I'm short,dark with flawless skin and have these big curves and buttock which I hate.I always have shorthair I don't have money for every

trending hairstyle. Monday the day I hate the most I got ready for school went to have breakfast with the fam, took my lunchbox then we all went to wait for our separate transports

I got to the school gate, the security did his job which is to search our bags then I went straight to class and sat down waiting for the bell. then this guy he's stupid hot every girl wants him but not me we attend the same classes

"A Student (that's what he calls me)" he said smiling I smiled back

"You would never stop calling me that right?": he shook his head no

"How can I help you today?" I asked him since he's always asking for my help but I don't mind at all

"Uhm yeah question 4 Maths assignment please help out" he said taking out his assignment and sat on top of my desk facing

me I explained everything to him

See what I like about Syabonga; he's kind, funny and he's a hard worker he's not gifted but him being a hard worker helps him because it's me then him then the rest urgh they don't stand a chance but I always help whoever ask for my help I'm kind like that yes Syabonga is amazing but I don't see him that way and I can also see that he's also not interested

"Hey I have a feeling that this is going to be the best getaway ever" said Tshepo holding tight his girlfriend's hand..they are driving to Durban his father gave him keys to the beach house there he's driving with his girl Emily then at the back it's his friend and his girl then another car is driving behind them it's his other friends with

their girls. Tshepo is Syabonga's brother same father different mothers. He had promised him to visit since he's coming to Durban

"Babe I have a bad feeling about this...but it's too late for us to go back now we're almost there right can I rest a bit?" Emily said

"Yeah only 2 hours left we'll be there..we should have asked dad to borrow us his jet you know ..rest" Tshepo said a bit worried. Emily lowered her seat and fell asleep

"Wakey wakey sleepy head" shouted her always bubbly friend Nonhle then she realized they had arrived they all went inside the house and picked rooms of course Tshepo and Emily will take the main bedroom.

"Hey love are you okay? We can drive back to CT this instance if you're not comfortable " they were cuddling in bed

"No I'm okay..I love you " she said and slept in

his arms after some time he quietly put her on her side of the bed and went to the gents and found them drinking

"Gents..." he sat down

"Sure tomorrow we're going to the beach right? And check out some hot Durban girls " said Noah the craziest of them

"You're sick bro we are here with our ladies and just so you know I would never cheat on my girl and oh Sya is bringing his female friend to join us tomorrow " Tshepo said

Tshepo is kind his father is wealthy but he never brags about that he drives an Audi R8 he's so loyal to his girl every girl knows they don't stand a chance to think she's not even hot she's just a normal girl

The following morning they took a shower together, He tried touching her

"Babe please not now maybe later.." she said

with her sweet low voice

"It's okay I love you" they continued with their shower..everyone was ready for the beach with their costumes and bags

"Guys let's pray please" Said Emily they all gave her the wtf look but she ignored them

"You heard what she said" said Noah

"Lord I humble myself before you..I'm asking for you to guide us we don't know the dangers out there anything can happen even now but I trust in you..you're the almighty God with you nothing formed against us that is not your will shall prosper..AMEN" they were all shocked that Emily can pray like that,Syabonga walked in with Anelisa he kinda begged her to act as his girlfriend..The guys screamed when they saw them and hugged him then kissed Anelisa on cheek

"Now that you're here we can go..oh Anelisa

you're really beautiful,flawless skin mmh" said Noah, Nonhle gave him a dead stare. They all laughed and went out

\*At the beach\*

Everyone was enjoying even Emily was fine.All the ladies were chilling and talking,the guys were enjoying themselves a bit far in the water

"I'm going to join them" said Emily standing up

"You're such a guy wena but it's fine enjoy" said Nonhle

"Yeah go and babysit them" said Thando they all laughed

"Be safe in there baby girl" said Anelisa then Emily walked to the guys they all screamed when they saw that she's now back to her normal self she went futher in to them..Tshepo picked her up and kissed her,they were enjoying themselves until the ladies started shouting,waving and running to them

"HEY GET OUT OF THERE..THERE'S A BIG AND DANGEROUS WAVE COMING " the ladies shouted...they turned and ran but they were not fast enough,the wave hit them they all spread as the wave hit them and threw them out but Emily was nowhere to be seen they searched around for her not nothing.They all cried their sobs touched people's hearts and helped but nothing.Syabonga dialled their father

"Son I guess Tshepo is with you how are you?" Said their father Themba Zikalala

"Dad we need your help..please send your guys here" He said crying

"Is Tshepo okay?" Their father asked a bit worried

"It's Emily..we can't find her"then he explained everything to h

The team arrived and searched, no stone was

left unturned. After hours of searching they finally found something.

"Uhhm Sir we found her about 80 metres away from here" the guy said to Tshepo

"Oh Thank you thank..is she okay? Have you called the ambulance?" Tshepo said with excitement

"Uhh I'm really sorry sir but she didn't make it I'm so sorry and yes the forensics officers are on their way I have to go" he said and walked away leaving the whole crew shocked, they looked at each other not knowing what to say to Tshepo

"Eish let's follow the guy to see if it's her" said Noah they all walked to the direction he went. They got there and saw it was her then drove to their house..

After sometime it sank in that she's really gone when the scene appeared on TV. A loud sob

escaped his mouth

He ran to his room and dialled Emily's mother

"Hey son how's everything that side?I hope you're enjoying" she said joyfully

"Ma.." he cried out loud

"Son what's wrong ? Talk to me" she said worried

"It's Em..Emi..Emily" he couldn't even talk

"OMG!"she gasped as tears went down

"I'm sorry...Ma I will kill myself too I will follow her I promise" he said sobbing

"No..it's God's will and I am to be blamed after the dreams I had but I didn't warn you guys,It's her right the girl who died at the beach I was watching the news?"

"Yes Ma it's her..We will fly with her tomorrow I'm sure the forensics are done with her by now " he said he was really broken that he has to

return her like that when he took her alive and kicking but he was surprised by how Emily's mom accepted the whole thing

He went downstairs and found the whole crew sitting and crying, Anelisa had to be strong for them and she had only known her for just a day so only their cries made her shed tears

"I'm going out" Tshepo said..they didn't see him coming

"Where too?" Asked Sya

"Out..I'm going to fetch Emily " they looked at him

"Fetch her where?" Asked Nonhle wiping her tears

"From the beach..I just got a call from her,she said she's cold guys why did we leave her at the first place?" He chuckled

"Bro Emily is gone okay,she's.." Sya didn't finish

his sentence because Tshepo slapped him so hard that everyone was left shocked

"She's not gone..I know her not you now back the fuck off" Tshepo scolded

"You can beat me all you want but she's gone..accept that and cry for her there's no harm in that" Sya said

"You know what..fuck you all" Tshepo said then grabbed his car keys no one ran after him.Sya dialled their father

"How far are you?your son is loosing his fucken mind we need you" Sya said to his father

"Language my boy but I'm on my way. My flight was delayed I will be there early in the morning " Mr Zikalala said

"Fuck it dad..who will deal with his crazy ass?" Sya said scratching his head

"He's your brother find a way to deal with his

shit and stop fucken whining like a little bitch"

Mr Zikalala said calmly

"You still swear old man..see you in the morning

" then he ended the call

"Syabonga I have to go back home..mom is worried and remember she's working nightshift"

Anelisa said

"Oh yeah baby girl eish let me drive you home.."

He said searching for his keys

"No relax I have called an uber" Anelisa said taking her bag

"Ohkay then ..here"he said giving her the taxi fare money

"Relax I will pay..Bye" she turned but Sya grabbed her arm gently

"A hug wouldn't hurt..Anelisa please trust me I just want us to be friends nothing more.." he said Anelisa finally gave in and hugged him then

went out. She had not even called for an uber she was actually running away there was too much tension..As she was about to call she noticed Tshepo inside his car just outside the gate she saw him inside the car with a gun pointing at his head..she hesitated going to talk to him but it was a matter of life and death..she ran to his car and knocked then Tshepo jumped looking at who was disturbing him he saw Anelisa and calmed down a bit he signalled her to get in the car but she just stood there he saw that it's because of the gun, he put it away and smiled..then Anelisa went around to

"Baby you have to go to church without me..I'm still filling in some forms" Mom said she's

applying for a new job

"Ohkay mom let me go since your children are not ready I'm going without them" I said then kissed her and walked to church. The sermon was great, I enjoyed

I'm really not a friendly person so after church I always leave my mom and siblings behind so they're not here which is great so I don't have to smile to people. I took my handbag and went out..outside there were already people heading to their cars. I headed to the gate then I felt someone taping me on my shoulder I looked back

"Hi" I said

"Hey Anelisa..can we talk?" The tall yellowbone guy said

"About what?" I asked him politely

"I am looking for someone to teach my son Physical Sciences " he said wtf

"Uhm so what does that have to do with me?" I asked him a bit annoyed now

"And you're that person..I will pay you let's say R2000 per week" yoh wff R2000 per week what

"Sir I don't get paid to help people and I'm busy I'm doing my matric so I need to focus I'm sorry" I said

"Please MaDlamini okay think about it..here's my card" I took it then left jeez I don't even know the guy's name but I think he's in his 30s.With the money I would help my mother a lot but then I'm busy I walked home thinking.I told mom she said the decision is mine but she's going to get that job so I shouldn't worry about providing.

I started doing my homeworks then I got a call from Sya I didn't give him my tens the last time I checked and I didn't give Tshepo too

"Hey A Student.." he sounded so down

"Hey hard worker" I said then he laughed

"I'm outside your gate come" he said then dropped the call. But only Tshepo knows where I live not him yoh he's kinda creepy I put on my flip flops and walked out and yes there he was leaning on his car

"How did you find me ?" I asked him crossing my arms on my chest

"Relax I know a lot about you sweetie perks of being hawk's son " he laughed

"And who's that?" I asked

"Oh no nothing I was just..joking oh the reason I'm here is because Tshepo would like to know if you'll come to the burial?" He said

"What!? Cape Town no..I'm sorry I won't make it and it's not Emily and I were close" I said

"Dad will take care of our travelling costs and yes you barely knew Emily but Tshepo needs

you, After yesterday I guess you showed him support and you don't show him pity like us so Friday we're flying to CT" he said

"I can't Sya sorry oh has Tshepo left?"

"Yes they have all left including Emily's ....uhm yeah" He couldn't even say it

"It's okay but I have to talk to mom first" I said

"Don't worry..Dad has already done that and your mom said yes " Sya

"How does your dad know my mom?" I asked shocked

"Oh I..I don't know but that's what dad told us look I have to go see you tomorrow at school" he hugged me then left..I went back inside and found mom in the kitchen chopping vegetables I washed my hands and started helping her

"Was that the Zikalala boy you were with?" Mom asked me

"Yes it was him..wait mom how do you know him" I stopped chopping

"Who doesn't know him my baby?" She chuckled

"Mom I know when you're lying what's your business with the Zikalala's?" I asked her with a straight face

"I don't know them on a personal level" she said and she's still lying to me

"Mama Sya told me that you said I can go to CT with him on Friday for the burial and that you spoke with his dad so it's quite clear that you know them..what's your business with them?" I asked her again

"Hey don't talk like you're taking out shit in the toilet with me okay?I'm your mother respect me" she scolded

"I respect you mama but right now you're lying to me and I hate lies so you know where to find

me when you're ready to talk" I wiped my hands and went to my bedroom trying to figure out what mom is keeping from me but I couldn't figure it out I don't even remember them when we were young but maybe this Zikalala father was my father's friend.

**\*NARRATED\***

"What?she's a fucken gangster dad oh no" said Tshepo shouting

"Stop shouting at me and yes she's a fucken gangster not just any she's with Lizard" said Themba(Mr Zikalala)

"Oh God Lizard the most dangerous of us all..phela their gang group is the biggest and dangerous of all even your gang dad is nothing compared to his" said Tshepo

"Yes have you ever heard of Hazard?" Themba

"Yes I heard she's the youngest in the underworld but ruthless as hell and she just

finished school last year" said Tshepo

"Yeah Anelisa is Hazard" said Themba

"WHAT?" Tshepo's eyes wide opened

"Yeah..just that" Themba

"How do you know this dad? All of this?" Asked Tshepo

"You know I did my research on her and found out that she is Hector's daughter I mean Hector was one of my guys so after finding out I offered his wife a job"said Themba

"Oh Hector the computer guy?and he died working for you"said Tshepo

"Yeah son eish Anelisa I'm scared of her now and now everything makes sense..her siblings are at a private school so was ahe I mean that school digs deep in the pocket,she's filthy rich and she's hiding it" Themba said

"Yeah eish she is indeed ruthless have you

noticed the way she never laughs..she hardly laughs always chuckling only or straight face one way" Tshepo said and laughed then his phone rang it was Anelisa

"Hey Tshepo I need your help"she said

"Oh the princess wants my help..what's up?" He asked

"I need you to come pick me up from school I need to pass somewhere and don't tell anyone just come alone" she said then dropped the call

"Eh dad I have to go..if I don't come back I love you"Tshepo said

"You weak now son ever since Emily died pull yourself together...Anelisa would never harm you"Themba said then Tshepo left

\*Anelisa and Siya were done with school then they went their separate ways..Anelisa went to Cape Town and is now staying with Tshepo and his father but they are still crushing on each

other but Sya choose to stay at Durban and study there. It's April and they are both doing great as for Tshepo he's also good, slowly forgetting about Emily since it's been months..See Themba (Tshepo and Syabonga's father) is a gang leader so he recruited his sons and they have been gangsters since high school as for Anelisa she got in this gangster stuff because her father's death hit her hard so she meet with Lizard he taught her everything himself and named her Hazard, everyone knows to never mess with her. Her identity is hidden people only know her name and that she's Lizard's partner they are both the leaders but Anelisa only attends missions when it is massive and out of their control or when she has to be undercover and she's great at being undercover.\*

Tshepo fetched her from school then she gave him directions to where she's going

"Are we going to that warehouse?" Tshepo asked parking

"Yeah you're coming with?" Anelisa asked

"Of course " they both went out of the car to the warehouse..the guys at the warehouse started bowing and screaming when they saw their queen

"Oh stop being melodramatic and give me hugs " she said they all literally ran to her

"Mamethu.." they said

"Boys I missed you guys.Where's babenu?" She asked laughing and they all joined her

"Inside " replied one of them

"Oh where are my manners this is Tshepo...Hawk's son"she said they bowed again

"Boza.." said one of them

"Hey guys and stop with your bowing oh listen Ane I think I like these guys already so go in I'll

be here outside with them" Tshepo said then Anelisa walked inside to Lizard's office...when he's at CT he's always at the warehouse

"Baba(dad)" said Ane that's what she calls him

"Oh hey Haza I missed you come here" said Lizard tapping his thighs she walked and sat facing him then rested her head on his shoulder

"I missed you too and varsity is keeping me busy I don't know why I'm even studying " she said

"You know you have too when you show your wealth you will be suspected you're only 18 remember and if you study hard and be this lawyer you will have a cover up" Lizard said

"Makes sense..oh Hey when are you going back to London?" Ane

I know Tshepo has a lot of questions about today but no I'm not explaining anything to him he's also a gangster and he has never mentioned it..We got home,I quickly packed my things then I called Themba since he wasn't home

"Daughter " he said..yeah he told me to call him Father

"Father" I said then he laughed

"How can I help you Anez?" I like it when he calls me that kinda makes me belong as if I was really his daughter but then I have someone who played the father role way better

"Father..can I go to sleepover at my friend's house there's this assignment we have to do and I don't have any classes for this week" I said

"Why can't your friend come to your home?" Shit he knows I'm lying..I respect him so if it's a no then it's okay

"Father I need help not her..PLEASE I'm begging you I'm on my knees as it is" he just laughed then he sighed

"Oohkay fine but Sunday I want you home..it's Tuesday right?" He asked

"Yes and thank you thank you!" I said with excitement then hung up..sent the adress to Lizard in less than 30 minutes he told me to come out..He was leaning on the bonnet I threw myself at him

"Whoo missed me that much?"

"Yeah" I said

" I can tell oh let's go we have to pass somewhere" he said then I put my bag at the backseat and went to the front..then he took off

"Don't tell me we are going to get that bitch of yours!" I said because I know the way..he's heading there

"Yeah we are" As soon as he pulled over in front of her house the gate opened she walked out with her bag and came straight to my door and opened

"Baby go to the back " she said sarcastically

"WHAT?" Both of us said

"Hey don't come here and demand seats this is my daughter and that's her seat go to the back jeez woman" said my favourite daddy Lizard I smirked

"I'll rather not go" said the bitch and attempted to walk back to her house I just laughed while Lizard went out..I turned to see daddy Lizard dragging her by her hair yoh I laughed my ass out then shouted

"DADDY STOP!" I shouted from the car then he

stopped and shoved her at the back he also got in the back

"Nope I'm not driving " I said and pushed my seat back

"Baby you have too please " I just ignored him 10 minutes passed without the car moving and silence in the car

"Urgh fine!give me the keys" I said and moved to the driver's seat and started the car

"Belts please people" I said

"That's not necessary" said the bitch

"Eish Luthando I'm not even talking to you just do what I asked of you" I clicked my tongue then they both buckled up then I drove there was awkward silence then I broke it

"So daddy what did she do? Why were you pulling her by her expensive weave?" I asked with sarcasm we laughed except for Luthando

of course

"You know I'm against woman abuse right?but she insulted me by my wife's pussy,your pussy and my son's dick she even said there's no father daughter what what between us I just want to have sex with you..imagine" I was shocked but I laughed

"Hee Luthando uzonyela yaz if udelela kanje (Luthando you will shit yourself if you continue disrespecting)" then Lizard and I laughed

"Tell her baby "

"So daddy how's mama and Ethen(his son)?"  
Not that I don't know how they are because I called them yesterday it's just to pump this bitch

"They are good but Ethen is just happy that I'm here not with him he says I'm nagging " we both laughed

"Oh I miss them..June I'm definitely flying to

London " Me

"And I'll be there too oh Haza we need to discuss business when we get home and why are you driving so slow?" He half scolded

"Chill please"

"I'm also here people and vele why are you driving slowly Haza?" Luthando

"Hee bitch only my daddy gets to call me that and if you're not happy with my driving I suggest you get out of this car" Me

"Ohkay stop it " Lizard then I apologized to him after 5 minutes I drove in and parked at the driveway then took my bag and went inside the mansion..After few minutes they also walked in I was now in the kitchen

"And I said you will finish my food what did you say?" Lizard. We both laughed then Luthand

So Luthando left and now I was left with my daddy dearest. In the morning we went to the mall and had a lot of fun then on our way to the car, someone tapped my shoulder I looked back

"Hazard right?" The woman asked both Lizard and I were shocked only few know

"Sorry you got the wrong person" I said

"No it's you listen I won't tell you who I am but be careful okay and don't even waste your resources trying to find out how I know because you won't " she said and disappeared in the crowd

"WHAT was that?" Said daddy Lizard I just shook my head then we got in the car and drove home

"Baby go change into comfortable clothes the boys are coming over we have to discuss business " he said

"Okay please order pizza for us I'll be back now now" I shouted going to my room

"You eat a lot these days aren't you pregnant?" He shouted back from the lounge I just laughed

Got inside my room yes I have my own room here in his house I changed then headed downstairs. The boys were already in the kitchen everyone making their own food it was a mess and not to mention chaos

"I guess I will eat the pizza alone" I said they all looked back

"Queen" they said

"You all came here to eat urgh listen finish up and come to the basement okay just so you know especially you Bullet..daddy ordered pizza not just one but ten but then again since you're having a sandwich it's all good " I said to him because I know how much he loves pizza I mean that guy would sell me for it.He

immediately put down the sandwich and came to me. I ran out of the kitchen he was still running after me

"Mamami please don't do this to me" he said

"Bullet stop running after me" I said laughing

"WHO'S CHASING MY DAUGHTER? AND WHO'S FINISHING OUR FOOD?" Daddy Lizard asked with his firm voice we stopped running and turned to him he was carrying 5 boxes of pizza I saw a smile creep up at Bullet's face

"PIZZA" Bullet said clapping his hands

"Bullet just stop are you 5 years old or what?" Lizard then we all walked to the basement ate the pizza first then went down to business

"Ohkay so Haza baby you will be undercover but we won't leave you.." Lizard

"So why am I going to that event in the first pl.."

I got cut off

"You're forward yeses! I was still talking "Lizard said shaking his head the boys laughed at me I joined them then we went quite

"Yeah so there's this guy William I have finally found him the one who rapped my sister and killed her? He is now working with someone who's a hit in the underworld but no one knows him yet not even me I have tried but nothing so that's where you come in Haza...so William will be at that event I need you to do your magic and come out of the event with him to the warehouse " Lizard

"Whoah daddy so we don't know who we are dealing with here I can get William that's easy but what if this new hit guy is really dangerous we first have to know about him then take him on" I raised my opinion the boys nodded

"Yeah I think Queen is right boza" said

Merchant(one of the boys)

"That's the thing if we get William we will force him to tell us who he is working with and what they really do but one thing I know human trafficking is involved "Lizard

"Oh yes you have a point there boss..Hazard gets William then everything falls into place I mean that William asshole is weak so he'll sing like a canary" Lesego said he's our computer guy

"Okay I get the point so when's this event?" I asked I have to prepare

"Tomorrow night " Lizard

"WHAT? How the fuck am I supposed to prepare and you know I need to change my look a bit some people know who I am even that woman knows maybe everyone know now.This is so unlike you daddy" I half scolded at him

"I'm sorry my love" he managed to say..he

doesn't usually apologise but he just did which kinda made me smile

"What woman?" Asked Nhlanhla

"We meet her at thr mall but I think she's just a prophet or something like that and she used her powers to see through me and warned but I have you guys" I said then stood up and grabbed daddy Lee's car keys

"And were are you going?" Lizard

"Great the princess is back" said William to his friends I guess

"Oh now we can have fun" said one of them who had buffed arms then they all walked to me

"Hazard right?Listen baby I need you to work with me okay?" Said William

"It will depend" I said they all laughed

"Mmh feisty listen I need to take your daddy dearest down so I need all his bank details,pins and access to all his houses especially the one in London I want his wife and son can you give me that" William said I just laughed

"Oh just shut up you're just a lapdog bastard and I won't tell you shit do wh.." I didn't finish my sentence because I was given a very hot slap by William

"Boss I think we should just let her go..Lizard will skin us alive she's his big weakness I mean he loves her like his own" said the coloured guy

"Just shut up Jerry you're a chicken " said the other guy he has a tattoo on his face yeah now I can differentiate between them

William

"Fuck you asshole..kill me" I said not even shaking

"No you're so evil yet young the things you have done mmh you don't deserve death you..you deserve worse" said William then his phone rang he answered

"You remind me of my own daughter rude as hell but my guys will end all of that since you're protecting daddy...Gents have fun " He said and hung up.

