

A SECOND WIFE THAT IAM

INSERT 1

PORTIA ...

I kept tossing on my huge bed trying to sleep.

how do you sleep not knowing where your husband is ?

is he safe where ever he is ?

i take my phone to ring him again , still it rings unanswered.

i got out of bed and went to the kitchen to make coffee .

i opened my laptop and continue with my work .

hours later i wake up to a ringing alarm .

i rubbed my eyes and stretch my hands .

gosh i cant believe i just slept on the chair the whole night .

The door is still locked it means my husband didnt come home last night .

i prepared for work and left as soon as the maid arrived .

i open the resturant and the staff started with their duties .

i sit on my little office and kept checking my phone hoping that he will call.

My day at work was draining , all that was in my mind was my husband .

i lay on a couch after a long day at work .

i heard the door opening and closing again , i knew his back because i can smell his cologne .

him: hi

me: where are you coming from(shouting)

him: your making noise

me: what ? are you drunk

?

him: that's why i didn't come home last night ,
you're so noisy .

her: really siya ? did you call me noisy ?

him: nxa !

he walks away and i followed him

me : so you think you can just go around
cheating on me and come back pretending like
nothing happened ?

well siya you have another thing...

him: shut up , just shut up (shouting)

he closed the door on my face ...

i sink down to the floor and just cry .

an hour later he opens the door and walks out

....

i got inside the room and there was a letter on

the bed ...

i open it and it reads ...

I love you portia and am not cheating on you .

i close it and went to take a quick shower ...

when i walked out of the bathroom , i found him preparing dinner for us .

i joined him and we ate in silent .

VELE

Today was no different after dad left i prepared for school .

i find my friend tebogo at the gate waiting for me .

her : your always late

me : ag please

her : here is a bursary form...i take it and open it

.

me : but thats for mining ?

her: yes just apply girl

me : nah thanks

her : why dont you want to go to varsity

me : cant leave my dad alone

her : am sure he will understand

me : but i wont

her : eish wena ...

we went to assembly and there was a gentle man whom the teacher introduced to us as mr shezi ...

The youngest ceo of one of the biggest company and it happens to be were dad works .

principal asked him to say a few words.

he stood there and smile before he could talk .

him: im not a person of many words ...

work hard and remember you dont always get what you want in life but refuse to give up, thank you .

we clap our hands for him .

principal : i have selected some few student who should meet mr shezi this afternoon.

The first name to be called was mine and i dont know why , but am looking forward to this.

i attended all my classes with a smile on my face .

BANOMUSA ..

I walked in with a smile on my face and headed straight to the kitchen .

when mom cooks i know she is in a good mood .

me : ma

her: mmm

me : where is dad ?

her : meeting with the councellors

me : i see

her : whats wrong

me: eish i made the biggest mis....

her : get to the point

me : zintle my girlfriend is pregna...before i

her: am telling my husband about this

me: please ma , dont

her: no il tell your father

banele: tell me love ...he said as he walks in .

him: what has he done this time , banomusa
your getting spoilt and doing as you please and
that stops today boy

[05/12, 18:00] Ron: INSERT 2

BANOMUSA ...

You see when dad talks he talks , you dont even get a chance to respond plus he always jumps to conclusion .

who said i did something ?

is falling inlove being spoilt ?

him: khuluma boy (talk boy)

me : i did nothing

him: so my wife is a liar now ?

mom: well love he jus wanted to go to a party and he didnt want you knowing

him: well he knows late parties are not allowed here in my house .

learn to live by rules and you will make a good

king one day .

be discipline and live by principle son .

me : yes dad , excuse me (walking away)

i went to my room to call zintle .

me : my love ...

her : baby

me : so have you told your parents ?

her : no ...am scared and you ?

me : eish love i couldnt , dad will kill me

her : musa you should have thought about that before getting me pregnant.

me: i didnt know you will get pregnant , otherwise i wouldnt have done it .

her : wow

me: do you want to be pregnant

her : ofcause not

me: then lets abort it baby

her : are you serious

me: yes love , look at this ...we are both you and with no jobs .

how will we take care of the baby while we are both still depending on our parents .

think about it , lets not ruin our lives .

we will have more planned baby in future love .

her : f**c you musa (hangs up)

mxm ai this girl is stubborn, dad will kill me if she keeps this baby .

i love her as my girl but am scared of dad , phela people talk outside especially those drunk madala's (old people) .

They would call me the son of indoda ihlanyayo (a son of a mad man)

and i assume its because they know how dad is when his angry .

hey that man is so stubborn i wonder how mom

manage to stay married to him this long .

i took out my laptop and started watching a series called empire ...

VELE ...

Tebogo and i took a taxi to the mall where we are meeting mr shezi with other students .

other students went with our teachers car but we couldnt because tebogo wanted us to wash our face again so that the rich mr shezi will notice her .

she apparently developed some crush on him and i dont blame her .

i know some of you think man are not good looking compared to woman but i tell you this guy takes the trophy .

his just perfect , his looks and body are just out

of this place .

we arrived at wimpy and they had already started ...

we took our sit and listens as students kept asking more questions about courses they must do in order to be like him .

it is quite clear that they all looked up to him .

tebogo raised up her hand ...

him: yes ...whats your name

her: Tebza ...i mean tebogo sir

him: okay ...

her : are you married sir ?

he just blushed and quickly put a straight face again while girls waited for his answer , it clearly shows that my friend asked a question that most girls wanted to know .

mrs khumalo our class teacher looked upset at tebogo for asking such question .

mrs k : sir you dont have to answer that

him: Thank youi think my meeting is done here .

after your trials next week we are meeting again with thoss who will qualify for bursary , internship and maybe a future job depending on how you worked with your internship .

good luck guys (he smiled)

he walked out with mrs khumalo as we whatch them .

he gave her what looked like a business card and drives away ...

her: friend ma'am want my crush too

me: haibo tebogo ma'am is married

her : ai you dont know people wena , how would you when your always indoor .

The teachers said we can go and tebogo and i got a taxi to my place .

i started cooking as we chatted about mr shezi , i dont know why but i am also interested in this guy , his just tooo cute ...yes i said cute , handsome is an understatement on how this guy looks .

dad walks in and greeted us ...

him: your still here tebogo , aint your parents worried .

its already dark outside .

her : really baba ? girl i have to leave .

me : okay let me walk you out ...

we walked to the corner where she will be able to get a taxi .

it was dark outside ...

her : girl that car over there looks like that one for mr shezi .

me : its not him , what would it be doing her .

her : there is an only way to find out

me : no

her:yes ...

me : its not his car

her: am not denying but lets go and check .

we walked to the car which was parked near an abounded building .

we checked the car and no one was inside .

me : lets go tebogo

her : okay ...

as we were about to leave we heard a female voice moarning ...

her : or my

me : no tebogo

her :come

we tip toed and whatched from the windows ..

her : what the f**c thats mrs khumalo and mr shezi ?

me : lets me see

she moved for me to see ...

i could see the way he was riding mrs khumalo
and i just felt a bit wet down there ...

me : lets go tebogo

her : i have to get that guy

me : you will get him friend

her : and if mrs khumalo dare steps on my toes
il embarrass her infront of the whole school .

she is such a whore girl , she is married .

me : am so dissapointed in her

her : jah i told you that people cheat out there ...

we stood for few minutes and tebogo got a taxi
and left .

i runned back home ...

me: am sorry i took longer ...

him: its fine princess

me : let me dish for us then

him: okay ...so was school

i started dishing for us as i tell him about mr shezi's visit.

