Thando: Sthandwa? Do you have to leave though?

I walked passed him to the lounge where I switched the TV on trying to avoid him because clearly Luthando now has a way to make me change my thoughts because there is no better manipulator then him.

Thando: Baby?

I still remained quiet. I checked my wrist watch. 9 hours away from being in London where I will be fulfilling my dream. A dream I have always

wished to live. If I remember quite correctly Luthando was the one who suggested this whole London predicament. He even promised to come join Dre and I there and unfortunately for Noluthando he wasn't the best daughter to have around. She would just not say a word to me or even want to be around me and truly that hurt me in the most painful way because I love Noluthando and not receiving the love back has been affecting me. I love her. I want her to be my daughter and not just have the title "step daughter". That is not who I am. I want to treat my kids the same way but she is just making things difficult for me.

Me: Why is it like you're being doubtful? That you're having second thoughts?

Thando: I am going to miss my nunabear.

Me: Not me?

I said chuckling because clearly we know what that nuna is standing for.

Thando: You too and my son.

He picked Dre who is just a year old. I admired my son because he was just so adorable and I hate to say this but he looks exactly like Kevin.

Me: You promised to come see us though.

Thando: Yeah but its hours away. I can't even stay a minute without seeing you or even having your voice. How will things be if you're in another country?

Me: You will have to pace the work because I am leaving.

Thando: I am your husband Mamelolo?

Me: And you promised to support me in whatever I wanted and this is what I wanted Luthando. I can't survive if this isn't here. Real. Known. So please stop giving me a hard time honey.

I pouted my lips.

Thando: I know my love..

He sighed before placing his hands on my shoulder.

Thando: But God Mimi I am going to miss you like crazy.

Me: I know and i don't believe if you will miss me more then I will miss you.

Thando: Please postpone till this coming Friday? I will come with you. I will drop everything, put it in the hands of mom and I will fly with you to London and be there for your boutique opening.

Me: Really ?!

I said. Clearly excitement evident not only in my voice but visible on my face too.

Me: Thank you so much baby !

I squeezed his body with both my arms.

Thando: You're hurting my tattoo.

I pulled away.

Me: I still haven't seen it.

Thando: You don't have to see it because I told you what it is.

Me: Luthando did you really tattoo your dick?

He laughed. I think I amuse him saying that because every time I ask the same question he'd just burst in laughter.

Me: Stop making me a fool babakhe.

Thando: I am not though.

He picked Dre up from the floor again.

Thando: You're seriously not leaving right?

Me: I'm not.

Thando: Ok. Let me just go place him the play room with Nolu and I will come back and we could talk.

Me: I'll be waiting.

I sat down and took the remote. He returned with both kids in his arms and I remember him saying that he will put Dre in the play room. Not

return with him.

Me: And?

Thando: They want ice cream.

Me: No guys. No ice cream till Thursday night.

That happens to be our family night.

Me: That's the deal.

Nolu: I want it now !!

She held her breath as always because that's her manipulating us into giving her anything that she wants or else she will hold her breath until she gets it. Dre saw this so he also joined Noluthando.

Me: Dre stop it !

Him: Stop it !

He said baby'ishly and giggled afterwards.

Me: How could I say no to such a cute face.

I picked him up.

Me: But again ... Nah. You know what Chance said. We should give them more veggies then junk.

Nolu: You eat junk all de time !

She nagged. I said nothing.

Thando: Say sorry Noluthando.

She said nothing.

Thando: Nolu-

Nolu: No. I won't say sorry.

Thando: Ingrid I said say sorry !

Me: Don't shout at her because she knows nothing Luthando. Nolu you want ice cream?

She nodded and I looked at Thando.

Me: Give her just a bit.

I placed Dre on my waist and walked upstairs feeling disappointed. I really failed this child and that just pains me.

Thando: Baby.

He sighed before placing Noluthando down.

Thando: Mimi-

Me: I will just rest with Dre. I am tired anyway.

I walked upstairs and I firstly placed Dre down and he didn't immediately sleep like I did. He firstly played around till he was tired before sleeping.

Downstairs the doorbell rang and Luthando was busy dishing up ice cream for Noluthando. He had to leave what he was doing and go attend the door. His hand touched the doorhandle and after opening he met with his sister and two women. He stared at the third one. His heart beat in the most fastest pace that even he could hear the beating from his ears.

Bless: Hey Luthando.

He said nothing. His eyes were literally stuck on the woman. He snapped out of his thoughts.

Thando: Hey.

Still his eyes were on the mysterious woman.
He went from her to Luleka.

Thando: Hey.

Luleka: Hey Luthando. It's been a long time.

Thando: A whole year.

Luleka: I know right.

He said nothing after and just stared at the woman.

Her: Hi baba ka Noluthando.

He froze when he heard her voice. "Its really her" he thought to himself. He could not believe that all this was happening because for some reason it felt like a dream.

I blinked my eyes so many times hoping that I'd wake up but she was still standing there in front of me and she had changed a bit but the resemblance between her and Ingrid was there. She is here. I stepped out the house and closed the door.

Me: Noluntu ... How? I mean ...when? Aren't you dead?!

Anger had taken over now. Fuck anger management classes ! Fuck Noluntu !

Me: Answer me ! Aren't you dead?

Luleka: Dont be too harsh on her Luthando.

Me: Thula wena angi theti nawe.

Luleka: But I am talking to you.

Me: I said shut the fuck up !!

Bless: Relax Luthando.

She tried touching me.

Me: Dont touch me.

She moved back

Me: I want the three of you out of my house.

Bless: What? Noluntu is here to see you and her daughter.

Me: I said shut up marn ! And I also said the hell out of here because I will lose my cool with the three of you. Voetsek marn !!

" Luthando what's going on out there? "

I held the door so she won't open. Mamelolo will not see Noluntu. Not this time she won't.

Me: Get out.

Bless: Can you at least give her a chance to explain her reasons?

Me: I said out. My wife is waiting for me.

I stepped inside and pushed Mimi so she cannot see who was out.

Me: Love?

Mimi: Who's out there?

Me: Just my guards. They messed up ... Again.

Mimi: With?

Me: Some things. Where's my son?

Mimi: Sleeping. I was woken by your shouting outside.

Me: Really?. Sorry love.

Mimi: But i know that you're hiding something from me.

Me: Yes and its confidential. It has to do with my agent job.

Mimi: I hate these secrets though.

She frowned.

Me: I know but I can't possibly tell you about my

job love. Its very confidential.

I picked her up and placed her on the counter. I was still trembling. I just did not expect Noluntu to be alive. She was really alive and I hated that. I should be happy but I wished she was dead because I love Mamelu so damn much. Fuck ! I lifted my shirt that she was wearing and kissed her beautiful body that wasn't perfect but I still found it extremely perfect.

Me: Do you think there is someone in here?

Mimi: Ha.a Luthando !

She giggled.

Mimi: Why would you think that?

Me: Because we haven't been using protection lately.

Mimi: So you think I am pregnant?

Me: You tell me?

Mimi: Do you want me to be?

Me: I want you to give me a son.

Mimi: Dre is here.

Me: Obviously his father will want him to run the Thompson company now I want my son to run mine.

Mimi: So I'm that machine that spits out babies?

Me: Tsek Mimi ! Dont describe yourself like that.

She pulled the shirt down but I pulled it back up.

Mimi: I want to gym.

Me: Let's start with our training again.

I have been teaching her how to fight and defend herself since she is a very independent woman nowadays. She doesn't even use my jet because she can afford a plane ticket. Her words. OBJ

Mimi: Yhu baby I am exhausted.

Me: You are really lazy.

Mimi: I won't even deny the truth.

I laughed before kissing her. My hands were on her waist and her tiny hands cupped my cheeks. We pulled out.

Mimi: You're such a good kisser.

Me: You're bad.

Mimi: I've been told by Noluthando that I give dull kisses.

She shook her head laughing a bit.

Mimi: Why can't we be close though?

Me: I...

I didn't know how to answer her question.

Me: Just give her time.

Mimi: Plus she's still young. I believe when she's grown we will go shopping together.

I placed her down from the counter.

Me: You will. Let's go training.

I lightly hit her with my fists from the back. She

turned around holding my hand and twisted it.

Mimi: That's called the icy move.

Me: Haha! The icy what?

Mimi: Move. Named by Mandy.

I shook my head laughing.

Mimi: Don't test me.

I pulled her closer to body and we I intentionally made sure we fall on the ground and made sure she doesn't hurt her in the process. I pressed her body on the cold tile.

Mimi: Call that the icy touch cause this tile is cold asf.

We both burst in laughter. This is how our relationship is ever since I started this whole girlfriend and boyfriend thing. We laugh more then we fight. That's our reached goal.

Mimi: Baby you're hurting me!

She nagged and I helped her up.

.

.

.

.

Mimi

.

In Dre's bedroom we threw our heavy bodies on his bed and I laid on top of him. Dre was sleeping in the main bedroom.

Me: Baby ... What will you name our son?

Thando: Dick-son.

Me: Tsek maarn !

I smacked him.

Me: Be serious.

Thando: Pussy kid? Or even Cairo.

Me: Ncooo Cairo mara pussy kid Luthando OBJ ?

He laughed.

Thando: Cairo Thandomellow. Haha that is definitely his nickname.

Me: I like the Cairo one though. So cute.

Thando: What if I make you pregnant? Will you not leave for London?

Me: Is a baby that heavy to not be on a plane?

Thando: Mxm!

I mocked him by laughing.

Thando: Why London though?

Me: I believe that's where everything for me will start?

My phone rang.

Me: You know?

He nodded. I grabbed it and firstly I checked the caller.

Me: Kevin.

I handed the phone to Luthando and he

answered. This is how it is. I call Kevin he gives it to Pelontle and if she is not around then I have to call her using her number. Its not a stupid process though. We just want to respect each other and I see it as the best thing to do.

.

.

.

.

Thando

.

Mimi went downstairs to go fetch Dre's bottle and I got time to think. This whole time I am putting on a front while this predicament was eating me slowly inside. I didn't know how I will tell Mimi this because she will over think things as always then we end up fighting then we break up. I don't want things to go that way. If it means that I need to set a meeting then so be it

but I am not ending things with Mimi. I am that in love with her. She was taking too long so I grabbed Dre and went to see what took her so long.

Me: Is everything alright?

Mimi: Yeah.

She turned and resumed to what she was doing.

Me: Oh and Thompson wants to take Dre out to Switzerland.

She immediately turned her head.

Mimi: I hope you did not agree!

Me: I didn't and since he knows our agreement he did not protest.

Mimi: That's better.

My phone beeped. I checked the message that was sent by Bless: We really need to talk.

Me: Uhh babe..

I switched my phone off.

Me: Why don't we fly out to London tomorrow morning?

Mimi: What?

Me: Yeah. 6 months whole month learning more of France and other countries.

Mimi: Ok but why the sudden change?

Me: You have always wanted to open this boutique. I have the company of my dreams so why not support you and allow you to do what you want to do?

Mimi's phone that was in my pocket rang. I checked the called. Ditsholofetso.

Mimi: Who is it?

Me: Bless.

I blocked her number after the phone finished ringing.

Me: We should start a new slate somewhere though. South Africa is starting to get to me.

She chuckled.

Mimi: If you say so love.

Bless: He acted like that because of his anger Noluntu. You know that he did not mean kicking us out. That's just how my brother chooses to handle certain things by running away from them.

Me: Bless I understand.

Bless: Just give him time. He will return.

Me: Ok but can I get my daughter? That was the

reason I went to Luthando's place anyways.

Bless: I will bring her. I am going to his house and alone this time.

Me: I will be waiting than.

I sighed.

Me: Who is his wife?

Bless: Mamelo Nyosi. She is an executive director at the Molefi Holdings.

Me: Do ... Do they love each other?

I was just concerned and not jealous or anything that could be in a bad way.

Bless: Truth be told? The two learned to love each other. Luthando was very difficult with her. He abused her..

Why does Luthando always abuse innocent people? Why is he such a devil dressed in expensive brands? Just why.

Me: He abused her?

She nodded.

Bless: Then she fell pregnant for Kevin Thompson.

Me: Wait ... Thee Kevin Thompson?

Bless: Yep.

Me: Isn't he married?

Bless: They were about to divorce but for some reason Mimi is behind their solid rock. If she hasn't advised Kevin then they would have been together but she thought of Pelo before her feelings towards the the.

Me: She sounds like a good person to me.

She sighed.

Bless: She is. I just kept on pushing her away just so Luthando does not fall in love with someone else who is not you.

Me: And its like when you push her away the more their love grew rightm

She nodded.

Me: I guess the dream was true.

Bless: I know

She checked her wrist watch.

Bless: I should get going. They will probably go out with Noluthando as they usually do so I will fetch her before they leave.

Me: Ok.

She stood up and walked out the door.

I was in the kitchen with the chef telling him what to prepare when the doorbell rang.

Me: Wait..

I said to him and with my barefoot I made my way to the door. I opened it..

Me: Bless. Hey.

She smiled. A genuine smile.

Bless: Hey Mimi. May I come In?

Me: Of course.

I made space for her and she walked in.

Bless: Where's Luthando?

Me: In Noluthando's play room. They are having a tea party.

I giggled after saying that.

Me: Come

I turned and walked up the stairs while she followed. We entered the play room where Luthando was lying on his back while Dre slept

on his chest and Noluthando probably preparing their tea. She got hyperactive when she saw her aunt.

Nolu: Aunty Blessing !!

She ran to her and came to hug her. That alerted Luthando.

Nolu: Aunty can i go sleep at your house?

Bless: Of course nana but daddy and mama Mimi must approve first.

She turned.

Nolu: Daddy can i go?

He looked at me.

Nolu: Daddy?

He said nothing.

Nolu: Daddy can I pleassse !

Thando: Uhm..

He stood up holding Dre.

Thando: The chef is preparing your favorite meal so you will go some other time.

Nolu: Nooo ! I wanna go today.

Bless: I promise to bring her back Luthando.

Thando: Don't talk to me wena.

My eyes widened.

Me: Luthando you can't speak to your sister like that !

Thando: Baby ... I just don't want my daughter a way from me.

Bless: She won't be.

Thando: Yima, did I speak to you?

What the hell was happening to Luthando? I know Bless has been very unfair with me and we have had our days but what Luthando was doing was unacceptable.

Me: Bless you can take Nolu. Just promise to bring her in the morning so I take her to crèche

Nolu: Aunt Bless will take me.

She nagged.

Me: I am taking you baby.

Nolu: No! Aunt Bless.

Thando: One would swear Blessing is influencing my daughter to hate my wife.

Me: Baby-

Thando: Mimi not now.

Bless: I will not tolerate such behavior. For once would you listen to your damn wife?! And you know why you don't want Noluthando to come with me but I am taking her.

She picked her up. I went and packed a night bag for Ingrid and gave it to Bless.

Bless: You know your daughter will be much happier when she is with us. With her-

Thando: Leave.

Bless: Fine.

She looked at me.

Bless: In the morning you can come fetch her. I want to respect your wishes as Noluthando's mother. You're her legal mother so I should accept the choices that you make concerning her.

Me: Thank you.

She walked out clicking her heels and I waited for an explanation from Luthando.

.

.

.

.

Noluntu

.

Bless walked in with my daughter. I was happy. Overjoyed and felt blessed to finally see my

daughter. She was all grown up and Luthando really took good care of her.

Bless: This is her bag.

She placed it on the bed. I looked at the clothes.

Me: Luthando has grown up. I mean, these are nice.

She cleared her throat.

Bless: Mimi was the one who chose them for her.

Me: Oh.

Bless: Can I just say one thing?

Me: Out with it.

Bless: Mimi truly loves Ingrid. She has never treated her in a bad way so please don't hate her.

Me: I don't hate her. I just came back for my daughter. Not everything is about Luthando plus I don't love him anymore.

Bless: Noluntu-

Me: If he wants Ingrid then he will come fetch her and I believe that the only thing that will bring us together is our daughter.

I was hurt. I thought that Luthando and I will fix things off since I have been unconscious for the whole year. If it was not for Luleka I would be dead by now so all thanks to her that I am alive.

He said nothing.

Me: I'm waiting Luthando.

Thando: Baby can we just drop it?

Me: For what? You love Bless so the way you acted towards her got me thinking. Something

happened right?

Thando: She Can ... I..

He sighed.

Thando: I'm not ready to talk about it.

He began to clean Ingrid's mess.

Me: Should we go see Mr Grobbleer again?

He shook his head.

Thando: Not today.

Me: Then can I set an appointment for us tomorrow after work?

Thando: Do you want to go see her?

Me: Yes.

He walked closer to me.

Thando: Then we will go see her. Just so you can be happy.

Me: That's the best news.

Thando: Anything for you love.

He pecked my lips.

Thando: Why didn't you tell me Kevin and Pelontle divorced?

Me: They did?

Thando: Yeah. Over the phone he said he wanted to have all his kids with because he is alone at this moment.

Me: But ... Did he say why?

Thando: Nah. He just told me that he wanted Dre to be with him.

Me: Can I call him and tell him to come fetch Dre but not leave the country with him?

Thando: Use my phone.

Me: So you're agreeing?

Thando: Yea. Take my phone. Plus I want to have you all to myself.

He began to sing all through the night.

Thando: " Baby all through The night I'll make

love to you..”

Me: “ Like you want me to..”

Thando: Haha! That's right.

I took his phone and searched for Kev's tens.
He answered.

Kev: Molefi?

Me: Hey. It's Mamelolo.

Kev: Hey. Is everything alright? Is Dre sick again?

Me: Not really. Everything is fine. My husband tells me that you wanted Dre to go with you to Switzerland but I don't want my son leaving the country. Well, not now.

Kev: I totally get it.

Me: So Luu will bring him over and tomorrow night we will go fetch him.

Kev: And I want you to meet Ken. My son. Dre's big brother.

Me: VersaceVersace !

He chuckled.

Kev: Yes him.

Me: I don't mind coming with but we won't stay long. All blacks is playing.

I eyed Luthando who was looking at me too with a kinky expression.

Kev: I even forgot. I guess I will watch the game with my sons.

Me: Where are the twins and Naledi?

Luthando frowned. I guess I was taking too long with the call.

Kev: Naledi and the twins are in Polokwane with their mother. Skylar is in Cape Town wit Beyizile.

Me: Expect us than.

Kev: Bye Mims.

Me: Bye Thompson.

I ended the call and looked at my husband.

Me: Molefi?

Thando: Molefi two?

Me: Are tsamaye. (let's go)

Thando: Ok.

In the bedroom I grabbed Dre's bag and we used the Jeep Cherokee to ride to Kevin's house.

.

.

.

.

Pelontle

.

At my mother's house she was busy preparing our traditional dish and I was busy dressing Tyce. He is just 3 years old and he was the one born first. Tyson being the second and him and Tyce don't get along too often. It's really hard for me to cope without Kevin because his their

father and they are fond of me. Unfortunately, as Skylar has said, I'm too strict and trust me when I say I am only strict to her and Ken. They also love to fight and Ken is a very rude and violent boy. He knows how to use his words and kill a person's mood and still not care. Trust me, all these kids take from not only Kevin but their grandmother Lorain. I divorced Kevin and its stupid to say a man doesn't have time for you but Kevin doesn't have time for me. He flies around the world doing God knows what and at some point I got tempted and I slept with another man. It was not intentionally but it just happened and I still keep in contact with him. He has time for me. He spoils me with his attention and that is just what I need. I don't know if Kevin has cheated on me because there was no sign. He always bothered me and threatened me just because I wanted out. He always did everything in his power but that was because I was walking away. He realized my

worth than. The good thing about him is that he makes sure I do not find out about his affairs and I'd confront him but I had no proof that he is cheating.

Mom: You need my help with the boys?

Me: Can you hold Tyson? He is very hyperactive today.

She came and picked him up.

Tyson: Gimme !! I want that toy !!

Me: You are holding one though.

He looked at it and went back to crying.

Tyson: I want them both !!

Me: That's unfair though.

Tyson: You're unfair !!

Me: How?

Tyson: He's your favorite. I'm not your favorite. That's unfair Malaysia.

Me: I promise to buy you a similar toy tomorrow.

He got free from mom and went to take the toy from Tyce who remained composed.

Tyson: Buy him. Me?

He pointed at himself.

Tyson: Mine!

He pointed at the toy.

Mom: Tyson !

Me: Mom don't shout at him.

Mom: You must teach him discipline Pelontle. Look at poor Tyce.

She went and picked Tyce.

Mom: Take those toys from Tyson and go feed him. I don't care if you cries! Wa ba senya bana ba. (you're spoiling him)

She walked out the room and I sighed. Why did I have kids though? I can't even discipline them. I am a failure.

What Ingrid and I did the whole day was just eat ice cream and watch cartoons. Since there were no toys here what we did was just lounge around. She was very hyperactive. She was the last one to sleep and even though I was drained out from playing hide and go seek I stayed up until she slept. In the morning I woke up earlier than her and went to fill the tub with water. I slightly woke her. We bathed, I dressed her in the clothes Mimi chose out for her then headed to the lounge. The door opened. I wondered who that could be. I said to myself that its Blessing but when I heard a familiar voice that

definitely did not belong to Bless I panicked.

“ Ok. This is it. ” Heels began to click.

“ I want you to decorate it in a theme. Miles from tomorrow animation. I want it to be what Khaya want and this is his very first birthday so we should make it extra special people. ” The woman entered the lounge and stopped on her tracks when she saw me.

