

AmaCherrie Ase Kasi

This is a short interesting story about a girl named Lihle and the events surrounding her young life. Guys, this is fiction! It is NOT real....its just for entertainment...and I hope you enjoy 😊❤️

Chapter 1

As I finish my last period at school, I leave my class and take my phone out to BBM my man. A little intro, I'm Lithembelihle Manti from Motherwell. I study eRussell. Anyway I'm dating a guy ephangela kwa Transnet, he lives on his own but said he had a girlfriend and that was it. Nam ke, ndaqava ndam'vuma. Its been 3 months and ndinayo indawo e-attached kuye. He was always busy and that bothered me. Anyway his reply was: "Still at work. Important Meeting. Call u l8r".. Andabi disappointed, my college friends were chatting away but I was not in the mood anymore, so I took a taxi home. As I was lying in bed a BBM came through it was my best friend, Sino: 'hey bitch yam, let's go out tonight its friday. We'll turn up kwalapha eBlawa wethu'. Truthfully, I missed my man, so I called him first, the phone didn't even ring. Me: "hey babe aw'kaqibi? Khumbula man mna" ...*ez'qumbisa*...(It was silent)....me: "babe?"....(More silence).... I was confused until I heard moaning and breathing. I wasn't sure so I put my phone on Loud Speaker. Loud and clearly this time I heard a

woman, screaming his name....I just sat there confused.....the anger eventually hit me when they were done and he said: "Yeses, und'pha kamand Sbosh"I hung up.

Chapter 2

After that call, I started shaking ngumsindo, the disappointment, the hurt. I BBM'd sino back: "sure case lovie, sinxibe ooTight bethu my friend" ...Yes we were that childish, Sit Down. So I started bathing kwi-vaskom yam epink. We weren't the richest at home, so we usually boil water with a kettle asina-geyser. I ironed my shirt and I got dressed, switching on my hair iron. I had to look like a barbie. Ndinomsindo Alok!

Bro Tip: Guys, if you make us mad or some shit, when we go out we will look super fine. Not because we want a new man. We're hoping to bump into you and burst your little bubble.

So I did my make-up and started with my hair....My mother walks in: "HAYYI!! Uyaphi??" With a serious look on her face. Me: "Ndiyaku Sino mama" she just walked out. Why do parents do that? Anyway I got done at about 5, when I was leaving Mom: "Uzubuye'umith une AIDS net!!" I literally couldn't help but laugh!

Chapter 3

I got off in New Brighton as I headed over to Sino's place, when I turn to her street a black Mazda 3 slows down next to me, I'm not gonna lie, I'm not much of a fan ye Mazda, so I carried on walking, driving slowly next to me he says: "Xolo Sisi". Me: "Wenzenton dan Bhuti?" And he laughed. Him: "Can I just talk to you?" Me: "Excuse my forwardness but you are already talking to me nje" ...he gets out the car and walks up to me. Me: "yhu, unek'rarha yaz". Him: "Ndak'bona unxamile, cela nje contact number yakho, we'll talk later" Me: "No." (Frankly because I was still in pain b/c of the call) Him: "please man lady, subawrongo" ... I looked at him for the first time and he did a puppy dog face, Lol, that was totally cute but I wasn't budging tu sana. Me: "ndinike yakho" Him: "soze ufowne mos wena" ..Me: "Uve ngaban?" ..so he kept quiet and called out his number.

Quick Brief: Sino lives alone, she is 20. Her father shot her mother and turned the gun on himself 3 years ago...Sino was beyond upset, and ke sisenza uGrade 11 luckily she pulled through...that's where our tight ass friendship started.she has a younger brother who lives with their aunt. Sino and the aunt are not on speaking

terms because the Aunt's bf tried to rape her while she still lived with them, the Aunt accused her of lying and kicked her out. The whole family turned against her so now its just her. She works kwaSpar in Kabega. *as I go inside the house*...Sino: "ayisentle ibitch yam!!! Me: *blushes*" haska man Sino masambe tshi! Umhle nawe my f..." We both laugh and she goes to close the windows. as I updated my BBM status to: "TURN UP with S'noza wam. Ladies "PHola's" Night. Ping me to join. The pings came flying in, so I picked and chose those whom I wanted to come...and ignored the rest..life's hard, you gotta pick and choose, you can't get shit confused *like Drake says*...in total, there were 7 of us. As I minimized my BBM another beeped in. It was "Sbosh's Man" cuz he sure as hell wasn't mine. I know I'm over reacting but I'm sick and tired of being uNo. 2. Makasele amanzi aphole mntaka bawo.

Chapter 4

So I read the text and ignored it just for the liking of me. I know he saw my status. His text read: "lihle UPHI? Izithi kanti uk'loo mnqundu we Blawa soze ndizok'landa mna yow'buya ngenyaw!" My heart tore a little but..."Aint nobody got time for that..." Me and Snoza walked out and decided to head to kwa Ngqoko. It was a chilled Friday so we bought our stuff and sat outside, there was a group of guys there chilling too. Hot guys to be exact...I started telling Sino about the phone call. She just couldn't believe it. As I was talking my phone rang, fuck! I forgot to change his name 😊-_- ...it was written "BaaBy Wammi" all over the screen, it actually made me sick. I decided to answer. Me: "Yebbbboo".. Him: "Ndak'fakunye impama andiyo tshomakho mna UppHI????!"...that's him ke. He's rude as shit. Ndaz'thoba ngom'zuzu..."Ndise new bryt bab-" Sino grabbed my phone and said: "Fokof! Jou nja! Ngayobuza Sbosh lomasimba nje?!!" And dropped the call and switched off my phone. Tears pricked my eyes, when I looked up I felt heaven couldn't punish me more when I saw the black Mazda 3 pull up. I held back the tears. Sino poured me Skyy Vodka without juice, I downed it without thinking then we carried on talking like nothing happened. Of course Mr Mazda 3 saw me but I ignored his stare. And saw my other friends. I shouted for them to come this way, we all screamed like high school girls when they open schools in January. As we were settling and talking at once my eyes locked dead as Xolani's cross polo pulled up erhangeni, my heart stopped, I felt my knees weaken my head was dizzy...I was scared of this man. Sino saw this and held me, she sat me down...Xolani ke is my bf, the transnet guy, Sbosh's man, remember him? Yes, the now "ex". I didn't know if Mr Mazda 3 is some mind reader to fuck up but he walked behind my chair...Mr Mazda 3's name is Lukhanyo. He whispered in my ear: "Ndisalinde la call" me: " mbohla phantsi alok ulinde"...Him: "Can me and amajita come chill nani?".. Me: "do as you wish"...he signaled to his friends and the

"hot guys" came and sat down...not even 5 minutes later Xolani stands in front of me and says: "kuthen undenzi kaka nje wena?" My mouth went dry!

Chapter 5

"Xolani uthetha nganton ngok?"

Xolani grabs me by my shirt collar but before he could drag me. Lukhanyo held my hand and said: "Awt'yam, uhlel nam ngok lomtana" Xolani: "ubuzwe Nguban kehok wena?"

Lukhanyo: "Lihle uyamaz lomntu? Uhamba naye?"

How the hell did he know my name??

Me: " Ndiyamaz qha asihambi kunye"

Xolani: "uthini Lihle?" Looking shocked. Me: "hayi Xolani uthe mos awuzi k'lo mnqundu weBlawa so ndizizele and nd'zoz'hambela. Ungayi kuSbosh lo ukupha kamand nje?"

I could see the horror in his eyes so he tried to act cool: "Mxm, v'tsek Lihle!". I turned to look at Lukhanyo and said: "You didn't have to do that" he just kept quiet. We carried on drinking as I was getting tipsy, my voice started lowering. I have a bedroom voice when I'm drunk. Sitting on Lukhanyo's lap I was whispering and giggling. My friends were soo loud until I shouted to get their attention: "HEEEY! Kanikhe nibengama lady man!" Anelisa said: "Yuuh haha! Aint nobody got time for that!"...and my whole crew laughed. I didn't find it funny though. I didn't find it funny at all because that is usually my line. Matter of fact I DID have time for that. My potential bf was around they must NOT act ratchet! So I sat in silence, he got up and said he'll be right back, ndathi "okay"...After a while I browsed for him and saw him standing with a nicely dressed guy. They quickly exchanged something. It looked like a small packet, they did that half a hug, shoulder touch thing guys do. And he came back. I decided not to stick my nose into his business so I relaxed into his chest. He smelt glorious and warm and sweet...mmmmmmh.....until he said: "I'm kinda tired, ndozela kamand....masolala man..."

Chapter 6

I looked at him and told him under no certain terms was I gonna leave a place this fun at 21:30. I'm not 16 tshi! I stomped back to our spot and took a bottle and poured in my glass a double shot and gulped. Tonight I was going to be the definition of fun! I went to the DJ and asked him to put on some nice house music ayeke deep house for once. Its like he read my mind because immediately Xithubu started playing. I poured myself another and started dancing. I'm not gonna lie. I can dance, I'm just shy but tonight bendilahl'umlenze sana and working my tiny waist. Sino and Nobuhle joined me. Me and Sino danced well together ke it was almost sexual. All the guys were staring a few even joined the dance floor including Xolani's friend, Ace who was grinding on my ass. I stopped right that second and told him to "fuck off my ass" ...he said:"mxm yaspida!".. Yuuuuh rha ndiryt ndispid(e) ok'salayo ezam impundu kange uz'fumane! Me and Sino were sweating for almost an hour and I went to get a refill. This guy grabbed my ass. I turned to look at him and he pretended to be talking to his friends. I carried on walking. I got my refill, Lukhanyo was still here, looking distracted. I walked back to where Sino was, the same guy groped my ass again and this time without thinking I took off my Mr Price sandal and whipped his bum! Wore my shoe then left, his friends were in stitches of laughter and the other few that saw. The thing is: I am not ratchet but when it comes to situations like these I really don't have a choice kuse Blawa apha! As I carried on dancing and drinking and having fun....his cologne spoke first as Lukhanyo approached me: "ithi bye bye kwi friends zakho, siyahamba ngok Lihle". I was so mad, but ke ndiligwala so I said my sad goodbyes and left with him. The time read: 23:40. Akuse early nje... But ke 😞:(As I grumbled my way to the Mazda 3 and tried to open the door...Me: "Cela uvule umnyango tu" I looked behind me, he was standing across the road next to a Range Rover. So I was confused! As I walked toward him I looked at the number plate of the Rover. It was "LUKS 2". My mouth hanged open! I asked about the Mazda and he said: "yey'ka Pluto(his friend) leyam bikwi service so wand'bolek'eyakhe. I know bund'jongile ngok'ya bendincokola nala awti, bendizisela yona(the car)"...and then I figured the "small packet" was the car keys! How embarassed I was. He drove swiftly and in no time we parked at a beautiful house eFord. He got out the car and said: "iza"....I was abit mesmerized why was he acting strange? He unlocked the house and we got in. He went straight to the bedroom while he was holding my hand...he closed the door behind us and started kissing me, holding me against the wall. I took off his shirt and unclipped his belt....he was getting more passionate and stripped my clothes off....he lay me on the bed....I took a good look at his body and asked: "uya-gyma?" ...His reply: "I'm about to" and I giggled....he massaged my one boob, kissed me

on the neck and his other hand reached for my cookie jar. The sensation was amazing. I felt above everything as I started moaning, his kisses traced down until his tongue reached my apple and he started playing with it....oooooooooh goodness this man! I was enjoying this moment I didn't want it to end...as I was about to climax he stopped and took his pants off....and dug his tool deep inside....I Gaspd out loud....

Chapter 7

I woke up and looked around then next to me. He was soo handsome I never realized. His eyes were sleek and small. His lips were soft and pink, he had chocolate skin and a cute little button nose. As I was admiring him I heard the gate open, he immediately jumped up and put his pants on but he was too late because a woman opened the door and stood there. She was big boned, light in complexion, had a "I used to be cute" look about her. Plus she had a baby with her! She started screaming: "LUKHANYO yinton obuvuvu ubenzapha?? Yinton le kaka buyenza?? Nguban elihule uleli nalo apha!?? Phendula maan!" I didn't need instructions, I got up and got dressed. I don't like fighting especially over indoda. I just walk away from such situations. As I was about to take my bag which by fate was next to her I felt a hot slap across my face! She grabbed my weave and started pulling on it. The baby screamed, lukhanyo pulled her off me! This bitch was about to sit on me, that's attempted murder!! I got up, fixed myself and walked out. Tears welled up in my eyes but I kept strong and went to the bustop. I got a taxi. Ndayohlika ekhaya. I walked in and noticed akhomntu...I only live with my mom...I took a bath and wore my pj's. I cleaned the house spotless clean and made myself some food. As I ate my phone beeped. I put it in the charger, it beeped again..uurgh! I got up and read the text. It was Sino: "UphI?" That was wierd for me because Sino has me on BBM and whenever we chat says "hey bitch yam"....so anyway I reply coldly: "Home"...another message came through from her: "You okay?" My reply: "Yeah"....

Something was strange ngezi message.....or maybe I'm just over thinking le situation because of the beat down I just received? Indishiye ndiDOM sana...hayi ndaske nda muncu!

Chapter 8

Mama walked in after 3 and commented on her spotless house: "hmmmm ay'sentle indlu yam mntanam"..Me: "enkosi mama" Mom: "kuthen ingath uthyafile nje?" "Akhonto mama" I said. She just mumbled something and went to her room, I got up to start cooking, ndamisa zonke ii-plate kwi stove. I cooked in utter silence which was unlike me, I usually start meaningless convo's and laugh with mum....today was just different....my phone rang and rang. I ignored it so perfectly yangathi iku silent nayo...I started thinking about yesterday and last night....Xolani....Lukhanyo....this morning....hold up....back to last night with Lukhanyo, we didn't use a condom! How could I have been sooo stupid! This time the tears just fell down my cheeks as I was weeping I didn't realize my mom was staring at me. I quickly wiped the tears away and said sistress sencwadi. My mom knows me well, I don't just cry. Hell must move mountains and seas before I cry and I hate being comforted so she just said okay and went to the lounge to watch tv. As I finished cooking I dished up for two of us....and put the plate on her tray and handed it to her, I said a short prayer and went to get my food....we ate in silence when we were done. I took the plates and went to wash the dishes...it took only 10 minutes....then I went to my room. There was a knock on the front door as my mom answered: "Ngena."... MaRhadebe from down the street came in....this woman bored me and I was by no way getting up to make tea! She started gossiping to my mom about all her friends then asked: "heeee uphi uMalinki(me)" mom: "uyafunda"...what a lie mom....MaRhadebe: "Malinki wethu izapha"....yuuuuh Bawo!....I got up and went to greet her, as usual she asked for tea, before I turned around, I got a death stare from mom and I walked to the kitchen...I fiddled a bit and yelled: "yoh mama akho Swekire kange uy'thenge?" Mom: "yuuuh, ndiy'libele mntanam!"....*sounding worried*.....my mom should've been a lawyer, cuz damn!...lol....MaRhadebe didn't even stay long she got up and said her goodbyes then left....my mom and I just laughed and said goodnight to one another as I locked up and we went to bed.....in no time I fell asleep....my phone beeped a message I didn't know the number it read: "Phuma"....I peeped through the window and saw a Range Rover Sport. My heart stopped beating.

Chapter 9

Who did this man think he was? I went to my phone and replied: "please do me a favor and go back to hell. Where you came from!" His reply: "Lihle please, babes just let me explain...all I ask is 5 minutes:("...I wanted to soo bad, my heart raced, it felt warm, my tummy had butterflies...but I stood my ground. It was just a one night stand, he must get over himself. I know ya'l gonna say ndiyaz'dala but what I did to

him had him groaning like a beast....so yeah, I do me. What happened to his crazy psychopath girlfriend? Makandehle please. I wrote back: "please leave, I don't want that serial killer to trace you here...." He wasn't budging tuu...Him: "Lihle I'm not leaving until you speak to me."....haha I guess uzolala apho ke, I said in my head....I switched off my phone and went to sleep...I woke up in the morning when mom was about to leave for church, Me: "njan ungand'vusi?" Mom: "hayi mntanam bukubeke qithi izolo, kakhe ureste ufunde....zicenge mntanam ezincwadi...ubenophila ubomi without difficulties....mna zange ndanazo ezi opportunities zakho....so ndenza oko ndinakho to secure them for wena....phola mntanam..."I was sooo touched I went to hug her...I got out my fleece light pink gown and wore it...with my fluffy boot slippers....I walked her to church, I totally forgot about Lukhanyo! He was still here, sleeping in his car, my heart ached for him....but nevertheless I walked mum....she got to church and entered with some other women, I went back home...as I reached my house, out hopped Lukhanyo from the car and walked to me. He called out my name and I totally ignored him....he grabbed my arm: "Baby cela und'mamele mann..." Me: "akhonto ndinoy'thetha nawe mna....whatever happened. Happened. Let it go. Cuz I have..." Him: "But Lihle, mna I want to properly fix things..." I opened the door and got in... As I turned around and looked at his face, his cute little button nose leaked blood...then his eyes got dizzy....I grabbed him and led him to the couch....asked if he ate and he said no....I went to fetch my towel and some lukewarm water....dipping part of the towel in the water I put it on his nose....and wiped it away..the bleeding subsided. I let him hold the towel as I made some breakfast for him....he ate quickly and asked for water...I brought him water, he got up and went to the car....and came back with a bag of pills.....if my heart stops one more time I think I'll just die.

Chapter 10

He drank his pills without effort. I sat there like an idiot with my mouth slightly open....he looked at me and said: "what? Zange wambona umnt' ogulayo"...I asked softly: "ugula yinton?"..Him: "what do you think wena?"....yuuuuuuuuuh my heart raced....I got up then sat down again...I didn't know what to do with myself until I heard him chuckle, I stared at him and asked what was sooo funny? He said: "ucimba nd'ne Aids ?"..Me: "Lukhanyo yinton ehlekisayo?"...Him: "hayi baby tshi, I wouldn't do that to you....I was just naturally a sick child...I take antibiotics when the bleeding and the nerving starts...the reason is because I slept with the air-con on last night...but I'm okay now"I felt like it was all my fault, I went to him and just hugged him...and kissed him. He gave me quite a scare, even though I was still mad at him, I

had a soft heart... So he got up and said: "I'm soo sorry about izolo Lihle, I honestly didn't know uzafika lamntana pha...I'll make it up to you love, I promise va...." He kissed my forehead and cheek...then left...at least he said sorry, but my heart still ay'ka xoli and I didn't feel like arguing.....I BBM'd Sino: "Hey baba wam, what it do?"..Her: "heee awuse nqabe bitch ever since you disappeared with mystery man friday kange ndiphinde ndive ngawe....so you spent the weekend naye??? HmMMM details kalok! Tshii suvimba".....*pause.....what does she mean she hasn't heard from me since friday? Didn't she send a message yesterday? So I treaded carefully..."Hayi friend I went home izolo ksasa...wena buphi?"..Sino: "I went to Pluto's place my friend, and we did it...qha andiyiva ncam man nto yakhe its small [#bbmNotInterested](#) face....so oko ndizulisa ndiz'ncwinisa..."...I couldn't help laughing.."Sino ulihule my f, lol, so hambe nin kekok?...Sino: "ndiyangena ptw apha kum ngok...heee ptw, did my phone send a message kuwe izolo?"... Me: "ewe, kanti, didn't you?" Sino: "No, ndivuke phone yam ikwi cala lika Pluto" I put two and two together. So Lukhanyo asked his friend to text me pretending to be my friend. Remember I told you those messages were dodgy? And another thing, I never ended up giving Lukhanyo my number, so when he sms'ed me last night bey'fumanaphi? Clearly, Pluto stole it for him kwi phone ka Sino.
BUT how did Lukhanyo know where I lived kekok?.....

Chapter 11

My room was getting hot...it was spinning around...I started to get chills so I called Sino and decided to tell her....she just went dead silent and asked: "Lihle, yinton lekaka siz'fake kuyo?"...I said: "ptw, andiyaz....but there's no getting out..." I love my friend because she never let's me go through something alone, its always "us and we"...We sat in silence for a while and eventually said our goodbyes, it felt like besibalisa umphanga....well, in a way it was....cuz it was RIP freedom ka Lihle...I took a bath and got dressed...just grey tights, a white tight belly showing vest and my ugg boots. I took out my books and started studying for Economics...it was a lot...so I passed time I almost didn't hear mom walk in until she came to my room and saw me buried in my books, earphones in and talking to myself about the Functions of South African Reserve Bank....I jumped when I saw her, I got such a fright that I just didn't believe it was her...I stared and took off my earphones and my eyes pricked again...I looked away....ndithen na these days ndinyembezana??...damn...I greeted her and she just stared at me with a questioning look and said: "Molo Lihle" then went to her room...yes she was pleased to see me studying, but what bothered her was the fright I

got when I saw her...she knew I was scared of something...and it was very close by.....

she thought to herself as she started cooking

As we had a late sunday dinner...mom looked at me and asked: "Lihle, kwenzeka nton? Usengxakin? Kuthen usoyika kangaka mntanam? Thetha nomamakho" .. Me: "heee hay wethu mama akhonto tshi...." ...Mom: "Lithembelihle, uyaliva mos igama lakho, ulithemba lam mntanam....elok'qala nelok'qibela...ndiyakuthanda andinoze ndikulahle andiyo ndoda...tell me what's wrong" Me: "mama wethu akhonto manyan..." A knock on the door disturbed me, "come in" yelled mama...in came someone....I was typing away on my phone, small talks with Sino and the other girls when I heard the voice I almost fell off the couch by shock...yuuuuh! What was he doing HERE! "Molweni Mama" said Lukhanyo....I thought I was gonna wet myself, I had tears in my eyes, my stomach was in knots..I felt like throwing up...like WTF lukhanyo really! I know my mom was gonna freak out!...I just knew it. BBM status update: 'RIP to myself'.....Mom: "Molo Mfana unjan?"...Lukhanyo: "Ndiyaphila mama, ninjan nina?"...Me: "SIRYT." *staring at him like a beast ready to kill*...Lukhanyo looks to my mother and says: "Mama mna igama lam ngu Lukhanyo Mthobeni ndihlala KwaFord, abazal bam base Dwesi, ndihambel kwintombi yakho uLihle" Mom: "Umazelaphi?" Me inside, I wonder nyan undazelaph.....Lukhanyo: "besidiban estratwen mama, andafumana number or adres ndibuzise ndade ndazo fika namhlanje kuba ndifuna ubuhlobo naye..." Mom: "Ow mntanam imbekho engaka ude uzocela kumama wakhe buqu....ngena mntanam uhlale phantsi, andaz alok mna nez'tshom zakhe....so kubetter ba ndisazi wena...so ufunda phi ke wena?"I'm sure you can imagine my shock, but I kept quiet..Lukhanyo sitting down: "ndayeka mama ufunda and took on company ka tata when he passed away" My mother seemed to like him. I didn't. He can't just barged in my house....anyway him and mom got along and chatted like they were friends....he had such respect for her...heeeee, I'm even jealous....as I carried on yapping my phone as he got up and says he'll visit again soon and my mother was all smiles and told him he was welcome anytime, as she walked him out she said: "yuuh, bek'yoba better noba bungu son in law wam yazi...."I'm sure she saw the car 😊_- mama yazthand izinto man moeer!

Chapter 12

My whole mood changed. Mum saw this and asked: "Nguye lo?" Me: "Uban ngok mama?" Mom: "lomntu umoyika kangaka...kuthen ukrwada komnye? Alok mntanam xa uxabana nendoda yakho izithobe yona nawe zithobe...ayikho le uyenzayo! Xolela omnye Lihle"....I was not even shocked, I was irritated Me: "Mama ayondodam Lukhanyo! Ayiyo ne friend and'maz uzothin apha!" Mom: "heeee hayi Lihle, ziphulaphule, check your attitude and keep it in check ndingu nyoko! How dare you raise your voice at me!..." Me: "Uxolo mama"...*she turns and walks away....I went to do the dishes...and when I was done, carried on studying...she didn't even say goodnight....she was really mad...I blamed Lukhanyo why was he such a nag?...my phone beeped, it was him: "Sthandwa sam it was lovely seeing your mum....goodnight ulale kamand...I love you"....WTF! You weren't even invited!...and how can he love me its only been 2 days since he knew me....this guy is starting to annoy me...alok be reminded that I'm not used to being loved back...so its all new to me....I didn't reply...I went to sleep at about midnight...he texted again: "please come outside"....I went outside to him, got into the car....reason because I didn't want a repeat of this morning....we chatted a bit....then kissed....long and hard....I stopped him and told him I had to gohe was a bit disappointed but said it was okay....he'll see me tomorrow...I asked myself in my thoughts 'where'...and just smiled at him....stupidly I asked: "kand'nike bbm pin yakho.." Him: "and'fun"...Me: "heee ngoba?"....Him: "nawe kange ufune und'nika number yakho....I had to become an FBI agent before I got it...so nawe ke uzokwenza njalo"...I just pouted at him...Me: "khona buy'fumanaph number yam..."....he looked at me ecuthe amehlo....soo seductively....its as though the moon lit his eyes, cuz I'm sure they glowed as I was staring at him....he licked his lips and started to blush....he had chocolate brown skin, but I could tell he was a bit embarrassed....he bit his lower lip and said: "iza ndik'hlebezele..."..I giggled and went closer to him...he pulled me to sit on top of him...I underestimated the size of the Range Rover...I sat on top facing him, he pulled me closer and kissed me....I'm sorry and ashamed to say this but I just couldn't resist.....as I rubbed my tiny waist in circles on top of him, his breathing escalated. Miguel's Pussy is Mine was playing in the background... His hands dug inside my top.....now.....the car was over heating...I slid my top off my head and let my breasts hang....the surprised look on his face as he dived his face in them...he sucked them gently as I unbuttoned his Chino's....he adjusted the seat and opened the sun roof....I slightly got up and took off one leg off my tights and guided my thang thang inside....I just couldn't help moaning....I felt it in all directions and angles....as I bounced on top of him he murmured something...I ignored that shit.....this was toooo hot, this time he said it louder....."Baby, slow

down...nd'zocitha....."....I told him: "but lukhanyo I can't....."....he held me down for a while and looked me in the eye....we stared each other for a full minute and I started again.....I heard him calling my name in a low sexual tone....I went harder....I needed to hear it again.....my thighs burnt.....but the pleasure was too damn good....I just couldn't stop as I was about climax, I felt a wave of heat, my body started shaking, my body was automatic now cuz it moved on its own....my heart was floating and as I felt it "cuming"....I heard him groan out loud: "urrrrrrrrrrrrrrrrrrrrr, Lihle!" Really loud this time....I had orgasmed too.....woow.....I could hardly breathe as I got up and hopped to the passenger seat to get dressed...the windows were steamed because of the heat...he opened his and pulled up his pants.....I kissed him goodnight, got out the car and went inside the house. I heard the car pull away when I was inside.....

Chapter 13

I got up at 06:00am and bathed, ironed my clothes and got dressed as I was preparing...my phone beeped, it was a BBM from Xolani: "we need to talk". Really? Now?...he knew this was the time to best distract me cuz kuse k'sen and my brain feeds off everything at this time....I made breakfast just to prolong me replying....I wanted to make him sweat....I finished breakfast put it on a tray and went to mum...I lightly called to her and she turned and said "yuuuh mntanam enkosi" and got up to eat.... My mother can't stay mad for long I'm just like her, she has a soft heart...I went to eat and when I was halfway he PING'ed me...twice, so I replied. "What is it?" Him: "why you so cold towards me?" Me: "kuthin ubacold Xolani?"...I had confidence when he wasn't around, I wasn't scared....but the moment I hear his stern voice I get shaky...Him: "und'lahlile ol'hlobo??" Me: "uz'lahlile Xolani, by lying to me and answering your phone while fucking uSbosh so that I could hear this important meeting! Let it go man...we past that...I've moved on" Him: "so utyiwa yilantwana ye Range Rover ngok?" Me: "if I were you, I'd sit down and give him a bells cuz uyaw'kwaz umcimbi wakhe SHAME!" He deleted me after that....oh well, good riddance to bad rubbish.....

I got to school on time for my trial exam, I got in the venue and signed the register. I saw my friend and quickly made funny faces at her, lol...Lavisa was such a character. I put down my bag and went to take a seat...opened the question paper and read it through. Twice. My mind wasn't even here...I kept thinkin about Lukhanyo, my mind decided to drift away and take us to Seychelles together.....he was wearing

board shorts with no shirt on....I was in a bikini laying on a beach couch on the shore....he was bringing me a Strawberry Daiquiri(cocktail) and his body was all shiny and sexy....he then got on top of me on the beach couch and started kissing me.....and down on my neck as he- "Lihle, will you please come back to earth where the rest of us are busy with an exam?" Said the lecturer, I jumped and giggled at the same time....she didn't seem too pleased, she made a remark that "Ingathi aw'kathali these days, sort out ubom bakho" ...how dare she?...mxm, back to exam.....my mind just went blank, I forgot everything...I tried with all my might but I couldn't remember anything! The questions sounded more confusing so I decided to use the "Guess and Hope" method. I wasn't ready for this....I finished writing after an hour and left the room....Lavisa, Neliswa and Buhle waited for me outside....we went to get some hotdogs and they were discussing the paper. I just kept quiet...I didn't know what to expect....my mind drifted to Lukhanyo again and as if on cue....my phone rang. It was him. Me: "Hi" *tryna act cool*....Him: "Hey malinki zam ndisuka kokwenu u still at school?" Me: "ya..." Him: "ungahambi apho, I'm on my way...." We hung up.... My friends and I sat across the road from eRussell....eSunCity...when I saw my dream car stop at the robots. A Black Mercedes Benz C250 coupe...with a glass top ceiling and beautiful black rims...."Wooooow" I said... As I was already standing, he saw me first, he turned and pulled up at our spot, I read the number plate "LUKS 1" ...I almost fainted!

Chapter 14

He opened the passenger automatic windows....and said: "Molweni Ladies, cela nje nind'bolele umfaz wam namhlanje man"..Neliswa: "bhuti nguban kanti umfazi wakho aapha???" *smiling*..Him: "Malinki njan ungabaxelele abanye ngok? Iza masambe love wam, Enkosi'n ladies"..Them: "Byeeee" *waving*....

I got in the car and he drove away...his other phone rang, he answered: "sure fe2" ..(Caller speaks..I couldn't hear)...Him: "Ndise town ngoku, nd'hamba ne meid, but kushap, nd'yeza" ..His expression changed...and the car moved swiftly... I'm a sucker for speed, but alok suqumba, smile while you're doing it, the moment your facial expression changes its as though you're driving me to the grave....I asked what's wrong and he kept quiet and just drove straight to summerstrand. We parked at a deserted area and waited.....I was beyond confused and I dare not ask again so I took out my precious blackberry, whom through bad network and low battery has always

been there for me. He immediately said: "Beka lo phone Lithembelihle"...I don't like being called by my full name....mum did that when she was angry....it just sends chills down my spine...I put it away...when a white Mercedes Benz ML AMG came before us, I liked that one too...but fuck that, I'm in a coupe Now!...he opened the boot(the boot was automatic, the button was inside the car)..and he got out the car, his friend or whoever got out the ML too...and went to him, I didn't hear much but saw ML guy take a bag with him to his own car from Lukhanyo's boot...what was in that bag?...I saw a red polo from a distance....nigga seemed like he was in a rush. Lukhanyo quickly closed the boot and jumped in....started the car almost immediately his phone rang...it was connected to the car, he answered: "ja?"...Caller: "amarhath awt'am...disperse the location you're in and Ta Smig ulapho hamba nge transired"....I heard all this and one thing clicked in my mind, Amarhath afuna nto apha unless..... The car flew, yuuuuuuuh, it was too fast for my liking now, the red polo was right behind us...baby was driving ngo 200km/ph, don't forget its an automatic...I crossed my legs, ndaminca ntanga. He was swerving between cars and eventually a bus blocked his way...the anxiety on his face..he looked at me and said: "Nyamezela mfaz wam..it'll be over soon"...the car leapt over to oncoming traffic instead, we were traveling in the wrong direction!!!! I closed my eyes as a huge "Big Foot" truck came in front of us, I said a prayer: "Dear Lord, I come to you as sinner, please forgive me for the trouble I caused, the people I've hurt even the nice guys I ignored, if bendingaphaphi I wouldn't be in this mess...I pray to you Lord because I am about to meet you and hope for your forgiveness before I do-" before I could even say Amen the car swerved back into the correct road...and didn't even stop at the robots..we lost the red polo....a traffic cop saw that and was onto us too....oh but why:(...he adjusted the controls of the car, and I realized he was setting it right before his maximum speed because this smart car warned him that this was still a town the speed was inappropriate, but he was the boss....he did what he felt and eventually we lost the traffic cop right before we got to town.....pheeeeeeeew! I sat in silence and he drove me straight to his place where 3 other cars were parked already when I saw this house, the memory came back, the one of his girlfriend beating me and I told him I'm not going anywhere. Him: "nam kandithi phuma babes, zohlalapha till we're done, then I'm taking you home" and he left.

I sat in the car and took out my phone...Sino was still at work, bephuma u6..I received a bbm from Xolani it reads: "hlika k'lo moto Lihle" how the hell? Was he stalking me now? I replied: "Xolani, gand'yeke maaan! Get over yourself!" Him: "This isn't about us anymore Lihle, I care about your safety, get the hell OFF qha!!..." *with an angry face" ...heeeee ayisos'manga kengok!...I ignored it wethu, I'm perfectly safe with my

man mna...tshi, how dare he!...in less than a minute he appeared next to my passenger door and opened it, held my arm and dragged it as I asked: "Xolani, the hell is wrong with you?" He looked me dead in the eye and said: "Lihle, ndiyakthanda joe, I know I treated you like shit before, bendik'qinisa lovie, you're now a tough cookie and that's what I love about you...I won't be here forever to look out for you, but when I'm gone I'll be at peace because I'll know ba you're strong...." Me: "why are you telling me all this?? Kwenzeka ntoni Xolani?" He looked behind him and pushed me to the ground and four simple bullets from a 9mm penetrated his chest almost simultaneously and he fell to the ground, I looked to the attacker's direction and he quickly turned away and left...I screamed in heart break...and pain.....I kept calling his name..."Xolani phakama maaan! Xolaaaanniiiiiiiiiiii!"....as my eyes quickly turned to fountains, his breathing slowed down...I held him to my chest, and I prayed loudly, I didn't care who heard...I was inlove with Xolani as much as he abused me...his last words were: "Lihhll-le, goduka pannn-qozaa wam....I wuv yuu...." And he lost consciousness, I wept silently and said: "I love you too Xolani vuka mani!..." But it was too late...I never thought the day would come for me to close a dead person's eyes.....I never thought it'd be the one I loved..

Chapter 15

The ambulance came, the cars had all left except Lukhanyo's Merc because I was leaning on it crying....he came and removed me from Xolani's now turning stiff body, I didn't want to let go so I screamed at him to leave me alone, a crowd had gathered.....I held on tightly to Xolani, I kissed his cold lips and cried as memories came flooding in...once he came to visit me, I sat on top of him and tried to kiss him, he didn't kiss back. I laughed that day and tickled a smile out of him...he then bit my bottom lip and sucked gently on it...I could still smell his cologne from that day...and I could still smell it now, mixed with blood...a policeman came to remove me and Lukhanyo helped him get me inside the car....and we drove off. I did not say a word. I just stared blankly ahead, I heard him talking but I couldn't hear what he was saying...he stopped the car. We were in KwaDwesi, parked at a nicely extended house then he said: "Iza baby" ...I followed, at the door I saw a woman and automatically backed away he held me and the woman said: "hello sisi, I'm Lukhanyo sister, Sam, sukoyika, ngena, I ran you a bath..." I followed her to the bathroom. I think I sat in the bath for almost an hour when Lukhanyo came in, "Nunu wam, please listen

carefully." I just stared at him, he said: "When the police ask you what happened you are going to say, you saw nothing, just Xolani falling to the ground and you rushed to him...you were on your way to visit me and the shots came from an opposite direction...not from the house....sthandwa sam, ungoyiki...just be sure of this story and stick to it. Sam got you some of her clothes out because awukwaz ugoduka with that much blood on your top and I don't want you to lie to your mother..." Then he bent down and kissed my forehead and left....I was still in shock....I got out the bath and went to the instructed room, I lotioned my body and got dressed...I went to the lounge and she gave me a plate of food which I declined...I was in so much pain...I wanted to go home....I wanted xolani to call me....and shout at me ba ndiphi....tears pricked my eyes again and I let them fall....Sam held me and said: "its okay"..did she know too? Was she part of this? She smelt familiar also.....wait.....it was Sino's Pink Happiness!...I just cried silently until Lukhanyo came and took over. He drove me home, he switched cars and took the Range Rover this time....we travelled in silence, until we got to my street as we turned I noticed 2 police cars parked out front. Lukhanyo parked in a distance and said: "Remember what I told you Lihle, or else....."....or else what I thought to myself, were they gonna shoot me too? Anyway I wasn't ready to find out so I closed the door and walked home. My mom was in tears when I walked in, "Lihle Wenzeni!!!"I stopped dead in confusion!

"Mama, andenzanga nto.." As tears started to threaten my eyes, my phone beeped, it was Lukhanyo: "Don't disappoint me Babes, I love you"...I stood still and greeted the policemen. They asked me how I knew Xolani..I looked at my mom and looked to the floor...Me: "we used to be close friends" Policeman 1: "nidyola in other words"..I looked at mum again, her expression didn't change...Me: "Ewe bhuti"...Policemen 2: "what happened today, did you witness the whole incident?" Me: "No, mna I was walking to Lukhanyo's place when I saw Xolani fall, I rushed to him, the gun shots came from another direction and I hadn't any time to see the attacker because ebese motwen"...Policeman 1: "describe the car"..Me: "a black gti, with tinted windows...it didn't even have a number plate, it just looked creepy" *i started to cry*...the policeman held my shoulder and told me to relax and try and get some rest...we were done. The policemen left, mom walked them out and came to my room: "Lihle, what is going on?" Me: "mama, it all happened so fast..I can't even remember..." Mom didn't probe, she left and went to her room...I drank Adcodol zay'2..and lay on my bed....I fell asleep almost instantly....I saw darkness....then at the end was a light I ran to it and opened the door, I saw Xolani...and the atmosphere quickly changed, it went back to the day we first met, I was with Sino taking a stroll to Spar in New Brighton. He came in behind us and greeted: "Molwen sisi abahle..." Me: "eshhe, molo

bhuti"...Him: "oh mna andikhomhle?" I turned to look at him and I immediately fell inlove...he wasn't the cutest...he had a brilliant smile though....and his cologne spoke British....so we exchanged bbm pins and started chattin right away! We grew close in a space of hours...I asked him about a girlfriend and to my disappointment he had one...but every woman must play her part and that's exactly what I did....It started to spin around...I felt dizzy and slowly it all came to a stand still...our first date, lol, Kwa Gqalane...he held me and danced with me...the whole night...his favorite song instantly became mine too, Fistful of Tears by Maxwell.....we were soo into each other, his friends weren't impressed though, they didn't like me...so we sat alone and chatted and had fun together instead..... later on he took me straight home no questions asked...it started to spin again....until our last scene together eFord....him opening the Merc's door....saying all those things...I realized something.....that was the first time he told me that he loved me....the pain started....I started to suffocate, it was as though someone was holding something against my airway...I started gasping out loud.....and I began crying it all happened soo fast.....my mom woke me up and I saw Lukhanyo standing in the doorway...he looked really sad to see me in such pain. I took my flower vase ecamkwe bhedi and threw it at him, he ducked and I missed...I screamed at him to "get the fuck out!"...then started crying loudly....my mother couldn't even control me...she signaled for Lukhanyo to leave and they both exited my room. I went to my cupboard took out Xolani's sweater, a bottle of his cologne(which I bought myself for when I missed him) and a teddy bear he bought me last Valentines...and switched off my light then snuggled with my spirit boyfriend.....

Chapter 16

I woke up dazed at about 2am...I was thirsty as hell....got outa bed and headed for the kitchen, poured myself some water and drank quickly.... So quickly I developed hiccups.. I hate hiccups, I get annoyed very easily and hiccups is one of the things that annoy me...I just started weeping, I held the glass too hard and as I place it with a bang on the counter, it broke. In my hand. Blood sprinkled out. I got another shock when I was reminded of what happened earlier....the blood flowed endlessly like I hit a vein...I started crying...standing against the wall, I slid down in sorrow....I cried and cried....my mother walked into the kitchen put on the light and rushed to me....she thought I was committing suicide because of the bloody wrist and hand...she

held me...and sobbed with me....holding a dish towel down on my hand.....I wish I listened to Xolani...but what was he trying to warn me about? Why was he sooo afraid when I last saw him?...did he know he was gonna die? Cuz he said something like: "I won't be here forever to look out for you"...but look out for me kwinton?...I wanted answers...but my only source...my only love....just departed with them....I cried again...I couldn't bear it. Mother heated milk for me and added a little sugar....I drank it in silence....slowly... She came back with Bandage and wrapped my hand around it....picked me up and carried me to bed...yes I was heavy..but I was still her baby...I slept in her bed that night...and woke up after 10 the next morning... Mom had left, I went to fetch my phone and saw a message from Lukhanyo it reads: "It had to be done to protect you from the truth. I'm sooo sorry." I started shaking, what truth? Now who do I believe? My ex who abused me, that has just died to save my life or My current boyfriend who has a dodgy lifestyle... ???

It was tuesday. I honestly didn't feel like studying. I had a block day. Thank God. But I still had to study...I took out my Accounting textbook. And started with the Balance Sheet exercise. As I had switched my phone off and I got busy...I realized I hadn't eaten since yesterday Afternoon. And for some odd reason, I was beyond hungry and I wanted fried chicken!...so I got dressed and took a taxi to eNjoli. Of course I didn't bath, You mad bro? Aint nobody got time for that...I got in KFC and stood in the Forever and Always long line. Fuck it, black people and fried chicken...I waited and waited.. Till it was my turn, I ordered a Street wise 5 with extra large chips and coke. I didn't know nam what I was gonna do with that food. I just paid and waited for my order. You know that feeling when someone is staring at you? I felt that.....I looked around and everybody seemed to be doing their own thing. I got my order and left...outside I saw the black Mazda 3. Pluto's car...and he was looking my direction...I waved, he just looked at me...so I decided to get on with it...as I crossed the road I looked back to where he was standing and there he was!....the guy that shot my Xolani!....what was he doing with Pluto? Then it came rushing back....the attacker was someone in the house, Lukhanyo brainwashed me and told me it came from an opposite direction! I was so scared!...I started shaking...the guy looked back at me and smiled...something gold in his tooth flashed at me. I ran to catch ujikeleza home!....

Chapter 17

As soon as I got home, I dished up and started eating...I ate about 3 pieces of meat and drank some cooldrink...then went back to studying...I forgot my phone was off so I switched it back on...after 5 minutes....the messages came through, the first was Lukhanyo: "I miss you"...then from my voicemail he had called 6 times...and 1 BBM from Sino...the rest were whatsapp and Facebook....I really was in no mood. So I replied to Sino: "hey bbe"...she answered quick and said: "lovie I heard about Xolani. I'm sooo sorry. Noba bengumntu onjan he didn't deserve that...I love you chomma vah #hugs"...Me: " its okay ptw, I'll be fine...got to study...chat later mwah" with that I switched my phone back off.....I couldn't bare it...tears escaped my eyes silently as I started with my books again. Mom came back after 4 and found me sound asleep on my bed...she went to prepare supper...I woke up kudlala uRythm City and went to watch...I admired Gail October's baby, Quinton. He was beyond cute! And then my heart beat slowed down as I remember when Xolani asked me for a baby boy...I just burst out crying....why did I decline? He had the means of supporting a child but I just wasn't ready...we fought that night and ended up sleeping separately because he accused me of not loving him enough.....my mother came to me again and cradled me...I rested my head on her chest for a while and as we were in that position there was a knock on the door..... It was MaRhadebe, good Lord this woman, she just barged in without u"come in"....yuuuuh I instantly got irritated and left the lounge....my mom's mood changed too....MaRhadebe babbled on the latest gossip then silently asked: "Hewethu Thenjiwe, uthen uMalinki?" Mom: "Akaphilanga"...MaRhadebe: "Unanton shame is'aram?" Mom: "andingo Gqira MaRhadebe" MaRhadebe: "ok wethu sisi, kame ndbeyi ndlela" and she left.....I packed my stuff away and got ready for bed....laying there my mom came in for a brief kiss on my cheek then went to her bed too.

I hardly slept.....memories of Xolani kept me awake...we didn't fight all the time...there were good days too...but the past week had been tough on us because the more I got attached.....the more I demanded his attention....I was in love...I was clingy...I needed him! And now I had lost him 😞:(...ow bethuna igeza lam, ephambana ethe rhuu enjalo.....*sigh*.....the alarm clock rang, I got up immediately to boil some water...brushed my teeth ecalen and laid out my clothes....I went to bath and got dressed...I didn't bother with make-up....who was I looking pretty for? I didn't eat the porridge mom made. That made me sad because I love porridge, but my tummy was acting up....my period was due yesterday but I brushed it off quickly...maybe its all this stress... The weather was bad. There were dark clouds and it was drizzling...and awfully cold.....this best described my mood...as I got out the

house, Lukhanyo's car drove in my street and hooted once....I went to get in. Him: "Why has your damn phone been off lithembelihle!?" Me: "I was studying Lukhanyo"...Him: "you should've told me maan!...buphi zolo??" Me:" I went to kfc, then back home....ngoba?" Him: "jonga Lihle, when you need something from now onn, you tell ME. When you want something, tell ME...don't just go gallivanting on your fucken own, I won't have a girlfriend osi-straat mate mna!!!" And with that I kept silent, as he started the car and drove me to school.....the exam went unexpectedly well, maybe it was because of the calculating..anyway, it helped take my mind off things.....it was over in no time....I met up with Nellz, Bubu and Lavi....they noticed the dull mood. Nellz: "Tshomi, uryt?" Me: "ahh friend.....Xolani passed away on Monday" ...*with teary eyes* ...Bubu: "owww maaan tshomam!!" As they all hugged me and silently wept....with the corner of my eye.....I saw the Range Rover pull up.....Good God, have mercy on my wretched soul.....

Chapter 18

He sent a text: "don't take too long babes. We have to leave soon"...yazi he confused me....one moment he was cold the next he was all lovey dovey....was it a front for my friends?...it began to irritate me as I said goodbye to my beloved mates...I went to the car....he leaped like a frog pouting for a kiss. Nigga, you will not turn into no damn prince... Tshi!...I gave him my cheek and he didn't seem phased at all.. I asked where we were going, in my mind I was like 'oh God, not again....'he just replied: "we going out for lunch"...my mind and soul relaxed...as we pulled up in Summerstrand at a restaurant called Finezz...his phone rang, he looked at the caller I.d and ignored it like a boss. I didn't bother asking. We sat down at our table and the waiter brought the menus....he started to create small talk....Him: "Lihle, umazelaphi uXolani"...that just shocked me...Me: "besidyola." Him: "nadibana phi?"...Me: "pha eBlawa ndisiya kwa Sp-" Him: "Spar with Sino right? I know that...and then?" Now I just stared at him why was he soo updated ngo life wam?? Me: "Lukhanyo, be honest with me, how do you know so much about me? Cuz we only recently just met..." Him: "well, its about time you knew the truth...."

"I am not who you think I am. Lihle, you might think I'm a bad person but ke ndiyak'thanda.. Xolani and I used to be friends...believe it or not... The day you met him, you were supposed to meet me....I'd seen you eBlawa before...I took it upon myself to research about you....I found out about your friends and Sino, and Where you lived...then that day I was with Xolani I showed him You....he was busy with: "rhhaaa fit lawey fethu yhuuu! Kay'nike mna man...ndizoy'sika ndik'nike.". I didn't

believe him....not Xolani wam, how dare he speak about him like that!....but I let him continue with his little fabricated lie...."Lihle mna I had real feelings for you...so what if umile kak'hle, umhle and everything....I just loved you and how you carried yourself...when Xolani approached you I was angry at him for doing that to me and waveske wathi "kudala waba slow kakade"...that's when ubuhlobo bam naye baphela...I left for a job in Pretoria then....when I saw you friday I had just arrived...and borrowed Pluto's car...then the rest you already know....." Me: "what job?"....ndiyayiva yonke enye nenye, qha ndifunu yazi...what does he do!...Him: "Lihle you're not ready for this..." Me: "uve ngaban?"...he giggled....then saw my facial expression was rigid as fuck....I wasn't joking...I wanted to know!... Him: "I have an import and export company in Pretoria and Cape Town."I knew he was lying but he seemed so sincere as he looked at me with his tender brown eyes...he licked his lower lip seductively....and smiled...I just melted....Him: "finally....." Me: "finally what?" "Finally I got my dream girl....." He said.

Chapter 19

I kept quiet for a while.....then asked: "Nguban lasisi who walked in on us saturday?" Him: "she is now my ex and 1st born's mother"....Me: "you have other kids dan?" Him: "No"..... Me: "Then why you saying that like kusekho u2nd and 3rd?" Him: "u2nd useza..." I just got turned off by that.....I can't believe all this!...such a perfect man who turned to be such a disappointment...we ordered our food and I asked for water in the meanwhile....we sat in silence until he said: "Lihle izoba nguwe mama we2nd born yam..." I laughed out loud for a good 2 minutes then stopped...it felt good...but when I looked back at him he had a serious face on...Him: "yinton inyubisa kengok?..." Me: "hayi man Lukhanyo, you can't honestly think I'm gonna have your child right?...after all this?" Him: "Lihle, my lifestyle has nothing to do with this, maybe if we have a child together I'll stop this madness and it'll be just us"like that's ever gonna happen... We ate our food and he asked me about school, I hated that topic...and I told him immediately...he asked me what I wanted to talk about....Me: "I guess I'm stuck with you now, so how about you tell me more about yourself?"his phone rang....as he looked at the screen his body stiffened....'iyawa yinton ngok' I asked myself in my mind....he got up and took the call from a distance, what I heard: Him: "Sbongile, suka man kum!...awonelanga nguXolani?? Phof akasekho ngok ubalekela kum! Tsek man!..." (Silence.....) Him: "I don't care Sbongile! I'm supporting the child mos ngok! That's it, ndiyeke mna, andik'fun!!" And he dropped the call....I acted like an angel...and pretended I heard nothing at

all...I told him a joke I read on twitter and he just smiled and stared at me...Me: "Babe you okay?"He held my hand and said: "I am now....."

Chapter 20

The rest of the day was bliss.....we went to the beach and I was surprised that he actually wanted us to swim. As he took off his clothes, Dammmn he looked sexy...."Lihle, khulula tshi, we gonn swim..." Me: "There is by no way my nigga on this planet earth and galaxies including the moon and the stars am I ever gonna get my weave wet, Uyagula Lukhanyo, I am a black woman....ndizongena ngenyawo!" He frowned at me, I looked the other way crossing my arms....before I knew it, he ran toward me and grabbed me....he sprinted to the beach and thrEw me in the water and dived right after me. WHAT?????! I can't even swim!!! He caught me and pulled me close to him. I was giggling and crying at the same time.....I stopped to look at him in my mind I told myself: He can't be all that bad....let me try him out for two weeks...if he messes up...hayke.... I kissed his salty lips lightly and we carried on playing like little children for quite a while...he was soo much fun, his laugh was a sweet, comforting sound. His voice was rough, deep and irresistibly sexy. And that puppy dog look he always does when he is begging for something....ahhhhhh damn....I can't be feeling like this for him.... What about Xolani, I know he's dead and isn't coming back but his spirit was still with me...my mood automatically changed. He sensed it, he didn't even ask. He just picked me up, carried me in his strong arms to the car. An old white couple commented: "Ncooooooh, newly wed's?" He was the one to reply: "Yes ma'am." I giggled as we got to the car, he gave me a towel, it was pointless because I was soaked. I took off my shoes instead, he just got shorts from his boot and wore them...we drove home.....

I knew my mom wasn't home yet, she told me ksasa that uyakumthandazo with her colleagues uzobuya ngoo8. So when we got to my house I took off the clothes and put them in the washing machine. I boiled some water and bathed, he had already left.....saying something about running an errand. I started cooking right after my bath, my phone beeped, it was Sino: "hey babe, unjan?" Me: "I'm okay sthandwa, Lukhanyo has been a sweet throughout and you? Kunjan emsebenzin?" Sino: "its been fine wethu.....my friend.....are you going to the funeral?.." Me: "I guess so but and'fun qumbisa Lukhanyo, so I'll ask him first" Sino: "okay peto yam, I'll be with you va. . .I love you s'hlobo sam" Me: "Love you 2 babe"...

When I was done I went to take my books out, as I fiddled in the bag I grabbed a packet....I took it out and it was wrapped in pink paper. My automatic thought: 'Lukhanyo une white persons tendencies qith man...lol'....I ripped it open and my jaw dropped open....stacks of stacks of stacks of cold hard cash!! I stood still for a moment and saw a note, it read: "Mfaz'wam, ntombi Yomngwevu, uTshangisa, uZulu, uSkomo, Rhudulu....ndiyak'thanda sisi. I'll be away for a while....I'll be back but don't know when.....uziphathe kakhle baby girl, ndak'cenga Malinki. This is for anything you might need while I'm away. If I could trust your driving I would've given you the Benz too, but in any case I left it with my sister. So if you need anything, call her. I love you sweet cakes.....your husband, LUKS."

My heart just fell, I don't need this money, I need YOU! I dialled his number, it went straight to voice mail....how could he do this to me??? I started crying and packing the money away with frustration..

Chapter 21

Mom arrived when I had just dished up.....I had absolutely no appetite....I just played with the food on my plate as mom told me the funny incidents of her church friends....I was glad that she wasn't asking about me.....she just chatted away her own business, we got done and I went to wash the dishes.....after that, it was bed. My next exam was on friday....so I decided to go to bed early. My phone was next to me at all times just in case he called. At first I told myself, I'll be angry and shout at him for not telling me sooner.....then I realized that I missed his nagging, I'd act sad that he left.....then I just decided I'd have to live with it.....until he came back....whenever that was.....I ended up falling asleep>>>>>>>>

The next day moved quickly.....I kept checking my phone for messages and dialed his number again.....Voicemail still! 😞:(...what was sooo important that I, Lithembelihle Manti-Mthobeni had to sit down, drink some water and wait for!....before I knew it....it was friday.....then saturday ek'sen....I was up by 4.....phof I hadn't slept at all.....I had an extra memory card of Xolani and I's photos....videos and favorite music....I kept replaying the memories, lol....there was a time he was teaching me how to drive....Sino was taking the video....he was soooo agitated: "Lihle, kunin ndik'xelela when you change a gear, nyathela lakaka ye CLUTCH! Awuyaz iClutch?? Zange way'fuman iClutch??? Nyathela la kaka!!!!" Me: "ngok und'thukela nton Xolani?" *teary eyes*Him: "mntu wam uyand'capkisa man, awund'mamel!....nyathela ke baby wam nyathela nd'bone"....and when I did a mistake again...he got fed up: "fokof, ndaw yakho ikwi Passenger seat k'le moto...yazi bendik'thembile....khasuke....!..." Sino and I were in tears kuhleka....all day long... The next video we were having a

chillaz at Sino's place, I can't remember who took the video....cuz I was tipsy...I was sitting on Xolani's lap,, just conversating...when our favourite song came on....we got up and danced together so intimately....it was the sweetest thing you could ever imagine....the sky was peach turning light purple symbolizing the sunset.....a few lights were on....the crowds were staring....everybody had their phones out....taking pictures...and at the end of the song.....we kissed...it was :
"whooooooooooooooooowhhiii" from our friends....he was light in complexion so he blushed easily....I spent the night at his place and I fell asleep on his chest....I woke up to him staring at me....when I asked him what, he said: "Yarhona man Lihle and'kwazang lala ngenxayakho...."lol....mxm umntu wam bethuna, umtshanam, umntase, utata....he played all those roles....and I don't know how I'm getting through this day when we lay him at his last resting place.....

Chapter 22

I took out my outfit for the day...he once bought me a cream dress from Stuttafords...it was cut from shoulder to shoulder and had long sleeves. It was tight fitting and was 5cm above the knee with a slit on the back. He said: "Ndakwaz ke wena, awnayo ilokhwe...intle baby le nday'thanda.....you'll wear it to a special occasion one day...xa uhamba nam, sizofaniselana...." ...tears ran down my cheeks at the thought of that.....in my thoughts: 'yabona ke ngok lovie asihambe kunye, ndinxibe lokhwe yakho kodwa wena awukhose camkwam...."I don't know if I imagined it, but I swear I think I heard his voice say: "Lihle kuzolunga.....nyamezela panqoza wam...."I gathered myself together and took out my black suede wedge with straps, that I bought from Rage 2 weeks back ndihamba naye, he was like: "I wonder zohamba njan ngezonto...usuke camkwam, tshi kuzothiwa ndityiwa nguwe xa uzoba mde k'nam mos...."everything I did had his foot print on it....i got up and went to boil some water to bath....I brushed my teeth....when I was done bathing I got dressed and ironed my weave straight but bouncy....I put on foundation....a lot...to cover up the bags under my eyes....I put on thick eye liner...and smokey eye shadow...and mascara...I fixed myself up in front of the mirror...then I heard a car hoot outside...I had asked Sam to transport me and Sino to the funeral...it was in New Brighton so besaqitha ngo Sino.....I got in the car and we drove to New Brighton.. Sino was waiting outside, as she came closer to the car she and Sam locked eyes for a very awkward long moment...I was not even in the mood as we drove to Xolani's home eMendi.

The body had just arrived, the priest started the program.....my shades were already on....I couldn't bare the pity from all our friends.... A family representative came forward and spoke to us about his childhood....he put a smile on our faces telling about Xolani's mischievous ways..."he didn't mean bad to anyone, he was just

a playful child"he said. Next up was X's best friend Buntu....shame he was fond of me....oh....before i started with Lukhanyo....I don't know about now.....he told us about his lazy tendencies and most of the jokes...I started crying again because most of them were told in my presence..."Xolani was the funniest and craziest in his friend circle....and was famous with the girls too....but there is only one girl, Xolani ever truly cared for....the one girl that could make him stop doing whatever and rush to her....the only girl that lay down the law for him.....Lihle....sinawe sisi through the pain you are going through, siyak'thanda and sohlala sik'thanda....ungam'soli umdali ngok'thathela ubambo lwakho....everything happens for a reason...sohlala sikhona for wena mntase..." He concluded and went to sit down, why didn't he mention his first girlfriend na?..alok ndingu no2 mna.....a hymn had started. I just couldn't take it anymore...satsho is'nqala.....

Chapter 23

Sino held me against her....and tried all she could to comfort me....I just couldn't help feeling dizzy and nauseas....probably because I hadn't eaten...but the perfume she had on really bothered me....funny thing is....we were together when she bought it matter of fact I was the one that chose it for her....but now Jean Paul Gaultier made me feel really sick...ndisa phethwe sis'nqala ndinjalo ndaske ndakhonyuluka...I got up quickly and ran to the nearest bathroom as soon as I got there ubunaar had already subsided....I decided to just drink some water instead....Sam followed with my bag and asked: "Lihle, umith?"....I was dumbstruck....like really now, here? You want to do this?...."Do I look like ndimith dan Sam xa und'jongile?" I was really annoyed at such a stupid question...she said just: "No Lihle, I was just making sure cuz.....hayi yeka wethu."...Me: "Thetha Sam"..Sam: "its really not my place...." Me: "Well, it is Now. So spit it out"....Her: "its nothing man, Lihle.....just that Lukhanyo was strict on the instructions he gave me ngawe...said something about looking after you and making sure you are well...I just assumed...you were.....you know".. Me: "Sam. That doesn't even make sense!...but ke its whatever..."...and I walked out. It was time to view the body....everybody stared at me as soon as I got out the bathroom...I didn't care, as a matter of fact...I was still annoyed at Sam questions!....I got in line with some of the friends...Buntu was right behind me, he touched my arm as a symbol of: "I'm here for you"...we walked on.....my eyes closed themselves, did I really need to see him?..before I turned Buntu held me again: "Lihle hamba...you need to make peace with his death and let go...."....when I got to the casket, my feet stood still, I looked at

him.....my Xolani.....his light complexion had turned slightly grey....his lips were purple and dry.....so still....at peace....I held the casket with both hands and stared at him like he was gonna wake up and stare back at me and smile, I waited.....the others went around me....I had to wait for his command....only Xolani could tell me to leave....I can't just leave him laying there....is he even comfortable?....was that suit fitting enough?...it was his favourite though....it matched my dress, I took my index and middle finger...kissed them together and laid it on his lips.....as tears just flowed down my cheeks.....I bit my lip as to not make a sound.....my long nails clawed at the nicely polished coffin.....satsho is'khalo....I breathed heavily....trying to gasp in air and started to shake the casket as I slid down to the tiled floor....Buntu came right in time to grab me.....as I was weeping: "Xolaanniii... Ndak'cela Lovie vuka.... Xollaaaannnniii maarn!!!..." The procession was quiet for a while.....then the cries of our dear friends.....I noticed two of his ex girlfriends....one came to hug me but she was also beside herself as we were outside we wept together.....we never really had beef, she was a nice girl and once requested me to be her friend on facebook....and we had small talks every now and again.....as the choir sang the closing hymn I got up and went to the car...the masses came out....hoes with their skimpy dresses, alcohol and loud music....I just felt that disrespected Xolani's funeral in soo many ways I didn't even know where to begin.....

It was one long way to the graveyards eForestHill....Xolani wasn't as rich as Lukhanyo, but he had an insurance policy to cover all that...his mother nagged him into it, I remember filling out the form for him.....he was sooo irritated it was just too funny.... We got there and I stood at the front right before the coffin as it was being laid on the green straps...the priest continued with the programme swiftly.....thank goodness cuz I felt my knees weaken every minute that passed as I stared blankly at his golden brown casket....it had gold bearings and such nice decorations.....as I was standing there my phone beeped I took it out and checked the message...I didn't know the number, it read: "Goduka Lihle"....oh come the hell on!....I stood my ground...who the hell had the damn nerve? Mxxxm!...I heard another phone vibrate.....Sam held my arm and whispered: "we have to go...." I looked at her and said: "Not until I see that coffin into the ground, Sam. Until then We are gonna have to wait dear."...she had a panicked look on her face and another message beeped into my phone: "Lithembihle, ndithe goduka!"....the coffin went into the ground, the choir sang the last hymn....in a distance I heard cars in full speed....you know that sound a car makes mos when its racing?....I started shaking as I saw 3 Polo's...all black.....the friends of Xolani started to throw the gravel back in the grave, I turned to Sam: "Singahamba kehok." Me, her and Sino went to the car....Sam

was ahead egxanya....as she said: "Kaw'lezan Lihle!" I put some hustle into my walk and went faster....we reached the car, climbed in and by the time I was closing my door....the car was pulling away....unjan na lomntu.....it was only seconds when I heard 4 gunshots and people screaming, I tried to look back and everyone was rushing to their cars.....Me: "Sam what the fuckin hell is going on?"Sam: "Lihle, andaz nam, I was given strict instructions to get you out of there qha!" Me: "By who??" Sam: "Lukhanyo."and with that I sat in silence and watched the road as we traveled back to my house..

When did everything go wrong, just a week ago I saw Xolani, we fought and broke up....and today I just buried him.....Lukhanyo has disappeared too.....where the hell was he!.....

Chapter 24

We reached my house it was about 12:00 in the afternoon...that was quick....I thought to myself.....Sino and Sam were still with me....Sino went to the fridge and made some food for all of us....I was numb.....I just couldn't speak.....and as for these two I don't know what's going on, ungangand'buz cuz nam and'zoba buza....I knew I would have to wait till Sam left before Sino told me....but Sam looked awfully comfortable.....I had taken off my dress and shoes and wore sweatpants and Xolani's Sweater....not because of the emotions I was feeling....naah....I didn't have anything else to wear and I didn't feel like doing iwashing 😊-_-thug life...it'll have to wait for umama ubuya kwakhe....I had on my fluffy socks too....the weather was changing.....ahh well, K'se Bhayi apha....as Sino brought us the food, the vibe between them wasn't bad. It was just weird....like they've seen each other before.....until I broke the ice, I couldn't bare it. Tyhin! Baske baqoshelana.... Me: "Sino umazelaph uSam?"*both looked shocked, I'm sure they thought through the swollen eyes I was blind*..Sino: "heeee hayke ngok Lihle!"and they both giggled nervously....what the ???? Noba k'hletywa mna apha.....soz'uve!.....my stomach started paining a little, I crouched, holding it with one hand....Sam immediately jumped and ran to me....."Lihle, yinton..." Me: "Hayi Sam, its just a cramp that caught me off guard...yhuuuuuu ndilinde period yam so noba iyeza ngok...." Sam looked at Sino and nodded.....Sino brought pain killers just to ease the pain....ndasela 2.....hold up.....ay'so still pain mos esi...ndaziva yozo yozo....as I snuggled further into the couch..Me: "Sino what the.....what iss thhhiis?" ...Sino: "Lala mntase uzoziva ugrand later on"Me: "but and'f.....a'fun lal ma..... "I was out*

As I woke up....I heard something ngathi itsho kude as I tried to familiarize myself with the surrounding it all came back....Sino drugged me!....but why, although my body feels more relaxed and calm....why??? I stood up holding on to the couch...and tried walking to the direction of the sound, it sounded like someone was crying....my home isn't big, its a cosy little 3 bedroomed house, but it felt like I was walking forever!....as I was holding on to the walls and dragging my sore feet I opened my bedroom door.....I almost dropped dead. "Sino! Sam! What the FUCK ARE YOU DOING IN MY BED!!!!!!!!!!!!!!?"

Chapter 25

Sino: "Lihle!...uhhm...its not what it looks like...." *trying to cover up*I had seen too much....I just literally turned around and walked out the house....I couldn't believe it. Sam and Sino? No. I needed air. I just can't deal....I walked out in the road, and took a stroll across a primary school called Dumani and a field toward the Peace Park eShowville.....a.a I needed peace as I entered the gate of the park I noticed a red corsa parked in the middle....well, there's always a car parked here wethu...I sat down on the grass and fiddled with my hands....in my mind I saw the image again....the one of those two.....Sam lay on the bed...her legs sprawled like an uncooked headless chicken....massaging her breasts....Sino on the other motherfuckin hand....was tongue'ing her cookie.....I was just beyond disgusted....believe me, I have nothing against gays/les/bi's....just don't do it in my momma house.....that shit disrespectful.....no wonder the awkward looks....they've done this before! Wait.....the first time I met Sam she smelt of Sino's fragrance, Pink Happiness.....how did Sino find out about Xolani?...she hardly knew his friends.....but mxm lemme just stop exaggerating.....I was sooo deep in thought that I didn't realize it was getting dark....I looked behind me and two men just got out the corsa and were walking towards me....shit....my heart raced as I remembered Lukhanyo's words....."Whenever you need anything, tell me! When you want something, tell me....I won't have a girlfriend osi-straat mate mna!"I got up with a spring.....ndiz'qibele ndinyabile....kodwa Fear is a great motivator I tell you, as I walked steadily out of the Peace park....the two men walked faster, the car moved behind them too....what the fuck?.....yhuuu I started jogging mntakabawo....and looking behind they seemed closer than before. Shit, Lihle, its time you spring into action, I said....I did a relay right in front of they eyes....worse alok when I had left the house I was in sweat pants and socks....so it was easier and quicker.....they ran

behind me too and as they were catching up.... I didn't see the bakkie as I crossed the street....I was running too fast to be able to stop....the tyres schreeched.....GQUUUM!!!!

Those years of hockey did me good today....it was a police bakkie, I managed to jump over the bonnet but hit my knee quite bad....I was screaming in pain.....they were just as shocked because they hadn't seen me coming....they quickly attended to me and called the paramedics.....I wasn't at all that bad, but my knee really hurt....I was crying so hard I felt like my head was gonna crack and my jaws would pop out...yerreee! My chest hurt.....it burnt like it was Satan's personal pillow.....shit.....ziphi na ez'paramedics Lord? Rather cela uze ngokwakho buqu because this is unbearable.....they arrived after what seemed like an hour in despair and agony.....I had even stopped crying.....I was just laying there, dumb as shit.....I just couldn't handle it. I wanted to die.....is there a feeling worse than this? I think not....as I was loaded on the ambulance and taken to hospital.....I suddenly thought of my mom.....oh Mama...ndamaz ke ngolila....I smiled at that thought....despite the agonizing pain....Lord bless her heart that woman....I love her.....as we got to hospital they admitted me in and started with the process.....uk'fakwa kwe drip kandiy've tu ntanga....the pain I was in just overpowered any other feeling....they sedated me.....and this stupid doctor asked me to count to ten and it'll all be over.....I felt so whooozi.....caba Drug Lihle Day today ne.....I was out*

I woke up to a familiar smell, it smelt rough but comforting....almost relaxing as I opened my eyes.....I looked right into his cold eyes, if I could I would've jumped but I was held down yile moeren ye naliti....my body ached..... Me: "I'm sooo sorry...." Lukhanyo: "for what exactly? Running around eMotherwell at night? Betraying my instruction? Or carrying my baby and not even thinking about ya'll safety...? Huh? Ngeyphi Lihle??" You see now I was confused by the last part....I beg your pardon, your what sir??Me: "Lukhanyo, and'kho mith mna....." Him: "The doctor just confirmed it Lihle. How could you have been so careless...? Do you know what these people could've done to you? Babes, nevermind the seed in your womb kehok, but wena Lihle bucinga nto??" Me: "but Lukhanyo....I.....I just....." The words just couldn't escape me.....I looked at him, his eyes were filled with tears...."Lihle don't you ever, uyandiva....don't you ever do that to me again..." As his tears rolled down his cheeks...he wiped them away furiously, got up and left....

Chapter 26

I'm sure by now being confused and tired is just part of my personality traits.....me pregnant?.....nooo man, the doctor must've made a mistake...I always used a condom with Xolani nje.....ndandiy'raid(a) alok sana hence there was another woman in his life....its part of the reason we fought the night he wanted a baby....he asked to take it off.... Hayke shame bengasoze ay'win(e) case because I was sober as shit..... So how the hell.....oh wait.....Lukhanyo! Inoba nd've wrongo man....did he say his child??...ahhh fuckit.....my chest pained again....my boobs ached.....my legs were numb.....I didn't know whether to feel excited or depressed....a baby with Lukhanyo?....I wasn't ready....I had even run out of tears ngok.....I just looked around nervously...it was all becoming too much, I didn't even worry about the things normal mothers would worry about like: Nappies, Food, Clothes, School Fees. Without even a second thought that was taken care of.....I was worried about my baby's safety, the kind of people Lukhanyo associates with is beginning to rattle me...didn't he say when we have a child together he'd change his lifestyle for us?....stop the madness?....as I was still busy thinking my mother walked in....SHIT!! How was I gonna tell her???? Yhooooooooo....Mom: "Lithembelihle mntanam...." Me: "Molo mama" ...*smiling*...Mom: "uziva njan?" ...Me: "dolo liseb'hlungu wethu mama but not kakhulu..." Mom: "Kwenzeke nton Lihle?" Me: "mama mna, I was taking a jog, so ndayojika ngase Postile xandibuya, caba I was still running...then you just wouldn't believe these two dogs...zandileqa njani...yuuuuuh!...I was running for my life, undazi ndiligwala ndinjalo....I crossed the road ndinga jonganga and bumped into la van yamapolisa"Mom: "Jogging with socks Lihle?...uqala nin?"I went dead silent.....Mom: "Lihle is there anything else about you that you want to tell me?....Me: "ha.a mama..." ...*looking innocent*...Mom: "uth uGqira wakho umith"Me: "nolwim'qithi bonanje la gqira...." what the fuck ever happened to patient and doctor confidentiality??? Haaaayi Jesus!..... Mom: "Lihle ndand'then kuwe?....yinton lamnyala und'phathele wona? Zinton eziz'zmanga uzenzayo with whoever?? Aw'yoyiki AIDS Lithembelihle?? Phof....and'saqond' noba ulithemba kum ngok.....lento yakho indixakile mna.....ndihlambi zandla ngawe mntanam....ndiyak'thanda...kodwa, cela ungabisa buyi endlin yam....I left your bags with the Nurse Sylvia"and she left.

I went blank.....what day is it?? Yoh! Andi-confused man.....heeeeeeee, ndizothini....I can't go to Sino's place.....Lord knows what she'll do to me while I'm asleep....and Lukhanyo just left here I can't call him back.....he's still mad as shit....oh Lord ndizaw'thin....I don't even have my phone here.....I'm all alone.....guess I have no choice.....Sino's is the only number I know of by heart right after Xolani's.....ow

Nkosi Yam.....und'shiyeleni Xolani.....I picked myself up and failed dismally.....then tried again but my arms were wobbly.. I started weeping silently playing with my fingers.....when I looked up Lukhanyo walked in.....with 2 roses, a gift bag and one fat aSs Teddy bear....Him: "Thought you might need these while you're here...." I didn't even bother looking at him.....he had ruined my life in a space of one week.....how was I going to survive my whole life? I think next week ngumngcwabo wam...."I can't live like this Lukhanyo.....my mother kicked me out the house because ndimith and besides that ever since you showed up in my life, shit started going wrong!.." Him: "I know.....look, I spoke to your mother Lihle.....and we came to an agreement...." Me: "I don't know if I even want to hear it...." Him: "You and I have to get married then she'll accept you back.....and it has to happen before you start showing....."

Uthini na lomfana....?

Chapter 27

I felt like I was in a dream.....no I have to be.....days turned to weeks....and it was a month later that I finally got out of hospital...heeeee my bloody exams!....3 of my lecturers came to visit me though....but I'll still have to write....I was using one crutch. And packing up....I'd ask Lukhanyo to get me my BlackBerry and instead he brought a brand new iPhone 5. Asizovana nalomfana....I ask him to do one thing yena yaleqeka wenza unothanda.....seriously...as I was done he walks in.....with Sam. I hadn't seen her since.....you know....."The incident"and I had never told Lukhanyo about it....till this day he doesn't know the reason I left the house the day I almost lost a leg....I was now one month and one week pregnant, Lukhanyo was so excited, I swear he wouldn't have minded carrying the child Himself! He keeps saying its a baby girl...lol, ow mxm...yaboniswa bonanje.....I didn't feel much, the doctor observed me twice a week because he felt my body was still weak after the accident to carry a child...proved his tiny ass wrong.... I had agreed to marry Lukhanyo. Why? Because if I didn't, I might never build a relationship with my mother again.... I might get really hurt because people will soon find out I'm carrying his baby...and come on....what's not to love? Let aside his nasty ways and job....he's a really good guy. Anyway...its also been a over a month since Xolani's death....I can never forget that man. He taught me soo many things....even though he emotionally abused me, he built a strong black woman.....was he preparing me for this? Because damn.....

Lukhanyo: "Maka Luhle, are you ready to go? Ngam'libal teddy bear wenu..." Who?
...Me: "Sthandwa sam nguban uLuhle?"....he smiles....he looked so excited to explain, I could swear he was about to explode.... Him: "Alok baby, whether its a girl or a boy, liyangena ela gama...I combined our names together and came up with Luhle....Luhle Oluthando Xolani Madlangathi Mthobeni.." Me: "I doubt that's all gonna fit into the birth certificate babe....and then, Xolani ngenaphi?" Him: "Lihle, as much as I don't regret his death, Xolani was my friend...we had 15 years of friendship...but the things he did to me.....amajita.....most especially my family.....was unforgivable.....but ke yayiyi awti'yam leya....skeem saam blind." Me: "Xolani was never the type to do the things you do Lukhanyo....." Lukhanyo: "naah mfaz'wam....he did worse....its all in the past now....anyway masambe man, Mamam k'dala efun uk'bona...tshi..."....my mind drifted as he held my hand out of the ward.....Xolani did worse things? Like what?....he didn't sell drugs, he didn't kill people...so what is it that is sooo bad that it broke Lukhanyo kangaka...but he loved him shem....I could tell.....I made a mental note to research about this ridiculous, shy friendship....

As I got to Lukhanyo's place...he dropped me and Sam off and said he was coming back....I went to the room we first made love in.....lol.....ndaxoka rhaaa, we fucked....that is no secret....the place where Luhle was created.....Sam came in the room and closed the door, I'm sorry to mention, I am afraid of females....you can never trust a woman...she seemed disturbed, she spoke first: "Lihle, I'm sorry...." Me: "its chilled"....looking around for an escape.... Sam: "I'm not gonna hurt you, just want you to forgive Sino.....mna you can hate all you want, but think about her....she hates herself already....and she has nobody else but you....please don't turn your back on her..." .. she opened the door and walked out.....I really missed her kodwa nyan yaz.....I should call her...but kame ndi-settl'ishe kqala....as I was opening the drawers...and storing my things ndadibana ne I.d... Yaka Lukhanyo.....

It was him in the photo.....but the name: Lukhanyo Aubrey Mzinyathi, DaFuq? 🤔

O.o

Mzinyathi was uXolani mos!

Kwenzekan na apha?

Chapter 28

I had to sit down....what is this? Lukhanyo and Xolani cannot be brothers, but to tell you the truth it seemed.....believable. Firstly, I have never met Xolani's mother only

heard about her from him, he loved her shame....every 5 minutes there was "heeee umama uthe....." Or "ndisayo landa umama"....from what he told me she never got married, and his father died a few years back.... With uLukhanyo I hardly heard about the mother kengok, matter of fact you'd swear she didn't exist....his mother had gotten married to his dad.....but.....the dad just passed away. No man, is this the same dad?....yhuuuuu, I decided to become a detective I had to find out the truth....why did he lie to me? about Xolani and 15 stupid years of friendship....I looked through some more drawers. Nothing...the cupboards, wardrobe....bathroom....and finally under the bed was a little square suitcase. It was brown and old.....as I took it out, it had iqhaga elincinci on it....I needed a key....or a knife.....no, a bobby pin!.....I once saw Xolani do this when I'd lost my suitcase key, I had to have a bobby pin somewhere, I looked and searched...I was getting exhausted because the information and the stress it brought.....as Lukhanyo walked in, his eyes looked straight through me, kind of like he was piercing me, he looked a bit pissed off....I couldn't really tell....Him: "Wenzanton?" Me: "uhm....ndiyaqoqosha baby" Him: "uqoqosha nton Lihle?" Me: "our stuff, I needed to make more space"....I crept to the other side of the bed where the suitcase is as he looked around like he was confused, I got to the suitcase and pushed it slooowly with my foot..he looked at me again and walked towards me....I stood with attention, like a damn soldier...hands on the side, head held high...but I was smiling, he came close to me and held me...he looked at me with those eyes, they made my heart race, my body shiver, my mind run around....I felt like I wanted to cry....tears of joy...yoooh, my heart was really heavy....as he brought me closer and kissed my lips....shiiiiit.....everything else was forgotten, yooohh those lips...that tongue.....I held his shirt and pulled on it....the kissing was light, not passionate....it felt like it was rehearsed....I'm not gonna lie, my boobs felt hard, my cookie started tingling...he guided his hands down my waist and down to my ass, he held it and squeezed it.....he closed his eyes and looked to the ceiling...his hands lifted me up with my ass and he lay me on the bed....rubbing on my breasts, he kissed my ears, cheeks, nose and went back to my mouth...I was wearing tights so his hand just slid down there and did its job....yuuuuuuuh....still kissing he suddenly just stopped, Me: "ha.a man uyekela nton ngok??" Him: "hay Lihle, its still too early...I don't wanna hurt you...plus the baby" Me: "The only way you could hurt me right now is if you stop.....iza man baby....just kancinci nje.....plleaaase...." Lukhanyo: "the moment usiva kab'hlungu you'll tell me stop ke ne....." Me: "yes sir 😊 :)".. Fuck that though....I shoved him to the other side of the bed....ewe I had a cast on my knee but nobody told me not to fuck....I pulled down his pants...and kissed his chocolate brown body massaging his D*....I knew he wasn't expecting it but I did it

just for the liking.....I went down on him.....as I guided it in.....he gasped a little.....hehe....its revenge.. Playing with my tongue was already a skill mastered through iStokki...I loved lollipops.....his breathing quickened...he held on the bed...pulling at the covers...before he could enjoy it forever I stopped.....and smiled at him....wait....he had a fierce look on him...he pulled me up. Lay me on the bed and ripped those tights off.....he guided himself in.....now I was the one pulling at covers.....don't get me wrong he wasn't huge....he just had the skill...

Bro Tip: "that counts, NOT the size...you could have the longest and the thickest in the building but not know how to use it...so before niye kwi sangoma to enlarge your dick...watch a few videos, and do a few yoga moves with yo girl....and Thank Me Later.

My one working leg was on his back and my body moved with him....it felt so calm.....relaxing.....I could feel my muscles unnerving with his every stroke....we were making love.....I had never experienced that before....especially with X...it was also the 2 rounds like I paid for it and it was in the missionary position... ya kno? Boy on top of girl...? He wasn't spontaneoushe was just chilled like that.....May God have mercy on his soul....my heart beat faster...my body shook as I had reached my climax.....he also moved faster...ooh.....goodness.....he was almost there....his breathing turned to gasps of air....."Ooh Lihle...."and he came.....he lay on top of me for a while.....he then jumped up, Him: "baby andin'sindi? Yoh, is she fine?....I'm sorry man Lihle...." ...he looked genuinely frightened....Me: "hayi man love its okay...nqenqa aphe camkwam ke better....." Gone were the days of ME lying in his arms...he was the one who lay in mine...he said my boobs were his pillows....heeee yaqhela le.....his hand lay on my tummy.....our tummy....."uLuhle ka tata...." He said

Chapter 29

He fell asleep on me.....I was definitely not going to sleep.... I needed to know, what the hell is in that suitcase...but ndizosuka njan k'lomntu....its as though he's holding on for dear life. I shifted yangath nditshintsha position yolala....heeee hay san umntu just lifted his head lightly and moved with me...yho hayi kodwa 😞:(...I decided to wait the anticipation out.....and ended up falling asleep.

As I opened my eyes...he wasn't next to me....hmmmm I wonder uphi, quickly browsed the room and saw his clothes weren't there either....I looked on the dressing table for car keys....bengene nazo phof? But ke azikho, and the house was

dead quiet....time to be an FBI again... I got up and wore a gown walking to the bathroom(en suite)...opened the first drawer...2 clippers, small brushes and shaving equipment...second drawer...bathroom utensils, extra soaps, toothpaste etc.... Third drawer...scissors, 2 small knives.....and a gun. The bullets were scattered in the drawer. I was so nervous I wanted to cry, I picked it up slowly and held it for a minute. Why would he keep this in a bathroom? A fucken Bathroom! I was so shocked and I couldn't breath....I didn't even hear him walk in: "Lihle, what the fuck are you doing in my bathroom?"he stood in the doorway.... Me: "what?? Excuse me???" I didn't know your bathroom was a weapon storeroom! Forgive me!!! What is this doing here!" Him: "Lihle.....I have tried and tried to keep you safe, to protect you from my life..but wena you just keep pushing!! You want to know more about me???" Nxiba Lihle. I'll show you ALL you need to know, but uyazi ke there's no going back! NXiba!..."he left the bathroom.

Of course I got dressed if this man was to be my husband then I had to fuckin know.....I found him waiting in the car. As I got in I asked: "Siyaphi?" Hi: "kanguthi ufunu yazi?..." We drove to Kwa dwesi in silence.....when we got there, we found the family sitting in the lounge. It was his mother, Sam, 2 men whom I think were his uncles...cuz they looked too comfortable to be friends. Me: "Molweni..." Looking at the mother...I could tell just by her look she didn't like me. Not one bit....! Heeee ndimenzento!?!....Lukhanyo walked right past without even an intro...I had to introduce myself: "igama lam ndingu Lihle mama, ndingowase motherwell"She: "Okay"and that was it. She: "Lukhanyo, cela sithethe..." Lukhanyo: "Thetha phamkwa lo, she's part of us now...." She: "oh wow then.....welcome mntanam" ...she said with a smile.....it looked.....creepy

Can I change my mind now? Eish ndamoyika lo nozala kodwa 😞:(

Chapter 30

"Uthe ungu Lihle mos?...well, girly, if you say uyamthanda uLukhanyo. Uyomthanda unaphakade ke....when you enter this family, you aint leaving. We will take care of you....you will live your daily normal life, ikuwe if you want to join in, or keep the secret and stand back. I run a successful business mntanam, and I will not let anyone....come between mna nayo....siyavana?" Before I could even answer "Good" she said.....how the?....no man...."NgooMalume baka Lukhanyo aba, uTa Smig, noTivo and that's how you will adress to them. And'fun va bhuti or malume." ...I nodded my head...."I take it you've met Samkelisiwe, intomb'yam yok'qala....and you..." As she smiled..."Are my newest daughter.....sukoyika.....aw'zo bulawa tshi.....at least not yet..." They all burst out laughing....I just stared at her....did she

just..... threaten me? Hayi man....?.... Lukhanyo walked in: "Bae, iza ngapha"...I immediately stood up and said: "Xolwen mama"...and left...I overheard her say: "she seems tough, qha ke usweet too much...that might be a problem.....Sam, you know what to do"...immediately I started panicking....we walked into a dark room, it looked so neat, neater than my own room at home!....Lukhanyo took out a packet....He lay 4 pills on the table... Him: "Zinton ezi Lihle?" ...Me: "looks like pills ei, I don't know..." Him: "please drop the sarcasm, we're working here asizanga zodlala....This is Xanax, Ecstasy, Percocet and Promethazine....I don't sell them directly...I import them, and distribute them to drug dealers and they give it to their boys to sell....I get this inside the country....and that's it, that is the first part...iza ngapha..."we walked to the next room, even my walks changed yangath I shit on my pants....kodwa nd'yaz'thand izinto man... We entered a room, it had so many locks on it, shit I thought I was being cast out of heaven....Him: "do you want to guess what these are?" Me: "Guns." Him: "correct word is Rifles, guns are toys...we don't use that shit...ezi we get from a supplier who works in the army e-Afghanistan...we sell them to amagintsa for bank robberies...that's why you'll find that thugs in robberies have better guns than police.....they're imported"he smiled. "Now, we have to teach you a few more things. We'll start with your driving when your leg is healed....okwangok, its meeting the others....you still okay?..." ...Me: "I think I need to rest...."he smiled: "nguwe othe ufunu yazi, sistress esi Lihle...police raids are nothing we have contacts in the police stations...so we get word before they get here.....then there's a process called "packing" where we pack the merchandise under the floors....you'll see when it happens....okwangok you mu-"I screamed and crouched holding my stomach....the pain, I felt!.....it was like someone stabbed a knife through me....my body shivered in agony....what was going on??....Him: "Lihle!!! What's wrong???""The baby!!!!" I screamed...

Chapter 31

I woke up in a light blue room, I know they say blue is a relaxing colour....but I felt the opposite...it was frustrating!...Lukhanyo was sitting in a chair next to me, his head resting on the bed in his arms...he was mumbling....was he.....? He can't be praying.....naah....he isn't praying.....then I heard a sniff.....he's crying too?....."Lord Jesus, I would do anything....anything....cela nje okwo mntanam..... I'd stop all this, I'll go to church, I'd be a priest.....cela nje intomb'yam....Somandla...".....ncaaaaaaaw, I

thought.....that is so sad, but unaye nje umntana already.....kuthen kengok eso? Me: "Lukhanyo." He almost jumped up...the sadness in his eyes....made me cry too....as he held my hand.... "Lihle I'm sooo sorry....I shouldn't have dumped all that on you...worse ungeka phili...bendinomsondo baby...please forgive me...." The doctor walked in.....my heart started racing.....did I lose my baby?....I can't deal with another death so soon....a.a noo I can't....I started breathing heavily....and cried.....I didn't want to know that I had lost my little champion....the doctor tried to calm me down.... "Lihle, please try and relax....the baby is fine...we are doing tests to conclude what really happened....from my side it seemed like a panic attack, and your blood pressure is abit low....we are gonna have to keep you in for a few days....." Lukhanyo breathed a sigh of relief....he closed his eyes and put his hands on his head.....lol, that must not have been relief.....lmao....its probably because he just made a false promise to God.....I just smiled, mna for one was thankful to God, and while the doctor was speaking greek to me in that doctor language I thanked the Lord silently.....

A few days later I left the hospital. Lukhanyo was there at 7am already kodwa ndiphuma ngo10...he just sat excitedly and chatted about his childhood...he didn't mention Xolani...I almost forgot!!...my research...as soon as I'm alone I thought to myself but he won't leave me alone....I'll just say, if I go back to KwaDwesi, it'll bring back memories and I'm not ready for that, then I'll pout, that always works.....Deal! So by the time we left...he said, "Babes, I'm gonna go fetch a few things eDwesi ne...." Me: "I can't go back there Lukhanyo, the memories.....I can't do it..."....he looked at me, I acted really sad.... "Its okay babe, ndizak'droppa phe ndlin..."....we got to eFord and went inside....he pulled out the "comfy couch"...he said it was his personal whenever he was feeling lazy....he brought extra pillows and fluffed them up....lol....shame he was trying..."Butyile Lihle?!" Me: "And'lambanga sthandwa..." Him: "mxmm..."...he made me 3 sandwiches and hot cocoa...waz'beka camkwam...ndiyabuya ke lovie ne....Me: "okay"...he bent down to kiss me and left...I waited till the car pulled out the street then got up and went to the bedroom...I had found a bobby pin! Oh the joy in my heart....I ran underneath the bed and to my surprise it wasn't there... Fuck!!! I have to go all Detective Ndovela again?????? My heart just got tired but I couldn't give up!....I stood up and looked through the entire room this time.....still, nothing....I was soo disappointed....as I walked out the door, the painting seemed out of place, maybe the screw wasn't intact, yes, I was that bored I took off the painting and Bam! A safe!....it needed a pin...I thought carefully, his birthday.....Incorrect, Mother's name....Incorrect, Lihle.....Incorrect, His name.....Incorrect.....haibo...what could it be, my tummy got a minor cramp as I held it...Me: "shhhhh man baby....mama yacinga..."well of course she couldn't kick

yet....it was just a cramp....then I stopped dead in my tracks....Luhle!!! I typed it in and it automatically opened....heeeeeee uLovey! 😊:D...the suitcase was in there....I tried to open it...and it didn't work the first and second time, but opened on the third try. My heart raced, whatever I find here better not change the way I feel about him....I lifted the top....it was just papers....okay, I wasn't expecting a human hand....but come on...it would've been more interesting than just papers....one looked like it was from a doctor....it was dna results....of Chumani Mzinyathi....I figured that was the first born...it matched 22% to Lukhanyo Aubrey Mzinyathi. You mean to tell me....that's not his child??? But he has to be related kuye otherwise it would've been 0 or something....right?.....wait.....the phone call when we were at Finezz, "Sbongile nd'yeke mna, I'm supporting the child mos ngok, andik'fun.....akasekho ngok Xolani ubalekela kum!"Sbongile had to be Sbosh, and the baby was Xolani's!!!

BUT, why was Lukhanyo supporting his arch-enemy/brother or cousin's child?? For two whole years! Worse this document dates last year so he KNOWS!....I automatically felt sorry for Sbosh, cuz Lukhanyo won't just let this slide....."Lihle, wenzantoni?..." I almost fell, on the FLOOR!

Chapter 32

Hayke now I had no lies.....you know the song ka 2 chainz? No lie , no lie no lieeeeeeyayiyayi....!

I just stared back at him....he was a big man. Ta Smig had a deep voice that could shake a person up and he looked really rough....I asked myself If I use the cry method would it work?....I decided not, I'm not childish, ima face him like a bitch! Yeah. You heard me, a Bitch!...."I'm looking through my husband's things...what does it look like?"....Ta Smig: "you know he doesn't like that right?.." Me: "That's why he isn't here.....and you are not gonna tell him"if I was to be part of this family I had to put my foot down....no more sweet Lihle. I had to be feared!....he said: "find what you looking for?" ...Me: "Not exactly....." ...he sat down on the bed.."Kanti ukhangela nton?".....Me: "the connection between Xolani and Lukhanyo..." He just laughed out loud and said: "you'll never find the evidence mtshana....ask someone who knows..." Me: "Are you gonna tell me?"....Him: "Are you gonna make me coffee?".....ngath sizovana na le.....Me: "deal."....

We sat down at the dining table with our hot beverages he began: "what I am about to tell you, you are not to mention to no damn body siyavana...or we'll find your body

in a dam".....my eyes popped out....he said: "haha I'm kiddin, you really need to lighten up...we don't kill people thina...that is not our job.....anyway, Lukhanyo's father, Bra Zakes ran this operation....he started it because he was tired of being poor....they really struggled....Lihle, it was bad...even before Lukhanyo was born....they(Luks dad and mom) lived in Veeplaas in a 1 room shack...they had to share everything....I tried to help where I could but nam I was doing bad nakwelam icala.....Lukhanyo was born in that shack, because they had no transport to take her to hospital.....they had to start walking ekusen the next day for uyoklinwa.....his mother didn't make it....." Now I was confused.....kanti nguban lamfaz behlel pha....? He answered me immediately..."That's his stepmom. They have no relationship whatsoever....Lihle, he can't stand her.....anyway after the mother died Bra Zakes gave the child to my wife to take care of.....he started this business and it gave a little profit each month...he used to send for his son, and they'd spend a day together....Bra Zakes met another woman....wam'mithisa....and that's how Xolani was born.....between them it was nothing serious and Xolani only lived with his mom....Bra Zakes couldn't accept the child andaz ke nam why i never asked....." He sips on his coffee...."Lihle unazo irusks..? Imand le kof"I frantically looked for rusks, I found Tennis biscuits and handed them to him....he continued.."Enkosi....so basically, I don't know what shit that woman ever fed Xolani but he hated his father with all his might.....when Lukhanyo was 12, he met Xolani at a rugby match and they became friends....somehow, in their story-telling they realized that they were half brothers....it shattered the family, but the two were fond of each other....most things they did together....obviously ekudaleni Xolani found out about the business, he wasn't doing bad ke yena....but he wanted in.....Tatabo zange avume, he hated him for years on end, and Lukhanyo was caught between....then to cut a long story short, Xolani formed a gang with his father's enemies....and they had Bra Zakes killed....yena he thought Lukhanyo would draw closer to him, but yamaz nawe Lukhanyo it didn't take him long to figure it out....that's when the Love-Hate relationship started.....Xolani fought so hard for his big brother's affection, but Lukhanyo couldn't do it...you see Lukhanyo had no mother, his father was all he had...Xolani took that from him..." Me: "So as revenge Lukhanyo got Xolani killed?"Ta Smig: "No love, Xolani was a bastard to everyone.....he made enemies, and when his number 1 enemy saw him that day standing with you, he shot him. Yes that enemy is Lukhanyo's friend...but Lukhanyo had nothing to do with it....and lomtana ka Xolani, the reason why Lukhanyo is supporting him is because they are the only two males left to carry down the family name.....mna nomfaz wam can't have kids..." Me: "I'm sooo sorry..." Ta smig: "its okay baby girl, we learnt to live with

it.. "...Me: "But why Lukhanyo ezofuna a girl?...and not a boy....?" Ta Smig: "Because, he doesn't want your child and Chumani to end up like him and Xolani...." ...he looked at his cellphone, and got up quickly.... "he's on his way....Lihle, don't act different...be cool va....sophinda sithethe"with that he left

I immediately felt sorry for Lukhanyo....he was the victim in all this!.....ow bethun umntu wam 😞:(.....right as he walks in, Lukhanyo: "zofuna nto Ta Smig apha?"good Lord, am I ever gonna be at ease apha?

Chapter 33

"He came to see how I was doing Lukhanyo, and I made him some coffee...."as soon as I said that remembered....the safe! Ohh it was gonna go down if he saw that!....shiiiiiiiit! "Uhm babe, I have a surprise for you yaz"Him: "nton leyo Lihle?" Me: "sit down on that couch and behave...." ...as I winked at him...he looked confused but excited ke....so I went in the room, put the things in the suitcase as quick as I could and locked iqhaga.....then placed the suitcase back in the safe....and closed it quietly....luckily it doesn't make a beeping sound.....and it locks itself....good choice babe.... I looked through my bag...and found my new pair of lingerie.....I bought it a while back, Xolani never really noticed underwear, new socks etc.....he just notices hair qha.....and that's it....so no it wasn't for him...

Girl tip: Ladies, spoil yourself every now and again. Go into temptations and buy a lace G strings....men loooove lace, and they are craaazy about strings. It just does things to them inside....its an automatic turn on.....plus it makes you feel confident! Try it... No, so don't do that nge bra and undie yakho....ay'so sgezo....nam nday'fundiswa, I'm passing on the info.... So I got dressed in my little black lingerie suit and leopard print knee high boots.....the look on his face was priceless! Haa!...got you.....I walked towards him and stood right in front of his face...Richard(his thing, lol) was already standing up, what a gentleman...Me: "Baby, I don't know how to work your home theatre system yaz..." Seductively.....I turned around and bent over....I could feel him sweat....shit, I should've tied him on a chair...oh well....as I was busy pressing random buttons.....he grabbed my waist and turned me around.....aw'na selapha.?.....wasn't he sittin over there just n-his lips pressed on mine.....I pulled him to the kitchen as he pulled me up and sat me on the table.....he literally tore his shirt apart.....slow down

tiger.....I pushed him gently away....."Baby, ka-layte lamculo man.....faka Miguel....I wanna dance for you"...Him: "Babes your leg tho"...Me: "on top of you ke??"he smiled....as he went to put on some Miguel.....he sat on a stool and I climbed on him...swerving my waist in a shape of the number 8 on his D*he's breathing quickened....Him: "Baby....." Me: "yes hun?"..he picked me up without a word his pants dropped to the floor and he put me on top of the table...he climbed right behind.....the glorious doggy style...he slid my string sideways...we had no time to be takin it off....You mad bro?...tshi!....as we started our exercise....yoooh.....the rush I felt....it was beyond amazing....he growled like a grizzly bear and I moaned all his names.....no I didn't say Mzinyathi....nimaz nje angayeka kwa le ayenzayo and'buz ndiyazelaph.....it felt too good....he was getting rougher....as he was now spanking my ass....the pain and the pleasure was ecstatic, I felt my body responding to him....it got to shaking then

That felt good.....really good. I managed to cover that up...quickly futhi....he looked tired...so I had to summon him to bed...we locked up the house...and closed all the curtains....it was in the afternoon...but not for us....siyolala thina....we got to bed and he didn't even waste a minute when I lay down on my back he climbed on top of me and lay his head on my stomach....and drifted to sleep....I was also abit sleepy so I played with his immaculate haircut for a while then fell asleep.....

I woke up to him, tapping on his iPhone...he looked my way and smiled....I smiled back at him....."Yinton na lovey....?"... Him: "I hope you like Pizza, cuz ndonqen upheka...I just ordered the chicken triple decker, I'll toss some salad for now If you like?" Me: "hayi baby, pizza is fine, I'll wait....kwazelaph pheka na?..." Him: "heeeee, cimba ndili vroush lendoda wena....awazi nto..."we both laughed at that....ncaaaw man....if we could stay like this ke ngok....I'd be really happy to be his wife....then he asked: "so baby, bufuna nton kwi safe yam?"

Thizba Bawo, yinton na lomfana!

Chapter 34

I'm at the stage in this relationship where I've learnt that I can never hide anything from Lukhanyo...nevermind lie to him...so its just better to tell the truth...he seems calm about it so maybe I shouldn't try to piss him off...Me: "baby, the day I came back from hospital, I opened the drawer looking for storage and I saw your I.d so I looked for more evidence..."More evidence to what?" ...Me: "that you were related to Xolani, I

found the suitcase under the bed but you walked in ndisakhangela iBobby pin to open it..." He giggled, "Who taught you to do that"....Me: "Xolani".....Him: "kudala yangu tsotsi lantwana...."....Me: "I found the dna results z'ka Chumani.....why didn't you tell me?"....Him: "it was safer when you didn't know mntu wam...."....Me: "so Luhle will be your first born?...." Him: "well yeah....".....what a calm conversation.....Him: "just one more thing, I want to add on the instructions I gave you....Whenever you want to know something, Ask Me... You can't swallow everything people say....if you really have to know, I'll tell you. We clear?" Me: "sure..".....he pulled me closer to him and kissed my forehead....."Umhle yazi...worse ngok umith, uyaglowa baby..."....Me: "heeeeeee! Gayeke Lukhanyo man" *eqosha*....Him: "babes if awuxelelwa ndim uzodunyelwa xa uxelelwa ngez'ntwana.....nd'funuy'qele kwalapha kwixhego lako lonto...." Me: "tsh, babes you not that old...ungow'ka '87 nje..."...Me: "Lihle, ndimdala....yohlukana nento zam...."....lol...ahhhh....I'm loving this man....the way he laughs, makes me wish I was a comedian.....its like butter to my ears.....his voice....the way he spoke....Lord, Forbid those sexy walks.....

The pizza arrived, he dished up for us....and we started eating....yo000oh, hay I was actually really hungry,, I ate 4 slices....ndane ntloni to take another....lol.....I know, I know....but I just didn't have the guts so I drank the juice instead....Him: "heee, baby, and'na movies apha iza siyobukel movie ecinema...." Me: "a.a man babe, can't weren't instead? I feel like being at home mna"....Him: "nxiba gown yakho eshushu ke sihambe..." Me:"soze ndihambe town mna nge gown..." Him: "ufisha ban dan kodwa ndikhona?...."his expression changed, I didn't care tshi....yo0oh, I took out my jeans, with a denim shirt....and wore my mustard Timbaland boots... Funek ndiye salon ndiyokhulula futh ngok noko....nyanga ninzi...I need a new hair-do...soft dread seems appropriate...he enters the room....Him: "hayi kengok!...amariva yaphi?" Me: "unganxibi awakho nje....yeku feketha!..." I meant that as a joke, wakupha jean yake, a black sweater and his gold chain....ndothuka ngomntu ekupha Timba'z zakhe naye....lol....we finished dressing and decided to take the Range...it supported our look.....but moto yaske yayo ngena elokshin.....sayomisa kwa Oom Cola....Me: "kukwa Mr video apha?..."....Him: "for a few hours please babe?"....and he did the puppy dog look.....okay,okay, I gave in....

As we were sitting with his friends, with his arm around me.....I saw her first....epethe a bottle of JC Le Roux.....it was Sbosh.....she had the look "Kill" on her face....my mind shut down.....

Chapter 35

"Babes, sihamba nin?..." Him: "ow hay sthandwa sam kodwa....Me: "Babes, you could just drop me endlin, then wena ubuye....I'm a bit tired yaz...."and truth be told I had a bit of a headache, I was almost two months pregnant...and the symptoms were starting to kick in....I didn't need istress s'ka Sbosh... Him: "I can't leave you there all by yourself Lihle....that's not gonna happen"....we didn't realize that by now the whole table was now staring at us.....Me: "Lukhanyo, this isn't the correct environment for a developing baby....we can't risk it again..." I whispered.....his tender loving eyes lowered....and he looked down: "you're right.....andaz nam bes'zothin apha....ina sthixo and wait for me in the car...ndisayo betha manzi...."I took the keys, said my goodbyes to the team and left.....as I approached the car, a voice yelled behind: "heewena!" I didn't turn back....and'go 'heewena' alok mna....it said again: "heeee yand'delela lomtana, ok'salayo ndak'tyela ndaqiba k'la kaka uXolani and ndim waphendula la phone! Haha....sieees wabalekela ku Lukhanyo qiba kwakho? Aw'na ntloni, awuz'thand".....you see the thing is, me and her were the same....we both fucked the same guys, and we both got pregnant. The only difference is.....ndiyakwaz uz'phatha mna. So I unlocked the Rover, standing by the driver's side....Me: "Sbongile, and'na xesha loxhwithana nawe mna..." She: "rhhaaaa! Siiiiieess puuuuuuh! Ndinga bethwa nguwe mna???, sana, ndiyokundakuza kanene!" ..she was coming closer in a fast pace, my heart raced..but she was stumbling because of the alcohol...remember I told you Fear is a great motivator!....when I fear something, my mind shuts down and switches itself to automatic and does what it feels is Right..as she was about to slap me, I shoved my Timbaland in her fucken face....she felt to the ground with a THUD!! Andith I told you she was big boned?....well, your favorite bitch climbed on top of her chest and bent down to her face, Me: "Sbongile, sund'qhela ikaka...ndiyok'nyathela unye mna...andiyo tshomakho...sek'then hok? Zekhe ndiphinde net, ndikuve uphefumla igama lam no Lukhanyo, ndiyok'tshisa unye nge petrol ebuswin uyeva?" She was still kicking and fuming laying there...She: "yotsho kunyoko!".....yuuuuh yangath und'nyole es'bunzi...I got off her and grabbed her by her top, and threw 2 fists in her face and threw her to the floor again, I kicked her so hard on her side she began screaming: "iyhhooooooooo, ndinceedeeeeeeeni!"...my hands were full of blood, I was shaking with rage. Firstly because of Xolani, secondly because of Lukhanyo....how dare she?...I grabbed her ratchet looking razor cut and dragged her across the street, I was beyond angry, people were taking videos!...Lukhanyo's friends stepped out and as they saw who was winning, Clapped They Hands and Whistled. I got up, and walked to the car like a boss and got in the drivers seat then started the car, Lukhanyo had heard the fight and he came straight

to the car, saw me in the drivers seat and climbed into the passenger side, I drove off slowly.....it was an automatic....so it wasn't much hassle, I stopped at the garage down the street and he took over, we drove silently home...he kept staring at me and shaking his head....he looked shocked but hid it well.....when we got home I took off all my clothes and got in the shower to wash the blood off.....my damn Timbalands had blood stains too from the kicking.....

I got out the shower about 30 minutes later, he was on the phone....one hand on the phone and another on his forehead...he dropped the call...Him: "why Lihle? Why?" Me: "why what Lukhanyo? That bitch provoked me!" Him: "You shouldve walked away!" Me: "and let her hit me nge botile? I did what had to be done wethu, she gonn learn today!" He giggled and pulled me closer to him as I sat on his lap...Him: "I'm proud of you.... kodwa, now ndizobalekwa ngamacherri ase kasi....you were a beast out there babe.....rhaaa, yacaca kehok ungumfaz' ka Luks"....he smiled and kissed me....his phone beeped....a message had come through....it was his friend Pluto: "Sbosh is in ICU...." I almost fainted!

Was I turning into one of them now?....I know for a fact I'm already hunted by police.... I need to kneel down and pray.....

Chapter 36

I'm not gonna lie I was scared...Lukhanyo immediately calmed me down: "Babes mamela man....don't be afraid I'll talk to Lieutenant Smith, ak'zamele something...you'll have to spend at least 3 days kodwa...if you do go, just for procedure, then we'll bail you out...after that, your docket will go missing, I'll make sure the evidence clears, subana worry ngeza vidz, Ta Smig will take care of that..."...Me: "Lukhanyo I didn't wanna put her in hospital, mos I just wanted her to back off..."...and then I started sobbing....Him: "Lihle, you will have to get a grip....do it for mna, be the Lihle I saw tonight.....uzoba strong love wam...iza..."...and he held me in his arms.....I woke up the next morning... He was in the kitchen making breakfast....I brushed my teeth and went to the lounge....as we were chilling and eating there was a knock on the door....laughing at a joke he just told me I got up and walked to the door....as I opened it.....my heart fell...as Two police stood there.....Lukhanyo came behind me....I was sooo scared.....but I stood still and stayed calm....I had to do this.....Police: "Is there a Lihle Manti in this household?" Lukhanyo: "Maybe...." Me: "How about a greeting?"Police: "This is not a social visit ma'am, you

are under arrest for the assault and attempted murder of Sibongile Nogawu. You have a right to remain silent...everything you say can and will be used against you. You have a rig-" you see after that kwaske kwacima iz'bane....yuuuuuh.....as they handcuffed me and walked me to the van....I got in and they drove off.....why didn't Lukhanyo say anything?...the van moved in a fast pace...to the police holding cells.....matter of fact so quickly, ndabetheka on the side of my head I couldn't even rub it...it was sooo painful.....as tears started to threaten I man'ed myself up....and told myself: "Lihle don't be a bitch.....you not gonna cry about this. You not a pussy....if you cry, they'll think you a pussy. So man the fuck up." ...then I laughed instead, it was all so funny.....I couldn't help it...when we got to the police station they sat me down to complete my info....you aint even sure its me?...esshhhee!...a while later they took me to my holding cell and there I was to share a room with the most annoying individual this planet earth done ever seen, this was to be the worst 3 days of my life. I sat there, and she was staring at me.....I wasn't in the mood for her bonanje...."So what you in for?..." Really? I don't need this, so I decided to act macho...Me: "attempted murder...you?" The shock in her eyes...."Shoplifting..."guess who's the boss now bitch....we sat silently for a few hours...but eventually ended up chatting....I told her about Luhle, she was very sympathetic: "you shouldn't even be here....." She said....'Neither should you' I wanted to say, cuz apparently she has a rich family....she talked a lot, that bothered me cuz I needed peace.....3 days had gone now and Lukhanyo didn't even visit me....nobody..I was stuck with this human radio....that's when I realized that, I actually had no friends...that was a sad thought....I was happy that it was my last day though....but minutes turned to hours....and eventually the whole day....maybe, the process was to be finalized tomrw.....so I waited.....a week literally passed until I saw Lukhanyo again....

Sino had come to bail me out....but I told her anga ngeni.....I entered the house....only to find Sbosh laying on the bed under the blankets.....

Chapter 37

My first instinct was to scream and shout...but nahh...I needed a shower more than I needed to see her ugly smashed face.....so I went straight to the bathroom....I switched on the water and took off all my clothes.....I stepped in the shower and sat down on the floor instead of standing....how could Lukhanyo do this to me? Besides

bringing Sbosh here, why didn't he come to collect me?...where was he? I decided I needed time out....I was tired of this.....I just didn't have the energy to go through it all again....plus I had a baby to think of.....and I realized.....I still had the money which Lukhanyo left me...when he disappeared....it was in my mom's house.....so I had a plan....I needed to escape this mad house....I quietly got out the shower....dried myself and entered the room again....she was still asleep...probably drugged cuz she looked like she was in pain....I got out my clothes....all of them...and put them in a bag....I took a separate one for shoes, they were leopard print....I put on my black skinny jeans, black polo neck and black leather gloves.....I got dressed, did my make-up then took out my leopard thigh high boots....and wore two gold chainz....and a black beanie....you may ask, why the black and leopard....well, ever since I dated Lukhanyo....I changed....it was a bad change...only a little part of "Lihle" remained, the part that is letting Sbosh rest peacefully in my man's bed.....the black symbolized the change...and the leopard print was me.....it was overpowering...yes, but controllable....I took my bags, placed the iPhone 5 he bought me neatly on the coffee table, stood at the door and looked back one more time then stepped out the house....I had called a cab, the first stop was motherwell, the next was the bus terminal...if I had taken a plane it would be easier for him to track me down....so this was the safest way.....

I took a bus to George, as soon I arrived waited for one to Kimberley....I had an aunt who lived there....and she said I was welcome anytime.....Lukhanyo, Sbosh, Xolani, my dear Xolani.....was all in the past now.....I had to start over*

Chapter 38

As I had brought an alternative phone, ez'phone zakwa mtn ze 100rand to be in touch with Sino....I didn't buy one with browser, wap or internet.....I couldn't be tempted by social networks...that's another way Lukhanyo can track me and Sino had bought the phone so he couldn't track that either.....I had to be beyond smart to hide from Lukhanyo....not forever....I just need some peace in my life....I've fallen inlove with my baby....and I can't risk losing it....not for anyone in this world not even tatakhe lo wembala.....it was a long way to Kimberly....I was soo bored, I kept having nightmares but I was still sleepy....the prison cells don't have much comfortable beds...so I needed the rest.....my mind kept thinking about Xolani, I didn't want to.....but it just happened. How could he have been so vile? To kill your own dad?....I never met my father, but I'd never go to the extent of killing him.....there must have been another reason man.....finding it out won't do me any good though.....so mand'ske ndiy'yeke.....baby luhle was growing naye ngapha....I'm not going to take my child

Chapter 39

I hardly fell asleep.....did she see me? Oh Lord she'd better not have seen me....I was beyond afraid...I just lay there all dumb.....I heard her getting up and walking away.....mumbling in a language that I have never heard in my life.....what!.....ndizophuma njan apha ksasa?? Heeeee, Thixo Bawo Somandla nguwe one matshis cela uLayte!.....I snuggled into my Gummy bear, I was cold and afraid.....suddenly his phone beeped....andatshiseka!....I sooo wanted to check it but ke phone ka Yongama nePassword endinngayaziyo.....after a while it rang.....he picked his head up drowsily and took the call: "hm?"...Caller: "baby, nd'yalunywa!..."..Him: "yinton lik'lumayo Zoleka?"...Caller: "Yongama man, my water just broke, *breathin heavy*...I need to get to hospital...." Him: "ima love, ndiyeza...as he got up I looked at him...he think I didn't hear the conversation...."Eish lovie, uSimon moshakelelwe yimoto and ngcosi yakhe yagula so ndisayomnceda va..." I got up nam... "Ndihamba nawe".....he looked shocked and jittery...."hayi hayi hayi baby, hlala apha wena I'll be back soon...." And he left....yuuuuuh, soze nd'lale rhaaaa.....ndizohlala nd'thin tho.....I sat there and looked around.....wait.....he forgot his phone and it hasn't locked yet.....I jumped at it and pressed the last dial.....it was written, 'Zo wam'...the next was 'Mama ka Bubele' then the rest were his friends...I went to the messages, I found ezaka Mama ka Bubele #1: "babes, Bubuphelelwe ngama napken...cela ushiye mali endlin va.." #2: "Love, I'm on my way...uphi?" Zo wam #3: "it was nice seeing you hun....miss and love you...❤️<3"I didn't know ba ndithin....I was disappointed and hurt that he was cheating on me, he didn't even tell me he had babies! I literally cried myself to sleep.....and woke up around 9...I looked at my phone and saw a message, it was from Lihle: "hey babe, safely arrived. Xoxo...".....my heart just bellowed to my stomach....I wish I could tell her!...I decided to wait till he came back....and confront him.....his phone rang...I stared at it.....It was private....told myself not to be a nag and leave it alone.....

Minutes later he walked in and said: "Nxiba ugoduke..." I didn't know whether to be shocked or angry.....what happened to "baby"....and the other sweet words?.....yoh I held back the tears and got dressed.....he drove me home.....I didn't even bother reaching for a kiss...I didn't need anymore rejection....I got home and took a bath. My phone rang, it was Lihle....."Hey" me: "hallo lovie kunjan?" Lihle: "I'm fine ptw, qha this woman is a drag va.....kunin end'sebenzisa.....but wethu nd'zoqina....I have an interview ngomso hopefully I'll get the job then I'll hardly see her..." Me: "Lihle don't overwork yourself...you have a baby to think of..." Lihle: "I know ptw, I'll stop xandina 7 months at least....".....I heard a bang on the door,.....waz'ba nguban....Me: "I'll call you in a few babe, kumntu emnyango..." Lihle: "cool"

I wore a gown and walked to the door, when I opened it my heart almost jumped out my mouth.....yhuuuu.... "Lukhanyo what are you doing here!???" He just pushed me out the way and bust in all the rooms.....Him: "where is she?? Uphi uLihle sino!!!! I know you know!".....his voice was electric!....yoooooh, I've never seen him that mad.....as a matter of fact, it was freaken sexy, Him: "Sino I swear to God! You better tell me NOW!" Me: "akekho apha Lukhanyo nd'zath uphi ke? I don't know!"....I let lose my gown.....he had this thing about him, damnit.....my breasts showed a little....Me: "why don't you sit down and I'll-" he pushed me out the way and left.....oho...he is so rude.....

he came back within a second like he forgot something...."Sinovuyo, you tell her, that I will look for her and I will find her. And Lord help me when I do!....." And he left for good.....

Chapter 40

Lukhanyo was beyond mad....how could Lihle do this?? Why??? Uthin ngomtanam? So that's what she's gonna do.....she's gonna take away my child!!! Yeses!....I miss her....fuckit I miss my baby....listening to her life through her mothers tummy just relaxes my mind.....kanti uLihle unjan na....*he starts crying*.....just as Ta Smig walks in.... Ta Smig: "man up Lukhanyo, and find her." Luks: " m'Lume, what if.....what if she never comes back?....*sniffs*....what if I never see my baby?..." Ta Smig: "Haibo kwedin uyakhala? Hay vtsek man!!! Sek'then hok...Get the fuck up yokhangela lomtana!!! Tsh!!...nxiba sambe....libele ufixhiza ngath ungumfaz apha, Fokof!".....Lukhanyo immediately got up and wiped the tears, Ta Smig was right.....sittin here like a dickhead won't help me find my child and her mother....Ta Smig: "siqala phi?" Lukhanyo: "kokwabo...." And they took the Benz and left....

They knocked on Lihle's mothers house.....She: "Come in!" And they entered.....Lukhanyo: "Molo mama" ...Mother: "Molo nyana unjan?"...Lukhanyo: "siyaphila wethu mama, ngu uncle wam lo, ubhut Smilo"Lihle's mom was getting excited, she had been waiting for this moment!....Lihle was getting married, to the father of her child....! Mother: "Molo, bhuti" ...Lukhanyo: "mama, uLihle umnkile endlin.....she just left without saying anything..." Mother: "HAYI! Lukhanyo uphi??" Lukhanyo: "mama I've asked everyone she knows, and all my contacts at the airport and train terminals...nobody has heard a thing!....kwii Bus ndinqubeke palin...she took a bus to George and that's it....kwelacala they don't reveal Passenger

Mother: "Lukhanyo, umenze nton uLihle?..."he looked down in dismay....he couldn't tell her, at the same time....he couldn't lie to her either...Ta Smig saw this and chopped in: "Maka Lihle, umntanako has been through many things....the accident....and the raise on her blood pressure I'm sure she just needs space....wherever she is"the mother at both of them....and said: "I'll call her aunt in Kimberley....and find out if she's there, there's a 60% chance abepha....they are very close.....and Lihle akamaz omny'umntu ngaphandle kwakhe..."Lukhanyo: "mama, uthi eKimberley?" Mama: "ewe mntanam..." ...they kept quiet for a while and created small talk about the "business"of course they lied....the Import and Export companies worked with everyone....they left quite later...and Lukhanyo felt more at peace after the talk with his mother-in-law....

When Lukhanyo got home, he took out his phone and dialed a number....Caller: "South African Airways terminal, how may I help you?" Lukhanyo: "I'd like to book a ticket to Kimberley..." Caller: "for When if I may ask sir?" Lukhanyo: "Tonight."

The ticket was booked, Lukhanyo took out his LV mini suitcase, it was brown and gold....he got it as a gift from one of his friends....he packed his things, and everything he needed....he'd been to Kimberley before, on business....Lihle's mother mentioned a certain township....he'd get there by tonight but.....he wanted to see Lihle in the morning.....he smiled to himself and left.....

Chapter 41

Lukhanyo landed at 22:15pm...he booked into a hotel and ordered himself some supper....he lay on the bed and rehearsed his speech....alok as much as Lukhanyo was gangster and all, he was abit afraid of his wife....the mother of his child....that made him so happy to know... He couldn't help but smile...his phone rang, and he answered, Lukhanyo: "hello?" Caller: "Hi, ndim uSino..." Lukhanyo: "ufuna nton Sino?"She: "no I was just worried ngawe....you looked really mad and I'm sorry....about Lihle leaving and all"Lukhanyo: "K. You done?" Sino: "what you up to?"Lukhanyo hung up, he didn't have time to play games with his wife best friend....tshhin lomtan...unes'thuk'thez na?....makayekane nam man....elaxoki....she bloody knows where Lihle is, and I can't give her knowledge that I'm here, that bitch

Chapter 42

The interview went well, if I didn't know better I'd swear this guy was hitting on me....I was still Lukhanyo's noba I'm away from him.....maybe I should buy a ring and wear it.....that way men will see the bump And the ring. Yes!....let me go to Sterns....as I enter kwa Sterns, they had yellow gold rings...and big silver diamond ones, nothing small like I wanted....like I thought this was the city of diamonds, aren't they supposed to have each and every kind...I ordered one I saw in a pamphlet and left...it cost R9250...I had the money....it would just cut me deep...anyway, I'm getting this job to keep me afloat for a while. And the ring, so the boss won't touch me....maybe I can pay a guy to come in once a week and act as my husband.....hay man...why am I going through all this trouble just to say NO. oh well....I'll be using the ring as a weapon for now.... I don't need distractions. I walked to the nearest taxi rank...the taxi drivers and ooKhondi babo whistled and went ballistic. God, I miss my Benz 🙄:(...I got a taxi and climbed on, the noise! Yuuuuh....after about 15 minutes of waiting for passengers it pulled away.....ndaske ndanovalo....heeeee noba yile pressure yam...I need to go to a clinic before I start working just for a check up.....for some odd reason, my breathing seemed harder...I had to open a window....it helped abit....but still ndinovalo.....the taxi got to the township and stopped at the nearest stop, I got off and walked.....

A navy Gti pulled up in front of me, oh Lord, ifika nin na le ring!...he opened his passenger door, and I walked right passed...I aint down like that....he drove slowly next to me and said: "Sawobona sesi..." Me: "Molo bhuti"....Him: "ohho, ungumXhosa?"...well duh!...you aint even know it?...Me: "ja..".....Him: "I just moved here two months back, I'm an architect and I've got a project I'm doing in the mines....I haven't really gotten out much...can we chill out some time?"...Me: "No"....Him: "aww bandla....sengiyak'ncenga nje, iNumber kuphela..." Me: "I'm not interested Mr Sir...and you begging, won't make a difference...can we just depart from one another? ".....before he even replied I turned to my street.....

Parked in our yard, was a silver benz....maybe one of aunt's friends wethu, I'm not even in the mood for company man.....moooeeer!...I walked slower, in the hope that

before I get there, they are leaving, but hayi sana ndade ndayongena egatin.....I walked in the kitchen....."Makaz, ndize nento for supper, I hope bungeka pheki..." Aunt: "a.a mntanam, ndisahoye ndwendwe eli lethu....oko end'hlekisa apha..."I immediately got annoyed at "lethu"my feet were swelling...Aunt: "Lihle, nd'yabuya ngok ndisaya pha kuNomsimelelo va...."I heard her leave....ngelam I thought the guest had left with her....I was relieved...yuhh!....as I was opening the cupboard to take out a glass to drink water I almost dropped the glass when I heard a voice I know all too well right behind me: "Molo Maka Luhle"...my heart stopped.....I just wanted to cry nje.....just ball out.....couldn't I have been here a few days.....its been less than 2!! Hayi man uHow lomntu!.....I turned around slowly, my tongue massaging the inside of my cheek, my small eyes were sleepy and drowsy.....Me: "uyawa funa nton apha Lukhanyo?"he seemed confused like he just didn't believe I said that.....when I looked at him....I automatically got turned on.....he looked so cute, in his formal wear.....ngath besiya kwi function....

Him: "is that a rhetorical question?" Me: "Lukhanyo, ufuna nton apha!" Him: "Lihle, as long as you're still carrying my daughter, sisi, forget hiding from me, forget lying to me, it won't ever happen!..." Me: "I wasn't hiding Lukhanyo, I needed time out!..." Lukhanyo: "And you couldn't tell me that?" Me: "when? Where? How?.....Lukhanyo you left me in a holding cell, you never visited, neither did you bail me out, when I got to the house, I find your ex in our bed!...the Fuck you mean, 'and you couldn't tell me that?' I could! You just disappeared! Like you always do xa izinto zi Fucked up! WHY? you expect me to deal with them on my own! Well Lukhanyo, cela und'yeke ke ngok.....please man, this lifestyle can never work for me...you'll see your baby whenever you feel like it...but me and you? We can't work, I'm sorry....."the horror in his eyes!....its as though he was staring at a corpse.....Him: "Lihle come on, you can't do this to us!....why ucingela wena wedwa, mna ndak'thanda njena....I'll make it work.....Lihle look, Sbongile came out of hospital and belandwe ngu Sam, I promise you....I was in Cape Town mna, I asked Sam to take care of the case and her first task was to soften S'bosh....Lihle, I wasn't even around, I came back and saw uSbongile and noticed your things were gone and I panicked.....Babes, please you have to believe me,, nd'yak'cenga Mam'ngwevu....." ...as a tear escaped his left eye

Chapter 43

"Lukhanyo, I can't do this to myself...just think of the child, I'll go back to P.E xandizele...but okwangok.....I can't go back...." Lukhanyo: "Lihle, what about us kengok?" Me: "There is no us Lukhanyo....ndiyak'cela torho don't make this harder than it already is...." ...Him: "Lihle just one more try, One more chance Lihle...this time I'll do it right...." Me: "Lukhanyo soze ubuyeke obugintsa bakho, for me Or your daughter.....its pointless....we're always gonna live in fear.....ndizohlala ndingcungcuthekile ndicinga umtanam xa esoskolwen angabiwa....when she goes out....funek nd'be ndighadile.....ndiyofa yintliziyo mos!..." Him: "Babes, think of the time we first met.....our first night out.....our first night in bed.....our first drop off-" Me: "that was not even my choice" ...Him: "I took you there cuz I could trust you, if bungeny cherrie, ibhayi lonke ngeliyaz le wei.....you're one strong woman babes.....and nothing can break you.....the first time I met your mom.....the first time you we went out together for lunch.....our day at the beach....Lihle, tell me the truth....when you found out you were pregnant with my child you were happy, right...?"I just looked to the floor, he's right....abortion didn't even cross my mind....khandiz'sole noz'sola....."Lihle, you love me..you don't even have to say itI can see it in your eyes right now.....look at me.....lihle, ndijonge man...."I slowly looked at him.....ow Lord those eyes.....I was happy and sad all at once....how could I resist him....? I thought I was over his charm....why can't he just let me be?...

As I was standing there staring at him,, he came closer, I stepped back.....he held my left hand and knelt down on his knees, BOTH....."Mamngwevu, Tshangisa, mntu wam...sthandwa sentliziyo yam.....Lihle, will you please marry me?" Tears just flowed down my cheeks....I started crying....."Yes".....without even a second thought....he stood up and held me tightly.....he breathed a sigh of relief...."Thought I'd lost you for real there for a second."... Me: "Never....its the life we living mos ne? Do or Die..." He smiled and laughed.....I saw aunt standing at the door with tears in her eyes.....and for the first time, Baby Luhle made a movement, she kicked....Lukhanyo almost shrieked in excitement...."Baby umvile?????!!!! She kicked me!" Me: "hahahaaa, tshin love she's inside me nje, nd'zothin ungam'va...." He kissed my forehead and held me closely again.....My Lukhanyo ❤️

Lord I thank you for such a blessing!.....he kissed me then left....I lay on the bed for a while.....and drifted off.....

I woke up at 17:33.....oh gosh!....I sprang up and went to boil water....you know when you're late, things take they time.....so instead I first washed my face, in the sink with cold water....dried it off and went to do my make-up....I had to cut time, Lukhanyo was a Time-Freak. He loved punctuality....I got done as my water done boiling....I went to bath real quick by the time I got out....I heard him come in the lounge.....Him: "Makaz uready uLihle?".....Aunt: "and'maz mtanam, Lihle!..." Me: "Ndiyanxiba makaz..."...I think I heard her say, uk'la room yok'qibela.....cuz Lukhanyo walked right in. "Tshin Lihle!....you still not dressed!?".....Me: "babe, andaz ndinxibe nton nje...."....Him: "wear anythin man love, it doesn't matter!..." I took out my white and black tights...and a black silk shirt...as I took out a heel, he said: "Ngakhulinge, put those back....uzonxiba s'hlangu es'flat...won't have you hurting my baby ngenxaye hombo mna....".....I took out my pumps...yoh kodwa....when I was picking underwear I could see from the corner of my eye he was biting his lower lip....Richard was awakening....saqibelana k'dala kodwa nyan....so I decided to tease him, just for fun.....I bent over and wore my lacey pink undies....I took out the matching bra and wore it....he looked like a kid in a candy store whose mom told him not to touch anything!.....I walked towards him....held his collar.....damn he smelt good....he had on some rich italian shit right there.....it was new futh.....ndaqal uyiva.....Me: "awusa nuk kamand..." Me: "Baby, a.a....mand'nxibe sihambe...." .. "but whyyy" ...he asked seductively, licking my neck and suckin on my ear lobes.....fuck I can't resist when he does that.....his

hand in my hair, his mouth came to mine and kissed me.....his free hand went to its Honey....."Luuu-luukhaanyo mani..."..I said gasping lightly and whispering....Him: "shhhhh sthandwa sam...nd'zoy'faka kancinci, ungangxoli ne...." He whispered.....I couldn't help it anymore.....I gave in.....ndiz'bizele ngow'kwam mos.....he pulled the panty aside...only zipped down his pants and he put it in.... 😊^_^ ...he pressed his lips on mine and thrust forward...slowly....he held my hand.....and whispered...: "oooooo Lihle" *breathing*....he closed his eyes....."Ndiyak'thanda joe".....

Chapter 45

I got to admit, the thrill of making love with the possibility of getting caught is really exciting.....its like sex in a public place,...

When we were done.....we quickly got up and I got dressed.....he re-made the bed.....just as he'd finished zipping up and sat on the bed....I was done dressing,, and was busy combing my hair.....my aunt walked in: "Anisethule, kuthen kangaka?" Me: "uqumbile ngenxaye siLate....bend'the makand'vuse" aunt: "Kaw'leza Lihle nawe....tsh kunin ehlel apha omnye..."arrhg.....noMakaz ngok thethelela ubaby...mxm ai suka.....I got done and took my bag....my aunt went out first then me, he quickly grabbed my ass as I walked out and I poked him in the ribs...he laughed at that....akonwabe man uthen namhlanje.....we had a wonderful time, but we never made it to the restaurant, he called and cancelled the reservation....we drove around the city for a while and decided to go back to his hotel room....as we were chilling, he asked what I had been dreading: "Sigoduka nini Lihle?.." Me: "I don't want to Lukhanyo."....I looked at him....his expression changed.....Him: "ngoba k'then Lihle?"...Me: "I just need the time out baby....away from that world...." Him: "And me ne? Ndiyak'dikawith the way I do things ne?....Lihle unlike You. I never had into ekuth'wa yi CHOICE, my father struggled to get me to school Lithembelihle, and do you know Struggle? Until you have to wake up at 4am to get ready to walk to school, you don't know struggle Lihle. Until you have to wait for the one time you eat during the day, you don't know struggle Lihle.... Until you have to put cardboard as the bottom part of your shoe, you don't know struggle. And you never will. So mfaz'wam...*he was in tears by now*....before you judge what I do for a living, understand that I never got the chance to do something right. THIS is the only thing I Know!"....and with that he got up and went to the bathroom.....hayke kandiz'bambe....I made no sound but the tears fell.....my heart pained out to him....he

didn't deserve that....nobody deserved that....I held my hand over my mouth and ran to the bathroom....he was in the sink, so I headed straight for the toilet....and threw up.....oh great. Morning sickness has begun. Or should I say: ALL day sickness.... Him: "are you okay?" Me: "its just the sickness wethu....."

I told myself, never again to complain or criticize when I don't know. Lukhanyo had finally agreed to let me stay....but on strict instructions that I should not work. He visited 3 times a month.....kind of anytime he liked phof cuz he just appeared whenever.....months zaqengqeleka.....ndaz'bona sendi already 4 months...it felt like 4 years!...I was soo anxious to see my baby...my tummy was kinda big by now...it didn't look like this kwabanye abana 4 months nje...but ke maybe its a big baby...I booked an appointment with the doctor and told Lukhanyo about it....he got here the day before.....and slept at the hotel. He came to fetch me in the morning and we left for our appointment....as we sat in the waiting room, he updated me with the "Business" and some of his friends.....he didn't like none of my friends, not noy1.....qha ke he only entertains them because I tell him to be nice to ugly people....and he cracked out loud at that.....the other women stared at us, I poked him and told him to keep quiet....he startled tickling me and I laughed until my cheeks turned plum.....asijongwe ngeloxesha.....

We got in the Doctor's room...and greeted. It was a male doctor. Oh Bawo ndafa zi-looks from Lukhanyo as he whispered: "Ndincede ndaza mos"I couldn't help laughing, the doctor was young and cute.... let's face it, Lukhanyo knows I hate ubugintsa bakhe and he wouldn't survive if I left him for an educated rich man.....like this one...it seemed like they were in competition because the doctor spoke in a way that made it seem as though he was flirting....Lukhanyo squint his eyes.....I got on the bed, Lukhanyo came forward and held my hand as I lay there, as the doctor started scanning....he pointed some of the body parts out..."So you see the head, the feet but look closely, you can see the toes too..." We giggled nervously....Doctor: "would you like to know the gender of the baby?"...Lukhanyo: "Yeah how about it...." The doctor scanned some more and had a confused look on his face..Me: "what's wrong?" ...he looked abit worried, but kept his cool....Doctor: "uhmm.....nothing is wrong per sayits just that.....you say you're 4 months right?" Me: "yes! What's wrong with my baby?" Doctor: "Lady, it seems like the baby is older than 4 months here.....at least 5"....Lukhanyo's hand turned ice cold....."I'll be back, just to do more tests....." He left us in the room alone, my heart raced.....it can't be!

Chapter 46

I wasn't really scared. Because deep down I knew this couldn't be Xolani's baby. That doctor talking shit, Xolani and I used protection,,,,,how the hell could it be his?! The room was dead silent his voice just electrified the whole room even though it was calm. Lukhanyo: "Lihle. Is there something you want to tell me." Me: "Baby, this is your child ayikho lento thethwa ngulomntu!..." Lukhanyo: "lihle, I swear.....you better not fucking lie to me!...kuthen ezobana 5 nje I only fucked you 4 months ago mna!..." Me: "DID yOU NOT HEAR HIM SAY: POSSIBILITY!" Lukhanyo: "Bhentse ka possibility lihle!!! Is this child mine or not?!!!" I just started crying, why was he being sooo rude..my heart ached badly at the things that he was saying....he got up and paced around the room like a mad man!...his face full of hatred and disgust....he looked at me with his sharp penetrating eyes, I felt like I was gonna burn....just as he turned around like he was about to leave, the doctor came in...with a huge smile on his face....I cried even more, the cute doctor came to comfort me, Doc: "Sweetheart, don't be worried....your baby is fine, I miscalculated the whole process, the reason why your baby is big is because you have two babies in there, you're having twins!" Oh I breathed out loud a BIG sigh of relief...the doctor hugged me and gave a peck on my forehead....Lukhanyo looked visibly embarrassed. He couldn't even look me in the eye....I stared at him with a vengeful look...of disapproval. How could he not trust me?..Why did he lose his temper sooo badly?...my love-o-meter dropped a lazy 20% for him shem.....he immediately pushed forward and asked: "uthi you made a mistake?? So I'm gonna be a father of 2??"oh the excitement in his embarrassed face....Doc: "Yes, sir..."

Lukhanyo reached for my hand.....and yanked it away from him, he didn't even look at me...he knew what he did wrong, I aint about to roll over and play happy family right after his manly man tantrum...how dare he?! I was sooo mad...Doc: "so it seems like you're having a boy and a girl, miss....."my heart immediately felt warm with joy....I've always wanted a boy....of course Lukhanyo wanted a girl, so this way we're both happy....oh but the Lord blessed me with so much....a loving man, and two angels on the way...I said a short prayer as we were concluding with the doctor...Lukhanyo went to the reception to fill out some form....and we left. The car was silent, I didn't even feel like listening to the radio. I just sat there.....I was still traumatized by his angry words.....and then it hit mesadly.....Lukhanyo has Anger Management issues. He can't control it or keep it in check, he just explodes nje and naye he can see it.....I felt sorry for being angry at him....have you ever felt the need to ask for forgiveness to someone that wronged YOU....instead of them apologizing.....I kept silent and waited for him to break the ice.....he looked ashamed

and uneasy.....we stopped at the hotel and went upstairs.....when we got to our room he stood in the middle, and said: "Baby.....cela uxolo for over reacting....I just couldn't help it....you're all I have now and for a second I thought you'd lied to me and ngumtana ka Xolani lo...but baby I am sorry....I should've trusted you...I can't even excuse my behaviour...." Me: "Lukhanyo, I think you should go for counselling..." Him: "For nton kehok???" Me: "You have unresolved issues within yourself...there's somethings that you should let go.....don't let your past haunt you in your present, Baby, its not your fault....it never was...yeka uz'sola Lukhanyo please...." He looked a bit irritated....but he understood me well....Him: "Hayi kodwa mfaz'wam, I'm a real nigga mna, thugs don't go for counselling..."I laughed out loud.....he turned around to go to the bathroom and his phone beeped....Him: "BABE, kand'fundele apho! Noba Ta Smig lowo.." I took the phone and unlocked it.....I knew the number all too well...it was my best friend....it read: "lol, I know what you mean....but wethu that's last weekend's business....when you comin back?"

Excuse you, last weekend, Lukhanyo didn't visit, matter of fact he's phone was off saturday, called on Sunday and said the battery died....how true is this?

Chapter 47

I was puzzled. Heee, hayi mandingaqavi...I looked in the sent items to ease my mind...I trust my man. But I know tshomam alok lihule elikhulu. Waziwa ndim...and she once drugged me. Anything's possible. Like Drake, I started from the bottom and read his texts to her

#1. "Sinovuyo, gayekane nond'fownela man!..I'm busy, I'm not your fucken friend!"

#2. "Well tell Pluto, and'ngen ndawo"

#3. "Girly, sund'faka kwinto zenu mna!"

#4. "Look child. My wife is pregnant and I'm trying to bond with my babies, can you please just cut it off!..iya kuPluto ucele uxolo ngokwakho. Aw'zekwanga ndim mos, therefore and'ngen ndawo. Khona wena cimba ngadyolela Pluto. One thing I can tell you, USEMASIMBEN. Because Pluto, will not only kill you. He will bury you as well. Rip!"

The last text just made me laugh so hard...yuuuuh isile le yam marn!...yoh! Hayi ay'na smilo..how do you even begin to say rip to a person that still breathes!...I decided to carry on reading, this was more entertaining than Twitter!

#5. "I need you to do something. Sam will brief you, you're going to pretoria 2mrw."

#6. "Good. I'm with uMamngwevu ngok, bend'send'cimba kuzofuneka sizongcwaba wena... Stay Well, and stop fuckin up. Yofa ngu Pluto"

Oh so that's why she said, "lol, that was last week's business.." She probably had a fight with him, nalo Superman wam wayonqanda... *sigh*...when I looked up I saw him standing in front of the bed staring at me! I got such a fright! What's wrong with him! He just appears nje ngathi sis'pokro... Him: "nguban luhleka naye kangaka..?" Me: "hayi wethu lovie...ay'ngomntu..." And I tossed him his phone, Me: "kazapha nd'phuze..."...Him: "and'zoyenza lonto, ufuna und'qatha tshi...." I got up and walked to him, he sat down, crossed his legs... folded his arms.....and pouted, akasa'qoshi nje....I kneeled behind him on the bed and massaged him.....he turned around and pushed me on the bed, he kissed my breasts...then kissed my tummy....he lay his head down and close his eyes.....I was kinda sleepy by now...until I heard him snoring lightly...I smiled to myself and decided to drift off too.....one of them kicked his head...Him: "tsek kwedin" ...Me: "uyekana nomtanam, woqiba umsinda apha" ...Him: "mxm..." And he fell asleep.....

Things for once were going so well, Lukhanyo is such a control freak...und'ghade nangokutya...I have to eat at least 4 times a day...yoooooh....when he woke up: "Babey, what business is it you have with Sino...?" I stared at me for a while....Him: "yaz ndiy'qondile khona into.....She helps get the cargo off the ships, and signs off when they arrive...." I had to laugh, but it wasn't funny. Me: "hayi uqala nin Lukhanyo?" Him: "Since you left....claimed she was bored so Pluto gave her something to do....last week ebeqala pha eKapa..."...I couldn't believe it! Why didn't Sino tell me?? Does she know that if she gets caught, we'll have to cut contact with her?!

Yaphambana na lomtana! I was fuuming ngumsindo!

Chapter 48

I decided to calm the hell down. She's not my responsibility but the least she could have was a Brain! Eish!.....

The months were flying by...I was beyond impressed with how Lukhanyo treated me and his kids...but I could tell already who's his favorite, its his baby girl. Yoh, good luck to her boyfriend's....lol....zizodutyulwa ezo....lol!....the time for me to go home was getting closer...oh but I was tired as shit, when I wake up, when I go to bed....I

was even looking like an elephant:(...Lukhanyo tried his best to boost my confidence but come on, noko I can see yay'baxa ngok....I missed my figure at the same time I loved my little champions....I started thinking about that time I had an accident, the day I found out I was pregnant, but my booboo's are strong though....then the incident at Lukhanyo's home Kwa Dwesi, damn.....I almost them...but they held on....I'm 7 months 3 weeks now....I'll be going back to PE for the first time in 5 months, next weekend....I want to give birth to my twins in my hometown. My phone rings, its Sino: "Hi peto! Unjan?" Me: "Ndiryt wena?" She: "Ndissafe mtshana wethu....heee awunqabe man, unjan ununuza omncinci?" Me: "they're fine wethu, Lukhanyo has been the most wonderful dad yazi...ndinayo nendawo enomona va...he bonds with them and shame they responding perfectly to him.." She: "uzoba ne twins?"I could hear something in her voice, shock? Disappointment maybe?....Me: "ewe, I'm having twins, kange ak'xelel Lukhanyo dun?" She: "errh...uhmm...hayi peto...oh ok ke, bendik'chekisha qha....enjoy your day...." And she hung up.....heeeeeeee! *claps once*....

Later on I called Lukhanyo.....Me: "Baby...." Him: "hey pumpkin, whatsup".. Me: "just missin you wethu..." Him: "njan uLuhle'oLuthando?" Me: "ow kodwa sthandwa sam uwafumanaph lamagama...*laughing*.." Him: "Babes I don't even need to search far...Luhle oLuthando lwethu nyan...*laughing*...that's gonna be 3rd born ke..."....Me: "yuuuh sekho nomnye ozayo?...*pouting*..." Him: "ewe tshi ucifan'ba? I want a at least 3 then siqibe ndingamoshi mzimba wakho baby...yabo...? Ndisay'funa la figure...."....we both laughed....Me: "wangxama qithi nawe man...tshi hehehe....yakhumbula phof that night love, yoh sana wazond'xhutha ku Sino, fika kwethu endlin, wand'khwela njan!....hahahaaa"...Him: "hheee, yabona ke...." Me: "xolo babes, ndadlala man nawe tshi...yuuuh ndakwaz ke wena uqumba into eserious..." Him: "Ndak'khumbula man Mamngwevu....listen I'm coming up tomrw..." Me: "hay'bo why?..." Him: "heee! Ndiyak'khumbula fondin njan na wena...!...." Me: "oka ke love wam...I love you va..." Him: "I love you too MaTshangisa..." Me: "cima phone alok...." Him: "ngacimi nje wena?..." Me: "let's count to 3 then....1.....2....3" and we hung up.....

Lukhanyo's thoughts:

I need to convince mama ka Lihle to go to with me to Kimberley ngomso. I need to get on the phone with her aunt and fix the preparations. Our flight is at 06:10am...I hope Lihle will be happy ngale ndizoy'yenza. I've never been this nervous....especially the fact that she doesn't know and its gonna be a surprise....what if she shuts me down....eish, kame nd'pack suit yam....I'll wear the one I bought especially for this occasion 6 months ago. My Giorgio Armani....custom, matte and black....I am so not

wearing a tie or a bow or anything for that matter, my shirt will be crystal white and buttoned down to my chest...heee, I'm gaining ngok....these pants don't sag...its the perfect slim fit.*sigh*.....this is it*

Chapter 49

Lukhanyo got on the phone with Lihle's mother.... Lukhanyo: "Molo ma" Mother: "Molo Lukhanyo unjan mtanam...." Lukhanyo: "ndiyaphila mama, kunjan kuwe" Mother: "Ndi ryt bhuti...kuthen ingath ukhathazekile nje?" Lukhanyo: "ei mama...I'm a bit nervous about ngomso...." Mother: "mtanam, sukoyika. Akalumi man uLihle umazi nje uz'nyabele uMamngwevu, intle lento uyenzayo and inqabile kwabafana these days....." Lukhanyo: "Enkosi mama ngond'motivator,, iFlight yam ingo 06:10am ngomso, cela sihambe kunye, she'll be very happy to have you there..." She was abit hesitant...at first...but she missed her daughter dearly....and she was to be a grandmother!... Mother: "okay ke mtanam...I'll be glad to come with you...." Lukhanyo: "Ndiyabulela mama...".....and they said their goodbyes.....

Lukhanyo's Thoughts:

My heart is beating faster than its normal rate, It felt like it was in my throat....hey I love this girl.....and hiding it is becoming such a challenge for mna....even my friends started making fun of me, Pluto: "aww na awt'yam uth uyay'trowa le way yakho.?"... Lukhanyo: "k'dala ndisith kuwe wena yeka uth yiway uLihle, zekhe ndiphinde ndik've net, nd'yokfaki nqindi...!!" Pluto: "ahh come on, ndadlal man nawe uthen na...! Ske wa-serious" Lukhanyo: "ambonya Pluto".....I don't need this right now....I miss my boo and my babies.....tomorrow feels like a lifetime away....I miss her soft skin, her beautiful smile, and even more when she's mad at me.....daamn...s'ke abemhle worse man! Wandenza nton lomtana? I used to be a player mna...never had a stable girlfriend...she just has this thing about her that sh-....my phone beeped, oh its her....."Thinking about you sweet heart...love you*".....hayi, ndiyay'vuma...und'tyisile....as I smiled to myself....I replied: "benzanto abantwana bam?"....send.....wait....eish, that sounds like I don't care about her well being kehok....I sent another as fast as I could...."Miss you, wifey. Been thinkin bwt u 2..."....that's better. Yuh ndayaz alok leyam ngokweleta. A few girls came to chill by our table, kukho lo uzoz'hlalisa ecamkwam und'buza amaxesha...do I look like a damn clock? I showed her my screen saver...on purpose cuz Mamngwevu was on it...with her pretty lil tummy...she said: "oh ok"....good girl. After that I took my drinks and

left, isn't there a flight available now? Yoh ha.a man....this isn't fair.....get a grip Likhanyo....I drove home, as soon as I got there....Fell right asleep.....

Lihle woke up the next morning around 8...her aunt came bursting in the room...Aunt: "Lihle mtanam, cela uvuke uvase, we have to go!" I was perplexed, Me: "siyaph na Makaz ksasa apha?" Aunt: "Lihle khavuke tu....." And she left.....heeeeeeee, yinton ngok lo?....Hayi kame nd'vuke before she blows up this house... I made the bed and went to bath, besend'misele namanz, imagine! And'sa bawel uyaz kwenzeka nton....when I finished bathing, she had taken out my tights and pink frilly maternity top....but who said I wanted to wear that though? But ke its cute....I got dressed and she instructed me not to put on make up....why is she acting weird she has never had a problem with it before nje.....yho hayi ke.....so I took my bag and we left.....we arrived at a beautiful venue, decorated and all.....hmmmm, noba sizoncedisa ez'friend z'ka makaz....yuuuh andidinwe ngeloxesha...the twins kicked more often today like they were playing together or something....ei....ndanithanda bantwana bam kodwa umama udiniwe man...my phone beeped, it was their dad: "Hey Love, I miss you yaz....I'm willing to make our dream together come true. I loved you yesterday, love you today, and I will forever love you....mwah"my heart floated....kanene I forgot that uyeza namhlanje....yoh, andabi excited kengok....I replied back: "Can't wait to see you kengok....I love you 2 boo ♥ ..." Aunt called me to the back room and gave me crystal white matte dress....it was tight fitting and long....she did my make-up and my hair....by now I knew what was happening....but kuthen bend'fihlela nje?....we were done and I heard a song playing, it was jazz.....wait..... that was band...I was soo anxious....but Aunt refused to let me out until I heard a Piano playing.....my heart raced, I knew Likhanyo was here, I could feel his spirit....then I walked out.....the chapel looked amazing.....white and gold was the theme and the floor was an immaculate tiled Black and White squares....that I didn't like...but that was not the point....I saw him at the altar....and before he saw me, I looked at his face....he looked Nervous and seemed like he was rehearsing....lol....I walked slowly towards him....it wasn't a big crowd...mum was here!...oh the tears just fell down my face, Likhanyo looked abit on the edge, but I could tell he was relieved to see me, I got to the altar...and said: "Awusadiki...."he giggled and poked my tummy....thank God our pastor was a chilled guy he smiled with us....and we continued with our beautiful ceremony.

His vows: "Lithembelihle Manti, ntombi yase Mangwevin, ooTshangisa, ooZulu, ooSkomo, ooRhudulu. I have known you for a short space of time but I have developed such a longing to be with you forever. I can't ever let you go. I lost you once. And I made a vow to myself that it would never happen again. loving you is

something anyone can do.....but being in love with you is something that I'll always be here to prove. I am lucky to have this blessing in my life....."

Her vows: "Lukhanyo Aubrey Mzinyathi, my life, my love, my everything. I have to admit that I saw the love in your eyes after the days we met, you let me into your life and taught me about you...I learnt to support you and you showed me how it feels to be loved by the way you treated me. I have never in my life been this happy. I love you sthandwa sentliziyo yam....."

Pastor: "With that being said, I now pronounce you man and wife.....Sir, you may kiss your bride....."

Chapter 50

I had tears of joy streaming my eyes.....he held me so tightly as we left the chapel to go outside to have lunch with our closest's..... He signaled to the DJ, and his favorite song came on by Drake....."I got my eyes on you, you're everything that I see, I want your high love and emotion, Endlessly!....I can't get over you, you've left your mark on me, I want your high love and emotion, Endlessly! Cause you're a good girl and you know it, you act so different around me, Cause you a good girl and you know it, I know exactly who you could be, Just Hold on we're going home! ".....as we were dancing I already knew we were going Home!....but I was sooo happy, I actually didn't even mind.....the others came to join us on the dance floor, I got exhausted so I went to sit down and watched him dance with them.....they seemed to enjoy having him here....akasaqayis uMakaz ngaye heeee!....."ouuuuuuuch!" I screamed, suddenly everybody stopped everything and looked my way.....Lukhanyo ran to me and kneeled next to me, "baby yinton? What's wrong Lihle!"...Me: "its just....*breathing*.....its just a cramp...."....Him: "it can't be just a cramp ukhala kangaka....." ...he was soo confused he didn't even know what to do.....I looked down at my dress....Me: "baby.....I think its time we went to the hospital....."the pains were increasing...Lukhanyo tried all he could, but ke shame I didn't blame him for being dumbstruck....we never prepared for this, I had scheduled a practise week, so we could prepare, why are they early!!....I screamed in agony....oh but I hate scaring Lukhanyo the look on his face was panicky and scared....Aunt offered to drive the hired car to the nearest hospital.....Lukhanyo held me in the backseat and sang for me.....he didn't know what else to do....and I appreciated it for a while, it was the sweetest thing.....but the pain.....! Oh this pain!..... I wept silently, then suddenly

remembered everything I've been through in the past 8 months.....Xolani's death, the first accident, me almost mis-carrying, the sbosh incident.....this pain was nothing because I survived all that!...I had to keep strong for Lukhanyo....he was even shaking....we got to the hospital, him: "baby zokwaz uhamba?" Me: "yesss.....Aaaaaaaaar!" As another contraction attacked me.....he hated seeing me in pain....inside the hospital, they scanned and said its still a long way to go. By then, I was screaming....this nurse cannot be real!...Lukhanyo had stayed outside. But I needed him....I could imagine him pacing up and down!.....I grabbed on the sheets as another contraction came.....oww fuckit, why don't I just die!....scratch that thought.....I've been ready for this moment, I'm ready to see my babies.....an hour later, the doctors confirmed that the babies were ready to come into the world....I asked for my husband, they called him in.....first he peeped his head in...then stepped in. That was one step....he stood at the door like a security guard. Aww na ubaby, uyoyika?? My thug? "Baby sondela, please hold my hand"I thought he would hesitate....but he immediately stepped forward and held my hand and kissed it.... Him: "Do or die remember?..." I smiled at him and then the doctor instructed: "Take a deep breath in Mrs Mzinyathi andpuuuuuuusssh....!" I screamed in agony, but pushed, oh Lord I pushed hard....the head was out, Doc: "okay, gimme another push ma'am, for the shoulders, harder this time.....1.....2.....3" and I puuuuuuusssssshed! Tears rolled down my eyes.....this was just not pain anymore, is there another word that I can use....? I puushed another shot and out came my first born...it was a boy!....I gasped in between tears....Lukhanyo jumped and his hands were out before him, taking him from the doctor...and held him in his arms....he wiped his tiny face with his fingers and cried.....shaking his head....he couldn't believe it....his own flesh and blood, he kissed his forehead twice....and stared at him for a while...with tears falling down his cheeks....I think he forgot about me...the doctor said he had to take the baby and test him and put him in an incubator to make sure he's okay for at least a week.....Lukhanyo didn't wanna let go, he definitely disapproved and told the doctor his son was perfectly fine! Me: " baby please give the child to the doctor, you'll see him soon...."his eyes shot at me, and I knew right then and there, nobody was EVER gonna tell him what to do with his children but thanks to God he saw reason and handed the baby over, we named him Luthando.....exactly 16 minutes later I felt intombi ka tata on her way.....Now, he was all smiles! He held my hand tighter and breathed with me....Doctor: "Okay, again.....take a deep breathe ma'am and push...." I pussshed, I breathed and did it again.....Doctor: "one last time sweetheart, breathe and pussh!..." I puuushed sooo hard, and my little princess was out, she was screaming...ow Lord, she is gonna be

such a drama queen....as they were stitching me up cuz I had torn...Lukhanyo held her for a while, he was talking, I couldn't exactly hear but she was quiet....he kissed her forehead and whispered "I love you ntomb'kayise...".... The doctor seemed almost sad to break this union apart but he had to, this time Lukhanyo got up and said: "I'll hold her, lead the way....." And they left.....awww na? What about me?

Chapter 51

The doctors sedated me.....and I instantly fell asleep.....a few hours later, my aunt and mom walked in, I'm sure they didn't wanna wake me up cuz they were tip-toeing....heeee, I'm sure ke zithunywe ngu Lukhanyo ezi.....where is he?....they placed the flowers and balloons on my side table...I heard them whispering, Aunt: "Thenjiwe ngowaph lomfana?" Mom: "ngowase Ford phe new brighton.....utshongoba?" Aunt: "what does he do?" Mom: "uphethe business zakokwabo, ngoba dan...." Aunt: "ndenz'ba ndiphuphe kak'bi ngaye....he was with Lihle kwi moto, ibaleka nge speed es'ngaph'ya komlingo....then I heard gunshots, the car lost control, ya-roller, Thenjiwe ndiyamthanda lamfana, but do you think uryt for uLihle?".....Mom: "hay man Luleka, Lukhanyo is genuine, there's wrong with him or his work" Aunt: "kandimxelel uMalinki ke, I didn't want to worry her" Mom: "uryt yamaz indlela qumba ngayo alok...." Then lukhanyo walked in and said: "oh ndiyamaz ke"....both women were shocked, they didn't expect him here, what exactly did he hear?...they both smiled nervously, there was something uncanny about him, as he sat on a chair at the other side of the bed, phela komntu ondaziyo xandiz'lalisa ke ngu Lukhanyo, so I decided to 'wake up'....*turning and stretching, I looked at him, he didn't even smile, his face was rigid and stiff....his eyes squinted..I wonder iyawayi nton ngok...Me: "what's wrong?" He quickly snapped out of it and to my realization, he was thinking....he looked stressed... Him: "nothing babe, Luhle sneezed on my hand..." As he smiled, and showed me..I kissed it and he looked excited again...Him: "since unyana was born first instead of, Luhle-oluthando, we could say, Luthandoluhle. Ane?" Me: "haha, yeah babe, nd'bawel ubabona kodwa.. 😊:(wena bunomona ngabo" him: "nd'zokphathel owakho unyana, mna I'll be spending time with my princess." Me: "heeeee! Sow'ne favorite? Hayi Lukhanyo sungcola.." We all laughed.....Him: "yuuuh, baby, I've never had this experience.....I only know boy babies. Ndifun ntombi yam kum mna qha.....oh and I called Sam and told her, we're flying down next week ke ne, she settin the 2nd bedroom as a nursery.." Me: "you

meaning to tell me bantwana bam bazolala bodwa? Hayi Lukhanyo suqala ngez'white tendencies zakho!" Him: "bazolala phi ke baby?" Me: "phakath kweth ebhedin! Tshi...." ...then he whispered in my ear for the old women not to hear... "Ndikutye njan kehok mna?"....and I burst out laughing....in tears....yuuuuh Lukhanyo awuz'kwaz, he's thinking about making love already? Yoh! *claps once..* the women saw the connection...we were truly inseparable.....they decided to leave us alone and get some tea...Me: "nizoy'fumanaph itea na mama apha?" Mom: "sokhangela wethu pha ezantsi.....nd'bawel uphunga".....they lie....they wanna get away from Lukhanyo, ngok bebonwabile naye na at the wedding....what did he do?.....

Lukhanyo: "Your aunt doesn't like me." Me: "ohh hayi puppy yam, suthetha njalo....you're wonderful njena.." Him: "kuthen end'baleka kengok?" Me: "ufuna ak'leqe ke mntu wam....kaze nabantwana man I want to hold them...." ...he left and came back with a nurse, like I had imagined, He was carrying his daughter, that "Sofa s'lahlane kinda love"..yho hayi mntakabawo!....I took my baby boy...he was still sleeping, he still looked like a potatoe because he's a few hours old..but I knew he was gonna be a looker, and almost sadly I prayed that he doesn't take all his father's genes, "the business" to be exact.....I don't want him to be dependent on his father...its exciting for young boys, but its dangerous....its either jail or the grave, you choose. I understood now, for the first time, Lukhanyo's father's decision not to join the business. When bra Zakes started it, he was poor. And Lukhanyo grew in it. By the time Xolani was born, he had money and the means to take care of him.....yes, he probably didn't love him as much as he did Lukhanyo but truth be told, he was protecting his younger son. Since the older one was already part of it!....Luthando won't have to do this, because his father has money...he won't need anything....he will get an education.....my thoughts were interrupted by his silent cries...the nurse came in and told me it was time to feed them, I gave him to her and she smiled and said, "breastfeed ma'am"....oh Nkosi yam, ama amabhele am!

Chapter 52

I held my boy in my arm then placed my nipple in his mouth....I squeezed it a little and milk spurted out. It was the most natural thing in the world....I saw Lukhanyo take out his iPhone and take a pic.....I shot him a death stare and he laughed...how dare he!... Then after a few minutes, the nurse instructed to guard the time I feed each baby in order that they are not over-fed...Lukhanyo took the boy and handed over

Luhle, I gave her the other boob because I won't deal with one sagging boob. I looked over at Lukhanyo while the nurse was teaching him how to burp Luthando.....to his dismay, Luthando waske wamtyekezela... Him: "yazbona ke, yaz'bona? As'zovan kengok kwedin....tshi.." Funny thing is....he was still holding him closely....asking him random questions like he was going to reply...Luhle was falling asleep...

Lukhanyo came to check on us everyday with mum, a week later he said he had to attend to some business in P.E and mna ndizohla nomama...a few days later then he was gone.....we got out of hospital some time later and went to Aunt's place, when I tried calling Lukhanyo his phone was off....I hate it when its off...but ke nd'zothin.....the days flew by one by one....the twins were angels, but luhle was a bit restless...she always cried....and that bothered me...I hadn't spoken to Lukhanyo since he left....and it was really bothering me in so many ways....hlel nje kukho into es'phazamisa emphefuml"wen...my heart ached for him....I told my mom I wanted to leave, she said No. The babies must at least be a month old....yuuuuuh yangath uthi mandife! I can't sit here and not know what's wrong kwam....I had to do something...What if Lukhanyo had died and no one had a way of reaching me...again if I leave the twins here and appear eBhayi then find him there chilling he'll never forgive me for leaving his kids behind.....Luhle's crying was really getting to me now....I couldn't sleep, I was forever exhausted.... Kanti unjan na uLukhanyo....why would he leave me with TWO kids!? At least oy1 would have been better!....but two? Something kept telling me that Luhle was sensing something....that was probably why she was like this. Fuck what mom said, I packed my shit and booked 2 tickets online just in case she wanted to come with....the next 2 days were a long wait...I couldn't get a ticket any earlier...it was a Friday late flight, we left Kimberley at 18:45pm.....I called a cab for mama to go home. I needed to sort out izinto zomzi wam before hand. We separated at the airport.....I got a cab to KwaFord.....Luhle started crying....my eyes were threatened by tears too but I had to keep strong, when we turned the street.....the lights of the house were ALL on....it looked like.....were they having a party? what? No. The cab stopped at the gate and I took my boo's and told the driver to wait...I entered the house, the door was Wide open....! Half naked women EVERYWHERE. My anger shot to the roof in a fucken split second.....Lukhanyo was drop dead Drunk! Yuuuuuuuuh, I put my kids safely in their carriers down, went to that damn Home Theatre and kicked it off its stand, it broke apart and stopped playing in a flash....the house went dead quiet, my breathing was heavy.....I spoke in calm warning voice. "Lukhanyo, tell these bitches to get the fuck out my house!" But when I looked at him he was on the couch mumbling...: " Sino suka man phez'kwam....s'batywa ndini...!" And she giggled.....I took a vase and

they both jumped out the way...Sino: "Hayi Lihle, ubuye nin!".....I was beyond enraged, and had no idea of the damage of what I did next.....

Chapter 53

I grabbed Sino ngala soft dread yakhe and dragged her to the bathroom.. I was enraged! Nd'zoybulal inye bonanje le bitch!! I locked her in the bath room ndaya efront....some of the people hadn't left, one said: "hee sa'goduka nganto kehok"....I took Lukhanyo's Collective Slugger that was on the walls as decorations and swung it in the air, Me: "its either you walk or I'll call a bloody ambulance, which is it gonna be?" They all flew out the house.....Lukhanyo was still on the couch mumbling...its as though he couldn't get up, that made me even angrier!.... "Lukhanyo get the hell up that couch!!!" All he did was breathe, instinct told me to call someone.....I dialed Ta Smig and he said he was on his way.....I took my babies to the bedroom which Sam decorated...and put them in they cots.....there was a knock on the door....I ran to get it....Ta Smig was already here?...🤔O.o...what the? I didn't ask questions, when we got to the Lukhanyo.....my heart stopped!.....his mouth was covered in foam and had grey circles under his eyes.....then his nose bled.....my heart just fell.....what the fuck happened here!? Ta Smig picked him up and dragged him to the car....I felt him slowly fading away.....I wanted to go to him but I couldn't....I had to look after the twins. I had forgotten the cab driver was here so instead I called my mother and told her then sent the cab to fetch her.....I was beside myself.....then I remember.....Sino was still in the bathroom.....probably utipile....I slowly walked to the kitchen and boiled some water I put on the stove and took out a big pot....I poured the water in there and waited.....then I took out some cooking oil.....and poured half a bottle and waited.....after a good 15 minutes. I switched off the stove....and poured my mixture into a big jug....then took it with me to unlock the bathroom.....one of the twins cried.....damnit! Ngu Luhle!...I heard a car park....I had 3 options.

- #1. I opened the front door and not burn this bitch.
- #2. I attend to my baby.
- #3. I open this door, burn her and go back to my kids.....

Option 3 was soooo tempting, I unlocked the bathroom and as I were to throw it on her, my mother pulled me away and the jug hit the floor....Sino jumped up, I grabbed her head and banged it against the tile and she lay there.....still. My

mother screamed..... "Lihle wenzennii!!!!!" ...I calmly turned around and went to my baby...but this time it was Luthando....and Luhle was fast asleep....it was a bit disturbing.....my mind automatically thought of Lukhanyo....what if he'd? No.... That can't be true.... That can't happen.....I took the keys to the Rover and drove out....calling Ta Smig at the same time...he informed me base Mercantile....I was there within 10 minutes thank God there was no traffic!....I walked up and looked for Ta Smig and found him sitting in a chair with his face buried in his hands.....I feared the worst....as I sat down next to him he said.: "I haven't heard a thing, they said something about a drug which hit a nerve and they're trying to drain it, before it stops his organs.....I started crying.....and shaking....who had done this? What if he doesn't make it!...then the doctor came to us....he looked worried.....and was mumbling, Doc: "Sorry ma'am uhhh...are you Mr Mzinyathi's wife?"my heart just dropped beneath my ankles.

Chapter 54

Doctor: "Ma'am? Can you hear me?" ...my mind had shut down by then...Me: "I'm sorry doctor, uthi kuthen?" ...Doctor: "Ma'am, I just said he's responding to the treatment....he just woke up called a "Luhle" or something like that....he'll be fine....its just that we need to pump his stomach twice a day...until it heals..." Me: "doctor what happened to him?" ...at least now I was calm, okay he's fine...Doctor: "He ingested a drug that is illegal here called Methamphetamine....it seems like its in his fluids...and not his nostrils or injected in his body....so I'm assuming he ingested without knowing.....Do you know about this ma'am?" Me: "I just got back in town and found him laying in the lounge...."my mind clicked, I had to go.....I turned on my heel and walked, I walked and got to the car, started it and left for home. When I got there, paramedics and all were outside....I got inside and remembered...oh....mxm...Sino. Mom was holding the twins....and the paramedics were trying to resuscitate her....Me: "Akekafi na?" I heard myself say...my mom poked me, "I told them she fell...kayek ubatyaza!" ...I waited till the Med's left...then I searched....I found Sino's phone....and unlocked.....bitch hasn't changed her password....I went to her messages... Another came in, just then...it was Pluto. I read it: "Dd u du it?"then I was puzzled. I went on her whatsapp...the first one read: "he's changing it to his wife's name...after everything I've done for him!" Sino asked: "What is that? Who yu on about?" Pluto: "Lukz! That will can't go through Sino, and

you're gonna stop it. Dlula apha kum when you knock off.." Sino: "what makes you think I'll do it? " Pluto: "if you love me and want me for the rest of your life, you'll do it." Her reply was simply : "ok"... She agreed to kill my husband for Pluto? An abusive, uneducated Ugly man!? He doesn't even respect her!!! Lomntu une Pillar yakhe!...Ta Smig needed to see this....kanti what kind of friends does Lukhanyo have....right then....there was a knock on the door. I opened and it was Pluto....my hands wanted to rip his face off but chances are, he has a gun on him so I kept my cool....Sino's phone was right behind my back, I hid it so he couldn't see it..and I silently switched it off....with the red button... Pluto: "Molo, tshi, kang'atsho lukhanyo ukhona!" Me: "hay nyan?...shame man noba ulibele...unjan?" Pluto: "ndiryt Malinki, uphi uLukhanyo?" Me: "he took a drive...." Pluto: "but both the cars are here nje." Me: "oh hay, hambe noTa Smig..." He seemed abit confused.....Pluto: "how is he, is he fine?" Me: "yep, why do you ask?" Pluto: "hay wethu, ndim'qibel kdala...uSino yena bumbonile?" Me: "ha.a lovie kandimbone naye"....he looked disappointed....but I kept my cool....oh God, nanku Ta Smig.....he parked his car and stayed in the car...staring at us, or me, or Pluto....I didn't know, but that look sent shivers down my spine.....eventually he got out the car....and walked slowly....Pluto: "hee, mos uLukhanyo isn't with Ta Smig?" As he looked at me....I decided to work another trick, I yelled to Ta Smig, kodwa uza kuth....Me: "Ta Smig wethu, umshiyephi uBaby?? Ufunwa nguPluto ndimxelele kemna you took a drive with him..." Ta Smig took the hint immediately..."ndimshiye phe ndlin uthi udiniwe, so his taking a nap..." I could see a smile escaping pluto's face.....hayin lomfana kanantlon?!!! He excused himself and left....Ta Smig: "good going baby girl.....Lukhanyo uth ufunuk'bona as soon as possible" me: "lemme take a quick bath...".....I went to take a bath and left for the hospital.....

I got there and Lukhanyo was staring at his soup.....anger was written all over his worn out face.....Me: "Lukhanyo...." He stared at me, with the most saddest look...Him: "Lihle I am sorry...." Me: "baby, its okay, just focus on you now....we'll sort it out." Him: "Lihle, what happened to me?" Me: "what do you remember?" Him: "I just came back from Pretoria, when I got to the house Ta Smig had opened up....to pay the guys....some stayed over and we were having drinks....they called it my bachelor party.....I remember Sino handing out the drinks sasela....ndiqibele ngok bungena mna...after that....I can't remember...kandityise baby, nd'lambile, ungakhi kakhulu qha.." I took the bowl and started feeding him....Me: "Lukhanyo, what if I told you....our best friends drugged you...phof, people who we thought were our best friends..." He looked confused.....Him: "Lihle uzam'uthini!..." Me: "Baby, I have evidence that Sino and Pluto tried to kill you....." His grinded his teeth....and I

could see the veins on his forehead and temples show.....I've never seen him this angry...Me: "what do you want me to do about it....?" Him: "Will you be able to do it?" Me: "Do or Die baby wam....its just us two qha ngok.....nobody else."

Chapter 55

I left the hospital after a while.....I had really changed...I have become a beast.....Lukhanyo instructed me not to act rationally....I must wait....wait for them to come to us first....sebes'qalile mos....

Ta Smig was still at home, helping mum clean up....I called him aside....Me: "uth uLuks, he briefed you already..." Ta Smig: "ewe mtshana...you keep your mouth shut...zizolwa zoy2 ezi...subanayo ne worry...Pluto has a short dangerous temper....all we need to do is provoke it...indirectly....via Sino. Pluto has been on trial for murder before, his 2 ex gf's....we helped him out those cases.... But mna I know he killed them, ndandikhona..." Me: "are you saying we must drive Sino to her grave???" I hissed at him....Ta Smig: "Lihle, Pluto will not stop till he gets what he wants, Sino needs to move out the way....." I thought for a while.....could I do this? Was I capable?...of murder?...Ta Smig: "if you love Lukhanyo, this wouldn't be a hard decision."

A week went by.....Lukhanyo wanted to leave the hospital, but I told him its better if he stayed.... Him: "Lihle, I'm missing out on my babies, I don't have time to be here!" Me: "They aren't going anywhere..." Him: "kaze nabo ke ngomso....I just want to see them, ndak'cela baby wam....." And he pouted.....ow bethuna mahn...that melted my heart, I bent over and kissed his lips...as I got up, he pulled me back....I sat on the bed and embraced my husband....he took my hand and slid it down, I felt a fossil hard Richard...I stopped and laughed...Me: "hayi mntu wam kayek izmanga man...you have to get well" Him: "If iyaphakama, then I'm well enough...kaze man lovie...just ey'1..." As we continued kissing the doctor walked right in...Doctor: "ow my goodness, I'm soo sorry" as he covered his eyes...I got up and we both giggled like schoolkids...the doctor had good news....Doc: "Mr Mzinyathi, you will be able to go home soon!" Lukhanyo: "I take it soon is today?" Me: "aw'senxame...." Doc: "well I'm tired of hearing your whining, even though the nurses don't mind... Nonetheless you can go home today!" The joy in his eyes....ndayaz akakhumbul anyone else besides the kids....especially intombiyakhe...I went to sign the paper work as he got ready.....

Ta Smig had come for us....Lukhanyo still couldn't walk properly on his own but he tried his best...as we got home I took out his comfy couch....maybe we should just call it the Sick Persons Couch....the sPc...lol.....he got on the phone and called a few people....in less than 30 minutes all his "friends" arrived...he instructed me to stay in the bedroom with the twins....he had asked my mother to do the grocery and pay the accounts...basically he just wanted her out the way.....I lay Luthando on his tummy on top of the bed and lay Luhle...on top of my chest, she busy sucking on her thumb...yabawa lomtana...I decided to feed them since their time was near....I couldn't really hear what the conversation was about but I could hear one was abit pissed off: "zay'dubul'inye lantwan lukhanyo! Zay'bulal inye yeessssee!!!" Lukhanyo: "hayi Hey! Don't do such! The plan is working so far mos....relax and let him be....stock esitsha sifika Thursday. Ndizothumela yena...but he won't make it back....."

My heart raced, I reminded myself....he deserved it. And Luhle started let go of my nipple....I looked at her and noticed she fell asleep....I put her in her cot and went to Luthando...I lay down next to him, he jus lay there and stared at me....ndabiwa bubthongo, I heard Lukhanyo struggling in....I got up and he said: "a.a baby. I'm good..." I sat up straight and he went to his side of the bed...I took Luthando and he lay down on his back....I had fluffed up his pillows so that he's comfortable....he gave out his hands, to take his son and he lay him on his muscular chest....and rubbed his back.... I fell asleep...