[05/12, 18:00] Ron: INSERT 3

BANOMUSA ...

I heard a soft knock and mom enters after .

she sits on the bed and i just ignored her as my eyes are still fixed on the laptop .

her : are you going to be like this ? what did you expect ?

that il ullulate ?

you got a girl pregnant musa ...

i closed the laptop and look at her .

me : i know mom and am sorry

her : eish boy you messed up

me : i know

her: no ..you know nothing , banele wont take this well .

pride is his best friend ,the only friend he trust after ...

me : after who ?

her : nothing

me : you can tell me mom

her :i rather not

me : why ? dad having a friend cant be a big deal and why havent i see this so called friend .

her : because his dead

me : oh am sorry , dad must have been traumatised

her : not really

me : why

her : i have to go ...just sort this mess of yours before your father finds out .

me : okay ...

Thats very strange indeed ...

maybe i should just search information about my father .

i open my laptop and type his names and started reading ...

whats i saw i wasnt prepared for .

it was a picture of dad inside a police van smiling .

i never knew dad was arrested before ...

a door open and i closed it .

he walks in and sits on the couch in my room .

him: banomusa i have talked to the elders since your about to finish your exams and next year you will be going to university.

we have agreed that you will pay lobola within a

month and have an engagement party in december .

me: what ?

him:excuse me

me: you cant do that dad

him: i can , you knew about this all along son .

me: mxm ...i stood up and walk out on him .

i took my car keys and drive away (i need some space to breath)

VELE

We have been busy with our exams and today our results are coming back .

mrs khumalo walks in holding envelops ...eish after seeing this woman having sex with mr shezi i dont look at her the same way .

i have stoped tebogo so many times trying to embarrass her .

she started calling students names and one by one we collect our results from her .

my name was finally called .

i put my envelop inside my bag because am too scared to open it .

after school i went home alone and do my usually duties .

tebogo has already called me to tell me that she didnt qualify for the bursary .

when dad came back he found me pacing up and down holding an envelop with my results .

him: let me see ...

i handed it to him .

he opened it and read .

him: wow , am so proud of you .

me : did i qualify

him: yes and more

me : what do you mean ?

him: mr shezi wants to meet you in 3 days time and you will be meeting in his office to discuss the job offer ?

me : what ?

him: yes he is so impressed that he wants to offer you a job after your final exams.

he says you will still go to varsity..

me : wow dad am sooooo happy .

him: not as happy as i am (we shared a longest hug ever)

THREE DAYS LATER ...

Tebogo came earlie to help me prepare for my meeting with mr shezi .

her : wow , you look good girl but it would have been beter than this if only you agreed to put on make up .

me : whatever ...

her : good luck friend and call me after the meeting .

me: yes girl

her : i love you friendeish am so happy for you .

me : am nervous tebogo

her : dont be

me : i have never been in the same room with him alone .

her : i guess so but be strong girl .

lets go before you become late .

we walked to the corner to catch a taxi.

All the way to his company premises i kept on checking my face with my phone screen .

i arrived and walked to the receptionist .

me : hi ...my name is vele prudence mudau i
have a meeting with mr shezi for 9: 00
am.

her : let me call him ...

i turned around as i heard the clicks of heels
walking fast

receptionist : mrs shezi just left ..okay sir .
she hangs up ...

he said you should come in ...

its on the 10th floor , the only office up there
use the lift .

i got inside the lift and press 10 as it closeded .
it open on the 10th floor .

i got out and look at my self as i breath in and
out .

i knock and i was ordered in .

i open and walk in

please sit if you want ...he said (he was standing by the window)

he turned and walked to where i was sitted .

him: welcome

me : thank you

him: can i ask you a question ?

me : okay

him: why woman are like this ?

me : i dont understand ?

him: you marry them then they change on you .

me : i dont follow

him: ofcause you wont , your too young and looks very innocent .

me : no (looking down)

him: are you for real?

me :....

him: can i kiss you

i immediately open my eyes wide , i couldnt hide the shock on my face .

him: you didnt expect that statement i see ...

and that just proved to me that your not wild .

me : ...

him: can i be the first guy you kiss

me: ah ah ah (words got stuck on my throat)

he moved his cold lips to mine ...

he baby kissed me and stops to look at me .

him: am now asking you , can i kiss you ?

AM I THAT BAD THAT NONE OF YOU ARE
COMMENTING ?

OR ARE YOU ON A STRIKE THAT I KNOW
NOTHING ABOUT ?

AM NOT WRITING ANOTHER INSERT UNTILL
SILENT READERS COMMENT....

[05/12, 18:00] Ron: INSERT 4

BANOMUSA ...

I have been sitting in my car for hours , trying to
process this whole thing .

how to go about it ...

am soo confused , i have never met the girl am

suppose to marry .

and on the other hand my girlfriend is pregnant
and wont abort the baby .

i saw another call from mom ...

i have been ignoring her but now i decided to
answer the phone , mean she did me no wrong .

its unfair to let her get worried because of me .

me : mom

her: where are you

me : on my way home

her: am waiting for you.

me : okay

i started the car and drive home .

mom was sitting alone watching tv ...

her : come and sit down here next to me .

i sit next to her ...

her : boy i cant tell you what to do but i think you

must obey your father.

me : what about what i want

her: he wants whats best for you

me: i dont know the girl mom

her : i know her , she is a good girl

me : then why dont you let dad marry her
instead of forcing her on me .

she keeps quite and gave me a death stare .

me :am sorry that came out wrong

her : dont ever disrespect me like that

i kept quite and looked down .

her : all i ask is for you to meet the girl and take
it from there.

me : in one condition

her : am listening

me :why was dad arrested

her : what

me : i saw a picture of dad inside the police van smiling .

her : so your playing private investigator on your father ?

me : if you dont tell il dig up the truth

her : i dont have time for this , if you continue searching il have to tell your father about this .

she walked out on me ...

i just sit there like a zombie trying to figure out whats happening .

my mom and i have always been close , she talks to me about anything , so i thought but clearly there are lots of secrets in this house .

i wont stop untill i know the truth ...

VELE ...