Noma: Who the hell are you? And what the hell are you doing in my son's house?

I was frozen on the same spot. She saw Ingrid.

Noma: Noluthando my baby what - wait a minute.

Ingrid: Grandma meet my mama. Mama, meet grandma.

Her lips trembled a bit from shock and no words could come out. She slowly went down and fell on the floor unconscious.

We got to Kevin's penthouse and Ken Kevin Jr was the one to open the door for us. God he looked like his father.

Ken: Dre's mom?

Me: Hey. Yes I'm Dre's mom.

He turned to Luthando.

Ken: Dre's other day.

Thando smiled.

Ken: Dad has told me stories about you.

Me: Good stories I believe.

Ken: Yep. He said you're an agent. He said its

never too late to be good.

Thando: Believe him.

Ken: So can I go to HQ once with you? I also want to be an agent and save the country.

Thando: If your father allows you then do call me.

Ken: Yess!

Kevin showed up from the lounge.

Kev: Are they here? Hey.

Us: Hey.

We said in unison.

Kev: And hey champ !

He took Dre from me.

Kev: He's looking good and fresh. I believe I won't make him skinny.

Me: I'd advise you to not allow that.

He kissed his son's cheek.

Kev: And ... Hey man. Thanks.

Thando: For?

Kev: Not fighting me. I have a whole lot to handle so having you fight me to not have custody of my son would just add more to what I already can't handle

Thando: Pelontle?

He sighed.

Kev: Let's not touch that point. I promise to bring him tomorrow evening when Ken leaves.

Me: Oh. Where are you going VersaceVersace?

Ken: Santiago in Chile.

Me: What are you going to do there?

Ken: I am going to tour there with my grandfather.

Kev: That's what the two have in common. Ken wants a whole lot though. He wants to become a tourist, a pilot and even an agent.

Thando: With HQ, everything is possible so that dream will come true lil guy.

Ken: I believe you will help me.

Kev: So you wouldn't love to run dad's company?

Ken: Hmm..

He thought.

Ken: Nah ! That's your thing dad.

Kev: And I respect your choices son.

Ken: Thanks Kevin Thompson the 2nd.

Kev: You're welcome Kevin Thompson the third.

It was nice watching this but Thando and I have a game to watch so we said our goodbye and he drove us to our home.

Thando: I forgot to tell you. Tomorrow is Khaya's 2nd birthday. We are going right?

Me: Noma told me.

Thando: So we're going?

Me: Yea meaning I will have to fetch Dre earlier than planned.

Thando: I'll call Kevin.

I smiled.

Me: Thank you.

Thando: For?

Me: Being an understanding husband. You were a really hard headed boyfriend so I didn't think that you'd be an easy husband to deal with but you changed and surprised me.

Thando: I almost lost you the last time we broke up Mimi and by then my attachment to Dre brought us back together because he was the reason we saw each other on a daily basis so that's point one thank you to him and point two, thank you for giving us a chance and to not give up on me when I had so much anger buried in my heart..

We had even parked on the side of the road.

Thando: And I believe that we should make our marriage official. I want our family and friends to be there to witness our matrimony.

We didn't have a white wedding but we signed. People were just against our marriage. Like, the sidechicks, the family members and some of his friends (unknown) told him that you can never possibly make a prostitute a wife and I thanked him to not listen to their stories because if he had then we wouldn't be here today.

Me: Really?

Thando: Yes. Any wedding that you want.

My enthusiasm was on another level above the limit.

Me: Hmm! What about Paris? I want it to be held there and plus you were traditionally married to Noluntu we could just have the white wedding.

Thando: Paris?

Me: Yes.

Thando: Whatever you wish for my love.

He leaned and we kissed. He started the car and for like 5 minutes he drove till we got to our house and the gate automatically opened. He parked the car next in the garage and we were than locked in our bubble.

She woke up as I had the cold cloth placed on her forehead. It took time for my existence to adjust in her head. She jumped up the coach.

Noma: You're dead ! ... Wait ... Am I dead?

Me: No. You're dead.

Noma: Then why am I seeing the dead?

Me: I am not dead Noma..

I stood up from the couch.

Me: I'm alive.

Noma: How even? The dead can't rise up again.
That is highly impossible !

Me: That's because I was never dead. My death
was faked.

Noma: Did you just say they faked your death?

I nodded.

Me: Luleka took me to the mountain. I was
there the whole time.

Noma: Mountain?

Me: Yes. She is a traditional healer. It took me a
year to regain my consciousness and another
year to gain back my memory. Trust me, it was
hard. Living every moment knowing that your

family is out there and they have no idea that you are alive.

She said nothing for some time. She was trying to comprehend all of this. Wanting to let the news sink in.

Noma: Mimi.

Me: What?

Noma: Does she know about you?

Me: Well ... No.

Noma: Does my son know about you?

Me: Yes.

Noma: Oh God. My daughter in law must be suffering. She has worked so hard to get Luthando to love her back. This I probably ruining her inside. I have to see her.

She stood up and grabbed her handbag.

Me: Noma !

She slammed the door and I threw my body on

the couch. I sighed.

It was about 9 to 10 in the morning and already people were ringing the doorbell. I did not get enough sleep because my husband and I were fucking so I need this sleep but no. I had to go get the door. I grabbed the door handle and opened. I found Noma. Her hair was a bit messy. I wondered what the deal could be because no matter how late Noma could be, her appearance is her priority.

Me: What happened to you?

She made her way and in and took out her silver

bottle that contained her strong 1989 whiskey and she drank it. Her breathing was abnormal.

Me: I think you should hold it down on the bottle
Noma.

Noma: If you knew what I saw you'd also want to have a drink.

Me: What did you see?

Noma: Has Luthando told you anything that's really weird? Like, has he spoke about his late wife?

Me: Its been a year since he even mentioned her. Why though?

Noma: Oh. Uhm, can I see Luthando?

I folded my arms.

Me: No.

She raised her eyebrow.

Me: Not until you tell me why you're so messed up.

Noma: Mamelolo can I just speak to Luthando?
Its very urgent.

Me: You will ... Right after telling me whats
cooking. Now out with it.

Noma: There is nothing wrong and I think its
best I speak to my son before speaking to you.

Me: Just know we will stand here till he wakes
up and trust me when I say Luthando is a heavy
sleeper. He won't be up anytime soon.

She sighed.

Noma: I will return than.

Me: Noma-

She walked passed me and stepped out the
door leaving me in the dark.

My wife wasn't by my side when I woke up so firstly I went and brushed my teeth then went on a quest to find her. When I did, she was in the kitchen drinking her papaya juice. Since she was facing the front I walked closer and snaked my arms around her waist and buried my face on her neck.

Me: Morning Mrs Molefi.

She giggled as I left wet kisses on her neck.

Mimi: Morning. You look happy

Me: Believe me when I say I am more than just happy

She turned around before wrapping her arms around my neck then pecked my lips.

Mimi: What would you love for breakfast?

Me: Would you feed me if I said you?

Mimi: My nunu is in pain because of you.

Me: Thass cause my dick game a hunnid.

She pulled back.

Mimi: As if

She rolled her eyes before sticking her tongue at me.

Mimi: But on a serious note Luthando. What would you like for breakfast? 9

Me: Just let Johan know that I want Grilled chicken with raw veg salsa.

Mim: Ayt !

She entered the Chef's kitchen and came back.

Mimi: Before I forget. Your mom was looking for you this morning.

Me: Did she say why?

Mimi: I don't know but she was being secretive with me and that's the first time.

Me: Don't worry. I will call her and after she has told me what she wanted to tell me and I will let you know.

Mimi: Its ok. Call her though.

Me: Let's firstly go take a shower then you can give me a lap dance.

She pulled me upstairs and I followed like a love sick puppy.

Later Blessing walked through the door with Nkosi who looked rather pissed.

Bless: Hey hun.

She hugged me.

Me: Hey and hey Nkosi.

Nkosi: Aren't you dead?

Me: I am not and I am sorry to disappear just like that and it's not like I had a choice.

Nkosi: And how did Luthando react to all of this?

Me: Very bad. He was clearly hurt.

Nkosi: Damn right he should be. You just can't rise up like that unexpectedly Noluntu!

Me: Nkosi dont shout at me.

Bless: Baby Noluntu isn't at the right state right now.

Nkosi: Ditsholofetso please keep quiet.

Bless: I won't !

He clicked his tongue.

Nkosi: Masambe Noluthando

Ingrid: Phi u'Khaya? (where's Khaya?)

Nkosi: He's in the car. Let's go.

Bless: Come back and fetch me please.

He walked out the door with Ingrid who waved goodbye till she was out the door.

Me: Why didn't Luthando come fetch Ingrid and take her to crèche?

Bless: Unfortunately he is busy though he promised to go fetch her.

I nodded.

Bless: Did you want to see him?

Me: Yes. Speak to him about things regarding Ingrid.

Bless: Please don't take this in the wrong way but..

She made a pause in between.

Bless: You have to speak to Mamelo before speaking to Luthando. She is legally Ingrid's

mother. There were papers that she signed.

Me: What ?!

Bless: Relax okay? She's not a threat.

Me: No but ... Why would Luthando do that?

Bless: Noluntu he thought you are dead.

Me: Uhm ... Right. I forgot about that. So Mimi will be deciding whether Ingrid comes to stay with me or we should go to court?

Bless: Court is the only way so that Ingrid becomes legally yours again.

Me: Ok but Luthando. He is very hard headed and I believe that this won't be as easy as said.

Bless: And he is very powerful. The state is on his side since he is a south African agent now.

Me: He is an agent?

She nodded. That was very surprising.

Bless: So ...prepare for the fight Noluntu because there will definitely be one.

My mother and I met at a restaurant that she requested and before we spoke about anything that is serious and that would keep us off track we ordered our food and drinks.

Me: So? Mind telling me what you wanted to talk about so urgently?

She took a deep breath.

Noma: Noluntu is back.

A sigh escaped my lips.

Me: I know. I saw her the other day with

Ditsholofetso at my house.

Noma: I guess she made you that angry for you to call her by her name and why now? Where has she been all these years?

Me: I don't know ... I don't want to either.

She placed her elbow on the table and rested her chin on her arm.

Noma: That's a surprise. You were madly in love with her.

Me: Not like I am madly in love with Mamelolo.

Noma: So you won't leave her because your wife is back?

Me: I don't have a reason to leave Mamelolo because she is my wife and I love her.

Noma: So you will divorce her?

Me: Yes.

Noma: Did you think this true? And why haven't you said anything to Mimi?

Me: Yes I did and I am planning on telling her tonight or even when I get her at home.

Noma: Make her understand that you don't want Noluntu anymore and set some ground rules with that Noluntu because you may be her baby daddy and she must know her lane or I will be gladly to make things evident to her.

Me: There's no need. I will speak to Mimi and call out a meeting with the family.

Noma: Which family ?!

Me: Our family.

Noma: Wanya !

Me: It's a must that I tell them since I traditionally married Noluntu. We must make things right so that the way both of us are free from all the drama and misfortunes mom.

She sighed.

Noma: I will call out the meeting.

Me: And I better head back home and see if the wife is back. We're going to have a white wedding by the way.

Noma: Really? Where?

Me: Guess.

Noma: Hmm? Chile?

I chuckled.

Me: That's your mom. Mimi wants it in Paris.

Noma: She takes after me of course.

Me: Oh please mother.

We both stood up and I gave her a hug.

Noma: I am going to support you Luthando. No matter what.

Me: Thank you.

We pulled back from the hug and I made my way out of the restaurant.

I hadn't started the car when I received a belly

pic from Mamelo. I laughed because clearly she was trying to tease me. I sent her a message: there's nothing there.

She replied with “ How sure are you ?”

“ Just wait There will be something that'll grow in there soon. ”

I started the car and drove to the house.

I have been trying to get a hold of Blessing in regards of Ingrid but her phone remained unanswered. Luthando entered as I was making my way out of the lounge.

Thando: Wife.

Me: Hey husband.

He walked closer to me.

Me: Ive been trying to get a hold of Bless but her phone remained unanswered. I just want to know how Ingrid is.

Thando: I spoke to Nkosi. He took them to crèche and when they return we will be at the house for the party to start.

Me: About that. Shit ! Dre is with Kevin.

Thando: I will go fetch him.

Me: I'll come with you. We should go get ready.

Thando: Ok.

We walked upstairs and since the theme was baby blue I dressed in my baby blue romper with an back open V that almost reached my butt and on my feet I had on Ego official high heels. I had on curls so I just sprayed them to make them shine then grabbed my white and bag sling bag. The husband was dressed in his

white two piece tracksuit with blue Nike kicks and a gold skeleton watch. He took one of his expensive J•C Le Roux champagne.

Me: And the bottle?

Thando: I'm gonna wash my watch with it.

I laughed.

Me: There's no man dramatic then you.

Thando: I'll take you off my bio bruh.

I pouted my lips and he pecked them. We made our way to the silver Lamborghini and I took the driver's seat.

I was with Bless at their home with Nkosi and we were waiting for Khaya to arrive so we could start his party. Noma was here and some of their friends I did not know were also here. The only people I knew were Funi and Karabo and we were sitting by the bar. I just drank water while they had different beverages.

Karabo: Its just ... So weird. Like, its scary

Funi: Hence I am keeping my distance. Maybe she might just disappear because all this seems like a haux.

Me: Its not guys. Its really me and I am not a ghost Funi.

Funi: We don't know that.

I sighed.

Me: I should have stayed home because I can't keep up with the weird stares.

Funi: They are just surprised love so give them time.

Me: I guess.

Luthando wasn't here and already the party started immediately when Khaya walked in with his party. He was so scared that he even cried because he did not expect people to scream that loud. His father picked him up and I went to pick Ingrid up.

There was a black BMW driving behind us and with every turn we took it still followed us.

Thando: We are being followed.

I changed the gear and stepped on the

accelerator.

Thando: Don't drive too fast Mimi.

I reached 250 and I wanted to just take them off guard and take another route that they will not expect.

Thando: Make a right.

I turned to the left and that seemed to piss him.

Thando: I said-

Me: I'm the driver here so please babe.

He kept quiet and I continued my driving. I stepped on it till it reached 340 and I made a powerslide. I decreased the pace, overtook the truck and slowed it down again. I was on the other side of the truck now and I slowed down the pace some more and once the black BMW was in front of the truck I took another route which was leading back to where we started and they could not make a turn. I made a stop on the N1 road. That's when Luthando and I

swapped sides.

We arrived at HQ and my husband held my hand as we made our way in.

Me: So who do you think was following us?

Thando: I'm about to find out.

We entered the computer room and there were members of HQ busy doing their job. Thando made his way to this other nerd dude wearing glasses and junk food besides him. That's just typically an IT guy.

Thando: Nails, I need you to hack into the N1 room surveillance system and take a shot of

the the black BMW 2 series. It was following my wife and I.

Nails: On it.

He began to click the buttons of the computer and Luthando took a stare at me.

Thando: Relax.

Me: I am relaxed.

Thando: Your sweating. I won't let anything happen to you Mimi. Never.

I nodded.

Nails: This one..

We both looked at the very same car that was on the screen.

Me: That's it.

Nails: Let me track them down using the number plate.

He began to click around again. He stood up holding an iPad and made his way to the big

screen and we followed.

Nails: This guy was the driver and I know him as one of Hugo Manhattan's men.

Me: Hugo?

Nails: Yep ! A kingpin.

I looked at Thando clearly fear evident in my face. He pulled me closer to his body.

Thando: I want you to track down Hugo.

Nails: I'll need approximately a day Thando. You know those types of people are hard to track down because they have men hiding their identity or even their location.

Thando: I understand but tonight I wanna put a bullet through his head so make it quick.

Nails: Right, boss.

He walked away and I moved back a bit from Thando

Me: He is back for me. He is really going to kill

me this time.

Thando: Mimi I won't let Hugo hurt you because then he will surely be pressing the worst button which is my anger and I'd be stupid to let anything happen to you.

Me: i am so scared Luthando that its not even funny.

He pulled me into a hug and remained in that position until Cynthia came and told us that the safe house was ready.

Me: I want my son first.

Thando: He is with Kevin so he is safe.

Me: How do you know that Luthando ?!

I didn't mean to shout at him but everything that involves Dre scares me because I am scared to lose my son.

Thando: Its Kevin Thompson Mimi so relax.

Me: No but still. He is not safe if he is not with

me.

Thando: I promise to bring him. Just come so I could take you to the safe house.

I nodded and we used the underground path that led us to the safe house.

I was with my boys when a call from Luthando came through.

Me: Molefi?

Luu: Code 2.

Me: Fill me in.

Luu: Hugo is back.

I huffed.

Me: Didn't you get rid of him?

Luu: He got to escape.

Me: Let me guess, he is coming for Mamelolo?

Luu: Yep!

Me: Don't worry though. Dre is with me and I will keep him safe and the Mafia will be in parole.

Luu: Mimi wants him and she never listens when it comes to her son.

Me: Let me firstly go drop Ken then head to HQ but I must not be seen.

Luu: Don't worry. I'm the boss and they aren't focusing on you as yet.

I chuckled.

Me: You better make sure PA stays the hell away from me man.

Luu: I will.

He ended the call and I got my sons ready before going to enter my classic Audi which is bullet proof. I used the private route to get to the OR tamboo airport.

There was still no sign of Luthando and the time was already 9pm and that's when the party ended. Ingrid and Khaya were fast asleep and only I, Bless, Nkosi, Chance, Funi, Mandy and Kusanda were outside surrounding the fire plans sitting in our camp chairs. It was to 10 when Luthando walked in alone. I could not describe the feeling I had when I saw him and the worst one that I could not describe when he completely ignored me.

Nkosi: You're late.

Luu: I have my reasons. Where's my daughter?

Bless: She's sleeping.

He ignored Blessing.

Luu: I'm taking her.

Nkosi: Why?

Luu: I can't discuss that here. We should speak in private.

Chance: Man at least stay a while longer.

Luu: My wife needs me.

And he had to say that. Bless and Funi looked at me and I remained quiet. Clearly Luthando was mad so speaking to him now will just pour fuel in blazing fire.

At the safe house i heard the pin being punched in from the outside of the door. The girl that was introduced as Kopano walked in. She was dressed in the PA uniform

Her: Hi.

Me: Hi.

She stared at me as if she was trying to reminisce where she has probably seen me.

Her: Mrs Molefi. I was told to come tell you that your son is here. Just security check ins have to be done.

My heart smiled when I heard that my son was safe.

Me: Thank you.

Her: You're welcome.

Me: Hugo is back

I said to Nkosi and we were in his study.

Nkosi: Shit!

Me: I had Mimi be placed at the safe house for some time until I figure out where the hell he is.

Nkosi: And Dre?

Me: On my way here I received a call from Cynthia telling me that Kevin dropped him off.

Nkosi: Did you have someone get into it?

Me: Gontle the IT guy.

Nkosi: Just know that I will have Joaquin to get into it too. He returned from Cape Town.

Me: There's no need for that because already PA is handling it.

Nkosi: How good are these people?

Me: Very good. Old time gangsters who were taken from the biggest prison in South Africa. That's where the top notch come from. They mostly took well skilled gangsters.

Nkosi: Then you have a mean ass team behind you.

Me: All I want is for my wife to be protected man and I will do everything in my power to protect Mimi.

Nkosi: I'm behind you man and about Noluntu-
I stood up.

Nkosi: Luthando-

Me: Yeah?

Nkosi: Stop ignoring the fact that there are some feelings towards her.

I mocked him by laughing because I no longer have feelings towards Noluntu nor even see any women in a different way because Mimi has changed me to become better and know the worth of having one woman.

Me: You're kidding me, right ?

Nkosi: You're over her ?

Me: The moment she faked her death.

I took my phone and car keys from his table.

Me: I'll see you.

Nkosi: Cool man.

I made my way to Ingrid's room and I found Noluntu there. I believe she came here in purpose because clearly she knew I wanted to

take Ingrid. I grabbed my daughter's bag which was on the couch and waited for Noluntu to finish whatever shit she was doing to my daughter.

Me: Will you speed up? I am in a hurry.

She stood up straight.

Her: For how long will you ignore me?

Me: How special are you to be ignored?

She chuckled.

Her: You're still arrogant I see.

I huffed.

Me: I just want my daughter Noluntu so please step aside and let me take her.

She moved and before picking Ingrid up I grabbed a pen and paper and wrote down Mimi's number.

Me: If you want to see Ingrid then you call my wife. You should not be in contact with me and

if you can't reach Mimi you call my mom or send Bless to ask her for you. We have nothing to discuss other than the divorce. I am going to traditionally divorce you. Just so you know.

I walked out with my sleeping daughter in my arms and went to place her in the backseat. I placed a warm blanket over her before climbing the car and drove to HQ.

.

.

After he walked out I broke down in tears. I know I said I do not want a relationship with Luthando but I really love that man and clearly I could see that he is in love with his new wife Mamelolo but I can't possibly forget about

Luthando overnight. Its going to take time for me to mislay what we once had and just persuade with life like i did not fall madly in love with someone who I separated from. It's going to take time and many sleepless nights.

Bless stepped in the room and witnessed me as I cried.

Bless: Luntu, what's wrong?

She sat besides me.

Bless: Talk to me love.

Me: He ... He is going to divorce me Blessing and I love him so much but clearly his love towards me faded away and its like he never loved me before.

