PROLOGUE

RED

As a baby from the day I was born, I believe that I knew no one wanted me even my own mother. Hours after I was born, my eyes snapped open that wasn't the most surprising thing ever, it was the colour of my eyes. Ravenswood only had black, brown, black and blue eyes, it was the nature of the kingdom, it was easy to spot someone who didn't belong to the kingdom. The moment I could walk, I knew better than to walk to one of my siblings or the man I knew as father or mother. Kids were told not to play with me, according to their parents I was a poison. What they hated the most is that I never cried at all. They were amazed how I could stay the whole entire day hungry but not cry at all. By five I have mastered the art of disappearing without being seen, my siblings always picked on me, hitting me for no reason, my mother and father shouting at

me for every chance they got. My siblings attended town school while I attended local school where I was seen as a plague, teachers wanted to kick me out of their classes, wait they managed to get me kicked out of school. Some woman from the castle decided to take me in, my parents agreed without a fuss but it didn't mean that the stigma stopped. By six my father and brothers planned to rape me, as usual I disappeared and they couldn't find me the whole entire day until my mother came home but I got the beating of my life for disappearing. Right there I knew that I was all alone in this world yet I was only six. Things took a drastic turn when I was eight I got angry and did something I didn't know that I could do. I almost killed the King's Head Councillor, that is when the whole entire kingdom got together to have me dead and my mother was the leader. The beatings I got in prison were something that I didn't even know as a eight years old I could get. The moment I was sent to the stake to be burnt only my right eye was working. My sisters, yes I had sisters who hated my existence wait everyone hated my entire existence, my brothers and my parents were on the front with the royal family screaming that I should be burnt to dust.

"Burn her!", My mother shouted.

"We should have killed her ages ago!", my stepfather shouted. I was tied on the stake, soldiers of the castle kept putting wood

around me, I knew I was done for. Actually what did I know? I was only eight years old, having no clue why everyone hated my existence. Some said I needed to join my father in hell, I didn't even know about the man.

"Where is the petrol?" the King asked.

"Here!". They poured me with the petrol and all around me. The witch they asked to perform the spell to make sure that I was dead, came closer and looked smug as she stared at me.

"With this I perish you from this earth forever," she said pouring something on me making me scream in agony.

"Burn her!" they shouted.

My family threw the matchsticks and the fire went up. I screamed as I burnt in pain, I could hear a voice calling my name. I turned to look at the woman looking directly at me, it was Tamara the witch that took care of me when my own family wanted nothing to do with me.

"Lavinia, Lavinia you will rise. Fall you will rise. Fall!" she said. I felt a sharp pain on my rib, the spear was stuck on my rib but I didn't scream. My body started feeling numb but I was still burning. In a kingdom of werewolves I was absolutely nothing, with only creepy eyes I was defenceless. I knew the very moment my younger siblings showed their wolves that I wasn't one of them at all. At least death is going to comfort me.

First of her kind, to them a little abomination growing so they killed her but phoenixes turn to ashes before rising.

My name is Lavinia 'Red' Jauner and this is my story.

Wear red and black either we bleed or attend funerals nothing else.

✓ CHAPTER 2

PRESENT DAY[13 YEARS LATER]

KING ROSSETTI V

Me: What other choice do we have Salima? Those sorcerers aren't going to stop destroying the villages at all.

Her: Witches can't really do anything to sorcerers, we are two different kinds Your Highness. They are more powerful and dangerous.

Me: More reason to ask the Uriel for help.

Her: Why would she help us? You know what happened 13 years ago and that was it for me, I was banished from returning to my home. Why would she help us?

Mandy:Salima you were banished,not us in case you forgot. They have sent witches to help us all these years without a fuss, you are putting your personal issues here. You are worried that the Uriel coming will realise that you are the witch banished from Malla Empire and that has nothing to do with us.

Her:You could ask for assistant witches.

Me:We got those,only to get a burnt village and 50 dead villagers. Salima you are not as strong as you used to be, you need to put pride aside .

Mandy:Your personal issues are not going to help us from this problem at all.

Her:My Lady I apologize for this.

Me:We will leave as soon as possible.

For a year now we have been suffering attacks from sorcerers,as a kingdom of werewolves we have never met very tricky beings before. Yes vampires were faster and conniving more but these were different. We didn't feel or hear them at all,the villages say they only saw them between them out of the blue without a warning. What was worse is that they made sure a huge number of villagers were dead including children. We couldn't understand a thing about them at all, whether they liked attacking in the morning or at night because they attacked anytime. The only proof we got was the type of clothing that

couldn't stop burning for days,Salima screamed when she touched it only to come back with a black hand. Just like that we knew we were dealing with something far worse than witches. Of course we tried to handle it ourselves but it was obvious that they were unstoppable and we were just nothing to them.

Going to Malla Empire was longer than I expected. Even at the gate we were stopped and waited for almost two hours, they didn't care at all about what we thought or felt and finally got let in. The empire was on the coldest part ever, they only had three seasons winter,spring and autumn nothing about summer. They had a nickname for them, Shadow walkers because the new Uriel and her team seem to be very faster, dangerous and unstoppable. It was big very bigger than my castle. I always expected witches to be wearing cloaks and carrying brooms everywhere they are going but no. They were walking around like normal beings as we were led inside.

Mandy: Didn't they say we were waiting for the Uriel at the gate?

Me:That is what they said my love.

Mandy:They are going to make us wait again,such poor services from a decent and reliable kingdom. This is disrespect-

Voice:King and Queen of Ravenswood how lovely.

We got up and bowed a bit.

Me: Uriel Tamara?

Her:Who did you expect?

Mandy:We thought that there was a new Uriel.

Her:And?

Me: That we will be talking to her.

Her:Are you here to question our doings?

Mandy:No,no My Lady.

TAMARA

I expected the council to want me removed from everything instead they were happy that I saved the child. The moment they saw her, they declared that she would be the next Uriel. She has proven to be fast and stronger than any Uriel considering she was blind. Now Ravenswood coming here has made me a little uncomfortable,thank God the real Uriel wasn't around because I don't know what she could have done to them. Yes we heard about the little situation with sorcerers but we weren't going to act like we wanted to help them at all.

Me:Please enlighten me on what you want from this kingdom.

Rossetti:My Lady I hope you heard that we have had a little problem with sorcerers.

Me:I definitely didn't hear little,it is worse.

Mandy: They have killed fifteen percent of the population within a month and destroyed seven villages.

Me:I know that too. Why are you here?

Rossetti:We need your help with them.

Me:Witches and wizards against sorcerers?Are you listening to yourself?Yes we can fight them but that is the most draining and dangerous fight. We chose to stay out of each other's way. The last time witches and wizards fought against sorcerers

Advertisement

it was a Cold War, five kingdoms were destroyed because these two never stopped. Two beings fighting with magic, they are bound to destroy their surroundings.

Mandy:Yes My Lady we hear you but the sorcerers were banished from attacking the villages or kingdoms. How come they are doing so now?

Me: Clearly you aren't dealing with sorcerers.

Rossetti:Sali-

Me: When was the last time she contacted her ancestors? Oh wait I know the answer, she can't do that because I banished her from coming home. Pretty little witch is losing all her powers, I think I might even go to Ravenswood by myself to see this. You are going to have to wait for the Uriel to come back in the evening so I can tell her about this.

Mandy: Can't we talk to her ourselves?

Me: None of the visitors talk to her, they talk to me simple. Get them tea, these are summer walkers they have no idea about the temperature drop in the evening in Malla. Excuse me.

Now talking to Lavinia was going to be far worse than I knew.

RED

Me: We have many types of witches, lunar, green, kitchen, necromancy, etc. Now you need to understand what type of witch you are before you try spells. Some are going to be very dangerous for your type. Put your ego aside Maurice.

Maurice: My Lady!

Me: Ego aside!

They stifled a laugh.

Me:And the rest,oh God of Egypt help me. You are,umm, you are terrible. You fight like some girls with claws yet you are saying that you are ready to go against seniors. I can't even believe that you passed the physical test in the first place, you can't stand right or even move right. Such an embarrassing thing, to think that whenever I leave,my kingdom is being looked after by sissy boys and little bitches. We do not talk while I am talking. Uzile come here.

I could hear him stepping closer lightly.

Me:Stance!

He shifted and did what I think was a stance, I took off my robe and stepped closer slowly.

Me:Show me what you got.

He threw a fist but I held his hand and twisted it before kicking his knees and fell.

Me:Get up boy!

Him:Your Grace I apologize.

Me:You are all little pussies, I am very blind yet none of you can even land a punch on me. You start from scratch and I dare you to groan. Good.

I grabbed my robe and took a deep breath before turning, then feeling the ground before walking back to the castle.

✓ CHAPTER 3

TAMARA

I couldn't get to talk to Red the same night so they had to sleep in the castle. She gets to go and see her father, the bond those two have is pure and beautiful something that I never knew existed at all.

Him: What are you doing?

Me: Loki I am thinking.

Him: About what my love?

Me: This thing with the Ravenswood kingdom.

Him: You are worried that Red won't agree.

Me: I know she won't, she wants them dead. Telling her to go and help them, is the same as asking her to go and kill them. We all know what she is capable of and I don't think we want her there.

Him: We all know that the council have an alliance with Ravenswood, they will want her to go there because of the witches already there.

Me: I know that, I am worried about what she will do.

Him: My love listen, we know her I mean we raised her after all, she doesn't get distracted that easily. Yes she might help them with the problem but it doesn't mean she won't kill them.

Me: You see? Same time I don't think they are dealing with sorcerers because they were banished from walking amongst humans, they are facing something far worse.

Him: All the reasons to convince Red to go there.

Voice: Go where?

She walked in wearing a tracksuit and had a walking stick on her hand.

Me: You need to sit down for this.

Maurice: Mom.

Kyle: Sometimes I don't think we are twins, you are Mommy's boy.

Maurice: Mom, sister over there said I have an ego.

Me: Don't you have it?

Maurice: That hurt.

Kyle: Good morning Mom.

Me: Ravenswood.

Her: I heard everything already.

Him:And?

Her:I am not helping them.

Me:The council wi-

Her:Will not dictate me whether they like it or not.

Me:Red there are little innocent children who don't deserve to be hurt by-

Her:Did I deserve what they did to me?I have a reminder that those animals destroyed me. Mother do you still have black hair?

Me:No.

Her:I can't even see a thing because of those animals and you want me to help them because the council will want to do so. Hell with the fucken council!

Me:Red they will leave you with no choice.

Her:They should try me like they did before.

She got up and walked out.

Kyle:I will go talk to her.

RED

I sat on the stone thinking about the days I spent being persecuted for existing by my own mother and siblings. I vowed that one day I would destroy each and every one of them. I wasn't going to help them not now or anytime soon. I can't see a thing because of what they did to me, I am blind with no luck of ever seeing again. Thirteen years of hoping but nothing because of them. They took the only thing that made me see them for who they really are.

Voice:Two hundred for your thoughts?

Me:Make it five.

Her:Here.

I held the paper on my hand before putting in my pocket. Yes me and her always do that, paying each other.

Me: They want me to help Ravenswood.

Her:They do need your help though.

Me:Whose side are you on?

Her:Look Red, I know your hatred runs deep for that kingdom. They destroyed you, your own family had you burnt on the stake for something you had no idea of. I am not saying forgive them,no,no. You could just help them with the problem they are facing while you are going after the ones that were responsible for what happened to you.

Me: Sometimes I don't think you are a human Niya.

Her:I learnt from the best to put my heart on the side and face issues head-on. I know how much you love children Nia

Advertisement

they are innocent just like you were innocent. They don't deserve to die like this that I know, I am willing to come with you.

Me:I don't know Niya,all my nightmares have gone now bringing them back isn't very idealistic.

Her:You are not going to be alone this, your whole entire team is right next to you. They have to regret what they did to you, they need to pay for everything they did. A whole entire kingdom bullying an innocent child who had no idea why. I am not going anywhere.

Me:I will think about this.

KING ROSSETTI V

The most surprising thing was when Tamara told us that the current Uriel bluntly said that she doesn't want to help us. Yes it was surprising, something that has never happened at all,Malla Empire never refused to help us so we had to go and talk to the council so we could understand why they couldn't

help us. The council walked in one by one in silence, we couldn't see their faces because they were wearing cloaks all of them. The one with a green cloak stood not far from us.

Him: We have summoned the Uriel and she should be here.

They all bowed their heads, my wolf was getting uncomfortable stirring and scraping inside. I knew it was a woman who was about to walk, I could smell the perfume. I bowed a little as she walked inside.

Him: She is sitting down.

We looked up, she was wearing a red cloak shadowing her face. I could feel her eyes staring on me, the hair on my back stood up and I couldn't stand still. I looked at my wife, she looked very sweaty and I knew I was not the only one.

Him: My Lady you didn't consult us when you made a decision not to help them. As your council we disagree with you.

Her: I don't care if you disagree or don't.

They gasped, well I also did.

Him: My Lady you are getting out of line.

Her: What are you going to do about it?

Silence. Clearly they were scared of her that I knew now.

Her: Ravenswood can fix its problems. Is there anything else?

No one said anything, she got up and they all bowed. She walked to our direction, I could hear my heart hammering my chest as she got closer. I could only see her mouth, something hit my knees and I went on the floor and bowed.

Her: You bow to your superiors in this kingdom Rossetti.

Me: My apologies My Lady.

She stood, hovering over me for sometime before heading to the door and left. I took a deep breath and tried to control my beating heart.

✓ CHAPTER 4

KING ROSSETTI V

Me:The Uriel made it clear that they won't help us.

Her:This is bad very bad.

Me: Tamara wanted to help but the current Uriel bluntly said that she won't.

Mandy:How far is Mahe with Zalem?

Mahe:Your Majesties we have their alliance but Queen Diamond can't really do anything since she is heavily pregnant so is Bryanston Kingdom. The queens are expecting.

Me:The lycanthropy?

The council looked at each other.

Mahe:Your Grace,lycans will destroy us not help.

Me:I know that but we are facing something far worse right now and our pride isn't going to help at all. We will bow down to anyone willing to help us.

Mandy:Alpha King calm down.

Me:The Uriel does not want to help,the most reliable alliance doesn't want to help!We form alliances even with vampires if we have to.

Mahe:Alpha we can't do that, vampires would never help us never.

I was defeated, I had no idea what I was going to do. The door flew open and guards walked in.

Guard:Your Grace we caught a man saying he has a message for you.

Me:Let him in.

I expected the man to be looking filthy or something but he was dressed in a suit walking slowly.

Me:Who are you?

Him: I don't answer to anyone but I am here as a messenger.

Me:Sent by who?

Him:I don't answer to anyone. I am here to give you a friendly warning simple,we need this land.

Me:You must be really crazy.

Him:This land was built on very powerful grounds.

Me:I know the history of this land, don't lecture me about that.

Him:Leave in peace.

Me: Leave my own land for you?

Him:We need what is buried here.

Me:What the ancestors buried,my ancestors and you come here to tell me to leave.

Him:Friendly warning Rossetti.

Me:Go to hell!

He looked at me and smiled before walking out whistling.

Mandy:He just waltz in here to tell us to leave our own land.

Wow!

Me:I am so stressed right now.

I was looking at the reports of the damage done by whatever creatures. A knock echoed as I sat looking at the papers.

Me:Come in.

Him:Father.

Me:Jemima is everything okay?

Him:I need to talk to you about something.

Me:Go ahead.

Him:You should have let me go with my beta to Malla,maybe the Uriel would have talked to us youth. I mean as the future king of Ravenswood I should start doing some duties.

I looked at him surprised, I should have done that in the first place.

Me:Why didn't I think about this?

Him:I could do this Dad, please let me.

Me:Get your team then and go there.

TAMARA

Him:The Uriel doesn't take orders or listen to her own council.

Me:Dad we both know that she can't be controlled at all.

Him:This child has no emotions!

Me:Her father can talk to her but we know that he won't do this.

Him:None of the council is willing to ask for her to be removed because we have been living in peace ever since she ruled,lycans no longer try to kill us because she fought them. All our enemies have backed down from fighting with us because of her,so we know better than to try remove her but her stubbornness is tiring.

Me:We can't really force her to help the same people that killed her Father.

A knock echoed.

Me:Let the person in.

The guards opened and young men walked in.

Me:Umm Maurice and Kyle are on the south side of the castle my sons.

The one who walked in first slightly bowed followed by the rest.

Him:My Lady,My Lord, I am Alpha Prince Jemima of Ravenswood. This is my beta Zakes Mahe,my gamma, London Greene and delta, Casian Ndumiso.

Me:Uhuh?Let me do ask what I can do for you.

Him:My father came to talk to the Uriel so we thought we could ask her ourselves.

I looked at my father,he got up and walked out.

Me: Didn't your father tell you that the Uriel doesn't talk to anyone?

Him:He did but we are trying to get her to talk to us. We represent the youth of Ravenswood so that is why we are here, hoping she would be willing to talk to us.

Me: During the day she does not even come to the castle.

Him:We are willing to wait My Lady.

Me:Are you here to convince her tha-

I could hear noise coming outside,the door opened

Advertisement

Kyle and Maurice walked in first followed by the rest.

Kyle:Hi everyone.

Him:Hi.

Me: Meet my sons Kyle and Maurice, Klye's girlfriend Ariana,Zanita and her boyfriend Siseko, Orlando,Evan,Lola and her boyfriend Mason. We call them Shadow Walkers as they are the Uriel's team.

Him:I am Prince Jemima,beta Zakes,gamma London and delta Casian.

Maurice:They are wolves.

They snickered.

Me:Ladies and gentlemen calm down. Where is the Uriel?

Maurice:Mom we all know that whoever wants to talk to the Uriel leaves a message. So what is so special about them?

JEMIMA

It was clear that none of them wanted us any closer to their Uriel, the way they were looking at us. I didn't even understand why they hated us. We ended up having to wait for the council to appear so we can do an appeal.

Zakes: So all the girls are in relationships?

Casian: Zakes you and girls, Lord forbid.

London: But the Uriel happens to be a woman.

Zakes: She sounds very dangerous so I would love to meet her.

Me: You are losing your senses, why would the moon goddess bless you with a mate that is a witch? Come on I haven't found my mate but I would never want a witch as a mate.

London: Would you reject her?

Me: Most definitely, witches are like demons.

Zakes: She will curse you but to think about it, werewolves and witches never got along.

Casian: I don't even want to think about dating one.

Guard: Follow me.

We got up and followed the guard. I could feel a shift on the air line we were being joined by something different. I turned but there was no one.

London: Is it me or I feel like we are being watched?

Casian:I thought that I was the only one.

We walked in what looked like a small stadium with people wearing cloaks,we stood in the middle looking at them. The one with a green cloak stepped forward and stood before us.

Him:The Uriel made it clear that she is not willing to help you.

Me:I know Sir but we were hoping to talk to her.

Him: That is absurd boy,no one I mean no one talks to the Uriel.

Me:We are trying to understand why she doesn't want to help us.

He looked at the rest of the council before going to the guard and whispered something before it walked out.

Him:The Uriel is called.

He went back to his chair.

Him:Which one of you has a mate?

Me:London and Zakes have mates.

The guard brought up a glass and handed it to me.

Him:Take a sip and pass the glass.

It tasted like water.

Him:Bow.

I watched as they all bowed and followed. I could feel the air changing, suddenly it was cold and something was different in the air. We could hear footsteps yet I couldn't smell anything. Wait they had us drink a very well known mixture that made wolves lose senses. No wonder we could not smell anything, our wolves were suppressed.

Him:She has seated.

There was a new member wearing a red cloak,she sat on the highest chair looking at us. I couldn't figure her out but it was clear that she was powerful.

Her:I am getting a little tired of coming here.

Him:This is the future Alpha King of Ravenswood a-

Her:Beta,gamma and delta pathetic if you tell me. Youth forming unity and coming to talk to the Uriel maybe she could listen to us. How pathetic!

Me:My-

Him:Silence!

She got up from her chair and the guy helped her get down before she walked to us. To be honest I wanted to move from where I was standing.

Her:Beta you wouldn't happen to be a Mahe?

Zakes:I am.

Her:Step closer.

He was sweating as he did. He stood still before groaning in pain, something popped and he fell on the ground.

Her:Oh my!Do tell the King I will be coming, you managed to convince me. You boy.

She pointed directly at me.

Me:My Lady.

Her:Take your friend and leave my grounds.

She headed straight to the door and left.

✓ CHAPTER 5

JEMIMA

I looked at Zakes lying on the bed, when we came back with him, he was dripping sweat and unconscious the whole entire journey back. Salima was the one attending to him.

Dad: What happened?

Me: She asked if he was a Mahe then asked him to step closer, he fell on the floor after that.

Casian: Then said she will be coming.

Mahe: Why would this woman hurt my son?

Dad: We don't know why she did this.

London: Well she will be here in no time.

Salima got up and sighed.

Her: From what I know she used a spell to force him to shift.

Mahe: She can't force him to shift, can she?

Casian: They had us drink something that suppressed our wolves.

Mahe: She knew yet she went for my son and did this to him for no reason.

Her:She cut the connection between him and his wolf, temporarily.

Dad:Why would she do this?

Me:We don't know.

Mahe:She is going to pay for this.

Dad:Mahe you will be starting a war you can't finish,she did this on purpose and you will be falling right in her trap. The Uriel always test those who need her help, to see if you are going to try her when she arrives.

Mahe:This is heartless Rossetti!

Her:My love what is wrong?

Me:I am worried about having the Uriel here, I mean she has proven that she doesn't like us at all.

Her: She is coming?

Me:Yep.

Her:Does she really look like those witches from the movies?

Me:With the cloak ?Most definitely.

Her:Is she pretty?

Me:Janice I don't know, I didn't get to see her at all.

Her:I heard that she is the most powerful Uriel ever in the entire history and youngest too.

Me:You know your history my queen.

She blushed.

Me:Come on don't hide that from me.

Her:You are making me so shy.

Me:Come on.

I tickled her as she laughed.

RED

Kyle:She hurt him.

Me:Did you see me?

Kyle:I saw him being carried out of the hall.

Me:That doesn't mean it has to do with me.

Ariana:Babe you don't even know what happened.

Maurice:All I know Red over there is only going to Ravenswood to kill some people.

Siseko:And she is going there to do this, just like me. I mean who kills a child for all the wrong reasons?

Orlando:We are doing this?

Zanita:I can't believe we will be performing real rituals on real people. Lola: The joy!

Evan:These ladies are cruel I am telling you.

Mason:Tell me something I don't know.

Me:You are dramatic,we are merely helping that kingdom for the obvious reasons which is to help the children.

Evan:Heard that?She said children.

Lola:But guys what are we up against?

Zanita:They said it is sorcerers.

Maurice:Sorcerers don't kill people, they use them for blood sacrifices and rituals not kill.

Kyle: That is the most confusing part about this, I feel like it is something far worse than I know.

Orlando:So we might be meeting a new enemy?

Me:A very dangerous one, what is worse I didn't contact the ancestors at all. I am just letting everything flow on its way.

Evan:That doesn't sound like you at all.

Me:I know that I have been beaten up by those people they burnt me alive for something I didn't even do. I can't see

anything at all. Mahe raped me, I defended myself and I get to be burnt on the stake. My family, they, I, oh God why? Why me?

I cried for the pain tattooed on my heart and realised that I haven't healed at all. I felt arms wrap around me.

Him: Lala what is wrong?

Me: It hurts Daddy, it really does. Why did my mother hate me?

Him: I don't know baby little Red, I don't know I real don't. Please stop crying.

Me: Know what? Get our things guys we are leaving tomorrow afternoon and send a message to Ravenswood that we are coming.

Him: Lala are you sure?

Me: I want Mahe first.

TAMARA

A knock echoed as I was packing my books. Me: In.

Jackson walked in, over the years he really changed became more stronger than he was before.

Me: The Lord of Medina.

Him: You were not going to tell me, where you?

Me: Look there's nothing to tell, she's not going there.

Him: You have no idea, do you?

Me: What is that suppose to mean?

Him: She is going there to kill them.

Me: I don't know that.

Him: What you feared is about to happen, she is going there to kill them.

Me: What?

Him: She is on a rampage Tamara, lord knows what she will do if she arrives there.

Me: She is the Uriel, we can't tell her what to do or not. She wants to avenge herself so let her be.

Him: So you don't mind if werewolves wind up dead?

Me: Jackson you should be understanding what she is feeling, I was there when they burnt her alive. I saw everything so I completely understand her wanting to kill them.

Him: I am not saying I don't understand but I didn't raise a serial killer.

Me: They did that not you, Jackson is bent on the early stages so let them reap what they saw.

✓ CHAPTER 7

RED

There was something about this kingdom, something that I real couldn't understand or whatever. There was darkness all over the kingdom like there was something lurking around. I was sitting on the ground trying to take a deep breath on the field, I sat there since morning with my shorts and sport bra. I could hear someone coming closer but I sat still.

Voice:My Lady.

"With this I perish you from this earth forever",the words rang in my head making me turn, I could see a silhouette of woman dressed in a long dress and high pony.

Me:Salima.

She stepped back in shock from the energy oozing from her.

Her:My Lady, I didn't know that you know me.

Me:You killed an innocent child and got banished from Malla.

Her:I was doing what was right!

I got up so fast and grabbed her by the throat.

Me:What was right?Do you call what you did right?

I pulled her up as she struggled to breath,my claws elongated squeezing her throat tighter.

Her:My La-dy.

I could smell the blood, I could feel my fangs threatening to pop so I let her go.

Me:You are still banished from Malla and it would be wise if you never try going there,we sacrifice unwelcomed guests now. Disappear!

I could see her shadow running from where I was standing. I went back to sit down on the ground and closed my eyes in silence.

Me:You know if you want to talk to me, you can step closer.

I knew he could hear me from where he was standing,he was a werewolf after all. I could smell him just fine as he walked towards me.

Him:My Lady.

Me:Can I help you?

Him: Have you found out about this enemy of ours? Me: Don't you know your enemy?

Him:My father-

Me:I could have said Rossetti V if I was talking about him. What is your name again?

Him:Prince Jemima.

Me:So James don't you know your enemy?

I could feel the frustration oozing out of him, frustrating people is one of my many characteristics. Him:Jemima. All I know that it is dangerous more than vampires or lycans.

Me:Why don't you ask lycans to help you?

Him:We don't exactly get along, they believe tha-

Me:They don't believe, they know that they are stronger than you bunch of bratty puppies. Lycanthrope can use their powers without shifting unlike you,are taller,stronger ,ten times faster than you and definitely better.

Him:Ok ,ok I get it we are wea-

Me:I do hope that you and your wolf are not talking to me like that.

Him:My apologies My Lady.

My hearing heightened, I straightened my neck and looked up.

Me:Tell me something, how fast can you get to the castle?

Him:Three minutes.

Me:Call the guards then.

Him:Huh?

Me:We have visitors!Duck damn it!

I jumped on him sending both of us flying to the ground.

Me:Learn to act fast when I tell you something.

A glass shattered, they really wanted him dead. Me:Damn it!Run in two and one!

I got up and my stick moved to my direction.

Me: The power in me as a daughter of the soil,calls upon the unity of the Uriel.

I grabbed the stick and ran ducking the arrows coming my way.

Mason:The hell is going on here?

Me:Cover me you crazy man!

JEMIMA

I couldn't stop my beating heart as the bell rang through the entire castle. It was chaos as the guards tried to dodge the arrows coming every corner. I grabbed a sword and walked out. I stopped as I listened some melody echoing,there were no arrows falling

everything seemed to be freezing as the arrows were on the air not moving. Something gel like was covering the entire castle, the Uriel stood with a staff on her hand singing whatever as the vibrations echoed sending waves all over. The cloak made her look magnificent as she kept going up and up. She went down quickly and the staff hit the ground shaking the entire circle and the gel like disappeared.

Her: Come here!

Me: What is she doing?

A shadow came out of nowhere and stepped closer to her, I couldn't exactly pinpoint what it was as it moved like a shadow. We all got closer as we looked at the shadow standing before the Uriel.

Her: Why are you here?

The shadow moved the cloak. Wait it was a man! Him: Your Majesty.

Huh?

Her: Nathan what are you doing here?

Him: If you didn't get in my way of killing the little prince, I would have been gone by now.

Me: What do you mean kill me?

Him:I am showing you myself out of respect, don't stand in front of my mission or I will forget who you are.

Her:Can you forget who I am to you?Bow Nathan!

He looked baffled as more shadows came and bowed before her,he slowly bowed down.

Dad:Why are you not killing him?

Her:You don't tell me what to do!Nathan get up and leave.

Me:What?

They disappeared just before us. We were definitely stunned as to what just happened in front of our eyes.

Dad: What on earth was that?

Her: I do hope you are not talking to me like that!

Dad:You just let our enemy go!

Her:Your enemy?Are you this stupid Alpha King?That is not your enemy,do you not know a skinwalker when you see one?

He looked stunned for a second and went quiet without saying anything like he understood what she meant well I had no idea what is a skinwalker. We walked back to the castle in silence ,everyone seemed to be in their feels trying to think about what was going on.

Dad:Skinwalkers are suppose to be extinct.

Her:Are they?

Me:Can someone explain what are those things that tried to kill me?

Her:When the moon goddess created the creatures,she did not only make good beings I mean you for example,she made the worst like sorcerers and demons. Now what happened when the creatures she created ,started fighting each other?She got angry and gave the first King of werewolves supernatural assassins which are called skinwalkers. Skinwalkers are supernatural assassins only controlled by kings and they do not stop until their target is dead.

Mom:You just let one go! They bowed to you!

She literally sent my mother flying across the hall but my mother regained balance.

Her:That is what happens when you force mate bonds,you become a little stupid. Skinwalkers cannot be captured,I am the Uriel they cannot do anything to me even if they wanted to.

Me: Who is controlling them ?

Her:Are you deaf?I just said controlled by a king. Everyone gasped,she is surely rude.

Dad:Who is trying to kill him?

Me:Did she not say that they were given to the first king of Ravenswood?

Dad:My father banished them after he made an alliance with the King of lycans.

Me:Lycans and werewolves are you serious?What happened to that?

Mom:I rejected my lycan mate and married your father.

Me:You are not mates?

Dad:The alliance broke after that.

Me:I get that but what happened with the skinwalkers?

Her:Vampires took charge of them,that is why fifteen years ago this kingdom got up and tried to kill Lord Jackson Del Monte.

Dad:We did not try!He raped one of our own!

Her:Did he?

Dad:Yes there was a child to prove that too!

Her:Where is the child?

Dad:Six feet under after she attacked my beta almost killing him.

Her:You are really stupid Rossetti the Fifth,what makes you think putting a stake on the oldest vampire is going to kill him?!

mean I have met the Lord few times and he is definitely not dead.

Dad:It is impossible!

Her:Is it?Now I came here to help you on the little issue with what you call sorcerers,I did not come here to save you from very dangerous creatures.

She turned but stopped, one of her team walked to her and gave her his arm. I followed right after them. Me:My Lady,I wanted to say thank you for saving my life.

Her:You are one of the children boy,I cannot let children be hurt in my presence.

Huh?

Kyle:How old are you?

Me:Twenty seven.

Maurice:You are letting a child call boy?

Her:Do not try me boy,I will kill you. Wait can you take me to Green Veld Village tomorrow?

Me:Of course I will My Lady.

Ariana:It is a date?

Her:I may be blind but he is not the type of drink that makes me burp .

Lola:Oh shit!

Mason:She did not just say that my man,you did not let her say that my dude.

I just shook my head and left them behind. They were a crazy bunch.

Dad:Del Monte is not dead!

Me:What does that mean for us though?

Dad:A vampire avenging his daughter.

Me:You managed to kill him the first time.

Dad:You heard what she said,we put him in a temporary sleep instead. Is this kingdom really dying like in those prophecies?

He got up and left.

✓ CHAPTER 8

RED

Me: My father sent skin walkers to kill the prince.

Kyle: It was bound to happen.

Lola: You haven't forgotten your date My Lady?

Zanita: Date?

Me: What date?

Mason: My little girl is going on a date?

Ariana: She shouldn't go dressed like that.

Evan: With who?

Siseko: Impossible.

Me: So far I have no idea about a date.

A knock echoed, I didn't even try to smell.

Maurice: Is someone going to tell the person to enter?

Ariana: Umm My Lady?

Me: Is someone going to get the damn door?

Someone opened it letting the person enter.

Me:Who is it?

Orlando:The Prince.

Me:What does he want?

Him: My Lady you said I should accompany you to Green Veld Village.

Kyle:Alpha Jauner's land?You don't say,is it safe to come with?

Me:Aren't you a little dramatic?

Maurice: Actually we are all coming.

Me:Who said so?

Orlando:My Lady we did-

Me:I am playing, come with me. Rossetti just wait outside the room.

I could hear footsteps leaving the room.

Me:This is not some stupid fantasy,this boy is merely is going to help me in locating all the people I am here for.

Kyle:Ohh?

Me:Now get me something to wear to go and meet my family and old friends.

We sat in the car in silence, no one said anything to anyone as we traveled to Green Veld Village. The more closer we got, I could feel my anger getting out of control. It smelt the same, sounded a lot populated than before.

Him: I hope you don't mind we will head to meet the Alpha and Luna.

Me: Is Charity still Luna?

Him: Yes she still is.

Me: Are their children still around?

Him: Yes they are, their oldest son will be taking over in few days.

Me: Havard has found his mate?

Him: Yes, my sister.

Me: I thought you were the only puppy Rossetti had.

Someone coughed.

Kyle: He has three more siblings.

Me: Kyle I didn't ask you though but it's fine. Is it possible to see them? All of them?

Him: I am sure, let me go check out before they let us inside.

Maurice:A whole twenty seven year old is scared of a twenty one year old!Life of power!

Me:Tonight we will be having some fun.

Zanita:What are we doing? Should I wear black or red?

Lola:What is the occasion?

Me:I believe we are not far from the pack house so what I am thinking is,mmhm,how about it goes up in flames!It will be a little hint then we start cutting the tree's branches first.

Zanita:I think it is a good idea, I am in.

Me:Boys?

Evan: What choice do we have?

Mason:None.

Then the footsteps came.

Him:Follow me.

We walked following him,the familiar scents hit me as we entered.

Voices:My Lady.

We sat down, I could feel my anger calming down as I looked at the powers radiating off everyone sitting in the room.

Him:Alpha Jauner and Luna Charity.

I snickered in annoyance.

Me:I am sure as a Prince you are not their spoke person, you are starting to annoy the hell out of me. I know you not that scared of me

Advertisement

you are trying to figure out something about me, your father sent you to learn more about me and my team. Can't the Jauner's introduce themselves? Actually I know all of them.

Silence.

Me:Charity walk with me,Lola help me thank you.

We walked out in silence.

Her:I am really grateful for what you are doing for my kingdom.

Me:Did Jackson rape you?

Her:What?

Me:You know exactly what I am talking about Charity.

Her:Yes he did.

Me:Really?I am the Uriel, I know the lies buried deep inside and you just lied to my face. Getting two mates is a blessing and a curse but you chose to lie, persecuted an innocent child for it. Did your precious king tell you that Lord Jackson Del Monte is alive?

Her:It cannot be.

Me:Poor you.

JEMIMA

I was starting to get used in acting like I was really scared of her but she seems to know everything. What kind of a blind woman is this?

Havard:She looks young.

Kyle:You look old.

He growled but they didn't even flinch except looking at him.

Me:Can we calm down?

They walked back inside.

AlphaJauner:Is everything okay my love?

The way the Uriel was starring at their direction you could see it wasn't friendly.

Her:I think we should leave now.

Harvard:So fast?

Her:Let's go.

I also got up and followed them.

Kyle;We are doing this right?

Her: Leave a little something for the woman though.

Me: Look it is my responsibility to know about everyone helping us, maybe I should have told you instead of acting.

Her:Cute now stop talking.

Me:You witches have this menta-ah.

My tongue couldn't move but it felt like it was being pulled from its roots by force. I held my mouth in pain as I tried to follow them,my mouth couldn't was aching making me sit. I groaned in pain,there was ringing echoing in my ears as I held my mouth. Slowly the pain disappeared.

Me:Damn you go-the hell?

The cars were gone.

Havard:Seems like you were abandoned Your Highness.

Jamal:Though I have to ask,is she single?

Me:You are not really thinking about approaching that witch?

