He said that leaving...Nicole was pacing up and down thinking about what she's gonna do about Lelo because she knew her husband meant every word

LELO'S POV

I was sitting outside my legs inside the pool thinking about all the things just happened...Why mom didn't abort me if she was going to treat me like this I mean since I grew up I never felt her love and it's getting worse now...My dad was playing both roles shame I remember when I was starting my period when I told mom she was like "Should I host a party invite Barack Obama with his family because you've started your period"...But Dad bought pads "Should I host a party invite Barack Obama with his family because you've started your period"...But Dad bought pads show me how to used them....I was disturbed by someone touching my shoulder and it was Lisa

Lisa: Hey why are you crying?

I didn't notice I was crying I wipe my tears

Me: It's nothing sis don't worry

Lisa: Uyayazi ukuba awukwazi ukuxoka so thetha (You know you can't lie so speak)

I signed

Me: It's mom Lisa...And I'm starting to ask myself something

Lisa: What is it?

Me: Is she my biologic mother

Lisa: LELOTHANDO SEPTEMBER! How could you ask that of course she's your mother

Me: NO LISA...IF SHE'S MY MOTHER WHY SHE DON'T LOVE ME LIKE SHE LOVES YOU? WHY SHE'S NOT BRAGGING ABOUT ME LIKE SHE DOES TO YOU? WHY SHE DON'T TAKE ME TO SHOPPING OR GO FOR A MASSAGE HOLIDAYS LIKE YOU? WHY LISA?

Lisa: I'm so sorry sis but don't worry you have me and Daddy we love you

Me: YOU DON'T GET IT...I WANT MY MOTHER'S LOVE...UTHANDO LUKAMAMA LISA (MOTHER'S LOVE LISA)

Lisa: Shhh... come here don't cry...I know how you feel and when you are hurt I'm also hurt

You see Lisa loves to act older than me but she's the one who's young

Me: Lisa she slapped me earlier on

She pushed me on her chest looking at me

Lisa: WHAT? NO NO MOM HAS GONE TOO FAR NOW!...Let me go to her in this fucken moment!

*** I grabbed her arm stopping her***

Me: Pease don't I'm fine I don't want any conflict please

She looked at me and she was ready to kill someone but I begged her so she didn't go

Lisa: Come let's go to my room

We went to her room...she put my head on her chest and played with my dreadlocks I slept

LISA'S POV

I won't lie I was hurt seeing my sis crying like that...I watched she's so beautiful sometimes I'm jealous of her beauty...Hahaha joking...Any I managed to sneak out of the without waking her up because I wanted to confront mom this madness of hers has to stop...I mean why her own daughter have to cry for her love...I went downstairs and found her drinking smoothie in the kitchen

Me: How do you sleep at night know that your daughter sleep with a wet pillow

Mom: What's wrong with you baby? What's troubles you that you sleep with a wet pillow?

Me: Khawuweke uku'Act mama akukho auditions apha torho (Stop the act mom there's no auditions here)

Mom: How dare you talk with me like this huh

Me: Oh you are going to slap me like you did to Lelo...Listen here mother if you continue with this madness you are going to lose me because I won't watch you busy abusing my blood...Mark my words mother

Dad got in looking angry

Me: Dad when we are in Joburg I'm not going to stay with you guys can you please rent me a flat

He raised his eyebrows and mom cried...mxm crocodile tears

Dad: If I may ask why?

Me: I can't stay with mom...I want me and Lelo to stay very far from her

Dad: Uhhmm...Are you sure?

***Mom cried louder...And Lelo came downstairs running ***

Lelo: What's going on here?

Me: You know how mother love to be a drama queen without a drama...I just told dad that when we are in Joburg we should stay alone because I'm tired of mom attitude towards you...Why she can't love you like she does to me huh why she can't treat like you like me? Why do you have to cry for her love? You are even losing a weight while she's gaining...Enough is enough Lelo

I was crying and Mom went to Lelo and kneel down holding her hands

Mom: I'm so sorry baby...I don't know what got into me please forgive

Lelo: Why can't you love me mother? Why can't you give me your love? What have I done to you to treat me like this mother? What can I do to be perfect for you how can I please you mommy? I tried to pass with distinctions but still that doesn't

work...Why everything I'm doing is always wrong and does not satisfy you? Tell me mother I'll do anything

She was crying so painful

Mom: I'm so sorry baby you did nothing sthandwa sam..I'm so sorry and I love you baby

Lelo: I forgive you mommy...I love you so very much

Lisa: But you don't own an Audi car mom so I don't see the problem when dad agreed to give princess car

Mom: You should also learn how to drive Lisa

Lisa: No thank you mother I don't want even to learn how to ride a bicycle...I'm fine with a driver

Mom: But your father want to buy you a car if you pass good in first term

***I choked by milkshake to a point I coughed almost pee on myself**

Dad: What

Lisa: That's wonderful mother but like I said I'm fine with a driver...Dad the person you should buy a car is Lelo not me Dlamini

Me: Dad never mind about car and forget that I was asked it...I'll buy it by myself after I get my degree

Mom: If you will get it

I looked at her

Me: Off course I'll get it mother not all of us want to be a load to our husbands or chowing their money while we don't even have a matric certificate

Dad: Lelothando she's still your mother show some respect

Lisa: But Lelo didn't mention name unless mother is one of them...And respect is earn daddy not demanded

She said that taking a sip in her milkshake

Me: You know what you will find me in a car or at home

Dad: But baby you didn't eat your food Nkosazana

Me: I've just lost my appetite Dad

Lisa: Me too sis...

***We stood up and left...we waited in the car about an hour then mom & Dad came and we left...

When we arrive at home there was a brand new maroon Mercedes C63s parked in a driveway with number plate personalized "PRINCESS GP" we quickly stepped out looked at this breath taking car***

Lisa: Jesus Christ son of Mary...who's the owner of this machine

I was speechless

Mom: Baby this is the car I was talking about...the one that I want my husband

She was smiling like a kid who got a candy

Dad:What?..You are crazy I also want this car but black in colour and there's only one or two people have it here in South Africa

Out of nowhere there was Pam coming to us modelling...Pam has that Kim Kardashian's body with long natural hair and has natural beauty she's not a make-up person yonk'into ihleli nge-Order (everything is in order)

Me: Pam are you the owner of this baby?

Dad: Where did you get it Pam...How?

Mom: It's not hers

***Pam laughed ***

Pam: Yes it's not mine sweetheart but for you My princess

She handed the keys to me...I became dull and numb for a moment

Me: You a..re..you are joking right

I looked at her then looked at the car keys the key holder had my primary school photo

Pam: No sweetheart...I told you that I'm going to buy you a car as present for passing your matric with CLEAN DISTINCTIONS

She emphasized the last part

Me: Pam thank you so much

*I ran to her crying...she hold me so tight kissing all over my face even my tears***

Pam: This is nothing baby...just watch and see Nkosazana

Mom: Over my dead body

She quickly cover her mouth

Pam: Fire in the name of Jesus...Fire yes God reveal her evilness...Fire!

Lisa: Mother you can't even pretend...Yho!

Mom ran inside the house

Pam: Lets go for a drive Nkosazana that Ugly Betty is not going to get a spotlight of your moment baby

Dad: Thank you...I was still going to buy her a car

Pam: Hayi voetsek Bantu save it for someone who cares Rhaa...You should have bought it long ago lets go babies...Princess you are going to drive

We got in leaving dad hanging there alone

.....

NARRATED

Nicole went to lock herself in the bedroom...she was pacing up and down due to the anger and jealous she was frustrated

Nicole: Ndiyambona ukuba uPam undilibele ukuba ndingubani kanti ndizomkhumbuza (I see that Pam has forgotten who I am well I'll remind her)

She was talking alone looking outside through the window then went to sit on the couch with her foot tapping on the floor

Nicole: That car she bought won't last even a month I will make sure of that even if it means someone have to die...No i won't rest Pam should bought that car for Lisa not that useless rubbish

As she was still talking Bantu entered

Bantu: It's either uyathakatha or uyathakathwa (it's either you are a witch or you are been bewitched)

Nicole: So what are you saying...that it's fine that Pam bought Lelothando a car

Bantu: Yes...you know what Pam actually reminds me that I should bless umntwanam (my child) with another car or a private jet...My princess is so clever self-driven a dreamer I mean she believes in herself and abilities risks taker and open minded...Next year She's going to study abroad maybe in Harvard or Oxford

Nicole was boiling inside she couldn't believe what Bantu was saying

Nicole: WHAT? THE ONLY PERSON WHO IS GOING TO STUDY ABROAD

IS LISA NOT THAT USELESS RUBBI...

She didn't finish her statement Bantu gave a hell of a slap

Bantu: Rhaa Nicole unesindi sokuthi umntwanam yiRubbish phambikwam huh oyena mntu uyiRubbish nguwe lo (Nicole you are so brave to call my child a rubbish in my presence...the person who is a rubbish here it's you)

Nicole was holding her cheek not believing that Bantu slapped her

Nicole: I can call her whatever I want Bantu...She's not my child after all I AM NOT HER MOTHER!

Bantu: Yes she's not and she will never be...Her mother was a princess from one of the respected kingdom in the country well known kingdom she has a royal blood and she's the daughter of well known business man...Not a bitter and ugly witch like you not an ungraduate mother like you who only has grade 11 as a highest achievement in her life not a greedy and ungrateful mother like you Nicole and you have a rotten nerve to treat my baby like the way you are doing while you chowing her mother's money...Well let me tell you something Nicole I'll fucken kill you when it comes to Lelothand are we clear...And since you treat the kids different I'll also do the same...

He said that walking to the door and he stopped looking at Nicole

Bantu: I won't be surprised if you one the one who killed princess Cooper

Nicole gasped..Bantu got out leaving her mouth open

Wow I was speechless shame Lisa can speak useful things sometimes besides her craziness

Me: I won't baby trust me I won't

Lisa: Uhm...Lelo please promise me that my mother's behaviour towards you won't affect our relationship in a negative way...I mean it won't separate us

Me: Lisa you are my blood the only sister I have so nothing will separate you away from me not even our mother's behaviour okay

Nicole: Well Bantu kuyabonakala ukuba awukandazi (Well Bantu it looks like you still don't know me) I think it's time you follow that fool you called a wife because I'll never watch you give up everything to that useless rubbish you call princess...Bantu you are brave to give Lisa this peanut well over my dead body not after I sacrificed so much to reach this point

Nicole took the Will and left with it she was on her way to her bedroom then she wait a minute thinking and she took a seat on the stairs

Nicole: No marn let me return this will back...Wait Sihle is Bantu's brother but he's not in his will nor his lawyer how

She said that taking will copies out of her bag

Sihle: What is this?

Nicole: Bantu's will I saw it yesterday then I did copies so that you can see

Sihle: How could Bantu do this not only 5% percentage of his companies...What so important about Lelo and Pam?

Nicole: I asked myself the same question

Sihle: Well he has something else coming

His voice was firm but low and Nicole smiled at herself

Nicole: Let's kill him and his lawyer then we write a new will

Dad: Okay baby ***He sang If Tomorrow Never Comes by Ronan Keating**

"Cause I've lost loved ones in my life

Who never knew how much I loved them

Now I live with the regret

That my true feelings for them never were revealed

So I made a promise to myself

To say each day how much she means to me

And avoid that circumstance

Where there's no second chance to tell her how I feel

If tomorrow never comes
Will she know how much I loved her
Did I try in every way to show her every day
That she's my only one
And if my time on earth were through
And she must face this world without me
Is the love I gave her in the past
Gonna be enough to last
If tomorrow never comes "

I was sobbing very hard when I lift up my head Daddy was also crying and that moment my heart broke into pieces

Me: I'm sorry daddy if I made you cry

Mom: What is it?

She was so angry...But I laughed my lungs out

Mom: Sihle are you going to allow that I mean are you going to allow Pam waste your money on these stupid fees

Pam laughed so hard looking at mom

Pam: Listen here bitch I don't kill or open my legs to have money first okay. I am not useless greedy cruel jealous and stupid like you...I don't hurt others to have money or to be recognised I struggled had sleepless nights and work my ass off to

Nicole: Were you expecting me babe?

Sihle: What do you want in the morning Nicole ?

Nicole: What's up with the attitude in the morning or wifey didn't give it to you?

Sihle: How can I help you ?

Nicole: Avoiding my question I see...We have to see Mr John in 30 minutes or else we are going to have a problem

Sihle: Mr John! for what Nicole?

Nicole: Lelothando is going to sell the private jet today

Sihle coughed a little

Sihle: What the fuck for that jet belongs to me

Nicole: I know baby but listen lets go meet this old man and sell this thing then buy yours sweetheart

Sihle: That is a brilliant idea

Nicole: Then we have 30 minutes left because Lelo is going to meet him during 12 but I managed to twist him to meet us at 9 so lets meet there

Sihle: Okay

Nicole: See you there babe

Nicole finished her smoothie then went to the car then drove off...after 45 minutes she reached her her journey Sihle was already waiting for her then they went inside to Mr John's office

John: Like I said Mam I have only one hour so how can I help you?

Sihle: Well she's no longer coming because she having a class so Mr John lets get the paper work we don't want to waste your time

There was something Mr John didn't get but he didn't want to ask so he gave them papers to sign and the jet was sold then they did hand shake and the meeting was over...Nicole and Sihle left to had lunch

Nicole: I can't wait to see Lelothando's face

She said that pulling a chair

Sihle: But Nicole we should give her something

Nicole: Over my dead body do you hear me

Nicole: Relax I won't kill her but I want her to turn her back against Lelothando I want Pam to hate her infact I want everyone hate Lelothando

Sihle: What?

Nicole: Yes I am going to make sure that Lelothando regrets the day she was born I want her to want to commit suicide

Sihle: Why do you hate Lelothando this much Nicole I mean you killed her parents you took everything to yourself what now

Nicole: I hate her because her mother was a royal princess not from any royalty but from "thee Cooper Kingdom" that make Lelothando a princess too because her mother was the only daughter so just imagine if they can find out that Lelothando is the daughter of their daughter

Sihle: So what Nicole?

Nicole: Lelothando will be the princess they will treat her like an egg...Lelothando will be known all over the world

Sihle: Yhoo Nicole you are so cruel is this because of royalty or you are jealous of her so that's why you are so greedy

Lisa: No I'm the one who's sorry here

Me: Okay I forgive but please don't do what you did again Lisa

Lisa: I promise sis

Me: Come here

We hugged and I left to daddy's study to study

NARRATED

Pam couldn't stop thinking about what Lelo told her....She went to her bedroom took a shower and wore comfortable clothes and went downstairs poured her a wine

Pam: I know that Sihle was or is jealous of his brother but to kill him no because I know that Nicole has a hand in Bantu's death but Sihle nop

She took a sip in her wine

Pam: I know that Nkosazana has a gift just like her mother Oh Buhle why did you die why did you leave your baby huh why did you leave her with only 2 minutes after she was born but I don't blame you my friend I blame myself because if I didn't introduced you to that witch none of this would've happened

Me: No it's fine Pam he's telling the truth at end my father is no more

***I felt tears threatening me but I managed to hold them coz I couldn't cry in front of uncle Sihle because daddy thought me that "Never cry in front of an enemy better cry to God" ***

Me: Maybe she used something different

Lisa: No sis

Mom: I put some oil last night before I sleep like my doctor instructed

Lisa: No mother you went to your doctor a week back and yesterday you looked terrible and it was worse than other days then boom you are fine just in one night

Me: Maybe she got something new

Lisa: Hey this is witchcraft shame

Mom: Whatever but now I am fine things will be back on normal

Lisa: Oh boy I was still enjoying your frog face

Me: Speaking of frog I had a dream about you last night

Lisa: Me?

Me: Yes you sweetheart

Lisa: You know your dreams come true...what was about sis and my breasts are so painful marn I don't know what's wrong

Mom: Uhhmm....maybe they are growing

Lisa: Really?

Mom: Yes baby

LELO'S POV

I followed Lisa and mom when I got inside mom's bedroom Lisa was taking off mom's shoes

Lisa: Are you sure you don't need to see a doctor?

Mom: No baby I am fine I just need a nap then I'll be fine

Me: Please call us when you need something

She nodded

Lisa: We'll be downstairs then

Mom: Okay baby

When we were at the door mom call me to left behind

Me: Mom

Mom: Close the door and come here

I did as I was told

Me: Mother

Mom: Listen here you fool you are not going to feed Lisa with your stupid dreams do you understand me?

I looked at her shocked because few minutes ago she was ready to die and now

Me: Are you okay mother?

Mom: DO YOU UNDERSTAND?

Me: So you are not having any heart problem or whatever it was

I felt my cheek burning

Mom: Sibhanxa somntwana sundibuza imibuzo ephambeneyo wena xa undijongile ndinengxaki yentliziyo (stupid child don't ask me stupid questions when you look at me do I look like I have heart problems)

Okay mom slapped just for asking her

Me: Mother you slapped me?

Mom: And I'll do it again you fool...Now tell me about the dream you had about Lisa and don't dare try to lie because I'll know if you are lying

I was looking to this woman I call a mother and tears were just falling she had this face that I can't explain

Me: Uhhmm...I dreamed about...Lisa

Mom: HEY WENA THETHA SIBHANXA (HEY YOU TALK FOOL) I DON'T HAVE ALL DAY

Me: I had a dream about Lisa being in dark room crying asking for my help and there were two women who were forcing her to breastfeed a frog mother and she was screaming so painful mom

I let a hard cry

Mom: Hey speak what happened next?

She was hitting my head

Me: As I was coming to help her one of the women turned and looked at me and her face turned in a snake so I closed my eyes but before she changed her face I managed to see her and she looked familiar but another woman was giving me her back and she was naked so I woke by my phone ringing

Mom: Looked familiar?

She asked with her eyes wide

Me: Yes and I once dreamed about her before and I did see her but I don't know where

Mom: That is nonsense look here you are....

Me: Oh yes I remember now...I once saw her here with you mommy and it is the same woman I saw that time I had an accident yes mother she was with you he...

She shut my mouth with another hard slap that left me holding my cheek with tears falling

Mom: Yazi usile mntwanandini ufuna ukuthini ngam huh (You know you are silly what are you trying to say about me huh) you want to tell me that I am a friend or I chill with people you see in your stupid dreams huh what are trying to accuse me with huh?

Me: I'm not trying to accuse you with anything I am telling the truth just like you wanted mother or is there something you are hiding mother

Mom: I am going to re-arrange your stupid ugly face wena

Me: You wanted to know about my dreams and Lisa woke up with her breasts painful so I'm 100% sure that something happened

Mom: Look here Lisa is my child not yours I told you that her breast are growing

Me: But that I...

She held me by my neck and pinned me against the wall

Mom: You are not going to tell anyone about your dream do you get me you are not going to mention anything to Pam or Lisa and don't you dare try to double cross me because I will know okay

I just nodded with my wet face because of tears

Mom: And if dare you say something I am not going to think twice about killing you and bury you under the coffee table in the sitting room and pretend like you never exist and I'm sure the world will be a better place without you stupid face

I looked at her and she meant every word by the look in her face

Mom: Now take your skinny feet out of my room

I didn't waste any time I ran to my room locked myself in and throw myself in the bed and cried until I ran out of tears...When Mom said she will kill me and bury me under the coffee table in the sitting room I just thought of what uncle Sihle said to me because he said he will also kill me and bury me on his door so that he could walk over my useless body everyday...So I started again to cry

Me: God please block my vision block everything father Lord so that I won't dream about anything please...God

I cried comforting myself back and forth

Me: Tata Uphi na ndikudinga mzalikazi wam (Dad where are you I need you my parent) why did you leave me alone in this world huh why I don't feel your presence

I was looking to my diamond necklace

Me: Wandithembisa Tata!! YOU PROMISED ME FATHER

I was shouting and I heard a knock

Me: GO AWAY

" It's me sis"

Me: I said go away Lisaletu

Lisa: I want to see if you are okay please open up Nkosazana ka tata

When I heard "Nkosazana ka tata" I just had a fast anger

Me: Voetsek Lisaletu and I'm not your father's Nkosazana don't call me with that again

Lisa: Please sis open for me please princess

Me: If I was daddy's Nkosazana he wouldn't leave me he wouldn't leave me

Lisa: Please open up Lelo

She was crying too...I went to open for her...She locked the door and came to me

Lisa: What's wrong sis?

Me: Why God didn't let me die when I was born huh why Lisa?

Lisa: Lelo please torho you ca...

Me: Why Lisa huh why when he knows that my own mother will hate me this much why did he create me from the first place huh?

We were sitting on the floor and Lisa was holding me from behind

Lisa: Sis you always tell me that God do not give you the load that he knows you can't lift and God kno...

Me: Uncle Sihle was telling the truth I am just a curse

Lisa: Do you remember that you once told me that God has good plans for us not to destroy us but to pro...

Me: God do not have any plans for me Lisa He don't...And really I am a curse because daddy left me here he knew that I...

Lisa: Your know what it's enough now come I am not going to listen this come

She pulled me by my arm we got under covers and she hummed a song for me and I went to dreamland

go and enjoy yourself I will be fine

I smiled at her

Lisa: Okay sis

She left...I slowly took my bag and went to put it my room then went to my daddy's study I stood at the door playing with my necklace

Me: Yeah neh

I took the photo album in the drawer and watched picture laughing and crying

Me: If you were here daddy we would've been speaking in Paris or New York now but death decided to take you away from me

I stayed there about an hour then I closed the album put it back at the drawer but when I was about to close it something fall down and it was a picture of daddy with some pregnant woman...I must admit she looked so beautiful with her long dreadlocks she looked just like me

Me: Well well who are you Mrs Beautiful and why you look just like me?

I don't know why but I just fell in love with the photo and somehow I felt complete

Me: Maybe I should call you my Duplicate neh...Hahaha but what are doing with daddy and your big tummy suits you Duplicate

***I laughed shaking my head...I looked at the back of it and it was written "I bless the day you came in my life and you blessed me with this beautiful gift inside my tummy

My love for you is infinity

Thandolwami ♡

Buhle Cooper" ***

Me: Buhle Cooper? So My Duplicate your name is Buhle Cooper and you are beautiful shame

I kissed it and I don't know why but I felt like doing it I put it back where it was then close the drawer went to the kitchen did myself a big fat sandwich poured myself an Apple juice and went to chill in the balcony again...I ate my sandwich peaceful and I was still thinking about that photo and I was happy and complete after I saw it I just forget about everything

"Hey wena kunini ndikukhangela wena ubusy uncuma wedwa apha (Hey you I've been looking for you and you are busy smiling alone here)"

I was disturbed by Pam

Me: I was day dreaming sweetheart

Pam: Tell me who is he is he handsome tall or fit

I looked at her confused

Me: Huh?

Pam: Come on sweetheart you can tell me everything when I'm going to meet him

Me: Pam

Pam: I want to know him so that he don't run away when you are pregnant sweetheart so tell me baby

Me: Pam there is no one here

Pam: But you said you were day dreaming duh

I laughed shaking my head

Me: So? I'm just happy that's all

Pam: Happy?

Me: Yes sweetheart...And Pam Uhm...who is Buhle Cooper?

Pam coughed so hard with her eyes popped out

Pam: Who...where...why...how...wh.. I don't know that person baby where did you get that?

Me: No man I just saw a picture in my father's study it was written Buhle Cooper at the back with some message...And Pam that woman look just like me her dreadlocks eyes mouth just everything about her and I found peace the moment I looked at it Pam I don't know why but I did shame

When I looked at Pam she was crying oh boy she's just a drama queen this one I said that to myself

Pam: Come here baby

She opened her arms and I went to her she hugs me so tightly

Me: Pam you are killing me bantu yhoo

Pam: I'm sorry I'm happy when you are happy my love

See drama queen because not so long ago she almost pee on herself the way she coughed and now she crying and smiling at the same time

Lisa: Mother

Mom: I wa...

Pam: Oh shut up Nompumlo baby let's go...bye Lisa sweetheart

Lisa was in stitches laughing at mom's nose

PART 20

PAM'S POV

***My name is Pamela Christopher September I am a mixture....My mother was a xhosa and my father a white person...Well when my mother got pregnant her parents chased her out because she got pregnant by a white person but after I was born they forgave her but to summarize the story my parents were involved in a car accident but unfortunately they didn't make it so life was not easy after their death...I then realised that my grandparents didn't forgive my mom due to the way they treated me and always telling me that they don't even know who I am so wish I died along with my parents...Because I was not that stupid at school I managed to pass my matric and went to study in NMMU with student loan of course....That is where I met Buhle Cooper and I don't know why she studied there because her old brother was studying in USA...Well you would never tell that Buhle was the Princess of Cooper Kingdom she was people's person so kind loving and loved to help people....To her I was her sister she did everything for me and Buhle loved Bantu so very much...One day we went to her father's kingdom and they welcomed me with warm hearts but her brother had an attitude well Buhle told her parents about my story and they allowed me to stay with them...So one night I was going to my room when I was passing in the passage I heard Buhle's brother and her father talking about Black Stones so I listened everything...I knew that Buhle knows her father's password to that secret room so I got her drunk and she told me everything I planned my thing so that I can steal those Black Stones and it wasn't difficult and Buhle made things easy by getting pregnant so I told her that I heard her family are planning to kill Bantu and her father is going to disown her and take everything and off course she believed me so I told her that let's run away and never turned back and my poor friend did as I told her just because she was blinded by love...So we ran away to stay in Mtata for six months...So Buhle's family think Buhle is the who took the Stones because I wrote a letter telling them that I saw her and she threatened to kill me if I say a thing and she forced me to come run with her to stay in Russia...

So that is why I don't want to tell Lelothando about her biological mother and I haven't sell the Stones yet because it is too risky to sell them
Buhle loved me so very much and I loved her too but I became greedy and I regret it every day because her parents loved her so very much they were going to forgive her for being pregnant and I robbed her that but there is no turning back...
Anyway me and Lelothando were having good time in New York but I wasn't really happy because I was thinking about the photo Lelothando saw and the first thing I was going to do when we arrive in South Africa is to steal the photo and destroy everything that will link Lelothando with the Coopers or Buhle***

Lelo: Thank you Pam for everything you are doing for me

Me: It's fine sweetheart because it is my job to take care of you my princess

Lelo smiled showing her dimples and her smile reminds me about Buhle every fucken day

Me: Come here baby

She sat next to me and I kissed her forehead

Pam: Do you remember when you asked me about Buhle Cooper?

Lelo smiled looking at me

Lelo: Yes I do

Me: Well I know her sweetheart but promise you won't tell anyone what I'm going to tell you now

Lelo: Yes I promise

Me: Well Buhle Cooper...Uhhm her really name is Beauty Copper she's from Nigeria and sh...

Lelo: Beauty?

Me: Shhh...She's from Nigeria she was a girlfriend of your father's best friend...Well your father and his friend help her to escape in her country and h...

Lelo: Why?

Me: Buhle is from royal family and her father is very strict and cruel when she found out that she was pregnant she knew that her father was going to disown her and kill her boyfriend

Lelo: What?

Me: Yes baby so when she arrived here they changed her identity and her name to Buhle Cooper so that her family won't be able to trace her

Lelo: Oh shame then where is she?

Me: She Bantu and her boyfriend were involved in a car accident but unfortunately they didn't make it

Lelo: With their baby?

Me: Yes sweetheart with their unborn baby but lucky your father made it alive

Lelo: So her family don't know that she's no more?

Me: Yes and that is why you have to keep it to yourself baby

Lelo: But Pam why she look like me?

Me: That is why your father loved her because you look just like her and when your mother was pregnant she loved her that's why baby

Lelo: Oh okay

I was a bit relieved that Lelo believed me even though her eyes were saying something else

LELO'S POV

***Well days turned into weeks weeks turned into months...School was already open and yes I passed my modules with 90+% and Pam paid my annual fee at once...Oh Lisa also passed her matric good though because she was doing her Medicine course at Wits and it was mom's choice to study Medicine...And one day I was coming from my lectures and when I went to daddy's study room to check that photo it was not there and I did not ask anyone about it even though something didn't make sense because I knew all daddy's friends maybe this was too confidentially and personal so I brushed it off and move on...

I finally made peace or accepted that me and mommy we are just water and paraffin she doesn't love me and to her eyes I'll never be the daughter she want or be enough so I let things to be the way they are and focused on my studies and my relationship with God and with Pam on my side of course.

So this day I was coming from school and the way I was thirsty I rushed to the kitchen without noticing if there was someone in the lounge...So I poured myself some cold water then went back to the lounge where I saw the shock of my life****

Me: Finally we meet again

I said that taking a sip in my water looking her through the glass and this woman is so scary shame there is a dark shadow around her presence

Her: Awunamambeko neh (You don't have manners neh)

I chuckled shaking my head

Me: So you decided to show yourself physically today hey

Her: Unyoko zange ukufundise ukubulisa abantu abadala huh (Your mother did not teach you to greet your adults)

Me: Molweni mama (Hello mother)

I faked a smile

Her: Unyoko unje ngam kakade (Does your mother look like me)

Me: Oh okay then Hello Aunty

Her: Ndancedisa kokwenu (am I your house helper)

Me: Sorry then

I keep quiet and our eyes locked and she quickly looked away

Her: NdinguNobuntu kodwa kuwe ndinguSisi Bubu (I am Nobuntu but to you there is a dark shadow around her presence***

Her: Awunamambeko neh (You don't have manners neh)

I chuckled shaking my head

Me: So you decided to show yourself physically today hey

Her: Unyoko zange ukufundise ukubulisa abantu abadala huh (Your mother did not teach you to greet your adults)

Me: Molweni mama (Hello mother)

I faked a smile

Her: Unyoko unje ngam kakade (Does your mother look like me)

Me: Oh okay then Hello Aunty

Her: Ndancedisa kokwenu (am I your house helper)

Me: Sorry then

I keep quiet and our eyes locked and she quickly looked away

Her: NdinguNobuntu kodwa kuwe ndinguSisi Bubu (I am Nobuntu but to you I am Sis Bubu)

I bursts into a loud laughter taking a seat

Me: Nobuntu really?

Nobuntu: Iyasinekisa lonto (is that funny)

Me: I'm sure you are angry at your parents or rather your parents are so angry at you

Nobuntu: Why?

Me: By giving you the name "Nobuntu" just imagine carrying a child for a full nine months being proud that she's your gift from God give her the name "Nobuntu" but only to find out she's just a curse... You are nothing compared to your name your parents should've named you Nonkohlakalo or Nomagqwirha
Nobuntu: Hayi lo mntwana! (Oh no this child!) Do you know me like do you know who am I?

Me: Yes I do

Nobuntu: If you really do then you will take back what you have just said young lady

Me: Or what huh you will me a visit me later or send your tokoloshe?

She laughed a bit shaking her head and I won't lie I was becoming scared but my father told me that "Never show your weakness to your enemy" so I put a straight face too

Nobuntu: Don't start something you won't finish little girl

Me: You are a coward do you know that?

Nobuntu: Oh really if I was you I was going to watch what I say

Me: Listen here Mam I don't know you and I don't know what I agenda you have with me but please leave me alone stay away from my dreams please... If you have an agenda with me just say it so that we solve it don't send your cats frogs or snakes while I'm sleeping please

Nobuntu: You little b...

"Is everything okay here"

It was mom coming from upstairs

Nobuntu: Yes everything is fine Nicky and you have a good daughter hey she's so beautiful

Mom rolled her eyes taking a seat

Mom: Mxm

I stood up taking my bag making my way to upstairs but I stopped

Me: Oh I forget something

Mom: You such an a nauseous

I looked at Nobuntu

Me: I want you to tell your darkness team all the departments your IT managers under the sea your tools managers in the forest just all of them that you can mess up and trouble my flesh but you won't touch my soul okay

***I said that leaving them with their mouth hanging...I went to my room locked myself in took a shower then wore my maxi dress then lay down on the couch...And I was back to reality now I was afraid of what I said to mom and her friend earlier on but then I told myself that I put all my fears to God and I remember Job 21: 6-7

"Even when I remember I am afraid and trembling takes a hold on my flesh"

So I knew that when God is on my side who can stand against me as he said that we are more than the conquerors so what mom and her friend can throw on my way I know I will conquer just like Job but I had to put all my trust to God so that he can fight all my battles

Psalms 23:4

"Yes though I walk through the valley of shadow of death I will fear no evil for you are with me Lord"

My daddy told me to put God on my side and that was what I was doing to avoid all the rejection I was getting from my mother because God said that He will never leave nor forsake me and he is the father to the orphan and I had Pam but you know you can't trust a human being because uncle Sihle said that Pam is still going to drop me like a hot potato...I was disturbed in my thoughts by someone knocking

"Hey sis it's me please open up"

I went to open for her

Lisa: I am so exhausted sis

She said that throwing herself on the bed

Me: Varsity for you baby sis

Lisa: No sis it's just this as*hole course thing I am doing

Me: Sorry you'll be fine baby girl

Lisa: And who's that woman is with Nicole downstairs?

Me: Her friend I guess

Lisa: Something is fishy about that woman I couldn't stay there shame her presence is making my skin itch so badly

I laughed the way her face was

Me: Tell me about it

Lisa: Maybe she fly by night sis

She whispered that looking around

PART 21

.
. .

LELO'S POV

Following day I woke up and Lisa was next to me yes she slept in my room because she said that she is afraid of Nobuntu and that was crazy...I looked at her for some time as she looked so beautiful and innocent

Me: You look so peaceful and innocent but my guts don't trust you because you once betrayed me and I forgive you but you still have to work hard to gain my trust again baby sis

***I kissed her forehead then went to the bathroom took a long bath...I went back to my room the bed was neatly made I guess Lisa went to her room to take a bath too...I wore my grey Adidas sweater with its top and my Adidas kicks took my bag and phone then went to downstairs...As I was coming down the stairs mom Lisa and Nobuntu were gathered in the dining table...I looked at them for a moment I remember the words that Job once said

Job 21:7

"Why do the wicked live become old yes are might in power"

And that was what I was saying to myself but then God said on Psalm 91: 5-6

"You shall not be afraid foe the terror by night nor for the arrow that flies by day
Nor for the pestilence that work in the darkness"

I motivated myself by that because I know that God send his angels to protect me so I put a smile in my face took a seat***

Me: Good morning

Nobuntu: Rhaa yhu yinton le isesiswini huh (what this thing in your stomach)

I looked at her then keep quite dishing for myself

Mom: Nobuntu is talking not singing

Me: It's a belly ring or piercing

Lisa: She's asking an obvious thing ke kodwa shame

Nobuntu: And Nicky you allowed that?

Lisa: It's not her body so she enter nowhere duh

Me: And daddy allowed me to have it so yeah

Lisa: Where do you stay?

She was looking at Nobuntu

Mom: Lisaletu where are your manners?

Lisa: Why did you not go to your house yesterday?

Mom: Lisaletu!

Lisa: Mom who invited you to this conversation?

I stole a look to Lisa and she was dead serious

Nobuntu: Awunombeko neh (You don't have respect)

Lisa: I asked you a question but never mind mom next time when your friends are going to sleep over please let me know first

Nobuntu: Huh!

She said that clapping her hands

Nobuntu: Yatshi Gomorrah ne Sodomy

I was silent laughing looking at my plate

Mom: I don't have to report to you Lisaletu this is my house do you understand?

Her voice was firm now

Lisa: A point of correction mother this is my house father left it under my name not yours

Yho! Lisa woke up on a wrong side of the bed today I'm telling you

Me: Lisa please

Lisa: No sis I had nightmares at night I couldn't sleep at all

Nobuntu: And what are you trying to say Lisaletu?

Lisa: Nothing Madam but I was just saying that...

Nobuntu: I'll give you a hot slap okay I'm not Nicole

Lisa: Give me a slap while you are in my house eating my food...Hayi you have a dirty nerve sisi you are brave like B.R.A.V.E

Nobuntu: Awumbi ke (You so ugly)

Lisa laughed

Lisa: Compare to who huh coz wena umbi ngathi uthena yihagu

I looked at Nobuntu then burst out and laughed so hard

Nobuntu: Uhlekani ke wena utsho ngukobitya (Why are you laughing)

I quickly keep quite looking down laughing

Mom: Lisa show respect

Lisa: Respect is earned not demanded

Nobuntu was quite now...I finished eating then took my bag and left...I went to see Pam in her work coz I didn't have a class...I knocked and I was invited in

Pam: Hey stranger

Me: Come on Pam

Pam: Hey come here I want my kiss

I giggled then went to her she baby kissed my lips

Me: How are you/

Pam: I'm good sweetheart but I missed you

Me: That's why I'm here

Well I told Pam about the breakfast scene and she couldn't stop laughing

Pam: I wish I was there God to see Nicole's face when Lisa told her it's her house not hers

Me: But Lisa was too harsh imagine your child embarrass you in front of your friend like that

Pam: She served her right Nicole is a witch baby

Me: Well lets forget about them...Pam I need...

Pam: Whatever it is I don't have Nkosazana

I laughed

Me: I need new tracksuits and kicks...

Pam: And you need a new hairstyle baby

Me: So is that a yes?

Pam: Ummm...

Me: Please

I made a puppy face

Pam: Yes Nkosazana is yes baby

Me: Thank you

Pam: I'll give you my black card okay

I stayed with Pam chatting and we ordered a lunch...Sometimes I wished the relationship I had with Pam was the same I had with mom but hey there's nothing I could do...After that Pam dropped me at home so I went to my room stayed for a while then I decided to take a walk...I put my headset and walk to the park I stayed there thinking about my things and watching couples kids and all the stuff...Around 7 I went back home but as I was walking I saw a girl with two guys and the girl was holding her stomach and I noticed blood so I ran to them

Me: What's going on here?

Girl: They...want..to

Guy1: And wena sfebe (And you bitch)

He was looking at me and I started shaking but I didn't show them that I am scared

Guy2: Look like we are going to have a nice time here look at that figure

PART 22

.
. .

LELO'S POV

Following day I woke up and Lisa was next to me yes she slept in my room because she said that she is afraid of Nobuntu and that was crazy...I looked at her for some time as she looked so beautiful and innocent

Me: You look so peaceful and innocent but my guts don't trust you because you once betrayed me and I forgive you but you still have to work hard to gain my trust again baby sis

***I kissed her forehead then went to the bathroom took a long bath...I went back to my room the bed was neatly made I guess Lisa went to her room to take a bath too...I wore my grey Adidas sweater with its top and my Adidas kicks took my bag and phone then went to downstairs...As I was coming down the stairs mom Lisa and Nobuntu were gathered in the dining table...I looked at them for a moment I remember the words that Job once said

Job 21:7

"Why do the wicked live become old yes are might in power"

And that was what I was saying to myself but then God said on Psalm 91: 5-6

"You shall not be afraid foe the terror by night nor for the arrow that flies by day
Nor for the pestilence that work in the darkness"

I motivated myself by that because I know that God send his angels to protect me so I put a smile in my face took a seat***

Me: Good morning

Nobuntu: Rhaa yhu yinton le isesiswini huh (what this thing in your stomach)

I looked at her then keep quite dishing for myself

Mom: Nobuntu is talking not singing

Me: It's a belly ring or piercing

Lisa: She's asking an obvious thing ke kodwa shame

Nobuntu: And Nicky you allowed that?

Lisa: It's not her body so she enter nowhere duh

Me: And daddy allowed me to have it so yeah

Lisa: Where do you stay?

She was looking at Nobuntu

Mom: Lisaletu where are your manners?

Lisa: Why did you not go to your house yesterday?

Mom: Lisaletu!

Lisa: Mom who invited you to this conversation?

I stole a look to Lisa and she was dead serious

Nobuntu: Awunombeko neh (You don't have respect)

Lisa: I asked you a question but never mind mom next time when your friends are going to sleep over please let me know first

Nobuntu: Huh!

She said that clapping her hands

Nobuntu: Yatshi Gomorrah ne Sodomy

I was silent laughing looking at my plate

Mom: I don't have to report to you Lisaletu this is my house do you understand?

Her voice was firm now

Lisa: A point of correction mother this is my house father left it under my name not yours

Yho! Lisa woke up on a wrong side of the bed today I'm telling you

Me: Lisa please

Lisa: No sis I had nightmares at night I couldn't sleep at all

Nobuntu: And what are you trying to say Lisaletu?

Lisa: Nothing Madam but I was just saying that...

Nobuntu: I'll give you a hot slap okay I'm not Nicole

Lisa: Give me a slap while you are in my house eating my food...Hayi you have a dirty nerve sisi you are brave like B.R.A.V.E

Nobuntu: Awumbi ke (You so ugly)

Lisa laughed

Lisa: Compare to who huh coz wena umbi ngathi uthena yihagu

I looked at Nobuntu then burst out and laughed so hard

Nobuntu: Uhlekani ke wena utsho ngukobitya (Why are you laughing)

I quickly keep quite looking down laughing

Mom: Lisa show respect

Lisa: Respect is earned not demanded

Nobuntu was quite now...I finished eating then took my bag and left...I went to see Pam in her work coz I didn't have a class...I knocked and I was invited in

Pam: Hey stranger

Me: Come on Pam

Pam: Hey come here I want my kiss

I giggled then went to her she baby kissed my lips

Me: How are you/

Pam: I'm good sweetheart but I missed you

Me: That's why I'm here

Well I told Pam about the breakfast scene and she couldn't stop laughing

Pam: I wish I was there God to see Nicole's face when Lisa told her it's her house not hers

Me: But Lisa was too harsh imagine your child embarrass you in front of your friend like that

Pam: She served her right Nicole is a witch baby

Me: Well lets forget about them...Pam I need...

Pam: Whatever it is I don't have Nkosazana

I laughed

Me: I need new tracksuits and kicks...

Pam: And you need a new hairstyle baby

Me: So is that a yes?

Pam: Ummm...

Me: Please

I made a puppy face

Pam: Yes Nkosazana is yes baby

Me: Thank you

Pam: I'll give you my black card okay

I stayed with Pam chatting and we ordered a lunch...Sometimes I wished the relationship I had with Pam was the same I had with mom but hey there's nothing I could do...After that Pam dropped me at home so I went to my room stayed for a while then I decided to take a walk...I put my headset and walk to the park I stayed there thinking about my things and watching couples kids and all the stuff...Around 7 I went back home but as I was walking I saw a girl with two guys and the girl was holding her stomach and I noticed blood so I ran to them

PART 23

.
. .

LELO'S POV

She cried until she was calm and I looked at her wiping her tears

Me: You can trust me Mbali

She looked at me with her falling tears

Mbali: Actually you are the reason

I looked at her with my popped out eyes

Me: Wha...t do y..ou...uhmm what do you mean Mbali?

Mbali: If you did not save me that day if you did not take me home with your friends

Me: Mbali you are speaking in tongues now

She cried again and I looked at her didn't know what to do

Mbali: I have to go

Me: How I'm going to help you Mbali if you shut me out huh?

Mbali: I didn't ask you to help me Lelothando

She was starting to get on my last nerve now

Me: You know what ever since I met you that day I have restless nights I always dream about a girl crying and begging me to help her but I don't see her face but now I could tell that it's you and I don't care if you can give me an attitude or whatever but I am not going step back okay I'll keep on nagging until you talk....In fact I am going with you to your house right now

Mbali: No you won't

Me: Try me sweetheart

I said that eating my ice-cream looking at her

Mbali: Mxm I don't have time for this

Me: Okay ke I am sorry but Mbali you can trust me please tell me what's going on

Mbali please

She wiped her tears with a back of her hand

Mbali: You know sometimes I curse the day I was born I always ask God why he didn't shut down the walls of my mother's womb that day huh why he didn't let me

die the minute I was welcomed in this world or why I didn't die with my mother at least huh?

Her words torn apart my heart and her cries remind me about my sleepless night after I had a dream

Me: Shhh don't cry sweetheart...You know God love us so very much that he has beautiful plans for us not to destroy us but to prosper us and remember no weapon formed against us shall prosper

Mbali: Well for me his plans is to destroy me Lelothando

Me: He promised in his word that he will never leave nor forsake us Mbali now tell me what's going that you can curse the day you were born and Mbali I wasn't going to dream about you if I wasn't going to help you

Mbali: You know ever since my mother's death I never find joy in my life Lelothando I became a slave in my mother's house in my father's eyes

Me: Firstly what happened in your back Mbali?

Mbali: My father happened Lelothando

Oh God I couldn't help my tears who can beat his child like that

Me: What?

Mbali: Yes...He beat me because I came late yesterday home because I had tutorial and I couldn't miss it so when I arrived I found him in the sitting room and he asked me his food

Me: Don't you have a house helper or something?

Mbali: No daddy said he won't pay someone to do house chores while he have a daughter...So because I didn't cook he beats me calling me names and he said I am a curse he told my mother to abort me Lelo...What kind of a parent is that?

Me: I am so sorry baby now tell me about your walks

It was like I rubbed a salt to her fresh wound the way she cried

Mbali: One day I was in my room studying my brother kicked the door so hard and got in...He looked at me laughing telling me that it's time to pay for my mother's sin

Me: What sin?

Mbali: He said that my mother took my father from his mother...I looked at him thinking he is joking but he said I am also his cure Lelo he raped me I cried begging him to stop but he said he don't have a choice he want to be healed

Me: Healed from what?

Mbali: He is HIV positive Lelothando

Me: WHAT?

Mbali: Yes

Me: So he believed the myth that virginity cure HIV

Mbali: Y...es

Me: Oh my God I am so sorry Mbali

Mbali: Since then I am his sex slave

Me: What did your father said when you told him?

Mbali: He said that I seduced him there is no way his son would do that and you know the sad part is I am also HIV positive Lelothando

Me: So that is why you said I should not touch that day right because you know that you are HIV positive Mbali huh

Tears fall

Mbali: I am so sorry Lelothando ndicela uxolo please I didn't do it on propose

She went on her knees

Me: No I am not angry at you Mbali and even if I am affected I am not angry okay...Being HIV positive is not the end of the world and now that I know how you got it I understand really please don't blame yourself because you warned me

Mbali: I am so sorry Lelothando

I also went down on my knees and cupped her face

Me: Hey look at me okay I am not angry at you Mbali now come here

I helped her up and hugged so tightly

Mbali: I feel like dying I hate myself

Me: Hey don't say that okay...don't you have some family members or something that can help you

Mbali: I do have an Aunty who is staying in Port Elizabeth and she tried to help me but daddy threatening her and told her that I am his child so yeah

Me: I am sorry okay but I am going to help you Mbali

Mbali: How and Lelothando my father is cruel if he could find out I...

Me: God will make a plan don't worry okay now give me your Aunt's numbers

Mbali: No I don't want any trouble

Me: Can you please try to trust me for once

She gave me the number...and we stayed for some time then I walked with her to her house

Mbali: No you can't get in

Me: Why?

Mbali: Because daddy don't want me to have friends

Me: Mxm are coming or what?

Mbali: Lelo no you ca...

"Where are you coming from Mbali"

I looked around to see who was it and I guess it was her brother the way Mbali was shaking

Me: We are coming from tutorial

Brother: Are you Mbali or you are too forward?

I looked at him with so much anger wish I could just kick his balls so hard

Me: I am her personal assistance do you have a problem with that?

Brother: You Mbali pots are waiting for you get inside

Oh poor Mbali ran inside the house

Me: Bye Mbali

I felt his hand an my arms

Brother: If you know what good for you stay away from Mbali

Me: Is that a threat?

Brother: No just a friendly warning

Me: I will accept it as a threat now take off fucken hand away from me you asshole

I didn't wait for him to talk I left him there...I went home pour myself a cold water then went to my room...I was thinking about what Mbali told me and the thought of her brother touched me made me sick

Me: Don't worry Mbali I am going to set you free that stupid brother and father of yours are going to regret everything they did to you

"Hey sis"

She said that getting in

Me: Go back and knock

Lisa: But I...

Me: Now!

She went back and knocked and I invited her in

Lisa: What's up with you?

Me: You know I always cry about how mother treat me and all the stuff but hey some people are facing with serious problems outside

Lisa: What's going on?

I told her everything

Lisa: Wow sis I...I don't know what to say

We were both crying

Me: You know what I won't blame her if I'm HIV positive and I'll put that to God but now I have to help her Lisa

Lisa: I don't think you are positive

Me: Well we don't know that Lisa

Lisa: What are you going to do now?

Me: I don't know but I have to make a plan

Lisa: Count me in sis

I looked at her then smile

Me: Okay but we have to do something before it's too late

Lisa: You know what let's help her to escape and wipe her father's accounts clean then get her brother arrested

Me: How are you going to get her father's accounts clean Lisa this is not a movie

Lisa: Well my boyfriend is a professional when it comes to that

Me: Lisa you have a boyfriend now?

Lisa: Not now sis please you will shout me after we have helped Mbali

I laughed shaking my head

Me: Okay fine

Lisa: Let me get a pen and paper to draw up our plan

I looked at Lisa who rolled her eyes

Lisa: I told you mother and please not now

Mom: Lelothando can you tell her to go back to school

I looked at her then take a sip in my coffee

Me: Lisa is old enough mother to make her own decisions and I understand her point so I can't force her to do something she don't want while I'm enjoying what I'm doing

Mom: Mxm I don't know why I asked you because you are useless

I kept quite because I wasn't in the mood for her

Lisa: Okay mother just go to Wits and do that course by yourself because it was your choice from the first place so go and do it and leave me alone

Mom: Lisa you are my baby girl so I know what is good for you

Lisa: Oh please mother please I am not going anywhere the sooner you get that in your head the better for us all

Mom: Lisa yo...

Lisa: MOTHER PLEASE PLEASE

Me: Lisa

Lisa: I'm sorry sis but mother must stop this please

Mom: Mxm

She said that standing up

Lisa: You know I don't know where you got the guts to choose my course while you don't even have a matric certificate I really don't know shame

I choked on my own saliva...Mom rushed out

Me: Lisa really

Lisa: No sis I am tired of mom and please let's change the subject because I am not going to school

Me: Okay

We talked about random stuff...I finished eating I took my bag and car keys

"Who gave you the permission to drive these cars huh"

Me: Oh boy

Mom: I asked you a question or are you deaf?

Lisa: Where does that concerned you mother huh...Does she drive your cars?

Mom: I wasn't talking with you Lisa

Lisa: Well I am talking with you then Lelo is driving my cars not yours so please don't involve yourself where you are not invited

Me: It's fine Lisa I'll call a taxi

Lisa: You are not going to that sis...If I was you mom I was going to get myself busy looking for a finishing school rather than involving my nose in people's business

Mom: I am still your mother Lisa so show some respect

Lisa: If you can respect yourself first then you will definitely get my respect mother...Lets go Lelo

I don't like the way Lisa talked with mother but I am going to deal with her later...We went to the car I got inside then kissed her lips and I drove off...I was listening Joyous Celebration all the way until I reached my journey...I went inside and lucky Dr Nadioo was in the reception

Dr: INkosazana

I smiled and we hug each other

Me: Hey Doc

Dr: No wonder I woke up in the good mood today

Me: Because you were going to see me right

We laughed and we went to his office

Dr: How are you doing baby?

Me: Well complaining won't help so I am fine Dr

Dr: I hope you are doing fine in your studies also

Me: So very fine that's why I am doing second year

Dr: Show me your last year results

I took out my phone and show him

Dr: Like father like daughter

Me: I am my father's daughter

We laughed

Dr: So confident like your father princess...So what brings you here?

Me: I want to test for HIV

He looked at me for some time

Dr: What?

Me: Yes Doc

Dr: Don't tell me you are dating Lelo

I laughed then told him the story about me and Mbali

Me: See now

Dr: You are your father's daughter really I see you are not afraid of risks neh you are fearless so brave Nkosazana

He then did his thing and left me there in the office...I won't lie I was scared but I puts everything to God...After a while he comes back

Dr: Firstly having a HIV is not the end of the world or life princess okay and everything will be just fine

He gave me an envelope and yes I was positive...I closed my eyes

Me: So yeah neh

Dr: Baby girl you are so brave okay don't let some virus destroys you okay I know you can beat this sweetheart I know baby girl

He knelt in front of me and hold my hands

Me: But I am not Rambo doctor I don't think I...

Dr: I don't want to hear that baby girl people survive and live happy with HIV so what is going to stop you huh and you got it form saving someone's life baby not because you were sleeping around or something...You are a heroine to someone a life saver and she will be forever grateful for that so please

I listened to him and he made some sense

Me: Don't worry I won't do anything stupid okay

Dr: Let me tell you this not because of this but I want you to know it...To me you are my role model I have never ever see someone so fearless determined and strong like you...I so wish I was like you in my youth days because I would've achieved a lot in this life...You believe in yourself and your abilities I am so proud of you so wish God can bless me with a child like you

I was crying because of his words and he meant every word

Me: Thank you

We stayed there chatting and we ordered lunch and I made peace about my condition and I wasn't blaming anyone for that...I said my goodbye and drive straight to the park I took my accounting things because I was going to do Accounting assignment and I was chilling near by the road...It was so quiet and chilly...I took out my phone called Mbali

Mbali: I was about to call you

Me: I'm glad that I called first

I told her everything and she was crying blaming herself but I managed to calm her down and make her understand even though it was hard

Mbali: Thank you Lelo I own you my life

Me: Come on baby

We chat until I ran out of airtime...I listened music and start doing my thing...After a while five cars stopped and a guy came to me I took out my earphones

Guy: Uhhh...Good day

I looked at him and he was familiar

Me: Hey

Guy: We are looking for AMK Accounting Firm and we were told that it is in this side but we think we are lost

I looked at and he was one of the guards

Me: So I look like a GPS to you?

Guy: No but please....

Me: Google it then

Guy: Please I...

Me: As you can see that I am busy please excuse me

He walked away and I felt so bad for talking with him like that but I wanted that Prince of his to come by himself

"Please young lady help us if you know what we are looking for"

I looked at him and our eyes locked but I quickly focused on my books

Prince: Thank you God for answering my prayers....So we meet again

Me: What do you want?

I wasn't looking at him

Prince: Do you know how much trouble I went through looking for you

Me: Looking for me? If you think I am going to ask forgiveness oh shame you are wasting your time

He laughed and I looked at him with a bored look

Prince: I am Luyanda Sangqu

Me: I don't remember myself asking you that

Prince: Can you please stop fighting please

Me: As you can see that I am busy so...

Prince: Please make a call to AMK tell them that I won't making it today I have a personal problem

He was looking to his guards...They nodded and left

Me: Follow them Mr

Prince: If I don't?

Me: My God is going to strangle you to death

He laughed so hard

Prince: I would like to see him try but please tell him that I will get him a duck as a part of asking forgiveness

Me: Yes sis and I can't get her on her phone

Anita: Give me her numbers let me try

Me: You are right sis

I took my phone and gave her the numbers

Anita: I am still waiting

Me: Waiting for what?

Anita: You gave me nine numbers Luu

Me: Huh?

I looked at my phone and yeah the numbers were nine...Anita laughed

Anita: Okay wait you want to tell me that you have been calling nine numbers for full two weeks Luu

She laughed again

Me: Oh my God Lelothando...Shit!

Anita: And you didn't even notice there is a shortage of something in your head

Seriously I didn't notice a thing

Me: Why Lelothando huh why?

I stood up went to take car keys

Anita: Where are you going now?

Me: To the park I need some air after this

Anita: I am sure you are going to that park you met Lelo

And she was right I was going there because that place fulfilled my soul when I am thinking about Lelothando

Me: Yes

Anita: Did you see what time is it?

Me: I don't care sis

Anita: Take guards with you then

Me: No and bye sis don't wait for me

I kissed her cheek then went to the car and drove off...In the way I was thinking about Lelothando and how I wish I could see her...I drove until I reached my journey...I parked the car then I stepped out going to that place Lelothando was chilling at that day...To my surprised there was a girl and she was crying...I looked around but there was no one beside her...I ninja walked to her

Me: Young lady are you okay?

It was like I said "cry more baby girl" because she cried out loud

Me: You are crying here alone

Her head was between her thighs and I couldn't see her properly because she wearing an oversized hoodie

Me: Well I can't help you if you don't talk

Her cries broke my heart

Me: I won't hurt you please look at me I just want to know why are you crying here alone and during this time please

She looked at me while taking her hoodie hat off

Me: Thandolwam!

I went to her with a high speed

Me: Nkosazana what's wrong ntomb'entle?

I hugged her and she sob real hard

LELO'S POV

***His hug reminds me of my father's hug I just want to know why are you crying here alone and during this time please

She looked at me while taking her hoodie hat off

Me: Thandolwam!

I went to her with a high speed

Me: Nkosazana what's wrong ntomb'entle?

I hugged her and she sob real hard

LELO'S POV

His hug reminds me of my father's hug it was not the same with his but somehow somewhere I felt safe in his muscle arms...He managed to calm me down but I was left with hiccups because I was out of tears not that I stop crying

Luyanda: Hey what's wrong?

He cupped my face and kissed my forehead with his cold lips

Luyanda: Thetha nam Nkosazana (talk to me Nkosazana)

Me: No...nothing important

I started again crying

Luyanda: Thandolwam you are here during this time crying alone but there's nothing important

Me: I...I miss my father

Luyanda: Shhh don't cry sweetheart but please tell me what's going on

Me: So wish I was dead along with my father

Luyanda: Hey hey come here don't talk like that

He was rocking me back and forth kissing the top of my head

Luyanda: Please talk to me Lelo please tell me what's wrong

I wanted to tell him but I was afraid...I looked at him

Me: No I'll be fine don't worry

Luyanda: I know you don't trust me but please tell me please

I told him everything about my life

Me: So yeah...Story of my life so far

Luyanda: Yhoo Lelothando this is.... I don't know what to say

The way he looked at me I regret why I told him about my life everything and my status

Me: Yeah I know

Luyanda: So you are HIV positive?

I looked at him

Me: To everything I told you the only thing you can ask is this really

Luyanda: It's just I am shocked and...

Me: Yes I am HIV positive Luyanda

My phone was ringing non-stop so I decided to answer it

Me: Hello

Pam: Where are you Lelothando September?

Me: Don't worry I am safe and I am coming right now

Pam: Ungandiphambanisi wena (don't make me mad) you are coming from where Lelo?

Me: Pam I am safe really and I'll call you when I am at home but now I need to be alone

Pam: Don't do something stupid Nkosazana please

Me: Don't worry I won't

Then I hung up...I looked at Luyanda then I kept quiet

Luyanda: Can you borrow me your phone I want to call my sister because I left mine at home

I gave him...He dialed whatever he was doing then put it in his ear for some time

Luyanda: I guess she is already sleeping thank you

I took my phone and I stood up

Me: I have to go now

Luyanda: Yeah me too hey

We went to our separate cars

Luyanda: Sure

He got in his car and drove off...I noticed that since I told him about my status he's acting funny but I don't care about him I also drove off...When I arrived home Lisa was pacing around in the lounge crying

Me: Hey

Lisa: Sis

She ran to me

Me: I am fine now don't worry

Lisa: Please don't scare me like that again please

Me: Okay I won't sorry

Lisa: You are still my sister and I love you with or without HIV I love you

I faked a smile

Me: Thank you baby and I love you too

I kissed her forehead

Lisa: I am with you every step of the way sis

Me: Thank you baby sis

Lisa: So where are you coming from?

