Zobuhle

I drove for what seemed like hours and finally found a spot where I can sit and think. All my life iv been with Kabelo. Iv helped him grow the company that I work at, helped him get where he is and all he has done is cheat on me girl, after girl. Iv lost two kids because of his tendencies and now he fucks my sister. My own flesh and blood? I sat there with the tape held to my chest and I screamed out of pain, anger and agony.

Somewhere on a private property

Lately I have been restless and I couldn't pinpoint it as to what has been causing this. Today I took a day off from all the business world that I run and focused on myself. I was walking with the guard behind me when we i saw someone sitting by my pond screaming her lungs out. My first thought was that she will jump into the pond so I ran towards her and stopped giving

her space while she cried. I signalled for my guard to leave us alone for awhile and he did. I stood there with my hands in my pocket waiting for her to finish her grieve.

Zobuhle

I saw the shadow behind me and I slowly wiped my tears and turned as the sun blinded me and I moved and there he was. To say he was handsome is an understatement. You know those rich brown skin guys. Muscles up and tall with an adam apple? The Jeremy meek type with light green and greyish eyes like a crystal. That kind of handsome men with brush hairdos. He looked so serious with his jaw flexing.

Him: You trespassing! He murmurs with a cool calm voice

Simple two words that made me buckle. What the fuck is wrong with me, don't I freaken hate man for what just happen? I took my heels without talking and the tape and turned and walked without looking back got in my car and sat there screaming for some time. I really need a game plan. I sat there and closed my eyes and than turned to find the guy standing by my window.

Me: I know am trespassing... give me a minute please ill leave.

He looked at me for some time than opened the door.

Him: Ill ask Glenda to make you a fresh cup of tea before you leave

looks like you need a cup.

Me: its okay, am good.

Him: Am not asking.

I kept quiet as he said that in a smooth calm voice yet commanding. I got out of the car and we walked the short distance and a house came into view. A beautiful big house that I had to stop and look at the house for a moment than walk in. He freaken have a butler. Who has a butler in this day and age? I walked in as he spoke to the butler in hush tones and I sat on a tiny lounge. Cosy with a section of a wall covered in books and the other section giving us a view. A view of a beautiful garden. I sat on one of the love seats and all the exhaustion of today seeped in and I closed my eyes taking in everything. A lady walked in and placed the tea with some biscuits and I swear i felt tears roll down my face as I wiped it off and smiled thanking her. I took the cup and drank enjoying the cookies as he stood there next to the window looking out.

Him: Am Motlhagodi

I looked at him.

Me: Zobuhle Majola.

He nodded.

Mothlagodi: Finish up your tea and Glenda will show you a room where you can freshen up, Dinner will be at 8, someone will fetch you after freshening up.

Before i could even say anything he left and I sat there letting the chair suck me in as I closed my eyes and let the tiredness take me away.

Kea

My heart was pounding so hard and I took my clothes dressing. I need to get home before she talks to mom first. Kabelo was angry and I could sense it. I dressed up fast took my phone and requested.

Kabelo: Ill call you, i need to find my wife

Me: Cool.

I walked out as the driver parked and I got in went home. I got there took a shower than dressed and went to the kitchen started dinner just as mom and dad walked in.

Ma: Aybo kupheka wena?(you cooking?)

Me: oh come on guys.

My dad gave me an eye as if suspecting something and I smiled as he shakes his head and walked out as I continued to cook, i

pray my sister doesn't tell them or worse make the video public!!...

Insert 2:

Mothlagodi

The minute I saw her all the fatigue that I felt disappeared. I stood a little far from where she dozed off on the couch and watched her sleep. I walked to the kitchen and found Glenda finishing up with cooking.

Me: Ma

She grinned and looked at me.

Glenda: First time you bringing a girl over.

Me: she was stuck by the pond.

Glenda: we always get visitors at that pond and you never entertained them.

Me: Who said am entertaining her?

Glenda: Iv been with you since the first day the king and Queen brought you home wrapped up in a small blue blanket. I watched those light green eyes tint into greyish in colour as the months went on. Iv watched you grow into a man that you are with your powers, i know you Motlhagodi... I know you like a back of my hand and trust me when I say that young woman is

special to you am not sure how but i know you will figure it out.

I kept quiet for sometime and looked at her as she finished up her salad.

Me: Must I pick her up to bed

She laughed.

Glenda: And than you say you don't care? How many times have your sister fallen asleep on that very same chair yet you left her there to deal with the neck pain later?

Me: Ay uyaphapha uYamihle.(yamihle is forward)

Glenda: I still say that woman is special.

Me: Here I thought am the one with powers here.

Glenda: Not in this department. She smiled and walked to the oven and I turned to go pick up Zobuhle and she snuggled as I placed her in the guest room.

Kabelo

I searched all the nearby guest lodges and she wasn't there.I called ntombi her assistant and friend.

Me: Hi

Ntombi

The minute he called I knew he messed up.

Me: Hi

Kabelo: am looking for Zoe

Me: She left for home hours ago

Kabelo: she not home and its getting late.

I was starting to panic because it not like her to vanish.

Me: ill call her

Kabelo: Thanks

He hung up and I sat there. Called her a few times and no answer. I sent her a text:

“Please call me within the hour or am going to call the cops”

Zobuhle

I woke up with a fright and slowly got out of the most comfortable bed ever. I switched on the lights and saw myself on the mirror and I was horrific. My mascara was dripping all over my face , my hair was pointing in all directions. I walked into the bathroom and washed my face and undid my bun and

brushed out my hair. I walked back to the bedroom opened one of the drawers found a baggy female top that had mom written on it than I took it went to the bathroom washed my armpits and changed into that top. I wore the white sleepers and I looked much better. I sorted out my mess and dusted the bed than slowly walked out of the room, marvelling at the perfection of this place. I looked at the wall that had family photos and I saw Motlhagodi always with a beautiful tall gorgeous girl. By the far end there was a portrait of the king of Queen smiling looking beautiful beyond words. I walked into a lounge and found the old lady setting up

Advertisement

i figured she is Glenda.

Glenda: you up?

She grinned at me and I smiled back.

Me: Let me help.

Kea

I was dishing out and mom walked in looking worried.

Dad: Yini Masthole?

Ma: Its Kabelo, he just called to say that Zobuhle is not home.

My dad took out his phone and called

Dad: Akaphenduli

Ma: That not like her to not answer calls

Me: Aybo she is a big girl mama am sure she fine, i spoke to her earlier and she was fine.

Dad: in this day and age?

Me: kahleni bo.(hold on) i sat down with my heart beating fast. I sent a text to Kabelo:

“ why call ma?”

“ am worried about her?”

“ didn't you say you leaving her?”

He didnt answer and I kept quiet as I ate with my father looking at me with those piercing eyes.

Dad: Something is amiss with you today Kea. Are you okay?

Me: just a stressful day dad, am good.

He nodded and we ate in silence with mom in her own thoughts....

Insert 3

Nyakallo

Life has been amazing the past 27 years. I had a son Mothlagodi who is our pride and joy. And my lovely daughter Yamihle who has always stood by my side throughout everything. We have had our ups and down but yet here we are loving every moment of each other. I loved how Hlelo loved me and I loved how he loved our family. I got in bed and Hlelo followed smiling after his daily call with Yamihle

Hlelo: she says goodnight

Me: will she ever grow up?

Hlelo: let my baby girl be.

I smiled and got in the covers.

Hlelo: I've been thinking

Me: about?

Hlelo: us retiring and passing the throne

Me: To who?

Hlelo: You act like there is someone else we can pass it to.

I looked at him.

Me: He did say he doesn't want it.

Hlelo: maybe he has changed his mind.

Me: Come on Hlelolenkosi!!!

He looked at me, he knows when I say his name in full when am frustrated.

Hlelo: This is his legacy's.

Me: I know but not now.

Hlelo: i feel like we always bid to his word.

I laughed at him.

Me: You see how you feeling right now? Its how everyone in this palace feels like. Plus you created big shoes and his not ready to fill them so, do not push babakhe!!

Hlelo: His so reserved though and hardly says anything, sometimes I find myself worrying about him being out there in the world.

Me: His different remember

Hlelo: I know, without him, i would have lost you.

Me: Exactly

Hlelo: I just wish...

His phone rang and he looked at it and smiled as he put it on speaker. The love he had for his kids.

Mothlagodi: Am checking in dad as per agreement

Hlelo: is it not because you miss your father and you wanted to wish him a goodnight?

Mothlagodi: am 27 years old dad. I can't be checking in every night.

Hlelo: What can be stopping you from doing so?

Mothlagodi: Goodnight dad, goodnight mom.

Me: I love you.

Mothlagodi: I love you more than words can explain mom.

Hlelo: What about me?

Mothlagodi: You are my heart dad. You are my actual being, you are the reason I wake up every morning with a purpose.

20 years of hearing the same words from Mothlagodi and Hlelo still has tears in his eyes every night when he checks in. These are the first words he started saying when Hlelo tucked him in every night and it has been they thing ever since.

Hlelo: I love you Hlanganani.

Mothlagodi: I love you more.

There we both silence for a minute . There was a girly laugh at Mothlagodi background and I swear Hlelo jumped off the bed.

Hlelo: You have company?

There was silence as Mothlagodi sigh.

Mothlagodi: Dad don't start please.

Hlelo: its just an innocent question son.

Mothlagodi: Dad!!!

Hlelo: I just wAnt you to have what your mom and I have. Is that too much to ask?

Mothlagodi: Dad!!

Hlelo: Tell me one thing than ill let it go

Mothlagodi: Fine...

I was finished with laughter, these two have a bond that I sometimes envy.

Hlelo: is she sleeping over?

Mothlagodi: Dad!!!!!!....

Hlelo roared with laughter as he hung up and started dancing.

Me: You going to break your back.

Hlelo: Did you hear that? Its a girl... a fucken girl!!! My son has a girl in his house am pretty sure the furniture is shocked. He roared with laughter.

Me: He had girls before.

Hlelo: Not in his house. Not at 8 minute to 8. Not when his suppose to be having dinner!!!

Which is true, Mothlagodi is so routined that even I know his schedule.

Hlelo was grinning and laughing, he was literally happy.

Me: Can you get in bed please

Hlelo: My son has a serious girlfriend, let me celebrate.

Me: He didn't say that.

Hlelo: Apart us family, who else has he ever shared a meal with?

I closed my eyes trying to think and no one.

Hlelo: My point, our weirdo is finally getting a little humane. Oh God is good baby. Tonight we having wine and am fucking the daylights out of you. Am to happy!!

I laughed at him as he went to fetch the wine. I swear it like being married to a kid. ,Mothlagodi

I walked in the dinning area to find her laughing with Glenda. Glenda excused herself and she looked at me with a smile. I placed the tape on the desk and her face froze.

Zobuhle: Did you watch it

Me: No, She quickly walked to it and took it.

I really didn't watch it. I saw she was wearing a wedding ring and my heart sank. I have no idea why but I felt it sink. I guess she looked at me and looked at the ring than took it out. She took a serviette and placed it there. I kept quiet. She raised the tape.

"Today I walked in my husband of 7 years fucking the daylights out of my sister, they were recording themselves too. This is the only thing I grabbed on my way out"

What does one say in these kinds of conversations?

Me: is this the first time?

She looked at me.

Zobuhle: Does it matter?

Me: Yes

Zobuhle: Why?

Me: My understanding is that man are creatures of habit. They do something once and if its enabled than they do it over and over again. For example: if I always leave my socks in my shoes and in the morning I find out that those same socks are now in a washing bin. When I come back ill leave them in my shoes again because I know that you will take them out. So is this the first time?

She looked at me baffled.

Zobuhle: are you saying he did this because of me?

Me: No

Zobuhle: than?

Me: Am saying if he did it the second time around. Its because you forgave him the first time without any consequences so being a man he did it again knowing that you will do the same as you did last time when he did this.

Zobuhle: Last time it wasn't my sister!!

She raised her voice and I could see she was getting mad, i think this is not what she wanted to hear.

Me: I think i shouldn't have said what I said. Am sorry.

She looked at me for some time.

Zobuhle: You were really suggesting that I enabled him.

Me: And her.

She dropped her fork and looked at me in her big eyes. Now that the black paint coming out of her eyes was gone, she Really looked cute with her tiny features and big eyes. The Kelly Rowland type of beauty with dimples.

Me: Look am not a good conversationalist and I suck on human interaction. But my guess is that your sister slept with your

husband because she has done things to you before and you swept it under the rug giving excuses for her actions. You never held her accountable. Your husband did this because he knows you, you'll had similar issues before and am guessing you never really reprimanded him to the point that right now his doing it again. Am not saying what happened is your fault but you as much to blame as they are. Do not shift the blame to them alone.

She looked at me shocked and speechless. I took my fork and ate. She abruptly got up took her tape and walked out.

Me: You doing the same thing that you did when confronted with a situation. Run and not address the issue. Come back tell me why you think what am saying is wrong??

Zobuhle

I froze in my tracks. In all my life iv never meet such a straight talker.someone with no filter. Someone who shows you a perspective that wasn't really on my sight. I turned and walked back burning. This time I was fuming with so much to say....

Insert 4:

Zobuhle

Him sitting there and eating as if he didn't say that just irks me.

“ I did not tell Kabelo to cheat on me, i was under the impression that when one makes those vows. They know what they getting themselves into”

Mothlagodi: Did you ever raised the issue of infidelity with him?

Me: His a grown man, why should I tell him not to stick his balls in every whole that he sees.

Mothlagodi: well clearly we both on two different thinking paths.

He took a sip of his juice and I swear I almost choked on my own saliva

Zobuhle: You did not just say that!!!