"You heard the big boss" William said grabbing a pair of scissors on the drawer and came to me,he cut the t-shirt I was wearing from top to bottom I was left with my bra and plenty only

"Whoah fresh meat..I can't wait" said The buffed guy I was still not shaken

"Oh oh let's video call daddy dearest " said William grabbing his phone then after few seconds he laughed

"Might Lizard look what I got" He licked my cheek and neck then after seeing daddy I cried

"If you hang up I will shot her here" William said pointing his finger at the centre of my forehead

then he gave the coloured guy the phone

"Watch Lizard" William said

"Boss no please let her go" Coloured guy said shaking with the phone

"Man up..I will you up pretty bad " William shouted at him then he came to the bed and carried me placed me on the cold floor.I was hitting him with my fists and trying to kick him

"Don't fight me sweetheart..ohokay that's it give me the ropes" they gave him the ropes he tied my hands together as for my legs he took a knife and pinned it on my thigh and did not remove the knife I screamed in pain and started sweating

"Not a big girl now hmm Hazard I'm sure Lizard trained you better than being this weak right daddy" William said as he ripped my underwear..Daddy was screaming for them to stop

"Listen man I will give you everything let her go"

Lizard walked in the warehouse to his office to find Nhlanhla with a coloured guy he wasn't very pleased with that

"Hi" he said with his firm voice and sat in his chair facing them

"What can I do for you?"Lizard asked looking at the guy

"Oh Boss this guy is our ticket to find our Queen..he is working with the guys who have

her but he came in peace..man talk for yourself"Nhlanhla said

"Hmm okay I promised Hazard to help her the first day but I failed her the thing is I always refuse to take part in abusing women they bring in I always say I'm busy but this time they forced me,they had my mother and pregnant girlfriend so if I refused to take part in hhm rapid Hazard they were going to rape and kill them infront of me so I had to do what every man would do but I apologized to Hazard I took long to help her because I was still trying to find ways to escape with her but she told me to come to you and it is possible that my boss finds out but I don't care.You see day before yesterday I found out that the big boss Hector is Hazard's father so I came here to inform you"  
Coloured guy talked without stopping

"What's your name boy?"Lizard asked him

"Sir don't ever call me boy but I'm Jerry..we have

to go get her now I'll drive" Jerry said

"Use your head to think not heart...I'm sure your team do not know you are here so going there will risk your loved ones here's the plan you go back and tell them that you found out that we are striking tomorrow night they will want to move her that will shift their attention from your family then you text us anything or call us we track your phone and follow you" Nhlanhla said

"Yeah you have a point there..I have to go" Jerry said heading to the door

"Thank you"Lizard said

Jerry was shocked to hear him saying that because the Lizard people always talk about is wicked but what he saw is something else.He had parked his car in a corner to hide he walked to the gate but was shocked to see who the security guard was

"Tk what are you doing here?" Jerry asked

fuming with anger

"Oh eish I j.." Tk was stuttering

"Oh that's how you get information you're a double agent.working for us and them you're an idiot sies" Jerry said and started hiting him then he pulled his gun and pointed in at his forehead he was about to pull the trigger someone spoke

"Who the fuck gave you the right to beat our people " he looked back to see Nhlanhla was the one shouting at him.he pulled the trigger

"Fuck you man..why kill MK like that ?we need him" Nhlanhla shouted

"Oh he's Mk to you but to us he's Tk he's a fucked double agent that's how he gets info. How do you think we found out about your plan huh?he told us but he didn't say that he's a fucken fucked up double agent "Jerry shouted back his eyes were red

"Ohkay I get it man and thank you..wait why did

your eyes suddenly turn red?" Nhlanhla asked worried

"That's not your fucken business " Jerry said and ran to his car then drove straight to their warehouse just 5 km away that's why Lizard couldn't find Hazard he looked far but she was right under his nose. Jerry washed his eyes with cold water they turned back to normal then he walked inside the warehouse to find Rex(buffed up guy) busy on top of Hazard he wanted to kill him that instance but he held his anger

"Listen Hazard is Hector's daughter so stop " he said but he wasn't himself he was cold

"Funny" Rex said and fucked Hazard more then Jerry dialed Hector

"Boss this girl we have here is your daughter Anelisa Dlamini so bring your ass here because Lizard has found us he's attacking tomorrow night " Jerry said the guys were shocked to hear

Jerry disrespect their boss like that. Rex immediately stopped then Jerry went to the bathroom and prepared water for her he went back and scooped her carefully she groaned in pain he put her inside the bathtub and washed her body with nothing but innocence he had fallen hard for her. He left her in water and came back with body lotion and tracksuits he did everything and took her to a clean room

Then he went back to the guys, Hector was already

To say I'm broken is an understatement all this time been playing far from boys only to lose my all like this. I really did not want to talk but something just pushes me to talk to Jerry. As for my biological father I really don't know what to say I became a gangster because of him when he died I was so broken and depressed to

a point that I started clubbing every weekend. This one day my friend and I went to a classy pub we met old men they bought us every type of alcohol we wanted then it was time for us to repay them we ran away but they caught us luckily there was this guy who was watching he had caramel skin tone with his nicely done haircut and his clothes told you he was rich he came to our rescue but these guys that we were drinking with shot my friend I was beyond angry I spotted a gun on the guy who rescued us it was on his back I took it and shot all of them straight at their foreheads my biological father had taught me how to use a gun and at that time I was only 14 we were allowed inside clubs because we did makeup and always had weaves on and dressed like adults. The guy who helped us was Lizard well after I shot those guys we destroyed their bodies only left my friend's body for her family to find and I denied ever going out with her that

day since then Lizard saw potential and energy in me. He had only come for business at Durban but he stayed for 8 months training me it was hard no lie, he always hit me until I learned how to hit him back and after that he taught me a lot of stuff sometimes he would fetch me from school to his apartment we'll do my homeworks together then train..he would pour cold water with ice on me I used to cry a lot until I didn't feel any pain in that. His guys always felt sorry for me since they say Lizard is ruthless and there was no special treatment he trained me exactly like them not caring that I'm 14 and I'm a girl. I can kill and not even care or have dreams I kill and eat at the same time. He gave me a name similar to his because he made me his partner his right hand which shocked everyone then I was like his daughter and not talking to him right now hurts me but I feel like he failed me

.  
. .

I took a cold shower then wore my PJ's and went to the kitchen I found him sitting and lost in his thoughts I know he misses me

"Your problem is that you look far I was just 5km away" I said he quickly looked up

"Oh baby you talked to me I'm really sorry my love" he came to me and went on his knees wtf

"It's okay I miss you anyway " I said smiling and helped him up we hugged tightly I sobbed more in his arms

"It's okay we will revenge baby" he said not letting go of me

"No daddy I will revenge I will tell you when I'm ready and be prepared so in few weeks time buy a lot of popcorn for you and the boys neh?"

I said letting go

"Baby..I know you don't involved their families " daddy Lizard said is he kidding me now

"Of course I will..Jerry is lucky he chose the right team oh I would like him to officially join us and I will personally train him" I said

"Mmh okay then baby..want food?" He asked

"Of course yes I was thinking we go out tomorrow " I said

"Anything for you baby you can spend even a million I don't care" he said I smirked

"Cool" i said

"I think I'm going to regret saying that" we both laughed yes I'm slowly healing but on the other side I'm planning revenge something big and not death no it's too easy for them their words not mine

In the morning I took a quick shower I know daddy must me done by now and if I'm slow he's going to tell me we're no longer going

"Baby hurry up...I'll leave you behind " he shouted from the kitchen

"I'm almost done!" I shouted back

"Stop lying and wear black" he shouted again.I went to my closet and took out black jeans,black plain t-shirt,black leather jacket and black heels then quickly dressed and did my makeup then went to the kitchen

"I'm done let's go" I said he was also wearing all black

"You look good" He said looking for his keys

"I know and you're not bad yourself " I said we both laughed then went to the car.We went to the nearest mall I wanted to see Thabile..we did

some shopping and grocery

"Let's go home now" daddy said

"Oh come on daddy we still have to pass by the salon I want to see Thabile" I said

"Oh that girl that did your makeup..let's go put these in the car" he said then we walked to the car and put everything we bought then went back in

"Mmh how nice" a voice said behind us we turned and we really don't know this guy

"Can we help you?" Daddy asked him

"No but I can help you" the guy said

"Ohhhkay with what exactly?" I asked with an attitude

"Let me just say be prepared someone is after you guys..someone as big as you Lizard oh and Hazard I heard about the rape and torture I'm sorry" the guy said with sarcasm

"Mmh arrogant jerkass" I said chuckling

"Ooh girl can swear let me run before you make me" he said and disappeared in the crowd

"What was that all about?"daddy asked

"I really don't know let's go"we went inside the salon.Thabile was busy with a customer we waited till she was done then went to Spur to eat with her

"So who was that guy?you both seemed pissed by him?"Thabile asked

"Oh you saw that?"Daddy asked

"Yes I did" she said

"Thabile do you know him?" I asked

"Yeah I do know him..he's apparently a wannabe gangster he's a leader of this not so popular gang so he does anything to make him popular so I heard him on the phone he was talking about taking down Lizard and Hazard 's gang.I

know a lot about them" Thabile said we were both shocked

"What do you know about them?" Daddy asked

"Ohkay I'm not supposed to talk but I will tell you guys I trust you..so Hazard is the youngest in the underworld trained by Lizard they are partners and they are very dangerous I don't ever wish to cross or even meet them and they are very rich" she said

"So are they a couple or what?" I asked ..daddy pinched me

"No they're like daddy and daughter rumours say Hazard was kidnapped and ra..."she covered her mouth

"What?!" Both daddy and I asked

"Oh my God!you're Lizard and Hazard" she whispered..oh no this girl is too clever for someone who's 16 and working at a salon

"No we're not" I said

"Come on you can't fool me I'm clever than I seem " she said

"Okay okay fine we are now tell me how did you know all of this?" I asked

"I work at a salon dah and that guy Zake is always at the salon his girlfriend works there and she tells us everything " she said

"Mmh that's why I like you so would you like to be with us?Like our gang?" I asked

"And she will train you herself " said daddy

"Uhhm I'm too young but I wish to be a gangster you know" she said

"Oh I joined when I was 14 girly and rule 1. Tell no one about this you talk you die " I said she just looked at me

"Oohkay I'll think about it" she said then we finished eating and went out our separate

ways. We got home the boys were inside the house we greeted them I went to change and went to the study

"Daddy can you borrow me your car?" Me

"Where are yiu going?" Daddy

"Just borrow me your car" Me

He threw the keys I went out and drove straight to Tshepo's home. I wonder why he has not even came to see me since I got back and here I was thinking he liked me I parked outside the gate and used my access card for the gate yes I said access card for the gate and walked to the house it was not locked so I let myself in

"Tshepo...Themba I mean father" I shouted

"Anyone home?" I shouted again but no answer so I went to the lou

"Hi William can I come in?" She said with a wide smile on her face

"What do you want?" William asked

"To come inside your house are you dumb?" She said with a low voice then pushed William aside and went in..she went up the stairs

"Where do you think you're going?" William asked running to her

"To your wife and daughter she's 3 months right?" She smirked

William tried holding but she was too quick she took out her sedation and injected William roughly on his neck and went to the nursery and took their baby with the baby's bag which had nappies and clothes she took the half full bottle and put it inside then walked to the wife's room

After I got a call from my little sister my heart changed I no longer wanted to kill them

So in the morning I did my hygiene process and drove to the warehouse they were still tied to their chairs and sleeping..I went out and came back with a bucket full of cold water I splashed them with it they woke up gasping for air

"Morning guys..you know my lil sister told me to let you all go" I said to them

"Just kill us..you want us to suffer with no money?no cars?no connections?" Rex

"No Rex you can work at supermarkets or be taxi drivers anything...I let the word out in the underworld what you did and no one wants to do business with you so from now on you will work like other people and catch a taxi or walk whoever decides to commit suicide after I let

you go is non of my fucked up business..." I said but got cut off by William

"What about my dau..daughter?you killed my wife it's okay then.?" William this guy

"You won't be able to look after her so I will take her and Rex I'm sure your daughter will commit suicide in just few days from now I hope you have insurance and one thing go for Jerry you are all dead" I said and untied all of them with their families

"How do we get to our houses?" Rex

"I don't fucken care dude you're not my friends and one thing I'll be watching you like a hawk one wrong move you'll know me" I said

"We already know you so no funny business ...did you really clean our accounts like Hector?" William

"Yeah don't worry you'll start afresh" I said and watched them limp to the gate then I

remembered what if they meet with cops I quickly took the truck we use for transporting things and drove out

"Get in" I told them

"What?you want to sell us now?" Rex's daughter

"Shut up bitch I'm giving you lift home" I said then they got at the back I dropped them all off at William's house and drove back to the warehouse I know they might kill me or Jerry once they have money but I'll be watching them. I got to the warehouse and cleaned up then burned Agnes's body with acid

The crew arrived with popcorns only to find me cleaning

"Hey what happened here?Bullet

"I let them go" I said

"Are you crazy?!" Merchant

"No I know what I'm doing so now it's time to

deal with the big shark Hector" I said then left them standing there I bumped into daddy

"Hey dad I was on my way back home to give you your car" I said

"Okay but you should start using your own car now" he said

"And how do I explain it..that car is too expensive " I said

"But it's under my name remember from tomorrow you're using it oh what happened with your prisoners?" Daddy

"I let them go..where's William's daughter?" I asked I really don't know what to do with her

"Bullet's house with the helper...you like her?" Daddy

"No I don't I'll check on her tomorrow when I have a plan listen please ask Merchant to drop you off at home I'm still using the car" I said he

just nodded...I went to the park just to clear my head I thought of Hector we used to love each other and do everything together but look now he had me rapped now I want revenge or should I just forgive him but then my heart is telling me NO HE HAS TO SUFFER! I was just lost then my phone rang it was Tshepo

"What do you want?" That's how I answer my phone now

"Go to Hector's house now please " He said shouting

"No why should i?"

"Because Luthando is on her way to kill him"  
Tshepo

"I don't care and how is this Luthando's business?" I was really confused now

"Okay okay Luthando just found out that your father is also Hector Dlamini so she put two and two together and told me stuff about

birthmarks and shit and now she's going to kill him" he shouted

"I don't know his adress " I said panicking

"I'll send it to you I'm also on my way there" he said after 2 minutes I got the directions and ran to the car,I drove to his house and saw Luthando's car outside eish this girl I went inside and let myself in to find Hector tied to a chair with his wife oh that was quick with Luthando holding a gun and shouting

'So daddy your name is Hector but you told mom that you're Hlawulani Dlam

"Can I help?" ...They looked back to see Syanda

Anelisa got ready..took a quick shower and did her makeup first then put on her elegant silk dress she bought yesterday and black pencil heels she looked at herself in the mirror and had flashbacks of the night she was that sexy with her purple weave and where that ended her then she sat on her bed and wondered if Syanda maybe was sent to get her or what because he

was too good to be true. Just to protect herself she took her gun and covered it with a cloth then put it in her handbag..Zenande called out for her

"Sis your guy is here" She shouted from the kitchen

"He's not my guy silly" Anelisa also shouted and went out..the compliments she got from her family made her relax a bit then she walked out to the gate, Syanda was drooling

"Hi" Anelisa..but seems like Syanda was deep in his thoughts

"Earth to Syanda" Anelisa said snapping her fingers

"Oh yes I'm sorry you look beautiful someone might say breathtaking "Syanda

"And that someone would never be you right?" Anelisa

"Come let's go" then he went to open the car door for her and went to his side the ride to the function was quiet just Syanda stealing glances..The place was packed

They were led to a table at the front where Syanda's friend was

"Hi I'm Marlin and this is my wife Zimbali you must be Anelisa?" Syanda's friend offered his hand for a handshake

"Yes I am thank you for having me" then she shook his hand but the wife had a straight face she's one of those insecure ones

"I think I know you from somewhere wait you're Hazard?" Marlin whispered.

"Marlin no she's Anelisa...I wouldn't go anywhere near that heartless bitch"Syanda

"Well have you met her before?..or you're just judging her?"Zimbali

"I have never met her and I don't wish too..people talk,I deal with gangsters everyday they say she's the devil's sister yet she's only 18 or 19 I don't know "Syanda

"Even I Marlin gang leader I'm scared of that Hazard girl apparently she was kidnapped,tortured and rapped just few months back yoh what she did to those guys was out of this world but she let them live atleast she had a heart"Marlin

"I'll rather die than to meet her " Syanda then Anelisa chocked on her wine

"I'm..I'm sorry "Anelisa

"Are you okay?"Syanda

"Yes please excuse me..where can I find the bathroom?"Anelisa

"Let me take you there come "Zimbali..Anelisa felt bad for thinking the opposite about her.They went through a long passage

"Wait Anelisa..you're Hazard right?"Zimbali

"No I'm not "Anelisa

"Have you ever heard of Ghost Rider?"Zimbali

"Yeah apparently Ghost Rider is a girl and she's dangerous "Anelisa

"Ohkay that's me but my husband does not know..I may be bad ass but I'm nothing compared to that Hazard girl...here's the bathroom hurry"Zimbali...then Anelisa went in and came out after few minutes they went back to the hall to find Syanda on stage he was delivering a speech.they sat down and listened to him

"I wanted to come with my patner to this stage but she had excused herself so now she's back please join me baby girl"Syanda said on stage

"Wait is he talking to me?"Anelisa

"Yes baby go"Zimbali

She slowly made her way to the stage

"Come on baby girl come out don't let these monkeys here scare you" Syanda then he looked around and saw her..she was now by his side when he was done with his speech they went out

"That was really not necessary "Anelisa

"I wanted to show them that this year I'm not alone" Syanda

"Okay then it's so boring here I want to go home" Anelisa.

"Just drink a lot of wine and you'll be fine"  
"Syanda

"Ohkay" Anelisa

They went back to the table and she drank a lot of wine since all they did at the table was talk about how ruthless Hazard is and that they hate her without even knowing her

"Baby girl let me take you home you're drunk

"Syanda whispered to her

"No I'm okay (then her phone rang) oh sorry"

Anelisa..she answered without looking

"Queen you have to rush home now your sister is in danger and she's alone go"...

"J?what's up?Anelisa but Jerry hung up then after that call she received another one private number.

Syanda was really confusing one minute he wants me then two minutes after he doesn't the thing with this guy is that no one has been brave enough to tell him straight up that he's a pussy.He's a ganster's lawyer but doesn't that make him one too?he's friends with gangsters

and he kills if he ain't a gangster they why the fuck does he have a gun everywhere he goes ?because he has enemies everywhere just like us so that makes him one of us.He was sitting next to my hospital bed but I chose to pretend as if I'm still sleeping

"I know you're awake let's talk" He said squeezing my hand

"Fine..what do you want?" I was really angry and I wanted to go home my sister needs me

"Why didn't you tell me that you're not just any gangster but you're Hazard?" Syanda; I'm really starting to think that I once killed his beloved ones the way he hates Hazard that being me

"What was I supposed to say? Hi I'm Anelisa Dlamini aka Hazard stay the fuck away from me?" I asked him

"No but you were supposed to tell me" Syanda

"You know what your problem is Syanda

Mapholoba?you're fucken pussy a loose one at that,just because I'm Hazard you hate me without even getting to know me you believe everything you hear?well I'm human too I deserve to be loved.I deserve a boyfriend but clearly you're not what I deserve "I said

"I needed that..I'm a loose pussy because I hate someone who once killed my sister like a rat?yes you killed her and I was watching and at that time I think you were 16 or 17"Syanda said I was beyond shocked what sister is he talking about

"Who was your sister?"I asked

"Zama Mapholoba she was a prostitute and stole diamond from your gang and then she sold Lizard out to the cops and he was arrested for few months"Syanda now I remember that bitch I killed her last year at her house I guess Syanda was hiding and watching

"Oh and you know what I don't regret killing her I'm only sorry that you saw that "I said

"You're unbelievable bitch!..she had to die just because of stupid diamonds?"He shouted

"No!but because we let her go and she goes straight to the cops and sell my daddy out then yes she had to die"I shouted back

"Oh God you're wicked and I would never be with someone like you yes I liked no I loved you but I just can't I even killed for you"Syanda shouted at me

"Well I didn't ask you too..and no one is begging or forcing you to be with me and I won't change not for you not for my mother not for anyone else because you'll don't matter to me. I don't give a shit in the toilet about you as long as I have my sister and Lizard you can all just fuck off"I shouted..well the thing with mom is we're not really that close she only loves Danielle as

for me and Zenande we can take care of ourselves her words not mine..As I was looking Syanda straight in his eyes the door opened I turned to see Zenande and Siya (my friend..Tshepo's brother)

"Sis are you okay?why are you guys shouting we could hear you from the reception "Zenande said

"Syanda was just leaving"I said he just went out

"Ohkay Siya how did you find my sister?"I suspect they are dating which is absolutely fine with me

"Anelisa I'm really sorry but I couldn't stay away from her..I love your little sister"Siya said

"Mmh I'm okay with you too as long as you don't force her into something she's not ready for since you're older"I said they looked at each other and back at me

"Ooh I see" I said

"Thank you Sis so are you okay?how's your thigh?"Zenande

"This is just a little scratch..what did you do with him baby?"I asked was really worried

"Oh don't worry Siya helped me and we dumped him near a river "Zenande

"You removed the bullet?I don't want Syanda being arrested " I said

"Yes I did now enough about that psycho Zake what's happening between you and Syanda?"Zenande

"I'll go buy food for us"Siya said and walked out

"Nothing he's just a pain in the ass and Mr holy holy"I said we both laughed

"Don't worry he'll come around oh I invited a friend of mine he's a sangoma to cleanse the house I'm sure he's done now"Zenande

"You're something else lil sis..you s

Schools had reopened so Anelisa also went back to Cape Town everything was okay without Syanda contacting her. She dialled Lizard

"I hate you do you hear me?" Anelisa

"Baby I've been really busy but I promise you I will be there on your birthday okay?" Lizard

"Might as well not come you know I never celebrate my birthday.. I really miss you and there's a lot going on daddy I need you" Anelisa

"I miss you too baby I will come with Nonjabulo okay?" Lizard

"Okay I love you bye" Anelisa then she hung up and watched t.v.

