## **Part one of: Scars That Are Unseen**

**Author: Precious Moloi**

**1**

A FEW YEARS AGO

"I was woken up by someone planting wet kisses on my shoulder then my neck all the way up to my cheek finally ending up on my lips. I smiled before i could even open my eyes i like waking up to so much love surrounding me"

I heard someone shaking me violently..

Voice: Eyy awuvuke your uncle is on his way

I opened my eyes and then it was back to reality my sister Londeka was busy sorting out things in the

bedroom. Reality has become so harsh that i only live in a perfect world that i have created for myself only when i close my eyes. I sleep a lot to escape reality and find the happiness I yearn for only in my imaginary perfect world. As I have said before my name is Veronica Mnisi and I am 20 years old. I live with my Grandmother my sick Mother and my big sister Londeka. We are a perfect family we don't have a lot but we are a very loving family but there's a big crack in this picture perfect family and that crack is my very successful Uncle and Aunt. My Mother is what we call the "black sheep" of this family both her siblings made it in life and unfortunately she was the only one who didn't make it and that forced us to be stuck here in her Mother's house. My Aunt and my Uncle abuse us soo much that my Mother had a mental breakdown which was accompanied by endless seizures she is not working my Sister and I take turns into looking after her. My Grandmother is a sole provider in her old age she is working as a cleaner in some pharmacy at town she has been working there ever since i could remember and she has no problem

taking care of us. On several occasions my Aunt comes and insult us that we are abusing her Mother she literally said "I cannot wait for her to die so we can see what will become of you" my Sister and I have been called "Curses" we are undermined and constantly put down by both my Aunt and Uncle. When I completed grade 12 my Grandmother begged my Uncle to even help me to go to college seeing that he owns trucks and can be able to help me his words were "I would never waste my money on a useless person". My Uncle is very rich he owns trucks but fails to provide for my Grandmother he said as long as we still living here he would never give her his Money. One time he bought groceries but ended up throwing it away because he didn't want us to touch it. We live in fear that one day we might be homeless should my Grandmother die and seeing my Mother constantly suffering at their hands makes things worse. My Aunt is not even working she was just blessed and married a well off man one of my Uncle's business associates and with that she thinks she is better than anyone. Since I couldn't go to college I was lucky to land myself a

job at this other construction company i was able to help around at home my Grandmother and i were able to take my Mother to a psychiatrist she was able to attend therapy but when my contract ended a few months ago she was forced to go to a public hospital. My Sister Londeka was the one who had been affected the most she dropped out of high school and things got worse for her at home. My Aunt would kick her out she would literally sleep on the streets sometimes sleep with men just so they could provide shelter for her and that has been her life ever since. We live in fear for her that one day we might be told that she's lying dead in some bushes because she goes away from home sometimes for weeks and nobody will know where she is. Yes my Grandmother stands up for us but at times it gets too much when both my Uncle and Aunt gang up on us i hate that we are being treated like this just because our Mother was less fortunate than them. We even stopped attending family gatherings or funerals because we would be made a joke and outcasted we are treated as if like we not human beings and we don't have feelings

what's worse is that we have to take everything in and act like we rocks that we don't feel pain. It has always been like this ever since from an early age this has been my life. When I was doing grade 12 it was worse I was told no matter how much I try my future is at the corner being a prostitute. I got no support from them..since talking was out of the question I decided to die inside everything that was happening i would just bury it inside and act like everything is okay until when I was 18 i fell into depression. I felt numb emotionally i attempted suicide and when I came back from the hospital my Aunt beat me senseless and said I should've made sure that I died than to waste people's precious time and that my life is useless only my useless Mother and Sister would cry at my funeral and no one else. I ended up hurting myself physically cutting my wrists my thighs. Hurting myself physically provided me with emotional peace i found peace in hurting myself. I stopped doing that when I cut myself too deep and i bled profusely scaring my Mother and my Grandmother i saw the pain that i was putting them through so I decided to

stop and that's when my mind created an imaginary world for me one where I can escape the harsh reality of my life..

Londi: Make Mom something to eat while I clean

I got out of bed and went to brush my teeth first. I thought about the things my Uncle is going to say to us when he gets here why is he even coming here? I thought he wanted nothing to do with us anymore seeing he has two years not visiting anymore..

After brushing my teeth I went to cook soft porridge for my Mother I was still wearing my Pajamas. It was a very sunny Morning and it puzzled me a lot that my Mother was still sweeping outside by this time she is done. I decided to go and look for her outside she was standing there with the broom in her hand and not moving an inch. I walked up to her and touched her..

Me: Mama

NOVELSGURU.COM

She freaked out..

Me: It's me.. It's Vee

She looked at me..

Her: Veronica where am I? (shouting)

By passers were now starring at us i hate it when she gets like this..

Me: Come let's go inside

I held her hand and we walked in the yard..

Her: What happened? I feel so hot

Me: That's because you were standing in the sun for too long

I got her a glass of water as soon as we got inside  
Londeka came into the kitchen..

Her: And?

Me: She had one of her episodes

Londi: Eish Mama!

Me: don't yell at her

Londi: What do you mean don't yell at her!

Ma: Ungang'thethisi angisiyona ingane (don't shout at me i am not a child)

Londi: Ukuthi you don't listen Mama!

My Mom threw the glass against the wall..

NOVELSGURU.COM

Ma: Ungang'thethisi!!.. Ungang'thethisi!! (don't shout at me)

She said that while putting her hands in her ears..

Me: See what you have done?

She walked away i sat next to my Mother in that small bench and hugged her as she cried..

Her: Njalo ngihlala ngithethiswa! (everyday i am being yelled at)

Me: Sorry

Her: It's best i die to give everyone peace

I felt tears burning my eyes you don't know how much it hurts having to be the one taking care of her while she's supposed to take care of me..

## Part 2 scars that are unseen

I looked at my Mother as she was peacefully sleeping on the bed she shares the bed with my Grandmother. It would be a struggle to wake her up now and let her take her medication i will just have to let her rest and we will get to that when she wakes up. I folded my arms as my mind drifted away from me to draw up memories that i didn't wanna have anymore unlike Londi i never got to experience a Mother's love. My Mother has had health issues for a very long time now i grew up

[NOVELSGURU.COM](http://NOVELSGURU.COM)

with her being like this sometimes she doesn't even remember who i am. I wanna be a psychologist and a motivational speaker i wanna help people like myself who have struggled with depression and difficult upbringings i wanna be there for them because no one was ever there for me. Londeka walked out of our bedroom all dressed up we live in a 5 bedroom house when i count the bathroom too..

Her: I will see you later ngisashaya i round i don't want your Uncle finding me here

Me: Okay

My eyes were still glued on my Mother

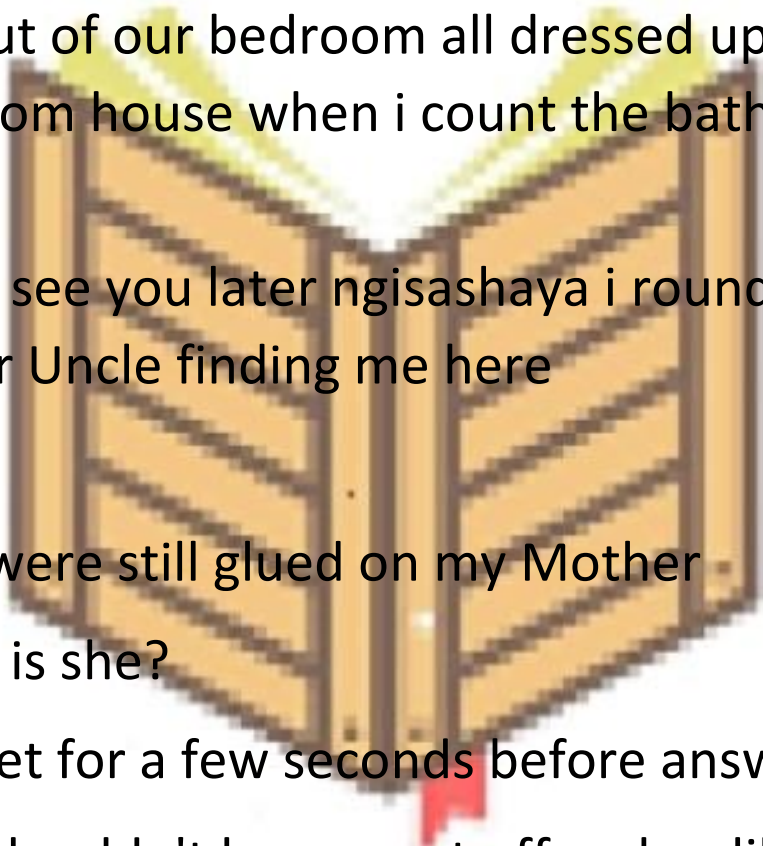

Her: How is she?

I kept quiet for a few seconds before answering..

Me: You shouldn't have went off on her like that

Her: Mom is the reason why our lives are messed up instead of getting her act together she was busy changing men and drinking none stop

Me: but still..

NOVELSGURU.COM

Her: No Vee you don't know half of the things i have been through

Me: As if like my life is better?

Her: I am going we will continue this later

Me: Do come back you have to braid my hair

Her: As if like you pay me

I laughed as she walked out..

I went to my bedroom i would really like to sleep now and just drift away to my imaginary world but i cannot i have to make sure i keep an eye on her because she might wake up disoriented and go out it's hard looking for her when she wanders off in the streets. Plus i don't want my Uncle coming here and making a big deal when he finds me sleeping.

I changed my Pjs and wore my short jumpsuit i went and washed my face so i could make myself something to eat. There was not enough bread i went to my Grandmother's room and took the R50 that she leaves every week for us so that we can

buy bread. The best thing to do is to lock my Mother inside while i go and buy bread..

I locked the house and then walked to the gate only to be met halfway but my Uncle's car parking next to the gate. He was playing music very loud..

He wasn't alone he was in the car with the Princess of the family Musa. Musa is the only child born to my Aunt she is my age and doing her second year in Bcom at the University of Johannesburg. She doesn't stay in Res she is renting a flat. Musa is very much loved by the whole family especially my Uncle she is the only Niece that he is very proud of having. Musa is evil hearted like them she has witnessed on several occasions how her Mother and my Uncle treat us and she treats us the same there way she speaks to my Mother and my Grandmother sometimes i feel like slapping her. She once even went as far as attacking my Grandmother physically but because my Grandmother is scared of my Uncle and Aunt she let it go. Musa passed matric very well she obtained 3 distinctions one in mathematics

Economics and the last one in Accounting they compare us a lot forgetting that Musa was in a private school. I envy her life a lot

and the last one in Accounting they compare us a lot forgetting that Musa was in a private school. I envy her life a lot i also would like to know how it feels like to be treated like a Princess being dominant because my Parents are feared. She came out of the car looking pretty as always she had a

long weave that had purple highlights. She even had shades on. She was wearing a high waist denim jean Air Jordan sneakers a crop tee revealing her flat tummy and her belly ring. She had a long coat on that she didn't button. My mood went from an 80 to a 0 instantly when i saw my Uncle taking out her bag in the trunk that means she's going to be visiting for a long time knowing Musa she makes her presence known. You will feel it..

She walked up to me and hugged me all smiling don't take that as a friendly gesture we just tolerate each other..

Her: How are you?

Me: I am good and you?

Her: I am good

My Uncle came through the gate..

Him: Yaa!

**NOVELSGURU.COM**

Me: Uncle

I followed them as they went around to the kitchen door..

My Uncle tried opening the door but it was locked.

Uncle: Manje kwenzakaleni? (what's happening)

I went to unlock..

Him: Sowukhiya ngathi kukwakho! (you lock as if like it's your house)

Me: I was going to buy bread and I didn't wanna leave the house unlocked Mom is sleeping she can wake up and start wondering around the streets

We walked in..

Him: She is still crazy?

Musa: Ohhh my goodness she's not going to attack me is she?

Me: No she is not violent

Musa: Why don't you guys take her to a mental institution?

Me: She is not that mental unstable to be locked up

Musa: That's better.. I am so hungry she put her hand on her tummy what were you going to eat bread with?

NOVELSGURU.COM

Me: butter

She gave me a weird look..

Her: Only?

Me: Yes

She looked at my Uncle..

