

# POLYGAMY:TRUE LOVE VS ARRANGED MARRIAGE

## INTRODUCTION

The most painful thing is seeing the one you love marry somebody else. But the worst pain is when you realise the family of the love of you life hates you. I live with my aunt and her husband with their two girls Bontle and Lerato. Who are lazy like crazy they can't even cook or clean. One of the daughters of my aunt is to be wedded by the Prince who is to coming back home after staying overseas for so long. My aunt and uncle are well off since my uncle is one of the king's man in the village and my aunt is a nurse. Ever since I knew my aunt she has been telling me that one of her daughters is going to be a Queen. And she has been

teaching them how to walk, talk and speak like a queen. Every Saturday she takes them out for manis and pedis and massages and to pamper themselves. I have never seen them clean, cook or wash anything in their lives. All they do is order me or one of the maids around. They are just lazy njee. Even at school they are not doing well. So every year their father goes to talk to the principal to push them to the next grade. So now is just the 2nd of January and we are waiting for our results. I am nervous because I know if I don't get enough marks my aunt and uncle won't take me to school. They told me that a long time ago. They said I should make sure I do well enough so that I can get a bursary and fend for myself. I must say I am a straight A student and I am proud of myself. Little do they know the King has already excepted my bursary application. I applied using my grade 11 and grade 12 June reports. And soon after he called me. I went to his house and told me his

accepting my application all he needs is my statement. His very fond of me and he is a very nice man. So today the Prince is coming back home my aunt asked me no scratch that, my aunt told me to bake cupcakes, she needs something for the girls that they can give to the Prince. Anyway I do have someone, yes a boyfriend if I can call him that, his name is Lesego. I like him a lot. Well since I told you his name well I guess you will want to know about me. I am Dimpho Maake and this is my heart breaking story.

Yes! I am Prince Lesego Matthew Lehasa I come from Limpopo in a very big village called gaModjadji. My father is the reigning King. I have been back home for a month now meaning yes I was here in December. The only person who new was my father. Reason being, i was here in September for a ceremony to get me ready for marriage. And then I saw her walking in to my father's office even when she left. I fell in love. I went to my father to ask him about her and he just laughed I remember him saying: "she's an angel isn't she? Just like your mother". Well my mother died when I was 4years, she was murdered, all I remember is her hiding me under the bed and I saw a hand of a woman killing her and taking out her heart. I am the ony child from my mother and the 1st born with two siblings from my father. Anyway loosing my mother like that, it was the most

traumatising thing for me. So my father had to send me to America to hide me from the people who killed my mother and tried to kill me. He would come every month just to see how I am doing. So after a year my father had to marry another wife who I hardly speak to and they have two kids a boy who is 21 now and a girl who is 19 now ooh and I am 26 Funny enough she's my mother's little sister but I don't remember us talking. So now my father got me a small RDP house with no electricity. Just a gas stove and a sponge to sleep on , one couch. Atlist there's a toilet and bathtub and there's hot water because of those solar geyser. I have been living like this for a month and dating Dimpho. She doesn't know I am a Prince, my Father's idea I tell you. He said he wants to show me how pure she is. She's brings me food. A day doesn't pass without her bringing me food or seeing me. I love her, no scratch that I am in love with her and there's no life without

her. That is the truth. Dimpho is a gift in my life just like her name and there's no life without her. Just a natural beautiful and yet normal girl. Black Beauty and dad is happy that I love her because he keeps saying she's just like your mother. Every time I tell him about the day I had with Dimpho he smiles with tears in his eyes and says "she's just like your mother". I found my wife and yet I am forced to marry some girl I don't know and I don't even want to know. MxM... Anyway life neeh. Oooh please ride with me in my polygamy

"We will take Bontle Maake". That was music to my ears because those words made me really

happy. My sister didn't even want to marry the Prince. She said she's already dating his younger brother. They have been sleeping together since I can remember. Little does she know I have been sleeping with him too. I know its somehow but what's the point MxM. My sister and I have always been like this. Either she sleeps with my boyfriend or I do. Oooh and we are one year apart from each other. I know my mum loves a dick Shem. She couldn't wait for herself to heal completely in three months she just opened her legs. Well I am the 1st born 30jan and she's the 2nd born, Born 22jan the coming year. But mum treats us like twins. Since we look alike. She even took me to school late so that we can go together. Anyway I was in the Royal house mum gave me the big rectangular container and said I should make tea for my in laws. It was to complicated for my liking so I told one of the maids to do it. Ooh by the way my sister and I are in grade 12 waiting

for our results. I really don't care about them because I am going to be Queen. I don't need a matric certificate to tell people what to do and give the Prince an heir. That's what mum told me. She told me this "only dumb people like Dimpho need matric certificate so that they can slave around making people rich. All that you need baby is to open your legs and give your purity to the Prince and you will be the Queen Mother" yes my mum thinks my sister and I are still virgins. Dad has been taking us for virgin testing to his doctor friend in the local hospital. And little did he know that we made a deal with him. That we will sleep with him if he tells our dad that we are pure. He has been giving us a 3months injection also. Even if we have been going there every month. Every time dad will go with us but never comes back with us because we will tell him we are going to see our friend then later we will go to his office and sleep with him. He said he wants a three some with us

rather than sleep with one now and the other one later. Just that he annoys me sometimes because he will blackmail us. So now I hope when the Prince sleeps with me he won't suspect a thing because one of my friends gave me something to use down there. Its some sort of a cream, she said it will make my pussy a bit tighter. I just hope it works. Because the last time I used it for a month and had sex with the Prince's brother Kgosi and I was in a lot of pain. Eish I know what I am doing is not ideal but its working. The only virgin I know is that stupid girl Dimpho who thinks she's smart. Will see where her smarts get her. Anyway enough now. My name is Bontle Maake I am 20 years old and this is my polygamy story.

## CHAPTER 1

.

#DIMPHO

.

.

After baking cupcakes I hid the 3rd load. It was four loads. So I took the 3rd load and put them inside an ice cream container and made my way to Lesego's house. I knocked and he opened immediately.

Lesego: a good morning to you too my love

Me: hey

He kissed me then made his way for me and I got in.

Me: I brought you cupcakes

Lesego: really?! Ooh babe you know how

obsessed I am with your cupcakes.

He took the container and opened it and he stuffed himself with the cupcakes

Lesego: ouh uhmmmm Good...

Me: ouh I think I have been replaced.

Lesego: NEVER! You know you are my one true love.

Me: really?

Lesego: uhmmmm you know I love you forever

Me: even when I am old rinky and in diapers

Lesego: uggggg I think I lost you on the old and rinky part.

Me: uhmmmm

Lesego: I am kidding I am kidding. Which makes me remember something?.

Me: what?

We where now in the bedroom laying on the

sponge eating cupcakes with juice he made.

Lesego: I want to marry you

Me: haaahhaaa now that's romantic he stood up and looked for a wire and he cut it and knelt next to me.

Lesego: will you marry me.

I looked at him and laughed and he started laughing with me.

Lesego: on a serious note babe, I love you and I want make you my wife..

Me: babe you know we have to both make sure one of us is doing good and I still have to go to university to better myself.

Lesego: what if you find someone out there with money and you forget about me.

Me: babe you are money enough for me.

He blushed ncooo my love though

Lesego: then marry me.

Now I could see he was serious.

Me: are you serious?

Lesego: yes! Babe look at it this way, once we are married we can live together.

Me: babe how will we survive? You know the things I bring for you are from my uncle's home. And what are you going to pay Magadi with?

Lesego: don't worry about that. I just want you to answer me. Will you marry me.

Me: lesego please.... I.. Just. Hmmmm OK yes I want to marry you. But I'll be going to Jo'burg to further my studies and then what; what will happen to you when I am gone. Who will feed you and wash your clothes. I will be your wife by then.

Lesego: I want you to attend in turf not UJ.

Me: ooohk

Lesego: so you will attend in turf when we get married.

Me: I guess.

He sighed in relief. .

Lesego: ooohk what ever happens next I want you to have an open mind OK? Don't freak out.

Me: Lesego what ain't you telling me.

Lesego: I love you

When he says that that means he doesn't want to answer me

Me: I love you too.

.

.

#BONTLE

.

.

I was outside with my mother and my soon to be mother in law drinking tea.

MiL: wow this cupcakes are good. That Mpho girl sure does know her way around the kitchen.

Mum: that's all she will be good at, cooking?

They both laughed

MiL: maybe I should bring her here so that she can be my maid.

Mum: joooh my friend, then who will be cleaning around on weekends.

They both laughed.

MiL: so Bontle are you happy? Your fiancé is coming home tonight.

Me: I can't wait to be his wife....

MiL: uhmmm about that. It may be possible that.... He may take a second wife.

Me&Mum: WHAT?!

MiL: don't worry she will nothing compared to you.

Mum: but I thought my daughter will be queen.

MiL: of course she will be Queen. She will be introduced to the ancestors and you will give the ancestors an heir the next king.

Me: but another wife? How will we live together?

She smiled

MiL: we can do something if you can't handle it.

Me: how?

Mum and Mum in law looked at each other and smiled.

MiL: don't worry if she gives you problems we will deal with her the same way we dealt with the others.

Eish I don't want any polygamy. The Prince is mine and mine alone. I will be Queen Mother and I will do whatever it takes. Even if it means

making a deal with devil.

.

.

#LESEGO

.

.

I poured juice for Dimpho. And I did pour something extra to make her sleep. It didn't take time. She just said she needs to rest a little. After some time I called out her name and she didn't respond. I called my bodyguard and he came and we went to the royal house. It was a bit late. I took her to my bedroom. And went to the outside room. It was our Royal Traditional Healers room. I took off my shoes and got inside. My father and my little sister Moyahabo, we call her Yabzo, so as the royal sister we call her Kgadi, they where inside.

TH: what where you doing? Remising about her virginity

My eyes popped

Me: hello to you too. Yabzo, Dad.

They greeted back

TH: I have talked with the ancestors and they accepted her. They want her on the Royal Chair. She is the Queen Mother.

Yabzo: so how are we going to do this before mum finding out because I have seen how she's close with that woman.

Dad: don't worry princess

TH: you have to marry her at midnight in a fool moon. You have to drink each others blood.

Me: excuse me?

TH: only a drop, it will be mixed in a tonic that will bind you two. You will be one after the wedding.

Yabzo: does Dimpho know about all this?

Me: eish.

Dad: don't worry, she will understand.

Me: I hope so.

TH: you have four days now before the fool moon reaches it's eclipse. I see a lot of struggles. Be ready because your father lost your mother. So will you protect your one true love from all that's to come?

#LESEGO

.

.

I was with the traditional healer alone now and he was mixing herbs and what not.

TH: she has the purest heart. Just like your mother.

I smiled

Me: I love her

TH: it won't be easy.

Me: I know

TH: when she wakes up in the morning, tell her everything. Make her understand. Because its almost morning and you have 3days to the full moon.

Me: I will

TH: this woman your suppose to marry.

Me: who? This nobody girl.

He laughed

TH: she's going to be a problem. Your problem, a big problem. A Royal problem.

Me: I don't understand.

TH: that girl won't give up and she won't leave this house. And she will get support.

Me: eish. What about Dimpho?

TH: she loves you and its going to be hard for her because she's already went through a lot.

Me: I know, she tells me everything.

He gave me a container.

TH: this coming three days she must bath and mix her lotion with those herbs. She must drink them too, as a form of tea. And you will see that your wedding day will be as powerful as your

love.

Me: thank you

I left the room and went to the main house then my bedroom and slept next to her holding her very tight.

Me: oooh God I love You

.

.

\*BONTLE\*

.

.

It was early in the morning around 03:00. When my mum woke me up.

Me: uhmhhh

Mum: where is that good for nothing girl

Me: who? Dimphe?

Mum: who else? She was suppose to be cleaning the yard. The Royal uncles are suppose to eat ain't they?

The uncles for the Royal family where coming to eat. Just to eat only and take the food to the Prince and King together with the Queen. That's part part of the negotiations.

Me: isn't she in her room?

Mum: Bontle I wouldn't be here if she was.

Me: call her

Mum: her phone is off damn it

Now I was panicking

Me: no no no no mum, Dimpho is very good with cooking. Those maids are not good enough. What are we going to do?

Mum: we need to find her. Oooh God I hope she didn't run away, this is a disaster. Baby I can cook but not as good as her. We need to make

a plan

Me: aaah how about we go buy them.

Mum: baby they don't need fancy food. They need traditional food. Mogodu, hlogo ya kgomo, mateng a kgogo (tribe, cows head, chickens' insert).

Me: mum I can't even cook

Mum: uhmmm you know what; I am sure the Queen will help us. Let me call her.

Me: please mum.

I was on the verge of crying. This can't be happening. Not now.

Few hours later mum came in saying , the Queen sent some of her friends to come and cook so their busy cooking. I went to the shower and showered. It was around 5 now. I finished bathing and just laid on bed. My lil sister came in.

Lerato: where is Dimpho

Me: nobody knows

Lerato: you think she ran away?

Me: with what? Because mum said everything is in her room.

Lerato: maybe she's kidnapped

Me: maybe.

Lerato: so you ready for this.

Me: girl all I want is to see myself ordering people around and them bowing before me. I am going to be Queen.

She laughed

Lerato: what if he doesn't love you

Me: you think I care about love. All I want is to give him an heir and I am Queen Mother.

She shook her head laughing.

Me: and how is the little Prince treating you

She smiled

Lerato: he will be here for the food.

Me: is it?

Lerato: that's why I need Dimpho. I want her to clean my room. Make it spotless and change everything. I want to give him the best sex ever. And I can't do it, in that mess of a room.

Me: why don't you use her room.

She side smiled

Me: its always clean, always smells good. So its perfect.

lerato: but small

Me: at list it has a shower and a toilet. So you will shower.

Lerato: yaah I guess your right.

Me: i know i am. now leave I need to prepare for my in-laws.. And please tell mum to get me an

apron and a hat.

Lerato: OK

Uhmhm at list I will only serve them.

Hhmmhmmmm

.

.

\*DIMPHO\*

.

.

I opened my eyes and I realised I was in a foreign room. "Where in the devil's name am I?" I asked myself confused and scared as hell. I looked around and I saw a paper. I took it and it was in Lesego's handwriting. It read: " don't be scared please, your are safe and I love you always " I calmed my nerves. And breathed in and out because I could see it was morning and

I did not sleep at home and I know for a fact my aunt and uncle will kill me. And today Bontle is suppose to cook a feast for her in-laws. No scratch that I am suppose to cook a feast.

While lost in my thoughts the door opened and The King got inside. Kgosi Lehasa as if that was not shocking enough Lesego got in too

He looked different, very different. Clean, he was wearing nice jeans and a hoody with black sneakers.

Me: what's going on?

Lesego. Uhhm baby please calm down

King: Kgoshigadi I hope you slept well.

Me: what did you call me?

Lesego came to me. I was standing up and he held my hands.

Lesego: my name is Lesego Matthew Lehasa the 5th and I am the first born of Lesego

Matthew Lehasa the 4th. I am the next king of in line after my father.

He knelt down and took out a box with a diamond ring inside.

Lesego: will you please marry me.

I looked at him, I was mad. I just punched him hard right across the face.

**#DIMPHO**

.

.

I love Lesego I do, I love him too much to let him go. My love for him is very strong that I wonder how it came about to be this connected. Yes! I punched him not because he lied to me, but because he didn't trust me enough to tell me. Weird enough his father just left the room without looking back.

Les: why the hell did you do that.

Me: you! You Lesego! You made me do it.

Les: baby I propose and you punch me.

Me: aaaaahhhh

I started hitting him all over, punching him pushing him.

He was covering his face and not fighting back.

Les: baby I am sorry please, that's enough your hurting me.

Me: then why did you lie to me haaaa?

I hit him even more, he kept screaming, eventually he held my hands and pushed me on the bed and started kissing me. I kissed him back without any hesitation.

Les: ooh Gosh I love you.

Me: I love you too.

We started kissing, hungry for each other. I could feel his boner as he was stroking me. I knew right then and there that we had to stop.

I stopped kissing him.

Les: uhmmm eish I am sorry... I didn't mean to...

Me: its OK.

He got of me and I sat up straight.

I was still overwhelmed about the whole thing. And then it hit me. Bontle is suppose to marry the Prince and I stood up looking at him.

He looked at me rather shocked.

Les: baby what's wrong?

Me: it's you isn't it?

Les: it's me what?

Me: you, you are suppose to marry Bontle.

He brushed his head with his hands.

Les: baby please its not like that.

Me: wow, then how is it? Tell me.

Les: the family is marrying her, not me. I have never even met her or seen her. Because I was busy arranging my life with you. I do not care for her Dimps I care for you, I love you. What do you think I have been doing this couple of months with you? Marry me Dimpho, be mine. Be my wife. I know you are my wife. I know you are my life I know you love me.

Me: and how do you know that?

Les: because the Gods have already excepted you. They chose you like they chose my mother. You are ment to be here. You are Queen.

For some weird reason I was not scared nor supriced its like deep down I knew.

I went to him and hugged him.

Me: I am agreeing to this because I love you.

Les: I know

I broke the hug and looked at him.

Me: now how do you know.

Les:because the ring is already on your hand.

I smiled and we kissed.

He broke the kiss

Les: uhmmm baby... Eish...

He was scratching his head. And I knew right then and there I had to say yes to whatever bull\*\*\*t his about to spit out.

Me: just spit it out Lesego

Les: its in three nights

Me: what's in three nights

Les: I mean the third night.

Me: what are you talking about..

Les: our wedding

Me: excuse me?

Les: I know your mad but please baby understand

I wanted to punch him but he held my hand

Me: I am going to kill you.

Les: I know but please baby I am begging you.

I looked at him and I could see how desperate he was.

Me: Fine! But after this I will kill you.

He gave me that, will see about that look.

Led: let me go get something I'll be back.

He left the room and I just started thinking. I love Lesego I do but am I doing the right thing. It feels right but why am I scared?

.

.

#BONTLE

.

.

I served the elders even though it was a hustle. There were five uncles and the prince together with some girl whom they say it's her sister. I sat down on another couch.

Sister: so you cooked all this?

Me:yes! I woke up very early hey and I am happy I am done.

Sister: if you say so.

Me: is there a problem?

Sister: the recipe its just spot on from the one cooked by my aunt.

Uncle1: you mean my wife.

Sister: yes uncle

Uncle: do you know her?

Me: no, maybe my mum knows her because I just cooked the way my mum cooks it.

Uncle: OK so you will dish up for your in-laws. Meaning your father and mother and of course your husband to be.

Me: I already did that.

Uncle1: and you have to take it to them.

Sister: uhmmm no no Buti Lesego said he will get the food from me. So I will take it from her and take it to him.

Uncle: but that's not how is done.

Sister: I won't disobey my elder brother

Uncle: OK I guess you will serve the king and Queen

I just nodded, I must say I was disappointed. I just wanted to cry. All this for nothing. I made my way to the kitchen.

Mum: what's wrong baby?

Me: the prince don't want to see me

Mum: what do mean?

Me: he told his sister to bring food for him.

Mum: your still marrying him ain't you?

Me: but?

Mum: no buts, that's what's important. You marrying him.

I nodded. Nxaa I can't believe I went thorough all the serving and giving them water for nothing. That's too much work

I must say I am relieved. Dimpho agreed to be my wife and all. We where both in the traditional healers small hut. Dimpho has already bathed and lotioned with the herbs. I had to bath with some certain powder since I am not a virgin what not. Aaah who is a virgin at my age mara this day of age.

TH: we have to leave this yard.

Dimps: what?

TH: someone is suspecting, this whole thing and will force the Magadi negotiation to happen on the full moon and if Lesego is in the yard it will be a problem. The ancestors will have to

except that girl and take you as the second wife. I have already blessed the full moon and I am drawing power from it. I can feel it every single second in me. So when its high enough I will give it's power to both of you. And your wedding will be blessed

Me: who is doing all this.

TH: I can't tell you that. You are not ready

Dimps: I won't be suprised if its my aunt.

The traditional healer laughed

TH: can we leave

Dimps: uhmhhh now?

TH: yes now.

I looked at Dimpho and I pleaded with Dimpho with my eyes.

And she just nodded with her head. She stood up.

They gave her a female lion's skin and then gave me the male lion skin. We both wore it.

Dimps: I am so divorcing you after this

Me: will see about that

Dimps: what did you say?

Me: nothing..

TH: its time

A car parked right at the door and we got in and laid back even though it was dimmed.

My father and the Traditional Healer used another car. And off we went to the mountain.

#BONTLE

.

.

I went to the Royal house with the uncles and the sister. The brother decided to stay and my mum and dad were following us with dad's car. We got to the Royal house and I was so excited. When we got there we were led to the lounge. Minutes later the Queen came in alone. I was with my mum and dad now, the uncles had left and I don't think the princess likes me very much. She just said she had somewhere to go. And she took her car and left, she didn't even ask about his brother's food. Joooh.

MiL: how was everything?

Dad: excuse me, but where is the King and his son?

MiL: the king left here in the hurry and he didn't tell anyone where he was going. And I only saw the Prince yesterday and today.

Dad: this is ridiculous. My daughter is suppose to be married by this boy. And he has to eat his food and tomorrow was suppose to be the negotiations and his suppose to slaughter one of the cows and the 3rd night which is the fool moon, their suppose to be introduced the ancestors. Your Traditional Healer is suppose to bless them.

MiL: I know that but his not here. The traditional healer left with the king.

Dad: how is it that you don't know where he went.

MiL: I don't know, My husband and Lesego have been doing things in secret lately and I think

they have included my daughter too.

Dad: I hope history is not Repeating itself. We can't have someone sit on that throne. My daughter is suppose to sit on that chair, we had a deal Sara. You don't want me to remind you of the pact we had before you became Queen. If that Lesego doesn't marry my daughter on that powerful day. You and I will have problems. I know the traditional healer has already drown power to the full moon so you better find a way that, that power reaches my daughter.

Honestly I have never see my father so pissed. He was so annoyed it scared me. But he was right. But what I wanted to know is what pact did he have with the Queen.

My dad stood up and left.

Mum: we need to do something

MiL: what? What can we do?

Mum: didn't you say Lesego might marry

someone else

MiL: Yes

Mum looked at the Queen

MiL: no it can't be.

Me: think about it, what could the Traditional Healer, Your husband and a few uncles who are in your husband's inner circle and The Princess be doing with the Prince two nights before the full moon and the Traditional healer has already drawn power on it.

Me: ooh My God his marrying someone. They both looked at me.

MiL: this can't be happening, not again. Who could it be?

Then it hit me

Me: Dimpho!

Mum: what?

Me: Mama, Dimpho is not around hasn't been for a while. And remember how the King used to ask about her when dad is here for the meeting?

MiL: ooooh My God I think your right

Mum: no no no no no this can't be.

MiL: he has been fond of her. Always telling me he reminds her of his wife.

Mum: NO NO NO NO NO NO NO NO that witch will not do this to my daughter. Sara bona moh re a tsamaya nou reya go stopa ma nyala ah. (Sara look here we are leaving now, we are going to stop this rubbish)

Me: I am coming with you, The Prince can't possibly marry Dimpho? He can't love her. He is suppose to love me.

MiL: don't worry we are going to sort this out.

Dimpho has always been beneath me. And

that's where she will always be. Or otherwise I will kill her.

.

.

be with us. And please cast away all the evil that is following us and protect your daughter the woman you chose for me. I ask you Lord to take control of any situation that is following us or towards us. In the mighty name of Jesus. Thank You Lord Amen"

I suddenly opened my eyes sweating like someone poured water on me. The first thing I saw was Dimpho crying and dad looking worried and our Traditional Healer sprinkling something on me.

Me: what's going on?

Dimpho just hugged me.

Dimps: don't you ever scare me like that. Do you hear me?.

I just nodded trying to think of what happened. Nothing came up because all I remember is Dimpho and I dozing off in the car because the journey was long. And then I remember the

dream.

Me: Mum!!

Dad looked at me.

Dad: so you saw her

Me: no she asked me to pray, she says something about danger or what not.

Dad: uhmmm

TH: I told you she will protect him.

Dad: yah! Did you say thank You

He looked annoyed.

Me: come on dad don't tell me your angry

Dad: what I don't get is why she doesn't come rushing when I am sick..

TH: are you serious right now?

Dad: I am her husband, I came first.

Yabzo: maybe she found a new husband in

heaven

She said that getting in the cottage we where in.

