## **INTRODUCTION**

My name is kelebogile bianca khumalo married to ntando junior khumalo and I'm 25 years old! My husband and I met in high school but we started being friends first because I was still healing from my previous relationship. After a year we started dating and became the IT-COUPLE we became famous and made a reality show after varsity but everything changed when his family forced him to take a second wife because they find out that I can't have kids so now my husband has fallen in love with her. You are probably wondering why am I still in this marriage? Well I wanted to divorce ntando but he refused and he threatened to take my little sister away from me so that's why I'm still here.

## CHAPTER 1

KELEBOGILE.

I woke up every early to go jog then when I came back I went to the kitchen to drink water! As I was about to go to my room ntando stood in front of me

Me: please move I'm going to be late for my meeting!

Ntando: I thought we could have breakfast together?

Mxm he only remembers me when the other one is not giving him attention

Me: sorry I can't

He sighs

Ntando: makhumalo I'm trying to fix our marriage here please meet me halfway

I chuckled

Me: meet you halfway!?! Khumalo you let your family control you and your wife doesn't even respect me at all! Can you please sign the divorce papers so I can move on cause I can't live like this anymore

He holds my hand

Ntando: i can't lose you baby because you are my number one woman okay you pushed me to follow my dreams and made me the man I am today so we can't just give up on our marriage hle

Me: our marriage ended when your family brought that girl in our house and when you threatened to take away my sister from me

He swallowed and I went to my room then I took a shower, few minutes later I finished getting ready for work then I went to the kitchen to make him breakfast

Ntando: I'm sorry I threatened you okay! I miss you makhumalo  
I gave him his breakfast

Me: you know that oratile is the only family I have and I would do anything for her so that's why I'm still here

I took my bag

car keys then i left

BONTLE.

Me: I'm telling you mama there's something wrong with ntando! I mean we have been having sex since I came here and I'm still not pregnant

I'm on the phone with my mother

Ma: ai to be honest with you my baby girl as long as he gives you money and you can take care of us I don't care if you get pregnant or not

I rolled my eyes

Me: mama you don't understand neh! If I don't get pregnant he might divorce me and get another wife

Ma: yoh i didn't see it that way! No no we can't let that happen okay so come home this weekend and we'll go see someone

Me: okay I'll come on Friday bye

I hang up then ntando walked in

Ntando: just because we are trying to make a baby that doesn't mean you should sit around and do nothing! Find a job or start your own company

I chuckled

Me: honey I born to be a housewife!

Ntando: i would've understood that if you were born in a rich family

Ouch that hurts!

Me: thank you for reminding me that I come from a poor background

Ntando: pleasure

He took his briefcase and left

Me: mxm you can't even make babies!

I went to shower

KELEBOGILE.

At lunch time I decided to go fetch my little sister ora at school because I miss her and I want to find out how is school! Our parents died two years ago and the rest of the family turned their backs against us so ora told me she wanted to go to a boarding school and I was shocked because she loved her previous school then I found out the real reason why she wanted to go there, is because ntando's mother busy bullying her and saying that we are finishing her son's money. That women thinks I'm nothing without her son which is not true cause I make more money than him anyways we arrived at our favorite restaurant and ordered

Ora: wanna talk about it!?

I smiled

Me: nah let's talk about you! Any boyfriend I should know about!?

She giggles

Ora: no! I'm focused on my books and those boys are spoiled brats

I chuckled

Me: bo mamas boys

Ora: exactly! Anyways I dreamed of mama le papa i think they want us to visit them

Me: yeah it's has been a while so I'll fetch you on Friday and spend the weekend there

She nodded then some women sat on our table and holds our hands

Women: nana be careful of your roommate she's jealous of you and wena sesi he's not the one for you

We looked at each other then back at her

Me: who's not the one for me!?

She softly groans

Women: your soulmate is looking for you but someone is blocking him to find you! Nana be careful neh

She gets up and left

Ora: o-kay that was weird!

Me: do you get along with your roommate

Ora: argh sis don't tell me you believe that women! My roommate is harmless and she reads bible every single day then prays with tongues

I found myself believing that women and it's confusing because I don't believe in spiritual people! After I took ora back to school and I went back to work

NTANDO.

My doctor told me that everything is fine with me so I don't understand why bontle is not pregnant yet because she's only here to give me kids then I'll get rid of her! I love kelebogile so much and I don't want to lose her cause I'll lose everything....see the family seer told me that kelebogile is the reason why I keep getting rich and my family is the most powerful family back in our village so I'll do anything to make sure she doesn't leave me that's why I threatened to take her

little sister away from her. I was in my office working then my twin sister walked in

Me: thando lam!

She sat down and folded her arms

Thando: so your mother told me that you making a baby but I just saw your wife busy drinking wine

Damn this girl is ruining everything!

Me: maybe its non alcoholic

She chuckles

Thando: right! Kele is getting beautiful and sexy everyday ey!

I gave her a death stare...she's a lesbian

Me: does your girl know that you are busy checking out on other married women

Thando: it's not like we are married mos! But if I had a beautiful woman like kelebogile damn! I would've treated her like a queen

Me: well she's my queen and stop doing that okay she's off limits

Thando: seriously she's off limits!? When was the last time you spent time with her!?

She said that getting up

Thando: just let her go because it's very clear you can't make her happy anymore and I know about your secret

Me: what secret!?

Thando: that you are only keeping her because she's making you rich and the family powerful

She wasn't supposed to know that cause she can't keep her mouth shut

Me: I don't know what you are talking about

She shock her head

Thando: now why i don't get along with this family! It's because you only care about yourselves

She walked out leaving me scared of what she's gonna do with the secret

## CHAPTER 2

ORATILE.

I had fun with my sister and I wish we could that everyday anyways when I got back from the lunch I found salamina talking to someone on the phone but when she saw me she quickly hang up.

Me: hao girl you didn't have to hang up because of me!

She giggles

Mina: I know it's just that I thought it's wendy cause she was here

Me: argh what did she want now!?

Wendy is the IT-GIRL and the bully

Mina: she was actually here to invite us to her party tonight

Me: what's the catch?

She sighed

Mina: we are going to be her waitresses

I chuckled

Me: you can go ey I'm not going there

Mina: come on Ora please come with me hle! You know that you are the only one I get along with pleeeaaassssee

Me: okay okay we'll go then!

She got up and hugged me

Mina: thank you thank you! Now let's get ready okay

I nodded then we went to shower few minutes I got out first and went back to the room and I saw a women standing on the window

Me: uhm hello can I help you

She looks at me for a while then disappeared and mina walked in

Mina: hey are you okay!?

Me: there was a women standing on the window then she disappeared

She laughs

Mina: girl it's time for you to stop watching horror movies cause now you are seeing things!

Maybe she's right but that never happened before

Me: yeah I guess I should stop watching horror movies now

Mina: definitely! and get rid of the books too

I nodded then we got ready for the party

BONTLE.

If anyone told me that I would be here right now drinking expensive wine and buying expensive clothes I would have told them that they are lying shame! And I'm also kinda famous too so I need to make sure that I give ntando a baby. I got home and I the first lady watching my favorite reality show so I poured wine then joined her but I'm going to get rid of her because I don't like sharing.

Me: so what's for dinner first lady!?

She chuckles

Kele: you have hands so why don't you cook for you and your husband!?

I rolled my eyes

Me: my nails are too beautiful to touch pots shame!

Kele: well just know that your husband likes home cooked meal so you better start cooking and stop spending money that's not yours

I chuckled

Me: I smell jealousy here

Kele: me jealous of you!? Mxm girl I could buy a new car and a house in one day without getting permission from the husband because I make my own money!

She got up and went upstairs leaving me with mixed emotions

"you are supposed to eat healthy so you can get pregnant but you are busy drinking wine!"

Oh god am I just a baby machine here!?

Me: I'll get pregnant when god decides to make me pregnant bathong! Maybe there's something wrong with you

Ntando: there's nothing wrong with me wena bontle! So here what's going to happen if you don't get pregnant in two months I'm divorcing you cause I can't keep both barren women

He walked upstairs then I called my mother

Me: mama I can't wait till Friday so I'm coming tomorrow so we can go to whatever you want to take me

Ma: what happened!?

I sighed

Me: he gave me two months to get pregnant or else I'm out of this house

Ma: okay fine! Tomorrow it is then

I hang up and I threw the wine

KELEBOGILE.

I was busy checking my emails then I got a call from thando so I answered it

Me: hey stranger!

She chuckles

Thando: i guess I wasn't the only one who missed you neh!

Me: of course khanti where are you?

Thando: I was somewhere somewhere but I'm back now so how about breakfast tomorrow?

I don't have any friends because I got betrayed by my ex best friend in high school so I decided not to have friends

Me: sure! How's life on your side?

Thando: ah nothing new just hustling and wena?

Me: I'm fine and healthy that all matters

She sighed

Thando: why don't you divorce him kele cause it's clear you are not happy

Me: I'm only here because of my sister!

Ntando walked in holding flowers and chocolates

Thando: he just walked in

right!?

Me: yes I'll see you tomorrow

Thando: i can't wait

I hang up smiling

Ntando: i have been a terrible husband and I want to change it because you are my everything makhumalo! Please give me a chance

Shame he's soo cute when he begs

Me: flowers and chocolates won't help you that much ey

I said that taking them then he chuckles

Ntando: I'm willing to do anything just name it

Me: mmm I'll let you know! Goodnight

He looks at me for a while then he left and I ate my chocolates

THANDO.

Talking to kele makes me feel some type of way and I think I'm falling for her even though she told me that she doesn't like me in that way so I have been traveling to forget about the feelings I have for her but I can't. Then finding out that my family is using her to get powerful and rich I got very angry and the feelings got worse! I have to find a way to help her get out of that marriage cause she doesn't deserve this at all. I woke up very excited and I got ready for my breakfast date with kele

"And where are you going to looking so hot?"

That's my friend boitumelo but we call her boi

Me: I have a date with a gorgeous women!

Boi: i hope it's not kelebogile neh?

I looked at her smiling then she sighed

Boi: dude we talked about this and she doesn't feel the same way so you are going to get hurt!

Me: she doesn't have any friends and I have to be there for her when she finds out the truth

She shock her head

Boi: you are going to get hurt dude! What happens when she finds a man then what huh!? You are going to be jealous and try to ruin her relationship just like you are doing right now

Me: my brother is obsessed with money and making kids! He doesn't have time for her so I'm here to keep her company

I took my car keys and left

KELEBOGILE.

I had a terrible dream and ora is not answering her phone! Maybe that woman was right about her roommate because I dreamed her holding a knife and she was busy laughing then I looked down and I saw ora on the pool of blood. I can't lose my little sister, she's all I have and I promised my parents to protect her...so I was waiting for thando then my phone rang it was Ora

Me: oratile Candice morulane!

Ora: what's wrong!? Sorry I didn't answer your calls earlier I was in the shower

I sighed relieved

Me: oh thank goodness you are okay! Ora please be careful hle  
I had a terrible dream

Ora: not this again sis! Salamina is harmless bathong she's even  
teaching me bible

Me: okay why are you reading a bible now!? What's going on  
and don't you dare lie to me!

She sighed

Ora: I saw some women standing on the window and when I  
asked her how can I help her she disappeared

Me: okay that's it I'm coming to fetch you right now!

Ora: no no no sis I have been watching horror movies so I think  
I'm seeing things because of them! I'm fine okay

Me: okay but tell me if anything happens neh!

Ora: yes....I love you

I smiled Me: I love you too bye

I hang up then few minutes thando arrived

Thando: sorry I'm late! Traffic is a nightmare

We hugged then sat down

Me: it's okay you are here now

We ordered english breakfast and talked about random stuff

THANDO.

I had an amazing time with kele and I hope she will be available tonight for dinner! After breakfast my brother called me to come at his office and when I got there I found his mother.

Me: you ran to mommy I see!

I said that sitting down

Mom: thandolwethu what are you going to do with the secret!?

Not even a hello my daughter nyana!? But I did i expect because we don't get along

Me: that's me to know and you two to leave me alone

Ntando: sis come on!

Me: you need to grow up ntando! Always running to mommy every time you have a problem

Mom banged the table

Mom: thandolwethu don't make me cut off you financially

I chuckled

Me: you have already done that mos! So what are you talking about!?

Her son looked at her shocked

Ntando: why did you cut off her financially ma!