Bless: Noluntu just forget about Luthando. Move on with life. Concentrate on your daughter and build a career for yourself. Luthando has moved on with his life. He married someone he loves very much. Don't be their downfall. Please.

You will live with regret if you try and make Luthando yours again because your book together has been closed. Him and Mimi opened a new one together. Please.

I wiped my tears with the tissue.

Bless: Okay?

I said nothing to her. Its like Blessing doesn't understand

.

Mimi

.

I was rocking Dre back and forth when Luthando stepped inside with Ingrid. She was crying.

Me: Do you need my help?

Thando: No lovs. I can handle.

He sat down and he began to reason with her daughter. Bribing him with certain things like buying her a new doll house, taking her to have ice cream. Her favorite things. She ended up sleeping and Luthando came to sit next to me. Firstly he kissed my cheek before taking Dre from me and laid him with his stomach on his chest.

Thando: Are you okay?

Me: I am still shaken but I will live

Thando: I promise to have this dealt with. I will personally eliminate Hugo so that the job can be done and leave no mistake.

Me: I really don't care what you do to him. I just want my son to be safe.

Thando: Our son and I will. Just don't be stressed on because then I will be on a mission thinking about you and do something that I will

regret.

I sighed.

Me: I have full faith in you.

He placed Dre ontop of the bed and he firstly picked me up, sat down again and placed me on his lap.

Thando: Tomorrow you will be out of this place and we will fly to London and your dream boutique will be opened then I will marry you.

Me: Tomorrow? Don't you think its too early?

Thando: 3 days ago you were singing a different song.

Me: I know but now I see that its too early for us to leave.

Thando: Why?

Me: I dont know but I think that we have unfinished business here in South Africa. Don't you think?

Thando: But Mimi I wanna marry you.

He nagged.

Me: I want to marry you too but you firstly should fix your baggage.

Thando: What baggage?

Me: I don't know but baby you have a multi millionaire company to run.

Thando: Mom can perfectly run the business

Me: How do you know?

Thando: Because she's the one running it now. I am too committed to my PA work and I love this job.

Me: But still ... I feel like there is more you should deal with before leaving with me but I don't seem to know what it is.

He sighed.

Thando: Baby?

Me: Yes?

Thando: Don't freak out okay? And please just understand that I have my reasons for not telling you.

Me: You're scaring me.

Thando: Promise me you won't leave?

Me: Why would I leave Luthando?

Thando: Please just don't leave.

Me: I won't leave you no matter what the problem may be.

Thando: Ok. Here we go..

The door opened and Cynthia walked in.

Cynthia: I'm sorry to disturb but we found Hugo Luthando.

He looked at me.

Thando: We'll talk when I come back

Me: I love you.

He leaned and kissed me. A long kiss then he

made his way out after saying his I love you to me. I stayed and wondered what the problem could be.

I stepped inside the black Lexus and I followed the lead I was being given back at the HQ and I had two best agents driving behind me. When I got to the underground club I was led to Hugo's private lounge. He had girls surrounding him. Giving him lap dances with a cuba cigar in his mouth a whiskey glass in his hand. He saw me and immediately his facial expression went bitter.

Me: Hugo.

Hugo: Molefi.

I sat down without his approval. I did not take any drinks coming from the waitresses.

Hugo: What brings you?

Me: This other bitch wants my wife dead.

Hugo: What makes you think that bitch is here?

Me: Cause I'm looking at him.

Hugo: You're brave. You know that?

Me: I know and thanks for the complement Felicia.

He let out a chuckle that was meant to make me mad but I remained calm.

Hugo: Wouldn't you like a drink?

Me: I can afford my own at a much better club.

Hugo: You are really an ass Molefi.

Me: Let's cut the chase though. Stay away from Mimi and you will live but scare my wife again I

will kill you.

Hugo: Just that?

Me: Just that.

Hugo: That's going to be a problem because Mimi is one of my best girls. She brought in money for me so it's going to be a bit of a challenge and a whole lot of fights for me to let her go.

His waitress refilled his glass. She winked at me and I smiled. She walked away and I watched as Hugo took a gulp of his drink and demanded another refill.

Me: You leave me no choice then.

Hugo: Hmm?

I looked at the wrist watch.

Me: You just drank a glass of whiskey that's mixed with the silent killer that happens to be made by one of your scientists in Cuba. It takes about 45 seconds to digest in your intestines.

You will feel as the sides of your stomach become itchy..

He began to scratch the sides of his stomach. The silent killer was working.

Me: 5 seconds to feel as heat takes over your body and your throat is going to block.

His hands roamed to his throat and his eyes rolled back.

Me: The silent killer made by you has just silently killed you.

His body landed on the ground with his hands still holding onto his throat. I stood up and made my way and outside the underground club I met with Kopano dressed in the waitress uniform.

Me: Good job.

Her: Thanks boss.

I climbed into my car and allowed the other agents to do their job. All I wanted at this moment was to hold on tightly to Mimi. I have become very fond of holding her because that makes my heart beat very fast and that is the best feeling I always feel when I am around her.

It was in the middle of the night when I felt Luthando get under the covers. Dre was in front of me and I was cuddling with him and he was in deep sleep. He kissed my back and I felt as his breath hit my bare skin.

Thando: Mamelolo?

Me: Luthando?

Thando: I love you and please don't ever forget that.

Me: I won't.

I held his hand which was on my belly and we slept like that.

In the morning Mimi's phone was ringing and she could not hear it so I answered it on her behalf.

Me: Hello?

“ Uhm ... Hey. Its Noluntu. ” my heart began to beat in a very abnormal pace.

Me: Uhh ...

I checked Mamelolo and she was still sleeping.

Me: What do you want?

Nolu: I want to see my daughter.

Me: Oh. Uhm ... I'll bring her.

Nolu: Didn't you say I should speak to Mamelolo if I wanted to see my child?

Me: She's sleeping and I didn't know if this number belongs to you.

Nolu: I see.

Me: I'll bring Ingrid.

Nolu: Thank you.

I ended the call and sighed in relief. I seriously need to talk to Mimi about this. I shook her a bit but she did not wake up. I grabbed my phone in attempt to call mom but I came across a message from HQ telling me I was needed urgently back at the underground club.

Me: Babe?

Instead of getting a response from Mimi Dre was the one to wake up. I huffed.

Me: Hey son.

I picked him up and placed him on my bare chest.

Me: Tell mommy to wake up.

When Mimi woke up, I had showered and Dre was also all fresh.

Me: Babe i need to leave.

Mimi: Work?

Me: Yeah. I will come fetch you guys so I should find you ready.

I grabbed the keys to the Lexus.

Mimi: At what time?

Me: Around about 10? I'll call you.

Mimi: Ok.

Me: If I don't come in time I will send a car to

come fetch the 3 of you.

Mimi: I will be waiting than.

I kissed her before walking out the safehouse and made my way to the basement and climbed in the car.

There was a doorbell at the door so I went to check who it was. I found Luthando behind it holding Ingrid in his arms.

Me: Hey.

Thando: Hey

I moved out the way and he entered. I closed

the door after.

Me: Thank you for bringing her. I couldn't stop thinking about her.

Thando: Right.

He placed her in the lounge on the couch.

Thando: My mother will come fetch. I called her so don't give her a hard time.

Me: I will not

Thando: Thank you.

He attempted to leave but I held his hand.

Me: I know that you're angry at me but I didn't have a choice. Nor even know that I will survive so please stop with your hate towards me and Blessing. She was just trying to keep me alive.

Thando: I don't hate you Noluntu. I am just angry that I was taken for shit and I wasn't told that you are alive.

Me: If they had told you. Were you still going to

move on?

Thando: I don't know.

Me: You must know though.

Thando: But I don't.

Her eyes ran down to our hands. He pulled his back.

Thando: I don't hate you but please understand that what we had died. I love Mamelo and God dammit she is just the best. I know I hurt you and I owe you a lot but I also placed her through hell hence I changed for her. She was by my side when you was dead. We used to go to the cemetery together to visit you but it happens that all the conversations we had there were for nothing but fact still remains that she is the best woman I have changed for. I hurt Kamva and I wish to take back all the abuse and shower her with love. I hurt you and I hurt Mimi and I am giving back to her but I can't give back to you. Yes I wish for you to forgive me but I

can't get back with you. I have someone now and I love her.

I nodded.

Thando: Dont cry Noluntu.

Me: Its okay Luthando. You can leave.

Thando: I'm sorry.

I moved back. For some time he stood there and said nothing. She walked out the house and I rested my back on the wall and cried.

Unfortunately Luthando could not make it so we were fetched by one of the guards and taken to our house where Blessing and Nkosi were with Khaya. I hugged both of them and placed Dre

down to play with Khaya while we went and sat in the kitchen.

Nkosi: This PA jobs is taking most of his time.

Me: Why aren't you a PA again?

Nkosi: Its not my thing

Me: But it seems like an amazing job. Except for the time stealing it is good and very clean.

Nkosi: I know but its not my type of thing.

It was only Nkosi and I who were talking while Bless was locked in her own world. She snapped out of her thoughts when Nkosi called out her name.

Nkosi: Is everything alright love?

Bless: I dont feel good.

Me: What seems to be a problem?

Bless: I feel as if something bad is going to happen.

Me: Like what?

Bless: That is what I am trying to figure out. Last night I had one weird dream. We were mourning a tragic death.

Me: What death?

She stood up.

Bless: Nkosi we should get going.

Nkosi: We can't leave Mimi alone though.

Bless: Mimi you're fine alone right?

She was acting some sort of way and that alone frightens me.

Me: Yes. You guys can leave.

Nkosi: I will hit up Luthando and tell him to come home. You need him more then he needs that money.

Me: Thank you.

I hugged them goodbye then looked at my son who was lying on his stomach. I picked him up and before taking him upstairs to his nursery I

firstly fed him.

When you clock hit 8pm i got really worried because its been hours without getting a single word from Luthando.

Me: Vumani bo !

My hut was filled with smoke with sitlari sa badimo (medicine). I had on my traditional cloth wrapped around my waist with a black vest and my dreadlocks were neatly tied in a bun. I had white paint neatly drawn on my face and I was sitting on my knees clapping my hands listening to the chanting of the ancestors.

Me: Mosadi ! Ke bona mosadi. Walela ! Badimo mo tuseng kagore nna gake kgona ! (i see a wife. A wife that is crying. My ancestors help her because I can't !)

I let out a loud scream.

Me: Keledi tsa ga ge. Diwela molilong waka ! (her tears fall on my blazing fire !)

Me: Molilo ona fa o tla tima modimo. Mosadi yo wa go swa sama le monna yo ! (if this fire goes off this woman will die with her husband.)

I watched as the fire slowly go off. I heard a cry of a baby and that was the end.

It was in the middle of the night when I had a very disturbing dream about Luthando and when I felt that it was enough I woke up shouting his name.

Me: Luthando !!

That startled Dre who immediately woke up and cried.

Me: Baba i am so sorry.

I took him and rocked him back and forth. My eyes that were roaming around our dark bedroom landed on the corner and I could clearly see as someone was standing right at the corner. The eyes of the person looked right into mine.

“Fear not!” i heard a voice right on my ear say those two words. I stood on the ground from the bed still holding Dre and went to switch the

light on.

“Begone!” the very same confident and fierce voice said. I sighed in relief because all I thought about is that i am hallucinating. There's no such thing as hearing random voices in the middle of the night.

Dre was still up so I sat on the bed with him lying next to me until he slept and I slept too.

In the morning Luthando was not back and the worst part that capitalized to my fear was that his phone was off.

I stepped back inside my hut after eating in the main house and surprisingly the fire was on.

Me: What's this? She should be dead by now.

I said to myself as I walked closer. I do not use bones to see certain things so I switched on the herb and waited till I was shown what all this meant.

Me: He did not die and the guardian angel. I see him.

Me: Who is this woman? Where was she born? Who gave birth to her? Show me!

I could see a woman sitting on a couch with a bible on. I saw the resemblance between mother and daughter.

Me: She doesn't know that she has a child. A daughter who could have saved her from all the misery.

I saw Luthando. He was not dead. He was alive.

A call from Ndondo came through as I was feeding Dre.

Me: Ndondo?

Her: Hi Mamelolo.

Me: Uyang? (how are you?)

Her: Not so good Mimi. I received a very disturbing call from my younger sister Naledi.

Me: You have a sister?

I was surprised because I only know Ndondo's older sister who happens to be my mother. I thought it was only the two of them.

Ndondo: That's the reason I called Mimi. I have to tell you something that I have kept away from you for years.

Me: Which is?

Ndondo: Come to Mafikeng because I cannot possibly tell you all I'm about to over the phone.

Me: i am coming with my husband.

Ndondo: That's fine.

Me: Ok. See you Ndondo.

Ndondo: Bye love.

I ended the call and once again I tried calling my husband hoping that his phone would be on but it was still off. I called Bless. What she said yesterday was clicking to my head.

Bless: Mimi?

Me: I think something happened to my husband because he has not returned and-

Bless: Mimi. Breath.

Me: But-

Bless: Just breath.

Me: Ok.

I breathed in and out.

Bless: Are you sitting down?

Me: Blessing what's going on?

A tear dropped.

Bless: Are you sitting down?

Me: Yes I am.

Bless: Ok. Earlier this morning Nkosi received a call from one of the PA members and they told us that Luthando was involved in a car accident.

Me: Noooooo !!

Bless: Mimi-

I ended the call and cried. I was so traumatized. I had this feeling that something was going on and my dream had a meaning and only if I had knew that it would actually come true.

Me: Why him? Why couldn't you take all the men out there that kill people on a daily basis? Why my husband God? Have I done you wrong to an

extend that you take my husband from me? I love Luthando and he has changed to a better man. Why now? Why him ?!!

A call from Noma came through. I answered immediately.

Me: Noma?

Noma: (crying) Mimi tell me that its not true. Please.

Me: I just received a call from Ditsholofetso. Its true.

She cried.

Me: I am going to the hospital too but my son..

Noma: Ingrid's nanny is here so you can drop him off then we will both go to the hospital using the same car.

Me: Ok. I am on my way.

We said our goodbyes and I grabbed Dre and my car keys..

I sighed.

Me: I should go and check on Mamelolo.

Funi: Go. I will stay with Noluntu.

We were in the waiting room of the hospital and Noluntu was crying. We had brought her with because she insisted on coming with us.

Me: Noluntu?

She looked up.

Me: He is going to be okay? Just have faith in God

She nodded.

Just when we were about to exit the waiting room Noma stepped inside with Mamelolo.

Noma greeted the people that were in the waiting room while I remained quiet.

Noma: Any news from the doctor?

Nkosi: Nope. We have been waiting since.

Noma: I just pray that my son is ok. I don't care about the other things.

Some lady was looking at me though she did look familiar but with the state that I was in I

could not even try and reminisces where I have seen her.

Bless: Are you okay Mimi?

I nodded. She came closer to me and gave me a hug and that just worsened my mood because I began to cry.

Some time later the doctor came to speak to us.

Dr: Luthando is in a very critical state. The accident did damages to his head but the operation went well. We believe he will be out of coma in three days time.

Me: Three days?

Dr: Yes Mrs Molefe. Three days but you can go see your husband. I am granting you this chance because you deserve to see him.

Me: Thank you but I am taking my mother in law with me. I need her by my side.

Dr: I respect your wish.

The doctor walked out first and Noma and I followed after. I couldn't stay long in the ward because seeing Luthando in such a state, surrounded by all the machines, was like a bullet through my heart. My tears voluntarily streamed down my face and Noma held me. In my heart I said a prayer. If he is here because of all the choices I made when I was 16 I asked God bless forgive me. I regret trying to kill Masedi, my mother, by placing that poison in her food. I asked him to forgive me for becoming a prostitute. I prayed in my heart and when I felt the need to stop I did and walked out the ward.

Me: Who is that other woman? The one standing next next to Funeka?

She sighed.

Noma: That is Noluntu. Luthando's wife. The one that was declared dead.

My ears were deaf when I heard that someone

who was dead just rose from the dead and came back to earth.

Me: She's a ghost ?!

Noma: No. She did not die. Her death was faked.

Me: How? Noma you're playing games with me maarn.

Noma: I am being honest. I even fainted when I saw her with my two eyes.

Me: Noma there's no such thing marn.

I made my way to the waiting room and indeed it was her. She looked into my eyes that were looking back at hers.

Me: You're alive.

She stood up.

Me: But ... But ... But how? I mean, can a person even rise from the dead?

Her: I wasn't dead. I was unconscious for 2 years.

Me: 2 years?

She nodded.

Me: Does Luthando know?

Her: Yes. He saw me.

I nodded with my hand on my chest. I was still surprised.

Me: But ... Oh God this is all so confusing.

Bless: (to Funeka) bring some water.

Me: You were dead ... How can .. Why didn't you ...

The room was shaking and I got nauseated immediately. It was like the ground was moving around me though it was all in my head.

“ She's going to faint ! ” my body slowly went down but I did not collide with the ground but I collapsed on somebody's hands. My eyes closed as I heard someone scream “ Doctor! ”

Nkosi caught Mamelolo right on time and the doctor and nurses rushed to her. She was placed on the bed and taken to the emergency room.

Noma: This can't be happening. First my son, now Mimi?

She sat down and cried. Nkosi comforted. Luleka walked in and when she stepped inside dressed in her traditional attire I knew something was wrong.

Luleka: (chanting)

We watched as she walked around with her feather that had smoke rising from it.

Me: What's going on?

Bless: Molimo wa badimo (herb) its meant to cast out demons and fix where fixing is meant to be done.

Luleka: Bo Nyosi, Bo Moeketsi, Bo Mokoena..

She placed the feather down. She didn't stay long because after asking about Luthando she walked out again and I was curious to know what she wanted to say.

Dr: I just sedated Mrs Molefe and tomorrow I will have her results.

Noma: And my son? Luthando?

Dr: He is still the same. Have faith Miss Molefe. Please.

Noma: I will Doctor.

Dr: Goodbye.

We made our way our way out and everyone saw it best to sleep at Noma's house just so we could be with her. She doesn't deserve to be battling this alone and I was surprised that she

has exchanged a few words with me because this woman hates me with every fiber in her body and she doesn't even hide it.

Mamelo's son didn't cry when I offered to help Bless place him to sleep and I was surprised when Bless told me that Ingrid barely loves Mamelo. I believe she took from her father's because no matter what. I would never hate a person from no reason because Mamelo does not seem like a bad person.

The next morning I bathed Ingrid and Dre in the same bathtub and when Bless told me Kevin wanted him I personally took him.

Kev: I thought they were lying that we have a dead person roaming around the streets.

Me: Mxm !

He chuckled.

Kev: My champ!

He took Dre.

Kev: I will bring him back when Mimi is back from the hospital.

Me: Are you asking or telling me?

Kev: I am telling you.

Me: Ok.

He left and once everyone was ready we made our way to the hospital.

After being checked by the nurse I laid on my back and waited for Dr Thobang

Karabo: Mrs Molefe.

Me: Hey doctor. Do you have anything for me?

Karabo: I have the best news for you and I

believe this is God's luck and gift.

Me: Which is?

Karabo: You are 6 weeks pregnant.
Congratulations.

Me: Really?

Karabo: Yes.

Me: Oh God.

I covered my mouth as I had a mixture of tears and laughter.

Karabo: And believe me when I say Luthando is going to wake up. I prayed that he wakes up.

Me: Thank you so much Mr Thobang. Thank you Jesus.

Ever since I learned about pregnancy I have been very happy and smiling the whole time. The nurses even asked me why I was so content and when I broke out the news to them, they congratulated me. The first person to give me a visit was Noma. She walked in holding a few gifts and two pink balloons and handed them to me and the smile she had on her face proved to me that me waking up was the best thing to her.

Me: So I have something for you.

She sat down.

Me: Mh! I am pregnant !

Noma: You lie?

Me: I am not Noma. I am 6 weeks pregnant.

Noma: Oohh my baby!

She stood up and hugged me. A tight hug.

Noma: Luthando is going to be so happy Mamelolo. I hope its a boy because he wants an heir of his own.

Me: He is definitely going to be happy. Plus he has been nagging me about wanting us to have a baby.

Noma: I just hope he wakes up soon hle Mimi? She could not hide how hurt she was about this incident with Luthando being in a coma.

Noma: I..

She stopped and I could not just watch as she was about to cry. I held her close to me.

Me: I know this will sound unlike Mamelolo but can we pray?

She smiled.

Noma: Yes.

We locked hands and I took lead.

Me: Heavenly Father. You have our cries and our pleas. You have seen our suffering and happiness. We wish for more laughter than painful tears coming from our eyes. We want the happiness to outweigh the sadness and Luthando Molefi, my husband, is our happiness. He has done bad deeds but you have said everyone deserves second chances. If I could give him endless chances you can also do it. Please protect my husband, baba ka Noluthando and uDada ka Dre. In your name we pray. Amen.

Noma: Amen.

We both wiped our tears and sat down and spoke about the happiness my son or daughter will bring into this world. Once again I am going to give birth to the best thing that will happen in my life.

I was surprised as I was in the ward having a talk with Mandy, Nkosi, Chance and Noma and saw my ex best friend Stacey walk through the door holding a gift box. All eyes followed my trail and saw her.

Sas: Hello.

We greeted her back.

Noma: Can we help you child?

Me: She's my friend Noma. Hey Sas.