Living alone is what she enjoys the most but this time she was thinking about Syanda

couldn't even go to the warehouse to chill with the guys. Around 8pm the door bell rang

"Didn't I lock the gate?" She questioned herself knowing that it could be any of her enemies she ran to get her gun and went to open the door she almost fainted when she saw who it was

"Syanda please come in" Anelisa

"I'm good I just came to get you" Syanda

"To get me?" Anelisa asked puzzled

"Yes come I'll bring you back in the morning "  
Syanda

"No you want to kill me?" Anelisa

"I'm not like you Anelisa I promise to bring you back early in the morning so you can prepare for school " Syanda

Anelisa went quiet for some time then locked up there was silence in the car until Syanda drove in at this beautiful mansion

"Is this your house?"Anelisa

"Yeah follow me"Syanda;they went out of the car Syanda led Anelisa to the pool then he went to change into a short and brought one for Anelisa he went in the pool Anelisa sat at a chair at the corner

"Aren't you joining me?"Syanda

"No you want to drown me?"Anelisa

"I just want us to talk"Syanda

"Then come out of the pool then we'll talk like adults stop being childish Syanda "Anelisa

"I thought talking in the pool would be kinda romantic come join me already "Syanda

"We're not in a movie boy"Anelisa

"Anelisa just change into those shorts and join me"Syanda shouted

"You must be smoking dick if you think I will join you,we are at your house you can drown me

and destroy my body I'm not that dump"Anelisa

" Woman you can swear! If I wanted to kill you I would have killed you the moment I heard that you're the ruthless Hazard"Syanda

"Syanda I'm really sorry about what I did to your sister okay?It's in the past there's nothing I can do to make you feel better"Anelisa

"Be my girlfriend "Syanda said

"As much as I want to but I can't you're still angry you haven't healed and being with you would be signing my dead warrant I know you want revenge "Anelisa spoke with a low voice

"I love you...please accept my love for you let's forget about the past "Syanda said going under the water

"No heal first"Anelisa

"I'm not angry but if we're going to do this I need you to stop being a gangster just quit I will do

everything for you. Fancy cars? money? everything I will do it" Syanda coming out of the pool

"And I need you to stop being a lawyer" Anelisa

"What?! I love what I do only death will make me stop" Syanda

"And I love what I do too..i am what I am and I will never change not for anyone .Anelisa is Hazard and Hazard is Anelisa you can't separate the two so if you want me accept my other side I will never harm you" Anelisa standing up and walking to Syanda

"I can't " he said facing down

"Then I can't be with someone who's not willing to accept me for me. please take me home" Anelisa

"I said you'll go in the morning let's go eat" Syanda said they went to his kitchen he dished up for both of them, they ate then he washed the

plates

"It's late let me show you your room" Syanda  
they went upstairs to Syanda 's room

"We'll both sleep here go shower I'll bring you  
my PJ's " Syanda

"No I'm fine" Anelisa

Syanda just pulled her to his bathroom

"Do you want me to undress you and put you  
inside the shower myself?" Syanda

"No no..please excuse me then" Anelisa said as  
soon as Syanda left she went in the shower  
after 10 minutes she was done then she  
wrapped a towel around her body and went out

"So what does this mean? That I will end up with you?" Anelisa asked puzzled

"I really don't know Queen but the visions stopped maybe my mother's friend was drunk I mean you have Syanda and no offense I don't see you that way" He said

"Yeah me too" obviously she lied they talked

until it was 8pm so Jerry dropped her off and went to his apartment. Anelisa couldn't sleep she went to watch t.v. she zoned off on the couch but was woken up by someone shaking her she jumped

"What the fuck! How did you get in?" She asked him with a sleepy voice but she was pissed

oh I have a better idea I can tell my friend to go kill her now" he said Anelisa started sweating

"No you wouldn't you sick bastard I will kill you do you hear me?"she shouted

"No killing this time see I have told all my friends that I'm with Hazard and she might kill me so I die they clean out every relative you have and you get arrested which will be easy since cops want you so bad"he said..Anelisa felt defeated not once had someone outsmarted her like this

"Go ahead I don't care" she said still sweating

"Ohkay let me make a call then"he said and took out his phone then started talking he showed her that he's not fooling around he's really making a call

"Ghost Rider...I need you to kill Hazard's little sister like a rat \*he listened\* you can't say no or else I will tell your husband about your dirty

life..oh I should consider it d..." he was cut off by Anelisa shouting

"Okay okay I'll do it please don't harm her"she spoke fast with tears threatening to comw out

"Good girl" he told Ghost Rider that he was just joking then ended the call.He sat down next to her

"I can't believe you're officially my girl oh another thing I don't like that Jerry so you're his boss not friend stay away from him" he said...Anelisa cried this time he pulled her to his chest

A month had passed everything I try fails he finds out everything which is really frustrating and another thing Daddy can't come to help.Syanda said if he dare comes to the

country he will have him arrested he has a video of him killing so he's safe in London..I feel defeated not once have I dealt with someone this clever.I got ready for school drove there attend all my classes and drove back home I don't even go anywhere near the warehouse now..Around 6pm Syanda came to fetch me we're going to his house

We got there it was packed so he's having a party and I'm not told

"Behave " he whispered as if I would do anything..his friends greeted me we shared hugs and handshakes I wasn't talking to anyone I just wanted my life back these people are boring they don't know how to party

"I'm going to the kitchen " I told Syanda and stood up as I was drinking juice this tall caramel guy but he's not tall like Syanda came in

"Hi can we talk?" He said I nod my head

"I can help you..I know Syanda forced you to be with him" He said I looked straight at his eyes I saw he was lying

"Help me how?" I asked him

"We'll kill him" he said I laughed

"Oh no I really love Syanda bro and I might have been forced at first but now I love him with everything in me" I said with a huge smile he just clicked his tongue and went back to the pool...This guy thinks he's clever no he's just an amateur just like Syanda I will strike he won't see me coming because one thing I know I never loose

I saw a door leading outside I've never noticed it I need fresh air so I pulled the door handle it was not locked so I went out it leads to a beautiful garden I sat on the bench there I heard footsteps I quickly stood up and hid at the corner but they sat at the bench it was Syanda

and that guy I knew it I could hear them

"Hey bro the girl has accepted this she doesn't want to harm you" the guy said

"I'm good at this neh...I really love her but she must be taught a lesson for life now it's time for the final round" Syanda said

"What do you mean?" The guy asked

"I frame her for murder she gets arrested but before that I must enjoy her you know and beat the living shit out of her and I will start tonight " Syanda said then they talked more and went back to join the others I ran to back to the kitchen now I know his plan it's solid but now that I know I'm planning on beating him at his own game

Just after I went back to the kitchen he came in I breathed out

"Hey why don't you mingle with my friends?"He asked

"I'm not used to them and I'm tired plus tomorrow I have school " I said

"Oh shit I forgot but you're sleeping over right?"He asked

"Yes sure can I go sleep now?" I asked not that I'm sleepy

"Yes come let me take you" he said and pulled me by my hand

We got to his bedroom,I touched his arm gently going down with it he kissed me.I held his head and pulled out of the kiss and whispered to him

"Enjoy it while it still last..every dog has it day" I said and let go he laughed

"Same goes to you I'll be downstairs" he said and went out..my problem now is I don't know when he will strike there's no time for sleeping now I searched around his room looking for anything I found a picture of him and a woman they looked so happy what caught my attention

they both had rings on their fingers the bastard was married I put it back and continued searching but nothing I gave up and went to bed..he did not come to bed

In the morning I took a cold shower wore the clothes I came here wearing and went downstairs it was a mess Syanda was wasted with his friends they were sleeping on the floor with their bitches Syanda had his bitch too I went to him tried waking him up but nothing I kicked him and ran out I'm catching a taxi and today I'm not going to school I have been weak for a whole month now taking all bullshit when I got home I took my car and drove to a deserted construction building and threw my phone there it's one cause of my problems,drove the warehouse the guys went crazy

Two days have passed I haven't heard from Syanda which is not good because obviously he's cooking up something no lie but I'm scared the guy wants to frame me for murder I can't go to jail I won't survive in there I'm sure I have lot of enemies I don't even know

Jerry was really supporting we decided that he stays with me until this whole thing blows over. I have no classes today, I woke up around 9am brushed my teeth and went downstairs to the kitchen and there he was! Oh God I was drooling he has a body to die for...he was wearing a black nike short no t-shirt

"Earth to Anelisa " he said laughing

"Oh I'm sorry you were saying?" I asked sitting on the chair

"I said good morning...would you like coffe?" He asked

"Uhm... I didn't even hear what he said

"Okay I'll go put a t-shirt on just so you can talk " he said

"No! I'm sorry I'll stop drooling can you I have coffe too?"I asked

"That's what I asked you " he said laughing at me this guy has no idea how hot he is...he gave me coffee and sat opposite me

"I was thinking"J said

"Ohkay..?"

"Don't kill Syanda make him suffer for the rest of his life he won't be able to even commit suicide " He said

"I like your idea but how?"I asked

"Simple I'll create something that will shut down all his muscles and nerves he won't talk,walk,lift a finger etc it lasts for 3 years " he said

"Okay after 3 years what happens?"I asked

"He goes back to normal...that's where you come in "he said

"How?"I asked

"First you're going to be the one who inject him..we admit him to a rehabilitation center and or whatever and pay them huge amount of money to look after him then after 3 years when he's getting better you inject him again "J said

"You really can make this dose thing?"I asked

"Yes there's a lot of things I can do...so what do you think?" He asked

"It's really a great idea but I think it's too easy for him "I said

"No it's not trust me,he will feel pain and being useless and shitting on yourself is not easy think about it "he said and yeah he's right

"You're clever but how do I get him?"I asked

"That I don't know..but I need 2 days to get all

the material I will need to create the drug "he said

"Okay I'll figure out how to find him then "

"Aren't you attending today?" J

"No..let's go watch t.v. " I said

"Go bath first you stink" he said not even laughing

"Ouch I'm hurt" I said holding my chest then he laughed

"I'm joking but go bath and I'll put on a top so you can concentrate" he said we both laughed

I went to shower and went to join him in the t.v. room we were cuddling and sharing a blanket his phone rang

"It's for you" he said I should buy a phone

"Hey Zee"Me

"Hey Sis listen..we are safe but your mom

wants to come to Cape Town "Zenande

"For what now?" Me

"She's sick but not that sick she said she has something to tell you it's important before she she dies "Zenande

\*\*I won't rewrite all their conversation\*\*

I woke up in the morning and got ready for school went downstairs to the kitchen..Jerry had left a note for me "HAVE A WONDERFUL DAY..I WILL BE BACK IN 2 DAYS TIME KEEP MY PHONE SAFE"

I drove to school and non interesting there had a normal day after attending all my classes I walked out with Diedrik he's been friendly since he saw my car

"Who's that guy leaning on your car?" said Diedrik I looked at my car and there he was Syanda he was smoking I quickly pulled Diedrik to a corner I'm sure Syanda didnt see us..I

untied my weave and messed it up up

"Whoah what are you doing?"Diedrik

"I have to look like a mess like I'm under stress or something" I talked fast

"Let's remove your makeup " I think Diedrik is gay but I won't ask him

He gave me water to rinse my makeup then I dried my face with his shirt

"Now you need swollen or red eyes "he said

"How do I get those?"I asked.

"Rub your eyes till they're sore or something " he said

"Okay thanks you can go now make sure that you avoid that guy he's sick " I said then he walked to his car I also walked to mine

Syanda may have done all shit to me but finding out that he's my brother I feel bad I just stood there looking at him not knowing what to do I was disturbed from my thoughts when Jerry was shaking me

"What?" I snapped

"Oh sorry but we have to get moving...I'll take him to the rehab" Jerry said

"I'm sorry for snapping at you..Syanda is my brother " I said

"Sorry what?" Jerry asked

"Yeah that's what that sick hag called my mother came to tell me..let me go get answers " I said he stopped me

"Let's take Syanda to the rehab first and I'll try

to create an antidote but it will be hard I've never done it before" Jerry said we lifted Syanda carrying him to the car and drove off..admitted him and signed everything then we drove back home

"Noluntu..Noluntu come here" I shouted from downstairs ,she came running

"Sit!and talk" I said she sat down on the couch opposite J and I

"I'm the cause of you and Syanda hating each other" she said

"Elaborate.." I said

"I wanted you guys not to even start dating I went to my friend she's a sangoma I bewitched Syanda to hate you" she said crying

"What?!" I stuttered

"I'm sorry baby for everything I really am" She said wiping her tears with the back of her hand

"Noluntu..what if Syanda killed me?you didn't care!he hit me everyday only to find out you build that hate huh you're sick and you..you disgust me fuck you!" I shouted at her and charged towards I was about to slap the living shit out of her Jerry held me

"Look at me Anelisa" he said holding my waist making me calm down a bit but I didn't look at him I was looking at Noluntu

"Look at me please" he kept repeating that I looked at him and he made me do breathing exercises I calmed down

"Is it safe to let go now?" He asked

"Yes" I smiled at him and he let go I looked at Noluntu straight at her eyes

"After everything you've done to me this is beyond..I wish you a slow and painful death Get out of my house and now" I said and walked upstairs I screamed

"God did you have to give me dump ass parents?" I shouted kicking everything in my room and punching everything.

I drank 8 sleeping pills I didn't even reach my bed I passed out at the bathroom what happened after I don't know I woke up an unpleasant smell of medicine reached my nostrils I looked around great! I'm in hospital but I was alone in the room. Jerry walked in carrying a board and wearing a white coat like doctors

"Hi Miss Anelisa Dlamini..I'm Dr Jerry Kearns and I will be your doctor while you're here you have been out for 4 days now. How are you feeling?" He asked whoah is he trying to be romantic or what

"J stop fooling around and I'm okay" I said

"You're selfish do you know that? if I had it in me I would be beating your fat ass" he said and wrote on the board

"I'm sorry I just wanted to sleep..what did you mean by you're my doctor?" I asked

"I'm a doctor Anelisa..I didn't want to work but I have hospitals lining up asking for me to work for them I took the job here because of you" he said

"I drank sleeping pills nothing more" I said

"You're really stupid..do you know how dangerous those sleeping pills are?" He shouted

"Discharge me already you're such a boring doctor" I said

"I will do just that" he walked to the door

"J..so now that you have a proper job are you going to leave us?" I asked

"No I'm in for life" he said and went out I was later discharged

Wednesday still Anelisa had not changed her mind and she didn't seem bothered at all Zenande had not called her since new years eve and she didn't call too. Anelisa took a long shower thinking about her life but she loves it like this and being with Jerry is what excites her and gives her hope

She finally went out of the shower; lotion her body she went to her closet and took out a pink loose dress and her pink sleepers got dressed and went to make food for herself and Lizard then joined him in the garden. They chilled

talking

"You're really not going to Noluntu's burial?"

Lizard asked

"I'm not going that's final" she said

"How are you going to find closure?you have to go" Lizard said

"Daddy no!what clos.." she got disturbed by her phone ringing it's Zenande she answered and heard shouting from the background

\*STOP THAT AND COME HERE YOU LITTLE RAT!!WHERE'S THAT SISTER OF YOURS?YOU'RE JUST GOOD FOR NOTHING ORPHANS\*

"Zenande??" She called out but Zee didn't say anything just the shouting Anelisa dropped the call and sigh

"I have to pack.." she said and went to her room she was not packing but shoving her clothes

and shoes in her travel bag then ran to the driveway where the car was she put it at the back

"Going somewhere?" Lizard asked

"Yes I'm going home..those fuckers are abusing my siblings " Anelisa said

"Oh you're driving..almost 2 days on the road baby eish" Lizard was worried

"I'll make it 25 hours..I will drive faster at night and take shortcuts.Tell Jerry I left" she said and got in the driver's seat ,gate opened she drove out but saw Jerry's car she stopped and waited for him.Jerry came out of his car and got in at the passanger seat in Anelisa's car

"Hey moms where are you going?whereas I'm here to see you" Jerry said

"I'm going home..I was going to tell you later babe"Anelisa said

"I'm proud of you..be safe I will come on Friday night with Lizard" Jerry said and got closer to her he kissed her passionately squeezing her bare thighs then stopped kissed her forehead and went out leaving Anelisa wanting more

"You're such a dog J" Anelisa said

"I know and you me like that " Jerry said she just laughed and drove off

She was on the road without stopping anywhere then at night she drove like she's crazy taking shortcuts and avoiding the cameras.Atleast now she was left only with 9 hours on the road she drove in to a game lounge she just paid to bath and eat then drove again she covered the 9 hours but went to see Siyabonga before going home

She pressed the gate intercom Siya screamed when he heard who it was he let her in.they were now sitting in the kitchen

"How is my sister? I hope you're cheating on her"  
Anelisa said

"She's not good at all Ane..your relatives are not nice to her she's always crying no big and brave girl anymore " Siya said

"If any of our uncles have touched her inappropriately heeh I will go on killing spree I'm telling you" Anelisa said

"Calm down Ane..go home" Siya said and walked her out to her car

When she pulled over at the gate she caught a lot of eyes a little boy opened the gate for her she gave him R50 and drove in

The relatives could not believe who it was and the car was something else but what they didn't know is that she's got her grabby pants on today..she got out took her bag and walked to the house she greeted and went to her bedroom but Zenande and Danielle were not there she

was told that they went to the shops with Aunt Zakithi

She waited for them and after 2 hours she was standing outside with cousin he was bragging about her car what she saw broke her heart

Zenande was wearing a dress that reached her ankles it was too big on her but Danielle was okay

Zenande ran to her hugging her tightly

"It's okay I'm here baby" Anelisa said brushing her hair

"Where are your clothes I mean I buy you expensive clothes and send you money every month what's this sac you're wearing?Anelisa asked looking at Zenande

"Aunt Zakithi took my clothes" said Zenande

"And you let her..let me go sort that bitch!" Anelisa said and walked to the kitchen where

Noluntu was put to her final resting place in peace but no one cried for her;Zenande was so drunk that she talked shit about her mother everyone was shocked..people started leaving...It was Sunday and Anelisa was stressed not knowing what to do with her siblings who will look after them since everyone left yesterday at night she was left with few cousins;Jerry and Lizard

Jerry saw she was stressed he pulled her outside

"Babe schools haven't reopened so let's take the kids with us to Cape Town while we look for someone who will their guardian and I know someone" Jerry said

"Yeah you're right let's just go now..Zakhele will

stay here just until we bring them back " Anelisa said

"And plus they deserve to go clear their heads oh let's go inside I'll help with packing " Jerry said they went to pack for the kids..Lizard had a banging headache he was even dizzy

"Eish boss I wanted to drive with Anelisa" said Jerry

"It's okay I'll manage" said Lizard

"No daddy..go with Jerry I will drive with the kids I'm not tired" said Anelisa they said their goodbyes and left

Anelisa was driving slowly that was first because she's always speeding

"I wonder why she's not flying?" Said Lizard they laughed

"Maybe because the kids are on board you know how she loves them" Jerry said

"Yeah..Hey do you remember this time when we were going to PE for business and you and Bullet wanted to drive with her because you wanted to bully her to drive all the way?"Lizard asked they both laughed

"Yoj she showed us flames,you remember you guys were 8km behind whereas we took off at the same time" Jerry said

"And when we were going back no one wanted to ride with her.." Lizard said they laughed

"Yeah she's a character..there's this time we went to visit my mother yoj she showed my ex flames boss told her to save energy to hit the gym she looks like a pig" Jerry said

"You're lying..she didn't say that " Lizard said now holding his stomach

"I'm telling you boss..anyways how are you feeling now?"Jerry asked

"I'm better but I need to take the pills Haza gave

me" Lizard said

"But we don't have water in the car" Jerry said

"There are restaurants and hotels all the way we'll stop at one to get food and water" Lizard said

"And Anelisa has all the food and water...moms can be selfish sometimes" Jerry said they kept talking about her until they drove in at a restaurant ordered food and bought water..they went to their car and ate then took off

"I'm sure Anelisa is far now let me check on them" Said Lizard and called Zenande not wanting to distract Anelisa.she answered

"Why are you not asleep it's 10pm ?"Lizard said to Zenande

"I can't sleep sis doesn't want me too.."  
Zenande said

"You guys okay?"Lizard asked then Zenande put

him on loudspeaker

"Yeah daddy we are good and relax I'm not speeding" Anelisa said focusing on the road

"Okay when you are tired stop and rest" Lizard said

"Okay daddy..I love you and J?" She said

"Yes moms?" Jerry

"I love you babe see you at home because you surely won't cover now " she said and Zenande hung up but Lizard called again she answered

"Zenande I called so I get to drop the call" he said they laughed then he hung up

\*At Anelisa's car\*

"Your daddy Lizard can be childish sometimes but he's scary af yoh" Zenande said

"I was afraid of him too but he's s teddy bear I tell you..you'll enjoy your stay with us how's lil bro there?" She asked looking at them in the

mirror

"He's asleep..look at that truck " she said

"Maybe that driver is asleep it's speeding let me wait for him to pass I don't want to risk your lives" Anelisa said but the truck stopped indicating for them to pass it was T junction so she passed but the driver was sleepy and didn't notice that she was still waiting for another car just as she turned the truck hit their car had..she had buckled her seatbelt but it got unbuckled since the truck hit them hard she flew off through the window screen Zenande had coverd Danielle nothing happened to him

As I moved closer I saw Zenande crying her leg had blood and there was a glass on her forehead at least she's okay and Danielle was crying too but Moms was lying on the stretcher while they were shouting that they're losing her..Being broken is an understatement

"Sir please step aside"said a paramedic

"I'm a doctor can I help?that's my girlfriend" I really did not have time to swear she let me help I first attended Zenande we removed the glass and put her on the stretcher too Danielle was okay Zenande covered him..then went to Anelisa

"Sir what should we do?she's in a bad condition flying might make her brain swollen and driving to hospital we won't make it in time"they were now asking me since I'm a doctor i scratched

my head hard and looked at Lizard who was crying

"Let's fly..Let's get moving people" I said

We moved them to the helicopter I also got in we took off leaving Lizard where he was was. At hospital they were already waiting for us they wheeled them I remained in the waiting area

"Dr please come help us we need all the help" said a nurse I ran after her she gave me uniform to change..we went to theatre she had glasses in her stomach and back we tried everything we were in for 6 hours then I stepped outside checked on the kids and called the guys they were shocked and said they are on their way I didn't want to cry I had to be strong..I sat on the chair thinking I was brought back by someone slapping me hard

"Dude I have been calling out for you for almost 15 minutes now" I looked up to see Nhlanhla he

sat next to me and pulled me in for a hug I hesitated at first but he held me tight a loud sob escaped my mouth I have to say they were shocked to see me cry like that he finally let go

"Man what happened ?" Asked Bullet

"She wa..was not speeding the police said it's the truck driver's fault he was drunk and sleepy..you should have seen her car..\*sob\* she had glasses in her stomach and inside her back imagine " I said and cried my eyes were heavy now

"J she's a survivor..okay?how is she?"Asked Merchant

"I was in helping out..she was stable but not to lie but it's not promising" I said I had to stop crying I'm a walking coarse already moms has to live she has too I have big plans for us..one of the doctors we were with came to us we stood up

"Dr Jiyela.." I said he looked down

"No please don't say it no no" I shouted crying

"Dr please don't kill us" said Merchant I wanted to laugh but situation does not allow me

"After you stepped out Dr Jerry she had a seizure worsening her condition then hmm we tried to stabilize her..I'm sorry family but we lost her"the doctor said I didn't hear what he said after that. I was feeling dizzy Bullet helped me sit down he gave water I was sweating what am I going to tell her siblings they just lost their mother..what about Syanda?he's okay now he can walk and talk and I visit him every Wednesday and I told him everything about Noluntu and that she bewitched him to hate Anelisa but we decided that we will surprise moms next month with the news then I will give her a promissory ring not engagement it's still early for that..

"Dr Jiyela..please follow me hurry,hurry,hurry  
"said a nurse shouting without a word Jiyela left  
us

We all cried holding each other wondering who  
will tell Lizard but maybe he sensed that she  
won't live the way he was crying

I went to wash my face and made my way to  
Zenande's room she was with a girl maybe her  
age or older they were talking

"Hey aren't you guys supposed to be sleeping?"  
I said

"No we just met..let me give you space" said the  
girl she was with and went to her bed I sat on  
Zenande's bed and held her hands

"Bro J you're scaring me...look at me" she said I  
faced down she lifted my face and looked at my  
eyes

"Your eyes are red were you crying?how is  
sis?"she asked..I couldn't hold my tears they

flowed freely down my cheeks

"No..pl...please DON'T tell me she's gone" she said shaking her head repeatedly

"Baby I'm sorry I will..look after you I promise" I said pulling her to my chest she cried painfully I'm sure people co

It has been 6 months no movement or anything from Anelisa she's just laying half dead on the hospital bed..I wanted to live with the kids but since Zenande is doing grade 11 she couldn't move so I asked my aunt she's a very kind person but can't have children of her own to move to Durban to be their guardian I even bought a new house for them because since the cousin they left was refusing to move out..I resigned at the hospital I can't cope but HR said they understand and as soon as my girlfriend is

okay I can come back to work..Zenande and Danielle were here during the holidays..Syanda has been supportive yes I helped him and he's living with me just to monitor him and he's back to his law firm

It was Saturday we were driving to hospital to see Moms we have decided that it's no use holding because she's not fighting so we're letting her go it was a decision we both made and cried our eyes out holding each other yesterday night..we went to her room I sat on the right side and Syanda on the left we held her hands

"I was looking forward to being your brother..and Jerry thanks man for everything " Syanda said I nod

"Moms you're stuck between the living and dead so we're letting go" I said holding her hand tight and cried

"Do you want a kiss J?" Syanda asked pouting  
we both laughed

"Eew fuck you man " I said Syanda and I have  
been like brothers while the others have gave  
up on her even Lizard

"Let's sing to her" Syanda

"Noo" I laughed imagine me singing

Syanda took out his phone and played Heaven  
and sang along I eventually did too and it's her  
favourite song..