Jamal:Every cold heart once loved someone before.

Me:A witch?Those things think they are all that just because they know magic, they are absolutely no body. The moment they help us with this enemy, I want them gone from this

kingdom forever. They are disrespectful and pathetic. A child telling me what to do!Damn it!

Jamal:I would like to take a chance with her.

Havard:Do not wind up dead brother.

I was angry from now on no more acting.

CHARITY JAUNER

I looked at the empty space, I was still baffled as to why the Uriel came to tell me what she knows.

Me:I shouldn't let myself be worried.

Him:Why are you talking to yourself?

Me:The Uriel told me that Lord Jackson Del Monte is still alive.

Him:How come he didn't tell us that?

Me:With all the problems the kingdom is facing he's bound to forget.

Him:Do not worry he is not going to hurt you as long as I am here.

There was a sharp sound for a second.

Me:What was that?

Him: Maybe it was nothing. Look I know he scares you but don't be worried, werewolves stand together.

Me: I know, I know but I have to be worried, the man whom we thought was dead has been ali-

Another sharp sound echoed longer now making us groan. I went to the window and opened it.

Me: Oh Lord!

He came running to the window. He gasped as we watched the pack house burn in flames. I screamed before jumping out of the window, pack members came out to help put out the fire. My heart was hammering my chest as I looked at the house burning, somehow I felt like I understood why the Uriel told me about Jackson. She knew what he was going to do and I had no idea what to do at all.

Me: Jackson.

Him: What about him?

Me: The Uriel tells me that he's still alive then this happens.

Him: We need to talk to the King very soon then.

Me: He is coming for me, he is going to kill me.

Him: No my love he's not going to do anything to you as long as I am alive. Never!

✓ CHAPTER 9

RED

I walked to the castle with Orlando on my side, sometimes I hated travelling to other kingdoms because of this. Having to be helped to go anywhere was annoying but at home I knew the grounds so I didn't have to rely on anyone at all. I heard the greetings but I was far from responding to them. I sat down.

King: We have the Oracle coming.

Me: I called her.

King: Jackson attack-

Me: I didn't come here for that.

Sometimes I loved abusing the power I had but I was more than happy to use it here.

Him: We do not talk to the king like that witch.

Me: Aah Mahe coming to the rescue. What did the child do to you again? She attacked you okay cool.

Jemima: Don't you think you are being disrespectful? Why are you undermining us in our own kingdom? This is not Malla, you should be respecting us. What you did yesterday was the last straw, calling me a child was pure rude and immoral.

I grinned well it seems like they are growing balls. I could hear her footsteps echoing in the hall.

Me:Makaziwe.

Her:Your Highness.

Me:You are making me sound old yet I am younger than you.

Her:You took me under your wing and raised me Your Grace, I know I am older but you were like a mother I didn't have.

Me:But I said call me Red.

Her:I can't do that My Lady.

Me:Are you ready then?

Her:I already know what you are up against. Did Sir Marvin tell you about the prophecy?

Me:Huh?Grandpa Marvin never said anything about prophecy.

King:Who is that?

Her:Lady Tamara's father. There is a child who will be born between a werewolf and a Lord of Medina,the first of her kind and earth's salvation. On the wrong hands she will be the end of the world but on right ones she will save all beings from becoming extinct.

King:What?That is impossible!

Me: This is not right!

Him: That child is dead! She attacked me yet she was on the right hands.

Her: I am merely telling you what the ancestors said nothing else, do not bite me! The ancestors chose her because she was going to be the most powerful being to fight for the entire world.

Him: We are doomed.

Her: But Your Majesty your brothers are necromancers, they can raise her from the dead for a short period of time.

Me: My brothers are not going to do that! Do you know raising people from the dead costs a lot and I am not giving them permission to do that, I forbid them.

Her: You are the Uriel too which means you have the power to resurrect the person back to life considering your other nature.

Me: Makaziwe you are getting on my last nerve right now, I am not going to raise anyone from the dead for werewolves. I have everything to lose like my title, my inheritance and seat so I am not risking that for them. Never!

They were silent, yeah how does it feel having no option? What makes the ancestors think I was going to help these people after what they did to me? Werewolves would never be

grateful and now I have to help them?Count me out underground goldies, I am not coming at all.

Her:I apologize Your Highness.

Me:Why would I help these people?Why?I don't give a damn about any of them and the ancestors want me to help them?Never!

I felt a hand rubbing my back.

Kyle:Calm down my love,no need to shout this much.

I took a deep breath.

Salima:And the enemy?

Her:The rest of the prophecy tells us that it is the immortals.

Me:Wait immortals?Those never came to earth before.

Her:No,no they have, it's just that you don't know that you have met them. In fact Sinful was the one who came here in this castle.

King:I remember him now. What are we going to do?

Her:On your knees and ask Lord Del Monte for help and Lycans.

King:You think both these kingdoms would help us?

Her: Yes only if you are no longer king and queen of Ravenswood. These kingdoms have problems with you not your son, with the Uriel's help anyway.

Me: Did my mother send you? You are seriously gunning me down, I thought after this I would stop training werewolves and go back to Malla ASAP not this.

Jemima: Dad we have no choice.

Her: I must warn you though, taking that girl as a queen is only going to create more problems than solutions. I suggest you don't even think about making her queen, you are in this mess because of the unspeakable things your parents did. A mate is the only thing that you are suppose to marry unless it is dead. Following that mistake, consider this kingdom dead.

JEMIMA

Mystery everywhere, if it is not this, it is that. Now I have to be king just because of some prophecy and I can't take Gabi with me at all. How am I going to find a mate in this short period of time? I got up and walked out of the hall

Advertisement

there were always problems in this castle. Why did my parents allow a child so young be killed because of her parents'

mistakes?I don't think a child whether powerless deserves to die yet she is innocent. I mean I would never do that to a child without having any idea what I can do to help them. Everyone is unique, I believe we all should give each and every one a chance in life,a benefit of the doubt instead of attacking one another. I know that I may not like some species but I wouldn't kill them just because of a hearsay.

Me:Fuck!

Her:You have been raised to ignore certain people's needs. If your people say someone is wrong you believe that,as a king you need to know even the people who were persecuted were innocent. Communities believe what they want to believe whenever it fits them, you should have full proof.

Me:It is not easy.

Her:Mahe raped that girl,it did not matter because the world was already against her.

Me:What?She was only eight years old!

Her:Now you are going to pay dearly if you don't make it. Lavinia had no idea what she was or why everyone wanted her dead but your parents hated her just because she was Del Monte's daughter. Make things right.

Me:Oh why ?How could they be so cruel and heartless? And the Uriel?

Her:She is a softie deep inside. Have you seen her laugh?

I looked at the woman smiling brightly.

Me:Umm no I haven't seen her.

Her:She is very soft way too soft.

Me:I don't think I am following you at all.

Her: I am just telling you in the end Your Highness.

Ohh?I watched her go back to the castle and I shook my head chuckling.

DEL MONTE

Him: Your daughter My Lord had me stand down.

Me:Uhuh?

Him:She had me bowing down to her Your Grace.

Me:Calm down Nathan. I made it clear that you had to avoid Lavinia at all cost.

Him;I did My Lord but I had to shoot at her to avoid suspicion.

Me:I hope you understand that Lavinia is capable of killing you if you dare her. Let me call her.

When I met Charity in a treaty dinner here in my grounds, I knew it was love at first sight. I knew she was my chosen, being one of the oldest vampires I knew I had no luck in mates at all. She also felt what I was feeling, we spent a night together making love. She said she was going to reject him and choose me, instead she went and told them that I had trapped and raped her. The treaty was called off then she got pregnant with my little red , I asked to give me the baby as soon as she gave birth because I knew she would not be welcomed in Ravenswood at all. She agreed, I remember the day I went to Ravenswood to get my daughter all along it was an ambush. I lost my brother whom they cut his head off, they burnt me alive before sticking a wooden stake through my heart. I could feel every pain my daughter was feeling for two years as I laid immobile in a coffin. The betrayal was something I could not forget at all, she could have said that she wanted nothing to do with me instead of what she did to me. Eris pulled the stake from my heart but I didn't even have an ounce of power, since my mate is the one who betrayed me that meant I would have to wait for a couple of more years before I get all my powers back. I couldn't get to my daughter at all because I knew I couldn't protect her at all. Then when she was six I managed to get my healing and speed powers I got to introduce myself to her. The question she asked me was worse "Daddy why do they hate you? Mama says she hates the fact that I even look like

you. Did I hurt everyone when God was making me?" I had no choice but break down in pain, my little girl had no idea why everyone hated her. Then they burnt her alive.

Him: My Lord?

Me: Sorry what?

Him: She is talking on the phone.

Me: Little Red.

Her: Dad I know why you are calling me.

Me: You knew they were coming too.

Her: Look Dad I know that you wanted to kill an innocent child, if they managed to kill him then you wouldn't have been any different from Charity. I came here because of the children Dad and to kill their parents.

Me: Lavinia.

Her: If he becomes king, then that means you will be getting each and every one of them easily. Please.

Me: You are so manipulative.

Her: But Dad it is the only way possible for you.

Me: Do not tell me what is possible for me Lala, I am only listening to you because I respect your reign.

Her:Da-

Me:I couldn't even do anything thinking about the things they were doing to you while I laid helpless and now when I have all the strength for revenge you are telling me what to not to do. What changed?

Her:You can do anything Dad except to the children because I will forget that you are my father. Those children did nothing to you. I hope for your own good, you will leave them children alone!

The line went dead, I sighed and looked at the phone.

Me:Abort mission, get me Charity Jauner and the Queen,avoid the damn children.

✓ CHAPTER 10

JEMIMA

Me:I called this meeting after my talk with the Oracle, before I am declared king I want to know what happened to Del Monte's daughter.

Dad:Del Monte raped Luna Charity Jauner.

Me:Do you have proof that he did?

Mahe:The child was born.

Me:You do know vampire can't have children with werewolves unless it is their mate?

They looked at each other confused.

Me:I spent days trying to figure out how a vampire made a wolf pregnant only to find out it is impossible unless she is his mate. So again how sure were you that she was raped?

Dad:Why are we talking about this?

Me:Father a man lost his daughter because of your recklessness . What happened to investigate before agreeing?How sure are you that your beta didn't provoke the child?

Mahe:You are ge-

Me:Do remember who you are talking to Beta. I have medical records here that the girl was raped now I need your sperms since you were the one who last came in contact with her. There was also some skin on her nails so beta I need them now, here.

Mahe:Thi-

Me:Are you guilty?

Dad:Jemima this is not the right ti-

Me: Because you don't want to admit that you were wrong for killing an innocent child? Your so called Beta is a rapist and you are covering for him. I wonder if his daughters are not victims.

Zakes:Dad?

He looked around as if he was lost.

Mahe:It was a mistake.

Zakes:A mistake?You raped an eight year old and you call that a mistake?Are you crazy?Mom do you hear what he did?Eight years old child!You are all bunch of hypocrites,Del Monte should kill each and one of you,all along I thought the Uriel just didn't like me but she saw what you did to an innocent child, I am sure everyone is going to look at me different after this. We were teenagers when you murdered that little girl in cold blood for fighting for herself,yes I laughed throwing stones at her

because we were raised to hate other species but that little girl was innocent. All along it was because of you Father a-

The alarm went off,we all got up and ran out of the office.

Guard:The East Gate was attacked and Green Veld Village Luna has been taken.

Dad:The he-

My mother screamed and we turned to look at her. A shadow dressed in a hooded cloak had his hand around her neck.

Me:A skin walker.

Dad:You are surrounded let her go!

Voice:Ta-da.

They both disappeared in front of our eyes, for a moment I thought maybe I fainted or something. I blinked and realised that for real my mother was gone with the enemy.

Dad:No!

Me:We need to do something about this!

I know that I was angry for what they have done but I didn't want them dead. I had no other choice but talk to the Uriel. I ran to the door and headed to their quarters. I knocked at the door before opening. I found the woman I was looking for sitting on top of a floating broom,her hair was undone covering

her naked body. It had red streaks on it as she sat in silence, there were candles surrounding the room. I just stood there shocked for a moment before I could say her name the room shook, I saw dead bodies piling up on the floor. I moved back as they all screamed some begging to be released, I could hear my heart threatening to come out of my chest, the door snapped close taking me off balance making me fall. I looked at the circle, my voice did not come out as I tried to scream, the bodies pulled me as I tried to get away. They had a tight grip on me, I knew I was dead. I felt my wolf whining and screaming because we were being separated, I felt sharp pain like teeth sinking on my leg and pulled me out of the hole. I felt outside the circle and looked at the big wolf standing before me. The Uriel was still sitting the same way she was. The wolf let a ground breaking growl making me wince, I looked at it I have never seen a wolf that big unless it was an alpha. Its coat looked black like charcoal black, with bloody shining red on its paws. The fur on the neck rose before growling again, I was terrified because even my father wasn't this big yet he was an Alpha King. I closed my eyes and it went silent, I opened them to see nothing except the woman still floating. I just sat there watching because I was terrified of even moving as the bodies disappeared one by one. Her eyes snapped open

they were complete black before turning red again. She stood on the broom stretching her body before it lowered itself on the ground.

Her: What are you doing here?

She removed the hair making me gasp, ink little by little it appeared on her arms to her whole entire body. She pulled a scissor,tying the hair first before cutting the whole pony.

Me: Your hair?

Her:It will grow soon. You don't enter unless someone tells you to.

Me:I thought no one heard me.

Her:You could have lost your damn soul if that wolf didn't save you. She always does whatever she wants despite my boundaries.

Me:She-wolf?That is impossible,she was massive almost like she was of a different breed.

Her:Which is?

Me: Lycanthropy.

Her:How can I help you?

Me: Del Monte too-can you please get dressed?

Her: I am very sorry that cannot happen, I didn't ask you to enter unwelcomed.

I closed my eyes.

Me:Del Monte took Luna Charity Jauner and my mother.

Her:And?

Me:You are respected by all kingdoms because witches are under you.

Her:What do you want from me?

Me:My crowning is in two days, I wanted to ask if you would come with me to Medina to help of course.

Silence. I opened my eyes to find her getting dressed,this was the most beautiful thing ever. Yes her body is-wait I mean she is blind yet she makes it look so easy. I don't even know how she seem to know how to dress up without mixing the clothes. She grabbed her takkies and wore them without a huss.

Her:You are watching me.

Me:Your senses are too strong.

She got up and walked straight heading to the table.

Her:Look please find my phone I think I am heading to the wrong direction because last time I checked it was over there.

She pointed to a speaker not far from where I was sitting, I looked to find it there.

Me:Wow!How do you know this?

Her:Trained by my people. Why are you here?

Me:I just told you.

Her:Look boy I didn't come here for a rescue party,my team is already training your warriors I don't know why you are asking for too much. I can't do that.

Me:Name anything you want.

Her:The people responsible for what happened to the girl, dead.

I looked at her stunned.

Me:I-

Her:If you can't give me that then we have no deal.

Me:My parents are on that list.

Her:Do you see 'I care' written on my face? Actually you were teenager by then which means that you were there, helped to throw stones on her or even beat her up. So what I am asking for isn't too much.

Me:That means there's no need to save them.

Her:Either way they are going to die.

CHARITY JAUNER

Her:I told you to keep that baby a secret.

Me:How exactly Mandy?I didn't want the child of a man I killed.

Her:You were stupid Charity, I told you that we would force mating between her and Jemima and everyone would have been happy.

Me:Look here Mandy it is not my fault your beta chose to rape her.

Her:You were suppose to make sure nothing happened to her!

Me:I didn't want the child damn it!She was destroying my marriage.

Her:Hell with your marriage!You came to me and told me that the Lord of Medina was your mate, I told you to sleep with him so we could have a hybrid as a queen of Ravenswood. You ruined everything by acting like you knew what was happening. Your let them kill that child and look at us now!

Then a clap echoed, I gasped to see Del Monte standing there in front of the cage clapping.

Him:You wanted to make my daughter a breeding machine how thoughtful of you.

Me:Jackson.

Him:Lord Jackson to you.

Her:My husband is going to find us.

Him:I did not exactly hide your whereabouts,maybe I want him to come and get you and see who will go home in a coffin. He will bring exactly the people I want so oh yes he is going to come for you.

Me:They will know it's an ambush.

Him:Do you know a shape shifter?

Her:Of course we know what is a shape shifter.

Him:Come here!

Footsteps echoed. We gasped in shock as two women who looks exactly like us stood next to him.

Her:No!They won't believe this.

Me:They can't.

Him:I have your phone here so Charity 2 here is going to call your husband and tell him you escaped and blah blah. Don't try the link, you will be only hurting yourself. Now I think my soldiers want to lose their virginity.

Her:No I am a quee-

Him:In Ravenswood. Get yourself clean and corporate or I will kill you.

He threw what looked like a thong inside the cage and left with the women.

JR

I looked at the big clock ,the minutes were ending I needed to leave already I was tired of sitting and waiting for church to end. Then the bell rang indicating it was twelve, I got up and pretended to be going to the bathroom. I peaked before running towards the exit, I needed prayers according to the caregivers. I think most of the time they let me leave because they were also tired. I knew I was going to take a long journey back home, I kept walking in silence. Something went past me as I was about to enter the dirty road inside the forest making me pause. Did I tell you that I was seeing dead people that is why I need prayers?Or I know when someone is about to die?

Voice:Come here boy.

I didn't ask no questions, I ran and I could hear whatever chasing me. Being a wolf sometimes was a blessing because I was sprinting like a springbok. I was running with the voice still

calling my name! I missed a step and I went flying to the ground. I groaned in pain.

Voice:And then?

I jumped and turned to see a very beautiful woman looking down at me. I looked around to see myself lying on a field where people were training. I did not run this long now right?Thirty minutes walk and I make it in ten?I looked at the direction I was coming from only to see a shadow.

Her:We call her the Mistress of the South, guardian of the gate to hell. She lets people pass to the after life. I am the Uriel.

Oh I remember now that there's a Uriel in the castle.

Me:I-

Jemima:What are you doing here JR?

Me:I was running from the shadow.

Jemima:The orphanage is that way.

Her:He was talking to me not you. I want to know why he is marked by the Mistress of the South.

Jemima:Wait he is telling the truth?

Her:She is standing right there.

I looked and she was still standing there watching us.

Me: Thank you My Lady but I have to go.

I got up and walked away, she was staring at me making me uncomfortable.

✓ CHAPTER 11[WARNING V]

CHARITY JAUNER

We didn't change to the thongs Del Monte left us to wear. We were put in a room that had no windows at all. We jumped when the door opened and two vampires walked in. They grabbed Mandy as she screamed and closed the door. I was sweating in fear of what might happen to me. The door opened and and the two vampires walked in, I couldn't run as they grabbed me and tied my arms. They had us drink something that would make sure our wolves didn't come out. They ripped my clothes off as I cried and used a tape to cover my mouth, they tied my legs apart.

Man:We are not rapists Miss like you wolves.

I laid on the bed like I was on the cross waiting to be crucified. I hear the door opening again and I lifted my head to see a man dressed like a doctor and what I assumed were nurses. I looked at them confused as they put machines around me. I couldn't move as they injected me with something. I felt my muscles get relaxed and didn't even move at all. They untied me but I couldn't move a bone.

Me:What did you do?

I felt like I was high speaking so slow. I could feel them cleaning my stomach with something, then they started drawing exactly where my womb was.

Voice: We are ready.

One of them pulled me up before they put something on the bed and put me back. I had a bad feeling about what they were doing but I couldn't move. I felt something poking my stomach and winced, after all that is what I could only do. I screamed when a sharp pain stabbed me, one of the nurses grabbed a pillow and put it under my head making me see what was going on. They were cutting me open, I screamed again but I knew it was not that loud since my muscles were down by force. The pain was unbearable as I could feel my eyes drooping, I cried but that didn't stop them as they continued with what they were doing. My eyes closed and I knew I was going to pass out.

When I woke up my whole entire body was numb because of the pain seeping through.

Him: I was willing to do anything to protect you from my convent, to love and protect you from anything. You could have said that you didn't want me and I wouldn't have pushed you at all. Tell me something I don't know.

He looked murderous as he sat on the chair with a gift box.

Me:Laviniahadatwinbrother.

Him:She-what have you done?

Me:He is still alive living in the Royal Orphanage.

Him:I am suppose to feel better after that?My children Charity!

He squeezed my neck so hard I thought I was dead for a moment. He let go leaving me coughing.

Him:My children Charity!

He looked crazed as he moved around in circles kicking everything down.

Him: Innocent children!My babies!Here.

He handed me the box, I opened it to find a clear container with something that looked like meat .

Him:Happy womb escape mother of my children.

I looked at my stomach and back to the container. I could feel myself getting dizzy.

JEMIMA

I couldn't get the fact that I saw one of the largest wolf surviving,lycans were not big like that one. She said it was a wolf but why was is it massive like that?

Her:Baby.

Me:Mhm.

Her:What is going on?

Me:I will be crowned king without my mother tomorrow.

Her:I know but you are doing this for her.

Me:I have a bad feeling about it though

same time I can't make you queen at all.

Her:It is for the best my love, I don't want you jeopardizing everyone's lives by making me your queen. I know where I stand in your heart, I am not going to use that when everyone depends on you.

Me:I wish they could all see what I can see in you. You could have made a great queen.

Her:What happens when your mate arrives?

Me:I will reject her.

Her:That will be so cruel, you know our kids won't be seen as heirs to the throne.

Me:The moment I am king I am changing few laws.

Her:The moment you become king you will know where your mate is if she is around Ravenswood.

Me:She better not be around then.

Her:I love you.

Me:I love you too.

I was worried very worried about meeting my mate, I was scared that I might even change my mind about her. I will not change my mind.

DEL MONTE

I sat on the ground trying hard to think about everything. Why Charity did what she did to me?Was it karma or what?

Voice:Are you okay?

I shake my head, she sits down next to me and hold my hand.

Her:I was rude to you Father I am sorry.

Me:It is okay my love.

Her:What happened?

Me:You had a twin.

Her:I know,Charity might have let it slip once in a while.

Me:You are not angry?

Her:I met him too bad I can't see him.

Me:What?

Her:He is being followed by the Mistress.

Me:I failed to protect my own children.

Her:Dad can you please stop?What were you going to do?Charity betrayed you! Look at me I can't see a thing because of that woman. What was I going to do? My brother needs you more than I needed you, feeling sorry for yourself isn't going to help you at all.

I look at my little red, I couldn't help but hug her.

Me:Every time I see you I just feel like I am being a dad all over again. Did I tell you that I love you little Red?

Her:Well it's been years since you last told me.

Me:I love you Lavinia Del Monte.

Her:And I don't love you.

Me:I am hurt.

She laughed before kissing my cheek.

Her:I love you too Daddy. Now I want you to give me a chance and talk to him.

Me:I really want to see him and tell him everything.

Her:Now let's focus on getting him out of that orphanage. So I also came here for something else.

Me:And?

Her: Immortals.

Me:What do you want immortals?Those people whatever they are,do not know anything about humanity I am telling you.

Her:They are here on earth not their realms.

Me:Trust me no one wins a fight be-

Her:You know the prophecy father, I know you do.

Me:I know it. Can we get back inside?

✓ CHAPTER 12

RED

Me: Kyle find that boy.

Kyle: You do know that he is not young?

Me: I need to know something about him that's all brother.

Maurice: Because he is being followed by the Mistress of the South?

Me: Yes because a demon like her isn't suppose to be roaming earth freely.

Orlando: You smiled at him.

Kyle: For a moment I could see the hearts oozing from her.

Me: Good people stop matchmaking with every guy I show my teeth.

Evan: Come on dear you have to fall in love for once.

Ariana: Her fall in love with who?

Me: Children stop trying me and get me that boy.

Orlando: With that tone I am very sure that you will be single forever and ever.

Me:Oh goodness!If I don't have grey hair by twenty two only the devil knows why. I said get me that boy instead of telling me about love. Are we clear on that?

I was getting very pissed off by them, they know I am not interested in some stupid play dates with men. They shifted uncomfortable since I used my Uriel tone.

Me:I don't have time to keep repeating the same thing over and over again do remember that. I said twenty minutes ago that Kyle should go get me that boy, twenty minutes later he's still standing right there know what?I will go do it myself.

Kyle:My-

Me:Did I say I was done talking?When I come back I want you all here, with the luggage packed and get the jet here. How on short notice?I don't care. Crystal?

Them:Clear My Lady.

I grabbed the stick and pressed it on the ground.

Me: Don't falter my strength,the ancestral Uriel lead my way. As a daughter of the most high,death upon life cast away all my enemies. Hocus pocus.

My broom went passed me and stood a little far, I dropped the stick and walked humming the spell to keep the broom on the road. I could see it well I mean feel it as I followed slowly.

I walked towards the receptionist.

Me:Mhm.

The woman jumped.

Her:You gave me a heart-My Lady.

Me:I am looking for a guy, they think he's seeing things or whatever. He goes by the name JR.

Her:I know who you are looking for,he is attending to the youth.

Me:He is a social worker?

Her:He is the oldest from the children but the Queen said we should keep him around.

Me:Where is he?

Her:Let me lead the way.

I followed her as she walked. I could smell the guy as we approached a very nosy place. The moment we walked in it went silent,no one said anything.

Her: Jaima-Raiden you have a visitor.

Him:Ohh?Sorry guys I will be back.

He got up and walked to us.

Him:My Lady.

Me:We need to talk.

I turned and paused.

Him:How do you know that you were about to hit the wall?

Me:I am the Uriel,take my hand.

He took it and a cold shiver ran through my bones making him wince. Despite that he held on to my hand and continued with our journey. I hated touching hands with others because I had bad luck of seeing the deepest and darkest secrets of the person.

Me:Who are your parents?

Him:I know that I am not suppose to tell you anything but I feel like I can trust you, don't know why.

I knew why the moment he touched my hand.

Me:I want to help you and I can.

Him:A she-wolf got pregnant with twins by another mate who is a vampire. She gave me to the orphanage because they only wanted the girl not boy which was me. I knew her you know?That day she was murdered I was there praying and hoping that they save her but my prayer was not heard. A day

after she was dead I started seeing things, the Mistress of the South have been with me for years. She shows up dressed in red when someone is about to die, the dead people also talk to me.

Me: Banshee.

Him: Banshee?

Me: It is a supernatural being that sees death like you do but it does not explain the Mistress.

Him: They are saying I am crazy but I know that they haven't figured out what I am. My twin sister was killed in cold blood in front of my eyes just because she was different from every other child.

I knew about my twin

Advertisement

Charity once mentioned him but they made sure we never met, he was one of the reasons I decided to come back to Ravenswood because I knew he was alive.

Me: Would you like to meet your father?

Him: Yes I am not even mad at him for not looking for me, I mean he didn't know that I existed.

I squeezed his hand.

KING ROSSETTI V

I look at the pictures and sigh. Yes I didn't love her that much but I wouldn't want her dead or even hurt. I took a sip and closed my eyes. The air changed, I knew I wasn't alone. I open my eyes and jumped to see him standing there.

Him: Hello old friend.

Me: Del Monte how did you get past security?

Him: Just like I did when you were murdering my daughter.

Me: What do you want?

Him: My deepest condolences.

My body froze.

Me: Huh?

Him: Your queen is dead, I killed her so expect her body soon.

I think I was dreaming, I fell off the chair and got up to see nothing at all. It felt so real.

Voice: I am still here you know.

I turned to see him standing next to the door.

Me: What do you want from me?

Him:I had twins not only a daughter, I am trying to understand what I did to this kingdom for you animals to do this to me. I mean I didn't rape Charity but what you did to my children is something I can't forgive. You burnt my daughter alive after your beta raped her. Did she hurt you so bad that you had to do what you did? Didn't her cries remind you that she was just a child having no idea what was going on?

Me:De-

Him:I would never do that to a child for no reason but I didn't come here to vent. Expect the queen tomorrow.

JEMIMA

The ceremony for my crowning was going to be made later on,the Uriel's team was around except her and I knew better than ask about her.

Me:Is the bishop here already?

Guard:Resting in the guest quarters.

Me:The Uriel?

Guard: Haven't seen her for two days.

Me:And the Oracle?

Guard: Outside Your Highness.

Me:Make sure all guests are comfortable and safe from anything.

I walked back to my chambers feeling exhausted. I was going to be crowned king in few hours yet I didn't feel anything at all. I felt like it was too early because all Ravenswood kings were crowned by age of thirty, I was going to be the first in history. I was being crowned to right my father's wrongs which was the same thing bothering me. I had to come with a believable strategy to get these kingdoms back on my side. I grabbed my suit and was about to walk out when I felt the air changing. I looked around but saw nothing. I walked out of the room.

There was nothing special about me being crowned but I wouldn't have my wolf for a week due to the ceremony,he had to go under training until he is ready to come back. Everything didn't take that long and I was declared king of Ravenswood. We were all sitting eating in silence when JR just barged in.

Him:Death upon you!Death upon you all!

He looked crazy as he kept pointing certain people even my father.

Him:They are coming, they won't stop, they won't surrender except to her but deep in her heart lies darkness. Deep in her

soul lies death yet she was our saviour. Tell her to save earth, she has to.

Then he started shaking.

Salima:He is having a seizure!Guards take him to my hut.

I looked at the commotion stunned. The Oracle got up and came to stand right next to me.

Her: Now why did you not say something about this twin?Truly first banshee I have come across.

Me:What Del Monte doesn't know won't hurt him.

Her:He already knows actually.

Me: That's impo-

Her:Your mother and his mother are under his wrath so yes he knows. The immortals are coming you will need more than alliances, you need soldiers and I am afraid there's no hope for Ravenswood.

Me:It is better than nothing.

Her:One of your own is going to die soon, very soon.

✓ CHAPTER 13

RED

I sat on the chair in silence.

Her:I know I should have told you.

Me:If I die the immortals will go back to their realms?

Him:Yes.

Me:I have to die again?

Her:Yes but you won't come back this time.

Me;Just like that?What happens if I don't sacrifice myself?

Him:Only Malla will exist.

Her: I am sorry.

Me:And the Mistress of the South?

Him:She was suppose to guide you to the after life but Tamara cut the journey short. Thanatos god of death banished her from hell unless she comes back with your soul. She is following your brother's soul because it is familiar with yours but can't take it,she can't take your too because it will kill her. These are the consequences I told your father about,we broke a rule that

could get you being hunted for the rest of your life by demons, unfortunately they are going after your brother.

Me: Isn't there winning without sacrifice? I had to die so I could get more life now I have to die for them, those people. Ma you are not serious.

Her: My child I get it but it is the truth.

I got up and walked out of the room.

Me: Take me to the nearest restaurant.

Guard; Yes My Lady.

He helped me walk to the car.

I sat on the chair in silence eating my food. I liked the restaurant in Malla they accommodated everyone with special needs for example I used a menu written in braille. On the table was another braille telling you where the utensils were, I came here all the time if I was facing problems. My wolf growled making me antsy as I heard particular footsteps coming my way. I continued eating, a chair was pulled and someone sat across me. I looked up to red hair and I knew it was a woman even if I could not see her face.

Her: Red, Red, Uriel Red.

Me: Sounds nice when you say it?

Her: I am also called Red sometimes especially when I am angry.

Me: Very nice.

Her: You know you made quite a reputation for yourself.

Me: Okay.

Her: Do not be so uptight, I am complimenting you.

Me: You don't belong to my kingdom if you are a visitor that means that you are unauthorised to talk to me.

Her: Ah that's what makes you untouchable, the whole of Malla dances to your tune.

Me: Oh no darling I make them bow before me, they don't dance they fear what I am capable of.

Her: Everyone has a weak point.

Me: I will live. Now what do you want?

Her: Wanted to know the Mighty Uriel Red, you are exactly how they describe you. Powerful and going to die.

She got up.

Her: You are about to meet all your matches earthling that I can assure you. I will wring that li-

Me: Okay.

She huffed in annoyance and walked out, I let out a breath I didn't know I was holding. This is what I hated about being blind, now I can't describe the person I talked to and most people can take advantage of my blindness.

KING ROSSETTI V

Me: I know we shouldn't even be doing this but you are my mate.

Her: It is wrong especially with your wife kidnapped but it feels so good.

I kissed her.

Me: Oh Salima.

Yes Salima was my mate but I had already married Mandy, I couldn't resist her at all.

Her: Wait! Something is wrong.

As if on cue the alarm went off making me jump, I quickly got my clothes and ran out. I found the guards surrounding something.

Me: What is going on here!

They moved making me gasp as I looked at the bloody body of Mandy lying on the ground. I grabbed her feeling her pulse, it was faint.

Me: Get a car, we need to take her to the hospital! Mandy don't die on me

Advertisement

please. Be quick!

Me: What is going on with her?

Dr: She suffered multiple stab wounds on the upper torso, there was also internal bleeding. Lastly the most strangest thing, she has only one kidney looks like someone did a surgery on her alive. It is much worse with Luna Jauner.

Me: What?

Dr: They did a surgery on her too and took her womb before tying her legs and arms with barbed wire. Someone wanted to hurt them because during these surgical procedures they were very much alive.

I was defeated and helpless, this was all my fault I should have known better than persecute an innocent child. If karma could see me now, I am sure she would be proud of what she has done.

Me: Is she going to be fine?

Dr:Her wolf detached itself from her so she's going to need a lot of help,healers need to be here as soon as possible. She needs all the help you can get.

Me:We will do so.

I just sighed.

JEMIMA

Me:This doesn't make any difference,my mother is lying on a hospital bed fighting for her life. What are we going to do with a treaty?

Zakes: Don't you get it Jemima?That man has all the right to do what he did after what our parents. Do you understand how you feel?Imagine how he felt when our parents planned and murdered his daughter by burning her alive,same time they kept his son in an orphanage.

Me:Now we have to swallow our prides and ask him for a treaty?

This was the most tiring thing to do,having to pretend that I wasn't angry at what he has done to my mother. I felt like I was betraying her by going ahead with the treaty.

London: Our parents have ruined our lives with this,we have to clean their mess while they could have done better.

Casian:I still cannot believe that they did that without even thinking,burnt her alive. I mean we threw stones at her because we were told that she was a monster,all along she had no idea. Can things get any worse?

Zakes:I can't believe my father raped an eight year old girl. We are swimming in hot oil alright.

Me: Let's make sure that the letters are delivered to these kingdoms.

Casian:Where is the Uriel?

London:Her team has been training the warriors, I can see the improvement.

Me:I haven't seen her for a week now and the Shadow Walkers don't talk at all. I am confused as to why she came here and left without reporting to us.

Zakes:She holds the highest position in all positions so I don't think she has to explain herself. As your beta I hope you don't question her because we need her to accompany us to these kingdoms, they respect her because they know they won't win.

Casian:There is nothing more dangerous than a woman who knows how powerful she is. She is blind yet she is more capable of killing us.

Me:Then there are immortals who wants a war with us. Will this kingdom get peace for once?

Zakes:So guys let me change topic,now J here will get his wolf back and if his mate is around.....

London:Oh boy the disaster that is going to happen.

Casian:What if he gets a vampire as a mate?Even a lycan?

London:Gabi will be the first to die.

Me:Cut the crap.

Zakes:As Alpha King we both know that you are not going to be able to reject your mate because you will lose your powers, keeping her around also isn't going to be a good idea. There will be no heir to the throne.

Me:Then I hope for her own good she is not around.

London:I hope for your own good you know what you are doing because it will backfire, you should know better.

Me:I know what I am doing.

Zakes:I hope you do because your mate is something you can keep forever. Gabi might have a mate out there, you are both hurting innocent beings who didn't ask to be mated to you two. So bro I hope you know what you are doing, I hope you do.

Now they were really worrying me.

✓ CHAPTER 14

RED

Me:Hi Nathan.

Him:Your Majesty, your father is in a meeting right now.

Me: Actually I am here for you.

He looked shocked for a second then composed himself.

Him:What can I do for you My Lady?

Me:I need you to get me someone from Ravenswood.

Him:Who?

Me:Beta Lukho Mahe.

Him:Consider it done.

Me:On your way to get him please don't forget to leave this message for the dearest queen of Ravenswood and Luna Jauner.

Him:What message?

Me:I have dug graves for them, make sure it is clear to see.

Him:As you wish My Lady.

He turned to leave.

Me: Actually take other skin walkers I want you to burn my old home down, I want to see ashes.

Him: The entire headquarters of Green Veld Village?