Chapter 56

Few hours later, Luhle started crying....I quickly got up and picked her up from her cot....she seemed scared...the moment I held her she settled down...I went to check the doors, they were locked. The windows were closed, I went back to bed,, Luthando and his dad were fast asleep....I got into bed and lay Luhle in the middle, I wore a hair net then lay next to her....I gave her my finger and she instantly sucked on it...heee, Luhle kodwa, as I smiled to myself... I kissed her and lay down my head....I was falling asleep.....and then I heard a sound...from outside, like there was someone in the yard, they tried to open the door but luckily I had locked it....plus there was a burglar gate, Lukhanyo's eyes shot open....by then I was holding Luhle but she was fiddly and wanted to cry....Lukhanyo sensed it,, and he got up....painfully walked over to Luthando's cot and lay him there, he came straight to me and took his

daughter, she lay on his chest and one tiny hand held on to Lukhanyo's vest.....I wonder who's outside....Lukhanyo took his phone and typed a message and handed it to me....it read: "plan is to stay still as possible, I am in no position to fight, whoever it is out there probably knows that....so let's be quiet..."I wrote back, "call Backup! What if they find a way in"...he read it and texted Ta Smig..: "someone outside tryna break in..." And sent it.....minutes later I heard movements again, whoever it was, was in a rush and ran to what I think must have been his car.....I heard tyres screech from afar.....and my mind knew it was Ta Smig...before you know it, I heard gunshots....only four times then silence!

Now, it came to a point where, I saw a pattern.....everything that has to do with Lukhanyo's gang shot only 4 times, but why? I looked at him and he walked to the kitchen to get some juice while talking to Luhle..: "kodwa ntomb'kayise ulala nini....hlel nje uhleli wena....andik'understand...kand'xelele ke nunu wam ulala nin.....huh?"I was giggling on my own eroomin...akasem'nxamele man....he came back and sat down on the bed...him: "mtanam alok utata, ufunu boleka into yakhe pha kumama yabo?...ndizophinda ndiy'buyise ne..."Me: "and'bolekisi mna...." Him: "khavé umamakho....tsshhi! Lala mtanam..."he sang her a lullaby and rocked her back and forth, she was getting woozy...then finally fell asleep.....Lukhanyo placed her in her cot and came straight to me, he didn't even ask, he just dove onto my mouth,,,he kissed me and held me...as we stepped back, and lay on the bed....he kissed my neck and sucked on it gently....It tickled abit.....I could feel electricity traveling through my body...he went down to my boobs and kissed them, then he looked up to me and smiled.....I knew what he wanted to do..... Me: "Ncanca, ndakwaz uyabawa"and he Did! But he stopped immediately.... Him: "Sies man baby, ngamasi mos la!" ...he said with a sour face, I literally laughed at him....he came back to my neck and cheeks....then took off my pants.....he slid his middle finger, and I was already wet.....he stroked it gently and looked at me.....I held on to the covers and bit my lower lip.... Me: "ooooooh, lukhaanyor"he went down and attacked it with his tongue....I bit on my fist as my toes curled and eyes rolled back in my head.....I was about to reach climax, I hung my left on his neck, the other in the air as my thigh started shaking, my whole body vibrating.....and he stopped! How could he just STOP! Me: "hay baby suyeka man...please don't stop!" Him: "you want this pleasure all to yourself? Yhuuuu!" He took off his tracksuit...Richard had muscled up.....he lay on top of me and said: "Let's try it without music, sound.....just silence.....baby I wanna feel your heartbeat" I just nodded and he dove right in....

Chapter 57

After a while.....his phone rang, he picked up...Him: "Sure Ta?" Caller: "kavule, nd'lapha phandle." he got up and went to the door to unlock it, Ta Smig walked right in. Ta Smig: "ndiy'canile kay'2 but it didn't stop, it got away!...." He was furious.... Lukhanyo: "Yeses! Uzophinda buye lomntu Ta Smig.....we need to get amajita apha now!!" Ta Smig got right on to it....this place wasn't safe for my babies I thought to myself, I got up and got dressed....but I can't be at motherwell neither! For sure they knew where I stayed!....I had to think....I took out 2 bags one for me and for the twins.....Lukhanyo walked in: "uyaphi kengok Lihle?" Me: "baby, ndicingel abantwana!...this is not safe for them..." He looked genuinely pissed off but he had to agree ke nyan..... Me: "we can't go to motherwell or dwesi....I'm thinking of somewhere else...." Him: "a hotel?" Me : "Too many formalities, they might track us down by my name...." I hated leaving Lukhanyo here but what choice did I have?....Him: "How about.....nah that won't work....eish, babes.....I'm sorry about all this....." Me: "mnyen wam, there's no going back now...." We sat in silence for a while.....Me: "Lukhanyo, why is it that when your friends shoot people, they shoot only 4 times....?" Him: "its always been like that, it was an instruction from dad..." Me: "No type of symbol or sign behind it?" Him: "Nahh...why?" Me: "I find it weird that your gang shoots 4 times.....and you sell 4 types of pills.....is that a coincidence?" He looked surprised...Him: " heeee ubaby, when did you realize all this?" Me: "a few minutes ago.....one more thing.....what were you doing at Xolani's funeral?" Have you ever seen a black person go pale.....I think I just seen him go pale..... Him: "Lihle, that was strictly business." Me: "Business? At a funeral? While people are mourning, you were doing business?" One of the twins woke up.....Luthando.....he just got up and went to him saying... "I don't have time for this!..."

Now I'm tryna some all this up.....but I needed evidence....I'm not saying my husband is a murderer...but its possible! I loved him sooooo much, even if he were I would accept it...I can't lose him!...he came back in: "Luthando ulambile.." He handed him over to me without even looking at me, I held his arm, his eyes shot right into mine..... Me: "baby I didn't mean to upset you...you know you don't need to hide anything from me...I got your back"he sighed and sat down.... Him: "Lihle, Sino is leaving the hospital ngomso....I need you to be there." Me: "Lukhanyo I almost killed that bitch, how the hell would she want me near her?..." Him: "we need her close again....when she's with us...we'll send Pluto to collect the Pseudo Stock (fake products)...I'll give him an alternative number and make him believe its our personal contact number and nobody else has it..... You know how much he loves being number 1 mos...when he gets there he will contact me, mna ndizobe ndise Veeplaas

the whole day...so that when they trace the calls they don't find them anywhere near here. He will receive the stock at a drop off point, meaning nobody else will be there...obviously he's gonna call and tell me us'fumen....I'd have tipped the police off anonymously then...and they'll catch him red-handed.....of course knowing him, he'll darken my shine and tell them uthunywe ndim.....by then I'd have destroyed the "personal number" ...kamand ndiy'thenge kooMyfriend...so it won't trace back. Yava ke lovey?" Me: "uSino ungena phi keyena?"

Him: "she'll be an automatic witness for Pluto, cuz she has mad love for him....soooo, she has to go. And you have to do it".....my heart froze!

Chapter 58

Lukhanyo had changed me in less than a year..... Being the wife of a gangster I now understood that, its best if YOU DON'T KNOW, because my honies, if you do....then you have to Help! With the dirty work.....one day when you want to leave him....you can't go to the police and spill his beans...izobuyela nawe lonto cuz you were part of it! But Lukhanyo isn't like that.....he just doesn't want to get close to Sino that's why he's sending me.....I had to think of what I was going to do.... Him: "Lihle, baby wam....you won't have to kill her in cold blood....just lure her close....we'll do the rest!..." Me: "still mos Lukhanyo, I'll be a killer..." Him: "you're a potential killer from what I've heard...wam'bethekisa kwi tiles umtanabantu...she almost lost her marbles"...we both giggled... Me: "hayi man, Lukhanyo this isn't funny...." Him: "Baby, when we're done with this. I'll drop le madness yonke. I promised you this remember?...I already had dropped it, but nguPluto lo und'qalileyo and I won't relax until he's done and dusted..."

Thursday was around the corner though...so I needed to get on with it....I called my mom.... Me: "mama wethu, cela uzisa abantwana for le veki....Luks and I are busy with someone and-" she cut me off... Mom: "hayi mtanam ndizobalanda abazukulwana bam tshi...ubuz'explainer apha...ndizogqibezela apha ndibuye nale grocer then ndibathathe..." Me: "ok ke mama..." Next phone call was to Sino.....should I call or should I go to her?....nahh, call. If I go to her she might panic.....then I remembered! Kanene she doesn't have her phone with her....my heart sank!...I decided to bath and go to her, as I was getting dressed.... Lukhanyo: "heeee, awuse skime ngath uyokwenzinto ebetere!..." I laughed hysterically, Me: "tsek man Lukhanyo..." He quickly grabbed me and threw me on the bed...and tickled me.. Him:

"uthi tsek kuban? Ndizok'bonisa kemna...nalo tsek wakho!" ...he continued tickling me soo hard...I had tears from laughing.....until we heard the door open....we stopped dead in our tracks....."Heeee, baph' abantu balapha..... Lihle!" It was mom....we both breathed out loud a sigh of relief and I got up to go to the kitchen... "Tshin mama sow'lapha...!" Mom: "hehake Lihle bek'nin ngoko? Ba-ready ooPontsho?" I decided to unpack my bag and add more clothes for them.....I was going to stay...They want us, not them. I prepared everything, and I called a cab.....after 2 hours, they left.....I finished getting dressed and was on my way....Lukhanyo was in the lounge watching some cooking chanel...oh wait, the tv was watching him cuz he was in his iPhone typing something....but why the cooking chanel though...I went to him, and kissed his lips... "Be back later".."Sho".....I left.....when I got to the hospital, I looked for her and found her packing up, she froze when she saw me...Me: "bitch yam..." I said with a smile....I went over to hug her....she hugged me back with tears in her eyes...Sino: "I'm sorry Lihle..." Me: "its fine tshomam....it really is....we're past that now, sapha bag zakho sik'goduse...." she immediately jumped: "Lukhanyo ulapha?" She was shaking, yuuuuuh she looked beyond frightened....Me: "ha.a lovie, its just us two...he doesn't even know I'm here.." Then she eased up a bit.....

When we got to her place I handed her, her BlackBerry....she was confused. Me: "way'shiya pha endlin, so nday'cima and kept it till you were healed....." Sino: "enkosi mtshana....".....I made her some food and we started chatting, phof I was chatting....mostly about Kimberley, the wedding, the twins.....she just smiled and nodded....her phone beeped....when she checked it, her face went pale.....her eyes welled up with tears, I went to hug her and took the phone as if to put it on the table, when she wasn't looking I read it: "you fucked up sino! And you are going to pay big time!" It was from Pluto....

Chapter 59

I felt for her but my natural instinct is to protect my husband, and kids...

I left her and told her if she needed anything she knew where to find me. When I got to lukhanyo, he was starting to stress. Him: "Lihle kunin ndik'lindile!! Where the hell you been!" Me: "hayi lukhanyo what happened to calling ke? If une worry kangak...." He was upset....but I didn't probe.....Me: "I spoke to her....we got one prob thou....Pluto is on to her.." Him: "then we got to act fast..."the next day was a busy day in the Mzinyathi household....we were doing last minute prep's and the

the police holding cells.....with 6 other criminal.....when he entered.... The one leader smacked his lips and said: "mmmmmh....fresh meat....".....

Goodluck Pluto.....

Chapter 60

The ambulance arrived, I had switched off the stoves by then.....I was kneeling beside Sino, crying hysterically.....although I felt nothing for her.....she tried to kill my husband.....she's always had this thing with me....I brushed it off over the years...but it was there.....ndamenza nton mna?.....I cried thinking about our memories together.....our last night out was my first night with Lukhanyo.....now that broke me apart.....why had I been with Lukhanyo????! Why couldn't I have settled for Xolani and his abusive behavior maybe that would have worked.....I would have been at home with my mother, Xolani would still be alive, Sino would still be alive!....everyone around me was dying.....I thought of the next closest person to me Lukhanyo knew.....it was my mom.....No he wouldn't do that.....would he?....all of a sudden he was standing there in front of me....as the paramedics came in and took Sino's body....I got up and ran to him.....there was something that attracted me to him....whether I liked it or not.....I loved him...dismally.....Xolani warned me about him....the man I made my husband.....what if Lukhanyo was the one who killed him? Hayi man! I know what I saw!....it couldn't have been him....I hugged him tightly....and he held on for a while...I think it was part of the show....as if it had been an "accident"....he was tryna comfort me...I just wanted all these people out my house.....I just wanted sleep....but then another nightmare was the police.....I led them inside the house...as we sat on the couch I cuddled in Lukhanyo's chest, in between sobs and wails.....Police: "Can we come another time?" Me: "...*sniffs*....no officer, I want this done today..." Police: "okay then. How are you connected to Sinovuyo?" Me: "she is.....was my friend..." Police: "did you see what happened? Or anyone shady walking around outside?" Me: "No sir, I went to open the door and had to rush back to the kitchen because I was cooking...when I heard the gunshots I switched it off and ran back to the door and found her.....laying there....."I started crying again.....

The police said their condolences and left.....the other people took what they needed as evidence and left too....I just wanted my bed....it was still early....but I was tired of being awake.....I asked Lukhanyo to leave me alone for a while....and I went to our

bedroom....took off all my clothes and took a shower.....realizing that its becoming a habit to wash off blood now...I don't bath to keep clean....that thought made me sad.....I couldn't take it anymore.....strength was slowly leaving my soul.....I'm a bloody murderer...! I cried silently and sat on the floor till I felt like I just couldn't cry anymore....I got out the shower and went inside the covers.....I decided to take pills just to quicken my sleep....I took out 2 and drank it with water and went back to bed.....it took a while....almost 10 minutes.....my mind was blank.....I entered a deep sleep...I couldn't hear anything...until I walked in a room....sitting in a corner was a man....He said: "Lihle ndanditheni kuwe?" I walked closer to see who it was.....the voice sounded familiar....I knew it from somewhere but haven't heard it in a while!.....he turned around and walked to me...."Lihle, ndanditheni kuwe" he said again.....my eyes welled up in tears, I started crying....it was Xolani.....he was looking at me eye to eye.....I missed him so much....Me: "Xolani!..." Was all I could mutter....Him: "Lihle I told you! I told you to stay away from him!....he will destroy you! Ndamaz mna, buza apha kum!..." Me: "but its too late Xolani.....*sobbing*....I'm already his wife....." Xolani just looked at me in sorrow....I bent my head down and when I looked up again he wasn't there....I screamed his name: "Xolaani! Xollaannniii".....the door closed, I sprang up and realized it was Lukhanyo who just walked in.....he came over to his side and crept into bed....I was still scared, especially now because of Xolani.....it was as though I was looking into a beast.....I had tears in my eyes and moved further from the bed...he looked at me: "Lihle yinton? Why und'baleka nje..."....I looked at him and I don't know if I imagined it but he's eyes shone, maybe it was my tears.....or maybe I'd married Lucifer himself!.....I looked away sadly and sat up with my knees to my chest....he pulled me gently....at first I didn't budge.....secondly he said: "Baby wami....."....I looked back at him and he had his puppy dog look already on....he pulled me again and I slid into his arms.....I held on to him and starting feeling sleepy again....he whispered: "Lihle, I love you. I'd never do anything to hurt you.....or my kids.....Ever. Even if you want to leave me, that's your decision.....qha yazi ba ndiyak'thanda mna...you're everything in a wife I could ever ask for and more....you're the one for me Lithembelihle..." Me: "Lukhanyo, I can't leave you. I want to....but I just can't. I love you so much...I need you, to survive....I've been through so much with you to actually give up on us now.....but wena awund'thandi.....you're obsessed with me....so if I ever leave you, I won't make another day alive.....".....he kept silent.....I knew it.

I started falling asleep again,, my heart was heavy.....was it pain? Hatred? Love?....it all seemed the same to me...I just wanted to hold on to him forever....he squeezed me tighter without saying a word.....I decided, on his side I wasn't close enough.....I got

on top of him and lay my right ear on his chest and listened to his heart.....it didn't beat any different to the average human's.....Me: "utixile?" Him: "ya....namajita aphandle" me: "doing?" Him: "Guarding".....that's when I knew hayi Lukhanyo yinja manyan.....he's the boss....he pays people to guard his house? Why don't just hire a security company?.....ai I chose to keep quiet and appreciate the extra security.....we both fell asleep without another word to one another.....

Chapter 61

We woke up the next morning...phof he was already awake, busy on his iPad....he didn't like it much....I don't know why, he kept tapping on it furiously, then finally threw it across the room....the screen cracked.... Me: "oh hay Lukhanyo yinton ngok?" Him: "yand'frustrater lento yala iPad....mxm...." Me: "I'm not talking about the iPad...what's eating you?".....he didn't reply.....just sat there staring into space. He needed therapy man lomntu....the way he's always gas'ed up.....just looking at him scared me, hayi I needed to get the kids back at least he would calm down when they're around.....then another random thought crossed my mind.....Sino needed to be buried.....I don't know if her family would accept it, but I had to go and inform them either way....I got up and went to brush my teeth, when I got back, I went to take poor iPad and placed it neatly on the dressing table.....it was raining outside, I climbed back into bed.....and looked the other way... Him: "Lihle, what happened yesterday?" Me: "Phi?" Him: "ngok ubulele...you had a bad dream?" Me: "yeah....." Him: "wanna talk about it?" Me: "no".....he kept quiet.....then after a while.... Him: "was it about us?".....oh bethuna ubaby.....he probably thinks I want to leave him...njebe ndi on and off...I turned to look at him and I held on to him again... Him: "Lihle answer me." Me: "lukhanyo even if I dream you killing me, I won't wake up and leave you." Him: "so I killed you in your dream?" Me: "no you didn't..." Him: "Lihle will I have to tickle this out of you?" Me: "okay okay fine.....it was about Xolani".....he just rolled his eyes and looked away....I knew he was gonna act ratchet about this.....Me: "nantsoke....uske und'tshintshela ingathi ndim'bizile".... Him: "and'tshintshanga....wat did he want this time?" Me: "to stay away from you...he said you would destroy me" Him: "heehaake! Utheth'ba Xolani usenomona nangok sese ngcwabeni? Hayi ndiyam'vuma....".....he didn't say anything else....he got up... Me: "can we just stay in bed today, its awful cold outside" him: "I'll make breakfast first...ndiyeza".....

After we had our breakfast in bed, I have to admit...he can cook, I doubted him before..... Me: "wafundiswa nguban upheka baby?".....he kept silent and looked almost irritated....yho hayi andizoyaz ke nam mos! When he has mood swings it boggles my mind..... Him: "when I lived with wife ka Ta Smig.....she taught me how to cook.....well, actually I taught myself, because when Ta Smig went to work, she would tell me to cook and if it wasn't to her expectations.....she would beat me."my heart really ached for this man. No honestly, when he says I'm everything he has, there's no doubt about it...other guys tell you "you're my everything" but they have a proper job, a house, an education, a mom and a dad, with a great childhood in their memory. Lukhanyo means it very well when he says it, he really doesn't have anybody else....I took the dishes to the kitchen, and while washing them I made a mental note that he doesn't touch no pots in this kitchen for as long as I'm around....a tear escaped my eye...no wonder he has trust issues and hatred in his heart....he doesn't know love. Love is his babies, and when they're not around.....he feels incomplete.....I went back to the bedroom and he was cuddling himself, when I got into bed, he turned around and pulled me to him. He kissed my forehead and closed his eyes...Him: "when are my babies coming back?" Me: "when this madness is over..." Him: "bring them back Lihle.....kaka ye madness.".....I told myself I'd go to Sino's aunt before I went to fetch them.....after a while he fell asleep again...I got up and took the iPad, what was frustrating him....I clicked it and miraculously it switched on....the screen was a bit of a blur...but I could see...I went to messages, it was just stupid emails....then went to photo's....and there it was.....I didn't even have to click, it was already there.....a picture of him and Xolani in some coffee shop....they looked uhm.....how do I put this.....brotherly? Yeah that's it, they weren't holding hands or hugging. They were just sitting next to each other.....and for the first time I had to admit....this is why I fell for Lukhanyo, he had looked a tiny bit like Xolani but he was sweet and romantic unlike Xolani.....at first it seemed like a stupid thought.....but its true.....there couldn't have been a better replacement for my abusive ex...I switched the iPad back off then turned around and I got a fright to see him staring at me! Me: "Lukhanyo what the fuck is wrong with you!!" Him: "what the fuck is wrong with YOU! Why ungand'buz instead of just investigating and me catching you!..." Me: "uthetha half mos wena! I have to wait till the time suits you perfectly! And that's almost always never!!" I yelled.....turned to go take a shower....I think I'll leave now instead of later. I'm tired of living with a beast! Lemme go fetch my babies and spend some time with them, I don't know what's wrong this person.....but how is it that he ALWAYS catches me red-handed! Is he thaafraid of me leaving him!....I got out the shower and went to lotion my body....then took out

my Baby Phat tracksuit and Air Jordans sneaker...I'm tired of this shit man.....I took my bag and walked out..Him: "Lihle! Lihle get back here!!!!" I just kept walking but I didnt make it to the garage.....he held my arm and pulled me to look at him. Him: "Lihle, look I'm sorry...you're not a nagging wife, I love it like that, don't be a detective kwinto zam. Ndak'xelela mos instructions zodyola nam! They still apply in marriage ke...I don't want us to have this conversation again!" Me: "is that your idea of an apology?" Him: "Mamngwevu wam....cela uxolo ke, you know I'd die for you njena....I don't wanna lose you....I love you with every bone in my body....every muscle....every fiber....just don't go through my shit va.....then we set for life....I don't want you to leave this house sixabane then somethin happens out there and I never get the chance to say sorry...." I just had to melt, who wouldn't? Don't lie.....tshi....Me: " okay fine baby...I'll be back soon yeva?....."then I kissed him, and he just held on.....he held on for soo long I thought I wasn't going to leave....when he pulled back....Him: "Ndak'thanda MaTshangisa..." Me: "I love you too Puppy yam....". Him: "ndilinde alok sohamba soy2...." He said with an excited face....I waited for about 30 minutes....heeeee uLukhanyo... Me: "why uthanda ufaniselana nam wena? I'm not your twin" ...Him: "hayi alok, you my mom, dad, brother, wife and my child tshi...." I laughed at that...but ke he wasn't wearing Baby Phat yena, but I'm almost sure if there was a male section he'd buy it just izofana nale yam.....ei this person.....after that we left

Chapter 62

We got to Sino's Aunt's house...eZwide.....tears threatened my eyes....I got out the car and Lukhanyo didn't even budge... Me: "hayi baby iza man....its gonna look suspicious if my own husband akahliki emotwen!"he sulked and got out the car.....we knocked...someone: "Kumm iN!" ...I looked at Lukhanyo and he just twisted his mouth and rolled his eyes....I tried hard not to laugh...we entered the house and greeted... Aunt: "nifuna nton?" This woman was beyond rude, aint nobody got time for this....Me: "mama, sizise umphanga..." Aunt: "kaba?" Me: "uSinovuyo uswelekile...." To my surprise, she screeamed in despair! " Yhooooooooooooo! " Her hands were on her head, Lukhanyo crossed his arms and looked to the ceiling....the little brother came in...I think he heard but he comforted his aunt, as she cried: "yhuuu mtanam, iza nala nip ye gin phantsi kwebhedi...." The child immediately got up and went to fetch it....he brought it back and poured her a shot, he even measured it... Lukhanyo was

like 🤔O.ohe didn't even think it wasn't even funny. I think it reminded him of his childhood, cuz he immediately turned and walked back to the car....I tried my best, but she just kept gulping...instead I gave her a number for the mortuary to go and identify the body, when I walked out I think I heard her say "sizoy'thengelwa nguban kengok igrocery?" In between sobs....I was soo irritated.

We drove to Motherwell in silence....when we got to my old home....memories stirred back inside me....Xolani bethand uzond'checker ke amise pha ngakwi danger...we used to sit there and throw pebbles at each other until he got a "call" and "had to leave"....Lukhanyo also wayesaqala und'checker phof....probably twice, then I had to leave my home....we got out the car and walked inside...Mum was holding luthando and Luhle was asleep in the bedroom.....Lukhanyo entered first, he greeted and scanned around for his daughter..."Mama, uph uNtomb'kayise?" ...Mama: "ulele wethu bhuti, eroomin" ...he went straight to the bedroom and yes....he woke her up...and came back with her.....Him: "yuuuh mtanam mamakho und'phethe kakbi pha kulanldlu, ingathi ngow'buya uzond'thethelala....he sat down with her and kissed her cheeks.....was that a smile I saw her give her dad?...heeee andincunyelwa nje mna? 😞:(...I took Luthando and lay him on his back on top of my thighs...he had his hand in a fist in his mouth...I told mom about Sino's passing....she was shocked! But had a look on her..... Me: "Hayi mama, bingendim, mna I even went to the hospital to apologize kuye and I spent the day with her the day before it happened....so bendingayenza njan lonto..." Mom then understood and chatted to Luks for a while...mom told me to feed them....(I had milked my breasts and kept it in containers for them)...so I decided to just warm it and feed them....Lukhanyo disapproved, as always....he just enjoyed seeing my boob wethu...I fed Luthando first....and gave him to Lukhanyo then took Luhle....lol...again he burped Luthando, again Luthando messed on him....he just frowned...Him: "Kodwa sani, uyand'qhela wena..."I finished with Luhle and burped her....Mama was fixing the twins bags and getting their things ready...I had to take the back seat and lay the blankey on the seats since they were leather and cold....we said our goodbyes to mom, then drove home.....when we got home....Luhle had made a poopie....and FINALLY Lukhanyo insisted on changing her....he took her to the room and lay a towel under her.....he took off her pink jumpsuit and dirty diaper...but to his dismay, right after he finished removing the diaper, she was not done, I stood at the door....and when Lukhanyo turned...Luhle made another poop on the towel then pee'ed....when Lukhanyo went back to her, he screamed out loud: "Hayi maan luhle!..." I couldn't help laughing.....

You better recognize, Daddy! ❤️

Chapter 63

He turned to me with the puppy dog look,, Me: "haayi, sund'faka...uz'celele..." Him: "kodwa baby 😊:(..." I was in stitches of laughter...I handed Luthando over.....Him: "Masambe sobukel ibhola kwedin...yayaz ibhola yinton? You gonn learn today"...Luthando just stared at him blankly....with his eyes wide open...I cleaned up Luhle and went to wash the towel and hung it.....I took her to the lounge and sat next her dad and brother....Luhle looked at Lukhanyo, he stared back at her.....and he shifted a few inches...lol.....abasa qoshelani nje...Luthando was sitting on top of Lukhanyo drifting to sleep, His father shook him....Lukhanyo: "sulala alok my boy, jonga pha eTv'in..." Me: "Lukhanyo lusana kodwa olu...he doesn't know ibhola yena uyoze qha.." ..nyan ke Luthando just kept drifting to sleep....His dad turned him around and lay him on his chest with his stomach....he instantly fell asleep with his cute little mouth slightly open...he kissed his small head.....Luhle on the other hand still stared at them both....Lukhanyo blew her a kiss, and she smiled...eshheeee! Sebevana again...I decided to put Luhle to sleep too but ke it was going to be a mission hence she just woke up....I put her on Lukhanyo's lap on her stomach then I cuddled into him too... Him: "baby ka-lyte heater k'yabanda"I got up and switched it on.....and we watched t.v....

After a few hours...I heard Lukhanyo's tummy grumble, I instantly got up to cook....that's what being a wife is right?...there's no instruction to be given...Luhle was finally asleep...and oddly Lukhanyo naye besozela.....pay back time. I went to his phone and clicked on camera....I took 2 pics....he didn't even hear me take them...and I put his phone down and went to finish cooking.....by the time I was done, he was snoring....I switched off the tv then went to lock the doors and close windows and check garage doors....I closed the curtains and I saw a white polo with tinted windows....it stood there and I felt the owner was staring at our house. I called Ta Smig.... Ta Smig: "mtshana, kunjan?" Me: "ndiyaphila Ta Smig unjan wena?" Him: "ndiry, what's wrong?" Me: "Ta Smig....Lukhanyo just fell asleep with the twins and kange alale izolo so I want him to rest but while I was closing the windows and locking doors, I noticed a white polo parked apha phandle.....I don't know if I should be alarmed or just relax..." Ta Smig: "Lihle! Wake up Lukhanyo! Don't peep through the windows, don't make a sound or a noise take the twins niyohlala eroomin!....do this NOW! Wake him up! Ndiyeza!!!" He hung up and I tiptoed to the lounge....Me: "baby..." He didn't answer, I shook him slightly....he opened his eyes....Him: "what's wrong?" Me: "kukho Polo emhlophe eme phandle..." He immediately got up, I took Luhle and he followed with Luthando....we took their cots and put them in our bedroom and lay them there...Lukhanyo put his shoes on and took out his

phone...Me: "I already called Ta Smig" Him: "you called him before you woke me?"
Me: "Lukhanyo, I didn't want to interrupt your sleep....you haven't slept in a while!"
He just kept quiet and his phone beeped....he tapped a message furiously.....then left
when he got to the garage I heard the car door open, then closed....and he walked
out.....it wasn't even 5 minutes...I heard a car swerving and speeding another door
opened, I heard 3 gunshots out side.....it was 3. Only 3.

Chapter 64

I heard running and then one more gun shot.....still my heart wasn't in the right
place. It should be a consecutive 4!! Not 3 and 1....the twins woke up....Luhle started
crying....I picked her up and prayed that her father was still alive.....Luthando also
started crying.....I tried to comfort Luhle....she just cried harder....I heard the door
open and she suddenly stopped....I was instructed to stay in the room so I stayed there
and listened....I heard a voice: "nyamezela bhuti..." It was Lukhanyo! Him: "Lihle!!!" I
put Luhle back down and ran to the lounge to find Ta Smig laying there with blood
on his shoulder and arm, I called an ambulance...Me: "why don't you take him
ngokwakho to hospital?" Him: "I can't leave you here!..." He was right about
that....Lukhanyo called his other friends and only described the polo. And its
owner....the paramedics arrived after 35 minutes....they took him and left....I cleaned
up behind them....luckily it hadn't stained the white fluff carpet, the blood was only
on the tiles....when I got done I went to wash my hands....Lukhanyo locked up the
whole house and went to take a shower, Again.it was late in the evening, so I
dished up for him....and he ate....he was really hungry....bek'then zangathethi
na?...heeee this person....I took the dishes and washed them.....then went to bed, I
found him in the room taking Luthando out his cot and put him on the bed under the
covers, he did the same with luhle...then he went under blankets too, I switched off
the light and went to bed luhle was on my side.....I felt Luthando, if he didn't need a
diaper change and found Lukhanyo's hand holding him firmly on his back.....poor
thing.....he just wants to protect his son from all this.....Ta Smig has taken care of
him for a while.....he couldn't lose him too.....

He wasn't sleeping though...he just lay there with his eyes closed. I decided not to
ask...for once. Mandikhe ndingayaz. Him: "Lihle..." Me: "Baby"...then it was
silence.....he was testing the waters. He probably thought I was upset....I wasn't.
Him: "ndifuna uyothenega car seats for amawele...." Me: "Okay lovie, nini?" Him:

"Ngomso."then another silence. Me: "he's going to be okay....." Him: "ya I know..."his eyes started to well up with tears but he quickly composed himself and sat up on the bed....Him: "I'm thinking of taking a business course..."...my heart smiled before my mouth....Me: "what type of business will you be into?..." Him: "I don't know, maybe nd'thenge a few shares, have a say in a few companies.....iyaphela Lihle family ka tatam....its about time I stopped this...." Me: "That's good baby wam....I'll get some info for you tomorrow..maybe wenze part time eNmmu..." Him: "ha.a...zond'qelisa ngabantwana..." Me: "eshheee.."I was happy that my husband was taking charge and wanted to move on with his life, but still he needed therapy. Him: "lomntu uthunywe ngu Pluto...."I immediately knew he was talking about the white polo.... Me: "ohh..." Him: "he shot Ta Smig, but uy'bonile Ta Smig and he ducked...ese motwen....that's when I came out, this person had gone back and started the car when he drove off, I shot him once....." Me: "kange um'cane?" Him: "I did.....but he's not my problem anymore. The guys will deal with him..." Me: "okay then...."I didn't want to say the wrong things....he's sensitive these days.....his phone rang, and he picked up.

Caller: "Mr Mzinyathi, will you be able to come to the hospital as in right now?"and a tear escaped his eye..

Chapter 65

As he got up, he said: "I swear Lihle, I promise, if Ta Smig dies. El'bhayi liyoba bomvu ndak'xelela!"he was not angry, angry is an understatement....he was upset, pissed off, enraged...the list is freaken endless.... "Yanya lantwana bicimba ndozuthula!....I'll show him fireworks k'la mngqundu we trongo!!!" He got dressed and bust out the door. He came back seconds later and kissed me, then gave each baby a kiss and he left.....we made a promise to one another that we'd never leave each other without a kiss. There is so much that is never told about a simple kiSs, a kiss from a loved one can enlighten your mood, it can ease your pain and lighten your stress. Just one little kiss.....I just couldn't sleep, I thought of waking the twins but decided that's a bad idea...I sat there on the bed and decided lemme just go watch tv....I went to watch tv....no lights were on...just the screen...I was watching Keeping Up With The Kardashians, then I thought I heard a sound....I turned down the volume and heard people outside....I went to the room and decided not to switch the tv off cuz they'll know I heard them...I started shaking....one of the twins woke up.....oh God please

not now....I quickly gave Luhle her dummy, and she sucked furiously...I texted Lukhanyo: "surely someone saw you leave, I hear voices in the yard"....send....His reply: "take the gun in the drawer....wear somethin baggy and hide it on you....baby....don't be afraid." Fuck YES I was afraid I have never used a gun before! I didn't even know how to handle it!...ndatsho ndatshiswa ngumcamo ntanga!....I did as he told me.....and whispered to myself....."Lihle, do or die bitch...this one is for your kids" ...I took the gun and hung it on my track pants...then put the sweater over it....a window cracked opened, I didn't hesitate....I opened the door with a bang, pulled out the gun and shot him in his forehead.....I aint even know who it was.....he fell back into the yard.....and heard feet run....that was probably his associates....bloody cowards.....the twins started crying....matter of fact, they were screaming I left the bathroom and locked it.....

I took Luhle first because she was such a Drama queen...she fussed about everything just like her dad...Me: "shhhhh alok uxolo mtanam.....sorry baby girl.....shhhh shhh shhhh....." I gave Luthando his dummy....ebenes'nqala shame umtanam...I heard a knock on the door....my heart froze..."Lihle vula!"...who the hell, I dialed Lukhanyo, he didn't even wait for me to speak, "vula emnyango ngu Stuja lowo"....I went to open the door and a chubby dark guy came in... I didn't say hi...he is not my friend tshi... Him: "ndithunywe ngu Lukhanyo, uth bekho umntu aphe yard'in..." Me: "he's outside, phantsi kwe window yase bathroom"....he went outside....he came back after a while....I was sooo ashamed of myself!...he looked at me with a surprised look...."Lihle, udutyulwe nguban lomntu?"....I kept quiet and looked to the floor.....then just started crying.....that's when Lukhanyo bust in the house, the twins were still crying.....but we had bigger problems....they had to get rid of the body.... The rest of the team flooded in....Lukhanyo gave them each instructions and they left...I went to the bedroom and took Luhle....yuuuuh yakwaz khala lomtana.....I cradled her and cried with her.....seconds later Lukhanyo came in and took Luthando and left with him....Me: "Lukhanyo umsaphi unyanam!!!!" I screamed....he didn't even turn back or answer....they left. I cried even harder, where was he taking my son! I have had enough of this...I wanted out....he made me kill 2 people within a week....! What is wrong with him! My heart was just soo tired, I couldn't do this anymore...I got up and packed my clothes. I would wait till he came back, andizom'baleka. I'd rather die than live like this!...Luhle started crying again.....I wanted my son back!! Where did he take my son!!! I stood against the wardrobe....and cried.....Why didn't I just listen to Xolani?....why?? Lukhanyo is nothing but a motherfuckin serial killer! And he's turning me into one too!...I know he didn't instruct me to shoot the guy but befuna ndithin ke? Be like: "hey there I've

got a gun!"...what the hell! He would've shot me first and killed my children!....as my crying came to a stop....my eyes were red and swollen...he came in, I looked at him with disgust...."Lukhanyo....I am done. With THIS. With You. Ndicela iDivorce." If The shock in his face was measured in wealth, he would solve the whole country's poverty...."Uthin Lihle? Uthi kuthen!!!" Me: "I'm tired of this shit Lukhanyo!!!! You don't care about the safety of our kids!!! Or me for that fuckin matter! I can't deal with it or these silly requests of killing people ou'chea!!! I AM DONE!"I called a cab....when I packed the twins bags....he stared at me with hatred too. "Lihle, abayi ndaw abantwana bam!".....yangath und'tshize ngamanzi!.....I was sooo mad!!! Me: "uzaba thin wena!!!" Heeh!!! Uzabathin??? Do you have breasts?? Can you change a diaper?? Will you be able to deal with 2 screaming babies and shoot a person??? I doubt it!!! Nigga you better give me back my son!!! GIVE HIM BACK!!!!" He walked out the room again with uLuthando....my whole body was shaking with hatred.....I had made my decision....the cab arrived and as soon as I took my bags out Lukhanyo was standing at the door....was he gonna challenge me now?? "Lukhanyo, give me my child and move out my way...." Him: "Lihle don't fuckin test me!! Yeva?? Don't you dare!!!" Me: "uzand'thin Lukhanyo??? Uzand'betha?? Wait....you gonna shoot me right??....khasuke wethu" he just grabbed me by my jersey and dragged me to the bedroom and locked it. Him: "I have sacrificed a lot, to be where I am. And I have risked too much to let you in! If you think you're going to leave me. You'll only be going to the grave".....his face looked sick and possessed!

Did he just threaten me???? Hayi noba ndive wrongo! What happened to my husband?

Chapter 66

I wanted to cry out loud, I couldn't he would think I'm weak....I put the baby down and stood to look at him...Me: "so you gonna fight me?" Him: "I'm not fighting you Lihle, I'm just highlighting the fact that you won't survive a day without me.....do or die remember? So whether you like it or not, you are part of 'this' that you Think you done with. You are part of ME! I dare you to test me...Walk out that door, just one time...go ahead..."...he turned around, opened the door and went to sit in the lounge with Luthando on his lap.....I was beside myself.....I silently whispered: "Xolani.....".....I'd rather he be here than this beast...xolani would have never done this to me! All he ever did was protect me! I didn't even know ligintsa until this Thing

showed up!!! Yes I was unhappy with Xolani but I'm a murderer here....I have committed a sin against the 10 commandments....hayi for sure I'm going to the 7th hell, the special place for people who kill others...so that nabo baviswe the same way.....I couldn't even cry....I swear no amount of prayer could console me....I needed Jesus in flesh right next to me....I couldn't do this.....if I step out this house Lukhanyo would kill me. In cold blood. And I even have an image in my head of him enjoying it...my body just went into shock....and started shaking furiously....I slid down the wall with my back and held on to the floor.....as tears escaped my eyes.....I put my hand over my mouth to stop the wails from coming out.....he walked in after a while.....and lay sleeping Luthando in his cot,, he kissed Luhle...then turned back to look at me....his eyes vile, red and cruel...Him: "You still leaving?"I couldn't even look at him.....I just got up and went to climb into bed...crying.....he left the bedroom.....I opened my drawer and saw my sleeping tablets....I opened them and took 2.....a thought crossed my mind and I poured more into my hand....Luthando started crying....what was I doing....bangathini abantwan bam to grow up without me?? I immediately put them back and as I got up to get him...Lukhanyo walked in....he looked as cool as ever....he thrust before me and took Luthando.....turned around and left.....I went back to bed.....I just needed sleep...I switched off the light and crawled back into bedI fell asleep.....

I woke up when I heard the door open but lay still as shit....maybe he wanted to kill me now?...I breathed as silently as possible....he lay Luthando down in his cot and closed the door....he came to bed..... You wouldn't guess!.....he pulled me....I acted like I was asleep...instead of just giving up, he came to my side and snuggled on my back.....my heart turned to stone.....my whole body....he held my body....caressing and stroking it. He kissed behind my neck.....his wandering hands slid up to my breasts....I was in conflict with myself....I didn't want this....but we hadn't done it in a while....my body was ready to respond.....then he whispered in my ear: "I know you're awake....".....I started to shake, tears just fell.....I was sooo scared.....if I refused him who knows what he could do to me?...he held my hand and brought it to himself and touched him....I was even more frightened because it seemed like his dick just grew another meter just to kill me....he kissed my shoulder and nibbled on it...his hands went back to my breasts....he held them soo perfectly.....probably because....he owned them....his hand went down and slid in between my thighs, he pulled me to look at him.....I thought to myself: "do or die".....that just seems to apply to everything today...I turned around. To face him, he had a cocky look on him....I felt like stabbing him....but I had to do this....it can't be that bad....he held my behind and pulled me closer and kissed me.....I didn't want to,

but he did. So it had to happen...I knew if I kissed him it would stir feelings....and he knew this, he kissed me lightly and turned to get on top....he opened me up like a book and said: "ndakwaz ke ngonxola....cela uz'bambe...."I was embarrassed! By my own husband still?!! Ingathi ndiyabiwa! He kissed me down....down....and down....then he reached his destination....oh he can use his lips lomfana....my heart just melted....my toes curled as I held one hand on my breast the other on his head, I bit my lip....I felt it comin.....my breathing turned into gasps of air....my body started shaking.....then I climaxed....have you ever came soo good that all your muscles decide to take a lazy break....I was still breathing out loud....when he kissed one last time and came up to me, he whispered: "if you think you're going to wake up and leave me Lihle....you've got another thing coming...you could be aware of all the other thugs. But you best beware of me....ava baby?....mas'lale ke...."

The words would sink in later, I was still mesmerized by what I'd just received.....

Chapter 67

I couldn't help but wonder....had Lukhanyo planned this....from the beginning? But how?? As he got off me, he lay next to me....and stared in the dark space.....who does that? That is so creepy. But I had to stay with this creepy man...I decided to collect myself and snuggle into him....I mean, ndizothin ke? Avoid him all my life? In the same house....? I'd rather have him closer to me, he was the father of my children, I had to do this for them.....as I got closer to him, he opened his arm and I got in.....and cuddled.....thanks to the emotions he just stirred in me, otherwise I wouldn't have been able to do it.....my heart ached at the thought....he was actually ready to kill me?.....he was a loving father, an amazing husband.....how could he even threaten me like that.....my eyes wept.....he squeezed me tighter....and kissed my face.... Him: "Lihle, ndiyak'thanda. I hate it when we fight....you can't just threaten to leave me!...you know that's a low blow"Me: "so you threatened to kill me instead?" Him: "it wasn't a threat Lihle, I'm telling you again, if you want to leave, feel free....zoz'bonela qha wena...." Me: "how am I to trust you Lukhanyo? If I stay here, we won't be happy...!" He turned to look at me...Him: "Lihle, I'm your husband.....and WE ARE GOING to be HAPPY....qha qwaba....there's always sunshine after a little rain" Me: "this is not 'little rain' its a damn natural disaster, no its not even natural!! Its catastrophic...how do you compare it to a 'little rain'..." Him: "I told you I'd change mos, I just had to sort this mess out.....you don't just simply stop being igintsa....it doesn't work that way. "....I turned my back to him....I

was tired of hearing this,, nah I lie....the hatred was creeping back in....phelile orgasm ngok....back to reality. Him: "uqumbile kehok?" ...I kept quiet....Him: "ndiyok'phinda mna...ndik'tsho ube yozo yozo".....I couldn't help smiling...I had to swallow my pride, I loved Lukhanyo with all my heart.....I'm all he has....he wouldn't just kill me...I made a mental note not to make him angry again....he only freaks out when I either leave or mention me leaving....then he goes bananas....he quickly poked my ribs.... Me: "kayeke man Lukhanyo" ...he tickled me then, I couldn't help laughing.... "Hay man baby man"....I heard myself say.....I was as shocked as you right now....his cute face was back on....I looked away painfully... Him: "Lihle, ndatsho ndath I will never hurt you....but if you hurt me first.....by leaving me by myself.....then its going down....baby wam please look at me.....Lihle man...*i looked at him*....I'm hopelessly in love with you babe....I swear....you and my kids are all that matter to me in this world...." Me: "you said you'd kill me...." I said with a low voice.... Him: " babe I didn't mean that, ndizoy'qala ngaph into bulala wena.....such a beautiful face, soft lips and skin....that'd be a waste of God's perfect example....kodwa nawe uthethe izinto ez'ibhlungu kum....." Me: "hayi akhange!"... Him: "und'thuke wand'buza ba ndinamabhele na... Ndiyakwaz utshintsha napken na...yuuuh andakubheka...."I leaned over to kiss his cheek.....I can't believe I thought I hated him.....those were the stupidest few minutes of my life.....

Luhle woke us up around 5:00am....I got up and went to feed her.....when she was done I put her next to her father....then took Luthando and fed him.....but I carried him to the kitchen....I loved both my babies.....unconditionally.....but Luthando just melts me maarn.....he is so quiet and composed....I'm even thinkin of taking him to the doctor....lento yophola kwakhe iyandibotherisha mna.....I thought either breakfast or porridge.....I felt like porridge but maybe Lukhanyo bawela breakfast so I started breakfast for him....I fried mushrooms, onions, bacon....then I made scrambled eggs.....he loved scrambled....I sliced a tomato, cut an avo in half then sprinkled white pepper on it then toasted his bread golden....Luthando had his mouth open and tongue out, so I gave him a tiny piece of bacon....I went to put Luthando on the bed, Daddy was up and talking to his princess....who just stared back and smiled....I placed Luthando neatly on his tummy next to his sister.....ndayophakela umnyen wam....I brought him his food and he ate....slowly....like he didn't trust the food I made him....hehake! So I took a piece of bacon and ate it in front of him.....then he relaxed.....like I aint down like that....tshhi! I went to take a shower when I got out, he was taking pictures with the babies.....when he scrolled through and noticed the 2 I took a while back and frowned....I grinned at him....Him: "mxm, uyaphi?" Me: "I'm visiting a friend." Him: "what friend??" Me: "heeeeeee hayke ngok

Ta Luks....kayek ndodlala nabanye abangam...." He narrowed his eyes and carried on his phone.....who was he texting? I got finished and went to kiss him....."Awusey'skimele le friend yakho.....zekhe net ndiy'bhaqe.....just once.....kuyow'qhum'uthul".... Me: "yalinda kodwa wena yazi, I'll be back in an hour...." I left.....

I got to hospital and went up to see him....Ta Smig had a cast on his arm and shoulder. He was beyond excited to see me....wow, when last was a person this excited to see ME? Lihle?.....I sat down next to him and we chatted a for a few minutes....Him: "wats wrong...." Me: "Lukhanyo and I had a huge fight izolo, I want.....wanted a divorce....he refused plain, simple and clean.....he threatened me and told me the only way I was ever leaving him was if I was going to the grave, Ta Smig the look he had on, he was like a mutant, a.....a beast, some government experiment gone wrong! He scared the shit out of me....".....Ta Smig laughed out loud for a while, tears streamed his face.....why is me being killed so funny to these niggas?...he finally calmed down... Him: "whooh, what a good laugh, itsho k'landawo....haha, Lihle mtanam....listen to me.....Ta Smig will never lie to you....Lukhanyo can never in a million years kill the one he loves....wohlulwa kubulala igazi lakhe.....his brother did him wrong....but wam'yeka.....Lukhanyo bekoyikisa qha wena....yes he's capable of doing anything....but he'll never harm you or his children. You're his wife.....and the first woman that hasn't betrayed him.....hlala naye.....you're safer.....with him.".....my soul eased a bit after that.....I asked him about the call from yesterday....Him: "haysuka, they sedated me and needed a signature from a family member to continue to operate....Lukhanyo is my next of kin" Me: "doesn't that apply to under 18's na?" Him: "apparently not here.....".....we chatted some more and the nurse told me visiting time was over.....so I got up and hugged the better side then left.....when I got home....

Lukhanyo was carrying Lihle, Him: "uvelaph Lihle?" In such a voice that almost shook the house!

Chapter 68

I knew it was safer not to lie....he is no harm if I tell the truth. Me: "I went to see Ta Smig..." Him: "Ohh.....how is he?"...yuuuuuuuh! I was sooo shocked yena wonke angathukisi??? Good God, have mercy!... Me: "He's great, ufuna uphuma pha qha wethu...." Him: "oh okay...masambe sothenga car seats zabantwana.....".....he gave me his daughter and went to take a shower... I fed her and went to check Luthando....he

was sound asleep....I fixed their bags and got them ready....maybe we could even go have lunch out or something....Lukhanyo got ready and wore his black jean and brown military boot...he had on his black polo neck and coat...then wrapped a brown scarf on his neck....akadiki 😊)...I was wearing black skinnies....black polo and knee high brown boots... The twins were wearing light brown jumpsuits and white beanies.....okay, I admit..I like wearing the same as him....its really cute....so we took the Range and left for Walmer Park, we found a place to buy car seats....Lukhanyo wanted them to be pink and blue....I wanted them to match....we argued silently in the store.....then he said: "Fine!..." He took the matching ones and told me to go to Checkers to buy the nappies and more baby supplies, I left with Luthando and Luhle stayed with him....I knew he was gonna put back the matching car seats and take the different ones...he said he doesn't want his son to be gay! Mxm.....I got into Checkers.....

As I looked through the baby aisle, I took double of everything....then I decided to go to the toiletries aisle just to stock up.....and then.....Bam!.....nanku Lukhanyo! But.....hayi man.....Uph'uLuhle??? Where did he leave my child??....haayi.....wasn't Lukhanyo wearing Black jeans, polo and coat? Now why is he wearing denim jeans and a white jersey? I stomped to him furiously....when did he change?? Uph umtana?? I stood in front of him mad as hell!...Me: "Lukhanyo! What are you doing??? Where are your clothes?!! Uphi umtana??" He just stared back at me in confusion.....tshin lomfana....ithin na lento yakhe!..Me: "Dude!"...I shoved his shoulder a little....cuz ndisamoyika!....he smiled and said: "Hello....." Yuuuuuuh akandipholisa maan....I wanted to kill him right now, wh- my phoned rang, it was Lukhanyo!....if he thinks this is some sick joke, I swear!...Me: "and'na xesha lodlala kemna!"Lukhanyo: "uphi na Lihle?"my mouth went dry, my heart beat increased.... Lukhanyo: "lihle ndiyathetha!"....I dropped the phone! Who the hell was this front of me kanti....my knees went wobbly, my bladder started reacting...Me: "What the ???"I just wanted to cry....lukhanyo mos akanaye omnye brother!.....then he appeared, behind the mystery man....he was enraged that I was standing with a man. And when he got to us he was grinding his teeth then he looked at the man.....as soon as he saw his own reflection staring back at him....his face went cold....he swallowed saliva....and for the first time....I think he was scared.....he quickly regained himself and said: "Lihle, masambe. NOW!".....I left the things and left with Lukhanyo. The real Lukhanyo.

Chapter 69

He installed the car seats in the back seat of the car and we left.....in silence. I dare not ask him what just happened....but mos kwatsho yena ba when I don't know I must ask....but how do I ask this? Did Lukhanyo not know he had a brother? A twin at that?....hayin mabethuna!.....kanti banjan abantu?...when we got home, I decided to make sandwiches.....Lukhanyo just sat there.....with a sour face. Nam ndaske nda-Dom. I brought him the sandwiches....Me: "baby?" Him: "hm" ...he made a growling sound.....but alok nam ndiCurious!...Me: "nguban lo?" ...Him: "uban Lihle?" Me: "that guy that looks exactly like you!" Him: "how am I supposed to know? He's YOUR friend...suppose mna ndibuza wena!" Me: "hayi ke Somandla..." Him: "ufike wathin kuwe Lihle lomntu?" Me: "kange athethe...I was picking out my toiletries...then I saw him and thought it was you, I started confronting him ndibuza uph uLuhle and he just stood there and stared at me.....wathi "Hello"...now that explains why he was soo confused...." Lukhanyo seemed irritated.....he was in conflict with himself.....

Lukhanyo's Thoughts:

Who the fuck is this? Why does he look like me? Mos dad never told me about iwele!....where has he been all this time!....who else knows about this?...no wonder Lihle conceived twins....I thought it was just a blessing!.....haayi maan....he's not my twin...mxm....s'ka he just looks like me....nothing harmful there right?.....I wonder where he lives.....I need to find him....why was I soo stupid? Did I just turn around from my own blood? Another Mzinyathi? Hayi maan Luks ay'logaz lakho eli.....a part of me feels excited....I wonder what he does....his job that is...maybe we can do business together.....I need to go and find him.....

And he got up and left...my first guess was the correct one, he went to go look for Mystery man....heeee Lukhanyo yi Drama queen. Luhle ufuzile shame, why did he totally ignore him? If it were me I would have bombarded her with questions right then and there.....well goodluck to him....I decided to call and check on Ta Smig...he was doing well shame, I don't know why they haven't let him out of hospital...he said he missed his grandkids....I wanted to ask him soo bad....bendinqanqatheka...but told myself. This is not a phone conversation....so I told him, "Ta Smig, I need to see you...there's something that just came up...." Him: "is it bad?" Me: "I don't know ey....." Him: "uphi uLukhanyo?" Me: "he's out..." Him: "When he comes back, tell him I called you and told you I wanted you to bring me sandwiches....okanye ha.a, buzz me when he arrives, I'll call him myself...." Me: "Okay bhuti...."and we hung up..... After a long while....lukhanyo walks in.....looking depressed.....I guess he didn't find him.....I quickly buzzed Ta Smig....and deleted his number on my call log....ndamaz

Lukhanyo....he's too intelligent for a gangster.....it wasn't even 5 minutes....Ta Smig calls....they spoke for a while, and laughed a little....then hung up.....Lukhanyo: "hayi istrong into enidibene ngayo noTa Smig shame....ngath kant ndiyashiywa....." ...I didn't even bother looking at him.... Him: "Ucela umenzela something yotya..." I looked at him then....Me: "for nton?" ...in the most chilled out voice....Him: "Andaz...khenze man lovie...." ...I got up with a smile....and made the worlds best sandwiches.....and got ready to leave.

When I got to hospital...Ta Smig had a worried look on his face, he sat up on the bed and I sat next to him....Him: "Mtanam, kwenzeka nton?"...Me: "Ta Smig, is there another Lukhanyo?..." Him: "what do you mean? Another Lukhanyo?" Me: "We just ran into a man, that looks exactly like Lukhanyo.....akho nendaw.... Does Lukhanyo have a twin?"Ta Smig just closed his mouth and looked away.....then closed his eyes....Me: "Ta Smig..." Him: "Yes...."Me: "haaayi!!!! 😳O.o...how did you keep this from Lukhanyo???" ...Him: "when Lukhanyo's mother gave birth, she gave birth to twins...she died soon after the death....Lukhanyo's father couldn't support two children, so he gave Lubabalo up for adoption..." ...I just sat there....I was scared...what if Lukhanyo didn't want a twin?...you never know with him.....so I got up and hugged Ta Smig...he also didn't know where to find the twin...I received an sms from Lukhanyo as I left the hospital...: "buy take aways...noba kfc babe" ...so I left for eDasi...I entered the fast food restaurant and bought my order then I heard a voice behind me....

"Molo sisi...."I turned around, it was.....it was the twin!

Chapter 70

I didn't know whether to laugh or cry.....he looked too adorable, well he looked exactly like My husband but lo.....rhaaaa, I swear, he was using some muti on me right now... Me: "uhhm...*clears throat*...Hi"...Him: " you good?" Me: "erh yes and you?"Him: "well I'm good thanks..."he spoke PROPER english....he had an accent.....some rich one too....he was a cheeseboy...I could tell.....you know those ones who spoke english to impress girls.....he was that type...my order came...I took it and headed for the door....Him: "Do you mind waiting with me?" ...I stood next to him in silence...Him: "so my name is Lubabalo...you?" Me: "I kn- uhm...I'm Lihle..." Him: "was that your boyfriend? The one from earlier?..." Me: "kind of.....he's my husband....." ...he didn't look surprised.....a bit annoyed...I've seen that look many times on Lukhanyo before.....I had left my damn phone in the car...I would've texted

Lukhanyo right now.. Him: "can we go out some time...with your husband of course...." Me: "do you know him?"....Him: "No, its just creepy that he looks identical to me...I want to know why...." Me: "I see...."he asked for my number and I gave him Lukhanyo's....asozé sana ndiz'dubulise ngo Ta Luks mna.....he promised to call later....and we left the place together, I entered the car and I saw him go into a black Nissan 350z....I almost died....that is the cutest sports car right after a Ferrari....like he needed more emphasis that he's wealthy.....

I got home and decided to tell Lukhanyo straight up....Me: "Baby...." He got up as soon as I entered that door, picked me and spun me around....I giggled till my tummy muscles ached, then he put me down and kissed me...esshhheee uLukhanyo madoda....Him: "uthin ke baby, yuuh andilambe..." He took the parcel and went to the kitchen with it....and started nibbling on a piece of chicken....I decided to wait till he was done, ndamaz alok Lukhanyo hardly ever eats....and when he does, something must not disturb him...kanye yoy'yeka injalo.....so I went to my babies who were sound asleep....I kissed them on their foreheads....they were so cute kodwa...when they lay on their tummies they looked like little turtles...yhhuuu man 😊:(...I turned and went back to my husband who had eaten 3 pieces of chicken already.... Him: "ndatsho ndaright kengok....buzothin ke lovie?" Me: "sela juice qala..." He drank his juice...then he looked at me with a 'I won't ask you again' look....Me: "ndiphinde ndadibana naye..." Him: "uban?" Me: "the guy we saw earlier.." Him: "heeh!! *he claped once*...benditshilo ndath yiFriend yakho le!"....yoh Lukhanyo ungu nophathazana kodwa man... Him: "how long have you known him?" Me: "bend'qala udibana naye namhlanje lomntu....I have never seen him!" ...Him: "what did he say? Did you talk to him?" Me: "yes, he came up to me and created small talk, he said he wants us to go out..us 3 that is...." Him: "sam'cholaphi ke thina xasingamaz ba uhlalaphi....??" Me: "I gave him your number....he thinks its mine"...Him: "you did what? Uth kekok ndizothunyelwa oo-I love you yiOw kengok? Hay Lihle uyand'gezela kodwa....." I just laughed out loud....like what! Me: "uthin na baby....aw'fun sendelwa ooI love you na!?" He just smiled at me and pulled me closer to him.....Him: "ow bethuna iFBI agent yam....awukrapakrapi man..."I melted into his arms.....

Later he went to take a shower I was in bed.....his phone rang....Me: "baby, yakhala phone yakho...." Him: "Phendule alok..." I answered.....Me: "Lukhanyo's phone hello?" Caller: "so you gave me your husbands number huh?"....I froze to the moon....yoooooh! Having one demanding lukhanyo was bad enough, but 2?? Hayi it was "TWO" much....lol....ei man....Me: "I don't give out my number to random men I see in the street....I am married." Him: "ouch...so I'm random now?"Me: "heeeee...do you want to speak to him?" Him: "I'd rather speak with you...." Me: "ok,

I'll give him the phone...." I heard him chuckle.....Him: "I'm joking.....look, I'll sms you my address, then you guys can come over for lunch sometime?....".....Me: "I'll have to ask him first.." Him: "okay then, goodnight love....and until you give me your number I'll harrass your husband's in box..." ..Me: "Please don't do that..." Him: "then give me your number..." Me: "I'll think about it..." Him: "don't bust a vessel yo.... I'll hear from you ke ne....night...." I dropped the phone as Lukhanyo stepped back into the room.....he was walking around with his wolly hanging....Me: "babe, put your clothes on..." Him: "yindlu yam Lihle le... Lemme guess it was him" I kept quiet.....Him: "angak'linge and'qhele mna....ndoy'khaba iphambane...." I just laughed at him...then a message came through in his phone...."Goodnight" I tossed the phone at Lukhanyo, he read it and smiled....he texted back....oh Lord, noba akathukwanga Yehova umtanabantu.....he tossed the phone back to me and dived into bed.....lay next to me and smiled.....I had to read the text.....

"You too boo ❤️".....Lukhanyo ustout man!...Me: "hayi for nton"...Him: "just testing his motives.....".....oh I feared for him, a bullet had his name all over it like a heat rash

Chapter 71

But Lukhanyo is mean tho....another message came in it was the address(which I'm not going to write)...and: "Looking forward to seeing you beautiful..."Lukhanyo was having the time of his life....as he texted back I grabbed his phone and switched it off...I didn't find it funny at all... I got up as Luthando started crying...I went to fetch him....and he immediately stopped and clung onto me, they were almost a month old now....I wish they stay this small yaz....as I carried him to the bedroom breastfeeding him...I sat on the bed next to lukhanyo...he stared at his son...Him: "awusal'ncanci el'bhele lika mama kwedin...kandiphe?" He started pulling his leg...Luthando tried to pull it back...Lukhanyo then tickled his tummy, he made a goggling sound and almost choked on the milk...Me: "Lukhanyo yekana nalomtana man" He laughed and rolled over to his side.....I just loved him when he was happy and in a good mood...maybe its because there's a new member in the family.....

Luthando lay on the bed, Lukhanyo was dangling his keys on top of him,,,he seemed so excited by the rattling noise....Lukhanyo: "zoz'thanda imoto lentwana uzobona...I'll write the Range rover in his name....ne baby? You think he'll love it?" Me: "yoh, love that's a long time from now....it won't be the coolest thing...." Him: "hay uyanya ke....baby, ndenze trust fund ke for lamantshontsho am....I won't be here forever and

nd'funa bakhule grand....ndiz'balile details zayo kwi will yam....andithi ndibulale ke Lihle please..." I couldn't help laughing....what did I ever do to deserve such a loving man.....Him: "soya nin kulo?" Me: "andaz....ngubhut wakho tshi..." Him: "haska...call him, umfake ku LoudSpeaker..."...he looked excited! Hayin uLukhanyo.....bethuna, its really not funny....I called him and it rang....I put the phone on Luthando's chubby tummy and on loud speaker...Lubabalo: "hello?" I kept quiet, Lukhanyo poked me.....dude!...Me: "Hey, unjan?" Him: "oh, I'm good ey...how are you sweets?" Lukhanyo dramatically rolled his eyes...he sat up with his elbow....and listened to him.... Me: "I'm good too..."..Lukhanyo was murmuring 'babe, ithi babe' excitedly....I couldn't help but laugh...Lubabalo: "what's so funny?" Me: "nothing, just one of the twins making a funny face..." Lukhanyo sucked his teeth....Lubabalo laughed at the other side...Him: "you have a cute son....the other is a girl?" Me: "yes...." Him: "okay then, I love kids....so have you spoken to your hubby.....?" Me: "yes, he's available whenever..." Lukhanyo shot me a death look....haahaha!...Him: "okay then...tomorrow. At 12, I'll ask Sylvia to make lunch..." My heart jumped around....so he has a wife....Yeeesss! One new friend!...Me: "oh that's your wife? It'll be lovely to meet her...." Him: "No, that's my helper..."....my heart just dove! Lukhanyo fell over the bed in silent laughter...Me: "look, I have to go....so we'll see you tomorrow yes?..." Him: "bye sweetie..." And I hung up.....

"Awonwabe Lukhanyo..." Him: "but babe, the look on your face when it dropped though, yuuuuh, priceless....uthi yinton na lentwana, his helper....yoooooorh....." He was in tears....I didn't feel like entertaining him ke bonanje.....I put Luthando to sleep and took Lihle to feed her....Lukhanyo took her and lay her on top of him...he can't even sing but at least he tries....as soon as she fell asleep he went to put her down...I was a bit tired so I decided to sleep....he got in and we just cuddled together until morning.....

I woke up, fed the twins and got them ready.....Lukhanyo woke up too and went to take a shower....I cleaned up in the meanwhile....when he was done he went to eat an apple.....building an appetite I see....Him: "ambovasa, we must leave now..."it was only 10:15am...heee...I went to get ready, it was quite sunny so I wore a white summer dress and sandals, with a straw hat and sunglasses....Lukhanyo shook his head and we left...he insisted we take the Benz....my husband is such a show off...so we left.....when we got to the address in the front lawn parked the black Nissan 350z...and a white Mercedes Benz SLS AMG....oh God oh God.....Lukhanyo, looked jealous, but he was cool....we took the twins and went to knock on the door....Lubabalo opened up and smiled at us....he came over and

You may have a fancy job and a fat bank account but that don't mean nothing to me, I won't have you walking around with your chest out and mocking me because I don't have a bloody degree.....and another thing stay the hell away from my wife.....you don't wanna fuck with me.....understood?" Lubabalo stared back with wide open eyes and just nodded....Lukhanyo: "good.....now, tell me about this job of yours.....how do you make so much money...me and my son want to know..." As he looked at Luthando who was fiddling with his hands...Lubabalo told him, about the job, what it entails, the day to day running of the business....and so forth.... They sipped some whiskey together and he turned on the sports channel....and Thank God they supported the same team.....otherwise it would have been war...ndimaz ke Lukhanyo....the help took Luhle to go change her seconds later Lubabalo walked into the kitchen and stood next to me....Him: "he is quite scary isn't he? How do you survive that?"I instantly thought of a few days before when he said the only way out would be the grave....I closed my eyes as tears threaened....Me: "I love him just the way he is...." Him: "you don't deserve that typ'a love....gangsters relationships can't last long ey...." Me: "we're almost a year old together....and we have two babies....I think this one will be an exception...."he moved closer and I backed away.....I wanted to leave, I went to the lounge and sat next to Lukhanyo....lay on his shoulder and played with Luthando.....we got served Lunch, Lubabalo stood up and prayed then we ate....in silence. He has such table manners! Yuuuh, hayi I salute his adoptive parents....we finished lunch and we all went to sit outside...as we were having drinks he kept looking at me....I was beyond uncomfortable.....its as though he couldn't control it...I drew closer to Lukhanyo....he asked me a lot of questions...Lubba....Him: "So do you work?" Me: "Nope....my job is my babies...." Him: "and they're a job well done I must say..." Lukhanyo: "VERY well done...." As Lukhanyo winked at me.....the look of envy on Lubabalo's face was just shocking! Bulls eye! Lukhanyo thought, he may have all the money in the world but he didn't create a beautiful family with a lovely woman.....I gotta give it up for my wife.....and he held me closer and kissed my cheek....Lubabalo looked away.....there was a look on his face.....I think it was anger? Noo.....can't be... Vengeance maybe? Or he just wanted to push Lukhanyo off his high horse and complete his perfect fantasy world?

Chapter 73

So Lukhanyo and Lubabalo were getting along and drinking, as Lukhanyo told him stories about himself and Xolani.....yeaah now I knew he was drunk....I took the bottle as he tried to pour himself another...Me: "ha.a Lukhanyo...you've had

enough..." Him: "kayeke man Lihle, ndiz'vise kamand....!" Me: "unxila kuzivisa kamand?..." Him: "unje ke xa ubona bantu....".....I didn't feel like doing this in front of Lubabalo...so I got up and went to the kitchen the lights of the house were dimmed....it looked beautiful but weird, I got there and put the bottle in the fridge....washed the glasses and put them on the metal rack.....he spoke in a low tone: "yak'fanel ke lendaw ume kuyo...." Me: "washing dishes?...heee" him: "the whole kitchen...." Me: "its your house so.....I wouldn't know"....he came right up behind me his hands holding the counter on side of my body....Him: "cel'ujidke und'jonge...." Me: "get out of my way qala...." Him: "hayke.....".....I slowly turned around.....I could swear it was Lukhanyo... Me: "ufuna nton kum Lubabalo? Aint nobody got time for this..." Him: "Lihle, the first moment I saw you....I swear something happened inside of me.....you're pretty.....caring.....I like you a lot...." Me: "Lubabalo, do you want me to wake my husband..?...".....and he left.....my heart rate was at an ultimate high....I couldn't control it...what was this man up to? If it were any other guy. Ngendaphoxa into ka Thixo yatixitoxo. But this was hard...he looked IDENTICAL to my Lukhanyo.....yangathi nguye self....I can't be here....I left for the lounge, the baby twins were asleep in one of the bedrooms, this Sylvia woman was fond of them....I didn't even get to see them much....Lukhanyo was sitting on the couch frowning.....Me: "cela uphakame sibeno hamba...." Him: "hayi Lihle ngoba?" I pulled him to a private place and he was stumbling and holding on to things. Me: "Lukhanyo, get a fuckin grip! Sekuthen ngok uzonxila? You know you're not an alcohol person, you can't drink like this! Worse you just got outa hospital a few weeks back!" Him: "Lihle, I jus found my blother that I neva knuuw I hed.. "....he was even speaking in a slurred voice...Him: "haaay man bebi maan..." Me: "you're not even SURE he's your brother!" Him: "then eksplen dis, WHY.....did he looks lark meeh huh?". I was not even going to laugh, I knew of course it was his twin, Ta Smig confirmed it...but come the hell on....Lukhanyo anyibilike first time? And what the hell is up with this accent!? NoLukhanyo ngok, is speaking British kum!...nxxaaarg man...I had to get out of here....izotipa le....and I am scared of that man mna.....I held Lukhanyo and walked him back into the house then out the front to the car... Lubabalo: "You're leaving already? there's a Whiskey bottle I have saved up for a special occasion...its the best in the country, and I want to share it with my brother" Me: "YES we are leaving already and maybe another time." He looked thoughtful and a bit irritated..but he smiled. I buckled up Lukhanyo in the passenger seat and closed the door to go fetch the twins...Lubabalo offered to help and he took Lihle...we got them to the car and I buckled them up too. Lubabalo had gone back to the house. Now.....to fetch our belongings.....when I got to the lounge he had found my

phone....me and Lukhanyo had his and hers iPhone 5's they were both white though but he had a black cover mine was red....lubabalo held the red one...I took Lukhanyo's phone and man purse....then grabbed my hat....Me: "Lukhanyo....urggh,,,Lubabalo, give me back my phone" he smiled cheekily.....there was something about his smile that bothered me....in so many ways. It was Creepy. Ei this boy, I don't have time to be fooling around man...Lubabalo: "ungazoy'thatha nje...." I thrust forward to grab it and he just yanked it away....really? Really? We gonn do this today? I just walked out, I don't work mos. There an extra phone endlin I can use if he wants to keep the iPhone, let it be....Lukhanyo will come fetch it when he's sober. Then its gonna rain cows. Before I even reached the door he was right behind me...hugging me from behind as I wiggled my way out of this gorgeous-smelling individual....he held on tight and whispered: "Lihle, don't fight it....you know you want us to happen.....I see how you look at me- Me: "how do I look at you? Lubabalo sund'nyela fethu...." Him: "maybe the same way you used to look at Lukhanyo before you got used to him...." He sniffed me....and breathed, oh God this man is sooo creepy, Me: "the kind of love I have for my thug is beyond anything in this world, not even YOU can break it apart!..." He slid my phone in between my breasts and said: "challenge accepted...." Then he turned around and left for the kitchen...I think I ran out Creepy Man's house, started the car and drove off.....Lukhanyo was sound asleep or was he?? Cuz his seatbelt was off.....

When we got home, Lukhanyo "woke up".....and took Luhle.. Me: "hayi, I'll take them..." He just walked away slowly.....I opened the house with Luthando in my hand and went to lay him down....I went back for the other stuff then locked the house.....when I got to the room, Lukhanyo was standing in the middle with his Beast face on.... Him: "Did anything happen between you and him?" Me: "no...." Him: "you seemed shaken to leave immediately like you couldn't look at him anymore, what happened in the kitchen?" Me: "I told him to back off..." he stared coldly into my eyes....Me: "he said he won't give up...." Lukhanyo just breathed once like a dragon.... Him: "these Cheese boys don't have enough discipline ou'chea...." Then he went to make a call.....and my phone beeped....'Goodnight Beautiful'....I said a silent prayer...Lord, guide him safely into Heaven. Cuz he sure as hell won't make it here on Earth.....

Chapter 74

I got ready for bed and climbed in....Lukhanyo came in a while later....and snuggled into me... Me: "what are you gonna do...?" Him: "when a dog is loose and undisciplined, you put it on a leash, you don't give it away....." I didn't need to ask any further....my phone beeped again....I didn't even bother looking at it....Lukhanyo: "hmm"... I pretended to be asleep, he poked me and said: "phone yakho mntu ka lubabalo..." Then it rang...I didn't know the number....this guy was personally sent from hell....probably by Sino.....just to succeed in fucking up my relationship...I took the call and put it on loud speaker...Me: "iyawa yinton Lubabalo!" Caller: "Lihle, izaa! Your mother just collapsed!..." It wasn't Lubabalo, it was the lady from next door ekhaya....Lukhanyo jumped up and got dressed, Me: "abantwana bazothini lukhanyo!?" Him: "take the Range, ubase ku Lubabalo, tell him its an emergency....Sylvia can look after them then sidibane Greenacres hospital...." I didn't even hesitate....I took the twins and then realized the seats were in the coupe... Me: "Lukhanyo, the seats are in the benz...." Him: "then change them Lihle! I have to get there ASAP! Range izaz'tsala!..." I went to go change the seats as quickly as I could....and he left immediately, I buckled up the babies and started the car.... I called Lubabalo and put the phone on loud speaker....I was already crying...Him: "hello?" Me: "Lubabalo, I need you to help!" Him: "KWENZEKE NTON Lihle UPHI!?" He yelled.... Me: "I'm on my way!" And then dropped the phone.....when I got to the house, he was already standing outside and rushed to my door.... Him: "what happened?" I told him....and he quickly took the kids, I followed with their bags....and for once he didn't make a move on me....he told me not to rush and be careful.....I left.

As I got on the phone with Lukhanyo they had just arrived at the hospital.....I tried to calm down on the speed because my eyes were swelling with tears....'I can't lose my mother right now...' I would die myself!....I got to the hospital, ndingesa phathazeli man...until I found Lukhanyo sitting on the floor....why was he sitting on the floor?...his eyes were closed oyame ngedonga....his head facing the ceiling.....I stood there for a while...a very long while.....I couldn't take it.....what if she?....noo....he looked up and saw me...he had been crying too....as he got up I walked to him and he picked me up and held me.....I cried.....Him: "shhh.....she's gonna be fine baby....subana worry....".....Me: " where is she?" As I started to let go....Him: "in ICU.....her pulse is still beating, her brain is still functioning.....but she isn't moving.....they say she could have suffered a stroke and it has paralyzed her whole body....they still doing tests...."after that I just saw darkness.....

Chapter 75

I woke up in a hospital bed with a drip on my arm....what the hell am I doing here? Where's Lukhanyo? Who is that?.....a doctor came to me... "Good afternoon Mrs Mzinyathi"afternoon?....then it all came rushing back....I had probably collapsed when I was with Lukhanyo last night....my whole body was numb....I just couldn't move.....Lukhanyo walked in...Him: "unjan..." Me: "ndiryt....bathini oogqira?" Him: "still the same...."kanti what had happened.....umntu uwa njan out of the blue....? I didn't understand it. Lukhanyo held my hand....and closed his eyes... After a while.... Him: "they're treating you for shock...sohamba soon va...." I just nodded....then the doctor asked to check my blood pressure one more time before I left...he did that and discharged me.....

I even forgot about the twins for a while..... Lukhanyo knew I wouldn't be able to handle them...we drove to the creepy man's house.....we got out the car and the door was wide open...it seemed like nobody was home....we looked all around the house....until I stepped out the back door and found them in the garden he had them on little strap-on seats...and playing with them. They looked quite cute...with their chubby faces giggling and drooling...Lubabalo was wearing a Khaki shirt unbuttoned and a white Versace T-shirt underneath...then Khaki 3 quarters and white Adidas sneakers.... Me: "ngez'ka ban ehok eziz'tulo? You also got twins?" Him: "nope, we went shopping this morning...." He looked distracted and unhinged today....I wonder uthen.....well, as long as he's out of my hair. I'm cool with it....we were getting the kids ready....Lubabalo: "why don't you leave them here for a while? You two need some time off man....just a few days....I don't mind...." Matter of fact he was talking to Lukhanyo....about time.....I think he has finally gotten over his silly crush.... Lukhanyo: "what do you know about kids...?" Lubabalo: "well, I've looked after my step sister since she was a baby....she's 12 now and perfectly fine...." I wonder what perfectly fine means in your world.....I muttered to myself....stupidly crazy? Lol.....I almost laughed out loud....Lukhanyo: "okay.....only because I trust Sylvia is here...." ..she seemed very content....I told Lukhanyo I needed to rest , I had a headache.....and we said our goodbyes...I kissed my babies....and somehow...I didn't want to leave them....but who was to take care of them? I was really taking strain....I got up and we left.....I literally went straight to bed when we got home....I didn't wake up until really later.....

As I opened my eyes.....he was laying next to me and staring at me....at least he was over the covers....was it Lukhanyo or Lubabalo? Heeeeeee andabi muncu...so I sat up straight and really took a good look....it was Lubabalo....oh Gawd!! I dove out of bed and took my gown....I headed straight for the lounge....uphi uLukhanyo! he

immediately followed me....Him: "tshin Lihle yinton hok, yangath ushiywa zinqondo?" I breathed a sigh of relief....real relief!....it was Lukhanyo after all....I ran to him and hugged him...at least their voices and accents weren't the same. Because Thank Jesus.

Chapter 76

Him: "heeee, ingathi ez'pilisi zikwenza uqaw'ke"... Me: "I'm just glad its you..." He just burst out laughing....Him: "ohh yilento ubaleke kangaka nje? Heeeee Lihle uligwala man. Ungaske umthuke? Ndiyakwaz alok wena uyay'kupha into ekhubekisayo ngalowakho umlomo..." Me: "mxm".....we went to sit in the kitchen....he picked me up and put me on the counter....he started making hot cocoa... Me: "une white people's tendencies wena....kudala ndisitsho kuwe...." Him: "awutsho ke ku LubaLuba..." I couldn't help but laugh...oh but I've got the best husband man....his sense of humor even when things are bad is just too cute....when he was done with the beverage, he came to me, gave me a slow kiss then gave me my large cup.... Him: "uzoz'hlikela ke, uy'thanda qith i-ry...." I got off and followed him to the lounge....we sat on the couch and watched the horse racing channel. Lukhanyo can be so random yaz....what does he have to do with horses now?.....aii....he decided to call Lubabalo... Him: "hela...ushap?" Lubabalo: "ndishap bhut kuwe?" Him: "nd'grend....amantshontsho ase right?" Lubabalo: "they're great...sibukele iFormula 1 noLuthando...oko ncumile apha..." Lukhanyo to me: yabona ke lovie bend'tshilo ndath zoz'thanda moto lantwana, zabona wena.... Lukhanyo: "ok ke, was checking qha...so sho" Lubabalo: "moja" and they hung up.....was it me or was Lubabalo acting strange all of a sudden.....I didn't like it when he was all over me....but now he just seems like he's planning something....in silence.....

Lukhanyo and I went to bed eventually.....nahh he wasn't much of a sex fan....but ke I didn't mind.....I slept on top of him, a few hours later he pushed me off.... I woke up instantly...Me: "yinton ngok?!" Him: "ndicimba ndikuve ukhumsha apha...cimba uphupha ngo Lubaluba"HEHAKE! Me: "mxm...".....we woke up early the next morning...and got ready for the hospital.....we got there and the doctor told us something we didn't even expect.... Doctor: "uhhm, we did the tests and we regret to inform you that, she will need an operation as soon as possible...the longer we wait....it will get worse..." Me: "how much is the operation.....?" The doctor hesitated for a while.....Doctor: "the whole procedure will cost R54 000...." I knew for

a fact that we didn't have that type of money lying around.....and the only is the twin's trust fund.....we finished with the doctor and left.

Me: "what are we going to do?" Him: "I'll make a plan"Me: "Lukhanyo NO. We are not going that route!" Him: "do you have a better solution?" Me: "noo, but we'll think of something....." Him: "umvile lagqira? AS SOON AS POSSIBLE!" I stared at him blankly.....the only other option was not even an option.....I didn't entertain it....I don't want to be indebted to him.....we went to check on Ta Smig, I had a feeling Lukhanyo was sulking because of the twin thing that he never told him about.....Ta Smig knew it, I was happy to finally see a friendly face....I sat and chatted for a while. Lukhanyo looked distracted.....then Boom! Dropped the bomb like we in Iraq.....

"Ta Smig, uyenza njan into yongand'xelel ndine wele? How could you betray me like this??" His eyes had tears, but his face was ill with anger. I decided to leave them in private. Lukhanyo: "awuyi ndawo Lihle...."

Its about to go down.....

Chapter 77

"Lukhanyo it wasn't that easy! Ubumazi utatakho unjan! He could never support you both and he didn't even know where to find him ngok semdala! We thought they had left the country!...tatakho wayek'thanda Lukhanyo..." he started to calm down.....Him: "so he's really my brother? This is not a joke?" He turned to me....I looked to the floor.... Ta Smig: "I have never seen him mna...but I know he's alive." Lukhanyo turned and left...

Me: "they look exactly alike, you can never tell the difference..." Ta Smig: "You lie." Me: "ta smig, its really weird and confusing, ngelaka ispeech asifani...yi cheese boy leya"Ta Smig died in laughter...Him: "hay maan Lihle, yuuuh, yinton und'hlekisa kangaka...uthin na apha kum!...wathini ulukhanyo when they met?" He sat up in excitement.....I sat on the bed so that I can whisper, singaviwa ngu Lukhanyo... Me: "yooh, Ta, its not even funny, Lukhanyo ebedikwe engaz'kwaz but ke ndaqond'ba inoba baqoshela mna...ndabashiya kunye....heeee, ndabuye beleqwa ngumgqomo sana...kodwa Lukhanyo bem'phoxile omnye, wath makatheth isXhosa....hayke ndava Lukhanyo eslang(a) naye!..." We both laughed out loud.....then Ta Smig froze as he stood at the door....I knew Lukhanyo was behind me, I became stiff andakwaz nojika... The room went dead silent....my throat was dry as sand...he walked in

slowly, the only noise was from his shoes...and he stood next to us... Lukhanyo: "don't stop on my account..."....we just mumbled and looked around.....fuck it.....Lukhanyo: "haayi! Kuthen ngok ningasa kwaz thetha? Ndiyan'phazamisa?" Me: "no babe....akhonto...I was just telling Ta Smig about your first meeting with lubabalo" Him: "did you tell him the way ak'charmer ngayo? Ta Smig lentwan iyand'qhela....and ayind'boni... Andinalo xesha lotheketisa ke mna...ndoy'dubula qha." Ta Smig: "hayi man, Lukhanyo....akho need....he just needs a wake up call....mzise to the next hit....azobona senza njan..." Lukhanyo: "nyansile xhego...uphuma nin?" Ta Smig: "bathi ngomso..." Lukhanyo: "mxm....masambe wethu...." And he stomped out.....heeeee hayke Bawo...I heard him arguing with the doctor in the hallway....and finally the doctor said: "fine fine fine...I understand your frustration sir....I'll do what I can..." Lukhanyo: "you'd better" and he walked back in the room. Me: "for nton kehok? Uyi bully yaz wena" Him: "ndiryt Lihle..."Ta Smig was anxious to see this "twin"....and uLukhanyo was more than happy to introduce him....when Lukhanyo went to go find the doctor...probably to go threaten him again....ta Smig: "Lukhanyo is a family man, he never had a real one...so cela um'understand when he wants this person to be part of us..." I just twisted my lip...and looked away... Him: "are you ok? Baba?.....come on Lihle, yinton?"I couldn't mutter a thing.....Him: "mtanam, you can talk to me about anything....ukwenzen lomfana?" ...Me: "hay'wethu Ta Smig, he just bothers me....und'funa shushu lamntu....and I swear he's up to something....like I can't explain it but Ta Smig, there's something dodgy about him.." Ta Smig: "uphangela phi?" Me: "Civil engineer, owns a company..."..... Him: "did he try anything kuwe?" Me: "not yet....." Ta Smig: "I'll sort him out...." The face he put on was kinda dangerous.....he's a nice man....just don't get on his bad side....Lukhanyo walked back in: "masamben..."I packed Ta Smig's things and we left.....

Lubabalo called Lukhanyo....he was inviting him out to watch a game at his friend's place apparently he wanted to 'surprise his friend'.... When we got home....Lukhanyo was excited but he didn't want to show it, he tried to keep his cool... Him: " baby, ndinxibe nton?" Me: "just a t shirt and jeans wethu, awuyi mthandazwen mos..." Him: "haha. Funny. Kupha pha shirt emhlophe and my jeans ne military boot." I went to the bedroom and took out a grey wool jersey with 3 black buttons by the neck...his jeans....and Timbaland boots.... He went to take a shower and saw the clothes, pulled a face and got dressed....he looked adorable shem, he pulled up the sleeves and said he wanted to wear a beanie...he wore a grey beanie and pulled it back....he kissed me goodbye and he started the Benz.....then left....

Chapter 78

Lukhanyo drives to Lubabalo's house.....

He enters...the forever open house....and finds Lubabalo dressed in jeans, a black turtle neck jersey and Jordan's sneakers...he wore a Rolex watch on his wrist....Lubabalo: "I got you something" Luks: "nton leyo?"Lubabalo goes to his bedroom and brings back a black and gold box....he gives to Lukhanyo with a smile. A genuine smile.....when Luks opens it, he sees the exact same Rolex watch that Lubabalo is wearing, he giggled and wore it.... Lubabalo: "igrand?" Luks: "yeah, nday'thanda...." he didn't know whether to hug him or shake his hand.....lubabalo just gave in and hugged him.....

Lukhanyo went to check on his kids in the bedroom and found them with Sylvia...he picked his daughter up first and kissed her.....he spent a few minutes just holding her and playing with her chubby cheeks....he loved his baby girl.....when he put her down Luthando had his hands up already.....this made daddy very happy...his own son happy to see him...Luthando was a sweetheart, he just smiled all the time.....then it was time to leave.....he kissed them both and left.....

Lubabalo: "catch..." As they got out the house he had tossed the keys to Luks....they were taking the white SLS...Lukhanyo smiled in honor...it had a powerful engine to match, the sound of it sent chills down his spine.....Lubabalo just laughed, and they left.....

When they got to the friends house it was an outside chillas/braai.....in the car, Lukhanyo: "so what's the plan?" Lubabalo: "step out first.....phof a.a yeka, uyeza this way, open the door uphume....nd'zophuma after you..."...so Lukhanyo put on his Mega cool charm and stepped out the car....it had suicide doors, so you can imagine the eyes.....the friend was a woman, just to be clear.... Woman: "heeeeeee! Hayi tshomam awusemhle!!! Yoooooh! Njan ungabina cherri na???".....Lukhanyo just smiled and looked around....then the passenger door opened....the woman looked to see who it was and Lubabalo stepped out....the woman backed away..... She: "there's two of you kanti?" The look of horror in her face!....Lukhanyo thought to himself....I wonder uthen... Lubabalo: "molo nawe Brenda..." She immediately knew that's him, she stared at Lukhanyo.... Brenda: "wena ubenguban kehok?" Luks: "ndingu Luks"....she still seemed mesmerized....Lubabalo held Luks shoulder and led him in....leaving Brenda with her mouth wide open.....

Luks: "bani lowa?" Luba: "ow hay wethu, that's my friend's wife....Brenda...yaz'thand zinto ke, um'lumke..." Luks: "okay...." Lubabalo took a bottle and poured them a drink.....they sat and chatted for a while..... Lubb: "so Lukhanyo...tell me kanye

Luks: "well, mfowethu.....its true, mama died when she gave birth to us....according to my uncle....my dad had to give one of us away for adoption cuz he couldn't support us both.....I'm sure zange ay'qonde ba siyoze s'dibane...." Lubb: "we could never have met....I just moved back from Australia...I was there for 4 years....before that I was in Cape Town....but Dad had to move cuz of work....sahamba sonke then..." Lukhanyo laughed....: "s'xhosa sakho siyand'chaza kanjan kwedin...." ...Lubabalo looked abit shy.....then some girl appeared..... "Hey Lubby....unjan....?" She was smoking hott....Lukhanyo couldn't help but stare.....ngathi ngu nodoli lomtana...he decided to call Lihle....to tell her he's still fine....well truthfully, he felt guilty staring at another girl.... Him: "hallo sthandwa sam wenzan...." Lihle: "ndibukel tv babe....wena? Are you okay? Uhambe njan? Uphi ngok?"yeke, now that's my wife madoda....as he smiled to himself.... Him: "Sik'lo friend ngok baby...ndiryt wethu...Lubabalo bought me a present" Lihle: "oh"I knew my wife was still uncomfortable about him, but he's backed off now and he's busy with this girl over here....so yea that's that... Him:" baby ke sobonana when I'm back I love you..." Lihle: "love you too babe, kissie?" Lukhanyo looked around and whispered.. "Mwah" ...Lihle: "kandiy've tuuu" ... Lukhanyo: "mmwaaah..."and they hung up.....this girl got up and left.... Luks: "and that?" Lubb: "haisuka, phepha nje el'ya....ndil'bhala ngeloxesha..ndimnike noba 2000 yoz'xolisa...that money is petty cash to me...." ...heeee yaphambana lentwana.... The Friend finally arrived, with a truck load of alcohol....he got out and turned down the music....he said: "Today my niggas, we gonna get fuuucked uuup!" Then all the boys cheered and toasted.... These stupid boys, lukhanyo thought.....but ke, if I wanna know this guy he must introduce me k'lo life wakhe and I'll be glad to introduce him kowam.... Lubb: "masohlala phandle..." They each had a bottle of Henessey and Johnnie Walker Black in each hand....the friend saw Lukhanyo first and came to salute....Lukhanyo halla'd at him and then Lubabalo appeared...poor guy almost dropped his beer.... Him: "Lubabalo abengowphi kehok???" Lubabalo giggled and pushed Lukhanyo.....Lukhanyo: "ndingu Luks mna...andmaz lo..." As he pointed at Lubabalo with a naughty smile.....he was actually enjoying this....scaring people was in his job description. And people feared him elokshin.....now imagine if there was two of him.....

Chapter 79

The party was going great...Lubabalo was such a ladies man.....all of them flocked to us.... Girl: "Oh GREAT!!! There's two of them!...this is gonna be fun..." Lubb: "yeka apho wena....that nigga has a wife..."Lukhanyo was glad that he understood....but he wanted to have fun too.....that isn't bad right?...its not like we're going to sleep with them right....?... The girls danced and drank....there was 6 of them and 4 had already given it up before in the past to Lubby...he didn't even care... Then 2 started fighting..... Girl 1: "ndim umntu ono Lubabalo! Yabiwa man wena! What the hell you on about 'your man'...he's mine!!!"oh God, lukhanyo thought to himself...and'senxile kamand for unqanda iz'denge zabantwana.... Luks: "noy2 mos natyiwa nguLubabalo, nilelwa nton?" They both looked at him with cold eyes, like they were about to eat him alive... Lubb: "hayi ke nyan....cuz mna and'na cherri, ndiyavuthulula qha..." And both burst out laughing....one girl walked away, the other sat next to us, sulking.....

He whispered.....Lubabalo: "lo uzoz'nyengeza apha kum ke, qibo aborter sisu s'ka Phil(the friend/owner of house/Brenda's Husband)....He tapped her before me, then I tapped her....wathi ngowam yena...yuuuuh, nday'sa kwi specialist...cimba izoqatha ba?? I asked for date ku Phil, the last time wamtya...watsho naye about 2 months ago....still uzobuza kum makathini..." Lukhanyo was laughing...mostly at Lubabalo's weird Xhosa accent.... Luks: "wathin wena?" Lubb: "ndathi makayo khangel umsebenzi, uzaw'thin ke? Wazxelela ba yena zokwenz abortion...andiy'support ke lokaka mna..."Lukhanyo was appalled....he saw himself in Lubabalo, well just before he started with Lihle....he never cared about girls....but he had a problem with this abortion thing....and they were both players....maybe naye Lubabalo will find the right girl soon....but not here.....mna ndabane laka with uLihle...phof I already knew her.....Lubby got up, and a light skinned girl followed him to the bathroom.....heeeee lentwana istout.....Lukhanyo smiled to himself and chatted with the girls....they asked about his career and he simply said: "I'm a business man"he used the Import and Export company tale....it worked.....qha ngoqavash aba.... "What do you import? Is it jewellery?" Luks: "depends what's on demand..." He didn't like this conversation....so he changed the subject... Luks: "nina nenzanton?" They all answered him one by one...they were students....Chartered Accounting, Marketing, Graphics and Design(well you can see that on her face, all colorful and shit), Economics and a Lawyer? What is a future lawyer doing here? Shouldn't she be studying a case or something?.....aii....then after a while Lubba came back...the girl

walked behind him...she was wiping her mouth...and licking her lips.....tsshin lomtana....Lukhanyo just shook his head...so Lubb asked about Lukhanyo and the rest of the family...Luks told him...even about Xolani, but not how he died.....they chilled for a few more hours...and a girl was whispering in Luks ear....the Graphic Designer...heeeeeee akase colorful nje...she said: "kand'kaphe ndiye bathroom...." Luks: "hamba, nd'zok'jonga..." The girl seemed disappointed but left either way.....even at pap drunk Lukhanyo had sense....Lubabalo was talking to Phil.....Luks looked at his phone...it was beyond late...almost 03:00am...and he was kinda tired but he enjoyed company ka Lubabalo.....he walked to Luks... Lubb: "masambe ngok...zizokwaz'uwinwa ezi..." Pointing to the girls....and they left, Lubabalo was driving...and Luks giving the directions.....they got to KwaFord and the SLS took the place of Luks Benz in the garage since they left it at Lubb's house.....they got in and each attacked their own couch and fell asleep.....

Lihle had heard Lukhanyo come in eksen but he didn't enter the bedroom....so she got up at about 7 and his side still lay untouched...well that's weird.....she went to their en suite to brush her teeth.....and then walked to the kitchen....she found Lukhanyo laying on the couch....with one Timbaland off and his leg hanging over the sofa.....I put on the coffee maker then went back to my room to fetch Headache pills for when he woke up ephetwe yibhabhalaza....as I turned to the passage I stopped dead in my tracks....Lubabalo had just got out of the main bathroom....he was staring at me....Lubabalo: "Hi".....then he just walked past....he looked drunk still, he held on the walls when he walked...his eyes were red....then my heart raced....as I went back to the lounge to wake up Lukhanyo....he was already pulling on him... Lubb: "vuka fondin!....Luks?...." ...had he finally stopped bullshitting? Or did Lukhanyo threaten him? Either way....my heart and soul relaxed.....

Chapter 80

Lukhanyo finally got up....I was in the room fixing the bed....Lubabalo walked in..Him: "cela headache pills Lihle, Lukhanyo uth ibhlungu ntloko yakhe..." Me: "uthen dan unebhabhalaz?..." Him: "ya.." I gave him the pills and he walked out.....just like that..... When I was done I went to take out the blender, I was about to make a shake for hangover for these two...Lukhanyo cuddled himself in his lazy couch....and Lubb lay on the couch with a blanket over his head.....they were watching National Geographic....I swear Lukhanyo knows why he pays for dstv....he never watches the same channel twice....and Lubabalo was snoring like the bear on tv..... I made them a

banana and kiwi shake....that helps cure hangovers(scientifacally proven)...and gave them each a large cup....they both gulped simultaneously.... both had sour faces on, Lukhanyo stuck his tongue out in horror... Luks: "sies maan baby imbi lento..." Me: "zange lamandi iyeza...qiba lonto uzobaryt..."I told them to relax a little so that it kicks in.....I went to shower...and got dressed, I needed to go visit my mother.....

As I got out to the garage, I saw a white Benz, then it hit me...kanene yey'ka Lubabalo, I went to fetch the Range Rover's keys, kissed Lukhanyo and left.... Bek'thwe ze angatheth nam lo? Shame man....uzoba strong....I had quite a few things to do today....I had to go to Sino's house and check how things are....I can only buy the grocery for the funeral, the rest might bankrupt me....and Lukhanyo doesn't know I'm doing this....whatever happened Sino was my friend, for quite a few years.....so I got to hospital and spent about 2 hours, we washed Mom and put clean Pajamas on her...she couldn't move still, or talk. That broke my heart, but if I cried it would make her sad so instead I'll just be here for her.....when they put her to sleep, I left for Sino's house...there were two cars outside...when I got in, there were quite a lot of people in here....silent, some mumbling others crying....I needed to talk to Sino's aunt and get outa here....Me: "sisi, nd'cel uthetha nawe?" She got up and came to me, we stood in a distance and spoke to her by what I can do....she seemed happy but she really was upset.....of the death of course, they were able to pay for the funeral at least....but they appreciated the grocery.....I sat for a while....then left....I went to see Ta Smig...he was sitting on a couch watching tv....a really scary woman was in the kitchen, don't know what the hell she was doing but she had a tiny bottle in her hand, and a plate of food....before she even tried....I knocked and she jumped up!....of course I pretended not to see that she was about to poison the food... She: "ndingak'nceda?" Me: "nd'cel uTa Smig.." She: "nguNya Smig bethen lowo? Aw'na bhuti?!!" She yelled....Ta Smig appeared.... Him: "ndiyok'laxaza unye ngempama, yindlel yotheha leyo?!"she immediately turned and walked away.... Me: "Ta Smig, masambe I'm taking you out for lunch...."he was by no way eating that food.....he took a jacket and we left.....

We got to Angelos at summerstrand and ordered our food....we ate and chatted....he said he was leaving his wife.....apparently uyamthakatha....he's seeing things pha endlin and he isn't in it anymore, he was tired....I felt for him.....he asked me what I saw....and I had to tell him, he had a right to know... Ta Smig: "don't worry baba....I won't mention it..." My heart eased...our food arrived after a while and I told him about Luks and his twin's quick bond.... Me: "he's so distracted by him, he doesn't even see me anymore"ta smig laughed out loud... Him: "you seem jealous...." Me: "I

am not jealous of that thing....ndamaz Lukhanyo ukaw'leza adikwe...he'll be over him in no time..." Ta Smig: "Or not....awumaz Lukhanyo nobrother wena....wakhula yedwa alok so uyay'phaphela into yakokwabo....Zange umbone ku Xolani...".....I frowned.....I had to get rid of Lubabalo....he can't take my place ku Lukhanyo tshi..... Me: "nabaya bebukel tv boy2 phe ndlin....." Ta Smig: "ufike nin??" Me: "oko bemke together izolo, bafika ek'sen....." Ta Smig: "haha babukele eza channel zi dodgy z'ka lukhanyo ne?" Me: "hehe...Remote uy'phethe ngesandla, umaz ngomona nje...." We both laughed.....when we were done, Ta Smig wanted to see this miracle house ka Lubb....kamand we had an excuse.....we went to fetch my babies.....my heart leaped with joy.....I missed them so much...we left for Lubb's place.....

Ta Smig: "YESSES Lihle!!!!" His eyes almost shot out his head....iphangelaphi na lentwana?!!! Rhaaaa!" He looked at the house and whistled...it wasn't a mansion, but it looked so superficial it was just unbelievable. Me: "uthi uyi Civil Engineer..." We entered the house and Sylvia was in the lounge with the babies.....I greeted and when I saw my babies....Luthando was jiggling his arms and legs.....he looked excited....Luhle just looked at me blankly with a drooling open mouth....I took Luthando before he exploded with excitement....then introduced Ta Smig to Sylvia....they shook hands and she excused herself.....I thought I saw her blush....but anyway....I was happy to see my kids....we sat on the couch and Ta Smig seemed to like this house.....I think he was already planning a party in his head.....we got the twins ready then left.....

On the way...Ta Smig couldn't contain his excitement to meet Lubabalo, I didn't even call to warn them.....as we arrived, Ta Smig took Luthando, I took Luhle....we entered the house and found one of them in the lounge...I'm not gonna lie, I didn't know who... I thought it was Lukhanyo....Me: "Lukhanyo, benityile" ...Him: "Lukhanyo use roomin...." I looked in his face....then turned to walk to the bedroom....Ta Smig walked into the lounge and greeted. Ta Smig: "Shap Luks..." Lubabalo just stared at him.... Ta Smig: "nd'yabulisa Lukhanyo..." Him: "But I'm not Lukhanyo..."tshin bethuna bend'cimb uLihle uyadlala....Lukhanyo walked into the lounge, holding Luhle and he greeted Ta Smig.....izobase nxakin lechap....akhomntu uzoyaz mos ba ayingo lukhanyo lo.....as he looked at Lubabalo while he was typing and smiling at his white BlackBerry Z10...

Chapter 81

As Lubabalo got up....he said he had to leave. Yhoo Lukhanyo's face fell! Haaaaayi, becimba he's gonna move in? Rhaaa sies puuh. I am not having that...Not today....

Luks: "aw'na...uleqa phi?" Lubb: "haha...ndiyocheker pha endlin man...then make a few calls to check on the workers kwi site....bend'thumele umntu aye in my place, so I need feedback..." Luks: "oh..... k" lubabalo could see the disappointment in his face.....he looked at him and smiled..... Lubb: "iza masambe..." I swear to you Lukhanyo jumped off that couch to wear his shoes.... Me: "bukhe wavasa phof kqala..." Lubb: "uzovasa pha endlin....iza fondin..." And they left just like that. I was so shocked! Andisaphuzwa nophuzwa?? Heeeee..... Ta Smig was in stitches of laughter looking at my face....I went to sit down next to him....Luhle was on top of him...suckin on his thumb.... Me: "so nguban omdala ke..." Ta Smig: "Lubabalo waphuma kqala....we tied a ribbon on his finger and named him...." Me: "hayi sana, andim'understand Lukhanyo mna...".....I sulked and crossed my arms...Luthando cried....I went to go fetch him...he was probably hungry.....so I took his contained milk and fed him....and put him to sleep again.....Luhle was a bit drowsy, I fed her too, and she fell asleep instantly..... Ta Smig and I watched a movie.... Taken 2.. I liked action movies, and luckily so did he...he didn't even want to be interrupted, I brought snacks and made hot cocoa....Lukhanyo will murder me for his hot cocoa...I smiled at the thought.....oh but I missed him soo much...ngumntu othen na lona ukhoyo....why doesn't he go back wherever he came from!... 😞:(.....I took the snacks and beverages to the lounge...and we ate and ate.....its true what they say, you eat when you're bored... After a while, the movie ended....I put in the dvd my all time favorite....the latest Death Race 5...Ta Smig: "hayyi, ingath iRuthless kakhulu le..." Me: "aww come on....don't be a lil girl..." He shoved me off the couch and I fell the other side, giggling...he got up... "Yoh, xolo mtanam, bend'susa iphela kwi gxalaba lakho..."... I laughed out loud and we went to sit again....we watched Death Race too.....it came to an end....the time was about 19:36... Baphi na aba? They left here at about 4.....Ta Smig couldn't leave me alone....so I went to take a shower while he carried on watching tv....when I was done....I heard Lukhanyo's voice...my heart smiled....FINALLY, he left his douche brother.....he entered the room. Me: "godukile uPeto wakho..." Him: "Hmm".....I smiled and walked to him and hugged him....when I pulled back he kissed my lips, they were cold and sweet.....it sent shivers down my spine...I really missed him.....certain locations in my body started tingling...the kiss got deeper...I held onto his shirt trying to rip it off him...he leaned on me pressing me on the wall....his hands cupped my bum...and lifted it up slowly....I heard him him moan: "mmmmhh".....then he stopped....and backed away...what was wrong?...he

turned around and left room.....hayi man, what the fuck?...uzond'shiya ndimanzi lewei kehok? I furiously got dressed and marched to the lounge....to my embarrassment.....both of them were still here..... Sad thing is, they were both wearing a Vertigo sweater...and they were staring at th television like they were hypnotized..... Who did I just kiss?.....SHIT!

My heart raced, what the hell did I just do!!!! No wonder mos ethe "hmm" akavula umlomo! What the bloody fuck!.... One of them looked at me.....I'm guessing it was Lukhanyo... Him: "yinton babe?" Me: "akhonto..." I turned back to go and attend to the twins....Luthando had woken up...I took him and lay on the bed....I sat him on my stomach and decided since I don't have friends....mand'ske ndithethe naye..... Me: "nyanam, I know you don't understand what I'm saying but I'm saying you anyway....I love your dad, a lot....but le twin yakhe....is getting under my skin....ndimxelel uLukhanyo lento ayenzileyo....? But I don't want him to get hurt...." "Sumxelela kalok..." He said as he stood at the door...I got the fright of my life.....I thought it was Luks....but then Lukhanyo just rushed in behind him.. Luks: "izobona ke fethu nantsi..." Lubabalo stared at me with a straight cold face.....and walked slowly to Lukhanyo.....as they fiddled with whatever they weRe fiddling with..... He heard me?.....why does he look so pissed off?

Chapter 82

Hayi man.....I know what I felt, it couldn't have been Lubabalo....but then again it was possible! Lukhanyo kange avase apha...and he doesn't own a Vertigo sweater....uvase kwa Lubabalo and he probably gave him the sweater....so that's that.....Lubabalo walked out first and Lukhanyo stayed in the room.... Luks: "sthandwa sam" me: "yes?"... Then he gave me the puppy dog look....I didn't look.....he came closer to me...I still pretended not to see...he sat down on the bed and sulked....*sigh*... Me: "ufuna nto Lukhanyo?".. Him: "sund'ngxolisa alok 😞:(..." Me: "andik'ngxolisi baby...." Him: "luba and his friends are-" me: "Oh Jesus, forbid!" Him: "ndakcela babes mani...just this one time...." He took Luthando and went to put him in his cot then closed the door and locked it....he came on top of me... Him: "lovey wam...ndak'cela though?...please..." I just frowned at him...and he started kissing me...and you better guess what.....his lips were cold and sweet....he kissed my neck and whispered in my ear: "then we can finish what we started earlier..." Me: "what happened? Why did you just turn and walk away?..." He just kissed my nose and winked at me as he got up...

Him: "I'll call you babe, Love you!" My heart relaxed all its muscles at one go.....

Lukhanyo une tendencies man! Why did he do that to me? I followed to the lounge...Lubabalo still stared at me with cold eyes....ndimenze nton na lomntu...bendizak'xela mos...so? I don't care that you heard me!...I walked to the kitchen....Luks and Ta Smig were in discussion about something....Lubabalo walked into the kitchen..... Me: "what's your problem?" Him: "I don't have a problem..." Me: "then why did you say "Sumxelela kalok" in the bedroom..." He looked abit disturbed...Him: "Lihle, your husband told me to say away from you va...that's what I'm doing...le yakho yond'accuser of things I didn't do....that might result in me gettin "hurt" ...I don't like it!..." He hissed at me when he spoke.... Me: "then why did you say what you said!?" Him: "Lihle leave me alone tu." Me: "I don't freakin understand you...you're soo weird and unhinged" Him: "Are you saying I'm crazy?!" Now he actually really looked crazy....Me: "well, you're weird for one! So crazy doesn't seem to escape your description..." He growled in a low tone....as he held a glass. I backed away...this guy was really scaring me...I am scared of Lukhanyo, but trust me you don't want to se Lubabalo's crazy face...Lukhanyo came into the kitchen with a questioned look... Luks: "kwenzeka nton apha?" We both stared at each other and Lubabalo walked away to the car... Luks: "and then?" Me: "ungabuzi psychopath brother yakho nje!!!" I walked away and went to sit with Ta Smig...he saw what happened but he kept silent...Lukhanyo left with Lubabalo.... Ta Smig: "nilwa nganton ngok nina?" Me: "that person is creepy and dillussional Ta Smig!...he gets me soo worked up..." Him: "ei ingath anizovana nina...sendiy'bona nje ngok lento..." Ta Smig offered to help me in the kitchen.....we made spaghetti bolognaise....we dished up for 3. Lubabalo wasn't coming back to my house, he is such an actor! Ta Smig and I sat down to eat, we said a short prayer then dug in.....when we finished he offered to wash the dishes...I went to fix the guest bedroom for him...I assumed he would sleep over...lukhanyo can't leave me alone all the time....uz'libele ngok ba uyinton? He can't go around painting the city red...I took out the trash stood outside for a while...it was dark...a car was standing in a distance....I couldn't tell which it was...I went to check if the gate is locked and the car's headlights came on...I walked slooowly back to the house....got in and locked everything. In less than 5 minutes...there was a knock on the door....ta Smig and I looked at each other.....he sent a text quick...."Keep still"he went to take a gun and handed it to me.... He told me to stand in a distance and hide....I went to the kitchen and peeped at the bottom of the counter....I prayed that the twins wouldn't wake up....Ta Smig peeped through the peep hole...and opened...cuz thugs don't ask 'nguban'.....the man walked in and

looked like the type of guy who would take your girlfriend and you would not even have a problem with it....cuz he just so scary...just as he was about to throw a fist at Ta Smig, Lukhanyo walked right in, grabbed him and threw him right across the room....I came out of my hiding place cuz my nigga was home!...I tossed him the gun and he set it pointing it to the man.... by that time Lubabalo walked in: "what the hell are doing!!!" He pushed Lukhanyo off the man. Luks: "wena what the FUCK are you doing!!!" Uyamazi lomntu!!!" Lubb breathed heavily and stared at the man as he pleaded with him not to kill him.... Lubb: "hayi....I don't know him..." And he walked away, Lukhanyo beat up the guy and threw him out....he saw that his brother was disturbed with this...he felt ashamed nokwakhe... When the incident was over, I asked Ta Smig to come to the spare room....I made him chamomile tea, and brought it to him..... Lubabalo was still traumatized....I went to the kitchen and got out the cleaning supplies then wiped off the drops of blood....he looked at us with such surprise and astonishment....I finished up, washed my hands and went to sit in the lounge....he wasn't speaking to Lukhanyo...literally ignoring him....why was he still here kanti? Angahambi nje?...akandidike...goody-two-shoes othile!....we sat in silence and Lukhanyo went to Ta Smig in frustration. Lubabalo: "so this is what you do." Me: "what's it to you?" Him: "lihle, you are murderers, what the hell you mean, what's it to me!?" Me: "lukhanyo told you in the beginning mos Lubabalo!" He kept quiet and looked at the tv.....

After a while..... Him: "no girl has ever rejected me before...." Me: "that's a tragedy." Him: "I'm not proud about it....but I respect what you got with your husband....I still like you tho..." Me: "whatever lubabalo..." Him: "why do you hate me lihle?" Me: "lubabalo, you're a creep! That's why..."when I looked at him a few moments later, his eyes were red with tears....he got up as Lukhanyo appeared, he pushed him aside and left. Haibo what did I do kengok? Ukhaliswa yilonto qha? Zange ndaxakwa....

Luks: "Lihle umenzen uLubabalo!"Haike ngok!

Chapter 83

Me: "hayi Lukhanyo, and'menzanga nto mna Lubabalo....." He went after his brother, but the car already pulled off.....Lukhanyo was stressing now.....Lubabalo could rat on him...he had to talk to him....he decided to let him cool off first....after an hour he tried calling. it rang twice and he rejected it. Lukhanyo kept trying.....still. He wasn't

even talking to me so I decided to go to bed....I was on facebook when he walked in....
Luks: "Lihle! Uthethe nton ku lubabalo!...you know sensitive lentwana and ukwrada wena!.." Me: "all of a sudden its my fault? Ngok budonora umntu phamko "sensitive" wakho bucinga nton? Sund'nxilela lukhanyo..." Him: "Lihle, suthetha nam ingath uhla emthin!... I'm the head of this house!" I kept silent..... Him: "now you'd better make sure he doesn't say anything!...akaphendul calls zam....I don't know what happened between you two, I don't know what you said to him! But Lihle, I won't lose my brother over your jealous tip mna!" That cut deep.....really deep.... Lomntu has hardly been here for 2 minutes, its already him over me?....what about all the shit we've been through together? Luthando woke up and started wailing....when last did Lukhanyo spend time with his kids?....I went to pick him up and to my surprise Lihle was also up, but she was quiet...I carried them in each hand... And lay them on our bed....Luthando was heating up, and very irritable...he couldn't stop crying...now I started stressing...I called Ta Smig and he came to take a look.... Ta: "Lihle, lomtana akaphilanga, m'se kwagqira....I packed his bag and picked him up....Luhle was left with Ta Smig.....I buckled him up and left.

When we got to the hospital, I tried calling Lukhanyo his phone was on voicemail. His phone is never on voicemail....I tried the second one.....same result.....the nurse took Luthando to run a few tests.....i tried Lukhanyo every 20 minutes....I couldn't get through....I called Ta Smig to tell him when he got home.....an hour went by.....no news about my son.....2 hours.....3 hours....by then I started weeping.....no doctor or nurse came to inform me what was going on..... A male doctor came to me... Doc: "Mrs Mzinyathi?" Me: "doctor what's wrong with my baby?" Doctor: "ma'am I need you to calm down....your child is having difficulties breathing.....we put him in an incubator so that air can go through his lungs....they're swollen and he might be suffering from a respiratory tract infection...." My heart fell and broke into pieces.....is this why he was the quieter one.....oh Thixo wam, ndeenzani....!what have I ever done to deserve this??? I can't take it anymore....my body fell numb and shook vigorously....my heart was failing...I couldn't take this much pain anymore.....the doctor tried to comfort me but I pushed him away....he didn't know me....he didn't know my life.....he didn't know what I been through.....fuck he mean "its gonna be okay?"...it won't be okay!.....my son is dying!....and I can do nothing about it!....he left me alone.....I cried by myself in the waiting room.....and prayed....I prayed till I couldn't go any further.....I pushed and pushed....my spirit failed me.....I took out my phone cuz it started ringing....I couldn't see the number. I picked up nevertheless.... Me: "ye-yess?" Caller: "what's going on?" It was Lubabalo.....I didn't even get mad this time....I needed someone to talk to and I

didn't even know where lukhanyo was.... Me: "Lubabalo, *sniffs* my son is dying...!" I said in between tears..... Him: "Niphi?" Me: "Greenacres hospital!"and he hung up.....

In less than 20minutes he was here, he ran to me and sat down... Him: "Lihle what happened..." I tried explaining.....I tried all I could....but ndine snqala....I couldn't speak....he got up to pour me ice cold water....I don't know since when that helps but his effort was appreciated....the doctor came back... "Good evening Mr Mzinyathi....your son is being tested as we speak....his lungs aren't responding to the medication....but we keep trying at all different angles...." Lubabalo got up to make a call... Him: "tshomam...I need you to do me a favor, mtana ka brother wam, uyagula apha....can you please come through? Sise Greenacres Hospital.." They hung up... He made another call.... Him: "hey Victor, get the jet ready Dr Willem is on his way..."he came back to me..... Him: "Lihle, uzobaryt uLuthando....have you called lukhanyo?" Me: "phone yakhe oko iku voicemail...lo friend wakho akeko lapha ebhayi na?" Him: "a.a, use kapa...don't worry he'll be here in less that 2 hours..." I started to worry.....can my son wait that long?..... Lubabalo spoke to the doctor... Him: "doctor, I've sent for a specialist to come and assess Luthando, and he'll be here in a few hours. Dr Willem is the name..." The doctor seemed annoyed but he agreed....it was a slap in the face because it made him seem like he was incompetent....well, he should've studied harder....we waited in silence.....he tried calling Lukhanyo....his phone was still off....I called Ta Smig, he said he hadn't arrived and none of the guys had seen him....kanti uphi uLukhanyo madoda!.....after what seemed to be a long while...a short chubby light skinned man came in....with a briefcase and a two people behind him that looked like assistants....he greeted briefly and the doctor welcomed him in.....to their surprise....he chucked them aside and insisted on working alone to focus.....his assistants helped..... Lubb: "Lihle, that guy knows what he's doing..." Me: "that is yet to be proved.....if my son makes it..."

After 6 hours of waiting....the specialist came back to us..... His face shiny with sweat.... "Mrs Mzinyathi....." I blocked all sound and started crying.....this cannot be real.....

Chapter 84

Lubabalo didn't even touch me....he didn't want to complicate things....he just patted my back..... Doctor: "he'll be fine"....he said with a smile.... "Qha alok its hard to diagnose lung problems in babies, cuz they have small lungs....une asthma lomtana...he'll be kept here for a week...so that he's properly monitored, they'll give you a machine. You will have to connect it and breath it into him twice a day...until his lungs get back to place...."..... I still couldn't believe it, how could my son have suffered such a chronic illness?we went in to see him and as soon as I saw those wires and beeping machines I went crazy....this time Lubabalo held my arm.....tears flowed down my cheeks....I needed Lukhanyo...his son was in a bad condition...I couldn't be here any longer but my son needed me....I couldn't even get through to his chubby little face, I missed his smile....his drooling mouth when he's trying to chew his fist....oh my son....my beautiful baby boy....I just couldn't stop crying...I couldn't even kiss him....he lay there on his back with only his diaper on...he looked lifeless....I couldn't even look at him anymore....I ran out of that room...I had to leave....I wanted to bury myself under the surface of the earth and just die....Lubabalo came out and led me to the car...we left the Range there and he said he'd come back for it.....in the car.....it was silent.... Me: "I'm sorry..." Him: "for?" Me: "for calling you a creep...it wasn't the nicest thing to say" he just kept quiet.... Me: "look, thanks for helping...and for being here...." Him: "no problem....I'm his uncle...so I have to stand in when he's dad isn't available..."I kept silent, kanti where was my husband...I didn't even want to think of anything worse....my mother and her theories of a baby being ill because a parent isn't well too....ei.... Him: "you insulted me twice today Lihle....I know you might think I'm less of a man because I shed tears but nam I have feelings... You can't just jump around and insult people ou'chea..." Me: "I'm sorry..." Him: "you know I was bullied ever since I started school...because I was the only "darkie" in my school. My adoptive parents are white by the way...so everybody knew I was adopted....I was the joke of the school..... I changed schools because I lied to my parents and told them I wanted to learn more about my home language and they took me to a public school.....that was even worse....I was pushed around and called "creepy cheese-boy" because I was a nerd and spoke to no one except the teachers.....I remember entering a boys toilet and doing my business, one boy pushed me and I leaked all over my pants...I had to walk around with wet pants all day...." He smiled a little...a sad smile...Him: "yazi I recently just saw the guy that called me "creepy cheese-boy"he hooted at me, he's a taxi driver and now all of a sudden his greeting was: "Ai sho awt'yam, yoh, ntswembu lentsimb mos!...funek sidibane man yabo"well, me being the creepy cheese boy I drove off and said

nothing....he can eat my dust.....so Lihle, before uthethe nje nanjan nomntu, think it through....I'm not a creep mna...I just don't talk much, and maybe I do a lot of staring...but that isn't a bad thing right?..." I shook my head...I really misjudged Lubabalo man....he's actually chilled....Me: "then why undifuna? Why could you not keep your hands off me?" Him: "tshin Lihle, umhle and you pretty fine....njan ndingak'fun..." Me: "it makes me uncomfortable...." Him: "I saw what your husband does to people that double-cross him, I have backed off, trust me...." I giggled a bit....we parked in the garage....Him: "so.....we friends?" He held out his hand...I shook it... Him: "but you must help me find a girlfriend ke ne..."I laughed at that suggestion...I knew it was coming one way or another....Him: "got any friends to hook me up with..."Me: "I'll see what I can do...." I entered the house and informed Ta Smig....Lukhanyo was still nowhere to be found....I went to check on Luhle....she was fast asleep...according to Ta Smig she was abit restless...maybe its because of her brother...I watched her as she breathed perfectly....my heart did another dive....how I wish Luthando was like that too.... As I got ready for bed...I noticed I hadn't heard Lubabalo's car leave....I wore my night gown and went to check on him....he was snoring peacefully in his driver's seat I opened the door silently.....and adjusted his seat, I went back to fetch a pillow, lifted his head and put it underneath....he twisted and looked the way...I closed the door again and went to bed, closed the door and climbed into bed....I felt cold...and warm at the same time as sleep drew near.....

I heard the front door open....and close.... My heart raced could that be Lukhanyo....after a few minutes he entered the bedroom and stood in the middle....I got up and I looked at him...Him: "where's my son Lihle..." My eyes welled up as I went to hug him....he pushed me...."Lihle uph umtanam?" Me: "lukhanyo, I've been trying to call you the whole night! Luthando got sick and I took him to hospital....he had some lung infection....lubabalo called his doctor friend to-" luks: "you spoke to ulubabalo? Uphi" me: "he called...I told him send'se bhedlele....he's in the car...egarage...." Him: "you let my brother sleep egarage Lihle?" Me: "alale phi lukhanyo? Aphe camkwam!?" He turned around and left....he didn't go to the garage....he started his car outside and drove off.....what's going on with him???

Chapter 85

It was almost dawn...I couldn't sleep...I wanted my husband but he seemed to be in a world of his own....I started thinking.....why is it that Lukhanyo disappears when shit goes wrong.....first Xolani, when I was in Kimberly, Sino, now his son.....no he's not behind it....but why does he just disappear? And he always comes back with a temper...I dismissed that thought.....was I a boring old hag of a wife? I got up and went to make some coffee...Luhle woke up....I took her and fed her....Ta Smig woke up too...I made him coffee and sat in the lounge with Luhle....in silence....its just one of those days.....I didn't feel like talking....Ta Smig sensed it and also kept quiet....Lubabalo walked in.....my heart skipped a beat b/c I thought it was Lukhanyo but then I realized sadly it wasn't him....he also looked moody...he made coffee and sat in the lounge with us....it was real silence....and it wasn't even awkward....everybody was deep in thoughts....then Lukhanyo walked in....him and Lubabalo locked eyes....for a few moments, both had straight faces on. Lukhanyo said: "Lihle, cela s'dibane roomin....shiya uLuhle..." I was afraid....what if he wanted to kill me.....hay man, I must stop lento yam of thinking lukhanyo would kill me....I gave lubabalo the baby and followed Lukhanyo to the bedroom.....

He held my hand..... What?...he acts like a mad man and comes back to hold my hand? Yand'qhela Lukhanyo Mzinyathi shem! Me: "kayeke wethu. If akhont ibhadlileyo uzay'thetha kum...." Him: "Lihle, I am sorry...." Me: "lukhanyo, and'fun sorry wakho mna....ubuphi?!" Him: "awunond'buza lonto lihle..." I started to walk away.....he held my arm..... Me: "I'm in no mood for this ke bonanje...." Him: "why lihle u-actor lewei?..I'm here now...kanye busa enjoyer uLubabalo?" I couldn't believe he said that....it was UN-believable! Me: "at least he doesn't just disappear when things go sour!" As I walked out he yanked my arm again so hard that I actually fell and hit the dressing table, it felt like I had just dislocated my shoulder, he grabbed my arm....yes the same one and pulled me up.... Him: "what the fuck did you just say to me?" I stared back at him...he held me against the wall and squeezed my arm.... "Lihle, ulala no-brother wam?" Me: "Lukhanyo, and'lali naye lomntu!" Him: "I swear Lihle, on my father's grave zekhe ndiy'bone or ndiy've net.....I'll turn both your bodies into fishing nets!" I held back tears.....my heart beat increased and I just thought of my babies.....my son.....tears rolled down my cheeks....he let go of me and paced around the room...Him: "Lihle, you drive me crazy wena!....you say things that fuel my anger!....do you like seeing me angry lihle?" I shook my head....he came closer....if I were the Incredible Hulk I'll use all my strength to push back the wall on my back rather than fight him....he reached me and touched my face, kissed my

cheeks... "I thought as much.....see now, baby wam...wipe your tears...get ready siyobona unyana wam"

I got ready as quick as I could, when I was in the kitchen taking extra bottled milk for Luthando and some for Luhle.....Lubabalo came into the kitchen....: "hey...you okay?" Me: "yep..."without even looking at him....he pulled my arm lightly and I screamed in pain.....I held on to it for a while....I really wanted to cry but I couldn't....I breathed deeply..... Him: "haibo lihle, uthen?"Ta Smig appeared "kwenzeka nton!!!" Me: "nothing I just hurt my arm a little ngok bend'se roomin...I turned to look at their questioning faces....Ta Smig didn't believe me, neither did Lubabalo....I saw Lukhanyo staring from a distance. His head low, staring at us while leaning on the wall....his eyes cut me....I turned around and finished preparing.....we got ready to leave.....we took Lukhanyo's Benz since we left the Range at the hospital and Ta Smig wanted to drive it back home....despite his one working arm.....he insisted. Lubabalo left to go to his house to go and rest....and once again I was left with my beast.....

Chapter 86

We sat in the waiting room in silence... The doctor came to us and greeted... Doctor:"I'm glad to see you again Mr Mzinyathi...some fathers are absent when their little ones are in hospitals and I'm happy that you've been here supporting your wife.....my heart cracked....the doctor didn't know...he couldn't have known.....this is not the same person.....I kept quiet....we went in to see Luthando....he's breathing was better but taking them in gasps as the computer beeped once every 2 seconds...that was long....every breathe seemed like his last...the doctor reassured me that the specialist that my "husband" brought in did a great job....he smiled at Lukhanyo, who stared back at him coldly....I was so ashamed. Why did he have to be so rude...? The doctor left awkwardly....I didn't even want to cry....he stood on the other side and held the glass.... Him: "my boy...you're fighter wena...ungu Mzinyathi, and you'll get through this...nd'zok'lindela kwekwe andiyi ndawo yeva...tatakho uyak'thanda nyana..."he stopped talking and for once he looked sad.....but his expression quickly changed as his phone rang....he left the room....well maybe he's coming back.....after an hour, I thought.....or not.

He came back in 2 hours, as calm as ever...I didn't ask, matter of fact I didn't even look at him....I was just staring at my son blankly.... Him: "Lihle" I looked up....he looked back at me....his eyes warm and loving.... He walked to me...he knelt beside my chair...."Baby, I'm sorry for hurting you...kodwa nawe Lihle don't ever speak to

me like that...mna I love you....and I want what's best for us.....you are the only legitimate thing in my life, you and my babies.....and'ngo Lubabalo mna....and I can only see how much you love me by sticking with me....yeah, I don't have a degree....but baby I just need your support....I'm trying here....these people keep provoking me and I can't just ignore them...they'll attack thinking I'm vulnerable....I promise I'll go for counseling anything to make us better....ndiyakthanda mntu wam, I don't wanna lose you....kand'xolele baby wam" ...he did his legendary puppy dog face...but this time as I looked at him.....it didn't work, I tried to forgive him, and let it go.....I just saw a mutant next to me, my own husband.....I was sooo afraid of him, it wasn't even a joke...you know those women, who are always in a hurry when they're in a supermarket when a guy approaches them, they tend to be clumsy and jittery? Aren't those women scared of their husbands? Cuz I was.....I decided not to even fight him....he got up and held out his hand, I got up and he hugged me....I whispered: "I forgive you....." Deep down I knew for a fact, a very known, cold hard fact, that I didn't forgive him.....my heart ached, my shoulder ached.....I was sooo weak.... Him: "I got the money to pay for your mother's operation....I already paid it full, they're starting to operate tomorrow..." I didn't even want to know from where, Me: "ok"

He sat on my chair and pulled me to sit on top of him.....I didn't ask questions.....he held me to his chest and tried to sing.....wava ngaban uLukhanyo that he can sing? He is soo confident that he can sing its actually funny.....I sat still....and I was feeling sleepy, I got up and told him that I wanted to go home....I looked at my son one more time, I couldn't even kiss him....I held the glass and my arm started paining again...as I tried to pick it up, it couldn't go any further than 10cm from my body....I kept quiet....pain is what keeps a person alive. Because happiness is a fairytale...if it were real wouldn't it last forever? how many times had you been inlove?....if you say more than once then I'm afraid that statement is true...we walked out of the hospital and he stopped at McDonald's cuz he said he was hungry....he knows he might have broken my arm...but he didn't want to admit it...we left for home. Ta Smig was in the room, the house looked clean and neat....my heart smiled....Ta Smig is such a blessing, I went straight to my bedroom and drank two adcodol pills...I wanted to take a 3rd, but I couldn't risk not waking up. Lukhanyo might beat me back to life...my phone beeped, I looked at the message: "lihle, if you need anything, u know where to find me. Ayiko nhoko le ayenzileyoo.."....I smiled abit, it had to be Lubabalo, his Xhosa writing was even worse...I replied: "I'll be fine. Thanks."....and deleted the messages... Another came in: "I'll come over later, to speak to him....but I won't intervene your problems, its about time me and him started talking about our own." Me: "okay then,

good luck...I'm bout to take a nap" him: "sleep well.".....I switched it off and fell asleep.....in my head all I heard was a voice.....it was just darkness.....a voice that kept fading.... "Ndandik'xelele"...in a ghostly sound.....it had an echo.....it kept repeating and repeating.....until I jumped up...I looked around the room.....and went back to sleep...then it was silent..

Chapter 87

I woke up much later....as I opened my eyes...Lukhanyo's side of the bed had a rose on it and the largest box of Lindt Lindor chocolates...a note was on the rose, it read: "to my beautiful queen" ...I put it back down and went to our bathroom....I found him sprinkling bath salts in the half full bath and bubble foam....he looked at me and smiled.....Lukhanyo's face is so beautiful and clear that you don't have to ask what he's feeling, his face said it all....he looked apologetic and really sad....to me it didn't even register...he lit the scented candles and took off my clothes.....he guided me in the bath...I thought he was gonna leave but instead he took off his clothes too.....came in and sat behind me....he kissed the side of my neck..... pulled me closer to him and I relaxed in his arms....he made it a point to not touch my hurt arm...he rubbed bath soothing oils on my breasts and neck, he touched my arm as lightly as possible, it was as if he didn't hurt me...like it wasn't his strength that made it like this...even with a gentle rub it was painful....I cringed and he stopped immediately.....we sat there in silence.....until the water went cold.....

When we were out of the bath...I got dressed in white tights and a white shirt...I wore my red tommy's and brushed my weave....I wore naked make-up..just foundation and very thin eye liner..... I had to go see my son.....he had worn track suit pants and gone to the lounge topless...I wondered how Lukhanyo kept in that shape....because he's lazy....he has never set foot in a gym.....Lubabalo walked in the house, I heard him greet and sit down...Lukhanyo came back into the room with a relaxed face to get dressed, he saw me.....his expression changed in a split second...Him: "uyaphi Lihle!?" I swear I wanted to cry and scream.....but I kept still...Me: "ndi-ndisayo b-bona uLuthando es-sbhedlele baby..." He took out his maroon chino's, a white shirt and his white Timbalands... He rolled the shirt sleeves up and tucked it in his pants...Him: "masambe ke." He held out his hand, I took it and he led me out the room.....

We came out the room and Ta Smig squinted his eyes...he could sense something wrong... Luks: "sisayo bona uLuthando, sihambe no Luhle?" He asked Ta Smig... Him: "ha.a mshiyen...I'll take care of her"...I went to fix her two bottles and clean nappies.... Luks: "Lubba, masamben awt'yam..." He got up and we walked to the Benz....I took the back seat and they sat together in the front...we drove to hospital in silence.....

When we got there, the doctor saw one of them first, and walked to us with a smile...he then saw the second one and frowned..... Doctor: "wow, I didn't know you had a twin, Mr Mzinyathi...I can't even tell the difference"... Lukhanyo smiled, I think he just didn't want Lubabalo to see his rude behavior, we went in to see Luthando.....his uncle spoke to the doctor... Lubb: "can we hold him?" The doctor removed the top glass and wire, Lubabalo took Luthando and handed him over to Lukhanyo....he was happy to finally hold his son...he kissed him multiple times.... Him: "nd'yakkhumbula my boy.....uphila nin kanti....uthi ndiy'bukela naban ibhola...." Luthando just twisted and turned in his arms then started crying....Lukhanyo was confused, Lubb took him and tried to calm him down...I stepped forward, kissing Luthando's cheeks.....he relaxed a bit....then eventually stopped crying....I held his little hand and he wrapped his fingers around my index finger.....something told me to look up and I saw Lukhanyo staring at us with the coldest look....he had death written all over his face, I dropped my son's hand and immediately stepped away....Lubabalo didn't see this....he placed Luthando back in his place and touched his cheek....I turned around and said I'm going to check on my mother.....her operation was the next day and I wanted to wish her luck.....I left..

Chapter 88

I walked slowly to the other side of hospital.....she had her eyes open.....she couldn't speak, but I could see she wanted to say something... Me: "Ndiryt mama...." Her eyes squinted.....I know she didn't believe me....I sat next to her....and kept quiet....I held her hand then kissed it...it was nice and warm....I missed her.....her voice.....her laugh....as I was reminiscing about when I still lived with her, Lukhanyo and Lubabalo walked in.....her eyes shot up and she made a squeaking sound....like when a person's mouth is closed? She couldn't do nothing but murmur....the machine started beeping louder and faster.....Lukhanyo went to call the doctors and rushed back to hold her hand....he kissed her cheek and told her to hold on....he had a tear

fall down on the bed....he whispered: "mama, stay strong..."...the doctors flooded in and told us to wait outside....in less than two minutes they wheeled her out of the room....and rushed with her to another place which I reckon could be the theatre....one nurse came to inform us that they have to start the operation now...her blood pressure rose tremendously and it might take quite a while....so its best if we go home....they'll call us when anything happened.....Lukhanyo didn't even fight it...he held my working hand and dragged me lightly.....we left the hospital.....

Lukhanyo and Lubabalo were in the lounge with Ta Smig...they weRe chatting easily now...seemed like their bond was back.....I really couldn't care less, I went to sit on the bed....whenever I'm feeling sad and depressed I switch off my phone and hide it, I'm trying to avoid Social Networks and writing statuses about how I felt....I took a magazine and looked through it. Twice....I saw nice ankle boots. They were brown suede...and really pretty. I liked them.....He walked in, I don't know who, but he sat down on the bed... Him: "tshomi yam..." It was Lubabalo....oh God, please get out before Lukhanyo sells my body to the Chinese!... Me: "uphi uLukhanyo?" Him: "in the lounge..." Me: "and he let you come here alone?" Him: "nd'celwe nguye..."I looked back at the magazine....I didn't know what mind games Lukhanyo was playing....maybe he sent Lubba here thinkin he'd walk in on us and catch us in the "act"....heee...I just stared at the pretty boots.... Him: "why uzobuza why he let me come to you alone?" I kept silent as my finger touched the magazine boots...maybe I was becoming retarded.....Lubabalo leaned to see what was attracting my attention in this magazine...he smiled.....the boots were from Louis Vuitton and cost R10 560....I closed the magazine and took another one....but I didn't have the energy anymore....I slid down the bed and closed my eyes.... Him: "is Lukhanyo abusing you?" Every organ in my body stopped working....the question echoed in my head....could I even answer that? Was he abusing me? No man....it was an accident....that happened twice....because he was angry.....and it involved me getting hurt.....Yes, he abused me..... Me: "No...he doesn't." Him: "you don't have to lie to me" Luks stood at the door.... "She said No, didn't she?"

Lubabalo looked at his brother.... Lubb: "what happened to her arm then? Huh? The change in her moods?" Luks: "Lubabalo, she fell and bumped the dressing table! Moods zothini ungatshintshi, her mother and her son are in hospital!" Lubb: "baqala ungena namhlanje eHospital dan?" Then they played the stare game.....Lukhanyo had lost. Because he walked away. Me: "lubabalo, please leave." He got up and left.....like out the house....gone home.....type of left..... Lukhanyo came back in.... Him: "Lihle, ndiyak'abuser?" I got up to look at his face...he looked disappointed

and hurt....it was more of the type of question he couldn't believe himself.... Me: "No.." Him: "look me in the eye and tell me that....." I looked at him.....his eyes full of sorrow... Me: "No lukhanyo. You don't abuse me....I provoke you. Like you said, when people provoke you, you get angry...." He came closer to me and hugged me....he kissed my face...I started shaking....I couldn't help it.....I held back the tears....he looked at me.... "Lihle, uyandoyika. Look at how are you right now. Babes, I'd never hurt you mna...."yeah right...I thought to myself...I had to collect myself and show him I wasn't afraid...I drew him closer to me and hugged him....he then got up and lay next to me...I cuddled into him.....my hurt arm was on his chest....his hand touched it lightly....ndaminca joe...you have no idea how painful it was....he rubbed it softly up and down.....a tear escaped my eye....I got angry....like wtf....why would you let yourself out my eye...I was so mad at that tear....my nose became runny....I had to sniff.....Lukhanyo would know I'm crying....his hand had stopped moving....I sniffed..my excuse was going to be Luthando....I had to be strong....maybe drink pain killers....but he didn't move...I picked my head up to look at him...his eyes were closed, his breathing was normal, his mouth slightly open.....he had fallen asleep. I wiped away my tears...and put my head back where it belonged.....his chest.....

Chapter 89

I woke up....when his phone rang...he looked at the number and hesitated to pick up. I got up and went to Luhle...I fed her and burped her...I made sandwiches and gave some to Ta Smig I took the rest to Lukhanyo....he was still on the phone?? Excuse you....I stood there and stared at him...he laughed at whoever it was and said "no its chilled, ndyeza" ...he got up, kissed my cheek and left. I was glad he was gone....but my heart ached for him, where was he going?...To who?...I decided to keep quiet and just spend time with Luhle...I haven't spent enough time with her...I needed to make up for it...that's the problem of having twins...you always have to divide the love, the attention, literally everything...so she lay on the bed and we played with her squeaky toy...after a while she started rubbing her eyes and yawning....I didn't want her to sleep...but ke athin?....so I held her for a while.....and she drifted right off.... I lay her on the bed, I stared at her peaceful body...she looked so cute in her yellow jumpsuit....her chubby body and face....she was beautiful....did Lukhanyo and I really create this? I got up and went to the kitchen to make a shake...I couldn't find much

fruit though so I took the keys to the Rover to go to Pick n Pay. Ta Smig: "Lihle izapha...." I turned and walked to him.... Him: "cela uhlale phantsi mtanam"...I sat down... Him: "ukwenzento uLukhanyo?" I thought of lying, but I decided against it... Me: "he pulled me ngengalo but I fell and hit the dressing table"..... Him: "and then?".... Me: "he picked me up and asked me if I was sleeping with Lubabalo, I told him no, but he threatened me wathi he'll kill us both.....if he ever hears or sees us...." He kept quiet....and looked away... Me: "Ta Smig, why is he being like this?" Ta Smig: "lihle, he's scared to lose you...he needs therapy..." Me: "I want to go buy some fruit, I'll be back just now..." Him: "Lihle, uzoqhuba njan kodwa unengalo ebhlungu? Khay'tyile ndibone..." I showed him my shoulder and to my surprise it was abit swollen and purplish-blue... Ta Smig: "Hayi Lihle!! Funeke uy'se kwa Gqira lento..it looks really bad..." I got up... Me: "ndiyabuya ta smig..." And I left.....

Ta Smig was right, I had to go to the doctor, I went to eSurgery..and he assessed me.. Doc: "and then? What happened here?" Me: "I bumped into the dressing table..." The doctor looked at me sympathetically and carried on, he rubbed a cold gel and massaged it...the pain was excruciating... I cried in agony....when he was done he wrapped a bandage around my arm and shoulder... He gave me pain tables and instructions that I must not use the arm a lot, just exercise it twice a day...I left for pick n pay....I bought my fruit and more snacks and hot cocoa.....paid and drove home.

Lukhanyo was home.

For the first time, I wasn't even scared, if he wants to hit me. Then so be it. I carried both plastics with my better arm....I walked in. He was standing in the kitchen, I greeted him and put the plastics on the counter... He saw the bandage... "Lihle uvelaphi?"....you see now, my anger just started boiling....I turned to stare at him....he took an apple from the plastics that I brought in!! The fuck he mean ba ndivelaphi!.. Me: "from the shops, you?" Him: "my friends..."....Me: "ayt cool..."...I turned around and started on my shake, I just mixed random fruits together...aint nobody got time for a recipe here. He still stood there, staring at me.... Me: "yinton lukhanyo?" Him: "hay akhonto.....have you heard from Luba?" Me: "nope...oko bemkile..." Him: "umgxothile again?" Me: "ewe ndimgxothile lukhanyo." Him: "can I invite him for dinner?" As I finished my shake and poured it into a glass....Me: "Your house. Your rules." I walked to the lounge and found Ta Smig smiling at the tv.....

Lukhanyo kept dialing...until Lubabalo answered: "ja?" Him: "ushap?" Lubb: "ja."....was he mad at me?...lukhanyo thought to himself.... Luks: "can you come over for dinner?" Lubb: "and'khose bhayi." Luks: "uphi kanti?" Luks: "nd'se joburg

lukhanyo. I'm working here, gotta go..." He hung up....that cut Lukhanyo quite deep....why didn't he tell me that he's leaving?....ndimenze nton?....he got up and went to the lounge.....

Let me start on the pots, lihle thought to herself...Ta Smig came into the kitchen... Him: "iphi lanto buy'sela? Ndonele yi drink. Kandiphe man..." I laughed and handed it to him... Him: "sizopheka nton?"....Me: "uhmm, not sure yet yazi..." Ta Smig took out the recipe book...I didn't like recipe books, the pictures make you feel like you're not good enough if your product doesn't look the same....I don't want to see a better version of my creation....but Ta Smig insisted...Lukhanyo went to fetch Luhle and they sat together in the lounge...he looked sad...but ke wethu Lukhanyo is a man...he must deal with whatever is feeding on his soul....Ta Smig and I decided on Macaroni and cheese...as we started cooking...we were chatting happily and he shared some of his adventures with me....I was genuinely laughing out loud.....and then Lukhanyo entered the kitchen....we both looked at him and carried on talking....it looked like he wanted to apologize....but we didn't mind him.... Luks: "cela uncedisa nam...?" He said with a shaky voice.....I looked at him.....he looked nervous...I gave him the cheese and grater. He smiled shyly..... Ta Smig spoke more and kept asking Lukhanyo "do you remember when..." Just to include him and not make him feel left out...he started easing up a bit and talking with us too....when we were done and the pastry was in the oven...we stood around the kitchen....he also wanted a shake....so I made another one while we were in the kitchen....he held my waist as we drank our beverages then kissed my cheek...."Enkosi, Mamngwevu...".....

Chapter 90

When we got to bed...he came and stuck himself on me....like glue...we faced each other.... Him: "baby, umnkile uLubabalo." Me: "soo?" Him: " I tried calling him, waske wandiphoxa, uthe usemsebenzin yena...then he dropped the phone"... Me: "well, lukhanyo omnye ubusy...umsebenzin maybe bengakwaz nyan uthetha..." Him: "but he should've called me back though...." Me: "kamyeke wethu uLubabalo just for once, you've survived this long without him. You'll be fine..." He seemed disappointed....but ke he had to get over it.... Him: "Lihle, nd'celu xolo." Me: "lukhanyo, your sorry won't mean anything until you go for counseling...then you'll really be sorry" Him: "ndizofika ndithi ndithen pha?...hayi kodwa baby...." Me: "baxelele what makes you angry....why....that type of stuff...." Him: "celu thetha nawe betere?" Me: "you've

spoken to me before...it never worked. You need a professional...plus I don't want to talk you mna..."...I stared at him seductively....he tickled my ribs.....then hurt my arm alittle... Him: "yoh, xolo lovie...nezmanga nawe man..." Me: "mxxxm...nd'zongak'jongi ngok..." Him: "kazapha nd'phuze ke..." Me: "and'fun. Tshi..." Him: "iza man baby.." Me: "asoze..." He climbed on me and lay on top.. Him: "usathi aw'fun?" Me: "yafosta ol'hlobo?" ...he smiled and kissed me....his lips so soft...he twirled his tongue around mine and sucked lightly on my upper lip.....then he got off..... he sat up with his elbow... Him: "so how about that?" Me: "you kiss like an amateur..." Him: "heeeeeee!"I took him on,,, I got on top of him, pulled him up and kissed him...I removed my mouth from his and he opened his to bring it back....I kissed him again.....then rubbed myself on him..... Him: "mm..mm babe, that's unfair..." I got off and lay next to him... Me: "how about that then?" ...he just stared at me with those loving eyes.....he took off my top...my pants...I took off his shirt...he held me softly, kissing my neck and breasts.....his hands rubbed me....slowly...he breathed a little louder than usual as I was taking his pants off.....his phone rang. Arrrg!

And for once....he ignored it.....we carried on and it rang again. His mood instantly changed...he answered: "yinton maan!" Caller: "hayi lukhanyo, kuthen uske wakrwada nje?" Him: "fondin kand'yeke man ndibusy! Kuthen hlal nje ulindel uthukwa ndim! Find somethin to do man...moeer!" Then he dropped the phone....he wasn't in the mood anymore....I just kept quiet and got dressed....I felt like a slut....to my own husband....I went to the kitchen to warm some milk up.....I was a bit annoyed by Lukhanyo's sudden behavior but I couldn't do anything about it....who was that on the phone? I couldn't tell If it was a man or woman....but his response, sounded like it was to a woman...is Lukhanyo cheating on me? Aska....he wouldn't dare... I took my milk and went back to the bedroom...and slid into bed...I drank my milk and lay my head on my pillow.....Lukhanyo came to cuddle me.... Him: "baby, I'm sorry man....and'maz funa nton lomntu..." Me: "ok"..... Him: "awuqumbanga?" Me: "nope...." Him: "kiss me..." I kissed him...then lay down again.....and went to sleep

Some days I miss the times I wasn't married....the partying, uk'outa....because at least then, I was made love to like it was paid for....ngok ingaphela nenyanga ndingaphiwa?...yena ufumana phi?...heeeee.....yes I'm a sex fan...so what? I don't bed hop...it was always my boyfriend or nothing....I thought of the first time I was with Lukhanyo.....then the second time....in the Range Rover....the other time in Kimberly....lol.....and again right here in this bed....now he hardly ever touched me....abuye enomsindo.....maybe I'm just over thinking this.....I need to sleep. I heard him get up and take the car keys. Then left. He left his phone....probably by mistake because he was in a rush but trying to keep silent so as not to wake me.....I'm

a very light sleeper....something he doesn't seem to notice. I heard the car pull away.....the phone rang I didn't bother getting up....its not mine....I learnt that kwak'dala iphone yendoda ay'phathwa apparently uyow'bitya sistress....lol...have no idea who told me that....it rang and rang and rang....good God. Whoever it was, was nagging yo.....the next time it rang I just ripped the cover apart and disconnected the damn thing....I lay the battery and sim card apart....there.....that's better....now I can sleep.....

Chapter 91

I fell asleep after a while....I think it was midnight I'm not even sure...my phone was still off, but next to me.....I heard the car come in the garage a few hours later....he stumbled into the bedroom...and dived into bed...he was drunk...and he reeked of alcohol...I was so angry, soo angry...that I just decided to laugh....he snored loudly next to me I just couldn't ignore him.....I collected all my sweetness, took a blanket and went to the lounge. I can't deal with Lukhanyo when he's drunk...ndimfuna xene bhabhalaza kanye...he'll be weak but fuckin awake..I went to make coffee.....the sun started to rise....Ta Smig had woken up and he came to the lounge.. Him: "aww na Malinki. Sow'hlel...." I just nodded....he took the hint and left for his bedroom....Lukhanyo got up and went to the kitchen, his eyes could barely open....yaqala le yakhe ibhabhalaza.....he poured a glass of water and walked back to the room... He hid his face when he walked....I got up and followed him... I entered the room...Me: "Lukhanyo, uvelaphi" Him: "eKitchen." Me: "talkin bout this morning man!" Him: "can we do this later Lihle...this is not the time"he had connected his phone back into place...he went to the bathroom...I took the key and locked him in there....if he wants me to be a psychopath....I will be a damn psychopath!... Him: "Lihle, yinton ngok luyenzayo? You better not be on my phone!" I took the phone and scrolled through...it didn't have a name...it was a number that was quite regular on his phone....call log, text messages, whatsapp.....ngumntu othen lo? Her p.pic was a celeb.....really? I saw the messages... "Babes, kinda busy, chat later" "on my way va" "missin you..." I threw the phone across the room and screamed in rage! HOW DARE HE.....!! After treating me like shit! Une Gila lokwenza lento! I went to fetch his slugger from the lounge, the same one I used to chase out his hoes....I opened the bathroom door and stood in the middle of the room...the bat in my right hand...he stared at me with fear....my left arm hurt still...but fuck that, I will deal with it later...

"Lukhanyo, uyahula? Are you cheating on me now?????" I breathed like a dragon...his eyes were wide open... Him: "hayi Lihle ayikho lonto baby...mamela lomta-" I swung the bat and he ducked...it hit the wall... Him: "what the fuckk? Lihle uphambene?"I locked the bedroom door...Lukhanyo thinks I'm weak.....ndilihlanya mna, ndakhulela emama...I took out his belt and whipped his arm....he screamed at me. I shoved him down....tears were rolling down my face.....where did this anger come from? I hit his face and eventually he caught me and pushed me away...he got up as I lay on the floor....I slowly stood up.....I stared at his eyes.... "Lukhanyo after everything I've done to keep this family happy, I have tried and tried!....yinton le ndingak'niki yona?? Sex?? Do you want sex Lukhanyo!!!!???? If you wanted sex, you wouldn't reject my sex!!! If you wanted love, you wouldn't push me away and beat me!" Him: "I didn't beat yo-" Me: "Shut the fuck up!!" ...I took the flower vase and broke it in half...Ta Smig was banging on the door....I ignored that shit.... Lukhanyo is gonna learn today. Me: "you have noo bloody right to say a word! Don't make me ask you twice! Are you. Cheating. On. Me!!!!???? And I swear to God, if you lie to me... I will turn this building into a motherfuckin crime scene...have you seen yellow tape??? Do you want to be the cause of yellow tape? Speak the fuck up!" Him: "Lihle...you're angry...soze undive lento ndizoy'thetha kuwe...." My breathing escalated... Him: "okay Lihle....I never slept with her, she wanted to, but I felt guilty so I bought her gifts instead....izolo, I tried to end things nalomtana...akafuni Lihle...I am sooo sorry..." He looked genuinely afraid.... Me: "uhlalaphi? What's her name?" Him: "ngu Nosipho wase Zwide..." The door broke open,, Ta Smig had called one of the boys...I turned around and took the car keys then left the house.....

I just drove in anger....I landed at the airport...I had the sense to grab my phone luckily.....what was I doing here....I drove to Lubabalo's house I know he wasn't there....I wanted to talk to Sylvia....she seemed glad to see me.... Me: "hey Syl, I need you to do me a favor...call Lubabalo and tell him I'm going away for a while...I'm leaving Lihle here and I'm going to fetch Luthando from the hospital...I need him to hire a private nurse to take care of him....and that's it....." She nodded....she wanted to ask, but she dared not... Me: "I'll be back with Lihle later...." I left..... I sent Ta Smig an sms.... "Fix Lihle's bags for me, for approximately a week, and Luthando's....buzz me xa engekho lowo...I'll come fetch her and the bags..." His reply: "ok"I'm glad he didn't fight me....I drove around....a part of me wanted to go look for this bitch...but I decided against it. Something clicked in my mind...I had to leave the car.....Lukhanyo can track me with it....I thought fast....I couldn't ask for Lubabalo's help again....so instead I drove back to the airport and dropped the car there. Of course I used Lukhanyo's credit card which was in the car to rent another

one....I took a silver bmw 1series...not my favorite color...but I'm not here to play and look pretty....Ta Smig buzzed me.....I thought to myself... Do or Die Lihle...I raced to the house and took Luhle, her car seat and the bags... Ta Smig: "do you need anything?" Me: "I'll call you when something comes up....".....I left.....I dropped Luhle at Lubb's house then left for the hospital....I signed Luthando's documents took him with his medication and machine.....I went to drop him off too.....I kissed my babies goodbye in tears.....I would be back....soon....I just need this time alone.....I loved Lukhanyo, but I needed to be away from him, I couldn't deal with him anymore, of course he'll look for me....but good luck to him cuz I'm not going to Kimberly this time.....I went to Pep to buy another cheap phone.....I took that iPhone to ooMy Friend that loan money, he gave me R1000....for a phone that costs almost 9grand.....I drove to eTruck-in by motherwell...I left the car there and took a taxi to eNjoli....I boarded one that is going to East London. I prayed that the Lord guide me. Call me a coward for running away but just not being around PE was a good idea....Call me a bad mother for leaving my kids, but I am also human....I needed time alone.....I love them with all my heart and I don't want them to see me fall apart, the taxi started and we left.....

Chapter 92

I found a nice guest house in EL, it was quite cheap too...the lady was nice and it included two meals a day. I put down my bags and took a taxi to Hemmingways Mall...it was big...bigger and better than la Greenacres...I walked around a bit and got to a candy shop, I bought snacks....then carried on walking....a light skinned guy approached me. I wasn't in the mood but what the hell.... Him: "sisi, sorry ngok'phazamisa...can you help me?" Me: "with what?" Him: "I want to buy my girlfriend a gift, but I don't know what..." Me: "what did you have in mind?" Him: "a teddy bear?"...he looked clueless...I led him to CNA that's the place I know that sells cute ass teddy bears...I picked out the biggest one in light brown...I suggested flowers, chocolates and a note.....my heart ached for Lukhanyo....I missed him so much.....the young man thanked me and left....I went back to the guest house.....I knew it would be nothing but loneliness.....I needed the time alone though...I got there and sunk into the bed...I decided to sleep first.....quite a while later, somebody knocked on my door...I looked at the time it was 19:03...I got up grumpily and opened. It was my nice landlady. She told me supper was ready, I went to sit down and eat. I'm glad she spoke a lot because I didn't have to say anything, just asked an occasional question or laughed....we finished eating and I washed the dishes...I went back to bed....I had only

two numbers for emergency on this cheap phone. It was Ta Smig and Lubabalo. Lukhanyo can go eat a D..... Ta smig for when I was in trouble and Lubabalo for when it was about my kids.....that's that. A text came through, the screen lit orange... I read it: "wherever you are, keep safe. Lukhanyo is enraged apha...more so that you took the kids.."it was Ta Smig....Lukhanyo can be such a dummie...phof kanene he knows Lubb is out of town and he isn't talking to him...his place is the last he'd look. I texted him back... "Myeke enjalo. Uzoba strong." I sent Lubabalo a text: "this the number you can contact me on. Only regarding my children. Nothing else." He replied: "where are you?" Me: "doesn't matter..." He didn't reply after that.....

I got a cab at about 23:09...I knew it was late, but I was really bored....I found a pub downtown and told the driver to stop. I went in and bought myself 3 shots of Skyy. I downed them as quick as I knew how...I was instantly reminded of Sino....Lukhanyo made me kill my own friend.....I went to the bathroom to wash my face, I had brought my make-up kit....I washed it and dried it... A girl came out a cubicle, she smiled and because of the alcohol, I greeted: "Hey!" ...I applied my make-up she looked at me in awe.... She: "you a make-up artist?" Me: "haha no, just a lot of make-up tips in my mind..." She: "I'm clueless about it..." Me: "come, let me do you..." I needed a friend....she introduced herself, her name was Vuyokazi, she lived in Southernwood but her home was Mdantsane...she was not 100% pretty, probably 80, I'm a 80 myself...so hey.....I introduced myself and we became quick friends...she invited me to sit with her and her friend....they were quite shy.....I was always the entertainer... God, I missed Sino....my heart pained a little....but I kept strong and went to sit with the 2 girls. They looked like they were in church....for real!...long skirt...cardigan....haaay haaay haaay....ak'nxitywa zi-cardigan es'nxilwen....alcohol makes you warm... Vuyo: "peto singathenga ntoni? We new at this going out thing..."oh really? Wouldn't have thought, I thought to myself sarcastically.... Me: "buy Skyy Vodka. And Cranberry juice. It will set you right..." They went to buy it and we drank...I started dancing.....yu kno?....lol..... I'm the type that dances like a maniac when I'm drunk.....3 guys done hit me up, I rejected...I'm still married to Lukhanyo...no matter what.....before you knew it, I thought I saw the sun rise.....hayi man it must be the booze....I went outside to take a closer look....HAYI! I ran back inside, and yelled: "the sun is here! The sun is here!"a group of guys burst out in laughter...they had tears in their eyes....I was soo embarassed...these bitches had bought another bottle and it was half way...the bartender called us a cab and we left for Southernwood....we got to their flat and we all grabbed a place to crash....I was

on the couch...Vuyokazi was on the bed and Phelisa(2nd friend) was on the floor...satipa!

I woke up at 13:45...yuuuuuuuh! Ibhahhalaza isitshooo! Ei my headache was making a noise! my eyes were f'd up...I woke up Phelisa and asked for the shop, she directed me and I left...I bought bananas and ate 2 on the way...I gave the rest to the girls when I got there...I asked to take a shower and wrote down their numbers and they took mine... Phelisa's boyfriend arrived...she went downstairs to the car. When I was done with everything I said my goodbyes to Vuyo, and left...I was to take a taxi to Amalinda...to the guesthouse...I didn't know Phelisa's bf mna....or the car, so I couldn't say goodbye to her.. I got home and the landlady was fussing about me and going out and not telling her...then I missed my mother...soo much...but Lukhanyo will take care of her...I went to my bedroom. Took out the phone and found 17 missed calls and 11 messages. Uwoooooah. Noba Lubabalo lo, he can such a nag!... Indeed 7 missed calls was from him. The other 10 from Ta Smig. I read the messages. Lubabalo: "Lihle, when you get this call me asap!" 2: "lihle, y u not answerin yo damn phone!" 3: "come the hell on! Are you ignoring me now?" 4: "haayibo!" I laughed out loud... Then Ta Smig: "lihle, what's going on! Why aren't you answering your phone?! Uphi!" 2: "lihle please, even a msg, jst to tell me you're okay" 3: "I'll be reporting you to the police as a missing person, ndak'cela mtanam don't do this" 4:"lukhanyo oko ez'valele apha, akatyi and he's not talking to me, he says I'm hiding you" 5: "just call me lihle" 6: "please Mamngwevu". I called Ta Smig first... Him: "Lihhle!" He whispered...probably lukhanyo was around. Me: "hey...I was out zolo, I left the phone" him: "uphi!" Me: "I can't tell you that..." I heard him talking in the background...it was Lukhanyo..."Malume uthetha noLihle?." Ta Smig: "hayi lukhanyo" ...then he kept silent....maybe he sat next to Ta Smig...cuz Ta Smig said: "we'll talk later" ...and he hung up.... My heart did a back flip, hearing his voice, I missed him soo much....I couldn't take it...but I had to. I have to stay away from him...angade athi 'malume' ku Ta Smig, then he's really beat. 4 more days babe...just sit still.....

Later on, Vuyo called: "hey mtshana, unjani"aww'na sendingu mtshana? 😊)... Me: "I'm good peto, wena?" She: "I'm cool, come over...we going to a chillas later on with boyfriend ka Phel'z...izozos'landa at 19:00 iza wena ngoo5 ndifuna senze la make-up"...I laughed....me: "ok ke lovey...sho."another party coming up....I smiled to myself.....I went to my landlady/godmother lol.... Me: "I'm going to a friends place to sleepover later on ne ma....I'll be back tomorrow..." She : "that's fine dear, just leave a number where I can reach you.." I smiled....ei ngumama nyan lo...I went to take my stuff....and waited impatiently for 5, it was still 4....haska...I got up and left....I got to

their place...and we picked out outfits for them...they wanted to wear jeans. Total No No. I took out their black tights and they could pick out a shirt...I was also wearing black tights. With a white shirt and green Lacoste shoes....they looked like tommy's...they were cute...I did their make-up...and mine....I suggested something to eat before we left, they made food and we ate...(Microwaved chicken, who got time to cook? Definitely not us..) Phelisa's phone rang...we locked up and left....my phone rang...argg...Ta Smig...the car was full of niggas...I entered and greeted... Then answered: "Ta?" Him: "Lihle, uphi?" Me: "Ta Smig, do what you do best, nindikhangele...I'm not telling you ba ndiphi....I need some time alone....!" He kept quiet for a while....I immediately apologized..."Ta Smig, uxolo man...I didn't mean to lash out on you...its just that I really need Me time right now...I ca-" he hung up....yuuuuuh. My heart sank....everybody was looking at me in the car.... Vuyo: "nguban uTa Smig?" Me: "my uncle." Then looked away.....

Chapter 93

We got to the house and they were braaing...me and Vuyo sat by the pool drinking sweet Rose'... Vuyo: "peto, uthi mos awuhlali apha eMonti, uzothin apha...and judging from your call it seems like you ran away from home..." Me: "from my husband..." She: "but why?"....I told her from the beginning...no, not la part ba uligintsa...that has always been a risk for me to mention...I told her about the babies then running into Lubabalo...and everything else after that....she seemed to like this Lubabalo dude....I didn't call him a creep anymore cuz that broke my heart, I have a really soft heart and I don't support bullying or violence or anything painful to child's memory for that matter...She: "peto, ndiyayiva yonke le uy'thethayo....but do you love your husband?" Me: "of course I love him....I love him more than anything..." She: "then girl, save your marriage...yes he cheated all men cheat. But if you leave him and find another man...he might cheat too! There's no guarantee that a man won't cheat, ubu-right umbethe umnyise, then leave him....but eventually, baby girl you have to go and fetch him....ngumntu wakho lowa....but okwangoku...he needs to learn a lesson...so uthin uMalume wakho?" Me: "uthi akatyi uz'valela oko eroomin..." She: "oh hay shame bethuna....myeke wethu mtshana...enjoy yourself okwangok...qha don't be gone for too long....uzobuya uphole aphe nqondwen and he can't be mad at you because #1. You beat the crap outa him. #2. He misses the shit out of you..hlala noba yi2 or 3 days...wonwabe wena....he'll be fine...." Me: "ndibawela umothusa

kanjan....and draft Divorce papers..." Vuyo laughed out loud.... She: "yoooooh, angazixhomi maan..." Me: "angandbhuqa andifumane....sistuji es'ya awusazi...." She: "but he loves you....I can see nawe uyamthanda futhi...uske ungancumi xa uthetha ngaye...." ...I blushed visibly.....it was true....I really did love Lukhanyo....and after that chat, I felt a bit better.. Vuyo: "jonga masicele kwi bf ka Phel'z he's a lawyer..."oh and by the way, ngu Sugar lo...quite old...but looks quite rich...wonder uphi uWifey...we approached him. Vuyo introduced me... Me: "Hi 😊)" he smiled at me...he's nice shem....we pulled him and Phel'z aside...and told him our plan....he looked a bit worried... Him: "hay man, why ufuna ukothusa omnye kab'hlungu kangaka?" Me: "nam undothuse kab'hlungu njena..." ...I knew he was married and naye he was doing the same thing so he agreed and told me he'll do it tomorrow....since he was busy with the party....we left to party!

As we were drinking, we kept poking the DJ to play Xithubu...he couldn't help but laugh...oko sihlel next to him and making fun of him...eventually he played our song and we left to go dance. Heeee Phel'z and Vuyo can maa dance! Lol....hence ndise sober ndiy'bona kakhle ngok....I was shy still....so I sat down and cheered for them....I started drinking....some guy came to sit next to me and started small talks....I gave him 1 word answers... Him: "cela siye kwi ndaw ePrivate sincokole better man..." He held out his BMW M3 keys....I stared at him...akambi man. Lord I beg of you to come light up this building! And he is sooo confident that ndizoleqa ibmw? Ibmw????? Yuuuuuuuh! me: "my nigga, lemme share something you might not want to know. My husband, (showing him the ring)...owns a damn coupe...a BENZ...yinton le ndingath ndiy'leqa kumntu one bmw???(I said with attitude)...he brushed my thigh... Him: "I can give you something, he can't..." I stood up at once and threw a bottle at him.... Me: "oh my bad!! you were saying?" And I stomped off!....I went to lock myself in the bathroom and cried....I cried for Lukhanyo...why didn't he want me? Why couldn't he make love to me?....then I cried tears of anger.....why did I miss him!?!...I missed my old life....my mother.....Sino....school.....my school friends.....eventually I calmed down and drank some tap water....I heard knock on the door... it was Vuyo: "mtshana, vula..." I opened.... She: "heey babe...yinton ngok?" ...she kneeled down next to me...I wiped my tears, and told her... She: "peto, suz'sola wethu that bastard deserved it...myeke wena Shaun is dealing with him right now..." Me: "Shaun?" Vuyo: "ewe, Phel'z bf babe..." ...had I forgotten his name?...heeee...hayi noba ndiyaphambana...I fixed myself up and we walked out the bathroom....Shaun came to us: "subanaworry young-ling, he's gone...and soze akwenzento...aw'no hlala kab'hlungu kwindlu ka Shaun alok....iza..." We went to the kitchen and he poured me

a double shot of whiskey.. Him: "thatha apha...uzoba right wena..." I drank it and he left us.....

It did the trick but I was more cautious and I didn't feel like dancing...some guy was staring at me. Oh Gawd...I think I should wear a safety outfit when I go out...like Lukhanyo once suggested...you know those long black dresses Muslim girls wear, the ones that cover everything and only shows the eyes? Yes....that is the safest option I can think of. Andizongonwabi mna.... He came up to me but stood in a distance, for sure he saw what I did to that guy. Him: "hi, I'm Sidney" me: "hi sidney." Him: "and you are?" Me: "not interested..."Good one Lihle... He giggled....Lukhanyo used to giggle, my heart pained at that thought....haibo na can't I talk to a man without thinking about Lukhanyo?.... Him: "I saw you this morning.....so did the sun eventually catch you...." I couldn't help it...I just burst out laughing...yuuuuuuuh...' The sun is coming'....yoooooh... Him: "killer moment...actually made my night." Me: "morning you mean...." Him: "you're quite an entertainer hey...." I smiled and we chatted abit....he was really friendly...and for once, a guy that didn't hit on me....those exist? Wow...we chatted for a long time and I took his number...he saved mine as: 'The Entertainer'...I saved his as: 'The Joker'....we laughed and parted ways..... I looked around for my friends....and it seemed like everyone was cosied up to someone....I was standing there like: \(\cdot_·)/..... Shaun waved and signaled me to go to him... Him: "u ok?" Me: "yep, I'm cool..." Him: "singak'godusa? Cuz in no time this place will turn into a love nest...and I take it you got that much respect for your husband...." Me: "I'll call a cab...its chilled...." Him: "I really don't mind...." Me: "don't worry yourself....for real...." He just stared at me....oookkaay....I called a cab from outside and waited...it arrived in 20 minutes and I left.....

I got home and checked for my phone, it rang right after I got in my room... I answered it only because it was making a noise....I didn't even check who it was..... Me: "yes?" Him: "Lihle..." Me: "Lubabalo." Him: "why are you ignoring me? Uphi?" Me: "I'm chilling...." Him: "I know you chilling. WHERE!" Me: "heeeee" ... Him: "ndifownelwe ngu Lukhanyo ekhala apha uthi umshiyile! Why would you do that Lihle!? Umazi uLukhanyo akaphilanga enqondweni!" Me: "Lubabalo, cela undehle... Lukhanyo kange ak'xelele le kaka andenze yona??? Didn't he? Kodwa he's quick to cry?! Hay wethu kanind'yeken mna..." Him: "when will you be back?" Me: "I don't know.....maybe never..." I lied...and hung up....I switched it off knowing he might call back....mababile boy2..... Bazoba strong....I went to sleep

The next morning, I switched the to check for messages... Ta Smig: "Lihle, sundikhubekisa maan! Answer your phone or else ndizok'khangela ngokwam! And'ngo Lukhanyo kemna!..it won't even take me a day!" ...I replied immediately: "Ta

Smig, I'm fine...my battery died..." He sent another back: "Lihle. I want you home by 18:00! Not 18:05...18:00..and if you're not here by then. All HELL WILL BREAK LOSE." I panicked.....

I packed my bags that second! In tears...I was scared of him, with not even a valid reason.

Chapter 94

My phone rang, it was the joker....I could use a laugh.... Me: "Gezayo" Him: "ya hlanya lam....wenzan?" Me: "packin..." Him: "u leavin already?" Me: "yep...."I held back tears... Him: "do you need a lift to the station?" Me: "nah, I'll be fine thanks tshomi"... Him: "okay ke, hambe kakhle nontombi...shap.." We hung up... I called Vuyo and told her.... She: "peto nyan kodwa...you should go home...think of your son and mom...." Me: "so I should just forget about my life and let Lukhanyo win? Again?...if I stay there and he does one more thing, I promise you I'll die....I can't take it anymore Vuyokazi...I'm tired..." By then I was balling in tears...."why should I be the one to suck up?...nguye mos ondenze wrong! I have been nothing but a faithful loving nurturing supporting wife to him....I was his everything when he had nothing!..funeke ndiphinde ngok ndiz'qoqoshe...ndiye kuye?" Vuyo: "peto you know us women are strong. You have to do this....okanye soze wonwabe....you'll never find happiness until you fix this...." Me: "even if I fix it, he will never let me out of his sight!...ndiyofa mos ngok qha..." Vuyo: "please my friend....just go to him....you made a promise to God nalomfana...he's not just some boyfriend...he's your husband." We said our goodbyes and hung up. I said my goodbyes to my godmother....

A text came through from Phelisa: "the papers are ready."...I took my things and headed to their flat. When I got there they hugged me..I sat down for a while and we chilled.....I told them after about 2 hours I had to go....Phelisa gave me the papers, they looked legit...but of course they were fake....it was just a front to scare him. I left for PE.....

After almost 4 hours of traveling, I was woken up by the driver....to ask when I was getting off...it felt like he was chasing me away. I got off eNjoli with my bag and took a taxi to new brighton....I got off at my bustop and walked in shame. I entered the house and it was dead silent. Ta Smig sat in the lounge watching tv. He looked angry... Me: "Molo bhuti..." He ignored me....my heart broke a little, as I turned to walk to the bedroom.. Him: "Lihle, don't you ever. Do that to me. Ever again. Uyandiva? Me: "ewe bhuti.." And walked to the room...Lukhanyo wasn't here...I

heard Ta Smig on the phone with him. Ta Smig: "Lukhanyo. Buya!"....I sat in the bedroom and unpacked my bags...I took out the A4 envelope and sat down on the bed....I thought about rehearsing my speech, but nah.....I sat and waited.....after a while I got bored and went to do something in the kitchen and then Boom!...he entered the door....he was breathing heavily, Lubabalo walked in behind him....oh great....the whole family is here...Lukhanyo came straight to me... Him: "lihle uvelaphi?"I walked right past him to the bedroom....took the envelope and went back to his astonished self. I handed it to him....he was confused... Him: "Lihle, yinton le...?" He opened it and took out the papers...he almost had a mini-heart attack right there....he gasped for breath... "Lihle, ayikho lento uyenzayo man...ndicele uxolo njena..." I walked away...he stood there holding his chest...clutching it like someone just ripped his heart out....Lukhanyo can be soo dramatic...tshi! I still had the Rover keys but it was at the airport since I left it there when I went to go rent a car...I put a claim with the company and told them the car had been stolen...along with my phone...they said they'd track it and get back to me....I went to the airport, looking all traumatized.... The car rental company found the car.....e-Truck In....oh well...really?...I acted really sad and upset about it....they suggested I go for counseling and after signing the documents I left...I took the Range and went to Lubabalo's house, I was sooo glad to see my babies....I sat with them for a while alone...Luthando was improving...but we still needed to use the machine for another few weeks.....I buckled them in the car, thanked Sylvia, with the Private nurse and left.....time to go home.

Lukhanyo was in the lounge....mad as hell.... Heee, akasa ekti nje...I'm waiting for him to blow up, the next is a restraining order....I put the kids in their cots with their squeaky toys...and played with them...Luthando smiled...and held out his hand...I missed this little dude...Lukhanyo walked into the room and closed the door. Him: "Lihle." I turned around to look at him... Him: "Lihle nd'cela undixolele..." Me: "babes, ndikuxolele mna.....kdala futhi" Him: "then why und'nika idivorce papers? Und'lahlela nton?" Me: "ndik'lahlele ubuhule obu bakho. Itemper le yakho! And-" Him: "Lihle, I'm going for counseling...babes, we can go together..." Me: "you've said that more than 3 times, and awukayi...what's gonna change now?" Him: "I can't lose you mntu wam. You and the babies are all I have...." Me: "I won't keep your kids away from you Lukhanyo....if that's why you afraid....you'll visit them whenever you want...." Now he thought I was dead serious....I was so calm about it....he literally tore the papers apart.... Him: "divorce ye kaka Lihle.. You're not going ANYWHERE!"... Me: "sundenza ndiye police station Lukhanyo. I will file a restraining order for you.

Don't push me Sir." I walked to the kitchen to go make a snack....Luhle started crying....I stopped what I was doing and I turned back to the room...

Lukhanyo held her in his arms....he was shaking and crying... "Kuzolunga mntanam...."my heart broke...

Chapter 95

I wanted to hold him...to make him feel better...but I couldn't. I just turned and tip-toed away....I wasn't even hungry anymore. Ta Smig had left with Lubabalo...I sat in the lounge and stared at the tv....then decided to go make a shake....I took my glass and went to sit down. Lukhanyo stayed in the room. After an hour I went to check on him...Luhle was on his chest and Luthando next to him on his tummy...he was holding his head and stroking it. I came into the bedroom.... Me: "lukhanyo, I just got off the phone with a lawyer, he will draft another copy. And if you tear this one up, ndikusa eCourt. I suggest you get a lawyer to represent you. I want this over and done with as soon as possible" he kept quiet, he didn't even look at me....I turned around and left....