I felt tears threatening my eyes because I just thought about how Luyanda reacted

Me: I am coming from the park...And goodnight

***I kissed her forehead and rushed to my room I locked then I throw myself in the couch and I cried so hard...After finishing crying I took a cold shower to calm myself down...I wore my sleeping clothes then went to dreamland....

It's been a week since I saw Luyanda and I was so hurt...Anyway things were still okay Lisa and Pam were darlings but mom didn't want anything to do with me because she was saying that she don't want to be affected but I ignored her...I was coming from my lectures I put my bag in the couch then went to kitchen to make myself something to eat...After I was finished I went to the lounge switch on the tv then I ate my food...I was disturbed by my phone ringing and it was unknown number***

Me: Lelothando September speaking

No one spoke

Me: Hello

Voice: Ummm...Thandolwam

Mxm it was Luyanda

Me: How can I help you?

Luyanda: Can we meet please

Me: For what?

Luyanda: Please I need to talk with you please

Me: No I can't

Luyanda: Please Lelothando please

He kept on begging until I gave up

Me: Where?

Luyanda: To the park and please don't come with a car

Me: Okay

I dropped the call...I continued eating then washed the plate and put it to its place...I took my things to my room I took my phone and called a taxi to pick me up I washed my face and changed my shoes...I went to downstairs because my taxi was waiting for me outside

LUYANDA'S POV

I know that I acted childish and selfish after what Thandolwam told me...I mean she told everything about her because she trusted me enough to tell me about her status and everything going in her life but I became a jerk...My sister put some sense in my head and I realised that I was an a*shole I should have comforted and gave her hope but I gave her a very cold shoulder...I was afraid to call because I know she was going to insult me and stuff but I finally did...I was in the park did a mini picnic because I wanted to apologise to her...It was about an hour since Lelothando said she's coming...I took my phone and called her

Lelo: I am coming

Me: But you said that an hour ago

Lelo: So you thought I was going to drop everything I was doing just because you called me

Oh boy that Lelothando for you

Me: Uhhh...No but I..

Lelo: Okay ke

And she dropped the call oh shit

Me: What the fuck did you do that Lelo huh? Like I am the who called here

Mxm...After 30 minutes I saw her coming...I started sweating immediately she was so beautiful God...I stood up meeting her half way

Me: Hey

I said that touching her hand

Lelo: Don't touch me

I guess I deserve that

Me: Come let's sit down please

She looked at me Oh God her eyes

Me: Please

She finally sat down

Lelo: What do you want then?

Me: Can we first eat please

Lelo: Thank you but I am full

Me: Just eat fruit salad or yogurt

Lelo: Just get straight to the point dude and stop telling me about food

She was more beautiful

Me: Uhhh...Thandolwam

Lelo: My name is Lelothando Princess September

She was on fire

Me: Uhhh...I want to say I am so sorry Lelothando for my behaviour that day please forgive me Thandolwam I know that no words can explain why I did that but please forgive me

She kept quiet and tears fell in her cheeks and that broke my heart

Me: Thandolwam I know I was a jerk and selfish but please I saw my mistake please forgive me please

She kept quite again

Me: Please say something

I wiped her tears with my hands

Me: I know that I hurt your feelings but please forgive me Thandolwam please

She was still quite

Me: Okay just slap me or something but don't keep quite plea...

She gave me a hard slap

Me: Thando...

Lelo: You begged me to tell you what's wrong with me then you hurt me by your action

She gave another slap

Lelo: I told you everything because I trusted you Luyanda I trusted you

Seeing her crying broke my heart into pieces but I hugged her she first fight me but I didn't stopped

Me: Ndixolele kaloku Thandolwam yini Nkosazana (Forgive me please Nkosazana)

Lelo: Undivise ubuhlungu Luyanda (you hurt me Luyanda) it was because I told you about my status huh well nothing has changed I am still HIV positive

Oh God forgive me for hurting her like that

Me: Baby please Nkosazana forgive me I know I hurt you please and I don't care about your status because I know the story and...

She looked at me with her eyes full of tears

Me: Please I promise I won't do that again please don't shut me out Lelothando

Lelo: Part of me want to give you one of hottest my slaps across your face

But this girl slapped me twice

Me: I am so sorry

Lelo: I forgive you

I took her to my arms in a bridal style

Me: Thank you baby thank you

Lelo: But if y...

Me: I won't sweetheart

Lelo: Put me down then

Me: First kiss me

She gave me a stare and I quickly put her down

Lelo: Can you dish for me please

Me: But you said you are full

Lelo: Well I am not then

I laughed then dish for her

Me: Lelothando September you slapped a Prince

I looked at her

Lelo: But you said I should slap you

Me: I was lying now my cheeks are on fire

Lelo: Take it as a man wethu

I kept quite

Lelo: Sorry then

I kept quite again

Lelo: What should I do to make them better?

She was holding herself from laughing

Me: Kiss me

Lelo: I will just give you another slap as a bonus

Me: Okay ke sorry but it hurts

She kissed both my cheeks

Lelo: You are fine now right

Me: Better

We stayed there I told her about myself

Lelo: Oh my God I am so sorry for slapping you and for insulting you and your ancestors that day

She knelt in front of me I laughed

Me: You said my ancestors deserve ducks yazi usile mntana ndini (you are silly)

Lelo: Well I didn't know you are the son of King Mcedisi Sangqu

Me: Yes I am

Lelo: You know you looked familiar that time I met you but you had a stink attitude I didn't have a time to think where I know you from

Me: And I am sorry for that Thandolwam

I kissed her forehead

Lelo: Your sister is a doctor and she was the first young doctor in South Africa that time right

Me: Yes

Lelo: Her name is Anita Sangqu and she's beautiful yhoo

Me: And you are beautiful my love

Lelo: But I am not your love though

She laughed showing her beautiful teeth...We chat taking pictures and playing it was so beautiful

Lelo: I have to go now

Me: Not until I tell you so Madam now come let's prepare to leave

Lelo: Then you take me home right

Me: No sweetheart

We packed everything then went to car with Lelo on my back because she said it's part of forgiveness...We got inside then I drove to one of my hotels...And we went to roof top straight

Lelo: Wow the view is so beautiful but what are we doing here and what the owner of this hotel is going to say when he/she find us here Oh you are the "Prince" I forgot
She laughed

Me: We are here to watch the stars and you are looking to the owner

Lelo: Wow...So y...

Me: Shhh...Don't talk I want you to forget about everything now okay

She smiled...We slept with our backs and I put Lelo's head on my chest

Lelo: This is so peaceful

Me: This is my spot when I want to be alone just watch the moon and the stars

Lelo: So beautiful

Me: Lelothando September

Lelo: Yes

Me: Please look at me

She did but hide her face with her hands

Lelo: What?

Gosh this girl

Me: I love you

Lelo: Huh..Uhhh

I putted my index finger in her mouth

Me: You don't have to say anything right now but knows that I love you so very much and I want to be with you every step of the way okay

I placed my wet kiss on her forehead...Then we stayed quite listening each other heart beat...Around 9 I decided to take her home...We were outside in front of her gate

Me: Thank you for forgiving me because now my sister is going to talk with me

She laughed

Lelo: She served you right but I have to go now

Me: No kiss no hug just nothing and what the rush girl?

Lelo: Don't start and I am getting cold

I took my black bike leather jacket in the car and gave it to her

Me: You don't have an excuse now

Lelo: But I have to leave

Me: What is that look there

She looked and when she was about to turn back to look at me I kissed her lips

Lelo: What the fu...

Me: Goodnight Thandolwam

Lelo: Lelothando

Lelo: No I don't shame

Me: Ouch that hurts

Lelo: Truth hurts my prince

***Oh God the way she pronounced "my prince" ***

The following day I woke up made my bed then went to the bathroom did my hygiene process then I went downstairs and Anita was already eating...I kissed her cheek then sat down and one of the maidens dished for me***

Hey: Hey sis

Well Anita never say that about any girl I dated before she never liked them whether she met her or not

Me: I told you sis that girl is the future Queen of this kingdom

Anita: Let's hope the ancestors will agree with you but I am certainly sure they will and what's her name Luu

Nkosazana was going was going show you how do this and she was going to take few minutes" ...Then we asked that who is this Nkosazana Luu the smile on his face was priceless and he said "Nkosazana ka tata it's my brilliant daughter"

Me: Even in his interviews he always mention "Nkosazana ka tata"

***We continued talking and I finished eating I took my things and the guards were already waiting for me so we went straight to my work...The thing is I knew that Lelothando was going to her support group and I was going to surprise her...So around 12 I went to where she attends her thing and she was not yet there...People were shocked to see me there and some surprised but they got comfortable and talk freely with me...After 30 minutes later the door opened and it was my Thandolwam beautiful as always wearing so beautiful and sexy...She was beyond the word "shocked" when she saw me there but I smiled at her and she smiled back

and sat down...After the program was over people left to their separate ways and I went to Lelo***

Me: Hey you

Lelo: Hey

We looked at each other for some time

Me: Come here my princess

We hugged

Lelo: What bought here how did you know and where...

Me: Shh...That is not important but what is important is that I am here with you Nkosazana ka tata

She looked at me with her eyebrows raised

Lelo: Nkosazana ka tata?

I chuckled and took her hand then we went to the car

Lelo: Next time when you are going to go with me wherever we are going please leave your guards and these cars behind please

Me: Nkosazana

Lelo: I am not afraid of your father and he is a human being just like me

I chuckled looking at her then kissed her forehead...Because I had a meeting so we dropped her at her house but I was going to see her after work

LELO'S POV

I won't lie I was so surprised to see Luyanda there but at the same time I was happy to see him and that made me fell for him more than before...Anyway they dropped me at the gate and mom was coming from her places when the cars stopped and she stopped and looked at them then I stepped out smiling...I went inside the house with mom who was running after me

Mom: Lelothando who was that?

She saw me stepping out from the car mos

Mom: I mean those cars marn

Me: It was me

She looked at me

Mom: Mxm...I wonder does the owner of those cars know that you are HIV positive

I looked at her smiling

Me: Yes mother dearest he knows

She looked at me bit disappointed

Mom: I think you should move to the backroom

Me: What for mother?

Mom: To protect ourselves from being affected with your disease

I looked at her then chuckled

Me: Not until the owner of this house say so mother

Then I went to my room took off my shoes then I take a nap....I was woken up by Lisa screaming my name

Me: What Lisa?

Lisa: I am sorry but...

I went to bathroom washed my face and my mouth

Lisa: People are talking about the cars that bought you here today and mom told me

Me: You disturbed me from my peaceful sleeping for this Lisa really

Lisa: And please explain this

She gave me her phone and Luyanda posted my picture on instagram

Me: So?

I gave her phone back

Lisa: Lelo did you see that Prince Luyanda Sangqu posted your picture on instagram as his "Everyday woman crush" dude

She was shouting

Me: Hey you are making noise marn

Lisa: Lelo he was the one who bought you here right

Lisa: I am just asking

Me: I am going to have a dinner at my friend's place do you have a problem with that FATHER?

I looked at her

Mom: Which friend because the last time I checked you don't have any friend

Lisa: Is it Prince Luyanda?

Mom: Prince Luyanda?

Lisa: Yes mother the cars that bought her here earlier on it was him and he posted her picture on instagram as his "everyday woman crush"

Mom: The son of king Mcedisi Sangqu is that him?

Me: If uzondijamele (stare at me) please take me home please

He chuckled shaking his head

Luyanda: Bakwenzeni Nkosazana (What they have done to you)

We laughed because he said it in a manner like he's praying

Anita: Seriously she's so cute

Luyanda: Amen

Anita: You are so beautiful darling

Me: Thank you

Anita: And now I agree with your father because he was always bragging that "My baby girl is so beautiful she look like a Chinese doll"

We burst into a loud laughter

Me: Utata kodwa (My father)

Anita: And he was like "She's not only beautiful but beautiful with a brain and she's beautiful in and out God gave me an angel"...And I was always asking myself that is he telling the truth or he just bragging

Luyanda: I once watched some guy doing an interview with him oh my God he was like "Nkosazana this and Nkosazana that" ...And people asked who is Nkosazana?

Me: "Nkosazana ka tata she's my beautiful daughter"...I am sure he said that with a huge smile

We laughed

Luyanda: Exactly that

Anita: You know I am a princess from one of the known kingdom in this country but father never talk about me like your father did to you...Your father truly loved you so very much

I smiled

Me: I know

We continued talking Anita telling me about herself about their parents and about her fiancée

Me: So you are engaged to a Nigerian Prince?

Anita: Yes darling and it was not it easy you know how parents are but what helped me is that he is from royalty too so our parents allowed us and we have been together for 8 years now

Me: 8 years wow

Anita: Yes we met at Cuba and we were both doing our first year

Me: Wow but I am sure your parents will never accept me because I am not from royalty

We were alone Luyanda excused himself because his phone rang

Anita: Come on if you are the chosen one there's nothing they can do

Me: Chosen one?

I looked at her

Anita: I can't tell you the details but you are the chosen one because I connect with you

Me: Huh?

Anita: Yeah I know speak in tongues now but you will know one day

"And royalty or no royalty I don't care about that what I know is that I love you"

That was Luyanda and he sat next to me

Luyanda: You are my heart Thandolwam so everyone who is going to tell me about royalty fuck them okay

He kissed my forehead

Anita: And they should go to hell brother

Luyanda: You are my life

We continued chatting and Luyanda took me home....We were outside the car at my gate

Me: Luyanda Sangqu do you really have to remind me that?

Luyanda: I'll remind you every chance I get...I love you

He kissed my lips

Me: I love you too

Luyanda: Now go and sleep and please dream about me

I laughed

Me: Dream about you...Oh shame I won't because it's going to be a nightmare

I said that leaving him

Luyanda: What...Come back here

Me: Nop

*** We blow each other kisses then I went inside...When I got inside the house

Lisa and mom were watching tv***

Me: Hello and goodnight

Mom: Not so fast

I looked at her so annoyed

Me: Yes mother

Mom: Tomorrow you are moving to the backroom

Me: What?

Mom: Yes...and there no one will ask you where you going

I looked at Lisa who focused on the tv

Me: Lisa

Mom: Don't call her I am the one who is talking with you not her

Me: Lisalethu

Lisa: Uhhmm...Lelo mom is the head of this house so there's nothing I can do

I looked at her

Mom: You heard her

I laughed so hard and they looked at me amused

Me: Wow

I clapped my hands

Mom: What's so funny?

Me: Okay listen here both of you I am not your idiot or something okay...I am not going anywhere mother okay...This house was built with my father's money not yours okay so I am not going anywhere

Lisa: But father left it to me

I laughed looking at her

Me: Really baby girl?

Lisa: Yes and we were all here when uncle Sihle read the will

Me: Who is that huh who is this uncle Sihle of yours please tell me baby who the hell is that?

I giggled looking at her

Lisa: Daddy's lawyer and brother

I burst into a loud laughter

Me: "Daddy's lawyer and brother"...Daddy's lawyer your flat ass do you hear me? Let me tell you this uncle Sihle and our dearest mother faked the will and killed my father's lawyer Mr Damane the real lawyer and burned his firm just because of greedy

Mom: How dare you?

She was about to slap me but she stopped

Me: Hahaha...I know mother truth hurts so I am not surprised

Lisa: Mother is that true?

Mom: No baby it's not don't listen to her

Me: Oh yes mother it is true...You and uncle Sihle killed an innocent person because of money his wife lost a husband his kids lost a father his siblings lost a brother and his parents lost a son because of greedy oh dear mother what if he was the only person who bought food on the table huh?

Lisa: Mo..m...

Me: Oh drop those crocodile tears Lisa not so long ago you were busy bragging that "mother is the head of this house"...So ladies I Lelothando September I am not moving to the backroom okay...This is my father's house not yours...You busy telling me to move while you should be busy looking for a school not claiming someone's hard working things...Get out of my way bitch

I pushed Lisa and went upstairs

PART 29

.

.

.

I went to my room and I took off my clothes because I wanted to take a shower...Lisa bagged in

Lisa: Lelo is true that...

Me: Go back and knock you think this is a toilet where you just get in without knocking

Lisa: Please Lelo I..

Me: I am not going to repeat myself ndizokukhaba qha (I'll kick you)

She went back and knocked then I invited her in

Lisa: So sis is it true that uncle Sihle is not daddy's lawyer and they faked the will then killed the real lawyer?

I looked at her with a disgusting look

Me: Firstly I am not your sis my name is Lelothando and secondly hambo buza mama wakho (go ask your mother) because not long ago you told me that she is the head of this house

Lisa: Lelo please

Me: You know what my daddy told me everything looks like he knew what was going to happen and I saw everything in my dream so yeah

Lisa: Oh God no

She sat down on the couch and cried

Me: Don't make noise here

Lisa: So this explain everything that's why you didn't get anything and your name was not in the will but we can divide everything I have so that we can share equal

I looked at her then burst into a loud laughter

Me: No thank you I don't want anything shame

Lisa: Why not Lelo because I am sure daddy will be happy wherever he is

Me: Don't dare involve my father in this...See I don't want anything because I don't want to become dumb or stupid just like you all because I see that inherited money take people's mind so I am fine thank you

Lisa: But you are my sister Lelo

Me: Sister or no sister I don't want it okay I..

My phone rang and it was Luyanda

Me: My prince

Luyanda: My princess

Me: Excuse me for a second...

I looked at Lisa

Me: I'll see you tomorrow and please close the door on your way out

She nodded and left...I talked with Luyanda for some time and I went to take a shower prayed and went to dreamland...The following day I woke up did my hygiene process after all that I took my things and went to downstairs

Me: Morning

Lisa: Morning

I dished for myself

Lisa: I am so sorry about last night sis

Me: Water under the bridge

I faked a smile

Lisa: I am not joking Lelo I mean it

Me: So do I

Mom: But you did nothing sweetheart you were telling her the truth

Lisa: Mom please not now

Me: Hahaha...uthetha inyani umama wakho Lisa (your mother is telling the truth Lisa) because sometimes we pass the truth through our jokes

I looked at her then winked

Lisa: No sis I am truly sorry and why you are saying "my mother"?

Me: Because she don't treat me as her daughter so it's time I treat her as not my mother too

Mom: Mxm minus one problem

Me: Indeed because you are not worth of my time and my attention so I'll take you as my mother's jealous friend

I then took a sip in my coffee making that annoying sound...And looked like I hit a nerve because mother kept quiet and focused on her food

Lisa: And mother why did you and uncle Sihle fake the will?

Mom: I told you that we did nothing so leave me alone

Me: They did it because they wanted to see poor Lelo crying but they didn't know that they are motivating me and giving me more strength shame poor you...Thank you mommy

I laughed

Lisa: Lelo this is not funny

Me: Oh please stop pretending because we both know that you are happy

Lisa: That is not true sis I..

Me: Then why did you told mother that I wanted to sell the private jet huh?

Lisa: Uhhh...I...uhmm

Me: See you are just a wolf in sheep's clothing and after all you are your mother's daughter

I said that taking my things and left her with her mouth opened

NARRATED

Lisa watched Lelo leaving her like that and she looked at her mother

Lisa: You see what you have done?

Nicole: Oh please stop pretending Lelothando is not here

Lisa: Pretending?...Mom please

Nicole: Bantu left everything in Lelothando's name I mean everything

Lisa: Everything?

Nicole: Yes baby girl

Lisa: So you decided to fake the will neh?

Nicole: Yes baby

Lisa looked at her mother then smiled

Lisa: Mama the mama you did the good thing but killing the lawyer

She looked at her shaking her head

Nicole: I am sorry baby but he was going to be in our way

Lisa: You should have bribed him or something not kill him

Nicole: He was the man of principles so bribery was not going to work baby

Lisa: So that's why you slept with uncle Sihle?

Mom: I don't know what you are talking about shame

Lisa: Oh I see

They continued talking and Lisa went to see Calvin at his house

Calvin: This is a nice surprise

He was about to kiss her but she put her hand in the air as a sign to stop

Lisa: Stop I am not here for a lovely dovey

Calvin looked at her

Calvin: What have I done now sweetheart?

He made a puppy face but Lisa looked him from head to toe

Lisa: Mxm...I am here to tell you that it's over between us

Calvin looked at her then laughed

Calvin: You are joking right?

Lisa: Ingathi ndisinekile xa undijongile huh (Do I look like laughing to you huh)

Calvin: Lisa what's going on here?

Lisa: You see this relationship is not working for me and...

Calvin: What? Since when?

Lisa: Yes and I am dating someone else so yeah

Calvin: Lisa please don't do this sweetheart let's talk please

Lisa: There is nothing to talk about here Calvin

Calvin: What the difference between me and your new boyfriend please tell me so that...

Lisa: So many things firstly he is the prince Calvin

Calvin: A what?

Lisa laughed

Lisa: Yes and he's not someone whom you can compete with Calvin

Calvin: Just because he's a prince you are leaving me for that Lisa please you know I love you so much

Lisa: Well I don't love you anymore so get someone who meet your standard Calvin someone who is in your league not me

Calvin went on his knees

Calvin: Madlamini please you know you are my life please don't do this please

Lisa: You are wasting your time Calvin because I won't leave my prince for you NEVER!

Calvin continued begging her and he was even crying

Calvin: Please Lisa

Lisa: I think I have to go because I told you what I came for

Calvin: So tell me who is this Prince of yours?

Lisa smiled

Lisa: Prince Luyanda Sangqu the son of King Mcedisi Sangqu

Calvin: Really?

Lisa: Yes darling and I don't have to tell you anything because I mean my baby is the well-known Prince from well-known and biggest kingdom

Calvin laughed so hard looking at her

Calvin: I see now

Lisa: What's so funny?

Calvin: You know few days ago Prince Luyanda Sangqu was trending all over the country and I am sure all over the continent if it's not the world that he is taken

Lisa smiled

Lisa: See I told you

Calvin: And we saw his girlfriend on his instagram and social media and it's not you but your sister Lelothando September!

Calvin laughed looking at Lisa

Lisa: You don't know what you are talking about

Calvin: You know I feel so stupid for begging you and wasting my tears on you...Yeah neh my friend was telling the truth about you I don't believe you right now so you are jealous of your sister to a point that you can lie like this

Lisa: You don't...

Calvin: Voetsek get out of my house little bitch! You disgust me

Lisa grabbed her bag and left...When she arrived in her house she went to her room and locked herself ...She was pacing around

Lisa: No no no God you know that I want him you know that I love the Prince

She sat on the couch

Lisa: I am going to do everything to have him and you Calvin shame you are going to take your words back when you see me marrying Luyanda

LELO'S POV

I was with Pam in her office and I told her everything that happened previous day and she was shouting and stuff you know how dramatic she can be

Me: Come on Pam it's enough ngoku (now)

Pam: No it's not enough actually I think I should pay Nicole a visit because it looks like she has forgotten me

Me: Really now Pam?

Pam: Yes sweetheart

Me: Can you just stop being dramatic for once because I am tired of conflict Pam please just let it go

Pam: You know the worse part is that I don't believe here is that ugly thing you call a sister

Me: Come on Pam Lisa is not ugly

Pam: Oh come on Nkosazana she is ugly

I looked at her

Me: Pam

Pam: Okay but she's not beautiful just like her mother you know sometimes I ask myself that why Bantu did not love her as his daughter

Me: Pamela September

But she was telling the truth

Pam: I remember the day she was born and we went to Nicole's ward to see the baby Bantu was so happy and ready to welcome his second princess you know

She sat down and drink water

Me: And what happened Pam?

I was so curious

Pam: The smile in his face when he took her from the nurse was priceless but when he looked at her that smile vanished quickly and he shook his head

Me: Really Pam?

Pam: And he gave Sihle the baby and rushed outside quickly and I followed him because I saw that something was not right he left the hospital and I did too

Me: And what happened next?

Pam: I found him at his house in your room and he was talking with you that you are the only princess of his heart and kingdom that you are the his life and so on

Me: Did you ask him about his behaviour at the hospital?

Pam: The sadness was written all over his face and when I asked him what happened he just said nothing and until today he never told me what really happened

Me: Yhoo...Maybe there was nothing

Pam: No Nkosazana you know how Bantu was toward Lisa and I am sure that many people don't know that he has two daughters they only know you

Pam was telling the truth because daddy never talk about Lisa during his interviews and stuff

Me: But he loved her Pam and he called his princess too

Pam: No there is something missing here maybe Lisa is not his child maybe he's not her biological father

I coughed so hard

Me: Pam how can you say that?

Pam: I am sorry Nkosazana but there is something missing here but what confused me is that Lisa look like him but not as much as you do

Me: If you say so then who is my mother?

Pam: Wh...what?

Me: Yes Pam I mean look like how mom is towards me Pam...At least daddy was not like this to Lisa he loved Lisa and did everything for her but mom never even a day she told me that she loves me Pam not even a single day

Pam: Uhhmm...But deep down in her heart she love you Nkosazana because no parent does not love her kid

Me: Pam daddy always told Lisa that he loves her even though somehow somewhere he did not treat us the same...But mom Pam no no no

Pam: Oh baby your mother does love you and she will tell you that one day

Me: One day really Pam?

I laughed a little

Pam: Yes baby I know that

Me: You said that there is something missing about Lisa and stuff right so there is also something missing about me too

Pam: No no baby don't say that

Me: And one day I will find it Pam because no I mean no parent can treat her child like this no Pam

Pam: Uhhh baby don't you think are just exaggerating things now

Me: I don't remember saying you are exaggerating things when it was your turn Pam and please let's talk about something else

Pam: Okay baby I am sorry okay

Me: Pam topic closed now okay

Pam: So my baby girl tell me about you and our xhosa loving prince Luyanda Sangqu

Me: What about me and him?

My heart was dancing kwasa-kwasa when I heard his name and that made me to miss him

Pam: Look at that smile...Come on Nkosazana you and him were trending all over the social media

Me: Come on Pam you know how social media is

Pam: He post you every chance he gets on his instagram and I heard that he drops you at your place sometimes

I told her everything...She was screaming non-stop

Me: Come on Pam you are making a noise

Pam: So what Nkosazana? I am the boss lady after all darling...Yhoo my baby I am so happy for you so you were in those fucken many cars

Me: If you knew how much I hate that and I told him that when he is coming to see me he should come alone

Pam laughed so hard

Pam: But baby it is his part of his life and he's from royalty so you should understand

Me: Wait until you go to his house Pam there are so many maids and guards and I am sure he and his sister know nothing

Pam: You are also a spoil brat Nkosazana

Me: Me? A spoil brat Pam?

I looked at her

Pam: Okay I am joking baby

Me: Pam I don't blame them for being born with a silver spoon in their mouths but no that is not ayoba and the way Luyanda is treating his guards

I shook my head

Pam: Then baby correct him

Me: And I will put him on his place very soon

Pam looked at me for a long time and she cried

Me: Oh please Pam what's wrong now?

Pam: I love the way you are baby and Luyanda better treats you as a princess you are or else I will bring hell to him

I laughed

Me: I'll tell him that shame

Pam: So baby you mean when you step out from those cars there is a red carpet waiting for you

I laughed so hard

Me: Come on Pam of course not maybe it's their parents who has red carpet but not Luyanda

Pam: How I was going to know that because this person is from one of the well-known kingdoms

Me: You know Pam there is this kingdom in KZN and their surname is an english name and I don't know what is it that kingdom is so fucken rich Pam their cars maids guards I mean their standard is too higher Pam...Don't know you know it?

Pam: Uhhmm...no baby I don't

Me: Pam king Mcedisi Sangqu and his kingdom is nothing compare to that kingdom it is so fucken beautiful everything is on point and I should ask Luyanda what is it name I am sure he knows it

Pam: No no no don't Nkosazana

Me: Why not?

Pam: He may feel offended I mean asking him about another royalty I don't think that is a good idea

Me: Oh okay

Mxm I am going to ask that what I said to myself

Pam: And enough about KZN kingdom and stuff just tell me about your kingdom to be

Me: My kingdom to be really now Pam

I looked at her shaking my head

Pam: Yes sweetheart so you already met his sister and been in his palace

Me: His house Pam not the palace hous...

I was disturbed by my phone ringing

Me: Excuse me I have to take this

Pam: No problem my princess I am sure it's your prince

I rolled my eyes because it was Calvin

Me: Hey stranger

He laughed

Him: Come on Lelo...Uhhmm can we meet please?

He sounded so down

Me: What's up sweetie?

Him: We can't speak over the phone Lelo

Me: Okay let's meet at Mugg and Bean because I am near by

Him: Me too

Me: Give me 20 minutes then

We hung up

Me: Pam my darling I have to go see you soon

Pam: Okay darling

I kissed her lips

Me: I love you

Pam: I love you so very much baby

I walked to the mall because it wasn't that far from Pam's work maybe 10 minutes distance...When I arrived at Mugg and Bean I saw where Calvin was sitting I went to him

Me: Hey baby

We hugged and he kissed my forehead

Calvin: I've already ordered for both of us

Me: Yummy...Thank you

Calvin: I know you and food are beasties

We laughed

Me: Tell me what's wrong my baby?

He closed his eyes and opened them

Calvin: Your sister dumped me

Me: What?

Calvin: Oh yes just few hours ago

Me: What happened?

He told me all the story

Me: Wow that's all?

I looked at him

Calvin: No she said she has someone better than me

Me: What and who is that?

Calvin laughed so hard

Calvin: She is in a relationship with a Prince

I coughed

Me: A what?

Calvin: Yes sweetheart Prince Luyanda Sangqu

Me: WHAT?

Calvin: That's what she told me and I was surprised because this guy was trending few days ago that he is taken by you

Me: Lisa said that to you?

I was disappointed and hurt

Calvin: You know I won't lie to you my baby

Me: Wow

I clapped my hands and I asked a waiter to bring me water

Calvin: My baby I want you to be careful around your sister because something is going to happen here she is a snake

Me: Mara wh?

Calvin: It is obvious that your sister is jealous about you so please be careful and I am leaving tomorrow

Me: Leaving to where now?

Calvin: Cape Town because there's nothing for me here now so I am going to stay with my sister

Me: Oh okay

Calvin: Don't be sad because everytime you need I'll be here okaya

Me: Promise?

Calvin: I promise you sweetheart

He kissed my hands

PART 30

I was still with Calvin but my mind was not there and I was brought back to earth by Calvin touching my hands

Calvin: Hey what's wrong?

Calvin: What are you thinking about that makes you cry dude?

Me: Why everyone is leaving me Cal why?

Calvin: Baby girl I am not leaving you coz I'll be just one call away

Calvin: Baby I'll be in Cape Town not overseas and you can visit me anytime you want

I giggled and I wiped my tears with Calvin helping me

Me: I was used to have your crazy self by my side Calvin dude

Calvin: Wait who is crazy between me and you sweetheart?

Me: It's you dude and let's not argue about it

We laughed

Calvin: I love to see you laughing not crying because you also hurt me when you are crying Lelo

He made a puppy face

Me: Okay okay fine I am not crying now

Calvin: On a serious note baby girl call me anytime you need me okay anytime sweetheart

Me: Okay and thank you

Calvin: Now let's enjoy ourselves

Calvin: I am also hungry Lelo yhoo

We laughed and order...Our food arrived and we ate chatting and laughing...I was disturbed by my phone and it Luyanda

Me: Excuse me I have to take this

Calvin: The smile in your face right now I am sure it's your "Price charming"

We laughed

Me: Hey you

Luyanda: Can we meet at my house now

Me: Uhhh...well now I am bit busy can we...

Luyanda: Okay Lelothando let me put it in this way okay I want you in my house now so it's not a request

What is going with this guy I said that to myself

Me: Well I am not in my house now so you will have to wait

Luyanda: I know that and one of the guards is coming to fetch you now

Me: But I am not in my house

Luyanda: You better not keep him waiting because I want you here in 15 minutes

Me: Wha....

He hung up on me long time ago

Me: What the fuck was that?

I was looking at my phone

Calvin: What's wrong?

He was laughing

Me: I don't know really

"Excuse me Ma'am "

I looked around and it was one of the guards and I was shocked

Me: How did you know that I am here?

Guard: My Prince told me to come to take you here

Calvin was laughing all along

Calvin: I guess your charming prince have eyes all over

Me: Calvin sweetheart I have to leave...we'll talk on the phone and please have a safe journey okay

We hugged for a long time until the guard cleared his throat

Calvin: I'll call you baby girl

He kissed my forehead and I left with the guard...when we arrived to Luyanda's house I was step out of the car but the guard stopped me

Me: Is there any problem sir?

Guard: Wait for me to open for you

I laughed so hard

Me: Oh please don't worry okay I am not one of your spoil brats bosses you call "Prince or Princess" okay

Guard: Ma'am please if...

Me: Bye sir

I stepped out laughing and I went inside the house and I was taken to where Luyanda was...He was watching football

Me: Hey

I went to him because I wanted to kiss his cheek but he stopped me half way

Luyanda: Stop right there

Me: Okay what's up with a sour face on this beautiful and sunny day?

He looked at me from head to toe shaking his head and he focused on the tv

Luyanda: Mxm

Me: What's going on Luyanda?

He switched off the tv and stood up coming to me and I walked backward

Luyanda: Uyaphi (where are you going)

Me: Andazi (I don't know)

He chuckled

Luyanda: Ngubani lantwana ubuhleli nayo (who is that boy you were with)

I looked at him and I wanted to laugh so hard but I controlled myself

Me: It was Calvin

Luyanda: What relationship do you have with him?

Me: He is my friend and also my sister's ex

Luyanda: Do I look like a fool to you Lelothando huh?

I kept quite

Luyanda: I hate repeating myself Lelothando because that shit makes my skin itch

Me: To me you don't look like a fool or do you look like a fool?

Luyanda: Lelothando don't start a shit with me okay because it won't end nicely and this is not a joke

I kept quite because he was looking angry

Luyanda: I am going to ask you again Lelothando and I demand an answer okay what relationship do you have with that motherfucker you were with?

Me: Firstly he's not a motherfucker and to answer your question he is my friend

Luyanda: But the way you were cosy to each other tells another story

I looked at him

Me: Whoever told you that he or she is so fucken crazy

He chuckled

Luyanda: So I am fucken crazy Lelothando because I saw you

Me: What did you really see Luyanda?

Luyanda: Kissing each other hands and cheeks he was wiping your tears and busy kissing your hands Lelothando

Me: For heaven sake Luyanda Calvin is my friend and I told you about him

Luyanda: You did and when was that?

He looked at me with his eyebrows raised

Me: He is the one who helped me with Mbali's saga Luyanda and he was my sister's boyfriend come on and we were not cosy don't lie or exaggerate things

I said that sitting down

Luyanda: But he touched you with his fucken dirty hands Lelothando

Me: So what? He is my friend

Luyanda: How can you ask me that Lelothando?

Me: Baby please torho please Calvin is my friend and he is leaving Joburg tomorrow

Luyanda: But he touched y...

I went to hug him from behind

Me: It is so cute to see you jealous and you look so gorgeous

Luyanda: Lelothando I am serious here that boy sh...

Me: Baby please or I am leaving then

Luyanda: Okay I am sorry but Thandolwam I don't like what happened

Me: There is nothing happened here it's just you are jealous Mr and yes I know that I am beautiful and stuff but really sweetheart Calvin is my heart broken friend

Luyanda: Heartbroken?

Me: Yes because my sister dumped him so that's why he's leaving Joburg

Luyanda laughed

Me: Baby this is not funny torho

Luyanda: Okay I am sorry baby

He kissed my cheek

Me: And enough about Calvin and stuff I missed you

***I made a puppy face**

Luyanda: Come here baby

We slow kissed

Me: I don't believe that you were jealous of Calvin

I laughed

Luyanda: Mxm...Baby you should stop wearing these shorts now especially when you are going out without me

Me: You are kidding right?

Luyanda: I am not sweetheart

Me: Why?

Luyanda: I don't want these motherfuckers out there to look at my assets baby and besides that you are dating a Prince now so you know

Me: You want me to stop wearing my shorts because I am dating you

Luyanda: Yes baby just look what are you wearing now it's look like a panty no baby

He was shaking his head

Me: When you first met me what I was wearing?

Luyanda: Uhhm...uhmm

He stretched his head

Me: I was wearing a short and you came to me knowing that I wear shorts

Luyanda: Baby you are going to wear your panty shorts when you are with me or inside your house but not in public so end of discussion

Me: Do you know how many shorts do I have Luyanda?

Luyanda: Yes baby so many but you are not going to wear them when you are going out Lelothando okay

Me: But Lu...

Luyanda: No but baby

Me: You are not fair because my father allowed me to wear my shorts

Luyanda: Baby you are going to wear them when you are going with me not alone okay

Me: Fine...I am hungry

Luyanda: Every two hours you are hungry Thandolwam

Me: Mxm let me go and eat at my house then

Luyanda: I am joking baby okay

Me: Mara that wasn't funny

Luyanda: I am sorry baby now let's go to feed you sweetheart

He cupped me in a bridal style and we went to the kitchen...After I finished eating my sandwich that Luyanda made for me we went to chill in the balcony...And Luyanda made me understand more why I should not wear bum shorts with crop tops because he said he don't want to sound controlling or like he's changing my style...So I understood that after all he's respecting his culture and customs...But we agreed that I'll wear my shorts when I am going out with him...Anyway my head was on his thighs and he was playing with my dreadlocks

Luyanda: Baby why are you keeping these dreadlocks I mean they are so long you should cut them sweetheart I am they are heavy

Me: Say thank you because my father is not alive to hear you saying that or maybe he will pay you a visit tonight to give you a very good slap

I laughed

Luyanda: Why?

Me: I grew up with these dreadlocks when I wanted to cut them daddy didn't allow me so I finally fell in love with them

Luyanda: Why he didn't allow you babe?

Me: He said that he didn't make any mistake when he did these dreadlocks when I was still a young maybe I was five or six years old

Luyanda: No wonder they are so fucken long babe

Me: Daddy said I look like a love of his life

We laughed

Luyanda: Does your mother have dreadlocks too?

Me: No but daddy said that I look like his heart his first lover and she will always be his lover

Luyanda laughed so hard

Luyanda: Your daddy was something else sweetheart I mean he was married but still talking about his first lover and said you are looking like her

Me: And I think I once dreamed about this first lover of his but when I asked him he said that it was nobody

Luyanda: Tell me more about the dream sweetheart

Me: You see I dreamed about mom wanted to stabbed me with a big knife but when she was to do it out of the blue some lady appeared and stood in front of me then I woke up and mom was next to me staring at me

Luyanda: You mean your mother was standing next you in your room at night babe

Me: Yes and she said that she was checking on me but daddy came to my room and told her to get out and when I asked daddy about the lady I saw in my dream he told me something doesn't make any sense...Baby that lady looked like me with everything exactly like me

Luyanda: Like you baby?

Me: Yes baby...And there was this day I was in daddy's I saw a picture baby

Luyanda: What picture sweetheart?

Me: A picture of that lady that was in my dream my love and when I asked Pam who was that lady she said it was my father's friend girlfriend

Luyanda clapped his hands

Luyanda: Baby you saw a picture then okay wait where is the picture now?

Me: I never saw it again I looked for it everywhere in the study room but dololo

Luyanda: It disappeared after you asked Pam about it

Me: Yes sweetheart

Luyanda: I am sorry to say this sweetheart but something is fishy here and it is very big

Me: Pam said that lady die long time ago and she was a Nigerian princess that ran away from her father's kingdom

We laughed

Luyanda: What the fuck?

Me: You know what is funny here is that the lady's name is xhosa or zulu

Luyanda laughed so hard

Luyanda: What is her name?

Me: Okay sweetheart

He sang "I couldn't live without you" by Chris Brown and trust me my Prince can sing and I was in tears all along

"If you had a choice

What would you chose to do

I could live without money

I could live without the fame

And if every day was sunny

I could live without the rain

And if I ever went to heaven

I would fall right back down

That life wouldn't not be worth living

Because you're the one I couldn't live without"

I looked at him

Me: So I meet the requirements huh

He kissed me

Luyanda: You are my chosen one

We continued talking about Lisa and craziness

Me: So when is Mufasa coming?

Me: I wasn't talking with you so just shut up because I shut you up by myself

Lisa: I was just asking

Mom: So Lelo I am still waiting for an answer

Me: Look here sis'Nicole it's too late now to play mother and daughter okay just don't even start darling because it doesn't suit you

Lisa: When she don't treat you like her daughter you complain and when she does you complain still

Me: Well I don't need her fake kindness treatment she should save it for you not me because I don't fucken care about her kindness and all the stuff

Lisa: Clearly you don't know what you want

Me: I don't need her to treat me like her daughter anymore because you are late sis'Nicole okay

Mom: Mxm

Me: Thank you mommy

I looked at her then I laughed

Lisa: I can't wait the Prince to leave your ass

I burst into a loud laughter

Me: So all along you are thinking about Luyanda to leave my ass...You know if I were you I wasn't going to speak about the Prince after what you did yesterday

I looked at her then I winked

Lisa: You think the Prince is going to love you forever or marry you

Mom: Shame you are just playing with your feelings because soon he will leave you

Me: Lisa I am surely that you heard louder and clear yesterday when he said "Our love is forever" and when I said "Always will be"

I smiled at her

Lisa: Mxm he don't love you he just want to sleep with you

I laughed so hard

Me: Just because you open your legs for every Dick and Tom doesn't mean I also do the same darling

Looked like I hit some nerve because she swallowed hard looking at me

Lisa: But he will leave your ass

Me: Well I don't care darling if we were not meant to be together then it's fine but if we were no demon in hell can come between us no demon on this table can come between us and no mother demon can separate us even with her friend

I stood up and went to my room singing out louder...I changed my clothes I wore white one button high waist jean lame blue shirt and with flowered lame blue sandal heels put my pink lipstick took my handbag with car keys and I went downstairs

Lisa: Where are you going Lelothando?

Me: You are starting to get on my last nerve now bitch

Mom: She was just asking no need to be rude

Me: Sis'Nicole don't you have friends or something?

Mom: Why are you asking that?

Me: Girl you such a pain in the ass now by involving yourself in my business with ugly bitch you call a daughter...Please I am begging you good people just find something to keep yourselves busy with and leave Bantu's daughter alone please

I left them there and drove to Anita's house the guards opened for me I parked in the driveway then I took the flowers at the back and I got out...I knocked and one of the maidens opened for me

Maiden: You are welcome my princess

I looked at her then I laughed

Me: Ummm sorry for that but please I am begging and tell the others that I am not the princess please call me Lelothando okay

Maiden: But the Prince...

Me: Don't worry about him sweetheart okay but please call me Lelothando not princess or whatever okay

She nodded then we went to the lounge

Anita: I thought you are no longer coming

Me: Come on

We hugged each other

Anita: You are welcome and you look beautiful

Me: Thank you darling and these are for you

I gave her the flowers

Anita: Thank you they look beautiful

Me: You are welcome

She gave to the maiden to put them in the water and went to the dining room and everything was ready

Anita: Take seat please

Me: Thank you

Anita: You look beautiful and I am so jealous about you

We laughed

Me: I am also jealous about you too darling

We laughed again

Anita: Where are these bloody maidens?

I looked at her because her statement didn't suit her

Me: Why are you asking them?

Anita: They should come and dish for us...Maidens!!!

She shouts and they came running

Maidens: My princess

Anita: Are you stupid or what should we dish for ourselves?

Maidens: We are sorry my princess

Me: Please don't worry yourselves I'll dish for myself okay

Anita: No Lelo it's their work to...

Me: I'll dish for myself it's fine really

Anita: What are you staring at get out?

Maidens: Okay my princess

Anita: Mxm...Are you enjoying the food Lelo

I faked a smile

Me: Yes thank you

Only if she knew that I lost my appetite long time ago

Anita: I want us to know each other more okay I mean like going out together ummh..just have fun to know each other better

Me: Yeah that's good hey

We continued talking and laughing until a maiden disturbed us

Maiden: My princess y....

Anita: What's wrong with you huh are you mad didn't I told you that I should be not disturb when I am eating let alone when I am with someone

Maiden: I am sorry my princess but your phone was...

Anita: Did I asked you to bring it to huh did I?

She was shouting at her

Maiden: No my princess but you said we should bring it to you when it...

Anita: You fool idiot are you stupid or what don't see that I am busy with my guest here and you came with your smelling feet to disturb me the princess

The poor maiden was crying

Maiden: Forgive me my princess

Anita: You stupid fool you are so useless I don't know what you are still doing in fact you are fired yo...

Me: ENOUGH ANITA!

She looked at me shocked

Anita: Lelo my darling did you see what this stupid girl d...

Me: I said enough Anita...My dear she told you all that when her phone is ringing you should bring it to her right?

Maiden: Yes

Anita: YES WHAT?

Maiden: Yes my princess

Me: Listen sweetheart don't call me a princess again okay please just call me Lelothando babe

Anita: You are kidding right Lelo you are a girlfriend of a Prince so they....

Me: Yes you are right my boyfriend is the Prince not me okay...And Anita why are treating the maidens like this huh?

Anita: They are my savants my employees so I have every right to treat them in any way I want

Me: What?

Anita: And besides I am a Princess after all

Me: Princess my foot...Just because they work for you that doesn't mean you should treat them like slaves Anita they are human beings just like you and they have the same rights you have

Anita: My mother is paying their wages and I am from royalty

Me: Oh fuck that Anita In the face of God you are like them you are not a princess or something we are the same you should treat them with respect too...Anita we are all equal so don't let your stupid status fool you darling

Anita: Lelo let me remind you I am the princess and I am the well-known doctor in Africa so I am not equal with them

Me: So tell me Anita how do you treat your patients huh

Anita: Firstly you should come see my hospital not everyone can go there because of the standard so I only deal with high class people

Me: Yehla Nkosi imali yokuphinda uzoyifumana kum (come down Lord money for return you will get it from me) so you want to tell me that you never work in public hospital

Anita: To do what there huh?

Me: Wait if you could see a street kid stabbed and bleeding you would leave him/her to death just because you deal with high class people

Anita: Of course I would leave him/her like nothing happened because they are not in my league

I clapped my hands in so much shock

Me: Yhoo Anita so even your husband to be is like this

Anita: Oh yes darling you see his kingdom is so big and their standard is so high...Here in South Africa their competitors is the Cooper Kingdom no no I am lying Cooper Kingdom standard is too high maybe their standard is a bit high compare with this kingdom so yeah

Me: You know what let me not waste my time by asking you questions because I've already know everything I need to know...Me and you are just water and oil

I stood up took my handbag and car keys

Anita: Where are you going now Lelo please don't go please

Me: You see you don't meet the requirements to qualify in my league I don't do friends with arrogant bragging selfish people like you...Oh please don't ever call me again I want nothing to do with a bitter spoil brat like you and just because I am dating your brother that doesn't mean I am friend or you should love me or something okay...So go fuck yourself with your stupid status and your fucken royalty

Anita: Oh come on Lelo it's not my fault that I was born with a silver spoon in my mouth and I am not going to apologise for being rich

I looked at her for some time and I wanted to give her a hell of a hot slap I was boiling inside with so much anger

"Hey sis why you didn't tell me that Lelo is coming here"

That was Luyanda

Me: Yeah right it's not your fault but go fuck yourself as*shole princess...Just because you are a princess or rich doesn't mean that you are better than anyone here because you are not in fact they are are better than you

Luyanda: What's going on here?

Me: Tell this stupid brat you call a sister to never call me again or else I'll teach her some manners because I see there's a shortage somewhere

I was about to leave but Luyanda stand on my way

Luyanda: Baby what happened?

Me: Get out of my way and ask Mrs High Class over there

I pushed him and I left them there

.

.

.

LUYANDA'S POV

I have seen Lelothando angry but today she was even turned pink because of anger

Me: What's wrong with her?

Anita: It's this stupid fool maiden just disturbed us eating

Me: Really?

I looked at her because I knew what pissed Lelo off

Anita: Yes and you are fired

She shout at the maiden and shame she was crying...I went to her

Me: Don't worry sweetheart you are not fired okay

She nodded while wiping her tears

Anita: She is fired Luu

Me: Please excuse us darling

Maiden: Yes my Prince

She left and I looked at Anita

Me: You know Lelothando hates and she is not pretending she hate people like you she hate them with so much passion...And I'll always thank God for bringing her to me life because she thought me humanity she thought me that everyone is equal whether poor or rich because in front of God we are the same

Anita: But Luyanda I...

Me: I don't blame you because I felt just like you...You know you won't fit in her league and she meant every words when she said you don't meet the requirements to qualify in her league

Anita sat down looking like she want to cry

Anita: But Luyanda that is how mother raised me and how she thought me that I am the princess and I am not equal with the maidens

Me: You know that what I said to Lelo but she asked me that if I could woke up my parents dead and this kingdom taken by another family and all my businesses gone how could I will live in this world with my attitude would I survive...I looked at her speechless not knowing what to say

Anita: Huh?

Me: Yeah Lelo thought me to be down on earth because she said that a bird can fly up there but it will drink water here down

Anita: Huh?

Me: Yeah...Do you remember that day we fought because I was having a lunch with maidens and guards

Anita: Yeah

Me: It was because of what Lelo said to me she was like "Why you don't cook and sit down with your guards and maidens and eat chat and laugh together just to show them love care and respect why should they always eat after you " and I thought about what she said for some time and I was like no man these people are not slaves they are just here to assist us that's all...

Anita was crying now

Anita: All my life I never meet someone to correct me all my friends just give me a big hand even when I sometimes feel like no this was wrong I shouldn't speak like this but not they will give me the round of applause and even mom

Me: So sis change your attitude towards people and don't be proud because you are going to get married to a family that have the same attitude no Anita you should be the one who correct them show them the way sis before it's too because we don't know what could happen tomorrow

Anita: Where did you meet Lelothando?

Me: She's everything I need and more

Anita: You know when I am with her I don't know what's up but I feel complete Luu...No I should apologise to her

Me: Then first apologise to all the guards and maidens in this house

Anita: That's true

She stood up and called all the maidens and guards

Me: I am sure you are asking yourselves why you are here well Anita have something to say to you all

Anita: I don't know what to say or where to start but guys from the bottom of my heart please forgive me for my behaviour and the way I treated you please forgive me

She was on her knees begging them to forgive her and she was crying

Anita: Please I am begging you please

Well they forgive her and stuff

Me: And today we are going to eat supper together as this wonderful family

Anita: Let's just do a braai

Me: Yeah and you can go guys

Anita: So wish Lelo can also forgive me

Me: She will but Lelo believes in actions more than words

Anita: Mother is going to have problem with her

Me: You can say that again hey

Anita: And Lelo will be like "Well my queen I am dating your son so that doesn't mean you should love me or something"

We laughed so hard

Me: You sound like her right and she already told me that if mommy don't love her she don't care and she won't force herself to her

Anita: Your girlfriend is care free she is just herself

Me: And let me go and see her because I miss her

Anita: Please come back with her

Me: No sweetheart this is your battle so you should fight it by yourself not with me just like I did to mine

PART 35

. .

LELO'S POV

I drove straight to the park I parked the car then I got out and went to stand next to the dam and watched the ducks...I was crying not because I was hurt because I was so angry so going to the park I knew that I will calm down...As I was watching the ducks I felt hands touching my waist and it was Luyanda...I wiped my tears

Me: What do you want?

Luyanda: Come on Thandolwam don't shut me out because of what my sister did because I did nothing

He was telling the truth I was angry at the wrong person

Me: I am sorry its just...

Luyanda: Shh don't say anything okay I understand but babe she is regretting her actions and she is sorry

Me: You know that I hate people like your sister and I am sorry to say this but I want nothing to do with her arrogant and bragging self...What the fuck she thinks she is huh she's bragging about the kingdom that she could wake one day gone and sh...

Luyanda: Baby calm down okay just calm down sweetheart...Anita apologized to the maidens and guards and baby she meant every word she said please give her a chance okay

I looked at him shaking my head

Me: Mxm

Luyanda: Baby please we all make mistakes sweetheart and Anita was also influenced by her friends instead of correcting her they just give her a big hand and...

Me: Did they put a gun on her head huh?

Luyanda: Baby come on please just give her a chance she realised her mistakes and took a big step by getting rid of the pride and apologized to the maidens and the guards please my love please just give her a chance okay please

Me: I hope you told her that I believe in actions not...

Luyanda: Yes baby I told her

We continued talking then we went to our separate ways...When I arrived at home I went straight to my room because I wasn't hungry...I took a shower wore my sleeping clothes prayed then went to dreamland

Me: Who are you?

I was in the park but some grandma appeared and she was crying

Me: Who are you grandma and why are you crying?

She kept quite

Me: Did you lost something maybe please don't cry grandma please okay

Grandma: Don't give up your people are waiting for you

Me: What people? What are talking about now grandma?

Grandma: Don't give up your people are waiting for you

Me: You are confusing me now and I don't know what you are talking about

Grandma: There is a big storm coming on your way but don't give up my child because your people are waiting for you

Then she disappeared and I woke up

Me: Okay it was the dream but what people and who was that grandmother

I prayed and after that I couldn't sleep at all but I final went back to dreamland...The following day I woke up made my bed and went to the did my hygiene process...I wore my black Nike tracksuit with white Nike kicks because it was bit cold outside I took my things and went downstairs... I took my seat and dish for myself but I wasn't eating because I was still thinking about my dream

Lisa: Problems in paradise?

She was looking at me but I kept quite

Mom: Yeah neh maybe the Prince is...

Me: Oh I am so fucken tired of you two why can't just leave me alone huh don't you get tired huh?

I banged the table and looked at them

Lisa: Oh darling don't take out your stress on us if the Prince dumped please don't take...

Me: The only thing you are thinking everyday of your like is Luyanda huh the only vision and mission you want to achieve in your life is to see Luyanda dumps Lelothando huh?

Mom: Because he is not yours darling

I looked at her for some time

Me: You know what I don't have energy for this rubbish and time for useless people like you shame I have very important things to do than sitting here and listening the both of you

I took my things and I drove to my father's grave...I got out of the car and I went to sit next to the grave

Me: I had a dream yesterday and I don't understand it daddy really I don't

Tears were falling down into my cheeks

Me: Daddy who am I huh why that grandma talked about my people huh what people...Daddy please show me something talk to me or whatever because there is something YOU KEPT FROM ME

I was screaming and shouting

Me: Okay I am sorry for shouting you but please show me something please daddy please

I stayed there for some time until Anita called me and asked to meet so I drove to her place

Anita: Hey

She looked terrible like she was crying all night

Me: Hello

Anita: You don't look fine what's wrong?

Me: I am sure you didn't call me here to ask me that right

Anita: I am sorry can we go this side please

We went to sit down

Me: So why I am here?

She went to her knees crying

Anita: Lelo I know that sorry won't fixed all the hearts I've hurt with my behaviour and the words I said but please forgive me Lelo please forgive me for my bitchy attitude please...I saw my mistakes and I am ready to correct them but please forgive me

Me: Anita you are asking forgiveness to the wrong person here okay but please get up first okay please get up...Look Anita I grew up in suburbs too went to expensive private schools but that didn't give me any right to think I am better than everyone because in front of God we are the same that's what my father told me whether you are poor or rich we are equal Anita and God is not a fool for making our status not be not the same he created us just like these figures okay

I showed her my hand

Anita: I am so sorry...You know yesterday I couldn't sleep at all because I was thinking about something I did

Me: What is it?

Anita: I was in my father's palace and during midnight some man came asking help that his wife is in labour but I shouted at him and insulting him that he wake me up for that and Lelo I left him there begging me to help his wife

Me: Just because he was not in your class right?

I looked at her and she nodded

Anita: My father's kingdom is not in town

Me: It's a suburb in a rural area right

Anita: Exactly...So I went back to sleep and my mother didn't say anything she just chased that man out of the palace and...

Me: You mean the queen did that?

Anita: Yes

I clapped my hands

Me: What can of queen is she then?

Anita: You will see her don't worry...Lelo I want to go to the palace ask forgiveness to all the people I insulted especially that man I will buy his baby clothes and everything a baby need then come back with him here

Me: Why or you want to adopt the baby now

Anita: No silly...I think there is something happened when he was born because he is paralysed and it's not natural something happened at the hospital so I will help him because if I helped his parents that day he...

Oh shame she was crying so painful I hugged her

Me: Don't cry it's okay as long you want to correct your mistakes and realise that you were wrong okay

Anita: And I will go there and work maybe for few weeks to the public hospital just to help my father's people because I am their princess...Lelo thank you so much okay

Me: And they should not hate you or be afraid Anita you don't lead people by scaring them...Come here

I wiped her tears then kissed her forehead

Anita: Me and Luyanda will go to all the schools under my father's kingdom give them uniforms and other things

Me: My spoil brats na! That is wonderful

Anita: Thank you for showing us the way thank you so much

***Well we continued laughing talking and it was so nice to see the maidens walking freely and happy around Anita without fear or being shouted...

Few days later their parents arrived and I was going to meet them for lunch...I was nervous so I wore Burberry vintage check dress black sandal heels and I applied my pink lipstick then I took my handbag and I went downstairs because Luyanda was waiting for me***

Luyanda: You look so beautiful

He kissed my forehead

Me: Really?

Luyanda: Hey don't be nervous I am with you every step of the way okay...now let's go

I was really nervous shame so we drove to his house and there were so many maidens and guards...so we went inside the house and went to where everybody was...Oh God they all looked at me

Luyanda: Calm down Thandolwam

He whispered and I faked a smile

Anita: You look so beautiful girlfriend

Me: Thank you

Luyanda: Babe meet my parents sandal heels and I applied my pink lipstick then I took my handbag and I went downstairs because Luyanda was waiting for me***

Luyanda: You look so beautiful

He kissed my forehead

Luyanda: Hey don't be nervous I am with you every step of the way okay...now let's go

I was really nervous shame so we drove to his house and there were so many maidens and guards...so we went inside the house and went to where everybody was...Oh God they all looked at me

Luyanda: Calm down Thandolwam

He whispered and I faked a smile

Anita: You look so beautiful girlfriend

Luyanda: Babe meet my parents the king and queen of this palace and meet Tatu'Nconde the priest of this kingdom

Me: Nice to meet you my alders

Luyanda: Dad and mom meet Lelothando

King: You are welcome my child

His mother looked at me from head to toe

Anita: Since our guest is here we can all go the dining room because everything is ready

We all went to the dining table and took our seats

Queen: So young lady how old are you?

I cleared my throat

Me: I am nineteen mother

Queen: Then what are you doing with my son?

I looked at her

Me: I beg your pardon mother

Queen: I mean he's is twenty -four owning his own businesses he's successful so what do you want from him?

I looked at Luyanda

Luyanda: Mother please

Queen: I wasn't talking with you son...I mean look at her I am sure she's just with you to milk you money

I coughed because I was choked by the juice and I looked at her

Anita: Mother please

Queen: I wasn't talking with you my princess and Luyanda what are you doing with her because she's not in your league

Me: Okay mother let me...