Mothlagodi: let me tell you something, people treat you how you allow them to treat you. You the one that give them room to either respect you or to disrespect you. And if either one happens, you the one also that reacts accordingly and how you react will determine how they treat you moving forward. So this whole situation is on you. You allowed your husband to

disrespect you before giving him room to do it again this time with your sister. Same with your sister, loyo ke akasiye nje umuntu(that one isnt even human) no one in they right mind will do what they did to they own sibling unless they have an agenda.

Apart the fact that he spoke Zulu so perfectly he truly was making sense now.

Me: So what do I do?

Mothlagodi: Oh am not going to tell you how to live your life, its up to you if you want to give them another opportunity to disrespect you or you create a new space where you get respect without even begging for it.

I sat down ate the food with my thoughts all over.

Me: Can I sleep over.

I mumbled and he looked at me.

Mothlagodi: no problem, ill get a driver to bring your car up.

Me: Thank you.

Mothlagodi: Pleasure.

Kabelo

In all the years iv been with Zobuhle she has never slept outside these walls without me knowing where she was. When the gate opened at 9 am and she drove in parked and walked in the house she didnt greet nor look at me. She went to the drawer took out big black plastic bags and went to our room. She opened the closer and took her clothes one by one throwing them in a trash bag.

Me: Baby

She ignored me as if she didn't hear a thing Iv said and continued to pack.

Me: Am sorry

She ignored me and I was panicking. This is not like her

Advertisement

she is a kind person and always come up with solutions of saving us, our marriage and life.

Me: Please talk to me.

She turned and looked at me and the person looking at me was someone else not my wife and I panicked

Me: I never meant to hurt you

Zobuhle: You didn't

That totally took me back.

Me: Can we talk.

Zobuhle: I have nothing to say to you, unless you have something to say to me ill listen.

Now I was beyond scared, in all over lives she has never spoken to me like that or looked at me in that light.

Me: Uhmhm it was a mistake.

Zobuhle: which part? Me finding you in my house with my sister in my bed or you fucking my sister?

Me: Don't be like that Zoe

She turned shoving everything in her bag.

Me: Why you packing.

She continued and took them to her car.

When she was done she took out the house keys from her keys and took her files and papers.

Me: Please don't.

Zobuhle: Ill send my lawyers towards yours.

Me: you giving up on us?

She took a tissue from her pocket placed it on the table, i opened it to find her wedding ring.

Me: Zobuhle!!!

She turned got in her car and drove off with me standing there looking at her as she drove off. I felt my heart sink and I knew that this time around I fucked up big time, 30 minutes later a letter of resignation from her came through. 45 minutes later she took half of everything out of our bank accounts and left me exactly with half. 2 hours later I got an email of the pdf documents of a divorce with a subject " please sign". My mind was buzzing as I drove to my parents to ask them to talk to her parents on my behalf. I cannot lose her on this, I felt my world spinning and I knew that this time around i really did mess up big time...

Mothlagodi

When she left the other morning I gave her a card to my penthouse in town where I stay when Am attending business in town. She took it and I knew she was going to stay there. I haven't seen her since a week ago and I haven't slept not thinking about her all the time and having to answer my father million questions daily was beginning to be too much. I swiped the card to the penthouse and when I got in the place was a mess with pizza boxes everywhere and wine bottles all over and music blasting out loud. She was wearing my Armani white shirt with no pants and my socks and singing to Toni Braxton Spanish guitar like a crazy person. There were big black bags everywhere with clothes spilling out of them. Its like a little pig

was staying in there. I stood there watched her dancing on top of my sofa that cost the same amount as her car. She screamed her lungs out singing and crying and when she turned she looked at me and hell behold she looked like a tornado hit her and it hit her hard.

Zobuhle: Opsy!!!

She trembled and fell with the wine spilling on my Persian rug. Am not even going to start on my shirt. I really don't care about all the things but lord this was too much not to care.

She got up and I saw she was drunk as she lowered the volume and looked at me.

Zobuhle: Don't tell me you have come to kick me out or the neighbours are complaining?

Me: You have no neighbours.

Zobuhle: Oh good than. Why you here?

Me: To check on you.

Zobuhle: Still in one piece!!!

She took a spin and fell again picking herself up and laughed.

Zobuhle: 7 fucken years gone just like that. 12 years of loving a person and what he does? He fucks my sister. My own fucken sister!!! How could I be so stupid.

I kept quiet cause I really don't know what a person says to such.

She got up and i watched her walk and my mind froze for a minute. Is she drinking my wine? 1998 Wine? Nah she isn't. I walked closer to her and there it was my vintage bottle half, no wonder she was this drunk. My head was spinning this was a collectors item. She took it off my hands and drank straight from the bottle and wincing when the bitterness shocked her.

Me: Do you usually drink?

Zobuhle: Never drank in my life.

Me: I see. How about we place the wine away and you take a shower and sleep it off

Zobuhle: How about you fuck me instead.

I froze as she slowly grabbed my balls and kissed me and all the blood in my body was rushing in all angles, the minute I got stiff she pressed herself harder on me. It took all the power in me to pick her up and take her into the shower. Open the door shove her in there and open cold water as she screamed her lungs out. I left her there and walked out calling the cleaning service as I poured myself a glass of my wine. Might as well drink it. Than dad wonders why am single!!!....

Insert 5:

Kabelo

Kea been calling non stop so i finally answered her call.

Me: yini

Kea: Ma says you called a family meeting for Saturday saying you want them to help you fix your marriage.

Me: Ya so?

Kea

My head was spinning.

Me: What you mean so?

Kabelo: Zobuhle is my wife, I can't lose her.

This guy better not drive me crazy.

Me: ngicela ungangihlanyise mina!!!(dont drive me crazy)

I hung up and took my bag and went to the Indian shop to track my sister phone. She needs a piece of my mind

Mothlagodi

After the cleaning service clean Zobuhle walked out looking fresh wearing my black shirt and socks and a panty this time around. I swear she likes my expensive stuff.

Me: i asked the lady to pack your clothes in the closet.

Zobuhle: Yep I saw them.

Me: Than why are you wearing my shirt.

Zobuhle: I love how the material feels on my skin.

I looked at her as she took a spin around the clean house and she grinned.

Zobuhle: Do you have ocd?

Me: No

She took a piece of paper from one of the files and tore it than threw it on the floor. I looked at it for sometime than picked it up which made her laugh. That rich laughter that makes you want to laugh too

Zobuhle: yep you have OCD.

Her phone rang she looked at it than silenced it.

Me: you not picking it up?

Zobuhle: not today

We were both silent for sometime

Zobuhle: Thank you

Me: For?

Zobuhle: Helping me out. Thanks.

Me: Its a pleasure.

Intercom: Mr Zungu

I walked to the buzzer.

Me: Yep?

Receptionist: There is a Kea Zondo here to see Mrs Majola that under your residence.

Zobuhle

I literally went sober within a minute.

Mothlagodi

The fear in her eyes was to much.

Me: She not home.

Intercom: She says she tracked her phone to here

Me: She not home!!!

There was silence as i looked at Zobuhle as she walked to the window looking out.

Kea

I took my pregnancy test that was positive and rolled it on tissue took a paper.

“ am giving him something that you never gave him in 7 years of marriage”

I left it with the receptionist and walked out going to Kabelo found him sitting by the couch looking like his life has ended.

Me: Now tell me what you were telling me over the phone!!!

I took my dress off knowing me being naked was his weakness he didn't say anything as he pulled me closer to him and fucked me till my legs were shaking. This is the time to tell him about the baby.

Me: I have good news

Kabelo: What?

Me: Am pregnant!!!

He jumped off me and looked at me.

Kabelo: its not mine.

I looked at him confused for a second.

Me: What you mean it not yours?

Kabelo: Angina nzalo mina sisi(am infertile)

Me: Its yours kabelo!!!! You the only man iv ever slept with!!!!

Kabelo: Its not mines and I want you to leave my house!!!

Me: Kabelo!!!

Kabelo: Ngithe hamba!!!(leave)

I took my clothes and got dress as he was pacing for some time than

He than held me tight.

Kabelo: Am sorry, i panicked but we cant have that child.

Me: What you mean?

Kabelo: You need to abort okay

He moved to the contour and took out a panado container taking out the pill in there.

I looked at him and pulled away and tried to leave when he pulled me with my hair strangling me shoving the panado in my mouth as I tried to kick and scream. He pinned me down as i gagged but he was strong I swallowed the pill as he looked at me satisfied.

Kabelo: I don't want to be a father. This will be over soon.

Me: What did you do?!!!!

I screamed at him.

Kabelo: I took care of the baby situation same way I did with Zobuhle!!

Oh my gosh what did i Just get myself into? What did I do ? This man is a monster!!!...

Mothlagodi

The services guys came with a plastic gave it to me.

Service: For Mrs Majola

She walked closer to me and i gave her the plastic as she slowly took it. Opened it and she fainted. I called my sister Yamihle as she is a doctor to come check her.

Yamihle

I gave her some drip to help with the dehydration and pain meds. Than walked to my brother who was pacing, this is so nice to watch.

Me: she wearing your Armani shirt.

Mothlagodi: I know

Me: your Versace socks

Mothlagodi: I know

Me: If I remember correctly you once said that no Tom dick or Harry is allowed to wear your things unless they your wife. That time I was wearing your pep morning shoes.

Mothlagodi: I know

I smiled enjoying this.

Me: when dad called saying you have a girlfriend, i never believed him.

Mothlagodi: I don't

Me: And yet she been in both your houses. You rent rooms for girls that you randomly fuck

Mothlagodi: am not fucking her

Me: I know, hence that why she is in your home.

Mothlagodi: Is she okay?

I picked up the vintage bottle of wine and laughed.

Me: This girl must tell me how she gets under your skin.

Mothlagodi

If only she knew I wondered the same.

Me: Thanks. You can leave now.

Yamihle: Not until you tell me what is Kabelo wife doing on your bed!!

I looked at her confused.

Me: You know her?

Yamihle: She is my patient

Me: I see

Yamihle: So?

I told her everything and she looked at me smiling.

Yamihle: He was never good enough for her.

I kept quiet.

Yamihle: Iv always wanted her to hook up with you yazi!!

Me: Thanks for your help, you can go now.

Insert 6:

Kea

The pain i felt throughout the two days Kabelo kept me here was an understatement. He helped me get my strength and did everything making sure the baby dies and when the big lumps stopped coming out he gave me something that cleaned me. He than requested uber to take me home and when I got there dad was angry for my disappearance, he shouted me and I got in my room and slept.

Zobuhle

Seeing my doctor after 3 years confirmed that she and Mothlagodi were a thing. She was all over his wall and she called a lot checking up on him and my progress. It got me angry as I was getting dressed for the meeting later , how could I be so stupid? When my mind came back I remembered the silly things I did when I was drunk and I have been avoiding him ever since. Iv copied the papers of the divorce and signed them. Am not leaving that house without a signature.

Mothlagodi

I know she been ignoring me and doing her best to avoid me but am not like that and I don't like being ignored. I drove to the pent house since I had a meeting later and walked in to find

her standing by the lounge wrapped in my towel looking at the couch with her mouth open. When I walked in she looked at me raising her phone.

Zobuhle: Your couch cost triple my car!!! Triple and you allowed me to jump up and down on it dancing? Your shirt is 12k that was half my salary!! Am not even going to talk about your 50k Persian rug!!! You let me drink a 350000 collection wine!!!!

Me: Technically, i didnt allow you to dance on my couch or wear my clothes or drink my wine. You did it on your own accord.

Zobuhle: You should have stopped me

Me: why?

I moved closer to her and stood right in front of her looking into her eyes. She looking sexier every time I see her.

Me: Is this why you been avoiding me?

Zobuhle

Him standing here looking all glammed up in his expensive suit, am pretty sure its my whole year grocery and a car. I looked up at him and his eyes glinted showing light grey.

Mothlagodi: You haven't answer my question

Me: Your wife....

Mothlagodi: Last time I checked i wasn't married

Me: Your girlfriend...

Mothlagodi: Am single

Me: When I saw her on your wall at first she didn't look familiar because she is all young on there but when she came here I remembered her, she my doctor and I last saw her 3 years ago when I miss carried. She been calling on you teasing you and clearly you guys have a relation with doctor Zwide.

Mothlagodi: Yamihle Zwide?

Me:yes

Mothlagodi: you saw all the pictures and missed the one where she grinning like a retard holding a baby boy in a blue blanket?

I kept quiet because i never saw it

Mothlagodi: You avoiding me because you think my sister might be my lover?

I kept quiet, i was feeling stupid and seriously it shouldn't matter what and who he dates, i need to figure out my life.

Mothlagodi: Are you sober?

He whispered making all my insides turn and i nodded yes.

So he lifted me up turned me into the wall and smashed me to it with my face sideways. I held on to it for dear life as All my senses were on overdrive. He parted my legs with his foot and I slowly did than made me arch as he slid his finger in me making me scream with shock and delight. He moved faster making me ache and when I was close to come he turned me to look at him totally naked and i was shy. He took the two fingers he used to finger me and licked them and before I could say anything he crushed his lips on mines and slightly patted my legs and slid his fingers in again while crushing me with his lips muffling my screams of pleasure in his mouth. All my life iv never been fore played like that, pleased until I came shaking and holding on to him wanting more, need more. When the last bit of my climax dripped down on my leg he moved from me and I saw a huge bulge in his pants.

Mothlagodi: Never tempt me ever when you are drunk, do I make myself clear?

I nodded he turned and left me shaking there heading towards the bathroom.... holy fuck !!!! What the hell did I just do??? Oh my gosh!!!!...

Insert 7:

Zobuhle

I had to take another shower again and I did than walked out to the bed and round clothes laid out for me so I wore the black pencil skirt with the white top and black shoes that had red bottoms and the head wrap I styled it in a glassy way than looked myself in the mirror and I smelt of strong, independent and wealthy. There was a small Red Micheal Kros bag on the bed and I took it grinning. I walked out to find him leaning by the counter. I thought he was gone.

Me: you still here?

