yelling here. Why didnt you just stay where you were. Now you come here and start trouble. "

I stood up then went to my room, iam not about to sit here and smell her perfume ,nxx he did not even have a decency to bath.

8

I went back to my room and I just decided that I sleep in since its Saturday and am angry. Fortunately my day starts at 10 am today . And on Sunday's it's my rest day.

I woke up when I felt like I was being watched. I opened my eyes and it was Thabiso , he looked very angry.

Thabiso: uyosiza uvuke

- you'd Better wake up

Me: ungvuselani?

- why are you waking me up?

Him: Yini le?"

- What is this?"

He said showing me my prenatal vitamins and my card from the clinic

Me: I mean I'm sure you're able to read Tee, let me sleep in peace please I still have a long ass day ahead of me.

Tee: Ungizonda ngaleyondlela yokuthi sengingaze ngitshelwe u Mah ukuthi ukulelwe? Ukhulelwe kwakhona noma You're are just trying to put the spotlight on you and outshine Lungile, Eyami yona lengane?

-Do you hate me that much that I had to hear from my mother that you're pregnant??. are you even pregnant or....., is this child even mine? "

I was shocked and that he would say something like this to me , his very own wife. And angry and disappointed and where does

his mother fit in all of this. ?

Me: I told you that we are expecting a child, you just weren't listening and you assumed that I was talking about your child with Lungile and that's not my problem.

Him: When did you plan to tell me about it? Were you gonna hide the pregnancy until when?

Me: I already told you and the reason why I planned to keep my pregnancy to my self is this reason . Nicabanga ukuthi mina ngizama uku competer noLungile wakho . Lalela ke Bhuti , I found out I was pregnant even before you told us about your side dish upgrade.. " I know I was lying but I wanted to hurt him nami

-... You all think that I'm trying to compete with your Lungile, listen brother,...

Him: You know what I need some breather, we are not done here . " he threw the card on the bed then left. I wonder how does his mom know about this.

Thabiso ☆

I was so angry at Noxolo, even with my self because had I waited none of this would have happened . Had i stayed faithful to my wife eventually we were gonna have kids , and look at me now, I have two kids on a way and another wife coming. I love my wife but her love I had for her was been over shadowed by the fact that she can't fall pregnant , atleast that

what I told my self when I started persuing a relationship with Lungile. All in all even when I found out about her pregnancy I wasn't as happy as I thought I would be and Lungile still has a big piece of my heart as messed up as it is but it's the truth. Noxolo is also so secretive if I did not hear from my mother that shes pregnant I know I would have only known after four to five months when her baby pump is visible.

FLASHBACK TO 2 HOURS EARLIER

When Noxolo left to her room after she disrespected me and refused to make me breakfast I went to bath then i went to the main house. I know my mother could never deny me food . Luckily I found her awake and busy in the kitchen.

Me: morning mama , indlela ngilambe ngakhona

my wife Is useless these days

- the way I'm so hungry

MaNdlovu: dont talk like that I'm sure it's the pregnancy that is making her like that , phela it differs from women to women.

Why didnt you tell us the good news vele ?

Me: What are you talking about Mama? Who's pregnant?

MaNdlovu: MaDlamini ukhulelwe Thabiso, usholo ukuthi awazi nje wena?

- MaDlamini is pregnant Thabiso, are you saying that you dont know?"

Me: she never told me , and this baby came at a wrong time , I mean we tried and tried our best to fall pregnant. But now it just not the right time , what is Lungile going to say?

MaNdlovu: when you thought of taking a second wife what did you think MaDlamini will say? "

I honestly did not think about Noxolo at all. When Lungile told me that she was pregnant I was too happy to even care. "

MaNdlovu: I can understand why you were happy, Lungile is a lady hhay mntanam ukhethe kahle. But you shouldn't be so difficult kuMaDlamini she is also carrying your child, even thou you dont look too happy about it .

- my child you chose well"

END OF FLASHBACK

I drove around in circles until I felt my self being calm enough. I had too many questions on my mind. Even thou I dont love Noxolo as much as I loved her before but I am gonna try and be there for her and my child. I think Lungile has bewitched me hhayi ! I cant seem to stop thinking about her and about last night

Narrated

Lungile was at her bathroom mirror trying to hide the love bites , when she woke up she was so angry because she has told

Thabiso a long time ago that she hates hickeys but he still leaves them. Thabani is going to be so angry when he notices them as he has told her to not engage in sexual activities with his brother anymore . Lungile does not know why she had sex with Thabiso as she had already told him before that they cant have sex until after their wedding night. She just felt horny and the first person she thought of calling was Thabiso and she was glad that she did, well expect for the hickey' s issue everything else was good. She was smiling at her self when she decided to send a text message to Thabiso

" We should meet up again tonight, also talk to your wife about the maid of honor issue , I want her to plan the bridal shower, cant wait to see you tonight daddy"

There was a knock on the door and it was Thabani, I quickly went to open the door and let him inside

Lungile e: ufunani lana Thabani? Are you crazy

- What do you want here Thabani?

Him: I know he slept over here because I did not see his car last night

Lungile: So why are you here, couldn't you call and tell me that you know that?

Him: you are going off script Lungile manje

Lungile: I wanted to convince him to tell his wife to agree to be a maid of honor. I had to do what I had to do thabani, I cant let

you kill him

Him: do you love him?

Lungile: No. I just dont want to see you going to jail. Or innocent people ke at this case. Just please let me do this my way Thabani.

Him: I dont like it when you have sex with these man Noxolo

Lungile: and do you think I enjoy it? Now please go , I don't want anyone seeing you here.

Him: I'm going but this is not over ."

Lungile honestly felt very confused . She didnt know if it was because shes starting to fall in love with Thabiso that he is against him being killed or it's because she could never live with her self if she had him killed as she was not a killer

I had a really great day I was visited by my long lost best friend Monalisa. I call her Lisa

When she came she was walking towards me with my mother in law as she was coming outside the gate. I was really shocked .I even screamed a little . She said she has been looking for me for almost a week now and now she has finally found me. I last saw her on my wedding day. Believe me I know it's been too long.

Lisa: I couldn't remember a coming here friend, luckily I remembered the name of this place and the surname . So I was asking everyone I met of your whereabouts and they finally directed me here.

Me: I missed you so much oe, thank you for looking for me. Im not gonna ask about where you've been but I'm so glad you are here now. I really missed you .

Lisa: I also missed you. Listen I'm not staying but next month I'm moving her I found a job at the police station. But I will be moving here in about two weeks. We still have too much to talk about.

Me: Congratulations on your job Oe . we do need to talk hey. Like the fact that you disappeared into thin air. And me divorcing

Her: yes , but we'll talk about everything once I've settled in. I still want to familiarize my self with this place first.

But you're divorcing? That's shocking I mean you were so in love with each other

Me: we were , I'm still shocked mngani . One day we slept okay , great even and the next he woke up and called a family meeting and you will be shocked at what he wanted... a second wife. Because apparently mina I'm infertile and now look at me I'm pregnant and his side chick is also pregnant but he is asking me about the pertenity of my baby , like who does that.

Her: it looks like a lot has happened , I'm sorry and congratulations on your pregnancy . Yoh

Me: we will talk about everything else once you're back dont worry.

When Thabiso got home I was in such a jolly mood I wont Lie. I was so happy nothing was gonna take my happiness away. Seeing my best friend I last saw years ago was just every thing I needed .

Thabiso: Kade ngagcina ukukubona ujabule kangaka

-I haven't seen you this happy in a while

Me: nginaso sonke isizathu sokujabula Thabiso, I'm healthy and my baby is growing very well so yes ngijabule

- I have every reason to be happy ,... I'm happy

Thabiso: mmh I see,

Ngkhulumile noLungile and sicabanga ukuthi umqondo omuhle

ukuthi ube yi maid of honor yakhe . Kuzokhombisa wonke umuntu nokuthi sibumbene futhi sijabulelene

-I had a chat with Lungile and we think it's a good idea that you be her maid of honor . It will show everyone that we are United and happy for each other

Me: way to ruin my mood.

Him: I hope that's not jealousy talking

Me: Thabiso why are we still married if you are gonna talk about Lungile everytime we are together? I mean just two night ago you were on my side disagreeing with all of this but now this?

Him: Our marriage has got nothing to do with this , and Lungile made me see reason why you should do this.

Me: more like she made you see her vagina. And it has got everything to do with our marriage Thabiso, do you even have a little bit of love left for me in your heart? Because the way this is going it looks like I'm being replaced big time and you are the one pushing me away, You asked if this baby was yours and I kept quiet just for peace sake but now I think this environment Is not good for the baby ..." he interrupted me

Him: Some of the reason why I decided on talking a second wife is that you talk too much , when I first saw you I thought you were this humble lady that was so calm. I even bragged about you to my friends but now hhayi sisi you disappoint me the way you talk too much. I'm the man here so let it be seen . Now you

are going to be on that wedding and you are gonna do exactly what Lungile wants you to do. I can not be upsetting her as she is pregnant. "

Me: And I'm not? . I'm done talking about this but read my lips, I wont be in that stupid wedding let alone being her maid of honor rhaaa nx"

I then left him and went to my room. My mood is ruined

Noxolo has not been this happy and glowing in a long time. I wonder what has made her like this, did she perhaps meet someone else.? Is that why she was so quick on agreeing to divorce me

is the baby even mine? I had a lot of questions but not answers and the only person that could answer my every question is not talking to me. She is sulking because I told her to fulfill Lungiles wishes and sure she will agree in due time I know.

There was a knock on the door and its Thabani.

Me: come in.

Him: unjani mft

- how are you bro.

Me: Ngiyaphila yiwonje labafazi abangi stressayo

- I'm fine, just these women are stressing me

Him: you'll be fine, polygamy needs a patient man

Me: ayi kumanje Lungile is making demands , impossible demands noNoxolo Naye is extremely happy. I even think that she has found a boyfriend that is why she's so quick in divorcing me , we will not be divorcing unless she tells me the truth and how sure can I be that the baby she is carrying is mine?

Him: looks like you're having yoo many problems , but if u dont divorce what of Lungile? You'll only marry her traditionally?

Me: she loves me I'm sure she wont mind marrying me traditionally only.

Him: But what women would agree brother? I mean that just screams that you dont want to hurt Noxolo but you'd hurt Lungile in a heartbeat

Me: Ayi angazi Bafo ngzobona , its friday let's go and get some drinks.

- I dont know bros, I will see

Him: I'm game, let me go and change first.

Me: okay

Narrated

When Thabani got outside he was grinning evily to himself, now he has got the "motive" why Tee should really die.

The plan has changed all together, he will convince Tee to not remarry Noxolo that way he will be able to hire some man to woo Noxolo into a relationship while hers and Thabiso is sinking, she will not stand seeing tee everyday happy with Lungile so she will definitely fall under his trap. After that he will have Thabiso killed that way Lungile will get all the money as she will be the only wife, and all to blame will be Noxolo because she has found a new boyfriend now and she was jealous.

Thabani smiled again. He got into his room and texted Lungile " I'm backing off for now , let's hope your plan works" he knew it wont work but hey he had to keep her busy with something. My brother has always been the favorite because he was clever at school and passed very well. I was always jealous of him and hated him ,everyday I hope he just drop and die. And the money he gives me? , he gives me 0,1% of what he get paid every month he is selfish He can see that I'm not working but still he gives me peanuts. Now everything is coming together very well, but what of the baby that Noxolo is carrying?

A month later.

It's been one hell of a month. I have had an almost miscarriage scare twice. Me and Thabiso went to divorce and he did not talk of when we will re marry . He has basically moved out , I mean he doesnt sleep at home most nights. The wedding is two weeks away and everyone is talking about it. They are busy here with the spring cleaning and everything and I just look at them going up and down from my little window when I'm serving my customers . Aunt Fikile has also arrived. She once asked me to come and help in making a traditional beer (the one that is made before the wedding for ukubika emadlozini ukuthi kuzoba nomcimbi) and I told her I can not do it , nami vele I was busy, futhi vele wayengdelela nje. Lisa also moved here last week so atleast I spend most of my days with her now.

I refused to be Lungile's maid of honor so she finally gave up, Tee also gave up on trying to make me agree, after his I'm the man speech i still refused and he finally accepted it, well barely Which is also a big reason why he is staying with her now most of the time.

My stomach us still not visible I'm now 2 months pregnant and I am happy I won't lie but also stressed. The more the wedding is approaching is the more I get stressed. The hipe around the

yard is just a nightmare. Everyone is happy except for me.

I told my customers that I will resume with my selling after everything has calmed down. And they understood shame . Lisa is taking me somewhere today, she just asked me to get ready she'll be here in about an hour 's time .I was now just waiting for her.

Lisa: I'm here friend. Hello

Me: so vele you will never knock.?

Lisa: know for who? For what?

Me,: yabhora. Let's go. " I took my handbag and we got out. I locked my door then sahamba .

Me: so where are we going.?

Her: to a spa. I know we both need to relax hey. And we still have to have that talk

Me: that we do. It's been a very long month. "

Lisa is a rich kid ke. Her parents spoil her rotten and shes the only child. So to her money is not a problem

Lisa: and with the move it's been a nightmare."

We arrived and got our massages done, lisa even had a glass of wine with her hehehe .

>>>

After everything was done we left. It was about 2pm .

Lisa: let's go to the park oe

Me: okay but first I want something to eat.

Lisa: we'll just order everything and get it delivered there.

Me: okay asambe

- let's go."

We got there and sat down..it looks like Lisa was prepared hey cause she had everything. We talked about nothng important while waiting for our food. After a while it arrived we paid for it then we started eating.

Lisa: Emvakomshado wakho oe uSbu wathi ngeke ngsaba umngan nawe ngoba ushadile uyamazi moc wayenjani? And ngangimthanda kakhulu nglalela yonke nento ayengtshela yona. I basically made him my husband/ father

- after your wedding oe Sbu told me that I can't be your friend anymore cause you are married you know how he was like ryt? And I loved him too much I listened to everything he was telling me.

Me: Hhaaa Lisa" I said shocked about the fact that she would really stop being my friend just because he told him to.

Lisa: I know I know it was also bad on my part and we also lived hours away from each other . Anyways he introduced this other girl to me and said I should be friends with her and angithi bengsemathandweni so I agreed. He started being really controlling

Advertisement

from what I was wearing to I should report everything I do. To even how I spend my money . I honestly never saw a big problem with all that so I allowed him. I allowed that bastard. He then started to abuse me physically and verbally. He would call me a spoilt brat saying I'm nothing without my parents money and a whole other bunch of nonsense . The last straw was when he had sex with the so called friend he said I should be friends with. I packed my bags and left him high and dry. Angthi I was maintaining his house and everything else since he is not working.

- I was blindly inlove

Me: I'm happy you are out of there friend. I just wish I was there for you while you were going thru all of this. As for Sbu hhayi he is just a coward nje, and I used to like him for you

Her: ever since he lost his job he changed. It was unbearable to live with him.

Me: mine is the worst. One day I was happy with my husband and the next day he called for a family meeting asking to take a second wife. In fact he already had someone he wanted to marry hence he didnt even tell me about it privately. He continued telling everyone that the girl he wanted to marry is preg.... " I basically told her everything

Lisa: No, are you okay thou? You've been thru a lot

Me: I'm not okay, especially now that I see that's its really happening.

Lisa: you will be fine . But I honestly think that it was a good idea that you guys did not marry again. What if in 5 months he still hasn't come to your house? That way it would be easy to live. I just feel sorry for your baby that he has rejected without even knowing him/her

Me: ah I've made peace with that. I'm wishing for a girl friend so we are gonna have too much fun together

Her: yes and I'm gonna be that aunt that will spoil her rotten

Me: oh I know you alright

Her: when are you giving birth? I want us to plan some girls weekend away and we will call some of our uni friends

Me: ah friend I dont know. But we will revisit this conversation after I give birth "

She then starts laughing

Her: so the bitch asked you to be her maid of honor

Me: hhayi kahle lisa

- stop it Lisa

Her: No seriously .

☆Lungile ☆

It's been a whole month of absolute bliss. I have loved every moment I spent with my husband to be. The only thorn in my already perfect life is Thabani. I'm not worried much about Noxolo because Tee is fed up with her . I have decided that I have to part ways with Thabani now while its still early , i dont want to get married while i have this burden. I know the child is his but Tee wont know that.

I called Thabani and he agreed for a meet up. I waited for him in my house.

Him: Hey, what's up?

Me: ngfuna skhulume ngento evalelekile

- I want us to talk about something important

Him: okay what is it?

Me: I'm falling out of love with you. And I'm falling inlove with my husband .

Him: Oh

Me: please let me have this Thabani. You know I have done everything you've ever asked of me. You will see your child as his uncle please allow me to have this

Him: Eh Mina Lungile angazi ngithini ngoba vele ngeke angisakwaz ukukushintsha umqondo ngoba ubusucabangisisile ngakho. I want you to be happy so kulungile I will back off, I'm hurt by this but I'll accept it

- I don't know what to say because I cant change your mind as

you've already thought about this. .. it's fine

Me: Thank you Thabani. This means a lot .."

I was shocked about how he took the news. And I was happy that he understood and let me go.

Thabani ☆

I knew sooner or later this was gonna happen. I'm going to let her be for now. I will let her have her little happily ever after . But I'm gonna strike when she least expect it and I'm also gonna take everything back that belongs to me.

When I got home Tee was there eating my leftover from last night. And the way he was eating so quick it was as if he hasn't eaten anything in a while.

Me: aw sawbona Thabiso

Him: Hi, bewukuphi?

- where were you

Me: I was with Lisa . What are you doing here?

Him: it's my house , isnt?

Me: you haven't been here in weeks that's why I'm asking

Him: I'm back ke. Make me some food please .I'm hungry .

Me: I'm tired Tee, it's been a long day. " he just gave me a look.

" okay fine I'll make some Macaroni and cheese for u ke.

Him : I want I papa and meat Nox. I'm tired of that meal

Me: yoh demanding much "

I think I was entertaining him only because I was just not giving any fuck at this moment I felt so relaxed and he was not gonna take that away from me.

Him: I'm going to see Thabani a little, I will be back later

Me: okay" I went to put my bags on my bedroom then I started with his food.

Wedding day

The whole week has been a nightmare with the preparations and the hipe around the whole yard while I was licking my own wounds and locking my self in my room. I did not want to see anyone and I was mourning the loss of my marriage . Because as of today he is no longer mine. Not even a little bit cause we are divorced and I honestly thought that he was gonna say we will remarry soon but hey he didnt. He still doesnt believe that the baby is his and hhayi I cant convince him another wise he is a grown man he can use his brain.

I was listening to Miley cyrus goodbye. I was feeling a whole lot right now and music made me a little bit better. Especially the sad one. Like I was remembering every little good thing me and Thabiso went thru. And I wish I had fought for us, i wish i had stopped the wedding. I wish I had not agreed to divorce him.

"I remember when we kissed

I still feel it on my lips

The time that you danced with me

With no music playing

Cause

I remember those simple things

I remember till I cry . "

I wish I had agreed to be even the maid of honor at this moment just so i can see him . I dont know if it were the homornes or what. I wish I did not give him such a hard time. Maybe just maybe we would have came to a certain compromise. I tried calling him and I think he answered it by mistake because all I heard was silent . I dropped the call I guess Lungile won. She should be happy now I'm gonna be giving birth to a fatherless child and I will be a newly divorced single mother.

There was a hard knock on the door and I honestly did not want to open up.

Lisa: Open up Noxolo , I will keep on knocking until you open this door.

Me: Go away.

Lisa: open up , open up, open up,..." she said as she continued to knock

I opened the door because she was getting irritating.

Me: what do you want.? I'm sleeping .

Her: go and bath we are going to this wedding. Let not make them see that they are breaking you and I'm not leaving you here alone, did you even eat? Remember you are not eating for your self only"

She looked at me and I remembered that I have had nothing to

eat today and i then felt sorry for my baby then I burst out crying

Lisa: friend please stop crying, all this will pass and you will one day look at this day and be like thank you Lord for that day because it helped shaping the person I am today.

Me: I even forgot to eat Lisa , what if I forget to feed the baby once he's b..born?

Her: I know you will be a great mother so please dont doubt yourself. Now go bath we have a wedding to attend . Do not worry about anything I have your dress out in the sitting room so you are sorted"

I know she is not going to take no for an answer so I might as well get ready .

Me: Kulungile Lisa ngzohamba nawe , I'm not even going to try talk you into not going with me

- it's fine Lisa, I will go with you

Her: I will wait for you in your kitchen while you get ready, I saw your delicious looking scones .

Me: okay .

>>>>

I finished getting ready. I was wearing a black strapless dress that was long. It was a beautiful dress if I can say so my self and it really looked good on me. Lisa really chose well. She also did my make up then we were ready to go.

We got to the venue and it was packed. We couldn't find any parking space so Lisa parked outside. The decorations was really beautiful and looked really expensive. It looks like we arrived late cause they are already married so we got into their reception and sat down.

Lungile ☆

Its finally my wedding day and I'm so happy I'm so in love with my husband. I think I made the good choice when I dumped Thabani, I'm still a little worried about how he just accepted everything and did not fight me. The only thing that is stressing me right now is this baby , what if Thabani talk and say this baby is his?. I think as soon as I give birth to this I should try getting pregnant and this time for Tee. Ever since I admitted my feeling to Thabiso every thing has been going very well. I even saw him for who he really is. I'm also happy that he is so in love with me just as much as I'm in love with him. At this point his wife is a none factor in our lives. Another thing is that he told me that he was not gonna remarry her. So I'm gonna be the only wife. Yazi my ancestors are looking out for me. I have my big house ready for me and my beautiful dream wedding that I have to get to in a few hours.

Mom: Lungile mntanami, mawufika emzini ngcela uziphathe kahle, uhloniphe abantu basemzini uphinde uhloniphe no sister wife wakho

ingenxa yakhe ukuthi namuhla uyoshada umnyeni wakhe ngoba wakuvumela.

-Lungile my child, when you get to your in laws please behave , respect your in laws also respect your sister wife , she is the reason why today you will be marrying her husband because she allowed it.

Auntie: I trust your mother taught you everything you need to know about domestic work so I know you will not disappoint us. You have to accept that you share a man baby so allow your husband to be with his other wife and dont get jealous . "

Me: ngyabonga Ma no Aunty. I will try my best to be the best wife ever. I think its time now to go to the church

Mom: Masambeni ,nezimoto sezifikile

- let's go, the cars has also arrived

AT THE RECEPTION

my wedding was so beautiful If I can say so my self, Thabani was one of the groomsmen and surprisingly he didnt make any scene. He pretended to be happy and smile. But I knew better his smiles were fake. I think what I did really hurt him but hey I'm sorry, not sorry. I think leaving him was the best thing I have ever done. I was listening to my friend Thobeka speaking on behalf of friends when I saw Noxolo walking in with some girl . They sat down at the back and I couldn't care much. I mean I had the guy so nje . Then a song came on and we had to have our first dance as husband and wife so Thabiso stoop up and held his hand out to me . I saw Noxolo with a corner of my eye holding a tissue to close to her eyes. I guess she is gonna cry more once she see us dancing .

We got to the centre stage then we started our thing. We didn't rehearse so we were just holding each other

We were having too much fun I didn't even notice when Noxolo stood up and came over to us .

Noxolo: can I please cut in? "

I did not want to honestly but since I did not want to make any scene and people had to think that we get along so I let her have her very last dance with Tee. Also people thought they were still married .

Thabiso☆

When Noxolo asked to dance with me I was shocked but I saw that Lungile did not have any problem with it so I also allowed it.

Me: I saw your calls

Her: I wanted to say congratulations, the best lady has won. " she said this while we were dancing

Me: kuqhamukaphi konke lokhu?

- where is all of this coming from ?

Her: I just want to thank you for all you've done for me, you giving me money so I can continue with my studies and for also loving me for those 3 yrs we were together. I'm letting you go, I'm setting you free Tee. I love you but I've decided to also love my self more and also this baby I'm carrying. Once you've accepted him if you will. You will be allowed to see him as I know that you will be a great father and I'd never poison the child against you. But if you do not want to see him that will also be fine. Oh and you can also do a paternity test if you want. These last two months have been a nightmare they proved that the person I thought I knew was just all in my imagination. You changed right in front of me. You even went as far as having your now wife disrespect me in my own house. But now there is nothing holding me back here anymore I mean we are basically divorced so what's the use of me staying? I'll be leaving your home , after you come from your honey moon you wont find me there. That's all I wanted to say. I wish you

the best of luck.

Me: Noxolo no one is throwing you out. That is your home too. Since you are the orphan and all, just dont leave

Her: you dont have to pretend as if you actually care. And me being an orphan doesnt mean that I should stay even where I see that I'm not wanted

Me: but I want you . I do

Her: who are you trying to convince? I mean when last did you tell me you love me straight to my face? Do you even love me, I swear If you can tell me you love me right now I will stay

Me: I.. I.." I couldn't do it.

Her: See ,you cant even look at me straight to my eyes. I have to go your wife and her friends are giving me a stink eye. "

I looked at her as she left for the last time. She was wearing black. I think she was mourning the end of our marriage. Well I did not care much because I had a new wife and a baby coming . So I shouldn't stress mu self much about her. Even thou I couldnt help my self with stressing about her. I got off the stage and went to look for my wife. I think I saw her going out of the hall.

" how does it feels like to loose" I heard my wife asking someone. I decided to stand there and eavesdrop

" and what did I lose?" I knew the voice belonged to Noxolo

Lungi: Thabiso ofcourse

Noxolo: Oh dear I did not loose Thabiso. But he lost me. Look at me, I lack nothing I'm pregnant right now and I'm happy as I can be. So he took nothing of mine baby girl.

Lungi: oksalayo I have his ring on my finger

Noxolo: And that's good for you. But how you got him is also how you're gonna loose him. I wish you both good luck. Oh I'm still gonna be in your lives . Hes gotta father this baby I'm carrying too."

I haven't told Lungie about Noxolo's pregnancy yet and I honestly wasn't planning on telling her. I decided to come out of my hiding place cause their voices were getting high

I have been living with Lisa for a week now and It hasn't been easy. I'm just grateful that Lisa came back to my life the time I needed her the most otherwise I would not have found the courage to leave. When Lungile came to gloat at me after she saw me leaving Tee on the dance floor , I was honestly not in the mood of her nonsense. When Tee came out of the hall he told me to leave cabanga. As if I was the one who started the whole thing. Shes the one that came after me not me.

Lisa came minutes after they both left and I told her what happened and shame she's been really supportive . So it has been a week nghlala naye , I've stopped my self too many times from going back there , lisa always says one word" have anyone called you to show they want you back?" I know when she says "anyone" she just mean Tee. But yes he hasn't called or any of his family members. I sometimes also think that I did this whole thing the bad way I should have called the family meeting and told them of my decision. But that can still be done.

Lisa is at her work and I'm just lazying around here eating her food. By the way things are going I'm going to be fat by the end of my pregnancy I will not be able to move . I got the call from my mother in law, the last person I expected a call from. I know she just wants to talk nonsense so I'm not going to answer her

call . She called too many times and I decided to just answer, what the worst that could happen.

MaNdlovu: Sawbona Makoti , awbambi ngani ucingo?

- Hello , why aren't you answering your cellphone.?

Me: Bengilele ngvuswa iyona manje.

- I was sleeping, it just woke me now.

Her: I haven't seen you in a week, ukuphi?

- where are you?