Queen: I am not your mother and you should call me your majesty or my queen

I looked at her then I smiled

Me: With all due respect firstly I am not from your kingdom or I am not one of your people or your maidens so you are not my queen and for that matter I don't even know which kingdom I am under and I don't care about that because that won't get me to heaven...And secondly mother my name is Lelothando September m...

King: Do you know Bantu September?

I looked at him then I smiled

Me: Well your highness he is my late father

King: Wow you are welcome my daughter you are more than welcome feel free

I smiled

Me: How do you know him your highness?

King: Well he donated a lot of money to some project for my people back home and he helped us with so many things like giving out bursaries and uniform for students

I smiled and looked at Luyanda's mother

Me: So as I was saying mother I am not with your son because of wealthy or status no I am not

King: Which grade are you doing?

I laughed

Me: I am doing second year your highness

He looked at me and smile

King: Wow that's good my daughter

We continued eating but I was not comfortable because Tatu'Nconde was looking at me I was really uncomfortable so I cleared my throat

Me: Excuse me

Luyanda: Where are you going baby?

Me: Ummmh...I need to go the bathroom

Anita: Let me show you swee...

Luyanda: Don't worry sis I'll show her...Come Thandolwam

Queen: So you are her bodyguard now huh?

She looked at me and I smiled at her

Me: I am sure that I'll find my way to the bathroom Lu...

Luyanda: Come sweetheart

We went the bathroom and Luu closed the door and I sat down

Luyanda: I thought you said you need the bathroom

Me: No marn I am running away from Tatu'Nconde

Luyanda laughed so hard and I joined him

Luyanda: I thought as much

Me: Baby that man scares the shit out of me the way he looked at me no shame

Luyanda: Don't worry Nkosazana he is harmless...So come here

We passionate kissed for a long time and we broke the kiss at the same time...we looked at each other then we laughed

Me: This is not funny babe

I playful hit his chest

Luyanda: I love you so very much okay

Me: Your mother makes my skin itch

Luyanda: Never mind her sweetheart okay

I nodded and we stayed for some time and we went back to the dining room

Anita: I was about to call you shame

She laughed

Queen: You have no shame

She was looking at me

Me: Excuse me

Queen: Excuse me my foot...you are s....

King: Enough!

He looked at his wife

Me: I think I should take my leave because it seems that my welcome here has expired...It was nice to me you all and I hope to s...

Tatu'Nconde: Hlala phantsi mntanam (sit down my child)

I looked at him but he wasn't looking at me

Me: No it's fine tata I can...

King: Sit down Nkosazana ka tata

I looked at him then I smiled and I took my sit

Queen: So you already have a tittle huh you are not...

Anita: That what her father called her mother so please

She kept quite and bit embarrassed

Tatu'Nconde: My king and Luyanda please follow me

They left and it the table was silent

Queen: You know I don't know what Luyanda saw from you because you don't fit in this family

I looked at her then I kept quite

Anita: Mother please you...

Queen: Don't please me Anita you see young lady Anita is getting married to one of big kingdom in Nigeria to the Prince that meet her standard so I don't know what you from my son so please leave him alone because he's not in your league

I smiled then I looked at her

Me: Are you from royalty mother I mean is your family a royal family?

Anita: No her family is not a real royal family

Me: What do you mean?

Anita: Her father was the chief not the king so yeah

Me: I could tell

I looked at her shaking my head

Queen: You could tell what because at least my father was the chief and he was rich what about you huh...I see what you are trying to do and let me tell you it won't work young lady...You even call my husband "your highness" but you are calling me mother you useless thing

I laughed shaking my head

Me: Because you don't deserve to be called "my queen or your majesty" no you have not earn the tittle yet and those who are calling you "my queen or your majesty" are just fooling you

Queen: What the hell do you do think you are useless thing?

Me: My name is Lelothando Princess September ma'am

Queen: You think my son is going to marry a useless thing like you oh shame think again because you are not going be the next queen of this kingdom

Me: You see everything I have in my life I first ask from God every decision I am taking in my life I first pray because my first commitment is God who gave me life...So dearest queen I don't accept anything that my God don't want me to have but if that throne is mine it will be mine no matter what and not even you or anyone can stop me but if it's not mine then I won't fight over it because God don't want me to have it

Queen: Then why are you wasting your time because you won't sit on that throne

Me: Someone will swear that we are both sharing Luyanda and something because I see that you are threatened by my presence here

Anita burst into a loud laughter

Queen: Don't you dare talk with me like that or else my ancestors will strangle you to death

I laughed so hard

Me: Ingaba ezam zilele kaloku xa ezakho zizondikhama ndide ndife hayi my queen libala (I guess mine will be sleeping when yours strangle me to death no my queen forget)

Anita laughed so hard clapping her hands

Queen: Don't challenge me young lady do you know who I am huh?

Me: Knowing you won't get me to heaven mother so what the use of knowing you

Queen: I am the queen of this kingdom and I can kick you out now

Me: Will all due respect my queen I won't mind because my home is not raining so yeah y...

I felt a hot slap in my cheek

Anita: Mother why did you slap her?

I was holding my cheek and part of me wanted to cry but father told me that I should never cry in front of the enemy

Me: You slapped me?

Queen: And I will slap you again rubbish

"It was the first and the last time you lay your hands on her mother"

It was Luyanda and he came to me

Luyanda: I am so sorry Thandolwam

Me: No it's fine

Queen: I will slap her again and again son and yo...

Luyanda: Then you and I will have a serious problem...Tatu'Nconde is calling you all come baby

LUYANDA'S POV

Tatu'Nconde' sent me call the ladies because it was test time for Lelo to see is she the really chosen one because I told them that she is the one...So when I arrived in the sitting room I found mother insulting my Thandolwam but my princess was so calmed and she was even smiling that the thing with Lelo if you are fighting with her she will be so calm or just laugh at you...So I watched them but mother messed it when she slapped her...Anyway we went to where my father and Tatu'Nconde was

Dad: You can sit down

Tatu'Nconde: But stand still young lady

He was looking at Lelo who was hell nervous and I was hell nervous too thinking what if she is not the chosen one for me

Dad: Don't be scared my daughter

Lelo nodded and faked a smile

Tatu'Nconde: You have to choose the hand that you think has a stone

His hands were closed...I was twisting my fingers...Lelo closed her eyes for some time then she opened them

Lelo: There is nothing in your hands tata

We all looked at her with our eyes popped out and mom laughed

Mom: Useless thing I knew it that you are also stupid

Tatu'Nconde: Uqinisekile mntanam (are you sure my child)

Lelo: Ndiqinisekile tata (I am sure father)

Tatu'Nconde smiled and looked at my father then nodded

Dad: You can sit down my daughter

Tatu'Nconde opened his hands and indeed there was nothing

Mom: Njani (How)

She looked a bit disappointed

Dad: Can you shut up please my dear

Mom: I am sorry my king

Tatu'Nconde: Take here my daughter

I was shaking because I was really nervous...He gave her two shiny black stones...Lelo looked at me oh shame my princess was so scared

Tatu'Nconde: Put them down

She did and the stones turned gold I closed my eyes because they were supposed to turned white not gold or something

Me: No I can't be

Tears fell down into my cheeks

Mom: What is going on here?

Tatu'Nconde: My king your highness

They were smiling

Dad: Thank you Gods of my ancestors ancestors of my forefathers

He continued praising and I was hell confused

Tatu'Nconde: You can all go ladies

They stood up and left

Dad: Kwedini (Boy)

He was smiling

Me: What is going here daddy?

Tatu'Nconde: She is the chosen one she is the gold itself

Dad: In this kingdom only my grandmother turned the stones gold that what I was told by my father

Tatu'Nconde: The ancestors heard your cry your highness the dignity of this kingdom is back

Me: What are you talking about?

Tatu'Nconde: Lelothando is from royalty and not just any royalty

Me: What?

Tatu'Nconde: She is the most favoured and fruitful princess every kingdom would be happy to have her as their queen because she is the real gold the real rare gold

Me: Lelo is fro...m from what

I couldn't speak properly I was still shocked

Dad: Kwedini Kwedini (Boy boy) listen here and listen careful if you dare lose her I'll kill you with my own hands uyandiva Kwedini (do you hear me boy)

Me: Yes daddy

Dad: And I am not joking boy

Me: Lelo is from royalty how?

Tatu'Nconde: And don't tell her about that because even her father didn't tell her

Me: Why because she deserve to know the truth ab...

Tatu'Nconde: Like I told that she is most favoured so her father treated her like an ordinary person because her blood is in demand

Me: How?

Tatu'Nconde: Her blood can make someone very rich so her father protected her from things like that and even if another Prince can marry her his kingdom will be the most fruitful kingdom and....

Dad: Kwedini umamele (Boy are you listening)

Tatu'Nconde: Don't worry she will find the truth by herself and just don't tell her anything

Dad: You have made me the happiest king in this world my son and you did the most precious thing for your people

I looked at him then I smiled but everything didn't make any sense to me but I'll do my own investigation about Lelo that what I told myself

PART 36

Me: There's something I don't get here I mean how come Lelo is from royalty but her parents are not from royalty

Dad: It's what the ancestors are telling us son

Me: But dad I know that her father is not from royalty I mean he talked about his background during his interviews so ho...

Tatu'Nconde: The truth has its time to come out my Prince so just leave everything to the ancestors

I was walking towards her

Mom: Son y...

Me: Why do you think you are the best or most important queen in this planet because you are not and you are not even from royalty for that matter the ancestors did you a favour because you don't have a royalty blood

Mom: I see that this girl also took your mind and respect

I laughed shaking my head

Me: Actually Lelo was telling the truth you don't deserve to be called a queen no wonder why the people hate you and I don't blame them you...

Dad: My Prince clam down sonny

Anita: Yes Luu clam down before you say things you will regret later

Me: You know Lelo was right that the ancestors of this kingdom sometimes are stupid and I agree with her how can they chose you to be a queen huh ho...

Dad: Luyanda it's enough now

Me: My woman is nowhere to be found and her phone is on voicemail just nothing at all because of you my dearest mother...You have guts to insult Lelo the same person that her father helped your people something that you are failing to do because you think you are better than anyone because you think you have standards but you are not mother because these people you are undermining some are better than you

I was crying all along because I was hurt and angry at the same time

Anita: Luu pl...

Me: No Anita don't forget that you were like her not so long ago thinking you have everything and you are the most high princess and who pulled off from the horse you were riding it was Lelothando

Dad: Son you are hurting yourself please stop this

I laughed so hard

Me: No daddy your wife think she's queen Elizabeth of this kingdom...If something mother just something happened to Lelo you see the side of the lion in me nxn

I took the car keys and left...I drove to the park hoping to see Lelo but nothing I decide to drove to her house...I parked outside the yard and Lisa or her mother buzzed me in

Lisa: My Prince

She was already waiting for me outside the house

Me: Hello

Lisa: Let's get in

We got inside

Me: Any news about Lelo?

Lisa: No my Prince

I sat down then I closed my eyes

Me: She didn't call or something?

Lisa: Nothing

Me: Don't you have any idea where she could be

Lisa: Maybe she's out the country

Me: What?

Lisa: Anything is possible with Lelo and when her mind is made up nothing can stop her

Me: God help me please

Lisa: You know I am sure that Lelo is having nice time wherever she is

I looked at her

Me: What?

Lisa: I know my sister very well just forget about her just like she did to you

Me: Huh?

Lisa: I am here for you my Prince and please don't push me away it's been days Lelo left and you are here feeling sorry and all the stuff but she's having fun

I looked at her and part of me wanted to slap her so hard

Me: I am so sorry for pushing you away I am just stressed

She smiled

Lisa: It's fine my Prince...Can I get you something to drink

Me: Since my juice is not available no thank you...Uhhmm so tell me about yourself

She blushed

Lisa: Well there's nothing to tell about myself except that...

Me: Okay let's leave that...what are you studying and your career

Lisa: Well I am not studying and I am planning to have a salon soon

Me: Oh so you did a beauty course or something to do with beauty?

Lisa: No I didn't

Me: Okay so why are you not studying?

Lisa: Why should I waste my time studying while I have everything?

*** I looked at her stupid smile self***

Me: What do you mean?

Lisa: My father left everything to me companies cars house just everything

Me: So you are the owner of big companies?

Lisa: Actually we sold them

Lisa: Yes My Prince

I chuckled

Me: I have never meet a stupid girl like you in my life I mean someone who don't have a direction justlike you

I looked at her shaking my head

Lisa: I don't...

Me: You don't have dreams you are not studying you are just bragging that your father left everything to you...Do know how he struggled to have everything huh?

Lisa: My Prince I...

I laughed

Me: You want to own salon but you need a beauty police or a fashion police...Busy bragging about someone's energy and success "My father left everything to me"...Rubbish listen girl don't fool yourself and shame not that I am undermining you but you will never be my woman so stop fooling yourself and stop with these stupid smiles of yours they are causing me to have nightmares

I stood up and Lisa stood up too

Lisa: Did you know that the same Lelo you are crazy in love with is HIV positive and she got it from sleeping with every man she met

I looked at the clapped my hands

Me: Really?

Lisa: Yes my Prince and she...

I grabbed her by her fake hair

I slapped her and she fell down on the floor

Me: I don't beat women and please take this slap as a waking up call from a caring person like me

I took my keys and left...I went home I parked the car and went inside...I went straight to stay in the balcony alone thinking about Lelo...I heard noise and someone shouting I rushed to the lounge only to found out Pam was strangling mom and Anita was screaming for her to stop

Me: Pam don't y...

Pam: You want me to calm down neh okay then I'll show you what calm down is

She disappeared to one of the rooms

Me: Don't look at me mother it's all your fault and thank God that father is not here to see this

Pam came back with a broom and she beats me

Me: What the fuck is wrong with you?

Pam: It's your fault too that Lelo is missing

She was beating everyone in the house

Anita: But I did nothing wrong

Pam: This fucken kingdom is the reason that Nkosazana is missing

Me: Pam please

We were running around the house and Pam was fucken serious beating us and after some time she threw the broom away she sat down and cried

Pam: I want my baby I want Lelothando back

Me: Anita wha..t what was that al...

Anita: Shh..calm down and to tell you the truth I never see that before in my life...You see when Tatu'Nconde told you to choose the hand that had a stone you should have chosen the hand but you said there was nothing and

Me: But there was nothing in his hands

Anita: Yes sweetheart I saw too but that was strange and the worst part is when the stones turned gold

She looked at me shaking her head

Me: What do you mean o...

Anita: They should turned white to prove that you are the chosen one for Luyanda but now I really don't know

I looked at her with my tears falling

Me: What y...

"Yes I told you that you are not right person for Luyanda you little witch"

It was Anita's mother

Anita: Mother what was all that about why did the stones turned gold and why t...

Queen: Please my princess can you get me my sleepers from my room

Anita: But I am still talking why you don't ask the maiden to...

Her mother looked at her

Queen: Now

Anita angrily went upstairs

Queen: You think the ancestors are stupid huh

She laughed so hard

Me: What are you talking about mother?

Queen: You see the stones should have turned white not that nonsense and you should have picked the right hand but nothing

She laughed again

Me: So what does that mean?

Queen: You are not the chosen one for my son and the ancestors see you as a curse in this kingdom

Me: What?

She laughed

Queen: Yes you were curse from the day you were born so if you can continue be with my son or if he could marry you the entire generation of this kingdom will be curse too

I looked at her and maybe she is telling the truth maybe that's why my mother hates me maybe I am really cursed that what I told myself

Me: But Luyanda said...

Queen: Where is Luyanda now huh please my daughter leave my son alone okay in fact leave us alone before the ancestors deal with you and trust me that won't be nice

I was crying

Me: Huh?

Queen: Yes and the ancestors of this kingdom have no mercy they will kill everyone around you that cares about you

Me: What?

Queen: And they will do more until you leave us alone and I am sure you don't want that to happen to you family right

Even though mother and Lisa don't like me but I don't want them to die and I just thought about Pam what can I do without her in my life no I can't lose her

Me: No they ca...

Queen: Just ask yourself why your father died huh like the way he did

Me: What do you mean?

She laughed

Queen: You are the reason for your father's death I mean who can die from a headache just in four days...Sweetheart it is because of you like I said you are cursed

I was crying so hard

Me: Why are you doing this and...

Queen: Please leave us alone please and Luyanda has already have a wife that the ancestors chose for him and she from royal family she's doing her honours in UK she's so beautiful and she's successful...What about you huh you are not from royalty and you still doing second year shame

I looked at her thinking about what she said

Me: Luyanda has already ha...having a wife

She laughed so hard

Queen: Oh shame poor thing you thought he was going to marry you oh no sweetheart he's just playing with you maybe he wants you to open your legs for him and take my free advice just leave him alone

Anita came back

Anita: Mother why are playing with me because I can't find your sleepers Lelo what's wrong?

I wiped my tears and I stood up

Me: Can you call Luyanda for me I want to go home please

Lucky Luyanda came to the lounge before Anita went to call him...he took me home and went to my room took my bag and packed my clothes...I went to the hotel then following day in the morning I went to Cape Town because Calvin was already booked for my flight

.

.

Calvin: What the fuck is that?

Me: Yeah that's what happened and I can't stop thinking that I am cursed b...

Calvin: Don't say that Lelo and...

Me: I am the real reason that my father died

Calvin: Come here

He hugged me so tight

Me: You know my mother never told me that she loves me not even once Calvin she hates my with every fibre in her body...I am a cursed because no parent can treat her child like my mother is doing to me

Calvin: You are not a curse Lelo you are not...

Me: Then I'm what huh?

He smiled and kissed my forehead

Calvin: You highly favoured and a blessing to many people...Well as for your mother to me all I can say is that maybe she's not your biological mother

I smacked his face

Me: Calvin

Calvin: I am telling you the truth here sweetheart...And as for Luyanda's mother all she told you is a lie Lelo maybe she's jealous or she felt threatening by your presence I mean Luyanda love you so very much he has been there for since day one when

you found out you are HIV positive he support you go with you to counselling to your support groups and you want to tell me all along he don't love you

Me: Calvin I was then when all that magic what-what stones turned and what explanation can you say even Anita herself told me that those stones should have turned white not gold

Calvin: Okay I hear you from that one but when the stones turned gold did Luyanda or his father or the priest insult you told you that you are cursed to their kingdom huh

I looked at him

Me: No but th...

Calvin: Or what was their facial expression when the stones turned gold?

Me: Luyanda was shocked and Tatu'Nconde smiled looking at the king and praising him

Calvin: He smiled right?

Me: Yes

Calvin: Babe there is something more about those stones and the only person who can explain to you is Luyanda...Please don't let his mother feed your head with nonsense

Me: But...

Calvin: You dreamed about your father's death before anything happened right

Me: Yes I did n...

Calvin: Because God and your ancestors warned you so how can you be the reason for his death and not long ago you were dreaming about an ugly grandmother telling you to go home because your people need you...You know what I am thinking

He smiled at me

Me: What?

Calvin: I think you are you going to be the next queen

I looked at him

Me: Come on that is impossible

Calvin: Okay my queen let's leave that because I know I am telling the truth...Baby please go home Pam and Luyanda need you Lelo...When did you become this weak huh when?

Me: You see when Luyanda's mother was talking I felt so small and everything just make sense and...

Calvin: You once told me that never cry in front of an enemy and never let your heart be scared you have to trick it by telling it that

Me&Him: All is well

We laughed

Calvin: You see but you did the opposite that day because you cried in front of an enemy and believed everything and the worst part you let your heart be scared please princess go home don't let your mother your uncle Lisa and your mother in law be happy no sweetheart you have to confused the enemy sometimes

I looked at him then I smiled

Me: You are right

Calvin: Of course I am right and please just think about Pam I am sure that she had been beating some people there because that chick is crazy yhoo

We laughed

Me: Okay lets book my flight then and I am hungry

Calvin: Yes your majesty

He bow down

Me: Fuck you dude and I am craving for sea food

Calvin: Let's go to Waterfront then

Me: And please book me a flight that leaves during nine late

Calvin: Your wish is my command your majesty but now my queen lets go take a bath so that we can go to Waterfront

I kissed their cheek and left...After my test I went back to Pam's house I did myself something to eat and I went to my room pick something to wear because I was going to Luyanda's house

LUYANDA'S POV

Since Lelo disappeared I never went to work and I always locked myself in my room but today I woke up went to bathroom did my hygiene process wore my formal clothes and took my things then went to downstairs

Anita: Are you okay?

Dad: Son are you fine?

I took my seat and dish for myself

Me: Life goes on so I am tired of locking myself here and crying hoping that Lelo will come back

Anita: So you are just giving up on her just like that Luu?

Mom: Shut up Anita...That's good my son because you have to move on with your life and forget about that thing

Me: No sis I am not giving up on her and I won't do that never I just realized that staying here and crying won't help me so that's why I am going to work to fix something because tomorrow I am leaving

Dad: To where son?

Me: Your wife does not want to tell us what she did to my woman and you are sitting here doing nothing so dad I am going to look Lelo

Anita: I am going with you Luu

Me: No dad...

Dad: My word is final

Me: In that case let me leave then see you later

I took my things and drove to work with guards off course...I kept looking at my phone hoping Lelo will call but nothing so I decided to try to call her...It rang until it went to voicemail and I was so happy because it rang....So after work I went home and I was so happy

Anita: Someone is in good mood

Me: God is good my sister

Anita: Did you find her?

She screamed excitedly

Me: No but her phone rang and that is good because we are going to be able to trace it

Dad: That's good son and Nconde is coming back tomorrow...And He said we should not go anywhere

I sat down

Mom: I told you the ancestors are not happy with this journey

Me: Why daddy?

Dad: Because he said Lelothando is safe and you should not worry she will be back

I smiled

Me: But when huh?

Anita: Don't worry Luu that girl loves you

Me: Let me go take a shower then

Anita: And supper will be ready soon so be fast

Me: Yes my princess

We laughed

Anita: It is so good to see you smiling

I smiled then went to my room...I took a quick shower wore black Nike sweatpants white vest and my Nike push-ins and I went downstairs to the dining room because everyone was already there so I took my seat

Dad: I am so happy to see you here my prince

Anita: Eating with us not locking himself in his room

We laughed and we said the grace then we ate until the guard disturbed us

Mom: I am sure it's that mad coloured woman

Dad: Yes

He was looking at the guard

Guard: I am sorry my king to interrupt you but there is someone...

Anita: Is it Pam

Guard: No it's not h...

Mom: Then who is it?

Dad: Let him or her in

Guard: Yes your highness

He left...After a while he came back with someone and I was focusing on my plate so I didn't see who it was

Anita: Lelo!

She screamed excitedly and went to her...I quickly looked at her she looked so beautiful she was wearing a short black jumpsuit with a gold Gucci sandal heels her dreadlocks was loose...I was so nervous and I don't know why

Lelo: Good evening

She looked at us smiling...Oh God she was so beautiful

Dad: Evening my daughter

Mom: What are you doing here?

Lelo looked at me and our eyes met tears fell into her cheeks

Lelo: I am so sorry

I quickly stood up and we met half way...We hugged each other so tight while we cried on each other's arms

LELO'S POV

After we both calm down we wiped each other's tears and Luyanda cupped my face and we looked at each other's eyes

Luyanda: Why?

Me: I am so sorry but I had to leave

Luyanda: No phone call or message Lelothando just nothing do you know how much I was s...

Me: What is important now is that I am here now and I am not going anywhere

I wiped his tears then I kissed his cold lips

Luyanda: Please don't leave me again I am nothing without you Thandolwam

He kissed my forehead

Me: When I am leaving we will go together Thandowam

We smiled at each other then we kissed until someone cleared their throat

Anita: Come on Luu you have been in her arms for some time now please give me my chance

We laughed and we stood up then I hugged Anita

Luyanda: It's enough now

Anita: Jealous

They teased each other

King: Welcome back my daughter

Me: Thank you my king

Anita: Come we were having a supper come join us

Queen: Did she say she's hungry or something

She looked at Anita with an annoyed face

Me: Actually I would love some

Luyanda: Come baby

We went to the dining table

King: The maidens will dish for you my daughter

Me: No no no your highness don't worry I'll dish for myself just leave them

I looked at his mom then I smiled

Anita: So girlfriend where were you vele?

Me: I was in Cape Town sweetheart

Luyanda: I thought as much but I wasn't sure enough
I looked at him then we both smiled

Me: Ummm...I would like to apologize in behalf of Pam I heard what she did and I am truly sorry for her behaviour...It was disrespectful of you my king and your kingdom please forgive her

King: I understand where she come from and it's fine my daughter because if it was me I would've done the same thing

Me: Thank you your highness

Anita: That chick is so crazy and I respect her so very much...She can beat someone but I didn't do anything though
We laughed

Me: You know there were this time I had a car accident so she went to my home asking where I was and my father and my mother said that I went to school and all the stuff...And she was so angry and my father was telling her to calm down...

Luyanda: I am sure she said "Okay I will show you what clam down is"
We laughed

Me: And she beat them up using a basketball bet

Anita: Yhoo she is crazy about you then

Me: Mess with me then you will see her craziness
I looked at Luyanda's mother and I winked at her

King: Please remind not to mess with then

Luyanda: Me too babe

We laughed...we continued talking and laughing

Me: Okay do you all knew my father right?

I looked at them with serious face

Luyanda: Yes babe we did

King: And I will never forget him for his good heart

Anita: He was a role model to many and also a hero

Me: Good then...I am sure some of you think or thought I am the only daughter he have

King: Is there another girl

Me: Yes my king I have a sister who is younger than me by a year or months

King: But he never mentioned her because even to me he said that he have a daughter not daughters

Anita: And I am sure that so many people don't know that your father have two daughters because we only know you iNkosazana yakhe

Luyanda: I was so surprised when I heard that Lelo is not the only child

Anita: He loved you so very much

King: Sometimes when he was talking about you I felt ashamed and start talking about Anita too

We laughed but I was faking it

Me: I was his everything just like he was my everything...He always told me that I am his blessing from God and I am the true princess...I was the reason he woke up every morning and go to work I was the reason for him to work hard and hustle harder every day of his life until death stole him away from me

I was crying all along and they were looking at me concerned and confused

Luyanda: Sweetheart are you okay?

Me: You know before he died I saw everything in my dream and I told him but he said "No baby it was just a dream don't worry Nkosazana" but I told him that I am leaving the country with or without him and then we agreed on leaving together the next day

I wiped my tears with the back of my hand

Anita: Lel...

Me: But the next day when I was waiting for him so that we could leave I got a call that my father collapsed at work and he's in hospital and that was the end of him...He had a headache a very terrible headache that his veins popped out on his forehead but he said "I'll be fine Nkosazana ka tata" even though I saw him that he was so much in pains

Anita was now also crying

Luyanda: Baby wh...

Me: He had a headache only for four days then it was the end of his life and till today the doctors don't know what the cause of his headache was

King: I am so sorry my daughter but don't worry this is your home too

I looked at him then I faked a smile

Me: Then someone come and tell me that I am the cause of my father's death because I am cursed

Luyanda: What?

Me: Yes I was told that I was cursed from my birth

Luyanda: Who said that baby who is that blood fool who is it Thandolwam

I looked at his mother who looked like a dog that caught stealing egg

Me: Where is Tatu'Nconde?

King: Why are you asking him my da...

Me: Where is he?

My voice was firm but low

Anita: He went to the palace there was an emergency

Me: Okay it's fine don't worry

King: What's going on my daughter?

Me: You see I need an explanation about what was those stones about

Luyanda: Uhm...Baby are you....

Me: In fact I demand it

King: My daughter there is nothing to worry about just relax

Luyanda: Yes baby everything is fine

I chuckled

Me: Everything is fine really?

Luyanda: Yes baby

Me: Okay then that is good so good

I stood up and took my bag

Anita: Lelo what's going on?

Me: Never ever again call me or anything just leave me alone all of you leave Lelothando alone and she will leave you alone too...I am sure that my father is so angry wherever he is for helping you and your people and I so wish he didn't help you...And you know what tomorrow I am going to B&B Construction Company and

tell them not to give students from your kingdom bursaries they should cut everything to do with Sangqu kingdom

Them: What?

Me: Oh yes you heard me correctly and trust me they will listen to me because I was also the one who advised my father about the bursary thing

King: Uhhmm....Lelothando what is going on here?

Me: I asked you to explain about those stones what-what thing and you said there is nothing to worry about...So you too don't worry because I am saving my family and you from my cursed self...I don't want to die I am still young for that

Anita: Lelo what's going on please tell us

Luyanda: Daddy please do something I can't lose her

King: Do you think I also want to lose her huh?

Luyanda: Then do something

Me: Your mother said that those stones supposed to turned white not gold to prove that I am the chosen one for Luyanda but they turned gold

They looked at Luyanda's mother she looked down

Luyanda: I knew it I knew that Lelo's disappearance has something to do with those stones and I knew that mother said something to her

King: What else did she tell you my daughter?

Me: She said that they mean that I am the curse in this kingdom and your precious ancestors revealed that so if I continue be with Luyanda or if he marry me the entire generation of this kingdom will be curse too

Luyanda: Why mother why huh

Me: She said that Luyanda already have his chosen one and she's in UK doing her honours so good people leave me alone with my curse because your ancestors do not want me here and I don't want to die hle

King: Why did you insult my ancestors huh why did you involved them in your things do you know that the entire kingdom can suffer too from the consequences of this rubbish

He was looking at his wife

Queen: I am sorry my king I was only protecting my son he's my only son

Luyanda: You killed me mother

Me: So stay away from me

Luyanda: Baby please sit down I'll explain everything

King: You will

He looked at him

Luyanda: Yes father...Baby yes the stones were supposed to turned white not gold but that doesn't mean that you are cursed or something...It means that you are the most and highly favoured by the ancestors and that throne is yours you will be the next queen of this kingdom

I looked at him then tears fell into my cheeks

Me: What?

King: Yes my daughter

Me: I see now

Luyanda: The devil is the lair

Sihle: And boy greater is He that is in you than the one in world

He was looking at Amanda

Luyanda: Look here Amanda whatever you are trying to do I advise you to stop it at this moment

Amanda: Your sister and your mother loved me remember when you introduced me to them

Phila: A point of correction girl when you introduced yourself to them

Lutho: And you invited yourself to Luu's house

Amanda: Luu you can't deny the fact that you and me made love and we had a connection

Luyanda: You call that "made love" that was just a sex and I don't remember anything happened that night

Lona: Amanda stop embarrassing yourself because we all know the truth

Amanda: That's not true Lona

Phila: And you faked the pregnancy remember

Luyanda: The nerve of this bitch

Amanda: So you are going to deny our love because of this bitch

Me: You see I have been quite for a reason because I have so many important things to worry about than wasting my time on this shit so I am begging you don't call me a bitch because we don't each other

Luyanda: Call her a bitch again then you will see my true colours

Amanda: She is a bitch in fact she's a gold digger because she's still a student but she's after working people

I don't know what happened but I heard a big sound of someone slapping someone and it was Luyanda slapping Amanda

Luyanda: I warned you stupid bitch just because you are gold digger doesn't mean Lelo is also a gold digger okay

Amanda: Luu you slapped me because of this useless bitch y...

I gave her my hardest and hottest slap

Me: I told you to not call me a bitch okay...And my darling I am not slapping you because of Luyanda and all the stuff because that is none of my business but don't you dare fuck with my name okay

Sihle: Take five Lelo you can slap someone girl

Me: Take me home Luyanda

Katlego: You don't have to leave Lelo because Amanda is the one who is going to fuck off in my house

Me: No don't worry darling

Luyanda: Baby I am sorry my love but...

Me: I love you

I kissed his cheek

Luyanda: I love you more

He looked surprised

Me: Our love is forever

Luyanda: Always will be

Luyanda: Yes guys that's true and we already late

Me: Bye guys

Luu hold my hand and we left laughing...Few days later things were still fine me and Luyanda were still in so much in love...Well the following day I woke made my bed neatly then went to the bathroom did my hygiene process and went back to the bedroom...I wore black skinny high waist one button jean white crop top black bakkie jacket and black sandal heels...I put my lipstick and made my dreadlocks into a bunny then took my things and went to downstairs...I took my seat and dish myself fruit salad

Lisa: You are so scarce lately Lelo

Me: Because my life have a direction sweetheart I don't wake up because I see others waking up or because I see the sun rising

Mom: Actually it was so peaceful in this house wh...

Me: I am sure you are trying to say it was boring here without me because your lives stopped for moment right

Lisa: I heard that Luyanda's parents are here in Joburg

Me: So should I take off my panty and put it on my head because Luyanda's parents are here huh?

Mom: What did they say when they found out that you are HIV positive?

I looked at her with so much hatred

Me: That is none of their business and my status is not my greeting

Lisa: Oh my God Lelo you didn't tell them

Me: You can tell them if you want darling you are welcome

Mom: I am sure if they could find out that you are HIV positive they wouldn't allow you to date with the Prince let alone marrying you

Lisa: Who coul...

Me: Oh fuck off man don't you have something better to do rather than staying here and trying by all means to hurt Lelothando huh...The only reason you wake in the morning is to see Lelothando crying huh that is your everyday job or dream

Lisa: Oh sis don't take out your stress to us please

Me: Ndakukuqhweba ungandiqali please (I'll slap you don't start please)

Mom: You wake up in the wrong side of the bed today neh?

Me: Mxm

I stood up and took my things and left them there because I didn't have time to listen their nonsense...I drove straight to Wits after my lecture I drove to Luyanda's house because his mother invited me for lunch...I parked the car in the driveway and took my bag then went inside the house and the maiden took me to the lounge

Queen: I thought you are no longer coming

Me: Oh I'm sorry for being late I had a class

Queen: Its okay baby...Come the table is ready

We went to the dining room and we took our seats then I dish myself green salad only

Queen: I want to apologise for judging and insulting you before giving you a chance and knowing you better

She faked a smile and I returned the favour too

Me: I forgive you

Queen: Thank you baby

Me: It's my pleasure mother

We ate in silence...After finishing ate we went to chill in the sitting room...The queen went to upstairs and came back with a cheque book she sat down and write something after that she cleared her throat

Queen: You know Lelothando I have nothing against you but I am sure you will understand one day when you are a mother

Me: Meaning?

I looked at her

Queen: A mother knows what is right and wrong for her child just like me I know what is right for my children

Me: That's wonderful then you deserve an award for being the mother of the year don't you think?

She laughed and I looked at her with a straight face

Queen: You are so funny neh

Me: If I was I wouldn't waste my time doing Bcom I would have go for comedy and all the stuff

She looked at me shaking her head

Queen: Oh really...Take here

She gave me a cheque and I took it

Me: R5 Million?

I looked at her

Queen: I want you to leave the country without telling my son go start new life to somewhere else Nigeria or Namibia

Me: What?

Queen: If you need more I can give it to you as long you will disappear from here okay

I looked at her then I chuckled

Me: Huh?

Queen: Like I said that I know what is right for my children okay because I know Luyanda is still blinded by your love but my dear you are not the right person for my son and I am sure that the ancestors made a mistake

Me: If the ancestors made a mistake then let it be them saying that not you

Queen: Listen here little bitch don't be fooled by what the ancestors said or something you are not good enough for my son so take the money and leave the country...I can even book you a flight right now...Just leave my son alone okay

Me: Clear you don't know me neh

Queen: Listen baby let's not fight because I am protecting you from a broken heart because I know my son

I took the cheque and torn it apart then threw it to her

Me: You think I am a cheap little bitch huh you think your money would blind me or what? Well I am not greedy or stupid just like you

She gave me a hard slap I even bite myself

Queen: What the hell do you think you are useless rubbish huh?

I took a tissue and wiped my mouth

Me: You slapped me?

Queen: And I will do more than that little bitch...You see I came to you with peace but what did you do huh throw it back at my face...Do you know how many people would like to have this opportunity huh

Me: Well I am not them I am Lelothando September!

Queen: Since you don't want peace I will give you what you want and when I am finished with you you will regret the day you met me and my son

I laughed looking at her

Me: What are you going to do your majesty?

Queen: I see you want war then I'll give it to you bitch

I smiled

Me: Well then bring it on because I am going to give you world war reloaded because you don't scare me...So you can bring your war physically spiritually or educationally I don't care

Queen: Do you know who I am huh do you?

Me: Yes I do know you that you are a wolf in sheep's clothing...You see when I am around you my back hair don't find peace at all because there is this dark deep shadow around you

She looked at me and I looked at her back

Queen: What are you talking about?

Me: You know exactly what I am talking about even your eyes say it all...Whatever it is I am going to find it out

Queen: Oh well you are wasting your time darling because there is nothing here

Me: If is that so then my presence here would be not a threat to you...You see I don't care even if Luyanda can call this off or dump me I won't mind at all my queen

Queen: Then leave him alone leave us alone

I laughed

Me: I am not going to do that rubbish and even if your son can dump me but you and I will still have unfinished business

Queen: I only want you to leave my son alone then everything will be fine

Me: You slapped me twice and called me a bitch and you think I can forget that easy just like that...Hahaha not me your majesty

She laughed so hard clapping her hands

Queen: What are going to do darling?

Me: Firstly I am going to find out what this thing that don't make me comfortable when I am with you and it may not be anytime soon but I'll find it trust me...I am going to deal with you accordingly and one of us is going to regret for knowing each other

Queen: I am going to make sure that you don't sit on that throne and you are not the next queen of this kingdom

Me: I am also going to make sure that you leave this kingdom and someone take the throne from you because I am sure that whatever this deep shadow around you is big and dark and it can destroy you...So your majesty the battle line has been drawn

She swallowed hard looking at me...I stood up taking my bag and I looked at her then I smiled

Me: Thank you for the lunch my lovely queen may you live long...And don't worry I won't involve your son in this because this is between me and you so I want to deal with according to my plan...Bye my queen

I left her there hanging...I laughed all the way to the door I went to the car and drove off to Pam's work because she called me...I was laughing all the way thinking about all the things I said to Luyanda's mother but I was telling the truth there is this thing don't make me comfortable when I am around his mother and I have to find it out...Anyway I continued driving

We continued eating in silence and out of blue I heard the sound of hyenas and everything that happened that day of my car accident quickly came back

Lisa: What's wrong with you or are you starting to go crazy?

I looked at her then I closed my eyes and opened them again

Me: Let me go before I slap the shit out of you nxn!

I took my bag and my car keys then went to the car put my bag at the back and got in and closed the door...I stayed there for a moment then I took my bag and got off went back to the house because I had a this feeling telling to not go where I was going to

Lisa: And then?

She looked at me laughing

Me: And then what?

Lisa: You said you are leaving and now you are here

She stood up excitedly and hug me

Lisa: Thank you sis and let me go

Me: Let me walk you out then

She took her bag and we went outside I gave her the car keys and she got in the car excitedly

Lisa: I can't believe that I am driving this cute baby

Me: Well you are baby sis

Lisa: Thank you and bye sis

I looked at her as she drove out then I went back to the house and throw myself in the couch

Me: The last time I felt like this mom forced me to go school then I had a terrible accident that I am still asking myself how I made it alive from that nightmare

I stood up and dished myself fruit salad with a yogurt then took my phone and went to chill in the lounge upstairs...I ate my food and after I finished eating I went to take a fleece in my room then sleep in the couch...I think I felt asleep because I woke up by people who were talking downstairs so I stood up to check who was it...It was mom and uncle Sihle talking so I decided to keep quiet and listen to them

Sihle: Are you sure?

Mom: Trust me darling just wait for the news anytime soon

Sihle: So wish she could die this time or be paralyze forever

What they are talking about that what I asked myself but I continued listening

Mom: This one is going to be worse than the previous one

Sihle: I am tired of hearing about her every day in my house like "Nkosazana this Nkosazana that" because Pam is talking about her everyday

Mom: I can't wait to see the news

Sihle: I can't wait to see Pam's face when she realised that she wasted her money for buying her a car

It was too much to listen so I sat down try to digest what they are talking about

Me: So you planned another accident huh okay let me surprise you then

I took my phone and went to downstairs with a huge smile...They looked at me with their eyes popped out like they just saw a ghost or something

Mom: Le...lothando

I took my bible and I was laughing all along

Sihle: Nicole don't cry I am sure Lisa is fine

Me: "You shall not be afraid for the terror by night nor the arrow that flies by day" that was Psalm chapter 91 verse 5...You see how great my God is huh he said on Psalm chapter 91 again verse 7 "A thousand shall fall at your side and ten thousand at right hand but it shall not come near you"...My God is wonderful guys don't you want him?

I looked at them then I laughed

Sihle: Can you keep quite if you don't have something better to say Lelothando

Me: Listen what verse 8 is saying "Only your eyes shall behold and see the reward of the wicked" you see God's promises are yes and forever so let's wait for the news because I can't wait either

I was laughing all along after a while Pam got in looking so ugly like she was crying her hair were up and down...She didn't even noticed me she went straight to mom

Pam: What do you want from her what do you want from her Nicole? Why are so cruel that you can do this to the innocent child?

She was crying and I guess something happened

Me: Pam

She quickly turned and looked at me she screamed and came to me

Pam: Le.lo baby ho..

Me: It's me Pam

Pam: Who was driving your car then?

Sihle: Lelo your sister is fighting for her life but you are busy here with your rubbish please show so...

Me: I am sure if it was me who was here you were all going to eat out having the most expensive champagne at least I am here so please

We stayed in the waiting area about an hour the doctor came to us

Mom: How is my daughter?

Dr: Well I can't say now but we did our best she's in coma

Mom: What do you mean do...

LELO'S POV

We stayed at each other's arm for a long time then I moved his head gentle from my chest and looked at his wet face...Luyanda is a crying baby shame so I wiped his tears then I kissed his cold lips

Me: Are you okay sweetheart?

Luyanda: I don't know baby

Me: Come let's sit down

Anita: Le..lo how di...

Luyanda and his sister were starting to get on my last nerve now they trust tears more than anything because every situation they cry Mxm...Anyway they finally calmed down

King: My daughter we just saw your car in the news and...

Anita: How did you survive Lelo?

Luyanda: Baby ho..w y...

Me: Sweetheart how are you going to rule your people huh how are you going to lead them?

They all looked at me with confused looks

Luyanda: What are you talking about Thandolwam?

Me: My love you trust tears more than anything you always cry so you want to tell me that when there is a problem in this kingdom or your people are in trouble instead of coming with a solution you will give them tears huh

Luyanda: Daddy told me it's good to cry that I should not keep my emotions inside I should not try to be strong when I am not

I chuckled shaking my head

Me: But he forgot to tell you that never cry in front of an enemy better cry to God I am not saying you should not cry but you have to act strong in front of people then go and cry in your secret place where you will pour out your heart darling don't show people your weakness point

Anita: Who are you Lelothando?

King: Well said my daughter

He smiled and I smiled back

Me: Back to the accident yes that was my car but I was not the one who was driving
Luyanda: Who was it then baby?

Me: It was my sister

Them: What?

Me: Yes and she's in coma as we speaking

Queen: How can it be your sister not you?

I looked at her then I smiled

Me: Yeah that's true it was supposed to me who is in coma or dead but God said
"Not you my daughter"

Anita: How?

Me: You know last year in February I had a terrible accident where I still asking
myself even today that how I survived it because if you could see the way my car
was you could ask yourself too that how I make it alive

King: You are talking about the marron Mercedes that had an accident between
Fourways and....

Me: Yes my king that one

He looked at me with his eyes popped out

King: My daughter how...

Me: I firstly had nightmares so one morning I wake up feeling so down and my father
told me to not go to school that day but mother insists me to go to school and stuff

Anita: Then you had a car accident

Me: Yes and the things I saw and heard were terrible...So today I woke feeling the
same thing but when I was about to start the car something stopped me

Luyanda: Thank you God for protecting her Lord

Anita: Lelo do you have a gift or something?

Me: Well I don't know about that but what I know is that I dream about some things
some exactly the way they will happen but some not exactly

Anita: Which means when you are a queen you won't need a priest

***We laughed but Luyanda's mother did not laugh she looked disappointed or
something***

King: You are telling the truth my princess

Luyanda: And I am blessed shame

King: This kingdom is blessed son and let's praise the God of our forefathers for that

Luyanda: I love you so very much

He kissed my forehead and I smiled looking at him

Me: I love you more and more

Luyanda: Our love is forever

Me: Always will be

We looked at each other smiling

Queen: Mxm...Excuse me

She was about to stand up when her husband stopped her

King: No one is leaving this room until I say so and my word is final

We looked at him

Queen: Your highness I...

King: I am not going to repeat myself

Queen: I'm sorry my king

She sat down and our eyes locked I saw blood in her hands and I screamed

Luyanda: Baby what's wrong my love?

When I looked at his mother's hands again there was no blood

Anita: Lelo what's wrong?

Me: Uhm...Huh...Nothing

I slowly sat down so confused of what I saw

Luyanda: Baby you screamed and jumped off from the couch quickly as if you saw something

Me: Nothing really it's just there is this drama thing I am practicing

Anita burst into a loud laughter looking at me

Anita: You are so crazy shame

Me: I am sorry for causing a scene

Luyanda's father looked at me in the eyes but I quickly looked down

Luyanda: Are you sure?

Me: Yes baby

We continued talking and after something I drove to home...I went to my room took a shower then I wore my sleeping clothes pray and got inside the covers but I couldn't sleep because I was thinking about what I saw in Luyanda's house earlier on but I final went to dreamland...The following day I woke up went to the bathroom did my hygiene process and I wore comfortable clothes then I went to downstairs

Me: Good morning

Sihle: What good about this morning?

He was comforting my crying mother

Mom: I want my baby back

I looked at her

Me: Lisa will be fine mother don't worry I know she's a fighter

Sihle: It was supposed to be you who is in coma but you decided to be cruel and give her your bloody car

Me: Uncle Sihle please I am begging you can we please stop fighting and blaming me for what happened because it's not my fault

Mom: It is your fault and...

She cried again...I went to her and kneel down in front of her holding her hands

Me: Okay then I take the blame mother blame me for everything it's fine so please forgive me mother please can we put everything in the past and focus in the future and Lisa's condition please...Lets have peace please mother

I looked at her holding my cheek

Me: Mother please I am still your daughter too why do hate me this much

Sihle: No one love you here because even Pam is going to leave you

I looked at him and I ignored him

Mom: You are dead to me just know that the war is about to start

Me: War?

Mom: Yes you started it when you gave Lisa your car and don't worry I'll finish it for you darling

I wiped my tears with the back of my hands and I stood up took my things and I left them...I drove to hospital and I went to Lisa's ward...Shame She looked so peaceful I sat next to her holding her hand

Me: I wish I could change the situation but I can't...Please don't die on us because we still love you baby sis...I know that you hate me and all the stuff but I don't hate you and I don't want you to die okay I love you so very much sis please don't die...Okay I blame myself for everything it's my fault...

I was crying

Me: Please wake up baby please

"Take her out of here now"

I looked at the door it was uncle Sihle

Me: Okay I am so sorry for shouting you but daddy this is too much now it's too heavy for me now my family is about to fight me with everything in their power please protect me from their wickedness daddy please

I stayed there crying and after I was calm I drove to the park to watch ducks because somehow they clam me down...When I arrived I went to sat next to the dam and watched the ducks with tears falling on my cheeks

Me: So I wish I could be you because you are so happy playing with water stress free

"Whatever it is you will pass it just have faith in God and let him fight your battles"

I looked around me it was some grandfather he looked at bit dirty and smelling so I wiped my tears and smiled at him

Nadioo: Hey calm down dude or you will die young

Dr Ndlovu was pacing around with his hands on his head

Ndlovu: We have a big trouble here

Nadioo: Please sit down and let's solve it then

Nadioo: You want to tell that there was a mistake here

Ndlovu: And the person who is really positive was told she's negative

Dr Nadioo slowly sat down with his hands on his head

Nadioo: No wonder Lelothando didn't react with the treatment

Ndlovu: We have to drain all the pills in her system before it's too late

Nadioo: How am I going to tell her?

Doc: So Dr Ndlovu did his investigation about that day she was tested and her results were negative and it was the same you were also tested

Me: So you want to tell me that I ate the treatment for full eight months for nothing huh

Doc: Dr Ndlovu please excuse us sir

Me: I am sorry for shouting at you okay but father I am confused here I see strange things and dream things that I don't understand but it's fine...And I think that Nicole and Sihle have a hand in your death but don't worry I will find out everything as time goes on

I stayed there for some time then I drove back to home and when I arrived I went straight to my room and locked myself up because I was not in the mood for people then I switched off my phone

Me: I am sure that Pam knows something about my mother and now it's better since I know that Nicole is not my mother...But I am still confused about the blood I saw in Luyanda's mother that day...God I leave everything in your hands now

I woke up because my stomach was making funny sounds because of hunger I went to the bathroom wash my face and mouth then I wore my sleepers and went to downstairs where I was welcomed by a loud laughter...It was Pam and her husband then mother and Lisa I greet Pam and her husband but they kept quiet I took my seat and dish for myself then said a silent grace

Sihle: We have to do it soon guys

They laughed so hard and I looked at them then I focused on my food

Pam: She won't know what hits her

Mom: And I can't wait

Lisa: Me too mommy hey

Pam: Lelothando can I have my black card

I looked at her then I went to upstairs to take her card and then gave it to her

Pam: I love you baby

She kissed Lisa's cheek

Mom: Ncooh you look so cute and I am jealous

Sihle: Me too hey

They all laughed

Lisa: Come on guys

I clapped my hands and they looked at me

Me: Wow I am so glad that my family is getting along I mean everyone is happy and stuff but let me tell you this okay she can be the princess of this family and call her by the title that my father gave me but she will never be Lelothando September

I stood up and left them looking at me I rushed to my room and locked myself then I cried so hard pouring out my heart because I was so very hurt by Pam's actions I won't lie

Me: Come on Lelothando you are more than this come on don't cry okay remember that you are more than a conqueror okay

I wiped my tears with the back of my hands and look myself through the mirror

Me: Now you are alone baby girl and daddy raised a strong young woman so there's no time to cry okay because no weapon form against you shall prosper

***I went to take a quick shower then I wore my sleeping clothes and pray then I went to dreamland...

Me: Oh father you destroyed me by not telling me the truth and I will not forgive you anytime soon for that and I don't care whether you had your reasons or what

I cried so hard with my head on my knees until I heard someone gently touching my shoulder and I looked around

Grandma: There is no time to cry my child

I looked at her as she sat down

Me: Who are you and what do you want from me huh?

It was the grandma from my dreams the one who always telling me about my people and stuff

Grandma: Wipe your tears because you are hurting me and my spirit

LUYANDA'S POV

I woke up went to the bathroom did my hygiene process and I wore my navy and white Kappa tracksuit with white Nike kicks because I was going to work at home but I was going to fetch some files at my office first so I took my phone and it was off then went to downstairs...My mom was pacing around the lounge and father was focusing on the newspaper while Anita was busy on her iPad

Me: Good morning family

Mom: What good about this morning?

I looked at her then I sat down

Me: What's going on?

Anita: I was supposed to be at work in 30 minutes ago but the journalists were at the gate

Me: They are still at the gate now?

Anita: No the guards chased them out and...

Me: What the hell did they want here?

Dad: Explain this son please

He gave me the paper and what was written there was the shock of my life

Luyanda: I am sure that your father had his reasons for not telling you baby

Me: But I'm the one who is suffering here but everything is because....

Luyanda: Because you will find out right?

Luyanda: You are forgiven your majesty so tell me sweetheart did you tell Pam about this

Me: No I kept the photos and the results where I keep my important documents

Well everything was still going fine on my side expect my evil family I finished writing my exams and I was so happy for that and I wasn't even stress about the results...Lol I'm lying I was but a bit...Anyway I heard that Anita's in-laws arrived a week back and in few days it was her coronation wow I was so happy for her....So I woke up and it was around 10am went to the bathroom did my hygiene process then I wore a dark badge long plinted skirt long sleeves white lacy bodysuit with white scandal heels...I tied my dreadlocks into a bunny apply my lipstick then I took my phone and my clash bag then I went to downstairs...I just passed my family without greeting them because I wasn't the mood for their nonsense but Pam decided to talk

Pam: Good morning to you too Lelothando

I looked at her from head to toe and I won't lie I was starting to hate Pam more than anyone else

Me: Mxm

Pam: Don't dare look at me like that rubbish

Me: Or what huh?

Pam: I'll will smack your stupid face so fucken hard

I chuckled shaking my head

Me: I thought by now you will all know that Lelothando September believe in actions more than words sweetheart

Mom: What the hell do you think you are for speaking with us in such manner Lelothando

Me: Can you please spell all the words you used in your statement Nicole

Sihle: You call her by her name?

Me: Isn't her name?

Pam: What happened to mom?

Me: My mother died nineteen years ago so no ugly bitch I'll call "mom" here...Excuse me

I went to the kitchen to make myself a smoothie while I was busy waiting my phone rang and it was Luyanda

Me: Baby

Luyanda: Please don't use a taxi sweetheart two of the guards are on the way to take you

Me: Okay then I'll be waiting

Me: I love you more Luyanda

Luyanda: Our love is forever

Luyanda: See you in few minutes then

He hung on then I sat on the bar chair and I enjoy my smoothie...After few minutes I heard people speaking in the lounge

Voice: But my Prince told us that she's waiting for us

Voice2: So what do you mean that she's not here?

I quickly jumped off the chair took my things and went to the lounge

Pam: We told you that she's not here so what else do you want us to say huh?

Guard1: Let me call the Prince then because it's look lik...

Me: There's no need for that sweetheart

Guard2: So you were all lying huh?

Guard1: I heard a lot about you but I thought it was just rumours but now I see

He was looking at Pam and Lisa

Me: Let's go

Guard1: After you my princess

I looked at Pam with a smile then we left them there looking at us...On the way to Luyanda's house we were chatting and I noticed that one of the guards was new

Me: It is the first time we meet right?

I was looking at him through the review mirror

Guard: Yes my princess

Me: Please call me Lelothando next time okay

Guard: But it's not g...

We laughed at him

Me: So what is your name?

Guard: Bulelani

Me: Nice name hey

Guard2: Dude can I have the water you used to bath yourself

Me: Why?

Guard2: Because you asked his name Thandolwethu

Bulelani: Thandolwethu?

Guard2: We call her that

I laughed shaking my head...We continued talking until we arrived

Me: So many cars what's up?

Bulelani: The other king is here

Me: Okay I see

***I was so angry at Luu for not tell me that Anita's in-laws will be there too...Anyway Bulelani walked with me to the house when we got in all eyes were

on us then he left...I swallowed hard taking a small breath because they were looking at me and I guess that Luu saw that I was nervous he met me halfway***

Me: I am going to kill you after this I swear

I was whispering and he chuckled

Luyanda: At least I'll be killed by you sweetheart

He whispered back as we walk to the people

Luyanda: Sweetheart please meet King and Queen Iche Prince Mike and their palace priest Nyoe from Iche Kingdom in Nigeria

Me: Nice to meet you all

I bowed down my head

Luyanda: People please meet my princess Lelothando September

King: The future queen of this kingdom

We laughed

King Iche: You are welcome my daughter

Me: Thank you my king

Queen Iche: She looks so beautiful

She was also so beautiful I smiled looking at her

Me: Thank you my queen

Prince Mike was looking at me without a blink with their priest but Mike cleared his throat

Mike: Nice to meet you my princess

He hold my hand

Me: Same to you my prince

Mike: May I kiss your hand?

Me: At your own risk

They laughed

Mike: Well let me just leave it then

We laughed and we went to the dining table and everyone took their seats then the maidens dish for us

King Iche: I am so glad that I finally met you

Queen Iche: She's so beautiful just exactly the way her father described her

Me: My father?

Mike: Yes we know him

I was getting bored when someone talking about my father and stuff

Queen Iche: May his soul rest in peace

She closed her eyes for few seconds and to tell you the truth she was so beautiful

Mike: So my princess what are you doing?

Me: Firstly please call me Lelothando or Lelo please and to answer your question I am doing second year well I was doing second year

They all laughed

Mike: So next year you will be doing third year right

Me: Yes

Mike: Which course?

Me: Bcom in Accounting

King Iche: But you look so young

Me: I am just having a baby face my king

We laughed and continued talking but I noticed that Anita was not happy at all she was so quiet and that was not her

Mike: You are so lucky Luu

Luyanda: Thanks to God that I met her first before all these sharks out there

We laughed but Nyoe was making me to feel uncomfortable because the way he was looking at me

King Iche: Anyway in two days we are leaving good people

I looked at Luu with a confused look and questioning eyes

King: This is so painful and stressful

Queen Iche: And what is more painful is that the gods are quite

Mike: But we must do something father please

Nyoe cleared his throat

Nyoe: There is nothing we can do my Prince

Luyanda: Tatu'Nconde you still don't see the face of the girl?

I was so lost but I decided to mind my business

Nconde: Still nothing my Prince

King Iche: So since there is no coronation we have to leave until the gods show us the way

Me: There is no coronation?

I heard myself saying that louder and they all looked at me

Queen: Just shut up because this is a family matter

Me and my big mouth I said that to myself

Me: I'm sorry

Nyoe was looking at me in fact he was staring at me

Me: Excuse me

I was about to stand up but Luu stopped me

Luyanda: Don't leave babe

He was looking at his mother

Me: I am going to the bathroom sweetheart

He nodded and let me go...I went to the bathroom and I locked myself in then I breath in and out with my eyes closed

Me: Why Nyoe is staring at me like that and why the coronation is not happening

I stayed there for few minutes then I walked out but I heard someone crying as I was walking in the passage so I stopped and listened..And it was Anita so I decided to get in without even knocking...Shame she was really crying so I rushed to her

Me: Hey why are you crying?

Anita: Why...m..me...Lelo?

Me: Okay please calm down first and tell me what's going on okay

I was wiping her tears

Anita: These bloody ancestors hate me Lelo

Me: Hate you?

Anita: Yes they hate me

She cried again

Me: Hey don't say that please tell me what's going on Anita so that I can help please

Anita: They say I am a curse Lelo that I am cursed

I looked at her with my eyes popped out

Me: You are cursed I don't understand Anita

She told me everything then she cried so hard after that

Anita: What have I done Lelo huh?

Me: You mean even the future generations is also cursed?

Anita: That what they are said

Me: But how come?

Anita: Maybe we are paying the sins that our late grandparents did or something but why me Lelo...Lelo I can't lose Mike I can't

Me: I am sure that there's a solution from all this

Anita: Both priests say the ancestors are quite they don't see a thing Lelo

Me: I heard earlier Luu speaking about the girl and stuff

Anita: The priests say that they see a girl but they don't see her face and she's the one who will help us

Me: Don't worry sweetheart everything will be fine

Anita: I can't lose Mike Lelo

Me: You won't lose him babe

Anita: What if his family force him to marry someone else Lelo

Me: Don't worry sweetheart Mike loves you so very much

The door opened and it was her mother...She quickly pushed me away from Anita

Queen: What are you doing here?