Dad: mxm...

We all laughed

Me: so I'll be take it we've arrived.

TH: of course

Me: eish I can't wait

I said that squeezing Dimpho tight and kissing her on top of her head.

\*DIMPHO\*

.

.

EISH!! Lesego really scared the s\*\*\* out of me.

While we where in the car he just started

shaking and sweating uncontrollably. I took out his phone and called his father but the Traditional Healer answered and said I should take off his clothes, yes the Lion skin he was wearing. ALL his clothes and the car must not stop. Because if we do, Lesego will be the list of our worries. I took off his clothes. And his briefs too. And Ooh my God I nearly fainted. Little Lesego is very big. Then I called back and he said I should pray until we reach our destination. I did and he woke up and he looked fine. He scared me, and that's when I realised how deep my love for him is.

Anyway I went to another hut and slept alone with candles all over and a lion skin was my mat and another one was my blanket.

.

In the morning a woman came to my hut and gave me water to bath. I bathed and she gave me brown soft porridge.

Me: can I go see Lesego

Woman: no dear, Lesego went to the mountain and you will only see him on your wedding day. You should cook for him and the in-laws. All traditional food. All the things you need are available. I know how you young girls like to spice up your food. Come with me.

I followed her.

She showed me tripe, cow head, 10 live chicken.

Me: I must do all this alone

Woman: lol no, cooking yes but everything else we will help. And you will take the food to the elders then you will go to the other mountain with princess to take food to your fiancé. You won't see him or take it straight to him.

Moyahabo will.

I nodded.

Woman: you can cook right?

Me: of course

Woman: good I'll help you start the fire and I'll get woman to help you with everything else.

She left.

I turned around and looked around and that's when I realised we where on top of a mountain and there where three other mountains close by.

And it was beautiful

Living the mountain was not bad as I thought. One thing that made me enjoy was the fact that Dimps was here with me. Even though I didn't see her nor talk to her. I still felt connected to her somehow. Every night I felt like I was sleeping with her. I would dream of her next to me. What made me more happy was that I was eating her food everyday. God I love that woman and I can't wait to make her my woman. Tonight was the full moon and for some reason I was feeling some kind of way. My whole body was in heat. I kept tossing and turning. The traditional healer got inside and looked at me.

TH: wow so soon.. I guess she is going through the same thing. Let me alert the elders, so that they can bring her.

Me: what's happening to me

TH: your body is reaching out for your one true love.

Me: why do I feel like my spirit is leaving my body

TH: that's because it is.

My father got in

Dad: haaaibooo so soon.

TH: yes that's surprising

Dad: Yabzo and the woman are here to bring Dimpho they say she's going through the same thing...

TH: this two really love each other, their connected.

I started feeling a bit lighter by the second.

Then I saw a man bringing in Dimpho, they laid her right next to me. She turned and looked at me and I did the same.

TH: you are one

All the elders came in and surrounded us. Then soon after my sister came in and tied our hands with a robe. Then the traditional healer started talking in ancestral language. Then he started groaning. Then he kneeled before us. Then the whole room became white.

TH: the ancestors have accepted her, she's the Queen and she will be Queen mother. Now we are waiting for the full moon to give her total power of the thrown. You will not leave this room until the full moon is high enough.

We both nodded

Then the elders, my sister and father left the room together with the traditional Healer

.

.

This is a nightmare. This can't be happening. I can't believe I am loosing. Prince Lesego is mine. I was crying so bad and terrified. I slept in the Royal house, meaning I just had sex with The Prince's little brother. Yes I did it I just wanted to do something or otherwise I was going to go crazy. And it was in the afternoon now. I just finished bathing when the Queen got into my room.

MiL: we need to leave

Me: why

MiL: I was able to gather the elders I could. They paid your bride prize. So now we need to go and bath you with the water and go to the Lesego's mother's grave to take her powers.

Me: but?

MiL: no buts, you will go there and you will be Queen. By fire by force.

Anyway I lotion my body and wore my clothes and we headed to some place I don't know it was like a desert with only one house.

She gave me what looked like an animal skin and told me to take off all my clothes and cover my private area only. I had no choice but to comply... Yes I am desperate. We entered the place bare foot and it was hot. We got inside the house. And there was a big snake surrounding the house.

Voice: I knew you will come back Sara

Sara: I am desperate.

Voice: you always are.

I looked around but I couldn't see who was talking. Only the snake was there.

Sara: I need my sister's powers

There was silence for about 5min.

Then we heard screaming.

"Aaaah aahhhhh ahhhhhh ahhhhhh"

Now I was scared I was close to s\*\*\*ing at myself.

Voice: the..... Power is gone. Is being used as we speak. The true Queen has risen.

Me: What??

Sara: no please this can't be, can't you help us somehow.

There was silence for 10min.

Voice: meet me at the River.

We left the place and got in the care and drove to "the river".

Me: I can't believe I am doing this

MiL: you want power? You are going to have to take it.

We arrived.. And she told me to strip naked as she did the same. There was a big black love across her heart but it was upside down

Me: what happened there

MiL: if things don't work out... I will tell you.

I nodded

We arrived at the river.

And the water was red.

A very beautiful lady walked towards us with a snake beside her. She was beautiful, Asian sort of, joooh some people are too beautiful to put to words. Her skin was glowing.

She stood next to me and kissed me. I wanted to stop but I couldn't I was frozen. I closed my eyes and all was dark.

.

I woke up in my father's house with dad beside me.

Me: dad?

He gave me five black stones each one of them had a red dot in it.

Me: and?

Dad: swallow them

Me: what time is it.

Dad: the moon is about to reach its eclipse. So swallow those stones now.

It was hard but I did, I had no choice. I swallowed them one by one.

Dad: good now no matter what you are Queen even that daughter of my brother won't do a thing..

I nodded.

.

.

.

We where both wearing some sort of animal skin on top of the mountain on a white rock. We where holding onto each other very tight. I could feel the power in me its like I was getting stronger by the second.

TH: Lesego step down.

He stepped down and I was left alone. I was becoming stronger and stronger. I was suddenly in a white room or something round and it was glowing I was wearing all white. A woman came towards me she had a very beautiful smile.. She had Lesego's eyes and she heard long dreadlocks like me..

Woman: you are beautiful, true beauty of nature. She put her hand on her mouth and then took it out and gave me 3 white rocks. They differ in sizes as they where all round like the moon.

Woman: swallow

I took them and swallowed them all at the same time. She then touched my stomach.

Woman: thank you

Me: for what?

Woman: for the road that you are about to walk. You a gift to this family and now they will see I didn't realise I was crying when she wiped my tear. She took that tear and dropped it. Then I could see it was raining.

Woman: goodbye

I smiled with tears in my eyes.

And then suddenly I was back on the rock. And it was raining everybody was happy.

"She's the chosen one"

"She's the true Queen" they started singing

TH: you did it.

I smiled he knelt before me on that rain. And it was pouring.

Lesego came to give me a big smooch on the lips.

Then everybody started singing and dancing in the rain.

#DIMPHO

.

.

We spent the whole night in the rain and it was a bliss. It was morning now and the only thing left was for my bride price to be paid. And I was not even sure if my uncle will allow this. Lesego and I were putting my gifts in the car.

Lesego: what's wrong my love?

Me: its about the lobola negotiations.

Lesego: what about it?

Me: I don't think my uncle.....

He cut me off

Lesego: my father contacted some of your uncle's relatives. Your father and Bontle's father were brothers right?

Me: yes.

Lesego: and the house they live in, is yours since it was your father's.

Me: don't go there, my uncles and aunts couldn't stay with me because my father left me a house. So my uncle told them he will stay with me, since he was the oldest and he lived in a small house. So now they couldn't say anything because he is head of the family and my father is gone. And my father was suppose to be one of the king's men before he suddenly passed on.

Lesego: yaah i know my father told me but what do you mean "suddenly" passed on.

Me: he just woke up dead.

Lesego: wow! How?

Me: I don't know, all I remember is that my uncle and aunt came to visit. And we had a family dinner and everything was grate then in the morning he was gone.

Lesego: uhmmmm..

Me: I just hope everything goes well.

Lesego: everything will go well. My father hired people to join-in to spare bedrooms into one. It will be ours.

Me: what about Bontle?

Lesego: Apparently she has been sleeping in my bedroom.. So..

I cut him

Me: I understand. So how is this going to work? You me and Bontle?

Lesego: I don't love her and I don't want her. I love you. My Queen.

He said that hugging me and kissing me. We kissed for a while then he broke it.

Lesego: when are we... Gmmmmuhmmm you know?

I smiled

Me: I don't know?

Lesego: oooh and their going to need a sheet as proof that your a virgin

Me: is this your way of telling me that after the negotiations we will do it.

He smirked.

His father came to us.

King: uhmmm I am going to your home village. We can't let your uncle stop this negotiations so we are going to your father's grandfather's village.

He said that looking at me.

Me: so he knows

King: no your uncles won't tell him, I know that. We wanted the negotiations to happen at your father's house but our traditional healer told us they won't happen. And I just found out that they haven't paid Bontle's bride price because they couldn't get a hold of me or the money.

Your aunt wanted to take over but still it couldn't happen because I am suppose to bless the bride and choose her.

I must say for some reason I was relieved.

Lesego: so I am not married to that bitch.

I looked at Lesego like REALLY.

Lesego: uhmmm sorry so what about Dimpho and I.

King: you go back home. Dimpho is coming with me for the negotiations. And then I will come back with her in the afternoon.

Lesego nodded

Me: I'll be fine.

Lesego: I know you will, I am just worried about that Bi... I mean Bontle.

Me: I love you Lesego

Lesego: but

Me: I love you Lesego

He smiled

I got into the car with his father and left.

.

.

#BONTLE

.

.

Apparently Prince Lesego is coming with that little brat Dimpho. Nxaaa and my dad told me that he won't marry her off if they don't marry me first. And I know for a fact that when I am the first wife the Prince has to ask for my permission to marry her. And trust me when I say it will not happen.

The Queen got in my room.

MiL: something is wrong

Me: what is it?

MiL: the king was suppose to be back and its already 12. He was suppose to be early for Dimpho's negotiations. Your father said their not there yet.

Me: but they won't marry her off mos.

MiL: I know that but the King did not know that. Your father and I planned it that when he get there we going to make them marry you first then Dimpho.

Me: what does this mean then?

MiL: I have no idea. But whatever it is I have a bad feeling about it. That husband of mine and that Traditional Healer are conniving behind my back and I don't like it.

Sh\*\* now I am worried. This can't be happening. Lesego is suppose to marry me today

.

.

#LESEGO

.

.

The drive back home was just OK. I actually stayed at the mountain a bit longer. I arrived at home at around 4. My dad called me at 3 telling me the negotiations are done and the in-laws will be there very soon. When I got there I was met by my aunt, looking rather annoyed. I just greeted her and she didn't respond. I passed her and went to the room where the renovations were made and they were complete just the painting and the mat or tile. I put my bag in there.

Voice: where is your father?

I turned and it was my father's wife of course I looked at her and ignored her. She looked at

my hand and saw a wedding band.

Aunt: so you married her.

I still ignored her

Aunt: just so you know your wife is here.

I still ignored her.

Aunt: and she's staying here

Me: leave my room I want to bath

Aunt: so this is your room and Bontle's

Me: get out before I kick you out.

Aunt: mxm

She walked out. I locked the door and bathed.

As soon as I finished bathing I heard hooting cars and people singing and I knew I had to hurry. Some of my uncles came in to help me with my traditional attire.

We left the room and went to the gate. I saw her, she was bowing her head. She looked beautiful.

I can tell because she's mine. People where singing and all, its like the whole village was here. After some time my father told us to stop the song and asked Dimpho's aunts to show us something as proof that she is Queen mother. Dimpho kneeled down before the gate parallel to my father.

Dimpho: (kgoshigadi Magadi, Kgoshigadi Mokgaetsi, Kgoshigadi Morongwa, Kgoshigadi Matete, Kgoshigadi Nteboge, Kgoshigadi Makoto, Kgoshigadi Tladi. (Kgoshigadi means Queen)

She breathed out loud.. I wanted to cry because this was a beautiful site.

Dimpho: Maswikana a kganyang a mararo a ke fileng ke Kgoshigadi Masechaba.. ( the three glowing stones I was given by Queen Masechaba)

I heard someone say Ooh My God. I turned

around and saw my aunt.

Dad: re a go amogela Kgoshigadi Dimphe Masechaba Lehasa. (we welcome you Queen Dimphe Masechaba Lehasa)

My father then opened the gate.

Dad: we welcome you back Masechaba. From now on you are Masechaba, I am giving you my wife's name.

Everybody was ululating and sang their song and we welcomed my wife. I turned around and my aunt was getting in the car I think with Bontle. They used the other gate to leave. Seeing that people occupied the other gate. I wonder where their going at this time. But who cares I am with my Queen.

CHAPTER 7

#DIMPHO

.

.

Everything was a blessing.

Everything was beautiful.

Everything was perfect.

We went in the main hall and there where two chairs.

King: this wedding is set to prove that I am

officially stepping down as king and I am giving the throne to my son.

Everybody was shocked.

Lesego: but father

He touched his left shoulder.

King: son this is the right thing to do, it's time. You will understand in time. Now take your sit before the scavengers take it from you.

He nodded and sat on the chair.

His father took off his lion skin attire and put it on Lesego's shoulder.

King: Kgoshigadi Masechaba please take your rightful sit.

I went to the the chair and sat down.

Yabzo came and put a female lion skin on my shoulder.

The moment she stepped back. Two lions a

females and a male one appeared from nowhere and the sat next to our feet. The one that was sitting next to my feet changed from a brown colour to a pure white colour. Everybody started praising and ululating. I looked at the king and he was in tears.

Then we started hearing thunderstorm.

Then there lions started roaring. After some time of silence listening to the rain and the lions roaring, they stopped and the lions disappeared.

The King came to me and held my hand.

King: you are pure

I smiled and looked down.

King: just like Masechaba. You are the chosen one indeed.

Anyway the party went on and on. My aunts and uncles where happy for me too. Then the king told them that the have prepared their rooms

they don't have to worry.

It was late and I was tired.

Lesego showed me our room. It was big very big and the bed was also huge.

Lesego: don't worry I won't touch you I know your tired.

I raised my eyebrow.

I took off my clothes right in front of him

His jaw literally dropped

Lesego: uhmmm uhm

Me: I need to bath

I took a towel that was on the bed and went to the bathroom and poured water and just relaxed.

After a couple minutes of relaxation I heard the door opening. And of course it was Lesego entering the bathroom naked. I mean seriously..

WTF

.

.

#LESEGO

.

.

Uuuuuhmmmm Dimpho thinks she can just strip right in front of me and get away with it..

Uhm I will show her flames. There's a saying "two can play that game".

Dimps: what are you doing here.

Me: I came to bath with My Wife

Dimps: excuse me.

I got inside the water

He was shocked

I pulled her to me.

Mindo I was hard as rock.

I made her sit on me.

I made sure my shaft touched her. She got off me so quickly you would swear there was a crocodile in the water.

Me: and then?

Dimps: uhmmm nothing I am done. You will find me in bed.

I pulled her back down

Me: I didn't wash your back

Dimps: uhmmm Lesego I amm...

I kissed her on the neck while pushing her dreads to the other side.

Dimps: Uhmmm Lesego... I...aaahhh Lesego.

Me: yes baby

By then I was busy touching her breast, every now and then my other hand will play with her

flower.

Dimps:stop ...ahh...mmm teasing.

Its not like we haven't played before. We did just that it never got to a point where she saw my shaft. Because the moment it got hard and she feels it. We stop.

I took the sponge and started washing her back and everywhere else. She ended doing the same thing to me.

After some naughty bath since we would kiss every now and then. I grabbed her bridal style and put her and the bed.

And opened the blankets for her and put her in.

Me: your not yet ready.

She didn't say anything. We just cuddled and slept

.

.

#BONTLE

.

.

This is too much, this can't be happening.  
There's Noway Dimpho can get all the power.  
Its always like this, it has always been like this.  
My father always told me that Dimpho is just  
like her father, he told me his brother stole his  
woman and got her pregnant and then when he  
was suppose to be one of the king's men his  
brother also stole it from him. And now history  
is repeating itself.

Anyway we went back to that same house. This  
time my father and mother where there.

Dad: what took you so long.

MiL: Dimpho is the chosen Queen

Mum: NO!

Dad: that can't be how

MiL: she has the three stones

Dad stood up looking frustrated.

Dad: mos that means we can't kill her!!

He was furious I could tell

Me: what does this mean

Mum: there has to be another way

MiL: this is not the same with me. Mine was easy, Masechaba did not swallow the stone. So it was easy for me to take her out her heart.

Dad: stop telling Mr the obvious. You made this mess, because you where suppose to kill this Lesego too. But no you where so focused on your thirst for power. Now look at us? Lesego is King and marrying my brother's daughter. Now I am going to loose it all. Now I have to make another deal so that I can keep my dignity and wealth.

MiL: we will make a plan.

Dad: no no... Sara YOU will make a plan don't get it twisted.

I was scared to see what they have went through but at the same time I understood. Although the part about My mother in law killing her own sister that's just pure evil. I don't see myself killing own sister. Noway

After some time mum, dad and MiL where chanting then the snake appeared from another room and surrounded the whole room. Mum, MiL and I sat down where else dad was sitting on the chair.

Voice: you idiots, you idiots. How can you let just one little girl get solo much power.

MiL: we are sorry your grate

Voice: she's protected by the white Lion

MiL,mum,dad: WHAT?!!

Voice: no you see the mess you put us through..

That's why she was named Masechaba.

Dad: this is a mess

Dad was busy giving my mother in law the evil eye.

MiL: is there anything we can do ANYTHING.

Voice: what do you want

MiL: a way to make Bontle the Queen. Anyway possible

There was silence for a couple of minutes.

Voice: it is possible.

Dad: and Dimpho

Voice: since she can't be killed. There are ways to weaken her and kill her emotionally, spiritually and mentally. That way the white lion will be weak. And we can kill her.

Mum: the sacrifice? What are we sacrificing to do all that.

Voice: the womb.

Me: what? What does that mean.

Mil: it mean you won't be able to bare any children.

Me: then what the point of all this then? I am suppose to be Queen Mother.

Dad: eish Bontle stop being stupid. Can't you see Dimpho had already gotten the throne.

Me: but what if it happens that Dimpho is barren

MiL: that's impossible because the Gods have already allowed her in. Meaning her first born will be a boy

Me: but then what if the boy dies or disappears.

Dad: Bontle do you want your sister to take your place.

Me: dad what I am saying is we can do something to her child or children and she will

end up giving up. So the Prince will have no choice but to make a baby with me.

MiL: is that possible?

Voice: that will depend... Because if the child is born on the full moon and rain well you won't do anything because the white lion will protect the child.

Me: mxm

I was so annoyed. I can't believe I am sacrificing my own womb

Me: OK fine I'll do it

Voice: ok follow me.

Me: follow what?.

Dad: the snake dam it.

Eish I can't believe I am doing this.

I got inside the room.

And the snake was gone..

A talk muscular man was standing at the corner.  
I couldn't see his face.

Man: take off all your clothes

I took them off very quickly. I didn't need a  
magician to tell me what's going to happen.

Man: lie down on the floor and close your eyes..

I did so

I felt some cold and slimy touching my skin.  
Oooh God things we do out of desperation.

Suddenly my pussy was wet. I then felt a men  
touching me and entering my pussy.

Jirrrrr.. It was the most painful thing in the  
world. I felt him pumping me. Busy going up  
and down. Every time he went I felt his shaft  
inside me hitting my womb. This went on for a  
while and I was screaming so loud. It was  
painful I even lost my voice and the tears  
stopped coming out.

He stopped and got off me.

Man: don't close your legs.

I felt thing touching my thighs and then after some time he told to get up open my eyes and wear my clothes. I did so.

The man was gone.

Voice: you where not pure

Eish.. I knew this will come back to haunt me.

Me: uhmmm

Voice: leave my room

I left so quickly I even forgot about the pain in my womb. My pussy was not sore it was just my womb. Dam it hurt.

I went to sit down. My mum dad and MiL where still there.

Voice: there's a penalty

Mum: what?

Voice: you have to kill the king

Mum: but she gave you her womb

Voice: circumstances where different.

Dad: I don't understand

Voice: you won't, your a man kill the king and bring me his heart then we will talk.

My mum gave me the evil eye meaning she understands what's going on.

Eish my parents are going to feed me to the dogs for sure

#DIMPHO  
·  
·

I woke up early in the morning. My body was still very much tired. I went to the bathroom and did my hygiene. I wore my long dress and doek on the head. With a sweater and I rapped a small towel that covered my waist , ass and curves. My aunt told me it is tradition if I am going to serve the elders. When I got to the kitchen I found the maids just standing and gossiping.

Me: is everything OK

They stopped gossiping and all bowed a little.

Maids1: uhhmm since your the new Queen. We couldn't touch the food, your suppose to tell us

our duties.

Me: ooh I didn't know that. Uhm... what where you doing before

Maid2: well we all did the same things, but on different days.

Me: same things how?

Male maid1: well yesterday the woman where cooking and cleaning the house. And we did the garden and secure the house that means today we will swap.

Me: ooh dear..

Eish I already see that me and the Queen we will have problems.

Me: OK what do you want to do.

Maid1: well before the Queen's sister died. Everything was great because Queen Masechaba let the woman Cook and clean and the man will help with the windows and the

garden and wash the cars. And if their days where the house is clean and there's not much to do then she let us go home. Now we only go home once or two days a month. Sometimes the King would tell us to go home but the Queen will deduct money from our salaries.

Me: how because I though you get it from your accounts.

Male maid 2: we already know she will deduct, we used to earn R3500 but now we can even earn R500 if we didn't cook or clean up to her standard. Even when we are sick she will deduct.

Eish this was painful to hear. I guess there's no different between my aunt and uncle and the former Queen.

Me: OK since its already late. How about I make a quick breakfast?

Maids: uhmmm everybody wants yesterday's

leftovers

Me: everybody!

They all said yes.

Me: ooh Thank God that's relief I am still so tired.

They all laughed

Me: and the Yard

Maid 1: the king hired some company they cleaned everything eben the house.

Me: ooh so you didn't do anything.

They all said yes.

Me: OK then.. You mam can go and maybe wash the cars and we woman will make yesterday's leftovers. And after that we are going to have a meeting me and a of you. How's that?

They where all so happy.

Anyway they brought I'm yesterday's leftovers and I went to the lounge to serve my family and my in-laws. They where so happy about the leftovers.

King: my son used to give me some of your cupcakes.

Me: ooh my King you wanted me to bake them.

King: maybe when your fine and well because I can see your still tired. Just not as tired as I expected you to be. I can see my son is a bit of a cowered. And he did not get that from me.

Lesego came out from another room

Lesego: I heard that

King: that's because I wanted you too.

He ignored his dad and came to kiss Me right in front of them.

He broke the kiss and cupped my face.

Lesego: can you please make the cupcakes.

I nodded

Me: of course

King: can't you see the poor girl is tired

Lesego: but not as tired as she should be right?

That's because I knew I would want the cupcakes.

King: Masechaba? Don't make them, go and rest.

Lesego looked at his father

Lesego: well I am her husband and king and she will make them and your not getting any

Everybody started laughing.

King: we will see about that.

I just turned around and left the room with stitches and Lesego debating with his father. I asked two maids to come and help me with the cupcakes but they all wanted to help. So they came to help me.

We stayed there the whole night because we were waiting for the poison to use on the king. After hours then the snake finally came to the living room.

It threw up or spitted out some thing black some sort of square container. I went to pick it up.

Voice: you will make your own plan into making sure the king is fast asleep. That container holds a very dangerous liquid. You will use one finger to smear the liquid on his lips, eyes, nose and ears. After that you will put an upside down cross on his forehead and also on his heart.

Then after that go back to your room  
Immediately, he must not see you because after  
your done he will open his eyes.

Bontle: understood.

Voice: good now leave my nest.

We all stood up and left. We all drove to the  
palace. And when we got inside we found  
Dimpho baking her famous cupcakes.

Of course once a servant always a servant.

Me: so I guess we will always be sisters.

Dimpho: hello to you to Bontle, uncle, aunt and  
Queen.

MiL: exactly Queen. What are this servant doing  
in this kitchen their suppose to be in the garden  
and cutting trees

Dimpho: ooh I have changed up things.

MiL: on whose authority because I am Queen.