Of course I didn't mean all of that...maybe a few days of suffering is all he needs....but he's already suffering. Just one more move...I'm leaving the house Tomorrow, ndiya ekhaya.....when he's ready to be a husband. He'll know where to find me....I started cooking. I was making a full meal. Makucace alok umfaz ukhona...I started the pots during the day...and only the Meat was left to finish by the time Ta Smig and Lubabalo got home...Ta Smig smiled but kept quiet...Lubabalo couldn't control his excitement....he rushed to the kitchen and asked for a hug....I hugged him... Him: "buphi na Lihle? Hee zange ndava umntu aduke negama..." I laughed... Ta Smig came into the kitchen and kissed my cheek... Ta: "buphi nyan? Ei lonto ungenile nyan k'le family...hay shame you can cover your tracks...rhaa, mtanam indlela bend'nomsindo ngayo....ndiqomba uyand'capkisa lomtana at the same time I'm proud..." Me: "heehe Ta smig...yhuuu andaphathwa lidyudyu yila sms yok'qibela!" ...we all laughed out loud.... Lubabalo: "ibis'thin na le sms kukhalwa ngayo?" Ta Smig showed him...and he laughed.... Lubb: "nam bend'ngasoze ndingoyiki...When All hell would break lose!".... Ei...it was fun times....I finished cooking and dished up...I dished up for Lukhanyo...put it on a tray and took it to him...he had just laid the twins to sleep...I gave him his food. Him: "enkosi Lihle"....in the lowest tone and burnt voice I had ever heard...I walked out before I melted.... Ta Smig, Lubb and I were in the lounge

eating.... Ta Smig: "Lihle cela umxolele uLukhanyo man...yhini mamngwevu...the divorce papers just shook him out of this world....ndiyak'cenga mtanam....I'm sure he's learnt his lesson by".. Me: "Ta Smig, umdala Lukhanyo. He is a man. Uzoba ryt" I went to fetch his plate.....he hardly ate..he just played with his spoon...he looked really sick...mentally....his hands were shaking...as soon as he saw me. Him: "bekumand kutya kwakho..."...ok...his plate was still full, he probably ate 2 spoons qha... Heeee, lukhanyo uyand'qhela....uyaphoxisa elohlobo?...I decided to act cool. Me: "enkosi..." Took the plate and went to do the dishes...Lubabalo came to wipe them...Ta Smig put them in place...heee, these two were really glad I'm home...but ndiyaba shiya njena...we finished all and went to watch soccer in the lounge....I had a naughty thought in my mind. I got up and said goodnight.....

I fed Luhle and Luthando...and I burped them....Luhle was refusing to sleep...I just gave Luthando his treatment and he was already woozy... Lukhanyo: "iza naye"...I took Luhle to him...and lay Luthando to sleep. I decided to take one long ass shower.....so much later I got out the shower...I didn't dry myself....I just walked into the room.....dripping, naked and wet....I heard him breathe out loud...I wondered around the room searching for nothing then got to my underwear drawer and took out the lacey pink g string.....I saw him with the corner of my eye....he was sweating....kuthen engand'fun kengok? Uzanya kanjan Lukhanyo...I applied lotion on my body and rubbed it slowly on my thighs....sittin on the dressing table chair deliberately facing him....I lotioned my breasts and massaged them....by now he was drooling..... I wore my undie...I looked up at him. Me: "ulahlekelwe yinto?" Him: "No..."...he whispered and looked away.

I dimmed the lights and went to bed...I slid in with my ass...and turned my back on him...after a while...he slid down in bed and held me....my body felt warm inside...the fireworks had begun....but I ditched that party so quickly, it wasn't even funny. Me: "usuke kum lukhanyo..." He backed away in an instance and sighed.....

Chapter 96

I woke up to him staring at me...I don't think he slept... Me: "molo" Him: "hi"...I got up to take a quick shower and got dressed in my tracksuit, sneakers and vest. I wore an Obey straight cap. The twins woke up...I went to feed them and got them ready...as I fixed their bags... Lukhanyo: "uyaphi nabantwana bam lihle?". Me: "ndiye khaya Lukhanyo"...I called a cab...I didn't have to explain to him ndiyothini....I'm going

there to clean up and tidy cuz my mom was recovering from her operation. The cab arrived... Me: "do you want to say goodbye?" He took them and held them..when last did he shave?...heee ubaby kodwa bethuna... Him: "ndiyanihanda bantwana bam yeva...tata uzolungisa yonke lento azonilanda..." He kissed them and handed them back....we left....this was my last punishment to him...I loved him but now he knows not to fuck with me... I got home and strapped the babies in the seats...I kept checking them every 5 minutes....I was dead tired by the time I'd finished cleaning it was in the afternoon... I sat down with them and played. Luthando loved attention ka mamakhe.....I held him and Luhle sat with her chew toy...he was pulling my hair...opening his drooling mouth...I kissed him and he giggled... Luhle was gumming her toy furiously....I decided to feed them.....

It was about 5 and I just lay the twins to rest....I heard the range rover pull up in front...my heart smiled...my everything smiled...my mouth smiled....shiit I couldn't even hide it. He knocked and entered....I set my face straight and looked at him sweetly... Me: "oh hello"....he looked gorgeous...he hadn't shaved still, but his hair was neat, he wore a white shirt with light blue edges...he tucked it in his fitted jeans...he had on his brown military boot...he knows I love those boots...he rolled up his shirt to his elbow....that Rolex watch that was a gift was shining...he had his man purse hanging...a brown and gold Louis Vuitton... Him: "hey. Baphi abantwana?" Me: "they're asleep" ...the weather was changing, so I went to close the door....we sat in the lounge in total silence..... Him: "Lithembelihle." Me: "Lukhanyo" ... Him: "do you remember the first time you met me?" Me: "yep".... he kept quiet.... Him: "Lihle, I am soo sorry...I shouldn't have treated you the way I did...I have been angry all my life and I couldn't control it...you are so patient and perfect... I couldn't accept it...I didn't want to accept it, I was soo used to pain, Lihle I didn't know happiness...you showed me a mother's love by how you took care of me...I never had a mother...you shared yours with me even...that's something I never had... Lihle, you supported me...everything I did. I know you don't like my lifestyle...but you stood by me... You loved me. I almost died....and when you were supposed to be angry, you actually saved my life... Lihle you are the woman I've always wanted. You the mother of my children. My own flesh and blood. I would never be able to survive if I let you go...ndikthanda kangaka?...I'll keep trying and trying until you take me back... Lihle, I am trying jonga.." ...he took out forms out of his purse....it was a business college..."Lihle, even if awund'funi...I'll do it....I'll be the man you always wanted me to be. I'll provide legitimate things for my kids.. For you. Mamngwevu wam omhle. Tshangisa, Zulu, Skomo...but baby I love you.....and ke I love you qha...." As he got up. I got up too...I pulled him to me and hugged him....my husband deserves an Oscar,

A Grammy and an Emmy...zonke sana. Me: "I love you too Mzinyathi." He held so tightly...I thought I was about to choke... Me: "hay alok, I'm suffocating" he giggled and pulled back...he had tears in his eyes.....then he kissed me...it wasn't a "let's have sex" kiss....it was an "I can't live without you" kiss..... Him: "baby, I made a mistake in getting involved nalamta-" me: "we are never speaking about that ever again. Just know one thing, uzukhe net, uzame...just try and do what you did again. I'll blow you up like a city in Afghanistan ava?" He laughed out loud.... Him: "hayi yuuh baby. Awuqhelwa wena, zange ndiyaz uphethwe sis'ngcolo kangakaya....hayi wandiqiba last night...yuuuh ndanxanwa ndaz'yekela....hayi lihle don't do that to me again man...." Me: "I have something to tell you..." He looked at me with a straight face...

Me: "I lied about the divorce papers. They were fake. I asked a lawyer friend to draft them and scare you".....his face stayed straight. Him: "why Lihle?" Me: "I was hurt...I wanted to hurt you too....I'm sorry" Him: "kazapha wethu...."....he grabbed me and held on for dear life.....I heard the twins giggle..... My beautiful family..... 

Chapter 97

"Babes...masihamben kungeka nethi..." I got the things ready and we took the babies out to the car..... I locked up and we left...we went straight to the hospital first, to visit mom.....

She couldn't speak properly yet but we could hear her, and she could move a little...she was happy to see her grandchildren...and me....especially because Lukhanyo couldn't keep his hands away from me. He was holding Lihle and the other arm was around me. I was soo in love at that moment....it all seemed unreal. My mother was glad to see us this happy.....we drove back home...and put the babies to sleep.. Ta Smig had gone to bed...I went to check just in case...I found him sleeping peacefully. I went to bed....Lukhanyo locked the doors, switched off the lights and came to bed... It started raining outside...he came to snuggle into me... Him: "thought I'd lost you yaz..." Me: "ingath ndiyaz'bona baby...nd'lahle igeza elifana nawe?" Him: "heeee, ndiyageza ngok?...babes look..." He opened his drawer... Him: "I was out this morning before ndize kuwe..." He gave me an attendance register...it was signed on today's date... Me: "what's this babe?" Him: "I went for my first lesson kwi counseling..." I was soo proud of my boo...hayi he was really trying... I kissed him...I'll cook you something nice tomorrow..." Him: "kandiphe qala ngok into yam..."..he bit his lips...good God...I wanted to... Me: "we have to take it slow baby..I don't wa-"...he

was already kissing me....holding me....his hands held my waist and slid down to my ass.... Him: "yand'vimba again?" Me: "ewe shhh...." I said in between gasps of air.... Him: "your body is saying something else....ndimamel eyphi?" Me: "whichever you like...." As I grabbed him and pulled him on top of me. I am sorry for acting bitchy. But this is my husband....when last did he do me?...hayi tshi...swerve. He ran his fingers through my hair and he kissed my neck....he sucked on it....wenzi love bite? Heee!...his right hand slid down to its wishing well..... Him: "yooo baby,,," ... Me: "uy'bambe apho sthandwa sam...." ...I felt my head dizzy.....my eyes rolled backed... "Oooooooo, lukhha-nyo" ...he stopped....why did he stop? He was kissing my stomach and breasts.... "Masenze owok'qibela babe" Me: "hay lovie, usemncinci uLuthandoLuhle." We referred to them as one.... He did a sulking face... Me: "khenze alok mntu wam..." I smiled shyly....and he dug in....I grabbed onto the sheets, gasping for air.....I felt my body temperature raise the hell up....it was cumin... He held my thighs open....he played with his tongue in all angles, I didn't know which way to turn....my body started shivering...I was about to climax....I rotated my waist just to prolong the process....but it was almost....almost.....here! Finally..oh wow....he came up to kiss my neck....he stuck Richard into Punanny...he looked at me and held both my hands... "Just hold on babes....." As he thrust his first stroke deep in.....

Lukhanyo and I had done it all night long....we stopped at about 4am...we kept taking breaks and chasing each other around the room...he explored places in my body I never even knew existed...eventually he got sleepy and fell asleep on my breasts...his personal pillows.....we woke up at about 10....goodness! We forgot about the kids! I shook him slightly...and he got off...I wore my gown and went to check on the twins, they were with Lubabalo and Ta Smig in the lounge...giggling happily. I relaxed... Lubb: "slept well?" Me: "yeah"... I walked back to the bed room, lukhanyo looked at me with lazy eyes.... "They'll handle the babies.....izapha wena..." Me: "ima ke baby, let me milk for them qala...bangas'phazamisi..." I took the machine and container and milked enough for them...I got dressed and put it in the fridge....I kissed my angels, of course mommy's boy wanted more than a kiss...he looked at me with the cutest "come back here" look...I laughed and....I went back to Lukhanyo.... Him: "mmh, what's funny?" I told him...he smiled... Him: "aww charmer ka tata leya ay'qhelwa..." ...I slid back into his arms...he was soo warm... Me: "babe, I think I found someone for Lubabalo." Him: "yuuuuuh! At long last....phi?" Me: "hayi baby subuza phi tshi...qha ke she's very sweet....he'll like her..." Him: "sowum'xelel?" Me: "nope...." Him: "good, don't....we'll invite her here and we'll introduce them to each other without them overpreparing themselves..." It was a cool idea, sort of blind date.....

We went to take a bath together...he said showers ask for sex....and he just wanted to relax because his wife is not a slave....we entered the bath together and sat there....the water was hot...and hypnotizing....I told him about my journey...even Sidney, the Joker....and for once he didn't get mad... He wanted to know Sidney though... Me: "hlala kude nje baby uSidney..." Him: "lonto awude utsho phi....hay ndik'ncamile uyafihle shame...." ... I told him....why would I be hiding it?.... Him: "heee, hayi uyakwaz shame. I wash my hands." We chatted for a few minutes....until he was sleepy... Him: "baby? Can we just take a nap here" me: "sure babe, ungarhoni please..." He chuckled and we took a nap in the water..... Whit people tendencies. Zethu. Its not his anymore, its ours.

When we got out the bath....his phone rang. He put it on loudspeaker and answered: "Yes?" Caller: "am I speaking to Mr Mzinyathi?" Him: "that's right"...Caller: "sir I'd like you to answer a few questions....will you be able to come through to the Humewood police station please?" ... Him: "what's this about?" Caller: "its about Simphiwe Pluto Vanqa....the name ring a bell?" Him: "yeah sure, I'll be there in 30 minutes".....and he dropped the phone.... We started at each other. Him: "Babes. You stay strong no matter what happens. Ndiyak'thanda yeva..." He got dressed....then took off his Rolex and kissed me.....long and hard...

Another nightmare.. We had forgotten about . A bitch named Pluto.

Chapter 98

He went to brief Ta Smig and Lubabalo then left. I got dressed and went to prepare breakfast. Ta Smig got dressed and left too. Lubabalo was feeding the twins.... Luthando fell right asleep. He brought Luhle to the kitchen. Him: "mtshana, who's Pluto?" Me: "very long story lovie"... Him: "but ke mos we have nothing else to do..." I told him the day I first met Lukhanyo(while he was driving Pluto's car)...and every other event that I knew of that included Pluto... Him: "oh"....he seemed deep in thought... Him: "so what do you think is involving Lukhanyo?" Me: "my friendship, andiyaz...cuz nothing of his can trace back to Lukhanyo, even if he spills the beans....Nothing can directly point to Lukhanyo."....something told me not to tell him about the secret storages...and the other dark rooms...he looked a bit too calm about the situation....kind of irritated. I couldn't tell... Him: "so what will Luks do? Kill him etrongwen?" Me: "Luks is not a killer boo...he just sits back and let your own enemies deal with you...he doesn't even plan it....uphola apha eHeadquarters owam" Him:

"Lihle, who is Xolani?"..yuuuuh andoma..I didn't expect that question...I got jittery ngomzuzu... Me: "brother ka luks"...I looked to the stove and acted busy....he just stared at me....for a long time.... Him: "were you cheating with him? Is that why Luks killed him? Is that why you didn't want me?"...I just felt dizzy....my heart raced....the memories were coming back....how Xolani died in my arms because he tried to protect me....my hands were shaking.....he came up to me.....and held my hand.. Him: "you don't have to be scared...just tell me. Did Lukhanyo Kill Xolani Because Of You??" I stared back at him... Me: "No, lukhanyo never killed Xolani!" Him: "then who did?"...I thought for a while.....I went back to the day of his death....when he pushed me to the floor and took 4 straight bullets, then fell down, I looked back to the direction of the killer...I couldn't see his face, but something gold shon in his tooth.....I slowly looked at Lubabalo....he smiled slowly...wait...did he have that before? Hayi man! Lubabalo doesn't have a gold tooth..it wasn't in front it was quite hidden if he didn't smile fully....I stared at him in disbelief...I dropped the glass and breathed heavily... Me: "YOU...." Him: "me what?".. My heart beat slowed down....no....it couldn't have been Lubabalo.... Him: "lihle what's wrong....." Me: "How long have you known us?" Him: "what do you mean?" Me: "were you in the house that day? Did you kill Xolani?" Him: "Lihle, no." Me: "then what the hell is going on! Kuthen une gold tooth endiqala uy'bona today!?" Him: "can you calm down!" Me: "thetha Lubabalo, or I will burn your face" I held the hot pan... Him: "Lihle, my friends are the ones that killed Xolani..."oh hell naww....what is this man saying? Me: "lubabalo you're a motherfuckin civil engineer. Why would your friends go around killing people!!!? Aren't your friends suppose to be architects and quantity surveyors and shit?? Not people who go around shooting people!!"..then it hit me...Lubabalo NEVER talks about his life...the first was about his childhood....and he never finished it...all he said was that he was bullied.... Him: "Lihle, cela sihlale pantsie..you might want to get snacks for this..." Me: "fuck snacks lubabalo. Talk!" As I took my baby from him.. Him: "like I said babe, I was bullied throughout my school life...when I got to University I got mixed with the wrong crowd...I was fed up with being bullied so I joined the gang...when I did I had to pass an initiation process...I had to beat someone to death.....of course I didn't want to...so I backed away.....the gang leader really liked me tho, so he hung out with me and I did his homework. I wasn't part of the gang but no one could touch me...we both passed University and I wanted to start my own company which my parents could pay for... But he didn't want to join me...so he carried on with his illegal things....every now and again he calls me to go visit them and I go....I can't avoid them...they'll find me and kill me. I know too much about them...." ...I saw sadness in his eyes.... "Lihle,

Lukhanyo knows these people...they're not friends but benza deals kunye....Lukhanyo supplies them... The guy that shot Xolani kuthwa nguDonkey...he had to do it. I don't know why. I don't know if Lukhanyo told them about Xolani...but they believe in killing nothing else..." Me: "you're confusing me, lubabalo you asked me if Lukhanyo killed Xolani. Why? If you already. Knew?" Him: "I meant in the sense that....did lukhanyo tell you, that he got Xolani killed. Indirectly, he killed him, but paid someone else to do it" Me: "No, xolani was his brother!" Him: "then what motive did Donkey have? He doesn't even live in PE for ukwazi uXolani...ngowase kapa lomntu".....what? No..... Lukhanyo would never do that..... Him: "Lihle, you have one hell of a dangerous husband. He's in a league of his own.." Me: "how long have you known this..." Him: "I just recently put 2 and 2 together... My friends told me about a guy named Xolani that they'd taken out....they then mentioned a Lukhanyo...they were kind of freaked out saying they never knew I could be soo ruthless and stuff...I didn't know what they were talking about....they calculated their steps...I was in Cape Town that week, I couldn't have been in PE...so I must have a clone...at first I took it as a joke, but I got curious and came to PE...." Me: "so you already knew you had a twin Lubabalo".. Him: "not in that sense...my mother never told me about no twin...I just figured there was someone out here who looked exactly like me.".....this man madoda.....

"When you first had lunch at my place...I swear I thought I would fall in love with you...everything you did was so natural and I wish I could watch you forever....I forgot about what they told me about Lukhanyo...when he told me uligintsa that day, I laughed because I didn't believe this could be the guyI only had eyes for you...and then he threatened me...th-" me: "he threatened you? Wathini?" Him: "he told me to stay away from you and that I shouldn't fuck with him..." Me: "but wena still you didn't listen..." Him: "after you left my friend called....I told him about everything. Even you....I told him how I felt.....he immediately put me in my place and said. 'You see my laaitie, det guy we took out all those months back, was doing the dirty with Luks wife. I don't want to have to delete you my friend...'...that's when I decided to back off..."

Now it made sense why Lubabalo was distant... Me: "Xolani and I were an item...way before I met Luks. I fought with Xolani and broke up with him then hooked up with Luks....I didn't even know they knew each other mna..." Him: "Lihle, be careful of Lukhanyo, it seems as though ususa kwanto that's in the way of him.... I have backed away soo far, I swear I don't even wanna be involved"

I thought to myself.... Is Lukhanyo really the one behind these murders?.....
Lukhanyo was standing at the door, "Iyok'nceda lonto Bhuti wam..."....oh Lord I just wanted to die!

Chapter 99

"So you know my dear buddies.....Donkey and Jermaine....heeee, bhuti, you are so secretive, ndik'ncamile"...

When the fuck did he arrive!? I did not hear the car pull up, and uhambe nge Range...Lubabalo and I stared at each other, I decided to act cool.... I walked up to him... Me: "heey babe!" And kissed him...he was so relaxed... Him: "hello sthandwa sam...." He took Luhle and came to the kitchen.... Lubabalo stared at him...Him: "heee nawe bhuti ufuna ndik'phuze?.....iza ndiphuze" ...he pouted and Lubabalo laughed and shoved him playfully.....I breathed a sigh of relief.... Luks: "so what's up?" I decided to change the topic. Me: "how did it go?" Him: "I scheduled an appointment sizoyenzela pha endlin le investigation yakhe...and he wants to come check up nalapha..." ... Lubb: "isn't that a risk? What if they find something?" Luks: "that's why I scheduled an appointment...Ta Smig sebe-cleaner pha...anyway, kutyiwa nton apha...and'selambe man...and ndityhafe kamand...kand'phakele mfaz wam..." ...he turned and walked away giggling with Luhle....I dished up for him and Lubabalo.....lubba took his, I took Lukhanyo's with a tray..... Lubabalo couldn't help himself... He just sat down and prayed....I wanted to giggle when I saw Lukhanyo's confused face and half full mouth...I turned to go check up on luthando....

How much did Lukhanyo hear? But mos he isn't angry, he looks calm and chilled...heeee! Where is the car? How could I have not heard it? I took luthando and changed his nappy.....he was in a playful mood...so I let him chill naked for a while...I played and poked his tummy, he kept giggling and twisting his little chubby legs together...his fist was in his mouth...drooling and smiling...I was kissing his cheeks and tickling him when Lukhanyo entered...holding a half asleep Luhle....he lay her down... Him: "baby wam" ...he lay on his back next to us... Me: "yes love" He looked at me and smiled.... Him: "ndiyak'thanda va"there was something about his smile. It made me uneasy...it was as if it was a warning..... Me: "heee, ndiyayaz mos lonto cupcake yam" ...he continued smiling, closed his eyes and faced the ceiling....that was so awkward...I heard Lubabalo washing the dishes.....esheeeeeee!... I put Luthando on his father's chest and left to go tidy up....as I cleaned the lounge,

Lubabalo was in the kitchen...I heard Lukhanyo scream... "Haayyy maaan!!!"...we both rushed to the bedroom.... I died in laughter.... He was holding Luthando up in the air who was all giggles and smiles.... Lukhanyo's shirt was dripping wet... Lubabalo came to his rescue and took the baby.... Shame he wasn't pissed off...just caught off guard...I took off his shirt...and he went to the bathroom...I took out a nappy for Lutha and Lubabalo dressed him.....they left the room. Luks came back out the bathroom singing... Akonwabe maan.....by now I think I saw his pattern....Lukhanyo is in a good mood right before someone dies...then ajike abenomsindo..... I left to go finish up.....

Lukhanyo appeared again..... "Guys masamben maan....ndinesthuk'thez..." Me: "siyeniphi?" Lubb: "and'sonqen uphuma ke kanjan"....lukhanyo started pulling Lubabalo's arm..... Lubb: "Lukhanyo you can be a nag sometimes, siyaphi?" ...lukhanyo lifted his shoulders....he can act like such a big baby.....yaz I never thought you could see the elder one kwi twins....but it seemed like Lubabalo was older and Lukhanyo was younger and more playful...it was like that....Lubabalo was a few minutes older, and he sure acted like that.... Lubb: "mas'linde Ta Smig siyen pha kum" he got on the phone with Sylvia.... Lubb: "Sylvia, fix the guest bedrooms for me...I'm on my way..."we waited for Ta Smig and Lukhanyo was excited as ever.....he loves that house, I wouldn't be surprised if he turned ours to be like that. Lubabalo's house wasn't a mansion but it was big.....he had a basketball court, not a stadium. A court. He had a pool outside with a cool slide. He had an inside jacuzzi IN a sauna....heat on top of heat! There was a movie lounge....it wasn't as big as a cinema, so he doesn't call it a cinema....there was a cocktail bar by the lounge. And a pool table... He had an underground wine cellar.... Out the back he had a beautiful garden and a bird pond.....it was baby proofed....but why? Lubabalo doesn't have babies nje..... Luks couldn't contain himself, he called Ta Smig: "malume, iza..kaw'leza..." Ta Smig: "fori nton lukhanyo" Him: "soya ku lubb, siyo braai-er pha, iza!" Ta Smig: "ndiyeza ngok boy".....hehake! *claps once*.....

Why don't they just go and live there? I got the babies ready and by the LUKS of things, we were sleeping over. Ta Smig arrived after 20minutes...we locked up and left.....when we got to the house, Lubabalo led the way, he held Lukhanyo and Ta Smig, they took luthando with too... Lubb: "Guys, there's one room I haven't opened for you apha...I swear you'll love it..." He smiled a naughty smile.... Luks: "is it guns? Its full of guns right??"...they went to this "secret room"...and it wasn't even 5 minutes later I heard screams of joy. I had to see for myself!....when I got there....it was a game room! Really? Me: "you guys were screaming just for video games?"...they all ignored me... There was a total of 3, 103cm Bravia Plasma screens.....3 play stations and 1 X

box... WHY!!! This person got money to waste man, moooeer! Me: "Ta Smig, I am disappointed in you." Him: "mtanam, izohlala apha wena qha ndik'fundise.....ungand'buzi niks".....

I felt so neglected....they were focusing on this Call Of Duty thing. I just took my son, turned around and left. Mxm!

Chapter 100

I decided to make salads...Sylvia strapped my little bunnies in their seats and we started. She told me about her life...how she grew up, how Lubabalo helped her with a job. She was 52 years old...with 3 grown children. Of course Lubabalo paid for the last born's university fees.... He was such a Messiah...*rolling eyes*... I decided to fish for info, he wouldn't baby proof his place if he didn't have a baby.... Me: "so does lubabalo have a wife?.....a baby?"...she came closer..black women and gossip!... She: "He once had a girlfriend!"...of course her English was from the apartheid era...NO OFFENSE... Me: "then what happened?" She: "kaloku, she go with many man to big parties! And sleep with other man! Lubabalo find it!"...I was in tears of laughter... She: "is not funny Lihle! It was tragical" oh Gawd oh Gawd... 🙄🙄🙄.. This woman was burying me right here!...I decided a.a man... Is not funny nyan...lol...I spoke Xhosa... Me: "so uth kum, lentombi ibinamanye amadoda besides uLubabalo?" She: "ewe sana...Lubabalo wayengafun notya va!... And ke ebemthanda nyan....after that zange aphinde abambeke uLuu.....amacherri aLoose engena ephuma apha. Qha ke andingomamakhe, bendizow'thin. He is my Baas..." I covered my mouth...before I laughed..... "LIHLE!!!" I heard Lukhanyo yell from the other side of the house. He was probably hungry. I went to him.... Luks: "baby, ndilambile...and'kwaz uphakama..."...I just knew it...feketha qithi lo... I turned around to the kitchen and he yelled again.."Cela senzele sandwich ne"... "K!" I went to whip them sandwiches...

My phone rang just as I finished I picked it up and took the sandwiches to them....on purpose....ndizoz'ektisa..... I entered the room while talking on the phone "ndiryth wethu lovie, unjan wena"...Lukhanyo wandithi Jep!...lol...I giggled, "heee khumbula nam babe..."....in a shy tone... "Bimnand wethu iMonti all thanks to you yaz...I really enjoyed myself..."..."Yeahh...siryth wethu, qha wish you were here..."....I put the plate on the mini table and began to walk away...Lukhanyo grabbed my ankle....I couldn't help but laugh...I covered the phone and whispered to him... Me: "kand'yeke Lukhanyo! Uthen na wena?!" He looked at me with a surprised look. Him: "uthetha

naban? Nguban lowo? Who is it Lihle?"...I wiggled my ankle out of his grip and ran out the room.....he chased me....I didn't even make it to the lounge and he grabbed me from behind....I was laughing so hard that I started crying.....he grabbed my phone. Him: "UNGUBAN???" Caller: "Hey! You must be Lukhanyo!..." Yuuuh akanyaba.... Him: "oh hi, yes yes I am..." Caller: "mna ndingu Vuyokazi, lihle's friend we met here in East London!...you guys seem to be having fun..." Him: "uhm..well yeah I suppose so..." ...he was so embarrassed...he couldn't even talk... "Ina nanku Lihle. Bye." He handed me the phone.....and said: "ndizok'fumana bonanje baby"..and he ran back to the room... Me: "hahaaaha, yuuh, akanditakela mtshana..." Vuyo: "ndiyamva ke lo gulugunqu...wenzekayo..!".....we laughed about it..... Me: "peto you must come this side wethu...noba yi 3 days...nawe kaw'ke ubaleke..." Vuyo: "hahaa..mtshana...maybe ndingaza Sunday...then leave tuesday yabo?...cuz ndizobe ndi off..." Me: "that's perfect my friend, und'xelele ke xa usiza..." Vuyo: "ok lovie"...we said our goodbyes then hung up...

It was still Friday...and then it hit me....tomorrow was Sino's funeral....I rejected the speech they asked me to give....I couldn't do it. I was the one that killed her!....should I even go? My heart sank....but she was my friend...we made some memories together....eish....I dialed the Joker just for a laugh....we spoke on the for a while. And laughed, he and his girlfriend were expecting a baby...the way he was sooo excited... Him: " tshini mtshana....so how is it ke? Having a baby? Wayenjan umnyen wakho?" Me:"he was soo supportive....just stand by her wena qha...." Him: "I want to name her Lihle....The Entertainer....I told my girlfriend about you, oko egigiteka apha...yabo? You're an entertainer noba awukho!" ... I was laughing...oh hayi sidney though... Me: "hay peto, mandik'shiye man..." Him: "ok mtshana..." And we hung up....goodness I missed East London....I decided to go to the hospital and take some yogurt for my mom...she couldn't eat solids still.....I walked to the game room... Me: "Lukhanyo, kand'bolelele stixo, ndifuna uye sbhedlele..." Him: "just a second..."...they were all staring at the screen with their mouth slightly open.....Lubabalo threw me keys....without even looking....I picked them up...it was for his Nissan 350z.....I smiled and walked out to start at Spar...then off to Greenacres Hospital.....

Chapter 101

Mom was cheerful. They were busy with physio-therapy. She exercised for about 10 minutes and they brought her back to bed. I was chatting to her about the recent events...and Lubabalo....that's probably why her blood pressure hiked. I stayed with her for quite a while until they gave her, the medication and she had to rest. I kissed her goodbye then left. I went to Edgars. I had to buy a dress for the funeral...I'm not a formal dress lover. But hey..... I got a nicely cut dress it was sleeveless...but with silk thick straps on the shoulders. It was knee length.....I found a gold clutch bag.....then I went to the babies side, just to go search nje...I found tiger print jumpsuits...they had a hoodie with flappy ears...good God I almost cried. I had to buy them!...I saw white and yellow ones, and of course I bought the Winnie the Pooh ones too...they will look so cute...my little piglets... I paid with Lukhanyo's credit card(#hides) and left.....he called me almost immediately.. "Wazba ufunan kwa Edgars!..buthe uye sbhedlele....und'thengele nton..." Me: "heee, worse ba and'zelanga wena apha..." Him: "mxm...uryt und'vimbe.....jonga, zuthenge eza wei va..." He was whispering... Me: "eziphi kanene? " Him: "string and lace!" He whispered again.....lmao!.... Me: "yoooooooooh! Hayi unes'gezo suka....mpaa...hahahaaa..." We hung up.....

I went to Boardmans, I don't know why....I just felt like shopping, I got a beautiful bronze vase....it was round.....I took silver cutlery...white plates with gold embroidery.....I paid... My phone rang again... He is gonna call everytime. Ndiyayaz leyam... Him: "ngowanton uBoardmans baby?" Me: "ndizotheng iBoards baby..." Lol...and'yaz le ay'buzayo... Him: "ok love, jonga ke uthenge iPhone kuyo yonke oyenzayo...andaz le bakstena unayo...noko ipillar yam ay'noba nalonto...." I laughed at "bakstena!"...yuuuh...mxm lukhanyo:(...I went to Mtn...I wanted a BlackBerry but andithi Lubabalo has the Z10...sooo, kuzothwa ndifuna faniselana naye ngok...I never liked the iPhone...it was too much...the Galaxy S4 looked too big... Ei...I'm at a crossroad here. I decided to take the white Galaxy S4...just for the liking....I paid and left.... A message came through on my phone, it was Lukhanyo: "nam ndizoy'thenga. Ndizofaniselana nawe uthanda ungathandi..." Oh this man:))....mxm, andihambi ndodwa tu sana...I'm shopping with him... I went to checkers and bought fruit...then left for home.....

When I got to the house, Lukhanyo heard the car and came out...he took the bags and we went in the house, he was in his socks kodwa uphandle!...this aggravated me.. Me: "njan unganxibi z'hlangu kodwa uphandle Lukhanyo, worse zimhlophe at that!" Him: "baby alok bendingafun usindwe njena..."but that was sweet though, I immediately calmed down... Me: "ok ke sthandwa sam...wear your sneakers or something..." He put the bags in the lounge and raced back to the game room... 😞:/ ...Sylvia took the

kitchen supplies...I took the Bronze vase and placed it on the coffee table. It looked amazing. I went to check up on the baby twins...they were asleep... 😞:(..I wanted them to fit in their new clothes though...oh well...I put the bags in the room. I decided to go "play" too....I didn't survive 3 minutes. Me: "so ke guys kuzo-braai'ywa nini?" Ta Smig: "kame kancinci mamngwevu" Lubb: "ungakhabe ubasa nje" Luks: "ndiyeza babe"they all didn't even look at me.....I went outside and took out the braai stand. I suppose I'll be doing everything. I went back in the kitchen, seasoned and marinated the meat... I'm not gonna lie, I didn't know how to start a fire. I never lived in a bush neither have I been to the rural areas. Sylvia was a Godsent, she lit the fire and got it going... FINALLY the 'boys' came out...Lukhanyo and Lubabalo had taken off their pants and they were wearing board shorts. Truth be told, lukhanyo always takes off his pants...andiyaz ke ngo Lubabalo.....they took over so quickly it was like, I wasn't even there. Yoh, zii-bully ezi man.....they braai'ed the meat and I set the tables to get ready to eat...I put the salad bowls on the table. And juice. They came in with the meat. But of course you know the Messiah before we ate. Had to pray. "Dear God, we come to you this evening. To thank and honor you for blessing our family. And extending it. We thank you for guiding us through the wicked and leading us with your light. Lord Jesus I pray that you keep us strong and always this happy. Bless the hands that prepared this meal... (Lukhanyo coughed,, on purpose) We ask all this in your Holy name, Amen." I have the rudest man though... Luks: "AMEN! Umcelile phof uThixo and'ghadele umfaz wam, and'fun phinda ndiqaywe ngemphepho zika D"we all laughed out loud and dug in.....

When we were finished, Sylvia and I went to wash the dishes...the guys went to the wine cellar, when I went to check on them I found that it also had a Cigar lounge. Heeee akumandi....Lukhanyo was sitting innocently in a corner, he didn't smoke. Me: "babe..." Him: "bazand'hleka babe..."...so he was afraid because he had never smoked, and he will for the first time then they'll laugh if he coughs... Lubb: "uligwala kanti?" Luks: "sapha ndik'bonise!" He took the cigar and he smoked it.... Him: "ina imbi lento yakho"...and he sat back and drank his wine...I was glad that he didn't like it...I kissed his forehead and left.....the babies were awake...I fed them and burped them....I decided that they'll wear the Tiger jumpsuits when Vuyo arrived. I heard music from the cellar...it sounded like hip hop.....lol, I wonder how Ta Smig is coping...eventually I went to bed and connected my new phone...it lit up so sexy....I loved it...I played with it and downloaded new app's...by the time I fell asleep Lukhanyo walked in singing... "I wanna know what turns you on, I'd like to know....so I can be all that and moorre...I'd like to know, I'd like to know what makes you cry...so I can be the one who always makes you smile..."I was already

smiling....."Tell me what I gotta do to please you, Baby anything you say I do, cuz I only wana make you happy, from the bottom of my heart its true...".....he was even slow dancing and taking off his clothes...I was enjoying this.....when he got to the bed, he stripped me off and kissed me....he smelt like red sweet wine...and cigar smoke...mixed with his cologne..daaaaaaaaamn...he rolled over and pulled me on top, he sat up and I guided him inside. He held my waist and I was doing donuts on him...he held me down with my shoulder with his other hand....he squeezed my thighs and gasped through the kissinghe was cuming.....I upped the speed and did a 360 on the fast lane.....his body shook, removed his lips from my mouth and growled out loud...I pinched him a little... Me: "yindlu yabantu le wena!"...he smiled and bit his lips...he came back to kiss me and turned me over...he came from behind....he started with a slow pace. He was kneeling on the bed then sat down....I shifted on top...and bounced on him... "Shiiiiiii...yaz'bona ke...!" He breathed louder.....and louder....then held me down and stopped breathing.....after a while let out a deep sigh...he got up and laid on the bed.... Him: "uyand'chaza bonanje....bunoz'jonga amehlo....ngath utshaya intsango..."... Me: "haha. Funny babe"....I crawled next to him and lay on his chest.... Him: "khenze alok baby".. Me: "inton love?" Him: "ndlebe...".....he loved it when I played with his ear, ngeloxesha he just falls asleep.... Me: "I'm going to the funeral tomrw..." Him: "hmm"....he was already drifting.... Me: "Sino's funeral" ...his eyes shot open so fast I almost got a fright... Him: "ubuye uze apha endlin Lihle. I want you here by 13:00."....I felt like a teenager again, I had curfews all of a sudden.....

It was about midnight when Lukhanyo's phone rang....we woke up. Him: "ja?" Caller: "hey yooou!"my blood pressure rose.....Him: "hey you good?" He was whispering!...he thought I was asleep! Caller: "you told me to get a cab to Lubby's house alok lovey and arrive at midnight, I'm ou'chea...did u fix the guest room?" Him: "yeeah..I'm on my way...the wife is here, so we gonn have to be quiet va"...Caller: "ayt boo"...what made me mad was that this bitch had a squeaky voice!!! As he got up, I got up and wore my gown....he acted surprised..."Hay Lihle uyaphi!" Me: "siyovula umnyango lukhanyo..." And to my surprise he led the way. We opened the bedroom door to find Lubabalo in stitches of laughter in front of the door! Clutching his phone, him and lukhanyo shook hands and hugged! They played me! I grabbed Lukhanyo's phone saw that it was Lubabalo that called him!! Lubb: "hey youu!" He laughed in that squeaky voice!.... Luks: "yabona ke mntu wam, iyaphela ol'hlobo. Ungaphind und'gezele nam and'zophinda" he hugged me and kissed my forehead.....these 2 are idiots!

Chapter 102

I woke up at about 04:04am and took a shower. I wore my gown and went to the kitchen....I made cereal and went to the movie room, I needed to watch something uplifting.....I went inside and switched the giant plasma on. A laptop was on someone sitting at the front row...I walked down to find Lubabalo sitting there with such focus...he didn't even realize the screen was switched on. Me: "Lubabalo!" He looked at me... Him: "what?"... He looked really annoyed and somewhat tired... Me: "did you get any sleep?" Him: "naah, just catching up on some work, why you here? Cuz there sure as hell no trouble in your paradise" I didn't expect that....I was soo embarrassed... Him: "don't be ashamed tshi, its okay.....so why are you up?" I sat down 3 chairs away... Me: "I'm going to my friend's funeral today...." Him: "the one who got shot at your place right? Lukhanyo told me." Me: "yeah....just keepin up appearances..." He put down the laptop and handled the control for the theatre... Him: "so what are we watching?" Me: "you done working qala?" Him: "yep.....was just preparing for the next project".....he put on the movie, luckily it was a comedy. I didn't need any awkward sex scenes. Problem is, it was really funny and we laughed really loud.... Him: "yazi I respect you. You got values joe....." Me: "because I didn't want you right?...." Him: " yes, I'm actually happy that you're with Luks, I'll never be half the man he is....he could teach me a few things".. Me: "sometimes, you should stop flashing money, try to flash LOVE. You'll find something real..." Him: "hahaaa, like that's ever gonna happen..." Me: "hayke awufuni nawe..."... Him: "bend'the und'funel friend" me: "I did" he sat up excitedly... Him: "uphi? Nd'zombona nini? Kuthen bungatsho nje!" Me: "she's not available this week, she'll come in two weeks time. Soo kabe uphola" him: "yuuuuuh, ndatsho ndaphola nyan..." He folded his arms...then he smiled... Him: "aww ngqina lam...kangene" ..he held out his fist and I fist bumped him...I looked behind me and I saw a shadow walk past.....that was abit scary....the movie was ending it was about 06:13am... I went to go and get dressed....I wore my new dress, and did my make-up...Lukhanyo was awake, watching me....noba cimba ndiyi tv le....there was a knock on our door... Luks: "ngena..." Lubabalo walked in with a box in his hand...my eyes lit up...but pretended not to see. Lubb: "I have bought the twins gifts, I bought Luks a gift but haven't bought the main source a gift, nantsi eyakho ke sisi...." ... Me: "ncooooooh! Thanks mtshana...I hugged him for 2 seconds flat." Lukhanyo had a smile on a straight face... I opened the box...and my breath caught in my throat, I was about to scream when Luks be like: "oh ndak'cela nkos yam...don't scream...." I laughed instead...and wore them.... They fit perfectly... Me: "how did you know my shoe size..." Lubabalo glanced over at Lukhanyo naughtily...Lukhanyo smiled and looked away... Awww these two..... It was the pair I saw in the

magazine....I wore them and got ready to leave...the twins had contained milk...so I kissed them goodbye... Lukhanyo: "uzohamba nganto?" Me: "cela stixo se Benz hun" Lubabalo gave me the keys...when I went to the garage and clicked unlocked, the Benz unlocked..but not Lukhanyo's Benz, Lubabalo's white SLS....my heart raced...could I? Oh my goodness, but the eyes though....eish....I got in and started the car...vrooom....I bit my lips...woow.

I got to Sino's Aunt's place..and went in, the programme had already started, the relatives were crying. As the representatives spoke about the young "innocent" soul.....when it was time to view the body I didn't go. I didn't need to see her. Seeing her die was enough for me thanks. It was the slowest procession to the church ever....i listened intently...to the Pastor's words...I felt so guilty it wasn't even funny...the tears streamed down my face....I wiped them furiously.....then it was time to go to the graveyard.....as I got out, I saw my friends....I haven't seen them in so long!...I was glad to see them but my spirit was down. Apparently they heard I got married to "Mr Mazda 3" ..then I explained he didn't own that...they saw the car I was driving...they didn't even ask. They just "oooooh'ed and ahhhh'd" ...we left for the graveyards....I stood there, at the back while people were throwing gravel, I thought maybe if I go closer Sino might jump up her coffin and pull me in. So better safe than sorry....the coffin went into the ground as the Pastor said the last words....now I was crying for real....I was never going to see "bitch yam" ever again....she was gone forever...she had been there for me when I was with Xolani. But when Lukhanyo showed up....everything got fucked up...I missed her.....I turned and went back to the car, I opened the door...as eyes of predators, hoes, haters, just about everyone stared. I was no longer Lihle. I was Ta Lukz' Wife. They hadn't seen him in a while because he was always with Lubabalo at home....so they didn't know this car. A voice from behind me called out my name, right before I entered the car..."Lihle"... I turned around. It was Xolani's best friend, Buntu... Me: "Hey buntu..." Him: "so its true?" He stared at my left hand...I wasn't ashamed at all, just the look in his eyes made me feel bad....but ke mos I love my husband. There's nothing I can do about it. Me: "yeah..." Him: "Lihle, Xolani tried his best to protect you from this exactly. This person will destroy you." Me: "i am perfectly fine with Lukhanyo. Buntu I appreciate your concern...but I have seen him at his utmost worst, he can't hurt me....I know him...." Him: "uyow'zutsho sendingasekho lihle. Ndandik'xelele...." He turned and walked away.....

Ndidikwe ngabantu abandixelela into endiyaziyo ngendoda yam. I know him! That's why I'm with him!....andiy'boni yonke lento yoyoyika ku Lukhanyo. He's shown me his worst mos.....

Or was that only the beginning....I drove away nge cheek and fear.....it was 12:52!

Chapter 103

I would never make it. I decided to call him and lie. Me: "babe, akhonto uy'funayo kwi shops?" Him: "no." Me: "are you sure love?" Him: "Ul'bonile Lihle ixesha?" ...my heart went into cardiac arrest... Me: "Lovie, I ran out of time...ndisendlelen ngok tho" he hung up....mxm kodwa Lukhanyo man! The only reason I was afraid was because of Buntu.....my heart raced but I told myself to keep the hell calm. I didn't see the time mos. Geeez...ndaz'bona sendiy'nyathela la accelerator, yooh. I have a psycho husband...I rushed through Saturday traffic and pulled in at 13:18...18 minutes late. Yuh, I just parked and went into the house. They were in the lounge... Lubabalo had Lutha on his lap....I could tell the difference now. Between Lukhanyo and Lubabalo...they look exactly the same, but body language ay'fan...Lubabalo was more relaxed, Lukhanyo seemed tense...he sat on the couch with his elbows on his knees...and fists under his chin. I greeted...he didn't even look at me....Lubb: "hello, say hello to mommy boy...mjonge hlangu zakhe..." ...Luthando had his hand out and I took him...I went to go sit next to Lukhanyo...I played with Luthando.... Lukhanyo was still as a rock. I poked him...he stared at me....I hate it when he does that...so nam ndatshintsha ke and gave Lubabalo back the baby....I walked to the room to go change...

I closed the door behind and went to hold on the bed as I took off my new boots.....right when they were off...I heard the door close, I turned quickly and found Lukhanyo standing at the door. Me: "Lukhanyo, please stop sneaking around the house like we in a hostel!...why do you do that? You just appear! And it scares the sh-" he grabbed me and kissed me.....oh wow, I didn't expect that...he held on to my body and almost sucked my face off..... Me: "what was that for?" As I tried to catch my breath.... Him: "been wanting to do that kwak'sasa...yuuuuh!" He turned to go lay on the bed...I breathed a sigh of relief...you know that advert 'you get a lil angry when you're hungry' ...yes that was Lukhanyo....he was calm after that.....

Him: "nanis'thin no Lubabalo ngam Lihle?" Me: "nini na ngok babe?" I acted surprised but my heart was beating over my clothes... Him: "when I walked in on you, nise kitchen..." Me: "hay wethu, he asked about Xolani" him: "wathin wena?" Me: "I told him it was ridiculous....you would never kill your own brother..." Him: "yeah, I'd

never kill my own brother. Unless he fucks with my happiness." He got up and kissed my cheek....then left....

That's it. I have concluded it. Lukhanyo got his brother killed. Case closed. I am married to a murderer but ndim'fanele cuz nam sendisuka obulala umntu for MY happiness!...2 people! Of course I felt scared, but I have nothing to worry about, right? I wasn't doing anything stupid mos....I wore baggy tracksuit pants and a vest...I went to the kitchen to find Lubabalo making lunch....so I turned and went to fetch Luhle instead.... Lukhanyo's phone beeped, he got up and came to kiss me. "Ndizobuya Lihle. Don't leave this house."he got up and left. Lubabalo dished up and went to finish his work...I think I fell asleep on the couch....and Sylvia woke me up: "Ndik'phakele?" I shook my head and headed for bed....I got in and covered myself.....I wasn't in a bad mood or anything....I was just tired.....I drifted to sleep...

It was almost 2am when I heard Lukhanyo stumble in, he was probably drunk....he switched on the bedroom light, "Lihle"...I got up to look at him....his shirt and hands were full of blood..... I screamed in horror!

Chapter 104

Lubabalo came busting through the door.... "Yintoni?" Ta Smig followed..I took off Lukhanyo's shirt and sat him down...he had a bullet wound in his stomach....Lubabalo took off his t shirt and put pressure on the wound...Lukhanyo wailed in pain...they carried him to the car....how the hell did he drive here?....I went to inform Sylvia and left with them.... Lukhanyo was still conscious, we got to greenacres Hospitale. How many times have I been here this year?.....they took lukhanyo in and we waited outside.....

3 hours later, a doctor appeared. Doc: "Mrs Mzinyathi. Your husband's injury is not too bad, we've managed to remove the bullet and stitch up the wound....would you like to see him?"...I walked with the doctor and left Ta Smig and Lubabalo behind....when I entered the room, Lukhanyo couldn't have looked anymore irritated.... Him: "baby, kaba xelele aba, ndifunu hamba mna." Me: "doctor, when will he be able to go home?" Doc: "we need to assess him for another few days and the wounds to heal-" him: "I'm leaving today!" He had a rigid face on... The doctor stuttered..."B-but Sir, its procedure" Him: "I. Said. I am leaving TODAY! My wife will take care of me!" Me: "Lukhanyo, ndicela uyeke ufofa man....just please try and

adapt" Him: "jonga Lihle, and'nohlala apha mna!" ..the doctor excused himself.....we sat in silence. Me: "what happened?" He sighed... Him: "I.....*sigh*....." Me: "Talk Lukhanyo, what did you do?" Him: "befuna nton kuwe uBuntu emngcwaben Lihle?" Me: "hayi maan Lukhanyo! Uve ngaban lonto?" Him: "akhonto unond'fihlela yona mna. Ncama....he was talking bad about me right?" Me: "babe..." Him: "right?" Me: "he told me to be careful that's all..." Him: "why are you protecting him?..." Me: "why not? Uzazi ba unjan wena..." Him: "well, he's not your problem anymore. He's dead." ...he breathed and looked away...whaat! Me: "Lukhanyo how could you!" Him: "but it wasn't me!..." Me: "of course it was you!...you left in a hurry after Buntu warns me about you, then all of a sudden he dies?... " Him: "Lihle, I swear it wasn't me.....mna ndibizwe nguLara, I got there when Buntu already been shot....kuthwa ebeqhela.. We went about our business..then some guys just showed up.....a fight broke out...that's it!" Me: "You get shot njee! you were fighting for what ke? Yinton le ingaka? Do you realize! That you could've died! Heh? Kuthen ungacingi nje! Why are sooo fucking stubborn!! Abantwana bakho ufuna bakhule without a father! Fuck-dammit! I am sick and I am tired of this shit!!!!" ...I was yelling by now.... "Lukhanyo I am FED UP!...uzoy'yeka nin le kaka! You're the one oziyelayo kulento !! Wena when are you getting a backbone and say NO! What is wrong with you!! For fucks sake! Get your act together Lukhanyo. I swear to all that breathes, if you are involved ONE MORE TIME in a shooting. I am taking the kids! I said. I SWEAR!..." I turned and walked out.....he made me soo angry! What was his problem, ugula ngongaboni igazi? Why can't he sit his ass still! Siiees man! Ta Smig: "Lihle kodw-" Me: "nindigoduse! Akayi ndawo uLukhanyo uzahlala apha!" We left the hospital in silence.....and'fun nova Niks! Andinoko nwaba ngok, each week kukho umntu esbhedlele!I got to the house and took a quick shower...Lukhanyo's Benz was full of blood.. Ta Smig: "yiyeke Malinki nd'zay'cleaner..." Me: "ta smig ndifuna uhamba ngok mna" ... Ta Smig: "mtshana who ever got Lukhanyo might see the car aze kuwe...." ...Lubabalo borrowed me his Nissan. I left.....

My way was to a traditional healer. I needed to know what the hell is going on with my family. None of this can be natural.....it was full...I waited in line for almost 2 hours...and finally went in. I had taken off my shoes and sat down. He just stared at me....I greeted. He kept on staring then started his chants and praising....aww and now?... Him: "iz'nyanya zak'lo mnyen wakho azixolanga tuu nguye..." But I haven't asked anything though... Him: "akekam'khaphi utata wakhe. Akheka kwazisi kubo... They don't see you as their own. Izinto zizomane ngonehlela sisi, he needs to do unsebenzi..." Me: "uses'bhedlele ngoku, and unenkani lomntu. Akasoze afune....." Him: "ndizokunika iyeza lomvasa ngalo...make sure uyavasa ngalo. Umxelele

inyan....if he doesn't comply. Yonke into ay'thandayo izom'jikela....ashiyeke engenanto. Including YOU" Me: "ndiyamthanda umnyen wam, soze ndim'shiye." Him: "yinton kengok le ikwenze umsindo xa uphume kwesasbhedlele..."...my heart stood still.... I couldn't even answer him. Him: "uzohlala unomsindo. Ngoba akasoze ayiyeke le ayenzo....he needs lomsebenzi....." He yelled for his assistant to fix me with is'washo....and he said I could leave... Him: "mfazi, kungakuwe kengok."

I got home to find that Ta Smig had discharged Lukhanyo....my anger shot to the roof....but I decided to remain calm....I didn't want the words of that guy to come true, I didn't plan on leaving Lukhanyo....I love this guy...look at him laying on the couch looking like a hurt puppy....his eyes widened when he saw me... I just greeted and walked to the bedroom.....he followed, "baby, cela uxolo maan..." I turned to look at him... Me: "busow'vasile?" Him: "a.a..."I went to run him a bath, he was confused. I took out the traditional medicine and sprinkled it in the bath water.... Me: "ngena uvase." Him: "haay noba uyand'phambanela kengok Lihle. Uy'galela phamk'wam aw'naz nentloni?"I stepped closer to him and stared him in the eyes. "Namhlanje ndisuka kwi Nyanga. He says your ancestors are veerry upset with you and if you don't host a ceremony soon. You will lose EVERYTHING you love. And izoqala ngam. Your choice."I walked out that bathroom. He quickly got in the bath without a second thought....I didn't mean to scare him...but what else could've worked.... Him: "baby, khazond 'vas umqolo alok..."I smiled to myself, ncooow bethuna my big baby.

Chapter 105

I helped him out of the bath. He held his arms up and I dried him with a towel. I wrapped around his chest for lonto efeketha.....I walked him to the room. He lay down and I lotioned his body.... Him: "baby iyabanda man lento...thatha vaseline".. Me: "unayo iVaseline wena?" Him: "noo." I laughed...Me: "ngok uth ndiy'thathe phi....cuz surely Lubabalo doesn't have it either..." .. Him: "anisavan noLubaluba...hay sana nileqwa ngumgqomo..." My phone rang, before I could answer him..... Me: "hey s'hlobo...." She: "hi peto...wenzan?" Me: "ndinxibisa olusana lwam ludala wena?" She: "haaaahaha! Yuuuh, ndiyokhwela ngok peto...." Me: "ok lovie, zund'xelele xa uzohlike ke, ndiku kaw'lele...." We hung up and I dressed Lukhanyo in his blue and white pajamas. Top and Pants. Akho lolaka apha...nguye okhethe uphuma esbhedlele.... Him: "kodwa baby, cela unxiba iverst. Ngathi ndili xhego ngok jonga"..he

held out his arms... Me: "awuzoy'khulula lo pijama lukhanyo...iza...sinxibe kaw's.."...he wore his warm socks and walked to the game room... Sylvia was making lunch...I dished up and took some to them... Lubabalo was on his laptop. And phone in his ear... Lukhanyo sat on a beanie bag..with a control to the PS4...Ta Smig was probably in the bathroom...I took the control and gave him food. For the first time ever, he didn't panic. He just ate happily. I went to give Lubabalo his food....he put away the laptop and hung up...he took it and said a short prayer... Lukhanyo was like ('_')..(._.)..(._.)..('_')... Lubb: "Amen"..Luks: "amen (☹-_-).."...I left the room...laughing... I went to fetch my babies and fed them....today Luhle was also feeling energetic and playful....I bathed them and they wore their tiger jumpsuits...I had to take pictures, they looked beyond cute!...I sent them to Lukhanyo immediately.....he walked in a few minutes later and smiled... Him: "oww bethuna abantwana baka tata..." He picked Luthando up and kissed Luhle...he didn't have a favorite after all...he went to sit in the lounge...I took Luhle with... Lubabalo came out of his room all dressed and looking chilled... Me: "mhh, uyaphi?"... Him: "kukho umntu endim'lindeleyo..."...my heart raced....what?...did Lukhanyo tell him?...he left the house and said he'll be back. Lukhanyo and I stared at each other...naye he didn't know..I lay on the couch and put my head on his lap....Luthando was on his chest...he held him up from his bum..he was typing on his phone while Luthando's mouth was open and licking on his chin.."Sies kwedin.."...but he didn't remove him...Luhle lay on my chest, her head on my breasts..she lay with her back....my phone was in my hands on her tummy.....

After a while Lubabalo walked in. He looked so serious and pissed.....a woman walked behind....rushing to him.. Woman: "baeb I am soo sow-rri lark fo reeal ei..."...if you think Lubabalo was a coconut. You aint heard this chick. She slang'ed words, I didn't even know could slang! Lubabalo just walked to his room and ignored her...yuuuuuh, I don't think I ever seen him that mad. He walked back out and went to the wine cellar.... The girl was behind him all the time..... Lubabalo lost his cool in one go... "Bitch, you better keep calm and collect yo shit. This is not yo house, you got no respect, you don't greet my family AND you a hoe!..get yo shit and leave. Before I smack you..." He pushed her aside...and walked to the room....I looked at Lukhanyo, he cringed and closed his eyes...this wasn't a laughing matter.. Lubabalo looked really mad..I didn't even want to be involved...the girl started crying... "But Luub I love you..." Him: "LEAVE!!!" He yelled from down the passage. Girl: "what about our child tho?...baby please....."yoooooooo, Lubabalo DOES have a child?! Woow! This man pants on fire!... He walked back to her with a plastic bag. And dropped it to the floor. Him: "take him to his father Zintle. Lantwana yakho ufunda nayo....leave my house

please." it was like we were watching reality tv... Lubabalo dialed a number. "Security? We have a trespasser in my house, can you please come and remove IT..." He hung up and stared at her with cold eyes....she was still sobbing...lukhanyo was about to intervene. Him: "but bhut-" I pinched him Me: "shut the hell up.."Lubabalo stared at him, Me: "yabona? Your brother will cut you up, with his eyes..." He turned and walked down the passage. The security arrived and took her away. Sylvia came to take a half asleep Luhle to bed.... She gave me that "you see...?" Look...

I walked down the passage and found him in the movie room...with tears in his eyes.... I sat down next to him.. Me: "hey" ... Him: "yeah..." He wiped his tears away and sniffed.... Him: "yaz uyand'qhela lomtana Lihle....she tricked me into thinking ngumtanam lo! It wasn't even mine!...some stupid boy in university knocked her up. Ndim'lahle, kdala but she still comes back here...claiming ushiye into!...why amacherrie engcole kangaka Lihle? Why lie about something soo big?....the shit is I actually liked her!...yinton into bendingamniki yona..?" Me: "some girls don't know what they want mtshana....some girls do what will benefit them...yena I'm sure she was securing iFuture yakhe nomtana by giving you the responsibility know fully well you're wealthy...like I said don't flash money, flash love...and you'll find what's real...stop looking for skimpy girls who party every night...don't look in clubs and bars.....try meeting umntu oright, in daylight naturally by bumping into them in a shop or something..." Him: "so you're saying I must act poor? I can't act poor" Me: "hahaaaha...no tshomi, be yourself qha.....meet a girl, get to know her...and take it from there..." Him: "but be honest, what attracted you to Luks? It had to do with him having a few thousands..." Me: "I met Luks driving a car I'm not fond of, iMazda....I liked his confidence, and how he made me his the first time we went out. Even the day after...he came to apologize and he spent the whole night in his car waiting for me to forgive him.....he was genuine....although he showed me his worst, I was stuck with him. I didn't have much of a choice." He laughed.... Me: "finally, a smile....you'll find her one day buddy...suy'ngxamela..." We fist-bumped ... Him: "sho ngqina lam..."Lukhanyo walked in... "Nam ndicela ubalingqina?"... We laughed and fist-bumped him too...my phone rang, I picked up..."Hey..." Caller: "ndizohlika eNjoli ke mtshana in about 20..." Me: "ndiyeza ke sho".... Lukhanyo smiled, I kissed him....got up and left....on my way to Njoli, I received a text from Lukhanyo: "you did good babe. He is all smiles again. Mwah..." And attached a picture of them making funny faces..... I got to eNjoli right as her taxi arrived. I got out the car and went to hug her... She: "yuuuuuuuh peto ayisentle motwakho! Usis'bhanxa wena, why the hell did you runaway!" We laughed and went back to the car....as we drove to Lubabalo's

place...she updated me on their last party... She was wearing fine wethu... Skinny jeans, black pumps, a white vest and black cardigan...she tied her hair in a ponytail.....we have to do her hair.....I pulled in the house and helped her with her bag.....as we walked in. The boys were in the lounge, they stared at us.....Lubabalo had his beast face on in an instance.....I don't think he liked her much...Lukhanyo sensed it immediately.. Luks: "HI!!!" Oh gosh lukhanyo uqavile man. Vuyo: "hey..." She waved shyly... Lubabalo turned back to his BlackBerry and typed away.....

Eish.....#ScratchesWeave

She: "yooo mtshana abase cute maan....my tastebuds are tingling....yooooor"....even her eyelashes were batting, she hugged herself... Heeeeeee! Akase inlove nje, ngath uLubha akakho lapho. She: "so ngowphi ke umnyen wakho?" Me: "the one who greeted, umyeke omnye lo une moods namhlanje..." She: "I like him..." She blushed..... Oh Gawd, please light up.

"LIHLE!!!!" Me: "lovviiiiiee?" Him: "izapha wifey"...I went to Lukhanyo, he was in the bedroom...sitting on the bed. I climbed on him... Me : "yinton baby?" He kissed my lips slowly... Him: "sizay'thin kehok le ka lubabalo? He isn't interested!" Me: "njani?" Him: "uske wand'buza nguba lo and ufuna nto endlinakhe.." ... Me: "did you try softening him up?" Him: "hay alok that's your speciality and'kwaz mna"..... Me: "he'll get used to her wethu..." Vuyo knocked on the door and entered.....that annoyed Lukhanyo... She: "sorry to disturb, ivenkile ikwel'phi cala...I need to buy a few things...".....Lukhanyo rolled his eyes. I pinched him..... Me: "Come I'll take you...then we can do some shopping..." We left the house.. Me: "we'll be right backed"...I yelled. Lubb: "Take Your Time!!!!"....ahhh but Lubabalo tho!

Lubabalo And Lukhanyo...

Lubb: "heeeee, yinton na leGrenade(ugly bomb) and'phathele yona uLihle?" Lukhanyo burst out laughing...he was in tears,, "haay man bhuti uthi yintoni? Igrenade? Kwaaaaaaaaaaa!" Lubabalo was dead serious, he had a straight face on. Luks: "but lubb, she's pretty though...umhle nyan lamtana..." ...lukhanyo was laying on the carpet... Lubb: "mxxxm....she's not my type of pretty." Luks: "just try

something different...try her." Lubb: "that's easy for you to say when you got a drop dead gorgeous wife!...tshi...hayi kand'yeke mna...kame nd'fownel uLiya. Ipork yam"Lukhanyo slapped his forehead.... And got up..... Luks: "ungaske udyole no Liya kehok njena?" Lubb: "asoze ndikwaz, ngumtana qithi lo...she thinks I've got time to play whenever she goes out early from school.....ndiyasebenza mna" ..Luks: "what exactly do you do? Hlel nje you on your laptop..." Lubb: "iza nayo ndik'bonise..." He pushed him....Lukhanyo grumbled to go fetch it..... Lubb switched it on and showed him previous projections, how they were developed, the pictures of before and After, he explained the research.... Luks: "yuuuh, looks like it took forever fethu...." Lubb: "2 years actually...it wasn't a big project...jonga le ndiyenzayo ngok....I started on it already...." He paged through the pictures and showed him the expected result..... Luks: "woow, izoba yiMall le ne?" Lubb: "yep...wena ufuna ukwenza nton..." Lukhanyo thought for a while..... Luks: "I really don't know ey....." Lubb: "why don't you partner up with your wife, create something then grow it into a family business that your kids can grow into..." Luks: "mmmmm. Ulihle yathanda upheka." Lubb: "catering?" Luks: "haaayyi yuuuh a.a scratch that....kuzothwan ngam elokshin xandinxiba iApron emingcwaben? Hayyyi hayyi hayyyi!"...now Lubabalo was in tears of laughter picturing Lukhanyo in an apron!...carrying plates around...they joked around for a while then Lubb called Liya...He went to go fetch her.....

Lihle and Vuyo were at Checkers....they bought the things Vuyo needed and Lihle bought more diapers and grocery...they left for Edgars... Vuyo wanted a new outfit, she picked out a knee length floral dress and white cardigan.....I breathed in irritation, I chose for her a navy high waist jean, and a white corset I had also bought before I got pregnant and before I met Lukhanyo, it was abit loose then...but I'm so sure it fits perfect now....I also took out a black Biker jacket for her. I know Lukhanyo is gonna explode when I tell him we're going out tonight. She paid and we left. We went to Temptations and I encouraged her to buy a pair of underwear.....I bought a white and gold set of lingerie.....Lace and string....Lukhanyo's favorite.... I must butter him up for tonight kalok....it looked like a french maid's outfit...it was a bra, a tiny apron, nude fish net stockings, a lace g string and a tiny skirt.... He was gonna love it..... Vuyo took a navy and blue panty and bra...also lace...she said she was getting laid tonight.....we both laughed and went to pay.... A message came through. Lukhanyo: "mmmmh".... He knew exactly what Temptations sell...we went home... At about 18:00 after having a salad.....

We got home to find Lukhanyo on Lubabalo's laptop in the lounge...I bent over to kiss him...then me and Vuyo went to the room...she said she wanted to take a nap...so I went to my room to get ready for Lukhanyo, I yelled for him..."Nd'yeza"he

shouted back.....the house was wide as hell.....Lubabalo called him as he entered the room, Lukhanyo didn't answer....I was in the bathroom and just finished dressing in my sexy maid's outfit...I wore black stilettos.....Him: "alok baby ndim lo, ubusthin?" Me: "are you sitting down?" Him: "laying on the bed babe, wenzan apho?...." I opened the door and walked out....I stood in the middle of the room....his mouth hanged open,..... Him: "yesses Lihle!!!"got him....I slowly walked to him, as I climbed on him seductively.....the bedroom door bust open...Lubabalo bust in and stopped dead in his tracks...." I am sooo sorry..." His mouth went dry.....he just stood there!...."Uhhm...okay..." He turned around and ran out....then came back to close the door....Lukhanyo laughed..... I was so embarrassed!...and ashamed. Him: "don't worry, ima ndiyo tixa then we can get it on...." ...he bit his lips...and locked the door. He lay on the bed and I got on top of him...I kissed him lightly and massaged richard...he was already standing at attention...I went down to kiss him....stroking him back and forth....lukhanyo grabbed my hair and pulled me back up.....he kissed me in hunger.....gasping in between. I stopped and looked at him... Him: "yinton baby? " He was stroking and kissing my breasts...Me: "cela uphuma with uVuyo tonight?" Him: "ok" and he rushed back to my mouth..... Me: "pwomith?"I said between his hungry kiss.... Him: "promise babe...."I turned around on him and guided it in...he grabbed onto my ass....as I started bouncing on him...."Liihle...." "Babby....." I moaned.....his breathing increased..." Ooo, iza nayo baby....."I went on to finish this race...he grabbed the bed covers, groaning softly ...my body was about to release.....just when I was almost there.....yes.....and he came first! I finished last:(..... I got up and sat next to him.....after a while..... Him: "so nizoyaphi?" Me: "Kwa Ngqoko"..... He looked at me dead in the eye.....

Him: "awuyi apho! And that's un-negotiable!"

Him: "uhamba nin uFriend wakho? She busy marching up and down my house like she owns the building. Uzoyohlale hotel kum....ba kazas'ukhangela nton..." Me: "awuwrongo wena...what's wrong with her?" Him: "she's too....how do I put this lightly?...ahh mxm...I'm just not used to her type...I get bored easily. She looks like she's about to prophesy some Bible verse for me....I can't do it...."I giggled... Me:"but nguwe nje othanda uthandaza!" Him: "that's because I was taught to do that. Its tradition"...Me: "okay ke tshomam...if you say so..." Him: "sum'hoya babe uLukhanyo....just do as he says qha wena...uvale umlomo....he wants everything his way....yamaz"... Me: "its getting to me now hey...its like he does it on purpose just to spite me..."I looked at Lubabalo...he looked back...he held my gaze for a while....I quickly looked away... Me: "fana qith no brother wakho wena...its not even a joke..." ...he kept silent and just kept staring....after a while I slapped him out of it....and he burst out laughing... Him: "ndakwaz zophinda uthi ndingu Creep"...my heart tore a little....I don't know why I called him that before...that was really mean of me. I felt Lukhanyo standing in the doorway....I didn't need to turn around I knew he had been standing there for quite a while...but I ignored him... Me: "oh hay chomi....iyand'kubekisa lento uy'thethayo...." Him: "mna zange ind'kubekise? Yuuuuh!" I hugged him sideways... Me: "xolo ke my f..." Him: "kasapha la remote wethu..." I poked him and tossed him the remote as I got up to go shower.....like I had anticipated, Lukhanyo was standing in the doorway...I walked right past him...if he wants to act like a ghost, I'll treat him like a ghost....I got in the shower and switched on the warm water.....

I got done after 19:30 and started getting dressed...I went on facebook to check where the others were...most of them were at KwaGqalane...and some of my old friends.....cool....so Lukhanyo said ndingayi eBlawa ne?...I smiled naughtily.....I wore my underwear and white high waist jean...I wore my Black corset and black wedge...I

did my make-up...foundation, and smokey eye shadow...I love smokey...I put on eye liner...nice and thick...I wore my big round earrings(ooBhut kand'qwabe)...as I was brushing my weave....Lukhanyo walked in.... "Bend'then Lihle?" Me: "butheni ke? Kange uthi ndingayi eNew Brighton? Andiyi new brighton...." Him: "uyaphi?" Me: "OUT"...Vuyo knocked....thank God, cuz it was about to get real....Lukhanyo akathandi ukulwa in front of people.....I did Vuyo's make-up...and styled her hair....she was wearing her navy high waist and white corset, with the black biker jacket and pumps..... PUMPS??? She taking those off. No way! Me: "peto, uzonxiba IHeel. Sihambela phezulu tonight." Vuyo: "yuuuh peto, asizodinwa?".. Me: "sobona ngoko...." ...she took her black heels and wore them.... I asked Lukhanyo for the car keys, he ignored me...I turned and asked Lubb for the Nissan and'na xesha lomntu oqumbele into angayaziyo naye....I bottle fed my babies with the contained breast milk...kissed them and we left...

We started at Summerstrand, Cubana...it was okay, not too full....since it was a Sunday...after an hour we hopped to Gondwana's...there it was pumping....we danced a little...I didn't drink because I had to drive....Vuyo bumped some chick by mistake, before she started acting ghetto I apologized and led Vuyo to the car.....we left for eKasi....I drove past New Brighton because I wasn't allowed there...as we arrived in Zwide, KwaGqalane.... It. Was. ROCKING. I loved the vibe...as soon as we got out...my friends saw me and screamed...everybody stared...I locked the car and walked to them...strutting myself like I'm on a runway.....my phone beeped. Oh Gawd...I knew it was Lukhanyo.... "Andiyaz ke ba uyinton kwaGqalane"....it hasn't even been 5 minutes.....!!!! I replied: "please stop spying mntu wam man." ...he didn't reply. A few guys came to chill at the table I immediately got up and moved to another spot with girls only. This one guy followed me... Me: "can you not take a hint? I'm not interested." Him: "bend'cela nje uthetha nawe..." Me: "read my lips. NO..." Him: "awusemhle for uphoxa nje...." ..I totally ignored him... And got up again...I pushed him out the way and he tried to follow...before I got to the door..... there they were.

The disruptive twins had entered the building....everybody Stopped and stared. He held my hand as soon as I got to him..Lukhanyo: "Kange umve ba uthini kwedin?" Oh Lawd! Its about to get real NOW

Chapter 108

"Hay andiyo'kwedin yakho mna fondin!" Lukhanyo let loose my hand to thrust forward to him... I pulled him back immediately... Me: "Since when do WE fight rubbish?..." He looked at me, took my hand and went to sit in a table...his friends were there....so that's how he knew I was here...we sat down and he pulled me next to him... Him: "awukrwada man...uthi umntu womntu yi rubbish..." He chuckled... Me: "gcwele violence apha engqondwen wena...hlel nje funa ukhaba umntu..." Him: "mabangan'qhel ikaka alok mna...." ...we sat and chatted with his friends....Vuyo was at the other table....she was dancing and kept staring at Lubb who seemed to be fantasized by his phone....whoever he was texting was pretty entertaining.....he whispered in my ear..."Nanku esiza omnye wezi zam..." Me: "Hayi! Athini uVuyo?" Him: "if she can handle competition then maybe I'll consider her"he kissed my cheek and got up.... Luks: "nd'zok'fak impama bonanje Lubabalo..."some girl wearing a short floral skirt and white vest appeared...she had a Bob cut weave....and wore strappy sandals.....she looked like a barbie doll...oh well....they came to sit with us.... She greeted...Luks: "hi"I just stared at her..... She: "ndibulisile sisi"...with attitude... Me: "Ndik'vile...." With a rigid face..... She said mxxxm....and looked to Lubabalo who didn't seem to be phased by her existence....caba inkulu into ekula phone.....does this bitch know that I CAN and WILL fuck her up?...skinny hoe... Lukhanyo just looked away....he knew I didn't like her. Prolly never will... She was deliberately flirting and kissing Lubabalo all over, he was just sitting there with his phone in his hand.....obviously with no care in the world...he didn't even entertain her.... Me: "Lubabalo....I'm thinking we should go on a roadtrip tomorrow...me, Babe, you and Vuyo...we could drive to Knysna..." ... He looked up and put his phone down instantly...I smiled at him... Lubb: "why don't we take the helicopter to Jeffreys instead?" Me: "can it go that far?" He smiled and bit his lips.... Him: "we won't know unless we try...."he winked at Luks.....Lukhanyo buried his face in his hands because he didn't want to laugh out loud. The girl seemed left out...so uyaz'nyengeza... She: "Can I come with babe?" Me: "No." ...I said with a straight face. Lukhanyo got up, he was in tears of laughter but held his mouth tight... Luks: "ndisayo thenga idrink...." He said through a giggle... The girl looked at me... Then looked at Lubabalo... She: "jonga, I wasn't talking to you for your info. I was talking to indoda yam..." Me: "well, bitch, I was talking to YOU. And I think I heard myself say. NO. You are not invited." She: "babe, are you gonna let her talk to me like that...!!?" Lubabalo, still on his phone.. Him: "ngumama we khaya lo, show some respect...tshi." ...she sat there and sulked.... Girl, if I were her, and my man asked me to listen to his Brother's wife....I would get up and leave. Still

akand'hoyanga...yuuuuh...unexesha jonk!... I looked over at Vuyo, she was sitting on some guy's lap...I jumped up and went right over there...I held her arm.. Me: "cela sithethe calen..." The guy pulled her... It was.....it was....Ace, one of Xolani's friends.....andabi naar...sies puuh man... Me: "bhut wam. And'kathethi nawe, ndisa boleka usisi kqala..." He looked at me and held her still..... Him: "cimba ndayoyika lantwana yakho uLukhanyo...? Mxxm..." He held on to Vuyo.... Me: "Vuyo, get your ass up. Before a shoot out occurs up in this bitch....because kukho ikaka ez'qhelayo apha!...." Vuyo: "hayi peto, we chilling njena...." This guy got up, wand'nyola yuuuuuh...nday'faka iphelele impama....he fell on the table, by the time he got up....Lukhanyo was in front of him with his pistol in his hand.....he pointed it at Ace's forehead.....Good God. I didn't want to watch this...Ace took out his own gun and pointed it back to you Lukhanyo.....Jesus please. I grabbed Vuyo and we slowly backed away...the joint went dead silent....even the music stopped playing.... Ace: "I wonder who's following Xolani first...R500 I'm betting on his big brother"....his friends laughed..." Lubabalo held out his own, behind ichiskop ka Ace...Lubb: "Or his dumb friend..."....I swear I was about to pee on myself....Ace slowly turned around, his friends had backed away in shock....the look of fear on his face was indescribable the moment he saw Lubabalo, he looked back at Lukhanyo..... "What the fuckk??" Then four shots penetrated his chest...BAH BAH BAH BAH!!! I knew it wasn't my twins....their guns were above his head...I looked in a distance and saw the shooter.... It was.....no!

Lubabalo held me and Vuyo to the car...he drove the Nissan, Lukhanyo followed with Ta Smig in the Benz...yes we left the ratchet behind.....she wasn't part of us. I was quite pissed off. I don't know by what exactly.....we got to the house and I went straight with a half drunk Vuyo to bed. Me: "what were you thinking Vuyo?" She: "mos...mos peto yaam...kand'fuu lo Lubby wenu...." ...she talked in a drunk voice....she got on the bed... Me: "dude! The plan is to make him want you! How is that possible xa uzohamba uhlala phezkwamadoda aRandom?!" She started snoring.....arrg!....I turned and left.... I looked for Lubabalo and found him in the wine cellar/cigar lounge....he was holding a glass of whiskey and smoking....sitting in a chair in the corner, it was dark.... Me: "Lubabalo..." He stared at me with cold eyes.....and I was immediately reminded of Lukhanyo...when he's mad as hell.... Me: "look I'm sorry...she didn't know..." He stubbed the cigar, got up and walked to me....he stood right in front of me....I could feel his breath.....he closed his eyes and walked away.....out of the cellar...what the hell was that??.....I walked out and went to my bedroom....Lukhanyo and Ta Smig hadn't arrived yet....I called Lukhanyo, he picked up: "babes, sisendlelen ezayo ngok va" Me: "kaw'leza ndiyak'khumbula..." We hung

up.....I undressed myself and went to the bathroom.....I had only my gown on and I tied it tightly....I walked back into the bedroom....and went into bed.....after a while I drifted to sleep.....

I opened my eyes.....and saw him staring at me...his gun laying between us....I gasped in shock... "Lukhanyo!" Him: "baby....." He brushed his gun.....I said a silent prayer... "You do know that if and when you double-cross me. You will be on a first class flight to see Jesus right?"...I just nodded....he put the gun away and pulled me closer.....

The beast was back.....

Chapter 109

I snuggled into him....I wasn't even scared....I was used to it by now... Me: "baby I love you" Him: "I know sweetheart...."....just as I was drifting to sleep...." On Wednesday I have another session with the therapist...cela und'kaphe? Me: "okay...sure...mas'lale man babe ngok, ndiyozela mna...." Him: "but mna andozeli nje....."he slid his hand under my gown....my body warmed up...his eyes were closed and he stroked and massaged my thighs....I was getting hot.....I crossed my legs together...he wasn't getting some. He tricked me this afternoon. He aint getting shit tonight..... Him: "heee kuvaliwe eFemin na? Me: "ewe baby..." Him: "its because of earlier ne..." I kept quiet..... Him: "fine then...." He turned around and went to sleep.....

I woke up the next morning and to my surprise he was still sleeping....wow. That's the first. I went to brush my teeth and went to fix breakfast in the kitchen.....when I was finished...I dished up and covered the plates, my favorite place had to be the movie lounge it was so calm and relaxing.....I took my food and juice to the movie lounge....no one was there....I watched a romantic comedy....and ate....someone came in behind me.....I looked up....it was Lubabalo, he sat down and took a piece of bacon off my plate....me: "morning..." Him: "hey"akatyafe lo hey wakhe ngathi uhlike taxin ye Nyathi...he took my buttered toast and ate it.... Me: "ambothatha kutya ekitchen Lubabalo..." Him: "ndifuna oku kwakho....kumnandi..." He winked at me.....excuse you?.... Me: "yeka iplate yam please..."He looked at me...and smiled.... Me: "what?" Him: "nothing....".....*sigh*... Me: "will I have to smack it out of you???" He giggled.... "Kayeke man Lili..."heeee! Me: "thetha man..." His expression changed.....and he sighed.....oops...short temper naye? Ei yabona ke..... Me: "yeka ke its okay..." Him: "maybe I should stay away for a while...." Me: "but why?" He laughed.... "Lihle....." He couldn't speak... "Look, I'm gonna be real with

you....ndik'ncamile. But I still like you....manyan... You're just real and pure....I mean I don't know where to find your kind....I need someone like you in my life....the sooner I get her, the quicker I forget about you.....cuz we are never gonna happen...ndiyaz'depresser qha ngawe mna...." Me: "I see. Do me a favor. Go on one date with Vuyo. Just one?" He looked down in irritation...I got up and went to check up on my babies....I found them awake and playing with Sylvia. I took them, to feed them....Luthando was as happy as ever...his voice was a little hoarse so I gave him his medication...in no time he was yawning and restless....he wanted to sleep....I took him and walked with him around the house leaving Sylvia with Luhle.....my boy was off in minutes....but I enjoyed carrying him around. He was my Prince....after a while I went to put him down....and went to Lukhanyo.... He was still asleep...tshii! Me: "Luu babe...." ...I shook him a little he turned around and opened his eyes kancinci..... Him: "mh? Kaze s'lale man babe, dinwe nyan..."

Lukhanyo ate a lot recently, and all of a sudden he's a sleeper? Lukhanyo hardly sleeps...noba ungene ngo 3am he will be up by 6am...he's just like that....now its almost 10 and he's still sleepy.....maybe its his medication that's making him like this....the side effects... I decided to stay in with him for an hour tops. I took a nap, in his arms.....

I woke up at 11:15. Hayi its too much....I went to shower and wore my black tights and hoodie...I had on my Timbalands.....I went to wake Lukhanyo up... We have a trip to prepare for. Lukhanyo dragged himself out of bed to shower....when he was done he came back and threw himself on the bed....I don't know what I'm going to do with him....I went to check on Vuyo, she was awake and on the phone. I could see through her face, uphethwe yi babalaza...I turned and went to the lounge....Sylvia brought the kids....I relaxed with them on the carpet....Luhle was on her back chewing her toy.....and Luthando was on his stomach...his fist in his mouth.....as usual..... Sylvia had bathed them and they wore their Winnie The Pooh jumpsuits.....we sat in the lounge for a very long while. I guess the trip is cancelled....everybody seems to be dead tired except for me. I asked Sylvia to take the children....I took off my hoodie and was left with my vest on....I went to the basketball court to shoot some hoops....I just needed to cool off....as I was running around and having fun with myself....the man of the house walked in....I was sweating and wet... Me: "are you stalking me?" Him: "yes." I threw the ball to him....he bounced it around me....then under me.... He shot one right over my head.... Him: "one nil." Me: "oh you want a challenge huh?" Him: "as if you're much of a challenge in basketball...." I laughed and grabbed the ball....I bounced the ball to the other side of the court....and shot one quickly before he reached me.... Me: "one-

one"....we played for a while until he beat me 7-3...I gave the hell up.....I went to the kitchen to fetch water and saw Lukhanyo looking all bored on the sofa..... Me: "come join us we playing Basketball babe".. Him: "I can't play" Me:"yes you can, all you gotta do is bounce the ball and shoot..." Him: "no rapid movements until the stitches are healed..."ohh yeeah, its hard to imagine him in pain, when he has the Beast face on....I sat down next to him and kissed his cheek.....I decided to chill with him.... Him: "masiyobukel iMovie instead...." Me: "with Lubb and Vuyo....?" He nodded and I went to go call them.... Lubb went to take a shower....I left for the bathroom to take one too.....I wore a tracksuit and went to the movie lounge....Vuyo and I were chatting and she was telling me about Shaun(Phelz sugar daddy).... Vuyo: "peto uthi uShaun uyak'khumbula....ever since that day he never saw you again....and you never thanked him for lawei...." She nudged me and giggled.....

Lukhanyo had walked in....His face said it all. He had heard it all. He called me aside..... Him: "who the hell is Shaun???" Me: "yi bf ka Phelisa baby..." Him: "kengok ufuna nton kuwe??? You never told me about a Shaun mna!" Me: "he's not important wethu lovie....some guy tried something kum, and he sorted him out...he's a chilled guy..." Him: "siya kwela Monti ngomso. Und'bonise lo Shaun!...." He turned around and left....my heart was in my throat.....was that necessary? side siye monti? Heeeeeeeeeeee!

Chapter 110

I decided to let him be...if he wants to go to East London. Then we going to East London...I'll be happy to see my friend Sidney again and maybe this time I could meet his girlfriend too....Lukhanyo had gone back to the movie lounge....Lubabalo sat next to Vuyo in the front row. I sat with Lukhanyo...he even brought a blanket...I cuddled into him while he was still mad. He hated it and loved it at the same time because he was still mad but he put his hand around me and covered my behind with the blanket...we watched the movie.....

Halfway during the movie, Lubabalo was fast asleep..... Lukhanyo's hands were under the blanket.....I knew he was up to no good....he reached his hand and pulled down my pants.....he was looking at the screen like nothing's going on....he rubbed me slowly....I felt my eyes go dizzy.....my mouth was drooling.....he dug one finger in.... I moaned slightly and he stopped and gave me the "Reaaly?" Look.... I held his hand to go deeper....I was holding his arm as he twisted and twirled his finger.....then he

entered the second one.....oooooh.....my toes curled....my breathing....softened....he stroked it and upped the pace.....it felt really good.....just as I was feeling it cum.....he stopped and pulled up my pants. WHAAAT???! I was so mad, I ran out of words so I just kept quiet!

I swear Lukhanyo does that just to piss me off....I excused myself and went to the bedroom...I wore shoes, took the car keys and left.....fuck this maan!....I even left my phone behind.....I ended up in motherwell....for some odd reason....I got out the car and took the mail from the post box....I read a few...then took them with me back into the car. I drove to Greenacres Hospital.....my mother was about to be fed....I offered to feed her as I updated her....on my life and the babies...she was given her pills to drink and i chatted for quite a while....after about an hour long....the nurse informed me that I had to go.....I left. I didn't know where to go or what to do with myself...I drove to Sino's place in New Brighton.....my heart ached. The last time I was here, we were "friends"....but I had chosen my husband. I drove back to Lubabalo's house and went in.....

Lukhanyo was mad. But I really couldn't care less..he held Luhle in his arm...away from the stitches.... Lubabalo was on his phone.... Vuyo was with Luthando...playing with him...I greeted them all and went to the kitchen to start on supper.... Ta Smig appeared....and offered his help.....we cooked in silence.. Him: "sorry about izolo mtshana.....I didn't mean for you to see that..." Me: "how's your shoulder and arm?" Him: "ziryt nontombi, but I have to keep this thing on for another 2 weeks...." I nodded and got busy with the pots, Vuyo walked in... She: "hey mtshana" Me: "hello...." I smiled at her...we chatted a bit and then Lukhanyo walked in. Yoh. Andadikwa. He come up behind me and hugged me.....of course I carried on chopping. He kissed my cheek and neck... Vuyo: "you guys are so cute maan.....yuuuuuh. the way you love each other is amazing....you make me want to fall in love yaz..." Lukhanyo laughed... Him: "ahh xolo ngok'bambisa iCandle wethu...." He whispered in my ear....."Cela sithethe tu..." Vuyo got up and said she had to go do something.....Ta Smig left us alone...

Him: "rha ndiyak'thanda Lihle. And ndinomona ngawe goeed! I don't want no other man to experience this with you...baby cela ungadikwa bonanje...I know ndilinda too much....I really can't help it boo. Ingaske mna ndibese camkwakho oko....." Me: "I understand"...with a low tone... Him: "asizoya Monti baby, I believe you." I turned around to look at him....he had on the sweetest smile...you gotta love that.....I hugged him tightly.... Him: "ooouuch baby yuuuh!"... Me: "sorry love wam....ndik'libele alok mna..."...he held me again and kissed my lips....then my nose, my forehead, both cheeks and my mouth again..... "Ndiyak'thanda mfaz wam omhle va....."... Me:

"ndiyak'thanda nam Mzinyathi ogezayo..." I saw a camera flash....it was Lubabalo taking a picture... Lubb: "its for the family album" he smiled.... Luks: "kuthen yena ungamxelel une white tendencies? Kanye awuz'thandi kum ezi tendencies ne?" Me: "ziyanifanela noy2 maan lovie..." Luks: "haisuka....yaphosisa..." Me: "you like sulking Lukhanyo man wena...." I kissed his cheek and carried on cooking. Me: "Lubb izapha tshomam...sihlebe" he came to stand next to me... Me: "peto lawei bendik'cel ba mawuyenze alok.....la favor. Please take her out on just one date...." I looked at him.....he was smiling from ear to ear.....hayi man ngu Lukhanyo lo!... I smacked him on his arm... Me: "nisile man nina...!" Lubabalo was standing in the corner covering his face laughing.... Me"mxm....nirynt suka...."

After dinner Lubb went to wash the dishes....I went to help him... Him: "one date ne?" Me: "just one my f..." Finally!

Chapter 111

Lubabalo looked excited although he didn't want to admit it.....

I went to Vuyo's room and she already picked an outfit...she said she wanted to be herself.... I didn't want to be on her case. So I let it go.... I did her hair and make-up and she was ready... I left the room and went to the lounge. I waited with Lukhanyo and Lubb...as usual, he was on his phone..... She came out... Lukhanyo smiled and looked away. Lubb: "asiyi caweni sisi...."I swear I wanted to laugh but contained myself.... Like how could he be sooo rude?... Vuyo: "I know. Masambe".....lubabalo dragged himself up with an irritated look and they left..... I went on facebook and saw a status he wrote. "R.I.P to my social life..." I died and showed Lukhanyo....who simply giggled and lay on the couch.....

Meanwhile on the date....

They arrived at the restaurant...Lubabalo just sat down...something about her ticked him....he just couldn't stand her... She: "so where do you work?" Him: "I own a company, I do civil engineering....you?" She: "I work at Woolworths...ndiyi Cashier..." -20% brownie points thought Lubabalo... Him: "oh.." ...there was an awkward silence.... Lubb kept checking his phone...he didn't want to be here.....not in a bad way...but he just wasn't feeling himself. Vuyo: "you don't like me much right?" Him: "its not that....." Vuyo: "its cool I understand...." Lubb: "I been hurt before and I don't wanna go thru it again, no OFFENSE. But you look like the type that's very clingy" ...

Vuyo: "you not the only one in the world that's been hurt Lubabalo...excuse me, but you a bit selfish and arrogant....don't know if that's a rich boy trait or what...but its really annoying. And unattractive" Him: " ouch!...that is really a mean thing to say for someone who dresses like they're going to a church conference..." Vuyo was shocked.....is he being real.....?... Lubabalo just took a sip of his wine and stared at her. He had nothing to lose here so rather be honest... Vuyo: "you are rude as shit you know that?"... Him: "Oh my! I think you need to kneel down and pray for the bad word you just mentioned...hahaaaha!..."... Vuyo didn't find this funny matter of fact....she didn't like him either....he was so mean.....they ate their dinner in silence..... Lubb: "why you quiet?" Vuyo: "everything I say you attack me with mos....what's the point?" Him: "oh hayke".... He grabbed a piece of chicken with his fork on her plate.....she was so annoyed with him....at long last their dinner was done....finally I can leave...she thought to herself.....until he called the waiter... Him: "can we get the dessert menu"..... Oh Lord please no.....what the hell is wrong with him?! Lubb: "do you want some dessert phof?" She: "nope, I'm good"... Him: "well, I want some..can I get a chocolate mousse with ice cream on the side please.....oh and pour some chocolate sauce on my ice cream...thanks"...the waiter left.... Lubb took out his phone and started texting.... Vuyo took out her Blackberry Bold.....I can be just as rude..she thought to herself. By the time Lubabalo was done eating Vuyo had left for the bathroom...she called Lihle.... She: "hey peto...undidikile lomntu mna...ngath asihambi k'le ndawo..." Lihle: "babe, just stay put tu....kaz'cenge..." Lihle told her a little painful joke about Lubabalo and they hung up.....at least now she knew how to put him in his place.

She came back to the table and Lubabalo was sitting there with the bill...he took out his wallet and laid out R600.... Vuyo: "the bill is R420..." Him: "soo?" He got up and walked to the car....Vuyo followed him... They got into the car. And drove off..... Him: "where do you wanna go?".....home, she thought to herself... Vuyo: "anywhere..."... He drove to The Pier in Summerstrand.....they walked out..... they stood and watched the water.... Vuyo: "so what's your sad love story?" Him: "ndishiywe yikwedini...yam'mithisa and she blamed it on me....yours?" Vuyo: "he lied for a whole 3 years...and went to get married...I was 2 and a half months pregnant...lost the baby....haven't been in a stable relationship ever since.....".....he kept silent..... Him: "you want a hug?" Vuyo hid her smile.....he pulled her toward him.....and hugged her.....his cologne...mmmmh...he pulled back... Him: "I'm not ready though...I don't want to drag you along and hurt you..." Vuyo: "yeah please don't.....but I can be your friend." Him: "yeeaaah, we'll have to go shoppin for you first...".....she punched his arm and they laughed together.....they walked down to

the beach and sat on the sand together...after almost two hours of endless talking they walked back to the car and drove home.....

Lihle and Lukhanyo were in bed, Lihle: "siyahamba ke ngomso siyagoduka ne..." Him: "ewe mntu wam...I miss my house mna....yindlu ye hol'day le.....dikiwe hok..."he giggled... Lihle: "Lukhanyo, I want you to know that I'll always love you va..." Him: "yes....." Lihle: "you have a problem babe...and its not only anger.....lento yolinda yakho is getting out of hand and ndiyakwaz wena you don't hesitate to kill...." Him: "I would never kill you..." Lihle: "I know you wouldn't intend to do it...." Him: "so you don't trust me?" I just looked at him.....his eyes too calm and relaxed.....how could you trust that?... "Mos Lihle I am going to therapy classes...ngey'phi enye?" Me: "simenza nin umsebenzi...." Him: "funeke sithethe noTa Smig kqala..." His phone rang.....he answered.

"Lukhanyo! uphi!" Him: "ndise ndlin...nton dan?" Caller: "Tivo uy'fumene lentwan ik'chanileyo. Nants ilapha endlin..." Luks: "ningayenzinto. I want him awake and alive when I get there. Izomaz uThixo." He got dressed, kissed his wife and left.....

Chapter 112

I tried stopping him...but he was enraged.. Me: "Baby, please...its not worth it...." Him: "ndiyeke umntu ofuna und'bulala Lihle....shame uphazamile ngond'chana kanye....ndim lo ndiyaphefumla...and my love, he will regret it!.." He stormed out.....oh Bawo wam....I prayed for him....he doesn't have to do this....Lord please get through to him...remind him of his family...us... Remind him of the man he wants to be....he shouldn't have to do this again. I was panicking because he wasn't properly healed to be jumping and bouncing around...I heard the door open again.....it was him.... He came into the bedroom and took off his shoes.....he sat on the bed.... "Yaz baby ndiyay'cinga lanto buy'thetha.....I should grow a backbone and learn to say No...ndim oz'yelayo nyan k'lo life....I don't even know why...." He dialed a number.... "Myeken majita...let him go..." He hung up.... I jumped and ran to hug and kiss him...he was starting a new life now....at least its the first step.....

Lubabalo's car pulled up...and they came into the house....they were chatting...I looked at Lukhanyo with a surprised look.....he just smiled.....Lukhanyo lay on the bed on his back....I lay on top of him with my stomach. Him: "kodwa Lihle uyand'thunuka..." Me: "uzoba strong..."...Lubabalo walked in.....this guy really needs

to learn to knock....I was about to give my baby some head....lol.....tshi.... Him: "so it didn't work....I'm done with your favor, you owe me..." Me: "Hayi Lubabalo! It could not have not worked!" Lubb: "but lihle, she's just friend material..." Me: "babe! Did you hear that? He just friendzoned a hot chick!" Lukhanyo laughed out loud... Me: "heeeee, so at least ya'll still gonna hang though?" Lubb: "uhm....maybe...I don't know.....anyway what you guys been up to?..." He jumped and lay down the bed... Me: "we were about to do our business...." ... Lukhanyo pinched me...he was shy... Lubb: "is that your way of chasing me out?" Me: "kinda yeah....." Lubb: "that's a shame, cuz I came to fetch my brother we're going to play Fifa..." ... Lukhanyo jumped up...and they raced to the game room.....ahhhhh goodness.....I smiled to myself...I'd rather he go play video games than go around shooting people....I got up and walked to Vuyo's room....

Me: "so peto, how was it ke?" Vuyo: "he is sooo annoying Lihle!..yuuuuh, uyadika lamfana...he gets under my skin!..." Me: "but you're blushing!..." She: "he is so cute...we ended up chatting.....we agreed to be friends wethu...so yeah....." Me: "ncooooh...you won't last a week, he'll be your man in no time uzobona wena!" We laughed..... We chatted about a few other things.....then she dropped the bomb.... Vuyo: "ngamagintsa anga ne? We almost got killed the other day...." Me: "babe, we can't just get killed....yeah...ngawo...." Vuyo: "why didn't you tell me?" Me: "I was trying to protect you. You don't need to know..." She: "but I want t-" me: "you don't!..."she kept quiet and relaxed....Phel'z called, she answered and put the phone on loudspeaker...as we were chatting and laughing.... Phelisa was telling us about how she was doing...Phelisa: "hay friends mna und'dikile lotata...ndiyohlukana noShaun mna ngok...worse ndidibene nomnye umfana oryt njan ku facebook....we're chatting and he seems loaded cuz ipics zakhe zindawo ezi exclusive sana..." We laughed! Me: "hayi peto uyay'thanda imali...uthi mtshana zi exclusive?..hahaaa ei wena" we chatted for a few minutes.....and then hung up.....

Ta Smig sent me a text.. "Uph uLukhanyo?" Me: "he's with Lubb".. Ta Smig: "make sure abaphumi apho endlin..." Me: "ok" ...I decided not to even ask.....Vuyo and I carried on chatting for about 2 more hours....until I was thirsty and went to make myself a shake...the house was awfully quiet.....I still heard the tv from the game room though....but kuthen bethule?...I went to check and they weren't there.....oh shit...my heart raced.....where are they...I yelled for them.....they didn't answer, I searched all the rooms.....I couldn't find them.....I wished and prayed that they were playing hide and seek with me because as mush as I'll be mad at them for fooling around I'd be happy they were still here...I went to my bedroom.....Lukhanyo's shorts

were on the floor.. The wardrobe was opening and his shoes were gone.....the car keys were gone.....his phone was gone.....HE..... was gone!

Chapter 113

I looked for Lubabalo...he was nowhere to be found! I went down to the wine cellar...Nothing...I went to the garage and saw that the Benz was missing....so they had really left, I tried calling Ta Smig... Me: "ta smig, they're gone!" Ta smig: "fuuuuuuuuuuck!!!! Lihle, we have got to find them!!!" I ran to Vuyo, Me: "Peto! Did lubabalo mention anywhere that he might be going tonight???" She: "no why?..." I took my phone and searched facebook....I knew Lubabalo.....he is addicted to facebook....if you want to look for him....go on you'll find an update not older than 10 minutes.....I searched my news feed....and there he was. He just checked in at Summerstrand, Cubana!....I took the Nissan keys and left.....I drove as quick as I could....and searched the parking lot....I couldn't see the car....it should stand out!...I got out and looked properly. The car wasn't there...I went inside the club and browsed....what the hell am I doing? Why ndiDom nje? I got out and went to the car...I dialed lukhanyo.....it just rang and rang...I dialed Lubabalo.....same thing.....I drove around Summerstrand and I just couldn't find them!! I was getting frustrated.... I called Ta Smig.... "Bhuti I lost them...." Him: "its fine Lihle...ndizoba khangela ngow'kwam..." I left for home.....Vuyo was sleeping...how could she sleep?! So I went to bed and looked through my phone...I called them again....this time Lukhanyo's phone was off.... Lubabalo's just rang into voicemail...I left a message... "Send sms to tell if ya'll okay please"...I sat on the bed and tried to think.....what if Lukhanyo changed his mind and went to go slaughter that stupid idiot that tried to kill him??? Oh Thixo wam I beg of you....please bring them back home.....it was 30 minutes later I heard a car park out front.....the music was really loud...then I heard giggling and stumbling into the house....I got up and ran to the lounge....there they were holding a quick-stop plastic...pushing each other back and forth...I almost cried with joy.... Me: "baby, nivelaphi? I was worried sick!" He came forward....Him: "missed you too angel"... Me: "and'thethi nawe lubabalo"...Lukhanyo burst out laughing.... Lubb: "so you can tell the difference now?" Me: "tshin ucimba uqhatha ban.....my husband doesn't even call me angel"... We walked to the bar and I sat on the pool table as we chatted away....my heart relaxed...

Luks: "baby, uyamaz uRick Ross?" Me: "esshheeee! Lukhanyo undenza muncu bonanje..." Him: "kukho langoma man baby....ndiy'thanda njan! Ndiy'viswe ngu Luu...yafun mamel...?" I thought he was gonna take out his phone....and put it on.....instead he sang....you know how much he loves singing..... Him: "I'll go to the grave before I be a bitch nigga, better behave! You dealing with some rich niggas! Started in the ghetto now we world wide! Multiplying and I pray that we never die..." Me: "andiyiva ncam bonanje lovie...." Him: "umamel uBeyonce alok wena...kodwa uya-ila..." I spanked him.... Lubb: "haahaa...ngeloxesha akayiyo ne single lady...." Luks: "nd'yom'faki swazi zekhe ndimve ey'cula net...".....we laughed and Lubb came with a jar....he had just made a cocktail.... Me: "selani nina mna I'm breastfeeding remember...? Andiyaz ke Lukhanyo noba wena pills zakho ziyay'vumela lonto..." Luks: "don't be a party pooper babe.....it can't do much harm...mos zi pain pills qha ez'ya..." I went to make myself a shake....and we sat at the bar to chat....Vuyo woke up...hence these two were making a loud noise....I think even the twins are awake...I got up to go check on them....Luthando was fast asleep... Sylvia was trying to put a wide awake Luhle to sleep....I took her and left for the bar....she probably misses her dad.....when I got to the bar Lukhanyo took her and went to the lounge.... Him: "ndiyakwaz ke wena ntshontsho lam ngonga lali....andiyaz kuthen unga dinwa...."....I poured Vuyo the cocktail and she drank.....she obviously wanted another...I refused, I don't want her to make a fool of herself ku Lubabalo cuz I know her, yay'nxila into ephantsi..... Luks: "babes khazomncancisa ibhele...ulambile"....I walked over to him....he guided me to sit on his lap....and handed her over...my back was to the bar....last thing I need is for Lubabalo to see my boob...Luhle nibbled it first then eventually gave in... Luks whispered: "nam ndilambile..." As he peeped for my second boob....I had to push him.....akagezi nje....

Luhle eventually went to sleep and I went to put her down...I went back to the bar....the time was almost 1am...Vuyo said she needed to get some rest...she was leaving at 10am...so she left....I went to bed too, dragging Lukhanyo with.... Luks: "but baby ndilambile njena..." Me: "yoo Lukhanyo kunin usitya??" He made a sulking face and we headed to the kitchen....what's worse is that he didn't want anything in the damn kitchen! Him: "get the car keys babe..." Me: "hay lukhanyo siyaphi?" Him: "we going to get wings kwa KFC eFiveways..."he took the keys and we left.....when we got to kfc he ordered 16 Zinger wings...the packet of 8...he bought two of them...we drove to Spar and he bought Cabana ye Pineapple....we left for home....he was already eating...by the time we got home there was only 4 wings left.....uzitye yedwa ke phof!....we got out and he was drinking the juice.....finally, I hopped into bed and start thinking....what is going on with Lukhanyo's new habits?....hayi

man....he's always got moods..so that doesn't count.....I looked over at his side....he was already layin down with his eyes half closed.....I crawled closer to him and played his ear.....he smiled himself to sleep.....

Chapter 114

We woke up early as I was preparing food for uhambo luka Vuyo...Lukhanyo was still in bed. The twins were with him in a 2 weeks they're turning 2 months old...Lukhanyo wanted to do something....I disagreed...but we're going to think about it, and decide then..... After cooking I went to go pack our clothes....Lukhanyo looked too comfortable and a bit moody....ngok bethe ukhumbula indlu yakhe?...I packed the twins' bags and put out their white and yellow outfits... I got out Lukhanyo's track-suit...and I went to go shower.....

When I was dressed it was about 9am. Vuyo and I came to the table to eat... Lubabalo was working, Lukhanyo was still being moody. So we were alone.... Vuyo: "bekumnandi uhlala nani yazi....this place is a palace...." Me: "next time uzofikela pha kuthi...its warmer there!..." We giggled and ate.... She: "you and your husband are a wonderful couple Lihle. Love is patient sthandwa...and I can see that he is deeply in love with you..."...I smiled and blushed a little.... She: "I can see the chemistry with Luba as well....."....I froze and looked at her.... "Come on Lihle I'm not dumb...he has drooly eyes over you...he's like a lost puppy looking for a warm home." Me: "I don't know what's wrong with him..." She: "be careful sisi.....he's your husband's clone.....psychopaths will do anything to get what they want....he seems too quiet and disturbing"..... I thought about that for a while....our first time we had lunch at here...his evil eyes when we were having drinks out in the garden...the time he was in our house..."Sumxelela kalok"...the look of hatred on his face....it was really disturbing....and then sunday evening before we went out....when we were at the movie lounge together...when he stared at me...goodness how could I have missed these small details..... "Lihle can you hear me"...I snapped back into reality.... Me: "yes..uthin ke?" She: "I have to get going mtshanam....I'm so sad that I actually have to go but ke I'm working tomorrow....".....we hugged each other.... Lubabalo entered...he looked annoyed....but ke he always is when he didn't get enough sleep... Me: "uryt peto?" Him: "just fine"...and he walked past... Vuyo looked at me and raised her eyebrows.....we continued chatting and after a while Vuyo whispered through gritted teeth: "mjonge ke peto..he's staring like you the last piece of fried chicken on earth...." I just burst out laughing! Usile lomtana....nam ndazulisa and looked his direction

quickly.....she was right....he was leaning on the counter staring directly at us..... I whispered: "hay peto ujonge wena lomntu!...und'qhelile mna...nguwe lo ak'bawela like fried chicken..." I said...laughing again....I left the lounge and went to check on Lukhanyo....he was awake...the twins lay on their backs next to him...he was tickling them with his pinky.... Me: "babes alok you have to get ready sibenhamba..." Him: "asinhamba late boo?" Me: "NO." He got up and went to shower.....

I took the twins to Sylvia because I was about to take Vuyo to the rank. When I walked to the lounge, I saw Lubabalo leaning on the table talking to Vuyo... Him: "soo zophinda us'visitele nin?" She: "I'm not sure hey...I've got a job to hold down..." Him: "are you sure a job is the only thing that's keeping you there?" She: "maybe...." He put his hands in his pockets and looked away.... Him: "no man?" She: "actually there is...he just called to ask when I'm getting there...." Him: "oh that's sweet hey, uhambe kakhle ke"...he gave her his brightest smile....got up and walked away....he was actually walking toward me...we stood in the passage.... He came right up to my face....and whispered: "you owe me" he winked and walked away.....wtf do I owe him? I'll pour him water to drink and sit down. I don't got time for this.....me and Vuyo left.....

I dropped her and she boarded a taxi that was almost full...I decided to wait with her... She: "peto, you have a beautiful family..." Me: "oh mtshana kunin us'ncoma....enkosi man you making me blush....." She: "but for real though, you guys deserve the best....cela ungamphoxi omnye Lihle....yuuuh ndiyanithanda mna shame..." Me: "so when are you visiting Lubb again?" I asked excitedly.... She: "hay wethu, he's playing games which I'm not in the mood for..." Me: "mos you were just joking ngok'ya busithi there's a man in your life?..." She: "no, I wasn't....." Me: "hayi man peto....kange uthi you single na?" She: "its a complicated relationship Lihle, I can't go into details.....I'll whatsapp you..."the taxi was full as I said my goodbyes....and she left....I got into the car and my phone beeped...I loved this damn phone....it was Lubabalo. Message: "meet me in central, donkin reserve"... Me: "why?" Him: "you'll see..." I called Lukhanyo to let him know, he wasn't answering his phone. So I left a message instead.....I went to the Donkin park.

There he was...looking hopeless in his black Versace sweater and black pants....he wore black and red Micheal Jordan's AirForce Nike sneakers... I went up to him... "What's wrong?" Him: "I just needed some air..." Me: "ngok und'bizelani mna?" Him: "you my friend tshi....ndizongak'bizi for nton?..."an ice cream bicycle came by.....we decided to buy each others favorites....he was gonna eat my favorite, I was gonna eat his....his favorite was chocolate, mine was vanilla....so I was having the chocolate....it was delicious...I have to admit....we sat in the grass and ate in

silence..... Him: "I don't wanna fall inlove...I'm scared Lihle" Me: "you have nothing to be scared of....look at how well I'm doing with Lukhanyo"....as we were siTting there and chatting... Lukhanyo's Benz pulled up.....I saw him get out the car and bang the door in frustration..... Oh oh.....

Chapter 115

He marched to us. Luks: "why didn't you tell me you were having an ice cream picnic!" Me: "did you check your phone. I left you 3 messages and dozens of missed calls" I said calmly....Lubabalo gave him his ice cream....naye uyathatha uyatya...we chatted for a few minutes then left for home again.....Lukhanyo and Lubabalo started racing.....I am not about to entertain them bonanje...they got home first and I went to my babies...I fed them and burped them....it was time for us to leave...we loaded our stuff into the car and we left.....when we got home Lukhanyo took his son and they watched tv together....I have no idea what channel it was or what they did....I made a light lunch and dished up for Lukhanyo....I went to call Ta Smig.... Me: "hi bhuti unjan?" Him: "ndiry mtshana unjan wena?" Me: "I'm good, ndilibele wethu uk'fownela izolo, babuyile aba.....they had gone to a garage..." Him: "yeah ndifumene uLubabalo....und'xelele you almost blew up their phones..."...I giggled....heee iyand'qhela le...I updated him on some other few things..... Me: "okay ke bhuti...whenever you need someone, just come right over....we're here for you..." Him: "ok ke mtanam....bye"....and we hung up....

Luhle started crying...I got up to fetch her...I gave her the boob..... Walking to the lounge, Lukhanyo was half asleep while carrying the baby... Me: "Lukhanyo!! Uzowisa lomtana! Uske wathini na!...." Him: "yoh...sorry man baby....."....he got up and walked to the bedroom with Luthando.....he put him in his cot and climbed into bed.....hehake Lukhanyo.....yinto endizay'thetha naban nkosi yam na le.....I whatsapped Vuyo.... And goodluck...".....we said our goodbyes.....

It was late by the time Lukhanyo woke up...Him: "yese and'sethyafe maan!...." I just stared at him.....we only recently just started having sex....so I can't be already pregnant.....if I'm not pregnant.....who is?..... Me: "Lukhanyo.." Him: "why do I get a feeling that ndizothukwa?" Me: "hayi, siyancokola nje kakhle....ikuwe ke ba ufuna uthukisa..." Him: "yinton dan..." Me: "when you were with that girl. Me: "the night you never returned...when Luthando got sick....when your phone was off....where were you?" Him: "if your question is Was I with her, then the answer is yes. I was Lihle!...zasise Boardwalk watching some stupid show that she liked....we stayed there half the night....then we walked around eSummerstrand. I didn't have sex with her!!!" I turned and looked at the tv...my phone beeped....when it lights up I swear my heart lights up...I smiled and looked at the message it was Lubabalo.... "Ayisosithukuthezi....missing the munchkinz...." Me: "I'm sure they miss they uncle too...." .. He replied... "I'm leaving for Australia on friday...." Me: "mmh, business?" Him: "naah...going to visit my parents, its been a while. And I need to tell them about Lukhanyo..." Me: "good luck and have a safe flight..." Him: "don't I even get a kiss...?" Me: "asizovana kengok...*angry face*.." Him: "haha...kiddin with you yo'....anyway, enjoy ur day...halla at the man for me...." Me: "he's got a cellphone you know...." Him: "mxm ryt ubeno mona..."2 minutes later Lukhanyo's phone beeped...he read the text.... Luks: "Lubb is going to Australia on friday." Me: "Mm...."later on Vuyo had called to tell me that she arrived safely.....we chatted for a few minutes...then hung up...I locked up early and switched off everything....it was still early but I was a bit down and out....Lukhanyo was in bed with the babies...I lay next to them.....and soon fell asleep.....Hours later I woke up and heard someone in the kitchen.....it was Lukhanyo....he made supper and was dishing up....I wasn't even hungry so I went back to bed.....

We woke up the next morning early, Lukhanyo's appointment was at 11am... And the police were expected after 2pm....it was around 7am..... Him: "so you don't think it might be you....." Me: "might be me in what?".... Him: "ayinguwe lo umithiyo Lihle?" Me: "oh please just drop this topic please.....your symptoms started after uphume esbhedlele....zeza pills uz'selayo ezi...."he kept quiet and went to shower.....I fed the babies in the meantime and cleaned up the house....I lay out their clothes and packed their bags. Lukhanyo got done and wore a towel....he lay on the bed.....so I went to go shower...he took the babies and bathed them in the meanwhile....he was singing to them about Humpty Dumpty and making funny faces.....Luthando, as always, was smiling....I got done and went to lotion my body....I wore my denim jeans and white blouse....I wore my strappy wedge...did my make up and hair..... I helped Lukhanyo dressed the babies and he got dressed too.....we left at 10am.....we drove to the therapist.....

Chapter 116

We entered the doctor's office and sat down....he greeted us with a smile, he looked friendly.... Doc: "you have beautiful babies....I must say..." Me: "thank you Doctor..." Doc: "oh no, please call me Ricardo... Full name is Ricardo Johnson. Or Ricky is also fine...we need to let loose and be comfortable here so starting with dropping formalities..... Your name is uhm...Luk-khanyor right?" Luks: "LUKHANYO, you can call me Luks" Doc: "yes, I think I will call you Luks.....so what do you do for a living?" Luks: "I run a business...." ... Doc: "what do you sell?" Lukhanyo looked at me.... Me: "uhm, its a family business Ricky, we organize events, gala dinners, etc." Lukhanyo relaxed a bit.... Doc: "that's nice, ok...well, Luks....I'd like you to tell me more about yourself....." .. Lukhanyo seemed confused....kind of like this was a trick question....either way he answered him the best he could.... Doc: "what makes you think you have Anger Management issues?" Luks: "sometimes I just.....*sigh*I just lose it. My mind erases everything and I just see black. I just want to kill.....I can't control myself....the moment something ticks me off, it becomes a major issue to me....I blow up in anger....I've hurt quite a number of people.....even my wife....that's why I need help...." Doc: "why do you blow up? Have you been a victim of violence in the past? Have you seen an abusive interaction or relationship take place?" Luks: ".....no....the abuse was taken on me....." I wanted to cry...but I held still....I'm here to support my husband..... "My mother died giving birth to me....I just recently found out I had an adopted twin. My uncle and his wife raised me..."he breathed trying to hold back tears.... "She never liked me, said I was the reason her husband

left her alone all the time.....she used to beat me....forced me to cook at the age of 8...If I burnt the pot, she would hit me with the burnt pot...."....he was crying....I held his hand....and he carried on..."She.....she woke me up at 4 each morning and told me to clean the house while it was still dark...I wasn't allowed to switch on the lights, because she said I wasted electricity...I washed with cold water each morning and went to school with uniform that wasn't ironed and no lunch....school ended at 14:30 every day and I had to be inside the house before 15:00, if not.....she would beat me. I didn't have friends....she chased them away... She fed me dry pap and water...sometimes Ta-...my uncle would arrive and give me food...the moment my uncle left again.....she would hit me. Said I didn't deserve it...I never did anything to her but she hated me with such a passion. Then one night...." He started shaking...he held his face....and he cried...I took some tissues and handed them to him....whatever he was about to say, I knew was the most painful memory.....after a while he continued..... "One night she called me to her room....and told me that I'm the reason her husband was gone and that she had needs.....she told me.....she told me to....." His body was shaking violently now....my heart was in pieces.... Tears were streaming down my face....I didn't want to hear this....I looked the other way trying to block what he was about to say..... "She told me undress her and.....and touch her....I was only a child.....I didn't know what to do....she kept hitting me telling me to do it right.....it went on forever....when I started crying she slapped me and told me to act like a man.....until she was satisfied. Then I was to leave her room immediately, she didn't want to see my dirty face.....every night that my uncle left, I begged him to take me with....he always said he couldn't....and I was left with that evil woman.....I swear I hate her so much, no amount of prayer in this world can save her from not being killed by my bare hands....." I swear that was the most painful thing I've ever heard in my life.....the doctor spoke gently and asked a few more questions until he was done. We said our goodbyes and left.....

We drove home in silence..... Him: "nd'zanishiya pha eFord nina....you don't need to be eDwesi," Me: "ok that's fine"I didn't know what else to say to him....I just ran out of topics. We got home and unlocked the house I went to put down the kids. Lukhanyo said he wanted a sandwich so I went to make him a few. He sat in the lounge staring at the tv screen, he wasn't watching it...I handed him his bread and juice....when he was done eating I took his plate to the kitchen.... It was still just after 12. I went back to him.... Luks: "kuthen uhleli kude nje?"... I got up and sat next to him, he put his arms around me and kissed my forehead. Him: "I'm not gonna kill her. I want to leave her in my past. She's the reason for my sadness and pain. I need to

let go." I kissed his cheek.... Me: "you're the bravest nigga I know yazi...you're truly amazing Lukhanyo..." Him: "haisuka ndenzwe nguwe. You're the reason for my strength... Lihle you taught me how to love..yaske ya-worse kengok woba mithi ngabantwana bam...shit girl. I knew for a big fat fact awusoze phinde usuke ecamkwam...yuuuh. Me: "oh so wena bundenza ngamas'bom ba mandimithe...yuh walinda singeka qalis nodyola sana...ndik'ncamile".. Him: "kwak'funekile tshi...nawe awand'phoxa...look at us now?...I don't know how many times I have to say I love you boo...because its never gonna be enough.."... Me: "I love you too my baby..." Him: "cela upheke umphokoqo namhlanje lovie...then we can milk your titties for amasi.." I smacked his thigh... Him: "hahhaa, ndadlala mntu wam..I'll bring some on my way back..." Me: "that could work..." Him: "then sibese classin ey1..." He said with a naughty look.. Me: "yuuuh, hayi singagxothwa qho yi lecture cuz awumameli wena....lonto uyaphendula shame!..." He laughed... Him: "hay nyan...yuuuh baba wam mandihambe man...I'll be back as soon as we done there sibuye size ngapha va..." Me: "ok sthandwa..." He kissed me and went to kiss the babies goodbye....

Lukhanyo At KwaDwesi....

The police arrived 14:10...and came in... Luks greeted them with confidence.... Police: "Sir, I'm sorry to be bothering you, its just procedure, I can tell just by looking at you...that we'll be wasting our time. You seem like a legit business man..." Luks: "well Sir, I don't blame you. Its your work, do what has to be done...."...the police searched the house....minutes later they came back out.. Police: "like I said, its just procedure...we done searching....so can you tell us about Mr Simphiwe Vanqa...Pluto?" Luks: "well, Pluto and I used to be friends...I did my business, I didn't really know his....until I found out that he killed 2 of his ex girlfriends...I found out that he sold drugs and I couldn't stand being around that influence so I cut all ties with him...." Police: "he killed his girlfriend??" Luks: "Yeah! He kept bragging about it....and right after his arrest, his current girlfriend got shot...I don't know how that could be a coincidence.... Anyway She used to be my wife's friend....and she came to visit without Pluto knowing, next thing when my wife opens the door to let her in....someone from outside shoots her dead....the investigators haven't found the culprit..." Police: "I see.... Mr Mzinyathi we can move on to your place, if you don't mind..." Luks: "can I just call my wife to let her know we're coming?" Police:

"sure".....Lukhanyo called Lihle...he put the phone on loudspeaker : "babe, we're on our way home ok?" Lihle: "ok sthandwa sam, just changed the babies..." And they hung up....the policeman drove to Ford with Lukhanyo leading the way.....when they got there, they searched again...Lihle had taken the gun and put it in her handbag along with its bullets she had cleaned the drawer and removed the small knives.....the police got done... Police: "Sir, thank you for your patience...its clear that Pluto is lying and he'll be in there quite longer than he expects....I'll be on my way...." Luks walked him out..... Police: "stay blessed, you have a beautiful family." With that he left.....

Lukhanyo: "that's the end of it Lihle. We are starting a new chapter." He came to hug me, and kiss my forehead... Me: "that makes me happy...to hear..." Him: "uye kwa Gqira Lihle....just for a check up babe..." Me: "oyena mntu uya kwi check up will have to be you!" He tickled me all the way to the lounge, we sat down and watched tv....

Chapter 117

I got up after 5 to make umphokoqo..Lukhanyo was with the twins....as soon as i was done he came into the kitchen... Him: "masambe siyothenga Amasi babe..." Me: "Lovie, ka kaw'leze..." Luks: "funu hamba nawe nje mna..."... So I got the kids ready and we left for Spar...he drove to Fiveways and bought amasi and milk...we browsed around and I saw him eye a tub of Rolo ice cream. Me: "yithathe lovie..." He quickly grabbed it and we went to go pay. We left and went back home....I dished up for us while he ate...I fed the babies first and strapped them in their seats. Lukhanyo was watching the news...nothing interesting on anyway. Ta Smig called to tell he was on his way, he sounded upset.. Me: "okay ke bhuti, sok'lindela.." we hung up....

Just as Ta Smig arrived...I dished up for him....he didn't look well. I didn't want to get on his nerves so I kept silent.....after a long while, Lubb arrived..... Lubb: "and'sena stuk'thezi nje..." Lukhanyo was asleep, Ta Smig was in moods...so I guess he was talking to me. Me: "hay shame. Ungasebenzi nje?" He whispered: "bend'khumbula wena..."I smacked him... Him: "kand'phakele Lili man...and'lambanga qha ndinesthuk'thezi..." I went to dish up for him.....we sat and chatted about his job. Him: "so what do you want to do in life?" Me: "I'm thinking of going back to college...I was going to do accounting qha...I don't really like it." Him: "well you better find something you love boo...never do a job for the money or the status. You have to enjoy it otherwise you will not be happy or give it your all...." Me: "and do you enjoy civil engineering?" Him: "in a way...I mostly enjoy bossing people

around"....he giggled " kidding man....its what my dad wanted...." Me: "and what do you want?" Him: "you....".....I got up and left him there.....I don't know know uske aqawke xakuthen....cuz sincokola kakhle...I sat next to Luks...and watched him sleep...he looked really cute...I had to lean over and kiss him...just as I was getting near he opened his eyes!... Him: "wenzanton"... Me: "hayi man sundothusa...." Him: "I see you..."... He turned on his side and pulled me closer.... Me: "Lubabalo ukhona...." Him: "uphi?" Me: "uhlele front....what's wrong with Ta Smig?" Him: "andiyaz lovie ke..."....he got up and went to the lounge.....I wanted to go see mom...but it was late. She was leaving the hospital next week....and that made me really happy... Lukhanyo's birthday was 3 weeks away...phof him and Lubb.....I suppose Lubb will still be in Australia...kanti ufika nin ufriday abeno hamba lomntu.....I need some breathing space with my husband!.....

Ta Smig had gone to bed without uttering a word. This worried me...so I decided to finish cleaning up then go talk to him.....I'll tell him about the work ceremony. I cleaned the kitchen....Lukhanyo and Lubb were in the lounge, heeeee, he looked so comfortable....even his shoes were off....*shakes head*... Lukhanyo: "baby kand'phathel la ice cream torho ungay'galeli esityen iza nayo injeya..." My guess was that he was going to eat it finish...I gave it to him and a spoon...and he ate.... Luks: "yafuna?"..he asked lubabalo...he simply just opened his mouth....and he gave him a spoonful.....andisa shiywa...kand'buzwe nobuzwa mna.....

I finished up and took the twins to bed....I had to change them first....I gave Luthando his medicine he was super excited and hyper...hayi hayi....he had to sleep tshi!....Luhle just sat there silently...I wonder uhlutshwa yinton...yuuuh mtanam unentliziyo bonanje...noba ucinga tamkhul wakhe....I laughed at that thought...as if Luhle can think....I put them in their cots and Luthando was still in an active mood...I just let him be....I walked to Ta Smig's bedroom and knocked lightly.....silence....I opened the door and walked in....the room was dark.....when I switched on the light he was sprawled on the bed.... That didn't look like a sleeping position...I tried to wake him but he didn't wake up.....instead.....he's body shook and he had a seizure!...I was in so much shock....zange ndabona umntu exhozula mna....I screamed for Lukhanyo and he came running...with Lubabalo...as soon as they got there.....his body stopped moving...

Chapter 118

Lukhanyo and Lubabalo tried to pick him up and carry him to the car....I took out the baby seats out of the Range Rover...they left as soon as possible. I couldn't sit still....what just happened? I couldn't even answer myself....was that why he been so quiet today...maybe yilento emdala? But akaloxhego mos uTa Smig.....eish I needed something to get my mind off things....Luhle was sleeping.....heeeee, mos Luhle akasoze aveske alale...you have to rock her to sleep...Luthando however was awake and playing with his own fingers...that is one happy child. I took him to the lounge...I locked the doors and closed the windows. Luthando and I hopped into bed and cuddled...he was pulling on my hair... Me: "a.a boy yeka..." I took it and tied it up...he opened his mouth....I stuck his dummy inside...yabawa man....he pushed it out with his tongue....I just gave him his toy instead...I was worried about Ta Smig...what could be the problem, I prayed for him...he shouldn't have to go through this...he got out of hospital just last week!...Lord have mercy on this man's soul...my phone rang...it was Vuyo...she told me about her day at work and everything else... She: "so how's the big boys doing?" Me: " they're just fine...their uncle just collapsed....baye esbhedlele naye...." She sounded worried... She: "oh hay peto....I hope he turns out okay hey..." Me: "nam tshomi....anyway...you haven't told me about this wonder man of yours..." She: "there's nothing to tell peto.....he's just an ordinary guy..." Me: "come on Vuyo....you said to me you were single...." She: "I'm dating a guy that already has a girlfriend...yinto nje wethu" Me: "kodwa it sounds like you like him..." She: "maybe...peto I don't want to talk about him....he's just not worth our time.....unjan uLuks?" Me: "he told me to go for a check up..." She: "so when are you going?" Me: "I don't know....I don't think I want to know yet..."we chatted for a few minutes and hung up.....

Lukhanyo and Lubb only returned in the morning...I ran Luks a hot bath...and sprinkled his medicine...he frowned at me and shook his head....Lubabalo lay on the couch...half asleep...sendim'qhelile ke ngoba moody when he didn't sleep....I started on breakfast.....the twins woke up and while I was turning down the stove...Lubb went to fetch them.....he sat down in the lounge again.....the way they're so quiet inguye noLukhanyo....what happened? Is Ta Smig still alive?...what's going on?...I decided to ask...it was bothering me... I brought him some juice.. Me: "so how's he doing?"... Him: "we don't know babe....he's.....he's on life support....he can't breath on his own....they think he's brain damaged....kusayenziwa itests..." I had no more questions, I was dumbstruck...I got up and went to dish out breakfast. I put Lubb's on a tray and gave it to him....I took the kids while he prayed and ate....Lukhanyo got out the bath as soon as esiva ivumba..he wore a towel and ate from the kitchen...then

went back to get dressed. His face looked cute...clear...very clean...noba lela yeza ke...I smiled to myself.....

Lubabalo left immediately after he finished eating. I bathed and went to hospital to go see my mom.....she was doing well with her speech therapy and physio...we chatted for a while as I told her about the kids...I decided not to tell her about Ta Smig it might upset her..as we were chatting, the nurse came to inform me about the visiting hours AGAIN. This bitch need discipline....who interrupt her while she conversating with her mother....I fixed my mom, and made sure she was comfortable. I left her to rest. I started at the mall for a little grocery shopping. I stepped into Checkers and shopped. I went to Luella to go check new shoes...and guess..who I saw walking toward me..... It was Sbosh!... She saw me and stared.....my eyes turned evil. I will beat this bitch, I dare she try me. To my surprise she stopped...and walked on the other side. She better pray and thank Jesus. I went about my business....then my phone rang it was Vuyo... Me: "hey babe?" .. She: "hey what you up to?" Me: "I'm shopping you?" She: "I'm at lunch break....so you bought the pregnancy test?" Me: "peto I wish you'd stop saying that, I'm fine mna..." She: "my friend your husband is having sympathetic symptoms...its rare but it happens....when their wives are pregnant, they experience the symptoms....I searched it on the web..." Me: "I'll think about it..." We said our goodbyes.....I went straight to Dis-Chem and bought 3 pregnancy tests...they explained that I should test in the morning...when my urine has higher what-not...I didn't understand that big word.....I left for home....Lukhanyo was finishing up his tub of ice cream and the babies had it all over their faces....oh bethuna uLukhanyo.....we spoke for a while.....no I didn't tell him about the pregnancy test.....uqavile uLukhanyo he's gonna want to be involved...the rest of the day was quite a lazy day... Lubabalo called Lukhanyo.... Luks: "you don't have to stay bhut...he'll be fine...if anything happens ndizok'xelela..." Lubb: "but I don't wanna just leave him!...its not the best time..."would he just go already!....Lukhanyo re assured him...and eventually they hung up...Lukhanyo wanted to cook today...he made potato salad...mixed veggies...baby marrows and rice...then he fried pork.....andiyaz ndizoy'qiba njan la plate....we ate our early dinner...I breastfed the babies.... Luthando didn't need his med's today...but I gave them to him anyway...Luhle was really quiet....I put them to sleep.....while me and Lukhanyo watched late tv.....

The next morning I woke up at 6....it wasn't my intention...but I crept out of bed....I went to the main bathroom with the 3 preg tests....I tested on all 3 and brushed my teeth while I waited....I knew it was negative....just to keep Vuyo and Lukhanyo quiet I did it....I washed my face...and tidied the bathroom....I went back to the room,

Lukhanyo was still sleeping...I picked his clothes up from the floor and went to do our washing....I switched on the washing machine while sorting out the clothes....I left and went back to the bathroom...I looked at the 3 sticks.....my heart stopped.....all of them had 2 lines. I was pregnant. Again!!! How the HELL?

Chapter 119

But I didn't want to be pregnant. I just gave birth almost 2 months ago...freaken hell!..how am I going to do this?....I heard Lukhanyo wake up....oohh...shit....I have to hide these. I can't tell him now. I quickly took a plastic and threw them in...he walked in the main bathroom. Him: "Wenzanton?"... Me: "cleaning up"....I showed him the plastic, kissed his cheek and walked out...I threw it in the outside bin along with the other trash....I shoved that plastic down to the bottom...I came back and washed my hands....he kept staring at me...in an awkward way.... Him: "why are you acting weird?" Me: "hayke Lukhanyo! How am I acting weird?" He just walked out the kitchen and went to the bathroom....he was searching for something. Lord I hope I didn't leave a slip there or something. He came back.....he looked annoyed....what did he find?.... Me: "what's wrong?" Him: "whatever you were doing in that bathroom, I will find out Lihle." He walked to fetch the twins.....my heart was in my mouth....I wanted to cry...he can't know! I don't want a baby this soon.....I texted Vuyo on Whatsapp. "I'm pregnant". She immediately replied... "Congrats babe! I'm happy for you!" Me: "sure..." She: "you don't sound pleased..." Me: "I don't think I am....how am I gonna deal with 4 infants?" She: "you'll be fine bbe.....we'll chat later va...just got to work.." Me: "k..."...I needed someone to chat to....I'd call Sidney later on.....

When I got to the room, he was bathing the babies...Luthando was still laying on the bed...Luhle was held in the bath by her father...he was so good with them....his eyes so loving.....our routine was I go to the hospital in the morning. And he went later on. So that the children won't have to be about all the time....one of us stays home with them.....

The days went on to weeks.....Lubabalo had long left.. There was tension in the house, Ta Smig hasn't woken up from his coma...at least my mother was getting well....the doctor suggested she stayed another few weeks...she was well, but her physio still needed attention.....and Luthando was fine. So much has happened...in such a short space of time. I hate thinking about Xolani...I didn't love him, I was attached to him.....but at the same time as much as he treated me badly, he taught me a lot....it

was almost a two weeks since Ta Smig was in that coma....each day Lukhanyo came back from hospital, he was more upset, moody, angry.....we had even stopped talking. I understood....it was a rough time for him.....I still haven't said anything my pregnancy....I couldn't....he was always in a bad mood....the last thing I need is for him to be more pressurized..... I hate seeing him like that....

"Lihle what's wrong with you?"he shocked me out my world...I've been thinking so much that I even had inside conversations with myself... Me: "hayi baby, akhonto"... Him: "I see you Lihle, you've been like this for quite a while now, sucimba andik'boni...what is it?" Me: "just a lot of stress...nothing much..." Him: "stresswa yinton...?" Me: "with ta smig being in that coma for about 2 weeks....no movementnothing...." Him: "and??...." Me: "and nothing..." Him: "uqale nin ubalixoki Lithembelihle?"what?...did he see anything different?... Me: "haibo Lukhanyo...."he stared at me with those beastly eyes.....I could see his jaw tighten...the vessels on his forehead began to show....I couldn't lie to him anymore.....my heart raced....its now or never.... Me: "I'm pregnant"his face fell....was that disappointment? Anger?.....he just got up and left.....

This is the last thing we need....tears started falling down my cheeks....

Where did he go? Was I a bad person?...a bad wife?...why was he acting like this?...I just sat there.....Luthando started crying.....I started crying too.....I just didn't want it to be like this....this life was never in my fucken plans!...kanti why did it all have to change? I sobbed and sobbed....Luhle had woken up too, the stress was beyond me.....how was I going to handle more of them....I collected myself and went to Luthando.....Luhle had her toy in her hand....I took my son and tried to comfort him...but I couldn't stop crying.....everything just became too much....I tried wiping the tears away and calming myself down.....I fed him and Luhle....when I went to the kitchen, Lukhanyo was in the lounge. I have know idea when he came in....and I didn't want to ask.....his face was rigid as fuck.....staring blankly at the tv.... Me: "do you want something to eat?" He shook his head.... Me: "should I cook dinner and put it away for you?" He shook his head....I left for the bedroom.... I put my babies to sleep....and crawled into bed.....

I woke up in the middle of the night when Lukhanyo walked into the room....he took off his clothes and climbed into bed.....after a while he turned and came to cuddle me from behind..... "You're not pregnant. WE'RE pregnant. We in it together".

Chapter 120

"You scared me. Thought you were angry..." Him: "babe, how could I be angry? You're my wife....benditshilo mos kuwe ndathi funeke siqibezele family yethu.....now we're complete..." Me: "but how are we gonna cope?" Him: "I'll be here to support you, your mother will be well, we could hire someone too.....when you give birth eza rascal will be 11 months, they will be old enough for day care.." Me: "hayi kodwa baby....siy'ngxamele man..." Him: "soo? We doing it for us, not for abanye abantu....if we want 20 babies, we'll make 20 babies...yazi I will never leave you or my kids...ndinithanda nonke nobay 4..."....I giggled..... Me: "yoooh, ...yeva pha? We gonna have to buy a mini bus tho" Him: "nyansile bbe.."....he held my stomach gently and rubbed it.... Him: "aww uMr Man....iLast born yam kwedin....heeeee kuzonyiwa...".... Me: "yinton inyisisa kehok?" Him: "I can already tell izoba stout le....f'neke ndiy'fake umthetho k'se early...." Me: "baby you are crazy, I'm sure it aint even developed yet sow'cinga nge future yakhe..." Him: " I need to tell Lubb, iphi phone yam?..." He searched and found his phone.....we dialed Lubb and put him on loudspeaker... Him: "morning..." He said in a sleepy voice...eish forgot the time difference is like 9 hours ke pha... Luks: "sisa qala uyolala ke thina....we have good news..." He was talking to someone in the background...'Oy,, get dressed, I need to run an errand quick..you can't stay here forever..'..... Lubb: "oh, that would be nice to hear...whatsup?" Luks: "we're having another baby..." Lubb: "WHAT!!!" He sounded more shocked than excited....kind of shouted it out... Luks: "yep...we expanding the family man..." Lubb: "oh.....congratulations." Luks: "thanks bhut, solinda ngakuwe kehok...." He chuckled nervously... Lubb: "luks awt'yam I have to go....we'll chat later yeah..." Luks: "sure man..."was it me or did Lubabalo sound disappointed?...oh well, he's a big boy.....my phone beeped....and lit up....maybe it was Vuyo....I checked it. It was a text from Lubb: "I didn't expect this. Why Lihle? Why! But ke its whatever. Do you..." Tshin lomfana ucimba ndiyi cherri yakhe? What the hell?.... Me: "can you just stop acting like a bitch and find your own girl! Fuck Lubabalo I am sick and tired of having to remind you, ANDIK'FUN. Its not my choice to be nice to you, but don't fucken abuse the privilege. Your concern and energy should be Luks, NOT ME. This is the last time I'm telling you, back the fuck off!"send.....he didn't reply.....

We woke up early the next morning. It was cold...I didn't feel like getting up but I forced myself....I took the twins and went to lay them next to their father... Him: "babe....ka-relaxe please....come lie down with us....." Me: "babe, mandicleane qala.." Him: "haisuka baby, kaze man....we'll clean up later, its awful cold..."... I switched on the heater and put it in the bedroom. I cuddled with them...Luhle was by her father....Luthando was next to me...sucking my finger...they were still so young....how

would I be able to do this?... Lord... I look up to you....I know You have a plan.
.....We got up after a while because the twins made a stinky and I had to bath
them....Luthando was sleepy....so I washed him first...when he was done his dad took
him and lay him on top of his chest... He lay his blue blanket on top of him.... Me:
"makanxibe kqala babe..." Him: "uzolala kamand xa ehambeze...faka napkin qha
wena....angand'chamel..."I put Luthando's diaper on him and gave him back.....he
was really sleepy....I bathed Luhle and dressed her....she looked like a
marshmallow...wearing her pink fluffy jumpsuit.....I loved my family....and soon we
are going to be complete.....I thought to myself looking at my tummy....Lukhanyo
saw this and pulled me closer....he kissed my belly.....I think he has a new favorite...
Him: "zoba spoilt ke le..."I knew it....he loves his babies.....but ke le yiLast
born....the youngest...and he'll win his father over any day of the week.....let's hope
not.....

Lukhanyo's phone rang.... Him: "yes?" Caller: "Mr Mzinyathi, will you be able to
come to the hospital immediately? Its about Mr Smilo Mzinyathi." He hung up....and
looked at me with the saddest expression.....this cannot be the end...

Chapter 121

I went over to his side and held him...he looked almost afraid.....he got up and
showered quickly.....I took out his clothes. I took out his navy pants, white shirt and
a suede formal shoe....he got dressed...while he was finishing up, he pulled me to him.
Me: "you've been here for me when I was acting like a bastard...I don't understand
what type of strength you have woman. I love you Mamngwevu"...I hugged him....
Me: "for better or for worse babe...you know I got you....whatever happens, ndizobe
ndikhona for wena...me and the babies..."we kissed briefly and he left.....

Lukhanyo arrived at the hospital and looked for the doctor....he found him in his
office....they greeted and he sat down. Doc: "Mr Mzinyathi we have run a few tests
and we see rat poison mixed with other substances. He has not woken up from the
coma but his brain is active meaning he can hear and think.....he's alive....almost
lucky to have survived..." Lukhanyo breathed.....at least he was alive... Doc: "although
he's still in the coma....we are optimistic, he will pull through...you have the strongest
uncle Sir. Not many can survive this..." Luks: "thank you doctor.."they went in to
go see Ta Smig....he looked drained but peaceful..he lay still....Lukhanyo stood next to
the bed and held his hand.....a tear escaped his eye...memories came flooding
back.....he could almost hear Ta Smig say: "don't be a bitch, man the fuck up!" He

laughed and wiped away his tear....he had to man up.....he stroked his shoulder and walked out the room.

Lukhanyo walked over to Lihle's mother's ward. He was already here so why not.....when he got there she was excited to see him!... She: "my...s-s-son"..she struggled to say... Him: "molo mama" he sat next to her and kissed her hand. He told her they're having another baby, she seemed excited, She: "oow..b-beth-u-na..."...she breathed in between her words...he understood that she struggled speaking but the doctor encouraged us to talk to her, as exercise...he fed her the warm porridge and some warm milk...he told her that they planned to go back to school. But he will have to do part time....his plan was to get a nanny for the new baby, the two older go to day care. Lihle goes to school in the morning and returns in the afternoon. Then he will go later when Lihle has returned.....it sounded like a good plan...but will it work? he thought to himself.....after an hour he left. He called Lihle: "babe, I'm on my way back ngok" she : "okay hun.....I made food, noba ulambile kange utya uphuma kwakho...." Him: "yuuuh ngath uyandiva boo.....ndiyeza ngok ngok" Me: "mwaah...." They hung up

As Lukhanyo was driving home...he saw a black Mazda 3...slowing down coming towards him....shit!....Pluto cannot be out of jail already.....he stepped on the accelerator....and the car moved.....this is a bloody Benz if he thinks he'll catch up with me, then he's dumber than I thought! And truly the Mazda couldn't catch up.....until.....the robots went red!.....oh but damn!.....the mazda had tinted windows....and pulled up next to him.....the passenger window slid down....Lukhanyo stared at him.....it wasn't Pluto.....some random person, matter of fact the car wasn't even black it was dark navy.....he pulled down his window.... Mazda guy: "woow, jonga fethu le ntsimbi istrong rhaaa!..." Luks: "hahaaha! Ja shap fethu...." The guy hooted and turned right, Lukhanyo carried on with his way.....he breathed out relief....Pluto would've wanted to fight....and he wasn't down with that anymore...I've got 3 kids to think of and a wife...maybe it'll be four kids...he smiled.....he wanted a big family....and since his kids will only be 9 months apart it'll be perfect. Maybe bangene bonke eskolweni....yeah...he was in such a good mood.....he arrived at home.....stood at the door to look at Lihle, his wife.....who would've thought?...that he'd finally get this girl. How many people had to be removed to get her... It feels like I'm dreaming...I've finally got the family I always needed, even though it was in blood shed. Point is she's with me now.....he walked in

Chapter 122

Lihle: "hey boo"lukhanyo just held her and kissed her..... Him: "molo mfaz wam..."
Lihle: "how did it go?" ...he just hugged her and held her tighter... Him: "ingaske ndikuginye bonanje...." ...he kissed me again.....hmm, wonder why he's so happy... Me: "then swallow me babe....nam I wanna live inside of you...." I poked him and went to dish up....Him: "hahaaaha....like you'd survive...."I swear I loved seeing him smile, but you know what happens when Lukhanyo smiles.... Him: "babes, the doctor said Ta Smig's brain is active....he can hear and think.....they say they're positive that he'll wake up...." I smiled and handed him his tray. Me: "that's good news yazi babes....we need him soon. So that we can do the ceremony..." Him: "eliyeza, ndiske ndathin hlel'nje ndifuna ubalapha...you sure phof eliyeza alindiloyi?" Me: "heheee! Haike bawo....like I have the time to be bewitching you. Yayaz nje, ndipackisha ndimke mna..."he laughed... Him: "but that's not funny babe, yinyan..." He ate his food... The twins were laying on their blanket on the floor....

Lubb sent me a message: "what will we be doing on our birthday?" I replied: "why don't you ask the person whom you share a birthday with?" Him: "did you not plan anything?"that made me feel guilty...I really didn't plan for anything....kanti ke sizothin? Cuz we're a family, we can't just go out partying....and Lukhanyo akay'thandi into yohamba yedwa...or mna ndihambe ndedwa..... Me: "we'll just have a family dinner.. We can't really do much, Ta Smig is still in a coma.....it would be the worst time...." Him: "I understand...I was thinking of maybe we'd go to Jeffrey's Bay...and spend 3 days there....but ke a family dinner will be fine." Heeeeeeeeeee! U- invite(we) nguban kengok? Cuz it sure as hell wasn't me. When I said "family dinner" I meant me, luks and the kids. That's it. Yinton ngok ezoz'involver? Heee! Hayi Layta Yesu please. Uze namaxilongo mntakabawo... Me: "ok then." I figured he was still in Australia.... Him: "ndik'phathele nton?".....urrrrg - _____ - Me: "I have everything I need." Him: "there's something I saw that will look absolutely gorgeous on you...but its a surprise" ... (._.)whoopi!(._.)... Me: "I have to go" Him: "enjoy your day♥😊❤️"yoh this guy has time joe...which guy has the time to put a billion smileys? Eh...

I told Luks.... Me: "babe...yandika mna Lubabalo.....he just doesn't seem to get it.....uthi ngok und'thengele something and its a surprise, he keeps bothering me" ... Luks: "he told me"he was watching the Grand Prix....with Luthando on his lap...my boy shem.....his mouth was drooling....I went over to wipe his face and took Luhle.....we needed to do some girl stuff too.... Me: "babe, ima go shopping with uLuhle ke va...." Him: "knock yourself out sweets.." He wasn't even looking....I buckled my boo and we were on our way....we drove to Walmer Park....I started at an

Engen garage....I took Luhle out and we walked into the store...what was I doing here kanene?...really?...I had forgotten why I'd stopped at a garage?...Agitated I turned around and almost bumped into someone, I looked at him... Me: "I'm sorry...I didn't see you..."he smiled.....hayi man.....ndiyamaz lomntu.....ndimazelaph though?..... Him: "you don't know me, do you?" Me: "absolutely no idea..." Him: "we used to be in the same class in Primary...." Haayi! Uyagcina lomfana.... Him: "I'm Thulani.... Brownny pants? You don't remember?" I burst out laughing....because of the memories....oh my goodness! Me: "Brownny pants! You look good!.." He actually was looking Really good.

Quick Brief: Thulani had a massive nerd crush on me in primary, I kind of bullied him a little, teased him....pushed him around playfully... he used to be chubby and that was kinda cute....but now...good Lord have mercy. He was beyond gorgeous, Jesus Christ I ask for your forgiveness. Umhle qha umtana bantu fullstop! He had hazel big brown eyes.....and damn...pink lips! He had a light complexion too... Him: "Thanks, you're looking good too. And such an adorable baby you have.....can I hold her"....by all means Sir...he held Luhle and tickled her abit....did I just see her blush?....mommy doesn't blame you sweetheart....he kissed her forehead and gave her back.... Him: "I added you on facebook but you didn't accept my friend request..." Me: "I must've not noticed, I'll check though...it was nice seeing you, Brownny Pants..."...he licked his lower lip and said: "you too"....then he left.....so here I was standing in the garage, with nothing to buy, I decided lemme just buy a magazine instead....I paid and left.....

Luhle and I looked through almost all the shops, we had bought quite a few things.... Lukhanyo called: "buyani Lihle ku-late ngok..." I looked at my wrist watch.....dude it was just after 3pm! Me: "ok mntu wam siyeza..." Him: "buya ne pizza....craving pizza out here..."I went to look for a pizza place.....I bought his favorite....2 chicken triple decker's....with extra cheese. I bought Cabana ye pineapple...his new obsession and we left.....

I got home and took Luhle in first, she had fallen asleep in her seat....Lukhanyo got up to fetch the bags in the car....Lutha was sleeping too....yey! Me and my boo time....we put the bags in the bedroom....and he went to eat his pizza...as we sat down I told him about our journey... Me: "heeeee lovey ndadibana nomnye ndandi funda naye, uThulani....heee ndandiy'gezela ke leya.....this one time he had made a wee and I didn't notice so as I was playing I pushed him on to the gravel. So umhlaba was stuck like mud on his pants.....I called him Brownny Pants ever since..." Him: "oh shame man Lihle ungcilile wena....yuh! So unjan ngok?" Me: "he's good...." Him: "and..." Me: "and nothing...." Him: "nanku umphaphela ngok..." Me: "I'm just shocked

to see him...." He looked at me and raised his eyebrow.... Me: "okay...and he's changed drastically...yoh....hayi zange ndaxakwa".... Him: "bendiy'qondile...." He pulled me closer to him.... "I trust you though....."

Chapter 123

We watched tv together, I made him watch Modern Family. He seemed to enjoy but he was falling asleep....we lay on the couch, his head on my tummy.....after a while I heard him snore a little.....it sounded like a baby dinosaur.....really cute....I played with his ear...and nose.....I missed him man.....makavuke.... Me: "baby wake up I miss you....Him: "mmmh lovey kodwa....." ..he got up, and sat next to me....we started chatting about random things...and then, Him: "would you cheat on me? If the opportunity came....and there was a better guy than me?" Me: "Love, there is no better guy than you...and there's no other male I'd spend my time with other than your son. I wouldn't cheat on you. You wouldn't hesitate to shoot a bitch." He just looked at me blankly.... Him: "you're right. I wouldn't hesitate. I might have changed. But I still have it in me....that won't ever change. I'm glad you know".....that scared the shit out of me.....of course I didn't planning on doing so. Lukhanyo is the type of nigga that even if he died you wouldn't be able to date another nigga. For real. Why did he mention this....? Him: "did anything happen between Lubabalo and you?" Now ladies. If you haven't done anything wrong. Don't explode Asseblef tog ndiyak'cela. Be calm speak politely and tell him the truth, you have nothing to hide mos. Me: "no babe...." Him: "has he tried anything?" Me: "nope...not other than the stuff I told you...." Him: "oh." He sat back....then came to cuddle into me.... Him: "do you like him?" Me: "no I don't babe" ... Him: "but you're his friend" Me: "there's nothing else on offer." Him: "so if I wasn't around...there would!?" Me: "babe, no. Ukhona ngok. And that's what is important.....yaqumba ke wena xandik'buza ngalawei yakho." Him: "aska....besandotyiswa ngey1 yeBra's ngok....weak lamtana.....ndanceda ndasuka..." Me: "zawus'yaph kuye ndikhona Lukhanyo?" Him: "Lihle its all in the past now..." Me: "were you bored?" Him: "maybe just a little and then the fire you erupted when you found out.....shit ndaveske ndabanda.....never again. Anyway it was just a stupid bet...." Me: "it was a bet?" Him: "yea, the guys bett'ed on me".....I decided to ask no further.....

He insisted that I look for this person's profile in my requests.....I looked for it and found his name....I accepted....almost immediately he wrote a message in my inbox: "thanks mtshana"... Lukhanyo giggled... "You have been friendzoned..." He poked

me.... Me: "mxm, I don't care...nawe mos ndik'friendzone'ile..." He went on to his facebook, and checked his profile. Him: "its still written married though...." He stuck out his tongue.... Me: "I will remove it...." Him: "and I will slap you....."I stood up ran to the kitchen with my phone....he chased me, grabbed me and turned me around.... Me: "awuzond'bamba lewei forever....." Him: "I dare you bonanje mntu wam....soze wonwabe." He kissed my lips....I felt like I was floating....he picked me up and put me on the table.....as we carried on kissing....this hasn't happened in a while....my body was already shaking....he took me off the table and held me to the lounge...we just lay on the couch and kissed.....he kissed my cheeks, my shoulders, neck.... Him: "ndisezokwenza mistake ndik'lume wena....ur taste.....mhmm" and he nibble on my breasts.....this time he didn't mind the milk...he just lowered to my stomach and kissed it.... He smiled.....that evil sexy smile....its just unavoidable.. He got up....and sat properly... Him: "I don't want to rush these things...we have a whole lifetime ahead of us...." Me: "that's fine babe...I don't mind"and I actually didn't. He was such a gentleman....phof from the first night we met...there's many more of these to come, and I'm only too happy to wait.....

We watched the news and I got hungry, I went to dish up....the twins were awake, Luks went to fetch them....when they sat in the lounge he had taken my phone and started taking pictures with it... Him: "igrand mos lewei yakho vrou..." Me: "ewe babes its real cool...."then I heard silence, I looked at him....he was probably searching through my phone, or playing a game.....my money is on the first one. I went to give him his pizza and we ate.... I gave a tiny piece to Lutha, he played with it in his mouth then spat it out..... He opened his mouth again... Me: "awuva kodwa wena..."we finished up eating and I went to wash the dishes quickly. Lukhanyo got ready for bed..... So early?...he put the twins in bed with us....we lay there for a while.... Him: "I saw your message to Lubabalo.....hayi yakwaz uthukisa Matshangisa awuna ntanga..." Me: "akeva uHayi ubhuti wakho..." Him: "myeke wena.....I'll sort him out when he's back"...

"Ungade Lukhanyo....we're tryna keep this family...please man" Him: "hayi lovey. Asoze nd'menze nto...ndim lowa in another form...so I don't think I'm ready to commit suicide..." He laughed at his own joke. I didn't find it funny... Me: "goodnight mntu wam mas'lale..." Him: "and'fun lala mna..." Me: "hlel nje awufun lala xaku

Him: "ndithe and'fun lala mna."...I covered myself with the blanket, he crept in by his side and tried pulling me....I had to give in....he giggled and bit my shoulder...he knows I love it...and then when he massages my breasts....yes....they're a bit heavy...so I relaxed...he kissed my neck..then moved closer.... Me: "Lukhanyo are you naked?" Him: "nope....." I touched his thigh...he was naked!....wazba ukhulule nini.... Me: "awusand'bhanxi..." Him: "nawe mos uNaked....ngok nton ngxaki.." Me: "khandik'xokisele mna ndithi and'kho naked..." Him: "are you being real? We gonn argue about being naked?...kazapha wethu..." He turned me around...and looked into my eyes... Him: "is that a star?..." Me: "where...." Him: "open your eyes..." I laughed.... Me: "you're the star? Oh gosh..." Him: "ewe tshi...I light up your world." Me: "kutsho ba? My babies light up my world mna". Him: "ohh undikhiqile ol'hlobo?" Me: "ncoow bethuna.....you my big baby alok wena..." Him: "your big baby needs some love right now...".....he pulled me and kissed me....his hands, touching and squeezing....he slid his hands in between thighs and played with his finger inside....ohhh...*breath*....I almost didn't want him to stop....I touched him.....and massaged it...he breathed like a fiery dragon....he got on top and kissed my chest....without warning he dug in.....slowly at first then his paced picked up....his kiss rapidly increasing the passion....he just kept going....my body moved with him.....he was getting rougher...probably almost near the finish.....faster.....he thrust in deeper.....my thighs opened to invite him in....they started shaking.....he held both my hands.....his eyes shut....biting his lip....he growled in anger.... Him: "shiiit!".... Me: "yinton ngok baby?" Him: "I didn't want to cum.....ngok nd'sa enjoyer....mxm yeses....." He lay on top of me.... Him: "nd'zaylinda ivuke...".....I laughed.....after a while.... Him: "yuuh ndatsho ndatyafa kamand..." Me: "tshotsho....suka phezkwam uyand'sinda....".....he pressed on me then got off....in no time..he fell right asleep...I crept into his arms and followed.....

Luhle woke me up at about 6 the next morning....she was crying...I took her and tried to feed her...she calmed a little then started again....Lukhanyo walked in... Him: "what's wrong?" Me: "andaz babes....".....he took her and undressed her....he sang a little song about some lost donkey....but somehow it did the trick because she kept quiet and smiled.... Him: "noba benes'futhufuthu..." Me: "kanye bekhumbula wena..." He laughed and went back to bed with her...he was whispering to her.... I decided to go start on breakfast ndamaz Lukhanyo ngesisu sakhe..... Him: "baby, khenze isbhindi man...andil'fun qanda..." Me: "lithen qanda...".....he whispered like there was somebody else listening...: "lindenza naar"....I fell down in laughter... Yuuuh! Me:

"aww na baby....une morning sickness...??" He just sucked his teeth and stared at me.... Him: "geza wonene..." I fried him his liver with onion and seasoning...I cut his bread in triangles....I know its cheesy but I couldn't help it... He came into the kitchen. Him: "hee uLihle, ulibele uDecorator kodwa nd'lambile...its looks cute babe..." He started cutting slices of tomato.... Me: "ingena phi kehok lovie?" Him: "andaz nam, phethwe kubawa qha..." ...he took his plate and went to sit down.....

During the afternoon, we were going to go to the park, we got ready... Lukhanyo sat in the lounge with the babies while I did my make-up. I heard my phone beep. Its probably Vuyo...Luks yelled, "nanku facebook!" I knew he already read it...he walked in..... Yoh lomfana man....everytime I see him its like the first time... He walked into a place like he owned it. He was wearing khaki 3 quarter shorts and a plain black t shirt...he had on Black Adidas All Original sneakers.....I was wearing a black vest, jeans and my black Ugg boots... Him: "yile tshom yakho.... ina..." It was Thulani: "Hey Lihle, what are you up to today?" I replied: "Me and my husband and kids are going to the park...you?" Him: "that's lovely....I'm not doing anything....can we join you? My wife and I have a 3 year old son...if you don't mind"I showed Luks.....he smiled.... Him: "yitshom yakho...." ... Me: "nawe ngok izoba ngeyakho....its about time you made legit friends...." He rolled his eyes.....and agreed.... We decided to meet at St Georges park.... I packed 2 baskets, with fruit and snacks....we were stopping for chicken on our way.....Lukhanyo insisted....so we took our blanket, the babies bags and left..... Just as we were leaving. Lubabalo arrived.....what a perfect day, completely ruined, before it even starts. Lukhanyo had the biggest grin on his face...

Chapter 125

Me: "you cannot be serious..." Lukhanyo walked to him and they hugged..... *rolling eyes*...tshi ingathi they haven't seen each other in months... Lubb: "niyaphi?" Me: "I thought the Lord answered my prayers.....but here you are. You're back...." He stared at me...not in the friendliest way.... Him: "well, my God told me that you missed me...." I felt like hitting him with something... Luks: "yerr anilwi man...siya on a picnic with Lihle's old friend...." Me: "Yeah, it'll be a FAMILY picnic, with him and his wife and kid." Lubb: "oh.....nihambe kakhle ke. Just came to say Hi....anyway, I'll be on my way..."he turned and walked away to his car.....I got in the car and we left.....Lukhanyo was awfully quiet.... Him: "that was unnecessary Lihle." Me: "there

you go feeling sorry for him again..." Him: "of course I'm feeling sorry for him! He's my fuckin brother, and you just chased him away because you have this thing against him! Bek'kho ineed? Hayi man Lihle man!".....he was really upset...maybe I was a little too mean to Lubabalo...? I don't hate him, its just that.....he's just.....ahhh okay, I just dislike his behavior.....there! Me: "call him.." Him: "kange agxothwe ndim!".....the rest of the journey was dead silent.....we parked at the Park and got off to meet Thulani and his wife.....

They hadn't arrived yet, so I lay the blanket and baskets so long....we sat down and Lukhanyo was still sulking.....eating snacks.....akase cute nje.... I sent a message to Lubabalo: "I'm sorry for my lash out. You can't just appear tho....you kind of surprised me" Him: "its fine." Me: "forgive me?" Him: "No".....ouch, even though I didn't like him much...that actually stung... Me: "Lubabalo, I'm really sorry....I didn't mean to" Him: "I said its fine Lihle, you don't have to explain yourself. You made it pretty clear that you don't want me around....I get it.".....I didn't even know what to say. Me: "ok then".....mos I don't want him around...is that a bad thing? I liked it better when it was just me and Luks and the kids.....Thulani arrived.....hey, he had a Land Rover Discovery 4...cool....he and his wife came forward with their little one..... They approached us.....oh please Lord, lighten Lukhanyo up.... I got up and greeted them....he just looked up and said "Hi".....my heart burned....I stared at him with the coldest look, he sighed and got up.... Luks: "I'm Luks"...he greeted Thulani and his wife.....I could tell in an instant, Lukhanyo didn't like him.....his expression had nothing to do with Lubabalo's dismissal...he just plainly didn't like Thulani....but he kept his cool.....the wife and I got along....we chatted and shared a few.....she was nice.....my phone rang....as I got up, Lukhanyo shot me a deadly look.... Me: "its Vuyo babe, I'll be right back..." He didn't want me to leave him here....I walked a few metres....and chatted to Vuyo for a while... Me: "hay peto I'll call you later wethu.....ndisekwi picnic with an old friend....and his wife, Lukhanyo une mood swings....so funeke ndibuyele....." We hung up....Thulani held Luhle....they clicked since day one...he was good with her.... Him: "kunin ndifuna a baby girl.....yuuuh, they're just a pride and joy for a father yazi...." Me: "and boys aren't?" Him: "hayi man tshomi...a boy is important naye but there's just something about a little girl.....yoh" He held her close to him.....Lukhanyo stared at them....shame and he was smiling for the first time since they got here... Luks: "she's the most gorgeous thing I ever created...".....we all laughed.....ahh thank God....the picnic went well...and we all exchanged numbers....then parted ways.....

When we arrived home....Lukhanyo put the kids to sleep.....I was a bit tired but I started on the pots.....being a wife I tell you, especially when your husband has

hormones of a pregnant woman.... Him: "supheka babe.....ndiya ku Luba...." I felt like screaming.....I didn't answer him.....I just cleaned up the kitchen and put the things away..... He came to me...and hugged my back.... Him: "suqumba lok my love..." Me: "and'qumbanga babe....he's your brother...do what you have to do..." Him: "we would go together but hey.....you don't want to be around him...I'll be back soon..." He kissed my forehead and left.....

Hours fled by.....I called him....he didn't pick up.....I tried again....nothing.....I went on to facebook.....heeee, Lubabalo just posted a pic of them together.....that looks like.....akukho kwa Ngqoko na apha?.....but of course this is Chiefy's place!!.....I know err'corner I was regular there last year!...heeeee, ngok k'then engaphendul phone?... I fed the babies....Lutha was feeling a bit irritable....so I gave him his med's....he went to sleep....Luhle was half asleep and when I put her in her cot she cried.....so I held her, and went to the lounge....she slept on my chest.....I fell asleep too.....ndothuka after 2am....I got up and put Luhle in her cot.....I crawled into bed..if he'd seen my missed calls, he'd call back.....I refuse to be a nagging wife....after about 2 hours ...I heard the car pull in.....he stumbled in....probably drunk.....then heard the bathroom door open.....I decided to sleep....because at least he's home.....I woke up the next morning....the garage door was wide open, the gate was open, the Door was open! WHAT THE FUCK!!!! My heart trembled in fear, everything was still in place and the cars were here!....I went to the spare room....he had fallen asleep next to Lubabalo.....they were both snoring loudly.....I wanted to kill them both! How dare they leave the house open! Abantwana aba? Unjan na uLukhanyo!!! Fuck it.....and then when I walked into the lounge....my heart stopped....my body started shaking....how the hell? What? it was.....the guy who killed Xolani.....with 2 gruesome-looking guys... What were doing here.....?! The killer smiled..... "2 of everything is better than 1 ei? Tell your husbands we're here".....

Chapter 126

I swear I would have pissed on myself....I backed away slowly....tears streaming my face...I held the spare room door and opened it.... my hands trembling with fear....they were still asleep....I kneeled next to Lukhanyo's side.....I tried waking him up....he just didn't wake up....he just twisted and turned....I started crying by now...Lubabalo woke up....he looked confused.... Him: "yinton Lihle???"he got up and rubbed his eyes....he looked at me again....he saw that I was crying...my hands

over my mouth, trembling.....he jumped up and came to pick me up..... Him: "Lihle, kwenzeka nton, is it Luthando?"....I shook my head.... Him: "Lihle I won't be able to help until you say something...." Me: "he's here....." That's all I could mutter.....Lubb burst out the room and looked around the house, he found them in the lounge... Lubb: "Jermaine!! Wat doen julle hier?" I walked to my bedroom and locked myself in with the babies....its clear Lubabalo knows these people, I know he told me.....but to bring them here? No man.....that was disrespectful...this Donkey person almost shot me if Xolani hadn't pushed me out the way....I couldn't even listen to them....I was so hurt.....why would Lukhanyo be this careless? What if it wasn't these people who had entered? God Knows what could have happened...I prayed to thank Jesus these men did not take advantage of anything....they looked vicious. and Lubabalo told me that they believe in killing nothing else..... I just cried out in anger.....someone knocked on the door. It was Lubabalo.... "Lihle open up." I couldn't.....what if he wanted to kill me?.....what if they were working with him?.....no....oh God, why did Ta Smig have to be in hospital....."Babes I'm not gonna hurt you, please just open the door"....I'm not his babes mna....he must leave me alone....I sat on the floor....and wept.....my phone rang....it rang and rang....I checked the number it was Thulani...he would know I'm crying, should I pick up? Could he help me? No he can't.....he's just an ordinary guy, he'll just get killed here.....he sent an sms... "Mtshana you ok? Call me"... I heard another knock... "Baby vula ndim..." It was Lukhanyo.....I got up, and stopped at the door.....was it really him?....I slowly backed away.... Him: "Mamngwevu cela uvule umnyango alok"....I sat on the floor again...I was just beyond scared....that guy is the reason for this...how do I face a person that done killed someone in front of my eyes. Seeing is believing they say. Its fucken true!...its better hearing someone did it than seeing it happen!....how can Lukhanyo do this?.... I heard him and Lubabalo in the passage... Lubb: "soze avule lomtana lukhanyo, we'll have to take down the door." Luks: "we've done that before, sam'lungisa umnyango now its unbreakable....we have to wait until she's ready.....my worry isn't the babies, because she can breastfeed them....yena uzoty nini?...eish uLihle bonanje..."they walked back to the lounge... Jermaine: "we tuk care of dai oke....die groot een...?" Luks: "Buntu..." Jermaine: "ja! Dets de 1....we need our down payment for the next one....we finishin the team dis time neh?" Luks: "I don't want none of them left. All must be removed."....I heard him go to the spare bedroom...then walked back.... "Here's your payment....for all. After this we're done doing business.....thanks for guarding the house..." They left.....

Wait.....Lukhanyo is still paying people to be killed....? But why? Why did he do that?... I opened the bedroom door.....he walked in and rushed to me... Him: "baby I

can explain?" Me: "explain what Lukhanyo? That people are still dying! You lied to me and said you had nothing to do with Buntu's death!! The fuck you lie to me for?!! Huhh? Kuske kwathin Lukhanyo!!!? Uyaphalala ever since this DAMN person walked into our fuckin lives!!! Can't you just stop??? Can you just for once and fuckin think!! Unguyihlo damnit! What will your son think of you when your ass behind bars???" He stood there and stared at the floor.... "Lukhanyo!!! Ndithetha nawe what the Hell are you going to say to him!!! No, baby...daddy sells drugs, he kills people for a living....? Can't you just..... FuuuuuuuuuuuuuuuuuuuuucKkkkk!..."....I screamed in agony....I held onto the bed...my lower abdominal was in pain....so much pain....I screamed and screamed....Lukhanyo held me and took me to the car.....He left Lubabalo with the kids....I think I felt my stomach tearing apart....I was crying and screaming all at once.....my baby.....I can't lose my baby!....my body was numb with pain....I felt nothing but absolute Pain.....we got to the hospital and he hurriedly carried me out the car into the hospital.....I was dizzy....my eyes were drowsy.....I was consciousness.....my baby.....I fell in the pit of darkness.....

Hours later I woke up.....Lukhanyo was beside me...he looked rough and unrested....the doctor came in..... Doctor: "Mr and Mrs Mzinyathi, we regret to inform you that you have lost the baby. I am sorry....."I started shaking, tears welled up in my eyes, Lukhanyo tried to hold me...I pushed him away... Me: "just go..." Him: "baby I am soo sorry...." Me: "GOOO!!!!!!" I screamed.....I couldn't describe the pain....physically and emotionally....mentally it just fucked me up....I cried for almost 3 hours straight.....the nurses came in to sedate me.....I refused.....I fought and fought....they held me down.....and put the injection in my skin....I slowly drifted.....my baby.....

Chapter 127

I was the first to wake up in my ward. I just lay there with my eyes open. Why did I shout at Lukhanyo?...did I have to over react? Now I lost my baby because I couldn't keep my temper in check. I heard the nurse's squeaky shoes from a distance....I covered my head with the blanket and pillow. I didn't want to talk or eat....I didn't want anything...I just wanted to die...why was Lukhanyo killing these people? Hasn't he changed kanti?...I heard him walk in....he sat down next to me. The nurse came in and woke me up. I sat up with the most difficulty...she gave me my food tray....I pushed it away when she left. I don't want food... Luks: "Lihle..."I didn't reply....I

couldn't.... He took my hand.....and kissed it.....he looked drained... Him: "baby I can't begin to explain how sorry I am...its all my fault,,," ,,,he kept on talking and apologizing....my heart couldn't hear him...it didn't reach out to him....I just sat there blankly. Ufuna ndithin? Ndithi its fine? Well, it isn't. I slid down the bed and covered my face...I love my babies, but nalo mos bendimthanda naye...people don't understand how painful it is to be excited for something and then it doesn't arrive....that disappointment that has you down for days.....someone else walked in. Him: "how is she?"it was Lubabalo. I wonder where these murderers left my kids....probably with Sylvia. Luks: "she isn't talking to me"... Lubb: "Lihle..." He held my shoulder...what made him special?...mxm...its not that I didn't want to talk to them. Its just that I can't.....when I try to speak, I start crying.....phinde ibeyenye leyo....I just wanna chill. I heard a 3rd person walk in....it was the doctor... Doctor: "sweetheart.....your husband is here to see you, don't you want to speak to him?" I sat still under those blankets.....I know it was childish and immature but I needed time alone. He was crowding me....both of them....they should just try to leave me alone.... Doctor: "you'll be able to go home soon...we've cleansed your womb and gave you the necessary treatment. You will be able to heal at home."but I don't wanna go home.... Doctor: "would you like to go home today?"I slowly shook my head..... Luks: "baby please..." I didn't want to yell, talk, scream....I just wanted silence. Can't he give me silence? Doctor: "Sir, she's feeling really emotional right now...losing a baby is a very big deal to women. Those who haven't experienced it don't know how it feels....a part of her just tore away from her body....a life.....you just can't let it slide....she may need counseling if she doesn't feel any better..."... Luks: "thanks Doctor...I'll see what I can do for her"the doctor walked out....I felt Lukhanyo's head lay on the bed.... Lubb: "sukhala fondin this is not your fault" luks: "*sniffs*...but lubabalo it is! I killed my last born fethu!...do you have any idea how that could feel?" Lubb: "it was an accident..." Luks: "lihle ubone uD and Jermaine lubabalo, that's what stressed her...I was careless! I left the house open to just anyone....what if bek'ngene abanye abantu pha? Lihle has every right to be angry at me right now.....abantu that killed a person in cold blood right in front of you, in your own house? Lubabalo kay'cinge nawo lonto... Uburhumsha aside."...he was talking in between tears....this baby was a part of him too....he felt the symptoms.....it was his last born too... I got up...and looked at him.....Lubabalo was holding him while he cried...it was the saddest thing I have ever seen....even lubabalo had tears in his eyes.....Lukhanyo was a sad sight.... Lubabalo shook him slightly....."Nanku Lihle..."he almost jumped up...he wiped his tears and smiled.... "Baby wam..." I wanted to smile....my face wouldn't let me...I tried a little smile...he kissed my forehead and cheeks.... Him: 'uxolo sthandwa

sam...I am really sorry boo"....I nodded my head.... Me: "I know...you're sorry....Lukhanyo.....I need some time alone. Please." He looked shocked and upset.... Him: "but baby I wanna be here with you..." Me: "I know...I just....need time"...tears fell down his face.....he turned and walked out, Lubabalo followed him.....

The next day, the nurse came to guard me while I ate... Nurse: "sisi, you must keep your energy levels up...you have to eat..." I ate just a little... Nurse: "some more....." ..I ate a little bit more...and pushed the tray away....she gave up and handed me my pills.... I drank them quickly....I opened my mouth for her to see.....she's crazy as hell, why wouldn't I drink the pills ndisiva such pain?...I'm not entirely crazy.... Nurse: "you'll be leaving today..." I just slid into bed, I don't need to hear this.....its the saddest news.....I fell asleep.....

I woke up when I heard the doctor speaking a while later.....Lukhanyo was here, I could smell him.... Luks: "so I can take her home today?" Doc: "yes...just make sure she drinks those pills twice a day and eats at least 3 times a day...." ... He came over to me and shook me slightly...a part of me wanted to play dead...I got up and looked at them.... Doc: "you're going home today...." He said with a smile.....so I've heard...everybody here excited for my departure.....do they know the people I live with? Do they know I have married The Lucifer in flesh?...nahh, they couldn't have known...they're falling for the same charm I fell for....that sweet Lukhanyo... I got up....my insides were still in pain....its not that the pills don't work. They do, they Lessen the pain...not completely take it away...Lukhanyo had brought my slippers....they took me to bath....when I was done, Luks had lay out my clothes.... Tights and a wool jersey...plus my Ugg boots.....he hated slippers in public. He helped me get dressed. And went to sign the papers....I'm sure our medical bill is on the 5th cloud.....we eventually left.....

Lubabalo had cooked.....he can cook? Eshhheee!....lukhanyo fixed the lazy couch and came with pillows....nigga I wanna sleep...I sat down and he switched on the tv.... Lubabalo brought the food.....did I look hungry?...he put it on the table next to me... Me: "cela phone yam..." ...Lukhanyo went to fetch it...it was off....I switched it on and found messages on whatsapp from Vuyo...about 16...I think when she saw the 2nd tick, she called.... Me: "hey" Vuyo: "hey what's going on? Been worried sick about you!....are you okay?" Tears fell down my eyes.....thinking about it just brought it all back..... Me: "I lost the baby....." I cried....Lukhanyo just turned and walked away.....I heard Vuyo crying on the phone.... She: "ohh mtshanam....I am soo sorry mani....yuuh.....I'll come that side as soon as possible va...." Me: "its okay, you really don't have to...." Vuyo: "Lihle, andiceli kuwe...ndiyeza ke qha!....." We said our

goodbyes and hung up.....I ate some of the food, I forced myself..the first step to healing is forgiving....so I had to eat this food to show peace or else it was gonna be another "you don't want me here" scene....I ate half of the plate....when I tried to get up to put the plate in the sink, Lubabalo was already taking it..... Me: "thanks..." Him: "Pleasure..." I got up and went to bed..... He whispered to his brother...Lubb: "Lukhanyo, this is your time. Cela uxolo." Lukhanyo got up and followed...he crawled in next to me...I immediately went to his arms, I heard him breath in relief.... Me: "its your fault Lukhanyo.....we in it together....."he kissed my forehead and held me tighter...