"She's surely leaving us..it's our last day with her  
" I said sniffing and let go of her hand and  
kissed it then we continued with singing and  
crying then Syanda switched off the song and a  
loud sob escaped his mouth

"I'm sorry Anelisa.yes I may have been  
bewitched but it's no excuse " Syanda said  
brushing her bruised face

"Bro I apologize once again for what we did too"

I said

"It's ok

\*continuation\*

"It's okay..you did what you had to do"Syanda said living with him showed that he's a caring guy and he loved Zenande and Danielle..we sat in silence

"I think we should call the nurse now " I said trying to be strong

"Just few minutes please!" Syanda begged I sat down and held her hand again and kissed multiple times with tears gushing down

"Moms fight please!you want me to slap you huh?" I shouted

"Calm down J..let me call the nurse " said Syanda as he marched to the door;Anelisa squeezed my hand weakly

"Moms..Moms Syanda come back!" I shouted  
he came back

"What's wrong?" Syanda asked worried

"She squeezed my hand" I said Syanda laughed  
at me

"Moms I need you to do it again if you can hear  
me" I said closely to her ear and she did it again  
Syanda eyes popped

"Thank you babe we're not giving up now" I said

"Please squeeze my hand too" Syanda said and  
she did but her eyes were still shut

"She's coming back to us she just needed you  
to shout at her" Syanda said we both laughed

"Have you been up for a while now?if yes  
squeeze my hand twice " I said and she did  
twice

"Oh you heard us singing?" Syanda asked then  
Anelisa slowly moved her head eyes still shut

she flinched in pain

"Take it easy we're here now rest" I said and kissed her forehead while Syanda went to call her doctor they no longer came regularly to her room because all the time they would find me or Syanda crying

"Y..you l..look u..gly" a horse voice said we popped our eyes and looked at her

"Moms you talked!!" I screamed like a little girl my only worry was with her eyes now

Dr Jiyela had just left and he told them that it's a miracle that she's awake..they told the crew but they said they're lying so they won't waste their time it is indeed true that when days are dark friends are few.Syanda had stepped

outside to call Zenande and tell her the good news while Jerry was in with Anelisa

"Can you see me?you said I'm ugly?" Jerry asked with a low voice

"Yeah my eyes are just tired and need to adjust to the light " she said she was now talking fluently since they gave her water

"Ooh I see you really scared me..how long have you been up?" Jerry asked

"Lo..long enough to hear you and Syanda mend your differences and cry together everyday I guess I was just lazy to move" she said honestly

"Ooh you're selfish we almost killed you" Jerry said

"I wouldn't have died J..when am I being discharged?I want Zakithi" Anelisa said

"Whooa slow down missy and you talk too

much for someone who has been quite for 6 months and Zakithi is your aunt right?" Jerry asked fixing the pillow for her

"She's behind this..I was shown everything and now I'm stronger just needed you to shout at me" Anelisa said

"Are you sure you're okay upstairs?I mean you just woke up,you talk alot and then you accuse your aunt of the accident how?" Jerry asked confused

"Jerry that truck was hers and uncle they use it to transport cement they're selling it and that day of the accident uncle John and Zakithi planned that they hit us with the truck even if it means uncle dies that's how much they hate us" Anelisa said with tears

"But moms how do you know all this?" Jerry asked looking straight into her swollen closed eyes

"Noluntu showed me and told me it's not my time yet..look at me J I almost died" she said with a breaking voice while Jerry was looking at her he cursed after reading her mind it's true everything she said

"Okay moms calm down.what do we do now?" Jerry asked

"You believe me?" Anelisa asked

"Yes" Jerry said

"Thank you..once I get discharged we will figure it out I love you" Anelisa said brushing J's hand then Syanda walked in

"Hey Anelisa..I'm really sorry for abusing you" Syanda said

"It's okay you were bewitched but now let's move on with our lives and I'm sorry too for paralyzing you" Anelisa said

"I'm fine now thanks to J " Syanda said

"Hey I'm the only one who calls him J and thank you guys" she said

"Don't be emotional on us now..can I call you sis like Zenande does?" Syanda asked crossing his fingers

"Yes of course..can I rest now and please get me discharged by the end of the week" Anelisa said then Jerry and Syanda left they met with Dr Jiyela at the reception

"Dr when can you discharge her?" Syanda asked

"I'm really shocked by this if I had power I would write about this after 6 months she wakes up and talks like nothing happened she's fine we just have to make sure that she can walk and then Saturday you can take her home " Dr said with a smile.

"This Saturday?" They both asked

"Yes let me bounce now " he said and left them

They signed the papers and helped her to the car she was lumping which with Jerry holding her when they got to the apartment it was not locked they decided not to take her to Lizard's house because she will live alone there.

"SURPRISE" shouted their crew with few friends her aunts;uncles and cousins were also there she just stood there looking at them while holding J's arm

"What's all this?" J shouted

"Hau we thought we can surprise the queen" said Merchant

"That's new what happened to we're cutting her off she's dead and we can't always come here to see a coarse and lastly she didn't get injured while on a mission" Anelisa mimicked Bullet she heard him

"Queen I didn't mean that..and who told you?"

Bullet asked moving to them

"I heard you dick face..I heard each an everyone of you saying I'm a coarse did you have a right to give up on me ?yes you did but to trespass here because clearly J and Syanda didn't know about this and acf like you care that's bullshit.." she said breathing heavily.

"Whoah are all my clothes here?" I asked

"No but half of them are here..I couldn't cope" Jerry said I laughed

"So my clothes helped?" I asked he nod then we went to eat and drove to court to support Syanda and indeed he was a bulldozer he won the case since it was the day of the verdict then we all drove to the warehouse..he led us to his

room with the boys following us carrying popcorns

"Popcorn?" I asked

"Yeah we're having a show today" said Merchant

"Ohh so why are we going to J's room because he does not have it in him" I said they laughed at me as J unlocked his door

"6 months is all it takes Queen you'll see" Bullet said I was shocked to see Zakithi and John I thought they left

"Morning family " J said with a smile as he wore an apron that had dried out blood

"J what's going on?and aren't you going to offer us chairs?" I asked because my leg couldn't stand it anymore

"Oh silly me..Merchant get the chairs please" J said with a smile I was still confused so just 6

months in a coma is all it takes to change people..anyways Merchant came back with camp chairs we sat down watching J sharpening knives

"I greeted you Zakithi and John" the way he said Zakithi made us laugh

"Hi" John said but I could see that he was shit scared

"ANELISA baby please talk to your boyfriend to let us go" Zakithi was crying and begging me just imagine

"Aunt Zaks I want you to see what we do around here but trust me he's not going to kill you" I said then J walked to their chairs

"Who should I start with? Oh let me rather ask this who came up with the plan?" Jerry asked

"She did " John shouted

"Oh and you decide to sell her out I'll start with

you" J said I saw Nhlanhla tense next to me

"Boy what's wrong?why do I even care" I said but remembered that these fuckers gave up on me

"You're about to see shit Hazard I mean shit!" Bullet whispered then we paid attention to J..he was cutting uncle John's shirt then he smiled

"Okay this is what I'm going to do...I will cut some skin on your arm John fry it then Zakithi you will eat how's that?" J asked them I laughed

"Nice one babe" I shouted from my chair I saw the boys swallow hard and swallowed too..He cut deep in his arm while I was watching that he started peeling his fucken skin I held my mouth

"Pan please Moms stretch your legs and go find me a pan" J said to me Bullet helped me stand up then I limped to our kitchen see in this warehouse we have everything kitchen;t.v. room then where we deal with diamonds and drugs

then each an everyone of us has a room where you torture your enemies..I got to the kitchen and searched for a pan I felt hands touching me and screamed

"Sorry moms it's me...got the pan?" J asked

"Yeah here" I said handing it to him

"Thanks" he said and got busy he fried uncles skin while whistling I was looking at him shocked

"J are you seriously going to feed aunt that?and when did you become so heartless?" I asked

"What I learned is that it's a kill or get killed in this dark world..and yes I'm going to feed them this it's much better because I fried it let's go" he said and pulled me gently by my hand while his other hand was holding the hot pan

John was crying out loud I guess he's in pain in my while life I've never seen anyone peel someone's skin I wanted to throw up but I didn't

isat down

"We're back..Zakithi here is your delicious meat eat" he said

"NO"Zakithi shouted with tears

"You want it raw?" J ask

It's really surprising how fast I'm healing woke up after 6 months I could talk,walk and do other things but hey I guess everyone is different in their own way and the relationship between Syanda and J makes me happy they're like brothers and living with them is awesome..I have decided to go back to school next year.In the morning I took a shower without anyone's help and wore my blue summer dress with blue flip flops comb my natural short hair looked for

my new car keys then went to the kitchen to grab an apple

"Where are you going moms?" I turned

"Hey love I'm going out..to the mall maybe or go see Diedrik" I said he walked to me

"I don't like that gay friend of yours but then I won't choose friends for you moms..can you drive?" Jerry asked

"Yes I'm okay now and it's not my first time driving since the accident " I said

"Oh yes and Lizard is around "J said

"I don't want to see him..let me love and leave you babe and oh when are you going back to work?" I asked because now I'm fine

"Next week moms I have a meeting with the HR today" he said

"Good luck then even though you don't need it" I said then kissed his chest because I'm too

short to reach his lips and without high shoes  
I'm nothing he laughed at me then sat on the  
chair

"J just like that?" I asked

"Go to the mall moms I'm not kissing you" J  
said gulping down water I slowly went to him as  
he put the water bottle down I smashed my lips  
in his but he didn't respond that's J for you, I

"Wow you know I can't run like before " I said  
then walked out ;got to my car said a short  
prayer after I was done J knocked on my  
window

"Shame moms you now pray before driving " He  
said and laughed

"You're so annoying J do you know that?" I asked him also laughing..he couldn't even talk

I was hungry went to a new restaurant to eat I walked in and slipped since there wasn't a notice board telling us that the floor is wet but I didn't fall since someone caughted when I was few centimeters from the floor..right after that I started to have cramps on my left leg I flinched the guy was still holding me

"Miss are you okay?did you get injured?" He asked with his deep voice but I wasn't looking at him I haven't even seen his face

"I have cramps on my leg..please help me sit down" I said then he led me to sit down it was quite empty and people were coming to ask if I'm okay

"Please give her space" the guy said people moved

"I'm so sorry mam I forgot the board"said someone with an angelic voice I figured it's the cleaner

"It's okay..everyone makes mistakes " I said she thanked me then came back with water

"Uhm can you get my pills from my bag?" I asked the guy who helped me and indeed he did without any questions I drank them he sat down opposite me

"Oh thank you..you can leave me now I'm fine" I said with a polite voice

"No I have to see if you're okay..name is Jeremiah " he said I finally looked at him oh my

♡ JERRY♡

I drove to my mother's place with a heavy heart if this Jeremiah guy is my twin brother he would never want to associate himself with me who would? The main question would be why me and not you? I got to her place she was still sleeping I let myself in using my key and watched t.v.

After an hour of waiting she came to the t.v. room wearing pj's and yawning she turned pale when she saw me

"Hey Jerry..you have to call when you're coming over" she said and hit my head playfully

"I'm sorry mother..I'm not staying just came to get answers" I said switching off the TV

"Straight forward mmh...what answers baby?"

She asked facing me

"My girlfriend met this guy who looks exactly like me said he's Jeremiah.." I was cut off by her coughing I didn't even stand up to get her water because I now have all my answers..she coughed till she stopped

"Why?" I asked

"Because mom was a witch she wanted to sacrifice with him" she said with tears in her eyes

"Please don't let those tears fall because I will kill you...why him and not me?" I asked with a low voice.

"Because you came out first baby I'm sorry " she said wiping her tears

"Okay after grandmother died why didn't you look for him and just..tell me everything or should I ask you one question after another?"I

asked her

"Okay okay baby...I gave Jeremiah to my friend and told her to go far with him your father didn't know that I was carrying twins no one did...after mom died I wanted my child back but that broke my friend so I let her have him" she said and yes I understand where she's coming from but for not taking her child back after grandmother died

"Did you ever visit him?" I asked

"Yes he knows me but not as his mother..my friend told him that he's adopted but didn't tell him that I'm his real mother" she elaborated I just stood up without a word and headed to the front door

"JERRY.." it's Lindelwa I turned she was carrying her baby

"Aren't you going to say hello to my baby?" She asked I chuckled

"No I won't she's not mine..and why do you still live here?" I asked her

"I..I..w" she was stuttering and I didn't have time for her

"save it for someone who actually cares and oh I will stop giving you money for your baby it's time you find baby daddy and milk him dry " I said

"JERRY you can't do that to us..he went to USA please " she begged

"I gave you money monthly from the goodness of my heart but now you're taking advantage of me I'm cutting you off" I said.

"What about my daughter?did you think about her?" She asked as if I'm the father I clapped once and laughed.

"I don't care..at least you still have a roof under your head what more do you want?" I asked then went out didn t wait for her to guilt trip me

I went back to my apartment and found moms cleaning and singing damn she has a voice

"Didn't know you can sing" I said behind her she jumped

"Oh hey J I sing when I'm happy only" she said I winked at her

"I must have gave it to you nicely yesterday night "I said we both laughed

"Yeah right...don't brag about it,so how did it go?" She asked then I explained everything to her

"Yoh your grandmother babe! Let me go bath I'm going to see Buyani please finish up for me" she said

"Who's Buyani?"

"That's daddy Lizard his real name is Buyani" she said we both laughed

I finished mopping for her and other things she

was doing ..she was done bathing and dressing she left leaving me bored I tried watching t.v. but nothing was interesting so I decided to go buy a promissory ring for moms...I didn't change just went with my shorts;vest and flip flops

They told me to measure her finger first then come back it's really nothing just want guys to stay away I went to this new restaurant that moms met Jeremiah sat down and ordered while I was busy chatting with Nhlanhla telling him to find this Jeremiah twin dude..after I was done eating and settled the bill I went out;someone bumped into me but he carried on walking no sorry no nothing I went after him

Being hurt and broken is an understatement right now, who could possibly do this? to a kind and lovely person and this woman has been giving me unconditional love but I know I have to support Jerry and Jeremiah but these fools made me so angry

I walk back home and find them sitting on the couch holding each other still crying but Jeremiah was the one crying now

"You're still here?" I ask them

"Moms..hey we're so sorry and where else would we be?" Jerry asked standing up and walking to her

"Don't touch me! You have to inform your relatives and friends but right now we have to go to her house I'm sure Lindelwa is going crazy"  
" I said

"Yes you're right but moms don't be strong for

anyone. Cry" Jerry said

"I'm leaving all the crying to you and Jeremiah "  
I said and walked to our bedroom

After sometime he came in and started packing  
for both of us then he sat down and took out his  
phone he called few important people then  
they'll pass the message

"J did you inform your father's side?" I asked he  
never talks about them

"No my mother divorced my father then the fool  
disappeared and I know where he is" Jerry said  
and gave me a look

"Uhhh...let's go" I said we drove off with  
Jeremiah behind he said he will pass by his  
house and take clothes

They arrived and found Lindelwa crying

"Lindelwa...where's your baby?" Jerry asked  
without even greeting her

"She's visiting my brother " Lindelwa said threw herself to J;he hugged her back okay I'm not jealous or anything I just went to the room we use when here and put our bags on the bed;J walked in

"Moms I need you to wear..." I cut him off

"What do you know J? I'm Zulu and I know what to do" I said he chuckled

"And I'm half Zulu so I know what to do too" Jerry said I just laughed at him and took out a red hugging dress

"Let me go borrow a head wrap from mam.." I stopped myself that's when it sink in that she's gone my eyes became watery but I held the tears I mean I didn't even cry for my biological mother

"It's okay calm down moms...let me go get you water and look for that head wrap from mother's clothes " Jerry said I didn't even realize

that I'm breathing heavily but I refuse to cry he came back running and gave me water then Jeremiah barged in followed by Lindelwa

"Are you okay pretty face?" Jeremiah asked sitting next to me I don't know where the sob came from but yes it came from me I sobbed while Jeremiah pulled me to his chest Jerry stormed out he hates seeing me cry and I know he will avoid me until the burial .once I'm done crying we go downstairs news travel fast the neighbors and some relatives were there I know the relatives I've been introduced to them..I greeted and went to the kitchen where I J's crazy cousins we exchanged hugs seems like everyone is crying who wouldn't that woman was something else we sit in silence while cooking

"Guys no! Aunt Maphumi wouldn't want us to be this said she'll want us to cook while drinking wine girls no" said Rethabile

"Yes she's right and Anez I'm really sorry it must be hard for you since you were with her then just few hours you're told that she's gone " said Zethembe

"It is hard guys I don't want to lie...let me get that wine" I said and went to my car I always have wine just incase I need it

We finished up then sat down drinking and talking Jerry was standing by the kitchen entrance he gave me the "are you good" look I nod then he went out then all of a sudden we're called to come to the lounge and this big guy is sitted in the middle of the room DRAMA! I think it's uncle Ntokozo everyone was talking about they bow down all of them even the aunts I remain standing then Jerry walked in and went to hug the guy

"Moms don't bow down for this fool only the weak fear him " Jerry said and walked out with Jeremiah you see this following each other is

starting to piss me off

"Psss bow down" Rethabile whispers to me

"No is he king or something?" I ask confused

It was now Friday ;everyone was sad not believing that Maphumi is really gone basically everyone is a mess. Jerry even refuses to bath but in the morning he woke up excited and took a long shower and dressed up

"Where are you going babe?" Anelisa asked

"To fetch something very important came all the way from France" Jerry said and went out

"Is he okay?" Jeremiah asked

"I don't know I'm really drained tomorrow it's the burial can't this year end already " Anelisa said

" it's sad I only had few months with my mother..I'm no murderer but should I find who killed her trust me I would kill him or her"

Jeremiah said making Anelisa choke on her saliva

"I'm okay" she said

"Tell me shorty...why are you so brave and feisty?" Asked Ntokozo the feared guy

"You're so stupid Ntokozo... it's the way I am dummy" Anelisa said and stood up

"Awudeleli futhinja (You're so rude,dog)"

Ntokozo said they laughed

"That's why we all love her" Jeremiah said

"Let me go to see where I can help inside " she said and went to the kitchen and helped

Later Jerry got back and looked for Anelisa and found her sleeping he smiled and took out his ring and slide it in her finger after a while she woke up to see J kneeling on her bedside

"Hey you're back..." she said and kissed his forehead.

"Yes moms let's talk" Jerry said with a straight face

"Okay" she sat up then J kneeled between her legs she touched his face and realised that she had a ring then screamed

"J?" She asked shocked

"I know it's not the right time to do this and don't think that it's my way of running away from my misery no ... I wanted to get you a promissory ring but no we've been together for sometime now so I'm asking you to take your

role and be my mother and wife,I know you want to go back to school next year and we will wait until you start working then we'll get married for now be my fiance please moms" J said and dropped tears

"Babe this ring looks expensive all the way from France right?" Anelisa asked

"Yes I had plans but my mothers death happened but it won t ruin my plans I've been waiting for this ring and mother advised me to do this as soon as the ring arrived " J said

"She knew? Wow! Okay tell me how much was the ring?" She asked

"Uhm I'm uncomfortable but I'll tell you,it was specifically designed for you so let's say almost reached 1 mil including transportation " Jerry said

"J no...then I don't want another ring and yes I'll marry you and we will wait" Anelisa said and

dropped tears they cried together and finally let go

"Let's go shower" Anelisa said and took their toiletries they went to the bathroom

"ANELISA COME HERE! SOMEONE'S HERE FOR YOU " someone screamed outside the bathroom

"Urgh so much for peaceful shower with my husband...love I'll be back now now" Anelisa said and opened water for J in the shower since he was sitting down then she wore her robe and ran out...

"Hey a makoti doesn't show her assets " Ntokozo said

"Just shut up" she said it feels like they have known each other for a long time and they have a love-hate relationship

"Who's calling me?" She asked the ladies sat on the mattress and avoided looking at

Maphumi's coffin

"He's outside " with that said she walked out and saw Maphumi's colleagues and the principal. She went to them and greeted then sat down

"I'm sorry for the way I'm dressed I was about to shower" she said

"No it's okay...let me get straight to thw point then I know we haven't even buried Miss Sithole but as the school we need a teacher to fill in for her and we won't get one since we're heading to the last term" The principal said

"Yes I get that but how is that any of my business Mr Hlongwane?" Anelisa asked confused.

"I know you're not qualified but you can fill in...it's just teaching English and you have been around with Miss Sithole while she teaches" Mr Hlongwane said

"Yoh! I can't " Anelisa said without even thinking twice

"Please...she mentioned that you're good with people and that you're only going back to varsity next year it's just for the last term" he begged then Anelisa saw

"You can open your eyes now" J said excited

"I'm scared " Anelisa said

"Suyaphaphake (now you're foward)" J said then Anelisa opened her eyes she her lower jaw dropped to the floor while her eyes got teary

"You'll ruin your makeup..let's go" J said

Anelisa said then stoop up took her bag..they

She got to the private high school and drove in  
the security guards had been informed about  
her they showed her where to park they one  
offered to take her to the Principal she was  
shown around and the classes she will teach

"Mrs Kearns so Miss Sithole had a class you'll  
take them but not like in primary schools you  
won't sit there all day just to mark the register  
and all so you'll teaching 2 grade 11 classes  
and the 2 matric classes your class is 11S  
...and You'll be sharing an office with Mrs  
Nzima and Miss Naidoo" The principal informed  
her then the bell rang it was time for assembly  
and he had to introduce Anelisa,

"As some of you heard we lost our lovely and  
kind Miss Sithole we'll have a memorial service  
for her don't worry...but work is work so her

daughter in law some of you are familiar with her is going to take her place just for this term then next year you will have a new teacher..I expect you to respect her as you did to Miss Sithole" The principal spoke it's a very private school with less than 300 learners since it's too expensive so one student raised his hand he's known for his rudeness

"Yes Tony" The principal

"But sir she looks young I'm sure she's our age how can we respect her?" Tony asked the principal was defeated he didn't know how to answer

"Uhhh assembly dismissed you may all march into your classes " the principal said and walked away

Anelisa just chuckled and clicked her tongue

"So where's my time table?" Anelisa asked the principal

"On your table...if you need help come to my office and Tony eish I don't know and please introduce yourself as Mrs Kearns not Miss Dlamini they will ask a lot of questions since you have that rock on your finger" Principal said then Anelisa went to the office she greeted Mrs Nzima and Miss Naidoo then checked her timetable great! "Morning 12B..I'm Mrs Kearns as you have been told I will be your English teacher" she introduced herself the class stood up and greeted back but Tony didn't she already know him

"Tony my boy good morning I would appreciate it if you also stood up and greet me...the rest of you can sit" she said with a straight face Tony realized she's not to mess with so he stood up

"Morning Mrs Kearns " he said

"You can take your sit boy" she said

"Straight to work...I have stickers here I will give each one of you to write your names and stick them to your tables because it will take time for me to know all your names" she said handing the stickers Tony laughed and clapped his hands

"Are we in fucken grade R?" He asked

"No you're not in fucken grade R..Tony don't come at me with your stinking attitude we can be age mates but the fact that I'm standing in front of you and you're sitting waiting for the shit I will teach y

The week went by fast and Anelisa was getting

the information she wants ,the matric students start their final exams on Monday so Anelisa only has 2 classes now witch will give her more time to work on Mrs Nzima

Monday morning she got ready for work while J was sleeping he was working at night

"I love you J...I'm on my way now" Anelisa said and kissed his forehead

"Mmmh love you " J said not even looking at her she just chuckled and went out said a short prayer before driving..she got to the school and she was free for the first 2 periods what is more exciting is that Mrs Nzima has a busy day unlike her..They were still at the office talking then Miss Naidoo took her books and went out leaving the two everyone could see that they don't like each other just pretending

"So Mrs Kearns how's marriage?" Mrs Nzima asked gathering her books

"It's actually great!" Anelisa said she didn't want to tell the bitch that she's just engaged there was silence then Anelisa took out her juice and opened it took a sip then her phone rang she went outside

"Ntokozo what do you want?" She asked

"Just found out that the bitch's husband is a thug I said thug not gangster so he's just a piece of shit" Ntokozo said

"Are you a gangster Ntokozo?" Anelisa asked

"Nope bye" Ntokozo said laughing then hung up ...Anelisa went back to the office

"I'm out..see you " Mrs Nzima said and went out leaving Anelisa alone her table was a mess she huffed and started cleaning up she pushed her blank papers towards the juice then it spilled on the papers