I didnt know how to answer him , no guy has

ever showed interest in me except for my school mates .

most of people thinks am boring because i am an indoor person .

the truth is i wanted to kiss him and let him do foreign things to me but i cant .

am scared of being used ...

This guy is all that , he is probably married or with a fiancée ...

he cant marry me .

he clears his throat and i came back to my senses .

him : am sorry for what i just did

me : okay

him: your still a kid and now i feel like i was about to take advantage of you .

lets discuss the contract and how you will handle the job and school .

he takes his phone and call receptionist to bring some refreshment for us .

him: you will be attending classes from 08:00am untill 15:00

then 16:00 untill 19: 00 you will be here working .

will that be fine with you ?

me : yes sir

him: okay

we were both quite now and it was awkward.

him: so how are your parents

me : fine sir

him: tell me about yourself

me :there is nothing to tell

him: fine , il tell you about myself and what ever i tell you should stay between us .

me : okay

him: am siyabonga eric shezi am 27 years old

and am married .

i love my wife and am not happily married .

confusing right ?

my wife is from a rich family and they have spoiled her in results she disrespect me .

she does as she please and am like a baby to her .

she cant communicate with me , she shouts and throws her weight around .

She treats my family like we are beggars.

This mining company was owned by her father .

he gave it to me so that i can marry his daughter .

we dated at college before i knew about her riches and she proposed to me after two months or so .

before i could give her an answer i was offered a company in exchange of marriage .

two years down the line i was happy , she was still the girl i fell in love with .

and now , we are more like house mate .

me : wow

him: il tell you more someday

me : am speechless

him: i know ...

me : pray and all will be well

him: il pray

me : ...

him: well thank you for coming , i have another meeting i have to prepare for .

me : okay

him: and you said your

me : vele

him: thank you ...We will call you

me : bye

him: bye vele

i walked out over whelmed by what happend
and all that information he told me .

i took my phone out and call tebza ...

me : girl friend

her : look on your left ...

i turned and there she was .

i crossed the road to her side....

what are you doing here girl ? (sharing a hug)

her : couldnt wait any longer ...

me : wena mara

her : you really took longer , was he in the
meeting .

me : well

her : lets go to wimpy il tell you all about it and
you will be paying .

her : cool

we walked to wimpy to have lunch

[05/12, 18:00] Ron: INSERT 5

VELE ...

Tebza and i arrived at wimpy and we ordered our food.

her : so chommie come out with it now , am dying to know what happend .

what did he said ?

what was he wearing ?

please tell me girl ...

me : okay come down (laughing)

her : okay am calm ...talk

me : mr shezi kept me waiting and we discussed my schedule when he had a chance ?

her : thats all ?

me : did you expect more ?

her : no ...its just that you took longer .

me : because he was in a meeting

her : okay ,what was he wearing ?

me : just formal clothes

her : haibo vele your boring no wonder mr shezi didnt even try his luck on you .

me : whatever

her : so when are you starting ?

me : after exams

her : cant you squeeze me in maybe as something even a cleaner so that i can see the hot mr shezi .

me : really tebza

her : oh my world i wish i was you right now, working with such hotness every day .

me :jah nee ?

her : eish that man girl friend

me : your crazy wena .

we kept on talking about mr shezi but i couldnt tell her the truth .

he told me his personal stuff and i cant tell on him .

it would be so wrong of me to do that .

and about the kiss it ment nothing and i wouldn't want to get in trouble with his wife if this gets out.

BANOMUSA ...

I went back to my room and open my laptop again ..

i want to know the truth , am more determine than before.

i search for my dad again and that picture

appeared again .

with information below ...

The headlines were written ... "The mad prince strikes again "

my eyes widen up ...but still confused .

i started reading the information ...

They said dad has butchered his wife who just gave birth to the little princess zintle ...

they said he has killed before but always walks free because of his mental issues ...

They talked about how he allegedly dont remember or show regrets regarding what happend .

i couldnt read anymore (closed the laptop)

me : what the hell ?

could this be true ?

can my father be a heartless murderer?

does mom know about this? and if she does
why is she still with him ?

how many people has he killed if this is true ...

so many questions where in my mind ...

i need answer and both of my parent will have
to give me answers.

i put on my sleepers and headed to my parents
bedroom .

i knocked and knocked .

dad opened the door looking very pissed .

him: why are you knocking like you own this
house .

dont you have respect anymore ?

me : am sorry dad

him: what do you want ?

me :

him: talk

me : i...i....i...need to talk to you

and mom

him: my love come here (calling mom)

mom came and look at me ...

him: talk banomusa , we want to sleep its late

me :i have seen an article dated ...(mom gave me a very bad look)

him: and ?

me : its about you dad

him:

me: are you ...

mom:he wants to know if your the own of that company that produce gold ...she looked at me with begging eyes .

him: yes son

me :ma !

mom: love il tell him more about it tomorrow he

seems very interested in itshe said closing the door on my face

i just stood for few minutes confused .

PORTIA

I have secretively paid an IT guy to link my husband cellphone with my cellphone

same as our laptops .

as i was watching tv an sms came through , i stood up and took my phone .

i dont trust my husband anymore , he is so distant to me more than ever .

we were once a happy couple but that stopped the time he slept with my best friend .

he apologised and i tried to forgive him and move on but i cant .

i tried to cheat on him as a results but he

stopped touching me ...

he never made love to me for more than a year now .

he sleeps out sometimes but still insist that he is not cheating and he loves me but he still doesnt make love to me .

At night we are just sharing bed and thats it .

i love him and il never let any woman to put her claws on my man .

i opened the sms and immediately tears flow on my cheeks .

me : siya (shouting and running up the stairs)

i opened the bedroom door and there he was on his laptop .

i looked around and saw a tea pot , i picked up and throw it at him

(you bastard)

he covered his face with his hands ...

him: ahhhhh(he screamed in pain)

i looked at him with tears flowing like a river ...

my hands were shaking

i then realised that i just burned my husband
with hot tea .

he kept on screaming in pain .

me : you slept with a school teacher and she
wants more (in a low voice)

[05/12, 18:01] Ron: INSERT 7

BANOMUSA...

I have learned lot of things about my dad but
never got a confirmation about any of them.

mom doesnt even what to hear about it and

obviously i cant ask dad about it .

i walked to the dining room and find my parents just sitting .

dad was playing with moms hair while mom was laying on top of a pillow which was on top of dads thighs .

They were giggling now and then ...

