FUN FILLED COMEDY BY: PRECIOUS MOLOI
The wedding ceremony

Will they make it down the aisle?

THE WEDDING CEREMONY

Beloved

In my years of writing, those who have followed me thus far know that I am a person who holds up to her word especially where writing is concerned. I promised a long term reader of mine a story on romance and comedy, so this is my holding up to my end. My word is my law in writing..

Those who have no idea about the origin of the fictional couple leading the story don't worry you won't get lost, all will be carried out for everyone to understand. New or old.

The story is pure romance and comedy

One insert every weekday(Mon-Fri)

The first insert/prologue will drop tonight it'll be

different from how you read the abstract in the group..

Side note:

Before Nissi fans come and be totally off topic, please note that on that page I was the only Admin. So my original account being temporarily blocked, the story will proceed when I get unblocked..

Other than that, I hope you will enjoy this read and know it's a short story

PRECIOUS MOLOI

[A FEW YEARS EARLIER]

Ever since Clint and I started dating, mornings have become the most chaotic part of our lives. It's not everyday though, just when I visit him in his flat..

It all seems long since we've met but the honest truth is that it hasn't been that long. The very first time when we met, it was when my writing took me down to the slums and riches of Port Elizabeth. I was touring all 9 provinces meeting up with fans and there was this one club in PE, where my Best friend and I Braga found ourselves at just to have a bit of fun. Not knowing, that in the club I will meet a fan of mine who happened to be one of the DJs that was going to have us dancing most of the night..

When Clint came through and made it known that he was a fan of my stories, I couldn't

believe it. I had him name a few with "Scars that are unseen" being one of his favorite.

He was mainly fascinated by the concept of the parallel universe in the story and we spoke a great deal about that story, up until I found myself hypnotized to give him my number..

For someone younger than me, and I mean very young he was well spoken. Don't get me wrong, you know how annoying the young ones can be, but he carried himself in the most mature manner and I was intrigued.

I only gave him my number because I enjoyed talking to him, not knowing that a typical talk would soon bring about a relationship. The distance between us was something that made me question the direction of our relationship but he soon moved down with his family to Gauteng, which saw him furthering his studies

in one of the most prestigious universities in Gauteng "University of the witwatersrand".

To cut the tail short, our relationship flourished more than I had faith in it. Basically my second serious relationship that I found myself in..

I walked out of the bathroom following the sound of the song, which led me to the kitchen..

"I've got sunshine on a cloudy day

When it's cold outside

I've got the month of May

I guess you'd say

What can make me feel this way

My girl, my girl, my girl

Talkin' 'bout my girl

My girl"

He was all dressed up for work, and I stood at the doorway admiring the moment. I don't what was more admirable, him preparing breakfast or him looking all kinds of handsome. I watched him as he went on without noticing my presence also singing along to the song, until my presence was heavy on him to ignore. He stopped and looked at me, I looked at him. A moment passed just staring at each other without saying anything. He licked his finger..

Me: Agh that's just nasty

He dusted his hands..

Clint: But you don't mind when we share spit?

Me: That's different, just be thankful you don't work in a restaurant or else you'd be fired by

now

Clint: Thank goodness for that

He stopped the song from his phone as I made my way in...

Clint: Did you pray?

Me: I prayed

Let's not forget how he's intact with his spiritual side, he needs to be though because he's gifted spiritually..

I walked up to him and wrapped my arms around his neck..

Clint: I don't think you prayed

Me: Well I prayed silently in my heart

He wrapped his arms around my waist..

Clint: Not going to argue with you

Me: Then don't, because you know I always win

Clint: You win because I let you win

Me: Please.. You scared of me

Clint: That's why I let you win

I leaned over and kisses him..

Clint: This moment is getting way too beautiful
for my liking

Me: How many minutes you got?

Clint: 3 minutes maybe

Me: We never tried it in 3 minutes

Clint: And I don't wanna get to work tired

I lowered my hand all the way down to the front
of his trousers..

Clint: Okay.. This is definitely my queue to leave

He gently pushed me back..

Me: I don't get it, I just don't get it. When you
want us to have sex we have sex, when I want
to have sex it's a problem

Clint: Your timing is always wrong

Me: Well then next time your timing will be wrong

Clint: Here's a sandwich let's eat before I leave

Me: I'm not hungry

He chuckled..

Clint: So you sulking because I don't wanna give you my Dick?

I rolled my eyes..

Clint: Dick sulker!

Me: That is so wrong! You take that back!

Clint: It's true

Me: Don't get a big head, I have 99 problems and your dick ain't one of them!

I tried to grab his crotch but he held my hand.

Clint: Pull yourself towards yourself right now and check yourself

Me: I always check myself

Clint: Of course you do! You Precious Moloji
after all you always call yourself

I yanked my hand from his grip..

Me: Just go to work will you

I stood at the counter with my hands on the
counter, he stood behind me and wrapped his
arm around my neck then planted a kiss on my
cheek..

Clint: I think now we down to 2 minutes

Me: No.. I don't want your dick no more, I don't
do second hand deals

He got very close to me or should I say my butt,
with his other hand. He snuck it in under his
shirt that I was wearing. I wasn't wearing any
underwear..

Clint: Not even if I do this

He squeezed my butt.. I bit my lower lip..

Me: Once a deal goes by, it's gone

He moved his hand to my front and forced it in between my thighs, his lips were on my ear just whispering those sweet nothings.

Clint: And if I do this?

I leaned back and moved one hand from the counter to the back of his head and parted my legs a little for an easy access..

Me: Call in sick

Clint: How bad do you want me to call in sick?

Me: As bad as your hand is in between my thighs

He removed his hand from my neck and planted a wet kiss.. I closed my eyes and bit my lower lip again as I felt his fingers playing around my coochie..

Me: Ohhhhhh my goodness.. Please call in sick

With his other free hand, he moved it up to

squeeze my breasts..

His phone read my mind but not in the way that I wanted, it started ringing..

Clint: I have to take that

Me: Can't you ignore it?

Clint: It could be work

He moved away from me to get his phone but I grabbed his arm and pulled him back.

Clint: Ah ah ah.. Sonto don't start

Me: Just ignore and call in after a few minutes and tell them you sick

He tried to pull forward but I pulled him back.

Clint: Sonto stop it!

Me: No you stop it!

He pulled forward until he got to his phone, he checked..

Clint: It's work.. I have to take this

He looked at me, giving me a serious look..

Clint: Stop it I say!

I let go, he sighed and answered walking away from me...

I glanced down at the sandwiches I know after the call he's going to kiss me goodbye. There's no coming back from this, so why not get him back with putting toothpaste in his sandwich.. I walked to the living room, he looked at me still on the call..

Clint: Yes I'm still here

I made my way to the bathroom and got the toothpaste, I smeared it on my hand and walked out. When he saw me walking out he looked at me..

Clint: Yaa I get you

He lowered his phone and looked at me..

Clint: Come here (whispering)

Both my hands were behind me..

Clint: Come here (Whispering)

Me: No

Clint: Can I call you back just now now? Okay
thank you

He threw his phone on the couch and made his
way to me..

Clint: You are soo predictable

He got my hands and looked at them, they were
messy. Toothpaste all over..

Clint: And nou?

Me: It's an experiment

Clint: In my sandwich?

Me: Mxm

I walked away to the bedroom..

Clint: Yeah I love you too

Me: Go to hell!

Clint: Verskoon jou? (excuse you)

Me: Go to work!

CLINT HENDRICKS

Dating someone who is the biggest name currently requires you to be well settled too in your finances, there's no question that Presh will have more money than me. It has never been an issue nor does she spit it in my face but I need to protect my dignity.

Make a reasonable income that is close to hers..

Not in a million years, to the probability of possibility, to all galaxies that exist has it ever crossed my mind that I will settle down with someone who is in a public eye. I have always been reserved and very private with my life, my social media has always been peaceful until my state of peace was invaded when word was out that I'm dating Precious Moloji. We try not to deliver our relationship in a silver platter to the public but unfortunately somehow it got out I don't have a problem with it now, but at first it was hard to get used to the change. It's now something that I grew to get used too so long we don't hang our dirty laundry out there and become headlines all the time.

I am an IT specialist, worked for some company until I took that leap of faith in starting my own company. I searched through and realized that I can make a career out of gaming. It's a very

wealthy field only if you know how to play your cards right. It looked so easy, but came to the realization later on that program gaming isn't as easy as I looked at it. We are still venturing more, I have good nerds in my team but I make more money from private clients than I do in my company.. This morning I had a private appointment with an Italian mafia.

Not my cup of tea but I will make good money from him..

We met at a hotel, in a private dining area I was even the first one to arrive. He was late

I drank my Earl grey tea when the door opened. The waitress ushered him in together with his two goons. Mr Cosa Nostra, I got up from my chair..

Cosa: Please.. Sit down

I sat back down. He sat opposite me, I looked at his goons..

Cosa: Don't mind them, just standard procedure

Waitress: Posso offrirti qualcosa, signor Nostra?
(May I get you anything Mr Nostra)

Cosa: Il solito (The usual)

The waitress looked at me..

Waitress: Anything else for you Mr Hendricks?

Me: I'm good.. Thank you

She smiled and walked out. Now the door you can't just open it, it requires a code and a handprint.. I looked at Cosa, he made me very uncomfortable. This whole meeting made me uncomfortable, I don't even know how he got me..I looked at his goons..

Cosa: Don't worry about them, it's standard procedure

I nodded..

Cosa: Let's get d-

My phone vibrated on the table, I looked at it. It was Presh..I looked at Cosa..

Me: I'm sorry get I please take this? It's my girlfriend

Cosa: Yes of course, plus I'm still waiting for my drink

I don't care how much of a dangerous Italian mafia you can be, but my girlfriend comes first. She's in my place I could ignore her call and later on find out that something bad happened..I couldn't go out because of the locked door..

Me: Sonto

Presh: I think Braga and Sandisiwe are seeing each other

I closed my eyes and exhaled..

Presh: Something about her recent Facebook

post says so

Me: Did you ask Braga?

Presh: She denies! But my gut tells me something else, they seeing each other in secret

Cosa signaled to one of his goons, who took out a cigar for him. I noticed the gun he had.

Presh: They know how I feel about this

Me: I bet they do

Presh: Are you busy at work?

I never told her about this meeting..

Me: Yes sort of

Presh: Okay I'll call you later

Me: Okay.. I love you

Presh: I love you more

I hung up..

Me: I'm sorry about that, where were we?

PRECIOUS MOLOI

I video called Braga. Currently I'm living with her, we renting a flat in Pretoria. We thought it'll be a good idea since we are working together. She's a designer and right now we carrying out my brand..

Braga: I'm glad you called

Me: What is going on between you and Sands?

Braga: Nothing

Me: Yeah her recent Facebook post doesn't say "Nothing"

Braga: You know how Sands is, she's probably doing it to annoy you

Me: That makes sense

Braga: When are you coming back?

Me: Later today

Braga: Can I fetch you?

Me: I know my way home

Braga: That means you not coming back

Me: How are the t-shirts going?

Braga: Sold out

Me: Really?

Braga: Yeah.. Look we should kill red

Me: Why?

Braga: I don't like red you know

Me: See this is not about you, I like the variety of colours. Red, Black, and white

Braga: I still say let's kill red

Me: What are you branding now?

Braga: The caps, bucket hats, and beanie hats

Me: Good

Braga: Have you found a place yet?

Me: Still looking

Braga: You not looking, you hung up on lo Clint nyana wakhona

Me: Oookay can we minimize the disrespect

Braga: You give me hell for allegedly dating Sands but I can't talk about your boyfriend

Me: Let's kill this call, see you later

Braga: Yeah see you after 3 days

Me: Agh whatever!

CLINT HENDRICKS

I looked at the statements..

Me: She bootleg you 5mill?

Cosa: Yes.. So I need you to get into her account and transfer it to my offshore account without traces of it leading back to me

I nodded repeatedly...

Cosa: Can you do that?

Me: I think so.. Just gonna need a bit of time

Cosa: Take all the time, just make sure she doesn't spend it all

Me: I'll try my best

He took out his cheque book, and wrote me a cheque..

Cosa: You'll get the rest when you have completed the work

I looked at it, it was 50k. Twice what we agreed on as the upfront payment..

Me: It's twice what we agreed on

Cosa: I know.. Buy your girlfriend something

nice with the change

He got up from his chair..

Cosa: I believe we done here, for now

Me: Yes Sir

Cosa: I'll be in touch

Me: Ottimo (very well)

He smiled a little..

Cosa: Enjoy your day Mr Hendricks

Me: You too Sir

YAMKELA (BRAGA)

Sandisiwe walked into the lounge..

Sand: Good morning

Me: Morning

Sand: I woke up late today

Me: You always wake up late

She checked my sketches..

Sand: Why don't you guys open a store?

Obviously the brand is growing

Me: Presh is still looking

Sand: Is she? Because from how I see it she's
dicktimezed

I looked at her..

Sand: Sorry

Me: She'll get bored, I'm giving them less than a
month

Sand: They seem serious, she announced it to
the public

Me: We talking about Presh here

Sand: Who is this?

Me: One of our brand models.. Monica, Mo.

Sand: She has a good body

Me: She stands for the slim girls

Sand: Is she a professional model?

Me: No.. She's starting

Sand: How can't I model for the thick girls?

I looked at her lovely admirable body..

Me: It'll be a distraction to me

Sand: We can't make our relationship public and now I can't even model for the brand?

Me: I'll think about it

Sand: That's good.. I'll make us breakfast

PRECIOUS MOLOI

I looked at the photos of the models, Braga has suggested a runaway show.. I am considering it.. My phone rang, it was my Mother..

Me: Mamzo

Ma: Hau kanti girl where are you? Braga says you haven't found a place yet for the store?

Me: I'm still looking

Ma: Usese ku Clint nyana wakhona? (Are you still by Clint's place)

YAMKELA (BRAGA)

I have never been in a serious relationship before, that's not my thing. I just like having fun, basically I date for fun. Yes most of the girls I've been with before, some caught deep feels and some ended up hurt. Whilst all in all, I'm just doing nothing but having fun..

I am currently involved with two ladies.
Sandisiwe and our brand Model, Mo.

Two women at the same time balance my stress, if one acts out. I go to the other one.

Whilst Sandi was busy taking a shower, I received a call from Mo..

Me: Baby love

Mo: Hey

Me: Am I in trouble?

Mo: No I just.. I just saw Sandi's post on Facebook, 30min ago

Me: And?

Mo: In the Dwaa Nation t-shirt only

Me: And?

Mo: At your place

Me: You know Presh and Sands are tight like that, she comes over every now and then

Mo: But you said Presh is at her boyfriend's place

Me: Those are old pictures

Mo: Ohw

Me: You seriously think I would get it down like that with Sands?

Mo: I was just asking, is there a crime in asking?

Me: You were indirectly accusing me

Mo: I was asking

Me: So are we fighting?

Mo: You saying she was visiting Presh so.. Why should we fight?

Me: What are you doing?

Mo: I'm at school.. What are you doing?

Me: I'm working

Mo: Thought you were going to take some time off today?

Me: I work with the Antichrist

Mo: I'm sure Presh is not that bad

The water went off in the shower..

Me: Let me get back to work, I'll call you later when school is out

Mo: Okay then.. I love you

Me: Yeah me too

I hung up....

CLINT HENDRICKS

Jamie made her way to my office..

Jamie: Clint you have a minute?

Me: uhm yeah.. Please come in

Jamie is our receptionist who has this silly crush on me..

Jamie: This Email came through for you, I printed it out

Me: Thank you

I took the document from her.. She stood there..

Me: Anything else?

Jamie: I know this is kinda inappropriate but

Me: What is it?

Jamie: I was reading one of Presh's book and I am really enjoying the story just wanna know what's going to happen on the next insert, she is keeping me in suspense

Me: Which story are you reading?

Jamie: The current one, Sister wife. I just wanna know if Ndalo is really going to die

Me: She doesn't share what's coming next on her stories with me

Jamie: Not even a little?

Me: She's Precious Moloji to you but she's my girlfriend, she doesn't bring her work home all the time

Jamie: Makes sense.. I'm sorry I even asked

Me: It's okay

Jamie: I'll get back to my station

Me: Thank you for the document

Jamie: Of course

I shook my head as she walked out...

PRECIOUS MOLOI

I paced up and down thinking about what Wilsonia said and checking out the photos she sent me..

I know my best friend, she's not serious when it comes to relationships. She's just looking for fun, and these girls most of the time end up heartbroken. Things will definitely be awkward between Sandisiwe and I, if Braga breaks her heart...

A call came through, I didn't really recognize the number..

Me: Hello

Voice: Skolo (Sonto)

Me: No ways!!

He chuckled..

Me: Ndu?

Ndu: Unjani kodwa? (how are you)

Me: I'm good and you?

