Introduction

~7MONTHS LATER

~Lwazi~

It's been a while since I left home A lot happened, I had to leave . I know most people saw my departure as running away from the music and consequences that awaited me but it was way more than that. See , I was a ticking time bomb that could've exploded anytime , I was very dangerous in that I found myself getting afraid of me , the things I could do to the people I love , the things I already done

I ran away cause I had to , so that my family doesn't get hurt any further by this hell that resided in me , that still resides in me . The hell that was blood thirsty and was fed death, the hell that had me consumed by intense coldness in that I was blind to the things close to my heart , the hell that imposed disinhibited behavior upon me causing me to lack empathy and close attachment with my loved ones the hell that broke me down even further and scarred me to the deepest part of my being .

Nurse: Mrs. Sithole your medication is ready.

Me: Thanks Ethel, I'll take it after TV .

She placed it on my table and walked out.

Well I'm on antidepressants now, reason being that when I first arrived here months ago and learned of my pregnancy I was haunted by the things I did to people, the pain I brought them, the harm I inflicted on them while I promised to love them dearly... and mostly, the trust I broke, the trust I'll never regain everbut that didn't make me depressed, I was just engulfed by momentary remorse.

What topped all that and brought about the depression was the fact that I placed my unborn babies at risk. I put them through hell unknowingly. I did my filthy, demonic work in their presence. I did something unforgivable. I mean I'm the person they have to rely on and trust but I disappointed them even before they could see and touch the face of the earth that hit me hard in that I fell deeply into depression

Any ways enough of that.

Let me talk about the pregnancy part. Even with the depression finding out I am pregnant was the best thing I have ever heard. At first I was shocked and couldn't believe it but as the months went by I embraced it and here I am getting bigger every day. I am carrying twins by the way, yappy !! . My wish to get pregnant was finally granted and it was given multiplied.

The joy and happiness I feel even words fail to describeI'm just overwhelmed.

Waking up seeing my pregnant belly motivates me , it gives me motive in that it tells me I have to get better and go back to my life , the life I left . The life I'm getting better for and I think it's safe to say I feel better now. I'm a new person and I'm going home in 2 days.

I stood up and went to the table Ethel left the medication on. I took the pills and looked at them.

Me: Your life depends on these now Lwazi , better get used to it

I swallowed them and allowed them to slide by drinking water too.

I smiled alone

2 WEEKS LATER

BLUE

I was finally done with those useless classes i had to take i was assessed a few days ago and passed my assessment, now i was fit enough to go back to the work i was put again on psych again. Even though i hated taking the classes at first but halfway through i learned a lot, i have learned to put my emotions and feelings aside when i get to the wards because there's no room for that, i always have to be rational. My relationship with Davon was starting to be serious, i never thought i was capable of loving someone the way that i love him. He has been nothing but good to me, on weekends we would spend some time together. I love him, i love him a lot. Davon is the first person after my Sister to love me, having him in my life was a blessing i was truly blessed. I kept on playing my Mother that i cannot visit home with Steezy because of the workload that i have, with the elections coming up she gave me a breather and started focusing fully on that. It was a Monday morning and i was changing into my scrubs while on the phone with Davon..

Me- What are you doing there?

Him- I was just about to have breakfast and you?

Me- Just arrived at work

Him- How does it feel being back there?

Me- It's great i cannot wait to start with my rounds

Him- Let me not keep you then

Me- I will call you later

Him- I will also call you should you forget

I chuckled..

Him- I love you so much

Me- I love you too

Him- Enjoy your day

Me- You too

I hung up with a huge smile on my face..

Millie- What is tickling you?

Me- Ohw i didn't see you there

Millie- Wow you changed your hair colour?

Me- Black baby

Millie- It suits you perfectly

Me- Thank you

Yes i have changed my hair colour, i was starting to be very comfortable with who I was now..

Me- Which department today?

Millie- Neurology

Me- Ohh Mr Steezy

Millie- Hope you not jealous

Me- We no longer fucking

Millie- Really?

Me- Yeap i have a boyfriend now

Millie- You go girl!

Me- See you later psych is calling me

Millie- See you later

Me- Later it is

I walked out..

STEEZY

I had moved out from Neo's place and moved in back at my house with Shonda. I haven't served her with the divorce

papers because she was still trying to recover from her surgery i didn't wanna stress her that much. I thought that moving back in with Shonda would give us time to be close again but it didn't, instead we drifting apart more and more. My feelings for Blue are starting to take a toll on me which became one of the major reason for me moving out because she seems happy with this guy and I don't think i stand a chance with her anymore, but then i am not ready to give up..

Before attending to my first patient i went up to Melody to ask how Adam was holding up, it's difficult visiting him now that i am back with Shonda..

Me- Hey

Her- Hey

She was busy with the files..

Me- How are you?

Her- I am good and you?

Me- can't complain

Her- I have to go

Me- wait

Her- Yes?

51); font-family: "Open Sans", Helvetica, sans-serif; font-size: 14px; text-align: center;">Me- How is Adam?

Her- He is doing fine

Me- That's good

Her- When are you going to come and see him?

Me- When i get time probably this coming weekend

Her- I am sure he would like that

Me- I hope so

She took the files and walked away..

DAVON

My memory was still not back though at times I would get flashbacks but not everything was coming back to me..

I was sitting in the lounge my Mother was making me something to eat, My father walked in..

Him- Morning

Me- Morning

He sat down..

Him- We have to talk

Me- About?

Him- Your new girlfriend

Me- Blue

Him- That's her name?

Me- Yes

My Father hasn't met Blue yet but i want her to come and visit soon so they can meet i have only told him about her..

Him- Your Mother tells me that she is from a white family

Me- She is.. She was adopted by a white family after she was saved from a burning building

Him- Lukhele la eKhaya singama Zulu (here at home we are Zulus)

Me- Pardon?

Since i lost my memory i fail to understand other languages especially my Mother tongue which is frustrating my Father..

Him- I am saying you cannot continue seeing this Barbie girl

Me- Blue

Him- Whatever her name is

Me- why?

Him- She is from a white family i doubt she knows anything about our culture

Me- Her upbringing shouldn't be a problem

Him- It is

Me- Dad listen..

Him- No you listen.. This time you going to listen to me! I am tired of listening to you because each time i listen to you, you go and mess up! You mess up a lot!!

I kept quiet..

Him- You are going to pay Lobola for Gabi all this running around it has to stop Khele!

Me- I don't love Gabi

Him- It doesn't matter. Gabi knows our culture although she had a bad reputation but the pregnancy has grounded her

Me- You are not being fair

Him- I am being very fair now it's not the time to be playing around you are going to forget about Bella.. Barbie...whoever her name is and you are going to marry a Zulu girl

Me- I refuse

Him- Then pack up and leave, go back to Gauteng!

He stood up..

Him- Just know this white girlfriend of yours is not going to set her foot here in my house! And just know should you choose her you are going to be dead and buried to me! I will no longer have a son!!

He walked away..

Him- busy usilethela abelungu not la kwami! (you will never bring white people here in my house)

He clicked his tongue..

Him: Where were you during the Apartheid era? You don't know how much we suffered! You should know though because you were already born!

He yelled all the way to his bedroom.

SHONDA

My operation was a success i was recovering very well at home i hope that Eve has prolonged my life by opting for this than the radiation therapy. Steezy was back at home but still i felt lonely, he wasn't my husband anymore. He doesn't hold me at night he is here physically but his heart is somewhere else, somewhere far away. It doesn't take a rocket scientist to see that he was in love with someone else, i look deep into his eyes everyday and i can see that he is falling out of love with me. I need to know the skirt behind this, there has to be someone else in the picture and i am making it my number one priority to find out..

I decided to hire a very good PI by the name of Ethel, Eve recommended her for me and she let me in on her work i won't lie i was pretty impressed so i hired her straight away to tail my husband..

I was sitting on the couch with my tablet when my housekeeper came in..

Her - Mrs Abrams

I looked at her..

Her - Someone is here to see you

Me: You can let the person in

She slightly bowed..

Her - Yes Mam'

She walked away..

She came back with Ethel..

Ethel - Shonda

Me- Ethel

Ethel- Hope i didn't catch you at the wrong time

Me- No don't be silly have a sit

She sat down..

I looked at my housekeeper..

Me- Would you please bring us some ice tea?

Her- Yes Mam'

She walked away..

Ethel- how are you holding up?

Me- I am getting there

Ethel- glad to hear that

Me- So what do you have for me?

She took her bag and opened it, then took out an envelope..

She stood up to give me..

Me- What is this?

Ethel- open it

I opened the envelope and it was pictures of Steezy with Blue Pattison, they didn't seem that much Cosy but there was something there..

Me- How did you get these pictures?

Ethel- I have eyes everywhere

The housekeeper came in with the ice tea and then left..

Ethel- They don't seem Cosy enough for us to conclude that they seeing each other but there's definitely something there

I went through the pictures and it was them mostly standing in the corridor, him squeezing her cheek, holding hands

Advertisement

just flirtatious moments..

Ethel- I am going to concentrate more on that

I nodded..

Ethel- I pulled a file on one of the interns Millicent Nene she is struggling financially so I wanna pay her to be my eyes and ears, her and Blue are pretty close

She poured herself a glass...

Ethel- should i pour for you too?

Me- No thank you i am fine

I had a lot of respect for Blue as an intern, she graduated on top of her class, she comes from a well respected family. Her Mother is very much respected and she goes and do shit like this? She is going to regret the day she was ever born..

.

.

NEO

I took a few days off from work to go home that time i saw the newspaper article about a burnt body that was found in a bush and unfortunately it was my Sister, dental records confirmed that and although she was half burnt i could still recognize the tattoo of Lukhele's name at the back of her neck which also confirmed that it was her. Who could do such a terrible thing? My Sister was an Angel she would never and i mean never even harm a fly. We had the funeral a week ago and even now the pain hasn't really went away, i cannot close my eyes and not see her burnt body. I bet my last penny that Lukhele was behind this, he has to know something because Batlile was at his place before she disappeared..

I took the cup of rooibos tea to my Grandmother..

Me- Koko i can ask for a transfer so i can come and work here in Gauteng

Koko- Neo even if you move down here it won't make a difference it won't bring her back

Me- I don't want you to be alone

Koko- You have a life in Durban you made friends there you have a job

Me- Koko..

Koko- We won't argue about this

We heard a knock at the door..

Me- I will get it

I stood up and went to open it was the Detective in charge of my sister's case..

Me- Detective please come in

He came in with another officer..

Him- Good morning

Me- Morning

Him- how are you?

Me- I am fine thank you

Him- can we talk?

Me- Yes please follow me

I led them to the living room where my Grandmother was sitting, they greeted her..

Me- Any news on my Sister's case?

He was holding a newspaper he passed it to me..

Him- Do you know anything about this?

I checked the newspaper and Batlile's story had made it into the front page..

"DAVON LUKHELE MSIZA ACCUSED OF MURDERING HIS GIRLFRIEND BATLILE LENTSOANE AND THEN BURNING HER BODY ALMOST INTO ASHES"

Me- What?

Detective- It's trending also on social media especially Twitter

Koko- What's happening?

Detective- Did any of you know anything about this?

I cleared my throat..

Me- I posted a few things on Facebook but I didn't accuse Lukhele!

Detective- I thought that i made it clear to you that this case wasn't supposed to be posted on any social media platform while investigations are still being carried out

I exhaled..

Detective- You have just jeopardize this case

.

.

BLUE

I was on my way to the dispensary when i saw a few Nurses gathered around at the reception, they were talking and had a newspaper laid out on the counter. I made my way to them..

Me- What is so fascinating?

Melody gave me the Newspaper..

Melody- Seems like Mr Lukhele is not only about looks but he is a murderer

I read through a bit..

Me- "Davon Lukhele accused of murdering his girlfriend and then burn.."

I squashed the newspaper..

Me- This is bullshit!

Nurse 1- Haibo bullshit for ini?

Nurse 2- Hai shame rich people have rich problems i am glad that I'm not a millionaire!

They all started laughing except for Melody..

Melody- What's funny about another woman being murdered and burned to ashes by her boyfriend? What's tickling about that?

Nurse 2- Kodwa vele mfwethu ayihlekisi yazi (it's not funny)

I looked at them and then walked away, i took out my phone from my coat and went to the rest room to call Davon he had a lot of explaining to do. His phone just rang he didn't pick it up.

For his sake I hope what they wrote about him is not true!

BLUE

I was in the restroom sitting on the floor while tearing up. I had just finished checking this girl's story on YouTube and the video was disturbing, the news crew actually went to the place where her body was burnt. Though they didn't show us her burnt body but seeing the spot where she suffered this cruel agony tore deep inside, was she still alive when the fire was started? Did she cry? Did Davon feel anything when this happened? What's worse is that i checked her on Facebook and she is Neo's Sister. This was a huge mess! A really huge one i am in love with a murderer, i am sure my Mother has seen the papers and after this she will never accept Davon. I don't wanna believe this, i cannot believe this because it's not him. Davon is the sweetest and loving man i have ever known

Advertisement

something must be wrong with this whole story. I stood up and wiped my tears, I walked out of the rest room and made my way back to the Psych ward before Jameson cuts my throat. I found him inside my Patient's ward with Steezy..

Steezy- Are you pretty certain about this?

Jameson- Yes

I looked at my Patient and she was Non-responsive..

Me- what's going on?

Jameson- Pattison it seems like your patient is bleeding internally

Me- What?

Steezy- Her medical history states that she has had more than 5 seizures one being yesterday afternoon

Me- That's terrible ontop of that she has Dementia

Steezy- Please do a CT scan and then if there's indeed bleeding to the brain i will have to operate as soon as possible

He looked at me..

Steezy- Since it's your patient you can scrub in

Me- Yes Sir

Jameson walked out, Steezy looked at me..

Steezy- Are you okay?

Me- Yes I am fine

Steezy- Seems like you have been crying

Me- I am fine

He handed me the patient's file..