Me: because she hasn't accepted me for who I am! And she wants baba to disown me that's why I have been traveling all this time

She clicked her tongue

Mom: I've already had four sons so I was hoping for a girl but you want to be a boy!

Ntando: she's still a girl just she's into girls ma! There's something else that you are hiding from us

Advertisement

right!?

She took her bag and left

Me: if she tells me that I'm not her daughter I would celebrate shame!

Ntando: you don't mean that

Me: your mother is an evil woman and if I tell you half of the things she did to me when I was young you probably hate her too

I got up and left

BONTLE.

My mother took me to this ugly women and she gave me something to bath in so I hope it works or else I'll go crazy on her! I'm still at my mother's house helping my sister to plan her wedding and she wants to copy me even though she knows that her husband doesn't have the money.

Me: maybe you should hire a wedding planner that's cheap

She looks at me like I'm crazy

Lerato: what are you trying to say!?

Me: rato face it okay your fiance is not exactly rich hao! He probably going to get a loan so he can give you, your dream wedding

Lerato: oho i see! You think that you are all that neh just because you married a rich guy huh!? Listen here sesi my husband can afford to give me a big wedding because he owns two hotels and a restaurant so if you don't want to help me just say so hao!

She got up and went to her room then mama sat next to me

Me: your daughter is a drama queen shame!

Ma: don't look down on people just because you married a rich boy bontle!

I rolled my eyes

Me: whatever ma! Anyways let me go so I can prepare to make babies tonight

Ma: don't forget to bath with that muti

I nodded then I left

KELEBOGILE.

I used to be happy going home after work but now thinking about going to that house is not exciting so I decided to check on some orphanage and spend time with the kids. I think I should adopt twins cause I want my legacy to continue when I'm no longer in the living world so I hope ntando agrees but I don't care if he doesn't agree! I got home and found him watching soccer then he switched off the TV when he saw me

Ntando: hey!

I took off my shoes

Me: hi! Can we talk?

He nodded then I sat down

Ntando: should I pour you wine?

I shock my head no

Me: I want to adopt twins!

His eyes popped out

Ntando: what!?! But why!?!

Eh what does he mean why?

Me: bathong ntando you are going to have kids with bontle and I want to have kids too so I'm going to adopt

Ntando: babe after I have kids with bontle I'm getting rid of her so we can raise the kids together

Me: what!?! You can't separate the kids from their mother  
ntando!

Ntando: she's not fit to be a mother makhumalo! I mean she cares about expensive stuff and being famous so she's leaving after she gives birth

I chuckled

Me: why did you even marry her if you are going to get rid of her!?!

He swallowed then I got up

Me: I'm going to adopt with or without you!

I went to my room

NTANDO.

Makhosi need to make something for my wife to get pregnant because there's no way I'm raising kids that were abandoned by their parents! So I drove to his house and I found my mother's car there then I stood outside to listen to their conversation

Makhosi: hayyyiii! I can't kill her she's protected by the khumalos ancestors!

Ma: come on makhosi! Okay make something that will make her behave like a girl ke

What the fuck!? She wants to kill thando?

Makhosi: okay come back tomorrow then

Ma: very well makhosi!

I stood on the door and when she turned around her eyes popped out

Me: who are you huh!? Why can't you accept thando as she is huh!?

Ma: n...n...ntando how long have you been here!?

Me: the way you are soo obsessed with power and getting rich you would kill your own family!

Ma: ntando your sister needs to marry prince zweli then you can get rid of those wives of yours and marry a Zulu women

I wish I could just slap her right now

Me: leave thando alone and I don't want her to marry that jerk!  
Leave before I call baba

She quickly took her shoes and ran then I stepped inside the hunt

Makhosi: i wasn't going to do anything to your twin sister

Me: you better not or else I'll kill you

He nodded then I told him what I'm here for

THANDO.

I was looking at the beautiful beach and listening to birds sounds then some women walked to me wearing all white and she is gorgeous too! She touched my chest then kissed my forehead somehow I felt so safe.

Women: I want to give you something that will protect you from evil people

She took out a bracelet and a necklace

Me: who are you? and why are you giving me this? Is something wrong!?

She smiled and put the necklace around my neck then the bracelet on my hand

Women: you are the only one who can help her! And save your family from evil

Okay what's going on here!? Is my family in danger

Me: ma'am what's going on!?

Women: start to pray night and day! Don't take off this bracelet and necklace no matter what okay

She kissed my forehead again then disappeared

END OF THE DREAM

I was woken up by boi shaking me roughly

Me: dude what the fuck!?

Boi: my girl has cooked dinner so come and eat! Nice necklace bra

I quickly got off bed then looked at myself on the mirror and I saw the necklace and bracelet

Me: no way!

Boi: where did you buy them!? They look dope

I smiled

Me: you can't find them anywhere cause they are special

She rolled her eyes then we went downstairs

ORATILE.

There's something wrong in this room and I'm scared for my life! I think the women that told me and my sister was right about salamina because last night I heard her talking in the shower like she's talking to someone then she prayed in tongues which was so scary cause she was shaking. I woke up very early to avoid her and waited in the library

"Oh hey Ora what are you doing here so early!?"

That's my desk mate noluthando

Me: I'm avoiding someone!

Nolu: you mean salamina?

I nodded

Me: I want another roommate cause she's scaring me!

Nolu: didn't my mother give you something to protect yourself!?

I looked at her confused

Me: your mother!?

Nolu: yes! The women who told you to be careful of salamina is my mother

My eyes popped out

Me: so you knew about salamina!?

She nodded

Nolu: the first time I saw her there was something bad about her then my mother told me to be careful

Me: oh god! Am I in danger?

"Yes you are! If I was you I would go to consult with someone or else you are going to die!"

Nolu: don't listen to her ora she's trying to scare you! Go away  
Amanda

Amanda: I was her roommate then few months I couldn't sleep and my school work got really bad! Please go to her mother or someone you know before it's too late

Nolu: i thought it was just a rumor when i heard your story

Amanda: well it's not ey! That girl is evil

Me: oh girls I can't go back to that room bathong! I'm going to talk to the headmaster about moving to another room

Nolu: I'll go with you

We got up and left

BONTLE.

This man wants kids but he didn't come to my room last night so this morning I went to the guest room and guess what? he was there, I did my magic and we had five rounds.

Ntando: there's something about you that changed! I hope you are not using muti on me

I swallowed

Me: bathong ntando!! I don't believe in those smelly and disgusting stuff yoh!

He sighed

Ntando: okay sorry ke! Let's hope you will be pregnant soon cause I want to focus on my wife

Me: I'm also your wife mos!

Ntando: bontle not now please!

He got dressed then walks out and I called my mother

Mom: and then so early in the morning!

Me: why can't men fall in love with me!? I feel like ntando is using me nje

Mom: just like you are using him to take care of me and have a better life!

Wow!

Me: seriously mama! So I can't be loved like any women out there!?

Mom: maybe if you change your attitude then you might be loved

She hangs up before I could say anything

Me: mxm I'm giving you allowance this month

I said that to myself then I got up and went to my room few minutes later I went downstairs and I found thando with first lady laughing

Me: morning!

They stopped laughing and looked at me

Thando: damn! I never paid attention to your body but I see right now is giving me goosebumps ey!!

I blushed

Me: stop it thando hao!

I took out bottle of water then I went outside

NTANDO.

Makhosi gave me something to make kele forget about the adoption issue and hopefully it might get her pregnant because there's nothing wrong with her so I'm praying so hard for that. I was busy working then my parents walked in and sat down, I'm still angry at my mother and I don't think I'll be able to look at her the way I did.

Baba: junior what's this I hear from your mother huh!? We didn't raise you to disrespect your adults and threaten them!

I chuckled

Me: seriously ma! Baba did your wife tell you that she wants to kill your daughter?

He looked at her and she looks down

Baba: makhumalo is this true!?

Me: she hasn't accepted thando for who she is so she wanted to kill her or give her something to make her a girl

Baba: because of prince zweli? I swear on my parents grave I'll kill you if anything happens to thando

Advertisement

do you understand me!

She quickly nodded then swallowed

Me: there's nothing wrong with thando and I think it's your fault that she's like that because you were never there for her

Baba: I agree with you son! You were too focused on whatever god knows what

She started to cry

Me: be a mother and stop your obsession with power ma!

Thando needs you

Baba: I'm going to call her and you are going to fix your relationship with her okay

She nodded then they got up and left

THANDO

Okay where did my brother find these gorgeous sexy womens huh!? Anyways I'm not in his house to look at his women, I came to fetch kele so we go to oratile's school. I dreamed or I had a vision of her screaming for help then when I woke up I found a necklace so that means I must give it to her.

Kele: why are we going to ora's school? I sighed

Me: I dreamed her screaming for help so I have to give her this necklace for protection She looked at it and smiled

Kele: this reminds me of my grandmother she had the same necklace

Wait what!? Could that women be her grandma?

Me: do you have a photo of her?

Kele: I'll show you on Monday cause tomorrow we are going back home I nodded

Me: are you okay though!? You seem down

She sighs

Kele: I'm ready to adopt but your brother doesn't want to adopt

Me: you don't need him okay just do your thing and there are many kids who deserves to be loved

Kele: but what if they would want his signature or ask how our marriage is!? You know I can't lie, right!?

Me: you are a young beautiful businesswoman and you are going to be a great mother so if they can't see it then you'll try somewhere else okay

She nodded

Kele: WATCH OUT!!

BANG!!

NARRATOR.

Kele and thando hit a tree so that they don't hit a women who was standing in the middle of the road then few minutes later kele woke up and checked if thando was still alive but she couldn't find a pulse so she called an ambulance. She slowly got out the car and looked around to see if that women was still in the middle of the road then few minutes later the ambulance came and took them to the hospital.

MEANWHILE AT MAKHOSI'S HUNT

Makhumalo was going up and down playing with her fingers then makhosi walked out and looked at her shaking his head

Makhosi: if your family finds out about this it's game over for us zandile! Why do you hate her khanti?

Makhumalo: i don't hate my daughter okay I just want the best for her! Prince zweli is the perfect husband for her and she'll be well taken care of

Makhosi: you have to go before your family doesn't find you!

She nodded then drove home and she found her sister standing on the door

Makhumalo: za...za...zanele!

She was sooo shocked because she made sure that she's dead

Zanele: I want my life back! And I want my twins back too

Makhumalo: zanele how did you survive?

She chuckled

Zanele: you brought me home by causing an accident for my daughter!!

Her eyes popped out

Zanele: tell makhosi that he must watch out because I'm coming for him nx!

She walked out leaving my makhumalo shaken and scared

NTANDO.

I was in a meeting then my PA told me that my wife and sister are in hospital so I immediately drove there! I got to the hospital and the stupid receptionist was busy flirting with me instead of telling me where's my wife and sister so I looked for a nurse.

Me: sorry nurse! My wife and sister were admitted here

Nurse: what's their names sir?

Me: kelebogile and thandolwethu khumalo

Nurse: oh let me show you their ward

I followed her then I saw them sleeping peacefully

Me: what happened!?

I sat next to kele

Nurse: let me get the doctor so he can explain

I nodded and she left few minutes the doctor walked in

Me: doc are they going to okay!?

Doc: and you are!?

I mentally rolled my eyes

Me: this is my wife and this is my sister

Doc: they will be fine mr khumalo but your sister might lose her memory because she hit her head very hard

I looked at them

Me: please take care of them! Make sure no one gets in here except for you and the nurses

He nodded then I kissed their foreheads and drove to my parents house

Me: MA! ZANDILE!!

My father came down

Baba: what's going on ntando!?

Me: baba thando and my wife are in hospital so where's your wife!?

She came inside holding her garden stuff

Baba: zandile what did I tell you this morning?

Ma: that you swear on your parents grave you'll kill me if anything happens to thandolwethu!

Me: well thando is in hospital with my wife mother

She dropped her stuff and put her hands on her mouth

Ma: is she okay? Oh god we should go there!

I shock my head

Me: you should be an actress ey! Stay away from them or else I'll kill you!!

I walked out and drove back to the hospital

ORATILE.

I have been trying to call my sister for hours but she's not answering her phone so I tried sis'thando and she's also answering hers too! Something is wrong cause I can feel it. I'm in noluthando's room because the headmaster said that she'll move me here tomorrow, apparently I'm not the first girl to complain about salamina but they can't kick her out of the school because her mother is the chairman so we are stuck with her.