Me: Oh yes that means five buildings down considering the pack house is already ashes. Now the message for that part is umm "Like a shadow, now you see me now you don't". Don't leave no stone unturned and I will pay you accordingly.

My father walks in and looks at us confused.

Me: Nathan leave now thank you in advance.

Dad: And then?

Me: You don't have to know everything you know?

Dad: You know I don't have no daughter except you so I have to be protective of you.

Voice: Big sis is here!

Me: Here comes your rascal.

My father and Eris have two boys Silas and Octavius, sixteen and twelve I am telling you these two think I am a boy not girl. They dress me up in father's sweatpants and t-shirts with a cap, making me feel like a boy. Sometimes it goes to the extent where they have me driving bumper cars, horse riding, playing poker, listening to hip hop, listening to soccer and rugby.

Despite that I loved these little souls even though they still think I am younger than them and fragile.

Silas:Hey sis.

Me:Silas.

Octavius:So there's a soccer match today..

Me: I am not a boy.

Silas: Little sis we have to protect you from danger.

Octavius:You are safe with us.

Me:Dad!

Dad: Eris, Red is calling you!

Eris:I am not here.

Me:Mom!

Eris:I don't know you at all!

They both grabbed my arms dragging me towards their play room. Oh dear lord be with me!

HARVARD JAUNER

We were all sitting in the waiting room for news. The doctor walked in.

Dr:Luna Jauner is very much awake but is refusing to talk to us.

Dad: What happened to her?

Dr:She had a box with her that had her womb.

Me:The hell?

Dr:A qualified doctor removed her womb,she needs psychological help because we believe that it was done while she was awake.

Nerissa:Remove her womb?How cruel can this man get?

Jamal:I am going to kill Del Monte,he is going to wish he never crossed me.

Dad:Can I just see my wife?

Dr: Please don't do anything to upset her.

We walked to her room,she was lying in starrng into space.

Irene:Mommy.

She hugged her making her break down,Nerissa followed as we just stood there thinking how fucked up this situation was. We couldn't even protect our mother yet she went through this alone. I was angry vowing that Del Monte pissed the wrong alpha, I was going to hunt him down.

Dad:We are here my love.

Mom:It hurt so bad.

Toni:You did this to yourself Ma,we don't have to feel bad for you.

Jamal:What is that suppose to mean Toni?

Toni:It is karma collecting. What did you think would happen after persecuting your own child and our sister?Get a medal?You are going to pretend what she did was right, I can't believe you.

Out of all of us Toni was the only who was close with that girl

Advertisement

no matter how much our parents forbade him he would go and play with her.

Jamal:Is that what you are here for?To rub this on our mother's face?Boy know your place.

Toni:I am not six anymore Jamal and I don't take orders from you or anyone for that matter. Del Monte should have cut out her heart instead.

A slap echoed.

Irene: I am sorry twin but that I had to do if you are going to keep disrespecting because of your precious Lavinia.

Toni: Seems like I don't belong here actually I think the only true sibling I ever had was Lavinia.

He walked out.

Mom: To-

Toni: Go to hell Satan!

Me: Toni Jauner back here!

I used my alpha tone making him freeze.

Toni: I am like a rouge, I don't follow orders.

He walked out. As soon as he walked out, a piece of paper flew in. I picked it up and looked at it confused.

Me: I have dug two graves Charity Jauner, for you and Queen Mandy. What sickness is this?

Mom: He is not going to let me rest.

She broke down.

Jamal: We have to do something about this Father.

Me: Jamal let Dad be, he is feeling his mate's pain, he won't concentrate properly. We are getting our revenge.

Voice: Alpha.

I heard my beta's voice in the link, I could feel that he was anxious and worried.

Me:Mhm.

Him:The headquarters are on fire.

Me:What?

Everyone looked at me, I said that out loud.

Me:The headquarters are on fire, I need to go.

Jamal:I am coming with you.

.....
•

There were firefighters trying to stop the blazing fire,Del Monte real had it in for us. First the pack house now headquarters,seems like the fire didn't want to stop. I just sat down on the ground.

Her:Baby.

Me:Thank God you are safe. Is anyone hurt?

Her:Only the gamma on his leg but he is already being taken to a hospital.

Beta:The veld burnt first that is how everyone survived,while we were attending the veld fire the headquarters started burning. The more we added water, the more it went up. The gamma was unfortunately inside to get a hosepipe for the veld.

Me:You didn't see anyone?

Her: Except a shadow who gave us this.

Me:A note again?

Jamal: Like a shadow now you see me,now you don't. The fuckery is this? Is Del Monte this crazed ?

Beta:At least no one was hurt.

Me:At least.

I was tired.

JEMIMA

I stared at the TV.

Me:We are really fucked up, aren't we?

Casian:The whole entire headquarters down in hours?

London:Del Monte really want us everyone dead.

Zakes:What are we going to do?

Me:We need to speed up the process to talk to him.

My father walked in looking disheveled and out of place.

Me:Dad?

Dad:He has him,Del Monte has him.

London:Has who?

Dad:He took Lukho in the hospital,he was reading the note we found next to your mother when that skin walker showed up out of nowhere and pulled him.

Zakes:Sooner or later it was bound to happen.

Casian:Zakes that is your father!

Zakes:A rapist deserves to die just like any other rapist,father or not.

Me;London get me in touch with the Malla,we need to have a conversation with their Uriel.

✓ CHAPTER 15

JEMIMA

My head hurt, the stress was taking a toll on me. My mother was still in a coma, Zakes's father still taken by Del Monte. It was depressing being a king during a time like this.

Casian: Holy damnation she's Chinese.

I turned and widened my eyes, she was wearing a dress that one Chinese women wear, it had slits on both thighs, even the hairstyle matched the dress code. She was wearing the highest red heels, looking dangerous as she walked in with what I assumed was the council. Damn this woman was beautiful. When did I notice that she was beautiful? They talked Mallalian their language which we didn't understand. She went to sit on her talking to them, they bowed and walked out.

Her: I am not helping you.

Me: Just like that?

Her: I am not helping, you are saying that you want to make a change in your father's mistakes yet you still have the typical werewolf attitude.

Me: What attitude?

Her: That you are better than other beings and the treaties you are gunning for should benefit you only.

Me: Few weeks with us and you already think you know everything? This child is funny, le-

Her: A moment.

She got up and walked to me.

Her: Let me fix that for you.

Her hand so fast wrapped around my neck, her nails dug to my skin, I couldn't move at all. Her eyes looked like they were bleeding, there was a screaming sound echoing in my ears as I tried to breathe. My lungs felt pressed and I felt like I was going to blast.

Her: You mind your tone when talking to me, I am not scared of killing anyone anytime, I was raised from the dead so death does not scare me at all. Sarcasm isn't something that you want to try with me because ndakubulala mna ,andenziwa kanjalo. (I will kill you, don't do me like that).

A growl echoed, Zakes's instincts as a beta took over.

Her: Another play toy, well, well.

She let me go making me whizz.

Her: Come on puppy, you little bitch puppy.

He headed to her running and jumped,she waited for him to be in the air and come close. She hit his head with her palm,we could see Zakes and his wolf being separated. Zakes fell on the ground while his wolf looked stunned as the Uriel's hand held a tight grip on its neck. She pushed it back to him,it was like he was transforming again,he looked stunned and lowered his head in sign of respect.

Her: Choose your battles wisely, I am not the kind that ask for respect, I make you respect me. I kill for fun, don't try you little bitches. Now where were we?I won't help you with Del Monte except the lycans.

She walked to the door and disappeared on the passage. I touched my neck only to come back with blood,it was going to take time to heal considering my wolf wasn't around.

Zakes:I thought I was dead really dead.

Me:Damn this woman is a robocop.

Casian:You turned purple.

London:Was she really going to kill you?

Me:She was on the process to,my neck feels bruised.

Casian:Those nails left a mark though, very long if you tell me.

Zakes:She does not really like us at all.

MAHE

My body felt relaxed when I woke up, I got up from the bed and looked around. My eyes landed on a woman tying her long hair.

Her:You are awake.

The Uriel?She turned,she was in a bra and panty and the ink looked creepy.

Me:My Lady.

Her:Funny

Advertisement

now you know that you have to respect me because you don't know where you are.

Me:What is going on here?

The door opened and Del Monte walked in taking me by surprise. He looked very much alive like we did nothing to him.

Him: Mahe.

Me:You think ki-

Him:Oh no I am not going to do anything to you, I will be on the other side watching you die.

I was confused.

Her:Dad.

Me:Dad?

Her:Of course you forgot me.

She pressed on her skin and the ink disappeared,she whispered some strange words. Her body shifted,one moment she was tall then short. Purple eyes, I moved back.

Me:It is impossible.

Her:I was raised from the dead by Uriel Tamara and as a vampire you were suppose to cut my head off.

Me:This is just you trying to get to my head.

Her:Dad please step outside.

Him:See you in hell if the devil allows me to come.

He walked out and closed the door. She stretched.

Her:Aren't you going to start shifting?

Me:For what?

Her:I am going to kill you.

Me: Just because you are a Uriel,it doesn't mean that I am scared of you.

Something popped making me look at her. She got taller, her claws got longer and fur grew on some parts of her body yet she stood there without shifting.

Me: The fuck?

Her: I am something worse than lycans and wolves combined.

Where her feet had been, clawed paws stood as her body bent and the ropes of muscles shifted beneath her thick fur. It was an unbelievable massive wolf standing the same height as me with black fur, red eyes and few red streaks. I didn't know whether I was dreaming or what, my wolf refused to let me shift cowering at the back of my head. Now I knew that I was really dead. She pulled her lips into a silent snarl. She leapt as I tried to force my wolf to shift, I dodged her but she turned midair catching me by the back of my neck and threw me away. My wolf finally let me shift, I ran towards and jumped, she went up on her hind legs and anchored claws in hindquarters, yanking me down. My claws slammed on her side, she rolled, ramming into me, knocking me off my feet so we were a tangle of fur, claws and teeth. Both our roars echoed in the room. Her claws sinking on my back and neck, I took bites but she wasn't letting go. We broke apart, came together again, she was fast and lethal, every swipe left my body aching yet she looked the same like I did nothing to her at all. I tried to move away from her but she was having none of it and she was determined not rip me

into pieces. My muscles were not cooperating with me as they froze, we were tangled as she ripped my fur off me, growling and snarling. I fell on my back as blood bubbled on my muzzle, my whole body was stiff and I could hear bones cracking as she shifted back to normal. All her wounds were gone, only her sweaty skin and disheveled hair proved that she was in a fight.

Her: No one can and shall defeat me Mahe, you took advantage of my younger self.

Me; Don't kill -

I coughed out blood.

Her: I hate it when they beg.

Her eyes turned blood and fangs popped.

Her: Wolf blood makes me get satisfaction that I won. Reserve a seat in heaven for me.

I closed my eyes as her teeth sank into my throat and holding, suffocating me, my body's temperature rose and I could my wolf whimpering and fading. Like sudden sleep death came my way as I let the strength I had go.

UNKNOWN

I combed my red hair starring at myself on the mirror.

Me: I give you a rand, you return thousands of rands to me.

Mirror, mirror on the wall who is the fairest of them all?

The mirror darkened and cleared showing the woman I was looking for.

Me: Grandmother.

Her:Your face is cracking up dear granddaughter.

Me: Immortals are cracking up grandmother. Who is the fairest of them all?

Her:I didn't want to offend you but you insisted.

She disappeared and that girl with red eyes stood starring at me.

Me:That little red princess is no match to me.

She disappeared and my grandmother showed up.

Her:That is where you are wrong,she is the one standing between you and getting Ravenswood.

Me:She is a witch,she doesn't belong there.

Her:All your powers combined are no match to hers.

Me:What do we do then?

Her:Every powerful being has a weak point,find it by starting in Medina and find out why she keeps going there.

Me:Maybe it is a mate or a sibling.

Her:You are the fairest but that will stop if you don't get what is buried under that kingdom.

✓ CHAPTER 16

JEMIMA

Going to Medina was a huge risk, we didn't know what to expect or don't. First time I was scared of the outcome of this meeting we were going to have, with my team and warriors on my side, I didn't feel safe at all. We were not in our own land so it was easy for them to plan how to attack. We welcomed by the servants who told us that the Lord wasn't around but he was going to be back soon. They offered us something to drink and eat. We were sitting in chatting when heels echoed. A very beautiful woman walked in and paused first looking at us.

Her: What are these things doing in my house?

Guard: My Lady they have a meeting with the Lord.

Her: You could have put them in the waiting area which is outside not my house.

Guard: I apologize My Lady.

Her: There is no treaty happening here, if you cannot return the girl your fathers burnt down then there is no treaty here. What are you offering us in exchange for this?

Me: We were hoping that the Lord tells us what he wants since we have no idea what he would want.

Voice: Everyone involved in my daughter's murder dead, that is what I want.

He looked exactly like JR but an older and more stronger version of him.

Zakes: It is hard to get our parents to surrender.

Him: As a king you are able to sentence them to immediate death or unless you don't want to.

Me: I still have siblings who need their parents.

Him: Why are you here then?

Casian: My Lord can we talk about the treaty without using the parents?

Her: You need us not the way around.

Me: How about I give you access to the entire kingdom?

I knew I was gambling with lives here, giving him access was my way of saying that he must go and get the people he wanted by himself.

London: Instead of us taking them.

Him: You might be giving me a new idea actually. Trusting you will be another mistake so that is why I had my servants give you something that will make sure you are not lying to me.

We quickly put the cups down and held our mouths.

Her:Is it a deal?

Me:Here is the contract.

He signed both and I did the same before taking mine.

Him:I look forward in working with you,my gift to you is already in your grounds.

He smirked.

We found the guards standing in front of a container.

Me:Is it a body?

Guard:Beta Mahe ripped apart.

I opened and looked inside,he was truly ripped apart. I looked at Zakes who snarled and walked away.

Casian:Seems like work of a vampire and wolf.

London:Which means one of us is already in talks with Lord Del Monte and we don't know. No wonder it has been so easy for his assassins to come and go in our lands without a huss. They seemed to know how and where to get who they wanted because of a snitch.

Dad:This man will not stop until we all dead.

I gulped knowing very well what I have done, that I sold all the elders for peace's sake.

Me:We can't stop him.

Dad;And the treaty?

Me:He agreed without asking for much but give him his son.

Dad:He is the only one who knows when something is about to happen,we can't just hand him to them.

Me:I was not asking you Father,dare hurt him I will do more than handing you to him. We are in this mess because of you and these stupid elders, I am king now so do stay out of my way. I am doing whatever I can to fix everything, I don't need you roaming around and not paying for your sins.

I was getting annoyed by everything.

Me:Take him to the morgue damn it! Casian find Zakes!

I walked inside the castle,my back ached and sharp pain shot through my chest.

Voice:Missed me?

Me:You came back early,it has been only three days without you.

Him:I am an alpha not a rogue.

Me:Talk about bragging Raven.

Him:So should we sniff for our mate in the kingdom?

Yes as a wolf you were able to talk to him or her,have a conversation with the voice in your head because we were two different beings. We are like their hosts, when our wolves emerge by the age of six, they come with their names you don't name them.

Me:What are we going to do if we smell her?

Him:We find her,what else punk ass?

Me:Why are you so rude?

Him:You got strangled by a blind hot babe with red gorgeous eyes. One of these days I will force you to try and get her in our bed, I think she is wild.

He purred making me laugh.

Me:You horny bastard.

Him: You are a punk ass without me

I mean you only attractive because I am around.

Me:Wow so all the credit to you?

Him:I turn a woman on by just walking, you should let me out when you are around hot babes.

Me:Gabi is hot.

Him:A deep freezer can't even get my dick up.

Me:She got mine up.

Him: Because I left you alone otherwise if we were fully emerged it would have dropped like temperature on winter.

Me: Let's sniff Raven.

My bones popped,my claws elongated and fur rippled on my upper arm and legs. My ears flattened, blocking any sound and listened but nothing.

Him:She is not even close.

Me:I am sorry but I don't want a mate.

Him:I don't give a damn about what you think,if you think that fridge will bare us pups then you have no idea about my power over you.

My bones popped back.

Me:Raven?

Silence.

DEL MONTE

Me: Clearly the boy has no idea what he has done,giving me full access to his kingdom wasn't a great idea.

Him:Seems like our plan to wipe all the royal wolves from existence is working.

Me:And the immortals?

Him; They want what is buried under the kingdom.

Her:We need to be faster than these immortals.

Me:My Lady you don't have to worry, I have all the access to everything. We finish the royal wolves and elders and leave the immortals to finish the rest.

Him:How is my mate doing?

Me:Lying on a hospital bed with one kidney.

Her: Brother don't be hurt,she is going to pay for all the pain you went through.

Me:Queen Mercy the new king and the Uriel will be coming to you soon.

Her:The best of my students, just because it is her I will allow them.

Him:I want King Rossetti's head on a silver platter, the disrespect. A wolf taking a lycan's mate?How degrading!Those ants think they are all that,she should have rejected me.

According to history if a mate didn't want the other she or he had to reject because if they don't, everytime the other is

having sex with someone else she or he would feel the most excruciating pain on their stomachs leading to depression and sometimes in wolves to death. For a lycan the pain is ten times worse leading to rage, Mandy didn't reject him so he felt everything for years but now he managed to heal because he got a new mate.

Me: Lycan Alpha Maze please do calm down.

Her: Brother we will put them in their place soon, get yourself together.

Queen Mercy was an Alpha Lycan Queen of lycans making her one of the most lethal women in the world beside Red.

UNKNOWN

Following the Uriel proved to be the most confusing thing ever, one moment she was there then bam she wasn't. We lost her a couple of times, there was strong power keeping me away from Medina. In Malla none of them were willing to say anything even when offered bags of money, witches were very loyal to this little girl.

Me: That is all.

Her: Are you telling me that the witch sitting there seems hard to track?

Me:Yes.

Her:Oh come on Niss, you are not serious with me.

Me:V you have no idea what I have tried to do to track,even your brother was useless.

Her:Why are we chasing a witch?

Me:She is standing on our way in getting Ravenswood.

Her:Kill her then.

Me:Which impossible, you can't just kill her according to-

Her:That stupid grandmother in a mirror. Mirror, mirror on the fucken wall who is fucking the fairest of them all motherfuckers?Yes me you old bitch. Is she dating?

Me:No.

Her:Then let me try my specialities.

Me:She can't see.

Her:She do-the fuck?Where did she go?

Me:See?

A cold hand wrapped around my neck softly.

Red:Such tender skin,imagine blood oozing off.

Her:How the hell she get here?

Red:Stop following me.

Me:I never liked orders.

She pulled me by my hair.

Red:They all learn.

I got up so fast and plunged the dagger on her chest. She took a step back and looked at me surprised before pulling the dagger out.

Red:That hurts.

Then she was gone.

Her:I understand what you mean.

✓ CHAPTER 17

TAMARA

Red walked in and staggered forward.

Me:Lavinia!

I caught her before she could even fall, her skin was paling and she had a dagger on her hand. She looked feverish as I sat with her on my arms.

Me:Baby?Call the damn healers!Get Eris and Jackson!What happened Lala?

Yes I have seen her come back with stab wounds but this is a lot worse than what I know. Her skin looking so white as snow and cold as ice.

Her:Red.

Me: It's your nickname.

Her:She-red.

Me:She?Lavinia!Where is the damn doctor when you need one?

The Oracle walked in.

Oracle:Oh dear God we need to open the wound now.

She pulled her clothes off and I gasped at the wound, it looked burnt and was black and couldn't stop bleeding.

Me:Alianthe.

Oracle:You know your weapons.

Me:There is only one Alianthe and it is suppose to be between earth and the realms.

Oracle:And?

Me:Between us and immortals, an immortal did this which means that they closer than we think.

She cut the wound more open before taking out some herbs shoving them in the wound and added some water.

Oracle:Their mistake was thinking that she is going to die.

Me:The prophecy sai-

Oracle:She can only be put in temporary sleep for years by all lethal weapons but she can't die. The prophecy didn't know about her being killed which means-

She took a matchstick and lit it before putting it on the wound, there was white fire burning slowly on the wound.

Oracle:The prophecy can be changed you know, Red is what this world needs. She is the first and last lethal and dangerous Uriel

hybrid, yes she is first of her kind, another powerful will be her son's soulmate.

Me:Huh?

Oracle:A son and three daughters, he will have all her other powers and those red eyes.

Me:This why I don't like being around you, I don't think I want to know the future of my daughter.

The fire stopped and the wound started healing.

Oracle:She won't wake up for at least two weeks, this dagger drains the ability to fight killing other species except her. She needs to return it back to where it belongs.

Him:What happened?

Me: According to the information I have she went to one of her favourite restaurant outside Malla alone as usual.

Her: This person attacked her in public?

Me:Look at the pictures and tell me what you see.

Eris took the pictures and looked at them and gasped.

Him:This woman has red hair too?Who are they?

Her:Immortals.

Me:And?

Her:This one with red hair is dangerous even if her and Red were given space to fight,she wouldn't have died.

Him:Who is this?

Dad walked in.

Dad:The immortals Karma and Vanity. Back in history before the deadly sins came about or even us,vampires wolves etc. The king of gods Zeus created immortals, they like soldiers but not,these immortals were each given a power which they specify on. Karma belongs to the group of the deadly immortals ever created, there's Fate, Sinful, Vanity,Death and Wrath and Time the most powerful. Immortals are the best when it comes to every power you have seen in this world, they are like perfect creation of Zeus.

Me:They are his favourite.

Her:Red took Karma lightly because that woman is basically karma and she likes acting like she is stupid but isn't.

Dad: Immortals can only be killed by one of them which is none of us.

Him:What are immortals doing here then?

Dad:Many

many years ago when the moon goddess decided to create her own creatures, she had stones with her that had similar powers of immortals which she stole from Zeus. She buried them so deep and created Ravenswood and wolves on top so they could be the ones looking after them. What she didn't know is that immortals are on the same level as gods, can't die except by Zeus or their own. They stayed away from thousand years, thing is immortal can't rule his or her realm forever, they are suppose to have a child who takes over so they can go and be in Zeus's council. Problem rose when the immortals wanted to rule forever, the only thing that could make them rule forever are those stones buried in Ravenswood and one way or another they are going to destroy earth because of the moon goddess. Immortals are coming and Red will suffer a big fight from those things, we can't expect her to go and fight them alone because of the stupid prophecy, look at her now. Karma never stops until she is the only one existing.

JEMIMA

Casian: #operationlycanthropy failed.

London: Really a hashtag?

We received the news two days ago that the Uriel was attacked and is in a coma. First we were surprised that this happened, I mean the woman seemed to know things before they could happen. Maybe she knew but pretended not to because now she was in a coma.

Me: So the lycans only wanted us to come because we were going to bring Red, now they changed minds but it has been peaceful. No attacks or anything.

Zakes: Have you seen Harvard? Him and Jamal are determined that they will kill Del Monte.

London: They should start asking the old people how they failed, this thing is never going to end. Almost everyone believes that what Luna Charity did was right, she didn't want the child so what was she going to do with it? The mentality our fathers implanted on our people is sickening, they don't even see the wrong in killing someone's little girl.

Casian: They are busy telling us that it was a have to which leaves me baffled. A mere child had to be burnt because it was a has to? We are starting from scratch because of them.

Me: I am tired serious tired. Zakes aren't you suppose to be at home helping with the funeral arrangements?

Zakes: I can't pretend with the whole entire family there, he was killed for raping someone's child and everyone in the house

says he didn't deserve it. It makes me sick that it is women saying all these things.

Mess and mess after mess.

JR

The sadness I was feeling after hearing that the Uriel was in a coma was beyond. I literally shed a tear confusing myself why I was feeling like this. I took a drastic decision to go to Malla with no idea how I was going to be let in. The buildings built by stones were beautiful as I approached the gate. The guard gave me a jar and told me to put my hand inside for a minute before opening the gate to let me in. I walked to the door leading to the waiting area but stopped, I looked at the passage leading inside the castle. I heightened my hearing and listened, I walked towards the voices instead. I knocked at the door and it opened, I walked in the room to find people. They all turned to look at me shocked. There was the Uriel's mother and grandfather, a woman. Someone walked in right after me standing next to me, everyone widened their eyes, I turned to look at him.

Me: Father.

He looked stunned before looking emotional, he opened his arms and hugged me. I was so teary.

✓ CHAPTER 18 CONTINUATION

JR

Everyone was treating me like an egg, the servant drew a bath for me and I found loads of food waiting for me in the dining room. My father kept looking at me and sigh, it was an emotional moment when he shed a tear and told me what went down before I was even born. It makes me realise that my mother didn't give a damn about us except her puppies.

Growing up in orphanage was not a good experience knowing very well that I wasn't an orphan I had a mother made me despise women. Constantly being shouted at for just uttering a word, my mother and the Queen made me sound like I was crazy all along they knew what I could do.

Him: Your sister is still alive.

I choked on the juice.

Me: Sorry I just thought you said that Lavinia is alive.

Tamara: She is alive that is the reason you are here.

Him: Come with me.

I got up and followed him, the more we walked was the more I could feel the heavy sadness weighing me down. We walked in the room, the Uriel laid on the bed looking pale. I stepped closer

and touched her forehead,a memory flashed in my head making me move.

Me:She is-she.

Eris: That is the reason the Mistress of the South is following you,she was suppose to be dead but Tamara took her soul and raised her from the dead.

Me:She didn't go to Ravenswood to really help,she wants to kill everyone one by one.

I touched her forehead again brushing it slowly.

Me:I was curious as to why her and her team were so nice to me. What did we ever do to our mother?I grew up alone and thought I would die alone because of her. Then they said I was going crazy because I had vampire blood in me.

Him:My son I know that from now on, you never have to feel like that ever again. As your father all I am asking for is a chance.

Me:I want my mother dead.

Him:Wait and see.

Voice:Daddy?

We all froze.

Tamara:She is awake?Fast?

We looked at her yawning.

Eris:The power of twins, they are each other's strength and pillar.

Him:Hey little red.

Her:JR?I feel exhausted what happened?

Tamara:You were stabbed with an Alianthe by karma.

Me:The immortal?

Eris:You know about immortals?

Me:I have all the time to read history books.

Her:With the red hair?She took me by surprise. How long have I been sleeping?

Him:Three days.

Her:I feel like I went to war, so exhausted. What does JR stand for?

Me:Jaima-Raiden.

Her:So long and boring.

Me:I am hurt.

Everyone laughed, for once I was so happy and I knew the happiness wasn't temporary.

KARMA

Her:She stabbed him with the Alianthe and we heard she is in a coma.

Him:You are starting unnecessary war, I said go to earth and find a way to get to Ravenswood instead of listening to that old hag in a mirror. I sent you to Ravenswood instead you went to Malla.

Me:You are being rude,no need to say that a-

Him:I am not Time

surely you do know that Katniss. I don't give a damn about what she said to you about the Uriel, point is I sent you to Ravenswood and you went your way again.

Her:Fate you are getting out of line.

Him:If that Uriel dies I will personally deal with you myself, I told you that nobody else mattered.

Me:Are you going to ask me why I did instead of insulting me?

Him:I am Fate, I knew before you even left. I knew you were going to be reckless and try to kill her because she threatens you.

Me:She doesn't threaten me.

Him:Can Alianthe kill you?

Me:No.

Him:It cannot kill her too,she is an original just like you and me.

Her:Impossible!

Me:You are ju-

A picture played on the wall, I could see her smiling on the bed.

Him:He is Zeus's favourite being.

Me:Zeus did not create her.

Him: Don't be a bitch karma,for once you are defeated accept it and move on.

He pulled me up with his hand holding my arm harshly.

Him: Don't make it a habit disobeying me or I might even forget that your lover is my brother.

He let me go and walked out.

Her:I don't like him at all.

Me:I am telling Time about this.

Her:Come Karma what is he going to do?It is his brother and we were wrong.

Me:Are you serious?

Her:I know you know that you don't want to get him on your wrong side and Time won't be there. Fate decides our fate, you could go extinct.

I just sighed,to be honest Fate always managed to scare me with just look I would cower but I pretended like I wasn't.

JEMIMA

I was lying on the bed with Gabi on my side,then she started kissing me before going to my throat. She went for the part between my neck and shoulder where mates usually mark each other. I felt Raven come forward so fast and pulled her of me. Gabi fell off the bed, I was stuck in background as he took over.

Raven: Don't ever touch my neck.

Me:Raven stop it!

Raven:I am the alpha not you Jemima!

Then I could feel him give me control again. I quickly ran to Gabi,she looked unconscious with a bleeding head. I picked her and accessed her head,on the back it had claw lines.

Me:Raven what is wrong with you?

He has been so moody ever since I told him that I didn't want no mate. I picked her up and walked out of the room heading to the royal hospital. Everyone looked at me stunned and confused.

I waited by going up and down. They cleaned the wound and bandaged her before pumping her with sleeping pills.

Voice:Jemima.

I looked at her and wrapped my arms around her.

Me:I am sorry,Raven is just going through denial that's all.

Her:I know, it's okay.

✓ CHAPTER 19

RED

Me: So what can you do?

Him: Do you like have a wolf and vampire in you?

Me: Have you bitten anyone?

Him: Do they both fully emerge?

Me: Do you ever get thirsty and want to drink blood?

Him: Can't you really see?

Me: Did you call the social workers by their names or?

Him: Will you ever have a mate?

Dad: No, no, no!

Eris: Leave the kids alone Jackson!

Dad: The real kids are in school not these two!

Me: Daddy.

Dad: Yes baby.

Me: I am hurt.

Dad: What is wrong little one?

Me:You shouted at me.

Dad:I am sorry little red.

Me:Take five.

Him:Oh yes.

Eris:You are going to have grey hair.

Dad:I already have two grey hair.

Me:Aren't you just dramatic?

Dad:But we need to talk about you finishing what you started in Ravenswood, It is been a week now.

Me:I know.

Him:Why did you leave Charity alive?I mean her sons are busy planning on how to kill our father.

Me: What are you talking about?

Him:They have been getting all the necessary equipment to make him weaker so they can cut his head off.

Me:The hell? Ungrateful little brats!

I took my phone from my pocket and dialled Kyle's number.

Me:Kyle are you done with the training?

Kyle:One more week we are done.

Me: Tell that stupid king, tomorrow morning he must be in Amrothy.

Kyle: Yes My Lady.

Me: And Kyle.

Kyle: My Lady.

Me: Never mind will do it myself.

I dropped the phone.

Me: I am going to kill that stupid, I will bury ten feet deeper.

JEMIMA

Kyle: Excuse me.

Me: Yes.

Kyle: Uriel Red said I must tell you that you should be in Amrothy tomorrow morning and she will meet you there.

London: She is awake?

Kyle: That's all I was told to say.

Casian: Wait! Do a Uriel ever get a mate?

Kyle: Few did just like my mother but all Uriel's don't marry out of the convent.

He walked out.

Zakes:And then?

Me: Casian you are mated.

Casian: I was asking a simple question.

Guard:Your Highness you have visitors.

Before I could ask who,two women and man walked in wearing black all of them. They sat on chairs without saying anything,the with his dark eyes he extended his hand for me. I touched it and a terrible nightmare flashed before my eyes making me gasp, I removed it and he still looked at me like nothing happened at all.

Man:If your wolf isn't stupid I am sure he already knows by now that we are not here to play with you.

Raven was pacing that's all.

Me:First who are you?

The woman with red hair rolled her eyes.

Her: That is Sinful and his sister Vanity and I am Karma.

If it was another day we would have laughed if people introduced themselves like that but we knew who they were the moment they mentioned their names.

Me:How can we help you?

Sinful:You know all of you seem to be resistant on staying here, you could save your lives by leaving and start afresh.

Vanity:No one will die.

Me:Our ancestors were given this land to love and protect, you want us to just hand it over to you, just like that.

Karma:Yes just like that. Moon goddess really think she could betray us and give what belongs to us to the weakest beings ever.

London:We are not weak!

Karma:You better not be talking to me boy!

London whimpered and started coughing out blood.

Karma:It is not going to stop until further notice. Lycan are the most strongest not you.

Me: What did you do to him?

Vanity:A little pusher to remind you that we are not here to play.

Sinful:You should be careful Jemima,a lot of unfortunate events happen to people like you.

They got up and walked out.

Zakes:He is not coughing anymore.

Casian:One thing I know,we are dead and dead.

Me:We need the Uriel on our side.

JR

I was between the trees and I could hear screams and growls echoing. A flash of red clothing went past me in a split second, I followed running. Jemima was trying to stand up bleeding.

Him:Why are you doing this?

I looked at the person he was talking and half screamed,it was Res standing tall looking like something I have never seen before. Her fangs and claws were gold ,her eyes looking bloody red,fur on her arms and legs.

Her:I don't want no mate.

She shifted so fast,she was on Jemima ripping him apart. I snarled grabbing everyone trying to stop them from fighting,bite and throw. I felt a cold hand touch my neck, I turned and collided with something so hard.

Me:The hell?

Her:You were dreaming brother.

I looked around to see myself in a car with Red.

Me:Where are we going?How did I get here?

Her:I am the Uriel, I can take you anywhere anytime if you are sleeping.

Me: Dangerous.

Her:So the nightmare?

Me:How do you know it was a nightmare?

Her: I am the Uriel again.

Me:You were fighting.

Her: Ripping the king of Ravenswood apart right?

Me:The hell?

Her:I am vampiric witch, I feed off from people's emotions. Chaos witch and oracle, I am combination of three types of witches well not calculating the fact that I am a diplomatic witch

spells don't really work on me.

I looked at her,she was making it sound like she was talking about the weather or something.

Me:You are dangerous.

Her:You are a banshee which means we can easily avoid death if we do this together.

Me:I have no training.

Her:You will be training with lycans.

Me:What?Are you trying to kill me?

Her:I want you ready, besides the queen of lycans personally trained me so I believe the King wouldn't mind training you.

Me:Look at me, I wou-

Her:Look at me Jaima-Raiden Del Monte, look at me!Can I see you?No, you have eyes to see your enemy yet you are doubting your own strength. Don't tell me about how you grew up, I don't care about how you grew up,right now we are talking about a way forward not backwards. You will not grow if you keep holding on to the past,it hurts and is unforgettable but your growth depends you. I went through far worse things than you did, not once did you hear me tell a story about that. Accept what happened,kill the person who did you wrong so if someone else is thinking of hurting you, they know you don't play like that. You are going to stay in Amrothy and train, I won't hear shit about you being weak are we clear?

Me:Very clear.

Her voice softened.

Her:Look killing the man that raped me was something I always wanted to do,others I just wanted to hurt them but now

everything has changed. I keep seeing more victims of werewolves and none of them are feeling sorry for everything they did. Did they ever apologise? No, God can't help us if we can't help ourselves. I am killing whoever thinks it is right to hurt me and my family, I am going to murder the whole entire village for that matter. I am touchable but I am a fucken immortal and there's no one who can kill me. I am an abomination because whenever I feel like killing someone, I check if those who hurt me before and go for it, nobody can stop me not now or anytime. You should know better than stop me when I kill the king of Ravenswood.

Me:I-

Her:I know what you saw JR, I know what will happen today, his stupid wolf is going to sniff me as his mother fucken mate and I am going to reject him. Just like my mother I have two mates, the other one is still unclear.

Me:Is it safe to say I am scared of you?

Her:You should be, because if you cross me I won't be so cute anymore, ask Father, Aunt Tamara and some council members for a reference.

Me:Are you really twenty two?

She laughed so bad.

✓ CHAPTER 20

JEMIMA

The way we were being looked at, it was so obvious that we were not welcomed at all. What is worse Red hasn't arrived at all. A man looking so dangerous walked in and stared at me to be precise.

Him: She was supposed to reject me but she preferred me living in pain for years.

My mother's mate.

Me: She didn't reject you?

Him: No, imagine the pain I went for thirty years because of your mother. Now you have the audacity to come here.

Me: Wha-

Him: I could kill you right now and this would be over and dusted.

Me: For what exactly?

Him: Poor little pup thinks he can make it here.

Me: Just because you are a ly-

Raven: She is here oh boy she is here.

The perfume radiated around me, making me go a little crazy, the door opened and who I assumed was King Zayn and Queen Mercy walked in, I looked at the door and Red walked in. I looked at her stunned and I got up.

Raven: Mine!

Before I could stop my mouth.