Him- I will be waiting

I took it from him..

SHONDA

Blue out of all the interns she is the one screwing my husband! I was still finding it very hard to believe it.

She is Celine Pattison's Daughter the most respected woman in Politics, her family is very well respected then she goes and embarrasses her Mother like that? tarnishing her family's surname like that? She is playing with fire one that cannot be put out. Eve walked in while I was lost deep in my thoughts..

Her- Friend

I looked at her..

Me- Hey Eve

She came and hugged me then she sat down..

Eve- How are you feeling?

Me- I am getting there

Eve- I am glad to hear that

Me- When can I go back to work?

Eve- give it another week

I sighed..

Eve- Something bothering you?

Me- I am just tired of being locked up in here

Eve- You belong in the office

Me- I do indeed

I put my tablet away..

Me- Are you leaving?

Eve- I like your hospital thought i should stick around for a while

Me- We are very lucky to have you

She looked at me..

Eve- You don't look good

Me- I..

Eve- You are my friend and I know you

I might as well tell her..

Me- My husband seems to be having an affair with an intern..

Blue Pattison

Eve- Pattison.. Pattison.. Pattison..

Me- Celine Pattison's Daughter

Eve- Thee Celine?

I nodded..

Eve- So he is having an affair?

I gave her the pictures and she checked them..

Eve- They do seem cosy i thought you were just being paranoid

Me- I don't know why Steezy is doing this to me

Eve- I am sorry

My housekeeper walked in holding a big envelope..

Her- Sorry to disturb but this came for you

She handed me the envelope and walked away..

Eve- What is it?

I opened it and took out the documents..

Me- You got to be kidding me!

Eve- What is it?

Me- Steezy is divorcing me

Eve- What?

.

.

DAVON LUKHELE

I was in my room packing my things yes i was moving out of home because of the fallout i had with my Father earlier. I am not going back to Gauteng but i will be staying in town for a while just until I figure out what to do from hereon. My friend Pascaline was still around and he was going to drive me to the hotel, me and him still have a lot to discuss especially with my career.

Mom- Khele

Me- Nothing you say will make a difference i am leaving

Mom- Your Father is a stubborn man i know but..

Me- but nothing.. He doesn't want to accept Blue

Mom- He is a very cultural man Khele

Me- So that should stand in the way of my happiness?

Mom- of cause not but..

My Father walked in, he was holding a newspaper..

Him- I am glad that you have decided to move out i hope you never come back here!

Mom- Msiza..

Him- This boy has been nothing but embarrassing! Look at this

He handed my Mother the newspaper..

I continued packing..

Mom- No ways!

I looked at her..

Me- What is it?

She gave me the newspaper..

Dad- Now we are going to be a laughing stock

Mom- Khele would never kill someone!

Me- Dammit!!

Dad- Pack up and leave you have embarrassed us it's enough now!! The whole hood is laughing.. You are cursed Lukhele

SHONDA

I went hard on the wine that I finished the whole bottle because of how much hurt i was, I have asked Steezy to give me a second chance and he agreed. I thought we were going to fix our marriage why is he being like this now? How am i going to get through without him? What hurts more about what he is doing is the fact that he might be leaving me for Blue, which married man leaves his wife for a mistress? It doesn't happen that much. Steezy has had a lot of affairs all of a sudden he has an affair with Blue then wants to leave me? What is it with her?

I was sitting on the floor in my Daughter's room about to hit the second bottle of wine but i couldn't open it, i just couldn't open it..

My housekeeper softly knocked at the door..

I looked at her..

Her- Madam Shonda i am leaving

Me- You leaving already?

Her- It's already 18:00 Madam

Me- Thank you Lettie

She didn't leave..

Her- Errr should i do anything else for you before i leave?

Me- No i am fine

Her- Have a goodnight Madam

Me- You too

When she was about to leave we heard Steezy yelling my name..

Me- What time is it again?

Her- 18:00 Madam

We heard his voice nearing until he was upstairs, he showed up and stood next to Lettie while holding Akwesi..

Steezy- What the hell?

Lettie took Akwesi from Steezy..

Steezy- Thank you Lettie I will drive you home

Lettie- Yes Sir

Me- So you wanna sleep with Lettie too?

I chuckled as i tried to open the bottle again, he made his way in..

Steezy- What the hell Shonda?

I looked at him..

Me- You served me with divorce papers today

Steezy- So that's the reason you forgot to have my Daughter picked up from preschool?

Me- She is your Daughter too

Steezy- Get up!

I continued trying to open the bottle.

Steezy- I said get up!

I ignored him..

He grabbed my hand and pulled me up..

Me- Steezy stop it!!

Steezy- You just had a surgery now you drinking?

I let go of the bottle and it fell luckily there's a carpet it didn't break..

I pushed him..

Me- Why do you care? You don't love me anymore!

Steezy- We not going to have this conversation while you drunk!

Me- You leaving me for Blue aren't you?

Steezy- What?

Me- You sleeping with her aren't you?

Steezy- Shonda!

Me- Don't even try to deny it i hired a PI and she came with concrete proof

Steezy- You did what?

Me- Why Steezy? Why are you doing this to me?

I kept on hitting him until he held both my hands tight..

Steezy- This is why i am divorcing you! You are crazy! You hired a fucken PI to tail me?

Me- I needed to know

He shook his head..

Steezy- I am taking my Daughter and we moving out

Me- No!!

He let me go and i followed him..

Me- No you not leaving!!

I tripped and fell..

Steezy- You should see how disgusting you are!

.

.

DAVON LUKHELE

We arrived at the hotel and Pascaline sorted us out we are going to be staying in the same room just until I sort myself out. The room wasn't bad though it was a bit expensive, but it was definitely worth the money..

I was still holding the newspaper and going through it...

Pascaline- is it fine?

I ignored him..

Pascaline- Khele?

I threw the paper at him..

Me- You said that no one passes there!!

Pascaline- What?

I charged at him and then punched him across the face..

Me- You fucken lied to me didn't you?

He looked at me very confused...

Me- You really thought i had amnesia? It was just a front so when this shit comes out i could be proclaimed "unfit" to stand trial!

He put his hand on his lower jaw and swallowed the blood..

Pascaline- It's an isolated place i thought no one passed there

I went and threw myself on the couch..

Me- Blue must've found out about this i got a lot of missed calls from her

Pascaline- You are sleek i give you that! fooling everyone like that?

I kept quiet..

Pascaline- For how long are you going to keep this up?

Me- Until it becomes a cold case!

I stood up and went to pour whiskey.

Me- Her Brother Neo is going to be a problem

Pascaline- Why?

Me- He is up to me!

Pascaline- He is taking chances

Me- He is smart!

I gulped down the whiskey..

Pascaline- So what are we going to do with him?

Me- I don't know

Pascaline- I mean no one will suspect you if we eliminate him

Me- Are you stupid or what? We not going to kill him!

Pascaline- Then what are we going to do?

Me- I should be asking you

He sat down..

Pascaline- Is she still haunting you?

Me- What do you think? Im just glad the Hospital gave me antipsychotic drugs to stop this delusions

I looked at the time..

Me- I have to go and see Blue

Pascaline- I'll drive you

BLUE

I was at home busy cooking i cook a lot when i am feeling down or stressed. I kept on glancing at my phone hoping that Davon would call but still nothing. Coming to Durban was supposed to be fun, i was supposed to realize my life and live for me far away from my controlling Mother but all this place has brought me is nothing but problems and heartache. I took Davon and i placed him in my heart, i love him and it hurts now with all that's happening. It's my very first time loving a guy this much i know our relationship is still new but i am emotionally dependent on him..

The door opened and Steezy walked in, he was holding a cute baby girl and she was crying. From her hiccups i could tell that she has been crying for a long time now. He closed the door and tried to calm her down..

He looked very upset and very hurt.

Him- Hey

Me- Hi

He put the baby down but she didn't want...

Him- Akwesi it's enough now you have been crying for a long time

She held on to him and screamed.

Him- Akwesi!!

I went up to them and took her, she protested at first but gave up after a few seconds. I took the dry swab and wiped her tears then rocked her while patting her gently on her back.

Me- Shhhhhhhhhh...

She ended up placing her head on my chest..

Me- Such a beautiful girl crying like this

I continued rocking her until she calmed down...

Steezy- Thank you

Me- Did you bring her things?

He nodded..

Him- I'll get them

He walked out..

She calmed down and closed her eyes while sucking her thumb, i wonder what happened..

My phone rang next to me i checked it and it was a call from Davon, it's only now he decides to call. I switched my phone off.

5

BLUE

Steezy went to bed while I was left to bath and clothe his little girl which he told me her name before going to bed and her name is Akwesi. I laid her down next to her Father as she also drifted to dreamland, they looked so adorable i wish i could've stood there and watched them all night if it was possible. I gently closed the door and went to take a well deserved bubble bath to release all the tension that my relationship was placing on my shoulders, i never knew that being in a relationship could be this draining. After bathing i went to put on my Pj's and then switched off all the lights in the house. I made my way to my bedroom when I heard someone ringing the door bell, who could it be this late? I dragged my feet to the kitchen and switched on the light. I opened the door and It was Davon, what an unexpected visitor..

Me: Davon?

He leaned against the door looking at me..

Me: What are you doing here so late?

Him: It's cold can you please let me in?

Me: What are you doing here?

Him: I wanted to talk to you

Me: So late?

Him: I couldn't sleep knowing that you mad at me

Me: How did you find my place?

Him: Come on Blue Bear please let me in

I looked at him and he looked at me too..

Me: Fine...come in

I moved and he made his way in, then i locked the door..

He faced me while fixing the sleeve of his leather jacket, i like his dressing style..

Him: I am sure you saw the newspaper and that's why you mad at me

Me: Why didn't you tell me about her?

Him: How can I tell you about someone that i don't remember

Me: Your next answer to my question is going to be "I didn't kill her"

Him: I may be a lot of things but a murderer that i deny

Me: All this is not making sense she was last seen with you so the papers say

Him: I heard papers would write anything for the next cheque i mean you out of all people should know that, didn't you grow up in the public spotlight?

Me: This is serious Davon

Him: I know and right now i don't need my girlfriend looking at me as if like i am a murderer because I am not!

I sighed..

Him: I will sort this mess out and prove to you that I didn't do it

I wanna believe him..

Him: I just need you to believe me when I said I didn't do it

Me: Fine i believe you but how did you get here?

Him: I had a friend drive me here

Me: How did you know that I live here?

Him: You once told me while I was unconscious

He put his hands in his pockets and made his way to the living room..

Me: I did?

Him: You told me a lot of things that you don't remember

Me: If you say so

Him: Are you renting the house with someone else?

Me: Neo is my roommate

Him: Neo?

Me: Your ex girlfriend's Brother

Him: Ohw

Me: You should've came earlier now i am going to bed

Him: well my friend is gone maybe i can sleep over

Me: You like taking chances don't you? If i didn't wanna talk to you what were you going to do?

He shrugged his shoulders..

Me: My bedroom is this way

He followed me..

Me: Tomorrow i am leaving early

Him: I will leave early too

He started undressing taking off his jacket and then his tshirt...

Him: don't drool

Me: Pshhh (rolling eyes)

He gave me a side smile. I looked at his upper body it was breath taking, someone who has his kind of body you would

expect tattoos all over, but he was clean he only had a tattoo on his shoulder of a car. He went on to take off his jeans and boots, the sight of his manhood perfectly portrayed by his briefs just allowed my mind to wonder a little..

I stood up and went to lock the door and switched off the light, then we got in bed. He slept behind me and held me tight against him i could feel his cock against my butt...

Why isn't he making his move? I felt his warm breath hitting me on my neck as he got pretty close to me, his strong arm was around me. I ran my hand on it and realized that he didn't take off his watch..

Me: Why didn't you take off your watch?

Him: I forgot

He said that while kissing me at the back of my ear. I turned around and faced him he lowered his hand to my butt and pulled me closer to him, i put my leg around him. He ran his hand around my thigh i was wearing my short PJ pants, i wanted him already..

Him: Are you still sleeping with your boss?

Me: It ended long time ago

Him: I hope it is over for good

Me: It is

After saying that he smashed his lips against mine

i put my hand on his cheek. This is going to be my very first time exchanging sexual relations with the man that i love.

We continued kissing while his strong hand squeezed every part of my body, especially my not so big butt and my slightly thick thighs.

My breathing became abnormal as his hand made its way inside of my PJ pants all the way inside my underwear and played around in cookie i put my hand at the back of his neck as I smooched him for dear life. I couldn't wait to have him inside of me and he couldn't wait to be inside of me. My hand visited his manhood and i was a bit intimidated by how big he was, i mean i had slept with Steezy before and Reign i am not bashing them but they weren't this much blessed..

Him: Have you ever had it this big?

Me: It's going to be my first time

He chuckled and got ontop of me.

He took off my Pants and underwear and i helped him take off his briefs.

Me: Is it going to be that painful?

He ran his tongue around my lips.

Him: For a few seconds but after that you going to enjoy

He still finger fucked me while sucking my nipples that made my hormones to betray me, pleasure kicked in and i got wet to a point were he felt comfortable entering me. Yes at first it was uncomfortable as he entered me but he continued sucking my nipples and my body relaxed, i opened my legs a bit wider to give him more room. He started off gently and picked up his pace, i was in a world of my own i was starting to enjoy him inside of me.

SHONDA

I felt someone waking me up, i opened my eyes and it was Lettie.

Her: Come Madam Shonda

I had passed out on my bedroom floor after i found comfort in wine last night. I am not a drinker and I was feeling like hell. She helped me to get in bed and pulled the bed covers up, i still felt a bit drunk..

Her: I will get you some pain killers

I nodded..

No amount of wine and pain killers will make the pain go away, deep inside i was shuttered. I never knew how much Steezy meant to me, i never knew how much i love him until i lost him. I never knew how much it hurts to lose someone that you love, Is this how Steezy has been feeling all these years when he showed me his love and I would brush him off, did he go through this much pain? I wiped my tears..