The didnt even notice that am watching them .

i look at them with a smile as i wish this kind of happiness on me and zintle .

you see my parents love each other soo much , i have witnessed all that so have the villagers .

nothing or nobody can come between them.

maybe i should tell dad about zintle maybe he will understand .

he has to understand since mom isnt royalty so whats the big deal .

i cleared my throat and they both look at me .

mom:musa

me : am sorry to interrupt you guys .

dad: okay ...whats wrong

me : nothing is wrong but can i talk to you and mom .

him: okay ...sit

me : eish i dont know how to say this .

him: feel free to say it any how

me : i impregnated someone

him: what ?...he said with so much anger in his tone .

me :(swallowed the lump on my throat)

him: musa are you high on something or what ?

i shook my head no ...

him: when did this happen ? and who is she ?

me : her name is zintle she is my girlfriend

him: girlfriend , did you said she is your

girlfriend ?

so you went on and disrespect me like this we
musa ?

you knew from the start that you have to marry
prides daughter but no ...you had to go and
sleep with every skirt you meet .

what kind of king will you be in future ?

me : am sorry dad , it was a mistake

him: a mistake musa ?(he was removing moms
head from his thighs)

mom:banele come down

i stood up ready to run because i could see how
angry this man is .

him: dont , dont you dare run , i didnt have a
coward for a son isnt you are a man now ?

you have the never of telling me about
girlfriends and pregnancies musa .

me : dad am sorry

him: your wife to be is moving in here today because we have paid the bride price .

you will show her love and respect

i will send people to pay damages and you will support that child .

you will not marry that who ever girl is ...am i clear ?

prides daughter is already your wife and believe me son you will not cope with two wives .

i hope i was clear enough ...your now marrying that girl ...he walks out and slam the door.

i took a breath and sit down ...(i was scared)

mom: you never listen do you ?

him: he had to know

mom :his angry musa

me : he will come down

mom:what if he comes back a different person .

i dont want to loose you banomusa.

me : what the worst he could do ? he will come down .

mom just shook her head and went to the kitchen .

i could see she is stressed but i dont get why .
could dads anger be that big that mom looks unsettled?

PORTIA ...

I have been attending therapy sessions even though they dont seem helpful .

since the accident my husband never said a word to me .

he has moved out of our bedroom to the guest house .

am left in the main house by my self .

My parents came the other day to try and talk to him but that also failed .

he just listened to what they had to say and left without any respond .

i know i messed up and am afraid this will never be resolved.

what am i living for ?

i have no child and a husband who cant even show me affection.

he hates me ,i can see it through his eyes .

god know i tried to be a better woman for him but am failing .

its best i die and live him to enjoy his life to the fullest...

i took a razor and started cutting my wrist and get inside a tube full of water and just continue thinking about my life as i wait for death to take me .

VELE ...

Mr Shezi and i are growing closer each day .

if his too busy at work he ask me to wait for him to take me home so that we get a chance to see each other .

since what happend that day in the office i couldnt stop thinking about him .

we just baby kiss and talk this days .

i dont know how to label what we have because i also dont know .

what i know is this man finds it simple to talk to me about anything .

he doesnt look stressed and uptight when am around him .

he seem relaxed and at peace .

i am now used to been around him because i

can now relax and be myself.

we were now at some five star hotel for a business meeting .

He stood up and shake the client hand ...

i took my bag and we left .

him: i think that went on more than fine

me : indeed , i think we managed to lose him .

him: i hope your learning a thing or two

me : believe me i am ...(we smiled at each other)

him: well whats this thing we are doing ?

me : i dont know

him: i think ...(phone rings interrupting us)

he :hello, what ? where ? okay am on my way .

he started stepping on that car like some one was chasing us.

me : is that a problem

him: my wife tried to commit suicide

me : what ? why ?

him: i dont know

me : oh god , will she be okay

him: i hope so

we arrive at the hospital and rushed in ...

i look at mr shezi and saw fear in his eyes .

he is scared of loosing his wife .

[05/12, 18:01] Ron: INSERT 6

PORTIA

He kept on crawling trying to get a phone to make a call .

he was in pain and he couldnt hide it .

i walked to him as reality kicks in , i might go to jail .

i cant go to jail , what if he calls the police on me .

maybe i should run away , move to another country but knowing my husband .

he will hunt me down and probably kill me .

A MONTH LATER....

VELE ...

Today is going to be my first day in the office .

i must say i thought mr shezi was interested in me but i guess i was wrong .

who was i fooling , he is probably married to a model .

all those things he told me about his marriage

is probably a lie .

he was probably trying to get some sympathy from me so that i can sleep with him .

i kept on checking my clothes to see if i look decent .

i was wearing my under knee black hugging dress with red scarf on my neck and black pump .

i had made a messy bun on my long natural hair .

i put on my red lip stick that tebza gave me

The lift opened and i was now outside his door .(i could hear my own heart beat)

i knocked and he ordered me in ...

as i entered , he didnt even look at me.

he was busy on his laptop ...(he still as hot as the last time i saw him)

please sit (he said without looking at me)

me :thank you(as i sit)

i kept on moving my eyes around the office .

he closes the laptop and stood up .

him: i miss talking to you vele , can i trust you ?

me : ahhh yes sir

him:i said you should call me siya

me : you can trust me

him: siya

me : siya

him: can i please kiss you

me : mr shezi

him : shhhh...(placing his finger on my mouth)

his lips touched mine and slowly i try to follow the pace ..

i closed my eyes and just enjoy the moment .

he stops and look at me .

come(he said pulling me up to stand)

he sits me on top of his desk

he comes and stood between my legs ...

he kneel down and open my legs .

i wont do anything ...he said as he takes out my underwear .

he stood up and we kiss again (i have never been kissed before but god am feeling things that i didnt even know existed) .

he slowly pushed me to lay on my back on his table .

my heart was now racing as my thighs were shaking.

relax i promise i wont do anything ...

he put his head in between my thighs.

what are you doingi asked .

letting you feel something different

he started licking myoh my god
...ahh....mmm(i just kept on moarning)

i felt more pleasure kicking in as he went deeper and deeper.

i was now holding both sides of the table tightly

as the pleasure get tense and i realised some small liquid .

he stops and help me stand .

him: please fix your self

i felt embarrassed....

he takes his phone and ask a receptionist to inform mrs zulu that vele is here , he then put the phone down .

him: today you will be working with mrs zulu she is our strategist her office is 202

THREE MONTHS LATER ...

BELLA ...

Zee and i have grown more closer than before .

we were now sitting at the park with T and V
having a picnic....

we were all dressed up in demin shorts and
short sleeve t shirts just different colours .

Zee and T were drinking whiskey while V was
drinking amarula .

I on the other hand i was drinking a 100% pure
apple juice.

we had snack and some meet to braai...

This was all Zee 's idea because sje felt V and i needed this .

I have ended things with her brother and i have accepted it .

i guess it wasnt ment to be ...

my friend on the other hand is struggling to come to terms with the end of her relationship .

i guess she loved this siya guy so much and she is just taking a strain.

everytime she sees him on interviews on talk shows she just break down.

T tried talking to her,actually we all tried but V isnt coping .

Today she is a little bit relaxed maybe its because of the alcohol.

Zee stood up and walked to the car ...

she opened the doors of the car and started playing a very load music .

I was laughing so loud as Zee and T compete with dance moves as maradona track plays .