Ndu: Ngi grand Skat (I'm good)

Ndumiso is my crush, childhood crush. We grew up together and at some point we tried dating a few times but it didn't work out, so we decided to stay friends. Our friendship has always been questionable to others because of how he used to treat me and the fact that we called each other "Crush".

Ndu: It's been a while

Me: It's been a while indeed

Ndu: So I check you out on social media and, you have a boyfriend Señora P Thobekgale

Me: Yes I do... His name is Clinton Hendricks
He whistled..

Ndu: A Kullid, you just shot gunning it huh?

Me: Yes he's a very good guy

Ndu: Geluksdaal?

Me: No just around here in Johannesburg

Ndu: And how did you guys meet?

Me: It's a long story

Ndu: Maybe some other time

Me: Remember the Pact we made?

Ndu: Yes.. When you get involved with someone and it becomes a serious relationship you and I

we are done, the crush relationship

Me: I think now it's the time

Ndu: You serious about this guy aren't you?

Me: Yes I am

Ndu: I'll respect it

Me: Thanks for the call

Ndu: Sharp.. Can I check up on you though?
Every now and then?

Me: Yeah I don't mind

Ndu: Sharp ke

Me: Sharp

He hung up.. Crush and I haven't spoken in a long time since I moved away from home..

CLINT HENDRICKS

During my lunch break I decided to go to American Swiss. I've been thinking about it for a while now, thinking about proposing.

I am not sure about the kind of ring that she would like, so I asked for assistance..

Assistant: Good day Sir

Me: Good day

Assistant: How are you this afternoon?

Me: I'm well thanks and how are you?

Assistant: I'm fine thank you.. May I help you?

Me: Yes please.. I'm looking for a ring for my girlfriend, an engagement ring

Assistant: Come this side please

I followed her..

Assistant: These are the rings we have under our "Engagement collection"

Me: They look nice.. Real diamonds?

Assistant: Not all

I picked one...

Assistant: That's our eternity wedding bands

It had about 4 diamond stones..

Assistant: Sterling silver and the stones are cubic zirconia

Me: I just like the eternity part, has to be good luck

Assistant: You can get it, then the wedding ring you can get a real diamond

Me: Sounds like a plan

I looked at the price..

Me: I'll take it

Assistant: R3 500

Me: It's okay I'll take it, how much would it be if the diamonds were real?

Assistant: We have a white gold one with

brilliant cut diamonds, it's a full eternity ring it's
10k

Me: Not too bad

Assistant: Cash or account?

Me: Cash

Assistant: Very well

Me: I don't know about the size, but I think it will
fit

Assistant: It's size k, actually the smallest of the
sizes we have

Me: Let me show you her hand

I got my phone and looked for a picture..

Me: Here

She looked at it..

Assistant: I think it will fit

Me: I hope so

Assistant: She's beautiful

Me: Thank you

She gave me back my phone..

SANDISIWE GXABA

Braga was driving me back to my place. I am renting a place, I have a roommate helps with the rent.. Other than writing I have a job, it's not an ideal job but it helps me financially

Me: Have you considered my proposal of being one of your models?

Braga: I'll have to run it through Presh

Me: I already imagine her saying No

Braga: Well then that would be bad

Me: You work with her, I'm sure you have a say

Braga: I do have a say

Me: So please plead my case, I could really use the money

Braga: I'll run it by her.. I promise

PRECIOUS MOLOI

I had a peaceful indoor day. It didn't bother me being indoors because I'm an introvert.

I spent most of my time typing, reading, catching up on my favorite series and I had a bottle of wine to keep me company. I was in a good mood, so much that I cooked dinner before Clint's knocking off time..

He came back home at around 17:00 as usual, a minute past his usual time will have to come with a solid explanation..

He opened the door and made his way in..

Me: And he's home

He closed the door..

Clint: At least I didn't walk in on you dancing and singing

Me: Pleaseee you like my singing..

Clint: I would like it less if it was silent

Me: Whatever.. How was your day?

Clint: It was as usual

He put his things on the counter..

Me: You brought work home

Clint: Yaa I have this client, he's very demanding

Me: I should've went back to my place then

Clint: Don't be like that, I'll only catch up on work later on at night

Me: Okay

He walked closer to me, leaned forward for a kiss but leaned back..

Clint: Are you tipsy?

Me: No

He walked over and opened the fridge, then took out my bottle of wine..

Clint: It's almost empty

Me: It was a full day plus its 750ML that's robbery

He closed the fridge..

Clint: You can't be drinking wine when we having unprotected sex, you could eventually fall pregnant

Me: I went back to the pill

Clint: Huh?

I looked at me..

Clint: But you know how I feel about that right?

Me: I can't fall pregnant in your own terms

Clint: Who was complaining that "blah blah I'm getting old".. "blah blah I want a baby"

Me: That was baby fever talking, now it's gone

Clint: Do you want a baby or not?

Me: I do, just not now.. I have a lot going on for me right now to actually be tied down in that manner

Clint: But you also in a relationship, we not dating to kill time or are we?

Me: We will have a baby just not now

Clint: Why can't you do both?

Me: What's the rush? You what 4 years younger

than me? There's still time

Clint: It's not about the age gap okay? And stop throwing that in my face I knew you were older when I approached you

Me: I'm just saying

He shook his head..

Clint: I'm going to shower

He walked away...

SANDISIWE GXABA

I was back in my flat with my roommate Siphe Sikhumba.. Actually he was renting alone in some flat then moved out after a break in, and I saw a post from him on Facebook saying he needed a roommate and I needed a place so I was down..

Me: I'm just saying Presh is too bossy

Siphe: For the time being I've known her, she is pretty cool

Me: She is cool, just way in over her head sometimes

Siphe: Is this about you dating the best friend?

Me: She's in a relationship, why isn't she allowing others to be in a relationship too?

Siphe: Have you talked to Braga about this?

Me: She doesn't listen, Presh is half of her world if not her complete world

Siphe: They are tight, I've seen friendships before but this one.. I've never come across such

Me: I wonder what Presh did to actually penetrate through that ice cold heart

Siphe: Ice cold heart?

Me: Braga doesn't care about me

Siphe: I don't think she would be dating you if she didn't

Me: Ya maybe

Siphe: Just talk to her and tell her how you feel

Me: I'll try

PRECIOUS MOLOI

My phone rang, I went to get it from the lounge.
It was our Model Mo..

Me: Hi

Mo: Hey Sonto do you have a minute?

Me: Yeah sure

I sat down..

Me: Are you okay?

Mo: Is Braga cheating on me?

Me: I'm sorry what?

Mo: I know I'm putting you in a difficult position but.. I really need to know

Clint: Yeah she's cheating

He said that on his way to the bathroom..

Mo: Who was that?

Me: That's my annoying boyfriend he's saying that because he's mad about something

Mo: Ohw

Me: What makes you think she is?

Mo: Well I saw pictures of Sands and she was in your flat, Braga says they old pictures but.. My instinct tells me otherwise

Me: All I know is that Sandisiwe and Braga are good friends of some sort

Mo: Funny enough, Braga said Sandisiwe is

your friend and comes to visit you

Me: Let me call Braga and straighten this out

Mo: Don't say I told you, she's going to be mad

Me: Naa don't worry I got this

Mo: Okay thank you so much Sonto

Me: Thank you for coming to me with this than someone else

Mo: No problem

Me: I'll call you

Mo: Okay thanks

I hung up and said a 5 seconds prayer before calling Braga..

Braga: Babe

Me: Guess who just called me?

Braga: J K Rowling? Finally having an interest on your witch stories

Me: It was Mo

Braga: Ohw didn't know ya'll were friends now

Me: She was talking about you and Sands

Braga: So she took our issues and discussed them with you?

Me: And you shall not be mad at her

Braga: Why would I be, a 3rd party joining in why should I be mad.. Matter of fact maybe Baby Love can date you.. Yeah 3 way street, my Sister wife kind of vibe? You, her, and Clint can live happily ever after

Me: Don't be ridiculous! Just get your shit together okay? That's all I'm asking then we'll stop having these conversations and bye for now

I hung up..

Clint: She must get her ish together?

Me: Yes!

Clint: Profound advice.. Maybe you should use your own advice too.. Get your ish together too!

YAMKELA (BRAGA)

I called Wilsonia..

Will: What's up?

Me: My Girlfriend is suspecting that I am having a fling on the side

Will: That's my problem because? Or I'm sorry that's not my problem at all

Me: Cut the crap for 2 seconds okay?

Will: What do you want me to do? Defend you when you clearly are dead ass having an Entanglement with Sandisiwe fucken Gxaba!

Me: Yes I want you to defend me

Will: Why isn't Presh doing so?

Me: You know she defends my girls instead of me

Will: I don't see her defending Sands, but the way I told her about Sands being at the flat

Me: Why would you do such a thing?

Will: Because I don't know how to stab people in the back, I stab you at the front so you can see that I'm the one who shoved the knife in

Braga: Fuck you Wilsonia.. Sometimes I wonder if you are friend or a foe

I hung up while clicking my tongue...

SANDISIWE GXABA

I saw this Mo girl who commented on Braga's picture that she uploaded a few minutes ago. The comment was:

"My one and only "

I rolled my eyes and commented:

"had a great time with you last night "

Me: Let's see how you take that!

I checked her pictures, how is it that Presh allowed this girl to be her brand model but doesn't want me to be one.. Talk about double standards! I thought Presh and I were tight...

PRECIOUS MOLOI

I walked into the bedroom..

Me: Clint this is just ridiculous

He looked at me as he was unbuttoning his shirt..

Me: A baby is not a temporary commitment, it's a lifetime commitment

Clint: I have a headache to go back and forth with you about this

Me: Then don't

Clint: Let me ask you something

Me: Okay

Clint: Do you really love me?

Me: Of course I do!

Clint: I'm not so sure, last month we had an argument and you dumped me. By the way you were wrong and I was the one who had to apologize

Me: I wasn't wrong

Clint: You were wrong Sonto

Me: You came at me

Clint: And you were very disrespectful with the things you said

Me: Why are we fighting about this now? It

happened a month ago

Clint: Because I never got a chance to voice out how the situation made me feel, I brushed it off because you had dumped me and I knew bringing it up would've led to another fight

Me: But you bringing it up now

Clint: You said you didn't want nothing to do with me anymore, you said you were tired of me and you threw a lot of F bombs

Me: You weren't so nice with your words either

Clint: What did I say that was offensive?

I kept quiet..

Clint: Don't worry I'll wait

Me: This is really ridiculous maybe I should just go to my place, give you some time because clearly your head is all over the place and I doubt it's only about the pregnancy

Clint: There's nothing new in that, if I don't get

dumped you need some space, you ignore me...
Does it ever occur to you that I also have
feelings? I get hurt too you know

Me: That's why I usually ask for space

Clint: What if I don't need space? What if I don't
want space

Me: I knew a serious relationship would stress
me out, I knew it.. I saw it coming, I knew it!

Clint: So what? You wanna call it quits again?

Me: Yeah maybe.. Maybe I wanna call it quits
again

Clint: So you are breaking up with me again? In
a space of a month? We just broke up last
month!

Me: I'm just tired Clint.. I need some time, I'll call
Braga to come and get me

Clint: Yeah whatever Presh

He walked up to the doorway and pushed me

out of the way..

Me: That was uncalled for!

Clint: That was the most called for thing I've ever done today... Lock up when you leave, I'm going out for a drive!

CLINT HENDRICKS

I drove straight to my Brother's house to talk to him, he's my go to Person when all seems confusing and hard to handle. I don't like putting my business out there, I don't trust friends. He's my friend and we talk about almost everything..

Bryan: It's a bit late for you to be stopping over for a visit huh?

Me: Yeah

Bryan: Problems in paradise?

Me: You don't ask

I made my way in and sat down..

Me: Where is wifey?

Bryan: She's out for a few

Me: Okay

Bryan: Anything to drink?

Me: Yes please

He went and got us something to drink..

Me: Thank you

He sat next to me..

Bryan: What has Sonto done now?

Me: The usual.. She broke up with me

Bryan: Again?

Me: Again

Bryan: I don't know anyone who has a PhD in dumping like that girl

Me: She went to school for it

Bryan: And excelled in class

I laughed..

Bryan: Merits and what not

Me: And distinctions

Bryan: Graduated on top of her class

Me: I was going to propose.. I was planning to propose

Bryan: That's new

Me: But with all this drama I don't know.. Can't have be married to someone who will constantly want a divorce every 3 minutes

Bryan: What's her story? A normal Person

doesn't do this

Me: She's been through a lot and doesn't care, she keeps on saying "I don't do this intentionally" but keeps on doing it

Bryan: Have you tried talking to her?

Me: That's what led to the sex breakup

Bryan: Have you suggested therapy?

Me: I'm dating a writer who thinks she knows everything, she will give me 50 literature reasons on why she won't do therapy

He laughed..

Me: Her Mother manages to get through to her she just doesn't like me that much

Bryan: Reason being?

Me: She doesn't trust me

Bryan: Understandable, so what are you going to do?

Me: I don't know.. I really don't know

PRECIOUS MOLOI

Braga did fetch me, as we were driving back to our place. I told her everything that happened, she kept quiet..

Me: Clint doesn't let situations go that's the problem, he will say he forgives but will bring it up over and over again. I can't be with someone like that, keep on being reminded about my faults when I forgive and forget

She still remained quiet..

Me: Braga

Braga: I'm sorry but I don't really care about him and how he feels, this conversation is pointless to me.. All I wanna know is if this is over for real or you guys will get back together again? Are

you going to beg him or is he going to beg you?

Me: If he doesn't contact me I guess it's the end of the relationship, I'm not going to beg him just look for another mistake and keep it moving

She pulled over..

Braga: Okay.. I might not like the guy but what's that all about? "Look for another mistake"

Me: What am I supposed to do? If he doesn't wanna be with me anymore then I won't force him to be

Braga: Do you even love the guy?

Me: I do but I won't force him to be with me if he doesn't want too, that would be unfair for him

Braga: Clint is mostly the one begging you even when you wrong, can't you do the same?

Me: Embarrass myself like that? Beg him and have him ignore me or tell me shit?

Braga: If he ignores you then it's okay that means he is still probably upset and when he's okay he will come through

Me: I'm not going to embarrass myself in that manner

Braga: You can't just cut people off just like that, people have feelings too. It's not a one way street, I remember when you used to cut me off.. Block me completely, that shit stung

Me: And we here

Braga: We here because you changed towards me, now we are able to fix our mess why can't you be the same way to other people that you claim to love

Me: We here because we wanted to be here, we made it work.. If Clint feels like he doesn't want me anymore it's his choice. I'm not going to wallow about it

Braga: You act like things don't hurt you but

they do, when we get home you'll be talking about him the whole week. Yes you don't cry easily when things hurt you but what I know is that when you constantly talk about something or something it means you are hurting you just don't wanna show. It's not weakness to show your vulnerable side

Me: Crying about it, what difference will it make?

Braga: It shows you care.. I know your last relationship messed you up and the reason why I am scared of you dating again is because of that that guy did to you, when you were going through the breakup we lost our best friend that was double the pain.. I had to forget about me to be strong for you because I was scared that you were going to fall apart and I am happy you got through that but trust me you don't have to put that strong act all the time, protecting your sanity is not wrong but in the process you push away people who really care about you

Me: I don't know about that but you still here

Braga: Go screw yourself

I chuckled..

Me: Let's go home

CLINT HENDRICKS

Just when I was about to leave, Bryan's wife walked in..

Lesego: Clint

Me: Hey Sis

Lesego: Ohh what has she done

Me: We that predictable?

Lesego: Yes

Bryan: She dumped him

Lesego: Again? What happened this time

around?

Me: I really don't know

Lesego: Well did you buy her wine? Was wine available? She gets cranky when she hasn't had wine

Me: Wine is always available at my house

Lesego: Her wine or sweet rosè?

Me: Her usual wine.. Dry red or Cabernet Merlot?

Lesego: Then what did you do?

Me: I did nothing

Lesego: So she dumped you from the top of her head? She's crazy but not so crazy

Me: I brought up something that happened a while back and the baby situation

Lesego: Why start her if you know where the situation will land you guys? You've been with this woman for a long time you should know

which buttons to not push or play around the situation to not initiate a fight

Me: Yaa.. It is what it is

Lesego: What you going to do?

Me: I don't know

Lesego: I don't have the formula to a perfect relationship but all I know is that you don't give up on someone you love, I believe she will come around with time

Bryan: That's true... If you love her and still have faith in your relationship then don't give up on her

Me: I'll see you guys

Bryan: I'll walk you out

We walked out..

SANDISIWE GXABA

So Me and this Mo girl hatched it out in the comment section. It turned out to be a big argument, and I was coming with blows so was she. I ended up winning the argument so much she deleted her comments..

Me: And that Ladies and Gentlemen is how you put a bitch in her place

Siphe: Won't that blow back on your face?

Me: Why?

Siphe: Braga might defend her than you

Me: I don't see that happening, I mean she's beautiful yes but she ain't all that honey have you seen me?