Lettie came back with a glass of water and pain killers..

Me: Can you also get me sleeping tablets?

Lettie: Yes Mam'

I drank the pain killers and waited for her to come back with the sleeping tablets..

NEO

My Grandmother wakes up very early and cleans outside then after she cleans inside. It was around 06:00am and i had just finished bathing, today i was going back to Durban i have to go back to work.

My Grandmother walked back into the house..

Koko: Neo!!!.. Neo!!

Me: I am in here

She showed up in the bedroom..

Her: You are ready to leave?

Me: Yes Koko

Her: Did you pack everything?

Me: Yes i did

She sat down..

Me: You should let me ask for a transfer

Her: No Neo we have been through this

I kept quiet for a while..

Her: You are so sure that Lukhele is the one who murdered your Sister

Me: It is him Koko...Haven't you seen what's happening lately?
Boyfriends killing their girlfriends

Koko: Lukhele loved Batlile i don't think he did it

Him: He is the last person to see her alive Koko, she was with him at his house when she went missing

Her: The police will find who did this

Me: If he didn't love her anymore he could've just let her go than to kill her in such a cruel way

Her: let's not accuse innocent people

Me: It is him! I wish Batlile can haunt him until he confesses.. That's why his things are not going well anymore because of what he did! Lukhele is the devil himself!

BLUE

I was in the kitchen all singing while preparing breakfast, Davon was still sleeping and I had just finished preparing myself for work.

Steezy and Akwesi walked in..

Steezy: Morning

Me: Hey guys

I looked at Akwesi..

Me: Hey sweetie

She was standing in the middle of the room with her pacifier in her mouth and her back pack..

Me: She is very adorable

Steezy: She is isn't she?

Me: Want something to eat?

Steezy: Err..

Davon walked in..

Him: Blue Bear did you..

He was shirtless..

The atmosphere changed as Davon and Steezy's eyes met.

BLUE

They broke their tense eye contact when Akwesi hugged Steezy's leg, Steezy picked her up and said Goodbye to me then they walked out. Davon's facial expression said a lot that he wasn't happy with what just happened. I followed him as he raced to the bedroom..

Me: I am sorry about not telling you that Steezy lives here

He put on his tshirt..

Him: You just made a complete fool of me Blue!

Me: I said I was sorry

He threw his jacket at me..

Him: What is he even doing here? Are you still fucking him?

Me: What? No! We just housemates

Him: That's why this guy will never respect you, you so easy!

Me: Ohw wow!

Him: Don't give me that fucken attitude! How would you feel if you visit me and you find me living with the girl i have been screwing?

Me: This is not my house and Neo wants him here they're friends

Him: Then move out!

Me: You are blowing this way out of proportion

Him: I am blowing it out of proportion? Clearly you still wanna fool around! I don't know wanna fool around i need a real woman! A woman who knows what she wants

I never knew that Davon can actually blow up like this..

He made his way to me and picked up his jacket, he clicked his tongue and then pushed me out of his way and walked out. Banging the door behind him..

SHONDA

I was woken up by Eve i don't know what she's doing here because i am not in the mood for company at all..

Me: What are you doing here?

She pulled the bed covers down..

Her: Go and take a bath

Me: No

Her: Yes!

Me: Eve just leave me alone okay?

Her: You think you can fix your marriage by drinking and then sleeping?

Me: I don't wanna fix my marriage anymore!

Eve: Then get up and fix yourself! You not the first person to get a divorce and you certainly won't be the last one

Me: Eve please i am really not in the mood

Eve: Shonda this is not you.. You one of the strongest people i know

Me: I am not strong! I am about to lose my husband i am not strong okay? Just leave me alone!

I pulled the bed covers and slept..

STEEZY

I had no choice but to bring Akwesi to work with me if duty calls i will ask one of the Nurses to look after her for a while..

I was sitting in Shonda's office going through a few things

Advertisement

Akwesi was sitting on the floor in the middle of the room playing with her doll. I picked up the phone and called home, Lettie picked up..

Her: Abrams residence Hello

Me: Lettie it's Steezy

Her: Mr Abrams

Me: How are you?

Her: I am good and you Sir?

Me: I am good.. Where is Shonda?

Her: Madam Shonda is sleeping

Me: Is she alright?

She kept quiet..

Me: Lettie?

Her: No Sir she is not okay

Me: Is she still drinking?

Her: only last night

Me: Okay thank you

Her: Bye Sir

Me: Bye.. And Lettie

Her: Yes Sir?

Me: Get rid of all the alcohol in the house and lock the bar

Her: Yes Sir

Me: Thank you

DAVON

Pascaline fetched me from Blue's place and dropped me off at the hotel, he didn't come in said there's a few errands that he needs to run.

I went in and poured myself a glass of whiskey i was very mad at Blue. Seeing Steezy under the same roof as her knowing very well that they used to fuck sent me off the edge, it reminded me of Batlile and Pascaline. I am not always with her what if her and Steezy are actually getting it down? The thought of that made me to send the glass flying across the room..

I put both my hands on the kitchen counter trying to calm myself down.

Voice: Kill her too just like you did with me!

I slowly turned around and she was standing next to the fridge still appeared all burnt and disturbing..

Me: You are not real!

Her: I am very much real

Me: You are a figment of my imagination

Her: If i am then why are you talking to me?

Me: Batlile don't do this please

Her: I just want you to confess Khele!

Me: I am not going to confess!

She appeared right in front of me and i got a better view of her, how badly burnt she was...

I stepped back..

Her: Take a look at me! This is what you did to me and you are going to do the same to her!

I took the dish that was next to me and threw it at her but she had already disappeared..

Me: Leave me alone!!!

BLUE

I was in the changing rooms i had just changed into my scrubs and i was ready to go to the psych ward. I was still taken by the fallout i had this morning at the house with Davon, It's our very first fight and i won't lie it hurts. It hurts a great deal but i cannot afford to bring my personal problems and emotions at work so I will only cry about it when I get home. I am very much relieved that my Mother has left me alone for a while, she is concentrating very much on the elections it's funny how she always comes in the 3rd place but she told me that this time around she might just hit the number one spot..

I was about to walk out when I received a call from Davon, i looked at my phone ringing busy debating with myself if i should pick up or not and when it wasn't stopping i decided to answer the call..

Me: Davon

I couldn't get a response from the other end..

Me: Davon??

I heard him sniffing and I started getting a bit worried..

Me: Davon are you there?

Him: If you don't get here i am going to pull the trigger!

Me: What? What are you talking about?

Him: Blue Bear i need you! I am going out of my mind!!

I heard him cocking the gun..

Me: Davon you are scaring me!

Millie walked in..

Millie: Blue i..

I gave her the hand..

Me: Dave Please i love you.. Don't do anything stupid

Him: Then get here..

Me: I am on my way who are you with?

Him: I am alone in a hotel room

Me: Text me which hotel and I am on my way..

He hung up.. I looked at my phone.

Me: Shit!!!

Millie: Is everything okay?

Me: I will be right back cover for me

Millie: What? Steezy requested an important meeting!

Me: My boyfriend is at the verge of killing himself he needs me.. Please cover for me!

I took my car keys and rushed out.

.

.

STEEZY

I was going to have a meeting with the interns in the seminar room i had left Akwesi with the receptionist just for a few minutes.

All the interns were present except for Blue, Millie even walked in late.

Me: Good morning

They greeted back..

Me: Where is Pattison?

They all kept quiet..

Me: Did she even show up today?

Millie raised her hand and cleared her throat..

Millie: Uhm Dr Abrams she just went out said she had an emergency

Me: What kind of an emergency?

She looked around..

Me: outside now!

Millie: Yes Sir

We walked out..

Me: What kind of an emergency?

She looked at me..

Me: Don't even think of lying to me or else I will sit you down for every operation

Her: But..

Me: Speak Nene!!

Her: She went to see her boyfriend said something about him committing suicide

I looked at her..

Her: It's the whole truth she seemed shaken

Me: Fine go back in.. Tell the others that i will be there

Her: Yes Sir

She went back in..

I went to the reception..

Me: Micah

Akwesi stretched her hands to me..

Akwesi: Papa...

Me: Not now Kwesi Daddy is busy

Micah: do you need anything?

Me: Yes i am about to kick an intern out of the program may i please have her file

Micah: Which intern?

Me: Blue Pattison

She gave me an awkward look..

Me: File please including complaints against her from Patients and Doctors

Micah: Yes Sir

Me: I am having a meeting with the interns in the seminar room i want that file in my desk when i am done

Micah: Yes Sir

Me: record that she didn't even show up for today's important meeting

Micah: Yes Sir

Me: She notified no one about an emergency she just basically walked out

Akwesi pulled my stethoscopes..

Micah: Blue is the best intern we have in the hospital Dr Abrams can't she get away with a slap on the wrist?

Me: I didn't ask for your opinion

Akwesi continued pulling my Stethoscopes until they fell..

I hit her little hand..

Me: See what you've done?

She cried..

Me: If she appeals she will have to come with her Mother

Micah: Yes Sir

I picked them up and walked away as Micah attended to her..

.

.

BLUE

I got to the hotel and i made my way to Davon's room after the signing in at the reception. My heart was pounding as i opened the door and slowly made my way in. The hotel room was turned upside down

things were broken how did he manage to do this without hotel management noticing? I closed the door slowly and walked in..

Me: Dave?

It was very quiet..

I fixed some of the furniture that was laying around as i tried looking for him..

Me: Davon?

I heard him burping i made my way to where the sound came from and he was sitting down against the kitchen counter with a bottle of whiskey and a gun next to him. He was shirtless, looked like he had messed himself up with the whiskey...

Me: Dave it's me... It's Blue

He looked at me..

Him: Blue Bear?

Me: It's me..

Him: You came

He picked up the gun from the floor and i was so sure that my heart was going to beat out of my chest...

He tried to get up..

Him: You came

Me: I did

He came to me while still holding the gun and pulled me closer to him, the hand that was holding the gun was around my waist..

Him: You came Blue Bear

Me: I did..

Him: I love you

He brushed my hair back with his hand..

Him: I love you soo much

I faked a smile..

Him: I love you too

He kissed me, i could smell the whiskey from his mouth..

After a while he broke the kiss and looked at me..

Him: You are soo beautiful

Me: Thank you

Him: Marry me Blue bear.. Marry me so that i don't lose you to him or anyone else

That was very much unexpected..

Whatever my answer is has to make him happy, he is holding a gun right around my waist for fuck's sake!

STEEZY

I looked at the interns..

Me: One of your own is not going to finish the program with us!

They remained quiet...

Me: All of you should know how lucky you are to be trained under this hospital, it produces the best surgeons not only in KwaZulu-Natal but in the whole of South Africa but yet you guys come here and play! This insubordinate behaviour will no longer be tolerated! You cannot come in here and do as you please!

I walked around the room..

Me: This is not your Mother's hospital! We have a lot of interns who wanna be trained under this hospital but we chose you! We chose you because we thought you guys were the best but you come here and get comfortable! not anymore are we clear?

They nodded..

Me: Unprofessionalism will no longer be tolerated!

They remained quiet only their heartbeats made a sound...

Me: You are all dismissed!

They stood up and walked out except for Millie...

She came to me...

Her: Dr Abrams

I looked at her..

Her: You said one of our own is going to be kicked out of the program

Me: so?

Her: Is it Blue?

Me: Excuse me?

Her: I mean I think kicking her out is a bit extreme she..

Me: What is it you?

Her: Just that...

She looked like she had something to say but couldn't say it..

Me: What is it Nene?

Her: Nothing Sir.. Totally nothing

I watched her as she rushed out of the room..

SHONDA

Today it seemed as if like i wasn't going to get peace at all. I really wanted to be alone, i didn't wanna engage in any conversation with anyone i just wanted to sleep the whole day. I quickly got out of bed when Lettie told me that Steezy's Mom is here, Did Steezy call her?

I frowned as i put on my gown and sleepers. Is she here to gloat over her words that i am too old for her Son and that our marriage wasn't going to work in the first place? Why is she here??

I found her at the kitchen going over my pots

Advertisement

she even had an apron on. This woman! Who gave her the right to just come into my house and do as she pleases?

She looked at me and continued with what she was doing...

Her: It's 10:00am Shonda

What did that even mean?

Her: It's late for Pajamas

Me: I didn't realize it was that late

She gave me a weird look..

Me: Sorry if that was rude

Her: Tea?

I sat down..

Me: Yes please

Her: Camomile or Earl grey?

Me: Earl grey

Her: Is Akwesi at the Preschool?

Me: Sort off

Her: How did your surgery go?

Me: Let's just cut to the chase put me out of my misery and gloat over my divorce!

Her: Why should i gloat?

Me: Aren't you here for that?

Her: What divorce?

Me: You didn't talk to Steezy?

Her: Should i?

I looked down..

Her: What is happening Shonda?

I looked down and shook my head..

Me: He is divorcing me for some intern

I looked up as I restrained the tears from falling..

She continued making the tea..

Her: do you value your marriage? Your husband? Your family?

Of cause I do! How can she even ask me that?

Her: Because i am still trying to understand how drinking and stuffing yourself with pills going to save your marriage

Me: Please don't judge me

She gave me the cup of tea..

Her: If you want to save your marriage the first thing you must do is to go and bath!

Me: How is that going to save my marriage and bring my husband back?

Her: I didn't say it was going to bring him back im just thinking that your armpits must be sweating it's hot

She lifted her cup up and brought it closer to her mouth. I got up from the chair and made my way to the bathroom..

.

.

BLUE

Davon paced up and down across the room after i had turned down his proposal, i shouldn't have but at the same time i wasn't going to say yes just to make him happy..

Me: I just think now it's not the right time

He stopped and looked at me..

Him: I am still trying figure out why i shouldn't put a bullet through you!