Chapter 128

I woke up....some time later and tried to get up...he helped me...and led me to the bathroom, I took off my tights and he left me there.....when I was done I got up, wiped, flushed and walked away.....with my eyes closed....I don't need a reminder....I went to the lounge and sat on the couch....Lukhanyo brought me a blanket...he made hot cocoa and gave it to me....I heard a knock on the door. Gosh I was in no mood for visitors....Lubabalo went to open.....Lukhanyo was sitting next to me holding my hand.... "Mr Mzinyathi, its nice to see you again...we have a few questions we need to ask your wife"...it was the police officer.....can't remember which one.....there's been too many policemen in this house.... He thought Lubabalo was Lukhanyo.... Lubb: "oh no, I'm sorry Sir, I'm not Mr Mzinyathi....I'm Lubabalo Morrison..." Police: "look Mr Mzinyathi.....we don't have time to play guess who, we just need to speak to your wife. I know you already..." Lubb: "Sir, the people you want to talk to are sitting over there..." He showed them the lounge. The police stared at Lukhanyo then stared at Lubabalo..... "I am so sorry, I honestly thought you were kidding!" Lubb smiled..... Police: "Good day ma'am, I'm Detective Smith. I need to ask you a few questions regarding the murder of Sinovuyo. We found evidence that might link us to the murderer....I'm waiting for a call from the forensics department...." My heart stopped....Lukhanyo's eyes shot up....tears rolled down my face...he held me.... Police: "I'm sorry is this a bad time...?" Lukhanyo: "my wife just came back from the hospital. She had a miscarriage..."what a fancy way to put it. Police: "I'm sorry ma'am..." Me: "its fine you can continue..."

The policemen received a phone call...and went outside...Lukhanyo was sweating, but he didn't say anything.... Lubb: "what's this about?" Me: "asking me or brother dearest?" He looked at me....Lukhanyo couldn't even speak...of course that upset me

too...what if the cop is finding out right now that its linked to Lukhanyo?...and if he arrests him? Abantwana bam bathin? ...Luks: "Lihle, don't forget your story" me: "what is my story? I don't have a story mna..." Lubabalo was confused but he knew it wasn't the right time to ask..we waited in anticipation... Luks: "Lihle I'm being real. You better not change your statement!" Me: "Is that a threat Lukhanyo?" ...he just stared at me... Luks: "I'm not threatening you....just know that if you mess up one sentence or word...all this is gone forever....." He gestured to the house....this was true, but maybe I'll be free....I'll go to church I'll ask for forgiveness....I'll be fine....the police came back into the house....the tension was tangible....so heavy!...

Me: "would you like some tea and rusks?" Police: "yes please..."he smiled. I tried to get up and walked painfully to the kitchen, I boiled some water. Lukhanyo was dead silent. Lubabalo was a nervous wreck....I could see him shaking....heee, bayoyika kalok? Ha!....akunzima ubangum'bulali....Lord have mercy on their souls. I brought the tea and rusks and set them on the table...the police started eating..... Police: "ma'am.....we removed the bullet from her body before they buried her, we kept it as evidence...you see that bullet was one of a kind. You don't find it in South Africa. Its from Afghanistan. Those rifles are used during a war..." I knew all this...but I had to act surprised... Me: "what? But...but how?...who would do such a thing?!" Police: "Do you know anybody that would have done everything in their power to kill your friend? Do you know anyone with a motive?"....I slowly looked at Lukhanyo.....his face was sweating....he stared back at me with pleading eyes....he swallowed hard.....his hands were shaking.....I looked back at the police and smiled.....

Me: "yes, I do....."

Lukhanyo turned away and hid his face.

Chapter 129

He was trembling in fear.... Police: "who is it ma'am?" I looked at Lukhanyo....he looked faaaar away....Lubabalo had his face buried in his hands....and'sabawel uhleka...qha ndiyaqaqanjelwa... Me: "Lukhanyo..." He stared at me....his eyes in pain. Him: "Baby...." Me: "did you tell the police about Pluto?" He looked to the ceiling.... Then back at me...Him: "no...I didn't...." I looked at the policeman. Me: "I went to visit Sino a few days before she died...she received a message from Pluto telling her "she messed up and she was going to pay for it"well obviously he said it more brutally. Sino was crying and wouldn't tell me what she'd done.." The police wrote

all of this down...and thanked us for our input.....he thanked me for being such a wonderful host and the tea and rusks...he left.....

Lukhanyo came over to me and hugged me... "Don't you ever scare me like that.....yuuuuuh Lihle, hay man..." Lubabalo was still confused... Lubb: "nguban Sino?" Lukhanyo told him what happened. He sat me down.... Me: "ngok bustressela nton?" Luks: "Lihle, you know I'm scared to lose you. Andiyaz uyenza njan into yondothusa ngalento..." Me: "told you to stop this. You promised me Lukhanyo..."lubabalo got up and went to the bedroom....we sat in the lounge and watched tv.....kange aphinde and'yeke....he cuddled himself in my arms....he ended up falling asleep, I got up and went to the bathroom....the time I got out Lubabalo stood in the passage.... Lubb: "cela uthetha nawe?" Me: "thetha bhuti..."he looked me deeply in the eyes... Lubb: "you know I care....dude I'm sorry about all of this..." Me: "wenze nton wena?" Lubb: "ababantu ababizwanga nguLukhanyo...they came for me...." Me: "I don't want to hear it lubabalo....was your plan to get rid of lukhanyo? Are you really that cruel?" Lubb: "I'm not trying to get rid of him! He is my brother!" Me: "uqayisa ngalonto oko! But you don't show it! Why would you bring Thugs into the house?!" I heard Lukhanyo wake up...I tried walking to the bedroom.....but I wasn't fast enough.... Luks: "kwenzeka nton apha...?" ...I carried on walking... Lubb: "I'm just apologizing" Luks: "what for?..." Lubb: "the people that were here, the baby...its clear she doesn't want me here..."lukhanyo held Lubabalo's arm and dragged him to our room.... Luks: "Lihle, why do you hate Lubabalo? Ukwenze nton?" I just froze....I was not expecting this... Me: "uhm...n-nothing.." Luks: "jongka kukho i-tension between you two, and iyandidika mna hlel nje umjonge ngamehlo enyoka omnye Lihle..." Me: "I have nothing against Lubabalo..." Lubabalo looked at me blankly... And walked away... Luks: "yabona ke?" Me: "he's the one that walked away!..." Luks: "you guys are acting like children.." And he walked out....

The next day...my phone rang.....it was Vuyo.... Me: "hello?" I had just woken up... She: "hi peto I'm almost in p.e...ndihlike at the same place?" Me: "I'll come fetch you"....Lukhanyo walked in...with a rigid face... She: "okay lovie.." We hung up... Luks: "who are you fetching?" Me: "Vuyo uyeza..." Him: "you can't drive that state...we'll go fetch her....sapha number yakhe?" Me: "send Lubabalo..."I smiled at him....he took the number and went to the lounge..... Luks: "lubabalo, can you do me a favor?" Lubb: "sure, what's up?" Luks: "go fetch Vuyo, usendlelen ezayo, here's her number. Thanks."...Lubabalo was shocked.... Lubb: "Haaaayi Lukhanyo you can't do that to me!" Him: "why the hell not?" Lubb: "I can't go.." Lukhanyo laughed at him... "Khahambe wethu.....I need to spend some time with my wife..." Lubabalo left.....

He got to eNjoli, and called her.. Him: "uthi uphi na wena?" Vuyo: "ohh Lordy Lord...ndizolandwa nguwe kanti?...ndingaske ndijike bonanje..." He giggled.. Him: "vuyo uphi man..." She directed him....and they hadn't dropped the phone...as he was still arguing with her that he didn't see her.....his eyes locked.....his heart smiled.....there's just something about this girl...she makes my blood flow....in all the right places.... Vuyo: "why are you staring at me like that!?" Him: "mxm, kayek uz'dala wethu sambe...." He couldn't help smiling...

Chapter 130

They drove home... Lubb: "so how's work?"why was he even asking? He didn't care tshi... Vuyo: "since when are you interested?" Him: "I don't know....maybe its because I'm trying to make a conversation?" Vuyo: "yeah whatever..." ...she looked out the window.....Lubabalo turned on his music.....he put on the Rich Gang album his favorite song Tapout.....and then he started singing..... "She f*cked up when she gave me that pussy..."...he was even dancing too.....Vuyo just smiled and looked away....he looked like Drake in that Started from the bottom video....quite cute.....then he turned it down... Him: "do you want me to make you tapout?"she just laughed....how could he even have the guts to ask that question?...oh this guy though...smh.... She: "No!" ...deep down she know she did.....then he turned it up again and sang out loud...eventually they arrived at Lukhanyo's house.....

Lukhanyo was already standing at the door, shouting "she got that million dollar..mh mh mh!"these two people....Vuyo entered the house laughing....she hugged Lihle who was already laughing...they chatted and caught up.... Me: "babe!" ... Lukhanyo came hopping in....I don't know what they were doing in that lounge.....

"Khandenzele a Strawberry shake...mix it with some yogurt please...uyenze ibe weak..." Him: "heeee, hayi nd'zayenza njan kehok mna lonto..." Me: "I'm sick and tired of cocoa boo!..." Him: "OUCH!!! I thought you loved it!" Me: "are we gonna argue about beverages? Really lukhanyo!?" Him: "yes, we will!..." ..he sat down... Him: "you never told me you didn't like it nje..." Vuyo was laughing... I really couldn't understand why he had to sit down for it... Me: "lukhanyo, kaphume sifunu hleba thina..."...then Lubabalo walked in..... Lubb: "heeee anisanyubi nje..." He lay on the bed next to me.....I was on facebook...Lubabalo sent me a text.... "She's funny, and sweet" I replied: "finally, you see sense!"I looked at him and we smiled at each other... Luks: "nabo ke Vuyo! Baxabana baphinde bavane ndibesi sdenge mna..."

Vuyo: "hahaa! Ow yhini na Luks..uth badlala ngawe..." Luks: "babexabana apha, ndaphendula, next thing bayohlala eParken together kutyiwa i-ice cream and'bizwanga mna...nangok bebeqibo tshintshelana..." ... Me: "yipeto yam alok lena...nangona hlala and'dike, ndiphinde ndim'gxothe.....kutyiwa nton namhlanje?" Lubb: "Lukhanyo uzopheka" ...he said with a straight face...Lukhanyo stared at him..... Luks: "I'm sure you meant lo unguwe uLukhanyo ne..." Vuyo got up... "I'll cook...." I got up and followed her, we left the two idiots arguing in the bedroom.....

We stood in the kitchen and I peeled the veges... Me: "so he's coming around hey?"... Vuyo: "friend...." Me: "what's wrong?".. She looked down.... She: "Sibo said he's leaving his wife...he wants a future with me..." Me: "peto, don't tell me you believe that..." Vuyo: "but ndiyamthanda Lihle"... Me: "ay'lothanda oluya Vuyo! He's playing you..." Vuyo: "I don't know Lihle...you got something real here" Me: "exactly! You can have that too...." ...she didn't answer....she turned around and stirred the pot... Lubabalo sent me a text.... "Babe, I'm feeling weird....like there's butterflies in my stomach...izano hlala ngapha man..." I replied: "iza wena, offer to help her...she'll love it..." Him: "ndoyika.." I laughed out loud... "Mxm wena..."vuyo looked at me.... "And then?" Me: "hay wethu peto..."...I smiled....Lubabalo was acting like such a teenager.... "Did you ask her about me?" Me: "should I?" ... Him: "please...."I asked Vuyo, "peto what do you think about Lubb? He's a sweetie pie isn't he?..." Vuyo: "yuuh hay peto....he's a playboy....and'fun nova....I can't get myself into that....".....Lubabalo sent a text... "😞:("...I replied: "stop sulking and prove her wrong!".... Me: "But my friend, I think he likes you..." Vuyo: "I don't. I'm fine with Sibo...." I couldn't believe this girl....phof nam, over a year ago I was head over heels with a guy that treated me like trash..... Lubabalo sent another message, noba lena ine Free sms, soze uve..... Him: "TF is Sibo? *angry face*" Me: "her bf..." Not less than 3 minutes later he appeared in the kitchen.. "Lihle nd'cela ukbona..." Me: "what for?" He held my arm and dragged me to the lounge....

Lukhanyo was sitting on the edge of his seat watching soccer... His fists were in mid-air like he was boxing... Lubb: "you didn't tell me about a damn boyfriend!" Me: "you didn't ask!..." Him: "but lihle ndizothin kehok?!" Me: "play your part boo...."I pushed him playfully, he grabbed me.....lukhanyo looked at us and shook his head... Luks: "nabo ke Vuyo, bephinda bexabana..." I heard Vuyo laughing.....Lubb: "how lihle?!" Me: "lubabalo use your imagination...and remember my advice, Flash Love! Not money....kamand nawe sow'bonile she's not into that...." He rolled his eyes...and went to sit on the couch.....ow bethuna....now both my big boys are gonna be happy...

Chapter 131

Vuyo dished up and we sat in the lounge....my breasts ached.....I missed my babies.
Me: "baby, siyobalanda nin abantwana?" Luks: "the doctor said you must take it easy...I can fetch them tomorrow...ndiyabakhumbula nam ngok..." I ate a little....Lukhanyo brought me my pills.....we ate and watched this soccer business yakhe....Lubabalo wasn't much of a fan... Me: "Lubby, what sports do you like? Awuse khedame" Him: "I like basketball...and drag racing" Me: "drag racing is not a sport.." Him: "is to..." Me: "it isn't, its illegal..." Him: "ima take you to my spot...its all chill....pha eMarkman on sunday afternoons...." Me: "its still illegal" Him: "its still fun..!" Luks: "its still Keep Quiet!" ..we all giggled....he was so serious when he was watching soccer....Lubb, vuyo and I went to wash the dishes....actually they washed the dishes....I just stood there and made conversation...Lubabalo was smiling..... Vuyo's phone rang... She answered it: "hey mntu wam..."Lubb's face just fell.....his expression changed worse when Vuyo left the kitchen.....

Him: "Lihle, I don't like being disappointed. I don't like not getting what I want"trust me I know....we finished washing the dishes... Him: "yinton le ithethwa kangaka?" He was so jealous.... Me: "aww uneskhwele ndoda..." Him: "mxm..."Vuyo stepped back in the kitchen and Lubabalo walked out in frustration. Oh well.... Vuyo had a huge grin on her face.... Me: "yinton ngok?" Vuyo: "he got me something...he said he can't wait for me to come back..."my head started paining.....I remembered the time Xolani said that and everytime it blew up in my face ndingade ndiy'fumane nale surprise instead we'd just have the casual "paid for" sex....I didn't want to argue with her... Me: "ok ke peto....whenever you're ready..." She was so excited....I was happy for her, but also sad....for Lubabalo....he's so into her.... I went to sit in the lounge next to Lukhanyo...his match was finished, his team had won....judging from his happy mood.....I kissed his cheek.... He looked at me...and kissed my lips.... Him: "awusembi nje...no wonder lubabalo ek'balekile esiya ku Vuyo.."he whispered....I burst out laughing.....I think Lubabalo heard us...he stared at us...he didn't look happy. He just got up and went to the bedroom....I looked at Luks... "Tshom yakho babe. You know I'm bad at comforting" ...he helped me up and I walked to Lubb....he was laying on the bed, texting on his phone.....he didn't look angry....he was just throwing a tantrum....I looked over at his screen. Tshiin! He was playing Chess...an intellect game....probably wanted to forget reality....

Me: "hey mtshana..." He stared at me....and looked back at his phone... Me: "come here...." I hugged him...he pushed me away..... Him: "I'm fine." Me: "nigga stop lying....and keep it 100. You are not fine" ...he smiled and poked my ribs... Me: "yand'thunuka...mani..." Him: "mxm, su-ekta apha..."he took his phone and took a

picture....Lukhanyo walked in... Luks: "heeeeeeee! Hayi Lubabalo uyand'qhela kodwa.....khabekele wena....nam funu phot'wa...." Lubabalo took a picture of usthen him alone.... Lubb: "lukhanyo poses like a grandpa....."I burst out laughing and left the room....Lukhanyo threw a pillow in his face. I went to the lounge and saw Vuyo holding her phone....she looked really upset....me: " yinton?" She showed me her phone..... So apparently Sibho posted a picture of him and his wife on facebook....Caption: "Love of my life"I couldn't tell her to her face I told you so.....so I just hugged her....Lukhanyo came out the room followed by Lubabalo.....Luks came to join the hug... Lubb: "why are we hugging?"nobody answered him....so he joined us too.....but held Vuyo's side.....I wish she could see sense....

Chapter 132

We went to sit in the lounge and watch tv. I held onto Lukhanyo, I can't keep my hands off me....I don't know why... Lubb sat on his own couch....he sent me a text....it was a picture of me and Lukhanyo.....when did he take this pic?....cuz it looks like right now..... Me: "mxm..." He smiled...Lukhanyo peeked to see....I closed the folder and he grabbed my phone.....to look. Him: "ithin password Lihle? Sek'then ine password ngok le phone yakho?...." ...he clicked on the phone... "Khand'cofe camera nje mna..."... Me: "that's the password babe, it scans the shape and features of my face..." I took it, looked into the camera and the phone unlocked.....Lukhanyo looked beyond confused... Him:"heeeeeeee! Hayi zange ndayiva....I'm buying it ngomso lo usayo...." Me: "awuyo copy cat nje...." Him: "ndiryt..."he found Lubabalo's text...and saw the pic....he stared at him.... Him: "unesthuk'thez ne...?" Lubb just laughed at him.... Vuyo was unusually quiet. I sent her a whatsapp text.. Me: "you good?" She: "yeah...." ... Me: "what's up?" She forwarded a message to me.....it read: "babes, I don't understand why you get so worked up bout stupid things called facebook. It don't mean nothing....mina I'm with you and that's all that matters..."it was from Sibho. I mean, really? She can't believe that...! Hayi she cannot!.... I sent her a text... Me: "babe, you don't believe it right?" She: "I don't know Lihle.." I got up and dragged her to the bedroom... Me: "my friend please. Nanku uLubabalo!" Vuyo: "peto Lubabalo yi player!.." Me: "he isn't!...what have you got to lose?" Vuyo: "my vagina!...kange umve wena ecula langoma." Ndaske ndadubula yintsini....I couldn't help it. Me: "babe, its just a song, Luks sings it all the time!" Vuyo:

"that's different, Luks is your husband."oh this girl though.....I sat her down and told her about Xolani. "If I were still with Xolani, would I be married? No. Would I have beautiful kids? No. Lukhanyo is way better than Xolani would have ever been. And that's why I love him. He'll always have my back. I'm safer with him!....now with Sibho, you can never be safe. He doesn't love, or respect you...he never will. If he cheats on his wife to be with you, and ya'll get married. Then what are the chances of him cheating on You!...use your brain babe....come on" she just sat there silently.....

Lubb: "this girl got me on the green bro....." Lukhanyo laughed... Luks: "the fuck is green?" Lubb: "you know when you play golf...its the best place you can hit your ball in...." Luks: "heeheehe! Bhut how has she got you in the green? Kwaaaaaaa, you not even making sense!..."...Lubabalo just threw a pillow...and wrestled him to the floor.... Luks: "haahaaha...xolo ke...yuuuh ima, yand'thunuka.....hahaaha..." Lubabalo let him go..... Lubb: "andaz ndingathin bonanje....akand'bon lomntu..." Luks burst out laughing again.... Lubb: "can you try and help me instead of laughing your ass off?" He pushed him... Luks: "yuuuh, ima man awt'yam.....cela nje uk'qibezela...." ...lukhanyo laughed his way crawling to the kitchen.....he came back with a glass of water. Luks: "uthini ke Luba?..." Lubb: "mxm yeka..." ...he lay on Lukhanyo's lap...

Lubabalo's Thoughts:

Mxm, why is she being so hard on me? Ndimenzi?...or maybe its because I acted like a jerk before?...but we ended on a good note. After our date...or is it that, just cuz I asked for friendship? Yoh hayi ke ndizobayi friend...if I can help it.....why am I always thinking bout her? She's not even my type...she's.....she's more woman than all I've been with. I think I'm inlove.....mxm haska, Lubb snap out of it....you aint ready for that shit....tshi.....oh here she comes.....act cool....

Lihle: "nithen na nina? Ngathi nise creche?" Luks: "ndonqena nok'phendula ma'am..".....mhm....akase serious uLubaluba...lemme send him a text... Me: "hay peto, awuse serious. I see you! Hahaa" he smiled when he read it... Him: "kayeke man Lili tshi...." Me: "lol. You been friendzoned mnganam...." Him: "mxm.....geza wonene va....".... Luks yelled: "ndizoniqwaba nobabini nina! Tsek sek'then hok? Nophela nihleba thina ba anikaqali!...yandaz ke wena Lihle".... I sent another to Lubb: "kasena mona mtakokwen" he laughed out loud....Lukhanyo stared at us with cold eyes.... Luks: "mxm, wonder uzolalaphi njebe ugeza nje..." He said to me.... Me: "mna nd'zolala ebhedini am....wonder wena? Cuz spare room ngesaka Vuyo and Lubb...and the other has the baby things....mhh?" He just stared at the television....my phone rang.....it was Thulani...I had to pick up.... Me: "Hey you...!" Lukhanyo's eyes shot at

me....uwooah!... Thulani: "hey lovey, unjan?" Me: " I'm good wena?" Him: "ndishap...are you busy?" Me: "kinda...why?" Him: "hayi just asking....listen..some of my friends from primary are around...usam'khumbula uKhanyiso and Buja?" Me: "oh yeah?...that's nice...nonwabe ke..." Him: "next week we having a chillaz....most of us are available, neza friends zakho zazind'gezela....I told them and they said they can make it.....can you?" I looked at Lukhanyo....his eyes were on the tv....but his ears.....oh his ears were in on this conversation, I could tell..... Thulani: "still there?" Me: "yeah uhm....sure maybe I can make it....I'll ask Luks..." Him: "aaarrh....okay then, drag him along..." We hung up.....Lukhanyo looked at me... Him: "ask me what?" I got up and signaled for him to follow me to the bedroom....he closed the door behind us... Me: "well, Thulani and some of our friends are getting together next we-" Him: "awuyi apho Lihle." And he walked out..... I stood there like.... \(\._.)\)/.....damn

I could not believe his rudeness!. I walked back to the lounge and did not sit next to him. I don't understand why he acts like this. He's like a spoilt brat. Mxm.....we all watched tv in silence...Lubabalo was on his phone...Vuyo as well....but I knew they weren't chatting together. Vuyo was in smiles. Lubabalo kept glancing over at her, his expression rigid as hell....I was tired and a bit annoyed by Lukhanyo's outburst. So I went to bed. Me: "Vuyo, you can use the spare bedroom sthandwa, its ready...." Vuyo: "sure peto..." I kissed her goodnight and went to bed..... Lukhanyo came in after a while....I was in bed, covered the blankets over my head....like how dare he!....I was so mad. But ke what's the use?...I know my husband. His word is law. Its actually a turn on....but not today.... Maybe its because I'm still in pain.....he crept up behind me.....it was a bit cold....and he cuddled....with his arms around me....it felt nice....he knows I love it.....but I was still mad....he kissed my shoulders.....I could feel him...he was stone hard....but ke we couldn't do anything about it.... Him: "uphila nini na baby?"I kept quiet and just breathed so that he knew I was ignoring him.... Him: "and'sabawi nje...."I kept silent and slightly moved my position.... Him: "hay kehok Lihle uyand'ignorer?" Him: "mxm....uryt bonanje...."he just played with my breasts.....he was sleepy....cuz I felt his hand weaker.....and it just moved softly....I turned around to look at him....his eyes were drowsy.....he leaned over to kiss me.....I didn't decline....I kissed him back...then I turned back to sleep. He took my hand and put it on his ear....I took it back.....he can't have that privilege.. Him: "heee, hayi Lihle..." Me: "kayeke wethu King Lukhanyo. Ungazenzi nje?"tshi

Chapter 133

Meanwhile, in the lounge.....

Lubabalo: "so you gonn sit there and ignore me?" Vuyo: "I'm not ignoring you Lubabalo." Him: "but you're not talking to me".. Vuyo: "you want to talk? Let's talk then!" He got up and went to make hot chocolate....came back and sat next to her....he handed her a cup. Him: "so what do you like doing in your spare time?" Vuyo: "I like sitting with friends and drinking hot chocolate." He smiled.... Him: "so I'm still just a friend?" Vuyo: "what? did you expect an upgrade?" Him: "okay okay...its chill...."they carried on talking for some time....his phone rang, Vuyo: "answer your phone." He answered: "heh?"... Caller: "uphi?" Him: "ndihlel nomfaz wam..."...and he hung up.... Vuyo burst out laughing... She: "I didn't know you were married..." Him: "I am now."....he touched her face...held her cheek.....she had such soft skin....ahh this woman....I had to do it.....what if she rejects me?....lemme hold back... Can I?...shit..... Vuyo: "are you okay?" Him: "yeeaa yeah, I'm good..." Lubb's heart beat faster than normal....what is wrong with me...he asked himself... He had to do it....he couldn't help himself....he just leaned over and kissed her....to his surprise she didn't pull back....he moved closer and held her waist...he stopped to look at her....where has she been all these years...he kissed her again...his hand slid down to her thigh....then slid up again..she held on his t shirt, pulling him closer.....good God his cologne.....those lips.....why can't I let go of him.....he lay her on the couch....kissing her neck, holding her body....his hands started shaking....he can't do this...not to her... He quickly got up, fixed her and left the house..... What?!

Lubabalo drove off quickly...he had to get away!....he couldn't do this to Vuyo...whenever I sleep with a girl, I lose all interest whatsoever, the game is over....I don't want that with her....I want it to last..... Hoes have nothing on the wife. A wife is nurtured and protected... A hoe on the other hand.....well..... He made a phone call, he had to get rid of this boner though.... Caller: "hello?" Him: "kaphume nd'lapha phandle..." Caller: "and'zokwaz, utata ukhona....you know how he is..." Him: "look girl, and'zelanga tatakho mna. Its either uyaphuma or ndiyangena. Your choice. You have 30 seconds to decide." The girl hesitated for a while... She: "ok..".....he hung up...5 minutes went passed....as he got out the car to walk to the door, it opened and she sneaked out.... Him: "don't fuckin waste my time....kandith 30 seconds kuwe!" She: "but baby, you know my parents nje..." He walked back to the car.... Him: "uyeza kanye awuzi?" She: "we can't take long though..." Him: "so awuzi?" She: "why don't you ever understand me? Its always about you!.." Him: "you really want to do this right now? Here? For real?"...he got out the car and walked to her. She: "babes, I'm sorry. But you're gonna get me into trouble!" Him: "uzokhula nini kanti? Live a little?"

I'm trying to give you the good life but you throwing it back in my face!" She: "Lubabalo I love you!".....he stared at her.....her eyes had tears....he felt sorry....why was he here.... Him: "look, me and you aren't working out....we can just break this off right now..." She: "NO! Lubabalo we are working out! Okay, masambe ke....take me wherever you wanna go. Baby, I'd do anything just for us..." Him: "that's the thing....what other men might get this "anything" ...huh? Ngeyam ndodwa?" She: "YES! Of course ngeyakho wedwa mntu wam....I love you!" Him: "and what about Victor? You fucked my best friend....you think I wouldn't find out right?" She had her hands covering her mouth.....His eyes ill with anger, he clenched his fists..... She: "baby.....lubabalo I can explain...." Tears rolling down her cheeks.....she walked to him to hold him....he pushed her away, got in his car and drove off.....

Lubabalo's Thoughts..

What's wrong with these girls?...iqale yayinton i1000? No, its not because I'm rich, but yinton i1000 for your treasure? I mean, if your bf gives you 500, is there a need to sleep with another for the rest? Khon'ba le weave uy'funayo costs 1000, ayikho eye 500? We don't even notice this shit! Hair is hair! If its neat and well groomed then we don't give a fuck. Its fine! And clothes? You don't even buy real clothes, its these skimpy outfits, to attract us? Well, its like a discount to black people, a 2 for the price of 1 to coloureds and a Sale to women. Of course all men is gonna want to do you! DUH!.....look at Vuyo, she is beautiful with her hair, she isn't skimpy. That chick is wife material!...she wears respectable clothes like Lukhanyo's wife. And they still look attractive, now is it because they are mature, or just because they have values? Or maybe its just cuz Lihle akana choice hence etshate nela geza lingu brother wam? Lol.....isile la kaka.... Lemme ask him for advice... He dialed Lukhanyo.... Luks: "hmm!" ..he growled. Lubb: "suup!" Luks: "dude I'm sleeping what the hell?" Lubb: "fuck yo sleep nigga.....kaphume nd'lapha phandle" luks: "yanya kehok Lubabalo, uzond'checker ngok?" Lubb: "ewe Lukhanyo ndizok'checker! Kaphume man...".....Lukhanyo hung up and grumbled his way outside....

Luks: "nigga, why are you outside?!" Lubb: "ndenze iflop joe..." Luks: "yawenzen Lubabalo....I'm getting tired of fixing your shenanigans!" Lubb: "me and vuyo were chatting in the lounge and then.....we.....uhm.....kissed....and-" luks: "you hit that?!!" Lubb: "I'm about to hit you! For shouting out loud!...no, I got shaky then got up and left!" Lukhanyo laughed... Luks: "how the....? Yho awt'yam...." Lubb: "and'yaz ndizoth ndithen!...and'fun lala naye ibengathi bend'funa lonto...that's not what I want..." Luks: "yoyika ungafuman lento buy'cingele? You want an exclusive right?....so that you don't lose interest?....lemme tell you a secret...I had the same problem with uLihle first time I got with her....of course I was scared.....and Xolani zange and'xelel

ba kunjan pha.....selfish bastard....I got her that night and took her home.....my nigga..." He leaned on the car, his hands spread out in front of him in the air.... "it was one night I could never, EVER forget...the things she did, hayi I don't know if it was the booze na but I knew for sure akayi ndaw lo....rha.....jonga awt'yam....just relax....have fun with her....every girl is a freak....it just takes the right guy....with the right tricks....to bring it out.....there's your advice, can I go to sleep now?" Lubabalo smiled and hugged his brother..... "Tsek hamba....."he drove home...

Chapter 134

Lihle woke up in the morning to make breakfast, everybody was still asleep. Phof Vuyo and Lukhanyo that is.....maybe Lubb left? Ei andaz..... After finish the meal, I dished up and covered their plates....I went to take a shower...I missed my babies and ndiyobalanda sana today....I wore my navy adidas tracksuit...I was still in pain, but it was getting so much better now...I could walk properly now. Lukhanyo woke up... Him: "uyaphi Lihle?" Me: "fetching the kids..." Him: "wedwa?" Me: "well yeah..." Him: "hmm....." I went to the spare bedroom, Vuyo was still asleep, I decided to wake her up...aint no way I'm leaving my husband with no damn friend. Not that I didn't trust them.....but rather safe than sorry..... Me: "hey sweetheart...." I shook her lightly...she woke up... She: "hm?.." Me: "your breakfast is ready, can I run you a bath?..." She: "yeah, sure..." She got up and went to brush her teeth while I ran her a bath.....

When she was done, she ate and we got on our way.... She: "please drop me off at a mall, I need to buy a few things...." Me: "oh we can go together later..." She: "nah, I wanna go alone, if you don't mind..." This was odd, but okay then....I dropped her in Greenacres and went to Lubb's house.....Sylvia was with the twins....I got in and kissed them...oh my goodness I missed my babies....they looked happy or kinda surprised to see me....Luthando giggled as I picked him up first...I was overwhelmed with joy.....tears pricked my eyes, I was so happy to see them....as I was kissing him and wiping tears.....I turned around and saw Lubabalo in the doorway.....smiling.....that creepy smile he does..... Me: "they do this to me everytime..." Him: "me too...."his eyes seemed to be thinking....while staring at me.....this guy has serious psychological issues.... Me: "are you okay?" ...he just moved closer and picked Lihle up.... He then looked at me and smiled.....I didn't trust his smile.... Him: "its a pretty picture....."he kissed Luthando....on purpose cuz I was

holding him. Mxm....unje ke....andidike....kuske kuqaw'ke phi na?...hayi man...and he wants entertainment....ndizokhe ndim'bukel xandingam'hoyi uzothin.....I stared at him....he stood in front of me and smiled....I wish I could read his mind.... Me: "you cannot blame me for saying you're weird..." Him: "I'm not surprised....you're not the first...." ...he sat down on the bed and played with Luhle.... Me: "Lubabalo.....what's wrong?" Him: "nothing Lihle, why does there always have to be something wrong with you? Its fine now...." Me: "why do you act like this? You just change....suddenly....its quite uncomfortable...." Him: "can we just try and be happy.....like this?" Me: "not if you don't tell me why....." I sat next to him....He looked like he was about to cry but got up and went to the mirror. He held Luhle close to him....and closed his eyes..... Him: "it was because of me....."I knew whatever he was about to say was gonna be deep....I lay Lutha down and took Luhle from him.....he leaned both his hands on the dressing table and stared at himself in the mirror.....his face had changed....the veins in his forehead were showing....his jaw tightened and you could actually see the muscles....his mouth slightly twisted.....shiiit.....he looked scary.....yes....scariest than Lukhanyo....he looked like he was about to eat someone alive....he got up and stared at me....I walked to him....I needed to be level with this guy....I want to know what's wrong with him....I'm not scared.... Me: "what happened because of you...." Him: "I.....I killed her...." I think every organ in my body paused and was like....what this nigga say?....but I couldn't show him that I was alarmed.... Me: "who?"... He came closer to me...and hugged me....very tightly...I actually almost suffocated....I struggled to breathe..I tried pulling away..but he held on tighter... Me: "let go!!!!" He stopped and looked at me.... Lubabalo was back.... Him: "I'm soo sorry...." ... Me: "dude! What the fuck was that for?" Him: "I miss her so much Lihle...."now he started crying..... I was so confused.... Me: "shhh....xola alok bhuti....I'm sure it couldn't have been your fault..." I sat him down and held him....he cried.....and cried....my vest was soaked....I was getting more emotional.....yinton dan le ayenzileyo ingaka.....I am actually comforting a murderer? Hayi inoba ndishiywa zinqondo....hayi for sure.....but naye ngumntu he has feelings.....he has a heart.....I'm sure he didn't mean it.... Him: "it was all my fault...! How could I have left her there?" Me: "you didn't mean to babe, you couldn't have known...." I didn't even know what we were talking about....ever comfort a person and not know what for? So you just answering the questions instead?.... Eventually he calmed down...he picked his head up and looked at my face.....he stared deeply into my eyes...he leaned closer.....I got up... Me: "you feeling a bit emotional right now...." He lay his face in his hands.... "I can't sleep at night.....she's all I see...."no wonder engalali mos lomntu....that's why I used to

wake up and find him on his laptop in the lounge when we were here.... Me: "if you need my help, you gonna have to tell me, what's wrong...."I pulled a chair and sat in front of him....I held both his hands.... "Lubabalo...I really can't do much if I don't know...." Him: "I had someone who I was really close to....she was everything...we spent everyday of our lives together....well we were still in University....her parents didn't like me much....called me "the rich boy with no values" ...she had a boyfriend....who was-" a phone rang....I got so annoyed!....shit!....I picked up... Me: "HHM!" Caller: "hehake! Uphi?"it was Lukhanyo.... What time was it?.... Him: "don't tell me usekwa Lubabalo...." I didn't even know what to say.... "lihle!!!"... Me: "babe?...alok ndiye ndaqala ndayodropp-" he hung up....oho....mxm.... Me: "she had a boyfriend...?" Him: "she had an abusive boyfriend....she tried to hide it from me....but I saw it....I knew it....then one day.....night to be exact.....she asked me to take her to her boyfriend's house..." Me: "wait she asked you to do that?" Him: "yeah...we were bestfriends....I didn't mind.....along the way, we got in an argument....as I was telling her I don't want her with this guy, she deserved better....what guy forces a girl to walk alone at night to his place?.....she argued with me and called me a bitch because I had no girlfriend....I got so mad when we arrived I yelled at her to go to hell!!...I walked off and didn't look back...."his eyes had tears again....he sobbed a little...I held his face with his hands... "I went home and switched my phone off...she made me really upset....I struggled to sleep that night...I kept getting panic attacks....I sweat....I had nightmares.....I eventually drifted off peacefully.....my mom woke me up at about 10am.....she had tears in her eyes.....she.....she told me my bestfriend had passed away....she.....she was murdered.....they had sexually assaulted her.....and cut off her fingers...they shaved off her hair and cut her scalp....when I switched on my phone there were messages from her...she said she was sorry and I was right....she asked me to forgive her...and asked me if I could meet her halfway...she giggled and asked if she could sleep by my place...then the next voice message I heard her running...she was crying...asking me to help her....there were people following her...and she was scared...then it cut off....."he cried even harder...his body shaking....I got up....and kneeled next to him....I held his head against my chest....he held on to me as he cried... "Lihle I miss her!....why did I leave her!..."his hands clenched on to me....ow bethuna.....my heart was breaking.....who can be that cruel....I couldn't help but cry...this was just.....nah man....it was inhuman.....enesqala.....that was painful....he looked at me...his face close to mine....he smiled... "You remind me of her....every time I look at you...."

Just as he was trying to calm down, I wiped his tears.....his breathing getting more regular.....Lukhanyo walked in.....he turned around in a semi circle...his face

cracked a half angry smile...the dangerous kind.... "Somebody. Somebody please hold me the fuck back!....what the hell are you doing!!!!?????"

Chapter 135

Well, to be honest the scene looked pretty comfortable....too comfortable....until Lubabalo got up...his face full of tears, he walked right past Lukhanyo.....then he looked like the dumb one. I stared at him....with cold eyes... Luks: "Lihle, am I missing something here? Are you involved with Lubabalo?" He said it in such a calm relaxed voice, that it shocked me.....he sat down on the bed....I didn't answer him....I don't have time for his green jealous tips.... "Lihle, please tell me the truth.....are you involved with Lubabalo?"....I got up and when I began to walk he grabbed my arm...he stood in front of me...his eyes staring into mine..... Him: "I asked you a question..." He demanded.... Me: "no." I replied..... Him: "don't lie to me Lihle." Me: "if I say yes will you let me go?" Him: "so you guys are together huh?.....okay..." He walked out the room....I knew he was going to do something beyond stupid.....I ran and grabbed him.... Me: "Lukhanyo get a grip!" Him: "which grip? The one my wife has on my brother? Hee....I see blood.....no I see it everywhere...." Me: "we're not involved Lukhanyo. He just.....for the first time...opened up to me.....its the only way we can understand him....we need to know about him....now if you act ghetto...you'll only push him away!" Him: "ohh, so I'm ghetto now huh? All of a sudden, Lukhanyo is ghetto?... Is it because I don't have a degree? Alok mna andikumshi elahlobo lalantwana....so I'll never know the right things to say in bed with the right accent..." Me: "you are being ridiculous..." He stared at me.....held out his arms and pulled me closer.... Him: "ndonqena ushiywa.....yay'shaya nto yayo lantwana...."I smiled behind him.... Me: "nyan?, yazi njan wena?"... He pulled back and kissed me.....I heard Lubabalo walking towards us and I pulled away....he didn't need this shoved in his face....he actually walked right past....like he didn't even see us.....hayin bethuna.....this guy needs help. Fast..... Lukhanyo looked at me... Him: "ngok usukela nton kum?" Me: "hayi Lukhanyo sungcola..." He just walked to the room and played with the kids.....I walked to Lubabalo in the kitchen...he was holding a glass of water....staring at it.... Me: "Love...." He almost dropped the glass...he got a fright and put it on the counter.... Me: "don't you think you need professional help?" Him: "no..." He pulled me closer and hugged me.... "I got you".....like my mind already knew, Lukhanyo was there..... Me: "Lubabalo, yes you got me, but you need professional

help...." Him: "I can't talk to anyone about this....you're the only one I can trust. Lihle, don't disappoint me...please..." I pulled back...and he just walked away..... Lukhanyo held his arm.... Luks: "she's right Bhut...I might not know the whole story but it might help...." He walked to the lounge. I guess the conversation was over. After a while, when we were watching tv he actually started talking about other things...I left them with their talks about soccer and cars and all. Then I heard them rushing to the game room....oh gosh...soze sihambe?.. I called Vuyo. She: "hello?" Me: "hey babe, are you done?" She: "kinda why?".. Me: "we at Lubb's place, can I come fetch you?" She: "uhm...no...its okay...just tell me when you leaving" Me: "ohhhkay then....." We hung up.....this was VERY odd!....why all of a sudden? Is she avoiding Lubb?...what happened to them last night....did they?.....no...but?.....nah....

I went to take the twins and walked with to the game room....I asked Lubb... Me: "what happened last night?"... He literally paused the game. And looked at me. Him: "it shall never be spoken of. Ever again"lukhanyo was in tears of laughter....then of course my husband told me....Lubabalo was wrestling for his mouth to shut him up....but he was too late.. Lubb:"mxm!...phinde ndik'balisele..." Luks: "tshi iworse baby, ba makazon'checker izolo!".....I laughed and took the twins to the lounge...I fed them....Luthando made a poop..... Me: "honestly babe? For real?" ...he just giggled and wiggled his tiny chubby legs.... Aaawww...but that's just cute man.....this guy is gonna be like his dad....or uncle.....either way.....he's gonna be a charmer.... Lulle started crying....eish I need to shift attention....I picked Lulle up and put her on my lap....I tried to change Lutha with one hand.....what else could I do? Sylvia walked in and changed lutha instead... Sylvia: "ungand'khwazi nje?" Me: "ndonqene uk'phazamisa..." She: "haska....sugula apha..." I went to the game room with Lulle.....it was Lubabalo playing....so Lukhanyo took Lulle and played with her..... His phone rang. He picked up. Him: "Lukhanyo Mzinyathi speaking?".....esshhheeee! Akhok'phapha kehok oko? Caller: "Mr Mzinyathi, can you make it to the hospital as soon as possible its an emergency...."he looked at me.....his eyes alarmed.....I nodded my head.... Him: "what's this about?" Caller: "Mr Smilo Mzinyathi. I can't share anything over the phone. Its policy." He hung up.....and dragged himself.....I swear a tear escape his eye as he handed Lulle over...he walked out and Lubb followed him..

Chapter 136

I hope it was nothing bad...I walked to the lounge. They were standing there...Lukhanyo looked lost. Lubabalo was leaning on the table... Me: "babe...." He looked at me with pain in his eyes... He turned around and they left...

When they arrived at the hospital. Dr Martins and Nurse Andrews attended to them... They led them to their office. He looked at both of them confusingly... Doc: "Mr...uhm....Sirs....we have good news for you. Mr Mzinyathi has woken up. His body is responding and he can breath by himself." Luks: "that's great news doctor! Can we see him?" Doctor: "come right this way..." ...they got up and went to Ta Smig's room.... A nurse was about to feed him... Lukhanyo took the bowl in a not-so-friendly manner. He was just that rude with everyone. He fed Ta Smig... Him: "Molo malume".. Ta Smig: "ja kwedin" Him: "andiyo kwedin mna kodwa bhuti. Ndiyi ndoda" Ta Smig: "awuyo ndodam alok..." They all laughed.... Ta Smig: "kuthwa bukhala ugixa apha..." Him: "ayikho lonto" Lubb: "nam, ndam'bona" Luks: "awukay'qibi ke ey'ka Vuyo!..." Lubb: "hee nalapha uzoy'thetha kehok?" Luks: "Ta Smig, uLuba ufumen enyi cher-" lubabalo tackled him to shut him up..... He kept quiet and they chatted about other things...a nurse walked in... Nurse: "Sir, Mr Mzinyathi will have to rest now." Ta Smig smiled....the guys looked at the nurse...who was quite pretty and dragged themselves out of the room.....she stayed behind and closed the door. Lubb: "heee Ta Smig! Yinja le..." Luks: "fuze pha nawe..." They walked to Lihle's mother's ward. She was still asleep, Lukhanyo kissed her cheek and left a note next to her pillow....they left.....Lubabalo got a phone call..he picked up: "ja?" Caller hey you...uphi!?" Him: "kuba uzand'thini?" Caller: "I thought we could have lunch or something...." Him: "I'll call you back later..." And he hung up.

They went to Greenacres Mall because Lukhanyo wanted to go to Markhams. Lubb: "uwoah...kanene unxiba ez'brukwe zi red nawe." Luks: "there's a difference between red and maroon bhut" Lubb: "and what is that?" Luks: "your color inspection..." He laughed and walked in the shop. Everybody stared at them... Luks: "wazba niyawa jonge ntoni?" He said out loud....everybody snapped back to what they were doing. Lukhanyo chose a white Linen shirt...and navy chinos... Lubb: "don't you already have that color?" Luks: "you can never have enough..." He chose the same outfit for Lubb...but with blue chinos... Lubb: "hayi hayi, and'no nxiba lento mna!" Luks: "sapha ke leyo wena uthathe le inavy..." They exchanged...and went to pay.....they left the shop and chatted on the way right before they reached the food court....Lubabalo saw her first....what the? What was she doing her? And who was THAT!?!....Vuyo was with some guy holding hands and giggling like idiots....this made Lubabalo so mad...it took all his might and power to control himself. They eventually walked past

them....Vuyo didn't even look back!....they both walked angrily to the car.....well Lubb was angry. Lukhanyo was just in one of his random moods.

When they got home Lubabalo dialed his phone. Caller: "hayi kodwa lubabalo you unfair!....ayikho le uyenzayo....I must be the one who's always calling and shit" him:"alok baby, I'm working here njena...jonga I even called you back like I promised...." Caller: "I miss you..." Him: "you want me to come over?".. Caller: "uhm...yeah....." She said seductively..."Zand'phathela nton?"... Him: "ufuna nton wena?" Caller: "you...." Him: "ndiyeza ke..."...and they hung up. He entered the house to go change. Lihle appeared: "and then? Uyaphi? We're waiting for Vuyo then we having lunch by the garden..."...he pulled her closer...and smiled at her... Him: "lovie...yabona ngok?...ndiyofumana endingay'sokoliyo...vuyo won't even notice I'm gone. That's what she prefers futhi....I saw her with some freckle face, chubby nigga...she'll be fine." He kissed my cheek and left.....nkosi yam unjan na uVuyo! She arrived hours later.....it was actually quite late. We were packing the twins' bags and waiting for Lubabalo to come back. Me: "hey peto uryt?"....she looked abit down... She: "yeah, I'm good..."...she turned around and I saw a bruise on her neck..... Good Lord. If Lubabalo sees this. Lord please forbid.

I was her friend. So I had to enquire. What the Fuck was wrong with her neck! She had better have bumped it somewhere because shit will get hella real ou'chea. Me: "what's wrong with your neck?" She tried to cover it up.... She: "I bumped it..." She must think ndiyi moemish. Me: "where did to bump it? Quite a random place to just be bumped right..." She: "will you just let it go!"she looked at me.... she: "I'm sorry....I just need to be alone." Me: "yeah sure, do you...." I turned around and left. I went to Lukhanyo in the bedroom....he was laying on the bed playing with my phone. Arg... Me: "please buy your own phone" him: "I like yours better..." Me: "then buy your own...." Him: "baby izobona le game man...." I lay next to him... Me: "can we talk about something...promise you won't react...." Him: "sure..." His mind still on the game.....I grabbed it and put it aside.... Him: "ohhkay! What's wrong" Me: "I think Vuyo's bf abuses her..." He looked at me....with a confused expression.... "I saw bruises on her neck...."... Him: "suz'ngena into zabantu Lihle..." Me: "but she's my friend!" Him: "SUZINGENA! Qha! When she's ready, she'll ask for our help....other than that, ayis'fun thina..."...How mean could he be?... He turned around and kissed me...he got on top...and he kissed my neck..his hands gently massaging my breasts....I tried to speak but he brought his mouth to mine.... Me: "but.....bab-"...he lifted my top... Me: "hayi Lukhanyo." He immediately stopped... There was a knock on the door.... "Please stop what you're doing. Lukhanyo khaz'bambe fondin!"... Lukhanyo got up and

opened the door....he looked at Lubabalo's shirt...he had blood on it...it didn't look like his blood..

Chapter 137

Lukhanyo quickly got out and closed the door behind him before Lihle could see.. He dragged down the passage to his room. Luks: "I know you didn't do what I think you did!" Lubb: "what do you think?" Luks: "no lubabalo! NO!..." Lubb: "what?" Luks: "ligazi lika ban eli....?" He gestured all over his chest. Lubb: "umntu xa end'qhela ikaka ndithin? Ndihleke? That was not destined to happen. Its not written in the stars...." He took off his shirt and walked to the kitchen. Opened a drawer and took out matches he lit one and burnt the t shirt. Lukhanyo: "what the fuck is WRONG with you?" Lubb: "getting rid of the evidence Mom!" Lukhanyo was so pissed off... What was going on in that kid's head! Fuck dammit! Lubabalo threw away what was left of his Versace t shirt...too bad he didn't like it anyway. He walked to his bedroom and bumped into Lihle in the passage...she looked to the ground and kept walking.... He held her arm.... Him: "und'baleka nton?" Me: "please put some clothes on." He licked his lips.... Him: "oh really now?..." I couldn't help but laugh....this person is impossible.. Me: "get out my way wethu...." Him: "make me...." ... Biting his lips... Me: "I will not entertain this ratchet behavior..." Him: "I thought you liked ratchet...."he pushed him out the way and left....he laughed in the passage to his room.....

He sent a text a minute later. Him: "u knw I like playin wit'yu...seeing you jittery is the funniest thing ever. " Me: "ndizok'fuman mos..." Him: "mxm...sobona!"

Lukhanyo stared at me...I wiped the smile off my face too quickly, he looked like he wasn't in the mood. My phone rang.....it was Thulani.....as I was turning around to walk out Lukhanyo went to stand at the door. He shut it closed and stood with his back leaning on it....he stared at me.... Me: "hey mtshana"... Him: "hey sweetheart.....unjan..." Me: "I'm fine and you..."I was so uncomfortable. Why did Lukhanyo have to do that? Him: "ndigrand man baby girl....oko ndik'cinga so ndaqomba mand'fowne..." Lukhanyo lifted his right eyebrow...and pouted....I laughed....that was a bitch move right there.... Thulani: "what's funny?" Me: "nothing love....heeee, so how's your wife doing?"I had to change the subject... Him: "she cool.....are you available for dinner tonight?" Me: "uhm...no...." Lukhanyo put his hands on his hips....I covered my mouth in laughter... Thulz: "hayi man yinton lik'hlekisa angaka? Why can't you come to dinner with me?" Me: "because...I can't." Him: "andakhubeka kengok..." Me: "you'll be fine." We hung up..... Lukhanyo:

"khumntu obawela uyobona uYesu wakhe bonanje. Ayindaz lentwana....heh.." Me: "Can you try and not think about killing?" Him: "ima think about what the fuck I feel like thinking about...." I tried to get out the door...he held it closed.....then turned me to look at him.....he kissed me...he held me against th door and squeezed my ass....and held me up... Me: "no...can you.....please put me down..." ... Him: "no...." Me: "I'm being real Lukhanyo put me down...." Him: "why ungand'funi Lihle? Don't I do it for you anymore?" Me: "its not that...." Him: "then what is it?? You fine mos! You not in pain anymore..." Me: "its only been 2 days!!!" Him: "but YOU ARE FINE!" Me: "I need some time..." Him: "to do what? Huh?..." I really couldn't answer him....I don't know why.... He walked out and grumbled his way down the passage... Him: "abanye bayafunwa, ndim lo...." ...hehake uLukhanyo!....nguban lo ufunwayo.... I decided to keep quiet. I am not going to hang our dirty laundry for the world. If he wants to act like a child. Then he'll be the child, not me. But it hurt me though...its not that I don't want him...its just that I'm not ready....not entirely....hay wethu, there's too much on my mind to be thinking about sex. I walked out to put the twins' bags in the car... Vuyo came to me....smiling.... She: "mtshana...I will be sleeping out tonight..." Me: "oh okay peto its fine".....I wasn't even looking at her, ndine moods zam....I don't need to be stressing bout her too... She: "are you okay..." I got out ... Me: "yea..."...and walked back to the house.....she sensed the vibe.....she walked to me... She: "peto I'm sorry for snapping earlier....bendine fratsi wethu..." Me: "okay." I was done here... Me: "Lukhanyo, we ready to go...." ...then walked to the car. I'm not being bitchy. But what she's doing to herself really mentally fucks me up....I'd rather not see her.....Lukhanyo came out of the house, he and Vuyo entered the car and we drove off.....

When we got to our house Vuyo went straight to the bedroom to go pack....she took her bag and said her goodbye.... She: "I'll see you ksasa mtshana.." I kissed her cheek... Me: "be safe babe...." And she left.... I fed the twins....Luhle was sleepy and she hardly kept her eyes open.....I started with her....she fell asleep on my breast.....I lay her down and took Lutha to my bedroom....and gave him the breast....Lukhanyo had just locked up the house....he walked in... Him: "banye banikwa namabhele"hayi ke Bawo....kumonelwa nomtana ngok?....I kept silent....and went to put Luthando to sleep....it was hard walking back to that bedroom.....I knew it was gonna be a fight just cuz of sex. ...ndatsho ndanqunga ekitchen....ndakhangela endingayaziyo....after some time I decided to go to the room....I thought he was asleep....hay he was under blankets...with his clothes off.....plan b?....I decided to wear iNighty yam ende....plus iqhiya....lol....I smiled to myself....and went to bed....I crept in...and looked the other way...after some time.....he slid down and crept behind

me...he stuck himself on me..... Him: "sometimes No, works better than these tendencies...." Me: "awumva mos uHayi wena" Him: "because awunayo ne valid reason.....have you lost interest in me?" Me: "no sthandwa sam..." I turned around to look at him....I guess I have to prove it..... I kissed him and held him.....when I tried getting on to him...he pushed me away..... Him: "yeka ba awufun Lihle....don't force yourself.....I'll be fine"... He lay next to me and held my body instead....I wish I had the energy.... Him: "qha mna and'zophinda ndiy'cenge...."what the hell did he mean by that?

Chapter 138

Me: "and what do you mean by that Lukhanyo?" Him: "I mean exactly that Lihle. Andizok'cenga. You pay attention to every other person except Me!" ...it was true....being the wife isn't the best thing ever....you have to balance everything especially attention. Shit is you won't have time for yourself..... I kept quiet....I don't have the energy to be fighting with Lukhanyo....he's impossible to reason with...I fell asleep.....

Hours later his phone beeped....I opened my eyes without moving...he was actually up....on his phone....how about putting it on vibrate? He put it down after a while...I quickly closed my eyes and pretended to be sleeping.....I felt him staring at me.....ngumntu othen lo ungalaliyo?... I opened my eyes, he didn't even get a fright...he was unfazed! Me: "izapha, ndifuna uk'bonisa into..." He came closer.....I grabbed his neck kissed him....before he could even decline....I got on top of him....he literally tore off my nightie....bengay'thandi kakade....I took off la qhiya....the hair was all over his face...he loved it like that..... His hands were on my ass....his mouth on my breasts...he was like a hungry beast.....he quickly turned me over and got on top.....spread out my legs...and used his fingers down there.....shhhhh.....I forgot how good that felt...my eyes wanted to roll back....my mouth was literally drooling... Me: "baby....." ..I moaned..... Him: "hm?" Me: "baby maani..." Him: "yinton sthandwa sam...." ... Me: "yuu lukha...ohh lukhanyo" ...he brought his lips to my mouth and kissed me....slow but roughly....I was pool party wet in seconds.....I wanted him inside so bad..... Me: "kay'fake alok baby..." Him: "oh, so you're fine now?"he got up and left the bedroom..... God!!!! I wanted to KILL HIM!!!!!!!!!!!!!!

I had to put my motherfucken foot down. Uyand'nyela mos uLukhanyo! I got up and followed him.... Me: "what the fuck?" Him: "what you on about?" Why was he so

calm!.... Me: "njan uphakame singeka qibi Lukhanyo??!" Him: "oh, now all of a sudden its an issue? Lihle, everytime you kiss me then push me away how the fuck do you think I feel??!" Me: "I don't do this to you!" Him: "same shit!" Me: "ndithin kehok Lukhanyo mna? Huh? Ndithin?" Him: "bona into kwenza lovie...."he took his water and went back to the room....yuuuuuuuh andatyafa....I went back to bed with near tears.....yes I was sad because I did not get laid....do you know that sad feeling? Its one fucked up feeling....and'sebhatywe ngeloxesha....I knew he wasn't gonna change his mind anytime soon....so I decided to sleep instead....an eye for an eye huh.....okay.....sure Lukhanyo.....

He got up early the next day, took a shower and Left. No explanation whatsoever.....maybe he's going to the hospital.....I got up and fed the babies...they were getting heavier....yoh...I decided to just bath them because they had made poops and it would just be a reasonable thing to do.....I bathed them and dressed em....I took them to their cots....and tried to clean up the house....I made some breakfast...Lukhanyo might come back hungry....the twins fell asleep...I took a quick shower and got dressed....I sat in the lounge and watched tv.....3 hours later I heard a car pull up.....maybe its him.... Then I heard a knock..... Okay maybe not, the door just opened and in stepped Lubabalo....[#rollingeyes](#) ...today I was just not in the mood for him.... He greeted.... Me: "hey..." We chatted a little, then one of the babies cried, he went to fetch them...it was Luhle, Luthando was still asleep.....I decided to go check up on him...I checked his breathing.....his chest.....pulse rate.....then I went back to the lounge....I'd rather be safe.... Lubb sat and played with Luhle....he asked me about myself.....I told him most. Him: "so where are your other friends?" Me: "around....I don't see them much....." Him: "cuz of Lukhanyo right?" Me: "its my choice..." Him: "yeaah right"we carried on chatting for quite a long time.... Luthando evens woke up....I went to fetch him and I fed them both again.....with the contained milk....no way I'm taking out my boob in front Lubabalo.....I placed the kids down..... Him: "and'sam bawel umtana.....ingaske mamakhe am'kuthalele man.....am'hoye oko.....nje ngawe....." ...his eyes were running all over my face..... Me: "every woman has a different way to mothering their children.." Him: "but unobubele.....its beautiful to watch..." Me: "ndabona kumama..."he stared at me..... Me: "you freak me out when you do that..." Him: "oh, sorry....." He quickly looked away.....then smiled....he took out his phone and snapped a picture... Him: "now this will last longer...." Me: "whatever rows your boat.. man...." It was so hard to look at him....hayi mtakaBawo ngu Lukhanyo ehleli, elele....its so hard to just ignore.... Him: "why were you so scared of us happening?" Me: "I married a very dangerous man....we would both not see another day" Him: "hee.....Lukhanyo is a

small time gangster Lihle....trust me, I've seen it all....he can't do much to hurt me....." Heeey!!! Hold the fuck up....what he mean by that? Me: "really?"....his eyes said it all.... Thixo ndiyamoyika lo bhuti....the look on his eyes just gives me the chills...he was so calm and psychotic... Him: "I don't pay people to do nothing for me. I do it myself. Therefore akazoza apha kum, uzothumelisa.....and my friends won't kill me kemna.....I don't know bout him..." Me: "sungcola Lubabalo! He's your brother!..." Him: "then....he must stay out of my way....and I'll stay out of his. Ndisukile mos kuwe ne.....makayeke into zam ke...."what things? ...zinton ezi?... Me: "eziphi izinto zakho Lubabalo?" Him: "he knows....." "...ok I knew he was never going to tell me.....I just sat there.... Vuyo called... Me: "hey"... She: "hi.." Me: "whatsup? Buthe zobuya ksasa..." She: "yuuuh peto....I forgot to call ke....ndihlel noSibo, he's staying for another night here...so maybe ndibuye ngomso to come fetch the rest of my stuff sisele sihamba kunye...." I didn't even argue....it was pointless... Me: "okay then....so use ryt mos?"....I heard her moaning in the background...'Ooooh...siboo....' ...I hung up....I don't that type of negativity in my life.....Lubabalo stared at me.... Me: "Yinton!?" I snapped...indenza inerves le yenzwe ngu lukhanyo last night..... Him: "uryt?....you look uncomfortable all of a sudden" Me: "I'm fine....." Him: "unje ke wena....what's going on...?" I kept quiet and looked away... Him: "Lihle...." ... I got up and walked to the kitchen....he followed me....and stood right behind me...his mouth whispering in my ears.... "If you ever.....need anything....don't you hesitate to call me....ANYTHING yeva....."he emphasized on 'anything'.... Me: "I don't need nothing Lubabalo....just get away..."Jesus, his cologne....I held my breath....I couldn't sniff it.....I refused to.....I knew he had some German shit going on....I don't need that type of negativity in my life..... Me: "I think its time you left." Him: "yeah...."he held out his arms... "Don't I get a hug?" Me: "uhh NO... You don't." He smiled and walked out....I cooked a quick supper for whenever Lukhanyo decided to come back...I lay the kids in their cots and sat on the bed....it was still early....I played with my phone....checked facebook messages....immediately one inbox came through from Thulani.... "Can't get you outa my mind..." I replied: "NO Thulani, you're married. And I'm married." Him: "can't I think bout you kehok?" Me: "no. You can't".....he didn't reply....he sent a pic after a while... It was a selfie (a pic that he took himself)...honestly? Why?... It was just his face and he was smiling.... He looked adorable.... Me: "shem, buqibo vasa? Aw'salyti..." Him: "lol...oww ndiyakwaz ke ngophoxisa..." Me: "ndenz'ba I know how you look, kandith ndifuna pic yakho...so maybe bund'qay'sela ba qibo vasa...".....he called..... Him: "aw'sadiki. Nje..." I woke up hours later.....my body shivered in fear.....what's going on....I got up and looked at the doorway and there he was.....hands in his pockets....staring at me...I couldn't see his face....but I knew who it was....he looked really angry....where did he come from? Me: "uvelaphi Lukhanyo?" Him: "bezothin Lubabalo apha?" I swallowed hard... Me: "he just came to visit" Him: "for the whole damn day?!"he stepped in the room...and switched on the light...his eyes glowed with the light...his vessels showing...he took his hands out of his pocket.....he held a gun on his right....

Chapter 139

Lord. Have Mercy. I said a short prayer in my head..... Me: "Lukhanyo what are you doing?"he came closer to me....I got out of bed....I needed an escape...I took my phone and slid it on my waist elastic...I quickly ran to the bathroom and locked it.....this man.....oh my goodness he's gonna kill me dead!....I unlocked my phone...crying and sobbing.... Him: "you better get the hell out of there before I break this door!" It was either the police or Lubabalo....who would get here quicker? Lubabalo!.....I wrote a text message: "lubabalo! You've got to help. Luks wants 2 kill m-!" ...before I even finished the bathroom door broke open.....I dropped the phone crying.....I was shaking uncontrollably.....sobbing louder....I slid down the wall to the floor....covering my face.... He came straight to me and pulled my arm....I was so paralyzed with fear I didn't even know what was going on....he pulled me into his arms....kneeling on the floor..... Him: "I didn't mean to scare you babe...."

I was still in denial....he wanted to kill me!....what the hell he mean he didn't want to scare me?....well he did! He picked me up and carried me to the bedroom.....he lay me on the bed...as he lay next to me..... "Baby.....I'm sorry, I just don't want him meddling in my stuff..."I kept quiet....I couldn't answer him.... "Ewe ndamthanda ngu mkhuluwa wam but I can never be too safe. I only have you....he can't take that away from me....he'll die before he even tries.....I won't hesitate Lihle I swear...I fought too hard to be with you, even harder to keep you. Shit, I did things and paid people to protect You for Me!...now I'm not gonna let some guy take you away. I don't care ba nenza ntoni...and'fun uyaz.....ndiy'baqe net mna.....kuzofa yona...your punishment is the fact that you will be With Me FOREVER.."that sounded really

creepy.... Me: "what if I don't want to be with you forever?".... He got up, and stared at me. Him: "you want to leave me?" I did.....but I loved him.....but he scares the hell out of me whenever he feels like it.....he could kill me any second.... Me: "when you said you were going to change, you weren't being real right?" Him: "nope.....I might change just a lil....but damn.....ndizohlala ndili gintsa mna.....that's a sad fact" I immediately got up and he grabbed my arm and pulled me back down on the bed....I wanted to cry.... Him: "you won't leave me. Until I tell you to ava?...stop being a drama queen...hlala phantsi....."I sat down....on the bed... Him: "now ke sthandwa sam...tell me the truth....I promise I won't do anything to you.....or maybe even him.....only if you tell me the truth....." Me: "what truth?" Him: "are you having an affair with uLubabalo?" Me: "no I'm not." Him: "then what's going on between you two?" Me: "nothing..." Him: "you guys had sex before? Is that why you don't want me? Is it because he does it better?"these were the most ridiculous questions I had ever been asked...but I had to answer, I couldn't act slick... Me: "no we never had sex before, and no that's not why I don't want you..." Him: "have you kissed? Touched" Me: "no...." He looked at me.....wacutha amehlo..... Him: "you're inlove with him aren't you.....?" Me: "NO!.... Lukhanyo I am not!"..... Him: "if I find out you been lying to me baby girl.....nc nc nc nc nc.....yoh heh" ...he pulled me closer and cuddled me in bed.....

I couldn't even feel his heart beat.....he was just cold....I stayed awake for a long time...who the hell would sleep?....he got up and went to the bathroom.....I didn't hear him urinate or any water....or anything he came back after a while...I closed my eyes..... Him: "so the first person you contact just coincidentally HAD to be him!.... Lihle khona man, into between nina.....noba anilali....there is something! I will have to remove him out of our fuckin picture! He's too much of a risk.." He walked out.... Was he going to kill him?... I followed... Me: "Lukhanyo I promise you....there's nothing going on! Why can't you trust me?!" Him: "I've been disappointed in the past!" Me: "NOT BY ME!....kuthen yonke ikaka wayenzwa ngamacherri uy'kuphela kum! Huh?! Every fucking thing! Nale yalamfazi, i automatically counter for it too!"ndaziva send'tshilo.....he stared at me in disbelief.... My phone still in his hand..... He pressed Send....to Lubabalo..... "Sparks will fly up in this bitch...." ...I pushed the wrong button.... Me: "baby, I'm sorry, I didn't mean it.....I spoke out of anger..." Him: "kudala ndisith izinto ez'phuma emlonyen wakho ziyakhubekisa Lihle." I went to hold him.....why?....I did it anyway...he didn't push me away....he lay his head on my chest... Me: "celu xolo sthandwa sam....." Him: "shhhhh, did you hear that?".... Me: "no...what is it?".....he put his lips on mine, to shut me up.....as he got up...and walked to the bedroom.....I heard footsteps outside.....oh that.....it can't be

Lubabalo....I didn't hear a car.....Lukhanyo came back with his gun....and putting on the silencer.....oh God please...no.....he adjusted it a little, then set the gun... Him: "iya eroomin kwabantwana Lihle...." He dialed a number....then dropped the call....he went out th back door..... I heard him say: "ndingak'nceda...?"Followed by four gun shots....as silent as possible.....but I heard them....

I heard a car pull up....he came in the front door Lubb: "Lihle!"... Lukhanyo walked back in the backdoor... Luks: "Molo bhuti...."his steps calculated....he walked slowly....tears fell down my cheeks....why couldn't I have met a less violent man...? Jesus why lona!? Lubb: "what have you done Lukhanyo!" Seeing the gun in his hand..... Luks: "why? Does it bother you?" Lubb: "dude you just killed your wife?" I was crying by now.... Luks: "nope...."he walked to the room....Lukhanyo followed him....I was sitting in the corner, sobbing....he came and held me....I didn't know who it was....I hadn't looked up....but I think it was Lubb.... "Shh thula alok mtshana..." Lukhanyo just stared at him.....and shook his head....I pushed Lubabalo away....it was his fault!... "Just go..." He walked to Lukhanyo and grabbed his arm....he dragged him to the lounge... Lubb: "Yaphambana kwedin!!! What the fuck is wrong with you!!!" Luks: "yinton hok?" Lubb: "fondin, yambona lomtana ukoyika njani? its none of my business what happens between you but come the fuck on Lukhanyo!...kuthen ungena ntliziyo nje?!" Luks: "nguye okethe utshata negintsa..." Lubb: "you didn't give her. A motherfucking CHOICE! It was never her decision!!! You will lose this girl Lukhanyo, and it will not be to me. It will be to Life! Angaz'bulala lomtana ngenxayakho!...." He looked at Lukhanyo with disgust and a sick face then walked out...

Chapter 140

Lubabalo drove to the nearest open liquor shop. He bought a bottle of whiskey and a glass...he went to his car and drove off.....he put on Drake's latest album.....Nothing Was The Same.....because nothing was the same as before.....he skipped to track 11...305 to my City...he drove out of the city...he just wanted to get away...until he couldn't drive anymore.....he poured himself a double shot and downed it.....everything was falling apart....why the fuck is that boy playing with his life like that? Does he understand how many men would like to be him!....a wife....and 2 beautiful kids!....why couldn't he snap out of it already? Yeses lentwana!...he threw away the glass and drank out of the bottle....he accelerated....the car sped through the darkness.....tears in his eyes....as he thought about his life.....it seemed so meaningless

to him.....the 12th track came on.... "Too Much".... The lyrics sunk deep in his heart....I may be a monster but nobody deserves this shit.....it felt like it was singing for him.... 'Don't think about it too much too much too much too much....there's no need for us to rush it through... Don't think about it too much too much too much too much....this is more than just a new lust for you...."he related.....he let go of the steering wheel and pedals.....he closed his eyes as head lights flashed before him....he cried....thinking about his parents.....his best friend.... "I'm coming to you babe..."...the lights were of a mini truck...it was bigger than his 350z....the car swerved with the driver's side facing the truck..... The truck swerved and hit the back of the car....it instantly flew and rolled over to the other side.....

"Don't think about it too much too much too much too much.....there's no need for us to rush it through"

Lukhanyo stood in the kitchen for the longest time.....should he go and apologize?...he poured himself a drink....

Lihle had promised herself that if ever Lukhanyo was to be involved in a shooting...she would leave him. So this was it. I can't deal with this shit anymore. I'm out....she took the kids' bags...and packed their things, she packed her bags too....and got dressed. Lukhanyo walked in....he knew this was it. He had promised, now he broke it.... Luks: "Lihle you can't do this to us...."I completely ignored him....I can't do this to myself...now that's what's up... Me: "Vuyo will come fetch her stuff ksasa...she's going back to East London with her boyfriend..."... Him: "Lihle, ndiyak'cela tu..." I carried on packing.....ndine khaya mna mntakabawo....I don't have time for this war-zone....I took the kids' seats and strapped them in. I called a cab..... Me: "would you like a moment with your kids?" He nodded his head and I went to the kitchen....I took the containers and bottles...and every other thing they might need for now.... The cab arrived, I took the bags out and loaded them in it...I went back to the house.....to Lukhanyo.... I looked at him, he looked back....I wasn't sure of divorcing him...I still need to think about it....I needed some time alone... Me: "please hand over my kid..." He kissed Lihle and handed her to me.....then he took Luthando...I strapped her in th cab back seat and went to take Lutha....did the same with him.... We stood outside the taxi... Him: "lihle I'm sorry...." Me: "I know you are, you will be every time you do it Lukhanyo.....you can visit the kids anytime you want....."I went inside the taxi and we drove off.....

What the hell did I just do.....lukhanyo asked himself...my family just left me?.....hayi man....maybe she's just mad...she's coming back soon....she always does....lemme send her a message... "Babes, ndicela und'xolele bo...I didn't mean to scare you. Please come back:(".....she didn't reply.....why the hell would she not reply.....? Mxm....he

called amajita...to get rid of the body in the back yard..... Stuja got there first.... Him: "hey man.....ayila Ntwana yak'lo Pluto le?" Luks: "ha fethu ayinguye lo....they lit the back yard.... Luks: "lentwana bikhe yand'fownela ithe ufunu thetha nam.....".....they took a closer look at the body.....it was Pluto's younger brother....what was he doing here? They checked his pulse...it was beating...very lightly..he was slowly fading.... Stuja: "lukhanyo wenzen fethu! Yayaz lentwana bik'ncanywa njan!....yeyes!!" ...they carried him to the car and drove quickly to Mercantile.....they carried him inside.....the little boy was hanging on a thread..... What was going on with my life? Lukhanyo thought to himself...the doctors took th boy and closed the operating room's doors.....Lukhanyo kicked a chair off its screwed on roots in the waiting room.....he was soo angry.....at himself.... He dialed Lubabalo's phone....it just rang and rang.....he left a voice message.....saying sorry....asking for forgiveness.....

Was Lukhanyo too late?

Lihle received the message....cimba ndisistuji le....she put the phone back in her pocket...I just needed to breath.....after a long journey we arrived in motherwell....I unlocked the house and brought the babies and bags in....I paid the cab driver and he left...I locked the house and went to put the babies in mom's room...they were sleeping

...it was almost 5am...so I decided to clean the house...I started with my room....and went on to the bathroom and lounge then kitchen....I went to clean the yard at about 7....I got back into the house to check the babies.....they were sleeping still?...this was odd.....I went to check Lutha's pulse rate, his breathing...he seemed fine.....same with Luhle...I cleaned the windows of the house then came back in....I washed my hands and went to check on them again..... Luhle was awake, and she had Lutha fist in her mouth, gumming on it...Lutha woke up...he didn't cry or pull back his fist, he just let her be.....ncaaaw bethuna....now that's a big brother.... Me: "oh bethuna, my boy...uqomba mawum'yeke...that's a man ke mtanam...uy'bambe njalo...." I wasn't going to badmouth Lukhanyo to his children....they will have to see for themselves...mama wam nam zange am'thuke utata for leaving her...she never said bad things about him....I once asked why he wasn't around and she simply said "he met another woman"....that was it....other women be like: "that bastard! He cheated! He had sluts"...etc etc....but she simply kept her cool and told me only the nice things about him.....so I will do the same.... I picked Luhle up... Me: "princess yam.....ethanda uhlupha ubhuti wakhe..." ... I kissed her cheek...I lay next to Lutha...I love these two people...they are the best thing I got out of Lukhanyo.....I looked at my boy, I pray he doesn't turn out to be like his father or uncle....It would break me..

please come through to Greenacres Hospital?" Luks: "is he alive?" Caller: "I can't disclose that information over the phone sir..." Lukhanyo hung up.....the car flew to Greenacres Hospital.....his heart was below his ankles....he kept shaking.....what if my only brother is also dead....? And it'll be my fault too!...his phone rang again.....he picked up, as he pulled into Greenacres hospital.... Caller: "Mr Mzinyathi, will you please come to the hospital? Its about Smilo Mzinyathi....as soon as possible sir...." He couldn't hold back his tears.....he sobbed in the car....but he had to be strong.....why was everything turning against me?....he entered the hospital....his heart quivering...the doctor came straight to him. Luks: "my brother has been involved in a car accident.....is he dead?"he cried.... "Doctor, tell me, is he dead!?" Doctor: "sir, we'll find out about your brother from Doctor Morgan, for now.... I need you to sit down and listen to me carefully.... Smilo Mzinyathi had a relapse.....it just happened suddenly we don't know what the problem may be....we moved him back to ICU..."Lukhanyo just blacked out.....everything is going sour....first Lihle, then Lubabalo now Ta Smig.....yeyes!...shit has just got real....how do I fix this mess?.... Lukhanyo just got up and walked out of the room.....he looked for a Dr Morgan....he needed to know about Lubabalo..... "Sorry, I'm looking for a Dr Morgan?" Nurse: "can I help with anything sir?" Luks: "maybe if you could turn into Dr Morgan?" He said sarcastically.... Nurse: "this way sir..."they walked to Dr Morgan's office, he sat down and waited... Nurse: "I'll call him for you..."the nurse for a good 20 minutes.... A tall man walked in.... "Good day, I'm Dr Morgan..." Lukhanyo just stared him....he didn't have time to play.... "I'm Lubabalo's brother....he was in a car accident..." Doc: "uhm.....sir.....I'm afraid we have bad news.....Mr Morrison's injuries are severe.....he's on a life support machine....there's nothing else we can do for him.....all we can do is pray....."lukhanyo cradled himself in tears.....uncontrollably....thinking of the last time he saw his brother.....he didn't even have time to apologize...

Chapter 142

He had nobody to talk to.....I'm sure Lihle won't even speak to me.... The doctor got up gave him a tissue. "You have to stay strong for your family Mr Mzinyathi....trust in God." He left him there.....that was insult! If God loved me, he wouldn't do this to me! He wouldn't take away the only things I had in life!....my family...he walked to Lihle's mother....he stopped at the door and wiped away his tears...he walked in....she had just finished bathing and getting dressed... Mom: "kwenzeke ntoni lukhanyo...?"was it that obvious?....he just sat next to her bed and cried....he

covered his face and balled out in tears.... Mom: "ohh yhini mtanam....thula alok bhuti.....kuzolunga....." Luks: "mama....kuzolunga njan?...."he tried speaking between wails...nes'nqala.... "Everything's falling apart.....Lubabalo is hanging on a thread.....Ta Smig buyiselwe ICU....uLihle und'shiyile mama.....kungaphinda kulunge njani?!"she held his arm..... Mom: "By the power and grace of the Lord Almighty. Lukhanyo kuzolunga. Thixo, khusela unyana wakho kobubunzima...mnike amandla nomonde.....ukhusele usapho lwakhe...ugcine umalume no bhuti wakhe.... EGameni le Nkosi, umdali weZulu nomhlaba....." Luks: "amen..."he lay his head on her.....she held his face....and brushed his head..... "Enkosi mama....." Mom: "fownela uLihle" Luks: "akazophendula mama...." Mom: "iya kuye ke. Lukhanyo you need her. Lihle kasoze ak'yeke during such a bad time..." He got up and wiped his tears.....he kissed her goodbye and left.....

He drove off to motherwell.....Lihle had just bathed the babies.....her phone rang....it was Lukhanyo.....arrgh....can he please just stop....she ignored.....15 minutes later his car pulled up.....mxm....yay'thanda idrama bonanje uLukhanyo....I was putting the babies to sleep.....I lay them peacefully on the bed....then walked to the lounge....I got the shock of my life to find him sitting there! Me: "how did you get in?" Him: "lihle....." He was crying.....oh really?..... Me: "Lukhanyo yinton ngok? I thought we had an agreement!" Luks: "uLubabalo lihle....."he said sobbing.... Me: "uthen?"I'm not in the mood for their tantrums....xabequmbelene and'ngen ndaw mna.... "Gee lukhanyo....can't you two sort your issues out already...." Him: "....he had an accidentright after he left...." ... Whaaaat!!!? Noooo..... Me: "Lukhanyo!"he had his elbows on his knees....hands on his head....he cried.... Me: "lukhanyo nooo...." I went to sit next him...he turned around and buried himself in me.....I couldn't push him....away....he cried on my chest.... Him: "Ta Smig ubuyele ICU lihle....."tears fell down my cheeks....I couldn't help it....everything was falling apart so quickly.... Me: "we'll have to proceed ngomsebenzi Lukhanyo... We can ask uTivo....he's the only other elder in our family....." Lukhanyo's heart relaxed.....that 'we' and 'our'.....made him feel at ease..... He looked up at her... Luks: "uzond'ncedisa?" I wiped his tears....and kissed his cheek.... "Yes"he hugged me very tightly... "Enkosi Mamngwevu.....I'd be nothing without you...."

He hadn't slept the whole night....Lihle held him for a long time....he was tired....he got up... "I have to go" Me: "awuyi ndaw Lukhanyo, you haven't eaten or slept...." I went to lock the doors....and made him a quick sandwich, he looked like he was about to fall down any second.....he ate and sat down.... He looked at me.... "Celu xolo Lihle..." Me: "now is not the time Lukhanyo....." He looked to the ground.... "Do you have headache pills?" Me: "you're already tired....you just need to lay down...." Him: "I

don't wanna be alone...." Me: "your kids are in the bedroom...." He got up sadly and went to the bedroom.....after a while, I went to check up on them.....like I anticipated, he had drifted to sleep....I climbed on to the bed on the other side.....he woke up and put Luhle on his chest.... He moved closer....Luthando was the only one between us....he pulled me closer nonetheless....and fell back asleep...

Chapter 143

Lukhanyo woke up to Luthando awake.... "Hey kwedin yam...." ...he held his face...lutha tried reaching for his hand... "Ei my boy.....tatakho has really fucked up this time....you must never.....get yourself into this life ntwana yam....noba and'saphili, don't you ever.... Ndiyoze ndivuke kwelo ngcwaba ndikukhande nge s'hlangu...yeva?"Luthando smiled as if he knew what he was saying.... "That's my boy....promise uyihlo ne?...pinky promise..?"he held his tiny hand....and smiled.... "Ndiyan'thanda nyana....too much.."he kissed his forehead....Lutha opened his mouth.... "Kodwa yabawa man...."he dipped his finger in his mouth...Luthando tried to close in on it but was too slow....he opened again... Lihle: "bukhe wavasa izandla phof...." Luks: "heeeeeee.....hayike ngok" Lihle: "just saying...." He kissed Luhle and got up.... Him: "I have to go to the hospital again...."I honestly didn't want him to leave....but he had to....he put Luhle down....and I walked him to the door....when he got out.. He turned to look at me..... "Bab-" Me: "please don't...." Him: "Lihle.....thanks for everything...I wish this whole nightmare could just end...its killing me...." He moved closer....and one hand held my waist....the other held my head..to look at him.....he bent down to kiss me...I turned away... "Lihle please...." Me: "we can't jeopardize it Lukhanyo....."he stared at me in pain.....I guess one kiss can't be that bad....I pulled him and kissed him....his hands held on to my waist....his eyes closed.....for a long time....until he almost lost his balance.... He kissed my forehead and walked back to his car. He drove off.....

When I got into the house my phone beeped...it was him... Message: "You just keep me above everything in this world. You're my sanctuary. My world. My everything. When I'm with you, everything falls into place...I'm truly sorry Matshangisa wam....that kiss reminded me of our wedding day....it kept me floating...I almost fell....but you held me...like you always have....I love you♥"I cried while I read it....I had to read it twice.....no matter what was going on between us, I was in love with him...I couldn't help it. I couldn't even stay mad at him for long....if you've ever been in love you'll know....you'll be mad for a few days...but the moment something

crucial happens to your partner you'll go back in a split second....its just how love is designed.....I started thinking about our memories together....when we were all at Lubb's house....having fun. I have to get on with this.....I replied: "I love you too Lukhanyo. And you know I'll always be here for you. You have to get your act together...we'll get through this. Send me Tivo's number as well as your step-mom's...."Send. He took a while to reply, maybe because he was driving.... "You can't talk to Tivo on your own. I'll be back in 2 hours."ohhkay....I cooked in the meantime, it was still early, about 1pm...possibility kufike ifamily instead of just one person either way I had to.....Luthando started crying...I switched off the stove.....and ran to him....Luhle started sobbing too....my heart raced.....I tried calming them down.... I heard a car pull up....when I looked to the window, it was not Lukhanyo! I dialed him quickly, locking the house..... Him: "what's wrong?" Me: "lukhanyo there's somebody outside.....the twins are uncontrollable....this person does not look friendly. Nguban lona!..." ...I heard brakes on the other end.....oh God.....I started praying.....this cannot be happening....another car pulled up.....still, it was not Lukhanyo!..... "Mhlekezazi....ndingak'nceda?...." ...I peeped in the window, it was a policeman. Oh Lord have mercy. Person: "No"... Police: "yabona nawe akhomntu kulondlu....ngok ufuna nton apho?" Person: "ik'ngena phi wena?" Police: "ngathi ngow'bane ndlela yotheha..."the second policeman climbed out the van and grabbed the intruder....he handcuffed him and threw him in the back of the van..... Lukhanyo pulled up.... He spoke a bit with the policemen then came to the house... "Baby vula..."... I opened the door..... Him: "thatha bantwana sambe Lihle...." I didn't even ask why.....I took Luthando and went to buckle him in the car....he brought Luhle and the bags.....Lord forgive me for thinking such things at the worst time....but this guy looked mighty fine....his tight shirt on...rolled to his elbows.....the veins popping out.....I am so sorry...I locked up the house....he finished buckling Luhle, we got into the car and drove off. Me: "nguban lowa?" Him: "babes, andimazi...I don't wanna lie..." "Lihle ndicela just one more thing....." Me: "what is that?..." Him: "I swear after this, it'll be just us....it'll be our family....nothing else will ever get in our way....."

I knew he wanted to kill.... I looked out the window... *sigh* Will it ever end?...Luhle started crying...I was developing a headache by now.....I looked at what was bothering her....seemed to be a dirty diaper..... Lutha made a funny face... "Heee, Luhle ukhala kuba ez'moshele ke sthandwa sam..."ndaz'va nditshilo....I saw him smile.....he had won.....again..... I wonder siyaphi.... He automatically answered or questioned my thought.... Him: "babes, I think we should leave the kids with Sylvia for the day. I'll need you with me..." Me: "okay then..."we started at Lubabalo's

house. We went in, Sylvia greeted us....Lukhanyo sat her down with Luthando, I took Luhle to the bedroom to change her...she had created a real stink bomb...this child.....I heard Sylvia cry... Him: "sisi, this is not the time to be crying. Lubabalo needs us to be strong. Akekafi....." She: "shiya abantwa...nihambe...."Lukhanyo went to fetch her tissues.....he gave them to her and held her shoulder.....

We drove to the hospital, leaving Syl, with the kids...she seemed better when we left.....enyinto uLukhanyo akanandlel yothetha....you have to be fine whether you like it or not. We got to the hospital.. Him: "mas'qale ku Lubabalo..." ...we went to find the doctor in charge.... A tall man approached us....he had a grin on his face... Doctor: "Mr Mzinyathi! You're back..."dude what the fuck, was he supposed to stay away?... Lukhanyo: "can we see him?" Doctor: "just a little brief before you go in....we found activity in his brain. Even though he isn't awake....he can hear, it might be possible that he's dreaming too..."I hope he isn't having nightmares...the doctor led us in.....my heart tore into tiny pieces....his face was swollen, with two small bruises by his right jaw, a brace on his neck and shoulders...and his right arm had a cast... Doctor: "talk to him....share memories..so that he has positive dreams....try not to remind him of bad things....." Lukhanyo held his hand..... "Bhuti..."that was all he said....then he stared at me....on the other side.....with a pleading look.....I came forward and sat next to the bed.... "Hee peto yam...sikulindle ke thina....we know you gonna come back to us....uzos'hlupha.....siyak'khumbula man...."I kissed his forehead and walked out....Lukhanyo needed time with his brother....I walked to my mother's ward.....she was happy to see me.... She: "hayi lihle um'shiyelen uLukhanyo?" Me: "yoh hay kodwa mama...lukhanyo ndihamba naye nje ngoku..." She: "andimbon ecamkwakho mna..." Me: "ndimshiye ku Lubabalo..." She: "okay..."my phone rang....it was Vuyo....oh shit I forgot about her..... Me: "hello..." She: "hey peto ndilapha kuwe endlin niphi?" Me: "uhm, sisesbhedlele, Lubabalo had an accident...." She: "oh my goodness, is he okay?" Me: "no he's not.....he's in a coma Vuyo." Vuyo: "ohh haayiiin Lihle!!!!"'Nguban lowo'....I heard in the background....what a deep voice...'Its just a friend sibo'.... I sensed the vibe.....she didn't want to be here for Lubabalo, she'd rather be with that stupid ugly fool....my heart ached at that thought...poor Lubby...Me: "don't worry, you can go....I'll post your things, tomorrow..."I hung up.....I didn't have time for this. She grown!....Lukhanyo sent me a message: "Lihle iza." "Mama..ndiyabuya uLukhanyo yand'biza...."I ran to the other side.... He was standing outside crying....I went inside...without asking...the condition still hadn't changed...I sat down and held his hand.... "Lubabalo....please...." "We need you back..."my heart was in pain, because he wasn't responding.....tears fell down my cheeks.... "I hate to admit this

but I miss your nagging..."...I giggled between cries.....Lukhanyo walked back in.... The machine beeped louder...Lukhanyo panicked and yelled outside for the doctor.....I was numb with tears..... "Lubabalo please..".....Lukhanyo ran back in with a doctor who stood in the middle of the room....staring at the machine....his face in shock.... Me: "DO SOMETHING!!!"I screamed.... Doctor: "I can't.....he's awake.." ...his hand moved in mine.....I almost choked on relief.....!

Chapter 144

He tried opening his eyes...Lukhanyo stepped forward and held his hand...he kissed it.... Lubabalo mumbled.. "Ts-sek kwed-in.."we laughed at him...the doctor assessed him... Doctor: "I have never seen this happen before...but I am not surprised...you weren't even supposed to make it here.....you're a fighter Sir Morrison..."Lubabalo cracked a smile... "Am-aman-zi"....I poured water into a glass and helped him drink with the straw....he drank half the small glass....and stared at me..... "Lih-hle.." ... I smiled at him....and looked at Lukhanyo...he wasn't angry....he just looked and smiled at his brother..... Lubabalo looked at him....his expression changed... I decided to leave them alone... Something was going on here....and I felt like I was intruding.....

Lukhanyo: "I am soo sorry....I know I acted like a jerk...." Lubb: "it-its fine....Luk-khan-yo....you hav-ve...a....goo-d wi-fe.....don't f-f-fuck it u-p....."the nurse walked in....she: "sir, if you don't mind, we need to run a few tests on Mr Morrison...we'll inform you when we're done..." Lukhanyo nodded.... "Nd'zobuya va....don't be a bitch...."Lubabalo struggled a smile.....Lukhanyo walked out.....

Outside in the waiting room, Lihle sat still..... Luks: "love...." ...I looked up and walked to him.....I threw my hands around his neck.....he hugged me back..... "Kwafika wena....kwaske kwalunga same time...."he kissed my head.... "Masiye ku Ta Smig..." We walked hand in hand to Ta Smig's bedroom.....we found a nurse outside.... Nurse: "Sir, you can't go in yet.....his wife is in there...."Lukhanyo turned ice cold as the woman walked out of the room....his breathing escalated.... I whispered: "Lukhanyo....calm down...." He clenched his fists.... "Lukhanyo please...." He walked straight past her.....the woman looked at me.... She: "heeee! Akhutshiwo noba kukho uMakoti...." I looked at her.....she looked down at my ring...how dare she....ebezobizwa nguba?..... "Hayi awukwaz uthetha?" Me: "nd'thetha nton mama?" She: "uMolo yimalin..." Me: "Molo ma...."lukhanyo came back out, "Ngena Lihle...."I stepped inside the room with him....Ta Smig still hadn't

changed....we stayed with him and spoke about the preparations....I prayed he could hear us.....we spent almost an hour discussing it and Lukhanyo just got drained.....he was soo upset...and it was also getting late.... So we decided to leave.... I kissed Ta smig and we left.... That woman was still outside.... Lukhanyo's face was ill with anger.... Luks: "uzothin apha wena?" She: "ndize kumnyen wam....yindlela yotheha leyo?" He almost attacked at her, i held him back... "Lukhanyo hayi!" he strode away in anger.... The woman was hysterical.... "Yuuuh yoooo! Ndincedeni!!!....."like bitch he's gone!..mxm....attention seeking pedophile.....I walked after Lukhanyo....we went to check on Lubb....he was asleep.....Lukhanyo wanted to chat with him....I could tell.....he was actually sulking....akafekethi nje.....we left.....

On the way home..... "Masiyolanda bantwana..." Him: "we need to meet with the family first....."so we drove to KwaDwesi...the mother wasn't there....oh Thank God....I didn't need her right now..... Tivo was there....with Sam.... And another girl who looked like Sam's friend.....I greeted....Lukhanyo walked straight into the house....Sam: "unjan?" Me: "I'm good...wena?"I tried a smile....we hadn't seen each other in a long time, but I think she was still embarrassed by what had happened at my home.... She asked me about the babies...I was more than happy tell her....I didn't have much friends to brag to.....I unlocked my phone and showed her pictures of them....Lukhanyo came back....he spoke: "uhm....kukho into endifuna siy'thetha as a family....so if we could all listen.....mna nomfaz wam sicinga ukwenza umsebenzi.....to cleanse the family....recently I found out I have a brother....a twin to be exact..."Sam eyes widened... Tivo just stared at him.....he probably knew too.... "Usandofumana ingozi, noTa Smig ubuyele ICU.....so my conclusion is....we need to do it as soon as possible before kwenzeke any more damage....its Wednesday today....so we'll have to do it next week... Saturday... Ta T, kuzoma wena for iFamily...enkundlen....Sam, organize to get a goat.... Olady lizokwenza the other arrangements....I'll pay and Lihle will help..... So can we get a move on?..... Uphi umama lapha?" Sam: "ndim'qibele esithi uya emthandazwen...." Lukhanyo called her.... "Olady....nd'lapha endlin...." She: "ima ke ndoda ndiyabuya...."I kept wondering to myself.....why Lukhanyo engavani nalomama.....she tries mos.....even Ta Smig doesn't understand behavior ka Lukhanyo.....I'll have to sit down with him.....we have a lot to talk about.... The woman arrived after about 20 minutes.....She greeted and smiled when she saw me.....that creepy smile.....*sigh*.....but I have to do this..... I smiled back... Me: "molo ma..." She: "molo mntanam.....cela undenzel itea wethu....bes'ngeka phungiswa nophungiswa pha...." I got up and went to the kitchen....while Lukhanyo explained to her....I made the tea...and brought it to her... She: "mmmh.....hayi ndiyak'ncoma uhleli shem....didn't think you'd last...."I didn't

say anything, I just smiled.... Luks: "so that's it for now...sizothetha ngomso..." We said our goodbyes.... Ma: "oh yhini ungas'shiyi naye wethu.....amane ngondenzela le tea....."..... Luks: "that is not gonna happen...." ...we laughed and left.....

We got home, Lukhanyo was tired...he threw himself on the bed after locking up....I called Sylvia and put her on loudspeaker.... She told me that they're just fine...and had just fed them...we chatted some more and hung up.... Luks: "order something babe...ndonqena noko phakama..." Me: "but I feel like chicken though...ndizobaleka ndiyoy'thenga then"..... He simply got up... "Masambe ke...." ...we went to eDasi to buy Kfc through the driveway...then drove back home....we ate then went to bed....he fell asleep first...I cleaned up quick....checked the doors and windows....then went to bed...it was really hot...I wore his t shirt and slid in next to him..... After a while and came to cuddle in me.... "Awusengcole..."as he touched my thighs.... Me: "nganton?" Him: "njan und'bawise.....kodwa uphinde und'vimbe...."he nibbled on my ears...massaging my breasts.... Me: "kutsho ban ba ndizok'vimba..."who was I fooling....I really missed him....and he needed to relax after everything....makakuphe istress umntu wam tshi....he took off the t shirt and turned me around..he kissed my mouth....his hand slid down to his secret cookie jar...he slowly played with it.....and dug his finger in....he climbed on top of me....taking off his boxers....he kissed my chest....then my breasts....he went down to my stomach....I was already tingling....I knew he was getting there....I held his head as he went down....I gasped for air....he twisted and twirled his tongue...he gnawed on it and held my thighs apart....ohh what pleasurable torture....my body was vibrating...literally....he knew that was his cue....he got up slid it in..his mouth held mine....I didn't have the chance to breath...he moved slowly....balancing on his elbow and the other hand holding my waist.....he lifted my leg to put on his shoulder and he went deeper....I cried in pleasure....his pace increased....he breathed louder and louder.....I held on to his body....I felt it in all corners.....the liquid rushing out of me....my thighs wrapped around him.....shaking.....oh goodness.....I was almost about to reach climax and he took it out.... "Lukhanyo this is no time to be playing come back here...."he just stared at me Biting his lips....he lay on top and slid it in one more time....whispering...: "I love you....." Me: "I love you too Lu...Lukhanyo...."

Chapter 145

We lay in bed.....when we were done....or taking a break.... Me: "this doesn't change anything..."he jumped up... Him: "uthin Lihle?" I sat up... Me: "I said it doesn't change anything boo....I love you...and I can help you with everything. But I don't think we can get back together so soon..." Him: "but why Lihle?" ...he looked annoyed and sad...his eyes deepened onto my soul.... Me: "I don't want to be in this life of yours anymore....we have 2 children Lukhanyo!...they can't grow up lewei..." Him: "but I grew up and I am FINE!"...he yelled... Me: "you see?..." Him: "I'm sorry baby....please Lithembelihle....you know I'm willing to go through any lengths.....to keep you with me....." He kissed me....and climbed on top again....he lay his head on my breasts..... "Ndak'cela sthandwa sam.... I even missed my personal pillows..." Me: "kodwa Lukhanyo uyafeketha...." Him: "lihle please...."I thought about it....it wasn't a hard decision. I knew for a fact Lukhanyo would never in a million years drop that life.... "I promise to keep you and my babies safe at all times mntu wam.....I swear...."well he hasn't disappointed thus far..... Me: "*sigh*fine then....on one condition..." Him: "anything babe".... Me: "we have to move...." He paused for the longest time.....

Him: "I'll think about it..."he was so not.... Him: "funeke ndiphinde ndik'plite kekok? Cuz und'lahlile...".... Me: "I wouldn't mind that"..... Him: "yayaz kemnake ndiplita njan...." Me: "heeee.....like the first time wand'wina?"he laughed out loud....then kissed my neck.... "Won you forever..."he went to my breasts.... "K'dala ind'bawisa lantwana...."he sucked on them....him doing it seemed so different....he rubbed my g spot while doing it.....I dug my nails onto his back.... "Lukhanyo....ohhh Baby" Him: "awukand'vumi?" He went deeper..... Me: "yes....." ... Him: "and'kuva..." Me: "Yes!....." Him: "one more time....." I reached climax and screamed out loud: "YESS!!!" Him: "that's my girl....." He had a cocky look on his face....the one a killer has when he's killed his victim....it was hella sexy..... Me: "don't do that..." Him: "thought you loved it..." I pushed him over.... Him: "haha....mxm...." We lay for a while..... Me: "babes. What's wrong with your step mom?" Him: "nothing.....I'm fine with her....qha akandenzi comfortable....its just me....she's never done anything to me.....but I think I trust your mom more...." Me: "I see....."

He fell asleep.....finally..... He looked relaxed for a while....then he's muscles stiffened....he was dreaming.....no.....it looked like a nightmare..... Me: "baby.....wake up....." He woke up....breathed heavily....then pulled me closer..... We woke up early in the morning....and took a shower together to save time.... I wore my skinny jean and white blouse....Lukhanyo wore his jeans and crystal white shirt....i fooled around

with no shoes on waiting to see which shoes he was going to wear.....I made breakfast...and dished up for him....he just wore his socks and came to eat.....I knew I ate slower so I chilled.....but I know my husband....when he's watching soccer.....I finally gave up and went to wear my boots.....I saw him sneak a smile.....he went to wear his too.....and we left for the hospital..

Chapter 146

We got to the hospital and started with Ta Smig.....it broke Lukhanyo in ways one could never understand....we stayed for a while...chatting and reminiscing.....until Lukhanyo just got fed up and walked out....I stayed in the room... And held his hand....I spoke to him....about so many things....I was actually babbling....I told him about my life before Lukhanyo....before Xolani.....and then I came to the part where we met.....how I fell pregnant(not the exact details)...what happened after that.....I ran away to Kimberly and he found me..... He proposed.....the sweetest thing ever....when we got married....and the birth of the twins.....I was crying by now..... I felt a shadow by the door, I wiped my tears quick and looked.....arrgg.....this bitch..... It was the wife.....she walked in.... She: "what a beautiful story..."such a pity my mother taught me to respect elders....oh its such a tragedy.....cuz I would'a beaten the living DNA out of her... Me: "thanks...." She: "so where are the babies?" Me: "we left them behind." She: "ndiyabathanda abantwana...." Me: "I'm sure you do..." ...I got up and walked out the room.....

I went to Lubabalo...my heart skipped a little at least he was okay....that made me optimistic about something. I walked into the room and Lukhanyo wasn't there.....Lubabalo just stared at me....oohhkay!... Me: "hey sweetheart, how are you feeling?" Him: "I'm good" ..he tried a tiny smile.... Me: "got us worried there for a second hey..." Him: "well really now? I'm sorry...." Me: "are you okay?"... Him: "no! I'm a bit hungry kunin nd'lindile!..." I got up and went to ask about his food...the nurse was on her way....I just grabbed the bowl and went back to the room....like I don't care what she thinks....I helped him sit up....he was in so much pain...you could literally see it with every movement... I sat on the bed next to him and fed him...he tried chewing...it took really long....so I started conversation....he just lost his patience... Him: "nd'noske nd'sele amanzi mos...!!" Me: "no, you need to eat." Him: "no...lihle! Fuck it! No!"kuthen ene moods kangaka nje.... Me: "what's wrong Lubabalo? This is not just hunger...." Him: "nothing lihle just leave it..." ...hehake... I put the bowl on the table and got up to leave....he grabbed my wrist...and pulled me

back....further up the bed.... Him: "und'vusele nton?" Me: "bungafun vuka wena?".....he looked away.... Me: "Lubabalo?".....he kept quiet.... Me: "were trying to commit suicide?????" He looked down in shame....oh God no!..... Me: "why!?"...he looked up from his embarrassment.... Him: "is that a rhetorical question?"hayin bethuna I know he was crazy....but this takes the cake....with a motherfuckin cherry on top!....ubu dom obungaka buvelaphi? Yuuuuuh Yehova these cheeseboys don't know what to do with their lives. Help them!..... Me: "you listen to me....very carefully....(I moved closer and whispered in his face)....I am not leaving Lukhanyo...how does committing suicide going to help you? Dude, I love the guy....I know him better than anything else....he loves me too....and he would NEVER let us happen....not even if he were dead....we would NEVER be happy.... Lukhanyo angath ephokra ngok esaphila?....please Lubabalo....this is just a stupid crush....get over it...ndak'cela bhuti.....there are nice girls apha.....don't look for them in parties and skimpy clothing....there are out there....just....yese Lubabalo man!...." He held my hand....with both his.....tears falling down his face.... Thixo wam endim'khonzayo bendikhe ndacela.....yooh! Him: "its okay Lihle....I was willing to give you everything you would ever need....I don't want to accept it....but I have to....I thought you wanted this....you never said No....you always blocked with Lukhanyo this Lukhanyo that....you never had a valid point for yourself....I don't know ingaba ngey'phi excuse yakho if Lukhanyo would just suddenly.....die."he gave me a "as matter of fact, he could" look..... Me: "so you're going to kill my husband? Good luck with that adventure.." Him: "I won't do that!! Damn babe listen....I'm just asking you to give me one reason, for yourself. Without mentioning Lukhanyo or your husband or whatever....just one that applies to you...."I kept silent and thought carefully....shit.....was I fooling myself....?..hayi man Lubabalo will never be Lukhanyo....I can't hop from the bad to worst and then the Ugly!....cuz as adorable as Lubabalo looks...he is worse than Lukhanyo And Xolani combined!....you could never tell why because that's how slick he is....he covers his dirt up because of the house, the cars and that damn job, I never see him do...or go to.....am I still thinking of a reason? Or just highlighting this niggas flaws....heeeeeee.....my reason is that I love Lukhanyo....oh wait....okay, I am marri-...oh wait no.....ohk try this.... Me: "because I don't love you Lubabalo...." ... He smiled....and shook his head slightly.... "Okay then.....if you say so.....ndik'yekile.....you can go...." I got up awkwardly and left...you see? How creepy that was....any sane person would have thrown a fit....how can he smile and relax....I need to look for Lukhanyo!... I called him....his phone was on voicemail....I called the second phone.....same result.....I ran to the parking lot....the car wasn't there!.....where on earth is he?....I started panicking and walked back to the

hospital.....I stomped my way to Lubabalo's room.....this is his doing!....what has he done??!.... I bust in the room and spoke in a low tone.... "Where the hell is my husband?"... Him: "isn't he right behind you?"...I swung around and found Lukhanyo holding custard and a bowl with a plastic....he had the most confused look on his face..... Luks: "and then? Wangu Superman? kwenzeka nton?" Me: "I need to talk to you!.." Lubb: "nd'cela custard yam qala....then you can...uhm...talk to him...." Lukhanyo walked over to Lubb's bed calmly.....his eyes firmly on me....he poured the custard into the bowl, put in the spoon and said.... "Lihle, please feed Lubabalo." Haaa?....my heart fell to the ground in a thud....Lubabalo had a smirk on his face.....Lukhanyo had a serious 'I aint playin wit you'....look..... Me: "why can't YOU feed him?" Luks: "because I'm asking you!".... I took the bowl and fed him.... Luks: "can I take a picture".....I stared at him with cold eyes....then continued feeding this.....this.....urrrg! I ran out of adjectives! Damn!....his flash clicked.....when I was done feeding Lubabalo I got up.... Me: "Lukhanyo, bend'cele uthetha nawe..."..... Luks: "we'll talk at home."....he didn't even look at me.... Me: "and when are we going home?" He shrugged his shoulders, like what the fuck?....I left to go to my mother's room.....this was just fucked up....I aint need this.....Mom was asleep.... The nurse came to me: "please don't wake her...she's been having trouble sleeping....a Mr Mzinyathi just saved us and helped her sleep.....he sang a little song....and massaged her...." Me: "oh ok..".....of course he did!.....

On our way home...it was just silence!.....he parked inside the garage.... Me: "abantwana?"....he just got out and walked into the house.....ohkay!....so I go inside and he's sitting on the couch watching ESPN(entertainment sports network)..I started cooking...I made grilled chicken and un-skinned potatoes...I made cinnamon-sprinkled pumpkin and half cooked cabbage....and rice.....I dished up for him and put it on a tray.....I walked to the lounge.... Me: "naku kutya baby"....I kneeled next to him and put it on the table....when I got up.... Him: "and'lambanga...".....yuuuuuh, andakhubeka! Me: "bek'then zungatsho...?" He just stared at the tv set.....nam ndaske ndatyafa....I took the tray and put it in the fridge, with mine....I walked to the bedroom lay on the bed and played with my phone. He walked in 5 minutes later.... Him: "you said you wanted to talk..." Me: "your brother tried to commit suicide because of me not wanting him....you need to take that boy to a therapist babe.....who does things like that?" Him: "is that it?"....he stood in the middle of the room....his hands in his pockets....he looked annoyed..... Me: "he wants to take you out of the picture!.." Him: "yinton kengok ingxaki? You love him don't you?..." Me: "what? Lukhanyo, are you not hearing what I'm saying???" Him: "Lihle, lubabalo was right....whenever he approaches you, you block ngam....why? Because I'm the only

obstacle between you two right? Kamand nawe you gave him an idea to kill me..."
Me: "Lukhanyo ushiywa zingqondo??? I don't love him! You're not the only ob-"
him:" oh so there's other obstacles too? Lihle I heard you last night uphantse wabhuda
ngaye kum....and'sos'denge mna...."he walked slowly to me....he leaned on the bed,
his face close to mine.... "And andikazobasis'denge.....you will always be mine.
Whether you like it or Not...." He got up and walked out...

Chapter 147

Heee uyaphambana na lomfana? What's wrong with him? Hayi uLukhanyo is being
stupid!....I didn't want to fight....ngezinto ke ezi zindenza ndingafun buyelana
naye!...I walked to the lounge.... "Lukhanyo..." He didn't look at me....he just lay on
the couch with his shoes off....its impossible reasoning with Lukhanyo, when he
doesn't want to talk, he won't talk. And if he doesn't want to listen, he just simply
won't. Akaz'sokolisi.... Me: "this isn't working out. I think its best we spend time
apart. If you're gonna take your brother's side, in everything what's the point of me
being here? Why don't you just date him? Matter fact marry him! Cuz I'm the big bad
bitch ou'chea...." Him: "so ufuna ndik'cenge?" I was appalled!....I couldn't even answer
him...I walked back into the room in shame....Lubabalo is trying to damage my
marriage naxa engekho?.....*claps once*....khandibhude mos....it was a short pause....it
wasn't "Lub" it was "Lu"I sounded it out...yeah it did sound a bit....if we'd never met
Lubabalo would he have highlighted it?...nooooo.... Qha yal'thand uchuku man
uLukhanyo!....I decided to take a nap.....

My phone rang....it was Thulani, oh God.... Me: "what is it?"... Caller: "Hey! Ndim
uBukiwe, remember thulani's wife?" Oh yes.....fuck.....now?..... Me: "hey nana,
kunjan?"I was still sleepy... She: "I'm good sweets....would you like to go out for
lunch quick....I'm available for the day...then we can catch up"what? Catch up
with what?...we not friends....and I don't know her...fuck she mean catch up?.... Me:
"okay babe, at what time?" She: "within an hour can we meet at Angelos in
Summers?" Me: "of course yes...." She: "great.....we'll be driving our husband's
Rover's...oooh...can't wait to see you.....mwah!" Okay!.....even though I was going to
take the Benz, cuz that's my car....and I feel like driving it....I didn't want to
disappoint this "new friend"well, its in Lukhanyo's name, but he always refers to it
as my baby....and who wouldn't love it? I got up and walked to the bathroom, I
washed my face and re-did my make-up....I decided to change the shirt cuz I slept in
it and I sweated a little...so I wore a black vest...I changed the brown military boot to

my black platform....I wore my biker jacket and put on some nice perfume....I walked out to the lounge... Me: "cela isthixo se Rover?" He looked at me and back to the tv.... Me: "Bukiwe, thulani's wife, wants us to go have lunch eSummerstrand, eAngelos...."he still didn't answer....he took out the keys and his wallet....he handed the platinum card....I took the keys..... I leaned over to kiss his cheek....he turned around and I landed on his lips....he grabbed my biker jacket with such force and held my waist delicately with his other hand....he kissed me.... "Udenza umsindo bonanje wena.....uzobuya nin?"... I kissed him some more..... Me: "andaz babes lamfazi seems like a talker..."he took off my jacket and lifted my vest.... Me: "ha.ana man baby..."... Him: "yaz'bona ke?" Me: "hayi noske uqumbe lukhanyo!...bend'lele pha k'la room, kuthen uzofuna und'zeka xandihamba? Hayi subanomona apha!" I got up.... And walked out...I started the engine.....It didn't give me much of a thrill.....it was a 'vrooom...' Reaally? 😊-_-I left.....

A message came through on my phone.....it was him.... 'I love you 2 noba uqumbile! 😊:D '...what was the smiley for? Mxm yadika bonanje uLukhanyo... I took it slowly...I wasn't in a rush...I drifted to my thoughts.....Lubabalo kodwa und'qhela ikaka.....I have to admit, maybe he's the better version of Lukhanyo outside....he's easy to fall in love with.....and he's sweeter....but, Lukhanyo is more romantic, yes he has anger issues from time to time...but we're working on it....remember when I fell pregnant....when I got run over by a van....when he cried in hospital and told me to never scare him like that again...he left and came back with a rose....the way he proposed to me in Kimberley.....nah Lubabalo can go fuck himself...he doesn't know what he's talking about....I don't love him!....tshi....Lukhanyo was the better version.....but.....when Lukhanyo mishandled me, and I broke my arm and shoulder....the look of pain in Lubabalo's eyes....when Lukhanyo pulled out a gun on me a few nights back....he came for me....the look of anger he had...he almost died for me.....you wouldn't be willing to die for someone unless you're stupidly in love with them.....hayi man.....what am I thinking.... Lubabalo, has to die. There is by no way I can live happily with my man. Unless he's Gone! Even if I have to do it myself....I parked at Angelos and got out the car...

Chapter 148

Bukiwe was already there waving and going crazy.....oh goodness....I sat down and we chatted for a while...I was right....she was a talker.....she told me how she met Thulani, like I gave a fuck.....she told me about their love-hate relationship cuz apparently she didn't want him and he chased after her and eventually she gave in.....I really wasn't into this story....no offense....I thought about how I could eliminate Lubabalo....I won't be able to shoot him....that's too obvious.....but wait.....he's on a drip right?.....well, well, well.....aint that a bitch.....I took out my phone went on google quick.... 'Injected drugs that can kill a person instantly'....I found "Yahoo Answers" ...these people can be really helpful.....to murderers.... Bukiwe kept talking.....is she still on that "we never got along shit?"arhg.... She: "oh my goodness you have the Galaxy S4! So does Thulz....I think I should buy one too!...is it nice? He says its wonderful!...." Me: "its amazing.....you better buy it...." ...I smiled and went back to my research.....while she was yapping about stuff I had no clue of....I just said "mhh..." "Really?" ... "That's nice"in the appropriate places.....I found HCN, which I remember being Hydrogen Cyanide....and Pottasium Cyanide....both seemed to be powerful...when injected it takes a mere 10 - 15 minutes....to kill you....it stops your lungs first....then goes straight for the brain.....then you gone....I smiled to myself....she asked a question.... And I said "Yes..." She: "great I'll tell you when we have the next Stokvel meeting!"wait what!??....noooo no no no!.... Shit!!! Ahhh man....I had ordered a Shwarma and a glass of Sweet Rose(wine).....we ate while she spoke through her pasta... She: "you know Angelo's makes the best pasta!" Me: "really?...that's lovely..."we were there for almost 2 hours my phone rang....it was Lukhanyo... Me: "my boo" him:"ubuya nin kalok baby maann" ... Me: "we still chilling love wam...." Him: "k ke....khumbula mos mna..."he was sulking.... Me: "hee ndakwaz ke ngofeketha....ndiyeza sthandwa sam...."we hung up.....we chatted for a while more until her face lit up....she looked right past me.... I looked behind....and saw him..... Thulani was approaching.....geeeez.... 😊 -_-all the ladies, I don't think you understand ALL the women in the restaurant literally stared at him.....eyes popped out.....he was Hella fine.....is it even possible to be this pretty?...heeeee, hayini Bawo...he was wearing a suit at that....a navy one...a tight navy one...it showed it all off...he had a fade fresh haircut....like I had said, he had Hazel Brown eyes...it looked like contact lenses....is he sure he isn't coloured?....I'm only describing him so you can get his picture in your mind...I have no feelings whatsoever.....he sat down....and lay back on his chair... "Molwen".... No smile, No kiss, nothing...that would never happen with me and Lukhanyo, ndingamenzel iz'pili ntanga rhaaa!.... Me: "hey Thulani...howzit?" Him:

"good"usis wakho kissed his cheek... he didn't seem fazed at all....he just took out his Galaxy S4.... Him: "I'm sending an email quick, excuse me" he looked at his wife and smiled....my heart relaxedshe seemed to relax too.....you see that's why I never wanted a sexy boyfriend.....uyaz'xelela ba ndim lo and its what I am....yuuh rha sies puh. Qwaba inye inja mna....isenza lonto.....we sat in an awkward silence for a while... And then she asked me: "peto how do you keep in shape? You just had twins and you look like nothing ever happened..." Thulani stared at me....his hands still typing... Me: "hahaa! Its just a whole lot of exercise babe..."....I lied....exercise yanto? "Plus I make protein shakes every now and again...I have actually gained a little nje...." She: "well you look beautiful.....I need a gym partner, will you please join me?" Why doesn't she ask her husband?....yuuh hayi kodwa....#FoldsArms...why must it always be me? Him: "please wethu Lihle...."he looked at me pleadingly...but her body looked really cute.....I loved it....no but to be truly honest....I did....I wanted to be a bit chubby...not too chubby, but just a bit meaty....like her.....why doesn't she want her body.....oh wait.....its because of Thulani....mxm..... Me: "okay fine.....I'll be your gym partner...." He had the biggest smile on his face....what!?!...

I left them at the restaurant....yuuh sana I missed my husband mna....it was getting late and I know Lukhanyo was gonna panic...I researched where I could get Potassium Cyanide and Hydrogen Cyanide....It took a long time....I sent Lukhanyo an sms.... "We almost done boo, miss u much. Mwah♥"....so that he doesn't panic....I drove to the place where they sold it, I had drawn 2000rand from the card.... He sent a text: "what for?" Me: "pocket money".....I went into the dodgy looking yard. But I had to act cool. I spoke to a boy probably 18...."I'm looking for HCN and Potassium C..." Him: "this way...." He went into the house and gave me a needle in a closed packet....and two medical bottles... "Its 2500" Me: "I only got 2000 with me...." He stared at me.....Him: "Women's month is over, but here....since you my only customer for the day...." I took the packet and left.... I drove straight to the hospital....I couldn't wait.....if I waited I'd over think it, and I'd feel sorry for him.....so its Do or Die.....I opened the needle packet then put it in the first bottle, it sucked half the medicine, I put it in the second bottle.....it sucked half of it....I opened my window and pulled out my arm....I shook the injection slightly so that it can mix....I took the bottles and threw them in a dustbin....I hid the needle....then went into the hospital.....when I entered his room....he was asleep.....I took off my platform....and put it aside.....I tiptoed to the drip container as soon as I placed the needle and held it firmly.....I heard a voice.... "I dare you...." My heart jumped! Him: "ufuna nton apha Lihle?" I had a lump in my throat....Me: "I came by to say hi to Lubabalo" Him: "thought you were in Summerstrand" Me: "I came on my

way back...." ... Him: "and the needle in your hand?" I just didn't know what to say.... Lubabalo woke up... Lubb: "what's going on.." Luks: "nothing bhuti...sorry to disturb your sleeping...umfaz wanted to come see you..." Lukhanyo stared at me with cold eyes.... "She misses you already.....don't you BABE"he spat out the word Babe..... Me: "yeah.....I suppose so..." Me: "excuse me..." I hid the needle from Lubabalo and walked out.....I took my platform wore it outside.....

Fuuuuuuuuuuuuuuck! My mind came back to me....did I just try to kill my husband's twin brother....oh Lord. It is over me and him....we are done. He will kill me....I was pacing up and down th waiting room tryna think.....ndizothini? Oh Lordy Lord....I sat down and closed my eyes....I am so dead, its not even funny. But its whatever....mxm....I'm only living for my children...I looked up, he was standing there....his famous pose.....hands in pockets, eyes down low.....piercing through me.....I was not gonna be a bitch about this. I will face him. I got up and looked at him.....he looked around and towards me without looking at me, he grabbed my jacket collar and whispered in my ear.... "Car. Now!"shit was about to get real...as I hurried to the car...

Chapter 149

He took the Rover and left the Benz at the hospital...we drove home in silence.....when we got home, he got out and walked to the house....I followed in...he didn't look that angry...but he was upset as hell. He took out the meat from the fridge.....oh so he was gonna cook his own dinner? ...I went to the kitchen to make a shake.... He laughed and shook his head....he turned around to look at me.... Him: "hayi mntu wam I honestly thought you didn't have it in you! Yuuuuuh!" Me: "baby I'm sorry..." Him: "you shouldn't be. Babes, you made an executive decision.....get your ass over here...." I slowly walked to him....he hugged me tightly.....I started suffocating... "Lukhanyo, I'm sorry....." He just held on tighter and tighter... I lost my breath and started choking...tears fell down my eyes... "Baby please....." Him: "lihle, I love you my wife....I always will....but you will never...ever....hurt my brother ava.....I love you both equally and I will hate to kill one....." He let go.....my ribs pained...I wiped my tears as I tried to walk away.....he had squeezed the juice out of me. But I deserved it, what was I thinking....I walked to the bathroom....and took off my clothes...I switched on the hot water for the shower and went in.....I stood there....and cried.....I don't know why...when did I turn into such a heartless cunt?....I'm not

supposed to be like this!... 😞:(...I sat down on the floor.....until I heard him come in....I quickly got up and splashed my face with water....he opened the shower.... He stared at me....I pretended not to see him.....he stood there for a long time....it was soo uncomfortable...trying taking a shower with the door open! Him: "celu thetha nawe..." Me: "ndisavasa..." Him: "qiba alok..." I switched off the tap and walked out I wrapped a towel around me....he stood in the bedroom.... Him: "where did you get that drug?" Me: "I bought it..." Him: "WHERE?" Me: "some house up in Katanga..." Him: "you went to Katanga all by yourself?" Me: "I said I'm sorry Lukhanyo...." Him: "sapha i-card lam." I gave him back the platinum card.....and he walked out....I wore my pajamas and went into bed....I was on facebook.....he came in and went straight to his wardrobe, got dressed then left.....

I went on the NMMU site to register for a part time course....I could use my matric certificate because I hadn't finished eRussell... It was a toss up between Business Management and Marketing....I chose Marketing.....I entered my home address not this one.....Lukhanyo could just stop me from this....I don't know.....but I don't wanna take chances....when I was done I submitted then called Vuyo....I kinda missed her... Me: "hey" She: "hey lovie, unjan?" Me: "I'm good and you?" She: "I'm fine..." Me: "wenzantoni ntombi?" She: "I'm chilling you?" Me: "same.....u-off?" She: "no...uhm, I quit..."she didn't!... Me: "now why would you want to do that?! That is a very stupid mistake vuyo!" She: "its my decision." Me: "fuck your decision! This is your life! I know Sibob forced you to do this because he wants you to be dependant on him! Then you won't go anywhere in life! Vuyokazi please! I know what I'm talking about!..." I was crying.... She: "but mtshana, its somethi-" Me: "No Vuyo! No!...get your job back! You can't do this to yourself, he will destroy you!"she cried too... She: "we'll talk later Lihle"....I hung up....how could she do this?.... I needed some cheering up.... I dialed for Sydney.... Him: "yuuuuuh akanqabe lona!" I was still a bit emotional....Me: "hey nawe..." Him: "what's wrong" me: "nothing choma....ndan'khumbula qha..." Him: "you know ke mna you can never lie to me.....but its chill....." Me: "yathanda ke wena exaggerater....."we chatted about a lot of other things until I heard Lukhanyo pull up... "Peto yam....I have to go.....bekumand thetha nawe maan..." Him: "sure thing mtshana.....anytime...." We hung up.....I felt so much better.

I wasn't against Lukhanyo.....but I was doing my own thing now. I'm tired of being in his shadow.... Its about time I did something with my life...he walked in and went to the kitchen.....oh kanene bepheka....probabaly switched the stove off....I heard the pots for about an hour more or so.....I heard him dish up....heeee, akuserojwe nokukutya....he sat in the lounge.....no I wasn't hungry, in case he cared....I got up

and went to the kitchen, I made myself another shake and took it to the bedroom...a message had come through on my phone. 'You better watch your back!'....I called the number back, it went straight to voicemail....okay...I went to Lukhanyo and showed him.... He looked at me.... Him: "oh" was all he said.....why was I even bothering myself.....it had started raining outside.....I went back to bed.....and fell asleep.... After a few hours he came to bed....and lay next to me....he pulled me closer to him....I didn't oblige.....but I pretended to be beyond sleepy..he was fondling with my body.....he eventually gave up and just cuddled.....

I woke up the next morning and made breakfast, I took a quick shower....then got dressed and cleaned the house. That Bukiwe woman called again. Good Lord, I am in no mood for this. She: "peto yam! Don't you want to work out today? My friend is doing Yoga at 12, please join us...." I just wanted to cry!... Me: "I don't know ey....".....Lukhanyo got up and walked past me.....ikhona into endiyenzayo apha enenqondo?... Me: "I'll call you back babe, gimme 5"....I hung up.... Me: "Lukhanyo." Him: "lihle." Me: "can I go to Yoga with Bukiwe?" Him: "the last time you made an excuse about Bukiwe. You tried to kill my brother. So I don't know ey.....who's next on your list...." ...I didn't need this shit.... I sat on the couch and watched tv.....I wanted to cry but my heart wouldn't let me.....I kept silent.....20 minutes later, Bukiwe called again....I stared at my ringing phone.....Lukhanyo stared at me....I picked up... Me: "hello"....otyafe njan.... She: "should I send the direction to her house?" Me: "I don't know if I can make it...." I said looking at Lukhanyo....he walked to sit on the couch, opposite me.....sipping on his coffee.... She: "oh okay then.....its fine girl...." We hung up.....I switched my phone off....same time.....and watched tv....he kept changing the channel.....he knew it irritated the shit out of me.....he did it on purpose....he got up and went to the bedroom....he came back 5 minutes later dressed...nah he didn't wear the same as me..... Him: "masambe." I got up....I didn't know much about Yoga....but I had tights on.....so...I don't know..... Him: "iphi lendawo uyakuyo?" I called Bukiwe to send me the address.....she sent it.....they were in Blue Water Bay....at her friend's house.....we arrived and Lukhanyo got off the car with me....HE rang the door bell....tyin Bawo!....a friendly lady opened and Bukiwe came too.....she hugged me...I winced in pain.... She: "yuuh, xolo peto uthen?"....Lukhanyo stared at me with those cold eyes.... Me: "ndileli kakubi wethu..."she introduced us to this friend... Her name was Amanda...she seemed happy talking to Lukhanyo asking him all sorts of questions.....ndamaz ke mna uLukhanyo is shy around girls....that's just how he is....yes, he can get a girl like any other guy....but there are times where he feels suffocated....he was smiling awkwardly at her...then said he had to leave....I walked him to the car.... They were still looking at us.....he

pulled a front and held my waist....he leaned against the car and pulled me toward him....he balanced his right foot on the wheel of the car.....he kissed me.... And whispered. "When I leave here. You will send the address where you got that drug from....." He kissed me again.... "When you're done here. You call me. I'm giving you 2 hours. Ndizok'landa." He kissed me the last time then hugged me....."Zuwenze unothanda ke wena.....uyond'bona..." He whispered.....I walked away to the house.....and he drove off....

Chapter 150

It wasn't even 2 hours, and he was already heRe....I had sent that address long time...I immediately packed my shit and said my goodbyes.....when I got to the car, I saw that he'd fetched the kids. I got into the car and we left..... Him: "funeke ndiye Dwesi to go help with the preparations. Uzohlala endlin nabantwan..." I just nodded.... "Lihle ndiyathetha...." Me: "okay, its fine..." At least I was with my babies...he dropped us off at the house. I just wanted to die.....I went in with the babies.....and settled them in. I needed to think.....I started on the pots, it was afternoon but the quicker I finished I could sit down and relax....what's going on with me?....what did I get myself into? I can't say I regret meeting Lukhanyo...because I love him....and that's that....yes he done some fucked up shit to me....but I love him....he's the father of my children.....why don't I have a normal life? Why am I surrounded by violence and death? Why can't I be happy?....the pots were on the stove....I cleaned up the kitchen while I was cooking....I just had to do something....I hated myself for what I almost did!...how could I have been so evil?...no man....what if I'd killed Lubabalo...what then? Lukhanyo would have been dead beat sad about it....bend'zoxakana naye.....okay you know what....fuck this.....should I go apologize? No.....I can't.....but he has to know the truth.... Maybe he'll hate me....then back away....Maybe.... If it doesn't turn him on.....he's just a creep like that.....*sigh*.....I wonder ithin into ka Vuyo!....sies lomtana yand'capkisa bonanje....does she understand what is at stake here....her whole life!...goodness, I'm one to talk....cuz ndim lo ndayeka iskolo, got pregnant and married a gangster.....I needed something for myself....going back to school seemed like an idea.....I missed my mom.....heeee lol, I miss the time I used to go out with Sino.....the last time that happened she warned me not to get pregnant.....tears fell down my eyes.....I washed my hands and went back to the pots.....I thought about the first time Lukhanyo and I met.....why didn't I carry on

walking....did he have to be that cute and do that adorable begging face?.....mxm.....looks can be deceiving....he's not so cute now....he's just really mean....and ill....my phone rang....I ignored it so hard....I didn't even give a fuck who it was....I didn't want to talk.....it rang for quite a while tho.....damn, lomntu really wanted to get through.....as if calling a billion times will help....I carried on cooking.....and with my thinking.....I started praying.....Lord....I ask for your forgiveness...it may not be soon, but eventually...I know I have sinned so many times...I know people be on some tip that whatever I did You will forgive me, when i tell them they'll judge....I can't expect you to forgive me....I haven't even forgiven myself... Jesus Christ I need you to cleanse my soul.... Have mercy on me..... I started shaking....why?.....I was crying and wiping tears away furiously..... My meal was almost ready.....I hugged myself.....I felt better, the crying and the praying..... I know I wasn't completely cleansed....I needed to stick to prayer....and this was a start..... Lukhanyo had walked in.....I don't know when....I didn't care..... Him: "and then iphone yakho ayiphendulwa ngoba?" Me: "didn't hear it".....he pulled out his phone and dialed a number...my phone rang..... Him: "undenzi sbhanxa ne?".... Me: "no...." He walked to me..... Lord please protect me.....I cried inside.....I quickly wiped away a tear....he got to me and stopped....he looked at me, his hand was about to grab my chest but he stopped like something blocked him....he turned around and left....I finished up with the pots and dished up....I covered his food.... And went to the bedroom...to my babies....I fed them....he walked in while I was feeding Lutha....Luhle was done and lay on the bed.....I tried smiling and playing with Luthando.....he didn't budge.....even my son has turned against me...I burped him....Lukhanyo came to us and tried to take him.....Luthando's tiny hands clenched on my top....he held on....Lukhanyo took him and just as he walked off Lutha cried.....really loud.....he stopped before he got to the door and looked at me....I pretended not to notice....I fiddled with Luhle's clothing....I kissed her chubby cheeks...Lukhanyo walked out trying to comfort Luthando.....

I took Luhle and sat with her in the lounge.....Lukhanyo and Lutha were watching soccer.....a message came through on my phone, it was a whatsapp from my aunt in Kimberley.....it was actually a video....I clicked on it.....it was my wedding day....when Lukhanyo and I were dancing together.....our song played in the background "Just Hold On, we're going home"....I watched it with tears in my eyes....and just as it were coming to an end.....the twins were joining in....when I screamed in pain.....and then it was a slide show of our photographs.....by now the tears just rolled down my cheeks.....she even picmixed our pics with the babies....I covered my mouth.....I was actually just over emotional.....Lukhanyo stared at

me.....with confusion.....when the video finally ended.....I texted my aunt thanking her..... Then locked my phone and put it next to me..... Ndonqena uphoxwa alok....kange athi mandim'bonise....he still stared at me.....I wiped away my tears and smiled....talking to Luhle...about irrelevant things.....ndamaz uyaz'thanda indaba....uzode abuze.....he just went to take his food and ate.....

I wanted to lie down.....I wasn't tired.....just I don't know.....maybe tired.....I lay on my back on the couch with Luhle on my chest....she was falling asleep...I didn't want to go put her down...Luthando was already sleeping....he went to go put him in his cot....and left the house. My phone beeped, it was facebook..... Thulani: "so my wife told me about your exercise. How was Yoga?" I replied: "it was cool I guess." Him: "you seem down...kanye you just don't want to chat to me?" Me: "both." Him: "ouch...".....I didn't reply after that.....I scrolled through facebook....he had just uploaded a pic of himself....it was an edited close up....of his face.....I don't know how to describe it...it was just a normal picture....it had the caption: "fresh....".... Akasaphaphi!...yoh....the selfie had 13 likes already and it was only 9 minutes old....I was scared to even check the comments.....I went on to Sino's profile....it was all that RIP stuff going on.....I immediately went back out...I saw Vuyo's status....."I love him kodwa...❤️<3".....what is it with girls and a "Him"are you all dating the same person? This "him"where does he live?....hayi suka man!...if you proud of your man, write his damn name...tag him....do whatever....shit....yinton niz'veza ba niyabiwa? If you can't write down his name then there is just something going on that you're not telling....anyway.....I don't judge.....ndisuka apho nam..... K'lo "him" wethu.....well u"Him" isn't worth it, I can tell you that much.....I was actually really sleepy.....heeee next week was Lukhanyo's bday.....I wonder what he wants to do....I'll have to ask him.....I forgot to lock my phone....I put on the floor next to the couch and drifted off with Luhle.....

I woke up a long while later.....he was home, I could smell him...before I even opened my eyes....I looked up and found him on my phone....mxm.....I turned around and continued sleeping....he must do as he sees fit....andinalo nexesha la leyakhe iphone mna.....I'm sure bekhangelala la video that I was watching cuz I heard it playing after a while....heeee akanantloni uLukhanyo! LOL....when you steal phone yomntu you must be as silent as possible....hayi not yena.....uy'dlala ku loudspeaker sani....he doesn't care whether you see him or not....I got up and went to put Luhle In her cot then went back to eat.....I hadn't eaten today?....hayi man noba ndiyalibala...breakfast?....hayi....I didn't....I just made it qha.....yoh....I heated my food and ate it.....in silence.... Him: "icute le video babe...uzund'thumele...." ... I just nodded my head....cuz I still had a mouthful....he stared at me with a straight face....I

first swallowed.... Me: "ndik'vile, I'll do it when I'm done...."no more baby, sweetie pie..... Ngu Lukhanyo qha qwaba....noBhuti if come what may.....I finished up and went to the babies....I needed them to wake up and take a bath.....they were so peaceful though.....I hated having to wake them up.....sobe baphinde balale.....worse uLuhle..... Lukhanyo came in: "bayeke, I'll feed them when they wake up....."I went to take a shower and went to bed...it was still past 6.....I watched a comedy show on YouTube.... Kevin Hart's Laugh at my pain.....it was funny.....I was laughing really loud.....Lukhanyo just walked in the room....wazozulisa.....he probably thought I was on the phone.....he took off his clothes and hopped into bed.....ndambona ba uyafuna uzobona nalapha...he kept peeping.....and looking at me....he clicked on his phone.....caba yade yamdika..... And eventually gave in.....and came to cuddle in me....he watched the show with me.....and started laughing first time.....it was a nice show, next I put on Steve Harvey.....ohhhhh! I got my tissues ready! I knew this guy would make me laugh hard!....I was so excited...before it even started Lukhanyo clicked pause, took the phone and lay it on the table.....My mouth hanged opened.....he kissed my lips....and got on top.....what??? Me: "what are you doing?" Him: "trying to make love to my wife, what does it look like?" Me: "without her approval, it looks like rape." He stared at me with shock..... Him: "you're trying to say I'm raping you now??? You are my wife! What the hell do you mean?" Me: "just because I'm your wife, doesn't mean you can do as you please, its either ucela kakhle and wait for a yes OR take it and wait for the police to come fetch you...." Him: "heeee! Hamba Lihle! Uzand'bamba ngenxa yekuku? Yam???" Me: "incamathelwe kuwe lukhanyo?" Him: "no-" me: "then its not yours!" Him: "heehehe! Hayi andiy'hleki! Lihle, cela undiphe ke?" Me: "inton?" Him: "lento..." He touched it.....I felt that tingling sensation.....he was doing it on purpose....he knew it.... Me: "kub'uzoy'thin?" Him: "ndizoyitya Lihle, itsho ba awufun" Me: "yafoster?"he stared at me..... "No, ndiyacela....." In a low tone..... I looked at him.....not enough..... Me: "awukay'fun.....I can't find the pleading in your eyes...." He looked away then back at me..... "Ndiyak'cela Lihle....." Ngala voice ityafileyo.....there you go... Me: "ungay'thatha ke....."his face quickly changed the expression to Game On! Oh oh.....he dove into my lips.....and touched my honey pot....he didn't even wait,, he pushed himself in.....and I screamed "Lukhanyo!!" ...he stopped and looked at me....his breathing heavy..... A smile crept onto his ill face..... Him: "hm?" Me: "you said you were making love!" Him: "until you made me beg for it!...." What?...uqumbele lonto?? Me: "I'm not gonna apologize for that!"he went deeper....in a slower pace.....I was not in the mood anymore.....I didn't even feel like moaning.....he was gentler though....very soft.....he buried his face onto my neck and

sucked on it....he suddenly stopped..... "Awufun ne?" Me: "no...." He got off and lay next to me.....after a while he pulled me closer..... "I'm sorry I hurt you....it was stupid of me to even think about it.....cuz I couldn't do it.....you're my wife and I love you.....noba awund'fun....ndingafundanga ndinjalo, ndiyak'thanda mna qha....." I kept quiet....I was still traumatized.....I tried the breathing technique.....it didn't work.....nothing did....so instead, I said a short prayer....

Chapter 151

I woke up the next day and went to take a shower...I got out and dressed in my tracksuit...I put on just foundation and eye liner.....he was with the babies...feeding them and watching Spongebob.....akamdala....Me: "Lukhanyo, can you please take me to see my mom...." He looked at me then got up...he left the babies laying on their blanket on the floor....he held my hand.... "Babes cela uxolo nje..." Me: "nganton?" Him: "uyothini ku mamakho?" Me: "I'm going to visit her....ucimba ndiyok'xela? I don't have the energy for that Lukhanyo...."uligwala nobaligwala....he hugged me.... "Thatha istixo semoto, its on the counter..." ... He pulled back and looked at me... "I think you've learnt your lesson....I know you won't try anything that stupid again...." He kissed my lips and walked back to the babies.....I took the keys and left.....

I got to the hospital, I helped mama bath, she was actually well, I don't know why they didn't discharge her..... She was chatting to me about something, my mind was elsewhere... She: "Lihle!" Me: "ewe mama...." She: "ewe nton?" I looked at her speechless, I really didn't know what to say..... She: "I can see ikhona into ek'hluhayo...." Me: "you seeing things mama....no offense" She: "is it lukhanyo?" Me: "hayi mama, have you eaten?"....she could always tell when I was hiding something I would literally change the topic in a split second with success..... She: "what happened....and don't you dare lie to me".... I couldn't lie anymore....I had nobody to talk to..... Me: "mama, we're not working out....we're too different...I don't think I want to be with him anymore...he's too much...." She: "its because of that brother of his right....? I could see it in your eyes.....let me tell you something. Grow Up! Lihle, how many girls your age got pregnant and Got Married! Awubon uyak'thanda lomfana!? Doesn't he give you everything??? Why uzofuna more?? Ayikho lento uy'thethayo yoba different! Uqala uy'bona ngok lonto?"... Me: "no....he hurts me mama...." She: "does he hit you?" "Lihle!".... Me: "no...he just.....loses his

temper...." She: "I refuse to believe that...." ...I knew it...I so knew it.....oyena mntana ka mama ngu Lukhanyo...wazala uLukhanyo yena...I sat back and kept quiet.....no more opening up for me.....better ndithethe in prayer qha.... She: "lihle, mntanam I have never been married....but ke all I know is that kuyanyamezelwa....and if you can't.....just follow your heart....just don't follow it all the way to Lubabalo's doorstep.....that's all I'm saying....."

After that 'chat' with mom....ndaske ndanxanwa....I left the hospital....and bought cool drink at the garage.....I called Bukiwe, I told her about doing Part time....she encouraged it... She: "I have some pamphlets apha kum....come by and fetch some...." Me: "send me your address...." ...we hung up.....after a while she sent the address.....she also lived in Blue Water, but nowhere the house we were at.....I parked the Rover in the drive way, there was also a red G7 GTi.....it had to belong to Thulani.....who else? I went to ring the door bell, he opened..... Me: "hey!" Truth be told I was a bit annoyed....I didn't feel like chatting... Him: "hello mtshanam..." He hugged me...didn't expect that.... Me: "uph Bukiwe?" Him: "she went to Amanda to fetch something, and'zaz ez'nto zenu...." Me: "but she said she was here...." Him: "she'll be quick...or so she said...." You see why I get annoyed easily?....nxx!....I really don't feel like talking... I called her....in the calmest, yet most irritated voice.... Me: "Bukiwe, I'm at your house uphi?" She: "chomi, I'm on my way back...."I just hung up.... Him: "you really don't take shit ne?.....yabonakal sani, ude ube naar eb'swen".... Me: "I just am not in the mood."....we sat down in the lounge.....and he left me there....probably 15 minutes later Bukiwe came in....bustling..... "Yuuh peto, Amanda befuna ndim'phathel enyi parcel yakhe bey'shiye apha...."something didn't add up.....umnyen uthi uyolanda something, yena uthi ebeyo dropper something....ohhkay.... She went to the study for a while....and came back with 3 booklets... Thulani came back in....enxibe red chinos and a white shirt...the one that has an exaggerated collar....he said something about going to a friend..... Him: "so wade wathetha ke noLuks about the chillaz.....he can come with...." Me: "yeah, I don't think I feel like going...." Him: "ayyt cool....und'bul'sele ku Luks ke ne..." And he left....I took the booklets and thanked her... "Peto, I left the kids with Luks so I have to get back quick...." She understood.....and walked me to the car....we hugged and I left.....heeeee, Lukhanyo hasn't called or sms'ed....and its been a while since I've left....kame ndim'teste... Me: "on my way home....went to check the house emama.." He replied: "okay babe" I went to my mothers house...it was okay.....it was still clean...I took the mail and left.....

When I walked into our house, I heard music playing...it was a song I knew but couldn't tell the title.... "I wanna know what turns you on, so I can be all that and

more..."I walked in and the curtains were closed, I smelt the air....it smelt like Lasagna....he could not have made that by himself....he lie!.....I walked to the kitchen.....he was wearing black shorts....with no top and his Timbalands.....he took my bag and put it on the counter.....then kissed my forehead...nose and lips.....he held on to me and the kiss..... "Awusemhle...." Me: "qala und'bona ngok ba ndimhle?" Him: "bend'sonqena uk'xelela ngok'ya buhamba man...unjan umama...." Me: "she's fine...." He searched my eyes for something.....he wants to ask it....but ke waz'bambba.... Him: " I made lunch..." Me: "really? What did you make?" Him: "its a surprise.....". he held me and walked me to the lounge....his arms wrapped around me.... The petals of rose scattered on the glass table, the babies were wearing white jumpsuits...Luthando was chewing on a stick.... Me: "yinton kehok leya?" Him: "its biltong" me: "hayi man Lukhanyo!" I went to take the stick from Lutha's hands who made a face and started crying.... Him: "yindoda le, yayaz inyama..." Me: "mxm...."he had pushed away the couches we were having a picnic indoors, it seemed.... Him: "ndiyocela uxolo unaphakde Lihle....I would never be able to forgive myself for what I did to you..." Me: "its okay...." Him: "no its not okay Lihle...." Me: "cela sidlule k'lento Lukhanyo...can we just let it be...." We sat down on the blanket with the kids....he dished up the meal....it tasted okay....not hundred percent....but I give him a 5 out of 10 for effort... Me: "yabulisa uThulani..." Him: "haska...." I laughed at that.... Me: "ngoba kehok?" Him: "phapha qith lantwan...."then he dismissed the topic....his phone rang.... Him: "hello?" Caller: "Mr Mzinyathi, we need you at the hospital...Mr Smilo Mzinyathi has woken up...." Him: "on my way..." He dropped the phone and tackled me down..... Me: "and then?..." He lay on top of me and kissed me..... "Our family is getting together again babe....ndayaz ufuna und'shiya.....just give me this one chance to do things right.....please?"I didn't know what to think, but my mothers words rang in my head.... Me: "I'll stay until umsebenzi.....we'll see then...." He smiled and got up..... Him: "masamben babe..."we got ready for the hospital....my mind was already made up, I didn't need no 2 weeks..I don't want to be here and that's just it.....

Chapter 152

We drove to the hospital with the babies...he was so excited.....he carried Lihle and I had Lutha.....akagxanyi man....I shared his excitement shame....I really did....I had missed Ta Smig.....when we got to his room, nanku Lomfaz! Good God Almighty. I

was beyond irritated! I walked past her with "molo ma"...and straight into the room....Lukhanyo didn't even bother. Ta Smig was happy to see his grandkids....he smiled at us.... I sat down on the chair, Lukhanyo sat on the bed.....Lutha was as bubbly as ever, trying to get to Ta Smig...I put him on top of his grand father, and lay him on his stomach, he giggled and kicked....then of course he opened his mouth...we all laughed.... Seeing Lukhanyo happy made me happy.....that smile melted my heart....it touched my soul.....he looked at me and did it again....he knew he was winning... then that woman ruined it... She: "abasebahl abantwana benu...." Me: "thanks..." Lukhanyo ignored her so hard....after almost an hour the nurse came in and called us aside.....she told us about his progress... "He will be able to leave this place soon. He'll just have to come back twice a week so that we can check him.....for now he needs to take his medication and rest.....enough excitement for just one day...." Me: "what caused this? What if it happens again?" She: "we are trying to find that out ma'am....we can't find the actual cause, the main problem is epilepsy....that is why he got a seizure....try not stressing him...." We finished and turned to leave.....until the nurse called me back.... "Lihle? He's asking for you.....alone..." I walked back to him... Me: "Ta?" Him: "zapha mntanam..." He said in a whisper.... Me: "what's wrong?" Him: "no, nothing....I just wanted to ask you just one thing.....take care of Lukhanyo....please...its the only thing I can't do now...he's got you only.... Lubabalo ke yena andim'bali....you know him better than anyone.....ewe ndiyamaz Lukhanyo can be cruel....ndak'cenga mntanam....mnyamezele....he would never hurt you.....intentionally. He does things because he loves you. He wants to protect you. And I didn't think it would work.....I really didn't...but he made it this far.....ndak'cela Lihle...." Me: "how did you know...." Him: "I could hear him....ethetha apha few days ago....elila....uyamaz ke ngenyembez uske abelu sizi yena.....please mamngwevu..." I just nodded my head....and hugged him.... Him: "promise me..."I had to.....and I had to keep the promise.....meaning I have to fix things with Lukhanyo.....meaning I have to stay with him.....meaning andiyi ndawo.... Me: "I promise..." I got up and left.....

Lukhanyo held my hand as we walked in the passage.....he stopped. Him: "cela siye ku lubabalo?" Me: "ok...."I didn't mind it.....we walked in silence...then knocked on his door, we entered.....wait, why does Lubabalo still have his own room? He's not on the machine anymore mos?.... Me: "aren't you supposed to be in the ward with the rest of the recovering patients?" Him: molo nawe Lihle....I missed you too...." He said without even looking at me.....he had a magazine in his hand.... Why was I even here? Me: "are you being sarcastic....." Him: "ndadlala man nawe...nton dun....hay'wethu and'fun hlala nabantu abazond'ngxolela mna oko....yuuuuh....these headaches are

enough..." Me: "but they cant they keep you here" Him: "had to pay them....."oh right....figures..... Him: "luks, uyenzile lawei?" ... Luks: "libele lonto mna...." Him: "yaz'bona ke? Yand'qala..." Luks: "mxm....." He looked at me... Luks: "babes, zund'kumbuze, le ithi ifuna iphone" Me: "what happened to his phone?" Lubb: "noba yabiwa ngok'ya ndandisifa.....some people can be so cruel....." I looked to the ground.....my conscience was eating me up.....but I had to stand tall. Me: "so funa ey'phi phone?" Him: "any is fine...." Me: "Z10?" Lubb: "neeh...I'm over it anyway...." Luks: "nd'zothenga le ka Lihle mna, qha ibe grey eyam.....awufun yona?" Lubb: "yathanda ke u'kopa wena...." We laughed at him.....because that's true.... Luks: "mxxxxm! Niryt, I'll just buy a windows phone instead...." Me: "hayi lovey....sothenga le....akhonto irongo tshi..."he sulked still...playfully.....Lubabalo wanted to hold Lutha, but he hurt himself while doing it....he screamed.... "Yoooooh, kwedin!" Me: "kamand uthathwe nguwe...." Luthando pulled a face....he probably missed his uncle.... Lubabalo made space on the bed and I lay him there instead.....Lukhanyo sat next to him with Luhle.....he pulled me closer to him.....I leaned on his shoulder...i took a picture of them...I have one more mission...try and convince Vuyo to stay for at least a week....it'll happen between them...it has started...so its time they actually man up....I smiled to myself.....

We left Lubabalo and went to my mother, she had only until Tuesday till she got discharged...we sat next to her and chatted a bit.... She: "I'm glad you sorted your "differences" out...." Oh God, I know my mother ke mna....she'll talk! Me: "yes we did, uhm....aren't you excited about going home?" She: "Lukhanyo, andithandi lento yobona uLihle uhluke mezekile.....nawe ngokunjalo....ndinithanda ngokulinganayo....." Me: "Ma, we're fine!...." Him: "No Lihle we're not...."oh shit.....does he realize what he's about to do?.... Me: "baby pleas-" Luks: "mama, I haven't been honest you..."oh Lord... "I'm not what you think I am..." Me: "Lukhanyo..." Him: "no babes, I'm doing this for us....and I said I want to do it the right way...and it will start with the truth.." ...he looked back to my mother... "I know it isn't the best timing...but I have to say this.....andithand uk'xokisela.....the truth is.....I'm not a businessman.....well I am, but an illegitimate one..." I closed my eyes....he has ruined his relationship with her in one go....I couldn't bear seeing it.... She: "uthin na Lukhanyo?" Him: "mama, ndili gintsas...." My mother stared back at him in horror.....tears fell down her cheeks and she trembled in fear....

Chapter 153

We sat in silence for a while...I wanted to bury myself.... Mom: "I can't deal with you right now. I'm....please ndicela nihambe.....both of you....." I got up and left....it saddened Lukhanyo but he wanted to do it. We drove home in silence, the babies had fallen asleep....we went inside the house and lay them in their cots...it was late. Lukhanyo sat on the bed....his elbows on his knees...I went inside the room, hopped onto the bed and knelt behind me....he was really upset... I hugged him from behind..... Me: "sthandwa sentliziyo yam...." I felt him smile.... Him: "zulu lam...." He turned around and pulled me on top of him.. Me: "I'm sorry ey...." Him: "its okay babe....nditshilo ndathi I wanna do things right, I can't do it with lies...." Me: "don't take it too far ke.....that's all she needs to know....you can't go into details, it'll destroy her" Him: "I know babe...I know its a big step....but ke, it was time....she was gonna find out sooner or later...." I kissed him..... Him: "how do you do it..." Me: "do what?" Him: "this.....supporting me through the shit I put you through....yazi ndiyacinga man Lihle how many other girls would have just left me on my own....even when you think of leaving me....you change your mind....I don't understand.....why?" Me: "I made a promise to God, Lukhanyo...I can't just leave.....there are times I want to.....trust me....then I think of our children.....we look better together with them than apart....and for some stupid reason, I'm in love with you...." He pouted...and I kissed his lips..... Him: "I'm in love with you more..." Me: "I would never doubt that....when's your next therapy session?" Him: "can we please go after umsebenzi babe? I don't need distractions" Me: "do you think that's a good idea? Uzobe une stress and uzos'kuphela kumntu babe..." Him: "let's book tomorrow then.....siye some time evekin.....yiBully koda wena...." Me: "mxm....whatever nigga..."...he tickled me on the bed and lay me down...when he started taking off my clothes, I stiffened...he niticed and immediately got off... Him: "I'm really sorry Lihle...." I just kept quiet.... He pulled me closer and cuddled him....right as we are about to fall asleep, the twins woke up..... He got up and went to fetch them. It was Luhle, ndamaz....akalali lo....I went to take unyana wam....and we cuddled in our bed till morning.....

I woke up feeling a bit off...I had stomach cramps, and a terrible headache. I got up and went to the bathroom....I looked awful....I went to the kitchen to look for headache pills...and made some toast to down them with. Lukhanyo came into the kitchen.... "What's wrong?" Me: "tummy ache..." ...he kissed my cheek and hugged me... Him: "mbonqenqa....I'll bring this to you..." I walked to bed, crawled in and covered myself again...the twins woke up.....I'm really not well for this part....Lukhanyo brought in the tray with 2 slices of toast, tap water and pills. He sat

next to me on the bed.... "Baby wam vuka sele pills kalok...." I slowly got up and drank the pills....then ate the toast....I slid back down...he left to attend to his babies.....I heard him say: "its just us....mama yagula namhlanje....niz'bambe please..." ...yuuhh I wanted to laugh so hard....but my tummy wouldn't let me.....my phone rang....I couldn't even pick it up....I felt myself drifting to sleep.....

Lukhanyo walked in the bedroom....he took the cellphone and answered: "hello?"
Caller: "uhm....lihle?" Luks: "thetha....." Caller: "oh...its you...." Luks: "thulani ufuna nton?" Thulani: "bend'fownel tshomam mna, andaz le ngozi iphendule iphone...."
Luks: "ohh you a clown ey?...." Thulani: "just saying...." Luks: "I'll tell her that you called..." Thulani: "is she sure she doesn't want to come to the chillaz all her old friends will be there.....nawe ungaza....that's if you reeaally want to...." Luks: "what's that supposed to mean?" Thulani: "I mean, that you should trust your wife....she isn't down like that...." Luks: "I think I know what's best for MY wife...how about keeping yours in check? I'll leave Lihle your message...." Then he hung up.....tshi yaphambana le ntwana..... Lihle woke up drowsy... Me: "who's that?" Luks: "thulani" Me: "what's it about? What you mean keep his wife in check?" Him: "I know her....." Me: "how?" Him: "Rest Lihle.....we'll talk later....."

That Bukiwe girl is gonna infuriate me.....send'dika kwangoku.....Lukhanyo thought to himself...

Chapter 154

I woke up...I didn't know what time it was...I looked for my phone and I couldn't find it...probably iku Lukhanyo...I got up and walked to the lounge....surely, there he was smiling...probably playing a game...I went to take a look..... Me: "where the kids?" Him: "sleepin...." ...he carried on... Him: "feeling better?" Me: "no....." Him: "maybe you getting a period?" ...I was shocked out of my brains....how would he know?! I was very embarrassed I couldn't talk...I'm not used to being this honest with someone....iworse indoda!... He quit the game and looked at me....

"Andizongayaz....tshi...." He got up and went to the bedroom...he was taking a shower....20 minutes later he came back out, dressed....in jeans and a white vest....and boots... Me: "you are in 2 different seasons" Him: "ndiry va..." He bent down to kiss me, wearing his watch....the Rolex.... Me: "you are so confused....you dressed like a thug but wearing a watch of a millionaire?" Him: "its time for change boo....." Me: "you look cute tho....all the girls be fussing over you....." Him: "they'll fuss all they like, I

don't think I wanna be a statistic..." Me: "how come?" Him: "I don't wanna be those men who are killed by their wives.....you and a gun is a dangerous combination mntu wam...." He sat down on the couch and held me in his arms.... Me: "fundiswe nguwe....." Him: "haha....aisuka....I'm going to the shop quick ne, then ndiye esbhedlele....do you need anything..." Me: "nope...." Him: "you haven't had a period in a long time.....unaz'ipads?" ...Goddddd! If I was light skin, I'd have turned red!....what is wrong with him...yuuuuuuh....intloni! Me: "no" Him: "lihle you're my wife....if I don't talk to you ngez'zinto nd'zaz'thetha naba? Plus I have a daughter....I must know first hand...." Me: "no, don't....you'll ruin her life....its a woman thing...." He smiled and kissed me.... "I'll be right back..." He got up left...akanama tshamba man.....

Lukhanyo got to spar and went straight to the toiletry aisle... He really didn't care about people....he had a basket in his hand and his phone on the other, he got to the pads and took the Always ultra for night ...and the other for the day, he took Lil-lets tampons, he took the Kotex thin pads.....I am super clueless about this shit....better be safe then.....two girls were staring at him.....ndizoz'phoxa ezi zicimba zibukel itv bonanje....he turned around and walked.....one of them stepped back and bumped into him....she did it on purpose.....this child better know her place....he walked off without even looking at her....he got to the till and paid.....the cashier stared at him... Him: "khona ingxaki?" Cashier: "hayi bhuti." Him: "ngok und'jonga nto?" Cashier: "are these for your daughter...?" Him: "my wife..." He took the plastic and walked out the shop.....he went back to the house to drop off the plastic.....he walked in... "Babe" Lihle: "yes?... " he handed me the packet, all variety of sanitary things....he looked proud of himself, with the biggest smile on his face... "You like?" Me: "I don't have to like it mntu wam.....thanks lovey..." I got up to kiss him.... Him: "kand'phe nje kay 1 before uqale?"....I knew it was coming to this.... Me: "I knew it...." He kissed me softly.... Me: "condom babe...." Him: "ndiz'nyaphi condom mna lihle?" I laughed....oh yeah kanene.... Me: "we can't do it before a period babe....I might get knocked up again...." Him: "ngok ingxaki iphi?" I looked to the floor.....I wasn't ready for that again.....mentally I wasn't healed properly....I didn't even go for therapy..... Me: "I'm not ready...." Him: "okay ke baby....its fine...ndisayo thenga phone for Lubabalo before he breaks my arm....cuz kudala end'ngxolela....book for my session in the meanwhile.." Me: "okay then..." ...he left.....

I went to the bathroom to put on the sanitary towel, I didn't know whether the pad or the tampon.....let's try the tampon.....I bathed and dressed...Luhle woke up, I fed her....hmm....I needed the internet....I took my phone and researched the best option for contraceptives after giving birth.....I don't want to danger my babies cuz they

breastfed...Sylvia says I should start feeding them Nestum porridge....I'll have to check that too....just in case.....I'm a bit obsessed with my children....I'm probably gonna be the mum who drops them off at the school gate, stand outside the car and wave till they enter the school and sit down on the desk.....that embarrassing parent thats always involved....lol....yeah, I shall be. Luhle stopped drinking...I carried her to the bedroom, Lutha had just woke up....I fed him....and unlike his sister he didn't want to let go, I strapped them to their seats in the lounge...Lutha was crying....yafeketha unyana ufuze utatakhe man...my phone rang....it was him... Me: "babe.." Him: "hey boo, kwenzeka nto...." Me: "Lutha yafeketha..." Him: "give him biltong.....ndisendlelen eya sbhedlele ngok...I won't be long..." Me: "mwaah"I went to the kitchen and took a stick of biltong...I gave it to Lutha...he kept quiet instantly and sucked on it.....I gave Luhle her toy who seemed happy about it....I carried on with my research.....I went to check my emails and messages.....Lukhanyo was right, I'm having a period.....I got up to put on a tampon....a while later he returned..... With take aways....he sat down and ate.....I wasn't really that hungry, but I ate to take pills for the cramps.... Him: "Thulani befownile..." Me: "ufuna nto?" Him: "asked him exactly the same thing, he asked about the chillaz...if you still sure you don't wana go..." Me: "ohh..." Him: "did he say to you uze nam?" Me: "yep...." Him: "why?" Me: "because I told him, funeke ndiqale kuwe" Him: "hmm....okay....so you going?" Me: "nope, I'm not well..." Him: "and if you were?" Me: "it'd be boring without you..." Him: "haha...now I feel special..."he kissed me..... Me: "umazelaphi uBukiwe?" Him: "ex..." Me: "you never told me that...." Him: "it never came up".....no wonder he was uncomfortable that picnic day.... Him: "she sent me these..." He showed me his phone....

"Hey, it was nice seeing u!"

Lukhanyo: "can't say the same 4 u"

"Am I interrupting?"

Lukhanyo: "yes. My whole life, galahleke sana man....akhonto ind'dibanisa nawe!"

"Ok, I get it"

Me: "why didn't you tell me?" Him: "because you were gonna react!" Me: "is that why you don't like Thulani?" Him: "no that's not why. I hate him because uyak'funa." Me: "okay.....and how do you know?" Him: "that's just how he is" Me: "am I missing something here?" Him: "nothing you should worry about.....I'll tell the guys to take care of him quick..." Me: "please don't...." Him: "why not?" Me: "you can't go around killing people who haven't done anything to you..." Him: "who said anything about killing?" ... Me: "then what? You gonna play a game with him?????" Him: "nope. I'll just

teach him a lesson...one that he'll never forget....." He kissed my lips and carried on eating....

Chapter 155

I didn't like where this was going.....I personally think Lukhanyo is looking for an excuse to hurt Thulani.... Him: "wathula?" Me: "hayi akhonto....." Him: "aike ndimyekile...xa uzokhubeka" Me: "I just find it irrelevant..." Him: "fine babe....ndithule....but one more stupid move from him....I will burn him myself...." I stole a kiss from his cheek... Me: "that's my big baby...." Him: "zinjan periods babe?".....here we go again...I don't know when I'll get used to this.... Me: "they okay....thanks sthandwa sam..." Him: "mhh...usually they take how long?" Me: "they used to take only 3-4 days..." Him: "yoooooh! Yiveki mos leyo....okay then" he took out his phone.....oh great.....he really did buy the S4...he smiled and looked at me.... Him: "babe, uz'fumaneph ezi Apps unazo...?" Me: "I'll show you later love..."I tidied up after he was done..I started pouring water in the sink, he came in.... "Z'yeke babe, ndiz'vase.....go sit down" Me: "I'm okay now, I drank the pain killers...." Him: "still.....sit down" I walked to the lounge...I was being spoiled this week.....that's sweet.....phof he's on probation...

Vuyo sent me a message.... She: "hey" Me: "hey u, what it do?" She: "nothin much....so wuup2". Me: "chillin at home wethu peto...hlel no lukhanyo....u?" She: "I'm chilling too....kumand ubanini...you always at home with each other, isn't that just amazing?" Me: "of course yes, I love being here....with him....but we got to get it moving soon...." She: "I guess...." Me: "what's wrong?" She: "what you mean?" Me: "I can tell you wanna say something..." She: "I fought with Sibho last night" Me: "ohh....ok".....kwatsho uLukhanyo, wathi mandingaz'ngen nto zabantu.....ndizonqanda namhlanje abuyele kuye ngomso..... She: "what's worse is that he said he'd give me imali yentloko....he didn't even do that".....what did I tell you....but I'm supposed to be a friend.... Me: "ow wethu tshomi, kuzolunga....did you try getting your old job back?" She: "they already found a replacement".....shhiid! That place fast!... Me: "then you gotta start looking boo..." She: "I'll see what I can find...." Me: "gimme yo acc no." She: "no lihle....I can't expect that from you...." Me: "girl, I don't do this often. But you my realest friend....send me that account number...I'll find a way for you to pay me back...." She: "okay then"....she sent the acc number and banking details.... She: "thanks Chomi." Me: "only my pleasure

Me: "ima hit her up later".....Phelisa and I weren't really that close, but nonetheless, we're fine....we friends....I didn't even notice Lukhanyo sitting on the couch.... ..he sent me a text.... Luks: "since I'm not paid attention to in real life....lemme try here..." I stared at him....he didn't look up..... Me: "nguwe oz'hlelele kude tshi...." Him: "what you up to over there..." Me: "LOL mxm!" I got up and sat next to him..... Me: "what you up to?" Him: "I'm looking at my wife...who you texting?" Me: "vuyo..." Him: "mhh....uthin?" Me: "oh just that she miss me and stuff...." Him: "what stuff? Kand'bone".....he eyes searched mine.....those glistening eyes.....kuthen waske wa-glower namhlanje.....damn.... Me: "girl stuff babe tshi....."he lowered his eyes.....and looked back at the tv....he'll stop me if I told him...I hate hiding things from him...it makes me feel uncomfortable... Another message came through..... "When you get the chance, I need you to do something for me"who the hell?..... Me: "excuse yourself?" Reply: "its Lubabalo gaddammit..." Me: "ok, what you want?" Him: "before my company collapses to the ground.... Linda will come and explain a few things....all you need to do is bring me the feedback and that's it..." Me: "she can't come to you why?" Him: "I have no idea. Anyway, she's gonna be at the house at 10am" Me: "ask Lukhanyo....I can't do it..." Him: "tell him to switch on his phone then..."I looked at Lukhanyo who seemed to be focusing on the movie on tv..... Me: "sweety" Him: "huh?" Me: "why is your phone off?" Him: "it is?" I gave him the phone to see Lubb's texts..... Him: "ohhh! Betshilo kanene....yoh, ndiy'libele nalonto mna.....heeee, babe iya man....." Me: "No I am not going. I know nothing about engineering. There will be no negotiating Lukhanyo andiyi qha fullstop!" Him: "fine....yuuh, I'll go....but you coming with....akho ne need yoba uyazi lanto.....you just take the stuff she gives you and she'll talk a little then uy'se ku Lubabalo. But its fine...we're going together....its my brother's company Lihle, I have to do this...."

The next morning, we started at the bank....I drew out 5000 for Vuyo....at least she can survive until she gets a job... Lukhanyo saw this transaction.... Luks: "lihle, what's this for?". Me: "babes, vuvu needs my help..." Luks: "and you didn't tell me why?" Me: "I knew you was gonna see it....so when you asked I was going to explain..." Luks: "what's wrong with her?" Me: "she quit her job..." Luks: "did you ask her to quit her job?" Me: "no...I didn't...." He stared at me.....for the longest time.... Luks: "sometimes you just surprise me"we walked out of the bank.....

He gave me the key and his phone....he was with Lihle, I took lutha to the car....his phone rang.....I checked the caller I.d

"Maka Chumani"

Chapter 156

I didn't even panic, I simply waited for him to come back. He entered the car....just as we pulled off, it rang again.....he didn't even bother looking.... Me: "yakhal phone yakho..." He answered: "yes..." "Ngok ufuna ndithin mna sbongile?" "I'll have to consult my wife bout that.....I'll get back to you...." He hung up.....he looked really annoyed.....wazba uyawa funa nton lomtana bethuna.....we got to Lubb's house at 09:52am....but this Linda girl was already there.....some perky, goody two shoes type....with hella attitude.....my phone beeped.... "Don't mind her. She'll probably think Lukhanyo is me." Tshin thiza ulubabalo....I greeted her while going to put the babies down with Syl....she just looked me up and down then got up to greet Lukhanyo.... She: "Hey! I thought you said you were in hospital? What happened..." Luks: "I'm here now..."like I said, Lukhanyo gets nervous around girls for some odd reason....its actually quite amusing....I walked back to the kitchen...she was sitting next to him, ekhe uFour....with her short suit dress....Lukhanyo was ashamed....you could see it in his face....he looked far away and listened carefully.... She: "is that your sister..." Luks: "sisi, I came here for one thing.....for my brother's things. That. Is my wife....we don't have all day..." She: "oh" ...she seemed confused....Lukhanyo took out his phone and showed him a picture of him and Lubb..... She: "oohhh my goodness! I am soo sorry....I didn't know!" Luks: "let's just get on with it...." She did the feedback...and gave him the documents....there were some that needed signing, so that needed Lubabalo.... I walked back into the lounge... Me: "My love, can I get you something?" Him: "nothing boo...." I turned around and walked to my kids.....and'na xesha lamacherri angena mbeko mna...

After just 30 minutes, the woman left.....Lukhanyo came to the room..... "Babe masambe..... Syl, can you please watch the babies for the day.....there's a few errands we need to run...."Him: "boo, I need you to take these to Lubabalo...please try not to kill him.....Sibongile uthi umtana uyagula, so I need to take him to hospital..... Can I?" Me: "there's no ambulances aphe Bhayi anymore?" Him: "hee hay kodwa baby...." Me: "do what you have to do, lukhanyo...." Him: "ndiyacela torho lihle..." Me: "okay alok....you can go...." He kissed me on both my cheeks....

Lukhanyo and I left, he took the Range Rover and he told me to take Lubabalo's mercedes benz SLS..the last time I drove this car was to Sino's funeral.....it was a beast.....actually I'm a big Benz fan...Lukhanyo sent me a text..."Call me when you get there" ...but of course.....it drove swiftly and I was there in no time....I loved it....I entered Lubabalo's room.....as usual he was on his phone....totally focused... Me: "Morning." Him: "hey, how did it go...." Me: "uhm....lukhanyo handled it.....matter of fact lemme call him....he'll explain..." Lubb: "uph dan yena?" Me: "his ex ugulelwa

ngumtana...." Lubabalo's eyes shot at me..... "And you're okay with that?" Me: "this isn't the time...." I dialed my husband's number.....in the meanwhile Lubabalo was chatting... Lubb: "so what do you think of the business?" Me: "but I told you I wasn't there....anyway I'm into Marketing mna...." Him: "okay....so have you found anything?" Me: "I'm thinking of taking a part time course....but of course I'll have to discuss it with Lukhanyo...." Lubb: "ahh.....ok...if you need any help just shout yeah?..." Me: "I think I'll be just fine ..." Him: "only if you say so....ey I miss my Z10....lephone intle and all but funa bbm wam mna...." Me: "kange kuthwe uzofakwa uBBM kwiGalaxy??" Him: "yeah they were supposed to this week, or last I aint sure....but hackers created a fake BBM application so users can't download it...because abayaz which one is real....so basically, they moved the launch of the application to a later date....meaning Lubabalo can't have BBM yet....so I'll have to buy a BlackBerry...."

I looked at my phone.....it had 0:43 seconds running.....my heart stopped.....I forgot to put the phone on loudspeaker! Me: "oh my, Hello baby?" Lukhanyo: "hayi iworse. Iworse Lihle!...tshi, kunin, ndithetha ndodwa apha...nd'khamisa uHello?!" I heard a door close in the background and the car start.... "Am I on speaker..." Me: "ima. let me put you on." I put him on Loud Speaker. Lukhanyo spoke to Lubb for a while about things I didn't know.... "Ndinike uLihle the papers so you can sign them...." Lubb: "okay cool..." Lubabalo's phone rang.... Lubb: "what?" Oh kodwa lomfana ukrwada... Caller: "where are you Lubabalo? Kuthen ungafozni nje! You just disappear and I see you driving some Range Rover, I say hi and you don't even bother looking at me!" Him: "I am in hospital, I just got out of ICU, I was in a fucken car accident. So before you start throwing tantrums, try thinking about that bitch....told you to leave me the hell alone!" He hung up..... "I am going to cut this girl....I swear...." Ehh...my cue....I gotta go..... Luks: "ow ndakwaz ke wena....I'll call you later....sign those.....sho" he hung up.....I didn't even wanna ask.... I sat there awkwardly....after a while, Him: "so how's the Benz?" ..how did he know? ...then I saw him staring at my hand, oh yeah...the keys.... Me: "oh, its amazing hey...." Him: "mhh I know....that's why I hardly use it....its a wonderful machine..." He stared at me awkwardly like ndithathe into engasongeyam.....well I did but.....oh whatever..... Me: "I'm sorry for stealing your car...." Him: "no I don't mind you or Lukhanyo using it....especially you...I don't know your driving but it should survive..." Me: "oh...tryna be funny huh." I poked his rib. And he laughed and winced at the same time. Him: "I need a second car though. I'm still traumatized to see that Nissan. It breaks my heart in so many ways.." Me: "it was really cute ke yazi.." Him: "please don't remind me" Me: "why don't you just buy the same car." Him: "Life is too short for the same thing

Lihle. Especially for me, I do have the financial stability to buy something completely different and crazy." Me: "true. But is it necessary?" Him: "yep. It keeps me happy..next time zund'phathel laptop yam va.." Me: "okay its cool. I don't think you'll do something that stupid ever again.. Saying life is too short and taking it yourself isn't fun." Him: "so for some people its better for them to kill you instead. For their happiness?" I froze...and looked at him. He had a neutral expression. Me: "uhm..what are you talking about?" Him: "I knew you didn't have the guts to do it Lihle. You care too much. Its not in your genes babe. I'm not mad though" Me: "I'm sorry Lubabalo" Him: "don't worry about it boo." He winked at me and smiled wryly..his eyes alight with humor. Why was he so smug? Noba zoba nge revenge ephume calen le.....I got up and said my goodbye.... Him: "my hug"...he already had his arms out. I huffed like a dragon...then bent over to hug me. He held on for a while. Me: "let go now.." He let go...my phone beeped. I looked at it. Some random number appeared. The message: "I said watch your back! Don't fuck with me and my things! Leave my girlfriend alone or else!"

I knew who it was. Sibob, everytime I contact Vuyo he feels threatened. Okay. I showed Lubb the text....Him: "Vuyo's boyfriend?" Me: "suppose so..." He smiled brightly, copying the number over to his phone. Him: "don't worry. I will have him fuck over himself in no time"oh oh.

Chapter 157

A nurse walked in, Him: "we'll leave today thanks." Nurse: "No sir, you ca-" Him: "we're leaving. That's that. And'no hlala apha mna" He got up and dressed himself. Him: "call Lukhanyo and tell him we're meeting at the house." I dialed for Lukhanyo whose phone was off. He looked at me with thoughtful eyes. Him: "we'll figure something out."I went to sign for him as he walked behind me slowly. I helped him into the car, and drove off....he wasn't properly healed...but ke he could walk and talk...so yeah. We got to his house and walked in. Sylvia was delighted to see him. I made lunch quick and took it to him in his bedroom...before I walked in I stood behind he closed door. He was talking to the kids. "You guys make the most special person yazi..my little pumpkin and my little cupcake." He sighed sadly.. "I was too late, wasn't I?" I heard his kiss them individually....what is he talking about? Too late for what?.. His phone rang... Him: "George Williams, I need you to re-do my will. There's 4 more I need to add."... "Yes, just call me when you're available. Thanks" ...4? Why 4? Ndingenaphi mna? His brother is Lukhanyo, I fall under Lukhanyo.

Anyway....I walked in...his index finger was held by Luthando, who was gumming it furiously...I gave him his lunch....he stared at me... Me: "iyawa yinton ngok Lubabalo?" Him: "but lihle nguwe lo...like mna I'm being me, you know..I'm chilling...then wena, you just appear" Me: "I am so lost right now." Him: "you make me feel happy...that you're around. You fuss over me. Not even my mom did that, but wena.....how do you expect me to control myself?" Me: "okay fine then Lubabalo if you don't want my politeness. If you can get up and make your own lunch, and do your own things va...my work here is done!" Him: "you see? How cute is that? Nguwe wonke lo..." Why Lord? Why does he have to be so irritating... Him: "look, I've backed away. After trying to get rid of me I think I'm staying far away. I was just letting you know qha..." Me: "..of course you're going to do that, you're going to remind me of it all the damn time. I tried to kill you, yeah so what...yuuuh haska man...it was bad, it was wrong. I asked for forgiveness. Lukhanyo punished me for it...so can we just put it behind us tu! Dammit"...my body and mind went to immediate shock right after I said it. The memories crept back. I felt a sharp pain in my heart...that night... Lubabalo sat up on his bed.. "What do you mean he punished you for it?" I looked at him and turned around to leave the bedroom....I walked quickly down the passage I didn't even make it to the other bedroom when he grabbed my arm....he yanked me around to look at him.. "Lihle.....what did Lukhanyo do?" Me: "he did nothing" Lubb: "don't fuckin lie to me!" My heart raced, I felt my eyes burn like I was about to cry. I wanted to. But I had to stand my ground. Lubb: "Lihle...heh..." (he chuckled) "I will not ask you this question again.." Me: "lubabalo akandenzanga nto uLukhanyo! I just meant that I learned my lesson, he told me never to do it again...I won't. Ever"

Lubabalo thought to himself....cimba ndisis'denge le...I know how to push a person's buttons..izoz'velela if he did something... He held her against the wall, she stood still, a bit frightened but normal... Next move, he slid hands to her waist..he was uncomfortably too close..he whispered in her ear. "WHAT. DID. HE. DO." Lihle started shaking, tears fell down her cheeks.....I backed away...there....I'm sure he sexually abused her.....Lubabalo turned and walked to his bedroom. He sat on the bed, he didn't even know what to do. Unjan na uLukhanyo madoda? What man does this shit!....yese!....I was soo angry I started shaking. Violently...one of twins started crying. He had tears in his eyes, as he thought of his late friend. He turned around and picked Lihle up...who calmed down after a while, he held her close... "I'll never let anyone hurt you Lihle, I swear to God I will slaughter a motherfucker myself."