Him: Fine we can go to town

Musa: Let's go Vee

Me: You can go i cannot leave Mom unattended

Uncle: So Musa must starve just because of your crazy Mother? If she needs attending too then she must be locked away that means she's a threat to human beings

Musa: Let's go Vee lock her up as how you intended too

Arguing with them was going to be useless so i followed through while locking the door we walked up to the car..

Uncle: We will go to Carnival Mall it's the closest

I was sitting at the back with Miss thang she had taken out her iPhone 7 now busy working it with her long nails..

Her: When i pass this year i want a car

Uncle: did you talk to your Father?

Musa's Father and my Uncle are not only business associates but they also close friends they in this truck business together..

Musa: Can you please talk to him about it?

Uncle: I'll try

Her phone rang she answered while putting it on loud speaker..

Her: Hi Mommy

Aunt: Hi baby

Her: What are you doing?

Aunt: Nothing much i was calling to find out if you guys have arrived

Her: Yes now we going to the mall to buy something to eat there's nothing at Grandma's place

Aunt: Give your Uncle the phone

Her: don't forget to transfer money for me

Aunt: I won't

She passed her phone to my Uncle..

Uncle: Dadewethu (my sister)

Aunt: So my child has to starve in that house because of those people?

Uncle: You don't know how angry I am Mom is busy spoiling them with her money while abo Vee the only thing they know how to do is lock the house and go parade in the street wearing short things.. The house is even dirty!

That was a plain lie my sister and i clean the house at least 3-4 times a week. It's always clean..

Aunt: No this is not right bhuti wam (my brother)

Uncle: I will talk to Mom

Aunt: Our kids have to suffer just for Portia and her kids?

Portia being my Mother..

Aunt: No think about it Paul

All 3 of them have names that start with P. Paul  
Portia and Priscilla

Uncle: I am driving so I'll call you later

He passed the phone..

Musa: Mommy

Aunt: I am transferring money to your account now  
please buy new sheets i don't want you getting  
bitten by bad bugs

Musa laughed..

Musa: Ohh Mom you are so savage

Aunt: Phela we don't know how many times they  
wash their sheets if Paul says it's dirty then i don't  
want you getting sick

Musa: Vee will clean when we get back

Aunt: She must that's the least she can do  
considering she's being fed there! She lives for free

Musa: Her Mother is still crazy i hope she doesn't  
attack me

Aunt: If she dares! I don't know why they don't take that person to a mental institution

Uncle: I am sure Mom is paying for her meds

Aunt: eyy uMa uthwele kanzima! (my mom has it hard)

I sat there starring out of the window with tears building up in my eyes. They went on and on as if like i wasn't even around..

part 3 scars that are unseen

We arrived at the mall and deep down i was yearning to be home i wanted to shut my eyes for a while and be in my imaginary world. A world that brings me some sense of peace and distracts me from this cruel life that I am subjected to live. We got out of the car but my Uncle didn't..

Him: You guys will call me when you done

Musa: Okay

Him: Did your Mother send you money?

Musa: R2000

Him: Okay that's good

We walked to the entrance with her maintaining a sexy walk for who? I didn't know because she doesn't know no one here at the mall..

Her: So do you guys have Checkers?

Me: Yes we do

Her: That's good i only trust food from there and Pick n pay

Me: Whatever you say Princess

She stopped and looked at me..

Me: It's your world i am just living in it

She had taken her shades off..

Her: Don't be bitter Vee. It's not my fault that your Mom decided to fail you it's not my fault that my

NOVELSGURU.COM

Parents are rich. Don't be bitter and things might just look up for you

She continued walking. I would punch her trust me but then I'll find myself on the streets..

We went to Checkers and she picked up a few things that she wanted most of the food she was buying i found very useless but then again rich people have a tendency of buying useless things..

We spent at least 30 minutes at checkers just Musa being herself and changing her mind about things she picked she even bought herself some expensive wine. After that we went to buy sheets and pillow cases finishing off the shopping spree by going to get something to eat..

Her: Shuuu i am very hungry

I was quiet most of the time my heart was not here at all i just wanted to be home this was becoming a thorn in my heart..

Her: Are those guys checking us out?

I turned and looked at the table that was occupied by 4 guys and indeed they were looking at us. I haven't been in a relationship for a while now some dickhead in high school pretended to love me but after i gave him my pride he left me for the next best thing and what's worse is that he denied being in a relationship with me. He said i threw myself at him he painted me out to be a bitch that sleeps around and that really broke me into pieces..

Her: I like the one in a black shirt

Me: don't you have a boyfriend?

Her: No..

Me: really?

Her: It's a long story

Me: cool

Her: let me text Uncle Paul and tell him were we are  
I kept myself occupied with the menu...

Her: Why are they only looking at us though? He should come and greet

NOVELSGURU.COM

Me: Maybe you should go and greet

Her: That's actually not a bad idea

I looked at her..

Me: Wait are you seriously going to do that? I was just joking

Her: What do i have to lose?

I thought she was joking but indeed she stood up and went to them i watched her catwalking all the way to their table. Call me old fashioned but this i would never do i would never lower my standards like that.

I didn't really hear what they were saying but all i know is that the guy in the black shirt stood up and walked out that didn't discourage Musa to hold down the conversation with the rest of them. I sat there and watched everything they seemed to be enjoying her company

she was being her princess self as always. One of the guys gave her his phone probably asking for her numbers after that she came back to our table just in time before my Uncle could see her..

Her: What a disappointment i really had hope that the one in a black shirt was going to be smitten by me

Me: Why did he walk out?

She shrugged her shoulders..

Uncle: have you guys ordered yet?

He came from behind me and then sat down..

Musa: We were just about to order

Uncle: Vee take everything to the car

He gave me the car keys and I took the plastics and walked out to where we parked our car. I was a bit thankful to have this few minutes to myself i have been holding back my Emotions and now i can finally let it all out. I struggled a bit to open the trunk you know expensive cars are but then i ended up getting it right. When i was done putting everything in i didn't immediately go back to the restaurant i stood there against the car and let tears fall i remembered every word that was said and i needed a few tears to fall in order to cleanse my soul they took me back into dark place i thought i escaped from..

Voice: Hi

It was a male voice and the person was standing behind me..I wiped my tears and turned around to my surprise it was the guy from the restaurant the one wearing a black shirt..

Me: Hi

Him: I am parked not far from your car and..

Me: And?

Him: I noticed you first back in the restaurant and I just wanted to tell you that you beautiful

Me: Ohw.. Thanks

Him: I'm sorry where are my manners? My name is Olugaho but they mostly call me Olu

Me: My name is Veronica but they call me Vee

Him: Vee you seem like a very nice girl

Me: but?

Him: I don't mean to disrespect you but what are you doing hanging with such girls?

Me: such girls?

Him: Your friend back in the restaurant

Me: Ohw Musa

Him: She literally kicked me out of the restaurant when she walked up to our table

I chuckled..

Me: That's my cousin

NOVELSGURU.COM

Him: My bad i didn't mean to talk ill about cuzy

Me: It's fine

Him: Since this conversation seems to be going somewhere would i be stepping the line if i could ask you for your Tens?

Me: My Tens?

He laughed while shaking his head..

Him: That's really cute i don't know if you trying to diss me or what

I kept quiet..

He squinted his eyes a little while putting his hands in his pockets..

Him: I meant your phone numbers?

Me: I am sorry but i have to go

He took out his phone and handed it to me it was a Nokia 5. I recognize it because I see it being advertised a lot on Tv..

Me: I don't know

Him: It's just phone numbers i am not asking you to marry me

For someone who wants my phone numbers he has a big head and i don't mean that literally..

Him: You not going to make me beg are you?

Me: no..

Him: good because i only beg for other things  
I gave him back his phone..

Me: Until you look like Roy you not worthy of getting my numbers

Him: Roy the rapper? Roy aka Blaze?

Me: He's a flame

Him: so basically you asking me to be a famous coloured rapper and have a bad attitude on top?

Me: Bye Olu

I walked away with him laughing at me..

Him: I hope you do get a chance to date Roy someday you and most girls

Me: Don't worry i will

Roy is one of the best underground hip hop artists he is coloured from South Africa but he has also made a name for himself overseas. He has collaborated with the best including Logic Jidenna Mac Miller the list is just endless. Roy is no different from your typical rude boy he is always on the papers scandal after scandal and i think his persona is what draws most girls to him. I have a major crush on him well me and a church of girls. He is part of my non-existent imaginary world me and him we are married but only in my mind..

I got to the restaurant and gave my Uncle back his car keys..

Him: What took you so long?

Me: Sorry i struggled a little

Him: for this long?

Musa: You are that clueless about cars?

Me: unfortunately Yes

NOVELSGURU.COM

Uncle: You better have not stolen or broke anything in my car

Me: I am not a thief

Him: for your sake i hope so

Musa: I have already ordered for you

Me: Thank you

Musa: It's probably gonna be the best meal you have ever had in your life

Me: probably

Musa: Your life is very painful i would've long killed myself

Uncle: I grew up in harsh conditions but i worked hard to be were i am today. The only thing Vee wants to do is sleep all day you will never be successful when you still in your comfort zone the only thing that's going to happen is that you might sleep and even die in your sleep

Musa laughed. They were having a Jol and I was their entertainment. My life is nothing but just entertainment to them..

part 4 scars that are unseen

VEE

I was happy when we were driving back home from the Mall my Uncle and Musa were now talking about their own things they have stopped talking about my miserable life. When we got home the kitchen door was wide open my sister was standing in the kitchen with our next door neighbour Sis'Khabo..

We walked inside and greeted..

Uncle: What's happening? Because there's people standing outside talking

Sis'Khabo: The Ambulance just took Priscilla to the hospital she went with Joyce

Me: What happened?

Londi: when Sis'Joyce and i came in i found her unconscious on the floor in the bedroom looked like she had another seizure

Sis'Khabo: Ses' bonga ukuthi uLondi ufike ngokushesha bano Joyce (We are grateful that Lindo arrived quickly)

Uncle: That's true

Sis'Khabo: You know that even one day when you get married you won't be dependent on your husband even if he starts changing wena you know ukuthi you have your own money and you have a good life

Uncle: I tell her that

Sis'Khabo: That's what neighbours are for

She walked out as i walked to get my certificate so i can show my Uncle..

I came back and handed it to him Musa and Londi were no longer with him at the kitchen anymore..

Him: Mathematics 43% physical sciences 40%..

He then kept quiet while still going through my certificate..

Him: these marks are very poor what did you want to do?

Me: Psychology or even short courses at a college

Him: Psychology with such poor results? Don't sell yourself false dreams have you seen Musa's results? The lowest she obtained was 69%

I kept quiet..

Him: Just to think Mom wanted me to waste my Money and send you to a college

He handed me back my certificate..

Him: Just get yourself a dead end job and move on with life because 10 years will come and you will still be living here still wanting to do "psychology"

Musa and Londi walked back in with the plastics..

My Uncle hates Londi more than he hates me he hardly even says one word to her..

Uncle: Musa imagine your cousin wanted to study psychology with poor matric results

Musa chuckled..

Musa: If you can't handle matric varsity will swallow you

Uncle: Tell her so that she doesn't say i am being evil

**NOVELSGURU.COM**

Musa handed my Uncle back his car keys..

He looked at Londi..

Him: Wena you haven't died yet? You nothing but a waste of oxygen worthy people are dying and your useless life is preserved sometimes i don't understand how God works that's why i am even a non-believer

Londi didn't say anything she walked to the bedroom this is the first time in a long time that my Uncle has come for Londi's life..

Uncle: I am going to see a few friends ill come back when Mom knocks off

He walked out..

I walked to the bedroom to check up on Londi..

Me: Hey

Her: Hey

Me: are you alright?

Her: i am fine

**NOVELSGURU.COM**

I went to put my Matric certificate back in it's place..

Her: I am going out for a while

Me: Okay

She walked out..

Musa walked in..

Musa: I am sorry about your Mom

Me: It's fine and thank you

Her: So you guys don't have DSTV?

Me: No Grams can't afford it

Her: A person is going to be bored

Me: You have your phone

Her: I cannot always be on my phone

I didn't say nothing to her..

..

The day went by pretty fast i kept myself busy by cleaning the house while Musa kept herself busy by drinking wine and working her phone she would come and disturb me we her retarded talks..