Me: Mate.

Pause. The only people surprised were the guards I brought along with Zakes, London and Casian. Her head snapped towards me and she snickered, I got up and headed towards her. She stepped closer and I smiled.

Me: Mine.

Her: Look at you boy, getting all excited to finally have your mate. Mhm I feel goosebumps, step closer.

I stepped closer and she touched my cheek making my wolf to purr. Out of the blue, a fist connected with my chin before another to my ribs. Before I could comprehend what was going on I went flying across the room.

Her: I, Uriel Red, of Malla Empire reject you, Alpha King Jemima of Ravenswood.

Raven whined and whimpered, it hurt me to find my mate.

Me:Why?

Her: Isn't that what you wanted all along?To marry your love of life? Look at me, I don't want a mate which is you. In fact I would never want a wolf as a mate.

She was telling the truth about that.

Her:Even my own father doesn't make me second best, just because I am saying this doesn't mean that I would have want you if you were single. Accept the rejection.

I looked at her.

Me:I won't do no such.

Her:I am going to make sure your life is miserable until I master the strength to kill you and take that kingdom. Oh no boy I have big plans for you and all of you,one village at a time.

The lycans were not even surprised which means they already knew that we were mates

Advertisement

she did not even look surprised. What was I thinking?She is a Uriel which means she knows everything but just pretends she is not.

UNKNOWN

I watched her sitting on the ground with her beautiful red eyes closed,her skin looked flawless and smooth. Her black hair with few red strands flying behind her,she sat like she was doing yoga. Her head snapped towards me ,my heart hammered against my chest as she stared directly at me. I know she could only sense me not see me at all. I wanted to step closer but a boy same age as her came running and jumped on her. I clenched my fists in anger, I didn't want the boy to touch what was mine. I teleported back to my house.

Voice: Don't you just love coming out of nowhere?

Me:Brother.

Him:Long time no see.

Me:I don't like you coming to my land.

Him:You love isolation. Give me a hug.

Me:Go to your girl and leave me.

He hugged me.

Him:I know you need it.

Me:Get off me.

Him:Why do you keep visiting a certain kingdom?

Me:Did Father send you?

Him:Oh come on T we are brothers.

Me:And?

Him:Fine I will stop asking.

Me:Is it possible for me to get a mate?

He choked on his own saliva and coughed.

Him:Oh mother of all nations!Hundred years later you believe me?I told you about you having a mate T, I told you.

Me:Faye don't patronize me brother.

Him:I told you so!I fucken told you so!

Me:Fuck off!

Him:So who is she?

Me:I don't even want think about what will happen if you go and see her. You are Fate so you get what you mean.

Him:So Katniss...

Me:Oh hell no.

Him:Can you believe that she stabbed the Uriel from Malla with Alianthe?

Me:What did you just say Fate?

Him:Karma stabbed Uriel Red with intentions to kill her.

Me: Brother stay here I will be back.

Him:You don't say!Red?

I grabbed my coat and walked out,Karma is going to know me I see she has forgotten what I will do to her.

JEMIMA

Zakes:Bro I did say that I hope you know what you are doing. Your own mate spent time in Ravenswood, seeing you with Gabi,saw how you treated her people. Now you want her to accept you, yet you made it clear how you hated her.

London:It is true when they say,treat whoever you meet because you will need them one day.

I just sat in silence thinking about what was happening, I was sure that I wouldn't want my mate but look at me now. She rejected me without even batting an eyelid,she said it out loud that she wants nothing with me. The door opened and the King and Queen walked in.

Her:Can we get over with this?

Him:As Amrothy we would want to help you only under some circumstances.

Me:That would be?

Her:Hand over the Queen of Ravenswood so my brother can deal with her. Casian: Brother?

Him:Alpha Mason is her brother.

Me:You are asking me for something way too big,way too bizzare. Hand my mother over so you can kill her?

Her:Of course we want her dead.

Him:Or you give us your kingdom.

Me:What?

Her:We want Ravenswood under us.

London:We would be like a small kingdom under lycans?You want to rule us?

Her:I like you baby boy, you are faster than I thought.

Casian:You want to detect us!

Queen Mercy got up and walked elegantly to us,she walked to Casian, grabbed him by the chest, pulling him up before throwing him on the table.

Her:Little kittens think they can scratch me in my land,one way or another I will have that kingdom under me. Anyone else?

Me:Can we think about this?

Her: Fifteen hours or I will come for Mandy myself pup.

✓ CHAPTER 21

KARMA[KATNISS]

I sat with my feet dangling in the water and music playing in the background. I felt a breeze but didn't take notice until I felt a push on my back sending me flying to the water. I quickly got up gasping, my head hurt and my nose felt very hot.

Me:What on earth was that?

He stepped closer to the edge of the pond.

Him:Stay in the fucken water!

I looked at his eyes glowing in anger and grimaced.

Me:Why?

Him:Do you ever listen?

Me:What are you talking about?

Him:Get out of the water and come here.

I hesitated.

Him:It won't be so pretty if you don't come out Katniss.

I walked out and stood before him. He pulled me closer, the hit radiating from him making me step closer. Then my skin started

itching very painfully, my hair fell off my head, I could see my nails decaying and my mouth dry.

Me: No!

Him: Ravenswood is the only reason we are on earth, hear?

Me: Yes.

My body hurt, I could see my own skin drying out.

Him: Now you are going to go inside and get rid of that mirror. Now!

I kept stumbling as I try running inside the house, the moment I got to my room I was feeling a lot worse than I was outside. I grabbed the mirror and threw it on the floor, shattering it in pieces.

Him: Malla Empire will be hearing from you by tomorrow.

Me: I-

Him: Was not asking you Katniss and I will not repeat myself.

He stepped closer again making me move, but something pulled me closer to him.

Him: Get that worn out red haired?

Me: I do Sir.

Him: Good girl.

He disappeared as my skin started being normal again. I dropped on the floor and screamed. That man always scared me more than other immortals, he never showed up anywhere unless it was necessary. Why was it necessary that he came out after three hundred years of being wherever he was? I was pretty sure that Fate went and told him knowing very well the man doesn't play games. Now I have to go and apologies.

JEMIMA

Me: We have no choice because the immortals are coming for us one by one.

Dad: Where is that boy JR? He should be spouting right now.

Me: He is long gone Dad.

Dad: We shouldn't have let him go.

Me: Are you serious? Can't you just learn for once? We are facing a problem here and you are busy worrying about someone's child who was suppose to be with his father. Now this is a crisis.

London's father got up.

Him: Give them the kingdom, we cannot give them one of our own.

Harvard:I agree because we are at cross road having no other option.

Me:We all agree with this?

Everyone nodded.

Me:Me and my team have to leave then.

Mom:Jemima.

Me:I am fine Mom.

Mom:Your mate rejected you, that should be the most hurtful thing ever.

Me: I didn't want a mate Mom,so I am not going to pretend that I wanted her.

Dad:Not accepting her rejection means you do,if you don't accept then you are going to be miserable.

Me:Oh yes misery, you both know how that feels like yet Mom you didn't give Alpha Mason peace. You didn't accept his rejection just to string him along for your sick ways and you are here telling me that bullshit about accepting. We are in this mess because of you and your stupid council, you are despicable men killing innocent children to boost your egos. Del Monte should start killing you one by one.

I got up and walked out in anger, I was tired very tired.

Raven:She really doesn't want us?

Me:I don't know but I am going to try at least.

Raven:I guess I should start learning to accept that I will not have a mate anytime soon.

Me:This is all my fault, I should have left a room for my mate but I didn't. She saw everything I have been doing without me knowing anything at all. There are times I wish I could take a different decision.

Raven:We will try fighting for her.

RED

I looked around well I can't really see but I was trying to feel what I have been feeling for months, long before I went to Ravenswood. There is a presence that keeps coming out of the blue and stares at me for a long time now, I don't know why but somehow I am very sure that it won't hurt me. I sat on my chair in silence.

Me:Damn I am heartless but it is funny that I don't feel a thing for him. Isn't there any mate bond? I don't feel anything for him.

Shadow:Raven is hurt though.

Me:Do you feel something for him?

Shadow:I feel bad for him that he has to grow through this but other than that no.

Me: That's bad,very bad. What was that?

There was something heavy on the air. I got up.

Kyle:My Lady there is a woman wanting to talk to you she said her name is Karma.

I walked out and followed his scent.

Me:You can see that I am not dead so leave my grounds Karma.

Her:I am here to apologize for what I did, I admit that I was wrong for what I did.

Me: That's cute,we will be seeing each other soon.
Leave!Alakama!

She screamed as I went back inside.

.....
.....

Guard: Delivery for you My Lady.

Me:Open it.

Guard:Flowers My Lady.

Me:Give them to someone else.

Guard:My Lady they are your favourite,red roses.

Me:Who sent them?

Guard:Umm it says'Love yours 'signed T on the end.

Me:Take 'Love yours' with you.

Guard:Thank you My Lady.

I laid on the couch earphones blasting my ears.

"Hot girl summer, I ain't fucking with no drama,huh

(fuckin' with no drama)

If I wasn't scared of losing my footing I would be dancing now.
Sometimes I wish I could see you know but life had other plans
for me.

✓ CHAPTER 22

JEMIMA

I knew right there that Ravenswood was done and dusted. Lycans already had plans on what to do with my kingdom, I was a like an ordinary alpha to them. They distributed soldiers all over the castle so fast before I could even think about it. Everyone just stared lost and worried, I was stunned and defeated. I wasn't strong, the rejection weighing me down. I didn't know whether she was avoiding me or what.

Voice:Hey.

Me:Hi.

Her:I am sorry.

Me:For what?

Her: Everything was going so fine then you chose to love me.

Me:What are you talking about?

Her: Everyone thinks I am rotten apple because it wasn't for me, they would be having the most powerful Luna Queen.

Me:Do not feel sorry for my own decisions,let them talk whatever they want. What matters I chose you.

Her:I can't even be the queen because everyone is looking at me like crazy, I don't know Jemima.

Me:Now you finally listen to people?Why didn't you do it in the first place?

Her:Have you seen your mate? Everyone respects her, I am just an extra to her.

Me:Get out!

Her:What?

Me:Get out!Get out!

She jumped before running to the door in fear of what I might do to her.

Me:Fuck!

I hit the table.

Zakes:Your Highness Green Veld Village has been attacked.

Me:Call the lycans and tell them that.

Zakes:Jemima!

Me:I am no king of this kingdom.

Zakes:You are! They will run you down if you don't do anything about this!

Me: Want a glass of whisky?Here.

Zakes:The hell?

I took another sip from the bottle.

KATNISS[KARMA]

Her:What is wrong with you?

Me:What?

Her: Your hair is black!It only gets black if you have cut it
Katniss.

Me:Time.

Her:Wait what?

Me:He came over to my realm angry for what I did to the
Mallalian Uriel.

Her:Huh?

Me:He came to remind me what I went to earth for.

Her: I am sorry friend.

Me:You should have seen how angry he was,made me go and
apologize to the Uriel.

Her:Why?

Me:I was wrong for attacking her Vanity.

Her:I never liked Time yet you dated him.

Me:He was nice,weird for a Time descendant. I mean he is dangerous, I thought I could make him better but each day he got worse, visited less until I was banished from his realm. I love him.

Her:Not loved?

The bell rang.

Me:It is not twelve yet. We got up and looked outside to see a storm.

Us:He is here!

We teleported to the castle as soon as we can,other immortals and gods were already there. Zeus walked in and everyone bowed. It was once in a millenium Zeus summons everyone.

Him:There is a war coming between mortals and immortals.

T:And?

Him:The wolves will be extinct if you destroy Ravenswood.

Fate:That is the point, their creator shouldn't have stolen our stones.

Him:We reached an agreement with the Moon goddess to give you your stones back.

Me:Sounds interesting.

Him:Kill two women

they are starting to annoy me.

Me:How?

Him:The most powerful queen ever, someone decided to give her outrageous powers and the other just had to be so powerful and she is not bowing to me.

T:Do they perhaps have names?

Him:They make my wife uncomfortable.

We all looked at Hera,as usual her stupid peacock hat was on her dumb head.

Her:I want them dead,there is only one powerful woman in history and it's me.

Death:Are you going to tell us who?

Her: Queen Diamond, Queen Langa and Uriel Red.

Him:I thought you said two, Red and Diamond.

Her:This time do make sure that these queens are dead.
Understood?

Us:Yes.

Time just kept his mouth shut, everyone knew better than to ask him anything.

Him:Meet with Ravenswood and give them an ultimatum,either help you kill these queens or you will destroy everything. Got it?

We nodded before being let go.

T

Him:So you are not happy.

Me:Can you for once stop being annoying?

Him:You wound me brother.

Me:Are youa bitch?

Him:Come on Theodore we both know why you are so moody.

Me:Faye leave me alone, I need to think.

Him:There is nothing to think about here, you are not going to kill your mate that is all. I am Fate, I decided hundred years ago that you will find your mate, I bonded you both and you will be stupid to let that go.

Me:Oh little brother is growing.

Him:Fuck off Time.

Me:Fuck you Fate.

Him:I am telling Father about this.

Me:The old man never scared me you know.

Him:I know just let me be.

Me: Whatever.

Him:Maybe you two are the reasons Zeus will stop fighting his own sister the moon goddess,it won't be easy but in the end we will succeed whatever is succeeding. Okay I am stopping this motivation shit, it's not working for me anymore.

Me:About time.

Him:Have you met her?

Me:She is beautiful. That's all I am allowed to tell you brother.

✓ CHAPTER 23

JEMIMA

We got a message that the immortals wanted to talk, I used that as an excuse to call Red and asked her to come. Of course she said yes without even arguing with me. I brought Gabi with me to the meeting just to see her reaction. The moment it was announced that they have arrived, my heart hammered against my chest but I had to control so Gabi wouldn't notice. Between me and her things were tense, people were calling her names for even sticking around.

Casian: Damn J you have no taste, I can't believe you wanted nothing to do with a mate like her.

I looked at the door as they walked in, she was in a shortest jumpsuit ever, her firm legs walking slowly towards us with elegancy. It held her tight, there was ink that kept moving around her thighs, one moment it was there then it was gone. Her hair was loose, it touched her butt and didn't even move around at all. They finally sat down as I watched her every move.

Zakes; There are few people you haven't met My Lady.

Her: Are they important?

Her voice was beautiful.

Raven:She is beauty itself.

Me:Indeed. Alpha-

Her:Harvard Jauner a piece of nothing, your girlfriend whom I believe is beautiful or is she?

Gabi:What is that suppose to mean?

Her:Look at me, I am a hot girl, don't try that at home. Change your perfume it smells bad.

Raven:I told you! I told you!

Me:You-

Her:Are not going to try me simple. So where were we? Oh yeah waiting for the imm-

She looked like she was listening to something, the ink moved faster this time all over her body. The door was opened and people dressed in black walked in.

RED

Me:Are not going to try me simple. So where were we? Oh yeah waiting for the imm-

My skin crawled, for the first time in years my wolf whined and my vampire snickered.

Me:What is wrong?

Shadow:I don't know but someone is coming.

Me:That is the first.

Then there was noise outside, I turned as men and women walked in, I could smell their cologne and perfume. My wolf whimpered , scratching at the back of my head making me antsy. I could feel them coming closer.

Voice:King of Ravenswood .

I felt goosebumps on my skin making me whizz.

Him:My Lady.

I was sweating.

Kyle:He is giving you his hand.

Him: Wait she can't see?

I nodded and extended my hand,the moment our fingers touched Shadow purred. A sharp electrifying chill went through my arms and burnt my eyes. I groaned in pain and closed my eyes but he still held onto my hand. I opened them to see a man with black hair and green eyes,he looked dangerous and I

was sure that I never met him. He slowly smiled before kissing my hand.

Him:You can see me.

I widened my eyes in shock,a growl interrupted us making me jump. Jemima looked livid as he growled.

Jemima:Get your hands off her.

I looked at him and moved confused,the moment our hands stopped touching my sight was gone again.

Him: Isn't that cute the little hell dog is giving me orders in a place that would be mine soon?

I could hear him pull a chair before moving Kyle and sat right next to me.

Jemima:You should know that hell dogs are not very nice when it comes to their mates.

Me:Hey fuck you!! I don't want you not now or anytime soon!! dare you to continue calling me your mate.

It was silent for a moment. I felt something hot softly land on my thigh making me bite my lips. I looked at my thigh to see a gloved hand, I followed the hand to find the same man looking at Jemima with his jaw clenched. Is this how my sight was going to work?His touch wasn't bad though but this was making me weird, I felt warm and safe which was weird. I touched his hand

so I could remove it only to feel that electricity again making me jump.

Him:It is very unfortunate that we had to find one of the women we were sent to kill here. We have an ultimatum here

Advertisement

your creator is willing to give us the stones here without having to destroy the place,our Creator wants payback for all the trouble well more like his wife wants trouble.

Me:I do know that I am the second on the list of women Hera asked you to kill.

They all turned and looked at me stunned.

Me:Oh come on Hera never wanted competition with immortals, someone being powerful more than her so of course I do know that she wants me dead along with Diamond and Langa,no Queen shall be powerful as long as she is alive.

Jemima:You are not a queen yet so I don't-

Me;You have no idea about who I am, you don't know my mother or father so I suggest you go with the flow. So how do we do this?

I looked at Jemima,he was beautiful with those baby blue eyes and brown hair,he looked fit. Shame if I wasn't so cold hearted I could have taken him for a night. A guy with white eyes

stepped closer to me and smiled before they cleared becoming dark.

Fate:Fate.

Me:Red.

Fate:I see my brother forgot to introduce himself but surely didn't forget how to find your thigh with his hand. This is Time.

I gasped,we all gasped, I think someone is trying to kill me. A time immortal?Okay fine I am dead.

Fate:You have met Karma,Vanity, Sinful,Virtue,Death and Destiny. Vanity and Virtue are Sinful's sisters.

Me:So am I suppose to introduce everyone else?Count me out,this is my team Mason, Evan,Lola,Zanita,Orlando,Kyle,Maurice,Ariana and Siseko. The wolves can finish up I am not interested.

Jemima:We-

Him:We already know so let's just cut to the chase.

I got up.

Me: Definitely not sticking around to hear how I am suppose to be murdered.

Him:Sit down.

Me:Try freezing time and see if I follow orders.

I moved with Kyle's hand I walked to the door.

T

Him:"Try freezing time and see if I follow orders." That went to the core damn she a spitfire.

Destiny:All along she is your mate, when I said that none of these queens are going to die you said that was impossible. Wow brother.

Me:Why did you guys become twins?Fate and Destiny the motherfuckin irony.

Him:She put you in your fuckin place brother.

Me: Leave me alone.

Him:To be honest she is beautiful.

Destiny:You two being mates won't be welcomed in all parts of the universe. Time is an enemy which-

Me:Means that my enemies are going to hunt her, I knew that five years ago when I realised that she was my mate. Trust me I chose to stay away for her own safety but it is hard.

Him:Your enemies will know so do know there's no staying away from her.

The door opened.

Karma:Is that why you got so angry that I almost killed her?

Me:Are you talking to me?

She coward as she looked at my eyes glowing lime.

The other immortals followed one by one.

Death:So?

Me: Don't patronize me boy or any of you. That is my mate,one hair missing from her head count yourself extinct. Lastly I don't want to come back to find you in my realm uninvited.

I grabbed my coat and walked out.

✓ CHAPTER 24

RED

"So beam me up and let me meet my maker

So many questions I need answers to, the wake up

Can you tell me 'bout love?

Sit me down (Oh, God)

All these other people don't have a clue (Nah, they don't know about it)

Can you help me out, me out?

God, would you please take a second and hear me out? (Hear me)

Oh, please

If I scream and shout, is it loud enough? (Hey!)

Enough for Heaven to hear me?

Oh, God

Enough for Heaven to hear me?

Dear God

Software is crashing, oh no

I can't take too much more of this

S.O.S. and no one's coming

I'm hoping God can solve my problems (Help me)

She still won't even look at me, she just keep on walking (Why)

She get to lookin' like she been waiting for me (Waiting for me)

Contemplating, a thousand days of war (No-no, no)

She waitin' for me to pay for it

Love no more, love not war (Not war)

I've been tourin' back and forth

If you hear a heartbeat, it's yours (Ow!)

No, it ain't mine, I don't feel alive (Ow!)

So beam me up and let me meet my maker (Me)

So many questions I need answers to, the wake up

Oh, God

Enough for Heaven to hear me?

Dear God

Huh, if you grant me this wish

one wish, this wish, Lord, I promise

I'll never ask for anything else

'Cause I can't do it by myself

It's too hard

I can't play God, huh, that's your job

I'm just a simple man who needs his heart repaired

In purgatory, but not if she's there

I know I'm askin' for a lot but

Tryna break these chains I'm locked from

I'll no longer be scared

If you're really up there"

Me:An immortal as a mate?Oh God are you trying to finally kill me?Oh God what I can I give him? I don't have anything to offer a man like, I want to see but clearly I won't be seeing unless I accept the man. Why do you have to make things hard for me?

I am sure my driver was uncomfortable with the speakers blasting and me talking to myself like I was smoking something. The volume lowered.

Driver:We have arrived My Lady.

The door opened.

Maurice: Sister.

Me:You are feeding off from my misery Maurice.

Maurice:I am no chaos witch though Red.

Lola:Your mate is hot.

Evan:Babe!

Lola:He is a fine specimen Evan.

Zanita:Are you guys seriously going to fight about that?But heyyy.

Lola:Yes boo!

Shoes echoed towards us.

Voice:Ladies and gentlemen, Uriel Red.

I slightly nodded.

Him:As the commander of the Royal Army, I so it fit that I am the one who comes and welcomes you to our home. I am Commander Sibahle Beoana.

Me:You are Queen Diamond's older brother.

Him:Yes My Lady, let me lead you inside,the soldiers will take your things to where you will be staying.

He slightly took my hand from Maurice.

Me:Has she given birth yet?

Him:Three months ago.

Me:And she doesn't even bother telling me?

Him: Apparently she was suppose to surprise you because she knew that she would be motherless.

Me:Is she trying to say that I am going to steal her babies?

Him:Liona told me you took my son for three weeks without returning him. First I know that little nigga is a crying machine so how you and him got along for three weeks is still a mystery.

Me: To make your child love people, she or he needs to be around people not you only. Teach her or him at early age to love people, first step.

Him: Mother of all nations.

Me: Thank you.

Voice: Lady Red.

Me: You are such a gentleman.

Voice: Oh thank you My Lady.

Me: I am not talking to you Melan, I am talking to Siba.

They chuckled.

Melan: You still do not like me.

Me: I will never like you baby boy.

Him: That's my cue.

Melan: You little piece of red wine.

Me: Mxm meow.

Melan: I am not a cat.

Me: You are a lion the big meow.

Her: Seriously you two again?

Me: He is thrash.

Melan:She is the bin.

Her:Both of you are rubbish.

Me:Toilet seat.

Melan:Toilet paper.

We burst out into fits of laughter.

Me:Hey.

She hugged me.

Her:Hi I am pretty sure that Langa will be here in a minute.

Me:It is a-

Langa:Why am I here?

Me:Say hi to your mama.

Langa:Red?Oh my goodness this child, Diamond why didn't you tell me?

She hugged me.

Her:Surprise!

Me:Hooray!

Langa:I would have brought in here if I knew that she was coming.

Her:So because it is me you didn't bring them.

Langa:That kitty of yours would have puffed and destroyed the alcohol big-cause you are breastfeeding.

Melan:Right here.

Me:We can't see you.

He chuckled before walking away.

Her:So let's have some breakfast first and some quality time before getting serious.

JEMIMA

Mom:Are you okay?

Me:Why didn't you want your mate?

Mom:I was scared that he was going to hurt me because I am a wolf and he is a lycan.

Me:Is something wrong with me?

Mom:Honey.

Me:I belittled witches to her and now look at me. She has another choice which is better than me,she didn't even argue being touched by him. There is no hope for me that I know.

Mom:I am very sorry my child.

Me:I did this to myself Mom,it won't make any difference at all.

Mom: This is our fault, everything happening here, we should have made a better future you and your siblings.

A knock echoed.

Me: In.

Dad and Salima walked in.

Mom: So you finally decide to introduce her?

Salima: What do you mean?

Mom: They are mates, isn't that obvious? I am a wolf I can smell just fine.

Dad: We are here for something else.

Salima: I did some research on this thing of yours with the Uriel.

Me: Uhuh?

Dad: If you forcefully mark her that could turn her to a wolf which means that she won't be able to resist you. She is able to resist you because she's not a wolf.

Me: Are you sure about this?

Salima: Very sure.

Dad: Just call and say you want to accept her rejection.

I took my and dialled the receptionist's number.

Her:Malla Empire good afternoon.

Me:Hi.

Her: How can I help you?

Me:I am King Jemima of Ravenswood and I would love to talk to the Uriel.

Her:I apologize Your Highness but the Uriel isn't available.

Me:When will she available?

Her:She said that she won't be home for two weeks because she will be traveling to a lot of places.

Me:It is an emergency.

Her:I am afraid you will have to tell me first before I connect you to her.

Me:There is a problem with one of her witches.

Her:Ohh?I sensed your stupid lies anyway Jemima but let me connect you with her. Hold.

There was background music as I waited for the call to be connected.

Her: Uriel speaking.

Me:Re-Uriel Red.

Her:I am not coming.

Raven:She will cum.

Me:I-umm so yeah.

Her:Huh?

Raven: She will come over then I will make her cum.

Me:Raven is-umm I think he-. We are ready to accept your rejection.

Her:I will see you in the afternoon.

The line went dead.

Me:That was quick and fast,she will be here this afternoon.

T

I really enjoy having this time power I have,all the drivers are screaming in confusion on how all their managed to be in the middle of the road looking at the wrong side of the road. Well news were talking about this bizzare thing because two national routes were blocked by cars. I just looked at them like I was fascinated whereas I knew that I was responsible. It was already approaching midnight now I had doubt about her coming this road. As if on cue the cars come gracefully black in colour before stopping. A guard walked out and came to the mess and asked one of the policeman about what was going on.

I followed him as he went to the car carrying the Uriel. I pushed him aside and entered in the car.

Me:They would love to let you pass but the cars can't move.

Her:Time froze. How nice of you darling.

Me:There is a easy way that I can let your team leave,only if you come with me.

Her:Hell naw.

She pushed the door and walked out with her blind stick. I followed her.

Policeman:The towing can't seem to pull any of these cars at all, I am sorry My Lady.

She looked my way and walked back to the car.

Me;I am serious about this.

Her: Fine what else?

Me:You come with me first and I will let the cars go.

The rest of her team stood there looking at us amused.

Her:You little trolls owe me,all of you.

Me: Take my arm.

She pressed the stick on the ground and walked straight without hesitation.

Me:You fascinate me Red.

Her:You provoke me Time.

Me:Do you have to be cold hearted?

Her:Do not try me Time.

I sighed,this was going to be far worse than I have imagined.

✓ CHAPTER 25 continuation.

T

Me:I am not that bad.

She continued humming the song.

Me:Unless you piss me off.

Her:What do you want from me?

Me;A chance with you.

She sighed and relaxed on the chair in silence.

Me:I didn't mean to make you uncomfortable or anything.

Her:I don't have a chance for a man.

She looked disturbed as she looked at the window so I decided to keep quiet. The car parked in front of the lodge.

Me:Let me take your hand. Please.

She let me before we walked to the lodge, it was silent for the rest of the journey inside and to the room.

Her:This how lodge bedrooms look like?

Me:Some of them.

Her:This is pure beauty that I never really thought I could experience.

Me:I really do want to know who hurt you.

Her eyes flashed so fast I would have sworn that I was seeing things.

Me:Why do you have two other beings in you?

Her:I was born like this,an abomination to them.

Me:Wait a moment I think I have an idea who you are. The little hybrid girl the werewolves burnt on the stake. You let them live!

She jumped and let my hand go before moving backwards.

Me:Hey, I am sorry.

Her:I can't afford feeling helpless or falling for you. I, Uriel Red,of Malla,reject you, Immortal Time of time realm.

Me:I, Immortal Time accept your rejection.

She looked at me and gasped.

Me:You can see that you can't reject me Red, I am sticking around for good.

Her:It is impossible!

Me:I am Time.

I stepped closer to her as she moved, she stumbled backwards and fell on the bed. Before she could get up, I was on her and pushed her down.

Me: Spells will only work when I want to. To make things easier, lie still.

She huffed and calmed. Her hair was all over her face as I removed it.

Me: Can you see me?

She nodded so fast. I took my time to look at her, she had a scar on her cheek and her skin a little dark. She was not skinny or thick just medium sized. I looked at her eyes tearing.

Me: I am not going to hurt you okay?

She nodded.

Me: Tell me where it hurts.

Her: I am scared.

Me: Did a man hurt you?

She nodded tearing up more.

Me: Did he hit you? Did he rape you?

Her: Yes.

Me: Tell me who.

Her:I killed him.

I lowered myself closer.

Me: Have you ever been kissed?

She shook her head. I lowered myself until our noses touched, she closed her eyes as I brushed her lips with mine. Her lips tasted like Colgate, soft and tender, for someone who had no experience she had honours. I paused and looked at her, she widened her eyes and tried to get her hands released under my tight grip. I just watched her amused. Something snapped in her

one eye black and other red, she pushed me off with so much force I almost fell but quickly got my footing. She looked like she was battling something as her eyes were switching every time.

Her:I am not some naive little bitch you can try on.

She was very fast but thank goodness for being time, I moved so fast and her fist connected with the wall cracking. Before I could turn I felt her fist hit my back, I turned and grabbed her before pushing her on the wall.

Me:You are sleepy.

I pressed on her temple and she closed her eyes involuntarily. She slumped on my arms so I put her on the bed before stretching my back.

Me:She can hit for a girl.

JEMIMA

I waited still she hasn't shown up at all. I called the receptionist again.

Her:Evening if you have enquiries about what happened with the Uriel,there has been a roadblock so she won't be available until further notice.

Me:Ohh is she getting a jet or something?

Her:They are already being helped thank you.

Me:Okay.

The line went dead.

Me:The roadblock is keeping them so she won't be coming today.

Dad:At least she is still coming.

Me:Yeah I-

The door opened and Time walked in.

Him:Look at this whisky,boy you surely do have a taste. Made in 1990 very original too.

Me:How can I help you?

Him:I personally came here to send you pictures of your mate, wait our mate.

My phone beeped. I opened it and looked at the pictures of Red sleeping peacefully.

Me:She is sleeping.

Him:On my bed in my realm. Look boy I am the better option for her so I suggest you don't try what you are thinking.

Me:Yeah I am suppose to believe you that you are telling the truth.

Him:I am very nice when trying to threaten a being but my actions are much worse.

Me:She is my mate and when I mark her-

Him:She is going to turn to a wolf right?Oh boy I really want to be here when you are doing that, don't worry I won't tell her that you want to bite.

Me:I am suppose to believe you right.

Him:What choice do you have? You will be waking the baddest bitch ever my love.

RED

When I woke up I could smell the flowers and food, I rolled on the soft bed. I looked around but saw nothing at all. Oh fuck off with this site! Clearly I will only be seeing when he touches me, I touched on the side board trying to feel for my walking stick.

Me:Ala-fuck my broom is not here.

That is why I hated visiting new places without my people, now I have to ask for help. I laid back on the bed, the door opens and he walks in.

Him: Aren't you going to wake up?

Me:I have two left feet.

Hell naw since when do I even do that?

Him:There is a button on top of your head, you just press it and I will be here with you.

Wasn't it that just nice for once?

Me:As if I am going to keep coming here.

Him:You know you are not so bad when you are not trying to kill me.

Me:I wasn't trying I wanted to kill you.

Him:So comforting Uriel.

Me: Pleasure.

His hand touched me making me jump, I didn't even know that he was this close. My skin went cold as we looked at each other.

Him:Forgive me.

Me:Huh?

He grabbed me so fast, turned me around and stuffed my head on the pillow and held my arms above my head.

Me:The hell are you doing?

I couldn't move because it was beyond uncomfortable with him lying on my back, something was poking my butt making me stay in place. I felt a sting on both my wrists, I winced and tried to move but he was still on top. I could feel myself get lighter as he let go,my wrists were bleeding, I blurry saw him do the same to himself.

Me:Why?

Him:I am he-

That was lights out for me.

✓ CHAPTER 26

TIME

I have been sitting here for fifteen hours now and she hasn't woken up. I know I should have told her what I was doing instead of just doing it but I had to do it for her own safety. I was suppose to stay far from her but after seeing what that boy was trying to do I had to do something. It was leading to something that I knew but I couldn't let her go. She moaned in pain since her wrists were bandaged.

Her: Argh my head what happened?

Me:I cut your wrists then mine,tied them together for an hour.

Her:What for? Where on earth did I get this nighty?

I looked at her,she looked at me and tears fell on her face. This is far worse,this tough woman is crying more than she does to other people.

Me:Come here.

I wrapped my arms around her as she cried in my arms, I think she is making me all soft inside.

Me:I am here, I won't let you go okay?

She just nodded,mate bond is making me crazy.

Her:This is crazy, I am crying.

Me:You don't have to be strong all the time, I am here for you.

She looked at me, slowly touched my face and hair.

Her:Your skin is soft, your hair is silky and smooth. Do all men look like you?

Me:Hell no, there's only one Time.

Her:Are my eyes still red?

Me:Very beautiful, you can stop touching me now.

She moved touching everything like it was the first time,she stood in front of the mirror and touched it.

Her:I can see myself, I am so different from what I remember. I used to have a birthmark here on my chin but a lot changed.

I stood right behind her.

Me:I see beauty,a rock,power and the most beautiful woman on earth. I have known that you are my mate for five years, I watched you grow each and every day. I am taking a huge risk here gambling with your life but what I feel inside for you makes me want to forget everything else and keep you in my arms. It's crazy but I am not willing to lose you, time and hell will freeze if something happens to you.

She laid her head on my chest in silence.

Me:It is the bond,having my blood in your system makes you want to stay right next to me. You feel anxious and uneasy but touching me will calm you.

Her:How long?

Me:Forever?

Her:I can see, I really can see.

Me:You have been missing for over twenty four hours.

Her:You lie!

Me:Thirty three hours.

Her:Oh damnation!

RED

Everyone looked at me and I looked back at them.

Dad:Where were you?

Me:In my empire Father.

Eris:We were worried sick about you.

Me:I am here now.

Tamara:Tell us something we don't know.

Me:I have two mates.

Dad:Huh?

Me:Jemima and the immortal Time.

They burst out laughing.

Eris:They told us

Advertisement

I think I like him he pushes you in a corner.

Me:Funny Ma.

Tamara:She i-

Me:Shhhhh something is here in the room.

I don't even know how I felt that but it was far worse.

Voice:Tell me something young girl.

We all turned to meet a shadow dressed in a black cloak.

Dad:It is a shadow.

Me: Who are you?

Him:I am a soul collector something along those lines son of Baphomet.

Me:Propacanda the original warlord.

Him:I like you just fine, you are not just a pretty face.

Me:I don't know what you are doing here.

Him: You know Time owes me a lot, so imagine when I hear he has a mate on earth. I was so excited for him then Zeus summons me. Damn everyone thinks with you dead Time will follow so they can get the time they want and can control.

Me: You are telling me because?

Him: You think you are invisible child?

Me: I don't think, I know.

He was so fast but something strange happened, he ran in a slow motion before I could even blink something hit him, pushing him back to where he was. I looked at Time standing right next to me with his eyes lime, he looked livid.

Time: Hello old friend.

Him: You haven't lost your touch Time.

Time: You need something?

Him: What do you immortals call it? Yes a friendly warning.

He disappeared before our eyes.

Time: Are you okay?

Me: I thought I could freeze time for a moment.

My family looked at him in fear, I was still confused because he didn't scare me. Well Dad but he does not have to know that, I just take advantage sometimes but the man can be scary

sometimes. Other than no one scared me, Time worried me because I was too comfortable with him way comfortable.

Me: Dad, Mom and Ma meet Time.

Time: Her mate.

Me: In his wild dreams.

Time: I don't think you want to know what we do in my wild dreams.

Me: Dad meet Time.

Dad: From a pup to the most dangerous being on earth, you sure know how to choose them baby girl.

Time: I am the best way.

Me: He thinks I like him.

Time: I know she loves me, she should even smell herself she smells exactly like me.