Me: Davon!

Him: Don't fucken Davon me!! Don't Davon me Blue!

I stood there all quiet..

Me: I love you Davon but..

Him: But you love him too don't you? Reason why you sleeping with him!

Me: I am not going to stand here and be insulted by you!

Him: Don't you dare think of walking out on me!

Me: or what you going to shoot me?

He put the gun on the counter...

Him: You just don't have any idea how much i fucken love you!

Me: Davon you are a mess! You need help..

Him: I don't need help i just need you don't you get it? I need you! That's the shit of help I need!

I don't know what was happening with Davon but whatever it is he truly needs help..

He walked up to me, he wasn't holding a gun..

Him: I love you and i wanna be with you i wanna make you my wife

Those words would mean something

if he wasn't drunk..

He took my hand and kissed it a couple of times then he knelt down in front of me..

Him: I just need you to love me

He lifted up my shirt and started planting wet kisses on my tummy, he ran his tongue around my belly button..

Me: Dave..

Him: I want you to need me just as much as i need you

He continued kissing me..

Him: Unlike him i can never hurt you, i am not married my girlfriend is dead! You are the only woman for me and i love you Blue bear

He stood back up and faced me...

He grabbed my hair and pulled me closer to him so that we could kiss.

Him: I love you

He said that while his lips were still attached to mine...

Me: I love you too

Him: Say that again

Me: I love you too

Him: Say it again..

Me: I love you too

He kissed me again as i repeated those words over and over..

Me: I love y..

He broke the kiss and hugged me...

Him: We going to be alright.. We going to make it

Me: Yes we are..

9

BLUE

I was standing at the door watching him sleeping he was sleeping so peacefully as if like nothing was ever going to wake him up. Davon is definitely being bothered by something and it's something deep, he is out of it and I think he needs help real psychiatric intervention.

I heard someone clearing their throat behind me, i turned and i saw some guy standing there looking at me..

Him: You must be Blue

Me: And you are?

He stretched his hand..

Him: Pascaline i am Davon's Best friend and his manager

I stretched mine to him..

Him: What's happening?

Me: He was raving like a mad person

He walked around busy picking everything up. I walked over to him.

Me: What is happening to him?

Him: What did he say?

Me: Nothing but i can see that something is bothering him and it's something deep

He continued picking everything up and i ended up helping..

Him: Can you be trusted?

I looked at him and nodded..

Him: I will only tell you this because you are his girlfriend and i trust you

I sat down...

Him: I am sure that you have read the papers lately

Me: About Davon being a murderer?

He nodded..

Me: I have

Him: It's all true

Me: Sorry what?

Him: It's not what you think though

I let him explain further..

Him: Davon and Batlile were very much in love but Davon, his career always kept him away from home for longer periods of time

Me: and?

He fixed the chair and sat down..

Him: Batlile was always lonely and

I looked at him..

Him: We slept together a few times then Davon found out

Me: Wow!

Him: He was angry and they fought i think he pushed her or something and that was the end.. Trust me it was an accident

Me: What happened next?

Him: He panicked and called me then we thought the best way was to get rid of the body

I didn't know what to say..

Him: I mean do you think cops were going to view it as an "accident" they were going to lock him up for murder

I stood up..

Me: I cannot believe this!

Him: Davon is not a bad person he was just caught up in a bad situation

Me: Murdering someone is more than just an "accident"

Him: Blue please try to understand Davon wanted to report it but i stopped him all of this was my idea and trust me he is paying for his sins

his conscience is troubling him to a point were he thinks that he is seeing her

I was confused i didn't know what to say..

Him: He just needs help that's all.. Don't give up on him he is not a bad person

STEEZY

My Mother walked in my office and closed the door, she saw Akwesi sleeping on the couch i had put my white coat over her. She looked at me and walked up to me..

Her: Good afternoon

Me: I didn't know that you were around

She pulled the chair and sat down..

Her: How is my boy doing?

I put the pen down and rubbed my eyes..

Me: Not doing so good Mom

She extended her hand to me..

Her: What's happening Steezy?

Me: Everything is a mess

Her: Talk to me

I leaned back on the chair..

Her: Steezy you are divorcing Shonda

Me: It's time Mom

She shook her head no..

Her: Steezy you love Shonda

Me: I do.. I did..

Her: You still do but you also infatuated with that Intern

Me: Mom I am divorcing Shonda and that's that

Her: What made you marry her in the first place?

Me: I loved her

Her: You still love her

I looked at Akwesi..

Her: Steezy listen no marriage is perfect and today I saw how much Shonda loves you.. She is literally breaking without you and Akwesi

She extended her hand to me..

Her: You have played around a lot but you still went back to your wife this intern how sure are you that she loves you? What if another intern comes around?

I looked at her..

Her: Don't you perhaps think that maybe these interns and Nurses are there to satisfy your sexual needs? I mean Shonda is old and maybe you don't enjoy having sex with her as much as you do with the interns?

Me: Mom

Her: I am just saying think about it i know i don't like Shonda that much but.. Give her another chance how many chances has she given you? I know that you have made up your mind but Shonda loves you, you are even here because of her she deserves a second chance

I kept quiet..

Her: Think about it..

.

.

BLUE

I was on my way to my car when i received a call from Millie i even forgot that she was covering for me.

Me: Millie

Her: You are in shit!

Me: What do you mean that i am in shit?

Her: Steezy was all up in my throat

Me: I'll deal with Steezy

Her: Obviously your pussy is not working for you anymore

Me: I told you that i am no longer sleeping with him

Her: That's the problem! Steezy is going to kick you out of the intern program

Me: What?

Her: You are in deep shit!

I hung up.. Steezy cannot do this..

.

.

EVE NGOBENI

I met up with Ethel in a restaurant i had stolen those pictures of Shonda's husband all flirting with the Intern..

Ethel: You have something?

I passed the pictures..

Me: Get a journalist or something i want them on the papers by next week

she looked at them..

Her: Isn't Shonda your friend? Why would you wanna do this to her?

Me: Just do it okay? She has to pay for what she did to me!

Ethel: What did she do?

Me: She took the chief surgeon spot from me, i was supposed to be the one who runs that hospital! But since I wasn't like her i couldn't get it because I didn't sleep with half of the board

Ethel: This is bad

I leaned back...

Me: Break her!

10

SHONDA

I was surprised to see Steezy's Mom walking in with Akwesi i was in the lounge sitting with my friend Eve. I truly appreciate Eve's Support she has always been supportive ever since from school. When Steezy's Mom put Akwesi down she ran up to me..

Me: Hey baby i missed you soo much

She hugged me..

Eve: I think she has missed you too

I looked at Steezy's Mom..

Me: Thank you

Her: Come Kwesi let's go and bath

Akwesi: bath!!

She climbed down from the couch and ran to her Grandmother. They both started walking out of the room

Akwesi: bath with ducky!!

Her: Yes you going to bath with Mr Duck

Even laughed as they walked out...

Eve: She is so adorable

Me: The best thing that has ever happened to me

Eve: How are you holding up?

Me: Still hurts but i will get there

Eve: Just take all the time you need to heal

(Silence)

Me: You know the pictures that came with Ethel this other day are missing

Eve: Missing?

Me: I can't find them anywhere and Lettie hasn't seen them too

Eve: I am sure that you will find them they probably misplaced somewhere

Me: I hope so i mean if they end up in the wrong hands Steezy's career is over and Blue i don't even wanna say

Eve: Don't think like that you will find them

Me: How are you finding our Hospital?

Eve: It's not bad i actually like it

Me: I am glad you there we only need the best to train our interns

Eve: It's a great learning institution

(Silence)

Eve: Can i ask you something?

Me: What is it?

Eve: Do you think your husband is a good candidate to act as a chief surgeon?

Me: He is good Steezy is one of the good Surgeons that we have

Eve: Okay

Me: Something on your mind?

Eve: I probably shouldn't say anything

Me: no please talk to me

Me: I don't know i am not a gossiper but..

Me: but?

Her: Other surgeons are talking

Me: Saying what?

Eve: Nepotism.. They are very adamant that Steezy is acting chief surgeon because he is your husband

Me: Really?

Eve: but it's just talk

Me: I never saw it that way i only put him because he is very experienced has been there the longest and is the best at what he does

Eve: Exactly! Let them talk you know how it is

Me: I have to go back before things spiral out of control

She nodded..

.

.

BLUE

I got home later on i have taken a drive around the neighborhood trying to wrap my head around what Millie told me over the phone, i know Steezy is a big disciplinarian but now he is taking this matter way too far. I got in and he was standing at the stove cooking, i banged the door and he turned around...

I made my way in and put my things on the counter..

Me: Millie called me

He folded his arms and looked at me.

Me: You kicking me out of the program?

Him: Have you thought that maybe this field of study is not for you?

Me: Who are you to judge Mr i fuck Nurses and Interns?

He chuckled while shaking his head..

Him: Typical of you!

I took off my jacket..

Me: This is not about me being unprofessional! This is about Davon and Me isn't it?

Him: It would be about you guys because?

Me: Come on Steezy we both know it is about us!

Him: not everything is about you hey

Me: screw that!

Him: You are way too unprofessional Blue Pattison! That's not your Mother's hospital you cannot just walk in and out as you like! Two surgeons have already complained about you, they don't like your behaviour

Me: Even if you kick me out of the Program that won't make me leave him for you!

Him: I didn't ask you too i have a wife and I love her

Me: don't make me laugh if you loved your wife you wouldn't be screwing every underwear in that Hospital

Him: for your sake i will pretend as if like i didn't hear that

Me: You are not kicking me out of the program!

Him: Already have! If you wanna appeal you will have to bring your Mother

Me: If you ever felt anything for me you wouldn't do this please

Him: Like i told you not everything is about you!

Me: I will tell the board about our sex life

Him: be my guest! And also tell Neo that you screwing his Sister's ex who is by the way under hot water being accused of murdering her ex!

I kept quiet..

He turned and concentrated on the pots..

Me: Then I'll be moving out

Him: Good for you

I walked to my bedroom to get my things..

DAVON

I woke up and i looked around Blue was not around. I got out of bed and switched on the lights while i went to the kitchen taking my tablet with. I was still a bit drunk and my head was

throbbing. I had about 300 Emails and i was still trending on social media i turned my tablet down and went to search for a bottle of whiskey. I heard my phone ringing from the bedroom, i went to get it. It was Blue..

Me: Blue Bear

She was crying..

Me: what's wrong?

Her: My life...My li.. My life is over!!

Me: What are you talking about?

Her: I don't know what to do i feel like dying!!

Me: don't talk like that

Her: I am moving out and coming over there..

Me: Okay you can come

Her: I just wanna be with you..

Me: It's okay we will fix it.. You can come

She hung up the phone..

STEEZY

I could hear Blue crying from the bedroom. I might have been a bit too much on what i did but I thought it was going to open up her eyes and it didn't, she is consumed by this guy and she

doesn't even know that it's ruining her life. She is putting him over everything and there's nothing i can do, i cannot force her to do anything. I remembered my Mother's words and maybe it's time i just focus on my family because i cannot wait for Blue until eternity.

BLUE

I arrived at the hotel Davon was already pacing up and down waiting for me. I closed the door and ran up to him, he hugged me. I was hurt, confused, and scared. I was scared of my Mother finding out about this she is going to kill me without thinking twice. He squeezed me tight..

Him: It's okay

Me: He is going to kick me out of the program and my Mother is going to kill me

Him: Who?

Me: Steezy.. He is kicking me out of the intern program

He broke the hug..

Him: What?

He put his hands on my cheeks.

Me: It's because i left the hospital earlier on without reporting to him but i know it's more than that he cannot handle the fact that i am with you

Him: I thought it was just about sex?

Me: I thought so too.. I mean on my side it was

He kissed me on the forehead..

Him: don't worry we will figure something out

Me: How are you feeling now?

Him: I am feeling better

My phone rang i got it out of my jacket, it was my sister Apryl.

Me: I have to take this, it's my Sister

Him: Where are your bags?

Me: in the car

I gave him the keys..

Me: Apryl

Her: Hey Sis

Me: Are you good?

Her: I am good and you?

Me: I am fine

Her: So guess what?

Me: What?

Her: Your Mother called and invited me for dinner this weekend

Me: Really?

Her: Yeap it's the elections remember?

Me: Ohh ya we have to appear as a united front

Her: Has she called you yet?

Me: Not yet

Her: Maybe she's still going to call you

Me: Ya maybe..

Her: Are you sure that you okay? You sound very down

Me: I am fine just tired

Her: Get some rest i will call you tomorrow

Me: Okay

Her: I love you

Me: I love you too

Davon got in without the bags.

Him: I think tomorrow we will have to go and look for a flat this hotel is expensive

Me: We will

Him: don't worry everything is going to be okay

I smiled. Maybe now it's time i look for my real family

they have to be out there somewhere..

SHONDA

Akwesi went to bed a bit late tonight she was soo clingy i decided to let her share a bed with me. I couldn't sleep i think i exhausted my sleep earlier on so i got out of bed and made my way to the kitchen to have some chocolate milk and cookies. I heard a car pullover at the driveway, i looked at the time and it was 22:30.

I stood there at the kitchen waiting to see what's going to happen next and after a few minutes the door opened, Steezy walked in.

He closed and locked the door then looked at me..

Him: I thought everyone would be in bed

Me: I couldn't sleep

We looked at each other for a couple of seconds..

Him: How are you feeling now?

Me: better my the stitches are healing well

Him: That's good to hear

Me: I am making chocolate milk and cookies want some?

He put his keys on the counter..

Him: No thank you

I went to the fridge..

Him: I missed you

I didn't open it..

Me: I missed you too

He came up to me and kissed me..

Him: I love you soo much

Me: I love you too

Him: should we try again?

I smiled at him..

Me: We can try again

Him: maybe i might just have the chocolate milk and cookies

He went and sat on the kitchen counter..

Me: Did you love her?