"No my papers" she said and quickly took toilet tissue paper to wipe the mess

"God!! Wtf" she screamed when she saw that her papers were black and had holes

"Wtf was in that juice? Oh God that bitch " she whispered to herself then quickly cleaned the mess before anyone comes then she went to search through Mrs Nzima 's stuff clearly her shit is here; she searched through her boxes but nothing the drawers nothing but something caught her eyes under the pile of books in the drawer...two small bottles she knew better than to touch them but she took a plastic and covered her hand took the bottles one was empty while the other one written untraceable poison was half full she took pictures of the bottles the placed them back..then made a call

"T-bone I'll send you pictures right now please get me those things and deliver them to me asap" Anelisa said

"Ooh send via whatsapp..should I deliver to the school?" T-bone asked

"Yes please I need those now now hurry" she said and dropped the call

Her things were not safe anymore ..Mrs Nzima will be so disappointed to see her alive and kicking ,she took her handbag and that half empty juice then made her way to her car where she put all those things

During lunchtime she had no food but Miss Naidoo offered to share with her while she told her everything...her phone rang

"Gave your stuff to the security guards" T-bone said and hung up.She ran yes ran to the gate

"Good day...did you get something for me sir?" Anelisa asked

"Oh Mrs Kearns I was about to come to you ...your husband gave us this" one security guard said and gave her a big brown gift bag she smiled and went to her car she needs privacy

"This fool is clever" Anelisa smiled to herself there was food the poisons one was empty the other half full just like the one's she sent then a letter "no fingerprints" she called him

"My husband wow! T-bone you're good bro really good I owe you " she said they went on talking until the bell rang she was still free

"Mrs Kearns?? Are you good?" Mrs Nzima asked as she saw Anelisa making her way to their office

"Yes I'm good babes...and I'm free again" Anelisa said

"Oh lucky you let me go" she said

"Mrs Nzima we have to talk something happened I suspect Miss Naidoo " Anelisa said and walked away she locked the door and went to the devil's table took gloves and carefully switched the bottles

After all the work she went to teach and stuff

then afterschool she walked to the parking with Mrs Nzima

"You said something about Miss Naidoo?" Mrs Nzima ask

Anelisa was done with her classes so was Miss Naidoo so now they had all the time,they locked the door first and searched and indeed the bitch planted her shit in Miss Naidoo's things they got rid of them then put her real babies with her fingerprints back ...Mr Hlongwane summoned Anelisa to his office

"Please sit" he said at that moment Anelisa's heart was beating fast she did as told

"So Ntokozo asked for a favour and because we're close friends you're here doing your whatever but I'm also benefiting I won't lie you even managed to tame Tony and build a close

relationship with him thank you " Mr Hlongwane said

"Sir are you letting go of me?" Anelisa asked

"No no no..actually I need a favour as I said so you have seen that Mrs Nzima is not good with her work our matric students are not ready for maths I would like you to be their tutor just for tomorrow the whole day from 7am to 4pm here you'll use the school hall" Mr Hlongwane said

"Oh I'll like to help sir " she said with a smile

"Thank you...regarding Mrs Nzima please make it fast I really hate her now please I'm begging you Mrs Kearns you have to find everything you need to put her in jail for a very long time" Mr Hlongwane said there was silence for a while then they both laughed

Everything went well that day Anelisa was really happy and excited she got home and cooked while singing

"Moms you good?" J asked leaning on the door

"Oh hey love you're back go take a shower not cold shower then come back" Anelisa said

"Very funny" J said and left her

-The following day-

Anelisa and J took a shower together..Anelisa wore casual clothes black jean,white t-shirt and sneakers while J was formal

"Moms you're not allowed to dress like that..it's not your house there" J said

"Oh Mr Principal said I can wear anything just be comfortable because I'll be standing from 7am to 4pm" Anelisa said and tied her weave

"No makeup today?" She shook her head

"I'm good..let's go before you get late Mr Doctor Kearns " Anelisa said J laughed

"Nope Mr and Dr moms I'm disappointed" J said they made their separate ways.At school Mr

Hlongwane lead the assembly

"All other students can go to their classes and then matric students as you know today you're not writing but you're here dressed in your casual clothes like Mrs Kearns so please respect her I know it will be hard since you think you have made it in life but you haven't...Mrs Kearns come forward and clarify a few things" Mr Hlongwane said and moved

"Good day guys...so all of you please make your way to the school hall once I'm done talking of course and when you get there take out your books and wait for me and Tony boy come help me with something..thank you for listening you're excu..." she didn't finish what she was saying as her weave was pulled if it was fake it would be on the ground now she freed herself to see Mrs Nzima then she slapped her hard in front of students even the ones in classes wanted to come out and see the other

educators just stood there including the principal then Mrs Nzima whispered to Anelisa

"I killed Maphumi so what? Heard you're dangerous bitch do something " she said but Mr Hlongwane heard her Anelisa was still trying to process what's happening the students where already taking videos; Tony tried to go to the front to help Anelisa but it seems like everyone wanted the fight they pulled him back roughly..A punch landed on Anelisa's face she stumbled back then realised that eyes were on her to fight back

"Just fight back already " Mr Hlongwane said everyone was shocked

The thing is Anelisa didn't want to fight because she fights to kill always fighting with broad and buffed up guys not bitches but Mrs Nzima pushed her buttons she eventually threw a mean punch that landed Mrs Nzima on the ground everyone went crazy they fought for

some time Mrs Nzima was also strong she always starts fights with other teachers and beats their asses she even beat up parents..at that moment Anelisa went crazy she repositioned herself and got ontop of her she covered her nose with her hand whil

Life's great when you're happy! I'm done with school and I had an interview at Syanda's law firm I nailed it Syanda could have easily given me the job but no I'm not like that..J and I officially got married but iy wasn't big we just went to sign we'll have the big wedding and paying lobola later but right now I'm a happy housewife. Things at the warehouse are okay we have new members and Bullet was

diagnosed with Bipolar so he's getting help we usually visit him. Is it too soon to think of having babies or maybe it's because I'm bored I have gained a lot of weight but in the right areas well my siblings are good Zenande decided to work at the military we only see her twice a year and her relationship with Siya ended the day she took that decision but life's good...Jeremiah and Melissa are good too Melissa and I are surprisingly really close..Tony is still in our lives we enjoy having him around he also joined the crew. ..Mrs Nzima is still in jail apparently she's not good at all her cheeks had to be patched with something since someone decided to visit her one day we all know who's good with skin! I got ready to go visit J at work he forgot his lunch box so I'm taking it to him and oh we bought a house

I drove to his work

"Hello Pearl..is Dr Kearns free?" I asked the

receptionist

"Just say your husband baby...and yes he's free you can go through " the girl is friendly unlike other receptionists who show you flames.Anyways I made my way to J's office but bumped into Lindelwa she's dating a doctor

"Hey Anelisa..long time we should catch up" she said and hugged me what can I say? We've been civil to each other

"Yes if course we'll meet up later today..text me the details" I said and walked to J's office

"Knock knock" I said already inside he laughed

"You always say that when you're already inside one day you'll catch me doing GOD knows what " J said and stood up

"If you ready to die you'll do God knows what" I said kissing him

"Come sit moms..." he lead me to his couch

"So I bumped into Lindelwa she wants to meet up" I always inform J

"I don't have a problem oh listen moms please go back to the way you used to dress those short dresses and stuff I didn't marry a granny" J said we both laughed

"thought you'll never say...J how come you're always chilled you're never angry" I'm suspicious my husband is always laughing how guys ;he huffed

"Moms I'm over that stage of anger and you make me happy " he said smiling

"Yes??" I could sense that there's more

"Mmh when I get angry I destroy ...the last time I got real angry was when Alicia my ex before Lindelwa she drugged my friend and rapped him gross! Then cheated on me with several guys I distanced myself but she kept stalking me until she held Lindelwa hostage...that day I

got so angry and slapped her had she was unconscious for 2 full weeks" J said I couldn't help but laugh then I saw that he's not joking

"Uhm so one slap she fainted? I mean for 2 weeks you got to be kidding me" I said he kept a straight face

" yes one slap her cheek was so swollen but I didn't regret doing that so moms never wish to see me angry " J said I swallowed hard

"So cheating is what drives you crazy?" Not that I plan on ever cheating

"No...cutting ties with a person then she or he follows me like a lost puppy does that" J said I regret bringing the topic but I had to ask

"Yoh let's move on from that...eat your lunch so I can go" I said

"You think I'll throw it away? Oh Melissa called me earlier said I should tell you that she needs you tonight at her house...moms tell her that

we're not friends she's just my brother's girlfriend " J said he never seems to amuse me

"I'm your wife making me your brother's wife too but he doesn't get what you get you know what I mean...so his girlfriend is your girlfriend; you're him he is you" I said

"you're not making sense...I don't like Melissa that's that I just tolerate her flat ass because she's not mine to like anyways " J said

"Yoh! Awudeleli mgodoyi ndini (you're rude..stray dog" I said he laughed out I

A week has passed since the traumatizing incident I'm traumatized even have nightmares

of Melissa 's baby looking like something from a horror movie begging me to help her it's cold yes the baby ghost is a girl even J has be complaining about this but luckily he just recently went to visit his helper so he can't read or see the future I'm safe for now..I have tried telling J believe me but every time something comes up I even took him out last night to talk but boom Ntokozo shows up! I believe that if I tell J we will find a solution together and that bitch Melissa went overseas the company she works for sent her I'm sure she's living the life while I don't sleep at night..I was disturbed from my thoughts by my phone ringing it's Jeremiah I have been avoiding him but I decided to answer "Wifey I missed you...I'm coming over" he said "Ooh but J is at work he'll be back around 7pm so you can come by then" I said "If I didn't know better I would say that you don't want me to come but I know you so I'm coming

right now we will chill and cook anything " he said and hung up wow so now I have to look at Jeremiah knowing that he would be a father soon I can't hold this anymore

Around 3pm Jeremiah arrived we chilled for some time catching up

"It's hot today...Let's go swim" I said it's better than looking at him the guilt is eating me up I might loose all the weight if I continue looking at Jeremiah

"That's a great idea but I didn't bring anything " Jeremiah said

"I'll give you J's short..let me go change now,go upstairs to check if the pool doesn't need cleaning " I said

"This pool of yours upstairs hai now I have to exercise " he said we both laughed then he went up..our bedroom is downstairs so I walked there and changed into a bikini then took shorts

for Jeremiah then went to join Jeremiah

"Wow wow wow... I wonder why my brother feels comfortable with you dressing all sorts of ways in front of us?" Jeremiah asked

"He trusts me and besides you guys are my brothers..here " I said giving him the short

"Yeah yeah I love how he doesn't control you and stuff " Jeremiah said then I went in and faced the other way so he can change we chilled in the pool for hours talking;laughing it was great I loosened up a bit

"Wow you're swimming without me" someone said of course it's J we laughed at him

"You're back early go change " I said

"Oh Ntokozo is on his way too let me tell him to buy food we're not cooking " J said and walked away in 2 hours we were together in the pool laughing to Ntokozo's jokes about his wife this guy is crazy..we went out and ate then went

back in to play some games so I was with Ntobeko then J was with Jeremiah I was so pissed the twins together will ruin us.. we played 30 seconds Ntokozo and I were so good we won..after some fun time we went out dried ourselves and went to the t.v. room..TV was boring so I decided to start a topic

"So guys there's this movie I watched last week.." I said they stopped everything and listened to me

"Yess" they said

"Okay so there were two friends right? \*they nod\* one friend was married the other wasn't " I said and huffed

"Sounds like me and my friend he's married and I'm not" Jeremiah said

"Well J2 you're basically the only one who's not married even here" Ntokozo said they laughed not me

"So this friend's girlfriend had an evil friend who encouraged her to kill her baby the baby was just 3 weeks old they suffocated the baby but then the other friend's wife was on her way to see the girlfriend right? \*they nod\* she got there and saw what they did to the baby but she wasn't involved so she asked not be involved and ran away" I said

"Ooh so the wife was at the wrong place at the wrong time?" Ntokozo asked there was silence for some time I think they were still trying to understand what I said

"Mmh so did the wife tell her husband and friend what she saw being done by the girlfriend and that evil friend ? Jerry asked

"No they blackmailed her with her deepest secret...if you were the friend what would you do?" I asked

"If I was the frie

She woke up around 10pm J was not back she took a shower and wore her summer pj's and slippers then went to watch t.v. waiting for J she was shaking but a call from Syanda made her a bit calm they talked for almost an hour then said their goodbyes

"This always happens when I want to talk nx" she talked to herself as the time was 11pm she switched off the t.v. as she walked to her bedroom she heard the front door shut loudly then a woman cries follows she just turned and stood where she was

She almost fainted when she saw Jeremiah dragging Melissa by her hair and J had red eyes

Worst Birthday ever!I'm in a restaurant crying my eyes out luckily it's quite empty my heart is broken it's even sore somehow but J can act all crazy but at the end of the day he knows we are

bond together for life there's no divorce he's crazy and I don't get why he's so angry to think he almost hit me I'm really sad but I found myself laughing..I paid the bill and went out and I'm going home drove home J wasn't there I saw a brown envelope ontop of the bed I panicking divorce papers so soon! No he can't do that I opened the envelope and breathed out it's not what I think it is but it's worse! How did this happen? Whoever did this is good no wonder J was so angry...but how? There are 4 photos in this envelope and a CD; it's so confusing.

1. There's a photo of me helping Melissa give birth while Kate is holding her hand.!!

2. I'm now carrying something with a white bloody towel! I felt tears threatening to come out

3. Kate and I are digging at the background below the tree!

4. I'm the one who places the the towel inside I guess it's the baby! I screamed these look so real then I took my laptop and played the CD it starts in Melissa 's bedroom she's screaming and I'm telling her to shut the fuck up we're killing this shit! Then it went on until we're digging outside...as I'm still watching the door opens J walked in

"Hi" he said with a low voice

"Hi" I said flipping the photos and scratching my weave like crazy

"I know you're heartless but this Anelisa I don't know what to say" J said and sat on the edge of the bed

"J where did you get this?" I asked

"From Kate...she gave me that envelope when I bumped into her last night on my way to Jeremiah..I was waiting for my order she said I should see who my wife is then when I got to

Jeremiah's house I went threw that envelope and watched the CD then we went to Melissa 's house she confessed but said you were not involved but then this morning I got a text from her telling me that it was your plan...Anelisa I gave T-bone to check if these are not Photoshop he said they're not fake even Nhlanhla " J said I saw stars I swear this was too much to take in..I slowly went to sit next to J

"Sit here and face me" he said tapping his laps I did as told and looked straight at his eyes

"J I didn't do this...I wasn't involved " I said

"I know...I'm sorry for the way I reacted " J said  
wow

"You believe me?" I'm shook

"Yes this isn't like you so this means we have a new enemy I think I know who it is" J said

"Who?? Who would want to separate us like this?"

Oh no Bullet?" I asked.

"No it's not him I can't tell you since I'm not sure and you won't believe me since this person is close I mean really close to you..but moms I need you to go away go to Paris,Dubai anything just to confuse who's up against us" J said now I'm scared I don't have people I'm really close too that would do such shit

"J you're scaring me now..what's going on? Where's Melissa and Kate ?" I asked

"They're somewhere safe and singing like canary...I booked everything for you in Dubai but if you want to go somewhere else tell me" J said

"No J I'm not running away and leaving you..Who is this person?" I asked he scratched his head

"I can't tell you..this would break your heart listen moms we're not in danger take this trip as

your birthday gift just 2 weeks please " J  
begged me

"Okay okay I'll go..but I'm worried if this person  
is a factor in my life please don't kilp him or her"  
I said

"Of course I won't now go freshen up while I  
pack for you " J said

"When am I leaving?"

"Tonight.." he said I just huffed and nod then  
moved from him

"J about those flowers you gave me earlier on I  
r.." he cut me off

"I'm sorry moms I really am but now you  
understand why I was fuming...oh I won t be  
taking you to airport just incase we're being  
followed " J said

"Ooh it's okay..so your plan is for the enemy to  
think that I'm running away and we're divorcing

and stuff?" I asked ..he nod

While in the shower I was thinking of who would do this and why? Who was against us loving each other besides Bullet th

My vacation was great I even forgot about Lizard and his craziness...I'm at the airport waiting for whoever J will send to come get me and the first thing I want to do is see Lizard and tell him a piece of my mind he's full of shit..As soon as I saw Ntokozo I ran to him and hugged him

"Hey Anelisa I missed you...let me take your bag" he said with a calm voice

"I missed you too so how's my husband?" I asked

"He's been good...oh let's go I have to see my half brother he's around " Ntokozo said

"Ooh okay I also have one shitty person to see" I said as we walked to his car

"Aren't you going to rest atleast?" He asked I chuckled.

"Rest ain't for us...but I'll take 2 hours nap then go see that fucker" I said

"Yoh I don't even wish to see who you're going to fuck up" Ntokozo said

"I'm not going to do anything I'm just disappointed in him " I said

"Shame...the vacation did you good;you look good" Ntokozo said

"I'm always beautiful but thanks" I said he just shook his head and drove off

He dropped me off and drove off while I made my way inside the house it's not locked

meaning J is home I better not find him with  
bitches! I'm kidding

"J? " I shouted he came running to me

"Hey moms oh I missed you " he said lifting me  
up

"I can see...put me down now" I said laughing  
he put me down then we went to our bedroom  
he offered to massage my feet I fell asleep...

I woke up later there was a note on my forehead  
J can be rude sometimes but it's funny I read it  
\*I'll be back in the morning..duty calls I love you  
\* I just smiled and went to shower..I wore my  
blue loose above the knee dress with sneakers  
tied my weave then went out drove straight to  
the warehouse..I got hugs from the guys even  
Tony was there

"Where's Lizard?" I asked with a straight face

"Ooh you're not hear to visit us?" Merchant  
asked

"No I'm not I came here to see Lizard" I said

"It's not daddy today..someone's in shit  
anyways he's in his office " Bullet said

"But he said we shouldn't come he's waiting for  
someone he just had to pass somewhere he  
could be here anytime " Tony said

"Well I'm not you guys I'm me and he didn't tell  
me not to come" I said they nod then I made my  
way to his fucked up office I didn't even knock  
he was busy on his laptop he didn't even look  
up to see who just came

"I'll fuck you up so bad..go" he said focusing on  
his laptop

"I'll be doing the fucking up" I said he  
immediately looked up

"Hazard hey baby " he said and walked to me  
with his arms opened I just looked at him

"Ouch okay come sit" he said he knows that I'm

not here to play .He looked at me

"Where's your necklace?" He asked I searched in my handbag..found it and threw it on his chest he looked at me blankly

"You fucken up but your bitches sold you..and now I think they are dead or whatever " I said he just looked down

"Why?" I asked him he didn't talk

"Can you come back some other time I have a visitor?" He said I chuckled then stood up and went to lock the door

"No...we're doing this right here right now" I shouted

"It's complicated "he said

"It's 7pm so you have all the time" I said

"You'll hate me" He said.

"I already do..just talk Lizard I want to go home and rest, why do you always ruin my

relationships? Are you jealous? Do you want me for yourself? Have you been pretending to care for me as your fucken daughter but deep down you want me? Why why? Why are you so fucken up? You just had to ruin our relationship after so many years.!! I hat.." I was shouting but I didn't finish what I was saying he talked

"I'm your fucken father" he shouted

"Of course you are but not anymore " I said

"You don't understand..I'm your father you're my biological daughter " he said with a low voice

"No you're not..my father was that fucken up Hector or something idiot " I said with a low voice too

"No he's Zenande and Danielle 's father not yours or Syanda " He said it took sometime for me to process the shit he's telling me

"Wha..what do you mean?" I asked

"Your mother and I used to date she got pregnant with Syanda and then gave him up for adoption since

.

He laughed out so loud after I told him..I didn't expect that of him

"Wtf..You're my cousin no ways!" He said still laughing

"J I'm not joking..call Ntokozo I'm really pissed " I said with a low voice but J wasn't hearing anything he laughed

"Okay okay this doesn't make sense moms...if Lizard is my uncle how come he didn't know that his sister is dead? And he came to the funeral he would have saw something right?" J asked

"He arrived late remember he just greeted us and left..but I don't know the whole story " I said

"Yoh and you said you have a birthmark like Hector's right and that bitch sister of yours Luthando? All Hector's kids have birthmarks that's what he used to tell us" J said, I really didn't think ot that

"That means Lizard lied to me nxx.." I said

"I don't think he did..call him to come here and talk to him" J said I gave him a dead stare he laughed and took out his phone

"Lizard..please come to our house right now" J said and hung up

"You're so unbelievable " I said and walked away..went to the pool area and stood there looking at the water and thinking. I'm confused now everything I have says Hector's child or whatever his name is but I do kinda look like Lizard I thought maybe it's because we have

been together for a while and we're starting to look alike but now I'm not too sure..I stood till I felt my feet being sore then I walked back to the house and went straight to the bedroom

..there was a knock it's definitely not J

"Come inside " I said there he was with puffy eyes

"Come sit here..and you look ugly jeez dude" I said patting the space on the bed next to me I don't know why I was suddenly so calm

"I'm sorry about what I did yesterday night..can you please clarify things for me? I'm lost start from the begging" I said and held his hands I really love this old man..he had an envelope with him

"Your mother and I used to date but she left me for Hector or whatever but she was already pregnant with Syanda so after birth we both decided that it would be best to give him up for

adoption..\* I nod\* then once again we found our way to each other then you happened; your mother told me something about a birthmark that Hector always says that his children should have a birthmark that's what his grandfather told him so we knew that you wouldn't have one and Noluntu loved Hector so when she was 8 months far she ran away and came back after 2 months with you and you had all my features but then you had the birthmark " he said and huffed

"So what happened? Are you both my fathers ?how? That shit doesn't happen or Noluntu slept with you then Hector but how?" What I was asking didn't make sense even to me..Lizard chuckled

"Noluntu had connections everywhere..you were not born with a birthmark but her friend from Egypt came to SA and I don't know what they did or how but that mark is acquired not

natural" Lizard said I went silence for good 5 minutes

"Ooh Noluntu was rotten hey...now that you're saying this I've noticed that this mark is slightly different from Zenande's and Danielle's even Luthando's mine is a bit darker and funny shaped " I said we both laughed

"Yeah but what I know is that there's nothing you can do to remove it..it's like a spell or something " he said

"How do you know all this?" I asked

"Noluntu told me after I stole you when you were 6 months I had to make sure you ain't mine but DNA tests proved me wrong you were mine and she had no choice but to tell me..I had people watching you growing then once that Dlamini idiot died I had to find you and what better way did I have than to make you a gangster just like me?" He said and gave me the

envelope he came with

"Testes when you were 6 months I kept them..then the second paper are recent I stole your hair from hairbrush..stole your blood I had to make sure" he said I just laughed

"I can have you arrested for that..oh about Maphumi tell me about your relationship and Ntokozo " I said

"Their father hated me so we drifted apart but I talked to Ntokozo..when Maphumi died I really didn't know I was at Russia and w

"Nothing I'm just emotional, Don't ask why but I'm down somehow, let me go clean up" Anelisa said trying to stand but J gently pulled her down

"If you're not well tell me we'll go see a doctor" J said

"But you're a doctor too so I don't have anything to worry about" Anelisa said with a smile then walked out she cleaned up and cooked it was quite in the house she's not her usual self so everyone was worried. After some time she went to join them in the pool area Syanda was also there he was standing close to Lizard they were holding hands guess they made peace

"Syanda? Daddy are you good?" Anelisa asked they nod. She walked to them and hugged them she was crying they were all shocked she never cries for silly things

"Moms are you sick?" J asked as he pulled her to his chest she shook her head

"You should go see the doctor..I think you're preggies" Ntokozo said and laughed

"Can we go tomorrow?" Anelisa asked

"Yes of course I'm not working tomorrow " Jerry said

They slept over again since Anelisa cried when they attempted to leave..they got ready and went out everyone wanted to go with them but J refused..They went in and explained to the doctor he laughed

"Come on guys..you see you people with money amaze me,just because your wife is down and humble then she needs a doctor " Dr Mayeza said

"Dude just do tests and give us results maybe she has SAD so don't mock us" J said

"Ntokozo suspects that I'm pregnant let's check that too" Anelisa commented they took her blood

"The results will be back in 2 hours I will call you" with that said they went to grab some ice cream and walked around they got a call to comeback for the results

"You see I told you that you're being dramatic...she's pregnant that's all" Dr Mayeza said

"We can't tell her" Ntokozo said

"She will ask where he is slima ndini (dummy)" Lizard said

"We have to lie..we will tell her that he went to Kenya they needed doctors or something " Ntokozo said

"For how long?" Syanda asked

"Just until we find him" Ntokozo said..Anelisa's heart was beating fast

"Knowing her she will want to go to Kenya too..we can't lie to her " Jeremiah said then

noticed Anelisa standing there looking at them he quickly went to her and made her sit down

"Guys? What's going on? What are you talking about?" Anelisa asked with tears threatening to come out

"Uhm don't freak out please..J didn't make it to work " Jeremiah said holding her hands

"Car accident?where is he?did he make it? Ohh Lord noo not my husband not my J" she talked fast while shaking her head

"No it's not like that..we found his car with hmm blood but he wasn't there" Syanda said they all gave him dead stares

" but Nhlanhla is working on finding him..we will find him" Jeremiah said

"Let's drive around and look for him..even go door to door" Lizard said,Ntokozo couldn't help but he chuckled

"Do you have any idea how many houses are out there? Let's just go to the warehouse "

3 weeks passed but it was still the same..Jeremiah was drained since Lizard left for London to finalize his divorce yes Nonjabulo is divorcing him.Jeremiah locked up and drove to a restaurant to eat

"Hi can I sit?it's packed here" someone said making Jeremiah look up

"If you're not going to talk to me then yes you can" Jeremiah said and smiled,the lady dramatically zipped her lips then sat down..she went through the menu and ordered her food

came they ate in silence until Jeremiah cleared his throat

"I'm leaving now...will you cover the bill?"