Me: ngingomngani wami Mah, akaze akutshela yini uThabiso ukuthi mina naye asisazwani? Bengithi ukutshela konke. "

- I'm with my friend , didnt Thabiso tell you that we are no longer together? I thoughts he tells you everything ,"

Her: Akaze angtshele Lutho. Kodwake uma kuyiqiniso lokhu kumele kube nomhlangano womndeni kuzokhulunywa kabanzi ngalendaba . Phela angeke kukwazi ukuthi nihlukane bese wena uhamba nengane yalayikhaya

- He did not tell me anything. But if it's the truth then there should be a family meeting to talk about this thing. And you cant just separate just like that then you leave with our heir

Me: Hhayi vele nam bengsafuna ukubiza umndeni ngizowtshela ukuthi sengyahamba. Ngcela ungibizela bona bese wena uzongtshela usuku enizoba khona nonke . I'll send you airtime

- I also wanted to call the family to tell them I'm leaving. Can you please call them for me, ..

Her: Ok. There's no need for airtime they are all here. I think

tomorrow will be the good day .

Me: okay I will come.

Her: please bring your delicious scones

Me: theres no stove here yet Mah. " I was lying ofcourse there was a stove but I'm no longer their daughter in law so they shouldn't expect anything from me. Just like I wont be expecting anything coming out of this meeting.

Her: okay . Bye please take care of my grandbaby.

Me: okay ." I dropped the phone, when I looked at the time it was 12: 2o. Lisa will be home in about an hour I think since its Friday. I should get started on the pots. Shes been spoiling me these past few days so let me return the favour by cooking her favourite meal. Vele my friendship cant cook .

Hour later

Lisa: mmh what smells so good .

Me: please come in madam, and sit down " she quickly went to the pots and opened them.

Lisa: Oh no you didn't . ..

Me: but I did

Lisa: I've been begging you forever to cook this and today you decide to do it why?

Me: I want to thank you mngani. You've been good to me spoiling me and...

Her: stop there baby, let's eat first you'll thank me after. I can see that is gonna be a long ass talk . " says lisa laughing

Me: "yabhora"

I said laughing with her

"Now sit so that I can dish up for you. "

Her: Thank you

Advertisement

I dont remember when last I had this. Plus your cooking is just out of this world stru . Yabo Tee really lost a diamond here .

Me: Talking about Tee, tomorrow there is a family meeting that I have to attend. Can you imagine the audacity of her mother telling me to bring some scones. As If I'd ever do that again .

Her : are you fine to go alone? Cause I can go with you .

Me: no it's fine plus I know you already have plans that you've been planning to ditch for a whole week now

Her: it doesnt hurt to try. I have never been in a blind date. I dont know why I'm doing this

Me: you're the one that said you are ready to date. Do this once. If it doesnt work than that's it you will just have to wait for your prince charming .

Her : Fineeee. Aarg

>>>

Lisa borrowed me her car . If the meeting is too long she'll be to her date besides it will start at 5pm and I was grateful cause ah it's hot ngaphandle. I got to there and it looked like everyone was ready . Tee and Lungile were wearing matching outfits , those membeso attire .

Me: Sanibonani " I greeted as I got inside and sat down .

MaNdlovu: MaDlamini nawe MaNkosi , cela nisenzela itiyengaphambi kokuqala komhlangano. "

- MaDlamini and MaNkosi, please make us some tea before the start of the meeting . "

I don't want to do it especially with her . But I got up and went to the kitchen , she will follow me if she wants to. I plugged the kettle

Lungile: You didnt bring anything?

Me: anything like?

Lungile: cakes, what do you think they will drink their tea with?

Me: I dont really care about anyone in this room infact in this house, so you should be asking yourself that question. Angithi you are the daughter in law here not me.

Her: So you're really pregnant with my husband's child? That child is not gonna get a cent out of his money cause I know you're trying to ...

Me: oh stop it Lungile, we came here to make tea. So stop irritating me with your little stupid talk. Nxaa"

Thankfully she stopped and we finished making tea and took it to everyone .

MaNdlovu : oh MaDlamini you didnt bring your scones

Me: Yebo , angina flour .

- I do not have flour.

Bab'Cele: so sitsheliwe umkami lana ukth nguwe MaDlamini obize lomhlangano

- we were told by my wife here that MaDlamini you're the one that called for this family meeting.

Me: Yebo baba. I've decided to leave Thabiso. He has shown me on many occasions that I'm not welcomed here anymore, even everyone in this room has treated me like dirt ever since we all learned of MaNkosi.

Aunt Fikile: Hhaybo , imihlolo

Bab'Vusi: ngithi uzositshela izindaba ezimnandi kanti cha.

- I thought you wanted to tell us good news but no .

Me: Mina angsacabangeli mina ngedwa manje, sengchabangela nomntwana wami, yebo ngkhulelwe and uThabiso uyamphika umtwana. Ayikho into engizobe ngisayihlalele lana

- I'm not thinking only for my self now. I'm also thinking of my unborn child, yes I'm pregnant and Thabiso is rejecting this pregnancy. Theres nothing that I will be staying here for.

Bab'Cele: Thabiso uthini ngalokho?

- Thabiso what do you say about this?

Tee: I have nothing more to say , we talked about this in the

wedding so I know of her plans. And since we are divorced I think it's a good Idea that she and her child just leave. I dont want her here embarrassing me with her bastard child . "

Yoh when he said that I became hurt instantly. Like what's wrong with him

Me: that's so low Tee , even for you. I hope you really know what you are doing because I will never forgive you.

Lungile: mina I support my husband in whatever he says. I believe that this child isnt his just as he says and we should all trust him as his family . The only child my husband knows of is the one I'm carrying .

Thabani: (laughs) oh really?

14

Narrated

Thabani: (laughs) oh really?

Lungile: (fake laughs) Yes I know some will agree with me.

Thabani: I believe that this is Thabiso's child that Noxolo is carrying. We all know that Noxolo is not a person that can just open her legs for everyone. "

Thabani knew that all of his plans depended on Noxolo coming back otherwise he is doomed , all his hard work will be in vain .

MaNdlovu: I can agree with you Thabani. I also think that this baby is Thabiso's

Bab'Cele: ngoba uzithwele, singakuvumela kanjan ukuthi uhambe nengane yakuleli khaya.

- since you're pregnant , how can we allow you to leave with the child if this home?

Bab'Vusi: She can stay here until she gives birth then leave the child with MaNdlovu

Noxolo: Whose child are you talking about thats gonna be separated from me? You seem to misunderstand what I came here for. Me and Thabiso are divorced and you cant force me to stay here without my will. I am leaving whi ever wants to see the baby will see the baby. So please!

Aunt Fikile: Heh you are even raising your voice to us? Hhayi I

wouldnt be shocked if what MaNkosi just told us is true.

Thabiso: even If the baby is mine I want nothing to do with him or her. I've got my hands full with my wife and also the child that I planned for coming.

Noxoloe: oh so you planned for this child? Wow

Thabiso: yes we did plan for this child "

MaNdlovu: THABISOO.

Thabiso: What mother? Because it is the truth. Every thing should come to light now we are not hiding anything plus we are not protecting anyone feelings

Noxolo☆

It really is okay. I've been hurt by this man so this doesnt surprise me. Vele I long lost respect for him so I understand he is not the man I thought I knew.

MaNdlovu: MaDlamini I still want to see my grand child. So please allow me

Me: okay. I have to go now I think we are done here. I just need to take some of my clothes

Thabiso: clothes that were bought by whose money? I've burned everything

Me: Tell me you're joking

Lungile: oh he burned them all darling. Even your pictures . "

My pictures, my parents pictures he burned them all , I felt a sudden pain in my abdomen by I ignored it.

Me: Did you really hate me that much that you had to burn my pictures , the only link i have to my parents . " I stood up " i h... ouch" I felt the pain again and this time it was worse .

There was a commotion many voices speaking and I couldnt hear what they were saying, i felt hands holding me and picking me up , last i checked i was standing

MaNdlovu: She's bleeding, someone take her to the hospital "

Me: My baby

Thabiso: she arrived here alone so I'm sure she can drive her self there, we have nothing connecting her to us anymore so good riddance to bad rubbish

Thabani: Thabiso this is not the time to be proud right now and if you knew what I know now you would be taking her to the hospital because at this point this rubbish is the only thing you have

Lungile: Ayi keep quiet Thabani maan and take Noxolo to the hospital . Cant you see that she is loosing a lot of blood. "

That's the last thing I heard before I blacked out , I woke up at the hospital and at first I did not know what I was doing there

Advertisement

but then everything just came back and my baby, I lost my baby the only thing I was happy about. The only thing I was looking forward to was to be a mother but now I'm left all alone again and this time I am really alone at least the other times I had some people with me. I silently cried asking God why? Why? First he took my parents. Now my baby? At this moment I've just lost all my will to live, how will I move on from this. It's less than a month since I lost my marriage, husband and now my baby .

The nurse came over and told me that I have really lost the baby. I asked for my phone and she gave it to me. I had many missed calls from Lisa. I texted her and told her that I'm at the hospital .

Twenty minutes later Lisa was there crying with me. Telling me that everything is going to be fine

Me: I dont think anything will be fine anymore.

Lisa: Friend listen to me. Everything that happens there is a reason to it, maybe you lost your baby so that he can be your little angel.

Me: I killed him. I killed my baby , I shouldn't have went there. He burned all of my parents pictures. He Burned all of my things

Lisa: he stressed you Nox, if it should be anyones fault then it's his. Everything will get better my friend

Me: nothing will get better. Futhi masambe angsafuni ukuba lana

- let's go I dont want to be here anymore

Lisa: Kodwa abakakukhiphi nje

- but they haven't ddischarged ges you yet.

Me: ukuhlala la kuzongbuyisela ingane yami?

- will staying here bring back my baby?

Lisa: No it won't bring back the baby but you will stay here okay. They told me that you blacked out friend. You almost died. Do this for me, stay for atleast a day.

Me: okay.

NARRATED

Thabiso did not feel an ounce of guilt when he saw that Noxolo was loosing the baby in fact he didnt want her to even get into his car but he still took her to the hospital. To him that was the best he could do because in his mind the baby wasnt his and also Noxolo was no longer his business so as soon as he dropped her at the hospital gate he left. Didnt even stop and get her inside luckily securities saw Noxolo and they assisted her.

After Thabiso left the hospital he drove to the shebeen cause he wanted to unwind a little cause it is supposed to be the best

week of his life, just after the wedding but he was getting more stressed each passing day. Firstly it was Lungile asking him about Noxolos baby. He had to no reason for not telling her of these news the first time he heard of them. So instead he lied to her and said its because he is not the father that is why he did not see the need to tell her. Secondly it was the whole divorce thing with Noxolo and the fact that he is leaving also his family was giving him too much stress with questions of why is he rejecting his baby. Luckily for him she has lost the baby so from here on wards everything in his life is gonna go well with his loving wife by his side.

Thabani☆

Im sitting outside of my room smoking. My room is at the back of the house so its usually not noticable.

Lungile: What was that Thabani ?

Me: what have I done now?

Her: why were you against everything I said, what if Thabiso got what is really going on?

Me: he still did not get it. Look at how stupid he is right now, he lost his baby while ours is alive. Moron

Her: This is no longer your baby Thabani. You promised to leave us alone but right now you are going against your words

Me: I'm not the one married here, you also promised to leave

me but look who's here. It is now time for you to pay the price of betraying me. If you do not come clean to Thabiso about this baby pertenity then I will tell him. Simple as that

Her: uyinja Thabiso uyangizwa

- you're a dog Thabiso you hear me

Me: i still want what's once belonged to me to come back to me, so your words mean nothing to me .

Thabani POV

When Noxolo lost the baby Thabani found it as a good opportunity to perform a DNA test luckily he had a friend at the hospital so it was very easy to do it. All he had to do was get Thabiso DNA and that was easy. Thabani wanted Thabiso to feel the pain of losing a baby that he rejected first before feeling the pain of loving the baby that isn't his and losing that baby too. Thabani is still thinking of the punishment for Lungile but since he loves her too much he will think of something small.

>>>

I thought I was hurt when all the things that have been happening in my life happened. But when I lost my child it hurt 10X worse. I was so looking forward to having this child. I was looking forward to being a mother, I guess God had other plans for my child. Lisa came to get me after I got discharged and I could see she did not know what to say to me anymore because she has tried everything to make me understand that it's not the end of the world. But I just wanted my world to end, once and for all.

Lisa: I made some food for you. I know I'm not the best cook

but you still need to eat

Me: I'm not hungry

Lisa: please Nox, you need to get all your energy back.

Me: Angilambanga Lisa

Advertisement

ngizodla masenglambile . Ngcela ukuyolala

- I'm not hungry Lisa, I'll eat once I'm hungry . Can I please go sleep.

Lisa: Yes I prepared your room , I also put on the extra blanket "
She suddenly hugged me and I tried to push her away

Lisa: everything will be okay friend.

I cried, cried and cried for everything I have lost . Everything I love I loose it everything . Sooner or later I'm also going to loose Lisa.

Narrated

Thabiso was at his work place when Lungile came to him during his lunch hour . She bought a pizza with her.

Thabiso: Thank you for pizza baby. But I've been eating pizza for this whole week now. I miss home cooked meal. Please cook tonight

Lungile: Thabiso you know that I hate cooking. We'll eat with your parents tonight ao you'll get it. I actually came here for something very important

Thabiso: You know I dont want to eat there without telling them I'm coming.

Lungile: Thabiso just focus on me for a moment. Baby your brother is giving me problems

Thabiso: Thabani? What has he done now

Lungile: He touched me inappropriate baby and when I threatened to tell you he said he will lie about me and say I'm the one that wants him. Now he is saying you will believe anything he says because you are brothers and I only know you for a few months

Thabiso: Are you okay? I'm gonna kill Thabani. Today he is going to know me .

Lungile: I'm okay baby, and please dont do anything to him . I will manage on my own. I'm just telling you in case he says some lies about me.

Thabiso: dont worry baby I wont believe anything he says. And I trust you .

Lungile: Ngyabonga sthandwa sami ngokungethemba.

Ngyakthanda kakhulu Thabiso futhi ngingenza noma yini ukuthi ekugcineni ngigcine ngingawe

- Thank you my love for trusting me. I love you so much Thabiso and I can do anything to end up being with you

Thabiso: I also love you MaNdlangamandla

Lungile: okay . I saw a beautiful shoe baby can I please have the card so i can buy it.

Thabiso: it's at home baby i will give it to you tonight .

Lungile: have you heard anything about Noxolo?

Thabiso: I dont care about that one baby. And I'd appreciate it if we dont ever mention her name again. She pretended to be holy holy while she knew that she also cheated. I'm sure she used to prevent having babies with me. Up until she found her lover. I despise that girl so please let's not talk about her

Lungile: But what If she was telling the truth. What If the baby really was yours?

Thabiso: The baby wasnt mine. I have nothing more to say on this issue"

Thabiso hasn't thought that far about it. He didnt even want to think about what ifs at this point. A week later

Thabiso was at his office when he received a nameless package. He opened it and it was the DNA test between him and someone and they were 100% a match. When he looked inside the envelope there was a letter there telling him that he just lost his real heir.

He threw that paper away and decided to call Noxolo. It rang and rang until she answered

Noxolo: Ngingakusiza ngani Thabiso ?

- How can I help you Thabiso?

Thabiso: manje bewucabanga ukuthi mawungthumelela lento lokho kuzongenza ngishintshe umqondo ngalrngane yakho engasekho?

- So when you sent me this thing you thought that will make me change my mind about your baby that is no longer alive?

Noxolo: ukhuluma ngani?

- what are you talking about ?

Thabiso: Ngkhuluma ngale DNA test ongthumelele yona . Lalela ke noma ungathi yindlalifa yami leyo ngane yakho kodwa anginendaba nayo.

- I'm talking about the DNA test you sent me. Listen even if that baby of your was my heir I still dont care.

Noxolo: DNA test I sent you? Hayi you are crazy Tee. I did not send you anything. Bengzosthathaphi mina lesoskhathi? Futhi awungyeke nje ngoba nami ngikuyekile

- where would I have got the time? And leave me alone just like I've left you.

Thabiso : You will regret what you said . Nxx

After that Thabiso dropped the call and he couldnt concentrate on his work anymore so he decided to just go home he also wanted to talk to his wife about this issue as he has learned early that she hates being kept in the dark and she also hates secrets

16

When Thabiso called me I was coming from the clinic. The bleeding couldn't stop so I went there to get some pills . Luckily Lisa borrowed me her car again as she was still at school. So I will just have to fetch her after work.

When he called me I stopped at the side of the road and talked with him. He only talked nonsense and I wonder who sent him that dna test and why because I did not do it as I have no reason to. It's not like I was desperate for him to believe me.

When I tried to re start the car it wouldn't. I tried and tried but still it did not. I called Lisa .

Me: Mngani the car just broke down .

Lisa: Aybo kanjani manje?

Me: it refuses to start

Lisa: and it was due to service last week and I forgot with everything that has been going on. I'll call the car towers to come and fetch the car there. Can you send me your location, ? And please wait for them there until they arrive ?

Me: Oh okay I will do it just now . .

I guess I fell asleep while I was waiting because I was woken up by a knock on my window . I opened the window.

Guy: Sawbona, ngabe kukhona inkinga ? I've passed here two times but you're still standing here

- Hello, is there a problem?

Me: Hi. The car refuses to start. I'm waiting for someone. .

Him: I know a lot about cars. How about I look at it for you?

Me: I dont know. Thing is this Is not mine so I cant...

Him: understand

Advertisement

but just in case in future you need someone to look at your car once you have yours you can call me" he handed me his card.

Me: I definitely will. Is that your car?" I said pointing at the car behind

Him: yea this is my baby. Let me go. But please do use that number

Me: okay . "

I cant believe i just talked to a handsome guy without freezing or mumbling cause I know my self.,Once I see someone I find attractive I become a nervous wreck.

Ten minutes later the people that were gonna get the car arrived and they were kind enough that they gave me a lift home.

I got home and Lisa still hasn't come back. I was really tired so

tonight we will just eat bread cause I'm not cooking tonight. I've developed a liking in writing a diary. I think some people might wonder why I seem to be alright all of a sudden but I'm not really fine well atleast not a 100 % but I'm getting there and all thanks to writing my feelings down. Once I feel something wont get out of my mind I write it down. So this week all I've been doing is write write and write. Lisa introduced it to me and I loved it.

Lisa arrived home a little bit later and she bought food on the way

Me: You my friend are a life saver

Her: I know right. I knew you were too tired to even cook. I even texted u that you shouldn't cook.

Me: weeee angiyazi nokuthi ikuphi i phone yami

- I dont even know where my phone is.

Her: you were too busy with that diary you are holding you even forgot your social life.

Me: (rolls eyes) I met someone today

Her: ngyazi uzama ukwenzani , I'm not falling for that today.

Ngizithanda impela izindaba but nope "

- I know what you're trying to do ... i really love news but nope "

I laughed at her cause I know she really loves news and to gossip yoh. And I also know that she's so gonna fall for it. Lisa has been telling me that I'm now more concentrated in my

diary than social life and even her .

Me: we both know that you aren't fooling anybody so quit the act.

Her: okay fine so who did you meet?

Me: while I was waiting for the people that were fetching the car this guy rolled up Friend with a beast of a car and he was so handsome

Her: define handsome pleaseeeeeee

Me: dark . Thick.. L..

Her: (laughing) oh stop it you naughty bitvh.

Me: okay okay. But he's a big guy like very big.. buffy and has a beautiful face .I think hes a mechanic or something cause he offered to fix the car. I refused ofcourse

Her: you refused a handsome guy offer? Oh I so wish I was there right now he would be so under you.

Me: look who's being dirty right now. He gave me his number for once I have my own car.

Her: OMG he so wants you.

Me: ah angazi . Mina ngeke ngimfonele kodwa futhi vele angeke ngibe nemoto anytime soon

- I don't know. But i wont call him and I wont be having a car anytime soon

Her: kanti didnt you get anything from the divorce settlement?

Me: nope, angithi we divorced thinking we will re marry. Heh talking about that . Thabiso called me today

Her: what did he want?

Me: telling me that I did some dna test between him and my baby and sent it to his office. He was pretty angry

Her: What? He is crazy where would you get the time to do that?

Me: that's exactly what I told him. I think someone is out to get him. Luckily am far away from all the drama

Her: even if someone was out to get him i say good. He became a monster over night that one .

Me: I know hey. I'm somehow grateful that I did not get a cent from his money. Atleast he took me to school so I'm still gonna make my own money.

Her: and if you got his money . He would be irritating you at this point telling you that you are living off of his money

Thabani☆

My plan is coming along perfectly fine. I'm not in any rush anyways so its gonna go really slowly . Since I've started with the DNA next it will be me demanding for money from Lungile.

"Bafo" Thabiso interrupted my happy thoughts

Me: Awu Thabiso wanginyonyobela manje

- You're sneaking up on me now

Thabiso: you are too deep in your thoughts nawe. Ucabangani?

- what are you thinking about?

Me: I'm thinking of ways to make money " what I wanted to say was that I'm thinking of ways to make money from your wife.

Him: ei Bafo ngingenkinga lana. uNoxolo useqalile wenza ama DNA wami nengane angazi ufunani kimi ngempela

- ei brother I have a problem here. Noxolo has started she made a dna test between me and her child. I seriously dont know what she wants from me

Me: unesiqiniseko sokuthi nguyena bafo? Uzozuzani ekwenzeni le DNA ngoba vele yena ubesho ukuthi ingane ngeyakho?

- are you sure that it's her brother? What will she gain with performing the DNA because she already knew and told you the baby is yours

Him: I dont know ey. She has been a problem lately

Me: Ai Bafo maybe it's her angazi . But do your investigations properly

Him: I will have to tell Lungile about this. But I know she will take everything the wrong way and confront Noxolo.

Me: ey abafazi !

Njabulo POV

I met an angel today in a form of a human. When I knocked on her window I wasn't expecting to see 'her's. I have seen her only once in my life , a very long time ago. I just never thought I could ever see her again . I knew she wouldn't recognize me because I never really got to talk to her.

I used to help out or rather work at my family mechanic shop while I was growing up I learned every thing there was to learn about cars there from the champ , my father. He owned the business with my mother. My mother only minded the office side only twice or three a week . She was mostly at home that is two streets away from the shop.

When my father died due to an accident at work that I'd rather not talk about it was the hardest time to all of us. We were all so heart broken and devastated- he was the greatest . He loved my mother and us his childrens too much . We were his universe just as much as he was ours.

After his death my mother has never been the same again , he was her soulmate. The money that came out after that mother

decided that I should go to university and further my studies , but I honestly wanted us to revamp the shop I really did not see any need for me to go to university because I already knew most things about cars. My mother was so against it that she told me she would close the shop and sell it all together if I refuse to go to school . She said I will revamp the place once I make enough, that will be after university.

I went to university and I obviously studied for mechanical engineering I already knew all about cars but my mother believed that I need a certificate and that is exactly what I got I mean I already loved this so I wasnt really forced because I love being a mechanic. I also needed a degree for people to trust that I knew what I was doing and also trust that I wouldn't mess up with their cars. My father also had a degree so I had to also get it to make him proud wherever he is cause he has always wanted me to further my studies. I mean there was only too much he can teach me.

Today I was driving home when I saw a car standing by the road . I stopped on the side of the road well I passed by first because It looked like the driver was sleeping, she was sleeping I decided to stop. I knocked on her window to wake her up, when she opened the door I was mesmerized, my breath was

literally blown away . I last saw her I think she was fresh out of high school.

She came with her father to the shop . I think it was to buy some part of the car they wanted. Bearings or something like that I was too much engrossed on her to concentrate on anything else. At that time I was also just fresh out of university my self and the business was not going too well because we haven't been operating for all the years I was away and also we had some competitors now that opened just down the street from us. It was pretty hectic.

That time I was already in a stable relationship and she looked too young. But now, now she looks so grown up and so beautiful that I had to take a double look to see if it really is her.

Since I gave her my business card I hope she will call me . I know I should have asked her number or even ask her out but i did not want to overwhelm her , because to her I'm just a stranger.

When I got home my mother was sitting in the sitting room watching her Nigerian movies while drinking tea. These are two things that you will never separate from my mother. She

became so over bearing when he lost my father.

uphi uBongeka?"

- Hello Ma, where is Bongeka?" I said as I sat down. I asked of ubongeka because I did not see her when I got in and she is mostly at home when she is not at school.

Mom: Hello my baby, how was work today? I hope you did not overwork your self like you always do .

Me: Work was fine Mah. You know that I have to work Mah.

Mom: Bongeka is in her room sulking. I refused for her to go to a party.

Me: kodwa mama uBongeka usemdala manje . (Bongeka is old now) . Allow her to leave atleast set a curfew for her.

Mom: Hhayi Njabulo you never gave me these problems.

Bongeka is just too spoiled

Me: You really dont have to compare us. We are two different people and Bongeka is really doing well in her studies . I think this is the reason why she wants to stay at res, freedom.

Freedom from you always being on her business

Mother : you are always on the defensive nje wena

Me: stop it please mom. I'm moving Bongeka next to school next weekend. She will only come here on holidays or when she

misses us. I will... " I was interrupted by a scream.

" THANK YOU , THANK YOU , THANK YOU" Bongeka said jumping into me .

Me" you're gonna crush my bones

Mother: you've also grown a habit of listening to adults conversation now?

My mother is very tough with the girls. She doesnt want them to leave home , she wants to baby them and they are not babies anymore well atleast Bongeka is not.

Bongeka: thank you bhut' Njabulo ,I really appreciate this , you will not regret your decision.

Me: I know you will not disappoint me little sister. Listen. Look for any place near your school and I'll come check it out and do all the necessary things to do for you to live there. But by next week you should be able to move in.

Her: thank you so much Bhuti wami. " she said hugging me again.

Njabulo Hlatshwayo is my name and I'm the older brother to 2 sisters and one brother. It is me (32) . Bongeka (22) , Ntethelelo(18) and Syaneliswa (7)

Thabani ☆

This week I'm planning on getting money from Lungile. I know Thabiso is getting paid very soon . I also need to talk to my brother about using Noxolos house. I mean she is never coming back so he will just have to give it to me. I need it to do my stuff also. We cant just let a house rot in and not used. I really hope he will agree with me. Fortunately he is already back from work I'm now just waiting for him outside his house with Lungile. Luckily he did not take too long to get out and he did not look too happy.

Me: bafo. Bengfun ukukhuluma nawe (brother , I wanted to talk to you) but if this is not a good time I can come back later.

Him: I really need to get my mind off things Bafo. So we can talk. Let's go to Bra Joe will talk while walking there I need to buy some beers . It's been a long week.

Me: the mrs already stressing you?

Him: you have no idea. She wants to go back to work. I mean she hasn't even stayed home for two months but she already wants to go back to work.

Me: isnt that the good thing.? " I mean for me it would be a good thing cause she will give me all of her income while she lives off of Thabiso. And me I will live off of her money.

Him; atleast she should start thinking of going back to work after she gives birth.

Me: I hear you. I dont want to be forward but can i please

occupy Noxolos house since we both know she is not coming back and all.

Him: ah Bafo her things are still there and I dont know all our memories are there. Even thou we are over but memories will never be.

Me: please mft I'm tired of living in that small space at the back.

Him: okay I will just have to think about it.

Chapter 18

Lisa's car has already come back from the service and I've also decided to go and get all of my things from the Cele home because there's nothing holding me back anymore and there is nothing connecting me to them anymore. And Lisa has a spare bedroom here and she told me that I'm welcomed to move in with her.

" Good morning , when did you wake up?" Lisa said when she saw the food I made on top of the table , I woke up really early

" I'm sorry if I woke you up with my noise" I replied

Her: its Sunday you actually did me a huge favour. You know I have to go to church. "

Me: just so we are both on the same page, I'm not going with you

Her: I wonder when you will let God in your heart Nox.

Me: ah it's not that friend , I'm just busy I just have to ...