Me: thank you for letting me be your roommate!

She smiled

Nolu: no need to thank me friend! You have been through a lot so you don't deserve this

I nodded

Me: I hope I'll sleep peacefully....mxm what am I saying huh?  
I'm worried about my sister

Nolu: she's fine! She will call you tomorrow morning

She knows something

Me: nolu what's going on?

She sighed

Nolu: your sister got in a car accident on the way here

Me: WHAT!? Why was she coming here because she usually calls me first

Nolu: she was coming with thandolwethu to give you a necklace that will protect you

Me: do you think she knew that they are coming?

She shrugged her shoulders then I suddenly felt scared

SALAMINA.

She had everything while I was suffering and being a sex slave! I'll not rest until they suffer because they took my father away from me and my mother had to wash other people's clothes. She thinks moving out of this she'll be free? Mxm she has another thing coming shame! I'm going to take her intelligence

her beauty and kill her. I was in my room chilling then my dark fairy mother appeared she's my mother's sister

Me: what's our next plan!?

Dark fairy: unfortunately we can't do anything now because she's protected so I have to make something strong

Me: what do you mean she's protected? She sighed

Dark fairy: you have to get rid of that Zulu girl then we can get her

Me: let's focus on her sister then and wait for the potion

She looks at me

Dark fairy: are you scared of that girl?

Me: I can't breathe when she walks towards me or when we are in one room! It's like she's killing me

Silence!!! Me: so we focus on her sister, right!?

She nodded then my mother walked in and she disappeared

Mother: who are you talking to!?

She said that looking around

Me: I was on the phone mama

Shit she saw my phone on the charger

Mother: Mina you were not talking to that good for nothing aunt of yours, right!? I swallowed

Me: no mama I don't even remember her!

Mother: if I find out that you are lying to me salamina I'll kill you with my two bare hands understood!?

I nodded and she went to the bathroom

BONTLE.

Yoh I don't know if I'm evil or what but when I saw that kelebogile was involved in a car accident I wished that she can die so I can take over! Mxm they survived and ntando is busy trying to find the person who caused the accident.

Me: ntando we have to start making love before I....

He cuts me off

Ntando: my wife is in hospital and you are busy thinking about kids seriously!! Go to your friends or something I'm busy here

I walked out of his study and went to change then I drove to masego's house she's my cousin

Masego: and then wena?

Me: that bitch survived the accident!

She chuckles

Masego: you should know by now that kelebogile is not going anywhere sesi! Wena just give ntando kids and he's all yours

Me: heyi i also want to be loved and be taken care of bathong!  
He only sees a baby machine

Masego: but that's got you here mos!

Me: but that doesn't mean he should treat me like a trash hao!

Masego: i don't get why you are complaining because you always wanted to marry a rich guy so that you don't have to work

I sighed

Me: I know but everywhere I go I just see happy couples and you should see how ntando is looking at kelebogile! I want someone to look at me like that too

Masego: he will just be patient okay!

I nodded

Masego: now let's go shopping

We got up and left

KELEBOGILE.

I slowly opened my eyes then I looked around and I saw my mother inlaw but she was more beautiful than the last days I saw her

Mom inlaw: I'm not zandile! I'm zanele her twin sister

My eyes popped out as she helped me drink water

Me: wow you look gorgeous and thando looks like you!

She smiled

Zanele: she looks like me because I'm her biological mother!

Wait what!? No wonder zandile doesn't get along with her

Me: but where were you!?

Zanele: i was trapped somewhere but now I'm back to take my life

I looked at thando

Me: is she going to be okay?

Zanele: yes she'll wake up soon! Do you love him?

I looked at her confused

Me: who?

Zanele: my son ntando!

I sighed

Me: to be honest with you ma, I don't love him anymore cause he doesn't have time for me and he has become obsessed with money and power

She holds my hand

Zanele: your soulmate is looking for you so he can take care of you and your children!

Me: I can't have kids

Zanele: you can have kids but not with my son cause he's not your soulmate

Wow I don't know what to say

Zanele: I'm here to help you find your happiness but its not going to be easy because he's going to fight us

Me: ntando?

She nodded and I sighed

ORATILE.

I couldn't sleep at all last night until nolu gave me her necklace then I slept like a baby! The headmaster helped me move in with nolu and she also gave me a bible to read cause she saw how scared I was when we went to salamina's room. I want nothing to do with her and I hope she stays away from me anyways I finished packing up then my phone rang it was my sister

Me: sis! Are you okay!?

Sis'k: hey nana and yes I'm okay!

Me: thank goodness! Is sis'thando okay too?

Sis'k: ora do you know that we are in hospital?

I chuckled

Me: yes I do! My other friend told me that you were on the way here then has an accident

Sis'k: keep that friend! We wanted to give you a necklace for protection from your roommate

Me: I've moved out of that room but I don't think she's going to leave me alone

She sighed

Sis'k: there's something about that girl and I don't know what so I need you to find out what's her problem

Me: bring the necklace first and I'll start to investigate

She laughs

Sis'k: okay fine! I'll bring it uhm I have to go now talk later neh

Me: okay love you

Sis'k: love you too nana

She hang up and nolu walked in with Amanda

Me: hey girls

Amanda: I think you and salamina are stepsisters

Me: what no way!

Nolu: you both have a cute birth mark on your right leg and you have small eyes

nose and smiles

Amanda: look at your father then look at her

She said that giving me a tablet and I look at the pictures

Me: no no no no!! She's not my sister

I gave her the tablet and I walked out

NTANDO.

The hospital called me and told me that my wife is awake so I bought her favorite food then drove to the hospital! I found her watching TV then I noticed some women outside.

Me: who is that?

Kele: your biological mother

I chuckled then gave her stuff

Me: zandile is not that small baby

Kele: that is zanele her twin sister! Your biological mother

Me: are you okay? Should I get the doctor!?

Kele: mxm! I'm fine....I'm still going ahead with the adoption whether you like it or not

Me: kelebogile you are not adopting any kids!!! If you dare adopt don't give them my surname

Kele: i wasn't planning to

My eyes popped out

Me: what!?

Kele: I'm not building a khumalo legacy here! I'm building morulane legacy so don't worry about your surname cause I don't need it

Wow that hurts

Me: what happened to the sweet, kind, caring kelebogile that I've fallen in love with huh?

Kele: she grew up! And realized that her husband is obsessed with money and power

I looked down

"I don't even recognize you anymore too! You have changed bro"

I looked at her

Me: thando! Should I call the doctor?

Thando: I'm fine!

Kele: i need to rest so can you leave

I slowly got up and left then I sat on the bench

Me: what's going on!?

I said that rubbing my head and I was feeling so hot

THANDO.

Most people would be so shocked or confused if they were in my shoes but I'm not cassie i can see that she's my mother the minute we looked at each other, I felt a strong connection too so I cried tears of joy. I never called zandile mom when it was just the two of us cause there was something that kept telling me that she's not my mother but I didn't paid attention to it! I wonder how ntando is going to feel about this and ubaba will be sad that we are not his kids I mean I kinda suspected it when we teenagers because we are light skinned and they are brown. I was in the bathroom then when I came out I found zandile talking to kele

Zandile: oh thandolwethu!

She tried to hug me but I pushed her back

Me: don't touch me!

Zandile: thando it's me your mother!

Me: you are not my mother wena zandile! My mother is zanele who is behind you

She quickly turned around and almost had an heart attack

Mom: I want you to tell your family the truth cause I want my kids back! My son doesn't know what's going on with him now and it's all your fault!

Zandile: sis lets talk about this okay! If I tell everyone the truth it's over for me

Me: well you should have thought about that before you did all of this!

She was about to respond then kele screamed so loud and she started shaking

Mom: our father who art in heaven hallowed be thy name thy kingdom come thy will be done on earth as it is in heaven give us this day our daily bread and forgive us for trespasses as we forgive those trespass against us lead us not into temptation but deliver us from evil....for thine is the kingdom and the power and the glory and forever and ever Amen FIRE FIRE FIRE!!!!

She stopped shaking then mom fell down and I went to her

Me: mama! Wake up

Voice: she's fine just tired!

I saw zandile still standing there like a statue then I got up and checked kele

Me: what's going on kelebogile!?

Mom: we have to help her before it's too late!

She said that sitting next to me

Me: what was going on?

Mom: to be honest with you I don't know what's going on with her but I'll find out before the end of this week okay

I nodded then I looked at zandile again

Me: what's wrong with your sister!?

She chuckles

Mom: she never liked to pray and always freez when someone prays

I shook my head

SALAMINA.

I was taking a nap then I suddenly felt like I was burning up so I ran to the bathroom and I took a cold shower but it made everything worse cause my skin started peeling off then I couldn't breathe probably. Few minutes later my aunt appeared breathing heavily and she was also burned!

Me: what happened!?

She sat next to me

Aunt: it's over Nana! They are protected by a powerful person and there's nothing we can do

Me: no no no no!!! They need to pay for everything I went through okay!

Aunt: it's over salamina! And I'm retiring from this so this is goodbye

Me: you are seriously giving up!? We have done this before and won auntie!! They need to pay

She sighs

Aunt: it's not their fault that you suffered mina! Your mother had an affair with their father then she ran away when your father wanted to be apart of his family

My eyes popped out

Me: what!?

Aunt: I lied to you okay! I wanted to feel how it's like to have a child and be a mother so I told you lies

I couldn't believe this

Me: please heal me then I don't ever want to see you cause I almost killed my sisters! I hate you!!!

She puts her hands on me then few seconds I was back to normal and I got up

Aunt: I'm sorry nana i...

I cut her off

Me: LEAVE!! I'm getting rid of everything that you gave me

She disappeared and my mom walked in then I hugged her tight

Mom: ssshhh it's okay my baby!! Everything will be fine

I can't believe I almost killed my sisters for something that they didn't know or do!

NTANDO.

I don't know what's going on with me cause I feel somehow and I feel like my head is about to explode! I found myself in a beautiful house and inside of the house it was all white and touch of gray. I made myself some food then I watched movies few minutes or hours later I was woken up by zandile

Me: what are you doing here!?

I asked annoyed

"I'm zanele not zandile!"

I almost dropped the dishes I was using

Me: what!?

Zanele: I'm her twin sister and your biological mother

Me: no no no you are lying!

Zanele: you came to my house cause you need me, your mother and I'm here to fix your life son by starting to remove that necklace

I looked at the necklace and it was black instead of red

Me: what happening? It's supposed to be red not black

Zanele: it's burned because you are in the house of god

She took it off and put it in a small bag

Me: are you really my mother!?

She nods smiling

Zanele: yes my son!

Somehow I found myself hugging her so tight and I cried

UNKNOWN.

We all sat down then we looked at the seer who called the meeting at such notice! He burned some muti making us cough and smoke filled up in the house that we couldn't see anything probably. Few minutes the smoke was cleared and he looked at us one by one

Seer: I have finally found our queen!

Oh thank goodness! We were starting to give up on finding her

Me: so where is she?

Seer: hhhaaayyiii!!! Before you go there I have to give you something for protection because the other ancestors won't let go of her that easily

Mother: then this shows that we should leave her alone and find other queen

We gave her a death stare then she looks down

Me: you can't be a queen forever ma!

Seer: and whether we didn't find her, you would be still stepping down as a queen

She swallowed

Me: bab'ngwena is everything going to be back to normal once the queen is here!?

He nodded

Seer: yes and she'll also strength the kingdom and protect it too

Aunt: I can't wait to see her ey! You deserve a strong woman and she give you many kids

Mother: what if she can't kids like your ex slay wife?

This women is testing me now! Since papa died she became this bitter women

Seer: please excuse me I have to go prepare for our journey tomorrow

We nodded then he got up and left

Uncle: son tell us when that family refuses with our queen and I'll come there without wasting any time

I smiled

Me: I will do so malome!

Aunt: I can't wait to plan a big wedding and see all those kingdoms that made fun of us faces when they see our beautiful kingdom

Mother: this is my son so I should be the one planning his wedding not you!

Me: actually I want her to plan my wedding because you have a dark heart and you are not happy for me so auntie you have my permission okay

She nodded then I got up and went to my study

Me: papa everything is going to be fine now and I'm going to make you proud

I said that looking at his photo

ORATILE.

It's Friday today and after classes I went to my room to pack some few clothes because I'm going to my sister! So as I was packing up there was a knock on the door and I went to open, I couldn't believe my eyes

Me: what are you doing here?