Mothlagodi: And miss seeing you dress up? All i know you on is my shirts and my mom top and of cause naked.

I blushed thinking of what happened an hour ago.

Mothlagodi: i got you a driver that going to drive you and wait and bring you back.

Me: ill drive

He walked closer to me and stood there looking at me.

Mothlagodi: Am not asking Zobuhle. My driver is your driver moving forward!

Me: but

Mothlagodi: Zobuhle!!

I kept quiet looking at him as his eyes glinted. He kissed my forehead than looked at me.

Mothlagodi: you going to be emotionally exhausted when you come back and ill hate myself if something happened to you while I have a driver that can take you and bring you back in one piece.

Me: if they ask me about the car I wont be able to ask answer them.

He grinned and it was the first time iv seen him grin.

Mothlagodi: I see you never watched the news

I turned and switch on the tv but nothing was on. He pressed a few buttons taking me to News24.and I read: “ Mothlagodi Hlanganani Zungu is rumoured to have finally found his match after an unknown female was registered under his name at his CBD penthouse. This business guru and future king has never been spotted with a female in any of his residences apart social events. The lady is unknown but a very respectable source says she is the one. Our question is” is she our future Queen both in the corporate world and in History?”

I turned and looked at him shocked.

Me: The king and Queen portrait?

Mothlagodi: focus on today okay? Will talk about us later once this chapter has been closed!

I nodded as the elevator opened and a guard walked me to a black tinted car. I got in and he drove me home while my mind was all over the place.

Kabelo

Everyone was here even Kea sitting down. A car pulled up and my wife walked in looking beyond words. She smelt of power

Advertisement

its like I could see it was Zobuhle and at the same time it felt like a stranger too. She greeted and sit down next to her father who held her hand.

Malume: thank you for joining us makoti.

She took a paper and placed it on the table. Than took a tape and placed it next to it and I felt my heart pound so hard.

Kea

I looked at her with fear all over my face.

Zobuhle

Seeing everyone here my heart got that thud. I took my papers and the tape and placed it on the table.

Me: Am not going to waste anyone time. All my life iv been with Kabelo. He has loved me all my high school years and varsity years. We grew together and built things together and told ourselves we will conquer the world together. But here we are today, i really don't need anyone advice on this but those papers I want Kabelo to sign them or I play that tape. The ball is in his court. I really want nothing to do with him. Iv been ridiculed before but I forgave him thinking that all will be well with time but instead it got worse. Iv been pregnant twice and lost both those kids and had to listen to the very same family that here call me names. Iv had my own sister laugh at me because of my situation. Angifebanga mina(i was never a cheater) but had to accept his cheating ways over and over again. Am done!!! Angifuni muntu uzothi Zobuhle this and that. Iv sacrificed my morals and values for a man who never appreciated me or my time. Ngithi am done and if he wants his cows akasho ngimnike aphume kimi(if he wants his dowry just give me a say so)

Dad: You heard her. You going to sign the papers or we play the tape?

Thank God for my father. I squeezed his hand. I watched as Kabelo took the pen and signed the papers and I took them as he took the tape.

Kabelo: Am sorry!!!

I squeezed dad hand and walked out as my heart was in knots. I stood outside as things erupted in the house as family was asking him what he did and what on the tape. I wiped a tear as Kea walked out looking at me.

Kea: Am sorry

I looked at her for sometime trying to understand why?

Kea: He killed my child and am pretty sure he killed yours too.

I looked at her wiping my tears.

Me: I know

She was shocked and looked at me.

Kea: And you stayed?

Me: I guess I was waiting for this moment.

I walked via the back went into my room here at home and sat on the bed waiting for mom just as she walked in.

Ma: You good?

Me: Yeah

Ma: why you never told me that you having problems?

Me: I didn't want to stress you.

Ma: I know I shouldn't ask but am going to ask. Is that the royal car outside?

I looked at her confused.

Ma: It has a royal sticker.

I shrugged.

She hugged me and looked at me for sometime.

Ma: You have our support in all that you do.

Me: I know ma. Thank you.

Ma: your dad and I have some money saved up. We can help you get a four room nyana.

I wiped the tears in my eyes.

Me: Ma that your retirement

Ma: I know but...

Me: Am okay ma. Thank you so much.

She hugged me and I broke down and cried as she calmed me down murmuring calming words.

Mothlagodi

When the driver told me he driving her home, i asked for her to go to my house. I got there first and waited by the steps. When she got out of the car all I wanted to do was hold her tight and the minute I had her in my arms she cried. She cried her heart out and all I could do was to hold her and assure her that all will be well....

Inaert 8:

Mothlagodi

The past two days it was me just being there for her as she sulks. All the paperwork she submitted and she was finally single. I walked into the kitchen to prepare breakfast to find my sister walking in and looking jolly.

Me: Don't you knock?

Yamihle: Why should I?

She placed her bag took out a few things and put it in the fridge.

Yamihle: Say thank you

Me: For what?

Yamihle: Am taking Zobuhle out for some girl time. I booked us a spar for massaging, to do our nails and if we still have time do our hair and ofcause shopping and a late dinner.

I looked at my sister smiling, i know sometimes she could be too much but the love is there.

Me: What will i be without you?

Yamihle: I don't know hey.

She left me standing there and left.

Kea

I walked in the lounge since dad and mom called me and I sat by the chair.

Ma: Thank you for coming out

Me: Its okay

Dad: I called you here because I saw that things between you and your sister are tense. What going on.

Me: Utheni yena(what did she say)

Dad: Ngibuza wena(am asking you)

I kept quiet knowing that if she told them, dad wouldn't be this calm.

Me: We going to be fine.

Dad: I hope so. She going through a lot right now and....

Me: Mina???? Does anyone notice that am also not well???....
do you guys even worry yourself that the last two days I wasn't home!!!! Njalo its Zobuhle this... Zobuhle that!!!! Mina!!!!

Ma: Aybo Keabetswe!!!

Me: Ay tsek man... i got up and I was about to leave when dad 5 fingers landed on my face.

I turned to look at him and iv never seen him that angry.

Dad: No one swears at my wife!!! Go to you room and learn some manners. I took my bag and phone and keys and left. I left taking an uber to my sisters house and let myself in found the house empty and got in her bed and slept. I know I shouldn't be here but its the only safe place.

Zobuhle

My day with Yamihle has been amazing. She been a vibe and took me out to do my massaging, my hands and toe nails. Life was so good that I felt a little better. We were shopping and I saw one of the socks that he owns and I stood there for some time.

Yamihle: I can see your brains doing calculations.

She giggled.

Me: Am just thinking how does he walks in here and buy socks with 3500.

Yamihle: That what happens when you a millionaire

Advertisement

as for us we just buy sock ka pep.

I giggled cause I saw her socks and they not pep socks.

She paid and we went into a restaurant that I've never been in before.

Yamihle: I can see you grinning meaning you much better

Me: Thank you.

A tall blonde beauty walked to our table.

Her: yam yam

I watched her look at her and force a smile.

Yamihle: Londeka

Londeka: I see you with a friend, u kae Hlanga?

Yamihle: Out

Londeka: Mind sharing his numbers, i changed phones and...

Yamihle: How about I take yours and I'll let him know I bumped into you?

Londeka: Sounds good.

She rattled the numbers and Yamihle jotted it down than she left.

Yamihle: I swear sometimes my brother makes the stupidest decisions

Me: One of his girls?

Yamihle: Yep. Dated her for a week

I kept quiet and looked at the menu.

Yamihle: Am not telling you this to spite you. But he has a past, just like you. So leave some room for him to disappoint you.

Me: Thanks. I will.

Yamihle: on the other hand. This weekend its my mom birthday celebration and its a surprise and I know she will love to see you.

Me: Am not sure if that a good idea

Yamihle: Well it settled. Ill see you tomorrow in Durban.

I looked at her.

Yamihle: We royals, people never say no to us.

Me: Am still wrapping my head around that.

Yamihle: I see, he hasnt given you “ the talk”

Me: Nope

Yamihle: its coming soon.

We ate and laughed as the night got late. After some time my driver came to the table.

Yamihle: Tell him you never found us here. He nodded and left as I looked on in amazement.

Yamihle: I bet you a coffee date that his going to drive here himself!

I laughed and an hour later he walked in the doors with two guards looking fine in Jeans and a blue golf shirt. He had on reading glasses and he wasn't smiling.

Yamihle: Than you wonder why I like you. She grinned

Mothlagodi: I was in a meeting via zoom.

Yamihle: So? Asikubizanga thina(we never called you)

Mothlagodi: Happy hour is about to start.

Yamihle: So?

Mothlagodi: You said you bringing her home before the happy hour.

Me: What happy hour?

Yamihle: Its an hour of one of the best DJ here on decks.

Me: That sounds like fun

Yamihle grinned

Yamihle: You just read my mind.

I turned looked at the irritated Mothlagodi

Me: Ill like to see the happy hour.

Mothlagodi looked at Yamihle flexing his jaws just as londeka walked by with a chubby guy and pretended like she doesn't know us.

Yamihle: Londy!!!

She turned at us irritated

Yamihle picked up her number and handed it to Mothlagodi.

Yamihle: He has it now!!!

I couldn't hold my laughter as I laughed. my ass out with Yamihle smiling.

Than I turned to see Icoffee elimnyama on the decks and I lost it as I got up with Yamihle...

Insert9:

Mothlagodi

I sat there and watched my sister and Zobuhle dance. They were laughing and enjoying life and it was beautiful to watch. I saw the paparazzi snapping their pictures and I could see the headlines tomorrow and speculations. She came to where I was sitting and leaned on me looking at me smiling. Somehow her eyes were lighter and happiness suited her, I really don't know what got into me but I felt like kissing her right there and I did. I grabbed her softly and kissed her and I saw the flashes but I closed my eyes and kissed her. She grinned when I let go of her and I smiled at her.

Zobuhle: You smiling at me.

I tried to hold it in but I just couldn't around her.

Zobuhle: Will it be too much if I ask for us to dance?

Yamihle popped out of nowhere.

Yamihle: He never dances.

That seem to put me in a gear as Zobuhle took my hand taking me to the dance floor and yes I danced.

Yamihle

I never thought I'll ever see my brother loving life instead of being guarded. Having powers always made him cautious and right now, Zobuhle was what he needed. I took my phone out took a video of them dancing together and sent it to dad. I know this will make his day.

Zobuhle

My ballet classes helped me giving me rhythm because he knew how to move and that took me off by surprise. I've never danced in public but somehow with him I wanted to explore things cause he gave me space to do so. When the set was done he took my hand taking me to the table where Yamihle laughed.

Yamihle: You can dance

Mothlagodi: All the years watching you helped. I took a shot and took Zobuhle hand.

Yamihle: thanks for the drive offer

I laughed

like really laughed.

Me: You found your way to my house you can find your way out of here. We left with flashes of the camera here and there

Kabelo

Walking in to find kea in the house was a surprise as I had a lady friend over.

Me: Ufunani la?

Kea: I need....

Nozipho walked in looked at her

Kea: Wow Kabelo, my sister is gone for a few days and you have a whore here????

She pushed Nozipho and I and I followed her.

Me: You need to leave me alone for now, calm things down.

Kea: whatever. She left

I walked back to Nozipho and had the best night of my life until I got my morning paper and there front page. " Is this our new Queen?"

I frantically switched on the news and there she was looking hip and happening dancing and having the best time of her life dancing and laughing than a clip of the kissing tore my heart. I threw my coffee on the tv causing it to crack. I ran to the bedroom where our videos were and not a tape was there. I remembered her packing her clothes and taking the tapes and important files. Holy fuck!!! There goes my chance of messing her life up. She cannot leave me and prosper!!! Never!!

Insert 10:

Zobuhle

The night was amazing after we left his sister we were club jumping and by the time we got to his place we were drunk so we fell in bed and dozed off in our clothes. I woke up to see him looking at me.

Mothlagodi: Hey

He whispered

Me: hey

Mothlagodi: You okay?

Me: Yeah and you

Mothlagodi: Good.

Me: That good.

I took the remote and switched on the news my heart froze for a minute as I switched channels and I was on every channel after a moment of listening to the speculations and people asking who I am and so forth he took the remote and switched the TV off. I kept quiet for some time.

Me: Kabelo will talk and tarnish my name, my sister will do her worst. I cant bring all my baggage to you.

Mothlagodi: Oh

I got out of bed and looked at him and I felt it to hard to let go of him, we were just starting...

He got out of bed and walked closer to me and i moved back with my back stuck on the wall.

Mothlagodi: Repeat what you said but be slower.

Me: Am too damaged

Mothlagodi: to damaged for what?

Me: To be with you

Mothlagodi: Says who?

Me: Me

Mothlagodi: Oh

He looked right into my eyes.

Mothlagodi: growing up I always told myself that the woman that will even spend 10 minute in my house ill marry her. The woman that will wear my clothes, she going to be my wife. If I ever dance with a woman its going to be my wedding night. Now what have you done in my list?

I looked at him

Mothlagodi: Speak to me

Me: All

Mothlagodi: Am not going to ask you to marry me now cause you just came out of a marriage. Am not going to ask you to be okay with the press because I grew up exposed to them. But am going to tell you now, am going to marry you. You going to be right by my side in life from this point forward till God takes us both. You can be okay with that or you can start getting use to it cause that the plan.

I kept quiet for some time and looked at him.

Me:why me?

Mothlagodi: I have no answer to that question.when I do ill tell you.

Me: But we have just meet.

Mothlagodi: So?

Me: So you cant possibly wanna spend your life with me

He grinned and shifted.

Mothlagodi: Its my mom birthday weekend. Want to come?

Me: You changing the subject?

Mothlagodi: Nope am not.

Me: But

Mothlagodi: Its pointless making you see my point when your head in the clouds. So we going to mom's birthday celebration?

Me: You asking or telling?