I looked at her for some time

Anita: Not now mother please or just leave us alone

Queen: Baby don't say that please

When she touched Anita's face her hands were full of blood and I screamed pushing her away

Me: Don't touch her!

I was shouting and others got in running

Luu: Baby what's wrong?

I slowly kneel down and others were looking at me

King: What's wrong my princess?

He gently touched my shoulders

King Iche: What happened can someone please tell us?

Queen Iche: Did you slap her?

She was looking at Luyanda's mother angrily

Queen: Off course not what do you take me for

Mike: Baby what happened?

Anita: I don't know what Lelo saw but she screamed pushing mom away that she should not touch me

Luyanda: Thandolwam

When I was to look him I heard the sound of crying babies it was not a baby this time...I closed my ears using my hands and I was screaming

Me: Nooooo!

Luyanda: Guys please do something Nyoe tatu'Nconde please

When I opened my eyes I saw two babies two were twins and they had blood all over them

Me: Luu please let's help them they are crying please

Luyanda: Tata please

When I looked at Luyanda's mother her hands were dripping blood and she was wearing white dress that had blood also

Me: You!

I ran to her but Luu stopped me

Luyanda: Baby

King Iche: Nyoe what's going on?

Nyoe: Leave her alone

After few minutes the sound disappeared and when I looked at Luyanda's mother she was not wearing any white dress and there was no blood in her hands...I slowly moved away from her

Me: Take me home please Luu please

I ran out of the room and they were running after me

Mike: Luu what's going on?

I grabbed my clash bag from the couch and I was shaking

Me: Please take me home Luu

Luyanda: Come here sweetheart

I went to him running

Mike: I wonder what the princess saw

King Iche: We are all wondering son

Queen Iche: But whatever it is it has something to do with Anita's mother did you see how she jumped at her?

Mike: Shame I feel sorry for her

Queen Iche: She's so beautiful you know

King Iche: There's something special about that girl I am telling you

Mike: You can say that again father

Mike smiled when he think of Lelothando but he quickly come back to his senses...After a while Nyoe came to them and he was looking so disturbed

Nyoe: My king may I have a word with you and you my Prince

King Iche: What is it Nyoe you look terrible?

Nyoe: Please my queen excuse us for a moment

***Quees nodded and she excused herself...Nyoe quickly took his things and then he sat down...He praised his gods in a foreing ***

Nyoe: Gods of our land Gods of our ancestors Gods of our forefathers

He continued then after some time he looked at the king

Nyoe: My king

King Iche: The eye of the gods

Nyoe was shaking his head with his eyes closed

Mike: What is the matter Nyoe?

Nyoe: That girl

King Iche: What girl?

Mike: You saw her face?

He asked excitedly

Nyoe: She's the flower that grew in the desert

Mike and his father look at each other

Them: Who?

Nyoe: She's highly favoured and her gift is powerful and also dangerous...Anyway kingdom that can have her will be fruitful forever with its future generations

King Iche: What are you talking about Nyoe?

Nyoe: I am talking about Lelot...

Mike: Lelothando?

Nyoe: Yes my Prince

King Iche: You are speaking in tongues Nyoe

Nyoe: She is the chosen one

Mike: For this kingdom?

Nyoe: Yes my Prince

King Iche: How come she's the chosen one because she's already chosen?

Mike: And I can't marry someone who's not from royalty that is the tradition right

Nyoe: She has a royal blood and let me tell you this again she's highly favoured even she could be crown as a queen...

He shook his head

Mike: I am confused here

Nyoe: Let me tell you this she's golden

King Iche: What?

Nyoe nodded

Nyoe: Yes my king

King Iche: Son you have to marry her

Mike: Are you crazy? I'm sorry father but I...

King Iche: Let me call the elders

Mike: Dad

King Iche: I'll be back

The king stood up excitedly...Mike looked at Nyoe

Mike: What is going on here Nyoe?

Nyoe: I was just doing what the gods told me to do my prince

Mike: They are confusing me now Nyoe how I can marry someone's chosen one and for that matter I have Anita

Nyoe: Well I don't know my prince but what I can say is that you have to marry that girl and you will have internal happiness your land will be rich and fruitful forever

Mike: How?

Nyoe: That is not my place to tell right now excuse me my prince

He took his things and left the confused Prince there alone...Mike stood up and walk around the room with his hands on his waist

Mike: Yes Lelothando is everyman dream but I have Anita she's my life and we've been together more than ten years now...No this is crazy

He threw himself on the couch and then he wiped his face

Mike: But at the same time Anita is rejected by the gods...Well I won't lie Lelothando is everything a man needs and more...I'm so confused

At Luyanda's house everybody was in her/his room asking himself/herself about what happened earlier...The queen was locking herself in one of the the guest rooms she was pacing around the room

Queen: Who is this girl huh firstly she turned the stones gold something I've never heard before and now she's doing strange things

She sat down she was thinking with her feet tapping the floor

Queen: She's talking about crying bab....Oh my God no this can't be happening not now no no no

She quickly stood up

Queen: No Lelothando not after everythin I sacrificed I am going to fight you with everything I have...Yes even if it means killing you...I am going to make sure of that but firstly I have to get rid of your face away from this kingdom...I am going to show you the really me now

She looked herself through the mirror then she left to her bedroom

LELO'S POV

***As much as I wanted to tell Luyanda what is going on but I was afraid because I am the only who see these things and it was going to look like I am accusing his

Me: Where have you been grandma?

She looked at me then she smiled

Grandma: Come here Nkosazana

I went to sit next to her

Me: What are you doing here?

Grandma: I promised to protect you all the time

Me: Let me guess there is a storm coming right

She looked at me shaking her head

Grandma: Cha Nkosazana (No Nkosazana)

Me: Then what is it this time?

Man: They went to that house

Man: Please help me please

Me: Okay wait for me here okay

I ran to the house and when I got inside it was so empty inside there was nothing...I kept on looking from the rooms until I heard a baby crying...I rushed to the room where I heard the baby when I got there I saw two heads of babies on the table and there was two men that I don't know with a woman but she I couldn't see her face the room was painted with blood

Me: What's going on here?

The woman handed another baby to one of the men and he slaughtered the baby and he took the head...when the woman turned around it was Luyanda's mother...I screamed her name then I woke up

Me: I was dreaming

I looked around and I was so wet from sweating

Me: Luyanda's mother? What is going on?

***Ever since after the accident happened that day I was in Luyanda's house I've never set my skinny feet there again and I ignored everything to do with them calls smses just everything especial Luyanda ...I was still having nightmares about

Luyanda's mother so I decided to pay her a visit...I took a quick shower then I wore a white short summer dress with white All-Start let my dreadlocks loose then put a lame pink lipstick and I took my phone and handbag...I went downstairs and lucky there was no one there to annoy my ass...So I took a taxi to Luu's house and when I arrived they were all in the lounge except Luyanda's mother***

Anita: Look who's here

She said that coming to me and we hugged

Me: Hey

Anita: Are you okay because I was so worried about you and you don't take my calls

Me: I am fine darling don't worry

I was looking at Luyanda who was not paying any attention to me

Anita: Are you sure Lelo?

King: Anita please we also want to talk with Lelo

We laughed

Me: Good day everyone

King: Good day my daughter how are you

Me: I am fine thank you my king and you

King: Since you are here I am wonderful my daughter

I smiled then I looked at Luyanda who quickly looked at his phone when I looked at him...I wanted to laugh so badly but the situation didn't allow me

Me: Thandowam

I looked at him with a huge smile

Luyanda: Hello Lelothando

Me: How are you sweetheart?

Luyanda: Cool and you

Me: Can I have a moment with you please

Luyanda: I'm busy right now

Anita laughed so hard looking at her sulking brother

Anita: Ncooh you look so cute when you are sulking brother

She and her father laughed and I was silent laughing

Me: Please Luu

He looked at me for some time then he stood up

Luyanda: Excuse us father

King: It's okay my son take your time

We went to stay in the balcony and we were quite for some time then I cleared my throat looking at him

Me: Baby I am so sorry okay

Luyanda: Why did you ignore me my calls and my texts Lelothando

Me: I wasn't ignoring you my love I was embarrassed about what happened that day and I was...

Luyanda: But everytime you had that you ignore me Lelothando

Me: Just because I feel embarrassed everytime

Luyanda: Don't you trust me huh?

Me: I do but I...

Luyanda: Then why don't tell me what's going on Lelo why you are shutting me out or you don't love me enough to trust me or to tell me the truth huh?

His words made me feel so guilty so I decided to cry

Me: Don't say that Luu please

I wiped my tears looking at him

Luyanda: Then what Lelothando huh and please don't even try to cry here

Me: So you want me to tell you the truth?

Luyanda: Yes Lelothando please

I told him everything but I didn't tell him the part of his mother and the about my dreams

Me: You see

Luyanda: Baby I am so sorry but my love you should told me from the beginning

Me: It not easy Luu just imagine tell people things that you are the only one who see them

Luyanda: Come here my love

He hugged me so tightly and I cried so hard

Me: I am so scared Luu

Luyanda: Don't worry Nkosazana I am with you every step of the way but please you have to trust me please don't shut me out baby

He pushed me gently from his chest then wipe my tears and he kissed my forehead

We kissed for some time then we went back to others

Anita: I was about to call you shame

Luyanda: Don't you want to see Mike sis

Anita: Uyaphapha kengoku (you are forward now)

Me: They are still here?

I looked at Anita

Anita: Yes darling

I noticed that she was not happy about it

Luyanda: Where is dad?

Anita: In his study room I guess

Luyanda: I'll be back

He kissed my cheek and he left us there alone

Me: What's wrong darling or are you still worried about this curse thing?

Anita: I think Mike is giving up on us or he want to leave me

Me: What happened?

Anita: He's giving me a cold shoulder even his parents Lelo

Me: Hey don't cry princess maybe you are just twisting things okay because Mike loves you and don't worry we'll find the solution for all of this okay

I wiped her tears then we talk about random things

Me: Where is the queen?

Anita: In her room she's not feeling well that what she said earlier

Me: She's also the reason I came here

Anita: Let me take you to her room then

We went upstairs to her mother's room she knocked and we were invited in

Anita: Hey mom how are you feeling?

Queen: Better my baby thank you my princess

Anita: That's good then...Lelo wants to see you so let me leave you guys

She left and closed the door

Queen: What do you want?

Me: The truth my queen

I took my seat looking at her

Queen: What truth are you talking about?

Me: You know exactly what I'm talking about your majesty

Queen: I wasn't going to ask if I knew idiot

I chuckled

Me: I know that you did some evil thing and you are the reason for the curse in this kingdom

She looked at me while she was swallowing hard

Queen: Are accusing me of something?

Me: No I just want the truth my queen that's all

Queen: Then you are asking the wrong person my dear

Me: Oh really?

Queen: Yes because I have no secret

Me: I don't remember asking you any secret my queen

Queen: Then I didn't do any evil thing and....

Me: Don't see that your daughter is suffering from your sins

Queen: Lelothando September I don't know what sins you are talking about because I have nothing to hide

Me: I don't remember either saying you have something to hide I just want the truth only

Queen: What are you trying to accuse me with huh?

Me: You see my queen you are tell me thing I didn't ask but don't worry since you don't want to tell me the truth I'll find it by myself

Queen: Uziqhwayela ilitye ilinembovane (You are asking trouble)

I looked at her then I chuckled

Me: You remember that I once told you that there's a deep dark shadow around your presence and I don't feel comfortable in your presence because my back hair don't rest

Queen: Let me warn you idiot don't start something you won't finish

She looked at me and I looked at her too

Me: So there is something right?

Queen: I think your welcome here has expired

Me: And let me also advise you that I won't rest until I help the princess because you are the reason for her curse but don't worry I'll be her cure

Queen: You will see what I am capable of then

Me: You also don't know me then

Queen: Don't start a war with me bitch because I...

Me: I live with different kind of witches at home so what makes you think that I am scared of you mother-in-law

I looked at her laughing

Queen: You will never be my daughter-in-law never and I'll make sure of that

Me: You are welcome my queen

I stood up and I looked at her

Me: I know that you are going to fight me with everything you have but let me tell you this at the end I am going to win

I left her there looking at me...I went to downstairs

Me: I think I should take my leave now good people

Luyanda: Let me take you home sweetheart

King: Go well my daughter and please don't be scarce

Me: I won't your highness

Anita: I'm going to miss you

NARRATED

Mike looked at his father trying to digest what he just said

Mike: Kid...kidnap her

Queen Iche: Do you have a better suggestion maybe

She looked at her son with her eyebrows raised

Mike: So you want to kidnap the poor girl because of power and wealth right?

Queen Iche: Do have an idea what will happen to this kingdom and the people if you can marry that girl

Mike: By forcing her mother by kidnapping her?

King Iche: Please my son please can just make me a happiest and proud father for once

Mike: She told us all that she's the chosen one for all kingdoms so I am certainly sure that other princes from different kingdoms are going to want her to their side too

Queen Iche: But she will be married to you son

Mike: You people are crazy than I thought

King Iche: Watch your words son

Mike: Sorry father but this is madness...What about Anita huh?

Queen Iche: What else do you want Mike because the gods rejected her she's cursed son

Mike: But they showed us the way to help her mother

King Iche: Did Nyoe final see the girl huh?

Mike: But father w...

Queen Iche: Why do you want to fight the gods Mike why?

Mike: Your majesty this person you want to kidnap is someone's chosen one

Queen Iche: She's the chosen one for all kingdoms remember so she can change her mind anytime she wants my son

Mike: But she made it clear that she belong to Anita's father's kingdom mom

King Iche: That's nonsense it is because she was still shocked and confused

Mike looked at his father shaking his head

Mike: Did you think about the consequences of all of this father huh do you think that Anita's family will just watch you taking their chosen one just like that

King Iche: Well son if they want war then we will give them war because we are not scared

Mike: I'm out of here...Excuse me

***He stood up and left his parents calling his name to come back...

The following day Queen Iche was sitting on the couch with her maidens busy fixing her hair while others were massaging her feet when Anita got in with a huge smile on her face***

Anita: Your majesty good day

She said that taking her seat

Queen Iche: Mxm

She looked at her from head to toe

Anita: Mother what's going on?

Queen Iche: Who is your mother or do you see her here?

She looked around and then looked at Anita with her eyebrows raised*

Anita: I don't understand mother did I do something wrong maybe?

Queen Iche: I am not your mother or does she look like me maybe?

Anita: What is going on here?

Queen Iche: Excuse us my dears

The maidens left

Queen Iche: Listen here my dear it's time to leave my son alone because you failed dismal to take the throne and you are a curse a disgrace in this kingdom you bought nothing but shame and you made us a laughing stock to other kingdoms a joke Anita

Anita looked at her with her tears falling

Anita: But it's not my fault that I am being punished for sins that I didn't commit my queen

LELO'S POV

***I went back to the house to change my short and shoes then after I'm done I called a taxi then I took my handbag with my phone but something told me to read the letter first so I sat down and opened it...It says " My xhosa princess you know I'll never do anything that will hurt your heart. I know that you hate me right now but if you gave me a chance to explain everything to you well I won't lie because I am certainly sure that you also know this that Lelothando is every men dream and yes I love her and I loved her from the very moment her father told us about her but I AM INLOVE WITH YOU ANITA NOT HER. Yes she is the chosen one but she told us that she's the chosen one for all kingdoms not just your father's kingdom alone. My love I love you so very much and I am willing to fight everyone even the gods for that matter because you are my life Anita. But please do me this favour please don't hate or fight Lelothando because she's innocent from all of this if you want someone to hate just hate me and my parents but not her. I have a feeling that she's the one who's going help us from this stupid curse she's the who will give us our happiness back because I had a dream. Lelothando is unique just one look in her eye you see something different something you can't even explain. I love you"

Me: So how do you know that he's using me?

Maid: Because you are not his type and you are just after his money so you better listen here young lady I am not going to allow you

My baby can cook guys yhoo...Lol...Anyway after finishing eating we went to the lounge

Dr: Let's go to stay in the balcony

We took our classes then went to the balcony

Me: This view is so beautiful and peaceful

Dr: It is the place to chill after a long day

Me: Especially after dealing with those stubborn clients of mine

We laughed

Dr: You know after the death of my parents I thought it was the end of my life my plans my dreams and my future

Me: What happened and when was that?

Dr: We were coming from Durban then we had a car accident but unfortunately they didn't make it and I was doing my last year then

He wiped his face

Me: So how did you manage to hustle to this point?

Dr: You know how families are after the my parents funeral family members went to their separate ways no one wanted to take me so I quit at school due to fees so I decided to go look for a job in East London or something but out the province

Me: Wow so what happened when you arrived in East London?

Dr: I regret myself for going there because life was so fucken and imagine to be in a place where you don't know anyone

Me: Yeah that was hell hey

Dr: Until one day that I'll will never forget I was in a park just watching ducks then suddenly I heard a man screaming for a help so I went there to check what's happening...So this man was with a cute beautiful baby girl who was having a seizure and it was not something serious because they gave her a lot of sweets so I helped him...He couldn't stop thanking me so he asked that what can he do to show his appreciation

Me: And?

Dr: I just asked him food that's all because I was hungry...We went to his house so we stayed there telling him about me and my situation...And you know what he said

He smiled while wiping his tears

Me: What?

Dr: He said "Go back to school finish your degree"...I looked at him laughing asking him that with what money...He told me that don't worry just choose the university of your choice

Me: Wow so where is he now

He laughed

Dr: That was the day our brotherhood was formed

Me: Wait wait Doc is that Lelo's father right

I was smiling like an idiot looking at him

Dr: Yes and Lelothando was my first patient...After my degree I did my honours then Bantu was like "I don't like to call someone a boss no I want be my own boss" so I looked at him confused and he said " I have money somewhere so lets build your own hospital"...I couldn't stop thanking him and I was crying like hell

Me: Wow

Dr: So after the hospital I continued with my studies then I opened another branches to other provinces...Bantu was my family in fact everything...And after my wife left me because I am infertile Bantu was there telling me that God has a reason for that

Me: You were married?

Dr: Yes...So when Bantu was in hospital fighting his life I was crying all night because I couldn't help my brother but he was in so much pains

Me: What do you mean?

Dr: I did several tests but there was nothing wrong with him although he was dying...One night he called me and he said "I know you are blaming yourself or feeling like you are failing me because you can't help me but don't worry because it's not your fault brother"...I was so helpless Luyanda because I felt like I am a failure to someone who took me in love me protect me fight some of my battles but I was failing to help him huh what kind of a brother I am then huh

He was crying

Me: Doc this is....

Dr: He said "Do you remember that day I told you that God has a reason for you being infertile"...I looked at him and nodded...He said "Because you already have a child"

Me: What?

Dr: I was so confused as fuck so he told me that I am father to Lelothando now

He wiped his tears

Me: Wow

Dr: But I failed him again by letting Lelothando staying with those monsters for not noticing that she was suffering that she was dying inside because my only concerned was only that she is not sick and stuff but all along she was a dead long ago inside

Me: Well she fooled us with her smile

Dr: But now no one and I am repeating myself that no one is going to hurt her again not even you then get away with it

He was so serious and scary

Me: Well Lelothando is m...

Dr: She's the only family I have so I am going to do everything in my power to protect her because she's my first priority...I know how royal families are it's whether the queen hates you or the king or the siblings so if anyone from your family hurt her...Oh boy I'll forget that you are royalty or whatever I'll skin you all alive

I swallowed hard thinking about my mother and Anita but I faked a smile

Me: Don't worry Doc I love Lelothando more than I love myself she's my everything

Dr: She loves you too I saw that in her eyes but you dare boy hurt her in any way I don't know

He shook his head looking at me

Me: I give you my word

Dr: You better do that or else I'll make you eat your own word...Let me go check my princess

He left me there and I quickly drink my juice then I followed him

LELO'S POV

Christmas passed and everything was just perfect...Days turned into weeks and I was going back to school very soon...Everything was going just fine and I was still having dreams about Luyanda's mother...I woke up after having a very bad dream about Calvin

Me: What the fuck was that about?

I took my phone to check time it was around eleven morning

Me: God as much I don't care about Calvin but please protect Calvin whatever danger coming in his way

I took the fleece then went to upstairs to my room I changed my clothes...I wore black jean black and white Adidas t-shirt with all black superstar then put white Adidas cap and I went to downstairs...I took car keys and uncle Raj bought me a new car Ferrari 488 Spider blue in colour with black rims and I was so excited and all eyes were on me everywhere I go...Anyway I drove to Luyanda's house when I arrived I parked in the driveway then I got out and someone clapped their hands and when I looked around it was Luphindo

Luphindo: Baby girl I don't have words

He was looking at the car

Luphindo: I think you are the second person having this car here in South Africa

I looked at him laughing

Me: Come on dude

Luphindo: I am not joking Lelothando...Your uncle is doing too much now and he is not giving us a chance

Me: And he said that this is nothing

He looked at shaking his head

Luphindo: Can your uncle adopt me please because all the students at Wits are going to say Mommy and daddy to you in fact lot of people because uyasinyisa qha ngoku

Me: Come on Luphindo

Luphindo: I was standing in the balcony so when I saw this car my heart stop beating for few minutes and I thought I was dreaming girl

Me: Don't exaggerate things Phindo

Luphindo: All these fools who are in competition with you they should just drink sweet water take a chill pill then sleep with their stomachs now and they should just give up...This is the BEAST

He looked at my car shaking his head

Me: Can we get inside please

Luphindo: And I am alone

Me: Where are the people?

Luphindo: I don't know Bendalo and I don't care...Come

Well Luphindo was calling me Buhle or Bendalo and I was used to his names so we went inside the house and he was still talking about the car

Me: So what are you doing?

Luphindo: I am just preparing for my case next week

Me: Oh shame you will be strong Mr Lawyer

Luphindo: Tsek

We laughed

Me: Can I ask you something?

Luphindo: You can ask me anything Buhle

Me: Why do you hate the queen?

Luphindo: Because she also hate me Lelo and there is something dodge about her but I can't figure it out but trust me something is fishy about that woman

Me: How?

Luphindo: How did she get married with the king but she's not from royalty and how come did the ancestors chose her...

Me: What do you mean because I am also not from royalty?

He chuckled

Luphindo: Yours is very different and I am still shocked but what I can tell you is that go ask your family to tell you the truth about who you are

Me: Huh?

Luphindo: My father once told me that someone who turned the stones gold is the queen and not just any queen but the Golden Queen

Me: I don't get you

Luphindo: I don't know much details also but Lelothando you are from royalty and not just any royalty girl

I laughed so hard looking at him

Me: Mxm you are out of your mind...Me from royalty come on dude

I laughed again

Luphindo: It's fine if you don't believe me but I am tell you nothing but the truth

Me: That's nonsense...Anyway back to the queen

Luphindo: Mandlakazi is cruel evil wicked and then you want to tell me that she was chosen by the ancestors to be queen huh

Me: Who is Mandlakazi now?

Luphindo: Oh I forget that sometimes you sit with your brain Bendalo...I am talking about Luyanda's mother her another name is Mandlakazi

Me: Oh I get you now and fuck you

We laughed

Luphindo: So Lelo how can the ancestors chose someone like her to lead the people to be the mother of this kingdom huh a snake like her...No no no Nkosazana I don't agree

Me: Does she have family members...

Luphindo: Her father died after her wedding and her twin brother died before the wedding

Me: Huh?

Luphindo: That what my father told me

Me: You know I am having some dreams about her

Luphindo: About this witch we call a queen?

I nodded

Me: Yeah and they confused me Luphindo so very much

Luphindo: Tell me about them

I told him about what happened that day I was in Anita's room only not about the dreams

Luphindo: You heard children crying and saw blood in her hands

Me: Yes and please don't tell anyone

Luphindo: Don't worry Nkosazana...You see something is fishy about this queen and what I can tell you Lelo is that please be careful

Me: Don't worry about me darling...Can I ask you something again?

Luphindo: Yes darling

Me: I want to go the queen's bedroom to check something...

Luphindo: So you want me to check in case someone comes or...

Me: Yes yes yes

Luphindo: Go with your phone then so that if I hear a car coming I'll call you then

I took my phone then went to upstairs but I stopped halfway

Me: Luphindo you dare double cross me boy you will regret it

Luphindo laughed

Luphindo: Khanijonge lekaka yomntwana uselapha (look at this shit of a child she's still here)

I laughed then went to the bedroom...I was so nervous I firstly checked if there were no cameras then I looked around but nothing...I looked under the bed where I saw the shock of my life...There was a traditional pot (that black pot with three legs) covered with a red cloth

Me: What the hell is going on here? A pot under the bed?

I clapped my hands then looked at it again when I was about go took it or check I felt a cold wind in the room and it became bit dark...My heart started beating fast and started sweating

Voice: Get out Nkosazana

Me: Grandma

It was her voice so I quickly stood up taking my phone and the cap then I looked around but there was no grandma

Grandma: I SAID GET OUT NKOSAZANA

Me: Grandma I have to see what...

Grandma: NOW NKOSAZANA

I didn't waste any time I ran out of the room with a high speed and when I was on the stairs I fixed myself then went to the lounge

Me: Yea darling

I faked a smile

"Luphindo who is driving that beast outside"

It was Luyanda followed by his parents and sister

Dr: I am going to fuck you up right now little bitch and if you are sent by Pam...Oh sweetheart you don't know whom you are dealing with

Nconde: Leave her my king

After a while she calmed down and looked at the king

Nomgqibelo: I see blood all over this kingdom but don't worry his chosen one will set you free

Dr: Baby let me love and leave you

He stood up and kissed my forehead

Me: Bye and don't forget to bring dinner

He looked at me while shaking his head laughing

Dr: Princess when the last time did you cook?

Dr: Never mind darling and bye princess

He rushed to the door while laughing

Me: And I am craving for sea food uncle

Me: Hello

She stood up and we hugged

Me: How are you?

I faked a smile

Anita: I am wonderful since you are here darling...come take a seat please

We sat down

Me: Well I am here to see Lu...

Anita: Luyanda just left few minutes ago and he is going to the palace with dad in Coffee Bay

She cried and I felt so bad shame

Me: Hey don't cry okay everything will be fine

Anita: I miss him Lelo but he don't call me or anything...

Me: He miss you too trust me and don't worry okay everything will be fine sweetheart

Anita: Thank you

Me: It's okay darling

I then went to upstairs and Lumphindo was just laying down on the couch busy with his laptop

Me: Hey

Lumphindo: Nkosazana

Me: Voetsek

Luphindo: I know I deserve that and more Nkosazana and I am sorry for my behaviour yesterday

Me: You see I understand why you don't like Anita but Luphindo is she not worth enough to be given a second chance huh?

Luphindo: Oh Mrs Forgiveness did you give her a chance after she insulted you?

Me: Oh yes I did Luphindo but I told her that things will never be the same again and you know why I forgave her

Luphindo: Why?

Me: Because I want to move on with my life I wasn't doing it for her but for myself

Luphindo: So you want me to forgive and forget?

Me: Yes

Luphindo: Well Nkosazana I am not God I don't give second chance

I throw my hands up looking at him

Me: With you I surrender do you hear me?

Luphindo: I am telling you the truth

Me: But the same God you are talking about he forgives you every single day and he don't count Luphindo

Luphindo: But...

Me: We sin by talking thinking and by actions but he forgive us and give us so many chances

Luphindo: That's why I am saying I am not Him then

Me: Come on Luphindo please the poor girl is trying here just meet her halfway please...And yesterday you did the worst thing by slapping her in front of her father

Luphindo your king

Luphindo: Please don't remind me that and I am still feeling like a shit and I don't know how to apologise to the king and I have been avoiding him

Me: Well I know how

Luphindo: How?

Me: By forgiving and giving Anita a chance and do it in front of him

Luphindo: Can't you come with another plan please

Me: No Luphindo come on just swallow your pride please man

Luphindo: Okay I will see

Me: Thank you

Luphindo: I said I will see Nkosazana

Me: Now tell me the real reason why do you hate Mandlakazi

Luphindo: I told you that I don't trust her

Me: Try again and I am not going anywhere until you tell me the real reason

He looked at me then he wiped his face shaking his head

Luphindo: Are you hungry Nkosazana juice or tea...

Me: No thank you...Like I said I am not going anywhere

Luphindo: Let's go to sit outside next to the pool

Me: Okay cool

We went downstairs and went outside next to the pool...We sat down with our legs inside

Me: I am listening

Luphindo: One day my father told me that he is having bad dreams about me but I told him that they are just dreams nothing will happen

Me: What the dreams were about?

Luphindo: He said that he see me being sacrificed by two men and woman but he don't see their faces

Me: Sacrificed?

Luphindo: Yeah and he kept on dreaming and Nconde said that he don't see anything and the ancestors are quite

Me: Then what happened?

Luphindo: Someday he told me that he dreamed Mandlakazi chasing him with a knife in the bush and Lelo

Sponsored

daddy's dreams were always telling the truth

Me: And?

Luphindo: To cut the story short one night daddy did not come home and he always tell me when he's not coming and that night I didn't sleep at all because of nightmares...And in the morning I got a call telling me that I should come to the police station

He wiped his tears

Luphindo: When I got there I was told that they found my dad in his car dead

Me: I'm sorry so sorry

Luphindo: They found him not far from his company and I think he was on his way to home...And Lelo they took his heart...

Me: Oh my God

Luphindo: And I am sure those monster took his heart while he was still alive

Me: Jesus!

Luphindo: We were at P.E so we went to Coffee Bay for funeral arrangement and stuff...We arrived at Coffee Bay Monday and my father died during the weekend

Me: So what are you...

Luphindo: And Mandlakazi was not around and I was told that she left Friday saying she's going to some conference in East London and Saturday my daddy was found dead

Me: What are you saying Luphindo?

Luphindo: That Mandlakazi has something to do with my father's dead and I am 100% sure Nkosazana

Me: That is serious accusation Luphindo do you know that?

Luphindo: I don't care Nkosazana but me and God know that she has something to do with my father's dead

Me: Now I understand why you hate her

Luphindo: And remember she is the same woman who tried to get you raped so she added a paraffin to the fire...I hate her and one day I will find out the truth

Me: I am sorry about your father

Luphindo: It's okay Nkosazana and now can we change the subject

Me: Yes of course

Luphindo: So when are you going to get married to Luyanda?

We laughed

Me: After I have manage to chase Mandlakazi's flat ass from this kingdom

We laughed again

Luphindo: Oh God I can't wait for that day Nkosazana

He laughed again

Me: Mxm you love drama

Luphindo: And action too

We laughed

"Lelo can you please...Oh I didn't see you are with someone sorry"

It was Anita and she quickly walked away when she see Lumphindo

Lumphindo: You can join us my princess

He was looking at Anita and I looked at him shocked

Anita: No it's fine I...

Lumphindo: Come on princess

Anita took her shoes

Anita went to sit next to him crying and I wiped my tears too

Me: Wow

Anita: I am so sorry and I will live regretting myself for not helping your friend please forgive me

Lumphindo wiped her tears and kissed her forehead

Lumphindo: I know that you were bad influenced by your mother and I forgave you long time ago but I was still nursing my ego

Anita: Thank you big brother

They hugged so tightly

Me: Okay this need a special celebration guys

Anita: Let's go have lunch and the bill it's on me

Me: So my puzzle is about to be just perfect! But I need some things just few things "You have to listen your heart and let your guts guide you"

I looked around the house bit scared

Me: Who are you and what do you want?

***I rushed to the car and lucky I bought Spur ribs and chicken with chips before I

don't know why I bought them but I was glad that I did...I went back to him and gave
them to him***

Siseko: Enkosi Nkosazana

I watched him while he was eating

Me: When the last time did you eat?

Siseko: Three days ago

I closed my eyes fight my tears

Me: I'm sorry

He eat until he finished and he couldn't stop thanking me

Me: It's okay tata don't worry

Siseko: I don't know you and not even in my dreams

Me: Well I do know you but in my dreams and even this house too

Siseko: So how can I help you my daughter?

Me: I don't know where to start but it's been months now since I started dreaming about you Tata

Siseko: Please tell me about your dreams

I told him everything but I didn't tell him about Mandlakazi's part...He closed his eyes

Siseko: Sixteen years ago someone told me that there is someone who is going to hear my cry and it is not just a person but someone from royalty

He wiped his tears

Me: Oh Tata don't cry please

Siseko: Enkosi Bawo (Thank you Lord)

Me: Do you know Mandlakazi?

Siseko: Elagqwirha (That witch)

He cried out loud with his hands on his head I looked at him and I was panicking as fuck but I gave him water to calm down

Me: I am so sorry Tata it wasn't my intentions to hurt you please forgive me

I looked at him while I was fighting my tears back...After a while he calmed down

Me: I am sorry

Siseko: No my daughter it's not your fault

Me: I am so sorry Tata if I am going to open your old wounds I really need some answers...I am tired of dreaming and seeing things that I can't explain alone but I really need so explanation or something please

I wiped my tears

Siseko: You said you know Mandlakazi through her son right?

Me: Ewe Tata

He looked at me then he closed his eyes and opened them again

Siseko: I see

Me: How do you know Mandlakazi?

Siseko: She is my twin sister

I looked at him with my eyes popped out

Me: WHAT...I mean how...

Siseko: She is my flesh and blood we share the same womb

Me: Wait...Mandlakazi is the well known queen from one of the biggest respected and well known kingdom yet you are her brother but you live in a house like this...How?

His house was an one room flat and not in a state for someone to live there...I wiped my tears

Siseko: Oh mntanam sukhala sisi (Oh my child don't cry)...Mandlakazi know me as a dead person who die long time ago

Me: Wh..at...what do you mean tata?

Siseko: Let me explain your dreams my daughter okay

I quickly nodded looking at him

Siseko: My father was a palace chief and he raised us alone because our mother died while we were still young

Me: I'm sorry Tata

Siseko: So he loved us so very much and he told us some of things were happening in the palace and stuff...So he told us that the king is looking a wife for the Prince

Me: The prince was king Mcedisi back then right?

Siseko: Yes my child

Me: Okay

Siseko: You know there are tasks you have to perform to be the chosen one and of course be from royalty

I swallowed hard looking down

Me: Okay

Siseko: So the king and the palace chiefs chose three princesses from different kingdoms but they failed dismally...So one day Mandlakazi asked father to go with her to palace so that she can also perform the tasks...We laughed at her because she's not from royalty and she can't even turn the stones...But my sister didn't give up so

the king called her and to our surprise she passed all the tasks and even turned the stones white

Me: So she got married to the prince just like that?

Siseko: Yes and my father was very proud in fact all of us were very happy but people were talking and asking themselves how did it happens...But we carried on with marriage

Me: Wow

Siseko: And I was also married that time and God blessed me and my wife with twins...

Me: When Mandlakazi got married you were already married that time?

Siseko: Yes my child...So one day I was coming from work and I think it was only a month after Mandlakazi's wedding...I met a man at the gate crying and cursing so I took him inside the house...He told me something and I didn't believe him and told him to get out from my house

Me: What was that?

He wiped his face and took a deep breath

Siseko: He said that Mandlakazi sacrificed their child for her to be the chosen one

Me: WHAT? I mean how because firstly you have to be pure and innocent in order to get married to the royalty right?

He nodded

Siseko: He said that Mandlakazi was four months pregnant it was a baby girl...So she went to a witch doctor and sacrificed the pregnancy and she was given something that made her look like she was a virgin

I looked at him with my hands holding my mouth

Me: Yhoo

Siseko: So I didn't believe the poor man and accused him of being a jealous of my sister and stuff...He stood up and looked at me while wiping his tears and he said "I curse this kingdom with its entire generation I curse every daughter and princess of this kingdom and they will never get married to any royal family"...But I looked at him laughing telling him that he is just bluffing

In my mind I was thinking about Anita's situation

Me: And what happened?

Siseko: He looked at me and said "I sacrificed my own father to curse this kingdom and I took his heart to the evil forest and the only person who can cleanse and free them from the curse is the Golden Princess"...Then he left me there hanging

I looked at him with my eyes popped out

Me: What...And where is evil forest tata?

Siseko: I don't know my daughter and I don't even want to know because of the stories I heard

Me: So did you tell your father or confront your sister

Siseko: No my child because I didn't have a proof and it was going to cause a big problem that was going to lead me to death

Me: Yhoo so what did you do?

Siseko: Nothing...So few months later there was a problem in the palace and things were very bad...And I don't know what was going on but king Mcedisi wanted to chase Mandlakazi out but that didn't happen due to my father's death and after his funeral everything was back to normal

Me: After your father died?

Siseko: Yes and it was like nothing happened and Mandlakazi got pregnant

Me: Wow

Siseko: When she was about to give birth she didn't and my wife was having very bad nightmares about our daughters the twins at that moment

He wiped his tears and kept quiet for some time

Siseko: To cut the story short my daughter Mandlakazi sacrificed my wife and kids for her to give birth to the princess

Me: Oh no...Oh my God

I went to him and hugged him

Me: I am so sorry tata...I saw everything happened to your children in my dream

We cried until we calmed down and I went to the car to get water

Siseko: Thank you

I looked at him while he was drinking water

Me: Let me guess Mandlakazi also sacrificed your father to keep her marriage safe

He nodded

Siseko: That's what I was told and I regret myself for not believing that man

Me: I am sorry then what happened

Siseko: Since she knew that I know about all her evil she sent some men to burn me alive along with my house but I survived and she also shoot me five times and left me in the bush

Me: Oh my God

Siseko: But by God's mercy I was found by some people and took me to the hospital and I woke up from coma after full five months

Me: So that's how you ended here

Siseko: Yes my daughter

Me: So what happened to Luphindo's father?

Siseko: Luphindo's...

Me: The king's older brother

Siseko: Oh Mongameli she killed him and took his heart for her to be more powerful

Me: And where did she take the heart to?

Siseko: In her bedroom under the bed and she always go with it

Me: I saw it

I guess it was that black pot under her bed

Siseko: Who are you my child?

I smiled looking at him

Me: Lelothando September tata

Siseko: Your gift is so powerful my daughter

I decided to ignore him because I didn't know what he was talking about and I was avoiding to be more confused

Me: Your sister is very deep and evil

Siseko: I am sure she hates you and she's going to everything to get rid of you since you are a threat

Me: Don't worry tata I am untouchable

We laughed

Siseko: On a serious note my daughter please be careful

I nodded looking at him

Me: Where are your important documents?

Siseko: Inside the house and I always protect them

Me: That's good tata...And what were you doing because you said you something about work

Siseko: I was teacher and I was teaching mathematics I was very good but I had to stay here hiding because people know me dead

Me: I want you to come with me to Joburg

Siseko: My daughter I can't...

Me: Mandlakazi won't know about you and I am sure that my uncle will find something for you outside the country

Siseko: No Lelothando my life is here and I don't to...

Me: I am sure that God and my ancestors or whatever didn't bought me here for answers and explanation only but also to help you to give you your life back tata and I am not leaving here without you please let me help you please tata

Siseko: I can't my...

Me: Please tata please

I begged him and he finally gave up

Siseko: Okay please get up please

I was kneeling in front of him

Me: So we are leaving together right?

Siseko: Yes

Me: Thank you so much and please get your documents and some important stuff so that we can go

He went to his flat and came back with his briefcase

Siseko: I am done

Me: Let's go then but we are going to sleep in Mtata then tomorrow we will drive to Joburg

I took his briefcase then we went to the car and I drove off

Me: So where is Sangqu palace?

Siseko: It is very far from here my daughter

Me: Okay

So we talking about random things and my mind was just thinking about Mandlakazi...When we arrived at Mtata we firstly went to bought him few clothes and stuff then we went back to Garden Court and I booked a room for him and we went to our separate rooms

Me: Morning

He closed the laptop looking at me

Dr: Morning princess what's wrong?

Me: What do you mean?

Dr: Come on baby girl I know you more than you do so tell me

Me: I don't know uncle but I had dream

Dr: What was it about?

Me: Some people put me in the coffin while I was still alive and...they closed it...But they were crying and some laughing at the same time

He chuckled

Dr: Don't worry baby it was just a dream

Me: If it was just a dream uncle I wasn't going to feel like this...But maybe you right there's nothing to worry about

Dr: Yes princess...Well today I will be working outside the town

Me: Where?

Dr: I am going to Cape Town

Me: Okay then...And let me love and leave you

Dr: Princess you didn't eat

Me: Don't worry I will take yogurt on my way out

I stood up and took my things then went to the kitchen to take my yogurt and I went to the car...I drove off straight to Wits and attend all my lectures even the boring ones...Then went to Luyanda's house and when I arrived I parked at the driveway then I took my things and went to the house but I was welcomed by someone shouting

Voice: Well I don't care how you do it but I need you do it very fast okay

Oh it was the Queen and something told me listen her conversation so I did

Queen: Listen here Sgonondo okay just get rid of her fast you can do hit and run or shoot her or you can sell her to the mafia people turn her a prostitute and she's still a virgin

I covered my mouth with my eyes popped out

Queen: As long as she will die and be out of my sight...I have tried all the people who can sacrifice her for power and wealth but none of them want her because of her "powerful gift and her people" which I don't know what they are talking about

Is she talking about me or someone else that what I asked myself but still listening

Queen: I will give you all her details and Sgonondo you better not betray me okay...And remember we don't know each other nor never speak...Just get rid of Lelothando and I will make you more rich

I couldn't believe what I heard but I managed to stay clam...She dropped the call and she smiled alone drinking her wine

Queen: I told you that I will skin you alive little bitch

I ninja walked back to my car...I did the breathing excises for few seconds

Me: Oh Mandlakazi I am going to beat you on your own bloody game witch

LELO'S POV

I woke up feeling so down but I managed to dragged myself to the bathroom and did my hygiene process...I wore my black ripped jean grey crop top with grey Puma slides tied my dreadlocks neatly then I took my phone and went to downstairs...And there was a note from my uncle "I am going to East London and I will be back tomorrow there's an emergency. I love you"...I smiled and sat down I enjoyed my black coffee coz I wasn't hungry until I was disturbed by my phone and it was message from Luyanda

Me: " Can you please come to my house Thandolwam please"...Mxm you are of your stupid mind

I put my phone down and continued with my coffee and my phone rang again and this time it was Anita

Me: What's wrong with these people..."Lelo can you please come to the house please Luu wants to kill himself"

I read the message again

Me: No he can't die before seeing his mother's wickedness

I quickly stood up and took car keys with my handbag then ran to the car...I drove off like a mad woman...When I arrived I speed to the house but there was no one in the lounge

Me: What sick game is this...Oh upstairs?

I ran to upstairs but still nothing even in their rooms

Me: What's going on here?

I went downstairs and asked one of the maidens

Me: Excuse me my dear where is everyone?

Maiden: The king and prince Luyanda left in the morning princess Anita and prince Luphindo went to work if I'm not mistaken and the queen went to the mall few hours ago

I looked at her with my mouth opened

Me: A..re are you sure darling?

Maiden: Yes I am sure princess

Me: It's okay sweetheart you can go thank you

I sighed and sat down

Me: So they were just fooling me around...Argh bloody rats

I looked around and decided to went to the room where the throne was well it is not the original throne but it's a chair covered with leopard skin...Luyanda said that the really "throne" is in the palace at Coffee Bay...Anyway I looked around and then sat on that chair

Me: Wow this is so comfortable let me take a selfie

But my phone decided to fall behind the chair

Me: Maybe it's a sign for me to leave

I quickly stood up and took my phone then I rushed out going straight to my car and I drove back to home

Me: Yeah neh Luyanda and his sister can actually fool someone

I threw myself on the couch then went through my social media

Me: I wonder what happened to Calvin that day but I am sure he's fine

LUYANDA'S POV

We were going to the meeting at Sandton me and my father and I pushed myself to go since it was very important...I was quite all the way just thinking about Lelothando

Dad: Stop the car

I looked at him

Me: What's wrong father?

Dad: I SAID STOP THE CAR

Me: What's going on dad?

Dad: My sceptre where is it?

We looked around the car

Me: Guard please look to other cars also

We also got out checking to the boot but nothing

Dad: We have to go back

Me: Dad we can't miss the meeting

Dad: You know that I can't go anywhere with my sceptre you know that very well so cancel the meeting

I looked at him and yes he was telling the truth so we got inside the car and drove back to home

Me: I'm sure you left it in the house and where is my phone?

I looked my phone but nothing

Dad: Yeah and it's the first time this happening

Finally we arrived and quickly went to the house...Mother was eating fruit salad with a maiden massaging her feet

Mother: What's wrong?

We ignored her and went to look the sceptre but nothing

Mom: What are you looking...

Dad: My sceptre woman!

Mother: You will never know my son

She looked but nothing

Dad: Call Lumphindo and Anita right now

I ran to my room and I found it on the bed...We went to downstairs and I called Lumphindo and Anita but Anita's phone was ringing alone so I called her P.A while mom and dad called all the guards maidens chefs just everyone asking them about the sceptre

Me: I am sure it is still here around the house

Dad looked so stressed

Dad: The kingdom is nothing with the sceptre and I am also nothing with it royalty...

Anita: Maybe someone took it

Mom: Uhhmm...there is a camera in...

Dad: Then let's check it

Mom came with her laptop and connect her things

Me: When did you put a camera and for what good reason?

Mom: For reasons like this one and there are people I don't trust around the king's chair

Lumphindo: Why are you looking at me?

Anita: Lumphindo please

We watched the video of Lelothando sitting on my father's chair

Lumphindo: She looks so cute

Me: The throne will suit her perfectly fine

I smiled

Anita: What she's doing is disrespectful and what she was doing in this room from the first place

Lumphindo: Don't be jealous come on...

Anita: Luphindo don't act like you don't know the tradition...

Dad: Quite!

We all kept quiet and continued watching the video Lelo quickly stood up and went behind the chair and rushed out

Mom: What she was doing behind the chair?

Luphindo: No no no don't even...

Dad: My sceptre is missing and Lelo was here...

Luphindo: Come on guys what she's going to do with it?

Me: But she went behind the chair Luphindo and the royal sceptre is missing nowhere to be...

Luphindo: Not you too Luu no

Anita: Let's call Lelothando to find out Luu call her because I don't know where my phone is

I dialled her number and she answered on a fourth ring

Lelo: What do you want?

Lelo: So what should I do about that huh or you heard that I am keeping some sceptre with me

Anita: Lelothando did you come to the house today?

I closed my eyes and cried in silence until I felt someone's presence around me and I opened my eyes it was Luyanda

Luyanda: I still remember the day I met you...

Me: Let that day be darkness let not God regard it from above neither let the light shine on it...Let darkness and the shadows of death stain it let the blackness of the day terrify it...Let it not be joined to the days of the year let it not come into the number of the months

I looked at him as my tears doubled on my cheeks

Luyanda: Lelothando I love you and I didn't mean to hurt but as you know that I am the future king and I have to follow and respect the tradition....

LUPHINDO'S POV

I couldn't sleep the whole night busy thinking about Lelothando...I woke up and went to the bathroom washed my face and my teeth then changed to my tracksuit and sneakers and went to downstairs where everyone was

King: Fetch Lelothando

He was looking at me with a scary face...I went to Lelo and she was already awake I felt my tears falling and I went to her

Me: I am so sorry Le...

She touched my face with a faked smile

Lelo: It's not your fault and please take me to the people

I helped her to stand up and went to others

Lelo: I curse the throne will all the people of this kingdom you will never find peace and the kingdom will be taken away from you people...I declare poverty pains sorrows and drought upon you people...My ancestors will revenge my blood to this kingdom princes and princesses will never get married to any royalty...You will watch all the virgins of this kingdom being rotten while they still are alive and their tears will be in your hands...Men will want their wives to breastfeed them because of hunger and some will even want to eat their flesh...From six years now you will pay for your debts as I wipe my tears your land will be dry as my face

We all looked at her as she looked like she did not cry before

Lelo: We can all go

The Guards took her and we all went to our separated cars...After an hour and half we arrived to the forest and the hole was already prepared

King: Take her in

Lelo was crying and kicking fighting them but they put her in and it was funny and strange because after they put the soil back but Lelo's head was outside

King: When the sun rise it is when you breathe will leave your soul

Lelo: My God hear my cries and my ancestors revenge my blood

Elders: Aa! Gwebindlala

Then we all left leaving Lelo there crying alone

I felt like I didn't have a body like starting from the neck to downward I didn't feel myself at all...I watched them as they were leaving me there and that was time I realised that I am finished!...I kept on crying screaming for someone to help me but I knew that I was wasting my time...I cried and cried till I ran out of tears

Me: God please just take me I can't bare this anymore please I am begging you

Me: Daddy where are you here you promised that everytime I need you I will surely feel your presence around me please help tata please

I started where I left off crying and it was becoming so painful to breath

Me: But I believe that my God is alive and he will save from this hell because I am innocent...I AM INNOCENT

I closed my eyes for some moment hoping that when I open them I was going to see someone helping me or something but nothing

Me: Father God you said on your word "We shall not be afraid for the terror by night nor for the arrow that flies by day...Nor for the pestilence that walks in darkness nor for the destruction that wastes at noonday"...Because you Lord you has set your love on me and because you has known my name...I shall call on you and you will answer me you will be with me in trouble you will deliver me and honour me

I closed my eyes and took a deep breath

Me: God you said a thousand shall fall at my left side and ten thousand at my right side hand but it shall not come near me...You promised Lord that you will never leave nor forsake me father...You said your ear is not far for not hearing my cries...Father I know that I am more than a conqueror but I can't do this alone I need you my God

Me: If you are with me Lord who can stand against me because no one like you Lord no one above you...You are worth of praises My God mountains shall depart and hills be removed but God your everlasting kind mercy and love will never depart from me because you are a Great God...Y..ou are..

I closed my eyes again and took a deep breath because it was starting to become hard to breathe

Me: I..pr...

"LELOTHANDO"

"LELOTHANDO! LELOTHANDO"

I heard footsteps coming but I didn't know which side

"PRINCESS DO YOU HEAR ME"

I decided to scream even though it was hard so that whoever it was could hear me

"Thank you God you are still alive thank you God thank you so much"

He came to me and kissed my forehead

Me: O Lord you have searched me and known me...Thank you God and I promise to praise you for the rest of my li..fe...Bulelani help me please

Me: No! You don't know what I went through because of her you don't know much she hurt me...If I was really HIV positive the whole country would have known about my status something that is very confidential to me....

Dr: Baby...

Me: No uncle no...Can you imagine the way I was going to lose my virginity because of her...I was going to get raped something that I was going remember the rest of my life something that was going to kill me physically and spiritually uncle something that was going to develop hatred...

I was crying so hard and Bujar joined me

Bujar: Princess...

Me: I will never forgive her NEVER!...She should just die for all I care

I ran to upstairs and went to my room...I threw myself to the bed and I cried so hard...I felt hands touching my shoulders

Bujar: Come here

He took me to his arms

Me: Sh..e hurt m..e

Bujar: I know but now I want you to cry it out all of it and don't try to hold yourself baby girl

I cried like it was my last day on earth with Bujar brushing my back...After some time I finally calmed down left with hiccups

Bujar: Drink here

He gave me sweet water

Me: Thank y..ou

He wiped my tears and kissed my forehead

Bujar: How are you feeling now and be honest

Me: Better like something has been removed from my chest

Bujar: Don't make the same mistake I made or else you live with a regret always asking yourself "what if"

I looked at him

Me: What are you talking about?

Bujar: My mother died when I was four years old then my father take me to stay with him...He did everything for me and he closed the gap that I don't have a mother and really I did not felt like I don't have a mother at all...But things changed when he gets married and I was doing grade 10 that time

He wiped his tears

Bujar: Well things were perfect until the wife got pregnant but I thought maybe it was because of her hormones and stuff but no I thought wrong...My father became a beast and I don't want to talk about the wife she was more than a beast...My father would beat me to a point I couldn't walk properly

Me: I'm sorry...

Bujar: But Lelo I knew very well that my father love me so much but he was being controlled by his wife and she turned him against me...So when I was doing matric my Business Studies teacher helped me to apply for university and NSFAS

He closed his eyes

Bujar: I don't know how I passed my matric but by God's grace I passed with four distinctions...My stepmother accused me of stealing her money so dad beat me so badly and chased me out of the house

Me: Oh my God...

Bujar: I went to where my teacher was staying and she took me in...Lucky I got accepted at NMU and even NSFAS too...So my teacher took to varsity and yeah...But she got transfer to another school so we never get in touch again after that...And to cut the story short I heard that my father is looking for me and stuff but I told them that he should go to hell...Until when I was doing my final year I received a letter from him asking for forgiveness and to see me but I told him that I will never forgive him not even in his death...Few months later he passed away

Lelo

Me: Oh Bulelani I..I'm sorry

Bujar: Lelo I was so hurt just because when I got in varsity I told myself that I want him to see me driving my car and successful...I wanted him to bow down to me and ask forgiveness but then I realised that the guy wanted to see me but I refused...And Lelo I was going to forgive him but I was still nursing my ego I wanted him to feel the pains but he died Lelo...God knows I was going forgive him maybe we were going to that father and son we were before but I let pride to control me Lelo...Please don't do what I did please...

Me: Bujar I...I...

Bujar: I know Pamela the owner of Brilliant World Communication the founder of African Women Accountants the shareholder of PALM Media...And I knew you before I met you through her and your father...Sis I know what she did to you but she wasn't herself...Can I ask you something

Me: Yes...

Bujar: The Pamela you know do you think she was going to hurt you like that in her true self huh?

I felt my tears falling

Me: N..no..no

Bujar: I'm sure you asked yourself that what's wrong with Pam when you discover her new behaviour right and you couldn't believe it neh

Me: Ye..s

Bujar: I am not going to tell you what to do sis okay

He wiped myself tears and kissed my forehead

Me: Thank you

Bujar: That what big brother do...Now let's go eat that desert we have been preparing for the whole day...Come but please wash your face first because you look l..

Me: Don't start with me okay you still in my room darling

We laughed and went to the bathroom to wash our faces then went to downstairs

PART 66

.
. .

After some few days later deciding what I want to do but I final decided that I want to see Pam...As much I was angry at her but Pam has been there for me for many years fighting for me making sure that I was safe all the time but the Devil decided to manipulate her ways...So she deserved a second chance and I wasn't doing it for her but for myself too...Anyway I went to take a quick shower wore black and white Adidas jeggings with a white Adidas t-shirt and white MD kicks...Tied my dreadlocks neatly and took my bag then went to downstairs

Me: Hey and bye

He chuckled

Bujar: I thought you left long time ago

Me: Phumakimi (leave me alone) please

Bujar: I was going to go with you but work...

Me: I understand darling...Bye

I kissed his cheek

Bujar: Princess

Me: Yes...

Bujar: I am so proud of you

I looked at him with a huge smile

Me: Thank you big brother

I took the car keys and went to the car I was driving Bujar's Audi S6...In fact the three of us including uncle drive any car we want even if it's not yours we just drive...Anyway I drove to the hospital listening to Celia Dion...When I arrived I parked in the driveway then I took my bag and got out...The receptionist told me where Pam's ward was then I slowly walked there...When I was at the door I said a short prayer then I knocked...I was invited in so I opened the door and got inside...When I lifted my eyes to the bed Pam was looking at the other side...I looked at my uncle and he nodded

Me: Pamela

She kept quiet for some time

Me: Pa..Pam

She slowly turned and looked at me with her eyes popped out then she screamed out louder crying...I don't know but I found myself running to her

Me: It's okay...I...I'm here...

My tears failed me so I cried...Uncle ninja walked out leaving us alone

Pam: I am...so...sorry

Me: Shh...

She cried until she ran out of tears I guess...She was left with hiccups...She touched my face

Pam: Oh God...you are alive...

I nodded

Me: Yes...

Pam: But they said you....

Me: I survived

Pam: Lelothando I know...I know princess that I don't deserve your forgiveness...Yes I don't but please forgive me so that I can die peaceful

I looked at her shaking my head

Pam: I know what I did and it is killing me everytime I think about all the things I did...Please forget me...I know that I don't deserve your mercy I don't deserve to live but please...

I wiped my tears while I was shaking my head

Me: Please excuse me...

I ran out of the ward while she was calling my name...I went to my uncle's office

Me: Uncl...e

He met me halfway and took me into his arms

Dr: It's okay baby...I'm here my love

Me: I...I'm fine now...

Dr: Are you sure princess?

I nodded

Me: Please take me to Pam

Dr: Okay...

He took my hand and we went to Pam's ward again...Shame poor Pam was praying asking God to take her life

Me: I forgive you Pam

She opened her eyes and looked at me shaking

Me: I know I am not God and I am not trying to be a heroine but if He forgives me without counting then who am not to forgive you...I don't know how many chances God has gave me since the day I was born then give me one reason for not giving you a second chance

Pam was crying and shaking uncontrollable

Me: I forgive you and I forgive you with a clean heart

Pam: Oh my God...Thank you so much

Me: But Pam you have to forgive yourself first please...It is not your fault okay...You didn't asked for what happened to you

Pam: Thank you Nkosazana...

Me: It will take time to trust you again and stuff please be patient with me

Pam: I know baby...I know sthandwa sam

She giggled shaking her head while uncle was laughing

We laughed

Me: Sthandwa sam when did the last time you bath?

"She needs a Minister of Beauty Police"

We turned and looked who was talking...It was Rams

NARRATED

A Week later...Pam was coming from her counselling but she went to Rajesh office

Rajesh: Well this in a nice surprise

Pam giggled

Pam: Come on

Rajesh looked at her for some time he couldn't believe that Pam is still beautiful just as the first day he met

Pam: Staring is rude Rajesh

Rajesh: Pam what happened to us?

Pam: You happened Rajesh and please I am not here to talk about that

Rajesh looked at her and he knew that he's not going to give up this time

Rajesh: I'm sorry

Pam: Did Bantu told you about Lelo's biological mother

Rajesh: No...

Pam: Come on Raj...

Rajesh: I am telling you the truth here or you want me to lie

Pam: I know her mother

Rajesh: YOU WHAT...PAM

Pam: We grew up together in fact we were sisters

Rajesh: Who is she where she's from...

Pam: Buhle Cooper

Rajesh stood up with his eyes all out

Rajesh: Princess always tell me that toys are written "Made in China" Pam

Pam: At this age you think I still have time to do jokes

Rajesh: No wonder Bantu did not want to tell me...

Pam: He knew that if one mistake happens he was going to die...Busani is merciless so cruel and his father is ten times more to him

Rajesh sat down

Rajesh: So you want to tell me that Lelo is...no wonder princess has that dark side inside her...I once saw her slap some guy that tapped her waist and...thanks God I was there or else...

Pam: Everything in Lelo is her mother but she took after her father's heart but deep down Lelo is cruel trust me

Rajesh: So you are going to tell her about her mother's...

Pam: NO!

Rajesh: Why?

Pam: You know the way Lelo was born is very strange

Rajesh: Strange how....

Pam: That day was...Outside it was very dark not because it was afternoon no because of weather...There were heavy thunderstorms and lighting...And when

Lelo came out she was covered with something like an egg shell but it was transparent...

Rajesh: What...