It was now 16:30 and my Grandmother would be home by 17:00 so we started cooking. Musa was all

she would come and disturb me we her retarded talks..

It was now 16:30 and my Grandmother would be home by 17:00 so we started cooking. Musa was all up in my throat making sure i cook something that was on her Level she wanted roasted chicken with boiled potatoes and carrots. She also wanted a Caesar's salad i didn't know how to prepare that so she made it and everything was supposed to go

with rolls. She was a bit out of it all giggling at things that don't make sense and stuttering when she talks. I hope she doesn't mess up the salad..

Her: Hai maan Vee kanti where are the cute boys from here?

Me: They around

Her: We must take a walk later

Now i have no doubt that she likes boys all her conversations have to have "boys" in them..

Me: How is the salad going?

Her: It's coming along fine

Me: That's good

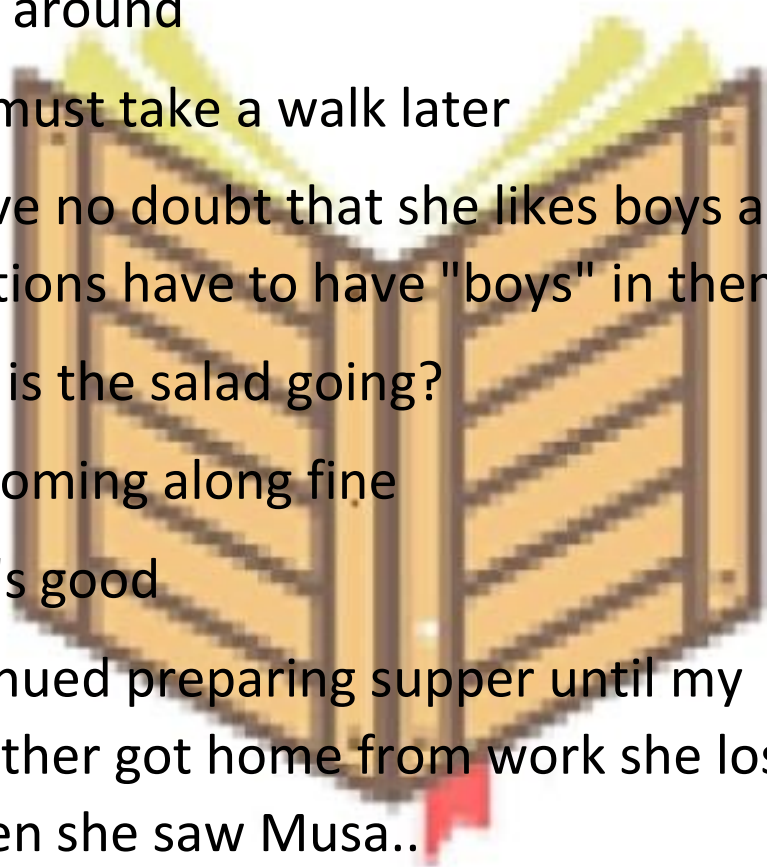

We continued preparing supper until my Grandmother got home from work she lost her mind when she saw Musa..

Grams: I can't believe my eyes

Musa: It's me Grandmother

Grams: It's been a while since i last saw you

Musa: School is no joke

NOVELSURU.COM

Grams: How is school going?

Musa: It's going good i passed all my tests so far

Grams: I know you will sail through swiftly i believe in you

Musa: Thank you Grams

Grams: What are you girls cooking?

Musa: Just roasted chicken and vegetables with a salad

Grams: I cannot wait to taste

Musa: Grams why don't you install DSTV? Phela it's boring here

Grams: I have a lot on my plate child. I have 3 mouths to feed and i always have to pay for Vee's mom to go see a psychiatrist every now and then so i have a lot on my shoulders

I don't like this kind of talks from my Grandmother they make me feel as if like we are a burden to her..

Grams: Make me some tea

Musa: Yooh Grams ask Vee i didn't come here to be a maid

Me: I'll make it

Grams: Your phone looks expensive

Musa: It is

Grams: Can i see?

Musa: No ways so that you can break it

Grams: I just wanted to see

Those eyes in the room were really making me uncomfortable and making my guilt eat me up from deep within. Musa's Mom was around now and she didn't restrain from speaking her mind in accusing me that i am the one behind my Mother's tragic passing. My Uncle didn't even come through and say that he forced me to go with them to the mall his debatable statement was "We didn't hold a gun on you"

Everyone is going to think that i have killed my Mother and i am starting to think so too..

Londi: don't beat yourself about it Vee it's not like you had a choice

financial stability didn't favour her to keep us. I am not complaining though because I have a better life better than the one i would've lived back at home. My Uncle is very financial stable and that has made him to provide well for me and Adzi.

Adzi is currently in Johannesburg studying and i am home currently doing nothing with my life. As long as my Uncle's money keeps on coming I don't see the need to do something with my life..

They not very strict and they not soft either i can say they fall in between..

I was at home with my friend Winter he was playing Fifa and i was jotting everything down that we going to need this weekend for our pool party..

Me: How many Slay Queens are going to come?

Him: I am not sure

Me: I think i should add a few bottles of Moet

Him: Didn't you say you and your parents are going to Venda this coming weekend to bury your sibling?

Me: I am not going

Him: Why?

Me: they are very underprivileged and where they live it's disgusting!  
Him: That's your family bro that's where you were born

Me: No this is my family bro! I don't give a rat ass about those ones..back to the pool party anyone you wanna invite?

Him: No maybe I can hit up the girl from the restaurant

Me: The one who came to our table?

Him: Yeah

Me: That's a good idea he probably will bring along her cousin

I resent my Mother and my Siblings back in Venda i just think they are way too classless and poor for me. The last time i went there i didn't even come out of the car my Mother came to greet me in the car but i rolled the window up when i saw her wearing a dirty dress that had holes and dirty flip flops..

I was at Sis'Joyce house helping her to bake scones and muffins for all the guests we going to have at the house. Sis'Joyce is an old family friend she has been my Mother's best friend for as long as i could remember and over the years i have grown to be very close with her. She loves me just as much as i love her she is my safest place to run too when

things at home get very tough. I would literally be at her house for the whole day. Sis'Joyce also goes to the same church as us and she lives 3 houses away from me. She knows how things are at home but unfortunately she cannot intervene she just doesn't want to have issues with my family. She has a daughter who is older than me her name is Mpumi she's basically my best friend..

Me: Can you believe she asked me who is going to bury my Mom?

Her: She's crazy your grandmother took out a life insurance for your Mother

I was sitting down having something to eat while she finished off...

Me: Sis'Joyce can i ask you something?

Her: Yes?

Me: Do you know anything about my Father and his family?

I don't know my Father i tried asking my Mom about him and since she was sick she couldn't

remember him. My Aunt told me once that i was a one night stand gone wrong that my Mother exchanged sexual favours once for money and i was conceived. She told me that i was a mistake my Mother didn't intend to fall pregnant off which i don't understand how she knows that..

Sis'Joyce: Me and Your Mom have been friends for a very long time we shared everything but when it comes to your father she has never said anything That was very disappointing..

Her: Why?

Me: I just wanted to find them and possibly go and stay with them

Her: Don't be crazy

Me: Life is going to be 2 times hard for me

Her: You live with your Grandmother you don't live with Paul and Priscilla plus your Grandmother loves you and she needs you

Me: I cannot keep on living in fear Sis'Joyce that one day i might find myself homeless

Her: Your Grandmother would never let that happen

it's only now that the pain of losing my Mother hits me. When i heard that she passed on i didn't cry that much i was too much in shock it's only now i realize what happened and that i am responsible for her death.

Why does life have to be soo cruel? 20 years of my life i don't recall a day were i can say i was happy. All my life i have been treated like trash downgraded treated like a doormat by my family just because my Mother was never rich enough to stand up for me. Now i am an orphan and things are going to be worse..

It hurts it hurts deeply that everyday I live a delusional life just to escape my own. Sometimes i go on Facebook and stalk a few of my school friends who made it in life and envy them i look at Musa and i envy her life that is how i live my life by envying other people's lives.

Suicide.. Death.. Suicide.. Death

Those are the words that my mind is coming up with Death has to be easy because life is impossible. I prayed God saw my pain but nothing! He is quiet and allowing my Aunt and my Uncle to play God over me. Sometimes i think God might just be as evil the Bible says in Ephesians 6 verse 2:

"Respect your Father and Mother" is the first commandment that has a promise added; "So that all may go well with you and you may live a long time in the land"

It goes further to say:

"Parents do not treat your Children in such a way as to make them angry"

I have respected all my elders including my Aunt and Uncle. Neighbours saw and Neighbours wished that their kids could be like me i have respected even though those elders brought me tremendous pain. I have never back chatted i respected them well but still no blessings came my way. Musa on the other hand has always been disrespectful she has literally swore at my Grandmother called her a witch and even attacked her but things are going well with her. She's blessed left and right. I don't wanna mention my Uncle who has insulted my Grandmother so bad even in front of his friends that my Grandmother once cried but his life is prospering too. My Mom's funeral was heartwarming everyone who cared about her was there to say goodbye to her. Those who loved her shed tears it was a dignified funeral and even at the cemetery i was still trying to come into terms with the fact that she's gone and I'll never see her again..

After eating and when the sun was setting we had a family meeting in my Grandmother's bedroom. It was me my grandmother my Uncle my aunt Musa and Londi.

Aunt: Vee and Londi as from today you two are officially Orphans unfortunately we don't have any information concerning your Fathers your Mother never really told us anything about them

I don't know why my Mother was holding back on information that could help us maybe looking for

my Father's family and living with them would ease my burdens and make my life worth living..

Aunt: My Mother provided for you and your Mother for a long time now everyday she was subjected to wake up very early in the morning to go and work for you guys at her old age while you guys do nothing with your lives but sleep all day

Grams: Vee has been trying to get to college she really wants to go further with her education if only she had financial help

Uncle: That is not an excuse! I am where I am today because I worked hard. If Vee really wanted to go to tertiary she could've worked hard in matric and got a bursary life is very tough you cannot always expect other people to help you

Grams: I am sure Vee would've paid you back when she started working

Aunt: Mom you keep on saying that as if like we owe Vee her success! Vee is not our responsibility. Portia was selfish she brought kids into this world

it's her duty to provide for them and secure their future

Grams: Portia was sick i am sure if sickness didn't catch up with her she was going to provide for her kids she loved both her girls

Uncle: The problem is that you have always defended Portia even now you still defending her. Sickness is not an excuse she was not always sick!

Aunt: All that i do

she was not always sick!

Aunt: All that i do i do for my Daughter. Musa's future is secured because i didn't sit back and folded my arms and expected other people to take care of my Daughter for me

Grams: Maybe let's talk about why we gathered here because this going back and forth won't help

Uncle: I am just going to get straight to the point. Mom was released permanently from work because of old age and health issues her age requires her to stay at home now she cannot be working anymore

Aunt: That means you guys will have to take care of her now the same way that she has been taking care of you two all these years

Uncle: Vee Monday you must go and look for a job

Grams: But Vee has to go back to school

Aunt: Ma! Vee will never be a psychologist! Stop selling her false dreams stop lying to her! Not everyone is destined to succeed in life

Grams: So your child is destined to succeed she deserves a bright future but another child shouldn't be destined for the same thing?

Uncle: Mom stop defending these kids!

Aunt: Tomorrow you might die what's going to happen to them? No one is going to help them

Me: It's fine Grandma i will go and look for a job

Aunt: unfortunately Londi if you don't pull up your socks we will kick you out of this house

Uncle: Londi is very useless i don't even wanna waste my breath on her!

## ONE MONTH LATER

Dealing with my Mom's death has been difficult but then unfortunately you cannot grieve forever in this world that we live in life has to go on at some point...

I ended up getting a job in town at some internet Cafe known as Photo-kine it's owned by some white family and i earn R1 500 a month working from Mon-Fri (08:00-16:30). It's not my ideal job but beggars cannot be choosers. My Grandmother is no longer working and my Sister Londi we haven't seen her for weeks now she doesn't call and we don't know were she is. Things haven't changed at home my Uncle and my Aunt are still at it and quite frankly now i am emotionally and physically tired of them. I try my level best to avoid them when they are around by staying in my room and not coming out. Musa continues to live her lavish life i check her

constantly on Facebook though we don't chat that much on WhatsApp..