She looks down and plays with her hands

Me: I don't have all day salamina!

Salamina: i know I'm the last person you don't want to see and I don't blame you! My aunt fed me lies about what really happened between my mother and our f....I mean your father

So she's really my half sister!?

Me: How long have you k'mom that we are half sisters?

Salamina: since I was ten years old! We once met at a school trip and I asked my mother then she confirmed it

Me: okay! Uhm I have to go

Salamina: i hope one day you'll forgive me and maybe try to be sisters

She walked away and I continued packing then later I arrived at the hospital

Me: hello I'm looking for my sister kelebogile khumalo

The receptionist typed on her computer

Receptionist: ward 29

I thanked her and walked to the ward then I found sis'thando packing up

Thando: oh hey my angel!

We hugged

Me: hey sis! Are you going home?

Thando: yes! I should be excited but I'm not ey

She said that looking at my sister

Me: what's going on with her!? I thought she's doing well

Thando: she went into a coma last night angel

I went to her side and hold her hand

Me: hey sis please wake up hle!

sis'thando came to hug me and I cried

NTANDO.

My mother and I spent the night getting to know each other then we fall asleep on the couch! She's an amazing woman and I can't believe she is zandile's twin sister. There's something blocking me from seeing my wife at the hospital then there's bontle who is busy buzzing in my ear that I'm not giving her attention! I mean like since she came into my life I never gave her attention so she must chill. I was in my office working then zandile walked in

Me: what do you want zandile!?

Zandile: oho now that you've found your mother, you are disrespecting me? I gave you guys everything you wanted and took care of you instead of killing you so I could get rich!

I.couldn't believe!

Me: the way you are so obsessed with money you can kill everyone that stands in your way and you even made me be obsessed with it! Money doesn't buy love and happiness

She rolled her eyes

Zandile: do you know that me and zanele grew up very very poor and sometimes we would go the whole week without food or water so you should be thanking me for taking care of you because you would have suffered like us

As I was about to respond my mother walked...did I mention that this women is gorgeous if she wasn't my mother I swear I would've flirted with her

Zanele: i had an amazing childhood even if we were so poor because our parents showed us love

Advertisement

kindness and caring for other people! You didn't see that because you wanted to be like your friend but have you seen her right now!?! Shame she's looks so old and thin too so I'm glad I grew up poor

Zandile: whatever zanele! Just know that I'm not going to sit back and do nothing, I'm going to fight for my family and my children

I chuckled

Me: we are old enough to make our own decisions! You need to worry about what are you going to say to your husband!

She swallowed

Zanele: that man is a good person and wena you only care about yourself! Please leave my children alone

Zandile: they are my children zanele!! Stop this nonsense of yours man!! I'm giving you three days to leave and never return or else!!!

She left

Me: maybe we should do DNA tests

Zanele: so you don't think that I'm your mother!? You know what I'm not going anywhere cause i want to see what she's gonna do to me YOUR MOTHER!

She looked at me for a while then she left

Me: oh god what's happening!?

NARRATOR

Makhosi was busy mixing some herbs for his clients then he had a vision of zanele and zandile fighting then when they stopped someone was on the floor bleeding. He tried to find

out who is the person that was on the floor but the bones were not showing him anything then zandile barged in his hunt

Zandile: i want you to make me strong so I can fight zanele!

He shook his head no

Makhosi: someone is going to die in your fight!! I have too much blood on my hand and my ancestors are very angry at me

Zandile: makhosi you don't understand okay! I've worked very hard to be where I am today and I'm not going to let my sister ruin everything! She has to die now and this time I'm going to make sure she's dead for real

He got up and dragged zandile out of his hunt then threw her on the floor

Makhosi: what part of my ancestors are very angry at me for not using my gift properly don't you understand huh!? I'm in this mess because of you zandile I almost killed ntando & thando MY CHILDREN because of your obsession with money!

Her eyes popped out

Zandile: they're your children!?

He slowly sat down on the bench and rubs his head

Makhosi: i found out last night when my mother came to visit me in my dream! She told me that she and ubaba they very

disappointed in me that's why they blinded me not to see that the twins are mine

Zandile: so who has half of your gift and half of zanele's gift?

Makhosi: thandolwethu that's you didn't get along with her cause there was something protecting her

He got up and walked to his house then zandile followed him

Zandile: okay you don't want to help me, recommend someone who is powerful than you and zanele!

He chuckled

Makhosi: if I was you I was going to give up because you've already lost ey! Please get out of my house and never come back

Zandile: you know that when I go down you are also following me, right!?

Makhosi: leave zandile!!!

She ran to her car and drove off

THANDO.

Kele has been in a coma for weeks now and ntando refuses to let prince otsile go to the hospital to wake kele up because that's what the ancestors want mara as always ntando has to be stubborn. I tried so many times to convince him to let prince otsile go the hospital but he doesn't want to so I'm going to blackmail him with something that could take him to jail for life! He's my brother and I love him so much mara when it comes to his stubbornness I hate him. I arrived at his house and I found bontle making breakfast

Me: sister inlaw!

She gave me a fake smile and I chuckled then went to my brother's study

Ntando: if you are here to talk about that boy going to my wife then you are wasting your time

Me: that boy is kelebogile's chosen one...she's the future queen of Botswana! Just let her go because zandile has spilled the beans

Ntando: if you don't get out of here in five minutes I swear I'm going to kill you

He said that getting up

Me: fine you leave me no choice ey! If you don't let prince otsile go to the hospital I'm taking this to the police station

I threw the file on the table then he looked at it

Ntando: you wouldn't dare!!!

Me: try me

He walked to me

Ntando: kelebogile is my wife and I love her so much! You are my twin sister and I don't want to do something that I'll regret

Me: call him and give him permission to go to the hospital or else I'm going to the police station!! I'm giving you four hours bro

I walked out

Bontle: uhm thando do you think he's going to do it?

I.guess she was listening

Me: pray he does it!

I left

SALAMINA.

I'm now going to a church and reading a real bible, my aunt apologized to my mother then she killed herself and we buried her last week! At school well I'm a loner and I'm focusing on my books. It's break time and I went to buy then I went to sit on my spot few minutes I saw oratile walking towards me then she sat down next to me and gave me a box

Me: what's this!?

Ora: that's a box of our father's pictures and our grandparents

I opened it with tears already coming out

Me: wow I don't know what to say!

Ora: I don't know how to hold a grudge and I believe in second chances so I copied the pictures

Me: thank you so much oratile!

She smiled

Ora: see you look like granny and aunt sarah

Me: wow so we are going to be like this when we grow old

We laughed

Ora: I guess so! Uhm so sis kele is in a coma and it's not looking good at all

Me: can't the doctors do something that could help her!?

She sighed

Ora: there's someone who can help her but ntando refuses to let him in the hospital

Me: you mean prince otsile is here!?

She look at me confused and I looked down

Ora: oho your aunt told me neh!?

I nodded

Me: sorry!

Ora: what else did she tell you!?

Me: that sis kele is going to be a queen of Botswana and your dream of being a singer will come true

Ora: ah!! Are you serious!?

I nodded then she hugged me

Me: OKay okay you are squeezing me!!

She let go of me

Ora: sorry! I got excited there

We continued talking

BONTLE.

Since thando left the house ntando has been going up and down

I think he's panicking and I wonder what is in that file that got him so scared. I'm finally pregnant but I'm the only happy for this baby because ntando is busy paying attention to someone who doesn't belong to him! I was washing the dishes then ntando called me

Me: yes

Ntando: i can't call that prince whatever his name is cause kele is my everything

I.rolled my eyes

Me: ntando kelebogile is not your soulmate and the more you delay her of waking up is the more you are killing her! I'm pretty sure you don't want her blood on your hands, right?

He nodded

Ntando: i guess I have to let her go then

Me: kelebogile wants to be a mother and that won't happen with you cause you know very well that she's not yours

He looks down

Ntando: what if that prince abuses her huh? Or she won't love him

Me: argh ntando grow up hle! I'm pregnant for heaven sake don't you think I deserve your attention, I mean you have been telling me to get pregnant bathong!!! Leave kelebogile alone she's not yours ANYMORE!!

He gave me a death stare then walks away and my phone rang it was my mother

Me: mama!

Mom:and now what's wrong?

Me: nothing I can't handle! Is everything okay?

She sighed

Mom: can you please help your sister with her debts....

I hang up before she can go on and on about my sister's debts

PRINCE OTSILE.

NTANDO.

Saying goodbye to the person I wanted to spend the rest of my life with was very hard and I don't think I'm going to love any woman the way I love her! Kele woke up 30 minutes after I left yesterday so I guess the prince is really her soulmate. I've asked my lawyer to prepare divorce papers and I want to buy a new house that I'll share new memories with my kids and maybe I might give bontle a chance

"Everything is going to be fine my son"

Thats my mother walking in my room and she gave me coffee

Me: can't you do something ma!? I don't know if I'll be able to let her go just yet

Ma: son bontle is pregnant with your first child so how about you focus on them and leave kelebogile alone cause the more you fight her she'll hate you! Is that what you want!?

I shook my head no

Me: I hope that prince treats her well or else I'll kill him

Ma: he's a good guy ntando! Kelebogile is safe okay

I nodded then I got a call from my lawyer

Me: what's up man!?

Lawyer: your second wife just left my office, she's asking me to file the divorce papers

I put the mug on the table then I got dressed

Ma: give her a chance maybe she's your soulmate

I took my keys and drove to my house

Me: bontle!!

I found her in her room packing up

Bontle: you will be part of the baby's life and I hope you find a women who can make you happy

I made her look at me

Me: please don't leave I promise you I'm going to change! I even want to buy you a new house and give our relationship a chance

Bontle: are you saying that because kelebogile is leaving you!?

I sighed

Me: I'll always love her but she's not my soulmate and she will never be happy so I'm letting her go so I can focus on you and our baby

She smiled

Bontle: i know it will take time for you to forget about her and I totally understand! Once you are ready to date again I'm here okay

I kissed her forehead

Me: thank you! Now let's go look for our new house

She took her bag and we left

ORATILE.

Salamina is a good girl and we get along very well! I got a call from sis'thando saying that my sister is awake and she's coming to fetch me tomorrow because Sis'k has something to tell me. I was chilling with nolu and Amanda then wendy the IT-GIRL came to us

Wendy: is it true that salamina the witch is your sister!?

Me: yes it's true!

Wendy: eww!! Does that mean you are also a witch!?

I chuckled

Me: I thought this school takes the best learners!?

Amanda: oh my dear friend ora! Wendy is in this school because her father donates lots of money for the school

Nolu: and money talks too ey

She clicked her tongue then walked away

Me: this girl needs to focus on her books nje!

Nolu: forget her! I want you to know that we will always be your friends it doesn't matter where you are okay

I looked at her confused

Me: what's wrong!?

She sighs

Nolu: just be happy for your sister and don't forget about us!

She hugged me then ran to the bathroom

Me: what's going on Amanda!?

She shrugged her shoulders

Amanda: you know that she's a gifted person maybe she saw something

Me: I hope it's not something bad ey!

Amanda: nah I don't think it's bad

I mean she would have told you ankere

THANDO.

Everything is coming together nicely and I'm glad my brother is finally letting go of kelebogile cause she deserves better! So three days ago I went to a club with my friends then the next day I woke up with a guy....now he's busy stalking me and he says I'm too hot to be a lesbian! I'm at my mother's house because I'm avoiding the guy

Mom: you can avoid him forever lwethu! Give him a chance and who knows he might be your soulmate

Before I became a lesbian I dated this from my school and everything was perfect until one day he invited me to his place and I found his friends naked....and they took turns with me

Me: I'm a lesbian mother

She sits next to me and holds my hand

Mom: deep down you know that you are not a lesbian, you are scared of getting hurt and you think the next guy you date might do the same thing that your ex did

Me: yes you are right! I don't want to go through that ever again so its best I date girls

Mom: well lwethu the guy is your husband

I chuckled

Me: my husband!? I don't think I want to get married

Mom: ai lwethu i thought your brother is stubborn mara you are the one who's stubborn

Me: I'm not stubborn hao

We laughed

Mom: uhm there's something I have to tell you

I already know what she wants to tell me

Me: how did your relationship work? I mean you are a prophet and makhosi ia a sangoma that's weird for me

She giggled

Mom: there's nothing weird about our relationship wena lwethu! Your father was still learning about his gift when we were dating

Me: oho okay! So have you told ntando?