Her: do laundry i know ryt? Always your excuse " lisa interrupted me, it looks like it is always the excuse i make, but ke I always do have to wash our clothes .

Me: oh you know Its not an excuse Lisa.

Her: You just dont want to go to church with me

Me: I have nothing against your church mngani, I'm just not ready you know. You know at church they preach about

forgiveness, I'm just not ready to forgive and to let go of all the hate I harbour mngani

Her: atleast you know where to go once you're ready .

It's a few days later and today it's the day I decided that enough is enough I'm going to fetch my clothes and no one is gonna stop me.

I was shocked when I got there and no one minded me.

I got inside of what used to be my house. I packed my clothes in the big suitcase I once bought, I dont know why I did thou, maybe in my conscious i kind of knew that something like this would happen . When I finished packing I stood at the door and looked inside of what used to be my our bedroom , well at the end it was mostly mine .

" well well well well , look at what the cat dragged in" a voice said behind me and with the clicks of heels I knew for sure that it is Lungile. I rolled my eyes internally

Me:" Lungile" I greeted her cooly

Her: it's a good thing you came to fetch your things , we were just about to burn all of this rubbish , girl where do you live ? Its 21st century but your clothes screams 18th century "

Me: ufunani?

- what do you want

Her : you need to tell that friend of yours to give you the

fashion advice, you really need it . Her , she has style."

Me: You should be concentrating on your marriage, sooner or later he is gonna find someone else and leave you"

Her: I'm not like you swiirry (sweety) , I am able to give him childrens, and I do not bore him in the bedroom like someone i will not mention"

Me: let me go before i say things i will regret, goodluck with your hypocrite mother in law, you are so gonna need it and you might think she is in your corner but hey one mistake and she will be your worst enemy, and he is always on his son side, I would've stayed and see how everything plays out by itself but hha aah , I still have some fashion advice I have to get from my friend , let's hope you'll always stay perfect in their eyes or else they will show you their true colors "

I got outside and when I was about to leave I saw Mandlovu

Mandlovu: manje vele uzohamba ungavalelisanga? Umtshelile yena uThabiso ukuthi uzoza lana ?

- so you're gonna leave without saying goodbye? Did you even tell Thabiso that you're coming here?

Me: uThabiso bekazi ukuthi ngiza lana , usale kahle

- Thabiso knew that I was coming here, goodbye "

I took my suitcase and wheeled it out. Lisa said I should call her when I'm done so she will come and fetch me but I wanted

some air so I think I will just get a taxi. It's not like I wanted air from her but I just did not want to be too dependent on her like I've been. I will never forget her she has been a blessing in my life. She also deserves a little break from me.

I got in the corner and decided to wait there maybe a car might come my way and I will get a lift. But if I haven't got anything in twenty minutes then I guess I will just have to call Lisa. . Luckily a car stopped next to me and you wouldnt believe the person that got out of the car. It was the very same handsome guy that I saw when Lisa's car broke down.

" we meet again mntomuhle"

Me: mmmh hi? .. " i honestly did not know what to say to him

Him: how are you?

Me: I'm good thanks , how are you ?

Him: I'm good, really good . If this isnt fate then I dont know what is...

Me: oh I.. I.. dont know? " it was like I was asking

Him: ngingu Njabulo Hlatshwayo , wena ntokazi enhle ungumabani?

- I'm Njabulo Hlatshwayo, what are your clan names beautiful lady?

Me: MaDlamini

Noxolo Dlamini

Him: Ngyathokoza ukukwazi , ubhekephi nesikhwama esikhulu?

- it's a pleasure knowing you, where are you going with the big bag?

Me: I'm going to my friend place , I'm just waiting for a taxi.

Him: let me take you there

Me: That wont be necessary but thank you , we are practically strangers

Him: siqeda ukwazana Kodwa ntokazi. Ngisholo ngathi ngiwu Njabulo "

He smiled a little and honestly everything about him was beautiful, even his teeth . He was very dirty wearing overalls and full of oil I'm sure he just came back from fixing a car or something like that, I mean I wasnt being a stalker or anything but Lisa made me search him up on facebook and my my my his business is thriving I wont lie. . He still looked handsome even thou he was dirty. Lapho I was wearing my leggings and a big jacket that once belonged to Thabiso.

Noxolo: okay fine I guess you can take me home.

Njabulo: okay hop in my lady, I'll get your bag.

Noxolo: Thank you. " I got inside the car while he put my bag inside the car , he also got in and started the car.

Him: so where am I dropping you off?

Me: I will direct you.

Him: okay.. by the way I'm still waiting for that call.

Me: eh it looks like you'll wait for years ke cause I'm not having a car anytime soon.

Him: can I atleast have your number then, maybe we can go out to some dinner while we wait for you to get a car. "

Me: okay, I'll give you a call sooner than you think. "

We then drove around in comfortable silence with me occasionally directing him to where we were going.

Me: Thank you for driving me here " I said getting out of the car

Him: ngyajabula ukukusiza

- it's my pleasure helping you.

He took out my bag and gave it to me.

Him: go well my lady," I gave him a little smile and got inside the gate. He stood there until I was inside the house.

I saw him leaving through the window.

Lisa: and then the blushing? Who dropped you off?

Me: I'm not blushing. Can you believe that I met with Njabulo and he insisted that he brings me here

Lisa: OMG friend this means that you're made for each other, I mean you already find him very attractive

Me: eh Lisa No, he is just a good kind guy that has helped me, well insisted on helping me twice .

Lisa: I can already see you together

Me: you're crazy . Let me tell you about what happened
kwaCele. U Lungile uthi kimi mina ngigqoka izimpahla zakho
18th century mngani, kmele ngcela wena for I fashion advice . "
- Lungile said to mee that I wear clothes from 18th century
friend, I should ask you for fashion advice"

Lisa: (she burst out laughing) she doesn't know you, maybe she
said all this because she saw you wearing leggings

Me: ah I really dont care what she thinks of me really. She's just
a sour person . Period

Lisa: ah let's just drop this , let's close this chapter it's over , by
the way I'm taking you out today I got paid

Me: oh Lisa I am..

Lisa: I'm not taking no for an answer , so get ready please

Me: okay fine ..

Lisa: yaaaas, its Saturday let's unwind and go get some drinks

Me: drinks Lisa?

Lisa: yes, get ready by 4 we are leaving, we have to start
somewhere before leaving

Njabulo pov

Seeing Noxolo today really made my day, I really wasnt
expecting on seeing her , I was just coming from fixing a car of

one of my client .

I drove straight home after I dropped her off, I had to get rid of all this grease and oil from my body. I still had to go and check out the place that Bongeka found. When I got home Bongeka was waiting in the door for me I think

Her: Brother I've already ironed your clothes and prepared your food"

I guess she is just too eager for us to leave hey

Me: oh okay I'll just go and bath, I'll eat later.

Her: Brandon came over by the shop...

Me: oh what did he want?

Her: he said hes gonna call you.

Me: You know I dont like you talking to my friend. Look at you , you are even blushing

Her: I'm not, I'm dark so I cant blush" she said looking down.

Me: Ai Bongeka , let me go I'm sure Brandon wants us to go and grab some drinks later . Wena just get ready so we can leave .

Her: okay.

Thabani POV.

Things haven't been going according to my plan. Lungile has shown me time and time again that she is not willing to take

care of my demands , it is time now that I think only for my self . Ever since all of this started I've been very much thinking of her too. But right now I do not care cause vele she has fallen out of love with me.

I've sent these little notes to Thabiso it's going to start small and at the end it will reveal that he is not the father of Lungile's child. But first I have to make sure that It will look like I wasnt involved . I know that Lungi is a very easy woman , and she's a con artist at heart. Once she meets someone with more money than Thabiso she is so gonna be cheating .

I know she is getting bored staying at home alone not working so I have a perfect plan for her. I have a friend that owes me so I'm sure he would do this for me in a heart beat. I'm gonna create a guy to fake date Lungile and I'm gonna make sure that Thabiso finds out in a way that he will also doubt the baby being his and perform a DNA test.

It is time now that they both go down. It is time.

Chapter 19

It 7pm. When Lisa said we had to pass by somewhere first I did not think she meant that we had to do our nails first. Now we are ready to go and I'm so hungry, Lisa has been telling me to stop whining we will eat soon.

...

We got to the club and it was packed, understandable so because it is Saturday. Lisa said she is a regular so they know her we dont have to worry with standing in line before we get inside.

Lisa quickly found a table for us and i sat down .

Lisa: friend, today I want you to let go of everything and just have fun, forget about Everyone today and just be your old self, you remember our campus days. And you dont have to worry we will get an uber when we leave.

Me: I haven't been in this scene in a while but I'll try to have some fun .

Lisa: Yaaas babe, you were too concentrated about making your marriage work you forgot to be young and have fun

Me: okay please get me savanna friend.

Lisa: I know nothing can separate you and savanna

Me: you know me too well.

Lisa left and I was left alone looking around, some people were just dancing , some drinking like there was no tomorrow and some were just sitting there and talking but you could see that everyone was just happy.

" Fancy meeting you here , I did not think that this was your kind of place"

I turned around and it was Njabulo . I was also shocked to see him I mean out of all the places he could be at but he chose to be here .

"Judgemental much?" I said to him with a friendly smile.

Him: uyaphila mntomuhle?"

Me: ngyaphila, I mean I literally saw you just a few hours ago.

Him: it's always good to see you. I always look forward to seeing you, these past days have been heaven .

Me: corny much? I know my presence in your life is glorious

Him: Oh you know it , who are you here with.?

Me: I'm with my friend.

Him: I'm also with my friend. Would you mind if we joined you guys.? We just got here and there are no free tables available

Me: oh you want to sit with us because there are no available tables? Wow " I said laughing

Him: No No No, I would like to sit with y'all and drink together I

mean...

Me : I'm just joking you dont have to explain anything. You guys can join us and I'm sure Lisa will not mind either.

Him: Thank you , I will be back with the guys soon. "

He left.

Lisa came back and she was with a bar man helping her with carrying the drinks

Me: so much alcohol.

Her: we are here to drink not fancy alcohol.

Me : still in that fancy alcohol, Njabulo was just here .

Her: Get out of here

Me: I'm serious. Him and some guys are coming over here very soon.

Her: (screams) OhMyGaaaadd. Tell me you are joking, I'm about to meet the infamous Njabulo

Me: Do not look now but here they come"

She did the exact opposite of what I asked of her

Me: I said do not look Lisa

Her: Daaaammnnnn(Damn) they are so fine. They are fire they are Hot..

Me: I agree with you 100% , pass me my drink please , their hotness just got me so thirsty " she laughed as she passed me my drink.

They finally got to us. They greeted.

Njabulo: im Njabulo and these are my friends Brandon and Thando with her partner Sma. "

Thando and Sma were Les couple.

Me: I'm Noxolo and with me I have my bestie Monalisa

Lisa: i prefer to be called Lisa. Ngyajabula ukunazi

Brandon: Likewise.

Thando: now since we are acquainted with each other. Let us drink.

Basically fun was had. Njabulo's friend can party trust me. All I can say at this point is that we had so much fun and Lisa left there a happy lady cause I was sloshed and I also let loose.

It is the next day and I was woken up by a call

Advertisement

I did not check the caller ID I just answered.

" Hello"

Him: usalele?

- Your are still sleeping? " Njabulo's voice said thru the speaker

Me: Njabulo it's still early, ufunani?

- what do you want?" I did not mean to be rude he just woke me up from my peaceful sleep I last had I dont know when. It's been a while since I slept this peaceful.

Him: Ngyaxolisa bengicabanga ukuthi uvukile, ngingabuye ngifuna.

-I'm sorry I thought you were up , i can call again later?

Me:Usuze wangivusa

- You've already woken me up.

Him: okay ,I wanted to ask you out to grab some food, I actually want us to talk about what happened yesterday.

Me: Kwenzakaleni iso?lo?

-and what happened yesterday.?

Him: Musa ukwenza ngathi awukhumbulo Xolo , we kissed "

-do not pretend as if you dont remember Xolo. We kissed"

It was as if my memory box was now opened because I remembered everything that happened last night. Worst of all I also remembered that I was the one that initiated the kiss.

I groaned

Me: Can we meet later..? The headache ie killing me right now.

Him: dont run away ke.

Me: I wont.

Him: I guess we will see each other later?, nurse that headache of yours.

Me: okay bye.

I got up from the bed and went to find Lisa , she was on a coach drinking juice.

Me: You let me embarrass my self yesterday aarg

Lisa: You were just having fun my friend. No need to feel bad.

Me : but I do feel bad. He now wants us to meet so we will talk.

I will just blame everything on alcohol .

Her: But you were not drunk , just tipsy

Me: dont I know it, hopefully he did not notice that.

Her: let's hope so..

We met. Me and Njabulo . I was wearing sunglasses I was so not ready for him to look deep in my eyes . His kisses alone were just out of this world, I wonder..... I was afraid my eyes were gonna betray me.

Him: I'm glad you came.

Me: You did not give me much of a choice

Him: take off your glasses, I want to see all of you.

Me: my eyes are kind of red right now, I had too much alcohol last night...

Him: Yesterday when you kissed me I was caught off guard. I'm not saying I did not enjoy your kisses I'm did and I..."

Me: Stop rambling Njabulo, I know it me who initiated the whole kissing thing and I'm sorry if I made you uncomfortable anyhow, I was drunk

Him: we both know you weren't drunk but I'm gonna pretend

as if you were"

He caught me. I smiled a little.

Me: That's not the point.

Him: thing is that you did not make me uncomfortable, you made me happy instead. I actually like you, like a lot

Me: ummm.. okay I was so not expecting that ." That was so random is what I wanted to say.

Him: I know but I do like you. I did not imagine that i would tell you in this manner . I wanted to give you some time to get used to me being in your life.

Me: I'm really speechless right now.

Him: you dont have to say anything, just know that I like you and I will give you some time. But not away from me obviously. I'll be gracing your life my presence from now on.

Chapter 20

Not Edited

A week later

Thabiso point of view .

Lungile has been distant lately , she is just all over the place.

Me: Lungi babe ngcela ungi Ayinela izimpahla zami. "

- Lungi Babe can you please iron my clothes.

Her: Eish sorry hubby, I'm going to gym in about ten minutes"

Me: But you're pregnant.

Her: Its yoga my love. I'm leaving . Love yew

You see what I mean.? She has started going to gym all of a sudden. I took out my clothes and ironed them when I was done I wore them . Then there was a message alert from my phone . I checked and it was a picture. A picture of Lungile and some guy hugging at the coffee shop. And I knew that it was taken today. Because Lungile is wearing what she was wearing when she left .

Whoever sent me this picture I do not know what do they

I haven't even told Lisa about my date with him, if I can call our -15 minutes a date. I know she will tell me I'm overreacting and being childish about everything. The weird thing about all of this is that in this week I've been in hiding I've actually realised that I like him too. I really like him.

When I kissed him I just wanted to be sure that I really like him and honestly ever since that kiss I can't get him out of my mind. Hes always on my mind.

Lisa has gave me a task of doing a grocery shopping this week and I've been postponing but now we have ran out of food and I have to do it. She left me her car so that i wont suffer the carrying of bags to the rank.

I got to Checkers got the trolley and started with my shopping. I was almost done when my trolley was pumped from the front. I was looking at the paper that contained everything I had to buy and when I looked up I wanted the air to open up and swallow me. It it Njabulo . I did not think I could bump into him out of all the people. Gosh

Him: Saze sadinaba Xolo
- we've finally met Xolo..

Me: umm hello.

Him: Sewuyekile ukucasha manje?

- You've stopped hiding now? " he was serious not smiling at all

Me: I wasnt hiding

Him: oh really? Why would you run away thou? If I repulse you that much why didnt you just tell me that you dont like me?

Me: I.. you do not repulse me. You just caught me off guard and I...

Him: and do not make any excuses Noxolo, couldnt you tell me that throught out the week I've been calling and texting you? Not even once did you respond.

Me: I'm so sorry about that I just did not know what to say .

Him: wakhetha ukubaleka

- you chose to run?

Me: I just got overwhelmed Njabulo... " his face soften up a little, he came near me and touched my arm

Him: I'm sorry, I was too focused on my feelings to realise that you also have things to deal with

Me: can we go and grab some brunch? " he smiled

Him: okay, let me help you with your shopping then we'll go. "

I cant believe I'm the one that suggested that we go and eat. He was just too sad for my liking and I'm used to seeing him smiling non stop . Atleast I've managed to put a smile back on his face.

I finished my shopping with his help and put all the bags in the car . He suggested that we walk to the restaurant cause it's near.

>>>>>>>

Him: ngitshele ke ntombi uzongvumela nini ukuthi ngzoba ngumkhwenyana wakwaDlamini ?

- tell me my lady, when will you allow me to be the Dlamini's son in law? " I blushed as I looked down.

Me: I just dont understand what you like in me , I'm a divorcee

Advertisement

I'm not working and....." he interrupted me

Him: I like you for the fact that you dont see how extremely beautiful you are, those things you've just mentioned are not attached to you, those things are not you. I like you for you .

And I thank that moron because now I've just met my soul mate

Me: (I laugh sarcastically) you dont even know what happened. I've been thru too much

Him: I know you are just trying to make me leave and i wont we will overcome everything together. I will get to know you along the way just as you will learn to know me Xolo. I'm not running

away.

Me: so you say I'm soulmate huh? A whole soulmate "

I guess he saw that I wanted to change the direction our conversation was going to.

Him: oh yes you are . I'm going to shela you until all you think about is me. "

He has no idea that I already think about him. I guess we will just have to see.

Njabulo ☆

To others it might sound weird that I did not panic in the news of her being a divorcee , some may think that I already knew, But. I didnt know and there was no need for me to be all over the place about this. The setting also was not suitable for me to ask her any questions about what happened and stuff. And I could tell that she was uncomfortable when she mentioned it , you could see that it was still a touchy subject . She just wanted to make me run like a little boy but hey I'm a man now a merely divorce wont make me see her different I like her and I want her. Period...

I'm planning on making her my wife in future . And I will make

her my wife but i first have to make her mine. I looked at her and I could see that she was mentally battling with her inner self . Maybe she was doubting me and my motive in her mind But I did not have any malicious motive I just like her for real.

Me: uyazi, ngangingaqali ukukubona that day.

- You know, it wasnt my first time seeing you that day.

Her: unamanga, ungazelaphi?

- you're lying, where do you know me from?

Me: I once saw you I think you were with your father. ..." I told her and i could see her face change to sadness when I mentioned her father

Her: He and my mother passed away. I remember that day very well. After he got the things he wanted from your fathers shop he took me to an icecream parlor .

Me: I'm sorry to hear that. I didnt know.

Her: it was a long time ago.

Me: so tell me. Can you cook? Ngbonile phela uthenga izinto ezimnandi?

- ... I saw you buying very nice things

Her: (she smiled) what's in it for you?

Me: ngfunu umfazi wami akwazi ukupheka.

- I want my wife to know how to cook.

Her: and if I can't cook?

Me: then I'll just have to teach you .

Her: hehehe then it's good that I won't be your wife then.

Me: we will see.

NOXOLO☆

When we finished eating we walked back to where the cars were. He hugged me before he let me go.

Him: stop ignoring my calls okay? I know where you live one of these days you might just find me outside your door.

Me: oh please I'm not scared of you (I rolled my eyes)

Him: You shouldn't vele. You look very beautiful by the way. I was too concentrated on picking the bone with you I forgot to appreciate your beauty."

I blushed

Me: Thank you. You look beautiful too. " he really was beautiful ke, wearing casual. I think he looks good in anything

Him: can I please take you out on a proper date on Saturday?

Me: I don't know...

Him: I can even go on my knees. But you don't look like someone who likes attention so please agree now so I won't embarrass you.

Me: Do I really have a choice.

Him: You know you do.

Me: okay fine I guess I owe you since I haven't been answering

your calls and shit.

Him: I did not think your beautiful mouth could ever produce a swear word.

Me: (I laughed) Let me go now I want to cook for my roommate.

Him: I wish i was her just so i could taste your food. I know its delicious

Me: corny man.

We hugged again before we separated . It is safe to say that I drove home with a smile, such persistent man .

Lisa came back and I was almost done with cooking I was singing and just happy.

Lisa: it has been a while since I saw you this happy.

Me: I have every reason to be happy

Lisa: is this about Njabulo? You've been moping in your room do not think that I didnt notice

Me: Ah friend he told me that he likes me. So I've been kinda ignoring him.

Lisa: Whaaat? You're so secretive. You've been sitting with such juicy news for a whole week. I knew you guys liked each other since the time we went to the club.

Me: I dont like him"

Lisa: defensive much

Me: okay maybe I might like him a little. But that is not important right now. He asked me on a date this Saturday. A real date this time.

Lisa: Saturday is just 2 days away. When will we get the time to go shopping?

Me: ah Lisa I'm literally broke at this point and I dont have to get new clothes I already have clothes I can wear.

Lisa: okay fine . We will just compromise then .

Me: thank you. The food is gonna be ready in 10 minutes .

Lisa: and I'm so hungry. Let me go and freshen up then.

Me: okay.

Lisa came back and we ate my delicious food. We watched tv while talking about everything we could think of. ..

Chapter 21

Today is finally umhlaka date. I am going out with Njabulo and I'm ready. Lisa ended up buying a dress and shoes for me and I look absolutely beautiful in it.

Lisa: since you're leaving me here alone I will just watch movies and wait for you.

Me: You dont have to wait for me friend, what if we have too much fun and decide to come back late?

Lisa: I know you won't come after ten. I need all the details ke babes

Me: Okay okay fine. " my phone then rang as the same time we heard a car hoot outside

Me: That's my ride. I'll see you later babes"

Lisa: have fun .. "

I got out of the house and he was waiting outside the car looking all kind of handsome.

Him: Wow you look beautiful

Me: Thank you. You also beautiful

Him: Hhaaa wake wezwaphi indoda yomZulu enjengami kuthiwa yinhle? " pretending to be shocked

- Haa where have you heard that a Zulu man like me is beautiful? "

Me: oh you know very well that you enjoyed that compliment. " he smiled as he opened the passenger door .

Him: hahaha angazi ukhuluma ngani.

- I dont know what you're talking about.

Me: so where are we going?

Him: I prepared something special just for us. I'm sure you will enjoy every moment.

Me: let's hope so.

He drove around until he stopped at the park. Really the park, luckily it's not cold otherwise I wouldn't survive.

Him: I see you're frowning, dont worry wena nje ngithembe.

- trust me.

Me: okay, I will just trust you. I mean I wouldn't want you to kill me and throw my body on these trees

Him: (he laughs) I did not know you have some sense of humor inside that small body of yours. But nope this is a public place , and you can also see people walking around."

He stopped the car amd got out. He opened my door and took my hand cause I seemed to be stuck on my sit and I couldnt move. He held my hand as we walked to where I guessed we were going. And not too far from us was a beautiful picnic set up. It really was beautiful you could see that he took some time setting this up and that thought alone made my heart flutter because it meant that he really likes me.

Me: this is beautiful.

Him: I aim to please.. I'm glad you like it.

Me: I love it..

We sat down and he popped non-alcoholic champagne.

We talked for hours ,him making me laugh till I cry and he was such a gentleman shame we talked as if we were long lost friends , he is a sweet talker.

Me: I had such a great time. It's been a while since I enjoyed my self without alcohol involve.

Him: I wanted to do this while we are both sober

Advertisement

I dont want you saying It was because you were drunk.

Me: wha.." he did not even let me finish because he kissed me. I obviously kissed him back and it was good just like the last time.

Me: we shouldn't

Him: Why?

Me: there are still things we don't know about each other

Him: We will get to know each other well along the way. Please allow me to love you like I know you deserve.

Me: I dont want to be hurt anymore Njabulo. I have been burned once and it wasnt good.

Him: well I'm nothing like him. I won't lie and promise you heaven on earth and all that crap. I'm not perfect. What I will promise you thou is that I will try my very best to be there for you in all aspects. And I wouldn't hurt you intentionally.

Me: Let's say I give you a chance and then you change your mind about wanting us to work. Ngenze unjani?

- what am I supposed to do.?

Him: just trust me. I wouldn't change my mind for anything.

Me: mmmh angazi. I guess we can give it a try and see..."

Him: thank you thank you. You won't regret it. " we kissed again and got lost in each other embrace.

Lungile☆

I have met a new man by the name Moscow. I wouldnt say I love him , i still love my husband i really do but he is always at work and when he comes back he is tired so he doesnt really have time. I dont know if it's the hormones or what but i feel like Moscow gets me. He listens when I talk and he believes that I should be working while my husband says I should look after the baby, the baby that isn't even here yet.

Me: You're always available Moscow. When do you get to work? " I had to ask him because he is always available , everything I want Moscow gets.

Moscow: When you like someone you make time. I made the time for you sweet.

Me: I appreciate it a lot. I wish my husband was more like you

in that time making department.

Moscow: I wish I saw you first hey. I would have spoiled you.

Me: Atleast you're spoiling me now Papi. When are you taking me to your work, I want to parade in your office.

Moscow: soon much sweet. " he started touching his pockets " Sweet it looks like I forgot my wallet that have my cards. Do you mind paying I will ewallet you"

Me: Oh I dont mind and you dont have to pay me back , you've also spent money on me. And I heard you saying you were gonna go to the garage after this . I will give you cash cause you left your cards."

Moscow: Thank you, I dont know how I can repay you.

Me: By being here you are doing everything I ever wanted. , let me go before hubby comes back.

Moscow: i will see you tomorrow okay?

Me: Yes you will. Ciao." I said after i gave him the money and paid the bill.

Noxolo☆

I just got home and I'm all smiles I had a wonderful time ever. I really enjoyed my self. I won't lie at first I was disappointed when I found out that he was taking me to the park but hey he really got me speechless cause I enjoyed that set up. I really did.

I found Lisa still up watching TV and I updated her about everything. I'm taken now.

Her: I'm happy for you friend. I feel like I can trust this guy.

Me: I know right. He sound so genuine, but I am gonna leave some space for disappointments you know how guys are Mos.

Her: mina nje sengijahe ukudibana Naye officially njengomuntu wakho. Not at the club.

- I cant wait to meet him officially as your partner.

Me: Oh friend you will meet him in due time. We are still coming to terms with us being couples and also knowing each other better .

Her: That's a good thing and you guys shouldn't rush anything you aren't on a race and while at that point from now on please leave Thabiso in the past dont compare Njabulo to him okay cause that will make him think he is competing with him somehow.

Me: Dont worry friend I wont. I like Njabulo as a person he is very nice and considerate. He basically told me that he likes me with my baggage and all and he is gonna give me time but ke as you can see we couldnt wait as feeling were involved mngani hhayi "

Her: I'm happy if you're happy. Let's go sleep we are both going to church tomoro

Me: maybe I might just join you. Wake me up tomorrow neh".....

Chapter 22

(I'm sorry for too many point of views in this chapter)

The next day I went to church with Lisa and I enjoyed my self . I received a call from Njabulo but I didn't answer cause I was still at church , I sent him a text message letting him know that I cant answer his call as I'm at church.

Lisa side eyed me I guess she was tryna tell me to stop using my phone and I stopped.

After church we decided that we will go and eat out because we didnt cook and we were too hungry to wait for the whole hour of cooking the food before we can eat.

We opted for some chisanyama. I know it might look bad that we are at the chesanyama while coming from church holding our bibles but we enjoy their meat.

Lisa: we are badasses hey

Me: just because we are coming from church it doesn't mean that we cant eat our meat in peace. The vibe here is great.

Lisa: only if we could buy some drinks for later.

Me: we can buy the drinks only if we will drink at the house.

Angazi ke wena ama drinks ani ngoba uyazi uyemsebenzin ksasa.