I was woken up in the morning by my alarm clock to be honest i was awake for at least an hour before it went off. I didn't immediately get out of bed..

It was raining outside so right now i am in my world imagining myself been woken up by a hot cup of soup in such a weather with a chauffeur standing right outside to drive me to my office..

When i realized that morning dreaming is going to get me in trouble i got out of bed and made my way to the bathroom. I like to think that I work for an Anti-christ my boss is very cruel and she makes my life a living hell at work. I can see right through her that she doesn't like me at all and that she tolerates me. I wish to quit but jobs are really scarce lately..

My pants were wet at the bottom from my house to catch a taxi in the main road i was required to walk in a very flooded street my sneakers were also wet but thankfully i brought Pumps so i changed them at work. I should've brought extra pants but with all the Fans around here i shall be dry. Hot or cold the fans are always on my boss sweats easily so the fans have to be on at all times..

I was standing by the counter just minding my own business and lost deep in my thoughts being in my imaginary world as always. Actually my Boss'Daughter Suzie drifted me to my imaginary world when her husband dropped her off a few minutes ago they looked madly in love all those sweet baby kisses in between their conversation with my boss. Holding hands him slightly running his hand on her back was just sweet i drifted straight to my imaginary world..

I felt someone hitting me on my back but not that hard it was my Boss Mrs Botha..

Her: Don't just stand there find something to do plus you even came late!

I seriously don't know what i can do i cannot take the trash out because it's raining. I cannot mop the floor because then customers would walk in with shoes full of mud i don't know what this woman was expecting me to do. I went to the back and got a cloth then went to wipe the computers she hates it when she finds you standing and doing nothing..

I was doing that slow as to keep myself busy for a while....

As i was busy doing that i heard someone talking behind me..

Voice: Errr.. Excuse me?

I had just finished bathing i made my way to the kitchen to dish up passing my Grandmother's bedroom. The door was half open and she was folding clothes she was on the phone with my Uncle she had put the call on loud speaker..

I stood next to the door to hear the conversation.

Grams: Things are starting to be a bit hard for us since i stopped working i am still yet to get my money from UIF

Uncle: I thought you said Vee is working

Grams: Her job doesn't pay that much

Uncle: Look Ma.. I am not going to give you money because obviously you are going to provide for Vee and Londi i don't have money to waste you spoiled those kids. You allowed them to live there and allowed them to do nothing together with their

Mother! They are old but still financially dependent so please don't ask me for shit!

My heart sank down to my knees hearing him talk like that to his Mother he has no respect for her or anyone else..

Grams: What was i supposed to do? They are my Grandchildren i couldn't let them be stranded

Uncle: Then deal with it yourself and stop bothering me with Nonsense and useless people!

I heard the line cutting and then after i heard my Grandmother sobbing. I went to the kitchen but i didn't dish up anymore my heart was too broken for me to eat anything. God please come through for me My Grandmother cannot suffer because of me..

I drank a glass of water and then went back to the bedroom i laid next to Musa who had passed out..

Adzi really made me to go home late by refusing to give me my bag I don't know why he was busy enforcing that I spend a night at his place. It was too bizarre..I arrived at home at around 19:30 my

Grandmother immediately called me to her bedroom so that we can "Talk"

Her: Vee where are you coming from?

Me: I am sorry Grams at work the door couldn't lock so we had to wait for someone to come and fix it we couldn't leave it like that and i couldn't leave my boss all alone

Her: Why didn't you call me?

Me: I am truly sorry Grandma

(Silence)

Her: Vee are you dating?

I looked at her..

Me: Uhm.. No

Her: I hope not

I looked down..

Her: I know that you growing up but right now you need to get your life in order first dating will only make you find yourself in a very messy situation.

Boys these days they lie and they play girls

Me: I know Grandma

Her: I don't want you to give Priscilla and Paul a reason to rejoice they are very jealous of you

Me: And they hate me

Her: Musa called her Mother to come here and insult me

Me: Why?

Her: She was busy going on and on that you dating i think she's the one who told her Mother i know she is lying on you i saw today that Musa is jealous of you

Me: But why? I should be the one jealous of her she has everything

Her: She just wants you to be beneath her Your Uncle and Aunt don't want you succeeding

I exhaled..

**NOVELSGURU.COM**

Her: So please don't give them a reason to put you down any further you are not ready to date right

now i want you to focus on getting your life back together working to go to tertiary

Me: Yes Grandma

Her: I saw that you haven't used your Pads this month

Me: I might go on my periods next week

Her: You always go at the beginning of the month

Me: My cycle might be changing

Her: Vee please don't be pregnant it would bring us a lot of shame a lot of people envy you a lot of People are jealous that uziphethe kahle and they will rejoice if that could happen

Me: I am not pregnant Grandma

She kept quiet. I heard the kitchen door opening and closing Londi showed up at the passage she passed us and went straight to the bedroom..

Grams: Londi!!

Me: I'll go and talk to her

I stood up and walked to the bedroom she was laying on the bed..

Me: Londi

Her: What?

Me: Where have you been? We were worried about you

Her: You guys know that i leave and come back whenever i want

I didn't say anything.. She opened her eyes and looked at me..

Me: Grams is on my neck suspecting that i am dating

Her: Are you?

I shook my head no..

Her: I feel for you mntase

I looked at her.. **NOVELSGURU.COM**

Her: You allowed Grams to make you a competition you allowed her to make you seem perfect. Vee doesn't date Vee doesn't drink Vee goes to church

Vee is always in doors. Unfortunately you have to carry through that perfection

Me: What about my happiness? What about what i want? Was i born to make other people happy but myself? Can't i be a human too? Can't i make mistakes and then learn from them?

Her: I am sorry

I threw my bag on the bed and walked out to the bathroom..

i have been calling and trying to apologise but she hasn't been picking up. I didn't ask her to spend a night here because i wanted to get in her panties no i wanted to get into the core of the problem. I knew that if she spent a night here then i would get to see if the problem is at home or if she has an abusive boyfriend but unfortunately it didn't work in my favour..

my Grandmother was watching tv and Londi was sleeping i was in the bathroom about to bath with a razor in my hand. I am very tired of my life as much as my Grandmother has always been good to us but she has always been a bit of a nightmare to me.

Grams forces me to live a life that will make her look like a good Guardian in the society and also she's using me to compete with relatives especially my Aunt and Musa. She has subjected me to be so perfect in a name of "Wow you raised her well" my relatives hate me my cousins want nothing to do

with me because i am used to hurt them. Their parents will always say "Why can't you be like Vee" and that becomes a thorn in their hearts and makes them to hate me. Everyone has their eye on me waiting for me to fall if i can fall pregnant everyone who hates me will rejoice. This is getting too much for me now the pressure is getting too much that i really wanna die..

I started cutting my wrists it hurt a lot especially when i know that even if Adzi and can date our relationship won't go anywhere i won't see him that much other than when i am at work. The little happiness that i got was being taken away from me as always i don't deserve to be happy. I look at Musa and everyone seems fine with her dating going out partying etc but me i can't say much..

I had a lot of thoughts crowding my mind thoughts telling me that enough is enough and i should free myself from this pain. I sat at the corner of the bathroom crying with my hands covering my ears i wish this pain can go away i wish this thoughts

could go away! I feel like i am losing my mind and the cutting doesn't seem to be making me feel better. I don't cut myself deep to a point were i bleed a lot to go to the hospital i cut myself enough to feel the physical pain easing my emotional pain..

I closed my eyes and prayed in my heart but the more i panicked there more this thing got worse..

I opened my bag and took out my phone immediately sent Adzi a WhatsApp message:

"I am not feeling good please meet me at work"

I sent him an Sms too telling him to check his WhatsApp. When the taxi stopped i got off first and started walking to my workplace really fast. Every person that i passed that was looking at me made me more scared i was starting to get confused and dizzy. I stopped and took my phone with my hand shaking i called Adzi..

Mrs Botha told me to take the day off and also told me that i shouldn't come back to work until I am very certain that I am okay she was pretty taken by how my heart was beating and the fact that I struggled to breath. Adzi came to get me and then we went to his flat i took off my clothes and wore his tshirt so that they don't become creased. I was sitting on his bed and he was sitting behind me with his hand on my wrist were i had cut myself last night i had a bandage wrapped around..

Me: A panic attack?

Him: Yes...

Me: I don't know what that is

Him: A panic attack is more like your own body alerting you of danger it's like a pot that is boiling water when there's too much pressure the lid starts alerting you. Same as how a panic attack works it goes hand in hand with depression most of the time

Me: How sure are you of what you saying? I felt like dying

Him: If it was meant to kill you it would've long killed you you bottling too much inside that your emotional being cannot take it anymore. Your heart cannot take it anymore

I kept quiet..

Him: What is wrong?

Me: Nothing

Him: Talking is another way to get it all out you don't always need therapy sometimes you just need someone to listen when you know that someone knows your pain even if it's one person you will feel a bit better inside

Me: I was good in bottling things up every hurt that i have experienced I would just cry about it at night when i go to bed then the following day i would wake up and smile as if like nothing happened.

He put his other hand around me.

part 20 scars that are unseen

Adzi drove me home later on that day but we parked a few streets away from mine for my own protection. We didn't do much communication in the car i was still thinking about what he said we've just known each other for a couple of days and marriage should be the last thing we think of right now. At the same time it just goes to show that he might want a serious relationship with me to even think about marrying me. Honestly speaking perfect moments like these ones exist only in my imaginary world they exist when I close my eyes and drift away from reality

To have such a moment exist in reality is a bit of a challenge for me. I didn't know how to react my whole being is just shocked at the fact that for the first time in my life there seems to be a bit of happiness. I am experiencing feelings that i have never experienced before..

Him: Are you alright?

Me: Huh?

Him: Your hand it has been on your chest for a while now.. Another attack?

Me: I think so

Him: I will get you something you can read on how you can control them

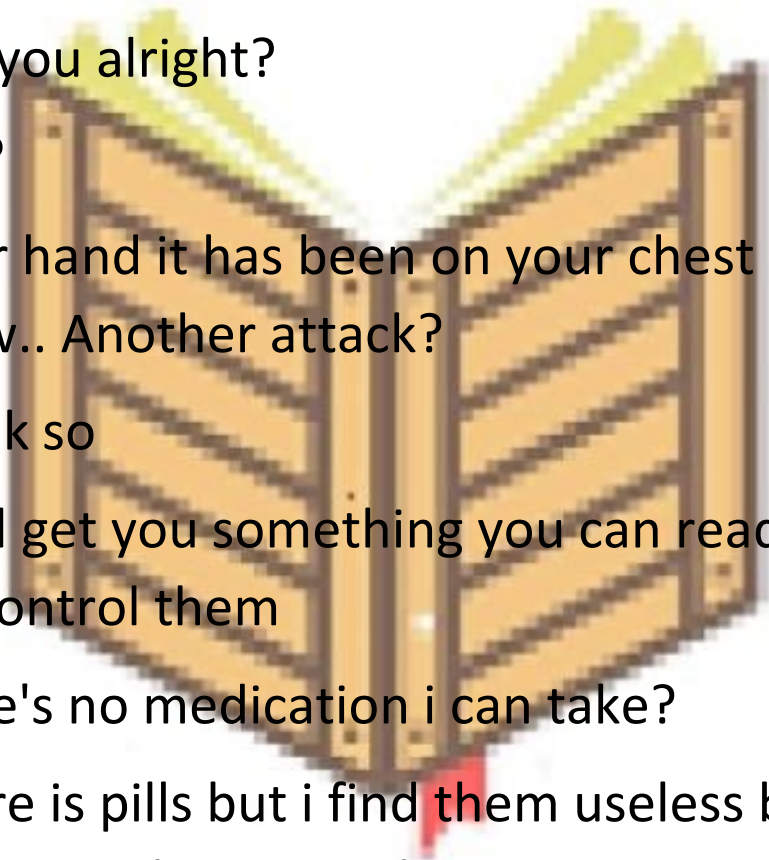

Me: There's no medication i can take?

Him: There is pills but i find them useless because an anxiety attack is normal

I nodded..

Him: How far is home from here?

Me: 10min walk

NOVELSGURU.COM

Him: Did i really have to drop you off so far? I can just drop you off at the gate

I laughed..