Pam: Rajesh outside it was so scary but when she let her first cry everything was quite just silent

Pam's eyes were closed with a smile on her face

Rajesh: Even thunderstorms and...

Pam: Yeah everything...But unfortunately her mother passed away immediately

Rajesh: Ouch!

Pam: Then suddenly we saw a woman and we didn't know where she got in and when...But she told us that Lelo was supposed to die but Buhle didn't allow it...Buhle was a princess and a favoured one but the woman told us that Buhle's people were prepared to save their princess but she sacrificed her life for her child...She told us that Lelo has rare and powerful gift that some may use it for evil things but some for wealth and some for powers...So Bantu should do everything to protect her and we shouldn't not tell her about her mother she will find out by herself

Rajesh sighed

Rajesh: Wow...this is...I don't know

Pam: I am sure that the Cooper priests do know about her...

Rajesh: Priests not priest

Pam laughed

Pam: That kingdom...Nc.nc.nc...I'm sure you have seen them on tv

Rajesh: Yeah...I can't believe that Lelo is...wow

Pam: I did something terrible when me and Buhle left

Rajesh: What did you...

Pam: I stole their black stones

Rajesh stood up quickly looking at Pam

Rajesh: WHAT?

Pam: And I can't sell them or do anything with them...And I'm sure they know where they are but they are waiting for me to return them or...

Pam cried

Rajesh: Eish...Sorry Pam

Pam: They won't spare my life I know that surely

Rajesh: Yeah neh

Me: Oh my God...I can't believe it and I like him already...We are going to be just perfect friends I know...A Cooper

***I screamed excitedly...and I started the engine and drove off...I was listening to Rihanna and the way I was singing I am sure people thought I won a jackpot....I felt like shouting out louder that I am a friend with a Cooper Prince...

You know people when life is great nice...that what I was feeling and mostly I was grateful to the man above because after everything I went through He never leave nor forsake me always on my side...And it wasn't my wisdom or my strength but his everlasting kind love and mercy upon me....Anyway I couldn't stop smiling thinking about my new friend...I woke up and my mood was ten times more than the previous day I was over the moon...I made my bed neatly then went to the bathroom to wash my face and teeth then went to downstairs...I was singing and dancing all the way***

Bujar: Someone is in good mood today

Me: The weather is beautiful birds are singing their joyful songs outside I am blessed with two wonderful guys in my life so what else do I want huh...But to sing joyful songs for the Lord

They looked at me

Bujar: You looked like someone who got her first kiss

I looked at him then I laughed

Me: "It is coming from my heart praise and thanks unto You Lord. All the things that you have done I am grateful for your love I give you the praise"

I sang while I was dancing

Me: "I'm counting my blessings I just can't keep it to myself. When I thought He had done too much oh oh oh Jesus did it again!"

Dr: Princess did you win a jackpot or what...

Me: Can't I be just thankful to God for the life he gave me...Go tloba monate people (it is going to be nice)

Bujar: Huh!

I sat down and dished for myself then said the grace

"I heard someone singing while I was at the gate"

It was Pam

Bujar: It is Princess Lelothando September Nadioo

Me: "Princess Lelothando September Nadioo" give this man a Bells people did you hear how wonderful when he said that

We laughed

Dr: I wonder what happened to you yesterday

Pam: This is for you my darling

She kissed my cheek and gave me a bunch of flowers

Me: You see what I'm talking about huh...Thank you my love I will put in the water

Pam took her seat and dished for herself

Bujar: What about me Pam?

Me: You also want flowers dude come on

We laughed

Dr: Don't worry son we are going out just you and me

Me: And who is not darling huh tell me

Bujar: You are not included darling

Me: Who said I am going with you duh?

We laughed

Pam: Princess what's up with you...

Me: Oh well let me go prepare myself my people...See you when I'm done
***I took my flowers then went to the kitchen put them in the vase then take them
back to the dining table***

Me: Bye

***I ran to upstairs while they were shouting my name and I was laughing...I ran
myself a bubble bath with oils and salt...I soaked myself in just feeling the warm
water into my skin...After some time I got out and dried myself...I slowly lotioned
my beautiful skin looking myself through the mirror***

Me: At least the scars faded away and thanks to my uncle for his magical
ways...Maybe I should get a tattoo of an eagle my whole back...Yeah and it will be
absolutely perfect!

***I wore a lame pink silk short jumpsuit that was back opened flowered lame
pink six inch sandal heels...Tied my dreadlocks into a neat bunny put a nude
lipstick and I took my clash bag then went to downstairs***

Bujar: And then?

They all looked at me

Me: Are you going to close your mouth or what?

Pam: Baby you look beautiful

Me: Thank you thank you guys

Dr: Princess where are you going?

Me: I'm going out uncle with a friend

Bujar: A friend and since when do you have "a friend"?

Me: Uhhmm...let's say a day or days I'm not sure

Dr: Who is she and...

Me: Actually it's a he darling

Dr: Princess

He looked at me with worried eyes

Me: No no no it's not what you think uncle...he is a friend qha!

Bujar: Does he have a name?

Me: Of course yes darling

Pam: What is his name then?

Me: I have been waiting for this question...But I will tell you later...for now let me

Bonani: My mother was a xhosa princess...

Me: Was?

Bonani: Yeah she passed away three years back

Me: Your parents were marr...

Bonani: No they were not and don't ask me why because I don't know also but what I know is that the two royalties hate each other

Me: Why?

Bonani: My mother's family forced her to my father and stuff and she also forced herself too but when I was two years daddy took me away from them...But you know I got nothing to do with their conflict so I used to visit my mother until she passed away then her parents banned me from their ugly palace

Me: Why?

Bonani: They hate me duh and I also don't like them either wethu...They are punishing me for my father's sins which is their fault...Rha!

We laughed

Me: So does your father know that you are gay....

Bonani: Hey shhh...No they don't know...just imagine the heir appearance "Gay"...Yhoo to all royalties the Cooper kingdom...no no no

Me: Shame sorry neh

Bonani: You know sometimes I wish I wasn't a prince or part of royalty...Worse my family

Me: Why?

Bonani: My family is so strict and very cruel everyone even their priests and ancestors too dogs cats...

I laughed

Me: You are exaggerating things now...

Bonani: My friend I am not okay...Just don't be fooled by their faked smile on tv and stuff they are the beasts...And sometimes I ask myself if am I really part of them

Me: I am sure that your beast is still sleeping

Bonani: Oh God please make it sleep forever

We laughed...we continued talking

Me: Oh I've been in China UK Paris New York and L.A

Bonani: Yhoo sana...I've never been in China before and I don't want to go there shame

Me: China is beautiful especially in Hong Kong very beautiful

Me: And I am feeling the same way

We looked at each other smiling

Bonani: You look like my aunty you are her photocopy girly

Me: You are also someone's duplicate that I know...

We laughed and continued talking and laughing...We were just having our perfect time

Bonani: Yhu! My God!

Me: What?

Bonani: Who is driving this beast?

Me: Come on you can afford anything you want...

Bonani: Friend...I asked this beast from daddy but he bought something else just because he loved it

Me: It is still a Lambo right...

Bonani: Yes but I wanted this one...Baby girl do know this car the things it has just on your spare time Google it and you will see why I am this crazy

I laughed

We walked to his car...It was Lamborghini Gallardo white in colour with black rims

Me: Wow...This is an angry beast dude!

Bonani: Yeah but that one...Nc..nc..nc

Bonani: You came with a taxi or someone dropped you...Well I can take you home darling I don't mind in fact I will do anything to be away from Busani that nigga should just get a wife and leave me alone...Arrgg!

We laughed

Me: Actually this beast is mine darling

He looked at me with his eyes popped out

Bonani: You are lying!...Oh my God

I opened it...And he screamed

Bonani: Jesus Christ!...Let me take some selfies

We took a lot of pictures then we went to our separate ways...Well I had fun with him

Me: Could be Yanga be Bonani's brother...Because her mother left him a note telling him that his father is aprince...Well I will get to the bottom of this yes I will...But I need to communicate with Yanga first

Bujar: You are going to see Busa...

Me: Hell no!...I agreed because Bonani told me his father went to KZN

Dr: I am so happy to see you this happy my baby

Me: Thank you uncle

I got a call and it Bonani's driver

Bujar: Let me walk you out...

Me: Lets go then darling...Bye guys

We went outside...And when Bujar opened the gate he quickly looked at me

Me: What's wrong?

Bujar: Come and see

There were five cars two black Range Rover white Jagaur and two black BMW X3 with guards standing next to the them...I looked at Bujar

Me: God mara...Eish let me go ntwana

I kissed his cheek then went to the cars...One of the guards met me halfway and took me to the Jaguar...Then they drove off...I was smiling like an idiot day dreaming alone all the way until I was disturbed by the guard

Guard: We have arrived Ma'am

I came back to earth..He opened the door for me and I got out with my mouth opened..."how much these people are worth" that what I asked myself when I looked around...There were many cars guards maidens and I don't want to talk about the house...My house is beautiful but compare to Bonani's house it was 20 times less it was just nothing

"Final you are here"

It was Bonani he came to me and we hugged

Bonani: Come let's get inside

***My mouth was still opened admiring the house as we walked to the dining area which felt like 100+ miles away...Every corner we passed was an arts gallery...We finally got to an open spaced room my eyes popped out...In the middle of the room there was an oversized black and greenish Italian crocodile dining table with its crocodile skin leather seats...Two guards and two maidens standing on each corner of the room...Sangqu kingdom is nothing compare to that absolutely

NOTHING***

Bonani: You may take a seat Girlfriend and please close your mouth darling

Me: Mxm

We laughed and sat down...The servants set the table for us and served us...It was sea food

Me: Do they blink or smile?

Bonani: Huh?

Me: I am talking about the ones on the corners they look like statues

Bonani laughed

Bonani: Yeah they do

Me: I wonder what your Palace look like because this is...

Bonani: Come on but don't worry one day you will go with me

I smiled and after we finished eating we went to sit in one their designed big lounges

Me: This is beautiful very beautiful

Bonani: Can you please stop please

We laughed

Bonani: Tell me about yourself besides your name where you studying okay

I chuckled

Me: Well I am a daughter of the late Bantu Septe...

Bonani: Bantu September!

Me: Yeah

Bonani: Oh my God! So you are thee "Nkosazana ka tata"

Me: Oh my Gosh...Yes!

He screamed excitedly

Bonani: Oh my God...My father will definitely meet you soon he should

"Uyanya" that what I said to myself

Me: Come on...Well as I was saying I am adopted by my father's best Dr Rajesh Na

Bonani: NADIOO!

I nodded and he screamed excitedly hugging me

Me: Yes...So I am Lelothando Princess September Nadioo and having a brother Bulelani Prince Ludidi Nadioo

He looked at me

Bonani: He's also adopted

"My Prince"

It was the guard

Bonani: Yes...

Guard: I am sorry to disturb you My Prince but we need your help few seconds

Bonani: Please excuse me girlfriend

Me: Okay darling

Bonani: We can go darling

They disappeared to one of the rooms...I was surprised the way Bonani was humble towards their servants he was so kind...Unlike the Sanqgus...Anyway I was still admiring the lounge when something attracted my attention...I slowly stood up it was a big designed picture attached to the wall...I walked close to it

Me: What is going on here?

Do you still remember the picture I found at my father's study room of a lady and Pam told me senseless stories...It was the same lady but now she was sitting on the throne with a big snake surrounding her

"She's your photocopy right"

It was Bonani and he came stand next to me

Me: Who is she?

I looked at him

Bonani: My aunt

Me: Her name

Bonani: Buhle Cooper the golden princess

I quickly looked at him

Me: Golden Princess

Me: And the snake?

Bonani: Well I also don't know daddy said he will tell me when the time is right

Me: I see

My mind was doing some one plus one thing and I wasn't listening to Bonani anymore

Me: Hello

She looked at me from head to toe

Her: Hi

Me: I'm Yanga Kani

Her: I'm Lisa and please come in

Me: Thank you

I followed her to the lounge

Lisa: Please take seat and what can I get for you juice...

Me: Thank you but I'm fine

Lisa: You look familiar...do I know you from tv

I chuckled

Me: Maybe you once saw me doing interview with Mr September

She looked at me

Lisa: Oh now I remember yeah you were doing a show called "Let's talk business with YK"

Me: Yeah

Lisa: Wow...you are welcome

Me: Guys you are confusing me now

Sihle: Well Lelothando got involved with Prince Luyanda Sangqu and I bet you know him

Me: Yeah...

Sihle: We tried to warn the Prince but he didn't listen to us because Lelo gave him love potion...So their thing continued and Lelothando moved out from the house after insulting us...

Nicole: She stole the Prince from Lisa...Well she turned the Prince against his mother...

Sihle: But to make the story short Lelothando stole the royal sceptre from the royal house

Me: What?

Nicole: You know the royalty rules tradition and customs...So she was punished

Me: How?

Sihle: The Queen came to told us by herself and final the Prince saw herself colours her wickedness...She was punished by death

Lisa busted into a loud laughter

Lisa: You see Satan is going to prepare your own hell...VVIP Hell is where the two of you are going

Me: Huh?

Lisa: They bewitched everyone turned against Lelo and kicked her out of the house after stealing all her money

Me: That is cruel...

Lisa: You don't know anything wena...So Lelo went to stay with Dr Nadioo and they didn't stop along with that witch called a queen they were still after after Lelo's blood to a point they organised people to rape her but their evil plan failed

Sihle: Lisa!

Lisa: She was his wife until she found out that they bewitched her against Lelo...So she divorced his useless ass and bought his company at a cost of R1...Am I lying?

She was looking at her uncle

Lisa: Well back to Lelothando I don't know what happened but the queen came here and told us that she's no more she is dead and as you know that the wage of sin is death...Well that what also happened to Lelothando she paid her sin

Me: I...I...I don't know what to..to say because I receive....

Lisa: Shame may her precious soul rest in peace...

Me: I...I...

Sihle: But you can take Lisa...

Lisa: Yazi uyandinyela...Who told you that I want him or he wants me huh...You see Yanga my mother was married to his brother but not even two days father died they slept together...

I quickly covered my mouth with my hands

Nicole: You little ungrateful bitch...

Lisa: Truth hurts neh...I feed these two witches because the only thing they do all day is sex doing it all over this house

I couldn't take it anymore...I left them shouting each other I quickly ran to the car

Driver: Is everything okay?

I sighed out louder

LELO'S POV

"Young Lady"

I felt like the earth could just swallow me up right that moment...I started shaking as I was facing to the wall

"I hate to repeat myself but I will ask you again who are you?"

His voice was firm but low...I was just frozen

"ARE YOU DEAF OR SOMETHING"

He roared and I jumped a bit out of fear then I slowly turned to face his scary self

Me: I...I

Busani: Bu...hle

He looked at me with eyes popped out and he dropped his glass on the floor...I was so scared

Me: Si...r...

Words couldn't come out he was looking at me with scary eyes with his hands shaking

Busani: Where is the princess?

Me: I..I don't know wh..at you are talking abo..ut sir

He face changed and veins started to pop out in his forehead

Busani: Where is the princess?

Me: Sir I don't...

Busani: YOU KNOW! WHERE IS MY SISTER?

I couldn't control my tears

Me: I am Lelothando September and I don't know anything to do with your sister sir

***He walked towards me and I walked backward till I was blocked by the wall

Busani: You sacrificed her right?

Me: What? Oh God where are you or are you having transport problems

He let out an evil laughter

Busani: You are going to tell me the truth

Me: Sir...I swear I don't know your sister or your princess I don't know anything...

Busani: LIAR!

Me: I am not lying si...

He pinched me against the wall with his hands on my neck

Busani: I am going to skin you alive do you hear me...Now tell me where is my sister or you were told not to say anything right?

I shook my head with tears in my cheeks

Me: S...ir plea..se I..

He strangled me and I screamed

Busani: YOU LITTLE WITCH...

"FATHER WHAT ARE YOU DOING?"

Bonani ran to his father and pulled him away from...I was coughing

Bonani: UPHAMBENE (ARE YOU CRAZY)

He was looking at his boiling father

Busani: DON'T DARE TALK WITH ME LIKE THAT OR I...

Bonani: OR WHAT FATHER AND DON'T FORGET FATHER THAT I AM ALSO LIKE YOU...Lelo are you fine

He came to me but I pushed him away

Bonani: I am so so...

I ran outside even though it felt like forever to get out from that exaggerated big house with Bonani running after me shouting my name...I ran to my car got inside

Bonani: Lelo please don't...

I drove off and lucky the gate was opened...I was crying and also driving like mad woman...I decided to stop aside the road as much I didn't care about my speed level but there are people who were going to be involved if I caused an accident...I stopped the car and I cried so hard like my life was depending on it...After some time I calmed down only had hiccups

Me: Everything I am doing always find its way to hurt me so badly in the name of finding the truth...God when the this will stop huh when will it stop

I looked myself in the mirror I was reddish around my neck...I got out from the car and stand next to it

Me: That beast was going to kill me if his little beast did not come on time...

I sat down next to my car and I was thinking about lot of things

Me: No no no I am not a curse no I am not...And everything will pass just like it did to Job...But when...Oh God hear my cry like you did the last time please
I started where I left off crying

Me: Father this is your fault and I hate you BANTU SEPTEMBER...How could you hurt me like this I HATE YOU YOU ARE NOT MY FATHER ANYMORE
I hugged my knees and rocked myself forth and backward crying in silence...A black BMW X5 stopped and I ignored it continued rocking myself while I was looking down...And I didn't care whether the person was going to hurt me or what

"Excuse me young lady do you have a problem with the car"

Me: No thank you sir

I was still looking down

"Are you sure because I would like to help if there is something wrong"

Me: No I am fine sir you can go

He took few steps but he came back again

"I am sorry but I can't leave you like this***"

Me: I am fine sir...

"But you sitting next to the car and crying***"

He sighed and I was still looking down

"Okay but can you do me a favour then I will leave"

Me: Yes...

"Please get up and get in the car then I will leave I promise"

Me: Sir....

"Please or I am joining you"

Me: No please don't pl...

"Then get up"

I wiped my tears and I got up...When I looked at the guy my eyes were all out my heart beating so fast...It was like I saw a ghost standing next to me

Me: YANGA!

He looked at me as if I am ghost or something

Yanga: Lelo...

We attacked each other with a hug and we both cried

Me: I thought you...

Yanga: Shh...I am here now

After few minutes we pulled off and he wiped my tears

Me: I...I...

Yanga: Come

We went to his car and he knocked at the window

Guy: Sir

Yanga: I am giving you some time off okay and I will send you some money just go spoil yourself

Guy: Sir are you sure because you said we are...

Yanga: Never mind what I said okay just go and please don't do funny business in my car

Guy: Yes sir and thank you sir

Yanga took my hand and we went to my car...He opened the door for me and he also got in...He was the one who was driving and I don't know where we were...It was just a quite journey...After some time he shook me

Me: Hmm

Yanga: Come

We were at the hotel I guess it was where he was staying...We walked in and went to the elevator it dropped us at the 8th floor...Then Yanga opened the door of his room and we got inside...It was a double suite room I sat on the couch while Yanga sat in front of me

Yanga: Since I arrived at Paris I have been waiting for your call text just anything coming from you...I thought you forget about me Nkosazana until I received your email....

Me: How could I forget about you while I have your bracelet with me everywhere I go...I have never took it off

He looked at me then he smiled while holding my hands

Yanga: I thought of you everyday...

Me: Then why did...

Yanga: Because I was afraid of rejection Lelothando

Me: When did you come back?

Yanga: A week back after receiving your email

I nodded

Yanga: I was your house yesterday and I was told that you are dead...They told me a lot of things

Me: Everyone turned against me Yanga even the ones I trusted with my life

I told him how my family turned against me

Yanga: Then where did you go?

We were both crying

Me: My father's best friend took me in and he adopted me Dr Nadioo and I own him big time

Yanga: Prince Luyanda Sangqu

I looked up then I closed my eyes as tears were falling down

Me: That one...

I chuckled

Me: He was there when I needed him during my worst days by my side and he supported me...I loved him so very much with all of me

Yanga: What happened?

Me: His mother hated so very much with every tissue in her body...But I was not surprised because it is usually a mother to hate her son's girlfriend...But her...Nc nc Yanga

I laughed

Me: She and Satan are best friend maybe she's the one who gave birth to him

Yanga: Huh?

I told him about her and Coffee Bay saga...He looked at me

Yanga: Lelothando who are you?

Me: I also don't know but let me summary the story for you

I told him everything

Yanga: They did what...Lelo you were alive

Me: They left me there Yanga alone...Yanga I begged God crying asking him to rescue me

The way Yanga was crying you would swear that he was the one who was buried

Yanga: Lelo...

Me: But you know how God is...That's why I love him because he first loved me...One guards came from nowhere and helped me and I own that guy my life

Yanga: This is...Wickedness...They are so wicked I curse them they should find no happiness in the kingdom...They should suffer...So where is the guy?

Me: My uncle adopted him

Yanga: I am so sorry that you went through all these pains alone but now I am here and for good okay

I nodded

Yanga: Lelothando

Me: Yes...

Yanga: Your neck what happened?

He touched my neck

Me: Busani Cooper happened

He look at me confused and I didn't waste anytime told him how I met Bonani and how his father squeezed life out of me

Yanga: What?

Me: Yes and his son is the photocopy of you as you also look like him

He looked at me for something

Yanga: No it can't be no...

Me: What?

Yanga: My mother left me a letter saying that my father is the prince but she did not say which kingdom

Me: Maybe Busani is your father...Well I don't want anything to do with any royal family anymore because at the end they want to kill me...I want nothing if I meet someone and he/she tell me that he/she is the prince or princess I will run for my life

Yanga: Me too because you are my sister if someone hurt you he/she is also hurting me

Me: You know this grandmother ghost I was telling you about

Yanga: Yes...

Me: She said I am so close to meet my people and I guess she was talking about the ones she said are crying and stuff...And she called me "Ndlovukazi" while she bowed down then she disappeared

Yanga: Maybe the picture of the lady you are talking about is your mother...

Me: Well I have already accepted that I don't have a mother and I never had because if my own father didn't bother himself to tell me so yeah

Yanga: But I am sure Mr September had a reason for not telling you or he was protecting you from something

Me: I also don't want to talk about that ugly nigga I have disowned him in my life I will never go to his grave again and when I get home I am going to take his necklace off and throw it away

Yanga: You don't mean that

Me: Unfortunately I meant every single word...He is not my father anymore

Yanga: Lelothando September

Me: And I am going to change my surname I don't want anything to do with him again

Busani: Fuck!

He also went to his bedroom he first took a shower then got inside the bed after switching off the lights...It was during his beauty sleep when he felt so cold and he woke up

Busani: What's going on here who opened the windows?

He sat up straight and the room was becoming more cold and there was wind which caused the curtains to move up and down

"Kray"

Busani's heart stopped beating as he heard the voice that was calling his name and the only person who called him with that name it was his sister

"Kray"

He saw a shadow

Busani: Buhle

"Kray my child"

Busani: Chi...child what child Buhle?

"I gave her my life and she is the one who will help the kingdom"

Busani kept quiet for a while

Busani's eyes popped out

Busani: She...she's wha...t

"Kray you hurt her you hurt them...She is the princess of all nations the Golden Queen sacrificed her gift for her"

LELO'S POV

We were on our way to Busani's house and we left Bujar behind because he said he's going to take some file at his workplace...Well we firstly called uncle before we left and he gave us his permission but on one condition "Come back home without any stretch"...Anyway when we arrived the guard opened the door and we stepped out...Busani took us inside the house

Yanga: Where are you going?

He whispered and I giggled silent

Me: Keep on walking dude

Yanga: It feels like I am walking into some Italian museum because every corner I pass there is an Italian art gallery...I don't want to mention about these people who like statues

I couldn't control myself anymore I busted into a loud laughter and they all turned and looked at me while I quickly closed my mouth

Me: I'm sorry

Busani looked at me with a smile

Busani: Are you okay?

I nodded and we walked into a big open space lounge its design was exquisite its theme was shiny black and silver...There was a pool tank which was made of glass with small fishes inside...My mouth was wide opened admiring the room...Busani cleared his throat

Busani: Please take a seat

Me: How many lounges do you have in this house because everytime I'm here it's a different lounge

I was looking at Bonani

Bonani: I'm not sure babe but don't worry I will show you around

I nodded while taking my seat

Yanga: So do they blink or smile?

He was looking at the guards that were standing at each corner...And Bonani laughed

Bonani: Lelo asked the same question...Yes they do smile and they don't stand there the all day

Yanga: Wow

Busani was looking at me I moved closer to Yanga and he took my hand

Busani: I am sorry for making you feel uncomfortable and once again I am so sorry for what I did that day please forgive me my baby

My heart was dancing kwasa-kwasa because Busani Cooper called me "my baby" and he was asking my forgiveness

Me: It's okay sir

He looked at me then he smiled...And I looked down

Bonani: Ha.ana I can't wait any longer now no...Daddy is he your son or what because it feels like I am looking standing in front of the mirror

Busani sighed and looked at Yanga

Busani: Yes he is...

Bonani: Hehehe...What?

He looked at his father and clapped his hands once

Busani: He...

Bonani: You knew that you had another son besides m...

Busani: Yes

Yanga looked at him while he was shaking his head

Yanga: Yo..u knew...

His voice was breaking and tears started falling

Bonani: Father!

Yanga: All the things I went through you knew

Busani: We were told by a chief priest that I have a son and I was only 17 years that time...So I didn't know which woman was pregnant because there were two women I slept with...We only found one and she was not pregnant and we looked for your mother but there was no luck...And the worst part is that me and your mother were not in relationship

Yanga: Yeah she told me about that...

Busani: I am so sorry but we were told that you will find your way...I am sorry for all the things you went through and I always think about you and about this day when I final meet you...

Yanga wiped his tears and Busani knelt in front of him

Busani: I am so sorry about everything...

Yanga: You know everytime I asked my mother about my father...Sh..e...She told me that my father's family was going to kill me and...

Busani took his hands and looked at him

Busani: That was a lie....Yes your mother is not from royalty and I shouldn't have impregnated her but we were not going to kill or harm you anyhow...No! You were not going to make it alive from the birth if you were rejected...Come here

They hugged and Yanga cried all it out in Busani's arms until he calmed down then Busani kissed his forehead

Bonani: Wow I have a big brother and...

He cried and I looked at him while I was holding my laughter

Me: Drama engaka girlfriend (so much drama girlfriend)

Busani: Girlfriend?

He looked at me with his one eyebrow raised but I ignored him

Bonani: Can I please have a hug?

Yanga hugged him and he kissed his forehead

Yanga: What if I am not your son...

Busani laughed while shaking his head

Busani: We will see that when we are in the Palace

Me: You will do DNA or...

Busani: No! He is going to chase the Lion to the cave...

Me: What?

Busani: Anyway it's not my place to tell you but you will see don't worry

I nodded and when I lifted my eyes up I saw grandmother...I quickly looked down then I looked up again she was still standing there

Me: Grandma

She smiled and bowed down her head a bit

Grandma: Wena weNdlovu

Then she disappeared and I smiled while waving my hand up until I heard someone shouting my name

Yanga: LELOTHANDO!

I looked around I don't know when I stood up but I was on my feet...The others were looking at me with confusion written all over their faces and fear

Busani: Wha..t whom...

Yanga: Princess...what's wrong and who...

I took a seat and I was still looking where grandmother was standing

Me: She always disappear everytime I...

Busani: What are you talking about and who...

Me: I don't know her and she is just a talking ghost who always speak in foreign language and then disappear as usually

Busani looked at me with his eyes popped out

Busani: Oh my God...Shit!

Bonani: What's going on daddy?

Busani: Lelothando is Buhle's daughter

My body just froze and my heart moved from my chest to my throat

Yanga: Huh?

Busani: Yes and we have to go to KZN as soon as possible before she...

Me: I am Buhle's daughter you are talking about your sister

Busani nodded

Me: No no no...Ha.ana

Tears ran fast down my cheeks and Yanga took me into his arms

Busani: Wait I am coming

He disappeared in the passage...Bonani came to where I was seated

Bonani: From the first day I saw you I knew something was fishy...The connection we had was not normal and...

Yanga: If I could tell you how I met her and what I felt after you won't believe me

Bonani: Thank you th...

"I'm back"

It was Busani holding a big picture

Busani: Look here

It was a picture of his sister sitting on a big throne wearing her royal attire holding a big gold royal sceptre and there was no snake this time

Yanga: Huh?

He looked at me then looked at the picture

Busani: Our royalty is made of three royalties

Me&Yanga: WHAT?

He looked at us with a smile...The guy look so scary and his strong dark aroma around him but he got a beautiful smile just like his sons

Busani: We are the head of all kingdoms in the entire federation and by the grace of the God...

Yanga: You are the richest royalty in the entire world

Busani chuckled

Busani: Yes...

Me: What do you mean when say your royalty is made of three royalties?

Busani: We are made of Golden Goddess and then us the Cooper kingdom

Me: I still don't understand sir

Busani: I know and it's not my place to make you understand but you will understand don't worry...Buhle was chosen by the Golden Royalty which made her a Golden Princess

I looked at him

Me: Golden Princess?

Busani: Yes...

Yanga: Where is she now?

Busani closed his eyes as he clenched his jaws...Veins popped out in his forehead as his facial expression changed...I moved closer to Yanga and he hold my hand tight

Bonani: Dad..dy

Busani sighed

Busani: She didn't care about being a royal princess not to mention a "Golden Princess" she was everyone's favourite...The entire kingdom loved her and she loved them too...Everyone was equally to her as she always says "We are all equally in the presence of God" ...She disobeyed all the royal rules but she respected the tradition and customs very much

He looked at the picture

Busani: At this age I am still scared of my father but Buhle...

He chuckled while wiping his tears...I looked at Bonani and he shrugged his shoulders

Busani: Buhle didn't care about father's threats at all...Sometimes she used to cook for all maidens guards cleaners chefs just all the Palace servants alone and then told us that we will eat after them

We laughed

Bonani: Wow...At least there was someone who was not threatened by grandfather someone who didn't dance for his tune

We laughed while Busani shake his head smiling

Yanga: King Cooper makes me wanna shit myself while I'm looking at him on tv

We laughed again but Busani was smiling

Busani: Buhle was so matured than her age...So she told daddy that she is going to study at NMU not abroad...Mom and daddy agreed after threatening her but she wasn't shaken at all...Buhle stood by her word and she didn't care about the risks in fact she was fearless very brave...So when she came back from Port Elizabeth for first semester holidays she was with some beautiful coloured girl...She told us her friend's story then begged my parents to allow her friend to stay in the Palace...So dad and mom did as she asked and we loved her friend as one of us

Bonani: Wow

Busani: When she was doing her third year they came home as usually for their holidays but Buhle was not herself she was not the princess we know...She was always alone and crying all the time...She pushed everyone away and that killed mom in fact everyone but on the other side her friend was fine telling us that Buhle is going to be fine we should leave her alone

Bonani: Haibo!

He clapped his hands once...Drama was Bonani's second name

Busani: Then one morning I heard mom crying and Buhle was nowhere to be found with her friend...And it looked like they planned it because the guards and securities didn't saw them when they left and cameras were off...So we looked everywhere but there was no trace of them and Buhle took the track out of her body so we lost hope of finding her but we didn't give up...And the priests were quite even the chief priest mom was a mad woman

I was putting one plus one together...My father also went to NMU so did Pam

Busani: Few months later it was 25th of September 1997...

Busani closed his eyes as his hands were shaking

Busani: There were heavy thunderstorms and lighting outside it was very scary and you would swear that it was noon but it was around 11am but it was so dark...After one hardest sound and lighting everything was quite so peaceful...Everything went back to its normal state the sun just everything like nothing happened

Me: That was the day I was born

Bonani: Huh?

Busani: Then the chief priest and other priests came to the Palace...

A sob escaped from his mouth and we looked at him confused

Busani: They told us that the Princess is...is dead that Buhle is dead

Me: Wait wait wait...She..she died on the same day

Busani nodded and I cried

Me: So she's my mo...mom...Pam told me that my mother died after giving birth to m...me

Yanga took me into his arms

Me: They always insult me about h...her

Busani: We..we were told that the Princess gave her life to someone else and we thought that she was sacrificed...The whole kingdom was dead and drained...We were all dead inside and my mother had a stroke while daddy ran to the cave saying he don't want to be a king anymore he actually abandoned the kingdom for the full three years

Bonani: He stayed inside the cave?

Busani nodded

Busani: The chief priest went to river in fact everyone was blaming him/herself especially the priests because they are the eyes and mouth of the ancestors and the underneath royalties...So few years later we finally made peace but the priests lost the communication with the underneath royalties and the golden royal sceptre disappeared

Me: I understand now why I turned the stones gold

Busani quickly looked at me

Busani: What stones?

I told him about the Sangqu stones

Busani: WHAT?

Me: I wonder why my father didn't tell me about my mother...You know all my life I have been longing for a mother's figure just her love kind care hug...

I cried out loud

Busani: You are now home Nkosazana and we have been waiting for you

Me: I don't want to talk about Pam she looked at me in the eyes and lied right through my...

Bonani: Wait father isn't this Pam the one who stole the stone?

Me: Uthetha ngantoni ngoku wena (what are you talking about now)

Busani: Pamela Christopher who got married to some September idiot was Buhle's friend she stole the black stones...

Me: WHAT?

Busani: Yes she committed a crime that can lead her to death or madness...Those stones are not just any stones you can take and sell them no they are not...So one day Pamela will return them where she took them and she's going to tell us what happened to the Princess

Me: So Pam is protecting her pretty self...This is too much for one person to take

Busani: Tell me about Sangqu royal family

I chuckled then I narrated the whole story for him and by the time I was done...Busani was looking like a beast ready to slash someone's heart out of his/her chest and I wasn't crying for the first time

Busani: THEY DID WHAT?

He roared

BUSANI: THEY WILL NEVER FIND PEACE THEY DON'T KNOW WHO YOU ARE AND WHAT YOU ARE CAPABLE OF...THEY WILL WISH THEY NEVER MET YOU ONCE YOU...

He kept quiet and came to me

Busani: Come here and I am so sorry

He hugged me tightly then kissed my forehead

Busani: Your people have been waiting for you

I smiled as much I wanted to asked him what people but I decided to keep quite

Bonani: I wish someone could tell me that I am dreaming

Busani: We have been waiting for both of you

He was looking at Yanga

Busani: Since that day we were told Buhle is dead in fact since she disappeared the Queen has never been herself again...Yes she is trying but something is broken in her life...And I am sure you are going to bring whatever she lost and fix whatever thing broken

I smiled and we did the group hug

Me: Well when are we going to eat I am hungry people

Yanga and Bonani busted into a loud laughter while Busani smiled

Yanga: Princess!

Bonani: I'm sure they are about to finish now

Busani: God knows how many years we have been waiting for this day

He kissed our forehead the three of us

Busani: Please spend the night with us please

I looked at Yanga

Me: Well...I have to talk with my uncle first

Busani: I don't want to lose you again

He looked at me

Dr: You know Princess is very naughty she sent a text asking me why I agreed

Bonani: Oh sister yam ninani...Come lets go

They walked to where others were and the moment Lelo got in Yanga laughed his lungs out

Lelo: Being famous is stressful sometimes

She was referring to the people who were taking pictures...They finally sat down and had their breakfast while making jokes and laughing...When Busani lifted his eyes up his heart stopped beating and he stood up

Busani: Excuse me...I will be back now

LELO'S POV

After the breakfast the guards drove me and Yanga off to home not to Busani's house...After everything Busani told me my mind was still numb not thinking straight...Yes I was happy to know the truth about my mother's family but there was still something missing somewhere I mean why my own father didn't tell me even on his last breathe he said nothing...But Busani said that all our questions will be answered in the Palace...And I won't lie I was overwhelmed to know that I am also a part of Cooper Royalty Lord if all this was just a dream please let me sleep forever....Anyway we were chilling in the lounge because it was Saturday I was laying on the couch with my head on Bujar's lap and he was playing with my dreadlocks...We were telling them about what happened at Busani's house in fact I was the one who was talking

Bujar: You know when I saw Busani standing right there I thought I was dreaming

Yanga: And with his strong aroma and scary looks I almost shit myself dude

We laughed

Me: You have no idea the first time I met him he was like "who are you young lady" my whole body froze and my heart moved from the chest to my throat

Bujar: I can imagine princess

Me: When he roared with his evil facial expression and I don't want to mention when he squeezed the life out of me

Bujar: Only to found that the bitch nigga is your uncle

The way he said "bitch nigga" caused us to laugh...Then I noticed that uncle was so quite

Me: Guys I want to tell you something

I sat up straight

Yanga: Sound serious

Me: Uhhmm...Uncle

He looked at me and he was so worried/nervous

Dr: Yes baby

Me: Do you remember when you thought me how to ride a bicycle then I fell and daddy and Lee laughed but you picked me up

He looked at me then he nodded

Me: We were in China...

Bujar: I haven't never been out of the continent and Lelo is talking about China

We laughed and I smacked his head playful

Yanga: Except African countries I only went to Paris

Bujar: At least bruh what about me I have been Nigeria and Ghana because of work not vacation...You own me uncle so...Uhhmm...yeah

We laughed

Me: As I was saying before these two handsome fools disturbed me...That time you and daddy shouted at each other because he didn't want to get me those wheel shoes

Uncle chuckled while shaking his head

Me: Uncle you gave me warm love and care when the place I used to call home became a burning hell you took me in and you ensure that I am protected...That time you told Luyanda that I am sixteen again

Yanga: If I could bump into this Luyanda fool...Nc nc nc

Me: Uncle my point is you guys are the only family I know just because I met Busani Cooper that doesn't change a thing...And I am not even sure that Buhle is my mother...

Yanga: Me too I am not sure if Busani is...

Me: Dude! How can you say that while you are his duplicate

Yanga: Guys if you could see Buhle's picture Lelo is her photocopy

Me: You such an idiot do you that

Yanga: Then you are a fool

I threw my sleepers at him but he ducked and we laughed

Me: Mxm...Uncle no one will take your place in my life yes no one will come from nowhere and replace you guys...I love you so much

Dr: Baby...

I went to him and he hugged me so tightly then kissed my forehead

Dr: And no one will take you away from me again or else I will fight him/her with everything I have...I love you princess

He kissed my cheeks

Bujar: What about me Lelo?

Me: Ave ungakufuni ukushiyeka (you don't want to be left behind)

Yanga: I know that we haven't spent so much time together but the time I spent with you I felt complete guys...It feels like I know you so many years because of the love care kind joy and also the madness you all have I feel at home protected and...

Bujar: Ncooo he look so cute ninani

Bujar showed him a fist***

Yanga: What I am saying guys is that you are also my family and I love you please don't treat me as an outside just because...you know

He wiped his tears

Me: Blood only makes you related but loyalty makes you family right Bujar

Bujar: Isikolo sam siyapaselwa shame...Yes Princess

Dr: You are also one of us now Yanga

Yanga: Thank you uncle

We did a group hug then we sat

Bujar: Guys I want to tell you something but please don't tell anyone

Bujar: Yesterday when I got in to my office there was someone

Dr: Huh?

Bujar: It was boss lady and guess who is she?

Me&Yanga: Your boss lady of course

Uncle laughed

Bujar: Oh sometimes I forget that you are stupid...Lelo do you remember when I asked you if your father does have a sister

We looked at him and he was serious as fuck

Me: Yes

Bujar: My boss lady is Yolani September known as Yee Lu Ran

Us: WHAT?

Dr: Are you sure?

Bujar: As a heart attack uncle I found her in my office looking at Lelo's photo then she asked me that how she's doing...And I was confused so she explained everything to me

Me: My father once told me about his twin sister...

Bujar: Exactly! She said that she is Mr September's twin sister...And I think she is stalking you because she said its hurt to see you...

Me: So I wasn't crazy when I always found fresh flowers on my father's grave but Pam said it's my imagination

Bujar: She look so beautiful God! And you would swear that she's a coloured or something but not a black person

Dr: So she's back

Me: Wow...I don't know what to say but I am looking forward to meet her...It feels like life my life is a book or something where you would say "I have reach the climax"

Bujar: You know your life is like the life of Job in the bible...

Me: Yeah neh but besides everything I will always be grateful to God for everything just think about the people who changed along the way but He was always on my side

Yanga: So that's why we love him because He first loved us

Dr: And mountains shall depart and the hills be removed but God's kindness will not depart from us neither shall the covenant of his peace

We looked at each other with smiles all over our faces

Me: You know what I am thinking

Bujar: I know

Me: What?

I looked at him with my eyebrow raised

Bujar&Yanga: You are hungry

Me: What...Uncle please talk with them before I do some shit please

We laughed

Me: Let's go out guys just have some fun

Busani coughed

Busani: I know we are cruel but we were going to forgive her Yee

Yee: YOU ARE LYING

Then Busani quickly removed her legs and he kicked her on the stomach and pinched her against the wall...Yolani was shocked that where he got the energy

Busani: I am the lion Yee but my lion love you that is why it is so weak because if you were someone else I wasn't going to even fight with you

Yolani looked at him

Yee: YOU SON OF...

Busani kissed her and she firstly fought him because he tightened his grip so she gave up...After some time Busani broke the kiss and loosen up his grip and that gave Yolani a chance to slapped him so hard

Busani: Yee I am tired of fighting now...All want is you and me sit down and talk please

Yolani looked at him m

Yee: I am leaving...

Busani: You can't leave me here Yee I think you broke my ribs

***He groaned in pains...Yolani looked at him when she was about to walk away

Busani cried***

Busani: Please Yee don't be...a wicked bitch pl..ease

He looked at her with a silly smile

Yee: Wha...

Busani: Yee I am dying here

Yolani gave him her hand

Yee: Come

BUSANI'S POV

***Buhle's disappearance caused a lot of damage to the kingdom and especially to the Queen Mother but her death it was like God and all the underneath Royalties along with the ancestors abandoned us or punishing us from a big sin that we committed...It was the worst thing we all experienced and we don't even wish it happens again...When we found out that Buhle is the Golden Princess I knew that I wasn't going to be the next king even though I am the heir appearance to the throne so I focused on the businesses investments and all the other stuff but when Buhle died I thought the ancestors will have a mercy upon my life just a favour but no...We were told that I am still not the next king and the Golden royal sceptre disappeared from the Palace but the chief priest told us we shouldn't worry ourselves about it...Actually Lelothando is the next Queen Mother she will take over from my father and lead the kingdom because she's the chosen one and there is nothing we can do about that and we can't even fight that...She's highly favoured and most powerful to all of us chosen by all the kingdoms...

Anyway I first met Yolani or Yee Le Run at the private business conference in China and I knew that she's the one...But after a week she disappeared after slapping the fuck out of me and I did some digging on her profile but I only found her name...After two years I met her again in Russian where she was killing people as if she was killing insects it was some mafia gang thing...I am not into mafia but I do business with some of them and legal ones so yeah...And I was stalking her like so fucken crazy but she found out and I still don't know how and she kicked my balls to a point I was lumping for a whole week and she disappeared again until I saw her here in South Africa...Anyway after our fight she took me to her room and no one saw us...She rubbed my back and I acted like I am dying so that she can touch my body again and again...Anyway after she was done she threw a fleece and pillow at me telling me to sleep on the couch and I nodded because at the back of my mind I knew that I am going to sleep with her in my arms on the bed...After some time I sneaked to the bed and took her pretty self into my arms then I fall

asleep...I woke up with a big slap across my face and I quickly sat up ready to kill***

Yee: Sneaky bastard

I looked at her and she was looking at me

Me: Really Yee?

Yee: What are you doing in my bed?

I checked the time and it was around 5am

Me: DID YOU SEE WHAT TIME IS IT YOLANI?

She was starting to get on my last nerve a slap at that time

Yee: Don't you dare shout at me Cooper

I looked at her oh God she was so beautiful and I decided to sleep and not fight her so I pulled the cover

Me: Mxm

She pulled the cover away from me

Yee: You have to leave now

Me: You are out of your mind right?

She was about to slap me but I hold her hand and I turned her over then got on top

Me: STOP IT WOMAN

We looked at each other and she pushed me

Yee: YOU THINK...

I just kissed her and she first bite my lower lip but I didn't stop so she gave up and we kissed...After some time I pulled out

Me: You look beautiful

I kissed her forehead and tip of her nose

Me: Can we stop being Mr&Mrs Smith please

She looked at me

Me: Please Yee please...Come

I opened my arms and she looked at me I'm sure she was still debating with her mind

Me: Please

***I took her pretty self into my arms then we sleep...I woke up and she was still in my arms I checked the time and it was around 10am...I looked at God's beautiful creation in my arms and I kissed her pouted lips...I removed her hair away from

her face and I looked at her...Buhle was not a yellow bone and we are also not yellow bones our skin is just lighter so I guess Lelothando took after her father's family because Yolani was yellow bone...I kissed her shoulder her skin was flawless soft and beautiful...She opened her eyes and I smiled***

Me: Morning

She smiled and thanks God I didn't get a slap this time

Yee: Hey

I kissed her lips

Me: You look so beautiful

Yee: Your charismatic ways are not going to work and you know that

I chuckled and we sat up straight

Me: Do you know that you are the mother of my children the queen of my kingdom

She looked at me then she chuckled

Yee: Mother of your children my foot

Me: I don't care how long it is going to take but at the end you are mine Yolani

Yee: You are wasting your time you know

Me: I don't care but you are mine

Yee: Just imagine me being your wife a queen...

Me: Actually I am not going to be a king

Yee: Come on Kray

I looked at her with my eyes popped out and she laughed

Me: Kray...And how di...

Yee: It doesn't matter....You are the prince right

Me: Yes

Yee: So what do you mean you are not going to be a king?

Me: Lelothando is going to take over from my father she's the next Queen Mother

She looked at me and she stood up

Yee: YOU SAID WHAT?

Me: Yes and we are going to the Palace after she's done with her exams

Yee: OVER MY DEAD BODY DO YOU HEAR ME?

She said that with so much anger and I stood up

Me: What's wrong now?

Yee: You think you can take my niece away from me...You must be kidding right

She faked a laugher and I did the same

Me: She is also my niece my dear

Yee: I am waiting for her to finish with her exams then I am leaving with her Cooper and no one is going to stop me not even you

I chuckled

Me: Do you know how long we have been waited for this time and you think you are going to take the princess away from us just like that

Yee: She's my brother's child and wait where were you from all these years

Me: And where were you also Yee huh...Listen here Lelothando may be your brother's child but she's the chosen one for Cooper royalty and no one can change that even herself

She laughed sarcastically

Yee: We will see and you have to go now

.

LELO'S POV

Me: Oh thank you God...I am done with my exams...Yes!...Hello anybody in the house

I went to check at the kitchen and there was no one

Me: So I am home alone...Yes!

I rushed to my phone and I ordered a lot of food large pizza chicken wigs fries Spur ribs and other stuff

Me: Yes and I am going to finish my food clean everything here take a bath and then go to uncle's work or Yanga's work...And guess what?

Bujar: What?

Me: I am going to pretend like I'm dying with hunger

He laughed

Me: What do you want?

Bujar: I love doing business with you because you don't waste time...I want your car for the whole week

I laughed

Me: No problem darling

Bujar: You see that's why I love you...

Me: Wait which car?

Bujar: I'm talking about your beast

He said that with a huge smile and I looked at him then I laughed

Me: My beast neh

I laughed

Bujar: Yes

Me: You are crazy you are out of your mind...Just think about something else

Bujar: But I...

Me: Something else dude

Bujar: Oh okay let me think then

Me: While you are thinking let me get myself some water okay

He nodded and I took my phone then went to the kitchen...Something told me to look at Bujar...I slowly turned and I found him with two slices of pizza and two wigs at his hands...I laughed silent and took pictures of him...Then I went to him

Me: Yeah!!!

He jumped a bit and looked at me

Me: Ndikufuneme (I got you)

He looked at me then we busted into a loud laughter

Bujar: Fuck you Lelothando do you hear me?

We laughed

Me: Give me your phone or delete everything and I will do the same

Bujar: Deal

We turned on the music and we ate everything then we cleaned...After we finished we went back to the lounge

Me: Before I forget you are all invited for dinner at Busani's house

Bujar: Really?

Me: Yes darling and I've already told Uncle and Yanga

Bujar: Do I have something to wear?

He closed his eyes and I looked at him

Me: Let's go for shopping

"Thanks God I arrived on time"

It was Yanga

Yanga: And I am starving

I laughed

Me: Let's go to Sandton City because I am craving for something sweet

Bujar: Let's go then and I am driving

We ran upstairs to our separate rooms...I changed to black and white Adidas crop top black ripped Jean and Adidas white kicks...Let my dreadlocks lose and put white Adidas cap took my sunglasses with my handbag then went to downstairs

NARRATED

Pam was on her way to Rajesh's workplace and she was crying...When she arrived she firstly fixed herself and wipe her face clean then she went inside

Rec: Hey hey hey...Where the hell do you think you are going huh?

Pam stopped walking and looked at her while she was shaking her head

Pam: Mxm

She continued with her journey and the receptionist shouted at her again

Rec: You think this is your father's hospital where you can walk with your bone chest up neh what the hell do you think you are huh...Don't you see that there are people here and they made an appointment to see their doctors but you think you are clever huh smart than everyone here...

Pam: Young lady please I am not in the mood for any madness and please stop shouting don't you see people are staring

Rec: Well take your stupid ass back to that couch and make an appointment like everyone here do you hear me...

Pam walked closer to her

Pam: What did you say?

Rec: Oh so you are also deaf neh...

Pam: Please come with me

Pam grabbed her arm and they walked to the elevator and as soon as it closed Pam slapped her so hard two times

Pam: There are so many people who need this job and they could do it so professional unlike you fool...How did you got this job

Rec: My...my sister

Fear was written all over her face as she was looking at Pam

Pam: I thought as much that you had some fucken connection... Listen here I can get you fired with the next five minutes...

Rec: I'm sorry ma'am...

Pam: You better change your rotten attitude my dear or else you won't make it in this world do you hear me?

The receptionist quickly nodded

Rec: Ye..yes

Pam: Good and please stop over doing your make-up because you look like some cheap prostitute...Bye

The elevator opened and Pam stepped out leaving the receptionist with her mouth opened...She walked to Rajesh's office she knocked but no one answered

Pam: Maybe he's still doing his rounds well then he will find me inside

She got inside and closed the door....She took off her coat and her shoes then got on the couch as she exhaled out louder and thought about Lelothando and asking herself what Busani told her...After what felt forever to Pam Rajesh got inside

Rajesh: This is a nice surprise...Hey babe

He perked her lips then took off his coat and sat down with Pam's feet on his lap

Pam: Hey sweetheart

Rajesh: What's wrong because I can tell that you have been crying?

Pam looked at him then she closed her eyes as she sighed out

Pam: It's Lelothando

Rajesh: O- kay...What about Lelothando?

Pam: I think she hates me

Rajesh: Come on Pam

Pam: She's avoiding me Rajesh and everything to do with me

Rajesh: Maybe you are just imagining things but don't worry she will come around

Pam: An hour ago I was in your house and Lelo showed no interest at all and she told me that they are going out and I can't join them and Bulelani was like "No no no she can't join us shame"...just imagine sweetheart

Rajesh tried so hard not to laugh at what Pam just said because had a picture of Bulelani saying that

Rajesh: I'm sorry babe

Pam: I think Busani is going to poison her against me

Rajesh: Poison her...No Pam that is such a big word hey

Pam: Yes and I have to stop him if he hasn't started yet...

Rajesh: Don't forget that you lied and denied everything over and over again straight into her eyes Pamela...

Pam: Just because we were told not to tell her anything

Rajesh looked at her with one eyebrows raised

Rajesh: You know what I think

Pam: What?

Rajesh: You are using this "We were told not to tell her anything" as an advantage to protect your pretty self...Am I lying?

Pam: Wha...you know that's not true

She looked down trying to avoid Rajesh's eyes

Rajesh: It is true Pamela...You don't want Lelo to know what you did at the Palece you don't want her to find out about how you betrayed the Coopers...Right

Pam: How can you say that?

Rajesh: If I don't tell you the truth as your man then I'm just useless...Pam sit down with Lelo and tell her everything before she goes to KZN sweetheart

Pam quickly stood up

Pam: She can't go there...Oh God she can't

Rajesh: Tell her the truth

Pam: What I did was very stupid and I was such a fool...

Rajesh: And you were also greedy Pam

Pam: Really now huh

Rajesh: Can I ask something and please be honest

Pam looked at him

Pam: Yes...

Rajesh: Were you jealous about Buhle

Pam: RAJESH HOW CAN YOU ASK ME THAT OF COURSE NOT

Rajesh chuckled as he looked at her

Rajesh: I stay with three people...Yanga can lie but a bit Bulelani and Lelo they are the biggest liars to a point you could believe everything but I know when they are lying...So I will ask you again...

Pam: I said NO

Rajesh: Just think about it sweetheart Buhle was everyone's favourite person she had everything and more for that matter her mother and her brother loved her so dearly and I don't want to mention about her father...No one wanted to see her crying or even hurt not even by a fly

Pam looked at him

Pam: Just stop this madness

Rajesh: And even though her parents loved you it was not the same way they loved her....

Pam: YES RAJESH YES I WAS JEALOUS ABOUT HER I WAS SO FUCKEN JEALOUS...SHE WAS PERFECT WITH HER IMPERFECTIONS AROUND PEOPLE AND THEY WERE ALWAYS READY TO KILL WHOMEVER SPEAK ANY BAD OR EVIL THING AGAINST HER...

Rajesh: So sweetheart you used her confusion and fear for your advantage right

Pam: BUHLE WAS TREATED LIKE AN EGG LIKE A PRECIOUS DIAMOND...EVERYONE HER PARENTS BROTHER PRIESTS AND EVEN THE SERVANTS IN THE PALACE LOVED SO VERY MUCH...YES THEY ALSO LOVED ME AS A PRINCESS BUT THAT WAS NOT ENOUGH...WHEN I ACTED LIKE A PRINCESS LIKE ASKING FOR MAIDENS TO WALK WITH ME EVERYWHERE I GO AND ORDERED THEM AROUND BUHLE STOPPED ME AND THEY ARE NOT MY SLAVES...AND I HATED HER FOR THAT

Rajesh: Why did you do that?

Pam: I WANTED TO BE LIKE BUHLE BUT SHE WAS SO HUMBLE LIKE SHE WAS NOT A PRINCESS FROM COOPER KINGDOM...AND I BECAME MORE JEALOUS WHEN SHE MET BANTU BECAUSE I HAD NO LUCKY WHEN IT COMES TO RELATIONSHIPS THAT TIME

Rajesh: Wow

Pam: I...When she told me that she slept with Bantu I was so happy because I knew that I was going to blackmail her but she told me that it will be my words against her and no one will believe me even if I report her...And she was telling the truth so I gave up...But when she said that she is pregnant you would have thought that I won a jackpot...

She was crying and Rajesh was just listening to her

Pam: I know that Buhle was going to use the advantage of her parents' love to save Bantu's life and I know she was going to make a plan but...

Rajesh: You used her confusion and fear for your advantage right

Pam nodded while she wiped her tears

Pam: I was so stupid Rajesh because not even once the Cooper family made me feel like an outsider they loved and Busani treated me as his sister too...But I became greedy and jealous of something that wasn't meant for me

Rajesh: Then just take the stones back to the Palace and ask their forgive that's all

Pam: They are going to kill me Rajesh

Rajesh: The wage of sin is death sweetheart but don't worry they will forgive you

Pam: That's why I have to stop Lelo from going there

Rajesh: So that she can be hurt again huh and cry neh

Pam: Rajesh I have to...

Rajesh: You used her for some time now and you are selfish Pamela...Lelo love you with an open heart but you are using her to save yourself but not anymore sweetheart...Lelo will not go to KZN on her will not because some fool is...

Pam: So I am a fool Rajesh?

Rajesh: Yes because what you want to do is so foolish and selfish Pam...Just fix your mess on you own sweetheart don't use people

Pam: Rajesh

Rajesh: You know I love you so very much but sweetheart but on this one you are on your own and I don't want to get involved and please don't don't use my children or else we will have some serious problems

Pam sat down and cried

Pam: Oh God how...

Rajesh: Sweetheart the truth will set you free...Please don't cry okay and I have to go now because my beautiful rats are going to call me

Pam: I heard Lelo talking about dinner so can I join you guys

Rajesh: Uhhmm...mmhh...Babe

Pam: Please and I won't cause any trouble

She looked at him with puppy face

Rajesh: Actually we are invited by Busani

Pam: Oh really...It's...it's fine I understand

Rajesh: I'm sorry...Let's go sweetheart

Bonani: Dr Rajesh Nadioo...You know I wanted to be a doctor because I was inspired by you and you look so good in your white coat

Bujar: Then what happened?

Bonani: When I was doing grade 12 I changed my mind...I took engineering because I was inspired by Bantu September

Yanga: But Bantu was many in one

Bonani: Yes but his true calling was engineering so I wanted to be like him have my own engineering firm like B&B Construction you know...And I always watch him during his interviews and I must admit his last project was outstanding so beautiful

Bujar: And I still ask myself how they did it...I mean that Building is looking like a spider web thing

Bonani: Unique and exquisite...Lelo who came with that design?

Me: My father designed his things but that building design was something he designed with his girlfriend in varsity so he was fulfilling their dream I guess

Bonani: Wow that's so cute

Yanga: And I thought it was going to take years shame but Mr September was something else you know

Bujar: It is everyone dream to work under companies like B&B Construction and I am so grateful to be part of their team

Busani: Wow

Bonani: Once I am done with my honours I want to work there shame but the ones in UK or China

Bonani: What happened to have your own?

Bonani: It will take some time and who knows I might end up being one of the shareholders...Lelo why did not you take engineering?

Me: I don't love it

We continued talking I laughing there and there and I was comfortable around Busani even though he was still scary

Bujar: I still don't believe that I am sitting with the one of the respected and scary Prince in this planet

We laughed and Busani chuckled shaking his head

Busani: Princess next week we are going to KZN since you are done with your exams

Me: Uhhmm...Well Yanga is going to Cape Town next week for the whole week for a business media conference thing

Yanga: What?

They all looked at me and I faked a smile

Me: Oh no next week I am going to US for my interview in Harvard University yeah

Me: Bujar...Uhhmm

Bujar: Yes and we already booked the flight

Me: I am scared uncle...what if they don't like me or they do what Prince Busani did

Busani: Oh my God...Princess I am so sorry okay...But nothing will happen to you because they are waiting for both of you especially you

Me: Me?

Busani: Yes the chief priest is waiting for you

Bonani: And I will tell the Queen Mother what you did to Lelo

Busani: But I apologised

Busani looked scared a bit and I wanted to laugh

Bujar: You are also scared of something neh

We laughed

Me: It's okay I will go with if my uncle is...