Me: I definitely don't.

Time: What we did last ni-

Me: I did nothing with you.

Eris: Still standing right here.

Dad: Lavinia Del Monte.

Time: Lavinia?

I think I am going to love that name, the way it rolled on his tongue. Shadow purred, the hell?

Dad: You see me don't you?

I paused and looked at him, he looked at me grinning so I just jumped on him, we went crashing on the floor.

Tamara: I was wondering how long it will last.

Time: She can be childish, you should have seen her crying like it is nobody's business.

Me: Time!

Time: Theodore!

Me: You-argh!

KARMA[KATNISS]

Him: With Time out of our grip we are in trouble.

Me: I understand Father.

Him: Immortals are supposed to have children with other immortals or a mere human not witches. This where you come from.

Me: Yes My Lord.

Him: Get Time to give you a child so whatever he does with the blind girl will be futile. Your child will be his heir whether he likes it or not.

Me: What? Time hasn't talked to me for years or even touch me. What makes you think he will come close to me now?

Hera: You were once in his bed, figure out what made him soft.

Him: Propaganda will be helping you in getting rid of her, if he fails then I need an old enemy of humans back. Actually honey do make arrangements to awaken Queen of basilisks Hermione, I think we have something we need to talk about.

I looked at them and sighed, Time was going to kill all of us soon.

✓ CHAPTER 27

JEMIMA

I kept going up and down, I was having a hard time thinking because I was worried about Red.

Guard:She is here.

I sat down then stood up as she walked in,she was in a white tracksuit.

Her:So go ahead.

Me:Can we sit down and eat?

Her:Sure.

She pressed her stick on the floor and moved waving it around before sitting down. I poured the tea in the cup and added what Salima gave me and pushed the cup towards her.

Her:Okay go ahead tell me, I have places to be.

She took two sips in silence as I watched her. I got up and moved to her chair.

Me:I just need to understand why you don't want me?

Her:Do you know the witch called diplomatic?

I brushed her hair.

Me:No.

Her: I am a diplomatic witch, that means witches can't use spells on me.

My heart stopped.

Me: That is fascinating.

Her:Do call Salima, her and I need to talk.

My fangs elongated,she was too relaxed for my liking way too relaxed. I didn't waste no time and sank them on her neck,she didn't even move just sat there. I moved and looked at her,she looked at me and stretched her neck. I looked at the blood disappearing and it was like nothing happened.

Me:The fuck!

She got up and put the stick on the table before smiling.

Her:I watched you pour that mix in the tea.

Me:Watched?

Her:You are wearing a yellow top darling.

My eyes widened.

Her:You marked my Uriel side which has very powerful blood of an immortal inside.

I looked at her stunned, the wall behind me cracked as her eyes had two colours, a ruby on her forehead. I could smell a wolf the same wolf from that day and I knew right there that I provoked the wrong one. She was so fast sending me flying to the wall that cracked with me. The bricks fell on me, I got up and found her walking to me. Involuntarily I shifted yet she came my way, grabbed me by the neck and dragged me outside. She picked me up and threw me on the ground. I managed to swipe her arm which healed before I could even blink. Everyone looked at us stunned, I got up and licked my wounds.

Her: Wolves pretty little wolves boy, now let me show you why they respect me.

Something popped, she was shifting and it was fast before I could even do anything she was on me with her teeth on my back leg. I bit her shoulder and she let go ripping my leg apart. I looked up to see the massive familiar wolf literally stretching. She laid her head on the ground and watched me stand, she pounced and I waited with my teeth and claws ready. One moment she was there then she was not, claws sank on my head squashing me alive. Other limbs were tearing my legs apart with no mercy. Then she was gone

Advertisement

I looked up to see Zakes and the rest of my team pouncing for her. She pushed them back before growling so loud, I tried

getting up the moment I heard a scream, I looked up to see my team down and she was coming back for me. Zakes jumped for her but she grabbed him by the neck, I watched him struggle under her powerful paw then stopped. She shifted back to normal, she didn't even have one single wound on her.

Her: Good thing everyone is here. My name is Lavinia Del Monte, your queen from now on. Oh yes I am very much alive Charity Jauner. In order for me to be the alpha queen he has to die.

She stepped on my chest.

Me: You we-

Her: Dead? Very much dead. Lycans cease this kingdom, no one leaves, they try, kill them.

Lycans came out of nowhere and grabbed everyone.

Her: I want your whole family present when I kill you mate.

HARVARD JAUNER

I still stared in shock, the little girl was still alive and kicking. The only member who was happy, it was Toni whistling like we were not in a prison cell barbed with silver.

Mom: She looks so different.

Me:She is going to kill us.

Nerissa:We are her family,she wouldn't just do that.

Toni:Oh now you remember that you are her family? How beautiful darling.

Footsteps echoed,my mother whimpered as she stood on the other side.

Dad:You think you are different now?

A lock clicked and she walked inside, grabbed our father and threw him on the bars.

Jamal:Let him go!

We couldn't move at all as he groaned.

Her:Always wanted to do this. Charity my love.

She scratched her on the face and licked the blood.

Her:Not so tasty. Oh Harvard what is her name again? Princess Phoebe Rossetti your mate,she is pregnant.

Me:You wouldn't dare.

Her: What is going to stop me?All those years because of you and you think I am going to spare your lives?I am going to kill each and one of you. Guard!Take him to a room so he can some rest.

Toni got up and walked out of the door.

Mom:Lavi-

Her: Don't finish it Charity.

She closed the cell and walked out.

KARMA

All I could hear was 'ssspsss' other than that ,there was nothing else there. I sat on the stone watching Hera revive the dead basilisk to life. Scales moved as it formed in front of my eyes. Then the dead body got up and shifted to a very beautiful woman,she moved to the water and sat down washing herself. She looked refreshed and moved out of the water,her eyes looked metallic gold and hair black as coal.

Her:Who-sss woke-ssss me up-ssssss?

Hera:Hello Hermione.

Her:Hera.

Hera: Welcome back.

Her:Then what?Is Diamond still around?

Hera:Most definitely.

Her:Zalem?Why did you revive me?

Me:To kill three human beings.

Her:And?

Hera:Diamond,Langa and lastly Red.

Her:What do I get from that?

Hera:Immortality.

She looked at Hera like she was thinking.

Her:Deal where should I start?

Me:Uriel Red.

She shifted back to the big snake and jumped into the water.

✓ CHAPTER 28

JEMIMA

My body hurt when I woke up, I couldn't move one single born. She really wanted to kill me well she is going to kill me. Who could have noticed that she was the girl? We talked about the girl like she was a nobody in front of her now look at us.

Mom: Slow down, she really did a number on you.

My body felt like it was on fire as I tried to get up again, I rose my head and looked at my body. The raking of claws all over my body had me groaning, my own mate considered killing me as her only option. Footsteps echoed and I could hear the cell opening. The guards grabbed me making me wince in pain.

Dad: You are hurting him!

Guard: That is what we were told to do when bringing him in.

They dragged me and my body screamed in pain as I was dragged on the floor and dropped on the floor. I looked up to see Del Monte instead.

Him: Accept the rejection and I will make sure that she leaves you alone, alive.

Me: Wh-y should I trust you?

Him:What option do you have Rossetti?I am trying to save a lot of lives Lavinia will destroy because of you.

Me:What choice do I have?

Him:None,she is coming.

The door opened and she walked in.

Me:I,King Jemima Rossetti of Ravenswood accept your rejection as your mate, Uriel Red of Malla Empire.

She looked at me like it was nothing whereas Raven howled inside my head, screaming and scratching inside.

Her:Do you really think I will stop?

Him:Red let's talk about this.

Her:No, I have enough problems already,there is a snake on the loose.

The door opened, Queen Diamond walked in looking out of place.

Diamond:Hermione has arrived!She is here! Bloody snake is back to life.

Her:Calm down Diamond,where are your shoes?

Diamond:I le-wait how do you know that I am not wearing shoes?Lavinia!Oh you didn't!

Her:I did not have sex with Time.

Him: Still here.

Her:Daddy!

Diamond:Lord Father.

Him:She still calls me that annoying name.

Her:I need to talk to someone because I think we need more than alliances.

Diamond:Meaning?

Her:We need humans too, you defeated her once which means you can again but with a struggle this time.

Him:Humans though?

Her:Have you met my best friend?

Him:Nia Jange okay I know her.

Her:Well woman power is needed Father. Nia as in Niyabona Jange is well trained hunter

assassin and she might bring very powerful women. I will be contacting her soon, don't worry.

TIME

Me:So they woke up my ex girlfriend out of spite?

Fate:Well because she is on the same level as them and she can kill them,if they lose.

Me:What do you see?

Fate:Death amongst all of us,we can't stop this fate brother. If she is going to die, I hope you don't do what you tried when our mother died.

Me:I promised that I wouldn't dare Faye.

Fate:Have you seen yourself?You are willing to go extra miles for that missus and don't even think about denying it. I am afraid of what you might do if she is hurt, you are barely thinking right now because she is in your mind. Remember the most powerful get tested in the most painful way, do not ever forget that.

Me:I know you are not telling me everything.

Fate:I am Fate I speak in riddles, I cannot tell you everything just because you are my brother all I can say stand by your mate all the time. I am very happy that you finally found love, actually makes me rest easily now.

Me:You sound like you are dying boy.

I looked at him and he just rolled his eyes.

Fate:Fate can't be re written unless I give up my life and go to Zeus's council.

Me:You sound like you are dying.

Fate: When I gave you the talk about finding your mate you said that I sounded like I was dying Theodore, you always think I am dying.

Me:It is not fun when you are serious.

Fate:Since when do you use fun on the same sentence?Tell me how is she?

Me:I don't know if it's me or what I love her smile and eyes, I feel giving up everything when she looks at me like that. Yes she is very damn stubborn too but she grins while being so mean. I don't know I feel like I will even stop being dominant. What?

Fate:This is really worth it. Oh brother you are rolling your eyes at me?I am telling Father.

I just laughed.

HERMIONE

I watched the portal opening, I have been waiting here next to Black Waters River for almost the entire day. The portal finally opened and Propacanda walked out.

Him:The First Lady.

Me:Propa-ss-canda sss.

Him:It was long and tiring road, breaking a sin from hell isn't exactly two minutes like Noodles. First she was in purgatory which means you meet angels who don't exactly react well to demons. We had to create a distraction in hell first. Look at this.

He pulled his shirt up showing the nasty wound.

Him:Archangel Michael, that fucken puss stabbed me when he found me in hell. I thought that Man loves his children.

Me:Where is she?

Her:Well,well earth again?Who would have known?

Me:Lumia welcome back to earth darling.

Her:I need a full meal have been starving for twenty years in purgatory.

Me:As long as you know why you are here.

Her:Red, Diamond especially Langa that little bitch.

Me:And you get immortality in return.

Her:Where do we start?

Me: Getting few backup plan like some sins and old enemies.

Her:I have a very good idea.

✓ CHAPTER 29

ALIZA JANGE-SANCHEZ

Her:High school is very much worse Mama,boys are on my case 'Tasha this,Tasha that' I feel like I am going to explode.

Me:But baby it's part of growing up.

Her:Boys want to ruin my life and I am still too young.

Me:You are not serious crying Natasha Sanchez? Hunter!

He burst out laughing.

Him:I wasn't here, I didn't hear anything.

Me:She is eighteen years old and behaves like she's ten wow. Comes home crying because a boy asked her out.

Her:But Mommy I don't want to fall a guy that will turn out like Andrew.

I freeze and sigh before going to sit right next to her.

Me:Baby?

Her:Mommy.

Me:Not all men are going to be like Andrew and I would never let you go through hell, you hear me?Some men are even better than your father.

Him;Aliza!

Me: Exactly he even agrees my love, remember when I said that him and me are here to show you real love. If you doubt something about someone who said loves you, the first person you ask is me or this sociopath you call father.

Him:Aliza one more time, I dare you.

Me:We are not perfect, nobody is but when something is wrong it is wrong. Hitting a woman is wrong, the first time he does it believe him don't justify anything. I,as your mother never beat you up until you couldn't stop moving, your father never took out his energy and beat you up just because you pissed him off. Why would you let someone else who said he loves you hit you?Where did you learn to stay in an unhealthy relationship?I am saying all these things for you to remember that I am always here for you and your broken heart. You are going to meet heart breakers who looks exactly like this guy over there a-

Him: That's it Aliza.

He stomped to us, I quickly got up and stood on the other side.

Me:Can't you be serious for once?

Him:You are insulting me in front of our daughter.

Me:Why would I insult your low IQ?

He gasped and Tasha laughed.

Him:Aliza what did you just say?

Me:When?Aaah!

He was chasing me around the house.

Scott:And then?

Me:Baby your father wants to kill me!

Scott:Dad!

Hunter paused and looked at the crying boy,we do have cry babies apparently Hunter used to this shit when he was young.

Her:Aunty Nia!

Me:Nia who?

I moved back to the sitting room and gasped.

Me:Niyabona Jange?

Nia:Alizalise Jange.

Me: Been ages.

Nia:Less than ten months Aliza.

Me:Feels long. Are you okay?There is something heavy with you.

Her:Can we go out?

Me:Yes baby.

They walked out leaving us with the two sleeping siblings.

Her:I need your help,both of you.

Him:With?

Her:Weapons made out of silver.

Me:Are you sure you are asking the right person?Last time I checked,MJ used to be the First Lady and commander of the army.

Her:You know MJ is scary.

Him:Even Narnia could help you.

Me:She is an agent. Why do you need help?

Her: Listen careful.

QUEEN LANGA HODGES

Him:I don't think it was suppose to be like this, you just gave birth not so long ago.

Me: Nevara the woman you called mother for thirty three years was dead now she is awake and happens to be a sin of Wrath

Advertisement

the one that left your father to die and tried to have me killed is back to life. You realised that thirty three years is a huge ass number, you are not her child she took you from your mother.

Him:Honey I understand what you mean, I am scared for your life, I almost lost you once imagine again. I would die, just let me handle this.

Me:No,no,no Nevara,we are handling this all of us okay?With Lumia out there no one is safe in this kingdom,Red is coming herself to do the protecting spells.

Him:How will you get these women if you want them if you are going to keep them out of the kingdoms?

Me:Only Malla will be available.

Him:Is Red twenty two years old?Why would Hera be jealous of a newborn?She is powerful I agree but Hera as an old hag she shouldn't be feeling any pressure from a child.

Me:My love it won't change the fact Hera woke up enemies just to kill us,she is not serious.

Him:Are you taking the Demon Slayer with you?

Me: Yes,our parents are willing to look after the children until we come back.

Him: Then let's do this.

FATE

Him:You know what you have to do.

Me:I know Father.

Him:Can't you decide your fate?

Me:I am doing this for my brother.

Him:What if he tries to go back in time to save your life like he did with your mother?

Me:He will have Red on his side.

Him:Just tell him the truth Faye, tell him what is written down about you on the books.

Me:Father what is written on the books doesn't matter, I will be saving my brother from sorrow.

Him:This is wrong.

Me:I know Father but Time will die if Red dies, rather I accept my fate instead of losing two people. I get to save them both because when physical and emotionally bonded it means these two are no separable, the stake will kill Red and she is the only one with the power to resurrect herself. Giving up my life for her is a blessing Father, that little girl deserves all the nine lives cats have because she deserves my brother,she is a queen that

will make my brother happy. Yes I will die but because of that another Fate will be born-

Him: Please stop now. Have you at least talked to Destiny?

Me:She knows because she told me that after this war,my destiny will end with it. I only found out when I finally met Red that she is the one I will be dying for.

✓ CHAPTER 30

RED

I look at the cars pulling in the yard, there were so many driving inside the yard. As if on cue, a song blast out of the speakers shouting so loud for everyone to hear.

"I always say what I'm feeling

I was born without a zip on my mouth

Sometimes I don't even mean it

It takes a little while to figure me out

I like my coffee with two sugars in it

High heels and my jewelry dripping

Drink and I get all fired up (hey, hey, hey)

Insecure but I'm working with it

Many things that I could get rid of

Ain't about to give it up

I made a few mistakes, I regret it nightly

I broke a couple hearts that I wear on my sleeve

My momma always said, "Girl, you're trouble" and

And now I wonder, could you fall for a woman like me
And every time we touch, boy, you make me feel weak
I can tell you're shy and I think you're so sweet
Spending every night under covers and
Still I wonder, could you fall for a woman like me (a woman)
Woman like me, like a woman like me
La-la-la woman like me, like a woman like me (a woman)
La-la-la woman like me, like a woman like me
La-la-la woman like me, like a woman like me
And baby, just be mine for the weekend
We can get a takeaway and sit on the couch
Or we could just go out for the evening
Hopefully end up with you kissing my mouth, ayy, ayy
You got them blue jeans with a rip up in them
My hair with your fingers in it
Love it when you turn me on
'Yoncé with a little bit of
"Love Drunk" in the middle with it

Get down to our favorite song

I made a few mistakes, I regret it nightly

I broke a couple hearts that I wear on my sleeve

My momma always said, "Girl, you're trouble" and

And now I wonder, could you fall for a woman like me

And every time we touch, boy, you make me feel weak

I can tell you're shy and I think you're so sweet

Spending every night under covers and

Still I wonder, could you fall for a woman like me (a woman)

Woman like me, like a woman like me

La-la-la woman like me, like a woman like me (a woman)

La-la-la woman like me, like a woman like me

La-la-la woman like me, like a woman like me

Yo, woman like me, yes a woman like me (oh)

Soon as I brush up on him I could tell he like me (oh)

You know all the rrr"

I grinned as everyone got out, I grabbed my cloak and walked to the front door.

Nia:Red!

She jumped on me.

Nia:You can finally see!

Me:Oh yes I can. Why so many people?

Nia:We need everything

Advertisement

I briefed on some things about this kind of life. Anyway meet my cousins Aliza.

I looked at the girl as she stared at me in confusion.

Me:A healer.

Aliza:Yes.

Nia:Her husband Hunter a well known criminal.

We laughed.

Nia:Narnia with another criminal husband,the ex President and First Lady of Trenius,Zac and Mj.

Me:You brought your family for sure.

Nia:They will be getting us weapons and armour we can use.

Me:I am scared for their lives.

MJ:In order to win,we have to stand up for each other. All women have to stand up together.

Me:I am glad everyone is here, I am happy to finally meet you all. No one ever thought we would need human's help one day, I am very grateful for each and one of you. We are dealing with a very powerful beings who are being supported by Zeus's army something that proves we are definitely in hell. We will be preparing for the coldest war ever because of these beings,Hera wants the three of us dead because she is intimidated by us. As for me it is because I am Immortal Time's mate and Hermione happens to be his ex. It sickens me to know that it is a woman doing this. Yet it is an honour to have all of you here,after this I will make it a habit to visit the human world. Let me introduce few people,we have queens and kings,lords and ladies, empress and empresses, you name them. King Kanina and Queen Ku of Manobi ,King Zayn and Queen Mercy of Amrothy, King Milani and Queen Diamond of Zalem, King Nevara and Queen Langa of Bryanston, Lord Del Monte and Lady Eris of Medina.

I introduced each and every one of them. The entire hall was full of all these people,some I have never met but are here to offer a hand to us. I see women supporting each other instead of destroying, I was proud of these men and women here,

human and supernatural together to fight something threatening an existence of us in the world.

TIME

I looked at her and sighed.

Me:My point is there's no need for this and you know that. Hera is just being petite, the woman is a queen of gods yet she is letting jealous control her.

Her:What would she say if she found out her husband's greatest achievement is turning against them?

Me: Your greatest achievement is my mate damnit! You think I give them about Zeus and Hera?I am trying avoid a catastrophe Melinda,as a moon goddess you should understand that.

Her:What can I possible do?A lot of times my brother has proven to be powerful.

Me:So?Kill Hera.

Her:Are you hearing yourself Time?I could be killed because of that.

Me:Your people are about to go extinct think about that.

Her:Why can't you do it?

Me:We both know why, I have a lot to lose unlike you.

Her:Bu-

Me:If I do it myself consider everything extinct because I will not stop.

I walked inside, I was quiet stunned to see humans too around, everyone looked at me as I walked past them. I found her sitting with some men and women on the table. Her head snapped towards me and I paused.

Me:Afternoon.

Her:Excuse me.

She got up and I followed after her.

Me:You have recruited a nation.

Her:Not when what we up against has the devil's army with her. Demons,sins,Propacanda's army and Hera's warriors, I am telling you that this is going to be far worse than I had imagined. I thought of something like a ring fight not a fucken cold war.

Me: Hermione doesn't play that, trust me I know her.

Her:You once fucked each other right?

Me:It is in the past.

Her:Oh.

Me: Don't you believe me?

Her:What I believe doesn't matter.

Me:Are you going to keep pushing me away?

Her:What exactly am I gaining from you Theodore?Besides the fact that I can see again.

That was the lowest blow but she didn't even care.

Me:I didn't really thought love existed until I met, I started acting crazy around you not because I suddenly stopped being dangerous. Clearly I am wasting my time trying to show you love,my love and I am not going to push you because if you knew how to reject me you would have. I am going to leave now and I won't come back.

I opened the portal and walked to it, I was hoping that she would ask to talk but she let me leave.

HERMIONE

Him:We took this little girl lightly,we can't enter any kingdom at all the magic is powerful enough to keep us out. Well more like the angels are helping too.

Me:The angel of love Jophiel is a nuisance.

Lumia:What is that mean for us?

Me:We can only get to Malla where they are expecting us. We need leverage on them so they can come out.

Him:Well you can see there's no way we could that leverage.

I kept stirring the water.

Me:Well it seems like Time has been kicked out of Malla, I think it is time I visit my old lover.

Lumia:Why would he help you?

Me:Why wouldn't he want to?

Him: Because him and that girl are mates.

Me:Do not remind me about that. Find something!

✓ CHAPTER 31

RED

I look at the soldiers training from the balcony of my office.

Voice: Will you ever fall in love?

Me: No.

Her: Bathabile Paris Vorcan.

Me: Lavinia Red Del Monte.

Her: I was eighteen when I was hijacked and forced to prostitution.

I looked at her stunned.

Her: I went through hell in there, thought I would never love anyone anymore. Look at me in love each and every day.

Me: I have put myself in this position, I know it is not healthy but I feel like things are better this way.

Her: Then what my love? The man is trying, putting aside the fact he is dangerous, he-

The whole empire shook, the pictures hanging on the wall fell on the ground. I jumped and headed to the door, the moment I stepped on the first step my sight blurred, I missed the step

sending me flying down the stairs. My broom caught me before I could continue falling.

Kyle:My Lady!

I touched my bleeding nose as I sat on the floor,my sight was gone.

Me:I can't see anymore. What is the damage?

Kyle:There are cracks on the ground and some of the buildings,the front has a huge hole as we speak.

Me:This is strange.

I felt the air change.

Me:Fate.

Fate:We have a huge crisis, it's Time.

Me:What about him?

Fate:What is happening outside is because of him.

Me:I don't think I am following.

Fate:He drugged himself yesterday saying he wanted to be numb, I left few hours later Destiny summons me to his realm,it is fading because he has been stabbed with Alianthe on heart and has been poisoned with basilisk venom which left him petrified.

I swear my ears started ringing.

Me:He is still alive?

Fate:They took him.

Me:He can't die he is Time.

Fate: Basilisk venom is dangerous especially mixed with Alianthe,he is not going to die except staying unconscious for the next hundred years unless Zeus kills him.

Me: They can't do that!

Fate: They can.

Me:Then what is happening outside?

Fate:We are running out of time, the world is going to disappear piece by piece until Time goes back to his realm awake.

Me: And the people?

Maurice: What the hell?

Ariana:What is happening?

Fate:They are fading.

Maurice:Red!

I wanted to scream too as everyone screamed, they were going through this because of me.

HERMIONE

Me: That was easy, they will have no choice but come here if they want Time.

Lumia: The immortal Fate will come here.

Me: Have some Fate

Advertisement

he won't interfere if he knows what is good for him.

Lumia: How sure are you that they will come?

Me: Very sure.

A knock echoed.

Me: In.

She walked inside.

Her: Look who decided to kidnap an immortal.

Me; Salima how can I help you?

Her: I want Red alive and I want that Uriel seat.

Me: What can you do for us?

Her: Get you to Malla without being seen.

Me:So not only we're stupid we are reckless too? Child I don't play hide and seek.

Her:Yet you haven't gotten the people you came here for.

Lumia:How would you get in I mean you are forbidden to go there?

Her:But you can't and won't,I grew up there so I know the secret tunnels inside.

Me:All because you want the seat of a Uriel? What makes you think witches will be ruled by you? Actually what makes you think Uriel Red is going to die?

Lumia;Hermione what do you mean?

Me:Are you all so suicidal?I know what will happen if we go through this fight,we are going to be wiped from existence forever this time. I only nodded and agreed just because I knew there's nothing she can do to me after waking me up. Actually what makes you think I am willing to face Diamond again?My powers are nothing to her.

Her:You are not giving up!

Me:She already knows that you are here,go deal with that. I summoned her so she could know everything,so if you want to continue go ahead.

They looked at me stunned.

Me: I didn't kidnap Time, Karma did because she wants a child with him not me. In fact I am leaving, I had a home so all of you go back where you come from.

KARMA

Her: Make sure you get that child!

Me: Yes, Your Highness.

I walked out, yes at first I was determined to get the child but not anymore, knowing that I was going to rape an unconscious man. I felt a hand wrap around my mouth.

Voice: Do not fight me.

My body suddenly went cold, I knew that I was dead. The portal opened and she dragged me with. I was pushed against the wall and fell on the floor.

Her: Hello Katniss.

I cowered back to the wall, her eyes were completely lime as she stood.

Me: Time.

Her: Was Time before my son took over, the same son that could be lying on the bed for hundred years.

Me: I had no choice Tanaka.

Her:Yes you did Katniss,do not call me by my name next time we clear?Now I need you alive to kill a lot of people, starting with Propacanda. My children are no about to fight unnecessary fights because Hera feels like it.

She pulled me up.

Her: Theodore is fucken soft, you are suppose to be dead, look at you causing problems everywhere for him because of this stupid obsession of yours with him. I am going to make you regret it.

She walked to the door and it opened.

Her:Leave scars,deep and never healing scars on her.

I looked up to see Fate.

Him:Yes Mother.

CHAPTER 32 ✓

KARMA

I couldn't move a single finger, my hair was on the floor and I laid on the floor in my blood. Fate did a number on me that I knew, the blows and stab wounds all over were too much for me.

Her: You know I always believed that you and him are going to be the best couple in history. I took you as my daughter, I believed that you were something better for him Katniss. All along you are something far worse.

I groaned in pain as she pulled me up.

Her: I am not done with you. Well seems like someone is here for you.

She let me go and I went crashing on the floor. A gush of wind had me spiralling on the floor to the wall. I looked up to see the familiar cloak standing before me.

Her: Nakae.

Nakae: Tanaka.

Her: You are such a supermom.

Nakae: Just like you. Let me and my daughter leave in peace.

Her:Not without her getting my son back.

Nakae:His mate is already doing that.

Her:So now I just let you go?

Nakae:It is the only safest way for this realm.

Her:I want something in return Nakae.

Nakae:Lavinia will know what to do I promise, just let me take my daughter with me in peace.

She looked at her for a long time.

Her:I trust you Nakae, I hope you won't betray me.

Nakae:I will not.

She gently pulled me up with a jaw clenched.

Nakae:You are a disgrace Katniss, you have no morals, I taught you good traits yet you are here trying to murder innocent people and children. You have no backbone,for now you are no longer Karma until you learn responsible.

Me:Not my powers Mother.

She pressed on my ribs making me wince.

Nakae:You are removed from your position with immediate effect.

I winced as she pressed my temple and opened the portal.

RED

I sat on the broom and listened to the wind flowing around, I just had to believe that I can find him, I knew I had to find him one way or another. I could feel him confused as to why he couldn't move one inch of his body. I opened my eyes and looked at my left and growled.

Me:Do not let her slip.

I heard shouting as they chased her down

Advertisement

she really thought that I was into what I was doing as she walked in my kingdom.

Voice:We got her My Lady.

I got off and walked straight to where they were holding her.

Me:Hello Salima.

Her:I just wanted to come home.

My claws extended, I wrapped my hand on her neck and squeezed.

Me:Home your resting place.

My claws sank in her throat and she whizzed as she struggled to breath.

Me:Give me my sword.

I felt it on my hand and pierced her right on the chest and pushed. I ripped her throat before dropping her on the ground.

Me:Umm Orlando answer this question. How come Salima left Ravenswood?

Orlando:I think the King let her out.

Me:I didn't train you to guess damnit!How the hell did she leave Ravenswood and I didn't know about it?

Zanita:King Jemima let her out.

Me;You are busy focusing on bullshit yet I gifted each and one of you the power of a seer. You didn't even know that she was coming here yet I personally trained you myself. Get me a new broom, Ravenswood is about to see witches flying during the day. Lola get me a very sharp knife, I know we will be slaughtering very useless wolves. Maurice and Ariana are gone and you are still on the same spot whining instead of thinking about what to do. What kind of damned witches are you?Be fast!

I could hear them running around.

Nia: Don't you think you are being difficult on them?

Me:They are slow for my team and I hate dead weight.

Nia: Everyone is stressed Nia.

Me:I know that, I am trying to avoid sending mothers and wives to a fight that might kill them.

Nia:You are doing this on your own aren't you?

Me:You know me.

Nia:Everyone is here for nothing? Lavinia Del Monte!

Me:I made a choice now I have to live with it Niyabona Jange, I am sorry.

Nia:Red please don't do it.

Me:If I don't come back, look after my family.

Nia:Why can't I move? Lavinia! What the fuck are you doing?

I grabbed the broom, going up.

Me:Evan close the shell now!

I could hear the screams and people shouting as we flew away, I know what I know and I am not about to live the rest of my life guilty for letting innocent beings go to my war.

DIAMOND

Me:I am telling you that this is bad, very bad and this child knew how to trap us here. There is no way we can break that damn shell!

Nia:I should have known better than think Red was going let us help her. She is on a suicide mission if you tell me.

Mercy:My magic is not really good when it comes to hers, she is a Uriel.

Langa:Good people.

Tamara:Red is forever getting out of control! Doesn't want anyone to help her!

Bathabile:I did see that she was not about to let us go to the war.

Langa:Good people.

Narnia:We all came here for nothing?

Langa;Good people!

Me;Yes.

Langa:My husband over there can open the portal.

We looked at the man who looked uncomfortable that we were literally staring at him.

Me: King Nevara can you?

Him:Yes I can but I don't think we have anyone we would want dead to open a portal.

We all sighed and sat defeated.

Tamara:I am not going to panic but I am fading.

I looked at her with my eyes wide as she disappeared.

Me:Oh shit!

Bathabile:Oh no this shit is creepy.

The kids screamed as more people faded then it was silent,we were all freaked out as we looked around.

Nia;I am going to keep praying and hoping.

✓ CHAPTER 33

JEMIMA

I could move around now without being assisted, I only had bruises on my body. Every kingdom was on lockdown due to whatever was happening, we had no idea since no one was telling us anything at all.

Zakes: The fuck?

I looked up to see the most strangest thing ever witches flying during the day. Everyone watched in shock as they came down, Red was in her red cloak as she got off the broom and walked straight to me.

Me: What do you want?

Her: Letting Salima was your greatest idea you dom kop?

Me: I don't know what you are talking about.

Her: Kyle, Mason and Evan get the shell down, I think someone needs to know his mate is dead.

I watched them flying around before a gust of wind pushed us almost knocking me off my feet. I heard a scream and I immediately knew that it was my father.

Me: What did you do?

Her: Absolutely nothing.

I grabbed her by the neck and she didn't even move.

Me: You deserve to die, they should have made sure tha-umm.

The sharp exploded in my entire body making me wince, I let her go and looked at my chest, her hand was still holding the knife.

Me: Yo-you-

Her: I told you what would happen if you keep trying me Jemima now the whole entire Royal family is going to be wiped out from existence. Siseko tell Alpha Mason he can come in and get the Queen. I suggest we all calm down and make sure you don't escape. All the Jauner's, Mahe's, Rossetti's etc I want all of them dead. Starting from the Jauner's

Advertisement

elders all of them dead except the kids and his team very dead, I am tying loose ends. I am the new Queen of Ravenswood now.

She twisted the knife and let me fall on the ground. I could hear screams as I laid on the ground.

Her: Rest in peace my love, see you in hell.

I closed my eyes and welcomed the peace with ease.

HERMIONE

I stood still watching the waves, I haven't been around for years now I was here it felt new very new.

Voice:Hermione.

I jumped and turned to look at the girl,this child was the right definition of creepy I didn't even hear her come.

Me:Uriel Red.

Her:That is funny you are calling me using my title.

Me:It is called respect.

Her:I came here thinking that you were also dead.

I gulped.

Her: Just because you decided to help me doesn't mean that I don't want you dead.

Me:I-

Her:I didn't say you can talk. I keep telling people that I am a chaos witch which means I feed off from people's misery and pain. I kill without batting a lash and sleep like a baby during the night. Now you helped put my mate in a forever slumber and you think I am going to let you walk away from me just like that?I am on a killing spree, I might as well kill you too but I won't.

I sighed.

Her:But you will be killing someone for me.

I looked at her stunned.

Me:Who if I may ask?

Her: Don't you want to know?I will let you know when the time is right. Right now I have some army to kill.

Her teeth elongated along with her claws,she shifted right in front of my eyes, within a blink of an eye she was running like lightning between the trees. I took a deep breath,the little woman scared me.

HERA

Me:What do you mean?

Him:She had the whole entire wolf royal family killed in cold blood now she is on her way to Karma's realm.

Me:What is in there?

Him:Propacanda,Lumia and the soldiers along with Time.

Me:Have you alerted them?

Him:Yes My Lady but I am afraid we can't figure out her movements she is moving way too fast.

I looked at her as she sat there stunned.

Zeus:Sister your creation has to be stopped.

Her:What were you expecting from her?To lay down and let you do whatever you wanted?

Zeus:Moon goddess get her to stop or I will proudly do it.

Her:Well brother do go on earth and get her to stop, otherwise I am not involving myself.

Zeus:Get me soldiers we need to head to Karma's realm,a killing machine is on the way.

✓ CHAPTER 34

PROPACANDA

Me:How long do we have to wait till we strike?Why are we still keeping him alive?

Lumia:Hera said that she is coming calm down.

Me:I didn't come here to wait, I-

They walked in looking to be in a hurry.

Hera:Has she arrived?

Me:Who?

Zeus:Red is on a killing spree,last time I checked she was on her way to here.

Me:A mere kid has you by the balls?

Hera:Who just killed the whole entire royal family of wolves.

Lumia:We are not talking about the same girl with red eyes right?

Zeus:She is the moon goddess's best and first creation that has more than three beings in her.

Me:More than three? What are we dealing with here?

Hera:She is a vampire,a true alpha,has more than three types of witches in her, the Uriel,heirress to the throne of Medina and lastly an immortal.

Lumia:No one cared to enlighten us on that?

Zeus:Who knew that we were going to be up and down because of a child? Get gua-

A scream echoed making us freeze,we ran out of the mansion to find two guards with their throats ripped apart.

Me: What the fuck are we dealing with?

Hera:She has fully emerged,she is not using only one being, she is using all of them.

Guard:There!

She stood next to a tree watching us,the grass started burning and she was gone.

Lumia:Are we fighting a ghost?

Zeus:Right now Time is our only way to get her.

FATE

Destiny walked in.

Her:You forgot to mention that she is a serial killer!

Me:Who?

Her:Red.

Mom: What are you talking about?

Her: Ravenswood Royals are all dead!Now she is in Karma's realm hunting Propacanda,Zeus a-

Me:Zeus?Oh no now I know how I will be losing my life.

Mom:How?

Me:I will be saving her from being killed by him,she can't kill him except injuring that is all but he can kill her.

Mom:Why are we still here?That girl is trying to get my son

your brother back.

Her:I have to warn all of us though,she is far from humanity, everyone else is a threat to her.

Me:Can we leave?

.....

We sat on the highest mountain of Karma's realm watching for a sign but there was absolutely nothing. We could not sense her anywhere except everyone in the mansion.

Mom: Can't we head to the village and look for Karma and Nakae?

Me:I think that is the only option we ha-

Her:Aah!