Me: My grandmother would kill me

He put his hand on my wrist..

Him: Is she the reason why you hurt yourself?

I looked down..

Him: Look sweetheart i know it might be a little difficult for you to open up but if we really going to try this boyfriend and girlfriend thing then you have to trust me

(Silence)

Me: My Uncle and my Aunt are the cause of my pain sometimes they become very difficult that my Grandmother would be forced to side with them just so they can stop hurting me emotionally

Him: Do they live with you?

Me: No they too rich to live with us.. Ever since i could remember they have always mistreated me and my sister just because we are less fortunate

Him: What happened to your Parents?

Me: I never knew my Father and my Mother recently passed on

Him: I am sorry

Me: It's fine life goes on

I took my bag..

Me: Thank you for the ride

I opened the door and got out of the car. I felt so ashamed having to share that part of my life with him what if he starts losing respect for me? What if he starts pitying me? I don't like talking about my life or sharing it with someone else because i don't want people using it to undermine me more or mistreat me more. I took off my jacket as i felt tears nearing I probably shouldn't have told him. Even though i didn't tell him all of my pain but i shouldn't

have told him anything things were good between now he might start treating me differently..

The walk home was a bit quicker because i was lost in my thoughts and walking very fast ignoring any greetings from guys that passed me unless it's someone that i know..

I got home and my Grandmother was in the kitchen preparing dinner..

Me: Hi Grams

Her: You home a bit early today.. Is everything okay?

Her: You know you can forget everything but just  
not your Bible

Me: I started with it

Her: I am so proud of you

Me: I haven't even got the job yet

Her: You will get it.. It's yours remember what the Pastor said?

I nodded..

Her: You can now finally save up some money so you can go back to school

Me: I wanna register at Unisa so that I can study while working

Her: Everything Is looking up for you

Yesterday I got the call from Mpilo Healthcare center saying that tomorrow I must come for an interview exactly at 08:00am So today I am moving in with Adzi but I told my Grandmother that I would be living at the Nurses Dorm were I'll be working. I hate lying to her but If I do get the job traveling is out of the question I will always be late..

Her: See just because sometimes your situation doesn't change at your own time doesn't mean that God has forgotten about you

Me: That's true

Adzi's letter was so professionally forged that it did convince my Grandmother that I was selected for an interview tomorrow

Her: You are going out You are going out to live independently in the world out there. I won't always be around to shelter you but I trust you will always make wise decisions. Some things don't rush into them. Like having a baby go change your life and educate yourself further come back with a degree. I know you are not young anymore and if you do happen to date be smart about it. It's no longer like the olden days now boys play girls and run away when they make them pregnant don't fall under that trap. Date a guy who is going to respect you and your dreams don't bring him home for us to meet him unless you are serious about him and unless he wants to marry you. I am too old to be meeting different guys every time..

I laughed..

Her: Are you sure the R500 Is going to last you?

Me: Very sure Grams

She hugged me..

Me: Know that I will visit on weekends

Her: I know at least you will be in Pta it's not far from here

Me: I know

Londi walked in..

Her: Are you ready to go?

Me: uhmm yes

I stood up..

Grams: Let's accompany you to get a taxi

Adzi and I haven't communicated ever since that day he gave me a letter and asked me to make a decision I hope it's not too late..

I took the ones that I liked the most ones that I'll be comfortable wearing for the whole month. I was nervous as I stood at the door step of his flat with my bags resting on the mat that was written "Welcome". Did I make the right choice? I have always lived under my Grandmother's wing am I ready to live independently? But mostly am I ready to live with a man? What I am doing goes against what I believe in I was raised in a Christian home and cohabitation is very much frowned upon I doubt my family would be so keen about this. I knocked a few times but there was no answer I looked around and all the flats on his floor were locked. The security doors were locked..

I closed my eyes and took a deep breath as a panic attack surfaced..

Me: Come on Vee just go home this is not you

As I was battling with my conscience he showed up from the staircase and he wasn't alone he was with some girl. They were talking and he was making her giggle and Smile. Our eyes met and there he is the guy who makes my world perfect..

I was so lost in daydreaming that I didn't even see how they got to were I was standing from the staircase..

Him: Hey

Me: Hi

He glanced down and he saw the bags he took out his keys from his pockets and handed them to the girl.

Him: Why don't you go on and open sweetheart I will be right there Just need to sort out something

She took the keys all smiling and opened the door..

I attempted to walk but he blocked my way..

Him: I hope you didn't give her hints

Adzi: I didn't so do you have the ring with you?

Adzi: It's not bad

Him: I am going to propose tonight

Me: Your jokes are not funny

Him: I am sorry

He got close and hugged me..

Her: Okay.. Uziphathe kahle (Take care of yourself)

Me: I will

I turned around and Adzi was standing there shirtless with a bit of sweat he had been jogging that's why he wasn't around when I woke up..

His upper body was just very clean and with that I mean he had no tattoo whatsoever..The only tattoo I have seen so far is the one on his arm extending all the way to his hand.

Him: Morning **NOVELSGURU.COM**

He gave me a side smile while his eyes navigated me from head to toe..

Me: Morning

He walked over and got the towel from the couch he was still breathing heavy..

Him: Ready to go?

He started wiping his sweat and with every wipe my eyes followed he had a bit of some hair underneath his belly button all the way down. It wasn't a lot and it wasn't too soft either He didn't have no hair on his chest and I like it that way..

I went back up and his lips were expelling my name that's when I came back from daydreaming..

Him: What's wrong with you?

I was starting to feel a bit hot..

Me: Huh? Uhm.. Nothing

He gently squeezed my cheek..

Him: let me take a quick shower then I'll drive you

I nodded..

**NOVELSGURU.COM**

He started walking away to the bathroom..

Me: Uhm Adzi

He stopped and turned..

Me: Can I ask you something?

Him: Yeah?

Me: Last night when you.. What was that about?

He looked down and then looked at the towel..

Him: I thought that you were a virgin

Me: Ohw.. Well sorry for disappointing you

Him: I am not disappointed

He folded his arms and leaned against the wall..

Him: Considering the fact that at home they don't want you dating I am surprised you not a virgin

I had a pleasant surprise at work during lunch time Adzi showed up to take me out for lunch and the ladies couldn't keep their eyes off him. I look at him sometimes and ask myself how did I draw such an amazing person into my life? I love him and he is one of the best things that ever happened to me. He is my strength and having him in my life has opened doors for me doors I never knew would open. Were I lost all hope God brought him to me so that he can restore the lost hope. I look at him and I know God exists for real.

I was busy looking at him in the car while he was fully concentrating on the road and I just immediately became overwhelmed by different emotions..

Him: Are you okay baby cakes?

I was playing games in the living room my Aunt went out to get some groceries. My mind was still stuck on what happened earlier I cannot believe Adzi did this to me. This is the second time he takes a girl that I saw first a girl that I wanna peruse a relationship with..

As I was playing games something hit me I paused. I remember Khanya's Father insinuating that his Daughter would never commit suicide. Khanya was a hardcore Christian she never believed in suicide she viewed it as a sin hence his Father accused Adzi of Killing Khanya and staging it as suicide

they lived together in his flat I believe with all my heart that Adzi had a hand in Khanya's death. We were good friends and as always Adzi stole her from me I remember her last days how scared she was. She was paranoid couldn't sleep at night saying that she is scared Adzi might kill her..Maybe it's time I visit her family and talk to her Father again..

I stopped playing I stood up and went to get the car keys. I am supposed to look after my Mother until my Aunt comes back since she is sick but she's not important to me so I'm just going to leave her alone in the house she's not my responsibility. She never took care of me let alone raise me so I don't owe her anything..

I had a nice lunch with Adzi he even let me buy the clothes that I liked from some shop he is really being a nice boyfriend..

First thing I did when I got to work was to go to Mrs Khumalo's ward she was sitting up straight with pillows supporting her back..

Me: Mrs K I am back

I pulled a chair and sat down..

I like talking to Mrs Khumalo she's not much of a talker but she is a very good listener..

Me: How are you feeling?

I fixed her duvet and I saw cards on top of the shelf I went and got them..

Me: Your speech therapist must have left them there

I sat down again..

Me: Okay let's try this

I showed her the first card..

Me: It's the letter "A" for Apple can you pronounce that?

I let her hold the card with her other hand and she looked at it but didn't say anything..

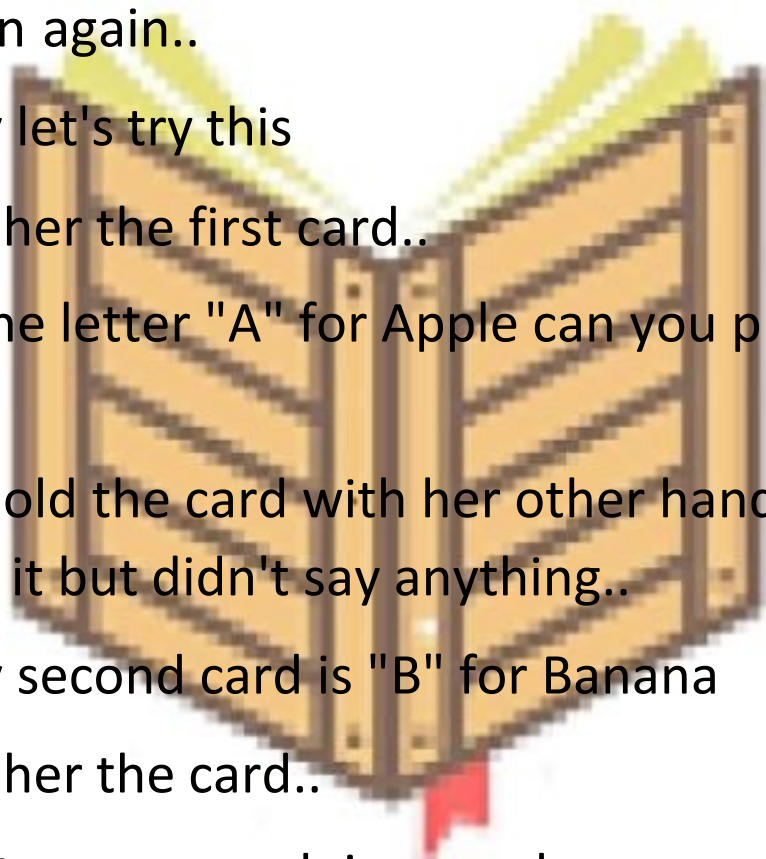

Me: Okay second card is "B" for Banana

I showed her the card..

Me: Don't worry you doing good

She slightly smiled. I put the cards down..

Me: You know what I think? I think that you will be able to speak on your own soon without the help of a speech therapist just keep on thinking about the

best words you have ever heard and try to say them out loud..

I looked at her wedding ring..

Me: Maybe think about the words that your husband has ever said to you and try to say them

Me: Do you really think that Khanya killed herself?

Her: Well my Daughter was a happy soul very intact with her spiritual life and she was always positive even though we didn't have money to send her to school after she completed her matric but she was positive that something was eventually come up

Me: I remember her that way Khanya didn't believe in suicide she viewed it as a sin

Her: But before she committed suicide she was very depressed she just changed out of the blue

Her: Adzi didn't kill my Daughter he loved her

Me: He refused for her to see family and friends he held her hostage

Her: He didn't hold her hostage Khanya was the one who didn't wanna see us her father was against her moving in with your Brother he disowned her that's why she fell into depression and she had just found that she was pregnant she felt like she was a disappointment to us

She stood up..

Her: I think you should leave

I stood up too..

Me: My Brother is in a relationship with someone else do you really think that if he loved Khanya as much as he says he would've moved on that fast? It's only been a year he doesn't even talk about her it's like he completely forgot about her

The last time I heard Menzi was working at shoprite making ends meet to support himself and his Mother financially.

We didn't go out anymore because Olu refused to go with us so Aunty Rachel thought it would be better if we ordered pizza and we did. We were the only ones who ate pizza Adzi's Uncle ate a home cooked meal but Rachel promised us that tomorrow she will prepare the Cheese&Salami pie. I must admit that it was very fun as we gathered around the dinner table and shared the meal together Adzi's Aunt and Uncle are really good people and Adzi is blessed to have them in his life for the first time in my life I felt how it's like to have a family one that doesn't throw hurtful words at you and make you feel worthless. I was woken up by a panic attack at around 04:00am I left the room and went to drink water downstairs. I sat there for a while busy on my phone posting a lot on Facebook I wanted this panic attack to be gone so that I can go back upstairs..