Sas: I hope I am not disturbing.

Me: Not really. Guys Sas was Luthando's old assistant and she is also a good friend of mine.

Noma: Its the first time I have heard of her.

Me: Right. Where have you been though? Its been quite some time since I have seen you.

Sas: I've been around and when I heard that Luthando has been admitted here I knew this is where I'd find you. I didn't think you were also in

hospital.

Me: Its a long story.

Sas: That you will tell me some other day. I had lunch and its also over and I thought why not come see you.

She took out a card and handed it to me.

Sas: Call me.

Me: Bye Stacey.

Sas: Bye.

She firstly placed the gift box on top of the couch before walking out the ward.

Me: Uhm ... Where's Noluntu?

Noma: Mxm!

Me: Noma..

Mandy: We saw her in the waiting room earlier but I believe that she has left.

Me: So she is really alive?

I let out a silly chuckle.

Me: How though? I mean ... I am just so curious to know.

Mandy: The two people who have those answers for you is Ditsholofetso and Luleka.

Me: I guess..

I left Ingrid's bedroom after I had placed her to sleep and walked downstairs. I was alone in the house. Blessing went to church to pray for her brother and Nkosi went to the hospital to see Mamelo. The doorbell went off and behind the door is some guy.

Me: Uhm ... Hi.

Him: Hi.

He looked me in the eyes and I looked back at them.

Me: You're looking for someone?

Him: Yea. Nkosi.

Me: He went out and I am not sure when he will return.

Him: I see. I am Zweli by the way.

Me: Noluntu.

Him: You have a beautiful name.

Me: Thank you. You have beautiful eyes.

They were brown and they glowed like two galaxies. He smiled revealing his perfect white tooth.

Him: Nice meeting you.

Me: Same here.

He was reluctant about leaving but he did get to

his car and before disappearing inside, he took another look at me and left. I closed the door and pressed my back on the door. He was so handsome and his voice was just so sexy that I wouldn't even mind having him speak to me the whole time. I wish to see him again. I want to see him again!

This was my second day in the hospital but I signed the discharge papers and I only wanted to speak to my husband before I go home and see how Dre was doing then again I will return. I sat on the chair holding his hand.

Me: Hey baby. It's me. Nuna bear..

I let out a chuckle because that was so silly of

me to actually say.

Me: Doctor Thobang told me that you could hear what is being said. Pity you can't respond. I rubbed his skin using my thumb.

Me: Yesterday I received the best news from the doctor. He said I am carrying your son or even daughter. That's the best news right? I believe your wishes were granted by God. Our wishes.

With my free hand I wiped my tears.

Me: Luthando please wake up so that we can resume with our lives. So that I do not go through this journey alone. I need you more than I have ever needed you. So that we can go get married in Paris and just be happy. Ingrid needs you, I need you. Noma is going crazy without you. We all are. I am even praying for you to recover baby so please. Do not leave me. Not now. Not ever because if you die I am going to die with you.

I wiped my tears some more then I stood up.

Me: I love you.

I stepped out the ward and walked to Nkosi's car. He drove me.

I have been taking it day by day. Luthando was slowly recovering and everyday I am there. His ward has been decorated by all the presents I take everyday. The flowers and pictures that Ingrid takes on a daily basis I take them there and paste them on the wall of his ward. Its been 2 weeks of him still unconscious and 2 weeks of me sleeping on not just a cold bed but also a wet pillow. I have seen Noluntu twice or three times and I have exchange a few words with her. We have never fought nor even given each other unpleasant looks. We are two grown women and we are too mature to even hate on each other because she is Luthando's ex and I am his wife.

Today is the 15th day with Luthando still

unconscious. I had a bouquet of roses. I entered his ward and placed the flowers down.

Me: Good afternoon Mr Molefi.

“ Good afternoon Mamelolo. ” I stopped what I was doing and looked at him. He was smiling and I did not expect to receive a reply from him.

Me: Luu ... Oh God!

I covered my mouth using my one hand.

Me: How? I mean ... When?

Thando: God you're beautiful. I didn't think my mysterious daily visitor would be this beautiful but again your voice.

Me: Mysterious daily visitor?

Thando: You do come here everyday and you tell me stories that I don't even remember. I mean-

He noticed the confusion written on my face

Thando: You look surprised.

Me: Luthando ... Do you know who I am?

Thando: You are Mamelo Molefi and I have two kids with you. Ingrid and Dre. Our third child, Zubenathi, you're still pregnant with him. That's the name right?

Doctor Thobang stepped inside.

Karabo: Hey Mimi. I have been waiting for you.

Me: He is confusing me.

Karabo: Luthando has lost his memory. The only things he remember are the things you have been telling him while he was unconscious. He doesn't know Ingrid nor Dre. He has heard about them. The things you have said to him are only in his head. He recalls each and every thing.

Me: So he doesn't know Noma?

He nodded.

Me: Ditsholofetso?

Karabo: Mimi He doesn't even know you.

Me: Nothing?

Karabo: Absolutely nothing.

Me: But how can he remember me? Or the things that I have been telling him?

Karabo: When his head collided with the hard object immediately his brain got pretentious so that was the precipitate of the memory loss..

At that moment I had grasp of English language.

Me: English please Karabo.

I said evidently annoyed.

He exhaled.

Karabo: You told him about you and your relationship while he was in coma. He doesn't remember how your relationship was but he knows that you were together because you told him.

Me: He believes everything that you tell him?

Karabo: Yes.

Me: Will he gain his memory though?

Karabo: Yes. Its a short term memory loss. Don't try and remind him certain things. If you encourage him then he will bounce back to square one and barely remember what he knows today because you forced him. I will set up sessions with Mr Grobbleer so that you dont feel like you are in this alone.

Me: Thank you.

Karabo: You're welcome. Remember, dont force him.

Me: I won't.

He stepped out the ward and I turned my attention to Luthando.

Me: Are you hungry?

Thando: Yea.

Me: Would you like some fried chicken with salsa?

Thando: Is it my favorite?

Me: Yep!

Thando: Then I don't mind having it.

In the basket that I came with, I took the meal out and helped him place it on his lap without hurting himself. He was very fragile.

Thando: I missed you.

Me: Really?

Thando: Yea. I mean, I was expecting you to come earlier like you usually do but today it seemed as if you were delayed.

Me: I had work to attend to.

Thando: So you work?

Me: Yes. At my husband's company.

I said, with a smile revealing my teeth. He returned the smile.

Thando: You're so beautiful and I wonder how I got you. Can you tell me how we met? Was I good to you?

Me: At you'd workplace. My friend Stacey was your assistant so I went to her. You walked in. The boss looking all handsome..

I stopped and giggled and he was attentively listening to me.

Me: You had caught my eyes. I said to myself that I will get to be with you but then my friend had a crush on you so I backed up a bit though you wanted to be with me or as I think...

I told him the whole story and we would laugh and when I told him about the abuse he apologized as if he even remembers where it happened. I believed that he will get better and he was attached to me. I do not understand why. Is it because of the memory loss? He didn't want me to leave nor even just stop talking. It was like ... He was obsessed.

It was a Saturday and I was at Nkosi's house with Bless in the lounge when Nkosi, Chance, Carti and Zweli made their appearance. When I saw Zweli, I got shy to be around him. He is just so handsome and his smile brightens his eyes making him even more attractive. He sat down on the same couch as me.

Chance: Why don't we visit our brother man Luthando today?

Nkosi: I was there in the morning and he wasn't up. I hate the state that he is in.

Carti: My cousin bruh. He is definitely getting a welcome back party..

“ You will not believe what I just heard. ” Noma said coming downstairs holding Dre. We shifted our attention to her.

Noma: My son Luthando has woken up.

Me: Really ?!

I could not help myself but shout.

Noma: Yes.

Me: We have to go see him.

Bless: You're right.

Nkosi: I'll go get the car ready.

Chance: The others will ride with me.

Everyone stood up and got ready for the visit.
Before going to the garage, I had to get Zweli
out of my way.

Zweli: Why is it like you can't get over your ex
husband?

Me: Who told you?

Zweli: I have heard stories about the two of you.
So, tell me why?

Me: I can't possibly explain myself to you.

Zweli: I know and I am sorry.

He moved out the way and I walked passed him and headed to Nkosi's waiting car. I don't know why I was like that with Zweli. Was it because Luthando is back?

Me: Baby I have to leave.

Thando: Just a few more kisses baby. Come on.

See? He is obsessed with me

Me: I think I will speak to Karabo about this whole obsessed of yours.

He chuckled.

Thando: So being in love with you tends to be

an obsession? I am offended.

Karabo stepped inside the ward and behind him is Noma, Ditsholofetso, Nkosipendula and Noluntu.

Karabo: Do not worry. I told them.

Me: Thank you.

He closed the door.

Noma: Mimi ... Introduce us.

Me: Oh yes! Luthando?

Thando: Baby?

Me: This is Noma. Your mother.

Thando: I remember you talking about her.

Me: And this is your ex wife. Noluntu.

Thando: Oh.

Me: And your bestie.

Nkosi and I chuckled.

Me: Nkosipendula.

Thando: Hey man.

Nkosi came closer and they hugged. God this was the best view though. Brothers reuniting. Once their hug was over he grabbed my hand and brought me closer.

Thando: I don't want you standing too far from me.

I looked at Noma. I wanted help. Yes he would not harm me but the whole obsession is a major scare. What if it turns into possession?

After meeting with Luthando I went to my gym and did what I had to do. Bless and I have been having our days where we would fight and she is the one who constantly begin with the fights. I hit the punching bag very hard and I was disturbed by the emergency alarm which rang in my head like a bell being rang right on my ear. I didn't even get time to breath. I knew shit was firing when it went off. I entered the shower and took a quick shower. On my way downstairs I saw my son sitting by his bedroom.

Me: Khaya?

He turned his head. I could see another figure in the bedroom. I walked closer and when I entered some fucker was holding my son's teddy bear calling him but immediately stopped when he saw me.

Me: Who the fuck are you?

I was pissed. This fucker was in my damn territory plus Bless had pissed me to the max.

Him: Four words ... Where is Mamelo Nyosi?

Me: Make that four punches.

I was able to fire two when he held me and fired two more too. I was surprised. I have fought with bigger guys than this fucker but he was able to fire 1-2 punches. Our fight continued until a gun was fired. We looked at the door and Noma was standing there with Khaya.

Noma: Step the hell away from my son.

We let go of each other.

Noma: Who are you? What do you want?

Him: Where is Mamelo Nyosi.

Noma: Who is asking?

Him: Ris Mokoena. I'm her brother..

After the sleeping pills had kicked in, Thando slept and I got to leave. I climbed in my car and drove to Thando and I's home. When I arrived there, a blue mustang was parked right in front of the car. I pulled over and stepped out the car. I believe Billy did not allow whoever was parked here in. They must have seen me because when I approached the car they stepped out. It was a huge guy with tattoos all over. The first thing that clicked in my head is that this guy was either sent by one of Thando's enemies or someone I randomly done wrong so I turned around and in my heels I was able to run but I did not reach the car on time. He caught me.

Guy: Relax !!

I tried breaking free.

Me: What do you want ?!

Guy: Fuck ! Relax Mamelo !!

It took me time to compose myself and looked at him.

Guy: I am Ris and you probably haven't heard about me because I've been in jail almost my whole life.

Me: What do you want?

Guy: I am Naledi Mokoena's son. Naledi Ndondo's younger sister.

Me: Ok. So?

He signed.

Ris: You are really hard headed bruh.

Me: What do you want?

Ris: Mimi I am your brother. How can you ask me such a stupid question?

Me: Brother? Bhuti weh, akena family so kopa ong tlogele ! (brother, I dont have a family so leave me alone !)

Ris: Naledi Mokoena. She is your mother.

This guy wasn't making sense at all. I don't know Naledi Mokoena nor even heard of the Mokoena surname. " And I am your sister. "

I looked behind Ris and Kopano the PA was standing there in her uniform.

Me: What?

Kopano: Yes Mimi. Ris is my brother. He just got released from jail.

I glanced at Ris.

Me: How?

Ris: We can't possibly be talking here in the streets. Let's step inside.

Me: How do I know that you are not lying? That you are sent?

Ris: This house is surrounded by security guards Mamelolo. How brave do you think we are?

I huffed.

Me: Fine. I will drive inside the yard and you will follow.

Ris: Cool.

They went and stepped in their car and I stepped in mine. Firstly I offered them drinks before we sat down and spoke..

Noluntu

Me: I'm here.

He was facing the other way but when I said that he turned around.

Zweli: Hey.

Me: Hey.

He had prepared a candle light dinner and

believe me when I say a gangster is the most romantic man. Just when you stay faithful.

Me: What's all this?

I did not say that in a bad way. I just wanted him to explain to me why he did all this.

Zweli: I thought why not show you my gratitude.

Me: What gratitude Zweli?

Zweli: For being this beautiful.

I blushed.

Zweli: Let's sit..

He took my hand and helped me sit down.

There was no one in the restaurant. It was only us. He also took a seat opposite me. A very nice song played.

Me: This song..

Zweli: Its my favorite. K.O featuring Runtown. Its named Call Me.

Me: I think its my favorite.

Zweli: I knew you'd like it hence I suggested it.

I smiled.

Me: Before we go anywhere with this dinner.

Can I ask you one question?

Zweli: Yes?

Me: You don't have a crazy baby mama right?

Zweli: I dont have a baby mama so you're safe.

We both broke in laughter. We were being very silly right now.

Me: Amen to that.

Zweli: I just want a child with one woman and not have my wife be given a hard time by baby mamas.

Me: Your wife?

Zweli: It's too early for me to engage so let's skip that.

Me: Haha! If you say so..

A fancy dish was brought then we began to eat while we spoke about certain things. A great conversation with someone like Zweli is a dream come true. Not always fight or even beg a man. Rather talk about keeping him.

The three of us sat down down spoke.

Me: So, my mom is Ndondo's younger sister?

This was so hard hard actually comprehend.

Me: Where has she been the whole time?

Ris: She stays in Rome ever since dad's passing which was 17 years ago when she moved.

Me: And Kopano?

Ris: She was staying with me but when I got arrested she went South and did a thing of her own and began to steal coke.

Ano: That's when I met with Luthando. He took me in and gave me this PA job. While he was at

Cuba he was training me.

Me: So you were together there?

Ano: Yes. He highly about you. There was no minute where he doesn't say your name. Either asking the technicians about your moves and certain things regarding you.

I smiled.

Me: Why didn't you tell me though that we are related?

Ano: I wasn't sure that we were related but when Ris got released that's when my instincts were proved right.

I huffed.

Me: All this time I thought I was alone.

Ris: We all thought that you were dead. That's what the nurses told mom at the hospital.

Ndondo knows about what happened the day you were born.

Me: Are you trying to say that I was stolen?

Ris: By Nonhlanhla.

Me: I can't believe this !

Ris: Mimi-

Me: How dare she. She treated me like trash for years ! I suffered and for nothing !

I was livid. Having to learn that I have suffered from a stranger's hands and not my mother. That Nonhlanhla made me cuss my mother every day and night. She is the reason behind my despair. I hate her for that.

Zweli and I did not do anything inappropriate but we did spend the whole night together. I

enjoyed myself to the fullest. I mean, its been some time since I have laughed this much or smiled for no reason.

In Bless's yard after being dropped by the gate by Zweli I found a matte green "kumkanikazi GP" Mercedes Benz parked outside next to Nkosi's Luma. I learned that it belonged to Mamelo Molefi when I walked in through the door and found her in the kitchen with Nkosi. It seemed like they were talking about something serious so I walked passed the kitchen bumped into Bless by the stairs.

Bless: Where the hell have you been ?!

Me: Hey chill !

Bless: Don't tell me to chill Noluntu. I was worried sick !

Me: I just needed time to be alone. That's all.

She took some time and inhaled.

Bless: Is it about Luthando?

Me: Not everything is about to Luthando you know.

I was about to walk upstairs bit stopped when I saw prophet David. Luthando's father. I cleared my throat. I was cramped feeling his presence.

Bless: Tata, you remember-

He walked passed us without even hearing what Bless had to say. She had this pity look on her face..

Me: I'll be in my room.

Bless: Luntu-

I got upstairs and the first thing I did when I stepped inside the room was to place the bag down then take a shower..

After speaking to Nkosi I made my way to Khaya's bedroom where Ingrid was.

Me: Ingrid?

She turned around and I got to see Luthando's creation.

Me: I am going to see daddy. Mind joining me?

Ingrid: No!

She folded her arms then held her breath like she always does.

Me: Thando would hate having you do that.

She did nothing. I walked closer to her and knelt down..

Khaya: Mimi .. Where's Thando?

He said in his baby voice making him look even more adorable.

Me: Thando is at the hospital. You want to come with me?

She nodded revealing his imperfect but yet perfect teeth. That seemed to make Ingrid jealous.

Her: Mimi .. I too want to see Thando.

She struggled to formulate the whole sentence but at the end she managed. I smiled

Me: Firstly we are going to fetch Dre.

I grabbed both their hands and led them out the house. Karabo had arrived with Kagiso.

Tomorrow was Luthando's welcome back party so I believe they came to put their own philosophies on the table.

Karabo: Hey you.

We hugged.

Karabo: Where are you taking the kids?

Me: To see TyHope.

I said that on purpose because Hope was

around. Karabo's daughter.

Hope: Taydow ?!

Me: Yep!

Hope: Mom I am also going to the hospital.

Karabo: You can't though and Mimi you know the kids aren't allowed at the hospital.

Me: I had that planned so relax doll.

She sighed.

Karabo: Hope baby please play safe.

Hope: Yea yea I will. Let's go aunty Mimi.

We headed to my kumkanikazi and Hope took the front seat and we jammed to Bruno Mars's finessed..

Hope: “ No my baby don't play

Blame it on my confidence

Oh, blame it on your measurements..”

Thando

There was nothing interesting to watch nor even do so I sat there on the bed boiling until Karabo made his entrance.

Me: When am I leaving this place?

Karabo: Just a few more hours man.

He placed the file down and he had this smile on his face.

Me: What?

Karabo: Your kids are here

Me: With my wife?

He chuckle.

Karabo: God you're obsessed with Mimi.

Me: Is she here?

Karabo: Yep.

She stepped inside holding a baby boy and holding another beautiful little girl whom I've seen in the pictures that were pasted in my ward.

Mimi: Heyy..

Karabo made his exit.

Mimi: How are you?

Me: I've missed you.

She pecked my lips but I pulled her back for a tender kiss..

“ Daaad !” I chuckled.

Mimi: This is Ingrid. Your first daughter. Her mother, Noluntu, you saw her right.

Me: I did.

I picked her up

Mimi: And this is my son Dre.

Dre: Dada..

He said in a baby'ish voice.

Mimi: That's him trying to say daddy I believe.

I picked him up too

Mimi: This is Hope and Khaya. Hope is yo homie and Khaya is Ingrid's twinie.

Me: (to Hope) so I'm your homie?

Hope: Yea.

She was shy.

Me: How close are we?

Hope: You combined our names.

Mimi: Ty Hope.

Me: Damnn girl !

She laughed and I joined her.

Me: So Khaya is Ingrid's boyfriend?

Ingrid: Boy?

Mimi: Yes they're friends. Luthando !

She smacked me a bit.

Me: I see..

We continued to speak and this was just a blissful moment for me.

Today is the day whereby we celebrate Luthando's return. I was the one who went and fetched him at the hospital and at our house I

parked the car next to Kagiso's.

Thando: We having a party?

Me: Nah.

Thando: Ok but explain the cars.

Me: Its ours baby relax.

Thando: Why do I get the feeling that I am being lied to here?

Me: But for real though. Come see..

I attempted to step out the car but he pulled me back inside.

Thando: Mimi, I want to have you all to myself so please just tell me who's inside?

Me: Come see..

I was able to break free from his embrace and I made my way to the house. I stepped inside house, closed the door and informed the other that he was coming. The moment he entered we shouted “ SURPRISE !!”. He pointed his index

finger at me and I was in stitches. He came to tickle me a bit..

Thando: Don't ever do that !

Me: I am sorry.

He pecked my lips.

Thando: Alright ... Funs over. Everybody get the hell out of my house !

Nkosi: One would swear you didn't lose your memory.

Thando: Nkosi behave yourself !

Bless: Or maybe he faked it.

Thando: Maybe you should shut up !

She stuck her tongue at her and I pulled him to the side a bit.

Me: You remember everything now don't you?

Thando: When doctor Grobbleer came the first day I remembered some of the things and now I have recovered from my amnesia.

Me: You sneaky !

Thando: Come here..

He bent my back a bit then kissed me with his other hand squeezing my behind.

Thando: I love you..

Me: I love you too.

Thando: And we will soon be getting married in Paris and I am going to give you many many kids.

Me: You wish !

Thando: You will though cause I know how much you love this dick..

We heard someone clear their throat behind Luthando and we got to learn that it was prophet David. Gosh I just wondered how much he has heard..

Thando: Uhh dad. What are-

David: Doing here? I heard you were involved in

a car accident so I came to check how you're doing. I didn't think I will meet my daughter in law in such a way.

Thando: Yea. About that..

David: Why didn't I know you remarried?

Thando: Why didn't God tell you?

David: Than they say you get the stubbornness from me when you are this rude. I wonder what girls see in you. You're ugly Luthando.

Thando: Yea yea. Go to your other other wife and leave me.