Something grabbed her so fast,we watched as they both rolled down the mountain so fast. We rushed and followed after them,Destiny had very nasty claw marks on her face and she was the only one there.

Mom:What just happened?

Her:I told you that she i-

Something went past me grabbing my leg in the process, I held on the tree and took a deep breath.

Her:She is here.

Me:Red we are not ene-

I turned almost missing a step,she was standing right next to me. Her teeth were chattering with her eyes fully black,the ink swaying allover her body,claws so deep along with the fangs,she was taller and bigger and hairy. She was wearing a cloak as she stared at me.

Me:We are not here to hurt you Red.

She looked at me then my mother then Destiny then back to me.

Red:Who are you?

I gasped in shock.

Me:You are not se-oh shit!

She was gone just like that.

Her:Damm she can claw!

KARMA

Her:Hold still.

She was cleaning my wounds.

Me:I know that I was wrong Ma bu-

The door opened and Fate walked in making me wince.

Him:I am not here for that but we all have a huge problem.

Destiny followed with their mother,she had a nasty claw marks on her face.

Destiny:That girl is on the loose killing whatever comes her way.

Me:What girl?

Him: Uriel Red.

Me: What do you mean?

Her:She is here.

Everyone tensed and looked around, the window shuttered before she walked in. She looked like something I have never seen in my entire existence.

Red:All is well my people, I am going to kill you all soon as I get what I came here for.

Him:Red.

She stood still looking at me.

Him: Lavinia.

She looked at Fate before heading back to the window and disappeared.

Destiny: Damnation.

✓ CHAPTER 35

PROPACANDA

I sat still, for once in my entire existence I was worried about losing a fight with an earthling. I got up and walked to the window looking outside. I heard way too late, I couldn't move as she pressed me against the window, she was undeniable strong for me.

Her: Propacanda son of Baphomet nice to meet you again.

She moved back, I turned and met a powerful swipe on my face, I knew I was bleeding. I looked around only to see nothing, something whispered on my right, I turned and I was met with another swipe on my face. The trail of claws on my face burnt.

Me: What do you want?

Her: Shhh you are waking up everyone who is sleeping.

She stood there looking lethal.

Me: I am never going to get beaten by a chi-

Something piercing my back sending sharp pain all over my body.

Her: You were saying?

Me:You are truly gifted.

I fell on the floor.

Her:Go home.

She pulled the knife out before stabbing my neck, I groaned in pain.

Her:I mean business.

ZEUS

Me:How on earth does she get inside and no one sees her?

Lumia: Like you said we are truly dealing with a ghost that won't stop until everyone is dead. I should have followed Hermione, I should have believed her when she said that we are going to die.

Me:The picture of a king of all gods murdered by an earthling how interesting. Hunt her down.

Voice:You could just ask for me Zeus.

Me: The disrespect,a child calling me by my name.

Her:Last time I checked,here on earth you are no king,Zeus.

Hera:She is not talking to you is she?

Her:I wasn't talking to you too bitch.

Hera:What did you just say?

Her:You should be beating me up if you didn't like what I was saying but I understand that I scare you.

Hera:I am not afraid of a child.

Her:Then let's take this outside, whatever happens I know you are going back wherever you come from battered and barely alive.

That was my first time seeing Hera shaken, there was something very strange about the girl,no ounce of fear in her at all.

Me:Bring him.

The guards walked away and came back with the unconscious Time and put him on the floor.

Me: Isn't that what you came here for?

She looked at him before stepping closer slowly and dropped on her knees,she touched his face and he stirred. I took the dagger out of my pocket and cut my hand slowly before stepping closer to her,there was something radiating off her as she sat next to him. I stood right behind her and looked ready to deliver the killing blow

Advertisement

I delivered. I looked at my work only to gasp in shock, Fate staggered backwards someone screamed and I moved back. Red was still on the same not moving, the dagger rested on his stomach as he fell on the floor. Destiny and Tanaka screamed as they ran for him. I heard another gasp, I turned to see one of the biggest wolf ever stalking Hera. It jumped grabbing her by the neck, before she could stab, it was pulling her by the leg. Everytime I tried to get closer there was something pushing me backwards, I watched as it ripped her apart in front of me and there was nothing I could do but open the portal so we could leave. I opened the portal and it sucked us in so fast before the wolf could deliver the kill on my wife.

KARMA

Me: What is she doing?

Nakae: What I said she would know, bring Fate to the circle.

Destiny: What circle?

The lights went out, a glowing circle was circling them.

Tanaka and Destiny picked the dying Fate and put him on the circle.

Nakae: Move back.

I watched as the room vibrated, there were shadows swaying around the room.

Me: So she literally stops feeling and hearing anything else?

Nakae: What Fate didn't know is that she can't be hurt when in that zone, her wolf and dead witches are protecting her.

Tanaka: Sounds scary for a child her age.

Me: Only twenty two years old.

Destiny: You lie! I just assumed that it was the baby face.

The door opened and someone walked in.

Destiny: Who are you?

Him: I need to help my twin or she won't be coming back.

Me: Twin?

He stepped inside the circle and went on his knees right next to her.

Him: Lavinia take my hand.

She took his hand, more shadows stood around the circle with cloaks carrying scythes.

Nakae: He is a banshee, he sees death and has figured out how to control it.

There was humming as everything swayed fast,blinding light covered the entire room. Then disappeared , I looked at Fate sitting up.

Fate: That really hurt.

Time:Damn you think?

Fate: Brother?

They hugged each other, Tanaka and Destiny followed.

Time:Mother?

Tanaka:Had to come back my child.

Someone whimpered,we all looked at Red lying on the floor bleeding and her brother was picking her up.

Time:Lavinia.

He grabbed her but the most strangest thing happened,she started fading right before our eyes.

Time:Red!

Then she was gone.

✓ CHAPTER 36

TIME

Me:I don't know what to do,not to do Faye. I feel bad for even leaving her knowing very well why she was reluctant in loving me. She came for me even though I did this to myself, I don't know where she is right now.

Fate:Oh I am sorry brother, I am truly sorry for everything.

Me:You did nothing wrong brother. I don't see anything on these books telling me what happens when people just disappear. Those who disappeared already came back except her.

Him:She gave up her life to go to the Mistress of the South and save you.

Me:What are you talking about?

Him:Her soul is in hell paying well that is what I was told but she is not there. There are soul collectors trying to track her but she is nowhere.

Fate:And her soul?

Him:It is roaming hell without her, they can't take it unless she comes back for it.

Me:So she did not go and meet the Mistress of the South?

Him: Something took her instead.

Fate:Like?

Him:Someone will tell you.

A woman walked in.

Her:My name is Makaziwe,the Oracle.

Me:Nice to meet you.

Her:Red is in what you call Malka,a place where Uriels rest in peace. Listen to me carefully,it is up to her if she wants to come back or what. She gave up her soul so she could save you both, that drained every energy in her leading to her fading.

Me:What do we have to do to get her back?

Her:Nothing,she has to decide because your journey isn't over yet at all.

Me:What do you mean?

Her:The war isn't over, someone is coming for the Uriel seat if Red doesn't show up anytime soon.

Me:That is not happening not while I am here.

Her:There is a huge difference between a sorcerer and witch.

Him: Witches use spells mostly but sorcerers use people as sacrifices, they kill people for power and are considered stronger than witches.

Me:Red do come back we are in deep shit.

UNKNOWN

Me:Well it seems like home no longer has a leader.

Him:And you think taking back the seat will change how your father saw you?

Me:I don't give damn about how Father saw me

those stupid ancestors should have made me the Uriel not Tamara but life happens anyway. Now I got the power I needed to remove her.

Him:She is no longer the Uriel.

Me:She is a thorn on my way,she has to die along with her kids.

Him:And Eris?

Me: Keep her at bay.

Him:So how do we keep her at bay?

Me:You are asking the wrong person and stop questioning me damn you!

He whimpered and moved back.

Me:Do what I asked you to do! Uriel Red is dead!

RED

"URIEL RED IS DEAD!" I jumped and fell off wherever I was,damn that hurt.

Voice:You are very strong you know.

I looked at the woman wearing a white dress and had the blackest hair ever.

Me:I will assume that you are the so famous Moon goddess.

Her: Your mind is faster than I thought.

Me:I can even see too.

Her:You broke the rules.

Me:I know very well what I did.

Her:You need to stop doing things by yourself while you have kingdoms willing to drop everything to help you.

Me:I know be-

Her:If you have accepted Time in the first place none of these things would have happen. Everyone could have found a solution but you are so damn hot headed Lavinia.

Me:Your point?

Her:I made you child,do count your words when talking to me.

Me:Your point?

She looked at me and shook her head.

Her: Provoking me isn't going to change that you are responsible for what is going to happen in Malla.

Me:What are you talking about?

Her:The entire empire will be in flames when Alaric finds his way home.

Me:Who the fuck is Alaric?

Her:You are the seer not me Lavinia.

I grabbed the chalk on the floor and drew the summoning circle.

Me:Uriel stre-

I looked at the image of the man standing watching Malla,he had black nails and animal eyes. My body went cold when I realised that he looked exactly like Aunt Tamara, I knew this was far worse I never had to go against one of the people with Uriel blood.

Me:Why does he look like that?

Her:He is the High Sorcerer of Black Sorcery Convent.

Me:All this years he stayed away not because he was scared, he was planning. I never in my life fought high sorcerers,those things are undeniable strong and the entire world knows that!

Her:You are scared?

Me:Hey don't fuck with me!Do you see this motherfucker?I am terrified, sorcerers are the different breed, they don't do things like me. They practice black magic,black fucken magic something I have never done. I was trained to fight, protect and defend my people not practice dark magic.

Her:I know that this fight will decide if my creations go extinct or what.

Me:Yet you are here doing nothing telling me that and this. You created us so do something about it.

Her:I just used the least of my powers to bring you here.

Me:You have been watching for years and doing nothing so don't tell me that bullshit. Get up and fight for your own people you coward!Where is the way out of here?

Her:Here.

Me:It is a ball?

Her:Your way back to Malla and will restore you.

Me: Should I say thank you?

Her: Your choice.

Me: See you around.

✓ CHAPTER 37

TIME

I sat on the chair in silence and no one was saying anything, we have been looking for Red for two weeks now but she was still AWOL. The door was pushed opened and a woman in a white cloak walked in.

Voice: Get off my chair.

She removed the cloak and we all got up and looked at her stunned. They hugged her some looking teary but the woman did not even falter at all just grinned hugging everyone.

Her: So Alaric?

Tamara tensed.

Tamara: He is my oldest brother.

Her: I know, can you give me a moment with Immortal Time?

Everyone walked out without questioning anything.

Me: Hi.

Her: You good?

Me: I am good.

I looked at her stunned as she legit stared at me.

Me:You?

Her:Good.

Me:You can see?

Her:Yeah.

Me:You are not happy.

Her:It doesn't change anything at all.

I stepped closer and extended my hand for her to take.

Me:You can see me.

Her: Aren't you just important?

Me: Special yes.

She chuckled.

Me:You saved my life, for that I owe you.

I brushed her neck making her purr.

Her:Fucken wolf purring,she is a whore.

Me:She knows that I am the full package.

Her:I will pretend that you didn't just say that to me.

Me:Want to see it?

Her:Hayi see what?

Her eyes extended in surprise.

Me: See the package.

Her: I don't know.

I lifted my shirt up and pointed to my stomach. The expression on her face was priceless, well I might have wanted to see if she was thinking about what I was thinking.

Her: Your stomach uhuh.

Me: What did you expect?

Her: Something outrageous, I don't know.

Me: Aren't you just dirty mind?

Her: I didn't say your di-the fuck?

Yeah I need to have a talk with myself, I just took my dick out and showed it to her.

Me: That is the package you wanted to see not my pack.

She burst out laughing as I pulled my pants up.

Her; I think you are still high from what you drugged yourself with.

Me: You make me high.

Her: You make me a killer.

Me:Bonnie and Clyde.

Her:On a serious note Alaric is going to be very tricky.

Me:I am here with you.

She pulled my hand and wrapped it around her waist, I was shocked at first but I recovered.

ALARIC

I watched as they screamed in agony burning on the fire,the fire turned black before creeping towards me and wrapped itself on me. It was vibrating around me and making me smirk then it disappeared.

Me: That was quick,bring one servant.

The guard brought the trembling servant.

Me: Don't be scared, I am just going to touch you here on your hand simple as that.

She sighed in relief, I touched her hand and smiled.

Me:See?You are beautiful.

Her:Thank you.

Me:Such an enchanting beauty too. Sim sala bam.

Her:What are you doing?

Me:Sim sala bam, just practicing my strength.

She screamed as she burnt down piece by piece to dust.

Me:Get more people, this power is a little slow for me.

Guard: Yes My Lord.

Me:See you soon sister very soon along with your pathetic heiress.

TAMARA

Me:Alaric!

Him:My child don't worry.

Me:Real Father that is all you can tell me?

Him:What can I tell you?

Me:Red is not ready for this,a witch turned sorcerer is not like the things she fought. They are undeniable strong especially Alaric,he was the strongest wizard imagine him as a sorcerer,he is way worse than you can know.

Him:I know that what can we do?Alaric made a promise to come back and there's absolutely nothing to do about that.

Me:Not if I can help it Father.

I grabbed my jacket.

Him:Tamara where on earth are you going?

Me:I am going to someone who can help us in this.

Him:No you are not doing what I think you are doing Tamara.
No Tamara!

Me:This leaves me no choice Father.

Him:You are asking the wrong person!

Me:No!! I am tired of these enemies coming out when everyone is suppose to be happy!My children deserve peace and happiness and I will do anything to make sure that happens even if I have to sell my soul.

Him:We can think about something else Tamara, what you are about to do is beyond.

I grabbed my broom.

Me:A sacrifice has to be made,Red won't be able to fight against Alaric alone she needs help.

I wiped the tear and walked out. I was scared but a mother should do whatever it takes to protect her children and that was what I was planning to do.

✓ CHAPTER 38

TIME

Fate:So?

Me:So what?

Fate:Red?

Me: What do you want to know?

Fate:I can feel her.

Me: Huh?

As if on cue the door opens and Red walks in,does this girl ever knock?

Me:Lavinia.

Her:Fate hi.

Fate just laughed before getting up and hugged her.

Me:Marry him too.

Her:You sent me the longest paragraph telling me how selfish I was that I don't even call nor visit you as if I don't want to stay with you.

Me:Huh?

Fate;Let me leave.

Me:Faye it was you!

Fate: Actually you should thank Destiny,she helped me with the sentences.

Me;You are very thoughtful who would have known that she would come rolling to me?Salute brother.

Fate just laughed and walked out.

Her: Your realm is nice though.

Me:No hug?

Her:Nope.

She took the cloak off revealing the shorts and sport bra she was wearing.

Me:Do you know something called dressing up?

Her:I am dressed.

Me:The shorts are just way too revealing, don't tell me that you walk around like that showing what is mine to the world.

She didn't answer just continued looking at the pictures hanging on the wall.

Me:Did you hear me?

Her: Definitely just chose to ignore you.

I looked at her stunned.

Me:You are testing me Lavinia.

Her:Okay.

Me:Huh?

Something inside stirred, I watched her walking around looking at the books, pictures,her legs were firm, stomach toned and the ink swirling slowly and steadily. I walked towards her and she seemed to be in her own world. I grabbed the book and threw it on the floor.

Her:And then?

Me:You are very disrespectful Lavinia.

Her: Don't tell me your ego was bruised,come on Time heal.

Me:I am very dominant love, this behaviour of yours is testing me.

Her:Go and be dominant to Karma.

I gasped in shock.

Me:Oh no you did not.

I knew my eyes change colour as she looked at me stunned, I groaned trying to control my temper, I looked down for a second then up to see no one.

Me:The hell?

I heard laughing outside, I walked to the door to find her standing on top of the stairs.

Her:You are something else Time, you are mad just because I am ignoring you. Poor boy your mom is downstairs.

Me:You are walking on thin ice Red.

Her:Why are you angry Theodore?Did I hurt your feelings?

Me; Lavinia stop!

She jumped losing her footing,my body went cold and reacted so fast grabbing her before she could even fall down. I pulled her to my arms with my heart hammering my chest, I was frightened by the turn of events as I held her tight.

Her:I am fine.

Me: Don't ever do that again,no matter how angry I am I would never hurt you okay?

Her:I am sorry.

I just held her, I didn't even know that I was this afraid to lose her, I may have acted like I wasn't really worried about her but my heart stopped when I thought about what could have happened if she fell.

Her:Go ahead break my bones Time, just go ahead.

I squeezed one more time before pulling her away from the stairs.

Me:I think I love hearing you call me Time, sounds a little naughty and sexy.

Her: Theodore.

Me:Purr that is far worse than I imagined,say my name again.

She laughed,she looked so beautiful as her face cracked up. I looked at her smiling as I held her hand.

Her:What?

Me:You are beautiful and I am more than lucky to have you, I am blessed.

She looked at me and blushed. I stepped closer as she looked at me with her eyes wide.

Me:Every little moment with you is worth millions, I don't know if it is a dream but being with you makes me feel like a normal being. I have found love in you something I never thought in this life I would get, look at me acting like a stupid teenager in love. It won't be easy for us to be together but I know one thing and I am very sure, I am not going anywhere without you. Look at me, I am not going anywhere make sure you remember that when you think about going on a suicide mission or even thinking about leaving

Advertisement

I am not going anywhere. Be considerate of people wanting to help you, no more fighting by yourself while I am here get me?

She nodded.

Me: No, look at me. I know nothing about loving someone else but look at me acting like I know because of you. I will not tolerate you making excuses to learn loving someone else other than you because I will fucken put you in your place then fuck you so bad making you hate me. Oh yes I will fuck you so hard you will need a motherfucken wheelchair to get off the bed.

She crossed her legs with her eyes so wide.

Me: Provoke me and you will learn the hard way, that is a promise.

She blinked multiple of times I wanted to laugh so bad.

Me: I am going to do what it takes to love you as you deserve.

I pulled her head and laid it on my head.

Me: I am going to love you.

TAMARA

I walked deeper into the forest, kept looking behind me because the deeper I went the darker it got. I was scared for real

because I was walking blindly worried about making it to where I was going. I saw a flickering light as I walked, I hurried in fear. The big hut approached, I remembered it by the big orange tree behind it, I knocked at the door four times before stopping.

Voice:Step inside child, I have been expecting you.

I opened and entered inside,there was fire burning inside but no smoke,leaves,stems and roots were on the floor and tables.

Him:Take a chair.

He sat on the chair facing the fire pointing at the chair right next to him. I sat down and sighed. He looked at me with his yellow eyes and platinum blonde hair,oh yes the man looked young but he was over five hundred years old. If he was not dangerous he would have been a sight for a sore eye.

Him:What do I owe you this time?

Me:I need your help.

He raised his eyebrows in confusion.

Me:Alaric is returning.

Him:The High Sorcerer who is your brother.

Me:He is coming for the Uriel seat.

Him:From what I know little Red is capable of dealing with him.

Me:Yes she can but he is different from other sorcerers,he can kill her.

Him:Oh I get it now, you know that this might be her end and you want me to fight him.

Me:Yes.

Him: Everything has a price Tamara, I can't be fighting your battles when you rejected me for a human that had gotten you pregnant before we could even meet. I could have loved those kids like my own but you chose him.

Me:I did what I did for the sake of my kids, I wasn't about to let them grow up without a father.

Him;Tamara why are you here now?

Me:I know that I hurt you.

Him:Why do you think I will help you?

Me:I will sign the contract.

He looked at me like he was reading me.

Him:You will be signing your soul to me forever you understand that?

Me:Yes.

He looked at me,a paper laid on my lap with a pen too.

Him;Think before signing Tamara.

Red's face flashed on my mind, I grabbed the pen and signed. After signing I felt a sharp pain on my chest making me wince then it was gone.

Me: Can you help me?

He looked at me and shook his head.

Him:I will help you but do remember that I didn't force you to sign that country that ties you with me forever. I hope you remember what will happen when this is over.

Me;I will be leaving with you.

Him:Good thing you know,now let's check Alaric out.

RED

I looked at them as they looked at me in worry.

Me:Are you serious?

They lowered their eyes.

Me:Is anyone going to answer me?

Siseko:Uriel Red,Lady Tamara did not re-

Me:I am already passed that question you are answering now. I am asking if you seriously let her walk out of this kingdom without backup?

Evan:Yes My Lady.

I sighed.

Me:I am too tired to be even thinking about ripping you apart. Find her.

I walked straight to my room, the moment I stepped inside I paused and looked around, something was off, I turned to the door but there was none. I turned around to see black water flowing.

Voice:My powers are extraordinary don't you think?

I turned to see nothing,some grabbed me by the ankle pulling me deep in the water. Then I was standing on a stone looking at Malla.

Voice:Just hand this over and I will leave you alone.

I took a deep breath and looked around,he was invisible but I could see him.

Me:Alaric come out and play.

I stared directly at him,he grinned and disappeared,then I was back to my room.

Voice: Tell Tamara a god is no match for me.

Me: Pussies say that a lot.

It was silent as I looked around, I let the breath I was holding.

✓ CHAPTER 39

RED

I was still worried about Aunt Tamara it was unlike her to disappear leaving Grandpa distressed, it has been two days since we last saw her which had me very worried. A knock echoed.

Me: Co-Aunt Tamara? Oh tha-who is that?

Her: Meet-

Him; Poseidon.

Me: God of the ocean etc, most probably one of the most dangerous unpredictable gods ever.

Him: You know your history child.

Me: What is a god doing here?

Her: He is going to help us with Alaric.

Me: Maybe I didn't hear you right Ma, you are saying this man is here to help us with Alaric. There's a bargain price here isn't it?

Him: All I want is my soulmate so I can return home.

Me: Gods have mates? Where is your mate? Who is she?

He looked at her and she shifted uncomfortable.

Me:Wait a minute he is the mate? What about Uncle Loki?

Her:I am doing what is best for everyone.

Me: Leaving us is your best?Are you serious?We can deal with Alaric ourselves.

Her:I already signed the contract, changing my mind is not going make anything better little Red.

Me: Little Red bullshit!You said that I was being selfish when I was doing the same thing, what changed now?

Her:La-

Me: No!How many people do I have to lose in order for me to finally have peace?Get out.

Her: Lavinia plea-

Me:Get out!

I could feel the hot tears falling on my face,so much for being told to be considerate.

When I woke up I could smell something different and I could hear the music playing on the back ground. Something stirred next to me, I peaked to see Time sleeping right next to me. He looked so peaceful and beautiful,the black hair looked like it

hasn't been combed in ages. His hand touched around until it landed on my arm, he pulled me closer and wrapped his arm around. I was feeling weird as I snuggled to the heat of his body, I looked at him before freeing one hand and brushed his face, he snuggled closer making me chuckle. A man so lethal yet trembles just because of my fingers, his eyes snapped open and he looked at me yawning.

Me: Kidnapping each and every time I fall asleep.

Him: I don't want to wake up in your bed smelling like you, I want you to smell like me.

Me: Very nice of you Time.

Him: Don't act like you don't like how I smell.

Well I did but I wasn't going to tell him that.

Me: I didn't say I like it either.

Him: Oh come on do you ever let it slip?

Me: No, let me go I need to leave and you need to stop bringing me here to this realm, I have to sneak in when I go home.

Instead he pulled me closer than before and rested his nose on my neck.

Me: Just for now.

TIME

I kissed her neck making her freeze.

Her:I am still leaving.

Me:Come on.

Her:No.

I continued kissing her neck as she laid right next to me. I got up and looked at her looking all kinds of hot and sexy.

Me:I want to strip you naked,are you going to let me?

She nodded. I kissed her on the lips, I still don't understand why she always taste like chocolate because I never really see her eating one at all. She was too addictive as I trailed kisses from her face to neck slowly, I could feel myself getting harder and hot but I had to be a little patient. I pulled the top and threw it on the floor before pulling her pants down,her legs wrapped clenched she wasn't wearing any panty. Her stomach flattened when I kissed it and she huffed. Her breasts looked firm, the ink hummed tickling my skin where I touched her. I pulled my T-shirt off, I wrapped my hands on her waist and pulled her up before grabbing a pillow and put it under her butt before laying her down. I kissed her cheeks before trailing sloppy kisses down her body. I touched between her legs,she shifted uncomfortable and opened her eyes, I pulled both her legs over my shoulders,she looked at me stunned. I maintained the eye

contact as I dove in licking every inch of her wet pussy. She grabbed the sheets as my tongue rubbed on her walls, I sucked the clit making her moan, my hands kept her legs apart. She was getting more wet and I was getting too hard

I stopped and pulled my boxers down and gentle laid on her.

Me:I love you.

Her:I love you too.

She looked restless as I kissed her while I rubbed myself on her entrance, she wrapped her legs around my waist. I was getting a little restless too but I was also worried about hurting her. I paused and looked at her, she looked so engrossed, I rubbed her again before slowly pushing it in. She was way too tight, I knew it was going to be like she was breaking her virginity all over again, I was worried. I thrust in, her claws dug on my arms as she winced in pain, I finally got in and went back to kissing her.

Me:You are going to tell me when to stop right?

She nodded so fast, I continued kissing her as she relaxed under me. I thrust in slow trying to make her comfortable, she winced every now and then until she stopped. I fastened my pace as she gripped me on my back moaning as I fastened, I plunged deep and stopped.

Her:The fuck?

I smirked and looked at her before kissing her slowly and went back to thrusting fast. I went a little too fast as I could feel my muscles contracting and tightened all over. Her sweet moans echoed in the room as I went deeper groaning and moaning. I pulled out just in time and laid on top of her, my dick kept jerking off as I laid on top of her. I was too lazy to even go to the bathroom so I just grabbed my T-shirt and wiped both of us. I turned her around, pushed her head flat on the pillow, opened her legs apart, I didn't have to lift her waist up since there was already a pillow underneath. I pressed on her purposely.

Her: You are no feather you moron.

Me: There is no rest for the wicked. You will have to forgive me.

I pressed on her neck very hard, she growled just like as I expected, I took a deep breath before sinking my teeth on her back neck making her wolf let out a groundbreaking growl in anger. I licked the blood still holding her to place, well I knew better than let her go. She calmed a bit so I rubbed on her entrance before thrusting in slowly. Female alphas are very dangerous when untamed that I knew, I was not about to let her free knowing that she could try to murder me. I put my hands under her pulling her lower back up as I thrust in, she moaned as the ink seemed to be vibrating more and more, it was no longer tickling me but buzzing on my skin as it wrapped around us. It was beautiful and extraordinary as both our

powers connected lighting the room. They swayed forming a red and lime colour like some sort of Northern lights. I felt her muscles clench around mine making me moan loud as I could feel them tightening around before letting the liquid go. I pulled out and let her cum on my dick before gentle laying right next to her.

Her:Woah.

Me: Beautiful.

Her:How did that happen?

Me:Mate bond.

I pulled her closer and kissed her.

Me:I love you.

She yawned.

Me:What happened to going home?

Her:Fuck off.

Me:I will fu-

Her: Just a nap Time.

TAMARA

Everyone sat in silence.

Orlando:Why are you letting her stay with her mate?Is it because you are scared of her?

Me:No,she has the right to be happy.

Orlando:No ways!A Uriel doesn't marry a mate, you did not do that why her?

Kyle:You only have a problem with her because you two were suppose to be getting along so you can marry each other in the future. You will be fine.

Loki:It is tradition Orlando but we all know that no one can force Red in marrying you at all.

Orlando:No Uriel gets to keep the seat if she is doing like this.

Me:Are you going to remove him?

Orlando:I will go report to my clan about what she is doing.

Voice:Please do that.

Red walked in.

Orlando:We had an agreement.

Her:Not me, tradition had an agreement with you not me, I would never agree to marry you or anyone else for that matter. Do cause an uprising and you will be the first clan that will be made rouge by me, personally. You are too comfortable too, pack and leave my grounds and you have fifteen minutes.

Your clan will be having me tomorrow morning, make sure that they are waiting or you will be all extinct. Clear?

Orlando:Crystal.

He got up and ran.

Me:Red.

Her:Did you tell them?

Loki:Tell us what?

Her: Poseidon.

Loki:Her mate?Honey?

Me:I made a deal with him.

Loki:Tamara?

Me:I have no other option!

Her:I used to say that and you gave me a mouthful but it has to be fine because you are the one doing it. Consider yourself my enemy if you do this.

She walked out.

✓ CHAPTER 40

RED

I walked towards the headquarter, people working watched me stunned because I don't visit the clans ever. I always send someone to the clans , I walked inside to find everyone seated . I pulled my cloak off and sat down as they all bowed down.

Me:Rise now. I am here now because you and the tradition chose this clan as the future in laws of the next Uriel family. Due to many circumstances I met both my mates whom one of them I killed,Time as a very powerful being and my mate chose to heal me so I could see again. I am telling you this because I am trying to make you see the uselessness of pushing me to marry one of your own. Who am I kidding? Don't be fooled by the speech I just delivered, I am not nice nor tolerant if you people think about turning against me oh shit!Oh fucken shit I will fucken kill all of you one by one, I am not your friend and I never accepted this clear?So now what are you planning to do about this?

They looked at each other, I wanted to laugh since I just showed my psycho tendencies. Orlando's father got up.

Him:My Lady we hear what you mean. Since you will taking the Immortal Time as your husband does that mean he will be the Uriela?

Me:Look Malla and Ravenswood are going to be emerged soon or later.

They gasped.

Me: Technically I am the Queen of Ravenswood since I killed the Alpha King and I am the Uriel until the next Uriel.

Him:So we will be sharing our lives with wolves?

Me:You shared your lives with me Elder, I suggest you thread very careful on your next words.

Him: My apologies.

Me:I will not be disrespected by any of you and I know everything happening here. You thought you would be attacking me since I have turned soft,oh no darlings I am still the same witch that will kill you for even looking me in the eye.

They looked down.

Me:Now are you going to make lunch or what?

.....
.....

I scratched the back of my neck, the mark was annoying though and nobody really knew I had it. It was two lines red and lime with both our names like some sort of branding.

Me:Why are you itchy dude?

Shadow:He is here!

Me:Why?

The door opens and he walks in whistling,this man right there was just beautiful,the jet black hair and green eyes and muscled body. He looked handsome way handsome, I watched him walk to the chair and sat down looking at me.

Him:And then?

I found myself smiling and grinning at him,he was trying to act serious around me,damn I was whipped for reals.

Me:No hug?

Him:No.

I sat down and looked at him. He looked straight, I knew that he was going to falter not me.

Me:What did I do?

Him:I am trying to survive without talking to you.

Me:You are not serious?Why are you trying to hurt my feelings?

His face melted

jackpot I told you. He got up and walked to me.

Him;You are evil you know that?

Me:You are childish Theodore, you wanna ignore me all of a Sunday.

Him:Come on Lavinia being addicted to you isn't ri-

He paused and looked around.

Me:What?

Him:Stay right next to me.

He grabbed my hand before pulling me towards the door.

TIME

I thought maybe I was wrong or I sensed wrong but I knew better than think that. I found the guards standing before the woman lying on the ground.

Red:And then?

She had chains hanging on her arms and legs,she was breathing heavily as she slowly looked up. She tried backing away but

wincing from the chains holding her down, it was clear that she escaped from somewhere. I walked towards her.

Me:Jazinda.

At the mention of her name she looked up so fast, I dropped on my knees.

Her:They want me dead Theo.

Me:Shh.

I hugged her as she shook terribly. I had a lot of explanation to do that I knew. Something snapped making her wince, she was free from the chains, I looked at Red who didn't even look so happy. I mouthed a thank you but she chose to pretend that she didn't see that, I pulled her up slowly as she held on to me for dear life.

Red:A little explanation will do'Theo' .

I chuckled at her behaviour.

Me:Her name is Jazinda.

Jazinda looked at Red and whimpered in fear.

Her:She-she is one of them.

Red did the unthinkable and growled her eyes turning black, Jazinda pushed me away and moved back in fear.

Red:You just fall in my kingdom and you are here telling me shit. Time who is this?

Me:She is confused,she has been in prison for the past three hundred years. Jazinda that is Red my mate and is not from Zaragz'Na.

Jazinda held my hand as she cautiously watched Red who didn't even looked very happy.

Red:Again who is she?

Me:She is a friend of mine,okay she was my fiancee before she was arrested for trying to murder her father.

Red looked at me and held her head.

Red:Party is over people get back to what you were doing.

Me:Red.

She looked at me and sighed.

Red:Get her some food and clothes,we will talk.

She didn't wait for another word just walked back inside.

Her:I didn't cause any problem right?

Me:She is angry that I said nothing about a fiancee.

ALARIC

Servant; High Sorcerer there has been a huge disturbance between the worlds.

Me:What?

Guard:A being from in between just landed on earth without a permission.

Me:What are you waiting for?Find it before those witches.

I wondered what it was and what was it doing on earth.

Voice:You love playing games.

I turned to look at the man,he was leaning against the door and playing with a piece of paper.. I felt something wet on my feet, I looked down to see water rising up, I tried to move but I couldn't. I tried using my powers but none of them worked as I tried but the water continued rising.

Me:I will not die.

Him:Of course you will under my magic, I basically made you.

Me:What do you want?

Him:Leave Malla alone and I will not kill you.

Me:Who are you?

Him:A god of the ocean simple as that.

Me:Posei-

The water reached my chin so fast making me go quiet so I stopped what I was saying.

Him:Yes brother in-law nice to meet you.

The water disappeared with him, I took a deep breath and sat on the floor.

✓ CHAPTER 41

TIME

I had to sit on the chair and watch her sleep because she couldn't stop screaming every now and then. I used to care about this woman deeply then she was taken to Skrull Empire to serve her sentence on trying to kill her father.

Her:I know you have questions.

Me:What happened Jazinda?

Her:A lot happened Theo, I thought I could kill him you know.

Me:I told you that there was no way you could have killed him. You took a huge risk,wait how did you escape?

Her:Three hundred years taught me strategies Theodore, I gathered strength to rip those chains from the floor and ta-da. The portal was suppose to lead me to you.

Me:And it did.

Her:How crazy I thought I would find you still waiting.

Me: Life happens Jazinda. What are you going to do now?

Her:I have two months to find a way to disappear before they realise that I am gone.

Me:You left a clone in your place, didn't you?You can never change.

Her:You kno-

She paused right when she lifted her head and looked at the door. I almost fell off my chair to see Red standing there unmoving.

Me:You just creeped me out!

Red:We need to talk.

She walked out so I followed her.

Me:I know this is a bit uncomfortable considering that she is my ex a-

Red:Now do tell me this how long is she going to be here?

Me:Lavinia!She is going through hell and you want her gone?Is this jealous talking?

Red:I am not jealous!

Me;You always want to see the bad in people Red, helping isn't going to change the fact that me and you are bound. I once said be considerate of others,the woman needs help and you are here wanting her to leave, that's pure cruelty. I get that you don't want to think that I am just helping her because we once dated, you are not always going to be right. Stop being cold and

heartless to people that need help because they are not one of your own.

She looked me straight in the eye.

Red:I don't like this one bit Time, something is very wrong.

Me:I am just going to help her then she will be gone,I promise you.

Red:Yeah right I believe you.

Her phone vibrated and she picked it up.

Red:Yes?You got it?Uhuh?Tell her I will be there. Look I have to go.

Me:You just arrived?

Red;Look Time I am not going to pretend that I feel fine with her here, I am way too straightforward for her, sticking around might be the reason she will want to leave without getting the help she needs. So I am going to do myself a favour and not be around.

A cough disturbed us,Jazinda stood there uncomfortable.

Her:I hope that I am not disturbing.

Red:I was leaving.

Her:Uriel Red please wait, I know that mate bonds are sacred and when you are mated to someone you don't want any women around him bu-

Red:Oh no Jaz that is not it, I don't want specifically you around my mate. There is this thing annoying me in the back of my mind that I should not even let my guard down. Something very wrong about you and of course everyone thinks it is the mate,he thinks that it's jealous. Oh trust me if this was jealousy we will be calling healers and doctors, I don't play like that.

She kissed my forehead and walked out.

Her:She doesn't like me even one bit.

Me:She does not like to be corrected.

But something was definitely weird about Red's behaviour.

TAMARA

It was tense in the house so I just chose to sit outside next to the pond in silence. I heard footsteps, I looked to see Red approaching,she sat right next to me.