- I dont know what the drinks are for because you know that you have work tomorrow

Lisa: live a little my friend. Wait isnt that Lungile? " she said pointing at the couple that was all over each other and when I looked closely it is indeed Lungile. I mean WTF?

Me: it cant be her really. Its Sunday she's supposed to be spending it with hubby but here she is.

Lisa: trouble in paradise huh , I wish I can see Tee right now.

Me: I'm sure he's miserable.

Lisa: he lost a diamond in you . . Bheka manje uyajolelwa.
- look now he's being cheated on.

Me:: I'm just glad that I got to see the real him friend, otherwise i would still be blinded by 'love'. Let's go I dont want her saying I'm stalking her.

Lisa: okay let's..

Unknown point of view

You know in life everything comes to those who go out there and hustle but this time around to say I was shocked would be an understatement because there I was sitting at my mothers shack when a car stopped just by the road right in front of my mother's shack.

" You are so hard to find." He said after he saw me looking at him , who was this man and what did he want from me.

I kept quiet and just kept on staring at him

Him: I'm sorry for not introducing my self . I'm Thabani and you're just the man I'm looking for

Advertisement

I've been told that you are the best when it comes to jobs like these"

Me: ngicela uhambe nobhedo wakho. I'm not interested.

- please leave with your rubbish ." I knew exactly what he was speaking of. But I wasn't about that life anymore. I was no longer that guy that robbed people of their hard earned money by pretending to be someone and something I'm not.

Him: the money will do you good I swear it's just easy money and nothing more.

Me: still not interested

Him: You'll also get to chow some miserable pregnant house wife while on the side you get all her money. Please my guy " I don't know if he knew my obsession or rather weakness of sleeping with pregnant woman but he really got me there . And the fact that she is married is a bonus I'm sure I'll cash in a lot of her husband money especially if I threaten to expose us.

Me: I will think about it.

Him: that's all I want. Here is my card call me once you've made up your mind I will fetch you here. "

After that he left me with a R200 and I was sold. I'm about to

have some money then I can get some air away from this washed up place.

That was weeks ago and I finally agreed to do this gig and its paying off very well and the bored "wife " is beautiful which is a plus. I had to get a fake name once again. MOSCOW

Thabani POV

My plan is coming along very well . I'm so happy and proud of my self. When S.K my friend told me in passing he had a friend that was crazy enough to even con white people I was like. Damnnn you just answered my prayers so I pretended to be uninterested in the story he was telling me by telling him he was lying and he just told me all there is to know about him even where his mother lives. S. K can talk for days.

It is safe to say I found the guy and we made a perfect high working class man that just found himself inlove with a married woman. And that stupid woman believed everything Moscow told her. She's just so gullible I can't believe we used to date . She didn't learn anything from me..

Now it is time for phase two and that is for Moscow to take Lungile to a beautiful hotel, I will pay for it since well he is broke and he is still trying to charm Lungile into believing that he is moneyed. And we all know what will happen when they are in a beautiful room , alone. And ofcourse Everything will be recorded just for insurance. It is time Lungile goes down. And I'm still thinking of the perfect nail I'm the coffin for Thabiso.

Maybe I should check up on Noxolo and see how she is doing . I heard that she is still around here but I haven't seen her not that I was interested before. But I need to ensure that she moves on from that moron brother of mine so that once everything comes in the open he won't go running into her. But worry not I'm not about to hire someone to fake date her too , I'm not that evil (hahaha)

Njabulo point of view

After the wonderful afternoon I spent with Xolo I was so convinced that the universe was finally on my side. I was so happy that she agreed to be my girl friend and I am still happy. Today she told me that she went to church via text message

when I tried calling her .

I was so ready to love her with all that I am and even more . She is worth it..

Xolo called and I was deep in my sleep when the ringing of my phone woke me up.

Me: Sthandwa sami.

- my love..

Her: hi " she said in a small shy voice

Me: Unjani?

Her: ngyaphila wena unjani?

Me: you dont sound well thou" she sounded very well but I just wanted her to talk out loud like she always does. This shy persona she is doing right Is not her. Maybe I came in too strong when I called her sthandwa sam. I have to take it down by the notch I think I'm overwhelming her.

Her: ngyaphila, wenzani ntambama? I wanted to cook for you

Me: I would love to taste your food and I'm sure its delicious but I'm sorry it won't be possible today. Mom has strict instructions that Sundays afternoon till night are strictly for her.

Her: okay, next time then.

Chapter 23

Njabulo point of view.

My mother has called a family meeting I've just received a message from her. I wonder what it is about. Why didn't she tell me about the meeting yesterday because I was home the whole day. Let me go there I can't even wait to even know what's all this about.

I got home and I was shocked to see Bongeka, this is serious Mos. I mean she came back home.

Me: sanibonani.

Mother: You've finally graced us with your presence

Me: Mama please. Umayelana nani lomhlangano?

- what is this meeting about?

Bongeka: yea mama kwenzakalan?

- What's happening?

Mother: Last week I was approached by some guy called Clive, he wants us to sell him the shop and he will give us any amount of money we want .

Me: I hope you refused Mama.

Mother: I thought long and hard about it and I think we should sell. We can even say the place is 2mil and he will give it to us

Me: even if it was billions mama but hhayi I don't agree, in fact

we are not selling

Bongeka: I'm sure Mama knows what she's doing with selling the place Bhut'Njabulo .

Me: ayi shut up wena. You only want money nje. Mama uqale nini ukthanda imali kangaka?

- when did you start loving Money this much.

Mother: this is not about the money. But we all know that the shop is not doing well ever since that shop from down the street opened. Also it's my decision if I want to sell it because it is after all mine.

Me: oh now its yours, remember you wanted nothing to do with it and now that someone wants to buy it sekungesakho?

- ... it's yours?

Mother: I dont have to explain my self to you Njabulo uyingane uzokwenza lento otshelwa yona. I'm selling and there's nothing you will do to stop me

- you are a child and you will do what you are told.

Me: What if I buy the shop my self?

Mother: (she laughs) with what money?. I know you might afford it but that guy said he is going to pay whatever amount of money I want.

Me: What about my fathers hard work mama, he built that place and wena you just want to sell it. That place is the legacy , I'm leaving and I hope when I come back you'll be back In your senses. " I stood up then took my car key and left. I heard

Bongeka telling my mother that she is behind her 100% , nxx that one just loves money. I found my self driving around in circles and I remembered that I have a girlfriend , a beautiful one at that, that invited me to dine with her . I decided to drive to her house.

Noxolo ☆

When Njabulo told me that he cant join us I was kinda understanding, I mean it was short notice also he said Sunday night is especially reserved for his mother, I was shocked when I got the text message that he was outside. Luckily I cooked enough food.

I got out and his car was parked in a weird way, is he okay? He got out of the car when he saw me approaching his car and just hugged me. I took his hand and led him inside the house to my room . Thanks God Lisa is at her room .

Me: What's wrong? " I asked cause I saw that he wasnt fine.

Him: I dont want to bother you with my problems babe, you might just run away from me" I know he was just saying this because we just met but I already care about him a lot.

Me: You won't be bothering me, but first let me make you something to eat. "

I got out and closed the door and Lisa was also coming out of her room.

Lisa: I'm so hungry

Me: the food has been ready a long time ago.

Lisa: was still catching up on my work, I thought I heard Njabulo's voice???

Me: Yea he's here but he's not fine so he's not gonna be joining us . I'm just here to dish up for him.

Lisa: its nice hey.. next weekend ke babes I'm leaving

Me: uyaphi?

- where are you going?

Lisa: im visiting my parents

Me: (I laughed) thought you were gonna say you've found a boyfriend

Lisa: not anytime soon babes. I'm so not ready emotionally

Me: mmh okay. Let me go and feed my boyfriend

Lisa: hamba boyfriend " we both laughed and I left her there in the kitchen .

Njabulo: Your roommate is here?

Me: Yep we live together

Him: I didnt see her car outside

Me: you just never noticed . Here is your food.

Him: thank you .

He finished eating and he told me everything that happened with his mother. I was shocked , I understand where he is coming from to him that shop is the only connection he have to

his father, it was their place , they loved it and worked on it together.

Me: so what's you gonna do? Cause it looks like your mother is determined to sell the shop to this Clive guy.

Him: at this point I dont know , mom thinks that the place doesn't make enough money but it does

Advertisement

just because we have competitors it doesnt mean we dont have our loyal customers " I could see that talking about this made him really angry, he didnt understand why his mother could think of doing something like this. He felt like loosing his father all over again.

Him:" This was supposed to be our legacy, our children's legacy. Worse Bongeka is at her side. She thinks that she should sell the place I know that one is just happy that they will get money , quick money. But izophela within 2 years. "

Me: "How about you find all the info about Clive and we can go and see him and make him change his mind about buying the place. We will explain how much it means to you. "

Him:" that's a good idea baby thank you. If it doesnt work I dont know what I would do, at this point it's not even about the fact that I would be unemployed, Its that I'm loosing that shop. It's my everything . "

I pulled him towards me cause I could see he wanted to cry. I hugged him telling him everything is gonna be alright . His mom should have just sold the place to him If she wanted the money.

Thabiso ☆

Things have went from bad to worse all within a few days. Lungile has become so unbearable to live with. She doesn't clean she doesnt cook all she knows is spending my money and meeting with the guy that she is always with. You will wonder how I know this, well I still receive the pictures but I still dont know what to do with them as Lungile hates when people jump to conclusions and I also dont want to jump to conclusions maybe he is just her long lost friend. But after last night pictures i doubt that they are friends as I received a picture of them kissing. Worst of all I think she is blessing him with my money cause she has been swiping from food places to clothes shops. Like Truworths MAN and abo Sportscene . I'm waiting for her to come back so that I will ask her all about her reckless spending and also where she always goes cause she is very scarce at the house now. Even my mother has asked me of her whereabouts a lot of time

I was so hungry and today I'm tired I just did my washing so I

went to my mothers house.

Me: Nomvula please make me something to eat." I said passing her in the kitchen and going to the lounge to sit with my mother and father

MaNdlovu: Namanje awumazi ukuphi umfazi wakho?

- You still dont know where your wife is?

Me: Hhayi mama angimazi ukuphi uLungile

- I dont know where Lungile is.

Baba: Hhayi lomfazi wakho uyashesha means wami

- Your wife is quick my boy

Me: uqonde ukuthini?

- what do you mean

Baba: Its not even a year she has been married but she is already going up and down at town, Noxolo was better

Me: Ningangitsheli ngoNoxolo ngoba yini enaningamfuni nimbiza ngenyumba mama nawe baba.

- Dont tell me about Noxolo because you mother and father didnt like her you even went as far as calling her infertile

Mama: Hhayi we know we were wrong but at the end she fell pregnant. But you also ended up calling her infertile worse you were her husband you were supposed to support her, thina we did not owe her anything. "

Nomvula got inside carrying my food.

Mama: heeeh she didnt even cook

Me: Mama kahle

Baba: Hhayi yena uMaDlamini wayengumfazi oqotho, epheka nendlu ihlala ihlanzekile futhi nawe wawuhlale ujabulile, manje nje kade ngakugcina ukukubona uhleka

- Hay MaDlamini was a great wife , she cooked and her house was always clean and even you were always happy , now it's been a while since I saw you genuinely laughing

Me: Baba masiyeke ukukhuluma ngoNoxolo , ngyacabanga ujabule lapha akhona

- Let's stop talking about Noxolo, I think she is happy where she is.

Mama: Cant you find her and apologise ?

Baba: vele uyintombazane exolayo ngyathemba engakuxolela abuye ekhaya, and we said find a second wife not divorce Noxolo all together cause we could see that she made you happy

- shes a very forgiving lady , I'm hoping she will forgive you and come back home

Me: Hhay let me go back to my house. I will bring the plate back later."

I left them there, I mean everything they said was the truth.

And I think I lost something great i had with Noxolo no I lost something great I had with Noxolo and at this point there's not coming back. But my parents are just hypocrites they were the ones that were busy telling me to get the second wife. But hhayi life goes on..... ...

Lungile☆

I have just had an amazing sex ever with Moscow and I decided to take him shopping , I know he can afford to buy clothes for himself but this is just a reward to his very good D game. He gave it to me in all angles and directions.

He hired a hotel Last night and told me that he has a surprise for me. We had a very romantic evening obviously it ended with the amazing sex but all was good.

I'm even thinking of leaving my husband cause Moscow doesnt feel comfortable anymore with sharing me but I have assured him time and time again that I dont even share the same bed with my husband anymore. If I knew then what I know now I wouldn't have married Thabiso trust me. Noxolo should come and claim her man back cause mna ngiwumuntu ka Moscow manje (I'm Moscow's person now).

Thabiso do come thru for me thou money wise, I love his money a lot he is rich and he gives me all the money I dont need. But now I've just found a perfect person to spend it with.

Moscow: What are you thinking about babe?

Me: About how amazing you were.

Moscow: I know right.. that was good.

Me: indeed (we both smiled at each other)

Chapter 24

Njabulo☆

I have decided that Noxolo will not be going with me to meet Clive. I don't want her to get all mixed up in my issues. Luckily Clive agreed to a meeting and I'm sitting here in this coffee shop waiting for him. He said 10h00 but now it's already 10h15. I then saw someone looking around and assumed it was him so I raised a hand and he came towards me.

" Njabulo Hlatshwayo?" He said while we were shaking hands.

Me: yes. I'm glad you agreed to meeting with me.

Him: You said it's about business and I'm all about business

Me: I will just go straight to the point. You've offered to buy Mhayise Shop from Mrs Hlatshwayo. What are you planning to do with the place.

Him: What's in it for you?

Me: I'm actually Mrs Hlatshwayo eldest child and I beg you to not buy that place. That place means a lot to me

Him: I don't want to get involved in family politics but your mother is actually the one that came to me about selling the place because she is not benefitting anything from it.

Me: Wow, I wasn't expecting that. I've offered to buy the place from her but she..

Him: That's honestly not my business . I am buying the place

and will be turning it to an even greater car repair shop. If you want I can even employ you as one of the workers . I mean by the way things look right now I think you dont want to be separated from that place so worry not. But that's the only thing I can grant you.

I could see that he was not willing to back off. I guess I just have to convince my mother to sell the place to me. Cause this guy is only thinking about money

also he looks very rich as it is.

Noxolo ☆

Njabulo decided that he would try to convince Clive not to buy the shop alone and I supported him in his decision. He said they are meeting today. I just hope that he will come back with good news. Last night he slept here and left in the wee hours of the morning, by 6am he was already gone. He called at 8 telling that he has managed to get Clive's number from his mother's phone so he called him and he agreed to meeting with Njabulo. I've realised that my life is at stand still right now I'm getting really bored with sitting around the house all day long. I still have a few months to go before I can get my degree but for

now hhayi I feel like I'm stuck in one place.

I know I should be relaxing and focusing more on my blooming relationship but Njabulo cant always see me as he actually has a job me on the other hand I'm always free.

Its 11 am and I'm still in bed. If I wake up right now I'll just be bored with sitting and doing nothing cause we cooked enough food last night so we are gonna eat leftovers tonight. At this point of my life I'm broke. I'm broke as they come I should get a job so that I will be able to do some things around the house and also for my self.

Chapter 25

NOT EDITED

I decided to just forget that Thabiso ever called me. Maybe he is having fights with his wife so he for a minute thought of calling me. Although I believe that he should have thought of someone else, not me.

It's the next day and Lisa is preparing to go home for the weekend , so I'm home alone for the weekend I will be so bored hey.

I don't even think I'll be seeing Njabulo anytime soon, he's too stressed and he has just became too quiet for my liking. I don't even know how to support him because even if he comes here he just stares into space and dont talk much. I guess him wanting to see me is good enough but I want my boyfriend back now. I would've said that he should Just let his mother be and buy himself a place where he can do his job but nope, that place means too much more to him. More than any money can buy.

Lisa: what's got you so deep in your mind. I've been talking to you...

Me: sorry, what were you saying?

Lisa: What's wrong? You've been like this for days now, is it Njabulo? Please talk to me.

Me: (Sigh) friend I dont know how to help my boyfriend.(I told

her everything) this is getting too much for him and I feel so emotionally disconnected from him right now , I dont want to loose him. "

Lisa: dont worry you wont loose him. I think the guy loves you. All you need to do is be there for him. Be his shoulder to cry on. Support him

Me: I'll try once he let's me in. I wish I could do more to help him..

Lisa: being there is enough help.

Me: let me not keep you waiting. You still have to drive

Lisa: Dont play house while I'm gone

Me: I'm too old for that.

Lisa: let me love and leave you. I will call you

A while after lisa left there was a little knock from the door.

Since I wasnt expecting anyone I kept quiet and continued with reading the book I was holding. The knocking continued and I was forced to leave my interesting book and tend to the door.

Me: oh Njabulo. I didnt know it was you. Come in."

He came inside and sat down

Me: unjani namuhla?

- how are you today?

Him: I'm okay. I've missed you.

Me: You don't have to pretend to be fine with me baby

Him: I'm not fine, but theres nothing we can do now

Me: oh sthandwa sami. Cant we try and get Clive to back off again? Or your mother..

Him: I've tried that several times with my mother . I've decided to just let things be. I'll make a plan , I just dont know how to tell the guys I work with that they will soon be unemployed. "

Me: let me meet with Clive baby please . This isnt only about you now but also those guys that are depending on you to give them jobs.

Him: I'm sure Clive wont fire them.

Me: okay please forward me his number.

Him: how are you gonna change his mind ?

Me: I don't know but I will see.

Him: I will go with you.

Me : that's fine. But you will only be in the same restaurant with us. Different tables thou. I dont want us to overwhelm him, what's your sisters name by the way.

Him: Bongeka why?

Me: nothing. Come here you look like you need a long hug.

Him: I really do.." he came near me and we hugged and he kissed my cheek.

Him: thank you for listening to me baby and for being here.

Me: I'd rather be here than anywhere else.

Him: ngyakthanda Xolo wami.

Me: Nami ngyakthanda N.J wami" we both laughed

Him: N.J huh?

Me: Yaaaas I figured out that I had to also find you a nickname

Him: I love it.

Me: I'm glad you do cause even if you didnt I was still gonna use it. "

He kept quiet and looked at my eyes.

Him: I really love you. "

Me: (I baby kisses him) I love you. Uyazi nawe. "

We chilled , called Clive and surprisingly he agreed to meet me. Njabulo asked what I was doing before he came over and I showed him the book I was reading. We ordered ourselves some food because I did not cook and I wasnt about to

bengivilapha . He also left when it was getting late , i did not tell him i was home alone because I know he might want to come and sleep over. Even though Lisa said that I shouldn't play house at her house while she's gone jokingly but I know she might just mean it and I don't want to step on any boundaries and I'm not about to invite him to a sleepover anytime soon .

The next day I woke up early. I'm meeting with Clive for breakfast and Njabulo is driving me there.

Him: I dont like this baby.

Me: I know, but we have to try one more time my love.

Him: i know you're trying to help but...

Me: then let me help baby...

I waited for Clive for like 10 minutes before he arrived, we wanted to be early so that we could find the perfect sit where Njabulo could easily listen to mine and Clive conversation.

Clive: Miss..?

Me: I'm Bongeka Hlatshwayo, please sit down

Clive: okay, and I guess you're here because you dont want me to buy your father's old place? If that's the case then I'm sorry to burst your bubbles I'm not changing my mind and I've already told this to your brother. .

Me: you might want to reconsider.

Clive: I won't

Me: me and my brother own 51% of that place. Our mother cant sell without our approval. She faked the documents pretending to be the only owner. She only owns 49% of that place. So go ahead with buying the place but dont get angry when we take you to court for fraud .

Clive: I.. I didnt know your brother did not tell me that he was also a owner.

Me: Njabulo wanted to change you to change your mind but not like that. So please reconsider your offer otherwise I might just have to visit the police station.

Clive: You dont have to I will withdraw my offer to your mother, I can now see how much this place means to you. But just so you know your mother can still go to another business man and try to sell the place to them. My only advice is that you buy those shares from her so that you will be the only owners.

Me: Thank you for your advice ." We shaked hands and he got up and left. After a while N.j came to my table.

Him: how did you do that

Me: a lady never tells .

Him: I heard everything, thank you

Me: you're welcome. Now all you need to do is to buy that shop from your mother.

Him: yeah I will. Let me drive you home

Me: please...

Njabulo☆

I got home and both Bongeka and my mother were there , I pretended to still be depressed just so that she wont notice that I had something to do in ruining her ways of making easy money.

Me: mama please let me buy the place. I beg you.

Bongeka: Hhayi yekela umama Njabulo.

- leave mom alone Njabulo

Me: wena why are you always here? didnt you say you dont want to live at home anymore? So now I'm paying for that room while you dont stay there?

Mother: dont worry once I get the money I will pay for your rent Bongeka. Wena Njabulo vele you should save your money.

Me: I can buy the place mom. But with its original value .

Mother: "Hhayi angifuni. " just then her phone rang, "it's Clive " she said happily she stood up and answered her call while walking away.

Me: You love money huh

Bongeka: just like you love it

Me: I've been always on your side supporting you, but I only needed you once but you didnt support me. I've decided that I won't pay for the place anymore. Since I've already paid for the first six months you can ask your mother to pay the other months for you

Bongeka: and I'm sure she'll give me extra pocket money, she is not stingy

Me: good luck with that " I laughed cause really she doesnt know our mother.

Mom came back and you could see that she was so defeated, she was holding some papers. She threw them at me.

Me: What's this?

Mother: What you've been asking for. Call your lawyer so we

can get the sale through.

Bongeka: hhaybo mama what happened to Clive?

Mother: He doesnt want to buy anymore. " I wish I could celebrate right now but iam gonna play it cool in front of them.

Me: Luckily my lawyer is on standby so I'll call her she will be coming here in about an hour. I will transfer your money when he gets here.

Chapter 26

NOT EDITED

Njabulo called me happily that his mother has sold the place to him. He kept on thanking me saying that he will never forget what I have done for him . Today he is taking me out to celebrate.

I think tonight is the night. So my lingerie is coming into good use tonight. When Lisa said I should buy some a few days back I said Nah I dont need it. But now i can see that ngayidinga . I have shaved all the necessary places to be shaved, I even sprayed some of Lisa expensive "seductive " perfume, as she likes to call her perfumes . I am ready. I'm now just waiting for my man to arrive so he can take me to heaven.

He just got here and I can't even sit still. When he opened the door I was electrocuted , he looked so handsome without his beard He shaved too, mmh mmh mmh. He looked really handsome like he meant business now.

He enveloped me in his warm hug, kissed me on my mouth a little.

Him: you look beautiful. " I was wearing a little red dress, i dont usually wear short things but this time I knew that I wanted to seduce him if ever making love wasnt in his agenda tonight.

Also, I know that we are having dinner at his house so I wont be

uncomfortable with people looking at me through out the night, also my man wont have to be too jealous of others checking me out . He opened my door and looked me up and down then bit his lip.

Me: Ngyabonga, nawe umuhle and you smell so good. "

I honestly didnt want to let him get out of the hug but we had to leave. So I got inside the car and he closed my door. And also hopped in to his sit.

Him: you look good enough I could eat you.

Me: if I could be eaten i know I would taste like something out of this world.

Him: I know baby." The mood in the car changed, even his voice because more deep. There was sexual tension in the car you could actually feel it , I'm sure if there was a third person in the car they would also feel it.

After that small talk we both kept quiet, but i still would catch him looking at me and smiling a little.

We got to his house and it was a big house for someone that lives alone.

Him: dont look shocked It had to be big cause my mother and Bongeka visits me sometimes.

Me: I didnt say anything. "

Now I could understand . We got out of the car

Him: let me give you a little tour."

Me: okay.." he basically have 4bedrooms masterbedroom has it own bathroom , 1 bathroom, a kitchen , lounge and a dining room.

And the interior was beautiful whoever worked here knows her stuff. He then led me to the backyard where there was a beautiful setup. We are about to have a picnic- like dinner date. Its gonna be fun.

There were big and soft cushions, pizza, wine , strawberries and chips ,and also laptop.

Me: we are gonna watch movies?

Him: I was planning to, we'll see. "

I honestly dont think we will be watching any movies tonight.

The only thing I'll be looking is his bedroom ceiling board.

Otherwise ..

We sat down and it was so damn comfortable hey.

.
. .
.

Few weeks later

Lungile ☆

It's safe to say that I've left my husband now, I've been living

with Moscow for two weeks now in a hotel and our stay together has been a bliss. He understands me better. The only other guy that understood me like this was only Thabani

but since hes out of the picture now Moscow is the only one that gets me, the real me .

He allows me to be in control and he let's me get away with so many things. I dont know if Tee is being stupid or what. Last night I have asked that he deposits me some money I want to get some baby things and he didnt ask any questions , he just sent the money.

I'm alone in our suite right now Moscow is out to get some food. I've been craving something sweet also so Moscow is also gonna buy those for me. I was alerted when my phone kept on ringing (text messages alert) . At first I thought it was just messages from the shops that Moscow swiped my card at but when I checked. I wished I didn't. All my money has been withdrawn. All of my money .

I tried calling Moscow but nothing, he wasnt answering and at the end the phone put me through voice mail.

" I'm sure there's a logical explanation to this!"

Moscow is not like that at all, he is not a thief . He wouldn't con me. I know he loves me he told me so. Maybe he got robbed and the robbers demanded that he gives them my pin.

I tried to call him again and same thing. Voicemail.

After the while of trying to call him I received another text message from the unknown number

Text message: You've been played . This is nothing there's still so much more you're gonna loose. "

I tried to call the number but it said the number doesnt exist.

Who could this be. Maybe its Thabani I knew that he couldnt just give up on me without a fight like that. I called him

Him: Hello..?

Me: Hey you're speaking to Lungile

Him: okay, how can I help? "

Why is he being cold like this? As if he doesn't know me.

Me: Ngfunu skhulume , face to face

- I want us to talk

Him: I'd rather talk thru the phone .

Me: I've been scammed all my money. And I..

Him: Call Thabiso this has got nothing to do with me.

Me: I thought that maybe you might have some idea on who it could've been. The guys name is Moscow maybe you might know him. He is a big shot in the..

Him: I'm still not interested in knowing anything , like I've said call Thabiso hes your husband and mina I dont know any big shots. Maybe he might help, bye.."

Me: Thabani.. Thabani. " nxx he dropped the call.

Oh God what am I going to do, how am I going to face Thabiso after all this time. I've been very rude to him. I even .. I cant

even say it

But I asked for a divorce.. my God. What of me and my unborn child.

Speaking of. I felt some cramps, no no please God dont take my child away from me also. I'm only 7 months it's not time yet. I called the hotel receptionist and told her I'd like to check out and also get an uber to a hospital and she told me that she will get me the uber after I pay for the room we've been using. I swear I died right there and then.

Thabiso ☆

I'm so stressed lately. My wife left me , she actually asked for a divorce, but which court can grant us a divorce when we haven't even passed 1 year married. Worse I've recently divorced the only person who was there for me through thick and thin. I've been receiving videos of Lungile and her guy doing all the nasty things to each other and honestly I'd like to believe that the baby she is carrying right now is not mine, I've also received a package stating that. What I do know thou is that , even if the baby is not mine I'm making him mine.

LUNGILE has taken too much for me, first she made me divorce my wife, made me to defend her in everything even when I knew she was wrong, she also made me deny my child's paternity so she will pay shame. She will pay cause she lied to

me that the baby is mine, so I'm gonna make him mine.

I received a call from the unsaved number.

Me: Thabiso Cele, hello?

The caller: Sir you've just the person I want to talk to. I have Mrs Lungile Cele here, she has collapsed and before that she said she is experiencing some pains in her stomach

Me: please send me the location I'm coming there. " I said getting up and looking for my car keys.

The caller: I will send you the address sir, and bring your bank card your wife have not paid for the two weeks that she have stayed in our hotel.