.....

Lihle stayed in the other bedroom, she couldn't face him. What was he trying to do? Sies man! ULubabalo!....she wiped her tears away in vain...trying to cover herself...she was shaking. What was going on with me!...I dialed for Lukhanyo....it rang. Thank God! I practiced my voice, so that he can't tell that I'm crying...I coughed a little, Him: "baby?" my heart relaxed instantly...I wanted to hold him.. Me: "ubuya nini Lukhanyo?" Him: "ndiyabuya ngok, I'm by the robots" Me: "okay then" Him: "sow'buyile ku Lubabalo?" Me: "he discharged himself" Him: "that's my nigga" he laughed... "Ndisendlelen ezayo ke sthandwa sam...love you" Me: "love you too babe..." We hung up. I felt soo much better, Lukhanyo wasn't a bad person. At least not entirely. You must be thankful for what you get. I went to wash and dry it. I re-applied my make-up. My husband knows me too well, he would know I was crying. If I didn't put on the make-up, he would know. He notices everything! I did my make-up then went to the kitchen, Sylvia was cleaning. She: "uzobatyisa abantwana?" ...that would mean, I have to go to the bedroom to fetch them. Ku lubabalo. No. Me: "cela ubatyise wethu Syl, if you don't mind sisi?" She: "of course not, its why I'm here...to help you." She smiled and walked off. I am not avoiding Lubabalo, I'm just waiting for Lukhanyo to be here till I can face him again. I don't have the courage to explain myself. If anything, my husband will protect me. I washed the few dishes and wiped them...Lukhanyo and I need a break man. Just the two of us. With the kids of course. Away somewhere far, where nobody knows us. No shooting or deals being made and people being killed. Just our cute little family. I was shocked right out of my thoughts when Lubabalo stood next to me...by the sink. He gave me his plate and walked away. Okay so at least he's backed off? Okay. That's a start. Lukhanyo arrived, I almost ran to the lounge, and wrapped my arms around him. He loved it. Him: "yoooh, if I knew bendikhunjulwa kangak ngek'dala ndabuya..." He was more than happy to hug me back....he kissed my forehead. "My lovely wife..." ..something shone in his eyes. It was Love...I almost drifted to his lips....the gaze was that powerful, the bond so strong. He touched my lips with his lightly..as he held my face with both hands....my heart....oh my heart danced around. My stomach was doing flips...I didn't want to let go..he pulled away.. Him: "hayi babes, bund'khumbula olohlobo na?" Me: "awuna idea...how's the child?" Him: "tshhin love, lomtana noba bebethekile somewhere, he was throwing up, complaining nge headache. Mamakhe akafun thetha ba uthen, ngeloxesha umtana udumbile entloko.." My heart ached for the child...he's almost four now...oh hay maan....wonder ebethen... Him: "there's something I want us to talk about when we get home ne baby....." He looked behind me... Lubabalo had probably appeared..he went straight to him and hugged him. Lubb: "ouuch, yand'thunuka man.." Luks: "wawund'thunuka nam tshi...buyisa iskweri." Lubabalo

tickled him away. I breathed in relief. Okay. Lubabalo dragged him to the cigar lounge.. "Kukho into end'funa sithethe ngayo, iza..."

In the cigar lounge.....

Lukhanyo: "what's up..." Lubb: "Lihle showed me a message engene efownin yakhe. Yila ow ka Sibob, threatening her. Now the thing is...I know people in East London. I have a company there. So ndiya pha ngom-" Luks: "woah woah woah woah!.....yima, ngomso lubabalo? You can barely walk..." Lubb: "that's why you're coming along...we going together." Lukhanyo sat still for a while... Luks: "yazi, kukho nenye end'qhela masimba..." Lubb: "ban lowo?" Luks: "some Thulani guy. Hlale Blue Water, waye funda no Lihle eprimary...heee, lentwana izenze fresh qithi....ndiyoy'qwaba kutake lo cut yayo mna.." Lubabalo laughed hard....till his tummy hurt. Lubb: "hayi man Lukhanyo, uthin?" Luks: "zuy'hleke....so when are we leaving?" Lubb: "I've already sent my guy to track the number. Its some Sibongiseni person ohlala eVincent. We're leaving at 16:30pm, xa sezobuya msebenzin...my guy will distract him...until we there" Luks: "okay. Cool" ...they sat in the lounge for a while and chatted. Lihle prepared for dinner in the meanwhile.....

At 18:00 they ate, Lukhanyo and Lihle got ready to leave when they were done. The twins were asleep by the time they got home. Luks: "babes, lock up, we need to talk bout something." ...Lihle went to check the gates and locked the doors. Closing the curtains and windows.. Me: "what's up love?" Him: "mntu wam, cela ungaqumbi torho...just listen...S'bongile akamphetanga kakhle lomtana...ubetheka njan umtana ngentloko? What if he'd hit a nerve and died?" Me: "yeah babe, that's kinda hectic ey." Him: "Lihle, cela uChumani azohlala apha. Ndak'cela baby, I can't sit back and let that child go through trauma." Me: "haike ngok Lukhanyo!" ..well, a part of me understood, he hates seeing children being abused. Worse ke ba Chumani "could've been" his son. And chances are, he had bonded with him already.. Me: "sbongile uzofumana iplatform yokuza apha! I'm not having that!" Him: "babes, masiye court ke! I spoke to the doctor, I haven't spoken to her though. Bend'funa uqala kuwe. The doctor will testify for us. She won't have custody of the child alone. Babes, at least think about it. Ndak'cela Lihle"eish, I didn't like this one bit. but ke, this is Lukhanyo's house and she won't have access to it. I will have to lay down some ground rules. Me: "I'll think about it." Him: "one more thing babe" Me: "oh gosh" I rolled my eyes... Him: "I promise this is the last one. Lubabalo asked me ndim'kaphe aye Monti. Cela ukuya?" Me: "why?" Him: "business." He looked innocently guilty...oh yeah kanene. Sibob... Me: "fine. Don't do anything stupid." He kissed me, and lay me on the bed....kissing my neck....his hands lifted my top, he nibbled my ear while he was moving his waist, rubbing himself on me.....he whispered: "best wife

ever"... Me: "prove it..." I said seductively..he went down and bit my jean button, pulling down the zip with his teeth.....the thrill of it was ecstatic.... I quickly pulled him up.. Him: "what?" Me: "I'm still on my period...." Him: "arhg..." His face fell.... Him: "guess I'll have to prove it some other time then"he lay on top of me. His head on my breasts and sighed.....lol, akayo drama queen man.....

Lukhanyo and Lubabalo got ready for the trip, he had called in his private jet. It stays in Cape Town but tells the pilot to bring it wherever. When he needs it. At 16:20, they left P.E. It took them a mere 20minutes. They were expected by two gentlemen, who drove a black GTi. With tinted windows. In the car they planned the whole thing, they were to wait for sibo at his workplace first. They drove to the company and stood by the gate waiting for Sibos Mercedes Benz kompressor. 10 minutes later he emerged and they drove slowly behind him....Lubabalo was on his phone..texting. Luks: "nanku lomntu put your phone away." Lubabalo did just that...." It was getting dark...they drove into the quiet suburb. They picked up pace, Lubabalo dialed.. Lubb: "Stanley Street." And hung up.....they were right behind Sibos, he realized what was going on and decided to up the speed.....he drove swiftly away!...they raced after him....in no time 2 more GTi's appeared in front of Sibos, they parked in his way. He had no choice. He stopped the car and climbed out shakily. "Guys, you can take the car, I'll give you money. Anything. I have a wife and kids at home. Please don't kill me" ...Lukhanyo walked up behind him, "Boo!" He whispered in his ear....Sibos almost jumped in shock! He had tears in his eyes as he saw the AK47 in Lukhanyo's hand. Lubabalo appeared, cool as ever with a bright smile on his face. He walked over to them, Lukhanyo was admiring his gun. Lubb: "Sibongiseni...." Sibos stared at him... Luks: "do you know Jesus?" Sibos: "Yes..." His voice was shaky and dry... Lubb: "well, good for you old man. You better get on your knees then...." He slowly got down, crying: "please don't kill me" Lubb: "oh we're not gonna kill you.....yet" and he flashed his million dollar smile.....with his gold tooth shining at the end....

Chapter 158

It was about 21:00. Lukhanyo and Lubabalo hadn't called yet...I tried calling, both their phones were off....*sigh*....I wonder ndaz'fakela nton apha this deep...I called Vuyo... She: "hey babe, thanks a lot yazi..." Me: "its my pleasure sweetheart, what you up to?" She paused for a while.... Me: "babe?" She: "ndilaphe flatin....Sibos bethe uzodlula ngapha after 9..." Me: "okay ke mtshana....otherwise, uryt?" She: "ewe lovie,

ndigrand...okwangok...wena?" Me: "I'm great peto, I'm thinking of throwing the Big twins a party. But the problem is, its on Thursday, kehok Saturday sinomsebenzi kokwabo..." She: "peto, throw the party at your place or Lubb's house. Umsebenzi ungenaphi apho? My friend, this is the first birthday with your husband. Make it memorable, I'm sure he'll do the same ngeyakho..." Me: "yeeah....seems like a plan. But I can't fish anything out of him! I don't even know what to expect." She: "ask his uncle. He's been around enough" Me: "great idea...sooo, you coming?" She: "mmhh ei peto, I don't know ey-" Me: "okay, its settled you're coming, I'm booking your ticket tomorrow" She: "peto, I have to ask Sibó" Me: "Sibó is a grown man. Plus its like an adventure, like the one I took when I came there!" We both giggled.... She: "okay ke peto! What am I gonna wear!?" She was excited....good girl! Me: "wear a dress, let it be a reasonable height, Not Too Short, But Just Right" we laughed again..its good to have this girl back... Me: "peto, I'll call you tomorrow ke va, mwah, love you" She: "love u too booboo"....and we hung up.

MeanWhile in East London.....

Sibó: "I have a wife, and kids. I can give you anything. Just spare my life, I beg you" Lukhanyo and Lubabalo stared at each other smiling. Lubb: "a wife and kids huh? My other me right here has a wife and kids." He held Lukhanyo's arm.. "I know what you mean...I really understand, from deep down in the darkest place of my heart. I understand.....but do I give a fuck? Nope. Awt'yam do you?" He asked Luks. Luks: "None, whatsoever." Lubb: "you see? That's how sad this whole situation is right now. We understand, but we don't care. So tell me more about you....Sibó." Sibó was quivering... "B-but there's nothing to tell-I" Lubb: "don't make me angry sir. Please." Luks: "why don't we invite him to our special spot? He sounds a little thirsty." Lukhanyo grabbed him one time with his right hand, the gun on his left. They walked: "I dare you to run. I am right handed, therefore, from my left hand bullets will be flying from each and every direction, understood? Try me." Sibó was sobbing by now. They went in the black GTi. The twins on either side of him. Lubb's elbow leaning on the top of the backseat his body facing Sibó and Luks. He crossed his legs. "I asked you to tell me. More. About. You. Sibó" Sibó: "I'm a chartered accountant, i-" he said in between sobs. Lubb and Luks at the same time: "ooooh!" Lubb: "a chartered accountant huh? That must be exciting! Tell me more" the car was moving swiftly in between cars, with the other 2 ..one in front and the other in the back. Sibó: "y-yes.." Luks: "what do you like most about your job Sibó? Tell us." Sibó: "please, I can get you all the money you want, please don't kill me..." Lubb and Luks exchanged surprised looks... Luks: "we don't want money." Lubb: "we want.....you" with a naughty smile... Then they burst out laughing. Sibó was confused... Lubb: "oh

don't worry...not like that. We talking about, your oxygen and soul type of You. You know?" Luks: "you should know how much it excites me.....Sibo, have you seen a soul depart a body?" Sibbo: "no." Luks: "oh well but of course.....I have.....do you want to see?" Sibbo: "no" Lubb: "why the fuck not?" Sibbo: "please don't kill me..." The cars stopped deep inside the bushes...Sibo had no idea where they were. They got out the car and dragged him with. Lukhanyo sat down with his gun...Lubabalo stood with his hands in his pockets. He had a headache and he wanted to finish this as soon as possible....the other guys undressed Sibbo butt naked. Lukhanyo and Lubabalo burst out laughing again... Luks: "engaka??" Lubb: "ayik'krawuzeleli?" Everybody laughed... After a good laugh, their expressions changed dark, and evil. Lukhanyo looked ill with hatred. Lubabalo just looked plain Satan. He had no other description, they tied his hands and feet together. Lubabalo took out a pocket knife. He held it against Sibbo's stomach whose breathing came in gasps of air. Lubabalo: "I done asked you. To tell me more about yourself." Sibbo: "I've told you everything" he cried... Luks: "do you have a girlfriend?" Sibbo: "no" Lubabalo didn't hesitate. He slashed his stomach slowly and stopped halfway. Lubb: "I'll let the pain settle and do it again. Lie to me." Sibbo: "yes. Yes I do" Luks: "what's her name?" Sibbo: "which one?" Lubabalo dug the knife deeper...luks poured half a bottle of Vodka on him....as burning as it is, it'll clean the wound and help him heal. They all win.. Luks: "so you're a cheater?" Sibbo: "please sir.....I beg you..." Lubabalo: "you might wanna hold yo tears back and save your oxygen, Cuz we're not giving you a lift home, is you mad?...well, that's if you make it....." Sibbo: "vuyo" Lukhanyo looked at Lubabalo expression...he looked like he was about to eat him alive....and then he cracked a smile....what the?...who changes that quickly? Ei lentwana..... Lubb: "okay. Do you beat your girlfriends? To you control them, to keep em in check?" Sibbo: "sometimes...." Lubabalo and Lukhanyo got up. Lubb: "well "sometimes" the truth doesn't set you free." He signaled to the guys who came forward with a blazing torch. Sibbo: "no...no....please..." The guys held him down and burnt his chest with 'Respect'... Lubb: "everytime you look in the mirror. You will remember this night. You will remember me. My brother and all my niggas. You will remember to treat your wife with RESPECT!..." They turned around to leave, while the guys continued to torture Sibbo and they left him there too. They all drove off.....

Lubabalo and Lukhanyo boarded the jet as soon as possible....in silence. Lubabalo was calm and collected. Luks: "why did you lie to me." Lubb: "you couldn't have known lukhanyo. This my shit." Luks: "you are brutal, you know that?" Lubb: "that is rich coming from you!" Luks: "I don't manslaughter people, that is disgusting Lubabalo, what the fuck?" Lubabalo just stared at him...as the plane took flight... Lubb: "what

are we doing for our birthday?" Luks: "I don't know, what do you wanna do?" Lubb: "I'll figure something out..."when they were near P.E....about to land... Lubb: "lukhanyo, I'm sorry lil bro" Luks: "its fine, welcome to the family" and they hugged.....Lukhanyo made a mental note: 'never, double cross uLubabalo...ever... That cruel bastard'

They started at Lubabalo's house to change. They cleaned up themselves. Lukhanyo wore Lubabalo's sweater, Lubabalo wore another and they drove to Luks place for some drinks...it was almost midnight...they entered the house, Lihle was asleep with the twins....Lukhanyo walked into the bedroom and sat on the bed...he bent over to kiss her... She shifted away. "Usuke kum lubabalo..." Luks: "its me babe" she got up to look at him...oh ok... She: "why did you change? And are smelling like Lubabalo?" Luks: "we went to his place to go freshen up..." I got up to kiss him, he pulled on me and I sat on top of him...kissing him... Me: "hold your horses boo..." Him: "yuuh hay kodwa!" He sulked...then kissed me again...I got up.. Me: "so how did it go?" His face changed....he looked....nauseas... Him: "I don't wanna talk about it."

Chapter 159

We walked to the lounge, at least lubabalo was relaxed. Me: "hey lubby" he smiled at me and looked back at the tv. Ookay. Me: "nizosela nto?" Luks: "I'll make something..." I turned to walk back to bed. The twins were awake, Lukhanyo came to fetch Lihle, then came back for Luthando...I went to sleep....in the morning I woke up to check the time, it was 07:32am. I got up and went to brush my teeth. When I walked to the lounge, each twin had a twin on their chest laying on the couches...it was the most adorable scene, I tip toed to my bedroom to fetch my phone and went to take a picture of them. Luthando woke up, who started fiddling with Lubabalo...he kept sucking on his uncle's chin....Lubabalo just looked the other direction. Luthando didn't give up, he held on the t shirt, but burped instead....watyekeza on his chest. Lubabalo jumped up.....serves him right...kunin evuswa ngumtana...lol.... He got up and walked into the kitchen, of course I pretended I didn't notice. Him: "cela into yosula..." Me: "iya eBathroom." He just stood behind me. When I turned around he was staring at me with a straight face....why do I have to do everything around here! I walked to the bathroom and he followed. I rinsed Lutha's Manchester United wash cloth, his father had insisted on it..because he didn't want his child to be a Ben 10...he

even bought a matching one for himself too....Luhle yena wathengelwa uHello Kitty.....*rolling eyes*...I gave Lubabalo the wash cloth, who still stared at me... Me: "ufun usulwa ndim kehok?" Him: "ndiphethe umtana Lihle, ndizoz'sula njan?"I took Luthando to clear the situation, the last time I was near him, it ended in tears. He wiped himself and handed it back to me then took Luthando back to the lounge. Today I was going to start feeding the babies, iNestum. A part of me wasn't thrilled, I loved breastfeeding my children...it was an amazing bond...indescribable....I went back to the kitchen to prepare their 2 spoon meal. Lukhanyo and his daughter were still asleep, he was snoring a little...I stared at them for a while...he was soo beautiful, I went to make their porridge, I gave Lubabalo sitya sika Luthando... Him: "ndis'thin?" Me: "you might as well learn, uncle." I went to wake Lukhanyo up with a kiss on his partly open lips...he smiled awake... Me: "oh yand'bhanxa?" Him: "morning sthandwa sam..." He got up and Luhle started moving then cried...her father fed her....by the time they were done. I'm telling you all four of them were sticky...lol....mxm.....I took the babies for their bath, my phone rang. Me: "hello?" Caller: "Good morning Mrs Mzinyathi...its Claire from Doctor Johnson's Office. I was calling to confirm that you'll be able to make your 11am appointment?" Me: "oohh my goosh! I completely forgot! Okay uhm.....11 you say? I'll call you back" I turned around and Lukhanyo had just walked in.... Him: "what have you completely forgotten about babes?" Me: "our appointment" Him: "what appointment?" Me: "Dr Ricky?!" Him: "oh what time?" Me: "uthi ngo 11..." Him: "okay ke....kame ndotyia..." I called to confirm with the lady. I don't think the twins were fed properly, its not that I don't trust ubaby...I breastfed them a little. Then bathed them.....when I was finished Lukhanyo went to shower...I put the babies in their strap seats...and'se tyhafa! I walked to the kitchen, Heeeeeeeeeee! *claps once* Lubabalo lay on the couch with his feet on the table, I tried not to get angry, he didn't even look at me. He is so disrespectful! Me: "Lubabalo!!" Him: "yoh, sorry..." He took his feet off and sat properly....at least he didn't get an attitude. Lukhanyo had made breakfast, I nibbled a bit and made myself a shake. I needed energy. To plan the party on my own!...I was still unsure of the venue, I went to bath. Then got dressed...did my period finish?.....that was only what...2 days?...so I decided not to wear a tampon...just a panty liner.....when I was finished...Lubabalo walked in, Gawd...he annoyed the living shit out of me. Me: "do you not know how to knock?!" Him: "knock knock. Where you off to?" Me: "therapist...." Him: "yeah, I'd skip that....I'm taking the kids...kutsho Lukhanyo, I'll see you later" and he walked out....I was sitting in the dressing table, doing my hair and make-up....I didn't really look at him. But. He walked into the room.....then took something....I wasn't sure what. I turned around to look for what was

missing....nothing it seem.....maybe I'm imagining things...we left for the doctor.....

Lukhanyo and I walked hand in hand in the office, the doctor smiled. Doc: "ncooooh, where are my little bunnies?" Me: "with their uncle." I smiled.... Doc: "okay then so we're doing well it seems? Tell me how has it been since our last session..." We looked at each other.....not good.....but we had to be honest with the doctor otherwise it won't work.... Doc: "take your time...." ..that's doctor talk for I don't have much time.... Me: "well, doctor a lot has been going on....we tried to....uhm....overcome obstacles....I left him at some point....but I had to come back." Doc: "why did you leave?" I looked at Lukhanyo... Luks: "because doctor she is tired of my lifestyle.....she's tired that I'm not employed, I sell drugs for a living, people are killed in her presence.....and I know what I'm saying is strictly confidential. So you can't say shit!....I really like you doc, but if-" I grabbed his thigh under the table.... The doctor swallowed hard... Doc: "i-i understand sir.....so, Mrs Mzinyathi..." Back to formality now? Thanks a lot Lukhanyo! "You left....what made you come back?" Me: "his brother got into an accident, his uncle went back to ICU, he was in pieces, he needed some help.....and he didn't have anywhere else to turn to" Doc: "what do you hate about his lifestyle? What is it that you hope for? Look at him and tell him, the main aim is communication..." Me: "Lukhanyo. I hate everything that you do, I can't accept it, I have tolerated it for quite a while but it is time to change! You have kids...for fucks sake! Can't you think of their safety? These people come to our house, and stomp around! You go out and shoot people! We are living on blood money! I hate it!" Luks: "I don't see you complaining all the way to the bank! If you really "hated" this money! I support you! Financially, Emotionally and Mentally! What else do you want from me!" Me: "I want you to stop this shit!" He breathed like a dragon...Him: "I'm not gonna do that...." Me: "whaat!/? You promised!" Him: "I'm not gonna do it Lihle! Who's gonna support you? Us? The babies? The cars? The mortgage bond? Suba sisdenge man! Do you how expensive our life is??? Sizothin if I stop this? Sizothin? Do you have a plan?!"I was soo angry, I just got up and left... I was shaking!. I got into the car...a while later he came in after me. He started the car and drove off....like the first time he took me to his drop off, months before?.....yes that speed....at this moment I didn't even care!....we parked and I stomped inside the house. He followed me into the bedroom.....he grabbed my arm and pulled me to him. Him: "you hate this life?....." Me: "ewe lukhanyo! I am sick and I am tired!" Him: "nakuya umnyango phuma ke!....leave! But, you're leaving my kids with me." Me: "they are my kids too! Uzabathin wena!?" He stared at me...clenching his fists....breathing out loud. I stared back at him...my jaw firm and 1 hand on my waist. He thrust forward and grabbed

me, kissing me violently...he held me against the wall, ripping off my shirt, I took off his...tearing the buttons apart. He unbuckled my jeans and took off his pants.....he couldn't even wait...he bit my neck, pulling my left leg onto his waist.....he guided himself in slowly....holding on to my hair...tightly....his face spoke a different language....like he was in a world of his own.....closed his eyes and biting his lips....he groaned with every stroke..... "Please don't leave me...." He whispered.....I couldn't even speak....my blood was boiling with climax erupting.....I moaned out loud ...he pressed his lips on mine....my body started shaking....." Lukh-anyooo.....I love you....."....he stared into my eyes.....I was almost there....he kissed my again...pulling my other leg up...he went faster.....I was about to.....to..... "Yes!" I screamed.....he kissed my face..... "Thanks babe.." He whispered.

Chapter 160

I hate not being able to resist him...he pulled out and smiled...slowly walking to the bed....holding my hand...he had a bit of blood on him...just a smudge.... Him: "uqiba nin umensa?" Me: "andaz." Him: "and'zongatyi ke mna...." We lay on the bed for a while.... Him: "baby...." Me: "what's up..." Him: "if you get pregnant, cela und'xelele the second you find out. Don't hide it from me....ndak'cela Lihle." ...what does that have to do with anything?.... Me: "okay...." Confused. Him: "I want another baby....." Me: "no lukhanyo!..." He kept quiet....he was probably sulking. Him: "masambe siyolanda bantwana...." Me: "ohh Gawd....please go....I'll make lunch...." Him: "why?" Me: "I just don't feel like going there today.....ndiz'tyhafele...." He looked at me...confused.... Him: "what happened?" Me: "where?" Him: "the day ndandise uChumani esbhedlele.....what happened?" Me: "uyawa qalile kanene" Him: "lihle, there was a vibe. And ever since that day you can hardly look at him in the eye...now look me in My eye and tell me I'm exaggerating things...tell me I'm wrong." I looked him in the eye....my eyes burnt....hayin ndiqale nin ungakwaz uxoka?... Me: "nothing happened..." I croaked....he sighed and lay next to me facing me... Him: "something happened lihle. Lying about it kum just hurts me in so many ways. Soze uy'understand...I know that ikhona into ond'fihlela yona lihle...." I felt ashamed....his eyes were sad, like a lost soul...why is he like this all of a sudden?...the Lukhanyo I know would be raging about right now.... Me: " baby, he kind of...." He looked at me calmly.... "We...." ...I sighed.....how do I explain it... Him: "did you sleep with him?" Me: "hayi man lukhanyo!" Him: "tell me alok!" Me: "he knows! That I tried to kill him...he said he knew I wasn't going to do it! I kind of shouted in anger that I don't need anymore punishment....he thought you abused me...he kept asking what you did

to me....holding me against the wall...." Him: "did he touch you?" Me: "no...he just held my waist... Then he let me go..." Lukhanyo looked really sad....almost afraid even....isn't he gonna confront Lubabalo?! He must do something....he pulled me closer to him.....his mouth on my ear..... "Baby wam, promise me.....you'll stay away from Lubabalo. Akabadlanga lamntu.....you'll never know what he can do.....nxiba." We got dressed.....what does Lukhanyo mean by that?

I went to the bathroom to clean myself up and got dressed. He gave me the keys to drive the Rover, sitting in the passenger seat tapping on his phone silently...uthen na uLukhanyo? We drove silently to Lubabalo's house, when I parked. Him: "what did you do, when he touched you?" Me: "I couldn't do anything he was holding me tightly..." He just got out the car in a sigh...now I was really scared, Lukhanyo isn't himself or maybe its the sex? I walked into the house, Lubabalo was walking around in his shorts hanging low, topless....his body didn't look like Lukhanyo's after all....Lukhanyo was fitter, with 3 tattoos...I smiled to myself.....those sexy ass tattoos...you could hold on to Lukhanyo and feel the muscle, just thinking about it made me sweat....I looked at Lukhanyo, who seemed like a lost puppy with his tail stuck between his legs. This made me so angry! I pushed him, and whispered: "what the fuck's wrong with you!?" Him: "heeee! Haska man Lihle," he walked to the twins, holding Luthando in his arms..he kissed his forehead, holding him....it looked like he was examining him...touching his arms and legs then stomach, he kissed him and held him close. With his eyes close....then almost immediately he put him down and did the same with Luhle. Okay, somebody explain to me why is Lukhanyo acting like this...is he? No. Not my man.....akanantanga alok yena....he can't be afraid of Lubabalo....kwenzeke nton na kwela Monti bethuna?... I pulled him aside, Me: "you are gonna tell me the truth Lukhanyo. What is going on between you and him? Why are you acting like this?" Him: "acting like what? Lihle, you have an overactive imagination...we chilled.." Just when Lubabalo stood next to us.... Lubb: "what are we whispering about?" His eyes cold and calm at the same time....I looked away, Luks: "lihle says I'm acting weird...for some odd reason...." Lubb: "haha, mxm, that's women for you, when They are acting up, they blame it on you..." He stared at me, like he was trying to tell me a subliminal message, I just walked away. Lukhanyo has to get rid of this parasite...but he doesn't look like he's gonna do it. And I can't do it. Ufuna nton lomntu? What does he want from us? I went to feed the babies, Sylvia took them...I had to think....a text came through to my phone: "what did you say to him?" I replied: "who are you talking about?" He just walked into the room. Me: "ufuna nton Lubabalo?" He just stared at me... Lubb: "what did you tell Lukhanyo? Why is he so distant to me? Are you trying to break me and brother apart Lihle!?" Me: "I told him

what you did! He is my husband, he deserves to know!" I hissed. Him: "he raped you! Lihle, he doesn't respect you!" ..I stood there, shaking...lukhanyo didn't rape me..I agreed to him, he lost control...then he....no... No... Me: "you are trying to turn me against Lukhanyo. Its not gonna work! Lubabalo, do you va! Be his brother/friend whatever! I don't give a fuck what you do, keep me out of it! Leave me alone, don't touch me, don't call me, don't text me. Don't breath me! Just.....fuck off!" Word vomit.....kind of just slipped out.....

He left me alone that day...I texted Lukhanyo. "We're going home, Now!" He replied: "take the kids home, I'm going out with Lubb to watch a game with friends. Love you, xxx"fuuuck! I tried keeping my cool. I gathered my little munchkins and buckled them up. When I got into the car, Lukhanyo came out: "no goodbye now?" Me: "goodbye." Him: "kazaph nd'phuze, tshongotyafa apha...." He walked slowly towards me, he looked tipsy....I got out the car, seeing Lubb standing at the door.... I held on to Lukhanyo.... Me: "we need to talk..." Him: "not now please babe..." He kissed me, then smiled.. "Ndisemathandweeeeni mna..." He sang... I kissed his lips again....longer...he pulled back after a while, holding onto the car... Him: "a.a hamba ngok, yand'bawisa qha wena apha..." I kissed his cheek... Me: "be safe yeva...and eat something!" Him: "okay mama..." He walked off, I drove home.....

I got home and called Lukhanyo, he didn't pick up...so I sent him a message: "safely home. I miss you" him: "miss you too. We really gotta try and spend more time together, I love you babe" ncaaaaaaw...nyan we never had a honeymoon...I never even thought of it... Him: "Do you think we rushed it?" Hayi man.....why would he ask that? He's probably missin his bachelor life? Yila influence imdaka...ahlel nayo! Me: "no babe....we did most things right...it was do or die remember?" Him: "I love you and the kids. Don't you ever forget that." I dialed him...the phone just rang....why isn't he answering? Maybe he's driving? But if he can text while driving, then he can pick up.....right? My heart wasn't in the right place at this moment. This was Lubabalo. It was so obvious, why didn't I see it? That immaculate grammar in texting could only be him! What the fuck.....my spirit just did a dive. I am so over this little game of his. Ngumntu othen lo ungade akhule na Bawo! Please give me the strength....sies man. I got down on my knees and prayed. "Lord, I know I am about to ask you something quite ridiculous. I am out of options, please help me find a solution to the problem I'm facing. This person is intending on ending me and my husband's promise to you. I cou-" my phone rang, it was Vuyo...I carried on praying till I finished then picked up, she already dropped it. I dialed her back. Me: "hey babe..." She: "lihle!" She was crying.....wonder yinton ngok! Me: "what's wrong babe?" She: "uSibo! He was hijacked or something...*sniff* ...he...he....they, almost killed him.

Lihle, he's dying! He can't do anything on his own!.." Me: "uphi wena?!" She: "I'm at the hospital...*sniff*...he was cut up, and had bruises all over his body....how cruel can people be!? How revolting? Siiees man!" She spat out the words.....my heart was burning....what did these two do to the guy? Me: "I'm soo sorry baby girl...at least he's recovering right?" The phone beeped then cut off. Okay.....so I tried calling back, it was on voicemail. Uhm.....okay maybe the battery died. I had plans of going to buy her ticket, but I decided to wait a bit. Maybe she might not want to come anymore? I don't know. I stayed with my babies...Luhle was falling asleep but crying...I didn't expect uk'feketha from her. That was Luthando's trait. I gave her, her breast....it wasn't mine anymore... She fell asleep after a while... Bukiwe called: "hey peto!" Me: "hello..." After seeing those messages and hearing from Lukhanyo I wasn't sure about her anymore... She: "unjan?" Me: "ndiyaphila unjan wena?" She: "I'm good, are you at home? Can we meet up?" Me: "I'm with the babies peto, I don't wanna overwhelm them, sivela ku brother ka Lukhanyo..." She: "andisani khumbuli man..." I knew she was fishing for an invite.....she wasn't getting one... Me: "we miss you too babe." She: "okay, I'm coming over then..." ..Oh Gawd, what did I just do? She: "niphi eFord?" How did she know sise Ford? I panicked....then hung up...what the hell?...okay I have to calm down. I texted her back the address. I need to know her motive. Dumb move, clever plan. One step near Lukhanyo, 4 shots from Lihle, capiche? She better watch herself...

Chapter 161

Bukiwe arrived with two paper bags, one was pink the other was blue. I'm guessing its for the twins. She: "hi peto..." I hugged her..she came with her little boy, who was the spitting image of his dad....those big brown eyes, and the pink lips. He looked so adorable. But ene cheek...ndiyadikwa ngumtana osileyo mna...faki maiva one time, ndivale umlomo. I made hot cocoa.... Bukiwe: "maphi amantshontsho girl..? Yuh" Me: "iya phe roomin...." She came back with uLuhle, Lutha was still awake, laying happily in the bed with his toy...I took Luthando... Me: "nguban igama lakhe?" Looking at her son...its probably some Damon, or Micheal or something... She: "oh...*she blushed*....his name is Thulani Junior"my guess was close enough. Why could he not give umtana igama lakhe, like his own name...did it have to be his?....uwooh... Me: "that's beautiful...." We chatted for a while...her phone rang... She: "hey babe" Caller: "uphi?" She: "ndikwa Lihle, wena?" I didn't hear what she said.... She: "I don't

know ey..." "Lemme ask her".... She looked at me: "peto, uthi uThulani, he wants to come over?" Is that a question or statement? 😊-_- Me: "sure"....mxm....I texted Lukhanyo.... Me: "cela ubuye tu..." Almost immediately he/whoever replied... "Zond'bekhela nto?" It was Lubabalo, that poor Xhosa, nkosi yam. Me: "Thulani is on his way, and there's nothing I can do to stop him." I knew that would alarm him/ them whatever....he didn't reply. I smiled, knowing fully well they'll walk in here like the Bosses of Hugo. Lol. Bukiwe forwarded him the address. I started on an early dinner...looks like a full house tonight...I was standing in the kitchen thinking of beef stew. I put the rice on the stove, I brought Luthando's seat and starpped him in. I put him on top of the counter while I chopped the veges...I defrosted the meat. Then started with my stew.....

While waiting for the stew, I took Luthando and held him, leaning on the counter...he was sticking his hand and tongue out. I kissed and he smiled....ow bethuna nyana wam...I felt a shadow standing near the kitchen, he just stared...that should be Lubabalo...Lukhanyo would have long entered...I looked up. It was Mr hazel brown eyes... Him: "mhh, mama's boy le..." Me: "good day to you too...." Him: "smells nice in here" Me: "just started on the pots, so ndiyayaz uyabhanxa....unjan wethu?" Him: "I'm good." His son came running to him and hugged his leg....he looked down at his embrace, then picked him up. Him: "ja ntwana yam" son: "daddy, mommy showed me how to tie my laces and then I finished my lunch and then I was a good boy and then she told me not to go to Kyle's house and then we came here and then now, she's playing with babies" Thulani: "boy are you jealous?" Son: "nah...I'm not jealous." He wiggled down from his father and ran to the lounge....okay.

It felt like years...when I was cooking, being near finished I was glad, cuz I was tired, Luthando uyozela but he won't sleep. I was tired but here I am with guests....I couldn't sleep, the pots were almost ready and I switched off the stove. I walked to the lounge, Lukhanyo was supposed to be here by now. I called him, he didn't pick up... A few minutes later he texted: "on my way"bek'nin ngoko! Thulani went to the bathroom. I set the dining room table which is so abandoned..we never use it, it was there for decoration...I took Lukhanyo's white thick bathroom candles, there were two..and placed them on the table...who will know? Gotta alternate tshi...I lit them, Luthando holding out his hand. Me: "utshe ke ne..." ..my phone rang, It was Vuyo: "hey" me: "hello, how are you babe?" She: "I'm good, have you booked the ticket?" Me: "you still wanna come? I can do it over the internet right now..." Vuyo: "yoh, peto...I have to get away....I'll tell you xandilapho...nd'zova ngawe ke..." Me: "sure friend yam...." And she hung up. I felt sorry for her bonanje, she sounds so down...mna bend'nothin if I heard Lukhanyo wam had been beaten near death? I

wincing at the thought....right then and there the door opened, and like I said "Bosses of Hugo" entered like they owned the building....in which they actually do. Lukhanyo walked in first, he was still tipsy, he took one look at Bukiwe....then his face....oh it was written danger, then he looked at me. He turned around to wait for Lubabalo, who walked in behind him, ishades late? I sit down for le part. He wore navy shorts and a white t shirt with white sneakers. Lukhanyo was similar, his with orange-almost-peach shorts and a white t shirt too, he wore white Timbalands. Heeeee zange ndaxakwa...abadala ababantu. Thulani walked out the bathroom, rubbing lotion on his hands...he stopped dead in his tracks. Staring at the twins, but Lubabalo mostly, and they both stared back at him.... Lukhanyo broke the silence with a chuckle: "yazi, Lubabalo bend'cimba uyadlala." He looked back at me.... Luks: "bazothin aba apha?" ..hayin lomntu, ubukrwada obu ngaka? Lubabalo: "hee, my black blood is already boiling.." He said in a sneer...as he walked past Lukhanyo and sat on the couch....

Chapter 162

I stared at Lukhanyo... Him: "what?" I put my hands on my hips and pouted... Him: "good evening?" Me: "ndihlel ndodwa?" Lubb: "heee hay-" Me: "and'katheth nawe wena!!" He shut up immediately... I pulled Lukhanyo aside. Me: "kuthen ungena mbekho nje? Kuthen usile? Lukhanyo, I swear, I fucken swear, if you dare try something stupid ndiyokufaki mpama! Sek'then ngok sow'ngena ndlel yothetha?!" Him: "but bab-" Me: "don't fuckin baby me! Go to lubabalo, nithetha kakhle ne visitors zenu, or nihambe ke!" He turned around and went to the lounge to Lubba, ekhe ufour laying on the couch, changing the channels... He spoke briefly, Lubb: "and'zoyenza ke lonto lukhanyo.." Lukhanyo looked at me, I walked over to them. Me: "then leave, its that simple.." He stared at me. Lubb: "and if I don't want to?" Me: "I'll drag you out..." He looked at me in shock, then looked at Lukhanyo..who turned around and went straight to the table, they sat down with Thulani and his wife. Lubabalo sucked his teeth and sat down....the whole time, staring at Thulani with small eyes.... Lubb: "excuse my bad behavior." Me: "and?!" Luks: "and, welcome to our home.." He said in a low tone....Lubabalo was still staring at Thulani, I pinched him out of it. Lubb: "ouch!...yes, you're welcome.." He said while rubbing his arm. I went to dish up. Me: "Thulani, how would you like to tell the guys about your work?" ...he looked at me from a distance...he was upset...or scared maybe? Definitely. Him: "uhm..*clears throat*..." Bukiwe: "he's a project manager...." I brought the food to the

table...Thulani looked at his wife with a smile...probably thanking her for saving him. Lubabalo: "I'm a civil engineer..." I giggled....yeah right....he looked at me disapprovingly. Lubb: "iyanyubisa Lihle?" Me: "don't make me start on you...." He closed his mouth....then stood up... Lubb: "may we please close our eyes." I smiled....put him right back in his box...lemme push him a little further. Me: "and hold each other's hands..." And by coincidence he was next to Thulani and Lukhanyo...I was next to Bukiwe and TJ. Lubb: "Lord, we ask that you bless this food we are about to eat, bless the precious hands that prepared this meal and those who are disadvantaged, Lord keep us safe from all danger, we never know who might be disadvantaged next..... Thank you for your guidance... " Luks: "Yes!" Lubb: "in thou holy name." Luks: "Amen bhuti." They sat down excitedly....my heart ached...what are these imbeciles up to? Yirre! Aziva ez'ntweze....Lubabalo took out his phone...a few minutes later Lukhanyo's phone beeped. I got up right then and grabbed both phones. And walked back to my place then sat down... Me: "I dare you to get up and come fetch them.....va..." I started eating.... Lubb: "sooo....Thulani, a project manager?" Thulz: "yep..I'm in a partnership" Lubb: "yuuh....*with a silly face on*....I could never work with other people, decision taking takes longer...with my company, things move more productively..." Thulani: "I see. Well, I like my colleagues. Plus each person has their own division, so asiphazamisani..." ..point down lubb, tshotsho.... Me: "lukhanyo, please pour us some juice pumpkin?" He blushed..and got up to fetch juice. A phone rang, thulani answered: "yes....speaking...." ... Lubabalo stared at him intently....I threw a small carrot piece at him, and murmured "no!" He rolled his eyes and ate... Thulz: "can't we sort that out tomorrow, I'm having dinner with friends" Lubabalo choked... Thulz: "I'm not doing that....no because its not my damn department...." Lubabalo and Lukhanyo exchanged bitchy smiley faces.. Thulz: "my nigga, I don't give a fuck, contact the person who's in charge....cuz and'ngen ndawo mna...." He hung up.... Lubb: "I still prefer being the boss.." He whispered to himself....Thulani: " with all due respect nobody asked for your opinion..." Ooooooooooh...Lubabalo smiled...and shook his head. Lukhanyo came back and put the jug on the table with 5 glasses and a small cup for TJ. Lubb: "pumpkin khatsho und'bekela ishot wethu mna..." He stared at him, Luks: "yaz'shaya Thulani?" I was shocked... Bukiwe: "thulani doesn't drink..." What's wrong with this chick...thank God Thulani spoke up. Thulani: "I'm sure a glass won't hurt..." Lukhanyo smiled and went to fetch the bottle. He came back with Johnnie Walker Blue Label. He poured for the 3 of them....I didn't like it when Lukhanyo drank...but ke, he had guests, I must not embarrass him. Lukhanyo kept asking Thulani ridiculous questions, but shame he answered them as best he could, the shot made him loosen up. I cleared the

dishes and went to wash them...Bukiwe ehlel phants sana. But ke she's a guest...the guys got up and went to the lounge to watch tv...with their bottle, Lukhanyo had left....when I finished the dishes, he came back with two more bottles, tshin na bawo!... They watched soccer... Lubb: "ithathwa yi Platinum stars namhlanje!" Thulani: "haska! Hamba nayo straight Sundowns tshi!..." Platinum was leading by 2... Lubb: "let's bet on it..." He held out his hand...and smiled... Thulani shook his hand and smiled back.... Thulani: "name your price..." Lubb: "30k" Thulani: "make it 50..." Bukiwe: "hayi thulani!" Me: "shhhhh! Aw'ngen ndawo" Luks: "mna I'm with thulani on this one, sorry bro....ndifaka eyam i50..." Lubb: "oh its like that? Lihle, do you wanna be on my team?" Me: "most definitely not. You're a sore loser." Everybody laughed....including him...

Bukiwe went to sit in the lounge, Luthando started crying....Luhle was fast asleep....his father took him and sat him on his lap, watching the game... TJ sat next his dad...looking at the tv, bored as hell. Me: "junior, aren't you sleepy?" He stared at me.... Then got up, rubbing his eyes...I walked him to the bedroom and he lay on the bed, I took off his shoes. Then left him there. Me: "Buki, do you like soccer?" She: "nah...I'm just watching for le bet yaba...." ...don't lie, you wanted to come sit and watch Lukhanyo.....kanene their phones were still with me. I checked the one on top and saw Luhle...that had to be Lukhanyo's. I had to draw a pattern to unlock it. It was "L" well duh!...so predictable...his family is based on L. It opened straight to Lubabalo's text.. "This is him? Usentweni" Lukhanyo was about to reply: "see why mfgjkh" maybe that's when I took the phone. I looked through the second phone. Luckily it had no lock, but ndikhangela nto apha....the wallpaper was default. I put it back down. And it rang. "Liya" was on the caller i.d. Me: "yakhala phone yakho..." He got up and answered: "hm?" Caller: "so I'm betting useza nangok?" Him: "hee hayi Liya gayek unxanwa man....xandifikile nd'zok'xelela!.." Caller: "don't even bother Lubabalo!" She dropped the phone....he just looked at it and put it on the table...walking back to the lounge....Sundowns scored a goal, Luks and Thulz jumped up and chest bumped.....banxilile I'm sure....ebekwe phantsi kephof ngok uLuthando...yuuh I took my son sana before anyathelwe ngalamageza....I breastfed him to sleep...in the bedroom...he slept on the breast when I removed him he woke up. So I had to sing him a lullaby...I can't even sing, that was Lukhanyo's trait....so I sang him Lukhanyo's lost donkey song...his chubby little fists rubbed his eyes...he was slowly drifting...a cool breeze was behind me..like kukho umntu umileyo wavula umnyango.....the guys screamed again....another goal I guess...Luthando woke up again....oh gosh....I tried again...then the door closed. Literally. My heart did a back flip....so there was someone at the door! I put Luthando to sleep finally. My arms were

tired....I went to sit next to Lukhanyo...it was 2-2... Me: "if I were a certain somebody, I would so pull out of the bet right now...." Lukhanyo laughed... Thulani: "no going back... I'll even log on to my bank and get the transaction ready...." Lubabalo just smiled....he was defeated....

Almost 2 minutes before the end of the game... Sun downs scored another goal....Luks and Thulani had a Bro moment....Lubabalo sat there...then it was silent..... Lubb: "I guess I owe you two a hundred grand?" He smiled....oh Thank God for that....lukhanyo hugged him. Thulani held his hand.... Thulz: "kabe uy'gcina eyam...." He smiled.....Lubabalo smiled back....and they shook hands. Pheeeew!

Chapter 163

So we sat in the lounge with nothing to do....it wasn't that late..but makuhanjwe ngok...wonk'umntu abethe itralala yakhe...I want to sleep mna...and iyaxoka le, ay'fuman namhlanje...ufike nges'gezo. I held on his arm, laying on his shoulder....he held my hands in his.... He was drunk now...I took my phone and booked a ticket for Vuyo, tomorrow I'll have to go there...to pay. Bukiwe: "peto did you make up your mind ke?" I was so confused.... Me: "about what?" She: "the course you wanted to do...." The house went dead silent.....I felt Lukhanyo staring at me....Lubabalo's eyes were permanantly glued on the screen...I had to think quick! Everybody in the room knew except my boo....it totally slipped my mind!.. Me: "I was gonna discuss it with my husband first....then we could work something out" Lubabalo sneaked a peek in my direction then looked back at the tv.. Luks: "oh....and how come I only hear about this now?" Me: "remember I asked you if we could talk? Wathi "not now babe"... I imitated his voice, Lubabalo laughed at the poor voice copy...Lukhanyo shot him a look and he immediately put on his straight face... Lubb: "its really not that funny..." Luks: "cool."awkward silence.....Thulani broke the silence this time... Him: "uhm....maybe we should get going...." Lubb: "ngxameleph?" Me: "ndakwaz ke wena xa une friend entsha, you want them to move in..." Lukhanyo giggled next to me... Lubabalo looked at me plainly... Thulz: "I'm driving to Jeffrey's with the guys until friday...from tomorrow morning" Lubabalo smiled at him. Lukhanyo gave me the puppy dog look...NO. Me: ulibele ngomsebenzi Lukhanyo?" Luks: "but Tivo and ma got shit under control!" Me: "wenzwa nguba lomsebenz? Its to help who's life?" Luks: "fine, Lihle, be a party pooper." Lubb: "worse ke ba yi birthday yethu ngolwesine..." He pulled a sulking face.....ungahambi nje....I wanted to ask.... Thulani: "so nizothin?"

They all stared at me...I looked at the tv calmly... Lukhanyo sighed rather loudly...Lubabalo cleared his throat....I ignored all that shit.... Lubabalo: "ndak'cela wifey tu..." Lukhanyo: "please mfazi wam..." Me: "nicenga nton?" Luks: "we wanna go boo" ...I kept quiet. I don't need this... Bukiwe was awfully quiet... Lukhanyo's phone rang, private number? He ignored it... Me: "anizokwaz Lukhanyo..." Lubabalo: "please lihle." Thulani: "please wethu sisi..." They all turned into puppies all of a sudden... Khalwa ngoo Nyeez be kaka...sies man.... Me: "you will be back here by thursday evening. 22:00pm on the dot!" Luks: " yesss!" He hugged me tightly... Luks: "kudala ndisith ndakthandwa ke wena..." I didn't like this one bit...it meant we wouldn't spend his birthday together....but ke if he really wanted to naye, he would not be this excited to leave. Guess I'll just be fine....kamand Vuyo will be here with me... Me: "lukhanyo promise me." Him: "promise boo..."

I got up to go to the bedroom. I took out his bag and started packing his clothes, better do it now ndisene energy...Thulani and Bukiwe said their goodbyes....Thulani went to fetch Junior from the bedroom then walked out to the car all of them were outside. I took out Lukhanyo's 2 shorts. 2 Chino pants, 2 t shirts, 2 shirts. 2 pairs of socks, and 4 under-wears. He would pick out his own shoes. I took out his pajama, I knew he wasn't gonna wear it. I went into our bathroom to take his toiletry bag, I packed a toothbrush, toothpaste, a bar of soap, his shaving equipment, his lotion, roll on and cologne. I walked back into the bedroom trying to zip it up....when I looked up he was sitting on the bed...looking at me.... Me: "I don't know how many times, I have to tell a nigga to fuck off until its acceptable." Him: "life was much more fun when you couldn't tell the difference"he got up and walked past me, whispering: "what I'd do to kiss those lips again...." He walked out the door....I was left with my mouth open....whennn??? Whaaaaat!? What the fuckin hell!? I was dumb-struck...mxm yaxoka man le...s'ka....I was almost done with Lukhanyo's bag when he walked in.... Luks: "sthandwa sam..." He kissed my cheek. My mind was in the past....I tried reminiscing....there was a day they went to Lubb's house and came back wearing the same shit....I remember he walked in, I asked him something....he didn't say anything, he replied with a "hm"then he came to kiss me...holding me against the wall...with hunger....then he suddenly stopped...backed away and walked out...but that could not have been him....Lukhanyo came in a while later and mentioned: "we can finish what we started later".... I'm so confused... Lukhanyo: "are you okay lihle?" I snapped out of it ..Me: "yes" Him: "are you sure you want me to leave?" Me: "yes, what time are you leaving?" He looked excited again... Him: "in the afternoon..." Me: "you'll take out shoes ke, here's your bag..." Lukhanyo: "enkosi mfaz wam..." He kissed me again. I checked on the babies...Lubabalo was on his phone: "ndise ford" ... "Yathand uhamba

kanjan.." "Iza alok" "Yaphambana ukhaw'lelwe nguba?" Me: "when u done, please lock up" he nodded and carried on his conversation...lukhanyo was laying on the bed, I undressed and got into bed, I was so tired.... Me: "baby, cela und'massage tu?" He started rubbing my back and waist....he had magical hands....woow, how come I never asked him before, wozela kubekanye.....I drifted to sleep slowly.....

I woke up early the next morning and took a shower. I needed to get to the airport.....

After almost 2 hours...Lukhanyo woke up...he was hearing sounds and moans from the other bedroom....wasn't Lubabalo sleeping there? The sounds went on again....if I'm not mistaken I think I heard a "shhhhhhh" right after.... "Lee baby...." Lubabalo groaned....Lukhanyo woke up for real and looked next to him.....Lihle wasn't there...he looked around the bedroom.... Whatever was going on in the other room was quite intense.... Lubb: "sungxola maan...." He breathed... She moaned softer.....Lukhanyo was blazing with anger.....how the hell could they do this to me??? He was near tears....in my own fucking house.....then rage showered all over him.....he was beyond angry. He got up and took out his gun....loading the maximum amount of bullets.....nd'zoz'bulala zinye zombini ezi bonanje....he went to the guest room and opened it....they didn't even bother locking!!! They were under blankets....Lubabalo was on top, his mouth on her, cupping her face, she was really enjoying this.... "Luba-balo" she moaned.....He set his gun, and pointed it straight to his brother, right when Lubabalo looked back at him...

Chapter 164

Lubb: "what the fuck are you doing?" The girl looked at Lukhanyo in horror.... Lubb: "Lukhanyo ndiyathetha!" Luks: "I thought you....." He walked out in embarrassment....what's wrong with me....why can't I trust my brother? I mean if he wanted to fuck my wife, he would've done so. A long time ago...but he wasn't interested....I went into my bedroom and locked the door. I can't face him...ndizothi bendisenzan ...worse that girl looked nothing like Lihle, she was light-skinned and chubbier. Kanene bethe uzoyobona uLiya! Fuckkk! "Lee".....I needed to calm the fuck down....Lubabalo knocked: "lukhanyo vula lomnyango..." I kept still...lubb: "I will knock this door down!"after a while I heard the car pull up.....Lihle wam, I thought to myself. Whom has never cheated on me, but still can't trust....my heart was in pain. She came inside the house, her shoes making a noise. Probably wearing

those heels...my heart smiled. At least uzond'thethela... She: "hay man Lukhanyo usalele?" She asked Lubb.... She: "and put some clothes on please. Standing there looking like a motherfuckin telly tubby." He turned around and walked into the other room.....I giggled...yeke lihle...lol, yoh iyathukisa le yam shem..... She knocked..."Sugar foot...please open this door" Lubabalo: "he won't" She: "uyawenzen ngok?" Him: "nothing! This time I really didn't." I was sending a text to Lukhanyo. "Bought you some chicken, if you don't open andaz uzoy'fumana njan..." It was less than 30 seconds the door unlocked. I looked at Lubabalo and smiled. "There's a reason, I'm called The Wife" then walked in... Me: "babe wam what's wrong.." Him: "nothing.." He was sitting on the bed, his legs crossed...Lubabalo walked in and sat next to him. Lubb: "Lukhany-" Luks: "I'm sorry..lubabalo I wasn't thinking." Lubb: "look I would have done the same thing if I were you. But who can't go around shooting people for your wife! Ewe uyamthanda but its really unnecessary." Lukhanyo signaled to him to keep quiet. So ndiyafihlelwa ngok? Me: "what's going on..?" Lubabalo looked at his brother... Lubb: "nothing lihle. Just guy stuff." He lay on the bed next to lukhanyo... Okay. Let me leave them to it. I went to the kitchen to make them breakfast while texting Vuyo her flight details.....

When I was done they were still in bed, talking. I couldn't even understand about what. Me: "nivasa nini? Thulani will be here any minute, wena Lubabalo you haven't even packed!" Lubb: "lihle please stop fussing..." Me: "I'm fussing now? I'm fussing? Fine then.....I've stopped fussing" I walked out the door then returned, "don't forget to eat...your breakfast is on the kitchen counter" lubb: "Still fussing..." He sang....mxm..... I made the babies porridge. Luthando needed to be changed. Quickly. Me: "Lukhanyo!" Him: "babe?" Me: "please change Lutha quick..." Him: "did he make a stinky?" Me: "nope..." I had to lie...I didn't have a choice...lol...he's leaving me alone with them mos. He went to fetch his son to change him. I heard him and Lubabalo scream.... "Yesesss kwedin!!" Kwaaaaaaaaaaaa, I was in tears of laughter...oh gosh! I wish I could see the looks on their faces.... Lubb: "its like something died ou'chea...yuuuuuuuuuh, hayi uyay'susa indaba Luthando rhaaaa.." Luks: "lihle!!!" Me: "I'm busy hun...what's wrong?" Luks: "babes kaw'leza! Luthando messed on your Cavalli sheets!!" He yelled in horror... I dropped everything and ran to the bedroom. Luthando was laying on a towel with his diaper still on.....they all looked at me and laughed....good one Lukhanyo.... Luks: "hayi baby, we swopping roles, I'll do whatever you were doing, you change him. Yho, hayi angeke...." Lol...mxm....they both ran out the room as I changed my son, who was giggling happily. As soon as I was done, I opened the windows. I let him wear a nappy and held him to the kitchen with the dirty diaper in my other hand. Lukhanyo and Lubabalo had pegs on their

noses.....esheeeee! They even backed away... Me: "nisile ke nina..." I threw it outside in the bin. Lukhanyo took the toilet spray and sprinkled the whole house... I ignored him.. Luthando made a funny face, ndasele ndimnika....wenz'uskeya umtana apha.....

Lukhanyo took a shower and got dressed, Lubabalo went home, he had called Sylvia to tell her what to pack for him. Some girl left with him..noba ngulo Liya? Hayi I kept quiet cuz nathi we do things at his house. Lukhanyo ate his breakfast quickly. He was too excited.....Vuyo was arriving after 19:00 meaning I'll have to be at the airport at 18:45...to fetch her. Thulani arrived.....mna shem I thought Lukhanyo only liked Thulani when he was drunk, but clearly he was his fan when he was sober too. They greeted and took the bags to the car. Immediately they left, Me: "I love you ne...? Uz'phathe kakhle" Him: "okay mntu wam...I love you too" ...they went to fetch Lubabalo... And got on their way.....

When they got to Jeffreys, a group of 6 girls appeared. Thulani introduced them, "These are my bunnies. Babies, these are my friends. Lukhanyo and Lubabalo. " The girls held their hands....and led them to their hotels. Thulani had a huge grin on his face....

Chapter 165

They stayed in their rooms for a while... Thulani: "our first activity is horse back riding.....our boat cruise will be at 18:00 this evening...then later on we catching the guys for some drinks yeah?" Lubb: "a boat cruise?" Luks: "horse back riding? You expect me to ride a horse...?" The one girl whose name was Candy said: "its actually quite fun.....it builds your sexual stamina...." She winked at him.... The girls laughed.... Luks: "I.....will have to pass..." He dialed his phone to tell his wife that he had arrived safely... Lihle: "kunin ndik'fownela Lukhanyo?" Him: "bicimile babe le phone.....we arrived safely boo..." She: "have you eaten?" Him: "no....the guys wanna go horse back riding then later on we got a cruise..." She: "you don't wanna go horseback riding?" Him: "no..." Lihle: "okay baby, then don't...why not go to the Monkey park? I'm sure you'll blend in well..." Him: "yaz'bona ke uyand'qala?" She laughed on the other side.....God, I missed her laugh, her smile...her everything...it'll be just 2 harmless days though.... Him: "I love you baby wam...." She: "I love you too monkey...." Him: "hehe..ndizok'fumana bonanje...mwwaaah!" She: "don't forget to eat!" ..They hung up... Lubb: "let's go...." They got up to leave for the horses.....

Lukhanyo sat at the stables and brushed one horse. He was a bit upset....not really sure why.. Candy: "you okay?" Him: "fine." He looked at the horse, him: "are you okay.." She: "yeah I'm great actua-" him: "I wasn't talking to you....." Ouch....she walked away...when they were done they changed into board shorts for the cruise. Lukhanyo and Thulani wore black board shorts, Lubabalo's was navy...the girls were in bikini's... Lubb: "zange ndak'bona ugyma kodwa Lukhanyo uliva kangaka!" Luks: "and'lay'shi oko alok mna..." Thulz: "aii, ndaz'ncama mna...I'm too busy." They walked to the harbour to board their boat, Thulani took out their tickets and they climbed on, with the 6 girls...who were chatting loudly. Thulani brought out 2 bottles of Hennessy... Thulz: "this is just warming us up for the night..." The boat started on it journey and the guys drank.....

On the boat, they played a game of strip poker. Mxm.....aziweak ezinto....lukhanyo thought to himself....he had left his phone in the hotel by mistake...but at least I explained to Lihle about the boat cruise, so she'll understand.....will she? Fuck it, ima start stressing soon.... Candy: "Luks, its your turn," Luks: "for what?" Candy: "show us your cards..." Luks: "why?.....oh wait"he had won actually....the girl took off her bra....Lubabalo looked at Lukhanyo...he could tell he was uncomfortable....he pulled him to the side..... Lubb: "you okay?" Luks: "yeah....why" Lubb: "you seem distracted...." Luks: "haiwethu, its nothing....."lubabalo stared at him with a warning look... Lubb: "you better not try anything lukhanyo. I'm watching you....." He walked off...Lukhanyo followed back to the group and played the game...it was quite dark when they came back to the hotel...they all took showers. Lukhanyo sat on the bed with his pajamas on...he took a pic for Lihle , he sent it with the caption: "being a good boy:)" her reply: "good...hope you've eaten ke....and try not pushing people around apho ne....nyt sthandwa sam...." Lol...Lubba was right..she fusses too much....just then he entered the room.... Lub: "hayy hay hay! Nto ngok wangath you at an old age home? Kanxibe fondin sihambe..." Luks: "but I don't feel like it-" Lubb: "Get Up!" Lukhanyo got up, Lubabalo took out his clothes for him...he gave him his jeans and a tight black t shirt. He wore his military boot. Lubabalo wore almost the same, but his t shirt was white...they walked out to Thulani...he wore suede navy shoes...semi tight denim pants, rolled at the ankle, he wore a navy t shirt. They left for the bar to meet Thulani's friends... When they got there, it was 4 guys waiting...Lubabalo rolled his eyes.... The one got up: "so these are the famous Dope-Boys?" Lubabalo looked at Lukhanyo with a smile on his face, his eyebrows arched up...Lukhanyo shook his head slowly.... "Later"he mouth silently....

Chapter 166

Lihle woke up the next morning to wake Vuyo up, when she went to fetch her from the airport last night she was in a bad state. And today Lihle had to go to the hospital to her mom, before 10am. That is if, she'll want to see me. She tried calling Lukhanyo.....voice mail. He probably was still asleep...I missed that noise maker of mine...I woke Vuyo up...she just nodded and turned the other way. Okay...lemme somer give her space...I brushed my teeth and made breakfast..you know when you get that sudden flashback..I imagined Lubabalo's friends walking in here again....my heart raced....surely they wouldn't?...I took my phone and dialed for him. His phone was off too. Andadikwa!...I left them both very long voice messages about the importance of having a damn phone! Just as I was about to finish, a car pulled up..it was a white Chevrolet Cruze..I thought that car was really cute and before I dated /got married to Lukhanyo I had imagined it being my first car when I start working...but now, lomntu ufuna ndibene Benz, not even a BMW is acceptable. Oh well...

The big man entered, thank God it was Tivo. I had on my long gown and socks. My hair was still a mess...I can't be that attractive. Him: "molo, makoti.." ..I thought we were over that part? Mxm...I missed Ta Smig.....my real nigga... Me: "Molo Bhuti, ninjan?" Him: "call me Tivo, I'm fine thanks. Ukhona uLukhanyo?" Me: "uhm...not exactly no....he's in Jeffreys Bay." Him: "ubuya nin?" Me: "ngomso late..." Him: "hehake! Akakwaz uveske anyamalale! There's work that needs to be done!" He dialed for Lukhanyo.....whom's phone was still on voicemail...Tivo was not impressed.. Me: "is there anything I can help with?" Him: "yes baby girl, zuye pha endlin uncedise umama and the other ladies va. They're expecting you today. Wear a long skirt, cover your shoulders and chest, and wear something on your head.....no not a snap back cap..." I giggled....why would I want to do that?.... Me: "can I dish you up some breakfast? I made pancakes and flap jacks. There's syrup... There's also egg, bacon and mushrooms..and toast. What would you like?" Him: "I don't know how pancakes and flap jakes taste....nditya amangqina alok mna andingomlungu..." Me: "haha....its flap jacks....come sit down and taste..." I took out a plate and dished up two pancakes and flap jacks. I poured maple syrup on them... He took the first mouthful and stared at me...with a smile. Him: "they're lovely." Me: "thank you..." Him: "tshi akhomntu mos, dish me up some more..." Me: "hahaa ha.a, I'm taking these to Ta Smig today..I'm going to pay him a visit." Him: "yuuh hayi kodwa..." He sulked, then smiled.....abakwa Mzinyathi bayafana kodwa....except the looks. But all the characteristics are there. They're all warm and caring....just don't piss them off...I wish Bra Zakes was still around(luks' dad)..I would have loved to see how HE

was...cuz mna I think he was ten times worse than all of them combined....was he more Lukhanyo or more Lubabalo? Lukhanyo had no mercy, he just did what has to be done....Lubb seems to be too relaxed.....ey and'yaz....maybe he was as exciting as Lukhanyo...that's why he misses him.....wait.....does he? ... He got up to leave. Him: "okay ke sisi...I'll see you later on...tell Lukhanyo to call me..." He walked out...I cleared the dishes, locked the doors then went to take a shower.....

The babies woke up, I fed them, Luthando wanted his breast yena....F that!...I gave up and gave it to him....maybe I'm too soft on him....what if he turns gay?

Haisuka...Lukhanyo would slap him out of it. Looking at my babies, I couldn't believe they were almost 3 months...my tummy had butterflies everytime I looked at them...especially Luthando, oh my goodness this guy has stolen my heart and ran away with it...he is so like his dad....my princess is such a drama queen...also like her father....okay so bend'cela uLwethu abe like Me? I don't need to be left out tshi....kuzothiwa ngabantwana baka Luks aba...not ours. I drew out the nipple from his mouth... Me: "uzoba yimbombosi wena..." I held him on his feet on my lap...he smiled then burped...good thing I wasn't dressed yet, I took Luhle and fed her too...she was a bit too quiet for my liking....was she sulking? For what? I tried tickling, smiling...nothing worked she just looked away sadly....I wonder.....I checked her for flu symptoms, she wasn't heating up. She was just fine. When I was done, the time was already 08:45, I was gonna be late....I still had to bath them, I still had to go to Lubb's house to drop them off ku Sylvia. I hated sending my kids unbathed to other places. That was never an option....I bathed them and dressed them....Luhle was so restless....she failed to co operate...oh Lord, please put her to sleep instead....just let her take a nap...I disposed their water then packed their bags....I packed their porridge and milk too...I loaded the bags in the car then took the kids, I left Vuyo a note and took some of the breakfast to Ta Smig in a Tupperware....I left for Lubabalo's house to drop the kids off.....

I got to the hospital and thought it best to start ku Ta Smig then quickly move back to mom then before I left ndibuyeke ku Ta Smig. This aim was to get there before he ate, because I brought him breakfast, my mother prefers her porridge ke yena. Akakho big on fancy things...she doesn't even like pancakes.....I entered his room... Him: "Yessss!" He squealed excitedly...."my prayers been answered!" Me: "what did you pray about?" Him: "Good food brought by a beautiful face" Me: "haha! Yuh, hay wethu Ta" I blushed.....another Mzinyathi trait, being charmers! Him: "what did you bring me?" Me: "check for yourself..." I handed him the container, he started eating immediately.... Mumbling: "usisthandwa..." We spoke about a few things... Him: "umsebenz uThis saturday ne?" Me: "yes..." Him: "okay, ndaphuma apha friday...." Me:

"that'll be great... Bekunini ngoko!" Him: "hayi nyan mtanam..." Me: "ndizophinda ndibuye Ta smig, ndisayo bona umama" he nodded in his food and I smiled, walking out to my mother's ward.....she was packing.... Me: "molo mama.." She: "molo lithembelihle.." Okay she was still mad...can't blame her though... Me: "uzohlala nathi until you're prop-" Mom: "ndinendlu yam. I'll be at my house...." Me: "mama ndicela uxolo....he's really trying to change his life" Mom: "ibiyilife ay'khathalele nganton lena lihle? To put your children and wife in harm's way? Bek'then zangayeki when you two got married!?" Me: "mama, it was the only way he could support us....he tried his best...." Mom: "lithembelihle, go back home to your husband. When I am ready to talk to you. I will call you. Ndisaphuma esbhedlele I don't want another stroke, please mtanam...." I walked out into the passage, my heart ached...a nurse came to me with a clipboard... "Please sign here..." Me: "for?".. Nurse: "a Mr Morrison booked a private nurse to take care of your mother at home. So I need you to sign here, do you know a Mr Morrison?" Me: "yes, that's my husband's brother" I read the script on the paper....it was no funny business shame, just the conditions of which the nurse covers...I signed and walked to Ta Smig....on the way my mind started reeling.....

How did Lubabalo know my mother was to be discharged?

Chapter 167

Lukhanyo woke up, dazed...his vision was the ultimate blur. He literally couldn't see jack shit.....someone knocked on his door....he still had his clothes on...he fell out of bed and crawled to the door. He felt with his hand and found the handle, he opened it and balanced himself up...someone entered and held him... "Dude, are you okay?"...the voice was an echo, like it came from faaaar away... Lukhanyo turned his head to look at him....he still couldn't see. He was led to bed and laid down... "Fondin!"...the voice said again..... "Lihle is soooo gonna kill you!" ...Lukhanyo's brain couldn't register lihle, he was too out of it.... He slurred: "yihlllee?" " Ewe your wife! Can you even see?!" Lukhanyo shook his head verry slowly.... "Its me....lubabalo maan! I'll bring you something to eat and drink uzoba ryt...andaz ingathi uyi zombi nje..." He got up and walked out....a century later he came back, Lubabalo broke the sandwich into small pieces and fed Lukhanyo with a glass of orange juice, after that he broke 2 pills into 4 pieces and gave it to Lukhanyo to drink.... Lubb: "give it an hour max....you'll be good in no time....come lemme lay with you....bekela" Lukhanyo rolled over to the other side and fell asleep instantly on his stomach..... Lubb: "ngathi its the weed you smoked that made you like this and I know khona enye into emixiweyo pha....you'll be ok little bro...."

Meanwhile in P.E.....

Vuyo woke up and ate....she took a shower then got dressed, Lihle had left a note about going to hospital then her in-laws.....that'll give me enough time to think...she made herself a few more sandwiches and hot cocoa...she sat in front of the tv and ate...she was watching the movie We're the Millers...it was a funny movie...but she was in no mood to laugh. She just kept still.....all of a sudden she didn't want to be alone...she dialed for Lihle... Lihle: "yes babe?" She: "can I come and help too? Ndinesthukthez apha..." Lihle: "okay, lemme call you back just now..."after 5 minutes she texted... Lihle: "Peto, uStuja will come fetch you, he's in that area....he said he'll be there in 10 minutes, so iba ready"vuyo wore her maxi skirt with a vest and cardigan. She put on a head scarf and wore pumps...it wasn't even 5 minutes a car hooted out front, she puffed her perfume then grabbed her bag....before she locked up, a guy showed up.... "I'm Stuja..." Holding out his hand.... "Vuyo" she shook it... Him: "let me help you..." He held her bag for her and took the house keys to lock....then when they got to the car, he opened the passenger seat and smiled at her. She climbed in, gave her, her bag and he closed the door behind her...he was such a gentleman. He started the car and they drove out of KwaFord, his BMW 1 series notified him of the seat belt, he parked at a bus stop and helped her put it on, then he buckled himself...they got on their way in silence.....

When they got to KwaDwesi, Lihle was standing by the gate wearing an apron and had a dish cloth in one hand... Vuyo: "yuuh peto awusemhle man...Lukhanyo would be happy to see you ol'hlobo you look like the real wife...." Lihle: "oh kayeke man Vuyo..." We walked into the kitchen where the other women were chopping others cooking. I introduced Vuyo to Lukhanyo's mother... Me: "mama, yitshom yam lena uVuyo..she's from East London but she's staying with us for a while...." Mama: "oh, phi eMonti girl?" Vuyo: "ndingowase Mdantsane mna mama, qha ndihlala eSouthernwood for now...." Mama: "ohh hayi phof and'zaz neza ndawo, I have a friend in Gonubie." They chatted for a while, Sam came in too...I sat with her and she was telling me about her boyfriend...I was surprised she had one.....I thought she was.....you know.....Vuyo was with the older women..seemed to be having fun....I wonder why Lukhanyo hasn't called or sent a message.....

Lubabalo woke Lukhanyo up 2 hours later... Lubb: "vuka fondin utye..." Lukhanyo woke up...his eyes were better, he was starving!... Luks: "what the hell happened?" Lubabalo laughed... Lubb: "you happen to be one of the best entertainers in that bar last night....but Lihle is still gonna kill you....you should hear the voice messages she sent... Plus, the shit Thulani tagged you in....I've been looking for him, I can't even find him."lukhanyo searched for his found, he found it in the fridge! What the hell was it doing there?....the battery had died. He charged it....but it wasn't switching

on...Lubabalo gave him his phone.....he logged on to his account... 7 notifications...
The first was: "Thulani Tagged you in 3 photos"
.....shiiit!

Chapter 168

Lukhanyo viewed the pictures one by one....wincing at the thought that Lihle might see them. The first one was of him standing on a table holding a bottle of Hennessy. It wasn't that bad....the second one was him and Lubabalo sitting in the VIP lounge.....he breathed silently.. The third picture, was only himself. It wasn't that bad at least....pheeew! Luks: "why did you say Lihle is gonna kill me?" Lubb: "fethu yamaz mfaz wakho. You have to call her." Luks: "I can't..." He sulked....he was actually scared....Lihle ndamaz uzothukisa man...I don't need that... Lubb: "why?" Luks: "I'm hungry...you know how she is...." Lubabalo pulled him up and they walked to a restaurant down the street. They sat down and ordered. Luks: "this is one of the reasons I miss my wife, ngendingena babalaza ngok....she knows how to cure it with those nasty tasting fruit shakes she does....." Lubb: "I'm happy that my help is not needed..." Lukhanyo held his arm... "Thanks bhuti...I don't know what I'd do without you...." Lubb: "you could've died...." Luks: "I know....I owe you...." Lubb: "you don't owe me shit....just hlala the way you are...I'm glad you didn't do things that you would've regretted right now..." Luks: "yaa.....I wish I could remember..." Lubb: "heehe! You were singing and dancing joe....on tables, almost hit a guy because he looked at you.....usile Lukhanyo man..." He was laughing.... Luks: "how come you're not drunk?" Lubb: "one of us has to be sober....to keep an eye out...for enemies...." He smiled at his brother.....

Lihle and Vuyo made dinner and after everyone ate, they washed the dishes....every second person, Lukhanyo's ma kept informing "nanku mfazi ka lukhanyo ke." It made me warm inside to be known as his wife....clearly he was respected, the way they were smiling and talking to me... It was getting late and we had to go. I said my goodbyes. Ma: "ok mtanam, nyan kuba mnyama ngok...nihambe kakhle ke...." She hugged me... Tivo appeared... "Ziphi pancakes and flap jakes zam?" I laughed out loud... Me: "Ta its flap JACKS..." Tivo: "whatever.....uhambe kakhle ke ne...." I walked to the car, Vuyo was standing there chatting to Stuja....I didn't disturb, I just got into my car and kept quiet...eventually she came in.... Stuja came to me... Him: "if you in trouble or need help, just call me." I nodded....and drove off.....

When Lihle and Vuyo got home, they locked up the house and changed into their pajamas. It was late to go fetch the babies. So rather they sleep with Sylvia, I called her... "Sisi, siyangena ngok endlin" She: "its fine girl, xa une chance ngomso, uze....kusebusuku for uzula nabantwana ngok.." Me: "okay sisi, und'phuzel torho kwezozdlele zithukuthuku...." She laughed.... She: "okay nontombi" we hung up..... Vuyo and I sat in me and Lukhanyo's bedroom, we had marshmallows and hot cocoa, chatting..... Me: "peto, your face is a bit chubby...kuthen, uyatyeba?" She kept quiet...and stared at her beverage.... Me: "babe? Talk to me..." She: "I'm 3 months pregnant....." I almost got a heart attack. Literally my breathing just stopped and I choked...noooooo! This can't happen!

Lubabalo and Lukhanyo found Thulani in his hotel room. He was in the exact state as Lukhanyo was. Lubabalo tried to shake him awake...he just mumbled and woozed out again... Lubb: "a person never takes their own drug...." Luks: "so that means, he doesn't know anything naye?" Lubb: "clearly.....search for his phone...." They looked around the room, fridges cupboard, everywhere! They couldn't find it. His pockets were empty.....they needed answers. Lukhanyo: "what woke me up? What pill was that?" Lubb: "it was a paracetamol....it helps to ease down the brain's over activity... But it puts you to sleep first..." Luks: "mnike alok!" Lubabalo took out of his pocket the medicine. It had a doctor's signature... Lubb: "we'll need some food for him qala...you can't drink pills on an empty stomach." Lukhanyo searched for food, then left, he came back with a loaf of bread... Lubabalo giggled... Lubb: "a loaf of bread? Really?" Luks: "it was all I could find....." He broke the pieces and tried feeding Thulani...he drank water, then they fed him the pills....after a while he fell asleep. Lubb: "go to the bar we were in. Look for the manager, ask for the CCTV footage....ithi ubelwe iphone ne wallet yakho, they won't let you access it unless you have a story....while they think you're looking for your stuff, search for what exactly happened, someone might've spiked your drinks, look where the drinks come from and who has them..." Luks: "but I don't know the bar....." Lubb: "fethu I'll direct you, iza..." They walked out the passage... Lubb: "its either I go with you or stay until Thulani wakes up...." Luks: "ha.a, iza masambe, sobuya ngaye....." They walked down to the bar to look for the manager.. Lubb: "excuse me, we're looking for the manager..." The waiter went to the back to call him....it was a short chubby arrogant guy.....mxm.....nobody can out-do me in arrogance...thought Lubabalo. "Sir, my brother lost his phone and wallet here last night, may we please see the footage to find the suspect..." Manager: "I'm afraid I can't do that. Its policy." Lubabalo: "so technically your policy is to draw people to your club and have them mugged of their possessions? Do the authorities even know you sell drugs here? Because my brother's drink was spiked....imagine if

he'd died? But its fine.....carry on.....Lukhanyo, let's go to the police station bhut, we not getting help here...." Lubabalo turned around to leave.... Manager: "wait! Uhm.....I guess I could work something out.....come this way...." Lubabalo smiled at himself....

Chapter 169

"Are you keeping it?" Vuyo: "no." Me: "what do you mean no?" Vuyo: "ndizomthini umtana mna? I don't even have a job." Me: "surely you can't just kill him/her....its an innocent child...Vuyo you can't be that heartless!" She: "I have my whole life ahead of me....Sibo won't even give a damn either way. So ndenzela mna ngok...." I hated abortion...forgive me for being brutally honest, but for me I feel if you sleep with a guy without protection what's suppose to come out? A car? I made the same mistake all those months back, but my mistake turned to be a beautiful thing...because I'm married to the father of my babies now. But still, it was a stupid mistake. I never even thought of abortion because ndaz'celela umitha.....if I were raped then the situation was to be put on a different pedestal... Me: "I don't like this, I'm not going to lie, I'm not going to support it. But if you feel its best for you then, by all means.....its your choice, not mine." She: "so asking you ba mawund'kaphe is not an option?" Me: "tuu peto yam, I would drop you off and pick you up. That's it. Sitting there to hold your hand is a total no." She seemed disappointed..but ke ndithin? Yoh hayi and'noze ndikwaz..... This topic was depressing me.....

Me: "so stuja?" Her face just lit up....wow okay... She: "peto he is such a gentleman. Yuuuuh! He holds my bags for me, he opens the doors, just about everything...ingathi ndiyi princess" her eyes sparkled...lol...I shook my head smiling...Stuja looks really scary to be doing these things. She: "peto, akasoze and'fune when he finds out ndimithi yi ex yam..." Awww seyi ex uSibo? My heart was doing a victory lap.....but shem unyansile about Stuja, he might not be that psyched. I don't even know him that well. And no, I'm not matchmaking this time. The only reason I did it for uLubabalo was to get him off my back. Apha and'ngen ndawo... Me: "peto yam nam and'fun uk'xokisela, I don't know him that well. Matter of fact we only met once before." When I thought about it.....it was the time I shot a person dead....he was shocked over! "Lihle udutyulwe nguban lomntu"....I remember him ask....for a gangster he looked.....how do I put this.....like he'd never seen it before, you know?...She: "how was he?" Me: "he was okay..." My phone beeped...it was Bukiwe...I

ignored it...I don't need thou fakeness tonight please. It rang. I still ignored it. Bitch, let it go, I'm sleeping! unjan na lomntu...another message beeped. Mxm, I took the phone....it was Lukhanyo. "Baby waammii! Khumbula yaz. I love you my nton nton yam va...just one more day till I'm there to bother you again every 5 seconds.....oh and another thing. Get my thing ready...yes? Mwwwwaaa!" I giggled like a teenager having a first boyfriend...all excited and shit..... But uvelaphi?! Me: "where have you been? Left you billions of voice messages, your phone been off! Tivo told me to tell you to call him! Love you 2" his reply: "lubb put my phone in the fridge 😞:(" lol...good one lubb..... Me: "I hope you put his in the oven..." Him: "yaz unyansile...yabona ke wena..." Ow bethuna my big boys, yoh noba azi stout k'lo ndaw zikuyo. Me: "goodnight booboo" him: "lubb say hi. Nyt pookie wam"vuyo was laying on the bed.... Me: "yozela?" She: "mh.." I let her sleep.....

Lubabalo and Lukhanyo watched the video. At some point lubabalo whispered to luks, then got up and left.....so it was the girls and 4 guys with Thulz and Luks left...one of the guys(Bulelani) spoke to Candy briefly...she got up and went to the bar....she came back with 3 drinks. She handed one to Luks and another to Thulani.....Lukhanyo's memory came back...they paused, Him: "I remember she said we were celebrating new friendship." Lubabalo continued the tape... Lukhanyo and Thulani drank the drinks and high-fived each other, a few minutes later Lubabalo appeared. Lubb: "came from the bathroom" ...he sat down with a questioned look, Candy gave him the last drink...he shook his head... Luks: "why did you say no?" Lubb: "I can't drink excessively lukhanyo, kunin ndisela kodwa ndiphuma esbhedlele? I still have those ridiculous headaches that I have to drink medication for. And nangelaxesha bend'phethwe yiyo...and I told you one of us has to be sober" He looked really out of place...until the weed came, Lukhanyo took it, lubabalo had tried to stop him and Lukhanyo threw a fit. He pushed lubabalo away and a fight started....the other guys held him back, Lubb simply got up and left.....Lukhanyo's face turned gray as he slowly looked at his brother....why didn't he say anything? Lukhanyo's heart broke into pieces.... Luks: "why didn't you tell me ndik'bhethile?" Lubb: "you were drunk Lukhanyo...." Was all he said without even looking back at him... The tape continued, they started playing a game...it looked like spin-the-bottle..one girl kissed another, then another 2 guys...until the bottle pointing to Lukhanyo and Candy... Lukhanyo: "noo please noo"they kissed. Luks: "FUUUCK!!!!!" He shouted....the game carried on....after a few minutes....lubabalo appeared again....he held Lukhanyo with his t shirt and dragged him out of the bar... Lubabalo was crazy eye angry.... Lubb: "you kissed Candy? Lukhanyo uyaphambana????!!!!" He roared....

Chapter 170

He slapped Lukhanyo across the face. He grabbed him with his t shirt and dragged him outside. Lubb: "WHAT THE FUCK!!!!!!?" Luks: "I didn't know what I was doing!" Lubb: "you better fucking PRAY lihle doesn't see that shit! We are LEAVING now!" He turned around and walked to the hotel...Lukhanyo followed, rubbing his face...it stung...yoooh, ayiseb'hlungu mpama yale way!....rhaaaa...ngathi bibekwe mlilweni.... He walked faster to catch up with him. Lubabalo started at Thulani's hotel room, he was sitting on the bed...he looked really pissed... Thulani: "what the hell happened!?" Lubabalo: "we should be asking you that!" Thulani looked confused "Like I'd drink myself to the grave?!" Lubb: "you said those were your friends!" Thulani: "jongapha! Khanyiso, Oyisa and Siya are my friends, laBulelelani ndimazi ngezi..." Lubabalo: "we need to find them ALL." Thulani gave them the room numbers.... "I need to eat....I'm fucked up hungry..." They walked out to buy food....Thulani ate and they went to look for the other guys.....

It was almost 22:30pm, Thulani banged on Khanyiso's door.... He opened: "kudala waba krwada ke Thulani kodwa this draws the line. What the fuck do you want?!" Lubabalo pushed Thulani away and grabbed Khanyiso by his chest, he held him against the wall. Lubb: "this aint no social gathering, what the fuck went on last night?" Khanyiso struggled to breath.. "How the hell do you expect me talk when you're suffocating me..." Lukhanyo was too scared to even touch him.....Lubabalo let go... Lubb: "you have 3 minutes. Or else you're on your highway to heaven.....don't try me..." Khanyiso: "okay okay okay!!!!.... Bulelani thought it would be a joke to prank Thulani because of what he did on our last vacation... Then he showed up with you guys, he made the drink for all 3 of you. Wathi singathethi its just a prank...so sathula nathi...we didn't think it would be a bad thing considering Thulani is always RUDE to us...it was just a joke....." Lubabalo: "so you thought it was funny?" His voice dark and husky... Khanyiso: "No....no I didn't think it was funny at all. You took Lukhanyo to bed and me and Siya took Thulani... Oyisa told Bulelani not to go ahead with the plan...." Lubabalo: "uphi lo Bulelani?" Khanyiso: "I haven't seen him the whole morning....and his room is empty...." Lubabalo stared at Khanyiso, his face cold...his jaw tightened... Khanyiso: "he took phone yaka Thulani saying he will post his pictures on facebook, when he got drunk I stole his phone and took eyaka Thulani as well...nazi...." He walked to the safe and gave them the phones...Thulani's was off. Lubabalo looked through Bulelani's phone. There were pictures.....bad pictures...mostly of Thulani....then he saw Lukhanyo's....he formatted the whole memory card. He disconnected the phone ripping it apart in anger.... Then put it in a plastic bag... Lubb: "when you see him. Please give him my message. Tell him, I will

look for him, and I WILL find him and God, so help me when I do. Nobody fucks with my family and gets away with it, understood?" Khanyiso nodded quickly, scared.... Thulani: "when are you going home?" Khanyiso: "I'll finish this work report and drive down afterwards..." Thulani, Lukhanyo and Lubabalo walked out to Lukhanyo's room. Lubabalo packed his brothers things. While he was on the phone. "Steve, I'm in Jeffreys Bay, will you contact someone to organize a Helipad....I need you to bring the helicopter. ASAP!" He hung up..... Thulani whispered to Lukhanyo: "your brother doesn't take shit does he..." Lukhanyo: "you do not want to fuck with him...." Lubabalo: "I can hear you....." They both jumped up, alarmed.... "Nobay 2 nizolala apha. I will come fetch you in the morning. Be ready by 6am." He walked out.....

Lubabalo thinks to himself.....

This boy is fucking up big time. A part of me should be glad, this is the time I could be going to Lihle...I love her...mmh...and the way she smells....but I can't do it. I love Lukhanyo, I want him to get his life in order, he can't do this shit forever. He has kids...and a beautiful wife whom I do not know why is still with him. She's a true woman.....I have to respect that....I can't be around anymore, I have to leave.....right after umsebenzi....they need each other, I can't be the one to mess it all up. Ever since kwafika mna.... Lubabalo took out his phone and dialed his PA's number. Him: "Linda, listen to me carefully. I am going away for a while. I want you to take Lukhanyo and teach him the ropes. As quickly as you can....the others can't know. I'm leaving the company, the house and half the money to him. I won't explain this to him. Your first task is to tell him....when I'm gone...." Linda: "but-" Lubb: "NO Linda. Just do as I say!" Linda: "what are you gonna do?" Lubb: "I'm shifting the other 3,5 million to another account. He can have the rest. I'll be fine for a while. Bye Linda." And he hung up..... That's the first step. The second is to visit the bank tomorrow as soon as we arrive in P.E.....

The next morning, Thulani and Lukhanyo woke up, they took quick showers and got dressed. Lubabalo walked in... "Ready?" Luks: "yeah..." They walked to reception to check-out. Receptionist: "gentleman your duration is up until friday, we won't refund you if you leave now." Lubb: "we aren't here for a refund. This is just courtesy to tell you that we're leaving. Other than that, we could've just left." The lady typed and printed out a paper. Lubabalo signed it and they left the building, took a cab to the place where a helicopter was waiting for them. It was written "The Morrison Empire" ...they got in. Lubabalo buckled them. He tightened the straps so that they do touch anything. He gave them each a set of cans(headphones)....he sat down and did the same with himself. Steve was the pilot. He spoke through the radio system: "tower, 3

oceans, JSB, this is Steve Groger, cleared for take off. please confirm, over." "Steve Groger you are clear, JSB to call, proceed one two thousand, over." The helicopter took off....on their way to Port Elizabeth.....it wasn't that long of a journey....Thulani looked down on Jeffreys Bay as it quickly disappeared under them. Lihle woke up and went to the bathroom, she brushed her teeth and washed her face. She went to her phone to call Lukhanyo. It was off. She tried Lubabalo it was off! Arrrgh! These two better have a good fucking explanation! I started on breakfast I was in a darn bad mood! I don't know why all of a sudden..... Nxx! I have to go fetch my babies. I have to go to KwaDwesi....will I be able to go with them pha phof? The family is really keen on seeing them, especially mama pha. Vuyo's situation also got me tripping. I don't know why she can't love Lubabalo, the poor guy is literally head over heels ngaye! How many times does a rich person fall inlove with an ordinary person....uhm.....almost never, not in this place we live in anyway! Good God, light up the building please, because I'm too angry I might just burn it!.....

The boys landed in PE, 2 cars were hired and already waiting for them. Lubabalo: "Lukhanyo you're going to my house, you will wait for me there, Thulani you're going home, we'll call you later." He held his hand, and they bumped shoulders. Lubb: "I'm going to the bank right now, I'll be back in a few hours. Wait for me at home. You don't contact no one." Lubabalo got into the first car, Lukhanyo and Thulani in the second. The car started at Lubabalo's house... Luks: "we'll talk later fethu..." Thulani: "sho awt'yam" they shook hands... Lukhanyo got off with his bag and walked inside the house. Two people were sitting on the couch drinking coffee. The woman got up with her hands up rushing Lukhanyo...she wrapped herself around him: "SON! We've missed you sooo much....give mommy a kiss" Lukhanyo nervously kissed her cheek. The man got up and pull him into his arms. "How are you my boi?" ...they had really weird accents.... "I'm okay" They will never believe me if I tell them I'm not Lubabalo. Lukhanyo's heart ached.....hearing someone call him "son" was something he really missed.... Luks: "uhmmm, sorry, I'm not lubabalo, you see, he left-" Mother: "oh nonsense darling, we raised you. We know its you...hahahaaa...good one though...trying to escape from your folks..." She held him tightly as they sat down.... "So.....where is she?" Lukhanyo's expression changed..... "Who" Mother: "the girl you told me about.....your friend?" Luks: "ohh.....she's at her house.."I have no idea who she's talking about...

Chapter 171

Lubabalo's parents seemed like nice people, I wonder uphi uSylvia? Let me look for her...lukhanyo found her in one of the bedrooms. Him: "sisi, bafike nin aba apha?" She: "its been almost an hour, uphi uLubabalo?" Him: "I'm sure he's on his way by now.." "Lubbiiluu!" The woman called out... Luks: "how do I even respond to that?" I quickly dialed for Lubabalo... Lubb: "ndise bankeni I can't really talk." Luks: "you better get back here. NOW." He hung up....he didn't even know how to handle it. He walked out to the lounge... Luks: "ma?" Mother: "so what are you doing for your birthday? You know we came all the way out here to come celebrate with you! Ncaaw my son is growing so old...." Lukhanyo smiled and blushed..... "That's sweet of you, to come all the way here...for me...."

Right then.....Lubabalo entered.....his mother dropped her cup, it broke into pieces as it crashed onto the tiles. "Mother how many times must I tell you to call me before you just bombard into my house!?" His mother was still recovering from shock....but at least they could tell who Lubabalo was.... "I knew I shouldn't have gotten too excited, there was by no way Lubabalo could be so sweet and welcoming...." She said... Lubb: "mom I'm sorry. But you know how much I hate surprises."one of the twins cried. Lubabalo turned and walked to the bedroom. He took Luhle and returned with her to the lounge....she lay on her uncle's chest, her tiny hand holding his shirt.....he kissed her head... Mother: "oh my goodness!!! You didn't tell us you had a baby!" She ran to him and took Luhle....this woman was so dramatic... "I'm a grandmother!...she is so beautiful.....look at her, dear..." Dad: "can I hold her...?" The mother seemed hesitant....Lukhanyo got up and went to fetch Luthando, he handed him to a surprised Mr Morrison. "There's two!?" He smiled....the lady was rocking Luhle back and forth, talking to her and kissing her all over her face.... Lubb: "they're not my babies ma..." He said sadly..... But his mother wasn't even listening to him.....

Lihle was getting dressed, she wore her grey maxi skirt and white blouse, she wore a white wedge then wrapped a scarf on her waist and one on her head. Vuyo got up and ran to the bathroom...she was vomiting.... Me: "should I make you something?" She: "I won't keep it down....don't waste your energy my friend...." She crawled back into bed....I had to take the Rover because I was fetching the babies from Sylvia and taking them to KwaDwesi. I drove to Lubabalo's house.....as I parked it seemed like there were people in the house....but what people? Azikho mos ezi ziy'2....I walked in, the first person I saw was Lubabalo. Me: "nifike nin kengok? Aren't you supposed to be back tonight? Why didn't you even inform me? Your phones been off!? Why?" I looked in the lounge and saw the visitors..... "I am so sorry...I didn't realize we had

visitors. I'm Lihle" Mother: "Lihlee!!!" She exclaimed excitedly....ooohhkay....cool.... The man held out his hand... "Sebastian Morrison, this is my wife, Antoinette...you can call her Nette.." I shook his hand...Luthando started fiddling, I'm sure he knew my voice.....my big boy....I took him, kissing his cheeks...he sneezed, twice....probably because of my perfume, so I handed him back..... Me: "excuse me Mr and Mrs Morrison, I would like to have a word with the guys.....we'll be back just now..." They followed me into the wine cellar.....

Me: "when the hell were you going to mention that you're back? What happened in Jeffreys Bay?? Iphone zenu ziphi!!!! I dare you to lie to me, you will see flames!!" Lubabalo: "lihle, nothing happened...." Lubabalo probably has a degree in lying... I looked at Lukhanyo who seemed uncomfortable....and fiddly.... Me: what. Happened. Lukhanyo?" I asked slowly. Him: "babe, I can explain...." Me: "don't waste my time." My phone beeped right then.....I didn't know the number....I checked the message.....it was 2 pictures..... "Somebody had better fucking explain to me what the hell this is!!!!? Lubabalo! Lukhanyo! Yinton le kaka!?" I threw my phone at them....my blood boiling with anger....they both stared back at me.... Luks: "Lihle.....baby, please calm down....I can-" Me: "don't tell me what to do!! I asked, what the hell this was? It looks like uBold to me Lukhanyo!!! This is your damn t shirt!! Nguwe lona! Now, if you don't start talking, and soon.....I will fetch iparaffin and burn this motherfucker to the ground!!! EXPLAIN!!!" Lub: "lihle it was me!....I borrowed t shirt ka Lukhanyo, and he was asleep that time esithi uphethwe yintloko...so I went out with the other guys....sam'shiya.....he didn't do anything wrong..."Lukhanyo looked at his brother, who seemed to be believing his own lie.....why was he doing this?

Chapter 172

Lihle looked at Lubabalo.....then at Lukhanyo... Lubabalo walked out..... Luks: "babes sorry for the misunderstanding....ndicela ungaqumbi...."there was something odd here...lubabalo was acting weird maan...could it be because...he was covering for his brother?....hayi man...he would've used this opportunity with all his power.....I didn't even know what to believe....Lukhanyo's tattoo was on the other side, kakade bingasoze ibonakale.....Lukhanyo pulled me toward him...I hugged him.. "Happy Birthday babe...nangona nindenza umsindo..." Him: "ndizoy'fumana mos present yam ne..." He whispered, biting his lips...I kissed him... "No....you won't...."I walked out

of the cellar to the lounge...Lubabalo wasn't there, I walked to the bedroom, the door was semi-closed...he was on the phone... "Look sir, all I'm doing is transferring those funds in my brother's name. Yes, I've changed the will...everything will be divided within him, my parents and my babies.....I mean his kids.....okay, we'll talk later then. Thanks...." He hung up....I walked in immediately. Kuthen ngok sezoba busy ne will zakhe? Angandidiki please! Me: "what's going on?" Him: "Lihle, nothing!" He walked out to the lounge, so I went about my business...I packed together my babies' bags and loaded them in the car.... They were all in the lounge. Mother: "let us all go out for lunch....we need a to talk about a lot." Me: "there's a traditional ceremony at Lukhanyo's home, so I have to be there to prepare." Luks:"I need to be there too, my uncle has been hounding me for days..." Lubabalo stared at us in disbelief... Lubb: "we could do dinner mommy, please cook my favorite meal for us...you know how you do it so well...." He smiled at her and she blushed... "Oh son..." Ncaaw...that was cute....lukhanyo and I took the babies to the car... Lubb: "Mom, Dad, are you coming with?" Mom: "oh no pumpkin peck we'll go shopping. Me and your father. Then sight-seeing...you go along ...we'll catch you at dinner tonight, bring the babies too." Lubabalo chuckled.... "Do you have transportation to get you by?" Dad: "yes, we're just waiting for the Benz, they couldn't let us bring the Rolls Royce here..." Lubb: "why not?" Dad: "it posed a higher risk of either being stolen or we being hijacked...so rather we just look like everybody else...." Lubabalo frowned... "Everybody else? You mean black?" Dad: "of course not. We like blacks, don't we hun?" Mom: "yes we do....." Lubabalo just shook his head and left. He took his Mercedes because there would be no space in the Rover. And he felt like being there alone either way...they drove to KwaDwesi...Lubabalo kept blocking Lihle because she was driving.....imagine a small tiny Benz in the way of a big ass Range Rover. As soon as they got to the robots, she sent him a text. "Ndok'nyathela ke mna buyaphambana!" His reply.... "I dare you sweetness...." Heeee, iyand'qhela le, ndizoy'nyathela nyan bonanje. The robots turned green, I stepped on it, his car jumped and swerved to the side..... "Told you" I texted quickly... Lukhanyo: "what are you trying to do?" Me: "I'm scaring Lubabalo...yand'qhela..." Luks: "haike Yesu laita!"we drove into KwaDwesi and parked out side the house I got off....kanene this the first time Lubabalo is here, so the eyes are gonna be massive....on top of that damn sports car of his..the driver's door lifted up and stayed in the air for a while.....dramatic pause.....now everyone was looking.....stopping what they were doing..... Lubabalo knew this effect. He loved it. He stepped out of the car, each leg slooowwly...then stood outside, fixing his pants, and his watch....he closed his car door and locked it... He walked toward the house. This nigga so sure of himself! Tyin....aniy'bon bethuna le scene!....so here I am

standing by the gate, he stands next to me. Lukhanyo comes toward us, walking calmly.... God those walks...the space between his legs, his posture....his "I'm here now" look....he had Luhle, I was holding Luthando....I locked the car and we all entered... People still stared, until we got to Lukhanyo's step mother.....

She: "I know you told us about this but.....I don't know which one to even look at.."

Luks: "hehake mama...ndim lo....nanku Lubabalo...." Lubb: "good morning ma'am..."

He held out his hand and when she was about to shake it he took it and kissed it...

"Pleasure to meet you..." Mom: "wow....such a gentleman....make yourself at

home....lukhanyo introduce your brother to the family properly and stop dragging him around like he's a trophy....make him feel welcome...." Lukhanyo handed Luhle over to her..... He left with Lubabalo... Mom: "how can you tell the difference

kwaba?" Me: "lubabalo is just plain awkward, its easy to spot him...uthule and always

watches the scene before he reacts....plus ebekwi car accident, he has two small scratches on his right jaw..." She laughed... "Trust me, lukhanyo can be just as

awkward....worse xa ekwi ndaw angayaziyo...he just tenses up....we laughed

together....Sam bounced in and jumped up excitedly to take Luthando...like his uncle.

He loved the attention....he was smiling shyly... Sam took him to go play and I started

on the chopping....talking to Lukhanyo's mom... She: "there's just something about

him I can't put my finger....he seems.....scary." I stared at her then looked away....

Vuyo called: "hey sweetie" Me: "hey love, what's wrong? Is there food in the house? I

haven't shopped in a while..." She: "yes there's food, I'm just about to leave, I'm going

to buy pizza...I crave it like no other..." Me: "no babe! Stay there ndiyeza va!" She:"

but its okay..." Me: "no! I'm on my way..." She: "okay then..." I hung up and quickly

browsed for Lubabalo...he was sitting with the older men, discussing something...he

was using his hands for more detailed description of whatever it is that looks like it

has wings, I walked over to him.... "It has a powerful engine to match...very easy to

control...." It was car talk.... Me: "Lubabalo, can I talk to you real quick...." He got up

immediately and rushed forward with a concerned look on his face... "What's wrong?"

Me: "I just need you to buy pizza...." Him: "what? Why?" Me: "my cousin will be

home soon, I forgot to do grocery so the best solution is pizza because she loves

it!...and nd'cela uyoy'beka pha endlin....she has a spare key, ina thatha esam wena..."

He looked at me, confused.... "Please hurry back va..." He nodded and left.....I called

Vuyo: "peto, ndiyeza ne....please unxibe kakhle, we're going to go together va...." She:

"but I'm wearing my leggings....and a tank top? Is that fine?" Me: "that's okay....cool

ke. Sure" my heart smiled.....whether they like it or not. They will talk!.....

Lubabalo drove from Debonairs to eFord, he didn't know how many pizza's to buy because this girl obviously really loves it. So to be safe, he bought two....he parked his

car out front, took the warm boxes and walked to the house.....he unlocked it and walked in. He closed the door behind him....okay Lihle uthe I must hurry up....I don't want to get her mad....so ima drop the pizza and leave.....heeeee yand'qhela kodwa lomtana, undenza iPizza delivery boy yakhe.....he shakes his head....when he turns around....he was shocked to the core.... "What the HELL!!!" He screamed.... Vuyo: "uligwala kanti? What are you doing here?" She hissed... Him: "its my home. What are YOU doing here?" She: "its my friends place, where is she? She said she'd be here"Lubabalo's smart mind clicked....of course she did...he rolled his eyes.... "She said her cousin wanted pizza...." She laughed.... Him: "I don't think its funny at all....." He really didn't... Matter of fact he didn't want to be here.....he sighed and turned to walk to the door. She: "join me...." Him: "I can't." She: "why not lubabalo?" ...why was she affecting him...he looked at her....her face was pure and glowing.....she looked pretty..... Him: "you look nice..." She: "don't change the subject....." She walked closer to him.....taking chances...she doesn't know me, this girl.....Lord back her away...she doesn't know me...she stood right in front of him... "Why Not." Him: "I have to get back to KwaDwesi...."she looked into his eyes searching for a meaning...she knew it, he didn't want to go.....he swallowed hard.....his heart raced....oh fuck it, what the hell? I've never been the gentleman type, and here she is basically begging for me mentally.....I can't do it....I will hurt her severely...she held his arms.. Him: "you don't know what you're doing...." ...he whispered ...She: "do you?" Him: "fine, let's have pizza..." He quickly broke the intimate show....he wasn't ready for this....he opened the box and dished up pizza for the both of them...in awkward silence, they ate...she was staring at him.... Him: "you act like you don't want me, then the next moment, you drool over me like I'm a fresh meal...." She: "you left me hanging the other night without an explanation!" Him: "it was not supposed to happen that way!" She: "why the hell not?" Him: "I didn't want it to seem that's all I wanted from you...you already have all these crazy ideas about me!" She: "maybe if you tried being more friendly to people, they wouldn't have crazy ideas about you!!!" He grabbed both her arms, and stared at her... "You do not talk to me in that tone. Understood?" She stared back at him...those lips....his cologne.....her insides started churning.....what the hell is he doing to me....she thought to herself....she reached up and kissed him....he let go of her arms, held her waist and lifted her up.....he walked slowly to the bedroom....laying her on the bed.... Him: "are you sure you want this?" She: "maybe...." He smiled shyly and continued...his hands rubbing her full breasts....he took off her top....and her bra.....letting them hang freely...he kissed them...his right hand sliding down to her tight pants....he swirled his finger on her clitoris, she moaned out loud.....he continued to pull down her pants....kissing her stomach....he

stopped and looked for a minute with a confused look....but carried on....he looked up at her....taking off his pants..... "Are you really sure about this?" She: "yes...." She whispered.... "I'm going to hurt you Vuyokazi....." She: "you wouldn't do that...." He kissed her....I love your confidence....but I am leaving....that's not gonna change....he thought to himself.... He searched the drawer next to him...the last time he was here he left, 2 unused Lovers Plus condoms.....he put one on....and looked at her..... "You ready...?" She pulled him and he eased himself in.....her fingers clawed into his arms.....he lay on top of her.....only his lower body moved.....Vuyo was crying in pleasure.....what the fuck is he doing....he got up.... "You okay?" She: "just carry on!!" She whispered urgently...he held up her knees....balancing his hands on the bed....his waist was moving slowly...in circles.....rotating.....shit Chris Brown has nothing on him!....she started shaking, his movements more rapid....faster.... Vuyo almost reaching her climax...she screamed out his name....he came.....breathing heavy.....easing himself out of her...he removed the condom and walked to the bathroom....a tap started running...then stopped, he came into the room and got dressed. When he was done he kissed her cheek and walked out.....

What?

Chapter 173

Lubabalo drove back to KwaDwesi without a second thought. He parked and walked right in...Lihle was surprised to see him back so soon. She: "you're back?" Him: "why don't you sound excited? You said I must hurry up..." She: "uhm....did I now?" Him: "you tricked me.." Lihle giggled and walked away...Lubabalo just smiled at her...Lukhanyo walked up behind him, pushing him.. "What's the joke about?" Lubabalo grinned at him....and walked slowly away. Lukhanyo was jealous, in a good way....he wanted in on the joke..he walked behind Lubabalo nagging him and pulling on his arm... Lubb: "I'm not telling you!" He laughed.... Luks: "why not?" ...lubabalo walked away again with a smile Tivo called them.. Lukhanyo dragged after Lubabalo... Tivo: "ithatha ibakkie niyen kwa Prestige Liquors they're expecting you, sendibukhethile utywala...." Lubb: "is there a payment left?" Tivo: "ewe, you pay it after you get everything. Nantsi list..." He handed them a piece of paper. "Andithi ambona dlala ke va...I want you back here within an hour max." Lubb: "but malume kukude phayana njena..." Tivo: "you'll make a plan. Lukhanyo why are you sulking?" Luks: "I'm not sulking..." He said through his teeth..... Tivo: "mxm...ndakwazi

ke....hambani, you have 57 minutes left...I'm setting the clock.....go go go go!" They rushed out to the white bakkie. Lukhanyo was driving....it was what he does best....and they left.....

Vuyo went into the bath.....why did Lubabalo do that? I just don't understand how he can just up and leave! How could he? This is the second damn time he done this....Gosh! ..

Lubabalo and Lukhanyo got to the store and looked for the manager, they got the alcohol they had only 35 minutes left...they waited in the queue to pay.....both were anxious and nervous...the time was ticking... Tivo doesn't play. Finally they got to pay, and they loaded the stuff onto the bakkie and left....Lukhanyo tried to drive as quick as possible....there was only 22 minutes left and there was traffic.....he rushed through it. And eventually they got home....6 minutes late. They hopped out the van and presented the slip to Tivo, who looked at them....with a straight face.....then smiled..... "Bring it in... Niziz'bhanxa maan nani, nileqa lento ndiy'thethileyo?...yuuh hahaha..."they loaded the things into a separate room, stocking it full....then went outside to the other men...Lihle just put the babies to sleep...everyone wanted a turn to sit with them...but after a while they got irritable and restless.....Luhle ndimaz ke udikwa rhou....she's never really thrilled, just like her dad....I see him in her personality each and every day.....ntombikayise nyan le... Lubabalo walked in....he looked thoughtful....kind of distracted. Lubb: "how are they?" Me: "okay...what's wrong..." He sat down holding his head....shutting his eyes tightly.....clenched his teeth.... Me: "lubabalo, what's wrong!" I asked more urgently.... Lubb: "its just a headache....." Me: "have you had your pills?" Him: "no....they make me moody.." Me: "but they help! Where are they?" Him: "emotwen..." I turned around to go fetch the pills.....Lukhanyo was at the gate talking on his phone.... Him: "look, andingo spiderman wakho va. I won't appear xa kuthande wena! I'll come in my own time! Uryt mos ngok umtana...so yinton ngxaki?" I walked past without interfering....I had another crisis happening in the house, I can't deal with nagging hoes....I unlocked Lubb's benz and searched for his pills, I found them in the dash board.... I locked the car and walked quickly back to the room....he was laying on the bed, next to the twins....his eyes closed, I fetched him some water and shook him. "Dude, wake up...." He opened his eyes to look at me....they were blood shot red....his eye veins making an appearance....his outer eyes were swollen.... Me: "what the fuck!!!" Him: "kasapha pilisi zam wethu, yeke ubayi drama queen qithi.....I'm sure its not that bad...." Me: "dude you look like a.....I don't even know what, fuck you mean its not that bad!?" He drank the pills.... Him: "that's very funny...." He turned and went to sleep again.....

After about 3 hours Lubabalo appeared again, holding Luthando with one arm...he probably woke him.....he asked me for water.....I gave him a glass...shame, his eyes looked better....he looked better... Me: "don't you wanna go home?" Him: "nope..." Lukhanyo walked in the kitchen... Luks: "I've been looking for you everywhere...." Lubb: "I took a nap...." Luks: "okay, let's go, I want you to meet someone....." They walked out.....kanene Lubabalo's injuries weren't properly healed when he left hospital, no wonder he's like this....I must try and convince Lukhanyo to talk to him....tomorrow morning I'm going to fetch Ta Smig.....the whole of me was excited! I missed him....I'll have to make space for him in the house tonight.....meaning I'll have to leave early, because we also have dinner with Lubabalo's parents.....and right now I was developing a headache....I finished up in the kitchen and spoke briefly to Lukhanyo's mom....she agreed and I went to Lukhanyo outside.... Me: "babes, ndiyahamba ngok.....are you taking the babies home with you or ndihambe nabo?" Him: "why uhamba early...?" Me: "I have to prepare for Ta Smig alok baby....and for dinner tonight..." Luks: "ohh yeah kanene...hamba babes....we'll follow after an hour or 2...." Lubabalo gave me the keys to the Benz...and I left.....

When I got home, I went to change into my tight denim jeans...I was honestly tired of skirts, hence I'm not a skirt person...I wore a blue silk blouse with long sleeves that fitted up to my neck with a bow...I wore my navy blue suede platforms...then re-did my make-up.....wait.....uphi uVuyo? I went to the room she slept in, there was a note. Oh God.....I read it.....

"I'm not going ahead with it. Going out for a while. Be back Later." I tried calling her, it went straight to voicemail. You know what? She's grown. My phone rang, it was Bukiwe....*sigh*....I picked up, "Helloo" she: "hey! Awuse nqabe!" Me: "I'm.....here...uhm...you too I guess." I really didn't know how to respond to that...she chatted for a while.... Me: "uhm, I'm kind of in a rush ey...." She: "okay peto.....when last did you check facebook? The guys had fun in Jeffreys shem yaz.....they posted pics and-" Me: "I'll see when I got time....I really need to go..." I hung up. Gosh this girl can talk yo....damn.....but something in me ticked.....I went on facebook real quick, she's probably exaggerating...I saw the pictures in Lukhanyo's profile, he was tagged....by Thulani.....okay.....him and Lubabalo...in some bar.....didn't Lubabalo say he took Lukhanyo's t shirt and they left him behind? So they lied to me....because that was Lukhanyo kissing that girl....lubabalo lied to me.....okay fine.....I will be calm....ndikhe ndiba bone bazophelaphi with this little lie...every muscle in my body was burning....I wanted to hit them both but I remained calm.....

A quiet woman.....is a dangerous woman.....

Chapter 174

After an hour and a half, Lubabalo and Lukhanyo came in, with the babies.... Keep calm Lihle, I whispered to myself, I finished with the room and went to the kitchen....my babies were probably hungry, they looked sad....I made them their nestum porridge quick and took Lihle from Lukhanyo.... Luks: "ha.a baby, m'sapha ndimtyise....awusemhle man...I don't want you to ruin your outfit"he kissed my cheek...I winced inside...how dare he....I gave him the little bowl and smiled....I needed to keep busy...before I slapped someone right into next week. I started cleaning the kitchen, Lubabalo walked in and he started rattling the pots, he took out a pan and cut up an onion, he fried it with a bit of oil...he was whistling a tune. My body was burning, my hands shaking with fury, I had to contain myself.....then.....he did the inevitable...he started poking me, with his whistling and noise...I just freaken snapped... "Nd'yeke man, what's your damn problem!..." Him: "ooh....fiesty" he winked....with a naughty smile.... Me: "I will smack you!...." He lifted his hands as to surrender and carried on with his cooking....whatever he was cooking. I carried on cleaning, my phone rang, I ignored it. Whoever it was must just leave me alone. Lubb: "lihle..." Me: "no.." Lubb: "I didn't even talk yet." Me: "whatever it is. No" Lubb: "I was gonna say your phone is ringing..." ...I know....duh...I went to the bathroom....and cleaned the sink bath and before I got to the toilet Lukhanyo walked in... Luks: "yinton ngok lihle?" Me: "nganton?" Him: "you're cleaning kodwa unxibe kak'hle, and you're wearing HeELS!...like I don't understand..." Me: "its nothing...." Vuyo walked into the house. I heard her greet Lubabalo.. He greeted back....she walked to the room. Me: "get ready baby, we're leaning in an hour."

I walked out the bathroom to Vuyo. She: "hey..." Me: "hey, you went shopping I see....." She: "yep...awusemhle, uyaphi?" Me: "dinner with Lubb's parents, please come with..." She: "no babe, please can I just relax tonight?" Me: "you relaxed last night njena...please man my friend..." She finally agreed.....I helped her get dressed. She could ride with Lubabalo, then me and Luks with the babies....I needed time alone with Lukhanyo man....there's been too much of a crowd.....Lukhanyo took a shower and wore his jeans and a blue t shirt. He probably wishes he had a blue shoe too.....mxm.....he wore a black nike sneaker... Him: "babes aw'zonxiba jersey?" Me: "yeah I will, he took out his black cardigan and wore it, unbuttoned with the sleeves pulled up.....he wore his big Rolex watch and a Beanie... He was soo cute....my heart was melting....but I just couldn't bring myself to look at him... Why did he lie to me? Am I that much of a crazy psychopath dun? Maybe I am....I remember he was so nervous and afraid when I confronted them in the wine cellar. I wanted to hold him.....no Lihle! Get a grip....."

Me: "Lubb, you're driving with Vuyo. I'll be with Luks" Lubb: "but no...I'm with Luks....we have something to discuss..." Me: "which is what exactly?!" Lubb: "guy stuff! Why you being nosy?" I turned around to go change the twins. I didn't need this type of negativity in my life. I dressed the babies....in light brown...looking like little chocolates brownies...he walked in behind me. Lubb: "look I'm sorry for snapping at you..." Me: "its fine. I understand...." I turned around to look at him....he wasn't even smiling, which looked awkward...he didn't even look sorry....he walked toward me, and looked at the babies.... "They're beautiful..." Me: "thank you...." Lubb: "remind me to show you something when we get home..."...I wonder what it is... I nodded and he walked out carrying Luthando....tossing me the keys for his car....Lukhanyo came to fetch Lihle. I took the bags and yelled for Vuyo, she was wearing jeans and a vest....it showed her. Bump! I lead back to the room, and took out my floral maternity blouse. Me: "here!" Luckily it wasn't that big, I wore it when I was 5 months...well...either way, she had to hide that....she wore it and we left.....

We got to Lubabalo's house and his mother was still preparing the meal, so I decided to help her, Vuyo joined us...we spoke for a while, she was telling us about his childhood, quite funny experiences I must say....but of course she didn't know much, no one really did.....Lubabalo only opened up to me.....and I think it was by mistake. He showed up in the kitchen. Lubb: "lihle." I followed him.....I walked into the room, Lukhanyo was already there..... Me: "whatsup?" He took out a paper bag. It had 2 tiny shirts in it. They were a LA Lakers set. On the back they were personalized L. Mzinyathi. It was for the babies....Ncaaaaaaw! Me: "where did you get these?" Lubb: "I've got my ways....." That weird look again. With no smile. Lubb: "sunday I'm leaving." Lukhanyo looked at him in disbelief. Luks: "where you going?" Lubb slowly walked out of the room. "Where I came from....." He said in a low tone..

Chapter 175

Lukhanyo was a sad sight. You could see it in his eyes, he didn't want him to leave. He looked at me. Luks: "what's going on lihle?" Me: "I do not know..." He stared at the babies for a while. Then back at me. Me: "what?" He just lay back down and sighed. Luks: "there has to something that can make him stay Lihle. Soze ingabikho man." Me: "babes....there's something off about this whole situation...." Luks: "then find it out." I walked out of the bedroom and went to the kitchen. The ladies were done and they were just waiting on the oven. For the meal. They stood by the sink, Vuyo with

a glass of juice and Mrs Morrison with a glass of wine. I stood there with my glass of water. I hardly heard what they were talking about because I was in my own deep thoughts. Why would Lubabalo just want to up and leave? He can't just go. Lukhanyo is so used to him, he will never be able to survive without him. He loves his older brother. Unjan na lubabalo? Why is he being selfish? He is even head over heels with the babies.....will he be able to live without them in his life...the way he quickly bonded with them....especially uLuthando...they've got this weird connection.....wait.....what? That actually really sounds weird. I'm trying to think of all the times they were with each other, it wasn't the same with Lukhanyo, he's their father of course, but what makes them comfortable with someone who's as cold as lubabalo? Maan....this is making my body shiver. Lubabalo uvela phi? I have these mixed feelings about him. I want to leave vele! Like honestly, he has his days. But then again I don't want to deal with the forever angry Lukhanyo, and Lubabalo is the only one that can put him in his place. *sigh*....can I honestly deal with Lubb's nagging all my life? Mos lomntu akay'fun icherri. This is not about me.....its about Lukhanyo. He will crumble into the earth if he left him.....just then I felt someone staring at me at a distance...I looked up at the door and there he was leaning on the frame, I almost choked. He walked in and went straight to the fridge. Like, you see why he has to go!? I was so annoyed....I turned to the sink and started running the water. Vuyo and Nette had gone out....how could I have not heard them? I started washing the dishes. He came and stood next to me...his mouth set in a firm line, ngathi uqumbile....he leaned over and rinsed his glass then stood there pouring his juice...I carried on with the dishes. Him: "I'll be in the movie lounge" he said and walked out, his voice, husky and dark. Ubuzwe nguba? Was that an invitation? Matter of fact it sounded more like a command, he was TELLING me...he was gonna be there. But why? I don't think I wanna watch a movie with a fire breathing dragon. I finished up, and walked to the room Lukhanyo was in. He was on his phone. Whenever he's mad, he plays a game on his phone, and shame it calms him down... Me: "I'll be at the movie lounge, I'll try and talk to him va" he just nodded... I bent over to kiss him....I walked out to the movie lounge and found him sitting at our usual spot. He was holding a bag of snacks, covering himself with a blanket...and the seat leaning down.. I sat next to him. He got up and helped me with my seat....he leaned over on me and held the handle to bring the seat down....he looked at me and smiled...he was too close. Him: "relax and'zokwenza nto...." ...He got up and sat in his own seat, I took off my heels and we watched Formula 1 racing.... Him: "yafun chips?" Me: "no...thanks" Him: "fine princess, suit yourself."how do I introduce this topic? From the beginning, my mind answered. Me: "where are you from?" Him: "I am

frommm.....heaven originally, but I moved to Earth 26 years ago, living in Southern Africa, born in a town called Port Elizabeth, then moving to Cape Town, I left for Australia after University then came back after a few years. Now I'm in Port Elizabeth again. What about you?" He chuckled.... Me: "mxm....so why are you leaving?" Him: "because, I have lost." Me: "lost what?" Him: "you would never understand...." Me: "would you like me to?" Him: "no." Me: "okay....what else can you tell me?" Him: "depends what you wanna know" Me: "I want to know how will you be able to live with yourself, leaving your family..." He looked at me with a shocked expression... Him: "Lukhanyo can take care of you. I've given him the resources to do that, so you won't have to worry about people dying."I was fighting a losing battle. He seemed to have an answer for everything.... Me: "what about the babies? They love having you around!" He seemed to soften then.....yes! Now I knew his soft target.... Me: "how do you think they'll be affected when you're gone? Who will protect them....Lubabalo you promised uLuhle kodwa..." Him: "that is emotional blackmail Lihle! I did not expect that from you...I thought you'd be happy that I'm leaving." Me: "a part of me is. But its not about me!" Him: "you love me don't you?" My heart stopped beating immediately...and I started choking...he pulled me up and patted my back.....after some time I calmed down.... Him: "you do!" Me: "you are being ridiculous lubabalo! Yabona ke why I want you to leave?! You see!?" Him: "whatever lihle..." We both sulked in silence..... Him: "not even a tiny bit?" Me: "no" Him: "fine then..." Me: "did you meet us by coincidence?" Him: "we've spoken about this before..." Me: "I want to know..." Him: "yes and no." Me: "what do you mean no?" He chuckled... Him: "a clever girl like you should've figured it out by now..." Me: "kathethe lubabalo." Him: "I have known you and Lukhanyo for quite a while now...." Me: "I know th-" Him: "shhhh.....before you even got pregnant..." Me: "but you did tell me that your friends told you about us...lukhanyo phof a while ago...." Him: "yes.....they did....since the time Xolani died in your arms..." Did I tell him that? I don't remember...Me: "you were there?" Him: "yep.....but not in the house...." Me: "lubabalo what are you saying to me...?" Him: "I'm just saying...I've been here long enough to want to leave.....I can't bare to see Lukhanyo waste his life away like this." Me: "what else do you know?" Him: "I know about Kimberley....you running away from Lukhanyo...you were in jail before that for assault...I know everything...its amazing how you got through that pregnancy of the twins....because the shit you went through.....wow." It seems like he's been here since I've known Lukhanyo....question is....where? Surely he could not have been in our house too? Or when Lukhanyo wasn't around?.....Lukhanyo's moods! One day he'd be fine, the next he'd be angry! Nooo.....noo no! Me: "why did you lie to me!?????" Him: "I couldn't tell you....." Me: "why not?!" Him: "because I

want you to stay with Lukhanyo lihle! If I had appeared all those months back, you would've left him! Because Lihle, you didn't want him to be igintsa! You wanted him to change! If I had appeared, you would have dropped him for me, because ngelaxesha bukekam'thandi! I know this because, I know you! Now you're strong enough to reject me, and I'm happy with that because Lukhanyo will treat you better than I ever could!...." He was out of breath... Him: "I never had a brother....I always wanted one Lihle, I couldn't do that to him...my parents were always out of town, traveling and working. My sister was too young and often sent to boarding school. I was alone! And when I knew about him, I knew that only he should come first in my life....lihle, I'm trying not to be selfish here. I'm giving him the life he deserves....for YOU! He wants to do it for you! He loves you.....now I have to go." Me: "what about uVuyo?" Him: "what about her?"his mom yelled "Dinner's Ready!" And he got up and left.....

This is too much.....I got up and went to the dining room, it was set up nicely, the house was lit dimly.....and there were candles on the table, everything was white and gold.....it was beautiful. We all sat down. Mr Morrison said a short prayer and we started eating. Lukhanyo was still sulking. Lubabalo looked normal, Vuyo also had a dark look on her face. Mrs Morrison caught the vibe....she's quick.... Nette: "so now what's going on? Why is everyone sulking? Lubabalo why you sad son?" She was actually looking at Lukhanyo.... Lubb: "I'm not sad mom...." Nette: "oh my, okay so this is Lukhanyo.....Lukha son why are you sad?" ...this woman has a nickname for everyone!... Luks: "I am not sad ma'am..." She giggled.... "Sweetheart I am not ma'am, I'm either mom, mommy, mama, or even Nette definitely not ma'am.." Lubb: "mommy, you said we had a lot to talk about?" She: "oh yes....well, firstly, we met Mr Mzinyathi.....your biological father.....at the hospital...his wife had just passed away and he was sitting next to you two...there was a red ribbon tied onto Lubby's arm....it was to mark him as the first born....he told us, he couldn't afford to take care of you....both....so we offered to adopt both of you....he declined and said he wanted a reminder of his wife, so he wanted to keep one baby.....we let him. The agreement was that we leave P.E....so as not for the both of you to meet again....he thought it was unfair that one had to live luxuriously and the other disadvantaged, he thought it would make you hate each other....." Lubb: "is that why you didn't want me to come back to P.E?" Mom: "yes. That is why...." The room was dead silent.....Lukhanyo was beyond angry, but he kept calm.....Lubabalo got up and walked to the bedroom.....I think now the hate will begin? Surely because Lubabalo is leaving him again.....I cleared the plates and took them to the kitchen. Nette and Vuyo walked in... Nette: "darling, please talk to him? When he throws a tantrum like this I don't

know what to do....he'll listen to you...." I didn't want to....but the look of desperation in her eyes....I walked to the bedroom slowly. Luhle was sleeping on her stomach....Lutha laying on his back, still awake...I stood at the door....Lubabalo was laying on the bed, his head on Lutha's tummy, looking at him.... "Promise to be a good boy ne.....promise me...." He was crying....Luthando held out his hand, holding his uncle's face.....if he were older, I think he would've wiped that tear away....it touched me... "I love you. Look after your father, boy....he'll need you" He kissed his cheek and lay next to him....

Chapter 176

I was shaking...I needed answers.....could Lubabalo be the father of these twins? But how? When? No!.....why am I even thinking this? I was about to turn away but I stopped myself, I had to face him. If he slept with me, then that would be rape...because he is not the person I intended on sleeping with...no man. This is impossible, I walked into the room.... Me: "Lubabalo" Him: "Lihle" Me: "did" ..my mouth dried...I couldn't speak... My voice was hoarse ... "Did you make me pregnant?" I know it sounded wrong to ask....it was wrong to ask, but I was desperate to know.....and he wasn't replying! Me: "Lubabalo ndiyathetha...." He kept quiet.....fuck!!! I turned around and walked out....I was near tears..... "Lihle!" He called after me....I just kept walking.....I couldn't even look at him. I was so disgusted....I ran to the bathroom to throw up....Lukhanyo walked in..... Him: "uphinde und'xok'sele...." Me: "i was just dizzy babe....I need some air...." He pulled me toward him, I melted into his arms...my heart was burning with love for him...I lay my head on his chest...and held on his t shirt tightly.... Him: "are you okay boo?" Me: "I'm fine my love... Masambe" Him: "I wanted us to stay a bit longer...."since it was his birthday...I guess he wanted more time with his twin...especially that he's leaving. Me: "okay then..." We walked out the bathroom and he went to find his brother....I went back to the kitchen to help the ladies.....

Later....we sat in the lounge, Nette was drinking her wine, Mr Morrison had gone to bed. Vuyo was talking to Nette....I took out my phone and researched what has been bugging me. I went on to Google and typed: "Can a woman be impregnated by two men"it took 5 seconds with the result I dreaded.... Yes. My heart raced and searched further... Reading: This happens when a woman releases two eggs in a cycle. The difference in this case is that each egg is fertilized by a different man's sperm.

This can happen when a woman sleeps with 2 different men at a time that she can get pregnant. The process goes by the name heteropaternal superfecundation. Obviously two different men have to be involved in order for each twin to have a different dad, the dads have to both contribute within 5 days of each other at the right time in a woman's cycle...."

Oh God no!.....

"its more common in fraternal twins...." Meaning either boy or boy or twins that aren't identical. Luthando and Luhle were not identical. They just looked similar. How could this be? I re-traced my steps, when I first met Lukhanyo. Okay, so we had sex that first night at his place. Then, that sunday when he came to my place, in HIS Range Rover, did I even check the number plate that day? I don't remember doing so.....I was too excited. Lubabalo has weird tendencies, he could've hired a car that looked exactly like it....or.....even stole leka Lukhanyo, cuz he didn't stay long.....hayi man! What am I thinking.....

Lukhanyo appeared right behind me. Him: "what you doing?" I jumped.....quickly clearing the page. He grabbed my phone....luckily, it had gone away... Him: "ufihla nto?" Me: "ukhangela nto wena..." Him: "Mrs Mzinyathi are you trying to act smart?" He tickled me on the couch....I couldn't help giggling.....Nette was smiling uncontrollably... Nette: "you two are so cute....reminds me of Sebastian and I those years back....." He kissed my cheek..... Him: "busenza nto, kand'bonise...." Me: "babe I was just on facebook....Gee!" He looked at me, and stopped smiling.... Him: "what you looking for on facebook?" Me: "tshin babe, I have a facebook account...." Him: "hmm....we'll be leaving soon ne..." Me: "okay boo...." He walked away quickly.....ucimba and'kaz'bon? Shem man....after a while I heard screaming, they were probably playing playstation in the game room. I went to check, I stood by the door. Lukhanyo was laying on the floor with his shoes off. It was his turn to play, he was concentrating and didn't want to be disturbed..he was "in the zone"....lol....Lubabalo was laying on the couch his head on the arm rest with Lutha on his chest...they were both watching the screen Lubabalo was holding Luthando's tiny hands and the controller.... Him: "cofa alok boy...." He encouraged Luthando, who was drooling....staring at the screen....Lubabalo looked up...and saw me. Then looked back at the tv....kanene bethe uhamba nini? Undikruqule mntakabawo.

Chapter 177

I turned and went to the bedroom, Luhle was awake. I changed her diaper and took her to the lounge. Nette looked really tipsy. Me: "Nette, don't you wanna lie down?" Nette: "I could.....I could use another glass first....." She slurred....uhm okay... Me: "no, you can't....Mr Morrison is asking for you...." She: "he is?" She seemed more alarmed.... Me: "yes! He asked me to call you...." I smiled sweetly.....Lubabalo walked in and handed over Luthando to Vuyo....he went over to his mother and helped her up... She: "darling! You such a strong boy....look at all these muscles!" He was hiding a smile.... Him: "let's just get you to bed...." Mom: "but why?!....where's Lissh'le?....you said you'll fetch her for me....why didn't you bring her...." Excuse her!? Whatt?....what exactly did he tell his mom.... Him: "please keep quiet mom....Shhhhh" he walked her to bed.... Mom: "you said you lov-" he covered her mouth....and they got into the room.

Lukhanyo appeared.... Him: "ready?" Me: "let me get the kids ready....ina uLuhle...." Lukhanyo took her and walked me to the bedroom.... I packed the bags....Lukhanyo sat on the bed with Luhle on his lap. He was staring intently at me.....I looked at him... Me: "what's wrong booboo?" Him: "do you love me?" Eshhhee! Why is he soo insecure now all of a sudden... Me: "of course I love you sthandwa sam.....ngoba?" Him: "you haven't said it in a while..." Me: "uwoah...ndakwaz ke wena....I love you babe...." I kissed him on the lips....he pulled me again and kissed me....longer.... Me: "hayi baby, umtana..." Him: "umtana makayaz mama no tata bayathandana....if akay'boni esemncinci....uzokhula engayazi....then I'll have to kill a few boys that break her heart...then its not gonna be funny anymore....then-" Me: "okay okay, I get it....". Him: "I want you to know, that I love you...." Me: "I know that babe...." Him: "you said you didn't want to be with me forever.." Me: "babe, I was upset that time.....you almost killed me....."he looked away in pain.... Him: "I didn't intend on killing you. I would never live with myself.....I'd just hang myself and follow you mna...ndiyocela uxolo ezulwini..." Me: "hahaa...awuzongeniswa wena ezulwini..." Him: "hee yabona ke?" Me: "ndadlala baby....but if you want to change your life, you will have to ask for forgiveness...." Him: "I am afraid.... What if God doesn't forgive me? Lihle, kunin ndabulala bantu? I've taken away people from their families....fathers from their children...." Me: "God forgives if you truly repent. Regardless of what you have done.....its all in the past Lukhanyo....you will change now....and start a new life....killer-free. " He chuckled.... Him: "killer free....". Me: "do it for the babies...." Him: "ne last born ne?". Me: "akekazi ke lowo....told you when the twins are 1 year old.". Him: "yooo, kunin ngoko!" Me: "kabuhoya aba qala baby

man....last born will take to much effort..." Him: "fine then...." He kissed me one more time.....

Meanwhile in the lounge.....

Lubabalo came back and sat next to Vuyo and Luthando....he smiled at his uncle....lubabalo made a funny face at him...and he started giggling. Vuyo: "so that's what you meant by hurting me? You'd leave?" Him: "I can't commit Vuyo. I won't commit. I can't promise you love, when I don't even love myself..." Vuyo: "I could love you.....for you....that's why its called a partnership.....I'll be here for you...." He looked at her..... "I'm sorry..." Vuyo: "for?" Him: "leaving.....I should've stayed....you see, that's why you don't want to be with me....I'm unpredictable.....unreliable....." Vuyo: "I can live with that....." Him: "why?" Vuyo: "it just feels right.....plus, I've never felt the way I felt before...this afternoon..." He blushed..... Him: "mxm....haska...." ...he hugged her with Luthando...who farted..... Him: "oh Gawd....Luthando really? You had to kill the vibe!..." Vuyo looked away.....she had to tell him.....it might be the end even though its beginning... Vuyo: "lubabalo..." Him: "yes?" Vuyo: "I'm pregnant....." Him: "I know....." Vuyo: "you didn't say anything?" Him: "look, if I didn't like you, I wouldn't be here, okay? I got you...you don't have to worry about anything....." He kissed her forehead....

Chapter 178

Lukhanyo and Lihle came out of the room. With the baby bags, they head to the car....Lubb: "cela nishiye uLuthando tu?" Me: "I hate to separate them bonanje...." Lukhanyo: "yeah...I don't know ey...." Lubb: "boy2 ke? I'll take good care of them I promise, plus they have diapers, extra clothes...and everything here..." Lukhanyo thought for a minute and looked at me.....he raised his eyebrows... Me: "fine...." Lubb: "noVuyo yashiyeka.....we practicing..." He smiled excitedly... Me: "I don't even want to know what for..." Lukhanyo giggled, winking at Lubabalo...Lubb smiled back..... kissed his daughter goodbye...and gave her to the new couple.... Luks: "ay'ngo nodoli ke lowo...." Vuyo: "I'll take care of all 3 of them, don't worry...." I laughed nervously....I didn't trust Lubabalo with my kids....what if he upped and left with them? But he wouldn't do that to me now would he?....Lukhanyo pulled me.... Luks: "stop overthinking....you know Lubabalo is good with kids....masambe thina, nd'funa uk'bonisa something" Me: "I wonder what that is....." We walked to the car, Vuyo and Lubabalo waving at us... Me: "they look good together....." Lukhanyo just smiled... We

drove home....he seemed like he was in a rush... Me: "singxamele phi?" Him: "you'll see....." ...

He parked the car into the garage and we went in, locking the doors...like our first night together, he dragged me by my hand to the bedroom....I felt like it was the beginning...like we had just met....my heart was overwhelmed with joy....he closed the door behind and kissed me all the way to bed. In between his kisses, he was mumbling... Him: "been wanting to rip these jeans off you since I saw you....." Me: "really?" I moaned.... Him: "yuuuu baby.....they murder me in all directions...." He almost tore the jeans.....Lukhanyo was usually rough with everything....and I liked it...it was sexy..he slipped down my underwear and twinkled his fingers in the cookie....my whole body shivered.... Me: "what's the surprise?" Him: "the surprise is me..." I wasn't comfortable only because I'd left the babies with Lubabalo....lemme stop thinking about crazy people and enjoy my man....I took off his jersey and t shirt....he kneeled on the bed and looked at me....exactly like our first time together, this time he switched on the light.... Him: "what you thinking...." He slurred at me.....lukhanyo ne english?.....mk mk mk....*shaking head*....yafundisa umnakwabo shem...and'namona....I prefered him speaking isiXhosa mna.....I loved it, cuz he spoke it well....he speaks english well, but I like his rough, edgy Xhosa.... Me: "ndicinga ngawe...." Him: "I'm right in front of you nje...." Me: "I know...." He took off his pants... Him: "without sound....." He warned and kissed me again.....then went on to my neck....nibbling and biting...his right hand holding my left hand....his left hand in my coochie....his fingers moving up and down.....in and out.....then circles...I gasped out loud.... Him: "shhhhhh" ...he did it again....this time his thumb on my clit...rotating.... Me: "lukhanyo No...." I moaned softly.... Him: "yeess...." He breathed.....he stopped...then kissed my breasts....he held them together and buried his face in them.....kissing them....he slid down to my stomach.....his tongue swirling around my belly button...my breath caught in my throat.....he is on some other note today.... He went straight to my inner thigh....he gave each one a kiss....then bit his lips.....looking at his spot.....right there in the middle.....he gave it a peck..... Him: "I missed you...."

So dramatic uLukhanyo....just do it already....yooh...the suspense....he dived in.....my body immediately responding....I wanted to scream...but he told me to keep quiet....my toes curled....heart racing.....it was soo near....but still quite far.....he kept stopping briefly for a light kiss.....to prolong my orgasm.... Me: "lukhanyo please....." I whispered.... Him: "shhhhhh"this was killing me! Finally, my body was about to release.....my thighs started shaking....oh shit he's gonna notice that I'm cuming.....I tried keeping still.....the sensation beat me to it.....because my whole body

vibrated....he carried on....my orgasm couldn't stop either..... Me: "oh please Lukhanyo....stop....please..." I needed release before I fucking exploded....he stopped. I felt warm liquid rushing out of me....I choked..... Me: "what the hell was that.....?" I asked under my short breathing....he just smiled....and inserted himself in...my thighs closed in....my legs wrapped around him....as he lay on my chest...his arm under my waist....he moved slowly.....I couldn't take it anymore....I made a small noise...he held my mouth with his... Him: "awumamel ne...." Me: "xolo sthandwa sam....." He continued.....my body is failing me.....yet again...it can't be this weak to him.....it was already almost cummin.....he stopped and pulled out....breathing heavily....he lay next to me and dragged me on top....I slid on top of him.....woow.....I could feel it throughout my whole body.....Him: "baby...." He was mine now...nguye makathule....I started riding.....my waist doing circles on him.....he closed his eyes, his mouth slightly open..he had his hands loosely on my waist.... Him: "aahh...." I stopped...his eyes shot at me..... Him: "why?!" He demanded.....ohh, so its bad when I stop....I turned around and slid back in...leaning forward....I went up and down...he was breathing heavy.....I could feel his body heat up.....he was near the finish.....I felt myself building up again.....now I could let it go....because I was in control....he started mumbling.. ... Me: "shhhh".... Him: "fuck that lihle..." He groaned.....until his breathing caught in his throat and it stopped...my body shivered....the room was spinning....I released myself with a heavy sigh.....I got up and lay on top of him... Him: "and'kaqibi ngawe.....ngakulinge ulale apha....." ...heee yaphambana lukhanyo....I closed my eyes and drifted to sleep.....or maybe a quick nap.....

I tossed and turned in bed....I lay on my back, my body was heavy....he was sitting on the couch as I was walking into the lounge... Him: "uvelaphi?" Me: "work, what do you mean ndivelaphi?" Him: "ul'bonile ixesha lihle! Its fuckin 20:12pm!!! Uvelaphi ngel'xesha!!!" Me: "babes bekukho a meeting alok at 17:00, it dragged on longer than I expected" him: "don't lie to me!!!" He screamed.....the children started crying. Me: "lukhanyo, I'm not lying....call my boss and ask him...ina" handing him my phone, he threw it against the wall.... Him: "I'm not calling nobody. Except a fuckin ambulance for you if you don't tell me where you been!? With who! Doing What!" He whispered.....my heart beat faster..... Me: "baby please....." He held my throat with both hands tightly....I struggled to breathe.... Him: "I will kill you if I dare find out, you been cheating on me. Yandiva? I will KILL you!!!" I was crying, I couldn't breath, I was literally suffocating.... Him: "where. THE HELL. WERE. YOU!!! I won't ask you again..." "Baby vuka" I heard in the background....I jumped up, I breathed heavily. Jesus, I almost died! Luks: "babes are you okay? You were having a nightmare...." I just nodded.....did he just try to kill me? He pulled me into his

arms....I was shivering....afraid....confused....did he just? Hayi man.....it felt so real....my voice was creaky....I coughed it off....and sat in the night....scared to sleep.....or die...

Chapter 179

I woke up the next morning and he was in the kitchen...he was making breakfast, it smelt really good and I was very hungry. As I was getting up, he walked in with a tray.... Him: "morning baby..." Me: "hey..." Him: "I made you some breakfast...." I sat up and he placed the food on my lap....I started eating...it was quite good....he lay next to me and stared at me. Me: "what?" After swallowing a mouthful.... Him: "nothing....just looking at you qha...." Me: "okay....even though its weird.....kuph kutya kwakho....?" Him: "I aint hungry..." His eyes didn't move, he was fixated on me... Me: "you are really bothering me....I can't eat properly..." Him: "ay'funi mna ke leyo...xa ungakwaz kutya..." ...I wonder what's on his mind... Me: "you wanna talk about something?" Him: "yeah....your dream...." Me: "what do you want to know..." Him: "was it about me?" I kept quiet.... Him: "it was ne...." I nodded.... Him: "ndenze nton?" Me: "you tried to kill me, because I came home late...." Him: "I see....." He seemed disappointed...but still stared at me.... Me: "what?" Him: "there's something you're not telling me." Me: "what could that be?" Him: "I don't know.....you tell me..." I finished eating...putting the tray on the table next to me.... Me: "you're being ridiculous..." Him: "I know you're not cheating.....so its something else.....umithi?" He asked with a bit of excitement in his voice..... Me: "nope...." He rolled his eyes..... Him: "hlel nje you in denial...but its fine...I'll find out...whatever it is that you're hiding..." He got up and took my tray to the kitchen, I went to the bathroom to brush my teeth....and shower...I couldn't wait to see Ta Smig!

I left before him. He was going to Lubabalo, I was rushing to the hospital for Ta smig, he was due out at 10am...I was so excited! I got there and almost ran in my 6 inch wedge....which had yellow and pink straps....but obviously I couldn't really run so I walked fast instead...I got to Ta Smig, he was sitting on the bed, already dressed and ready. Me: "great.....ready to go?" Him: "please...." I helped him get off, and he walked behind me slowly....the doctor instructed us, no rapid movements, no alcohol, no stress. Absolute peace! Uhm...we can manage, 1 of those....which is no alcohol...but the others....we aren't promising....we walked out the hospital, Ta Smig: "ndilambile mtanam bonanje...qha ndifuna eza pan cakes..." Me: "hahaha...but we have to get to KwaDwesi qala..." Him: "hasaka....let's start pha eFord..." I drove us to eFord and parked outside....we went inside the house, Lukhanyo had left already....of course he has....he always leaves in a rush...probably has a phobia of being alone. I start the batter for the pancakes and flap jacks....as we were chatting.... Him: "so what's new...."

Me: "so much yazi Ta....I don't even know where to begin...." Him: "qala how's your mother?" I sighed out loud..... Me: "she isn't talking to us....Lukhanyo told her.....about the business....." Him: "I never thought he had it in him...." Me: "she was shattered...can't blame her though..." Him: "and how's everything else? The babies...baphi?" Me: "with Lubabalo..." Him: "you don't sound pleased...." Me: "I'm not. He said he was leaving. When I asked him why, he told me too much...about how he already knew about us...even before I got pregnant with the twins...now the part that he knows too much freaks me out....what if.....he acted like Lukhanyo once and got me pregnant?...I would never have known the difference.....I confronted him and he kept quiet...." I started crying....Ta Smig got up and held me, Him: "he can't be that cruel Lihle....I'm sure he just wants to see your reaction..." Me: "I even researched about a woman giving birth to twins of different fathers...its possible Ta...I can't bring myself to do a DNA test for both of them.....he is so close to uLutha....their connection is unbreakable. It scares me to death...." Him: "shhhh alok sisi...sukhala...but you have to know the truth....otherwise it will eat you inside. Do the paternity test on them all....but I'm sure bobay2 ngabaka Lukhanyo man...even though my back hairs are standing ngale ka lubabalo...I don't know him much, he's too secretive...so its best you find out kuse early...." Me: "I refuse to....Ta Smig, if I find out uLutha ngowakhe? He even changed his will! Just for them...like I don't understand why he would do that...its been only a month or two since he appeared....if I know its him, I'll be forced to tell Lukhanyo. And that's the day I die....for real." Him: "Lukhanyo won't kill you for something you didn't do intentionally, how could you have known?"after a long silence..... Him: "what do you mean for real?" Me: "nothing...." He peeled me off him and held me at arm's length...searching my eyes...Him: "did he try something?" Me: "no..." I couldn't look in his eyes....I was about to cry....but I held on... Him: "I know you're lying to me.....I know you're trying to protect him.....but I need to know...." I looked away.....then he let go.....I couldn't tell him, that lukhanyo pulled a gun at me.....almost killed me....then a few nights later when he "punished" me....I couldn't....he was my husband. And we were fine now. Akho need yobuyela in the past.... I started making the pancakes and flap jacks.....we sat in the kitchen in silence....when I finished the first one, Ta Smig gobbled it up immediately....with a smile on his face....but pain in his eyes.....

When we were done, I called Lukhanyo, they said they were already eDwesi, so we went straight there. As soon as we arrived Lukhanyo was standing at the gate...all smiles. I got out the car and locked it he was walking towards me....he held me and kissed me... "Bend'send'panicka..." Me: "hlel nje uyapanicka wena..." He went to help Ta Smig out the car....and they walked inside the yard, talking and joking around...I

was leaning on the car, reading the facebook message I just received from an old friend....I was smiling and giggling by myself...typing at the same time.....I felt a shadow standing before me. I was almost scared to look up. His voice was deep and low....it shattered the ground silently. Him: "I doubt Lukhanyo would like his wife being entertained by her phone instead of helping.....who you giggling with?" Me: "what's it to you?" Him: "ok. Stay secretive." Me: "I don't think I can beat you at that though..." I got up and walked away....I was so not going to entertain him today. Or any other day for that matter. Just a one more day, till he's gone....my heart smiled. Ngath akafiki uSunday!

Chapter 180

I went inside the house. Lukhanyo's ma had Luhle in her arms. She was enjoying herself, I immediately browsed for my son...where is he.... I searched the rooms, he wasn't there...I went outside, Lukhanyo was sitting eb'hlanti with him on his lap. Him: "yabona kwedin, i-bhokwe izoxhelwa nguwe ngomso...ane? Ungakhamisi....ndakwaz wena..." We were waiting for the goat. It was due to arrive in the afternoon. Him: "jonga nanku mama...." I went over to kiss him.....I missed my boy.....yuuuh, bayagoduka namhlanje and'fun nova.... 2 nights is too much....I went back inside the house and made tea for the women who have gathered. Sam came to help, She: "bayakhula man amantshontsho...yoh, I can't wait to have my own" Me: "trust me, if I were you....I would wait!...akho rush...just chill...have fun...." She: "you seem to be a perfect couple man...you make anyone want to fall in love..." ...there's no such thing...trust me you never know what happens between 2 people...you can't make the decision to be like them...it will never work, always do it for yourself. Me and luks aren't perfect. But we tolerate each other. And I love him.... Me: "oh hay wethu....you'll find happiness one day..." I took the trays to the women in the lounge and came back to Sam....who was making dough for vetkoeks.....don't even ask me..I don't know..... Lukhanyo walked in....biting Luthando's nose....he seem to enjoy it, he was giggling and drooling all over his Dad. Yes, that's his father....nobody else. Akho lonto ka Lubabalo apha...makangazo phapha... Lukhanyo was roaming around the kitchen....yaxoka yazulisa ufuna indaba....lol....tshin ubaby... Sam however didn't notice...she carried on talking totally oblivious to Lukhanyo's perky ears. He was making googly sound with his tongue to Lutha..... Sam: "but that Lubabalo guy...." Oh please keep silent.... Me: "yaa ne." She: "he's just something else....the way he

talks.....total bliss" she tilted her head sideways....esheee.... Me: "is it..." Lukhanyo didn't move, he just stared at her with amusement on his face...as he took out a cup, and turned on the kettle....was he making himself tea? Lukhanyo akaphungi nje, except hot cocoa....lmao....I've got to see this.... Sam however continued: "I wonder if he has any friends....yoooh, he looks mega rich..." Me: "you're rich too....I don't understand your point...." She: "Lihle he lives in Lovemore Heights! Its so far, you would swear it wasn't in P.E" Me: "you are exaggerating....its not that far...besides its like any other suburb....its not that special..." She: "but Lihle, Summerstrand and Bluewater Bay are typical rich people's suburbs.....but Lovemore Heights? Damn.....he's on some other other shit right there...." Me: "he is your big brother." She: "not exactly...." she said smiling sweetly.... Me: "eeuuuw! Besides he has a girlfriend." You should've seen her face....it had KILL written all over....lukhanyo was still staring, taking out a jug of milk from the fridge..... She: "oh? Where she from?" Me: "uhhm....I don't know...apparently he's a player soo...even if you weren't related.....you wouldn't have been happy. Be happy he's your older brother.....he'll take care of you real nice...." She: "when you guys were talking outside....bes'thin kuwe?....he looked quite comfortable...." The corner of my eye saw Lukhanyo leaning on the counter, facing us....he was holding a cup, sipping it slowly, staring at me.....waiting for my reply.....suddenly I forgot what he had said.....uhm.....oh yes! Me: "he was asking who I was giggling with....I was on facebook that time....talking to an old friend...you two should go out futhi....she's totally fun...and ningavana...." I had to change that topic.....fast.....

Lubabalo walked into the kitchen.....Sam just smiled uncontrollably.....*slaps forehead*...this is her Brother for Goodness sake! Lubb: "Afternoon ladies....." He smiled.....showing all his teeth.... Me: "awancuma sana.....did you brush your teeth properly today? Making sure we see each one.?" Lukhanyo spat out the milk in laughter... Lubabalo turned around slowly to look at me....he smiled, this time with his mouth closed.... Lubb: "ndabawela uk'phendula, qha ndizoz'bamba...." He walked over to Sam, who was melting into liquid. Lubb: "hi Sam..." She giggled ... "Hi...." Lubb: "you see Lihle? Some people can still be polite and look cute....I don't know about you...." His mouth in a grim line..... Luks: "hahahaaaa....*he stopped halfway his laugh* yoh....hayi Luu andiy'thandi....how dare you?" Lubb: "ndongena kuwe....." Lukhanyo carried on laughing.....I don't believe this!....I walked out that kitchen fuming.....I wasn't even mad at someone. I was mad at myself! I needed a comeback! I can't let him just diss me. The hell he thinks he is.....khona ndiphumele nton kwela kitshi? Mxm....I walked right back in. Lubb: "heheeehee! Ubus'yaphi? Etapin?" He smiled innocently.... Me: "nope.....I just needed to breath cuz there's a level of

infectious germs that entered here a few minutes ago.....however ingene ngok bek'fike a certain individual.....coincidence? I think not...." Lubb: "so its like that? I'm infectious? Explains your mood...." He turned around and spoke to Lukhanyo... Lubb: "uphunga nto? Kandiphe?" My mouth was hanging open.....isile leshit yento mos! How dare you turn my diss against me....Luks: "its milk...." He gave Lubabalo the cup...who drank two gulps..... Lubb: "tastes nice..." Lukhanyo was giggling happily.... Lubb: "what?" Lukhanyo burst out laughing..... Lubb: "what is it?" Luks: "its lihle's breastmilk..." You should've seen the look on his face....Lukhanyo almost fell down in laughter....Lubabalo had his tongue out, rushing to the sink...he rinsed it off.....we were all laughing by now.... Lukhanyo high-fived me..... Luks: "I'm Kidding!!.....teamwork....babe..." Lubabalo just stared at us, trying to control his smile.....but he couldn't.....

Tivo walked in, "cela siyen eb'hlantlanti ifikile ibhokwe." Lukhanyo walked out first and Lubabalo followed sticking his tongue out at me.....mxm....akamdala.... Ta Smig was already there standing, I was texting Vuyo asking her where on Earth she was. She: "aint feeling well peto....been throwing up all morning..." Oh ok..... Ta Smig greeted the family and the ancestors....I listened intently.....Lukhanyo uyasaz isduko sam....and uyakwaz und'thutha.....I just know his clan name..... Ta Smig continued...half the things he was saying I could not understand, but I listened. He poured a bit of tobacco in a dug out whole, a matchbox and a shot of Brandy. Another man, whom I did not know, spoke....he was apparently from ekuhlaleni...ezongqina.....he was mumbling...when he was done, Tivo poured shots of Brandy to go around....Lukhanyo took the little glass and passed it in front of me. Not that I wanted to drink, but why did he not ask for my opinion? After this process the ladies started singing and the goat was led to the backroom....that was the process for the day. It will be slaughtered tomorrow afternoon. Some of the people left, Sam took me to the room....I fed the twins and got them ready for their afternoon nap. Ta Smig walked into the room. He sat down on the bed, pulling Lulle's leg....she was quite sleepy. Lukhanyo and his big brother walked in....Luthando immediately lit up. Lubabalo smiled at him in a surprised baby look....tickling his tummy....Lutha was in uncontrollable giggles.....Ta Smig stared at him...blankly....then looked at me.....with a thoughtful look

Chapter 181

I was tired by now. My feet were swollen. But I had to get up and cook supper. I went to the kitchen with Sam. Luhle was sleeping, Luthando was excited by his uncle, so they were together. Me: "alale uLuthando please, ndiyacenga. Or I'm gonna have a problem tonight." Lubabalo just huffed and pouted...uthen na lo? Tshi. I walked to the kitchen and started on the pots. Sam was behind me, her phone rang. She: "hey babe...." I couldn't hear the caller... She: "but ndiyancedisa nje kuyaphek-" "Okay ke ima ndiphume...." Lubabalo had walked in the kitchen. Lubb: "where you goin?" With that deep voice. Sounding like Morgan Freeman. Sam: "uhmm....a friend of mine, wanted to see me real quick...." Lubb: "where is she? I'll wait with you phe gatin masambe!" Heeeee older brother traits...over-protectiveness. She stared at me with pleading eyes.... Me: "lubb, please be a blessing for once and change uLutha....leave Sam alone, she's grown." Him: "bungasoz ungathethi mama....." Me: "well as'koyik sonke bhuti. Get off your high horse..." He turned around walked back into the room. Lubb: "I don't have the time to argue with you Lihle. I really don't." Me: "I'm glad." Sam: "thanks peto" she whispered and ran out.....andiyo peto yakho nawe....I was standing alone in the kitchen. I couldn't be on my phone either....arrgg...I needed something to keep me busy. Lukhanyo walked in and came straight to me, he held me against the counter and kissed me. I was beyond shocked...I pulled away. Me: "no! Kukokwenu apha! We can't be sucking each other's faces kodwa kukho abantu abadala..." He didn't even listen to me....I was mesmerized by his kiss....I felt like I was floating....then he looked at me. Him: "ungumfaz wam mos. Awuyo nkazana..." Oh?....nguban inkazana? I asked myself...he planted a baby kiss on my nose and went outside....he had an erection.....serves him right....and tonight nd'zolala nabantwana bam mna....I attended to the pots again. My legs were wobbly....waz'ba ndityhafiswa yinton! Lubabalo and Ta Smig walked in the kitchen. Lubb gave me Luthando... Him: "akafun lala" duh....how can my child sleep enukiselwa yile forest of colognes that you've buried yourself in.....I decided to keep quiet...ndiz'bambe....for once...they walked out to the yard, to the other men.

Sam came back 2 hours later....I was making tea. I took the tray to the women in the lounge. Then came back to Sam...she was awfully quiet. Either way, I kept quiet and finished cooking. I went to go check on my babies...who were sound asleep still. Luhle uthule these days. I must take her to the pediatrician as soon as this whole thing is over. I checked her breathing...seems fine. I kissed her lips, she moved a little. I kissed her again...then went to Luthando, I love both my babies, equally. But Luthando, the way he is....its just....wow. These little cupcakes of mine are gonna drive me crazy one day.....Lukhanyo walked in.... Him: "baby, can we talk?" Me: "okay

sthandwa..." He sat next to me, he looked really nervous....I wonder why.... Him: "I spoke to Chumani's doctor and he said he was willing to file report against umamakhe. So he did, and kwacelwa ndiyomlanda..." Me: "and?" He stared at me, trying to breath.. Him: "baby, ndize naye...he's outside" whaaaaaat! Was that kiss in the kitchen for undicenga? Heeeee! Me: "where is he?" Him: "boy!" He yelled....the door pushed open and a little boy walked in...wearing red skinny's, a black sweater and sneaker....with a back pack...he had a truck in his hand..... Luks: "iza, izobulisa..." The boy walked to us nervously and looked up at me... Chumani: "molo" his voice was hoarse and deep....at least he wasn't rude.... Me: "hey champ....awuy'fun i-drink?" He simply took off his back pack and opened it, he took out a juice box and handed it to me... Him: "cela uvulele" he muttered....I stuck the straw in the silver hole and gave it back to him.... Him: "enkosi" he sucked on the straw.... Luks: "thanks babe.." He kissed my cheek and walked out.... Luks: "masambe ke boy, shiya ubaka alok..." He placed his bag on the floor then walked out, waving at me.....I waved back smiling..... Thank God he's a sweet kid. I don't mind him living with us.....

I went to the kitchen, to start dishing up for the family....Sam took out the plates and volunteered...so I just took the trays to the people in the lounge....it was dark...outside....everybody started eating, lukhanyo fed Chumani...the twins woke up. I sat on the bed and changed Luhle first....I checked Lutha he was still clean...I fed them.....Sam came to sit with us....she sat on the bed and played with Luhle. She: "I would love a girl...they're quite cute..." Me: "both are cute...once you are in labour, I promise you, you won't even care if its a cat or a dog, you'll just want it out of you"....she laughed, Lukhanyo walked in... Him: "babes, its getting late....funek sihambe" Me: "ima ke nd'kawleze ndivase izitya...." I got up and washed the dishes...and the pots...I wiped them and put them in their places....I had to search first...once I was done he led Chumani to the Benz....we had brought both cars because we came separately... Him: "hamba no Chumani wena, I'll take the twins." I took the bags of the babies and Chumani's back pack. I called Ta Smig... Me: "bhuti, cela sihambeni." Him: "hayi mamngwevu, ndiyashiyeka mna...I'll see you tomorrow..." He hugged me, I said my goodbye's to the family then I walked to the car.... Lubabalo came through.... Lubb: "heee, mna ndiyashiywa?" Me: "hopefully YES!" Him: "sorry sweet cheeks, I was actually talking to my brother".....ouch! I think I'll need an ice cube for that burn....I climbed into the car and started it, he went into the Rover with Lukhanyo and the babies.....I left for eFord....with Chumani.

I arrived at the house, and parked the car inside the garage, I walked Chuma in and lit the house up. I didn't have any toys aphe ndlin for a 3 year old kemna...his suitcase was already here..so Lukhanyo probably started aphe ndlin before he went to Dwesi,

anyway....I ran him a bath, with bubble foams, luckily he had a yellow duck and a few floating toys in his suitcase. I put them in the water...he undressed and went inside...tshin uphi uLukhanyo na? Maybe he went to drop Lubabalo off qala....Thank Goodness if that is so. I made hot milk for him, to help him to relax after his bath...new surroundings with new people must be nerve-wrecking. He was awfully quiet in that bath....I went to check on him, he was playing with his toys silently....I kneeled next to the bath and wet his cloth, applied soap and gently washed his body....he didn't mind me...he was just doing his thing....I looked at his face....and for the first time...I actually saw a resemblance....ufana notatakhe lomntu uXolani. The difference is, this child is so sweet. He looked at me and smiled.....ncaaaaw gosh that smile....I would swear Xolani did this on purpose even though he's in the grave...but no worries. I will take care of Chumani, because ayinguye! I took his towel and wrapped it around him then carried him out the bath and walked to the bedroom....I dried him up and lotioned his body. He was singing Humpty Dumpty in that cute voice of his. I dressed him in his navy jumpsuit with white astronauts. Yes, Jumpsuit! It looked even more cute because umdala lomntu....I led him to the lounge and switched on Cartoon Network. Ben 10 was on.....matter of fact, its always on....why not change the name to Ben 10 Network? Mxm....I gave him his milk and he drank while watching....I went to the bathroom to drain the water and picked up his clothes, putting them in the basket....I decided to do the washing now then hang it in the morning. I loaded the white clothing and some washing powder. I start the machine....I went to call Lukhanyo...bekuk'dala alok ngoko! Him: "babes?" Me: "Lukhanyo, buya nabantwana bam please, uzule ke wena on your own. Kusebusuku for lento uyenzayo!" Him: "ndisendlelen ezayo baby, bendiyodropper uLubabalo." Me: "I want you in this house before 21:00, siyavana? And you dare put my children's life at risk, uyowndibona!" I hung up.....tshi uthen na ulukhanyo! Angak'linge aphambane apha.....the time was still 20:15pm. So He had time. Lubabalo's house was no more than 30 minutes away, so makangand'qali please. I went back to the lounge to a sleepy Chumani, he was laying on the floor rug...ow bethuna kuthen engahlal on the couch, I went to him and picked him up.... Me: "uyozela?" He nodded....I walked to the bedroom Ta Smig was going to sleep in...it was warmer and near to ours, like the twins' nursery. I don't know uVuyo uthi ubuya nini! I opened the spread, placing him in.... He closed his eyes immediately..... Chumani: "goo'night mama..." My heart melted....

Chapter 182

I bent over and kissed his forehead. He was so sweet. Lukhanyo walked in to the house 15 minutes later. He carried each twin in each arm. Luthando was asleep, Luhle still gazing around sleepily. He lay them on our bed and walked to the other room, he went to an already asleep Chumani. He just sat next to him and stared at him. Then got up, I switched off the washing machine and lights. I changed into Lukhanyo's t shirt and changed the babies. Luhle efeketha, she was really worrying me bonanje, I don't know her like this. Something was bothering her, she was holding on to Luthando's hand, he was fast asleep, she tried pulling it, but nothing happened. Noba unesthuk'thezi...this was why I didn't want them apart. They're just too close. I took Luhle, before she woke up a noisy Lutha and tried calming her down. Lukhanyo came in and held out his hands. Him: "msapha" I gave her to her father. I took Luthando and put him in his cot. I crawled into bed; Lukhanyo was already there with his daughter on his chest...singing her a lullaby. It looked like a romantic affair...he fell asleep before her though, she followed right after.

I woke up early at about 6am...I went to brush my teeth...I was feeling really dizzy. My head was in pain. I walked to the machine and took the clothing to hang them on the line. I decided not to wake my team up before I finish making breakfast. I finished hanging the clothes....and walked right back into the house. I didn't know what Chumani liked. But I was tired of pancakes mna. I made omelets, bacon and buttered toast. With mango juice. He might enjoy that...I didn't know him much, but if he was to live here then we'll have to have some type of bonding sessions. I love boy children. They so chilled. I walked to our bedroom and found Lukhanyo sleeping in a different position. He was cuddling into Luhle's right rib...I hated waking him up...he looked so peaceful... Me: "baby vuka..." Him: "no...." He moaned... Me: "kuzobetha u7 and wena yathand ulibazisa..." Him: "5 minutes" he muttered....I walked away to Chumani...I opened the door and found him sitting there on the bed crying. My heart broke into pieces. Did I do something wrong? Did he have a nightmare? Khumbula umamakhe? Me: "what's wrong boy? Did you have a nightmare?" He shook his head. As I walked closer, he started shaking. Me: "I'm not gonna hurt you...I promise, just tell me what's wrong" I picked him up from the bed. And noticed it was wet. Ohh so that why...but khalela nton? He's just a child njena...how could he know how to wake up and go pee. Its my fault because alok I gave him something to drink before he slept.... Me: "sukhala alok ndoda...I'll clean this up for you va...you hungry?...masovasa kqala...then you'll have some really nice breakfast yabo?" He nodded his head....I wiped away his tears....yhhuuu, andise khubeke maarn....I walked him to the bathroom, running his bath water, I took the jumpsuit and put it in the

washing machine, with the damp sheets. He got in the bath and I washed him. I asked him about his favorite food. He liked dumplings..lol...and for breakfast he liked eggs. Good, I already made them. We got out the bathroom. He was chatting excitedly by now, telling me about his friends at school and all their playing activities...I listened intently...taking out his clothes. I took out jeans and a white plain t shirt. He wore a vest underneath...then wore the jeans. They fitted tightly. Very nice....and they were skinny's. He wore his T shirt and insisted on his brown Bronx boot. I had to give in....his begging face was too adorable... Him: "but mama jonga...its look nicer with my boot. Jonga. Tata bought it for me." I was glad....tata bought it for him. And by tata I was figuring Lukhanyo...in which he walked in...and leaned at the door. Chumani smiled at him as I was tying up his laces. He couldn't wait till I was done. I understood his excitement because he hadn't seen him when he came home last night. He ran up to him, wam'kawlela Lukhanyo and threw him in the air. He was laughing uncontrollably.... Luks: "ulele njan?" Chuma: "kamand tata...." Luks: "good boy...zotyana ngok ne?" He quickly nodded and Lukhanyo put him down...Chuma ran to the lounge...my husband pulled me close to him.... Luks: "enkosi sthandwa sam...I know this is hard for you-" Me: "what? Hard? You crazy? That is the sweetest child ever how could it be hard? He did nothing wrong..." He kissed my lips... Him: "so kehek iskipa sam ndis'fumana nin? Cuz ndifuna us'nxiba ngok" Me: "awusenamona man!" Him: "hayi tshi sesam mos..." Me: "but you have dozens other t shirts mos!" Luks: "ndifuna ESI mna!" Me: "so ndis'khulule kehek?" Him: "ucifan'ba?" Heeee! I took it off and threw it at him....he smiled.... Him: "ndadlala qha, bend'fun ukhulule..." He tackled me to the ground....and kissed my neck... Him: "what are we having for breakfast?" Me: "omelets, bacon and toast. When are you leaving?" Him: "as soon as my wife hates me enough to divorce me, which is not anytime soon...." He bit his lips and kissed me again..... Me: "khasuke phez'kwam lukhanyo..." Him: "make me".... One of the twins cried, it was Lutha... I looked at him smiling... Him: "mxm.....ei wena nalo nyana wakho....ninamakhubalo man...." He got up and pulled me with him. He handed me the shirt, I wore it again...and went to my son. He wasn't crying because he wants to be attended to, he was crying because his blanket was over his one eye. I took it and he sighed.... I picked him up and took him to bed. Lukhanyo was dishing up for himself and Chuma. I fed Lutha in the meanwhile because Lutha was still asleep....we lay on the bed and I chatted with him....he was pulling my hair dragging it to his mouth... Me: "a.a boy....don't do that..."He looked at me....then smiled....I was thinking of getting someone to come help. A nanny. But uzofika xa singazobakho or ancedise....there's 3 of them now...I don't know if I can manage 4 babies(including Lukhanyo).....

Lukhanyo came back in after he finished eating, he took the babies, Him: "mbovasa, I'll shower after you..." He bathed the babies so long....he was such a great help at times. I quickly showered and got dressed, no high heels today. Shit was getting real. Ndidinwe ndaz'yekela izolo....I took over the babies who were still weren't dressed he was taking pictures of them in their diapers. My goodness. I dressed Luhle, and fed her....Luthando was still holding onto his father.... Him: "my boy, can you work a phone? Uzofownela ban?" I took Luhle to the lounge and fed her. Chumani was watching his cartoons. I strapped Luhle in her chair and placed her next to him. He looked at her and played with her cheeks. She giggled and blushed. Lukhanyo was still struggling with Luthando, he was a handful, I tell you...Lukhanyo was trying all his might to dress him but he just kept pushing and kicking, giggling and drooling. Lukhanyo gave up and took out his old iPhone 5 and gave it to him....he ended up calming down, sucking on the phone...his father dressed him...grumbling. Him: "kodwa boy uyageza wena....ude und'xhuthela iphone yam?" He kissed his cheek. Me: "what happened to his toys?" Lukhanyo looked at me surprised.... Him: "akaz'fun baby, ufuna iphone..." He lied....he didn't even try looking for them.

A car pulled up out front. It was Lubabalo and vuyo, he waltzed in the house with Vuyo behind him. They were in a debate... Lubb: "but sthandwa sam, its ugly qha! I wouldn't be caught dead seen in that shit....I wouldn't be caught dead, knowing that you drive that. We not gettin it..." Vuyo: "okay! What do you suggest?" Him: "Lihle, what car do you suggest for my second?" Oh, I was in the conversation now?..... Me: "uhmm....an R8 or A8 would suit you just fine...." Him: "Exactly! Yabona ke sizovana!.....so baby, choose between the R8 and A8....the color will be black, and interior would be either red or cocaine white." He kissed her cheek and walked to Lukhanyo in the bedroom. Vuyo stared at me through dark eyes...what did I do wrong? I just gave an opinion....dun what car did she suggest? She walked to the kitchen and greeted, I greeted her back.....

Hayke Bawo.

Chapter 183

I had a headache mna, don't have time for her hormonal nonsense. Lubabalo walked back in.... Him: "something smells nice, kuphekwe nton? Andilambe..." He walked to the kitchen and dished himself bacon. I walked to Lukhanyo, Me: "uqibile?" Him: "yes..." He wasn't even dressed. Matter of fact, he hadn't even showered. Me: "but

baby, sime ngawe njena. Everybody is ready to go" Him: "funeke icace ndim indoda yale ndlu. You will all wait till I'm done and ready, nawe drink some water and sit down." Hehake...you know what....today I wasn't in the mood. Even the headache hadn't subsided yet....so I walked back to the lounge to Chuma... Me: "uhluthi boy?" Him: "yep..." Me: "so what are we watching?" He shrugged...I switched the channel to Nickelodeon. I couldn't bear this Ben 10 nonsense. Spongebob was on... Lukhanyo heard the theme song esese roomin and he came to sit in front of the tv in his shorts and socks....I was sooo irritated...I breathed and breathed and breathed. God please give me the patience, if you give me the strength I might just beat him to death. Me: "Lukhanyo" Him: "mfaz wam" Me: "uyow'nxiba nin?" Him: "I'm watching this show then ndiyonxiba... Luu, get me some breakfast quick" Lubb: "do I look like a maid?" Excuse him? In who house? I am the one who usually makes breakfast and take it to Lukhanyo, so I'm a maid? I didn't even want to argue I got up and dished Lukhanyo breakfast then poured him some juice. Lubb: "kodwa bendidlala naye, I was gonna do it..." Me: "its okay, its done now." I said in a low tone. I really was in no mood. I took the tray to Lukhanyo and gave it to him. Him: "reasons why I love and keep my wife. Take notes Lubabalo." Lubb: "so you keep saying...." I took Lutha and strapped him on his seat too...next to Luhle. Vuyo came to sit in the lounge and eat...in a very foul mood. I didn't even need this type of negativity. Is there a time when I can be alone? Please just one day? They are acting like such children bobathathu! God, it makes me so mad. Kodwa kuthen namhlanje ndingena patience!? I can't wait to get back to bed. My body ached badly. Lukhanyo was eating verrryyy slowly. I couldn't take it, I just got up. And took the keys. Me: "I'm going out for a drive..." Lubb: "Can I c-" Me: "NO! Most definitely not you. Chumani, do you want to come with me?" He got up excitedly and kissed Lukhanyo's cheek he ran to me, climbed in the Benz and we left. Aint nobody got time for this.....

We drove straight to summerstrand and went to get ice cream....strolling on the pavement. Me: "what do you like doing the most?" Him: "soccer." Me: "and?" Him: "cars. I like yours." Me: "thanks sweetheart...so all you do is play soccer?" Him: "my friends and me go to the park, but I must not came late at home." Me: "okay...what else do you want to do with us?" Him: "am I gonna go home?" He had a hint of worry in his voice, Me: "no son, you're not going anywhere....you're staying right here with me..." Him: "can you buy me a bike?" Me: "of course I can..." He lit up instantly.... Me: "today we're going to your dad's home ne, we will spend the day there...we'll go shop tomorrow for your bike...." He nodded...when we were done with our ice cream we walked to spar to buy a 6 pack of Ceres juice, yogurts and fruit. We walked back to the car and got in. I drove back to eFord. Lukhanyo was half-dressed. He was doing

this on purpose, he wanted me to snap. I will not snap. I will calm down. Chumani walked in and went straight to the tv. Lubb: "ya kwedin" Chuma looked up at him and smiled confused...he looked back at the tv. I washed the dishes in the sink. A tiny part of me was irritated of Vuyo. Uzode enze nton? Look, I know she's pregnant, but she's a fuckin 3 months! A few dishes? Tidying up? *sigh*.. I am not letting this get the better of me. This was not the time. I tidying my kitchen up and went to the bedroom, finally Lukhanyo was done. Him: "you ready?" Was that a rhetorical question?.. I packed Chumani's bag with juice, a yogurt, a banana and an apple. Me: "yes" I took the babies bags, and my own and walked out. I was taking the Rover with my children. Him and Vuyo and Lubabalo will make a plan. I buckled the twins up... Me: "Chumani..." He came to me and hopped in the car, I put on his seatbelt... Luks: "heee, uhamba nabo bonke kengok? Ungand'nik uChumani nje?" Me: "its fine....I don't mind..." I pulled out the garage and drove to KwaDwesi.