Dr: Baby I can't join you now my princess okay but I know you will be fine okay my love

Busani: And you better not do anything stupid Yolani September
Yee: Oh yes I'm glad that you mentioned "September" ...Lelo is not a Cooper but September
Busani: We will see about...Don't forget you are still a living ghost
Yee: You son of...
Busani: I love you and bye
Yolani looked at her phone then she sat on the couch
Yee: Tiger!
Tiger got inside was her PA
Tiger: Yee
Yee: Who is that IT young man who came here that day?
Tiger: Calvin

Yee: I need him to do something for me

Tiger: Since when we deal with some little fools amateurs Yee

Yolani chuckled

Yee: He is going to surprise you but I want him to deal with some stupid idiot I used to call a brother because we can't waste our time with that fool he's too small for us so Calvin is perfect for him

Tiger: Okay

LUYANDA'S POV

Everything was just falling apart bit by bit...I remember when I was in the hotel with some girl but my manhood didn't react at all and it was the first that happened but I thought maybe it was because it's been some time since I got involved myself in some sexual activity...But still nothing happened even with a different girl...Anyway we were about to go to the Palace because daddy called us...I was busy with my laptop going through my emails when Anita got in like she was being chased by a ghost or something...She was shaking and wet from sweating mom quickly stood up and I closed my laptop

Me: Hey what's wrong?

Anita: I...I..

Mom: Get her some water Luyanda

I gave her water and she drank and she was still shaking

Me: Try to calm down and tell us what's wrong

Anita: I saw Lelothando

We looked at her and I laughed

Mom: Stop laughing Luyanda marn...Where did you see her my princess

Anita: At Waterfall Mall mom and it was her

I laughed again

Me: You are just imagining things

Anita: I am not I followed her to the parking lot and she was driving black Lamborgh...

Me: Wait wait...Lelothando hated Lamborghini so whomever you saw it was not Lelothando

Anita: IT WAS HER

Me: What about the one we buried then?

She looked at me

Anita: But...

Me: I see this Mike thing is also messing with your mind now...Lelothando is dead we buried her or maybe you miss her so that's why...

Anita: I WILL NEVER MISS THAT WITCH

Me: Whatever...I hope you packed your things because we are leaving in the morning

Anita: Can't we...

Me: We are leaving and that's final...People need their queen prince and princess

Anita: So you want me to be a laughing stock in that Palace

Me: They don't even care about you and your precious life

BUSANI'S POV

***Buhle's disappearance caused a lot of damage to the kingdom and especially to the Queen Mother but her death it was like God and all the underneath Royalties along with the ancestors abandoned us or punishing us from a big sin that we committed...It was the worst thing we all experienced and we don't even wish it happens again...When we found out that Buhle is the Golden Princess I knew that I wasn't going to be the next king even though I am the heir appearance to the throne so I focused on the businesses investments and all the other stuff but when Buhle died I thought the ancestors will have a mercy upon my life just a favour but no...We were told that I am still not the next king and the Golden royal sceptre disappeared from the Palace but the chief priest told us we shouldn't worry ourselves about it...Actually Lelothando is the next Queen Mother she will take over from my father and lead the kingdom because she's the chosen one and there is nothing we can do about that and we can't even fight that...She's highly favoured and most powerful to all of us chosen by all the kingdoms...

Anyway I first met Yolani or Yee Le Run at the private business conference in China and I knew that she's the one...But after a week she disappeared after slapping the fuck out of me and I did some digging on her profile but I only found her name...After two years I met her again in Russian where she was killing people as if she was killing insects it was some mafia gang thing...I am not into mafia but I do business with some of them and legal ones so yeah...And I was stalking her

like so fucken crazy but she found out and I still don't know how and she kicked my balls to a point I was lumping for a whole week and she disappeared again until I saw her here in South Africa...Anyway after our fight she took me to her room and no one saw us...She rubbed my back and I acted like I am dying so that she can touch my body again and again...Anyway after she was done she threw a fleece and pillow at me telling me to sleep on the couch and I nodded because at the back of my mind I knew that I am going to sleep with her in my arms on the bed...After some time I sneaked to the bed and took her pretty self into my arms then I fall asleep...I woke up with a big slap across my face and I quickly sat up ready to kill***

Yee: Sneaky bastard

I looked at her and she was looking at me

Me: Really Yee?

Yee: What are you doing in my bed?

I checked the time and it was around 5am

Me: DID YOU SEE WHAT TIME IS IT YOLANI?

She was starting to get on my last nerve a slap at that time

Yee: Don't you dare shout at me Cooper

I looked at her oh God she was so beautiful and I decided to sleep and not fight her so I pulled the cover

Me: Mxm

She pulled the cover away from me

Yee: You have to leave now

Me: You are out of your mind right?

She was about to slap me but I hold her hand and I turned her over then got on top

Me: STOP IT WOMAN

We looked at each other and she pushed me

Yee: YOU THINK...

I just kissed her and she first bite my lower lip but I didn't stop so she gave up and we kissed...After some time I pulled out

Me: You look beautiful

I kissed her forehead and tip of her nose

Me: Can we stop being Mr&Mrs Smith please

She looked at me

Me: Please Yee please...Come

I opened my arms and she looked at me I'm sure she was still debating with her mind

Me: Please

I took her pretty self into my arms then we sleep...I woke up and she was still in my arms I checked the time and it was around 10am...I looked at God's beautiful creation in my arms and I kissed her pouted lips...I removed her hair away from her face and I looked at her...Buhle was not a yellow bone and we are also not yellow bones our skin is just lighter so I guess Lelothando took after her father's family because Yolani was yellow bone...I kissed her shoulder her skin was flawless soft and beautiful...She opened her eyes and I smiled

Me: Morning

She smiled and thanks God I didn't get a slap this time

Yee: Hey

I kissed her lips

Me: You look so beautiful

Yee: Your charismatic ways are not going to work and you know that

I chuckled and we sat up straight

Me: Do you know that you are the mother of my children the queen of my kingdom

She looked at me then she chuckled

Yee: Mother of your children my foot

Me: I don't care how long it is going to take but at the end you are mine Yolani

Yee: You are wasting your time you know

Me: I don't care but you are mine

Yee: Just imagine me being your wife a queen...

Me: Actually I am not going to be a king

Yee: Come on Kray

I looked at her with my eyes popped out and she laughed

Me: Kray...And how di...

Yee: It doesn't matter....You are the prince right

Me: Yes

Yee: So what do you mean you are not going to be a king?

Me: Lelothando is going to take over from my father she's the next Queen Mother
She looked at me and she stood up

Yee: YOU SAID WHAT?

Me: Yes and we are going to the Palace after she's done with her exams

Yee: OVER MY DEAD BODY DO YOU HEAR ME?

She said that with so much anger and I stood up

Me: What's wrong now?

Yee: You think you can take my niece away from me...You must be kidding right

She faked a laugher and I did the same

Me: She is also my niece my dear

Yee: I am waiting for her to finish with her exams then I am leaving with her

Cooper and no one is going to stop me not even you

I chuckled

Me: Do you know how long we have been waited for this time and you think you are going to take the princess away from us just like that

Yee: She's my brother's child and wait where were you from all these years

Me: And where were you also Yee huh...Listen here Lelothando may be your brother's child but she's the chosen one for Cooper royalty and no one can change that even herself

She laughed sarcastically

Yee: We will see and you have to go now

.

LELO'S POV

I was so happy all the way from Wits to Waterfall City because I was done with my exams my degree...I was so grateful to God and how I wished my father was still alive to see his Nkosazana...And I couldn't for the following year to say "Hello Honours at Harvard University"...Lol...Anyway I drove inside the yard and parked at the driveway took my things and got off...The way I was so happy I was greeting everyone I see...I walked inside the house and I threw myself on the couch*

Me: Oh thank you God...I am done with my exams...Yes!...Hello anybody in the house

I went to check at the kitchen and there was no one

Me: So I am home alone...Yes!

I rushed to my phone and I ordered a lot of food large pizza chicken wigs fries Spur ribs and other stuff

Me: Let me get myself a yogurt while I am still waiting

I went to the kitchen and I opened the fridge only to found Plain Yogurt

Me: Mxm I am not going to eat this

We were on still on healthy diet week and it was my uncle's order...I went back to the lounge

Me: I am not a rabbit so I am not going to eat leaves the whole day...I am going to eat my food and clean everything like nothing happened

***After some time my orders arrived and I paid all the things...

Me: Let the party start!

I turned on the music and started eating...I was dancing and singing just enjoying my junk food

"YEAH...I GOT YOU!"

I froze for few minutes and I slowly turned it was Bujar...Oh God...I turned off the music

Me: Wha...t...aren't yo..u

I was looking at him

Me: I...I thought I was...

Bujar: Home alone neh...Oh God thank you that I final have Lelothando on my corner

I laughed

Me: Are you sure?

Bujar: Yes and I am going to tell uncle

Me: Your word against mine

I laughed looking at him

Bujar: Really?

Me: Yes and I am going to finish my food clean everything here take a bath and then go to uncle's work or Yanga's work...And guess what?

Bujar: What?

Me: I am going to pretend like I'm dying with hunger

He laughed

Bujar: Tshisa Princess!...Look here

He gave me his phone and there were pictures of me

Me: Oh no you didn't

Bujar: I did and there is also a video

Me: Okay okay okay you got me...Let's eat together

Bujar: Oh no I am fine princess...I just want my "Ivalamlomo" and I will keep my mouth shut

Me: What do you want?

Bujar: I love doing business with you because you don't waste time...I want your car for the whole week

I laughed

Me: No problem darling

Bujar: You see that's why I love you...

Me: Wait which car?

Bujar: I'm talking about your beast

He said that with a huge smile and I looked at him then I laughed

Me: My beast neh

I laughed

Bujar: Yes

Me: You are crazy you are out of your mind...Just think about something else

Bujar: But I...

Me: Something else dude

Bujar: Oh okay let me think then

Me: While you are thinking let me get myself some water okay

He nodded and I took my phone then went to the kitchen...Something told me to look at Bujar...I slowly turned and I found him with two slices of pizza and two wigs at his hands...I laughed silent and took pictures of him...Then I went to him

Me: Yeah!!!

He jumped a bit and looked at me

Me: Ndikufuneme (I got you)

He looked at me then we busted into a loud laughter

Bujar: Fuck you Lelothando do you hear me?

We laughed

Me: Give me your phone or delete everything and I will do the same

Bujar: Deal

We turned on the music and we ate everything then we cleaned...After we finished we went back to the lounge

Me: Before I forget you are all invited for dinner at Busani's house

Bujar: Really?

Me: Yes darling and I've already told Uncle and Yanga

Bujar: Do I have something to wear?

He closed his eyes and I looked at him

Me: Let's go for shopping

"Thanks God I arrived on time"

It was Yanga

Yanga: And I am starving

We looked at each other me and Bujar

Bujar: Well there's something in the fridge

Yanga: I am craving for something meaty and fatty not what we are eating

I laughed

Me: Let's go to Sandton City because I am craving for something sweet

Bujar: Let's go then and I am driving

Me: Let me change then

Yanga: Me too

Bujar: Hurry up then

We ran upstairs to our separate rooms...I changed to black and white Adidas crop top black ripped Jean and Adidas white kicks...Let my dreadlocks lose and put white Adidas cap took my sunglasses with my handbag then went to downstairs

Bujar: You have a visitor

Me: Who is it and what he/she wants?

Yanga: And you took your time dude

Well my visitor was Pam and I was not in the mood for her because I was too full maybe if I was hungry it was going to be better

NARRATED

Pam was on her way to Rajesh's workplace and she was crying...When she arrived she firstly fixed herself and wipe her face clean then she went inside

Rec: Hey hey hey...Where the hell do you think you are going huh?

Pam stopped walking and looked at her while she was shaking her head

Pam: Mxm

She continued with her journey and the receptionist shouted at her again

Rec: You think this is your father's hospital where you can walk with your bone chest up neh what the hell do you think you are huh...Don't you see that there are people here and they made an appointment to see their doctors but you think you are clever huh smart than everyone here...

Pam: Young lady please I am not in the mood for any madness and please stop shouting don't you see people are staring

Rec: Well take your stupid ass back to that couch and make an appointment like everyone here do you hear me...

Pam walked closer to her

Pam: What did you say?

Rec: Oh so you are also deaf neh...

Pam: Please come with me

***Pam grabbed her arm and they walked to the elevator and as soon as it closed

Pam slapped her so hard two times***

Pam: There are so many people who need this job and they could do it so professional unlike you fool...How did you got this job

Rec: My...my sister

Fear was written all over her face as she was looking at Pam

Pam: I thought as much that you had some fucken connection... Listen here I can get you fired with the next five minutes...

Rec: I'm sorry ma'am...

Pam: You better change your rotten attitude my dear or else you won't make it in this world do you hear me?

The receptionist quickly nodded

Rec: Ye..yes

Pam: Good and please stop over doing your make-up because you look like some cheap prostitute...Bye

The elevator opened and Pam stepped out leaving the receptionist with her mouth opened...She walked to Rajesh's office she knocked but no one answered

Pam: Maybe he's still doing his rounds well then he will find me inside

She got inside and closed the door....She took off her coat and her shoes then got on the couch as she exhaled out louder and thought about Lelothando and asking herself what Busani told her...After what felt forever to Pam Rajesh got inside

Rajesh: This is a nice surprise...Hey babe

He perked her lips then took off his coat and sat down with Pam's feet on his lap

Pam: Hey sweetheart

Rajesh: What's wrong because I can tell that you have been crying?

Pam looked at him then she closed her eyes as she sighed out

Pam: It's Lelothando

Rajesh: O- kay...What about Lelothando?

Pam: I think she hates me

Rajesh: Come on Pam

Pam: She's avoiding me Rajesh and everything to do with me

Rajesh: Maybe you are just imagining things but don't worry she will come around

Pam: An hour ago I was in your house and Lelo showed no interest at all and she told me that they are going out and I can't join them and Bulelani was like "No no no she can't join us shame"...just imagine sweetheart

Rajesh tried so hard not to laugh at what Pam just said because had a picture of Bulelani saying that

Rajesh: I'm sorry babe

Pam: I think Busani is going to poison her against me

Rajesh: Poison her...No Pam that is such a big word hey

Pam: Yes and I have to stop him if he hasn't started yet...

Rajesh: Don't forget that you lied and denied everything over and over again straight into her eyes Pamela...

Pam: Just because we were told not to tell her anything

Rajesh looked at her with one eyebrows raised

Rajesh: You know what I think

Pam: What?

Rajesh: You are using this "We were told not to tell her anything" as an advantage to protect your pretty self...Am I lying?

Pam: Wha...you know that's not true

She looked down trying to avoid Rajesh's eyes

Rajesh: It is true Pamela...You don't want Lelo to know what you did at the Palece you don't want her to find out about how you betrayed the Coopers...Right

Pam: How can you say that?

Rajesh: If I don't tell you the truth as your man then I'm just useless...Pam sit down with Lelo and tell her everything before she goes to KZN sweetheart

Pam quickly stood up

Pam: She can't go there...Oh God she can't

Rajesh: Tell her the truth

Pam: What I did was very stupid and I was such a fool...

Rajesh: And you were also greedy Pam

Pam: Really now huh

Rajesh: Can I ask something and please be honest

Pam looked at him

Pam: Yes...

Rajesh: Were you jealous about Buhle

Pam: RAJESH HOW CAN YOU ASK ME THAT OF COURSE NOT

Rajesh chuckled as he looked at her

Rajesh: I stay with three people...Yanga can lie but a bit Bulelani and Lelo they are the biggest liars to a point you could believe everything but I know when they are lying...So I will ask you again...

Pam: I said NO

Rajesh: Just think about it sweetheart Buhle was everyone's favourite person she had everything and more for that matter her mother and her brother loved her so dearly and I don't want to mention about her father...No one wanted to see her crying or even hurt not even by a fly

Pam looked at him

Pam: Just stop this madness

Rajesh: And even though her parents loved you it was not the same way they loved her....

Pam: YES RAJESH YES I WAS JEALOUS ABOUT HER I WAS SO FUCKEN JEALOUS...SHE WAS PERFECT WITH HER IMPERFECTIONS AROUND PEOPLE AND THEY WERE ALWAYS READY TO KILL WHOMEVER SPEAK ANY BAD OR EVIL THING AGAINST HER...

Rajesh: So sweetheart you used her confusion and fear for your advantage right

Pam: BUHLE WAS TREATED LIKE AN EGG LIKE A PRECIOUS DIAMOND...EVERYONE HER PARENTS BROTHER PRIESTS AND EVEN THE SERVANTS IN THE PALACE LOVED SO VERY MUCH...YES THEY ALSO LOVED ME AS A PRINCESS BUT THAT WAS NOT ENOUGH...WHEN I ACTED LIKE A PRINCESS LIKE ASKING FOR MAIDENS TO WALK WITH ME EVERYWHERE I GO AND ORDERED

THEM AROUND BUHLE STOPPED ME AND THEY ARE NOT MY SLAVES...AND I HATED HER FOR THAT

Rajesh: Why did you do that?

Pam: I WANTED TO BE LIKE BUHLE BUT SHE WAS SO HUMBLE LIKE SHE WAS NOT A PRINCESS FROM COOPER KINGDOM...AND I BECAME MORE JEALOUS WHEN SHE MET BANTU BECAUSE I HAD NO LUCKY WHEN IT COMES TO RELATIONSHIPS THAT TIME

Rajesh: Wow

Pam: I...When she told me that she slept with Bantu I was so happy because I knew that I was going to blackmail her but she told me that it will be my words against her and no one will believe me even if I report her...And she was telling the truth so I gave up...But when she said that she is pregnant you would have thought that I won a jackpot...

She was crying and Rajesh was just listening to her

Pam: I know that Buhle was going to use the advantage of her parents' love to save Bantu's life and I know she was going to make a plan but...

Rajesh: You used her confusion and fear for your advantage right

Pam nodded while she wiped her tears

Pam: I was so stupid Rajesh because not even once the Cooper family made me feel like an outsider they loved and Busani treated me as his sister too...But I became greedy and jealous of something that wasn't meant for me

Rajesh: Then just take the stones back to the Palace and ask their forgive that's all

Pam: They are going to kill me Rajesh

Rajesh: The wage of sin is death sweetheart but don't worry they will forgive you

Pam: That's why I have to stop Lelo from going there

Rajesh: So that she can be hurt again huh and cry neh

Pam: Rajesh I have to...

Rajesh: You used her for some time now and you are selfish Pamela...Lelo love you with an open heart but you are using her to save yourself but not anymore sweetheart...Lelo will not go to KZN on her will not because some fool is...

Pam: So I am a fool Rajesh?

Rajesh: Yes because what you want to do is so foolish and selfish Pam...Just fix your mess on you own sweetheart don't use people

Pam: Rajesh

Rajesh: You know I love you so very much but sweetheart but on this one you are on your own and I don't want to get involved and please don't don't use my children or else we will have some serious problems

Pam sat down and cried

Pam: Oh God how...

Rajesh: Sweetheart the truth will set you free...Please don't cry okay and I have to go now because my beautiful rats are going to call me

Pam: I heard Lelo talking about dinner so can I join you guys

Rajesh: Uhhmm...mmhh...Babe

Pam: Please and I won't cause any trouble

She looked at him with puppy face

Rajesh: Actually we are invited by Busani

Pam: Oh really...It's...it's fine I understand

Rajesh: I'm sorry...Let's go sweetheart

Dr: Thank you guys but there was no need for that gentlemen

Guard1: We are just doing our job sir

Dr: Okay thank you

We were taken inside the house

Yanga: We are 5km away from the dining room or rooms

Yanga: I don't want even to think about it ntwana

Bujar: This is very beautiful

Dr: I love their art galleries their designers are so brilliant

Busani: You are welcome please feel free

Dr: And we are sorry for being late

Bujar: It's because Lelo was...Oh nothing

I gave him an evil stare...Anyway we sat down and the servants served us

Bonani: Dr Rajesh Nadioo...You know I wanted to be a doctor because I was inspired by you and you look so good in your white coat

Bujar: Then what happened?

Bonani: When I was doing grade 12 I changed my mind...I took engineering because I was inspired by Bantu September

Yanga: But Bantu was many in one

Bonani: Yes but his true calling was engineering so I wanted to be like him have my own engineering firm like B&B Construction you know...And I always watch him during his interviews and I must admit his last project was outstanding so beautiful

Bujar: And I still ask myself how they did it...I mean that Building is looking like a spider web thing

Bonani: Unique and exquisite...Lelo who came with that design?

Me: My father designed his things but that building design was something he designed with his girlfriend in varsity so he was fulfilling their dream I guess

Bonani: Wow that's so cute

Yanga: And I thought it was going to take years shame but Mr September was something else you know

Bujar: It is everyone dream to work under companies like B&B Construction and I am so grateful to be part of their team

Busani: Wow

Bonani: Once I am done with my honours I want to work there shame but the ones in UK or China

Bonani: What happened to have your own?

Bonani: It will take some time and who knows I might end up being one of the shareholders...Lelo why did not you take engineering?

Me: I don't love it

We continued talking I laughing there and there and I was comfortable around Busani even though he was still scary

Bujar: I still don't believe that I am sitting with the one of the respected and scary Prince in this planet

We laughed and Busani chuckled shaking his head

Busani: Princess next week we are going to KZN since you are done with your exams

Me: Uhhmm...Well Yanga is going to Cape Town next week for the whole week for a business media conference thing

Yanga: What?

They all looked at me and I faked a smile

Me: Oh no next week I am going to US for my interview in Harvard University yeah

Dr: That was so fast princess because the last time I check you were still busy with an application

Me: Bujar...Uhhmm

Bujar: Yes and we already booked the flight

Busani: Don't you have a private jet Mr Nadioo

Dr: What's wrong my princess?

Me: I am scared uncle...what if they don't like me or they do what Prince Busani did

Busani: Oh my God...Princess I am so sorry okay...But nothing will happen to you because they are waiting for both of you especially you

Me: Me?

Busani: Yes the chief priest is waiting for you

Bonani: And I will tell the Queen Mother what you did to Lelo

Busani: But I apologised

Busani looked scared a bit and I wanted to laugh

Bujar: You are also scared of something neh

We laughed

Me: It's okay I will go with if my uncle is...

Dr: Baby I can't join you now my princess okay but I know you will be fine okay my love

Busani: She loves you

Dr: She's my gift that Bantu blessed me with

Busani chuckled and I looked at him he faked a smile

Yolani was sitting on her big leather seat and she brainstorming how to destroy Sihle and how she's going to meet Lelo

Yee: The Coopers think I am going to sit and watch them taking my niece away from me...Oh well they have something to deal with first...No one will stop me not even Rajesh

She took her phone and dialed a number

Yee: Please call Bulelani for me...Sharp

LUYANDA'S POV

Everything was just falling apart bit by bit...I remember when I was in the hotel with some girl but my manhood didn't react at all and it was the first that happened but I thought maybe it was because it's been some time since I got involved myself in some sexual activity...But still nothing happened even with a different girl...Anyway we were about to go to the Palace because daddy called us...I was busy with my laptop going through my emails when Anita got in like she was being chased by a ghost or something...She was shaking and wet from sweating mom quickly stood up and I closed my laptop

Me: Hey what's wrong?

Anita: I...I..

Mom: Get her some water Luyanda

I gave her water and she drank and she was still shaking

Me: Try to calm down and tell us what's wrong

Anita: I saw Lelothando

We looked at her and I laughed

Mom: Stop laughing Luyanda marn...Where did you see her my princess

Anita: At Waterfall Mall mom and it was her

I laughed again

Me: You are just imagining things

Anita: I am not I followed her to the parking lot and she was driving black Lamborgh...

Me: Wait wait...Lelothando hated Lamborghini so whomever you saw it was not Lelothando

Anita: IT WAS HER

Me: What about the one we buried then?

She looked at me

Anita: But...

Me: I see this Mike thing is also messing with your mind now...Lelothando is dead we buried her or maybe you miss her so that's why...

Anita: I WILL NEVER MISS THAT WITCH

Me: Whatever...I hope you packed your things because we are leaving in the morning

Anita: Can't we...

Me: We are leaving and that's final...People need their queen prince and princess

Anita: So you want me to be a laughing stock in that Palace

Me: They don't even care about you and your precious life

LUYANDA'S POV

It felt so good to be home the moisture from the sea be surrounded by the hills the view of Hole-in-the-wall cliff seeing people moving around the Palace children and elders coming in and out the Palace to see the "Prince" it was just an amazing feelings...I checked the time and it was around 3pm wow I didn't even notice it was this late since I was glued on my laptop busy with work...Anyway I closed my laptop and cleared everything on the table neatly and I stood up and walked to the door...Well I locked myself in the study and asked not to be disturbed I went to my room to take a quick shower after I was done wore my comfortable clothes at least it was afternoon and I wasn't going anywhere to wear all those boring royal robes...I took my phone and went to downstairs and asked the maidens to prepare me something to eat then I went to the lounge

Mom: I thought you went out you know

She was with two maidens who were busy with her hair

Me: Nop...I was busy with something

Mom: And you look exhausted my prince

Me: Very exhausted mom but you know what they say "Ayikho inkomo yobuthongo" so I have to work

Mom: Don't be hard on yourself okay

I looked at her then I smiled

Me: Okay mommy

Mom: Did you eat something because I didn't see you during lunch...

Me: I asked the maidens to prepare me something

Mom: That's better

Me: Anyway where is father?

Mom: In the throne room

My food arrived and I ate then after I was done I went to the throne room...Dad was sitting on his throne and he looked far away with his thoughts...I took my seat

Me: Good afternoon father

He looked at me and faked a smile

Dad: My prince

Me: You look a bit disturbed what's wrong my king

He sighed and looked at me

Dad: Something strange happened at the farm today...Very terrible thing

I looked at him

Me: What happened father?

Dad: Oh son...About 30 cows died and....

Me: WHAT?

Dad: Yes...I got informed during the day and two guards from the farm were here

Me: Wha..what happened what was the matter how...

Dad: No one knows son no one knows...They found them laying down there

Me: This is serious father...did they do the tests...

Dad: Yes but they found nothing absolutely nothing son

Me: What Nconde said maybe this is the warning from the ancestors or...

Dad: Nconde went to the mountain and I don't know when he will come back

Me: 30 cows is not a child's play...30 father

I looked at him and he sighed and shrugged

Dad: I really don't know what's going on and I am having sleeplessness nights these days and I can feel that something is going to happen Luyanda

Me: Father you are scaring me now but don't worry nothing will happen

"What happened to the beef"

It was Anita and we looked at her so confused

Anita: Afternoon your majesty

She took her seat and looked at us

Me: What beef and why don't ask mom or the maidens in the kitchen

Anita: I am talking about cows you idiot

Me: Mxm

Anita: Father what happened?

Dad: Not now my princess please

Anita nodded and mom got in

Mom: What would you all like to...

"Your majesty"

The guard got in running

Anita: Hey stop there why did you got in with your shoes in...

Dad: Anita!

Anita: Father....

Dad: Not now princess!

Guard: Your majesty...you...out..side...my..king

Me: Calm down first and then speak okay

He quickly nodded and sighed

Guard: Your majesty...

"Your highness"

It was the two farm guards and they were so wet from sweating...Dad stood and looked at them

Dad: What's wrong?

F.Guard1: Your...highness...

Dad: What?!

F.Guard2: The..the new born lambs died

Dad looked at him

Dad: How many?

The poor guard swallowed hard while looking down

F.Guard2: All of them my king

Dad looked at him then he laughed and we looked at him

Dad: As far as I'm concerned there were about 250 new born lambs last week when I was at the farm...So what do you mean all of them?

F.Guard1: The..they are all dead my king

Me: As 250 lambs?

He slowly nodded

F.Guard1: Ye..yes my prince

Us: WHAT?

Dad: God of my ancestors what is going in this kingdom huh

Mom: What happened?

Anita: Are you sure you didn't do something wrong somewhere like in their food water or something?

F. Guard1: We didn't do anything wrong my princess they died just like the cows

Dad slowly sat down on his throne and he sighed out loud

Dad: You...you may leave Luyanda will come to check tomorrow

I looked at him

Me: Yes yes yes first thing in the morning and thank you

They left and we were all quite for some time until Anita spoke

Anita: Uhhh...Father I am thinking of going back to Joburg tomorrow

Dad: Are you talking?

Anita swallowed hard and looked at him

Anita: I...I can't stay here any...

Dad: If you dare leave this palace make sure that you will never set your big feet here again

We all looked at him with our eyes popped out

Anita: Father..I...

Dad: Nywe-nywe all the time..."These people disgust me this place is boring"... "No no I can't go to the clinic it is smelling there"...Everytime Anita this and Anita that...You see what's going on here but you busy with nonsense on my neck...Once you leave I will disown you and take everything that belong to this kingdom

His voice was firm but low and he stood up

Dad: I am tired of your nonsense Anita how I wish I gave birth to boys only...No disgusting princess...Nxn!

He took his sceptre and he walked out...Anita was crying

Mom: Don't worry Nkosazana he doesn't mean all that...He's just stress okay

Me: Sometimes you are such a nuisance...Nxn!

Anita: Luya..nda

Me: Nywe-nywe...nonsense

LELO'S POV

***It was a day before we go to KZN and I was looking forward to it even though I was nervous but I was also happy at the same time...I've already started packing

and bought everything I will need the previous day I was at Waterfall Mall to style and die my dreadlocks when I saw Calvin but he didn't see me and he looked healthy and fine which was good...Anyway we were all gathered in the lounge***

Me: Can't we all go guys

Bujar: No darling and in two days to come we were all gathered in the lounge***

Me: Can't we all go guys

Bujar: No darling and in two days to come I am going to Nigeria

Yanga: Nigeria?

Bujar: Work things ntwana

Me: I am going to miss you and I don't even know when we will come back

Bujar: If you will come back

Me: Don't start with me please honey

We laughed

Dr: I will miss you more my princess...

Me: Do I really have to go though

Yanga: Say that again Lelo

Me: Yours is very clear darling you don't have a choice...You are a Cooper in and out heir appearance to the throne...

Yanga: And you are what?

Me: My father is Bantu September not Cooper so I am nothing but a grandchild you see

Yanga: Mxm

We laughed

Bujar: Don't mind her ntwana

We were disturbed by a door bell

Dr: Who is that at this time?

Me: It's your girlfriend

We laughed

Dr: I will slap you so hard

Me: Look at him guys he's blushing

We laughed and I stood up went to open the door

Me: I am coming geez!

***When I opened I got the shock of my life then I quickly closed the door...After I closed the door I froze a bit and my heart started beating so fast as it was moving

from the chest to my throat...If she was a guy I was going to my father woke up from death...She was my father's female version so Bujar was telling the truth that my aunty is in South Africa***

"LELOTHANDO"

I was bought back to the earth by Bulelani shouting my name and I jumped a bit

Bujar: Why are you not opening the door and why are...you look like you saw a ghost or something

He laughed looking at me

Me: And you are telling the truth...There is a ghost outside

He looked at me then he laughed again

Bujar: Mxm...open the door Lelo

Me: Mama Mavis our helper in East London once told me that salt is very powerful when it comes to ghosts...So please bring the salt for me

He looked at me then he busted into a loud laughter that invited Yanga to join us

Yanga: And then?

Bujar: Lelo...Le...

He laughed again and he was even crying tears while holding his stomach

Yanga: Who was knocking and why you don't open the door?

Bujar: Lelo said she saw a ghost...so I think whoever was here disappeared

Me: Didn't I say that?

Yanga: You are so crazy you know that

He was looking at me and Bujar

Me: Let's go to the lounge there is no one here

Yanga&Bujar: Huh?

Me: Well I'm leaving

I went to the lounge and they were following me behind

Dr: And then?

He asked with his eyebrows raised

Bujar: Ask your princess

Me: There is no one at the door uncle

He looked at me and I looked at my phone

Yanga: Lelo what did you saw?

Me & Bujar: A ghost

Dr: What?

Bujar: She was...

The doorbell rang again and they all looked at me

Me: Why are you all looking at me?

I rolled my eyes and Bujar stood up

Bujar: I will get it

Me: Good Luck darling

He left and uncle looked at

Dr: Princess you are so naughty I am certainly sure that is Pam

I looked at him then I chuckled

Me: Wha...Pa...Oh no uncle

Then Bujar came back with the lady ghost and we all stood up...I held my uncle's arms while I hide myself behind him

Lady: You naughty princess why did you shut the door at my face

She was looking at me with a smile and I tighten my grip on uncle's arm

Bujar: Uhhh...Should I introduce you boss lady or you...

Dr: Boss Lady?

Bujar: Yes uncle she's the "boss lady" I was telling you about the other day

The ghost lady gave him a dead stare and Bujar swallowed hard

Bujar: I'm sorry boss lady but I couldn't control myself from not telling them

She let an evil laughter while shaking her head

Dr: Yolani September!

She looked at him

Yolani: Rajesh Nadioo!

Uncle chuckled

Dr: Finally we meet

Yaloni: Speak for yourself Rajesh

Dr: Meaning?

Yolani: Are you going to offer me a seat or what

This ghost lady got some nerves that what I said to myself...Anyway we all sat down and I was still holding my uncle's arm tight

Yolani: My name is Yolani September but known as Yee Lu Ran

I was looking at her mouth as she was speaking...She looked so beautiful with her hair tied into a neat bunny

Bujar: Uhhm...well this...

Yolani: Yanga Kani soon Cooper...

We looked at her with our eyes popped out

Yolani: Lelothando September Nadioo and of course your uncle Rajesh Nadioo and you Bulelani Ludidi Nadioo

The way she pronounced our Xhosa names it was so cute but what the fuck was that

Dr: I see you did your homework perfectly

Me: Are you my father's twin sister?

I don't know when I opened my mouth but I heard myself asking that and she looked at me then she smiled...Gosh she was so beautiful

Yolani: Yes baby

I nodded looking down

Dr: So how it happened that you are a "boss lady" at B&B Construction because the last time I checked Sihle and Nicole sold all companies to some Chinese
Yolani: Connections and being smart Rajesh...And I couldn't let them destroy something that meant everything to my brother No!

Dr: So you are back for good or...

Yolani: Not really

Dr: Back to destroy Sihle?

Yolani: He is not the size I deal with but I got him his mate someone who is hungry for his blood tears suffer and so on

Uncle chuckled

Dr: Princess

He looked at me and I looked at him too

Me: Uncle

Dr: Daddy told you about his twin sister right?

I nodded

Me: Ye..yes uncle

Dr: There she is my princess she's here now

Yolani stood up and opened her arms...I don't know when I stood up but I found myself in her arms and I was crying

Yolani: I am here now my Lelothando...Auntie is here my princess...sshh...Auntie is here my love

We cried at each other's arms...After some time we final calmed down and we pulled away...She kissed my forehead and wiped my tears

Yolani: I left when you mother was in labour ward and when Bantu told me that she final gave birth we named you Lelothando because you were our love while you were still in the womb

She wiped my tears again

Yolani: When I first arrived at China knowing no one expect Lee my brother's friend and things were so very hard at first living at fear because there are people who are looking for you out for your blood just because of my own flesh my blood my brother sold me out of greedy and status...But I pulled through all of that you know why

She looked at me

Me: Why?

That came out as a whisper

Yolani: Because I knew that I had a niece whom I promised in her mother's womb that I will be back for her...

She kissed my forehead and we sat down

Yanga: Wow

Bujar: You are still alive ntwana

Yanga: Fuck you

Dr: Boys!

Yanga&Bujar: Sorry uncle

Me: Are you the one who put fresh flowers and clean my father's grave

Yolani: Yes baby

Me: I see

Then we were told that dinner is ready by Ma'Beauty (our helper) then went to the dining table and we all took our seats I said the grace

Yolani: How is Pam doing Rajesh?

Uncle coughed and we laughed

Dr: Uhhmm...Good

Yolani: I see

Then doorbell rang and we looked at each other

Me: Someone's girlfriend is here

I looked at uncle

Dr: I am going to slap someone shame

Me: I am talking about Yanga's girlfriend

Yanga: Me?

I laughed so hard and everyone looked at

Me: Do you still remember that girl you were with when we first met

I laughed again while standing up

Yanga: Please don't remind about her

*** I went to open the door and I was welcomed by Nazi Party with their leader...It was Busani with his guards***

Me: Princ...

Busani: Where is she?

He was ready to kill and I made a way for him to pass

Me: What are you talking about?

Bonani also got in

Bonani: Please wait outside

He was looking at their guards

Me: What's going on Bonani?

Bonani: I also don't know girlfriend

Busani rushed to the dining room and we quickly followed him

Busani: YOU!

The others stood up expect Yolani who was in 0.000 degrees the way she was chilled

Dr: Prince Busani ar....

Busani: I AM GOING TO KILL YOU!

Me: Kill my aunty for what good reason...You don't even know her for that matter

Busani took few steps closer to Yolani

Busani: YOU THINK I WASN'T GOING TO FIND OUT ABOUT YOUR STUPID PLAN HUH!

Yolani slowly stood up while she was clapping her hand with an evil smile on her face...What's going on here that what I asked myself

Yolani: Final but you are still stupid though I mean it took how many days for you to found out

We all looked at each other

Busani: YOLANI DON'T....

Yolani: But you also clever to know where I am...That's so brave you know

Me: You know each other?

Busani: YOU BITCH...

He took a glass and threw it to Yolani but she ducked and it hit the wall

Bujar: What's going on here?

Yanga: It looks like they know each other

Busani: YOU FUCKEN HACKED MY JET YOU FOOL

Yolani: Call me fool again

Busani chuckled

Busani: YOU FOOL

Yolani quickly walked to him and slapped him so hard Busani laughed and wiped the corner of his mouth

Bujar: Yhoo!

Busani threw a punch at Yolani's stomach and she moaned in pains

Me: Is this guy crazy who threw a punch like that to a woman

Yolani got up with a hard kick at Busani's neck

Bujar: What a flying kick wow

Yanga: Like aunt like a niece...

He looked at me

Bujar: Lelothando is coward

Yanga: Clearly you don't know her ntwana

Busani: I AM GOING TO KILL YOU THIS TIME

Yolani: BUT KNOW THAT I WON'T DIE BEFORE YOU

They started fighting it was like we are watching a movie

Bujar: Mr and Mrs Smith

Bonani: And they look so cute though

We laughed while they were fighting like seriously...They were beating each other like no one's business...And Yolani untied her bunny

Me: I wonder what history they have

Bujar: And it looks like they hate love each other

Dr: ENOUGH!!!

We all looked at him and our fighters stopped fighting and looked at him

Dr: Don't you see there are children here but you are busy swearing at each other huh!

There was a silent moment in the room for few seconds

Dr: Now we are all going to sit down talk about this right now

We went to the lounge and took our seats

Me: How do you know each other and what was that for?

Yolani: It's a story for another day about how we know each other my baby

Busani: Why did you hacked my jet Yee?

Yolani: You think I was going to watch you leave with her

Dr: What's really going on here?

Busani: Oh you didn't tell them neh?

He was looking at Yolani

Busani: Yolani is here to take Lelo with her to a point that she can even kidnap her

Yolani: You fucken assh....

Yolani: Leave me alone Rajesh you are starting to get on my last fucken nerve now

Busani: Benefits...What rubbish are you talking about?

Yolani&Busani: What the fuck?

They looked at each

Bujar: This is interesting

Dr: Where were you when she was n...

Yolani: Oh shut up Rajesh shut the fuck up if she didn't call you that day when were you going to realize that she's suffering....

Dr: What about you huh...You think you can come out nowhere and claim my baby

Busani: Your baby hey that is my sister's child

Yolani: To hell with your sister...She's my brother's child I was there for her when....

Busani: Your brother was just a sperm donor

I ran to upstairs while they were calling my name...I got to my room and locked but there was knock

I giggled between my tears and opened the door

Bujar: You know what I think

"My king!"

Nconde walked in and he looked like he has been walking 100km with his bare feet...He was wearing his full calling attire with his many beads...We all stood up

Elder4: The eyes of our forefathers wena wawela imifula igcwele

They continued praising him

Nconde: Your highness

Dad: Your eyes are like the eyes of an eagle you see things we that we can't see with our naked eyes

Nconde was groaning while shaking his head he couldn't just stand still

Elder1: You are the ears of our ancestors

LELO'S POV

It's been two days since we have been in East London and it was nice but I wasn't happy at all...I was so down and the previous we were in Hemiways Mall and I fainted just out of the blue I passed out...Yanga and Bujar suspected maybe it's because of sweet things I had lately...Anyway we booked a two bedrooms flat with a lounge bathroom and kitchen...It was fully furnished and very beautiful...I was having my black no sugar coffee standing at the balcony just viewing the beauty of East London while others were busy with breakfast inside in fact it was Bujar and Bonani because Yanga was just correcting

"Hey"

I turned to look at him and shame he had a concerned look in his face

Bujar: Breakfast is ready

I faked a smile

Me: I'm coming

Bujar: Come here

He hugged me tightly and kissed my forehead

Bujar: Let's go

We got inside and went to the dining table...Everything was already there and if I had an appetite I was going to say it looked so yummy...Anyway we took our seats and Bonani said the grace then we dished for ourselves I dished my fruit salad with yogurt just a small thing

Yanga: How are you feeling princess?

Me: On a serious note I don't know how I feel

Bujar: Maybe we should go back home...

Me: No! Remember we came here to enjoy ourselves for a week

Bonani: Sweetheart you are not happy and last night you were dreaming

Me: Huh?

Bonani: I heard you when you were shouting

Sponsored

I don't know how I feel

Bujar: Maybe we should go back home...

Me: No! Remember we came here to enjoy ourselves for a week

Bonani: Sweetheart you are not happy and last night you were dreaming

Me: Huh?

Bonani: I heard you when you were shouting "grandma"

Me: Well I don't remember anything

And I was telling the truth

Bujar: Lelo we have to go back to Joburg before something terrible hap...

Me: Don't worry nothing will happen

Yanga: I agree with Bujar Princess yesterday you fainted and...

Me: Please stop...Okay if I still feel like this way even tomorrow then we will leave

Bonani: That's wonderful then

Bujar: We are going to...

The landline phone rang and Yanga answered it since it was not far from him

Yanga: Hello

He listened for few seconds then he looked at us with his eyes popped out

Bujar: What's wrong ntwana?

He put it on loudspeaker

Me: Who is it?

Voice: Hey you naughty kids

We all looked at each other it was Yolani's voice

Me: Ho...how did you?

Voice2: Princess

It was uncle Rajesh

Voice3: Lelo please come back home all of you we have to go to KZN please

It was Busani

Bujar: How did you found us and th...

Busani: There is no time for that now Lelo please Nkosazana we don't have time

Bonani: What's going on?

Busani: Please come back

Me: Okay we heard you

I dropped the call and they looked at me

Me: They were still going to talk duh

Bujar: Fuck!

Us: What?

Bujar: Tomorrow night I have to be in Nigeria and I haven't prepare anything my notes files d...

Yanga: Hey breathe

Me: Then let's leave this afternoon

Bujar: Yes

Well we went back to Joburg and when we arrived at the airport they were already waiting for us...When we arrived at home Auntie Yolani apologized for her behaviour so did Busani and they both said "We don't want to lose you again"...So we talked and agreed on one thing that no one is going to lose me because they are all my family so everything was fine...But I postponed my trip with the Coopers to KZN because I wasn't feeling fine and I wasn't ready to meet the King and the Queen and Busani tried to talk to me that we have to go as soon as possible but I threaten him that if he doesn't back off and respect what I say I won't go anywhere so he gave up...Anyway I was coming from the airport since I was the one who accompany Bujar...I was driving slowly not in the rush for anything while I playing some Nigerian jam....I don't know how it happened but I saw a truck coming straight on my way I tried to duck it but it was too late because I hit the street light pole while the truck fall aside the road...I was busy shouting Jesus's name I was driving BMW i8 so it spins around before it went up three times

Me: Jesus!

After it stopped I was still holding tight at the driving wheel when someone shouted "fire" and I was still traumatised of what just happened but I was bought back to life when I smelled the smoke of fire inside the car

Me: Oh God

I tried to open the door but nothing so I kicked it so hard while shouting someone to help me...After few minutes it opened so I quickly jumped off then some guy took me to stand a bit far from the car then it burned making that sound like someone put a bomb on it

Me: My car

Guy: Calm down young lady

I looked at it and now there were metro police and ambulance

Me: Something doesn't make a sense here how come after the car spin and went up like that but I am fine without any stretch

I was asking myself endless questions then I went to check the truck driver and he was also fine just broken arm...then a woman came to me

Woman: Go to your people

I looked at her then I looked around

Me: Hello ma...are you talk...ing with me

Woman: Go to your people before things become harder for you

She was looking at me

Me: I...I don't know what you are talking about

She chuckled

Woman: You can't run away from your journey and this is the start...GO HOME
GO TO YOUR PEOPLE LELOTHANDO

Me: I...you...I...

Guy: Who are you talking with?

I looked around there was no woman to be found and this guy was looking at like I'm going crazy or something

Me: Where is she...the woman I was talking with where is she

The guy looked at me shaking his head

Guy: There was no woman here...You remind me of my sister when she was running away from her calling

I looked at him

Me: Hey if you don't have something better to say just shut up...because I saw her she came to me

The poor guy look at me then he went to his car and came back with a fleece since it was cold and handed it to me

Me: Thank you...When the police will be done

Guy: I don't know but soon I guess...Don't you want to call someone or you will the police to take you to the station where you will meet your parents

Me: Please borrow me your phone to call my uncle

He gave me his phone I dialed uncle's number but it went straight to voicemail

Guy: Voicemail

Me: Yeah...Let me try my brother

I dialed Yanga's numbers and he answered on a third ring

Yanga: Hello

Me: Hey it's me Lelo...

Yanga: Princess what happened to your phone Busani is here looking for you and we have been trying to call you

Me: I had an accident and...

Yanga: What accident Lelo?

I just became emotional and the guy took the phone from me and spoke with Yanga

Guy: Your family is coming okay

I nodded while wiping my eyes...After what I felt forever Yanga arrived with Busani Yolani and Bonani not to forget their army a.k.a guards...Being famous sometimes it's boring because all the people's attention shifted to Busani the police just everyone even the guy I was with

Guy: Prince Busani look

I rolled my eyes as I looked at him...They came to me

Yolani: Baby are you okay?

She hugged me tightly and I silent sobbed in her chest

Yanga: What happened princess?

Me: I...I don't...know

Busani: Take her to the car we will talk with the police

Yolani took me to the car and we were hiding our faces since the journalists were already there and we were walking with the guards...They opened for us and we got inside

Yolani: It's okay baby okay...We are here now

I was still in her arms...After some time the others were done with whatever they were doing so we left...We were going to Busani's house...After some time we arrived and we quickly went inside the house

Bonani: Do you need anything food drink...

Me: Water will be fine

Yanga: Do you need to see a doctor or...

Busani: Rajesh is on his way

Yolani: That's better...Are you in pains baby

Me: My back but it's not that bad

Yanga: What happened princess?

I narrated the story for them and also the woman part

Yolani: WHAT?

Yanga: Is that possible?

Busani: We have to go to KZN princess and the king is not feeling well that's why I was looking for you...I wanted to tell you that

Then uncle got inside as if someone was chasing him

Dr: My baby are you okay?

I nodded

Yolani: You need to check her back before she rest

Me: Well I am ready to meet your people Prince Busani we can go

Busani: Wow that's good princess

He said that with joy written all over his face

Me: We can leave tomorrow

Busani: Thank you so much baby

He kissed my forehead

Busani: Are you sure?

Me: It's not like I have a choice...Yes

LUYANDA'S POV

Since Nconde told us what he told us...I slept with one eye open and I think everyone do the same...But last night I couldn't sleep at all because I was dreaming about big owls chasing me from the caves and everytime I closed my eyes the dream will come back...Anyway I was coming from doing my hygiene process...I wore my comfortable clothes with my beads and took my phone then went to downstairs for breakfast

Me: Good morning my people

Dad: What good about this morning son huh

Mom: Your majesty calm down hey...Everything will be fine

I took my seat

"No no daddy I need to leave this place no"

It was Anita

Mom: What's the matter?

Anita: I couldn't sleep at all because of the owls chasing me from the dream

Me: You also had the same dream

Anita: Huh?

Me: I either couldn't sleep at all last night because of the owls after me

Anita: And it felt so real

Mom: God forbid...But don't worry hey it was just a dream my children okay

Anita: Mother you are the only person who is so relaxed in this palace...Do you know something that we don't know perhaps?

Mom: What...No no my princess I am also worried

Anita: You have a funny way then

Mom: Princess I am the queen of this kingdom which means I am the queen mother so I have to be strong for everyone here

Anita looked at her then she took her seat

Anita: Oh I get it now

Dad: Did you hear that?

Me: Someone is crying outside

"Your highness"

We all stood up

Me: What is it?

We didn't wait for him to speak we all rushed outside and we were welcomed by a cry of a woman that pierced through the heart

Dad: What happened?

Woman: Your majesty...My daughter my daughter

Me: Mama please calm down...What happened to your daughter and where is she?

Guard: She's outside the gate my prince

Anita: What are you waiting for let her in nonsense

The guard rushed to the gate and came back with two people and one was wheeling a wheelbarrow with someone inside

Woman: My daughter

Man: Your highness please help my child please my king

We all looked inside the wheelbarrow

Me: Jesus Christ!

Dad: What happened to her?

Man: She was bitten by a snake

Mom: What kind of snake did this?

Me: Oh God...Anita help her

Anita: Why me?

Me: Aren't you a doctor?

Anita: So?

Mom: Anita!

Anita: I don't understand why in the first place they bought her here...Is this a hospital or a clinic huh

Woman: My princess please help my daughter

The woman knelt down begging Anita

Anita: Hey don't touch me woman!

She had a disgusting look at her face while she was closing her nose with her hand

Dad: Please my princess do it for my sake help the kid please

Anita: No father and please people leave me alone...Sies

The kid coughed so hard and she was coughing blood

Me: ANITA HELP THE POOR KID DO YOU WANT HER TO DIE HUH
PLEASE SIS

Anita: People take your kid to hospital or whatever because I Anita Sangqu the princess of this kingdom won't help this smelling rat and my word is final...Nonsense fools

She then walked to the house leaving us with our mouth opened

Man: Princess of our land denied to help us us her people...Oh God

Me: Guard please get the car ready I will drive the girl to the hospital please hurry up

The cry of her parents also made me to cry...I rushed to the girl when I lift her up she coughed again then her eyes went blank

Me: Dad

I touched her pulse it wasn't beating anymore I sat down with her in my arms

Me: Oh God...what is this hey?

Woman: Umntanam! (My child)

She screamed so hard and I looked at the girl then I closed her eyes

Me: You look so beautiful and you were going to make your parents proud

Man: She was the only child...Oh God what have done wrong for you to punish us

"Eight years ago I was sitting on the same sport with my best friend in my arms and I was soaking wet with his blood when Anita told me that she can't help people from poor class I watched my friend taking his last breathe because Anita denied to help him to save him"

I lifted my eyes up and it was Lumphindo and he was crying

Dad: Lumphindo when...when did you arrive...son

Lumphindo: Long enough to see history repeat itself when the princess insulted her people instead of helping them

He took his bag and went inside the house

PART 73

.
. .

LUYANDA'S POV

Well people from the mortuary came and took the poor girl and my shirt was full of her blood...We accompany her parents to their house and I offered to pay all the funeral expenses

Girl's Dad: Enkosi kakhulu ndiyabulela Kumkani yam...Aw Gwebindlala! (Thank you so much my king)

Me: It's the least we can do to help you

Girl's Dad: God bless you my prince

Me: Amen...Uhhh you will let me know everything you need okay

Girl's Dad: Thank you my prince

Me: We have to go now I will come tomorrow okay

We went back to the Palace and I went to take a bath and changed into new clothes...Everytime I closed my eyes I would see that girl taking her last breathe...After I was done with everything I sat down on the couch

Me: God please spare people's life please...Oh God of my forefathers don't harm the people please...Punish us as the royal family even though we don't know where we have done wrong please...Please forgive us whatever thing we did for you to turned your backs on us please

I wiped my tears and there was a knock that followed after that

Me: Yes!

"My prince the king want to see you in the throne with the elders"

Me: Okay I am coming

I wore my push-ins then took my phone and went to the throne room downstairs...Even Luphindo was also there

Me: My elders...father you sent for me

Dad: Sit down son

I took my seat

Elder1: So son you are back because last time I saw you you wanted nothing to do with us again

He was looking at Lumphindo

Elder2: He can go all over the world but he can't deny his birth mark

Dad: I am so glad that you back home my prince where all our hearts belong to

Lumphindo cleared his throat

Lumphindo: One of the Sigcwawu's sons is having a case and I am his lawyer so the case is taking place at Mtata magistrate court that's why I am here...So I thought that wasting my money to the hotel let me just come here since I can drive you know

Me: So you are here because of work?

Lumphindo: You can put it that way and I thought you are still in Joburg I didn't know that you are here and facing such problems...But I'm here then and I will stay for some couple of days

Dad: That's good son

Lumphindo faked a smile...Then Anita got in

Anita: Daddy you called me

Dad: Why you don't greet your elders Anita?

Anita looked at them while rolling her eyes

Anita: Good evening my elders

Elder3: Nc nc nc nc...

Anita: Daddy you....

Dad: Sit down!

She took her seat

Elder4: Anita we heard about what happened in this palace few hours ago

Elder1: Princess why did you denied to help your people huh why you watched the girl die in your presence

Anita: Because she was smelling and no way in hell I was going to touch her disgusting self did you see her parents I'm sure the last time they took a bath it was in two weeks' time or a month

The elders clapped their hands in shock by Anita response while dad closed her eyes

Me: Anita! Anita! This is an insult and the people you are talking about are too old to be your parents

Anita: Mxm

She said that looking at her phone

Dad: My princess the only princess God blessed us with in this kingdom Intombi zamaZizi...Nkosazana talk to us tell us what the people of this kingdom did for you to develop so much hatred huh...What happened?

Anita looked at dad then focused on her phone again while tapping her foot on the ground

Elder2: Tell us my princess what have they done to you?

Anita: Nothing

Elder1: Then what the matter huh?

Anita: I am the one who was in Cuba for full seven years without any call text even letter from anyone of you even my own father

Dad: Princess you are who said we should stop communicate with you and...

Anita: Did you ask why father huh did you?

Me: Anita why are you....

Anita: Thula Luyanda thula uthi tu! Elder2: Princess y...

Anita: MY OWN FATHER WAS TOO BUSY TO SPENT FEW MINUTES WITH HIS OWN DAUGHTER BECAUSE OF THESE PEOPLE

Dad: Princess why you did tell me that yo...

Anita: What difference was it going to make father huh because you always put your people first

Elder4: Uyabona ke ngoku uyathetha not obubuvuvu ubuthethayo (you see now you are talking not this nonsense you are talking) the king put his people first because they are the same people who make sure that this kingdom is protected is save before you were even born young lady

Anita: What are you saying old man?

Dad: All these things you are saying are not true and you know that Anita...You are just trying to find an excuse or you wanted me to talk with you 24/7 huh

Anita: IT'S TRUE FATHER...IS IT BECAUSE YOU NEVER LOVE ME YOU ALWAYS WISH THAT LUYANDA WAS THE FIRSTBORN NOT ME

Elder1: Uqalwa yimpambano lomntwana (she's starting madness)

Anita: How many children do you have?

Elder1: Three

Anita: How many daughters?

Elder1: Two

Anita: Where they are now?

Elder1: Emizini yabo (in their houses)

Anita: They are married right?

Elder1: Yes

Anita: And unesibindi sokuthetha ububhanxa ngam (and you have a gut to speak nonsense about me)

The way Lumphindo was quite you would swear that he was not there

Dad: Anita enough! I am tired of your nonsense you have lost respect and discipline as the royal princess and you are dragging your dignity in the mud

Anita: What dignity father huh?

Elder3: The ancestors will pu....

Anita laughed while clapping her hands

Anita: The same bloody ancestors took the love of my life away from me are you talking about the same ancestors rejected me during my coronation huh

Elder2: Oh okay I see where all this anger and hatred come from

Anita: You see all these smelling rats from this kingdom coming here for help...I will never ever help them never! Ndawusuke ndibagqibezele qha anikaboni kwanto nina (I will just finish them you haven't see a thing)

Dad: What?

Anita: You heard me louder and clear father...These people are not my people...I

HATE THEM!...RHA!!!

She stood up and left while father was shouting her name to come back

Dad: So the ancestors are also punishing me through my child huh...Oh God

Elder2: Did she just walk away from us without giving her the permission to do so...I give up

Elder4: Jonga ufuna intonga lomntwana yiyo qha enokumlungisa...Yini le!
sagezelwa lusana

Lumphindo started laughing and we all looked at him

Lumphindo: I think I am going to stay for a week if it's not a month

He laughed again

Elder1: Uyakuhlekisa lonto kwedini huh

Luphindo: Why are you all acting blind huh why are you making yourselves fools

Elder2: Nithe itheni lenkwekwe huh (what's wrong with this boy)

Luphindo: This is nothing compare to what is coming in your way

Me: What are you talking about Luphindo?

Luphindo: Especially you and you my king...You are still going to hear

Lelothando's cries ringing in your head

Elder3: Who is Lelothando?

Luphindo: The girl you all buried alive for something she didn't committed...Do you still remember what happened after she cursed you huh did you see the light in her eyes...You are still going to cry all of you you still going to run one by one to where you buried her and wish that you can wake her up

He stood up

Luphindo: Excuse me my elders I have to prepare my notes for tomorrow

We all looked at her as he walked away and I asked to be excused too ...I went to my room to take my coat then went to downstairs

Mom: Where are you going Luyanda at this time?

Me: Ndiyakwantliziyo ndise!

I took the car keys and rushed outside while mom was calling me...I got inside the car and I saw the guards coming

Me: Where are you going?

Guard1: My prince the queen said we should go with you and it's our job to...

Me: VOETSEK!

I closed the window and drove off

LELO'S POV

When the jet depart at King Shaka International airport my heart started beating fast and there was no turning back...We got off from the jet and we were welcomed by many guards...How many guards do these people have that what I asked myself because we left another army at Joburg now this...Anyway Bonani came to me

Bonani: Can you do me a favour?

Me: Wha...what?

Bonani: Please relax okay just free yourself please

Yanga joined us

Yanga: Are you okay princess?

Me: Yes...Just nervous

Yanga: Don't worry I got your back okay

I nodded

Busani: Let's go kids

We were taken to the cars I haven't never see so many cars in my life it was just exaggerated everything...Anyway I was riding with Yanga to all black Range Rover even its windows were tinted black...Our car was in the middle as soon we heard the scooters make the noise the journey beginnings...Yanga was holding my hand tight

Yanga: Relax Lelo please

Me: I am trying okay

Yanga: Don't try just do princess

Me: Okay I will

The journey was quiet and after an hour we were still on the way

Me: Excuse me sir...Where are we going it's been an hour now

Driver: We are to KwaZulu my princess

Me: Aren't we in KZN already?