Are they always like this?

David: It's good to have you back son.

Thando: Its good to be back dad.

They shoulder hugged then he looked at me.

David: Zubenathi.

I looked at Luthando perplex.

Me: Mr Molefi-

David: Maake.

Me: Oh. Mr Maake did Noma tell you what I will be naming my son?

David: No. I figured it out myself.

Me: Ooh.

David: I hope you're happy with this ugly son of mine Mimi because he is hard headed but again you love him and he is your husband.

Me: True that

David: Stick by him daughter in law.

Me: I will.

He smiled at me before walking away. I glanced at Luthando.

Me: You two look alike.

Thando: Don't.

Me: Why do you have to act like that?

Thando: Because he was able to leave me to grow up without a father for years.

I sighed.

Me: A story for another day?

Thando: Yes..

I received a message from Zweli telling me that he is in the garden and that he wanted to speak to me. I walked outside and found him facing forward with his hands in his pocket.

Me: Zweli?

He turned around. He smiled before walking closer to me.

Zweli: Hey. Were you enjoying the party? Did I disturb you?

Me: Not really.

Zweli: Ok. You look beautiful.

Me: Thank you. You look beautiful too.

He rechecked his outside.

Zweli: I try my best.

We heard giggling behind us and when we turn around we find Mamelolo and Luthando playing around but stopped when they saw us.

Mimi: Oh. Heyy guys.

They walked closer.

Me: Hey Mimi.

Mimi: I hope we are not disturbing anything.

She winked.

Me: Not really.

Mimi: Ok. We were just looking for the ... Uhh baby what's that thing again?

Thando: A perfect place to have sex without being heard.

Only Luthando would actually say that.

Zweli: *chuckles* wow. What about the barbeque stand.

Thando: Retard !

He played around with Zweli's dreads.

Thando: Enjoy man.

Zweli: I am.

He picked Mamelon up and they walked back inside. God I envy their relationship.

Zweli: Shall we sit down?

Me: Why not..

He sat down first and I followed. He took my

hand then we began to converse..

I had a mission at the Cape flats when I arrived their with my partner by my side I regretted ever coming because I was brought straight to the lion's den. Max was the first one to see me and he poked the others.

Diamond: If it isn't mogwanthi.

He said in his colored accent.

Me: Guys we're not here to fight with y'all. We just came to speak to y'all. You need to stop coming to 3zz and start invading their territory. They will start war and we won't have a choice but to take y'all to Juvi.

Atto: And wie is dsy (jy) vir ons vir tel wat moet ons doen (who are you to tell us what to do?)

He examined me with the most unpleasant look..

Atto: Mogwanthi?

Me: Guys-

He pushed me.

Atto: You a snitch K. 'n kont ! (a pussy)

(my partner) - Nas: Step away from her.

They began to laugh. Steezy was just there as always. Watching as they terrorize others. 90% of his time he sits around quiet and 10% of his time he steals. He is 16 years old. Yep ! Reign is a crew of youngsters.

It was messed up when Nas got involved. They wanted to stab him so he had no choice but to shoot. He shot Atto twice and he was down. The others ran away while Steezy just sat at his place and Diamond came to Atto. He was gone.

Diamond: You fucking bitch ! You let him die !

Me: Diamo-

Diamond: Moenie my touch jou kont !

He was close to shedding tears.

Me: We tried speaking to you Diamond.

Diamond: You fucking bitch !

He was pacing around.

Diamond: Just know you started war with Reign K.

Me: Dia-

Diamond: War !!

He ran away leaving Atto's dead body. Nas called the police and I just stood there. When Ris for arrested Reign became my home. They did everything for me. The reason I did not sleep with an empty stomach then I do them like this. I know for sure that war has been declared..

It was now time for everyone to leave and for us to go and rest. I had work the next day so I will need enough sleep. Luthando and I walked back into the house hand in hand. We bumped into Noluntu. I believe her, Blessing and Mandy will be sleeping over since they had stayed behind. Luthando didn't stay. He went to sit with Nkosi..

Nolu: That was an amazing welcome party you did for Luthando.

Me: Everyone came up with a plan so I can't possibly get all the credit but thank you.

She smiled.

Nolu: You're an amazing woman just by looking in your eyes. I have never seen you in a bad way nor even had optimistic thoughts about you.

Me: Thank you Noluntu. Really

Nolu: And I won't be staying long. I am leaving.

Me: No stay. I believe Ingrid would love to have you around.

Nolu: She's sleeping.

Me: Then in the morning you will take her to school. Dont give me excuses Noluntu. Please.

She huffed.

Nolu: Fine.

Me: Great. Come join us..

There was a beep on my phone and when I checked it I had a message from some unknown number and the message said "nice dress". I glanced at my outfit before looking around. Luthando did not have his phone with

nor even has a phone so I wondered who sent me this message.

Me: Babe?

I walked closer to him and he stood up.

Me: Look at this.

I handed my phone to him.

Me: I don't know who that could be.

He called the number but the number did not exist.

Thando: Kagiso!

Kagiso: Talk to me.

Thando: Track this number down for me though it does not exist.

Kagiso: That's going to be hard but I can track down the last location of the phone. I believe he or she had switched the location on

Thando and I followed Kagiso to my husband's study. It took Kagiso 10 whole minutes to track

down the location.

Kagiso: Would you look at that. Your house meaning he was here.

Thando made his way down and I couldn't help but follow. We bumped into Nkosi just half way down the stairs.

Nkosi: The guards said someone left this for you then the person ran away.

Thando took the envelope and read it.

Thando: Reign?

Nkosi: Reign?

Thando: It just writes Reign and nothing else. Somebody is clearly trying to fuck with me.

Me: Who could it actually be? Do you think Reign is a name of some crew?

Nkosi: I believe so. What the hell do they want?

Me: From me nogal !

Thando: I will have to find out about this

meaning I have to meet with Cynthia.

Me: No ! Dont leave me.

Thando: The house is secured love.

Me: No Luthando. You're not leaving me please.
Have Cynthia look unto it but please dont leave
me alone. Please.

I pulled him closer to my body..

Mimi held unto me for dear life. She wasn't
letting go. I glanced at Nkosi and he nodded. I
walked upstairs with Mimi then I helped her
take a seat on the bed.

Me: Should I stripe off your clothes or will you do it yourself?

She didn't need to tell me. Her blush said it all. I started with her heels then I slowly pulled up the maroon dress that complemented her skin before taking her lace bra off then her panties followed. I took her white gown and handed it to her before picking her up and took her to the en suit. Firstly I turned both taps then waited for the tub to be filled with water then poured foam bath with red velvets.

Mimi: Join me..

Me: I will.

I firstly took her rope off then helped her enter the tub. I took my clothes off and I stepped inside the tub with her.

Mimi: Your wound isn't hurting you right?

I shook my head.

Me: Not really.

Mimi: I hope you're telling me the truth..

I pulled her closer to my body then made her sit on top of me.

Me: I am.

She leaned forward then our lips clashed. My hand roamed up her back to her neck and I pulled her even closer as she was lost in the kiss..

In the morning I woke up 2 hours earlier so that when Mimi wakes up I will be done with what I am planning on doing and that's to find out who the hell is messing with my family. I arrived at HQ and the first person I came across to was Lethabo aka Wáve. He is Xavier's son and he joined HQ 3 months ago when his baby mama went missing and learned that her father's enemies have her. He respects the law though there is a part of him that I just don't understand. He is a high IQ guy with an unstable mind. That's a bad combination.

Me: Hey man.

We shoulder bumped.

Me: Where's your father?

Wáve: Germany. He's on the run as always.

I laughed shaking my head.

Me: I've been there. I just want to know if you have seen Nails?

Wáve: He ain't around buh I'm here to help you with the whole Reign thing. I know a couple of thangs about Reign. It's a street gang of boys staying at the Cape flat. I don't know if you have heard of it.

Me: Nah.

Wáve: Its a group of colored boys. Teenagers to be specific.

Me: What do they want?

Wáve: They want to work with the big guns too and now they are trying to be that by becoming

enemies with higher success gangs meaning they will make a name unto you.

Me: That's stupid. They will end up dead.

Wáve: All they care about is being known as the most dangerous and rich too.

I chuckled. I can't believe I was about to throw a search team for a bunch of teenagers.

Me: Thanks for the info but how are you boy? I heard yo baby mama got a trauma of some sort after the kidnapping. I'm sorry about that

Wáve: She demanded a vacation in Maldives.

I chuckled.

Me: Perks of having spoiled girlfriends.

Wáve: Lass is hard headed bruh and she doesn't care about my current girlfriend who is on the verge of leaving me.

Me: If you love her you will do anything in your power to keep her. No matter what.

Wáve: Maybe that's why I'm not fighting with her.

He sighed.

Wáve: I have to go.

Me: See you boy !

Wáve: Cool.

He walked out HQ and I made my way to the computer room.

I don't know if it was in my head or what but I could hear a baby voice saying " Dada " when I opened my eyes I realized that Dre was the one

in the room with me. He was sitting on the floor with his toys in his hands dressed in a Alvin onesie.

Me: Dada?

I was still sleepy but I managed to say. He turned around.

Dre: Dada !

Me: Dada !

Dre: Dadaaa !

He threw his hands in the air before clapping them. I sat down with him.

Me: Where's Dada?

Dre: Dada..

That being the only word he could articulate. I firstly went and brushed my teeth before picking him up and went to check on Ingrid but already Noluntu was in her room.

Me: Morning.

They turned.

Nolu: Morning. Where's your husband?

Me: I've been asking myself the same question.

Nolu: I mean, the Benz is not in the garage?

Me: My Benz?

Nolu: Yea.

Me: I can't believe Ingrid's father. Look, I believe he's at HQ. I'm gonna go bath Dre.

Nolu: Ok. Hi Dre.

Dre: Dada !

Me: That's all he can say at this moment. I believe soon he's going to be saying moommy ! Right boy?

Dre: Dada !

I frowned before closing the door and went to give Dre a bath..

I did not stay long at HQ because I had husband duties back at the house like help Mimi with the kids or even drive her to work or maybe go with her to yoga classes since we are expecting. The thought in the car made me hyperactive. I am going to be a father of three. This time I am doing right by Mimi. I am not going to leave her for HQ. I have priorities now and I need to set them straight since already I know what they are and what are the duties of me as a husband.

Noluntu was the first one I came across to. I didn't know why but I wanted her out. I know I owe Noluntu a whole lot like she did things for the both of us and now I believe that what we

once shared was just obsession. Zweli is a very committing person so he is the right man for her.

Me: Mh! Morning.

Her: Morning. You left early.

She had my son's bottle on her hand.

Me: Yea. I had some things that I needed to take care of before leaving. I am taking 6 months off just so I can be here with Mimi and help her around since she can't manage.

Her: Why?

Me: She's pregnant Noluntu.

Her: Oh. So it's true.

Me: You heard it from Bless so yes it is true.

She stared at the bottle of times before looking up again.

Nolu: I didn't choose to be born again. Luleka and Blessing made that choice for me. When I

woke up I had amnesia so I barely even knew I had a child. That was for a year Luthando. I couldn't cope right when I gained my memory back hence I stayed another year at the mountains with Luleka.

She paused for a second.

Nolu: If I could I would have told them to warn you that I am not back but they did not know and just because Ditsholofetso can predict things she can really predict the future. The future changes. Mamelolo wasn't your wife. Her lifestyle did not suite of a wife hence God made a change in her and you. A gangster and a prostitute wouldn't have been the best combination. You two would have been toxic to each other whereby you kill each other and die hence you're an agent. You're both not perfect. You both have horrible pasts hence you are a perfect match made in heaven. Mimi brought the change in you and you brought the change in her.

I said nothing.

Her: I respect your relationship and I promise to not intervene. I am just here for my daughter.

Me: Thank you Noluntu. What you said had meaning and I believe getting a flat would do you some good. Ingrid will visit you everyday and I won't stay in the way of your bond but changes must be done Noluntu.

Her: I'm listening.

Me: We need to divorce ...traditionally.

Her face dropped but placed on a front.

Me: Just like Kevin falls me I'm regards of Dre. You call Mimi just so we can balance. I am married now and you have Zweli. Build a life for yourself and if you want I can even help you get a job with a respectable salary-

Her: I'm fine. I can do that on my own

Me: Thank you. That's all.

Her: That's all I also wanted to say.

Mimi came down holding Dre.

Me: Dada !

Dre: Dada !

Excitedly he said clapping his hands and revealing his gums.

Me: Come to Dada.

He opened his arms and I took him before kissing Mimi's forehead.

Mimi: Ive been waiting for the bottle but I guess you two were talking for you to even remember.

She jokingly said.

Mimi: And you left without informing us.

Me: I informed Dada though.

Mimi: Well he dada informed me.

Me: I know right. He can only say that. I believe

he is trying to say daddy.

Mimi: Hearing from?

Me: Ingrid ... Naledi.

Mimi: I believe. Noluntu we're still going shopping right doll?

Nolu: Can't we reschedule for next week? I'm really exhausted.

Mimi: I totally get it. You're sick?

Nolu: Not really. I have a whole lot of work to do

Mimi: Then next week it is.

Nolu: I'll be in Ingrid's room tidying up.

Mimi: Ok doll.

She walked upstairs and I continued playing with Dada..

I entered HQ and walked to Luthando's office. I sat in front of his computer then I did what I had to do which was to save all information concerning Reign in his computer then texted him on his business phone telling him that I did what he wanted me to do then I stepped out HQ and left with my security team. While they went on their search warrant at Cape flat I walked to Quinton's room and knocked a couple of times and when my knocks weren't answered I legit banged on the door till one of his bitches got the door. I pushed the chick out the way and walked straight to his bedroom and pulled him out half naked. I punched him one time..

Quinton: What tf ?!

Me: I want you and I want you to listen to me good. Mimi is my sister and you continue

harassing her I will have my 28 make you their bitch in Juvenile then you'll know how it feels to be threatened so you better be a good little hoe or you'll be their good little hoe !!

I left his collar then I made my way out his flat..

Since Ingrid did not go to crèche I was with her in the room after speaking to Luthando. He

walked in and he had changed his outfit..

Thando: Oh ... I didn't think that you're busy.

Me: We are not. I am just watching her play.

Thando: I see. I wanted to take her out for some ice cream since Mimi has went to mama's place.

Me: Ok.

Thando: Ingrid we're going out for ice cream

Ingrid: Yay ! Ice cream.

She excitedly exclaimed.

Ingrid: Going with mama..

She tried to place on a perfect sentence structure like all the time but failed.

Thando: What?

He asked with a raised eyebrow.

Ingrid: Mama is coming too.

Thando: No. Its just you and I.

Ingrid: Phi Dre?

Thando: He left with mommy.

She looked at me and broke in immense laughter.

Ingrid: Lo mama.

Thando: Mommy Mimi.

Ingrid: Ooh.

Thando: Yah. Wear your shoes or should I help you?

She stood up then went to her shoe case then took out her favorite sandals then I helped her wear them.

Ingrid: Msambe.

I stood up and picked her up. Luthando was the one leading the way. I firstly placed her on the car seat before joining Luthando in the front. This was awkward since it was only Luthando and Ingrid but now I am around and I doubt

Luthando wants me around but has no choice because Ingrid wants me to join them.

Thando: Its ice cream time. Yey !

He said spinning her in the air.

Thando: Ok. Let's start with Ingrid. Which one would you like?

Ingrid: Chocolate.

Thando: And I'll also have chocolate and Noluntu?

Me: Uhh ... Chocolate?

Thando: Three chocolate ice creams right up.

The ice cream man dished three ice cream cones and gave them to us. We went and sat by the bench..

Thando: How does your ice cream taste Ingrid?

Ingrid: Good.

Thando: Mine tastes like poop.

He jokingly said then threw it in the bin. He doesn't eat ice cream. Something that I know and he did that just to not hurt her feelings because I believe she wanted him to eat it with him.

Ingrid: You can have mine.

He did as if he is eating it then gave it back to her.

Thando: It tastes like poop too.

Ingrid: Really?

Thando: Yea. It is brown after all.

Ingrid: Daddy eww !

He laughed.

Me: Well ... Take mine. It doesn't taste like poop.

I did that just to pull his leg.

Thando: Err my doctor said chocolate ice cream isn't good for me.

Ingrid: Liar !

Thando: I swear Ingrid. Unlike you I believe my doctor because he says things that are true.

She shook her head and they continued to speak and I just looked at them smiling. They looked absolutely cute together and I thanked God for allowing me to experience this with my two favorite people.

When Noma called me crying I did not hesitate. Noma has been there for me through all my ups and downs. Why can't I do the same?

She was in her pyjamas with puffy eyes standing at the door looking numb.

Me: I came as soon as possible.

I entered the house. I hugged her then pulled out.

Me: What's wrong?

Noma: Argh ! I just needed someone to be here with me.

She left the door.

Noma: And I have him.

Me: Him?

Noma: Yes.

Me: Noma who's him?

She didn't need to answer because some dark skinned man came downstairs dressed in sweat pants and a muscle vest.

Me: Ooh.

Noma: I am sorry if I wasted your time love.

Me: You didn't. I was actually planning on surprising Luthando with something nice and romantic.

Noma: I wish to chit chat but again I don't want to keep you.

Me: Of course. Nice meeting you sir.

Him: It's Sakhulu and it was nice meeting you too.

Noma: She's my daughter in law and that is her son Dre. My grandson.

She lightly pinched Dre's cheeks.

Me: Right.. Bye Noma.

Noma: Bye love.

She kissed my cheek then I walked out the door and asked myself How old is Noma but again she's a lady with class and needs a man by her side. Old love..

“So uhh you enjoyed today?” we were on the way back at the house. I was stuck in my own thoughts as I was glancing out the window and admired the view outside with rain pouring down.

Me: i won't lie but I did. Its been some since I have went out and enjoyed myself or even laugh the way that I did.

Thando: Zweli must take you out more often.

He always brings that man up and I don't even think I love Zweli and I'd hate to make someone else's son a rebound.

Me: Mm.

I smiled.

When we arrived at the house Luthando picked a sleeping Ingrid up then we made our way inside the house. There were roses laid down on the floor when we entered through the door.

A path of roses leading to the dining room.

Me: This is nice..

He said nothing and we followed the path. In the dining room it was well decorated and there was one fancy dish laid on two sides facing each other. It was dark so the red candles made a firm add up to the room.

Me: Damn ! This is ... Wow hey.

Thando: Uhh-

Me: Who did this?

Thando: I ... Its ...

He was speechless just as I was.

Me: Wait ... Luthando you did this?

He said nothing. I looked at the table once again. This was so beautiful and romantic at the same time..

A red silk gown on top of a red sexy lingerie with black 6 inch heels is what I am wearing for dinner. Its been some time since I have actually been freaky hence I am doing this for Luthando.. Our sex life is not dull but again I don't want to be always serious. I want to take this marriage to a very high level. When I heard his car outside I checked myself one last time in the mirror then made my way downstairs. Dre is sleeping and Noluntu will be spending the night at Blessing's house. Dre is a heavy sleeper so while he's out I will be rocking my husband.

I made my entrance in the dining room and I find Noluntu very close to my husband and for

some time I stand there trying to see what her next move would be but luckily for her Luthando feels my presence and turns.

Luthando: Babe !

He's eyes widened larger then saucers.

Me: Luthando..

I tie the silk gown to hide what I have underneath.

Me: Am I disturbing something?

Nolu: Not really. I just wanted to take Ingrid from him and take her to bed. I figured you did this for him.

Me: I did.

Nolu: So let me not keep you guys any longer.

She takes Ingrid from Luthando then makes her way passed me and I stare at Luthando who gave away with his eyes.

Me: Uhm ...I prepared us something nice to Eat

but if you're tired and you want to sleep then-

He shuts me up with a kiss then pulls out looking right in my eyes.

Thando: I love you did. It's beautiful. Reminds me of the night we became Mrs and Mr Molefi.

I let out a giggle when I recall all the things we did that night. It was crazy.

Me: Then Let's sit down and eat.

He pulls me closer to the table then pulls the chair out for me.

Thando: My lady?

I sit down then he walks around the table and sits opposite me.

Thando: Were you in such a good mood to prepare all this?

Me: I just wanted to spoil my husband since he spoils me a lot.

Thando: Were you trying to impress me?

Me: Yes.

Thando: I'm impressed.

Me: I am glad that you are.

He kisses the back of my hand.

Thando: I can't wait for my son to be born.

Me: Or daughter.

He stands from his chair then gets closer to me and kneels.

Thando: I don't care what the gender is. Fact remains that I am going to be a father again

He kisses my belly that's obviously flat then he begins to talk to his unborn child..

.

I felt so stupid to even think that Luthando would actually do all that for me. I mean, he is married and I am just his history. I sighed as I looked at his creation that is sleeping besides me.

The next morning I stepped inside the ensuite and take a good look at my red eyes. I did not catch a wink of sleep and I believe that its stress. I was thinking about going back to school and finish my last two years in medicine then become the doctor I have always wanted to become or should I say what my father wanted me to become. I pack what belongs to me then look at the mini me.

Me: Mommy will come back for you angel.

I kiss her cheek then pull the suitcase downstairs and the first person I find is Noluntu. The last person I'd actually want to see.

Me: Morning.

She turns holding her mug probably containing

green tea.

Mimi: Hi Noluntu.

That came out cold.

Mimi: You're leaving?