Voice: on her authority

A very sexy and handsome Lesego came from another room. Damn I just got wet just by looking at him. I just wanted to fuck him right then and there.

Followed was his father. Looking different in his shorts and golf shirt.

MiL: why is Lesego wearing your king's attire

King: because I gave it to him. His king now

MiL: what! But that means...

Voice: Dimpho is Queen.

MiL: saw I was demoted? I am no longer queen

The ignored him

King: uhmmm can I speak with you two for a moment please

He was referring to my mum and dad.

I just looked at Dimpho who was not even

paying attention at me. I just wanted to kill her, I wanted to take a knife and slit her throat.

Aaaah!!

I just passed them and my mother in law was right behind me.

We went to one of the bedroom.

Me: what now

MiL: we can't kill him tonight. I don't have anything now.. He removed me as Queen.

Me: so how many days

MiL: let's wait for Lesego to take you as second wife then see how much power you get and if its enough then you will kill him.

I nodded.

Eish my mind was still drolling over Lesego.. Damn that boy is fine and I will fuck him. One way or the other. That dick will be inside me.

My father and I strolled around the yard after he spoke with Bontle's patents. He was busy showing me everything that's important and how to deal with situations around the community.

We finally got to the graveyard.

Dad: well son, you know that only Royalty is buried here.

Me: yes father I know.

Dad: son I see a big storm coming and it will test your loyalty and love between you and Dimpho

Me: what are you saying father?

Dad: your going to have to marry that girl Bontle.

Me: what?

Dad: when I married your aunt, a pact was made.

Me: what do you mean?

Dad: since I couldn't sit on the throne without a wife because your mother past on. Your aunt's family had to choose a family that the next king had to marry from.

Me: but I married Dimpho and she's from the family

Dad: I thought so too but "supposedly" the pact said the king should marry one of the king's men's daughter's.

Me: one of them being Bontle?

Dad: yes.

Me: dad why didn't you marry from another family

Dad: I couldn't because then my children won't have the same blood. And we needed Kgadi.

Me: eish.. I don't know dad I can't marry that girl, I don't even love her.

Dad: I married your aunt and I still didn't love her.

Me: but you slept with her and I am not planning to get in between those legs.

My dad laughed.

Dad: sleeping with your aunt didn't mean I loved her. I stopped sleeping with her the day I found out she was pregnant.

Me: with Yabzo?

Dad: yes! I had to or otherwise, they where going to get one of the king's man who had a daughter to sit next to my throne and share my power.

Me: can they do that?

Dad: yes!

Me: I can't believe I am going to marry that girl

Dad: you don't have to make a big thing, we just pay Magadi and eat her food and welcome her.

Eish I was defeated

Me: I still have to talk with Dimpho

Dad: make her see reason.

Me: will do

Dad: I am sure the cupcakes are done.

Me: heeey!! Madala I am watching you. Hands off Dimps's hands.

We both laughed

We went back to the house and the smell of the cupcakes was all over the yard the yard and I found my mouth watering.

When I got there I just indulge with the coffee she made. I ate with my dad and saw the guards and maids also eating and my dad

walked to them and started chatting and eating with them and laughing. I just laughed as to how this reminds me of the time my mum was alive. She would let everyone eat all together. My Dimps though, just like my mother. After eating I went to the bedroom and found dimps lotioning her body.

I was so nervous and scared.

Me: baby?

She turned and looked at me with a smile.

Me: uhhm I want to tell you.... No I mean ask you something.

Just just looked at me.

Dimps: just spit out.

Me: I have to marry Bontle

Dimpho: excuse me.

Me: I have no choice

Dimps: uhm.. Uhm... Uhm... you have got to be kidding me.

She let out a bitter chuckle standing up

She looked at me and saw that I was serious.

Dimps: NO! NO! NO! LESEGO NOOO!! I did not sign up for Polygamy. I will not share you especially with her. At list if it was someone.. All my life I suffered in her hands, I finally thought she was out of my life. Now your bringing her here? No way HELL NO!! its a nooh.

I knew this was going to happen. It has always been told. But when I married Lesego I thought maybe just somehow it will disappear. The Maake are my family yes! But do I really have to be at their mercy for the rest of my life.

Lesego: baby trust me I don't want to marry that girl, I don't love her. I promise you I won't even touch her.

Me: Lesego that's impossible. Their days that you will have to sleep with her. That's how polygamy works.

Lesego: baby please I don't have a choice.

Me: well I am giving you one.

Lesego: baby please don't give me an

ultimatum.

He held my hand and I yanked it away.

Me: I am not sharing you.

Lesego: your not Dimps. Its my father, he told me about a pact he made a long time ago when he married my aunt. He had to marry her because he wanted Kgadi.

Me: Yabzo.

He nodded

Me: why are we being... No why am I being punished then?

Lesego: your not.. My aunt chose your uncles children.

Me: WOW... I guess it all makes sense now.

Lesego: how so

Me: the way your aunt would come to my house all the time.

He nodded

Lesego: I am sorry baby I don't want to be doing this.. I love you.

Me: I know..

He gave me a weird look

I smiled

Me: I love you too.

I started wearing my clothes with him watching me. It was a bitter sweet moment. All the king's man where called to the wall where we have meetings. Not the one I was officially the Queen at.

When we got there everybody was sitted. We went to our two chairs mine had a white lion skin and Lesego's had a normal lion's skin on it. We sat down. Lesego's father was sitting not far from Lesego's chair. Just beside him actually. My uncle, aunt and Bontle where on

the 1st row of the chairs and the former Queen was sitting next to Bontle.

Anyway the speaker stood up and introduced himself and welcomed us all. And told us the rules and regulations.

Speaker: Our previous King who is the father of Our king today called this meeting. As we all remember. Yesterday was the most beautiful event we experienced and witnessed. So what brings us here today is the arranged marriage that was made between the Royal family and the Maake family. Our King's man Maake was promised that one of his daughters will be wed by our now king Lesego Lehasa. So before we ask our Queen if she allows this can we have Questions?

Lesego's aunt didn't even raise her hand. Worst part she stood up and in this Royal council Woman are to be sitted when talking and man can stand up.

MiL: why should we ask her when.....

My father in law cut her off.

FiL: Sara get out!!

MiL: excuse me.

FiL: you didn't raise your hand, your standing up and worst of all your disrespecting Queen Masechaba. Maybe your forgetting something, your just a commoner now. Now Get out, Guards take her.

I felt the need to stop this. I spoke, sitting down of course.

Me: wait!

Everybody looked at me.

Me: Let her be, this will be her first and last warning. Ma please follow the rules or we will be forced to chase you out.

She sat down..

She looked surprised so did everybody else.

She raised her hand, my father in law picked her.

MiL: uhmmm I was wondering why should we ask the Queen for permission because this deal was made long ago. And I did give the king a girl he wanted. So why should we go through this.

My father in law stood up he greeted everyone.

FiL: when we made a deal we did not realise Lesego will go and marry the love of his life. So right now the fate of the marriage between Bontle and Lesego lies in Queen Masechaba's hands. If she refuses, we will take it from there and see what will happen.

There where questions the and there and my father in law answered. Now it was my turn.

The King went to Bontle and talked with her. She came and bowed before me.

Me: I except, I except you Bontle Maake to be my sister wife.

Obviously only three people and some of the Maake friends clapped hands. Most of the people where annoyed njeeeee. Lesego held my hand and kissed it.

Lesego: thank you

I smiled.

I don't know why but for some reason I think I saw a black cloud on top of Bontle's head when she walked to her parents.

.

.

See why I love Dimpho so much. The most pure

being in the world. After a couple of minutes. A date was set that on Saturday Magadi will be paid and what not. Its funny how I had plans on that same day. I wanted to take Bontle out because on Friday her matric results are coming out. Anyway the meeting was adjourned. But Dimpho asked for all the cleaners and guards. She even asked for the financials and my father didn't mind. She checked them out. After some time she discussed things with my father. Then she finally spoke.

Dimps: starting from tomorrow you will be getting your own rooster. On weekends you will no longer be working its your day off. We will hire a cleaning company. You will work Monday to Friday. But as you can see that sometimes we have events on Saturday, if you want to work then I'll put that as extra hours meaning extra pay. Your new salary is attached with your new working rooster and you will get bonuses in

December and on a month of your birthday.

Maid: what if my birthday is in December.

Dimps: then you will get triple the salary

They where so excited. My wife though

Dimps: with an added bonus your free to go, I will see you next week Monday

Maid: but you said the rooster starts tomorrow

Dimps: oooh you want me to change my mind?.

They all said No very quickly and they ran out excited.

I kissed her hand

Me: your amazing you know that.

My father was just smiling..

Dad: you remind me so much of my wife

She looked down

Dimps: she was very beautiful.

Me: just like you.

She smiled

Dad: uhmmm. Masechaba

She looked at him.

Dad: ke a leboga (thank you)

Dimps: for?

Dad: go tlisha lethabo le Khutso go ba bereking le sechabeng. O tloga ole Mpho ya nnete ( for bringing happiness and peace in all the workers and the community, you truly are a gift)

My Dimps was in tears.

My dad hugged her.

Dad: be strong, because the worst is yet to come.

I looked at him

Dad: I am sorry son

Me: its a OK dad

Dad: a thunderstorm is lurking our way. You two need to be strong. No matter what happens don't loose each other.

With that said he walked out.

Dimps: I am scared Lesego

Me: so am I baby,so am I.

I must say, it did not expect this from Dimpho and it shocked me. Same old Dimpho, sweet caring and loving. Nxaaa do gooder. I was in the living room with my mother and my aunt who betrayed us by standing by Dimpho of course. My father in law got in with a file. And he handed it to me and sat down. One of the king's

man came to sit next to him.

I opened it and it was written "second wife"

FiL: that's a book or a file so to say. Its the rules and regulations.

Me: OK

I closed it.

FiL: you need to read it.. But I'll give you the basics.

1. Dimpho might be younger than you but in this marriage she's your elder. Most of the things that you would want to do your going to have to ask her.

Me: I don't understand

FiL: since you now share a husband. She's the one who will make up the sleeping arrangements, the events your suppose to go to, the duties your ment to do. The cooking and cleaning arrangements.

Me: but I thought we had maids for that.

FiL: Yes! Maids not slaves.. And now that most of the weekends they won't be around. You and her will be doing a lot of things.

Voice: What??

That was my Mother in Law

MiL: is that why they're not here, it's not even a weekend

FiL: you will have to talk to her about that . And their days where you will have to cook for your husband. It usually happens when he's going to share a bed with you.

Okay I did not sign up for this, I am not supposed to go through this. He stood up together with the king's man. The moment he left I gave my mother in Law an evil eye.

My aunt stood up

Aunt: looks like there's nothing to say because

they gave you a book. Uhmhhh

She smiled and laughed on her way out.

Me: what is this

MiL: hey how would I have known it will come to this.

Mum: heeey bona Moh wena Sara ga kena nako disorokisi.. Ngwana waka gotlo diregang ka yena bjale ( look here Sara I don't have time for games what will happen to my daughter now)

I know my mum is more than angry when she speaks in her language

MiL: cooking is not a problem

Mum: I know that, I can cool and bring it here. The problem is Dimpho, I can't believe she has yo follow her rules.

MiL: looks like we have to kill him sooner than expected.

Mum: on Saturday

Me: after the negotiations?

MiL: let's make it Sunday

Me: OK I'll do it

Mum: what will happen to you when he dies.

MiL: I'll be the widow and I'll handle most of the things.

Me: and me?

MiL: don't worry when my husband dies Lesego will be forced to go up and down for all the business

Mum: meaning Dimpho will be home

Mil: yes and we will make her life a living hell.

Mum: what about the Royal Traditional Healer

MiL: don't worry about him, I will blind him the same way I blinded him when I killed Masechaba.

Me: then how can he see now.

MiL: the blinding is temporary.. About 1 hour max

Me: ooh.. How do you do it.

MiL: the same thing you did last

Me: what?

I thought for a while

Me: ooh hell no I have to sleep with that thing again?

Mum: you got any other idea's

MiL: unless you have other burgeoning chips.

Me: fine.

MiL: we will go there tonight

We nodded.

I had just had sex with the mystery man. And it was still horrible I swear it felt like its more painful. I walked to the lounge and set down.

Voice: your request to kill the king this Sunday is granted. But the process regarding blinding the Royal Traditional Healer. I can not help you.

MiL: why? You helped me the first time.

Voice: his more powerful now and he can

already see death surrounding the King so does the Queen

Me: Dimpho??

Voice: the Queen is still unsure of the power she has. She still thinks she's imagining things. But once she goes to the traditional healer then she will know what she's capable of.

MiL: so the Traditional Healer can't go to him and ask her

Voice: no. She has to go to him.

MiL: so if death is surrounding the King. I guess it means we can kill him. Nothing he does can change that.

Mum: yes! You can't run away from death

Me: I can't believe I am going to be the one to end him

Voice: the king holds too much power. His heart will bring you more power you can imagine.

Me: more than Dimpho's.

Voice: that will depends of how you use them.

Ummh

Me: this ought to be interesting.

Voice: the King will be buried 72 after his death so his grave will be dug in the morning of his death. Make sure after you kill him you come here and bring his heart so that I can make you something to pour on his grave before his buried. That way you will use his power without any interference. Just like Sarah did.

I looked at my mother in law.

MiL: yes, yes I did all that. But be warned. There will be consequences .

Me: what kind of consequences?

Voice: every time you use the power. Your own body burns starting from your heart.

Me: oooh

Voice: now leave. I'll see you Monday morning.  
And Bontle? Don't fail. We left.

.

Days passed and it was now Friday morning.  
Day of the results. I did not really care about  
then because I don't care about school and I am  
not planning to go anywhere next year I just  
want to see myself in that royal house ruling.  
You see I am more concerned about tomorrow  
because its my Magadi day.

Well Lerato came to my room running holding  
her tablet.

Me: we don't knock now.

Lerato: you will not believe this

Me: what.

It was an online news.

**\*\*\*THE NEWLY QUEEN WIFE DIMPHO

THOUGH INTERNATIONAL COMPANIES  
OFFERED HER MORE. SHE CLEARLY STATED  
THAT SHE WILL BE STUDYING IN UL WHERE  
SHE WILL BE CLOSE TO HER HUSBAND SINCE  
SHE WAS ACCEPTED\*\*\*

Me: I can't believe this bitch

Lerato: uhmmm.

Me: why didn't she just leave. I knew that she  
was pretending to except me. She wants me to  
suffer now I'll show her nxaaa.

We where in Pretoria and it was amazing. Being honoured 8 times wow. I must say I was tempted about going to Harvard Law but hey I just got married. And Lesego couldn't stop thanking me together with his father. But anyway they still gave me their forms and contacts and they told me anytime I change my mind they will take me. Lol.. My father in law couldn't stop tearing up. Anyway we where in M&B eating breakfast with my hubby. After that he took me to Sandton for some shopping. Laptop, new phone. And other books or anything I'll be needing for school.

We just got back to our hotel room and I just finished bathing. He was watching soccer.

Me: how's your father

Lesego: his gone out. Probably to go check some businesses

Me: wow you guys also have businesses here too

Lesego: no baby we also have businesses.

Me: does that include Bontle?

Lesego: Bontle who?

I laughed.

Me: you know baby something has been bothering me

Lesego: what?

Me: I have been having bad dreams about your dad and Bontle.

Lesego: tell me

Me: sometimes I'll dream of your dad in a pool of blood or maybe in a whole struggling to get

out. And last night I dreamed of him holding his own heart.

Lesego: joooh baby that's intense

Me: I know.. Imagine me, I am the one dreaming or seeing them.

Lesego: yaaah and you said Bontle too.

Me: ooh yah. Well with her its more or less the same, its either she's in a whole full off snakes or a snake is wrapping her body.

Lesego: joooh that's scary baby, maybe you should talk to the traditional healer.

Me: eish.

Lesego: its going to be OK.

Me: yaah I hope so. I really do feel like something bad is about to happen.

He just held me tight and I dozed off.

.

.

#LESEGO

.

.

God I love this woman, I really do and I want to be in her life forever even in the after life.

Now I have to deal with this Bontle girl, I guess its tradition haaa. I was still going to marry her if Dimpho was not around. I guess I have to suck it up and tolerate her. I scooped Dimpho up and went to the bedroom and laid her on the bed. I went back to the lounge and found my dad and his bodyguard.

Dad: thought you will be popping the cherry

I laughed

Dad: just so you know you can't pop the Cherry anyway but home

Me: ooh

Dad: there is a reason the sheet you sleep on is white. After you do it, she has to put it in the middle of her womanhood so that all the blood is on the sheet then you will take it to the traditional healer.

Me: why are you telling me this now? What if I popped it back then

Dad: your my son and I know you.

Me: of course you do. Uhm... dad I want to tell you something.

He sat down. I told him everything that Dimps told me. I must say he was not surprised, and that shocked me.

Me: why ain't you surprised?

Dad: it's just a dream son, nothing to worry about.

Me: but dad don't you think she should talk to...

He cut me off

Dad: no no.. Don't worry yourself over this. Its nothing, just go buy her sleeping pills when they get worse OK.

Me: WHEN? Dad what ain't you telling me?

Dad: there will be a time when it will hurt. It will hurt so much. But Lesego don't loose hope, don't push Dimpho away. That girl is your rock, no actually she's your light. Every time your in the dark or you feel like your in the dark she will lighten up that dark so bright. Just like your mother did to me. Don't give up, pray and hold on. Always believe in your love. Tell her everything, don't keep secret. And whatever happens just know I'll always be there right next to you.

I found myself overwhelmed because this was too much. It was hard, it was as if he was saying goodbye.

Dad: I am leaving I am going back home

Me: but I thought your leaving with us on Friday

Dad: uhmmm no son you and Dimpho will go back home on Friday.

Me: is this about tomorrow? Bontle's dowry

Dad: no it's about me going back home.

His bodyguard went to get his bags and he shook my hand

Dad: good luck and tell Dimpho I got a big surprise for him at home. I just nodded

Dad: goodbye son

Me: bye dad

He walked out.

Something is wrong, something is not right.

#DIMPHO

.

.

\*\*\* you have gone thru the hardest and most painful upbringing. And yet the worst is yet to come. Your believe and your Christianity is yet to be tested. Believe in yourself Dimpho and Believe in your power.

Thank You for loving my son and I am sorry for what your about to go through\*\*\*

I woke up very quickly and I was shivering. Its

like someone lit the air corn. I stood up and I realised I was alone on the bed. It was late, so I went to the bathroom and rinsed mouth and went to the lounge, I found Lesego watching TV and eating, I went to sit next to him to join him.

Lesego: ooh well yours is in the microwave

Me: you ordered them

He nodded

Me: I am sorry.. I over slept

He looked at me

Let's: its OK baby.. I know your not lazy and I know you can cook.

I stood up and went to heat up my food.

Me: uhmmm babe, you know I think I dreamt of your dad

Lesego: you think?.

Me: yaah. But.. Uhmmm you know what? Never

mind its probably nothing

Lesego: or it might be something. Tell me

Me: uhmmm he was talking about me going through tough times I can't remember well and I think he said he thanks me for loving you.

He looked worried.

Lesego: maybe we should go see the Traditional Healer back home

Me: yah maybe but its probably nothing.

He just nodded.

We ate and went to sleep.

.

Next day was Bontle's day. Lesego switched off his phone. He wanted us to enjoy our day without any disturbance. We went to take pictures, we changed clothes a lot of times. And we went to eat breakfast at some fancy restaurant and then we went to the spa.

Actually our day was just perfect. Later on Lesego's phone rang. He put it on loud speaker. I think it was one of his friends.

Him: dude I can't believe you actually stood your bride up

Lesego: what are you talking about

Him: man your dad is with the traditional healer since morning. And they asked not to be disturbed. And since your aunt is no longer Queen she can't do anything. One of your uncles just let them in and nobody cooked or anything. And the family members who where here to support Mpho, their not here.

Lesego: so my uncle let them in

Him: yep

Lesego: mxm

Him: your cold man

Lesego: maybe that will send them a message

that I don't want her.

Him: still the same man, they gave her a name.

Lesego: who?

Him: your uncle, he said it's your father's orders

Lesego: what's the name.

Him: Moleko

I wanted to laugh but I held my laughter.

Lesego: haaaiii OK. Talk later man. Keep updating me

Him: sharp man.

He hung up

I looked at him

Me: MOLEKO?!

he laughed

Then we started laughing together

.

.

#BONTLE

.

.

I must say I was most embarrassed by the whole thing. My bride price was paid. The elders ate "my food". One of the uncles made it clear that it was not necessary for Lesego and his father to eat the food because I am not the Queen Mother. MxM but they did say when Lesego and Dimpho come back I'll have to Cook for them uhmmm will see about that. My bags where already packed and before leaving one of the elders gave me a name and he said its from the King. I just couldn't understand why my wedding was done different from Dumpho. The elders left before me and when we got there no one was waiting at the Gate, we just got in and went to the house. The maids where not even

there. I went to the bedroom nxaana. My Mother in law came to the room.

MiL: how are you?

Me: why are my things different from Dimpho? My wedding was suppose to be big too but NOOO! Why?

MiL: your wedding was set just like mine. My sister got the biggest wedding too but me nop.

Me: why?

MiL: I don't know..are you ready for tomorrow?

Me: after the embarrassment he gave me. I am as ready as I could ever be.

MiL: that's the spirit.

.

It was morning now and I did my hygiene and all. My mother in law came to my room and told me I should hurry because the elders are waiting.

I wore my nice tight sleeveless dress that was just above the knee. I did my makeup and wore my 22" Brazilian curled weave with my 5inch gladiator heals

I took the back door and went to the kitchen. Nobody was there so I just made cereals and sat down and ate.

After a couple of minutes someone came in, I think it was Lesego's aunt.

Her: heeey wena mosetsana nare o wa tsenwa (heeey little girl are you crazy)

Me: excuse me?

Her: nyeee nyuuume ya matshila. O nagana Gore batho ba baleng ka kuwa batlo ke tirela dijo? ( nyeee nyuuume my foot. Do you think the people in there will serve themselves food)

Me: uhmmm I believe we have maids in the royal house.

Her: owa di bona do maids TSA gona. Ele gore gaba go botsa molawo. Sesi wee letsatsi LA mathomo le o tsogang ka lona kamo, o le ngwetse o swanetse go direla batho ba ba go sekaseketseng Magadi dijo. ( do you see any maids here. Didn't they tell you the rules. The first day you wake up in here as a wife you are suppose to cook for the people who discussed your dowry)

Me: uhmmm I didn't know I have to cook them I thought the maids are suppose to do it.

I stood up I was so nervous

Her: and then, o apere jwang.

( what are you wearing?)

Now I was just annoyed njeeeee. Where the hell is my mother in law.

Her: o emetseng tsamo changer man. O apare sesadi.

(What are you waiting for? Go and change and Wear like a woman)

I went to my bedroom very quickly. I was so annoyed that I even took my time.

After about an hour I my mother in law.

Me: where were you?

MiL: take this food to the lounge.

She gave me the tray. When I got there the elders where all making their way out and heading to the car. They just looked at me shaking their heads. I put the tray on the table. And went back to the kitchen.

Me: their living

MiL: nxaaa don't worry tomorrow they will be talking about their king's death.

Anyway she came with two girls they cleaned up the house and did all the necessary duties.

Later on my father in law came back and went

straight to the bedroom. My mother in law told me not to worry about the Traditional healer she has it covered. And she will also make sure the my father in law goes into deep sleep.

I wore a black robe given by my dad and went in. I had a knife just in case. I found him laying on the bed looking up.

I took out the poison if I can call it that, when I was about to use it, he opened his eyes.

Him: see why I named you Moleko

I was so scared I even froze

Him: do what you came to do and get it over with.

I just saw myself using the knife instate. I stabbed his stomach. He tried to hold me. I pushed him off and stabbed him some more. The container fell on the floor. And it spilled all over. And i just I continued stabbing him....

We were heading back home. And Dimps has been shivering. I don't understand. Yesterday she was fine but today she's like this. And this only started when we reached our village. The driver also looked worried. It was 22:00 and we finally arrived and I saw our traditional healer at the gate and told us that Dimpho should not enter the yard. He told me I can go in and the driver drove Dimpho and two more men somewhere else. I got in and I found Thabang waiting for me. Well Thabang is my best friend and one of the guards.

Thabs: you look flushed

Me: its Dimps man, she was shivering and sweating and I think her eyes where pure white.