Siphe: What if she loves her beyond her looks? Looks ain't all in a relationship

Me: She would be a fool to defend her

Siphe: Aii we shall see

PRECIOUS MOLOI

We got home and I went straight to my bedroom. I put the bag on the bed and looked around, my eyes landed on the big portrait of Clint and I on the wall. I sat on the bed and cried silently so, as to not alert Braga. Clint usually stops me from walking out, he would've called or texted by now but he hasn't. I regretted what I said, what if this time around he got tired and decided to really let me go.. The idea of losing him for good doesn't sit well with me, I love him with all my heart. I took my phone and thought about texting him, but I was scared. The way he walked out on me, what if I text and he doesn't text me back. It will be embarrassing and make me feel really stupid. Maybe I should give him

sometime, but it's going to be difficult sleeping without talking to him or sleeping next to him. I laid back on the bed cried..

CLINT HENDRICKS

The next morning I went to see the only people who would up my mood, Sonto's Brothers.

Usually your family stands with you but in our case it's a little different. Most of the time my family stands by her, and her brothers stand by me. Maybe that's because they know us well and they know when we the wrong ones in a situation.

All her 3 Brothers live at their Grandmother's house since they had no one else to live there. Which is good that they looking after the house. Her big brother is into business, her second brother is working then her last brother is still at tertiary doing his 3rd year.

They are laid back, we get along very well except for one Brother. We don't click that well because we the same age, we age mates. She's the second born..

I was lucky to find them at home, well it's still early so obviously they'll be home. Her big brother is the one who opened the door for me..

Me: You not outside in your castle?

Him: You know I'm a part time vacant in this

house

I looked at him..

Him: I lost my keys, and the spare key

Me: Ohh it makes sense.. What's up Bro?

Him: Ang'rasi wena? (nothing much, what about you)

Me: Mina ngiyarasa straight (I have a complaint)

He whistled...

Him: Ehhhh Sika, family meeting!

Sipho is the last born, I'm 2 years older than him. We also not that far ahead with the age gap.. I sat down...

Me: Tell me why do you have a different alphabet name from the rest? Sonto, Siyabonga, Sipho.. With you they just went next door..

Thulani

Sipho: He was adopted

He showed up from the kitchen putting on his vest..

Thulani: I'm not adopted

Sipho: Simdopile nje le nale (we picked him up from somewhere)

Thulani: I'm the one who had our Father's personality, quiet and humble so they gave me that name

I nodded..

Sipho: K'hambani? Where is Nono?

Me: That's why I'm here

Sipho: Don't tell me ukuthi bak'fake eDust bin futhi? (don't tell me you got dumped again)

Me: What can I say

Thulani: Again? Weren't you dumped yesterday?

Me: Last month, and yesterday

Sipho: What's the reason this time around?

Me: I don't know

Sipho: Goodness! Now she's going to move back

Me: Your sister doesn't live with me, she has her own place

Sipho: Ohw ya I keep on forgetting because she's with you most of the time

Me: And I was planning on proposing last night

They both looked at each other, Sipho made his way to me...

Sipho: My bra... Clint.. Clinton.. Listen

He sat next to me and put his arm around my shoulders..

Sipho: You know how women are, they have a loose screw here and there

I looked at him...

Me: Get your arm off me

He got his arm off me..

Thulani: This situation can be fixed maan

Sipho: Exactly.. We won't let you sink down Bro, we got your back you know.. Ever since she started dating you, she's the happiest. She gives us a breather.. It shows ukuthi you make her happy, this is just a minor obstacle that we can fix

Me: Why aren't you at school?

Sipho: I failed a module

Me: How come? You and Sonto are said to be the ones who got the brains from your Father, you did well last year

Thulani: He missed the exam

Me: Why?

Me: The details don't matter for now, what matters is breaking the news to Nono when she's happy and she is at her happiest when

you guys are together

Me: So you trying to use me to plead your case?

Sipho: We all look out for each other, it's a brotherhood situation

Thulani: Only when it's beneficial for you, but I get his point I also have faults I need to address with her and we need her happy

Sipho: Vele what happened? What led to the breakup this time around?

Me: Well we w-

Yaya walked in, the atmosphere changed immediately..

PRECIOUS MOLOI

The first thing I did when I woke up was to check my phone, for any text. Usually he sends

me a text every morning before I wake up..
Braga was already up and working..

Me: Good morning

Braga: Eyy come check the design for the t-shirt dresses

Me: Clint hasn't called nor texted

Braga: I wanna put the "Dwaa Nation" somewhere there

Me: Did you hear what I said?

Braga: I heard what you said but did you hear what I said?

Me: The design is fine

Braga: You didn't even look

Me: I trust you

I walked back to the kitchen, she followed..

Braga: Give him time.. Getting dumped is not

easy but I know he loves you very much, he will come through

I looked at her..

Braga: Let him cool off for a few days

I nodded..

Me: Let me see the designs then

CLINT HENDRICKS

Yaya: Where is Sis?

Sipho: She's not here

Yaya: So what is he doing here?

Thulani: He pulled through for a visit

Yaya: Why? Since when do we allow boyfriends in?

Sipho: Yaya don't start Man

Yaya: Grams is definitely turning in her grave a boyfriend just walking into her house

Me: If she was turning in her grave I would know

Yaya: Where do you get off talking about her? You don't know her, never even met her

Sipho: He would know because he's an ocean

Me: What?

Thulani: No, a sea.. What are you again?

Sipho: A Seer.. A Seer

Yaya: I don't care even if bekawu mpostol Pau (I don't care even if he was Apostle Paul)

Sipho: Eh hh

Yaya: It's no excuse for him to come here

Sipho: Yakhenya Joe (You annoying)

Me: Naa it's okay.. I understand his outburst, wouldn't be easy on me too if my Big Sister was being bent over all the time by a guy who is the

same age as me

Sipho: Snap!! We going to need some aloe Vera in here

Yaya: What there?

Thulani pulled him back before he got to me..

Me: What's he going to do?

Thulani: Too Soon Bro, Too soon

Yaya: Too soon my foot! He's disrespecting me in my own house!

Me: Your Grandmother's house

Sipho: Damn.. The clapbacks hit harder I say

Yaya: We really going to let this guy marry our Sister some day? Disrespectful as he is?

Me: You disrespected me first

Thulani: Guys cut it

Yaya: No you cut it! This guy ain't marrying Nono! Over my dead body

Thulani let me go...

Yaya: He should be gone when I get back

He clicked his tongue and walked out..

(Silence)

Sipho: I wanna hear him say that to her face

"There's no way you going to marry this guy"

Thulani chuckled..

Sipho: If God wants to take me may he please spare me to live until I see that day, I wanna live for that day, then he can take me after

Me: Already imagining her reaction

Sipho got up and went to the door..

Sipho: She probably would walk in like this

Me: I'll be Yaya

Sipho: Then she will look at everyone and look at Yaya on some "And then? What you wanna talk to me about?"

Me: "I don't want you to marry this Clint guy, I don't like him.. It's embarrassing, he's the same age as me my friends find it funny"

Sipho: "The change your friends, obviously they not good for you"

Me: "You not marrying this guy, finish and klaar"

Sipho: Then she gonna look around, and turn to you.. "Who the hell does he think he talking too?"

Me: Naa Bro she would be with her Clique, she won't bring me along she will be with her Clique

Sipho: The Clique.. I forgot she can't get an online without Braga

Me: How do you forget the Clique, the Clique knows more about my woman than me. She probably knows what underwear and bra she's wearing before I find out later in the bedroom

They both laughed..

Sipho: That's insane.. I feel sorry for you Son

Thulani: But the Clique syndrome has us all, when she visits and something is not right she yells and looks at the Clique "Can you believe this Braga, can you believe what goes down in this house".. Sikhala sibaningi (we all crying)

We all laughed..

Sipho: And the Clique will be co-signing "Bro it's crazy"

We continued laughing..

CLINT HENDRICKS

It's easy for people to bash my girlfriend based

on what they see, what most people don't know is that behind all that tough act lies a lot of Pain. What I've come to realize is that Presh can be hurt by a number of things but loss is not one of them. She has lost a lot of people in her life who were very important, through death. So that pain doesn't move her anymore because she has succumbed to the tradition of losing people. I think she got to the point where she viewed it as "Normal", that it's traditional for her to lose people, that's the demon I'm fighting with right now.

She has lost both her biological parents at a very young age, she lost a best friend to suicide, then lost yet another close friend to an untimely sickness and her whole world crumbled down when she unexpectedly lost her anchor, her Grandmother. Ontop of that, she had two failed relationships that left her broken.. Despite so

many losses God was able to restore what was lost. For her childhood best friend that she lost to suicide, God cross her path with her current best friend, who would travel to the ends of the earth for her. She gave her Parents who love her as if like she was their own, Her adoptive Mother Zuxie is all that Presh ever wanted in a Mother. You can never tell that she's not the biological mother because the love that runs between them is very admirable. For her two failed relationships, God gave her Me.

She has Brothers who love her, an Aunt that is very supportive too but even with so much restoration I find myself being crucified for the sins of her Exes, that I had nothing to do with. She is not very much forth coming with her pain but there's a lot of healing that she needs to do. She has been blessed that her pain was not in vain, it was channeled through her writing. Today she is able to use her pain and scars to

heal those who are broken too.. I just wish she could use the love she has now to heal the pain that she experienced..

Before heading back home, I made a stop to talk to the only woman who has been able to put her right. She has told me numerous times that her Grandmother was the only person she was scared of, the only Person who knew how to put her right and right now I need her help..

I consider her my friend because when Presh and I started dating, her Grandmother communicated with me. Being spiritually gifted had me communicate with her and trust me, I saw it plain blank that in life this woman never took any bullshit..

I glanced down at her grave..

Me: Grams it's me, It's Clint

Usually I get lost when I come here but today I didn't get lost, I take that as a sign that she was expecting my visit..

Me: I'm from your house the boys are fine, I'm here because of your other Grandchild I need your help. Only you know how to get through to her, because the honest truth and God is my witness I do love her very much but at times she defeats me too. I end up not knowing what to do but to turn to you. I was planning on proposing, I'm ready to make her my wife but she's pushing me away and I don't know what to do. Fight for her or just leave so right now I need your intervention.

I will contact her and tonight I'm going to propose, if she says yes then I'll know you have given me your blessing and I need for you to visit her in a dream. You can contact her anyhow, the dream could be about anything if

you could do those two things for me then I'll know that I have your blessings

PRECIOUS MOLOI

I was about to head out, just go out for a walk to clear my head when I received a call from my Brother Yaya..

Me: Did you guys burn down the house?

Yaya: No.. Why would you say that

Me: You calling me

Yaya: I always call you

Me: What do you want Yaya?

Yaya: We had an interesting visitor this morning

Me: Ohw yeah?

Yaya: Clint

Me: Really?

Yaya: What do you mean "Really" you didn't know he was coming?

Me: No.. Clint and I we, we not really in good terms

Yaya: Hallelujah!

Me: I know that this is somehow hard for you, my dating a guy who is the same age as you but Clint is a good guy. If you could just stop fighting with him and actually get to know him, then you will see

Yaya: If Clint does something how am I to reprimand him if he's the same age as me?

Me: You don't have to reprimand him that's what the big brother is for

Yaya: It would be comfortable if the other brothers didn't like him

Me: Don't you think that maybe the other

Brothers have accepted that I'm a grown ass woman

Yaya: Ohh please they just trying to marry you off to get rid of you

I chuckled..

Me: Just give him a chance

Yaya: No

Me: Then that's too bad

Yaya: Yeah whatever, you weren't much of great help bye

He hung up...

I got the notification R1500 was transferred to my account, I called her...

Braga: I'm guessing you got the money?

Me: Yes I did.. Thank you very much

Braga: You welcome

Me: What's with the girl who commented on your picture?

Braga: What girl?

Me: Mo

Braga: Not familiar with the name

Me: That's because she deleted her comments

Braga: I don't know and I can't monitor every girl who comments on my pictures

Me: Post a picture of me on your Facebook

She laughed..

Braga: Don't be ridiculous

Me: See what I mean

Braga: We had an agreement that we won't post each other, because if we break up then I'll look like a fool. A relationship is not about us and

other people, a publicized relationship doesn't always work

Me: I see

Braga: Enjoy the rest of the day

Me: You too

Braga: Bye

PRECIOUS MOLOI

The call I have been anticipating the whole day came through, my heart skipped a bit.

Me: Hello

Clint: How are you?

Me: I'm good and you?

Clint: I'm good too.. Was just checking on you, though we broke up but I still care about you and your well-being

Me: I am doing good and you?

Clint: I'm doing good

Me: So I heard you were at my Grandmother's house today?

Clint: Yeah I passed by, if you don't want me going there it's okay

Me: No it's okay.. I don't mind

Clint: Okay

Me: I miss you, you know

Clint: I miss you too

Me: I'm sorry about yesterday, I don't know what came over me

Clint: So?

Me: I.. I am asking for another chance

Clint: I don't know.. I'll think about it

This is what I meant when I said I didn't wanna look like a fool..

Clint: But you can make it up to me, dinner tonight at my place?

Me: I'd like that a lot, a possible sleepover?

Clint: We'll see how the night goes

Me: Fair enough

Clint: Should I pick you up or the best friend will drop you off?

Me: You can pick me up

Clint: 19:00?

Me: 19:00 is good

Clint: I'll pick you up then

Me: I love you

Clint: I love you more

Clint fetched me at the recommended time.

He kept the time and the promise..

He looked good, handsome as always in his casual wear. I thought we were having dinner indoors, but he changed last minute and suggested we go to my fave. Spur steak ranches. The reason why I love it, is that where I was staying a while back, it was the only restaurant that provided alcohol. When I was still doing a 9-5, after work I'll pass by for a glass of carbenet Sauvignon and my favorite meal. Peri peri chicken livers and garlic bread, then the oreo dessert..

He was carrying a single rose, and a bottle of my favorite wine..

Clint: Peace offering

I took them and placed them on the counter.

Me: Thank you

Clint: You look beautiful

I blushed..

Me: Thank you very much

He extended his hand..

Clint: Shall we?

I extended mine to his..

Me: Very well

He pulled me closer for a kiss and grabbed my ass in the process..

Clint: I wish this night goes well, there's some attitude I need to get rid off

Me: I hope so

Braga showed up..

Braga: Euww.. Don't you guys have a private area for the x rated version of the relationship?

We separated..

Clint: Yamkela always a pleasure

Braga: Yeah I don't feel the same way Clinton

Clint: If you weren't a stud, I'd say you and I have feelings for each other.. All the hate

Braga: Even if I was straight, I'd resort to being a Nun than to ever date you

Clint: Ouch.. That hurt my feelings

Braga: That was the intention

I chuckled..

Me: Can we go?

Clint: Yes

Me: I'll see you

Braga: I'll see you too

We walked out...

On our way down to the car he kept on walking in my path..

Me: Stop it.. You going to make me trip and fall (laughing)

Clint: My bad

I pushed him out of the way..

Me: You so childish

He placed his arm around my waist and kissed me on my cheek..

Clint: I love you

Me: I love you too

SANDISIWE GXABA

I was checking Braga's latest Insta post, she had uploaded a video of her car shopping.

She just doesn't go for such unless she has intentions of buying..

Her wallet approves, she's doing well as a fashion designer. She has good well off clients, and she gets involved in runaways

If I let this chance go, I might never get it again..

Siphe made his way in from school..

Me: You late today

Siphe: Yeah I had a late class

Me: Okay

Siphe: What did you get up too?

Me: Not much

Siphe: Okay

Me: How do you feel about bathing salts?

Siphe: I don't know

Me: I wanna use them

Siphe: Why?

Me: I wanna enhance my beauty, not that I'm ugly but I was twice as attractive

Siphe: Does it have anything to do with Braga?

Me: I think she's upgrading from her old car, she was checking them VWs.. Golf 7 and what not

Siphe: Ohw

Me: Yeah not too sure but along those lines

Siphe: Women love people who drives such cars

Me: You see, if I don't act I might lose her

He shook his head..

Me: Don't give me that

Siphe: I am not judging, we all gotta do what we have to do at some point

Me: True

YAMKELA BRAGA

I called Mo..

Mo: Babe

Me: Baby love

Mo: How are you?

Me: Good and you?

Mo: I'm well

Me: I went car shopping today

Mo: Thinking of changing your car?

Me: Yeah.. A Renault clio is not really my thing

Mo: I like it though, it's a good sexy car

Me: I'm tired of it

Mo: So what do you think of getting?

Me: I am not sure, that's why I was thinking maybe you could come over if school is not hectic and help me choose one

Mo: Okay I'd like that

Me: Can I fetch you tomorrow?

Mo: I don't have a problem

Me: I'll drive down in the morning

Mo: Okay I'll hear from you

Me: Let me rest a little.. I'm tired

Mo: Okay I love you

Me: Me too

PRECIOUS MOLOI

We got to the restaurant and ordered..