It was getting dark but luckily there were light at the park .

people were flowing in too ...

zee: You guys are boring come lets dance

me : nah ...

vele: am a bad dancer

tebza: she is lying , how will you guys get laid tonight while your busy just staring at us .

me: who said we want to get laid

vele : i would love to get some , maybe that will make me forget about that bastard...

me: woo V come down

V stood up and joined those too and oh my this cheek can dance .

she started dancing and attracted crowd...

being V she stopped and sits next to me .

me: wow girl , you should teach me those dance moves

her: anytime friend

me: cheers

her : cheers

PORTIA

We parked at the park and waited for our friends...

we were driving a sport car so we left them a mile away .

i moved closer to Siya who was leaning by the car ...

me : maybe we should use this time wisely as we are trying for a baby ...

him: incase you didn't notice , we are in the park woman .

me: Your boring

him: i dont want to be seen on social networks before midnight.

Thando and his wife arrived together with sanele and mevis ...

we have always been a group of friends somehow ...

Come guys lets get a sport where we can chill ,....mavis said .

me: i want a auite place

mavis : hell no , lets go closer to that car playing music

me: haibo guys so many noise ?

mavis: is it the reason we are here ?

we went and sit next to some car that was playing music.

There were some girls who were drinking .

VELE....

Some women came as sit maybe ten feet from where we were .

i guess they wanted to hear our sound so its cool.

I could feel that am getting wasted and i loved the feeling .

I feel more happier than i have ever been since the break up .

Zee poured some Amarula for me ...jah this girl can drink .

Tebza was busy dancing for some Indians guys .

I was looking at Zee who was now smoking bubbly...

She turned around and look at some guy who

just slapped her ass....

Zee slapped that guy so hard that he trembled
and some one stops him from falling...

our eyes looked ...i felt tears burning in my eyes .

His hereoh god his here .

me :bella call Zee and tebza , we have to leave .

her : why

me: look at where Zee is ?

her : oh

me: you see ...

her :jah i see but we are not leaving because of
him .

tebza : Vele a venda princess meet Saju ...

i looked at the Saju guy and his so hot,his lips
were so inviting.

me : Vele ...

Saju took my hand and kissed it as i steal

glance and Siya who looked emotionless .

You want a dance ? Saju asked ..

me :i would love too ...

just as he lead me to what was a dance floor at that moment ...

John Legend Ordinary people song played

we dance slowly and nicely .

some people were dancing next to us ...

i dancing to the song with my head on top of Saju's chest .

I felt at peace that moment ...

The song stops and Saju lifted my cheen up and we look at each other .

He leaned closer for a kiss and i didnt stop him

..

i kissed him back and it felt so good ...

Before we could cut the kiss ,Saju was pulled

out of me .

The next thing he was on the floor with a bleeding nose ...

i looked at where the punch came from and it was Siya ...

Siya had just punch Saju ...

mrs shezi:baby are you okay (asking siya who was just starring at saju)

Siya why did you do that ?

him:Am taking you home ...pulling me by my hand .

mrs shezi :Siya ...Siya(he didnt stop)

He open the door for me and lock it ...

he started the car and drive away....leaving his wife behind who was screaming her lungs out

....

I was out (black out)

VELE....

I open my eyes and close them again , my head was spinning .

i manage to sit up straight and look around .

i could see that this is not a lodge or my home .

The door open and a teenage girl walked in .

she smiled at me before introducing her self .

her : because i told her ...

me: why would you do that ?

her: am sorry

me: so cant i skip breakfast?

her: am afraid no ...mom went all out for you .

me : Ag...il rinse my mouth then .

i quickly rinse my mouth and walked to the dining room .

i sat next to Slindile and we held our hand and said our grace.

Siya didnt come for breakfast,it was just his funny grand pa , his parents ,me and Sli...

I thanked his mom for the food and went to the kitchen to do the dishes.

I put the dishes in a dish washer and just stare outside the window .

Sli walks in busy playing games ion her phone .

her: Thanx for doing the dishes , thats my job .

me: cool

her: Let me go show you the sound room, i mean buti Siyas room .

i followed behind her ...

she stood from a distance ...

There it is , i cant go with youyou see buti Siya in that room you should know something is bothering him .

me: i see

I knocked for few minutes but with no answer.

i open The door and there he was wearing a short and just boxing gloves .

he was busy punching that big punching bag .

he stops and look at me ...

me :hmmm ? just like that ? mmh Siya just like that ?

him:i tried to focus on my marriage but am failing .

PORTIA....

I open my eyes and my throat was so dry ,all i want is Water .

i tried to clear my throat and i wake him up in the process.

he quickly stood up and came to me ...

him:your awake ?

me:i need water ...

he helped me drink it .

minutes later the doctor walks in ...

him: okay ...i can do that .

i smiled at him as he kept on brushing my stumach.

VELE...

Its been a week since i saw Siya ,so much of being inlove with me .

I guess i did right by letting him go because Siya will never be mine .

Well today am going on a date with that indian guy whom i kissed that day when i was drunk.

Bella and Zee forced me to go , they think that way il be able to get over Siya .

I was wearing a black hugging long dress with pumps because my feet gets tired on heels , so i dont do hells.

i tied up my long twist and applied some little make up .

i walked out and my dad was cooking himself dinner .

he turned and smile at me

him:no naka u fhira na mukololo wa musanda
(your more beautiful than the princess of the royal family)

me :ndo livhuwa daddy..(thank you daddy)

him:ndo takala nisa chaita zwaukwasha muta wa munwe musadzi(am glad your no longer breaking another womans home)

me :dori mini daddy ? love is blind (what can i say daddy ? love is blind)

him:so this new boy is single ?

me :yes dad

him: i want to meet him

me : you will daddy , after dinner

him:enjoy princess ...

i walked out and the indian guy was already waiting outside .

we drive to some indian resturant and i was scared already

all i could think of was chilly ...

we ordered drinks as we waited for our food .

him:your name is difficult for me to pronounce.

me :call me V

him: that will be simple

me :so how did you get my numbers ?

him: from your friends

me : i see

him: Tell me about yourself ...

me : you go first ...

we had a great time as he tells me about india and how he grow up .

he also told me about how his parents were murdered...

it was so sad but mister here is a good company ...

i dont regret coming here with him plus the food i ate didnt have chilly at all...

SAJU...

My name is Saju kumar , 24 years and am a medical student .

I came to South Africa to study medicine but thats not the only reason am here .

I came here to do only three things ...

1- To study medicine

2- Revenge my parents death

3- Find love

All of you will know more about me when time goes on.

My mother was killed by a guy who is a criminal in a suit .

It hurts me more everytime i see him on newspapers and televisions.

people have no idea what this guy is capable off .

whats worse is all young people look at him as their hero .

They all wish to be where he is today but not me .