Me: okay"

I became defeated same time. I have to pay for her because I'm the spouse. What has Lungile gotten herself into? As soon as this is all over I'm granting her the divorce she so desperately wanted.

Chapter 27

SEX SCENE PG 18+

(Please do not read if you're under 18 or if you're uncomfortable with reading this Pass it, dont report my page I beg)

I could see that Njabulo wasn't interested in this movie we were watching now, but my ass that was pressed to his front . He kept brushing and slapping my ass and kissing me in my neck . I also wasn't concentrating in the movie anymore cause what he was doing was arousing.

Him: Baby it's getting chilly, let's go inside "

I laughed at how he thinks he is clever. It's not getting chilly at all, but I'll let him think that I believe him. He stood up and took my hand and led me inside. I was honestly getting nervous firstly , because it's been so long. Secondly , because it's our first time together

I knew when he led me inside he was taking me straight to his room. And inside there we were gonna be making love all night.. he opened the fridge in the kitchen and took two bottles of water. We then got to his room and the bed looked so comfy. I wanted to jump on top of it.

Me: Your bed looks so inviting baby. " I said as I got on top of it in a sensual way , I did it in a way that he would only concentrate on me , only me.

Him: mmmh baby ungenzani mara" he said in that deep voice of his, unbuttoning his shirt. And I died.

I knew he worked out but yoh his body was just so toned well and it looks so good. His body speaks for itself ukth hhayi uyasentshenzelwa.

It's like he knew from my eyes that I wanted to touch and explore that body cause he came near me and whispered in my ear.

Him: You can touch I don't bite , yet. " I welcomed the invitation with open arms and touched him and he just stood there looking electrocuted then he kissed me. And I've been waiting for this phela so I kissed him back. I was in such a hurry because I began to undo the belt and he held my hands and told me not to rush, does this guy understands that it's been a while and I've been dreaming of this day for a while now and I am drenched wet.

He made me lie of top of the bed he then took off my dress. He took my dress to a nearby chair and just admired my body from the distance. I could see he loved everything he saw by the way he was grinning .

Him: how did you know that black is my favorite color? And lace too. You're trying to kill me huh. " he slapped my butt

cheek , I moaned.

Me: I guessed , and I did all of this for you. I'm glad you like it.

Him: I love it , me and my little guy love it. " he said pointing at his dick with his eyes .

He got on top of me and we continued where we left of with the kissing. He unhooked my bra as he went down from my mouth to my neck then to my nipples. One hand was touching me all over while his mouth was doing the job in my boob. After a while of absolute pleasure he went down again to my punani. He took off my thong and he opened my legs wide, he looked at my pussy like it was his best present ever , he then licked my punani like his life depended on it.

He was kneeling down at this point and worshipping my punani and my hands were all over his head. His other hand was rubbing my clit up and down, again. And I came all over his mouth and he licked all of the come and kissed me. My legs were shaking and now I wanted the real thing. I wanted the dick now.

He took off his trouser and underwear at the same time. And damn his dick just sprang out and I looked away shyly

it's big .

Him: Dont look away now , you've been seducing me all night and these are the results baby .

Me: it's big

Him: you wont be saying that after I'm done with you . "

He opened the drawer and took the sealed box of condoms

Me: I also want to have a taste of your... " i said as I got out the bed and kneeling near him " little Mhayise here" I finished off by stroking his dick.

I started to give him a blow job and he sounded to be enjoying every moment of it. It was a little big on my mouth so I struggled a little with it, but I finally found my rhythm

Him: mmmh just like that" he said after I gagged him .

He quickened his pace , holding my hair in a very tight grip. He then took out his dick from my mouth and he came all over my boobs.

Him: I'm sorry baby " he meant sorry regarding to the cum that was on my breasts.

Me: its okay love. " I stood up and kissed him right in the mouth and he pushed me towards the bed while we were kissing . I

lied on top and opened my legs

Him: play with yourself

Me:..babe I

Him: ssshhhh , if you dont do as I say you will not be getting an orgasm. Play with yourself .

I touched my punani and my clit was very sensitive at this point cause I was too horny. I began feeling like I was gonna cum as i touched my self fast , the pleasure coming from my hand and also the fact that he was looking at me so sexy was intensifying the feeling.

Him: stop. "

Me: baby no I'm about to come. "

Him: did anyone give you permission to speak? " I kept quiet and stopped playing with my self.

He opened the box of condoms and took one out. He unsealed it and rolled it on his dick.

He inserted his dick on my pussy and it was like I was in a desert and I've just found a drop of water. He was groaning and moaning , we were moving slowly and I honestly wanted him to be quick

I tried to quicken my pace even thou I was at the bottom but he just turned the both of us and put me ontop. It's like he gave me a chance to show him how freaky i can be. I rode the shit out of him, he kept foddling my ass and slapping it , hard. It's best to say he was the best person I've ever had sex with, the orgasm after orgasms that he gave me all left me with shaky legs . When we were done we cuddled

Me: you're bigger than I imagined

Him: so you've been thinking about this for a while huh?, that's why you decided to seduce me today with the skimpy dress you were wearing .

Me: I wanted to look good for you.

Him: you always look good my love." He kissed my forehead "

Ngyakthanda sthandwa sam and you were wonderful "

Me: I love you too.

Him: I dont want to have any plastics between us my love, I want to feel you, all of you. But for now we will use it as I'm sure you will be concerned about health issues

Me: "plastic baby?" I said laughing " you mean condoms?"

Him: condoms, plastic same difference. "

Me: except for the health issues love, I'm not ready infact we are both not ready to be parents .

Him: There are morning after pills baby.

Me: mmh we'll talk about this later, right now I'm waiting for that other orgasm you promised me for later

Him: you want to leave here not walking properly I see, now come here"" he said as he rolled me over him.

(SEX SCENE OVER !!!! SEX SCENE OVER!!!!)

I didn't leave last night after the wonderful orgasms. So in the morning I woke up and he was not on the bed with me . I tiptoed to the door and I went out, I looked for him in the kitchen and he was making breakfast. I decided not to ruin the surprise and go back to bed. I'd also like to be woken up with the breakfast in bed.

Chapter 28

A/Note: I'm sorry for not posting at our agreed time. I'm having data issues namanje nje bangi connectisile. But I've managed to write what I could in the little time that I had.

Happy reading!

Minutes later after I pretended that I haven't seen him making breakfast for me he got inside the bedroom and "woke " me up with a kiss.

Him: Wake up sleeping beauty

Me: good morning baby

Him: I made you breakfast.

Me: wow Thank you baby , it looks delicious " it really did.

Him: so, I was thinking

Me: mmmh?

Him: that you help me with the shop, since my mother wont be helping anymore

Me : oh I can help since I'm not doing anything at the moment."

Just then my phone rang and it was a private number. I answered but the person on the other side was not talking he/she just kept on breathing. I dropped the call

Me: weird. The person is not talking, just breathing nje.

Him: let's hope it's nothing serious hun. Now eat up I want us to

bath together

Me: okay babe.

I finished eating and sageza. He gave me his clothes so I wore them because I couldn't just wear high heels and that short dress I was wearing last night plus it's a little chilly.

" Sthandwa sam , let's pass by clicks first " he said wearing his sneakers

Me: why?

Him: I want us to do abo HIV test , I know we are both negative but..

Me: that'd a good idea baby, I last checked when I.. " I last checked when I had a miscarriage but I did not finish my sentence " ngingaqala nini ukuzokusiza ke baby?"

(when can I start helping you?")

Him: as soon as you can. Even monday if you can

Me: I cant wait to start. So will I be calling you boss bae?

Him: No but you will be calling me Mhayise

Me: (I burst out laughing) keep on dreaming baby.

Him: let's go...

Thabiso ☆

I have paid the hotel bill and it was a lot, then drove to the hospital. I'm so scared, it is not her time yet .

At the hospital I was going up and down waiting for her doctor to tell me what is wrong with her, last time I talked to her doctor he said that they are operating her because she is bleeding excessively , in everything I hope her and my child get out there both alive. At the back of my mind I'm thinking that is this Karma? Is it the time that i have to pay for all the hardships Noxolo faced because of me?. I decided to call her ,with a private number. I never expected her to answer thou, last time I checked she did not answer unsaved numbers calling her

Advertisement

I guess people change. When she answered I did not know what to say to her because it was just unexpected so I kept quiet but she finally dropped the call and I Sighed.

I saw the doctor approaching and I stopped pacing up and down.

Me: Doctor how is my wife and my child.?

Him: The mother is being cleaned at the moment but I'm sorry sir , the child did not make it. The mother was under a lot of stress and it caused her to birth premature baby "

I just felt unimaginable pain, I blamed my self for going after Lungile in the first place, I blamed her for her hoe ways , she forgot about the baby and she killed him , she killed both my childrens. I will never forgive her for this, never.

I left the doctor there I did not even ask more about the baby I just found my self driving home. I arrived and got inside the house, the house that used to bring me too much happiness but now it's just walls and it's just cold. This is the house that once belonged to me and Noxolo. I found my self in our old room and I just broke down crying , crying for all the bad things happening to me. Why are all these things happening to me, I lost a good woman in Noxolo and I bought my self a bi***ch. I hate Lungile with everything in me and I swear I will never forgive her. After my son burial I'm divorcing her and I will have to ask for forgiveness from Noxolo, I now see that I wronged her. I guess my brother heard me crying because I felt him hugging me

Him: what's wrong brother ?

Me : I just found out that Lungile lost the baby

Him: what? Are you sure?

Me: I just came back from the hospital, the baby didnt make it , lungile was under too much stress she killed the baby. " he stopped comforting me and just left me like that . I wasnt about to follow him. And ask him what is wrong ,nope . I have too much on my plate right now. What ever that made him to leave quickly I hope it passes. Just as I hope I can one day bear to live with this pain I'm feeling right now.

Chapter 29 (Natalie Taylor -Surrender)

Lungile ☆

What have I done?? What kind of a person have I become in just a matter of months? How can I betray brothers like that? How can I betray my husband like this? I'm a bad person . Now look I've lost everyone that's in my life right now, I've just lost my baby, my husband. I'm sure I'm also gonna loose those friends of mine , they will say they cant get mixed up with a cheater, a cheater being me. My parents , oh my poor parents I cant even describe the paid they will be feeling. I'm the one that asked to get married in the first place even though they kept telling me to wait for atleast a year so that we will know each other better.

I think what I did also was because of the fact that I never really loved Tee, I was just too excited about him wanting to marry me and I sacrificed my happiness for money. I hate Thabani so so much for wanting me to prove my love to him by sleeping with other men. I hate him with passion. I'm sad I lost my baby but it was also a blessing atleast now I have nothing holding me to Thabani. But I have wronged Thabiso in the worst possible way ever and I have to apologize to him and I will tell him everything , he deserves to know the truth.

I was startled by a person who opened the door without knocking. Its Thabani

Him: please tell me it is not true

Me: what?

Him: That you lost our baby

Me: our baby? Ukhuluma ngani Thabani?

-(what are you talking about)

Him: You were whoring around and you ended up losing my baby, i dont know what i saw in you in the first place

Me: so i lost my child because I wa.. you know what? I dont have to explain anything to you for all I know you might be the one that hired that Moscow guy to come after me and rob me, so if theres anyone to blame it's you. " he kept quiet and I could see guilt flashing in his eyes but he quickly hid it.

Him: I dont know what you're talking about but I'm telling my brother everything. I will tell him how you came up with this idea of robbing him and pretending that the baby was his.

Me : oh please , I didnt know anything about Thabiso in the first place . When I first told you that I was pregnant you told me to abort, and when I didnt agree you told me to seduce your brother because he was desperate with his wife not falling pregnant so he wanted the baby and then you kept on wanting money from me, you even suggested that we kill him and frame Noxolo, so don't come here with your crocodile tears and

pretend as if you wanted this baby.

And even if you tell Thabiso i dont care hes your brother after all.

Voice: what??? " no doubt it is Thabiso. I wonder how long he has been standing there for. He was with his parents and mine

Thabani: Tttt..thabiso ufike nini lana?

(when did you get here)

Thabiso: Long enough to know that this has been a scam all along

you even wanted to kill me Thabani , your own blood, and that baby was yours all along and you pretended as if you did not know Lungile kanti she is your partner.

Thabani: This is all Lungiles fault, she is the one that has always said I dont have money and when she heard I have a rich brother she... " he stopped when his father gave him a mean punch in his face

Bab'Cele:after everything you're still lying Thabani . Pushing the blame to someone else? All these years we have been babying you but it stops now. Angthi wena uyiNdoda usufuna nokubulala umfowenu . "

-you're the man right? You even want to kill your brother)

Thabani: Baba ngyaxolisa kodwa ngsuke ngalingeka futhi ngi....

My father : nina boCele I'm sorry, I'd understand if you want our daughter to come back home she has tarnished our name by scheming and cheating.

My mother : ungumntwana kabani Lungile ngoba mina angizalanga i cheater ne fraudster yengane "

-whose child are you Lungile cause I didnt give birth to a cheater and a fraudster of a child

Me: I'm so sorry Thabiso nakini mama no baba , I was greedy and I did things I'm not proud of .

Thabiso: I never ever want to see you both again you deserve each other. Wena Lungile my lawyer will contact you I'm done with you. "

He then left us like that, I was a sobbing mess and MaNdlovu has been quiet all along looking down .

Thabiso ☆

We let the waters rise

We drifted to survive.

I needed you to stay

But I let you drift away

My love where are you ?

My love where are you ?

Whenever you are ready

Whenever you are ready

Can we , can we surrender

Can we , can we surrender

I surrender

No one will win this time

I just want you back

I'm running to your side

Flying my white, my white flag

My love where are you ?

My love where are you ?

I stormed off the hospital and went to my car. I dont know what I did to God to deserve all of this wrath. Why would my own brother, the person I share the same DNA with betray me in a way like this. Why would he do this , what so bad that I did to him for him to play me like this ? I dont think I will ever look at him the same way ever again.

I thought of the life I had with Noxolo before all of this, she was always good to me. She supported me and my hustle. She should've have been the one who lived a very happy comfortable life ,instead I looked for comfort outside of my marriage and then I got conned . I was stupid. I'm still stupid. But even thou I'm stupid I want to fight for Noxolo's love. I want her to come back , I want her back.

Njabulo and I went to my place first so that I can have a change of clothes then we checked and we were both negative, I also decided on getting an injection because I know in these coming days we are gonna be having a lot of sex.

Today he decided to take me to his shop just so I can see it.

After that he took me to spur .

Me: do you think us working together won't make us get bored of each other?

Him: i want you close to me all the time, so I don't think so.

Me: I mean I enjoy spending time with you and I.. " my phone interrupted our conversation , its Thabiso I wonder what he wants now , his number is not saved but I still know it by heart, I mean I was married to the guy.

Me: Hello

Him: Lungile is not the person I thought she was and even the baby she was carrying wasnt even mine

Me: and you're telling me this because?

Him: I want you back. Please come back home

Me: which home? And why would I want to do that?

Him: you know that we belong to each other , so I want you back and I'm willing to fight for you. " nxx I then decided to

drop the call cause what he was saying was just pure nonsense, him fight for me . As if I want someone to fight for me . I was so angry with him. The audacity of him calling me .

N.J: baby what's wrong

Me: Yilona baby, ucabanga ukthi ngineskhathi sakhe mina.

" just this one baby , he think I have time for him"

N.J: ubani? (WHO)

Me: uThabiso, uthi he's prepared to fight for me, just because his marriage didnt work out he thinks I can be his rebound."

N.J: dont get angry babe. But Lomjita akangboni neh "

-This guy doesn't see me hey

Me: let's stop talking about him my love, I wanted to ask about the dressing code

N.J: we have t shirts , so remind me to give you some

Me: Okay, so Lisa Is coming back in a few days and I wanted to do something for her just to thank her for being there for me.

N.J : what were you thinking of doing?

Me: I dont know Hey, maybe take her to a spa or to movies . As long as we spend some quality time together because I'm the only person she knows around here

N.J: I'll give you my card so you can take her where ever you want.

Me: Baby No. I don't need money.

N.j: I insist. Infact here take it now so I wont forget " he said as he reached to his pocket. He put it in my handbag because I

think he knew I was not gonna take it.

Him: i will send you the pin .

Me: okay

thank you .

+evening+

Njabulo just dropped me off with a box of pizza and wine. A man after my own heart. My room is very dirty , clothes all over the bed so I decided to dedicate my afternoon to cleaning my room .

I finished after a while and thought of Thabiso. THABISO doesnt respect me, just because his marriage did not work out now he's thinking about me ? Hhayi shame , also he was so cheeky and so disrespectful that time he was about to marry the mother of his boy, he looked at me as if I disgusted him and now he thinks that I can get back together with him? He must be high on something because I'm not going back there, plus I love Njabulo too much to just loose him like that, so nope he must just keep on dreaming and quit smoking whatever he is smoking because now he thinks that he is entitled to me. Mina wonke .

Karma is dealing with him all sides shame. As for him saying I

must come back home, I wonder which home he is referring to, first he cheats then he burned all of my pictures also my parents pictures and also, he let his mother talk to me anyhow and still be on her side even if she was wrong and now he thinks I can go back to that toxic place? Never ever.

At this point I dont feel anything for Thabiso, just that I don't want hear anything coming from him and I want nothing to do with him, I'd also appreciate it if he didnt call me ever again cause I have nothing of his here with me.

Njabulo ☆

My mother called me just when I dropped of Noxolo and I drove there. Bongeka was crying while my mother was just drinking her wine and watching tv. I didnt bother with asking Bongeka what was the problem because she has been very disrespectful these past days . She has forgotten who I am to her. Her big brother .

Me: Mama

Her: I'm sorry mntanam ngento engiyenzileyo. I'm was in dept, lot of dept. And by selling the shop I wanted the money so i can be able to pay the debt.

Me: Debt? What dept Mama usuke uyenzani imali ngoba mina I give you money every month or whenever you want it? Plus I'm sure imali ye policy kababa ayikapheli? What did you do mama?

Her: I.. I got mixed up with the wrong crowd and I got addicted to playing cards and going to the casino. I borrowed the money from some guys I dont know and now they wanted their money, I had no other choice but to sell the shop. Please forgive me.

Me: What? So you lost all the money by father left you after that you... yoh mama you even wanted to sell the one thing he held dear to his heart. You wanted yo sell his sweat and blood over your recklessness?

Her: I was lonely and MaZwane took me to the casino and I got.

Me: theres no need to justify your stupidity with that friend of yours. I've been telling to find other friends . Maybe if you went to church or even get a hobby that time you felt lonely then we wouldn't have been in this place. I'm taking you to rehab first thing tomoro morning

Her: I will do as you say, but please carry on with paying the accommodation fee for Bongeka.

Me: Bongeka is a grown up now she will make a plan. She doesnt even respect me this one usemdala angithi , so she will make a plan. Mina I'm done here I will see you.

I got out of the house fuming, my mom can be something else hey.

Chapter 31

Lisa came back and while I was cooking

Lisa: babes I'm back

Me: I can see that" I hugged her " how is everyone back at home?"

Lisa: everyone is great, I missed you. But ngyabona bengingakhunjulwe lana, the glow mogirl. Did you perhaps get the vitamin???

- I can see that I wasnt missed

Me: kuyabonakala? Wow I must praise the bae mos

- is it evident?

Lisa: you're so silly, but yes it's very evident and I want to hear everything about it at dinner

Me: I dont kiss and tell darling..

Lisa: as if kissing is the only thing you guys did

Me: we did so much more than just kissing. That's all I'm willing to tell you.

Lisa: you're such a bore, let me go and freshen up .

Me: okay

+at dinner time+

We were eating over the small conversation and drinking wine

Me: heh mngani phela ngeke uyikholwe le, ngthole I call ephuma ku Thabiso

- friend you wont believe this, I received a call from Thabiso

Her: hhaybo ufunani loyo parasite

- what did that parasite want?

Me: uthi uLungile akasiyena lomuntu wecabanga ukuthi nguyena, and nengane bekayikhulelwe bekungeyona eyakhe

- he said that Lungile is not the person he thought she was, and the baby she was carrying wasnt even his .

Her: and where do you enter kuyo yonke lento?

Me: ngimbuze the same question athi because he wants me back. Uzongilelwa the nerve ngathi ngthe ngfuna ukulelwa.

- I asked him the same question and he said its because he wants me back. He will fight for me the nerve as if I said o want to be fought for. "

Her: uzokwenzanjeni? Phela ngyazi uyamthanda wena uThabiso

- what will you do? I know you love Thabiso

Me: bengimthanda mngani. Ngimhlonipha Kodwa konke lokho kuphelile ngaleskhathi engphathisa okwadoti, engbuka ngathi ngiyamenyanyisa. The nail in the coffin was when he rejected my baby and accused me of cheating. Empeleni nje angfun lutho elizongidibanisa noThabiso mngani that chapter is closed.

- I loved him fried. I respected him but that was before he started treating me like rubbish, he looked at me as if I disgust

him . Infact I want nothing to do with Thabiso.

Her: but wont you crack under pressure? Ngoba ethi he is willing to fight for you what if he be all over you and remind you of exactly why you fell for him uzothini?

- what will you do?

Me: I will carry on with my life. Ayikho into engenziwa u Thabiso njengamanje ezongenza ngibuyele kuye. Besides I'm with Njabulo now and what we have is so great and I actually love him so much . I know it's still early but ngyamthanda - theres nothing that Thabiso can do that will make me go back to him .

Her: that's good, I dont want him coming back . He hurt you.

Me: he really did , and his parents yoh. I dont wish to be Lungile right now I'm sure they are grilling her.

Her: it serves her right. You remember how she was when she asked you to be her maid of honor

Me: as if she didnt have friends of her own. I'm thanking God I finally saw the light , at this point nothing can make me go back to that darkness .

A few days later later

Me: Mngani get ready I'm taking you somewhere

Her: kuphi?

Me: hambo gqoka uzobona masifika , wear casual phela ngyakwazi wena.

-just get ready you will see once we get there, ... I know you
Her: it would have been better if I knew where we were going. I
might just rock hills while going to the movies
Me: oh for fuck sake, we are going to the movies. So wear
whatever . Bae is sponsoring us
Her: why didnt you say so, let me change real quick. I took her
to the movies and also we went to eat .

These past 2 days have been hell for me, Thabiso has been
calling me non stop. It has even angered Njabulo cause he
thinks that he is calling because he thinks he still has a chance
with me and if I dont set the record straight with him then he (
Thabiso) will continue calling me. I have even blocked him from
calling me but still he calls from different numbers . I really hate
how he is making his problems mine.

While we were engrossed In our delicious food

someone cleared the throat , when we looked up its Thabiso. Is
he stalking me now

Him: sanibonani .

- hello

Lisa: ufunani? " I just continued enjoying my food as if nothing
and no one was disturbing us

- what do you want ?

Him: I want your friend. " he directed his gaze to me " still love your food I see "

Me: are you stalking me?

Him: I'm so flattered that you'd think that, but no.

Me: while we are that, can you please stop calling me. Me and my boyfriend dont like it.

Him: wow is he that insecure? Hes afraid that I'm gonna take you away from him. Coward!

Me: I dont have energy to go back and forth with you. Can you excuse us please

Him: tell that boyfriend of yours that I'm coming for everything that is mine so he shouldn't be too comfortable

Voice: why dont you tell him your self ?

Behind us a voice said, a voice that I knew belong to N.J. I have even forgotten that he was coming to pick me up. Thabiso kept quiet and just stared at him

Njabulo: qhubeka phela ndoda. Bewuthini kambe? Uthi ngiyigwala?

- carry on man. what were you saying? You say I'm a coward?

Thabiso: I'm want my wife back

Njabulo: ex- wife, and she is not a toy that you can throw away and when you see other kids playing with then take it again. So do us both a favor and leave my woman alone . I dont like

repeating my self so it's only a warning. Next time I won't be so friendly

Thabiso: I'm not scared of you. Awungithusi

- you dont scare me

Njabulo: oh but you should be scared " his facial expression changed to something I was not familiar with, I saw Thabiso trembling a little then he excused him self, he left as if someone was chasing him. . .

Njabulo: Hey babe , hey Lisa" he kissed my forehead

I was tongue tied, wasnt he just angry a few seconds ago?

Lisa: hey sbari, you put that moron in his place.

Njabulo :(he smiled a little , I can see it was forced) are you ready to go?

Me: yes , we can leave after I settle the bill.

Lisa: dont worry friend i will pay

Me: okay I will transfer your money thou, I'm the one that wanted to take you out in the first place. I will see you tonight

Lisa: okay

Njabulo took my hand back and held my hand. He then led me out . We got to his car

Him: you look beautiful "

I was wearing a jumpsuit with Van's

Me: ngyabonga

- thank you

Him: you're sleeping over today right?

Me: ah babe no

Him: you're sleeping over " he looked at me once and started the car

Me: I don't even have clothes for ukushintsha babe kodwa

Him: we will pass by your place first. Can I buy us something to eat?

Me: no I will cook

Him: great" I could see that he was not happy with me but for my sake he pretended to be okay and I hate that, I hate Thabiso for ruining my person mood

Lungile☆

I've been discharged from the hospital and I dont even know where to go. I would've gone back to my parents but I know they will tell me that I'm married I should be at my husband home. Maybe I should try my friend Thobeka , but that one didnt even visit me kodwa I will go there. I had all my bags, Thabiso brought them here and gave meR200 and said I'll see where that money takes but he would have preferred if I went to the streets because I belong there, I guess I deserve it. For everything I did to him.

I got to Thobeka's house and knocked

Her: oh friend hello

Me: hi, please I need a place to stay for a few days

Her: no friend I know why your marriage didnt last its because you cheated and I live with my man i cant trust you around him

Me: hhaybo Thobeka ngyamazi nje uMandla n nadibaniswa yimina manje ngingenza kanjani leyonto

" but I know Mandla and I'm the one that introduced him to you now how can I do that

Her: people are talking out there and nope I can't but since He is not here you can stay for a few days.

Me: that's all i need until i can make another plan. I'm going back to work in a month and i just , Can i come in ?

Her: you will be sleeping in a sofa"

Since I'm the one that was desperate I will do whatever. Worse I know she has a spare bedroom. When days are dark friends are few for real.

A/N

Good morning.

I think you can see that from monday till today I've been posting. That's because I bought a week data but it's now

depleted. I dont know when I will be posting again .
Just wanted to make it up to you I know that I can be a ghost
sometimes. Thank you so so much for the comments and likes
they mean a lot to me. ♥♥♥

Chapter 32

Lungile ☆

Staying with Thobeka has been hell on earth. Every chance she gets she reminds me about how I ruined the good thing I had and all for what? For a man that scammed me and left me high and dry. I honestly do not wish to see Moscow ever again in my life, and i know he was hired to fake date me so I guess it's my karma for hurting an innocent soul in all of this , Noxolo did not deserve the way i treated her when we first met. Even when i gloated about my pregnancy she did not deserve that. My God I even had something bad to say about her dress code. I wish I could see her one day and apologize.

I will never forget Thabani for all the wrong things he told me to do, some he forced me to do them. Told me to prove my love for him and I guess I loved him too much because I did all the things he wanted me to do even thou I wasn't comfortable with them. I never want to see him. I'm just glad that when I called my boss and told her that I lost my baby she told me that I can come back to work anytime. And I said I will come back after a month. I need this month to recover .

Thobeka : Awu sengize ngbuya emsebenzini and usalele kusofa namanje

- I've come back from work but you are still sleeping?

Me: kanti luphi uzwelo lakho Thobeka? Ngiqeda ukulahlekelwa ingane yam futhi...

- where is your sympathy Thobeka? I just lost my baby and ...