Mom: I don't even know where to start ey!

As I was about to say something I felt like someone is in danger and I couldn't breathe

Mom: lwethu breathe nana please breathe!!!

I felt like someone is holding my neck then I looked at mom who was crying and lights out...

KELEBOGILE.

I can't believe my soulmate is a prince! A royal prince yoh I was so shocked when he told me that he's a prince ey, so I'm going home tomorrow but I'm not going to the house that I was staying at because it will be harder for ntando to let me go and I also think I won't be able to leave him too cause part of me still loves him. I can't just forget about him like we've never shared good and bad memories together! He always be my first love and I hope he can give bontle a chance. I was watching tv then thando walked in followed by her mother and she looked like she was crying

Maybe I should kill myself cause I'm all alone

Thando: no no no you are not alone kele! I'm here for you!  
Please don't kill yourself hle I'm begging you

She said that hugging me

T'mom: let me go ask the doctor to discharge you today so you

I nodded then she left

Thando: I'll find the person who did this! Whoever did it is  
going to pay

Me: that won't bring my sister back thandolwethu! She's not  
coming back ever again

Why does god hate me like this huh!? What did I do to him!?

## PRINCE OTSILE

So my queen is awake and I'm so happy! As for my mother  
mxm that women still wants me and her to get married so she  
can keep the crown, I seriously don't know what is going on  
with her because she knows that she can't be a queen forever  
mos. I've called her brother to come and fetch her cause I want  
to focus on getting to know my queen! So I drove to the airport

to fetch uncle maswabi then we went to have breakfast before we go home.

Uncle M: I'm pretty sure you are a little bit happy that no one here doesn't know that you are a prince so you can go wherever you want without your guards neh

I chuckled

Me: I'm actually very happy ey! I can breath and be myself

He nodded

Uncle M: so have you told her that she has to move to Botswana!?

I sighed

Me: not yet! I was hoping to get to know her first then we'll move to Botswana

Uncle M: i understand but the royal board won't so I suggest you tell her

Me: okay I'll tell her tomorrow

Uncle M: is she beautiful?

I smiled

Me: she is gorgeous malome! I've never seen such gorgeous women before

god took his time making her

He chuckles

Uncle M: i have to see her ey! She's making you blush

We laughed then few minutes later we went back home and found mama watching tv

Queen: these channels are boring! Oh hey brother what brings you here

Uncle M: I'm here to take you home! What nonsense I hear about you wanting to marry your own son!! Are you crazy!?

She looks down

Queen: she's not from our country and she not that beautiful

Uncle M: and who told you that you are beautiful because you are not!?

I held my laughter

Queen: I'm not going to let a stranger take this crown!!! It's either he marry me or I'll tell your stupid wife that she's going to be the fourth wife

Me: you wouldn't dare!!!

Uncle M: hey wena odirile!! I'm not going to let you ruin things for us okay! She's our queen and she is going to make our kingdom more powerful so pack your bags!!

She folded her arms

Queen: I'm giving you two days to think about this okay my son

She went upstairs

Me: FUCK!!

Uncle M: hey wena language!

Me: fix this malome!

I went to my study

NARRATOR.

Thando was wondering why couldn't she save ora from the fire and who the hell started it!? She had many questions that made her a bit dizzy so she stopped the car and got out to get some fresh air few minutes later someone hugged her and she cried again. After she calmed down she looks at the person and immediately felt something in her stomach

Thando: are you following me now!? Dude how many times must I tell you that I'm a lesbian

He chuckles

Guy: mabuthelezi I'm not going to hurt you or do what your ex did to you because I genuinely love you and I've been looking for you forever

She let go of him and sat on top of the car

Thando: i know I shouldn't compare you with my ex and I apologize for that but I get hurt easily.....and right now I'm going through something so I don't have time for relationship

Guy: the fire was started by wendy Williams, she wanted to burn ora's half sister salamina but unfortunately she locked the wrong person in the bathroom

Thando: how did you....

He cuts her off

Guy: I have a gift but I'm still learning about it just like you

Thando: why didn't you save her if you saw that girl start the fire!?

Guy: when I got there it was already late! Trust me I wanted to save her

They looked at each other for a while then thando looked down blushing

Guy: ladies and gentleman I made her blush!!

He said that clapping

Thando: mxm i don't blush! Anyways I have to go my friend needs me

Guy: don't let her marry the prince!

She looks at him confused

Thando: what do you mean!? The prince is her soulmate

He shook his head no

Guy:soulmates has to have connections and feel each other's pain like me and you

Thando: i don't understand now cause my mother said that they are soulmates

Guy: don't let her marry or leave with him hle! There's something about him that I don't get and you don't want your friend to be a fourth wife, right!?

Thando: fourth what!? He has four wives!?

Guy: yes and they are all trapped somewhere so please do what I say until I figure out something okay

She nodded then she left

ZANELE(thando&ntando's mom)

Kelebogile has been through a lot and now she lost the only family she has left with! What happened to oratile wasn't supposed to happen to her, she was at the wrong place at the wrong time and now she's gone. There's something bothering me and I can't seem to find out what's bothering me so I decided to go to my spiritual mother and get some answers because I also feel like I'm losing my gift too. I arrived at her house and I washed my face, hands and legs before I get inside the house

Mother: you haven't been praying and you have to introduce your twins to your ancestors

She said that as soon as I sat down

Me: my children are going through a lot right now and I haven't gotten time to go back home to clean up everything

Mother: I understand that my dear but you can't wait any longer because there's someone blocking you from seeing something that's why thandolwethu was struggling to breathe

Oh my god!!what!?

Me: okay okay I'll go home this weekend

Mother: tomorrow my dear not on weekend TOMORROW or else next time she won't be able to save herself

I immediately got up and ran to my car then drove back to my house

Ntando: whoa ma what happened!?

Me: we need to fly to kzn tomorrow morning

Thando: why!?

Me: because I need to introduce you to my ancestors so that they can protect you

They looked at each other then back to me

Ntando: ain't you and zandile twins!?

I rolled my eyes

Me: yes we are twins but she didn't introduce you to your ancestors.....I mean your father's ancestors

Thando: wait are you guys married!?

Me: he only paid lobola! Now go pack up hle

Ntando: but what about kelebogile!?

I sighed

Me: I'll figure something out now please go pack your clothes!!

I went to my room

BONTLE.

Everything is coming together perfectly and I think ntando is starting to forget about kelebogile! Oh god please make him fall in love with me hle and I promise to be the best wife that he deserves. I'm at mother's house and she is busy making my favorite food because I helped my sister with her debts.....

Me: mama you really don't have to make all my favorite food hle!

Mom: my grandkid has to eat bontle and your sister also said I should cook your favorite food while she's at the mall buying you a gift

Me: it's not a big deal bathong! She's my sister and I'll always be there for her

She smiled

Mom: pregnancy suits you ey! You remind me of me when I was pregnant with you

Me: ah mama don't lie hao you were so ugly when you were pregnant with me

She giggles

Mom: your brother was the one who made me ugly bathong!

Yep I have a twin brother but we disowned him he was stealing for us to buy drugs

Me: don't you miss him!?

She frown

Mom: no and I don't even want to see him ever again

My sister walked in carrying my favorite cake and a small bag

Me: I should help you more often so I can get spoiled

They chuckled

Sis: we are actually spoiling the baby not you shame

I hold my chest pretending to be hurt

Mom: ouch it hurts neh

Me: so bad!

We laughed and talked about random stuff

NTANDO.

So it turns out that makhosi is actually my father and I don't know how to feel about that because I have asked him to some pretty bad stuff for me to get what I want! This guy was so close to kill his own daughter and now I know why I have the same mark on my right hand. I seriously don't want to leave kelebogile alone but mom says this is very important so we have to leave

Advertisement

I was putting our bags in the car then some guy walked in like he owns this house

Me: and then wena!? Can I help you?

Guy: I'm looking for mabuthelezi

Me: and you are!?

He chuckles then takes off his cap

Me: lubabalo buthelezi!! Man when did you come back!?

We bro hugged

Luba: I came back few months ago!

Me: wow you also look great huh!? You even have muscles too

Luba: mxm don't start!

I Laughed

Me: but you said you are looking for mabuthelezi, I think you are lost

He shook his head no and thando came to us

Thando: oh hello stalker

They laughed

Me: you two know each other!?

Luba: yes this is mabuthelezi that I'm looking for

I dragged him to the gate

Me: stay away from my sister wena lubabalo!! She's not those loose girls you always sleep with and she's a lesbian so you are wasting your time!

Luba: firstly don't you ever hold me like that!! Secondly your sister is my chosen wife and I know that she's not those loose

girls I've slept with because she's my queen! Now get your hands off me

I quickly let go of him

Me: geez man what's happened to the sweet and kind lubabalo that I know!?

Luba: he grew up!

He walked to thando leaving me a little bit scared

PRINCE OTSILE.

I went to the hospital to check on my queen but I was told that she has gone home and I don't have thando's numbers so I went back home, I found uncle maswabi drinking my expensive whiskey

Me: malome who gave you permission to drink that!?

He jumped up

Uncle M: hayi wena marn!! Do you want to kill me!?

Me: if I wanted to kill you I would've done that long time ago

He swallowed

Uncle M: how's the queen!?

Me: she has been discharged and I don't have thando's number so we'll have to wait for them to find us

Uncle M: we don't have time to sit around prince o! Find her so we can go back home already!!!

Me: do you want me to kidnap her!? Is that what you want huh!?

Uncle M: no marn! She's important to us and you don't that stupid royal board to take the throne away from you, right!?

I rubbed my head then my mom walked in

Queen: son you want to keep the throne and I want to keep my crown so I say we get married and everything will be safe

Uncle M: and which country would allow a son marry his own mother huh!? That's madness odirile!!

Queen: this country doesn't know us so we can get married here

Uncle M: don't listen to this crazy women prince o! You'll go crazy if you marry her

Me: I want both of you gone by the time I get back or else I'm going to kill you!

I left them there shocked and drove to thando's place

KELEBOGILE.

It's has been three days since I lost my sister and now I'm at my aunt's place tomorrow is the funeral! She's going to be buried next to our parents. My cousin called me telling me that prince otsile is here he has been very supportive so I got up then went to him and we got in his car

Prince otsile: wanna grab a bit!?

Me: nah I'm fine thanks

He sighs

Prince otsile: you have to eat something my queen

Me: I don't have appetite

Prince otsile: do you think your parents and sister would be happy about you not eating!?

As I was about to say something thando opened the door and pulled me out

Me: thandolwethu you are hurting me bathong!

Thando: what are you doing in his car huh!? Wena stay away from kelebogile

Prince otsile: hao thando what's going on!?

Thando:go back to your country and never come back here!!!  
LEAVE!!

Me: thando what's wrong!? Didn't you and your mother say that he's my soulmate!?

Prince otsile: i am your soulmate my queen! Maybe she's jealous of you ankere you are going to marry a prince

She chuckles

Thando: jealous me!? You are nothing but a crook and I won't let you brainwash kele

Prince otsile: i don't know what you are talking about ey! I'm here to support my queen and wena o busy screaming hao!

Thando: you know very well what I'm talking about!.....

I cut her off

Me: okay okay okay you two need to leave right now because I'm mourning here so LEAVE!

I went back inside and sat next to my aunt

Aunt: are you okay nana?

Me: I'll be fine auntie

Aunt: okay I'm here if you want to talk neh

I nodded

THANDO.

I'm still outside with this good for nothing prince and I wish I could kill him right now because he has killed many innocent people for money! Yazi him and zandile are perfect for each other cause they both obsessed with money and power.

Me: leave kelebogile alone if you know what's good for you!

He chuckles

Prince otsile: thandolwethu you are a beautiful women and I would hate to kill you if you don't stay away from me and my queen

Me: I'm not scared of you otsile! Go home buddy

Prince Otsile: it's prince Otsile to you and the rest of the world and you don't want to be my enemy okay Kelebogile is going to be my queen whether you like it or not!

Me: Kelebogile is not your queen and she will never be! Oh guess what? You are also not going to be a king because the royal board has found out about your four wives that you locked up in a cage

His eyes popped out then he quickly got in his car and drove off "so what's going to happen to Kelebogile now!?"