I have been studying him for sometime now and i want to take him down more than

anything .

Last night i got an opportunity to execute my plan very well .

PORTIA...

I was sitting on the step inside the house with only a bra and a panty.

i was holding a bottle of red label , it was now half .

Dont ask me how i dranked such a bitter drink because its nothing than what am feeling right now in my heart .

I am angry and hurt at the same time ...

Siya have the nerve !

how can he humiliate me lile that ?

Infront of all those people ...

he fought for a girl in front of me ? his wife !

The door open and he walks in looking so down .

i dont know why he is so down and i dont care .

i stood up and walked down the last steps bare foot.

I some how manage to get down without missing a step .

i walked to him and look him in eyes ...

I slaped him so hard that i felt my hand burning in pain .

he didnt move...

instead he laughed at me while wipping the little blood on his mouth.

you will never humiliate me like that in front of people ...you hear? (pointing at him with my index finger)...i asked him .

him:

me : you are my husband and my husband

alone .

i will not share you with anyone ...am i clear ?

come hell or fire i will not accept such
disrespect from you .

now come lets have that baby ...

he looked at me with a smile .

i put my arms around his neck and we shared a
kiss.

he took off my bra and panty ,he turned me
around and inserted himself .

It was painful because i wasnt wet down there ..

he f**ked me like there is no tomorrow...

i am enjoying the pain ...maybe its the alcohol.

he calms inside me ,that was selfish of him .

its like all he wanted to do was only satisfy
himself .

me :baby that was awesome ...i said.

him: i am sorry i embarrassed you last night.

me :its fine , i forgive you

him:no , its not fine

me :

him:i love her portia , that girl i fought for at the park .

am being honest with you right now .

am not telling you this so that you can go after her .

if you hurt Vele this marriage will be over .

i mean it portia ,am not scared of your father .

Ill rather be poor with someone that i love

I angrily stood up and he didnt even try to come me down .

There is nothing as painful as hearing your partner confessing their love for someone else whereas they are your world .

i will fight for my man and that vanda girl will end up six feet under me ...

me :why are you hurting me like this Siya
?(tears flowing)

i said as i walk up the stairs ...

i missed a step and fall ...it was light out for me .

[05/12, 21:53] Ron: INSERT 24

VELE...

Saju and i spend hours at that indian restaurant.

i learned a lot from this guy and i enjoyed his company .

after dinner we went for a late movie at cinema

...

The movie was nice just too much emotional for me , next time i'll try action stuff...i said .

he looked at me and smile

me :what ?(smiling)

him: so the will be a next time ?

me :maybe

him: so i wasnt boring you ?

me :honestly speaking ,No

him:you also didnt bore me and i would love to do this again.

me :me too

he looked at me as he lean close and our lips touched .

the kiss was slow and deep ,i put my mind in it and just went with the flow.

he stops and we look at each other again

me :i think you should take me home , its already late...(it was 23:45)

him : ofcause

we drive home as we sing along JARULE FT
JLO song AM REAL .

he parked outside my house and he open the
door for me .

i leaned against his car and he stand very close
to me in front of me .

i could here his heartbeat and we shared a kiss
again .

This time the kiss went deeper and deeper , he
was busy kissing me as he gently squeeze my
breast.

our breathing pace changed and i was getting
wet down there .

He kissed me as i wrape my arms on his neck
as he pulls me closer .

i could feel his manhood and that just turned
me on .

he pulled me and put me on top of his car boot
,my dress was now up to my thighs and i lay on

my back as he goes down on me .

i was now moaning in pleasure .

we then heard the key unlocking and we jump down and hide behind the car .

it was my dad and i didnt understand where he was going this late .

i lifted my head up a little and saw tebza walking out of the gate .

i didnt understand this at all ...

could it be that she was waiting for me ?

i got up and called her as soon as my dad closed the door.

me : Tebza

she turned and look at me ...

her:wow your here? i have been waiting for you girl

me :this late ?

her :hi Saju and yes , i wanted to here how your date went.

me :okay ...it was great

her :and you look good together

me :jah ...and its very late

her :i know thats why i decided to leave because you were not coming back .

me :And transport ? its in the middle of the night .

her:I wanted to call my boyfriend

me : you have a boyfriend and i dont know

her:its nothing serious

me : but still chommy

her :....

me :ah Saju thank you for dinner and movie

him: il call you ,he winked at me

her :Saju can i get a lift ?

him: sure , why not

her : il see you tomorrow chommy

i walked inside the yard and lock the gate .

i unlock the door and find my dad coming out of the bathroom .

him:you back princess

me :i am

him:am off to bed

me : goodnight daddy ..

BANOMUSA...

I thought Bella made things easier for me when she dumped me but i was wrong .

i missed the little things we use to do together like praying & sharing things.

she is a happy soul and zintle here is the

opposite.

i dont know if its the pregnancy or what .

she has changed a lot and i dont like this changes.

i parked my car outside her flat and seconds later i stood outside her door.

comingi heard her sweet voice shouting .

she opened only wearing a short pjs with sleepers .

i guess she probably just waken up ...

she was suprised to see me and couldnt hide it on her face .

her : hi

me : hi ...i couldnt take my eyes off her thighs .

This is one sexy blond i tell you

her :how can i help you

me :can we talk inside please

her:oh sorry where are my manners ,please

she moved a little so that i can get in ...

i went and sit on top of her bed .

her :shouldnt we be talking in the kitchen or

me :whats wrong with here ?

her :nothing ...she sit very far away from me .

me :you just waken up ?

her : yes

me : wont you be late for class ?

i kneel infront of her and hold her hands while looking into her blue eyes .

me: i miss us bella and i know i messed up, give me a chance to fix us .

her : i dont know musa

me : remember what the bibble says about forgiveness?

her: i know

me :am pleading with you my love

i moved my heard closer ...

she moved her heard away from me .

your still my wife bella and you will remain that .

her:you hurt me so bad musa

me :i know and am so sorry love

her : i think you should leave

me :not untill i do this...i moved closer to her

and our lips touched .

i pulled her closer as i deepen the kiss .

i continue kissing her as she kissed me back .

i take off her top and continue to kiss her more deeper.

i gently brush her breast and started sucking them , she was now moaning in pleasure .

she stopped me as i was about to take of her undies.

her :please dont

me : i wont hurt you bella

her: am scared

me: it will be painful at first but thats how its suppose to be .

i got between her thighs and started lincking her .

she couldnt hold it...she vibrated as she calms.

we shared a kiss as i slowly inserted myself in her ...

she was now in tears and that breaks my heart.

i went completely in and moved a little bit faster

.

i calmed inside her and lay on top of her ...

what have i done ? she said and i moved off her and lay her on my chest as i play with her blond hair .

it was lala land for both of us

[05/12, 21:53] Ron: THIS IS HOW I CAME WITH
PREGNANCY STORY LINE FOR VELE

ALL ALONG MOST OF US KNEW THAT VELE
MIGHT GET PREGNANT BECAUSE SHE WAS A
VIRGIN WHO HAD UNPROTECTED SEX

(LESSON) I WANTED THOSE WHO DIDNT
KNOW TO KNOW THAT ITS POSSIBLE TO BE
PREGNANT AND FIND OUT WHILE YOU ARE
ABOUT TO GIVE BIRTH .