Me: Thank you for the date night

Clint: It's nothing

Me: So you were off today?

Clint: Yes I was and the boys are fine

I nodded..

Me: Clint I wanna have a Nova or a Naisen, but I don't think now

Clint: I understand.. I'm sorry I pressured you into that, the problem is that.. I feel like one day this is going to turn epic, you will walk away and never come back. Not that I'm trying to trap you with a baby but I don't wanna lose you

Me: I'm not the best person to deal with all the

time but I love you, and I know I hurt you at times sometimes it gets worse.. I lie awake at times thinking of all the pain I put you through and think that maybe you will be better off with someone else

Clint: If I wanted to be with someone else I would get someone else, I wanna be with you. But you gotta stop acting like you crazy all the time, I can't stay if you not trying

Me: Did you notice that you just dissed me perplexed, complimented me on one line and dissed me on the next

He chuckled..

Clint: Did I say anything that was untrue though?

Me: You have a point.. I love you and I'm sorry, I'll try harder I promise

Clint: We'll see

PRECIOUS MOLOI

After our delicious dinner date we drove back to his place. It was good that we were in a better place. I hate fighting with Clint, fighting in relationships aren't good. They a drag and they painful..

Me: Thank you for taking me out

Clint: It was nothing

Me: Aren't you modest?

Clint: I try not to be

Me: So I guess the night went well for me to end up here

Clint: It seems that way

Me: I need to freshen up

Clint: Okay.. I will sort something important that's work related, whilst you take a bath

Me: Okay

I kissed him and made my way to the bathroom...

YAMKELA (BRAGA)

I was at the balcony hitting a blunt and drinking a glass of hennesy, whilst listening to music and going through Mo's and Sandisiwe's pictures. Keeping two relationships going at the same time is tiring. Now I'm not the one to just be tied down to a relationship but Mo truly loves me. She's sweet, down to earth, faithful and if I mess this up. The day I finally decide to be in a

serious relationship, I might not get a girl like her. On the other hand, Sandisiwe is a ball of fire. I like her energy, she's fun to be around with. She keeps that spark in the relationship going, she makes the relationship to not be boring. That's what I love about her the most..

This is going to be difficult, I want to keep them both but the constant lies are exhausting. I'll have to make a decision soon. It's also unfair to them, because they seem to have caught feels for me...

PRECIOUS MOLOI

I am loud when I'm bathing. Clint tends to complain a lot but I know he is very much entertained by my so not good singing.

I keep some of my things here for emergencies like this. When I can't bring a bag I'll have toiletries here, underwears, and so forth. I wrapped the towel around my naked body and brushed my teeth. Then I walked out to get dressed. Clint was on the couch with his laptop, I proceeded to the bedroom and looked for my body lotion.

It wasn't in it's usual place, I know I have a body lotion. I walked out to Clint..

Me: Babe

He looked at me..

Me: Have you seen my body lotion?

Clint: It's not in it's usual place?

Me: No

Clint: Check thoroughly, I saw it somewhere

Me: Well I can't find it

Clint: Check the on the stack of towels in the wardrobe

Me: Okay

I went back in to check, and I did find it ontop of the stacked towels. When I lifted it up, there was a ring. My heart almost stopped beating. I took the ring and looked at it, it was beautiful. Something that is in between my style of an engagement ring. Just when I was about to walk out of the door, he showed up. He folded his arms and leaned against the doorway. My hand was even trembling, I had an anxiety attack creeping in..

Me: Babe.. What.. What is this?

He walked over, and took it from me.

He looked at it..

Clint: Ever since we started dating, I've always thought about this moment. When I first saw you, deep down I already knew that I wanted

you to be my wife. I know we fight more than we laugh but I wouldn't imagine having those fights with someone else. Despite your flaws, you are one amazing woman that I have ever met. I wanna wake up every morning next to you sometime. Wanna come back to your loud singing every day after work, when you around there's life in here. I enjoy your company and most of all I love you very much.. So

He knelt down..

Clint: Do you want to be completely off the market?

I looked at him, he seemed nervous..

Me: Will I have a bottle of wine every day?

Clint: All the wine you want

My eyes welled up, how can Clint do this to me? I never saw this coming.. I nodded.

Me: Yes.. I will marry you

Tears streamed down to the corners of my wide smile. He slid the ring in and got up to hug me..

Clint: I love you so much

Me: I love you too

He kissed me through my tears...

YAMKELA (BRAGA)

My phone rang, it was Wilsonia..

Me: Will

Will: I'm trying to call Presh, she's not picking up

Me: She's with that guy

Will: I'm leaving tomorrow morning, my flight is at 11am

Me: What flight?

Will: I'm flying down there tomorrow

Me: How come?

Will: I run the Dwaa Nation clothing brand here in Cape Town, alone! I have to come down to bring the stats and ask Presh to open a store, my place looks like I'm hoarding

Me: Well take a number

Will: Who is going to pick me up at the airport?

Me: Tomorrow I'm going down to fetch my girlfriend, I can pick you up and we will go together

Will: I don't mind holding a candle throughout

Me: Then walk from the airport

Will: You can fetch me

Me: I'll stop by and pick you up

Will: Don't be late!

Me: Bye Wilsonia

Will: Bye

What was meant to be a kiss sealing the engagement led to more. We kissed and he walked back backwards to the bed and I pushed him, making him fall on his back to the bed. I still had the towel on, it was short so it won't have any restrictions with me spreading my legs to go over him. I ran my hands up his thighs, all the way to under his t-shirt and got ontop of him. My legs were spread out to the sides with him in between, my knees were on the bed with my ass a bit lifted up and my hands on the sides of his shoulders. I kissed him from his neck until I got to his lips, he ran his hands on my back and went down to under the towel. He caressed my butt as we continued kissing. I used my other hand for balance, and with my other hand I ran it down again under his

t-shirt and forced through in his jeans. I went further in down to his crotch, a moan escaped his lips.. His hand came back from my butt and under to fondle with my coochie, as his fingers ran through the kiss became more aggressive. He fondled around my clit and the pleasure started to slowly kick in.

Not being able to hold back and control my body, I just couldn't keep still. Wiggling my ass too and fro. I tightened my grip on his crotch as his hard erection was yearning to bust out and be free, my touch on his manhood made his breathing to be rapid. The kiss seized for a few seconds as we both tried to maintain our breathing very much close to each other's lips. His fingers proceeded to rub against my hole and he gently slid his middle finger in, I gasped.

Me: Ohhh Clint

I kissed him...

He gently pushed his finger in and out making me more wet, I squeezed his crotch more harder as he got more and more hard. With his other hand he squeezed, spanked and grabbed my ass. My other hand with my elbow balanced on the side, ran through his soft hair.. With the moment getting more intense, he got me off him and got up to undress. When he was naked, and his crotch had come out to play, he got my legs and pulled me to the edge of the bed. He got the towel off me, parts of my body was still a bit wet from the bathing since I really didn't dry myself. He placed both my legs over his shoulders. His was bent over and his hands were down squeezing my butt for dear life.

His tongue and lips played around my coochie busy making wet sounds as I lost my mind. Squeezing and slightly pulling my nipples. My moans were louder than we had initially started, he moaned through the muffing which turned

me on more..

He stopped muffing me and got my legs up spreading my legs apart. His tongue ran circles around my clit, his middle finger was deep inside hitting the perfect spot making me to near an explosive orgasm. I seriously don't know where his finger was activating but if it is the G-spot then damn was it hitting it right. He continued and by now I was grabbing tightly and threatening to pull his hair. My legs were vibrating.. He went on and on and I was ready to burst..

Me: Ohhhhhh my word Clint I'm coming!!

He moved his face and instead of using his tongue, he use his thumb from his other hand. Wet it a bit and massaged my clit..

The scream that accompanied the liquid that

shoot through was probably echoed through.
My legs vibrated more and I wanted to close them so bad...

Clint: You close them I stop

He worked his finger inside again and when he pressed through, I squirted again hitting him through on his chest since he was bent over. With my screams and cries not backing down he stopped for a few seconds and started again. The pleasure was too much to handle, With my hands I held his very tight and closed my legs tight too. He stopped to let me calm down...

I got some numbers on Facebook from this other group, the ladies in there seem to help

each other with certain things..

I called the lady who had advertised that she's selling pink bathing salts..

Her: Hi

Me: Hi.. Sorry to call you this late

Her: Who is this?

Me: My name is Ntokozo I got your numbers from this other group, I presume you sell pink bathing salts?

Her: Yes I do

Me: I need the box, the salts, the oils and the incense sticks

Her: R280

Me: Where are you based?

Sex with Clint is amazing, he caters both to my sexual preferences. Hardcore and softcore. Hence I find myself mostly craving sex with him, then he will be acting brand new and decline. Throughout our sex life we satisfy each other to the best of our abilities.

He likes doggy style, likes an position where my ass is on display and slightly twerking on him..

This particular position was the doggy style

which was on the bed. I was kneeling on the bed with him behind him. I was very much at the edge and he was standing behind me, very deep inside. Felt him really deep but it wasn't painful. He had a hold on my braids as he pumped me from behind. I enjoyed when he went in hard and slow too. His moans and groaning would be louder than when he is going in gently, when he hit against my ass a few times which will be bouncing off him he would pause for a few seconds and start again. Sometimes he would just pause and I'll have to twerk my ass around him, that drives him crazy to the nearest institution.. He pulled out and the walls of my coochie contracted, he put it in again stretching me then he would repeat the process of putting it in and sliding out. The feel of my coochie walls closing in on him as he pushes in again and again..

I had a meeting with Cosa this morning, Same restaurant. Same procedure...

I had managed to access his wife's account, what was left. Was for him to give me details about the offshore account so I can transfer

there..

Cosa: I'm impressed

Me: I'm glad you satisfied with my work

Cosa: You do come off highly recommended

Me: I do try to deliver to the best of my abilities

Cosa: When will the money be in my offshore account?

Me: 24hours

Cosa: Very well

He signed me a cheque..

Cosa: Your payment for the work delivered

I looked at it, it was 250k..

Me: This is more than what we agreed on

Cosa: This is me saying I will use most of your services from hereon

Me: I see

How I wish this could've been a once off thing..

Cosa: Enjoy the rest of your day

Me: You too.. And thank you

Cosa: No.. Thank you

Braga did stop by to fetch me..

Braga: We start off with Wilsonia then we proceed to fetch Mo

Me: You fetching Mo?

Braga: Yes she is coming over for a visit

Me: That's nice

Braga: Yeah

Me: Clint proposed last night.. I said yes

She kept quiet for a while..

Braga: Congratulations

I looked at her shocked..

Me: Just like that?

Braga: Just like that

Me: No 3rd degree speech?

Braga: No

I looked at her..

Me: What have you done?

Braga: I've done nothing

Me: You can only say congratulations if you've done something that will possibly piss me off

Braga: I've done nothing.. This guy proposed, you said yes.. What's there to say, it won't reverse the proposal

Me: Ohw well.. Thank you

Braga: You welcome

Me: I had a dream about my Grandmother

Braga: Ohw yeah?

Me: She seemed happy.. She probably is happy with the engagement

Braga: If the underground gang is happy, who are we to say no?

Me: Yaa

CLINTON HENDRICKS

After that meeting I went drove straight to the office..

On my desk, I have a picture of Presh then my late Brother Deon. I took his picture and looked at it, imagining the day he got shot in cold blood

by our father. When he was pronounced dead, I had a mental breakdown. I didn't see myself living without him. It's one loss that I'm still struggling with even today

If he was here, he would be proud of the man that I've become. I took my phone and called my brother Bryan..

Bryan: My Ma se kind

Me: Awe.. Hoe lyk dit? (how is it going)

Bryan: Ahh Bro I'm feeling a bit sick

Me: What's wrong?

Bryan: I'm coming down with flu

Me: That's bad

Bryan: I'll be fine

Me: So I proposed to Sonto last night

Bryan: How did it go?

Me: She said yes

Bryan: Officially the crazy is part of our family now

I chuckled..

Me: I just wish Deon was here

Bryan: Yaa we've done good for ourselves, he was supposed to be a part of the good

Me: It doesn't get better

Bryan: Just gets easier to live with

Me: That's true.. I wanna visit his grave

Bryan: Yeah we'll go

Me: Let me call your Mother and tell her about the engagement before she hears it from Lesego because I know you going to tell her

Bryan: Her wine partner got engaged and now they'll have more wine dates, how can I not tell

her

Me: I'm surprised they not too close, for People who love wine they should be besties

Bryan: I'm happy they not, I don't want a headache

Me: I get what you mean

PRECIOUS MOLOI

Braga helped Wilsonia to put her luggage in the trunk.. I'm glad she didn't delay, I hate waiting.. After that, they got in the car..

Wilsonia: I hear you got engaged?

Me: Yes I did

Wilsonia: Am I the only one who sees danger in this situation?

Braga: What do you mean?

Wilsonia: You two breakup a lot, what if one day you breakup completely and he somehow does voodoo and block your love life

I turned and looked at her...

Me: Wait.. Could that be a thing?

Wilsonia: He's spiritual

Braga: That could happen?

Wilsonia: Gotta marry him now you don't have a choice, you think he will let it go if you could break the engagement?

Me: Clint is not evil

Wilsonia: We all have demons that come out to play when we deeply hurt

Me: I never thought of that

Wilsonia: You are binded to this guy now, you have to marry him

Wilsonia gave me food for thought, I never thought of it that way as in like Clint can actually do that to me. We got back to the flat later on, Mo was with us. The trio was chatting and catching up whilst I looked at Clint's photo. Imagining if he could be that evil..

Braga: Sithemba iColoured (don't trust a coloured guy)

She sat next to me..

Braga: A spiritually gifted coloured guy for that

matter

Me: Wilsonia was right, no matter how good we present ourselves but we all have a bit of evil inside of us. What happens when Clint and I don't really workout? The guy loves me more than I love him. What if the pain leads him to do something sinister

Braga: Then we strike back, all the angels you been writing about.. We strike back

We laughed..

Braga: I know I don't like the guy and everything but.. If Clint would go that direction I don't think it would be to hurt you angakubizela okhambeni (He would use a love back spell)

Me: Like go back to him even if I don't want too

Braga: That's what I see.. He would rather use it to lure you back to him but not hurt you in anyway

Me: Still.. That's insane

Braga: Yeah I know

Me: I'm going to have a conversation about this with him

Braga: Ayt do so

CLINT HENDRICKS

I got back home and Sonto was not around.

She had texted me that she left, Braga fetched her.. I got myself a glass of cool drink and sat down, taking a deep breath.

I took my phone and went on Facebook, then on her timeline she had shared a post by Sandisiwe Gxaba. I checked Sands and immediately when I looked at her last picture

update, I felt a vibe there. I had a vision. A vision of her using some bathing enchantments to get through to Braga..

I chuckled for a second, I mean. Sandisiwe is beautiful, she could possibly be in a relationship with anyone she wants. What's with the desperation of using enchantments to keep a Person? That's a low blow..

I called Presh..

Presh: I thought you'd still be at work?

Me: Hi Mrs H? How are you? I'm also good

Presh: Come on!

Me: Are you with Braga?

Presh: Yes.. Why?

Me: Give her the phone

Presh: Why?

Me: Sonto!

Presh: Okay fine

I waited..

Braga: Hello?

Me: Have you been fooling around with Sandisiwe?

Braga: You asked to speak to me because of that?

Me: She's going to use enchantments on you

Braga: What?

Me: I had a vision of her using enchantments on you

Braga: Are you sure about that?

Me: Well I'm Clint Hendricks

She sighed...

Me: It's dangerous playing women against each other

Braga: Skip the lecture and tell me what to do

Me: Usually people say thank you

Braga: I will thank you later

Me: I'll tell you what to bath with so you can reverse the enchantment or rather not give it power, so it can work against you

Braga: I'm listening

Me: Don't tell Sonto about this, she might confront. It'll be easier for Sands to deny and blast her on Facebook then it will resort to a big fight and I'm not ready to deal with a moody fiancé

Braga: Agreed

PRECIOUS MOLOI

I looked at Braga on the phone with Clint, she was standing outside. I'm a very nosey Person, Clint and Braga butt heads a lot. What could they be discussing?

After a while Braga came back and gave me my phone..

Me: What was that all about?

Braga: Nothing serious.. He wanted me to design something for him

Me: Ohw

Braga: Yeah.. Nothing serious as I've mentioned

SANDISIWE GXABA

I called her, after I've made the payment.

Ntokozo: I've received your payment

Me: I hope you not a scam

Ntokozo: Did you read and see testimonials from clients in the group?

Me: I saw that but I hope you not scamming me

Ntokozo: I'm gone to send through your package Sis

Me: Good!

PRECIOUS MOLOI

I called Clint..

Clint: What was I discussing with Braga? That's what you calling to ask right?

Me: No.. I really don't care about that

Clint: Really?