Thabs: wow that's scary

Me: eish tell me about it, and the Traditional Healer said I must stay here because I will be needed.

Thabs: Dimps will be OK man. She's very strong  
I brushed my head with my hands.

Me: see you later

I went to the house then went to the bedrooms.  
Eish I couldn't sleep I kept think about Dimps.  
But in time I did.

\*\*\*you are king now, pray my son. Trust our Traditional Healer. Under any circumstances should you go to any other person. Dimpho is your wife and you will struggle but don't doubt her don't doubt her power. Pray my son because Evil is pushing you to their side and

turning you against your one true love. Don't let her go son. Don't ever let her go no matter what.\*\*\*

I woke up very quickly feeling cold and shivering.

"Ooh God what's wrong with me"

Voice: AHHHHHHH

I heard someone screaming.

I got up quickly.

And followed the voice.

And it led me to my father's bedroom.

There was blood everywhere. I got inside

OMG... Father!!!

Voice: you messed up

Me: He woke up... He knew I was coming...

How.. I mean I got scared.

Voice: do you have the heart?

Me: yes!

Voice: it's that bloody Lewatle

Me: who? The traditional healer?

Voice: yes! After Dimpho became the Queen, he has become a lot more powerful.

Me: then why did he let us kill the King

Voice: because it was ment to be, Lesego and Dimpho have to go through hell and back.

Me: have to?

Voice: yes! Their love has to be tested no matter how much they believe they love each other. They have to go through this

I nodded

Voice: now go to the river. The one you once went with the Queen.

Me: now!

Voice: yes.

I walked out and I took the car and went to the River. I stripped down naked. When I got there, the water was red and that beautiful. That woman was wearing all black. I got inside the water. It was then I realised its actually blood, I was holding the heart. When I got in, the blood started boiling and when I reached that woman. I didn't know what to say.

Me: uhmmm

Woman:you can call me Seer

Me: oooh, seer I brought you this.

She took it and put it in the bowl and put the bowl inside the blood and then the bowl sank down and soon after there was a black hole in the middle and the whole became bigger and bigger. She held my hand and told me to get in. We both got in, when we got inside I saw people wearing black all black.

Seer: we are welcoming a new addition in the

family. Moleko Lehasa. The 2nd wife of King Lesego Lehasa. Finally we have access of the royal house.

Those people started harming

Seer: she brought us a gift, the King's heart

They harmed even more

Seer: stand in the middle

I went and stood in the middle and they all kneeled down.

Seer: you are being reborn, you will end Kgoshigadi Masechaba. We are giving you the power of pure evil. Evil within, you are now Queen of all evil in this village. All the cult members will answeere to you, anything and everything will be answered to you.

I saw a lot of red snakes coming to me. Some of them went inside my pussy and some came to my mouth. After they entered I felt powerful

and evil.

Seer: now all you have to do is to get King Lehasa to taste your womanhood then he will be yours forever. As you will also give him a son

Me: but I am barren

Seer: yes you are! I am giving you a gift of a son that Kgosi Lesego will think its his

Me: oooh thank you

She nodded

Seer: now its time to know your family before you go home.

I went to sit on a chair that was shaped into a snake by snakes.

All the people who where there came to kiss my hand one by one. Including my mum, dad and Queen Sara even some of the King's men which shocked me and some of the neighbors around the village. Joooh it was shocking Shem....

When they where all done The Seer told me to close my eyes and I will wake up in my room.

I woke up and realised it was morning.

Me: damn I got a headache

TH: drink

He was sitting right before me holding a bowl

I took it and drank

Me: what's going on

TH: the king is dead and The Evil Queen is born

Me: the evil Queen

TH:yes! Your worst battle is yet to come. Your

husband is yet to be tempted. He is yet to be taken over and you're the only one to help him.

Me: I can't believe the King is dead.

TH: Moyahabo is too broken to cleanse you. So I am going to cleanse you with the help of my sisters. I have to do so because evil wants to take over the throne.

Me: what

TH: if evil takes over the throne, you could be taken off your seat, they won't be rain anymore. People will suffer and everyone in the village might cross over because The Queen wants everything, she wants the whole village to suffer.

Me: Oooh God

TH: save your people Kgoshigadi Masechaba, before it's too late.

Me: what can I do

TH: you will know what to do when the time

comes.

I nodded

TH: let's go

He held my hand and went outside.

Two woman led the way, we arrived at the stream and the traditional healer gave them things to bath me with. They cleansed me. The process was rather long about two hours, and I was getting rather annoyed because all I could think about was Lesego and the pain he must be going through. And of course the workers. Bontle must be giving them hell considering how lazy she is.

After we where done I wore a traditional dress with a black shoal. The ladies made a very big bun from my dreads, it was so huge because my dreads are big. And they tied a traditional doek mixed with black on my head.

After they where done, the traditional healer

said he was staying. He has a lot to do. The ladies left with me to the Royal house.

Eish I just don't know how or what I am going to say to Lesego because even I can't digest the fact that his father is no more.

.

.

#LESEGO

.

.

I am struggling to sleep.. I am struggling to close my eyes. All this seems like Dayjavu to me. My father's heart was gone. It was taken out of his chest. Just like my mother. His room was full of blood his body was on the floor with his chest wide open and his heart cut out. Am I next? First my mother now my father, its quite obvious that the person who did this is after my

family. Yabzo came and told me the King's man, only there once who are in my father's circle are here. I went to the dining room and found them sitted.

Man1: what time are we burying him.

Me: time? As in today

Me2: Lesego this is obviously the work of evil and power. So the person who did this, is the same person who did your mother. So we need to bury the king today. With Masechaba, Masechaba had to protect your father's grave together with Lewatle.

Me: I can't deal with this

Voice: their right Lesego, The evil Queen is born, The traditional healer told me. Your father has to be buried today. And I know just the place to take him. Only us are to be there and ofcourse his children.

That was of course Dimps who looked grown

and beautiful

Me: where is Kgosi

Yabzo: out? To drink.

Me: uhmmmm.. I'll talk to Thabs

Dimps: we are leaving in an hour

I nodded

I went to my bedroom to change or rather take a quick shower.

When I got there I found Bontle in my bedroom naked.

Me: what are you doing here?

She turned and looked at me and I swear to God I think I just saw a goddess, her skin was smooth and shiny her body was light and just perfect.

Bontle: I didn't know what to wear so I wanted to ask my sister wife.

She came to me, smiling.

Eish there was something about her. Something different or rather amazing.

She hugged my body and looked me in the eyes. They where sparkling and glowing I swear I was lost in them.

#Bontle: where will your be buried

Me: I don't know

Bontle: what do you mean you don't know

Me: Dimpho is the only one who knows we are following her#

Dimpho: ooh OK

She let go

I started blinking my eyes a couple of times

Me: what's going on?

Dimpho: what do you mean

She came to me and hugged my neck and we

kissed. I grabbed her ass and she rapped her legs around my waist and I walked to the bed.

Bontle: oooh Yes, Lesego.. F\*\*\*k me baby. I am yours

#BONTLE

.

This was the best feeling in the world. I couldn't believe this, I was on top of him busy going up and down and side way. An orgasm hit me hard and I collapsed on top of him.

Me: ooh fuck that was grate

I got of him and I felt something unusual. A condom of all things.

Me: you wore a condom?

Lesego: yes... I mean I don't know your status and you don't know mine.

I was so frustrated and angry.

Me: where did you get it, and when did you put it

on.

He looked around and smiled

Lesego: this used to be my room.

I swear I wanted to straggle him to death. I can't believe this, I know Naledi is still pure because her bracelet is still white. I was suppose to give him a son first. This can't be happening. He wore his clothes and I just laid in bed. He then left the room I wore my clothes too out of frustration.

How come I didn't see him take it out or put it on...

Aaahhhhh

I opened the door and got out only to be met by Dimpho smiling

Dimpho: I can't believe you took it that far

Me: I still tasted him before you

Dimpho: just like you became deaf and blind

without noticing. How did it feel to realise he wore a condom after you where done.

Me: you little witch. You blinded me didn't you.

She smiled

Dimpho: I will protect my own, same way you protecting you.

I was so angry I wanted to kill her.

Me: this is not over.. Lesego is still my husband. I will be pregnant by him.

Dimpho: a snake child... Oooh please Bontle. Doesn't it get boring along the way desperation.

Me: I always get what I want Dimpho and you are on thin ice right now.

Dimpho: let the war Begin sister

Me: I couldn't have said it better myself.

I walked passed her bumping her on purpose.

I went to my mother in law's room she was

wearing all black sitting on mattresses.

I told all the woman in the to go because I needed to speak with her.

The left

MiL: what's wrong?

Me: that witch Dimphe

MiL: what did she do?

Me: she made me bit to be aware when Lesego out a condom on. I don't know how she did it.

MiL: wow she's coming into her powers really quickly. But it doesn't matter, you have already slept with him. It won't be hard to do it again. She's the first wife meaning her duties will mostly be based here and you will be travelling with Lesego a lot. So I will do something to blind her and you and Lesego will do it plain.

Me: I just want to fall pregnant first.

Mil: and you will.. And you also need to know

your powers before its too late

Me: I will.

I sensed the evil on the house the moment Lesego said he was leaving. I felt someone talking to me. I felt the lioness in me warning me and telling me about the danger ahead. I went outside into the Traditional Healer's hut and I laid on my back and looked up. I the saw everything that's to happen. Right then and there I knew what I needed to do. I praid, I praid so hard that I even heard Kgoshigadi Masechaba praying with me. After that heart warming prayer Masechaba told me I should

leave now and bury her husband where I got married with Lesego.

Well after my altercation with Dimpho I went to our bedroom and I just knew he was taking a shower. I changed my shoes because the once I was wearing were burning my legs. Soon after Lesego got out and I could see the quilt in him.

Me: you don't have to feel guilty, she's your wife too.

Lesego: you know

Me: I am connected to you Lesego I thought you knew that.

Lesego: I didn't want to hurt you baby just that the moment I got in and I saw her she just I...

Me: I am happy you didn't do it in our bedroom.

Lesego: it didn't feel right so I felt like I needed to go to her room.

Me: thank you. So do you love her.

Lesego: no

Me: that was a quick answer considering you just slept with her.

Lesego: baby, I honestly don't know what happend, it felt like o was hypnotized.

Me: it OK.. You have two wives

I came to hug me..

Me: you should get dressed we are suppose to leave now.

I left the room and went to call our traditional healer to tell him about everything that has happened

.

.

#LESEGO

.

.

Yes! I know I probably the most hated guy in the world right now. But honestly speaking. I felt like I was dreaming or maybe I did not have any control over my actions. I knew it was wrong in every way but I still did it. Bontle was perfect at that moment, everytime I try to think or stop something just brushes it all. I honestly didn't want to hurt my Dimps buy I did, even if she says she's OK, I feel like she's trying to fake it because it seems like she's hurting. I know that look she made, mother used to give it to my dad and later she will go to the bedroom and just cry.

Anyway we where in the car now heading to the mountains. We arrived at the small village where Dimps and I got married. We got out of the car and Dimps and I where told to go to the spot we where blessed. We went there and we where given a lion skin. We put it in their whole. Then everybody came and gathered at the spot that my father was to be married. I was

shocked to see my brother Kgosi because he is never around. He doesn't even sleep at home. We sat there until dawn.

Later I was called to lead my father's corpse while the elders were holding it. It was not a casket. They made some sort of a bed with wood and covered it with lion's skin. They also covered him with lion's skin. They laid him inside his grave. Then we knew we had to be silent for at least 10min. Because within that 10min something has to happen to show that he really is gone.

Silence

7min passed

Dimps: AAAAAAAAAAAHHHHHHHH... Kgosi e fitlhile gae... Jwale a ene... Pula ya e thata. (The king has arrived home, let it rain, the heavy rain)  
She was screaming so loud and she knelt down. And she started roaring like a lion. Then

suddenly she changed for about 10 sec into a white lion. She roared and roared then. The thunder started, lightning followed. Then the rain was pouring like someone opened the tap... After 10min in the rain. The traditional healer told us we can go in and that the grave will be covered and not to worry about filling it up.

We went inside shivering like crazy, we found fire set up for us.

I was holding Dimps.

Me: you OK

She nodded.

I love Dimps and I happy she has what she has but for some reason I am scared. Especially now that my father is no more.

Father what will I do without you.

Rest in Peace Papa

CHAPTER 14

#DIMPHO

.

.

It was morning when I woke up next to Lesego.

I got up went outside to the grave. It was all filled up and there was a tree on top

Voice: your going to have to leave with that tree.

It has to be watered everyday. If you know you won't be around, you have to get someone you trust that will water it, probably one of the maids, they love you.

Of course that was our traditional healer.

Me: what does it symbolise?

TH: your marriage...if you don't water it, then you will be giving evil full access to your marriage. Even Lesego can water it and if he is the one watering it. He shuts out evil completely.

I looked at him and smiled

Me: I'll try my best to convince him.

He smiled

TH: you are blessed you know that. You remind me of your father.

Me: I can believe that because every time my uncle yelled at me he would say "you're just like your father"

I said that imitating my uncle's voice and he laughed.

TH: let me not keep you waiting. I am sure your husband needs food and bath

Me: of course

I made my way to one of the huts prepared him water to bath. And went back to make breakfast for everyone. Luckily I had packed cupcakes. We all ate and we soon left for the Royal house.

When we got there we found everyone busy going up and down preparing for the funeral. I just laughed to myself. I mean what are they going to bury "rocks" lol.

I went inside and my supposedly mother in law called for me.

I found her sitting on the mattress with Bontle.

Me: you called for me.

MiL: where were you yesterday and this

morning?

Me: out!

MiL: in the middle of a crisis Dimpho? How could you, my husband your father in law just died and you just up and leave.

Me: I didn't just up and leave my husband wanted me to accompany him to the morgue.

MiL: oooh.. The morgue..

Bontle: why wasn't I invited I am his wife too I just smirked and ignored her.

MiL: you should have told me he was my husband.

Me: of course I am sorry... So what did you want.

MiL: I want you to makes cupcakes my my family will be here soon

Me: of course Bontle will help me.

Bontle: I will do no such thing, I am not a slave.

MiL: uhmmm I want Bontle to be here with me.  
And ooh please call your husband for me.

Me: of course..

I walked out

Nxaaa this is going to be a long week for me.  
Anyway I went to the garden to plant the tree  
and asked the maids to help me with cupcakes.

.

I was with my brother Kgosi in the bar area  
drinking our sorrows away

Kgosi: I can't believe his gone

Me: yep

Kgosi: so how does it feel to be King

Me: you all this weight on my shoulder

Kgosi: if you ever want the weight gone I am here.

Me: you mean that?

Kgosi: hahahaa Nop!! Not even in my wildest dream. Me being the rebellious one, I'll turn this house into a night club whores.

We both laughed

Kgosi: uhmmm about your you wife

Me: Dimpho?

Kgosi: no man Bontle

Me: ooouhhh you mean your mother's wife

We laughed

Kgosi: you need to be careful

Me: what do you mean

Kgosi: just condomise

Me: What?

Kgosi: eeey I said too much I got to go

Me: so you going to leave me hanging?

Kgosi: I have to be somewhere man.

Me: dude where are you even going? Your in mourning.

Kgosi: you know I am not into this Royalty shinenagan

Me: he was your father

Kgosi: man like I said before, one of the reasons I never cared about this royalty staff was to make it clear to the family that if I become king I'll turn this house into a night club with whores

Me: ook enough said. You can go..

Kgosi: like I needed you permission

We both laughed then Dimps got in.

Dimps: hey you two

Kgosi: is it me or your just becoming sexier ever time I look at you.

Me: did you just call my wife sexy

He laughed and walked away.

Dimps: his free spirited

Me: well if you put it that way

We laughed

Dimps: uhhhmmm your aunt asked for you

Me: what the hell does she want.

Dimps: she said that walking away

I gulped my drink and headed to the room.

I got in

Me: you called for me

She was with Bontle who looks different

Aunt: yes! Uhhmmm my family is coming this side. I asked Dimpho to make cupcakes.

Me: and why is my wife baking while your wife is showing off her nails.

Aunt: my wife?

Me: Bontle, go help your Queen with the cupcakes.

Bontle: excuse me?

Me: I'll rather not repeat myself.

I stood up

Me: was that all

Bontle: no.

She stood up and came next to me. She then blew something on my face.

Lights Out.

.

#BONTLE

.

My mother in law and I decided to turn up the stakes. I have to make sure Lesego is mine and I give him an heir first.

MiL: what now?

Me: I have to take him to the island of the dead.

MiL: that's a good idea. In that way you will have access to his spirit.

My mother in law helped me to her evil ritual room. We I got there I did my evil prayer then I arrived to the island of the dead.

I found my mum there. I obviously told her to help me.

Mum: what do need from me.

Me: I need to lower his spirit to my side. I need to control him

Mum: OK let's get started

I took off his clothes and put his body in blood.  
Blood of the evil people that work for us.

I made an upside cross on his forehead, heart,  
on top of the head and at the back.

I then put my fingers on his eyes.

Me: you will see me only. Do as I tell you and  
ignore Dimpho

He shook uncontrollably

Mum: what wrong

Me: I have no idea it should have worked.

Mum: you will see me only. Do as I tell you and  
ignore Dimpho

He shook even harder

Voice: nothing is wrong with the spell.

Me: then what is it.

Voice: a tree of life

Mum: what?

Voice: there's a tree of life in the royal house

Mum: how? How did it get there? The king is not buried yet.

Voice: if the tree of life is in the Royal house it means he is buried

Me: aaaah I knew it. I knew that they will bury him without us. I knew it that bloody bitch witch Dimphe nxaah.

Mum: you knew? And do nothing about it.

Me: I only suspected I wasn't sure.

Mum: now what

Voice: you have to make sure Lesego doesn't water it.

Me: OK

Voice: the spell we are going to do now will make you have part of him.

Me: meaning

Voice: his heart will be divided. He will love Dimpho and he will be obsessed with you.

Me: can't he love me too

Voice: no... So when his obsessed with you you can control him.

Mum: its better than nothing

Me: MxM... I guess.

Voice: shhh.... Samasekarakatina  
spararakakatanta akapatosa oparakatata  
empalap shakaranta opa. Laaaalapa

Soon after Lesego started floating and I saw a black shadow entering inside Lesego's mind.

The smile on my face was priceless.

Voice: it is done. Make him sleep with you without a use of protection. The snakes in you are hungry

Me: don't worry I'll do that soon.

Voice: go!

I did my silent prayer and got back home. It was late so my mother in law and some of my evil cult helped me carry him to my room.

Yes! When I need help they can feel it and they come running. Packs of being the evil Queen.

The left and I followed after tugging him in.

When I got out I was met by Dimpho..

She had white big wings on her back. Angel???

Dimpho: you started it and I am going to finish it.

Me: bring it on

## CHAPTER 15

.

.

#LESEGO

.

.

It was morning and I was naked. I looked around and I was alone. I got up and looked for a blanket. I found it went to my bedroom that I am sharing with Dimps. I went to the shower and when I came out I found Dimps on the bed with English breakfast. And two cupcakes on the side.

Dimps: Good Morning?

She was smiling and it was genuine.

Me: hey

She frowned

Me: I am sorry... Good morning my wife

She smiled and I gave her a pack.

Dimps: join me?

Me: of course

We sat on the bed and ate.

Me: so your not mad

Dimps: should I?

Me: uhmmm baby I am sorry. I don't know what happened yesterday. I just remember going to see my aunt and that's it.

Dimps: its OK... Let's finish up so you can make it up for me by watering my new plant.

I raised my eyebrow

Dimps: what?

Me: you have a plant?

Dimps: a tree actually.

Me: since when

Dimps: since you started sleeping with Moleko

I laughed

Me: OK I'll help you.

We finished eating and we wore matching clothes. Traditional attire actually.

We went to the garden holding hands and started watering the plants and she showed me her tree. And it was beautiful. It made all the plants in the garden pop out. It was just amazing.

Me: WOW!

Dimps: you like it

Me: I love it... It beautiful. For some reason it reminds me if my father.

Dimps: that's because it's from him.

Me: wow really.. He gave it to you

Dimps: sort off.. So are we going to water it.

Me: of course

We watered it together

Me: it's beautiful

Dimps: if you ever want to talk to your father  
you can come here.

I nodded

Me: I can feel him. So what do we call it..

Dimps: we can call it a tree of life and it needs  
to be watered everyday until its big enough to  
hold it own water.

Me: beautiful

.

.

#DIMPHO

.

.

I was happy to water my tree with Lesego I saw some darkness wearing off but not completely. It was something at list. Better than nothing. What Bontle did to him I can't undo I have to attack whomever did this to him so that it can go away completely. We walked hand in hand just talking about whatever.

We sat in the dining room and Bontle came to join us.

Bontle: oooh hey sisters. Husband?

Lesego just looked at him and looked away then he sttod up and kissed my cheek.

Lesego: let me go check the elders.

Me: of course

He left. Totally ignoring Bontle

Bontle: what the hell did you do to him.

Me: why do you automatically assume its something I did.

Bontle: he was not like this in the morning. You did something to him.

Me: oooh I see fear in you.

Bontle: I will give him the 1st son miss virgin marry.

Me: keep telling yourself that. How is that going for you anyway?

Bontle: you lesson to me you little miss nobody. Lesego is mine do you hear me.

I stood up and faced her

Me: you think I am afraid of you. Well let me tell you something. Whoever who keep bailing you out whenever you screw up. Will get tired of it and he will sell you out to the wolfs.

Bontle: you seem so sure of yourself.

Me: how did they feel when they realised the

King is already buried.

Bontle: you little rott..

I smirked

Me: now I want you to go tell your snake that I am coming for her and I coming for her with guns blazing and I will Slizer her head. So she better start running, run far where I can't find her and thy better take their cult with her because the first head I am cutting will be yours.

Bontle: will see about that

I turned my back and soon after I felt a sharp pain on my back.

Lights out

.

.

#BONTLE

.

.

Miss know it all thinks she knows it all well we will see about that. I pushed her to my mother in law's bedroom and I found my dad and some of our cult members.

Dad: what did you do?

Me: I need some of her powers

Dad: by killing her?

Me: no, I need some of her blood.

MiL: if her Lion senses danger its over for you.

Me: just help me to take her to the lake.

My dad and one cult member helped me to take her to the lake.

When we got there. The Queen was standing and chanting.

Kheera: your thirst for power will be a death for you. You can't bring a white lion in our secret

place.

Me: you don't know the things she said. She threatened you.

Kheera: and you think bringing her here will solve that. You gave her access to our land. Our home

Rooooaar... Roooooaaar.... Roooooaaaaar....  
Roooooaaaarr

Dimpho: thank you for letting me in.

She was standing up with Big Angelic Wings on her back and the white lion on her feet.

Kheera: I knew you will come for me, I just didn't know your way in will be in the hands of one my own.

Dimpho: I know how Bontle's mind works, I have never talked back at her. I thought she would do it yesterday but nop me cleansing Lesego pushed her button more than I thought.

Bontle: you witch

Dimpho: look whose talking.....kgoshigadi  
Magadi, Kgoshigadi Mokgaetsi, Kgoshigadi  
Morongwa, Kgoshigadi Matete, Kgoshigadi  
Nteboge, Kgoshigadi Makoto, Kgoshigadi Tladi.  
Stand strong besides me.. And vanquish this  
evil from time and space. In the mighty name of  
Jesus I bow down for you to bring me strength,  
wisdom and courage to defeat this evil that  
stands before me

Kheera: aaaah no.... No... No Nop

She was burning...

Me:what do you think your doing, stop it!

I tried doing a spell but she raised her hand and  
I found myself flying.

Dimps: this is God's place and you ruined it with  
you evilness. This was a wholly place. You  
where suppose to be a prophetess. God gave  
you a gift but you used it for evil and for your

own personal gain. You ruined everything for yourself.

Kheera: aaaaahhh no no... This is not over  
Masechaba. Its not over

Dimpho: yes it is.

I felt something strong and powerful get inside me. Soon enough I saw Dimpho disappearing.

That thing got inside me and for some reason I was in pain. All over my body.

Me: aaaah aaaah aaaah... What's happening to me. My dad and the guy who helped me where long gone. The moment they saw the Kheera burning, they chicken out.

I heard a voice "ooh Dimpho is more powerful than I thought good thing I did a protection spell. Now we are one".