Him: Pardon?

Me: Blue? Did you love her?

Him: No.. I love my wife

Me: so no more Blue?

Him: No more Blue and any other intern

I smiled..

Him: Speaking of Blue i am kicking her out of the program

Me: Why?

Him: She is not professional

Me: Isn't that a bit extreme?

Him: Trust me it's for the best

Me: I trust your judgment then

DAVON

I woke up a bit earlier than Blue, i wanted to surprise her with breakfast in bed before we go and search for a flat. I received a call from from Gabi as I was busy preparing breakfast..

Me: Gabi

Gabi: Khele i need money

Me: money for what?

Gabi: i need to go for Sonar i haven't felt the baby moving

Me: I gave you money not so long ago what did you do with it?

Gabi: I eat Lukhele!

Me: Okay I'll transfer you some cash

Her: Thank you

I expected Gabi to be very clingy but she's not, all she wants from me is money and i am very comfortable with that. I think i need to go and talk to Steezy, Man to Man! What he is done

BLUE

I made my way from the bedroom to the kitchen after i had bathe and dressed up, before i could even make it to the kitchen i was welcomed by him playing music a bit loud...

"I got power, poison, pain and joy inside my DNA.. I got hustle though, ambition, flow, inside my DNA.. I was born like this, since one like this Immaculate conception"

I stood there in that small passage and analyzed every word in the song..

"I got millions, I got riches buildin' in my DNA.. I got dark

Advertisement

I got evil, that rot inside my DNA.. I got off, I got troublesome, heart inside my DNA

I just win again, then win again like Wimbledon, I serve.."

I couldn't listen no more so i made my way in, he was sitting at the counter starring at his laptop..

Me: Morning

He stopped the song and looked at me..

Him: Morning Blue Bear

I made my way to him and he dragged the chair back a little, he put his hand around my waist and sat me ontop of him. He kissed me as my hands wrapped around his neck..

Him: How did you sleep?

Me: I slept good

Him: I heard you crying

Me: It's still heavy on my heart

Him: Steezy had no right to do what he did.. You the best at what you do

Me: It's fine.. So are you ready to go and search for a flat?

Him: Yes i am.. Are you ready?

I nodded...

He stroked my hair..

Him: Your hair is long

Me: I know

Him: why don't you tie it? Doesn't it irritate you?

Me: I am used to it

He looked at me..

Him: What?

Me: I am just glad i have someone to go through this pain with..
I don't think i would've been able to handle everything on my
own

Him: You stronger than you think

Me: I guess so

He slightly hit me on my thigh..

Him: let's go

Me: Before we go i wanna talk to you about something

Him: what is it?

Me: don't get mad

Him: Okay

Me: Your friend told me everything

Him: What is everything?

Me: About her and her tragic death

Touchy subject he looked down, i put my hand on his cheek..

Me: Hey i don't think that makes you a bad person

He looked at me..

Me: you were in a very compromising position

Him: I didn't mean too..

Me: I know...I know

He kept quiet..

Me: I guess we just two troubled souls who need each other

Him: You still wanna be with me after you know??

Me: Just don't burn my body

He chuckled..

Him: I regret everything.. Worse part she haunts me

Me: I don't think she haunts you, i think your conscience is eating you up but we will get through this together

He kissed my hand..

Him: I guess we will

Me: Come on let's go

I got off him..

Me: I have been thinking

Him: about?

Me: obviously my Mother is going to disown me after this finding out about you and me being kicked out of the program so i have decided to look for my real family

Him: That's a big decision

Me: I know but i am sure there's someone out there

Him: I am sure there is.. We will search until we find someone a surviving relative from your biological family there has to be one

Me: Ya

Him: let me go get my phone and then we go i made you breakfast it's in the microwave

Me: Thank you

He walked away...

STEEZY

I made my way to the dinning area to eat breakfast my Mother and Shonda had gathered there..

Me: Good morning

They greeted back. I kissed Shonda on her head..

Mom: Hmmmmm

I went and sat down..

Me: Where is Akwesi?

Shonda: She is sleeping she has been very clingy so i decided that she can miss preschool today i wanna spend the day with her

Me: That's good

Mom: We should have a barbecue party this weekend invite family and friends

Me: As long as Shonda is up for it

Shonda: I think it's a good idea

Mom: let me go and check up on Akwesi

She stood up and left..

Shonda: at what time are you going to knock off?

Me: Depends how busy we are

She nodded..

Me: something on your mind?

Shonda: not really

I stood up..

Me: let me go i am running late

I kissed her..

Me: I love you

Her: I love you too

BLUE

We got a bachelor's flat that came with built in cupboards, a microwave, a bed, built in wardrobe and the bathroom even had both a shower and a bathtub. It's newly built flats and they didn't have much residents. I walked around looking at it and i am not going to lie i liked it, the fresh smell of cement in other parts just went to show that no one has occupied it before. Davon looked at me and i nodded, he looked at the house agent..

Davon: I think we will take it

Agent: Why don't you guys just rent a house? We have nice houses around not far from here rent is affordable R5 500 a month just so you guys get extra rooms for visitors

Me: I think the flat will be fine for now

She nodded..

Her: Rent is going to be R 4 000

Me: Affordable

Her: Then you guys can come and sign here

My phone rang and i looked at Davon..

Me: You can sign i have to take this it's my Mother

I walked out to answer the phone and no lie my heart was beating very fast, could literally feel the heartbeat from my throat..

Me: Mother

Her: Blue!

Me: Yes Mom

Her: I hope i am not disturbing

Me: I am having tea in the canteen psych ward is no child's play

Her: I told you about it but you didn't want to listen! I hope you not skipping it you cannot afford to be kicked out of the program!

Me: I know Mom

Her: I am serious Blue that would point out to you that you are a failure and i don't accept failures it's going to be embarrassing especially since because elections are on the way i don't want any embarrassment from you

Me: Yes Mom

Her: Anyway i am calling you because i want you and Steezy to come over this weekend for dinner i also invited Apryl

Me: That's nice

Her: It is so are you guys going to come?

Me: Yes

Her: Good! Now go back to the psych ward

Me: Okay Mom

I hung up and stood there i closed my eyes and took a few deep breaths. I am putting my foot down now

I won't have my Mom ruin and control my life any further. Instead of showing up with Steezy i am going to show up with Davon..

NEO

I arrived at home and there was no sign of Blue, no sign of Steezy either. It was a long drive no lie but that's because i took long breaks. I went and put my bags in my bedroom, i sat on the bed and thought for a while...

Me: Sorry Batlile.. Sorry for failing you

I feel like I have failed my Sister this is going to be another cold case all because I went to social media and bashed on Davon. He can even sue me for deformation of character..

I wiped my tears and stood up to put my clothes back into the wardrobe from my suitcase, my heart was heavy. She died in the most cruel way and I still have my money on Lukhele that he is literally behind this..

The newspaper that i had bought earlier on fell as i was busy taking my clothes from the suitcase to the wardrobe, i took it and went through it. Page two was a real shocker in big and bold the headline read:

"HOSPITAL LOVE TRIANGLE: NEUROLOGIST HAVING AN AFFAIR WITH AN INTERN"

they had cosy pictures of Blue and Steezy. Shocked as I was i sat down and read the article laid it down on how Steezy and Blue were having an affair, sleeping in the resting rooms and how Shonda wasn't coping with everything. It went on further to say how the affair had ruined Steezy's marriage and how his wife is sticking with him and even made him acting chief surgeon..

Me: Ohh my goodness!

.

.

STEEZY

Me: Dr Nene please give Mr Duze some paracetamol for the slight headaches and also monitor him that he doesn't overdose he must drink at least every 8 hours.

Nene: Yes Sir

Me: Again what do we use for Paracetamol overdose?

Nene: Acetylsteine

Me: I hope it won't be the situation here

Nene: Not at all Sir

Me: I will come back in 5.

Nene: Yes Sir

I walked out of the ward to check the board the staff kept on stealing glances at me it has been like this since all morning. I walked to the board and looked at it, today we didn't have much surgeries..

After checking the board i went to the receptionist..

Me: Morning

She dropped the files..

Her: Mo.. Mor.. Morning Sir

She picked up the files..

Me: What's going on?

Her: Nothing.. Nothing...why?

Me: Everyone is acting a bit strange

Melody came and stood next to me..

Her: I need my Patient's file

I looked at her..

Me: You have been scarce lately

Her: You have been busy lately

Me: Busy?

Her: Yeap so the papers confirmed

I looked at her..

Me: Papers?

Her: You haven't checked the hospital's Facebook page either?

Me: No

She got the file..

Her: You should!

She walked away.. That was strange.

.

.

SHONDA

Me: No!! No!! No!!..

I looked at the Newspaper again..

Me: It cannot be.. This cannot be happening!!

Eve: I didn't want you to find out from someone else

Me: How did this happen?

Eve: It's a disaster

Me: Steezy is going to kill me!! He is going to think i did this because I wanted to get revenge on him and Blue!

Eve: That's absurd! You wouldn't hang your dirty laundry in public like this!

Me: This is going to have a bad reputation for the hospital!
They both might lose their jobs

Eve: I don't even know what to say

14

BLUE

After seeing the flat we went out to some restaurant to have a scrumptious English breakfast..

Davon: Are you happy about the flat?

Me: It looks good i am definitely happy

Davon: I think it's a good space for both of us

Me: certainly

It was so funny that people who were in the restaurant were busy giving us funny looks and gossiping amongst themselves..

Me: Isn't it funny that people keep on stealing glances at us and then gossip?

Davon: They probably still hung up on my article

Me: Ohw ya i wonder when they going to let that go

Davon: I thought they were letting it go already

The waitress came with our food..

Her: Here we go

Me: Thank you

Her: Anything else?

Davon: Nothing for now thank you

Her: Well if you need anything else i am at the counter

Davon: We will definitely call you

She smiled and walked away..

I looked at the Davon as our appetites Betrayed us..

Me: The Amnesia was just a front wasn't it?

He looked at me and smiled then looked at his plate..

Him: How did you know?

Me: I can tell

Him: Well it's a good front to escape a life sentence for murder

Davon is definitely not a bad person i am still trying to find out why he agreed to bury Batlile's body, i am still trying to figure out why he killed her..

Davon: shouldn't you have gone to work today?

Me: I was kicked out of the intern program remember?

Davon: Steezy really has his panties up in his bunch.. If he had a problem he could've faced me like a real man and not take everything out on you

Me: Let's just leave him soon his unprofessional behaviour of sleeping with interns and nurses will catch up with him

Davon: I'll definitely celebrate to that

We laughed and continued eating..

STEEZY

Neo just budged into my office he seemed a bit taken by something. I stopped whatever it was that I was doing and looked at him, ready to give him my attention. I whole heartedly sympathize with him for losing his Sister but that shouldn't be the reason he just decide to throw himself like this in my office..

He came and sat down then looked at me

he was holding a newspaper..

Me: Are you okay?

Him: Are you okay?

Me: huh?

He handed me the newspaper..

Him: go to page two

I flipped through it and went to page 2, and there i got the biggest shock of my life!!..

Me: What the??

I read through a little..

Me: This is total bullshit!!

Neo: Steezy how could you?

I closed it and folded it..

Me: Who could've done this?

Neo: So it is true? How could you? How cool you do this to Shonda? I thought it was over with Melody!

Me: It was just a once off thing

Neo: I knew Blue was a trip!

Me: Don't blame her because she didn't participate in this alone.. Shit!! This is going to kill her!

Neo: Are you fucken kidding me? What about Shonda?

Me: Fuck Shonda! She had me tailed this could've been her way to seek revenge! I cannot believe i fell right into her trap

Neo: wait! what do you mean Shonda had you tailed?

Me: She hired a PI to tail me hence we here now

Neo: What?

I picked up the phone and called Shonda..

Shonda: Hello

Me: It's me

Shonda: Hey honey

Me: How could you Shonda? I saw the article

Shonda: I saw it too and believe me i had nothing to do with it

Me: You had me tailed remember??

Her: Yes i did but...the pictures.. I had them in a safe place

Me: Is this your way of revenging me?

Her: What? Never! Steezy i would never

Me: This time around you really fucked up

Her: Steezy i had nothing to do with it please believe me!

I put the phone down..

Neo: Wow! I didn't think Shonda could be this petty i get she's hurt but to go to the papers that's too much

Me: I should've went ahead with the divorce! I should've divorced that bitch!

DAVON

Back at the hotel Blue was watching Movies on my laptop in the bedroom and i was in the living room watching TV when the door bell rang. I stood up and went to open it was my Mother..

Me: Ma..

Her: May i please?

I stepped aside and she walked in..

Her: How are you?

Me: I am fine thanks and you?

Her: I am good

She looked around..

Her: How is it like living in a hotel?

Me: Not bad

She got her bag and took out a Tupperware container from it..

Her: last night i cooked your favorite meal

Me: Can't remember what it is but thank you

Her: Still don't have your memory?

Me: No

Her: Khele we have to talk

Me: About?

Her: A lot of things.. I believe all of this is happening to you because of all the secrets i am keeping from you

Me: such as?

Her: Your real father and your sister whom i gave up for adoption a long time ago

Me: Ummm okay

She sat down on the couch and took out pictures from her hand back and documents..

Her: I know you think Msiza is your Father but he isn't i never had any kids with him

That was a bit of a shock to me, that means my Mother has been lying to me all these years..

15

STEEZY

I couldn't stay at work anymore with all the eyes that were busy examining my soul and judging me Shonda really went far this time around. I got home and went upstairs to find her, she was sitting on the bed with the newspaper..

She looked at me with tears in her eyes..

Her: I didn't do it Steezy why would I do this if it was going to affect me too?

I made my way in..

Me: Why did you hire a PI in the first place?

Her: Because I was bitter about the divorce! I just wanted to see if you was really having an affair

Me: And?

She threw the paper down..

Me: Even if you didn't sell the story in the newspapers but you initiated it when you had me followed

She kept quiet..