Olu walked in while I was sitting there He didn't expect to find me sitting there..

Him: Good morning

Me: Morning

Him: You up early

Me: Ya I have an anxiety attack

Him: Milk?

Me: No thank you

He poured himself a glass of milk..

Him: So how are you finding my family?

Me: I like your Aunt and Uncle they seem like nice people

Him: And me?

Me: You are still a jerk

He chuckled and came to sit down..

Him: Can I ask you something personal?

Me: What is it? [NOVELSGURU.COM](http://NOVELSGURU.COM)

Him: What are those?

He ran his finger on my scars..

Him: Did you do that to yourself?

I nodded..

Him: Are you suffering from depression?

Me: Yes and I also have a Panic disorder

Him: Must be difficult to function like a normal person

Me: I'll be alright

He drank his milk..

Me: Now can I ask you something personal?

Him: Talk to me

Me: I saw you and Adzi earlier on there was some bad vibe between you too.. What was that all about?

Him: We just don't get along

Me: I thought twins were very close

Him: Not me and him

Me: Was it always like this?

Him: Pretty much

I nodded..

NOVELSGURU.COM

Me: Olu I..

Him: You what?

Me: I don't know if I should be discussing this with you

Him: Don't be afraid to talk

Me: At the flat I saw a lot of pills they belonged to Khanya Msiza.. Who is she?

Him: Did you ask him about her?

Me: No I didn't

Him: She was Adzi's girlfriend she committed suicide last year

Me: That's sad

Him: She was suffering from depression just like you

Me: Ohw

Him: She decided that it was too much now and she ended her life

Me: Must've been hard for Adzi

Him: It was he had to attend therapy for a while

Me: I can imagine

Him: Do you trust him?

Me: Sorry?

Him: Adzi.. Do you trust him?

Me: Yes I do he has never given me any reason as to not trust him

Him: Then that's good

Me: Why do you ask?

Him: It's nothing

He stood up..

We left for the cemetery at 09:30am I was riding with my Uncle Elsie And my Mother. My Mother and I we were sitting at the backseat..

When we were at the church I was on my phone I kept myself busy on Facebook and I stumbled upon some pretty interesting posts from Vee that really upset me to the core. She had posted about "Her in laws" how nice people they are How they welcomed her with open arms bitch is living my dream. I should be the one meeting Olu's family and not her! Having two brothers fight for her what the fudge?

Deep down I felt the anger arising and making it's way to the surface..

Me: Mom..

She looked at me..

Me: You won't believe this

Her: What?

I gave her my phone and had her go through Vee's Facebook posts..

Me: All along she has been lying to Grams that she found a job while in actual truth she was moving in with her boyfriend.. Look there she is at his house

NOVELSGURU.COM

meeting his family whilst Grams said she's  
"Working"

Mom: Angiyikholwa ke le (I cannot believe this)

Me: and when you go down she posted I think Two  
days ago that Sometimes family can hurt you more  
than strangers speaking from experience..

Mom: Heeee! Paul uyezwa? (Paul are you hearing)

Uncle: I am

Mom: Udodi wentandane efuze unyoko ngokusa!  
(Such rubbish of an orphan that takes after her  
Mother)

Elsie: So now she has found a boyfriend she speaks  
ill of the family?

Uncle: While my Mom used to wake up every  
morning cold or raining and go to work working to  
provide for them and this is the thanks she gets?

Me: Grams vele she loves Vee look now

Mom: Yazi ungathola nokuthi ukhulume amanga ngathi kula bantu (You will find she spoke lies to us about this people)

Elsie: Usile ke nakanjalo

Mom: Call her

I took my phone and called her lucky for us she answered with a sleepy voice I put her on loud speaker..

Mom: Yewena Sathane ndini why unamanga so? (why are you such a liar)

Vee: Aunty Priscilla?

Mom: Don't Aunty Priscilla me we saw the things you posted about us on Facebook! You make us seem so evil

Uncle: I guess we were not so evil when you were living in my Mother's house and she was taking care of you

Mom: Kukumanje uyasahlaza ubusy uyazishadisa! (You embarrassing us playing all wify)

Vee: I don't know what you are talking about

Mom: You know very well what we are talking about! See why your things aren't going well? It's because you are an orphan that lies a lot! How much lies did you tell your so-called In laws about us? Yey you are an embarrassment I hope that by Monday you will be back at home! Stop this nonsense and the embarrassment!

Vee: I am not coming back home

Mom: Uthini? (What are you saying)

Vee: I won't come back to being abused

Mom: So now you were abused?

Uncle: All these years when you were living there you weren't abused now because you have a boyfriend and a "Job" now you were abused?

Mom: We should call a meeting for her she must go and look for her Father's family le Ngunda ndini ekhethe ukufeba ngoku ngcolisa igama le Family (Such a whore that chose whoring by dirtying our family name)

We heard her sniffing..

Her: What must I do for you guys to leave me alone? Should I kill myself will that make you happy?

Mom: Vele iqiniso lizokwenza ufune ukuzibulala  
(The truth will make you wanna kill yourself)

She hung up..

Uncle: Yerr akafe! (she should die) She was a waste of human life to begin with There's someone out there who could've made a difference in the world if they were still alive but no Vee had to live and a more useful person had to die!

Mom: Asazi because the whole hood is going to laugh at her after this choosing indonda over her family what stupidity is that?

I turned my head and stared out of the window with a smile on myself..

.

.

VEE

I went and locked myself in the bathroom and laid down on the bathroom floor crying These people why do they always play God over my life? Why can't they just leave me alone? What if they come here and embarrass me? Why are they doing this to me? Why isn't God doing something? Why is he letting them win? Why am i bound to take my life because of them? All I want is to breath I want want to live a life free of this pain and sorrow. Why is that hard to achieve? Why isn't God intervening?

Part 38 scars that are unseen

ADZI

I looked at her as she was peacefully sleeping this is the only part of her life were she doesn't feel pain were the world and it's cruelty is standing still and not corrupting her mind. This is the only time were

even depression has no chance it's the only time that her heart stops bleeding and the tears are restricted.

My Aunt found her in the bathroom earlier on she was in a very broken state just laying there on the cold tiles and not aware of what's happening. It's only now I get to see how much broken she is and I am scared that the damage is fatal she might just not come back.

I heard a knock at the door I got up and went to check who it was. It was my Aunt..

Her: How is she?

Me: She's sleeping

We both stood at the door looking at her..

Aunt: Adzi I saw her I looked at her she was still breathing but emotionally she was gone

Me: I know she has this thing with her family

Her: Is she being abused?

Me: I believe so and it's something that has been going on for a very long time now

Her: if she can't find comfort and protection from her own family then it's a problem

Me: I just don't understand why someone would constantly wanna hurt such a vulnerable girl It's easy for you and I to stand up to such situations but Vee it's different with her. I think that she has taken in a lot that now the pain is too much and she's very confused

Aunt: You know other people are just heartless how do you live with yourself by finding happiness in hurting someone else? It's her family putting her through this whole ordeal people who are supposed to be her pillar of strength

Me: If she comes out of this alive then she is stronger than I had anticipated

Her: She is strong if it's something that has been happening for a long time now and she managed to make it this far then she is strong indeed

Me: Let's give her some space to rest

We slowly closed the door..

Her: will you be able to go and visit your Mother?

Me: I wanna go and see her but with Vee like this I don't know

Her: You can go I'll stay with Vee

Me: Are you sure?

Her: Yes I am

Me: Thank you

Her: You welcome

Me: I'll wash my car and then be on my way I don't think Vee will be awake by then

Her: Don't worry about her I'll check up on her constantly and by the way..

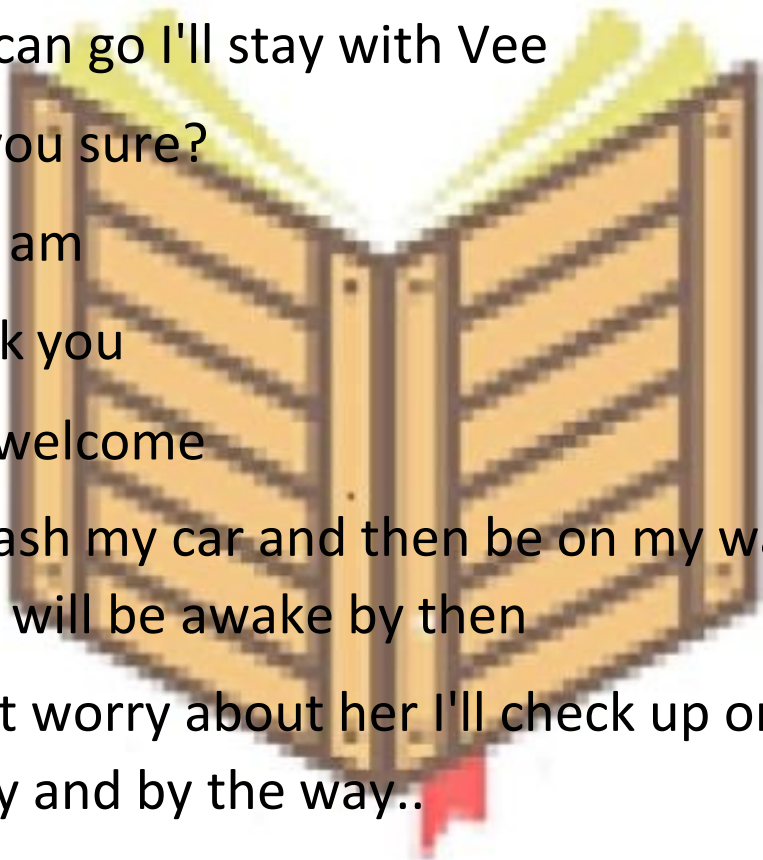

Me: Yes?

**NOVELSGURU.COM**

Her: Maybe she should go for therapy

Me: Ya I'll talk to her

I kissed her on her cheek..

Me: Thank you again

Her: It's my pleasure

Olu made his way in..

Aunt: I'll go and check on her

She walked back upstairs..

Olu: I heard Vee had some kind of emotional breakdown

Me: Not that it's any of your business but yes she did

Olu: Adzi you sick

Me: Excuse me?

Him: You have this twisted obsession with girls who are depressed

Me: What are you talking about?

My Mom asked to talk to Grams in private concerning Vee and as always she was protecting and siding with her..

Mom: What is wrong with you? Here's the proof she's been posting things on Facebook

Grams: Vee is a human being too she has every right to express her hurts and every right to express what makes her happy if what she posts wherever offends you then that's your problem maybe you shouldn't have treated her that way

Mom: Ma! Listen!!

NOVELSGURU.COM

Grams: No you listen Priscilla.. She has no mother she has no father. Don't you think that's painful enough for her? She has to carry that pain with her everyday and then also carry the pain that you and Paul put her through don't you get tired mara? Tired of hurting this innocent soul who did nothing to you

Me: Grandma your love for Vee is making you think irrationally she's working right? Then why doesn't she help you financially? You have taken care of her all these years why isn't she repaying you?

Her: I didn't do it so that she had to repay me I did it because she is my Granddaughter and no one was willing to take care of her She has just started working just started building her future. She hasn't even been paid yet but already you guys are fussing about her money! Wena Priscilla how many times has Musa stepped out of line but you never not even once scolded her

Mom: Musa is my Daughter

Grams: Exactly so you treating Vee like this just because she's not your Daughter! She might not be your Daughter but she is someone's daughter at least respect that

Mom: You know what Musa go get our things we leaving!

She started pointing at my Grandmother..

Mom: Wena stay with your Vee that you love soo much! Never in your life call me and ask me for anything! I am done with you sies!!! You standing here fighting with your own daughter just because of such a useless soul!! Have you no shame?

Grams: Leave Priscilla!! And may you leave Vee alone too

Mom: Fine don't ever call me!!!

She clicked her tongue and Walked away My Grandmother looked at me..

Her: You are way too young to have such a heart the more you do this to Vee the more you block

your own blessings with every tear that falls from her eyes creates a river of curses for you

Me: Are you cursing me?