Her: as if that's my fault , I'm sorry you lost your child but what did you expect will happen if you sleep with men you didnt know? I'm not judging you but what if I came home with my boyfriend and he saw you in this state? On his sofa?

Me: I'm sorry Please give me some break. Everything in my life is falling apart and right now I need a friend . I need a hug , I need a shoulder to cry on

Her: washintsa emva komshado wakho uyakhumbula?

Nguwena owathi awufuni ukuzibandakanya nathi

amantombazane angashadile, awfune muntu eduze komnyeni

wakho ngoba awusethembi .I'm sorry i cant be all of that for

you. Trust me I love you but i also have a life of my own and i

have to pay the Bills here, also I have a needy boyfriend to tend to."

-you changed after you got married remember? You're the one that said you dont want to associate your self with unmarried ladies, you didn't want anyone near your man cause you did not trust us . "

I felt her words. I know I changed after I got married and everything she said is the truth. No lies were detected . Because

I know my self. When I have got something going well for me I tend to forget other factors. Like when I met Thabiso I forgot about Thabani. When I met Moscow i forgot about Thabiso. But at this case i turned against my friends.

Me: I'm sorry Thobeka. I will help around the house

Her: That's all i want . I just want you to be helpful around here . Do you still need a hug ? " Thobeka is not the affectionate type. She is that time you will take with when you have a bitch that's messing with you and she will show you flames. So I knew it took too much of her to even offer me that hug.

Me: Yes." We hugged

Her: You stink

Me: I'll go bath now.

Her: you can move to the other room , I cant have you sleeping on my sofa nope, they are too expensive , besides I was angry at you for abandoning us when something good was happening in your life

Me: I'm sorry about that. I will change I swear.

Her: okay .

Thabani ☆

I was not ready about how every thing turned out. I thought that I still had some time to play with Lungile and Thabiso. After

everything I've realised that I've been stupid all along. My brother has always loved me and actually was there for me all along but in my jealous state I did not notice all of that, now my parents hate me and my brother also hate me. At home things are sour because no one is talking to me, also they aren't telling me to move out so I guess that a sign that they will eventually forgive me.

Surprisingly I was also scammed. At first I thought the guy turned on me and told Lungile everything buy guess what he decided to scam the both of us. He told me to send him money for his hotel stay but it turns out he didn't pay, plus all the money he would want out of nowhere for dinner dates and gifts it also turns out that he did not buy Lungile any gifts and Lungile is the one that maintained their lifestyle, because she thought she was gonna get all her money back as he was rich

Advertisement

the dream he sold her. Once I see him he will pay all my money back. I'm sure by now he is swimming in money and he will even be harder to find as he has the money now. He will continue scamming people as he is so good at it.

Thabiso: Ujabulile ke ngoba sengingenamfazi? Ngingenangane?
- are you happy now that I dont have a wife? Nor a child ?

Me: Ngyaxolisa mfwethu, kwakungamele kugcine kanjena
- I'm sorry my brother , it wasnt supposed to end up like this.

Thabiso: angithi vele bufuna ukungbulala
- you wanted to kill me right

Me: Lungile beqamba amanga ngalokho . I'd never do that to
my blood

Thabiso: but you'd actually tell your girlfriend to scam your
blood?

Me: I'm sorry, I was greedy and selfish. Ngyathembisa
ngzokusiza ngikbuyisele uNoxolo

- I promise I will help you with bringing Noxolo back .

Him: angidingi sizo lwakho, mhlampe nawe walala Naye

- I dont need your help, for what I know you might have also
slept with her.

Me: I did not, I swear , ngcela singavumeli umuntu wesfazane
phakathi kwethu, singobhuti same blood

- let's not allow a woman to come between us , we are brothers
.

Him: and we were not brothers when you decided to betray
me? Just know that from today you're dead to me..I want
absolutely nothing to do with you Thabani. " I did not know
what to say after that because I knew he meant everything he
said to me.

Njabulo☆

When Xolo told me to fetch her cause she still want to spend some time with me I was not expecting to find what I found , that ex of hers is full of nonsense. It's clear as a daylight that he doesnt know me. When he said " tell that boyfriend of yours that I'm coming for everything that is mine so he shouldn't be too comfortable"

I wanted to beat him there and there yo show him that I'm no coward. But we were in front of the ladies and I'm not ready for Noxolo to know that side of me yet. That side that I'd prefer her not knowing.

I first took her to her place so she will get the change of clothes. Then we went to my place.

I left her in the sitting room and went to my bedroom to sulk there alone. I heard her cooking I guess she was giving me space to sulk alone in peace.

I just hate that guy because he took me back there , he took me back to a dark place. I might pretend to be all soft and stuff but nope I'm not like that, I have taught my self to first give warnings before I strike. And strike I will

Noxolo: You've been here sitting alone come eat

Me: I'm not hungry

Her: Baby come on, I know you'd never say no to food

Me: I just , that guy really angered me today babe. And ...

Her: sssshhhh, forget about Thabiso and concentrate on us, you have nothing to worry about baby. And if we entertain him he will think we have nothing better to do except pay attention to him. So now let's enjoy our time together and forget about that moron. "

When she kinda put my worries at ease and I guess for now I'll forget about him but not for long.

Me: okay.

Her: now stop sulking and kiss me.

I did not need to be told twice.

Chapter 33

Thabiso ☆

As much as I want Nox back in my life I must give her a little space , her boyfriend meant business when he said I should stay away from them. I'm not saying I have given up, but I'm just gonna wait for a perfect moment to strike again. I'm hoping that he messes up soon. Also I can always play the ancestors card. I mean she is still my wife traditionally. She is still a Cele. The ancestors still see her as their own.

Oh now I know exactly what I am gonna do. I will consult a sangoma and confirm this thing first. But who does he thinks he is? He also doesnt know me . I have an advantage thou, I know all about Noxolo likes and dislikes so If I can be her all and do all the things she liked then she will be back to me in no time. She will come back to me herself. First thing tomorrow morning I'm going to the sangoma, Noxolo will be coming back home sooner or later. I'd prefer sooner thou.

Noxolo ☆

Njabulo finally stopped sulking and joined me in eating our dinner.

Me: nali khadi lakho sthandwa sami, ngyabonga

- Here's your card my love , thank you " I said giving him his card back

Him: did you enjoy?

Me: Yes , a lot

Him: I'm glad, there is something I want to show you, come " he held my hand and led me to his room

.

+++++++ a sex scene will b posted in the group later +++++

We were now lying ontop of the bed naked, sweaty and tired after our steamy session

Him: do you think you'll ever get married again?

Me: I dont know babe. I mean my first marriage was not what I had in mind when I was growing up . I really dont know besides I just came out of the horrible marriage

Him: so uqonde ukuthi awuzimiselanga ngokushada anytime soon?

- so you're saying you aren't prepared to get married anytime soon?

Me: yes, maybe after 3 years I'll be ready . What's with the marriage talk is the cookie that good " I said smiling

Him: to me you're it and I would like to marry you in future , ngfunu ukwazi nje ukuthi unawo wona ama plans wokubuye ushade futhi.

- I want to know if you have plans to re-marry

Me: oh if you say so

Him: so I went to see my mother the other day and she told me that she wanted to sell the shop because she was in debt, so she wanted to pay that debt.

Me: why didnt she tell you this in the first place?

Him: ngcabanga bekasaba ukthi ngzomu- Judger or something, I'm still angry at her thou. She bet all the money and now she is broke.

- I think she was scared I was going to judge her .

Me: I think your father passing made her too lonely and she ended up doing things without thinking, cut her some slack. The only thing you should be angry about is her wanting to sell the shop

otherwise get her help that she needs.

Him: I've gotten her some help dont worry, the issue now is Bongeka. I told her that I'm not gonna be giving her any money because she is now starting to act too old for her age but my worry is that she is gonna go and look for money somewhere else.

Me: true , you should continue paying for her accommodation and also giving her money for food and toiletries. Maybe punish her by not giving her pocket money.

Him: okay. I want something to drink , would you like some?

Me: Water please "

Him: okay. "

He got out of the bed and went out naked.

Me: shake that ass.

Him:psek

Thabiso

I woke up very early the next morning because I wanted to go to this sangoma I knew. He is praised all over so I know he will not play me and tell me lies.

His house is very beautiful modern house. I think we all think that Sangoma's houses are supposed to be scary and dirty and just dark. But that house looked really beautiful, They led me to a rondavel house and I think that's where he works

Me: Makhosi

Him: Yeeeeeh (grunting)

Me: I need something that will help me get back together with my ex wife. Noxolo Dlamini q

Sangoma: "kwakungeyena owakho kwasekuqaleni . Manje usenombambo lwakhe . Yekela intombazane ihambe nawe uzothola olwakho maduzane "

-she was not yours to begin with. Now she is with her soulmate.

Let the girl go you're still gonna find your own.

Me: Kodwa angeke sakwazi ukwenza lendoda yakhe imzonde ukuze ezobuya kimi? Noma ithande amantombazane, ngiyazi uNoxolo angeke amelane nalokho uyomshiya njengoma nami angishiya"

-But can't we make her current boyfriend hate her so that she will come back to me? Or maybe he should want every girl I know Noxolo would never accept that so she will leave him just like she left me

Sangoma : angisiye umthakathi mina angeke ngidlale ngengane yabantu ngoba futhi wena usazothola umaqondana wakho bese ephenduka inhlekisa futhi ezweni.

- I'm not a witch and I'd never do that to that child because you're still gonna meet the person made just for you and she(noxolo) will turn into a laughing stock again

Me: Amadlozi ami ngiyazi asamgadile njengoba samthela ngenyongo nje

Sangoma: Your ancestors never really accepted her because they knew that she wasnt made for you. She is not recognized by Cele ancestors. " after that I thanked the sangoma and left. What am I going to do now because even my ancestors are against this?

He led me to the bedroom

Me: ubufuna ukungikhombisa ini?

- what did you want to show me.

Him: wozohlala la embhedeni "

- come and sit on the bed "

I did as told , he then connected his phone to the sound system and searched through his songs and then he found the one he was looking for (Chris brown Back to sleep)

Him: bengfuna ukukculela

- I wanted to sing for you

Me: uvinjwe yini manje?

- what's stopping you now?

Him: you just look too appetising right now, sitting on my bed

Me: (I smiled and looked down)

Him: "baby when I wake you up (up , up) just let me ride , sex you back to sleep girl" he sang

Him: looking at you sitting like that in my bed turns me on so so much

Me: you know theres a lot more you can do to me rather than

to look

Him: Take off your clothes

Me: what?

Him: GUMULA " he said it so slowly as if he was talking to the little child.

Me: okay" I took off my top

Him: slowly

I started to take off my clothes very slowly and he seemed to be enjoying it too much so when i got to the bra he told me to stop and he came close to me. And unhooked it himself then he kissed my back. And all the way to my neck. I moaned , the neck is my sensitive place . My bra was down and out and now I was only left with my Lacey panties. I turned around so I can look at him and kiss him, right now I wanted his lips on mine , badly. We started kissing and I tried to take off his shirt and he held my hand.

Him: get ontop of the bed and play with your self "

This was a different side of Njabulo I did not know, the whole dominance Male thing and I had to submit to him as my man . I took the panties off and the way he was looking at me was turning me on too much . I was dripping wet. I then got got ontop of the bed and he slapped my ass and it was as if he opened the floods between my legs because I felt like I was getting wetter . I started playing with my self just like he

instructed and he started taking off his clothes and his eyes were all over me, I enjoyed his eyes on me cause I felt like i was the center of his universe right now and i could see that he was enjoying looking at me playing with my self while my juices were dripping in my hands

Him: dont cum

Me: I'm gonna cum

Him: wait for me.

His dick sprung out of life when he took off his trouser together with his underwear . The precum was oozing out of his dick then he gave himself a little hand job . Honestly there was no time for foreplay anymore because we have just turned each other on too much.

He inserted his dick in my punani and y'all know how those first seconds feel it's like you've been waiting your whole life for it it's just too great. He slammed into me and I screamed

" you love me?" he said

"Yaas daddy " I responded in a whisper

Him: you love this? " he said pounding me

Me: yes baby

Him: whose is it?

Me: it's yours " I half mounded as he was kissing me while pounding into me slowly now

Him: so am I?

Me: yes baby

Him: nobody else's.?

Me: no one baby

Him: say it out loud

Me: yours " I said screaming he then turned us around and I was now on top of him

I started riding him while Chris brown's song was playing softly in the background

He slapped my ass while I was riding him

Me: yea ... " the emotions that were going thru my body as he slapped my ass was just out of this world. And it was doing something to my already approaching orgasm .

Him: just like that. " he then held me very tight and moved in the same pace as me, we moved in sync for a little while then he held me really tightly and pounded into me left right, left right really quickly and my orgasm just came in a blast and shortly after me he also came.

I remember after we finished having thee best sex ever that we did not use a condom

Thabiso point of view

I thought long and hard about this and come fire come force I will have Noxolo back. I know a lot of fake sangoma's that would do anything for quick cash. I'm going to hire one to come to my home, obviously without my parent knowledge that I will be knowing that sangoma. And the sangoma will say she is here because the ancestors want my first wife back home. I know Noxolo will never refuse after that as she believes in ancestors. My only worry is that she might be too inlove with her guy and dont come back but I know all her soft spot.

I wonder how I'm going the soulmate that the sangoma was talking about, but I wish she stay wherever she is I do not want anything to come between me and Noxolo again.

I went to the fake sangoma and he agreed that in a weekend's time he will come to my home. In the mean time I'll be all over Noxolo like a rash , every where she goes I will be there.

After I finished with the sangoma I went back home. My mother has been very worried about me because I haven't been staying home I just come at nights and leave early in the morning , I'm just not ready to see Thabani. I know he is just going to apologize and everyone will expect me to just forgive him. It all honestly when my family began mistreating Noxolo I

was angry at them and I never thought of taking a second wife until I met Lungile. And I know if I did not meet her I wouldnt have been single right now and child less and I blame Thabani for all of this if it wasnt for him I wouldnt have met with Lungile.

MaNdlovu: suze wabuya Thabiso, kade ngilokho ngikhathazekile ngawe "

- you've finally came back Thabiso, I've been worried about you

Me: besingekho isidingo mama , ngisaphila"

- there was no need mama ,I'm still alive "

MaNdlovu:ngeke ngihlale ngingakhathazeki ngawe uyingane yami

- I cant not be worried about you , you're my child "

Me: angikho ready ukukhuluma no Thabani mama angifuni nokumbona "

- I'm not ready to talk with Thabani mama, I dont even want to see him

MaNdlovu: nami ngisamukwatele Kodwa ngzokwenza sure ukuthi uyasuka endleleni yakho

- I'm still angry at him too but I'll make sure that he stays out of your way.

Me: Okay . Ngsathi ukuyolala kancane ma , I will come later ngikhathele

- I'm going to sleep a little

Advertisement

... I'm tired .

MaNdlovu: kulungile, ngizothi usisi wakho akakulungisele ukudla

-okay I will ask your sister to prepare something for you to eat

Noxolo ☆

It was now time to go. I honestly did not want to go anymore , to even think that I was not planning to sleep over but now I'm enjoying his company too much that i dont want to leave. .

N.j: you can move in with me you know

Me: aah babe I just might " obviously I was kidding but i think he was serious

Nj: I'm serious. You are welcome here anytime .

Me: okay I will visit you on weekends. Tomorrow it's my first day at work baby, I'm so excited

Nj: ujabulela ukuthi uzongbona everyday wena

- you are happy because you'll get to see me everyday.

Me: Yaaaaas, and I can kiss you anytime I want

Nj: how about right now

Me: nope I've just applied my lipstick now, plus you know yourself you'll want more

Nj: (he laughs) I want to take you home next week Sunday.

Me: hhaybo what?

Nj: yes baby, I'm serious about you and I want you to meet my family

Me: akukho early kodwa ? Ngyakthanda kodwa angikho ready for umndeni ungene othandweni yethu.

-isnt it too early thau? I love you but I'm not ready for the family to be too involved in our love

Nj: hhaybo

Me: Don't get me wrong but I want us to enjoy our love without the family putting their 2cent opinions about us.

Him: okay I hear you. I'm giving you 3 months then

Me: are you serious , that's soon ?

Him: Take it or leave it hon, I'm serious about you and I heard you talking about marriage. I just want you to know that I'll be marrying you very soon

Me: okay my love, take me home now I wanna prepare my self for tomorrow .

Him: okay

Lungile☆

Ever since I talked with Thobeka last night I think we have come to a compromise, she has started to treat me like a friend I've always been to her. And she stopped giving me stinky eye but the one thing she said is that she wont be comfortable having

me around her boyfriend . We will talk about that once time goes on, but for now I'll just keep quiet.

I'm glad that I'll soon be going to work and if I had money right now I'll be staying in a hotel.

Chipho Chikosa thanks for the airtime babes ♥

Noxolo ☆

It's the next day and I just arrived at work. I told Njabulo not to fetch me so he gave me the directions.

I didnt want him to fetch me because I was too nervous and also i dont know how I'm gonna find things there.

I was wearing a skinny jean ne all star and a golf t shirt, because why not .

I arrived at work and met a guy by the door

" sawubona bhuti"

- hello brother" I greeted him when I was near him

Him: Yebo sisi unjani?"

- hello sister , how are you?"

Me: ngyaphila, uNjabulo ukhona? "

- I'm fine, is Njabulo here?

Him: yebo ukhona ufike 10 minutes ago.

-yes he's here ,he arrived 10 minutes ago

Me: thank you.

I got inside the shop and it looked good , very modern . I saw a sign on top of the door saying in big bold letters " OFFICE" and I knocked on the door and went in. I know my boyfriend is in

here.

" hey babe, I didnt know you had company" he was with a lady and she did not look happy to see me. She then excused her self and left .

Him: my love I'm sorry about that, she is just bitter because she did not get the job. Shes a cleaner here so she thought that she was gonna be promoted when I bought the shop

Me: oh babe, why did you hire me if you've already promised someone the job?

Him: angimthembi mina babe ngalo msebenzi. Ayehluleka ukwenza umsebenzi wakhe kahle kodwa ufuna ukwenza lo msebenzi cha angivumi

-babe I cant trust her with this work. She fails to do her work properly yet she wants to do an office work no I disagree

Me: first day at work but it looks like I've already made an enemy

Him: dont worry about her , come sit down so I can show you what you have to do.

Me: you're a life saver , but I want my kiss first. I last saw you last night babe

Him: you will get it after this. I still have to give you some work, plus I'm leaving soon

Me: okay. Let me familiarize my self with this place .

I received the message from Thabiso while I was deep in my

work " hey , I would like to take you out this afternoon for some dinner, please agree" I did not respond to his message, I mean I had nothing to say to him. Again he sent me the another message " you don't have to worry about what you'll wear. You look good on anything and everything "

I deleted those messages same time. I do not have the time to entertain this moron

I carried on with my work and it was an okay day. Njabulo has been out most of the day and that girl has been giving me stinky eye ever since I came here . But I really dont mind hey at the end of the day I'm not getting paid by her .

Lungile ☆

I was out doing grocery shopping with Thobeka when we met with Noxolo's friend

the one she came with to my wedding . She looked at us and laughed, well I think she was looking at me .

Thobeka: what are you laughing at?

Lisa: just thinking about how stupid you are.

Thobeka: hhaybo sisi askhulume ngaphandle "

- let's talk outside" she said and I knew that it's about to go down..

Lisa: phola! Wena Lungile wawuthi kogcinaphi? Wawujabula uthatha indoda kamngani wami manje bheka nawe isikushiyle

- stop! Lungile where did you think this will end? You were happy that you took my friend man and look at you Now, he has left you"

Me: you dont know what you're talking about, I suggest you keep quiet " she laughed again

Her: angazi ngikhuluma ngani ? Oh please . I know exactly how you seduced your man brother while pregnant , I know everything. Also please tell your ' husband' to stop harassing my friend. She has moved on and she's nobody's rebound. "

- I dont know what I'm talking about ?

Thobeka: friend let just leave this hooligan here " she said as the people have stopped what they were doing and starring at us.

Lisa : run along sweetheart. But if I were you I'd be careful on who I let be next to my man. I mean your friend here has a very colorful history with taking other people man. Goodluck "

She said this and left us. Nx and she said this just while Thobeka is sceptical around me being next to her man.

Thobeka: "ngcabanga ukuthi kuzomele ngikunike imali uyoRenta uthenge ukudla. Wena uyongkhokhela uma usubuyele emsebenzini wakho . "

- I think I should give you money so you can rent and buy food. And you'll pay me back once you are back at your job. "

Me: ngabe lokhu kumayelana nalokhu akushilo? "

-" is this about what she said? "

Her: cha akunjalo . Mawufika wathi uzohlala izinsukwana.
Kodwa sekuyophela iviki manje"

- No it's not. When you first arrived you said you are only staying for a few days. But it's been close to a week now. " what did she mean close to a week now . I mean a week is only 7 days . TF . I've only been here for three days .

Me: it's been 3 days

Her: exactly. Plus Mandla is coming back this weekend so I need some alone time with him , I'll help you look for a place dont worry .

Me: its fine I'll manage on my own.

Her: I'm not chasing you away. And you must not move out if you have not found the place yet. That's why I'm offering to help. We'll be driving , rather than walking It will be quicker "

Me: okay thank you.

After that little talk I was not in the mood for this shopping anymore. I wanted to just sleep my sorrows away. And what was that with Lisa telling me that Thabiso have gone back to Noxolo? I dont believe it cause Thabiso made it clear that he hates Noxolo .

Narrated

In the Cele home there was a sangoma at the gate grunting and saying 'makhosi' over and over again he got inside. He was

circulating around the yard and kept on grunting. MaNdlovu saw him first so he quickly told her daughter Nomvula to prepare amacansi and put them kwaRondo so that the sangoma can get in and sit down. Thabiso already knew that his guy was coming today so he pretended to be shocked just like everybody else. They got inside the rondavel and sat down. The sangoma also followed them..

Sangoma: ngithunyiwe, ngithunywe izinyanya zako Cele" -I've been sent to come here by the Cele ancestors .

Bab'Cele: but we have our own sangoma, why wasn't he the one being sent ?

Sangoma: angazi basebenza kanjani abangasekho "
- I don't know how those who have passed operate.

Bab'Cele: okay ke ndoda khuluma
- okay, talk

Sangoma: I've been sent here by your ancestors. They told me that your son should bring back his wife , the first wife because she is his soul mate and he will never find happiness if she does not come back. What happened to him with the second wife is because they were punishing her for divorcing his wife, his soulmate. A person that was made for him

MaNdlovu: habe! What do you suggest we do Makhosi?

Thabiso doesnt love that girl anymore

Sangoma: you should bring her back and call a family meeting.

She is recognized by the ancestors ngoba wathelwa nangenyonko when he married your son. The ancestors want her back otherwise things will start falling apart in this household. "

Thabiso: if my ancestors believe that I have to be with her than who am I to disagree with them. But I'm afraid it won't be easy as she has already found a boyfriend

Sangoma: That's easy I will give you the water to bath with and also some herbs to mix and drink, so that she will be all happy when she sees you and get all your love back

Bab'Cele: I'm not comfortable with that, my son wronged that girl so he should work for her love again just like he did before , if we make things easier for him then k'fana nokuthi uyadlala cause he will never learn to appreciate woman.

MaNdlovu: I think It's the good idea that Makhosi is proposing , Thabiso should just take these herbs and water .

Thabiso: I don't know, I mean I guess I can use them ."

Chapter 36

I just came back from my first day at work and it was great. My boyfriend drove me home, I told him not to but he insisted , we first passed by kfc and bought zinger wings. We kissed at the gate before bidding each other goodbye.

Lisa: someone is in the good mood." She said as she saw me approaching smiling

Me: I had a great day .

Lisa: I'm about to ruin your day

Me: how?

Lisa: I did something stupid today , I saw Lungile at the mall and I kinda asked her ukuthi where is her husband now cause she was gloating that she is marrying him and stuff

Me: Lisa No!! Manje usezocabanga ukuthi sihlale sikhuluma ngaye layindlini

- now she'll think that we always talk about her

Lisa: that's not all , I even told her to put a leash on her husband because useyak'Stalker

Me: You are crazy my friend.

Lisa: I grilled her , uma bewukhona ubuzoziqhenya ngami
-if you were there you would have been so proud of me

Me: I am proud alright! But not on other people sorrows, she just lost a child the least we can do is to stay out of her way

Lisa: hhayi ke wena Noxolo nenhliziyo yakho exolelayo, this is why abantu bazogcogcoma ekhanda lakho ngoba you're too kind noma kunganesdingo.

- you and your forgiving heart, this is why people will be taking you for granted because you're too kind even when there is no need " I kept quiet cause I did not know what to say.

Lisa: did she ever feel bad when you lost your baby? Friend wake up and smell the coffee stop being like this. Please

Me: okay fine, I guess she deserved this. But never talk to her again if you see her walk another way. "

Lisa: . . ." she said something I did not hear

Me: promise Lisa

Lisa: okay fine , I promise"

Just then my cellphone rang and surprise surprise , I answered

Me: MaNdlovu .

Her: yebo Noxolo unjani? "

- How are you? " Lisa mouthed that I should put the call on loudspeaker so I did

Me: Ngyaphila , ngingezwa kuwe.

Her: Syaphila

kunesangoma esifike la ngenxa yakho, ungakhona ukuza laykhaya kusasa ukuze sizokhuluma ngalento?

- there is a sangoma that came here because of you , can you

be able to come tomorrow so we can discuss the reason why he came?

Me: isangoma? Hhayi angazi mina ngiyasebenza manje futhi ngiqale namuhla ngeke ngivele ngilove nje

- I dont know I'm now working and I only started today so I cant just be absent from work

Her: ungendlula ngapha uma usubuya emsebenzini, lento ibalulekile

- you can pass by here after work , this thing is important "

Lisa: say okay

Me: kulungile ngizoza

- it's fine, I'll come

Her: ngyabonga"

- thank you" she then dropped the call. I wonder what this is about . And why would a sangoma go to them If its about me instead of coming straight to me?

Me: lisa uzongikhapha?

-Lisa you will accompany me ryt?

Her: yes I dont want them to take advantage of you .

Me: they undermine me labana .

THE NEXT DAY

"At the Cele Home "

Narrated

Noxolo arrived and went straight to the rondavel. She passed by her house first to wear a skirt because she was wearing a trouser at work and to also fetch Lisa.

Lisa: ai kwaze kwathuleka mngani

- it's so quiet " lisa whispered

They were sitting down on a mat and the family was on the other side also sitting on the mat

Bab'Cele: syabonga ngokwamukela isicelo sethu sokuthi uze la makoti "

- thank you for accepting our request to come here makoti "

Makoti?? Whose? He must be high on something, those were Noxolo's thoughts .

MaNdlovu cleared her throat to get everyone attention because they were all looking at Noxolo now

Bab'Cele: kufike isangoma lana, uthi amadlozi awajabule selokhu wahamba la. Kumele ubuye

- the sangoma was here, he said the ancestors are not happy since you left. You have to come back

MaNdlovu: uthe futhi wena no thabiso nidalelwene. If awubuyi ekhaya abaphansi bazosijezisa

- he also said that you and Thabiso are made for each other. If you dont come back home the ancestors will punish us.

NOXOLO: Angiqondi mina ukuthi ngihlanganaphi nayo yonke

lento

- I don't understand where I fit in with all of this.

MaNdlovu: uThabiso wenza uphutha ngokuk'Divorca futhi manje usezama ukulungisa lelo phutha, futhi nabaphansi bavumelana Naye

- Thabiso made a mistake by divorcing you and he's not trying to fix that, and the ancestors are agreeing with him .

Noxolo: so you called me to come all the way for this nonsense.