Me: What are we doing? this marriage is a joke! It has always been a joke and now my career is on the line an innocent intern is tainted

She laughed while wiping her tears.

Her: take responsibility for your own actions Steezy, once in your life just take responsibility! You had an affair not me so stop blaming me for your own shit!

Me: And you couldn't wait to put it out there

Her: If i wanted to expose you don't you think i would've done it with Melody? I have always been a good and stupid wife! Busy hiding your dirty laundry from the public taking in every insult that was thrown at me. Do you think that it was easy? Do you think it was easy for me walking up and down at the hospital and having people laughing behind my back that i cannot keep my Husband in line? Do you think it was easy?

I sighed..

Her: I didn't do this!

Me: Who else knew about the pictures?

Her: Just me

Advertisement

Ethel, I am sure that Lettie found them

Me: Lettie wouldn't.. Who is Ethel?

Her: The Pl.. I don't think she would've done this

Me: Those are the only people?

Her: And my friend Eve

I folded my arms and looked at her..

Her: Eve would never i mean what would she gain? She has nothing against me

Me: This is difficult

Her: We just have to do damage control

Me: The hospital board is obviously going to vote me out

Her: I really don't know how they got out i don't know how the papers got a hold of those pictures

I went and got the paper then looked at it for a while..

Me: Give me Ethel's contacts

Her: Pass me my phone

.

.

DAVON

I looked at the picture..

Mom: Your father cannot have kids but we kept that private from the family and friends we had to protect his dignity

Me: So he knows that I am not his Son?

She nodded..

Mom: When I had the affair and fell pregnant he accepted the pregnancy he accepted you so that we can hide off the disgrace of him not having kids

Me: and what about my sister?

Mom: After you i promised that I was done having an affair but I went behind his back and i fell pregnant again but your Father didn't wanna accept the second pregnancy he killed him and then forced me to give the baby away we lied to those who witnessed my pregnancy that the baby was a still born

She laughed a little..

Mom: We buried an empty coffin

Me: Did you try to look for her?

Mom: Honestly No.. But everyday I wonder where she is after giving her away i didn't even check who adopted her

Me: How old is she now?

Mom: 27 or 28 somewhere there

Me: You could've tried to find her

Mom: I know now it's going to be difficult because the social worker who helped me with the adoption process retired a long time ago

Me: So now we have to find the social worker so she can tell us who adopted my Sister

I nodded..

Me: What is the Social worker's name?

Mom: Her name was Gcina Masuku

Me: And all we have is this picture of my sister as a baby

Mom: I have always had it

I put the picture away..

Mom: I am sorry Khele i think all of this is happening to you because of my dishonesty all this bad luck following you i..

Me: The most important thing right now is for us to find her

Mom: I would appreciate that very much

Blue walked in all yawning and rubbing her eyes. I gathered the documents and the picture then put them on the table..

Blue: Good afternoon

She looked at my Mother..

Blue: Sorry Mrs Msiza i didn't know that you were here

Mom: It's okay

Mom looked at me..

Me: Uhm Blue moved in with me she's having problems

Mom: Ohw

It was a bit of an awkward situation.

Blue: I will be in the bedroom

She walked away while my Mother looked at her..

Me: I will try to get someone who will track down the Social worker

My Mother's eyes widened as if like she just saw a ghost..

Me: Mom

I touched her arm and she slightly freaked out..

Me: Are you okay?

She looked at me with her eyes still wide open..

Mom: Ohh dear Lord what have i done?

Me: Mom

She stood up..

Mom: I.. I.. I have..

She took her bag and she looked disoriented..

Me: Mom..

She tried to approach the door by balancing with the couches..

Me: Mom!

I stood up as she went down, looked like she was having a heart attack..

Me: Mom...Blue!! Blue!!

I looked at her..

Me: Mom please don't do this to me.. Blue!! Blue!!!

Blue rushed in..

Blue: What is the m..

Me: It's my Mom she collapsed

She came to us and knelt down...

Blue: Mrs Msiza can you hear me?

.

.

STEEZY

I took the contacts and called this Ethel of a person..

Her: Ethel hello?

Me: Hi Ethel

Her: Who is this?

Me: i am sorry but i got your contacts from a friend they told me that you are a PI

Her: That i am

Me: That's good to hear because i need some help

Her: Listening

Me: Let's meet tonight at 20:00

Her: No problem

Me: I will send you the details on where we should meet

Her: I will be waiting

BLUE I was in the ward with Mrs Msiza while Davon went to enquire about how much it's going to cost to have a therapist talk his Mother through the whole process of a panic attack. What i thought was a minor heartache was actually a panic attack, hyperventilation was what made her to collapse.. I was holding her hand as she slowly opened her eyes, she lowered the oxygen from her mouth. They had given her an oxygen to open up her chest walls, sometimes when you get a panic attack your chest walls close up which makes it a bit impossible for you to breath normally hence you hyperventilate. Her: Where is Khele? Me: He went out but he will be back She looked at me and i could hear that her breathing was starting to become a problem.. Me: You should put on the oxygen mask again Her: No i am fine Me: Okay Her: Tell me that red mark at the back of your neck for how long have you had it? Me: excuse me? Her: When you turned around to go to the bedroom i noticed a red mark at the back of your neck was pretty visible because you had neatly tied your hair up Me: Ohw uhm i think i had it since I was a baby something my Mother tried to bleach but couldn't Her: You are very light in complexion one would never think that you are black Me: my skin was bleached a lot when I was young Her: Did your Mother ever tell you what happened to your real parents? Me: She just told me that i was saved from a burning building when i was a baby unfortunately

my family died in that fire and I was the only one who survived
Her: You believe that story? Me: Mrs Msiza i am sorry but what
is this about? Her: Look Blue i think that.. Davon walked in..
Him: and she's awake He came and wrapped his arms around
me while standing behind me Mrs Msiza let go of my hand and
put on the oxygen mask.. Davon: How is she? Me: She will be
fine My phone vibrated in my pocket, i took it out.. Me: I have
to take this it's my Mother I walked out to answer.. Me: Mother
Her: Blue Pattison where are you? Me: I am at the hospital Her:
I need to see you it's urgent! Me: Mom it's going to be a long
drive Her: I have saved you the driving i am here in DBN i will
text you the name of the hotel I swallowed hard.. Me: Is
everything okay? Her: Just get here as soon as you can She
hung up.. . . STEEZY I had texted Ethel that we should meet at
some abandoned building somewhere a bit far away from
people, no i wasn't going to kill her but such places are good for
shady dealings. I arrived an hour earlier then waited for her,
she showed up exactly at 20:00 she parked her bike not far
from my car and got off.. I got out of my car as she approached
it.. Her: Ethel Me: Steezy She shook my hand.. Her: Such an
isolated place you chose Me: I know.. I just didn't want to be
seen Her: I understand I leaned against my car.. Her: So how
can I help you? Me: I believe that you took pictures of me and
some intern Her: Your wife hired me to have you followed
that's what I do i follow people Me: I understand and I respect

the job that you do Her: Then why am i here? Me: It becomes a problem when you violate your ethics code the pictures you take shouldn't they be discreet? Something between you and your client (s) Her: In deed Me: Then explain to me how mine ended up in the papers? Her: I have no idea i gave the pictures to your wife shouldn't you be asking her? Me: My wife didn't take them to the papers why would she crucify herself like that? Her: Did she perhaps lose them? And someone found them? Me: Do not patronize me Her: Steezy I don't know what you want me to tell you i don't know what you talking about so if you would excuse me I punched her across the face.. Her: wtf?? I put my hand at the back of her neck and put her face down on the bonnet of my car, my other hand was twisting her arm Me: Start talking!! I squeezed harder as she screamed.. Me: I can kill you right here and no one will ever know what happened to you I banged her face several times against the bonnet.. Me: We can do this all night i have time As i was about to repeat the routine she started talking.. Her: It's Eve! It's Dr Eve Ngobeni! Me: What? Her: she wanted to get revenge on your wife I let her go.. Me: What revenge? Her: Something about Shonda sleeping with the members of the board to get the Chief surgery position She was spitting out blood.. Her: They were going for the same position Eve had an upper hand Shonda saw she stood no chance so she sucked and fucked a few dicks to win I didn't believe what I was hearing my own

wife a hoe? I turned around with my back against her as I tried to process what I was told when i felt something being penetrated on my back, she stabbed me a few times before running away to her bike.. . . SEASON TWO FINALE

BLUE

I was in the ward with Mrs Msiza while Davon went to enquire about how much it's going to cost to have a therapist talk his Mother through the whole process of a panic attack. What i

thought was a minor heartache was actually a panic attack, hyperventilation was what made her to collapse..

I was holding her hand as she slowly opened her eyes, she lowered the oxygen from her mouth. They had given her an oxygen to open up her chest walls, sometimes when you get a panic attack your chest walls close up which makes it a bit impossible for you to breath normally hence you hyperventilate.

Her: Where is Khele?

Me: He went out but he will be back

She looked at me and i could hear that her breathing was starting to become a problem..

Me: You should put on the oxygen mask again

Her: No i am fine

Me: Okay

Her: Tell me that red mark at the back of your neck for how long have you had it?

Me: excuse me?

Her: When you turned around to go to the bedroom i noticed a red mark at the back of your neck was pretty visible because you had neatly tied your hair up

Me: Ohw uhm i think i had it since I was a baby something my Mother tried to bleach but couldn't

Her: You are very light in complexion one would never think that you are black

Me: my skin was bleached a lot when I was young

Her: Did your Mother ever tell you what happened to your real parents?

Me: She just told me that i was saved from a burning building when i was a baby unfortunately my family died in that fire and I was the only one who survived

Her: You believe that story?

Me: Mrs Msiza i am sorry but what is this about?

Her: Look Blue i think that..

Davon walked in..

Him: and she's awake

He came and wrapped his arms around me while standing behind me Mrs Msiza let go of my hand and put on the oxygen mask..

Davon: How is she?

Me: She will be fine

My phone vibrated in my pocket, i took it out..

Me: I have to take this it's my Mother

I walked out to answer..

Me: Mother

Her: Blue Pattison where are you?

Me: I am at the hospital

Her: I need to see you it's urgent!

Me: Mom it's going to be a long drive

Her: I have saved you the driving i am here in DBN i will text you the name of the hotel

I swallowed hard..

Me: Is everything okay?

Her: Just get here as soon as you can

She hung up..

I banged her face several times against the bonnet..

Me: We can do this all night i have time

As i was about to repeat the routine she started talking..

Her: It's Eve! It's Dr Eve Ngoben!

Me: What?

Her: she wanted to get revenge on your wife

I let her go..

Me: What revenge?

Her: Something about Shonda sleeping with the members of the board to get the Chief surgery position

She was spitting out blood..

I left Davon at the hospital to go and see my Mother, coincidentally enough she was in the same hotel as me and Davon. I took a few deep breaths as i knocked, after a few seconds the door was opened by her. She looked at me for a while before letting me in..

She closed the door..

Me: I didn't know you were coming

When I turned around i was met by a clap from her..

Her: How dare you?

I looked at her as she was fumming.

BLUE

I sat on the couch as i read the article i couldn't believe what was presented in front of my eyes, how could this happen? Who could've done this? Mom was pacing up and down very mad..

Mom: After everything i did for you this is how you repay me? Even Apryl has never disappointed me like this!

She threw her scarf at me and it hit my face..

Mom: Is this why you came to Durban? Is this your kind of "Independence" humiliating us like this? I gave you the best of life! I put you through the best schools, gave you everything that you ever wanted and this is the kind of thanks i get? Especially days before the elections

I wish she could realize that this is not about her, for the first time this is not about her!

Mom: Look at your hair? What else have you been doing?

I remained quiet..

Mom: You will go and pack your things you going back home with me! You can even kiss this pathetic profession goodbye because It has turned you into a tart!

Me: No

Her: I beg your pardon?

Me: I am not leaving with you

I don't know what came over me i don't know where i got the courage to stand up to her..

Me: I have let you control me all these years but it ends today and it ends now!

She looked at me and laughed..

Her: So you would choose this life over your family?

Me: I am choosing to be free. I would rather live free from you than always living in fear and depression

She kept quiet for a while, Yes i was scared yes a part of me was telling me that I am crazy..

Mom: Fine just know that you will never get a cent from me!

That's all? I expected the great Celine Pattison to throw a fit..

Mom: You will be returned everything back to you when you have come to your senses

She took her phone..

Mom: I am freezing all your accounts and i hope they kick you out of the program so you can see how cold the world is out there especially for your kind!

I stood up..

Me: Goodbye Mother

Mom: You will even pay your car installments from now on

I ignored her and walked out..

I felt good and scared at the same time i had a panic attack

i didn't think i had it in me to stand up to this cruel woman. I am glad i did though, i am glad i finally stood up for myself..

.

.

SHONDA

I kept on stealing glances through the window it has been exactly 2 hours now since Steezy has been in surgery. I don't know what happened all i know is that i got a call from the hospital telling me that he was brought in, with approximately 5 stab wounds on his back. Eve made her way to me..

Eve: Shonda

She hugged me..

Eve: What happened?

Me: I don't know.. I..

I wiped my tears..

Eve: I just heard from one of the Nurses what happened?

Me: I don't know Eve i seriously don't know what happened

She put her arm around my shoulders..

Eve: He is going to be fine..

.

.

BLUE

I was back in the flat waiting for Davon while on a call with my Sister

Apryl: Are you alright though?

Me: I am i just don't know how it got out we just had sex and now they calling it an "affair" they calling me a home wrecker

Apryl: Who could've done this?

Me: Thinking of it now i have my Money on Shonda his wife

Apryl: I am sorry Blue

Me: Things haven't been going well for me lately

Apryl: You lived under Mom's Shadow for a very long time now you experiencing the real world

Me: I guess so

Apryl: Speaking of Mom what did she say?