He moved closer moved his hand slowly up my thighs and snatched my lace underwear . He literally tore it apart. He then slowly went down and took my leg placed it on his shoulders as I felt blood rushed from all over. The minute his lips touch me I moaned. Thank God for Yamihle because I waxed and I was smooth as he ate me up like he was eating an apple. I felt myself close to coming and I gripped him hard as he moved away leaving me craving for more.

Mothlagodi: Pretty please can you accompany me. I nodded because I couldn't speak and his harsh husky voice made things worse. I felt him unbuckling his pants and I knew what about to happen but when he entered me fast I came. I clutched to him as he dived in hard and fast and stood still as I wrapped myself on him.

Mothlagodi: I told myself that the only person that ill ever make love to without protection will be my wife and ill forever be faithful only to her!!! So now am asking, Zobuhle!!!

He moved

“Be”

He moved a few times

“Mine”

He moved for sometime touching everything core of my being banging me against that wall and yes we were fully dressed just our parts connecting as one and the torture of wanting his hands all over me and his lips on me was to much and unbearable. He twirled making me moan louder.

Mothlagodi: Is that a yes?

I nodded my heard as I could feel my next climax as he took out my boob sucked it giving me tiny bites making me come sooner than I expected as he went deeper emptying his seeds in me as he held me tight balancing me.

Mothlagodi: I said am not rushing you to marry me but am talking to my elders this weekend to go kini(your home)

I looked at him but he was serious.

Me: Iv just gotten divorced

Advertisement

i cant rush to another marriage.

Mothlagodi: its just me paying your dowry, take it as a promise ring.

Me: Its not the same, its a customary marriage.

He was still in me and I could feel him grow as I adjusted myself.

Mothlagodi: Am sending my uncles to your family.

Me: Am not ready.

Mothlagodi: I know, if I thought you were i would have killed him the first day I saw you crying by the pond than marry you the next day. I laughed and I looked at him and he was serious.

Mothlagodi: Love isn't suppose to hurt, let me show you that!!

My mind was stuck on the word love as he started moving and ripping off my clothes as his hands were all over, throughly making love to me. Touching places iv never been touched making me climax over and over again as he pushed me into the wall and consuming my soul. I closed my eyes and surrendered to him!!...

Insert 11:

Zobuhle

I work during midday after the nap I took after the morning iv just had. I shifted and i felt his hands touching me burning me everywhere they touched, I shifted as he rolled on me making me lay on my stomach on the bed. He lifted my ass up a bit and slowly went in making love to me as I gripped the sheets screaming. Oh hell yeah am throughly fucked and I love the feel of him in me.

When we both came he flipped holding me tight making me end up being on top of him.

Mothlagodi: Your parents been calling.

Me: Oh shucks

I tried getting up but he held me tight.

Mothlagodi: I made reservations for lunch at a private restaurant so you guys can talk. You have 3 hours to get ready before I drop you off. Iv sent out an invitation to them and a driver.

I turned slowly lifting myself from him than sat on him saddling him as I inserted him in me. He looked at me with supper crazy eyes. Iv never seen them this dark.

Me: your eyes

Mothlagodi: are windows to my soul.

Me: They stormy

He grinned.

Mothlagodi: I know.

He slowly moved me touching things I never knew are there making me moan out of pleasure.

Kea

I woke up and went to the kitchen found a huge box of flowers and Singleton whiskey. Dad walked in wearing his best blue golf shirt and jeans and white sneakers. Mom was in her beautiful occasion sunny dress.

Me: Aybo kuyiwaphi?(where you guys going?)

Ma: We having lunch with Zobuhle

Me: And you'll dressing up?

Ma: she taking us to a fancy restaurant

She handed me a fancy card and my lips dropped. To enter nje alone there is 1500 that just an entrance am not even going talk

about their food and their menu. I felt my heart give small palpitations.

Dad: You never watched the news?

Me: what happening?

He took 3 Newspapers and placed them on the table and there she was effortlessly beautiful looking at one of the most richest and prominent men I've heard of Prince Zungu of Kwa Zulu. My heart just sunk, I was simply her prayer. It was God answering her prayers when I started sleeping with her husband so she can find us and leave so God can give her his blessing.

Me: Ma, remember when you said we must be careful who we surround ourselves with?

Ma: Yeah

Me: Because sometimes we pray and pray but God never answers because of where we are and who with?

Dad: You crying.

Me: I think I've learnt my lesson

Advertisement

I think I've just watched God do his magic to my sister using me.

Dad: Kea!!!

I looked at my parents and I know in order for me to receive my blessings I must repent starting with admitting my wrong and ask for forgiveness.

Me: Am the reason Kabelo and Zobuhle divorced!!

They both looked at me confused.

Me: I slept with Kabelo and zobuhle walked in on us in her house and in her bed. The tape...

Iv never seen them so disappointed. My father was hitting me so hard and I felt his anger in every stroke. Mama was screaming as dad picked me up and threw me out of his house.

“ angizalanga isifebe senyoka mina” (i didnt give bitch to a snake or bitch)

Dad: i do not want to see you here ever again until you make it right with Zobuhle

Ma: Ayephi?(where must she go)

Dad: angazi!!!(i don't know)

He closed the door walked in leaving me with mom.

Ma: As a woman i hurt deeper than your father cause what you just did, i don't wish it on anyone not even my worst enemy. As a mother of you two, my heart is in pieces cause I cannot understand how can you do that to your own flesh?

Me: sorry mama

Ma: If you wanna be part of this family again, you need to fix this Kea. I don't know how but fix it!! She turned and left just as a black Mercedes rolled out and the guard got out and waited. God really shoes off when blessing a person.

Mothlagodi

I watched her get ready and panic, am starting to think that i love watching her get dress and the lingerie.

Me: you look yummy in that

I moved so she can see my hard on which made her giggle like a little girl

Zobuhle: You naughty Mr Zungu.

She bent slowly teasing me lol i used my power of speed and grabbed her quickly making her laugh as I Moved her panty to the side and slowly entered her

Zobuhle: hmm.....

Insert 12:

Zobuhle

I finally got out of the house and was driven to the restaurant where i found my mom and dad loving each other and enjoying themselves. I love seeing them so happy and in love.

Me: Mama.

She grinned like a kid and we sat down. I saw my father was not well and that bothered me.

Me: You good dad?

He looked at mom and mom nodded.

Dad: We know!!

Me: About?

Dad: Kabelo and Kea.

I looked at them shocked and I wiped a tear as mom wiped hers.

Dad: Why didn't you tell us?

Me: And say what? Baba?

Hlelo

The news had the elders calling a meeting asap.

Nyakallo: I don't understand what the fuss

Me: well we will find out.

We got in the elders room and found them talking.

Elder1: We can't have him marry her.

I felt like my head was spinning.

Me: why the fuck not?

Elder: We have arranged....

Me:hold it right there.... who is we?

They all kept quiet. My brothers looked at me.

Phakamani: Its tradi....

Me: Itradition yakha bani?(from where?)

Phakamani: The Zulu family...

Me: Perfect!!! The Zulu not the Zungu!!! My son will marry who ever the fuck he wishes to marry. Even if he comes with a fucken apple and says I wanna marry it we will get him the whole fucken tree. Do I make my self clear???

Phakamani: But we have already made arrangements

Me: Without my fucken knowledge!!!! You go and undo those arrangements!!!

Phakamani: This is a good relations to us. He isn't born to marry a commoner!!!

Me: Says who? Did I not marry a commoner that became the best Queen ever???

Phakamani: Look am not fighting you here, i know you care for your kids and they happiness and we are aware of our prince uniqueness. A commoner will not understand his powers and calling. A commoner may want him to leave the throne.

I laughed so loud everyone was shaking.

Me: I want you all to listen and listen carefully. My son left the throne the minute he took care of the corporate business. He told me straight out that he does not want to be king!!! This commoner that you all hate and want to destroy is the very same person that will bring him here!!! I want you to cancel all those fucken arrangements before he even finds out or you will be sorry!!! And moving forward everything goes through me even if it as little as planting a fucken tree in a forest you tell me. Do I make myself clear!!!!!!

Phakamani: We were in talks with the Swazi royals.

Me: Even if you picked princess Daina herself . My son, the one that gave us hell in pregnancy, the one that caught a rattle

snake at 3 years ready to strike me, the one that protected his mother from evil not to mention the one that saved your life Phakamani. Is not marrying anyone he does not wish to marry. For fucks sakes his been single all his life

Advertisement

guarded every move he makes. And now that his found someone, someone that makes him human, you guys want to snatch that from him?

Nyakallo

Everyone was quiet as my husband shouted and cuss.

Hlelo: My son!!! Mine made with my Sperms is choosing his mate!!! Let me hear you guys do otherwise. Its been a while since iv killed vele!!!

Everyone was trembling, the only person we all know that he has killed is Lucia. And we all know how that went down.

Phakamani: Does he know that his the first descendants of an Archangels?

Hlelo: Whether she knows or doesn't know that she fucking an angel that her problem not yours or anyone in this fucken room. Now is there anything else that you want us to talk about related to us or no?

There was silence.

Hlelo: tomorrow when he gets here, this mess better be sorted before he figures it out and you see him in his true form!!

I saw the fear in their eyes as the first time we all saw Mothlagodi in his true form when he turned 16 and it rained for days causing massive destruction. That when we learnt of the extent of his powers and what he might be. Yes we call him an archangel but is he truly that? All we know is half human and half something else and all his life he's been trying to figure himself out hence his weirdness.

Zobuhle

We enjoyed lunch over small talk.

Me: I know I should have told you guys this but I don't know. It just happened.

They both looked at me.

Ma: So you and the Prince

Me: Mothlagodi

Dad: You a thing?

Me: I think so

Dad: Talk to us

Me: He hasn't asked me to marry him or be his Queen but he want to send his uncles over to pay damages while we figure us out.

Ma: He wants to lobola before he knows you?

Me: that what he says.

My dad laughed and looked at me

Dad: for a person with a degree you can be doom.

We both looked at him.

Dad: no man sends uncles to the girls family unless he sees a future with her. Let him send them.

I took the note he gave me to give my father and he read it.

Dad: They coming in four days time.

My nerves started all over.

Ma: Dont worry about what people will say okay? This is your life and live it how you see fit

Dad: The only two people you should be worried about is us and we giving you that support!!

Me: How did I get so lucky?

Dad: I don't know hey.

We both laughed as the driver walked in and I knew I'll have to leave. We going to Durban.

Me: His outside. Am meeting his family.

Dad: Ask him in so I can give him my answer.

My dad is a no bullshit guy and I knew he never liked Kabelo but he tolerated him for my benefit. If he doesn't like him. Will I go forward with this or would I leave this time around.

Insert 13:

Mothlagodi

I walked in and saw the sitting after the driver gave me the message and I saw her smiling and my heart did a flip flop.

I got to they table and shook her parents hands.

Zobuhle: dad.. Mothlagodi... Mothlagodi that mom and dad

Mr Zondo: Nice to meet you son.

Zobuhle

He held my hand under the table.

Ma: i feel under dressed to meet the prince

Mothlagodi: You look lovely Mrs Zondo.

Did he just make my mother blush.

Dad: Zobuhle gave me the letter.

Mothlagodi: sorry to go so fast but a man like myself doesn't date, you daughter is what i need in my life and i see it best i make her my wife.

I turned and looked at him, thought this was him just doing the promise thing not marriage. My dad grinned.

Dad: Ill make the family elders aware of your presence and intentions. You are aware she was married so ill have to consult the elders that side so I give them what we took.

Mothlagodi: I intend on paying them every cow they have send towards your family and pay you too for raising such a wonderful individual.

Dad: Ill see you than.

Mothlagodi: The driver will drive you home and if its not to much to ask since she is known to the world and we going through these procedures will it be to much to ask if you use my driver as a mode of transportation and I leave two guards at your home for protection?

Me: are you in danger?

Mothlagodi: Just a precaution, sometimes mad people use this opportunity to make money.

Dad: I see. I don't mind at all

Mothlagodi: Thank you

Ma: Congratulations on your engagement.

Me: Ma its just a promise gesture not an engagement.

Dad: whatever makes you sleep my child.

Hlelo

I was fuming and can't believe that they did that.

Nyakallo: You need to calm down

Me: How can they want to marry my son off without my permission?

Nyakallo: they didn't

Advertisement

they were planning too

Me: same thing love. You know how he is and you know very well that it was going to be war.

Nyakallo: i know

Me: Than why you not furious?

Nyakallo: Its pointless love, we both know that Mothlagodi will never do what the elders tell him but what you want. So can you stop pacing you making my head spin.

Somewhere eSwazini

My mother walked in the room furious and threw a paper at me and I saw my intended kissing the young beautiful woman in-front of him.

Mama: They said his not seeing anyone.

Me: Mama its fine. When he knows about me uzoyekha yonke lento(he will stop)

Mama: Are you sure

Me: Yes, the uncles got this mama now stop stressing.

She left and I stood there thinking for a minute, i really don't want to get married But if marriage is what going to take me out of this than marriage it is. I took my phone and searched him on Instagram and found his account than inboxed him.

Insert 14:

Zobuhle

The flight to Durban was short but exciting. I've never really left Johannesburg by plane before.

We got there and I've never seen so many guards in my life. It was like I was president or something.

Mothlagodi: You grinning

Me: is this your everyday life?

Mothlagodi: When am home yep.

Me: I see

Yamihle

I got home found my dad pissed and I knew it's either my uncles messed up or something happened. I walked towards mom and chilled next to her as she grinned. It's all known that I am a mommy girl and Mothlagodi is dad favourite and somehow that doesn't bug me.

Ma: You early!!

Me: I missed you too much

Ma: I missed you too

Me: Don't come later, what did you do to dad?

Ma: The arranged a marriage for Mothlagodi.

Me: Oh lord no.

Ma: Yep and now his trying to un do it

Me: His going to kill them.