Thabiso: if you don't believe us I can call the sangoma to come and tell you this himself

Noxolo: I believe you alright! But I'm never getting back with this . This thing you call a son who doesn't have a backbone sies. Now all of a sudden you want me back because you are desperate since your wife left you. Lisa let's go. " they both stoop up and left

A few minutes after they left everyone was left stunned at the rondavel because Noxol has never ever talked to them like that. They haven't even seen her that angry

Bab'Cele: hhayi I don't know what we can do about this issue

Thabiso: i might even lose my job when the ancestors start punishing us.

MaNdlovu: I don't want to go to bed without eating, I think it's time to use those portions and herbs the sangoma gave you

Thabiso, what do you think baba?

Bab'Cele: it is time, it is.

Chapter 37

Narrated

Outside Noxolo and Lisa are both seething with anger.

Nox: The nerve, the fucken nerve of those guys.

Lisa: what just happened?

Nox: angazi bacabanga ukuthi ngiyislima mina

- I don't know they think I'm the fool

Lisa: let's go

Nox: I want to go to Njabulo place friend .

Lisa: okay

Nox: I don't know if they are doing this because I don't have anyone that will stand up for me

Lisa: they also think you still love Thabiso.

Nox: then I should set the record straight . Between me and their son there could never be 'us' so they must forget it. "

Lisa: but what about what the sangoma said? "

Nox: I don't believe them, for all I know Thabiso must have convinced his parents to lie on his behalf. And besides if it's TRUE the ancestors will punish them , not me. I have nothing to lose or to gain.

Lisa: let me take you to your man house. Maybe he'll know what to do

Nox: yea.

Njabulo

After I dropped Noxolo at her house today I drove to my house and I found Brandon and Thando waiting for me inside my house

Brandon: you've been scarce

Thando: it's the new pussy

Me: I missed you guys

Brandon: I mean what's not to miss. How have you been?

Me: good, I've found a gem in Noxolo, I told you guys how he helped me with getting the shop back right?

Thando: yes you did and I cant wait to meet her officially, not e club-ini

Brandon: and I want that friend of hers

Me: nope don't even think about it. You're a fuckboy Brandon

Thando : Guys listen, I'm planning on proposing Sma now.

Me : really congratulations skeem

Brandon: I'm not against y'all happiness and all but what about her parents, angithi they still dont know that she's a lesbian?

Thando: I've been telling her to go home and tell her parents, they love her and I know they will accept her.

Me: but she's scared. But I think you proposing will be the motivation to talk with them.

Thando: I guess.

Brandon: anyways N.J last time we talked you said some fucker was messing with you

Me: let me get my self a beers first cause I can see that you guys already made your self at home"

They both laughed

Me: Noxolo's ex is giving me problems. And I think he'll go to any length to get her back. He looked really determined

Brandon: what does she say in all of this?

Me: she looks so unbothered and she doesnt say anything.

Thando: maybe you're worrying your self over nothing , it looks like Noxolo loves you so she will not go back to that fucker

Me: I know she loves me , it's the guy that I dont trust

Brandon: why dont you teach him a lesson he'll never forget.?

Thando: oh Brandon you and violence

Brandon: I'm not talking about that, I mean we can..

Me: dont even think about it Brandon , last time it almost did not go well and this guy still hasn't tried anything since I warned him .

Brandon: as long as you know that I'm here to help

Thando: both of us.

Me: Thank you guys. So wena Brandon when are you stopping your whoring ways?

Brandon: as soon as I can get your girlfriend's friend then I will stop

Me: keep on dreaming brah . " we talked there with my friends laughing

I have missed these morons and it's been a while since I last hanged with them

There was a knock at the door ,

Me: Thando please get the door. " she opened the door and it was my girl and Lisa , and they did not look good

Me: baby , " I said standing up and hugging her. " what's happened?"

Lisa: We are coming back from kwaCele.

Me: beniyokwenzan lapho? And why u Noxolo engangitshelanga. This is why she was so jumpy at work today - what were you doing there and why didn't Noxolo tell me?"

Nox: it was horrible baby. They .. they are horrible

Lisa: they said there was a sangoma there that told them that Noxolo should come back home otherwise the ancestors will punish them.

Me : what.? Lomjita uyanginyela mos

- this dude is shitting on me mos.

Brandon: seriously, he has gone too far

Me: Baby please go to our room okay, I'll be with you soon. " she nodded and Lisa went with her and few minutes later she left. Saying she have some script to mark.

Thando: You see , you underestimated this guy and now he has just pulled the ancestors card.

Me: I want to know the sangoma that fed them this nonsense and I want to know Thabiso's every move from tonight.

Brandon: consider it done.

Thando: I will be on his tail ke mina wena brandon find the sangoma. I'm sure he will be meeting with him soon they we can visit this sangoma.

Me: Heh people keep on undermining me you know. Let me go and talk to my lady . I will meet with you guys tomorrow

Thando: okay. " we first bumped each other and they left.

I made tea for my baby just to calm her down.

Me: Baby here drink this tea

Her: ngyabonga" she wasnt even looking at me. I think it's the guilt that she didnt tell me that she will be going there ,I mean I even took her home this afternoon, good.

Me: Just forget about everything okay, I know this guy is just trying to play with your mind

Her: but what if everything they said is the truth what if he is my soulmate " I laughed, how shallow can they get.

Me: wena deep down do you feel like he's your soulmate?

Her: Ofcourse not, how can you even ask me that?

Me: I wouldn't know phela Noxolo angithi wena uu met up with his family

Her: I thought it was a serious matter because they said it was about me.

Me: That family is manipulative baby and I want you to stay away from them, or you can always go to another sangoma to get second opinion

Her: I don't feel comfortable with doing that. It will be like I'm actually considering believing the first one. And even if it was true I will never go back to him

Me: as if I'd allow that.

Her: I want to bath baby and sleep , join me.

Me: okay" I'm going to let this slide, her hiding things from me.

Chapter 38

Noxolo ☆

I'm even scared to look at him right now. He looks too calm, I know it was wrong of me not to tell him that I'm going to kwaCele. But I didnt tell him because I knew he was not going to allow me to go there. For my own selfish reasons also I wanted to give them the benefit of the doubt but now I'm even regretting my decision of going there because they all still think I'm that naive Noxolo they knew. But pain changed Me, I always thought there was nothing true in those words until I experienced it. I am a changed person all because of the pain I experienced there. And now all of the sudden they think that I'm going to go back to their son, never . I'd rather drink poison and die. In other words, ANGBUYELI

Now that I'm happy in my life I wont lie and say I still don't think about what they did to me. Cause even if Nj does something good for me I'm like he will change sooner or later, all because of what Thabiso did to me. But they seem to have forgotten how they treated me . They never even visited me in the hospital those hypocrites. And then the ancestors are at their side all for what? Rubbish maan . I'm angry and NJ is just

sitting here looking at me drinking this tea he made for me and I feel guiltier and guiltier cause he is not saying anything but just starrng .

Me: ngyaxolisa "

- I'm sorry

Him: for what?

Me: for withholding information

Him: I .. okay ngyakuxolela"

-I forgive you.

Me: Thanks. Anginazo izimpahla zakugqoka ksasa emsebenzini

- I dont have clothes to wear for work tomorrow

Him: awuyi

-you're not going

Me: why

Him: youre not fine. Asiyi sobabili "

-We are both not going.

Me: but baby I'm fine

Him: futhi siya esangomeni

-and we are also going to the sangoma

Me: babe ungakhathazeki ngayo yonke leyonto angikho comfortable mina ngalento . Sizobaziba nje ngoba Baswele into abazoyenza base bebona ukuqhamuka nalento yokuthi mina ngingowabo. Ngithembe babe ngfunu wena akekho omunye ."

-Babe dont worry about all that I'm not comfortable about that

. We'll just ignore them cause they got nothing better to do so they have came up with this idea that I belong there. Trust me baby I only want you nobody else.

Him: Ngyakwazi lokho futhi nami ngfuna wena wedwa.

Angikhathazekile ngalokho. Ngfuna ukuba nesiqiniseko ukuthi lento eshiwo isangoma sabo iqiniso.

- I know and I only want you too. It's not that I'm worried about. I just want to be sure that what their sangoma said is true

Me: let's do that nge weekend then not now

Advertisement

I just want to relax now and chill with you baby.

Him: okay, qeda ukuphuza lelotiye uzolala

- finish drinking that tea so you'll sleep.

Me: what about you. ?

Him: I still have some things to deal with. " he stood up and frenched kissed me.

Him: I'll see you later , love you

Me: okay I love u too. "

Thabiso is at his house bathing with the water that his sangoma

gave him also he mixed all those herbs he was given . Before then he has already licked some " mlomomnandi" so that every word she says to Noxolo will be welcomed very well .

While he was bathing at some point he stopped and thought of what the first sangoma said. What if he meets his soulmate tomoro. Or what if the ancestors punish him by prolonging him meeting with his soulmate because he is playing with fate knowingly?

But then Noxolo is humble he just fails to understand why she was that disrespectful earlier at the meeting because he knows Noxolo as this humble and respectful lady, surely her boyfriend is the cause of all of this.

He is planning that as soon as he wins Noxolo back they will renew their vows so that once he meets his soulmate that time he will do things different. He will first talk to Noxolo about taking the second wife. Because Noxolo calms him. He is hoping that she wont mind, vele she won't mind with the korobela he will be feeding her.

Njabulo☆

I drove around trying to clear my head because its been a crazy afternoon. That Thabiso guy thinks that since he has the money he is entitled to have anyone or anything he wants, well he

should think again because all his money could disappear in a snap of my fingers and he will never ever find where it disappeared to. I dont like to be provoked but he's trying me I swear. I've given him the warning but still he is undermining me. The fact that everything would have happened quicker only if Noxolo would agree to go to the sangoma with me would have made everything easier but now I have to wait for a whole week to strike. But in the mean time I'll be getting to know everything there is to know about all the things he gets up to.

I think Noxolo is afraid of going to the sangoma because what if we find out that everything is true. I'm also afraid I wont lie but I will fight for her till she doesnt want me to fight anymore. I got to the garage and decided to buy Xolo some chocolates before I go home. She loves sweets.

Chapter 39

Noxolo ☆

When Njabulo told me that I should sleep that's when I decided not to, what if he was cheating on me? I can't afford to lose another one to cheating again. In fact I won't allow it .

He came back at the house and I was really drowsy but I wanted to wait for him , he looked happy and he brought sweets , trying to bribe me .

Me: ubukuphi?

-where have you been?

Him: I was clearing my head

Me: and you couldn't clear it here?

Him: um what's wrong now? Why are you insecure all of a sudden.?

Me: I don't know maybe you were out there gallivanting with...

Him: baby shhhhh. Angfani nomnyeni wakho wakdala. Ngyazi manje ungaba nama doubts Kodwa angfani naye and bength ngyobona uThando but ngigcine ngizithola e garage ngathenga ama swidi. Asambe seyolala "

- Baby sssh! I'm nothing like your ex husband. I know right now you might have some doubts but I'm not like him and I was intending on going to see Thando but I ended up at some garage and got you sweets , now let's go and sleep

Me: ngyaxolisa ngivele ngakhathazeka

- I'm sorry , I just got worried

Him: no need to explain, let's go sleep now we will talk in the morning.

That night we had sex , but he did not give me an orgasm and I ended up crying cause I was too close. But he didnt budge I dont know when did I fall asleep after my crying fit.

The next morning I was woken up by something warmt and wet between my legs. When I looked down Njabulo was eating me up like nobody's business . I opened my legs wide and held his head . After a while I came and I knew he wanted to take it to us having sex but I wasnt having it. So after my orgasm I closed my legs and got out of the bed quickly .

Me: kmele ngiwashe izimpahla zakho ngoba angiyi emsebenzini

- I have to do your laundry since I'm not going to work

Him: couldnt it wait kodwa babe, look at me I'm horny

Me: masturbat(a) sweety

Him: ngzokthola

-I'll get you

Me: no you won't, I'm going to wash my face now and brush my teeth, can you please get all your clothes together I know there are some socks that you wore and left them inside the shoes.

Him: you know me very well"

+ evening +

Njabulo has been telling me that we should go to the sangoma but I'm just not ready about what I will find there, I just want to enjoy dating him without worrying about iish, I know ancestors can be unfair sometimes so I'm just not ready . He still doesn't understand why I'm refusing and I'm not explaining anything to him cause he will just say that I'm being scared for nothing. He later took me home and told me to get clothes for tomorrow, I wasnt planning of sleeping over again but the man has spoken.

The whole of today he refused to give me sex , I've tried kissing me and giving him suggestive looks but nope he doesnt want to. I've decided to just seduce him , hes my man after all.

Me: baby can you please go and buy ice cream e roots?

Him: but we have ice cream.

Me: I want the one from roots.

Him: that's just a waste babe

Me: ngyakcela"

-Please.

Him: kulungile kodwa siya sobabili

- okay but we will go together

Me: no

I have to warm the food first go alone.

Him: fine... " he took his car keys and wallet them left.

I quickly went to the bedroom to freshen up a little then I wore my lingerie that I got that time I was shopping NoLisa. It was the smallest thing ever I dont know how I let Lisa make me buy that thing, but I'm guessing today it is coming in handy. The color was red and black so I decided to not wear any shoes, I wore a silk short black gown , fixed my face and my weave . I know the line at roots is a nightmare which is why I told him to go there. I drank his alcohol a little just to get the nerves out of the way because I'm not confident enough to do this sober , I need some alcohol in my blood.

He came back when I was already waiting for him I heard his car coming actually so I decided to wait open the door for him ,I'm sure he is angry right now cause he waited in a long line all for ice cream but hey he'll forgive me soon. .

I opened the door for him and he got In and looked at me up and down then went to the kitchen and put the icecream in the freezer

Him: you know you didn't have to make me go all the way if you wanted to seduce me.

Me: oh come on you've been refusing me the whole day.

Him: you should've just asked mami. " he said while pouring juice in the glass , i waited for the Perfect moment for him to

turn around and look at me so I will take off this gown

Me: or just take what I want, anyway I want " I said while taking off the gown" I think the juice got in at the wrong pipe cause he started coughing. I laughed at him I guess this lingerie gave me the exact reaction I wanted to get from him.

Him: holy shit, you look great... what did I do to deserve you

Me: theres a lot more you deserve than this. Now ravish me.

No foreplay today

Him: my pleasure .

Narrated

Thabiso was at his sangoma place because he feels like the herbs did not work

Tee: ungitshela ukuthi lezinto zizosebenza ngobusuku obubodwa, ngilindile ukuthi angifonele Kodwa lutho "

- You told me that these would work overnight, I waited for her to call but nothing

Sangoma: ngikutshela ukuthi umfonele emva kokusebenzisa lezinto, umfonele?

- I told you that you should call her after using these things, did you?

Tee: ngimfonele Kodwa akaphendulanga . Ngicabanga usacasukile ngenxa yomhlangano "

-I did, but she did not answer my call. I think she is still angry about the meeting

Sangoma: Okay, but be careful with that boyfriend of hers. He is someone not to be messed with

Tee: ngeke ngibe nandaba nayo enye into masengthole
uNoxolo nje uzobe yena lomfana esehlulekile "

-I won't care about anything he does to me as long as I have Noxolo then he would've lost .

Sangoma: just be careful.

Tee: uqonde ukthini vele?

-what is it you mean exactly?

Sangoma: he is planning something big, just open your eyes and use those herbs because if he loses Noxolo he won't have any fight left in him. He will let go.

Tee: Okay, I will call her now.

Sangoma: usebenzise umlom'omnandi

- use umlomomnandi

Chapter 40 not Edited

The next day we woke up very exhausted. Njabulo really worked me last night and I dont want to lie i enjoyed every moment. I do not know where I got that much energy but we were both unstoppable

Him: uthatheni ngoba ebusuku asilalanga

-what did you take , cause last night you kept me up all night

Me: Hhayi babe

Him: serious bulokhu ungvusa already wet.

Me: I guess I have high sex drive

Him: if uu say so. Let's go bath we have a lot of work to do today , especially you.

Me: I know right! You made me not go to work yesterday.

Him: you agreed

Me: go bath alone my punani is painful " he burst out laughing

Him: we are not gonna have sex, we are already late.

Me: I cant take any chances. I'll bath after uu.

Him: fine.

While he went to bath I decided to make breakfast for my man. I haven't really been cooking for him , hes always been the one that has been making breakfast for me so for a change I want to make it, this man spoils me I tell you.

While I was busy with frying the eggs I received the call from Thabiso, he doesnt give up this one. I decided to answer

Me: Thabiso

Him: Sawubona MaDlamini" he said in a soft voice and I became very shy and nervous at the same time.

Me: clears throat " Hello " I said in a small voice, I don't want Njabulo hearing me .

Him: ngikukhumbule buya uze ekhaya"

- I miss you, come back home " he said in a begging but also kinda demanding voice and I felt compelled to do exactly like he said, I felt like his words to me were the best things I have ever heard. I was in a trance

Me: I. I. ...

Him: kumele uhlukane nalendoda ohleli nayo, ubuye ekhaya lakho kwaCele, ungumfazi wami nabaphansi bavumelana nami"

- you have to break up with that man you're with , and come back to your home at KwaCele, you are my wife even the ancestors agree with me"

My eggs were starting to burn now I think at some point I forgot that I was trying to cook , I think I got startled by the burning eggs and that I was going to ruin Njabulos breakfast that I dropped the phone. Oh God Njabulo.

What the f** was that, was was I all of a sudden agreeing with everything that Thabiso said when I despise him so much? I mean sure I would never go back to him but what was that? I was completely convinced that whatever he was telling me I should agree to it. If these eggs did not burn I think I was gonna do something I was going to regret for the rest of my life. I think I should take Njabulo's advice and go to the sangoma but I will go alone what if I find something I wont like

like the fact that Thabiso sangoma was telling the truth, yoh I'd die I tell you.

I decided to call Lisa.

Her: friend.

Me: I have an emergency

Her: what's up.? Do you want me to come over?

Me: cha , Kodwa ngifuna ungi phelezele ngiyobonana nesangoma namuhlanje muphuma emsebenzini

- no but I want you to accompany me to see the sangoma today after work please.

Her: nomayini mngani. Kodwa bengicabanga ukuthi uzoyenza lento nge weekend. Yini eshintshile?

-Anything friend. But I thought that you said you will do this on the weekend , what's changed?

Me: yindab' ende ngizoktshela ngakho konke masihlangana kusihlwa

-it's a long story I will tell you all about it when I see you, tonight .

Her: okay , see you later .

Njabulo: usukhethe ukuphinda ungiqambele amanga futhi? "

-so you've decided to lie to me again?

I was startled by Njabulo, I did not know how much he heard and I know it will look bad. And when did he even finish bathing

Me: ngyaxolisa , ukuthi ngyasaba ngento engizoythola laphaya . Bengingazimisele ngokuya namuhlanje until kufona uThabiso , ube.. angazi ngingachaza ngithini kodwa ngyazi ukuthi ngidinga ukwazi iqiniso ngokukhulu ukushesha ."

-I'm sorry , I'm just scared about what I will find there. I wasn't planning to go today until Thabiso called. He was just.. I don't know how to explain it but I know that I need to know the truth ASAP

Him: ubefunani?

- what did he want?

Me: akashongo lutho olusemqoka

- he didn't say anything important

Him: that's it , I'm going to that sangoma with you, go and bath we'll be late

Me: but I'm still preparing your food.

Him: the one that's burned? Hhayi hambogeza noxolo or you want me to leave you?

Me: okay I'm leaving .

Njabulo☆

I finished bathing and went to the kitchen I found Noxolo on the phone

Her :cha , Kodwa ngifuna ungi phelezele ngiyobonana nesangoma namuhlanje muphuma emsebenzini

- no but I want you to accompany me to see the sangoma today after work please.

Caller:.....

Me: yindab' ende ngizoktshela ngakho konke masihlangana kusihlwa

-it's a long story I will tell you all about it when I see you, tonight .

Caller:...

..

..

....

She left to bath. I hate it when she lies like this. Why couldn't she just straight up tell me that she wants to do this alone? But I'm so not going to let her do this thing alone, we are in this thing together.

I called Thando and told her to get on with it. I mean we have found information all all of his things, the only thing left is we haven't found his sangoma yet. But I know it will happen soon. . By this time tomorrow this Thabiso will know what messing with me is like.. I've been tolerating his nonsense for a while now and I'm sure he is using muti on Noxolo otherwise why would she be shaking when I asked her about their call? She fucken shook.

Chapter 41

Njabulo☆

' continued '

I got a call from Brandon telling me that he has found the sangoma .

Me: okay send me the location I will be going there after I drop off Noxolo at work.

Him: where will you say you're going?

Me: she won't ask. Plus I'm angry at her because she has been lying a lot lately

Him: fuck her to submission, you wont go wrong there. She will be telling you everything even when she is going to the toilet.

Me: you reckon it will work

Him: trust me it will work , but dont fuck her while you are angry.

Me: I'm not going to vele. But what I will do is not give her sex for a whole week. I will leave her turned on as her punishment

Him: he laughed " what about you? "

Me: my hands have never disappointed me, besides I can control my self.

Him: what if you find her wearing you favourite lingerie

Me: iish and there is this one that I love.... "

Him: hhai hhai too much information. " just then Noxolo got inside the kitchen looking so beautiful and ready to leave

Me: okay, listen my girl just finished , so I'm going to work. Dont forget to send me that location

Him: okay I will be sending it now." He then dropped the call

Me: you look beautiful

Her: ngyabonga "

-Thank you " she still looked nervous

Me: uzodla noma...?

- are you gonna eat or..?

Her: ngizodla emsebenzini , asambe .

-I will eat at work , let's go.

Me: okay , I will be dropping you off. I have a car that I need to fetch

Her: kodwa akusiwo umsebenzi wakho lowo

- But that's not your job

Me: I know but this is a picky customer he prefers me to handle his car no one else.

+ an hour later +

I'm outside the sangoma's house I'm with Brandon, Thando decided that she will sit this one out cause she thinks there might be violence but nah we aren't about that life . I pretended as if I was someone ofuna ukuhlola, if he was a real sangoma he would have known that I'm not here about that but ke yena he have no idea. We got inside sat down

Sangoma: nginganisiza ngani madoda?

-what can I help you with gentlemen?

Me: ngfuno ukwazi ukuthi ukukhokhela malini uThabiso ukuthi uqambe amanga

- I want to know how much money Thabiso pays for you to lie

Sangoma: angazi ukhuluma ngani

- I dont know what you're talking about

Me: oh you will know , I mean Did he not tell you that Noxolo is in a relationship?

Sangoma: oh.." I think he regained his memory

Me: oh

? I want you to go back to the Cele family and tell them that you were lyingla6

Sangoma: I was not lying. Noxolo is soulmate with Thabiso

Me: even if that was the truth but now I'm here. , worse I know that you are lying but both you and him are gonna pay

Sangoma: I'm not scared of you

Me: oh you should be scared."

We left him like that and Brandon had to rush to work so I also left. I have lunch date with my person.

Noxolo☆

I knew when Njabulo said he was going to fetch the customers car that he was lying but I did not want to push so I kept quiet, I could see the fire burning in

Njabulo and I were on our way to see a sangoma that Lisa referred to me, Lisa decided that she wasn't gonna go with us and I understood. We got there and some girl showed us inside.

We told the sangoma about who we are.

Sangoma: lomfana uyakuloya kuyimanje ntombazane yami , I advice that you dont answer his call when he calls cause that is when he uses umithi.

- this boy is bewitching you right now my girl "

I honestly had no words to say so I kept quiet.

Sangoma: waqala waya esangomeni samtshela ukuthi akadalelwene nawe njengoba nawe ungadalelwe yena. Usazohlangana nomaqondana wakhe but lomfana unekhanda

eliqinile uze waqasha esinye sangoma ukuthi siqambe amanga sithi amadala banifuna nindawonye

- He first went to the sangoma and they told him that he was not made for you as you were not made for him. He is still going to meet his soulmate but that boy is stubborn so he hired another sangoma to lie and say the ancestors want you two together.

Njabulo: bengazi ukuthi baqamba amanga

- I knew they were lying

Sangoma: worry not , the things they are using to make you go back will not work. Your ancestors are with you they are protecting you and your child you are carrying

Me: child? But I'm not pregnant

Sangoma: oh you didnt know, well here they show me that you are pregnant. Both Dlamini and Hlatswayo ancestors are protecting you.

Me: I just want Njabulo to leave me alone baba, for him to stop calling me .

Sangoma: he will eventually stop when he sees that you are not entertaining him, he is still about to meet his match. .

After we talked with the sangoma and with many things cleared up we left. I was still in denial about the pregnancy. I'm not pregnant I know it otherwise I would have felt it. This is my body I know it. We got to the car and got inside.

Njabulo: Pregnant huh? " I could see that he was happy he was just masking his happiness because he thought that I was angry

Me: I'm not pregnant baby

Him: you are, remember the high sex drive? And you are always eating

Me: rolls eyes" I'm always eating uyazi nawe I love food. And sex, well what can I do if you give it to me good.

Him: I do nhe.

Me: mxm. I'm joking

Him: I know you not. Let's pass by wimpy.

Me: I will cook

Him :no you are pregnant now so you shouldn't..

Me: I'm not pregnant and it hasn't been confirmed yet, besides that i will cook even when I'm pregnant.

Him: dont say I didnt tell you

Me: just drive.

Chapter 42 Not Edited

Njabulo ☆

We have decided that we will be going to the doctor because Noxolo still doesn't believe that she is pregnant. I suggested that she just do a pregnancy test at home but she told me she wants to be 100% sure so we will be going to the doctor.

We woke up in the morning and showered together, I could see that she wanted us to have sex because she was all over me kissing me and I won't lie I was tempted because my girl is so fucken hot and she knows her stuff. She was giving me a hand job and my dick was rising in attention. Fuck..

I quickly took her hand away and literally ran away from the shower. I heard her laughing I think she thinks I'm playing but I'm not. I will not be having sex with her cause I can see that instead of disciplining her it makes her to be more mischievous.

I took out my clothes and hers for me white sneakers, chinos and a white tee. For her a simple summer dress to make her stomach easily accessible when we get to the doctor

Her: Baby we haven't have sex in two days yini?

Me: Really? " she just looked at me.

Me,: ngikukhiphelile izimpahla

- I took out clothes for you

Her: Thanks boo" she then unwrapped a towel from her boy and damn , I turned around

Her: baby come on I'm horny

Me: and remember that when you lie to me.

Her: so this is a punishment?

Me: you can call it anyhow you want .

Her: mmmh.

Noxolo☆

He is punishing me I know him. Well he can dream on cause very soon he will be the one that doesnt stick to his punishment. Tonight he will be the one begging for sex.

Me: let me go and prepare us something to eat

Him: no baby you also cooked last night , let's just go we'll grab something on the way

Me: I just dont like us eating out even if we have food in the house it's just a waste of money

Him: move in with me

Me: what?

Him: I've been thinking about it besides you are always here so please?

Me: I'll think about it

Him: that's all I ask. .

.

.

The doctor confirmed that i was truly pregnant and Njabulo was just over the moon and i was also very Happy now I'm going to have a child of my own , finally. We were doing a scan
Njabulo: will we be able to know the gender?

Me: I want it to be a surprise

Dr: it's still early to know the gender.

Me: what about sex?

Dr: You can continue doing sex akho inkinga.

Me: okay.

We finished with the doctor and went to work .

I texted lisa and told her my good news and she was also happy for me , very happy infact she called and was rambling about when she is going to throw my baby shower and where I ended up dropping the call because she was that loud..

NJ: shes happy for you neh?

Me: Yea

I'm also happy sthandwa sami. I'm hoping that I'll enjoy this pregnancy

Nj: you will. I'll be with you every step of the way

Me: Ngyazi babe and I appreciate that, a lot.