Me: Yea. I want to find myself.

Her face drops..I guess she now feels guilty.

Mimi: I totally get it. I've been there before.

Me: And Mimi while I'm gone, please watch Ingrid for me.

Mimi: How long will you be gone?

Me: 2 weeks.

Mimi: Ok. I will watch her for you and good luck Noluntu on your remedy. "Whos remedy?"

I didn't need to turn around and see who it was because his presence will forever be felt in my heart.

Mimi: Noluntu is leaving love.

Thando: Where is she going?

Mimi: Where life will take her. Right Noluntu?

Me: Yep.

Thando: Right..

He grabs his mug and makes himself coffee.

Me: Bye Luntu.

Me: Bye..

I walk out the door and the cab is waiting for me. My last stop is Blessing's house..

.

.

.

Mimi

Luthando turns around and looks at me.

Me: What?

Thando: Nothing.

He is still smiling though and that creeps me out.

Me: Baby stop !

Thando: What did I do?

Me: Nah babe just stop what you're doing and go at least check on Ingrid.

Thando: Plus I miss my beauty princess.

Me: I'll be down here drinking my tea.

He comes over and clashes his lips with mine and we stay in that position till he pulls out and walks upstairs. I watch as he climbs the stairs.

Thando: Don't look at my ass !!

I let out a laugh as his voice becomes some sort of comedy in my ears though its annoying when he talks like that. I shake my hand then walk to the lounge..

.

.

.

.

Thando

I enter Ingrid's room and she is in front of the mirror combing her hair like she knows what she's doing.

Me: Princess?

Her: Daddy?

She doesn't turn around and look at me.

Me: How's your morning.

She says nothing but continue to comb her hair. After some time she turns around and stares at me.

Her: Phi u'ma?

Me: She uhh .. She will be back?

Her: Phi? (where?)

Me: Aunt Bless's house.

Her: (crying) Mommy !

Me: You want your mother?

She nods.

Me: Mommy Mimi is here for you.

She shakes her head.

Her: Untu.

Me: Ingrid ... You can't be with Noluntu now.

She says no more but begins to hysterically cry. I pick her up and try calming her down by rocking her but that does not seem to help. She cries even louder and there is no other choice so I grab my phone out of my pocket and call Noluntu.

(do you think Ingrid will bring back Noluntu and Luthando or Zubenathi "the unborn baby" will be the magnet to the marriage?) OBJ

It wasn't even 2 minutes of me being in Bless's house and already a call from Luthando came through telling me that Ingrid wants me..

Me: You can bring her. I am at Bless's house.

Thando: Mimi will-

Me: For once in your life stop making Mimi control your life Luthando. You're grown and you know the difference between right and wrong. If she doesn't want you to come bring my daughter and obviously you will see me then she isn't sure about herself. I am a threat to her for some reason.

Thando: I won't even argue with you. I'm

bringing Ingrid.

He ends the call and I regret saying what I said but that was bothering me. I couldn't keep it in for too long.

Bless: Ookay.

I turned around.

Me: You heard everything?

She nodded and I sighed.

Me: I just couldn't keep it in anymore.

Bless: Has she ever been rude to you? I know how she is.

Me: Uhh ... No.

Bless: But Noluntu why did you say that?

Me: Because Luthando's life revolves around. Everything Mimi this and that. Its beginning to be a hook.

I took a seat.

Bless: I think we should speak about something else because your anger is beginning to take over you.

She sat down too.

Me: I was planning on traveling the world but Ingrid needs me so I will just go back to school and delay my plans until I am done with school and take her with me.

Bless: I see. So where is Ingrid?

Me: Luthando is bringing her.

Bless: Is that why he called?

Me: Yea. Apparently she is crying for me.

Bless: You guys have a strong bond.

Me: I know right.

I said smiling. " She is just so amazing that I love what we both share. "

Bless: Let it be like that Noluntu and do not let anyone or anything break it.

Me: I won't..

“I am a threat to her for some reason. ” I was in the kitchen and I just chuckled at how sure Noluntu is about herself that I see her as a threat. If I saw her as a threat then I wouldn't have allowed my husband to go see her.

Luthando is a man and and man knows what he wants. I was so lost in my thoughts that it took some time for me to actually realize that my phone is ringing. I answered without checking the caller.

Me: Hello?

“Hey. Its Stacey. ”

Me: Ooh. Sas. Hey girl.

Sas: Hey. I've been waiting for your call since that day when you were at the hospital.

Me: I had so much in my plate but I am free now if you want to see me.

Sas: I am also free so yea.

Me: Where can we meet?

Sas: Sandton mall love.

Me: See you there than.

Sas: I can't wait to see you.

We said our goodbyes then the first thing I did was go and fix Dre. I bathed him, dressed him, fed him and when he slept i went and got ready.

At the restaurant Sas and I settled down after hugging for some time. She was glowing so definitely there is a man involved and a whole lot of happiness.

Me: Sooo ... You look happy.

Sas: You have no idea darling.

She flipped her hand around and obviously she wanted me to see that 6 piece on her finger.

Me: Sas stop flicking your hair like a maniac.

We both laughed.

Me: Its so beautiful.

I pulled her left hand closer to get a better look.

Me: Who's the lucky guy?

Sas: He's name is Craig. Founder of John Craig?

Me: I don't really know who that John Craig guy is but wow. Congratulations.

I stood up..

Sas: Thank you.

We hugged and pulled off then sat down again.

Me: No kids?

Sas: I'm scared babe. I mean, yo Mamelolo!

Me: Haha! Its not that bad though.

Sas: I get the feeling that I am being lied to here but tell me how life is on your side. How's Mr Molefi treating you? I saw the papers.

Me: That he's wife is back right?

Sas: Yep.

I sighed.

Me: She just came out the blue and with her new attitude I don't know how to feel about her anymore.

Sas: Attitude?

Me: She said I see her as a threat.

She broke in laughter.

Sas: Has she seen you? Girl that beauty is nothing compared to that smart brain of yours. I mean you get Kusanda's pants going down.

Me: Kusanda? Really now?

Sas: Ok. Okay, Kevin Thompson. You even have a child with him.

Me: Bitch I tamed the mighty Luthando Molefi and no bitch has succeeded in doing that. His dead ex girlfriend nor his ex wife.

Sas: Now that's it so don't let some dead walking bitch to down your spirit.

Me: I wasn't planning on either.

Luthando

I entered Bless's house and the person that welcomed me was Bless's mother

Mom: My baby.

She kissed both my cheeks before hugging me.

Mom: Ooh Luthando ...so many dark spirits.

She's a psychic by the way. Stronger than her daughter. She can't see what's about to happen but she can feel it and even see demons and her husband on the other hand casts them out so without the two the two puzzles of life are missing.

Me: I've been clean for a year and a half mom.

Mom: Not you but those around you. We should pray Luthando. Come.

She took my hand and led me to the dining room. I placed Ingrid down then we locked hands. She was silent for a minute then said "amen" and we followed after.

Mom: Ingrid is possessed Luthando.

Me: What?

I said looking at her with a raised eyebrow.

Mom: It's not a strong demon but it will be strong enough to break what you and Mamelolo have built. You will encounter a bumpy road son

and the only one who can help you is the one above and I think I should stay with Ingrid for some time. Take her back to Botswana with me

Me: But mom, what demon? Where does it come from?

Mom: Hatred. That crack filled with hatred got the best of your child and that is the only way Satan got a hold of Ingrid.

Me: She is just 3.

Mom: And God is powerful.

She patted my lap.

Mom: Ingrid come with grandma.

She stepped down and walked around the table.

Mom: Do you want to see grandpa?

She nodded then they walked out the dining room. I sat there. Traumatized asf. I was also perplexed with a whole lot of questions.

“Wheres my daughter? ” i snapped out of my

thoughts.

Me: Huh?

Noluntu: I thought you were bringing Ingrid?

She sat down next to me while I remained quiet.

Noluntu: Luthando are you okay?

Me: Yea. I just feel some type of way. I need to talk to dad.

I attempted to get up but she placed her hand on top of mine.

Noluntu: Talk to me.

Me: The only person who has my answers right now is dad and not you.

I took her hand off mine and I could feel as the anger within the wanting to unleash. I didn't know why. I realized later that I was rude to her and my words cut deep in her heart.

Me: Noluntu I'm sorry.

Noluntu: Its okay. I am used to your tantrums.

Me: Noluntu. I am not the same person that I was 2 years ago-

I didn't get to finish what I wanted to say because her lips were clashed to mine and I didn't even see that coming..

Noluntu: And the feelings towards me? Have they changed?

When I felt my hand shake a bit I knew that the only feelings I'll always have towards Noluntu will always be the same. Its hate and love. I love her but my unknown hate towards her weighed the love I had for her. I guess that's why I always abused her in the past.

I stood up and walked out the dining area before I do something to her that I will regret.

The time was 20h00 and Luthando was not back from Blessing's house from dropping Ingrid. The last time he was away from me for long I woke up in the morning and learned that he was involved in a car state. I picked Dre up and made my way outside where I spoke to the driver since I could not drive at night due to my blurry eye sight then after that we entered the Jeep Cherokee and I was driven to Blessing's house. My son was in my arms as I went and rang the door bell. Nkosi got the door.

Nkosi: Hey Mimi.

He hugged me and I hugged him back.

Me: Hey. Where is Luthando? Is he in?

Nkosi: He just left for Rosebank. Uhh Noluntu is moving in one of his estates there.

Me: How long has he been gone?

Nkosi: 2 hours.

Me: 2 hours?

Nkosi: Uhh yea..

He studied my expression.

Nkosi: But uhh ...I believe he is just helping with certain things like cooking and stuff at the penthouse.

Me: I know the building so I will just head there.

Nkosi: Mimi-

Me: It was nice seeing you. Greet my in laws for me Bye !

I quickly said bye walking towards the car and entered. I told the driver where to take me and it took us 20 minutes to get to the building. I used the elevator and when I reached the door I exhaled and said a mini prayer. I was ready to burst. I rang the bell and Noluntu herself got the

door.

Me: Hi.

Her: Hey. You're looking for your husband?

Me: And Ingrid.

I made my way in without her approval then stepped inside the lounge area where Khaya, Ingrid and Luthando were sitting.

Khaya: Aunty Mimi !

With his unstable running he got to me and I could not let my emotions get in the way because I am used to always being jolly good around Khaya.

Me: Hey boy.

I placed a sleeping Dre on the fur couch and picked him up. Luthando stood up and came to where we were standing.

Thando: Hey.

Me: Hey.

I kissed his cheek.

Me: Why didn't you call and tell me that you won't be coming in early?

Thando: You've been out so your phone is probably in silent hence you didn't get any of my calls.

Me: What calls?

Thando: Check your phone. I tried calling you.

Me: Ooh uh yea. Those calls.

I glanced behind Luthando and saw as Ingrid had her arms wrapped around her father's leg.

Me: Hey baby.

Ingrid: Hello.

Me: Did you forget that tonight is movie night?

Khaya: Movie night !

He threw his hands in the air.

Me: I believe you guys forgot.

Ingrid said nothing. She was just standing behind Luthando.

Thando: Khaya and Ingrid are staying with Noluntu.

Khaya frowned.

Thando: What's with the face? You're staying with Ingrid.

Khaya: I want mommy.

Me: Mommy is back home. You guys will be watching minions with aunty Noluntu.

Them: Minions !

They said in unison with excitement. I placed Khaya down.

Me: Baby did you eat?

I said to my big baby.

Thando: Uhh yea. Noluntu had made some pie and calamari.

I turned around holding both my hands in front

of my thighs and smiled at Noluntu.

Me: Thank you so much Noluntu for taking care of my husband for me.

Noluntu: Since you couldn't I thought why not do your job for you.

Me: I have a job if you did not notice. Some of us work and assure a better future for our kids and do not depend on anyone.

Her smirk got wiped by my words then looked at Thando.

Me: I am so exhausted baby and I have to give Dre a bath.

Thando: We should get going.

Me: Great idea !

We said our goodbyes to the 3 then made our way to Thando's car and the driver drove behind us.

At the house the first thing I did was make

Luthando something light to eat so he doesn't go to sleep without eating then I bathed my son. I fed him then read him a bed time story. He got used to me doing that so he demands me to read him a bedtime story every night. In the bedroom I found Luthando..

Me: Ok. Since we're alone, mind telling me why you didn't at least call and tell me that you're helping your first wife to move in your penthouse?

Thando: Ex wife and baby I forgot okay? I was planning on calling you at a certain time but I kept on procrastinating that I ended up forgetting. I am sorry but just know that the only thing Noluntu and I have in common is Ingrid other than that we don't have anything else that could even bind us.

Me: I never said you guys have a thing going on. Less think about it.

Thando: I know you babe. You wouldn't just go

all the way to Rosebank to get me. You would have called. You thought you'll catch us doing something that we shouldn't do. I barely even say a thing to her Mimi.

Me: Baby, I am not angry. I was just curious to know why you didn't call but issokay. Do you want to sleep?

Thando: I want to spend time with Kevin's son.

Me: If only Luthando's daughter was here because she seldom sleeps at this hour but Kevin's son is sleeping.

Thando: Then we are going to wake him.

Me: Luthando don't !

He walked out the room and went to wake my little boy up and the whole night we watched Minions and The Boss Baby.

The following morning i woke up a bit late then bathed. Dre and Luthando were long up and they were even watching cartoons like Clarence

in the lounge. I said my morning to them and asked if they ate “ We ate at 8 but believe my baby boy is hungry.” he said that with his focus on the TV. I made my way to the kitchen where I made Luthando noodles with McCain and Dre's baby porridge. My phone that was probably ringing for the second time now was on top of the counter and I grabbed it. The number was not saved but I answered anyways..

Me: Hello?

“Am I speaking to Mimi? Mamelo Molefi?” I walked around the kitchen

Me: Yes. Who's this though?

“i am Naledi. Nonhlanhla's younger sister.”

Me: Wait ...my mother?

I asked evidently shocked.

Naledi: Yes. I am your mother and I would love to meet you.

Me: Oh my God.

I had my one hand covering my mouth and I was close to shedding tears.

Naledi: I stay in Mafikeng so if you want me to drive there then I am fine by it but if you want to come then tell me so I send you my home address.

Me: I will definitely come. I don't want you driving.

Naledi: Mimi I am young and believe you me that I can handle myself.

Me: But now I am here and I want you taken care of. I am coming with my husband and kids.

Naledi: Congratulations on your marriage daughter and how many kids do you have?

Me: 2 and the other one we're expecting in December or even the following year January.

I heard the door open and I believe we had guests.

Naledi: God has blessed you. I cannot wait to finally see you after 21 years Mamelolo. You have to come because I am dying in anticipation.

Me: We will be there tonight or if my husband is busy today we will make it the following day.

Naledi: I will be patient.

Me: Ok. See you.

Naledi: I love you daughter.

We said you goodbyes then I made my way to the lounge area and surprisingly prophet David, my father in law, was in the lounge with Nduna.

Me: Family..

I hugged the both men.

David: You look happy. Is there something good that's about to happen?

Me: Well..

I made a dramatic pause and looked at the three men.

Me: My mother just called and she wants to finally meet me after 21 years.

Thando: Your mother?

David: Let me guess, you don't know?

Thando: Uhh ...dad-

Me: I haven't had time to tell him and I think its unfair for me to have kept that away from you.

He smiled revealing his teeth. His smile happens to be my drug that gets my knees trembling.

David: So when will you meet her?

Me: I promised to come tonight and I want to

take Luthando with me.

David: Who is your mother again?

Me: Naledi. Naledi Mokoena.

David: I knew it just by looking at your features. You have your mother's genes.

Me: You know my mother?

David: In Botswana last year I had a church service gathering other pastors all over so we could have a prayer meeting. The whole week we starved by giving our fortunate to the poor and your mother was there. A very wealthy woman. She has every luxurious material, house, cars, you name them but i could see how empty she is inside. She lost 3 kids at once

Me: Yes. My brother Ris Mokoena got arrested and my younger sister went in the streets.

David: Send my blessings to her.

Me: I will prophet David.

David: God bless you child.

Me: Thank you.

They didn't stay long. They had just came to check on us and left. Luthando and I left Dre to watch TV and went to have a talk in the kitchen while I satisfied Zubenathi's cravings.

Me: So I was thinking..

He looked at me with his full attention

Me: I would love it if Ingrid came with us. I want my mother to meet all my kids

Thando: I would love to meet my in laws and I will bring Ingrid with. You deserve our support. All of us.

Me: Thank you.

I walked closer to him and we hugged. I wrapped my hands around his stomach and

inhaled his cologne. Immediately I was intoxicated by it and it was the best sense I have endured the past 2 years.

Noluntu

The following day Nkosi and prophet David passed by the pent house and took Khaya. After sitting for some time in the lounge in silence we went and took a bath together. I dressed my daughter in similar clothing colors then we made our way to the mall where with the card Luthando gave to me I bought Ingrid whatever she desired. It happens that its her card.

As we were busy shopping I bumped into my cousin Natalie. She literally tried to run away but the guy she was walking with held her. For

some time we stood in the store and I was trying so hard to get her to understand that I am not a ghost. She didn't believe me at first but the guy she was with helped me to get her to calm down. Natalie has always been in love with Ben 10s so I wasn't surprised when I saw this young looking guy.

Natalie: I mean, how are you alive Noluntu? I was there when you were buried.

Me: Natalie its a long story.

Natalie: Oh God-

Me: I am not dead and you can clearly see that it is me. I am here and well alive.

Natalie: Its just so hard to comprehend that someone who was declared dead is here in front of me. Its going to take time for me to try and take all this in.

Me: I'm sorry Natalie but I can't stay long.

Natalie: Noluntu wait. Uncle Reggie, does he know about you?

Me: No and it's better that he does not !

I was furious that she had the gut to be talking about my so called father who has never given a ratchet damn about me.

Me: I have to leave.

Natalie: Noluntu wait-

I grabbed I and Ingrid's shopping bags before walking out the store. On my way to Rocco Mamas I answered Luthando's call..

.

Mimi

Kopano: So you spoke to her?

Me: Yes and Luthando and I we're flying there using his jet.

Kopano: Ao Mimi that's unnecessary though. I mean, a jet?

Me: Its the Molefi's that you are talking about so it's a must that we travel by a jet

Kopano: Fine. I am coming with you though I am nervous to meet her.

Me: Run me through this: you haven't met mom?

Kopano: I have and that was probably 5 years ago. She was in a bad state and I was selfish to follow Ris the troublemaker. Jozi changed him to become this bitter guy and he was always involved with the cops to a point where he got arrested for murder and he was the most wanted.

Me: Why didn't you go back home?

Kopano: Drugs took a toll on me till Carti and

Luthando found me. He asked me about you and when I heard the Nyosi name I panicked. Those people are pure evil and I did not want to be taken to Nonhlanhla's house hold and probably become her maid. Time went on and it wasn't long till Luthando found me. He was in a bad state. The day he left you for Abu Dhabi. He took me with and at first I thought I'd be his goon but no. I was trained to become better and more smart until now. Chick I can sense a snitch from a mile away.

Me: And I am happy that you changed to the better.

Kopano: We both did Mimi. You were a prostitute and I was a drug mule. Its never late to change to become better

Me: I am proud of you and myself too-

I didn't get to finish my sentence because there were several voices outside arguing. Kopano and I made our way outside and we found the

two guards holding 2 colored boys. One dressed in blue and one dressed in black. All Nike.

Me: Stiga Jabs? What's going on?

Stiga: These are the very same boys that left the letter the other day and sent you a message.

Kopano: Reezma and Olain.

Me: Wait, you know them?

She let out a sigh.

Kopano: Yes and Mimi understand that they were sent.

Me: What ?!

Kopano: Diamond. The leader. Look, Mimi its a long story.

Luthando's car made its way in the yard.

Me: Well it'll be a very long story when he is done with them.

Luthando stepped out his car and made his way towards obviously wondering what earth was happening at our doorstep.

Thando: And then?

Jabs: Boss, these two are part of Reign. We recognized them as we drove inside the yard hanging around the streets and obviously they have a motive.

Thando: I see.

He looked at both teenagers before glancing at Kopano.

Thando: You know what to do

She was placed in a very tight position but

Luthando is her boss and it is a must for her to do by his command. She looked at me. Obviously she wanted to be involved but I can never meddle in business so I moved back a bit.

Kopano: I'll be on it.

Thando: Good.

He took my hand and we stepped inside the house. He wrapped his hands around my waist and kissed my neck.

Me: Where is Ingrid?

Thando: With mom. She said she is joining us to Mafikeng.

Me: Really?

Thando: She's excited.

I turned around.

Me: I'm excited. God lord Luthando your family is just so amazing.

Thando: You're amazing.

He left a wet kiss on my lips before we made our way upstairs...

.

Noluntu

I was at the penthouse going through a list of university that I'd consider and I wasn't in luck. Ingrid was gone so I had the place all to myself. The doorbell went off so I stood up leaving the laptop on top of the coffee table and made my way to the door. Behind it was Zweli. My eyes widened larger than saucers.

Me: Zweli ..how ...how did you know I am here?

Zweli: I have my ways to find things. Will you allow me in?

Me: No ... I mean. What do you want?

Zweli: Otlong tsenya or yang bedi?

He was speaking in a language that I could barely even understand so I kept my silence.

Zweli: Noluntu am I not good enough?