Ma: I know, they building relationships with Swaziland

Me: Why?

Ma: I have no idea.

Me: Well, you going to love Zobuhle. She is kind

Advertisement

smart, sweet and loves your son like there is no tomorrow but they both stupid about it.

Ma: The fact that she been around for more than a week means she understands him.

Me: Better than I mom and I grew up with him.

We laughed and Dad came by kissing my forehead.

Dad: you good?

Me: Yep.

Dad: Where you husband?

Me: His flying in later

Dad: Alright. His not abusive?

Me: Dad!!!

Dad: Am afraid these are things we have to ask.

Me: No dad, he doesn't cheat, hit me or do anything that am not okay with.

Dad: good and if he does who you call

Me: You

Dad: Good. Now moving forward tell me everything about our future Queen

Motlhagodi

She was so nervous.

Me: you need to calm down you know.

Zobuhle: Am meeting the king and Queen for the first time.

Me: I know

Zobuhle: Am nervous

My phone vibrated and I took it out seeing a hi from a name I don't even know. I deleted it and looked at Zobuhle.

Me: I think i have to delete this Instagram thing. Every now and then i get occasional hi

She laughed

Zobuhle: What you usually post?

Me: Nothing

Zobuhle: Than deactivate it and will open one with us both.

I gave her my phone to do what she talking about.

I can't believe am so comfortable with her sharing things with her and doing things with her. She turned the phone and looked at me and kissed my cheek as she snapped.

Me: What that for?

Zobuhle: profile picture.

I looked at the picture and only I was visible and only a side view of her is showing.

Me: Only am visible.

Zobuhle: I know am not photogenic.

Me: I see.

She placed her legs on me and placed my hand on her thigh as she snapped... came out really nice. She posted it and wrote "touch down Durban"

My phone was buzzing none stop.

Somewhere in Swazi

I got the notification and I felt a slow thud in my heart.

“ he can't do this to me his my only hope”

I sent another “hi”

Insert 16:

Zobuhle

Its was a long afternoon greeting everyone and laughing and people being happy to meet a simple me. We were now freshening up for dinner. I got in a shower fast than got in my summer silky blue dress and black flip flops and turned to find Motlahgodi standing there watching me dress.

Me: You scared me.

Motlahgodi

Yep I have a new hobby, watching her lotion herself and dress up is the best thing ever. I find enjoyment from the simple task of getting dressed.

Me: didn't mean too

She turned finishing up.

Me: you were too quiet

Zobuhle: was just observing the family

Me: And?

Zobuhle: How is Syacela related?

Me: Yamihle cousin brother.

Zobuhle: I see. And Yamihle is your half sister?

Me: Yes dad child but came here at a young age and she and mom are close.

Zobuhle: If you dont mind me asking

Advertisement

what happened to her mother.

I was silent for a while and looked at her.

Me: Why you ask?

Zobuhle: She has a strong bond with your mom so I assume that because she has no relationship with her biological.

Me: True

Zobuhle: Why

Me: She died a few years ago.

I wasn't about to share how my father covered up my crime of killing Yamihle mother and took the blame every family has they secrets and this is one we keeping between Yamihl, dad and I.

Zobuhle

Lying is his weakness. He was looking down and fidgeting with his fingers. I guess that a topic I'll have to probe on if I looked at him for sometime than sat down as he looked right at me.

Motlahgodi: I don't want you to punish me for Kabelo's actions. I kept quiet because I have no idea where this is coming from.

Motlahgodi: I know you're going through your own demons and so am I but I figured we can go through those things together hence I asked your dad to pay.

Me: I see

Motlahgodi: You're too quiet

Me: Why are we having this conversation now? Here?

Motlahgodi: Because I'm going to marry you, Zobuhle, and bringing you here is to give you a glimpse of how life with me and how we're going to go through this chapter. And I need to understand that you will have my back as I will yours. I know we're moving in a rapid pace and I've waited for you for years but I know we will make it.

Me: I really don't want to talk about this now.

He looked at me and kept quiet.

Me: You want me to commit to something now and you're not giving me space to go through my last failed marriage. Yes we

public and I understand that a man like you cannot date but dont rush me. Let me go through all this in my pace. Is that something we can do?

Motlahgodi: You punishing us because of what you been through

Me: Am not but I have hesitations

Motlahgodi: Than promise me one thing

Me: What that?

Motlahgodi: trust me. That all I need. Your trust.

I smiled at him because he has earned my trust long ago

Me: You have earned it.

Yamihle

The door opened and My Donny stood there looking at me. I screamed running to him and him hugging me and kissing me all over.

Me: You here?

Donny: Your dad called me 4 times asking me if am single nah.

I laughed at him

Me: How was the trip?

Don: Good.

Me: Want a quickie?

I giggled as he grinned grabbing me.

Don: I thought you will never ask....

Insert 17:

Kabelo

After hearing the news and seeing all the papers and them having Instagram together trending, i knew that iv lost Zobuhle and this time for good. I called my guys to see if there is any dirt that I can find on the prince that going to tarnish his name and make Zobuhle think twice about this whole thing. I drove to one of the guys that I know will be able to help.

Kea

So I was homeless!!! I got to a friends house to sit there and chill a bit.

Zobuhle

He wore a powder blue shirt and Jeans and it was nice seeing him in a calm environment. Yes i get his concerns that he feels his the only one involved in this but I care for him more than I want to admit and yet I feel like am moving too fast and I might get hurt.

Motlahgodi: You thinking too much

Me: Sorry

Motlahgodi: wanna share

Me: Earlier you said that you want some sort of gesture that you not in this alone?

He nodded.

Me: You not.

I saw his face relax and he grinned giving me some heart palpitations.

Me: you staring at me

Motlahgodi: i could ravish you right now.

I found myself getting hotter by a minute the way he said that with his low husky voice.

Me: Come take a picture.

Motlahgodi: If I knew that you a photographer I wouldnt have showed you my phone.

Me: Stand behind me

Tsakha

We sat on the table where a printed document declining our relations was sent with the king explaining whatever was promised was sent through wrong channels and that the Prince doesn't consent to this union and has his eyes in other relation. My phone buzzed and I looked at the picture of her in a blue silky dress looking dashing having a smashing body and him

wearing a blue shirt and lighter pants. You could see there were in a room cause the picture was taken as a reflection of a mirror. They heads were chopped off just neck down and his hand was holding her as he came from behind her. The picture was posted 2 minute ago and already they had 50k likes and 100 comments commenting about her and how beautiful she looked in the papers. People were speculating her name and all. I felt tears rush to my eyes and I know that things are about to go bad for my people. The caption was: the sky is our limit ❤️

Malume: They giving us 250 thousand to cover expenses of any arrangement that we have made.

That got my attention

Me: How many months will that last us and my people?

Malume: 3

Me: Than we have 3 more months to come up with an idea of how we can get funding.

Malume: Are you still set in marrying him?

Me: If mama can do it than yes. But if not than whatever plan you come up with is plan b.

Malume: Using witchcraft is not an answer.

Me: Think of something fast.

I got up and left them.

Hlelo

Watching how she looks at him warmed my heart and how he is always by her side.

Nyakallo: You staring

Me: He seems content.

Nyakallo: iv noticed too.

Me: I love her for him

Nyakallo: me too

Advertisement

his more humane around her.

Me: Iv noticed. Have he told her yet

Nyakallo: No he hasn't

Me: will she stay after she finds out?

Nyakallo: She still sensitive you know, I don't know.

I took out my phone as the daily news reporter sent and showed my wife the picture.

Me: He says they trending, don't ask me what that.

She smiled.

Nyakallo: My office called letting me know that the new Queen is giving us exposure in things. Ill have to have a deeper talk to her about taking over my shoes.

Me: That nice and if she interested than that means we will have our son back.

Nyakallo: that all you ever wanted our son back home.

Me: More than anything.

Nyakallo: I know baby. I know.

Me: thank you for sticking with me throughout all these years and being patient. Growing old together.

Nyakallo: I wouldn't have it any other way. You saved my life... than natured me back to heal and the past years its been you feeding my soul with nothing but love. I found peace in you. I found the ability to be a mother with you but mostly I found the ability to love with no boundaries. Ngiyakuthanda baba Ka Hlanganani(i love you)

I felt my heart strings pull at the right places. Here we are after all we been through she still looks at me as if the earth spins around me.

Insert 18:

Nyakallo

We had our dinner and they brought cake like how we do every other year and we celebrated my birthday.

Motlahgodi: Happy birthday mom.

He handed me a box after everyone gave me they gifts.

Hlelo: You always out do me.

Me: He does not

Yamihle: He got you a car last year and its the only one you use!!!

Me: I love it.

Hlelo: And iv never seen you wear my scarf

Nyakallo: I use it for other means remember.

Yamihle: Mom!!!!

Hlelo: Oh yes I remember.

I blushed remembering. I opened up a box and looked in and saw keys.

Me: Am confused.

Motlahgodi: actually its a gift for both you and dad.

Me: Okay

Motlahgodi: its for your house.

Hlelo: what you mean?

Motlahgodi: I mean eventually when I have things figured with my wife. I might need this place for my wife and I since you two are retiring.

I grinned at my son with tears in my eyes, he knows how much its means to his father to take over the throne some day and here he was using my day in gifting him.

Hlelo: I hope you not saying what I think you saying.

I saw the tears at the back of my husband eyes and seeing him that happy made my year. I watched my husband jump hugging the life out of him. Yamihle wiping a tear. The whole family emotional about this because they knew how much it meant to us.

Hlelo: I told you he always out do me.

And we giggled wiping tears.

Zobuhle

Seeing his family loving his idea of being married even though he has openly spoke about me being that person moved some kind of doubts. I watched how much it means to them for him to take after his father, and i realised maybe this is my purpose. Maybe its time I stop feeling sorry for myself and start enjoying what happening in this point and time in my life.

Motlahgodi: you doing it again

He leaned in whispering

Me: Mind if I steal you for a moment?

He nodded and we walked out to the balcony as I stood there nervously trying to find words.

Me: Yes

He looked at me confused.

Me: To marrying you. Yes!!!

He looked at me for a second. Than slid his hands in his pants and took out a small id photo envelope. Slid it open and out came a ring. A black diamond ring. It was huge yet simple and classy.

Motlahgodi: The days you were sulking in my penthouse getting drunk, i got this for you. The day I found you dancing your life away on my couch was the day It was confirmed that you going to be my wife. The day you allowed me to make love to you

was the day I knew that my soul and your soul would forever be connected as one. I really suck in relationship but with you its so effortless. And I love you for it.

I wiped the tears out of the way.

Me: You used the L word.

Motlahgodi: I know. He took my hand and slid it on my finger as it weighed to much making me blush.

Motlahgodi: iv been carrying it everyday waiting for the right time.

Me: Sorry it took me so long

Motlahgodi: You just made my parents night, an not even going to start about my day who knows maybe we might borrow the scarf idea from mom.

I blushed so hard as he lowered his head kissing me breathless, i felt his hard on my pelvic and I moaned as he lifted me up and pulled me running and I followed the family looking laughing.

Hlelo: Niyaphi?!!

Motlahgodi: She said yes!!!! He screamed back and I heard them cheer as he rushed us to his room slamming the door shut and tearing my dress into pieces using it to tie my hands right above me. He than harshly crushed his lips on mines bruising me with his passion as he snatched my underwear off as i

closed my eyes enjoying his hands on my body in seconds he was naked as he slowly entering me groaning in pleasure making me scream. I felt my feet move from the ground as i was about to climax. Yes he has made love to me before but never like this. He was deeper than iv ever imagined it to be making me squirt with every move and when I opened my eyes as he and I climaxed my heart caught in my throat as I saw wings!!!!.... yes big white long wings attached to his ripped body with his skin glowing. It was like someone applied oil on him and some glitter. I closed my eyes thinking maybe its my climax messing up with my brains but when I open them with him still in me looking at me with deep green eyes looking super handsome like the sun glows on him first everyday.

Motlahgodi: Hi.

His voice made me melt. Its was sexier and smoother, i looked up his head and I swear I saw like a halo ring shinning on him. I swear the sex is so good its making me see him as an angel. I closed my eyes for a little longer and opened them again and he looked right into my eyes.

Me: You have wings

Motlahgodi: Yes

Me: Angel wings

Motlahgodi: they bigger than this. Ill show you some other time.

I moved my hands to his back and touched him feeling them coming out of his skin. My heart was beating fast and he was still in me growing again I could feel my muscles attaching to him again.

Me: You have wings.

I whispered again.

He swiftly moved like a speed of lightning crushing me to a wall going deeper making me moan and squirt. That was inhumanly fast.

He looked right into my eyes.

Motlahgodi: When you say yes... you saying yes to all of this!!!!

Me: What is all of this???

Motlahgodi: Half human and half angel.

He moved again slowly this time taking his time making me scream my head off in pleasure. You know when you are being throughly fucked and you don't know if to hold him, squeeze him or don't touch him? That was me in that moment as it was climax after climax. When I finally was exhausted and couldn't lift a finger he wrapped his arms around me.

Motlahgodi: close your eyes!!

I did and felt a light breeze next thing I was in a jacuzzi tub with him still in me and I was saddling him, i closed my eyes trying to breathe and not panic but I couldn't. My brains couldn't understand how!!! How all of this is happening.

Motlahgodi

I think I shouldn't have let go like that. I saw the panic in her eyes before she closed them. I lifted her up disentangling us and washed her in silence while her eyes were closed than teleported to our room. She opened her eyes and there were tears in them. I wiped her and myself got dressed in my pj bottoms and helped her into my gown and morning shoes. She was silence through out. The minute she opened her eyes they were super red. She looked at me and in all my life no one has ever looked at me the way that she was looking at me, my heart started beating so fast and I tried to walk closer to hold her she raised her hand up shaking her head no and I felt a sharp pain in my heart.

Me: Zobuhle?