Grams: I wouldn't.. At the end of the day just like Vee you are my Granddaughter and I would never wish you anything bad you are inviting curses for yourself you cannot keep on hurting people and expect that everything will go well with you the world doesn't work like that and certainly fate doesn't approve that. You are young Musa to be this bitter what man would wanna marry you while you have no respect for elders? How will you respect your in laws while you failing to respect me

Mom: Musa!! Asambe! (let's go)

I walked away leaving her there..

Me: It's been hard because it's family members who do that

Her: Do you know what a Turner's Syndrome is?

Me: I learned about it once in life sciences it's a chromosomal disorder in which a woman is only born with one X chromosome instead of two

Her: Do you know that women who have it cannot conceive?

Me: Yes I know that it's difficult to conceive when you have Turner's Syndrome

Her: I adopted Adzi and Olu when they were babies because I couldn't have babies of my own

Me: You have Turner's syndrome?

Her: Do you know how hard it has been for me? My husband's family they didn't want me at all saying how can he marry a woman who won't be able to give him a Son a son who will carry his legacy.. Only Adzi's Mother was kind to me

Me: That's sad I am very sorry

Her: Not only was I having marital problems but also my own family didn't make the whole situation less painful My mother believed that I was bewitched she didn't know what Turner's syndrome was and didn't wanna understand it. I was taken to a lot of traditional healers made to bath with things and put things in my cookie it was hard it was very hard

This was really a painful story I could see tears forming in her eyes as she told me her pain..

Her: Never think that you suffering alone we all going through something but in a different way imagine if we all gave up then we wouldn't have role models

Her: Never think that you suffering alone we all going through something but in a different way imagine if we all gave up then we wouldn't have role models people who inspire us when we have lost all hope

Me: That's true

Her: Never in your life fear another human being especially a mortal being someone who is going to die just like you some day someone who cannot tell the future rather fear God who knows what tomorrow holds than someone who doesn't even know if it's going to rain in a few hours time

I laughed..

Her: I probably shouldn't be saying this but I think I like you and I want you to marry that sweet yet stubborn Son of Mine because I can see it in his eyes he loves you very much

I blushed..

Her: Here you can start grating the cheese for me

She looked around..

Her: There's a ritual that can be done angayenza uKhanya isthunzela (Khanya can be turned into a Zombie)

Nomsa was serious about what she was saying her facial expression and her eyes confirmed it she was out for revenge and her blood was boiling to make Adzi pay for what he did. I walked closer to her and looked at her for a moment without saying anything maybe a part of me was hoping to see a glimpse of a bluff from her but nothing her heart was cold as ice..

Me: You would disturb your Sister's peace just to get revenge?

Her throat wanted to raise a few words but her mouth couldn't expel any..

Me: What you trying to do not only are you going to ruin him but you are going to disturb your sister's peace? This witch doctor that you soo much pride yourself in how sure are you that not only will he use her body but what if her soul wherever it is gets captured? Didn't she suffer enough?

She didn't know what to say words failed her..

Me: If you go ahead with this I will come for your life and that is a Promise

She closed her eyes and swallowed..

Her: I want him to feel the same pain that he put us through Khanya was a soul full of life she had dreams big dreams. Even when things were hard but she always had hope that one day things would be better she was my Sister. The only sibling I had! Were I was weak Khanya was strong for me do you

have any idea how hard it is to move on with life knowing that I won't be able to see her anymore? Everyday I wonder why I just don't kill myself too

Me: I know how you feel

Her: You don't know how I feel you don't know how deep it hurts!

She started pushing me..

Her: You will never understand how it feels like because you never lost a sibling Adzi is still alive!

She was trying to hide off her hurt with the anger that she was portraying..

Her: Knowing that he gets to move on and probably move on with someone else while my sister rots underneath there is what cuts deep

I looked at Khanya's grave..

Nomsa: Goodbye Olu

She left me there and walked away...

We arrived at that woman's house and she didn't even take us to her consulting room instead she had us talk to her in the living room. Her attitude towards us showed me that she wasn't interested at all on what we were going to say to her Maybe she doesn't take us seriously because she has had older people consult her with such things and not two young kids..

She looked like she was in her mid 40s she wore spectacles and didn't even look like a witch doctor not even a little. Judging from how beautiful her small house is and the expensive furniture I had no doubt that she was making a lot of money from people who come to her and ask for help..

Nomsa didn't know what to say at so I was obliged to come in..

Me: Mama'Gcina

She looked at me..

Me: Last year a very special someone to me committed suicide but I don't believe that she killed herself I believe that my brother had something to do with her death

Mam'Gcina: Manje la kimi uzofunani? (What are you doing here)

Me: I don't know but I am.. I mean we are trying to find a way to make him confess to his crime maybe have the girl haunt him until his conscience forces him to confess what he did

Mam'Gcina: Kahle kahle ningicelani? (What exactly are you guys asking me to do)

Nomsa: Be.. Err.. Besicabanga ukuthi mhlambe ungamenza isithunzela (We were wondering if you could make her a zombie)

Her: Niyasazi isithunzela nina? Akusiyinto yokudlala! (do you know what a Zombie is it's not something to play with)

She stood up..

Her: Ngicela nihambeni (Please leave)

She looked at Nomsa..

Me: Hey

**NOVELSGURU.COM**

Her eyes were fixed on the wall she was alive but her brain was betraying her..

Me: I'm going out for a while I have to meet up with my best friend we have this other assignment to finish up the due date is tomorrow. Now usually he comes here but..

I looked at her naked body and the small prickle of blood on the duvet could be from the rough sex earlier on..

I kissed her on the forehead..

Me: Now I have to take your phone just to make sure you won't answer it when it rings or you won't call anyone.. I love you Vee

I got up..

Me: I'll be back later

We arrived at that woman's house and she didn't even take us to her consulting room instead she had us talk to her in the living room. Her attitude

towards us showed me that she wasn't interested at all on what we were going to say to her Maybe she doesn't take us seriously because she has had older people consult her with such things and not two young kids..

She looked like she was in her mid 40s she wore spectacles and didn't even look like a witch doctor not even a little. Judging from how beautiful her small house is and the expensive furniture I had no doubt that she was making a lot of money from people who come to her and ask for help..

Nomsa cleared her throat she was pretty nervous and so was I..

Nomsa: Mam'Gcina my name is Nomsa and this is my friend Olu

Her: Ngiyakwazi ubabakho nguJerry angithi? (I know you your Father is Jerry right)

Nomsa nodded..

Mam'Gcina: Uyazi nje ukuthi ula? (does he know that you here)

Nomsa shook her head no..

Mam'Gcina: Awusho ke uzokwenzani la endlini yomthakathi kini ningamakholwa? (what are you doing in a witch's house while at your house you are Christians)

Nomsa didn't know what to say at so I was obliged to come in..

Me: Mama'Gcina

She looked at me..

Me: Last year a very special someone to me committed suicide but I don't believe that she killed herself I believe that my brother had something to do with her death

Mam'Gcina: Manje la kimi uzofunani? (What are you doing here)

Me: I don't know but I am.. I mean we are trying to find a way to make him confess to his crime maybe have the girl haunt him until his conscience forces him to confess what he did

Mam'Gcina: Kahle kahle ningicelani? (What exactly are you guys asking me to do)

Nomsa: Be.. Err.. Besicabanga ukuthi mhlambe ungamenza isithunzela (We were wondering if you could make her a zombie)

She kept quiet for a long time..

Her: Yey Nina!! Nize la ukuzong'cela lombhedo? (You came here to ask me such rubbish)

We looked at each other..

Her: Niyasazi isithunzela nina? Akusiyinto yokudlala! (do you know what a Zombie is it's not something to play with)

She stood up..

Her: Ngicela nihambeni (Please leave)

She looked at Nomsa..

Mam'Gcina: For your sake Nomsa I will pretend as if like this never happened!!! Isth.. Niyasazi isithunzela nina nje? Nidlala ngento

ekungadlalwelwa kuyo (You are playing with something that's dangerous)

I felt a bit of pain arising from my nookie I looked around and I was alone in the flat. I rose up and looked at myself I was naked and I saw blood stains on the duvet. I ran my hand on my nookie and I realized that the blood was from there.. I still felt a bit disoriented dizzy I was still trembling and my head was spinning.. I got out of bed and made my way to the bathroom I ran the water in the basin and washed my face. I then looked at myself in the mirror with tears falling..

Me: What is wrong with me?

I quickly grabbed the towel and wrapped it around my body and then went back to the main room and searched for my phone but I couldn't find it. I went to the door and the Keys weren't there I searched

for my keys and I couldn't find them. I sat on the bed defeated I am trapped here. There is no way out..

I later on learned in the conversation that the lady who called the police her name is Pinky she is our neighbour she lives in the flat next to ours..

The police did come and managements had to intervene they had to provide an extra key that they keep to open for me at first they didn't want but after they realized that I was locked in the flat against my will they had to open..

Adzi walked in time just as the police had taken my statement there is no way that he was going to get out of this one..

He greeted everyone in the room and he did look a bit stunned to everything that was happening..

Him: What is going?

Police1: Are you Adzi?

He put his laptop on the counter..

Him: Yes I am

Police: I believe you live here with this young lady

Adzi: Yes she is my girlfriend

Police: did you lock her up?

Adzi: I would never do such a thing

Police: She was screaming and asking for help because you had locked her up in here against her will your neighbour had to intervene

Adzi looked at me..

Him: Did you forget again were you placed your key?

Me: I didn't forget anything you took my Keys with!

He walked to the drawer and opened it he then took out a key that had a pink key holder..

Me: That's not my key

Him: Yes it is

He looked at the Police officers..

Him: I apologize that you had to be alarmed by this see my girlfriend here is suffering from a mental breakdown

Me: I am not suffering from anything

Adzi: You can check her wrists she cuts herself from time to time

Me: You bastard!!

He went and opened his laptop bag and took out pills..

Him: This are her pills

He gave the Police..

Me: I don't take any pills!!

The pills were passed to the neighbour too..

Pinky: I know this pills.. They are Anxiolytic. I work at as a Pharmacist and they are prescribed for patients who have depression or suffering from constant Anxieties

Police: Mam' Are you depressed?

Me: Yes I am but I am not on pills

Adzi: I had to take them away because she overdoses on them so the prescribing doctor said Vee should take them under supervision I think she's doing this because I left early in the morning and I didn't wake her up to drink them that's the only crime I have committed

Pinky: Gentlemen I mean police officers. This young man has lived here for a while now and he is the most sweetest and caring neighbour I have ever had when I heard this lady screaming I was confused I had to look into it I am very sorry I didn't know

Adzi: Don't apologise Pinky you did what any person could've done you are a very good neighbour

He turned his attention to the Police..

Him: I still have the prescription for those pills if you would like to see it Mr officer

Police: No it's fine

Adzi: Tomorrow she is going for a psychiatric evaluation

Me: That's a lie!!!

He went and got some paper then showed the Police officers..

Adzi: Signed by Dr Mtsweni.. I can call her if you don't believe

Police: No that won't be necessary

Me: What about my phone? I believe he took my phone too

Adzi: Your phone is in the wardrobe you accidentally dropped it in the toilet last night remember?

He went to the wardrobe and got a phone It wasn't mine..

Him: It has been dead ever since last night

This was not happening..

Adzi: Sorry to have wasted your time officers

Police: It's our duty to protect every citizen from harm

Adzi: I understand..

Police: Everything seems to check out I guess there's nothing more to do

Me: Wait what?

Police: I suggest you tell the psychiatrist about this

Adzi: I'm actually going to call her now

Me: You can't leave me here with him Please..