Me: Zweli-

Zweli: Don't touch a point that I can't get. Just tell me why the fuck did you take me vir kak ?!
(for shit)

Me: Zweli calm down. Please !!

Zweli: Just talk Noluntu and stop telling me what to do !

Me: How can I when you dont even give me chance to even breath ?!

Zweli: Fine ... Talk.

Me: I can't.

Zweli: What?

Me: Zweli I can't talk to you in such a state okay?
Please.

Zweli: What state are you on about-

I tried to shut the door on his face and avoid a fight that's about to occur but he blocked the way with his sneaker. That's when I knew shit was about to hit the fan. I made my way upstairs and closed the door and grabbed my phone that was on the charger. I had placed Luthando's number on speed dial. In case something in relation with Ingrid happens and he is the only person who can help.

Me: Zweli please !

Already I had pressed on the "call" button and it was ringing

Zweli: Nah baby gal. I just want to have a talk with you like adults.

Me: Zweli- (crying)

I could not keep in my tears. My fear had turned into tears. Luckily Luthando answered right on time.

Thando: Yes?

Me: I need your help please !

Thando: What?

Me: Luthando ... Zweli. Oh God he is going to hurt me Luthando.

Thando: Very funny Noluntu. Zweli would never hurt you.

Me: He is here dammit and I just signed my death wish so please just come and get him because if he gets through that door I am-

My phone fell right on the ground when the door opened and he was standing behind it with a smirk on his face..

Zweli: Who said Luthando will help you now? He has a wife and you're their worst nightmare. I might as well switch on the alarm for a wake up call !

.

Mimi

Me: Is everything okay?

Thando: Noluntu called crying saying that Zweli is going to attack her and shit.

Me: Wait, what?

He let out a chuckle.

Thando: She's just so dramatic it amuses me.

Me: Uhm ... Yea.

I grabbed my sling bag since the bags were already packed in the boot. Downstairs I took Dre from the nanny though my mind was off somewhere. It was obviously about Noluntu and I just had this feeling in my guts that indeed something was going to happen. I couldn't even be in denial.

Me: Babe?

We were on our way to the car.

Me: What if she is telling the truth? What if Zweli is there and he will do damage to her and definitely this time we will bury her?

Thando: Yea but Zweli is an agent. He knows what's at risk here. He is going to get many years in prison.

Me: Luthando just go ! We will follow you.

He let out a sigh.

Thando: Fine. Wait for like 30 minutes then I will return. If she's just exaggerating then you owe me two rounds.

Me: Just go !

He made his way to the car and I walked back into the house..

I was mad. I was over the edge of even tolerating such nonsense from Noluntu because I know that she is doing all this to get my attention and oh boy will she get it. Not in a good way. I parked my car outside the building and made my way up to my penthouse using the elevator. When I arrived the door was closed. I tried to see if it was locked and I succeeded to open it with no effort or whatsoever.

Me: Noluntu?

The furniture was in its rightful form and there was no screaming. I entered the main room and I found her sleeping on the bed. There was a pack of sleeping pills on the head table with a half a glass with water. I shook her a bit and she woke up. I grabbed the pill container and checked the pills. They were full so she just opened them.

Noluntu: Zweli !

Me: Its me.

She sat up straight.

Noluntu: Where is Zweli?

Me: There is no Zweli here. Its just me.

She looked confused and that made me think she was on sleeping pill overdose.

Me: Why did you call telling me that Zweli is going to attack you?

Noluntu: He ...

She stood up looking around.

Noluntu: He was here Luthando and he was ready to kill.

Me: Oh really?

Noluntu: Yes. He ...oh God I was so scared that this time I was really going to lose my life.

I let out a sigh.

Me: Pack your stuff Noluntu.

Noluntu: Where are you taking me?

Me: To Bless's house !!

I was beyond angry. The word angry could not even define how I felt at this particular moment.

Noluntu: Stop shouting please.

Me: I said pack your things.

Noluntu: Why Luthando? Why is there the need to go to Bless's house.

Me: Oh. Because Zweli who is a South African agent and is meant to protect the world wanted to kill you. Pack your shit.

I grabbed my phone and gave Nails a call and told him to check the surveillance for me. He called after 5 minutes and by that time I was in the lounge waiting for Noluntu Jacobs to be done with her shit.

Me: And?

Nails: I dont understand why you would say that Zweli tried to attack Noluntu because the time Noluntu called you and said Zweli was about to attack her is the very same moment agent 004 was in a meeting with Cynthia. They never left the room since then and the boss is even here with me.

I sighed.

Me: What does the surveillance say?

Nails: Noluntu stepped inside the bedroom,

took the pills, drank one and went to sleep after speaking to you.

Me: She must be shitting with me !

Nails: She has a motive and her sudden appearance worries me.

Me: I'm also worried. Something is up but let us not touch that point. I want to meet with Zweli.

Nails: I am looking at him now and he is having a talk with one of his girlfriend's security team

Me: Girlfriend?

Nails: Baby mama, you name it man.

I let out a chuckle.

Me: Put Wáve on parole because you need to rest.

Nails: Ay Lethabo ! The boss said you're on parole.

“ Fuck you !” he said that because Gontle called

him by his first name. I said my goodbye to Nails when Noluntu stepped down with her bags. This woman is going to be a problem in my life..

Noma: You can't just cancel with your mother Mamelolo ! I was looking forward to see her !

God she was shouting right on my ear.

Me: I was also looking forward on meeting her today but I believe we will see her tomorrow afternoon plus there is work that I need to cover up.

Noma: Oh hell no Mamelolo !

Me: What?

Noma: That woman will not just make you postpone a very important meeting with your mother. There are rules that you need to lay down for her.

Me: Like?

Noma: Everything that's in relation with Ingrid she discusses with me.

Me: But Noma that's unfair. I can communicate with Kevin perfectly fine.

Noma: Kevin is not a nuisance in your marriage. He knows his lane and him and Luthando get along perfectly.

Me: I can get along with Noluntu.

Noma: She is in love with Luthando. It's going to be awkward.

Me: Yea but ...

I let out a sigh. Luckily for me Luthando called.

Me: Babe?

Thando: Can I get you at HQ?

Me: Yea but why?

Thando: I just want to see you.

Me: Should I bring the kids?

Thando: The security team is there plus mom so no. There is no need.

Me: Give me 15 minutes

Thando: What will you be doing with the other 5?

Me: I gotta look sexy.

Thando: Baby you're sexy in everything. Even in a hoody and sweat pants.

Me: I know baby but just give me that 15 minutes.

I heard as he exhaled on the other side.

Thando: Fine !

Me: Thank you Joker.

I ended the call and the first thing I did was

inform Noma then made my way to the car without even changing. My driver started the car once I was in and we arrived at HQ. Thando was busy speaking to someone as I was told so I walked over to where Sbu and Zweli were standing.

Me: Gentlemen.

They greeted me back.

Zweli: You look beautiful.

Me: I know but thanks.

Sibusiso let out a chuckle.

Me: So aren't you supposed to be arrested for assault?

Zweli: Mimi you know me. I could never attack anyone. Not even a fly.

Me: She called crying Zweli.

Sbu: Believe me when I say I was with my G when that woman called Luthando. We keep

tracks of all the calls here at HQ. Especially agent 001, 002 and 004.

Me: Who's 003?

Sbu: Don't worry about her. She can take care of herself?

Me: Who is she?

Sbu: T-gom.

The door opened and a Givenchy dressed woman stepped inside with her heels making sounds. Thee Gloria Thobang. I have seen her around.

Sbu: There she is

Me: She's old.

The two laughed.

Zweli: Make sure she does not hear you because all hell will break loose.

Me: My bad.

Luthando came to where we were standing. He placed his hand around my waist and pecked my lips.

Sbu: We know you have it all but stop bragging man.

He looked at me from the corner of his eye.

Thando: I'm sorry that you had to cancel. Just that work is here is not running smoothly if I am not on parole.

Me: Its okay.

Thando: Call my mother in law and tell her that by tomorrow afternoon we will be there.

The two went “ Owwww !” and we just let them be.

Me: I did.

Thando: Ok. Your husband needs to have a talk with Zweli. I love you.

Me: I-

He pecked my lips thrice.

Me: You too. I love you.

Thando: I love you more.

He unlocked his arm around my waist then him and Zweli disappeared in one of the rooms.

.

.

.

.

Thando

He closed the door behind him.

Me: I met with doctor Sue in the med room.

Apparently Noluntu has been high on mandrax.
Sleeping pills..

I made a pause to see his reaction but he didn't

give me one so I continued..

Me: You are a professional gangster and you were taught to clear tracks and leave nothing that could possibly point that you have ever been anywhere.

Zweli: So you're saying I covered my tracks on his predicament? That I actually did go to your penthouse. The one recommended by HQ? With HQ junior guards who happen to be the best at what they do? Ones that despise me with every fiber in their body? Think it through Luthando.

Me: I won't think anything through. I want you to check your tracks. I am not pointing fingers because nothing, not even one thing, is pointing at you. At this moment it's Noluntu's word against HQ and they will take action on her if she is being disloyal. That will lead to a court appeal and a whole lot. Just know that Zweli.

Zweli: Yes boss.

Me: Good.

I stepped out the room and on my way to where Sbu and Mimi were standing I passed by doctor Sue's office and I could see what was happening inside like they could see what was happening outside. I saw as Noluntu sat on the bed and spoke to Dr.Sue and she could feel that someone was staring at her hence she looked up and our eyes met. I could tell that she was beginning to get uneasy so she alerted the doctor who closed the curtain. I let out a laugh then continued to walk towards the two..

Sbu: And that smile?

Me: I just remembered something that I need to go do with Thembi.

Sbu: Yerr u-sfeb nja yam !

Me: Haha! if not now then when can I be?

Sbu: How about never? You're getting old Zweli and you need to settle down.

Me: I will.

My phone beeped and it was an alert from Cynthia. I entered the computer room and walked to my desk. I had an errand at first i and i knew that the break in involved Dracula. I sighed. This was a task that I needed to sort out with professionalism because I was once a Dracula and I owe them a lot.

I grabbed my car keys and made my way there and the first person who I bumped into at the warehouse was Kusanda. My sworn enemy. He was involved with Mimi once and made sure that her and I do not become a success. Now

he did the very same to Noluntu and I and the worst part about all this is that I just know and do not have proof or whatsoever.

Kusanda: Zweli Mr Tripp.

Me: Ysek sahani! (piss off)

He continued to laugh.

Kusanda: Somebody looks grumpy.

Me: Eh! Spugupugu, dont you have something to do? Like rob a bank?

Kusanda: Don't you have a date with Noluntu that you need to prepare for?

Two things that Kusanda and I have in common is strength and our anger takes full control of us but I still went with my attempt to pin him on the wall. Nkosi and Joaquin were the ones to come and separate us but we are not the types of people that you'd want to stop when we are angry. I punched Joaquin hard across the face then went back to Kusanda. I fired two punches

and he fired two too. We continued to punch each other until Nkosi grabbed me and I wasn't about to stand up against Nkosi. He is my home boy and I can't let a bitch like Kusanda be the reason behind our separation.

Nkosi: What the hell is wrong with you ?!

Me: Not now Nkosi.

I walked closer to the door and I wanted to leave but when I heard as Kusanda said “ Keep on running you sick ass princess” behind me I went crazy and we were at it again..

After Zweli left HQ I went to join Thando in the computer room. He left what he was doing and

came to attend me.

Thando: Are you okay?

Me: No baby. I want to leave.

Thando: Do you want me to join you?

Me: No. I believe that you have work to attend to so I will leave you to it.

Thando: Nah. I'll just leave with you.

He grabbed his jacket from the chair and came back to me holding his keys.

Me: Is Noluntu alright? Zweli tells me that he didn't even go to your pent house.

Thando: Zweli is an old time gangsters so he knows how to cover his tracks. He was there

Me: How sure are you?

Thando: I was a gangster before and I've been to prison before. Ive seen things that gangsters learn from the inside. He is just another Kusanda.

Me: Kusanda? How is he involved in this?

Thando: He is just good when it comes to covering tracks. He knows how the process works so before the law even thinks about certain steps that should be taken he has already taken care of his actions.

Me: Disadvantage of having an agent who was a gangster beforem

Thando: Its the good part about the job. Jobs are done successful when gangsters are involved.

We entered the car. He was the one who had opened it for me then he drove us home..

Noluntu

I have been at this Headquarters for like 5 whole hours and I have been asked the same question over and over. At some point I was taken to a room where I was firstly given medication then I slept. Everything was peaceful for me until I heard his voice..

Zweli: Luntu ...i might have missed the first time..

I opened my eyes and he was staring right at me.

Zweli: But this time I will have the job done !!

I jumped from the bed and made my way out the room screaming for help. One of the female agents came to me.

Her: Are you okay?

Me: He is going to end me !

Her: Who? ... Hey talk to me.

Me: Zweli ...he is in that room. He wants me dead.

Her: Oh boy. Doctor Sue. I think we should call Agent Molefi and tell him to return because we need his help !

She said helping me up and Sue was making her way to us..

I was in the shower with Luthando and we were playing around in the shower being naughty. We spent an hour in the shower having sex until it was time for us to go back to the room.

Thando: Argh ! What do they want?

Me: Who?

Thando: HQ.

Me: No no..

I took his phone.

Me: I am not taking any calls from work meaning that you too should not be taking calls from work.

Thando: Babyy !

Me: Its unfair that you made me switch off my phone so now I am the one..

I switched his phone off.

Me: To switch yours off. Now, come here..

I pulled his closer and we kissed..

“ HQ texted me. I am needed there asap. ” I let out a sigh as I see as my plans for the day fade away. I dont say anything to him but act as if I did not hear what he just said.

Thando: Mamelolo?

Me: Babe?

Thando: Why act as if you didn't just hear what I said?

Me: Argh ! I just have a lot on my mind right now that I didn't even hear what you said.

Thando: Things like?

Me: Things like go to Mafikeng.

I rolled my eyes after saying that.

Thando: Shit ! Can we leave at 2? Please.

I go mute on him again then grab my sling bag from the bed and take a good look at my maroon outfit.

Thando: Mamelolo !

Me: I heard you.

Thando: Baby, what's going on? Why are you acting like this?

I huffed.

Me: Luthando I feel like I am being left out and HQ is replacing me in your life. We should be in Mafikeng now and mom would probably be making us something nice to eat and we'd get to catch up to all the years we missed as mother and daughter.

Thando: HQ isn't replacing you baby.

He walks closer to me then his hands snake around my waist.

Thando: Today is my last day there and I even promise to switch off my business phone so they do not get a hold of me and I will be doing all that just for you baby.

Me: You tried that once and what happened? They invaded our house !

Thando: Baby Mumu waka ...Dlamini,
Sibal'khulu, Mdlovu, Mzizi, Magaduzela.

I felt as I turned pink when he addressed me using his clan names. Hearing as he spoke and used his motion during that clan naming my knees went wink.

Thando: Just like I promised to love you and only you. I now promise and I will definitely keep my word on this one. I will return. We will fly to Mafikeng and we will get to meet Naledi. Your mother..

He pecked my lips.

Thando: My mother in law. Believe me.

I sighed. I couldn't say no and I didn't know why. Maybe because he just knows how to make me weak.

Me: Fine. I will be home waiting for you to return.

Thando: I love you Mimi.

Me: I ...I love you too.

I walked even closer to him then we kissed.

Kopano

I was in the office when a file that looked familiar fell from the boss's table. I picked it up and went through it. There were pictures of Kusanda and he was sitting with some guy. The pictures looked pretty mysterious. The looks, posture and the only person that had ordered something was Kusanda. The guy's hand was under the table meaning their meeting was business related.

I stepped out the room and made my way to doctor Sue's office. I wasn't dealing with Noluntu's case but I am a member at HQ and i

have to do what I have to do.

Me: Give me Noluntu Jacobs's file.

I said after barging into her office.

Sue: Hi to you too Kopano.

Me: You're wasting time doctor.

I may seem rude but I am not. I am actually being very nice to her right now plus this is how I was trained to deal with such predicaments. She pulled the file out..

Sue: Why? Did you get a solution?

I grabbed the file from her hand.

Me: The only one I got is how to stop nosy around.

Sue: Mxm !

I stepped out the room and made my way to the computer room. I sat down and looked through her file. When I saw Nail's passing by I stopped him.

Me: Nails?

I walked over to him and he was waiting for me.

Me: You know people and ones that are involved in illegal business so do you mind helping me get this guy.

I showed him the guy from the pictures I found.

Nails: That's Adam McKenzie.

Me: Okay?

Nails: He works at some lab in Sandown. Why?

Me: I want details of him. His number. I am working on a case.

Nails: What case?

Me: One where I make research of why people love asking questions so much.

Nails: Whatever !

He grabbed the picture.

Nails: Gimme 15.

Me: I'll be waiting buddy.

Nails: I am not your buddy.

We walked to his computer and I sat a far looking at him as he did his magic..

Thando

Me: What happened to you?

He entered his office and I followed behind him.

Zweli: Uhh I was involved in a fight.

Me: Cat fight?

Zweli: Very funny Luthando and no. It was a fight with some guy.

Me: What's the reason to lie when you know

that I know the truth?

Zweli: What truth?

Me: Nkosipendula called and told me about your cat fight with Kusanda. I won't ask why y'all fought. I'll find out on my own.

Zweli: Really?

Me: Yea. I know something though. I know that it has to do with Noluntu. Yea that's right.

He folded his arms.

Me: What are you two really playing at? What are you going to achieve to all this?

Zweli: You tell me because Luthando I have no idea what you're on about.

He grabbed his phone from the table.

Me: You're right. You dont know anything know but yea. A day will come where you my friend have to get that ass whipped.

Zweli: You're delusional Luthando.

Me: Too much !

I made my way out the room and went to Noluntu's ward. On my way there I answered a call from my cousin Kusanda.

Me: Ta.

Kusanda: Hey cus.

Me: Yea. What do you want?

Kusanda: Nothing much. I was going through some things and I stumbled upon your sister in law's file. Damn she nasty and hatdcore.

Me: I see.

Kusanda: What bothers me is the wife. I mean, can she fight?

I opened the ward door but stopped. The lightbulb on my head was switched.

Me: Ku-

“ Do you mind telling me why the hell you brought me here without Luthando's concern. ”

Mimi said in the background and my blood pressure rose up.

Me: You son of-

Kusanda: She's your aunt.

Me: Cunt !

Kusanda: Whoa cus ! Chill. I won't hurt your wife. I mean, she's too beautiful to be hurt. I will treat her with respect. I won't abuse her. I won't control her life nor even neglect her like you do.

Me: Kusanda !

Kusanda: She is in good hands..

Its been some time since I have seen my son Dre. I have spent time with the twins, Naledi and Ken the past days but not Dre. Plus I miss him. I tried to call Luthando to hear where he is but he wasn't answering my calls. Even Mimi wasn't so I climbed in my Jeep and made my way to their house. Unfortunately Mamelolo was not around. Just Noma Molefi and her two grandchildren. Ingrid was in the play room and Dre was playing alone with his car.

Me: Hey lil guy.

I picked him up from the ground.

Me: Where is Mimi?

I asked Noma.

Noma: She told me that she is going out shopping for Ingrid but she has not returned. She is not even answering my calls.

Me: That's odd. She's not answering mine too.

I took out my phone and tried to call her again but still my calls remained unanswered.

Me: I get a feeling that something might be wrong.

Noma: Like something happened to Mimi?

She was worried. The look in her face was evident of the fear that was brewing.

Me: Uhm ... Relax. I will have my guys look into it.

Noma: Do it now Kevin !

Me: Relax Noma. You will have a panic attack.

Noma: Ok.

She inhaled then exhaled.

Noma: Now call your people and find my daughter in law.

Me: Relax..

I dialed Thando's (TT) number and called him

.

Mimi

He returned with a tray filled with food and they were all my favorite. I squatted my eyes down and stared into his eyes..

Me: What am I doing here Kusanda?

Sanda: Relax. I did tell you that I was sent here by HQ right?

Me: Kusanda you're lying. You are not sent here by HQ. I can see it in your eyes that something is happening and my life is on the line here!

I was so scared. I knew that shit was going to hit the fan.

Sanda: I am not like Senzo nor Zweli nor Luthando ! I love you Mimi and never will I hurt you. I don't see a reason to.

Me: How sure should I be?

Sanda: Very sure. If it was for someone else they would have killed you but it's me. I am keeping you alive.

Me: Kusanda, do you know if Luthando gets a hold of he is going to kill you and if someone comes along with him and gets to stop him from killing you you will still be in jail for a very long time for kidnapping an agent's wifem

Kusanda: He didn't marry you !!

I let out a chuckle before raising my left hand and showed him my platinum ring.

Me: Think again.

Sanda: Mimi ...you and I, I was planning to make

you my woman. Treat you better and not even like a prostitute. I didn't see you as one even because you're so beautiful Mameloo..

He caressed my left cheek making me so unconformable. I must admit that Kusanda is just so amazingly handsome. He's physique, the way he talks and his dark complexion is just a major turn on. He is tall and really tall. He is all muscular and intimidating. He didn't see Luthando's dreads to make him look even more attractive but one thing will always remain: he is not Luthando. My heart will always beat when I feel his touches and not feel uncomfortable like Kusanda makes me feel..

Me: Don't touch me.

Sanda: I'm sorry.

He moved back a bit.