Jeremiah asked standing up the lady choked on her food

"Excuse me?" She said

"Bye!" Jeremiah said and ran out..she was pissed but ended up laughing

Jeremiah got home and went to take a nap without checking on them..He woke up when someone was gently shaking him

"Hmm leave man Ntokozo " Jeremiah said rubbing his eyes

"Who's Ntokozo you fool" only one person says fool! He jumped up and hugged him tight

"How?when?why?" Jeremiah talked fast

"You know Jeremiah I love you bro...but seriously your prayers were killing me but I

didn't have strength to laugh" J said

"You heard me?" Jeremiah asked he nod

"Are you good?how did you wake up? Where's moms?" Jeremiah asked

"We're good and she's cooking " J said

"What happened? 3 weeks ?when I go out you wake up how?" Jeremiah asked

"It's obvious we didn't need you..I'm joking, but it just happened it was time for us to come back but that's a story for another day" J said

"Ooh okay..let me go see moms oh J what is the first thing you did when you woke up? Go to the toilet?" Jeremiah asked

"No we had a toilet where we were" J said they went to kitchen hugs were shared then Anelisa called Lizard and put him on loud speaker

"Hey daddy" she said it's her first time hearing Lizard scream

"You're hurting our ears..we woke up but there's still a lot to explain but not now, so Nonjabulo is divorcing you?" Anelisa asked,Lizard laughed then huffed

"Oh yes she said I must take Ethen and move to SA with him permanently she found a boyfriend " Lizard said

"And you're letting her go?" J asked

"Yes I am she deserves to be happy but not with my money so I'm giving her this house only..I stopped cheating 2 years back but she started we're not good for each other any ways I'm coming back in 5 months with Ethen he can't wait to leave " Lizard said

"I miss him...what about your crew in London?" Anelisa asked

"I'm coming back with them...we will be one and shit will go down " Lizard said

"I need you guys to protect me I'm no longer in

the game so all your enemies will see me as a target to get everything..I'm going to be a mother and I'm not saying we're in danger but in the future we will be in danger I can sense that " Anelisa said there was silence

"Do you have powers now baby?" Lizard asked

"No we're not in a movie daddy but I'm not well maybe it's the pregnancy " Anelisa said

"Bye guys the devil's sister is here" Lizard said and hung up they laughed at him

Later that day Ntokozo came with his traditional healer ..they sat down on the carpet

"There's nothing to explain because the two of you know what happened " Bab Mbhele said

"We also would like to know" Ntokozo said,Jeremiah nod

"What happened is rare but the connection they share is strong let's say the wife gets shot ,the

husband will also feel the pain...they now share pain,happiness everything they're one but I have to warn if you're apart you go mad and no one can help " he explained

"So we're bond together?" Jerry asked

"You know that" Bab Mbhele said

"So what if my brother is going away on business they will go mad?" Jeremiah asked

"No there's different types of being apart young man..if it's for good cause nothing will happen but if they decide to divorce they will both loose their minds or should one be adapted like the young man was they will be sick really sick" Bab Mbhele said

"Mbhele tell me..you said they share pain so if makoti here is in labour will Jerry feel the pain too?" Ntokozo asked

"No that will not happen...I don't know why I'm here the c

-8 MONTHS LATER-

Anelisa was crying in bed with J also shading tears seeing her cry a painfully

"Moms..Maybe God is punishing us" J said running his hands on her back

"But like this J?no I stopped that life months ago " Anelisa said sobbing

"Let me go fetch Dr Johnson from the airport..will you be fine or I'll call Jeremiah and Zama" J said

"No I'll be fine..I can't let people see me like this" Anelisa said then J kissed her forehead and ran out.

Anelisa should have given birth a month ago but it's not happening she's 11 months and her

bump is too big. The doctors can't operate her they all say she won't make it with both the babies but they also can't find a reason for what's happening even traditional healers can't. She is forever indoors now and refuses to see anyone

Jeremiah and Zama are now dating it's been 4 months. Everyone is devastated by this they don't know what to do. Lizard and Ethen moved to SA but haven't seen Anelisa she made it clear that she doesn't want anyone. Different types of medicine even from other countries have been tried to make her give birth but nothing even calling the specialist might be a waste of money what's worse is that she doesn't even feel pain but the kicks are strong and leave her drained.. After 30 minutes J came back with Dr Johnson. She was sleeping. J shook her gently she excused herself and limped to the bathroom she washed her face then came back

"I'm Dr Johnson and I have been told about your situation. I will get straight to the point, Mrs Kearns we have only one option and I know you won't like it but it's the only way. I have attended similar situations" He said

"What's that option?" She asked with a breaking voice

"We have to remove them for your own s.." she cut him off

"Noo! I'll rather carry them even 20 months eventually someone will find a way" she said and rested her head on the headboard

"Moms please..if we don't do this you will die. I will loose the three of you I'm begging you please " J said then held her hands she yanked them

"No." She said and closed her eyes

"A word please Dr Kearns " Dr Johnson said they went out

"We have to do this but I don't know how..we have to remove them " Dr Johnson said

"I'm thinking we sedate her an.." he was cut off by Anelisa screaming from the bedroom they ran inside

"My water just broke " she said excitedly

"What?how?" J asked shocked

"I don't know " she said

"Do you feel any pains?" Dr Johnson asked

"No should I?" She asked worried once again

"You should..let's take her to hospital " Dr Johnson said then Lizard barged in he expected the door to be locked

"Anelisa?what's wrong?" Lizard asked as Ethen got in too

"Ethen!!" Anelisa managed to smile seeing him

"Dad and I have been praying like crazy" Ethen

said as he went closer to her

"Your water broke! That's good let's wait for 30 minutes then take her to hospital " Ethen said

"What do you know?" J asked

"You'll be surprised " Ethen said

After few minutes she started sweating and having cramps,they went to being excessive pain then she screamed

"All of you move..Come let's go,take it slow okay" Ethen said then held her waist they walked out slowly

"I see great potential in that young man..my job is done here but let's follow them" Dr Johnson said,J rushed to get the bag from the nursery then they went out.Ethen had already drove off with Anelisa when he got to hospital he carried her bridal style

"Bring the stretcher " he shouted as he walked

in with her indeed they listened to him she was taken in..The nurses were thanking God.Ethen had to fight to go in and help.J had was too scared to go in he called Jeremiah after 20 minutes he was there with Zama and the rest of the crew

"Let's pray" Jeremiah said they gave him looks he ignored them and kneeled they joined him

"Heavenly Father we have prayed,called your name, burned down the warehouse and those who were gangsters here they quit we went to church everyday,gave up eating and fasted for you to help us..I pray God that you be with our mother,she's the glue holding us together. She's t

To say I'm happy is an understatement and knowing that my babies are safe makes me more happier. I know maybe not all of us will stop the illegal dealings but as for me, my husband and father we are out. DONE! I was woken up by J shaking me lightly then he kissed my forehead

"Hey daddy" I said and rubbed my eyes

"Moms..thank you so much babe I never thought that one day I would be someone's husband not to mention father" J said tearing up wow this is rare

"And I thought I will always be evil and single..can you ask the nurse to bring them?" I asked

"Let's bath you first moms" he said and helped me sit up

"I'm sore down there I don't think I can make it to the bathroom " I said..that's why I want to go

home already,my bathroom is like 2 metres away and here I have to walk

"Okay let me see what I can do" J said and went out.He came back with a wheelchair I couldn't help but giggle

"Really now?" I asked

"Yes pushing 2 big heads out is no joke..I understand " J said and helped to the wheelchair then he pushed me to the bathroom.He helped me to the shower and stepped in too

"I'm fine I can do this on my own" I said he just looked at me and took my towel and washed my face then went down..

"Stay here" he said and went out then came back with a purple towel and wrapped it around my body...I got emotional when he dressed me he even put a pad on who does that

"Moms we're in this together...don't cry please "

he said

"So I'm wearing tracksuits not hospital gown?" I asked he smiled

"We're going home" he said I was shocked my doctor said I might stay for a full week

"WHAT?!" I asked.

"Yes and I will look after you..let's go" He said and wheeled me back to my room...we were discharged later that day and Zama and Jeremiah came to fetch us,these two are funny I laughed the whole way home.They have a love-hate relationship one moment they are lovey dovey the next they are swearing at each other.

When we got home ;everyone was there and they said it's a welcome home party these idiots are wasting money.They took the babies from us,my babies are angels only cry when necessary.I sat down and listened to their speeches and teases about carrying 11 months

"I expected them to pop and start crawling "  
Jeremiah said we all laughed

"It's not a laughing matter..I almost died but to be honest I also thought they will have some sorts of problems " I said they laughed more

"We serve a living God people..they are perfectly fine and matured look at them not crying at all"  
Tony said next to me I playfully hit him

"I will take them to the nursery and you will never see them again I'm telling you " J said we laughed at him..they had gifts ; they said they will take turns in giving me

Tony: "I'm very thoughtful so I bought their car seats and spar treatment for mommy..oh these car seats are from Italy and they are very expensive" Tony said we clapped hands then he put the car seats in the corner they screamed expensive from where they are

Me:"thank you boy" then next up it's Merchant

Merchant:" I bought a weave for mommy expensive stuff then for my babies I bought clothes lots of them" He said and put his 2 cardboards in the corner we clapped hands

Bullet:" I know how hard it can be moving twins around so I designed and made a double joined pram " He said and went out then came back pushing it wow!It's leather and comfy very thoughtful and best gift

Syanda and his girlfriend gave me 5% shares of their restaurant and they are preggies! Daddy bought me a car! It had it's own baby seats I was now crying then Jeremiah and Ntokozo offered to pay for house bills for 5 months since they didn't buy anything

Ethen:" I have the most thoughtful gift ever..I bought a nanny and dad will pay of course she will start tomorrow I trust her but you can talk to her first" wow this young brother of mine

J:" well thank you guys for the gifts but it pains my heart that you all didn't buy me anything \*he touched his chest;we laughed at him \* but it doesn't matter.I didn't get a chance to buy anything but I will." H

2 months passed and Zothaba is slowly changing she's the devil's child now and but Athandwa is an angel..our nanny is not working full time at the moment,she comes 3 times a week just to see how I do things around.Today we're going out with them ,Mam Mkhize first helped me with bathing them then I went to shower..wore yellow below the knee hugging dress with yellow block heels I even have short hair now,Zothaba pulls the weave like no one's

business. We put them in their car seats and buckled up then I drove off. We did the grocery and went to buy baby clothes then Mam Mkhize's clothes and her daughter I haven't met her..her phone rang

"Haibo..how? I'm busy...I will ask madam" she was panicking after she hung up

"Mada.." I cut her

"Anelisa mama please " we are always fighting over this madam name

"Yes Anelisa my daughter has been involved in a car acciden.." I cut her again

"Oh my God ma you can go " I said

"How will you carry both of them?" She asked,how thoughtful if it was my child I would have left everything

"I'll see what to do..go" I said at least she was carrying Athandwa with her baby seat.She left

me in the restaurant; people kept checking my babies out and complimenting them if I trusted people with them I would have asked for them to help me out. I asked for takeaway then figured out how to carry them plus my shopping bags I called Jeremiah he's out of town with Zama then of course everyone else is job hunting. A creepy guy marched towards me

"I have been watching you..do you need help?" He asked no no no he's way to creepy for my liking

"No I'm waiting for my husband" I said he nod and went away..I put Zothaba on my back yes I know not many people do this anymore then carried Athandwa with her seat then at least my shopping bags ain't that heavy so I managed,I have to get used to carrying both of them.I walked to the dark parking lot now I was tired and this devil's child on my bag is heavy. I saw a street kid coming my way he's cute but I know

one thing he's sent by the older ones to robe me  
I huffed and kept walking

"Can I help you?" He asked, I stopped walking

"Hi...I think I can manage my car is not too far" I  
said but I was lying

"Come on! I won't do anything " he said with a  
sweet voice then looked back he seems  
terrified

"Fine..just know if you take my things God will  
punish you very bad" I said he laughed then I  
have him Athandwa I'm trusting him with my  
baby and he wasn't dirty and my handbag..we  
walked to my car he cursed

"You're driving this beast..maybe I should just  
run away with your handbag " he said I chuckled  
and unlocked the car

"Put her next to that seat" I said he did as told  
then I put Zothaba on her seat..

"Get in" I said going in my side he also got in at the passenger seat

"What's your name?and how old are you and what are you doing here?" I asked

"Slow down I can't keep up..I'm Paul and 12 years old and I'm here because my parents died then I was abused so I decided to run away" he said gosh he's so cute

"Did you really want to help me?" I asked

"Yes and no..okay my friends send me because I'm cute but deep down I hate taking from innocent people but one has to do anything to survive right?" He asked

"Do you enjoy living here?" I asked

"No but what choice do I have..your babies are cute and blessed..I have to go ma" he said attempting to get out wow he called me ma then he expects me not to love him

"Wait..pass me my handbag " he took it then I have him all the cash I had in my handbag he counted it

"I'm sorry ma I can't take it..R2000 no" he said

"I don't carry much cash it's all I have with me..please take it,your friends will be proud of you remember you were supposed to robe me?" I said he went silent for some time

"Okay thank you ma..no one has ever done this for me not to mention..trust me with your baby,handbag then tell me as dirty as I am to come in your car" he said and cried God now I just wish to start this car and go home with him..I gave him tissue paper after some time he calmed down

"No I need Paul" she said with a low voice

"He's working but for now we can ride you good all four of us" another one said

"Wow I'm Njabulo 17 years you don't have to know the others they don't matter" he said

"I guess you matter..when will Paul be back?" She asked

"He went to steal so it might take some time..I would offer you something to sit but as you can see we're sitting on the ground and besides your car is close go wait for him " Njabulo said.

"Yes you might as well go to your car..you're too sexy if Bra Moses comes weeh you'll be eaten " the younger one said with a worried face

"I'll shoot him don't worry " she said they

laughed

"I like you oh there comes cute face" Njabulo said

"Hey gents..hey ma" he said and hugged her then took out money

"I didn't steal;I begged for that money..Ma what brings you here?Bra Moses shouldn't see you" Paul said looking around

"I came to take you..we are going somewhere " she said

"Oh okay let's go then..bye" They walked to the car and got in,Paul buckled up and pushed his seat back

"Wow I expected you to ask me how to dp that " Anelisa said and drove off

"I'm streetwise mama..or else I wouldn't be alive today." He said

"Why are you always clean while your friends

look like something from a horror movie?"

Anelisa asked ;Paul laughed

"They make sure that I bath and have clothes to be attractive " he said and smiled

"Where do you want us to go?" Anelisa asked

"Let's start by eating I'm so hungry"he said.

Anelisa drove to Wimpy they sat down and ordered,their drinks came first

"Paul I have a request boy" she said;he gave her the continue look

"I want to adopt you if that's okay with you of course and I have been meeting up with a social worker she said I must ask you then she will finalise everything " Anelisa said

"You want to take me in?" He asked shocked

"Yes"

"That's huge..ok let's make a deal. I will stay with you for 2 months if I don't like it I will leave

and you wouldn't dare follow me" Paul said then  
Anelisa smiled

"Deal" they shook hands

"How's your husband?" He asked

"Most chilled person ever" she said

"Oh what if he doesn't like me?" He asked

"The only people my husband doesn't like is  
when you don't know how to dress and shy  
people so you have to be lively then you'll be like  
junkies and nyaope" Anelisa said they both  
laughed

"Heyii.."Zama said and pulled a chair

"Hey Zam zam you're disturbing me and my  
son." Anelisa said

"Oh this must be Paul..we are tired of your  
name now yoh" Zama said and messed Paul's  
hair he groaned .Their food came

"Ohh I'm so famished and the service here is

"We can share mine." Paul said and pushed the plate

"Who's gonna take the fork?and who's gonna use the knife?" Anelisa asked and laughed at them

"You can take the fork..I Paul have natural forks " Paul said and started eating

"I love him already" Zama said;they finished eating in few seconds and looked at Anelisa she ignored them and ate in peace..Zama's food came they shared her plate too.

"Let me go and eat pap at home not this" Zama said and stood up

"Yeah let's go Paul before Mam Mkhize calls me" They went out ,Paul and Zama were holding hands running around

Jeremiah has been living with us ever since he met Paul last week, I have to say everyone liked him so that's one thing I don't have to worry about. And good news is they are employed now and I'm starting next week at work. Daddy started his own company he said he can't work for anyone so he's busy these days he doesn't have time for us. Being at home the whole time is depressing and MamKhize lives with us now which is way better but since it's Friday she's

going home..I showered and wore my green loose short dress and flip flops then went to downstairs.This is why I love her she's already feeding the twins

"Hello mama...let me feed Zothaba" I said she moved a bit then we fed them and talked

"Hello family " Paul said and hugged me from behind

"Hey baby" I said then he hugged MamKhize and made his cereal I really like how he's free

"Is dad working tomorrow?" Paul asked

"Unfortunately yes but hey I'm here we will do something" I said

"Okay when am I going to school? Will I start from grade 4 \*he laughed \* I would rather work as a gardener" he said I couldn't help but laugh

"You will start next year..I'm sure I can work something out then you will start from grade 7

but I should get you a tutor " I said

"Okay moms...what are we doing today?" He asked

"Nothing we are just going to watch t.v. and eat a lot then later drive MamKhize hom.." I was disturbed by the intercom Paul went to answer,he came back running

"It's Bra Moses..moms Don't let him take me please and he's not alone " Paul talked fast I can tell this Bra is quite dangerous

"He won't take you...let him in" I said he was shaking then he went out of the kitchen..I followed him and met up with them by the lounge whoah I've never seen such ugly adults in my whole life!

"Gentlemen please follow me..you too Paul" I said and led them to J's study he has guns everywhere unlike mine..I sat down then they sat opposite me

"How can I help you?" I asked

"We are here to get my boy..or else I will have you arrested for kidnapping " he said I laughed

"Ohh excuse me...Paul is my son legally we are just finalizing the adoption.Anything else?" I asked they looked at me shocked

"Bitch you can't just take what's mine" his lapdog said and took out a gun really now? Paul was shaking I smiled at him then searched under the table and came out with a gun then put it carefully on the table they looked at me shocked. Paul's mouth was wide opened

"Now listen I can tell you are a wannabe gangster...If you've heard of Hazard or better yet her husband SP,you would run and never look back" I said with a straight face

"Shit!shit! It's Hazard boss..let's go" his lapdog said they didn't say anything they just went out..I followed them and made sure that they

left.

We were now watching a movie Paul hasn't said a word.

"Moms...you have a gun?" He asked

"Yes I have a gun for such" I said and shifted closer to him

"Who's Hazard?" He asked

"No one important baby...let's focus on us" I said then we were quiet and watched the t.v.

.

The rain was bad.

"Mama do you really have to go?" I asked

"Yes but if you can't drive me.. I can call my son" she said

"No it's not that bad..Let's go" I said and took her bags

"Paul stay with your sisters..daddy will be back now now" I said and kissed them then we went to my car..I drove off and dropped mama at her house when I was driving back the rain got worse .I pulled over and waited..I jumped from my seat when I heard a knock on my window he indicated that I roll it down I just ignored him who the fuck does he think he is..he searched in his pockets and put my family picture in my window wtf..I quickly rolled my window down

"What?" I asked with attitude

"Get out of your car" he said,what? It's people like these who are slowly awakening Hazard

"I don't even know you.." I said

"Well I do now come out" I looked straight at him he's such a fool.I started my car and drove off and left him standing..I drove like a madman and punched the gate code when I was still 5 houses away;I drove in parked and ran to the

house. The fam was wa

The following day.Anelisa did her hygiene process and left early she had to see the social worker first after her personal meeting she drove to work..parked her car took her things and went out on her way in she slipped and fell on her butt she just stayed in that position looking around;As soon as she saw Rex

laughing and walking to her she wanted to faint.

"Mrs Kearns.. Mrs Kearns.." he said laughing and clapping his hands

"What?" She asked furiously

"Let me" he said and offered her his hand,she tried taking it but he moved and laughed;Anelisa huffed then he offered his hand again she slapped it and clicked her tongue then the security came running and pulled her up

"I'm so sorry mam" he said taking her briefcase and handbag on the ground and gave her

"Are you hurt?" He asked

"No baba I'm fine and thank you " Anelisa said and walked away with Rex following her still laughing. Rex thought Anelisa has maybe liked him a bit now that they're working together but deep down she hated him with everything in her but she was just being civil to him for the sake of peace..when she realized that he's walking

behind her she ran to the lift but he was able to catch it

"I'm sorry " he said she just ignored him ,

They almost fell when the lift suddenly stopped. Anelisa took out her phone and dialed Syanda

"What's wrong with the lift? I'm stuck inside with Rex" she said

"Eish I thought I told everyone to use the steps...it might take no more than 2 hours to sort it out " Syanda said

"Are you fucking with me now?fix this in the next 20 minutes " she said and hung up.No one was talking as an hour has passed

"Aren't you tired? You can sit and put your bags down or even take off your shoes" Rex said ;Anelisa chuckled

"I'm not your business so leave me alone " Anelisa said and leaned on the wall

"Sharp" he said and sat down ..her phone rang

"We're done" Syanda said and hung up then the lift started working

"Oh Thank you Lord" Anelisa said then Rex stood up went to stand in front of her

"Wenzani (what are you doing?" Anelisa asked but Rex ignored her and went closer then he slowly brushed her cheek and closed his eyes she was still shocked but she regained her strength and roughly pushed him,he was surprised by the way he got pushed she stepped closer to him and slapped him

"What do you think you are? You think you're all the shit huh?" Anelisa asked fuming she raised her hand to slap him again but he held it she yanked it and slapped him

"ANELISA STOP" someone shouted she turned and saw her colleagues and Syanda guess they were waiting for them she just clicked her

tongue and ran to the office she's sharing with her mentor..Syanda got inside

"You slap clients now?" He shouted

"Do you know what he did?" She asked and sat down

"No but you shouldn't do that" he said

"Fuck you Syanda! You don't care about your employees as long as money is coming you shift all your work to us and you don't care about us..what is wrong with you? You make me work with my rapist?" She shouted

"But you're his son's lawyer not his" Syanda said

"It's the same..Give the case to someone else.."  
she was cut off by the door opening;Rex walked in she took her mug and threw it at him as anger

something small and private,they were all  
broken but not as Anelisa,Jerry and Bullet ,they  
didn't talk,cry or laugh they showed no  
emotions..They had a meeting at Bullet's  
house;they all sat down around the pool

"Okay firstly..Bullet you are coming to live with  
me and Ethen and that's final "Lizard said Bullet  
nod

"Nhlanhla who did this?" Anelisa asked with a husky voice

"I have only found one person" Nhlanhla said they gave him the continue look

"It's T-bone...I did my search and the gate was installed by him that's why he was able to freeze it" Nhlanhla said

"Anyone could have done that " Jeremiah said

"Wrong...T-bone is the best in the business no one can hack his things only him so it's clear it's him and again he was awol that day and time of the shooting " he said they nod

"I saw Luthando..she's the one who shot Samukelo and this other lady I don't know that's all I saw" Anelisa said

"At least you saw something" Tony said

"Yes unlike us" Syanda said

"But why? I really don't understand. We have

changed but people come for us" Lizard said

"At this point I want to kill and nothing else" J said

"Anelisa?" Lizard asked

"I've changed dad I'm not going back to being a gangster..God allowed this to happen it's his will" Anelisa said they all looked at her shocked

"God's will my foot!"Paul said and stormed out they were all shocked

"J let's go home please..I guess we won't be celebrating new year's eve " Anelisa said and stood up

"I even forgot it's new years eve tomorrow " Bullet said and shook his head

They went separate ways..Anelisa and J went straight to bed without checking on Zothaba and MamKhize but Paul went to check on them before going to bed..Anelisa cried silently the

whole night. The following morning they were woken up by a soft knock on their door. J went to check it was Zothaba

"Hey daddy " she said and went in

"Hey Angel " Anelisa said and pulled her inside the covers.