Me: She just excluded me financially

Apryl: That woman

Me: I'll be fine though

The door opened and Davon walked in..

Me: I have to go ill call you again

Apryl: Okay i love you

Me: Love you too

I hung up. Davon made his way to me..

Him: Are you okay?

Me: Not really

Him: What's wrong?

Me: I am on the papers my "affair" with Steezy is out

Him: What?

Me: Mom found out she's not happy and i might be kicked out of the program

He pulled me closer to him and hugged me..

Him: I am very sorry

Me: How is your Mom holding up?

He broke the hug..

Him: She is holding up well i left my Dad there

Me: Panic attack is shit

Him: She will be fine

He took some documents that were ontop of the table and walked to the bedroom, he seemed to be in a not so good mood..

.

.

SHONDA

Dr Motaung came out of the operating room and made his way to me Eve was still with me..

Me: How is he?

Him: He is stable

Me: That took long

Him: He lost a lot of blood and the cuts were pretty deep

Me: Is he going to be fine?

Him: I believe so

Eve: What really happened?

Him: He called for help with his cellphone and stated where he was, he was found in an abandoned building if they didn't find him in time he was going to bleed to death and suffer from hypothermia

Eve: But he is okay?

Me: Can i see him?

Him: Maybe tomorrow morning

Me: Thank you Dr Motaung

Eve's phone rang..

Eve: I have to take this.. Excuse me

She walked away..

EVE

Me: Ethel i thought i made it clear that you cannot just keep on calling me a..

Her: We have a situation

Me: What situation?

Her: I did something

Me: What did you do?

Her: I stabbed Steezy

Me: You what?

Her: He asked me to meet him and..

Me: How stupid can you be?

Her: That's not all

Me: What else?

Her: He knows about the pictures

Me: Excuse me?

Her: He knows the truth Eve

I looked at Shonda..

Me: Ohh my.. He is going to wake up and tell the truth

Her: What are we going to do?

I hung up.. The only solution to this is to finish him off, i will have to kill Steezy..

18

SHONDA

I felt someone gently waking me up i didn't realize that I had passed out on the chair. I looked up and it was Eve, she was standing there with her hands in the pockets of her white coat. I stood up and walked closer to Steezy's ward, i looked at him through the window..

Eve: It's 3am go home

I ignored her..

Eve: Shonda go home

Me: I can't leave him

Eve: There's nothing you can do for him

She came and put her hands on my shoulders..

Eve: I am sure that you don't want him to see you this tired when he wakes up plus Akwesi might be missing her Mother

I closed my eyes and tears fell..

Eve: Go home.. Shower, eat something and then rest i will be here constantly checking on him

I looked at her..

Me: You would?

Eve: You are my friend there's nothing i wouldn't do for you

I put my hand on top of hers that was on my shoulder..

Me: Thank you.. Thank you a lot

She smiled..

Eve: Will you be able to drive?

Me: I think so

Eve: I will see you later on

Me: Later it is and do rest

Me: I will

I am blessed to have Eve as a friend she has always been supportive to me..

.

.

DAVON

I was sitting up straight on the bed with my back leaning against the head board of the bed i couldn't sleep. I looked at Blue as she was peacefully sleeping.

"I have no doubt that Blue is your long lost sister"

Those words that my Mother told me at the Hospital kept on playing in my head, the fact that i might have slept with my own sister makes my stomach to turn in. I got out of bed and went to take the picture of her while she was a baby and I can't even point out that it's her, but then again how many people still look the same as when they were babies?

I walked out of the bedroom and went to the kitchen, i put the photo on the counter as i searched for a whiskey bottle that wasn't opened.

I checked and there wasn't any, i will have to face this cruel truth while sober...

.

.

BLUE

The following morning i woke up the first thing i did was to reach out for my phone and checked for any missed calls, i didn't have any but i had a text from Millie which read:

"Steezy is admitted he was stabbed"

That was unbelievable..

I called her as i got out of bed she didn't answer, she's probably doing her rounds..

I went to the bathroom to rinse my mouth and washed my face then I went to the kitchen. Davon was sitting at the kitchen counter lost in his thoughts

Advertisement

it was very quiet. I walked up to him and stood behind him i wrapped my arms around him kissing his bald head in the process.

Me: Good morning

Him: Morning

Me: What seems to be on your mind?

Him: Nothing much

Me: Is it Batlile?

Him: Uhm yeah sort off

I got my hands off him and went to stand next to him, i attempted to sit ontop of him but he pushed me off.

Me: What's wrong?

He stood up..

Him: I have to go

That was awkward he has been acting weird ever since he got back home last night..

EVE

I looked at the time and it was now 07:00am i was very tired and very sleepy. I was sitting on the chair next to Steezy's still unconscious self, ever since Shonda left i had been debating with myself if I should go ahead with my plan or not. My phone vibrated making me jump, i got it from my Pocket and looked at it. It was Ethel..

Me: Ethel

Her: And?

Me: And what?

Her: Did you kill him?

Me: No

Her: Why not?

Me: I don't know Ethel i have never killed anyone before

Her: You will have too

I exhaled..

Me: I can easily deny everything

Her: Only you, me, and Shonda know about the pictures so denying won't really help you

I stood up and went to the door, i looked around in the corridor and no one was passing..

Me: You better stop calling me this much

I walked back in..

Her: I am trying to help here

Me: I know but the less we communicate the better

Me: It's fine

I put my phone back in my pocket and i made my way to Steezy, i looked at him for a while and then I got a pillow..

Me: Forgive me

I slowly covered his face with the pillow, i put pressure on it so he can be suffocated. All the while i had my eyes closed..

I could imagine the agony he was going through right now, if he doesn't die he will definitely be brain dead because of the insufficient oxygen to his brain..

Me: I will be done in no time

I pressed harder.. Sucking the life out of him..

Voice: What are you doing?

I slowly let go of the pillow.

19

SHONDA

I only rested for a few hours before I was up again to go and see Steezy. I was busy asking myself how he ended up in that abandoned place at night? Who was he seeing? Could he be having another affair? There was a lot of missing pieces to the puzzle and i didn't know if i was going to find all the missing pieces to fit the puzzle and unravel the truth. I went to the dinning area to eat breakfast, i wanted to take Akwesi with me to the hospital but it seems like Steezy's Mother took her to preschool. Lettie brought me a croissant and coffee..

Me: Thank you

Her: How is Mr Abrams?

Me: The Doctor said he is going to make it

Her: I have been praying for him

Me: Thank you very much

Her: you welcome.. Anything else that I should do for you?

Me: No thank you Lettie that would be all

She slightly bowed and then walked away..

.

.

EVE

I started hitting the pillow as Nurse Melody made her way in.

Her: What were you doing?

Me: Nothing just fixing his pillows

Her: Why? I am a Nurse it's my responsibility to do that and attend to him

Her: I promised Shonda his wife that i would check up on him

She gave me a disapproving look..

Her: Well i am here now so you can leave

Me: Excuse me?

Her: I saw you pressing the pillow against him while it covered his face you were trying to kill him

I chuckled..

Me: And why would I do that?

Her: You tell me

Me: Obviously you seeing things

Her: Deny it all you want but i saw you!

I folded my arms..

Me: You shouldn't go around saying things like that accusing a Surgeon of such can have severe consequences

Her: Are you threatening me?

Me: Why would I? If you going keep your mouth shut then you will be fine

She kept quiet..

Me: Good

I looked at Steezy one last time and walked out..

.

.

DAVON

Me: Another one

Bartender: Are you sure?

Me: I wouldn't be asking if i wasn't

Bartender: Yes Sir

The bar wasn't full but those who were there kept on starring glances at me..

I took my phone and sent a text:

"Pascaline i need to talk to you, ring me up later"

Bartender: Here we go

Me: Thank you

I took the glass and gulped down that whiskey..

.

.

SHONDA

I walked into his ward and he was still laying there quietly. I went and dragged the chair then sat down next to his bed, i held his hand and looked at him. I am scared of losing him, i cannot lose him..

Me: Steezy you have to come back.. Come back for me and Akwesi. It wouldn't be fair for Akwesi to lose her Father at such a young age.

I looked at him and no response..

I heard someone knocking at the door, i turned around and it was Melody..

Her: May i please come in?

Me: Uhmm Yes

She walked in..

Her: First of all i am sorry about Steezy but i have no doubt he will make it

I nodded..

Me: Thank you

She kept quiet and looked at him..

Me: Can i help you with something?

Her: Err.. I don't know how you going to take this

Me: What is it?

Her: I walked in earlier on Dr Ngobeni and she was holding a pillow against Steezy's face

Me: What?

Her: I know and when i confronted her she threatened me

That wasn't making sense

Advertisement

why would Eve do that?

.

.

BLUE

I kept myself busy with baking since i had nothing to do, i was bored i was very bored. I received a call from Neo..

Me: Hey

Him: Hi

Me: How are you?

Him: I am good

Me: That's good to hear

Him: I haven't seen you around and your room is empty

Me: Ohh Ya i moved out

Him: You didn't give me a notice

Me: I know and I am sorry but i was in a compromised situation

Him: I am going to need this Month's rent though

I exhaled..

Me: But i didn't stay the full month

Him: You didn't give me a notice and you stayed appropriately 3 weeks that's almost a month

Me: Fine

Him: Thank you.. Ohh and by the way a letter came for you, from the hospital

Probably the letter kicking me out from the program..

Me: Thank you i will come and get it

Him: Okay

I hung up and sighed, how am I

going to pay Neo for this Month's rent with my accounts frozen?

I took a sip of the wine and went to the bedroom, i searched for my purse so I could see if i didn't even have a bit of money. I stumbled upon a familiar picture of me as a baby, i recognize it because my Mother has the exact same picture. She even framed it and put it in her room, why would Davon have the same exact picture??

20

SHONDA

I was pacing up and down Steezy's ward thinking about what Melody told me i had a lot to think about and the first thing that hit me was that Melody cannot just lie on Eve, but why would Eve want to kill Steezy? What's the motivate behind that?

I looked at Steezy and i wondered what bad blood does he have with Eve, i mean they hardly even know each other..

Eve disturbed me when she walked in..

Her: Shonda i thought you would be at home resting

I looked at her..

Her: Are you sure you up for this?

Me: I am fine

Her: How is he?

Me: He was fine

Her: was?

Me: The doctor said he might be brain dead because of insufficient oxygen to his brain

She raised one of her eyebrows up..

Her: Ohw that's weird

Me: Very but i am sure it has to do with the accident he had

Her: could be

I sat down..

Her: Should we go and get coffee?

Me: No thank you i drank a lot of that this morning

She nodded..

Her: I will check up on you later

Me: okay

She walked out, i stood up and buzzed the Nurse. How Eve reacted clearly showed that there was some truth in what Melody had said..

The Nurse who walked in was Melody i think she will be attending to Steezy up until another Nurse relives her later on..

Her: You buzzed?

Me: Yes i did

She stood there and looked at me, i cleared my throat..

Me: Please make sure that no one comes into the ward other than me

Her: Oookay

Me: Especially unauthorized personnel such as Eve

Her: Ohw

Me: If your shift ends alert the other Nurse who is going to be on duty

Her: Yes Mam'

Me: I'll be going to get something to eat in 5min time you can come

Her: I will

Me: Thank you

She walked out..

I dragged the chair and sat next to his bed holding his hand. What i said to Eve wasn't true i just wanted to see her reaction and i must say

Advertisement

i got the reaction that i expected. I felt Steezy slightly squeezing my hand, i looked at him and he was trying to open his eyes..

Me: Steezy

I looked at his hand again and there was movement i found myself smiling, i looked at him as he was trying to open his eyes and his lips were moving. Seemed like he wanted to say something..

Me: Steezy

He continued trying to open his eyes..

Him: Blue...

My smile faded..

Him: Blue...

He stopped trying to open his eyes and also stopped squeezing my hand..

.

.

BLUE

I waited impatiently in the living room until Davon walked in, as soon as he closed the door i stood up from the couch with the picture still in my hand..

Him: Hey

I looked at him for a while without saying anything..

Him: Are you okay?

I looked at the picture..

Me: Where did you get this?

I showed him the picture..

Me: My Mother has the exact same picture.. This is me when I was still a baby after i was saved from the burning fire and was taken to the hospital. My Mother had this picture taken at the hospital as a reminder that i am a survivor

He didn't say anything..

Me: Davon what are you doing with this picture? Why do you have it?

Him: My Mother gave it to me that's the baby she gave up.. That's my little sister

I wasn't comprehending..

Davon: Mom thinks.. She.. She is very adamant that you are my Sister her Daughter that she gave up for adoption at birth

I shook my head in disbelief..

Me: No ways.. My Parents they.. They both died in the fire! Everyone died i am the only who survived

Davon shook his head no..

Me: No.. We.. We are not Brother and Sister!!!

He walked towards me trying to touch me but i pushed him..

Me: We are not related!!

I took my car keys and headed to the door..

Davon: Blue where are you going?

.

.

STEEZY

It took me a while to open my eyes and scan my surroundings i realized that I was at the hospital. I saw Melody sitting across the room with a magazine..

Me: Mel..

She didn't hear me..

I cleared my throat..

Me: Mel

She raised her head up and looked at me..

Her: Steezy

She stood up and came to me..

Me: What happened?

Her: You were stabbed

Me: Stabbed?

Her: Yes.. You don't remember?

Me: Not really

Her: Well you were brought in here after you were stabbed

I tried moving but my body was aching..

Mel: Take it easy

She walked over to get me a glass of water, i was trying to recall me getting stabbed..

.

.

BLUE

My Mother was still at the hotel i thought by now she would've left.

Mom: I knew you would come back to your senses that's why i didn't rush to leave

I stood there and looked at her. I took the picture and handed it to her..

Her: What is this?

She took the picture from me and looked at it..

Her: Where did you get this?

Me: My Parents didn't die in the fire right? There was no fire to begin with you just made up that story didn't you?