Me: aaah who said that

Voice: accept me Bontle and you and I will take

over the Royal house and the village and we will  
destroy Dimpho.

Me: oooh... I accept.

Then my head suddenly felt like it was burning

Me: AHHHHHHH!!!!

We are one!!

#DIMPHO

.

.

I woke up sweating and my body burning.

Me: oooh God Bontle!

I said to myself

I stood up and looked outside and saw my husband and other man preparing to slaughter a cow. I just smiled at myself. He was wearing the clothes he used to wear when we where dating pretending to be a broke guy.

Me: oooh God how I love this man. The love of my life.

It was around 19:00 when I looked at the watch. And I wondered how Bontle is, or how she got

back or if she did come back.

Anyway I took a long bath then did all the necessity and headed for the kitchen.

I found one the maids in there. Anyway I can call her a friend because she's my age and the reason she's here its because her mother died a while back so she had to take care of her siblings. So she's been failing because she didn't have time for school since my mother in law will cut her pay if she misses work. So I told her the won't be any exceptions when it comes to school. She will come to work on weekends and on holidays. And sometimes I do give her leftovers. She's a really good girl and her name is Ayanda. I call her Yaya.

Me: hey girl.

Yaya: ooh my Queen.

Me: I told you to stop calling me that.

Yaya: uhmmm sorry Dimps.

I laughed

Me: have you seen Bontle?

Yaya: no.. Not today.uhmmm can I ask you something.

Me: yeah sure..

Yaya: is it just me or she doesn't like me.

I smiled

Me: its not you and don't worry about it. Bontle doesn't like anyone.

Yaya: I figured.

Luckily they had cooked so she helped me take the food in the dining area and she went to call the man outside.

As I was about to ho back to the kitchen my aunt called me. Yes! My uncle's wife.

I looked at her,

Aunt: your mother in law is calling you.

Me: tell her I am busy I'll come see her later.

Aunt: uhmmm I see this position you have has taught you to forget where you come from.

Slave girl..that step you climbed up high sisi you will fall right back. And you will see yourself back at that same house.

Me: at list its my father's house

Her eyes popped and I turned back the stopped and looked at her again.

Me: ooh and now that I am 18 I don't need a guardian anymore so I prefer you start packing and go back to your little shak.

I walked back to the kitchen and I started eating with Yaya.

Me: ooh what are you doing after the funeral.

Yaya: nothing just go back home and take care of my siblings.

Me: how about you move to my father's house.

Her eyes popped.

Yaya: what?

Me: uhmmm you know I figured since you love in that small Mudd house. Maybe you should come stay at my father's house. I mean its big, fully furnished and there's electricity and water.

Yaya: uhmmm what about your aunt and uncle.

Me: their moving out.

She wanted to cry then she came to hug me.

Voice: uhmmm this looks cozy

I will recognise that voice anywhere.

I looked at her.

Me: uhmmm Yaya can you please give us some privacy?

Yaya: of course

She tool her tray and left.

Me: you look well

Bontle: why you expected me to die

Me: I expected the evil in you to be gone.

Bontle: of course.. So what is this thing I am hearing that your kicking my family out of their house.

Me: I am not kicking them out. I telling them to leave.

Bontle: same difference.. And you can't do that.

Me: ooh yes I can. Its my house.

Bontle: if you kick my parents out. You will know me. I will turn this royal house into my play ground.

Me: I'll love to see you try

Bontle: what? You think that little tree of yours will protect this Shem ... Uhmhhh girl you have no idea who I am.

She turn and left.

As I watched her walk I saw her inner self.  
Which was pure evil.. The devil herself.

OMG

#LESEGO

.

.

After supper in went to take a shower joooh. I was so tired. This "funeral" is going to be packed I mean even the hall is full..we've divided space for people to have a space to sleep. When I got out I found Dimps changing into her night clothes.

Me: you sleeping already

Dimps: I tired hey.. My body is heavy.

Me: want a massage

Dimps: that would be nice

She took off her clothes and layed on her stomach.

I took tissue oil and started massaging her. She was a bit tense then she relaxed a bit and she was fine. Her moans where driving me crazy that I found myself kissing her neck and ears.

Dimps: uhmhm Segó...

Me: uhmhm..

She turned around and our kiss became hot. Soon enough I was also naked. Her legs where wide open and my tip was on her entrance.

Me: are you ready for this.

Dimps: I am your wife. I have been ready since the day I agreed to marry you.

I pushed myself in and she screamed so loud and she then started hitting me with her tiny hands.

Then suddenly there was lighting and thunder.

Dimps: it hursts

Me: I am sorry.

During our love making the whole process there was lighting and thunderstorm.

Anyway I shoot my loud inside her and collapsed on top of her.

Once I got of her I swear to God I heard I baby lion. I got up and looked at her.

Me: did you hear that?

Dimps: hear what?

Me: a lion, like a baby lion

Dimps: you break my virginity the suddenly your hearing a lion.

Me: yes!

It roared again

Me: did you hear.

Dimps: good Night Lesego Lehasa.

Through out all the night I kept hearing the baby lion but I learned to sleep through it because I needed to sleep. I was tired and thankful for my love's virginity it was beautiful and amazing.

.

.

#BONTLE

.

.

I was in the middle of a spell. The spell that will help me to cover up the surrounding of the Royal house with nothing but darkness. I also wanted to find a way to blind Dimpho's lion just temporary and sprinkle some herbs on her tree. Just so it can die and Lesego can hate her and maybe chase her out.

Then out of nowhere something happened,

something I did not expect to happen anytime soon. A white bright glowing lighting hit right at the widow of Lesego and Dimps' bedroom.

Then thunder followed. It didn't take a rocket scientists to figure this out. After about 30min clouded gathered and they formed a baby lion.

Me: no no no no this can't be happening. That is too soon.

I saw people cheering and signing.

"Oooh king is coming back, our king was never gone oooh thank you mama thank you Masechaba. You brought our king back, our king was never gone x100"

I was so irritated and annoyed nxaah.

I stopped what I was doing and went straight to bed.

I can't believe that little witch slept with Lesego. She gave up her cooky. Little witch... Aaah

In the morning I woke up and people where gathered at the gate. A lot of people. They had gifts with them. I went to the living room, I could sense that Lesego and Dimpho where clueless as to what was going on.

One of the elders came inside. And sat down with my aunt "the one loves Dimpho"

Aunt: the people outside are here for the Queen.

Lesego: OK

Me: you mean me?

Aunt: no Moleko their here for the Queen mother Masechaba

Me: how do you know.

Lesego: would you just shut up.

Me: mxm

I sat down on the couch.

Elder: we know what happened last night. Your

husband took away your purity

I saw Dimpho looking down embarrassed

Aunt: its nothing to be ashamed off, yes your in mourning. But it was ment to happen today or otherwise the ancestors wouldn't have been happy.

Lesego held he hand.

I swear I wanted to through up on Dimpho's face right now.

Aunt: should we let them in

Lesego: ofcourse mama

They came in and all gathered around.

Praising her and worshiping her like she's some little God nxaana

Bitch

I left the room annoyed as fuck. I went to the river of the dead.

When I got the I started chanting.

I summoned the the Demon I have been sleeping with for a pact.

Me: I want you to make me pregnant today.

Demon: thats not a problem but if it has to be today that means you have to sleep with a human today

Me: I already have that covered I'll sleep with Kgosì.

Demon: well consider it done.

#LESEGO

.

I looked at Dimps and she just looked so happy. The gifts made her smile from ear to ear. She didn't even open them. All that she did was say thank you and asked the maids to bring them cupcakes. Luckily they where so many. They put them in a big bowl and they brought hot water in the urns, cold drinks, tea and coffee. They kept praising her.

Me: how about I ask the man to come with me and you will stay with the woman.

Dimps: that's a grate idea.

I nodded

Me: will all the man follow me to the other side. Uhmhhh in the garden. I am sure the ladies

want to do their "girl talk"

They all laughed

They followed me to the garden. There were chairs and what not. I even got the idea so that they can help me water the garden.

It was not watered so we all watered. The tree today was big, which shocked me because yesterday it was the size of a ruler and today is three times the size. Immediately when I watered. The tree glowed and everybody who was there, they were suddenly glued to the tree.

"WoW... It's beautiful" that was on everybody's lips.

Dimps came out with the woman and they were also glued to the tree. She came to me and held the watering pipe with me.

I suddenly heard a baby lion again.

Me: did you hear that?

Dimps: what?

Me: I lion,a baby lion.

She shook her head

Then then tree glowed even more. And I saw I very small baby lion. A white baby lion.

Me: can you see that?

Dimps: what?

I pointed and the lion

Dimps: what?the tree glowing? Everybody can see it baby?

Me: not the tree,a baby lion

She let go of the pipe,then the baby lion disappeared. I looks at her.

Dimps: are you OK?

Me: hold the pipe with me again.

She did then the baby lion came back.

Me: you seriously can't see it baby?

Dimps: maybe you need to lie down a little baby.

She let go of the baby lion disappeared.

Me: maybe I should go see our Traditional Healer.

Dimps: maybe you should.

I gave her the pipe and called our traditional healer.

It rang twice before he answered

TH: tell your wife you will come back tomorrow.  
Come to the mountain

Me: so you know what's happening to me?

TH: yes! And it's not a problem. You are making it a problem

Me: OK I'll be there.

I went outside and found all the woman and

man helping Dimps with the garden. Some of them where helping in cleaning and putting up the tent for "the funeral".

I went to her

Me: come?

Dimps: uhmmm OK.

We walked hand in hand going to the bedroom.

#DIMPHO

.

.

When we got to the bathroom. My husband didn't even waste time. He pinned me to the door and kissed me hungrily. He laid me on the be gently and started taking off my clothes

Me: uhmmm baby...

Les: yes baby

He took off all my clothes then his too

Me: baby I am still sore down there

Les: oohh God I forgot to give you the herbs to heal you down there. Don't worry I'll be gentle

The moment he said that, he entered me.

Me: aaaah

It was a bit painful. When time went on and on I felt pleasure kick in.

We both came at the same time

He got off and laid on his back facing up.

Les: oohh f\*\*k baby I love you. I enjoy this with you more than I thought.

I just looked at him and got up.

Les: uhmmm let me run you bath. And put all those oils and herbs in your water. So that the pain can be better

I nodded and followed him in the bathroom..

Les: uhmhm I am leaving.. I am going to the mountain.

Me: why?

Les: this lion thing.. Lewatle said he knew and that I should come and i will leave tomorrow.

I pouted

Les: are you sulking?

I made my eyes sparkle in tears

He held his dick and started jerking

Les: I know what will make you understand..

I swallowed hard

Me: uhmhm aaah no I am cool you can go o am not sulking.

He laughed.

I got inside the water and and he kissed me.

Les: I'll see you tomorrow... And take care of that pussy for when I come back

I gusped and he kissed my cheek and smirked.

I relaxed and I felt some tickling on my pussy.

Anyway after some time I got out and went to the bedroom I found some oils and relaxing ointments. I used them to lotion even "his pussy" lol. After I was done I went downstairs and told the maids to go cook red meat for our guest and some cool pap and chicken.

My mother/aunt in law got in.

Mil: what do you think your doing?

I looked at her.

Mil: that meat is for the funeral and your giving it to this nobodies

Me: shouldn't you be on the mattress

Mil: I want you to tell those people to stop what their doing

Me: the meat is more than enough and there will be meat for "the funeral"

Mil: uhmmm you think this title gives you power neeeh but let me tell you something sisi. Your soon to leave this place. And its only about time Lesego despises you.

Me: uhmmm

Mil: you breaking your virgity, opened the door for us. Your purity was a pig problem. Now that is gone.. Its a whole new era for us.

Me: mxm

I turned and walked out.

This woman is testing my patience.

Me: ooh God help me through this.

After having sex with it I decided to track down Kgosi. He was back at home. I went home and I started looking for him. The place was still pack and I saw Dimpho she looked brighter and her wings where bigger and they where on fire. Not burning but on fire. They where huge.

Ooh my God she became stronger not weaker. The cub she's carrying making her stronger each day it grows. How can she be so powerful. This can't be happening. She turned and looked at me.

Dimpho: where were you?

I looked at her blankly.

I passed her and went to my mother in law's bedroom.

Mil: are you OK

Me: she's more powerful

Mil: what do you mean.

Me:Dimpho? Breaking her virginity made a stronger not weaker. And the tree of life us not helping either. I can feel it, its cleansing the yard all over. And their little cub is protecting it.

Mil: what do you need.

Me: I need a sperm inside me. Where is Kgosi?

Mil: you need to my so to help you to creat a baby with those snakes of yours!

Me: whatch your mouth. Don't forget who your talking to.

Mil: anyone but my son.

Me: if the child is not royalty he won't rule.

Mil: I don't care, you will not do this to my son  
Moleko

Me: you have misinterpreted the part where I

asked you.

Mil: I will not let you make my son a slave. Yes I chose evil but I never wanted my children be a part of this because I don't want them to suffer. I made th choose good. That's why I never cared for them because I did not want them to be part of my evil.

Me: umh how sweet.

Mil: you will not turn my grandchildren evil.

Me: maybe you don't understand me

I raised my hand and she started chocking.

I could see she was gasping for air.

Me: you are forgetting who I am. Now you will listen to me, do as I say, not question me. I am your superior now so don't ever question me because I will pin the king's death on you and you will be given a necklace by the community. And you know that's the worst pain to die.

I lowered my hand. And she caught her breath.

I walked to Kgosi's bedroom and I found him blacked out on his bed. I went to his bed and pushed down his boxer and he woke up.

Kgosi: what are you doing

Me: I thought you blacked out.

Kgosi: begs the same question what are you doing?

Me: I am horny

Kgosi: get off me, Moleko your married to my brother.

I got mad and held him tight and chanted a spell

"Sharangara banga thay develish gamba"

He became under my control immediately

Kgosi: what do you need my Queen.

Me: I want you to fuck me,I want you to fuck me

good and I want you to fill up your loud in me.  
Do you understand?

Kgosi: anything you need my Queen.

I kissed him and he turned me around and he didn't waste time my clothes and his clothes where on the floor and he was riding me like a male porn start. When his he came inside me. Uhhhhhhhh... I felt my tongue change into that of a snake and so is my eyes.

Aaaaahhh yes!

I am pregnant... I felt one snake dancing inside me.

I then pushed him off and came on top of him. I was so wet now and horny so I wanted to relieve the craving.

I just rode him like a crazy maniac

Aaaah Yes!

#LESEGO

.

.

I arrived at the mountain and found Traditional Healer preparing to leave.

Me: going somewhere?

TH: help me pack

Me: where are you going?

TH: WE...!! Are going to the river.

Me: to do what?

TH: stop asking me stupid questions and start packing.

We packed everything

TH: now let's go

We were outside and about to head to the car.

Me: uuh the car is that side

TH: we are walking

Me: Oooh

The walk was very long and tiring.

I could see we were in the river but we were not stopping.

Me: ain't we here already

TH: that's where we are going

He was pointing at a very big water fall.

Me: reya phororong? (We are going to a waterfall?)

TH: yes!

My fear just became a reality

Me: uhmmm no!no!no! I am not going there. I don't do waterfalls nobody has time for waterfalls.

TH: just come with me

Me: uhmmm you know I think the cries has stopped. I'll just go back.

I said that turning back.

TH: I wouldn't do that if I where you

Just by saying that, the loudest cry of a baby and a roar of a baby lion pearced through my ears. It was so loud I didn't know what to do. I found myself kneeling down.

Me: aaaah aaaah

I felt some liquid coming out my ears. I touched it and looked at my hands. Blood! Oooh GOD, help

TH: your stubborn just like your father. Damn it.. He tool out something and told me to lick it and smeared inside my ears.

The sounds became better.

TH: let's go

I stood up slowly and walked behind him.

TH: don't ever do that again because next time he won't stop.

Me: who?

TH: if you dare turn back he will run to his mother and bother her too. And that poor girl doesn't need that right now. She's about to go through the most terrible encounter.

Me: what are you talking about?

TH: hurry up we are almost there.

Grate! He won't answer me

We walked and arrived next to the waterfall.

TH: get in.

I swear I wanted to die... This is my worst fear.

Me: you first

TH: you need to work on your trust issues you know that?

Me: I know.

TH: today is the day, now GET IN?

Me: I am too young to die

TH: you know what

Me: no what.

TH: nothing? Just get the fuck in!

OK I was shocked. I was so scared I swear I

was close to peeing at myself. I walked slowly and the water hit me hard. I fell right there and it was lights out

.

.

#BONTLE

.

.

This was captivating it was amazing. I could feel my baby literary turning into human. Aaaah that's amazing. I finished bathing and wore my clothes. I lifted the spell on Kgosi. He's been sleeping ever since. So he was waking up as I was busy wearing my clothes.

He looked at me.

Kgosi: what did you do to me.

Me: what did I do to you? Uhm... Ain't you the one who was fucking me?

Kgosi: liar! I refused.. And...and... Aaah Bontle  
I went to him.

Me: don't you ever and I mean ever shout at me.  
I said that holding his chin. And he yanked it  
away.

I laughed

Me: let me remind you what happened and this  
time you will remember.

I placed a spell on him that will see what's  
going. And participate but can't stop himself no  
meter what?

I took off my clothes and went on top of him  
and riding him. And it was damn good. He did  
participate in all that we have been doing. After  
some time we where both sweating and  
breathing heavily.

I got up and lifted the spell.

He looked at me.

Kgosi: you witch

I laughed

Me: there's nothing you can do Kgosi just except it, you enjoy my pussy. Always did, even when you where sleeping with sister. You still came for my tight pussy.

He looked at me with a lot of anger in him. He wore his clothes. And came to me and whispered.

Kgosi: i may not able to do anything but best believe it. I will, make sure you regret this. And you will burn in hell.

Me: are you threatening me?

Kgosi: no I am cursing you.

He walked out.

Mxm... Nobody can curse me. Nobody.

After sometime the door opened I turned and saw Dimpho.

I looked back at the mirror

Me: can I help you?

She came to me and touched my stomach.

Suddenly I couldn't move

Her eyes turned black

Dimpho: WHAT HAS FORMED SHALL NOW BE  
A CURSE IN THIS VILLAGE. BROTHERS WILL  
FIGHT FOR THE THRONE. ONE.....

Me: sharankanda.

She finally snapped out of it.

Dimpho: what did you do?

Me: what do you think?

Dimpho: that was the prophecy of this village.

Me: whatever, get out of my room

Dimpho: you destroyed this village

Me: I know

She walked out of my room

The Prophecy haaaa.. Well I know someone who might know.

I spy with my little eye, Lesego is about to get the whole prophecy...

Haaa haaa haaa haaa

Why should I let Dimpho know the prophecy of of the throne.

.

.

#LESEGO

.

.

I woke up and it was late. Lewatle was busy preparing fire. It was cold.

Me: where are we?

TH: inside a cave, where the next King shall be

born.

Me: excuse me

TH: there are a lot of things you don't know about this throne.

Me: why in the hell will I let my own son be born inside a cave where by you have to pass a waterfall to get in.

TH: stop talking too much and help me with the fire.

I stood up and helped him. And soon enough it was burning.

TH: you need to concentrate

Me: its hard to do that when I am freezing. I am inside wet clothes.

TH: you know I thought your father was dead and buried but noooh your just like him.

Me: OK what should I concentrate for

TH: the prophecy.. All of it

Me: what do you mean all of it.

TH: your wife was about to get it all but she was cut out of it.

Me; Dimpho

TH: yes now I need you to get the whole prophecy.

Me: does it have to do with the sounds of the baby?

TH: yes! You see Lesego your father's prophecy was like: a sister will die as the king allows evil in the kingdom and protect a son for his wife's return. Not exactly that, just similarities. But it seems like your prophecy is much longer because evil already resides in the kingdom.

Me: I don't understand.

TH: contrate on the fire.

I breathed out loud and concentrated on the

fire..

I suddenly saw a lion inside the fire. It was big and on fire but not burning.

"WHAT HAS FORMED SHALL NOW BE A CURSE IN THIS VILLAGE. BROTHERS WILL FIGHT FOR THE THRONE. AND EVIL SHALL HAVE A HOME IN THE KINGDOM. THE ONE WITH THE POWER TO DESTROY EVIL APPROACHES AND EVIL SHALL MARK HER AS HER EQUAL BUT SHE SHALL HAVE THE SAME POWERS AS EVIL HAS.....(roooooaaars roaaaars roars!)

FOR NEITHER CAN LIVE WHILE THE OTHER SURVIVES

Then the fire went back to normal in a blink of an eye.

TH: ooh my God

Me: what is it, what wrong.

TH: she was ment not to see the rest of the

prophecy, for they are the same. They are one.  
They are the different side of the same coin.

I was angry I was furious. This can't be happening. Dimpho.. I was suppose to see the prophecy. What Dimpho got from the prophecy was nothing. I can't work on that. I need to call and urgent meeting. I went to the dark room and alerted everybody to come. And I also headed there immediately. Few minutes later there where all there, including my parent.

Me: we have a problem.

Mum: what kind of problem

Me: the prophecy

Dad: I knew it.

Me: what do you mean you knew it

Dad: the day that sky changed, when Dimpho lost her purity. It was a sign that the prophecy was out.

Me: and you didn't think of telling me this.

Mum: Bontle what was the point because we

didn't know who has the prophecy

Me: that bloody witch Mpho has it, she felt the connection thru my stomach but I stopped her.

MiL: What?

Me: I panicked OK

Mum: this is a mess how are we going to get it now.

Me: Lesego is the only person with the prophecy... Oh nxa and that blood witch doctor Lewatle.

Dad: and how will you get it now

Me: there has to be a way to access his memory

MiL: that's impossible

Me: how so

MiL: the baby lion is protecting him

Mum: ooh yah I forgot about that.

Me: what are you talking about

Dad: Dimpho is pregnant..she's carrying and heir to the throne. The child she's carrying is more powerful that any of us can ever imagen

Me: that can't be, that's impossible. How powerful

MiL: that child is our end?

Me: the I guess I have to get rid of his mother

Mum: baby he is more powerful than you that child is .. Eish

Me: mum if Dimpho leaves the village. My son will become king. Nobody will know about Mpho and this child.

Dad: and the throne

Me: my son will be King

Dad: you and Mpho, you know you can't just make her leave the village. She's queen

Me: and she will die by my hands. There is no way Dimpho gets to have it all. I will be her end

she will die like all the Queen that came before her. This is war. Ladies and Gentleman buckle up because we are going on a power War.

\*\*\*\*\*

\*\*\*###: UR SON WILL NEVER RULE IN THIS VILLAGE

Me: we will see about that. BY THE POWER OF GOD I CALL UPON....

she cut me off

###: HAAAHAAA YOU ARE WEAK, YOU CAN NEVER DEFEAT ME. IT'S OVER MASECHABA. ACCEPT DEFEAT AND BOW BEFORE ME AND

ACCEPT THAT I AM YOUR ONE TRUE LORD

Me: NEVER!!!

###: THEN YOU SHALL DIE

Me: No! We shall die together.

###: ekseliyama Me: abackalabra

We spoke at the same

###: NOOOOO

Me: let it be...\*\*\*\*\*

\*\*\*\*\*

Me: so I don't understand if that's a vision or a dream

TH: I see. So is that all

Me: yes

He smiled

TH: I am going to be honest with you

Me: please

TH: it was a vision.

Me: so I am about to die

TH: not until your son is born. And the vision doesn't truly mean you will die. You can change the outcome

Me: please Lewatle, what I have learned about this new power I have is that, where there's death they will always be death.

TH: I am sorry.

I sighed.

Me: its Bontle isn't it

TH: yes!

Me: and since I got the vision today after the prophecy. I guess it means I'll have to leave.

TH: not exactly

Me: but my son could be swayed

TH: only when his born and evil is fed to him.

Now his still inside you and your feeding him the goodness in you. If his born and evil touch him that means he will be swayed either way.

I nodded.

Me: I have to go now I'll speak with you soon

TH: of course

I hung up.

Yes! That was a vision and I was on a call with the traditional healer. Whom is at the waterfalls with Lesego. I am at confused right now. How can Bontle be so evil that she would want to end up killing me.

I left my bedroom and went to the living area because the casket was due to come.

The elders told me to go sit on the mattress with my mother in law. Funny Lesego was not home yet and everybody was looking for him. I went to the bedroom and my wings appeared.

When my angelic wings appear it's a sign that too much evil is before me. I could see in my mother in law and Bontle eyes how angry they where.