Me: I need to talk to my son.

Sanda: I can bring him-

Me: Noooo !!

Sanda: Ok then I can FaceTime him.

Me: I want my son and I don't want to see him over the phone. I want to have him close to me. Not here.

Sanda: Then where?

Me: Home where I belong you fucking psycho!
I pushed him so hard that he even let my mini strength make his back collide with the wall.

Me: I am leaving.

Sanda: You're not leaving Mimi.

I grabbed the sling bag from the coffee table and made my way towards the door.

Sanda: Mameló !

Me: I'm leaving dammit !

Sanda: Mimi don't leave.

He grabbed my hand and he didn't hurt me. I

turned with a major slap on his cheek.

Me: I said don't touch me!

Sanda: And I apologized Mimi but don't leave.

Me: Why beg me? We have nothing going on.

Sanda: Yea but He doesn't deserve you Mimi because his actions speak for him. The way he neglects you for HQ and his ex wife who rose from the dead. If I hadn't called him he wouldn't even know that you're here and months will pass with you being away that him and Noluntu will begin to date.

Me: You're wrong.

Sanda: Noluntu was dead for like 6 months and he jumped in a serious relationship with you. Luthando does not care Mimi. He only cares about his daughter and Mother. Nothing else.

Me: He loves me Kusanda. I know Luthando. If he didn't love me he wouldn't have accepted my past nor even marry me knowing damn well

who I was before. He even accepted my son who I had with an enemy. Luthando loves me and its always hard to love someone with their baggage but he loves me even more with it.

Sanda: You're being delusional Mamelolo.

He was now standing in front of me.

Sanda: Why can't you love me Mimi?

Me: I do because God does love.

Sanda: Dammit don't tell me about God! I love you and I will treat you even better. With your son and your unborn baby.

He tried to touch the belly that had Luthando's child in it but I slapped his hand away before his hand landed on something that belonged to another man.

Me: I won't repeat myself Kusanda. Don't touch me!

Sanda: I'm sorry.

Me: Jesus God me. Watena ! (you're boring.)

He gently touched my hands and I was so annoyed that I lost defeat. If I continue arguing with him then I will be trying to pull the gun with no bullets but still being in denial.

Sanda: I love you Mimi..

I had wrapped chains around my hands, both of them and I hit him for the 5th time on his ribs. I prefer the lower part of the body because he is a handsome white man and I'd hate to ruin his face for the ladies.

Me: Where's the damn antidote you fucking prick !!

I hit him two more times and that's when he got defeated. I wanted the antidote to Noluntu's hypnotist. It happens that the pill that she was given was not sleeping pills but one that makes her hallucinate and have her own voices in her head. The fears she has always had seemed real and I believe his other fear was Zweli hence she thinks that he is after her.

Adam: Ok !! I will talk but just stop with the hitting.

I loosened the chains from my hands and let them fall on the ground.

Adam: Just untie me..

Thando

Right now I didn't want HQ's help. I want to do things on my own and with my old crew so I gave Kagiso a call and we met at our old warehouse. I was standing behind him as he was tracing Mimi using her engagement ring and if it fails we use the tooth that the dentist at HQ placed on when she went and checked her teeth..

Me: And?

Kagiso: His pent house. Then one here in Sandton.

Me: Which one? That fucker has many !

I was so pissed off that the only thing I wished for was to have my unharmed wife next to me.

Kagiso: Here..

I looked at the address then grabbed my keys.

Kagiso: Should I come with you?

Me: I'm going alone because I want no disturbance when I have that aashole..

I stepped in the car and drove off killing the E63s.

I was by some pub & grill when I received a call from some friend of mine Max. He is your typical cheeboy who spends daddy's money. Being the son of Themba Thabekhulu he got everything with the use of money.

Me: Ta?

Max: Hey my G. Phi?

Me: I'm around Soweto. Why?

Max: I was at the mall with the girlfriend when I saw your sister with Kusanda Molefi.

Me: Kopano?

I was livid already. I specifically told her to stay away from men because she is just 18 and needs to focus more on school. But how can she when she is forever at HQ?

Max: Nah. Mimi.

Me: Wait ...shit she's in trouble.

Max: Yep. Kusanda isn't the type of man to associate with plus him and Luthando have bad history.

Me: I know hence that clicked to me so quickly. Man we will see each other around but now I have to drive back to Jozi.

Max: I followed them by the way. They are in Sandton. Some pent house.

Me: You are a G indeed man.

Max: We're friends and I'll do anything for ya poi.

Me: Thanks and I'll see you.

Max: Awesome.

I placed the phone in my pocket and left my food.

.
.br/>.

Thando

At the pent house I passed Kusanda's cars that were all parked in front of the building. He is definitely living large this fucker but all this will be history once I am done with him.

I didn't knock. I kicked the door down and I found him standing with my wife in front of the

door and he was begging her for some reason. I grabbed him by the collar then punched him twice.

Mimi: Ahhh !

Clearly she was traumatized by all this. I wanted to stop but my anger could not let me. I punched him and he punched me back but that worsened my anger. I threw him on top of the glass table then grabbed him again. I threw him to his flat screen TV then again I picked him out. Blood oozing out from some part of his body. I pinned him on the wall and wrapped my hand around his neck and had no mercy with him this time. My aim was to have him dead in 5 minutes time.

.

.

.

.

Mimi

Kusanda was pinned on the wall and I watched as his life slowly faded away. He was close to death and Luthando wasn't even bothered by that. He wanted him dead and for some reason I had this soft side for Kusanda that I didn't want him to be killed. Well, not in my presence at least.

Me: Luthando?

He said nothing.

Me: Luthando please dont kill him.

He still remained quiet.

Me: What if it was our son Dre and he had made a mistake like Kusanda. You wouldn't like it for him to be strangled like that. To be in between life and death.

He shot a glare at me.

Thando: Don't use my son in his evil ways
Mamelo !

Kusanda's eyes rolled back.

Me: (crying) Luthando he is going to die ! Please
dnt do this.

I walked closer to him. When I touched his hand,
he slowly let go of Kusanda who slid down on
the floor half conscious.

Me: You are a changed man Luthando. We both
changed. Don't let Kusanda take you back to
the man you were a year ago. We have fought
so much to get where we are today so please
baby.

I raised his head and made him look me in the
eye.

Me: Please.

Thando: Mimi, did I fail you? Did my neglect
drag you down to this?

A tear dropped from his eye.

Me: No. Of course not.

Thando: Then why are you here? Because I neglected you.

Me: No. Because I am such a fool to actually believe that Kusanda can ever be an agent.

I rubbed his cheek. Two members from HQ and Kevin Thompson barged through the door.

Kevin: Are you okay?

I nodded and he smiled.

Kusanda was not arrested immediately. He needed medical attention asap so the paramedics strapped him on the bed then taken to the ambulance. Luthando who has been in the same awful state was checked by doctor Sue.

Noluntu

I was in the ward when agent 0020 (Kopano) entered the door with a male doctor. They both greeted me then the doctor rubbed my shoulder where he injected me. A minute later I began to feel drowsy and fading away.

Kopano: She's going to be normal when she wakes up?

Dr: Yes.

There voice were echoing in my ears but I could make out what they were saying.

Kopano: I am glad. She deserves a break.

Dr: Indeed. She will be better when she wakes up and I believe I will discharge her soon then she will start her life over again.

Zweli

After hearing about Kusanda being admitted to hospital because Luthando almost killed him for keeping Mimi against her will I made my way to HQ. I entered Noluntu's ward. The doctor told me that they had found an antidote to her trauma so now she was sleeping all of it off. I sat down besides her bed and held her hand that had an IV.

Me: Hey..

I kissed her hand.

Me: I may seem crazy, creepy and someone who would actually drug and torture you but not to those I love. At Luthando's apartment I wanted to talk to you about what Kusanda told you about me. I guess the fear you had because

of what you heard about me made it seem like I was about to attack you. I love you too much to actually try and attack you. I want to start a brand new life with you Noluntu. With your daughter and my daughter. I believe that we will be a family. A happy one. I am accepting you the way I am. Just also accept me as I am but if you say no I will back off. If we are meant to be then we will find our way back to each other-

Her hand shook a bit and she moved her hand around a bit.

Noluntu: I love you Zweli.

Her eyes were closed. I smiled at myself then stood up. I pecked his lips.

Me: I love you too.

I didn't stay along. My daughter, Zwelithando, was waiting for me. At this time I take her out for ice cream and I hate to disappoint her. She is practically my life..

Luthando was in such a critical state psychologically that the doctor went as far as sedating him. I knew that it's because of what Kusanda did and he over thought things hence he is on a hospital bed this particular moment. I had came back from getting myself coffee and when I returned I found him opening his eyes

and moving around a bit.

Me: Baby?

I walked closer to him and our eye interacted.

Me: You're okay!

I placed the cup down and helped him sit up straight. For some time he stayed quiet.

Thando: Where's Kusanda? Where's that son of a bitch?!

Me: Baby, relax. Kusanda is in hospital and he is still unconscious but when he gains his consciousness then he is going straight to jail.

Thando: I pray he dies.

Me: Thando..

I shook my head.

Me: How are you feeling?

Thando: I'm fine.

Me: Really? You're gonna act like that?

Thando: I am angry Mamelolo. Why didn't you allow me to kill that son of a bitch !?

Me: Everyone deserves a second chance. Kusanda was not in the right state of mind when he kept me against my will. Baby he didn't even hurt me.

Thando: But still Mamelolo. He deserves to pay with his life.

Me: I won't allow that. You have changed to the better. I will not allow my husband to go back to being that man who was ruthless and had no heart. Luthando you now have a family and you are an agent. The best one at HQ. Why would you want to go back to that dark past?

He didn't answer me.

Me: Baby?

Thando: You're right. I have a family now and that's my only priority. If I focus on Kusanda then I will go through the same trauma when I

neglected you and one of my enemies get their hands on you. Kusanda is safe ...for now.

Me: Thank you.

Thando: No. Thank you.

He pulled me closer.

Thando: I don't want to lose you Mimi. That's my worst fear. I never thought that I will love someone this much but here I am. I'd rather lose my life then for you to lose yours. I'd rather have children with you then any other woman out there. Let me not lose you.

Me: Dont..

I leaned and we kissed. I pulled out the kiss then rubbed his lower lip. I was staring at it like I'd stare at cake. We both broke in laughter before i leaned once again then we kissed again.

When I woke up the first person I saw was Ditsholofetso. Its been some time since I have seen her. She helped me sit straight then I drank a glass of water before we said anything to each other

Bless: How are you?

Me: I feel better now. I thought I'd wake up to another trauma but I feel astonished.

Bless: I'm sorry that we haven't been seeing each other. It seemed as if I was neglecting but I had some problems of my own. Nkosi and I have been having some problems but our little one brought us back together.

Me: You guys aren't the time to have marital problems.

Bless: Really? I mean, how special are we?

Me: You love each other unconditionally and even if you'd start a fight out of the blue and it's meaningless, Nkosi will beg on his knees. You are Bonnie and Clyde.

Bless: I believe Bonnie and Clyde also fight.

Me: Yea, I mean. Who doesn't?

Bless: What about you? Have you spoken to Luthando?

I huffed.

Me: No. Its been some time and I think its best we see less of each other.

Bless: You guys need to talk though.

My eyes fell on her lower body. I could see a belly that has popped. My eyes went back to her.

Me: You're pregnant?

Bless: Yes. 12 weeks.

Me: How that's ...wow.

Bless: I know right? The father is so excited that

its so cute.

Me: When did you find out?

Bless: 2 months ago.

Me: Congratulations Bless !

She walked closer and we hugged.

The ward door opened and Zweli stepped inside holding a bouquet of white flowers..

I left HQ and in the office car I was driven to my brother's house and that was like 15 minutes away from HQ so it didn't take us long to arrive. He wasn't alone when I arrived. There was a

blue BMW i8 parked outside. Nice car. I didn't knock. I just stepped inside the house and I could hear as they were talking in the lounge. For me to notice Ris my eyes firstly falls on this hot guy. My gosh! He was mixed obviously. His pink lips were screaming to be kissed and they were so juicy that it ain't even funny. He had hazel eyes with white blonde hair mixed with some black parts. He had a white shirt on and it tightened his muscular body. His skin was pure with no tattoos on his wrists like all the Jozi colored guys I have seen around here. I fell in love with his laugh which I heard when I entered through the door. He is fire and he is a real panty dropper. He looked at me with concern and I believe he was wondering, why is she looking at me? Problem is, I could not get my eyes of him.

Ris: Kaiy !

I blinked my eyes.

Me: Huh?

Ris: Are you okay?

Me: Yea. Why would you ask me that?

Ris: You tell me why you are acting so weird.

Me: I'm not.

Ris: Mm! Meet Maxwell...he has a girlfriend...his name is Maxwell. He's old enough to be your dad and he has a girlfriend.

Me: Whatever Ris. Your friend isn't such a panty dropper.

I turned.

Ris: Did I say that he has a girlfriend ?!

I rolled my eyes and I walked upstairs and immediately when I got to the guest room I regretted being rude. I didn't even greet him but that's because he is so attractive that you get nervous. Really nervous.

Me: God he's so hot!

When Luthando slept I went on a quest to find Kusanda's ward which was ward B17. I just wanted to see how he was doing though its a bad idea for me to be here but there were guards at his door and they know who my husband is so I was allowed in with no questions asked. He was lying on his back with his eyes closed. He had a swollen eye. I made sure that I kept distance between us. He slowly opened his eyes and I waited till he had fully opened them.

Me: Hi Kusanda.

A smile crept up his face.

Sanda: Hey.

I didn't want to be close to him so I watched as he sat up straight on his own.

Sanda: I didn't think you would be here.

Me: I shouldn't ...but ...I should. Why did you do it Kusanda? That's all I want to know.

Sanda: The truth?

Me: Yes!

He huffed.

Sanda: Because I love you Mamelolo.

Me: Oh cut the crap!

Sanda: I am telling you the truth. I did it all for you.

Me: And why would you do it like that? Why didn't you act like a normal person and take

normal actions?

Sanda: You think I didn't try? With Luthando in the picture I had no chance and you know it.

Me: So?

Sanda: So with Luthando focused on Noluntu you'd feel neglected and you will walk away. Then I would make my approach.

Me: And what makes you think that I would have even fell into your trap?

Sanda: It was worth the try Mimi.

I said nothing but I just stared at him and looked at this idiot that is sitting on that hospital bed.

Me: Now look at where you have fallen? You're going to jail Kusanda and Luthando is going to do everything in his power to make sure you get killed from the inside.

Sanda: You're not sure of that. I know people. I will get protection from the inside.

Me: You're so sure of yourself.

Sanda: I am.

I shook my head clearly angry. He was shitting on me and if I stay here any longer I will kill him myself with my bare hands so I walked out the door and told the guards to keep a good lookout.

In my husband's ward I sat besides his bed then waited for him to wake up..

3 weeks later I am climbing out the bus with the other jailbirds. I run my eyes around and my mind runs back to 5 years ago when I was locked in for 2 years. I didn't think I'll be back

again. My actions led me here and I may say I do not care anymore but deep down I know that I regret my actions. This is the outcome and the consequences that I will be facing for the coming 3 years. I know they will be expended to 15 more years if Luthando goes ahead with the exposure of all my legal work and knowing him he will do it. I sighed.

Tyler: Would you look at that..

"Oh great!" I said to myself.

Tyler: My pal is back.

I faced him. I believe he would punch the daylight of me if only this fence had not been here.

Me: Ey man.

Tyler: Wassup son? Heard you messed with Molefi's wife. What were you thinking?

"Get it moving Molefi!" the guard said to me. Yep. I am another Molefi.

Me: Let's just say I finna get fresh pussy.

Tyler: You a pussy cat doll so what pussy are you talking about?

I left him there and followed the new jailbirds. Tyler being here I know this will be the longest 3 years of my life. If only..

I took Ingrid's hand as we made our way in the beautiful big yard that belonged to the Mokoena family. Thando was holding Dre for me while Ris and Kopano were busy arguing behind me. Apparently Kopano has a crush on some guy and Ris was teaching him about boys and how dangerous they are. A woman dressed in black and white maid uniform opened the door for us. We greeted her then she led us to where my

mother was sitting. She looked up when we entered. I was so shy to admit how identical we looked. I thought the only person who had my looks was Kopano but now there is the third person.

Mom: Mimi? Aundrey? Kopano?

Ris: Hey mom.

Kopano: Sup?

She stood up from the couch she was sitting on and came to where we were standing. She firstly hugged me and very tight if you ask me. I even ended up crying because this was so emotional and I am not so good when it came to my emotional management. Tears defeat me..

Since Ingrid is out with her father and other mommy Mamelo, Zweli and I had time for ourselves. We were at his house and I was the first one to arrive since HQ had kept him. He found me all dressed up and holding a glass of wine..

Zweli: Hey..

He kissed my cheek.

Me: Hey.

I said with a smile.

Zweli: I hope I did not keep you.

He placed his phone and car keys on the coffee table slowly while his gaze was at me.

Me: Not really. I got a little tour around here.

Zweli: And I see that you poured yourself some wine.

Me: I did.

Zweli: I hope you did not drink a lot.

Me: This is my first glass.

Zweli: Amazing..

His lips touched mine with his hands pressed on my waist.

Zweli: You're hungry?

Me: Yes I am.

Zweli: I suggest you join me in the kitchen and allow me to master a great Italian dish for you. You won't believe who I learned it from.

Me: Who?

Zweli: Luthando.

Me: Wow ! I believe you're a great cook?

Zweli: Come and watch as I show you how a great cook masters his moves.

I laughed at how silly he was but again he was

very cute at the same time. We entered the kitchen and he placed on an apron.

Zweli: Are you ready?

Me: Do it already ! (still laughing)

He firstly switched the stove on then he began. I stared at him as he was being the chef in his kitchen and indeed he was mastering his cooking skills that I was very impressed. Soon the Italian dish was done and I was lead to where we will be eating. I sat down and chef Zweli dished for him and I then poured us red wine. He sat down..

Zweli: I hope this is a new beginning for us Noluntu because I love you and God I do not want to think of how broken I'll be if I were to lose you.

Me: Make sure that you do not.

Zweli: I will. That's a promise..

"Ting!"

The whole evening we enjoyed his Italian dish and his dessert was to die for. I'd really love to live up to this everyday. I thought to myself how broken and stuck up to Luthando I'll be if I had not given Zweli a chance. The guy I once thought would be my rebound happens to be my bundle of joy after Ingrid. Everyone indeed deserves a chance because not everyone has intentions to hurt. That person you think will be your downfall will actually be the reason behind your happiness..

.

.

.

Mimi

Staying with my mother was the best thing that has happened to me and I enjoyed every moment of my stay there. I met my father and I learned through their relationship that marriage isn't no child's play nor love. The only thing that

matters in being in love is to stay in love. Not to impress nor even not to play around. I then saw that I loved Luthando to a point where I am fully giving him my all..

Slim and Natalie gave us a visit at our pent house in Durban. Their daughter and our son were in the play room while we enjoyed watching our men play football outside..

Natalie: God I'm blessed.

Me: We're both blessed to have these men in our lives Natalie. They are our change...

Luthando glanced at me then winked..

Me: Without him, I would probably still be in the streets of Jozi selling my body for all the luxury. I wouldn't even be able to love anyone for that matter.

Natalie: He was there for me when my family laughed at me. For seeming like a Blesser to someone who's younger than me. That

someone today is my husband and he loves me unconditionally.

Me: Its not about impressing in marriage Natalie. All that matters is to stay married and act as if your surroundings is the love you both share.

We looked at each other.

Me: A toast?

We both grabbed our glasses that were filled with juice since we're both pregnant and can't touch anything that has alcohol.

Natalie: To friendship?

Me: To friendship. "Ting!"

We took our sips.

Slim and Natalie made their way to the playroom to check on our kids and Luthando I stayed outside.

Me: And? How's our baecation so far?

Thando: Believe me when I say I do not want to go back to Johannesburg.

I let out a laugh.

Me: Its just so peaceful here.

Thando: Plus there is no one to bother us. No HQ-

Me: No one.

He pulled me closer and our lips clashed.

That night we had dinner and made more plans for our baecation.

It was time to go back home and I didn't want to leave. Somehow Durban has become a part of me. A part with no disturbance.

I picked my daughter Ingrid up then we made our way to the car. She was helping me with my makeup hence Luthando was loudly hooting outside. We have become so close the past weeks and I believe now that this beautiful angel was really possessed for her to despite

me so much. My mother, I and Ingrid went to church every Thursday and Sunday. She even reminds us when it's time to pray and we barely argue. More laughter takes place between the two of us.

Back in Johannesburg we got to our house that we abandoned for a month and 2 weeks. Traveling was that good to us and its a must that we do this on a yearly basis.

We were back at work. We had time for work, family and just us. We focused more on having another baby though when our son Zubenathi Trey Molefi turned a year old. Before I knew it, I was pregnant again but I dared to leave work and become a house wife. Oh no. I am miss independent. 2 more years later it was time for our Paris dream wedding. Nothing big. Just the Molefi and Nduna family going to Paris for another baecation.

It may seem like sweets and sauce but

Luthando and I conquered more than we thought we can solve. Our relationship came with a lot. Enemies and Jealousy but we dared to separate because we made a promise to each other 4 years ago that what's important to us is to stay married. That's all that matters.

.

The End.