Her: What is this about?

Me: Who is my real Mother?

Her: What difference is it going to make?

Me: Trust me it's going to make a huge difference

She looked at the picture and walked away..

Her: Why now?

Me: It's time

Her: Did you find your real family?

Me: Celine who is my real mother?

She turned around and looked at me..

Her: All i know is her name and surname that's all

I folded my arms..

Her: Mirriam.. Mirriam Msiza is her real name

21

BLUE

Me: Why haven't you told me all of this?

Her: I didn't tell you because I didn't want you to go looking for her.. Blue she abandoned you she didn't want you if she did don't you think she wasn't going to give you up?

Me: You could've told me! I deserved to know!

Her: Blue

I sat down on the couch with tears flooding my eyes, my heart was shattered into a million small pieces that cut through very deep. I haven't had any peace ever since I got here, this was supposed to be a different experience for me. I was supposed to start my life, i was supposed realize who I was..

Mom: Why does it matter though Blue? You have me! I have always been your Mother i have always taken care of you. I gave you the best of life..

Me: It does matter!! It matters a lot you don't understand

(Silence)

Her: I am not going to apologize for giving you a better life. If we didn't adopt you, you would've had a good life

Me: You don't know that

Her: So i must apologize for giving you the best life?

Me: All I wanted was only for you to tell me the truth about my real family that's all

I stood up..

Me: Now you have ruined everything!

I walked out as she called out..

STEEZY

It all came back to me on what happened that night. Ethel attacking me, everything she told me about my wife sleeping her way to get the Chief surgeon position and Eve exposing my affair with Blue was just a lot to take in. I was sitting up straight on the bed with a lot of pillows supporting my back, i wasn't leaning hard against them to avoid inflicting pain on myself. I was having lunch Melody was sitting on the chair keeping me company..

Mel: Are you comfortable?

Me: Yaa i am good thank you

Mel: What were you doing in an abandoned building late at night?

Me: now you sound like my wife all these questions

Mel: If my Son is going to end up without a father at least i deserve to know what happened to him

Me: How is the little guy?

Mel: He is holding up good just started tooting

Me: How is he handling that?

Mel: He cries a lot at night and bites everything that his swollen gums could lend on

Me: He is going to be fine

Shonda walked in..

Shonda: Hey.. You have woken up

Mel: Hours ago

She made her way to us..

Her: I am so relieved to see you awake

Me: It will take more than a few cuts to kill me

Mel: I'll give you guys some space

She stood up and walked away..

Shonda sat down where Melody was sitting..

Her: I'm really happy to have you back

I faked a smile..

Me: It's good to be back

After Blue took off i also called a cab that drove me straight to the police station. The Detective walked around in the interrogation room for a while then approached the table again which had a recording device and a file..

Him: If i am hearing you correctly you just told me that you murdered your girlfriend?

I nodded..

Him: Take me through everything

He pressed the tape recorder..

Me: I am a car racer and my career requires me to travel a lot, even overseas. My girlfriend wasn't staying with me but everytime when i was around she would come and visit

He signaled with his hand that i should carry on..

Me: When i was away she started sleeping with my best friend and she confessed then that's when everything went left

Him: went left how?

Me: I attacked her which unfortunately ended her life

Him: Attacked her how?

Me: Physically attacked her.. Strangled her and everything

Him: Then what happened?

Me: When i had realized that she was dead i put her body in a refuse bag and drove off to an isolated place, i burned her body

Him: Who was your accomplice?

Me: No one i did everything on my own

BLUE

I had no life left in me thinking that i could've possibly been having sexual relations with my Brother made this whole situation not easy to digest. After seeing my Mother i drove straight to the hospital to see Mrs Msiza this was not true, it cannot be true..

I stood at the door and looked at her as she was reading her Bible, she only noticed me standing there after a few seconds. We looked at each other for a while, portraying our emotions to each other through our eyes..

Me: Tell me it's not true

She closed the Bible and put it away.

Her: The red mark that you have at the back of your neck is the same one that my Daughter was born with

Me: a red mark cannot possibly make me your Daughter

Her: We can do a DNA test.. I have no doubt that you are my Daughter

Me: Did you even look for me? Did you even bother to...

I wiped my tears..

Me: Do you understand how deep this situation is? I might have slept with my Brother!

Tears filled her eyes..

Her: I understand.. All of this is happening because of my sin.. My Sin of giving you up and not have you be told of where you come from

Me: And now i am suffering because of your Sin!

Everything that happened in my life, everything that i have been through is all her fault. I have been suffering because of my Mother's sin!

2 WEEKS LATER

Mom came to visit me it was embarrassing for me to have her see me chained like this, like an Animal. They chained both my feet and my hands walking was a bit challenging. Looking at her i could tell that she was emotionally drained, physically tired, and mentally exhausted. She probably blames herself for everything that has happened..

Mom: How are you?

Me: I am fine

Mom: When is your bail hearing?

Me: I didn't request for one because I don't wanna be out of here

Mom: Khele..

Me: I am more safer here than i am outside

Mom: But..

Me: Trust me Mom the world hates me outside

Mom: Can't believe i am losing both my kids

Me: The DNA test confirmed that Blue is your Daughter?

She nodded..

Her: We did it last week and since from then she wanted nothing to do with me

Me: Where is she?

Her: She moved back to her house she's living with her Mother again

Me: Just give her time she will come around

Her: I hope so

The reason why I turned myself in is because it felt like the right thing to do but the main reason why i did it is the fact that i can't face Blue, knowing that i have been sleeping with my Sister and that i have feelings for her is blasphemy. I think it's better this way..

STEEZY

Melody was busy squeezing my arm trying not to scream that loudly as I increased the pace, she had her thigh across me and i used it to thrust in deeper making her to slowly lose her breath. She got a sigh of relief when i squeezed her butt and

shot my load into the condom, she closed her eyes and started breathing..

Her: I thought by now it would be less painful

Me: You haven't had sex in a long time

Her: I don't think sex everyday is going to work

She slowly got me out of her and then got out of bed...

Me: I still can't believe that you never had sex since you had Adam

Her: I haven't been seeing anyone

She wrapped the towel around her naked body..

Her: I didn't want another guy hitting it and then scoring leaving me to raise a baby all by myself

Me: ohw

Her: I'll make us some breakfast

She walked out..

After the whole drama with Eve Shonda and i started fighting a lot which ended us up agreeing to get a divorce. I feel like we were now forcing things, we fought a lot and it wasn't healthy anymore so we called it quits. I am no longer working at the Hospital i am planning on starting my own surgery and have Melody come work for me. We have decided to give it another

try and quite frankly our relationship is slowly but surely getting there. I made my way to the kitchen after flushing the condom.

Me: Need some help?

I said that while squeezing her small butt, she laughed..

Her: No i am fine

Me: Have you thought about coming to work for me?

Her: Yes and the answer is no

Me: Come on

Her: I don't think us working together is a good idea. Why don't you ask Neo?

Me: I will try

Her: How is the surgery?

Me: It's coming along good just a few things need to be done

We heard Adam crying..

Me: I'll go and check on him

I walked away to the bedroom..

SHONDA

Eve left after i confronted her about everything, she left and never to be heard from. I thought that the divorce was going to weigh on me but funny enough i felt good about it

Advertisement

felt renewed now i can start afresh with my life without having to be emotionally dependent on Steezy or always begging him to stay with me..

I was walking to my office when Nene ran up to me..

Her: Dr Shonda

I stopped..

Her: Since Dr Eve left i don't have a department for this week

Me: Squeeze yourself in anywhere until i find a surgeon that is willing to take you this week

Her: Yes Mam'

Me: Just because you free doesn't mean i should always find you standing around and doing nothing

Her: Yes Mam'

Me: Tell me something

She looked at me..

Me: Have you ever heard anything from Blue?

Her: No Mam'

Me: Ohw okay thank you

She nodded and walked away. It's like Blue Vanished from the face of the earth..

BLUE

"And I'm grindin' until I'm tired

And you ain't grindin' until you tired

So I'm grinding with my eyes wide

Looking to find, A way through the day.. The life of the night

Dear lord you've take so many of my people, I'm just wondering why you haven't taken my life.. Like what the hell am I doing right"

I burped and looked at the pregnancy test one more time, it was still positive i am carrying my Brother's baby doesn't get more Diabolical than that. Davon is not even my half brother, but me and him have the same Mother and Father. I opened the door of my car and got out while holding the wine bottle, i looked around and there was no one on the road. I have driven from Gauteng to Limpopo just to have my car leap off that road

and hit the trees at the bottom, it was the only place i Googled that showed me unstable roads high up in the mountain. I walked closer to the edge of the road and it was a long way down there's no way i was going to survive this. I went back to my car, i took my phone and sent text messages to the people that i love. My Sister, My Mom, My Best friend Daisy and then i switched off my phone. I increased the volume and then closed my eyes with tears falling..

Me: Come on Blue..

My heart raced at the thought of what I was about to do my life ends here. I have suffered 27 years of my life and now i am putting an end to my suffering death has to be easy because life is very hard, Life has been hard.. I wish i was never born!

A FEW YEARS LATER

STEEZY

I was busy braaing meat at the backyard, Akwesi and Adam were busy running around chasing each other..

Me: Don't fall into the pool you guys

Akwesi: Yes Daddy

Melody showed up from the house holding a bowl of salad. She was wearing a beautiful yellow&white summer dress, her round tummy was weighing her down, her swollen feet couldn't carry her no more. I stood there and looked at her, she was happy to have made it to the table she put the bowl down and then put her hand on the chair. She closed her eyes and exhaled, i continued with what I was doing..I haven't proposed marriage to her just as yet, i don't want to repeat the same mistake i did with Shonda by jumping into getting married very quickly..

Me: Pumpkin are you alright?

She opened her eyes and looked in my direction..

Her: I am fine

She put her hand on her tummy..

Her: When is everyone going to be here?

Me: Neo is on his way and Shonda called said she won't be able to make it

Her: That's bad.. I'll go and get more salads

Neo walked in he was with some guy..

Neo: Friends!

Mel: Hey thought you were no longer coming?

They hugged each other..

Neo: Are you insane? I wouldn't miss free food

Akwesi: Adam stop... Daddy!!

Me: Adam leave your Sister alone.. Matter of fact go help your Mom with the salad bowls

They both went as Neo and the guy made their way to me..

Neo: Brought some wine

Me: Thank you

Neo: Ohw and meet my boyfriend Mark

I gave him a handshake..

Me: Steezy

Mark: Heard a lot about you

Me: You guys can go and sit at the table I'll bring the meat

Mark took the wine from Neo and went to the table..

Neo: How are you holding up?

Me: with?

Neo: With everything that has happened especially with Blue? I know that..

Me: I don't wanna talk about Blue

Neo: Steezy you have never said her name ever since the..

Me: Neo I said I don't wanna talk about Blue!

Neo: Okay

(Silence)

Me: Everytime I think about her i get very mad, i loved Blue and i am mad that whatever it was she couldn't come to me

Neo: I am sorry

Me: It was a selfish act.. It worked for her but what about me?

He put his hand on my shoulder..

Him: You need to let her go now you have been carrying this anger for years now

Me: I will never forgive her

Mel: Guys come on now!

I took the plate that had meat in it and made my way to the table..

.

.

SHONDA

It was a beautiful day slightly cloudy but a bit warm. I stood there with a helmet under my armpit..

Steve: and?

Me: She's a beaut

Steve: Ready to go?

Me: Yes Sir!

We went and got on the bike.. Steve is our Neurologist he replaced Steezy at the hospital a few years ago and ever since from then we have become good friends. I know what everyone is thinking but Steve is two years older than me and we haven't started a relationship yet, we just good friends..

DAVON

I was sentenced to life in prison without the possibility of Parole. It's what I needed but at the same time i didn't expect the judge to give me such a harsh sentence. I was sitting across my Mother who had come to visit me as always..

Mom: You look good i thought Prisons were dangerous

Me: They are just have to know the right people

Mom: Can't believe this is how we going to see each other

Me: I am truly sorry Mom for everything

She shook her head no..

Mom: Don't be sorry

Me: I have been writing Blue letters and she hasn't been responding.. How is she?

She looked down..

Me: Mom what is it?

She opened her bag and took out a newspaper, she handed it to me..

Mom: Blue ended her life a few years ago, her car went off the road and it was a long way down she was never gonna survive

Me: What?

Mom: I am sorry

Me: It was an accident

Mom: No it wasn't.. Her Mother and Sister confirmed that she sent them text messages before the incident stating that she was tired of this life thing

I looked at the paper, her story was on the front page. They even showed her car it was a mess..

Mom: I killed her Khele.. She died because of me!

A lot of people might view what I did as a selfish act, a lot of people might have had a few suggestions to my situation but understand this. Every suggestion you lay out is what you could've done if you were in my situation understand that you are not me and i am not you, we react differently to situations. I don't regret ending my life but i regret to see the ones i love in pain, if it was up to me i would've lessen the pain by having them think i went missing than learning about my tragic death. If I was still alive today i wouldn't have been able to enjoy life, now I feel free i am rid of the pain that clouded my heart..

I AM BLUE PATTISON AND THIS WAS MY STORY, I DIED BECAUSE OF MY MOTHER'S SIN.

*****THE END*****

A NOTE FROM PRESH

I am anti suicide, if you know a friend or a loved one that is suffering from depression or you yourself, you suffering from depression please speak up and try to get help because suicide is not the only way to beat depression. Prematurely taking your life is theft, why take what you never created? You didn't create you, you are a beautiful art created by the one above. If God still wants you here then you have no right to end what is not yours death is not the answer to everything, and Pain is not your eternity. Be blessed, Be at Peace, and allow God to carry your pain for you and allow me to write stories for you which are going to open your eyes into seeing that you are not the only one. My characters might portray a different pain from yours but be inspired and find therapy in reading about how they make it through even though the endings are not always the best. God Bless

Much Love, until the next story