"Mom I'm sorry about Athandwa." She said and rested her head on Anelisa's chest

"It's okay baby...we have you " J said and sat next to her

"But I can never be Athandwa" Zothaba said ;Anelisa cried silently

"Hey look at daddy..we love you baby ;come here" he said and pulled her to his chest

"I miss her " she said and cried

"It's okay ..we will be fine" J said brushing her back then Anelisa sobbed loudly,she's still struggling to understand why this happened

and that she had a miscarriage. She only talks when she has too only and she says no more than 10 words.

"Uhm let me bath" she said and limped to the bathroom. J went out carrying Zothaba they went to the pool but first they searched for Paul he was no where to be found..they put their feet only in the pool.

Anelisa's phone rang she answered without checking who it is

"Anelisa " ..

"I'm sorry for not coming I was busy at work..I'm so sorry sis" Zenande said and cried

"How many times have you seen them?" Anelisa finally asked

"Uhhh only twice..I'm so sorry" she cried

"I had a miscarriage" Anelisa said then Zenande

cried more

"Anelisa...I don.." she cut her

"Your job is more important right?" She asked and dropped the call then sank in bed and cried..After some time she finally decided to go to T-bone's house and look at him in his eyes but no killing..She took a quick shower and dressed in black then packed her devices and went out without anyone seeing her.

.

J went to their bedroom and saw that Anelisa was not there he didn't even bath;he changed to his black tracksuits and a long coat and took his gun then called Bullet

"Are you done?" He asked

"Sure..pass by Nhlanhla's place and get him"  
Bullet said and hung up

"Nothing " Paul said

"Okay leave my son alone" J said they chuckled

"We are here to talk...I will not kill anyone I'm too broken to even hold a gun but deep down if I had strength I would be out there searching even under a stone for those fuckers but I only have energy for healing.We lost our other father Ntokozo and his beloved one then \*she sniffed \* we lost kids they were shot right in front of us \*she let out a sob\* I'm angry,sad and broken I even lost my unborn baby...I have inner scars, scars I only know of and you all can't see ,these inner scars are on my soul and they hurt the most than outer scars.I sometimes think of committing suicide but I can't hurt you guys like that,I can't hurt my husband,son and daughter like that.I know Bullet also lost his son and his all thr family he had excluding us and I'm so sorry Bullet I know the pain but mine is twice.I

don't know what to do with mys..myself I'm useless,Hazard is just a stupid name for a crazy heartless bitch but since I became a mother she no longer lives ...it hurts and J I'm so sorry I couldn't protect our daughter " She said and cried out loud,Paul went to sit next to her and pulled her to his chest his anger rose and tears threatened to come out but he held them.

"I'm to blame..I should have seen this. I'm responsible for all the deaths I can't live like this.At night I can't sleep I always hear my wife cry; I try to run away from her and go to Zothaba's room and see dry tears on her cheeks they haunt me then I go to my son's room to ask to sleepover I hear him at mid night crying and screaming. MamKize can't even cook a proper meal she hears Athandwa screaming and running around she sometimes talks to her only to find her talking alone they were close and gossiped about all of us \*they

chuckled \*...I hear Samukelo saying huh huh all the time \*they laughed this time\* I imagine Ntokozo always starting fights with Jeremiah and when he tells us why he's a serial cheater " J said and wiped his tears

"Dad it's not your fault..it's not anyone's fault in this room it's those stupid fuckers" Paul said and stormed out

"I'm also broken but I'm slowly healing and living with Lizard and Ethen makes me forget that my son is gone" Bullet said

"We are family Bullet " Syanda said

"Should I continue searching?" Nhlanhla asked

"You can but I don't want to know" Anelisa said

"They hear this out...Andile Zuma known as T-bone found in his car dead this morning...he suffocated;he was locked in his car filled with pepper spray and his wife and daughter were brutally killed .The wife had more than 10

bullets on her body then the daughter had 1 bullet on her forehead. " Nhlanhla read out a trending facebook post to them

"Suffocation is no child's joke..trying to get air but there's none who ever did this knows what he's doing " Jeremiah said

"Moms think it's Paul " J said

"NO WAYS! The kid is hurt but he wouldn't do that" Syanda said

"I told moms exactly that" J said

"But I do think he has changed ever since that day he is not his usual self" Bullet said

Life is like a roller coaster..You're up the next

moment you're down sometimes I find myself calling for Athandwa or putting her plate in the table but I'm slowly accepting that my baby is gone for good. Having my husband, son, daughter and MamKhize of course is a blessing. Yes I cry but they don't judge what hurts more is that I lost my unborn baby I didn't even know about but all shall pass. As for Paul I have no words ;tomorrow his results are coming out but he's not even scared ,he is smart but I have doubts as a mother and besides he's always busy with computers. I went downstairs and found Paul and Zothaba playing in the lounge

"My kids" I said and sat down on the carpet

"Hey mommy " Zothaba said and kissed my lips then Paul followed

"You guys should stop kissing me" I said they both laughed

"Yes mommy..Bro bro should stop kissing you

because he kisses girls now" Zothaba said and giggled;Paul seemed defeated.

"Actually son we should talk before Jeremiah says you are gay" I said ;Zothaba laughed so loud then Paul hit the back of her head playfully

"As if he doesn't say that already " Paul said and laughed

"Are you nervous for tomorrow?And did you get accepted at UKZN? I still don't understand why you want to leave your comfy water bed" I said

"Bro bro is leaving?Athandwa left too..you are also leaving me" Zothaba said and sobbed .Paul crawled to her

"No baby I'm not leaving okay? I will stay here with you,mommy and dad." Paul said and pulled her to his chest.My eyes got watery

"I'm not going anywhere okay?" Zothaba nodded

"Uhm guys where's your daddy?" I asked

breaking the awkwardness

"They called him in at work...there was an accident and they needed more hands" Paul said I nod and walked to the kitchen and called my daddy as soon as he answered I cried so loud.He let me cry and didn't say anything until I calmed down

"What's wrong my love?" He asked me with his concerned voice

"I'm so sad,broken but I'm trying to be strong for my kids and I'm failing dismally " I said and sniffed

"It's okay...you will go away for some time you're going back to work February so you will go to Paris or Dubai or anywhere you like..when you are away you will cry your lungs then come back to your husband and kids" He said. What he said is tempting but everyone is hurt I'm not the only one so I can't go away..I refuse

"I can't go...I will heal ,we will all heal" I said we talked for some time then I hung up and went back to the lounge. Zothaba was sleeping on top of Paul on the carpet I took pictures and shook Paul

"Let me take Zothaba...go sleep" I said and took her then went to my bedroom with her..I put her down and slept next to her.

Paul went to his mother's bedroom and saw them sleeping peacefully he covered them with a blanket and quickly went out..He got to his room and changed to grey addidas tracksuits then a black long coat ..His friend (Zenzele) was already waiting for him outside .He hopped in

"Go before my dad gets here" with that said he

drove off to Luthando's house..They waited outside until she drove off around 6pm then Zenzele hacked her alarm system then unlocked her gate then drove in..They waited for an hour for their parcel very special! It got delivered by 6 guys with Tony he stayed behind..They went to the background and started digging

"I'm so going to enj.." he was cut off by his phone ringing..it was his girlfriend

"Eish sweetheart I'm busy...okay don't shout I'm coming " Tony said then hung up

"Gents I have to go...Please take a video for me,My bitch has stomach cramps " he said and ran out..they laughed so hard .

"When is this bitch Luthando coming back? My mom will start looking for me" Paul said tapping his feet on the ground

"Relax we have time and besides your parents

are cool unlike my parents yoh! But they have accepted that I'm done with school just waiting for my results..I can't wait to go to Durban and fuck bitches " Zenzele said

"That's all you know." Paul said they chuckled

"So buddy are you a gangster now?" Zenzele asked

"What?!I will never ,

Holidays are over and everyone went back to their jobs but I am only going back 17 February pecks of being an attorney,Paul hasn't found a school since he is not going to Durban anymore all thanks Zothaba.And today we are going out but Paul is going with Zenzele but I know he's lying he has a girlfriend now and as for the

people who killed our members of the family  
daddy said he will sort it out so Paul must stop. I  
really don't like him being a killer. I took a  
shower with Zothaba then we wore our black  
ripped jeans and white t-shirts written KEARNS  
then nike sneakers I took my black handbag  
then she ran to her room and came back with  
her black bag pack.. We took pictures

"Blessing when are you going to start school?" I  
asked her she always cry when I take her to  
cretch but she has to go now next year she  
must start primary no matter what

"I will start next year" she said fixing herself

"No you are starting next week..pre school" I  
said she sulked

"Let's go...And remember next week you are  
going to school " I said she gave me a look

"But mommy I enjoy be..." I cut her

"Let's go " I held her hand then we went to my

car..She sat at the back

"Seat belt my love" I said with a low voice

"Oh sorry mommy " she said and buckled up  
then I drove off.We went to check on

Jeremiah,he's a principal at a primary school..I  
drove in then we were led to his office,I knocked  
once and went in

"My Samsung " Zothaba screamed and jumped  
on him yes she calls him "my  
Samsung,sometimes it's daddy Samsung "

"My Blessing " Jeremiah said and kissed her

"Mommy" he said and hugged me we sat down  
on the couch

"I will surely die today" Jeremiah said I chuckled

"We are just passing by Samsung...but as you  
know I have tried getting missy to go to school  
so I though if she attends here it would be  
better" I said and shifted

"Do you want that my Blessing?" Jeremiah asked;Zothaba clapped her hands joyfully

"Yesss!" She said I sighed at last she wants to go to school..we chat for some time and had lunch with him then we went to visit our daddy but unfortunately he was at theatre so we went shopping. Miss Zothaba Kearns buys shorts only so there's no winter season to her. We went to the salon..she asked for straight back I copied her too then we got a call from Zama to come and see her she's a bit far though. I drove off,after 5 minutes of driving I noticed a red car following us.I increased the speed

"Mommy slow down" Zothaba said looking back

"I will baby" I said but I didn't...The red car's speed increased too;he even hit the back hurting my baby wtf..pity my gun is not with me I would just stop and shoot whoever it is..Zothaba was now crying

"Mommy" she cried ;that broke my heart

"I'm sorry baby..here take my phone and call your Samsung or grandpa or bro bro " I said and slowed down then handed her the phone after she took it I sped off...I'm naturally a fast driver ;I fly on the road but not when my baby is on board but right now she will bare with me...I increased the speed again this time I myself was scared of the way I was driving I lost the car

"Samsung please help us..mommy is driving like an idiot " she said and sniffed then talked for some time

"Samsung said he will find us" Zothaba said..I relaxed a bit then the car came from the front the fucker took a shot cut..I reversed and sped back to the mall..My daughter was sobbing.

"You will kill your daughter slow down" Zothaba said I looke at her

"It's a message mommy..I didn't say that"  
Zothaba said sniffing. I parked then we ran to  
the closest store we blended with people  
pretending to be shopping..I screamed when I  
saw hands on Zothaba's shoulders she also  
screamed ..The guy was tall and dark

"Can we talk? You drive like a maniac woman  
yeses" The guy said with a chilled voice

"What?!" I asked with anger

"I just need your help" He said

"Take your fucken hands of my daughter " I said  
clenching my teeth,he chuckled

"No let's go" He said I chuckled this time

"Leave me alone asshole " Zothaba said I  
coughed..where did she learn that must be Paul  
and Zenzele

I went back to work and the first thing my colleagues gave me gifts and warm hugs, I eventually cried. After I calmed down I started working we had a lot of work to do.. Then I received an email ;guess whoever this jail bird is ,he has connections everywhere.. HR gave me the case there's no way he is going to win..he is surely going in until Zothaba goes to Varsity. I should be confident and positive but hell no..I went to Syanda I didn't even knock, He was with Zinhle she's a lawyer guess she also came for advice I asked her to stay..I gave them my laptop

"What does one do?" I asked

"Your client should just plead guilty for a less sentence...that's the only option " Zinhle said and yes she's right

"I also agree.." Syanda said

"Let me go" I took my laptop and went out..took the company car and drove to prison he was kept..I was lead to the interrogation room and then who told them that I want to be alone with whoever this is..I got inside the warden should also go in as I know but he locked the door after I got in,I huffed

"Morning Mrs Kearns "

"It's Advocate Kearns actually " I said and sat down

"My bad..are you comfortable with being here alone with me?" He asked,to be honest he's handsome chocolate man but pity I'm married and I'm not attracted to jail birds

"As if I have a choice...let's work" I said taking out my tape recorder

"Okay don't give this to the cops..anyways I'm Sakhile Ngcobo" he said I chuckled

"I know....tell me are you guilty or are you not guilty?" I asked him with a straight face

"What happened to not guilty until proven otherwise " he said with a smirk

"I am your representative so you will tell me everything and then we start working...the state is ready is squash us in court" I said,his smile vanished

"Right...yes I am guilty but not all on charges.Rape,possession of drugs and attempted murder I didn't do that " he said I looked at him and I can tell he's not lying

"Okay...so we have to work on providing that you are innocent but for the others there is proof that you are guilty that I know off so you will plead guil.." he cut me off

"Excuse me?" He asked and banged the table I didn't even jump I just looked at him

"If you didn't cut me off you would have heard

me...I said for possession of illegal fire arms and murder you will plead guilty " I said..there is possibility of me winning on this one if I can just get sane witnesses which I will get with the help of Paul,Zenzele and Nhlanhla I will surely win but I want him to know Hazard as he said he wants to meet her.

"I have a family you bitch!" He shouted I laughed "So ??" I asked with a smirk..he stood up from his chair and charged to me I tried standing up but he pushed me down to my seat

"This case can drag for months but I need you to pull your A game and get me out of here " he said with a intimidating voice but I wasn't shaken instead I laughed

"Fuck you son of a bitch..do they fuck you inside you're so grumpy it's obvious you're not getting any..fucken sit down or else I can just drop your fucked up ass and give this tape to

the cops " I said he immediately went to sit down..I stood up and packed my things

"I'm not a yes sir no sir kinda person..don't fuck with me...I will come back next week,tell your lapdog the one you sent to follow me \*he nod\* yes tell his scary ugly ass that I need evidence that you're clean on the rape and drugs I will sort out the rest " I said and walked to the door;he laughed and clapped his hands I turned "Hazard neh??" He said

"Yeah maybe " I said and walked out..I don't know what happened in there but he irritated the fuck out of me.I drove back to work and had my lunch then my phone rang..It's Jeremiah

"Samsung J2" I said he laughed

"At least I'm more expensive than your husband and I don't understand why Zothaba only calls me Samsung..talking about Zothaba I'm chilling with her here in my office she's crying..Paul is

on his way to get her " He said I huffed..the only way to make her love school that is left is for me to beat her fat ass everyday

Since the incidence we stopped going to church,I have been begging the crew to go with me but today I'm going alone since no one is interested..I took a shower and put on my white long sleeved dress,above the knee with black pencil heels..did my makeup and tied my weave then took my yellow handbag and went out..I went to the kitchen and made myself a sandwich..Zothaba got in wearing a yellow hugging dress with her wage and tiny handbag

"Where are you going princess?" I asked her

"Church with you" she said and sat on her chair

"Oh wow thank you " I said and made a sandwich for her and gave her juice..Paul got in wearing his maroon suit even tie

"You are also coming with?" I asked him

"Yed we are taking my car" he said and gulped down Zothaba's juice she gave him a dead stare..I laughed

"Let's go before you two fight " I said,they followed me out.I got in at the back..Zothaba took the front seat I'm still against her seating there but who am I?Paul drove off..I got a text from J

\*so you took all my children?" I laughed and ignored him

We got to church,they welcomed us but I could tell that they are feeling sorry for us somehow

which I hate but I ignored them and sat at the second row.

"The Kearns family went through a traumatic experience, we only read about such in newspapers but it happened to them..they lost their baby Athandwa. I see the rest are not here they have gave up on God but it's okay. Mrs Kearns please come forward aand say a few words or anything " The pastor said..my heart beat fast what is he doing to me God!..I stood up and went to the front he hugged me you know that you will be fine hug..I took the mic and sang I don't usually sing but I did..I greeted then stood there without saying anything

"It's okay " one shouted..I smiled

"I don't have words really..the way things happened still troubled me..it's weird ,the last time I came here I had 3 children but today I'm here with 2 ..

She couldn't talk anymore so she broke down and sobbed...they didn't disturb her they let her be.5 minutes passed she was still crying painfully

"Bro bro..go get mom" Zothaba whispered

"Haa..I'm scared.Let me call dad" Paul said and dialled J he answered immediately

"Dad come to church now..mom just broke down I think it's finally sinking in" Paul said

"10 minutes " J said and hung up and indeed after 10 minutes he came running looking around he was wearing his nike short and vest he didn't have shoes on..He went to the stage ..she was on her knees .J went down too

"Moms...I'm sorry" he said brushing her back

"Let's go home..please my love " he begged her

until she nod then he hugged her and pulled her up .They went out then Paul followed with Zothaba. J drove with his wife

"Moms..the trial starts tomorrow will you be able to handle it?or should somebody else step in?" J asked

"I will handle it " she said with a husky voice;there was silence until they arrived home..she went straight to bed. When she woke up. J was sitting on the edge of the bed

"Hi daddy" Anelisa said rubbing her eyes

"Oh hey moms...we are waiting for you" J said she widened her eyes

"Waiting for me." She asked

"We are going to the park for fresh air..get dressed " J said

"Oh thanks my love but I will pass ..I have a lot of work to do;I have to be prepared for

tomorrow " she said and got out of bed

"You sure?" J asked she nod

"I'm also not going then" J said

"No please go with the kids..I need some alone time so I will be fine" she said and went to him she kissed him

"Go" with that said J stood up and went out.

When they left,the house was peaceful she thought then she went to her study and made few calls and started working..she was thirsty so she went out to get water..she heard footsteps but ignored that.She was half way through the steps when someone/something pushed her from no where she rolled down and fainted...

A week has passed since the incidence but they have not found who it is but Lizard hired Anelisa guards.The trial is looking good,they have high hopes that she might take this one home but the problem is she has neglected her family.

When with them all she does is talk about how she will question witnesses and every chance she gets;she goes to prison...

It's Saturday and they are getting ready to meet with the girl's family,they agreed on meeting at a restaurant than any of their houses..J booked the restaurant for 2 hours just so they can have privacy. They all got ready and drove off with Paul driving behind them.They arrived at the place and waited for 20 minutes then,the girl's

family arrived and joined them.

"Hi" the young girl said since her parents went mute

"Can we begin?" J asked

"Yes we can..Your dog d.." Mr Khanyile said but Anelisa cut him off

"What dog sir?" Anelisa asked

"Your son...He impregnated my daughter! " he shouted

"We are aware of that...and we take full responsibility;we will take care of the baby" J said with a low tone

"Oh really now? My daughter chose right.I have read about this family in the newspapers..very powerful family " Mrs Khanyile said

"Mom please stop embarrassing me..I'm no gold digger" Emihle said(Paul's girl)

"Shut up wena" Mr Khanyile shouted

"Sir please don't shout at her" Paul said, J smiled at him

"This is my daughter..your son has to pay damages and lobola (dowry) th.." J cut him off

"Excuse my coloured ass?you said lobola?" J asked then Paul and Emihle laughed

"Yes he said lobola" Mrs Khanyile said

"Sorry we will pay damages and take care of the baby you don't have to do anything but not lobola..no one is getting married and you cannot force my son to marry your daughter..they can still break up with or without the baby"Anelisa said

"Yey your son looked at me in the bullet of my eyes and told me that he lo.." Mr Khanyile said but Anelisa cracked with laughter

"Bullet of my eyes..hee" she laughed and clapped once

"Father you should go get your parent's money"  
Emihle said

"What's the way forward?" J asked

"Uhm Paul and I love each other and we are expecting a baby..mom,dad you told me that you won't take care of the baby..it's fine I will see what I can do" Emihle said with a low voice

"And we will pay for damages and take our son's child if we have to and that's where it ends" Anelisa said

"No" Mr Khanyile said

"Dad please don't..you don't even care about me so leave it hanging like this..what do want?"

Emihle shouted and ran out,Paul followed her

"Can we postpone?next time we are coming to your house " J said and helped his wife up then they left.

Emihle is a chubby girl,she's light in

complexion..Her family is financially stable but her father is determined to milk the Kearns family.Her father is Muzi Khanyile 45 then her mother is Nompilo Khanyile 39 she's a house wife.

Anelisa and J drove home leaving Paul wherever he was with his girlfriend.

"I like her" Anelisa said

"But you said you will hate your son's first girlfriend " J said chuckling

"She's not the first...I used to hate Sandy remember her?" Anelisa asked

"I didn't like her too" J said..They arrived home then Anelisa went to check on MamKhize and Zothaba they were playing in Zothaba's room

"Hey ma" Anelisa said

"Hey baby.." MamKhize said

"Zothaba " they were still not talking

"Hey mommy...from now on I promise to go to school" Zothaba said and hugged Anelisa

"Really?what changed my love?" Anelisa asked

"Granny talked with me" Zothaba said then Anelisa looked at MamKhize and thanked her

"Ma you can take my car and go out with Zothaba..go get ice cream or something " Anelisa said..she had taught her to drive..They took the car keys and left.Anelisa went downstairs to start cooking. J was by the pool area standing there..she went to him

"Penny for your thoughts?"Anelisa asked standing next to him

"Jerry Kearns!"

After my argument with J ,I thought for sometime and realized that he's right and now I have to apologize. Gosh! Who apologizes to J ?he be like "sorry I didn't get that" and you have to say it out loud.But first I should give this case to someone else it's causing troubles for me..I don't ever wish to make my husband angry. He said it himself that I shouldn't and I really don't know why I hit him heh what was I thinking if he hit me back Lord! I would probably be unconscious..Monday morning J wasn't working so I left him in bed and took a long shower. I decided to wear a yellow short hugging dress with black nike sneakers it's my first time wearing like this but I'm tired..I wrote

a note for J "I'm sorry..I love you " and stuck it on his forehead then went downstairs. Zothaba and Paul were in the kitchen..Paul was feeding Zothaba who was in her school uniform

"Morning kids" I said and grabbed an apple

"Morning mom...MamKhize is not in and I forgot to make breakfast "Paul said I smiled

"It's okay baby..so is your sister going to school?" I asked Paul but looked at Zothaba

"Yes I'm going to school " she answered

"Okay thank you..are you dropping her off?" I asked

"Yes .dad promised to go with us" Paul said

"He's still sleeping " I said

"No let's leave him please..he will come in his pj's and walk me to class " Zothaba said and grabbed her backpack..she kissed me and ran out with Paul following him.I also went out.