I whispered.

Zobuhle: You Have WINGS!!!!.....

Insert 19:

Zobuhle

I think my brains froze for a moment cause I saw his lips saying yes. Than I heard him saying half human. I looked at him.

“ you half human!!!!”

Motlahgodi

Okay I can deal with shock but I need her to allow me to touch her, that the only way I can know if she okay.

Me: Please let me touch you

Its like I was speaking to a blank person. I really dont know what to do here. I slowly moved towards her and I touched her as she moved closed to me and I held her. My heart warmed up to her and its felt like i was at peace. My touch doesn't repulse her. I picked her up and placed her with me on the bed and held her tight waiting for her to be calmer. When she dozed off. I covered her with a blanket took a top and wore it going to the kitchen to find Donny and Yamihle arguing.

I opened the fridge as they stood there acting weird.

Me: are You crying Yammy?

Yamihle: Am fine

Me: I said are you crying na!!!!

I could feel my anger rising, i had my shit out of control with my woman and now my sister crying was another thing.

Yamihle

I saw he wasn't okay and I wasn't going to give him my drama too to deal with.

Me: yes but am good

Advertisement

don't worry. I folded my hands not wanting him to touch me because I knew when he touches you he feels your emotions and understands the situation better.

Don: We good

He looked at us for some time took bottle water and snacks and left with the world on his shoulder. I turned and looked at Donny.

Donny: How many weeks?

Me: I don't know

Donny: Are we keeping it?

Me: I don't know

Donny: What do you know?

Me: That I love you with all my heart.

Donny: I love you too. We will figure it out okay? He held me tight understanding my fear of going through this again. We been pregnant 4 times and we always have problems ending in us terminating the pregnancy due to the dangers of carrying. I know he wants a child and I want one too but the journey of getting one has been a nightmare.

Zobuhle

I woke up to find myself in bed with Motlahgodi looking at me holding me tight and I remembered what happened and closed my eyes for a minute.

Motlahgodi: Hi

I shifted and we sat on the bed looking at each other.

Me: Hi

He handed me water and I took a sip.

Motlahgodi

I could see she was torn between understanding it this is real or a joke.

Me: you good?

Zobuhle: I don't know what to say

Me: Anything love... anything!!!

Zobuhle

I looked at him.

Me: No lies? No hiding things honesty right?

He nodded

Motlahgodi

My heart was pounding so fast, when a woman says no lies, just know that tough questions will be asked.

Zobuhle: You teleport?

Me: Am half human and half Angel. Meaning I have angelic powers in a human body.

Zobuhle: Angelic powers?

I nodded.

Zobuhle: Why show me while making love to me?

Me: Am always guarded but with you, with you i feel like I can be myself and I guess I was so focused in us that I couldn't hide my true form from you.

Zobuhle: Was that how you look?

Me: Half of it.

Zobuhle. Will it be too much to ask to see you in your true full form?

Me: I can't in here will have to teleport to an island i got for us just in case you asked. Havoc comes when am on my true form. The Gods and nature reacts.

Zobuhle: Take me

Me: Close your eyes.

She did and I took her to the Island tallest tree in world placed her on the tiny house i made on the tree and moved from her.

Zobuhle: Whatever you show me am still going to marry you Motlahgodi. Yes am shocked and yes I dont understand any of this but one thing I know is you won't intentionally hurt me. I trust you on that but give me time to process this okay?

She looked at me both confused and emotional and I took a deep breath breathing away the fear of losing her. I moved

away from her a bit than extended my wings out covering as far as her eyes could see.

Me: In its full form my wings covers the world. My left covers south and west my right covers North and east.

Zobuhle: I see

I shrink them to a size she could see than slowly flapped it and the wind rattled the trees. I closed my eyes and allowed peace to flow all over me and I opened my eyes to find her standing there with her eyes huge looking right at me with tears rolling down her face as the seas started rolling fast causing tsunami into the land. The sky opening heavy rains and winds building up.

Me: This is who I am. I roared and she looked right at me being drenched by the rain.

Insert 20:

Zobuhle

His body was glowing as if light was radiating from him. His skin sparkling like tiny diamonds are embedded on him. Handsome isn't a word to explain him but his eyes. His eyes were so grey that when he raised his hands and clapped them thunder roared all over the island. My fear had my tongue in ties as I watched him spin causing a tornado and pushing it far as it ripped the tress apart. He then flew towards me picked me up and fly with me. I saw him grin

Me: What is it?

We were going higher and higher and I told myself am not going to look down.

Motlahgodi: I always wondered how it like making love on the clouds with me in my full form.

I opened my mouth shocked as he ripped me naked of the wet gown and I saw clouds get grey. He made his wings longer and he glowed some more as he kissed me senseless everywhere were he kissed me he left a mark. He closed his eye and I watched as his clothes disappeared. He laid me down on a squishy cloud and my mind was thinking about falling. He

laughed and it felt like heaven on earth. If this is who he is when his not guarded than I made the right decision

Me: Promise me something

Motlahgodi: anything

Me: You never hide with me. You always

Advertisement

i mean always show me who you are. I know You can't always be in your full angel form but show me who your are personally.

Motlahgodi

I looked at her underneath me and I slowly fingered her as she arched her back. She moaned looking right into my eyes as I felt she was ready and I moved into her and she griped me harder making me come by just entering her. If making love in the clouds is this fascinating looks like ill be doing a lot of that. I flipped her over so she saddles me and I can talk while I get ready to ravish her.

Me: I promise

Zobuhle started moving slowly getting me stiffer and I knew am about to have my mind blown away.

Hlelo

I could feel the wind change and I switched on to the weather channel.

Anchor: In one of the islands near Madagascar the weather there has changed overnight. Its far from land but fear is within us as thunder keeps on roaring.

I ran up to my room took my telescope and eyed the sky as I saw his wings. I know my son from far. I saw him torture Lucia after he found out she was responsible for his mother miscarriages after him. I watched him make her suffer for all the times she tortured his mother. I felt Nyakallo stand next to me.

Nyakallo: His showing her his full form is he not?

I felt the humid breeze on my cheeks and I knew if he stayed any longer in his form its about to rain and rain hard.

Me: Yes

Nyakallo: Is she going to accept him?

Me: I hope so or we losing him again

Nyakallo: The wings scared me... i hope he doesn't show her the wings

Me: To late

I handed her the telescope and she looked on and sighed

Tsakha

I walked into my mother room to find her not breathing with blood oozing out of her nose and eyes and every whole on her body and I screamed for help. She cling onto me and looked at me with fear in her eyes.

Ma: leave him alone. His going to kill you if you tear him apart from his love. Stop

Me: what you talking about mama?

She closed her eyes as help came our way and she was rushed to hospital as I stood there frantic about what happening to her. I looked around and saw all her witchcraft bowls cracked and all her meds thrown out and I knew he meant the king. His protected from spells. I run to the car and drove after the ambulance cause i know the rule, if you mess with a protected soul you die. The minute i got there i found my uncle crying and I knew that my mother was no more as I crushed down in tears crying. I killed my own mother with my selfishness!!!

Insert 21:

Kabelo

The guy i hired to look out for the prince been ditching my calls. I drove to his place and bumped into Kea sitting by the bench.

Me: Come in

Kea: Ncah

I looked at her for a moment.

Me: Kea!!!

She looked at me got up and turned the other direction, i jumped out of my car grabbed her threw her in as she was screaming and kicking and drove off to my house and dragged her in the house.

Me: Shut the fuck up!!

She continued to go crazy, i gave her on tight clap and she looked at me with shock all over her face.

Me: What the fuck is wrong with you?

Kea: I don't want you Kabelo not anymore.

I roared with laughter.

Me: Usuyahlanya(are you mad)

Kea: I wanna go home!!

Its one thing being ditched by my wife and now her too.

Me: You chased my wife from her own home and now you telling me you don't want me? Uyabona kodwa ukuthi usuyahlyanya!!!(Are you not mad?)

I saw tears in her eyes, i closed my eyes trying to calm down and she took that opportunity to run and I grabbed her pin her on the kitchen counter with her stomach as I lifted her dress moved her panty to the side. She tried fighting me and screaming I unzipped my pants.

Me: I think this will remind you who am I to you. You love it vele!!! I roughly pushed into her as she screamed in pain but that didn't stopped me as I ripped her apart until she stopped screaming. I came inside her than moved as she slowly went on the floor with tears in her eyes.

Me: namanje awusangifuni? (still dont want me?)Or that reminded you of who am I? You have no right to ditch me Keabetswe!!! No right at all

Advertisement

from now on you staying here. No leaving the house, nothing you stay here angithi that what you wanted before? To be my woman? Now show it to me!!

I kissed her cheek and left her there as I locked the house and left to meet the guy that suppose to give me information.

Motlahgodi

To say I was fucked is an understatement. She milked me dry before collapsing on me breathing so hard catching her breath. Iv never in all my life be so into a woman. Her body, her moans, her eyes everything about her appealed to me. I held her with my eyes and closed them as we slept on the cloud. We were literally on cloud 9. And for the first time in all my years while I was in full form the clouds cleared up. Everything was bright and shinny and a huge rainbow appeared. It was a beautiful sight.

Me: Open your eyes

She did and gasps with shock.

Me: How do I look

Zobuhle: Beyond words.

Am not sure where I got the energy but i flipped her under me as she giggled and slowly made sweet love to her with no hurry, just slow and natured every core of her as her moans gave me strength to drive her to climax

Hlelo

We were standing by the balcony and I saw family and everyone looking up to the sky as multiple rainbows started appearing and colourful birds singing and flying all over the sky.

Nyakallo: she has accepted him!!!

I turned to see her wiping her tears as the clouds looked semi pinkish and fluffy.

Me: How you know?

Nyakallo: I can see his wings and its not raining. His at peace!

I looked up straining my eyes and just like that he flapped them and clouds shifted so angelic like and every went “wooooooh”

Yamihle looked at me as he understood what was happening and grin. I saw she wasn't well so i walked towards her and before I could say anything she threw herself on me and cried her eyeballs out as everyone looked at us. Nyakallo had fear all over her face as she ran to us...

Insert 22:

Tsakha

My mother death took me back a bit and just like that a photo of her wearing the most beautiful ring on her finger was posted with him hold her hand “ Introducing my heart in a human form” my heart got poked so hard and I couldn’t breathe not could I do anything as I screamed once going to the floor as my uncles came rushing to me. I heard one of the nurses say she having a panic attack as I felt my airways block and getting dizzy and hit the floor hard. I knew I wasn’t going to make it. Iv failed as a Queen and as a daughter..

Yamihle

I saw my dad look at Donny. We went inside and he roared.

Dad: What did you do to her???

Me: dad!!!

Mom: Hlelo!!!

Dad: She won’t just cry... he did something

Donny: We pregnant

I looked at him, i really didn’t want them to go through the pain with us if things go south.

Me: Don!!

Iv never seen my parents this excited. Dad picked me up screaming and kissing me all over.

Mom: Am going to be a grandmother?

That question hurt and I cried as they looked at me confused.

Don: We had miscarriages before and we fear...

Mom held me tight kissing my face.

Mom: we will get through it all trust the process that God making you go through!!

In that moment it felt like all is going to be well. I felt the love in the room as she held me tight as if am some precious cargo.

Motlahgodi

I woke up to find her sprawled on me with bite marks all over her body and neck. She shifted and opened her eyes to find me staring at her and smiled. This I can wake up too everyday.

Me: Hey

Zobuhle: Hi

I smiled as her voice was roughed out and she looked throughly loved. I turned switched on the TV and watched the news with

her cuddled up next to me. Some Swazi land Queen died after a weird death of her mother. We watched the rest of the news and just I was about to switch it off the entertainment news broke in.

Anchor: Mr Zungu our prince broke the internet yesterday when he announced his engagement to the world and as if earth was agreeing the sky was marvellous. Congratulations to him and yes we found out who the young lady is Zobuhle Majola.

Zobuhle

I watched in fear as the anchor smiled uttering my name and a picture of me sitting at a coffee shop about a year ago with Nozipho popped up.

Anchor: This young woman is from soweto was born in a loving home by Sipho and Thandi. She has a younger sister Keabetswe. She graduated from high school at a young age and finished her business management diploma in UJ. She later married her high school sweetheart Kabelo Majola and was married to him for 7 full years and they later divorced amicably since there were no court appearances and no kids. That is than that our prince Hlanganani who have been with multiple suitors but never seen in public with them or confirmed the

relationship as public as he was with Ms Majola. These two took us by storm and we all anticipating what next. A close family source says both the Current King and Queen are ecstatic with the young lady and the world is happy that love knows no blue blood even a commoner can be and will be Queen. That it from me this morning, let pray that both Hlanganani and Zobuhle answer my call in regards to joining us here some time.

I kept quiet for sometime and looked at him he looked at me.

Motlahgodi: Mom going to help you sort things out and manage yourself. Being a Queen is a job but I think for now you will talk to her and see what you want to do first

Advertisement

no pressure, take your time.

Me: I have to call home and call my sister and...

Motlahgodi: Call your sister?

Me: Let her know...

He looked at me and kept quiet.

Me: She is my sister.

Motlahgodi: How about I pour us some water and I help you detox?

I saw him flexing his jaws and I know his pissed. I looked at him.

Me: she is my sister!!!

I whispered.

Motlahgodi: Amazing how she forgot that when she slept with your ex, got pregnant by him and sent you a pregnancy stick just to spit you!!!

Me: She is young!!!

Motlahgodi: Ill go pour us water.

I held him before he left and he looked at me still hiding his anger but I could see it brewing in there.

Me: Iv forgiven her.

Motlahgodi: Remember people treat you the way that you allow them too. He kissed my forehead and left. She is my sister though and people make mistakes!!!

Insert 23:

Kea

I watched the news as they spoke about my sister and I smiled at how she has moved on with life. My phone rang and it was her, i was shocked. I looked at it a couple of times than answered.