I wasn't mad at Lukhanyo or Lubabalo or Vuyo. Neither the babies or Chumani. I was mad at myself, I don't know why. I just felt off...and irritated. Nothing else. Its probably the fatigue, this week has been long. And I still have to come here again ngomso. Lord have mercy on me....I pulled in the street and parked the car....Sam came out to greet me...she took Luhle. I unbuckled chumani and Lutha. I brought them into the house, locking the car behind me. Sam: "are you okay?" Me: "I'm fine thanks....and you?" She: "you don't look okay..." Me: "ndakwaz ke wena...ngo exaggerater. I'm perfectly fine..." She: "did you sleep last night?" Me: "sam please. I slept perfectly well. I am fine." Did I eat? Gosh....and'zonga dinwa mos...Sam's friends and cousins came through.....I have no idea that Lukhanyo had cousins. Absolutely no idea....they not from Ta Smig though, that much I know....speaking of him...he walked to me slowly....I gave him a bright smile.. Me: "molo Ta" Him: "what's wrong?" Me: "ndimbi na namhlanje? Kuthen? everyone thinks I don't look well. I am fine" Him: "if you say so....how are feeling?" Me: "I am feeling blessed, I have 3 beautiful children and a wonderful husband....and a very big family..." I smiled.....I started thinking about my mother, and my expression fell to the ground with a thud. I tried cheering up as soon as possible... Lukhanyo's ma came in. She: "molweni nontombi, wena uzoncedisa apha...she led me to the kitchen...Sam came to me, She: "sapha umtana, sizohlala k'la room yam nabo va..." I nodded...I looked next to me, Chumani was still standing there looking around nervously...andiy'thandi ke lento ba lomtana ingathi he was commanded everytime k'le ndawo be kuyo...it hurts me nyan....and indenza istress....I bent down to him.... Me: "my boy, would you like to go play outside?" He nodded and shrugged off his backpack, I took it and he ran out...I put his bag in the room with Sam. I started cooking in silence, the other women

talking about somethings I didn't know about people I've never heard of so I kept quiet and thought.....I have to call my mother, maybe tomorrow I could go and see her, yuuuh, all of a sudden I have such an empty feeling inside...I really miss her. I wonder what she's doing....how is she coping?...I felt like crying....she really didn't want to see me...she cast me out the hospital that time, saying when she's ready she'll tell us, can't she be ready already?....I was not in this mood....I felt his arms around me....I almost choked in shock.... Me: "don't do that!" Him: "ucinga nto? Why uzokothuka? Kodwa uhlel nabantu?" Me: "nothing....I'm just tryna focus qha...." I felt his gaze on my back... I dare not look at him....he'd see right through me.. Him: "okay then...." He walked away.....Thank God. One of the women: "you have a lovely husband..." Me: "thank you...." I smiled genuinely.. "He once gave me a lift to greenacres ndingena busfare, ndiyokupha imali..." ...sweet, I thought to myself.....then they all joined in with their stories of Lukhanyo. On any other day I wouldn't have minded. Just not now. Vuyo and Lubabalo walked in. Lubba was in an ugly mood, I could tell....I kept my distance....he looked really ill. Vuyo: "I don't understand, why you're mad, I was just saying!" She can't do this here...what's wrong with her. I decided not to interfere, my bowl needed rinsing I went to the tap outside and ran the water... Vuyo appeared. "What is it between you and Lubabalo?" Today too? Please no.... Me: "nothing vuyo...." She: "ever since you heard about me and him, you've gone cold towards me...you two used to be close alok, you never know what happened! So I want to be sure." she was pouting out her mouth, with her hand on her hip.....what the hell is she doing? I didn't have time for this.... She: "I'm waiting Lihle." Me: "Gosh, vuyo, can't you be happy for yourself unendoda eryt efana nolubabalo. Fuck, child, grow up. If bend'dyola nolubabalo don't you think I would've been against you being together the first night? I checked up on you izolo mos, wathi uyagula....I was fine when you walked in this morning. Kuthen ndizojika all of a sudden. I don't have time for you and your boyfriend, I have a household to run." I walked off, she held my arm.....arrg....I promise you, if I wasn't at my in-laws.....I swear to G- she: "you know what? I'm moving out to Luba tonight, I can't deal with you right now..." Bitch do you.....I don't care.... Me: "okay then, go well." I walked off.....

I went back to the kitchen and carried on cooking, Chumani walked into the house... Him: "mama, ndilambile...." Now that's my boy....makand'xelele...angahlal athule....I took out some bread and made him a sandwich, he fetched his juice and went to sit down to eat.....

In the afternoon, they slaughtered the cow, I was feeding Lihle in the bedroom, Lutha was laying on his tummy....Vuyo and Lubabalo were in the back...away from

the crowd.... Him: "I decided on the R8...A8 is too big for me, indenza bengathi ndilixhego." She: "oh ok...." She was disappointed. She thought a GTi would be nice, but his comment was: "look at a GTi, then look at me. Case closed"she tried to argue but it didn't work, he was really stubborn. Then he had to ask Lihle for her damn opinion. Izoqhutywa nguye dan lemoto? Lonto unento qhuba moto z'ka Lubabalo, what for? Iyaphela ke naleyo. She has a car mos. Ngok ufuna nto k'le....shii... Lubb: "are you listening to me?" She: "what did you say?" Him: "and'nayo patience yoz'repeater kemna. I said, I'm leaving for a few months, I'm going to New York. A friend of mine included me in a business deal that side so funeke ndibe based pha for a while" She: "New York?! Woow babe! That's amazing!" Him: "yeah, its chilled....sOoo, wena ugoduka nini baby?"

Oooooo..... We might need an iceberg for that burn.

Chapter 184

Vuyo was shocked. He's leaving? He didn't tell me he was leaving!... Why now? Was it because of me? What? Why? Lubb: "look baby...I would love to take you with me...I promise, but everything is already finalized. I can't change it now. If besinziwa ndim lento I would change it, qha ngok ndisebenza nabantu....and you don't have a passport ready....so ke nyan....I'll call you everyday though...I swear..." Vuyo: "but uzobuya nini!!" He stared at her.. Lubb: "I said FEW MONTHS Time vuyo...don't make this hard for me please..." Vuyo: "I'll wait for you then..." Lubb: "where? You can't live with ooLihle forever, they need their space babe, alok they're a family bona...and I don't exactly leave my house with women inside it except Sylvia. Naye uyahamba, she'll be back, when I'm back." Vuyo swallowed hard....she can't go back home pregnant with no job or husband! Her mother and father will kill her....they were strict. It was a mission moving out as well. She couldn't go back. Lubb: "kuthen ungafun goduka nje?" She: "my parents..." Lubb: "just tell them the truth babe...if I had time, if we weren't busy, I'd go with you....but my hands are tied. I'm leaving ngo l emini ngomso"she nodded. Lukhanyo appeared... Luks: "Luu, iza fondin!" Lubb: "ndiyeza fethu" he held Vuyo, and kissed her... Lubb:"I'll be back before you know it mntu wam, don't look so worried...don't stress...you gonna hurt the baby...do you want me to call your parents?" She: "no"..he kissed her again... Lubb: "jonga sothetha later on va..." And walked to Lukhanyo and the other men.....

My head was spinning. I was developing another headache...I had to go to the car to get my pills...as I walked out the bedroom the other women call me. She: "yeke, izapha uzophaka...." Godd I wanted to die...I took the big spoon and stood by the pot waiting for the plates, I started dishing up for plus minus 50 people....I couldn't even keep count. Nobody said it would be easy to be a wife. So I have no one to blame. I started thinking of all kinds of ridiculous things....what if I never went home with Lukhanyo that night....but ndiyamaz lomfana ngewandi fumana nakanjan, the way he is passionate about his things...I could've run away.....to Xolani? Pssss, please, I know I got it good right now. I finished dishing up eventually, probably after 45 minutes...abanye bebe qala ufika, abanye bengeka hluthi.....I walked to the car and sat inside with the door open. I searched my handbag for a pain killer. Or something. Anything! I couldn't find it...oh great..I relaxed my back in the seat and breathed. I needed to get pills. Lubabalo appeared. Does this guy have NOTHING to do?! Lubb: "yinton ngok?" Me: "headache" Him: "got pills?" Me: "nope..." Him: "hmm....zothin kehok?" I swear I wanted to strangle him with my nails biting into his neck, ndizoyazelaph mna ba mand'thin?! Yeses naye maarn! Me: "nothing." I got out the car locked it and walked to the house, I hate headaches, they make me so uncomfortable and moody. I walked into the kitchen, the women were sitting and drinking tea....it was almost late afternoon. I poured myself a glass of water and drank it....hopefully this dreadful thing will just go away. Ma came to me. "Uryt sisi?" Me: "perfectly fine, ndiphethwe yintloko qha...I drank some water, hopefully it'll ease off soon..." She: "okay then...let me know, if it persists..." I smiled at her and helped washing the plates. I started conversation with one of the ladies, soon forgetting about the stupid headache....my phone rang... It was Thulani, I went outside to answer. Me: "hello?" Him: "hi Lihle, uphi uLukhanyo? Akaphenduli phone..." Me: "kukho umsebenz kokwabo so we're here....at his mom's house, ndimnike ifone?" Him: "please mtshana..." Lukhanyo was already staring at me, I gave him the phone.. Him: "yes?" "Hahaa...ohh uphi WENA!" "...ndisekhaya fondin....iza maan, tshi....shoo!" He hung up and handed me the phone.... Luks: "babes, direct Thulani here please...uthi unengxaki, so ufuna uthetha nam..he sounded really down..." Me: "uthen dan?" Him: "and'maz baby...noba ukhatywe ngu Bukiwe..." I actually laughed....that's seems oddly impossible...Bukiwe uyanyaba alok ku Thul'z....yayaz iphola aphe kop leya...ay'buzwa... Me: "yagula ke wena.." I sent Thulani the address and went back to the kitchen.....

About 45 minutes later.....Thulani appeared ehamba ngala Golf 7 i-red.....he was wearing baggy jeans hanging abit low...not too low though...just acceptable low. He had on black and white adidas sneakers and a black adidas t shirt....he came with his

son. He looked out of a mood...he held his little boy in one arm... And I went to greet him....I looked for Chumani, I found him playing with another boy. He was holding a big piece of meat in one hand, his face was oily with the biting and nibbling. Me: "baby, come here" he ran to me... His eyes popped out in question....Thulani put his son down... Me: "this is Junior, Junior this is Chumani....." They looked at each other...blankly. Chumani: "come..." He waved to Junior who followed abruptly...a bit confused...they sat down together with the other boy, Chumani gave his meat to Junior and ran to Lukhanyo, Lukhanyo bent down as he whispered in his ear. He gave him another piece of meat then Chuma ran back to Junior, took his piece and handed him his....they started chatting. Thulani said to me: "I didn't know you had a toddler..." Me: "there's a lot you don't know...uphi uwifey?" His expression turned into disgust and he walked away....

Yoh....and'qondi noba I want to know...

Chapter 185

I walked to the house and went to check on the babies.... Luhle was asleep, Lutha was just out of place....he just looked really sad...I had to take him...yoh umtanam aqumbe kanje? I first fed him then went outside, maybe if he sat with his father, he'll be fine. Just as I walked out the house toward Lukhanyo, Lubabalo came forward.... Lubb: "nantsi ntwana yam estrong!" He took him from me...I would be mad on any other situation but Lutha immediately lit up excitedly so I let them be. I walked to Vuyo...why was she acted ghetto all of a sudden? She was sitting in the shade with two ladies... Me: "vuyo can we talk?" My mood hadn't improved yet...I needed something... Vuyo got up and walked to me. She: "yes?" Me: "kand'kaphe ndiye kwa Shoprite I need an energy booster or headache tablets or something... She: "but I'm still resting my feet, they're kinda sore hey..." Did I have sore feet at 3 months? I doubt it....phof each pregnancy is different... Me: "okay then...but you're fine? You don't need anything? A chocolate? Snacks?" She: "no, I'm chilled thanks...." I walked away...I went to Lukhanyo, Me: "pumpkin, cela stixo se Benz, ndiya eShoprite I need a redbull or headache tablets..." Him: "uthen dan, une ntloko?" Me: "yes boo..." Him: "awufun ndikuse kengok?" Me: "no babe, I'll take the kids for a ride..." Him: "you shouldn't be driving around ungaphilanga Lihle, worse with children" Me: "Lukhanyo I'm not crippled...I am not blind. Its not like I'm terminally sick, I'll be fine!" Him: "yuuuh, sorry princess. Ina" he gave me the keys....Lubabalo was holding Lutha close

to him rocking him back and forth, he was probably sleepy...AND he was standing with Stuja! Lord I don't want to see this. Lubabalo had the most relaxed look on his face....too relaxed....

I called Chuma and Junior with their friend, I had to wipe their faces and hands first. We left for shoprite. I bought 2 redbulls and a pack of yogurts for them. We walked back to the car and drove back home. I drank the first can on the way...and finished it. We walked back inside and I went to sit in the room, the kids stayed outside....at least it almost late...almost time to go....I went to the kitchen.... Ma: "mtanam, cela wenze itea please wethu.." Me: "okay mama..." I made tea for all the women and brought the trays... She: "enkosi mntanam...how is the headache?" Me: "ibettere ngok mama, at least.....ndisele ne energy drink..." She: "okay ke..." I went back to the room....my babies were asleep...I had to feed Luhle though cuz bengekati yena....I know I shouldn't wake her...I hated to...but funekile atye man...I shook her a little bit and she twisted her body....I picked her up... She began to cry...I tried calming her down....and feeding her.. My phone rang. It was Bukiwe. I ignored it...I don't think I feel like talking to her. Not today....it rang and rang....I had to put it on silent, tshin lomfaz...ufuna nton? And why is her husband here? Angry?

Lukhanyo and Thulani.....

Thulani: "lukhanyo....I have something to tell you fethu...." Luks: "yinton ngok?" Thulz: "I found uBulelani...." Luks: "phi?" Thulz: "with Bukiwe..." Lukhanyo stared at him... Luks: "you lie...." Thulz: "ei lukhanyo....this bitch, tried to kill me! Us!...I understand me....but ningena phi kehok nina!" Luks: "ha.a, she didn't try to kill us...befuna something against us....if she wanted to kill us we would be dead." Thulz: "I think Lihle knows about what you did...and uxelelwe nguye.." Luks: "hayi man...she doesn't...if she did, she would flip this place over in split seconds." Thulz: "lukhanyo, women are dangerous....angathula eyazi...then when she gets fed up.....BOOM! She drops it on you like a bomb! All along you think she never knew..." Luks: "what is it between you and her anyway...?" Thulz: "lukhanyo, ndandingam'fun lomtana mna....I got her pregnant by mistake...and my family forced me to marry her. When she gave birth...waqala ngezi tendencies zisnaaks...she went out with friends a lot and drank...I forbid her to breastfeed my son ke mna...and I never slept with her....ndazenzela okwam....she found out about my fling with this one girl....she almost beat her to death...wayobanjwa...I said I was divorcing her ke mna ke...can't live with an animal in my damn house...she begged me and involved our parents wathi mna ndimdyolele and now I want to leave her, she doing everything she can to keep us together...the parents begged me to try harder. Thulz: "beshiye phone yakhe nge mistake emotwen...took the car ke mna ndisiya egarage....uthenge le phone ifana naleyam ngok naye....so I thought it was mine...it rang ndisendlelen and I answered...kukhalwa ngo "baby wam uzoza nin alok?"...I was shocked cuz ndiyazaz ndiyanxila qha alok sek'then ndizoba ne ndoda ezothi baby kum? I asked who it was and they hung up....I went to a friend and they traced the number....ndiyaz olohlobo ke...." Luk: "yooh...uzokwenza njan kehok?" Thulz: "that's why I'm coming to you for help...." Lubabalo appeared.... Him: "I haven't heard much but I'm excited already...." He smiled...

Chapter 186

It was getting late... Lihle wanted to go home. She walked to Lukhanyo, Me: "baby..." He walked up to me... Him: "hayi Lihle, you need to go home. Ingathi uzowa, look at yourself..." I wasn't that bad, trust me...Lukhanyo can exaggerate. Me: "I'll leave with the babies...noChuma va...nazi ztixo ze Benz.." Him: "I'll take you home." Me: "babe, stop fussing...I'll be okay.." I walked to go fetch Chumani... Luks: "but baby, andizok'yeka uhambe bonanje. Yaphambana Lihle, I'm not letting you go alone with my children...worse kuba late..." Me: "fine Lukhanyo. I went to say my goodbyes to the family. I swear it took 30 minutes, they were so many. And they were beyond friendly....I was almost sad to go...Sam helped me with the babies... Lukhanyo, Lubabalo and Thulani came to the car too...Lubb and Thulz were in deep conversation. Luks: "hamban nge Benz nina. Sobuyen ngayo we'll leave the Rover pha endlin. So Thulani and Lubb left their cars and Lubb drove the Benz....."

We got home and Lukhanyo went inside with the babies, I took a half asleep Chumani to bed. Gosh! I forgot the washing. I put him in our bed while I went to take the washing off the line, I made his bed and took out his other pajamas...I went to pick him up and undress him..he slid into bed and slept....I kissed his cute little cheek.....then it dawned on me. I have a 3 year old son? I smiled in pleasure...a very sweet 3 year old son...he's easy to fall in love with...I switched off his light and went to check on the twins...they were asleep too. I gave each twin a peck on their heads and went to bed. I undressed and wore my light blue and white polar fleece pajamas..for some odd reason I was feeling cold, I went back to check on Chumani..was he comfortable..he seemed so.....I went to bed. Lukhanyo was in the lounge with the guys...he came into the room and lay next to me on the bed... Him:

"so we're having another baby?" He smiled. Me: "no...we are fine now" Him: "don't lie to me..." He was nibbling my neck and ears.... Me: "ndiyozela bonanje..." He got up and went to the kitchen, he came back with orange juice and headache pills. Oh finally! I drank two and he lay next to me, pulling me into his arms....I was slowly drifting away.....

Lukhanyo got up and left with Lubabalo and Thulani... Luks: "okay, so Lihle is out the way...I'll talk to her when she's better, une moods ngok" Lubb: "I think she's pregnant...well done son..." Lubabalo was smiling..... "Niqibile ngok....nipheze please..." Lukhanyo: "akamithanga uLihle...there's something else wrong with her..." Thulz: "why usitsho?" Luks: "I can feel it....the last 2 times I got her pregnant, ndava apha kum.....with the twins, I felt weak....and with the previous baby yandim one symptoms....this time andiva nto..." Lubb: "then take her to the doctor..." Luks: "yamaz ke nawe ba uStubborn. I'll try and convince her..." Lubb: "m'qathe...say you're going out on a date...drive to hospital...uzoqumba aphinde ayeke. Ok'salayo senifikile...." They all laughed... Luks: "kodwa umuncu lubabalo xa uthanda yaz..." They were driving around eLok'shin

"So, what's the plan?" Asked Lukhanyo... Thulani: "I just want her away from me. Yabona ke la bulelani, do as you please ngaye! He fuckin makes me sick!" Lubb: "kuthen uzoza kuthi nje?" Thulani: "you were the one who was looking for him. I found him for you." Lubb: "touche...." They sat in the car in silence.....lubabalo looked at Lukhanyo who stared back at him and smiled... Lubb: "his address?" Thulani handed them his phone and they drove to Zwide....they turned to a street called Booi and then eMbobela. He lived in a brown cement house...a white golf stood out front.... He was there with his friends. 2 guys. Lubb: "you know we can't sit in here forever right?" Luks: "thulani phuma, uyom'landa..." Thulani looked really nervous...what were they planning, I thought they would just punch him a few times then leave him alone...the looks on their faces said something different... Lubb: "fuck this." He got out the car and Luks followed. Thulani wagqina isbindi wahlika naye....they all walked slowly towards Bulelani...who didn't see them...Lubabalo stood right in front of Bulelani, blocking him from his friends....he opened his eyes wide with surprise... "Well, look at you. Hello!" Bulelani stared at his cruel evil smile... Him: "moja fethu..." Lubb: "uvelaphi? You know I been searching for you like a dog...." Bulelani: "I been around..." Lubb: "Where!" He demanded. One of the friends intervened... "Ekse sani yinto hok?" He surged forward to try rescuing his friend... Lubabalo held up his hand, closed his eyes and looked sideways.... "Nibizwe nguban ke nina?" One tried to pull Lubb's arm...lubabalo just twisted it with free hand....and held it against the guys back.... "I fucken dare you to try that again. You'll go home

with no arms." He let go and turned back to Bulelani who was backing away....he stepped back trying to run... And instead bumped into Lukhanyo, he turned to look at a bright smiling face... Luks: "hello." He beamed.... Bulelani turned to look back at Lubabalo who stared at him through squinted eyes.... Lubb: "ncncnc....bad mistake...." Bulelani: "guys it was just a joke...bend'dl-" Lubb: "does it look like I'm laughing?" His palms started shaking.....its go-time

Chapter 187

Bulelani: "I'm soo sorry...I didn't realize..." The friends had ran away long ago... Lubb: "do you know what ima do to you, not that you're that pretty..so I would do the world a favor..." Bulelani: "please, don't kill me..." He cried... Lubb: "I'm not gonna kill you." He stared at his eyes.... "You're gonna kill yourself..." Lubabalo looked around.....something was wrong....he looked at Lukhanyo....then at Thulani...he backed up from Bulelani... Lubb: "where are those two idiots that were standing over there?" Thulz: "they slipped away..." Lubb: "guess you're gonna have to pay the price..." He said to Bulelani....he heard sirens... Luks: "fuucck!" He screamed.... Lubb: "no no....relax. I got this...." The van pulled up in front of the Merc, Lubabalo turned around to face the cop coming out of the car... Cop: "I should've known. Mr Morrison. I should've guessed!" Wait what.....how did he.... Lubb: "Evening Detective Smith..." Lukhanyo was now confused....they knew each other?... Cop: "causing trouble still....put your hands where I can see them..." Lubb: "I'm not gonna do that. How bout you put YOUR hands where I can see them? Huh?" Cop: "you will be in deep shit, if you don't do as I say!" Lubb: "and that is what exactly? Nigga I pay yo salary....fuck you mean I'll be in deep shit?" Cop: "that doesn't mean you can go around terrorizing people!" Lubb: "we're not terrorizing him! Bulelani, are we terrorizing you?" He quickly shook his head.... Luks: "clever decision...." He whispered.... Lubb: "see? We having fun. And no, you're not invited..." The cop and Lubb stared each other down....he was out of options, there was nothing he could do... Cop: "just get outa here...." Lubb: "and if I don't want to?" Cop: "it was not a question lubabalo, Leave!" Lubb: "Fine!" He turned to look at Bulelani.... "I will find you...." He murmured... Luks: "we'll be back...." And they walked to the car with Thulani.....

They drove straight to KwaDwesi. Thulz: "what if he runs? We shouldn't have let him go!" Lubb: "patience young soldier....patience...." Thulz: "what?!" Lubb: "thulani, be

still....." Lukhanyo was quiet.... Lubb: "what's eating you?" Luks: "how do you know smith!?" Lubb: "oh come on...." Luks: "no lubabalo, come off!" Lubabalo sighed..... Lubb: "naske napathazela this evening nindixakile shem...." His phone rang...it was Vuyo. Him: "baby..." She: "where are you?! You can't just disappear Lubabalo!" Him: "try calming down please and ask me one question at a time." She: "lubabalo, und'shiya njan apha ndodwa! Niphi?" Him: "I said one question....and I'm already on my way..." He hung up....I hate clingy girls, lubabalo thought to himself...worse I wanted to spend the night with Luks namhlanje cuz I'm leaving tomorrow...now she's demanding me....mxm....uzoz'bonela bonanje. Ima drop her off pha endlin....asele amanzi....the arrived at KwaDwesi and all got out...Thulani went inside to fetch Junior. Vuyo appeared. She: "uvelaphi lubabalo?" Him: "kwindaw'zam..." She: "are you tryna be funny?" Him: "Vuyo ndihamba nabantu. Njan und'buze elo kretse? Sund'gulela please man...." he walked to his car and unlocked it... He shouted back at Luks. Lubb: "nd'sayo qala pha kum, nd'zobuya ndijikele pha kuwe..." Luks: "sho.....Thulani, uyeza?" Thulz: "I have to take care of lentwana yam...cuz ndiy'gxothe leya endlinam....I'll need a nanny from now on...." Luks: "harde mfethu..." He shoulder-bumped his friend and Thulani left... Lubabalo and Vuyo drove off....Lukhanyo went inside the house to check on Ta Smig before he left for Ford...to check up on his wife.....

He drove home swiftly...when he arrived. Lihle was still asleep in the same position he left her in. This bothered him...a lot....he took off his clothes and crawled in behind her....He held her to his chest.... Him: "baby..." She didn't move...just breathed peacefully.... "I did the most fucked up shit....ever.....sthandwa sam....I want you to know that I love you...I love our children...I love our life together....baby wam I love you. You're the queen of my heart. You always will be...I know uzoba nomsindo and even leave me...but at least you would know that from the bottom of my heart I am really sorry. I will take care of our kids..support you with everything....so here it goes.....eJeffreys Bay, the pic you saw....that wasn't Lubabalo. It was Me...cela ungam'qumbeli....he just doesn't want us apart....he was trying to protect our marriage....I know we shouldn't have lied but Lihle uyazaz xa unomsindo...you don't even listen. Nothing happened between me and that girl...it was just a meaningless kiss....I love you lihle,,,I hope you'll find it in your heart to forgive me....." He kissed her cheek....she turned around and wrapped herself in him....she was still asleep...snoring lightly.....did I just confess to my wife whilst elele? Noba ndiyaphambana....but ke she's holding me now....so what the problem.....her hand clenching my vest the same way our babies do when they're on my chest.....oh, but I love this girl...she makes me so complete. Who ever thought mna ndonke

balele" Vuyo: "baby I'm about to.....I'moooooh baby....." He pressed his mouth on her and she squealed underneath him.....her body shaking....then cooled down... Lubb: "you like that?" She: "yes..." She breathed....as he lay next to her. After a while he got up. Vuyo: "uyaphi?" Him: "going to my brother" she rolled her eyes. Him: "ndiyok'faki mpama mna your whole head will spin, don't you dare roll your eyes at me....tsh.....nd'ya buya" he kissed her cheek and he walked out.....

He thought he heard a door open.....he slipped away from Lihle quietly and walked to the lounge. Nobody was there. Uhm...okay. He called Lubabalo. Lubb: "mh?" Luks: "uphi?" Lubb: "nd'sandophuma endlin...nd'yeza ngok..." Luks: "kaw'leza...thought I heard something..." Lubb: "put your gun away. And go back to your wife and children..." Luks: "why?" Lubb: "it might be a trap lukhanyo, use your brains!" He hung up...Lukhanyo. Turned around to a half asleep Lihle... Lihle: "what's going on?" Him: "waiting for Lubb." Lihle: "in your socks and underwear Lukhanyo?" Him: "I'm also wearing a vest mos..." Lihle: "mxm..." She walked over to him...wrapping herself around him... She: "finally...it will be just me you and the kids after tomorrow.." Him: "hee, awugezi..." He kissed her forehead...and held her tighter.....he heard a car pull up....a door close.....then 2 gun shots, someone fell!.....what the?... Lukhanyo tried to run to the door, Lihle pulled him... Lihle: "NO!" Him: "baby, my brother is out there!" Lihle: "lubabalo will be fine! Cingela abantwana Lukhanyo!" He seemed jittery....pacing up and down...Chumani woke up and walked to us.... He was scared...Lihle picked him up.....then.....we heard a knock.....on the door.....

Chapter 188

"Vula lukhanyo.." It was Lubabalo.....Lukhanyo opened the door. He barged right in...his hands covered in blood..... "What is going on?" Lubb: "I was checking the pulse.....liy'1 yezaz'denge zase zwide...." Luks: "I knew one of them looked familiar..." Lihle: "can you please have this discussion elsewhere...niyam'bona mos uChumani is a bit shaken..." Lukhanyo took him from my arms...and led him to the bedroom...my head still pained...ngathi akude kuse...I need to go to the doctor...I helped Lubabalo wash the blood off...only by holding the tap..... Lubabalo: "still got that headache?" Me: "yep...your poison is working really slow." He laughed... "Oh why thank you for noticing..." I smiled briefly and walked to bedroom... Lubb: "lihle..." I stopped and turned around. Me: "yes, lubabalo?" Lubb: "you really want me to go ne...." I sighed....please don't change your mind...I beg you....just go..... Me: "in a way....yes... I

do" Him: "why?" Me: "you just agitate me...you try so strategically to annoy me its actually a wonder how I survived this long. And then again...lukhanyo will be broken if you left...so yeah....mixed emotions from my side..." Lubb: "I'm so sorry though. I might not even come back. But just know that I'm sorry for the trouble I caused." Me: "apology accepted...." Lubb: "so you still want me to go?" Me: "yes..." Him: "why? If answer me honestly...I'll tell you the truth about your babies..." My eyes widened....he was willing to confess... "I know you when you lie ke....don't think you can fool me..." Me: "I want you to leave because....." Lubb: "because you love me....say it...." Me: "the truth about the babies?" Him: "say it..." Me: "fine then , I'll consult a doctor..." I turned around to leave...he held my arm.... Me: "yaz'bon uyawa qalile? Do you see yourself?" Him: "I didn't make you pregnant. Ngabantwana baka Lukhanyo aba boy2..." Me: "why were you pulling my leg..." Him: "because you enjoyed seeing me bond with lutha....it was cute...." Me: "safe flight lubabalo." I walked back to my bedroom.....

I lay with Chumani on the bed..Lukhanyo was there too. Me: "we need to talk about Lubabalo." Him: "oh Gosh, not again. Iphela nin dan le feud yenu noy'2" me: "lukhanyo your brother is obsessed with me!" Luks: "babes, he would've kidnapped you by now or raped you if that was the case. He just has difficulty showing he cares...that's why he just annoys you instead." Me: "he knew us way before we got married...before I found out I was pregnant. He knew about us, before we even got together....." Lukhanyo stared at me.... Me: "now, I don't know how far he has gone....but lukhanyo...he's been too close...." Lubabalo just walked in.... Lubb: "what are we whispering about?" He whispered... Luks: "just chatting about going to hospital to check on Lihle, then to motherwell for her mother...." Lubb:"okay...we need to get rid of lewei ilapha phandle.....sihamba nin? We could just chill apha instead...ndityafile yaz.." Lukhanyo stared at me through squinted eyes....ndenzen ngok. Luks: "tyafiswe yinton?" Lubb: "ndihluthi..." He winked....Lukhanyo laughed... Me: "goodnight-in guys..." Luks: "you don't wanna chill with us?" Me: "no babe...go chill together..." He got up and they walked outside.

Lubabalo and Lukhanyo took the body to get rid of it... Stuja had come to help. After they were done he left and they twins went home..they cleaned up outside. They entered the house to watch some tv and drink. Luks: "so you're really leaving....." Lubb: " yes." Luks: "do you have to?" Lubb: "yes..." Luks: "when are you coming back?" Lubb: "I'm not sure Luks....andaz mfethu...." Luks: "ok" looks like he already made up his mind...they chatted through the night after a long time Lubabalo got ready to leave. He hugged his lil bro by the door... Lubb: "so I'll see you .." Luks: "I guess..." Lubb: "nigga are you crying..?" Lukhanyo pushed him playfully.. Luks: "yaphambana

tshi." Lubb: "take care of those little munchkins and your wife..." Luks: "sure bhuti"....Lubabalo walked out to his car, climbed in then drove off.....when he got to his house. He stumbled in and walked to the bedrOom, he switched on the light and stared at Vuyo. She: "what's wrong?" Him: "what happened between you and Stuja?" She: "nothi-" Him: "so wena you go around entertaining men?" She: "No!" Him: "K Vuyo, K va? Sure" he switched the light back off and climbed into bed.... Him: "cela usondele" she shifted towards him....his arms closing in on her.....he closed his eyes.... Him: "sundiqala mntu wam, ndiz'lungele. Please." Then he kept quiet.....

The next morning he woke up at 7am....his phone was ringing, he picked up sleepily...he was laying on Vuyo's chest.... Him: "yes?" Caller: "are you ready? Your flight leaves at 1 meaning you have to be at the airport at 11" Lubb: "I know that..." Caller: "well get up the-" lubabalo hung up....mxm.....I needed more time to cuddle with my girlfriend mna...I don't need this....he went back to sleep.....the phone rang again. Lubabalo ignored it....after the fifth ring... Him: "WHAT!!!!!!!!!" He hissed through the phone..... Caller: "geez, just called to say uhambe kakhle. On behalf of Lukhanyo.....he's being dramatic apha....anyway sorry to disturb....bye" lubb: "no no wait....I'm sorry lihle...didn't know it was you.....and thanks hey...I appreciate it...." Lihle: "sure, bye then" Him: "ask Lukhanyo if he can take me to the airport...and'fun shiya moto yam pha...." Lihle spoke in the background.....then came back on the line... Lihle: "he'll be there in an hour...." Lubb: "thanks, love..." They hung up....vuyo was awake.... Lubb: "yeke lovey...let's take a shower, and pack our things...Lukhanyo uyeza..." Vuyo: " now???" Him: "no, on Christmas..... Of course now! Iza baby maan..." He pulled her out of bed...and walked down the passage...he switched on the shower and undressed her, then pulled her inside, he kept kissing her, biting her neck.... Him: "I'll miss this yazi..." She: "me too baby...." He applied body shampoo on her back and rubbed it onto her skin massaging her shoulders..... Lubb: "if I hear anything.....about Stuja....talking to you, looking or breathing at you...I will slit someone's throat open babes....you belong to Lubba now....no more games...." She nodded.... Something about his relaxed playful tone told her that he was joking around.... Him: "that's my baby girl....ndik'thanda xa uObedient. That makes me happy..." He kissed her lips.....he was cold and soft.....how can a person be cold? Under hot water?.

Chapter 189

They got out the shower. Lubabalo was trapped in his thoughts...how was he going to play this out? His meeting will be on Tuesday..and he'll be back in South Africa before Friday. Thursday maybe? I won't be back here until next week or so, I'll start in Cape Town. To start setting up the new company there. I lost almost 6 million the last time I tried to build in Johannesburg...and I honestly need to make my company bigger. So Cape Town should be a good start now...at least le yalapha eBhayi plus the one in East London are doing exceptionally well. Maybe Vuyo should start out phaya as an intern...then train her to another position. But she shouldn't work while pregnant...yena uLukhanyo noLihle are going to be in charge of this one. Then I'll be based all over. The merger in New York should multiply my income at least 5 times over....I'm looking at over 30 million by the end of this year...it seems too little still...maybe I should look for another city....when I'm done with Cape Town. Lukhanyo needs to learn this fast, I need him on board. Together as a team, we could double it to 60...I smiled just thinking about it...its nice to have a clone..... Vuyo: "what are you grinning about?" Him: "I'm thinking about our future babes...I'm starting an empire....I'm booking you a plane right now for this afternoon va..." He took his phone and started typing furiously.... "There's a 4pm one and a 8pm...ufuna eyphi?" She: "4..." Him: "orytie then...." He got dressed in grey pants and a white shirt. And black suede shoes. She wore jeans and a boot, with a white maternity top... Him: "ndizok'fakela allowance every week va...do a little bit of shopping. And please Vuyokazi, go to your parents house. If I find out, you're not there. I will come back and drag you there myself. And I won't drag you with your arm.....what else.....uhhhmmm....oh yeah, you're going to go to a doctor once a month. I already booked him pha eMonti. I'll send you his details. Please don't miss an appointment. I'm paying good money for you to be there. Take care of the little one va...." He kissed her lips then bent down to kiss her stomach...."Behave"he tapped on it a little bit. Him: "are you done packing?" She: "yes, kuthen uthathe a little bag? A few months is a long time..." Can she just not! She's ruining everything.... Him: "shhh baby, go have your breakfast, ndiyeza..."

Vuyo's phone rang, it was Lihle. She: "hi" Lihle: "heey.. Unjan?" She: "I'm good, you?" Lihle: "I'm okay. Uyabuya mos namhlanje...?" She: "uhm....Lubabalo booked me a flight home, ndihamba ngo4". Lihle: "oh did he now.....we have to meet up ke and talk. I don't want you leaving without us working things out" Vuyo: "me neither...sodibanaphi?" ...lubabalo walked into the kitchen...with a questioning look.... 'Lihle' ...she murmured...he smiled and sat down staring...his elbow on the table, a fist under his chin. Lihle: "lubabalo just entered right?....uwoaah..when he

leaves, call me...we can have lunch somewhere, noba kuse Walmer." Vuyo: "okay cool, I'll call you...." Lihle: "sure..." Lubb: "don't hang up..." He murmured....vuyo handed him the phone.. Lubb: "you just can't wait, can you?..." Lihle: "God, please....lubabalo, of course I can't wait. My blood is boiling with excitement!" Lubabalo laughed and hung up.... Lubb: "what you wanna eat....?" Vuyo: "uhm, just toast and tea." Lubb: "okay...forgive me if I burn it..." Vuyo giggled. He made the toast and tea for Vuyo, he made coffee for himself..and put it in the fridge... Vuyo: "why?" Him: "I like it cold." Vuyo: "point taken..." He finished with Vuyo's breakfast and handed it to her...he buttered her toast...and she started eating... Vuyo: "its not that bad..." Lubabalo hid his smile... "yaz'bona ke..." He pulled her and kissed her, his mother walked in. "OH MY GOODNESS!!!!" She screamed! "Sebastian, please come through!" Lubb: "mother please!" Mr Morrison walked in. Him: "what's going on in here?" Lubabalo rolled his eyes... "Can you pleas-" Mother: "No! I refuse to listen to you! When were you going to tell us this?! Does Lihle know about this!" Lubabalo: "MOM!!!!" He screamed. "Lihle is not my girlfriend or wife! She belongs to Lukhanyo!!! Please understand this!" Mother: "but-" Lubb: "Nooo! Mama, NO! She isn't mine!..." Mother: "so who's this then?" Lubb: "mom, you know Vuyo! She Been here a few days back. SHE is my girlfriend." The Morrisons kept quiet..... Mother: "I think I need some tea. Sebastian please get our bags ready." She made herself tea and left the kitchen.....

Vuyo: "your mother doesn't like me..." Lubb: "baby don't say that, she just needs time." Vuyo: "she likes uLihle! Not me" Lubb: "please stop being insecure . Mna ndinawe qha and ndifuna wena...what they think is none of our business. We doing it for ourselves mos..." Vuyo: "do you really mean that?" Lubb: "babes, If you just listen to me. And do as I say...trust me, we'll work out fine. Ndiyaqumba kemna....kakhulu...so just treat me right and I'll do the same....come here..." He pulled her closer to him..... "We'll be together again real soon boo, I'll call you every day..." Lukhanyo walked in with Chumani... Luks: "love birds....." Lubb: "hey...." Luks: "you ready?" Lubb: "yeah..." Luks: "Lihle said uzobuya ngawe ne Vuyo..." Vuyo: "ok..." Lubb: "give us a moment.....please" lukhanyo walked out to the garden. Lubb: "babe....this isn't nice for me yaz....I'm gonn miss you..." She: "I'll miss you too...." He kissed her lips...and forehead..."I'll be back yeva?...." She nodded and he walked to his parents bedroom..... Lubb: "Ma..." His mother looked at him.....all these tendencies he has are because of her. She's bossy. She bullies his father. I learnt it all from her.....Lubabalo kissed her cheek then hugged his father and left with Lukhanyo and the boy.....

Lihle arrived and Vuyo left with her....She came with the babies. Vuyo: "hey" Lihle: "hi mtshana..." They got into the car and drove off... Lihle: "so what do you feel like eating?" Vuyo: "I don't know....wena?" Lihle: "I'm feeling shrimp pasta all of a sudden....masiye Angelos. " They went to Angelos.....when they arrived, a waiter came to attend to them..... His name was Pule. He was nice. Vuyo held Lihle, I held Lutha and we sat down on the table....I had brought their strap seats and put them each on top of a chair...Lutha was as excited as ever. They ordered... Vuyo: "so we're official now" Lihle: "that's great news choma...I'm happy for you..." Vuyo: "I'm sorry for the way I acted izolo..." Lihle: "no, vuyo..I am sorry. I would have done the same nam if I were you. As long as you're happy with him...that's all that matters..." Vuyo looked away..... Lihle: "what?" Vuyo: "nothing...." Lihle: "if you keep it in Vuyo. Trust me it will eat your heart away." Vuyo: "he's just.....he does things differently...." Lihle: "how?" Vuyo: "he is warm and cold! He just.....so.....Vile with his words. I don't understand him" Lihle: "my friend. Listen to me carefully. It was the same when I started with Lukhanyo. He was out of this world.....firstly too romantic then he'd turn into a monster the next day...it confused me all the time. I was mostly depressed but he'd make up for it soo good...peto...I'd fall in love all over again. Just be patient with Lubabalo...he's had bad experiences with girls, be the best ke wena. Understand him, talk to him...don't push...be gentle. Banjalo alok bona...they like to act macho kodwa bayafeketha....you'll be fine baby girl...." Before she could even reply. Both our phones rang. It was our big babies.... A beginning of a new era. Expanding our family.... 😊:)

Chapter 190

They finished their lunch and decided to go to the airport....Vuyo checked in and I called Lukhanyo... Me: "uphi baby?" Him: "home, you?" Me: "at the airport with Vuyo...I'll be there in a little while." He said okay and hung up. "Heee, akase qumbe ubhut wakho..." Vuyo: "yeah....lubabalo unayo indaw yakhe.." ...how come I'm not feeling that way? How come I'm happy? Matter of fact my headache gone! Me: "I guess." Vuyo: "I should get going..." Me: "okay friend.....call me when you land" Vuyo: "thanks for this..." They hugged...and parted ways...Lihle carried both babies to the car...and buckled them up...we left for home.....

Lukhanyo was laying on the couch with Chumani on the floor eating a sandwich and juice I brought the babies in and put them in their cots....I had to start on dinner. I

picked up my phone on my way to the kitchen and tried calling my mother, the phone just rang.....unanswered. My heart tore a little, so I just started on the pots...Lukhanyo was oddly quiet and I knew why. I will wait him out...I roasted chicken and potatoes. With pumpkin and mixed veges.... Lukhanyo likes veges, but tonight I'm thinking he isn't liking much....I waited patiently for the pots...and looked over at him. He was watching a movie.. But I could tell he wasn't concentrating. His mind was elsewhere..it was almost evening... Me: "uzotyngok?" Him: "yeah...." I dished up for us...I handed him his food and gave Chumani his....I went to fetch the babies, and fed them.....Chumani ate quite fast. I love a child that eats....Lukhanyo was nibbling....he should've said he wasn't hungry. Qha. I wonder ndizay'thin na lento yakhe and alok I'm going to the doc tomorrow so he'll have to stay with the babies. Vuyo called. Me: "hey" She: "ndifikile ke va...bhut wakho hired a car to take me home ndifike kukho umntu ophethi gama lam aphe airport" yooh, I laughed....Lukhanyo stared at me briefly then looked back at the tv...I carried on talking. Me: "ncooh man that's sweet though...so uyagoduka ngok?" She: " yep, time to face the music" Me: "you'll be fine chomi, text me when you there...and if you need anything I'm here.." She: "ok lovey sho..." We hung up. My phone been beeping all through the call, someone was trying to call me. Right then it rang again. Lukhanyo: "ngatsho nje ba kuse call centre apha..." He muttered....I was so not entertaining his moods. Me: "hello?" The caller on the other line was crying....enesnqala.....who was this? It was private number still. Me: "hello???" Caller: "li-lihle..." Nguban na lona...I was already thinking it was a wrong number, but clearly not.. Me: "ndithetha naban..." Lukhanyo stared at me again....this time without moving. Caller: "uThulani und'shiyile...he doesn't want me! Please talk to him" she cried.. "I don't know what to do lihle, I tried everything....I love him! Please talk to him..undikuphile nase ndlin..ndak'cenga lihle....kand'thethelele..."I will do no such thing. Me: "Bukiwe, andizoz'ngena into zenu mna, I don't know what really happened so and'zokwaz uveske ndithethe naye....when I saw him he wasn't looking good...and bengafun thetha ngezonto....so maybe if you let him cool dow-" Bukiwe: "ohh so he was with you!" Me: "no, he wasn-" Bukiwe: "I should've known! Nguwe lo! He couldn't wait to run to his skimpy mistress! Siiees! I thought you were my friend Lihle" I don't answer to bullshit ke mna....niyandaz mos? From Sbosh still ndingeka bi official no Luks... Me: "okay bukiwe. If that rocks your boat. Fine." She hung up.

Me: "lukhanyo, yinton ngok ezi ziy'2? " He just shrugged and looked back at the tv. How am I supposed to communicate nomntu oluhlobo?...mxm...I took the dishes and went to wash them. I dried them and walked to the Chumani's bedroom. I took out his pajamas and he came in, rubbing his eyes...I wanted him to bath first, but ke he

looked tired, I undressed him and he climbed into bed. I went back to the babies. Luthando was on Lukhanyo's chest, Luhle hanging on to his lap...I took Luhle and went to the bedroom with her, I knew she wasn't sleeping ANYTIME soon. We sat on the bed, and I paged through an old magazine. After the doctor tomorrow I should go shopping. Just a little...I need to understand why I hardly eat and always tired...I need to freaken eat.. *sigh* ...and maybe exercise! Yes, I need to go to the gym. All of a sudden I was getting all these positive 'I want to do this' ideas...my phone beeped. It was a facebook messages, I ignored it. I need to just deactivate my account because andiy'sebenzisi.. Lukhanyo walks in a minute later holding Luthando and his phone. Him: "and then?" Me: "and then what babes?" I got up and went to put Luhle in her cot with her toy. He did the same with Lutha. Him: "this?" Handing me the phone. I walked to the kitchen, there was a wallpost from Thulani, "check in box!" Then another from Bukiwe "whore!" I was shocked. What?! I didn't even do anything. Luks: "what does she mean by that Lihle?! Huh? Are you seeing someone!" Me: "what? no! Ndihlala nawe mos lukhanyo each and every day!" Luks: "she's your friend! She knows what you do when you out!" Me: "she is your ex! You should know that she's a liar!" Him: "why would she write it on facebook!?" Because she's crazy! Like you right now!" He didn't even hesitate, he grabbed my neck at once. Luks: "I'm crazy? You are saying I. Am. Crazy?" Me: "Lukhanyo, you're suffocating me!" I started choking...his hands held on tighter.... "Ple-ease" I croaked... Luks: "who is he?" Me: "there is no one! I swear!" Luks: "thulani yena?" Me: "you can ask him. We're not inv-volved! Please...." He let go, and walked out. Chumani stood at the doorway... God, I didn't want him to see this. I went to him and picked him up, I brought him to my bed and we crawled in. Me: "its gonna be fine boy va...." He nodded and cuddled into me...his small arms around me. I closed my eyes.....here we go again. The real Lukhanyo is back. I should've known that sweet one would never last. THIS is his true self....

Chapter 191

Chuma and I fell asleep after a while.....I started seeing visuals in my sleep...the day Xolani died. His last words... "Goduka...panqoza wam...I love you" ...when I dreamt of him...he told me it was gonna be ok...when! Why can't it be ok now! Xolani wasn't talking, he just looked at me...blood on the left side of his shirt...I called out his name....he just looked at me. Then disappeared right before my eyes....I felt something move beneath me, my stomach?...I quickly woke up, it was Chumani.

Lukhanyo tried to pull him away. Probably taking him to bed...but Chuma wiggled himself away from him and held on to me tighter than before, his leg on top of mine. I closed my arms, holding him too...yuuuh sana....I'm not letting go of my son nam... I held my Chuma. He took Xolani away from me. Now uzothatha uChuma..ha.a...fuck that, I aint having it.... He eventually gave up and crawled into bed. But I know he wasn't asleep. He isn't going to sleep. He never does....I was scared. So scared that my bladder was full, ndade ndatshiswa ngumchamo...I really needed to pee..but I was not letting go of this boy....eventually I drifted off to sleep..

I felt his hands on me...I almost died in shock. How the fuck? Uphi uChumani!? How did he remove him?...he moved closer, I could just sense his cocky smile...how dare he! He kissed my shoulders, and top back...massaging me....it felt really good. But I was scared, I blocked the feeling...the more I ignored it, the more it increased...oh God....his hands slid down slowly to my waist then to the front. He was stuck to my back now, I literally felt his smile....his hand rubbed my stomach....and slid further down. Until he reached it....I pretended not to feel anything....I pretended to be asleep....maybe he'd stop....but he just carried on. he slid one finger in.....and he gasped..... "Wow" ...he whispered...he moved it slowly inside. Tension was building inside me.... Internal conflict....my other is saying push him away....the other says try that and you'll land in hospital sooner than expected. Just let him be...it'll be over soon! I didn't know anymore, so I just kept quiet....he slid the second finger in then started moving his thumb in circles on my clitoris....he's doing it on purpose.....pretending was getting harder....I was beyond turned on.....and there was nothing I could do about it.... Him: "I know you're awake...." Me: "please leave me alone..." He kept quiet.... Him: "let me just....." He stopped then pulled out his hand.....my body was still craving more, he turned around to sleep....my pussy was throbbing...so he was gonna punish me? Like this? Okay. Fine..I turned around to look the other way.....my breathing was in tiny gasps...I couldn't sleep. Him: "do you have anything you want to say?" Me: "no...." Him: "okay then..." He breathed happily..... Me: "why are you doing this?" Him: "because I can....you can't go around stomping in this house, thinking you own me..." When the hell?... "You make me feel inadequate in front of my own brother!" When did he learn such BIG words. Does he even know what it means phof? Him: "you think its funny?" Me: "no...I don't, I was coughing..." He turned around and climbed on top... Him: "you were coughing?" He parted my legs....my cookie was already breathing heavily. My subconscious told me to push him away...I tried, but he just looked at me without even moving. That's how strong this animal is....he is like a wall. His phone rang. He ignored it....it rang again....matter of fact....5 times....then mine started ringing.....I looked at it... Him: "I

dare you..." I could see what was written on the screen....the only person that could help. The one I pushed away. It stopped ringing...he took it and switched it off and did the same with his.... Him: "problem solved...." He kissed my lips....the sensation started again....how the hell does he do this? Why? If I didn't live with him, I would swear he used Muti...my hands were still holding his arms since when I tried pushing him away.. Me: "lukhanyo....why do you do this?" For a split second, his face fell and he looked really sad.....but it quickly changed... Him: "because I love you..." Me: "you don't love me...." Him: "you wouldn't know...you're too busy entertaining Lubabalo to even notice..." Me: "I didn't entertain him...." Him: "look, I'm in the mood of making love right now, I don't want to talk about my brother va....its a turn off...." Me: "but I don't want to. Make love to you" he stared at me bewildered... Him: "who do you want to make love to?" He was already holding my pot again..... Him: "huh?" Me: "no one..." Him: "that's fine with me...." He carried on with his hands. Me: "don't....." I grabbed on the sheets.....my body was failing me.... Me: "luukanyoo..." I moaned irritated. Him: "talk to me. my baby" I couldn't bring the words out my mouth....I just gasped, my toes curling.....I was about to reach climax.....he grinned.. "Still don't wanna make love?" Me: "yes" Him: "yes what?" "I want you to....." He inserted himself in..my breath caught in my throat.....my thighs wrapped around his waist.....he held my waist...moving in and out....he groaned.....he lay on top of me, still moving...his breathing was changing....more quick gasps....short breaths of air. My body started shaking....he slammed against me at once and I released.....my body relaxed.... He got up and lay next to me.....he pulled me into his arms, my back facing him....he put his face in my hair and immediately dozed off.....I was pulled too far from my phone.....

Lubabalo just arrived in New York, he was dead tired. 2 flights continuously is just something else. He went into his hotel room....Lukhanyo and Lihle weren't picking up. Something was wrong...very wrong. Because right after that, their phones went to voicemail. I swear if that boy did something to her again....andiphinde ndiz'bambe. Yanya mos ngok.....fuck I need to calm down. He dialed Vuyo's number.... She: "hey..." Him: "hey boo, ndiyafika ngok...kuse min apha...almost 5 in the evening" She: "kuseb'suku ke apha...and undivusile...." Him: "xolo babes....I just missed you..." She: "ncoo, I miss you more ke mna..." He breathed.... Him: "how are the parents?" She: "bathukisile babes...a lot....like I don't even wanna talk about it..." She lied, her father actually whipped her with a sjambok.... Him: "okay, but I'll be back ndizok'thatha va...then we'll work something out together..." Vuyo: "okay babes...." Him: "did you see Luks, before you left?" She: "nope...." Him: "oh okay...." She: "lihle called him sisese airport, she said ba bequmbile..." Him: "oh? Hayi he'll be fine wethu....babes, let

me sleep va, I'll call you when I wake up...." Vuyo: "okay love...." Him: "kiss me" Vuyo: "mwwwah..." Him: "mwaah, back to you..." They hung up..... Lubabalo couldn't control his anger. He knocked the plasma screen to the ground. It was hanging on the wall....so it ripped part of it off.... The tv screen cracked in two..... Him: "fuccckkk! Lukhanyo maan!" He knew it, deep down inside, for sure something was going on!

Chapter 192

Lubabalo took 2 sleeping pills and went to bed....he was knocked out...he needed rest, this was going to be a difficult decision to make. Do I go back? Or do I proceed with my meeting? We're talking over 30 million...its still dollars for fucks sake! No I need to sleep on it. He fell asleep.....

Lihle woke up the next morning her body ached. But she had to get up...her back was in pain...the headache came back again, she got up and walked o the bathroom....she was feeling really tired. Or fed up. Just out of it.....I never thought I'd say this but I would rather Lubabalo come back...I washed my face and brushed my teeth then went to the kitchen. I made pancakes with syrup. I don't feel like doing anything else...I just wanna go...I went to check on Chumani...he was fast asleep in his bed. I went to check on the twins...they were still sleeping too. I tiptoed to check on Lukhanyo. He was laying in bed with his eyes closed. No, he wasn't sleeping. I could feel it in my bones....I went to the bathroom and took a quick shower...I put on lotion and went to get dressed....I wore jeans and a white blouse with white flat shoes. I was going to the doctor today. I went to check Chumani again, he just woke up and walked to the bathroom, I made him a bowl of cereal and he watched cartoons. He looked at me, Him: "mama..." Me: "yes babe?" Him: "your neck".....what was wrong with my neck?... Me: "itheni boy?" I walked to the mirror and saw purple bruises all over....oh gosh! I was shaking, so I need to wear a scarf? Kushushu! Damn....I walked to the bedroom and took a navy silk scarf...I wrapped it around my neck... Chumani came to me, holding up his arms. I picked him up....kanti he wanted to fix the scarf...he tied it as a chiffon on my neck...it looked really cute....I kissed him and he just giggled and went to eat his cereal....I was almost in tears...overwhelmed with love for lomtana.....goodness....I went to the bathroom....to do my make-up...covering the eyes mostly. I finished and got up, when I walked to the door. Lukhanyo was already leaning on the frame....staring. What is it with this staring thing they do with

lubabalo, it is so weird. Him: "where you off to?" Me: "the doctor.." Him: "oh?" Me: "yeah...." Him: "you didn't tell me that. By the way you look nice. Lovely scarf..." Me: "thanks...." He walked out to the twins. They were awake...Lutha had made a stinky. He took him out the cot to go change him....when he was done he went to fetch Luhle. All 3 of them sat on the bed. I went to make Lutha and Luhle their porridge...and fix their bottles. Chumani was done eating, I took the little bowls to the bedroom, giving one to Lukhanyo...he fed Lutha...who seemed to be sulking. He is always giving his father a hard time....then kwathi qatha icebo....I need Lukhanyo's toothbrush. And Dna from the babies....maybe Hair will be fine...I finished with luhle then went to look for two money bags. I put them in my pocket, I came back and offered to help with Lutha...he got up and went to the bathroom...I took a scissor, and cut pieces of their hair at the back. I didn't like it...but I had no choice....anyway it wasn't noticeable..I put them in the different bags...and marked with a kokie, Lutha the other being Luhle...I shoved them in my pockets. Lukhanyo was brushing his teeth. I fed Lutha finished then waited for Lukhanyo to leave the bathroom. He came in and browsed for something I escaped to the kitchen to put the bowl away. I came back and went with my bag into the bathroom, covered his brush with plastic and shoved it in my bag. He walked in... "What are you doing" Me: "fixing myself" I didn't even bother looking at him. He didn't see the tooth brush...he didn't even notice. I walked out, he followed. "When will you be back?" Me: "not sure, I wanted to do some grocery shopping afterwards...you wanna come?" Him: "hell no...." He took out his wallet and gave me the platinum card. I kissed the babies goodbye, then went to th lounge, I kissed Chuma goodbye, Lukhanyo stood in the dining room. I walked over to him nervously, I kissed him too...he held the kiss, I backed away.... I took the Benz and left.....

Lubabalo had just woken up. He was in a bad mood. He got up and walked to the sink pouring himself some water. His body was in need of something else....it had a longing. He made his decision, this is a once in a lifetime deal. He needed it...Lihle was strong, surely she'll manage for the next few days....He dialed Vuyo... She: "hey..." Lubb: "hey baby wam.....sandovuka ngok...." She: "yuuh yalala kodwa baby...." Him: "bend'diniwe man babes, ndilambile ngok....how are you doing?" She: "I'm okay..." Him: "don't forget your appointment ngo 2 Vuyo ne...." She: "I won't..." Him: "and don't be late..." She: "okay then....." Him: "okay ke baby....bye" they hung up....he got dressed and walked to the reception....he met with the manager and explained about the tv... "I was abit overwhelmed, I broke your tv" manager: "you did whaat!!!" Him: "there's no need to over react. I'll pay for the damage, the wall, labor.....just fix it tomorrow....I have a meeting at 8 so I won't be here until 1 in the afternoon. I want it

fixed by then yes?" The manager nodded.... Lubabalo walked away....and went out to have dinner. I hate eating alone, he thought to himself.....he saw an old woman standing by a corner...she looked homeless, he stopped by her. Him: "sorry, do you know where I can get a restaurant at this time?" She: "yes, right down that street..." She pointed to a near street.... Him: "are you hungry?" She: "kind of...." Him: "then walk with me....." They walked to the restaurant together as the woman told him about herself, he held the door open for her. She: "oh no...I don't roll like that..." Him:"like what?" She: "I don't sleep with men for money or food..." Him: "look, I'm not interested. I just don't feel like eating alone ok?...I promise, we'll eat and go our separate ways...." She walked in and he followed.....they sat down and ordered.....then started chatting.....

Lihle got to the hospital and decided to start with the DNA things. She went to reception and they led her to a doctor...they sat down in the office and Lihle told him about her situation. The doctor took the samples and put them in his own plastics. "So, if you find out your husband is only father to one twin. What will you do?" Me: "I'm not sure. Let me just know first..." Him: "the results can only be ready in a week's time..." I got up and walked to the next doctor. A gynecologist. I explained the way I felt... Doc: "it could be just fatigue, but we need to be absolutely sure. We can do various tests. But the first I want to try is pregnancy.....you say your husband has been commenting on you being preggies?" Me: "yes. But I'm sure I'm not..." Doc: "why?" Me: "I can't be..." Doc: "you do not want a baby?" Me: "we already have 3...." Doc: "so what's the problem?" Me: "I just don't think I can take another load...is there a way I can tie my tubes...temporarily? Like maybe 5 years?" Doc: "if you're Not pregnant....we'll look through those options.....take this, go to the bathroom and pee in it...then come back with it for me" I did as she said....she took a stick and dipped it into my urine....and let it dry... Doc: "just a matter a 3 minutes...try and relax. Its not a bad thing..." You wouldn't know....she tidied her work station in the meanwhile. And tried chatting...I was in no mood. I just needed to know....finally she sat down, smiling..... Doc: "Congratulations Mrs Mzinyathi....." I felt like crying and throwing up all at once.....

Chapter 193

"What are you saying doctor?" Doc: "you said you didn't want another baby? You're not having another baby." I was in shock! I actually cried tears of joy. "That is a relief, I almost choked on my saliva..... But then what is wrong with me?" Doctor: "I'm drawing some blood out, and I'm sending it to the lab. We'll find out by next week. For now I'll give you Vitamins and other pills, to keep your energy levels up. Get no less than 8 hours of sleep and try exercising." Me: "okay. I will." The doctor got up to fetch the pills. When she came back. Doc: "for now don't you want to take contraceptives...I'll give you brochures about the tying of your tubes. Its not an easy decision. Please discuss it with your husband first." Me: "ok"that is soo not gonna happen. She gave me more brochures to look at. What stood out was the Mum Tip. its placed under your arm and lasts for 3 or 5 or even 10 years. Depending on which one I use. The other is a Depo-Provera injection which lasts 12 weeks. Then the Noristerat which lasts for 8 weeks. The tip seems so appealing... Doctor: "come back next week to discuss which one you're best suited for. Then we'll take it from there" me: "I see. Thanks doctor...." We said our goodbyes and I walked out to pay the fee.....

I left the hospital with a bounce in my step...I'll just have to avoid sex with Lukhanyo for just a week. Okay. I drove to Pick n Pay. I bought diapers, and more baby supplies. I should try Purity....yeah let me start with buying only 4 bottles, we'll see if they like it. I bought more fruit, and cheese puffs. 3 six packs of Ceres juice...then just groceries for the house....maybe I will suggest take-aways for dinner.. So that we spend more time as a family. I went to the toys aisle and took a game of Snakes and Ladders. It was an easy game...because we had Chumani to think of. I saw the largest fire truck. It looked fascinating! He would love it, I saw those Hot Wheels cars with a building course, I took that too...I found a rubber car for Lutha, because he'll just shove it in his mouth....and a rattle toy for Luhle, she loves noise and drama like her dad. I went to go pay and left the shop....for home.

I was in a good mood. I got home and parked inside the garage. Lukhanyo walked in the garage. I got out the car and kissed his cheek. He was surprised....and a bit confused. He took out the grocery and we entered the house. He was so nosy, he wanted to know why I was in a good mood. I packed the grocer and Chumani came to me. I have hidden his toys....lol.... He hugged me tightly... Him: "jonga tata showed me how to tie my laces..." Me: "oh really? Did you eat?" He nodded... Me: "guess what?" He smiled brightly, biting his lips...his hands behind his back, he leaned forward... Him: "what?" He is such a charmer.... Me: "I got you something..." His face lit up in surprise.....I led him out the kitchen to the car...when I took out his truck, he

just started blushing....imagine this child is light skinned... Him: "thank you mama!" He screamed....I hugged him tightly and went back to the kitchen...Him and Lukhanyo opened the Hot Wheels trailer and built the course together. They failed miserably...I heard a car pull up.... Luks: "oh, sorry for not mentioning babe....I called Thulz over...shame man, ndam'cingela noba unesthuk'thez" whaaaaaaat!!!!? Didn't he just accuse me of cheating with him? Heeeee! Claps a thousands. Hayi Yesu onoyolo. I decided to keep quiet and observe. He was setting me a trap. For sure wanting to see my behavior around Thulani...and how he looks at me. And'nayo ne worry. Because I'm not uncomfortable around Thulz mna. They knocked. Luks: "come in.." Thulani and Junior walked in. Junior held a car in his hand... Thulani greeted....we greeted back... Luks: "yeke, khazoncedisa apha...we totally out of it." Thulani and Junior kneeled next to them and they started constructing the course together. Thulz: "luba would'a finished this within 5 seconds..." Luks: "because he has a masters degree in building shit, that's why..." Thulz: "uphi khona?" Luks: "use New York...says he'll be away for couple of months..." Thulz: "damn..." Me: "babes, can we get take aways for dinner?" Him: "sure thing....I feel like Nando's, we'll go buy later wethu...." So I left them to do their own thing. I went to check on the twins, they were asleep. My phone rang, it was loud so I answered almost immediately.... "Yes?" I whispered walking out of the room. "Finally! What's happening apho? Why aren't you picking up?!" It was Lubabalo...gosh he was so fussy at times. Me: "we was sleeping..." Him: "don't lie to me..." Me: "lubabalo please stop calling me, if you need to talk to lukhanyo, call him on his phone. Leave me out of it" Him: "okay. Fine lihle." He hung up...

After a while Lukhanyo brought the board game. Him: "mfazi wam, make us sandwiches please, sizodlala..." I went to make them sandwiches....then went to check on the babies, Lutha was awake. Lukhanyo walked in behind me. I was leaning on the cot, my head in my arm...looking at Lutha, my free hand was holding his...Lukhanyo held my waist..I almost jumped...he gave me a fright...I didn't hear him walk in. Him: "hmm.....these jeans....." Lord, I ask for your protection. I stood up straight. Me: "came to check up on me?" Him: "nope, thought I may come help you..." He took a sleepy Luhle with her strappy seat, I took Lutha with his too. He held me with his other arm.... Kissed me then pulled back... "My wife..." Me: "husband...." He kissed my forehead and led the way to the lounge.... We strapped the two angels and sat on the floor with the rest. Chuma and Junior were playing with the cars....Thulani, Lukhanyo and I played snakes and ladders. Thulani was in the lead, after him followed Lukhanyo...mxm, lol....I let them win.....after 2 games Lukhanyo went to get dressed to go buy dinner. I had left the pamphlets in my bag on purpose, I know he'll

search it. He needs to get the hint. I don't want another child....he just doesn't seem to understand it from my mouth...he came back out....Thulani was playing with the little boys...I was watching tv.... Luks: "babe, can I use your card." Oh so its mine? But he keeps it? Explains a lot.... Me: "check in my wallet..." He walked back to the room and kept quiet after that.....for a very long time....after a full 15 minutes of silence, he came out of the room, walking psychopathically slowly....he had "THE face" on...I wasn't even scared...if he wants to hit me for not being pregnant, then let it be... He looked at me, Thulani looked quite uncomfortable now. Luks: "lihle" Me: "yes pumpkin?" I looked at him sweetly. Him: "can we have a word eroomin?" Me: "nope. We most definitely can't." He looked a bit embarrassed... Him: "I was not asking you.....I was telling you" Me: "seemed more like a question babe. Uzovalwa ke uNando's ulibele uzula apha...." He stared at me... "Masambe Thulani." Thulz got up and they left. After a few minutes they'd left, I received a message from him: "this isn't over. Akazobalapha forever uThulani..." Haha...ucimba ndithembele ngo Thulani? Mxm....ngand'xelel ngesos'yoyoyo mna... Me: "bring it on Soldier." It was about time, I packed him back into his Japan box. Seqal'undina ngok...

Chapter 194

Lukhanyo and Thulani came back laughing about something with the bag in their hands...and juice. Lukhanyo dished up and we ate. His phone rang. Him: "hello?" Caller: "hi." Lukhanyo froze....it was probably his psychotic brother... "Unjan lukhanyo?" Luks: "good, you?" Lubb: "what's going on?" I could feel his voice through the phone...it was electrical and dark. Luks: "nothing why?" Lubb: "are you sure?" Luks: "yeah..." He muttered nervously.... Lubb: "you better not be lying to me lukhanyo. We'll talk later" then the phone cut off....so he was afraid of Lubabalo? I wonder why....engu macho-man qithi....after the meal I tried to feed this purity to Luth first, Chumani held Luth's bowl with a teaspoon...Lutha. First made a funny face, I tried him again, he play with it in his tongue then swallowed. He opened his mouth. Good boy....I continued feeding him..I looked over at Chumani and his sister, she was trying to reach for the teaspoon ku Chumani...but eating nonetheless.... Thulani and Junior got ready to leave....Lukhanyo led them out... Thulz: "bye lihle..." Me: "sho mtshana" and they walked out.... I tidied up the kitchen, washing the dishes and went to run Chumani a bath....I was thinking of schooling options for him... Maybe continue at his previous school? I'll have to ask Lukhanyo. I called for him and

he walked in then undressed...he went inside the bath. I washed him. Lukhanyo walked in. He was so mad. Haa! Uzoba strong...I left Chumani to play with his water toys and went to take out his pajamas.

Lukhanyo: "what were you trying to do!" He grabbed my arm... I turned around to face him. Me: "what are YOU trying to do?" Luks: "hey! Don't make this about me! Since when did you become so disrespectful?" Me: "lukhanyo, I don't have time for this." Him: "what exactly do you have time for?!" Me: "anything else but fighting with you. Our marriage is based on 3 f's. FIGHTING, FUCKING and FINANCE!! *i counted with my fingers*...is that what you call a marriage! S'ka man, its an ARRANGEMENT! You weren't ready to marry me lukhanyo! You were forced under the circumstances that I was carrying your children! You don't love me! And ke mna I won't sit here and wait for you to. I am almost 21! With 3 children!!! THREE! But my life won't stop because of that, ndimncinci, but don't fucken forget that ndinalo ikhaya!" Him: "so that's what this is about?! You want more? What else do you want Lihle? Tell me!" Me: "lukhanyo, I want LOVE! True love! Not le mbanxho! I want a man who would never dare do this shit to me!" I took off the scarf and showed him the bruises. He almost choked on his breath intake.... Him: "lihle....." Me: "NO lukhanyo! I'm not done! I want a man, who will support me as much as I support him. This is a partnership. We were a Do or Die couple! I was always fitted by your side! But now, I have to be fucking behind you! I have to obey thou Majesty! Lo unguwe! Ndizok'respecter njan ungand'respect? When you cheat on me? When you lie? Huh? The hell do you expect me to respect you!" Him: "I didn't chea-" I couldn't feel my hand flying across his face....I didn't plan that..he got up and looked at me in surprise.... Me: "don't you dare lie to me....don't!" I hissed..... "You cheated on me eJeffreys Bay! You lied wathi ngu Lubabalo!!! You LIED to my fucckkin face maan!" I screamed in tears....you see why you shouldn't bottle it up? He pulled me to his arms....I slapped him twice this time.....PAAH PAAH!!! Vicious ass slaps....I should keep a whip in this house... Me: "leave me the fuck alone! The next time lukhanyo, you want to act like a fuckin beast and push me around and cause THIS!" I pointed to the bruises... "I will spill the beans on you so fast, your head will spin. I know I'll go down for it too...but the court can rule it as I was forced to, By YOU! You will NEVER see your children again. Because you will rot in jail!! I fuckin dare you lukhanyo. Victimize me, One More Time!" I left that room.....

I was still in tears.....that little outburst just gave me a little flashback...how we used to be...I was so in love with him, but if push comes to shove. I'm leaving his ass. I walked to my bathroom and washed my face. I was shaking, my palms were twitching probably those slaps I gave him. He deserved each one....I heard the car

drive out in the garage...mxm uryt....let him run. Scaredy cat. I went to the twins who were laying in their cots....silently.... Me: "I'm sorry my nunu's.....mama benomsindo alok....ningade nikhubeke bantwana bam...." I picked Luhle up....intombikayise wakhe.... Me: "I'm sorry princess" she just lay her head on me.....at least this time she's on my side. Lutha was making im-playing-by-myself noises....I put Luhle back and went to Chumani, I led him out of the bath...dried him up lotioning his body and dressing him...he went to fetch Luhle....can he even hold her? I stressed....he couldn't reach down the cot, so I picked her up for him. He actually could, he kissed her forehead and they walked to the lounge...I drained out his bath water and went to fetch Lutha..all 4 of us sat and watched the Penguins of Madagascar.....after 3 episodes, I found Luhle dozing off. I put Lutha on the couch and took Luhle to bed...her diaper was fine, I put her in her cot and switched on her toy chandelier....it was little donkeys above her, going around in a circle....singing a little song... I went to fetch Lutha and put him in his too....Chumani kissed my cheek and went to bed... "Night mama" me: "goodnight my boy..." I packed away his toys.....cleaning up the lounge...I switched off the lights and walked to my bedroom. I undressed and wore my pajamas too....crawling into bed.....

After about 2 hours....Lukhanyo walked into the house, he started at the kitchen....what was he doing? Then he went to the twins....he was there for quite a while.....he walked to Chumani...and sat there again.....akasexakeke....still ufuna omnye? Yaphambana uLukhanyo....I don't mind in about 3 years time, just not now! Then it hit me....let me just take the Mum tip that lasts for 3 years!...there'll be no going back....he'll be forced to wait...I understand he never experienced family....but he must get his bloody act together before I add Lwethu into this equation. He walked in...I still wasn't scared, he will have to kill me, to protect himself...he undressed and crawled into bed...he was unsure about himself...he just sighed out loud..... "I didn't realize I hurt you this much...." I kept quiet..... "Why don't you leave me Lihle? Uhleleli nton nekaka endim....look at what I do to you? Why are you still here...?" He was going the emotional route...nice one lukhanyo... "Its not that I don't love you Lihle....qha ndinomona....I'm scared you'll leave me...but I just realized what I'm doing is actually pushing you away...I want to do better for us..I want to try again....this time with honesty...everytime I do something stupid....slap me olahlobo buqibond'betha ngayo....that fucking opened my mind...ndatsho ndabona....tell me sthandwa sam what can I do?..." Me: "start with sorting out your priorities. Attend the sessions at least twice a week. We're taking a break from sex and trying to spend more time together without other people. We're a family, not a society!...." Him: "okay.....I understand.....cela one thing?" Me: "what?" Him: "can you move a little closer? I want

to feel your heart beat...it brings me closer to home..." He cuddled by my left side and breathed for a while...then his breathing changed....turning into little dinosaur sounds.....he fell asleep..

Chapter 195

Lubabalo woke up on Tuesday morning. He was early, he took a quick shower and went to get dressed. He was thinking to himself about his arrangements about the following day He called Vuyo, Vuyo answers: "Hey babe" Him: "How did the appointment go?" Vuyo: "the doctor said everything was fine and I'm having a boy..."He was so excited,Him:"Yesss!!...what else,are there any complications?" Vuyo:"No,everything is fine. So when is your meeting?" Him:"Today at 8:30..." Vuyo: "Good luck Bunny" Him: "Thanks babe,gotta go.." Vuyo: "Bye." Him: "mwaah" Vuyo: "mwaah yourself". They hung up.

Lubabalo went to the Gentiva Holdings Inc. He was meeting Mr. Dylan Gentiva. A big shot billionaire....deep down inside, Lubabalo envied him. He hated him because he was what Lubb wanted to be! But ke, Mr Gentiva was older so, Lubabalo still had a long way to go....the building was sky high and made out of glass and marble....it was beyond beautiful. He entered and went to reception. "I'm here to see Mr Gentiva." Lady: "and you are?" Him: "Morrison. Lubabalo Morrison..." He smiled at her sweetly ...The lady blushed.. Lady: "just a second, Mr Morrison..." Him: "please call me Lubby...." She giggled nervously, as she dialed the extension for Dylan. "Sir, Mr Morrison is here to see you..." As she smiled at Lubb.. She: "sir if you may take a seat...over there, he'll be with you shortly..." Him: "what did I say?" She flushed hot pink.... She: "uhm.....Lubby" He just winked and walked over to his allotted seat...he sat down, crossing his legs and opened the newspaper...all the while staring at her.....he covered his face and kept peeking over at the top....she was giggling and clumsy...dropping her pens and scruffing papers.... a colleague walked over to her desk while she was still smiling at Lubabalo, he hid under the newspaper. Colleague: "and then, what you giggling about?" Lady: "nothing Mr Clement..." Clement looked at a focused Lubb who was reading the newspaper intently. Clement: "who's that?" Lady: "that's Mr Morrison..." Lubabalo looked up at her and squinted his eyes.... Lady: "I mean Lubby" Clement: "oh?" He walked away to his office. Mr Gentiva appeared. Gentiva:"are you flirting with my staff Mr Marrison?"Lubb laughed and then they shook hands,they walked to the boardroom where the meeting was to be held. The meeting was due in 10 minutes time,there were two other members were to attend the meeting including Mr Clement,the one he met at the reception. Mr Gentiva: "How was your flight?" Lubb: "it was pleasant thank you" Mr Gentiva: "How was the hotel I booked for you? They have the best accommodation service in town"

Lubb: "it was amazing, but I broke the T.V set..."Mr Gentiva"what happened?
sounding shocked Lubb: "I was dealing with something emotionally" Mr Gentiva:
"Don't worry about it I'll have them look into it and I'll sort it out for you. Am friends
with the owner any way." Lubb: "Thanks...".....The other two came in, a
woman with black short hair, she looked slim and tall, wearing a black and white
suit,blazer and very short skirt,she had red Prada shoes, and red lipstick. Lubabalo
didn't look at her as she sat down... Mr Clement looked very displeased...only Lord
knows why. They greeted and the meeting commenced. Gentiva: "I have landed a
R160 million project. It'll pay out 40 million dollars to each of us as shareholders.
Basically we're building a manufacturing company." Lubb: "what does it entail? What
do we manufacture?" Gentiva: "Gold" he looked into his eyes and they smiled at each
other. Ms Hopkins(the lady): "what guarantee do we have that these dividends will
pay out? I mean, I paid good money for this project to come off the ground. I'm not
abo-" Gentiva: "Hopkins, keep your panties on.." Lubabalo chuckled.... "When have
your dividends never been paid? May we all look through the booklet, page 5.....and
discuss the other things on our agenda. ".....

After 4 whole hours, it was almost 1.... Lubabalo was not in the mood anymore. He
had no patience for whole day meetings. Gentiva: "Lubabalo. Are you still with us?"
Lubb: "yes." He sighed.... Gentiva: "we're done....." He smiled.... "So if you have any
concerns or questions its best if you ask now." Lubabalo turned the pages and signed
the contract. He closed it and folded his arms....staring at the two. They flipped over
and signed hesitantly. Gentiva: "Meeting adjourned....until further notice...." Hopkins:
"it was nice meeting you Mr Morrison..." She held out her hand, pursing her lips.
Lubb: "please, call me Lubby...." He thanked Mr Gentiva and they walked out the
office to the front. Mr Gentiva: "thank you again Lubabalo....your contribution is
appreciated a lot..." Lubb: "my pleasure Dylan. I look forward to working with you..."
Gentiva: "what are you doing for the afternoon?" Lubb: "I'm flying back...." Gentiva:
"wow, so quick.....well, safe flight then. You owe me some drinks next time...." Lubb:
"sure thing"he turned around and left. He got to his hotel room and took his bag,
and everything he owned and left. He settled the bill and took a cab to the
airport....the next available flight was in 2 hours....he paid for a ticket and dialed a
number on his phone. "Steve, get the jet ready, take it to Johannesburg International.
I'll meet you there tomorrow morning..." He agreed and they hung up.

I won't even appear...I'll be away from them....for as long as possible... You must focus
on yourself sometimes. Sit still. And observe how others act when you're gone....

Chapter 196

Lihle's phone woke her up...in the early hours of the morning. It was raining...Lukhanyo was hanging on to her, snoring. I picked the phone up. Me: "hm?" Caller: "HEY CUZ!!!!!! How are you?? You soo scarce damn, I miss you so much....I'm on my way over ndizohlika eAcres kwa Translux" Me: "what? No? Wait, where did you get my number?" This cannot be happening! This was Namhla, my uncle's daughter. My uncle and mom do not get along. Its not even funny. Its a feud that's been going on for years on end. And I still don't even know why. She: "your mom! I'm coming to visit you! I'll be there at 11, cela und'kawlele..." Then she hung up! What the fuck! Gossh! I looked at Lukhanyo who was still fast asleep, I was still sleepy too. And it was quite early...I haven't forgiven Lukhanyo, so I'm just going to show him love when he's sleeping. I cuddled into him...it was cold. Oh my goodness, how was Chumani?

I tried pulling away but he just held me tighter.... Him: "no..." He muttered... She: "I just want to check on them" Him: "they'll be fine....balele babes...just relax abit..." He was right....the children were still sleeping and even when they wake up, I'll bring them here... Him: "wathini ke uGqira? No baby?" Me: "no...I don't want another baby yet....we'll have to wait 3 years..." Him: "its fine...." Me: "what makes you want a baby anyway?"... Him: "I just love feeling your stomach, its the best feeling..." Me: "you are so weird..." Him: "ndiryty...." He lay on my breasts....he was starting to sleep again... Me: "my cousin is on her way to town...." Him: "what? Waphi ngok? Uzothin?" Me: "you'll see her when she's here..." He sighed.... Pulling me closer....he blushed and kissed me....I pulled away... "No" Him: "please baby..." Me: "no lukhanyo..." He sulked and did his puppy dog look....and for the first time I actually resisted it...maybe because I was really mad at him this time....he had a lot to make up for... Me: "stop that...." Him: "awufun mos wena...." Me: "its not gonna make a difference because nangok and'kafun....." Him: "I respect that babe....its fine....." He kissed my chest....tickling my boobs... Me: "wenzani?" Him: "playing with my boobs..." Me: "your boobs?" Him: "ndiz'boleke wena for now...." Me: "hehe...mxm.....let me make breakfast, then we can get ready..." Him: "but I wanted to stay in today.....sikhe sihlale nabantwan bethu man...." Me: "I know....maybe some other time...." I kissed his forehead then got up to walk to the bathroom....I brushed my teeth and washed my face I went to check on Chuma, he was still asleep...the twins too. I missed them, mabade bavuke maan....Luks walked into the kitchen and breathed in my air... "Where's my toothbrush?"...I had to come up with a lie FAST... Me: "uhhm.....yuuuh, baby I threw it away...." Him: "why would you do that?" Me: "I was in the bathroom ne?....then I took a piss...I knocked over your toothbrush then it fell in the toilet

before ndigunxule...." Him: "eeuuw babe." Lol...I had no choice.... I tried hard not to smile at my brilliant lie...Me: "I'm so sorry babe...." Him: "its fine I'll use yours instead...." Me: "please don't.." Him: "I shall....do it now" he walked to the bathroom and brushed his teeth.....

Chumani woke up and came to sit in the lounge.....he greeted...Luks: "come here son...." Chumani was still sleepy.. He sat on the couch next to Lukhanyo. He pulled him on his lap and tickled him....Chuma giggled himself awake....Lukhanyo hugged him, holding him close.... Luks: "awugodoli?" Chuma: "yeah...ndagodola" Luks: "babes, lighter heater please..." I switched on the heater and put it near them. Luks: "porridge today please?" Me: "okay..." I made mealie meal porridge....and dished up for them both. Lukhanyo asked for sgar, butter and milk. Chumani liked sugar and peanut butter. They ate while I attended to the twins....I needed to go do my hair futhi....nd'khulule le weave...maybe ndifakele golden brown Expression... I'll ask Lukhanyo first if he approved.... My babies enjoyed their purity yesterday so I'll have to buy more today...I made them their usual porridge. It was getting boring now...and I didn't even like it. I fed them in the bedroom. And got them ready for the bath...Lukhanyo washed Chumani in the other bathroom.....

The children were dressed and with Lukhanyo in the lounge, I took a bath and got dressed. I wore navy cotton pants. They were tight skinned and a black polo neck...I wore my brown ankle boot and did my make-up..I had on big round earrings, and the weave hung on my shoulders....I walked to the lounge. Lukhanyo was staring at me.... He got up and went to take his shower. He came back almost 30 minutes later...he wore his navy Chino's, a black polo neck, boot and a beanie on his head which hung sideways...he was wearing the Rolex watch his brother bought him. Chumani was wearing dark denim skinny jeans and a black jersey with a bronze boot. He also had a beanie on...it was the cutest picture....the twins wore black and white polar fleece jumpsuits with matching beanies... Luks: "you're the only one not wearing a beanie." Me: "so?" Him: "please wear your beanie." He didn't even wait, he just started searching for my black beanie....when he found out he draped it on the tip of my head. Him: "there.....the full Mzinyathi clan." We got the Rover ready, with the baby bags and everything. We locked the house and went to the car. Lukhanyo was driving, Chumani sat between the babies car seat...heee, where is this girl gonna sit? Goodness....yabo sesi stress before she even arrived...

Chapter 197

We drove to Greenacres Mall and strolled around first, people were staring....okay maybe because of the matching clothing.... Why didn't they think of it? Tshii mabasyeke wethu....we walked to Clicks, I bought my toiletries and Lukhanyo's...we paid and walked to Markhams, I chose him these dark denim jeans...they looked wrinkled..very sexy and there was a shoe, it looked like ooTomi. But lukhanyo hates Tomi's for some odd reason...I love them. But the shoe didn't have laces, it was navy and grey... All the while he was sitting there, looking around with Luthando on his lap and Chumani next to him. I had Luhle in my arm, we searched around for a top...as I was standing Luhle reached her hand to a t shirt.... Me: "ufuna lena wena baby?" I looked for his size and took the top, i went to show him the clothes. Him: "they look nice..." Me: "just nice?" Him: "good nice..." Me: "you don't like them?" Him: "not really, no" Me: "too bad.....come let's go pay..." He pulled a face and we paid and left.....

The next shop was Woolies, I bought Chumani 3 new pajamas. 2 jeans, a navy tracksuit. 3 shorts... And t shirts. Me: "will he go back to his old school?" Him: "I'm thinking of putting him in another. He's just turning 4 mos....so let's put him in day car...uzoqala xa ena 5 eCreche." We went to the baby side...Lukhanyo chose Luhle a Hello Kitty dress and tights... Him: "this one is for princess, for choosing me a t shirt...." He kissed her cheek. I took Lutha, a tiny jean and blue long sleeve t shirt and check short sleeve Shirt. I bought them socks..I saw red polar-fleece jumpsuits....oh God I love these things!...they are the most adorable thing ever...I looked at Lukhanyo... Him: "this is the last pair we're getting for them...." I quickly took the red outfits and we went to go pay...we left the shop...I was happy...in a good mood. I was even holding on to him....this was a tiny step...but we were getting there. His free hand(on the other side) held Chumani. By my side, he was holding Lutha in his arm. I held his jean pocket... Him: "awusa fekethi..." Me: "nam ndingumtanakho alok....or I'm forgotten?" Him: "never....first born yam wena..." He kissed me...and we walked into Edgars. An older woman was passing us. "Anisebahle man... Nigcinane oluhlobo ke.." He smiled at her. Me: "enkosi mama...." I poked him for being rude... Me: "a thank you maybe?" Him: "but I knew you were going to say it. So I kept quiet and decided to give you the podium..." ...Mxm....he walked over to the ladies side. He picked out a summer dress. It was white and blue. Then another peach blouse from Kelso. He took a lightly faded jean then we went over to the shoes side. He took sandals. SANDALS?? Let me try and calm down...I eyed a nude platform....I was literally drooling... Him: "take it" Me: "what?" Him: "esis'hlangu us'jongileyo.." I walked over shyly and took my size....he walked in front this time, to the older

woman's section...he found a lovely white dress, a skirt plus a pink blouse. We went to pay and left the shop.

Him: "siya eBridge, kwa Reggies." Me: "ok..." Kanene umtana bethe he wants a bike....I freaken forgot....I felt really bad...I even promised...but he seemed to have forgotten....we got to Reggies and he went straight to a bike...or not.. Luks: "nope...." Me: "babe, please" Him: "no Lihle. No child of mine is owning a bike. There's too many dangers. What if kufike umntu, ambone ereya iBike lomtana, amthathe ahambe?" My heart did a back flip at the thought that someone might snatch my child at any given moment. Him: "we're buying house toys. Nothing that involves outside play unless you'll be there to supervise at all times." We bought a soccer ball. They can play in the back yard, I will watch them. we got a few other toys and left for Game... Him: "ngeyphi indawo ebetter for electronics. Game or Incredible Connections?" Me: "both, but Game is more like a hyper market. Masiye kwa Incredible" we walked into the store...it was right next to Game anyway.

A guy came to assist us, his name was David. Me: "Hi David" Dave: "hello, welcome to our store can I help in any way?" Luks: "how about you give us a few minutes to feel comfortable first?" David nodded awkwardly and left. Me: "you just had to..." Him: "it was necessary." I just shook my head and we browsed around.... Me: "what are we looking for?" Him: "I want a new iPad. I don't know bout you. What do you want?" Me: "I don't know." The trolley was full. I was getting tired, I forgot to take those vitamins. Him: "okay, I'm getting you a MacBook, since uthe you wanna go back to school it will be useful....how's that going anyway?" Me: "they haven't replied." Him: "go there personally..ngok..." Me: "well, not today." Him: "tomorrow alok..." Me: "okay then..." He called David again... Him: " uhhm....Daaavve!" He shouted out loud.... God this man was soooo embarrassing. David walked over to us with a smile... Dave: "yes? Are you comfortable now?" Ohhh....no, he didn't. I had to butt in instantly. Me: "YES! Thanks....uhm we'd like to purchase an iPad and MacBook please..." Dave: "right this way..." We walked to the counter and he took out 2 boxes, belonging to an iPad 3 and a MacBook Pro. I couldn't help but wonder uLukhanyo uy'fumanaphi lemali...and why is he blowing it all at once...we'll have to talk uphuma kwethu apha...it was almost 11....I pray lomtana ithi kanti akazi...Lukhanyo paid and we took our new gadgets. My heart wasn't in the right place. Something bothered me ngale mali...my phone rang....I answered: "yes." Caller: "cuzzy, look I'm going to a friend ne, we're gonna have some lunch at her place then I'll come home later..I haven't seen her in ages..." Bitch, what do you mean Home? Me: "ok then" She: "thanks babe!" And she hung up... Luks: "great, so we can go have some family breakfast." He smiled brightly....lol.....ei izogxothwa lizayo...ndayaz leyam

ayithekethis fokol! If you annoy him, you annoy him plain and simple and chances are he's never going to like you. Ever. He led the way to Wimpy.....

Chapter 198

I ordered waffles, Lukhanyo had a full breakfast. Chumani wanted Vienna's, toast and egg. He held Luthando from Lukhanyo who got up and took the car keys, with the trolley. Best idea. Me: "please buy ipurity ezincinci for aba..noba ziy'10..." Him: "okay.." He left....I was holding Luhle and on my phone at the same time...I checked on Vuyo. I dialed her number. We spoke abit and she told me about her appointment. I was happy for her. And glad that Lubba FINALLY is with her. She was having a boy! How cute... Although she wanted a daughter....Lubabalo wanted a boy. We spoke some more then hung up. I was in conflict with myself..check on Lubb maybe? Naah...he's grown...he can take care of himself. But can he? I dialed his number. His phone was off. So I left a voice mail. Me: "uhm...hi, I hope you're doing well. I was just checking on you...and yeah....reply when you have time....bye...." I breathed. I went onto facebook, blocking Bukiwe. I removed her little outburst. I will get her. But not now, once she has forgotten and is relaxed. I will strike like a cobra. That bitch! I was bored with myself right now...so I called Sidney...my goodness! When last did we speak!... Him: "yoooooooooh!" I immediately laughed.... Him: "what is wrong with you! You always call after weeks on end, ndothuke nge phone yam ikhala some russian theme song!" Me: "you personalized my contact to a russian theme song??" Him: "of course I did! So that noba ikude iphone yam I can know that its my besti who's afraid of the sun, that's calling"...I laughed again... "So how are you?" He asked... Me: "I'm okay....I'm great...and you?" Him: "yeah....I'm coping hey..." His voice was down all of a sudden... Me: "what's wrong?" Him: "sohlukene nale yam" Me: "did you propose though? what happened?" Him: "nope.....yile ex yam...idala ingxaki everywhere I go, she is hell bent on destroying my life...she fought with her..." Me: "oow hayi man tshomam...is she okay though?" Him: "she lost our baby lihle....." And for the first time he called me by my name....for the second time I was reminded of my miscarriage.....I actually cried...literally cried.... "I'm soo sorry..." Him: "she dumped me....said she wants nothing to do with me and I must never contact her again....I don't even know what to do with myself...." He started crying too.... Him: "I loved her....I still do.....I would do anything to be with her.....I was bonding with my child kakhle njan Lihle...like I don't understand how cruel life

could be....my first born!" He sobbed.....Lukhanyo was standing over me by then...I hadn't seen him, he slowly took Luhle from me... Me: "mtshana, you have to be strong and fight for her...show her yamthanda..." Him: "she put a restraining order against me Lihle, I'm not allowed anywhere near her....." I actually felt his pain...as he cried painfully over the phone...I didn't even know how I could help....he didn't deserve it... Him: "we'll talk later" and he just hung up..... Men have pride...they don't want to be seen crying, I know. But a little tears every now and again won't hurt....Lukhanyo stared at me. The waiter brought our food...and two high rise chairs...we placed the babies...and started eating. Him: "and then?" Me: "that was Sid....he says his girlfriend lost their baby..." Lukhanyo looked away painfully... Him: "I'm sorry....." Me: "its fine...." We carried on eating.....

After late breakfast we drove around town...the day was windy...not ideal for the beach so we went back home. Plus it was time for the twins' nap.. We went home, unloaded our parcels and everything. We locked ourselves inside the house. Lol. Nobody else was allowed in. I put on the heater. It was starting to rain outside...I packed the clothing and breastfed the babies.....they fell asleep...Chuma was in the lounge with his dad. Lukhanyo called a number...then after a while hung up...probably Lubb...why was his phone off anyway? He dialed again....this time: "hey" Caller: "wassup.." Luks: "wenzanto?" Caller: "uhmm...I'm at work. Where I always am. You?" Luks: "home. Where I always am." I looked at him...he winked at me... Luks: "so you're coming over right?" Caller: "I don't know ey..." Luks: "you got plans?" Caller: "no...I don't want to crowd your space man" Lukhanyo looked at me.. Was he inviting someone? Phof, he's probably bored without Lubb around... I lay on the couch next to Chumani....he played with my hair.... Luks: "iza...we're making a special dinner..." I stared at him and he smiled weakly...mxm.... Caller: "I'll see...." They hung up.... Me: "who was that?" Him: "thulz.." Me: "what special dinner will be cooked that I don't know about? Are you hiring a chef?" Him: "yep....he's the best in the city..." Wow.....I wonder. I took my new laptop and started it up...it lit up sooo nice...I just blushed uncontrollably... Me: "enkosi mntu wam..." Him: "always a pleasure..." He pulled me and kissed me... Me: "unje ke...kodwa kukho umtana...when we looked over at chumani, he was tipping over...half asleep....Lukhanyo got up and carried him to his bed. He went back to the kitchen and started cooking. Him: "better finish this up, before this nigga gets here... And makes fun of me..." Me: "you're the chef?" Him: "what did you think?" I got up to help him, Him: "naah....hlala pha phantsi...click on your laptop or something....I've got this...." He was making a full roasted chicken or did he mean char coals? Lol.....I know he can cook. But can he do a hectic meal like roasted chicken...he wore my pink apron and took out the

ingredients one by one. The full chicken, salt, a bunch of thyme, 20 sprigs, 1 halved Lemon, 1 head of garlic chopped up, 2 tablespoons of melted butter, 1 large onion, 4 carrots cut into chunks, 1 fennel with the top part cut off and olive oil....he preheated the oven while removing the chicken giblets, he rinsed the chicken inside and out...I was having so much fun watching him...it was beyond sexy. He smacked the chicken dry on the outside while winking at me....he sprinkled salt and the pepper on the inside of the chicken, he stuffed the thyme, the lemon, and the garlic, he smothered the butter all over the outside of the chicken and sprinkled more salt and the pepper. He tied the legs together with a string and tucked the wings under the chicken while staring at me....with a huge smile. Oh gosh...he placed the onions, the carrots and fennel on the roasting pan and tossed with a few spices and 20 sprigs of thyme, and the olive oil. He placed the chicken neatly in the pan. He put it in the oven and set his stop watch for 1 hour and 30 minutes. Him: "this goes well with white wine, especially Chardonnay yazi...." I volunteered to go buy it. I quickly drove to Tops and bought 2 bottles. I went back home.... He was busy with making the dessert....

He had taken out 1 banana broken into chunks, 1 package soft silken tofu, a quarter cup of confectioners' sugar, 5 table spoons of unsweetened cocoa powder, 3 tablespoons of milk, and 1 pinch ground of cinnamon. He Poured all the ingredients into the blender, closed it and puree until it was smooth.... God, thank you. Thank you for this man. He poured it into 6 glasses. And put it into the refrigerator. He set my timer for the one hour. And checked on the chicken. We went to sit down and poured a glass of wine, I drank juice.....as we waited for our guests and dinner to be ready.

If uyand'cenga lewei.....its working....a little bit each time...

Chapter 199

Lukhanyo pulled me and kissed me. I didn't decline. I held on to him as he pull me on top...he held my waist.... Me: "told you we're taking a break from sex.." Him: "that break doesn't include kissing and touching...." I looked at him blankly... Him: "I'm pushing aren't I?" I nodded slowly... He kissed me again...he stopped...catching me off guard... Him: "I'm soo sorry lihle...." Me: "for what now?"....before he could reply there was a knock on the door and my phone rang. I got off him and he went to the door I answered my phone. Me: "yes?" She: "hey, siqibile kehok..." Me: "so where are you? I'm coming to fetch you." She: "no its fine just send me the address, she'll drop

me off..." I didn't want her friends knowing this house...and fun kuzobhuthwa apha every 5 seconds. Me: "ok." I hung up and sent it to her. Thulani walked in. He was in a tight grey suit and white shirt and black shoes. Nice. Him: "evening chommie" ... Me: "hey..." Junior walked behind him. Chumani walked into the lounge and went straight to his friend...they left for the bedroom. 10 minutes later Chumani walked back in carrying Luhle. I was so shocked... How did he? Heee!... He sat down with her on the floor. Junior walked in with a confused look... Junior: "I thought we was playing" Chuma: "coming!" Ncoooh...putting his baby sister first. I took Luhle from him and he went back to the room with Junior. Thulani and I chatted for a bit. He seemed distracted.... Me: "are you sure you're ok?" Him: "ja..." He didn't look ok....but ke and'ngen ndawo...I kept quite...Lukhanyo was in the bedroom...doing something. Don't know what....I got up to prepare the food for the babies...I stood in the kitchen with Luhle....Luks came in with Luthando...he took one bowl and walked to the lounge. I took the other and followed...

Him: "dinner will be ready when I'm done feeding my son..." Me: "us'cimile phof i-stove?" He looked at me pouting....lol..hamba lukhanyo. We finished feeding the babies and strapped them in their seats. Me: "thulani, come help me set the table tu...." Thulani got up, etyafe enjalo...and helped...I put the bottle of wine on the table. And a jug of orange juice. Lukhanyo brought the roasted pan and put a wooden board under it. He brought it to the table. He placed the plates with cutlery neatly on the side. he took wine glasses and put them next to each plate, folding a serviette in half and dropping it in the empty glass. WOW! I never even thought of that. It looked like we were in a restaurant. I called the little boys and we sat down at the table... Luks: "just one more thing. Can we please stand up and hold each others hands" we got up and held hands..... Luks: "Lord, i stand before you tonight. To thank you of the wonderful people you have surrounded me with. I thank you for my family and a very true friend. I ask that you look after my brother and ask him to please call me back. Oh, and please bless this food. Amen" we all said amen.....lol...mara Lukhanyo though yoooh! He needs to work more on prayer...but that was a great start. He really misses Lubabalo terribly. Its the saddest thing. We sat down and cut the chicken. I dished the vegetables in the meantime... Junior: "but I don't like vegetables" Thulani: "nobody asked you to like them. You're eating them and that's it!" Whatever is eating Thulani, is really tearing him apart. We ate in silence...Lukhanyo kept looking over at his phone....what? Was he still waiting for someone? The 7th time he looked... Me: "who are you waiting for?" Him: "no one." Me: "why do keep checking your phone" Him: "I'm waiting for Lubb's call..." I swear I wanted to laugh....I really did. My baby doesn't know prayer doesn't work that

way....sometimes it takes longer. I decided not to upset him.... Thulz: "this is the greatest chicken I've ever tasted....yooh yay'kwaz Lihle shem...I wash my hands..." Me: "actually it was Lu-"he kicked me under the table..... "Ouuuch.....a chef....a chef cooked it for us".... Lukhanyo smiled.... "The best in town..." Eshhheeee! But it tasted great, he was not exaggerating. . .

We sat in silence again until we heard a car pull up and a knock on the door. I got up to open....in hopped a Namhla, wearing tights and a tank top. What the hell? Nigga it is RAINING! She was dripping wet.... She: "oh my goodness! PE weather is such a bore yazi! Hey cuuzzz...." She hugged me before I could even back away.... Me: "but you're wet!" She: "I know! I missed you so much! Dabawo told me you got married to some cute rich guy, and stuff...." Lukhanyo's elbow was on the table, his hand in his face....he was already annoyed. He hates being called "cute" or "pretty" or anything of that manner.... Namhla turned around..... "Oh my goodness"she stared at Lukhanyo first....she tried fixing herself. Me: "errh, you brought 2 suitcases?" She: "yes, you never know with PE weather. Christ, are those the famous twins I been hearing about?? Yooh, they're adorable!" Me: "how about you change first....you'll catch a cold...come this way...." Lukhanyo was grinding his teeth....I took Namhla to the last room available. She undressed and told me about her friend, who's boyfriend cheated on her then she tried to commit suicide and her mom caught her and and and.....I was actually amused, not by the suicide attempt of course, but it wasn't even a year back when I was just like this! Care-free....I am a wife and mother of 3 now. Wow, things change quickly hey....she was so bubbly. And she made me laugh. Me: "so what about your boyfriend?" She: "urgh...don't tell me about the low-life....yazi unento entsha yond'cela i-airtime? Tshin Thixo. Ndiphangela kwa Baas bani mna? I mean he's the one that suppose to be spoiling me.....but nooooo, the last time he bought me something was last Valentines day..." Me: "what did he get you?" I asked between chuckles.... She: "it was a pebble! Written I ❤️ <3 u! Imagine! Ilitye Lihle! Heee! Yesu Lyta!" She clapped her hands.....yooh I was laughing hard by then. Until Lukhanyo walked in...hands in pockets, straight face....he looked mad. Him: "can we proceed with dinner after your tea party, sifunu kutya thina singabanye lihle." Then he turned andd walked away..... She: "so that's him?? Wooow! Bend'cimba kuyaxokwa!" Me: "nganton ngok?" She: "he's authorative. Sexy and that voice. Yoh! Nguban omnye lo?" Me: "that's our friend... Thulani" She: "mh okay...yuuuh ndamoyika ubhuti sana....masambe" she wore a sweater and her long pajama pants and we walked to the dining table. We sat down, I dished for Namhla....thinking about her boyfriend and the pebble....I cracked up again.... Lukhanyo stared at me really annoyed, I composed myself and sat down....Namhla

kept talking to me, from across the table. She: "tshin peto, so he picks up this stone and writes a lazy I ♥ <3 u on it. UzoXoka kum uthi he bought it at some exotic shop! Uy'tsitse ne perfume ke phof, ndirhana inoba biyey'ka mamakhe...anda dana.....I wasn't waiting for a plane or someth-" Lukhanyo's deep voice electrified the house. Him: "IN this house. When we eat dinner. We eat it in silence. Its called table manners." He said slowly in a low tone. Namhla was embarrassed....so was I! Sometimes, lukhanyo surprises me!.... Namhla: "celu xolo bhuti" she humbled herself immediately. And we ate silently.....

When we were done I took the dishes to the kitchen...the guys poured themselves some wine and went to the lounge to watch tv. Chuma and Junior drank juice then ran to the room. Lukhanyo took the twins with them. I washed the dishes, Namhla dried. So she carried on with her story, in a lower tone this time. She was whispering. I tried laughing lightly.... Me: "why don't you break up with him if he's such a liability to you?" She: "babe, he can do me real good any day of the week....he makes me sing in spanish! I can't give that up....its so scarce these days!..." Me: "haha....so wena in a relationship you look for sex..." She: "amongst other things...." Me: "I see....so what about school?" She: "I left school..." Me: "whAat!? Dude! You're 18 uzokwenza ntoni? She: "I'll go to an FET college instead, I just couldn't cope this year..." Me: "wathin uMalume" She: "nothing...." Uhhh....okay. Me: "wow, Namhla you have to go back to school. I made the mistake of dropping out now I'm stuck with having to report and ask for cash kumnyen wam....its not an ideal life babe.....you need to be independent!" She: "I'll do that next year.....hey, so what are we doing tomorrow?" Me: "we're going to NMMU tomorrow. You need to be in school..." She: "GEEEE Lihle! Stop being a nag tuu, if I wanted a lecture, I would've stayed at home!" Me: "why did you leave in any case?" She: "mama was on my case forever....like damn....I had to go" she always been a spoilt brat...she was one of 3 children...2 older brothers. You'd think she's have herself in check..but nope. Me: "ok fine. But call your mom and tell her you're okay..." She: "she don't care. If it means anything. You call her" she walked out the kitchen....I'll do that in the morning I guess. Finished up and went to the lounge. She was in the bedroom, on her BlackBerry Torch.....I let her be and walked to the lounge. Thulani got ready to leave, calling Junior. I pulled him to the side. Me: "Thulani, you're taking a lot of strain. You should take a break from work and try relaxing." Him: "I'm fine!" He hissed... Me: "don't take yo shit out on me! Or your child! Akangen ndawo....sort out whatever is eating you man!" He turned and walked out.....

I bathed Chumani while Lukhanyo bathed the twins in the bedroom, I dressed him, and he went to my bedroom to his father and siblings. I cleaned the bathroom then

went to Namhla's room....as soon as I entered and closed the door behind me. She: "my friends say they feel like going out...." Me: "then go out...." She: "wethu ndidiniwe mna....lemme just go tomorrow....maybe to the mall or something." Me: "okay then...I'll drop you off. Ndifuna uya eNMMU mna...what course are going to do in college?" She looked up excitedly . "IT!" Me: "wow...okay. Nice. Yayaz i-IT phof?" She: "I'll learn." Me: "okay then..." She asked me about how I met Luks....I told her....everything, yes including Xolani.....she cried when I spoke about him...she knew him...they met only once. She saw nothing wrong with him too... She: "Lihle uthi uXolani is dead?" Me: "yes Namhla....Xolani is no more..." I still wanted to cry....I never really mourned him properly because I was afraid I would make Lukhanyo uncomfortable. Or chase him away.... She: "how did he die?" Me: "some guy just shot him wethu....I don't really remember....I just remember him falling and I ran to him....his last words reminding me he loved me...." She sobbed, her hand covering her mouth... She: "that is the saddest thing ever lihle...." She came over to hug me.... Me: "I still dream about him yazi.....these weird dreams....speaking no sense....I don't know..." She: "lihle, he died in your hands lomntu....you need to cleanse yourself....his spirit is still with You! And asikazo hamba sana...." I know her ke....with her Twilight theories....she was so emo at times. Me: "that is untrue..." She: "I'm being for real! And you still miss him..." Me: "I'm happy with Lukhanyo...." She: "wait.....when did you meet Lukhanyo?" Me: "uhm...the time Xolani and I fought alok!" She: "the week before he died? Got shot? By a stranger? What a coincidence....". Just then Lukhanyo walked in.... Luks: "abantwana bayozela Lihle..." I got up, he held the door open for me and I walked out....Lukhanyo stayed behind in Namhla's room..... He walked over to her, his hands in his pockets.

Him: "Here, you abide by MY rules. Nobody else's. This is MY house. I don't like you. But you're my wife's cousin and I am obliged to have you here. One wrong move. And you are gone..... One more thing.....stay out of my business. Siyavana?" She quickly nodded, too frightened to speak

Chapter 200

Lukhanyo came back into the room a tad bit irritated, he picked up Chumani, carrying him to his bed...he stayed with him for a while. I heard them chatting and giggling. Then he came back in....we got ready to sleep...the twins were in their cots. Lukhanyo undressed and got into the bed. He turned to the other side. Me: "what's

wrong with you?" Him: "nothing is wrong with me!" Me: "kuthen ukrwada kangaka komnye Lukhanyo? What has she done to you? Okanye naye she's one of your many ex's or one night stands that I don't know about?" He got up and looked at me. Him: "don't talk to me like that!" Me: "I will talk to you, the fuck I want to talk to you! Wena unyuka uzehlela kwi relatives zam, kodwa mna I must be respectful! Why didn't you just let me go? Why did you have to be so fucking insistent?" Him: "what the hell are you talking about?" Me: "why did you have to make ME your wife!? Couldn't it have been somebody else? I'm tired of living like a darn prisoner Lukhanyo! You beat me, sexually harass me! Talk to me like a child! You just constantly abuse me! I don't even know what to expect from you anymore!" Him: "I don't do all that!" Me: "the fuck you do!" Him: "yabona? Ever since this kid came into this house you start swearing at me! Don't push me Lihle!" Me: "or what lukhanyo!? Huhh!? You'll beat me? You'll fuck me? Whaat?????" He was getting more and more frustrated and angry... Him: "lihle. Don't talk to me like that..." He said in a dark voice through his teeth.... Me: "WHAT-the-fuck-EVER!" I turned and slept...he stayed up, probably thinking of a more silent punishment... Him: "Lithembelihle." I ignored him. Him: "don't make me pull you...or your insides will fall out...." "This is your last warning lihle....." I was so scared. I stood my ground though...I kept quiet....I winced, as he came forward and held my waist.....he started tickling me.....I couldn't help but laugh.... Him: "I gave you 3 warnings.....now you will suffer..." He carried on tickling me, really hard....tears fell down my cheeks until I was out of laughter and begged him to stop.....finally he let me go.... Him: "don't talk to me like that...." Me: "you make me so mad at times!" Him: "I'm sorry ke....look I'll try my best okay....I really don't want her here but ke ndizokwenzi nzamo ba ndim'welcome kakhle..." Me: "thank you..." Him: "you so sexy when you mad yaz....it freaken turns me on, kazapha...." He pulled me closer and kissed me....it was an intense hungry kiss. He breathed like a thirsty lion....climbing on top of me, his hardness pressed on me all the way above my belly button... Me: "no babe....the break...." Him: "just 1 round boo...." Me: "no lukhanyo." And like a puppy who's been kicked out the house he got off and cuddled next to me.....he started sniffing...if he's crying I will beat him. I swear. Me: "why are you crying?" Him: "I'm not crying..." Me: "then what are you doing...." Him: "I'm sorry lihle....." Me: "luxolo lwanto olu man lukhanyo..." Him: "I'm sorry for forcing myself on you...I don't know what came over me...." I didn't want to think about it.....he didn't force himself on me.... Me: "you didn't.....like you said nawe mos we were making love...." Him: "not like that....you had no choice....babes....eish wena.." Me: "what is it?" Him: "I married you, because I felt it in my heart, it was right. I knew it deep down inside....I couldn't let you go for the 2nd

time...I'm sorry if you feel like a prisoner...and enkosi for correcting me....I'll try harder..." Me: "okay...." He snuggled onto my breasts and fell asleep.....his breathing in tiny whistles.....then snores.....

It was the early hours of Wednesday morning when Lubabalo's plane landed. His back was in pain....and he had to pay for something at the bank....he took a cab home. His parents had left. Leaving a note. That's what they always did. He didn't even bother reading it. He took a quick shower and dressed in his jeans and white Linen shirt..he unbuttoned it till his chest showed, and folded the sleeves to the elbow. He wore a formal sleek, navy suede shoe....putting on his cologne, he took his phone, wallet and car keys. How he missed his poor 350z Nissan....his heart ached at the thought. But if I were driving the Benz that night I would've probably died....it would've been toooo small and impossible to open. Suffocating me inside.....why am I even thinking of this shit?...mxm...I'm going to be father soon....2 babies....nice.....he opened his car and got in.. I should get a new damn car, this is beginning to bore me....and I don't want my baby to bore me. He got on the phone with Linda. Him: "sweetheart, get me an Audi R8 ready. Make it black, with crystal white interior.....no wait make it red, I'm gonna be a dad sooo it'll be messed on. Make it red interior....and uhm.....basically the features that the nissan had...and more of course...." Linda: "did you just say you're gonna be a dad?" Him: "just do as I say please.....oh and. Make it 2.....the cars that is...." She obeyed and hung up.....he drove to town first, if he couldn't find it, he'll go to Greenacres Mall.....

Namhla woke up and went to bath, brush her teeth all at once.....the further away from ubhut Lukhanyo. The BEST! She cleaned up in the bathroom when she was done and opened the door to tip toe back to her room...when a deep voice said: "Morning nontombi...." She froze and turned around slowly.... She: "m-molo bhuti...." Him: "Ta Luks...." She nodded and dashed for her room. Why was he so scary! God! She took out her tribal tights and white lace corset. She wore red vans and gelled her short plum English cut...she put on eye liner and got her stuff ready. She made the bed quickly and tidied her suitcase. She took her bag then walked out the room. Lukhanyo was in the kitchen. What is he doing in the kitchen...phof betshilo wathi "this is MY house"well I'm leaving you with your damn house then. Mr Rude Sir...ndimenzen? Sengandithandi nje...anyway I'm not here for his affection, love and grace...I'll stay out of his hair....I came to my cousin and little nunu's.... Namha walked out grabbing an apple... Luks: "you look...nice." She: "thanks..." She almost ran out the house to catch a taxi to Greenacres Mall.....

Almost an hour and a half later Lubabalo drove up to Greenacres Mall. He parked and walked in. He went to Markhams first, the workers stared at him....why are they

looking at me? He paid and walked out, whistling to himself a tune, he went to the bank....it took almost 2 hours to negotiate the papers... Bank assistant: "would you like me to print it for you?" Him: "no, send it to the address I gave you"...she printed a receipt giving it to him and he left...he was hella hungry. Namhla was coming out of the bathroom with her friends and this one guy, he had waited outside for them....going out by the door opposite hungry lion. She was headed for Woolworths...to meet her other friend.. She saw Lukhanyo walking out before her....oh my gosh, did he see me? She decided to follow and apologize to him....but for what? Walking hand in hand with a guy in public! That's why!....she walked swiftly behind. He was totally oblivious to her. He entered the car and sat there on his phone. Namhla climbed in next to him.....he got the shock of his life. Him: "What the fuck!!!" Of course Namhla thought he was meaning about the boy she was with... She: "I'm so sorry bhuti...we're just walking that's it..." Him: "what are you on about?" She: "uhh....I thought you were mad at me...so I followed you." Him: "why would I be mad at a -Who are you?" She was bewildered....he is more ruder than I thought.....he said I looked nice nje! Now he doesn't remember me? She: "bhuti, I'm Lihle's cousin, remember? I'm staying at your house, you told me to stay far away from your business.? Don't you remember me?" Ohh....Lubb thought, she probably thinks I'm Lukhanyo...that rude boy..... Lubb: "ohh....It totally slipped my mind. Look, have you eaten? I know this great restaurant" She: "uhm no...." Him: "let's go then....." He started the car and drove off.....even better....an insider....now I don't have to sit there all damn night.....let's hear what Lukhanyo been up to..... Him: "I told you to stay out of my business? I must've been drunk. So what's your name again? Lihle failed to mention....." He gave her his million dollar smile.....she blushed to infinity.....

Piece of cake.....thought Lubabalo.

Chapter 201

Lihle woke up and went to the kitchen, lukhanyo was making breakfast. I checked up on the twins Lutha was awake, playing with his hands....I went to check on Chuma...he was still asleep, I craved to crawl in next to him...but I left him alone and checked on Namhla, her bed was neatly made and she was gone. I went to the kitchen. Me: "uph uNamhla?" Him: "she's gone" he said without even looking at me. Me: "where to?" Him: "hayke hok lihle how am I suppose to know? She's your

bestest..." Me: "she said she was going to go to the mall...." Him: "well maybe that's where she at...." He left the kitchen to go fetch Lutha. I followed him and took Luhle. Chumani also woke up. I called Namhla, she wasn't answering her phone...then eventually it cut off. I wonder uphi lomtana. I fed the twins getting them ready for their bath. Today I was going to NMMU, bona bashiyeka noLukhanyo. I bathed them and put the babies to sleep....Luhle was in her cot....Lutha in my arms...slowly falling asleep. I went to the lounge.... Lukhanyo and Chumani were watching tv eating.... Me: "uzom'vasa uChumani...." Lukhanyo just nodded without looking...somehow they were watching those Destroy someone's house and rebuild it type of show...I took Lutha to his cot and went to take a shower.....

When I was done I quickly got dressed, at least the bruises were fading....almost unnoticeable. Chuma was in the bath, Lukhanyo lay on the bed... Him: "uyaphi?" Me: "you told me to go to NMMU today. That's what I'm doing" Him: "awumhle maan....heeeeeeee. Hayi shem...and'nok'kapha ndixwebhe kangaka...yhuu..." Me: "I'll be back soon.." I did my make up and hair.... Him: "when is soon?" Me: "soon is when I'm done. And'zobheka xesha..." Him: "no its fine...you'll call me ne...." Me: "of course I will tata..." I kissed him, took my bag and left..... Lukhanyo waited till the car drove off. He stood by the door, waving then quickly dressed Chumani...he got in the shower and came out soon after he was done...he dressed and got the Range Rover ready...he took the sleeping babies each delicately kissing them and walking them to the car. He buckled each one up nicely. Calling Chumani, he packed his bag, plus the twins' and dialed a number while locking the house... Him: "ndisendlelen ezayo ke va..." And he hung up....he was dropping the kids off at KwaDwesi with his sister and step mom....he drove out the drive-way and went home.....

Lubabalo and Namhla got to the restaurant and sat down. Him: "so tell me more about you...." By now he was wearing police officer shades...leaning back on the his chair.... Namhla: "what are you trying to do?" Him: "trying to get to know you...." She: "I'm not down like that bhuti, Lihle is my cousin and I won't disres-" him: "shhhh shhhh shhhh....I didn't say we're going to have sex or anything. I'm just getting to know you. You'll be living in my house right? Why would I want to live with a stranger?" She: "oh....I'm sorry...if I offended you..." Him: "its okay...." She: "well! I'm Namhla, I am originally from here but my family moved to Durban." Him: "kuthen ungakhulumi kehok..." She: "ndingu mxhosa mna alok bhuti..." Him: "lovely....what are we having?" She: "I'm not sure...." Him: "try the prawns meal....its amazing..." He called the waiter and ordered for her...and him...with a glass of red wine each.... Him: "breaking the ice...." He said with a smile.... They drank in the meantime, while Namhla was babbling about her parents and school and friends.... Him: "so here's the

thing....what really happened yesterday.....I just had an accident, few weeks back, I suffer from temporary memory loss." She: "I'm so sorry.....you just mentioned that you didn't like me....and that I should abide by your rules....you kinda freaked me out"... He took off his shades, and looked into her eyes ...Him: "I'm so sorry baby girl..." He reached for her hand....holding it.... "my wife and I been having some problems...so ndine stress....I hope we didn't startle you too much izolo ebsuku...." She: "I heard you arguing.....why was she crying?" Him: "crying? She wasn't crying....she was.....laughing....yeah...." Inside he was fuming with rage..... She: "oh....ok... You have a nice car...." Him: "thanks sweets.." He bit his lips....smiling.... The meals came and they ate.... She: "my phone's battery is dead yaz....it kind of bothers me..." Him: "we can go to my friend's place and charge it there if you want..." She: "no...its okay..." He's so cute....but no, I just can't do it....my spirit wouldn't let me... Who knows what he might do to me there! She: "who was that guy who was there izolo.....sexy eyes, pink lips.....yhooo bhuti....he's just gorgeous...." Lubabalo's expression changed...she probably means Thulani... Him: "that's a friend of mine....." She: "oh..." She took the hint. Okay so he's not my friend. He's just being nice. The rest of the lunch was quiet..he kept asking random questions...when they were done..... Him: "are you still going to your friends?" She: "yep....our movie is at 17:00" Him: "okay...I'll drop you off.....give me your number, I might come pick you up if I'm not busy..." His voice was like her big brother's. She didn't hesitate. She gave him the number as he paid their bill. Him: "come...." He held her arm and they walked to the car. She: "why are you acting weird, asking me all these questions? And taking my number and stuff? Like does Lihle even know about this? Cuz you know I'm gonna tell her." Him: "look here kid, you're not gonna tell her okay. My wife scolds me because I am rude to you, now I'm being nice you doing the same thing. Kanti nifuna ndide ndithin?! Hayi man!" She: "I didn't mean it like that....ok I'll just tell her you're being nicer..." Him: "good girl. You're not mentioning this little lunch either. That's our secret..". She: "my lips are sealed bhuti." She smiled.... That's my girl.....

Lukhanyo got to the shop. He had left the kids at his mom's.... Owner: "how can I help?" Luks: "I came like I promised. I have 5 more to add...." They went to the separate room...sterilizing the needles...he wiped lukhanyo's chest and started with the procedure...

Chapter 202

It was almost near 18:00 Lukhanyo drove home from fetching his kids...I hope Lihle's not home yet. He thought...she's gonna be on my case... He arrived and the car was in the garage. He swallowed hard....ndizaw'thi bendiphi na kulo noraki wam... He came inside carrying Lihle... Chumani brought in Luthando...Lihle came to help with the bags... She: "hey sweetheart." He was amazed! Him: "hey boo..." he kissed her...for being the actual sweetheart. I wonder kuske kuthin xa aveske adubule... She: "so how was your day?..." Him: "it was okay...how did it go?" She: " I applied babe, it was exciting hey...like I didn't know if I could go back...but now I'm more excited than ever!...like the course I wanted to do ne....." She kept babbling.....lukhanyo thought to himself...I want her to be happy...like this.....but mna uzond'shiya ndodwa mos... 😞
:(...even the kids are going to creche....maybe I should work....hayi man...I prefer being at home, kumand lewei....why does it have to change? Like I could do what I do, lihle would be by my side, our kids be home-schooled...sonke silapha endlin....at all times... She: "it was good getting out and getting some fresh air yazi..." Oh so she feels suffocated here...? Oh I see this..... She: "I love being here babe, but we need to live....get out more you know...are you even listening to me?" Him: yes I am sthandwa sam..." She: "what did I say?" Him: "uhm....you wanna go out more?..." She frowned at me..... Him: "what?" Lihle pushed his shoulder and walked away.....oh God she makes me so weak. She: "what are we having for dinner?" Him: "can we get take aways?" Me: "we can't eat take-aways every second day boo..." Him: "once a week then?" She: "only if you cook once a week too....." Him: "deal..." She: "have you tried calling Lubb?" Him: "he's not taking my calls..." She: "try again..." She tossed me her phone.....I dialed Lubb's number..... He picked up immediately... "Yes?" Ohh....I see this... Luks: "molo bhuti..." Him: "hey lil bro...what it do?" What? He doesn't even feel bad about not taking my calls? Why is he so relaxed... Luks: "you haven't been taking my calls..." Lubb: "I been busy....what's wrong dan?" Luks: "I thought you were ignoring me..." He sulked..... Me: "awumdala!" Lubb: "nahh bruu...I'm not ignoring you..." Lukhanyo carried on chatting to him walking to the bedroom. He came back a while later giving me back my phone... Him: "he says he'll call me later...he's fine..." He smiled sweetly.....I couldn't help but wonder....I was feeling really odd about this....I don't know why.....

Namhla returned at half 10, walking in smiling at Lukhanyo.... She: "molo bhuti..." Him: "hello girly...had fun?" She: "tons....thanks for lunch..." He was surprised...lunch? Ookay....but he kept quiet.... Him: "we kept your food in the oven ke....didn't even know you were coming back mna...so I ate a piece..." Namhla giggled.... She: "its fine...." She went to sit in the lounge with him...he was on his

phone...watching tv at the same time. She: "uphi uLihle?" Him: "trying to put Lutha to sleep...he gives me hassles sometimes..." She: "he just loves you so much, he can't control himself and he gets over excited. Maybe that's why..." He stared at her. Him: "is it now?" There we go again.... She: "goodnight Sir..." She took her meal to the bedroom and ate finished....Lihle walked in... Lihle: "where have you been!?" Namhla: "oh please Lihle, I told you I'm going to the mall." She: "but we agreed I'll drop you off! Why has your phone been off?" Namhla: "I forgot to charge it. Babe, please stop fussing I'm here now..." She: "please don't do that again....how was the day?" Namhla immediately thought of when bhut lukhanyo told her not to tell.... Namhla: "it was great! Lovely lunch and movie I had...why are you so stressed anyway?" She: "its just Lutha has been really restless. He often gets sick....I don't know maybe he's starting again...." Namhla: "or maybe he's just happy....thought of that?" She: "maybe...." Namhla: "there's something else isn't there? Spit it out!" Me: "promise you won't say..." She: "I promise. Never have and never will".....and ke shame she's really good with keeping secrets... Me: "I did a DNA test on the babies...for Lukhanyo's brother" I whispered really lightly...she gasped out loud... Namhla: "you slept with his brother???" Me: "he's brother is psychotic, manipulative, cocky, and fucken identical to him. he told me that he didn't do me, but my heart isn't in the right place. The way he and Lutha are close.....its just freaky..." Namhla started thinking about her lunch....with Lukhanyo....could it have been him? The brother? Hayi man, they can't be that similar. That's practically Lukhanyo duplicated.....naah impossible. She: "where is the brother now?" Me: "New York..." She: "ohh okay..." She breathed inside....so at least it couldn't have been brother....unnoticed to her she was sitting on top of her phone..while Lubabalo tried to call, it answered immediately without ringing...she didn't realize.... She: "Lihle, you're trying to tell me, lukhanyo has a brother. That looks like him. Who you think you slept with because he's just that crazy and one of the twins could be his? When are these DNA results coming out?" Me: "by monday. Its still wednesday...anyway I'll give Dr. Grace Trevon a call...." She: "did you tell lukhanyo?" Me: "I don't want to cause a rift between him and his brother. I keep telling him that he's a nuisance but he tells me to get over this jealous streak I have against the guy...its not that I'm jealous.....I'm just.....he just overdoes things. He's tooooo much. And really weird." She: "he sounds interesting." Me: "in his own special way. He is..." Lubabalo dropped the call...he heard enough...he needed to get his hands on those tests. He dialed a friend. Him: "hey George, do you know a Trevon that you work with?" George: "yeah that's my colleague Grace..." Him: "look, my wife did DNA tests a few days back....can I have a look at them? Before anything happens...." George: "I'm breaking the law. I can't do that...." Him: "how long have we

been friends? Huh? I'm sure you wouldn't want your wife to know about your dirty gay secret...." George: "uhm....ok...I'll try my best..." Him: "name your price, niggaaaaa...." He giggled..... George: "meet me in my office here in hospital at 1am, I'm almost done with my shift....." Him: "thank you, dear sir. I will be there."they hung up.....Lubabalo smiled to himself.....

It was 01:12am when Lubabalo walked into his office. Him: "where are they?" George: "lubabalo, you can't just do this! They aren't even done analyzing yet" him: "well, I'm sure they almost done! Just give them to me and I'll rule it out by myself!" George handed him the paper. Him: "it is done." George: "procedure tells us to keep it for at least a week in case anything changes." Him: "well something is going to change here.....definitely. Remove that. And make these two the same...." George: "Lubabalo NO!!! That is illegal!" Lubabalo stared at him with dark evil eyes... Him: "I SAID. Make them. The fucking same!!!!!" He roared.... George jumped and got busy....he ran to the Lab. Lubabalo following him. He walked on it for a very long while...he duplicated all the results... George: "there....I did..." Him: "good. Now listen to me. You call her. And tell her, to come get them. Understood? I'll deposit your 1 mill. into your account...." He walked out the hospital...

Chapter 203

He is fucking crazy if he thinks I'm breaking the law for him again! What's wrong with him? He thinks he owns this place!....God, have mercy. The doctor clicked and printed it out then clicked on un-do. The results went back to the original. He printed that out too. He will keep the duplicate for that psychopath and the originals for the patient. He's right. She must really come fetch these by tomorrow or else I'm dead if he finds out what I have done. He put them in separate envelopes. Marking each one and double-checking. He breathed in gasps. Lord, why can't this man get off my back. I will have to confess to my wife. I can't live like this anymore. I can't be his lap dog for life. he would send an email to the card-holder(patient). He sent it straight away: "your DNA results are ready Mrs Mzinyathi. If you may kindly report to Dr G. McKenzie at 09:00am tomorrow morning." This was not professional but it was a matter of life and death. The results were supposed to be issued out on Monday. But I don't have much time with that thing hanging around. Why is he sooo insistent! He had Removed Luthando's positive result and left Luhle and Lukhanyo the same. When he said make these two the same he actually meant keep these two the same.

Because they all showed ONE result. WHY would he want to remove the Luthando? Who even does that? Who is this Lukhanyo? I don't even want to be involved. They must just come fetch these papers and Leave!

Lubabalo got home. He had another headache, he hadn't taken his pills in a very long time. He needed a drink. He walked to his wine cellar and poured himself a double shot, lighting a cigar....he decided to call Vuyo. It was real late. He knew....but he was lonely. He needed a sane voice, he quickly dialed. She picked up: "hey...." In a sleepy tone. Him: "hey sthandwa sam....unjan?" She: "okay and you?" Him: "I'm ayt....I miss you..." She: "I miss you too. Wenzani?" Him: "I'm just chilling...you?" She: "sleeping...." Him: "wish I was there with you...." His mind started reeling.....what has gotten into me.....why am I becoming worse?...he kept hearing voices in his head..... "No.."....he murmured... Vuyo: "Lubabalo!" She yelled. He jumped up.....he was having another nightmare....awake? That's the first.... Him: "I'm here boo....listen can you go to PE. Ungaxeleli mntu....tomorrow...I've got a surprise for you waiting there. Don't tell anyone you're coming..." She: "okay...uhm....should I bring anything?" Him: "nope. Just you....and our son of course.....ulale kamand ke baby va....." She: "goodnight babe..." He hung up. I hate being alone. if I could I would go to Lukhanyo right NOW! But he's probably asleep, and would be shocked....could I reverse all this shit?... He tried calling George, his phone was off. Oh great! Just fucking great! I have officially ruined everything my brother has ever built for himself. Good Going Lubabalo.....he should really drink his pills for the headache....his mind reeled more often...he got dizzy and he just couldn't control his anger anymore.....maybe I'm going crazy....he giggled at the thought....I just need my brother....I'm not fuckin crazy..... He drank another 2 shots and walked to his bed. He booked a flight for tomorrow at 1pm for Vuyo, he sent her the details. Then dialed for a car hire with a driver to wait at the airport for Vuyo. He fell asleep.....

It was early Thursday morning when Lukhanyo woke up. He wasn't feeling this day....he stared at Lihle who was still asleep. I hope she never leaves me...as Lukhanyo watched her.....her eyes flickered open, she got a fright. Me: "yinton ngok!?" Him: "ndak'buka qha....I missed you...." I looked quickly on his arm....yep it was still Luks. I got up to brush my teeth then headed for the kitchen. He went to check on the babies as I started on breakfast. He walked into the kitchen holding his phone. He was reading something.....his breathing changed.....his expression changed.....his eyes blazed with anger..... Oh God. What is it now! He started at me, his hands shaking. Him: "what the fuck. Is this?" He said in a low tone. I was already scared. I didn't even know what it was...I stepped forward peeking at his phone.... I read the email. My heart sank, whole body shivered.... Him: "if I have to

ask you again. Someone will take their last fucken breath Lihle! What the hell is This!!!" He growled.....My mouth went dry. He grabbed the top I was wearing holding me against the wall..... He breathed heavily, before he could strike meI heard the door bang open, it literally broke off the hinges. He stood there.....how the hell??? "I dare you...."the twins started crying, Lukhanyo let go...his eyes searching mine wondering if what he just heard is real.....he turned around slowly.....and it was..... Him. "Do it Lukhanyo. Do it when I am Here!" There was something in his voice, I don't know how to put it...it was sick.....

They stared at each other for a very long time..... Luks: "when did you? How? What are you doing here?!" Lubb: "since when do you mis-handle your wife lukhanyo? Why? Whatever happened to sitting Down and Communicating!" Luks: "you don't unders-" lubabalo grabbed him and pull him to the car..... Lubb: "when I am done with you.....you will learn how to love people. And use THINGS. Not vice versa." He started the car and drove off.....

Chapter 204

Namhla woke up and went to the twins...she held a screaming Luthando... Luhle was also crying but not as loud. I took him and checked his breathing, he wasn't breathing properly, he was screaming because he couldn't breath!the more he screamed the more his lungs were closing in, I frantically searched for his machine, I connected it with tears streaming down my face...I felt I was the one who couldn't breath...at this moment I didn't care about either Lukhanyo and his brother. He might have saved my life, but he could have my son killed....because Lukhanyo did say, Someone, might take their last fucking breath, I would rather it was me!!! I cried harder...while trying to give Lutha oxygen, it wasn't helping....Namhla was in tears, "Lihle, isn't there anyone! Who could help?? He's dying!" I picked up my phone and dialed for Ta Smig....my whole body was shaking....I was losing my son!.....he picked up immediately. I started crying on the phone... "Ta Smig uLuthando! He isn't breathing!" Him: "go to Greenacres hospital, I'll meet you there!!!" He hung up instantly....my heart was racing....Luthando's breathing was turning into looong gasps of air!...I quickly wore a track-suit... And ran to the car and buckled him up. Chumani followed with Namhla and Luhle...I quickly locked the house and drove off.....

We arrived at the hospital and ran through to the reception. A doctor was standing there with a visitor, when he saw us, he called the nurses. They came rolling a bed and drove him away from me.....his breathing in hitches...he was going.....I fell down and cried....I just couldn't help myself. The doctor pulled me up and told me to be strong... "Ma'am, I need you to calm down....we can't do anything without your consent...you need to sign a few documents while they get him ready for analysis." Me: "HOW THE FUCK!!!! Do you expect me to calm down! When my son is dying!" Doc: "he's not going to die. He's in good hands...." Me: "Fuck your good hands! While you're busy standing here talking shit!!! GO!!! GO!!!!!" I pushed him in anger, someone tried to pull me, I shrugged myself away in anger, when I turned around it was Ta Smig he pulled me and I collapsed into his arms.....I was screaming in pain....remembering the time I gave birth to them, my first born.....when I held him for the first time. His tiny hands and giggles and smile....I was shaking violently. He sat me down, trying to calm me down....I held onto his shirt and sobbed. Ta Smig: "should I call Lukhan-" Namhla: "please don't.....he's partly the reason"minutes turned to hours.....long hours.....the tears dried on my face....I just had short spasms....when my whole body shook for a split second...where was Lukhanyo and Lubabalo. Why aren't they here this time? If bend'hlel nenyi ndoda ngebesebe fikile....nxaarg! I realized the babies hadn't eaten..Chumani and Luhle...I got up, Ta Smig held me.... "Lihle uyaphi?" Me: "the children need to eat..." Him: "Luhle is a baby, I'm sure they have baby food phe nursery. And Namhla can get a sandwich and juice for Chumani...AND you! Hlala phantsi...." He took out his wallet handing Namhla a 100rand note...I took Luhle from her, she led Chumani to the hospital Cafeteria. I breastfed Luhle...I had to...at least for now. I need noba yi purity for yena. I don't even have friends! Thulani is probably at work. I checked the time...probably not...it was still 07:20... I decided to call and check....fixing my voice, I don't want to alarm him... Him: "hi mtshana...early kangaka? Whatsup?" Me: "thulani I need your help....are you at work?" Him: "not yet, I only have a meeting at 13:00 so andikazoya....what you need help in?" Me: "I need you to buy purity eziy'2 ezincinci...I'm in hospital. Lutha had another asthma attack..." Him: "ndiyeza mtshana..." He hung up.... Ta Smig: "nguban kehok uThulani?" Me: "friend ka Lukhanyo...used to be mine, but Lukhanyo and Lubabalo stole him. Like everything else I have...." Ta Smig: "lo besemsebenzin? Light skin, my nigga guy?" I giggled lightly..... Me: "yes...that one..." Luhle was falling asleep. She dare not close her eyes...I woke her up....she started crying... Ta Smig: "myeke maan Lihle....." Me: "what if..." Ta smig: "stop over-thinking things, umtana uzonga lali ngoba? This is a baby.." Me: "I don't want him to die Ta Smig, he can't..." Him: "nobody wants him to die...we

all love him lithembelihle....you just have to keep strong for him...that boy is a fighter. He's been through bad..." Me: "yeah but this is the worst...." Him: "maybe he doesn't want you to leave his father. Maybe he's the tie to your marriage. First born yenu leya.....in marriage....everything is in him.....he needs both of you to survive...the last time he got sick, weren't you and Lukhanyo going through the bad?" Me: "yes....it was the time he was cheating...." Him: "exactly.....lomtana yaniva when you're drifting apart....and the only way to save him.....is to.....call Lukhanyo." My heart sank.....

I began to realize. If I report Lukhanyo. His WHOLE family, will go down. Everyone including Ta Smig...his mother, Sam, Tivo...they've been nothing but good to me, do they deserve this? But I don't deserve it either! Why couldn't I have married a sane person? Not this.....this monster! his brother is even worse...because the way Lukhanyo is so scared of him, I just can't even begin to imagine what he's capable of....why did we have to meet him? Why couldn't he have stayed in Australia or wherever the fuck he was...its him odala ingxaki apha...Lukhanyo.....wait....no it isn't him. Lukhanyo was like this way before he appeared. But that doesn't matter. Because I am done....after this. I am going home... I pray to God my son makes it...before that man kills us all..... Thulani appeared... He had a plastic with him... A few tins of purity. A packet of diapers and wipes. Him: "I tried the best I could..." He handed me the packet... Me: "thanks chomi...that means a lot" he greeted Ta Smig... Thulz: "uphi uChumani?" Me: "uhambe noNamhla went to get something to eat..." Him: "ndingahamba naye? I'll leave him at Junior's day care for the day...at least he'll be taken care of properly..." I wasn't offended...it was a good gesture...but.... Me: "I don't know, I don't want to scare him and have him thinking his brother is going to die or anything...." Him: "lihle....trust me, he'll be fine...call him, sizohamba..." I dialed Namhla....she said they were on their way back...after about 5 minutes....they appeared. Thulani stood up... Him: "Chuma, come here boy....listen...." He picked him up... "I'm taking you to Junior's school ne...then you can play together all day....your brother needs to rest for a while ne...." Chuma nodded.... Me: "he's gonna need clothes..and lunch, let me drive with you back to the house to fix his things..." Thulz: "Lihle, calm down....I'll make a plan...." He walked away with my other son.....a part of me broke...

Chapter 205

Lubb handed Lukhanyo pants since he was still in boxers.....he just drove, in silence. Luks: "where are we going?" Lubb: "away...." Luks: "are you going to hurt me?" Lubb: "you're my brother Lukhanyo....akho need ba mawoyike..." Luks: "then where are you taking me?" Lubb: "don't make me smack you! I said away!" Lukhanyo turned and looked away... Luks: "what do you want?" Lubb: "I want you to stop beating her!!!" He stopped the car in a deserted area. "Get the hell out!" Lubb got out.....Luks was wobbly and a bit afraid...he got out then closed the door. Lubb: "I can't hurt you. God knows how much I want to! But I love you! I can't do it!! If bungomnye umntu, you would've been dead by now!" He growled.. Luks: "but Lubabalo she cheated on me!!" Lubb: "no she did not! Kuthen ungabuzi kuye? Why don't you sit down with her! Kuthen zoveske ubenomsindo umbethe!" Lukhanyo kept quiet.... Lubb: "you need to be away from her Lukhanyo. For a few days. Calm down and be reasonable. Aw'nokwaz uthetha naye ulewei!" They stood in silence for a while. Then sat on the road. Luks: "how come you always appear on time?" Lubb: "I missed ya'll so I woke up and decided to come see you....bend'zoza ek'sen qha figured you were sleeping..." Luks: "what if she's gone?" Lubb: "whatchu mean?" Luks: "she said if I do it again she'll.....shit!!!" Luks got up immediately... Lubb: "what? What's wrong?" Luks: "she said she'll go to the police. And tell them Everything...we have to go back!!" Lubabalo got up and the raced to the car. They got in, Lukhanyo drove this time....he was the one more skilled in driving. Luks: "I left my phone endlin. You have to make sure she doesn't leave...call her Lubabalo!" Lubb: "akho signal apha Lukhanyo!" He tried switching his phone off then on again... Lubb: "stop!..." Lukhanyo hit the brakes. There was 2 voice mail messages.. The first one: "lubabalo, please bring lukhanyo back. Luthando needs him...we're in hospital and it doest look good." She was crying... He froze instantly. He closed his eyes.. Luks: "what?" Lubb: "Luthando....he's.....in hospital...." Lukhanyo pressed on the accelerator....the car flew through the road.....

Lihle sat in the waiting room...it was almost 9am now. The doctor appeared, she stood up. "Doctor how is he?" Doc: "ma'am...." Me: "doctor I ask of you not to bullshit me with your Greek English." Doc: "I am not ma'am...uhm...well, to cut it short he cannot breath on his own....his lungs are swollen. Right now, your son is on the machine.." I turned around and sat Down. I just couldn't. My body failed to adjust..it was a full 15 minutes when Ta Smig handed me a bottle of juice. "You need to keep your energy levels up..." He whispered... Two shadows appeared over me...my hands were in my face...I already knew it was them. I got up and looked at Lukhanyo dead in the eye. He seemed to be calmer. He just looked at me. I looked back...he walked

slowly towards me then stood right in front of my trembling body...he put his arms around me....squeezing tightly...without saying a word. I held on to him. Me: "I'm so sorry..." I started crying again.... Him: "shh shh shh...." He kissed my forehead....why was he being so nice....I pulled away. We sat down in silence. I'm happy that he's here but ingathi he's on a mission.

Me: "can we talk?" Him: "now?" Me: "yes, now." I got up and walked away...he followed me to a hallway. Him: "lihle, I know I promised I would never do it again...ndak'cela Lihle, think of our kids. Our family....everything will be torn apart." Oh....so that's why he's being nice? Lovely. Uzond'cenga?...k then.. Me: "I'm not going to the police. I'm not reporting you. Because I love you and I want you to change, although prison will do you real good. I want my kids to grow up With a father. A father I never had. But lukhanyo....le relationship yethu isn't working. We're trying at all costs but the more we build the more it collapses. Its hazardous. I'd rather we just live peacefully without interrupting each other's lives. At least let's do it for the kids..." Him: "so its over? Just like that you're gonna give up?" Me: "I'm not giving up." Him: "but you're leaving...." Me: "me leaving will only kill my son!" Lukhanyo looked around him and thought for a while.... "Uphi uChumani?" He asked in a husky voice. Me: "Thulani fetched him..." He nodded.... "Was the dna tests for him?" Me: "no. It was for Lubabalo..." Him: "why!?" Me: "because, Lukhanyo, he kept making these remarks that the babies are his...and stuff! He pushed me into thinking we had sex...he knew us way before we knew him....he needs to be ridden of Lukhanyo..." Luks: "no....we can't do that....I'll figure something out...." He hugged me.... "He couldn't have done anything. I know I made you pregnant.....we only fucked twice mos....he was just pulling your leg...." Me: "what you gonna do about it? You seem scared of him..." Him: "haha...oh Lihle sthandwa sam....you still don't know me well....kiss me...." I looked away.... Him: "okay then...be like that...." Me: "both of you are mentally disturbed by whatever....it bothers and triggers with your anger nerve system and I can't deal with it anymore....I don't know what you want me to do..." Him: "so you just want to leave..." Me: "yes I want to leave, but I'm not going to....." Him: "but we're separated?" Me: "lukhanyo please..." Him: "I want to understand. Make me understand!!" He yelled.... I stared at him....as he calmed down.... Him: "I'm sorry..." Me: "now, do you understand?" I turned and walked away....

He pulled my arm.... Me: "I'm only doing this for my son. Lukhanyo...please...." Him: "lihle, do whatever you have to do. At the end of the day, uzohlala ungowam. You mad?" Me: "lukhanyo this isn't even about us anymore. There's children involved. We are dragging them through the gates of hell. I can't do that anymore. I won't deny you the right to see them and whatever. But damn. Me and you.....? I don't know

Lukhanyo..." Him: "if you think by dumping me. You will go to another man....a few years down the line.... I will hunt him, I will find him. And when I do sweetly, he will be no more...kuthen ungeno hlala nam?" I stared at him in amazement.... Me: "are you even hearing yourself?!" I asked in a disgusted tone... Him: "Lihle I'm not joking with you..." I swear if it wasn't for Luthando, I would have jumped on him right then and there, slapping him senseless....what's wrong with him! Good God. Me: "Lukhanyo, I don't want another man. I want You to be a different man. Not this monster you turn to be whenever we fight. I love you...you're the best husband, the greatest father.....you just have a dark side.....if kunohamba lona...I swear everything would be kosher..." Him: "what the hell is kosher?" Me: "I don't know I heard it in a song..." He giggled... Him: "usis'bhanxa ke wena ndakwaz...." Me: "uyi raki wena..." Him: "Lubabalo said we need space away from each other.....nam ndicinga njalo...maybe I move out the house and you stay....we'll meet here in hospital together for Lutha..." Me: "I want you to be sure..." Him: "I want us to work." Me: "I want you to go to therapy, 3 times a week." Him: "only if you let me make love to you equivalent to that amount...." Me: "then its not gonna work...." Him: "I'm afraid not...." I began to walk away.... Him: "it will work out Maka LuthandoLuhle...you'll see...I'll do it...even if its everyday. Starting right now." I looked back at him.....and he gave me that smile.....the one I saw when we first met...he may be a little aggro.....okay maybe a lot...but ke he tries....and this is the last for me..... Me: "Deal...."

Chapter 206

The doctor appeared after about an hour. We were all sitting in the waiting room. Doc: "maybe if you could get some rest...ma'am,..he is stable at least-" Me: "but he's not breathing on his own! What type of stable do you mean?" Lukhanyo: "babes, please calm down..." Me: "no, lukhanyo I can't..." Ta Smig: "Lihle...listen to the doctor..." ...I started feeding Luhle...I don't need this... When I finished Lukhanyo took her from me. Me: "can I see him..?" Doc: "yes, you can for a few minutes each. Relatives only." Me: "these ARE his relatives, I'm his mom, here's his dad, there's his uncle, grandfather and aunt." Doc: "okay then...come this way." Lukhanyo and I walked in first. I stood next to the tiny bed looking at my son who was draped in pipes and wires connecting to a machine. I've seen it all before. But it still seemed new...he was moving. It was just the machine that was beeping. Suddenly I felt I should've spent more time with him, cuddled him more, carried him around more....I

started blaming myself. I wanted to cry...but I couldn't..Lukhanyo held my hand. Pulling me closer to him...Luthando was our connection. Yes Luhle too...they're our marriage tie. Our own creation....how could life be so cruel?! I turned and walked away...I needed to go. I couldn't see him in that state. It broke me in so many ways. I left the hospital with Namhla and Luhle. I needed to leave that space.....

We got home and I went straight to the shower, I sat down and started thinking..for a very long time..about everything. Including Lukhanyo. Lubabalo I really couldn't give a fuck about. All of a sudden he has become a pest...andiyaz njan...but my soul doesn't sit well when he's around. And with Lukhanyo, I become so soft towards him, especially when we've fought...he just crawls under my skin and I let him. I just let it be. That's what I want. Lukhanyo and I have been through shit. I had to love him. He was there when my life fell apart, even though he was the cause. Kuske kuthin xa kengok abenomsindo....maybe its me? I provoke him?....I heard the baby crying. I got carried away with my thoughts and it was almost over 45 minutes I had been here.....I got up, switching off the shower, stepping out and grabbing a towel. I quickly dried my self and walked out. I was still drying myself, I hadn't looked up. I stopped when I saw him standing at the door way....holding Luhle.. Me: "Since when do you creep around in your own house?" Him: "I'm not creeping around. I'm just standing." I just got dressed. I held out my hands to him. Me: "let me feed her..." Him: "can I do it?" I nodded and walked to bed. I sat on it awkwardly....he left and came back after a while carrying Luhle's little bowl. He sat down on the bed and fed her....I lay down, closing my eyes. I almost drifted away.....just when I heard him moving again. He placed her in the middle, pulled me closer to them, holding my hand on top of Luhle's stomach.... Him: "can we pray?" Me: "sure" I loved this.....

"Heavenly Father, we come to you this fateful morning. When our son is laying in hospital, we have fully recognized your power and grace. We have neglected you in our lives and I fail to see my child suffer because of our faults. I ask that Lord you forgive us, heal our little boy and give us the chance to praise you, I put the only faith I have in you. In your Holy name. Amen."

That was the sweetest thing. Why can't he be like this all the time? The loving, spiritual Lukhanyo? Me: "maybe its me...." I thought out loud.... Him: "what is?" Me: "that you lose your temper..." Him: "its not you. We're the same. The blame falls on both of us Lihle. Like you said, its not about us anymore...our babies are involved. Let's just concentrate kubo kqala...please..." I nodded slowly... Him: "I'll be with Lubby in the mean time. Uthi uVuyo uyeza...so if you want someone to talk....." Me: "okay...." He got up kissing Luhle's cheek. He went to the cupboard and packed his things. I didn't want him to go...i got up and went to him. Me: "aw'kwaz nopakisha,

yahlohla qha..." He smiled behind me....as I packed his clothes I felt his eyes hovering over me. I finished and gave him his bag. Him: "booked an appointment for 15:00...wanna come?" Me: "yeah sure." Him: "see you later." He kissed me...and left....I don't know if it was forever or for now. I wanted to cry, but I have to act like an adult about this. Lukhanyo and I need time to fix things. Before we can try. And ndimazi ke, he can't stay away for long.....

Chapter 207

Namhla walked in. She looked puzzled, her face was pale. Like she'd seen a ghost. Then she started bombarding me with questions...She: "Lihle...." Me: "yes?" She: "ngama wele kanti ababantu?" Me: "yes." She: "but I thought you said brothers....you didn't say twins..." Me: "same thing Mntase wethu..." She: "ubuye nin kehok lo!" She yelled... Me: "I really don't know. And I don't care..." She: "how do you know its not Lukhanyo lo uphuma apha..." Me: "I just know." She: "how can you tell the difference! And'bon nto idifferent mna! Ngumntu mnye lona!" Me: "namhla, please. I really don't want to do this now. Ndak'cela." She kept quiet for a while. Looking bothered and shaken. Me: "they're not ghosts..." She: "I'm sorry when you said they looked the same, I didn't think like this!!....yuuuuuuuh rhaaa, I would faint everytime. Imagine! Hayi ndinganyukelwa yi high high, qho xabengena bobabini! Ndingambeka istamp lowam....ndibenom'bona kakhle...ndim'suse izinyo omnye..." I was in stitches of laughter!... Me: "hayi man Namhla!" She mumbled her way to the kitchen, gasping and making silly comments, while I called Thulani to check when Chuma would be back...he said after work he'll come by. Namhla walked back in. With toast and orange juice...at least it wasn't a hectic meal. I could nibble it down. She: "itya ke mntase. They say you can't breastfeed ungaryi...uzogula or umtana akazo baryt..." Me: "uy'vephi keleyo namhla?" She: "andaz wethu mntase, yayaz nawe nje ndithetha kwanto...so kehok, you going back to the hospital right? I can stay here with uLuhle..." Me: "Lukhanyo and I are going somewhere..ngo3" She: "okay. Its fine." I ate the food and we lay in the bed...with Luhle... Namhla: "uyaphi ubhuti?" Me: "to his brother's place.." Namhla thought for a while....was it the brother that I had met that day? It could be. That's why mos bengakhumbuli. He lied about an accident! What else did he say.....but nothing much. Just asked about luks. She: "is he harmful?" Me: "very...you best stay away..." She: "okay....". She got up and went to her bedroom.....

Her phone rang. She didn't know the number...but answered anyway. She: "hello?"
Caller: "hey you..." She: "who is this?" Him: "awusamaz ubhut wakho ngok?" She:
"ohh...uxolo bhuti..." Him: "its fine...what you up to today?" She: "I'm baby sitting..."
Him: "okay....that's lovely...hope you have fun ke..." She: "enkosi bhuti"...she went
straight back to Lihle. She: "Lihle, I have something to tell you..." Me: "what's
wrong?" She: "remember the time bendithe ndiya eMall? Well I met
Lukhanyo/Brother, we went to have lunch together, mna ndicimba ngu Lukhanyo
because uthe you said you want him to be nicer to me and you yelled at him...." Now
I was the one confused as hell....it sounded like Lubabalo, but I only said those words
to Lukhanyo. Bezoyazi njan yena? Me: "what was he wearing?" She: "jeans and shirt I
think....I can't really remember." Me: "how do you stare at someone for over an hour
and not remember how they look?" She: "heee, sunqwakuzela kum Lihle! How was I
to know to look for specific detail body parts, hanging sideways on his body!...tshi..."
Me: "I'm sorry..." She: "he just called me." Me: "what? Uy'fumanaph number yakho?"
She: "I gave it to him. Because he said if and'kabuyi uzondilanda that day...but ke my
battery died" Me: "ufuna nton ngok efowna." She: "he just asked me about my day...."
Me: "that is so like him.." She: "ndithini?" Me: "its up to you, I can't tell you who to
talk to....I can only warn you...just watch out qha..." She: "he seems nice..." Me: "he
is.....at first." I got up and decided to do some cleaning.....

At about 13:00, I fixed myself. No matter what I'm going through, I shouldn't flag it
to the world. Mandiz'qoqoshe mntaka Bawo....I tried calling Lukhanyo, his phone was
off. I kissed my daughter and held her for a while. I don't want to leave her...I
shouldn't be leaving her, a voice told me... Namhla: "she'll be okay mntase, I promise
you. The moment something happens I'll call you.." Me: "okay." She: "uph uBhuti? Is
he meeting you at the hospital?" Me: "I don't know Namhla, he isn't answering...if he
comes here tell him I've left for the hospital." I gave Lihle to Namhla and went to the
Range Rover, since Lukhanyo left with the Benz. I quickly drove to the hospital. Only
Ta Smig was still there. Me: "hayi bhuti, you didn't go home..." Him: "no...I'd rather
be here..that is my grandson Lihle, I can't just leave..." Me: "but you need to
rest...please, you just got out of hospital, I don't need you stressed and tired....please..."
He hugged me. Him: "okay fine...I'll go rest for a few hours. But I'll be back." He left
and I tried calling Lukhanyo again.. This time he answered. Him: "just parked at the
hospital babe, uphi?" Me: "inside the hospital..." Him: "great. Ndilinde apho..." A few
minutes later he walked up behind me. He startled me out of my thoughts. Me: "will
you ever give it a rest? Ndiyofa yi heart attack nguwe wena..." He giggled.. Him: "can
I get a hug?" I hugged him... Gosh, he smelt sooo good... Me: "you smell nice." Him:
"why, thank you..." He smiled...and we walked to see our son. After the time we spent

with him it was 14:27, we had to leave. I got up awkwardly... Me: "we have to go.." He sighed and followed...we walked to the cars. Him: "let's take one car please? Sishiye ey'1. Then we'll come fetch it later." Seemed logical..we took the Benz. Him: "Do you remember?" Me: "what?" ...he just shook his head and drove off.....

Namhla was sitting with Luhle on the couch. She was trying to put her to sleep..rocking her back and forth. A shadow appeared behind her, she was almost too scared to look back. Him: "hello" she: "molo bhuti." He came to sit down next to her...her heart was beating really fast....this is not lukhanyo she reminded herself. Him: "you look afraid....what's wrong?" She: "its just that you.....you like ubhuti...." He laughed out loud... Him: "Gee babe....you gotta let that out your system.....give her to me?" Namhla stared at him...his smile so bright and innocent...she handed Luhle to him...it didn't even take him 10 minutes, he rocked her, his big hand touching her face...ear....and she was gone... She: "how did you do that?" Him: "sondela ndik'bonise..." She leaned closer to him... Him: "hold her like this....with one arm...and do this with your finger behind her ear....learnt it from my mom...when my sister was a baby..." she: "wow...that's sweet...." Him: "I suppose.." She: "they said you were in New York." Him: "I was, now I'm back." She: "why?" Him: "what's with all the questions?" She: "I'm just creating conversation...you'll be hiding something if it bothers you..." Him: "my family is back here..." She: "do you have a family?" Him: "yes. Lukhanyo is my. Family" she: "and what about a wife? Aren't you gonna get married?" Him: "no I'm not." She: "why not?" Him: "I don't feel like it..." She: "why?" Him: "will you give it a rest?" She: "only if you tell me why." ...this girl though... Him: "I'm not ready. And don't ask me why!" She kept quiet....the room was dead silent. He walked to the bedroom to put Luhle down then went to the kitchen to pour himself juice. Before he even opened the fridge. Him: "orange or mango?" She: "orange please." He opened it and poured for both of them.... She: "how did you know? If you haven't been here for a while...." Him: "I just do...." God this child is tooo intelligent for my liking..... Time for Plan B.

Chapter 208

Lukhanyo and I walked into the doctor's office. We greeted Ricky and sat down. Doc: "so, have we sorted out our differences?" Me: "no." Doc: "what seems to be the problem..." I looked at Lukhanyo who looked to the floor. Making no movements whatsoever... Me: "lukhanyo has temper problems.." Doc: "when you say temper

problems, do you mean losing it or being physical?" Me: "both....Lukhanyo please say something.." He kept quiet and looked to the floor. Tshin Bawo, kanti ndim luziswe kwi therapy? Me: "lukhanyo!" He looked up... Doc: "tell me how you feel. Right before you get angry. When you are angry. And how you feel afterwards." Luks: "I feel fine, almost relaxed in the beginning. And then.....my chest starts burning....my body shivers...that's when I'm angry I shout and sometimes.....mis-handle my wife..." Me: "sometimes?" Him: "always...." Doc: "and Mrs Mzinyathi. How do you feel?" Me: "he catches me off guard all the time...when the fight is over, I'm scared...vulnerable....and I just can't control my feelings. He breaks into my emotional system...I literally forgive him instantly." Doc: "don't you want to forgive him?" Me: "I do...but not all the time...there are things that Lukhanyo has done to me.....things I could never forget...."he raped me....I thought to myself....no he didn't..... I consented to it.... Doc: "like?" I kept quiet...I dare not say it...I can't put Lukhanyo on the spotlight... Luks: "I abused her.....mentally, emotionally, physically and Sexually, Ricky" he breathed.... Doc: "are you proud of what you have done?" Luks: "no..." Doc: "you know that those are the worst type of scars, because you can never wipe them off right?" Luks: "yes.." Doc: "have you asked for her forgiveness?" Luks: "no....I just said sorry...." Doc: "find the time...to ask for her forgiveness. Sorry doesn't fix things." Lukhanyo just nodded. Doc: "what makes you act like this?" Luks: "I don't know..." Doc: "you know what I think?...I think....you suffer from bad memories and a painful past. You never got healed. And now you're taking it out on your wife....because she's a woman...and the person that hurt you is a woman...you need to start in the beginning." Luks: "and where is that?" Doc: "you need to forgive that woman...." Lukhanyo got up and left.....

Namhla and Lubabalo were sitting in the lounge watching tv...when his phone rang.. He picked up. "Mntu wam?" Vuyo: "I'm at your house babe. And everything looks oddly the same. What's the surprise?" Him: "haha....hlala apho lovey iyeza..." He hung up...smiling. He got up. Him: "I'm afraid I have to leave you shame, mame'khaya ufikile." She: "you have a wife?" Him: "girlfriend..." She: "mhh, okay then uhambe kak'hle..." He winked at her and left. He quickly drove out. He was feeling different...almost excited. He stopped at a flower shop and bought 2 roses...he drove to Spar and bought a Milk Tray. I wonder if kukhona ukutya kulandlu na Bawo. He paid and walked quickly to his car, spotting an ex...he quickly drove off before she called for him....he parked out front in his yard and walked in. She was sitting on the couch. When she saw him, she was surprised and jumped up to him... She: "baby!" He hugged her... Him: "hey sweetie...look what I got you..." He gave her the flowers and box of chocolates..... She: "you're so sweet! Ubuye nini!" Him: "bendikhumbula wena

tshin..." He avoided her question....They sat down...as he held her in his arms...she smelt fresh...and sweet....he just kept quiet and drifted off into his thoughts closing his eyes.....

Lihle walked out to Lukhanyo... Me: "lukhanyo. Come on..." Him: "no Lihle, NO!" Me: "just come back in and talk to the doctor!" He breathed...3 deep breaths...then we walked back in. Me: "I'm sorry Ricky" Doc: "totally understandable....I see this is still a sensitive topic for him. But to progress we need to start from the beginning...look there's an exercise you need to do at home in the mean time.." Luks: "I moved out" he sulked...heee yangathi ndimgxothile. Doc: "why?" Lukhanyo: "Ricky I can't do this to her. This isn't what I had in mind when I married her. I'm just making life difficult for everyone. Including our kids. Our son just got into hospital this morning he had an asthma attack....we fought and.....my brother had to take me away because I had lost my temper." Doc: "do you think its a good idea? Moving out?" Luks: "I don't know. My brother suggested it....seemed like a good idea. I'm not sure anymore." Doc: " you need to be sure if you want to leave your family at the time they need you most... I want you to do something for me...wherever you are. Both of you. Take a sheet of paper. On one side write the things you hate about each other the other side you write the good. I've done this tactic many times with my patients. Tomorrow I will see you back here and we'll discuss it together. All 3 of us...understood?" I nodded... Luks: "yes...." We said our goodbyes and left for the hospital. Him: "we need to go fetch those results" Me: "now?" Him: "yes now. We on our way there mos, its now or never."

Lubabalo and Vuyo were in the massive lounge chatting. Him: "babe, bathini abazal bakho?" She: "babes.....they are beyond angry. Bathi ndizoz'bonela. I had to leave and stay with a friend of mine cuz bona bathi they won't support a grown woman....especially ongaphangeliyo." His heart broke.....why?... Maybe he should go have a word with her father. What kind of father kicks their own child out? Him: "I said we'll figure something out booboo. For now, ndikhona. We're going to Cape Town, there's a company I wanna build pha. But I can't go cuz Lutha is in hospital..." She: "ohh shame bethuna...uthen na?" Him: "I think bene asthma attack...." She: "shame man....I should call Lihle, she's probably devastated..." Him: "yeah you should...but later...she and Lukhanyo have gone somewhere." She: "why do we have to wait until Lutha gets better though. He has his parents." Lubabalo gave her a dark look. Him: "I'm not leaving this place until I know he's fine...." He hissed...

Chapter 209

Lihle and Lukhanyo walked into the hospital. They looked for the doctor and had to wait a few minutes... After a while he appeared... Doc: "Mr and Mrs Mzin-....." His face dropped. "Uhm....." Me: "what is it?" Doctor: "you back...." He stuttered...his breathing was as though he was running out of air....why was he scared of Lukhanyo...I could swear he almost wet his pants. Luks: "hewethu, what you on about!" The doctor was shivering in fear. Doc: "I can't do it. I don't care if you tell her....I won't do it!" Me: "doctor? Its me.. Mrs Mzinyathi? I did the tests for Lukhanyo, Luthando and Luhle? This is Lukhanyo. What's wrong?" The doctor swallowed hard... Doc: "so you're L-lukhanyo?" The doctor did the math quickly. So lukhanyo and Lubabalo aren't one?... Doc: " Lubabalo?" Luks: "No...he's my brother. Doctor khaze man nez'wei...!!!" He tapped the table impatiently... Me: "Lukhanyo!" Him: "what??" Me: "please don't start with your ghetto behavior apha!" He slumped back in his chair and stared squarely at the doctor. Which was even worse than the tapping. This doctor was hiding something. Something about Lubabalo..I must talk to him. He took out the results and handed them to me. Lukhanyo held out his hand. Before I even opened it. He was dead serious. I handed the envelope over to him. The doctor started sweating again....hayi man uthen na lobhuti. Lukhanyo stared at the papers....his face was rigid and his expression....unreadable.... For some odd reason. I wasn't even fazed about it....he was their father fair and square....I saw a smile creep on his face...but he quickly hid it and handed me the papers. Doctor: "so you're not Lubabalo." Luks: "I told you I am not Lubabalo." The doctor breathed in relief....we got up to leave... Luks: "he was here, wasn't he?" The doctor stared back at him... Luks: "WASN'T HE?" His voice shocked me too.... Me: "lukhanyo, your tone!" Doctor: "y-yes. He was" Lukhanyo just nodded and walked out...ungabom'delela umntu ongafundanga shame..... Him: "do you have any other secret you want to tell me about?" Me: "just one for now. Did I tell you Lubabalo hired a nurse to take care of mom. I don't know if he's been visiting her or what....I just don't know. He bothers me." Him: "okay." He held my hand and we went to our son's room..... Him: "he'll be fine..." He muttered. I switched on my phone....1 new message from Namhla. "He is here." I gave the phone to Lukhanyo. He looked back at me. Him: "I don't want to hurt this boy Lihle. I really don't...." I decided to keep my mouth shut.....

After over an hour sitting there. Lukhanyo: "do you think we're doing the right thing?" Me: "I don't know Lukhanyo." Him: "I don't want to leave.." Me: "I don't want you to leave..." Him: "but you let me go..." Me: "because you wanted to." Him: "you packed my bag." Me: "because you're a very bad packer." He giggled again... Him: "does that even exist? A packer? Gee you surprise me every time." Me: "I'm glad I

do...." I looked at him...and he smiled....my heart melted. We can't go back. Me: "you need to do something about uLubabalo..." Him: "I'll talk to him..." Me: "talk?" Him: "with the only language we know how. Its clear he knows it well." Me: "be careful..." Him: "always been..." He kissed my cheek.... Him: "kame ndihambe boo. I'll come by later..." He left me there as I stared at my son. There was not much I could do. I wonder if he can hear my voice. The doctor came in. Me: "can I touch him....please remove this glass. " He removed it...and I held my boy...I couldn't pick him up...but at least I could touch his cute little face. I mumbled a short prayer for him. I still wish Lukhanyo was here...but I have to get used to him away... Doctor: "I don't want to interrupt you miss, bu-" Me: "its fine..." I didn't even want to hear it...I got up and walked slowly to the car. I drove home.....

I called my mother on the way. My heart stopped when she picked up. She: "hello?" Me: "Molo mama. Unjan?" She: "ndiyaphila wena unjan?" Me: "I'm okay" I muttered. She: "yinton ewrongo?" Me: "uLutha akaphilanga mama.." She: "uthen?" Me: "he had another attack. Usesbhedlele..ufakwe kumachine..." I breathed silently. She: "ohh Nkosi yam, Thixo nofefe! Lihle kwenzeke nton?" I shall not reveal all. We are already on thin ass ice...and I want her and Lukhanyo to be okay again. Me: "ma we were having a bit of an argument, kwafika uLubabalo wahamba no Lukhanyo. When I went to the bedroom and I found him screaming engakwaz phefumla..." She: "lihle uzothin umtana ungaguli xa nisenza lento imbi ingekhose mthethwen! We must go to Church this Sunday, uzothandazelwa. Ayikho le!" ...at least she said "we".... Me: "ewe mama..." She: "niza nini?" Me: "any time is fine mama...ndizothetha noLukhanyo." She: "okay, ndizova ngani ke. Bye bye".....wow! I didn't anticipate that. I can't wait to tell Lukhanyo. I called him immediately...as I drove in the garage. I got out the car and dialed his number. Him: "hey whatsapp?" Me: "we need to talk, please come over when you're available." Him: "ok" he said awkwardly then hung up....I had to start cooking, I went to check on Luhle. Namhla came to me. She: "she been sleeping since you know who was here." Me: "wasn't that over 2 hours ago?" She nodded nervously. I checked Luhle, she was breathing just fine nje. I had to wake her though...I picked her up slowly and put her on my chest, she started fiddling..then eventually woke up. I wonder umenzen umtanam lo... Me: "what was he doing here?" She: "he just sat! It was soo weird!...like he actually knows his way around the house! Lihle before he even opened the fridge he knew what was in it! Tshin na bawo, ndambuza ke mna! He doesn't even give me real answers.....uphole qith man lomntu" ...no akapholanga tu. I wish Lukhanyo comes on his own. Ndizomxelela le into. Namhla and I were in the kitchen. She was holding Luhle as I started on dinner. She: "yuuh, she has been such a sweetheart today. Uz'thulele uLuhle, she doesn't bother...akakhali nokhala..."

Because she was hypnotized!... Me: "yeah....I guess she is..." A car pulled up outside, I peeked through the window, it was Lukhanyo. I carried on with the preparations..when he entered. Thank God ehamba yedwa...I smiled at him as he stood leaning on the kitchen counter smiling back shyly..... Me: "how you been?" Him: "I been well....the last hour until now...my heart is in my throat..." He blushed...my cheeks tingled...why was he making me feel like this. Namhla left us alone, when she looked at the door, she almost dropped the baby. She had quite a fright.... Me: "Hayi Namhla!! Yintoni!" Lukhanyo took Luhle from her...and she ran to the bathroom, I looked at the door. It was Lubabalo. Oh God, why was he here. But of course Lukhanyo dragged him along. Lubb: "evening Lili" I felt my brain tick. Me: "evening Lubiluu." He laughed... Him: "yuuuh, yagcina shem." He walked straight to the lounge his hand out the door first. Vuyo stepped in and walked with him.... Me: "helllooo? Excuse me?" She came to hug me. I hugged her back. Me: "you didn't tell me you were coming!" She: "spur of the moment thing..." ...good thing she's here, she'll keep Mr Million Dollar busy for a while. He held her hand and led her to the lounge...I looked at Lukhanyo. Me: "can we talk?" He walked slowly to the bedroom....I knocked on the bathroom door. Me: "Namhla..." She: "ha.ana mntase, I can't dzeal." I wanted to laugh. But I couldn't. Me: "yes you can....come on..." She: "ha.a mzala...I can't." Me: "your phone is ringing ke" she opened the door and ran to fetch her phone in the lounge. It wasn't even ringing. Lukhanyo laughed. Him: "good one..." Namhla: "andaba dizzy Bawo..." She walked to the kitchen and carried on with dinner.

Lukhanyo and I walked to the bedroom. We sat on our bed. Him: "don't keep me waiting tu..." Me: "I called mama" his face lit up... "She said we need to go with her to church....and asked siya nini kuye..." He couldn't help his smile. Him: "tomorrow. And I bought her something she might like...I was waiting for this day...come here" I fell into his warm embrace....we heard a knock on the front door. I looked at him. He looked back. We got up together and walked out, he opened the door. It was Thulani and the little boys. They both came running in. Chumani threw himself at me. He had an A3 paper in his hand. Looked like a painting, he couldn't wait to show me. Chumani: "jonga, here's mama, and tata(we were holding hands) then me, and Luhli and Lutha and uncle Lubby." I couldn't help but smile...Thulani walked in. Chuma: "and uncle Him and Junior." He finally finished. It was a huge family. He forgot Vuyo? He looked nervously at her then looked at me and blushed.... Me: "don't worry we'll buy you paint and you'll finish your drawing." I covered for him... He smiled and wiggled himself to the ground, him and Junior went to the bedroom to play. Luks looked at the lounge. Me: "our house always has visitors." Him: "its not visitors babe,

its family." He kissed my cheek and led me to the kitchen... Him: "worse ba sisene homework ke thina. Funeke ba hambe..." He said with a smile.....then whispered "and practicals need to be done...". Me: "yavuya..." Him: "we had a deal..." Me: "only on the 3rd visit pumpkin..." Lubb: "pumpkin, sele und'phathel idrink wethu..." Luks was upset.....he stared at Lubabalo....he had a look.....it wasn't a friendly look. But he quickly wiped it off with a smile....

Lukhanyo knows something. And he's not gonna let it slide...

Chapter 210

I cooked dinner with Namhla helping. When Lubabalo entered she moved closer to me or left the kitchen. It was the funniest thing. She was scared of him but aphole ku Lukhanyo. Me: "so has Mr Pebble called you yet?" She: "I dumped him on bbm." I burst out laughing. Me: "on bbm still?" She: "ya...bek'funeka ndithin? Yand'dika mna wethu." Me: "thought he was a pornstar in bed." Lukhanyo walked in... "Uban?!" He demanded. Namhla: "ex yam, bhuti" she said shyly. "She meant he was an All star on set.....he's an actor" I kept in laughter.....what a lie.. Luks: "ohh! That's nice..." He took a bottle of water in the fridge and left. Namhla: "lihle!" Me: "hayi, tshi kanguth mandingay'thethi." She: "siphaka nini? Lambile ngok and ndifunu hlala phantsi..." Me: "kand'kuphel iplate. " She took the white set of plates...I heard the home theatre switch on. And immediately our song started playing.. "Just Hold On, We're going home..". I looked at Lukhanyo, he smiled back shyly... Namhla: "mhmm.....and then?" Me: "our favorite song...we danced to it on our wedding day..." Namhla: "ncooooh! Yuuuuuh ufly ubhut sana umamela uDrake?" She clapped her hands excitedly and went to the lounge. I set the table nicely. Lukhanyo went to take Luhle's food. My heart pained for my son...my mood immediately changed..I put the plates on the table.... Me: "cela sizohlalen phantsi..." Thulz: "every time I come here ngathi ndisekhaya...ndihlaliswa nase tafilen.." I just smiled weakly at him...my heart was breaking. I really wanted to cry...I went to the bedroom for a few minutes....kneeled down next to the bed and prayed...I can't be like this in front of guests. Lukhanyo walked in and kneeled right next to me...putting Luhle on the bed...he held me in his arms.... Him: "he'll be okay mntu wam...he'll be fine." He kissed my forehead. "Let's have dinner and we'll talk about it later..." He held me up and took Luhle, we went to the dining table. They were all seated. Lubabalo and Namhla were on their phones.

As Always. I walked past Namhla first, she was on Facebook...then Lubabalo who was playing a game. We sat down, as Lubb got up to pray.....