That's Ntando

Me: you are still going to divorce her and focus on your family! She'll find someone who will love her and treat her like a queen

He sighs

Ntando: I'm starting to feel like you guys made up the whole soulmate thing to break my marriage

Me: she was going to divorce you even if there was no soulmate thing

He swallowed and I left him there

ZANELE.(Thando&Ntando's mom)

Everything is sorted now so I need to get to know my children and also be a mother to kelebogile because she's a good girl and she doesn't deserve what's going on in her life right now. So bab'ngwena who is the seer of the Botswana kingdom was the one who was blocking me from seeing things, the prince and him are in big trouble...they've been killing innocent people and those four wives that he trapped in a cage they are not his so my spiritual mother wanted me to go to Botswana to free them but I refused because it's very dark and dangerous. I'm just glad lubabalo was there to see that this prince is evil! Speaking of lubabalo I called him over to my house cause there's something I have to tell him.

Me: thank you for coming my son please sit down

We sat down

Luba: is everything okay ma!

Me: yes everything is fine! Uhm I don't know if you have seen this...thandolwethu and kelebogile are your chosen wives

He sighed

Luba: I have seen it and unfortunately I can only take one of them which is thando because she's my spiritual wife too

Me: so what about kelebogile!? Are you denying your ancestors gift!?

Luba: ma with all due respect kelebogile is not zulu and i can't betray ntando like that so please don't tell thando about this

I nodded then he got up Me: I hope you won't regret it!

He walks out then few minutes later there was a knock and I went to open it was themba(makhosi) Me: can I help you!?

Themba: so we are strangers now!? I chuckled

Me: just because we introduced our children to your ancestors that doesn't mean I forgave you themba!

Themba: zee i can't live without you okay! I was always thinking about you every single day

Me: you helped zandile to kill me wena themba!!! So don't come here and lie to yourself bathong we'll never be back together

Themba: don't you think our children deserve to be in a warm family because they have been through a lot

Me: and whose fault is that!? He swallowed

Themba: come on zee! Don't fight this feeling hao! My pumpkin  
I closed the door and went to watch my favorite show

ONE YEAR LATER.....

Their relationship is not perfect but they are trying to work on it. Thando is engaged and she was very happy until her fiance started getting sick and she found out the real reason why he's sick, she tried to call kelebogile so many times hoping that she would answer even though kelebogile told her that she won't be answering her phone. Kelebogile is traveling and she's enjoying herself I mean she has been through a lot so she deserves a break and to find herself again, she met new people and learning other cultures.....

THANDO.

I should be planning my wedding and celebrating but I can't because my stupid fiance denied his other chosen wife that his ancestors chose for him! I'm his spiritual wife and kele is his chosen wife now he's sick. I woke up and I prepared for work then I made soft porridge for luba and I went to his room....he doesn't want me to sleep with him since he's sick, I opened the curtains then I went to the bathroom to wet his face cloths and I went to wipe his face

Luba: I'm sorry mabuthelezi!

I sighed

Me: stop saying that lubabalo! You know very well what's going to happen if you don't do what the ancestors wants and now I can't get ahold of kele

Luba: I should have....

I cut him off

Me: please eat! I need to go to work

I fed him then I helped him to the bathroom and he bathed

Luba: I think you should call my brother, you can't do this everyday

Me: I'm your wife and your brother has his own family to take care of so forget about it okay

I helped him dress and he lay down

Me: see you at lunch!

I kissed his cheek then I left....while I was driving I got a call from mom

Mom: lwethu i got a message from kelebogile and I called her immediately, I asked her to come home

Me: and what did she say!?

Mom: she's coming back but please don't be happy nana it looks like she met someone

I sighed

Me: as long as she comes back home ma we'll figure out something!

Mom: hang in there nana everything will be fine!

Me: I hope so ma I hope so

She hang up

BONTLE.

If anyone told me that I would be this happy today I would've laughed at them! I have given birth to two beautiful baby girls

and I'm also pregnant again which we didn't even plan but we are happy to welcome our bundle of joy. Ntando is amazing husband and father

Advertisement

our relationship has some ups and downs but we are very much in love anyways I woke up and prepared breakfast for my husband then I went to check on my babies

Me: why are you always here before me!?

He chuckles

Ntando: i love to see them before i start doing anything else

Me: they are so cute and beautiful neh

He nods

Ntando: i can't get enough of them even at work I think about them

Me: ah I'm jealous now

Ntando: no mommy don't be jealous ankere you are my first lady, my queen, the mother of my princesses

He said that kissing me

Me: and don't you forget that! So when is auntie thando going to see them

He sighs

Ntando: she really wants to see them but she can't because luba is six so she doesn't want to bring bad stuff around them

I nodded

Me: I don't understand why he refused to take kelebogile as his wife! Look now he's sick

Ntando: he says she's not ruler

Me: I'm also not Zulu mos!

Ntando: ai i don't know ey! Let's stop talking about them

Me: yeah it's depressing

We looked at our twins

LUBABALO.

My family and my wife they are disappointed in me for not doing what the ancestors wanted and to be honest with you I'm also disappointed in myself. I genuinely hope kelebogile won't refuse to marry me but I think she has found someone else because my grandparents visited me last night telling me that I should go to the mountain if she doesn't want to help me, I don't understand why I should go there when my wife and

mother inlaw can help me heal. I'm not getting any younger and I want to have a family so going to the mountain is going to ruin my life because I'll be there forever! Mabuthelezi walked in with a tray of food

Thando: kelebogile is coming home but it looks like she has found someone so what are we going to do?

She sat next to me and started to feed me

Me: can't you and your mother help me!? We can't force her to marry me phela

Thando: lubabalo will not get better if you and kele don't get married okay! Just do what the ancestors wants please

Me: so you want her to be in a loveless marriage thandolwethu!? She deserves to be happy too hao fuck the damn ancestors!!!

She gets up and folds her arms

Thando: if you don't do what the ancestors wants then I'm leaving cause I won't stay with a man who'll be in bed the whole day

Me: wow thando I thought you love me just like I love you

Thando: i do love you but I want to have a family and enjoy my marriage lubabalo and that won't happen if you lay there so we have to get kelebogile to agree to marry you

I sighs

Me: and what if the person she is with won't let her go just like your brother

Thando: then we'll force SISTER WIVES

## CHAPTER 15

NTANDO.

I'm officially a father and I can't stop bragging about my girls ey! Bontle makes me so happy even though we fight but we can make it work. My sister wants to visit her nieces but she can't because of lubabalo so I decided to go and check on her, I arrived at her company well it's kelebogile's company she's just a acting CEO anyways I went to the office and I found lots of papers...it looks like she wants to blackmail kele with.

Thando: what are you doing!?

She said that taking the papers away

Me: don't do this thando! Especially on kelebogile

Thando: what are you talking about ntando!?

Me: you can't force her to marry lubabalo and she's with someone else

She rolls her eyes

Thando: all my friends, cousins and even you have kids so all I want is my husband to get better then we can start our family! Is that too much to ask!?

Me: so what about kele huh!? Doesn't she deserve to be happy too!?

She banged the table

Thando: fuck the ancestors!!! I'm losing myself ntando!  
Lubabalo is also sitting there doing nothing

Me: maybe you and ma can help him!

Thando: even if we help him, he has to do what the ancestors wants

I sighed

Me: well Quincy is going to fight for kelebogile and I think she's pregnant

Her eyes popped out

Thando: no no no she can't be pregnant!

Me: give up thando! She's finally happy and I'm not going to let you ruin her relationship okay!

Thando: so I can't be happy now!?

I shook my head then walked out because I don't want to fight with her

ZANELE (ntando & thando's mom)

I should've told kelebogile about lubabalo maybe she would have married him by now but now its too late and I don't want to see her unhappy because she deserves some happiness. So I'm now in my spiritual mother's house and we are trying to figure out if we can help lubabalo but the ancestors keeps on saying the same thing

Me: ai we tried ma! There is nothing we can do

Mother: if she's pregnant they might take the baby zanele! How about you bring lubabalo here so he can talk to them

Me: he's too weak to stand up

Someone knocked and I went to open

Mother: let him in!

It's themba he's very thin bathong

Me: what happened to you!?

I asked him as soon as we sat down

Themba: you happened!

I rolled my eyes

Mother: you two need to stop this hao! Themba can you help us!?

He sighs

Themba: thandolwethu has to sacrifice her baby

Me: what baby because she's not pregnant yet?

Themba: she's hiding the baby

Mother: so she knows about the sacrifice?

He nodded

Me: lwethu mara! There must be something we should do

Themba: maybe lubabalo should pay lobola for kelebogile and everything will be fine then they can continue with their lives

Me: show me a man who will agree another man to pay lobola for his partner

Mother: ai i don't know now! Let's keep on begging maybe they might leave them

I light up the candles

KELEBOGILE.

Traveling was the best thing to do cause now I have found myself and made some few friends too! After my sister's funeral I had to leave south Africa because I felt like I was all alone and seeing everyone moving on with their lives like nothing happened made me want to leave so I packed up and left. I went to all the countries that I've always wanted to visit and the last country that I visited I met a great guy who stole my heart immediately when we looked at each other! Quincy is amazing and he spoils me a lot, sometimes I have to tell him to slow down cause I appreciate every single small thing he makes for me. We just arrived in south Africa and we are at his house getting for bed cause we are so tired

Quincy: so my love why does your family need you so bad!?

Me: I don't know ey! It looks like it's urgent though

Quincy: okay do you think they going to like me?

I wrapped my hands around his neck and looked in his eyes

Me: they are going to love you babe

Quincy: and if they don't!?

Me: then that's their problem but don't worry baby everything will be fine okay?

He nodded then we got in bed

Quincy: do you mind if I chill with ntando while you are at your family house

Me: no I don't mind! And I still can't believe you two know each other

Quincy: our fathers are best friends and when I heard he's married I was sad because I wanted to be there but I couldn't

Me: thank god you didn't come cause I would've agreed to be your girlfriend

We laughed

Quincy: yeah right! Who would say no to this handsome face and I don't give up my love

Me: yeah I saw that anyways let's sleep

We kissed then switched off the lights and slept her to marry you! Now eat

She sat next to me and fed me then she left

Thando: what are you talking about ntando!?

Me: you can't force her to marry lubabalo and she's with someone else

She rolls her eyes

Thando: all my friends

cousins and even you have kids so all I want is my husband to get better then we can start our family! Is that too much to ask!?

Me: so what about kele huh!? Doesn't she deserve to be happy too!?

She banged the table

Thando: fuck the ancestors!!! I'm losing myself ntando!

Lubabalo is also sitting there doing nothing

Me: maybe you and ma can help him!

Thando: even if we help him, he has to do what the ancestors wants

I sighed

Me: well Quincy is going to fight for kelebogile and I think she's pregnant

Her eyes popped out

Thando: no no no she can't be pregnant!

Me: give up thando! She's finally happy and I'm not going to let you ruin her relationship okay!

Thando: so I can't be happy now!?

I shook my head then walked out because I don't want to fight with her

ZANELE (ntando & thando's mom)

I should've told kelebogile about lubabalo maybe she would have married him by now but now its too late and I don't want to see her unhappy because she deserves some happiness. So I'm now in my spiritual mother's house and we are trying to figure out if we can help lubabalo but the ancestors keeps on saying the same thing

Me: ai we tried ma! There is nothing we can do

Mother: if she's pregnant they might take the baby zanele! How about you bring lubabalo here so he can talk to them

Me: he's too weak to stand up

Someone knocked and I went to open

Mother: let him in!

It's themba he's very thin bathong

Me: what happened to you!?

I asked him as soon as we sat down

Themba: you happened!

I rolled my eyes

Mother: you two need to stop this hao! Themba can you help us!?

He sighs

Themba: thandolwethu has to sacrifice her baby

Me: what baby because she's not pregnant yet?

Themba: she's hiding the baby

Mother: so she knows about the sacrifice?

He nodded

Me: lwethu mara! There must be something we should do

Themba: maybe lubabalo should pay lobola for kelebogile and everything will be fine then they can continue with their lives

Me: show me a man who will agree another man to pay lobola for his partner

Mother: ai i don't know now! Let's keep on begging maybe they might leave them

I light up the candles

KELEBOGILE.