During my lunchtime I went to Syanda's office..I let myself in and sat opposite him

"May I have a word with you boss " I said he smiled

"Of course lil sis" he said

"I'm dropping my current case but Advocate Zikhali said she will take it..I have been with her since morning and I gave her everything..." I said

"Uhm okay if it's what you want" he said

"Yes it is..thank you " I said and stood up

"Are we good?" He asked

"Yes we are" I said and went out..I took the company car and drove to prison..he was sad but I don't care my husband comes first;I reasoned with him and left...my day went by fast,none interesting happened..I was down and sad I don't know why..I even gave my lunch

away..I arrived home and found J and Paul cooking and arguing with cans of Heineken..I don't understand why J drinks with him but it's better than Paul going out and risking his life..it's official J is the coolest husband and father ever..I greeted them and went to change.Then joined them

"Where's my princess?" I asked

"Taking a nap " Paul said..J was concentrating on the pot. Paul sensed the tension and walked away.I went to him and held his hands

"I am sorry my love and I promise to never bring work home...I dropped the case" I said he shook his head

"You didn't have too" he said with a low tone

"I wanted too..and I'm sorry for hitting you" I said

"I didn't get that..what did you say?"He said..there we go

"I'm sorry my love " I said out loud and hugged him

"We should hang out with the crew...we have been distant. Especially you" I said to him

"Oh I've been busy..I have a surprise for you..let's go" he said and held my hand..

"Your pots " I said

"PAUL COME CHECK THE POTS...WE'RE OUT!" J shouted then we went to his car.He drove off..He drove for hours I was even sleepy..He finally punched something on his phone then the gate opened I looked out the window..He parked I opened my door and went out

"I married a man here..I was about to come open for you" he said I laughed..we were standing in front of this weird house. He surely didn't buy this for me hell no! It's white and surrounded by trees I can tell there are no houses around its just this one

"This my love is the white house " he said with a wide smile

"White house for what?" Okay I'm just asking but I know the answer

"We burnt the warehouse remember so this my our new home...The whole crew is on they're hungry for this. Moms I'm not saying you should also join us but we're back and Lizard refused to be the boss so I'm taking over. These past weeks my son has been really loving since he's only starting June at

university,he drives me to work,comes durinh lunch sometimes with Emihle and then comes to fetch me..I'm even gaining weight. Is it right for my child to love me like this?Emihle is perfect for him,she's sweet and the way they love each other is heart warming. Emihle sometimes sleep over with her parents knowledge of course. Today they have an appointment so we drove to get Emihle before they dropped me off

"So should I get myself lunch today?" I asked

"No we will be right here with your lunch...mom please tell Ethen to stop teasing me" Paul says I laugh

"Please ma...he's really bothering my babe"

Emihle said I smiled at her

"You know how annoying he can be don't mind him..let me go in.Drive safely kids" I said and got out of the car

I watched him drive until I couldn't see the car. I really love him. I loved him from the first day I saw him and he's the perfect son. I walked inside then got a call from J

"Hey love" I said

"Anelisa stop making my son a sissy" he said and hung up. I laughed to myself and headed to my office..I'm someone's mentor and again he arrives late. Working with this boy is the worst if he's not drooling over me then he's complimenting me or he's late! I hate this

"Sorry I'm late" he says and goes to his desk

"Yeah yeah...I need 50 copies of that certificate I just emailed you..different colours in 2 hours and attach each name on the list ontop of your desk to each" I said his eyes popped out, I realized that I have been spoiling him when I started here heh I was a slave but I won't take that out on him

"Anelisa that's too much" he said;I chuckled and gave him a dead stare

"It's Anelisa outside work and no it's not too much;you're lazy and if you don't pull up your socks you can kiss this job goodbye..make it snappy or else you won't go to lunch" I said and saw tears in his eyes wtf is wrong with him but I don't care..He's too lazy yeses.I continue typing he's also busy

"Uhm when are you going to court?" He asked that's his way of finding out if I will be away and give him time to breath

"I'm your mentor so no court for 2 weeks..just typing presentations..Listen Wyne I'm not trying to slave you but this is what we do everyday and it will get harder when you start dealing with rude clients and they their threats if you don't win the case if you're emotional you're at the wrong place..here you have to be hardcore you represent a murderer knowing exactly that

he or she is guilty but you still fight to prove innocence...Try to toughen up "I said he slowly nod

"I hear you and thank you..let me get these ready" he said and moved to the printer...I feel sorry for him but I carry on and mind my him.After that I showed him other important things then freed him..I waiting for Paul and Emihle. A week passed and Paul got discharged 2 days ago and Emihle is staying with us she can't stand the sight of her father,we didn't tell her Zenzele did then she confronted him and he didn't deny. Her words to us were "do what you have to do..I don't care" but deep down you can see that she doesn't mean that Paul told us to just leave it hanging like that.we are not happy with his decision but he told us that if anything happens to him,Emihle would know it's us and resent him in the future so yeah.I asked for time off at work to look after him but J is working we can't both stay.I did my hygiene process and went to help him in his room,they're not sharing a room with Emihle...I knocked and went in,Emihle was helping him put on his t-shirt

"Oh I will go just came to check if you're good" I said and turned to go out

"No it's okay mom come..ouch! Are you dump Emi ?" He asked and groaned I couldn't help but laugh

"I will leave you like this JJ trust me...oh come on just p..okay \*she huffed\* start with the head ke " she said I just watched them after some time they finally managed I laughed and sat on the bed

"I'm coming with but I will meet you there since I have to drop MamKhize at her daughter's house" I said and stood up

"No problem go change we're leaving in 20 minutes "he said

"Heh..never thought I'll see the day when my son tells me that I should change...remember when I used to drop you off at school with pj's and walk you in" I said he laughed

"Yeah hey but when I was in grade 11 I told you to stop walking me in" he said we both laughed

"But I was better than Zenzele's mother yoj..she used to drop him off wearing an apron and that funny weave she had ..it was pink right?" I asked he laughed out loud

"Yeah and she's so dark...yoh Zenzele even resorted to taking taxis..ey high school but you guys treated us like we were in primary " he said,I messed up his hair and ran out

"Mom...just because I can't chase you!"he shouted from his room.I went to mine and changed to my black jean with a white long

sleeved t-shirt then did my makeup and tied my weave then took my handbag and went out..they were already waiting for me..we walked out shame my son is limping.I reversed the car out of the garage then my phone rang and Paul and Emihle hooped in

"You don't have a choice "Jeremiah said making J angry

"I do..I fucken do;i will trace that number an.."Paul cut him off

"It's not tradable..I have been trying she's too clever "Paul said then Anelisa broke down and sobbed painfully

"Moms please stop..at least Zothaba is fine;we will find her I promise you" J said

"Just marry the damn girl she will give you our daughter back then after some time you divorce her"Jeremiah said

"You're really stupid do you think she would just

sign them?she has a solid plan which we don't have "J shouted then Anelisa stood up and ran out then Zama ran after her

"Dad you have to do this"Paul said and also went out.

The following day Paul and Anelisa went to the mall to buy groceries and other house equipments...They went to Spur;at the till they were talking while the cashier was busy then Anelisa turned to reach for her handbag when she saw Mbalenhle holding Zothaba's hand walking out

"Please hurry"she said to the cashier who just nod and worked fast..they paid and carried their plastics

"Walk faster...I just saw something;Go that way"she said to Paul then they took the shortcut to the mall parking lot they got to the car and shoved their grocery

"Mom what's up?" Paul asked

"Come..oh hide "she said as she saw Mbalenhle walking to her car

"That bitch is around!" Paul exclaimed

"Call your dad screw that I'm going to get my daughter "she said and took her gun from her handbag and walked slowly then she got to her and pointed the gun at the back of her head.

Zothaba saw her and screamed

"Mommy"

"Shit!" Anelisa said then Paul quickly pulled Zothaba

"Don't shoot me!" Mbalenhle immediately said but Anelisa walked closer to her

"If I die your daughter dies...pull her t-shirt up"  
Paul did as told as saw a bomb on her,he took 2 steps back

"If you shoot me she dies,the controller is with

my father and if I have a wire on me just in case;if you shoot,he presses"Mbalenhle said,Anelisa roughly turned her and pulled up her over sized shirt and she had the wire

"Fuck!"she cursed

"Just bring her to me before my dad gets angry and blow her"She said then Paul pulled Zothaba to him

"No!"he shouted then Mbalenhle 's cell rang she took it and put it on loud speaker

"Don't fuck with me Hazard!"the man shouted over the phone

"Okay..I'm pressing in 5 seconds..5;4..tell me your husband will marry my daughter next Saturday ,3"Mbalenhle cut him

Paul's plan could work it just has to or else I'm not going to involve myself in a fucken love triangle or polygamy no!It's all his fault;he attracts crazy bitches it's times like these when I wish I married an unsightly man not J with his handsomeness urgh.And today is her bridal shower.All I want is my daughter back so if I have to be nice to her so be it.I got ready and wore my black long dress with a slit on my left thigh,open back and pencil heels,tied my weave and did my makeup then took my clutch bag.I looked at myself in the mirror and had a reflection of my life.I don't deserve all of this ,the universe is not fair to me.From when I was 12 years old,that's when I lost my childhood I was never the same after that I hate my so called mother from her grave..How could you sell your own child for few thousand rands?Lie

about my father, Get your crazy wicked wizard friends to draw or create a birthmark on her just to fit in? What if Hector caught her so what? Lizard could have accepted me and took care of me. How did I become a gangster? I felt so unloved at home that I sought love outside and there he was my father my biological father and he told me about his life and I asked him to train me and he did exactly that.. I jumped up when someone touched my shoulder.

"Moms what's up? I have been talking to myself ever since I got in here. You don't have to go" He said.. I sniffed and wiped my ears

"Are you crying?" he asked

"Of course I am crying.. what did I do to deserve such a shitty life? I'm not happy and I lie, lie, lie and lie... I'm not happy. I have never healed" I said but stopped myself I was venting on the wrong person but who is the right person? no one

"Moms what are you talking about?please talk to me baby...let's sit and talk please "he said and held both my hands,I pulled them back and took my bag then ran to the door

"Come back here..Moms!Anelisa "he shouted from the bedroom but I didn't go back.I passed Paul with Emihle and went to my car,they followed me but I started my car..what if I die right now?all this pain will go away.the gate is hard steel so if I crash my car there I will surely die I thought to myself then drove straight to the gate but when I was about to crash it opened I looked back,Paul must have read through my mind or was it J?I don't care so I drove off to Mbalenhle's place..it was packed just for bridal shower?Drama! I parked and walked in I was met by Zama and Tessa(Syanda 's fiance) they also got invited I see.

"Hey girl"Zama said and hugged me

"Hi can we go join others?"I asked

"Yeah sure"she said and led me to the others

"Must be hard...but you're strong and dangerous but then again your husband taking a second wife is not for the faint hearted "Tessa said from behind ..she never liked me,from the time Syanda told her that we once dated and almost killed each other then found out that we're siblings. I ignored her..we reached to the round table. Mbalenhle 's friends were already there sitted comfortably to chear her on wow crazy friends but there's this one Sethu she doesn't take shit so she does not support this.I greeted they all greeted back then I sat down

"We can begin..we have been waiting for my sister wife,I should thank her for allowing to share my husband with me"Mbalenhle said and smiled..I frowned

"Mmm and you allowed this because you can't

bare children for your husband anymore and then you allowed our friend to stay with your baby since you were not emotionally fine to look after her" one of her friends said mmh how nice?I'm so going to kill this bitch

"I'm kind hearted like that" I said they all nod but saw the sarcasm

"But what do you expect?you marry a guy like Jerry and expect us to stay away bruhh!guy is handsome I think handsome is not even the right word..he's hot,he's flames"Tessa said,I know she hates me but this?she's selling me to the enemy I saw Mbalenhle smile

"So we should marry ugly fuckers just for bitches to stay away?stop being crazy Tessa and as if Syanda is not hot himself nx"Zama said. I smiled at her

"You know what my husband o

"We could have worked Anelisa,if only you fell inlove with me and left your husband,I wouldn't have helped Mbalenhle "Sandile said brushing her hair

"I came to get my daughter..where is she?"she asked coldly

"She's okay and I will bring her and remove that bomb" he said

"I would appreciate that very much,I have somewhere to go so please hurry I left your daughter alone "Anelisa said

"No let's talk first...I know you're Hazard but I'm not scared of you;I want you so bad.I need you so I will deactivate the bomb but in exchange I want you "he said

"But the deal was that my husband takes your daughter as his second wife then you bring my daughter back "she shouted

"I know but I'm changing the plan now..I want you so bad" He said she went mute for some time thinking

"Okay fine..to be honest I fell inlove with you but J was the problem...I can give him his daughter back and start my life with you "she said and smiled

"You're fooling me..I'm not that dump" He said then she went to sit on his lap

"Look at me...I'm not lying,I even called you jail birdy because I love you damnit!You're doubting me and I hate that"she said angry

"Yeah you have a point..fuck I knew it ..I need you to take Zothaba back and come back here to be with me.agree?"he asked she nod

"Yes baby..let me just remove this wedding band already help me" and indeed he took it out for her and gave it to her

"I will throw it away on my way back "she said

and pecked his lips that proved her love for him..They went to the safe room where he kept Zothaba then he carefully deactivated the bomb..Anelisa checked Zothaba and she had a bruise where the bomb was clearly she wasn't lying when she said it was painful

"Let's take you home baby "Anelisa said and kissed her face

"You will come back right?"Sandile asked

"Of course baby..3 hours I will be back"she said then they went out.He was so excited

Anelisa drove home,Paul was there with Mbalenhle watching t.v. they both jumped up when she walked in with Zothaba

"Thank God he finally changed his mind"Mbalenhle said

"Paul please take her with you...go to Emihle 's apartment or something I'm leaving "Anelisa said coldly

"Mom you should be excited..your daughter is home come on" Paul said

"Yeah he's right..you should be excited

"Mbalenhle said

"E..e..e I'm not talking to you bitch!Paul do as I say and tell my husband that I'm leaving him with this trashy bitch "with that said she ran to her room and packed her tiny suitcase then changed to her tight black shorts all her thighs were exposed then she wore her long sleeved black t-shirt and sneakers tied her weave and went out..her phone beeped

"You crazy bitch!" I said and got on top of her..we fought for some time damn bitch can fight..she managed to get on top of me and gave me few punches..she went for my neck and strangled me,I felt hopeless.Is this what I really do to people?I pinched her on her back until she gave in and let me go...I wasn't sure about killing her but now I'm damn sure,I pulled by her weave and smashed her on the counter she fainted

"Crazy bitch!who do you think you are?" I asked myself ..I quickly ran upstairs and got ropes went back and tied her..unlocked all doors and carried her heavy ass to my car..I drove off to the Whitehouse

I got there and tied her to an electric chair then took my apron..I pulled my chair and sat opposite her waiting for to wake up and while at that I rolled my weed and smoked

"Hhm" she moaned

"Who's fucking you bitch?why are you moaning?"I asked her then chuckled

"Where are we?"she asked

"Your final resting place..I have to give it to you..bitch you can fight,you almost killed me jeez" I said and raised my hands in surrender

"Anelisa stop being crazy..get me out of here"She shouted

"It's Hazard my love..HAZARD.I was waiting for you actually "I said and stood up and reached for the knives

"Oh Gosh.!" I exclaimed as I ran to the kitchen and got my boiling water and walked back

"What's that?" she asked

"Boiling water "I said and poured all the water on her,the electric chair did it's wonders..water and electricity are the huge ass enemies I know..I just looked at her shake until she

passed out...Have you ever felt sorry for someone?that no matter what they did to you but you just don't want to kill them?I didn't want to kill Mbalenhle but the moment she pulled my hair I went crazy and she had the guts to strangle me instead of apologising..she doesn't know me well..I poked her with a stick countless times until she woke up and cried painfully

"This is not your father's place..wake up"I shouted at her

"Mm..m" she couldn't talk but I understand

"You made me do this..your father was enough,I was going to let you go and start your life in another country but you acted crazy..I can be 10× crazy...no one knows this but sometime ago I was diagnosed with bipolar depression so yeah"I said she popped her eyes

"Excuse me" she said

"Please I'm begging you..Syanda said there will be no wedding if you're not there so please and I'm sorry " Tessa said

"Oh I see now...if Syanda didn't talk to you,you wouldn't be even talking to me so no Tessa I'm good,you hate me and I'm well aware of that and I don't know why you hate me you're so childish and I don't hang out with childish people.Zama bring Junior I will babysit for you and enjoy your pity party"Anelisa said and walked away,she went to her car and drove off angry

"God I'm tired,I'm only living for my husband and children..I'm tired why can't I be happy for once?I'm empty inside.What kind of people do

you love and bless?financially yes I'm good and I'm more than good which I'm grateful for but my soul..Lord help me too,you're a living God.Maybe a baby would distract me but then I'm suddenly infertile. People get their miracle babies,where is mine oh Lord" She prayed while driving ,she wiped her tears with her hand and focused on the road.

Around 7pm,Zama dropped off Junior. Anelisa made food for them and played with Junior and Zothaba. Paul and J had left to help Syanda with organising his party.She put the kids on her bed and went to watch t.v.. Her phone rang,she answered without checking who it was

"Anelisa please come,we have to talk" It was Syanda

"I can't come to a bachelor's party,no woman allowed right?there's too much noise there"  
Anelisa said

"Please I'm begging you...I will step outside then we can talk" Syanda begged

"I can't leave the kids" She said

" Come with them..see you in 30" Syanda said and hung up.She had no choice it sounded serious. She walked to her bedroom and found the kids wide awake playing

"You're awake?" She asked they both nod

"Okay put your shoes on.we are going to Syanda's house " She said,they jumped up and wore their shoes.

She drove off

"Open for me" she sent a text to Syanda then the gate opened she drove in and parked,she could hear the music and laughter from inside. Zothaba and Junior were sleeping in the car,she went in alone..Her eyes popped when she saw strippers but they we were not performing. One was sittted on Jeremiah's lap and he was

brushing her ass,another one on Lizard,Tony and bullet,only Jerry,Syanda,Nhlanhla,Paul and Ethen were sitting by themselves and enjoying their booze

"Hhmm" she cleared her throat,they didn't hear her so she went to lower the volume

"Wtf man!" Jeremiah shouted

"Baby..ey Don't shout at my wife" J shouted

"Oh Anez let's go..I called her.anyways were are the kids"Syanda asked

"They're sleeping in the car...wow no stripers neh?but J I'm proud of you baby..God mighty not be always on my side but he blessed me beyond measures with you"she said and went to peck his lips

"So what are you trying to say?" Jeremiah asked

"That a husband so act like one and stop brushing bitches saggy breasts and

asses"Anelisa said

"Sarcastic much?"Jeremiah asked

"No okay let me not sugar coat this...you're a fucked up husband just because your wife is not around you think you are a bachelor.You disgust me because every now and then Zama is crying about your cheating ass,you fucked her cousin and I don't know why she hasn't left you"Anelisa said with a chilled voice..The girls stood up and rushed out

"Okay moms stop please " J said

"Yeah let's go outside " Syanda said and pulled her hand

"And you're a bitch a heartless one at that"Jeremiah shouted;Anelisa turned

"What?"she asked

"No Jeremiah..stop this nonsense "Lizard shouted

"No..she's heartless and I know she will run to my WIFE like a headless chicken and tell her well she knows...You're alone no wonder Tessa hates you,you are not friendly and maybe that's why you're infertile...instead of feeling sorry for yourself just go see specialists you have all the money right..gangster wife" Jeremiah said then J charged to him and beat him up..Everyone screamed at him to stop

"ANELISA"Ethen shouted and ran to her as she had fainted ,J stopped what he was doing

"She's having an attack...help me" Ethen shouted then J and Syanda carried her to J's car and drove ofg while the others followed

"My brother is going to kill me" Jeremiah said they just clicked their tongues.

They parked in the parking area

"She's bleeding " Syanda said

"What??"J and Ethen asked

"I think she's on her periods " He said

"No she's not..she doesn't go to her periods anymore " J said they were confused.J carried his wife inside he got help quickly since he works at that hospital.They went to the waiting area trying to calm J down,the crew joined them then Jeremiah got in holding his stomach. J took the flower vase beside him and threw it at Jeremiah it hit his head then he went down

"Doctor" Tony shouted

"Don't call a doctor for him" J shouted but it was already late so the nurses took Jeremiah away..After some time waiting the ladies ran in with their ropes

"What happened?"Zama asked

"Your husband happened "Lizard said

"And it's Syanda's fault too..why did you call her?"Paul asked

"I had to tell her something urgent " Syanda said

"Syanda No..please baby!"Tessa begged him

"Syanda talk" J shouted

"You have the right to know...I called her because I wanted to talk to her and you J...I know Paul's real mother"Syanda said

"My mother died...her family abused me so I ran away" Paul said

"That woman wasn't your mother...she was your mother's sister.Your real mother had you when she wae 14 and" Syanda said

"My mother didn't have a sister "Paul said

"She did...once she gave birth to you,they decided that it's best if she leaves and never comes back" Syanda said

"Okay..so who is his mother?"Lizard asked

"Anelisa of course " J shouted

"I can't tell you now..th.."J cut him off

"JUST FUCKEN TALK!!"he shouted

"Okay okay..it's Tessa" ..Tessa cried out loud

"What??"Paul asked

"I'm sorry "Tessa said then Paul ran out

"So you hate my wife because she took your son in?you hate her because she gave him a home,love and everything a child needs...you should worship and kiss the ground she walks on bitch!"J said walking closer to her

"Had you invited her to your hoes party she wouldn't have came to the bachelor's party,so all of this is your fault"J shouted

"Whoah J..hoes party?"Zama asked

"And who's fucking you bitch?this is yoir husband's fault too..my wife better be alright."J said then turned his attention back to Tessa

"I want to strangle you so bad"He said..he took

out his gun from his back

"Come on man don't do this" Syanda begged

"Had you talked to me instead of calling my wife..none of this would have happened "J said to Syanda. He pointed his gun at Tessa and aimed for the head

"You will be arrested..this is a public place and people are watching "Tessa said

"And they are minding their own business" J said

"Uhm dr Kearns "he turned

"Oh Dr how's my wife?please tell me what I want to hear or else you die" J said

"Jerry STOP!"Lizard shouted at him

"Uhm uhm she had a miscarriage firstly"

"No it can't be..you said her uterus was scared therefore making her infertile now what kind of bullshit is this?"J asked pointed at the Dr's head

"Uhm Dr Zade gave her the wrong results..we had Anelisa Kearns and Anelisa Kings that day  
"she said panicking

"Kearns and Kings is not the same..at all"Bullet said

"Yeah it's not" Tony

"Well I didn't make that mistake."Dr said

"I said how's my wife?"J shouted

"I..uh..I will come back some other time"she said and ran away

"She better be alright for your sakes or else you all die..that's all I know and I will kill all of you starting with this bitch Tessa then Jeremiah "J said

"What did we do?"Nhlanhla mumbled

"Are you talking?"J asked..Nhlanhla quickly shook his head.

Jerry sat down and scratched his head

"No no no" he said

"Is he alright?" Tony asked..just then J charged to Tessa and slapped her had,she fainted and bled from her nose

"Wtf man!" Syanda shouted

"Do you want one too?"

"Yoh drama!" A girl who just walked in the waiting area said they all gave her dead stares

"If your stares could kill I would be dead by now"  
" she said and chuckled

"Do you want a hot smack too?" Bullet asked and clicked his tongue,the girl quickly stood up and ran out.