Dinner was quiet, that's how utata wekhaya liked it. Luks: "so.....Namhla. Uthi yi All star on set? What exactly is that?"lmao....but Lukhanyo can be vague!..namhla kept quiet and carried on eating in silence. She didn't even look at him. Luks: "namhlaa..." Namhla: "bhuti wawuthe mandithule xasitya. So ndithule."he smiled. Him: "okay. Fine" ...we ate quietly and when we were done, I got up taking the dishes to the sink. Namhla came with me. Lubb: "baby, amboncedisa abanye kalok, I wanna talk to Lukhanyo" ... Vuyo got up and came to us... Me: "so how is your pregnancy going. How are you feeling?" She: "yuuuh, ndihlel ndityafile va...I can't wait till its over..." Me: "enjoy it boo, its actually a lovely experience" she: "with back pain and constant vomiting? I don't think so." Namhla: "you make it sound like its a bad thing." Vuyo: "I'm not. Its just that I'm never feeling okay..." We washed the dishes. I washed, Namhla dried. Namhla: "mntase. Umhle lamfana. Yuuuh! Ndiqond'ba mandimane ngom'mba...yoooh, he makes my insides melt..." Me: "who are you talking about?" She: "lomfana maan! Lu nxibi suit e-grey. Always licking his lips...I think I'm in love...." She tipped her head sideways, her hands clutching her left side of her chest... Me: "ohh, uThulani? Hahahaaa" She: "sungxola tshi!" Me: "thulani, kazapha my friend..." He got up and walked to me. Me: "I forgot to get something to drink yazi.. Will you be a darling?" He smiled...Lubb: "I also wanna be a darling" ...I tried my best not to snap... Me: "no sweetheart today is not your turn.....Thulz, you can go with Namhla, she been indoors all day...she'd love some air.....ane Namhla?" She held her forehead dramatically. Thulani walked back to the lounge... "You'll call me when you done..." Namhla was breathing heavy... She: "Lihle, maanii!...his voice is so dreamy....yuuuuuh, let me get ready." She walked awkwardly to her room. Vuyo: "nguban lona Lihle?" Me: "my cousin..." Vuyo: "oh...yoh, akaqave mann"...I understand her point of view. Alok yena she's older than us....she would never understand..a few minutes later, Namhla came out the room, wearing black tights. A black pump. A vest and black biker jacket. She had on make-up...she looked so pretty. She walked to me, hiding her face by the side with her hand as she past the lounge. She got to us. I was done with the dishes. She: "ndinjan?" Me: "you look beautiful sweetheart. Ambombiza alok..." Namhla: " yuuh, and'soze ndikwaz. Ndimince umtsulo k'lendawo ndime kuyo..." I fell down in laughter. The problem with Namhla is that she never laughs at her own jokes. She is always dead serious, which makes it even funnier. I held her hand to the lounge. Me: "Thulani. Uready uNamhla." He got up and grabbed his keys... Lubb: "uyaphi ke hok uNamhla" me: "keep your panties on Lubabalo. Ukapha uThulani..." Lubb: "ohh, I wear panties

now?" Me: "uzaz wedwa...ndlela le ophathazela ngayo...I'd never know." Lubb: "you really wanna do this today? I thought we were over it..." Me: "we are..." Luks: "oh God. Here they go again. Lubabalo. Bufuna uhamba nabo. Just go man please....I can't sit here and listen to you dissing my wife...ndiyakhubeka." Lubb: "nope. Ima stay right here. Uthe alok uLihle ndingu nopathazana. So ima prove her wrong by keeping quiet." Me: "that's exactly what unopathazana would say and do right now..." Likhanyo laughed.

Him: "kodwa nawe Lihle gathule man.." Namhla and Thulani left. I was sitting next to Likhanyo. He had Lihle on his chest. Him: "come here" I moved a little closer, he draped his arm right around me. Him: "my favorite ladies.." Me: "mhhm..." Him: "we still have that thing to do ke." I quickly got up and went to fetch our things. I gave him his iPad and I opened my Macbook. Lubb: "HEHAKE" Me: "mona lubabalo akuzokusa ndawo....." He stared at me. I started on my Good column. I reminisced from the first day we met. I love his Puppy dog face. He was romantic. Sweet. He was loving.....the list of things he did for me was endless...I looked at him. He was peeking over at my screen. I saved it and pushed him. Me: "ujonge nton. Do your own." Him: "hayi tshi iza nd'bone." Me: "and'fun ke Likhanyo." I looked at his. He was done...it was only a few lines. Then I realized, he started with bad. I got on with the Bad and he carried on with the Good. Lubabalo and Vuyo were chatting...whispering in each other's ears... Likhanyo sent me a text. Him: "bahamba nin babes?" Me: "lmao. Worse ba bahamba nawe" Him: "I want a back rub nje mna.. 🤔:(I giggled at him. Me: "ask Lubby to give one when you're home..." He poked me. He spoke out loud.. Luks: "kuhanjwa nin?" Lubabalo was shocked at his question. Him: "kuyahanjwa na? Siyagxothwa?" Me: "nizolalaphi ke? Etoilet?.." Lubb: "okay Lihle. K va?" He sucked his teeth.... Thulani and Namhla walked back in....she was smiling from ear to ear. I already knew it. Thulani sat down on the couch. He looked just fine. Lubabalo looked at him. Lubb smiled at him.... Thulani smiled but didn't look at him. Lubb: "Thulani..." He bit his lips.. Thulz: "No lubabalo leave me alone" he giggled. Lubb: "thulani maani..." Thulz: "lubabalo. Ndiyeke please" his cheeks were turning pink....they were having some private joke and I swear I wanted to spank it out of them.... Likhanyo was lost. Luks: "usele ubagodusa please Thulani." Lubb: "kudala sigxothwa fethu...." Thulz: "yoooooh. Und'kuphe ndlelen..." Luks: "baryt ke mabakhwel itaxi..." Lubb stared at him....with a confused look... Luks: "ungade uube serious. I'm joking wit you.....xa ugezel uLihle ndiyathula ke...and'tshintshi..." Lubb: "mos and'tshintshinga..." Luks: "then smile for me..." Lubabalo looked away.... Luks: "you know you want to...." Lubabalo couldn't help it....he just melted into a smile...

Chapter 211

Thulani and Junior left at about 9pm. Vuyo and Lubb were still here. Luks: "nasi sthixo bhuti...." Lubb: "kudala und'gxothe...." Luks: "hehake lubabalo. Hlala ke, nizolala apha efront! Cuz mna ndiyozela. I'm tired and I won't stay and entertain you..." I got up and went to Namhla. Me: "iza Vuyo" we went to Namhla's room, she was on the bed...typing a message on her phone. She was still grinning. I went to check on Chumani who was looking sleepy but I had to wash him first. I ran him a bath and washed his body...he was really sleepy...I dried him and put on lotion on him then dressed him in one of his new pajamas. I tucked him in bed while he reached out for a kiss. I kissed him and he lay his head down....I switched off the light and went to Namhla's room.....

Me: "soooo....." She: "yoooooh! Lihle! Where do I begin! Okay first siqale saya eCentral....his car is nice yo...but ke sana ey'ka bhuti no.2 does it better....tshin mntase, we went to spar and bought the juice, wathi yena akafun sela tywala....and he doubts oobhuti bazo sela nabo tonight....so basically, we strolled around and he held my hand...yoooh, I felt like screaming! She squealed in delight...jumping up and down. Me: "so wena wathin..." She : "what you think I said? Let's go play in banana-land? Of course YES!!! When I reached over wathi Yima. Yuuh andaphoxeka Bawo. Ndacimba ndinuka umlomo. But ke shame he said, cela sime phandle ndik'bambe kakhle...then we got out...he lifted me on top of the bonnet of the car...wandithi NGCA njenge Bostik...ndaqomba yuuuuuuuh. I don't even know where this could lead! But andifun tu ayeke. Yangathi ndizoz'chamela, I had to pull back. Tshin Thiza" ncoooooh....how sweet though. Angam'qhathi ke man umntase khaya... She: "so now we're chattin on Whatsapp." She blushed... Me: "that's nice ke babe...." Vuyo was so quiet. Me: "peto are you fine?" She: "yes....mtshana...just a bit tired." Namhla: "do you want a shoulder rub?" She didn't even wait for her reply, she jumped up to Vuyo and massaged her... Vuyo: "yoh sana uyandozelisa va...you've got great hands....yoh!" Namhla: "hidden talent....andiy'sebenzisi kumntu ke le...worse esas'yoyoyo se ex yam...yuh. Bend'ngasoze kanene" Me: "you love that guy. Even with his little ugly pebbles." I laughed at my own joke.... Me: "kaxelele uVuyo maan bout his pebble.." She told Vuyo about her ex. She was laughing out loud as well. Lubabalo and Lukhanyo walked in. Luks: "nathi sicela uhleka.." Me: "uphi uLuhle" Him: "she's sleeping..." Namhla kept quiet...she was still not used to the twins. Her phone rang and she jumped out the room as fast as she could. Lubb: "lihle?" Me: "she thinks you're scary." Him: "but....she's fine with Lukhanyo mos." Me: "yeah....that's the

problem....you're not Lukhanyo..." I lay back on the bed and waited for his retarded reply. He kept quiet. Hayin bethuna ixesha liyahamba. Lukhanyo was laying on the bed in a fetal position...he was really sleepy shame yaz...and ngomso we have an appointment with the doctor and we have to go to Lutha, then we're going to uMama. So he needed the rest. Vuyo and I chatted, mostly about baby things. Me: "have you decided on a name?" She: "no..." Me: "well, when will you?" She: "andaz Lihle wethu." Me: "have you been exercising?" She: "what's with the 21 questions?" Me: "I'm just helping you so that when you give birth uqhubekeke and your body will shape again....if you don't want to then its okay..." Lubb: "ndow'lahl umntu ka Yesu mna net ndibone ispejeje esiy'1..." I wanted to laugh but it wasn't funny...lol...it really wasn't. Me: "hamba Lubbiluu..." Lubb: "awusal'thandi..." Me: "ngathi ligama lika Telletubby wes'5...Tinky-Winky, Dipsy, Laa-laa, Po, Lubbiluu.....Telletubbies!".....lukhanyo burst out laughing at my theme song. I thought he was sleeping. Luks: "hayi ncama. Xa uzoba ngu telletubby." Lubb: "ndizok'fumana Lihle bonanje. I will get you nyan...." Me: "I'm always waiting for som'in vicious, ya know?..." Lubb: "you'll get it one day...uthi Lubbiluu wayetshilo..." Vuyo: "babe...ndozela kamand bonanje..." Lubb: "lala alok." She: "phi?!" lubabalo sighed and rolled his eyes.... "Luks, kathi sthixo semoto mjita..." Lukhanyo tossed him his car keys. Lubb: "I will see you tomorrow at 6am" me: "please lubabalo. Don't do that. Noba unoza next week ngok." Lubb: "kanti ndolala..." Me: "goodnight Vuyo sthandwa...." She: "goodnight peto I'll see you tomorrow..." They left the house. Lukhanyo and I walked to our room.....

Me: "uhamba nin?" Him: "some time later. I'll take the Range ndiy'buyise ksasa." He checked on Luhle. And came back, I undressed and crawled into bed. My body just relaxed....I closed my eyes....and I felt myself drift. Maybe lukhanyo came to fetch more clothes. I don't know. Let me just sleep. I was in a light sleep....I felt the bed move really slowly...I was really falling asleep. I felt his hands wrap around me. His body stuck to mine...I felt their warm embrace trace down my side to my panty. He held my thigh...inserted his hands in between, his finger brushed my cookie and my body electrified.... Me: "no...." Him: "not doing anything..." He whispered , I closed my legs and held them together. Lukhanyo needs to learn more about rules. He held me until I heard him snoring...akayi ndaw lo...besayaphi?

Lubabalo and Vuyo got home. She: "andiy'thand bonanje le hate/love tip yakho noLihle. You're always dissing each other like school children. Like its unnecessary" Him: "you jealous?" He walked into the bedroom and took off his clothes. She: "no. I'm just annoyed that you take so much time and effort with her awund'jongi tu" Him: "but baby mos I live with you. Sendim'qhelil uLihle if I ignore her izophinda ibeyi problem... I'm here with you now. That's all that matters" She sulked. Him:

"sthandwa sam akho ne need udumbise umlomo. Khaze ndiphuze" she undressed and climbed into bed, he pulled her to him....he started kissing her, climbing on top. He removed her underwear, rubbing his finger in and out of her...she moaned out loud.... She: "baby..." Him: "yes?" He dug deeper and she cried out in pleasure.... She: "lubabaloo..." She moaned a little softer. He took out a condom and wore it. His mouth on hers...he guided himself in...as she gasped out loud....he moved his waist circles....he was grinding into her in all directions...opening her wider...she grabbed the sheets and one hand behind his neck....his strokes getting more rougher....he kissed her neck, sucking on it gently...he moved faster.... She: "no..." Groaned.... Him: "yes....baby....send'zogqiba" she: "please don't stop...." He stopped briefly.... She: "I asked you not to stop!" Him: "told you ba sen'zo citha...please be patient" he breathed for a while then carried on.....she put her legs around his waist....he was holding her hair.... Him: "vula baby...!" She loosened up and let him glide into her.....she felt herself dizzy. Her thighs opened up to him... Him: "yess.....yess baby...." She: "I'm almost there baby....go faster...." He moved faster. Vuyo could feel her orgasm building up....it was like her body was boiling....her legs were shaking. She was out of breath. Him: "I.....lo-" she: "ooohhh Yeeesssss!" Her climax came tumbling down back to Earth. he slammed into her one time and groaned out loud.... He slowly pulled out and removed the condom tying a knot at the end. He got up took its wrapper, a piece of tissue and went to throw it away. He slumped back next to her in bed, pulling her closer. He lay his head on her breasts and fell asleep..

Chapter 212

I woke up the next morning, I felt something heavy on top of me, I looked on my chest. Lukhanyo was sleeping on me....its almost 7am...I kissed his head.. Me: "vuka alok." Him: "no.." He cuddled in further..holding me tighter. Me: "you are suffocating me baby. Wake up let me go make some breakfast." I got up and walked to the bathroom. I brushed my teeth and washed my face...then walked to the kitchen. I made pan cakes. I was really feeling them right now. I didn't want nothing else. After an hour Namhla woke up, I was done, just cleaning up. Even when she wakes up she's in a good mood. She: "MORNING!!!" She said loudly. Me: "morning babe..." She boiled some water to make herself tea. She: "so what's the plan today?" Me: "me and Luks going back to the doctor...we're taking Luhle with. Chumani uhamba no Thulani to day care. I'll call him and confirm...We'll come fetch you xasizoya

eMama." She: "okay...at about what time?" Me: "our appointment is for 10am so probably ngo1 or 2 emini....why?" She blushed. She: "Thulani is off today sooo, he asked me to join him for breakfast..." Me: "mhm....anise fast.." She just smiled and carried on with tea. Lukhanyo woke up, he was wearing a t shirt and boxers. Usually when he's in boxers akanxibi phezulu...but ok maybe yagodola. He put some on his plate and searched for syrup. I made a sandwich for Chumani's lunch....I put 2 fruits a yogurt. And a packet of Nik Naks. I went to run him a bath, he woke up. Me: "sweetheart come here.....kaw'leza sik'vase uhambe uyotya" he climbed in and I bathed him. Dried him up, put on lotion then Lukhanyo came to dress him. He wore camouflage (army) pants....they were baggy from the waist till his knees, then held his calf like skinny's. He wore a white t shirt underneath his brown leather jacket. And his bronx boot. My heart melted va....when did he buy him camo pants? I like them, matter of fact. I wanted them...but ke they look more nicer on Chumani. Zoba yi charmer le boy....worse alok he's light skinned, lonto uyablender with Junior... I made him cereal and he ate excitedly. Lukhanyo was showering. He came back out....and he was also in these camo pants. Am I the only one ongenazo? Me: "copy cat.." I murmured to Namhla. He was wearing a tight black vest and his boot. Me: "you didn't tell me you were joining the army." Him: "it was a surprise."

He came to eat more pan cakes I left to go attend to Luhle..I fed her the porridge....and we walked around the house for a while looking for something to do together. Luks: "sapha umtana Lihle ambovasa" Me: "no....we'll be fine." He looked at me with concerned eyes and followed me to the bedroom. Him: "baby wam...." Me: "yes?" I turned to look at him. Him: "are you trying to replace the space sika Lutha in your heart by being with uLuhle oko?" My heart fell. Literally hit the ground with a Thud. Me: "no, Lukhanyo." Him: "babes, you have to be honest with me kalok....mna I think you're doing that.....spending all the time with Luhle because you don't want to think about Lutha....love, he'll be fine...." He came to hug me....he was right. I wasn't being fair. Him: "give her to me uyovasa" I handed her over and went to take a shower. It was nice and quick. I got out and got dressed. I wore skinny jeans and a cremish/beige top. And I took out the Louis Vuitton shoe. Yes the one Lubb bought for me, when I was sad...I remember that day....I was sitting on the bed and he came to lay next to me...I was paging a magazine...totally not listening to him...I spotted this boot and fell in love...he peeped over and saw it...next thing you know...he left town and came back with it.. We were fine. What went wrong? Phof we still fine. Qha uyand'capkisa when he does crazy shit. I walked to the kitchen.

Lukhanyo looked at the shoes. Him: "I thought zalahlwa" Me: "why would I commit such a sin!" Him: "alok umntu was'thenga ndlela le aphoxwa ngayo..." He giggled. Me:

"iza ndivase umtana" I took Luhle for her bath...she was quite excited...I washed her and dressed her in a pink little top and tights she wore white fluffy socks..Lukhanyo came to fetch her. I took out her water and tidied our room. We got ready to leave. Thulani walked in. Wearing jeans...and a blue t shirt with sneakers. I immediately thought of uTa Smig xa esithi "uMy nigga"I giggled at the joke... Luks: "wanna share?" Me: "uTa Smig uthi uThulani ngu My nigga" he laughed... Him: "zange atsho ku lubaluba ingath ngoyenu worse nje..." Chumani came to give me a kiss. I picked him up and kissed him, he leaned over to kiss Luhle, then a quick one at Lukhanyo... "Nd'zok'qwaba kwedin...uphuza bafaz not indoda..." Chuma: "but you're daddy.." He smiled sweetly ..Luks: "okay ke my boy...I'll see you later ne?" Yes his heart melted... Thulani and Namhla were staring at each other, blushing and smiling...thulani walked over to her. Him: "so...today?" She: "what about today?" Him: "I wanna spend the whole day with you..benditshilo nje kuwe izolo..." She: "Lihle and I are going to Lihle's mom's house emini pha ngoo 2 so I don't know ey...maybe ngok ksasa up until that time..." Thulz: "then when you're back, we'll meet up later again ne..."She: "maybe.." Thulz: "awusemhle xa uvuka...bawela ubeka something on your mouth bonanje..." She: " and that is?" He looked at luks and lihle who weren't looking their direction and he quickly pressed a kiss on her lips... Then winked at her as he walked away to his car with the little boys....leaving Namhla melting and craving for another. Lubabalo called. Luks: "noba ungu fasti wam qha andik'qondi." Lubb: "bungayaz ndingu 560 obhiwayo....uphi love wam?" Lukhanyo burst out laughing... Luks: "lubabalo ndizok'khaba unye wena....ndilapha kum, qha sisaya somewhere no wifey huzet?" Lubb: "wherever you're going, bring me something nice. We'll meet up later ke xa usith ubusy. Me and baby are taking the heli, we'll fly around PE..." Luks: "heee, kange kuthwa ndim uFasti na? Andikutshwa kodwa." He said in a fake sad tone. Lubb: "suqumba alok nje lovey wam...sizoy'shiya net iAwti yethu encinci ibe grand...sibethi tralala kehok eKapa yabo?" Luks: "hahaaaa sho bhut....we'll talk later..." They hung up....he had such a smile on his face....a very big one. Me: "don't even tell me...yibambe apho. Because I don't wanna know." There's only two things that makes Lukhanyo smile like that. #1. Killing someone. #2. Killing someone, with his twin...

Chapter 213

I packed Luhle's bag, taking Lukhanyo's iPad and my MacBook...we left Namhla and drove to the therapist first....we parked at Dr Ricardo Johnson's office. Luks: "lihle, can we talk before we go in.?" Me: "sure.." Him: "do you think I should forgive her?" I looked at him...his eyes searched mine for an answer. Me: "there's no need for you to rush through that decision, you have to be sure...let go....and until you're ready you can do it...." He looked at the steering wheel... Him: "I can't lihle. I hate her with a clear passion....I won't fuckin forgive her!" His voice was shaky, he was about to cry. My heart was already in pain....he had been through too much already... Me: "don't think about it right now....only when you're ready." He turned around and took Luhle from her seat. Him: "mas'ngene..." We got out the car, locked it and walked in. Doc: "Good morning!" He was in a good mood... Me: "morning Ricky" lukhanyo shook his hand. We sat down...I was holding our gadgets. Doc: "so how are doing? Did we do the homework?" Me: "yes we did...we're fine actually.." I looked at Lukhanyo who was in another zone playing with his daughter. He held her arms as he balancing her on his lap while standing with her chubby wobbly legs. He was making funny faces and she was giggling and kept falling off balance. Let me leave them...alok I'm the one who came for therapy. Ndim onengxaki. Doc: "shall we start?" Lukhanyo put her on his lap. He took his iPad and paged to his script. I lit up my laptop and searched for mine. Doc: "let's start with Lukhanyo. What are the bad things that bother you about Lihle. Remember Lihle, you don't answer, you just listen..." Lukhanyo typed up one last sentence and began. Him: "I don't like it when you undermine me and disrespect me." .. Doc: "okay...say then all at once and mention you're done." Him: "okay. I don't like it when you flirt with my brother. Yes, I've noticed. Although it hasn't happened in a while. I prefer you fighting rather than smiling and giggling. I don't like it when you hide shit from me. It makes me so flipping mad Lihle, I could break you. And I don't like it when you punish me through sex. You know that's unfair! That's it, I'm done." Tshin Bawo.... Doc: "wow okay then. Uhm Lihle. Do you want to answer to those?" Me: "Firstly, I don't undermine you when I tell you something is wrong. Secondly, you were the one who asked me to be nice to your brother. So if it looked the other way to you then I apologize. I hide things from you because you over react. I prefer knowing all facts before coming back to you...with a half story. Either way, I'm sorry about that. I will approach you with anything that comes to mind. AND we had a deal with the sex part. 3 sessions amount to 3 times." Him: "NO! 3 sessions amount to 3 Nights!! You already owe me 2!" He was freaking out. Me: "are we honestly gonna argue about sex?" Him: "YES! We most definitely are. We must find a way for you to pay me back!" Me: "its as though you talking bout money! I don't owe

you." Him: "we had a deal baby! You can't change your mind alok..." Me: "fine then I owe you 2 nights." He smiled in satisfaction. Doc: "I'm glad we got that out the way" ..he giggled. Doc: "this has to be the most intriguing couple I've met. You guys are not that different. But you still stick together...its lovely. Not only opposites attract" Me: "thank you...can I begin?" Doc: "sure" Me: "Lukhanyo. I don't like it when you lose yourself, you're amazing with everything you do. Smart and interesting....don't cover all that away by losing your temper unnecessarily. I don't like it when you disappear. Although it hasn't happened in a while but I know hlel'nje unendawo yokuya. Don't hide things from me, include me in your life....at all times. I don't like it when you.....hurt people. It doesn't make me comfortable. I want you to be something in life, successful and a role model. Don't you think your sons will find out sooner or later what you do? I want you to think of their future. That is it for now." Doc: "lukhanyo?"he was staring at the floor. Luks: "I need you to do one thing for me. Be patient...I want to be the man you want me to be....and I would do anything....to give you that...." Doc: "Lovely....we're making progress." We carried on with the session.....

Lubabalo and Vuyo were still in bed.... He had turned over and fell asleep again. Vuyo woke up and went to make something to eat...she was starving. She made bacon and eggs ...dishing up for Lubabalo, with some orange juice...she took it to him. He still sleeping. She: "babe cela uvuke, I made breakfast" he looked at her and smiled. He slowly got up and took the tray, she walked out then he prayed and started eating...he checked his emails at the same time, replying to others and ignoring the most. He went on facebook for a while. Scrolling through his wall, deleting the posts of some weird girls. How do you post heart and kisses on another man's wall? What about your own man? What does he think about it? And he can't risk Vuyo seeing this cuz zophinda ibeyi argument and I don't want to lose my patience. He put down his phone to finish eating....a few minutes later it rang again. It was Liya, he couldn't help but smile. Him: "Mntanam.." She: "hey babe. Unjan ?" Him: "I'm fine thanks and yourself?" She: "I am okay. I just miss you so much, awusa fowni tu sana....how's work?" Him: "its stressful nontombi, ndisando buya eNew york ngok..I still have to go to Cape Town.." She: "oh....but I wanna see you...nje..." Him: "nyan?" She: "ewe lubby I told you mos ndak'khumbula...." Him: "kand'xelele ukhumbula ntoni ke lovey...." She giggled nervously even over the phone... She: "ndifuna uk'bonisa...." Him: "oh?" She: "yes..." Vuyo walked in..... Him: "jonga ke mtshana I'll call you later, xandizojikela kuwe va. Shap" he hung up immediately. Vuyo: "nguban lowo?" Here we go again... Him: "friend yam.... Kazapha...." He pulled he into his arms....and kissed her... Him: "what do you wanna do today?" She: "I don't know....we could take a walk

at the beach or something..." Him: "that is so not happening. Let's go to Knysna for the day? Sobuya pha ngo4 emini..." She: "doesn't it take hours to get there?" Him: "I have a helicopter and a jet, take your pick." He kissed her briefly, got up and walked to the bathroom. Him: "izovasa baby alok...soqala kuLutha at hospital..." She got up and walked to the bathroom, he undressed her leading her to the shower. She: "what the hell!" The water was cold.... Him: "what?" She: "mayabanda lamanzi maan!" Him: "it'll wake you up sthandwa sam...shhhh just relax..." She held on to him shivering...the water was turning lukewarm. Then she eventually calmed down. Him: "are you fine now babe?" She nodded her head...he leaned on the tile wall and kissed her forehead. His hands holding her little bump...he squeezed shampoo on her body and washed her....massaging her....he washed himself and they got out the shower to dry.... She put on lotion and got dressed, he lay on the bed. She: "nxiba alok babes..." He was reading his messages. Liya sent a text: "sendingu mtshana uqala nin kehok?" Him: "babes. Bend'bhuda maan....I'll come by later, I have a meeting to attend to." She: "okay then. Good luck babe♥" there's my girl...kabuz nto eninzi..yayaz tata yaphangela umtanam... He smiled at himself.. He deleted the messages And sent another text to Luks: "need yo advice, we'll talk later." Vuyo: "nguban man lo uncumelene naye!" He gave her the phone. Him: "jonga...ina....take it and have a Look!!!" He got up and got dressed.. Him: "kuthen unomona kangaka Vuyo? What don't I give you?" She: "attention! Le uy'nika le phone" Him: "don't you dare try and compete with my brother baby, because ndizok'xelela kuse early awusoze uwine. Please don't make a fool of yourself...." She stood and stared at him. She was really upset....her eyes welled up with tears....oh Thixo wam, I should know how emotional pregnant woman are. He walked over to her, wrapping his arms around her. Him: "Vuyo, I'm trying my best. I need you to meet me halfway. Yeka ukweleta oko man....you know I'm always here for you..." She nodded in his chest.....sniffing and wiping her tears away... Him: "promise me..." She: "I promise..." She did her make-up quick and he fixed the bed, while calling Steve. Him: "steve, get the Helicopter ready in about 2 hours time.....we're going to Knysna.....no, there'll be 2 of us.....probably after 4, okay then....I'll see you in 2 hours time." He hung up. Him: "ready?" she got up and they went to the car. He was on the phone still, talking to a colleague. He started the car and drove out.... When he hung up... Vuyo: "do you ever lock your house?" Lubb: "nope...I'm just waiting for the day a person has enough liver to walk in there without my permission....." He cracked into a sexy, evil smile..

Chapter 214

Lukhanyo and Lihle were done at with the therapist and drove to hospital to check up on Lutha. They parked. Me: "can we first feed Luhle? Before we go in..." Him: "mncancise baby...." I looked at him with a straight face. He didn't even blink he just stared back at me. He was dead serious. Me: "ndikhulule ndimncancise?" Him: "the only way." I unbuttoned my top and gave Luhle her breast...she was more than happy. Lukhanyo smiled brightly... Him: "see? She loves it...akho bulady buyandawo apha." I didn't answer him....I finished feeding Luhle and she started crying... Luks: "phinda..." I wanted to laugh...but ndizama uba serious... Me: "we can't overfeed her..." I gave her for the last time.... And handed her to Lukhanyo...I fixed myself got out the car and walked inside the hospital. Lukhanyo was walking in front trying to burp Luhle... Wamtyekezela.....Yess!!! That's my baby... I laughed out loud as he tried to clean himself up. We walked to Lutha's room...I got in and stared at the machine. There was a nurse with him.. It wasn't beeping anymore. I started panicking. I called for the doctor. He walked in briskly. Me: "what's wrong?" Doc: "ma'am...the swelling has gone down. And he's able to breath...but we connect him every hour to give him enough oxygen. It seems to help for now." I nodded... Luks: "he's awake?" Luthando's eyes opened widely. Then flickered closed at the bright lights...I bent over and held his tiny hand... Me: "he's awake..." Doc: "yes he is....but we have quite a bumpy road still. We have to keep him for a few more days for observation. This is a chronic illness...and has to be treated carefully and properly..." Me: "we understand."we stayed for a while. The little bed had space so I lay Luhle inside with him. She probably missed her big brother. I put her on her stomach and she opened her mouth, gumming his fingers....yep.....that's what she missed more...I imagined what it was like for him....not being able to breath properly. How did he get asthma anyway? We sat with them for a while. Lukhanyo took pics with his iPad... Him: "Lihle, khasuke sthandwa wethu umkhulu wena.." I stepped out the way and let him be the photographer.....

Thulani had dropped the kids at day care and went back to Luks' house to fetch Namhla, she was wearing a black and white maxi dress and sun glasses, she had tong'ed her English cut and put on some make-up....she puffed her deodarant as she heard the car pull up. She took her bag and went to the kitchen to open.... He was at the door staring at her.... Him: "umhle yazi....I just can't get over it..." He gave her a hug, when he pulled away...he kissed her slowly.....a baby kiss....that led to a french kiss....he held her waist, leading her back inside the house and held her against the wall. His hands slid down to her ass and he held it against him...she felt him....he was already hard.... She: "I think we should slow down...." He quickly pulled away... Him:

"I'm sorry...I got carried away....uhm.....singahamba?" She nodded and he planted a baby kiss on her lips and led her out....she felt dizzy and damp....what have I gotten myself into! He is too much....I can't even look at him. She locked the house and they drove off to Summerstrand. Him: "what are we having?" She: "masiye Angelos wethu then we can go to the beach afterwards." Him: "anything you want princess..." They got there and He parked his car then came to open her door for her....he held out his hand and closed the door behind her, locking his car...they walked by KFC and went to enter Angelos. They sat at the table and began chatting while the waiter took their orders. He ordered a glass of red wine for himself. Him: "what will you drink?" She: "isn't it a bit too early for wine na?" Him: "not really no....." She ordered a glass of water with lemon and ice. Him: "uya dieter?" She: "heee! Hayi thulani xa und'jongile ingathi mhlambi ndinga shrink(a) any tinier? What am I trying to lose? My life?" He laughed.... Him: "unditsho k'landawo yaz...you're funny....and very sweet.....suthi Thulani maan xa und'biza....thetha njengase fownin uth Baby..." He bit his lips...she pressed her thighs together and the table, crossing her legs....her insides were melting into liquid....his eyes lazed over herstaring at her face... She: "do you have to do that?" Him: "what?" She: "licking and biting your lips? Its disturbing...." Him: "my lips feel dry when I'm around a certain someone....zifuna amafutha akhe qha..." She: "well, if I were you I'd invest in some lip balm because andizobe ndifunxuzwa oko mna..." He looked at her with a bright smile..... She: "you don't talk much, do you?" Him: "nope....but I love hearing your voice....its like music...can you sing? I'd love to hear you sing.." She: "now you trippin.....I cannot sing...unless I'm in the shower..." He opened his mouth in surprised. Him: "is that an invitation? I'd be the silent audience..." She blushed uncontrollably...then she tried fanning herself down with her menu.....which oddly was still in her hand... She: "no...it is not an invitation...." She managed after a while. Him: "oho....." Their meal arrived. She nibbled on her food because he was staring at her intently... She: "khayeke tu..." Him: "I can't help it...." She: "eat your food ke..." He ate quietly and she continued eating....when they had finished he paid the bill and they walked down to the beach... Him: "let's take a swim..." She: "sufuna ndik'thwasele bhuti please. Asseblief tog. Ndiyak'cela. You will first ruin my outfit, my make-up and most importantly my hair!" He brought up her dress to her knee and tied a knot. He picked her up and walked to the shore. He put her down and held her hand.... Him: "let's take a walk then....." They started strolling on the beach, chatting.....

Lubabalo and Vuyo had just got to Knysna... Him: "I want us to start at the Elephant Park, its a bit out of Knysna ke, k'la ndlela iya ePlett...."Steve's job was to always hire a car wherever they were...but Lubb drove this time.....when they arrived, they

walked to reception and booked a time. They wandered around and bought two baskets of fruit and vegetables... She: "and what are these for?" Him: "to feed the animals babe..." She: "WHAT!?!??? You're going to feed the elephants?!? Are you mad?" He laughed at her... Him: "babe, azizokwenzanto...I'll be here next to you at all times." They went to watch a short documentary about the rules and what you may not do to the elephants or in their presence, they climbed with other visitors on the 4x4 vehicle and they drove to the veld... The game ranger stopped at 2 elephants and prepared them to get off the vehicle...they took pictures.. Him: "babes, sondela alok umnike ifruit, azotyia..." She: "you're talking as if this is a baby..." Him: "Vuyo please....." She tiptoed a 2 meters next to the elephant and threw the fruit in front of it and ran away....Lubabalo laughed... Him: "izobamba iphone ke ufote mna...andiyaz le uyenzayo..." She took the phone and he walked with a fruit and fed the elephant....he wasn't scared of this giant animal....he was gentle with it and caressed him.... Lubabalo's whole expression changed to loving and caring...in split seconds...he looked at the majestic animal with awe.... Then walked back to Vuyo... Him: "see? He isn't harmful..." They got on the vehicle with the other tourists and drove off to see the rest of the animals... When their drive at the Elephant park was over. They went to the Featherbed Nature Reserve.....Lubabalo was so quiet and peaceful throughout...he loved this space. Away from the world....just nature.....they drove up and watched the beautiful scenery in silence....then took the walk down slowly to the restaurant holding hands....he was happy right now. Him: "did you enjoy that?" She: "yeah...it was fun..." He nodded..... Him: "my favorite place to hide." He confessed for the first time.....

Chapter 215

Lihle and Lukhanyo got home. Namhla wasn't there yet. I called her...she took a while to answer: "mhh?" Me: "hey babe, niphi ngok?" She: "just around....why?" Me: "ixesha alok...lukhanyo ya pannicker...kawleza ubuye..." She: "okay ke..." We hung up. Lukhanyo was really panicking. Probably nervous.... Me: "can I make you a sandwich?" He nodded quickly. Luhle lay on his chest while he was watching tv, laying on the couch.....I made him his sandwich and poured him some juice. He ate his food and continued watching tv.... Smh.... I wonder kuthen ethule kangaka. I took Luhle to change, she had messed on her top so I took it all off and changed the diaper, I got out her white jumpsuit and bib. We took the dirty diaper and threw it away.

Outside...Namhla came in with Thulani. She: "cela nje uyotshintsha wethu noba ndinxibe ijean..." Thulani watched her as she walked to the bedroom... Me: "thulani..." He looked at me.. Him: "hm?" Me: "please bhuti, do not break her heart, you know how dramatic she can be. And by the looks of things, she really likes you..." Him: "relax Lihle. I know...I like her too." He walked to Lukhanyo and sat with him in the lounge...I walked to the bedroom..wait.....was he coming to Motherwell with us? Angak'linge aphambane uNamhla ase lomfana ku mama because she will flip. She still takes Namhla as a little girl and xa ezoba ne ow ene moto omhle, she'll just dial Namhla's parents straight away. Why didn't she react with me and Lukhanyo? Oh yeah kanene he walked in and pretended he was my friend...next thing I get run over by a van and find out 'I'm preggies' with this 'friend's' baby...then she reacted and threw me out the house. Wandinceda? If she didn't would I be married to Lukhanyo? Am I happy?yeah I'm happy. I'm glad I'm married to his sexy ass...lol...since that first night we met. Whoooo. Ndandizokhubeka goed if he never called me back or came to find me the next day.... As I was daydreaming, smiling like an idiot, Lukhanyo walks in... Him: "hehake....ucinga nton uncume kangak?" I shook my head and kept quiet.. Him: "yazbona ke..." Me: "just about umama, me and you....the first time we got together.." Him: "oh. That first night that we made Luthandoluhle?" He smiled at our bed.. Me: "who says we made them that night? I'm betting on the Range Rover...." Him: "nope....twaz that first night, ndakuva sisi nje kakhle.....yoooooh, nditye umntu ndibene ndaw ez'ngcangcazelayo even when I'm done...ndatyafa ndayozoyozo...I knew there was something different, I just knew it." Me: "what made you come to my house that time...yakhumbula for the first time? That Sunday." Him: "you were ignoring me. And ndandifunu yazi ba usendlin na...so I had no choice but to enter..." Me: "how did you know where I lived?" Him: "I thought we were over this part.....there was a time, you were going home...way before we met...ndandihamba nge Benz....I was behind you qha you never realized, ndakbona uyongena kowenu..." Me: "you were following me? As in stalking?" Him: "its too late to react Now. Kwakukdala ngoko" hayi nyan kodwa....Namhla came to knock on the door, "we're ready alok, cela sibeyi ndlela..." I got up the bed with a sleepy Lihle, Lukhanyo followed us to the car. I put her in her seat and buckled her. Thulani and Namhla walked out. She was shy in front of Lukhanyo....who didn't seem to be fazed by them either way. They briefly spoke for a

while....Thulz: "cela ikiss yok'qibela ndizohamba..." She: "hay baby, ubhut nanku....yamaz indlela athinza ngayo!" Him: "don't mind him maan...akak'jonganga...." He pulled her and gently bit her cheek..her whole body shivered. She held onto his t shirt and smelling his delicious cologne....DAMN....he held her head still and kissed her, softly massaging her lips with his....she pulled away... She: "ndizohamba ndili dama apha...bye bye..." Him: "look, you have something on your....." He kissed her again....as she giggled in lips..... Luks: "TODAY!!! Please!!! I'm sorry to break your little union. But we have to get going!" He got in the car and started it...we had removed Lutha's seat for the time being. Namhla slid in the car, embarrassed and blushing... Lukhanyo drove out and hit the hooter for Thulani who followed behind him.....

We drove in Motherwell and into my street. It was crowded....mostly children playing wethu, we parked in the yard and got out the car. Lukhanyo went to take Luhle, and then opened the boot. He took out a white and pink paper bag...he locked his car and we all went inside. Namhla knocked and walked in first, she: "DABSIE!" Mama: "oh Nkosi enofefe, kayeke ingxolo Namhla, molo..." She: "heeee, awandibandisa dabawo, yinton kangaka?" Mama: "umnkele nton kowen?" She: "hayi wethu dabawo...bend'zobona wena! unjan?" Mama: "ndirynt mntanam...uthi umamakho uyeke iskolo. Mama: "bungenoy'thatha le break uqiba kwakho uMatric?" Namhla: "ha.a bend'ngasoze ndikwaz Dabawo, bingazo lunga tuu...." Mama: "awusena energy nje, kuthen ufresh kangaka?" She: "ndakhe ndanyaba phi Dabawo?" She got up and went to the kitchen....we walked in... Me: "molo mama" Lukhanyo: "molo ou'lady" Mama: "molwen bantwana bam....ninjan?" Lukhanyo jumped first... "Siyaphila mama, kunjan kuwe..." Mama: "ndirynt mna...nithen kwenzeka ntoni?" Namhla: "ndisaphumile ndiya k'lo Noma..." She left the house. Luks: "mama, ndifuna uqala ndicelu xolo. I knew from the beginning I wasn't doing the right thing. I didn't want to put my family's life in danger and at the same time, I couldn't let them starve. Its the only thing I know mama, I'm trying to change it ngok...I don't want to do it anymore...." Mama: "how are you going to change? Because the last time you were here, you told me your brother and you niqala icompany ye-engineering.. ...WHAT??! Lukhanyo looked confused. Last time I was here? I was never he-..oh yes, of course its him. Luks: "ewe mama...he's the civil engineer...so he's encouraging me into the business, ays'o yeyok'qala yakhe lena..." Mama: "at least you're getting somewhere. Wena Lihle?" Me: "I applied eNMMU for the coming year...ndizokwenza iMarketing.." She: "I thought you wanted to be an accountant." Me: "I changed my

mind." She: "okay...and the two of you?" We looked at each other... Him: "we're going to therapy sessions. I have temper problems. And I'm trying to work on those..."

Mama: "I see...." I got up to make tea as Lukhanyo chatted with her like the old times...she was holding uLuhle and he was slumped on the couch next to them...mom was laughing hysterically at his stories....I brought them their tea and took Luhle....I put her to sleep and chatted with them. I decided to cook supper. Mom: "Lukhanyo. Yimibhalo yanton le engalwen..." I HEARD him blush uncontrollably.. Him: "heee, kayeke ou'lady man..." Mama: "ndiyeke nton?" Him: "yinto njee...." She: "ba Luthando ufuna ukwenza lento uzothin kuye?" Him: "senayo nje eyok'qala yakhe" Mama: "HAAYI!!!!" She gasped out loud...Lukhanyo fell flat on the floor laughing at her surprised look. Him: "ndiyadlala mama maan..." She: "uzond'phathisa ngentliziyo ke wena!" He sat back next to her and carried on chatting... There was a knock on the door. Mama: "come in." Marhadebe walked in....oh gosh this woman! She: "HEEEEEEE uMalinki ukhona kanti!!!!" She exclaimed with her hands to her hips. Me: "molo ma" She walked into the lounge and sat on the couch. She: "molweni wethu ninjan?" Mama: "siyaphila kunjani kuwe?" Lukhanyo took out his phone and played with it... Marhadebe: "ndiryth wethu.....nawe bhut uyaphila" he got up to shake her hand... "Ndiyaphila mama..." He walked to the kitchen and stood behind me... Me: "and then?" Him: "and'no hlala noomama alok..." Me: "ndiyi nton mna?" Him: "uyi cherri yam..." He held me from behind and kissed the back of my neck.... Me: "right now?" Him: "I wouldn't mind..." Me: "kukho abantu abadala apha Lukhanyo...control yourself." I whispered.... Him: "andikwaz babes" he murmured against my neck, he turned me around and looked at me... "We're here...." Me: "I can see that..." He helped me cook...and tidy the kitchen. While he kept checking his phone. He was texting Lubabalo. Him: "they went on some safari drive...uthi uVuyo is scared of elephants, she threw a fruit in front of one and ran away." I laughed.... Me: "dude, yay'qonda elephant? I wouldn't even get out the vehicle mna....ndayoyika lanto rhaa...at least she got close.." He showed me a pic. It was Vuyo tip toeing near the elephant.... Me: "hahaa...yoh, unesbindi sana!" Then another one of Lubabalo feeding the large animal, another caressing it. It was a beautiful picture, ngathi it was from National Geographic...he looked like he was enjoying himself.... Me: "wow..." Luks: "wow nyan..." He turned around and put the phone away...checking on the pots....what's wrong? Me: "are you okay?" Him: "yeah I'm good...."He wasn't even looking at me....

Lukhanyo's thoughts.....

I need to think of a place for a family vacation yazi....a honeymoon for us....cuz Lihle zange ndimnike and I can afford it.....maybe we could take the babies and

Chumani....Mauritius? Nah.... Maybe the Bahamas...goodness I can't even think straight...I'll have to check out the ideal place kwi internet. I have to think of a way to surprise her...angayaz...I just hope my boy gets better..we need the air.....

It was until later that Namhla arrived, Lukhanyo and me sat at the table in the kitchen. He was clicking on his phone, I wonder yawayinton le ku focus'we kuyo kangaka.... Me: "what you doing?" Him: "just checking a few things.." I dished up and took the trays to the lounge...Marhadebe was still here. Namhla: "uzothin lomama apha? Lonto hlel nje ulindel iplate okanye itea. Bend'ngasoze ndiphake mna shame." Me: "ngcolile ke wena" she: "haayi lihle, umntu hlel'nje unxibe ifaskot kodwa zange ndimbone pheka?" Me: "but awuyi endlinakhe nje" She: " noba bend'thunyiwe, ndingama phandle ndikhwaze mntakabawo...." I giggled at the thought...Lukhanyo went to the lounge and prayed. Mama was probably impressed...andaz ke ngo Marhadebe.. They ate as she kept talking, Lukhanyo was really annoyed. Ndamaz alok ufuna complete utter silence. Marhadebe: "bhut uphangela phi?" He didn't answer, just kept eating...yangathi kange aqalise um'mva tu.... She: "mfana ndiyethetha.." Namhla: "mama wethu ubhuti akathethi xa esitya. And akafun phazanyiswa..." And she carried on with her food..... Marhadebe just looked at her....Namhla looked back, pouting her lips. Then ate.....we finished and went to wash the dishes, then got ready, I went to feed Luhle, when we were done, I took our bags to the lounge. Lukhanyo got up. "Mama, sesihamba ngok...sizophinda sizok'bona" Mama: "ok ke nyana..." I couldn't help but wonder where was the nurse? That was hired? But ke, I can't talk much kukho itape recorder aphe ndlin. Luks: "and I got you something...." He gave her the paper bag...she peeped in and smiled.... She: "yuuuh, enkosi mntanam!" He bent down to hug and kiss her..we said our goodbyes and left...

Chapter 216

We got to our house right about the time it was dark...I got in with Luhle and went to put her in her cot. Me: "nisezo kutya?" Luks: "I'll go get take-aways nje as a snack...who wants Steers?" Namhla: "Me! Goodness I crave the chips..." Having her here was such a blessing and good timing...I don't know how could have coped...she keeps me laughing at all times...ndiyadikwa mna kuvelwa....hlel nje umntu is tip toeing around the problem... She went to call Thulani....then came back a few minutes later....she looked unhappy.... Lukhanyo got up... Him: "that's my cue....ndiyabuya." He took the keys and left... Me: "what's up?" She: "he's not

answering..." Me: "maybe akay'boni or its on silent....he'll get back to you..." Namhla still wasn't feeling okay. but she smiled and kept quiet.....

Lubabalo and Vuyo just got back and she took a bath, Lubabalo was in the kitchen talking on the phone. "George. I need you to get me prices for those Audemars Piguet watches for women." George: "WOW Lubabalo, didn't think you'd go this far. You know how expensive that shit is?" Lubb: "just give me the prices and stop talking shit..." George went on to check the prices. After a while. George: "should I email them to you with the pictures?" Lubb: "yes, do it now...I wanna order it by tonight..." George: "okay then..." They hung up. He walked to his wine cellar and took out a bottle of Absolut Vodka. Then put it back, he took out his whiskey and poured himself a double shot on the rocks. He sat on the leather sofa and lit a cigar. His phone beeped. And he checked the email...he saw the one that looked quite the part....it was white and had diamonds surrounding the outline... He didn't even bother looking at the others. It cost \$26 800...so the exchange rate of today being R9.79....it'll cost R262 372....oh well....he called George again... Him: "George, please order the Royal Oak Offshore." George: "the one in diamonds?" Him: "yep....the one in diamonds....I want it here within a week..." Then he hung up, taking a sip of his whiskey, he got up to go shower.....

Lukhanyo came back with the take-aways. he slumped on the couch next to me. Namhla was oddly quiet. Luks phone rang. Him: "yes, babe?" Caller: "uphi?" Luks: "ndilapha kum endlin, ngoba dun funa und'bona?" Caller: "ndiyeza ke lovey..." Lukhanyo laughed and hung up. He got up and went to take a shower. It was probably Lubabalo. And he was probably coming. Namhla's phone rang....eyam ide ikhale nin dun!! She: "hi." Yuuh. Lubanda ceke.... Caller: "sthandwa sam...iphone ndiy'shiyeemotwen, I went to fetch the boys from day care, sorry va" She: "ohh....its fine then..." Him: "nisenclin? I'm on my way there.." She: "ewe silapha...." Him: "see you in a few.....mwah" he hung up.....a sweet smile crept on her face. I'm glad he called her back....yuuuuh ndingay'thin Bawo into yokhubekelwa nguNamhla.... I got up and went to the bathroom to Lukhanyo...I opened the door and he shrieked... Him: "Hayyi man Lihle maan!" Me: "ufihla nton lukhanyo?" Him: "ufunu bona nto wena?!" His back was facing me...esshhheeee! Me: "why are you shy all of a sudden?" Him: "I've always Been shy!" Me: "kand'jonge Lukhanyo..." Him: "No.." Me: "ohh hayke, thought I'd show you something..." Him: "switch off th lights uze..." I switched off the bathroom light and undressed.....putting on the shower cap...I joined him in the shower. He was still facing me with his back....I massaged his back, my fingers drawing circles on him...I slid down and touched his Richard. I still don't understand why men name their penises. But its fine..... Me : "I came to repay my debt...." He

chuckled and turned around....making sure to hold me close.....he kissed my mouth in full, his hands.....oh my his hands....his left was holding my breast, his finger playing with the nipple.....his right hand was on my cookie, his 2 fingers moving in and out.... Him: "hold on to my neck..." I did as I was told. And with one pull, he lifted me up.....my legs wrapped around his waist...his mouth moved to my neck....sucking on it and breathing heavy...his hands held each on of my thigh....my arms around him. He inserted himself slowly....his eyes closed and mouth open, he groaned out loud.....my nails dug into his skin....my head fell back.....he moved slowly.....stroking it in half circles....I moaned out his name....his pace getting more quicker....his breathing in gasps.... Me: "yes.....mhhh baby...." Him: "shh...." Me: "no....." Him: "yes....." Just as I felt my heart race....my insides tightening....I was about to reach climax.....Lukhanyo pressed his lips on mine....and thrust harder..... Him: "fuuck...." He moaned.... Me: "yes..." He banged against me, his body shivering, my toes curling.....holding onto his head....buried in my neck.....my body electrified and I screamed in pleasure....he thrust the last one and held on to me.....breathing heavily..... The door opened.... "Luks, uthi unamhla uyavas....." He stared at the showers open door....the whole bathroom was flooded.....Lukhanyo looked at him and put me down.... "Do you EVER knock Lubabalo? Like ever?" He turned around and walked out.... Lukhanyo looked at me... "You okay?" I tried to cover myself by my hands....and nodded...I looked to his chest and saw what he was hiding....it was another tattoo. This the first time I see it.... Me: "heee!" Him: "hay suka tshi" it was "Lithembelihle Lam".....on his left rib.....then on his chest right on his heart it was written:

"My sanctuary:

- Chumani
- Lubabalo
- Luthando
- Luhle
- Lwethu Olu"

Me: "lwethu kekabikho njena..." Him: "uyeza alok..." Me: "in 3 years time?...wow, ya investor va"... Him: "haha, you think?" He slapped my ass and walked to the kitchen with his pajama pants....he went to fetch the mop. I closed the shower door and removed the wet mats. I wore a gown and took them the washing machine. I couldn't even look at Lubabalo in the eye.....this was the second time he walked in on us...I was beginning to feel like a guest in my own home...funeke ndibe nditixa ngok!? I got dressed and cleaned the bathroom then sat on the bed. Should I go out there? I shivered in disgust....just then Lukhanyo walked in and Lubb followed... Luks: "babes,

we going out real quick kand'kuphel into yonxiba...." I went to the wardrobe and took out his clothes. Jeans and a brown and gold shirt, I went to iron it and came back, Lubb was looking at Lukhanyo's tattoos. Him: "zigrand koda.... Mna I wanted one at the back of my neck....ibeyi Bar code...ne gama lam or my birth date..." Luks: "sounds cool...I got an idea"he smiled at him as he got dressed.... Lubb: "soy'thetha xas'hamba....khona nje enyi nto end'funa uk'briefe ngayo....ziyalala tonight akhonto izosizelwa!" Luks: "yeses...I wonder nguban lowo.....uph uThulz?" Lubb: "sendlelen ezayo.....naye sendim'trapile...wavuma..." Luks: "its about time....."

Chapter 217

Thulani arrived with the boys... Him: "evening ladies....maphi amadoda laph..." Me: "eroomin..." He looked at Namhla and smiled....she just stared at the tv trying to act serious.... Him: "baby".... She kept quiet... Him: "mntu wam.." She smiled and looked at him... Him: "zapha..."She got up and they walked outside...Chumani came to hug me. Him: "hello mom..." Me: "hello my boy...did you have fun?" Him: "yep..." He ran with Junior to the bedroom... Vuyo: "Namhla uno Thulani ngok? Isn't she like 16 or something?" Me: "she's 18..." Vuyo: "hay man akekho mdala uThulani for yena?" Me: "No, Thulani is 22, we were in the same primary..." She: "still...." Me: "still what vuyo!?" She: "he's married!" She whispered.... Me: "wanqandwa nguban wena?" I said without thinking, I immediately didn't even regret it. She: "that was different." Me: "different how?" She just breathed....Namhla and Thulani walked back in. He walked straight to the bedroom to the guys. Namhla sat with us.....

Back in the bedroom. Thulz: "so what's up?" Lubb: "just cruising around for the night. You game?" Thulz: "we'll take different cars?" Luks: "naah...why?" Thulz: "lubabalo uze ne coupe yakhe, I'm with the golf 7 the only other car that is big enough is your Rover..." Lubabalo and luks looked at each other confused.... Lubb: "okay....lemme think." Thulz: "masamben ngale yam man..." Lubb: "hehe....no." Thulz: "oh, so my GTi is not good enough for you?" Lubabalo looked at him.... Lubb: "its not that...but....okay fine....masamben....but kumntu end'funa ya kuye qala.." Thulani tossed him the keys...and they walked out the bedroom.. To the lounge. Lubb: "I can't believe I'm about to drive a GTi." Luks: "hayi shame icheese boy iqhele iiBenz zodwa..." He pushed him and laughed. Lihle: "nizobuya what time?" Luks: "after a while baby...." He bent down to kiss her.... Namhla: "even though buthe uzokupha mna tonight...its okay....behave va..." Thulani kissed her...Lubb: "I'll be back sthandwa sam...." Vuyo:

"nizoyaphi dan?" Him: "just around. Nowhere special..." He kissed her...and they all walked out.....

Lubabalo started the car and drove off... Him: "its not as bad as I thought actually.."
Thulz: "yeah....its chilled..." Lubb: "but why a GTi though awt'yam...forgive me, but its common..." Thulz: "I didn't know what I wanted so ndaske ndathatha yona...I'm not a fan ye BMW".. Lubb: "you and me both..." They pulled up at a house and Lubb got out. He dialed a number on his phone... "Phuma ke baby, nd'lapha phandle..." A lightskinned girl opened the door and walked out to him.... She hugged him... She: "I missed you..." Him: "me too....uhlel naba?" She: "I'm alone. Mama ungene night..." Him: "mm....okay then....otherwise bendizok'checker..." She: "iphi moto? And who's car is this?" Thulani and Lukhanyo climbed out... Lubb: "this is our best friend's car....nanku....his name is Thulz...." Thulani nodded at her... Lubb: "you've met Mr Short Temper Lukhanyo..." She: "hi"....with an unwelcome flashback of the time he pointed a gun at them... God this man was no joke. Luks: "hey.." Lubb: "well, as'hlelanga ke.." She: "come here, I wanna show you something...." She dragged him inside the house. Closing the door behind them, she sat him down and climbed on top of him....unbuttoning his shirt. Him: "yima...." She: "shhhhh....." She kissed him and started fiddling with his belt. Him: "no baby wait...." She: "don't talk....just relax...." She climbed off and kneeled in front of him, digging out his groin....she massaged it....she kissed it..he swallowed hard, he held her head as she put it in and out..... Him: "yuuuuh.....sana....." She dug deeper, her tongue ring rubbing underneath his penis....he groaned out loud.... Him: "suka...." She: "mh.mh..." Him: "baby, I'm bout to cum in your damn mouth, move the fuck away!" She pulled back....as his white liquid rushed out urgently...she took a tissue and wiped it off.... Him: "bund'khumbula nyan ne...." She got on top off him as he reached under her skirt....he noticed she wasn't wearing underwear.... Him: "child, you are nasty..." She: "ndifundiswe nguwe..." Him: "worse kwi lounge ka mamakho.....hay ndik'ncamile..." Luks yelled from outside... Luks: "masambe fondin yinton dun!" She: "don't even mind him.....just ey'one qha?" His phone rang....over and over again... Him: "I can't babes. Ziyapannicker ezi....some other time va..." She reached for a kiss and he turned away.... Him: "undincede please....you were busy rolling on my wood just a few seconds ago...." She stared at him with her arms crossed.... She: "awuyindawo ke..." Him: "ndadlala mntanam kaphuze utata...." He kissed her as they got up together. He put her on the couch and left her..... Him: "bye babes....I'll call you...." She: "bye...."

Lubb drove off, Luks: "buthe ufuna i-advice..." Lubb: "ei awt'yam....like lewei uVuyo acts. I don't like how she thinks she's my wife just cuz sihlala kunye. Maybe I'm just immature but and'fun hlala namntu mna. Should I get her i-penthouse?" Luks: "NO!

Please let her stay with you!!" Lubb: "why though?!" Luks: "because Lubabalo, uyandihlupha when you're single. You drag me everywhere...you sleep next to me. You snore. You always wake me up.....it just can't happen anymore." Lubb did the puppy dog face. "But I miss you at night..." luks: "fuck you bra..." And they laughed....Lubb: "I don't know if I'm ready for that...and ke mna ndizomxelela....we have to talk about it...I don't have much patience" luks: "suxoka lubabalo you just feeling guilty...by what you just did nalamtana..." Lubb: "we didn't do anything...she just did something with her tongue on me....." Thulani laughed.... Lubb: "for real...andiy'qhelanga alok.....and jonga lamtan uyay'dlala la kaka.....yeses lukhanyo...if you weren't married sani....yoh!....I would share with you....qha niks mapha..." Lukhanyo turned a serious look...while Lubb and Thulz laughed.....they spent the night at Chief Ngqoko's in New Brighton with some of Lukhanyo's old friends....gang members actually... Stuja: "there's a truck we want to hit tomorrow morning ngo 8 ngqo...we can't miss it...so here's the plan." Lukhanyo listened intently.....Lubabalo too... Luks: "need help?" Stuja: "sure boss..." He looked at Lubabalo and smiled... "One last time?.....please" Lubb: "whatever happens, the girls must not find out..." He said to Thulani... "Ndakwaz ke wena u-in love uzofuna u-confesser." They sat together and planned their next hit.....

They spent the night at Lubb's house. Waking up at 6am they all took a shower...Lubabalo opened his closet and handed each of them sweaters....they were black Uzzi sweaters. With black beanies. Lubabalo tied red bandanna's on their necks...."When we get to the scene...you cover your nose and mouth, clear?"....They wore jeans and their sneakers....then left with the GTi. They waited at the side of the freeway, it was 07:48am. They sat in utter silence....Luks checked on Stuja... "Sow'fikile k'la plek mos? We ou'chea...take your positions. Nantsi siza le transi" he hung up....Thulani looked from the back window and saw a Fidelity Van driving towards their direction. Thulz: "you guys have Got to be fucking kidding!!!" Lubb: "thulani, relax....please!" Thulz: "lubabalo usa nxilile! Ez'moto ziya escortwa ngama polisa! Subasisdenge maan moer!..." Lubabalo stared at him... "Hlika ke....go on.....leave....." Thulani sighed and looked away.... Lubb: "if you could just relax....it'll be over soon...can you use a gun?" Him: "No!" Lubb: "okay, you'll just hold it then.....here we go..." They covered their noses and mouthsThe van flew past them....Luks started the car and chased after it...he started with a steady pace.....as to not attract attention.... A quantum was right behind them....it overtook the GTi and van....and drove in front, blocking its way.....the speeds were tremendously high....for a few minutes....Luks slowed down at the back.....then the quantum swerved to the other lane, giving room for the van, just as it was about to pass the

quantum thrust in front again....the van swerved and lost its control.....BAAMM!!! It flipped over.....Lubb, Luks and Thulz stopped and ran to the car with their rifles. The quantum had stopped too. Stuja stepped out with 2 other guys with crowbars and bust the doors at the back of the van open....they took the bags loading them on the quantum.... They heard sirens...thulani: "shitt shitt shitt!!!!!!!!!!!" One door in the front opened the guy tumbled out with a gun...he aimed at Lukhanyo... Lubabalo didn't hesitate he shot him in his forehead twice.... Thulani: "Lubabalo!!!!" Lubb: "GO TO THE CAR!!!!!" He roared. Thulani ran to the car and the quantum drove off. Lubb and Luks climbed on the GTi and drove off. Luks was driving.... Thulani: "fuck it, I'm going to jail....." Lubb: "get a grip Thulani!" Thulz: "the cops seen this car! There's not many Red fucking golf 7's in PE dammit! Ever thought of that!?" Lubb: "then we'll ditch the car somewhere!" Thulz: "yakwaz uba muncu lubabalo xa uthanda!! Hayi uDOM! They will find it and trace it back to my ass!!!!!" Lubabalo sat back....and thought for a while.... Luks: "I can't be driving around in circles! Make up your fuckin minds or else sonke solale'z sellen" Thulz: "we'll have to set it alight....." Lubabalo turned from the passengers seat and stared at him. Lukhanyo fixed the rear view mirror and looked at him..... Lubb: "are you sure? There's no going back." Thulz: "I'd rather it burns than I go to jail...I can't risk it....." lukhanyo gave Lubb his phone. "Xelesa uStuja zos'fumana phi...the cops will be on to us in a matter of minutes and by that time...we need this sexy piece of metal.....to be no more...." Lubabalo dialed for Stuja....still looking at a worried Thulani.... I'll have to make up for this.....big time*

Chapter 218

Lukhanyo parked the car in a distance and they got out.... Lubb: "take out all your possessions awt'yam.." Thulani took his stuff from the car and simply walked away sadly....he couldn't look at it... Lubabalo double checked the boot and everything else....the Quantum was waiting on them in the far distance..... Stuja came with three large bottles of different kinds of fuel....they poured it all over the car....Lubabalo hit the gas tank broken.....he took out matches and they stood back....he set it alight and they ran to the far quantum....Thulani sat there silently twidling his thumbs....Lubabalo stood far and fired shots at the GTi.... "So that it looks real....let's go"they drove away in the quantum as the car exploded behind them.....Thulani closed his eyes....his whole heart....had just exploded...Lubabalo looked at him, he felt

really bad by now.... Thulani dialed a number on his phone. Him: "yes maam....uhm.....I'd like to report my car. I've just been hijacked...yes, I have contacted the police. If you find anything just please....call me back....its Thulani Lubisi....a red Golf 7 the licence plate number is....." He said in a shaky voice.... He dialed another to the police..... "I want to report a crime.....officer my car has just been hijacked!" He pulled all the stops....when he was done he looked to the front.... And smiled.... Thulz: "lubabalo you owe me a brand new car." Lubabalo laughed nervously. "Fuck yeah I do, but not iGTi!" Thulz: "then what?" Lubb: "its a surprise...what's yo color?" Thulz: "anything but white or silver..." Lubabalo switched off his phone as they approached Western Road in Central. They parked the car, a few guys were standing in the street in front of the building they stopped at. Lubabalo opened the door and each one took a bag..they walked up stairs to a flat and each sat down to count. Thulani walked in.. "And'selambe..." Lubb got up and made him a sandwich....then went to sit back down, everyone was quiet, Lukhanyo sat with Stuja. He handed Thulani a book and pen. On a paper, there was a list of names of the people there. A column for what they did. And one for what they brought... Luks: "umntu uzak'nika i-amount yale mali ay'bhalileyo ubhale pha, you need to relax....its not as bad as it looks" Thulz: "are you being sarcastic?" The first guy brought his amount....Thulz wrote it down..... Luks: "this might take the whole day mtshanam you might wanna get comfortable. Thulani sat down as the men got busy.....

Lihle woke up. Vuyo had fallen asleep next to me....I wonder ziphi ezi'moeren ziy3...I got up to brush my teeth...and walked to the lounge....I tidied up, cleaning and picking things up. We had played a game with the little boys...and let them win. We had the take-aways for late dinner. I took out the trash and decided to make porridge. I was still in my pajamas..shorts and vest, hair in a mess. I made mealie meal porridge, then tried calling Lukhanyo. His phone was off. My body ticked....like why the hell!! I tried Thulani because Lubabalo ngelok'ncama.... Thulani's just rang and rang and rang.....no answer. *sigh*....Lubabalo it is. It was off though. Great. I finished with the porridge then went to check up on the boys. They were awake...playing with their toys... Me: "hey guys.....what's up?" I went to sit down with them, Chuma: "hello ma" Junior: "hello ma" copying Chumani....kids that age do that...I kissed them both.. "We playing...we gonna put this one up again then race" said Junior. They were building the course again to race in...I helped them a little, then I heard Lihle crying. I got up and went to her. She was wet...I took her out and went to undress her, let me just wash her. I got her little bath ready with warm water and bathed my little angel. Oh but I miss my little soldier maan....nge gigitheka ngalomzuzu ndingayaz ba yinton le imonwabisayo kangaka...he was always so happy, I'm glad that he's healing

maan...yoh. When we were done I dressed her and put her on the bed next to Vuyo. I went to take out her water and tidied her stuff away. Then I took her to the kitchen, we dished up for the boys. I called them.....they came running to the kitchen...their pants were off. Andaz noba ndithi ufuze uLukhanyo when he's chilling, he takes off his pants...or maybe its just a male thing...they ate quickly and Namhla woke up. She: "they're not back?" Me: "nope, tried calling them akuphendulwa zifown..." Vuyo appeared: "heee! I wonder for nton kehok" she dialed her phone...calling Lubabalo.... She hung up... "Its off!" Heee, didn't she believe me? Vuyo: "ayikho kodwa noko le abantu ba disappearisha njan for the whole night bangaphenduli phone...!" Namhla: "sisi, khaphole wethu. These aren't teenagers abalahlekanga. Don't be treating Lubabalo like his your child. I expect that ku Lihle ngoba nguye umfazi" Vuyo: "akangomfazi ka lubabalo alok!" Namhla: "and you are? Ngath uyalibali uLubb noLuks ngumntu omnye. And yes, bazoqala kuye kqala..."burn..... "Mntase I have an idea, masihamben nathi wethu, you know.....go out with the kids, noba kuse boardwalk. For the day." Me: "yeah but soqala es'bhedlele ku Lutha" Namhla squealed in excitement. "Khame ndovasa ndizonxiba iSummer dress yaammmmm!" And she disappear to the bathroom... Vuyo sulked: "do you think I'm being too hard on him?" Me: "yes, you are. Lubabalo uzok'baleka xa umane ngokwenza ez'zinto..aye kwamanye amacherrie. And ke you should know by now, yathandwa ngamankazana ubhuti....he's rich and handsome. Wena stop uk'qumba oko ukhe umvise kamand...I promise he'll not want to leave you..." Vuyo: "but what if uhlel nalomankazana ngok?" Me: "ndiyabaz abaya....they won't let it get that far. Plus Lukhanyo gets oddly uncomfortable kwamacherrie very quickly...and lubabalo respects him...so just relax..." Have you ever told such a lie that you started believing it yourself? Truth be told. Lukhanyo ewe, yawoyika amacherrie, but when he's drunk....he has no control whatsoever. Yena ke lubabalo wenza unothanda wakhe....andizoyaz ke ngo Thulani but he seems like the Lubabalo type..noba yilento bevana gqithi bobay2... Me: "Let's go get ready. We'll have breakfast kwa McD's cuz of the little ones"I went to take a quick shower leaving Lihle with Vuyo. When I was done, Namhla walked into my room wearing her light pink and yellow summer dress. It was a boob tube. She: "uzonxiba eyakho ne...come let me iron it for you....she looked through my cupboard and found then ran to iron it.....lol, this kid is turning me into a kid all over again... Vuyo walked in. Me: "kunxitywa summer dress ke sana..." She: "I noticed..." I looked for another dress for her...I found a navy and white one. My original favorite. Me: "zonxiba le ke wena.....did you put your underwear in the dryer like I told you?" (That was last night, I anticipated the guys not returning. And I was right.)...Vuyo: "yep, khame ndiyoy'checker"...Namhla returned with my dress and I wore it... Me: "ha.a

namhla I can't wear this its too short!" She: "Khayeke ubangumfaz wase lalin Lihle....onxiba olokhwe Ndwe.....its not that short!" Me: "you forget that I'm a wife, I can't be showing my thighs to the world!" Namhla: "but you have cute thighs. Lihle look..." She held the dress tightly from behind..... "Its only like 10 cm above your knee. And besiiides, ubhuti isn't here. Live a little.." I wasn't at all comfortable but in any case I went to the other bathroom to run the boys a bath. I put in bubble bath and called them....they undressed and got in. I let them be for a while. Namhla was with Luhle...she was wearing a white and pink little dress...with socks. Namhla waske wam'faka is'nqanda kwez'nwele zishotayo.. 🙄:(... Namhla: "akeka qoboz?" Me: "no...." Namhla: "when will you do it? Its better ngok esemncinci yaz...." Me: "I'll discuss it with her father kqala. He might not like his daughter being holed up..." Namhla laughed.....I washed the boys and took them out the bath...I got out 2 shorts, and t shirts with vests....I lotioned their bodies, then dressed them...Junior wore his sneaker again, Chumani took out his...I thought I was gonna give them flip flops. Junior said: "no, I'm not wearing a t shirt" me: "why not?" Him: "ma, you killing my swag..." The horror in my face! I was killing his WHAT??? Me: "where did you learn that junior?" Him: "from daddy." He wore the vest, and dragged down the shorts a little, loosening the belt. At least his underwear wasn't showing. Junior: "like?" Me: "love"he smiled and fixed a confused Chumani...then they took their toys and went to the lounge. When Vuyo was done, we locked the house and left the building.....

It was almost 6 hours later, the guys were done. Thulani was tired. They divided the money and put the bags(the ones they stole) into a big plastic. Stuj: "siz'thin boss?" Luks: "burn....make sure luthuli and nothing else." Stuja and his boys left... Luks: "we have to go nathi." Each held a bag. And walked out....Lubabalo switched on his phone. They called a cab and left for his house. He dialed a number. "Linda, where are my babies?" She: "they're ready sir, they are to be delivered this Monday." Him: "okay love listen to me real quick. Do they have another one ready?" She: "uhm, I don't think so..." Him: "go check for me, take blue...make it look nice..." They hung up... Luks: "what's that?" Lubb: "something I invested in wethu...its nothing...." They got to his house and went to make food...they dropped the bags there..hiding them in the wine cellar.... Lubb: "I need to clear it, before siy'sebenzise... Thulz...you're using my car for the meantime. " Thulz: "wena uthin?" Lubb: "I'll use Benz ka lukz. Iselapha kum..." Luks: "thanks for asking...." Lubb: "I love you too...." They went to the garage. Thulani and Lubb in Luks' Benz and Luks drove the SLS. Lubabalo went straight to the police station. Thulani: "lubabalo inoba uyanqwakuza ngok. Hayi shame inoba ubhethekile somewhere! Yinton le kaka uyenzayo!" Lubabalo slapped him.... Lubb:

"tshomam. Sorry about that....but you need to go in there and make a statement. Awunophelela kula call. You need to look devastated and exhausted...go on." Thulani walked into the police station....his eyes welled up with tears. An older policewoman approached him... "Ndingak'nceda bhut?" Him: "I just got hijacked this morning, they took my car. Wallet, phone...everything...I had to beg someone to help me call ifriend yam yazond'landa...." Policewoman: "oh yhini na bhut, come this way...we'll make a statement and look right through it....awusemhle man, ungakhali va...." She held his arm and sat him down... "Bhala apha and describe to me kwenzake ntoni sthandwa..." Thulz: "I was with my friends kwa Ngqoko, we decided to go crash at my friend's place....sayolala....sivuka ksasa ndathi mna ndisayo landa umtanam...I left them in the house, I decide ba mandiqale eFiveways just to get a few supplies...ndahamba nge Central and drove towards town. Xa ndimisa kweza robots eTerminus, 3 guys appeared with guns bath manihlike emotweni yam! Yeyam lamoto maan! Like I worked hard for it! How could they just-" he broke into silent cries...the lady came around the table and held him.... "Shhhh.....thula alok bhut....it'll be fine va...don't forget to describe your car.." He described it and put down his details. She: "we'll call you if anything arises ava....ungakhali man..." She was still holding his arm....he looked at her and smiled... Him: "enkosi sisi...." She blushed....She: "it was my pleasure....if you need anything. Just call me yevea...." Writing down her number on a piece of paper, he took it and walked out.....when he climbed into the car.. Lubb: "ubukala Thulani?" Thulz: "stick to English my man....ewe tshi....and lind'ncwasile ela griza pha....und'nike ne number yakhe...." Lubb: "good....we'll need her soon...." They drove to Lukhanyo's house, he was already there. It would have been very suspicious if the both cars were there. Very suspicious....2 cars zikhaphe umntu oy1? It draws attention. Lukhanyo was pacing up and down. Lubabalo walked in. "Yinto ngok?... " Luks: "where are they!?" he hissed... Lubb: "relax! Maybe they-" Luks: "don't you fuckin tell me to Relax!!!" He roared. Lubb: "ungalinge uzoxhentsisa apha kum.." Thulz: "kuthwasa man lubabalo, I told you to stick to english!" Lubb: "whatever! Lukhanyo, get a grip...okay?" He held his arm tightly, looking into his eyes. Lubb: "I Said. RE-LAX" he growled....lukhanyo sat down....the Range Rover parked outside. Thulani was in the fridge drinking milk. Lubabalo sat on top of the kitchen counter biting into an apple playing with his phone....Namhla walked in first with Chumani...Vuyo behind her.....then Lihle, carrying Luhle, fixing Junior's mouth, she was licking her thumb and applying it to his cheek. As the girls walked in....all of them stared.... Lubabalo still biting into his apple.... Me: " Get " he jumped off the counter. Me: " Close " thulani put the milk away and closed the fridge..... I looked at Lukhanyo... Him: "nivelaphi Lihle!?" Me: "out with the kids..." Him: "may you excuse

us please...." He held my waist and led me to the bedroom..... Him: "Lihle, babes, you look beautiful. But I don't want you wearing this again. You're my wife, I can't deal with you having to show the universe my thighs! Andifun phinda ndiy'bone le lokhwe, siyavana?" Me: "yes sir....." Him: "come one baby....don't be like that...." Me: "like what?" I wore tracksuit pants and a vest then went to start up on dinner. I was hurt. But ke I knew it....ndisay'nxiba so akhonto...he pulled my arm, I turned to look at him. Him: "I don't mean to be mean kuwe babes..." Me: "you're not being mean Lukhanyo. I don't know what I was thinking nam....I'm sorry..." I let go and went to the kitchen....reverse psychology works best.....ndamaz uzaloqa oko, thinking I'm mad.....ima make him Sweat. Me: "thulani phi moto yakho mtshana?" He looked at Lubabalo, who squinted his eyes at him... Thulz: "it was stolen...." Me: "try again...." I saw that look....all 3 of them looked at each other nervously.

What have they done Now!!!!

Chapter 219

Lubb: "hayi ke Bawo Lithembelihle" Me: "lubabalo, and'kazi kuwe....Thulani?" Luks: "kayekane noThulani wethu unestress se motwakhe!" Namhla: "oh bethuna ubaby...are you hurt? What happened!" Thulz: "I'm fine babe..." She checked his pulse and forehead....he was giggling under her.... Thulz: "kayeke man sthandwa....I'm okay I swear....they just took the car..." Me: "niphi nina!?" Luks: "we were inside the bar babe..." Me: "did you report it? Are there any witnesses?" Thulz: "yes I reported...no akhomntu bone niks...." He sighed... Luks: "can we please stop talking about this? Its stressing me nam ngok" Lubb: "me too...."something fishy was going on....and ke ndizobayeka mntaka Bawo....andiy'ngenanga. Lukhanyo followed me into the kitchen.... Him: "pheka nto?" Me: "I don't know, funa utya nton wena...." Him: "funu tyu wena..." He bit my neck...my insides were churning... Me: "not wonke umntu ufuna ok'kutya uk'funayo ke...so I have to cook..." Him: "masibaleke siye lwandle soy2...baz'bonele..." I turned around to look at him... Me: "that sounds tempting....." He held my head and kissed me.... Me: "kuthen ubhanda nje?" Him: "hheee, haska man babes...yilento ndiy'selayo..." He continued kissing me... Lubabalo walked in and went to the fridge...he took out juice and poured it in a glass. Him: "thulan yaz'shaya?" Thulz: "bawel ishot bonanje..." Lubb: "masamben..." Luks immediately turned around... "Siyaphi?" Tshhiin! Lubb: "out...to eat..." Luks: "ja man babes...yabo? We made a deal...2 take aways per week... Remember?" Me: "bazotya nton abantwana? We can't go to a fancy restaurant..." Lubb: "is Spur fine?" Me: "sure..."

Lubb: "good. We leave at 18:00..." He walked back to the lounge it was still 5... Me: "Namhla, Vuyo.....cel nizapha tu..." They came to me...Lukhanyo left the kitchen. Me: "Lubabalo says we're going out for dinner. Siya kwa Spur..." Namhla: "khululele nton ilokhwe?" Me: "hay wethu Namhla.." ...I went to the bathroom to re-do my make-up...I did Vuyo's too. I wore jeans and red stilettos...no platform. I wore just a normal shirt... Lukhanyo walked in.... Him: "haa! Yoh, khame..." He took out a navy shirt and jeans. He wore them with a black suede shoe, with those 2 frilly things on the top.... He went to fetch Luhle and sat down on the door with her...he changed her nappy and dressed her in the red jumpsuit... Him: "uLuhle ka tatakhe..." He smooched her cheek...she giggled... "Intombikayse...." He kissed her again... "Thanda tatakho va mntanam, yeke lowa us'jameleyo pha...unomona nguwe" he kissed her one more time then got up....he walked to the door and opened it for me. "First Lady...." As he bowed... I walked out and he followed. Everyone was ready..we called the little boys and gave them jackets...we left for the restaurant.

We got to Spur and sat down....we had a peaceful dinner shame....Vuyo being quiet and polite....I liked liked.... We got done at about 8 and we stayed chatting. It was quite a day...I wonder what have these 3 been up to... Lukhanyo paid the bill and we left...Luks and I took the Rover, with Junior, Chumani and Luhle. Thulani was with Namhla in the SLS, Lubabalo and Vuyo in Luks' Benz. Lukhanyo drove me straight home. We got there and I got the kids ready for bed. Lukhanyo had gone to put Luhle in her cot.....Lubabalo walked in the room....why did he annoy me? What happened to the friendship we had developed?? Him: "Lili..." Me: "Lubilu" he bent down and kissed the boys goodnight... Then sat on the bed... Me: "I'll leave you to it then" Him: "andik'gxothe...." Me: "kanditsho nam" him: "why do you hate me?" Me: "I don't hate you..." Him: "you do Lihle, you can't even look at me without being disgusted...we used to be chilled together, mna shame I want my friend back..." I just breathed....I don't know where to begin with him. "Why did you lie? Why did you make me believe Lutha is yours?" He just stared at me... Him: "lihle...." Me: "no lubabalo! It was wrong. Very wrong. I don't hate you, I'm just disappointed. I never expected this from you!... I respected you, liked having you around because you were a good influence ku Lukhanyo...uske wand'tyhafisa man lubabalo...I got the results...and Lukhanyo naye uz'bonile. He knows that you tried to change them...sumbona ethule..." His face turned to ice... Him: "what do you mean?" Me: "I kinda figured it out when we walked into that office....the doctor saw Lukhanyo and freaked the hell out. ULukhanyo akasos'denge Lubabalo, stop undermining him..." Him: "lihle I'm sorry...." Me: "okay..." Him: "lihle please.....ndicela und'xolele....I didn't mean for this to-" Me: "its okay Lubabalo. Just stop ukungcolela ubrother wakho man. He loves you.

And I know you love him too. Please" he nodded and I turned to leave... Him: "are you still my friend?" Me: "sure thing telletubby..." He laughed.....

Thulani and Namhla were in her bedroom, he was laying on the bed and she was next to him... She: "so uzaw'thin kehok? With no car?" Him: "lubb borrowed me eyakhe, yena sebenzisa eyka Luks" he pulled her closer and kissed her, tracing his fingers on her thighs. His hand slid up her thighs...she felt her body vibrating... She: "Thulani...I don't know if its just me, but ingathi uyay'leqa kodwa ngok...everytime I'm around you, you just wanna touch and kiss....we hardly talk....babes I don't mean to complain, but and'fun sibe ses'tyana....noko...my pussy is not that friendly..." He giggled... Him: "I just love your body...lips.....eyes....everything...whenever I look at you my heart lights up....you're amazingly beautiful man..when I look at you, I see a perfect future..you're everything I need...and mna ndiyak'thanda babes..." Her heart stopped.....

I went to my bedroom and found Lukhanyo laying on the bed, shoes and pants off. He was playing with his phone. I undressed and wore my pajamas... I went to check on Vuyo. She was sitting in the lounge comfortably quiet. Lubabalo walked to her.... Lubb: "masambe my love....you must be quite tired..." Vuyo: "yeah....my back is sore..." Him: "the sooner we get home, the sooner you get a back rub....let's go cupcake..." She got up, smiling shyly... Vuyo: "bye bye peto.....umxelele noNamhla va..." Me: "bye babe....nihambe kakuhle..." They left and I walked back to the bedroom... Luks: "I thought we had agreed and finalized ba andiy'fun into ek'dibanisa no Lubabalo..." Me: "hayi Lukhanyo. Ndizohlala ndithukisela omnye umtana? Hayi nam ndiyaz'dika alok ngok.....ndizode ndiphelelwe ziz'thuko..." Luks: "just saying..." Me: "are you jealous?" I crawled onto his chest... Him: "yes....I am green with envy..." He kissed my forehead....after a long silence.... "Please forgive me..." Me: "nganto?" Him: "for what I'm about to say....."

Chapter 220

Him: "baby, I love you....nawe uyayaz lonto..." Me: "lukhanyo what's going on?" Him: "I would do anything for you...anything lihle..." Me: "you're scaring me right now..." Him: "baby....." I looked at him....he looked genuinely upset... Me: "whatever it is Lukhanyo, we'll work through it...ndixelele baby" Him: "me and the guys-" the door bust open.... Thulz: "luks, bend'cela udibana nawe....please its urgent!" Lukhanyo got up and went to Thulani outside they left the house and went to the car. Thulz: "the

fuck were you about to do? Uphambene?" Luks: "are you listening in on my conversations with my wife now?" Thulz: "bendisiza kuwe...besend'hamba....but and'sayanga ndawo. Lukhanyo, you can't tell uLihle! She'll flip a bitch. Then Namhla will find out and we're all done! Suba dom lukhanyo, we have kids to think about!" Luks: "ndizothin kehok ku lihle?" Thulz: "just tell her she's beautiful. Girls love to hear that shit..and you love her and you're sorry...describe her sweetness...then kiss her...uzoy'libala..." Luks: "I'm sorry, but I'm not taking advice from a man going through a divorce with some serial killer..." Thulani laughed out loud. Thulz: "lukhanyo you know yo wife is psychotic. She will grill you if she finds out about the last hit. With all honesty." Luks: "how would you know my wife is psychotic?..." Thulz: "she found pleasure in my pain. Literally made fun of me every chance she got..I know what I'm talking about" ...he sighed out loud and they got out the car, walking back to the house...

Lubb and Vuyo had just got home...he switched on the lights and went to the Sauna room. He switched on the jacuzzi to medium...he went to the wine cellar to pour himself a drink.....then went to the bedroom. Him: "iza.....we gonn chill for a while..." She: "okay..." Him: "khulula shiye mpahla apha..." He did the same and walked out....she followed him to the dimly lit room and he climbed in the round tub. He held his hand out and she climbed in too....he sat down behind her.....and she rested on his chest.... She: "this is nice...." Him: "what is?" She: "this tub with warm massaging water..." Him: "oh mna I'm not nice? Ungachami ke please...." She laughed because she didn't expect that.... Him: "khaguquke baby..." She turned around to face...he pulled her on top of him... Him: "ugqira wakwenza iHiv test?" She: "ei ndakwaz ke wena you don't sugar coat..." Him: "I am not Willy Wonker and I don't own a chocolate factory..." She: "I noticed...well, yes, wayenza....its negative if you have to know..." Him: "do you have the proof..." She: "its in my bag, want me to go fetch it?..." Him: "yep..." She got out, wiped her feet and walked to the bedroom, she came back with papers. Entered the tub and handed them over...she sat on top of him facing him again.....as he read the papers....then put them back down. Him: "okay then..." He pulled her face and kissed her...his hands swivelled down to her breasts then her stomach.... "Yakhula le ntwana...." She: "that's what is suppose to happen..." Him: "I'm glad kange wenze abortion.....I really hate it...and nawe I would've hated you even though its not mine...." She: "so awund'capkeli?" Him: "most definitely Not...." She: "but?" Him: "I love you Vuyo.....no buts ngandawo.....I love you and you're mine. Nothing will get in our way. I promise you va....." She: "lubabalo there's something uncanny about you....you're a bit-" him: "creepy?" She: "no babe....I was gonna say different..." Him: "isn't different good dan?" She: "yours is a bit too much

good....kind of unbelievable.." Him: "what are you saying?" She: "never mind..." Him: "hay hay Hey! What are you saying...???" She: "yabona pha? Your moods just change in split seconds..." Him: "mxm, yay'thetha ishit xa uthanda ke wena.....ndikxelela ba ndiyakthanda wena ubona ubu different...andaz noba ufuna ndithi I don't love you so that I can fit in with the team...." She: "hayi lubabalo that's unfair..." Him: "masambe solala...you have killed my mood. Its dead..." He got up and out, drying himself....wrapping the towel around his waist he walked to the bedroom. He got in the bed and covered himself with the blankets.... She: "baby, kodwa you're acting like a baby right now.." Him: "ndiryt..." She: "lubabalo man..." He kept quiet... She: "my back rub?" She got in the bed and he turned around.... Him: "jika alok..." She turned around then he massaged her back.... She: "yuuh baby your hands man...ooooh.." He went on for a longer time....she was moaning by now. Him: "vuyo, its just a back rub. Please do not provoke me, ndisak'qumbela..." She: "usand'qumbela okanye usand'qumbele?" She laughed at his poor Xhosa.. He stopped and turned his back on her again and covered himself.... She: "suyeka alok baby...xolo ke mntu wam....usand'qumbela ke baby askies..." She held his arms.... Him: "und'yeke please..." She: "suqumba alok..." Him: "vuyo I told you once, ndiyeke.....ndak'cela mntu wam....cuz andizoza ngobubele xa ndik'zeka so let me be..." She: "why do you have to be so rude?" Him: "why do you like provoking me!" She: "but ke ukwrada Lubabalo qha!" Him: "kanti senzanton ke baby? Don't we fuck? Andik'zeki? Ufuna ndithi senzanton?" She: "we make love! That's what we do." Him: "what is to make love nges'xhosa." She: "I'm not sure but its definitely Not uzeka." Him: "whatever...." She: "lubabalo, don't run away from the topic, wen-" him: "I said whatever. End of discussion." She: "maybe I should get my own place..." Him: "good luck." She: "are you mocking me lubabalo?" Him: "if I were mocking you. You'd be in tears by now sthandwa sam.....andaz uzobaleka kude kuthin...but ke feel free, if you want to vai..." She turned to the other side and ignored him.....

Namhla and Thulani were in bed....chatting. He wasn't himself....because for once, he sat on his own side and kept quiet. Namhla: "baby....you okay?" Him: "yeah....just thinkin of my car qha..." She: "oh shame man sthandwa sam....come here..." She reached out for a brief hug then she lay in his arms... She: "you don't tell me much about you...." Him: "well.....ndakhulela eMagxaki...ndifunda eParsons Hill Primary, then ndayo funda eVP high school. I played soccer and swimming for my school....uhm.....I finished my Grade 12 four years back, circumstances forced me to work and not continue with university...." She: "finance problems?" Him: "no....nothing like that....bikhona mali qha, my parents are quite strict. Ndamithisa....bathi I must work to support my child....so I did a course for a

year.....my father wandidibanisa ne friend yakhe who was starting a company....we got together with a few others.....and it is what it is.....so here I am...." She: "do you regret it? Having to quit school and work instead?" Him: "sometimes I do.....because mna I didn't want to be a Project Manager. I wanted to be a lawyer...but there aren't any short cuts there....yay'qonda 7 years? So tata akavuma....at the same time, I'm glad...because he taught me responsibility by my mistake....I'm happy that mntanam akasokoli nto....andilindi until month end to buy him what he wants....or needs... I don't have to beg nobody for his things....and I'm happy that way..." She: "uphi yena umama womtana..?" He kept quiet for a while..... Him: "akekho....she's out the picture and never coming back.." She: "why?" Him: "I don't want to talk about that bitch. Please...." She: "sorry.....anyway.....I'm thinking of going back to school....qha eCollege..I'm not sure which course though....bend'funa IT" Him: "umise ingqondo ke....not everyone has the skill of Information Technology...nala programming and coding ininzi. What subjects did you do at school?" She: "accounting, business and economics..." Him: "mhm....what do you want to be?" She: "an IT technician..." Him: "okay then babes....if you need any help....und'xelele....." He kissed her forehead... "Let's sleep.....today has been extra long...." She held on to him and he instantly fell asleep.....

Me: "yinton le buzoy'thetha?" He crawled into bed and climbed on top of her...laying his head on her breasts.... Him: "I wanted to say..... Me and the guys are sorry about today....for disappearing and stuff...besihlel ku lubabalo....and chilling. Trying to call abantu, who had information on Thulz' car...." Me: "oh...." Him: "you're so beautiful yazi...you smell nice too" Me: "are you trying to soften me up? Cuz I know I look like struggle right now..." He burst out laughing.... Him: "I love you mamngwevu...oozulu, ooskhomo ootshangisa, oorhudulu....have blessed me with you. Ayabonga amabhele nontombi...gimme a kiss..." I kissed his head. Him: "goodnight pumpkin...." Me: "uzolala phezkwam kehok?" Him: "bendik'khumbula njena....kayek ukweleta wethu ulale...."

Chapter 221

I woke up the next day and brushed my teeth, I checked Luhle, who was sleeping now... Lukhanyo went to fetch her and she slept in our bed because she was crying throughout the night. I woke Luks up..... Me: "babe...vuka alok..." He just mumbled something...when he opened his eyes....they were red...and he started

coughing....yuuh yakwaz u-ekta umnyen wam shame. Jealous down. Me: "yinton love?" Him: "just get me cough syrup tu..." Me: "I doubt ba ikhona, I'll go buy some honey..." Him: "no...." He croaked.....utshe nelizwi.....Amen. Me: "ufunu thini ke Lukhanyo?" Him: "Lubby....." I dialed his phone for his brother... Me: "lubabalo, uyak'biza uLukhanyo..." Him: "why what's wrong?" Me: "he's sick.....please bring honey.." Him: "ok nd'yeza". I hung up..... Me: "uthi uyeza ke..." I took Luhle to her cot. Then went to take a shower. Today I was going to church....when I was done I wore my long gown and went to prepare the bath for the little boys...I poured the water in then woke them up. As they went to bath.....I went to get dressed. I wore a black pencil skirt...a silk creme blouse with frills along the buttons and a bow on the neck...I went to the kitchen to make bacon and eggs with toast. I dished up and took toast to the bedroom with orange juice... Me: "babe..." Him: "no....." Me: "you have to eat..." Him: "mh.mh...." I put it next to him and left to attend to the boys. I got them out and dressed them for church. They wore skinny jeans and shirts... Chumani insisted on his black Blazer pulling up the sleeves...they went to eat right when Lubabalo arrived. He was alone....why? Me: "morning.." Him: "morning...uphi uThulani?" Me: "I don't know...." Him: "ndibon'imoto yam..." Oh so Lubb gave Thulani his most prized possession...for the why? I was getting closer to solving this mystery tale....no damn car been stolen here...khona nje ubustout abawenzileyo and then they would be identified with the car.....wazba ifihlwe phi.... I went to fetch Luhle to bath her and get her ready...andaz noba uNamhla wants to go....I walked to the room and knocked lightly. After a while she opened...they had fallen asleep on top of the blankets with their clothes still on shame...however Thulz was still asleep. Me: "uyaya ecawen?" Namhla: "yuuuuuh, lihle yal'bo xesha phof? Yoh ha.a mntase.....und'beke wethu..." I shook my head and went to pack snacks with yogurt and fruit for the boys. I packed Luhle's bag... Me: "we're leaving..." I wore a black blazer and the nude platform Lukhanyo had bought. Him: "yaapphi?" Even when he's sick..... Me: "ndiye cawen..." He just nodded. Lubabalo was laying next to him. Lubb: "hambe kakhle"...he was eating Lukhanyo's toast as irritated as I was...I kept my cool. Me: "thanks" I left with the kids.....

Mother was all too happy that I actually really came to church. She was worried about Lukhanyo though. mom: "ow bethuna lihle, uthen na?" Me: "noba uqalwa yi-flu wethu mama..." Mom: "ngok umshiyele nton yedwa?" Me: "his brother and friend bakhona endlin. And Namhla." She frowned... Mom: "kuthen ezoshiyeka namadoda nje!?" Me: "hayi mama, ngobhuti bakhe abaya....tshi..." ...well...her bf is there too....I drove her home. Mom: "lihle, ngabantwana baka ban aba?" She was referring to Chumani and Junior...Me: "chumani ngoka Lukhanyo and Junior ngoka Thulani,

itshom ka Lukhanyo ma.." Lukhanyo took chumani as his own...and nobody needs to know otherwise...we got to the house...Me: "sizoya ku Lutha ngok esbhedlele...awufun hamba nathi?" Mom: "ha. a mntanam...ooNosakhele bayeza...sizo-xoxa ngezinto zase'mbuthwen..." Me: "okay ma....call me when you're done..." I kissed her goodbye and she went into the house. Gosh I forgot to ask about the nurse again! I'll ask her later...I drove to the hospital. The boys were having their yogurt. And feeding Luhle big scoops...her face was a mess...I had to wait till I parked at the hospital. When they finished eating she started crying.....oh great....just great....I pulled up at the hospital and unbuckled her...I took out her purity and fed her....I was still bothered by the disappearance of Thulani's car...utheth'ba akhomntu ubone nto tu? Cwaka jwi? A.a....ziyaxoka ezi....from the looks they were giving each other and Lubabalo handing over his only car? Ene pride kangaka? He obviously felt guilty of something. I finished with Luhle and wiped her face. We got out the car with the boys. I locked it and walked into the hospital.... Chumani and Junior were jumping around and running....playing with each other... Me: "chumani! No..." They stopped immediately and walked awkwardly next to me. I saw the doctor in charge of Lutha... He smiled brightly at me. Doc: "Mrs Mzinyathi" I really wasn't surprised that he knew me. Kunini sis'quqa esis'bhedlele k'lonyaka.... Me: "afternoon doctor" Him: "wow, you brought the whole team out..." Me: "a few members are short..." Him: "nope...they're in the room with Mr Mzinyathi..." Me heart jumped up and down. I walked to the room...and they were all there. Lubabalo, Lukhanyo, Namhla, Thulani and Ta Smig. Bethunana uphi uVuyo? When I walked in lukhanyo stood up and took Luhle, he gave me his seat....I feel like a queen right now 😊^_^ ... Lutha was awake, he looked okay. He was actually smiling . His hand wrapped around Lubb's finger. He was talking in a low voice...I couldn't really hear what he was saying to my son. Ta Smig greeted me and hugged me... Me: "bhuti unqabile. Awusazi nozojikela..." Him: "well, you seem to have a full house..." He whispered. I laughed without thinking... Lubabalo shot a look at me..... Me: "sorry..." He turned back to lutha.....yuuuh, ndim'phazamisile? Yoh, askies... I went to Lutha and picked him up....he gasped a breath of air...my heart felt warm, just holding him....a tear fell down my cheek...I walked to a corner and just looked at him..... Me: "my soldier.....you pulled through".....I kissed his forehead. The doctor walked in with a file in his hand. Doc: "I have good news..." He bragged... Me: "what is it?" Him: "he'll be able to go home with you tomorrow morning..." My heart fell... Me: "why not today?" Him: "I just want to be absolutely sure. I want him to heal properly...and so far he's doing well..." Luks: "if he's doing so well, why can't we take him home?" Doc: "sir, we would just

like to observe him for one more night....these things are hard to do at home, we're
tr-" Luks: "But You Said-" lubb: "lukhanyo!" He kept quiet....

After an hour the nurse came to feed Lutha. When she was done she put him to sleep.
She: "I am sorry but can we please give him space?" I wanted to slap her really
hard.....lonto I have to keep my mental anger in check. I hit people a lot in my
mind.....that should stop.... Me: "okay then...." I held him one more time, kissing his
face. Tomorrow seemed like a life time away. I put him back down and we got ready
to leave.....we walked to the cars....we had parked in different places. Lubb: "can we
have the sunday dinner at my place?" Luks: "yes please!" He whispered. Ta Smig: "oh
yes...." Thulani: "I am confused..." Ta smig, luks and lubb laughed. Luks: "ei ntwana
yam....kanene kasiy'bonise izolo..." Lubb: "well....let's go! Lihle's gonna cook for us"
Me: "niyand'gezela ke kodwa nina...." I got in the car with the boys, Lukhanyo had
taken Luhlle with him.....we started eFord thina. To change and fetch more diapers for
uLuhlle and her food... I changed into jeans and sneakers, I didn't need to look fancy
for nobody. I left with the kids again. And went to Lubb's place.....

I found Vuyo and Namhla in the kitchen...they were chatting about baby names
Namhla: "yuuuuh peto! Ndigqitywa yile part ba celebrities name their kids with the
weirdest names, like ooBlanket nooPillow. Kukho uNorth West ngok...nam
ndizothiya owam abengu "Tafle" .. Or NoGarage" ...I burst out laughing ndisangena....
She: "bayi kwekwe izoba ngu RazorBlade..." Vuyo was in stitches.....I walked out to
check on the guys...they were playing a game on the ps3.....Thulani vs Lubabalo.
Lukhanyo was cheering....engumacala ke phof....when the game ended they came to
the lounge.....there was a knock on the front door....I walked to open it, two
policemen stood there on the porch.....I looked at Lukhanyo...he
swallowed...Lubabalo licked lips staring back....Thulani's breathing just escalated...
Me: "afternoon sirs. Can I help you?" One policeman answered... "We're looking for a
Lubabalo Morrison?"

Lord. What has he done?!

Chapter 222

The policemen stood. And I was still locked where I was standing... "Mrs Morrison?"
Me: "no I'm not Mrs Morrison...he's my husband's brother..." Lubabalo stood next to
me... Him: "can I help you?" His voice calm and relaxed... Police: "Mr Sir- uhm.....we
have a warrant to search your premises....sir..." Lubabalo had a nasty look on his

face....I would be stuttering too. Lubb: "why?" The policeman swallowed. "There was a robbery that took place and we need to search your house." Lubabalo looked at me with a smile.... Him: "Lihle, can you PLEASE fetch me a drink from downstairs?..." He winked at me.... I was soo confused. What was going on! Me: "which one would you like....?" He came closer to whisper in my ear: "hide the bags.." And kissed my cheek.....my whole body went cold....I literally started shivering...50% of me was fucked up angry. The other 50% was 'I need to protect my family. I need to protect my family'Me: "okay then....." Lubb: "knock yourselves out...." He stepped aside and I almost ran to the wine cellar....I pushed the couch to close the door, the 3 big bags were behind it. I opened one and saw stacks over stacks over stacks.....my veins were boiling with anger! I looked around and there was a handle on the floor right at the spot the couch was under...I pulled it twice and a door creaked opened....it was a basement! What the fuck? I quickly put the bags in there and closed it...I pushed back the couch and I heard footsteps coming closer. I took a glass and poured a double shot for Lubabalo with ice. The door opened. It was the policemen.....they looked around...opened the drawers and closets of wine...I walked to the door where Lubabalo was standing, I gave him his drink then walked swiftly to the kitchen. The house was tense. Heeeeeee, I didn't want to laugh tuu! It was so not funny. Lubabalo emerged with the police...he was smiling. Lubb: "I'm glad I could help, with your investigation..." Police: "I'm sorry we wasted your time sir, this is only procedure..." Lubb: "I perfectly understand...if you ever need anything. Don't hesitate to call me....yes?" He said in that immaculate Australian accent....the type that could make one breath under water. "Even if I'm not here, you'll speak to my future wife, she'll know where to find me.....babe, come here!" He looked at Vuyo with his arm out... She walked over to him, he held her by her shoulders.... Police: "lovely to meet you mam..." She nodded... Lubb: "would you like to search the rest of the house?" Police: "I don't think that's necessary sir...thank you again for your time..." Lubb: "my pleasure..." The police walked out.....

I stood in the middle of the lounge. Me: "You, you and You. This way." I walked to the Lubabalo's huge bedroom. They stumbled in behind me. Me: "what the hell just happened?" Lubb: "Lihle, firstly I want to Thank you. Secondly I am Soo sorry..." Thulani: "its not what is looks like...." Luks: "baby.....please listen to me..." Me: "what the HELL did you do....???!!!! Yinton le ntsente niyenzileyo?!" Luks: "we robbed a fidelity van" lubabalo pushed him... Luks: "WHAT?!" Lubb: "lihle, please listen...we were just helping Lukhanyo's friend....nothing else..." Me: "well you benefited quite a large sum from this 'helping' you speak of!" Lubb: "lihle...nobody got hurt, we swear!" Me: "you are a liar!!!! And wena Thulani!? I am sooo fucking disappointed! I didn't

know these idiots would persuade you kobubu rubbish bobu hule bemali!!! What is it that you don't fuckin have? Worse wena Lubabalo!! Hayi its unexplainable! Its just plain DUMB! Excuse yakho wena Lukhanyo yinton?!!!!" He looked to the floor....

Him: "I'm sorry...." He murmured... Me: "fuck your sorry! Ninonke nidibene!" I walked out that room.... Vuyo and Namhla were still chatting in the kitchen....I was seething with rage. I couldn't be here man! Nxx sies!....kuthen na Lukhanyo engamameli?! Yena ke lubabalo is as confusing as they get, I don't understand why they did it! Thulani!!!!? I walked back to the room, they were still standing there....Lukhanyo had buried his head in his arms leaning on the wall.... Me: "iphi moto?" Thulani: "we burnt it.." I laughed trying to convince myself he was joking. Then realized the hopeless look on his face. Me: "you fucking kidding me right? You are joking." "Tell me you're fucking joking!!!!" I hissed.... Thulani: "it was my idea Lihle I swear it had nothing to do with Lukhanyo and Lubabalo." I just stared at them....I had no words....I just shook my head and headed to the kitchen. Hayi undityafisile uThulani shem....ndityafe nyan...I just lost all my energy.... I walked into the kitchen. Vuyo: "bathi kwenzeka nton?" They appeared in the lounge.....looking my way.. Me: "nothing. It was just a misunderstanding...." I started on dinner. I didn't even feel like talking....I just chopped the vegetables and heated the stove, taking out the meat and preparing. I am done trying to understand what is going on here. I am done keeping their secrets. Whatever Lukhanyo does now, makangandi faki. I can't take all this stress anymore, Its too much....the kids, Lutha, Luhle, them and the rest of the family. I can't do it.....I just started crying....I felt his arms around me, I turned and lay my head on his chest. Me: "ndidikiwe bhuti...I can't take this anymore....akandiboni uLukhanyo and he doesn't respect the future of his children. I am tired mna!" Him: "shhh.....nxesi alok nontombi.....kuzolunga..." Me: "soze kuphinde kulinge Ta Smig." I pulled away and looked at him... " Lukhanyo is a thug and will never change!" He stood by the door and stared at me....then walked away.... I turned around and carried on cooking. Ta smig helped....in silence.....

I stood and waited for the last pot to be ready. I took out the plates and wiped them....I started dishing up, Vuyo came in and helped with the plates. She: "are you okay?" Me: "I'm fine." She: "Lihle..." Me: "I said I am okay." She: "okay then.." I put the plates on the dining table and went to clean up the kitchen....when I was done I walked to the bedroom to my daughter. They all sat quietly at the table...were they waiting for me? I took Luhle and changed her diaper... I heard the door close behind me. "Baby, I am so sorry...." He kind of startled me. Me: "k" him: "lihle I am being real....I knew I said I was gonna try and I fucked up big time..." Me: "Ok Lukhanyo." Him: "Lihle please...." Me: "watsho Lukhanyo wathi sobe uphinde uyeke ubali gintsa.

So I'm not fazed by this. Do whatever makes you sleep better at night. Keep me out of it. You're on your own now. Don't expect no back-up, no looking out, Nothing! Andiy'ngeni into yenu....mxelele ke noLubabalo. And your new puppy Thulani." I took Luhle and walked out. I actually felt sorry for Thulani. The kind of 'friends' he has. Making him burn his own car. Ngenxa yabo nobu xoki and illegal things. Shame uz'fakile. And mna, andisangenanga fokol.

Chapter 223

Dinner was silent. Phof I wasn't ignoring them, I just ate finished and chatted with Namhla...she could sense the tension. But kept quiet. I got up and took the plates. Lukhanyo had taken Luhle...he was feeding her. Vuyo came into the kitchen, with Namhla... Vuyo: "ziyeke peto ndiz'vase.." I stepped away from the sink and she washed the dishes. Namhla took the towel... Me: "ningaske niz'fake kwi dish washer nje? Then we can go chill and watch a movie perhaps..." Namhla: "Great! Yuuh, I'll go do my make-up!" Me: "we not going anywhere...kukho i-movie centre apha..." Her eyes widened with surprised. She: "Oh My Goosssh!! That is soo cool!" She squealed in excitement, and ran out. We put the dishes in the dishwasher. Lubabalo walked in and pulled my arm. I wasn't even mad anymore. Lubb: "can we talk real quick..." Vuyo stood and looked at us. She: "about?" Lubb: "our things.." He said sarcastically.. "She'll be with you in a minute" ..she: "zinto ezithen ezo lubabalo?" Him: "vuyo. Please just go. If you could understand, I'd explain. But I have neither the energy nor patience." She walked out.. Me: "why are you rude to vuyo?" Him: "lihle, lomntu ufike si-close. Kuthen funek itshintshe lonto? She has to get used to the fact that we're friends..and you're going to give her a few lessons. If she's here to stay." Me: "what few lessons?" Him: "lihle, I don't know what I'd do without you..you saved my ass. I would've been behind bars right now. And I know that deep down inside, you care about me...and you always will. But awuzosoloka ukhona for us'thethela..worse because you're going back to school..so she'll come in handy." Wait who told him that? Was it me? Oh God I can't remember telling him!.. Me: "I thought Lukhanyo told you. I am not involving myself with your shit anymore! You're on your own.." He moved closer. "Jongapha sweet-cheeks..." He held my arm and with his free hand, his finger lifted my chin to look at him. I was really scared because by the looks of things. He was threatening me... Him: "you are way to deep to get out...if I go down, they'll lock you up too...your kids will be fostered by people who aren't as rich as

us...agule uLutha and then what? The government doesn't have a wealthy uncle to get him the best doctors...he won't make it. What about your mother? More stress? heart attack? Stroke? She might not make it either...all this, will be gone. Lukhanyo thulani namhla vuyo..... Me. Can you deal with that on your conscience?" My throat was dry...my feet were stuck to the ground. I couldn't move....he was fucking with my mind. "Think about the babes.....all of it. Gone...I can survive prison, I don't mind...but Lukhanyo? Think about your pretty boy swag friend uThulani? He won't make it a day...do you know what they do to cute little boys in prison?" I shook my head... "Don't make your loved ones suffer sweetheart..." He kissed my forehead and walked out...

Ta Smig said his goodbyes, he had something to attend to...so he left. I went to the movie lounge and found them all there. Namhla was sitting with pretty boy swag. Vuyo with mr creep, and Lukhanyo held Luhle trying to get her to sleep...he walked to the bedroom..to check on the boys...they were still playing in the game room. I walked down to sit and I could feel his eyes on me..he was smiling...I sat down and looked at the screen. He told Thulani a joke about a friend of his and they burst out laughing...Lukhanyo walked back in and sat next to me. Did I bargain for this when I got married to him? Well, like lubb just pointed out happily...I'm in way too deep. Iz'dumbu zam ziy2 apha. Plus covering up a robbery. What else? Good Lord, have mercy. To think I went to church just today! I thought maybe God could show me a way. But there is no way. I was stuck. I don't believe in divorce plus I love Lukhanyo way too much. And I made a promise to God that I'll be with him forever through good and bad. Him: "are you ok?" Me: "yes! I'm good babe.." He pulled me closer to him....your brother is the devil himself. So manipulative. So evil..I don't understand what went wrong with him. I'm so much safer with Lukhanyo rather than the main beast in this building. I was thirsty all of a sudden. I wanted to say kuLukhanyo and'kaphe..qha ke ndizoth ndoyika nto.. Me: "lemme go get something to drink.." He kissed my lips... "Und'phatel juice mna" Lubb: "I would like another double shot please.." Me: "you drink way too much alcohol..." Lubb: "well, juice then Mom." I walked to the kitchen and opened the fridge, I stood there for a very long time...my mind was blank. What did I want kanene? Oh yeah juice...I looked for the juice. I saw a jar with red liquid inside. I took it and stared...it looked like.... "Its beetroot water..." I jumped! One of these days I'm gonna faint! Me:"red?" .He continued to speak in his phone though...oh so uphume pha kuba ezophendul iphone..I put the jar back and took the juice pouring it for me, him and Luks..I quickly put the jug back..I took Luks' and mine then tried to escape as quick as I could... He grabbed my arm....what is it now....! "Yes, tell them to deliver it there. Because I've hired 3 drivers already.....at

about what time?.....well that's okay...no just call me as soon as they leave, did you do the transaction?.....well of course I'm paying for all 3 of them, what, you think its buy 2 get 1 free?....just finish it off please before they bankrupt me....we'll speak tomorrow" he hung up... Him: "so have we decided?" Me: "what scheme are you up to now?" Him: "just work stuff.." Me: "yes I have decided and its not because of you. I'm doing it for Lukhanyo and our children.." Him: "well, whoever you do it for. Its chill as fuck...thanks Lihle.." His phone rang again...he answered. "Yes?" Then he let go of my arm...oh I wonder nguban ke lo... "Uhm..I don't know if I can ey...I've got like a family thing right now." He walked to the far side of the kitchen... "Okay look, I'll try my best babes...no promises...don't call. Just text..yes?" He hung up... Him: "friend..." Me: "right." I walked to the movie lounge...it was none of my business. I am not going to make it any of my business....I gave Lukhanyo his juice. I drank mine and sat down. We all watched the movie..Lukhanyo had even brought a blanket...it was still 6 in the evening... Namhla: "so mntase, what are we going to do on your birthday?" My bir-? Oh yeah kanene its this friday...damn... Me: "we could just chill.." Namhla: "awuzokwaz uzenza uMakhulu ke apha please! Remember the last time? Yoooooh Lihle maar you can jive! Heeee, yaz-" I stared at her to stop talking. That birthday was never to be spoken of. Ever. I was still 18 that time...ndiqhavee!! Siye kwa Gqalane with my friends, Namhla was with us that time. She went to the DJ and told him to stop the music. Then she stood on the table and announced: "my cousin's birthday today! A carrypack earns you a kiss!" Then jumped off. I was so embarrassed when the first guy brought the carrypack. The guy said: "kalok ikiss yam?" I looked at him shyly...he was Ugly. With scars and struggle written all over him... He gave up and then: "at least a hug ke?" I got up before he took out a knife...lol...I hugged him and he tucked a note in my back pocket...it was actually 50rand and his number written on it. Really? Honestly? Mxm...all in all, 6 guys came, I only kissed 2...the others bencwase ifriends zam....I actually blacked out and woke up in a car covered in a leather jacket. I woke up and got out...kanti lobhuti ngowase arean yam... Him: "andiy'thandi bamawubelapha bonanje...." I kissed him...befuna nton ke? Then went back to ooNamhla who were drunk and Louder than before...bengasa laxazwa abafana babantu...the guy asked to take us home because apparently it was Late...we climbed in his Golf 5 wasigodusa...Namhla etipe ebackseat...I just wanted sleep but ke funeke ndim'jonge ubrothers..he parked at our house and looked at me.... "Cela enyi kiss..." I didn't hesitate...he leaned over and we smooched, his hands holding my thighs and sliding up to "the kingdom"...he was hard...when he unbuttoned my jeans and pulled down my zip, he slid his finger...and kept rubbing in and out...I actually came on his hand..he took out a tissue and wiped it... Him: "ndik'funa xa usober mna...not xa

unje...uzozond'bona nin?" I lied and told him the next day... His last words were "sweet dreams mntu wam....I woke up namhla and we went inside our house. I wasn't proud of what I'd done..but ke nguban o-innocent...yeah well, sit down....tshi...anyways the guy died a year later kwi car accident...obviously I didn't end up going to his house...but wayend'bona estratwen and kept hounding me about going to his house...something always came up...then he just died. Sad eh?...well that was years ago.... Luks: "wanna share?" Me: "nope..nothing interesting there.." He would flip a bitch...so no... Luks: "please?" Me: "it was years ago over some crazy shit..." Him: "and a guy ne?" I nodded my head. His expression changed...zekhe aqumbe net...ndiyom'faki mpama...I hadn't even met him or known Xolani that time! Him: "his name?" Me: "ngu Siya. And he died a few years back. Let it go?" Him: "ohh" was that satisfaction written on his face?.....

After the movie, we got ready to leave..Thulani was going home to his house...oko wagqibela friday shame. And we were going home too. Lukhanyo buckled Luhle in and chumani sat next to her and Namhla. I climbed into the passenger seat Lukhanyo was driving. Thulani had left with Junior in the SLS...we drove home and arrived at about something to 10pm...I put Chumani to bed, Luhle in her cot...uNamhla went to her room..Lukhanyo locked up the house and came to the bedroom. I undressed and wore his t shirt...I went to double check the doors...then came back...I climbed into bed...Lukhanyo crawling behind me.... Him: "you still owe me..." Me: "uyagula...." Him: "ok fine. Izoba ne interest ya 2 more..everytime..." He backed away...then came back... "Ngok theni unxibe skipa sam?" Me: "because I feel like it...what you gonn do about it?" Him: "nothing..." He just bit my neck...kept poking my breasts...I didn't mind him playing with them....it was actually relaxing...he turned me around and jumped on top...he smiled a dazzling smile... Me: "nope.." He took off the t shirt and kissed my breast... Me: "kayeke maan..." Him: "I'm just playing...."after a while he lay down on my stomach.... Him: "how did you know there was a basement under the couch...cuz I sure as hell didn't know about it" Me: "I just moved the couch and saw it, i opened it then put the bags in..." Him: "if you say so."

Chapter 224

I heard my phone beep it was next to me...I tried getting up but Lukhanyo was still sleeping on top of me...snoring... I reached over and took the phone. The message: "hey 😊:)" I tried to keep my anger in check. I replied: "its like 4:30am. What is it that can't Wait till the morning!" Him: "but it is morning." Me: "nigga do you ever Sleep!" Him: "not really...was working late...ndizolala ngok...anyways...sleep tight.. 😊:)" I didn't reply. He sent another: "I said sleep tight." Me: "well Thanks! Please stop texting me. Please, I beg you." Him: "but you're my friend I was just saying sleep tight. 😞:((" me: "lubabalo. Ngu Half 4 eksen!! You don't text friends at half 4 unless there's an emergency!" Him: "fine then. I'll text you in the morning.." Whatever. This guy just lives in a planet of his own. I wrapped my legs around Lukhanyo. He moved a little and crept up to my neck...he started biting and nibbling on it. Him: "who was that?" Me: "your brother." Him: "funa nto?" Me: "andiyaz nam...uthi 'sleep tight' mxelele kemna ayekane nam ngo4 eksen.." He bit my lower lip and sucked on it...his hands sliding down to my Me: "even nasek'sen ucinga ngozuma.." He giggled.. "Morning wood babes..." He took my hand and put it on Richard.. "Yambona ke? Se-ready..kam'phakele man sthandwa sam..." He looked into my eyes..in the dark....something shone in them...was it love? He just stared at me waiting for my approval. Me: "okay..." He slowly smiled seductively...then kissed me...he rubbed my part softly...I opened up to him..his 2 fingers thrust deeper.. Me:"ooh my!" I moaned....I held onto Richard..rubbing him back and forth...he eventually stopped and positioned himself...he inserted him in slowly. He took it out slowly. All the while looking at it...his face was unreadable. He lay on top and stared at me then kept moving...his eyes locked in mine...he went on faster...my eyes weakened and fluttered closed...I held his head tightly and he buried his face in my neck...he sucked on it roughly...it was pleasurable but sore...it sent chills down my spine..he grabbed my hair tightly and pushed in further....I cried out.... Me: "baby maan..." He moved quicker...and faster..slamming into me....he draped my left leg on his shoulder and went in deeper....he was breathing heavily...taking in long gasps....his breath hitched....he stopped breathing hit one last thrust... "Ah-.....arggh" he released... He crawled down underneath th blanket...then I felt his lips on it..my body drew back, he held me down by my thighs...there was no escaping..he twirled his tongue around the clit...I was dying...and eloping to heaven right now... Me: "lukhanyooooo" I whispered. holding his head...mine was spinning...I just saw stars and the moon and galaxies...I was reaching my climax...my waist rotating giving it an extra sensation...I felt it build...like I was climbing a ladder. My body was vibrating... Me: "baaabby..baby baby...ooooooh yes..." It was cumin.....almost.....he dug in and sucked

on it...I groaned out loud and felt the hot liquid squeeze out of me...my body was shaking tremendously..like I was having a seizure....he stopped. Then planted a kiss on it and lay next to me.... Him: "awusangxoli....bazothin abantwana? Heeeeeeee" Me: "Mr Mzinyathi...yabona wena.....damn." I was still recovering from the powerful Big O I just received. Him: "that was a small Thank You for this afternoon..." Me: "small?" Him: "still a thank you.." I looked at him... Him: "still want more?" I shyed away from him.. "Yes..." He turned me around and climbed on my back..he took my hands and held them with one hand..my chest lay flat on the bed..my knees apart holding my ass up...he entered slowly....until he got comfortable.....then.....

We lay in bed at about 7am, he was fresher than ever... He got up and wore his shorts topless..they hung a bit low..but covered the necessities. Ass crack and Richards Haircut. He switched on the Home theatre and played some music...Frank Ocean's album Channel Orange and skipped to the "Sweet Life" track...I think I knew why...for Lubabalo....nimazi ke ngocula...he started singing with it...I heard: "Domestic paradise, palm trees and pools. The waters blue, swallow the pill. Keepin it sureaaal. Whatever you liiiiike. What ever feels good. What ever takes you mountain high. Keepin it surreal, not sugar-free. My TV aint HD. That's too real. Grapevine, Mango's, peaches and limes. The sweet life....the sweet life...the sweet life...." Luhle was awake..I quickly brushed my teeth and went to fetch her.. I walked into the kitchen..he was still singing.. " You've had a landscaper and a housekeeper, since you were born. The star-shine always kept you warm...so why see the world? When you got the beach..don't know why see the world, when you got the beach....the sweet liiifffe..." Yep that was definitely referring to his brother... Me: "what are we makin?" Him: "I am making fried chicken liver. For ONE. Which is Me." Me: "abanye bona?" Him: "bow'cinga icebo alok....morning boo." He kissed Luhle then kissed me.. Me: "sies..umlomo besenza izmanga eksen.." Him: "ohh...ziz'manga ngok? Uva kamand?.."He moved closer to me. My back against the fridge...he kissed me...I pulled away... Me: "umtana baby.." He covered her eyes...and continued.. "Yatsha ke yona ipan..."...it was Namhla..Lukhanyo looked at her with a straight face...she immediately: "molwen bhuti, niryt? I slept kamand yaz..." He turned and walked to the stove to continue his meal... Me: "really? Siryt wethu lovey..." I made Luhle her porridge then went to the lounge. Lukhanyo's phone rang.. He walked with the slowest pace to the bedroom. He came back... "Yinton dan leyo?" Caller: "just get here!" Luks: "what time?" Caller: "be here by 12 emini qha wena...we're having lunch here, nize noLutha" Luks: "okay cool..." he hung up... Him: "Lubb says we're having lunch at his place.." Me: "okay then..." When I finished feeding Luhle, Namhla took

her and I went to bath Chumani. I dressed him and brought him to the kitchen. Luks made him cereal... I made the lunch... Me: "heee, I wonder uThulani wenze njan...having chuma to go to junior's school.." Luks: "its a day care babe....enyinto uyamaz uThulani" ...i laughed and thought of Lubb when he was saying 'pretty boy swag'... Luks: "yinton ngok?" Me: "hay akhonto babes.." He looked at me with squinted eyes...just then Thulani walked in...so I reeaally couldn't say it. Andiy'fihli but, I don't want to hurt Thul'z feelings ek'ben ke inguye oyena best friend ku Lubb. Rather than Luks... Thulz: "morning..." He smiled at me...maybe he thinks I'm still mad at them. Me: "morning bhuti..." I smiled back...I kissed Chumani.. He got off the chair and ran to Lukhanyo. He held his arms high pouting....his lips ready to kiss him... Lukhanyo stared at him smileless... "Bend'then kuwe kwedin?" Chumani stepped on his toes trying to be taller...Luks gave up and picked him up...chumani landed a huge smooch on his cheek..then his lips..and wiggled himself off...he ran all the way to Namhla and Luhle giving each one a kiss then ran to the door...coming to a halt in front of Thulani... "Uncle..." He smiled...he picked him up... Thulz: "sek'fownel uLubb?" Luks: "ja...uth s'be pha kuye emini.." Thulz: "und'fownel ek'sen ke mna...but in any case..sodibanen khona..." He went to Namhla, kissed her cheek and Luhle... "Morning babes.." She: "morning..." Him: "we'll talk emini va...I've got a meeting ngok ngo 10...so I have to run.." She: "okay.." He kissed her again then left.....

I showered with Lukhanyo...it was impossible to be serious, he just kept playing....we finished and I got dressed...he was giggling and smiling receiving texts on his phone. I checked on Luhle who had fallen asleep...Namhla was taking a shower too. She finished and got dressed. She: "heee! Mntase, zintle ez'zindlu zoobhuti....moer! Worse ngok'ya buye ecawen bhut bend'balisela ba he saw 3 houses, ey1 eBluewater, enye eSummerstrand..enye ipha eLovemore....but not close to bhut Lubby..." Wow...this was news.. She: "so he wanted to check the houses out kqala..then you'll decide ufuna phi...that's what he said...but ingathi uthande le yase Lovemore, he kept raving on and on about it..noLubby hence ecloser pha be-discusser yona...and the-" Lukhanyo walked in. "I'm ready Babe".. Me: "okay ke love.." Lol...bek'thwe kuNamhla angay'thethi...yathetha yena....we got our stuff's ready then he drove us to the hospital. We brought Lutha's seat but put it in the boot....we went inside and spoke with the doctor, who gave us instructions of the do's and don't's...he gave us his medication...signed the documents then went to fetch our son...he was awake and as excited to see Lukhanyo as ever...he picked him up and covered him in his blanket and we left.....

We got to Lubb's house at about 12:20pm....he was wearing navy shorts and white t shirt...so was Lukhanyo. I'm sure they planned it when Lukhanyo was giggling at his phone ugqiba kwakhe uvasa..Luks wore black All Stars. Lubabalo wore black Air Jordans sneakers..they looked new...Thulani was already here. Wearing maroon shorts and a white t shirt....andise dikwe. You have no idea. Abantu abadal kangaka! Hayi maan....he also had on black All Stars. I shook my head at them.. Lubb: "Luks, please remove the car apho....yijikelise...or something. I need the front space cleared." I wonder why...we went inside and found Sylvia there. She was more than delighted...I walked in carrying Lutha. Lubabalo came forward and took him from my hands... "Intwaana yaaamm!" Lutha was all too happy to see him too..I left them together. Namhla came in with Luhle. Whom Sylvia took from her as well..she probably missed them nyan... Namhla walked to find Vuyo..she was in the bedroom... She : "hey nontombi.." Namhla: "hello vuvu...unjan uLuvuyo?" She poked Vuyo's tummy..kanene she didn't know about Sibob....so she probably thought Vuyo's baby was Lubb's.... Vuyo: "nguban uLuvuyo kehok namhla?" She: "alok...toto...you see with Lihle and her husband, they combined their names and made a family which turned out to be a sentence...and its cute! So ndaqomba nawe uzom'ngena lomcimbi.. Lu plus Vuyo equals LuVuyo! Bungayaz?" Vuyo: "I don't think so...I wanted to name him Lunga." Namhla: "WHY?" She asked in a shocked tone... She: "because Namhla, ngenyi mini kuzo Lunga.." Vuyo got up and left for the bathroom. Namhla: "does she always speak in ancient riddles? Yinton lizolunga dan imoshakeleyo ngok? She's the future wife of a mega rich handsome guy..yinton le ingeka lungi kehok?" Me: "alok Namhla not all relationships are happy...maybe uVuyo uphethwe zi-circumstances ba makahlale noLubabalo..." She: "usele uy'bambapho mntase...andifun noyazi...because izand'khubekisa qithi...and'fun nto izondophula umphefumlo namhlanje..." Lubabalo called us...we walked to the lounge...then outside the front. He smiled brightly looking at the gate..... There was nothing at the gate. Uyagula bethuna lomfana... Me: "what are we looking for?" Lubb: "shhh..." We all stood outside in awkward silence after about 10 minutes... Me "You know Lubabalo I once questioned your sanity...but now....hayi mtshana...its just self-explanatory" just then a car entered the yard....my jaw dropped... Lubb smiled excitedly: "you said you questioned my what?" The second one came in...my heart just broke....not in pain...no...but the beauty of this car Face to Face. All of a sudden I wanted to pee...they parked out front...they were black sported Audi R8's..identical with everything.. Lukhanyo was smiling from ear to ear...the drivers didn't come out the cars...and then the last one came in. It was blue. And so cute!.... Lubb: "there...." The drivers got out the cars..they handed the keys to the cars to Lubabalo..and he signed the papers for delivery... A hired ML was

waiting at the gate for the men who brought the cars...Lubabalo turned and walked back to us. Lubb: "one for me." He put a key in his pocket. "One for the other me" he gave they key to Lukhanyo. "And another for my main nigga..." He handed the other to Thulani...his key had a blue ribbon. Lubb: "this is to seal our brotherhood madoda... Thulani, awuyotshomi apha nomore, you are part of us. This, is a replacement of that silly car you bought. No offence but no brother of mine is gonna drive no damn GTi ndisaphila..." They shared a moment...we laughed..he hugged Lukhanyo... When he pulled away.. Lubb: "Quick spin?" Thulz: "where to?" Luks: "sobona phambili..." Lubb: "let's paint the town red majita...." They all raced to their new cars and pulled away one by one....Thulani first, followed by Luks, then Lubb...I could hear the cars engines in the distance....

Chapter 226

Hours later.....We sat out in the garden with Luhle and Lutha...Namhla was telling me some story from school...I was laughing uncontrollably while she imitated her teacher.. Vuyo was oddly quiet. Phof its not odd...she needs to get used to eza raki kanye soze onwabe sana...ndiqumba ndiphinde ndixole mna. Akho way...she was on her phone texting...quietly...

Sibo had sent Vuyo a text on whatsapp. Him: "you didn't care to tell me you're pregnant?" She replied: "none of your business. Your wife shamed and named me kwesos'bhedlel bukuso. The whole of Frere Hospital knows me as a whore." Him: "awum'phendul umbuzo wam!" She changed her pro pic to a picture of Lubb....he was laying in bed peeking at the camera seriously at the corner of his eye...he was wearing a vest. She ignored Siboo.. Him: "I have a right to that child! Sund'phambanela mtana ndin!" She: "stop sending me messages maan! Uzom'thwala lomtana kwesosuswana sakho? Umzale? Hayi tsek maan." Him: "don't forget who you talking to in that tone!.." He called....she ignored the call...he sent another message: "vuyo, don't tell me you're involved with that guy!!!" She: "what's it to you?" Him: "just answer my call. Please." ...he called again...she got up and walked to answer. "Ufuna nton na wena!!!" Him: "vuyo vuyo vuyo! Suba dom! You can't be with that devil!" She: "and what are you?? Hayi man Siboo fokof!" Him: "when have I ever led you astray?" She: "since we started dating! You even made me quit my job!" Him: "look, I'm sorry bout all that...I can look after the child. I swear..noba ke mna awund'fun...just let me pay maintenance for mtana wethu..." She: "jonga, akasokoli lomtana apha va. We don't

need you! Lubabalo will take care of us just fine!" Him: "he tried to kill me Vuyo!" She: "stop talking shit maan Sibob! Ukwazelaphi ulubabalo? Suzoz'fownela please." Him: "Vuyo, they never took anything from me....they just hurt me...I am scarred for life...burnt with a torch...the memory of that night still haunts me. When they cut my stomach open...he didn't even look regretful...is that sane to you? Uxhela umntu njan wonwabe? Vuyo.....this person is dangerous...stay the hell away from him!"just then the boys arrived...they walked out to the garden, Vuyo looked at Lubabalo...who played a little with Lutha. She: "how do you know its him Sibob? How can I trust you're telling the truth?" Him: "he had a brother. A twin. That looked exactly like him...I saw a tattoo on his arm when he pulled his sleeve up...I can't tell them apart...they looked identical...but the one who cut me has a gold tooth at the end of his teeth...its only visibly when he opens his mouth...baby please...do it for umtana...you cannot trust that guy...I promise to take care of you...but yena lowo...is too sick and twisted"vuyo stared at Lubb as he laughed out loud at something....she saw the gold tooth....she tried breathing....she just stared... "He's there right now, isn't he? I can hear that laugh.....the voice.....Vuyokazi please..." He cried.... She didn't know what to do...Lubabalo looked at her questioningly...then walked over to her...her heart raced. She hung up and deleted the call. She dialed a friend then hung up by the time he got to her. Him: "uthetha naban?" He looked abit pissed... She: "just a friend..." Him: "what friend?" He slurred... She: "from East London. She's sick..I have to g-" him: "I'm coming with you...." He turned and walked away.....

Vuyo was never the same. Have you been so scared umane ngotshiswa ngum'chamo?...her heart was in her throat..she went to sit with them in the garden...her eyes were wide open and more alert...could Lubabalo be a potential murderer? She immedaitely drifted back to the night they were at Gqalane's....when he pulled out a gun to that guy... Lubb: "are you okay?" She got a fright and moved an inch away... "Yes..I'm good" she lied..and giggled nervously.. Lubb: "is this friend's sickness stressing you? You know that's not good for the baby ke mntu wam...andiy'thandi tuu..." He rubbed her stomach gently....She: "I'm just worried about her...nothing else.." Him: "don't worry, I'll book us a flight for tomorrow va?" She worried even more...because she didn't have a damn sick friend! Lubb: "and we will go to your parents' house...its about time you introduced to them your new permanent boyfriend." He kissed her cheek...she went ice cold. She had to make a plan...very quickly. Phelisa!! Maybe she'll help. I have to find a way to get away from his arm...so that I can text her...but yena uSibob, I'm not seeing. If Lubabalo finds out about him. He will surely kill him and make me drink his blood...what the hell will I

do!? But to me he's harmless..he hasn't lost his temper although he's a bit rude at times... everybody got up and I followed...I didn't even know what was going on....Sylvia had cooked dinner. Thulani had left to fetch the kids from day care. I wasn't really hungry...I started getting nauseas and ran to the toilet holding my mouth...I threw up in the toilet then flushed...I slid down the wall and sat next to it...closing my eyes...I'm sharing a bed with a potential killer...and I'm falling for him....this doesn't even sound right...then he just walks in. Him: "is you okay?" Right then, I bend over the seat and throw up again. He kneeled next to Vuyo... Him: "he is such a big fat liar....tell me you don't believe him..." Wait what??.....where the hell was my phone!?

Chapter 227

Vuyo washed her mouth with Listerine.. "I'm a bit dizzy..ndityafile...noba lelanga bend'hlel kulo...can I just take a nap?" Him: "but we have guests boo.....you know what? Fine. Take a nap..." She: "you sure?" Him: "yes I'm sure.." He kissed her cheek then walked her to the bedroom. He opened the covers for her and lay her in...covering her again.. He kissed her then walked to the lounge.. Thulani came back with the boys. Lubb: "Luks, zund'touche.." Lukhanyo looked at him and raised his eyebrow..then nodded. I went to check up on the babies. They were sleeping peacefully. Bagqibele ksasa ulala...and they got to wake up...so that bazokwaz ulala ebsuku....

After the dinner, Lukhanyo, Lihle, Thulani and the kids got ready to leave. Lihle: "is Vuyo okay?" Lubb: "yeah uthi utyafile qha.." Lihle: "that's understandable wethu...kame ndiyothi goodbye." Lihle walks to the bedroom. And knocks lightly....no response. She enters and walks over to Vuyo's side, leaning over her... She was asleep.... "Bend'zoth goodbye wethu peto...nothing much...don't stress yourself a lot, with this pregnancy thing... Lubabalo will take good care of you. You will be fine..I'll get some vitamins for you ndik'checke ngomso ba unjan..sobanana emin ke my f.." She rubbed her arm...and walked out...Lubabalo was standing at the door... Me: "is that necessary?" Him: "I love how you support and motivate your friend...its nice." Me: "I do what I can..." Him: "mna and'motivat(w)er tuu" Me: "are you pregnant?" Him: "do you want me to be?" I just laughed and walked away...he grabbed a cushion and tuck it under his t shirt...then walked behind breathing and gasping... "Oh my" he cried. I turned and looked at him then burst out laughing... Me: "lubabalo

uyagula kodwa wena..." Him: "oh my goodness..whoooo hooo" he breathed loudly... "I need my husband!" He gasped.. Me: "Lukhanyo.." Luks appeared and rushed to Lubabalo, laying him on the couch...his hand was dramatically placed on his forehead... "Honey are you okay?" Lubb: "the baby, its commiiiiinng!!" Luks: "okay sweetheart, just relax..and puuussh!!" Lubabalo burst out laughing and collapsed on the floor...Thulani stopped recording the video and fell down laughing...Namhla was in tears... Lubb: "so am I still not getting motivated?" He looked at me. Me: "stay well Mr Morrison." Him: "Thank you Mrs Mzinyathi."

Lubabalo sat in his study for a very long time...working. He had a bottle of whiskey next to him, when he opened it he immediately of lihle: "you drink too much alcohol." He smiled and closed it. He carried on working. Lukhanyo sent a message: "what burns?" Lubb: "sibo. He's becoming more of a pest than ever before." Luks: "what we gonn do bout it?" Lubb: "looks like we're gonn have to pay him another visit. He's begging for a ticket to heaven. And I've got more than enough to hand over to him." Luks: "we'll meet when?" Lubb: "tomorrow. Don't involve Thulani." Luks: "why not?" Lubb: "Lukhanyo, he's our lil brother, I don't want to scare him to death. Or even worse.... Away!..let's just do this one on our own..." Luks: "cool.." Lubabalo carried on with his things. He had to go in tomorrow morning, there was a meeting he had to conduct. He wanted to hire new staff for the one he's building in Cape Town. It might take the whole day..he took Vuyo's phone and connected it with his. I'm not crazy. I'm just protecting what mine. Vuyo loves me...and that's just how its gonna be. He closed his laptop and walked to the bedroom.

Putting her phone by her side. He climbed in bed....he was solid rock hard. His phone rang, it was Liya...ha.a maan...I can't do this girl tonight. I won't be able to sleep properly...ndifuna le ngok...he switched off the phone and turned to Vuyo.... "You're mine now..." He whispered. He touched her breasts and squeezed them gently...his hands roaming around her body..he caressed her...sliding down to her cookie..he slid his hand in and twirled around his finger...she was already pool party wet....she woke up moaning when she didn't even want to. "No lubabalooo..." Him: "yes.." He got on top without removing his hand there...his fingers playing and doing circles inside her... Him: " you love it, don't you?" She: "yes...." Him: "do you want me right now?" She: "yes..." He undressed and took off her clothin...he continued kissing her, massaging her down there....she held on to his body. She: "baby please..." Him: "hush baby....I got you..." He put his tip in her entrance, lay on top of her, kissing, cupping her head with both his hands...he clicked something on her phone...then went back to kissing her....after a while... Him: "baby, I love you va...and I will take care of our son...ngowethu...nobody can tell you otherwise..I will support you

through everything. And do everything in my power to protect our little family. I just hope people get the hint and leave us the hell alone....ya ready?" His accent though... She: "yes..." He entered her....filling each and every space inside her. "Ooooh Lubabalo mani.." Him: "tell me that you love me..." She: "I love you sthandwa sam..." ...she actually means it...thought Lubabalo as he stared into her eyes...tears fell down her face... "I really love you.." She muttered... Good, he smiled.....and thrust in further...she kept moaning his name....her breath quickening...she was almost about to.....then he pulled out...smiling... She: "nooo, baby ndak'cela . Please don't stop..." Him: "why not mntu wam?" She: "because I want you..." He was satisfied with her answer...he crept back and filled her again....faster....deeper...her legs in the air....crying out his name.... "Lubabaloo!" Him: "Baby!" She was reaching outer space...she held on to him tightly and stopped breathing. When she was finally about to released he pulled out.....white liquid squirted out of her....her body shivering...her thighs couldn't stay in place... Him: "wow...ude ucithe? Nday'shaya nto yam mos...awutsho wena?".. She: "bungayaz?"he lay next to her.... She: "what was that?" Him: "that.....mfaz wam. Is what I call Love-making." He pulled her towards him and nuzzled her neck... "I love you sweetheart." He murmured before he fell asleep.....

She had hardly slept all night..when she woke up, Lubabalo was dressing..he had just got out the shower...he wore a light blue suit, it was fitted tightly on his body. With a white shirt unbuttoned at the chest. His Georgio Armani belt and formal black shoe he got as a present from his parents...a few months back. He had never worn it..but it seems like he was loving it..he wore his Rolex watch.....eish, I have to get myself another watch...noba its a Tag..this can't be worn everywhere..he sent a quick email to Linda to order him a Tag Heuer watch.....he looked at Vuyo: "Hey beautiful.." He smiled. She: "hey..." She didn't even ask ba uyaphi..she didn't want to know. For the first time ever.. Him: "I've got a meeting sthandwa sam...I'm hoping 3 hours max...I hate meetings ezinde. Then I'll book the flight for us xandiphuma..is that fine?" She: "noba asisayanga wethu babes...I was just worried izolo...now I'm okay.." Him: "asiyi kuye. We're going to your parents." She swallowed hard. She: "oh." He went to fetch his bag then came back. He sat on the bed and opened...hundred notes just spilled out. He brushed it all aside and took out his card. He gave her the pin. "Here, you're buying anything you want. New clothes. Oh and a new cellphone. Please get rid of that BlackBerry thing...you're gonna do your hair..I think no Lihle besithi uzoyo kwenzi nwele...of some sort...ina.." He counted 3000 cash and gave it to her... "That's for hair....andizaz ke mna yimalin ezinto zenu.....what else?" She: "this is more than enough...thank you Lubabalo." Him: "andingo Lubabalo kuwe mna..." She: "baby..."

Correcting herself...he went to kiss her..and took his bag... Him: "please und'qoqoshele lemali and put it in a drawer or something..I'll keep checking up on you ke va.." He kissed her again. He wore tight black leather gloves and took his shades.. "I love you..." And he walked out..I love you too...she murmured to herself....

Chapter 228

She checked her phone...and found 1 missed call and 1 new message. She read it: "kodwa noko ibikrwada into yoba undifownele nityana...this is not a joke. Aim yakho biyinton? Ufuna und'visa kab'hlungu? With my child in your stomach I'm cringing at the thought that he's fucking you right now. Ingath kanti his sperms is made of blades. Because I swear! If he wants to kill me, so be it! Makandibulale, but my blood is on your hands Vuyo. I hope one day you'll be able to explain to my son, what you did to his real father! I'll let you be. Zom'bona ngokwakho lo sathana wakho ukutya kamand ude umcenge...that's what he'll make you do for the rest of your life! Bye Vuyo." ...she just couldn't deal with this stress anymore. Her phone rang it was Lihle... Vuyo: "hi" she: "hey peto, yenza ready siyeza..." Vuyo: "okay.." They hung up...Vuyo remembered the time she was at Lihle's house. She was at Lukhanyo's home. Yena waye hlal yedwa...then Lubabalo arrived...fucked me then left...just like that...no, no negative thoughts. Vuyo picked up the notes and put them in a drawer. She made the bed then went to take a quick shower. She got dressed, wearing sandals then went to make breakfast. Just toast and tea...Lihle arrived..even as a mom..she looked cute. Maybe Lubabalo wants me to be like her. She was wearing tight jeans and a black blouse with a black wedge boot..she took off her shades...gosh this girl!... Lihle: "hey mtshana!" She wants to outshine everyone!...ukhe aphole na? Anxibe regular clothes? All these high heels and make up...is unnecessary! All the damn time! She: "hello, ninjan?" Namhla: "we're good!.." She was wearing a short tight skirt with thin stripes. And a corset. With sandals..plus shades. Namhla: "so the plan today?" Vuyo: "baphi abantwan?" Lihle: "bashiyeke notatabo sana..he missed his son like nothing in this world. The way they're together giggling and bonding...ude walala naye izolo ebsuku.."....she went on and on...pushing the guilt right down my throat to my heart...it ached. Vuyo: "that's sweet. Kame ndithathe bag sihamben..." She took her bag and walked out they walked out the house. To "Lihle's" Range Rover...

They got to Greenacres Mall because Namhla was insistent on it rather than Walmer. Lihle: "siqalen phi?" Namhla: "mna nizond'dumana kwa Mr Price...wherever you guys

are going. She walked to the shop as the two ladies went to Edgars. Lihle: "are you okay?" Vuyo: "yes...I'm okay.." Lihle: "if you need any advice on anything don't hesitate to ask yeva...I've been through all the crazy stages..."there she goes again. Mrs know it all...what does she know about being in this situation! Knowing that your boyfriend almost killed your ex...literally manslaughtered him. Is that why Lubabalo feels the need to support this child? Because he feels guilty? What does she know to be treated like shit being compared to her stuck-up ass! She has the perfect life, with the perfect-loving supportive sexy husband everyone could ever dream of. To top it all of, she has the cutest babies. Everybody Loves her...haska maan!... Me: "I'll be fine Lihle. Its just the pregnancy..." She: "good...cuz I know for a fact Lubabalo would never raise a hand on you...he's not that type." ...yeah you would know...vuyo thought to herself. We entered Edgars and went to check out some maternity tops. She did the picking. Is it for her or me? Me: "I don't really like these hey." Lihle: "you'll never know until you try them on." She picked out nice pants and a few dresses. Me: "we shouldn't spend too much.." Lihle burst out laughing. "Babes...you can spend Enough. As much as you want. If he didn't want you to. He wouldve given you a budget!....come, let's go to the fitting rooms." We went to the fitting rooms and she entered with me. She held the first dress... Lihle: "I like this one." ...I wore it...my heart melted...it complimented the cute little bun in my oven. Lihle: "you're wearing it for me on my birthday right?" Me: "haha...sure." I changed into all the outfits and so far they looked nice. We left for the shoe department. By then Lihle was overly excited. Me: "I don't want heels...worse ndimithi and they're gonna be impossible to walk in" Lihle: "I fully understand. But at least 2 pairs ke..please?" Me: "ok fine. But I'm picking them myself"..she agreed and I picked out a nice simple black heel. It wasn't sky high like her's. Ndizohamba njan ngazo? Then I took a white and pink wedge... She: "niice!" She led me to the make-up department where a tall bald guy or is it a girl? With perfect make-up and nails was standing. He/she looked friendly.. Assistant: "ndinganinceda?" She looked at me because I was the one with no make-up on. Lihle: "yes! Ndifuna us'ncedise wethu and help us choose the right make-up for her..she likes subtle and I like stylish. Can you combine the two?" She: "let's see, hlalapha sisi.." Vuyo sat on the stool. The assistant did her make up and they took the correct make up to go pay. They paid for the clothes as well. They left to look for Namhla who was standing in the forever long queue at Mr Price. Luckily she was almost done. Me: "siyokwenza intloko after this ke ne. Lukhanyo akafun ndifakele i-expression...uthi its gonna take too long. Wena have you decided what you want on your hair?" Me: "nope...maybe noba yi bob wethu its fine" Lihle: "that is definitely not fine. Ingakufanela i-Brazilian..le ndizoy'fakela nam..." Me: "okay fine..sobona

phambili.." Lihle: "Namhla?" She: "hayi, ndizoyo lungisa English cut yam mna, and'na xesha le weave ezond'thuk'thezela ebsuku xandifunu lala...and andinguye nothwalayo ke mna...ek'ben ba ndingengo mfazi.." Lihle giggled..as she went to pay and we left for the salon....

I insisted Lihle to go first. Ndifuna ubona le brazilian nton nton binjan na...why can't I just braid my hair? Yuuh, all these 'I cannot pronounce it' hair is driving me crazy...when Lihle was done...I didn't know a person can just keep getting More! Hayi Yesu Lyta Please ndak'cenga...the hair was so long it actually touched her ass. Me: "eyam cela ingabe that long tu..izaw'ndixaka..." Lihle flipped her weave dramatically batting her eye lashes.. "You'll get used to it babe..." The lady did my hair...Namhla was almost done too, sekushiyeke mna...all eyes on me. I'm not sure I like that...andiz'thand izpili ncam...but the hair looked nice. I kind of like it...our styles were different though. I liked that even more. We paid and left for home. Lihle's home. The time had flew by... It was almost 4. We got to Kwa-Ford...the R8's were both outside. Meaning Lubb was here..my breath immediately took a hike. I deleted the message from Sibob...just in case, Mr Morrison decides to become a detective. How else could he have known about Sibob contacting me. If he has nothing to hide why would he be searching my stuff? We got out the car and walked inside. Lubabalo was holding Lutha...istrongo iconnection yabo shame...how long has this Lihle known lubabalo... Lubb: "anise bahle..." Luks: "yeke love, ncede wafika ndiyafa yindlala..." Lihle: " okay babes...noba awund'bulisanga its fine....Thanks Lubby mtshana.." Lukhanyo came to her and held her... "Sthandwa samm..xolo...unjan" she: "I'm good." Luks: "lubabalo akafun ndenzel kutya.." Lubb: "ubungaphakam uzenzele nje?" Luks: "mos uThulani uyamenzela yena.." He sulked... Lihle: "subana worry mntu wam, your wife is here...nzokwenzela kutya...uzum'vimbe va..." He kissed her and stuck out his tongue at Lubb... Lubb: "MXXM" he rolled his eyes... Luks: "awusemhle Vuyo hee, ngath uphuma kwi catalogue ka Avon" lubabalo laughed... Lubb: "uyazelaph kehok iAvon lukhanyo?" Luks: "olady liyay'thanda...zayind'thuma qho pha...yuuh ndingabina cheek...caba ngu bhut ithen lo utheng i-lipstick. Yoh. And naye yayaz andiy'ncanywa laway...till today usatsho... 'Uyoyothenga ilipstick ebomvu, uzukhe ugeze net' ..." Everyone was laughing... Lihle gave Lukhanyo his sandwich and had made one for Lubb too. Lubb: "ndayaz sana bengasoze and'vimbe mna uLihle. Soze ndilambe ekhona.." Luks: "uyow'goduka. Ngathi yalibala kukwam apha..akho kwa Lihle." Lubabalo stared at him. Lubb: "und'thanda kakbi bonanje wena..no doubt.." Luks: "nguwe oyena mntu und'thandayo...ncede wafika Vuyo sana, ndandingalali ngulo, hlal nje ulapha...and kafun lala yedwa...kuphindwe kuthwe ndim ofekethayo." Lubb: "hayi lukhanyo nguwe oz'hlohla kum.." Luks: "lihle kathethe.." Lihle:

"andiy'ngen ndaba yenu tuu mna." lubb: "let's call Thulani sim'buze..." Luks: "yay'thanda ke idrama.." They sat still and ate quietly... Lubb: "babes, izapha k'then hlel kude nje?" Vuyo went to sit next to him...he asked her about her day...he leaned back in the couch and rested his arm on her shoulders playing with her new hair...Lutha lay on his chest peacefully... Lubb: "so did you enjoy yourself...?" Even wearing a suit and holding a baby he looked beyond gorgeous. Vuyo: "yes I had fun" lubb: "did anyone contact you today?" Vuyo: "nope..." Lubb: "I got us a flight for tomorrow...um'qibele nin lo?.." vuyo: "didn't talk to yena..." He meant Sibob... Him: "at all?" She: "yeah..." Him: "what about the message he sent you?" Her heart stopped beating...it was shivering!... "If you ever lie to me again Vuyo.....yeses. Just Don't! Siyavana?" He hissed at her... She: "yes.." Him: "yes who?" She: "yes baby..." He pulled her into his arms. Resting her head on his chest next to Lutha. He kissed her forehead and looked at the tv screen.....

Chapter 229

Namhla and Lihle were in the kitchen. Vuyo got up and went to help with dinner. Namhla: "so Lihle...how long did you wait with Lukhanyo?" Me: "wait for what now?" Namhla: "you know..for sex!" I laughed at the memory. Me: "a few hours.." Namhla: "hayi maan Lihle, don't lie!" Me: "no but for real. We met emini..saphinda sadibana kwa Ngqoko late...that night we went home together. And after that ndangowakhe yedwa." Vuyo: "wow." Namhla stared at me in disbelief. She: "so mntase uzam'ukuthi wak'wina? Then married you?" Me: "yep...you thinking about giving it up ku Thulani?" She: "yeah...he's really tempting yazi.." Vuyo: "its your choice after all..." She: "and'fun ade adikwe, you know? Sometimes guys don't wanna wait too long. Wena Vuyo how long did it take you and Lubb?" Vuyo: "I think 2-3 weeks...wasn't counting.." Namhla: "I'll see wethu...enyinto ndidikiwe kungxolelwa ngu Lihle noLukhanyo. I was sooo surprised basayenza nangok...yuuh man sies Lihle!" Vuyo and I burst out laughing.. Me: "umamele nton wena?" She: " hayi alok...ndiye ndatshiswa ngumchamo..ndaya etoilet kanti namajoni sefikile...ndasele ndihlala...ndiy'shiyile ke phof iphone mos, ndiz'misele uyochama qha...tyyin, xa sendisa qala..eseza kakhle lomcimbi ndiva ngumntu oncwinayo...ndacimba yikati kqala...ndithi hay man...akho'z kat mos apha..yaphinda...ndava.."Ooo lukhanyooo" ndathi, hay hay hay! And'noze ndikwaz..ndisele ndiyeka nale bend'funa uyenza.....ndik'xelele Vuyo." Me: "namhla uyadika man.." I was cracking up...

Namhla: "tshi...nguwe lo dikayo...uyaz ba ndiyaz'lambela.." Me: "uya nin ke kuThulani..." Namhla: "when he asks me to go...and'zoz'call backer tuu!" Vuyo: "hahaaha. What if uthe tonight?" ...then Thulani walked in with the 2 boys... Namhla: "utonight ebethen Vuyo? Soy'discusser le party xasihlel soy2..." Her expression had changed..due to the change in topic. Vuyo: "party?" She whispered. Namhla pointed with her eyes behind Vuyo...Vuyo turned and greeted a confused Thulani. Vuyo: "oh, hello!" Thulani smiled brightly. "Hey...niryt?" Vuyo: "yep..." Him: "you guys look cute." He winked at Namhla then he walked off. Namhla literally melted. Like I'm not joking. Me: "hayi namhla ungawi.." Namhla: "yuuuh mntase...kand'bambe. Yoh, andaz le ndiyenzwa ngulomfana madoda...I can't even feel my heartbeat..." She clutched her chest dramatically. Vuyo and I were in tears of laughter. Namhla: "nathanda ke uhleka intlungu yomntu, kodwa nisukapha nani.." Me: "ei xolo mntase man.." Luks: "kude kuvuthwe nin okukutya?" Me: "sisapheka sthandwa." We chatted softly about other things. "Girls things".....

We finished up on dinner and dished up, Vuyo set the tables, Namhla gave out the plates. I went to feed Luhle and Lutha..I started with Luhle. Lubb was insisting on feeding Lutha, but failed dismally and messed all over his expensive suit. He didn't even get mad. Lubb: "okay my boy...iya kumamakho ngok...jonga undenze nton..." He wiped his suit with a napkin. I took Lutha after feeding Luhle and putting her down. He was his usual self but still needed to take medication. I had missed this smile so much. Luks and Lubb were in some deep discussion, whispering and planning. Wonder iyawayinton bawo ngok. Thulani wasn't talking with them, he was on his phone. Texting or doing whatever, he probably couldn't even hear them. I decided ndingay'ngeni. Benditshilo ndathi and'fun niks. Me: "your food is ready..." Lubb: "thanks lihle...." He turned back to Lukhanyo.. "when then?" Luks: "tomorrow night." Lubb: "good..." They got up and walked to the table then sat down. Me: "thulz." He got a fright and looked at me. Thulz: "huh?" Me: "I said the food is ready..." Him: "oh yes..." He got up and walked to the table. Still clicking the phone. He sat down. Luks: "thulani..." He looked up. Luks: "can we please say a prayer and eat?" Thulz: "ok..." He switched off the phone and Lubabalo said a short prayer for our meal. We ate in silence... Lubb: "so friday I won't be here." Me: "good to know." Luks: "me neither." Everybody froze and looked at them... Me: "lukhanyo...?" Lubb: "we're attending a meeting together eCapeTown." I was fueling with anger... Me: "K. Cool" I started picking at my food. I was mainly mad because on his birthday he was with Lubabalo now it'll be mine and he'll still be with him! Ngeske watshata naye mos.. - ____ - ...but in any case, I'll be with my babies. I'll be fine. Namhla: "thulani wena awuhambi?" Thulz: "nope, got a status meeting for the whole day. INoba nd'zophuma late"... Me:

"is there anyone else that is not going to be present on friday?" Lubb: "vuyo, uya eMonti yena...we're visiting her parents then ndim'shiye pha..." I stared at him with a cold look...its all his fault..he returned the look with a sarcastic smile..okay let me accept it. It'll be me, Namhla and the babies. Namhla: "subanawari mntase, ndikhona va...bayeke bahambe bonke. Bayotsulelwa k'le ndawo baya kuyo yinto enoboya empundwin..." I couldn't help but laugh. At least she'll keep me company....I smiled brightly. Lubabalo still stared...he looked dissatisfied. Did he want me to be alone? Shem bhuti. Me: "soya emotherwell soy'tyela khona ne..." Namhla: "ewe, sishiye abantwana siye kwa Monde! Uthe kanti unenqondo Lihle...tshin" Lukhanyo looked at me. "Niyothin kehok kwa Monde..." I kept quiet... "Lihle?" Me: "mh?" Lukhanyo: "I asked you a question.." Me: "ngu Namhla oya kwa Monde, kand'thetha ngaMonde mna..." He carried on eating but I could see he was disturbed. Vuyo's phone rang...lubabalo looked at her. So did Lukhanyo. Me: "are you gonna get that?" She was shivering... Vuyo: "I'm sure its not that important." Lubb: "answer it." He ordered. She got up and fetched her phone... "Hello?"..... "Yes"(Long pause)..."No"....then she hung up. She came to sat down and we finished our meal. This has been the most awkward dinner we have had. Ever. Something is wrong....very wrong. I got up and took the dishes to the sink, Vuyo washed, I dried. Namhla was taking care of the twins. Me: "what's going on?" She hesitated for a while... "Sibo. He said some pretty mean stuff about lubabalo".. Me: "maybe he's just jealous....trying to get you back man...you can't believe everything he says...jongana nendoda yakho wena." She: "he says, lubb tried t-" lubabalo walked in..... "Am I interrupting something?" Me: "yes, you are. Peto, you have nothing to be scared of, child birth is the most natural thing ever. Don't stress too much about it. You'll be able to heal and get back in the game." Lubb: "this is the most uncomfortable conversation I've ever been in..." Me: "kodwa uhleli.." Lubb: "I want to know. I want to be there each and every step of the way for my baby.." He pulled at Vuyo..who seemed a bit scared but faked a quick kiss then let go. Me: "please?" Him: "please what?" Me: "please give us some space bhut..." He walked out the house. Lukhanyo followed. So did Thulani....baske bathin na namhlanje? Hayi andadikwa! Chumani came up to me looking distressed. Me: "yinton baby boy?" Chuma: "I have a tummy ache.." He cried...sinalo kanene yeza lesisu apha endlin... Vuyo took out a few ingredients and mixed them together namanzi adikidiki... Vuyo: "ina, mnika sele.." I took the cup and gave it to Chuma...he pulled a face. "Nooo..." He moaned.. Me: "ha.ana alok sweety you must drink it.." He gulped it down quickly, jumping and wiggled the taste off. I couldn't pour him juice or water. Ndoyika enze idama...and I don't know what else to do. I took him to the bathroom because he wanted to use the toilet. I left him there for a few minutes then came back

for him. He wanted to sleep when he was done. Took him straight to bed dressing him in pj's and putting him in bed... "Please don't leave me mama.." I crawled in next to him. He snuggled against my rib. I just hummed him a tune...because I'm the world's worst singer...I couldn't sing to save my life. I waited till he was sleeping then left him. Junior was sitting in the lounge watching tv... Me: "its time for bed chap...come.." He got up and I walked him to the bedroom. He undressed and went to sleep. Junior: "where's my dad?" Me: "he'll be back soon boy...he'll come fetch you va..." He turned and lay down. "I'll wait.." ...suit yourself then... I walked back to the lounge. Namhla had given Lutha his medication. He was getting drowsy, I took him, holding him closely, Namhla went to put Luhle in her cot. All of us sat silently until the cars came revving in. Lukhanyo walked in first. Then Thulani, after him was Lubb... Lubb: "babes...masambe.." Vuyo got up...we didn't even get to finish talking. Andaz nam bek'then singathethi...or maybe bebhala uNamhla. Thulani went to the bedroom. Lubb and Vuyo said their goodbyes and left. Namhla followed Thulani. I took Lutha to bed and held him in my arms, while he slept. Luks: "cela uyobeka umtana..." Me: "uzolala nam..." Luks: "cela uyobeka umtana lihle." Me: "andifun lukhanyo..." Alok he can't act like a bully whenever he wants. He took Lutha from me...and put him in his cot, he went to Namhla's room. "Thulz, zaphinde uhambe?" Him: "hamba ksasa..." "Sho"...caba yi-guest house le. He locked and switched off the lights. Then climbed into bed. Him: "babes...lubabalo is taking me to do business ufuna ndifunde pha kuye...so tomorrow, we're leaving." Me: "okay." Him: "are you fine with that?" Me: "you already planned it Lukhanyo, seniqibile...its chill. I'll be fine." Him: "promise me..." Me: "promise.." He kissed my cheek. Holding me tighter... "I'll miss you." Me: "really?" Him: "lubabalo zond'lambisa..." Me: "learn to make your own nawe.." He buried his face in my hair. Me: "is lubabalo capable of killing a person in cold blood..." His breath slowed down.... "Lala Lihle"and that was it.....

Vuyo and Lubba got home and were in the bedroom. They undressed. He wore grey sweatpants and a white vest with sneakers..... Him: "who was it?" She: "it was him..." Him: "uyawa funa nton ngok?" She: "I don't know, I'm going to block him. And'fun thetha naye mna...." He moved closer to her... Looking into her eyes.. "You believe him?" Her heart raced... She: "no..." "When you lie...your lips get dry and you lick them constantly...your pupils get bigger, you're jittery and you speak in a squeaky tone. I know you. So lying is not an option. Do you believe him na?" She: "you're not that kind of person baby, you would never do such a thing! Even Lihle said that Sibho is lying he's just tryna get me back...and ke nyan baby..." She swallowed... He studied her for a few more minutes...his eyes low and dark... "Okay... What do you want me to do about him?" She: "just let him be...he's crazy..."yaphambana sana, he isn't

getting anywhere near my family... Him: "okay then. I won't do anything." He kissed her cheek and walked out...

Chapter 230

Lubabalo drove to pick Liya up. He called her when he got to her street. "Nd'lapha phandle baby".. She: "ngena alok..akhomntu.." He parked his car and went to the house, walking in. Liya closed the door and locked it. She: "hey you.." Him: "hey babes. Wenzanto?" She was wearing a silk gown... She: "did you check your whatsapp?" He took out his phone when they walked to her room. Checking the text..it was actually a picture of her..undressed.. He pushed her on the bed. "So what do you want me to do to you?" She: "what you do best.." Him: "are you sure? You haven't healed properly the last time and I don't wanna hurt you..." She: "you're not hurting me, if I ask for it mos...pretty please?" He untied her gown..he took the strap and tied her hands together...he tied something onto her mouth to shut her up. "Guquka.." She turned around. Her body lay on the bed, her knees held up her ass. He undressed and took out a condom. He got on top, tearing into her ass...she screamed silently but couldn't be heard... "Ifunwe nguwe, ukhalela nto?" He went deeper...when she tried closing her legs, he spanked her..she screamed again...and he took it out... "Ha.a Lihle, I can't do this to you...ingathi kum ndiyak'raper and andiy'fun lonto...ha.a.." He undid her mouth .. She: "nguban ulihle?" Him: "sund'phambanela wena..ndithe Liya...I can't do it.." She: "but you've done it before.." Him: "not to inexperienced teenagers...iza" he turned her around... "Noko, and'ngcolanga olohlobo..." She: "but I wanna do more for you...I want to make you happy.." Him: "opening your legs for a nigga, makes him happy those few moments...if you want a guy to stay, give him something to respect...one day he'll marry you.." She: "and you don't want to marry me?" He kissed her...fingering her.. She: "mh..mh.." Him: "kayek ungxola...your neighbors are really nosy.." He inserted himself inside her...her whole body melted into him.. "Lubabalo." She moaned...he pushed himself into her slowly....he suddenly stopped... She: "what now?" Him: "you're tight Liya...kakhulu." She: "khulula condom.." Him: "I'll cum too quickly if I go raw...umithe, we don't need that right now.." She: "in the future?" Him: "maybe..." He carried on..she held onto him...her legs wrapped around him.. "Vula maan baby..."...she opened wide...he was breathing heavily..."FuucCck...Lee baby.....just a little wider...." she opened...he held onto the head-board as he banged into her... She:

"Yeesss.....go deeper baby..." Him: "you can turn around now..." She flipped over in one go.....fuckin flexible child..he inserted himself again from her behind...his hand covering her mouth...she bit into his palm...thrusting in deeper...she screamed out his name.. Him: "tell me, when you want me to stop.." She: "don't..." She moaned...his drive thrust deeper and more powerful than before...he was getting near to the end, he was sweating..his body shivering... With one last stroke smashed deep inside, he felt something tear as he poured out his liquid.....his body shook...he pulled out of her immediately...and looked at it. The condom had torn....

Namhla and Thulani were laying together chatting. Namhla: "oko uthule namhlanje kwenzeka nton?" Thulz: "nothing mntu wam...I'm just stressed ngumsebenzi...I can't find a way to relax or calm down.." Namhla: "I didn't even get a kiss today.." He pulled her and kissed her...long and softly...he held her body without touching or moving..he just kissed her...she held his beautiful shaven clean face...at least he wasn't an old man...I wouldn't be able to deal with that..his skin was soft and gentle..her insides did twirlies...she held her thighs together...she was also tingling down there...it was breathing on its own...she did the first move...moving closer, sticking her body onto his...when she felt his erection on her stomach...she went crazy....she held his chest, wrapping her right leg on his waist....he smiled in between the kiss...he took off her pajama pants and stuck his finger in...she moaned.. Thulz: "awusemanzi...fuckit..." His movements were more quicker...he took off his pants and shirt, climbing on top of her. Namhla: "iphi condom?" Him: "I didn't plan for this..." He searched the drawers...and found nothing. Him: "let me drive to the garage real quick..." She: "izapha kqala" ...he went to her, climbing on top. They kissed...he slid it in....he was waiting for a mouthful....but she didn't stop him. He smiled and carried on....she moaned out loud... Him: "shhhhh....don't make a noise.." She: "you're huge!" Him: "you'll get used to it.." He winked and thrust deeper....she couldn't help herself..she: "ohh Thulani..." Thulz: "yess baby wam?" her hands held his back..holding him closer...she sucked on his neck biting into it....her nails clawing his back...he went on faster... Him: "kunin ndik'bawela namhla..." She: "don't rush it baby...slow down.." Him: "I can't help it.." His eyes closed as he went in deeper....she squealed....he went to kiss her...holding his mouth on hers... Him: "yangxola baby!" His breathing was changing...he went on faster..... "I can't pull out now Namhla..." She: "baby no..." He held on to her tightly... He groaned out loud...he didn't even hear himself...then one last thrust.....he stopped... He looked at her...he was dizzy...smiling...he collapsed on her... She: "are you okay?.." Him: "yoh. Babes...more than just okay..."he tried to catch his breath..."Yahlaba?" She blushed... "No".. Him: "shit..." She: "what?" Him: "we'll worry about that in the morning..." He pulled

out and lay next to her..she climbed on top of him...he sat up leaning on the headboard... "Kayenze ndibone..." She guided herself in, kissing him...she went up slowly and down. The second time...he stopped kissing....his mouth was just open, his eyes lightly closed.. She: "uzovuza izincwe ke...libele ukhamisa apha..." Him: "baby und'tyise nton man..." She stopped... "Haay suyeka tshi.ngok usenza kamand.." She carried on, picking up pace...grinding on him. He held onto her ass and bounced it on him....she went faster... "Hay man sthandwa sam...you fuckin killin me...." She got up and turned around then sat on him ngomva..she bounced on him....she was moaning.... Him: "but baby....." He breathed in despair... "Thu-lani...." ...his breathing hitched....he held down and released into her...her body shook....just after the orgasm....he guided her off..laying her next to him... "You're gonna be the death of me wena..." He whispered... Namhla: "I enjoyed that...." Him: "I want you for the whole night mna...2 rounds isn't for me..but ke since siqala I'll be lenient on you. Next time, I'm tearing that thing up...." She giggled.. "Uske unyabe nje wena...ungakwaz noz'bamba..." Him: "hey ndaqala ke uy'fumana leya...ndozela kamand yaz....you're a drug to me...." She: "I love you.." He looked at her...for the longest time....and no expression on his face.....he closed his eyes and smiled...a cute dimple appeared on his left side of his mouth.... "I love you more..." He kissed her and closed his eyes....her heart felt warm... Him: "awuna cramps?" She: "yes, uyaz njan?" Him: "we'll get the morning after pills ksasa va.." She: "I'm pregnant?" Him: "hayi kanditsho! I'm just being pre-cautious. Mna I'm fine with having another baby....qha ndicingela wena...usemncinci..and we still starting out.." She: "okay..."

Lubb: "babes...I need you to be honest with me...nguban omnye olala naye?" Liya: "ngu Ntsika" (her boyfriend).. Him: "do you use protection?" Liya: "we did..but sayeka..." Lubb: "why?" Him: "four of my friends had it...singcwabe 2..the 3rd tried to commit suicide..wafunyanwa though...I don't wanna ruin my life...not like that..ziphi results zakho".....she stared at him in anger... Him: "okay fine..xolo.." She: "you are obsessed with something you protect yourself from. It doesn't make sense, bend'zava babungasebenzisi condom!" Him: "sund'ngxolisa alok..." She: "hayi man suka.." She lay on her bed covering herself.. Him: "celu xolo alok babes..." ...she ignored him.. Him: "buya nin umamakho?" Just then a car pulled up in the garage...she jumped up to check the time.. It was only midnight! She's supposed to be here by 4am!... She: "GET DRESSED!" Lubb: "no...." He lay in the bed under the blankets...his head on the headboard...his hands folded on his chest. She: "Lubabalo, this is No Time to play! Get up and get dressed!" She quickly wore her pj's..and switched off her light..the front door

unlocked and someone walked... "Lubabalo please!" She begged. Him: "hayi Liya andiyi ndaw tshi. Sit down and relax. Because andihambi mna." "Liya! Sow'lele?" Her mother called out. Liya kept quiet...she hardly comes to Liya's room and the light was off so akazongena apha....just then the door swung open.. Mom: "yimoto kaban kehok limise pha phandle..." the lights came on... Her mother stared at Lubabalo in horror, who looked back at her. "Molo Mama..." Was all he said....

She clicked the phone to end the call. Liya: "mama, lubabalo is my boyfriend..besihleli and then you walked in.." Mom: "then why are his clothes on the floor!?" She slapped Liya across the face. Lubabalo got out of bed...he was still naked..the mother stared at him in disbelief. Mom: "awunazo nentloni!" Him: "zakho? Ndak'cela wethu sisi.." He got dressed and went to Liya...she was crying laying on the floor... Mom: "usuke k'lo mtana!!!" Him: "mama...with all due respect. Ndicela uxolo...but akho need yombetha uLiya..." Him: "olady...think about what you about to do." Mom: "yindlu yam le! FOKOF!!!" Lubabalo stared at her. Him: "say it again. I dare you, say it AGAIN!" She looked into his eyes...and walked out.

She locked them inside the room and called Liya's father. She was talking on the phone. "Zoyisile! Ingath ngow'fikapha. Intombi yakho ize nendoda endala apha endlin! Andaz obuvuvu bebenza k'la room! Kuthen udika kangaka lubabalo?" Him: "kang'uth uyand'thanda na? Aren't you the one that sees a future for us? Ngok ndiyadika?" She: "Not Lewei! "Ekse bra...I'm in a bit of a situation.." Him: "iyawayinton Lubabalo ngok maaan, I'm sleeping!" Lubb: "I'm locked at Liya's place, mamakhe is a bit of a psycho and ubize umnyen wakhe apha...ntsimb ndiy'shiye motwen...I need you to come get me out of here!" Luks: "k ndiyeza..." He hung up. Liya: "honestly? REALLY?" Him: "hayi kangutsho mamakho ebiza tatakho...abam abazali will take over 24 hours to get here. So ndiyeke ndibize ubrother wam.." Liya ignored him.... Him: "awuy'bawel eyok'qibela?...since your dad is gonna kill me?" He bit his lips.. Liya threw a pillow at him and he laughed. Liya: "Why are you so happy! You're ruining my life!!" She cried. Him: "oh hay noko mntu wam, don't say that..." She: "andingomntu wakho mna! Leave me alone..!" A car pulled up outside. Liya cried harder... Lubb: "that is definitely not Luks...none of his cars sound like a death trap.." He whispered. He called him again. "Ndiyeza lubabalo, I just got out the house!" Lubb: "kaw'leza fondin le taima ifikile apha!" They hung up...

The door unlocked and a chubby short guy with a mustache entered. "Liyabona!" His voice was deep and hoarse. Now THAT is an old man, not me...thought lubabalo. Him: "yinton le?!" He pointed at Lubabalo. Who was still sitting on the bed. He decided to stand up. Liya: "tata nd'cel'uxolo..." Him: "ndiyokukhanda! Ndiyabuza yinton Le! Uy'zise apha!" Lubb: "xolo tata...we didn't mean to upset you.." The father looked at him.. "And'theth nawe kwedin!" Lubb: "hayi alok tata yinton hok? Sil'celile uxolo ufun 'de kuthwen? Inkomo?" He walked out and went into his car...Lukhanyo drove off...followed by Thulz, then him..... Liya's dad: "wena, uya eTranskei kumakhulu wakho!" Liya: "daddy no! Ndicelu xolo!" Him: "no arguments Liyabona!!! You're leaving! Ayikho le kamamakho hlel'nje akekho ngob'suku! Uzothin kungenzeki eziz'manga!" Mom: "are you blaming me now! Nguwe uwas'shiyayo! I am forced to work to look after her!" They walked to the lounge and screamed blame at each other....Liya got into bed and cried herself to sleep...they had always fought like this...she blamed herself! If only she never existed..her father would still be with her mother, they'd be happy...its all my fault!...she thought to herself.....

Lukhanyo parked by the beach, in summerstrand. He walked out. It was a bit windy. Lubabalo and thulani parked. Lubb: "you saved my ass out there....thanks.." Luks: "bufuna nton pha fondin? Uphi uVuyo?" Lubb: "kayeke Lukhanyo tu..." Luks: "No! Andizoyeka lubabalo! Why can't you get enough?! Kuthen ufuna kwanto? NguLiya ngu Vuyo ngu mfaz wam AND my fucking son! Sibadala singaka, we can't keep playing these girls forever! Showering me with expensive gifts is not gonna make me blind to what you're doing! Stop acting like an enemy! Or else I will treat you like one!!!" He roared....then got in his car and drove off.. Lubabalo looked at Thulani trying to hold back his tears..he got in his car and left him too.....