I DO WATCH THAT SHOW CALLED " I DIDNT
KNOW I WAS PREGNANT"

THERE WERE ONLY 1 OR 2 SIGNS THAT SHE MIGHT BE PREGNANT ...

1- BODY CHANGED (SHE DID SAID HER HIPS ARE A LITTLE WIDER)

2- SUDDENLY SHE IS ALWAYS HORNY.(SHE WANTED TO SLEEP WITH SAJU ON HER FIRST DATE ...THATS UNLIKE HER)

SHE WAS DEALING WITH HEART BREAK AND HER FRIENDS ISSUES , SHE HAD SO MUCH TO DEAL WITH THAT SHE DIDNT EVEN THOUGHT ABOUT PERIODS AND OTHER STUFF

SO JAH GUYS ...VELE IS A MOTHER NOW .

MY QUESTION IS ...

1- WHAT DOES THIS MEAN FOR HER AND SIYA ?

2- WHAT ABOUT PORTIA ?

3- MMM... SAJU ?

4-WILL HER FATHER ACCEPT THIS KIDS ?

5- WHATS NEXT ?

PORTIA..

I stood outside his house busy debating with myself if i should go in or not .

This is so embarrassing,standing outside my ex lovers door on the day am suppose to be

celebrating with my husband.

I don't know why Siya keeps on hurting me like this .

What was suppose to be the best day of my life turned out to be worse day of my life.

I came here because i dont think is wise for me to be home alone .

Am too stressed out and i dont want to put my baby 's health at risk .

Thando's wife grace opened the door just as i was about to turn and walk away .

her : please come in ...she said with a weak smile on her face .

i walked in and she gave me very long warm hug as i cry my lungs out .

i wipe my now messed up face with a tissue that grace gave me .

me: i dont know what to do ?

her: whats going on posh ?

me: its Siya

her: what happend?

me : he ..he...(i cry some more , i couldnt bring myself to say it)

her : it will be okay girl

me: it will never be okay grace as long as those bastard are Siyas kids (crying)

her: what are you talking about ...am confused .

me : some girl gave birth to twins today claiming them to be Siyas kids .

her : wow

me : am confused and hurt grace

her: am sorry

me: i will not let that Venda girl take my man from me ...NEVER

her : she is venda ?

me: yes

her : hmm

me: wait ...do you know her?

her :

me : grace

her: i think i do

me : grace do you know her grace? (shouting)

her : i didnt know how to tell you posh but there is a very high chance that those babies are Siyas.

she was a virgin when they met ...

me : il never forgive you for keeping this from me grace .

from this day onwards you are No friend of mine,you are just like him ...

your so evil ..i said as i bang her door .

HOPE ...

Mother oh my ...i never thought il see you again .

i hugged and kiss her ...

me: where have you been ?

mom: am here now my hope , look at you ...all grown up .

i smiled at her ...

her : baby i know this will be a very hard road for you to travell but love there is a reason why you were chosen

An orphan who was ungrateful V ...

me :am sorry friend but ...(i didnt know what to say to her without crying too)

ROYAL PALACE ...

BANOMUSA...

What Zintle's mom said really caused havoc in the palace .

Am still shocked to discover that Zee and i dont share the same mother .

Mom has lock herself in the bedroom crying .

Dad tried to convince her to unlock but she

never opened door .

my dad has summoned all the guards to go to all the taverns ,sheeben and night clubs to look for Zee .

he kept on pacing up and down trying to call Zee i think .

Bella and her family left after zintles mom left .

They felt that we need some privacy as a family .

Zintle went to bed ,So it was just me and my dad .

I somehow have a feeling that he needs me ,i cant just leave him here alone .

Zee is still my sister ...

me : dad we will find me

him:i regret the dad that khethiwe came to our lives .

me : Zintles mom ?

him:yes

VELE

I Wake up very late today , i guess is the sleeping pills .

Zee and Tebza were playing with the kids .

I feel so down today and i need answers before i loose my mind over this .

What Zee and i talked about really hit home i guess .

Am i really this stupid?

I mean who does that ?

who never ask about their parent's grave ?

i have only seen my moms picture and thats all .

I have never met any of her family members or my dad's side of family .

It has always been just my dad and i ...

I finished bathing and dressing up too .

I was busy eating my heavy breakfast in the kitchen when my dad walks in .

please dont judge guys breast feeding is not a child 's play .

It needs you to have as much food in your stumach just as much blood you need in your veins.

him :you look down Vele mulandu ? (you look down Vele whats wrong)

me :There is something i have been meaning to ask you .

him: okay he said as he pour some water on the

kettle to make tea or coffee i think .

me :its about mom

him: okay

me : we never talk about how she died ?

him:baby please

me : i need to know

him:okay ...he sits on the chair .

me :.....

him: your mom and i loved each other very much .

unfortunately god took her just after you were born .

she was shot three times in an armed robbery at the bank where she works .

me : where is her grave

him:at Tshakhuma

me : okay ...i would love to see it

him: okay

me :soon

him:okay

me : And dad can i meet my mothers relatives too .

him: why ...why Vele ...those people dont care about you (shouting)

me :what if something happens to you daddy ,who should i call ,what should i do ?(shouting)

him: nothing will happen to me

me :No i want to meet my relatives ,i dont want to be left alone .

him: my answer is No

me :i refuse to accept that answer

him:dont Test me Vele , you ask for your mothers grave and i agree .

Now your pushing me ,stop this nonsense about relatives .

They will never love and accept you .

me :even your family ?

him: why will my family accept you when they hate me .

me : is that why we never visit them?

him:its just you and i Vele ,get that in your head and stop this nonsense.

he walks out angry ...

i also got up angry and went to my friends .

me : Zee maybe you and i should take jak and jay for a walk .(i desparately need to talk to Zee about my convesation with my dad)

tebza :and am i not invited ?

me : i was hoping you could do with some peace on mind .

her :ofcause(smilling)

Zee and i took the kids to the park.

BELLA ...

It has been a hectic week for me ,having my dad and aunt around isnt helping because they dont know about my separation with Musa and the fact that am pregnant with his child .

i need to tell them before i start showing soon.

i couldnt sleep last after that drama at the palace .