The driver smiled and Yanga laughed

Driver: Yes we are KZN but we are going to the Palace which is located KwaZulu

Me: Okay fine

I was still confused but I decided to keep quite...After what it felt forever I think it was about two hours and more the car finally stopped

Me: We have arrived or you are just taking a break?

Driver: We have arrived my princess

***The car doors opened both my side and Yanga's side...I first said a silent prayer without an amen before I stepped down...Oh my God what a big and exquisite place I was...I looked around I felt like I was in another city in the same city....The guards securities drivers and maidens were moving up and down with the huge smiles in their faces...I was still standing next to the car with my mouth wide

opened...I was wearing a long sleeves with open back cream-white mermaid long dress my dreadlocks were styled in one side lose nude lipstick with six inch light-gold sandals heel...Anyway Busani came to me***

Busani: Are you ready?

I slowly nodded

Me: Yes

Busani: Shall we?

Me: Yeah

Busani: Let's go then

We stepped on the red carpet...The way some of their servants were looking at me it was making more nervous...We continued walking passing the guards and maidens...I was asking myself that how does all these big mission houses look inside because it was so every beautiful outside...We arrived in front of the greenish and light brown stones with a waterfall I was confused whether it was an entrance or what

Busani: Wait here I am coming

He smiled looking at us he disappeared to the stones

Me: Bonani aren't these stones?

Bonani laughed

Bonani: They are not really stones it's actually two sliding doors

Yanga: And the water?

Bonani: There is a glass there that stop the water but when you standing here it looks like the water is falling through the stones right

Me: Yeah...Wow I am sure the person who designed that is still chowing the money he/she got from doing that even today

They smiled looking at me

Yanga: I missed this Lelo not the one who was shaking

Bonani: Me too

Me: Only if you can put your hand on my chest the way my heart is beating

Bonani: Rexal princess

***Suddenly I felt uneasy...I closed my eyes I roared out louder three times then I was back on my normal state like if nothing happened...When I looked at Yanga and Bonani they were both so quite even the servants around us I also kept quite because I had no idea what happened...Anyway the doors opened wider then the

king stepped out followed by the queen Busani Elders and royal priests with the guards and maidens of course...As they walked close to us I wanted to run away but my feet failed me***

Queen: Buhle

She was looking at me...The way she was beautiful you would swear that she was Busani's sister not mother

King: My daughter

The queen screamed out louder while she ran to me and I don't know how but I found myself meeting her halfway...She was holding me so tight against her comfortable chest as I was inhaling her scent and she was still crying out louder...I found myself sobbing softly in her arms too...She gently pushed me off from her chest and cupped my face looking at me with eyes full of tears then she pulled me into her arms again tight as she went down with I guess her knees or feet were failing her...She screamed out louder again while calling out "Buhle"

Queen: Oh...my...God

Out of the blue it became dark as clouds changed and moving so fast as if there was a big hailstorm coming...Then lighting started followed by a heavy thunderstorms...I looked around no one was moving they were all stand still...I started get scared and I guess the queen noticed that because I was shaking a bit

Queen: You are...are safe princess

The thunderstorms became harder and you would swear that the lighting was being controlled by the remote...Why everyone is so relaxed even Yanga that was I asked myself....After some time everything became so quiet very peaceful and the sun shown up again followed by the rain and the birds started making their noise...What is going here suddenly there was thunderstorm and lighting and now it looked like nothing happened just rain and the sun at the same time that was the question I asked myself...I was still in the queen's arms when one of the royal priests spoke and I guess it was a chief priest because he was wearing different clothes from the others

Priest: Oo'Ngwenya

Oo'Mntimande abahle

Bhambolunye

Zingambili zobe zifuz'ekhaya konyoko

Mabuya

Bengasabuyi baye babuya amangwaneni
Nungunde
Wakhothe
Bayosala beziyolanisa
Wakhangel'emnzini wakhangel'enyakatho
Mabhodl'amanzi abantukazana bebhodla utshwala
Vus'umuzi ngokuvus'umadonsela
Oqhamuk'esedonse ukunene no gamadze
Mntimande....

He continued saying his things and the others joined him calling the clan names and praising...Then the king walked closer to me and the guy looked so scary just like when you saw him on tv but now he was worse with his big aroma around him...He touched my face as the queen walked to Yanga

King: Ntombizamangwenya

He then pulled me into his arms

Elder1: INkosazana isekhaya manje (the princess is at home now)

They started where they left off with the praises

King: I never thought I would see this day

His tears fall into his cheeks...Even big men can cry wow*

Queen: Nkosenye

She was looking at Yanga with her hands on his face...The King went to Yanga as the queen came back to me and she touched my dreadlocks then she kissed my lips and my forehead

King: I will die as a happy king

He kissed Yanga's forehead

King: Nkosenye

***After all that we walked inside the house...Oh my God what a place!!!...There huge open space with exquisite art galleries and paintings....We walked passing different art galleries and paintings and I made sure that I walked very careful because their tiles were glass black shiny tiles...I didn't know where to look because everything was very beautiful and I don't want to mention the ceiling I felt like I was walking to those Italian gala dinner halls or houses...Finally we walked to the dining room were we welcomed by a big High End Luxury Italian Glass Dining Table with white leather seats glass pool tank with small fishes inside shiny

black paintings attached on the wall and not to forget guards standing each corner of the room...I am sure the people who designed plan drew and built all that are still chowing the money even today because it was outstanding beautiful and exquisite in fact no words can describe all the corners I passed looked like it was just a paradise...Anyway we took our seats and I sat next to the queen then the servants served us with different kinds of food and drinks***

Queen: Nkosi how are you baby?

Busani: That's Nomzamo for you

Queen: Don't forget I can still beat the hell out of Busani

Busani: Not while my father is still here with me girly

LUPHINDO'S POV

I spent two full months hoping just hoping that someone will tell me that Lelothando is alive that someone saved her life...I don't know how many nights I slept with a wet pillow just thinking about her and her cries ringing through my head...But I came back to my senses when I was about to commit suicide because I was blaming myself that I did nothing absolutely nothing to save her when I heard my father's voice calling my name for the very first time after his death...Anyway after that I went to Nigerian because one of my clients had some big project and it involved a lot of paperwork and I also spent some time there and met Mike and stuff....Anyway I was busy in my room preparing myself for the next day case and it wasn't something big...After I was done I parked my things back to their places and went to stand next to the window with my hands inside the pockets looking outside...What happening in the palace was painful even though they deserve whatever coming in the way but not innocent souls...I sat down and took my phone

Me: I know they wronged you but please spare the people's lives Lelo they are innocent please

I was looking at Lelo's picture after some time I wore my sleepers and went to downstairs where I was welcomed by Anita's annoying voice

Anita: Can you imagine mother huh can?

Queen: Calm down princess

Anita: Mother I will not calm down not anytime soon they just touched the beast in me...Mother I will never ever help any rat in this palace...NEVER!

Queen: Anita...

Anita: They will keep on coming and I will just sit back and watch them dying

Queen: Princess please calm down...

Anita: Oh no I will help them...Yes I will

Queen: Huh?

Anita: By making things easier for them I will finish them off because some of them are close to their graves anyway

Me: That is so cruel Anita...Rha!

They looked at me

Anita: Who invited you to this conversation?

Me: Don't you dare start with me because you won't finish sisi

Anita: You think I am scared of you Luphindo huh?

Me: Hayi jonga nontombi andiyo'Kumkani okanye ooJwarha mna uyeva if ucinga unamasende asemqaleni ndakuwacumba unye ngoku (No look here I'm not the king or Jwarha you hear me if you think you have balls I will destroy them now)

Anita: No mother leave him I will...

Me: You will what huh...No wonder the ancestors rejected you and usazobalidikazana apha wena while iintanga zakho zitshintsha imitshato (you are still going to be a whore here while your mates are changing marriages)

Me: I guess I hit some nerve neh?

I looked at her with a smile

"WHERE IS SHE HUH WHERE IS ANITA?"

It was the king with a sjambok and he was spitting fire

Queen: Your highness...

King: How dare you Anita embarrassed me like huh how dare you?

Anita hide behind her mother

Queen: Your highness please calm down before you do so...

King: Get out of my way woman

Queen: Beating her won't change anything it will just make things worse

King: I have done everything in my power to make sure that my children have everything they want and more by all means so is th...

Anita: Everything father huh did you just said everything?

King: Yes I d...

Anita: If you did everything then why I am still here in this palace huh?

King: What do you mean?

Anita: Father I am supposed to be in Nigeria with my prince but no I am here forced to help some disgusting smelling rats...Father you did nothing when I was rejected...You all people did not help to me you absolutely did nothing father but I am certainly sure if it was Luyanda you all people were going to look help everywhere in this world to find the damn girl to cleanse the curse away

We all looked at her

King: What?

Anita: Father you haven't see a thing I am telling you

King: Are you sure this is my child?

He was looking at Mandlakazi

Queen: Your highness how could yo...

Anita: Say it say it that you wish you had boys only...SAY IT

King: Mandlakazi if you don't talk with your child I will disown her

Anita laughed while clapping her hands

Anita: I wonder what other kingdoms will say when they hear that you disowned your princess because you regret yourself for having a girl child father

Me: You are mentally disturb wena Anita shame soz'uve

Anita: Your mother is the one who is mentally disturb

Me: Askies?

LUYANDA'S POV

I don't know where I was going to but I found myself driving to the beach...I parked the car aside the road then I got out and stretched myself...I locked the car then I took a walk and I sat on the stone as I was surrounded by stones and watched the waves as they were going up and down

Me: So which my life was so peaceful like this place

I sat there thinking about all the nonsense was happening in my life until Luphindo's words rang into my head...I took out my phone and went through to my pictures yes I still have Lelo's pictures

Me: I still remember the day I met you and how you insult me and my ancestors...Yes since you came to my life things changed from good to worst and from worst to good

I kept on looking at her pictures until one of them got my full attention and I zoomed it...Lelo had a strange mark on her left side hand but she told me that it's a birth mark but it was strange and I forgot to asked Ncendo about it

Me: Why Lelo huh why did you stole the sceptre why and even if you were innocent like you and Luphindo said why did your ancestors did not save you huh...You turned the stones gold and Nconde said you are from one powerful kingdom but not even a single sign proved that you are innocent...You betrayed me Lelo and I blame myself for introducing you to my family and for meeting you that day...I curse you Lelo even in your death...Maybe it was true that you cursed...I HATE YOU!!

I deleted all her pictures then after that I cried out louder while I lie down on the stone with my head on my arm

Me: I...hate you...I hate you Lelo...Oh God please help my people please help them from this drought that is happening...Let your rain fall let their livestock live and save their lives...God of my forefathers please hear my cry ple..ase...How I wish I was just a commoner...

I suddenly felt uneasy and my back hair did funny things...I slowly sat up straight and I looked around and there was nothing

Me: What the fuck was that...

"The cry of an innocent"

I quickly turned to look where the voice was coming and shock of my life it was some old man and I was about to run for my life

Old man: Stop!

Me: I...I don't know you old man but please let me go

He laughed and I was just standing still

Old man: I am not going to harm you son...Prepare yourself

Me: Prepare mys...elf

Man: There is a big storm coming in your way and it is going to leave poverty sorrows pains and death

I closed my eyes

Me: Please...show me the way how to stop it fr...

Man: It is over your power and no one can help you...

Me: So my kingdom is...is cursed

Man: Prepare yourself

Me: Ho...Old man

He was nowhere to be found I looked around and calling him until I gave up

Me: Big storm...Mxm and who are you anyway...You are just bluffing...Xa undazelaphi kona utsho ngobubi nje

I sat down and watch the sun set as I felt the sea breeze and for a moment I forgot about everything...I was disturbed by a funny sound behind me and I ignored but it didn't stop

Me: Old man please leave me alone please give me a space

The sound continued and I decided to look...Oh my God it was a snake and not just any snake but a cobra with its head stand still ready to take action

Me: Oh my God...Where..ho..w it...whe...n

I slowly stood up and it was still looking at me

Me: Ohhh...God please help me as I'm about to run for my life

***I looked at it then I jumped to short left then I ran with a high speed without looking at the back...I final reached the car and I opened then got inside quickly started the engine then drove off...Even while I was driving I felt like the snake is

still on my back...I was driving like a mad person and those bloody guards took their time to open the gate***

Me: Why did you take so long to open the gate?

Guard: I'm sorry my prince...I...I

Me: YOU WERE WHAT?

Guard: Eating my prince...

Me: You were busy eating while I almost die waiting for you to open the gate and you took your fucken because of food huh

Guard: My prince I...

Me: Where is your food?

Guard: In...in the...

Me: Give it to me

He went to take his food and handed to me then I threw it away

Me: Now go get the broom and clean this shit

"Luyanda dude are you crazy"

It was Luphindo and he looked at me

Me: Did you know what this fool did...

Luphindo: I saw everything Luyanda and this is ridiculous...Oh God how can you threw someone's food on the ground Luyanda what he...

Me: Stay out of this Luphindo and mind your fucken business...You get the broom

Luphindo: Hey are you the one who did this?

Guard: No my prince but prince is...

Luphindo: No come with me

Me: Luphindo don't start with me...

***He ignored and they went to the house I followed them while shouting

Luphindo...They went to the dining room where others were***

Dad: What's the problem?

Luphindo: Nothing I can't handle my king don't worry...Take a sit

Mom: Wait he take a seat where?

Luphindo: What's your name?

Guard: Kwanele my prince

Luphindo: Kwanele take a seat and dish for yourself

Anita: Since when we eat with the commoner Luphindo?

Luphindo: Oh I see you are not comfortable and these people are making noise let me do this neh

He took a plate dished a lot of food with meat and took the second one and dished a small portion

Luphindo: Take here

He gave the guards both plates and then he took two glasses of juice

Luphindo: Let's go to your sport

Me: Not so fast what the hell do you think you are doing?

Luphindo: After you are done eating or whatever take the broom and clean that mess you did outside because no one is going to do it okay my "prince"...Lets go Kwanele

LELO'S POV

I woke up and slowly open my eyes...I was in my chamber the way the room was so huge I am sure that you could divide it into four if not five rooms...Everything was just exaggerated here my bed was too big to a point that five people could sleep there comfortable and peaceful...The room's theme was white and shiny gold and it was outstanding exquisite...I kicked off the blanket as I stretched myself then there was a knock and I invited the person in...Six maidens got in

Maiden1: Good morning my princess

Me: Wow

Two maidens came back with white towels

Me: Thank you

I took off my robes then cover my body with a body towel...Then we walked to the bathroom...Wow my gosh...It was a wooden modern interior design and luxury traditional style bathroom...The theme was light brown and snow shiny white...There was a wooden bathtub and I don't even know what shape it was filled of water lemon peel rose petals coconut oil honey lavender oil and clary sage oil...I looked at the maidens then took off my towel then got inside...Oh my Gosh I quickly closed my eyes and every part of my relaxed as the water was doing wonders...After 40 minutes or more I finally opened my eyes and the maidens went still there

Me: You...are you...never mind please pass me a towel please

I got out of the bathtub and I was feeling so relieved as if something was removed on my shoulders...Anyway I dried myself then three maidens took me to a very beautiful dressing room...I slowly lotioned my body then wore my thong no bra

Me: You took my bag from the car neh?

They nodded

Me: Thank you...What I'm going to wear...

Maiden1: The queen gave us this

Me: Let me see then

LELO'S POV

After skyping with Bujar and uncle I closed my laptop and I sighed...I won't lie I was bit hurt by Pam's behaviour but I understood her reason and I wasn't going to get involved in her thing with the king and uncle Busani...Anyway I took my phone and dialled Mr Siseko's number and he answered on the fourth ring

Me: Měihǎo de yītiān (Good day)

Siseko: Měihǎo de yītiān Wǒ de gōngzhǔ (Good day my princess)

We laughed

Me: Someone is learning hey

Siseko: I have to Nkosazana even though it's difficult because some students don't understand English properly

Me: I'm sure it's hard yhuu

Siseko: Very hard Nkosazana

Me: Anyway how are you Tata?

Siseko: I am good my daughter and how are you beautiful principle

I giggled

Me: I am also fine thank you Tata...Uhhmm I called to invite you in my coronation

He kept quiet for few seconds then he cleared his throat

Siseko: Uhhmm...I..I don't know princess...I...uhmm...the people

Me: Oh no no no not in Sangqu kingdom no!...I will be crown as the Cooper Princess

Siseko: WHAT?

I briefly summarized the story for him there and there

Me: So yeah...Oh Tata torho please don't cry please

Siseko: It's tears of joy my daughter...Oh God

Me: I understand Tata...So Lee will arrange everything for you and the Palace guards will wait for you at the airport...And don't worry about your safety okay

Siseko: I will not miss this at all...Thank you my princess

We talked some time then we hung up....One of my maidens bought me my fruit salad yes I have six personal maidens even though I was against it I was told that it is "tradition" so I gave up

Me: Thank you my darling

Maiden: My princess it's been a while since you said we should take a break and we are worried...

Me: What is your name?

Maiden: I'm Zinhle my princess

Me: Your name suits you just perfect your parents didn't make any mistake when they named you Zinhle because you are beautiful

I smiled looking at her and she blushed looking down

Maiden: Thank you my princess

Me: Just take your time okay relax take a walk do each other's hair watch tv just anything okay...I am fine and besides you are just going to sit here and do nothing...I will call you if I need you okay now you may leave

Maiden: Thank you my princess

I nodded then she left and my phone rang

Me: Leloth...

Calvin: Calvin hello

Calvin: You...are dead...you

LELO'S POV

I was standing at the balcony watching people as they were busy going up and down left and right preparing for the following day...The coronation planners shouting each other others on each other's throat it was just funny...When I woke up different designers were already here to take my measurements and I was so excited because I got a chance to meet people like Sindi Thula Sindiso Khumalo Taibo Cabar (from Botswana and I was so surprised and honoured to meet him) Gavin Raja and more specially Gert-Johan Coetzee (Pam's favourite) it was so wonderful to meet them all...I wasn't going to wear those long gowns everyday so I also ordered knee length beautiful skirts with their matching crop tops...But what I was going to wear the following day was going to arrive at midnight or next morning all the way from Los Angeles from one of my favourite international designers Walter Mendez and it was organised by the Queen Mother so don't ask me any questions....Lol...As I was standing there I was also thinking about my life where I come from all the pains I went through how my life changed from good to worst and from worst to good but now I was about to be crown as the Cooper Princess one of the well-known respected and scary kingdoms in the world...My words were not enough to say "thank you" to God I was beyond the word "Grateful" for all he has done for me..Anyway three of my personal maidens got in and I sit down looking at them

Me: Why are you all smiling like a kid got some candy

They laughed more like blushing

Maiden1: Sijabulile my princess (We are happy my princess)

Me: O-kay that's good...Ummm and one of you here is in love sana

They all looked at me and I laughed

Maiden2: Not me shame my princess

Me: Yesterday I was standing at the garden in the roof top and something told me to look down...And boom!

We all laughed

Maiden1: Khuluma Nkosazana hawu (talk princess)

Me: Sbahle was in someone's muscle arms and very close...The way she was blushing...yey! sana

We laughed and Sbahle looked down...Yes I know their names and I even told them to call me Lelo but I see that they respect their tradition and customs so I gave up

Maiden3: I'm so sorry my princess and I swear I...

Me: Whoo slow down tiger...There is nothing to apologise for I mean you were in your private place so it's not your fault that I have big eyes okay

Maiden1: But we are not allow to have an affair in the palace

Me: Huh?

Maiden3: My princess please don't report me please...I promise...

Me: No it's fine darling okay...I mean we can't stop heart from wanting what it want okay but please date with timing okay know the time when you meet your boyfriend neh

She nodded while looking down and she was really scared shame

Me: Don't worry and I am sure that the Queen or King know that some of you are having affair with each other but they keep quite as long as you respect their presence...And girls play it safe neh

They laughed and nodded

Maiden2: I thought you are a brat you know have an attitude and stuff and undermine people and...

Me: No no no...Yes I was born with a sliver spoon in my mouth but my father thought me all kinds of life and besides in the eyes of our God we are the same and I pray to God that whatever situation shall not change who I am

Maiden3: Amen my princess and God bless you

Me: Thank you my love and God will bless you all okay...Just know that all of you you are not savants or commoners...You are also family we don't need to be blood related to be family but loyalty is the key okay...All of you you are my brothers and sisters and we have the same parents the Queen Mother and the King as long as we live in this palace okay

"Wow"

We all turned to look who was it and we met the beautiful Queen Mother smiling at us...She came to us with followed by two of her maids

Me: How long have you been standing there?

Queen: Long enough to hear everything baby

Me: Everything?

I looked at her and she laughed

Queen: Did I tell you how beautiful you are

I smiled

Me: Uhm...no

I said that giggling and the maidens laughed

Queen: You are so beautiful and I feel like hiding you so that all these ugly princes don't see you

I laughed while hiding my face on her chest

Me: Come on Nomzamo hawu

We all laughed

Queen: Ngizokushaya wena no Busani (I'm going to beat you and Busani)

Me: Unless you want divorce girly

I said that in uncle Busani's voice and we laughed

Queen: I love you so very much

Me: I love you too your majesty

Queen: I just came to check what are you doing and I missed you but since you are fine and have some company let me love and leave you then

I kissed her cheek then she left...And I continued talking and laughing with my girls until we were disturbed by a guard

Guard: My princess

Me: I so wish that you can call me Lelo all of you but it's fine...So how can I help you dear

Guard: My princess your guests has arrived

Me: My uncle?

I asked with excitement

Guard: Yes my princess

I quickly stood up and went to checked...I was so happy

We hugged and he was kissing me all over my face then he stopped and looked at me

Dr: You look beautiful baby

Queen: Are you okay baby?

She looked at me

Dr: Sea food is her favourite so don't be surprised

LUPHINDO'S POV

We arrived last night in Durban and we checked at Hilton Hotel...The following day we went to Gateway for breakfast since we didn't eat at the hotel to avoid traffic then we did our shopping for the guards of course because I already called my designer for my Xhosa traditional attire...So after the guards picked their suits we paid then continued with some things and after we were all done even with our hairstyles we drove back to the hotel*

Me: I am so tired...Yho!

I threw myself on the couch

Kwanele: My prince.

Me: What happened to Luphindo?

Kwanele: Eish it is not easy my pri..I mean Luphi...No no I can't forgive me my prince

I looked at him then I laughed

Me: Okay it's fine Kwanele

Kwanele: So where are we going because I am sure we are not going to court with these expensive suits

Me: We are going to a coronation

Ludwe: My prince which coronation and why the king is not here

Aviwe: Exactly my prince why?

They were all looking at me so I sat up straight

Me: You know that I chose the five of you because I trust you to all the guards in the palace

Buntu: Ye...yes my prince

Me: And I hope you won't disappoint me at all

Onele: We won't disappoint you my prince

Me: I hope so...Now listen and listen very careful okay....I am invited to a coronation at Cooper Kingdom

Them: WHAT?

Kwanele: My prince are you sure because I don't want to die

Me: That's why I bought you here because I also don't want to die alone

Ludwe: My prince I can't die what about my mother and my two sisters

Aviwe: My siblings are depending on me my prince

I laughed

Me: Come on guys no one is going to die here and besides I saw others princesses and princes on Instagram posting how they are going to slay at "Cooper's coronation" and stuff

Buntu: Life is Good people...So tomorrow we will be slaying with them there

Onele: VVIP ntwana

We all laughed

Kwanele: So is their prince getting married?

Onele: If that guy can just hold my hand I swear I will never wash it for some months

Ludwe: I don't want to lie I would just shit on myself then if it is the king himself I would wake up in coma after two years

The room was filled with loud laughter and I now understand why Lelo used to sit with them everytime when she was around because they are always together...They are fucken crazy and funny

Me: You guys are so fucken crazy

Aviwe: So wish all royal kids were just like you treat us like people too

Onele: That's true ntwana...Have you see princess Anita

Buntu: That one is just a bitch and if I was that Nigerian guy mxm I was going to run for my life too

Ludwe: I am just a commoner but if I would be given a chance to marry Anita...I would rather die than to marry her...NEVER! Sorry my prince but NEVER

We all laughed

Onele: I thought prince Luyanda changed you know but now nop

Onele: But God is not fair sometimes gents how can he let someone like Lelo die just like that

Buntu: And she was innocent I am telling you someone in the palace framed her

Ludwe: And it was Anita I am telling

Aviwe: And also with her mother

Kwanele: And we lost a brother

Buntu: Bulelani and he was also close to Lelo very close

Ludwe: Do you think he committed a suicide?

I looked at them

Me: Why are you saying that?

Kwanele: My prince the guy loved Nkosazana so very much as a brother and Lelo loved him so much...Sometimes they used to do shopping together and he never forgot us too they had lunch together and Lelo promised him go with him to overseas

Ludwe: May their beautiful souls rest in peace bras

LELO'S POV

***I have never heard anything from Luphindo since that day at the hotel and I didn't bother myself to waste my time by calling or texting him because he knew exactly what he was doing and he is an old man for that matter...So I backed off because at the end of the day we don't owe each other anything...Anyway the following week it was Christmas...Yes!...Mr Siseko return to China because of work and he was not going to join us for Christmas how sad is that...He left with Lee but Lee was coming back because he said "there is unfinished business between him and Busani" and aunt Yolani and uncle Rajesh went to Joburg and since it was festival season uncle was going up and down the country due to accidents and stuff...But they were going to join us for Christmas...Anyway I was chilling in one of the lounges playing piano and I playing the song that my father sang for me while he was lying on his dead bed...If Tomorrow Never Comes by Ronan Keating**

"Cause I've lost loved ones in my life
Who never knew how much I loved them
Now I live with the regret
That my true feelings for them never were revealed
So I made a promise to myself
To say each day how much she means to me
And avoid that circumstance
Where there's no second chance to tell her how I feel
If tomorrow never comes..."

My tears were falling uncontrollably into my cheeks all the memories I had with my superman were playing in my mind...And if he was alive we would be arguing which country we are going to spend our Christmas to...Oh that moment I felt like cursing death for taking my father away from me...I wiped my tears with the back of my hands and continued playing the piano

"...Will she know how much I loved her
Did I try in every way to show her every day
That she's my only one
And if my time on earth were through
And she must face this world without me
Is the love I gave her in the past
Gonna be enough to last

If tomorrow never comes..."

"Will she know how much I loved her

Did I try in every way to show her every day

That she's my only one"

I slowly turned to look who was singing and I met uncle Busani's smile people my uncle is scary but very handsome and I don't blame my aunty shame...Lol...Anyway he came to me and I made a space for him to sit and he kissed my forehead then wipe my tears...He played some few notes and looked at me I smiled

Busani: We love you Lelothando so very much

Me: My first time hearing you calling me by name God bless this guy because I thought he doesn't know it

We laughed and he looked at me while shaking his head...He played the piano again and I looked at him he chuckled...He played it for few minutes then he sang Purple Rain by Prince

Busani: "I never meant to cause you any sorrow

I never meant to cause you any pain

I only wanted to one time to see you laughing

I only wanted to see you

Laughing in the purple rain..."

Me&Busani: "Purple rain purple rain

Purple rain purple rain

Purple rain purple rain

I only wanted to see you

Bathing in the purple rain..."

We looked at each other then we laughed

Busani: Princess this song is older than you

Me: I once heard it somewhere in Paris to some theatre thing

Busani: I am sure that Bantu want to see you laughing in the purple rain too not crying Nkosazana ka tata

I looked at him and I smiled while playing with my fingers

Me: I miss him sometimes and its hurt uncle...

Busani: I know baby I know that we can't close the gap you have with him or take his place and sweetheart we are not trying to replace him but we are here for you and we love you so unconditional...No one and no one will hurt you again you are going to have an everlasting happiness...We are ready to kill for you and those who hurt you caused you pains and sorrows are going to pay for each second your tears fell

Me: Thank you uncle

He kissed my headache

Busani: And Rajesh thought that when we crown you as a princess we are trying snatch you away from him and I don't want to talk about Yolani...

We laughed

Me: My ninja aunty

Busani: They are also family and even Bulelani he is also the Prince of this kingdom too...And we love them

Me: But you love aunty Yolani even more neh

Busani: Princess!

I laughed

Me: Truth hurts uncle I understand

Busani: Wǒ yào shāle nǐ (I am going to kill you)

He mimicked aunty Yolani's voice and I busted into a loud laughter

Me: I am going to tell her

Busani: If you want me to spend Christmas in hospital then it's fine Nkosazana

Me: Okay I won't tell her but you have to pay

Busani: Princess! But it's fine now let's go to join your crazy and lazy brothers I gave them some paper work

He helped me to stand up

Me: Where is Nomzamo and her boyfriend?

Busani: Wha..what?

He laughed

Me: That what Yanga said yesterday and she was chasing him all the lounge

Busani: Yanga called my father a "boyfriend"...you guys are so crazy they went to some lunch what-what and I don't know where but outside the town

We went to the lounge and the boys were focused on their laptops with so much files around them

Me: My favourite brothers in the entire world

Bujar: This is not fair shame

Me: What's wrong?

Yanga: We have been sitting for hours and you are doing nothing

Bonani: So sis can you make some sandwich for me

Busani: Lunch will be served in few minutes son don't worry okay

Bujar: I am so tired

Me: What are you busy with?

And one of the chefs called us that lunch is ready

Bonani: Oh thank you Susan and let me not waste any time I am starving

We walked to the dining room took our seats and we dished for ourselves...Yummy it was prawns and Greek green salad one of my favourites

Bujar: Ingathi bayazile ukuba ndiyazibawela (it's like they knew how much I am craving for them)

Him and prawns are besties we said the grace and we started eating

Yanga: You see daddy if you won't invest to that proposal I am going to use my all my savings to invest because this is a brilliant idea and more income in the long run

Uncle Busani looked at him then he smiled wide and we looked at each other then looked at him

Bujar: And then?

Busani: My boy just called me "daddy"

We laughed

Me: Cheers to that

Busani: But Law law is not my thing...

Bonani: It's not like you are going to work as a lawyer daddy but be their investor that's all

Busani: Firstly these guys only have degrees yes I tried to look at their proposal and it is excellent...

Me: There is a first time for everything uncle

Banani: Exactly

Busani: Remember they are going to start at a clean stretch property registration the name of...

Bujar: They have already have a place in Port Elizabeth...

Yanga: And I suggest they should just buy the building renovate its structure again instead of renting...

Me: Who are these people?

Bonani: I also want to know them princess they are so ambitious and mark my words they are going to rule in the law industry if other firms are not pulling their socks up

Busani: Well I have to meet them after New Year and I will give them a task if they pass it then I will gladly give them all the money they need and even some clients I know but they have to pass this test because I don't want a sinking boat

Yanga: Thank you father

Me: Do you know them?

Bujar: No we don't sis

I looked at him and I knew he was lying...Anyway we continued chatting and laughing

Me: Uncle when are you getting married?

The others busted into a loud laughter while uncle Busani looked at me

Busani: I..I..soon baby

Lee: If me and your father we were friends I was going to say you look beautiful but no

Bujar: Aren't you guys friends?

Lee: We are best enemies not friends sweetheart because I am still going to kill him

We laughed...you know my dad is this scaring heartless and cruel man outside the world and I don't want to mention the King he is a beast but when we are together I guess we break/melt the ice that covered their hearts

Me: Lee why are you always threatening my father?

Bonani: And his guts are made of expired cement to threaten him in his palace hayi girly you are brave shame yhuu!

We busted into a loud laughter

Lee: Oh so your little bulls are learning how to bark neh but at wrong person sweetheart

I kissed her cheek then went inside to get the keys of golf cart because I was not fit enough to walk...It was a 15-20 minutes away it was a beautiful bachelor flats building...So I slowly drove there and when I arrived I asked some maidens where can I find her and they told me...So I walked inside going to the elevator I must admit that the King loved his servants dearly...That building was not some building it was exquisite...Anyway I could see the shock in others' faces as I passed them...I knocked at Amanda's door but no one answered I knocked again to a point I decide to invite myself in...Wow it was neat inside smelling fresh and good and also beautiful...I walked to the lounge she was laying on the couch with a box of tissues next to her and she was watching tv

Me: Hey

She quickly stood up with shock and surprised at the same time...Her eyes were bit swollen and her face was pink you could tell that she was crying

Amanda: My...my prince

She said with a soft voice while looking down and I walked closer to her

Me: You were crying Amanda

Amanda: Uhhh...I...how can I help you my prince?

Me: I am a very patient man Amanda....what's wrong?

Amanda: I...am fine...nothing wrong

She faked a smile and I guess her tears failed her

Me: Hey come here my beauty

I took her into my arms and sat down with her while she was crying out and my heart broke into million pieces because of her cries

YANGA'S POV

I was gently brushing her back as she was silent sobbing and that pierced through my heart I switched off the tv then cupped her in bridal style and walked to the bedroom...I placed her on the bed and when I was about to take off her gown and she moved uncomfortable

Me: I won't hurt don't worry

I took off her gown oh shit she was wearing a t-shirt only...Anyway I took off my shoes and I lay next her with my back then pulled her to lay on top of me and she hesitantly did...I could feel she was uncomfortable and tense as I brushed her back gently

Me: Can you please do me a favour

She looked away

Amanda: Wha..what?

Me: Firstly I want you to look at me and secondly please relax because I can tell that you are uncomfortable and lastly I am not going anywhere so don't even think to ask or chase me out sweetheart okay

***She swallowed hard and relaxed a bit**

Amanda: But...but my Prince...

Me: No but my beauty

She looked at me with her swollen eyes and small pouted mouth and I found myself perk her lips...Oh God they were so cold and soft I wanted to kiss her like no body's business but something caught my attention as she was wiping her tears

Me: Beautiful diamond you have

She quickly moved her hand...She had a big shining stone on her finger

Me: So uyigoduso yomuntu (you are someone's fiancée)

She tried to move but I tighten my grip and she looked away

Amanda: Ple..please

Me: Amanda I said that I am not going anywhere so please don't make me angry because you won't like it okay

Queen: This is ridiculous can't you come up with another plan without fighting

King: No my dear

We were gathering at the dam waiting for our fighters to come

Me: Oh shame my poor uncle

Bujar: Lee is going to win this match

Yanga: No aunty Yolani is going to win it

We were watching the really action or kung fu movie live and it looks like no one is willing to lose between them...After some time Lee found himself inside the dam

Lee: People you have to understand her situation right now and besides Lelo is still young and it's been her dream to study at Harvard since primary

Rajesh: That's true and if I may ask...that man was here earlier what he's talking about

King: But her mother was the Golden Princess whic..

Chief Priest: She's highly favoured...She was supposed to die but the Golden Princess sacrificed her life for her while she was already chosen by the Goddess Queen Mother

Others: WHAT?

LELO'S POV

After I was done bathing I asked everyone to excuse me...I needed some time alone and I guess I fell asleep while I was lost in my thoughts because I woke up feeling someone's presence...And it was the queen I quickly faced to another direction

Queen: I..I bought you food

Me: I am not hungry

Queen: Baby please...

Me: Please excuse me...I want to be left alone like I said earlier

I wasn't looking at her so I heard her footsteps as she was leaving...I sighed and wiped my tears

Me: Everything to do with royalty always find its way to hurt me...Mxm

I cried until I fell asleep again in my tears...I was walking inside the cave and it was so dark but I kept hearing the drums beat I kept on walking

Me: Where am I going?

I kept walking till I saw a big golden throne and the drums were too loud now that I covered my ears with my hands

Me: Stop beating the drums!

I looked around but there was no one but me and the throne and everything was just gold

Me: Where...

Voices: Your majesty

That frightened the shit out of me and I moved backward while scanning around

Me: W...who are you people and what do you want from me?

Voices: Your majesty

The drums were becoming more louder

Me: Stop beating the drums!

Voice: Take your throne my queen

Me: I don't want it you people should leave me alone

Voice: Take your throne!

Me: I DON'T WANT IT I DON'T WANT YOUR THRONE

Voices: Your majesty...

Me: STOP THE DRUMS!

Voice: Take your throne my queen

Me: I don't want it please leave me alone!

When I was about to leave a big snake appears out of nowhere and I was now surrounded by water but the throne was still there

Voice: Take your throne my queen

Me: LEAVE ME ALONE!

That is when the snake came straight to my way and the more I move backward the more I get into the water and more deep...I started screaming but it was like I was playing because the drums became more louder and the voices shouting "your majesty" ...

Me: NOOOOOO!!!

I was dripping wet my heart was beating so fast to a point it felt like it was moving from my chest to my throat and I was shaking...I looked around and I was in my chamber

Me: I...I was dreaming...Yeah it was a dream

The room became so cold and quite that caused some coldness down to my spine...I scanned the room hoping someone or something will pop out but nothing

Me: The...throne...the throne the snake...I...

I tried to get up but no action then I was back to reality that I am crippled...I beat and pinch my legs so hard while crying

Me: Guard!

One of the guards got in

Guard: My princess

Me: Please help me to go to downstairs

Guard: Yes my princess

He cupped me up and I was wearing tracksuit so he also took my sleepers

Woman: My..my daughter

Me: Oh Jesus Christ!

We all cursed when we look at the girl as they put her down

Luyanda: Oh God what happened to her?

Man1: A snake bit...

King: What kind of a snake did this?

Oh God the blood was coming out between her legs she looked like someone who is having a miscarriage or something

Anita: Hayi kutheni nandijamela (why you staring at me)

Luyanda: Sis...

Anita: Hey! Don't even start Luyanda...why these people always run here huh is this a hospital...Ndiphendule mama surheyiza apha ndithetha kusesibhedlela na apha (Answer me mama don't cry I am talking is this a hospital)

King: ANITA!

Anita: Everyone here got hands...I don't know if I commit a crime for being a doctor excuse me...Nxn

She left us there with our mouths open and her mother followed her they were modelling all the way to the house...Anita needs a deliverance a special prayer from God himself...Anyway I knelt down trying to calm the poor woman

Me: Don't worry everything is going to be fine mama okay...Luyanda get a first aid box please hurry up

Luyanda: What are you going to...

Me: JUST GO!

He ran to house I took off my coat and tied it around my waist...I met Luyanda halfway and I roughly grabbed the box from him

Me: Get the car ready

Luyanda: Wait which car did you see the blood...who is going to clean it and besides as you can see I am going to a meeting to Mtata and I don't want to be late sorry but...

Me: UYABONA WENA MQUNDU (YOU SEE ASSHOLE)...YOU KNOW WHAT VOETSEK NJANDINI

I rushed to the girl and she was slowly losing her breath...I wore the cloves quickly and took off her trouser because I wanted to stop the blood

Me: GUARDS GET THE CAR READY...MY CAR READY NOW!

All the memories of my friend came back when he was taking his last breath in my hands when I was crying and begging Anita to help him...When I was soaking wet with his blood...I looked at the poor girl and my tears failed me

Me: God help her please...Bowa ungamthathi ngoku asezandleni zam ndiyakucela (Lord don't take her while she's in my hands please)

I cupped her up and run to the car I got in the back with her

Me: Now boy drive like your life is depending on that wheel do you hear me...DRIVE!

YANGA'S POV

It's been days since Lelo locked herself in her chamber...Only her maidens were allowed when they are helping her to bath...She pushed everyone away even her aunt and uncle Rajesh...Bujar tried his luck by emotional blackmailing her but he came back crying regretting himself...And no she was not insulting or disrespecting anyone but keep quiet and ask you to excuse her when you are done talking...Lee return to China because he couldn't watch Lelo crying all day but he was coming back...Queen Mother was slowly breaking apart in fact everyone even the maidens guards chefs just everybody...I took my sceptre and my phone

Bujar: Where are you going?

Me: Lelo's chamber

Bujar: Don't you think...

Me: No Bujar! Ha.ana this is too much...Lelo should stop this selfishness it's time she practice what she always preach now

I rushed to upstairs and the guards stopped me

Guard1: Princess asked to be alone

Guard2: And that we should not let anyone enter her chamber

Me: Mxm niyanya nalo princess yenu kakade

I got inside and walk to her she was facing to other side

Lelo: Get out Yanga

Lelo: Are you talking with me?

Me: You can play stupid all you want I don't care...But Lelo

Lelo: Everyone has a peak point Yanga and I have reached mine...I have been listening people all my life putting myself last for other people's interest but at the end I am the one who always cry...When I put myself first everyone says I am selfish...When other people are not happy is because Lelothando is selfish

Me: Princess...

Lelo: No one ask how Lelothando is feeling not even these people you are talking about...Lelothando don't sleep at night because of scary dreams she has to wake up midnight to save people go to places to save people fight battles to save people...Now she's selfish...No one ever explain anything to her but just telling her she's the "chosen one" she's this and she's that...No one gave her a reason or told her or even warn her about not going but BOOM! She woke up crippled

I looked down as she was looking at me

Lelo: Why Yanga why? And now she is selfish just because she don't understand something...She is selfish dramatic acting funny huh

Me: Princess I...

Lelo: Get out Yanga...PHUMA!

I looked at her then I walked to the door with a tail between my legs...I went to downstairs feeling like a shit

Bonani: And then?

Me: Not now

I took the golf cart keys and rushed outside...I needed to be alone too so I drove to the dam

Me: Why they want to punish me through innocent people...Or should I let them do no no no Lelo these people are innocent...

I sighed

Me: I now understand why my father did not tell me anything...But I can't let the people suffer because of me no I don't want blood in my hands...Mara this is hard but then I guess it's how my life is

I stayed there deciding whether to accept the throne or just take my things and disappear within the air but the thought of being a cripple and the dream I had

Me: What if...No maybe it's time you accept baby girl that your life is not your life alone...Let me just accept the throne

That is when I asked the guard to take me downstairs in the throne where I found the chief priest with the king...They looked at me and the king facial expression was just unexplainable I don't know whether he was happy or what

Me: Yes...I am accepting the throne with an open heart no grudges or whatever

Chief Priest: It not going to be easy my princess

LELO'S POV

***One year later...Everything was wonderful just marvellous!...I made peace with everything being a princess royalty and the way they do things I accepted my confusing and complicated life and the chief priest keep saying "When the time is right you will know everything and you have ownership to your gift" and I decided to go with the flow to avoid any confusion and problems...I was now studying at UCT and I was back on my feet even though it took three full months but I was grateful hey!...Uncle Busani bought me a big beautiful house in fact big exquisite beach house in Cape Town my handsome gorgeous brothers were still the craziest human beings ever!...They were all enjoying their positions at work and busy with their studies too because we all want the title 'Dr'...Lol...And Bonani final got the job at B&B Construction after he failed two times aunty Yolani is the woman of principles and accountability very professional just because she is his "stepmother" no connections and stuff work is work...

Anyway I was enjoying being everyone's princess treated like an egg and being spoiled rotten it was my favourite part...Lol...And uncle Busani final asked the big question honey! He was getting married to my beautiful sexy and gorgeous aunty Yolani...ROYAL WEDDING honey! #Kuzoba'Lit baby!...We were all over the moon and couldn't wait for the big day which was in six months to come...Wedding planners yes honey "planners" were already busy with their wonderful lovely job....Anyway we were chilling in the lounge listening to uncle Busani who was busy with the piano waiting for his beautiful wife to be...Well the king and the queen were in Russia and uncle Rajesh was in Joburg due to work of course***

Yanga: Are you nervous old man?

We all laughed

Busani: Call me old man again and see what I will do to that big head of yours

Yanga: Not when my grandfather is just one call away

We laughed

Busani: You think I am scared of him neh oh well my son I have news for you...I am not scared of him

Me: Oh really uncle

Busani: Princess please stay out of this

We laughed again

Bujar: Yes princess ask him

Busani: Well I am not scared of him not when my mom is still a queen of this kingdom so if your precious grandfather want to sleep on the couch every night then...

Us: Ohhhh

Bonani: Mommy's baby

Busani: The one and only my son

We all laughed

Me: You are...Oh wow

We all looked at the stairs as my aunty was slowly modelling her way down...We found ourselves standing

Me: My ninja aunty!

Bonani: Mommy Yolani!

Bujar: Dude your cheeks has turned pink now stop it my nigga

Yanga: He is blushing people

Uncle Busani showed them his fist and we laughed...He played the piano

Busani: "I found a love for me

Darling just dive right in

And follow my lead

Well I found a girl beautiful and sweet

I never knew you were someone waiting for me

Cause we were just kids when we fell in love

Not knowing what it was

I will not give you up this time

But darling just kiss me slow your heart is all I own

And in your eyes you're holding mine..."

Us: Wow

***Trust me my uncle can sing and every time we sing together I just miss my superman my father...Anyway he was looking at his blushing girlfriend who was smiling looking at him too...They were so cute...Aunty Yolani was wearing knee length pencil cream-white skirt with its bobtube design crop top six inch gleaming Jimmy Choo stilettos with shiny silver clash bag her hair was styled curly with a nude lipstick and my aunty is a free make-up person just like her niece...Just natural beauty honey!...And uncle Busani was serving fire in a three piece dark-

mustard suit...He played the notes again with his eyes glued at aunty Yolani who was smiling at him***

Busani: "When you said you looked a mess I whispered underneath my breath
But you heard it darling you look perfect tonight
Well I found a woman stronger than anyone I know
She shares my dreams I hope that someday I'll share her home
I found a love to carry more than just my secrets
To carry love to carry children of our own..."

Me: You still want more children wow

Others laughed while uncle Busani chuckled shaking his head slowly playing the piano

Busani: "...but we're so in love
Fighting against all odds
I know we'll be alright this time
Darling just hold my hand
Be my girl I'll be your man
I see my future in your eyes
Baby I'm dancing in the dark with you between my arms
Barefoot on the grass listening to our favourite song
When I saw you in that dress looking so beautiful
I don't deserve this darling you look perfect tonight..."

He closed his eyes while playing some notes

Yanga: At least I am learning some two three things here

Busani: "Baby I'm dancing in the dark with you between my arms
Barefoot on the grass listening to our favourite song
I have faith in what I see
Now I know I have met an angel in person
And she looks perfect
I don't deserve this
You look perfect tonight"

Perfect by Ed Sheeran...He stood up and walk to aunty then kissed her cheek

Busani: Shall we my lady

Yolani: Of course

Me: Can I be your driver please

Busani: No baby girl...Bye kids

***We watched them as they walk out...They were having "Dinner date" at the dam...You see the way the Palace is so big you can host a party other have a dinner date one have a honeymoon in peace without any distractions while others are just chilling in different lounges...That's how big and beautiful it is and even my mini

21st celebration took place at the garden and they wanted to host big thing but no it was just a dinner party because I spent my day and other days visiting orphanage and old age homes...I have a house cars because that's what one usually gets as a present on 21st birthday but I donated R250 000 to different 20 orphanage and old age homes with help of my brothers of course...Anyway we took our seats while Bujar went to play a piano***

Bujar: I also want to get married

We laughed

Me: Talking about marriage what happened to Pam and uncle Rajesh?

Bujar: They took a break

Me: Oh okay

Bonani: I don't like that Pam shame I'm sorry but I don't

Me: Well I don't know what I did to her but she is just giving me an attitude and a cold shoulder

Yanga: Princess not everyone will love you baby sis and some will just hate you without any reason

Me: But Pam is...

Bujar: Can we not talk about people with negative vibe guys

Well I was really hurt or worried about Pam's behaviour towards me...And I remember this day I was in Joburg when I bumped into her at Four Seasons Hotel since me and my brothers we were going to have lunch there so I was waiting for them and I was with my guards...I walked to her with a huge smile but she gave me one hell cold in fact disgusting look ever!...She was like "I see royalty is treating you good you are even glowing. Enjoy!" without any greetings or even the fake one then she left me there with my mouth opened

Me: Anyway Yanga and Bonani I have never ask you this how are you feeling about your father's relationship with my aunt?

Yanga chuckled

Yanga: Even the queen asked that and also dad too

Bujar: So?

Bonani: Well daddy always ALWAYS put us first and our happiness...I mean since I was young even though he travels a lot but he always make time for me even now with us all...But now it's time I put his happiness first too like he always do to me...Mommy Yolani makes him happy then why should I stand in his way...I am so very happy about their relationship

Yanga: I know that I grew up without him in my life but hey it is not his fault but to blame all these royal what-what

Me: These people are so fucken self....

Bujar: Hey be careful of what you say or you want to be a cripple again no sis we are not going to carry you shame

Me: Voetsek!

We laughed

Yanga: As I was saying but when I met him he closed all that gap he fulfilled what I was lacking all these years...Guys I love my father so very much

Us: Ncooo

Bujar: He's so cute guys

We laughed

Yanga: I have nothing against his relationship with mommy Yolani...And they are so cute together

Bujar: Mama Ninja and Papa Ninja

We laughed

Me: But guys it's sound so funny I mean aunty Yolani is my father's twin sister and uncle Busani is my mother's brother

Bujar: Chinese tendency neh

Bonani: And mommy Yolani is Chinese like...

Me: Hey! That's my Aunty you are talking about

Bujar: Hey guys who knew that Mr Toughness the Beast himself can be this romantic

Me: They are cute guys and I CAN'T WAIT FOR THE BIG DAYYYYYYY!

We all made a hell of noise

Bujar: Kuzonyiwa mchana...I'm sure well known fashion designers are already busy all over the world because everyone want to steal the spotlight

Me: Tell me about it

Yanga: Bujar have you ever sing for someone before in your life

We all laughed

Bujar: No

Bonani: Shame

Bujar: I'm not into any romantic thing it's just hit and run

Me: Bulelani!

Bonani: And you princess?

Me: Well someone once sang for me and we were on roof top at night candles and different rose petals...It was very beautiful

Yanga: What really happened sis?

Me: Guys I don't wanna lie I loved Luyanda Sangqu so very much I saw future with him being the princess just because I didn't know that I was a princess already...And he loved me dearly he fight for me carried my battles he...he was my safe place where I found comfort love happiness kind caring friendship craziness...We shared the same degree of emotions...He was my life I trusted and love him with my all....But things changed hey

***I wiped my tears*

Bonani: Everyone can tell that you were so much in love I mean his Instagram said it all

I laughed between my tears

Me: "Our love is forever always will be"

I wiped my tears again as I closed my eyes

Me: Love is beautiful but I curse love...

Bonani: Sis

He wiped his tears

Bujar: Luyanda is still going to cry...Nc nc nc

Me: And speaking of him I saw him at Waterfront...

Yanga: You what?

Well I saw him at the entrance coming to the restaurant I was in...And I did not panic or anything...In Cape Town I don't wear anything to do with royalty I even leave my sceptre at the Palace when I'm leaving and my guards and maidens don't wear their royal beads too due to safety reason of course and the chief priest said that there are people who are thirst for our blood especial for me since they knew that there is a "crown princess" at Cooper but unfortunately they don't know us...So that day I was with my S.A army when Luyanda was busy entertaining some people you know when you are "famous" so we left without him seeing me you know when I'm with my guards surrounding me no one can see me not even my feet

Bujar: Wow

Me: Don't worry the day when we are all going to face each is coming

PART 84

LELO'S POV

I was coming from the campus and I was driving slowly listening to Celine Dion I was in a good mood and singing along the lyrics

Me: Oh yes honey!

I was driving my i8 with my shades on darling and my dreadlocks lose...Every time I stopped at the traffic lights people were looking at me like I am celeb or something...And I remember this day at the campus some dudes asking if "I am not the Cooper princess or Mr September's daughter"...I just looked at them and laugh while I left them hanging...The thing is I don't talk with anyone at the campus unless someone is greeting me and I just fake a smile and leave I attend all my lectures then leave

Me: What the fuck?

I looked through my review mirror and there was a car and I saw it on my way to the campus but when I was about to reach the campus it passed with a high speed...It was a black Range Rover and everything was black even its windows and rims...I increased my speed and it did the same

Me: Oh okay let the game begin then bitches!

I increased my speed making sure that I open a huge gap between us

Me: Yeah!

I drove off and when I arrived at my crib there was a black Jaguar E-PACE in front of the gate and it drives off in a high speed when I was about to stop the car...Anyway I quickly get in the yard and parked at the driveway then I took my things and step out

Me: Did you see a black Jaguar E-PACE outside the gate?

I was talking with one of the guards

Guard: Outside...No Zama

Me: That's so strange

Guard: And Qhabanga said that there was black Land Rover followed them here earlier and when they stop it drove off just like that

Me: And I was tailed also and I notice it when I was on my way here but it was a black Range Rover

Guard: What...why you didn't call us to...

Me: Cal...Come on maybe it's our imagination

Guard: No Zama and we are not going to any chance tomorrow we are going with you and we will activate the security outside

Me: Go with me where?

"To the campus Zama"

Me: That won't be necessary guys....

Guard 2: Unfortunately it's not for discussion my princess...

Me: Oh okay fine...Did Enhle told you that tonight we are having dinner together?

Guard2: Yes my princess

Me: Okay let me go then I need to take a bath

I walked to the house and I went to check at kitchen

Me: Hey ladies what are we having tonight?

Chef1: Uhhh...Something simple but nice princess

Me: Oh wow...Let me not disturb you then

I walked out going upstairs

"Zama my thing"

I laughed

Me: Hawu Sbahle leave me alone

We all laughed

Me: Ask your boyfriend girly

"Hawu Zama"

Me: Yes honey

I then ran to my room leaving them laughing...My maidens were so crazy and I loved them because they respect me as much as I respect them and they know their lane...I wanted them to feel welcome and appreciated because they are also older than me...Anyway I took a shower and wear my comfortable clothes then went to downstairs...They were already set the table we were using a dining room with a huge table that is suitable for all of us

Me: Akusanuki kamnandi (smell so nice)

We all took our seats and said the grace then we dished for ourselves

Me: Did you manage to activate the security outside?

Guard1: Yes my princess

Me: Okay good

We continued talking teasing each other and laughing until we were disturbed by an alarm

Me: What's that?

Guard2: Someone is outside the gate

Me: At this time...who the fuck is that...anyway let me check

Quard3: No Zama let us check

Me: Okay lets first check at the camera then you know....

I stood up with three guards and we went to check

Guard1: What the fuck?

Me: What's up?

It was the same black Range Rover

Guard2: Isn't the car you were talking about earlier princess?

Me: It is and...Hayi man what's going on here?

Guard3: Or lets to find...

Me: No Qhabanga leave it and let's go back to the dining room before our food get cold

We went back to others but I was thinking about these black cars...Am I being tail and by who that what I was asking myself

LUPHINDO'S POV

Everything was just a mess at the Palace but however what excites me the most is that Lelo did not go to the States and she was just few miles away and every time I see her she's more beautiful...Anyway at the Palace it was just a mess but at least there was no death but drought and it was very dry farms dams and even rivers were becoming dry too bit by bit...I even used my own money and ask favours to people to supply water to the people every weekend...As much I wanted to leave but I always find my way back home because of the poor servants firstly the king and the people of course because the real "Prince and Princess" were just the living beasts and they were becoming worse everyday...Anyway I was in the lounge busy with my work

"You have been working since morning"

I lifted my eyes up and I smile while closing my laptop

Me: I am working on a case and I have to be in court in the next four coming days

King: But you should rest son you have been working since morning and you even missed the lunch with us

Me: But I had something my king don't worry

He took his seat and he was so drained shame

Me: Someone who should rest here is you my king just look at you

He chuckled

King: There's no time to rest my son

Me: But you should rest your highness and tell me how you are doing and please be honest

He closed his eyes and sighed

King: I don't know when the last time I was fine my son let alone to sleep...

Me: But you should rest my king please....Oh you know what you are going with me to Port Elizabeth for some spa treatment just to relax and have peace of mind

King: Anita is going kill everyone in this Palace or replace them all and let alone Luyanda....How many people would have d...

Me: To hell with them...My King this is for your own health or you want to die before your time or grow grey hair

We laughed

King: Son it's....

Me: Nothing my king we are going and end of discussion I don't care even if we could come back this Palace turned into ashes

King: Wha...what?

We laughed and we talked about some things and laughing there and there

Me: Uhhh...Can I ask something?

He looked at me with his eyebrows raised

King: Ye...yes son

Me: Uhhh...Is uhhh...

King: Phindo what's wrong?

Me: Your highness is the ancestors still quite?

King: It's still blank they are still quite...

Me: But it's been two years and months now or have they abandoned on us the people...Why because things are getting worse now...

King: I know son I know

Me: Is there anything or even sacrifice you can make for them to...

King: Son let the will...

Me: But until when my king until when...

King: Son no one can question....

"I SAID STOP FOLLOWING ME OR YOU WANT ME TO GIVE YOU ANOTHER SLAP HUH FOOL!"

We were disturbed by Luyanda who was shouting he got in with his tie up side down holding his blazer and he look like he was hit by a bus he threw his things at the couch and he walk around the lounge

Me: Please excuse us

I said to the guards and shame the poor guys left

"What's going on here?"

It was Anita and she came to us

Anita: What's wrong why are you shouting?
Luyanda: Are you talking with me...
Anita: Yhoo! Sorry before you skin me alive
King: Luyanda what's going on?
Luyanda: Father B&B Construction cut off everything with us

Anita: I wish I could shake hands whoever came up with an idea to terminate the
contract with you...Uyinja Luyanda rha!
Luyanda: ASKIES

Anita: Rha! After you bought a witch in our home now you have guts to tell me that this is my fault to say that I am a curs...

Luyanda slapped her so hard that she fall on the floor

Luyanda: The only witch here is YOU! AND IF YOU ARE NOT A CURSE WHAT ARE YOU DOING HERE AREN'T YOU SUPPOSE TO BE THE NIGERIAN PRINCESS MONTHS AGO HUH

Anita was screaming like a widow and I like it so very much when they are both fighting with each other...And I must say Luyanda slapped her at a right time she was even nose bleeding...Excellent!

Anita: Yo..you call...me a witch Luya..nda and YOU FUCKEN LAY YOUR FLIRTY HANDS....

Man7: I suggest you don't do anything just not to humiliate yourself Mr Sangqu

Me: We will see

I walked out and going straight to my office

"How did it go..."

Me: Voetsek!

I parked my things took my blazer and I walked to the elevator going downstairs...When the journalists saw me they all came to me

"Mr Sangqu is it true that you are fired"

"Sir are you going to resign..."

They continued asking questions me until I got inside the car...I sighed then drive straight home

Me: Make sure no one disturb me

I then rushed inside the house going upstairs to my room...I threw myself on the bed and I scream out loud

Me: Fuck!

I was more than "stressed" because I knew that those board monkeys are capable of doing anything and I was just a toothless dog...I took my phone and call one of my fucking buddies Candice...Maybe after tapping some ass I was going to think of something because I was just blank...I sent two guards to fetch her then I took a shower and wear comfortable clothes...I then sit on the couch going through my emails as I was waiting for Candice...Fifteen minutes later I heard a knock

Me: Yeah

I was still looking at my laptop but the moment her fragrance hit my nostrils I lifted my eyes...Oh my God she was so fucken hot Candice is the type with big booty tiny waist and medium round boobs...I closed my laptop and meet her halfway

Me: Hey sexy

I squeezed her ass then we kissed and after a while I pulled out

Candice: Your highness

I chuckled

Me: Dance for me mama

I went to sit on the couch again looking at her as she was taking her coat off and she was left with a white lace thong...She started dancing then she came to me and sit on my lap as I roughly tap her ass...We started kissing with my hands all over her body...After minutes of kissing my anaconda was still sleeping and nothing was happening

Candice: Luu...