I went to stand next to Bontle. My mother in law was sitting down. Yabzo came to the room and just looked at everybody and laughed. She came to stand next to me. From the smell I could tell she was drunk. The "casket" came in and my mother in law started wailing.

Yabzo: akggg mama stop being dramatic man, that us just to much for a woman your age.

Elder1: Yabzo! Watch your mouth this is not a Tarven

Yabzo: and its most def not idols wooden mic.

Elder2: Yabzo leave this room before you make a circus at your father's funeral. I am sure his tossing and turning right now.

Yabzo: you want me to leave? Haaa drag me

out. You know what never mind I don't even know why I am here before we all know this is a show off. What did you put in that casket anyway? Bricks?

She laughed and walked out

Elder2: wena Sara e le gore selo se sa gago o se topile kae? (Sara anyway where did you pick that thing from)

She wailed even more

Elder1: haai o ra gore ke Sara? Ga ke tshepe, ke yena yana re mmolokang. Gona bjale Lesego o kae? Ge e le Kgosi yena? ( haai, do you really think its Sara? I don't believe so, its this one we are burying. Now tell me where is Lesego? As for Kgosi?)

MiL: haaay!! mara ke reng nna kele mohlologadi mara? ( haay!! What can I say when I am just a widower)

Me: uhhhmmm how about we all settle down

and we will sort this out after the funeral

Elder1: of course Kgoshigadi Masechaba

Bontle: of course

She gave me an evil smile.

We all settle down and after a while I went to my bedroom only to find Lesego sleeping on our bed

.

#LESEGO

.

.

The Prophecy thing really got to me. It bothered me so much. Lewatle and I decided to go home. We got inside the car headed straight home and sneaked inside through the back door. So that we couldn't be seen. I went straight to bed.

\*\*\*\*\*

\*\*\*###: Lesego please don't do this

Me: you did this to yourself

###: no please its not what you think

Me: stop sugar coating it, I know what I saw.

###: please listen to me

Me: leave, leave my house I don't ever want to see you again, you Jezebel

She cried she cried so hard but I didn't care

Me: my own brother, you where sleeping with my brother all this time. leave my house!

NOW!!!\*\*\*\*\*

\*\*\*\*\*

I woke up terrified as hell. The first person I saw was the beautiful face of Dimpho. WoW she's an angel, she reminds me so much like my mother.

Dimps: are you OK

Me: uhmmm yaah

I got up and brushed my head

Me: just a bad dream.. Uhmmm where where you?

Dimps: with your aunt waiting for the casket.

I laughed

Me: what did they put inside

I laughed

Dimps: bricks?

We both laughed

Me: really

Dimps: I don't know I didn't see

Me: I wonder what they will do tomorrow because they community will want to see their king.

I smiled

Me: baby there's something I need to tell you.

Dimps: about

Me: the prophecy, I know the prophecy.

Dimps: OK and

Me: but I can't tell you

She looked at me.

Me: the thing is I know what it means and I want to tell you so bad but I can't and I am scared for you

Dimps: I understand.

Me: let me go see Lewatle he said exactly at 18:30 I should come to his hut.

Dimps: I'll go shower.

I sneaked out again. You know what I love about my guards is that they don't talk too much. I got inside his heart and found him

chanting.

He then took out a bag of marbles and shook it.

He told me to put my left hand inside the bag and mix them inside. I did so. He then took out terror card and said I should shaffle them. I did.

He said I should take out three marbles inside the bag. I did. He then said I should take three cards from the terror cards I did so. And the he said I should put the cards accordingly in the table. There where 3 rectangles on the table. Past, Present and Future.

I put the cards there without looking at them and then he told me to put the marbles on top of each card. The first card changed color into black and white. The second one was red and the last one was black.

TH: this is not good Lesego now open the cards.

I did.

TH: the past, the marble is black and white and the card showed an Angel and the Devil.

Uhm. Now open the other one.

I did

TH: the future. The marble is red. The card shows war and red represent blood. Meaning Angel and the Devil are soon to be in a fight to the death. Now opened the last card

I did

TH: the marble is black. And the card is black.

Me: what does that mean?

TH: it could only mean two things. Either they both die or the future is uncertain.

## CHAPTER 20

.

#DIMPHO

.

.

\*\*\*\*\*

\*\*\*###: Danger is looming Evil is growing in the village. Watch out Masechaba. Watch out!

Me: what do I do now

###: evil is growing, protect your son Masechaba. Evil is after him. Evil wants him. Evil is after him. Watch out! WATCH OUT!!!\*\*\*

\*\*\*\*\*

OOH God what's happening to me. I need to do something. I can't live like this. I need to do

something. I have to.

I was sleeping, so I got up and kneeled down and prayed. I prayed hard.

Me: Father God I come before you as a child, you child. Lord please protect me, protect my family protect my child. Your child, Lord you are giving me visions and every night I am scared to close my eyes. My visions are getting interns. I am scared Lord I am scared of the future. I am scared because I about to suffer and I am going to suffer real bad. And I can feel it. If I am ment to die let it be just protect my son. As I am pleading to you now, I transfer my life to my son. Just give me time to give birth and I will give my life to you. In the name of the ultimate Lord. Let it be so. I accept.

As I was praying I felt my wings growing and they left my body and they came in front of me and they glowed and they went straight to my stomach. And soon after I felt like my life was

leaving my body. I saw my life going straight to my womb. Then soon I played on the floor trying to catch my breath.

###

Masechaba: I am sorry your going thru the same thing. I gave my life to my son too. At list I lasted longer. I hope you do to. Good luck Dimpho, you deserve happiness, you deserve all the happiness in the world. I am sorry it came to this.

####

I started crying.

Why did it have to be like this.

I stood and I felt different. I felt normal.

Oooh my God. I did this, I nothing more than a mere human being now

I touched my stomach

Me: I couldn't have it any other way. You

deserve to live, you deserve life.

.

.

#LESEGO

.

.

I was still inside the hut when the traditional healer started groaning and chanting things that did not make sense to me.

TH: shstadhigonal

taragothsasgavhudgkdbdarhk..... Aaaaaah aaaah.

He went outside

TH: no no no no no... Re tswareleng tlheee.. A e be tswharelo ( forgive us please, let it be forgiveness)

He looked up and the sky was changing. Black clouds where now hiding the stars.

TH: ooooooh Modimo (God)

He was crying now.

I wanted to ask him what's going on but he seemed to be in his own world.

TH: ooh no the end is near. We have to save her Lesego.

Me:what??

TH: the Gods are furious

Me: what? Why?

TH: ooh no, why didn't I see this one coming. I should have known.

Me: known what

Then suddenly, there was lighting and thunder.

It started raining it was pouring. Then there was ice rock. Small once then medium once then big once as big as my fist. (Those who live in Limpopo will know its possible and it once

happened or twice or a couple of times. I don't know about other provinces.)

We where back inside the hut.

Me: what the hell is going on

TH: ooh Masechaba? Oooh Masechaba re tshwarele.

Me: Dimpho?

Hell no not my Dimps, I tried getting out but the storm or whatever it was too strong.

TH: Lesego don't get out, you will die. Your vulnerable right now.

Me: what do mean?

TH: the Queen of darkness is finding a home here in the kingdom.

Me: what?

TH: whatever happens Lesego always remember to water the tree of life. Its the only

thing that makes evil not to take total control in the village.

Me: yah Dimps will also do it

TH: I am not talking about Dimps I am talking about you. Always remember to water the tree.

Me: I will

He came to me and held my shoulders.

TH: open your eyes and ears. Lesego.. Always open your eyes and ears.

I nodded

TH: don't forget to to water that plant. When the storm settles go see your wife. She needs you.

Me: I does it sounds like your leaving.

TH: don't forget to water the plant.

Me: I won't

TH: that's all I wanted to hear.

He was heading for the door

Me: hey hey.. Where are you going in this weather?

TH: I am going to complete one last task.

He got out I tried holding his hand but he yanked it. I heard him scream. I tried following him but I couldn't see him anymore

Me: ooh my God his gone, just like that. Right in front of me.

What do I do now?

.

.

#BONTLE

.

.

I was still in our own evil place. When I felt it.

Oooh Dear, Dimpho did it, she's vulnerable.

Wow

Me: arw you feel what I am feeling

Mum: of course, Dimpho gave up her powers and life force to her unborn baby.

Me: this is a miracle

Mil: this reminds me of the time my sister did. I didn't waste time. I went for the kill

Me: I think it time to celebrate. It's time the Kingdom bow down to me.

We started chanting and alerted every evil thing to join us in taking over the kingdom.

WoW this is the best day ever.

We where taking over.

A couple of minutes later I felt something. I closed my eyes to connect.

Lewatle: your thirst for power and jealousy will be the end of you. You will find no peace. This kingdom is not your, never was never will be

Me: we will see about that. INSENDIA!!!

I saw him shattering into peaces. Now I was happy I decides to go visit my now vulnerable sister.

I got into my room and went to her room, I found her on the floor.

Me: poor Queeny Queeny lost her powers. I should just put you out of your misery

I raised my hand up, the storm and thunder had stopped already. I wanted to draw power from within so that I can just get rid of her. As I was about to

Voice: what are you doing?

I lowered my hand and pretended to be shocked.

Me: uhmmm there was thunderstorms and all that was happening outside and I didn't see Dimpho anywhere so I was worried.

He came in and saw Dimpho laying on the floor,

he rushed to her.

Lesego: what did you do to her

I raised my eyebrows

Me: me?? Hey I just got here, what can I do to her.

Lesego: leave

I got out mxm... I think its time I made Dimpho scarce.

I could feel that we haven't taken total control of the Kingdom. So I needed to up the stakes.

I went to my mother in law's bedroom. I found my mum in there too.

Mum: what's wrong?

Me: I want Dimpho out.

Mum: we all do baby

Me: no you don't understand, I want her out of the Kingdom.

Mil: how do you plan to do that.

Me: I still have the knife and the heart. She mortal now, with no powers to back her up. All I have to do is plant them in her bedroom and she will be out of our lives for good..

Mum: they could kill her

Me: that would be music to my ears.

We all laughed.

CHAPTER 21

.

.

#BONTLE

.

.

It was morning now.. The day of the funeral and people where busy getting busy.

Me: have you figured out what your going to do when people would want to see the body.

Mil: just tell them the body was beyond recognition so they can't see him

Me: but that's not how the culture is practiced

Mil: I don't care about their stupid culture. All I want is for th to move on.

Anyway the man came to take the casket and went to the hall. Yes our hall is very big. And it has speakers all around and screens that people can see. We also went to the hall and people where just mumbling "where is Masechaba?" "Where is Lesego?"

"Why aren't they opening the casket?" "this is a set up". We ignored them continued with the service. We skipped the part where Dimpho, Lesego, Kgosi, Yabzo and the family traditional healer where suppose to speak. People started leaving one by one.

Me: people are leaving do something.

Mil: let them, I don't care all I want is my husband's money.

When the services was done and we had to go to the cemetery. Only our cult members where in the hall, they where about 50 and it was embarrassing. We decided to cut the service short and go to the cemetery and bury whatever was inside. And we went inside the house and got to the room where my mother was always sitting on her mattress. We found a couple of elders in there. We all sat down.

Elder1: we know that evil is roaming in this

kingdom and today'shem was more than proof.  
It was clear that you Sarah killed your husband

Mil: eng? (What)

Elder2: go no laleng gore o was tseba gore  
setopo sa monna wago sekae. Gobane o be o  
tlaba osa tswella Pele ka poloko ( its obvious  
that you know where your husband's body is. Or  
otherwise you wouldn't have continued with the  
funeral)

Mil: what.. No I don't know

Elder1: bjale ke eng goba ke mang ka gare ga  
lepokisi? (well what or who is in the casket)

All the elders stood up.

Then some elders came in holding the casket. I  
was so scared I wanted to pee on myself. And  
right then and there I knew I had no choice.

The opened the casket it was bricks.

I wanted to laugh. I mean how can one person

be so dumb mara. Like really bricks, couldn't they find someone else's body instead.

Elder1: Sara Lehasa o pharwa ka molato was go bolaya monna wago. Lego tseyo mmele wagage o go shumisha go loya. O robile melao e mebedi ka gare ga molaotheo wa no bogoshing. (Sara Lehasa you are charged with the murder of your husband. And to take his body and use it for witchcraft. You have Brocken two rules in the constitution of the kingdom)

Mil: no no no this can't be, I didn't do anything. Bontle nwakaka tlhee babotse ( Bontle my child please tell them)

Me: I don't know what you talking about. Was I there when you killed my father in law? Your the one who found his body. Jooh don't include me in your witchcraft.

He looked at me with tears in his eyes I could

see pain in them

I just smirked...

As they took her out and stripped her off her off all her clothes living her naked.

She was crying horribly busy saying she didn't do it. Then a couple of people walked her out till the end of the border of our village.

.

.

#LESEGO

.

.

I was watching thru the window looking at what they where doing to my aunt.

Dimps: she didn't do it you know

I turned and looked at her

Me: why do you say that.. Everything points to

her

Dimps: what is everything Lesego. The mere fact that she buried bricks the you automatically assume that she did it. We took the body, what was she to do.

Me: baby but..

Dimps: but what Lesego? That woman is your aunt and what you and your uncles are doing is unfair. The real killer is roaming the village and your doing this to your aunt? The mother of your sister and brother.

Me: half

Dimps: mxm.. That's not the point.

Me: I know and I am sorry.

Dimps: never mind. Let's go outside I want some fresh air.

We went outside and everybody was happy to see us. I went to the plant and of course it was

now a tree. I took a pipe and watered it and I saw my little cub.. He was growing and he was happy to get water I was just smiling.

Voice: you seem happy

I turned and saw Bontle and ignored her. I was now sitting down.

Me: what are you doing here

Bontle: can't I have a conversation with my husband

Me: hhhhmmm

Bontle: can I talk to you please, in private.

I looked around and saw Dimps talking to one of her maid friends. I looked at my cub and saw it resting. When its resting it means it had enough water. I stopped watering and closed the tap. I went to Dimpho

Me: uuhm Bontle wants to talk I'll see you just now now..

Dimps: its OK

I followed Dimps to her room.

When I got there she blew something on my face.

Then suddenly I found her on top of me riding me like a mad woman and am shooting up my loud in her.

She collapsed on top of me.

Bontle: oooh yes that was amazing.

I looked at her and pushed her off me. Wore my clothes and went straight to my room with Dimps. I went to the shower and just took a long shower.

Me: what the fuck just happened.

.

.

#DIMPHO

.

.

We were eating and laughing with all the maids and guards. Then Lesego came to us wearing different clothes.

Les: can I talk to you for a minute

I stood up and followed him. We went to the traditional healer's room since it was close by.

Les: I did something

I looked him straight in the eyes

Me: just spit it out Lesego

Les: I just had sex with Bontle

I must say that stung like a bitch. I knew the moment I lost my powers Bontle will play dirty but this, this is not dirty it's filthy. And I swear I didn't see it coming.

I was on silent mode for about 2min

Les: please say something

Me: what do you want me to say Lesego, Bontle is your wife too. She would want to be sexually relieved every now and then.

Les: Dimps... Please

Me: I think I want to be alone

Les: Dimpho.. Come on

Me: I said I think I want to be alone

Les: don't do this please.. Dimpho I love you.

He tried hugging me. I pulled Assy

Me: Lesego please just give me space I need to think. Now leave.

He did with all the hurt and pain in his eyes.

If there's one thing I know is that Lesego is failing in prayer. And if he where to pray none of this would be happening.

I was now sitting alone crying silently. After

almost 20min I looked around the room and wondered where Lewatle could be. I mean I haven't seen him for a while now. I started looking around and I saw a book I opened it and found a letter written Dimpho.

I opened it

\*\*\*the moment you find this letter it means its time for you to pack up and leave. It was not a coincidence that you came to this hut. You where ment to be here and find this letter alone. Now leave before you loose you life and the life of the future king. There's an address at the back of the book, that's where you should go\*\*\*

I didn't waste time. I went to my room that I share with Lesego and packed a few and went out thru the back door and used the small gate to sneak out. And the I was out of the kingdom. No Goodbyes nothing. The Journey that's leading me to a place I don't know.

Good Bye Lesego.. And I am sorry it came to this.

CHAPTER 22 (6 MONTHS LATER)

.

.

#LESEGO

.

.

It's been the roughest couple of months for me. The Village was no longer the same. There was hardly rain so the taps where almost dry. People where starving. There where a lot of

crime. Rape, abuse, murder etc everything was chaos and what's worse is that my brother and I were fighting more than usual. He was forever angry and always bringing prostitutes at home and some times young girls. It was so unlike him. I know he is a free spirited person and always reckless and a black sheep of the family but now its worse and now he has made it his mission to dethrone me. And it seems like a couple of people are with him. Yabzo has left the village the moment things went upsidedown she decided to pack he things and leave. Funny enough she lives with her mum. She calls every now and then. I don't know where they live but she seems OK.

The most painful thing that's happened to me is loosing the love of my life. I don't know why she just up and left. We have searched every corner around the village but it seems like she just vanished. The only thing that keeps me going is

my sex game with Bontle. We have been having sex every day and every chance we get and its amazing. I think I am falling for her but one problem is she's struggling to conceive and I don't know why. We have gone to every doctor and every traditional healer and they say I am the one with the problem. I don't know how but it seems like its me. And somehow word got out and the people think Kgosi should sit on the throne. They believe the reason the village is in so much chaos its because I can't conceive. So today is the final hearing between me and my brother meaning the verdict on who is to sit on the throne, although a couple of people don't believe I am the one with the problem because they believe wherever Masechaba is, she's pregnant and she will come back when she gives birth. We headed to the living room. No one was to sit on the royal chair so we sat on the normal chairs and then the verdict started.

Elder1: we all know what bring us all here so we won't go into detail. Kgosi Lehasa you pleaded your case against your brother as to why you should be King but your reckless behavior and your thirst to sleep all over is not the way to behave. A future King cannot go around sleeping with young girls and be linked to so many rapes and human trafficking and reckless partying. You have turned the royal house into your own play ground. Although you have proven to be medically clear to having a child but that remains to be seen.

And Lesego Lehasa since our very own Queen for whatever reason. The village has been at chaos. Nothing is in place, your workers are complaining. Everything is wrong. So we believe Masechaba should come back and you should find the way.

So with that said both of you have one task to prove that you can be King.

Elder2: Kgosi you will take a wife from the same family and we will give you three months to make her pregnant and if you do and prove that you have grown and stop with this childish behavior. You will be king.

Lesego Lehasa you are also given 3months to find Masechaba we believe by that time she would have given birth because we have a reason to believe she left here pregnant. The Sky does not lie. So if you bring her back home with the true and rightful King of the village well you will stay as King of our village. In the meantime a new temporary king will be selected for three months and we hope he help us with this mess that's been going on for 6months.

With that said I felt like dying. How will I find Dimpho when she just left without saying a single word to anyone. I stood up and went back to the house. I felt so suffocated and

decided to walk around. And soon after I found myself in the garden. Man it's been months since I found myself in the side of the house and the flowers are all dead except the tree.

How is that?

.

.

#BONTLE

.

.

Everything was going according to plan until I found out my baby was gone. Like totally gone I mean how does a baby disappear in the stomach. That can't be, going to the doctor I had to pin everything to Lesego I had to make people believe that his the one with the problem. The only thing that's working on my favor right now is the village and him not watering the

stupid tree. I didn't realise how much power that tree hold. Him not watering it was the best thing because I realised that when he doesn't water I can draw power from it. So I made it my mission to make sure he doesn't water it. My only problem with him is Dimpho he can't get over her, he spent like four months looking for hee so I made it my point that he chooses people I can control. So that the wouldn't bother. Always going at the wrong direction. Anyway our sex game is on point because I make sure I give it to him good. So after the hearing I had to make my next move, my killer move. They called us to the hall but I have been looking for Lesego but with no avail. I have manipulated most of the council and I threatened most of them to vote for none other than my father to be the king sitting on the throne. We went to the hall and of course things went according to plan my father became the King. Not a lot of people where happy but I did not care as long as my

father is the reigning King. People left and it was just me my mum and dad

Me: I am happy for you dad

Dad: I know, so have you heard?

Me: heard what?

Mum: your sister is going to be married by Kgosi

Me: WHAT?

Dad: yes! So in three months if your sister falls pregnant then Kgosi will be king

Me: what? What about me, this can't be. I won't let it happen

Mum: aaah maan Bontle stop being selfish. The throne will still be in the family

Me: then what I'll go back to being a commoner?

Dad: your sister doesn't have a problem

Me: both of you listen to me that will not

happen my sister will not remove me on this throne, that will never happen. Hell will freeze down!

Mum: you will still be married to Lesego.

Me: I don't care about that stupid Lesego, he means nothing to me if his not King.

Dad: your thirst for power is clouding your judgement. How can you fight your own sister? Your own blood? She never fought you when you became Queen

Me: good and she better not fight me when I tell her I am marrying Kgosi

Mum: what?

Me: you better make it happen dad. Tell them there's no need for Kgosi to take my sister. I am here for the taking. Its not a taboo is it. Culture allows it, if one brother can't conceive then his brother can sleep with his wife.

Mum: but Bontle in this case your the one with the problem

Me: but they don't know that.

Dad: how are you planning to do this?

Me: in two months will tell the elders I am pregnant.

Mum: and?

Me: and by then my little sister will be pregnant and when she gives birth and I take the baby. And Kgosi would have been king already.

Mum: in two months your sister should be preg and in three Kgosi becomes king and later you take the baby.

Me: I am glad we understand each other

Dad: that's not going to happen.

Me: I wasn't asking dad.. I can remove you on that chair your on the same way you got on it.

My dad stood up

Dad: your a selfish evil little thing and this thing you want to do to your sister will be your downfall. And you will rott in hell..

With that said suddenly it started raining.

Me: what the hell? How can it be raining when I cursed the village with drought I am the only one who can make it rain.

.

.

#DIMPHO

.

.

I have living with Lewatle's wife and Kids and I have been studying Law at UL. They live in Mankweng and believe it or not it has been a blessing. My stomach is too big and my babies are growing. Yes! I said babies meaning I am

carrying twins. A boy and a girl, Lewatle's wife has been a great mother figure considering I don't have one. She's such an amazing soul. She's the woman who has been helping me when I was at the mountain when I was to marry Lesego. Speaking of Lesego, I have lost my connection with him because he has not been watering the plant at least that's what Mama Lewatle told me. My connection with him will only be connected if he waters the plant. And that's why he hasn't found me when he was looking for me. Apparently the village has also been suffering and I could feel the people's pain. Mama Lewatle said the reason I could feel the pain is because of the baby girl I'm carrying. She is "kgadi" so every female struggling or tortured in a way I would feel it. Mama Lewatle is also a seer so she called me to her secret room to see the future for me. I went to the secret room and sat on the chair. I gave her my hands and she held them.

MmaL: breath in

I did.

MmaL: breath out.

I also did

I did that for over 10 min

For all those 6months she couldn't see anything because the village is covered with evil.

Anyway she started groaning and shaking.

MmaL: A CHILD IS A GIFT AND WILL BRING  
END TO WAR. THE ONE FOR THE MANY.. FOR  
NEITHER CAN LIVE WHILE THE OTHER  
SURVIVES

Me: what does that mean

MamL: The WAR is nearing my dear. Prepare  
yourself

Me: with what? I have no powers. I only have  
one life to live.

MamL: I am sorry

Me: I just want to save my babies

MamL: their safe, when you saved the other, the other one saved the other.

Me: and now I am vulnerable

She nodded

MamL: I am sorry Masechaba but after giving birth you will need to go back and come face to face with her

Me: I will die. I won't see my babies growing up.

MamL: I am sorry I wish I could see the outcome but the ancestors won't allow it. But you can find comfort in knowing that they will be safe no matter what. And they won't be swayed into evil. And they are more powerful than any evil can imagen. And if you fail they will win the war, for you.

I was in tears because they where busy kicking.

More than usual it felt like they where excited.

Me: thank you

MamL: good Luck

It was raining as in like pouring and it was good rain. I was furious.

Me: What the F\*\*\* is going on

Mum: I thought it was you

Me: are you kidding me? This is good rain can't you sense it

Dad just looked at me and left. I guess his still mad.

Mum: I guess the tree of life is finding new life.

That very moment it just clicked. This can't be, it can't happen. Lesego can't be watering it. I tried running outside but the lightning striked right before me. I looked up and saw a baby girl covered in the clouds naked with baby wings sucking her thumb.