Me: Hi

Zobuhle: Sorry to call so early

Me: Its okay, you good?

Zobuhle: Yes.

There was silence.

Zobuhle: Where did I go wrong?

I felt tears rolling down my face as she has never done anything bad to me instead she has always stood by me.

Me: Nowhere!!!

Zobuhle: Why than?

Me: I wish I had an answer for you but I don't. I see now that the life i envied from you is not what I thought it was.

Zobuhle: Am coming back in a couple of days. Do you think maybe we can meet up and talk?

I felt peace as she uttered those words making me choke.

Me: Yes

I whispered and kept quiet.

Zobuhle: I don't hate you for what happened nor do I applaud you but in a way you answered my prayers and for that I can forgive you for what happened.

Me: Am sorry Zoe

Zobuhle: I know. Ill see you in a few days okay?

Me: Thank you

Zobuhle: You the only sibling I have Kea!!

Me: I promise i wont let you down.

She kept quiet and than hang up and I hang up and slowly dragged myself away from the toilet floor. Kabelo rapped me again and this time he forced his penis in my mouth making me gag and choke on his cum. If I knew this is who he was I wouldn't have envied what my sister had!!!

Motlahgodi

I stood there watched her speak to her sister. She turned shocked, i know i should be the advocate of good but this is bullshit.

Me: Am going for the most of the morning.

Zobuhle: Oh

Me: Yeah, Yamihle will show you around

Zobuhle: You pissed

Me: Yes

Zobuhle: she is my sister

Me: Who fucked your husband.

Zobuhle: ex-husband

Me: Am not angry because am insecure about kabelo, trust me am not, i know you mine, i know you love me and I know you not going anywhere but the fact is you have no sister. No family member in they right fucken mind will do what she did and say they love you? Never!!! I get it

Advertisement

fucking him might be a mistake but the extremes she went on to prove to you that she better than you. Honey that another level of fuck you that iv ever seen. But hey let me not rain on your parade.

I kissed her forehead and left her standing there thinking my words over. Yes am brutal sometimes but she needs to hear the truth!!

I bumped to my sister on my way out hiding decor for mom surprise birthday celebration.

Yamihle: You off to take mom away?

Me: Yep

Yamihle: Congratulations on your engagement.

I looked at her and I knew something was wrong.

Me: Will I have to probe you too?

Yamihle: About?

She shifted not wanting me to touch her again, she does this when hiding something.

Me: you know, i just learnt that I have another power.

Her eyes sparked interest. She loves this side of me and I always used to share with her first before our parents.

Yamihle: Talk to me

Me: Well I don't need the power of touch to know when my sister is hiding something from me.

She looked away

Me: And when that very same thing is hurting her.

I saw her wipe a tear

Me: And she has the audacity to stand before me and hide her pain away from me.

She looked up and I saw pain all over her. I walked over her and touched her and the first thing I felt was her children heart beats. I smiled as they both were beating strong and in they sacs. I moved her to one of the quiet rooms and helped her sit down on the chair and she looked at me like a small child.

Me: you know the past few years iv watched you go through pain alone, iv watched you hide your pregnancies from me and watched you and Don get closer every time you lose one.

She looked at me shocked.

Me: through it all ill visit you every night in your sleep and pray for you. Pray that your babies are not in tubes. Pray that they get fertilised where they need to be. Pray that God answers your prayers but mostly pray that you never lose hope. And guess what?

Yamihle: What?

Me: today God answered my prayers. Am going to be an uncle to two bouncing babies.

She looked at me shocked and tears rolling down her face I kissed her forehead.

Me: You never alone. I felt your pain, i know your fears and am always going to be right by your side Yamihle. Always. Sometimes I pretend not to know so I give you your space. Give your husband his place, but am always going to be there for you.

She hugged me tight crying her eyeballs out and I hugged her back. The love I have for her is beyond words.

Yamihle: I love you so much sometimes i think am crazy for loving my brother this much.

Me: Well than that makes the two of us crazy cause I love you to the moon and back

Yamihle: Always?

Me: And forever!!!

She touched her belly smiling

Yamihle: Two?

I touched her belly and felt 3 heartbeats. One distance which was hers and two that belong to the babies.

Me: Yep its two

Yamihle: Can you tell they gender?

I laughed at her

Me: and rob you the opportunity to be surprised at your scan....
hell no!!!

She kissed my cheek feeling much better.

Yamihle: Thank you for being there for me throughout my
journey. Am sorry I never involved you!

Me: Oh I was involved, ask Don, he once walked in on me one
night as I was praying

She laughed

Yamihle: Please don't tell me you were in your full form

Me: had my wings on!!

She laughed

Yamihle: what happened

Me: ask him!! I smiled getting up and leaving her laughing as I
went to mom..

Insert 24:

Kabelo

I walked into his apartment and found him drinking and smoking.

Me: You ignoring my calls

Him: You in my house.

Me: You ignoring my calls

He got up took an envelope and threw it on the table.

Him: You never got that from me now leave!!!

I turned and left to my car and drove stopping at the middle of nowhere and took out a small USB. I drove like a maniac got to my home closed my office door and and watched the footage of a lady in a hotel room of our young King killing an woman in front of his father and in the most gruesome way that I quickly switched it off and I stared at the laptop for some time. What has Zobuhle gotten herself into?

Nyakallo

Me: Thank you for today son.

Motlahgodi: anything for you mama

I smiled as the glam team glammed me up

Me: where we going?

Motlahgodi: For dinner

Me: And you had to glam me up?

Motlahgodi: Yep

Me: And the crown?

Motlahgodi: You are Queen right?

I laughed cause I could see he was being sneaky.

Me: Talk to me?'

Motlahgodi: congratulations on your new journey of being a grandma

I started screaming

Me: Zobuhle is pregnant?

He laughed.

Motlahgodi: no, Yamihle

Zobuhle

I stood by the mirror with Yamihle grinning in my peach dress, it hugged everything and exposed almost everything but I loved how elegant I looked in it. The details of the diamonds was to die for.

Yamihle: My brother has taste

Me: can't believe he picked something so revealing

Yamihle: Your body is perfect for it.and I love it

Me: You sure I look good

Yamihle: You going to be an eye turner tonight... the press is going to eat you up.

Me: Press?

Yamihle: Come to the balcony and let show off that million dollar gown.

I choked.

Me: Million?

Yamihle: You heard me come strike a pose, will post them after the events don't want you breaking the net again.

We took a few pictures together and alone than took on of our shoes and Yamihle posted that on on her social media tagging us.

Yamihle: I thought having a brother is epic but now that I have you. My life is complete.

I grinned cause it like having a sister all over again.

Yamihle: Talk to me

She sat on the couch and I sat opposite her

Me: I love him

Yamihle: Duh

Me: But I have fears. His powers and...

Yamihle: his harmless

Me: I know but I feel like I want him to be himself with me but I don't want him to bring the world to it feet.

Yamihle: Seeing you loving him like this brings joy to my heart

Advertisement

you going to figure it out. I know you will and always know am here for any advice okay

I nodded.

Yamihle: how the sex?? I laughed so hard blushing and looked away as she laughed

Me: Amazing, feels all brand new

Yamihle: Well, I have news

Me: okay

Yamihle: You going to be an aunt.

I looked at her shocked and hugged her laughing.

Me: Congratulations

Yamihle:thank you.

We sat there talking waiting for our dates.

Motlahgodi

I could hear them talking from the hall and laughing as I entered and found her sitting there looking like a million buck. Her tiny breast making a perfect cleavage, her flat tummy complimenting her curves and her whole face looking so angelic with a touch of make up here and there. She turned to see me and her smile went wider.

Zobuhle

He had on a beautiful grey fitted suit showing his muscular body with a peach shirt, my heart dis a little dance seeing him eyeing me and giving me a side grin.

Yamihle: Ay guys get a room hawu!!!

I blushed away thinking of how he ravished me and how the make up person did a marvellous job hiding the bites.

Motlahgodi: You look good he whispered as he stood right in front of me his body heat radiating towards me making me shiver.

Yamihle: let me go look for Don!!!

I saw her leave as he held me bring me closer to him.

Motlahgodi: Hi

Me: Hi

Motlahgodi: Missed me?

Me: A bit

Motlahgodi: Am sorry about earlier

Me: Its okay

Motlahgodi: You good?

Me: Nervous

Motlahgodi : I promise to make this as smooth as it can be....

Insert 25:

Nyakallo

Me: Where you taking me?

Hlelo: Aybo

Me: Come on tell me!!

Hlelo: Nope. You will see.

Zobuhle

We drove to the Event and its was stylish cars upon stylish cars and not to mention the press. It was flashes every where as he got out opened the door for me and everyone screaming our names as snaps were taken all over. He had his hand firmly on me as we went through the red carpet. By the door one of the anchors the lady i saw on tv tapped my sleeve and I stopped.

Her: how you feeling today?

Me: nervous didnt know they is so many of you'll.

i looked around to see that Motlahgodi was standing a little away from me but close giving me some space.

She laughed and I turned about to leave and she asked.

Her: will it be possible to have you over for a morning show??

Me: Ill love too at some point.

She gave me a card and I took it smiling

Motlahgodi: Handled like a pro

He nuzzled my neck as I giggled.

Kabelo

The journey to the birthday party with copies of the usb was long. I finally got there and when I saw Zobuhle I felt my heart give a thud. She was beautiful head to toe. She had a sense of power and authority on her and I could smell her confidence from where I was watching her and she turned and saw me and she froze. I raised a glass to her and I saw fear in her eyes. Oh so the Zobuhle I know and love is still in there that made me grin.

Nyakallo

To say I didn't love this surprise will be an understatement. I love how the banner said "celebrating forties"

Hlelo: You smiling

Me: Thank you

Hlelo: Thank your kids

Me: Oh I see, than am not serving dessert today

Hlelo: How About I nibble on it as we speak. He brought me closer kissing my neck and leaving heat

Zobuhle

The minute I saw him my heart froze as he raised a glass. I took a sip of my water and turned to look for Motlahgodi but he wasn't near instead Syacela popped up and I stood next to him.

Syacela: You look like you have seen a ghost

Me:That obvious?

Syacela: yep. How about we grab a seat and I get you something to drink

Me: Please don't leave me!

I whisphered and he looked at me than looked around and back at me.

Syacela: What up?

I couldn't speak cause my heart was beating too fast. I know kabela and I know what his capable off. It took me my second pregnancy for me to understand that his been killing my kids

his own flesh and blood and what did i do? I kept quiet and pretended it my fault I lost them which is partly true. I picked the wrong man to father my children and that ended with them dying. Syacela kneeled next to me and looked at me.

Syacela: You crying and if Motlahgodi sees you crying and am here Ill be dead. Now talk to me, what can I do to help?

Me: Just stay with me please.

I griped his hands not wanting to let go and he stood there sheltering me from the press.

Insert 26:

Motlahgodi

I looked for her by the floor and never saw her. I walked to the other side and saw her by the corner with Syacela blocking the view and I walked towards them to find her as white as a chalk.

Syacela: I didn't do anything bro

I touched his shoulder and sensed his confusion then bent down to Zobuhle eye level.

Me: Talk to me, She looked at me and the fear in her eyes was too much, I helped her up and walked her out of the nearest balcony for fresh air.

Me: get her whiskey please, Syacela left and she threw her arms on me holding me tight.

Me: Talk to me i can help if you don't talk to me.

I closed my eyes trying to read her emotions all I got was fear.

Voice: Fancy seeing you here.

She held me tighter as I turned to see her ex husband standing there sipping a glass of whiskey. It all made sense now, the fear as she held me tight not moving.

Me: Kabelo

Kabelo: Hlanganani!!

Syacela walked in and he looked at him than handed me the glass I gave to her to drink and signalled to Syacela to take her with.

Kabelo: Oh please stay Zoe.

She froze looking at me with red eyes. My father walked in looked at her than at me.

Zobuhle

I could see that he was angry and am not sure if it was at me or Kabelo but his jaws was flexing abd I felt my tummy turn. The minute that his father walked in I felt some moisture run down my leg and When I looked down It was blood and I fainted as Syacela held me since he was the closest .

Motlahgodi

The minute she started bleeding and fainting I saw my dad grip Kabelo shirt and hold him against the balcony and the guy laughed loud. I picked her up with Syacela and ran off to a car in the side of the building rushing her the hospital.

Syacela: What happening with her?

I touched her stomach and felt my seed struggle as it shredded into pieces dissolving and I felt my heart slowly beat and that when I felt the sense of us being pregnant and us losing the baby. Yes it was still a few days old but it was there.

Me: Are we close to the hospital?

Syacel: 5 more minutes!!

I nodded as I felt the weight of the world on my shoulders. How am I even going to tell her? How are we to move pass this? What caused her so much stress that this had to happen. I closed my eyes and I prayed.

Hlelo

I had him in one of the rooms. He gave me a usb and I took it and played it and my heart froze as he grinned.

Kabelo: Tell your son to leave my wife alone!!!, ill be in touch!!!

He turned and left as I went to look for Nyakallo and found her having fun than bumped to Yamihle.

Yamihle: Dad

Me: Cover me and your brother please

Yamihle: What happening?

Me: Ill be back okay.

I kissed her forehead as I got in the car calling Motlahgodi. This is bad.... real bad!!!

Insert 27:

Zobuhle

I know my body and I knew what going on but I never thought i could be pregnant so soon and so unexpectedly. I had my eyes closed for awhile letting everything play in slow motion and i felt a hand wipe my tears, i opened them to find Motlahgodi standing next to me looking at me with so much fear and right there I knew my suspicions were right, iv lost a child that I never knew I was carrying. The doctor walked in as we were silent and checked my vitals than looked at us.

Doc: Am so sorry for your loss.

Me: Was it natural?

Doc: Stress

Advertisement

given your position before of how your body has been in trauma added to it.