Me: What were you and Braga discussing?

Clint: I want her to design something for me, it was meant to be a surprise but because of your nosey self. Now it's no longer a surprise

Me: My deepest apologies

Clint: Apology not accepted

Me: Yeah Clint whatever.. Can I ask you something?

Clint: Anything

Me: If we could.. I mean.. Would you send an enchantment my way if you and I could seriously break up?

Clint: Huh?

Me: No offense

Clint: We've broken up a few times did I ever send through an enchantment?

Me: Ya but we got back together remember?

Clint: Only because I begged each time, if I didn't we wouldn't be here

Me: Makes sense

Clint: Since you asked yes I would, make sure you and the next guy don't live happily ever after. You can't break my heart and go live happily ever after with someone else

Me: Clint!

Clint: Relax.. I would never do that, my gift is only purposed for good only if I go evil I'll lose it

Me: That's good to know

Clint: I should be asking you the same thing miss "Moloi"

Me: I've dumped you a few times, isn't that validation enough that I can live without you?

Clint: Fair enough

Me: I have to go before Wilsonia and Mo finish all my wine

Clint: I'll check up on you later

Me: Okay I love you

Clint: I love you more

YAMKELA (BRAGA)

I was in the bedroom calling Sandisiwe..

Sands: Hey babe

Me: Sandisiwe we are done

Sands: Excuse Me?

Me: I've been cheating on Mo with you, and now I want it done and did.. I choose her

She kept quiet..

Me: Delete my number, block me on social media because we are done

Sands: What the hell are you doing?

Me: I didn't love you, I never did. When I approached you, Mo had broken up with me. Childish me just wanted to hurt her with you, you were just a pawn

Sands: Do you know who you messing with?

Me: Do you know who you messing with?

Mo walked in..

Me: Bye

I hung up..

Mo: Hey

Me: Hey

Mo: Are you okay?

Me: Yeah I'm good

Mo: Okay

Me: Can we talk?

Mo: Yeah sure

Me: I.. Remember when you dumped me?

Mo: Yes

Me: I.. I started a relationship with Sandisiwe but it wasn't serious, never loved her. I was just hurt and I wanted to hurt you for dumping me

Mo: Wow! So you and her?

Me: Yes but I broke it off

Mo: When?

Me: Just now

Mo: Wow!

Me: I'm sorry

Mo: Just wow.. So each time we break up you going to do this?

Me: You've never broken up with me before, when you did. I saw how serious you were

Mo: What was the end game here? Dating Sands to hurt me and then what? What was the

end game?

Me: Seriously I don't know

Mo: You asked me to come here, you fetched me from home

I walked closer to her..

Me: I know, and I want you here

Mo: I need some fresh air

Me: Mo

Mo: Just to get my head right

She walked away and I held her arm...

Mo: Just give me some space please

I let her go and she walked out..

I looked at my wine bottle..

Me: Ya Wilsonia how did we get here?

Wilsonia: It's easy, you just sponge it with cranberry juice

I looked at her..

Me: You mixed my wine with cranberry juice?

Wilsonia: We not serial killers we can't drink dry red without mixing it with something

Me: You mixed my wine with cranberry?

Mo passed us and went to the kitchen..

Wilsonia: Mo

Me: You mixed my wine

Wilsonia: Did she seem upset to you?

Me: You mixed my wine? Why not just stick to sweet rosè?

Wilsonia: Screw the wine Presh, I think something is wrong with Mo

I looked at my wine bottle..

Me: You mixed it, this fine wine.. You mixed it
She got up and picked her glass from the table..

Wilsonia: Come on! Let's go after Mo
I followed her with my wine bottle..

Me: You mixed my wine, with cranberry juice

Wilsonia: Fuck the wine Presh!

Me: Fuck the wine? No fuck you! Mixing my
wine and shit

We caught up with Mo she was sitting on the pavement, on the other side of the road..

Wilsonia: Hey.. Are you okay? We were worried about you

Mo: I'm okay

She looked like she had been crying..

Me: You know Wilsonia it reflects bad on me that you my friend, imagine taking you for wine tasting and then you ask for dry red to be mixed

Wil: Can you stop being insensitive for one second?

Me: She said she was fine

I looked at Mo, then went and sat next to her.

Me: What happened?

Mo: Braga admitted to cheating with Sandisiwe

Me: Wow! She admitted?

Mo: Yes

Wil: Well we done knew that they were having a situation

I looked at Wilsonia..

Me: You can't say that

Wil: Why not? It's the truth

Mo: It's true Presh?

Me: Well it's.. She admitted so it might be true

Mo: So Sands wasn't visiting you? She was visiting Braga

Me: She did visit us collectively once or twice

Wil: Cut the crap Presh! Braga has been cheating with Sands

Mo: At least Wilsonia is honest about it

Me: Okay she's been cheating let's say, now she has admitted to it.. The question is what are you going to do?

Mo: I don't know.. Today it's Sands, tomorrow it's someone else

Me: She has a tendency of cheating.. Look Mo I'm not going to sit here and preach her good, I think you knew how she is.. You knew what you were getting yourself into

Mo: So it makes it right?

Me: No it doesn't but staying expect more of this if she doesn't change, you also have an option of ending it and finding someone else

Mo: You talking as if like this is easy, it's not easy just moving on from someone that you caught feelings for

Wil: We can preach to you all day but it all depends on you, if you let her get off that easily then she will do it again, and again, and again.. You'll find yourself a home on this pavement

Mo: I don't know.. I don't wanna make a permanent decision based on temporary

emotions

Wil: Take all the time you need, just don't let her manipulate you

She nodded..

Me: Great that was a good talk, so we can get going now

I got up from the pavement and helped her up too..

CLINTON HENDRICKS

I was on a call with my Mother..

Ma: Paying lobola that's a big step

Clint: You okay with it?

Ma: I am.. I'm proud of you for taking this step. Boys nowadays play girls like they playing soccer

Me: So you okay with her?

Ma: She is strong willed, mature of age. Knows her goals and dreams. Won't be a financial strain to you, you two can build a financial strong foundation. Not sure about who will bring the most cash, if her then I hope she will respect you nevertheless. We get along pretty well, though she's still scared of me. She is lovely and I like her a lot

Me: Thank you.. That's what I wanted to hear

Ma: How much are they going for?

Me: They have always estimated 50k

Ma: Steep but not too bad, she doesn't have a child as yet she will have your child first

Me: Apart from a few negative traits, she is worth it

Ma: She's not a virgin, minus 10k. You didn't find her as one

I laughed..

Me: We will let it slide

Ma: I'm very proud of you and I can't wait for this, at least she will be more successful under the name "Hendricks"

Me: That's very true, I'm just scared

Ma: Of?

Me: Losing her to someone else, she is one to swiftly move on like you never existed

Ma: If she loves you, she will struggle

Me: Yeah she does love me but she's Presh

Ma: Go for it then so we keep her in the family

Me: Okay I'll let you know how it goes

Ma: We will talk later then

Me: Okay I love you

Ma: I love you too

PRECIOUS MOLOI

We got back home to bump into Braga at the door..

Me: Where are you going?

Braga: I'm going to get a few things

Mo chuckled...

Mo: Wouldn't be surprised if you going down to see Sands

Braga: Wanna tag along to be sure?

Mo folded her arms..

Braga: I admit.. I did mess up but I'm not going to walk around on egg shells

Mo: No one asked you too

They looked at each other for a while..

Wilsonia: Awkward galore

Braga: I'm bouncing, I'll see you guys later

She walked out..

We all kept quiet..

Me: I think this moment calls out for wine

Mo: I agree

SANDISIWE GXABA

This is madness, how can she choose me over her? I called Presh..

Presh: Hey

Me: Hi

Presh: You okay?

Me: Yes I am

Presh: Uhm okay

Me: Look uhm.. Can I ask you for something?

Presh: Yeah sure

Me: Can I please be one of your brand models?

Presh: Say what?

Me: It's a win win situation. I'll market for you to my fans

Presh: That sounds like a plan

Me: But I'm still going to get paid

Presh: Yeah sure.. Let's meet up tomorrow and discuss it, if we both happy with the outcome we will put you on a 6 months contract

Me: Perfect.. Tomorrow it is

Presh: Bye

Me: Bye

If Braga thinks that she can get rid of me that easily, she has another thing coming..

PRECIOUS MOLOI

Me: See Mo, wine will never disappoint you.
Relationships disappoint but wine doesn't

Wil: Says someone who is engaged

Me: If my relationship had failed, I would have
wine to turn too

Mo: Some of us when we love Presh, we give it
our all

I looked at my wine glass..

Me: Same here, never thought I would love
something. See Mo never take your love, all of it
and put it on someone else

Wil: Rather put it on wine?

Me: It never disappoints!

My phone rang..

Me: This is very easy... And this is Clint calling, I

have to take this

I got up and walked out..

Me: Babe

Clint: My Angel

Me: You okay?

Clint: I'm good and you?

Me: I'm good too

Clint: I wanna talk to you about something

Me: Okay?

Clint: I want to pay Lobola

Me: Huh?

Clint: We already engaged thought we could respect your part of culture too

Me: Wow.. Uhm.. I don't know what to say

Clint: It's not like you to be speechless

Me: I.. You caught me off guard

Clint: You can think about it, we will do it in a matter of a few months after you have thought about it

Me: Of course.. Uhm.. I'll think about it

Clint: Let me leave you with your friends then I'll call you later

Me: Okay

Clint: I love you

Me: I love you too

He hung up..

Me: Fuck me

YAMKELA (BRAGA)

I drove straight to get the things that Clint told me to get. Still don't understand why Sands will do this. She can get anyone she wants..

My phone vibrated as I was busy getting the things, it was a text from Presh:

"Clint wants to pay Lobola"

Me: Fuck me

PRECIOUS MOLOI

[A FEW YEARS LATER]

When Clint and I started our journey of finding love and a home in each other, it all seemed like it was never going flourish to what it is today. With how I am, I saw Clint actually growing tired and leaving me for good. For someone who would treat him better and possibly love him better..

Following our engagement and the Lobola situation, we were faced with a lot of trials. Trials that tested us beyond what we could handle, but we made it through. We kept on until to this day..

Nothing much has changed, other than that we now have a daughter. Nova, she's 1 year old. We planning on having the last one soon, hopefully a Naisen. But before that, we decided to seal it with a wedding ceremony. Officially become

Mrs Clint Hendricks, because it seems that our love is making it

It was a Thursday morning, 2 days before the wedding and I was nervous. This is big, and it's finally happening. Clint and I, are getting married..

I was at my Grandmother's place, most of my relatives were here. The wedding will be taking place at the Tladi Lodge in Sandown, Johannesburg. We hired it Saturday. It's a beautiful lodge and expensive, but at least we budgeted for the wedding... Budgeted well and we will be accommodating 70 guests. Close family and very close friends.. It's a private wedding..

Aunt: But do you teach this child Zulu?

Me: I do communicate with her in Zulu at times, she understands the word "Ngizok'shaya"

My Aunt laughed..

Aunt: Yazi out of all the kids in this family, you are the last one I thought would get married. Don't take it the wrong way just that you were much career driven, striving for what you wanted and putting it first. Remember you sat us down and told us ukuthi you will do that thing to have kids?

Me: Invitro

Aunt: And we had accepted that you didn't wanna get married but I still prayed for you and look at you now about to get married and you even have a Daughter

Me: I'm shocked myself

Aunt: This boy must've done something right

Me: He's amazing.. He's the best

I heard a familiar voice calling out..

Voice: Nono!!!

Me: Goodness me!

I walked to the lounge, it was my cousin Mercedes with her two girls and their luggage..

Mercedes: How could you? How could you keep it away from me that you getting married this weekend?

Me: I..

Mercedes: I had to find out from Facebook? Lenyora P Hendricks?

Me: Señora P Hendricks

Mercedes: Either way! I had to find out from Facebook dammit!

In every family there's always that one cousin that, you really not proud of. Mercedes is one..

Mercedes: I am not a stranger! I am your cousin

She has a problem with alcohol, when she drinks every gathering turns sour. She starts unnecessary issues, she makes sure that she leaves a name for herself. Not a good one

Mercedes: Your Father and my Mother are cousins, Your Grandmother and my Grandmother are blood sisters! And I'm being sidelined?

Me: I really don't know what to say

Mercedes: Now I know where we stand, come girls let's settle in

Me: Merc-

Mercedes: Tsek maan!

Aunt: I did say we should tell her

CLINTON HENDRICKS

We were at my Brother's place in fourways. This is where I lived when I left my home town in Port Elizabeth. It was Me, Mom's, Bryan, His wife Lesego, and my little Sister Nana.. We are all gathered here for the wedding this weekend..

The girls were out, gone to check their outfits.. I was left with Bryan..

I was sitting in the lounge watching a video of Nova that Sonto sent me on whatsapp.

I couldn't stop watching it, I love my Daughter more than anything in this world. I've always wanted a child, always wanted to be a Father and Sonto finally made that happen and I love her even more for that..

A call came through, I answered..

Me: Hello?

It was quiet..

Me: Hello?

I heard something breathing..

Me: Who is this?

Dad: Clinton It's Dad

I rose up from the couch as my heart beat picked up..

Me: What do you want?

There's a long dark and painful history behind my Father. He's the one responsible for the bullets that took my big brother Deon away from us. He wanted to shoot my Mom, and Deon took the bullet to save Mom then Dad got arrested. He turned our lives upside down, Mom had to go overseas with my little sister because of her safety, we were adamant that my Father Vincent would send his goons to finish her off..

Dad: That's not the way to speak to your Father

Me: After all the pain you've put us through?
After everything that you did to us?

Dad: Clinton hate and anger, they not good for one

Me: I don't hate you anymore, yes I did at first but now I don't. I forgave you and my forgiving you doesn't mean that I want you back as my Father

Dad: That's deep.. I understand your feelings, I get where you coming from

Me: Then you know very well not to do this

Dad: Calls are monitored I don't have time, just wanted to congratulate you for this coming weekend.. You have a beautiful family

Me: How did you?? If you send people to get to the-

Dad: Clinton.. No need for threats, I was just congratulating you Son.. You seem to be doing well for yourself.. I'm proud of you and I love you very much

Voice: Your time is up Vince

Dad: We will speak soon

He hung...

PRECIOUS MOLOI

Mercedes walked into the bedroom..

Merc: What's this I hear that we won't be receiving any gifts from his family tomorrow

Me: Well I decided not to include that part of culture

Merc: You can't just skip out on us getting brooms, basins, blankets, face cloths, doeks and sunlight soaps

I closed my eyes and sighed..

Me: I'll buy them for you guys.. Happy?

Merc: No it's not the situation of you will buy for us, it's them honouring our culture

Me: It wasn't included, live with it

Merc: He's coloured but he must know he's marrying a proper Ndebele girl, I'm only saying that because the Mtsweni family raised you!

Me: Keep it down my Daughter is sleeping

Merc: What a disappointment this wedding will be doomed you can't just skip culture

Me: See why you weren't invited? You always causing drama! Unnecessary drama!

Merc: Let me go and drink something before I explode because our age gap is wide for you to disrespect me girl!

She walked out.. This is why she wasn't invited

CLINTON HENDRICKS

I was on a full panick mode, Sonto wasn't picking up her phone. After that call from my Father, I have every right to be worried..

My Brother made his way in..

Bryan: I'm going to get the Ladies

I didn't say anything..

Bryan: Clint

I looked at him..

Bryan: What's wrong with you?

Me: Vincent called

Bryan: What?

Me: Spoke to him, he mentioned my family and my wedding this coming weekend

Bryan: How.. How did he know?

Me: I don't know.. Now Sonto is not answering her phone

Bryan: If something was wrong, we would know by now. The wedding is this weekend, I'm sure they busy

I sat down..

Bryan: Look Vincent wouldn't be stupid enough to do something, something that might land him in more trouble

Me: We know what he's cable of, we've seen what he can do

Bryan: I d understand.. Why would he do something else more stupid if he showed remorse

Me: I don't know.. But now, I'm very worried about my family!

PRECIOUS MOLOI

We were getting busy with other things, things that I didn't understand why they were being carried out because the wedding venue won't be at my house...

It was the middle of the day and I was tired already, each time when I sit down someone would call out and want this and that..

I'm just happy that with all the stress, a bottle of wine was carrying me throughout especially since I'm no longer breastfeeding.

My other cousin walked in carrying Nova..

Lindi: Your Daughter is very jumpy, she almost jumped off my arms

Me: She is very jolly, always happy for some reason

She handed Nova to me..

Lindi: So tomorrow it's Friday, then Saturday you walking down the aisle.. Are you ready?

Me: How did I get here?

Lindi: What do you mean?

Me: The baby, bri someone's wife.. Okay a baby was part of my plans but marriage

Lindi: Love finds us when we least expect

Me: I never thought Clint and I were going to get this far, at the back of my mind I've always thought it was going to end halfway

Lindi: I commend the guy, you are too much

Me: He's a very Patient person

My Brother Yaya came and gave me my phone..