A baby.. How is this possible.. I tried again and I saw that the lighting comes from her.

"No.. How can a baby be this powerful. Who is she?" I said to myself.

I saw people singing and chanting in the rain. I

could see most of the evil being evaporated.

"NO! NO! NO! THIS IS NOT HAPPENING  
LESEGO! OOOH DIMPHO, you better pray for  
your ancestors because I am coming for you  
bitch".

I was busy watering that plant when I saw my  
little cub playing. Right next to it there was a  
pink blanket and there was something white  
glowing inside. It was a very beautiful site to  
look at. Right that moment the garden started  
showing life. I looked around and for the first  
time after Dimps left there's an actual  
happiness in the Kingdom. It was very beautiful.

Most guards and maids came to water the garden with me.

Maid1: its very beautiful just like the way it used to be when Masechaba was around. Its like she's right next to us

Me: yeah I can feel her too. Its like she's right here in the garden.

Everything became clear to me, I knew what I wanted and what I need at. I went inside the garden and touched the baby girl and its like I could hear her leading me and showing me the way. I went to my room and I called Yabzo.

Yabzo: please tell me the woogy witch of the west is dead.

I laughed

Me: I need your help

Yabzo: if it includes that bitch you call your wife well I am unavailable.

Me: actually it's about Dimpho

Yabzo: is she back?

Me: no but, I need you to help me find her.

Yabzo: I thought you said you looked for her for about 4months

Me: yaah but something was wrong then now everything is clearer.

Yabzo: what do you mean

Me: can you come back home so that we can talk.

Yabzo: uhmmmm I'll think about it

Me' please

Yabzo: Fine! I am doing this for Dimpho not your stupid a\*\* that's blinded by that skin blitched skinny a\*\*

Me: thank you, I owe you one

Yabzo: oooh yes you do.

She hung up.

I went back out and looked around and everything seemed like it was becoming clearer. I then went to the hall, I found Bontle laying on the bench. She looked different, ugly I think, I am sorry that sounds wrong but she did look ugly. She opened her eyes and came to me.

Me: what happened to you?

Bontle: what do you mean?

Me: you look different... Weird even, if I could say that.

She looked me and shook her head and tried cupping my face. I pulled away.

Me: I just... You know what never mind.

I walked out. I heard her calling out for me but I just walked away. Something is different, my eyes I brighter and everything is clear. Its like all that six months I have been sleeping and now I

am awake. It honestly feels like I awake. And it feels so damn good

.

.

#BONTLE

.

.

This can't be happening. A new power has risen and I think I up the stakes. I need to embrace my evil side completely. And by doing that I need Royal blood to spill I need a royal heart. I have to kill one of the three, Lesego, Kgosi or Moyahabo. My only problem is I can't kill Kgosi I need him so its obvious Moyahabo is the one. Plus she hates me a perfect bate. I will have to wait for the sky to be clear in order for me to go to the under world and make my plan work. So since evil is evaporating in the kingdom I'll have to go to the Kingdom of evil and ask the devil

for more power.

I was packing everything that I will need.  
Including things that I know she will need. I  
could feel her it's like she was right next to me.  
After packing I took the staff into the car with  
the help of the guards. I had called the meeting  
with the elders and the so called temporary  
"King".

Elder1: you called a meeting?

Me: yes I am leaving.

Kgosi: oooh.. So your giving up?

Me: who said I am?

Bontle came in from another room.. She looked  
weird.. She looked like the worst thing since  
The devil.

She sat down

Bontle's dad: when will you be back

Me: I am not sure

Bontle: where are you going?

Me: I going to fetch Dimpho

Kgosi: FETCH HER??! You sound like you sure of her whereabouts.

Me: I am..

The Yabzo got in..

Yabzo: sorry to disturb. Uhmhhh Brother can we go?

Bontle: when did you get here

She ignored her.

I had asked all the guards and maids to make sure the tree is watered every single day no matter what. Every one of them should make sure its wet before the end of day.

Kgosi: your not going to stay for my wedding  
Yabs

Yabzo: MxM

Me: I'll be right there lil sister... So the wedding

is continuing?

Kgosi: what did you expect, of course it's continuing?

Me: Good Luck

Kgosi: I don't need it

Bontle: you will need it, because this Shem of a wedding is not happening.

Kgosi: excuse me?

Bontle: you are not marrying my sister, not while I am still alive.

Bontle's dad: BONTLE?

Bontle: no dad, Lerato can't marry Kgosi haa  
aaah

Kgosi: what's wrong with you? Ain't you married to my barren brother?

Me: you know what I don't have time for this. I'll see you in three if not two months.

I stood up and went to the car and found Yabzo laying back on the passenger car sit.

Yabzo: what was that all about?

Me: long story.. Now I want you to help me find my wife

Yabzo: what's going to happen if you don't find him?

Me: Kgosi becomes King with Queen Lerato?

Yabzo: Queen Lerato meaning Bontle's sister?

I nodded

Yabzo: well this should be interesting

Me: yeah

We drove away

Wherever you are my little cub I will find you.  
With your mother.

A WEEK LATER

.

.

I don't understand why the odds are against me, nothing is going my way. My plan to kill yabzo has failed.. I can't kill Kgosi, what if he becomes King? Oooh my Devil what should I do. Today was Lerato traditional wedding and it was happening.. It was just the elders and close friends.

Anyway Lerato and I haven't been getting along I didn't even attend her Magadi negotiations. So she was now I'm the bedroom with my mum and aunt from our father's side. Yeah the one who was happy for Dimpho.

I got inside the bedroom and of course they made her looks pretty.

Me: hmmm funny I didn't get all this

I did that waving my finger.

Aunt: ain't you suppose to helping with the cooking or something.

Me: do I look like a maid to you?

Aunt: you might as well be, since Lesego is going to prove that your the one who is barren and not him

Me: mxm

I turned my eyes to my mother

Mum: don't look at me like that. Lerato is your sister and you should be happy for her. But instead you look like a jealous ex girlfriend.

Me: can I talk to my so-called sister in private.

The both looked st her

Lerato: its fine mum and Rakgadi (aunt) if anything happens to me, you will know its her

and she will be burned in the village just like her mother in law.

Me: mxm

They both walked out

She stood up and her make up and dress looked amazing and I felt jealousy kicking in. It was aa white sleeveless ball gown with traditional Pedi drawing on the bottom and a little on around the gown. The top and figure was just lace. Her make up was on point so was the hair.

Me: you think you've won

Lerato: you know I don't understand why your angry when I was happy for you when you married Lesego. What is this a competition? Bontle, I am your sister.

Me: then don't marry him.. Give him to me. I can't go back to being a commoner.

Lerato: is this what is all about? You being a commoner? Really.. Wow

Me: what?

She came close to me and looked me in the eye.

Lerato: you where never going to allow us to be together where you.

Me: what are you talking about?

Lerato: if the elders chose me to marry Lesego, you where going to do everything in your power to destroy it.

Me: and you better stop this Shem of a wedding?

Lerato: or what

She laughed

Lerato: your going to tell the family that I not a virging?

My eyes popped

Lerato: well I got that covered sister, Kgosi is

going to tell them that he broke my virginity.  
And soon I will give him a child that he always  
wanted. Maybe a son, the future king unlike the  
barren you.

I got so angry I wanted to strangle her.

Lerato: I win both ways sister, if Lesego comes  
back with Dimpho I will be the third wife to him  
and you will probably be chased away so I'll be  
the second wife. And if he doesn't come back I'll  
be the first and only wife. A Queen mother.

Me: do you really want to take me on Lerato?

She smiled and came close to me.

Lerato: bring it on sister...

The door opened

Mum: its time sweety

She walked to mum and my aunt put a Vail on  
her head.

Mum: wait, I want to talk to my other daughter.

She let her walk out and she came in and closed the door.

Me: what do you want?

Mum: the evil council wants a meeting with you.

Me: are those Minoans sermoning me?

Mum: yes

Me: nobody sermons me, I am Queen.

Mum: your thirst for power cloud your judgement. And now look at you.. Down to almost nothing. When all you had to do was kill Dimpho but you failed.

Me: and you think Lerato can kill Dimpho

Mum: she doesn't have to, Lerato knows what she has to do. You failed Bontle and you have nobody to blame but yourself.

She walked out.

No way.. No bloody fucken way.. I am not giving

up. I will kill all I will kill all if them.

I was in the living room when Mamzo came in and joined me. She gave me my bugger and large chips.

Me: am I being bribed

Mamzo: I want you to calm down

Me: I am calm

Mamzo: Lesego is close, very close.

Me: I thought he was consumed by evil.

Mamzo: he has been watering the tree

Me: oooh

There was a knock on the door

She went to open.

The person got in and it was my mother in law  
of should I say my so called aunt in law.

Me: what is she doing here

MiL: you have no reason yo believe me or listen  
to me but I need to say this..

Me: you have 5minutes

MiL: it's not over

Me: what do you mean.

MiL: even if you Bontle gets out of your life it's  
not over. That child your carrying will attract the  
other side. He will attract evil and evil yens for  
power. And your son is the one.

Me: what do you mean the one.

Mil: his the one to sway both sides. He can be  
good or evil.

Me: so you wanted him to be evil.

Mil: Dimpho I can't change the past, I can't change the evil I created but I can help you with Bontle. I can help you destroy her. And right now her anger is making her strong more stronger than I anticipated.

Me: anger what anger? She has everything she always wanted, which is Lesego.

MiL: listen to me

She knelt before me.

MiL: royalty our royalty does not have twins.  
That girl in you is you.

She started breathing weirdly

Me: what's wrong?

Mil: she's killing.... Me.... She... Knows... I...  
Am...Confessing.....

Me: what? Bontle is...

Mil: she's draining my power.. Her anger is making her stronger. Protect your son. I killed my sister for power...aaaaahhh..... Don't kill her.. Because..... Aaaaaaaah

She started bleeding

Me: because what?.. Because what..

Mamzo came in

Mamzo: Our father God except her soul..  
Forgive her sins as she tried to cleanse herself.  
In the mighty name of Jesus let it be.

Me: let it be

I didn't know I would cry but I did. I found tears dropping as I looked at her lifeless body with blood oozing out.

I was confused in many ways than one. What is this all now? Mamzo called the mutuary people. They didn't waste time. They arrived in 30minutes. Mamzo cleaned everything and she had played her body on the couch and covered it in a blanket. When the mutuary people arrived they just talked with Mamzo and then she signed a few papers a d they took her body.

Me: did you call Yabzo

Mamzo: of course I'll be meeting her at the Mutuary.

Me: that's good I'll come with you

Mamzo: no no, you need to rest you've seen too much already. Especially in your state.

Me: it's fine Ma I'll wait. Let's me go lie down a little.

\*\*\*protect your son, protect your son

Masechaba. Save your son, evil is coming for him. Evil is coming for your son\*\*\*

I woke up when I felt hands on my stomach and my babies couldn't stop kicking. I tried turning but the person held me tighter. I breathed and his scent just filled my nostrils.

Me: can I get up?

Lesego: No

Me: I want to pee

He got up I tried getting up but he held my hand tighter

Me: I am not going to run you know.

Lesego: no I don't know

I got to the bathroom and peed.

After washing my hands I got back to the bedroom and found bags, my bags packed.

I looked at Lesego

Me: what's going on?

Lesego: we leaving

Me: Lesego if you think I am go....

He cut me off

Lesego: we are not going to the Royal House

Me: Oooh..... So where are we going.

Lesego: I am waiting for Lewatle's wife. You can just rest for now.

Me: no I am hungry

He pointed and McDonald's paper bag

My lips just dripped with water immediately.

I just sat the and indulged.

Lesego: can I say something?

I looked at him

Lesego: Never ever should you ever do what you did. Running is not an option in our marriage.

Me: I did not run

Lesego: ooh really? What do you call what you did.

Me: protecting myself from your crazy wife.

Lesego: hmhhh

.

.

On my search for Dimpho, Yabzo got a call from Lewatle's wife and told her what happened. I must say I never saw Yabzo so defeated and devastated. We went to the mutuary and saw her body. And indeed she was gone. Mma Lewatle advised me that I should go to her house and pack Dimpho's things and leave as soon as possible. I asked her why and she told me that Evil is after my son and Dimpho as powerless as she is her son could be lowered to the other side without her knowing. I didn't waste anymore time. I went to the car and drove to her house. On the way I was sent a message \*\*go to the waterfall. You will find me

there\*\*

OK that was weird but I do remember the waterfall. At least there's a side rode for cars even though it's a long drive, I'll manage because I know Dimps won't survive because it f the pregnancy. When I found her sleeping I just had to hold her.

Anyway after she finished eating Mama Lewatle called me and said Dimpho can be bathing in the meantime. I followed her to some room which had candles all over. And there was an animal skin "lion".

I sat in the chair that was across her.

Me: uhmmm Mama I got an SMS when...

Her: that's where you'll be going with Masechaba

Me: ooooh who sent me the SMS

Her: let's start, give me your hand

OK so she ignored my question

I gave her my hand and she started drawing all over the lines.

After some time she started shaking. And groaning

OK that was scary very scary...

Her: the prophecy... The Prophecy.... THE PROPHECY..

She started roaring like a lion and her eyes changed and became pure white.

Her: FOR NEITHER CAN SURVIVE WHILE THE OTHER LIVES. THEY ARE ONE

Me: what does that mean Ma...

She started breathing heavily and she then went back to normal.

Her: your wife has only one life to live. While her arch rival merged her life with the dark Queen.

Me: no the dark Queen is dead Dimpho defeated her.

Her: yes! Defeated not killed. Right after Dimpho left The Dark Queen merged her life with the other.

Me: Bontle!?

Her: yes! She accepted her life with hers and they became one.

Me: meaning only one can die but with Dimpho...?

Her: it is what it is.. That's why she wants her dead. The dark Queen chose Bontle because she knew she will survive.

I sighed

Me: I can't loose Dimpho

Her: go to the waterfall.. Bontle is on her way. She wants to draw power from where your aunt died.

I had no choice but to get up and make my way to the bedroom and get my woman and off we went to the waterfall.

.

#BONTLE

.

.

Nobody threatens me and gets away with it. Nobody betrays me and gets away with. That little witch will rott in hell. I want to make sure she suffers for internity. I parked at the gate and got out off the car. Immediately when I open the gate. It burned me a little. The burn was across my heart instead of my hand. I decided to handle the pain and open the gate and walked very painful because the ground was filled with prayer and everything I am against. The only wY I could enter was because

the owner of the house was letting me in.  
Otherwise I wouldn't have even touched the  
gate. I would have probably flown away to the  
street.

I opened the door and entered.

Her: you have no business here

Me: and yet you let me enter

Her: you will not find what your looking for. Your  
wasting your time

Me: I just want what's mine

She smiled

Her: by all means

I went to the spot where she died.. But  
something was wrong. I could feel her spirit but  
not her power

I looked at her

Me: what did you do?.

Her: you give me too much credit.

the power was not in the house it was not around. But I felt something.

Me: where is she

She smiled

Me: I want to kill her.. And get my powers

Her: the only reason I let you enter my premises is because of what Masechaba is carrying. That child is your end he will be you end and your war with her is sooner than I anticipated because that girl is carrying is her power.

Me: I have got nothing to fear

Her: and yet your worried

Me: uhmhhh

Her: the blood that your about to spill will be your end.

I just looked at her

Her: this person that you are going to kill  
hmmm sisi you will regret the kill for the rest of  
your life

Me: I don't regret anything. Regret is a waste of  
time

Her: yet you will

She raised her hand

And I flew out of the door

Her: YOU WILL NEVER SET FOOT IN MY HOME.  
YOU WILL LEAVE AND NEVER LOOK BACK

Me: your not that powerful to defeat me.

Her: of course I am not, do you want to know  
where the power is. Dimpho's child drew the  
power from her and she died right there.

Dimpho's child lowered her to my house. He  
made her to come to my house so that she can  
confess. That child Dimpho is carrying is  
everything. A priest, a prophet, everything you

can imagen. That boy is going to end your side and avenge everything you and your family destroyed. Leave Bontle and never come back. You have lost. Accept defeat and step down as Queen and you will be forgiven.

I was angry I was super angry. I went out because my burning was becoming worse.

I got inside the car furious as hell

I AM NOT GIVING UP.. HELL WILL FREEZE DOWN TILL I DO

CHAPTER 26

.

#LESEGO

.

.

The drive to the mountain was the worst. I was so tired of driving it's not even funny. When we got to the mountain we rested a bit because Dimpho wanted to stretch her legs. The people there were happy to see us. I went to my father's grave and just kneeled before it.

"I can't believe you really gone, I miss you and I am sorry I haven't been a good Leader. I was blind,I was blinded by Bontle and her spells. You warned me and you told me to open my eyes and pray. Please tell mama I am sorry for not doing as she said. I know she will probably pinch my eyes right now and spank my a\*\* please guide us on this journey till the end and protect us."

Voice: I am sure they have forgiven you by now

I turn around and it was Dimpho

Me: maybe

Dimpho: not maybe, they have and they have forgiven you.

Me: and how do you know that?

I said that walking to her and hugging her stomach.

Dimpho: because I forgave you

She pecked my lips

Me: I am sorry

Dimpho: you really need to apologize because I am gonna end up think "I am sorry" is my real name.

I smiled and kissed her head and hug her.

Dimpho: the family says we should keep moving.

Me: we just got here

Dimpho: yeah! They say evil is tracking our steps and everytime we stop it gets closer.

Me: you mean Bontle

Dimpho: she's following us Lesego, and she wants our baby

Me: she won't...

Dimpho: Lesego don't make yourself invisible because your not. Bontle is coming after us and she's getting close. She's tracking us through your aunt's power.

I sighed

Me: eish I guess we have no choice

Dimpho: we don't

They gave us food and one of the aunts was asked to leave with us. She got in and we hit the mountain and straight to the waterfall.

When we got there the waterfall was not as bad. My aunt was holding Dimpho where else I was holding the food and camping stuff. We went inside the waterfall and found fire and we went to it and Dimpho just sat there because she said she was freezing.

Voice: your late

I looked at where the voice was coming from and believe it or not it was our very own Traditional Healer Lewatle.

You should have seen my smile.

.

.

#DIMPHO

.

.

I was freezing and it was freezing. I can't believe I'll be staying here till I give birth. When

Lewatle showed up I was so happy and relieved. He came to me and gave me a bowl and told me to drink.

Me: what's this?

Lewatle: its your meds, I figured since you won't be going to the doctor for meds then you should get something. Its the same as the meds from the doctor just different because mine it's traditionally brewed.

Lesego: yah, yah, whatever. So mind telling me why Bontle was so sure that you died.

Lewatle: Lesego I have my ways, I have been a traditional healer long before that child was conceived. So you think I could be killed by a baby who was born yesterday.

I smiled

Me: I am happy your here

Lewatle: and I am happy that my wife was

taking care of you.

Aunt: so what now?

Me: what do you mean?

Aunt: I mean that Bontle girl is following our steps

Lewatle: she will follow the steps but starting from the river, she won't have access because its where the protective circle start.

Me: this is just too much. But there's something I have been meaning to ask?

Lewatle: what?

Me: how did Bontle become unpregnant because she was pregnant.

Lewatle: when she thought she killed me. I put I curse on her, I curse that no matter what happens she will never be pregnant.

Lesego: does she know that.

Lewatle: yep! But she doesn't know it's me.

I smiled

Me: thank you

Lewatle: just doing what the ancestors want me to do.

.

A couple of months passed and I was 8months pregnant. It was amazing living here. We where actually not alone. A lot of people where staying here. Even Lewatle's mother's stays here. I was shocked to know his mother is still alive.

Lewatle says there's no life in her anymore she is just waiting for me to give birth and then she can finally rest in Peace. Its was spring and the flowers where blooming. And I would walk with Lesego all around the spring and see the flowers, trees and grass. It was beautiful.

Anyway every now and then I'll go see Lewatle's mother. I was on my way to her tent strolling

with Lesego.

Me: I can never get over how beautiful this place is

Lesego: it is; isn't it?

Lesego and I were more than OK. We have reconnected again. I could feel how deep our love was and it scared me. I have never loved anyone the way I love him. I don't know if it was a blessing or curse or maybe both.

We got inside her tent and she was pleased to see me. She was just about to lie down on her mattress.

Lmum: good your here, I was just about to call for you

I smiled while Lesego was helping her lie down.

And then he came to help me sit next to her.

Lmum: keya Leboga Lesego, o ka sepela bjale (thank you Lesego, you can leave now)

He frowned and came to kiss me on the cheek and walked out.

Lmum: you due?

Me: yah I was suppose to give birth now.

Lmum: God I have never seen such a powerful soul.. A powerful spirit.

Me: when I went to the doctor, they said I am carrying twins and I am likely to give birth at 7 to 8 and now I am going on 9.

She smiled

Lmum: you will understand when you holding that other soul in your hands

I was confused

Me: your speaking in riddles now ma

Lmum: go and drink the spring water, the one that has sounds of frogs

I raised my eyebrow

Me: you wabt me to...

Lmum: just go..

I got up and walked to the spring.. On my way suddenly it started raining. And for some reason I was not wet bore cold. I looked at myself and I was glowing. I found the spring and kneeled down and started drinking. When I raised my head I saw Masechaba and her husband they where smiling and holding hands

Me: am I dreaming.

I was in tears

Masechaba: it's time baby.. Good luck

L'sdad: thank you for your secrifices.

I saw then walking away inside the spring water glowing then out of nowhere my water broke.

Oooh hell No.. How will I get to the waterfall because I am suppose to give birth in the cave that has a waterfall.

This past months was the worst. I was not angry, I was furious. My search led me to nowhere and I hated it. I went to the mountain. I could feel a lot of power there and I knew it was a no go area. I waited and waited and I just knew that they where long gone. I surrounded the village and it led me to the river near the waterfall. I could not enter. I was so angry when I felt the kind of power that was there. No person, No good Person should have this kind of power. I decided to go back and gather my people and we made it our home outside the protective circle. I speed evil all around. Everything and anything was dead outside the

surrounding of the protective circle. Two months past and I went back home and left my people there. When I got there, I found that my sister was being crowned the new Queen mother. I was furious I went to one of the elders who was with my father.

Me: what is this

Dad: what is what?

Elder: your sister is pregnant

Me: WHAT?!

Dad: Bontle stop being jealous of your sister and be happy for her

Me: HOW CAN I BE HAPPY WHEN YOU SAID THREE MONTHS AND IT'S BEEN TWO

Everything was shaking now.

Dad: you need to come down Bontle

Me: DON'T TELL ME TO CALM DOWN WHEN YOU BETRAY ME. I LEAVE THIS PLACE AND IT

ONLY TAKE YOU TWO SECONDS TO BETRAY ME.

The wind outside was getting worse. My anger was bringing the village down to its knees and the black clouds where also playing around the sky

Me: NOBODY BETRAYS ME

Dad: Bontle stop it

People now where screaming and going up end down.

Me: I WANT YOU TO SUFFER.. BECAUSE I GOING TO BURN THIS KINGDOM TO THE GROUND.

I went outside and drew power to every living thing. I was now ready for the kill.

Dad: Bontle Stop

I pushed him away with the wind and he hit the wall and fell down. I went to my car and went

straight to the waterfall I still couldn't enter. I drew power from every little thing. I looked up and saw the vulnerability of the circle now. Dimpho was giving birth. WoW this must be my Lucky day. I was able to shatter my way in. Only the part I could walk in. Everything that was next to me just died instantly when I made my way to the power that has to be evil. That boy, that child, that baby will be evil.

It's FATE

.

.

I was in so much pain, the pain I couldn't explain. I was being carried on something that looked like a stretcher and now we were heading to the waterfall. I think the whole village was walking with us. They were so happy you would swear it's a wedding. Right after my water broke people came to help me up and Lewatle's mother also came to rub my tummy with some blackish thing. And also did some chanting. Right after doing that I swear my baby changed to a lion. I was in so much pain I just wanted to die. We arrived inside the waterfall. We we got the I saw the tree of life it was the most beautiful site and it was glowing. Lewatle told

them to put me under the tree of life.

They told me to open my legs. I did so and then they checked me.

Me: WHERE THE HELL IS LESEGO

Lewatle: Leseego can't be here my dear. Now my mother is the one who is going to help yo give birth. So what I want you to do is to call all the Queen's names who came before you. Because every Queen that came for you has died or rather should I say they have secrificed their lives for this boy. For this child you cried.