Adzi: Sweetheart it's fine

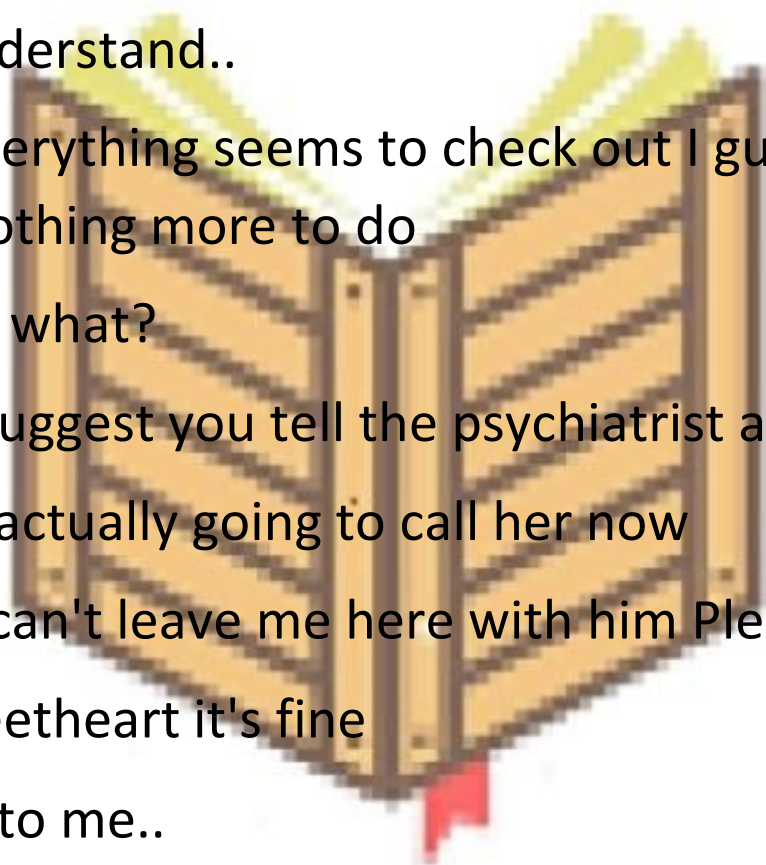

He came to me..

Me: Don't touch me!!!

I spat on his face..

Adzi: It breaks my heart when you become like this

Pinky: I'll get the glass of water so she can drink

The police took their own time to get here and when they got here they asked us a few questions took fingerprints and then they were on their way. They told us that they would run the prints and hopefully find the culprit. I know very well that we do not know who did this the police have a tendency to not follow up on many cases hence they leave them unsolved. When the police

had left Sis'Joyce and our Neighbor Mam'Lungu helped us to put everything back to it and threw away what was broken ..

Mammungu: Yaz 'I did not hear nex (I did not hear anything)

Olu drove me back home at least it wasn't a long drive just 1hr30min and before we knew it I was stepping my foot in the house and that's when I was relieved that I was alive and back at home. My Grandmother was overwhelmed with different emotions as she hugged me Though I was still shaking and weak from the pills but being in her embrace made everything seem okay and made me feel safe again. Just to think that I was almost dead

a few hours ago really scared me it's something that I will never forget. An experience that will always haunt me for as long as I am going to live..

Londi made me a cup of rooibos tea and when I was calm I was able to tell them everything..

I am still very grateful to Olu he saved my life. He could've easily deleted that voicemail or called Adzi and told him but I knew that he was going to believe me especially when I witnessed that tension between him and his Brother that other time we were at his place....

She laughed..

Her: He is going for a psychiatric evaluation today at least that will help him in his trial

Me: He does need help

I nodded..

Me: I've been thinking

I didn't feel like waking up my heart carried a lot of heaviness. I truly thought that Adzi was going to be my escape from this shit life that I'm leaving I thought that he was going to make my dreams

come true but I guess he had other plans. I imagined his politeness his warm smile and warm hugs the way he cared for me and that became a knife that was stabbing my heart repeatedly. What went wrong? Why did he change??

Tears streamed down my cheeks as I rose my head up from my pillow I looked around and here I am. I am back to square one..

Londi: Vee!!!!

Me: I am coming..

I pulled the bed covers down and got out of bed.. I escaped death last night but is my life worth living?

Me: I'm sorry I don't know what's happening to me..  
I guess what Adzi did broke me more than I thought

Her: Have you tried going for counseling? I am sure  
the clinic or the hospital offers free counseling

Me: I don't want to go for counseling I'll be fine

Her: But you are not fine

Me: Londi I'll be fine just let me deal with this on my  
own okay?

Her: Do you want something to eat?

Me: No thank you

My phone rang I picked it up from the table and it was Sis'Noma. I have been meaning to call her just that I didn't know how I was going to approach her..

Me: Sis'Noma

Her: Hello Vee

I stood up..

Her: How are you?

Her: I wish you all the best and I am very sorry again

Me: It's okay and thank you

I put the phone down and sat down again..

Londi: Who was that?

Me: That was Sis'Noma telling me that I cannot work for her anymore

Londi: Ouch! I'm sorry

Me: I thought that I would still have my job something that was going to save me from Paul and Priscilla

Her: They haven't stopped by in a while maybe they have finally disowned us

Part 49 scars that are unseen

The mall was a bit full and all these people walking around busy making noise were making me hella dizzy. I felt hot I was nauseated and I held on to Londi..

Her: Are you alright?

I closed my eyes trying not to fall..

Grams: Vee what's wrong?

Her: I don't feel good.. I feel like I'm going to vomit

Londi: Let's quickly go to the rest rooms

Grams: Okay you guys will find me at Shoprite

Londi: Come on

She held my hand and we walked to the rest rooms..

I don't know why I was feeling like this it was a feeling that I have never experienced before..

We got there and there was a queue..

Londi: Will you be able to hold yourself?

Me: I don't know

Her: Come closer

We got closer to the basin..

I was a bit scared because this feeling was very unfamiliar I cannot even fully put it into words..

I hate that most eyes were on me when those ladies were starring at me they made me more and more nervous. My anxieties shot straight up through the roof..

NOVELSGURU.COM

Londi put her hand on my back..

Londi: How are you feeling now?

I was facing down in the basin but no vomit came..

Me: Think I'm okay

Her: Are you sure?

I closed my eyes and nodded..

Her: Should we go?

Me: Yes

We walked out and searched for a free bench inside the mall only a small space was left so she let me sit instead..

Her: How are you feeling now?

Me: I'm okay

She crouched right in front of me..

Her: Can I ask you something?

Me: What is it?

Her: When.. When last did you go on your periods?

Me: I don't remember.. Why?

NOVELSGURU.COM

Her: if you were sexual active with him did you use a condom?

Me: No we never used a condom but he never came inside of me

She kept quiet..

Me: What is this about?

Her: It's just a suggestion

Me: What suggestion?

Her: You could be pregnant

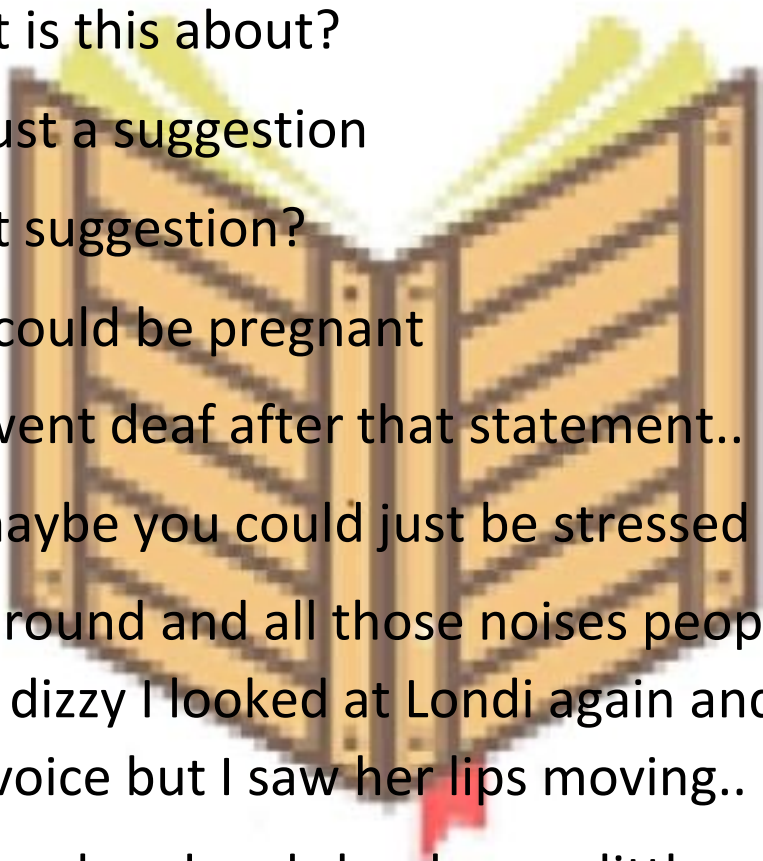

My ears went deaf after that statement..

Her: Or maybe you could just be stressed a lot

I looked around and all those noises people talking made me dizzy I looked at Londi again and I couldn't hear her voice but I saw her lips moving..

She held my hand and shook me a little..

I stood up and walked a few steps the dizziness was now becoming extreme. I glanced down and vomited right away..

NOVELSGURU.COM

After vomiting that's when everything came back now I could see and hear people talking. It was a very embarrassing moment as bystanders stared at me and my disgust on the floor I didn't know what to do. Luckily one of the cleaners came with the cart..

Her: Are you guys alright?

Londi: Unfortunately no.. My Sister is sick can I borrow the mop?

Her: Yes of course

Londi cleaned.. The lady looked at me..

Her: Would you like some water?

Me: Yes please

Her: Okay let's go to the kitchen

Londi: Look I'll go get you a pregnancy test at the Pharmacy and then you will go home I'll tell Grandma that you not feeling okay

I nodded The lady told her were the kitchen was and then when she was done moping we took the mop and left..

Her: No I have period pains and I am not a patient person

Me: May I please come in?

Her: No..

Me: Please.. **NOVELSGURU.COM**

She let go of the door and Walked in I followed her in. For some reason she was walking slow and

limping she literally had to hold on to the wall and kitchen counter to support herself..

Me: Did you eat today?

Her: I'm not hungry

I followed her to her bedroom..

I noticed blood stains on her PJ pants as she got in bed I looked on the side there was a glass of water and pain killers. I took the container and only about 4 pain killers were left. I looked at her she was shivering too..

Me: Musa

Her: Olu please don't make noise I can hear you

Me: I am not making noise

She laid back on the pillow and closed her eyes..

Me: Did you see the Dr?

Her: I'm fine **NOVELSGURU.COM**

Me: No you not.. I am taking you to the hospital come on let's go

She opened her eyes..

Her: I don't wanna go

Me: You don't have a choice

She covered her eyes with her hand I saw tears streaming down her cheeks..

Her: Please leave I don't wanna fight

I pulled the bed covers down..

Me: I'll prepare a bath for you then you'll bath and we'll go

She shook her head no..

Me: You can't fight me.. You too weak save your last strength to bath

She stretched her hand to get the pain killers..

I took them..

Me: No.. You have had too many of these

I walked to the bathroom to prepare a bath for her..

Him: It's not about you being honest but it's about what you have done.. Adzi you almost killed your girlfriend you going on trial for that. It's going to be on Social media and the papers!! Imagine how daily sun is going to crucify you for this I don't wanna mention News24

## VEE

I was sitting down leaning against the bathroom door and looking at the pregnancy test it was positive. Two straight lines. A lot was going through my mind I was now remembering when Adzi took advantage of me and I couldn't do anything. I couldn't move or stop him for some reason my mind was not functioning that day the pills got to me pretty bad..

I cannot have this baby first of all I don't have a job. My Grandmother is struggling financially with both Londi and I because now we fully dependent on her pension money. I don't wanna mention my Uncle and Aunt they going to rejoice and use this to put me down further But most of all I am not strong enough to raise a baby on my own. Adzi is not mental stable enough to take on this responsibility but even if he did it wouldn't make a difference if he found it easier to try and kill me what about our baby? We won't be a happy family because we will never be safe around him..

I was confused and very heartbroken I don't know why I was getting another burden on top of the burden that I already have which is this shitty life..

I looked at the test one last time I am not going to bring another human being into this world and have my baby go through what I went through. I cannot be dependent on anyone to support my baby I don't believe in abortion and even if I did I would never live with myself knowing that I murdered my own baby..

Him: Did you see what the woman used?

Me: No I didn't she gave me pills to drink and they knocked me out. I only woke up when she was done with unbearable cramps and she told me that the cramps will go away after a day or two but they didn't

Him: How far along were you?

Me: I don't know

Him: You didn't consult?

Me: I didn't even take a pregnancy test

Him: So how did you know that you were pregnant?

Me: I just assumed

Him: You did a backdoor abortion on an assumption?

I didn't say anything..

Him: How could you risk your life like that?

I kept quiet..

Me: What is wrong with me?