Me: It's done charging?

Yaya: Yes..

Me: Thank you

I noticed that I had missed calls from Clint..

A lot of missed calls..

Me: I have to call my husband to be

Lindi: Okay

I rang him, he canceled my call and rang me.

Clint: Why weren't you picking up?

Me: My phone was charging

Clint: Where is Nova?

Me: She's here with me

Clint: Are you guys okay?

Me: We are fine.. Why?

Clint: Nothing.. Was just checking up on you guys

Me: We are fine

Something was definitely wrong, when he starts acting like this. It means something is wrong..

Clint: I will call you a lot today and tomorrow

Me: Clint what's going on?

Clint: Nothing just.. I miss you guys

Me: We miss you too

Clint: I'll call you back later on

Me: Okay

Clint: I love you and send my love to Novasky

Me: I love you too

I hung up..

Me: That was strange

Lindi: What?

Me: No.. Nothing

CLINTON HENDRICKS

Bryan: If they were in danger, you would feel it right? Or see it rather?

Me: Yes that's true.. My family and I we have been through a lot.. The writing academy drama, Mrs Smith.. This is the time we should be happy and at peace

Bryan: Vincent is not going to do anything, and I think we shouldn't tell Mom about this.

Shouldn't stress her for nothing

Me: I agree

Bryan: Let me go fetch the Ladies

Me: Do that

YAMKELA (BRAGA)

Unfortunately Mo and I didn't make it, baby girl grew tired. Funny enough Sandi and I we sort of like still hitting it, we still seeing each other. I don't know how I lasted with her but I did...

We were out, doing shopping for material to design her dress for Saturday...

Sandi: This one?

Me: The colour it's too dark

Sandi: But I like it

Me: Yaa but weddings are about beautiful bright colours

Sandi: Okay

We moved along..

Sandi: This one?

Me: That's out of the theme

She rolled her eyes..

Sandi: You not helping

I moved along..

Me: This one might work, I'll infuse it with that colour of yours.. Bit of clear crystal rocks around the breast area

Sandi: I like it, so long a slit is going to be there

Me: You can't overdress

Sandi: I have to look my best, it's a wedding

Me: You not the one getting married

Sandi: Presh's dress looks wow, I saw it
remember

Me: Don't tell her I showed you

Sandi: My lips are sealed

Me: Let's get these materials and move along

Sandi: Okay

PRECIOUS MOLOI

I looked at Nova eating the biscuit..

Me: It's nice right?

She didn't even mind me..

Me: They very delicious Auntie

Aunt: I always try my best to deliver

Me: They really nice

Mercedes walked in with a bottle of savanna
cider..

Mercedes: Can someone tell me why most of
the things that are meant to be carried out
aren't being carried out?

Aunt: We are trying not to complicate things

Mercedes: Why? Because she's getting married
to a coloured?

Me: See why we don't invite you anywhere? Why
are you here?

Mercedes: Just because you are to be
someone's wife, doesn't mean you shouldn't
know your place

Me: Is this about the brooms? The basins and
what not? One would swear you wanna use the

broom for something else, something like flying

Mercedes: Says someone with the surname
"Moloi"

Me: Do me a favour, drink your alcohol and stay
out of my plans! This is not your wedding

Mercedes: What?

I picked up Nova from the counter..

Me: Let's go baby

We walked away leaving her talking a lot of shit..

PRECIOUS MOLOI

Later on it was fun at the back of the house. Sitting with my cousins, they were drinking and telling tales of all the family members who are not with us anymore. Instead of wine, I settled for a more light beverage. Ice cream and Amarula.

Nova didn't wanna separate from me, she didn't wanna stay inside with the elders.

My brothers and male cousins were busy with the meat. We have decided on a mini family braai than the elders cooking. Mercedes was the one who was preparing Pap and chakalaka. She's a good cook no lie, even though she's shitty..

My cousins were busy singing wedding songs for me and what not..

Lindi: Would be nice if we could go sing at his house

Me: People actually still do that?

Lindi: Yes then his family members come and sing here

Me: Well maybe on someone's wedding that would be done

Thando: Tell Yaya to pass me the cigarette

My cousin Thando we call her "Slay Queen", she looks like one but she's not one. My Grandmother has 8 Grandchildren in total 4 from my Father and 4 from my Uncle. My father had 3 boys and 1 girl, my Uncle has 4 Daughters. I am the 3rd oldest from all the cousins, my Brother Thulane being the older one then

followed by Palesa..

Mercedes and them, our Parents were cousins. Our Grandmothers are Sisters, but we all take it each other as Sisters and Brothers..

My Father's family, the Mtsweni family. It's a very big family. I have a lot of Aunties, Uncles, cousins and fewer Grandmothers and Grandfathers. Our elders 98% of them have already passed on. My Grandmother was the last standing elder in our family.. Used to call her our ancestors..

Me: Slay Queen how are you smoking when you have asthma?

Thando: I'm fine

Where there's a big family, it's rare to find

harmony. Most of my cousins don't get along with each other, and I always find myself in the middle...

Sipho: Someone is here to see you

Me: Ohw they can come this side

My Sister from my Mother's side of the family walked in with her Daughter. That side of my family it's countable. It was 3 Sisters who grew up together after the death of their Parents, and 2 died. Being my Mother and her Middle Sister. We have one surviving Aunt who just want nothing to do with us..

Me: Hey

Portia: Hey Sis

Me: How are you?

Her Mother and my Mother are blood sisters.

Both passed on, she's the one living at the family house with her Daughter and little Brother.. My Parents dated one street away from each other, when I'm at the back of my Grandmother's house I can see my Mother's house..

Portia: Wanted to stop by see how it's going

Me: Thank you for being here

I looked at my Niece Buhle..

Me: Go get two glasses in the kitchen, for you so you can have some of my ice cream and your Mother to drink. Ask whoever is at the kitchen to put ice cream for you

Buhle: Okay

Portia: Look at Nova.. She's all grown

Me: She is

She tried to take her but Nova resisted..

Me: She's mostly used to me and her father

Portia: She needs to get out more

Me: Next year she's going to daycare, have to play with other kids

Portia: That's good

CLINTON HENDRICKS

We were at the dinner table having dinner.

Honestly speaking, I can't wait for the wedding to happen so I could have my family close to me. Vince's call shook me..

Nana: Jy is stil vanaand (you quiet tonight)

I looked at everyone..

Bryan: Just wedding jibbies getting to him

Nana: I thought that marrying someone you love is the best feeling

Bryan: It is but that doesn't exclude the nerves

Ma: I'm just happy that my Granddaughter is going to grow up in a home with both Parents. A loving and warm home

Nana: ek stem saam (I agree)

Ma: After my failed marriage, I've.. I've always prayed to God that may my kids never go through that and look at you boys. God answered my prayers

Me: You not going to start crying are you?

Ma: No.. Of course not I'm just

Lesego: She's going to start crying

We all laughed..

Ma: ek is trots op jou Seun (I'm proud of you Son)

I smiled..

Me: Dankie Ma (Thank you)

We continued eating..

PRECIOUS MOLOI

My phone vibrated..

Me: Excuse me Guys

I got up from the chair and walked away holding Nova. She was very clingy tonight, maybe it's because she's not used to a lot of people here.. They scare her..

I didn't recognize the number, but I answered anyway..

Me: Hello

Voice: Hello is this Precious Moloji soon to be Hendricks?

Me: Who is asking

Voice: If I tell you who I am, please don't hang up

Me: Who are you?

Voice: I am Vince.. Vince Hendricks, Clint's Father

Me: How did you? How did you get my number?

Vince: Moenie daaroor bekommerd wees nie
(Don't worry about that)

Me: What do you want?

Vince: I heard that you are getting married to my Son this coming Saturday

Me: No lies detected on that, but the question still stands.. What do you want?

Vince: You are getting a surname that is attached to a lot of pain, I also heard you a famous Person and I thank you for cleaning it. At least it's going to go out in the world for good purposes. Mrs Clinton Hendricks

Me: Thank you I guess

Vince: Thank you for being with him, he has been through a lot and I wish you both nothing but happiness. He is a better Man than his Father, he's done well for himself and I'm proud of him for being the Man that he is

Me: He is a better Man than his father, have never threatened the Mother of his child and killed his own child

Vince: I'm not proud of what I've done

Me: Never said you were

He chuckled..

Vince: He picked the right one I can tell

Me: If that is all.. Please don't ever call me again, I don't really like you. Your family might have forgiven you but I will never forgive you. Clint has nightmares about what you did, he's still in pain. You almost broke your own child, you don't deserve any kind of forgiveness. What you did is unforgivable.. Bye Vince, you are exactly where you belong and you will never be a part of my kids they will know you as the monster that you are! You have guts stronger than Lucifer himself to even call me.. Goodbye!

I hung up and blocked the number..

Me: The nerve!

SEASON FINALE

PRECIOUS MOLOI

We slept late last night, only to wake up very early in the morning. My Uncle, My Mother's Big Brother was to fetch me this morning so we could go pick up my Mother from the Airport. She's landing this morning. I'm glad she's coming because the wedding is tomorrow, and I woke up this morning feeling very anxious. Tomorrow morning I'm taking a very big step, walking down the aisle to marry the Love of my life..

I thought that I was going to be single for the rest of my life. Yes I did want kids, and even so I

always envisioned myself either adopting, getting surrogate mother, or settling for an IVF. Never saw this coming, having a kid with someone that would turn out to be my husband. It's funny how things play out, I guess my Grandmother's blessings and God's blessings went forth before my decision and brought what was at the back of my mind into reality.. When Clint and I started dating, never saw him staying. I gave our relationship at least 3 months, and he surprised me. The Person that I am, I never saw myself settling down with anyone...

Clint's call came at the right time when I was battling a Panic attack.. He has a way to change my mood and make my day..

Me: Babe

Clint: "Eyy azange ndimbone

From the way that she be moving she got that
fire I'm trying to talk no Sonto..

I been trying to get you close for some time you
know, I'm in love no Sonto..

She said she liked the way I call her up on her
phone, I'm trying to talk no Sonto..

It's crazy how you got me talking all by myself,
baby you my Nomasonto "

Me:" Anyone who tries witchcraft on me
ngibathumele ku Clint, athi hayi ngo Sonto "

We both laughed....

Me: You really memorized the song?

Clint: Last night when I was going through your pictures, thought I should make your morning

Me: You did, got me all smiling my cheeks hurt

Clint: How I wish to see those chubby cheeks

Me: But her cheeks

Clint: But her cheeks

Me: I am actually waiting for my Uncle, he's picking me up to go and fetch my Mother

Clint: The Gangster Queen has landed

Me: You know!

Clint: Where is my little Angel

Me: Funny enough she's sleeping

Clint: You taking her with right?

Me: Yes.. I could never leave her with anyone

Clint: If you get busy and can't cope with her, I can send my Brother to fetch her

Me: I am fine, I want Nova next to me especially today

Clint: I miss her

Me: You can video call later on

Clint: She's going to cry, just today let then I'll see her tomorrow

Me: I have to go, thank you for making my day

Clint: I love you so much Mrs Hendricks

Me: I love you too

At least Clint made my day..

YAMKELA (BRAGA)

I didn't sleep last night busy doing Sandisiwe's dress, when I was done with hers. I worked on the final touches for Presh's dress..

I'm working with two women who are very demanding. Sandi wants hers to be this Particular, so does Presh..

Presh's dress was the one complicated, infusing white and black. She wanted black there, and making both colours work to make the dress look beautiful and not have people think she's a witch nor illuminati. Black is her favorite colour and she's very obsessed with having it in her item of clothing. She's a Skull after all, black has to be there.. I don't know how Clint is going to feel about the black, he

can be dramatic at times but I really don't care about him.. I care about what my best friend wants and what she's going to get..

I heard a knock at the door..

Me: Coming!

I walked over to open, it was Wilsonia. She's one of the bride's maids..

Wil: Yerrrrrrrr Braga! I had to take an Uber here

Me: I was busy Will still am

We walked to the lounge..

Will: That's her dress?

Me: Yes

Will: Wow.. It's beautiful

Me: Thank you

Will: And this one?

Me: Sandi

She rolled her eyes..

Will: Couldn't she buy a dress?

Me: She couldn't find what she wanted

Will: So? It's not her day!

Sandi: Good morning to you too Will

Will: And she's here too

Sandi: I don't know why she hates me

Will: You a succubus.. Yeah you sucked her in with your Vagenda

Sandi: My what?

Will: Can it be 14:00 already so I can go to the

lodge!

Sandi: You know Wi-

Will: Don't even say nothing to me! It pisses me off that you and I even breath the same air!

Sandi: I'm going to be here for a very long time better get used to me!

Will: I don't have to get used to you!

Braga: You guys wanna do this now? Out of all days? Today?

Will: I'll go make myself comfortable

She took her things and went to the bedroom..

Sandi: What a mess

Me: Here go try your dress

Sandi: Wow! Exactly what I wanted

Me: I'm glad you like it

I walked over and got it, then handed it to her

Sandi: Let me go try it on

She went to the bedroom...

PRECIOUS MOLOI

We drove to get my Mother. I was happy to get some fresh air from my family..

Nova: Dada!

Me: No.. You not going to see him tomorrow

Uncle: Why don't you just call him?

Me: When he gets off the call, at the airport they even going to restrain us and think we

kidnapped her

He chuckled..

Me: Let me show you

I called Clint..

Clint: Sonto

Me: Am I in trouble?

Clint: No sorry I'm watching something

Me: I am video calling you

Clint: Okay

I hung up and video called him..

Nova: Dada!!!

Clint: My Angel

Nova clapped her hands all excited..

Me: She's been missing you all morning

Clint: I miss her too, are you guys on your way to the airport?

Me: Yes.. I turned the phone to my Uncle

Uncle: Clint

Clint: Mr Dx

Nova: No!!!

She turned her phone to her..

Me: Uhm okay..

She held it and kissed the screen..

Me: Okay.. You can't do that

I got my phone from her.. And hung up..

Me: This is my phone, not your father's phone

She hit me across the face..

I picked her up and made her stand on my thighs..

Me: What did we say about violence?

She grabbed my Hair..

Nova: Sies Mama!!

She was literally pulling my hair with her small hand..

Me: All of this for my Man? Girl go get your own?

Nova takes after me. She looks like her father

but the chubby cheeks and the sassy attitude
all from me. We fight a lot for Clint, she doesn't
wanna share her Father..

Nova: Sies Mama!!

Me: Can we talk?

Will: About?

Me: I think you know about

Will: I don't like her

Me: Why?

Will: I just don't like her. Her personality, the person that she is. She's too much

Me: You haven't even given yourself time to get to know her

Will: I could, but I just don't like her and I'm not

going to force myself to have any sort of relation with her

Me: I see

Will: We shouldn't even be talking about this, we suppose to be going to the lodge, the wedding venue

Me: Presh said at 15:00

Will: And 15:00 is about to hit the clock

Me: Yeah

CLINT HENDRICKS

I just got back home from church. Had a prayer session with my Pastor for tomorrow.

My Mother and my Sister were busy baking.

Ma: That didn't take long

I placed my keys on the counter..

Me: It wasn't a long session

Ma: Everything went well?

Me: Yes

Ma: Anything that could potentially stand against tomorrow?

Me: Yes, but they won't succeed

Ma: I'm glad.. I really wanna see you two getting married

I sat down..

Me: Me too

Sis: I never imagined that one day I would witness you getting married

Me: People grow up

Sis: I guess so

PRECIOUS MOLOI

We stopped at a restaurant to get something to eat.. Nova didn't wanna be separated from her Grandmother..

Ma: Ah no.. Leave my earrings alone

Me: Earrings fascinate her a lot, especially yours

Ma: I can see that

Me: My wine is taking long

Ma: It's only been a minute

Me: Let me go and enquire

I got up from my table and walked over to enquire when I bumped into someone..

Me: Ohhhhhh Sorry

He actually prevented me from falling..

I looked at him..

Him: Can we watch where we going sometimes?

I nodded..

Me: Uhm.. Yes.. I'm sorry again

Him: He gave me a shallow side smile and continued with his walk

He looked handsome, very handsome. Had all the features of what was once my dream guy. I looked at him as he walked to his table, he turned and looked at me too...

Waitress: Hi

Me: Hello

Waitress: May I help you?

Me: Uhm yes.. My wine is taking a bit long to come

Waitress: Table?

Me: Table 3

Waitress: I'll check for you

Me: Okay thank you

CLINT HENDRICKS

The designer showed up with our outfits for tomorrow..

Bryan is my best man, ever since the betrayal I

went through with my former best friend and my ex. I don't have friends anymore, I don't trust that easily..

Designer: Here are the suits

Me: Thank you

Designer: Let's start with the groom

He gave me my suit..

Me: Thank you

Designer: You can go and fit

Me: How long did it take?