Am so worried about Zee that i stayed awake almost the whole night .

i fall asleep around five am thats why i wake up late .

i quickly take a bath and get dress ..

i found my dad and aunt eating scrabbled eggs with some bread .

hope : she finally decided to grace us with her

presence..

me :am very much fine and you aunt hope

her :mxm

dad : am also good baby

me:am going to see Zee

dad :she is missing

me :i think i know where she is

dad :please try to calm her down

me :il talk to her

dad :am so worried about her

hope : she will come around Zee isnt a softy like your Bella here

me :am not a softy aunt hope

dad : please ask her to go back home , the whole family is worried about her .

me :i will dad ...i took a slice of bread with some eggs and eat as i drive to V's place .

my phone rings just few houses from V's place so i parked the car on the side way so that i can answer it .

It was one of my lectures asking me why i missed my class .

i finished talking on the phone as i enter V's gate .

i walked inside the yard and stop as i heard people having sex .

i walked closer to the window where the sound is coming from .

the window is opened ,i know this is wrong so is what V is doing .

how can she have sex in her parents house ,mxm South African girls .

i slowly open the curtain and what i saw nearly gave me a heart attack .

Tebza was dressed in a red lingering bending for V's dad as he pound her from behind .

He kept on smashing her Ass and she looked like she was enjoying it .

i just stood there with my mouth hanging ...

my phone rings and i think they heard it too because they stopped

it was V ,i rejected it and

immediately got down and run to my car .

i got in , reverse the car and drive away ...

my phone rings again and Tebza's name appeared on the screen

i kept on driving not knowing where i am going

The guys were trying their luck on them and Tebza was flirting with them that seemed to disgust Zee who only wanted booze and nothing else .

Zee turned and saw "Vele" with some cheese girls as they call them .

she was shocked and angry at the same time because to her Vele left them behind to go be with her childhood friends .

She was fuming as she walked to where "Vele" is sitted .

her : you really have no shame you know ,we

came here for you and you ditch us .

Thendo : really ?(Thendo and her friends laugh)

PART 3

NARRATED

THE DAY OF THE FUNERAL ...

They were at the grave yard as they lay granny to her final resting place .

Vele and bella had attended with their clothes which they wore the previous day .

still there was no sign of Tebza and Zee .

Vele kept looking around in hope to see her dad unfortunately daddy wasnt there .

The funeral went pretty well ,lots of people attended even the royal family .

it seems like her granny is related to the royal family and she was a well known person.

As they sit under the tree to eat their food , a tall man walked to where they were sitted .

as he got closer Vele realised it was the king of this village .

him : mara nwana wanga mulandu ni tshidzulela u lisa mbilu ,mulovha anongo vhuya .

zwazwino ni cou da lufuni no ambara sa muthu ano couya tshimimani .(but baby why do you always get me worried ? last night you didnt come back home and now you showed up at a funeral dressed like you are going to some party)

vele :aah (she was speechless)

him:ndi doya nda lumelisa vhathu mutani nsa
vhuya ritshi tuwa ri tshiya hayani .

ndi vhona zwickhwine nne na ene ri dzule ri
ambe .(ill go and greets people inside the
house and then we will go home .

i think its better you and i should sit down and
talk)

vele:.....she just smiled

him:ni songo tuwa,ndi ni wane hanefha (dont
leave ,i must find you here)

he left and Bella looked at Vele waiting for
some explanation but Vele didnt say anything .

she believe that in order to find the truth she
has to play along .

she needs to understand why they are treating
her like this .

They are all acting as if they know her whereas

she doesn't know any of them .

Bella : what was that about girl ?

Vele :nothing ,he was just greeting

Bella:okay ,am soo tired and this pregnancy isnt doing me any justice .

ill go lie down inside the house , where we slept last night (yes we got offered a room last night because we were failing to keep our eyes opened)

Vele :okay girl ..

Bella left and Vele was now sitted alone lost in her own thoughts .

she is trying hard to figure out whats happening .

maybe she should have listened to her father and never came here .

she came here to seek answers but now she is more confused than ever .

The king sent a guard to call her and she followed after him .

The guard opened the door ,she got inside the car and they left to the palace .

ROYAL PALACE ...

VELE

She got out of the car and she couldnt stop looking around .

The place was beautiful and unique in its own way .

The king looked at her and smile before talking .

him:really now Thendo ?

me :hmmm ?

him:na khou daha zwithu zwanu thi ? (you have

been smoking your things right ?)

me :....she just shook her head .

him:ringaya u ambela lufherani lwanu (we can go and talk in your room)

me : okay ...

i walked behind the king as he lead a way to my so called room .

he open the door and i walked in ...

The room has a dark colour and posters of the late lucky dube and some people smoking weed too .

it had a sound system and a laptop .

on the bed side there was a picture of lady on her 30's who looked so much like me

i guess this people are my family .

i sat on top of the bed and the king sat next to me .

him: Thank you for letting me inside your room .

its just a bit ...you know !

me :jah ...i turned and look at the picture of that lady .

king:i missed her too you know ,ill never love anyone as much as i loved your mother .

she was the most amazing person

i hope she loved me too butnever mind that .

me : no i do mind , please tell me what happend .

tell me the truth ,i can take it .

him: he took a breath before talking ...

baby your mother was the most beautiful girl i have ever set my eyes on .

what we had was an arranged marriage ...

i didnt know that she was my brothers girlfriend.

simon ,he was actually like a brother to me,uncle simon is my cousin .

my father and his mother shared the same

parents .

The lady we buried today is my aunt ,Simons mother and i hope so much to see Simon .

me : okay

him :back to the story i was telling you ,so i saw your mother and that moment i new i wanted to marry her .

i told my parents that i have found a girl that i wanted to marry and they were happy for me .

The lobola negotiations didnt go smoothly because your mother was refusing to marry me .

but it all worked out at the end ,we had out traditional wedding and months later a white wedding .

i gave your mother everything i could to make her happy but she wasnt happy .

it was like her body was with me but her heart with someone else .

my relationship with my cousin was now different .

he was doing all his best to avoid me and i couldnt understand .

Five years into our marriage your mother was still not a happy woman.

we have been trying for the baby but with no luck .

one day i came back from my council meeting early and find your mother (he took a breath) with my cousin in bed together .

ill never forget the pain felt that day ...

They said a man ,a king should be brave and all that but that day i cried

i cried so hard alone in my car in the middle of no where.

after seeing them together i took a drive and came back home late at night .

i couldnt let go of the love i had for your mother .

i found her crying in our bedroom and that breaks my heart .

i asked her why and all she said was , " i love him .

i have always loved him , i tried to forget about Simon but i couldnt "

i told her to go and be with Simon but she refused .

instead she asked for my forgiveness and promise to end things with Simon .

A month later things were great between us , she has ended things with Simon and we were so inlove with each other .

we found out we were expecting and we were so happy .

Months later my wife gave birth and passed away during birth .

The doctor gave me you and i never saw Simon
ever again .

he didnt even come to the funeral but it is what
it is .

me: wow ...

him:jah

me : so it was just one baby ?

him:yes

me :i see ...(this is more confusing)