Me:I see.

Doc: With the ultra sound we saw there is an egg stuck in one of your tubes. We going to carefully move it to the cleaned womb and see if its fertilised or not!!

I watched the glimpse of hope in Motlahgodi eyes.

Motlahgodi: What you mean?

Doctor: I mean that during ovulation there was an egg stuck in her tube and right now with the miscarriage of the other fertilised egg its may be possible that she got the eggs fertilised at the same time but only one was able to move pass.

Motlahgodi: So she may be pregnant?

Doctors: possible, will only know once we have moved it.

Me: What happens if you leave it there?

Doctor: Its ruptures your tube leading to death.

Motlahgodi: do what you can!!

He nodded and left. I closed my eyes thinking, am not going to think to much about this.

Me: Take me out of the dress please.

He helped me up and ripped it open allowing me to breathe than took it off giving me the hospital gown to wear than he shifted me as he sat in bed and held me not saying anything and I cried. I cried because we wouldn't be here if it wasn't for my past. I cried because I don't know where too from here and I cried because I had no words to say but to cry!!!

Hlelo

I stood by the glass doors with Syacela and watched my son holding her as she cried. Her cries ripped through my chest and I saw Syacela wiping a tear two.

Me: What happened?

Syacela: I wish I know baba!!

Kea, I know I should be healing but I wanted revenge from Kabelo for all that he has done to me. I searched his house like a mad thing looking for something to use, looking for something that can bring him down on his knees!!....

Insert 28:

Motlahgodi

While she was in the theatre i had Syacela and dad sitting with me.

Me: We were pregnant

Dad: Sorry son

Me: We might be still pregnant, they were two eggs and one was stuck in her tubes so they moving it.

I looked up to see mom and Yamihle rushing over to me and hugging me. I looked at dad he shrugged not knowing how they got here

Yamihle: I tracked dad phone and we panicked. What happening? Why you here

Dad: Its Zobuhle

Mom looked at me and worry was all over her face

Me: She fine, her egg is stuck in her tube they moving it.

Yamihle: Oh my gosh!!!

She slowly sat down as the doctor walked towards us.

Doctor: We done, she sleeping

Me: Okay and?

Doctor: we were able to bring down the eggs.

Me: You said egg earlier on

Doctor: Yes the scan showed it as a lump of an egg but actually its eggs. Fertilised eggs.

Me: Uhm am not understanding.

Doctor: what I mean is that your wife has multiple of fertilised eggs in her womb safely.

Me: Meaning?

Doctor: Congratulations it's quadruplets.

I felt the air out of my lungs leave in a hush and got dizzy in a minute.

Dad: Treat us as stupid people doc. What are you saying to us?

He smiled as I slowly sat down.

Doctor: You are expecting quadruplets and they safely in the womb. Am keeping her for a few days just to observe of all is well and than she can see a gynaecologist afterwards.

Dad: Thank you so much.

I watched my mom smile with tears.

Mom: I never told you guys this before but after I had Motlahgodi I miscarried 6 times. And every time it hurt worse

than before and now this. Am getting 6 grandchildren. Two from my favourite daughter and 4 from my favourite son. God truly works in wonders.

Kea, I found a box and opened it and saw two USB and took them out put them in the computer and there I watched the first one of Kabelo busy with bra T wife. The big drug gangster flipping her over like an egg. I knew if bra T found out about this his a dad man. I quickly drafted an email to my so sister, she the only one I trust and I sent it to her. Than I watched the next USB in horror as the king killed a woman. I formatted it because I know kabelo is upto no good. Than I erased everything on the computer than placed it back just as I saw a lose flooring. I opened it and Iv never seen so much money in my life. I took my sister travelling bag and packed it all in. I know stealing is not right but this is Kabelo money and am pretty sure he never told Zoe about it so am taking it buying myself a new life. When done I took a long shower and took a few of his expensive track pants put them in a plastic and uber to the airport. I found a homeless guy and gave him the clothes and brought the first ticket out of Johannesburg. This is gotta be my new start, a change, a new leaf to start over and focus on myself...

Insert 29:

Zobuhle

I woke up to a little bit of pain as I saw his whole family here and my father. I was shocked.

Me: Dad?

Dad: he sent a chopper said you in hospital and your mom been stressing.

I looked at him and he didn't look like someone who stressed out.

Me: How did it go?

I saw everyone was looking at me and Motlahgodi walked closer grabbing my hands.

Motlagodi: Your dad and I decided that we should move up the negotiations date.

Me: Why?

Motlahgodi: Because we expecting!!

I looked at him confused.

Me: I don't understand

Motlahgodi: well the eggs are fertilised. I looked at him for a second, he said eggs not egg.

Me: you said eggs, as in more than one

Motlahgodi: 4

I closed my eyes and I felt tears roll down my face as my heart was pounding fast and looked at him to find tears in his eyes. Oh my gosh angels can cry too or am I imagining things. I raised my hands and touched his face

Me: I hope those are tears of joy?

Motlahgodi: You are creating life for me

am beyond happy and as risky this maybe I'll like to keep them all.

Me: I would love to keep them all too.

Motlahgodi: Congratulations then, we are expecting

Hlelo

Seeing my son like that brought tears to my eyes, I've never seen him get that emotional. I think that what got us as a family that Zobuhle means so much to him that he can shed a few tears.

Nyakallo: Let give you guys some privacy.

Kabelo

I sat on the couch and drink whiskey as I smiled at today's events. This was easier than I thought. My phone rang and it was Bra T

Me: baba?

Yes sometimes to make more money I dabble on crime that mostly me being they laundering service to clean they money.

Bra T: ill need 50k this week can you bring it?

Me: sure, am in Durban but coming back soon

BraT: let me know when you back.

Me: Cool.

He hang up. Just than his wife who iv been bagging calls.

Me: Sure

Lihle: Am free tonight his leaving.

Me: Am in Durban

Lihle: i can fly for that dick

Me: Ill love too but am on business

Lihle: oh!!

Me: Come tomorrow and ill make it up too you

Lihle: you better.

She hang up and my groins itched for her the minute she hang up. Life seems to be shaping up well....

Motlahgodi

The past two days I never left her side until doctors gave us all clear. Her parents took her home to Johannesburg so that we can do the negotiations and my sister Yamihle wouldn't leave her side so yes Yamihle left with her.

Kabelo

The past two days were hell on earth. I've been robbed of 2,5 million that belongs to Bra T. That all they took, money and all my expensive track suits my heart was beating so fast as I sent a text to Motlahgodi that I want 2,5 million or the video goes viral. He texted me a location to here in Johannesburg. I smiled a bit as I emptied the business savings and sent the 50k to Bra T so he doesn't kill me. And he called.

Me: Hi

BraT: I got it

Me: No problem

BraT: I'll need 500k next week

Me : I'll sort you out

BraT: Sure

I hang up and sat there. Motlahgodi better pull through for me.

Zobuhle

I know Motlahgodi loves me but the past 24 hours his been a changed man. His love for me has grown. He shows affection,love and care. He calls every hour just to check if am good and eating and well. At some point ma was laughing. I sat on the chair looked at my phone and saw two miss calls from a number I dont know so I called it and i heard my sisters voice.

Me: hi stranger

Kea: Hy.

Me: I missed your call

Kea: I finally got through to mom, she says you in hospital.

Me: Am out now

Kea: Yeah she told me. Am sorry I wont see you today for your big day.

Me: Its okay

Kea: Am out of the country for a while to fix myself.

Me: You okay? Need anything?

She laughed a naughty laugh.

Kea: Am fine. You good?

Me: Am good

Kea: I love you Zoe, i know iv had a crazy way of showing it but I love you

Me: I love you more

I wiped a tear on my eye.

Kea: Check your emails. That is me making things right okay

Me: I will, be safe nana.

Kea:I will

Me: Call me anytime you need me

Kea: I will

Me: I love you

Kea: I love you more.

She hang up and I sat there for sometime went to my email and saw one sent from her. I stood there and watched it as Kabelo infidelity to Bra T, a well known gangster wife . I forwarded it to Motlahgodi and he called.

Me: Hi

Motlahgodi: You sent an email.

Me: For the past two days iv been racking my brains as to why did Kabelo show up like that and I think I know.

Motlahgodi

My heart took a deep beat. I know i should talk to her about the video and what happened but we have a lot going on.

Zobuhle: I know he has something on you and I really don't care what it is. But what I have is something on him too. So use it, use it and let Bra T sort him out himself.

That shocked me.

Zobuhle: I don't doubt your capabilities to sort it out but I rather you don't have his blood on your hands, its not worth it.

Me: I hear you

Zobuhle: Cool. Well let me go cook for my in laws

She giggled and that somehow eased my worries.

Me:Am I going to get dessert?

Zobuhle: Wrapped up in dark chocolate

Me: My kind of chocolate.

I literally got a hard on thinking of her.

Me: You killing me.

Zobuhle: to think am not wearing a panty...

I closed my eyes and teleported to her room and she looked at me shocked.

Zobuhle: Are you crazy?

She moved to the door locking it and stood there shocked and glowing

i swiftly move towards her lifted her dress and she really wasn't wearing a panty and I swiftly moved my pants and entered her making her moan.

Me: why you not wearing underwear?

Zobuhle: The dress is hugging so I didn't want panty lines

Me: I see

I moved and she moaned as there was a knock on the door.

We kept quiet.

Yamihle: Babes?

She tried to enter.

Me: Leave us alone Yammy!!!

I whispered so she could hear us.

Yamihle: fuck you!!! She hissed and I laughed as I made sweet slow love to my girl muffling her sounds with kisses as I took her to a fantasy.

Kabelo

I stood there waiting for Motlahgodi and he walked in his suit looking fine and he was alone.

Me: Nice of you to come.

He looked at me for sometime.

Motlahgodi: I don't understand you

Me: What dont you understand?

He walked closer and touched me closing his eyes than grinned an evil grin as I backed away.

Me: Don't touch me

Motlahgodi: If I were you, ill worry about how am going to get bra T money.

That shocked me and I looked at him.

Motlahgodi: And after I send him this... he sent something to my phone and I looked at the video in horror, am a dead man.

Me: Please don't

Motlahgodi: I lost a child because of you

Zobuhle was pregnant??? So fast!!!

Motlahgodi: If it was up to me, you would be dead right now but I wouldn't want to tint my wedding day.

Wedding? Did he just pay for her? I looked at my phone and there were whatapp messages in the family group talking about it so I looked at him.

Me: You took everything from me!!!!

I screamed.

Motlahgodi: When God blesses you and you mishandle that gift, he takes it away.

Me: Who the fuck do you think you are.

I watched him glow and watched big white wings grow out of his back and I swear I peed on myself just as the rain poured.

Motlahgodi: Am Gods favourite son.

I held my heart as a strong pain came from there as I slowly went down and closed my eyes for a bit And opened them to find out am alone.

2 and half years later

Zobuhle

I woke up with the need to go to the bathroom and I ran as fast as I could and vomit inside the toilet with Motlahgodi brushing my back. When done I took a sip of water and turned to find Zanobuhle flying. Her dad held her as she giggled. She was the only girl out of 3 boys and a daddy girl. Before anyone

could say anything Zando, MJ and Zweli flew in as MJ held my face kissing me. We names him Motlahgodi Junior because he was the first born and the next king

Motlahgodi: You good?

Me: yeah

The babies started flying, they use they powers more often than being humane.

Me: Guys!!!

They all stopped and went down using they legs. They were almost two this year but they listened to me and treated me like a Queen apart Zanobuhle little diva was a diva.

Motlahgodi: How about you lie down a bit Ill settle the kids in for breakfast. I noddod kissing his cheek. I saw MJ stand there, him and I were very close and I could sense he could see am not okay.

Me: Come kiss mama

He laughed and ran to give me a sloppy kiss.

Kabelo

I closed my eyes as Bra T used me as his sex toy, that what iv been for the past two years. Iv been his side toy that he roughly fucks whenever he feels for a guy. That how am repaying my

debt and for sleeping with his wife. I know Kea left with my money and one day ill find her and kill her with my bare hands. Iv seen in the news that Zobuhle was crowned next Queen and gave birth to Four bouncing healthy babies. Everytime someone says her name I feel like screaming. If she hadn't left me, all will be well and none of this would have happened. I felt Bra T go harder ripping my ass apart as he was near and he came kissing me all over making me cringe.

BraT: damn you good.

He got off me grinning and I curled up in a ball and cried. I couldn't pray, I couldn't beg for forgiveness for my past actions all I could do was curl up in a ball and cry!!!

Zobuhle

I woke up feeling better to find Motlahgodi looking at me.

Me: What?

Motlahgodi: can't I look at my beautiful wife

Motlahgodi

I held her placing her on top of me as her nightie showed she not wearing any panty and I quickly got a hard on. She looked at me and grinned

Me: Thought you sick!!!

Zobuhle: A little injection might help.'

I moved my pants and slid in as she grasped my dick all over making me vibrate in need. She slowly started moving as I moved her breast out and squeezed as she screamed and moves faster making this a quickie since I was near. After a few rides I came and held her in place as I shifted us to a more comfortable position. I started tracing my hand on her body as my hand froze on her Stomach, i felt heart beats and I closed my eyes grinning like a retard.

Me: Thank you lord.

Zobuhle: Was I that good?

Zobuhle

I looked into his loving eyes and saw tears in them.

Me: You good

Motlahgodi: Am happy

I kissed him.

Motlahgodi

This time around am allowing her to find out by here self.

Zobuhle: I love you

Me: does it hurt?

Zobuhle: What

Me: Loving me? Does it hurt?

She grinned.

Zobuhle: A wise man said that love isn't suppose to hurt

Me: What a wise man...I love you with my whole being and thank you for being you

Zobuhle: Wrap me up in your wings and love me again.

Me:clouds??

She nodded as I wrapped her taking her to cloud 9 both literally and figuratively....