Designer: I finished everything two days ago, just glad you guys put the order a long time ago

Me: Let me go and fit it

PRECIOUS MOLOI

I looked at the time, it was 13:00..

Me: Time flies

Nova was now sleeping on my Mother's chest..

Ma: That's very true

Me: This restaurant is very slow

Ma: for a classy restaurant, I didn't expect such a slow service.. Where do we complain?

Me: Let's not start drama and piss off people who handle our food

Uncle: It's been 30min

Ma: Even drank up my lemonade

Me: And Nova is even sleeping

Uncle: Maybe the dishes take longer to prepare,

it is indeed a complicated menu

The waitress came to us..

Her: We apologize for the slow service, we have a new chef who is holding the kitchen for our usual chef

Ma: That's no excuse

Me: Excuse me can I ask you something?

Her: Yes

Me: Out of all the customers here, that table seems to be served quicker than us

Her: That's our VIP customer

Ma: Who is he?

Her: Mr Thobakgale, Tshepiso Thobakgale

My heart almost stopped..

Me: Wait what?

Her: You don't know him? Richest family in South Africa

Me: I know him! Not only don't I know him, I created him

Her: I'm sorry?

Ma: It's impossible!

Her: I really don't know what you talking about

Me: Excuse me

I got up and walked to the table, he was sitting with another gentleman..

Me: I'm sorry to disturb

They looked at me..

Me: Are you? Are you Tshepiso Thobekgale?

Tpee: The last time I checked yes

Me: This is not possible.. I am actually getting a panic attack right now

Tpee: I'm sorry do we know each other?

Me: Yes.. I mean No.. The thing is, I created you.. You existed only in my fantasy well and also in my stories

Tpee: What are you talking about?

Me: Your father is Vic Thobakgale?

Tpee: Yes that is known, you should use your Google more often

Me: You have a daughter? Naledi?

Tpee: I don't have a child

Me: No.. That's not possible, you not with Snowy? The twins? Nissi?

Tpee: I do have a sister Nissi but everything else, I really don't know what you on about

Me: How is that possible?

Tpee: Probably you confusing me with someone else

Me: No.. I created you

Companion: So you are God?

Tpee: How long is this going to take? I'm in a middle of a very important meeting.. Do you mind?

I don't understand, is my mind playing tricks on me?

PRECIOUS MOLOI

We were back at the lodge where the wedding Ceremony is to take place tomorrow. It was just me and my bride's maids, and a couple of trusted friends...

We were in one of the rooms just drinking champagne and chilling in our nightwear. Silk short night dresses and gowns..

Nova was with my Mother back at my Mother's house, she has a house here too in SA..

Will: What is she doing here?

Me: Who?

Will: You know who

Me: Ohw Sands

Will: I can't believe you invited her over, she's not even a bride's maid or anything

Me: She said she was bored, Braga drove her over to chill with us

Will: I don't care if she was bored or not

Me: Let's just let it be for tonight, I'm getting married tomorrow no time for the drama

Will: If your dress shows up missing tomorrow don't get mad

Me: She wouldn't steal my dress would she?

She shrugged her shoulders..

Me: Why would she do that for? It doesn't make sense

Will: Nothing about her makes sense

Me: Such negative energy, you need so sage plus my dress Braga drove it to my Mother's place before dropping her off here

Will: What if she put something on your dress?

Me: I am marrying a Prophet if that was the case, Clint would see

Will: I don't trust her

Me: I don't too but she's with Braga so what can we do?

My cousin Lerato walked up to us..

Lerato: What are you two gossiping about?

Me: I was going to get champagne, more champagne from the bar

Lerato: Ok then I'll come with you

Me: Okay..

Will: I'm coming with, I don't like her

CLINT HENDRICKS

She opened the door..

Zuxie: Hey

Me: Hi

Zuxie: Come in

I made my way in..

Me: You have a beautiful home

Zuxie: Oh konje you've never been here before

Me: Not exactly

Zuxie: Something to drink?

Me: Juice please

It's rude to decline a drink offered when you are a guest..

Zuxie: Nova is sleeping.. She's been sleeping

through and through today

Me: Is she sick?

Zuxie: No.. I checked her temperature we will see later on when she wakes up

Me: Okay

Zuxie: So what do I owe this visit?

I sat down..

Me: I know you and Sonto talk a lot, you two are best friends

Zuxie: What's wrong?

Me: I feel like she's going to hurt me

Zuxie: Why?

Me: I don't feel well emotionally, I was looking at her pictures and my heart broke. If something like that happens, it means she's going to hurt me.. Break my heart

Zuxie: She is crazy here and there but she loves

you, I mean she's getting married to you
tomorrow

Me: Yaa maybe I'm just overthinking things

Zuxie: And nervous

Me: Could be

Zuxie: Do you drink?

Me: Not really

Zuxie: You need a drink, step into my bar and I'll
prepare you a shot

Me: I'm driving

Zuxie: One shot

Me: Yeah why not

PRECIOUS MOLOI

Me: Give us 3 bottles of Moet

I'm trying to stay away from wine tonight, don't wanna wake up with a terrible Hangover tomorrow on my wedding day.

Me: It's 6 of us so two we will be sharing a bottle

Will: I'm not drinking with Sands

Me: You drinking with me so you good

Lerato: What's wrong with Sands?

Will: I just don't like her

Lerato: I think she's nice, she's full of life

Will: Yeah.. She has trapped our best friend with her agenda

Lerato: A what (laughing)

All of a sudden the atmosphere was engulfed

by the smell of a cologne that was familiar.

Him: Matt

Matt: Sir

Him: My usual

I turned on my side and it was him, Tshepiso fucken Thobekgale..

He looked at me too...

Tshepi: You got to be kidding me

Me: Are you following me?

Tshepi: Why would I follow you?

Me: You showing up frequently where I am

Tshepi: A good friend of mine owns this place

Me: Okay

Tshepi: Girls sleepover?

Me: No.. Actually I'm getting married tomorrow

Tshepi: Ohw congratulations

Me: Thank you

Tshepi: I actually didn't have plans for tomorrow so I'm guessing that I'm going to attend a wedding

Me: By invitation only

Tshepi: I did mention that a good friend of mine owns this place right?

I laughed..

Tshepi: I just wanna see you in your wedding dress that's all, I bet you'll look very beautiful

Will: Okay our bottles are here.. We have to go

Tshepi: Matt, keep them bottles coming for the ladies on me

Lerato: Really?

Tshepi: If I get your numbers

Will: She's getting married tomorrow

Tshepi: I'm sorry what's your name again?

Will: Wilsonia

Tshepi: Wilsonia can you please do me a favor?

Will: Yeah?

Tshepi: Shut the fuck up?

Will: What? Who are you?

Tshepi: For the fact that you don't know who I am, should be the reason why you should shut up

Me: Okay guys I'll see you in the room

Will: Are you sure?

Me: Yes

Will: Remember.. There's cameras

Me: I know.. Thank you

They walked away..

I looked at him..

Me: That wasn't nice

Tshepi: She'll live... A drink?

Me: Yes please

Tshepi: Matt keep them coming

CLINTON HENDRICKS

Despite being a no take nonsense woman but Sonto's mother is good with talking. You can actually hold decent conversations with her, I

admire how she loves my Daughter.

It was 20:00 when I left her house, when Nova woke up. We did puzzles, watched her favorite shows. Can't wait for them to come home..

Me: Thank you very much for opening your home to me

Zuxie: Thank you for stopping by to spend time with Nova. She was really missing you

Me: I'll keep on trying your Daughter

Zuxie: They probably drunk out of their minds right now

Me: Probably

Zuxie: Good night Clint nyana wakhona

I laughed..

Me: Good night Ms Zuxie

She closed the door as I walked to my car, I still can't shake the feeling that my soon to be my wife will hurt me very much...

PRECIOUS MOLOI

I was drunk off wine, I usually don't drink to get drunk. I don't know why I went over my limit..

Tpee: Are you sure that you shouldn't be going back to the girls?

Me: The girls are fine!

We were in his room..

Me: I don't know the last time I had this much fun

He threw me on the bed...

Tpee: You don't have fun?

Me: I am a Mother not that Nova killed that, I love my Daughter with all my heart and I don't mind but...

Tpee: But?

Me: I love my fiancé but getting married was not part of the plan, I mean Clint is amazing and all but

Tpee: But?

Me: I don't think I'm really for such a commitment?

Tpee: You couldn't say that earlier, I mean you marrying the Dude tomorrow?

Me: Thobekgale was part of the plan, but Hendricks was never part of the plan

Tpee: Excuse me?

Me: You were part of the plan

Tpee: There you go

Me: Well I really had fun

Tpee: I can see that

Me: Tell me again, how are you real?

Tpee: I really don't know what to say

Me: You were a dream

Tpee: Your theory is crazy!

I got up..

Me: I have to go

Tpee: Okay

I missed a few steps, he came and held me.

Tpee: Watch out

Me: Thank you

We stood face to face and looked at each other..

He leaned over for a kiss, I kissed him back.

Wine is not so advantageous in situations like this, because kissing slowly led us to the bed with him coming ontop of me..

SATURDAY MORNING

CLINT HENDRICKS

I couldn't get a hold of Sonto last night, I don't even know if she was okay or what. The whole situation was messed up, I was nervous. Not knowing if she still wants to walk down the aisle or has changed the mind

All I know is that if she was drunk, she was going to send me endless voice notes and texts that don't make any sense. Her silence spoke

volumes, not good ones..

Ma: Big day today

Me: Yes

Ma: Did you get any sleep?

Me: Honestly speaking no

Ma: I understand.. Wedding jitters

Me: Yes but I'll be fine

I looked at my phone..

Ma: Still can't get a hold of her?

Me: No.. Not yet

Ma: Try her later

Me: I will

PRECIOUS MOLOI

I opened my eyes with a banging headache, I still felt a bit drunk.. I felt that I was sleeping on someone, and my mind took me straight to Clint. The arm around me was different though, a tattoo. Clint doesn't have any tattoos..

It all came back to me, what happened last night. It all came back to me crashing..

The endless glasses of wine, going to his room, and finally ending up on his bed. I lowered the sheet we were naked, I lowered my hand down to my coochie. The soreness and wetness made it very clear that we had sex last night. I remember bits and pieces of the sex...

Me: Ohh my God!!

I got out of bed and put on my sleepwear that I

was wearing last night..

Me: Ohhhhhh my God!

I looked at my engagement ring..

Me: This didn't happen, this didn't happen

I had the Mother of all panic attacks..

I walked into the room and closed the door, I

leaned against it. The girls looked at me..

Will: What the hell happened to you last night?

Me: Wilsonia I.. I..

Will: What's wrong? Are you okay?

Me: I..

Sands: Someone hold her she's going to fall

Wilsonia walked up to me..

Will: What's wrong what happened?

She walked me over to sit down on the bed.

This is my very first time cheating in my whole entire life of dating..

Will: You shaking! What happened?

Sands: I'll get a glass of water? Or wine? Is wine

okay?

Me: I don't want wine!! I don't want alcohol

Will: What happened?

I looked at her..

Will: You shaking what happened?

Me: I am.. Uhm.. I can't do this

Lerato: What?

Sands: What did she say now?

Will: Presh what happened?

Me: I can't do this! I can't marry Clint

I broke down..

Sands: But my dress? I.. It took a while to design it

Will: Shut the fuck up about the dress!

She got up..

Will: Okay let's go to the balcony and talk

I got up, she held my hand and we walked over to the balcony..

Will: What happened?

Me: I.. I cheated on Clint

Will: Whaaaaat??

Me: Last night I.. I don't know what happened
Wilsonia

She looked around and put her hand on her mouth..

Will: You couldn't let him fuck up? You know what this is going to do right? To you, to your reputation? After this you can't write a story about cheating and how wrong it is

Me: What am I going to do? I'm supposed to get married in a few hours time

My cousin walked over..

Lerato: Your fiancé is calling, he's been calling since from last night

She handed me the phone, I looked at it..

Will: Did you at least use a condom?

Me: A condom? No.. I..

Lerato: What? You snuck out and had sex last night with Clint? You know that's bad luck right?

Me: It was not Clint

Lerato: Wait a minute.. I don't understand

Me: I cheated!

Lerato: Holy Mary saving Grace! You? You cheated?

Me: I can't answer this

Will: You have too.. He's been calling

Lerato: You cheated?

Will: Come let's give her some space

They walked out.. Clint called again, I took a deep breath and answered..

Me: H.. Hey

Clint: Are you alright? I've been calling you

Me: I know.. I.. I drank a lot last night and passed out

Clint: You got me worried, thought you got cold feet and didn't wanna do this

I kept quiet...

Clint: You still wanna marry me right?

Me: Uhm.. Yes of course

Clint: Are you alright? You sound like you coming down with flu

Me: I'm alright I just had a bad night

Clint: So long you alright

Me: I have to go, it's crazy here

Clint: Okay can't wait to see you going down the Aisle

Me: Yes I can't wait to go down the Aisle

Clint: After my breakup with Angie, after she hurt me I didn't think good woman existed out there and you came along. I'm proud that you chose to make me the happiest woman today, I love you and I'd go crazy if what we have right now we couldn't have it anymore

Me: Clint I have to go.. It's getting crazy

Wilsonia walked in with Sands..

Clint: I love you so much

Me: I love you too

I hung up..

Me: Ohh my God he's going to kill me!

Sands: You cheated? On Clint?

Me: Why don't you just scream it off?

I said that wiping my tears..

Sands: You cheated? (whispering)

Me: This is so messed up

CLINTON HENDRICKS

I glanced at the phone with tears filling up my eyes. I thought she was going to come straight and say it, Sonto is going to marry me knowing very well that she cheated?

The thing is with my gift, my guides are always alert. Where my happiness is involved, that part of my gift is strong. Not only is she marrying me, but she's marrying me as a gifted person. I always have to have someone true by my side. It was when I was meditating last night, when I

was let known about this. My calling her, I thought she was going to come right at it and confess..

I heard a knock at the door..

I wiped my tears..

Me: Come in

My Brother walked in..

Bryan: You not dressed? You not ready?

Me: I'll get ready

Bryan: You okay Bro?

Me: Yeah I'm fine

Bryan: Reminds me of how nervous I was when I was getting married

Me:I'll be fine

Bryan: I'll give you some space then to get ready

He walked out..

Me: She cheated Bryan

He stopped and turned back...

Bryan: What?

Me: She cheated

He laughed...

Bryan: That's impossible Sonto is crazy about you

I looked at him..

Me: She ruined us

Bryan: How did this happen? For how long has she been cheating?

Me: I think it was a one night stand

Bryan: Bridal shower things?

Me: Yeah

Bryan: So what are you going to do?

Me: We going to the wedding

Bryan: Clint!

Me: If she truly loves me, then she won't do it.
She won't marry me

PRECIOUS MOLOI

Braga walked in..

Braga: At least no one is naked

She looked at us..

Braga: Who died?

Will: Presh cheated

Braga's eyes widened...

Braga: Say that again?

Will: She cheated

Braga: Naa that's not right

I looked at her..

Braga: You cheated?

Me: I can't do this

Braga: When did this happen?

Sands: Last night.. One night stand

Braga: Shuuuuuu

Me: I can't do this

Braga: Of course you can't, you can't marry this guy.. You conscience will eat you alive

Lerato: The embarrassment!

Sands: Look Presh.. We might not be best friends or close like that but.. These things happen! Don't let one night of whoring rob you off your dream day! Such shit we move on from it like nothing ever happened

Will: She can't marry this guy! It's not right

Sands: Do you wanna call the wedding off?
After everything has been paid off? Guests
arriving? You wanna be the talk of the year?
Dwaa Nation?

She looked at all of us..

Sands: At least have the wedding and then tell
him after

Will: What?

Me: That could work, deal with it after

Sands: Exactly!! So the wedding is still on?

I looked at Will and Braga..

Me: Yes

They looked at each other and shook their
heads..

PRECIOUS MOLOI

The few left hours leading to the most anticipated hour were dreadful. I couldn't stop thinking about what happened, and what I did to Clint. He's a good guy and he doesn't deserve this. In an hour's time I'll be walking down the aisle in this beautiful big dress hiding off my shame. Braga and Sands had gone out to get me a morning after pill

I'm marrying my fiancé under a shadow of lies, starting off our marriage in a ball of lies and infidelity.. I had asked to be alone, I was sitting

at the dressing table looking at myself in the mirror. I needed to pull myself together, this pity party has to stop. I took the glass of champagne and gulped it down when the door opened. I saw Clint walking in, saw him through the mirror.. He closed and locked the door..

My heart sank, fear crept in. I got up and turned around looking at him, he looked very handsome in his suit..

Me: What are you doing here? You not supposed to see me it's bad luck!

Clint: I thought we didn't believe in superstitions
He looked at me all the way down..

Clint: You look beautiful

I faked a smile..

Me: Thank you

He walked up to me and I froze...