Nj: can we do dinner with my mother and Bongeka? This is going to be my first child so I'm so excited

Me: it's fine babe. Its just that I haven't met them before and manje I'll be meeting them because I'm pregnant

Nj: I dont think they will mind. Besides you are the one that has been postponing seeing them

Me: i know i thought it was too early

Nj: okay. " we got at work and went to the office.

Me: baby yazi I cant find the Biyela receipt and now I dont know what their car came here for. But I wi call and ..

Nj: but that's just unprofessional Noxolo, how did you loose it.?

Me: I dont know. It was here yesterday before we went to lunch but when I came back it was no longer here. Look I told you before that you should lock up here but no you told me you trust your workers

Him: I trust them vele and nothing like this have ever happened before.

Me: so I sabotaged my own work?

Him: I did not say you stole it baby. I want it by the end of today because I have to start working on that car, maybe you threw it away kwazi bani

- who knows

Me: I didnt . You know that they..

Him: Noxolo sthandwa sami. I know you just started and mistakes like this can happen but please it must not happen again, this is my work and I want my customers to trust me that I can be professional.

Me: aaarg just go I dont want to look at you right now cause you aren't listening to me.

Him: I'm sorry baby but I'm just.. I dont want anything snaks to happen here. "

He finally left after giving me a cold kiss. I know someone stole that paper where I wrote all the details of the car problem and all the things they wanted to buy from the shop also about when they are gonna fetch it. I think it's that cleaner girl trying to mess up with my job and since Njabulo trust all of his workers it's up to me to store a lock for that office cause mina I dont trust them.

Lungile ☆

Its been a week now since I've went back to work and it's been a month since I last saw Thabiso. From time to time Thobeka visits me I mean we are still friend and I guess I understood where she was coming from.

My parents are still angry at me and I've decided to give them their space as I find being home very draining and when I'm there we are always fighting about the fact that they want me to go back to Thabiso. I don't know why they are so hell bent wanting me to go back cause I have nothing there . I haven't

heard from Thabani since I was at the hospital and honestly I want nothing to do with him. He ruined my life I hate him.

I have been back at work its going great but everyone here is giving me stinky eye because i lost everything. My child , husband , parents. Like everyone is judging me and I know ,I now know how much wrong I was. I wish I could help Thabiso get back together with Noxolo just to clear my consciousness cause I know that all he wants right now, to get back together with Noxolo. Mmmh yes I will do that. And if she has a boyfriend I will just get him out of the way with my famous ways.. mmh yes I will just do that. But first I have to know everything there is to know about her and her boyfriend now.. Thabiso you are about to get your person back .

Chapter 43

By 12 o'clock I was fed up, with the way Njabulo talked to me. I did not make a scene because we are at work so I will just keep quiet for now but once we get home I will get him off his high horse.

Babalwa (the cleaner) has been giving me a stinky eye all day. She came at 10 am today even later than her boss but I did not say anything I know she still thinks that I do not deserve this job I know that it was not my field of study but for my man to build his fortune I want to help him with building this place up and I'm not gonna let anyone jeopardize our plans because of jealousy.

Luckily for me I called the Biyela's and they were understanding so they told me what they wanted again. I was honestly relieved that they did not find me loosing this receipt as unprofessional. I also do not want to make all of Njabulos hard work demolish.

Which is why I decided that I'm calling someone to make the lock for the door and that money came from my own pocket I dont want Njabulo to accuse me of misusing the funds also.

+ evening +

I got home using an uber, Njabulo had to pass by somewhere first. He offered to take me home but I refused because it would have delayed him . I'm baking for him tonight, since the card was still with me I passed by the shops and got everything that I needed.

I took off the Van's I was wearing and wore the sleepers that Njabulo bought for me.

.
. .

I finished baking and the boyfriend was still not back and I did not care much because I have not started with the pots yet. So i got busy with them. Njabulo arrived at about 8 and I was done setting the table.

Me: you've been gone for a while " he appeared very happy compared to our last time we talked

Him: I have every reason to be happy" he kissed my forehead

Me: what happened

Him: ah just Thando and Brandon , I could smell the aroma of your baking, where are the cakes?"

Me: You'll eat your food first because you might stuff your self too much with them and we can have them after this feast I prepared for you

Him: I can see that you went all out

Me: you are my man so I have to do these little things, now go and freshen up

Him: You are softening me up nhe? You prepared my favorites food also baked , what do you want ?

Me: I laughed " when I do want something I will ask for it but for now I want nothing. Now go

.
. .

Its 3 am in the morning and I couldn't fall asleep and Njabulo has been sleeping with no problem. I went to the sitting room and switched on the tv and put the volume in mute. I actually wanted to sit and reflect on the things that have happened , good or bad.

I will not lie my life has never been so peaceful and fulfilling like this. I'm very happy with Njabulo because I know that he loves me he shows it everyday I do not second guess his intentions with me cause he is genuine. He tells me if he doesnt like something and he tells me where I should grow to make our relationship bearable like the guy is heaven sent i tell you. He supported me just when I was still vulnerable he did not take advantage of my pain instead he helped me heal. He still supports me like in this sangoma / ancestors ordeal he helped

me a lot. He insisted that I go to the sangoma and I don't know what would have happened if I did not listen to him. From now on I should work more on myself and the fact that I'm still a little conscious in the matter of telling him everything that's happening in my life. I wasn't used to telling Thabiso everything so I think I still have that mentality that I should not tell him everything because with Thabiso it was easy as he wasn't much interested in knowing, but with Njabulo it's different. He wants to know about my days he wants to know what's on my mind. He was made for me and only me and I'm not gonna let anything get between us because he also won't let anything get between us cause he has fought for me before and I know he will continue doing that. I trust him with all of me

Him: " I woke up when I felt your side of the bed cold, whatsup?"

Me: " Babe, I did not hear you coming in"

Him: "you are so deep in your thoughts babes. What's wrong?"

Me: " I'm just thinking about all the things I've been through

Advertisement

the things we've been through together"

Him: " oh , we have been through a lot though "

Me: " yes we have, but I wouldn't trade it for the world . I love you and our experiences together have shown me that I can

depend on you just as much as you can depend on me because we have each other's backs"

Him: " I love you too.. remember when you pretended to be my sister to that Clive man"

Me: we both laughed " that was so exciting baby, you know you have shown me that it is okay to be vulnerable cause even with you, you can pretend with every one that you are tough and all but with me you are just a loving man. "

Him: " I do all those things because i love you, i love you so so much Noxolo wami"

Me: (I smiled and looked at him)

Him: let's go to bed

Me: are we finally gonna make love" he burst out laughing

Him: you are an addict

Me: "only addicted to your Big,black, thick, long. D... " I said flirting

Him: f**ck stop this...

Me:" we can always f**ck anywhere you want. Even on this sofa."

Him: come here...

I guess he couldn't resist me. We kissed and our bodies became one. And the rest is history

Njabulo ☆

I am a happy man. My woman is happy . Mu business is doing well and I actually managed to rob Thabiso all of his money

tonight. My friends really came through for me. That moron has too much money hey but I left some for him so he'll easily get back on his feet I'm not evil .

At this point of my life I am content , I have every thing I ever wanted . My loving woman here made my day actually, she had really captured my hear I swear. After we made love she fell asleep and I carried her to the bedroom. I should ask her to move in with me now, no infact I should ask her to marry me. First I have to take her to my home then propose I'm not letting her go. She is mine just as much as I am hers. I fell asleep with the love of my life on my arms a happy smile.

"FLASHBACK"

I'm at Brandon's with Thando and some guy that we usually contact only when its emergency he is good at everything

Thando: are you sure that you want all of his money?

Brandon: I have already cloned all of his cards , did you get the pins?

Me: I want to teach this guy a lesson, maybe sometimes in future when I've forgiven him I might give him all of his money back, and it was very easy getting the pins. I guess him and Noxolo decided to use the same pins for their bank cards because they are the same.

Thando: stupid! , how did you get Noxolo's pin?

Me: I took her card by mistake and left mine with her some other day so I transferred money to her card and asked for the pin because I had something work related I had to buy.

Brandon: lucky for you it was easy. It wasn't easy cloning the cards you know.

Thando: I'm just amazed that Thabiso did not even think of changing his pins when he and Noxolo divorced .

Me: His loss. My guy please transfer everything in this card and

only leave about 20k to get him by "

Brandon: you are too kind.

Me: Dont I know it .

The next day

I've known for a while now that I'm never letting Noxolo go and I have a lifetime to show her how much I love her. And I know if I propose to her right now she will definitely refuse the proposal as she is still processing the news of her being pregnant so I don't want to overwhelm her with the marriage proposal yet. Maybe after she gives birth then I will ask for her hand in marriage.

It is now time to go to my parents house

Advertisement

Noxolo has been changing clothes like nobody's business I told her that they will love her in whatever she is wearing but she said she wants to make a good first impression, who am I to argue with her so I let her be but now we are late.

Me: babe come on let's go

Her: I'm meeting your mother for the first time

Me: and she will love you

Her: do you think that uzowathanda ama scones?

-... she will like the...

Me: she will love them. Come on let's go. .

Noxolo☆

We got there and they were expecting us. I'm really nervous to be meeting his family for the first time worse thing is that we are already pregnant already starting a new life together.

Njabulo knocked and we got in . We greeted each other

Njabulo: This is Noxolo the one I was telling you about

Bongeka: siyajabula ukukwazi Noxolo

- we are happy to know you Noxolo

Me: I've been wanting to meet up with you but time did not allow us

Mother: you are even more beautiful than the pictures Njabulo showed us " I smiled and looked down

Me: Thank you

Mother: Let's go to the table and enjoy some food

Njabulo: we also bought something, Noxolo baked

Bongeka: wow and we love amakhekhe, thank you.

Overall meeting with the family was good. There was not an awkward moment, the conversation was just flowing and I love them because it did not look like they were pretending to like me. We did not tell them about my pregnancy because it's still too early for people to know.

Chapter 45

I'm sorryyyyyy, please forgive me.???

We had a great time with my in laws. I'm laying ontop of Njabulos chest drawing little hearts after a steamy session we just had and we are both not sleepy .

" Baby I have to go see Lisa it's been a while since I last saw her "

Him: You will not sleepover?

Me: ofcourse I will sleepover babe

Him: I enjoy having you in my arms like this and I want to sleep like this for the rest of my life, please dont sleep over because its gonna be hard for me to fall asleep , I'm so used to sleeping in your arms

Me: mmh I will come back then

Him: ugh.. I think you shouldn't, uqinisile you haven't seen her in a while

- You're right

Me: you are a darling

Him: for you, always.

Me: I love you

Him: uthandwa yomi

- you are loved by me.

Him: how do you feel about finding your family? "

The beat of my heart changed drastically

Me: Family? What family? " I tried to free my self from him but he held me tightly

Him: listen babe. I know that you say you dont know about your parents roots as it was always the three of you no extended family members and whatsoever. But I think if we look for them we might find them.

Me: why haven't they looked for me if they want to be found? My parents has never ever spoken to me about their siblings or their parents and maybe it was for a good reason ."

Him: I'm a very traditional man babe, I want to pay Lobola to your real family once we decide to get married "

Me: I dont want to talk about this thing Njabulo, that family you are talking about would have found me if they wanted to.

Him: what if they dont know about you?

Me: Oh please, just drop it, let go of me".

Him: we will look for them." He let go of me and I made sure to create some space between us .

Him: stop sulking my love, it doesnt suit you.

Me: let's say we do find them

Advertisement

then what?

Him: You will find out why your parents left. After that you will decide if you want to build a relationship with them or not."

Me: I will think about it.

Him: that's all I ask.

☆ Thabiso ☆

I don't know what type of bad luck is this. Just yesterday I had money and today , today I have nothing on my name. Atleast I still have work but it's not the same. How am I gonna pay for all the essentials at home this month. Worse the month has just started and my parents are expecting money from me very soon. At this point in really wish that Thabani had a job. He would have helped me.

If Noxolo was here she would have known what to do and did everything in her power to help me. I'm sure by now her business in selling the fast food would have bloomed into something more only if!.

This thing has really humbled me . And now I must not spend money recklessly or give Thabani any cent because the reason he is not working is because I give him money. I think he should sell fast food just like Noxolo used to do because he seems to like quick cash.

I heard a knock on my door and I stood up to open.

Mama: Thabiso

Me: Mama, uyaphila?

Mama: Ngyaphila, ngihamba nomama basesontweni siya emthandazweni wakusihlwa

- I'm fine, I'm leaving with church ladies for a night prayer

Me: Uhambe kahle mama

- Go well

Mama: ngicela unghambise Ndodana

- please take me there son.

Me: Ma, I'm trying to save petrol. I told you that this month I'm broke , right? So the little petrol I have to save so that I will be able to go to work. Ask Thabani

Mama: Kodwa nawe uyazi ukuthi uThabani akahlali ekhaya

- But you know that Thabani is always not here at home

Me: I'm sorry Mama. My hands are tied

Mama: Okay kulungile" she left , after a while I felt really bad and I decided to take her .

Me: it's fine I'll take you"

She was by the gate leaving already .

.

.

I know who took my money and I seriously want to make him pay but I wont. I will keep my distance but I'll be watching him. One mistake nje and I'll have Noxolo all to my self.

☆ Njabulo ☆

Noxolo has left to visit Lisa and I'm already bored with being alone in this house. I'm so used to spending too much time with her now even my friends are starting to notice that I don't spend just as much time as I used to spend with them before. I'm sitting outside drinking beer when a lady with a huge suitcase approaches me.

Her: hello"

Me: Hi

Her: I'm sorry to bother you but I think I'm lost. I'm looking for Sebenzile

Me: Hhayi you are really lost my sister. Try the other neighbors

Her: oh God. I've been up all day now, she told me she lived around here and I lost the paper where I wrote the address " she started crying

Me: um.... don't cry, let me help you look for her okay? It's gonna be fine you will find her. Just don't cry please

Her: I'm sorry it's just that I've been going up and down all morning and I'm getting frustrated now because I..."

Me" it's fine. Let's go with my car it will be easier. I'm Njabulo by the way

Her: Lungile , my name is Lungile.

Chapter 46

Njabulo ☆

I helped Lungile with looking for Sebenzile and sadly we did not find her anywhere and she said she will just have to keep on looking by foot. And I just couldn't let a lady go looking for someone she does not know where she will find plus it's already late so I offered her a place to sleep for tonight and she will wake up early and continue with her search of Sebenzile. I led her to the spare bedroom. Luckily Noxolo already cooked so I dished up for us and ate.

Her: You really know how to cook hey .

Me: My girlfriend cooked before she left

Her: she is really good, you live with her?

Me: You can say that cause most of the time she is here plus we work together

Her: wont you get bored of each other thou? Seeing each other 24/7 ?

Me: the way I love her I will never ever get bored of her.

Besides we aren't always together at work. She works at the office and I'm always out.

Her: mmmh.

We finished eating and Lungile took the plates to the kitchen .I

received a call from Noxolo.

Me: wifey.

Her: not yet.. but u sharp? Lisa and I have decided to eat out maybe we will also grab some drinks

Me: Okay babe. I just miss you. I dont know how I'm gonna fall asleep today sleeping alone.

Her: you'll just have to be strong my love . Have you eaten .?

Me: Yes. I actually wanted to tell you that I.. "

" I'm done washing the dishes..how about I go and bath now?"

Lungile said coming toward me.

Noxolo: who was that? I've been gone for only a few minutes and you are already inviting girls to your place?

Me: it's not like that baby, I was just about to tell you that Lungile was looking for her sister and it got late so i offered her a place to sleep, only for tonight. She's is new in town so she doesn't know anyone except for her sister that she couldn't find "

Noxolo: oh it better be that only, but couldn't she go to the hotel?"

Me: I didnt ask babe. I'm sorry "

Noxolo: its okay, just tell her to stay away from my man. I'll come by ngo7 tomorrow morning "

Me: Trust me babe. Listen let me show her the room she will sleep at and I'm going to call you before I fall asleep."

Noxolo: and I will make sure to answer. I love you, Lisa is giving

me a stinky eye now

Me: I love you more

Advertisement

have fun. " she dropped the call .

Lungile was just standing there looking at me.

Lungile: I can tell that you really love this woman by looking at your eyes

Me: she means the world and more to me , and what's even more nice is knowing that she loves me just as much .

Lungile: that's good. Let me go now and sleep.

Me: sleep well.

Lungile☆

He is just amazing. I could see when he spoke of her that he really have serious feeling for her. He loves her. The happiness in his face when he was on the call with her was beautiful to watch. The way things are looking I'm stuck between the rock and the hard place . How can I ruin something this beautiful knowingly. Atleast last time with Tee It was just business . I hurt that lady and she didnt do anything to me. Am I willing to hurt her again ? . What proof do I have that after I've caused havoc in their relationship she will go back to Thabiso? I'm in fact

playing with my life for someone that doesn't care about me. He doesn't even think about me so why should I feel the need to make everything right when they are right just the way they are right now.

I will not ruin Noxolo twice. I have decided I'm leaving. But I will first wait for Njabulo to fall asleep before I leave. .

Noxolo ☆

Honestly speaking I did not enjoy my outing with Lisa just as much as I would have wanted to because I kept on thinking about this Lungile person that was with my man.

The next morning I woke up very early and the cab took me to Baez's place. When I got there I opened with my own key and surprisingly it wasn't locked. So I got in and quickly went to our bedroom. And my baby was still sleeping. I got out and checked the other rooms and there was no sign of another person being here.

I went to the kitchen to make breakfast for us since I left without eating kuLisa.

" mmmh its smells good in here "

Me: Good Morning babes, I'm almost done here"

Him: when did you get here?

Me: not too long ago, where is your guest?

Him: in the guest room

Me: mmh theres no sign of anyone ever being there my love.
Sit down so I'll dish up for you.

This thing of Njabulo's guest disappearing over night doesn't sit well with me. I mean why would she leave and Njabulo is also confused just as I am

Me: Maybe she found the sister she was looking for.

Him: I highly doubt that. I mean we looked all over this neighborhood

Me: or maybe she was here on a mission. Can you please tell me how did she look like? "

He explained what he could remember and I took my phone and went to Facebook.

Me: is this her?

Him: Yes that's her, how do you know her?"

Me: this bitch is testing me. " I said and stood up

Him: Calm down babe and tell me within umazelaphi."

-"... and tell me where you know her from"

Me: She is Thabiso's wife.

Him: Whaaat? I let that person sleep here

Me: I'm telling you baby she was on a mission to destroy

Him: mmh I wonder what changed her mind

Me: Its obvious that there was no sister she was looking for. She just wanted a way to get in here, and how can we know that she didnt put anything in this house . She doesn't know me"

Him: Baby come sit down and calm down please. You are not supposed to be stressing

Me: See your good heart has opened the door to snakes. Aaargg I'm so angry right now"

Him: I know I know, i'm sorry . If I knew her picture I wouldn't have even spoken to her I swear. I was just trying to help a lady that claimed she was new at town".

Me: its fine my love. But between me and Lungile it's far from being fine . "

Chapter 47

I can not afford to loose Njabulo, worse to Lungile again?
Never. She doesnt know me just because I did not fight for Tee it doesnt mean that I will not fight for Njabulo. I've had enough of her. And why do these boys just jump to every thing she says vele? But she made the right decision by leaving cause I do not know what i would've done if i found her there . This girl is gonna turn me into someone I'm not stru.

I finally calmed down because Njabulo kept on telling me that being angry like this is not good for and for the baby and I instantly calmed down.

Him: asingayi emsebenzini namuhla

- let's not go to work today

Me: sizohlala senzeni imini yonke? Futhi unama appointments babe that you cant get out of."

- what will we be doing the whole day? You also have appointments..."

Him: we'll do something together , maybe go out to the cinema we havent watched movies in a while

Me: Okay fine. Atleast let's go to work and by 12 we will leave cause I know tonight you'll be overthinking about everything that happened at work in your absence. "

Him: You are right. Okay let's go change then "

We went to the bedroom and I took out clothes for him and for me.

I undressed and he was just looking at me

Me: Gqoka izimpahla babe uyeke ukungbuka"

- wear your clothes babe and stop looking at me"

Him: Ngbuka isthandwa sami. Ngiyakukhumbula "

- I'm looking at my love. I miss you"

Me: im right here "

I knew he just meant he misses making love to me.

Him: come here " since he is the boss and even if we are late no one will notice I guess a few minutes of pleasure wouldnt hurt .

We are now at work and I'm talking on my phone with Lisa

Me: Anginficanga oe

Advertisement

angazi bengizomenzenjani yazi "

- I did not find her , I dont know what I would have done to her "

Her: kambe vele uNjabulo akamazi yingakho ekwazile ukungena kwakho

- Njabulo doesnt know her thats why she was able to enter your

house

Me: Angazi nokuthi ufake ini laphana oe. Ngzothini nje ubezongiloya?

- I dont even know what she put in there friend. What if she came to bewitch me.?

Her: Thandaza mnganami but it's weird nje that she just left

- Pray my friend

Me: Maybe she left because her mission was accomplished

Her: That we don't know. , I'll come by to see you later

Me: Rather come tomorrow we are going out tonight

Her: Okay then. Bye "

Me: Okay"

By 1pm Njabulo told me that we should leave . We got home and we changed our clothes then we left

Him: We should start with eating first.

Me: ngilambile vele

- and I'm hungry

Him: ufuna ukudla kuphi?

- where do you wanna eat.?

Me: ngihalela i chicken so masiye Nandos

- I'm craving chicken so let's go to Nandos

Him: okay. " he held my hand and kissed it. I looked at him

Damn I love this man. We finally got to Nandos and he got out

and opened my door. I got out

Me: Oh what a gentleman " he laughed

Him: only for you

Me: I love you

Him: How much ? " he asked holding me by my waist

Me: Aah aah babe no PDA

Him: come on! We last kissed this morning

Me: I'm hungry it's time to feed me and your baby. We will still have a lot of time to kiss

Him: okay fine."

He closed the doors then locked the door

Chapter 48

The date has been going well so far and we are even thinking of letting go today and do something we did not plan , we will just have to see where the night will take us.

Njabulo: You know we have never ever went to a holiday, slept at a hotel and just relax

Me: I wonder why

Him: A lot has been happening babe. But today we are going there. I've booked us a hotel and I just want you to relax, I know this whole thing with Thabiso has been taking its toll on you and I'm glad its finally over "

Me: I dont know if its over yet. If theres one thing I know about Thabiso is that he is very stubborn so maybe he's just gathering some much needed energy. Plus after his last stunt I'm sure he has lost all hope that he might ever have me back

Him: There's nothing motivating him anymore. Right now he is busy with regaining his dignity and making sure his family doesn't go go bed hungry.

Me: it serves him right. I dont know why he cant just accept that I've moved on. Talking about him is just going to spoil my mood

Him: How's the food?

Me: You Know Nando's chicken always slaps hun.

Him: That it does. What do you think of moving

Me: moving as in?

Him: As in getting a new house.

Me: What's wrong with the one we have now?

Him: there's nothing wrong with it . I think it's small considering the fact that we are about to be parents and all

Me: Yea you're right plus we must host your family for dinner one of these days .

Him: so we good?

Me: Yes as long as it's the house of my dreams

Him: I wouldn't have expected anything less.

Me: Ngyakuthanda soka lami

Him: Ngyakuthanda nami mama wabantwana

Me: I can not believe that this is us. This is me, we have had a long journey

Him: You are a strong person my love.

We later finished eating and we went to the hotel. I was surprised that he has already booked it cause I thought it was something that wasnt planned nje so I was pleasantly surprised.

Me: awuu Mr kanti when you told me you think we should do something crazy you already booked us a hotel?

Him: Yes but I wanted it to look like it was your idea

Me: You're evil Njabulo" I said that laughing and he laughed too. Him: Only for you.

When we got to the hotel room he told me to close my eyes and I hesitated at first but ended up doing as he said. He

opened the door and led me inside. Then he stopped by the door and told me to open my eyes.

When I looked around all I saw were the balloons all over the room, red balloons I also saw the beautiful set up by the window picnic style with beautiful cushions and delicious food also a laptop. Okay

Me: what is this for? Its beautiful

Him: we are going to just relax and watch a movie. I want you to relax today

Me: thank you so much for this. I love you

Him: You deserve it.

We sat down and cuddled eating and then we would kiss in between. 2 hours later the movie was over and we went to the bed we were both tired so there was no love making tonight. The next morning I woke up alone in bed and I quickly got off the bed and already there was breakfast waiting for me and a note

" after you finish eating please freshen up , someone is gonna come to fetch you. Wear the gown only.

I love you. N"

I ate my breakfast very excited about what's to come cause I know my man. He can be romantic when he want to like last night. He just made me fall in love with him all over again.

When I finished eating I went to shower and when I was done I wore a gown like he wanted me to then ten minutes later there

was a knock on the door , I went to open and there was a lady there she greeted

Her: I was told to fetch you

Me: Okay so where are we going?

Her: Your husband booked you a little something for you to relax " he is not my husband but I did not say that out loud

Me: Okay lead the way.

I was shocked when I got there seeing other ladies being massaged and doing their facials and manicures and pedicures it was just a peaceful space full of women being pampered. I'm gonna like it here . I registered my down down and they told me to sit down.

Lady: Its gonna take some time because your man booked everything for you so where would you like to start?

Me: What do you recommend??

She told me I can start with my face first .

Lady: what would you like to drink, wine or champagne?

Me: Wine please, white wine if its available.

Lady: Okay it's coming right up. In the mean time please just relax I'm gonna be with you now.

All in all I had a wonderful time and the conversation there was awesome. They made me feel so relaxed and free. After I was done with everything I went back to my hotel room and there was a dress there and shoes right on top of the bed and I figured it was for me . It was a very beautiful dress so I'm sure

we are going out ,I wore it . I received a call from Njabulo

Me: Sthandwa sami ukuphi?"

- "my love where are you.? "

Him: I'm coming now babe. Can you please meet me in the lobby? "

Me: okay I'm coming "

When I got to the lobby he was there looking all yummy in a suit i hugged him.

Me: You look really good babe, so where are we going?

Him: You look beautiful like always. We are going to the hotel's restaurant, come"

Me: You are spoiling me hey.

Him: only the best for you sthandwa sami.

We got to the restaurant and the hostess led us to our table.

My gentleman boyfriend opened the sit for me and I sat down .

He also sat down and looked at me and smiled

Him: "You are really beautiful. Ngbona abakithi abangilethela intombi efana nawe"

Me: * I blushed and looked down)" Thank you for loving me for who I am.

Him: so how was your day ?

Me: Really great. Thank you so much for today. You do not know how much I needed it.

Him: you are welcome..

A waiter came our way and we ordered , after a while our food arrived and the conversation was really flowing. Njabulo can make a person have jelly legs while sitting down when he wants to so he was seducing me the whole evening and I couldnt wait for us to go to our hotel room.

Him: You know babe every time I look at you I just melt. You came into my life when I needed you the most even before I knew that I needed you. You helped me keep my shop even right now you are helping me with the shop and you've been an amazing woman every man dreams of,(he laughed) luckily you are mine. "

He held my hands

" I want to make you my wife. I want to give you my last name and I want our baby to have both parent living under the same room. I can't imagine my life without you I love you so much I want to wake up every morning with you by my side. Please be my wife "

By that time I was the crying mess

Me: Are you serious?? " I was kinda shocked , " yes yes yes I will be your wife "

Him: Thank you thank you" he gave me the ring and it was amazing. A simple right but beautiful and I wouldn't trade it for anything else.

Me: I love the ring and I love you too "

From that moment I knew that I made the right choice by leaving Thabiso. It was the best decision I ever made and I could now see the light at the end of the polygamous marriage and that light was Njabulo.