I felt another sharp pain on my rib. I swear this child wants to kill me.

Me: no no no no take them out.. I want them out.

It was the most crucial experience in the world

Me: aaaaaaah ooh God please help me

Lmum: ooh Modimo... E ba le Rena hleee....

Satane o ke phile maatla. Re kgopela hlokomelo

ya lesayana LA gago. (Oooh God be with us...  
The devil has given herself power. Please  
protect your child)

The thunder started striking even lighting. Oooh  
the people started singing.

Lmum: Lewatle I think its time.

Lewatle came to me and kneeled before me.

Lewatle: I am sorry this had to happen to you.

Me: I just want my babies to be OK

I looked down and I saw tears coming out.

Lewatle: goodbye Masechaba

He stood up and left.

Lmum: ke nako sesi.. Bitsa di Kgoshigadi..

Me: aaaaahhh.....kgoshigadi..... Magadi.....,  
Kgoshigadi..... Aaaaaahhhh... I can't do this just  
take them out.

Lmum: yes you can, yes you can.. Now let's go.

Me: .....Kgosigadi.....Mokgaetsi  
.....Kgoshigadi Morongwa,.....Kgoshigadi.....  
Matete, Aaaaahhhh.... Mmaaaaa... Aaaahhhh  
.....Kgoshigadi..... Uhhhhhaaaa.....no.. Its too  
painful..

Lmum: go on their here.. You just need to finish..  
Baby they are smiling their happy call all of  
them. For more protection power. I didn't want  
to tell you this but.. Bontle is on her way so you  
need to finish.

That very moment I swear the pain disappeared.  
And I was sweating.

Me: Kgoshigadi.. Nteboge, ....Kgoshigadi  
Makoto,. . Kgoshigadi Tladi.aaah.... Kgoshigadi  
Masechaba.

Lmum: good now we are all going to say it  
together. Including everybody who is here. We  
are going to say it at the same time OK.

I nodded with tears in my eyes.

Lmum: don't pause or anything.. Just hold on to the pain and the baby will be born. When you pause the baby will pause to. With every Queen you call out, the baby is find his way out OK

I nodded

Lmum: now let's start

Me&Everyone: kgoshigadi Magadi, Kgoshigadi Mokgaetsi, Kgoshigadi Morongwa, Kgoshigadi Matete, Kgoshigadi Nteboge, Kgoshigadi Makoto, Kgoshigadi Tladi. KGOSHIGADI MASECHABA

The last part I said it with a bit of scream

Lmum: there we go our very own king.

I looked at her and she was holding a boy who was glowing.. It was like he was inside the son.

#BONTLE

.

.

I was strong and getting stronger I could feel it.  
I looked up and changed the weather.

Me: let there be lighting....

Lighting stroke

Me: let the be thunder

Thunder also progressed

Me: show me the way... Show me where the boy  
is.

Lighting was striking before me showing me the  
way.

I was following the way then I saw the waterfall.  
And the waterfall was glowing.

" I guess that's where the King of all Evil is."

Voice: your right about that.

I couldn't see who it was because of all the rain

and black mist.

Then I waved my hand to clear of all the mist.

I couldn't believe my eyes.

Me: Your suppose to be dead... I killed your..  
you are dead.

He smiled

Lewatle: for centuries now

Me: uhmhhh

Lewatle: you think you killed me.. With a child's  
play spell nxaax.

Me: I guess I'll kill you now.

I was busy throwing thunder at him while he  
blocked them.

He smirked

Lewatle: you will never win

Me: says you

Lewatle: no says a man who has been since the Lion Legacy was born. My destiny was to make sure this boy is born and falls on the right path. And I am here to make sure of it

Me: too bad old man.. Your too late.

I raised my hand and brought about a tornado... Only upside down. It swallowed him

Me: good luck getting yourself out of that.

I half ran to the waterfall and when I got there the place started shaking.

Voice: you have no business here.. Leave..

I turned around it was none other than my So-called dead mother in law Sara but in spirit form

Me: it must be the resurrection of the dead today WOW...the boy is really powerful. It will be a pleasure bringing him on my side.

Sara: you have lost Bontle.. Leave with the little dignity you have left.

Me: over my dead body

Sara: hhhmmmm

I looked around and saw woman surrounding me. It wouldn't take a rocket-scientist to figure out that this was all the Queen Mother's that came before Dimpho. I guess she is the one after all.

Me: OK you want to play... Let's play

The started chanting

Me: YOU CAN NEVER DEFEAT ME...

AHHHHHHH... all the demons before me shall rise from underneath and fight this war with me. And the boy shall be mine. RISE MY DEVIL RISE AND FIGHT WITH ME AND END THIS. LET THE WAR BEGIN

After the boy was born Lewatle's mother gave the boy to Dimpho. Dimpho was just in tears.

Lmum: baby its time

Dimpho: what do ypi mean

Lmum: you will understand on time.

She took the child and gave him to the one of the villagers. And they walked out, taking the secret way out.

Dimpho: what's going on?

Lmum:Dimpho come down

Dimpho: no where are you taking my son.. No give me my baby...I want my baby

Lmum: I am.sorry.. You need to calm down for the life that your about to be given.

Dimpho: no I want my son.

Lewatle's mother said a spell that will calm her down. After saying it, she calmed down immediately.

She opened Dimpho's legs wide.

Lmum: let there be life and let there be peace in the kingdom. With this life and power we ask you to win the war for us.

Something that looked like a size of a ball that was blue and glowing came out of her. It looked like it had a baby inside.

Dimpho: what's.. What's.. Going on where is my other baby.

Lmum: there was never a baby Dimpho. Lewatle and your father in law did this to protect you. Your father in law knew you will give up your powers for your son just like Masechaba did. So he gave up his life for you. When you gave up your power for son.. Your father's spirit protected yours and you where reborn on

yourself. So now with this life I am holding you are reborn with your father's powers and with my death. I am giving you my bloodline's powers including Lewatle's.

Me: what? I don't understand

Lmum: you will understand.

She took that glowing life and put it on her chest. Right on the heart.

Lmum: GIVE HER STRENGTH GIVE HER MIGHT TO GIVE HER LIFE. LORD AND THE QUEEN'S BEFORE HER AND THE FAMILY BEFORE ME HERE MY PLEA BRING LIFE TO HER..

The life that was on top of Dimpho went inside her. And she breathed out and died for her own life that she gave up for her son.

Lewatle's mother took out a 3minute glass.

Lmum: good luck Dimpho. I hope you win for us.

After 2minutes Lewatle's mother started

melting and then Lewatle came rushing.

Lewatle: mother

Lmum: it is done son.. Ke nako (it's time)

He smiled

Lewatle: you did it

She nodded

Lewatle also started melting. The three minute glass sand dropped its last sand and Dimpho woke up breathing out loud. She checked herself and realised she had healed completely and she saw Lewatle's mother just about nothing left of her but water. The she looked at Lewatle.

Lewatle: good luck Masechaba

She smiled and nodded. She understood what was going on because their powers are in her.

After they have everporated the whole place started shaking...

Dimpho: I guess its time

#LESEGO

.

.

Apparently I am not suppose to be there when Dimpho gives birth. They said she has to go this all on her own. It's her destiny. I drove back home. I had to because I was told to and that there's a messages waiting for me there. When

I got there, the place was clear and the tree of life was big and glowing. Everything was beautiful. I got inside the house. Lerato was sitting on the couch drinking juice with pizza. I cleared my throat

She turned and looked at me. She seemed or looked rather shocked to see me.

Me: where is your father

Lerato: uhmhm his in hospital

Me: oooh what's wrong with him

Lerato: uhmhm Bontle pushed him, I mean uhmhm flew him or something but he hit the wall.

Even his own father yaaah neeh that girl needs Jesus.

Me: uhm I sorry to here that..uhmhm I should go

I went outside to look for my friend Thabang. I

found him outside eating.

Me: hey man

Thabs: hey you back.. Thank God. Gape princess is pregnant and she's the Queen now and the elders have put your brother as king... Eish its a mess my bra

Me: what are you talking about

Thabs: its been a mess since you left but today its weird because the Kingdom is clearer like something good happened. Princess in there says it's because she's pregnant.

I laughed

Me: actually Dimpho gave birth

Thabs: WHAT??!! Really

Me: yes! That's why I need you to help me call an emergency meeting. I need it announced.

Thabs: where is he.. I mean the child.

Me: their bringing him. Let me go inside and take a bath I'll be back.

Thabs: sho bra let me finish eating then I'll go.

I made my way inside the house. When I was about to enter the living room I saw two people that I did not expect to see..

.

The Walker family. Mr and Mrs Walker are the people who raised Lesego. When his father was traveling to the State he went to them. They where his foster Parents. Both Mr and Mrs Walker where prophets and Priest. They where highly favored in the spiritual world. Lesego was happy to see them but yet scared because he

knew why there where here.

Lesego: mother... Uhm... father.. Uhm... I...  
It's... Good to see you I guess.

Mrs Walker went to hug Lesego because it has been a while since his seen his Mrs.Walker: I am sorry about your father and I am sorry I didn't come for the funeral. Just that....

Lesego: I know mum the spirits didn't allow to come.

Mr.Walker: Where is your wife? We need to make her understand while there's time.

Lesego: hello to you to dad

Mr Walker was a very strict person and when raising Lesego. It was not always easy because the fought a lot.

Mr.Walker: yaaah whatever, where is she?

Mrs.Walker: I don't think she's here, we would have felt her.

Thabang got in the room and greeted everybody.

Thabs: uhmmm most of the elders where here so their in the wall

Lesego: OK I'll be right there.

Thabang left because he could feel the tension in the room.

Lesego: uhmmm since your already here you can attend the meeting.

Mr: it better be a quick meeting.

They followed him.. When the got there they sat in the front. Most of the elders where shocked to see who was where the people Lesego was with.

Kgosi was sitting was sitting comfortably on Lesego's chair while Lerato was sitting on Bontle's chair. She couldn't sit on Dimpho's chair, because every time she tried to she would here a lion roaring. So she opted for her sister's

chair. They sat down.

Kgosi: I won't waste time brother, I heard you called a meeting. And ooh welcome back.

Lesego stood up

Lesego: I won't waste your time brother.

He said that with a lot of attitude

Kgosi just got angry because he could sense that what his about to say won't be good.

Lesego: the two people your seeing there, are my Foster Parents Mr and Mrs Walker. They have raised me well to be the man I am today.

Kgosi: yaaah whatever, is that all. Some of us are busy you know.

Lesego just smirked and looks at him

Lesego: busy haaaa... Dimpho gave birth to a baby boy.

Kgosi just got scared immediately, while Lerato

felt like he could just die.

Lesego: and my Foster Parents here...

Kgosi: NO NO NO how do we know his yours I mean how do we know that. We don't even know she was pregnant and we never saw her giving birth.

Lesego just looked at him and smiled

Lesego: what is brother your scares that your time is up. Don't worry I guess you will tell your kids that your ruled MY kingdom for 3seconds.

Kgosi just became furious and went on matching for his brother when the village started shaking like the Earth Quake.

The the rain followed...

Kgosi: what the hell is that..

Then there was thrust of wind then there was roaring of a lion. Mr and Mrs Walker stood up and they went to kneel down then the elders

followed.

"KGOSI, RE A DUMELA, RE A AMOGELA RE A  
LEBOGA"

(KING, WE AGREE, WE EXCEPT, WE THANK YOU)

Then the villagers who took Dimpho's son entered the wall singing a very nice smooth song.

Lesego went to them with a smirk on his face. They gave him his son.

The moment he held him he changed into a lion himself and his son too. They both roooaaad!!

After about 10minutes they changed back.

Kgosi just took Lerato's hand and they left. The elders where very happy by the site because that site was just proof that the boy is theirs and he is the next King.

Lesego looked at the villagers wondering where Dimpho is.

Lesego: where is Dimphe?

.

.

#DIMPHE

.

.

I was able to leave the cave. While on there I could feel Bontle and I could feel his anger and right now he was in the battle he was fighting the Queens. Its like they where stalling her. I could feel someone telling me to go home. When I got outside I saw a car and i saw one of the villagers inside..

Him: get in Masechaba we have to go now.. You two are connected she can feel that your leaving.

I got in quickly.

He drove so fast I think we arrived there in

30minutes, when we got there I could feel Bontle that she was done with her battle and on her way. I ran inside the kingdom and I felt him. I felt my son I was drown to him, I ran to the hall and I found everybody surrounding him. They all turned and looked at me. I then saw two people with huge wings behind them they looked like angels and they where glowing. That's how they looked in the spirit world. The woman looked at me and smiled

Woman: you made it... Just in time

I half ran to them and saw my son. WoW he didn't change a bit I just held him. Lesego just looked at me and smiled.

He kissed my cheek

Lesego: thank you..

I nodded

The woman gave me her hands, I looked at Lesego. He nodded, I hesitantly gave her the

child.

I looked at everybody and they had pity written all over their faces.

I could feel what was going on or what's about to happen but my head was deceiving me.

Me: Lesego what's going on.

Lesego: uhmmm baby this is Mr and Mrs Walker.. They are my Foster Parents. And.. Eish...

Me: yes YOUR Foster parents.. Uhmmm give me my son

Men: we are taking your son.

I just broke out the loudest sob I ever did.. The pain I was feeling I swear I felt like someone stabbed me with a knife thru the heart.

Me: no please don't take him. Lesego is your son not my boy.. I didn't name him please.

Woman: you can give him a name but we are

not giving him to you. His coming with us. Once the evil where off the village we will give you your son.

I just went down and kneeled down and just wailed.. It was too painful because everybody understood but me.

Men: your son is an attraction to both side just like Lesego was. Lesego's aunt killed her sister because he wanted Lesego on his side. She saw the prophecy she saw this boy. Luckily we warned Lesego's father and he brought Lesego to us. Although Lesego attracted evil but we made sure the boy is swears to the Good side no matter what. And right now he has to come with us.

Me: no o oooh..... Ahhhhh... No please I'll protect him.. I swear I'll protect him. He will be good.

Men: Lesego good luck to you and family the

devil is very near

Lesego nodded.

Me: no please let me come with you.. I'll protect him.... Please... No please... Give me my son...

Nooo

The didn't even look at me the just walked out

Me: Nooooooh Tau.... No oooh please give me my son. Tau... His name is Tau.... My son please

The pain was just too much my son Tau is gone. I won't get the chance to know and bond with my own child my only child.

I just kneeled there wailing a very piercing sob.

#LESEGO

.

.

My Dimps was breaking and it was hard seeing her like that. She really took this very hard. We spent about 45 minutes in each other's I had told Thabang to tell everybody to leave the premises ASAP. Take everything that's theirs and leave. I knew what was coming so I didn't want to put innocent lives in danger than they already are.

Then suddenly wind entered the hall followed by Bontle.

Bontle: Get up!!!

I looked at her and stood up

Bontle: ooh dear husband you don't have to be part of this battle because I will actually kill you if you don't leave this premises like everybody. Its Dimpho's destiny to die by my hands just like it was for me to be your wife. Now leave!!

Because its about to get bloody in here.

Dimpho was just laying on the floor

Lesego: why are you doing this? Just so you can be Queen. Or just because its a hard pill to swallow knowing Dimpho is actually better than you.

Bontle: SHUT UP!! You don't know what your talking about. Now leave... Before I do something I'll regret.

Me: if you think I'll leave and live you with my wife you must be crazy.

Bontle: hmmm.. You funeral

She smiled

She raised her hands and a gust of wind came and all the chairs in the hall went on the stage breaking. Some of them should have hit me and I can see that she was actually trying to fly me across the room but something blocked me.

Dimps: do you really want to go on this road with me Bontle

I looked at her and I could see pain and anger in her.

Me: don't get angry babe

Dimps: anger get this done Lesego.

Me: or get you killed, be better than her. Don't be a killer.

Bontle: you should leave dear husband

I just looked at my Dimps

Dimps: she's right Go. Now!

I used the door that was not far from where we are and left. I wasn't sure of what I was doing but when I got into the house I found the elders and Thabang kneeling down and praying Our Father.

.

.

#DIMPHO

.

.

The pain of seeing you own and only child being taken away from you is the worst. I have never felt so much pain in the world. Right now I want my son back and getting rid of Bontle is the best option.

I saw Bontle making a tornado starting with her

hands then it grew bigger and she aimed it at me. I created a forcefield to block it. That very moment she was pushing and I was pushing harder. Right then and there I knew out strength where equal. Because right in the middle of the tornado and my forcefield the ground opened and it cracked everything. I had to let go so that I can escape. And that the walls and the ceiling doesn't come crushing down on me. I felt her letting go to and I rushed out. The moment I got out the hall collapsed. I felt something scratching me on my hand. I looked at it and it was Bontle, she must have scratched me.

Bontle: Given up already?

Me: in your dreams.

Then something clicked in me. I remember this, I remember this moment. I once had a vision about me laying down on like this. While in my those.. Bontle started hitting me with a gust of wind and energy balls. I became weaker by the

second.

Bontle: your son will be min

Me: we will see about that. BY THE POWER OF GOD I CALL UPON....

she cut me off

Bontle: I have weakened you Masechaba. What do you think your prayer will do when your own husband can't even pray. Bow before me and except me as your one true God and I will spare you.

Me: NEVER!!!

Bontle: THEN YOU SHALL DIE!!

Me: no one is dying today

Circumstances changed so the vision didn't go as it was so its time I change the outcome.

Bontle: I am GOD

Bontle: ekseliyama Me: salekadaba

We spoke at the same

Bontle: NOOOOO

Me: Our father who art in heaven.....

Bontle: nooo noooo. Nooo you will pay for this  
Masechaba.

.

.

#BONTLE

.

.

Ooh No what's going on what happend.

Me: WHAT DID YOU DO?

Dimpho: I bound your powers Bontle.

Me: give me my powers back!!!

Dimpho: I did not take them... I got the help  
from the elders and Lesego they have been

praying and with their prayer the whole kingdom was filled with angels and they bound your powers I just helped them with the spell.

Me: no no noooooo!!! Things where not suppose to go like this.

Dimpho: you right. But circumstances changed. I saw the vision of the event that was suppose to take place on this war. But Lesego's prayer helped and his Foster Parents coming to take my son.. Changed everything.

Me: no no... You should have killed me.

She smirked.. I wish I could just remove that smirk with a slap

Dimpho: so that I can die too.. You would love that wouldn't you?

This was not suppose to go down like this. She was suppose to do the vanquishing spell while I block it with my other half and she dies and the evil in me dies with her and I get to live but keep

my powers but instate she took my powers with the help if Lesego.

Me: nooooo!!!!

Dimpho: yes!

Me: this is not over...

I got up and ran out... This is not over. They don't know what leverage I have right now. You see on my way here I tool it upon myself to have plan B.

I went to my car and opened my car and there the where.. Brotherand sister. I took out my knife.

Lesego: Bontle No!

Me: there's no wayi am going down without a fight. She took my powers Lesego!

Lesego: I know but please let my brother and sister go

Me: Half Brother and sister

I felt Dimpho approaching.. We where still connected..

She raised her hand to show that she's about to use her power.

Me: don't even think about it, because the moment you energy ball reaches here, they'll both be dead. So as both of us.

She lowered her hand.

Now with that said...

I stabbed both of them

Lesego and Dimpho: NOOOO!!!

I put the knife down and raised my hand with a smile.. Seeing how terrified they looked.

Me: someone had to die, Royal blood had to spill for the war to end.

Dimpho cried

Dimpho: ooh my. Bontle why

I laughed

Dimpho: a life for a life sister.. Since you refused to die I had to kill someone for the war to end. You took my powers. Bad move

Lesego was kneeling down crying Dimpho looked angry or hurt as she kneeled down and the elders came out some calling the ambulance and some coming to cuff me with royal cuffs.

I just smiled looking at the two love birds.  
Helpless!!

FINALE

2WEEKS LATER

DIMPHO

.

.

It was after the funeral we where now going to the hospital to see Yabzo. It was just a silent drive. When we got there the doctors told us to sit down. Lesego and I looked at each other.

Me: why did they tell us to sit down when their the once who called us to come here.

Lesego: I have no idea.

After five minutes the doctor called us in.

We went to his office and told us to sit down.

We did

Doc: uhmmm I understand that you where burying your half brother today. So we decides that we should on to the information until your done with the funeral arrangements.

Lesego: what information

Doc: your sister died at around 23:30 night.

I think I became deaf for a few minutes because all I could see was his lips moving.

I felt someone holding me I saw that it was Lesego.. I could also see his lips moving. I saw the doctor standing up really quickly coming my way. Next thing I know it was lights out for me.

.

.

#LESEGO

.

.

This is too much, this is just too much. I can't believe Bontle took everything from us. I swear to God u am going to kill her with my own bare hands I am going to make her suffer. On Bontle's case, the court found her unfit to go to jail so they tool her to the loony Bin where she will be staying there for the rest of her life. Since I know she ain't crazy I am going to make sure she suffers in there. And the suffering will start today.

While lost in my thoughts the doctor said Dimpho will be OK its just stress and she had a panic attack. I have already asked Thabang to go get her clothes since the family have been annoying me with calls none stop. When Thabang arrived luckily Dimpho was in the shower and it was already late 21:22 to be exact. I gave her, the clothes Thabang came with and we drive home. When we got home the elders seemed rather pissed. I didn't care

because to be honest I wouldn't leave Dimpho all alone and come to their so-called meeting. We greeted and I sat down.

Me: we are here so what's the meeting about.

They called in someone and we all looked up and it was Lerato.

Me: uhmmm what is she doing here I thought she was going home.

Elder1: she can't go home

Me: what do you mean she can't go home, her wedding with Kgosi was just a Shem

Elder1: Apparently her and Kgosi where legally married. And also traditionally married. Here is the marriage certificate and the paper that shows that Kgosi gave her family 15cows with one cow amounting to R6000.

I let out a chuckle

Me: that's absurd.. So what does that have to

do with anything. His "husband" is dead

Elder1: she's pregnant... And it's a girl

My heart skipped a beat

Me: what?

Elder1: Thabang told us about Moyahabo..

Me: yah sooo...

Elder1: you have to take her as your 3rd wife

Dimpho let out a bitter chuckle.

Dimps: you mean third wife

Elder2: it's tradition. Lerato is carrying Kgadi.

I swear to God I did not see this one coming.

This was a bitter sweet moment for me. I can't believe I was blindsided.

Dimps: you know what I don't have time for this.

She stood up..as much as I wanted to follow her and comfort zone. I was just in my own world right now. I did not see this coming. And

truly speaking there's nothing I can do I have to take her as my "3rd" wife because of the baby girl she's carrying. But can I do it, can I do it again. Taking another Maake girl, bringing her on to my home. Can I do another Polygamy?

This is too much for me. I can't take in another woman my marriage again. Noway. This is ridiculous. Not after what happened to Bontle.

I guess I slept with my thoughts because I was woken up by Lesego telling me his Forster Parents are at the gate. I swear it took me 3 minutes to make the bed, shower, lotion and wear my clothes. We went to the living room

and I saw Lerato sitting and eating. I swear to God I wanted to strangle her to death. Lesego's Forster Parents got in.. They where glowing as I last saw them. But they didn't have my son with them I kept looking behind them to see if there was someone with them.

Me: uuuhm where is Tau

F.dad: he is not coming

Me: excuse me!

F.mum: Tau is doing OK but he will not be coming to stay with you.

Lesego: no no no wait I thought you said when the evil is wiped off the Kingdom you will bring him

F.dad: we know what we said

Lesego: then why isn't her here?

F.dad: the Gods don't want him here, evil might be gone and the kingdom my be clean. But that

boy is to be raised in the spiritual world.

Me: no no no that boy is My son. And he needs to be with his mother.

Lesego looked at his parents shaking his head.

Lesego: you knew... You knew this but you didn't tell me

F.mum: baby please calm down

Lesego: Don't TELL ME TO CALM DOWN. you know I understand your husband doing this but you.. Mother

F.mum: I didn't mean to...

Lesego: YOU LIED TO ME

F.dad: you need to calm down

Lesego: you blindsided me.. You took my son knowing very well we can't raise him but you gave us hope. I will never forgive you for this. Both of You.

He walked away

Me: please just give me my son, just let me see him..just once.

The walked out without responding

Me: no please.. Please.. My son.. Just once..

I tried following them but I fell down and I just cried my hardest out.

THE END.....