Clint: Everyone is waiting, everyone looks beautiful

Me: And you should be waiting for me, you shouldn't be here

He put his hand on my cheek..

Clint: I love you so much

Me: I love you too

Clint: Then why did you do it?

My heart skipped a beat.. He walked closer and put his other hand around my waist.

Clint: Why did you do this to us?

My lips trembled as I felt tears coming..

Me: Clint

He closed his eyes..

Clint: Please don't lie to me.. Just don't, because if you do I'm going to snap your neck right here and right now!

I covered my mouth with my trembling hands as tears streamed down..

Clint: Precious I love you so much

This is the very time in a long time he has ever addressed me by my first name..

I put my hands on his chest..

Me: It was a mistake (crying)

He chuckled...

Clint: A mistake?

Me: A mistake that shouldn't have happened

He let go of me and placed his hands against his mouth..

Me: It was a mistake.. We can fix this

He nodded repeatedly..

Clint: Yeah it was a mistake

He turned around..

Clint: It was a mistake

I put my hand on his Back..

Me: Babe

He turned around and slapped me across the face..

Clint: A mistake? You let him took off your clothes and get ontop of him and you call it a mistake??? (shouting)

He was beyond the word "Angry"..

I walked backwards until the chair behind me blocked me..

Clint: You let him enter you in the same place where my Daughter came out and you calling it a mistake? A place no man should enter you and you calling it a mistake Presh?

Me: I'm sorry (Crying)

Clint: How could you do this to us?

I didn't know what to say, his eyes started getting more moist. They sparkled as his tears came through..

Clint: What did I do?

Me: You did nothing (crying)

Clint: Then why are you doing this to me? Why are you doing this to us?

Me: I'm sorry.. I didn't mean for this to happen, I

didn't..

He pointed at me as his voice broke..

Clint: I loved you, God knows how much I loved you! I loved you Precious Nomasonto Moloji and you were ready to walk down the aisle knowing very well what you did!!

Me: Clint...(crying)

Clint: You were ready for me to give you my surname

Me: I love you (Crying)

He walked over to the bed and sat down with his hands on his head..

Clint: Did you enjoy it? Did you enjoy him?

That was a difficult question..

Me: I was drunk

Clint: Did you enjoy it?

I shrugged my shoulders..

He tapped his foot on the floor..

Clint: If I get up from this bed May God forgive me for what I'm going to do next if you don't answer my question.. Did you enjoy it?

I looked at the open bathroom door...

Clint: Presh!!!

That sent shivers down my spine..

He got up from the bed and I held my dress up running to the bathroom, I don't know what I was thinking because I have two left feet.

Worse, I had on heels. Not my comfortable type of shoes..

I felt his grip on my perfectly styled braids. He

collided my face with the wall and I fell.

Clint: I asked you a question!! (Yelling)

Me: Clint please (crying)

I was dead scared, how do you fight off an angry man who just found out that you cheated on him? What was I thinking? Clint is gifted obviously he was going to see this.

Clint: Did you enjoy him more than you did with me?

He grabbed my leg, I was crying for my life.

He got down getting in between my legs. He held both my hands and pinned them against the floor..

Me: Please don't do this.. (crying)

Clint: I've let you in on my life, my pain and you go and do this to me? The night before our wedding day? Did you even love me or you were just pushing time with me?

Me: I do love you (crying)

Clint: Is this what you do to someone that you love? Is this what you do baby?

He let go of my right hand and lowered his hand down on me. He forced in through my knickers..

Me: Clint please.. Don't do this (crying)

Clint: You dished him my cake just like that? You let him in? Just like that?

He forced in his finger deep inside of me, I

flinched since I was still sore....

Clint: He made it hurt that bad?

Me: Please think about Nova.. (crying)

He kissed me on my cheek then my neck...

Clint: How did you get so heartless? Why would you hurt me like this? Break me like this Baby?

We heard some knocking at the door..

Me: If you let me go, I swear you'll never have to see me again

Clint: Cause that's what you want right? I thought I could break that cold ice that you have deep in your heart, I thought I melted it. But you are cold Presh, so after this you get to move on like nothing happened? You just going to forget about my existence? The love and times we shared just because you can? You do you ever

think of someone else other than yourself?
What about me? What about the pain you've
just put me through? How do I move on from
this? How do I come get my Daughter and see
the face of the woman that broke me?

Braga: Presh???

Clint: You are sick! You need help mentally! Now
I should've known why I found you single, it's
because you are damaged beyond repair
mentally! You are a sick miserable old hag that
gives no care about others! You are heartless
and I am going to break you until you sit down
and ask yourself why you ever met me! I am
going destroy you, you will never in your life get
mat nor have a stable relationship! I was it! I
was it for you!!

Sands: Presh are you there?

He got up from me..

Clint: At least I've seen you crying

He walked out..

Me: Ohh my God (crying)

I laid there until Braga and Sands walked in.

Sands: Ohh my word Presh what happened?

She walked up to me..

Braga: Did he hurt you?

Sands rose me up from the floor..

Sands: Are you okay?

Braga: Did he hurt you?

I was overly emotional, Braga put her hands on my cheeks..

Braga: Hey look at me, did he hurt you?

Sands: Ohh kodwa Presh

Braga: Go down there and make sure that fucker doesn't leave this place, make sure they don't let him out

Sands: Bu-

Braga: Just go!!

Me: No.. I just wanna get out of here, just wanna get Nova and get out of here

Braga: Okay we'll get out of here..

She hugged me tight..

Me: I do love him Braga

Braga: I know you do Babe..

Me: I want my fiancé back, I didn't mean to hurt him

Braga: It's okay.. We'll be fine, Clint is not the first guy you've cried over right? Remember what you always say.. If it's not a Virgo or a Gemini then they can't break you.. He's another one that we going to get over, might take some

time but we will get over him. We get through
shit you know that, let him go. Let him be

Me: I want my fiancé back, I want Clint back
(crying)

This whole situation was a mess, I never
imagined my wedding day being this much of a
disaster. I didn't even go down to tell our guests
that the wedding was off, they did that for me.
Those who are close to me..

I kept in the room, not wanting to be seen. The embarrassment and pain I've caused was beyond me. I hate hurting people, more because I don't wanna be hurt myself..

Braga was beside me all the time. She always picks up the broken pieces of my psychi when I screw up. She's more emotional stronger than I am, even when she's going going through the most she's still here for me and I wouldn't imagine anyone else by my side than her, Will, and my Mother

I've always thought that I couldn't hurt to this point especially where love is concerned, I was hurting and if it wasn't for Nova I don't think I'll want to continue to live anymore.

In the room it was Me, my Mom, Braga, Will, and Sands. I didn't want anyone coming in. The door was locked..

My Mother was pacing up and down..

Ma: Give me that! Give me that bottle before I swing it across your face

She snatched the bottle of wine from me..

Me: I know I've embarrassed you, I'm sorry

Ma: I don't care about the embarrassment, I don't care about what people say. People talk all the time! What hurts is what you did to that boy, I'm asking myself all kinds of questions like where did I go wrong? We always talk about everything.. Why didn't you tell me that you didn't wanna do this? Why didn't you let him go

instead of hurting him like that? I might've not been his biggest fan but that boy loved you! He truly loved you

We heard a knock at the door..

Braga: I'll get that

Ma: Now you sitting there crying and drinking yourself away and you want us to feel sorry for you? You put yourself in this situation own up to your shit! You've lost him and it's all because of you, you have no one else to blame

Lucilla walked in, I stood up. She looked at us and walked up to me. It was difficult to tell if she was hurt, angry, or disappointed..

Me: Mrs H I'm s-

She slapped me, Lucilla slapped me..

Lucilla: I loved you, I welcomed you into my family, I gave you my blessing when my Son asked for your hand in marriage and you do this to us? Embarrass my Son like this?

Ma: I understand that you angry but you will never ever raise your hand on my Daughter!

Lucilla: Maybe if you had groomed her well, I wouldn't have had to do this

Ma: Says a woman who just raised her hand on my Daughter talking about grooming well, your Son locked my daughter in this room so I hear. I might not know what happened but the only reason why I'm not losing my shit is because he got most of the hurt

Lucilla: My Son did nothing but respect and loved this girl, we all did! And she goes and thank us like this?

Ma: I think you should leave

She looked at me..

Lucilla: Stay away from my Son, do you hear me? From hereon you dead and buried to me! The only good thing you did was give me an adorable Granddaughter other than that, I'm good with you! I'm spitting you out!

Ma: Please leave

Lucilla walked up to the door..

Ma: Rhaaaaa!!

CLINTON HENDRICKS

Nova was sitting on my lap and playing with my phone..

Thulani: I don't understand.. This is not like Sonto, my Sister is a very well mannered and reserved girl. At some point I thought she was going to be a Nun

Bryan: Well your glorified Sister did this

Thulani: I'm not disputing that

Bryan: Then exactly what are you saying?

Me: Guys please! Not in front of my Daughter

Bryan: How does she have 3 brothers and don't know how to act?

Sipho: If it's any consolation we have different

Mothers, she's our half sister

Yaya: Really Siphho?

Siphho: I'm just saying

Yaya: What happened, happened. There's nothing we can do about it, Clint take the L and move on. It's life, shit happens!. I knew this was going to happen, I saw it coming

I got up..

Me: Come on Baby let's get some fresh air

Siphho: Stop being a jerk! The guy is hurting

Yaya: So I must console him with lies?

Bryan: Basically my Brother was given a loose cannon?

Yaya: Yeah call my Sister that one more time!

Thulani: I'd like to hear that

I walked out and left them arguing like that, I didn't need their drama..

PRECIOUS MOLOI

I walked back into the room after changing from my wedding dress to the white night gown..

Will: So what now?

Braga: We go back to our lives

Sands: Can't you guys get a refund?

Ma: We will see

Me: Where is my Daughter?

Ma: She's with her other side of the family

I sat down..

Sands: Dwaa Nation is livid

Will: Who told them?

Sands: I did

Will: How is it your business?

Sands: They were waiting to be alerted about the wedding

Braga: But it wasn't your place

Me: It's okay guys, they were bound to find out anyway

We heard a knock on the door..

Will: Is that the Mother coming for round 2?

The door opened and Clint walked in, he was holding Nova..

Sands: Maybe the wedding is back on

Clint: Can I please speak to Presh alone?

Braga: That ain't happening!

Clint: My Daughter will be in the room

I looked at them..

Me: It's fine guys

Ma: Clint did you hit my Daughter?

Me: Mamzo it's fine.. I'll be fine

They all walked up to the door..

Ma: You hit my Daughter it'll be the last thing
you do

I watched them walking out..

Braga: I'm taking the key just incase

She took the key and closed the door..

Nova: Soto!!!

I got up and smiled at her..

Me: Novasky

I wanted to take her but I was scared of Clint.
He walked over and gave her to me..

Me: Hey I've missed you

Clint cleared his throat..

Clint: We have to talk about how we going to do
this co-parenting thing

I nodded looking down..

Clint: At least have the decency to look me in
the eye when I'm talking to you

I looked at him..

Clint: I've always wanted my Daughter to grow up in a home with two loving Parents since I didn't get that, and you didn't either with your biological Parents

Me: Clint

Clint: Don't speak over me!

If it wasn't for Nova, I bet Clint would be strangling me to death right now..

Clint: I have every reason to come at you but I won't, only because I don't want Nova growing up and hating me later on in life

I nodded..

Clint: You might have been a bad fiancé but you are a good mother and Nova will remain in your care unless you find someone else then I'll take her, I'm not about to have my Daughter call another Man "Daddy"

Me: I understand

I didn't wanna fight him, I didn't wanna argue anymore I was tired..

Clint: I'm leaving now, going back home so I'll see Nova tomorrow

Me: Okay

He walked over to kiss Nova..

Then he put his hand under my chin and lifted it up. He leaned forward and kissed me, the kiss felt like it was going to make things okay. Like

we were going to fix things..

He then kissed me on my cheek..

Clint: I did love you

Me: I love you too

He broke away from us..

Clint: Take care of yourself

Me: You too

He turned and walked straight up to the door, I stood there fighting back tears..

FINALE

PRECIOUS MOLOI

[A FEW MONTHS LATER]

I was in my bedroom on a video call with Dr Bone, one of the most talented SA hip hop artists.. Our friendship started when I saw a song suggestion on Facebook, and I checked it out. The song was titled "Vukani". I liked it, it's a very deep song that connects you to your roots. I searched his page on Facebook and inboxed him that I liked the song, we started chatting from then and became good friends.. It was probably a month after my fallout with Clinton, I sunk myself deeper and deeper into writing just so I don't fall back into depression.. It was hard, more especially we had someone connecting us and that's Nova. No matter how hard I tried to move on from him, I couldn't.. He's always

going to be a part of my life for a very long time..

We not following each other on social media, we didn't block each other I just unfriended him to give him his space. I didn't want him running through any of my posts when he's still trying to heal. I don't know what he posts because I don't check, why would I wanna do that myself? It'll only prolong my pain..

He doesn't call me, he just texts when he is coming over to take Nova and that's it..

My failed wedding day became the most talked about thing after a few months of what happened. The Dwaa Nation group trolled me, they dragged me and they threw shade so much I stayed away from the group

Despite my personal flaw, my readers remained true to my stories. It didn't affect that part of my life other than those who kept on commenting "Admin funny how you writing about cheating when you just did it"

I had to block and keep it moving..

Dr Bone: Aww ngeke mina when I lost my page, ICU ngangiyibona ngamehlo

I laughed..

Dr Bone: You were busy saying "We will come back" mina ngangifile (I was dead)

I try not to display my friendship with him on

social media incase Clint bumps into such and gets the wrong idea, then he will definitely fight me for full custody of Nova.

I am not trying to lose my Daughter over rumors.. I'm also not trying to give people the wrong idea we are two popular individuals and it might get nasty over things that ain't even true.. We just very good friends and I'm glad he came into my life at this point, I needed some positivity..

Nova's nanny walked..

Nanny: Sorry Presh, Clint is here to fetch Nova I've just let him through the gate

Me: Thank you

Nanny: Okay

Clint usually communicates with the Nanny when he's coming to fetch Nova, I try not to get in his way. We haven't held a face to face conversation ever since what was supposed to be our wedding day...

Me: I have to go.. Baby Daddy is here

Dr Bone: Sobuye sikhulume Ntokazi (We will talk again)

I hung up..

I got out of bed and went to listen to them I always do that, just stand by the door and listen..

Clint: Thank you very much

Nanny: You welcome

Clint: I hope she's not too much of a handful

Nanny: What can I say? But she's very adorable and sweet

Clint: Is Sonto around?

My heart almost stopped, did he perhaps sense something? Maybe the video call? He has never asked about me..

Nova: Soto!!

Clint: It's "Mom" to you

Nanny: Uhm yes.. Should I get her for you?

Clint: Yes please

Nanny: Okay

I waited for the Nanny to come through, she smiled at me..

Me: I heard that right? (whispering)

Nanny: You did (whispering)

Me: Okay how do I look?

Nanny: You look fine

Me: Are you sure? This Man hasn't seen me in a long time

Nanny: You look fine don't change, leggings and a t-shirt that's your stay at home outfit if you change he'll notice

Me: You right

Nanny: Go.. He's waiting

Me: I might need a paper bag for an anxiety attack

I walked out of the bedroom to the lounge.. He was sitting on the armrest of the couch with Nova on his lap..

Me: Hi

He moved his eyes from Nova to me.. It was like we were seeing each other for the very first time again

Clint: Hi

We looked at each other for a few seconds without saying anything, I was nervous..

Me: You called for me?

Clint: Err yes.. Listen my Mother is not around and she usually helps me when it comes to shopping for Nova, was wondering if you could help us today?

My heart almost stopped beating..

Clint: That's if you don't mind?

Me: No it's okay I don't mind.. I'll just go and change

Clint: Okay

I walked to the bedroom..

Clint: Sonto

I turned and looked at him..

Clint: Your current story "The wedding Ceremony"

Me: I'm sorry I did wanna ask for your permission but seeing that things aren't okay with us I decided to go ahead, I can delete it if you want

Clint: No it's okay

So he still follows my work? After all he was a fan before our romance..

Clint: Why you never detailed about that guy?
When you two.. You know?

Me: Guess I knew that you were reading it under the carpet, didn't wanna hurt you

Clint: I see

Me: I'll go and change

Clint: We'll wait in the car

I still live with Braga, she's still with Sands. I don't know how but they still together..

Thobekgale and I never made contact since our one night stand, nigga has a serious girlfriend Snowey. He's in a relationship. His relationship still went on and mine was ruined, what a sad karmic cycle.. I'm glad I drank the morning after pills that day when Braga and Sands came back with them..

I took my phone and checked the story, then I checked the cover photo..

"The wedding Ceremony

Presh & Clint

Will they make it down the aisle?"

Unfortunately they didn't, not only that but their love story ended here too..

.

*****THE END*****