Traveling was the best thing to do cause now I have found myself and made some few friends too! After my sister's funeral I had to leave south Africa because I felt like I was all alone and seeing everyone moving on with their lives like nothing happened made me want to leave so I packed up and left. I went to all the countries that I've always wanted to visit and the last country that I visited I met a great guy who stole my heart immediately when we looked at each other! Quincy is amazing and he spoils me a lot, sometimes I have to tell him to slow down cause I appreciate every single small thing he makes for me. We just arrived in south Africa and we are at his house getting for bed cause we are so tired

Quincy: so my love why does your family need you so bad!?

Me: I don't know ey! It looks like it's urgent though

Quincy: okay do you think they going to like me?

I wrapped my hands around his neck and looked in his eyes

Me: they are going to love you babe

Quincy: and if they don't!?

Me: then that's their problem but don't worry baby everything will be fine okay?

He nodded then we got in bed

Quincy: do you mind if I chill with ntando while you are at your family house

Me: no I don't mind! And I still can't believe you two know each other

Quincy: our fathers are best friends and when I heard he's married I was sad because I wanted to be there but I couldn't

Me: thank god you didn't come cause I would've agreed to be your girlfriend

We laughed

Quincy: yeah right! Who would say no to this handsome face and I don't give up my love

Me: yeah I saw that anyways let's sleep

We kissed then switched off the lights and slept

LUBABALO.

I feel bit better so I guess kelebogile is back home but I'm wondering how is she going to react when we or thando tells her that we have to get married!to be honest with you if I was her I would leave the country the minute they tell me that I have to marry another man while I'm in a relationship but who knows maybe she's not in a relationship and might agree to get married. Thando walked in humming a song and I looked at her carefully...she has gained weight or am I losing my eye sight?

Me: you are in a good mood

She looks at me then her eyes popped out

Thando:are you getting better!?

I nodded then she screamed and hugged me

Me: I wouldn't be so excited ey

Thando: i have a good feeling about this day baby! Let's be positive okay

Me: Okay if you say so

Thando: do you still want soft porridge or should I make you a proper breakfast?

Me: I'll eat the porridge...mabuthelezi is there anything you want to tell me!?

She gives me the porridge without looking at me

Thando: no! Why?

She's definitely hiding something

Me: thandolwethu look at me and tell me that you are not hiding something from me

She sighed

Thando: i will tell you when the time is right okay please just trust me

She quickly walks out of the room

KELEBOGILE.

I can't believe what my family just told me! Why me huh? Why must I always do what the ancestors want huh? If they told me this before I left the country maybe I would've married that lubabalo but now I'm in a relationship and I'm very happy so the ancestors have to find someone else because I won't marry him. The way I'm so angry right now I almost caused an accident! I arrived at my company and everyone was happy to see me then I waited for thando while looking at the books....she has done a great job. She walked in then stops when she saw me

Thando: looks who's back!

She wanted to hug me but I moved back

Me: I'm not going to marry your fiance because I'm in a relationship with a great guy! So you have to do something

Thando: my husband is sick kele he needs you hle!

Me: no thandolwethu I'm not going to do it okay!

Thando: so what about me huh!? Can't I be happy too?

Me: why didn't you tell me this before I left the country huh!?

Thando: i also found out few months ago and trust me I was very angry but what is done is done so wena all you have to do is go home and luba's family will pay lobola

I chuckled

Me: just like that huh!?

Thando: yes

Me: and what about my boyfriend?

Thando: he can go back home and we'll live happily ever after

Me: you are pregnant and you want me to be a third wheel in your relationship

Thando: how do you know that I'm pregnant!?

I so want to slap her right now

Me: even a child can see that you are pregnant thandolwethu!  
So I must watch you guys be a happy family

Thando: stop being stubborn and do what the ancestors want!!!

Me: and if I don't?

She sighed

Thando: then I have no choice but to blackmail you

I shook my head then I took my bag and left before I do something that I'll regret

ZANELE.

Thandolwethu is becoming someone else I don't recognize and I'm afraid that she might do something bad since she's so desperate to get her husband back to normal! Ntando is worried about her and he told me that when lwethu is angry she can do something bad in less than 10 minutes so I have to calm her down. I was making food for themba then I heard a loud bang in the lounge so I ran there and I found thando holding a gun....themba was on the floor she shot his arm

Me: THANDOLWETHU!!

She looks at me with red eyes

Thando: I'm not going to lose my baby or husband because of that stupid girl!!! After everything I've done for her she should be doing this just to thank me!!!

Me: lwethu listen to me okay!put the gun down

Themba: she won't listen to you zee! Take her powers

Me: how!?

Thando: if you two don't stop talking I'm gonna kill you right now then bury you!

I swallowed

Themba: take her powers zanele!! They are also making her like this!!

Thando: SHUT UP OLD MAN!!! Wena call kelebogile here and I'll take it from there

Me: okay okay calm down and I'll call her!

She slowly puts the gun down

Themba: take her powers already!

I ignored him

Me: you want kelebogile to marry lubabalo

Thando: duh!

Me: how about I make her blind and a bit disgusting so that her boyfriend can live her

She smiled

Thando: that's a great idea mother! Geez you are a genius!

Themba: you can't do that zanele! Thandolwethu just sacrifice your baby ankere you can have another one!

She took the gun and shot him on his leg

Thando: I'm not killing my baby wena themba! Mama make her blind already I want to plan my wedding

Oh god what have I done!?

"If you do it ma then you are no longer my mother!"

That's ntando, he was helping his father

Me: ntando i have to do this before she does something bad

Themba: close your eyes and say what you see zanele!!

She shot the roof

Thando: don't fucken listen to this man! He wanted to kill you mother!

Ntando: thandolwethu! Put that gun down and listen to me

Thando: i just want to be happy ma please help me! I'm begging you hle

She puts it down and I took it

Ntando: if you do this ma I swear on my grandparents grave you are no longer my mother!

NARRATOR

Kelebogile got home very angry and she told Quincy what her family told her then as they were sitting thinking of a way out of this situation kelebogile's eyes started to get itchy then Quincy smelled something bad

Kelebogile: there's something wrong with my eyes! Babe where are you!?

Quincy: I'm right in front of you love! Can't you see me?

She rubbed her eyes trying to see but everything was blurry then ntando barged in

Ntando: oh god she did it!! FUCK!

Quincy: man what's going on!? And why does she smell like that!!

He said that pulling him away from kelebogile

Ntando: my mother did this so she can agree to marry  
lubabalo!

Quincy: maybe she should marry him cause she smells like a  
hobo

Ntando: i thought you love her Q what the fuck is wrong with  
you huh!?

Quincy: I do love her but I'm not going to be with someone who  
smells like this and you know very well that south African  
underground people are very dangerous so I'm letting her go

Ntando: just like that huh? You are not even going to fight for  
her!?

Quincy: I'm doing this for her okay!

He went to kelebogile who was crying

Kelebogile: babe is that you!?

Quincy: my love ntando and I we are taking you to your chosen  
husband okay

Kelebogile: but I don't want to marry him babe! I want you

Ntando: unfortunately you can't be with Q kele! Come we have  
to go

They helped her up while holding their nose then they left

ZANELE(ntando & thando's mom)

My spiritual mother and themba are very angry and disappointed in me! What I did was totally wrong and pure evil. I should've taken lwethu's powers instead of doing what I did cause I'm being punished and I totally deserve it! I have been praying for forgiveness the all day

Mother: do you realize what you have done now huh!? you can only remove the smell

I looked at her shocked

Me:what do you mean by that!?

Mother:"you have made her blind forever zanele!!! Only your ancestors will decide to give you powers to bring back her eye sight

No no no they can't do that hle!

Me: ma can't you do something!? I was just trying to help my daughter please do something

Mother: there's nothing I can do zanele! You should have listened to themba!

God what have I done huh?

Me: I was just trying to help lwethu! Please do something ma  
I'm begging you

She shook her head

Mother: you have messed up and used your gift for evil stuff

She walks out then few seconds themba walked in

Me: you can help her, right!?

Themba: no I can't help her because I'm not the one who made  
her like that! I just came to take a candle

He took it and left

LUBABALO

I'm so angry at thando right now! How can she do this huh?  
How can she let her mother make kelebogile blind? Ntando and  
his friend brought kelebogile then they left because they  
couldn't stand the smell and she has been crying until she fell  
asleep on the couch. Thando walked in while I was still looking  
at kelebogile then I looked at her and she looks down

Me: look what you did thandolwethu!! I'm pretty sure you are  
happy now neh! I mean you got what you want

Thando: i did it for us buthelezi!

I shook my head no

Me: you did this for you thandolwethu! She'll never see again  
all thanks to you!

Her eyes popped out

Thando: no my mother can make her see again!

Me:"they took her gift! That's her punishment for using her gift  
for evil stuff

Thando: no no no they can't do that! Let me call her

Me: well done thandolwethu! Bravo

I picked kelebogile up and took her to the guest room then I  
called my family to prepare

THANDO.

My ancestors and god are punishing me real hard and I deserve it! Lubabalo and kelebogile are official married traditionally, it was a beautiful wedding and I was kinda jealous because mine was small and we didn't even celebrate the whole day but I guess it's karma visiting me. My husband has been spending a lot of time with kele helping her to do things and we bought a new house that doesn't have stairs so kele can walk around freely. I was woken up by my phone ringing it was my mother

Me: hey mommy!

Mom: you don't sound good lwethu what's wrong!?

I quickly wiped my tears

Me: nothing is wrong mommy I'm just tired from working a lot

I can't tell her the real reason cause she's going to blame herself

Mom: stop working and focus on the baby lwethu! How's kelebogile!?

I sighed

Me: she's doing good and lubabalo is helping her there and there

Mom: is he treating you girls equally!?

Me: yes mommy stop worrying hao! Everything is perfect

Mom: okay baby I was just checking on you! Chat later neh

Me: okay bye!

She hang up then lubabalo walked whistling....he hasn't been sleeping with me so I guess he's sleeping with kele

Luba: what time is the doctors appointment?

Me: today at eleven

He nods then got dressed

Luba: kele has put someone on the CEO position so I want you to working and focus on the baby okay

Me: buthelezi what's going on?

Luba: with what!?

Me: you no longer spend time with me!

He chuckles

Luba: jealousy doesn't suit you ey! I'm helping kelebogile learn to do things by herself since we are going to be busy when the baby comes

I smiled

Me:I'm sorry

He came to me and kissed my forehead

Luba: just focus on the baby okay!

I nodded and he left

.

NTANDO.

Everything is back to normal expect for kele and I wish there was something but there's nothing! Quincy keeps on calling me a thousand times and he doesn't get the message that I don't want to talk to him. I'm in my office working and I'm thinking of asking kele about our companies combine cause they are basically the same so I'm going to see this afternoon anyways as I was busy quincy walked in and sat down

Me: you don't get the message neh?

Quincy: how is she doing!? I saw her wedding pics and videos

Me: then you have your answer! What are you still doing here!?

He sighed

Quincy: I can't just forget about her okay! I know I should've fought for her

our relationship but I was a coward

Me: yeah you are as coward! I think you should go back home because it's very clear that you've lost her

Quincy: I know! So can you please come with me to her new house so I can say goodbye

I nodded

Me: I was going there this afternoon so we can go together

Bontle walked in with the babies

Quincy: and I finally meet the queen and the princesses! Damn man they kinda look like you

Me: duh I made them

We laughed

Bontle: he meant to say we made them hao babe!

Quincy: now I can't wait to be a father!

Bontle: just be patient and enjoy your life while you still can cause once you are a parent you don't have time for yourself

Me: yeah you'll find the right woman and have six kids as you wanted

He chuckled then we continued talking

KELEBOGILE.

I feel like I'm in a movie and my character might die anytime! I salute all the blind people cause this life is not easy at all and since I'm use to doing things myself it's really frustrating when people treat you like a child. Lubabalo has been amazing and I'm glad he's helping me do things for myself instead of helping me with everything anyways I was listening to music then I heard footsteps and I know who just got in my room

Me: what do you want thandolwethu!?

I know what she and her mother did

Thando: i came to ask if you are hungry

Me: I don't want your food or anything from you okay! Just stay away from me

She sighed

Thando: I'm sorry okay! I didn't know that things were going to be like this....all I wanted was to save my husband and my baby

Me: and to hell with kelebogile, right!? She doesn't deserve some happiness huh!?