Her:Mama.

Me:Yes baby.

Her:I am sorry,very sorry. I was completely out of line

Advertisement

I should have put myself in your shoes and understood what you were doing and why.

Me:I blame me,Eris and Jackson for that. As soon as we got you we shipped you off to the most cruel beings ever lycans to be trained. If it was not witchcraft,it was the vampire or the wolf,we hoped that they would teach you what we would teach you. We were wrong, you turned out strong and definitely powerful but you have no regard for people's emotions and thoughts. Clearly that is how lycans work, you are more like them done us,we were wrong for sitting and relaxing while you were being wrong. I am sorry that we let you be raised like that while we were here, I know that you don't want to believe that you can let your guard down because you are always looking for a fault in someone. Baby not everyone is here to hurt you, sometimes giving someone the benefit of the doubt is good other than what you are doing.

Her:I am so sorry. Me:Come here.

I just hugged her as shook.

Me:I can never stay angry at you, I already forgave you baby. As the only girl we are supposed to protect you, look at your siblings all mad at me because you mad at me.

Her:That is crazy.

Me:You see you have a backup,no need to be on your own.

Her:I love you.

Me:I love you too Lala.

We just sat like that with her head on my lap.

Me:So Time had a fiancee?Why are you mad?

Her:I know that I come out cold and cruel but that one is a no.

Me:What do you mean?

Her:You should have seen how they were laughing,so happy. She held on to him like he was her knight in shining armour, I wanted to rip her hands off him but I felt a little bad.

Me:You are jealous!

Her:First few minutes I was until he mentioned where she comes and realised no man this is far worse than I had imagined.

Me: What do you mean?

Her; What is worse Time thinks I am just jealous of her,besides the fact he did not even tell me he had a fiancee yet we have been together for almost four months.

Me:What exactly do you think?

Her:The only Jazinda I know is the daughter of Kl'rt the Super Skrull which makes me feel weird about this.

Me:KI- what?

Her:Jazinda was born on Tarnax IV but grew in Zaragz'Na both world are under Skrull Empire, they were destroyed killing her brother and she survived. Returned to the royal grounds where she was given a mission to retrieve the Sy-Torak a gem which Skrull Empire said it was a sacred artifact. Mission was compromises so she swallowed the gem to protect only to inadvertently bond with it. She gained immortality and ability to return from the dead, separating them could mean she was dead so she exiled herself. Well her father sent out people to hunt her down but she managed to escape for eighty years until she was captured two hundred and twenty years ago and sent to prison. Then on her sentencing she tried to murder her father and the rest is history.

Me:Wow!So she escaped?Which means the Skrull Empire is going to come here.

Her: Before we even get there how did she escape?

Me:She had all the time to find a way.

Her: Something deep in me says otherwise.

RED

Yes I did not like that she was with him, I mean they used to be in love with each and who knows what might happen between them. But something was not right about her at all, something

did not sit well with me, I have had enemies and sensed them but with her something sent a cold chill down my spine.

Voice:It is not every day I get to be summoned by such a powerful lady.

Me:I never really expected you to come though.

Her:I realised that I had to come considering the landing of another being into this world.

Me:You don't say? It's Jazinda.

Her:She escaped Skrull Prison?She is good.

Me: And she did.

Her:Give me the glass with the water.

I handed it to her. I watched as she took out a knife and cut her hand and squeezed the blood into the water. She walked around looking into the water,she gasped and let the glass fall.

Me:What is going on?

Her:You need to get that woman back to Skrull Empire.

Me:Me?

Her:Zeus and Hera broke her out of prison.

Oh fuck you!

✓ CHAPTER 42

TIME

I have been trying to call Red for days but nothing. I was standing on my balcony in my shorts trying to figure out what I was going to do to help Jazinda. We were in love once until she was sent on a mission and shit happened. I care about her but not love, I love Red.

Her:Hi.

I turn to see her standing beside me in a short dress.

Me:Hi.

Her:You are still muscled but more than before.

Me:I can never changed.

Her:I just wished I never went on that mission trying to prove something to my father, I could have been married by now.

Me:Time wasted never returns.

Her:How ironic Theo.

We just laughed.

Me:Oh snap.

She slightly touched my arm while staring at me, she stepped closer and put her other hand on my stomach softly. Weirdly I wasn't stepping away from her, a knock echoed making both of us jump.

Me:In!

I heard footsteps and my brother came in view.

Him:Time,Jazinda.

We both nodded.

Her:Let me leave.

Him:Mhm.

Me:What?

Him:I am Fate brother do not try that with me. Do you know that Red is powerful?

Me:Yes I do.

Him:A true Alpha?

Me:Yes.

Him:The most powerful Uriel?

Me:I am not sure what are you trying to tell me.

Him:A little reminder anyway.

Me:I know all I want is to help Jazinda get to a safe place.

Him:By then you will be mate less that I know for sure.

Me: What do you see?

Him:I can't tell you everything but when you are done helping Jazinda there will be no mate right next to you.

Me:Is she going to die?

Him:I am just telling you the truth.

UNKNOWN

Me:What do you mean when you say that she escaped?

Him:My Lord they-she broke out of prison,be-because someone broke her out.

Me: Someone broke her out?Are you serious?

Him:Ye-yes My Lord.

Me:Where were you?

Him:On a break.

I grabbed the sword and cut his head off.

Me;Now someone get me Lucifer,tell him his bride has escaped!

They all ran out.

Me;Jazinda,Jazinda where are you?

Voice:Father.

Me:Killam you finally arrive. I leave for six days and find your sister gone.

Killam: Impossible no one escapes that prison.

Me: Someone broke her out.

Killam:Who?

Me:I still have to go down the cells and figure it out.

Killam: Wouldn't she go to her former lover?

Me: Immortal Time?How can I forget that?

Killam:Send me Father, I promise to get her back.

Me:I don't want her back,kill her and cut her open and get me my gem. Kill whoever stands before you.

Killam: Yes Father.

RED

"I am going to destroy and kill you", I shot up from the bed sweating. I have been getting these dreams for days now, always the same sentence nothing else. My phone vibrated

Advertisement

I looked at the screen to see a call coming through, I just muted the call as usual. Time has been calling me for days so I just choose to mute the calls for my own peace, I have been trying to get to terms that Jazinda was here to kill me and she had me exactly where she wanted me. I mean with Time thinking that I am just jealous and being cold against the scared and fragile woman, there was no use in trying to make him see. I thank whoever created me by not giving me the strength to beg someone to understand. If he doesn't want to hear me then there is no use in trying. I mean what would he say if I told him that she is here for other reasons? I would end up being the wrong one, inconsiderate and heartless but hey we live. This time everyone thinks that I am just being me but I know what I know and I am not going to drop it to accommodate someone even my mate.

Me: He decides to finally show up, how nice.

Him: What is your problem? I help a woman in need, you completely shut me off just like that? No warning at all.

Me: Are you helping her? What have you done so far?

Him:It is a struggle because she is busy having nightmares, can't sleep properly,she needs to be mentally ready to fight.

Me:You are a therapist too?

Him:Red why are you being so cruel? What did she do to you?Jazinda would never intentionally hurt you, I know her!Can you just be human for once?Be a woman and understand what she is going through.

Me:I am cold hearted, cruel,not human and not a woman. Very interesting Time. I have been having nightmares for days not once did you come check on me but I am the cruel one right?

Him:Thi-

Me: Let's not continue talking because I might let my tongue slip and say things that would break a lot of things. I risked my mentality by emerging so I could save you, emerging can make one lose humanity but let's not continue talking. Can I try and get back to sleep?

I pulled the blanket with a heavy heart, I could feel my face getting hotter but I wasn't about let myself cry.

✓ CHAPTER 43

RED

Me: "What if I told you it's too late?"

What if I say that I can't wait?

What if I meet somebody else who doesn't leave me on the shelf?

I'll give you one more chance, but it only lasts

Only forever, only forever

Only forever, only forever

Only forever, only forever

Only forever, only forever"

I continued bathing in the Malla Sacred River for cleansing, I have been feeling a strain on my powers because mentally and emotionally I was weak. I couldn't cry any longer, it really did hurt. Most times I wondered if it was really my fault everything happening around me. Was I that despicable?

Me: "What if I told you it's too late?"

What if I say that I can't wait?

What if I meet somebody else who doesn't leave me on the shelf?

I'll give you one more chance, but it only lasts

Only forever, only forever

Only forever, only forever

Only forever, only forever

Only forever, only forever"

I was satisfied with the bath so I said the spell before going deeper in the river slowly. The drums echoed as I stayed under the water, I opened my eyes after ten minutes before going up. I felt refreshed .

Voice:Was wondering how long were you going to stay in there.

I fell back in the water and he laughed.

Me:I hate you JR.

Dad: Don't hate your brother.

Me:Why are you guys harassing me?

Him:We just love you Red.

Me:Is any of you gentlemen going to hand me my robe?

Dad handed me the robe but held it.

Me:What?

Dad:Are you okay?

Me:Daddy I am fine now.

Dad:I know that I have neglected you.

Me:You call me everyday Dad come on.

Him:Now I have to tell you something.

Me:Is it about a girl?

Dad:Two girls to be exact.

Me: Jaima-Raiden Del Monte!

Him:I am hot twin.

Dad:A chip off the old block.

We looked at him.

Dad:Not me his other father.

Him:You are denying me?

Me:Are you Dad?

Dad:Leave me alone.

We just laughed as we walked back. I found the soldiers waiting at the gate and a man stood wearing black. I stepped closer to

them,he looked strange as he just stared at everyone. His head snapped towards me,his eyes widened as he stared at me.

Me:You must be?

Him:Killam.

Me:You have my attention.

Him:You are beautiful.

Me:Weird but thanks.

Him:I am here looking for my sister.

Me:Your sister?

Him:Princess Jazinda.

Me:A princess?

I wasn't going to say anything, that will be adding more petrol to the fire.

Him:She landed here barely three weeks ago.

Me:I didn't see her then.

Him:I just want her safe from our father's wrath.

Me:I don't really remember, I have a lot on my mind.

Him:Okay then do you perhaps know the Immortal Time?

I tensed.

Him: Whether you tell me the truth or don't I already know that you and him are mates. Do you know what else I know? They are going to have sex like old times, he is just trying to forget you and she will make him forget you. It is a speciality my sister has.

I clenched my teeth.

Him: You are a seer right? Throw bones or whatever you witches do and see how the woman you are protecting is making your mate happy. Now how do I get to Time's realm?

I just walked straight to the house without saying anything, the moment I stepped in my room, I leant on the wall and let them fall. I couldn't hold them anymore.

TIME

She asked me "Junior do you like it when I cry, huh?"

"Do you consider my feelings when you lie

Advertisement

huh? "

"You put me second to some bitch on the side, what?"

"You just gon' let a ride and die, die inside, damn?"

"You forget I was with you before the racks came, before these skanks came, before the plaques came"

"Before you started getting money and your raps changed"

"I was with you when you were still thinking about changing your rap name"

"Nigga, say something now"

"Are you chocking?"

Baby I'm sorry

"Are you joking?"

"So much for convincing me to be open"

"I don't know why I bother with you, you've clearly chosen"

"It's music over me, it owns all your emotions"

"And you really need to give it your undivided devotion"

"But somehow my heart feels safer when you hold it, like you not the one who broke it"

End up falling for you

I find myself calling for you

Into the dark I followed you

But I should've knew this ain't the type of shit I'd go through

Send me away"

Me:Turn that shit off!

Destiny: Anger problems.

Me:Turn it off!

Destiny:Okay!Okay!She did you good you know.

Me:Huh?

Destiny: Breaking up with you?

Me:She didn't break up with me.

Fate:She might as well do. Where is Jaz?

Me:Took her to Nakae.

Fate:No matter what stand by your mate, remember my words?

Me:What is wrong with me helping someone who needs help?

Destiny:You are too comfortable Time, you have no boundaries like you are not mated at all, you keep denying that you have something with Jazinda yet you guys hold each other's hands like it is nobody's business. You don't even know how your own mate is doing,a woman that risked her life for you and Faye.

Fate:Yes she is cold and heartless but that woman never lets her own go alone yet you drop her like a potato because of this

Jezebel of yours. What about Lavinia? Comforting Jezebel is fine but letting her stay here is beyond knowing very well you are mated. Set your priorities because like I said when you are done helping her there will be no mate on your side.

I sighed, I just thought I was doing a good thing, I couldn't understand why Red did not want to help. It caused a strain because she no longer wanted to be around me because I focused my energy on helping Jaz because I know she needs my help.

Me:I don't know how everything just spiralled out of control so fast, I thought I was doing a good thing for someone I once held dear to my heart.

Destiny:For a Time Immortal you are pretty stupid, Jazinda still loves you and you know that but you choose to act stupid.

JAZINDA

Me:I am in.

Her:How did it go?

Me:Easy than I thought,she stayed away the moment I arrived and completely shut him out. All I had to do was act like a battered woman and he stayed right on my side.

Her:For a powerful immortal he is stupid.

Me:He doesn't even believe anything everyone keeps telling him. I mean that boy Fate told him he will be mate less, I wanted him to tell that the little red eyed witch will be dead and I would be the mother of the next Time Immortal.

Her:We have other matters. Killam is in earth.

My heart raced for a moment.

Me:Father sent him to find me,he is naturally a tracker that makes him a problem.

Her: Should I send someone to distract him?

Me: Actually I think I can handle him.

Her: Good.

Me:We need to make sure Red is distracted by heartache so she could drop her guard down.

Her:She would be shattered to see how happy Time is with you.

Me: Jackpot, I need some lace and messenger to deliver a little message to Red.

Soon Red,soon.

✓ CHAPTER 44

RED

I sat in front of the mirror braiding my hair, it was good because I knew few spells that helped.

Nia: Is it safe to enter?

Me: Oh come on.

Nia: Hey.

Me: Hi.

Nia: You look better than before.

Me: The spirit of Malla comforted me for the past few days that I even managed to shield my body from the pain in my heart.

Nia: So you are fine?

Me: Very fine .

Nia: So if I say let's go to kill him are you going to help me?

Me: With pleasure.

Nia: I had hope you know.

Me: Niyabona I cannot make him love me as much I do. I can't make him doubt someone he knew for a long time than me,

clearly my safety means zero to him and I am not going to force him to do that. My Dad taught me a hard lesson if a butterfly wants to fly, let it fly clearly you are trapping it. I am twenty three years old today and my mate-can I just stop?

Nia:I am so sorry.

Me:I should have known better than let my guard down, I don't even want to let Shadow come out because I know I will be feeling a lot worse, I had to even block the bond because it burns which means that they are touching each other.

Nia: Can't we ruffle him up?

Me:No Nia, I have bigger problems that I have to deal with. Hera and Zeus.

Nia:What about them?

Me:They are no-wait a minute Poseidon.

Nia: Poseidon?

Me:He was suppose to be my uncle and I am sure he knows their weakness-ouch.

Nia:What?

Me:My body hurts you know because of all the blocking I have been doing.

Nia:Have you talked to Makaziwe?

Me:I did and she legit said for someone like me I hated pain.

Nia;You could be blowing things out of proportion.

She laughed.

Me: Blocking a mate takes a toll on anyone,come on.

Nia:I sure damn wouldn't know Red.

Guard:Lady Nia,My Lady.

Me:So what do you have for me?

Guard:A delivery.

Me:From?

Guard:Your mate.

Me;Burn it.

Guard:And Jazinda,it is written here.

Nia grabbed the box and opened it and gasped.

Nia:Woah what the hell?

I grabbed it from her hands and everything fell on the ground, pictures and lace panty on the floor. Huh? I picked up one of the pictures and looked at them. It was Jazinda sleeping on his chest as he laid right next to her.

Me:And then?

I knew that I was done right there as my heart did not even react at all. My stomach just went cold as I looked at the pictures.

Me;Get a plastic and put them inside, I think we have a better use for them. It is called bewitching, they think I am some lamb, they are going to regret crossing me.

TIME

My head hurt, I don't quiet remember anything except the heavy drinking of alcohol then nothing else. I groaned and stretched only to feel a body right next to me.

Me:Red?

I turned only to gasp

Jazinda laid peacefully right next to me.

Me:The hell?

There was noise outside,my door was pushed opened and Fate walked in.

Him:Huh?

Jazinda woke up the same time.

Me:It is not what you think.

Him;It doesn't matter, the Northern Portal is burning.

Me:What?That is the main entrance.

I didn't grab anything else, I just walked out in my boxers. I ran to the portal to find it burning down.

Me:What on earth is going on?

Guard;It is very powerful magic.

Him: Very powerful indeed.

Me: Whoever did is dead.

He laughed.

Him:Sorry I just know one thing, you are dead. Wake up brother,this Jazinda you are harbouring and standing for is dangerous. Did you see the pictures she took? Dressed up and laid on you knowing that you were passed out and took pictures,of course you won't believe me just like you did to Red. I am forever indebted to Red so I will stand up for her, you should have stayed mate less for the rest of your life, you are an excuse of a mate Theodore remember that.

He walked away leaving me to my thoughts.

TAMARA

Me:You stopped him,why haven't you collected yet?

Him: I am not cruel Tamara you should know that by now.

Red walks in .

Her:Afternoon.

Me:Hey baby.

Her:I know that I was out of line when we first met.

Him:I only tolerate you because I like you actually, you are very extraordinary woman and I admire you.

I looked at him stunned and Red just shifted uncomfortable.

Him:Oh come on a god can compliment too.

Her:Yeah you can had me by the ninies for the moment.

Him:By the what?

I burst out laughing.

Me:It is a name she uses for titties.

Him:How old are you again?

Her: It's my 23rd birthday.

Him:You don't say. Tamara what are we getting her?

Me:I know what I am getting her, I don't know about you.

Him:I don't know what she likes.

Her:I want something actually from you.

Him:Huh?

Her:Zeus and Hera helped Kl'rt's daughter escape so she can kill me.

Him:You want a way to deal with them?

Me:You will help her?

Him:Of course I will, don't be hard on yourself.

I could feel the guilt tripping over me as I realised that this man was still willing to be here for me. I didn't even think twice before choosing someone else over him.

Him:You okay?

Me:I am just thinking about these never ending problems.

He raised his eyebrows.

Her:I am right here!

Me:What baby?

Her:No silent talks between, there's a baby here.

Him:Tamara there's a baby here.

Me:Ambush.

Her:Oh don't be so dramatic.

Me:I am not saying anything.

Her:Good Ma. So JR has caused a chaos already with girls.

Me:He is his father's son after all.

Her:Imagine vampire girls fighting for my brother, I don't want to even think about it Mama.

Me:Yet you had two mates.

Her: Don't remind me.

Me:Del Monte needs to know about what you two inherited from him.

She laughed.

✓ CHAPTER 45 continued.

TIME

Me:What were you doing in my bed?

Her:You literally asked to take me to bed now you are telling me what I was doing! Seriously Time?

Me:I don't remember any of that.

Her:I stopped you from even stripping me fully naked Time because I wasn't about to make you make love to me while you are drunk.

Me: Actually why are you here Jazinda?The fact that you still love me doesn't change anything, I have neglected my mate because I felt like that you need my help. If I go back to time would things be as you say were?

She froze.

Her:I love you.

Me: Woman aren't you trying to get away from your people? Actually how did you escape?

Her: What are you trying to say?

Me:I am going to ask you once Jazinda, how did you escape Skrull ?

Her:I worked my way out simple.

Me:Did you?

Her:You don't believe me.

Me:I know what you are capable of woman and it got to me, I can't think straight around you that I knew yet I let it happen. I neglected my mate thinking I would be making a difference helping you, hoping she would understand in the end. Look at me waking up from poisonous potion. The guards will take you to the flat you will be sleeping in. You took an advantage of my hospitality but I am responsible for that.

I walked out of the room.

Her;So your precious mate won't be around to forgive if that's what you are thinking. You belong to me and she sure hell knows that.

She pushed past me and walked out.

Me:I am fucked up.

Destiny:You coming?

Me:To?

Destiny:The Del Monte Twins' surprised birthday party as Fate's plus one.

Me:What is the date today?

Destiny:Fifth of June.

Me:I am fucked up alright.

RED

Father literally told me that he was taking me out so I should be ready as soon as possible, dressed like a lady. Of course I had to roll my eyes,Eris bought a dress and had make-up artists dolling me up,yes the man in me was angry but I got over it.

Him:Why is Dad taking us out today?

Me:He even said that we are going to have a serious talk very soon which shocked me, I mean I thought we were born this day.

Him:Dress up for dinner so I can teach you some learners, I almost died.

Me:This is our first birthday together, we have made it brother.

Him:Who knew that we would be reunited one day? Typical Fate.

Me:I am glad to have you by my side JR.

Him:I love you.

Me:I love you more brother.

The car stopped and the guard opened the door.

Me:Why are we using this entrance?

Guard:Strict instructions from Lord Del Monte.

Him: Seriously?

I just laughed as we walked to the castle, the guards just pointed to where we were going,we stood outside the hall and looked at each other. We both nodded and the guards opened the door,we walked in only to pause the hall was full of almost everyone. Silence as they all stared at us.

Them:Surprise!

I jumped and grabbed JR's hand.

Him:Oh goodness!

Me:I am surprised alright .

Dad:Come here.

He hugged us both.

Dad:I love you two.

Us:We love you too Father.

He let us go and looked at us smiling. Right there I could see why it was so easy for people to know that I was his child,our toned skin looked exactly like his and the side smile.

Eris:My babies.

Us: Definitely not me.

We looked at each other and laughed.

The party was bigger than I expected, the gifts were too much and the happiness was just pure and beautiful.

Voice:Very beautiful.

Me:Such a beautiful sight too.

Him:No you are beautiful.

I turned and looked at the man. Wow where does he come from?He had short hair and was wearing glasses,sort of looked like he was cut off from some Vogue magazine. He wore a long grey coat with olive polo neck and black sweat pants. Yes I was checking him out.

Him:Now I think I am going to blush and shit.

Me:You are dramatic.

He swiped invisible sweat off his forehead.

Him:I had to remind you to stop staring.

Me:It is a bad habit.

Him:I always wanted to meet you but as always I am very unfortunate. My sister in-law dragged me to come today.

Me:I am not sure I even have an idea who you are.

Him:Call me Klaus.

Me:The same dude in Vampire Diaries and the Originals? That means you are dangerous.

Him:I am harmless like a lamb.

He smirked showing his teeth.

Me:I am Archangel Jophiel then.

He chuckled.

Me:Who i-

Langa:There you are Klaus.

Me: And me.

Langa:Hi baby.

Me:I am no baby but hello big sister.

Langa:I see you have met my brother in-law.

Oh shit.

Me:He did not mention that part.

Him:It scares people to know that I am half archangel and diplomatic witch.

Me: Archangel?

Him:We are the prodigal sons me and my brother,God forgave us and made us angels.

Dad:Red

Time is here.

My world stopped.

TIME

The hall was full, people coward in my presence. I walked until I caught the sight of Red standing with a man on the balcony, I just watched with my heart on the floor now I understood what she felt.

Voice; Immortal Time.

Me:Lord Del Monte.

Him; Good to see you here,let me call Red for you.

Me:Thank you.

I watched as the smile on her face dropped and she followed her father with a grim smile. My heart hammered against my chest, she looked beautiful.

Her:Time.

Me:Red.

Her:Good for you to join us today.

Me:Happy birthday. Here.

Her;Write on the register over there and they will show you where to put it.

Me;I saw that but I personally wanted to give it to you.

She looked at me and took a breath.

Her:Why are you here Time?

Me:I am so sorry.

Her;Over it and you on top. Anything else?

Me:I know how wrong I was, I am willing to do whatever it takes to gain your forgiveness, whatever to right my wrongs. I was stupid for thinking I was doing the right thing while neglecting you. I promised to love you yet I am the one who hurt you deliberately and saw nothing wrong with that.

She clenched her teeth.

Her: Now how do I put this? Mhm let me think umm oh yes. Love can never be enough, not now or anytime after that, you destroyed me and you saw nothing wrong with that. You showed me your true colours and I believed you, I am not about to give you a chance to show me again. I don't want anything to do with you at all, you should have stayed in your realm because you and I are enemies not mates. Next time you show up, I will kill you. Get that?

She looked animalistic, something I have never seen on her. I was about to answer when my skin burnt.

Voice: Red your phone is ringing.

I looked at the man standing right next to her, his eyes snapped to me and turned complete white.

Him: You were with a Skrullian the one that escaped.

Me: Archangel Barachiel, virtue of patience.

Him: Good thing you know me.

Red was on her phone as I felt my skin burn more.

Her: What are you talking about? Dad where is Aunt Tamara?

Del Monte: She went to fetch the cake.

Her: What is going Uncle Loki?

Everyone looked at her. Facial expression went from serious to painful in a second, she removed the phone from her ear and looked at it. Her eyes landed on me.

Her; I am going to kill you Time, you harboured a woman sent to kill me now she just attacked my family!

She jumped but the angel caught her.

Her: Hell has frozen over, you are going to fee-oh god why me? Can't I just be happy? Why everyone wants to hurt me?

She broke down.

✓ CHAPTER 46

DEL MONTE

We sat on the chairs in silence, no one wanted to say anything because we didn't want to disturb Red, Kyle and Maurice from their peaceful sleep, they were wrapped around each other sleeping on the couch. JR stood in silence, Loki looked like he was in a cat fight and did not want any doctor attending to him at all. Eris was humming a lullaby while Poseidon was busy reading a book, Grey the old man just looked like he was having a hard time staying in one place. We still had no idea what really happened to them. The doctors finally came out with the Oracle, they were whispering before leaving the Oracle. Everyone woke up and looked at her.

Red; Makaziwe is my mother going to be okay?

Kyle; Is it safe to go and see her?

Maurice; When is she going to be released?

Red; What happened? Do we need to get more healers?

Maurice; I am sure Nakae would not mind helping.

Kyle; We can even ask Immortal Time to help us.

Makaziwe lowered her head as tears fell but the kids were busy throwing ideas without noticing.

Me:Lavinia!Kyle and Maurice!

They paused and looked at us before looking at Makaziwe.

Her:I am very sorry,there was nothing we could do for her. She was already dead,we tried to reviving her but the wounds were too powerful for her body to handle and the Uriel ancestors don't want her brought back, I-

Eris:Red!

Eris was the first to scream as Lavinia suffered a seizure in front of us, I could only hear echoes as I tried to get to her, I quickly snapped out of it and ran to her as Kyle caught her shaking body before it could hit the floor.

Me:Get a doctor!

The seizure was too severe as she started bleeding from the nose, mouth and ears.

Me:Lala you are not leaving me right?

It felt like de ja vu, like a repeat of history and I could not feel anything as she was taken away.

Me:My little girl.

Eris:She is a fighter.

I was suppose to be the stronger one but I was paranoid already thinking about a lot of possibilities.

TIME

A sharp pain zapped from the back of my head down to my spine sending me to the floor, I felt a snap on my my back making me groan. A picture of Red having a seizure flashed

Advertisement

I tried to get up but I couldn't, I felt numbness wrap around me like a blanket, I couldn't move a finger as I felt something wet on my lips.

Voice: Theodore?Faye hurry up!

I couldn't move a thing as I laid on my stomach bleeding. Dad turned me around but I couldn't even see him at all, I could only hear him as I tried to move but nothing happened. Very cold hands wrapped around my head, I could hear shouting as the hands pulled me so painful as I tried to get up. My body eased up and I fell. I could feel my body now and I could see the sky. Sky?I got up and looked around,this place looked huge, something I have never seen in my entire life. I saw men carrying swords coming my way,I turned only to see more guards. I looked at myself, I was naked, I tried opening the portal but nothing happened. They grabbed me before pushing

me on the ground harshly. They pulled me up and headed to what I assumed was the prison. My body relaxed, I could feel every muscle as I got up, a soldier threw clothes at me.

Guard: Get dressed, first thing the morning you will be going to your sentencing.

Me: Sentencing?

Guard: Walking around us considered high crime in here in Atlanania .

Me: Atla what?

Guard: Home of Uriels and Goddess Athena.

Me: Huh?

Guard: Get dressed.

FATE

Dad: I don't know what exactly happened! He was right there shaking having hard time to move and shaking violently.

Me: This is bad, Time can't just disappear leaving no Time behind.

Mom: Can't we call Red?

Destiny: Jazinda attacked Lady Tamara.

Me: This is far worse and something decides to take Time, he should be here paying for his fucked mistake.

Mom: Why does he destroy the best he has?

Me: I knew it would happen that is why I told him that he should never stay away from her but look at this. I can't even see Red, something is blocking me from her.

Destiny: Let me go and check on her.

Me: Please do that considering we have no idea where Time is or if he will be coming back or what.

✓ CHAPTER 47

RED

Voice:Lala.

My eyes snapped only to see her sitting across me in a white dress,she hugged me.

Me:You left me.

Her: Physically yes baby but here in your heart I will forever stay.

Me:But Ma-

Her:No buts Lavinia,no. I wanted to die knowing that my mate has forgiven me and he did.

I grimaced.

Her:Now I want you to see something before I cross over.

We were standing in a crowd.

Me:Wha-

I saw Time being brought to the aisle with chains hanging on his legs and wrists.

Me:Why is he tied?

Her:He is going to be sentenced to death by the Uriel's.

Me: Atlanania?

Her:Yes this it the place.

A woman so beautiful stepped forward, everyone bowed and we had to do the same. She spoke in the strangest language before looking at me.

Woman:He shall be hung tomorrow morning.

Me:What is going on?

Then we were back to the same place.

Her:I slept with Loki knowing very well that I had a mate then I got pregnant. Know what is funny? Poseidon was even willing to raise my children without a doubt. I went and married Loki yet Poseidon still didn't let me go,he just helped us with Alaric without even reminding me that I should be leaving with him. I did far worse things to my mate Red and I don't know how I will ever change that. I am not saying what Time did was small but instead of trying to conceal what you really feel, let it happen.

She looked at me like she was expecting me to say something.

Me: Now?

She nodded so I did just that,the emotions had me screaming in pain,she held me as I cried.

Me:I don't want to feel this Mama.

Her:I am sorry my love, I am so sorry. Let it all out.

And I did.

Me:I don't know what to do.

Her:Do you want him dead?

Me:Yes I do.

Her:Are you willing to let him die.

Me:No of course.

Her:Oh baby you are going to be fine.

Me:How on earth did he get here?

Her:Through your seizure,well you bewitched him to be exact.

Me:If I get hurt you are dead, I really did bewitch him.

Her:If you let him die that means Hera will be forced to make you pregnant with his child. Time cannot and shall not die if he is not leaving an heir behind.

Me: Pregnant? Don't play with me.

Her:You have seen what happens if he leaves for a moment so are you ready to play Mommy?

Me:Oh come on Ma.

Her:Do you love him?

Me: Unfortunately I do.

Her:A forgiving heart doesn't necessarily mean you are stupid,love can be hard my child,it is up to you to fight for what you want but never fight for someone who is not fighting for you. Yes he took his lovely time to notice that he was wrong, that's men for you but the fact he has realised what he has done means a lot.

Me:Mo-

Her:Do not kill him Red and end up regretting that. Now you have to go back,be a little faster and decide if you want to forgive him. Red once you forgive someone you don't remind them what they have done before. Go now everyone is worried about you having a seizure.

Me:I will always love you.

Her:Here I will stay.

She touched my chest,my eyes involuntarily closed. I gasped and got up.

Voice:Red!You are awake!

Me: Not so loud!

Dad:Still the dramatic child.

Me:You love me.

It felt good being in my father's arms you know, like I could conquer everything.

Dad:You scared us.

Me:I just couldn't take losing her but I am okay now.

Dad:I never want to lose any of you.

Me:I love you too.

POSEIDON

I looked at the door waiting for them to finally enter as we all waited. They walked in looking like they were in love with each other. Everyone bowed but I sat still.

Zeus:Brother.

Me: You let Jazinda out of prison.

Zeus:Is that why you are disrespectful?

Me:She killed my mate.

They looked at me stunned.

Hera:Mate?

Me:I am going to break your wrinkled neck you little ugly bitch.
Tamara is my mate the reason I stayed in earth

Advertisement

you just killed the mother of my children because you want my daughter dead.

Zeus:Daughter?

Me:I consider Red my daughter because what Tamara loved is loved by me.

Hera:We didn't know tha-

Me:What is your problem with the child?She deserves being the queen of the worlds more than you Hera. Oh boy you crossed the wrong god.

Zeus:Are you threatening me brother?

Me:I only speak the truth brother,we both know that you don't want to try me.

Zeus:So I am scared now?

I chuckled and step closer to them,Hera took a step back.

Me:Tell the guards to arrest me brother and see how that ends.

He looked at me with teeth clenched.

Zeus:Back down Poseidon.

Me:Make me Zeus, make me back down Zeus.

He looked at me and squinted his eyes.

Me:Do yourself a favour and dethrone yourself.

Hera:What?

Me:I don't talk to a useless bitch.

Zeus:You are-

Me:This kingdom will get a reminder why Poseidon should not be pissed off again but the time I am done you will be no king just like it should have been. I have tolerated you for too long but you crossed the line by killing my mate. My daughter is not about to fight old bored, entitled and selfish couple.

JAZINDA

Me:Fuck!

I couldn't believe that Time was long gone.

Voice:You need to hurry up.

Me:To?

Her: Killing Red, you killed the wrong woman.

Me; You said Tamara.

Her;She was Poseidon's mate,so you just killed the mother of his children.

Me:What?How did you miss that?

Her: Doesn't matter,just kill Red and you can get what you want.

Me:It matters,we are talking about Poseidon here,the rightful king of gods, don't make me wrong Zeus won't even make it against me.

She grabbed me so fast and threw me on the floor.

Her: You are walking on thin ice undermining my husband like that,kill that bastard child and you will have what you want Jazinda or I will not hesitate to hand you over to your father who would be so happy to see you again.

I bit my tongue and watched as she opened the portal and left. I got up and stretched my back. The temperature dropped, I froze knowing very well that he was inside the room with me.

Me:Brother.

Him: Sister.

Me:How did you find me?

Him:I knew where you were but I am not strong enough for the Immortal.

Me: Father sure doesn't know that you are a puss.

Him:He sure knows that you are suicidal.

Me:Me never, I always come back alive.

Him:Yet you decided to piss off the wrong bunch that control death to be precise.

Me:I don't know what you are talking about.

Him:Of course you don't because you took Uriel Red lightly. Did Zeus tell you that she almost killed him only the portal saved him? Judging by the expression you have no idea. Did they also tell you that she killed the entire royal family of werewolves and now is their queen?So Poseidon is the rightful king of gods, I am pretty sure that they did not tell you that too. One last piece,Red will reign supreme and you will be in hell with your husband.

Me: Husband?

Him: You are his wife and you know that,no need to pretend sister.

Me:I am not going to marry Lucifer.

Him:Such small minded woman,he is going to take you and there will be nothing you can do about it.

✓ CHAPTER 48 SEASON FINALE

NARRATED

"No I can't forget this evening or your face as you were leaving

But I guess that's just the way the story goes

You always smile, but in your eyes

Your sorrow shows

Yes, it shows

No I can't forget tomorrow

When I think of all my sorrow

When I had you there but then I let you go

And now it's only fair that I should let you know

What you should know

I can't live

If living is without you

I can't live

I can't give anymore

I can't live

If living is without you

I can't give

I can't give anymore

Well, I can't forget this evening or your face as you were leaving

But I guess that's just the way the story goes

You always smile, but in your eyes

Your sorrow shows

Yes, it shows

I can't live

If living is without you

I can't live

I can't give anymore

I can't live

If living is without you

I can't live

I can't give anymore

No no no no I can't live

If living is without you

I can't live

I can't give anymore

I can't live"

The choir sang as everyone walked heading to the graveyard with the coffin, each word cutting through the heart like a knife. Red walked afar in silence carrying her stick as she walked, everyone seemed to be in their own world. They arrived at the graveyard specially made for the Uriel's and their partners to their children and generation. The pastor continued as the coffin sat on top its to be new home. Sorrow was written on everyone's face as the choir hummed the heartbreaking song. One by one they dropped their white lilies on top of the coffin before the soil was pushed to the grave. Red walked out of the graveyard first looking to be in a hurry and went to her car, the driver was already waiting as she got in. She was gone just like that.