Me: Nx! Voetsek get dress and get the fuck out of here

She laughed

Candice: You are joking right

Me: Bitch do I look like I am joking to you?

She quickly nodded and I pick up her coat and handbag and throw them at her

PART 87

BUSANI'S POV

I was feeling numb my world stopped and everything was senseless yes everyone was talking but to me they were making no sense as I looked at their moving mouths...Yes I met Yolani years back the time I took their diamonds and in my mind I thought I was helping her protecting her from the lion's mouth because those Chinese men were planning to kill her but right now I think I was just fooling myself by playing the "Hero"...Wait I never heard anything about those guys after I managed to disappear with the stones did she killed them...No no no...Well I guess being calm is running into her veins because even that time she was so calm and she was just agreeing on everything but you could tell that she was "No nonsense" woman someone you don't wanna mess with nor being in her bad books...But now I am in the same roof with thee "BLACKS" and Yolani I mean my Yolani being the president in fact the "Alpha" that shit alone would make someone want to shit his pants...I looked at her for some time and she smiled

Yolani: Are you okay Kray?

I wanted to shout that "I AM NOT OKAY!" but I kept quite while looking at her eyes and I couldn't read them

Amber: Are you sure that this is the "Beast" ...I mean look at how he is...

Yolani: Oh come on guys

Lee: Don't you want some water Kray?

I gave him a dead stare and he laughed

Yolani: Are you going to say something or you going to look at me?

Kong: Is he still breathing or just a statue...Oh or a zombie

They laughed

Lee: And I heard something to do with Africans and magics

They busted into a loud laughter that bought me into my senses into the real world

Me: What's going on?

They looked at each other

Amber: You fainted Kray!

I looked at them one by one and I couldn't read their facial expressions the way they were playing and jesting around just awake my back-neck hairs and with so much fear

Me: I need water

Lee: Thought so

Me: Fuck you

Yolani: Okay! Kray back to your senses please just be yourself...Let the fun beings

They all typed so many codes on the big glass made screen which looked like a sliding door and I was looking at them with so much confusion and they were so fast...oh okay indeed it was it a door because after few minutes it slowly slide opened

Me: WHOO! WHAT THE FUCK! YOU GUYS ARE INSANE...

Amber: Don't be a pussy Kray

There was a huge python but it was inside the glass...What these guys are doing with so many big snakes around them...The last time I saw a python it was when the royal golden sceptre disappear...I looked at Yolani who typed something again then they all put the left hand sides on scan thing one by one

Kong: Done!

***Yolani typed something and they scanned they hands again on the screen then they were typing and scrolling on their hands as their hands had something looked like a phone screens...I looked at them with my eyes popped out and feeling like the biggest idiot ever! ***

Me: Of course you do!

Yolani: This is not a royalty war Kray

Me: What do you mean by...

Yolani: The people who took Lelo are not the people you and your force can deal with Kray...I know you are part of some Cuban private Army and I also know that your kingdom is protected by some forces from Northern Europe in exchange of what you and your father did for them

Me: How did you know that?

That came out as a whisper as I looked at her with my eyes popped out

Yolani: `I know you heard stomach turning stories heartless stories about us and as much I hate to say this but all you heard is true all of it! And we are about to do more Kray

I swear when she said that my heart skip a beat and fear took over...The stories I heard about the BLACKS are real stomach turning you would swear that they are sharing the womb with Lucifer himself...They are heartless no mercy and I did not believe it when daddy told me that they are only using swords nothing else...I looked at Yolani shaking my head

Me: I heard that Black Rose is bitch she has no heart... Yolani you killed 50 MOBS leaders with everything related to them their families cats dogs donkeys just everything within 3 fucken days alone!

Lee: No it was not her but Black Rose honey

Yolani: Time it is ticking Kray all your questions will be answered but not now please.

Amber: Fifteen minutes

Yolani: Got it

She then left the room

Me: Where she is going?

Amber: Paint the streets of Hong Kong red

NARRATED

Yolani: I don't want any mistake or else....I guess you know

Guy1: Yes boss lady

Yolani: One silly mistake I'm sure that they told you about me

She was playing with the knife and she was in "Black Rose" mode her whole body was just smelling human blood....She was talking with the MOBS' guys who were waiting for Rajesh

Guy2: But the cars have...

Rajesh looked at him with questioning eyes...They quickly showed him their codes

Guy2: Knight right?

***Rajesh nodded and the guys take the lead to where their cars were parked with their hearts beating fast and fear written all over their faces...They never thought they will see thee "Black Rose" in their lives they thought it was just a dream and the stories they heard about her they thought were just fairy tales ***

Busani: How?

Lee: Because he also have the codes

Busani&Rajesh: WHAT?

Yolani: The only way to take out the codes it is DEATH...You were only going to make them invisible by damaging her brain cells and you know what that means

They shook the heads confused

Lee: Destroying her memory

Busani: Fuck!

Rajesh: So what now?

Yolani: Kong is going to give you an injection to make the codes in your body invisible...Remember we are dealing with big guns here not some bloody immatures...They planned this and they are ready for anything and these are the people who have been in the game for years and they are ready for anything oh did I say for anything? Zitha: Manda is that true?

Amanda looked at her

Amanda: Yes but sleeping with him no

Zitha: Thandi stop what y...

Thandi: Hawukahle Zitha just stop right there...I wonder your husband know that you are busy here flirting with the prince

Zitha: What Amanda is doing with the prince is none of your business or anyone for that matter...Just because you are unnoticeable that doesn’t mean you should act like some bitter bitch girly

Thandi looked at Zitha and rolled her eyes

Thandi: What are you laughing at? And listen here in fact take this as an advice the Prince does not love you don't fool yourself my dear...I mean look at you you are just an ugly albino a curse for that matter and I am sure that your husband felt pity for you and he is after that thing between your legs not he loves you

Amanda was silent crying and Zitha looked at Thandi and she wanted to punch her so hard

Zitha: You are so...

Thandi: Oh shame you are crying I'm sorry okay...But girl whatever fantasy you are living in you better you leave if you think you and Prince Yanga could be whatever you were thinking... I mean a whole prince from Cooper Kingdom with an albino God forbid!

She left them hanging and a sob escaped from Amanda's mouth

Zitha: Hey...Don't mind her Manda okay. Please don't cry

She hugged her...Thandi always had an attitude towards Amanda always make nasty comments about her give her fake smiles and stuff but Zitha has been a sweetheart always defending her comforting her and mostly she love her but Amanda always pushes her away shutting her out cause she didn't trust anyone especially her co-workers

Amanda: Thank you

She wiped her tears trying to calm herself

Zitha: Why are you always shutting me out Amanda like I always defend you fight for you when these bitches make fun of you like there people here who don't speak with me anymore because of you and not that I care about their stupid asses like girl I am not the enemy here

Zitha: What happened?

Amanda: She wanted to sell me Zee like she was going to...

Zitha: Hey hey come here...I am sorry baby

Amanda: So after that scandal I told myself that I don't want any friend because people see me as a medicine as curse as something to use for witchcrafts

Zitha: So I am being punished for other people's sins yes I understand why you are like this but Manda not everyone wants to hurt you yes I understand why you are like this but Manda not everyone wants to hurt you I loved you from the very time I saw you Gosh! Yolani: This is what you are going to give Lelo

Rajesh: It is not harmful right?

Yolani: Sometime you can be so stupid of course not! And don't make a mistake or just consider yourself dead Knight like I said those people are not some immatures you have dealt with before

Rajesh: Okay mom I heard you geez! And don't forget that I have been in this game for so long too

Kong: Take this spider with...

Rajesh jumped off from the couch ready to run for his life when he heard the word "spider" and others looked at him

Lee: Are you okay?

Rajesh: Fuck off

Lee laughed at him so hard

Amber: He is not talking about the really spider lover boy...Pussy

She whispered the last part but they heard her and Rajesh gave a dead stare

Kong: As I was saying before you acted like a sissy...

Rajesh: I am not half human like you so please

Kong: You are going to take this spider with you and make sure you throw it down the moment you step your feet out of the helicopter or else they will cut you in some pieces

Rajesh: Yes sir!

Yolani: You have to leave now

Busina: How did you know that he was coming here?

Lee: Because he is the "Black Juses" thee "Might Knight" who think he is some sort of God that nothing is impossible with him and he has worked with a lot of MOBS so surely they know him

Rajesh looked at him and gave him a round of applause

Rajesh: Do you still have any question Kray?

Busina: Fuck you

They all laughed

Rajesh: When are you getting Lelo because I am not going to sit there and watch them do as they please with her?

Yolani: Tomorrow night because tonight we are going to send them some presents which will arrive in morning and I want them not to move an inch from that Island so I am...

Lee: Oh no!

He looked at Yolani with a smirk

Amber: Oh yes!

Yolani: I am going to put their names on the MOBS account for 100 million dollars

Rajesh: WHAT?

Yolani: Just for 3 hours

Busani: So that anyone who see one of them kill them right?

Amber: Yep!

Busani: Oh holy shit! Let me tell my guys to prepare themselves this is a very good hunting...Damn!

Rajesh: You know what I am leaving

He took his things and fix himself

Kong: Be careful!

Rajesh: Yes dad!

*** Two helicopters landed in island and Knight step out and do what he was told by Kong and he was escorted with scary looking men but he wasn't shaken by their coldness and scary presence he fixed his coat and put on his shades then they walked inside after passing through so many scans checking any weapon he may had and they final walked in to the boardroom where it was fully occupied by the MOBS members and he was bit shaken but he tried to be himself***

Man1: Thee "Might Knight"

Man2: Thee "Black Jesus"

He took off his shades and looked at them with one hell of cold smile as they were praising him

Knight: Gentlemen

Man1: I'm sure you have worked with almost everyone here so no need for introduction

Knight: So where is meat you have been hunting I want my piece then I'm out of here

Man6: It's just a starter not the main course

Knight chuckled feeling sorry for them...They all went to where Lelo was kept she was still naked in the cage and passed out...Knight felt his back hair standing as he walked closer

Man7: She's yours Knight

His eyes popped out anger quickly took over as his heart was into pieces but he closed his eyes and tried to act normal before any one notice him

Knight: Uhhh... What have done to her and how long?

Man8: Well I must tell that she can fight and she knows how to use the gun very well so....

Knight: WHAT DID YOU DO AND HOW LONG?

They looked at him

Man1: Knight...

Knight: I hate to repeat myself!

Man9: We gave her something to sleep and it's been few hours

He clenched his jaws while trying control himself

Knight: Open this shit!

***One of the guys put his middle finger then scanned his finger prints then the cage opened and Knight rushed to Lelo and took of his coat and cover her tinny body he felt his tears coming but tried to control them because he knew that if MOBS put one plus one together he won't make it alive even if he try to fight them it will be waste of time**

Man10: What the fuck Knight?

Knight: Get me cold water very cold

He took his briefcase and quick mix the injections he was given by Yolani

Man1: Knight

Knight: Tell me if you fucken don't trust me so that I will leave!

The guys kept quiet...He then injected Lelo then pour water on her face after few minutes she opened her eyes

Knight: Gentlemen you may step out go whatever but just leave I will take it from here

She nodded then he gave an injection the she slow pass out while she was mumbling something then Knight took a deep breath and went back to the boardroom feeling like a shit

Knight: I think I'm done here and I need to rest

Man1: Do you know or does word "BLANKS" ring a bell to you

Knight looked at him and cleared his throat taking his seat...He noticed that something was wrong with them they were bit disturbed

Knight: I once heard about it

Man2: They just killed our men and the city manager few hours ago

Knight looked at him and he wanted to say "One person not they" but he played it cool

Knight: They are coming for you then and they are so very close... So I better leave before I get anoit me with oil while I did not eat the meat

Man3: Don't be a sissy and besides your work here is not done yet

Man4: Yeah

Knight looked at them shaking his head then everyone's phone rang and they all looked at each other

Man5: WHAT THE FUCK!

Man6: OH HOLY SHIT!

The room got hot immediately and Knight looked at them

Knight: What's going on gentlemen?

Man7: After 3 hour everyone will be hunting for our heads...We are on the MOBS account for 100 million dollars

Man8: Gentlemen I think we should just return the princess and try to make mend with...

Man9: ARE YOU OUT OF YOU MIND?

Man10: I think Shadow is right...

Man11: Look at these motherfuckers!

Man8: We have so much to lose here and who knows maybe we could get another text or something with our families into pieces

Knight wanted to say "They already got them" but he just looked at them shouting at each other

Man12: This is exactly the BLACKS want gentlemen remember we planned this about years...

Knight: For Years?

Man1: And we are more ready physically emotionally spiritually mentally like we are fucken ready! And our families are safe so worry not about them

Man13: And I heard that Kray sometimes transform or turn to be a lion like or something

Knight looked at him

Man14: Don't worry we also got the Dragon

Man2: I think we should send a message maybe cut the princess hand or eye maybe ear

Knight: NO NO NO!

They looked at him and he quickly cough

Knight: Uhhh...Remember your plan remember you planned this long time ago and you are more prepared than them so don't ruin your plan because that is what they exactly want

They looked at him with their eyebrows raised

PART 89

NARRATED

They were still looking at Knight and he looked at them back trying to acting normal

Man15: Knight what's going on and how did know that and if I'm not mistake you said something earlier that the BLACKS are coming for us and they are very close

Knight: Just because you told me so and besides you got something that means a lot from Kray and also to Black Rose

Man1: That's why we should send them a warm up message or something since they have received our request

Man5: Blood for blood and flesh for flesh

Knight looked at them with his jaw clenched

Man1: Those fuckers just put us MOBS account...

Man6: Which means we stuck here our enemies are busy planning our death in fact they are watching us with an eagle eye and some bloody immatures there think that maybe they have a chance

Man7: And everyone want to have or get a credit from the BLACKS

Man2: Fuck! We are fucked up

Man10: Not really if they want a war then let's give them what they want gentlemen

Man11: It is time to bring our A teams now time for people to return a favour

Man1: The battle line has been drawn even if it means I have to go one on one...I can't pull out now I fucken need those codes

Man2: Yeah!

Man3: So is there any pussy here?

Man11: No turning back

Knight looked at them shaking his head as much as he knew that the BLACKS are capable of doing anything but he was also worried that maybe one of them won't make it alive from that like Yolani said that MOBS are not some immatures but his concern was Lelo

Knight: Gentlemen I need to rest

Man1: Your room is ready for you

YANGA'S POV

***We were now in the palace we left Cape Town because we have a funeral to attend...All the dead guards had one big funeral but unfortunately the king and the queen were absent but they did pay their condolences well the king only because the queen was slow dying since we came back from Cape Town she has been

locking herself in Lelo's chamber not talking with anyone not even her husband and that was also destroying the king but he has to be strong for everyone***

Me: My queen

I was with her and she was a mess and I am sure that she lost some few kilos with that short of time the way she was looking...She was playing with Lelo's royal beads

Me: Ma

She looked at me with her tears falling and that pierced right through in my heart seeing your elders crying is not a child's play

Me: My queen everything is going to be alright I promise you

Queen: I can't lose another princess Nkosenye not like this..I..I can't

A sob came out from her mouth and that made me cry too

Me: She is coming back Ma

Queen: I just want my princess back Nkosenye I want my baby...back

Queen: They can't take her not now not when I was still admiring her...No I want my child ba...ck

Me: Ma please breathe! Ma! Ma ple...ase...Maids!

She was struggling to breathe like someone who is having panic or heart attach...I kept shouting for help

Me: Ma please...not ngoku please

Everybody got in and uncle Rajesh's friend told us to wait outside except for the king of course

Boanai: What happened?

Me: We were talking and she...she...

Bujar: Hey

He took me into his arms and I cried...Yes you heard me correct I cried my baby sis told me that it is okay to cry and that doesn't mean you are weak as man or whatever...I cried until I was calm

Bonani: We are here don't know what is going on and our parents are out there doing what God knows...Mxm I am out of here

Bujar: Don't do anything stupid Nkosi!

Bonani: I ...

Bujar: I am serious Nkosi

Bonani: I won't I promise...I just need to be alone or walk but something nje

He said that leaving

Bujar: You feeling good now

Me: Yeah

Bujar: Don't worry everything is going to be fine remember what the priest said...Lelo is alive and she is coming back

Me: When she is going to have peace Bujar? When huh?
Bujar: She is going to have peace I know that... Yeah I know
Me: I think I need a walk too
Bujar: Hey I know that I don't know what is going between you and Amanda but please don't shut her out okay
Me: Sure
Bujar: Yanga
Me: I heard you bruh
I said that leaving...I took the cart keys and drove to Amanda's apartment when I got there she was watching a tv
Me: Hey
She looked at me surprised
Amanda: When...
Me: I did knock but I guess you were lost in your thoughts
Amanda: Oh
She then looked at me and our eyes locked but she quickly looked away
Me: Pariri I am sorry...
Amanda: I understand don't worry
I was getting emotional
Me: Can you please...can you please hold me please just hold me
Amanda: Yeah of course
I went to her and she made a space for me then she held me tightly
Me: I...I...
Amanda: Shhh...Don't say anything okay

PART 90

LELO'S POV

All the strength I had vanished because after every few hours I was injected and when I finally wake up I would be so cold to a point that I would be shivering and I was naked because they said I have “black codes” and I didn't know a thing about them...But when I saw uncle Rajesh I knew I was so close to leave that place I missed my brothers the queen the king just everybody but mostly my chamber my bed the smile of my maids every morning they wake me up good food prepared with love from the chefs...And when I leave this place I was not going to go back to Cape Town I want nothing to do with Cape Town or Joburg for that matter I am going to be around the palace full time that what I told myself to comfort myself...As I was lost in my thoughts I heard someone footsteps

Rajesh: Baby

I looked at him and my tears fall immediately I wanted him to hold me and tell me that everything is going to be fine

Me: I...I want to go home

Rajesh: I know baby I know

Me: Uncle....

Rajesh: These people abayazi ukuba mina ndiyakwazi Lelo (These people do not know that I know you Lelo)

Me: Ndiyagodola (I am feeling cold)

Rajesh: I know bhabha but ndizokufa ngoku (I am going to inject you)

Me: Kwakhona? (Again?)

He looked at me and nodded

Rajesh: Yes and this one is going to make you sleep for a very long time more like half dead

I shook my head crying

Rajesh: So that they won't do anything to you

Me: But I...

Rajesh: I know bhabha but trust me Nkosazana and now I want to act like you are fight me okay... Now!

I did what I was told to do and I passed out immediately he gave me an injection

NARRATED

Rajesh looked at Lelo with his broken heart and if it was up to him he wished to take his gun and kill every moving thing right that moment...He gently put Lelo back to the cage he hated himself so very much but everything was over his powers

“KNIGHT!”

He turned with so much anger looking who was calling him in that manner...It was one of the MOBS puppets

Rajesh: Why are shouting my name like I am climbing down from the tree?

Guy: They want to see you...

Rajesh: VOETSEK!

He roughly pushed him away from his way and walked to where the MOBS were...Everyone was on his feet breathing fire swearing and cursing...Rajesh looked at them and he saw big containers and by the smell he could tell that it was human flesh...He walked slowly to look what was inside the containers he cursed and spit

Rajesh: What the fuck?

He noticed some were sitting beside the containers crying well they received their presents but the BLACKS are heartless who kill children in that manner that what he asked him

Rajesh: But what were you think to go to the snake's habitat?

Man1: Knight Man if you don't have something to say better shut the fuck up you hear me?

Rajesh looked at them with his heart beating fast he closed his eyes praying for a miracle to happen but one thing he know that he was not going to sit and watch them

Man14: BLACKS think we are some fucken immatures and the Dragon is ready for them...He is been thirsty for some time now

Rajesh: Dragon? Is it a really dragon?

Man11: No! He was a human like you but now he is a half human

Rajesh looked at him confused

Rajesh: I think...

"We have visitors"

Two men got in running and then the alarms started ringing...They all looked at each other

Man1: How they...Do you think they know our location?

Man15: The BLA....

Man1: I am talking about those bloody immatures

Man2: Then let's welcome our guests gentlemen

Meanwhile the BLACKS arrived at the MOBS island and they were ready for their mission

Yolani: Kray you tell us where to go each corner

Busani: I still don't know why you didn't get someone to this and let me go to deal with these bastards

Amber: Because this is not your fight!

Busani: Hell with that! Lelothando is my child and Yolani is my woman and besides there are also African MOBS there

Yolani: When Knight get here you all leave Kray!

Busani: But...

Yolani: Please! The jet is waiting for you

Busani looked at her

Kong: Consecrate Kray!

Yolani: I love you and tell Lelo that I love her so very much...

Busani: You talking bullshit now I am going with you!

Lee: You are going nowhere and nothing is going to happen here maybe some few scars and bullet wounds there and there...See you in three days Kray

Busani: Okay kids enjoy fuckers!

They walked into the passage instructed by Busani and they were killing every moving thing blocking their way... They were using swords and their hands only

AT MOBS BASSEMENT

They were watching everything as their IT guys were busy with their thing because it seems that there was something wrong with their cameras they were just misleading them

Man1: I said it! I fucken said that the BLACKS on their way!

Man2: Tell them to take the lift

The BLACKS were like flying ghosts killing every living thing

ITGuy1: There is no one in the lift sir

Man3: But the...

ITGuy2: These cameras were hacked or something but at least they did not use the codes so we will fix that in few seconds

Man4: When all our men are dead right?
ITGuy3: We already done with that
Man5: My men! Let the game begins
Man6: You! Get the princess I want the moment they get here they will be welcome by her heatless body
The guy rushed out and Rajesh followed him
Man7: Where are you going Knight?
Rajesh: I need to wake her up first...Or you don't want to hear her cry?
Man8: Hurry up then!
Rajesh followed behind the guy
Rajesh: Let me first...
Guy: No!
Rajesh looked at him while he put his hands on the cage then after few seconds it slide open then roughly pulled Lelo up while Rajesh was looking something to hit him with
Guy: Come little bitch!
Rajesh hit him with vase
Guy: What the fuck?
Rajesh kicked his balls and twist his head hard breaking his neck....Then he took Lelo and rushed to door but it was locked
Rajesh: Damn it!
He put Lelo down and took a knife and cut the guy's hand
Rajesh: Hope it will open
He rushed to door and put the guy's hand for a scan and it declined
Rajesh: Please!!!!
He tried again and it opened
ITGuy1: LOOK!
He showed others what Rajesh was doing
Man8: Son of a bitch!
Man1: Block all the access and open the one that is going to lead him to pass here

Rajesh was running through the passages with Lelo at his back and he was surprised why he don't bump into one of the MOBS puppets it was just quiet...He kept on running until he got into the Basement and his eyes popped out all out

Man1: Knight

He said that clapping his hands

“Fuckers”

That was Amber followed by Kong

Amber: Oh wow PROPHETS!

“I have been longing to meet the EYES OF SNAKE”

Yolani got with a long black coat...The room immediately got hotter and the MOBS all stood up Yolani grabbed one of the IT Guys and stabbed him right through his heart while others cursed

Me: Baba what's going on?

King: I also don't know my son

Bonani: What if it is the people who took Lelo

Me: No I don't think so

Bujar: Yeah

The door opened and uncle Rajesh step out and rushed to another car then he opened the door and dad got out

Me: Dad!

I felt my tears and I wanted to run to him...They took out a stretcher bed and we slowly looked at each other with no one saying anything I felt something blocking down on my throat and my heart started beating fast

Bujar: LELO!

He said that running and I looked at the bed and I saw her dreadlocks but her body seems so small on that bed...Uncle Rajesh and Dad pushed her running inside and we were following behind as they were going to the white room that room was like a hospital ward got everything and very big too

Rajesh: Please wait here...

Bujar: NO POPS AND WHAT IS GOING ON?

Lelo was having a seizure and that caused us to cry more

Dad: Boys wait here everything is going to be fine I promise

We were sitting on the floor crying holding each other's hands

Bonani: Did you see how she...

Bujar: She is going to be fine okay

Me: At least now she is back but how she look...

Bujar: Everything is going to be fine

“Nkosenye”

That was the queen I'm sure she heard the noise and the maidens maybe told her about Lelo

Queen: What's going on? Who is dead? Why are crying?

I did not know what to say I looked at Bujar

Me: Ma...I

Queen: Nkosenye

Then the door opened thanks God and it was dad...The queen screamed and dad hugged her so tightly

Dad: I am so sorry Ndlovukazi...Ngiyaxolisa ma (I am sorry)

Queen: They....They took her Busani

Dad: I know...I am so sorry Ndlunkulu...Come

Queen: My...my baby

Bujar: Why she was having a seizure Pops?

Bonani: Is she going to be fine?

Rajesh: Yes but she needs to rest now

Dad: Yeah we should...

Queen: I am not going anywhere

Bujar: Nam (Me too)

Dr: No noise then

LUPHINDO'S POV

***I am sure everybody knew that were cursed big time....Things at the palace were becoming worse each and every day we were facing drought dying of livestock but mostly saddest and painful thing was the miscarriage of pregnant women and people being bit by a snake...What was happening was draining physically spiritually mentally and emotionally going out for few hours it was like you left for years because when you come back a lot happened within a short time...Well I had to take a leave from my work because I was a doctor chef a guard I was everything...Anyway I was so exhausted because I was helping the villagers with farming and also with water and food...And another thing Anita is so quite lately always locking herself in her room which was a blessing in disguise and no one was minding or concerned with her new unusual behavior so I was

busy enjoying my bush meat I got it from my friend outside when I heard someone coughing painfully so I decided to check who was it and to my surprise it was the “princess” Anita...I looked at her and she was in pain***

Me: Oh it's you

Anita: Ple...ase help me

Me: Andivanga uyathetha? (Excuse me are you talking?)

I looked at her with my eyebrows raised and I was enjoying to see her in that state

Anita: My chest...

She was crying

Me: Utshiswa bubugqwirha nekohlakolo le Anita (You are being burned by witchcraft and cruelty)

She was now rolling down on the ground holding her chest and crying

Me: Fire! I speak deliverance upon your life princess! They should unchain you Nkosazana you don't belong to them...FIRE!

She was really crying and blood coming out of her mouth...And that caught my attention that she was in pains

Me: Anita what's wrong? Hey talk to me

Anita: My...My chest is burning

Me: Hey cal....

She threw out blood and I started sweating

Me: Anita! Hey you...

Anita: Ther...there is something h..ere

She threw out again and my eyes popped out

Me: What the fuck?

It was a small black plastic and Anita was quite...I gentle shook her

Me: Anita

Anita: Mhhh...

Me: Oh you are still alive...How are you feeling still on fire?

Anita: No but my chest is painful

Me: Look what came out from your mouth

She looked at me and I shrugged my shoulders and fear was written all over her face

Me: Hey don't cry come let's go see Ncode at his hut

I helped her to stand then I wore a plastic to cover my hand then I picked up what came out from Anita's mouth and we went to see Ncode

Ncode: What she doing here? To all people not her

Me: We are here with peace Ncode

He looked at Anita for few minutes

Ncode: You are blessed but cursed...Sit down

I then narrated what happened and Ncode did his things with his powers and bones

Me: What is going on? And please don't tell me you don't see anything please

Ncode shook his head and tears fall I looked at Anita who was leaned on me

Ncode: Wambulala umntwana Mandlakazi yhoo! (You have killed the child Mandlakazi)

Me: Ncode

Ncode: This is a charm that was planted long time ago so everytime Anita trying to take control her mother keeps on refreshing it

Me: Intoni? (What?)

Anita was cying

Ncode: Everything happening to Anita's life is her mother's work

Me: So how can we help her Ncode just anything I will do it we all do it

Ncode: Well I can help to cleanse the charm out of her body

Me: Yeah you ca...

Ncode: Lumphindo you will need about fifteen goats and African beer for her ritual and we have to do it in the morning tomorrow at the river

Me: What?

Ncode: Yes!

Me: Okay I will try to get everything even though I don't know how but I will

Ncode: Put this around her waist and when you leave here ensure you don't bump into her mother

Me: What?

Ncode: Now you may leave I will tell the king and Lumphindo the goats and the beer should be available tonight because we go to the river at 3am

Me: But...Okay fine!

I carried the heave Anita back to the palace because she was weak to walk

Me: You will sleep here in my room

Anita: Thank...you Laph...

Me: It's okay...Uhhmm...I make you a soap then I will try to look all these items
Ncode want...Just rest okay

She was pale and I watched her as she fall asleep

Me: Andisazi ngoku (I don't know now)

I took my phone and called one of my friends

Anga: Phindoza

That what he called me and I made peace with it

Me: Boy

Anga: What's up?

Me: I need fifteen goats boy

They left

Me: Wow that wasn't difficult like I thought it would be

I threw myself on the couch

Me: God I am so exhausted

“Phindo”

It was the king and he was devastated shame drained and exhausted...He was just a mess but he kept on moving and I admire his strength

Me: Hey daddy

King: Ncode just told me what happened and more

Me: Yeah

King: How could Mandlakazi did that? Why?

Me: Wish I knew my king but everything is going to be fine it won't be like this forever

King: I am tired Lumphindo if this is a punishment or whatever why don't they just take me than making my people suffering from the sins they didn't commit why th...

Me: Please don't talk like that my king

King: I was at the meeting with the elders and the councillors and...

He took a deep breathe

King: The cabinet is divided Lumphindo

King: Anyway where are going to get all these things Ncode...

Me: Everything is sorted my king don't worry

King: Thank you son and where is Luyanda?

Me: I don't know but he mentioned something to do with PE yesterday

Luyanda was the new drunker who sleep with maidens and I fired them all...I froze some of his assets got his partners to fire him from his businesses just to save his ass so that whenever he decide to come back on his sense he won't suffer

LUPHINDO’S POV

I was with the king and elders trying to find solutions to what was happening in the palace in fact to the entire kingdom...But it was just a waste of time because the elders were on each other’s throats arguing and threatening each other...And they were divided some still with the king and some against him

Me: Okay! I have been listening to you all...

Elder1: Yekwedini (boy)....

Me: With all due respect do not call me that...

Elder2: Hayi kwedini kuthi uyohlala uyikwenkwe uyeva? (No boy to us you will always be a boy)

I looked at them then chuckled

Elder3: We are here to find solutions to what...

Elder5: Hold it there Bhele! We are not here to find solutions but to hear what the king got...

Elder6: Waitwhat do you mean?

Elder5: Hayi sanuzenza izibhanxa apha (Don’t make yourselves fools here)...He is the reason of all this!

Elder3: Ye'Hlomla uphambene (Hlomla are you crazy)

Elder6: Inoba uyatshaya! (Maybe he's smoking)

Elder5: In the history of this kingdom before all of us here were even born! During the time of our forefathers nothing like this ever happened!

Elder1: Phum'egusheni Hloma (Get to the point Hlomla)

Elder5: The king has to confess!

We all looked at him

Me: About what?

Elder5: About what he did for the ancestors of our land to abandon on us like this! For them to forsake us like this!

King: What?

Elder2: Yeke! (Yes!) Yes my king tell us! Tell us what you did to make them this angry!

Elder3: Niyaphambana? (Are you crazy?)

Elder4: Then explain this! People are dying there is drought death of livestock siblings are impregnating each other and some are getting rotten while they still alive...Explain it!

I closed my eyes while my heart was into pieces

Elder1: Are you trying to accuse the king of something?

Elder4: We are not trying to accuse him of anything but stating the facts!

Elder2: And if ziyamlingana makazinxibe ke (if they fit he should wear them then)

Elder3: Don't forget you are still in the presence of the king...show so some respect!

I watched them saying whatever they want and fighting each other while the king was quiet

Me: ENOUGH!

I roared and they all looked at me with their eyes popped out...I was so pissed and angry

Me: I WILL NEVER EVER ALLOW ANYONE OF YOU DISRESPECT THE KING IN THE THRONE ROOM NEVER!

King: Calm down Luphindo...

Me: No my king! No! If they want to leave then VOETSEK!

King: LUPHINDO!

Me: NO! THIS IS BULLSHIT! LISTEN HERE IF YOU DON'T HAVE ANYTHING BETTER TO SAY THEN GET THE FUCK OUT OF HERE!

Lisa: Ouch...my back...

Then all the previous events started to play in her mind...How she was beaten to death how she was raped countless drugged and how she escaped...And how she was almost knocked down by a car

“Look who's awake”

Lisa looked who was talking and her eyes popped out with her mouth wide opened...She couldn't believe how a person could be that handsome...She looked at him while he was walking closer to her bed holding a nice bucket full of fruit and flowers

Lisa: Are...are you in the right ward?

He smiled showing his one dimple...He was wearing a black sweatpants white muscle vest that showed his hard muscles and firm chest with Louis Vuitton push-ins...His cologne filled the whole ward

Bujar: Yes I am in the right ward

He smiled again and Lisa made a silent prayer in her heart thanking God for a second chance...She was still staring at him she only see these type of guys on Instagram and movies...Bujar cleared his throat and that bought her back from her thoughts and felt embarrassed

Lisa: I...

Bujar: I bought some fruit and flowers of course! Fresh from the garden

Lisa: Lisa...Lisalethu September

Bujar: Lisalethu September...Lisalethu September as Lelothando September's sister?

Lisa: I...I...

Bujar: I'm sorry if I said something upset you or something...Anyway I am the guy who bought you here

Lisa: Thank you so very much...But I won't afford to pay the bills so...

Bujar: Oh don't worry about that okay! Just focus on getting better and if you don't mind me asking what happened?

Tears started falling immediately and Bujar took his seat while looking at her

Lisa: I...It is a long story and...

Bujar: Don't worry I am not rushing anywhere and besides you owe me...I mean **Sponsored**

I should have left you there dying but I didn't so the least you can do is to tell me what happened and be honest

Lisa closed her eyes and Bujar wiped her tears

Lisa: Let me first say that I am paying for my sins and I messed up with a wrong person...And...

Bujar: Hey please don't cry okay

Lisa: I deserve all this! Well we mistreated my sister...me my mother and my uncle who turned out that he is my father...We...we mistreated her like we abused her physically and emotionally to a point that...we killed her! Yes we may not be her murderers but we played our part too...And to cut the story short we lost everything! Money cars the mansion and we ended up in so many debts and uncle Sihle was arrested for stealing some expensive painting and stuff...

Bujar: Shame I'm sorry

Lisa: My mother wanted me to be a prostitute so that we could have money but I ran for my life...

Bujar: Where did you go? I mean how did you end up here?

Lisa: I ran to my aunt's house Pamela and she welcomed me took me to school...University of Pretoria and got me one of the most expensive apartments fat ass allowance every month and a car...

Bujar looked at her

Bujar: Then what happened? I mean she gave you life girl!

Lisa: I...guess I met wrong people who I thought they were my friends...Started going out party and drink expensive alcohol with names that I can't even pronounce...I stopped attending classes because sometimes we would go to Cape Town Bloemfontein Durban Joburg and etc...And all the things we were doing were sponsored by...by rich men and nothing for free as you know...

Bujar: Yoh!

Lisa: And Pam found out...everything! Then she...she was angry of course! And told me that I am going to pay for everything and...

She started crying so hard

Bujar: Hey hey hey...please stop crying

Lisa: She...she sold me...

Bujar: What do you mean?

Lisa: She sold me to some mafia group here in Durban...Foreigners! They turned me into a prostitute gave me this mark

She showed Bujar the mark

Lisa: This mark is a symbol that they owed me! They drugged me beat me...

Bujar: There were also other girls too?

Lisa: Yes...Being raped all day until you become numb and they don't care about that because even on the following day is still the same thing!

Bujar: So...how did...you escape

Lisa: I was helped by some guy but after he slept with...me...after he forced himself...

Bujar: Hey that doesn't matter now all matters is that you are here now okay and you should be grateful for that...Think about all those girls you were with and see how lucky you are...I am sorry okay please do not cry...Come here

He hugged her tight and Lisa cried all it out in his arms...She felt safe and protected

Bujar: God gave you a second chance Lisa...But you have to forgive yourself first...I know maybe you think you deserve all of this but no one deserve to be

raped drugged and all that you went through...~~Yes~~ you have hurt so many people but you didn't deserve all that okay! Please do not cry

Lisa cried until she was calm

BUJAR'S POV

No one I mean no one deserve that! I know all Lisa's evil deeds what she did to Lelo but for Pamela to do that! How can you sell a person like a banana or some apple...A whole person! Pamela is indeed evil wicked! She could have kick Lisa out to the streets and take everything than this!...Shame I couldn't watch the poor girl crying like that I took her into my arms for her to cry all it out

Me: I am sorry okay...

Lisa: Thank you for everything...You are God sent from...

Me: Come on! Don't worry you are going to be okay...going to heal just fine! Just take this opportunity will both hands and make a use of it...

"Hey I'm back"

I looked at her and my heart melt right that moment...I don't know anything about love but what I was feeling for Khloe was crazy can't define it and I am scared...Anyway I looked at her and she looked pissed

Me: Hey you good?

I kissed her forehead

Khloe: Isn't that receptionist that...Aargh! But don't worry I sorted her stupid ass out...Anyway there are the things I bought

I asked her to get Lisa some clothes pyjamas and cosmetics

Me: Thank you baby...And babes this is Lisaethu September...

Khloe: Did you just say September?

Me: Yes baby and Lisa this Khloe...the girl who turned me into a softie and one of the queens that I would risk it all for them

Khloe: Wow! So what are going to do with her Aarav...I mean your sister wants nothing to do with her

Me: And I don't blame her at all!

Khloe: Damn! I admire her strength...So what are you going to do?

Me: Ensure that she is safe

Khloe: How? I mean when I walked into that ward she looked bit disappointed and even when you introduced me...I am sure she thinks that you are God sent you know those African movies titled "The poor girl who met a billionaire or the poor girl that won the heart of a rich handsome prince"....

I couldn't hold myself I laughed my lungs out

Me: What?

Khloe: This is serious Aarav

Me: I don't know but what I know is that I also don't want to be her to my responsible...I am going to pay the hospital bills and ensure that she safe that's all

Khloe: Okay...Good luck!

Anita: Phindo I don't have much money to start somewhere...I used all my money to renovate and expand the hospital...and for some medicine so...

Me: I know nana but you have to leave because we don't stand a chance to win this case so you are going escape...disappear! I am going to make a plan okay
I don't know what plan I was going to make and the bad news is that people are tired of me asking endless favours and I don't blame them at all...All my life I always managed to find solution to whatever I am facing but now I was just clueless feeling so stupid and confused...And I was also broke and SARS on the other hand is on my neck I was using my savings now...As for palace their accounts were empty with a negative balance I don't know what happened to the money

Me: Go pack your things all important stuff and documents...And leave your scepter behind we are going to my house in Port Elizabeth for few days until I figure it out how you are going to leave the country because these bastards are going to look for you all over

Anita: Okay...Thank you so very much...I...I appreciate everything

LELO'S POV

I was starting to get worried about my aunty now...I mean it's been weeks since I came back from Japan and my healing progress is going just fine...And uncle Rajesh and Busani have been avoiding us they can't even look at me in their eyes and I could tell that something is wrong...They should tell us if aunty Yolani is dead or something and I am tired of this so I am going to ask them what is going...Anyway I was in my chamber walking around with a cup of mint leaves and ginger tea which was recommended by my therapist and it is working to calm my nerves down...And my therapist is a white gay guy from UK and he is good! I was disturbed by my phone ringing

Me: Hello

“H...Hey”

It was Lumphindo...I know his voice and he sounded in so much pains

Me: Hey

Lumphindo: Hi

He took a very deep breath

Luphindo: Oh yeah! As for Luyanda I don't care and...As for Anita she did not kill him...

Me: Doctors do make mistakes too maybe....

Luphindo: SHE DID NOT KILL HIM LELOTHANDO!

Me: Okay! No need to shout please...

Luphindo: Damn! I...am so sorry for yelling and...

Me: Luphindo what's going on?

Me: A lot happened on my side but we will talk about that another time...Now I want you to talk to me please you sound in...so much pains and confusion

Luphindo: Everything is in mess

Luphindo: I need money I need to take Anita out of this continent as soon as possible with new documents and...

Me: Okay! Okay I am going to help you...I will talk with my brothers about the documents and about money you have to come to Durban

“Talk with us about what”

It was Yanga and he looked at me

Luphindo: Thank...Thank you so much Lelo...I...

Me: Can I call you back please

Luphindo: Yeah sure and I will be waiting

We both hung up and I looked at Yanga who was looking at me

Yanga: I am waiting

Me: Lumphindo needs money

He laughed

Yanga: You not joking...

Me: Do I look like I'm joking?

Yanga: Okay sorry! What's up?

I narrated everything for him

Yanga: Yho! This is...I don't know

Me: So are you going to help me?

Yanga: I hate his family so very much but Lumphindo is good dude so yeah I am going to help

Me: We are not doing this for Sanqgu kingdom but for Lumphindo Sangqu

Lee and their two friends will be here tomorrow!

Me: And you heard this from...

Yanga: Bonani was forcing the truth out of dad and lucky they called so yeah!

Me: Okay...And I am hungry yho!

Yanga: Let's go then and I want to get Amanda a new car as birthday present

Me: That is amazing brother and I should invite her and her crazy friend to spa treating thing...Zitha always make my day with her silly jokes

NARRATED

Queen Mandlakazi was waiting for one of the elders in her chamber she does not share the chamber with the king Mcedisi they have separate chambers...She was alone in the palace the king went to his meetings and for others only God knows about their whereabouts

Mandlakazi: Why he is taking so long?

After a while she heard a knock

Mandlakazi: Come in

He came in and locked the door

Mandlakazi: Did anyone see you?

Hlomla: No

Mandlakazi: Good

Hlomla: Mandlakazi where is your daughter?

Mandlakazi: I don't know Hlomla! How many times must I tell you and I even asked the guards and maids no one knows

Hlomla: What about Lumphindo? Did you ask him?

Mandlakazi laughed looking at him

Mandlakazi: And what makes you think that he will tell me huh? Please don't make yourself a fool here

Hlomla: And I am sure that bastard knows where she is...Damn it!

Mandlakazi looked at him and rolled her eyes

Mandlakazi: What all this sweating is for? At the end she did not kill him you did Hlomla! So leave her alone or keep on looking but let me warn you Lumphindo is not some idiot like your sons and nephews...I am sure as we speak Anita is out of the country and out of the continent! And listen very careful Lumphindo is going to

start asking questions like what was your brother doing at that hospital at the first place and then start investigating...And you don't want that do you?

Hlomla looked at her

Hlomla: No that is impossible! Lumphindo is broke so does Anita so...

Mandlakazi: You really do not know Lumphindo yazi wena (you know)...I advise you and your family to let this go stop looking for Anita...As much as I wanted her to suffer but our plan did not work!

Hlomla: Damn it!

Mandlakazi: We need to focus on a new plan now! Forget about Anita!

Hlomla: Lubanzi is going to be disappointed he wanted to see Lumphindo's face when Anita goes to prison...Fuck!

Mandlakazi: Uhhh hard luck to you your nephew and me of course!....Anyways my body is itching and you are the only one who can stretch it

Hlomla looked at her then he laughed

Hlomla: Don't you have a husband to do that?

Mandlakazi: Oh please ungandixeleli ngalowo (don't tell me about that one)

Hlomla: He is your husband

Mandlakazi: He is my husband by the name

Hlomla: Meaning?

Mandlakazi: We are sleeping in separated chambers and it's been years now as you can see

Hlomla: What?

Mandlakazi: Yeah

Hlomla: Wow!

Mandlakazi: I know you and him are enemies now and Hlomla this all could be yours

Hlomla looked at her with his eyes popped out

Hlomla: I...I don't...

Mandlakazi: Many elders has turned against him even the councillors...

Hlomla: Yima ke Madam ndikulungise apha nje (wait Madam let me correct you here) we did not turn against him we just want solutions to what is happening in this kingdom

Mandlakazi: Oh really?

Hlomla: Yes!

Mandlakazi: But we both know that things are getting worse each and every day and very soon the kingdom will be doomed! Even Lumphindo is going to walk away
Hlomla looked at her

Mandlakazi: Why should you suffer for someone's mistakes? Huh?

Hlomla: Mandlakazi...This was not the plan

Mandlakazi: Mcedisi is just a toothless dog or a king the tiger in him died long time ago! He is powerless! Other kingdoms do not even recognise this kingdom anymore no more invitations to coronations weddings just nothing! Not even funerals!

Hlomla: I...

Mandlakazi: Hlomla wake up! This could be yours! All this!

Hlomla: WHAT?

Mandlakazi: Yes...

Hlomla: I don't want to be punished by...

Mandlakazi: Ancestors? If you are talking about the ancestors of this kingdom please tell me you are joking...They don't exist! They are just stupid like their king trust me I know

Hlomla: No....

Mandlakazi: Don't you want to be a king? Have all of this to yourself huh? Think about the power you and your family will have

Hlomla looked at her

Hlomla: And after all this what do you want?

Mandlakazi: Simply! We get married and I become your queen!

Hlomla: WHAT?

Mandlakazi: Yes and I am tired of talking now

She kissed him

LISA'S POV

I was getting better my bruises and ribs were healing just fine...Bulelani got me a therapist here at hospital...Firstly all the praises belong to God who gave me a second chance and of course Bujar...I was in my ward after taking a walk and I must admit that this hospital is five star hospital very beautiful and the food is good too like everything is perfect...I was thinking about how handsome Bulelani is the way he smells and dresses...Oh my God

Me: I love him already

I giggled hugging my pillow

Me: And I am sure that he is very rich...I mean his dad own this hospital and you could tell that he comes from money...Born with a silver spoon in his mouth

“Why are you smiling like that?”

It was my doctor and I laughed

Me: I am just...happy

Doc: Okay...But I am happy to see you like this...smiling and laughing

My doctor was an Indian woman maybe at her early 30s

Me: Uhhh...Doc

Doc: Yes

Me: When the last time did you see or talk with Bulelani...I mean it's been 3 days since he...

Doc: I am sure he is busy but don't worry he is going...

“It is good to see our patient not sleeping and crying”

My heart melt that moment and I ran to him

Bujar: Slow down you are going to hurt yourself

Me: I am so happy to see you

He smiled showing his beautiful teeth

Bujar: Doc

Doc: Hey Aarav

I looked at her as she was blushing like a teenage and I wanted to punch her so badly

Bujar: How is she?

Doc: Doing just fine and going to discharge her very soon

Bujar: That's good! Did you hear that?

Me: Yes

Doc: Well good to see you and please excuse me...See you later

Bujar: Yeah sure...So how are you?

Me: I am good even though still have nightmares but I am getting there

Bujar: You are going to be fine don't worry my dear

Me: I missed you

He looked at and cleared his throat

Bujar: Aren't you hungry? Khloe is coming...

And speak of the devil

Khloe: I'm here...Hey baby girl I bought you some snack

I faked a smiled

Bujar: And they are discharging her very soon

Khloe: That's good news...Oh excuse me my phone is ringing and its work

She ran outside

Bujar: So where are you going after they dis...

Me: I...I don't know and I...

I cried and I have noticed that tears are his weakness

Bujar: Hey don't cry you...

Me: Please take me to your place please...I promise you I won't cause any problem please

PART 96

BUJAR'S POV

I looked at her with my eyes popped out like I did not expect that at all...I cleared my throat looking at her

Me: Ummm...Lisa

Lisa: I don't have any place to go to or a relative...

Me: Lisa I don't...

Lisa: Pl...please I promise I won't cause any problem

Me: Yho! I...I need water...Please excuse me

I rushed out in high speed and lucky I met Khloe at the corridor...She looked at me with questioning eyes

Khloe: What's wrong?

Me: I...You were right

Khloe: About what? Aarav what is going?

Me: I need water...I need a seat

Khloe looked at me then she chuckled leading the way to the cafeteria...She took a seat while I went to get water

Khloe: So what's up?

Me: Lisa wants...to go home with me!

She looked at me while shaking her head

Khloe: So what are you going to do Aarav?

I looked at her while scratching my head

Me: I don't know...Of course I can't take her to the palace

Khloe: Aarav!

Me: Babe she doesn't have any place to go to! No relatives just...

Khloe: Is she an orphan?

Me: Come on Khloe you know what I mean...She is still a human being and deserve a second chance

Khloe: Oh so now you are God?

Me: What do you mean?

Khloe: Only God who gives second chances!

Me: Oh come on! How many times do you sin a day? How many times...

Khloe: That's why I said that only our Father who's in Heaven does that...And I'm sorry but according to what you told me people like her do not deserve second chances and you know why?

Me: Why?

Khloe: Because they do not change Aarav! Listen this girl is in love with you and I have noticed that every time I'm around she...she has an attitude her whole vibe change! Fake smiles and shit!

Me: Wh...what?

Khloe: Yes Aarav!

Me: But I can't leave her like that...I...

Khloe: So what are you going to do?

Me: Take her somewhere because I can't take her to the beach house...Yanga would kill me!

Khloe: Let me ask you this okay! Let's say you take this bitch to some flat or apartment pay for everything and shit! What makes you think that history won't repeat itself?

Me: Huh?

Khloe: Firstly she is going to realise that you have money and you are from a rich family! Secondly she is going to know that you are related to royalty! And when she meet your older brother and know that he may become a "king" one day and not just any king but a king from Cooper Kingdom! What makes you think she won't do what she did before and try her lucky to your brother?

I looked at her with my eyebrows raised

Me: I...didn't

Khloe: This girl already got you right in the palm of her ugly hand

Me: What are you talking about?

Khloe: She know that tears are your weakness and...

Me: Damn! I think you are right

Khloe: Look I know you are kind and shit but be careful Aarav! Greedy and cruelty is written all over her face...I know she went through hell and no one deserve to be raped drugged and stuff but don't let your kindness and innocent love towards this bitch become your downfall! At least think about your sister

I looked at her feeling so stupid

Me: So I made a mistake by helping her that day...

Khloe: No! No Aarav you did a good but to a wrong bitch

Me: What should I do now?

Khloe: Talk to your sister baby like tell her everything

Me: You are right and thank you so very much

Khloe: My pleasure baby

I kissed her hands looking at her pretty face

Me: Let's get the fuck out of here...I don't want to see her face right now

Yanga: Oh my God! Daddy!

LELO'S POV

***I decided to let everything be and try not to stress myself over things I can't change...This is their other lives and I don't have any right to hate them be angry or anything...I know my sweet aunty and uncles not "Black Rose Knight. Kray Black Angel" or whatever their names are... My therapist told me to not give fuck about unfuck worth things and focus on my happiest...as long as they ensure that we safe and protected then I am fine because there is absolutely nothing I can do or change about who they are so why should I stress myself...I'm just happy that everybody is here safe and healthy...Anyway I was in my room fixing

myself because I am going to see Lisa...Yes you heard that correct I am going to see her I want her to look at me in the eyes and tell me why?...I wore a long beautiful dress made by one of my favourite designers from Nigeria baby! It was sunset like in colour with a long slit wore my shiny orange stilettos my make-up was on point with my hairstyle...I wore my royal beads all of them then took my sceptre***

Me: I look so beautiful...Princess Zama!

I laughed while going to downstairs

Yanga: Oh my God!

They all looked at me

Me: Can I help you guys?

Queen: Where are you going Zama?

Me: Going out

Bonani: Dressing like that? Okay what's the occasion and why I am not invited?

I laughed and he looked so stressed

Me: I am going out people and...

Queen: Princess you are wearing your beads and you don't...

Me: I am a princess so I should dress like one

King: Zamangwenya!

Amber: You can't go out...

Me: Can you all please stop it please!

Queen: Zama you know you can't go out like...

Me: Yho! So I should sit here and all of you look at me like I'm some doll

Amber: I wouldn't mind to look at your face all day

Queen: Nami Zama (me too Zama)

I looked at them

Me: Wha..what? Okay! I'm leaving because with you all I...I can't

Busani: Okay my princess you going with guards and...

Me: Please no scooters and maidens

Busani: Zama

Me: Please uncle...If I go with them everybody is going to know where am I going and I don't want that at least not today

Rajesh: But you are taking all the guards and no discussion!

Lee&Kong: End of story!

Me: You mean all the palace guards?

King: Yes my princess

Me: What?

I looked at them and I wanted to cry

Busani: Before you cry we are joking not all palace guards

Me: Thanks God! Can I go now?

Queen: Please take of yourself

Yolani: And if you feel uncomfortable and...

Me: I will call you all...Bye!

I rushed outside and I found the guards waiting for me

Me: What is all this huh? Can't I leave with one or two cars not this! I miss my older life

I got inside the car after telling them where I am going...I was with accompanied by seven cars and thirteen guards...Maybe it is time I accept myself as a princess and get used to these kind of things maybe I will enjoy it who knows...Anyway we arrived at the hospital and there were so many people and some were shouting my name

Me: How...how did they know we are coming here?

Guard1: People were taking pictures of us while we were on our way my princess...some even followed us

Me: Wow!

Some guards came to me

Guard2: Are you okay Zama? You know we can leave right?

Me: No...I am from royalty and these are my people don't have to run away from them...And they are harmless just want to see their princess that's all

Guard3: You sure?

Me: Yeah and before I see Lisa I want to take a tour around and greet people you know

Guard4: Okay my princess

Me: And I will only take six of you

Guard1: Okay my princess

We walked inside while I was waving hands to everyone smiling and they were shouting my name “Princess” and it was amazing...I was with the guards while I was doing my greetings around wards and it was heart-warming to see the joy written to all the people’s faces from each and every ward I walked into...I was passing into some private ward you know private hospitals

Me: Hey can I get in

The poor nurse was looking at me like she saw a ghost or something

Nurse: Pri...pri...princess

Me: Hi...Can I get in please

Nurse: I don’t...think

Me: Please wait for me here okay

I slowly opened the door

Me: Hi

They all looked at me...looked like someone is in labour there were two doctors a nurse and a man who was crying his heart out

Me: What’s wrong?

The man knelt down

Man: I can’t choose between my wife and a kid...I need them both please help me

Me: Do...Doctor

Doc1: This is his wife and...it’s been two days...Uhhh we need to save one either the wife or the kid and mind you she’s been ten months pregnant! And we need to do something right now before we lose both of them

I walked close to the bed and the wife was moaning in so much pains with her eyes closed...I took of my royal necklace bead that I was given by the king and I was told to never take it off and I put it on her neck

"I am going to tell the princess that you are disrespectful! And I'm sure she is going to deal with you fools...Nxn!"

Lelo: And I still can't believe that I helped her but I did all that because of you for your sake otherwise....

Me: I know and thank you so much

Lelo: Luphindo my brothers and I are about to give you R250 million...a quarter of billion rands! Now tell me if I wasn't this Lelothando you know if I was one of your friends giving you this huge amount of money...how were you going to pay it back?

I closed my eyes as I felt something blocking down my throat

Me: To be honest I don't know Lelo

Lelo: Let me tell you how people can be greedy then now you are down like in the ground and someone was going to take the advantage of your kingdom's situation and ask something in return

Me: Which is?

Lelo: You have nothing absolutely nothing but the throne

I looked at her with my eyes popped out and she was telling the truth

Me: I...I...

Lelo: Don't worry we are not going to ask anything...we are giving you this money with a pure heart and no pressure on paying it back

Me: Lelo...I

My tears failed me

Lelo: You are a good person Lumphindo with a good heart and your people are so blessed to have you

Me: Yeah right and I am not even the heir apparent to the throne but look at me

Lelo: Everything is going to be fine at the end I guess

Me: Thank you so much Lelo

Lelo: It's okay and I know you were going to do the same for me

Me: Luyanda thinks that you are hunting him...he is having nightmares

She chuckled shaking her head

Lelo: Mxm!

NARRATED

King Mcedisi Sangqu was in the throne room alone and thinking about all what is happening in his kingdom

King: Where did I go wrong? What did I do to deserve this kind of punishment?

He was looking at his sceptre

King: God of my ancestors God of my forefathers please...please I am begging you please spare my people's lives...let this punishment be mine alone...

“Look at him”

That was Hlomla one of the elders...He stood right in front of the king staring at him

King: Yintoni Hlomla (what is Hlomla)

Hlomla took his seat

Hlomla: Why are you wicked Mcedisi?

King Mcedisi looked at him with his eyes popped out

King: Did...did you just call me by my name Hlomla?

Hlomla: Akulogama lakho na (isn't that your name)

King: At least respect the throne Hlomla!

Hlomla laughed so hard

Hlomla: What throne huh? Why are you so wicked huh so heartless?

King: Get to point Hlomla

Hlomla: Firstly you sent your useless daughter to kill my brother and...

King: Wait what was your brother doing in that hospital from the first place?

Hlomla: That is none of your business Mcedisi! Your useless daughter killed my brother and she ran away but don't worry karma will find her

King: Mxm! What do you want Hlomla besides telling me this rubbish

Hlomla: Oh this is rubbish huh? Okay fine I am here to ask you when are you going to step down

King: Andivanga (excuse me)

Hlomla: Mcedisi suzenza isidenge apha (don't make yourself a fool)...Don't you see the signs?

King: What signs?

Hlomla: All that is happening in this kingdom are the signs that the ancestors want you to leave this throne

King: How dare you Hlomla?

He said that with an angry voice

Hlomla: Mcedisi you are nothing but inja endala engenamazinyo (an old toothless dog)...you are powerless...

King: Get out Hlomla! Leave my presence right now!

Hlomla: Or what huh? What are you going to do?

“My king”

That was Nconde who looked at Hlomla shaking his head

Hlomla: Let me leave with you puppet...Nonsense!

They watched him leaving

Nconde: Calm down my king

King: How dare he...did you hear him?

Nconde: Calm down my king

King: He called me a dog! He wants me to step down...to leave my throne!

Hlomla is testing me Nconde and whatever he is trying to achieve he...

Nconde: Will you please calm down

The king took a deep breath

King: I'm sorry Nconde

Nconde: I understand my king...well I am here to inform you that I am leaving

King: Leaving to where? Nconde what's going on?

Nconde: I'm...I am going to the river...where I accepted my calling

King Mcedisi looked at him

King: Ncode what's going on?

Nconde: My king I can't continue like this...I am...powerless! Defeated! I am doomed!

Tears made their way down on his cheeks

King: Nconde...

Nconde: I have been humiliated enough my king...I am a joke in this kingdom and I don't blame them...I lost everything! I was chosen to be the priest of this kingdom and yet I am...

King: Nconde you...

Nconde: Let me go my king...let them kill me if they want to because they are the ones who chose me to be their eyes and ears...let them punish me while I'm right next to them at their righteous right hand

King: Whe...when are you leaving?

Nconde: In the next 10 coming market days

King: And...and when you will be back?

Nconde: That is my decision to make my king...I might not come back and you know that