Thando: it's not like that okay! I just thought I was doing the right thing

Me: I thought you and I are more than friends thando! I thought we are sisters but I can see you only care about yourself nje

Thando: oh god what have I done!? Kele I promise you as soon as me or my mother get our gifts back I'm going to get your eyes sight back

Me: okay in the meantime stay away from me cause I don't think I can trust you again

Thando: I'm really sorry kelebogile I hope one day you will forgive me

She walked out and I wiped my tears

LUBABALO.

I think I'm falling in love with kelebogile and my family seem to love her too! Don't get me wrong i still love thandolwethu and I can't wait to be a father. Before eleven I went to fetch thando but I found her crying so I asked the helper what happened and she said that thando was in kele's room.

Me: mabuthelezi give her time she'll forgive you

I said that hugging her from behind

Thando: i have ruined our relationship and she doesn't trust me anymore!

Me: what you did really hurt her and she's used to doing things by herself so it's kinda hard for her to get to this new life

She turns around and looks at me

Thando: am I going to lose you too

Me: of course not baby! I'm not going anywhere okay

Thando: but you are falling in love with her

right!?

I nodded

Me: yes and I want you to know that I also still love you so much

Thando: and I love you too buthelezi

We kissed for a while then we left

ZANELE (ntando & thando's mom)

I need to fix the mess that I created because ntando is not speaking to me and I know that thando doesn't want me to know that she's not okay and her husband is focusing on kele than her so I decided to go see kelebogile and apologize. But first I'm going to see my granddaughters so I arrived at ntando's house and bontle opened the door before I could knock

Bontle: hello mommy

We hugged then walked in

Me: I came to check on you girls

I picked one twin up before sitting down

Bontle: you don't look good mommy what's wrong?

I sighed

Me: ntando, my spiritual mother and his father themba they are very disappointed in me and ntando is not speaking to me at all

Bontle: he will come around mommy just give him time! You were just trying to help your daughter and I get it because a mother would do anything for their children

Me: but by helping other daughter made another one blind! I take kelebogile as my daughter too and what I did was horrible

Ntando walked in then he kissed his wife and as he was about to go upstairs

Bontle: please sit down hle! You can't just ignore your mother like that

He looked at me

Ntando: are you happy that kelebogile is blind ankere you don't like her!

He said that looking at bontle

Bontle: how can you say that huh!? I'm not happy that kelebogile is blind bathong and I never said I don't like her I was just jealous of that's all!

Me: please don't fight my children! I'll fix this mess and everything will be back to normal

Ntando: then we'll talk after you have fixed everything!

He went upstairs

Bontle: is he still in love with her!?

He will always have feelings for kelebogile but I won't tell her that

Me: he only cares about her bontle! He loves you okay

She nodded but I can see that she's not convinced

NARRATOR.

Quincy couldn't wait for ntando anymore so he decided to drive to kelebogile's house then he checked if the neighbors were outside watching everything but there was no one so he walked around the house to see if an open window

Quincy: sunshine! Wake up it's Q

He found kele's window opened....kelebogile heard his voice and sat up straight

Kele: what are you doing here Quincy?

Quincy: can you open the door? Lubabalo sent me to come and fetch you

Kele: and where are you taking me!? He would've told me if he sent you

Quincy: I guess he forgot! Open the door we are running late

Kele: check nandi in the kitchen! She'll open for you

He went to the kitchen door and knocked then nandi opened

Quincy: if you dare scream I'll shoot you! Don't make sound okay

She nodded looking at the gun then quincy tied her up

Nandi: please don't hurt Sis'k she's blind! Take whatever you want just don't hurt us hle

Quincy: everything here is cheap and I'm not here for the furniture

He taped her mouth then went to kele's room

Kele: nandi is that you!?

He slowly walked to her without making a sound then he injected her

Kele: ouch!!! Quincy what are you doing!?

Quincy: relax sunshine everything is going to be fine!

Kele: w...what....d..did...y...you

Kele slowly closed her eyes then quincy checked if she's out or not

Quincy: let's go my sunshine

He picked her up and walked to he's car then he puts her in the back of the car and drove off before someone sees him

QUINCY.

I should have fought for our relationship but I didn't because I was afraid of the stupid underground people! Sunshine is mine and she's everything I want in a women so I'm not going to let her go just like that. That lubabalo guy doesn't even love her like I do so I did him a favor by taking her, I'll take care of her and treat her like a gorgeous queen she is. She's finally waking up and I have prepared her favorite food

Me: hey sunshine! I bet you are starving neh

I took a chair and sat in front of her

Kele: quincy where are we!? Please don't hurt me!

Me: I'm not going to hurt you sunshine relax!

Kele: then why did you cuff me because I can't see anything so I won't escape

She's right....I uncuffed her and she stretched her arms

Me: I made you your favorite food!

Kele: your ex lisa once told me the real reason why she left you! You became so obsessed and end up hurting your partner

Me: shut up and eat!

Kele: I'm not hungry quincy!

Me: you are making me angry sunshine! Please eat

She shook her head no then I slapped her and she fell on the floor

Me: do you see what you made me do huh!? All I want is you to eat because you are going to be very hungry on the plane!

Kele: plane!? Where are we going?

Me: somewhere no one will find us

I helped her up and she sat down

Kele: you won't get away with this quincy! I'm pretty sure everyone is looking for me and your face is all over

I chuckled

Me: sunshine its not my first time doing this you know! And I'll still keep doing it because they all don't want me!

Kele: did you drink your pills!? Please drink them to calm down

Me: I don't need those things to keep calm sunshine! Just eat and I'll calm down okay

She nodded then I started feeding her

Kele: you should've been a chef! That was delicious

I smiled

Me: I learned from the best! Oh I miss my mother may her soul rest in peace

Kele: you never told me what happened to her!?

Me: I don't want to talk about it! I'm going out now so behave

I put the plate away then I left

THANDO.

I should've seen this coming but I can't because I don't have my gift anymore and it's frustrating! Lubabalo told me not to stress but I can't help it okay it's my fault that we are here right now

Mom: lwethu calm down hao!

Me: you should've taken my powers ma! Now look what's happening

Mom: don't you dare thandolwethu!!! I was just trying to help you here

Luba: excuse me please don't do this in front of me okay!!

Ntando: pops said he's guys are following him right now so hopefully they will find kele

Me: I hope so ey if anything happens to her I'll never forgive myself

Mom: me too!

Luba: he's face is all over the Internet and my father has a reward for those who sees him

Ntando: that's a bad idea man! You just ruined everything

Luba: at least I'm doing something instead of you guys sitting there! So don't fuck tell me shit!

Ntando: well your wife and mother inlaw should be the ones looking for her because they created this mess

Me: geez ntando I'm getting tired of your song ey!! We know that we messed up but you don't have to remind us every single time

Luba: well I think he should remind you so that next time you think first before you do something

I swallowed then they left

KELEBOGILE

I should've listened to Lisa when she told me to run away before I get in too deep but I didn't listen cause I thought he has changed and he drinks his pills. The first time I saw the signs of Quincy being obsessed it was when we went to a party and some guy was asking me where's the bathroom and I told him then he made a joke and Quincy said I'm cheating on him! I always make sure he drinks his pills cause he becomes another person when he doesn't.....I heard the door opening

Me:Quincy is that you!?

He screams then he kicked something

Quincy: someone is following me and my face is all over the Internet!! How the hell are we going to get out of here

Oh god please protect me hle

Me: quincy please drink your pills then we will find a plan to get out of here

He sighed

Quincy: I left my pills at home

Me: there are other ones in your car under the car seat

Quincy: why do you want me to drink those things huh!? you know that they make me dizzy

Me: because you are scaring me quincy!! You know very well what happens when you don't drink your pills

I felt his hands on my thighs

Quincy: I'll never hurt you sunshine! You are my everything and I would do anything for you

Damn I wish I could see right now

Me: can I go to the bathroom?

He helped me to the bathroom then suddenly I had the courage to push him and he screams in pain

Voice: go straight and get out very quick!!

I listened to the voice then I heard noises

Me: HELP!! HELP SOMEBODY HELP ME!!

someone touched me

Voice: come with me Ma'am!

I walked with her then I heard other voices

Me: please call the police

Voice: they are on the ma'am don't worry you are safe now

She said that hugging me

BONTLE.

Some people are very crazy out there and what does kelebogile feed these mens huh!? First it was ntando now its quincy! She needs to give me the receipt or whatever she's using ey. We always have dinner together but my husband is busy going around looking for his ex wife instead of being here with his family nx I'm starting to get pissed off right now. My phone rang it was my mother

Me: mama now it's not the right time hle!

Mama: hehe are you also looking for her!? I mean she was....

I cut her off

Me: what do you want!?

Mama: I guess your husband is not home neh! He's running after his ex hehe anyways I just wanted to tell you that I'm coming tomorrow

Me: why!?

Mama: hao bontle what do you mean why!? I want to visit my grandkids and my daughter bathong!

I don't want my mother here cause she's going to control everything

Me: mama I'm renovating the house so now we are staying with my mother inlaw

She sighed

Mama: khanti what's wrong with you and your sister huh!? You don't want me to visit you girls and that hurts me

Me: the thing is that you want to control everything in our house mama! It's our houses not yours so if you want visit us you need to respect us

Mama: okay I'm sorry! I'll behave....can I come tomorrow

Me: fine but if you don't behave I'm sending you back immediately

She giggles

Mama: I'll behave I promise! Ah I can't wait to see my beautiful granddaughters

Me: yeah I have to go now bye

I hang up before she could say anything then I called ntando

Ntando: hey baby

Me: when are you coming home khanti!?

Ntando: you know that lubabalo is my friend and I'm here to support him so why are you acting like I'm cheating on you?

I swallowed

Me: I'm sorry....bye!

I hang up then I went to check on my girls

LUBABALO.

I pray to god that nothing happens to kele or else I'm to kill someone! I'm going to beg the underground people to let her see so that she can get her life back hopefully they'll hear my cries. She has been through a lot and I love my peaceful life so the police must hurry up before I take matters into my own hands. Ntando and I have been waiting for his father's men for like forever now and I'm losing patience

Ntando: yazi i don't understand bontle sometimes ey!

Me: maybe you should go home

He shook his head no

Ntando: she needs to learn to trust me

I chuckled then my phone rang

Me: hello!

Caller: Mr buthelezi it's detective cohan here!

Me: have you found my wife!?

I said that standing up

Detective C: yes but I'm afraid I have bad news for you

Me: what's going on!?

Me: ma are you going to tell me how are we going to help kele!?

She sighs

Mother: the ancestors wants you to take her blindness if you really want to help her

Okay I expected that and I'm doing it

Me: let's do it

Her eyes popped out

Mother: are you sure!? I mean you can think about it

Me: let's do this ma I want to fix my family and earn their trust back! Kelebogile has no one on her side so I want her to trust me again

Mother: I okay let's do this....when she wakes up she'll see again

Me: what do you mean when she wakes up?

Mother: oh her kidnapper shot her

Me: is she going to be okay!?

Mother: yes! You are taking her blindness and I'm going to take her pain

Me: may I asked why?

She smiled

Mother: yesterday I was cleaning up and I found some old pictures and I found out that her grandma was my mother's cousin

Wow so they're somehow related

Me: oh okay but ma if you do this you won't be able to help people mos

Mother: it's not a big pain zanele! I'll be fine and I trained you well so if I want to retire I can give it to you

Me: wow I don't know what to say!

Mother: my children don't want it so why not give it to my spiritual daughter huh?...anyways let's start

He sighs

Ntando: I'm just disappointed in you that's all! Kelebogile deserves some happiness in her life so I hope you will treat each other better

Me: she's still angry at me and I don't blame her but I'm going to earn back the trust

Ntando: yeah we are the only family she has now cause her don't care about her sa she needs us

I nodded

Me: so what happened to Quincy!?

Ntando: he got arrested but I don't think he's going to spend the night in jail or even go to jail because his father might bribe someone

What happens if I can't handle them then what!?. But all I know is that I'm not going to let them go because I love them both so I have to make this work. I woke up and I made breakfast for my beautiful wife then I went to our room

Themba: it's not a permanent thing okay

Thando: but you are not going to see us wearing our white wedding dress mos!

Me: kelebogile is going to cry when she finds out about this

Mom: I would do anything for my children kelebogile is part of us and I don't regret doing this at all

Thando: wow I'm still speechless! How did you do this!?

Mom: ask no questions and hear no lies

We chuckled

Me: you are an amazing woman mom! I hope our underground gang will forgive you

Themba: oh they will forgive her so we just need to be patient