TIME

I was suppose to be sentenced about almost two weeks ago but I wasn't because of something that was happening. I didn't even have to ask why I was sentenced to be hung because the moment I realised that all dead Uriels come here I knew. The prison cell was opened by the guard.

Guard:Follow me.

I got up and followed him as he walked out of the prison, I could see more of the castle and it was undeniable beautiful like a retirement place.

Guard:Get inside.

I walked through the doors to find the room full of people in cloaks sitting

Advertisement

the guard pointed to the chair so I sat down. I looked at my wrists, they were bruised just like my ankles. The chains drained every ounce of power in me, burning me alive, they ate me alive and was happy to be out of them.

Voice;Time.

I looked up to see Tamara.

Me;You are dead?

Her:Jazinda happened.

Me;It is all my fault.

Her:Do not beat yourself up too much.

Me:Red is the only reason I would want to go back if there's no way I am getting her please continue with hanging me.

Her:So she will have to raise your child alone?

Me:Huh?

Her:As your mate if you die it means naturally like Mary Magdalene she will have to be pregnant with the next Time.

Me:I don't know what to do, I let myself lose my mate.

Her:You are free Time,go home and make a change.

Me:What?

Her:Red has forgiven you and personally came here and freed you.

Me:What?

Her:Here.

She gave me a very strange watch.

Her: Covered with the Time stone,will make you regain your strength. Go.

I got up, I didn't even know where I was going but I was walking blindly.

POSEIDON

I waited on the table eating. He walked in and sat across me.

Him:We should be enemies not friends.

Me:I am not Jesus.

Him:Very funny.

Me:I am not trying to be one Morningstar.

Him:What exactly do you want from me Poseidon?

Me:I want to help you.

Him:Me?

Me:Who am I talking to?

Him:Why would I want your help?

Me:Why wouldn't you want my help when it comes to the Skrullian princess?

Him:I can handle it.

Me:When she is dead for good?

Him: She will rise.

Me:Not if I kill her myself.

He looked at me.

Me:She killed my mate,she was freed by Zeus and Hera.

Him:You gods betray each other? Isn't Zeus your brother?

Me:What he is doesn't matter Lucifer,are you going to get your betrothed before I kill her.

Him;Why don't you just kill her?I have enough brides to last me a lifetime,her father thinks that I really wanted her but all I wanted were powerful offsprings nothing else. Kill her and I will gladly accept her soul.

Me:Then we have a deal.

✓ CHAPTER 49 SEASON FINALE

TIME

The moment I stepped in my realm, there was a rapid change, I looked around and I couldn't see what or who was watching.

Voice;Time.

It was unnerving voice ever sending a cold chill down my spine, slowly I turned to see a shadow instead. I tried to look but whoever was stalking towards me so fast, I moved but something connected with my stomach. I tried to grab whatever weapon but instead I got another blow on my head sending me flying to the ground.

Voice:You are running out of time get up.

I looked at the shadow, it was hard to know who was it, I got up.

Me:I am Time since when I get put on the ground by some shadow?

I pulled the rope sending it flying to the shadow only for the shadow to disappear. I felt it a tad late as blow hit the back of my neck sending me flying to the ground on my chin.

Voice:Get up and make time for me.

I spat out the blood and got up feeling angry, my hands vibrated.

Voice: Woah clones.

My clones surrounded the shadow, it attacked and attacked while I watched.

Voice: Interesting fight.

The voice said beside me, I looked at another shadow standing right next to me and the one fighting with my clones. Before I could move, a foot connected with my ribs moving me back.

Voice: What happened to the most powerful immortal?

Another blow had me connecting with the tree almost uprooting it. I could feel the ringing in my head as I swayed, whoever was attacking I had to applaud them. I could feel my powers getting heated I knew that they were coming back to me as I managed to stop swaying. I was surprised to see almost everyone watching surrounding what looked like a circle.

Voice: Get up.

It sounded too close yet it was standing far from me, the buzz got higher than before I could feel my eyes cool, I knew that they have turned lime. I moved so fast surprising even myself as I grabbed the shadow, I could feel the body under my hands.

Voice: Just like I thought you would.

I felt pain shoot at my back, the shadow before me disappeared, the person behind me helped me as I fell on the ground. Gentle they laid me on the ground, I could feel the warm liquid under me. I could see the shadow hovering over me, my eyes were blurring as they took their cloak off.

Me:Re-

She put a finger on my mouth.

Her:A very untamed female alpha is dangerous but I just showed you my Uriel side it moves in shadows. Do not fight it.

She brushed my forehead as the pain wrung me alive, I didn't even know what to do as I could not move one single muscle.

Her:Let it happen Time, let yourself go to hell, I only had them release you so I could kill you myself.

I coughed before slowly closing my eyes.

.....
.....

When I woke up, I touched myself first but surprisingly I felt complete alive, I looked around to find myself in my room. Was I dead? My body really hurt as I tried to get up, I went to the mirror, I looked completely fine like nothing happened to me, no bruises at all. I looked at my back to a knife wound that has turned black..

Me:I am not dead right?

Voice:Very much alive.

I jumped and turned,she was sitting on the corner of the bed with her legs crossed

she was getting more creepy than before.

Me:Lavinia.

She got up and walked straight to the door.

Me:Thank you.

Her:I don't want your child Time so I had no choice plus we move on, I still stand on the fact that you had my mother killed. One thing you should know about me, I would never falsely accuse someone for something that they are not. I knew who was Jazinda the moment I heard her name,one of Lucifer's many brides but you thought you knew her better than anyone else. I pray to my ancestors to show me the way. Do you know why I never felt anything for Jemima?I knew that one day when we get a child he was going to turn against me and I would be dead, I knew that and deep down he knew. I have no problem with you helping people that you know before me but in that process don't forget who and what I am. Get some sleep you will wake up with the pain gone.

Me:Re-

She was gone, I have fucked everything up with my stupidity and now there was no turning back at all but I had a little hope.

RED

I couldn't believe this thing called a heart making it look like he didn't hurt me when he actually did. I groaned trying to think about the anger but down the drain it went, I would have hurt him but this heart went crazy on me, bloody shit!

Voice:Hello.

Me:Shit!

I missed a step and fell in the water, I could hear some chuckling in the background as I got up.

Me:Not funny.

Then it rained for a moment washing the dirt off me and stopped.

Me:Such an angel.

Him:Thank you.

I rolled my eyes.

Him:How are you?

Me:Very good and you?

Him:Blessed. You have some happiness in you at least.

I looked at him stunned.

Him: I am an archangel My Lady.

Me:I know Klaus.

Him:You need to let go.

I didn't even have to ask what because deep down I knew what he was talking about.

Me:It is hard you know.

Him:How? Almost everyone who was responsible for the pain is lying dead, what is hard there?

Me:I don't want to feel guilty in the end for killing them.

Him;That is what makes you feel insecure, destroying the least you have, you act with anger and pain. Yes you see most of the people's intentions but letting them think you don't know is the best decision ever. Don't you believe that you won't be killed?There are a lot people who are willing to go extra miles to keep you alive but your trust is rooted in pain. Your father even wanted to give up his life to have you saved from being killed,Tamara risked almost everything to have you back, your brother helped you revive immortals whereas he could have

died. All I am trying to say, letting go of the anger will make things easier for you.

I looked at him and sighed, surprisingly I just hugged him.

Him:You are going to be okay.

His hug was soft and probably what I needed. Someone coughed. I turned,my entire world died as my father, brother and Time stood there looking at us. I can't believe how fast Time has healed,he looked to be in pain and I wanted to lean forward and ask him what was wrong bu-

Him:Ask him.

Me; Huh?

Him;Ask him the question.

I slowly stepped closer and looked at him.

Me;Are you okay?

Why was I crying?I could hear footsteps echoing leaving me and him.

Time:Better now.

He wiped my tears, I involuntarily leant forward and he hugged me as I let the tears.

Shadow:The bad bitch is letting it flow.

Me:Such a motherfucken grand entrance you little betraying dog.

Shadow:I am no dog you witch.

Me:Bitch.

Shadow: Don't make me come out and pull that stupid hair of yours off.

Me;Try me you little bitch in heat, I will kill you.

Shadow:Good to know that you still intact, I was worried for a moment there that you would fall for the angel.

Me: That is all Shadow?

Shadow:Wait,wait!

Me:You are screaming in my head!

Shadow:You are screaming in mine witch. I love you.

Me:I love you too.

Shadow:So ma-

I cut her off when someone laughed, I looked at Time.

Me:I was loud right?

Time:Very loud and clear.

Me: It's Shadow's fault.

Time:Red please forgive me.

'Let go'.

I just hugged him and closed my eyes for the moment.

JAZINDA

I watched as they acted like they were in love with each other but I knew better than to believe that. I walked around the shell trying to figure out a way in but nothing at all.

Voice:You will have to do better than that, the Uriel is so far powerful than you especially after you killed the Uriel mother.

Me:Are you stalking me brother?

Him:Father sent me to kill you so I am hunting you.

Me:Yeah right.

Him:There is a bounty hunt for your head anyway.

I froze.

Me:What did you just say?

Him:There is a bounty hunt for your head,a deal Poseidon made with Lucifer.

Me:What?

Him: Just like Time soldiers are hunting you down. Demons are hunti-there they are.

He pointed to the sky, I looked up to see shadows.

Him;Run Jazinda.

And I did just that blindly, I had to release some shielding powers so they would think that I was dead, I have escaped demons before. I looked around and they were gone.

Him:Boo!

I fell flat on my face.

Him:Oh sister what a sight!

I looked at him then he was gone leaving me on the ground.

RED

I pulled the sword and landed on my feet.

Dad:Well you have not lost your touch at all.

I was dripping sweat one would swear I was unfit.

Me:I know right unlike you.

I jumped on him,we went crashing on the ground, rolling as he tried to get me off.

Eris:Stop it!You need to get ready for JR's crowning and yours!

We were dragging each other by the arms as we were wrapped around each other. I sank my teeth in his pinky, I felt him grab a potion of my hair, I could hear the scissors working but I didn't stop.

Dad:Eris help!

Eris:She got your pinky again?

Dad:Oh help me!

He was screaming as usual but he was busy cutting my hair off as usual, someone pulled me off him.

Dad:Fucken cat!

It looked pink, almost bit off again as usual.

Me: That's for hitting me.

Dad: We are training you piece of rubbish!

Me: Why did you hit me?

Everyone laughed because they knew that it was what we usually do.

Dad: You ugly bald head.

I pouted and blinked my eyes.

Dad: You are beautiful princess.

Me: I didn't bite your finger that bad right?

Dad: No baby.

JR: Can I be her? Cause wow she has it easy unlike us boys.

Eris: She is the only angel.

Silas: Angel? That little de-delicious sister, stop looking at me like that.

I loved these moments with my family, we were crazy together and surely happy.

Me: Lord Jaima-Raiden Del Monte tooo loong.

JR: Did I mention to say thank you?

Me:For?

JR: Making me the Lord.

Me:We are siblings JR, I have Malla and Ravenswood that is enough for me. Lead by example though,we will make Del Monte be written in history, everyone should cower in the mention of our names. The Del Monte twins don't play games.

JR:I love you.

Dad:I love you more.

A series echoed from the boys and Eris.

Me:Stay out of our business and move.

.....
.....

JR was crowned as the new Lord of Medina,yes he was welcomed with open arms by the vampires. I was also the rightful queen of Ravenswood now something that didn't sit well with me. I destroyed those people yet I would be ruling. As for Jazinda she was in hiding because apparently demons were hunting her down, I guess Tamara's death put a sudden stop in everything that I didn't even think how I was going to kill her or Zeus and Hera for that matter.

Voice:Hello.

Me:Hermione.

Her:My Lady.

Me:Now is time to kill that person.

Her:A name.

Me:Princess Jazinda to be precise and get me that hem inside her.

Her:Soundssss easy.

Me:One last thing Hermione,bring me her head.

Her:As you wish My Lady.

I watched her disappear to the forest and sighed.

Voice:Hi.

I turned and looked at him,he looked different from what I know,more chilled and little darker than before.

Me:You look weary.

Him:Kl'rt is on his way to here.

Me:To personally kill his daughter?

Him:To get the gem in her when she dies.

Me:What happens if he doesn't get it?

Him:Hell will break loose, don't tell me that you are thinking of taking it. Lavinia!

Me:I want my mother back if it means going to a war then I won't hesitate.

Him:But she is gone.

Me:You wouldn't understand.

Him:I lost my mother too,went back in time almost destroying everything.

Me:Do you know how it feels to lose a mate Time?

Him:I pushed her away so yes I do.

Me:So you don't understand what I feel and what Poseidon feels,he just got his mate and now she is dead. That woman risked her life to save mine,why can't I do the same for her?

Him:I am sorry I didn't mean to sound selfish, I am just worried.

Me:You should have listened to me in the first place when I told you that she can't be trusted. You have no right to act worried right now, you are good as dead.

I covered my mouth,his eyes widened before sighing.

Him:Tell me to leave you Red and I will

Advertisement

tell me you don't want nor love me and I will walk away.

Me:Leave and don't come back.

He looked stunned and opened the portal and left.

FATE

Something snapped, I went to the box and opened it.

Me:No,no!

The ropes were slowly breaking,one was already broken while others were slowly turning black.

Me:Time don't do this,shit! Destiny!

Her:I can feel your emotions what i-oh shit what is going on?

Me:He is going back in time,the bond is dying.

Her:What is he trying to do?

Me:Get back the time lost.

Her:He can't do that!

Me:Red just rejected him so of course he has nothing to lose,he is going back in time to change everything.

Her:This is bad,we know what happened when he tried to do that,we almost died.

Me: To him it doesn't matter if we all die, he's willing to go to the past so he can be with his mate, he wants to make things right.

Her: We need to talk to Red, maybe she can at least forgive him fully so he can stop what he is trying to do instead.

Me: We don't have that much time, we have about three hours to get him to stop.

Her: Love makes people a little crazy don't you think?

Me: Bonds make people crazy beyond crazy.

JAZINDA

"Ssssssssss" the sound echoed and I didn't even know what it was because the way it was loud, I did not have any idea what type of snake it was as I looked around. It echoed in the entire cave and I had no idea where to exactly go but lean on the wall and wait for it.

Voice: Ja-ssszinda.

Me: Who are you?

I was terrified.

Voice: Ja-ssszinda.

One moment it sounded closer but when I looked it was not, a shadow moved at the far corner, I grabbed the spear and ran to it. I paused to see a mouse, it turned and looked at me before going around in circles in fear. I could see the shadow getting taller, I turned to see nothing. I felt a sharp pain on my neck.

Me: Ouch.

I touched my neck, I guess it was an insect.

Voice: Ja-ssszinda.

I felt like I have climbed the longest mountain as my body started sweating up and my legs jiggled as I fell on the ground. A woman with the longest black hair stood hovering on top of me.

Her: You sssshould havesss stayed in prisssson.

Me: Who sent you?

She pulled her knife.

Me: What are you doing?

Her: Cutting you open.

Me: No, no please don't take the gem, it is all-ah!

She dug the knife on my stomach, I couldn't move at all as she cut me open all I could do was scream in pain. I felt the connection being cut off with the gem, I could feel my body

clamping down, I was finally dying something I thought I could always run away from.

Her:Uriel Red ssssayss hi and do sssay hi to Lucifer for me.

I closed my eyes and felt the knife on my neck.

✓ CHAPTER 51 SEASON FINALE

RED

Deep down I knew that I was wrong for what I said to Time but I couldn't take it back at all. Tamara was right I have harboured a lot of anger and it was going to destroy the least I had. A knock interrupted me.

Me:Come in.

Hermione walked in carrying a bag.

Her:I have come back with what you asked me.

I looked at her stunned as she put the bag down and handed me the box. I opened it and scrunched my nose to find Jazinda's head inside, I opened the box to find the gem inside,it was humming as I closed again.

Me:Then you will find what I said is yours in return.

She gasped.

Her:Myss Lady.

She walked out. I looked at the box and took a deep breath before thinking about what I was going to do with the mission to get my mother back. A sharp pain started from Time's mark

on my neck to my heart and stomach almost making me scream.

Me:The hell just happened?

I got up and the pain had me holding my stomach, I had to use a spell to stop it. I could feel emotions so strong hitting me,my eyes got hot and my body suddenly felt down. I let out a whimper as I walked out of my office.

Kyle:Hey.

Me;Hi.

Kyle:Your eyes!

Me;What?

Kyle:They are flickering from red to lime.

Voice:Red!

I turned to look at Fate,he looked stunned.

Me;What is Time doing?

Him: Going to the past?

Me:You lie!What for?

Him:To right his wrongs.

Me:This guy though, everytime I hurt his feelings he is going to do something stupid.

Him: Well rejection destroys an immortal that is why most of us killed our mates.

Me: Shocker. Open the portal.

They opened it, Time's realm looked dead way too as we walked to the mansion. I walked in first in the room, I found him lying on the floor with his eyes closed.

Him: Crossing the circle might disturb something that will de-or you can just do that.

I jumped to the circle, sitting right next to him.

Me: This dude is a prick, can't get rid of him at all.

I fixed my hand and raised it before delivering a body warming slap to his face. He got up so fast, looking out of place and looked around.

Me: Hey love.

He looked at me confused.

Time: What are you doing?

Me: Saving you again, you are really stupid Time. Everytime things don't go your way you are going to get psycho?

Time: I am trying to fix everything.

Me: Look Time I am very sorry for what I said

Advertisement

it was out of line and completely rude. I want to forgive you, I know everyone makes mistakes and I shouldn't hold that against them.

Time:I am not thinking straight without you, I don't know how I survived but I don't see myself without you, I have learnt my lesson please don't leave me. I know what I want Red and it is you.

I knew that he was telling the truth,the pain had me biting my lip.

Time:Are you okay?

Me:Just ache.

He touched my neck,the pain subsided slowly.

Time;Now?

Me: I am fine.

I got up.

Me:Jazinda is dead.

Him:Sounds interesting.

Me:And I am not responsible for her death.

Time:And?

Me: Nothing else at all.

KL'RT[JAZINDA'S FATHER]

I felt the connection die bit by bit, I knew that she was dead.
Killam walked in as I got up from my chair.

Him:She is dead.

Me:I should have known that you wouldn't kill your own sister.

Him:I just thought since she already had enemies they would
make everything easy.

Me:So you disobeyed my rules and did not kill her?Where is the
gem?

Him:The basilisk woman took it.

Me: You watched her do that?

Him:She is very strong Father, I wouldn't have made it.

Me:Guards go hang him!I hate dead weight!

Him:Father!

Me:Give me the sword.

I cut his head off.

Me: Follow your bitch of a sister. Get me someone who can get me my gem without stories. Fast!

They scattered running around. The door opens and Lucifer walks in.

Lucifer: You need to stop summoning me Kl'rt.

Me: So Jazinda is dead.

Lucifer: You can't piss Poseidon and live to tell the truth.

Me: What are you talking about?

Lucifer: She killed his mate and I assume you are looking for your gem, Poseidon's daughter has it.

Me: Daughter?

Lucifer: Time's mate.

Me: What?

Lucifer: Oh yes you know exactly what I mean, your daughter knew how to step on wrong toes. Did you know Zeus and Hera helped your daughter escape?

Me: I could care less about who helped her, I just want my gem.

Lucifer: Skrull is a beautiful kingdom for my children so I think you should go get it. On your way please do a little research on Uriel Red I mean Queen Red.

Me:Who is that?

Lucifer:Research. Welcome to earth, your finally resting place.

He smirked and walked out.

TIME

Me:I don't know how I can apologize to you Red.

Her:You can start by being responsible Time, the nonsense you keep doing is out of line and completely wrong. Yes I am worth more than the world but not people's lives,be respectful.

Me:I am sorry.

Her:Forgiven now can I have my massage before we leave?

Me:Leave?

Her:We are going to Atlanania.

Me:So soon?

Her:Yes we have to get over this and be done with it.

Me:Is there any bargain?

Her:We might come back with dead people well they will be very much alive but will escape from the underworld.

Me: That is an apocalypse.

Her:Yes it is and I will be taking the banshee with me.

Me:I am worried about you because your soul-

Her:Is being hunted by the soul collectors and Mistress of the South.

Me:Where should I massa-umm what are you doing?

She stripped before lying on the bed naked.

Her:My back.

Me; You are naked.

Her: Massage my back.

Me:Cover your lower back.

Her:It also needs a massage.

She winked and laughed.

Me:Oh she didn't just do that to me.

I took my T-shirt off.

✓ CHAPTER 52 SEASON FINALE

UNKNOWN

Him;Time,the Uriel and a banshee will be here by this time tomorrow morning.

All the guards stood listening to him, I had a little hope of finally getting what I lost years ago because of that red eyed girl.

Him;Are you listening?

I jumped.

Me;Yes My Lord.

Him: Just because I can't touch you, don't be disrespectful as I know the buttons to press.

Me:My apologies my Lord.

Him: Because of your stupidity we lost a very powerful soul, I hope you will get it now.

Me:I promise you My Lord.

Him:And I want my stone back from that girl, don't let her fool you like she did before.

Me:I won't My Lord.

Him:Good, I don't want no guard sleeping making sure that they see those three coming here. Time should not even make it alive and leave the banshee very alive. Clear?

We all nodded,he spread his wings and flew away.

I sighed, I didn't even know how I was going to get Red's soul this time,she proved to be fast and stronger. She wouldn't come here without a plan.

RED

JR:You have no plan not even one?

Me:No.

JR:We are going to the underworld with a head and stone,just waltz in and we will be welcomed with open arms. Are you serious?

Me:Very serious

Advertisement

we only have less than three hours already to leave.

JR:Time?

Him:I am trying understand something here.

Me:What?

Him:Is your blood type the same?

JR:The fuck?

We burst out laughing.

Me:I do have a plan brother,it requires us carrying the head,dead bodies wait for their heads in there. It is the only way we won't be attacked.

Him: Immortal Death doesn't really like me, imagine he sees me in his realm oh boy.

Me:The Mistress resents me but we will be fine.

JR:You just had me boiling for no reason?Damn you!

Me:The Del Monte drama runs through your veins you boy.

JR:Who are you calling boy witch?

Me:I am talking to you batman,go save the city or something.

JR:You don't know how to play Red.

We just laughed.

Him:Did anyone ever tell you that you guys are starting to look alike?

Me: Really Time?

Him:I love you too.

JR:We love you more.

The air changed.

Him:Kl'rt is here.

We walked out to find a man with soldiers standing on the field.

Me:We use the gate when entering.

Kl'rt:Uriel Red is who I need to talk to.

Me: And?

He finally looked at me and squinted his eyes.

Kl'rt:I expected some ugly witch not a beautiful young woman like you,reminds me of my late daughter.

Me:I wouldn't dream of reminding you of anyone. I expected a Skrullian King not some grandfather.

Kl'rt: You are truly how they describe you.

Me: I can't say the same about you.

Kl'rt:Give me my gem.

Me;Find it.

He looked at me and around.

Kl'rt:I see but I will be back very soon.

Me:Okay babe.

He looked pissed but said nothing as he opened the portal and left with his men.

FATE

I could sense her now, I knew she was getting closer each minute. I was worried about her wanting me or not wanting me.

Voice:One would think that you are losing your mind with all this up and down.

Me: You are always creepy brother.

Him:How are you?

Me:I can feel her after so long, I don't know how but I can.

Him:You are the only immortal excited about meeting his mate.

Me:I am just tired being alone that's all.

Him:I get what you mean.

Me:You are going to the underworld.

Him: Apparently.

Me:You know what will happen when you come back with her?

Him:Some dead people most enemies will get a chance to escape the underworld,yep my mate said that like she was advertising meat.

Me:"My mate"? He smiled.

Him:I am never letting myself hurt her again never!

Me:I am proud of you.

Him:I so wish your mate is like Red,have you on your toes or even try to kill you.

Me: Aren't you back on your old traits?I pray that she is an angel,if I get one like Red I will ask for a void hell naw. Have you met your Lavinia?That woman scares me but I choose to hide it.

Him: Say that again-she is here.

The door opened and Red walked in.

Her:"Have you met Lavinia?" Gossip mongers if you tell me. We have to leave now so we can be at the gates in time.

Me:Be safe.

Her:I am already safe, I will just hand him over if something goes wrong. Him; Lavinia!

Her: Say my name! Yes baby!

Me: Leave you two!

✓ CHAPTER 53 SEASON FINALE

TIME

Me: So are you sure?

She looked at me and laughed, I think I am going to keep falling in love more and more with her.

Her: Oh you have to get used to me, I take a lot of risks all the time and I don't back down ever.

Me; Well this is the underworld we are talking about. JR?

Him: I don't want to think about it, I am going to face the Mistress straight and alive.

We were riding horses on what looked like the hugest field ever, it has been two hours already and I was a little tired.

Me: Ho-oh the fucken shit!

We stood on a hill, not so far stood the tallest iron gates ever! There were people in a line walking towards the gates, the soldiers of death stood watching the people.

Him: We are going to die.

Me: Thank you-Red!

She was already galloping down the hill, we followed because she was the one who had what we needed to survive. She came to an abrupt stop and got off the horse, the soul collectors came forward to her, carrying their weapons. She grabbed the backpack and sword before walking towards them, the horses made noise as they started burning, we hurriedly got off and grabbed our things. One of them stepped forward.

Him: What are living dwellers doing to the land of the dead?

Her: Bazkazaz we are here now.

Him: Uriel Red what are you doing here?

Her: I am collecting a soul.

Him; There is a heavy price for that.

She handed him the plastic.

Him: Mhm I see

Advertisement

we are not suppose to let you pass but rules of the jungle are meant to be followed. Let them pass.

They moved snarling as we walked to the door, the people looked to be in pain as we walked past them.

Me: So the High Soul Collector knows you?

Her:He tried to collect once and I almost murdered him. Seems like they were already alerted about our presence.

JR;This place creeps the living hell out of me.

Me:And your twin is the most comfortable one here.

Her:I have met death once or twice so I do know how these things work.

The gates were opened so we just walked in.

Her:So JR don't be scared.

JR:Why?

He groaned.

Me;Is he okay?

Her: Keep walking.

He kept groaning in pain as we walked forward.

RED

I could feel the air changing,as we approached the council sitting on high chairs. JR kept groaning and I knew that he could feel her too. I held on to my sword,my ears listening to every noise. I stood still and looked around.

Me:Draw your swords there's a problem.

A shadow went past me almost knocking me off my feet, I took my balance back.

Me:Such a nice surprise don't you think?

Voice:Welcome party Red.

Me:What about a hug at least?

She walked towards me in a black cloak and took it off.

Her:Hello,hello Uriel.

Me:Hello to you too Mistress of the South.

Voice:Lead them!

She walked forward to the door and we followed her.

Her:You just handed yourself to me on a silver platter.

Me:But rules of the jungle should be followed right?

Her:You are clever but not that much because the real game will begin when you come back.

Me:That I know Missus.

Her:Altanania awaits for you Red Del Monte.

Me:Shall see each other soon Slindokuhle Zulu.

She snarled and clenched her teeth.

Her: Don't call me that.

Me:It was your name before you sold your soul to death.

Her:Was my name, don't try me.

Me:As if you can do something about it Slindokuhle Zulu.

She turned and left.

JR:She is beautiful for a Mistress.

Me: Have you seen Death's exes?For example me.

Time:What?

Me:You heard me.

TAMARA

Her:We all know that Red is stubborn and thinks less about the damn consequences you are telling me about.

Me:She wasn't suppose to do this. She was suppose to let me die.

Her: Just like you were suppose to let her die ages ago right?

Me:It was different.

Her:It is different for her too Tamara.

Me:This is bad,we are going to come back with the dead.

Her:Just like you brought a Mistress of the South and she followed Red's twin for years.

Me:Okay, okay I get it now.

Her:They are here.

My heart leapt as Red walked in, I did not know that it has been that long since I haven't seen her. I got up and looked at her.

Red:Mama.

Me:My child.

Red:I missed you so much.

Me:I missed you too baby.

I hugged her, I could feel her touching my stomach softly, first I was confused until I felt a sharp pain on my bellybutton.

Me:Wha-

Red:I had to, I am sorry.

She pulled the sword out and pushed the gem in the wound before letting me down slowly.

Me:A warning darling would have been nice.

I could feel my body hitting up as I laid on the floor..

.....

.....

I could feel whatever I was on getting up and down.

Me:I have a bad headache.

Red:Aren't you dramatic?

Me:I am heartbroken.

Red:We are here!

I looked at them. We got off the horses and waited for Red as she opened the portal.

Red: Don't look back neh?

She pushed JR first and looked at me.

Me;I am jumping by myself Lavinia.

Red:T?

Him:I even got a nickname.

He jumped and we followed.

CHAPTER 54 FINALE

RED

I haven't encountered any of the dead yet and it has been only two months, yes the Mistress of the South is around but surprisingly well all thanks to Poseidon, she killed Kl'rt and JR actually summoned Death to make sure no one escaped the underworld, yes I expected an uprising never seen before. Right there I knew that I wasn't alone and that I had people on my side and would never let me down. I had to clean up Ravenswood being the queen sucked literally speaking it did. I walked down the stairs of the prison, the guards bow as I walked past them. I head to the only cell in there and stop in front of it.

Me: How long do I have to keep you here Thuli?

She was sitting in the darkness and walked towards me .

Her: Are you tired of keeping me here?

Me: It has been three years, all this sneaking around isn't going to work.

Her: For you or me?

Me: Yes I trained you very well but you need to get out and get what you lost.

Her:I did that and Fate almost found me.

Me:How long do I have to conceal you?You did that when I had the gem so of course he was going to sense you. How long are you going to run away from him?

Her:Long as I want,as long as I don't get lead astray by mate bond.

Me:He is basically my brother in-law.

Her:You taught me to act and show sympathy later, what changed?Is it Time who changed everything?

Me:Change can't be controlled.

Her:And my parents?

Me: They have been looking for you Thulisile.

Her:And I look like I care?

I sighed.

Me:Are you ever going to forgive them?

Her:I am in here hiding because of them, sometimes I can hear those animals screaming for my name looking for me. What is wrong with me?Why do I get these blackouts?

Me:Calm down, I told you the only way your mind can stop controlling you is if you stay calm. Thuli I cannot help you if you can't.

Her:I wanna be normal Lavinia, I want to have a normal life, I don't want to be a shadow walker and go around killing innocent people along with their families.

I opened the the cage's door and stepped in.

Me:You have me on your side.

I hugged her.

Her;Is he beautiful?

Me:Just tap on my memory and you will see.

I felt a pain on my head and she was in.

Her:He is pretty.

Me:Handsome is the right word you moron.

Her: Gorgeous brunette too.

Me:Thuli hell naw.

She laughed.

Guard:My Lady you are being requested.

Me: You will join me for dinner tonight?

Her: Yes I will.

I hugged her before walking out. The cage only reacted when the shadow side woke up because it did not play games so it

kept her from coming out, when she walked out before we made the cage she killed ten of my guards in a heartbeat. I knew that she is Fate's mate and I chose to say nothing about her.

FATE

I sighed.

Me:Then I could not feel her at all.

Him:The bond can't just disappear right?

Me:I don't know, the whole time you were in the underworld I could feel her but the bond disappeared before I could trace it,there was something dark about it. I could feel the coldness creeping up on her but I couldn't find her. Wha-wait that is strange.

I could smell her making me a little bit off

the door opened and Red walked in talking on the phone. That was strange because I could smell the scent and it was literally Red.

Me:Red.

Her:Give me a moment. Just demolish the two buildings and extend the damn castle. Good. Hi guys why are you looking at me like that?

Him:You smell different.

Her eyes widened and she literally took off her t-shirt and ran to the mirror,she looked at her stomach.

Me:You didn't tell me that she is crazy.

Him:She thinks that she is pregnant.

Me:A woman knows best.

Her:Was already imagining junior running around such a little devil if you tell me.

Me:That is my nephew or niece you are talking about.

Her:Carry them yourself.

Me:Oh come on.

I still couldn't figure out why her scent smelt so sweet and drawing me closer. Maybe she has met my mate but it was hard to know at all.

Him:You love surprising me.

Her:I have a lunch date with Destiny not you Theodore.

Me:Burn.

Him:What about me?

I watched as they looked at each other and smiled,she walked over to him and kissed his forehead before walking out. He looked stunned,my heart ached I wished I could have that.

TAMARA

Him:Push!Keep pushing! You are doing it love push!

I just stood up and looked at him.

Me:Push my fucken ass! Actually why am I pushing this truck alone?

Him:I thought you said you wanted to train.

Me:Moving the ocea-okay I know you can move the damn ocean but I am 90% human not a bulldozer. I quit training with you.

Him:Tamara!Get back here! Don't make me turn you back.

I paused,he walked over to me,he grabbed my arms and pulled me into his arms.

Him: What is wrong with you?

Me:Loki has filed for divorce, unfortunately this is causing a problem with his clan. They are threatening of cutting their tie with Malla.

Him:Have you told the Uriel?

Me:No,she is so happy I am scared of hurting her again.

Him:When this blows out what are you going to say?You made a decision without telling her anything and look what happened?So far I believe that you will be hurting her more if you don't tell her.

Me:What is worse Loki thinks I poisoned Kyle and Maurice against him.

Him: Doesn't he know that your children due to the bond will naturally feel like I am their second father?

Me:He is hurt,he wants to hurt me back.

Him:If he continues acting like this then I will have no choice Tamara, I don't play games when it comes to you.

I smiled weakly as he hugged me.

.....

.....

I found her lying on the couch humming a song.

Red:Mom.

Me:Hey baby.

I gasped when she looked at me,her eyes kept flickering from red to lime.

Me:Your eyes again.

Red:I also don't know what is going on, has been happening for some time now.

Me:Have you talked to his mother? Maybe she would understand.

Red:She is acting like I am pregnant.

Me:Are you?

Red: Fortunately no.

Me:Lala don't you want to be a mother?

Red:No well not now.

Me: Anyway I have something to tell you.

Red: Uncle Poseidon already did.

Me:What?

Red: Yes he did.

Me:This man!

Red: Uncle will not be bothering you anymore or his clan threatening to pull out. They will pull out when I feel like it.

Me: What will I ever do without you?

Red: Actually there's something I need from you.

Me:I don't have money.

Red:I need a very powerful body concealing spell, I can't use them on me but you can.

Me:I can do,wait what are you concealing on your body?

Red:Mother what do you need?

Me:I will only do it if you tell me.

She handed me a paper.

Me:No ways how come you didn't tell me about this?

Red:Can we talk about this later?Time is going to be here soon and I have been avoiding him for a week,this child is growing fast too.

Me:I am going to be a granny!My first grandchild!

Voice:What child?

Red sighed. Time took the paper.

Time:Whose child is this?

Red: Kyle's mate is pregnant.

I said the spell in silence.

CHAPTER 55 EPILOGUE

PRINCE ANGELO

Me:Look around!

Him:Yes Your Highness.

I was becoming restless as I looked around too, I heard the scream in my dreams and I knew that she was somewhere. The more I walked is the more I could feel her soul slipping away from me.

Voice:This Way!

I ran towards the voice, the moment my eyes landed on the ground my whole entire world stopped. I wanted to scream as I walked towards her,she was lying in a pool of blood,she had multiple gun wounds covering her whole upper body.

Me:No,no.

I knew that she was my mate.

Me:Take her to the hospital

I am going to get my parents.

I didn't wait I just ran back to the castle, of course they were sleeping and my mother was going to scream if I wake her up but I had no idea. I knocked at the door before entering. They were sleeping on the bed all cuddled up, I loved them well I had to I mean I am their child.

Me: Mom.

Well waking my father is far worse than waking Mom, yes she will shout for a moment but Dad was another story.

Me: Mommy. Mommy.

Her: Oh Angelo why?

Her red eyes glowed for a second before the lights turned on. She yawned and stretched before looking at me, I was waiting for her shouting but she looked at me confused.

Her: Why are you crying my love?

I didn't even know that I was crying.

Me: I found her Mom, those dreams were not lying.

Her: Theodore wake the fuck up!

She was already out of the bed as she grabbed her gown and shoes. She hugged me.

Her: You know I love you?

Me: I love you too.

Her:I am going to make sure whoever hurt that girl will know Queen Red doesn't play games.

Dad:Let me get Nakae.

Her:Time please on your way there call JR,we have some hunting to do.

Dad kissed her forehead and ruffled my hair before leaving.

Her:Now lead the way.