Chapter 232

Lukhanyo got home in tears. He stayed in the car...he didn't hate uLubabalo...he never has and he never will...just like he didn't hate uXolani..they just liked provoking him! Thulani pulled up behind him. He got out the car and went to Luks' car, he opened the passenger door then got in... Thulz: "lukhanyo..." Luks: "ja fethu.." Thulz: "he slept with Lihle?! Umyeka njan?!" Lukhanyo just kept quiet... Thulz: "are you even sure about this?" Luks: "ikhona indaw etshoyo...but I don't know man..Thulani he makes me soo mad! He's irresponsible ngath akekho mdala!.." Thulani: "so uzothin kehok?" Luks: "I just need to cool down...let me check if he's okay kqala.." He took out his phone and dialed for Lubabalo....he immediately picked up... "Lukhanyo..." He whispered...he was crying.. Luks: "uphi?" Lubb: "I'm still here.." Luks: "okay.." He hung up. Thulz: "why do you do this to yourself? Lukhanyo you're selfless! Your brother keeps fucking up your life but still you care about his well-being!" Luks: "thulani, I almost lost him twice. First at birth. Then secondly k'la accident. Lubabalo is reckless and doesn't think! wayefuna uz'bulala..I can't let him do that again. I'd never forgive myself." Thulz: "you need to stop thinking about people who are grown abakwaziyo noz'phipha! Think about you!" Lukhanyo sat still and stared into space. Thulz: "you'll talk with him ngomso...like really talk not yell. You need to sort this out..." He got out the car and walked inside the house. Lukhanyo sent Lubabalo a text: "go home." Lubb: "ok." He got out his car and walked into his house. He undressed and crawled into bed next to his wife.. She was awake... Lihle: "what's wrong?" Lukhanyo sighed and held her closely...he got on her and lay his head on her stomach... Him: "nd'cela ulala.." Me: "ok".....

Lubabalo tried to call Liya, she kept rejecting his calls. He ended up sending a message. "Look, I know you proly hate me right now. I just want to say I'm sorry. I really am..if there's anything I can do to make it better, just tell me...sent you some cash, check your account...its to buy a morning after pill....I'm really sorry babes..." Send. He sent her R1000... Then another message: "I don't know if it'll be enough..if you need anything else just tell me.." She replied: "I'll buy it ek'sen before I get shipped off to Transkei! Thanks a lot!" He had to do something not right now though...he drove to his house and walked in. For the first time since he was a child. He was scared. He undressed and crawled into bed...vuyo was asleep... But moved when she felt the bed move...she crawled over to his side and snuggled on his back....his heart broke...he turned around and held her in his arms... "Celu xolo baby..." She: "what's up?" She whispered.. Him: "I treated you badly...I'm taking you for granted, you're a wonderful woman. And I want you to know that you're special...I don't deserve you." Vuyo: "lubabalo...kwenzeka ntoni? Are you okay?" Him:

"I just don't deserve you" Vuyo: "are you breaking up with me?" Him: "I don't want to...but I am scared...you deserve much better than me..." Vuyo: "okay..." Him: "ndiyahamba ngomso...I'm going to Cape Town. You can stay here as long as you want...andizaz ndizobuya nini..." She kept quiet and moved away from him to the other side of the massive bed... Him: "babes....please" Vuyo: "ndiyeke Lubabalo." He kept quiet and closed his eyes. He was blocking tears...he had to sleep, there was a lot to do the next day.....

The next morning Lubabalo was up by 5am...he was packing his bag. He texted Liya: "baba wam, I'm on my way." Liya: "oh God Lubabalo could you just PLEASE stay the fuck away!" He wore a navy suit and a silver grey shirt, with a blue suede shoe with a gold crown on top. Vuyo woke up... "So you're really leaving?" Him: "vuyo I can't do this to you anymore." She: "what have you done?" Him: "I cheated on you! Not once futh!" She looked at him in disgust...he carried on packing his things...when he was done he zipped it up and looked at Vuyo...she covered her face and cried silently. He went to her and sat down...without saying a word. She stopped...and wiped her tears. Him: "I'm sorry." She: "you don't have to go Lubabalo." He was shocked..Him: "what?" She: "I said you don't have to run away..." Him: "but-" She: "ndim osuppose uyahamba.." Him: "if you ever need anything...don't hesitate to give me a call...I'll still provide for umtana...cuz I made that promise.." She: "okay.." He got up and walked out..he got into his Mercedes, leaving the audi behind...and drove to Liya's house.

On the way he called one of his friends. "Ekse Mxo....tell me something, xa ufuna ucela uxolo kwi family ye cherri how much do you pay? How do you go about that?" Mxo: "oow fuck Lubabalo, not everything is about money, ifamily zi-different...mna I've had to buy ibhothile, komnye ndanikezela i5000...xa umithisile funeke kuze bona kowenu...for uzoxela ityala...then kehok an uncle or whoever uzoyobhathala...phof nam andaz, ndayenzelwa litaima..." Lubb: "and'mithisanga man fethu, qha ndenze icrap nyan...so I just want to ask for uxolo before ndihambe." Mxo: "then just go ask for uxolo. You're not proposing marriage mos.." Lubb: "okay cool..." He hung up..and parked outside Liya's home..he got out and walked to the door then knocked. The mother had peeped in the window and saw the car...when he had gotten out, she had never seen a car who's doors flew in the air!.. She went to open the door: "ufuna nton apha!?" Him: "mama, bend'cela nje uxolo...I know its a bit too late for that but nyan...I really am sorry. I didn't mean to cause a disturbance in your house...I shouldn't have been here in the first place.." Liya appeared. "Kuthen ungam'va nje uSTAY AWAY!!!" Mom: "Liya, calm down, ndimamele lomfana." Him: "I wish there was something I could do to fix this.." Mom: "why udyola nomtana umdala?" Him: "I'm only 26..." She stared at him.. Mom: "you Look 26, but iimoto and the way you're dressed says

something else!" Him: "mama, bendizocela nje uxolo...Liya, I'm going ke ngok...I won't bother you again...enkosi ma" ...he walked out to his car. He sent Liya a text: "don't forget to buy the pill babe. Till we meet again. 🥰:*" ..he drove off to the airport...

Chapter 234

Thulani woke up and took a quick shower. I woke Junior and Chumani up, Thulz ran their bath in the meantime. He was oddly quiet..kept glancing over at me nervously. Me: "ugrand?" Him: "ja" ...I bathed the boys and dried them up. I went to dress them in the bedroom. Me: "Chuma, unjan ngok boy?" Him: "I'm okay" I gotta thank Vuyo for her mixture. Thulani made them cereal in the kitchen and I made lunch as they ate. Thulz: "tell me something....can you tell the difference between Luks noLubb?" Me: "I can Now...but ek'qalen ndandibhideka sana..ndingayaz noba nguban owphi...they made me really dizzy." He laughed...loosening up a bit. Me: "can you tell the difference?" Thulz: "yep. Lubabalo has a crazy look on his face. All. The. Time. Hlel nje uncumile for some odd unexplainable reason." Me: "that's true..but shem akananix ngok..." Thulani raised his eyebrows...Namhla appeared. They stared at each other shyly. Him: "ndizosa abantwana ecreche va. Then go change...I'll be back before ten...siyothenga lawei..." Namhla: "and work?" Him: "fuck work.....my girl is more important...plan something for us for the rest of the day va..." He kissed her gently.. "Be back real quick.....masamben boys!" They raced to the car and left.....

Lukhanyo appeared dressed in a navy matte blazer and maroon pants. He wore a black shoe and white shirt. I didn't even know he was awake! Kudala phof ndimnkile eroomin. Me: "where are you off to? Uskime kangak?" Him: "cape town boo..." He walked over to me and kissed me. Me: "let me make you breakfast ke..." Him: "no babes, I'll do it..cela wena uyond'pakishela la bag...you know I'm a bad packer.." We both giggled and kissed briefly...I walked to the bedroom and packed his stuff, the clothes and shoes. I also took his toiletries, his iPad, its charger and underwear too. I zipped up the bag and took it to the lounge. He just finished eating. He kissed my cheek with a mouthful.."Wuv yu" ..he murmured..and went to the little twins. Lutha was awake..he picked him up and kissed him.. "You be a good boy to mommy, umgade...ba uye kwa Monde, you will tell me ne..I'll punish her when I'm back..." He whispered the last part..then put him down...luhle was asleep, he undid the barrier of the cot and bent down to his daughter.. "Princess ka tata.." Then he kept quiet for a

while.... "I love you..be an angel ke va...I'll be back soon." He kissed her..holding her head for a while. Then let go, he put up the barrier again and locked it...he walked back to me.. "Wifey, I'll call everyday va..day, afternoon and night. Remember to keep the doors locked at all times. I think Vuyo usekhona..so you can go there, its safer...and keep an eye on the cellar..." He whispered that sentence. Me: "meaning I'm gonna have to be there?" Him: "everyday babes....qha ungabonwa." I nodded. He held my waist..then kissed me...so passionately..for a long time.. Me:"you gonna be late.." Him: "kiss my older son for me va, I'll call him ebsuku ndithethe naye.." He planted a baby kiss on my lips then left.....

I went to fetch Lutha. Namhla was in the shower, I called Vuyo. She: "hey.." She sounded down...probably because Lubby was gone. Me: "hey babes, what you up to for the day?" She: "lubabalo left me." Me: "I know baby, Lukhanyo uhambile naye..alok they have a meeting to start constructing the new company in Cape Town remember?" She: "I meant he dumped me..before he left..." Me: "Vuyo. Stay put. Don't move, ima bath the babies. Ndiyeza." I hung up. Kanti unjani na Yehova uLubabalo Morrison! Good God Almighty! I went to the bedroom and prepared bath water for the baby twins. I was enjoying Lutha, A LOT..I loved my daughter just as much but this young man....yoooh. I quickly bathed him and dressed him in white and blue striped pants..they looked like tights though...the matching top, plus a little blue cardigan. With socks. I went to Luhle who had woken up, I bathed her and dressed her in pink tights and pink and white top. She also had a pink little cute cardigan...their father spoils them to bits. I got rid of their water, then held them in each arm to the lounge. I strapped them in their seats and closed the front door. Namhla came out, wearing tight jeans, her red Vans, a white vest and a denim jacket...with accessories Me: "awusemhle, niyaphi?" She: "to the pharmacy." Me: "what for?" She: "well....last night, we had a bit of a situation..." She blushed. Me: "what kind of situation..?" She: "he didn't have condoms. So we did it without..." I was shocked but ke nam noLukhanyo we didn't use it the first time, khona why didn't I think of ge-.....I stopped those thoughts right there. Me: "so morning after pill?" She: "yep...then we gonn spend the day together.." Me: "okay cool then..I hope you have fun and please buy some condoms Namhla, I beg you, matter of fact I'll buy them too. You don't need to have a child right now, its a huge responsibility, you must enjoy your freedom." Thulani walked in...he wore jeans and black Vans. And a black t shirt. Nccoooooh! They looked soo cute! Thulz: "you ready?" She: "yeah...Lihle I'll call you later va.." I said my goodbye and they left...after they drove off I locked the doors...I fed the babies and burped them....I put them to sleep so that I can quickly shower and dress.....

Lukhanyo walked into the airport and checked in. He saw Lubabalo sitting on the chair....he looked sad but then again maybe he was just concentrating...he was on his laptop, typing and talking on the phone at the same time. He hung up and continued with his work. Lukhanyo walked to sit next to him. He didn't even look up to see who it was. That's how focused he was on his work. Lukhanyo sighed. But Lubabalo didn't even dare look his way...his frown drew deeper as he was getting agitated at the person who had chosen the seat next to him instead of all the other unoccupied chairs. Lukhanyo sighed deeper and louder. Lubabalo shut his laptop closed with a thud! "Shut the fuck-" as he stared next to him, he saw his mirror, his own reflection, his other half. The better half. His eyes welled up with tears...as he familiarized Luks' cologne. Lukhanyo just smiled at him. "So you really were gonna leave without uFasti wakho? I'm broken.." He folded his arms and looked away.. Lubb: "bendilahliwe alok..." Luks: "lahlwe nguba? Because mna bend'ngasoze nd'lahle u560 wam." Lubb: "I'm really sorry Lukhanyo, for everything." The intercoms switched on. 'Flight 975 to Cape Town Now boarding. All the passengers of flight 975 to Cape Town please come through to Gate 2.' Luks: "we'll talk about it on the plane...because you have a lot of explaining to do." ..They got up. Lubb: "let's do this." They held their gadgets and walked through to the gates....

Chapter 235

Liya was in her bedroom. Getting dressed. She had to go quickly buy the pill, she read his messages again and left her phone in the bedroom to brush her teeth. Her mother walked in and looked at the lit up BlackBerry. She read the messages... When Liya walked in. "GOD! Mama why are you always up in my space! Ufuna nton kwi phone yam?!" Mom: "ndiyokufaka impama mna Liyabona, ndingu nyoko! Yathengwa ndim le phone! Yeyanton le 1000rand!? Pilisi yanto leyo?!!!" She yelled. Liya kept quiet and looked at the floor. Mom: "Liyabona Ndiyathetha Maan!!!" She screamed.. "Mntanam ndiyokughona nges'hlangu! Yipilisi yanton le? Anisebenzisi condom?!" Liya: "mama, iqhabukile icondom...he sent me cash to buy the morning after pill" She whispered... Mom: "eye 1000 rand? Isuka eMelika?" Liya: "hay mama...the rest is for anything else I might need" Mom: "sapha elo-card! Akho pilisi izothengwa ngandawo apha....if you're pregnant, you'll deal with it! Umphe impundu uyazi lonto, sapha nalophone!!" Liya's mother grabbed her wallet and cellphone and left her crying in her bedroom.....

I was done dressing and packing the twins' bags. I took them to the car with my bag, then went to fetch my babies. I buckled them up...then locked the house. I opened the remote-activated garage and drove out....I waited for it to close. I saw Stuja's X1 bmw parked near the house. Well but of course Lukhanyo would never leave me by myself. I hooted at him and he hooted back. I called Vuyo: "babe, kanxibe ne I'm on my way we're going to buy medicine for endlin yaz as'nawo amayeza...and I can't carry the twins by myself." She: "ok mtshana.." I drove to Lubb's house and when I parked, Sylvia came out to greet me. She: "hello nontombi unjan?" Me: "ndiyaphila mama..unjan?" She: "ndiya phila wethu sisi...uzoshiya bantwana? Yuuh kunin ndibakhumbula lonto ndinaso nes'yali...there's not much to do lately, siyancedisana noVuyo." Me: "uhmm....ei ma..."ok, fine... "Ok ma...bendizohamba nabo siye town." She: "hay wethu tshi..." She took a giggling Lutha from his seat...this has to be the most happiest child on Earth..sozuve. I took Luhle and their bags inside the house....I kissed my babies goodbye as Vuyo came out. She wore jeans and a maternity top. AND make-up..she did it right! Me: "my goossh! Awusemhle my f!" She: "thanks ey....nawe..." Me: "hee, yand'bhanxa vuyo, ndiz'nxibele ijean ne sneaker?" We laughed and walked to the car...then drove off to Walmer.

On the way.... Me: "what happened?" She: "he just disappeared last night wabuya equmbile ecela amaxolo...saying he doesn't deserve me. He said he's leaving for cape town and akazaz ubuya nin...but he'll take care of the baby and whatever it needs...its over Lihle" Me: "the fact that he's supporting a child that doesn't belong to him means something. He wants to be connected to you Vuyo, he doesn't want to lose you..." She: "he said he's been cheating on me and he can't do it anymore.." Me: "yabona pha? He loves you lomntu...what you have to do is convince him." She: "lihle, he cheated on me! More than once!" Me: "you had no problem being the side chick not so long ago. Suz'actisa please. I'm not tryna be rude or force into things you don't want but there's a rainbow after a storm Always! Nam noLukhanyo weren't always happy! But did I divorce him? No....even though I wanted to... Lukhanyo abused me in every way possible, he never hit me but he had a strong hold. I could never refuse sex from him because I was scared of him! He fucked with my mind mentally and emotionally! He also cheated! But he is working on himself Vuyo, he's trying. Its not all green and pastured over this side, but I have worked through all that shit! Stand up for uLubabalo vuyo!" I was crying by now as we pulled up at Walmer. She: "damn Lihle. I had no idea....here I was thinking you had the perfect life...I'm so sorry...." Me: "just try and concentrate on getting Lubb. I'll help....where I can..." She: "okay.." We got out the car and walked inside the pharmacy....

After breakfast at Admirals, Thulani and Namhla walked to the car. Thulz: "masothenga lewei ke babes....funeke uqale utye before uy'sele." Namhla: "how do you know.." Thulz: "hee hay kengok baby.." Namhla: "dun wakhe way'sela?" Thulani laughed: "no.....I think we've finally worked out the part that I'm definitely a male..." She blushed as he opened the door for her, she got in and he closed it. He went to the other side and entered. Starting the car he drove to the pharmacy. Thulani's phone rang, him: "babes kabe uyothenga ndiyeza, I need to take this." He gave her his wallet and stood in a distance to take the call. Namhla walked in. Vuyo was standing by the fridge, to get cooldrink. She saw someone that she hadn't seen in a long time. She: "Bukiwe!!" The woman turned and walked to her, "heey mtshana! Awunqaaabe! Yuuuuh!" Vuyo: "kunqabe wena peto." Bukiwe: "oh my goodness you're preggies!" Vuyo smiled: "yep I am..." Bukiwe: "how many months?" Vuyo: "si ku 4 my friend...hee uchebe nin kehok?" Namhla saw Vuyo standing with the woman. Namhla: "Vuuuu! Vuuuu!" She yelled dramatically! Nilapha kanti, uph ubhut? She: "outside taking some business call..." Namhla looked at Bukiwe. "Und'jonge nton sisi, ndingu Bold?" Bukiwe: "andizongak'jongi awulo langa..." Namhla: "neither am I television, please exercise your eyes elsewhere..." Bukiwe: "jonga sana sund'qala ndimdala lee kuwe..." Namhla: "ek'ben buz'bona ba umdala.....swerve!" "Vuyo, ndisayo thenga the pill soncokola va..." She walked to the till where Lihle was standing. She bought the pill. Me: "condom ziphi zona?" She blushed evidently and tried to hide her face from the cashier. "Lihle do you have to be so blunt! Ndizoz'thenga tshii, ubund'jongisa ngabantu apha! Ndizok'fumana bonanje..." She paid and walked out. Thulani was leaning on his R8 watching her as she walked towards him. She stood right in front of him between his legs. He kissed her....slowly...then suddenly. "HEY yo BITCH MNGQUNDU ka SATHANA!!!! SUKA KumNYEN wam JOU KAKAKAZI!!!!" She dropped her parcels and grabbed Namhla's jacket pulling her to the floor, before she kicked her Thulani grabbed her and slapped her twice: "Sund'qhela ukunya Bukiwe vaa! Siiees elihule!" I slapped her and kicked her to the floor. Me: "ndiyokunyathela unye sana...uthini?" She: "ndithi uyi WHORE!!!" I kicked her face twice...I grabbed her pants and dragged her under the car.... "Ndithe ndiyoku

nyathela unye sana.....und'bize nton?" She kept quiet. Me: "Ok" ... Vuyo: "lihle noo!" I went inside the car and started it. A security guard pulled her quickly as I reversed.....I missed her face by a few centimetres and drove on her left arm. I got out the car...she was screaming. Me: "uthe ndiyinton?.....I thought as much. And the next time ufuna ukunyela owase khaya, owam PLUS uThulani. Uzuqale apha kum ndik'fundise indlela yothetha." I turned around. "Masambe wena..." Namhla got up and ran to my car...she and Vuyo entered and I drove off...

Chapter 236

Thulani called an ambulance and drove after Lihle as fast as he could. Tshhin Thixo wam lomtana...she's beyond violent! She's WORSE than uLukhanyo and Lubabalo combined!...yuuuuh, a.a maan... He parked at Lihle's house KwaFord. He went inside and found her in the kitchen. Vuyo: "lihle, you almost killed umtana bantu! Chick, your anger is beyond control!..." Me: "Vuyo, sund'phambanisa please, und'qheli ntsente lamtana! She is Lukhanyo's ex and she tried to sleep with him again ngok sitshatile! Next thing uthi xa esohlukana no Thulani ndilele noThulani mna, that almost broke my marriage with Lukhanyo. She deserved each and every bit of that whoop ass".. Thulani walked in, "uphi uNamhla!" Me: "thulani, what does that bitch mean ba une aids? Uy'nyaphi iAids wena?" Thulz: "khame Lihle.." Me: "hayi don't you fuckin dare dismiss me kwi ndlu yam!" He stepped back... Thulz: "uxolo Lihle ungand'bethi....please call uNamhla, I'll explain all this..." Namhla walked out her room. "What do you want?" Thulz: "babes, cela umamele-" namhla: "ubekele kum thulani. She turned and went to lock herself in the bedroom. Thulani cried as he stared after her.....he turned and walked out to his car.....

Lubabalo and Lukhanyo landed in Cape Town. They went to Avis to rent a car. Lubb: "funa eyphi?" Luks: "ngath iBenz is the only acceptable one I see...thatha yona." They rented a white Benz which neither of them liked. They walked to the car, Lubabalo

drove. Luks: "lubabalo, what made you want to ruin my life?" Lubb: "I didn't want to ruin your life." Luks: "then busenza nton? By stealing my wife and son? You know damn well, they're my only source of happiness!" Lubb: "lukhanyo, I'm sorry. Thing is.....I'm scared to be alone....ndakhula ndedwa...my parents were always away...they took my younger sister to boarding school. It was only always me and the maid. I felt like ndandingafunwa. But they'd always bring me back the latest toys and gadgets then that feeling escaped for a while. I felt loved for a week then they'd leave again....the time my.....she.....a friend of mine died. Wayekhona mama yena...she comforted me that few hours then wahamba. I had to deal with it alone! Everybody seemed happy but me! I didn't even have friends, ndimane ndihlala noDonkey and Jermaine, nabo they only liked me because ndandine mali and they could hide out in a rich suburb...only because I gave them money and a place to sleep, they protected me and treated me like their own. Ever since I lost her...I've had an insatiable hunger to kill. I can't control it. They cut her up and molested her....I feel as though its all my fault...I shouldn't have left her." He parked the car and started crying. "I don't want to be like this anymore Lukhanyo....I never killed a person but I tortured them to such an extent that my victims have committed suicide. Omnye wayeka nothetha...he's literally mute. I don't want to do it anymore." He sobbed.... "I want to be like you..." Lukhanyo's heart broke. Luks: "lubabalo, you ARE me. We are one. We're from the same sperm. Akhonto isohlulayo. Singumntu oy1. You don't have to do this anymore. I'm here for you. And uVuyo is there for you too. You could start something really nice naye." Lubb: "I'm scared! What if it fails?" Luks: "and you think it will pass ngo Lihle? Come on Lubabalo" Lubb: "I'm really sorry Lukhanyo..." Luks: "you have a phobia of being alone?" Lubb: "I guess so...." Luks: "me too...." Lubabalo wiped his tears. Luks: "izapha..." He pulled him and hugged him. "We don't have to be alone...we'll be together." Lubb: "one more thing..." Luks: "what it is now!" Lubb took out his phone and showed a picture to Lukhanyo. Lubb: "I was gonna give this to her..." Luks: "that's cool. Give it to her nje..." Lubb: "buya kwethu Friday morning.." Luks: "you think it was a good idea lying to them about not coming back?" Lubb: "for a good cause...sobenzela a little something pha kum endlin." Luks: "okay then..." They got out the car and walked to the hotel to put down their bags and get ready for the afternoon meeting.....

Lihle went to Namhla's room. And knocked. Namhla opened....she entered and sat next to her. Namhla: "why didn't you tell me la kaka is married? Why lihle? You let me fall inlove with him! Knowing ba utshatile!" Me: "mntase uThulani is separated and in the process of divorce. Akam'fun uBukiwe....and it wasn't my place." She: "you're supposed to be my cousin and look out for me! Lomntu une Aids nobane

Aids!" Me: "I'm sure Thulani akana Aids, Bukiwe is a lying hoe, she made that shit up! Talk to Thulani please..." She: "uyayaz I AIDS lihle! Uyay'qonda ba he has officially ruined me!?" Me: "let's go to the doctor akunike eza pills to prevent it from happening. " She: "isn't that for rape victims?" Me: "soy'bona phambili leyo, if so, you'll cry!...qha qwaba.." She: "masambe lihle. Me: "andingen ndaw mna!" She: "kanti ungena EVERYWHERE! Nguwe owandidibanisa noThulani! Knowing that he's married! Nguwe umatchmaker. Nguwe ozothetha ke!" I called Thulani.....the phone rang and rang....I put it on loudspeaker for Namhla to hear after a while he picked up. "Ja?" Me: "please tell me its not true." Him: "it isn't Lihle! Bend'ngasoze ndiyenze lonto ku Namhla! I haven't slept in the same bed as her in years! Let alone touch her!" He cried... "My policy yase msebenzin obligates me to do a test every 3 months for medical procedures! I could never do that to uNamhla!" I looked at her....she wept silently next to me....I held her in my arms. Me: "I'll speak to her Thulani...I'll call you later on va..." Him: "thanks Lihle" we hung up. She: "so she was lying?" Me: "I knew it..." She: "yese Lihle umbethe kancinci lankunkumakazi. You should've just killed her!" She cried....I held her tighter, Vuyo entered the room and sat with us trying to comfort Namhla....

Hours later.....

Liya's mother left for work. She(liya) didn't have a phone or a wallet with her. But she had to get hold of Lubabalo some way. She sneaked over to her friend's house and knocked at the door. Soso's mother opened. "Hayi Liya yinton ngel'xesha? Are you okay?" She: "ndiryt mama...ndifuna nje uthetha noSoso, I need her help with something." Soso's mother looked at her.. "But nontombi uSoso alok uye k'lo tatakhe for the rest of the week uthi ooMimi(her siblings) bayamngxolela and ufuna ufunda..." Liya's spirit fell... Mom: "mntanam uryt?" She: "no.....I need to call someone really urgently, ndine message for yena.." Chapter 237

Liya crept up behind him. He entered and rushed straight to the bathroom, calling her name. She entered and walked swiftly to her room she opened the door slowly and went inside. The lights of the whole house were off, she quickly climbed under her blankets and pretended she was asleep, trying to breath. Liya's dad: "Liya!" He walked out the bathroom flushing the toilet and wiping his hands with a towel. He knocked on her door. She: "come in" she murmured in pretentious sleepy voice. He walked in and switched on the light. "Mntanam?" She stayed under blankets, at least she was wearing an old sweater.. She: "tata..." Him: "look, I only want the best for you. Andiy'thandanga tu lento yalandoda buleli nayo apha. Ind'vise kab'hlungu nyan lonto. I don't want you to say I've ruined your life when I take you away from here. Lukhanyo went to take a shower and Lubb made the phone call for arrangements of the cellphone and pill.

Lubabalo and Lukhanyo had finished getting dressed. They opted for a simple look. They wore jeans and dark blue shirts. They rolled them up their arms and had on Jesus Pieces. Which Lubabalo bought. Luks: "you are really twisted.." Lubb: "thank you very much little bro..." They drove to the Victoria and Alfred Waterfront to have dinner with their colleagues. They walked in the restaurant and found the 9 employees at a large table. Lubabalo looked at a sworn enemy.....he hadn't seen in years...his expression changed. Kabelo saw Lukhanyo and thought it was Lubabalo. Kabelo: "uwoooooaaah! Look what the cat dragged in. Or should I say pig!" Luks: "ndiyakwaz fethu?" Kabelo: "don't act like you don't know me! Tsshi...une drama qithi ke wena. Goodness, ndava kuthwa use bhayi married to some nun and had 5 babies, is that true?" Lubabalo stood next to Lukhanyo. One more fuck up and I'm sending him straight to hell. I'll even pay the DJ for his fucking funeral!" He walked to the

table and sat down smiling at his colleagues like nothing happened! How the hell?.....thought Lukhanyo.

Chapter 238

Lihle called Sylvia and informed her abazobuya. She was in no state to drive...and didn't have the energy. Sylvia: "its okay notsitsi...I'll look after the kids...uryt phof?" Lihle: "I'm okay ma.." They hung up after a while.....well, I was in a bad mood because Namhla was upset, I hit Bukiwe and Lukhanyo isn't even here! Unini na uSunday azobuya 😞:(.... I ordered pizza but nobody was in the mood to eat. Vuyo: "lihle, what if she charges you for assault and attempted murder?" Me: "please keep quiet Vuyokazi. Keep your mouth quiet." Vuyo: "Lihle, you have to think about the bigger picture..." Me: "the only thing bigger here is your mouth. The one which I told you to keep quiet." She kept quiet. Me: "I'm sorry..." Vuyo: "its okay...can we talk about something else?" Me: "what are you planning to do ngo Lubb?" She: "I'll wait till he's back sithethe kakuhle...I forgive him. He hasn't been an ass that much and I think he really meant his sorry..." Me: "good..." Namhla came out of her cave and walked to the kitchen to grab a can of fanta grape...then came to sit with us. Him: "Namhla?..." It was Thulani.. "Baby, please don't hang up on me. Cela und'mamele..." She: "yes?" Him: "I'm really sorry about what happened. She smiled and blushed over the phone... Him: "is that a smile I hear right there?" She: "no...." She smiled further... Him: "I think it is....I'm sure those beautiful eyes just lit up brightly and you're

blushing to the core..." She laughed...how did he do it!/? She: "goodnight Thulani..."
Him: "ha.a don't hang up please? Yuuh kunin ndik'khumbula mna kodwa..." She:

sick puppy." She: "I like the love sick puppy nje mna..." Him: "you do?" She though
about those sexy hazel eyes and pink lips and dimples... She: "definitely..." She got up
and went to her room to chat to Thulani. Vuyo: "thankfully, babuyelene...." I looked

"but Lihle!! Unondiqawukile?? Ul'vephi elo?" Me: "ku lukhanyo..." She: "you and Luks

a hug and watched a movie.....

Dinner with the twins was going well, everybody seemed to adore Lukhanyo and his
shyness. The girls kept asking about him and tell them stories about his life. He told
them his life experiences as their tummies ached with laughter. After dessert, they
had drinks for a night cap. Lubb: "looks like you have it under control. Ndizobuya
va...." Luks: "uyaphi?" Lubb: "I'm just going to check on something real quick." He got
up and walked outside, he took out his phone and dialed a number. "Did you get hold
of those things?.....no, its just a cellphone and emergency pill. How much will it
cost?.....okay, deduct it from my account then, I'm in Cape Town right
now.....get it to be delivered at 19:00pm....her mother goes to work at 17:30pm
and she'll be back at about midnight - 4:00am...her father might go there later in the
night so if there's a car out front, drop the parcel in the post box and knock on her
bedroom window, its the one at the back on the right side of the house.

Uhm.....she goes to sleep at about 21:00 when all those ridiculous soapies end. So,
yeah...that's that..." Caller: "Mr Morrison, forgive me for asking. Do we really have to
go that far?" Him: "if she wanted to have my baby, I would've let her, but clearly she
doesn't so I don't want to fuck up her freedom." Caller: "but sir....did you even ask her
if she wanted to keep the baby?"....lubabalo stood still and kept quiet.....he didn't
even bother.... "Sir? Are you still there?" Him: "just do as I say please!" And he hung
up.....

When he turned around, Kabelo was standing there with a drink in his hand.
Lubabalo ignored him and walked past. Kabelo grabbed his arm....yoooh Lubabalo
flipped in a split second and held his shirt with a fist. "Don't. Fucken. Touch. Me" he
said it slowly. Kabelo: "but we used to be friends!" Lubb: "Kabelo I was never your
friend!" Kabelo: "lubabalo don't deny it!" Lubb: "ok fine, ufuna ndithin KE? What do

you Want!!!!" Kabelo: "I want us to be friends like the ol-" Lubb: "nigga fuck you and yo friendship!" He let go and walked back into the restaurant, Kabelo pulled him again. Lubabalo looked to the sky, stood still and closed his eyes: "Lord Jesus, please give me strength to overpower the urge to beat this boy senseless. Lord remove him from my presence. Unless, its his time. Then who am I to stand in Your way. I will personally deliver him. Amen." He looked at Kabelo. "Kabelo. Leave me alone. I am feeling blessed, I am in a spiritual mode, do not force me to bring the Holy Ghosts upon you." He shrugged him off and walked to his table.....then sat down smiling at Lukhanyo. "Still okay lil bro?"... Luks: "yeah...you look like you're mad, kwenzeka nto?" Lubb: " just a little communication with God, sent my spirits up a bit, I'm great!" Luks: "you are so weird." Lubabalo drank his whiskey and frowned at the table. Luks: "buyokwenza nto phandle?" Lubb: "I was checking the arrangements for la parcel...." Luks: "I knew it! I knew it! Just admit it bhut.. " Lubb: "tsek Lukhanyo.. Admit what?" Luks: "you love her!" Lubb: "I will hit you with love right now and you'll see how that feels!"

A light flashed in front of them... "You guys are sooo cute!" ...something deep inside Lukhanyo ticked. Luks: "I am not 'cute'.." Girl: "of course you are...." She stared at him seductively. He looked back at her and accidently bit his lips....she blushed. Lubb: "mhh.....I smell fire." Luks: "in your heart because you're burning with jealousy..." Lubb: "me? Jealous of you? haha..I don't mean to beg, but nigga please." Luks: "I am not cute." He straightened out the statement again. "And yes telletubby you are jealous." Everybody burst out laughing including Lubb. Lubb: "ohh...so its like that? Its okay...I'll find you. Ndizok'fumana..." Lukhanyo laughed... Girl: "you're sexy then?" She was still staring at Lukhanyo. Him: "much better.." He smiled. Lubb: "yokhatywa iphambane le ngu Lihle, I am velling for her." Luks: "ei lubabalo suy'thetha lonto. Lubb: "fundiswe nguwe omnye tyhi.." They shared a toast for their last drink....when they were done. Lubb: "okay guys. I think we have finalized our meet and greet session for our office employees even though its not all of you. We're still recruiting, our H.R team is looking at CV's so we are still going to expand. I hope my system of bringing people from across the country has worked, I don't want "besties" working together. You will work, then find your bestie in this circle. We're here to experience, find knowledge and learn from each other, and what best but to learn from people we have never met? So guys, I hope you can tolerate my moods, but mine are still fine you should wait to see this Mr over here, he likes to get work done. ON TIME" luks: "I do..." Lubb: "so work to the best of your ability and

enjoy the rest of your night. Your bosses are leaving the building." Everyone clapped and thanked him. They got up, Lubb spoke to the manager briefly. "The bill for that table you put on my tab, I'll pay it in the morning, yes?" Manager: "yes Mr Morrison." And they walked to the car to leave.....

Chapter 239

Lukhanyo and Lubabalo entered their hotel room. Undressing.... Lubb: "you did well, I'm proud of you." Luks: "thanks.....what's up with that Kabelo dude?" Lubb: "nothing.." Lukhanyo stared at him sarcastically. "You want to murder people for nothing?" Lubb: "lamntu wand'sabotager maan to all my clients. He almost fucked up my reputation. Ndancedwa ngu Dylan Gentiva, the one from New York. That nigga has so much faith in me..." Luks: "so wam'yeka nje kanjalo?" Lubb: "my thug levels were still low at that time." Lukhanyo laughed. "Thug levels? My God, Lubabalo usis'bhanxa!" Lubb just wore his pajama's in silence and bounced on the bed. He switched on the tv. And dialed for Thulani....he put it on loudspeaker. Thulz: "yebo..." Luks: "kuthiwa ughajiwe." Lubb: "kwaaaaa." Thulz: "anise late, nd'phinde ndaginywa nje." Lubb: "bulahlelwa nto?" Thulz: "lela gqwira lisebenza nosatana lithakathayo. UBukiwe! Uthi ndine Aids!" Lubb stopped laughing and stared at Lukhanyo. He swallowed. "That was long time ago." Thulz: "when?" Luks: "about 3-4 years back wethu, it was nothing serious." Thulz: "bu-desha?" Lubb: "I'll never get used to that word." Luks: "ja fethu...ndam'bhalakay2 qha man lamtana...." Thulz: "oh....anyway nenzanto?" Luks: "fine then..." Lubabalo opened his laptop and started working and Lukhanyo fell asleep right next to him.....

Lihle woke up early the next day. Thulani was bringing the kids because he too, was going to Cape Town. Vuyo was still sleeping on the bed so she tip-toed out the room, to check on the twins, she panicked...then soon realized baku-Sylvia. Habit. She smiled and walked to the kitchen to boil water make herself tea. Then went to brush her tea. Namhla came to the kitchen. She: "uth uThulani he's going to Cape Town." Me: "yeah..." My mind drifted to my 18th birthday...Siya wasn't that cute, but we never dated... Me: "usam'khumbula uLudwe lo ndand'funda naye?" She: "your breaker?" Me: "yeah, he was also a tragedy. But ke wayethandwa ubhut.." She: "hay lihle suxoka, uLudwe was never a tragedy he was just uncool!" Me: "hahaahaa....Namhla, he wasn't cute!" Thulz: "molweni...." He kissed Namhla... "Hey sthandwa sam" ...he held her in his arms and looked at her eyes... "I missed you" .she: "me too..." ...he was wearing tight silver pants and a white shirt, no blazer. She: "hope you arrive safely ke..." He kissed her again. Him: "I'll be back as soon as possible va...I'll call when I arrive...." Me: "bye!" Him: "sebetyile aba, just make them lunch please and address yalandawo is in Junior's bag." Me: "sure!" His son came to him, he picked him up: "boy, I'll be back soon ne, I'm going to work for a few days." Junior nodded. And with a more firm voice. "Behave yourself Junior!" I couldn't help but laugh because Junior does look like a naughty child. He put him down and left.....

Lubabalo had been up since 5am. He woke Lukhanyo up near 8. Lubb: "Up Up Up! Get your lazy ass off that Bed! Get up!" Luks: "lubabalo please give it a rest!" Lubb: "lukhanyo, I will hit you off that bed with this shoe. I'm giving you 30 seconds..." Luks: "mxm...." Lubb: "28.....27.....26.....25.....24.....23, fuck this!" he took the shoe and headed for the bed, lukhanyo jumped off and stood by the bathroom door. Lubb: "good! Now take a shower real quick, our suits will be here in a few minutes." Lukhanyo went to take a shower. He came out 20 minutes later, still feeling tired. Lubb: "you wake up really late. You'll have to get into a routine, because uzodinwa qho, ugege rhou." Luks: "this is not healthy." Lubb: "damn right it is. We're starting gym next week." There was a knock on the door, Lubabalo was still in his boxers and vest. He went to open the door. A trailer with two suit bags hanging on the rail rolled in. The assistant walked out again. Lubabalo gave one to Luks. And opened his. Lubb: "get dressed. U-Thulani zofika pha ngoo 10..." They got dressed in light blue suits. And white shirts with maroon ties. They both wore shades... When they were done, they took their things and left. Lubabalo drove to the restaurant from last night, he paid his tab. R1250 and a tip of 300 to the waiter. Lubb: "bendibathembile yazi...." He went back to the car and drove to the building. They walked in together, no smile whatsoever. They stood in the middle of reception where everyone stared at them. Lubabalo took off his shades slowly. "Do I pay you to stand there and stare?" He roared.....everybody shuffled to the desks and started on the work they were given. One girl: "what's going on?" Other: "the bosses have arrived!" She whispered.....

Chapter 240

Lubb: "uzoyolanda uThulani eAirport kanye ndiye?" Luks: "I'll stay here and sort myself out khabe uhamba." Lubb: "please try and behave Lukhanyo. And don't break anything" Luks: "no promises." Lubabalo took his keys and left for the airport. Lukhanyo walked around the offices to check on the employees. Linda came to him. "Mr Morrison, the computer people are here to install the new systems." Him: "well?" Linda: "well Sir, they wish to speak to you before they start there's documents you need to sign sir." Lukhanyo walked behind Linda to the boardroom where 8 IT technicians waited for him. He was feeling nervous and excited. Gosh I hope I understand what they're talking about. "Morning Mr Morrison, I'm Diederick from Simple Computers, we spoke on the phone?" Luks: "sure thing..." They shook hands. Luks: "what can I do for you?" Diederick: "well you could start by looking at the contract. You need to sign it off for us, we'll be in charge of your computers for the first 2 years and it will be up to you to renew our contract" lukhanyo sat down and looked at the contract, he browsed through the fine print and read each sentence carefully. Linda: "sir, we don't have the time for that, I'll ask the lawyers to look through it." She took the papers from him. Lukhanyo stared at her closely and frowned, she slowly gave them back. Lukhanyo rolled his eyes and carried on. 'By signing this contract, you give us the complete right to attach and detach your computers, change the software and update your programmes. Your information is safely stored at all times and can be accessed when needed.' Lukhanyo read that piece again. Closed the contract and put it on the table. "We'll have to reschedule" Linda: "Mr Morrison! There's no time." Luks: "then Make time!" He got up, took the contract and walked out.

He browsed through to the cubicle offices and chatted with the workers. Then there was Sandy, she was very over-emotional. And loud. She was bowing her head on the table and groaning in pain. Luks: "Sandy are you okay?" Sandy: "you would never understand...!" She moaned. Luks: "I do understand that you're supposed to be working..so maybe if you tell me, I just Might." Sandy blushed and crouched down her chair.. Luks: "okay then." He sat on her desk. "You have a headache?" She shook her head. "Sore throat?" She shook it again. "Sandy I don't have time for this you know." Sandy: "I have cramps." She whispered. "Haha....you don't say. You on your periods." She cringed in her seat. "Okay then, stay still, we'll get you something real quick"he walked to Linda. "Get pain tablets for Sandy she's having period pains" Linda: "Sir its not your duty to....." Her voice trailed off when she saw the frown on his face. "I want my employees to work comfortably, do you understand? Or are you tired of your job?" he walked off without waiting for her reply. Everybody else

seemed to be doing well. Lukhanyo sat in the office and relaxed. The phone rang. "Morrison hello?" He said with a firm voice. Caller: "Lukhanyo! Yand'qhela bonanje wena." Lukhanyo laughed... Luks: "khona into end'funa siy'discusse apha. It sounds very wrong..." Lubb: "sendise ndlelen ezayo. Was checking if you hadn't burnt down the building yet..." Luks: "we're just waiting for the firetruck." Lubb: "uzund'teste neth...siyeza..." They hung up. Lukhanyo looked at the door and saw Kabelo. Luks: "can I help you?" Kabelo: "Look Lubby I'm not looking for trouble, I just want to make peace." Luks: "what are you doing here?" Kabelo: "my wife works here, I brought her lunch, hope you don't mind me popping in once in a while" Lukhanyo got up and went around the desk. He stood in front of Kabelo. "Jongapha kwedin. I don't ever wanna see you here again. The only other place you gonn pop in is the grave. Take your silly ass and TSAA!!!" He growled. Kabelo stumbled out and ran out the front door. Lukhanyo sat back down in his desk and smiled.....

Lubabalo entered the office with Thulani. EVERYONE stared at him. Lubb: "what you all lookin at?" He entered Lukhanyo's office and they sat on the couch. Thulani and Lukhanyo hugged... "Sho ntwana...kunjan?" Thulz: "ei ndigrand awt'yam..." Lubb: "what were you doing?" Luks: "just checking the rounds. Chilling." Sandy bounced in. And by bounce, I mean actually bounce. She was chubby and light skinned. "Sir, I feel a lot better thanks." Luks: "my pleasure. Now, you can trust me right. When you need anything." "Thank you sir." ..she bowed to Lubb and Thulz then ran to her desk. Lubb: "how you get her to be so cheerful?" Luks: "hlel nje yarharhama alok wena.....I know women" he lifted his eyebrows. Lubb: "whatever, busith sothetha nganto." Lukhanyo took the contract and they discussed the little disturbing detail. Luks: "andaz noba ndimuncu na, but it seems as though they will be able to access our information. Yonke nje into yethu." Thulz: "you mean hack?" Luks: "yep..." Lubabalo sat on the desk and read it through a few times. He took out his laptop and researched the company. Lukhanyo and Thulani carried on chatting.....until Lubabalo lost his temper. "Fuccckkkk!" Luks: "yinton hok?" He handed him the laptop.....Lukhanyo and Thulani read the details. Kabelo was a major shareholder in that company. Luks: "well.....it looks like we have a little detour tonight. Disturbing the peace." Lubb: "I will fucking disturb his breathing!" Luks: "bhuti, calm down. We'll sort it out tonight....."

Hours later.....

Lukhanyo, Thulani and Lubabalo were in the hotel room. Thulani undressed and wore his jeans and sneakers with a vest. Lubabalo wore a t shirt and jeans with a sneaker. Lukhanyo wore the same. Lubb: "yathand und'kopa ke wena." Luks: "ndiqalwe nguwe." Lubb: "I booked for something, masamben" Thulz: "I hope its food

cuz I'm starving." Lubb: "we'll grab something on the way.." They got a take away at a sea food joint and Lubabalo drove them to an Art shop. Lubb: "I'm getting a tattoo." Luks: "now?" Lubb: "yep." Luks: "lubabalo why are you so impulsive. You just do things on the spot." Lubb: "please stop whining." They entered the shop and greeted the artist. Lubabalo took his seat. "Well, I'm back for it." Luks: "wait....."

Lubabalo smiled.... "Oh yeah...." Thulz: "oh yeah what?" Luks: "I suggested that we print each other's names on the back of our necks as bar codes." Thulz: "I do not want to be part of that. Can I just write my name please?" Lubb: "sure!..." He spoke to the artist.. "So on me, you're gonna write Luks87 and on him its gonn be Lubb87 and on him it'll be?....." Thulz: "Tulz91"they sat and conversated while the tattoos got done. Lubabalo went first. And by the time all of them were done, his phone rang. "I delivered that package, she was alone." Lubb: "good...thanks.." He hung up. His heart raced. Why hasn't she called kehok!... Luks: "what's wrong?" Lubb: "nothing let's go." He paid and they left. Lubb: "sizokhatywa ngu Lihle ke yazi...." Luks: "she won't....she knows us, and wena that's your only tattoo. She figure it out before time." Thulz: "so siyaphi....?" Luks: "disturbing the peace..." They drove around town....Lukhanyo was racing in between cars. The music was on full blast. Playing August Alsina - I Luv Dis Shit. Lubabalo spotted Kabelo's crossfire parked by a beach, he was outside talking on the phone.... Lubb: "misa awt'yam...." Lukhanyo screeched to a halt!....and got out the car. It was parked in the middle of the road, and they didn't even care. Luks: "thulz, how about you stay behind, we got this...." Thulz: "I have seen worse. I'm coming with you." Lubb: "are you sure?" Thulz: "of course I'm sure!..." They walked towards Kabelo. Lubabalo stood in front him. Lubb: "Hi" kabelo backed away.....Lukhanyo stood behind him, and he bumped into him. Luks: "hello." He turned sideways and looked into Thulani. He stared into his eyes..... Kabelo: "guys I'm sure we can work something out.." Lubb: "yeah.....your breathing..."

Chapter 241

Kabelo: "Lubabalo, I have stayed out of your hair. Please leave me alone." Lubabalo's phone rang. He let it ring.....then he checked the caller I.d....he Had to pick up, something itched in his stomach. "Yes?" Caller: "hey...I got the package." It was Liya....he smiled. "Really?" He didn't know what else to say.... She: "yeah....I just drank the pill ngok, thanks for the phone, even though it wasn't necessary to get me an iPhone 5...noba biyi bb curve, I would've understood. But ke ndiyakwaz wena you

always go over board...." Him: "heee, usapha ke phone yam ba awuy'thandi..." Lukhanyo shook his head and dragged Kabelo away covering his mouth. He knew Lubabalo. His mind had left for Port Elizabeth and it wasn't coming back. Lubb: "wenzanto?" She: "I'm laying on the bed....are you busy? Nguban lo ukhalayo ecalen?" Him: "nah...I'm just playing around with friends..." She: "please don't hurt people.....nanku tata engena...we'll talk later..." Him: "call me..." She: "shap"..... He hung up and walked to Lukhanyo who had hit Kabelo....he was laying on the floor. Blood covered his face....Lubb: "Kabelo, you better thank your God that my mood has improved. Stop fucking with my life. My brother will never hesitate to take you out....masamben...." Luks: "Hayi Lubabalo!" Lubb: "look at him. He has pissed on himself. Learned his lesson. We don't need to do as much damage like the last one..." Lukhanyo stared at him. And handed him the knife. Luks: "we didn't come all this way for nothing." Thulani took off Kabelo's shirt and tore it apart....he tied the first around his mouth to keep him quiet. The other piece tied his hands together behind his back. Lubabalo cut bruises on his chest. "There.....you see? You look like a leopard now. I like leopards.....because they can never change their stripes or is it spots? Either way whatever! Take him" lukhanyo dragged him to the water and dipped him in, holding his head under the water for a while. The salt water itched under the bruises...it seeped into his skin. He cried in agony, inhaling water and choking at the same time.... Luks: "I dare you to try anything else. I will cut off your ball and cook it for you to eat. Stay out of our shit and we'll stay out of Yours. Understood?" Kabelo nodded in tears...

Thulani walked to the car Lubabalo and Luks followed and they drove off..... They got to the hotel room. Luks: "what the fuck just happened!" Lubb: "calm your tits Lukhanyo damn." Luks: "fuck that lubabalo! How could you let some girl interfere with our shit!?" Lubabalo stared at him coldly. Lubb: "she has a name." He hissed. Luks: "I don't care! She will ruin our things xa uzamane ngoba Inlove apha! Unyabe ube yozoyozo ungakwaz noz'bamba!" Lubb: "lukhanyo watch your mouth boi." Luks: "lubabalo you're being stupid!" Lubb: "shut up!!!! Ndithe kuwe I want to change! I can't live life torturing people! I want to be normal! Fuck man Lukhanyo! She makes me normal! Like Lihle does to YOU! She keeps you grounded. So ndiyeke ke Lukhanyo please man. Moer!" Lukhanyo stomped out the hotel room. Thulz: "I hate this, lento yakho noxabana noLukhanyo is really not cool." Lubb: "he's just being silly man...akhonto." Thulz: "can I ask you something?" Lubb: "what?" Thulz: "you know we're best homies right?" Lubb: "you're not a homie Thulani..." Thulz: "right, you know we're brothers....so I need you to be honest with me...." Lubb: "yeah...." Thulz: "did you sleep with her?" Lubb: "who?" Thulz: "lihle...." Lubb: "that is soo none of

your business." Thulz: "I know.....sorry...." Lubb: "but I'll tell you anyway.... There was a time. Lukhanyo wahamba nam saya pha kum endlin....we showered and he wore my clothes and cologne and everything. We wore the same sweaters. I was still into her that time and thought of it as an opportunity. So ke saya pha kuye endlin...sahlal efront and drank. I put on some lip balm wacela naye ndamnika. I went to the bathroom and saw uLihle in the bedroom...ndangena....." Thulz: "and you just had to.....with your own brother in the house. Wow Lubabalo." Lubb: "no.....I entered ndaya straight kuye. She couldn't tell the difference...she asked me a question....and ndicinga wayezam und'trappa but I didn't answer...I just held her against that wall and kissed her.....ndam'bamba.....God have mercy..." He closed his eyes..... Thulz: "would you do it again?" He opened his eyes. Lubb: "no....Lukhanyo is a freak. And I love him. I don't want to lose my lil freak.....I don't know what I was thinking..." Thulz: "is it because of his outrage that night?" Lubb: "partly." Thulz: "so you didn't sleep with her?". Lubb: "nah.....we just kissed once. And then kwacima iz'bane ngakum...cuz she can tell the difference....and won't let me near her.....and I'm not crazy like that anymore..." Thulz: "okay...." Lubb: "yamoyika lihle ne?" Thulz: "she is a bully." Lubb: "she isn't that bad. " Thulz: "she's always been mean to me." Lubb: "not as mean as she's been to me.....that girl's words can cut deep bra yoh.....yay'thetha ikaka xa ethanda...." Thulz: "so ngo Liya, what's up ngaye?" Lubb: "I just care ngaye. Ukhubon? And vuyo yena could be my wife you know...but that's a big step though. She likes to defy me and it ticks me off. Liya on the other side just let's me be. Akabuz niks, und'yeka net so...." Thulz: "so then be with Liya." Lubb: "she's not ready for me.." Thulz: "and Vuyo is?" Lubb: "I don't know. All of this is confusing me.....look, when I get back there, I'll spend some time noVuyo, we'll take it from there. I'm not promising diamonds and gold." Thulz: "okay then..." Lukhanyo walked back in with 2 bottles of Jack.

The next morning.....

Chumani and Junior jumped on the bed and kissed me all over. Me: "ncooooh boys!" Chuma: "happy birthday mama....look we draw this in school." I took the cute little paper. it was a stick figure with long hair...I giggled. Me: "thanks sweetheart." Lukhanyo called... "Happy Birthday mfaz wam..." Me: "thanks lovvee..." Lubabalo had taken the phone. "Happy birthday!" He yelled... Me: "are you always this loud na mtshana in the morning....thanks hey" him: "you aint know?" Lukhanyo took the phone again. "Lubabalo, please give me some room I want to chat with my wife.." "Sthandwa sam." Me: "hey booboo..." Luks: "what you up to?" Me: "I am laying in bed with the boys wena?" Him: "I'm alone....thulz no Lubb just left for a jog...so what you gonna do today?" Me: "it seems chilled...phandle.....so I'm thinking of

Summerstrand...." Him: "awuy'thandi summerstrand...zonxiba nto?" Me: "just a dress wethu...its not as short..." Him: "no undies ne?" Me: "awungcole....yes undies tshi...worse ba awukho nobakho....." Him: "you'll be fine...." Me: "I just wish you were heRe." Him: "careful what you wish for...." Namhla walked in..... She: "HEY BIRtHDAY BABE!!" She came to hug and kiss me..... "there's a parcel that just came for you." Me: "ndiyeza va..." She walked out... Him: "jonga ke babes. Before niye k'lo Summerstrand, cela zuye pha kwaLubb, check on that stuff. I want to put it in a different place ngok...just scout out the house for me.....say phaa ngo 10 or 11..." Me: "ok then babes....mwahh.....love you" him: "love too you candy lips....." We hung up. My mum called: "happy birthday to you! Happy birthday to you! Happy Birthday to youuuuu!" She sang till the Hurray part, I giggled and blushed senseless. Me: "enkosi mama..." She: "ulonwabele usuku lwakho mntanam....." Me: "I will mama, ndizok'landa ke aphe mini, we're going to Summerstrand." Mom: "hee and'zaz ke mna ez'ndaw....ok ke mntanam...." We hung up. Junior and Chumani were playing on the bed, I got up and went to the lounge. Vuyo and Namhla were making breakfast....I signed for the delivery as they kept singing. I was eager to open what's in the box! It was a small box, but wrapped nicely in black and silver. I opened the box.....my breath caught in my throat....I tried to swallow but it was desert dry. Namhla: "WOW! Yuuuuuuuuh Lihle! Do you know what this is?" Vuyo: "it looks freaken beautiful. Khay'nxibe..." Me: "I don't know guys....." Namhla: "just wear it tu before I pee on myself." I took out the diamond studded watch.... Namhla: "its an Audemars Piguet....baby girl only millionaires wear this! It probably costs well over 200 thousands of rands!" I wore it..... It looked gorgeous. Me: "and'phinde ndiy'khulule unless ndiyavasa....I love it so much.....only Lukhanyo can be this sweet....." Vuyo: "that man loves you Lihle, damn.....ayiduru lento.....you're lucky!" Me: "I'm not lucky.....I'm blessed." I took it off, carrying it with the container and went to take a quick shower.

While Vuyo and Namhla went to take showers I had bathed the boys and dressed them, we sat at the table and ate our wonderful breakfast. My phone rang and rang with different people wishing me a happy birthday. The facebook notifications, the messages. My cellphone is never this busy so now I'm a bit overwhelmed. I took the dishes to the sink and washed them. Maybe Namhla and Vuyo could take a cab? Because there's not enough room in my car. Noba I must buy a Quantum for elibandla lam. Me: "vuyo, can you guys take a cab to Lubby's house real quick? I want to fetch umama eMotherwell." She: "that's fine angel..." I took Chumani and Junior, their bags and toys. And packed more things for the babies. Today I decided not to take the boys to school. I left for Motherwell and eventually arrived, mama was standing at the

door, the time was about 11. I walked to her to help her in the car and I locked the house. We then left for Lubby's place. Mama: "yuuuh Lihle mntanam. Ayisentle le watch uy'nxibileyo! Thiza it even sparkles." Me: "enkosi mama....it was a present...." Mama: "from uLukhanyo? Wow.....intle shem baba." After a while my phone rang. me:"yes? Senifikile?" She: "sesingena..." I was also pulling up at the house by then. The cab stopped and they got out, I parked inside the yard and helped mama out. The boys took their bags and rushed into the house. We walked inside the cool aired atmosphere.....there was something different in this air that made my heart warm. I went straight to the twins and kissed them....they smelt bubbly and sweet. Although they were being put to sleep, I'll come back for them in an hour or two. I walked to the wine cellar. The ladies sat in the lounge and chatted with Sylvia. I walked to the cellar, opening the door, I almost tripped but caught myself and stood up..when I looked up. There he was sitting in the couch, my heart melted...he was in light brown chino's at the end rolled up a little toward the ankle. A navy shirt, rolled up to his elbows and a blue shoe. Me: "baby!" He smiled and picked me up, squeezing me tightly. Me: "you didn't tell me you were here!" Him: "it was a surprise..." He took out a box from his pocket and handed it to me. I opened it and found a beautiful necklace. Me: "its....." A tear escaped my eye. He quickly brushed it away. "Ukhalela nton ngok mntu wam....." Me: "I missed you so much...." I sobbed into his chest..... Him: "ungade ulile alok mfaz wam, I'm here now....and'phinde ndik'shiye va...." Me: "promise me?" Him: "I promise....." He wiped the tears away and kissed me. I was being ridiculous nokwam. And too over emotional. While we lost in our own world locked in a sweet embrace. Someone walked in. "Good Heavens you guys! You just CAN'T keep your hands off each other!" Luks: "nomona ke wena...." Lubb: "Happy Birthday Lili! Here....." He handed me a white puppy. No, really. It was so cute and chubby, he could fit into my hands. Me: "hayi Lubabalo ndim'thini mna?" Lubb: "he's your new baby." Me: "but I don't want a puppy." Lubb: "uyow'bane sono Lihle, look at the hopeless look in his eyes....he can feel that you're rejecting him....shame on you!" I looked at the puppy, who's eyes were glistening in sadness. My heart ached for him. Me: "you are soo weird and unhinged Lubabalo!" Him: "thank you..." He bowed and walked out. Luks: "khabeke phants lenja wethu, I wanna enjoy my wife. I put the dog on the couch and he held me still.....his hands sliding up my dress.....sucking on my neck....his phone rang. He stopped and swore out loud. Him: "WHAT?!" He growled. Caller: "Pluto is dead." Him: "ndithin kehok Mna!?" Caller: "he left his things in his brother's name..." Lukhanyo stood still for a minute..... Him: "But he's dead too..." Caller: "nope.....there's an older one who been visiting him in jail. And he's looking for you!" The phone cut off. Lubabalo walked in. "And now?" Luks: "we'll deal with it

ngomso." I knew this wasn't my conversation so I briefly kissed his cheek because he was turned off and I took the puppy to leave them alone. Me: "thanks Lubiluuu....."
Him: "pleasure hun." He sat down and looked at Lukhanyo. Lubb: "What's going on...."
Luks: "shit is about to hit the fan up in this city...." And I left them there..

Chapter 242

Lukhanyo and Lubabalo were outside starting a braai, Sylvia had seasoned and marinated the meat. I was in the kitchen making salad. Lubabalo had made me wear a big crown on my head. Andaz noba uy'fumenephi. But I'm guessing from his secret collection of King and Armour clothing...I laughed at the thought of him having a secret room filled with Royal things. He walked in right then...standing next to me in the kitchen. Him: "I see you're wearing it...." Me: "I'm wearing a whole lot of things Lubby" Him: "the watch, it looks gorgeous on you...."my heart stopped beating, did he buy it? Me: "did you buy it?" Him: "of course I did....you like it?" I frowned at him. Him: "you don't?" I squinted my eyes then proceeded to take it off...I dropped it in his hand. Me: "thanks. But no thanks.." Him: "look I asked for Lukhanyo's permission, he said it was okay....I showed him before it even arrived...I was having second thoughts but he encouraged me to give it to you...." That explains his silence. About the watch. Because he definitely saw it. Him: "just stop being stubborn, I know you love it....its perfect." He put on my wrist and tied it on me again. Him: "there... I invited a few friends over later I hope you don't mind." Me: "my Lord, that means we'll have a house full of psychos?!" Him: "my friends aren't psychos girl, take that back.." Me: "only they can prove me wrong.." He chased me around the kitchen with a spoon....I ran to the lounge giggling and bumped into Lukhanyo, who looked as though he was in a foul mood. I quickly straightened my face and smiled at him. "Are you okay?" He studied me for a few minutes.... Him: "I'm good" he smirked and walked to the kitchen.....

We had lunch together and a few friends arrived. Lubabalo was the perfect host, greeting everyone. Smiling and dancing. It was more like his party rather than mine...my mother was sitting with Lukhanyo and eventually was a bit tired. He got up to take her home. Lubabalo was standing outside with a friend next to the braai stand. Poking the meat and his friend who was agitated about something. Me: "peto, how about you go to him now? He's in a good mood.....and not that busy..." Vuyo walked to Lubabalo and pulled him aside. "Cela uthetha nawe" Him: "uhm....okay.

What's up?" She was lost for words....and kept quiet. Him: "about us?" She nodded. Him: "look, I'm willing to give it another try....on a few conditions. We'll talk about those xasisoy'2" she: "really?" He smiled and kissed her.....then turned back to annoyed his friend. Vuyo walked happily towards me.. Me: "sooo?" She: "he said he wants to give it another shot..." We squealed in delight. The little boys were playing with the little puppy, I haven't even named him yet. Vuyo: "ivelaphi ke le?" Me: "lubabalo brought it....waz'ba uy'chola phi..." She laughed and I went to feed my babies.....

It was later on when Lukhanyo returned. Lubabalo was a bit tipsy and making a whole lot of noise. We had friends over almost about 30 people...phof that was Lubabalo's friends... Lubabalo stumbled toward us dragging Victor. "Msthana" he said to me.... "Khabonise Victor the watch I bought you.....uth ndaxok....tshh...peto yam le vic und'thatha njan..." I held out my left hand and he looked... Vic: "looks pretty. But it has nothing on my wife's watch bra....its pure crystal and diamond!" Lubb: "yile ndizoy'thengel ubaby leyo, alok I'm still waiting for la tender yase New York...I didn't want to be broke!" They laughed and walked off. Vuyo: "why the hell didn't you tell me!" She hissed. Me: "tell you what babe?" She: "that iboyfriend yam bought you that stupid watch!! You knew all along and you kept quiet! Udenza isdenge and you encourage me to go to him Knowing fully well you have your claws on him! Kuthen ungoneli nje!? Siies man Lihle awuyo chommie!" She stormed off to the bedroom. I was hurt by her words. Was I wrong not to tell her? I scanned for Namhla who was cuddled next to Thulani. I got up and looked for Lukhanyo who was under Lubabalo's arm laughing. I walked to the other side of the mansion to my babies. I sat there with them for the longest time. Lutha had just had his medication and was asleep. So I played with Luhlle in the meanwhile. Over an hour later she fell asleep too. I was lonely on my birthday. I just want to go home and sleep. I took off the watch and lay it on the table. I missed Sino, even though she turned poisonous in the end....she was always there for me. Ngesethukisa ngok enxile eyi papa.....tears fell down my cheek at her memory...did I really orchestrate the death of my own best friend? Now I missed her. mxm....let me go home...it was late any way. I packed my babies' things.....

Lubabalo walked to the bedroom because he couldn't see Vuyo anywhere....she was in the bedroom, fuming. Her phone rang.... She: "hello." Caller: "umazelaphi uLihle vuyokazi?!" It was Bukiwe. Vuyo: "sadibana eMonti, I didn't know she could be such a bitch! Siies!" Buki: "calm down peto.....ouuuch....ndaz'thunuka...kwenzeke nton?" Vuyo: "she thinks she's all that man, uzenza perfect gqithi! She thinks she's better than everyone! Ndoda yam ihoya yena more than mna, and I'm sure noba bayatyana

qha soze bay'thethel Why would you buy a fucking expensive watch for umntu oyifriend!? Siiees, ubunyansile Bukiwe lihule elidala lamntana! For sure noba ukhona napha ku Thulani!" Bukiwe: "ligqwira qithi, sies....ulala njan no brother womnyen wakho? Hay uyathakatha shem and she gonna fucking pay for doing this shit to me!" Vuyo: "its high time nyan man skaaa!" Buki: "jonga ke my friend....I'll tell you what we're going to do....we will wait for an opportunity azobonwa ngula mnyen wakhe ba uyikaka nje yomtana...." Vuyo: "go on...." Bukiwe carried on with their plan..... Buki: "so remember, you must be nothing but nice ke chomie. Ungabonakalisi niks." Vuyo: "ok ke peto....goodbye...." Buki: "sure lovie....." Lubabalo turned from the door and walked back to the guys without a sound...

Chapter 243

I got home with the babies and put them to sleep. I switched off my phone and went to bed....drinking 2 sleeping pills. I dozed right off. I was cold, I switched on the electric blanket sleepily...and pulled it over my head...I started suffocating...I switched it off again. I fell into a hazy dark dream....I saw two dresses....and a little baby covered in blood....my chest was covered in blood....my back hurt....I felt to the floor and felt something pull at me...I looked up into a blurry face. But I could tell he was smiling. The hand pulled me and pulled me. I was crying and screaming....it was getting darker and my throat burnt until I couldn't utter sound. My screams were blunt and silent. I choked and woke up. I looked around and heard voices in the lounge. I wasn't in the mood so I covered myself and slept again... Lukhanyo walked in and switched on the light. I was so irritated....but kept still.... "Baby wamu...." He slurred. I ignored him....please go away babes...I just want to be alone. Him: "baby maani..." He sat on the bed and pulled the covers. I was about to snap when Lubabalo walked in. "Masiye ke fethu...lewei ise ndlelen..." Lukhanyo got up and they left. I wonder kuyawa yiwaphi Nkosi Bless that person's soul. I went back to sleep after they had driven off.....

Luks: "so what's the plan?" Lubb: "let's check him out first singaveske siqhamke pha." They were driving in Lukhanyo's black Benz. They called Stuja and another to follow them...they drove around in New Brighton and saw a white polo scouting them. Luks: "noba nguye lowa..." Lukhanyo sped up a little...the polo still followed. Lubb: "ziphi ntsimbi?" Luks: "in the back. The white polo was catching up to them and immediately started firing shots at them...the back window shattered...Lukhanyo

adjusted his seat, and lay back as he raced through the road. It wasn't empty, hence it was still Friday night/Saturday eksen. Lubabalo had loaded the AK47 and was ready. Lubb: "swerve..." The polo was right behind them. Lukhanyo swerved the car right around and drove in reverse. Lubabalo fired shots at the polo driver until he hit his head, the car lost control. Lukhanyo looked back a bus was right behind them...he quickly turned the car and it screeched to the other side of the road, bumping into a pole. The bus smashed into the polo within seconds....and it stopped.....it was too late.....Lubabalo chuckled and stared at Lukhanyo. "That was too close. You almost killed us out there. You and your Micheal Shumacker driving, Daammn." Lukhanyo started the car again and they drove off to Lubby's house.....

Luks: "I don't think that was him..." Lubb: "uy'thethiswa yinton lonto?" Luks: "khona man into etshoyo kum...andaz....mas'ngene..." They entered the house..the guests had left. Only Thulani, Namhla and Vuyo left together playing pool. Thulani was teaching Namhla. Vuyo: "hey babe!" Lubb: "hey..." He kissed her cheek and went to fetch himself a drink. They walked to the bedroom. Vuyo: "soo....busith sizothetha...?" Him: "now?"...his phone beeped. She: "yes now...when else tshi....bendik'khumbula mna..." She pulled him seductively and nibbled his neck. She pushed him on the bed and got on top of him..... She: "bungand'khumbul wena?" He smiled... "Suka man babes....sincokole...unez'manga qith wena..." She got off and looked at him excitedly. He first read the text: "hey, my dad is outa town, wanna go for a ride? Miss you xxx" his smiled and switched off the phone...

Him: "firstly, k'le relationship yethu, I don't want secrets.....you know that. Secondly, me and Lukhanyo are connected, we are one. The men in this house is Me and Him. He has a wife. Meaning, after us, she is the neck of this household. And if you become my wife, you will own that title too, nincedisane... Thirdly, If anything happend to the neck, it bothers the whole system. So let's try and make it feel special once in a while okay?" She: "okay...." Him: "good... I work ke Vuyo. With different kinds of people in different places. You are not to ask where I'm going or where I'm from, you don't frown. You accept it. If you have to know, I'll tell you. If I'm mad, don't bother me, leave me alone....if I want to. I'll tell you. Understood?" She: "yes....." Him: "great....I'll be back in a while ke va....." He kissed her and walked out. I'm not gonna tell Lihle bonanje, ndamaz lamtana she'll burn this person alive.....thought Lubby to himself. I just want to see izophelelaphi le plan yabo iphambeneyo. Because if and when Lihle gets hurt..... Heh.....

He went to the lounge. Lubb: "I'll be out for a while ne....ndizobuya..." Luks: "uyaphi?" Lubabalo smiled.... Luks: "what?" Lubb: "I'm just going out...and no you're not coming with...." Luks: "but mos mna ndifunu hamba?" Lubb: "lukhanyo!" He said

through gritted teeth... Thulz: "yeah, nathi sifunu hamba..." Bathen nababantu! Thought lubabalo... He sent them a text: "Ndiyaku-Liya Zidenge!!" They both laughed at the same time. Lubabalo walked out to his R8. He drove to Liya's house and called her to come out. She came out and entered the car. He drove off..... She: "uryt?" Him: "yep, you?" She: "what's wrong?" Him: "nothing babes..." She: "look, your temples have vessels on them...you look stressed..." He smiled and his face eased up... She: "better.....we have to talk about something..." Him: "and that is?" She: "us..." Him: "did you drink the pill?" She: "yep....ndiyamensa though....don't know ke if that's normal...." Him: "soy'bona phambili..." He pulled up by the pier and they walked out....he wanted to hold her hand but controlled himself....they got to the end and looked far into the sea....she was shivering a bit. He took off his sweater and dressed her....then stood behind hugging her warm.... Him: "what about us?" She: "we have to break up Lubabalo. When I'm done with my exams. I'm leaving P.E..." Him: "but I thought we'd finalized our plans Liya, we agreed that uzofunda ekapa I'll pay and visit nge weekends. Yinto ngok utshintsha izinto?" She: "my parents are moving me to Transkei...." Him: "hayi ke yikaka yodwa leyo....Liya, you're going to Cape Town!" She: "Lubabalo please stop fighting! Kuske kwathin these days wangca njengo chappies!? I thought our relationship wasn't serious. You just wanted to "play" and "have some fun" do you remember that? You told me that you were incapable of love and that awufun und'nika the wrong impression. Now why all of a sudden uyand'valela....?please man Lubabalo, just try and let go ngok....noko, its been long.." Him: "your future is important Liya! You can get the best education eKapa." She: "NO! Just.....just stop Lubabalo tu....." Him: "fine....." He held her closer...smelling her perfume...rubbing his cheek against her hair... Him: "so this is it? Our last night together?" She: "I'm sorry...." Him: "don't be....." He let go and walked back to the car. "Masambe...." They drove back home and he dropped her off. She kissed his cheek. She: "thanks Lubby.....maybe I'll see you one day. Andaz nini...." Him: "sho Liya..." He didn't even look at her....just stared straight ahead. She got out the car and he waited till she was inside the house before he drove off....

Chapter 244

Lubabalo got home in a bad mood. Luks: "and now?" He was with Vuyo and Thulani and Namhla still. Lubabalo just walked straight to the bedroom and locked it. He put on his headphones and dialed a number.....caller: "God....lubabalo do you EVER sleep!?" She mumbled. "Its 2am! What could you possibly need..." Him: "I need your help Lihle...." Me: "aren't you with Lukhanyo na? Can't you ask him? I'm really tired hey..." A baby started crying in the background.....she groaned and got up. It was Lutha. She: "fine, you've got my attention..." Him: "ngu Luhle lowo?" She: "Lutha..." Him: "yaa ingqina!!" He smiled... She: "what's wrong?" Him: "there's this girl Lihle, she so.....different. But akand'fun....." Me: "no doubt in my mind why. Because you call people at random hours, you're in your own planet with your own time zone yaz." Him: "Lihle khayeke mtshana I really need your advice." Me: "chances are.....she likes you too. Talk to Vuyo please Lubabalo. Jesus, you two niqoshelene too much man...just show her how you feel..." He mumbled something under his breath. She: "what?" Him: "how do I show?..." Me: "I don't know, sometimes Lukhanyo leaves note on the dresser. I really don't know.....you could write her sometime cute. Listen to her, massage her....you know....try and connect....an occasional bunch of "I'm thinking of you" flowers. Call her regularly....just have fun, without spending millions...you own a beautiful house, have a picnic at the garden..." He was scruffling something. Me: "what are you doing." Him: "I'm writing this down. So uthi I must be romantic?" Me: "yes. Just be sweet and understanding...." I groaned...Lutha had fallen asleep on my chest. I was getting sleepy too.... Him: "yima man sulala....so you say I must write poems?" Me: "that's an even better idea, please don't download a poem, it must come from your heart...." Him: "uhm....maybe if I write about blades and knives and stuff....would that be fine?" Me: "you need psychological help....ndicelu lala man lubabalo..." Him: "just one more thing?" Me: "what!?" Him: "okay nevermind.....nytie! Thanks for the advice." Me: "I did not have a choice....bye" he hung up.

I woke up the next day and Lukhanyo was snoring next to me. He came home drunk. I put Lutha in his cot and washed my face then brushed my teeth. I went to check on the boys and they were still sound asleep. I went back to bed next to Lukhanyo, he tucked himself behind my back. Me: "how you feeling?" Him: "like shit...." Me: "good. Zoyeka usela is'baxo." Him: "why did you leave?" Me: "I was tired....buthethile noTellytubby?" Him: "bout?" Me: "he called me eksen asking for advice.....he likes Vuyo." Lukhanyo giggled. Me: "yinton inyubisa kehok?" Him: "hay akhonto babe..." I got up and went to make him a banana shake...I made just bacon and eggs for the boys. The babies woke up and I fed them...Lukhanyo was sitting up by now. On his

iPad, checking emails. He kept texting on his phone. It rang. Him:

"ja?.....eh.....ja.....namhlanje?!.....fuck....okay sho....." He hung up.

Me: "yinton?" Him: "I have to go to Pretoria. There's a crisis and it needs immediate attention Today." He sent a text to Lubby and told him. He called straight away.

Lubb: "so hamba what time?" Luks: "I'm looking at flights right now ndifumana eyaka

12." Lubb: "ubuye nin?" Luks: "maybe ngomso..." Lubb: "ayyt cool, check this. I'm

going to Cape Town this morning ne, I'll be back probably tomorrow night or

Monday morning...so I'll use the jet to go there. Then inyuke during the day ik'linde

till you done ubuye ngayo tonight?" Luks: "ayt cool, khame ndenze ready,

gonna take a bag?" Him: "no babes...I think I'll be back ksasa..." When he was done

he got dressed. Me: "what's going on?" Him: "hayi lihle...its best to keep out of this

one." He took his possessions and kissed me goodbye. He said goodbye to the kids and

left.....

Lubabalo was dressed and packing a small bag. Lubb: "babes, please....." Vuyo: "baby

I'm not feeling well bonanje, I'll ruin your whole trip. I'll be okay I promise." Him:

"you sure?" She: "yes! Now go...." He kissed her and left. She quickly dialed for

Bukiwe. She: "yeke peto! ULuks uhambile namhlanje...he'll only be back ksasa...! Nalo

uyahamba but they'll be in different places. Befuna ndihambe naye but ndathi ha.a..."

Bukiwe: "good girl. Now the next step is to go to her house with "the

goods".....ngay'libal iplain yogurt ne condoms.....yakwaz qhuba? Take one of Lubby's

cars...uye pha..." Vuyo was abit nervous. Lubabalo would murder her if she touched

his Mercedes Benz SLS.... She: "okay..." Bukiwe: "make sure nalontyrwityi akekho!!"

She: "okay let me call her ndiye kuye..." She got dressed and called Lihle up. "Hey

love uryt?" Me: "yeah....u?" She: "I'm ayt....listen, I just want us to talk about izolo,

andiy'thandanga la bad vibe besikuyo....it makes me uncomfortable...." Me:

"okay....come right over....noNamhla usandofika..." She: "okay ndiyeza".....vuyo got

dressed and went to lihle's house....they chilled after a while.....

Hours later....

They had take aways. Me: "I've got a headache bonanje." Vuyo: "take pills, ulale

ntombi, I'll be on my way....Lihle went to the kitchen as Namhla went to the

bathroom... Vuyo took Namhla's phone and sent a quick text to Thulani. "Wanna c u.

Miss u baby." His reply: "on my way." Lihle came to sit back down and tried putting

Luhle asleep. After a very long time she surrendered. There was a knock on the door, it

was Thulani, he came striding in. I went to put Luhle down.....I was getting really

drowsy. Thulz: "masambe babes..." Namhla: "siyaph kehok?" Thulz: "uthe

uyand'khumbula nje, come let's go somewhere...I wanna show u something" they got

up and walked out. My head was heavy..... I needed to get to bed. Me: "Vuyo peto, uzohamba?" She: "yeah, ndiyahamba ngok...." Me: "utixie my friend, take the key, I'll use the spare for uvula...." I went straight to bed and fell asleep instantly!....vuyo came into the room tip toeing. She planted the evidence slowly and quietly then left without making any sound.....

later that night Lukhanyo walks into the house. He walked into the bedroom. And his nose caught a familiar cologne. He switched on the light and went to the en suite when he walked back out he saw Lihle's pink lace G string on the floor. He picked it up, and dragged a vest. It belonged to a male. His heart beat faster. He saw an empty bottle of whiskey laying on the floor with 2 glasses, one half empty. He looked on the floor and saw 2 condom packets. With the condoms aside. They looked used. He looked at a dozed off Lihle in a weird sleeping position and his rage shot through the roof!

Chapter 245

Lubabalo was in his hotel room, he was on his laptop looking for a townhouse for him and Luks.. This being in hotels all the time didn't sit well with him. He couldn't move in to his parents' house either because it brought back bad memories. He looked at his phone and decided to switch it on for some reason. He had it off since morning because he was on the jet and immediately started working when he got to Cape Town. He sent Liya an email: "please check your messages." Then waited a few minutes.....then he sent an sms: "please check your whatsapp tu..." He waited a few minutes... Then sent a whatsapp: "check FB inbox"..... In the inbox he wrote: "just missing you..... ❤️<3" he smiled at his cute effort. She replied to the inbox: "Lmfao, but Lubabalo wena. Mxm....Lol." His heart tore a little... Him: "you don't miss me?" She: "I'm tryna study yazi....." Him: "😞:(.....she didn't reply. Him: "babe? 😞:(.....she still didn't reply. Him: "hayi kodwa! 😞:(" She: "lol, why you acting like such a big baby?.....of course I miss you.....please let me study. I'll call you later. Mwah xxx" he smiled and checked his phone, a text came in. It was the tracker....there was a connection within two numbers, one belonging to Vuyo, the other he didn't know. He hacked and found it being used in the Greenacres Hospital. He knew it was Bukiwe, he didn't even need to prove it. Another text came in.....another she'd sent a message to. It read: "leave me alone Sibho, I don't want to hear from you again! Utheni na!" He replied with: "that is my child and I will fight you in court, ndinibambise

nalosathana wakho!" Lubabalo laughed out loud. Lubb: "I wonder uzond'bambisa phi.....because mna ndizothethelelwa ngu Yesu wam...." He said to himself.

Thulani and Namhla were in his house in Blue Water Bay. He poured wine for the both of them and relaxed in the lounge.... She: "intle shem indlu yakho...." Him: "ayika fiki k'le ka Lubby....ei indenz umsindo landlu rhaaa..." They both laughed. She: "so tell me about this wife of yours...and'fun phinda ndive nganye abantu ngawe Thulani, I want you to tell me everything. If we gonn make this work, we need to be honest with each other..." Him: "okay, sit here ndiyeza" he got up and ran to his study, he came back with a bag of papers. He looked through each one.....copies of Junior's birth certificate, other certificates then insurance papers. He gave Namhla two papers. She read them through...it was a contract, between him and his wife. It was terms of their marriage, they don't sleep together, or in the same bed. Their marriage was for the child they had together. And that was it. He paid a monthly allowance to her and for the child. She: "what kind of marriage are you in Thulani? What the hell?" Him: "it was an agreement, ndand'ngafun tshata mna. Especially not with her, so I asked my uncle to draft a contract, I didn't want her....so ke wenza le...that's why she might make it difficult for me to divorce her. Worse ngok ubone ba kukho icherri egrand endiy'thandayo manyan in my life...." He kissed her... She: "hay man wena...." She blushed.... Him: "so baby, I'm gonna need you to be strong....und'supporte.....ndamaz Bukiwe yimoeren yeraki...ephambeneyo....as soon as all this is over...you're moving in with me...when you done with school....we getting married....solid plans yabo?" She: "hahaahaa...woah there soldier....we'll tread carefully...akho need siy'rushe...and'fun bhalelwa contract nokwam....ndingabhubha sana..." He laughed...she looked through the rest of the papers and saw his HIV results....he was negative. Him: "yand'believer kehok?" She: "I was only making sure..." Him: "wena busow'testile?" She: "ndaqibela last year...." Him: "okay....nah soya together next week...kazapha man wena!"...he pulled her closer and kissed her...she dropped those papers to the floor and climbed on top of him.....

Lukhanyo was in a fit of rage. "LIHLE!" He roared. I woke up and look at him....the light shot at my eyes... Me: "baby wam....when did you arrive.." I tried rubbing my eyes and got up. He stared at me from the middle of the room. He's probably stressed. I got up and slowly walked to him. Me: "sthandwa sam are you okay?" He grabbed both my upper arms tightly. Him: "uthand undenzi kaka lihle ne? Ngumthetho wakho lowo? You just couldn't till I've gone!!!" Me: "what are you talking about?" Him: "don't act dumb! Oko kwayizolo nileqana noLubabalo nivalelene eKitchen nincokola ikaka, you just couldn't wait for me to go!!!!? Ngoba Lihle!? Don't I excite you enough? And'konelisi?" Me: "lukhanyo, you are enough for me, baby nguwe wedwa

for mna. What are you on about?" Him: "yinton ke le bhentse bisenzeka apha! And lomntu usando hamba apha I can fucking smell his cologne!" I looked around, seeing the vest, the panties, the bottle.....then the condoms.....ndaske ndadom. I tried remembering....hayi man, mos kange kubekho ndoda apha....I drank pills, not drugs. Me: "babes, bekungekho ndoda apha.....Thulani umke no Namhla way before I went to bed." Him: "so uleli noThulani ebhedin yam?" He hissed. Him: "uthulani lihle?????" Me: "awundiva baby. I'm saying he left, kange ahlal-" he shook me violently then I slipped from his grip.....I lost balance.....and BAAM.....the side of my head pierced with pain.....I fell to the ground.....it turned dark.....I couldn't hear sound.....or see him.....

Lukhanyo took out his phone and dialed for Thulani. Him: "yes?" Luks: "where the fuck are you?" Thulz: "ndikum endlin, nd'hlel ne mied....kwenzekan?" Luks: "I am going to fucken kill you Thulani! And andiy'xoki lento ndiy'thethayo!!!" He hung up. He dialed for Lubabalo. Lubb: "hello?" Luks: "ind'qhela masimba le kaka!!!! In my own fucking house! In my bed!!!! Ndizay'nyisa lentwana Lubabalo fethu!!!" Lubb: "calm down Lukhanyo.....what's going on?" Lukhanyo stared at Lihle's half closed eyes.....blood came out her nose..and mouth..... Luks: "fuck"his phone fell on the floor and he rushed to her.... Him: "Lihle..." He whispered... "Lihle, please wake up....." He held her lifeless body, she still had a pulse.....a very light one... "Lihle, wake up maan!!!!" He sobbed..... "Daddy?" He turned around and saw Chumani's horrified face....he started screaming..... And running away from Lukhanyo.....he ran into Namhla's room and hid in the cupboard.....weeping silently

Chapter 246

Lubabalo ended the call. Something was wrong. He jumped out of bed and got dressed. He called Steve. His phone was off, probably in the air still. He called the manager of the landing port to tell Steve not to leave. "Steve is on his way, tell him to keep the jet running, I need to get to P.E ASAP!!!!" Manager: "but he hasn't rested all day...he's been to 3 different cities already. " Lubb: "then get me another fucking pilot." Him: "aye aye Sir." He hung up and took his things then dashed for the airport. He tried calling Lukhanyo but he wasn't answering. He called Thulani instantly. Thulz: "hey fondin ndifownelwe ngu Luks apha unomsindo ndimenzen mna?" Lubb: "thulani, something happened. Go to his house NOW!!!" Thulz: "this person is about to kill me!" Lubb: "he won't! Just fucking goooo!!" He hung up as soon as he got to the

airport. Steve had just landed. Lubabalo didn't have time for the hi and bye.....he walked straight to the manager's "where is my motherfucking pilot!" Manager: "he's here sir..." They got up and walked out. Pilot: "hi, I'm Mason." Lubb: "let's go!" They got on the small plane and started for take-off.....

Thulani and Namhla drove to eFord....not sure what to expect. But if something happens uLihle ukhona, uzand'nqandela. They parked outside and walked in. They went to the bedroom..... Namhla was mortified! She started getting panic attacks....she tried breathing. Thulz: "baby, calm down....breath.....hlala phantsi....." The babies started crying..... Thulz: "you need to attend to the babies...." Namhla: "what did you do!?!?" She screamed at lukhanyo....who was numb, sitting on the floor next to Lihle's body....he was staring into space...his face dry with tears. Thulani picked Lihle up and put her in the Rover. Thulz: "Lukhanyo masamabe!" He came to drag Lukhanyo into the car and drove off.

They had rushed her to the emergency unit and the doctors took her in as quickly as possible....Thulani got water for Lukhanyo who was still shocked and sitting on the chair in the waiting room. Him: "what did I do?" He kept asking himself.... "Ndenzeni....." Thulani gave him the water. Thulz: "lukhanyo kwenzeka nton!?" Lukhanyo just sat still....staring across the room.. Thulani just gave up trying to talk to him because it was useless. They sat there for a full 2 hours.....the doctor appeared, and stood awkwardly in front of them and breathed. Thulani stood up... Thulz: "doc...." Lukhanyo was still sitting in the same position he was in when they first arrived...this time he buried his head in his hands. Doc: "sir, I need to understand what exactly happened." Thulz: "I think she bumped her head somewhere..." He covered for Lukhanyo... The doctor looked at him sarcastically and shook his head. "She could have hit a nerve or brain vessel And died. How does a person just bump their head accidentally for that result...." Thulz: "doctor, your job is to save her, not to confront us. Ndizoyazelaph mna!" Doc: "she bled internally hence the blood from her nose and mouth, we have managed to stop, it wasn't as bad as it should be....she hasn't woken up. But she'll be fine. Usually I am legislated by law to call the authorities for such a case. Domestic violence is a crime.....I saw her arms had grip bruises on them. But if you Say, she bumped her head....." He stared at Lukhanyo.... "Then I guess there's no need..." Lukhanyo stared back at him....for a very long time. The doctor turned and walked away. Thulz: "lukhanyo.....did you push her?" Lukhanyo kept still. He wasn't ready....he knew his brother was on his way and he would beat the shit out of him...so he didn't have the energy for uThulani...

Lubabalo started at his house. He went to the kitchen and took out a knife. Then a fire torch. He walked back to the bedroom and snatched the blankets from the bed in one pull. Lubb: "get the fuck up!!!!" He yelled. Vuyo got up and stared at him confused. "Baby what's going on.?" Lubb: "vuyo vuyo vuyo....." He shook his head.....closing his eyes. "What did I tell you?" She: "nganto ngok baby." He switched on the light without taking his eyes off her. She saw the knife in his hand and started to panic. Him: "jonga sana.....ndiyathetha....!" She: "andaz baby uthetha ngantoni mna..." She began to cry.... Him: "ABOUT this fucking family! The head, the neck! Everything!!! What did I tell you...?!!!!" She sobbed.... Him: "I know about your plan with Bukiwe. I know unomona ngoLihle, and I don't bloody know why! Lihle unomnyen wakhe, why are you so bloody obsessed with her! You will NEVER be her vuyo! Kuthen ungakwaz uz'accepta nje!? I was ready to sacrifice for me and you! Give you the perfect life, now you just fucked it up!!!!!!!"he pointed the knife at her.... She: "baby I'm sorry....." She wept.... "it was just harmless, besingafun um'hurtisha..." She said sniffing. Him: "do you know what you did?" She shook her head. Him: "do you know what I'm gonna do to you vuyokazi?" She stared at the knife. She: "it wasn't me, it was Bukiwe! She's the one th-" Him: "BITCH I will BURN YOU right this second!!! Don't you fucken lie to me!!!" She: "I'm not lying lubabalo....nguye mos" Sylvia appeared. "Hayin lubabalo kwenzekanto!" Him: "stay the fuck out of this. " He grabbed Vuyo by the hair and stripped off her clothing, he dragged her outside to the cottage and tossed her inside. "If she dies Vuyo. I will cut your head off and sell it to the chinese. I will Rip you in half.....and pull you organs out. ONE BY ONE....You better get on your knees, start praying and praise God, child!." He locked her in and left for the hospital.

Chapter 247

Lubabalo got to the hospital and found Thulani and Lukhanyo in the waiting room. He looked at them both...Him: "what happened?" Lukhanyo looked at the floor, playing with his fingers. He was just waiting for Lubabalo to hit him... Thulz: "lukhanyo found her laying on the floor....ndafika nam, so we took her to hospital...." Lubb: "lukhanyo?" He looked up at his big brother.....luckily lubb turned around to look for the doctor. He walked down the passage..... Luks: "you didn't have to do that" Thulz: "do you know what he could've done to you? Suphambana lukhanyo, you'll explain later...for now just focus on your wife getting better..." Luks: "I deserve

it.....thulani I deserve everything! Makand'bethe, let me take her place instead, cuz I'll never cope without her." Thulz: "lukhanyo get a hold of yourself! You have to be strong for her...she'll be fine betshilo mos nogqirha ." Luks: "but-" Thulz: "shhh. Nank esiza...." Lubabalo came to them... "The doctor says we can see her for a few minutes..." They got up and walked behind him...they entered the room and stood beside her. There was a pipe connected from her ear to the other via her nose. The machine was beeping just fine...her arm was in a drip...she lay still on the bed. Lukhanyo stared at her...Thulani held him because he looked like he was about to fall. Lubabalo sat down and breathed...he kept thinking of the last time they spoke...when he called her that night asking for advice...she had been helpful....although edikiwe....he smiled to himself...his phone rang. He looked at the number and walked out to the passage. He clicked the green answer button and kept quiet. Caller: "peto, did you do it?" "Hello? Vuyo?" Lubb: "jongapha Bukiwe. I know what you and Vuyo did. I will look all over lokaka yendaw ukuyo and I will kill you. Ava? njebenje u think you clever. Ndizoqala ngawe. Uvuyo uyak'landela, you'll get to chat about it in hell!" He hung up and walked back inside. He called Lukhanyo and Thulani. They stood outside the room. Lubb: "ngu vuyo noBukiwe abenze lento" Thulz: "how do you know?" Lubb: "I bugged phone ka vuyo, I heard them plan to 'teach lihle a lesson'....I didn't think bazoyenza so soon. I thought balinde kuhambe uLukhanyo yedwa and mna ndishiyeke behind. So that ibengath ndim bepha....lukhanyo what did you see?" Luks: "biyi vest, panty, i-empty, and used condoms..." Lubb: "noba babhaqhiwe ngu Lihle then they pushed her wabetheka. You didn't see anybody else around?" Lukhanyo looked at Thulani...he looked back. Lubb: "sanund'phambanisa nina! Thetha Man!" Luks: "no..." Lubabalo turned to Thulani. "Ndimthin umfaz wakho thulani?" Thulz: "lubby, don't kill her kuyo yonke oyenzayo, it'll be too convenient since sikwi process ye divorce. It will make things complicated...." Lubabalo turned and walked to another ward, searching for Bukiwe.....

Namhla tried to calm the babies down. She tried to contain herself from crying, everytime she closed her eyes, she saw Lihle's body laying on the floor. She fed Lutha his medicine and left him to sleep. She was with Luhle, then checked the other bedroom for the boys, she found Junior, under the blanket...breathing heavily. Pulling him out slowly. She: "iza boy...come here..." He slowly got up and held her hand. She: "Uphi uChumani..?" He lifted his shoulders as they walked into her room....she heard sniffing and breathing from the wardrobe. Namhla opened it and found Chumani cradled up, his knees to his chest, rocking himself back and forth....she pulled him out with her free hand and led him to her bed. She pulled the babies' cots into her room too. As she lay Luhle down, Chumani started mumbling...

"Uph umamam...." He was crying. Junior didn't even know what to say. Namhla: "she'll be fine bhut...uzobuya va..." Him: "nd'fun umamam mna..." Namhla sat on the bed and hugged him, he rested in her arms still crying.... Junior came to sit on her other side and hugged her too....she lay them down and they fell asleep in the silent house.....

Lubabalo found Bukiwe. He stood at the door and stared at her. "Bend'then kuwe?!" He growled. He walked straight over as she tried to buzz for the nurse, he cut the cord and fell on the floor. She: "hewethu, ndikwenzenton mna!?" Him: "you tried to get Lihle killed! The fuck you mean, undenze nton!? Und'cukumise ndiz'thulele!" She: "bingu Vuyo obefuna hurtisha uLihle, you don't pay attention to umntana bantu, bufuna thini!?" Him: "I am always there for her! Yay'fumana yonke into ay'funayo! What more does she want!?" She: "kengok ngulihle omcenge nganto lo? Uyak'tyisa dan???" He grabbed her neck and started choking her. "You better watch how you talk to me!!" She: "aska...tshotsho nalo lihle wakho!" She croaked. He pinned his claws on her air pipe(esophagus)....she struggled to breath....tears streamed out her eyes... Him: "say some shit else. Go on, I dare you!" She couldn't utter a word. She got a seizure. Then lubabalo let go. Him: "I'll be back. Every time. To make sure you living a life worse than hell!" He walked out to the passage and went back to Lihle's side.

in the early hours of the morning lukhanyo, lubabalo and thulani had went home to change. Lubb: "call Ta Smig after you shower." Luks: "I don't feel like showe-" Lubb: "lukhanyo you're going to go shower! I'm not gonna walk around with someone who smells like struggle." Thulani giggled behind him. Lukhanyo didn't find it funny. He went to take a quick shower and walked out to find lubabalo ironing a shirt for him. Lubb: "wear this..." He gave him the shirt and jeans, thulani was showering in the other bathroom. Luks: "so what you gonna do?" Lubb: "nganto?" Luks: "vuyo..." Lubb: "I don't know lukhanyo, I would kill her without hesitating bonanje, yinyoka lamntana. Qha ndicingela umntana." Luks: "ayingowakho mos." Lubb: "that doesn't make it right...you know I have a thing against killing abantwana..kwa abortion leyo....you know I hate it..." Luks: "so you're gonna let her go? Just like that.." Lubb: "nope.....she's gonna suffer. She will pay. All in good time. She picked the wrong person at the wrong fucking time! Uzokaka iztena ndak'xelela...." He took out a few weapons and put them on the floor. Lubb: "pick one.." Luks: "uzokwenza nton?" Lubb: "ndizok'qhaphula lukhanyo what do you think?" Luks stared at him in horror... Lubb: "relax.....take this" he gave him two and pushed the others under the bed. He took it back and got ready to leave. Him: "ndiyabuya. Don't move!" He walked out and started his car then drove off..

Chapter 248

Lukhanyo sat in the bedroom. He was in conflict with himself. He knew it was wrong to lie and save his skin. And vuyo was about to suffer for it. He got up and paced around the room. Until he just took his keys, waiting for Thulani to be busy and then he slipped out. He drove off as quick as possible. Lubabalo drove swiftly to his house.....mind reeling. His phone rang. Him: "hello?" Caller: "hey, I know I said I'd call later but ndiye ndalala....I'm on my way to school now, ndiyobhala...." Him: "ei babes, ndibuyile ke bonanje....something happened apha so I'm just going to sort it out..." She: "I hope its not bad ke..." Him: "I don't know ei....do you have mal yelunch?" She: "yes....I do...lubabalo...I thought we spoke about this. We're done." Him: "does that mean I'm not supposed to care kehok?" She: "I have to go...." Him: "why are you shutting me out?" She: "I'm not. I'm just being realistic. You have to let go. Bye bye. I'm about to get to school." She hung up.....somehow he felt a bit better. Still tired but only physically. He thought about Vuyo.....as he parked in front of his home. He cared about her, but uyenza njan into enje? Was it really my fault? He asked himself. Hayi man ndenzen though?...he got out the car walked to the house and went out the back straight to the cottage. He unlocked it and walked in. She was sitting in the corner. He closed the door and sat on the bed.... Him: "a part of me wants to kill you....another part is thinking of the baby....and another cares about you....." She: "lubabalo I'm soo sorry..." Him: "tell me why..... She's your friend! Why do you want to ruin her life?" Vuyo kept quiet..... Him: "you better start talking the truth and nothing else....its the only thing that'll help you. God doesn't like people that lie. Neither do I..." ... She: "you love her! Awukwaz noz'cenga lubabalo....you don't see me xa kukho yena....you jumped off mountain tops just to make her happy and mna I'm treated like dirt" Him: "but did you calculate your move...? Did you not think that the minute she's hurt I'd go straight to her and leave you?" Vuyo: "I just wanted you to love me. The way I love you!" Him: "you just say that shit to get to me..." She: "no I'm not..." Him: "unjan umtana?" She: "I felt him move....." He stared at her.... Him: "do you see phof you just put the life of your son in danger? Come here...." She stayed right where she was. Him: "I said, Come Here!" She stumbled up and walked to him. He kneeled her down and sat next to her. Him: "Pray." She: "what?" Him: "und'vile Vuyo. I said Pray." She: "but why?" Him: "you just tried to kill your friend for attention yendoda. Have you tried Jesus' attention first? You need a spiritual intervention, child. Thandaza." She: "lubabalo....." Him: "Dear God, please bless this girl who I feel like beating the dna out of. I am trying to calm down Lord, give me the patience and the strength....." Him: "I'm waiting...." He said to Vuyo. She: "I ask for your forgiveness Lord. And for ey'ka

lubabalo.....I'm also sorry.....for hurting a friend.. I pray that she can forgive my actions...." Him: "I hope this prayer has reached the Lord's ears. I hope the Lord may forgive me for this part. But if I never see this girl again... I shall praise you for eternity. Amen." She: "lubabalo please...." She held his arm. She: "baby ndak'cela...." He sat on the bed. Him: "cela uhambe ndlin yamu please..." They heard voices outside then someone knocked on the door. "Lubabalo! Don't do it!" The door swung open. Luks: "it was me." Lubb: "what?" He looked at his brother confusingly. Lubb: "it was you who did what?" Luks: "we were arguing....and I held her arms....she slipped and fell.....then....." He was out of breath... Lubb: "so you lied to me?" Luks: "lubabalo it was a mistake...." Lubabalo was shaking with rage....his hands were shivering...he took deep breaths then got up and walked out.....

Lubabalo took his Mercedes Benz SLS and drove off....he didn't know where to. He just had to get away from all these lies and deceiving people. Ndenzwa isdenge mna nguye wonke umntu apha. Thulani, uvuyo, ulukhanyo. And then they wonder why lihle is my favorite.....I've told her things no other person knows....and she didn't turn against me, she didn't use it to her advantage.....they're all liars! Yinton enye aband'fihlela yona?.....he stopped at the robots.....where the fuck am I going?...he asked himself. Why am I running?....he did a U-turn and went to the hospital. He sent Lukhanyo a message: "Your actions hurt me. But kill others. I can't begin to imagine what it could feel like to be you. Because I'd never had love. I'd never been wanted back. This is not only about amacherri. This is about family. Family you seem to toss around like objects. Why Lukhanyo? I'd fight anything to take your place. But now, I've stepped back. Do you. Whatever takes you mountain high. I'm done fighting you or your battles. And cela ungathethi nam...I'm quite upset at you right now..I can't even look at you....xelele lomtana amkhe endlini yami by the time I get back... L*" he stopped at the florist and bought a small bouquet of flowers. He got a vase and went to the hospital. He dropped the flowers in the vase, pouring water into it and placing it next to his friend. He wrote a note: "Get Well soon, chomi" he turned around to leave. That's all he could say or do. Its not his business anymore, I am invloved too much!....he bumped into Ta Smig in the passage. Ta Smig: "Lukhanyo, unjan uLihle..." He felt like snapping. Its so unfair! Why do I have to look like him?! Him: "ndingu lubabalo bhut....she hasn't woken up yet..." Ta Smig: "hay and'naz alok mna.... what happened..." Lubb: "bhut, and'xelewa nto alok mna. Buza ku lukhanyo behind you." Lukhanyo stood there and stared at them. Lubabalo walked right past and out the hospital...he had to leave. Anything to keep his mind off violence. "I am not a beast".....he kept reminding himself.... "I am normal..." He called Liya....but her phone was off. He drove to Pearson High School and parked by the gate. He would

wait.....2 hours later, learners started walking out. He saw her.....she literally froze and looked a bit irritated. He opened his butterfly door and stepped out....all the students staring....he left the door open and leaned on the bonnet. She: "do you have to?!" She hissed in anger. She: "what the hell lubabalo! Isn't it enough that you ruined my life at home. Now ufuna uzond'jongisa ngabantu eskolwen?" She breathed... Him: "are you done?" She: "no I am not Done lubabalo! And please close that damn door." Her friend came to stand next to her smiling brightly. "Wow peto, ayisentle bhut imoto yakho." She batted her eyelids at lubabalo. Liya: "Sesona, gahambe!" She: "hay peto ndik'shiye?" Liya: "ewe sesona. Bye bye" The friend turned around and walked off. Lubb: "so unomona ngam kodwa you aint want me?" She: "I am not jealous!" Him: "really? Ayt cool..." He got up and walked to his door. "Ask your friend if she wants me to give her a lift." She: "sund'phambanela lubabalo!" Him: "HAA! Jealousy!" She couldn't help but giggle.... Him: "take a drive with me....come.." She got in and closed the door.....they drove around in silence...but he seemed content. She: "und'saph ba awuzothetha nam?" Him: "siya ku Ntsika...." She stared at his cheerful but serious face.....he was soo not joking.

Chapter 249

Liya: "lubabalo, stop this car tu..." He stopped. She: "what's going on? Siyothin ngok ku Ntsika?". Him: "usam'funa dan?" She: "that's not the point! You knew I had a boyfriend in the beginning. Now all of a sudden does it have to change. WHY?" Him: "do you love him?" She: "that is none of your business..mna nawe we were just having fun anyway..." Him: "I don't want to have fun anymore Liya! I'm tired of chilling!" He yelled. She: "ngok uthukisela nton?" Him: "sorry babes man....I'm just agitated that you think the worst of me." She: "how is it the worst? Its what we both agreed on kwasek'qalen....you have like 2 other girlfriends kodwa ufuna mna ndingabinamntu? Hay noko." Him: "ngoban abo?" She: "zintle ufasti wakho, plus nosipho lo wawuhamba naye boardwalk." Him: "ndohlukana kdala noZintle mna. And who's this that you speak of wase boardwalk?" She: "I once saw you uhamba nomnye eBoardwalk..." Him: "yayaz nawe ba andiy'hambi boardwalk kamand....I haven't been there in years..." She: "so uth ndiyaxoka?" Him: "wena uth ndiyaxoka?" They both kept quiet..... Him: "I want to try something...." She: "what?" Him: "being faithful....." Liya: "siyothin kehok kuNtsika?" Him: "I want you to break up with him, or must I do it for you?" She: "don't start tu....." He drove off.... Him: "address?"she

stared out the window. Him: "xolo wethu sisi, i-address ka nondoda ithin?" She: "you are not funny bonanje..." Him: "tap it on the GPS...." She typed it in and they got to a street which a group of guys were already standing by the corner. Lubb: "oh my God, please tell me I'm dreaming. Pinch Me!" He rolled his eyes.. Liya: "lubabalo.....please." Him: "you didn't tell me he was this ratchet." She: "you are beyond ratchet! You on another level." Him: "mxm.....ngowphi kwaba?" As he tried opening his door. Liya held him. "I'll do this myself. Please." He breathed and sat back. Liya opened the door and stepped out, walking to a guy wearing red skinnies and a blue top with blue carvela's. Liya got to Ntsika. Him: "nguban lu hamba naye fondin?" She: "Ntsika, there's something I need to tell you. I can't be with you anymore." Him: "you cheating ngo Sugar Daddy ngok Liya? Utyiwa ngotata ngok abanez'lahla!?" She: "ayingo sugar daddy lona Ntsika, and nawe kudala wand'dyolela ngez'kritsi zakwi tavern. Its about time man ngok sohlukane..." Him: "yand'lahla ol'hlobo...? Ngenxa yotata womntu uyand'lahla!?" She: "goodbye Ntsika...." She turned around and he pulled her arm. Him: "but ndiyak'thanda nje Liya." Lubabalo got out the car. "Is there a problem here?" Ntsika: "no, der izn't a problem groti..." He let go...Liya went back to the car, they got in and he drove off.

Lubb: "awusethule." She: "I hate what you did, it was uncalled for nyan..." Him: "I didn't do anything, nguwe olahle umntana bantu not mna..." He chuckled... "Phamkwe chom'zakhe still....hay ungcolile lovie..." She kept quiet.... Him: "let's go to the Radisson Blu. For lunch..." She: "isn't that a hotel?" Him: "yeah, which a friend of mine partly owns...." She: "ndinxibe uniform yeskolo Lubabalo." He drove to Walmer....he parked at the mall and handed her the card. "Buy an outfit, utshintshe ubuye..." She got out and walked inside the mall. She thought to herself about what Lubabalo meant to her.....she was beginning to feel more comfortable again since the incident at her parents house. Her father wasn't much of a fan of him though....although he didn't mind entirely.. She got to Edgars and found a white and blue maxi dress and navy sandals. She paid and went to the bathroom to change. She untied her ponytail and let her hair hang to her shoulders. She wasn't wearing make-up. She got out and hopped to the car. Lubabalo stared at her. Him: "what took so long?" She: "was choosing something to wear tshin..." Him: "you look pretty..." She: "thanks..." He still stared at her. She: "please don't." Him: "can't I look at my girlfriend kehok?" She: "andiyo cherri yakho mna..." Him: "ohh yeeahh kanene....stupid me. It'll take some time getting used to. My Wife...." As he started the car and drove to Summerstrand. Him: "what you gonn eat? I feel like having prawns..." She: "prawns? How can you eat those?....I'm sorry but ha.a....ndicela fish le ndiyaziyo mna..." Him: "hahaa....ohh bethuna....they taste quite good have you tried them?" She: "no...." Him:

"exactly, we're having those ke....promise you'll love it." They got to their destination and hopped out...meeting one of Lubabalo's friends. Sandile. Him: "LUBBY!!!" He yelled....he had a big belly but a small body. He wasn't fat or chubby it was just a belly. He had a beard too. With a very big mouth. He yelled when he spoke. Lubb: "do you always have to be that loud? Damn yo.....always fighting for attention kodwa unxibe i-dimmers(referring to the old sunglaasses)..." Liya burst out laughing. Sandile: "join me for lunch....ndak'bona uphethwe sisgezoz..." They sat down at the large table...Lubba pulling Liya's chair closer to him. Sandile: "hee, ungade. Ingath sizom'mba...." A tall light skin girl in a tight dress and heels appeared. Sandile: "nanku mntu wam..." She sat down next to him. "I'm Thembi" she extended her hand to Lubabalo.... Him: "hi." Without shaking her hand...the girl stared at him with disapproval.... Lubb: "sthandwa sam...what would you like to drink?" He asked Liya. And they ordered.....

Lukhanyo and Ta Smig were still at the hospital... "Lukhanyo, kwenzekan between wena no mkhuluwa wakho?" Luks: "we just having one of our many differences.." Ta Smig: "lukhanyo, and'sos'bhanxa....I know whatever it is, it has to do with uLihle." Lukhanyo stared at him... Ta Smig: "lihle told me ngezinto ebezenza." Luks: "yeah....well, he stopped... Malume, ndim'phethe kak'bi uLihle...I'm the reason she's here. I'm....." He broke down. Ta Smig: "lukhanyo, man up. And'ngo Lubabalo kemna. Lihle will be fine. You need to talk to your brother." He held him in his arms.... "Gqina ndoda..." The doctor walked in.... "I'm sorry, Mr Mzinyathi?" They both looked up..... "She's awake." ... Lukhanyo breathed heavily, "she's gonna leave me.....my perfect dream is coming to an end...." he whispered...

Chapter 250

Lubb and Liya drove home. Him: "so zakwenza nto fika kwakho." She: "study..." Him: "cela uzok'ncedisa..." She: "no thank you, I'll be fine...". He smiled seductively... "Cela uzofunda pha kum?" She: "Lubabalo. We need to talk man, hay this is too much." Him: "about what?" She: "you're forcing me back into your life. We haven't even spoken about it. You make me dump uNtsika, then you act like.....like this." Him: "babes-" She: "no lubabalo...when I said its time to let go....bendingadlali...because I'm needing to be focused on my shit right now. You will distract me." Him: "I won't, I promise...." She: "Yes you will. Jonga i-activites zanamhlanje. I mean really?" Him: "I want to start a future nje Liya..." She: "lubabalo. You're 26. You are a civil engineer.

You own your own companies. You are beautiful...I'm sure khona enye icherri enok'nika lento uy'funayo. I don't wanna be tied down into marriage ndim'ngaka."

Him: "kukho abantu abancinci knawe who date older men than me...they don't even love them...cuz they have wives at home. But mna I'm wrong for falling inlove with you, ndingenawo and I'm not a grandpa?.....k sho." She: "what?" She was bewildered.... She: "you're what?" Him: "yeke wethu Liya.." She: "you? Inlove?" Him: "ndithe yiyeke Liya ne."and that discussion was over.

Lukhanyo sent Lubabalo a text: "she's awake.." Then walked in Lihle's room. She: "hey baby...." She tried a smile. He breathed a sigh of relief. At least she wasn't fire-dragon angry. Him: "hey babe." She: "kuthen umele kude nje....sondela sthandwa sam...." He walked over to her side as she tried sitting up. Him: "unjan?" She: "I'm okay..." She thought really hard but she couldn't put her finger on it. She: "why am I here?" Him: "uthetha njan?" She: "like kuthen ndise s'bhedlele? Am I sick?" Him: "uhm.....no." She: "Then what's going on?" Him: "you don't remember?" She: "no....." Ta Smig walked in. She: "yay!..." Ta Smig: "if bend'sazi ndizoba ne pavi ngendaza kdala mos.." He leaned over and hugged her. Ta Smig: "uryt mntanam?" She: "I'm fine, baph abantwana bam?" Luks: "they're with Namhla and Thulani." She: "yuuuuuh thiza, hay I have to go home." Luks: "they have it under control" She: "they're too inlove to be around my children....yuuh Bawo." Lubabalo replied to his message: "good." Just like that? Lukhanyo sent another: "aren't you coming to say hi?" Lubb: "no. Told you I'm done with you lukhanyo. You do your shit and I do mine. I'll come when I have the chance. Which will not be today neither tomorrow. I'm busy." Lukhanyo's heart fell and broke into billions of pieces. How can Lubabalo NOT want to see uLihle? Of all people? Is he really backing that far away? Lihle: "yinton ngok?" Lukhanyo snapped out of his thoughts. "Hayi akhonto babe..." She: "ndakwaz ke wena u-secretive." He tried a giggle but failed. He was in pain...his other half was abandoning him plain and simple. Did he push too hard? He scrolled through his pictures...it was pictures of their new tattoos..... My name was inked to his neck, he can't just forget about me! Lukhanyo held out his hand and touched the back of his neck "Lubb87" his fingers rubbing over the letters. The special letters....he had to try again. He couldn't risk losing uLubabalo. Not for the 3rd time.....which could be forever.....

Lubabalo got home after dropping Liya off. He parked in his garage, he was playing his Joyous Celebration album....so he was in a very good mood. He sang and hopped out the car, switching off the ignition and walking into his house....he hummed a tune all the way to the kitchen..opening the fridge and taking out some juice, he closed it and found Vuyo behind the door. "HAY MAN!!!" He yelled. "I thought I heard myself

correctly! LEAVE. Usafuna nton apha!? Busy loitering around in my premises ngath ngu hili! Yuuuuuh, good Lord have mercy." He did the holy cross on his chest. She: "please lubabalo. We have to talk..." Him: "I don't speak witchcraft nontombi." She: "lubabalo please.....ndiyak'thanda mntu wam....we can work this out together..." She cried. Him: "don't come and cry apha, like you aint know it was gonn turn out like this." She: "I wasn't thinking..." Him: "then how safe am I, when you go around not thinking?" She: "I love you lubabalo..." Him: "bukhe wavasa phof?" She shook her head. Him: "please go take a long ass bath. You'll find me in the cigar lounge, we'll listen to some gospel and talk." She: "ingenaph iGospel?" Him: "I'm trying to get rid of you...." He walked off to his lounge....

Chapter 251

Ta Smig: "baby girl, I have something to attend to kengok...I'll see you again probably ngomso ksasa..." Me: "thanks for coming bhuti....." He hugged me and walked out.... Lukhanyo was acting weird. I saw a small bunch of flowers beside me. I took the note and read it: "Get well soon, chomi"... It had to be Lubabalo, I've never seen his handwriting but this looks exactly like it. Me: "heee, khona uphi lo?" Luks: "I don't know" he whispered. Me: "njan ungayaz?" Him: "we not talking..." Me: "I wonder iyawa yinton kengok.." Him: "I have something to tell you baby..." Me: "what is that?".....my heart raced....kwenzekanto.... Him: "I know you're probably gonna hate me and leave me. I know this is the last chance I ever got. And I fucked it up....I don't respect you....I don't know how to treat you....I just.....I love you soo much, I don't know what I'd ever do without you..." A tear escaped his eye.... Me: "kwenzeka nton lukhanyo..." Him: "I'm the reason you're here...." Me: "what do you mean?" Him: "I got home ndisuka ePretoria, I found icondoms and stuff around the bedroom....I know you couldn't have been that stupid. You would never do it....I don't know what came over me. I was holding you.....shaking you....then you slipped and hit your head...."it all came rushing back....I could feel my head throb because of the pain....the anger in his eyes that night.... Me: "get out" him: "bab-" Me: "phuma lukhanyo."

Lubabalo switched the mode and put on the Drake album. He poured himself the Three Ships 5 year old whiskey. His favorite...because it described his personality slightly sweet but with a peaty character. Long, full and had a warm finish. He turned up the volume a little.... The first track was on: 'Tuscan Leather'....he sat down and

read a newspaper. Browsing through....he was actually thinking about his 40 million dollar tender.. He downloaded an exchange rate app on his phone and checked how much money he'd make. The exchange rate between the rand and the dollar today was \$1 - R10.17 so that would be 406 million. He smiled....but wasn't entirely satisfied, my aim is to be a billionaire. Not le shit...then his mind shifted....la mali zasiy'bile uLihle way'fihla....his smile extended. I must give ezi ziy2 mali yazo bohluwane nam....I must open a new account....it should be based in London...so that its untraceable. His phone rang. It was Dylan. Lubb: "hey..." Dylan: "hello Morrison...how is you doin ou'ther?" Lubb: "I'm great Gentiva. What it do?" Dylan: "amazing....we have the things in order for the first half, but I'll be in South Africa in 2 days' time...I have some business to attend in Cape Town. Maybe you could take me around for the drinks you owe me?" Lubb: "good idea man. I'll organize the jet for you when you get here, trust me, you don't need the hustle and bustle of this country..." Dylan: "hahaha...I can count on you on being the greatest host...I'll contact you with my landing details then.....till later" Lubb: "sure thing ma'man...." They hung up. Vuyo walked in.....Lubabalo was in deep thought when the track Wu-Tang Forever played: "I just love when I'm with you, yeah that shit is on ten. We used to be friends girl and even back then you would look at me with no hesitation and you'd tell me, baby its yours....nobody else's.." He automatically thought about his late friend.....tears threatened his eyes.....he quickly skipped the song to "Connect" Him: "hlala phantsi sisi, cela ungazond'mela mna..." Vuyo sat down... "Hey.." Him: "hi" ...she kept quiet... Him: "I'm kinda busy being lazy bonanje....so if we could just skip the silence?" She: "Lubabalo, I know what I did was wrong. I don't even have an excuse for it....but lubabalo you never pay attention to me. You always rude to me and disrespect me xa kukho uLihle..." His eyes pierced through her.....as if he was thinking.....like he wasn't even listening.. "I just want us to work out, I want to make you happy...I want US to build a home together, ndiyak'thanda baby, I would do anything for you....literally Everything. If I hurt you, I'm sorry.....and if it means being under Lihle, I don't mind. I just want you qha. I don't care anymore...." Him: "oh." She: "just oh?" Him: "hay ufuna ndithin kant Vuyo?" She: "just anything lubabalo. I'm trying here..." Him: "no, I accept your apology. Qha mna andik'fun. Ndiyakoyika sisi yuh...you are deep." She stared at him... Him: "have you eaten?" She shook her head... Him: "vuyo. Uzobangu mama womntu. Why haven't you fed your child?" She: "and'lambanga..." Him: "kehok uzolambiswa ndim?" She: "no...." Him: "then cha-cha slide your ass to the kitchen utye something...and'fun kuthwe ndilambise umtana ka bhut Sibob." She left the room..... "Onotokolis encinci" ...he

whispered then laughed at himself. She: "uyathetha?" Him: "hayi sisi...." He said with a straight face.

Lukhanyo went home, he walked into the house and went to his kids, without talking to anyone. Thulz: "ugrand?" He nodded his head. Thulz: "unjan uLihle?" He shrugged his shoulders. Thulz: "isn't she awake na?" Luks: "God!!! lubabalo can you just-" he stopped himself mid-sentence..... Luks: "I'm sorry." He picked Luthando up, Luhle was still asleep.....he walked to his bed and lay on it, putting Lutha on his chest. Lukhanyo held his head in his big hand, caressing it slowly. "I don't know if we'll go back to normal my boy.....if I can ever BE normal." Luthando squealed a little. "Ja boy, daddy done fucked up real bad ne....noba uzoxhuthwa nalapha kum....but I'll see you as much as I can....ukhule my boy while daddy fixes his life and gives you, mommy and your sister something to be proud ofthen maybe one day you'll come back to me ne....we'll spend weekends together.. And go to the park. Then I'll teach you how to drive xa umdala like my dad taught me. Trust me, you'll be the best....si-skill sakwa Mzinyathi esiya kwedin."...he took his keys and dangled them on top of his excited son. He watched him giggle in excitement and try holding out his hand to reach for the keys. Luks: "I love you my boy va.....plus nomama lowo wakho..." He kissed him and lay him down next to him to sleep again..

Chapter 252

Vuyo came back to the cigar lounge hours later. Lubabalo was bobbing his head singing. Vuyo: "I cooked dinner so long...ndik'phakele?" He carried on singing..... Him: "you know me.....you know me. I'm liable to do anything when it comes to that you owe me. You owe me. You owe me. Bitch you better have my money when I come for that shit like O.D.B, I'm on my worst behavior, no? They used to never wanna hear us, remember? Motherfuckers never loved us..remember?..." He started chuckling to himself.... Him: "uthin lady? Ndingak'nceda?" He downed the last of his 4th glass. She: "I said, I cooked dinner...ndik'phakele?" Him: "haha...yoh...you? Dinner? Dammnn...noba inesas'spice si'special you use pha kwa thwasa land..." He fell on the floor in laughter. He was actually drunk. He quickly got up and pulled himself together. Vuyo started crying....he immediately regretted it and walked over to her... "Ndiyadlala nawe man Vuyo....come on bra...." He hugged her closely....."Sorry va?" It was the alcohol apologizing not him. He had a desire....it crept up on him slowly.....she held on him and wept.... "But kuthen und'treater lewei lubabalo?" Him:

"I said sorry, girl chill." He rolled his eyes.....heeee, makasuke kum lomtana...ndizom'mosha aphambene asoze and'kwaz ndisenomsindo...I will fuck her brainless... Him: "look, a friend of mine and I are having dinner....so ke and'zokwaz...." She: "are you going to your new girlfriend? Nguye le friend?" He let go and took his stuff. Him: "uyawa qala kanene...." She: "mos uya kuyo..." Him: "whether or not ndisiya kuye, ayik'fun lonto wena. I'm booking you your flight, uyahamba ksasa....aw'nohlala apha fondin. Uzothin ubhut Sibob...." He switched off the system and walked out to the garage, he got in the car and left.....

A few hours later Lukhanyo heard a cry...it sounded far away...he woke up and realized it was Luthando, he was still next to him...he picked him up and tried calming him down....Lukhanyo was beyond sleepy, he hadn't slept in days. Luthando just cried harder so Lukhanyo had to get up. He got up and changed Lutha's diaper. Even when he was done he still cried. Luks: "fuck luthando, yinton dan? Are you hungry?" He picked him up and walked to the kitchen. Lukhanyo took his purity and they walked back to the bedroom. Luthando still wailed....his father tried feeding him but he just didn't budge. He was slowly losing his patience. "Luthando khatye alok boy....iza...." Lutha just spat out the food. Lukhanyo shivered in anger. He was beyond pissed off. He just woke up so his mood wasn't the best hence the circumstances. He sat on the bed and tried breathing. Namhla walked in...and took Lutha...she left with him when Lukhanyo's phone lit up. It was just a stupid notification. He went to his videos and watched his wedding day over and over again. He wiped the tear in his eye away....he got up and packed Lihle some warm clothes and pajamas. He took her slippers as well then left for the hospital.....

Lubabalo had bought chinese take-aways and entered the hospital with the two boxes. Nurse: "sorry sir, you cannot enter with those there" Him: "says who???" Nurse: "sir, its law." He stared at her....his eyes drowsy. Him: "you know what law is? it is not you... And by the way, you should say "policy" big difference hun..." He carried on walking. The nurse just frowned and carried on with her work. Lubabalo entered the room and smiled brightly yelling.. Me: " oh goodness. No." Him: "aren't you happy to see uTellytubby...how you feeling? You good? Look I got you chinese.." Me: "you've been drinking haven't you?" Lubb: "I might have had, a shot or two or four or six who's counting?....so what it do?" He helped her sit up and gave her the take away. Lubb sat down on the chair and ate. She: "I'm okay" Him: "really now? Bukhalela nton kehok?" Me: "bendingakhali mna..." Lubb: "mhm.....but what's wrong?" He ate his food enthusiastically. Me: "hay man, lubabalo..." Him: "hay yinton?" Me: "what happened?" Him: "uhm....andaz...phi?" His eyes jumped around, he was lying.... Me: "why did I end up here?" Him: "hay'keho Lihle...waske wand'buza inyaw...I wasn't

even in town...." He ate slower.... Me: "I know you lying..." Him: "ndiryte ke lihle. Bendihlele ecamkwe ndlu va..." Me: "kuthen ningatheth noLukhanyo?" He kept quiet and frowned... Me: "I knew it..." Him: "I hate what he does to you Lihle, I can't stand and watch it..." Me: "I thought of filing for divorce..." Him: "please Don't do that, it'll kill him....ndak'cela Lihle, just take some time, uphumle qha...he must learn to trust you....you can't just make a rational decision like that..." Me: "he will kill me lubabalo..." Him: "lukhanyo is capable of many things. But if he wanted to kill you, we'd have buried you by now....uyak'thanda lamntu lihle. I swear to you. If I know anything about him, its what he feels for you and his kids. That's true love...." I sat there and listened to this drunken. Idiotic friend of mine....he stared at me silently...but his mind was far away... Me: "so, how's it going between you and Vuyo?" Him: "oh please don't start...." Me: "yinton ngok?" Him: "ndifuna uk'xelela xa uphilile uphumile nalapha...." Me: "lubabalo, don't make me spank it out of you..." Him: "ok fine! Vuyo and Bukiwe were behind it..." Me: "behind what?" Him: "putting the condoms and evidence pha eroomin yakho noLuks...vuyo did it, bukiwe was the mastermind....they wanted you to lose lukhanyo...ak'shiye....this.....is what they wanted.." Me: "but why?" Him: "bukiwe hates you for some odd reason. And Vuyo is jealous because I pay more attention to you..." I was beyond shocked.... Me: "they planned to destroy my marriage with Lukhanyo!?" He nodded his head slowly, pouting his lips...Lukhanyo walked in....I felt like crying. How could they? How could she? Lukhanyo and Lubabalo stared at each other. Lubb: "so ke I have to go....I'll see you before ndiye kapa, cuz I don't know how long I'll be kwelacala" Luks: "you don't have to leave." Lubb: "I go there to work. Not play." Luks: "I'm not talking about Cape Town.....I just came to drop the bag..then I'm out..." He put the bag next to the bed and gave Lihle her phone... He looked messed up, un-rested and hungry.... He turned to walk back out.. Lubb: "butyile?" He asked, while looking at the floor... Luks: "not really.." In actual fact he hadn't eaten in 2 days... Lubb: "have some chinese...its good..." Lukhanyo looked at him. Lubb: "ndizode ndozele ke mna ndilale und'jongile unjalo." Lukhanyo walked to him and took the box from Lubb's extended hand... Luks: "thanks bhut.." Lubb: "pleasure...I don't like staring at my brother ngath uphuma kwi mfazwe yos'4" I giggled... Me: "uyazelaph imfazwe lubabalo?" Him: "sisi wayesebenza endlin ndisemncinci wayend'thuka ngayo qho.." Lukhanyo managed a smile...

Chapter 253

Lubb: "so uphuma nin apha?" Me: "I don't know, ndizobuza ku doctor ba uthin...I still get a headache every now and again...but uthe I'll be fine." Lubb: "khome ndiyabuya..." He stumbled out the corridor... "Sorry nurse, I want to pee?" The nurse led him back inside the room and showed him the toilet... Him: "don't let me fall alok...tshi und'tyhala ngath ndiyi sheep ngok..." The nurse let him go when he reached the toilet... He urinated and flushed the toilet, putting the seat back down. He walked out to the room and sat

Down in his chair. Me: "lubabalo tell me, how do you know this was Vuyo and Bukiwe's doing?" Lubb: "I bugged her phone." He slurred. "I bugged it so hard, she aint even kno!!!" Me: "and then?" Lubb: "ndabava alo...bethetha..." He had now developed hiccups. Luks: "you knew about it all along! And you didn't tell me!?" Lubb: "lukhanyo.....kayek ngxolo tu....please man, I done told you mos now...I said it pha pasejin ba I aint know they was gonna do it while we both away....I thought they would wait till you gone and I remained ibengath ndim lo.....be-busy....but nawe wamuncu..... Bucinga wena Lihle bezoshiya condom zilel pha phantsiiii?? Hayi u-lemon sana. U-sour nyan... 😞:/" he lay back on the chair and started snoring... Lukhanyo froened at him and rolled his eyes.. I wanted her dead. Fuck being friends...I want her dead! Sies...ngumntu onjan na lo?! Luks: "stop..." Me: "stop what?!" I snapped... Luks: "stop what you're thinking Lihle....you're becoming more and more violent. I never wanted that for you when I married you. Uzomoshakala and then xa ibonwa ngabantwana lonto? Come on.....just let Lubby handle it..." Me: "wena uxelelwa nguban ba mawu'ngand'khandi?" His heart broke evidently....I could tell I hit a sensitive spot. Him: "Lihle, all I'm saying is, you can't live life killing people because they wronged you. Nam ndayaz ndik'vise kab'hlungu....but maybe now its about time we started thinking like normal people...maybe if we accept that we're not perfect but work hard against that we'll be okay." Me: "sizoyenza njan lonto lukhanyo? When you attack me everytime something happens, ungabuzi nobuza?" Him: "I'm trying to overcome that....jonga ngok...ndingene apha uhlel noLubabalo. Ndaz'bamba...I was about to leave you two again...ewe, I was hurt ba you'd rather laugh with him than me, but I was willing to let it happen. Because I don't wanna lose you....." I kept quiet and let it sink in.... "Uzoyohlala nomamakho phuma kwakho apha, until I get my life in order. I'll visit the kids nge weekend...uhm.....so yeah....I'll see you ngomso..." He got up and picked Lubabalo up. He was grumbling and moaning...lukhanyo dragged him to his car and buckled him up. He drove him home.....

I didn't even know what to say. Was he dumping me? Or was he dumping himself on my behalf? Mos if we separate, we're letting those stupid bitches win! Is it all just a game now? Who wins and who loses? This is life. This isn't high school, where you break up and make up. This is some real shit that you can't just wake up and be like: "ayt cool I'm done..." It just doesn't work that way. I know Lukhanyo is abusive, maybe not even abusive but he has Temper issues...what would I have done if I were in his shoes? Rha alok bekuzotsha umntu, he handled it lightly...I would've gone all out. He just held me yena....he's never fisted me down or anything...just strangled and mishandled. I don't even know why I'm thinking this. Because, its done.... The doctor walked in. Him: "evening, how are you?" Me: "I'm okay..." Him: "great! I just met you husband and his brother in the passage....real character that one. He must have a very interesting personality" the doctor chuckled. Me: "oh trust me, he does....he's in his own league." Him: "okay....your results are back from the test we did earlier. And part of your brain has abit of swelling, its not bad....meaning it will go down as soon as possible. Just try not to bump your head.....anytime soon. When do you wanna go home?" Me: " tomorrow, I miss my babies bucket loads,doctor..." Him: "okay then, I'll give you your medication tomorrow and we'll have you out here by 12." He got up... "Enjoy your last night sweetie..." He walked out the room.

Lukhanyo arrived home after dropping Lubabalo off, he walked in and went to the kitchen. Namhla and Thulani had made dinner...he ate and went to the lounge, where Chuma hid behind Namhla... Luks: "boy....izapha..." Chuma shook his head.... Lukhanyo sighed and walked over to him...he picked him up and walked to the bedroom.... Luks: "my boy....I'm sorry yeva....you shouldn't have seen mamakho enjeya...she was hurt..." Chuma: "did you hurt mommy?" He sat down on the bed...he had to tell his son the truth...Luks: "ewe nyana... But daddy didn't want to hurt mommy. It was not right...it should not have happened. Mommy will be okay and you'll see her again.." Chuma just nodded.. Luks: "you don't have to be afraid boy....I will Never hurt you and I'll Never let anyone ever hurt you too va...you and your little brother and sister. You're my strength..." Chuma: "what's strength?" Luks: "strength?.....damn.....yay'buza into kwedin...when somebody is strong, we say that person has strength..." Chuma: "ohh, strong is strenf?" Lukhanyo laughed... "Yes boy, strong is strenf.....I'll always protect you with my strenf ne boy?....you are number one." Chumani giggled and lay on his fathers chest.... Luks: "what did you do at school today?" Chuma: "I helped Sandra get up, Ruan pushed her and ran away...so I picked her up and take the mud off her dress..." Luks: "aww my boy is a gent....so is she pretty?" Chuma: "Yes!" He laughed excitedly... "She smells like flowers...." Lukhanyo giggled.... Chuma: "and she has eyes that is blue and yellow hair....she

smiled at me today and said thanks. So nowwww.....she's my friend..." Luks: "good boy. You better kick Ruan's silly bum for being mean to your girlfriend..." Chuma: "naah.....teacher said real gentiemans don't fight".....he struggled to remember the rest but then he conitnued....."they just sit back and watch the fools run around in circle...." Him and lukhanyo laughed together and chatted about other things.....

Lubabalo was in bed. Lukhanyo had taken off his pants and shoes then left him with the shirt only. He had covered him up then walked out to his car. Vuyo had seen him and stayed the hell out of his way.....about an hour later she walked to the bedroom where Lubabalo was snoring peacefully, his one leg had fallen over the bed. His arms spread out. Vuyo slipped in next to him and crawled over to his side...she held his body...her hand sliding down to his huge ornament... "Mh.mh..mmanii...." He murmured...she held it and massaged....he breathed silently in gasps....it was already hard.... "And'yeke maannii...." He whispered....trying to move his leg.. She: "just once baby please....." Him: "fuck off of me girl...." He slurred... She: "no..." Him: "ndizophakama ndikudonore bonanje...." She : "awukwaz nokok'phakama mos...." He giggled "child, get your crazy ass off me....you don't know what you talkin bout...." She: "I know you want this.....kayeke u-acter maan...." She sat on top of him....rubbing him back and forth...he groaned...."Khayeke mntana ndin maan...." She didn't move....just kept going.....and in one split second he turned her over, and he was ontop... She: "what the? You were asle-" Him: "bend'then kuwe?"

Chapter 254

Because when I'm done with you, kuyow'phuncuka nesosusu sakho....so when I get off you. I want you to get me my laptop and stay the hell out my room....ava?" She held him.... She: "I just want owakho...." Him: "vuyokazi. am I supposed to remove uBabySibo ndifake ubabyLubby kuwe? Sund'phambanela mntanandin." He got off her and sat on the bed.... Him: "run along princess...no prince charming around here....." She got up and walked out... Him: "ngay'libal laptop yam sisi wethu...." She came back with the laptop and threw it on the bed. Him: "yophuke net, ndow'thengisa wena nge 2 rand ndothenga enye ngemal'am....tshi....tshongobane attitude apha...." She: "I hate you lubabalo! Ungcolile maan sies!" Him: "awusand'thand ngeloxesha ndayaz ba ndikutsho ku-heart...." She: "you're a bastard!..." She cried.... Him: "thanks hun...cela und'valele lomnyango ke

lips quickly and stared at the road...he was lying...I knew....we got home without another word and he walked out, helping me. We got inside and greeted Namhla, I went straight to my babies...everybody else can wait.....

Vuyo was ready to go. She sat in the lounge waiting for Lubabalo. He came out the room wearing slippers and a black track-suit bottom. Him: "hay ntomb...yinto ngath use stishin?" Vuyo: "you said I'm leaving today. So ndicela ticket lam ndihambe..." He smiled and walked to the kitchen he made breakfast and ate... Him: "bukhe watya phof?" She nodded... He carried on eating then cleared the kitchen and walked back to the bedroom. He came back wearing sneakers and a white vest hanged on his shoulder. "Let's go..." She: "I'll get a cab." Him: "yagula. Funa uyozimela somewhere umane ngond'stalker...I'm taking you to that airport and making sure you get on that plane. Uz'thathe zonke into zakho?" She: "ja..." Him: "uthi nya ban?" She: "ewe lubabalo..." He walked out to the garage and started the car. He opened the boot and she placed her bag in there. Him: "umphethe umphako lady?" "Yoh...kanene, akangen Tupperware onespice sobhabha kwi plane....it might mess with the aviation and shit..." She: "can we please go..." Yes maam..." He drove to the airport in silence for the first time....he was quiet. Smiling brightly at the road....he parked his car and they walked out to the check-in point. He checked in for her and handed her the ticket. Him: "bye bye..." She was almost in tears but looked the other way..she held her stomach.... Him: "what?" He held her arm.. She: "its nothing, he just.....nevermind....goodbye." Him: "sho...."She held the stomach again and groaned... Him: "hayi man yinton Vuyo?!" She: "he just kicked.....that's it!.....goodness, bye man...." Him: "it shouldn't be painful alok that's why I'm asking..." He reached his hand to hold her tummy, she backed away.... She: "uthe awund'fun....." Him: "nangok andik'fun vuyo. Qha alok my concern is the baby, you're not feeding well." She: "akangowakho mos!" Lubabalo stared at her....raising his eyebrow. "Fine then, hambe kakhle." She walked off to board the plane....her stomach was cramping a little but she would take pain killers...later on....she left...

Chapter 255

I was so happy to see my babies, they had just been fed. Me: "und'ncedile namhla mntase....yuhh...iza ndik'phumze...." She: "yuuuh, yeke, ndiyaphuma sana....kukho eny friend yam ind'invite kwi braai tonight, ndizobuya late ntombi." She was already getting dressed... I fed Lutha his medicine while Lukhanyo took Luhle. My son was

woozy but I kept him awake...playing with his cheeks... Me: "how's it going with Thulani....." We were in her bedroom... She: "yoooh, Lihle, he's so good with kids...its soo sexy...hay man this guy is just too perfect. Ndivuka kqala ndiyovasa umlomo sana and'fun umthi kaphu ngevumba..." I laughed out loud..... She: "nyan wena lihle....when he wakes up ngath he's even hotter than any other time. Amehlo akhe awacuthe and he pouts his pink lips..... GOD, take me!! Yand'phambanisa man..." I was still laughing... She: "ibe ndim kehok lo uvukayo nomlomo unuka idrain, and I'm looking like ibhere? Yuh hayi sana mntanabantu uzand'baleka..." Me: "he really likes you wethu Namhla.....you make a cute couple..." She: "he even has plans for us...funa ndiqibe ufunda, then I can move in with him and stuff." Me: "and wena uthin?" She: "I don't know if I'm ready to be able to....imagine xandifuna u-toileta? Funeke ndim'linde ahambe? Ha.a and'zokwaz..." Me: "hahahaaa....ow mxm Namhla. She took her bag and walked out...

Lutha had given up I went to lay him in bed. It was still afternoon. I decided to trim my toe nails just for once...I sat on the bed and cut the nails. Lukhanyo walked in just as I finished. I took my red nail polish... Me: "ulele uLuhle?" Him: "yeah I just put her down..." I nodded and opened the small bottle... Him: "so what you doing...." Me: "nails..." Him: "can I?" I gave him the nail polish and he sat opposite me. Me: "uyay'kwaz phof lento uyenzayo?" Him: "sobona phambili..." He took my foot and put it on his lap. He applied on the first nail. Me: "epic fail." Him: "hahahaa...at least I'm trying. Come on babe..." He carried on with the others... Him: "zimbi kakade wethu nez'nyaw zakho, it doesn't make a difference..." Me: "eshee....hay noba uyabhuda sana, zintle ezi inyawo..." Him: "hay baby...suz'fownela tshi....zimbi ez'way..kude kwabetera ezi zam nje." Me: "mxm..." I folded my arms and pouted... He leaned over and kissed me. Him: "ryt uqumbe..ndik'thand'unjalo kanye..." Me: "iza nawe ndik'qabe" Him: "hay hay...for nto?" Me: "yaz'bona ke?" Him: "hay lovie bazothin amajita xandizoth gqi nenzipho ez'red kwi color emhlaben? Ha.a.." I frowned and pretended to be upset.... Him: "okay ke, uphinde uy'suse...just one hand..." I took the polish and sat on top of him. Legs on either side of his body. He gave me his hand and I painted it red. Me: "it looks pretty jonga..." Him: "its not that bad..." someone just entered the front door. His expression changed as he was about to reach for his gun... "Lukhanyo!" It was lubb. Lukhanyo relaxed... And his brother just barged into the

bedroom. Lubb: "heee, buyile kanti Lili?...what you guys doing?" Lukhanyo hid his hand. Him: "was helping Lihle with her nail polish...." I showed Lubb the foot... Luks: "yal'bona limbi?" Lubb: "yuuuh....its like you were walking on thorns and fire...hahaahaa..." Me: "mxm....show Lubb your hand..." Luks: "what hand?" Me: "your other hand..." Luks: "sund'qala please Lihle." Lubb: "jonga le video fethu, its about this other drifting exercise, you might like...." Lukhanyo held out his hand and Lubb took a picture, balling in laughter..... Lukhanyo tried grabbing the phone but Lubabalo had run out to the lounge sending the picture to Thulani. Who was in a meeting... Luks: "yaz'bona sani?" Lubb: "yi-delete ke ina..." Lukhanyo deleted the picture and tossed the phone back to him. They walked back into the bedroom and chatted for a few minutes about New york. Lubabalo telling Lukhanyo fibs.....

It was late when Thulani finally got out of work and drove home. He was going to his parents house. He called Namhla: "baby..." She: "hey boo, wenzan?" Him: "I'm going to the folks babe....awufun uhamba nam?" She: "yuuh alok sthandwa, you're still married to Bukiwe, kengok they're probably not gonna be comfortable with you being with another girl so soon.....but subana worry wena. Once everything is finalized I'll go and woo your mom away..." Him: "eish babes....ndonqena nokuya bonanje...I know tata will be on my case and shit...worse ngale kaka ye divorce. And my big brother just came home...But its chilled....sobonana ngomso..." She: "you'll be fine. bye babe....Love you loads..." Him: "love you too chocolate puff....mwaah..." They hung up. He called Luks to inform him to go fetch the boys from day care..He pulled up at the house and walked out the car. His mother walked outside and exclaimed on the new car. "HAAY mntanam! Ivelaphi ke le???" Him: "ei olady kayeke..." He hugged his mom and they walked inside... Mom: "it looks beautiful ifana nomntu wayo..." Him: "unje ke wena mama....you like making me blush.." Mom: "I like seeing those adorable little dimples and pink cheeks..." Thulani laughed and went to the lounge. His brother was home. 'The goody 2 shoes'.... Thulz: "molwen..." His father was also home...reading the newspaper. Thulani had always fought for his attention, so he eventually gave up and let it be...his number one was the older son. Thulz: "ndibulisile tata..." Dad: "molo thulani..." Thulani stared at his brother and looked the other way. Dad: "thulani what's going on with your life?" Thulz: "hehake tata, nganto hok?" Dad: "Jeffrey says you been missing work a lot recently and awusafocus anymore. Oko uphethu ifown kwi meeting namhlanje ugigiteka with who knows who. Why aren't you taking your work seriously?" Brother: "hlala nezantwana alok ngok mihla nezolo, sobe phinde abe ryt." Thulz: "siyanda, as'kathethi nawe...." Siya: "aw'na bhut kwedin?!" Dad: "zintwana zaphi ezo?" Siya: "ii-rich boys zase Ford...." Dad: "baphangele nin kehok bona?" Siya: "az'phangeli.

Batya lifa lika tatabo qha...." Thulz: "baya phangela! And ngu Luks no Lubb." Siya: "baphangela phi? Cuz akhonto itshoyo. Lamawele tata, hlel nje ayavuruza estratwen wethu." Dad: "thulani. Kuthen nje ingath uyaphalala? And'zaz ezinto uzenzayo, you have responsibilities ke wena. A child and a wife! Awuyo takalani ngok!" Thulz: "tata, ndiyam'divorce(a) uBukiwe mna andim'funi! And Junior uhlala nam. Siry!" Dad: "Tshin Thiza! Nowezile uyamva unyana wakho?!" Mom: "oh yhini na mntanam.....kwenzeken ngoku." Thulz: "ndithe andim'fun mama. And zange ndam'funa...." Dad: "mmxxxxm....." He shook his head. His face was disgusted. Thulz: "Tata, kuthen nje you always put me down. At every chance you get, you find a way to drag me to the floor und'thuke. Why hlel'nje ndim owrongo? Zange mna ndathethelelwa nguwe!" Dad: "because usisbhanxa, uphaphela kwanto yonke le isestratweni...you always find a way to disappoint me! Ndik'vuyele xa ulahla umfazi? Xa ungameni umsebenzi?" Thulz: "nank uSiyanda wayeka uphangela ehlel iinyanga eBloemfontein and you always have great things to say about him!" Siya: "andiyo tshomakho wena! Yijonge indlela othetha ngayo nam!" Dad: "yazbona? Awunayo nendlela yothetha, yagxidika qha! Ingathi uhle'mthin!" Thulz: "mxm. Ayikho ke le uy'thethayo! That's a stupid excuse." Dad: "go to your room Thulani, hamba!" Thulani got up and walked to his bedroom. He locked himself in and threw himself on the bed. He decided to take a nap just to cool off.....

He woke up a few hours later, the house was silent, he unlocked his door and walked out the passage in his socks. He passed his parents room, they were arguing. Mom: "kuthen ungenokwaz uz'bamba Taka Siyanda! You promised me you'd never let it get between us!" Him: "well, I LIED!! Seeing him makes me really mad! It reminds me ngalamanyala wawenzayo maan!" Thulani was really confused by now....so he listened further. Mom: "ndalucela uxolo Taka siyanda! I paid for my mistake, ndisacela uxolo nangok! But noko mnyen wam, there is no need for you to hate him. Umkhulisile uThulani as your own.....you had accepted him yangathi ngowakho! He respects you, ndiyakucela.....please just try and make things work..." Thulani was boiling in anger, he opened the door and walked in. "Mama.....uthi kuthen?" They were both shocked to see him.... Is this why umama never said "taka Thulani" it was always siyanda? Is this why he treats me ol'hlobo, when he said uyand'qinisa kanti he hates me? Thulani stared at his mom. "Mama. Uthin?" Mom: "ohh nyana...." She held her mouth. Thulz: "mama ndiyabuza, kwenzeka nton? Is he not my real father??? All this time, akango tatam?" Mom nodded..... Thulz: "no.....no mama...." Tears ran down his cheeks... "Mama no....."She walked toward him with her arms out. Thulz: "ndiyeke. Just leave me alone!!!!" He shrugged her off and walked out to his car. He quickly drove off into the night...

Chapter 256

I had just finished dishing up. Giving Lubb and Luks their plates. Luhle and Lutha were in their seats, just finished eating. We heard a car pull up outside. Luks got up, Lubb pulled him to sit down. "I'll handle it"he looked through the window and saw the blue R8... "Hay mos ngu Thulz lo..." Luks: "kange ath zolala kowabo?" Lubb: "noba bekhumbula mna....umakhwaphen wakhe..." Luks: "ndiyabetha ke mna..." Me: "lonto baninzi abantu bakho maan yuuuh, uxakekile." Lubb: "yayaz mos..." He said a short prayer and sat down to eat. When he was done, he was concerned and abit worried... "Kuthen angade angene kehok?" He put his plate in the sink and walked outside to the car. He couldn't see him inside. Lubabalo looked around the dark neighborhood and went to open the driver's door. Thulani's head was on the steering wheel crying. Lubb: "hay fondin yinto hok?" He moved him and sat by him. Lubb hugged him tightly. "Ulahliwe?" Thulani shook his head. Lubb: "then what's going on..." He just kept quiet. Lubb just let him be. They stayed in the car for a while, then Lukhanyo walked to them. Luks: "and then?" Lubabalo shrugged his shoulder. Luks: "masamben...." They got out the tiny audi and took the Range Rover. They drove around the city...

Thulz: "and'na tata...." He whispered.... Luks: "I'm sorry fethu.....when did this happen?" Thulz: "there's nothing to be sorry bout. Wand'treater kakbi lamntu...all my life....esithi uyand'qinisa.... He used to buy izinto for my older brother and my mom would buy me something too so that I wouldn't notice. My brother always made fun of me, esithi I'm being punished because I was naughty....."He wiped his nose. "They used to go out together mna ndishiyeke nomama and Melissa. My sister, we used to play together and'xelel ba yand'thanda yena and she doesn't like Siya because he's mean. Mama always tried to make me feel better about myself....she always told me ndimhle kunabo bonke and that banomona ndim...she used to give me a mirror and tell me to look at myself...." Thulani laughed and cried.... " When I grew up, Siya azise amacherri akhe endlin, ndandifunwa ngalamacherri and he hated me even more...then Bukiwe came, of course I fucked her...kanti she planned with Siya and she took fertility pills so wamitha. Siya waxelela utata ba makatshatiswe nam because I created something and I must take responsibility. Mama begged them not to do it.....but tata told me funeke ndiyofuna umsebenzi ndiyohlala nomfazi wam nomntana like a real man.....when I told you guys ba my dad hooked me up ngale job I lied.....my uncle, uJeffrey, stood up for me because yand'thanda...he told me to work with him. He bought me the house eBluewater and I paid him back when I got money. So now.....I just found out that my dad isn't my real dad.....well that explains a lot. I look like neither of them, or Siyanda or Melissa. As a matter of fact I just look a

tiny inch of my mom. Tata wayengafun undolukisa, uncle Jeff had to do it. A lot of things that I now think of that make sense. They lied to me. All my life." Lubb was silent....he knew the feeling but at least he KNEW all his life...he couldn't speak but he had to.... Lubb: "have you tried finding out who your dad is?" Thulz: "no.....I just left...I couldn't deal with it..." Luks: "you have to know Thulani, so that you can move on. Don't turn your back on your family. Yena lo brother wakho did he know?" Thulz: "I don't think so....otherwise he would've rubbed it in my face every chance he got..." His phone rang...he didn't know the number... He answered. "Hello?" Caller: "uphi thulani tata une worry nguwe uth umke unomsindo and he doesn't want you to hurt yourself, kwenzeka nton?" Him: "kayekane nam man siyanda...." Caller: "kwedin sund'qhela masimba yeva, and'ngo siyanda kuwe mna..." Lubabalo grabbed the phone. "Unguban ke?" Caller: "don't tell me uyawahlel nez'ntwana..." Lubb: "jongapha grootman.....if you want uThulani. Uzom'fumana apha kuthi. Sobona ngeyph kanye kanye intwana ufika kwakho..." He hung up. Luks: "what are gonna do...?" Lubb: "masiyen endlin. Uyaxoka soze aze.....trust me...." Luks started the car and drove home... Lubb: "whatever the outcome Thulz awt'yam....you're our brother ke and we'll do everything in our power to protect you. Ungabinayo ne worry. Nobody will touch you..."

They walked into the house and found Lihle putting the babies to sleep. Luks took his daughter and sat with her. Lubb sat down with Thulani, whose eyes were swollen and red. I decided not to ask. I took Lutha to his cot...and lay him in. Luks did the same with Luhle. I fixed the boys' bed and tucked them in... Chuma: "mummy uph utata?" Me: "he's putting your sister to sleep my boy." Lukhanyo walked in behind me. "Oh there he is." He jumped on the bed and the little boys laughed and giggled...he sat between them and held each one in his arms. Him: "nilala nini?" Junior: "can you tell us a story?" Him: "okay then. Once upon a time....there was a liTtle boy. This little boy. Had no mommy and daddy. No brother and sister." Chuma: "so he was all alone?" He whispered.. Luks: "yep....the little boy grew up and up....he worked hard in school and got a job....then he met a little puppy. He took the puppy home with him...they lived together and ate together. The next day, he came back from work, he met a little kitten..he took the kitten home and lived with it and the puppy. The next day he went to work.....he met a beautiful woman.....he couldn't take the woman home. But he tried and tried.....until he decided to marry the woman.....the woman agreed. The cat got sick and died.....so they lived with the dog alone. The man and woman found a sad little boy who was alone and took him home. They had a son.....and the next time they went out together they met another little boy. Which they took home too....they lived as a family...with every person that didn't have

someone....was their brother and sister. Every person that didn't have a home, was their sanctuary and every person that needed love, they welcomed with open arms....the family grew and extended....now they have 4 children. A mommy, a daddy, 2 uncles an aunt and a puppy...." Junior: "so where is the family now?" Luks: "it lives in this house...." I had tears in my eyes.... Me: "even though your story makes no immediate sense, its quite cute...." Luks: "siryt mama.....lalani boys, its late." He pecked them on their noses and left the room. I switched off the light... Thulz: "uph uNamhla?" Me: "she went to a braai with a friend?" Thulani nodded and looked at the tv. Yoh andiyaz sana...

I went to my room and undressed. I heard them talking....and a door open then close, a car drove off....I got into bed and let my body relax. Then Lukhanyo walked in. He undressed and lay next to me. Me: "bayaph abanye?" Him: "I told em I'd catch up on them....ndisaye toilet.....I haven't slept properly in days.....plus I missed these lips...." he crawled over to my side and kissed me slowly..his hand rushing downstairs....I opened the chamber for him.....he rubbed on the clit and then slid one finger in.... "always wet and ready.....I love it." He said in a husky voice... Me: "are u teasing Mr Mzinyathi?" He chuckled.... Him: "maybe...." He got on top and went down....he didn't even take it slow....he attacked it with his mouth....I gasped out loud... Me: "what the hell?"he wasn't licking and kissing like he usually does.....he was eating. His lips massaging it....his tongue sucking it in.....it was too much...this was just new for me.....he never did it like This! Me: "baby....I'm bout to....." Too late! He stuck in his tongue as I climaxed, I groaned in pleasure.....my toes curled, thighs shaking...he got up and looked at me.....his mouth and chin dripping wet. Me: "You are Disgusting. You are nasty." Him: "but you love nasty...." He sat next to me and turned to his side...to fetch a tissue. I saw an inked writing and pulled down his t-shirt, I looked at the back of his neck..... "Lubb87" I choked and fell out of bed. My heart racing....how could I have not noticed! It was dark...the light was off....he was wearing a T-shirt.... And he Been talkin English ever since he walked in. Him: "what's wrong boo? Get your ass over here...I aint done with you yet...." He winked at me and I just fell down and fainted....

Chapter 257

I opened my eyes...I was laying on the bed, He sat on top of me, smiling. Me:

"lubabalo,

Get off of me or I will scream. I will dial the police for you and send you packing. Get the fuck off!!!" Him: "boo boo wam...its me..." He took off his t shirt and I saw his tattoos. Me: "khamisa.." He opened his mouth and I searched at the back for the gold. Okay....its lukhanyo.. Him: "yinton baby?" Me: "I saw the tattoo on your neck." Him: "oh, we swapped names...love. His is on me, then mine on him." Me: "that's a pretty dumb idea don't you think?" Him: "I think its quite cool to have someone that looks like me...awulogwala maan..." I was sticky...wait.....am I wet? I touched my hair and face. Me: "you made my weave wet! You will die!" He jumped off and ran to the bathroom. Him: "xolo ke baby, iza ndik'dry'e...." He was laughing still. He took the dryer and we went back to the bedroom. I sat on the chair facing the mirror. Me: "you better do it right!" Him: "stay still." He switched on the dryer and my hair flew in all directions! He switched it back off. Breathing heavily. Looking at me with those puppy dog eyes. Me: "lukhanyo sund'phambanisa.....dry my hair tu...." He switched it on again and this time he managed. "Zinde maan ez'nto zakho nawe" he shouted over the dryer. He combed it while drying...shem he was trying...when he was done he switched it off and combed the hair again. Him: "yabona ke? Intle ne?" He smiled proudly. "I don't know what to think of this...." We both looked at the doorway and saw Lubb and Thulz. Lukhanyo was visibly embarrassed.... Lubb: "first it was the nail polish...now you're doing hair? Is there something you wanna tell me lil bro?...." Luks: "ha'ska man lubabalo..." Lubb: "don't worry, I don't judge, but my belt would....it would judge the buckle all over your ass...if you're homo...." Luks: "mxm.....ndi-homo phi mna xa-und'jongile!?" Thulz: "haha...but the cutex looks pretty on you though...." We all laughed ...Luks: "lihle bend'the susa lento." I sat him down and removed it off him. Lubb: "khas'boleke yena maan Lihle....som'buyisa later..." Me: "babe? Ufuna uhamba?" Luks gave me the 'please save me....' Look.... Me: "but I'm still having fun with him lubb, ndifuna siqalise nge make-up ngok." Thulz: "soyenza sonke ngomso make-up, masambe ngok lukhanyo.." Me: "Really?!" Lubb: "uhm....Thulani, have you been smoking weed?" He held his forehead... "Or you getting a fever? Causing you to say all this bullshit?" Lukhanyo laughed as he got dressed. Me: "Lubby, iphi Benz yam chomi?" Lubabalo turned pale.... Him: "erh...." He looked at Lukhanyo. Luks: "alok babe, besendik'xelel ikwi service nje, ibuya next week!" Lubb: "oh ja! Yazi ndilibel uk'xelel ba bifownile la awti." Luks: "eyphi." Lubb: "laway yak'lo Thulz...masambe ndik'bal'sel endlelen...." They rushed out the house.....something was fishy...what happened to my car?

Lukhanyo, Thulz and Lubb left with their cars. The R8's. Lukhanyo was in front. Lubb connected them and dialed their numbers. Luks: "ja?" Thulz: "Hello?" Lubb: "siyaphi?" Luks: "errh....why can I hear uThulani kodwa ndifownelwa ngu Lubabalo?" Thulz: "somebody please explain to me..." Lubb: "kayeken ukhweleta oku...where are we heading?" Luks: "masiyen elokshin?" Lubb: "errh.....okay, masiye ne, then we leave and check the other places out. Sibona sihlale phi." Lukhanyo revved his car to full power and raced through KwaZakhele to eeNjoli....creating havoc at the circle by KFC. he turned around and around and around. Lubabalo and Thulz behind him drifting at the circle all the cars stood at the stop signs. Others got out and watched. Then Lukhanyo accelerated to Zwide followed by Thulani then Lubby. He stopped at kwa shweme...and parked. Lubb n Thulz parked next to him. Thulz: "so?" Luks: "it doesn't really do it for me..." Lubb: "me neither, masamben." They got in their cars this time Lubabalo rushed to be first. Traveling to kwa Gqalane, Lukhanyo tried to overtake him. He was on the road for oncoming traffic. Thulani slightly behind them in the middle of the road. A taxi was coming before Luks..... Lubb: "thulani buya umva....." Thulani slacked a little, Lubabalo hit the brakes giving Lukhanyo space to pass....he went through and they passed the garage and went up to Kwa Gqalane where they parked their cars. Lubb: "ei yafeketha uLukhanyo man! Uxolele ugiliswa yi-taxi kuba efuna uba first..." Luks: "you know I'm always first. Andaz uthen nje uthand uz'gqatsa..." They walked in the tavern. Lubabalo went to buy the alcohol when Luks and Lubb sat down at a table.....

After about an hour of drinking. Chatting And laughing...they got up to leave. The bottle of Black Label Johnnie Walker half full. Lubb: "yishiye wethu. Soy'thin ngok? Let's go." They got into their cars as two girls fought over the bottle. Lubb: "only black women vele...nobody else." Lukhanyo and Thulz burst out laughing as they drove to New Brighton. Lubabalo connected his phone again as They passed Marikana tavern. Lubb: "what the hell? Ayo garage yendlu na le?" Lukhanyo laughed. "Yagula lubabalo man...yeke abantu ne business zabo" ...they went to kwa Pat, they parked and chilled for a while. It was a bit busy for a week day.... Lukhanyo saw the snobbish look on Lubb's face while he stared at th drunk women dancing and stumbling. Luks: "kwa Ngqoko?" Lubb: "yes pLease!" He jumped and they drove to Chief's place. Lubabalo breathed relief. He parked his car and walked out. Lukhanyo and Thulz next to him. The owner stared at them. "Esshheeee!" He exclaimed and they laughed. Lukhanyo went over to greet him. Chief: "no man, feel free. Yayaz mos...." Luks: "yebboo babaaa!" Chief: "Yebbooo!" They walked into the bar to buy their drinks.

Lubabalo asked for a bottle of Ponchos Coffee Tequila and ice. Lukhanyo bought a bottle of KWV ne dash. Thulani bought a bottle of Hennessy and they walked outside then sat together drinking...

After a while a guy walked over to them, Lubabalo saw him first. He stood and stared at him... Lubb: "are you lost?" Thulani and Luks looked up. Thulz: "ufuna nton apha Siyanda?" Siya: "kwedin bendithen kuwe? Andizoyiki ke mna ez'tshom zakho! Ndizok'betha unye ngok..yaqhela mos" Lubb: "HEEEEEEEEE?! Siyekil ubazi ntwana ngoku? Ngulo Siyanda kanti LO? Thulz: "Lubabalo kame nawe man.....bhuti, this is not the place." Siya: "ndizay'betha inye lentwana! Ind'qhela masimba!" Thulani pulled him away. Thulz: "he will fucking kill you ngezandla....suz'rhumbel ingcwaba Ta Sira." Siya took out his gun, "kaka leyo." Lubb: "heee, nankoke, Jesus! Please light up this place, I think Eskom won't manage." Siya: "jAa! Say your last prayers!" Lubabalo moved closer to him and stuck the gun to his forehead. Lubb: "do it. I am going to stand here and give you the opportunity to ruin your own life, go on." Siyanda's hand started shaking. Lubabalo grabbed the gun and tossed it to Luks, he held Siya's arm and twisted it inwardly behind his back. "Bhuti, umdala. Believe me when I say, I'll break you, without effort. Sund'qala ndiz'hlelele please. When Thulani wants to talk to you, he'll come to you. Okwangok, back the fuck Up!" He threw him on the ground and walked back to his table. Lukhanyo had emptied the bullets from the gun. He tossed it back to Siya. Luks: "tsho nge ntsimbi etshayiweyo apha. My son could play with this shit." Thulz: "masamben man apha.....my vibe just been killed..." Lubb: "let's go to my place..." They got in their cars and drove off..

Chapter 258

The brothers got to Lubb's house, went to play pool after Thulani beat them both. Lubb: "mxm. Let's go play basketball. I can't take this..." Lubabalo took off his pants and went to the basketball court. They played against each other. Lubb: "hay tshin thulani, what are you not good at?" Thulz: "I don't know...I've always had the time to master most sports cuz ndand'hlala alone or at school." They rested for a bit and drank water. Luks: "playstation?" They raced to the game room lukhanyo took his favorite seat. Thulz sat next to him... Lubabalo lay on his couch. Lukhanyo started the Grand Theft Auto 5 game. Lubb: "hayi man, kafak uFifa..." Luks: "no. No no....not today." He played the first mission and handed over to Thulz for the second. They were chatting... Lubb: "so sothin kehok ngale Benz ka Lihle?" Luks: "funeke siyoy'lungisisa fondin lamoto....lihle can't know!" Thulz: "itheni dan?" Lubb: "ambo jonga phe garage." Thulani got up and walked to the garage, he came back a while later with a confused look. Thulz: "ndandiphi Mna?!" Lubb: "wawuthe ngca ku-madam wakho alok wena." Thulz: "what the hell happened?" Luks: "some guy was chasing us. Hey! Thulani! This nigga, and'maz noba besuka phi....he started shooting at us so I swerved the car to face him....yooh fethu he'd already shot the back window broken. "Fethu, ikhona indaw es'nolungisa kuyo iBenz ka vrou? Ibigile ipali and vestire yaze back ayikho joe..." Stuja: "sure awt'yam, ima ndibuze ku Lara, he knows people who can fix it....kand'thumel picture yayo ndim'bonise." Lukhanyo got up and went to the garage to take pictures of the Benz in all angles. He sent them to Stuja, he called him back. "Sho Boss, ndiz'fumene. Ndizoy'landa nin?" Luks: "ksasa. I'll send you the address yale ndaw ikuyo..." Stuja: "sure bhut" he hung up....

The sun was rising.....it was 6am....Lubabalo had fallen asleep on the couch and Lukhanyo and Thulz on the floor. Luks' phone rang.....he couldn't pick up, his head was in pain. Lubabalo got up and answered: "Luks phone hello?" Me: "niphi lubabalo?" Lubb: "silapha kum endlin Lili..." Me: "uph uLukhanyo?" Lubb: "he's asleep...." Me: "okay then, I was just checking on ya'll...bye" him: "sure" he hung up.....I went about my business. Cleaning the house...my phone rang, it was Phelisa. Me: "hey sweetie..." She: "hi Lihle unjan?" Okay that was cold.... Me: "I'm fine thanks and you?" She:

"uVuyo lost her baby...." I was genuinely shocked. Me: "hayi man Phelisa njan?!" She: "after she came back from eBhayi she's been crying engatyi. Esithi wena um'qhumblele....engathethi nam apha....she tried to commit suicide and failed.....so saphuncuka isusu..." Me: "ohh man....that's so sad...." I hate hearing about this because it reminded me of my own miscarriage. She: "lihle, what happened apho ebhayi? Umenzen uVuyo?" Me: "hay phelisa and'menzanga nto uVuyo! She's the one who is in the wrong and mna I haven't spoken to her in a while." She: "mxm!" She hung up. Heeeee, hayike Bawo. I didn't even contact uvuyo, she can't blame me for her miscarriage. I was quiet, not even planning i-revenge. Bek'funeke ndithin? Is she looking for someone to blame.? Hayi Yesu.

I ran the bath for the boys then woke them up to wash while I made them porridge and lunch. I went to dress them. Namhla was still not home. MEANING, I had to get the babies ready and myself then drive all the damn way to day care and drop the boys then drive all the way back home. I sat down for a couple of minutes and thought...just as Namhla walked in. Looking bright as ever. Me: "hayi uvelaphi?" She: "ukhona thulani?" Me: "he's asleep..." She: "yuuuuuh Thixo nofefe! Kange abuze!?" Wathin wena Lihle?" Me: "I told him some guy came to pick you up." She: "haaaayi Zulu nomhlaba! Lihle uy'thetha njan lonto?!" I laughed at her. Me: "ndadlala man...bamke kwayizolo wethu baku lubabalo." She: "yuuh, ngaske ndikhe iswazi pha k'la mthi ndikuvucuze ngalo. Yadika man." I chuckled as she made tea.... Me: "so?" She: "hay wethu mntase it was a chilled vibe, it was a girls' night qha....sapehele silala ke....sigxhothwe ngutate khaya ufika ngok ek'sen tshongo nuka paarl perle apha....akandidika." I giggled at her... Me: "kand'jongele amawele man, ndifuna usa aba eskolwen..." She: "ok mtshana, ungafiki nditipile, eyam ibhabhalaza iqala ngo 12 emini. Ind'bethe ndingcangcazele..." Me: "I'll come back and make you a shake." I quickly showered and got dressed. We took the Range and drove out to the kids' day care.....

On my way back, my phone rang. Me: "hello?" Caller: "hello sisi, awuse nqabe!" It was Lukhanyo's sister, Sam. Me: "ndikhona wethu, nguwe ongabileyo!" She: "I'm around wethu, use ndlin? Thought I'd pop by for the day, I miss my niece and nephew." Me: "you're welcome anytime dear..." She: "okay ke, I'll be there in about and hour...ndihamba noBaby, he said uzond'dropp'a" Me: "sure sisi..." I got home and made a meal. Namhla: "and now?" Me: "sister ka lukhanyo uyeza...namhla please go shower..." She: "uthathazeliswa yey'phi kekok wena?" Me: "namhla, ndak'cela mntase ndlin. Go shower and wear something cute." She turned and went to take a shower. I finished in the kitchen and went to bath the babies. I dressed them. Lutha wore a pair of jeans and a white long sleeve t-shirt. Then a blue short sleeve shirt on top. Luhle

wore pink tights with white polka dots. A white top written: "daddy's lil angel" and I put them in their strappy seats. Namhla finished showering and wore denim shorts and a navy peplum top with a navy sandal. She wore a necklace and bracelets. Her make-up on point.....

A car pulled up by the gate, I walked out to her. It was a black Amarok bakkie...the one from VW. I went to greet this "mystery man"... Me: "molo wethu bhut..." Him: "hello sisi..." He was wearing shades... Me: "uryt?" Him: "ndiyaphila sisi unjan?" Me: "I'm fine thanks..." The whole time he didn't smile...He took off the shades and stared at me....he looked a bit old and freaky. I don't know but his face was oddly familiar. Him: "so you're Mrs Luks?" Me: "haha...yes, I am....it was nice meeting you..." Him: "likewise Mrs Luks. Tell your husband I said Hi...." Me: "ndithi kutsho ban?" Him: "oh he knows who I am..." He put the shades back on, started the car and drove off. It sent chills down my spine.

Chapter 259

We sat in the lounge, I introduced Sam to Namhla. She: "hi..." She smiled. Sam: "hello...I'm Sam." Namhla: "ndingu Namhla mna." Sam smiled back...me: "so, who's your boyfriend..." Sam: "oh, his name is Gcobani, behlala eKapa, he just moved backed wethu, apparently his brother just died...yuuuh! So I went to his place last night ndam'comforter man....yooh, ndingesena worry..akakwaz nokok'lala...he's been having bad dreams....I think he saw his friend's accident happen cuz he keeps saying 'he shouldn't have died that way.' Lihle, I don't know what to do with him..." Me: "oh man Sam...." I was near tears. Me and my sensitive heart....he's going through the worst shit yooh! 😞 Me: "Sam, all you can do is support him at this point...umxelel ba uyamthanda and you're there for him....baphi abazal bakhe?" She: "his mother passed on a long time ago....so beshiyekelwe zi bro's eziy'2 and now they're both dead...he's the only one left...." A tear fell down my cheek and I hugged her. Sam: "haibo Lihle yinton ngok? I'm not the one going through this, kuthen ulila?" Me: "its just that....." I swallowed saliva, sniffed and wiped my tears... "Its just so sad..." Namhla held in laughter....it was not funny! Me: "now he's all alone in the world he doesn't have a family...yilento nje ene attitude ebandayo...I don't blame him shame." Namhla: "Lihle, buz'tyile pills zakho?" I

shook my head and she went to go fetch them.....after drinking them I began to calm down. Sam took Lulle and played with her...while we chatted.....

It was almost 3 in the afternoon when the guys walked in. They were wearing shorts and vests. They looked different....for instance, Thulani. He was bright and just stood out. Like some model in a shoot. Lubabalo walked like he was the president, the slowest, swag pace ever....with a lil dance. And then Luks.....he was normal....with his cute lil bracket walk, his tattoo was visible on his whole arm.....you could tell this was his house... Luks: "so ndifun'uyqibezela ihle ngengalo izotsho aphe sandlen njengo likkle way...." Thulani fell to the floor and laughed.... Thulz: "who the hell is likkle way?" Lubabalo giggled and poured himself some juice. Wait.....he didn't look in the fridge. He just reached his hand and took it.....time to rearrange that fridge. Can't have people knowing what lives where in my own house...lol...just to annoy him. Lubb: "I hope that's the last one...next thing Chumani is gonna wanna rock up with tattoos and shit...." Luks: "dad had tattoos, I got my first one with him. Nantsi.." He showed him on his chest a bunch of digits. '4 92537_542694' and another set at the bottom...Lubb: "what does it mean?" Luks: "I don't know...never asked.." Lubb: "lihle my friend izapha..." I got up and walked to them. Me: "molo nawe.." Lubb: "hi candy stripes.....look at this, ithetha uk'thin?" Me: "haibo kehok Lubabalo I can't read hieroglyphics..." He laughed. Luks: "yinton kehok leyo?" Lubb: "nevermind, lihle, you focus better than me..just try tu.." Me: "mxm" I stood and looked at the tattoo...I never really took the time to look at them, they didn't phase me. But when I looked at this one...I think I liked it. It stood out...why was the 4 separated?..I touched it..it had to be a name... Me: "probably someone's name..." Lubb: "who?" I memorized an old key pad. Not these query things we use nowadays. Luks: "ayingo lukhanyo?" Me: "nah...suppose ngu.....5 alok...not 9...." "Its wxyz." Luks: "try Z" By now everyone was standing in the kitchen trying to figure it out. Namhla came to help me. She: "the 2 is an A?..." Me: "ngu Zakes...." I looked up at Lukhanyo's sad face... He looked at Lubabalo...I couldn't read his expression. But it was definitely not jealousy or hate.... Luks: "carry on" he breathed... Me: "I can't....I don't know..." Lubb: "we'll have to ask uTa Smig ke....at least we know the first name. And the second row?" Me: "that's Lukhanyo's name....and yours..." 4 58542696/58222256" Lubb: "then cacile the other name leli ka mama...." He whispered..... Lubb: "anyway....who wants pizza?" He tried to brighten the damp mood. "Heeeee, hi sam nontombi, andik'boni...come and give big daddy a hug.." Sam walked over to him and gave him a massive hug. It looks like her crush was over for him. Oh well. Lukhanyo and Thulani left to go buy the pizza. Lubabalo sat on his phone on the couch, playing a game. Me: "kuthen ungahambi wena?" Him: "ha.a ndonqena man yuuuh. Ndidiniwe...please make me a

banana shake." I got up to make him his banana shake. I poured it in a glass and handed it over to him. I poured juice for Sam and Namhla. Me: "so busatsho ke Sam..ngowaphi ubhut?" Sam: "alok he lived in cape town....so kuko kwabo aphe bhayi.....hee, yaz he didn't mention where...." Me: "nadibana phi?" She looked at Lubb who was probably not even listening, because he was singing lightly some rock n roll song making guitar noise, still playing with his phone. She: "well, I was at pick n pay, ndihamba nomama....ndambona end'jongile...so I was like... 'What?' And he said 'ndaqal ubona umntu omhle oko ndifikile... And I ignored him. So ke ndaphinda ndambona eCubana....he gave me a ride home we swapped numbers and here we are." Me: "ncoo....but akak'bullishi though?" She: "erh....nope..he's okay.." Why did she hesitate? Something wrong here, none of my business though.... Me: "lubbiluu...." Him: "madam?" Me: "heeee mxm....." He ignored me and carried on with his game. Me: "guys, ndisayo landa abantwana ne....I'll be back real soon...." Him: "thatha iAudi...bahambe neRange aba.." I took Lukhanyo's key and my bag... Climbing into the R8 is a glorious feeling. I loved it. I started and left.....

Driving back home, with the kids...how does Thulani do this? In a 2 seater? I wasn't comfortable with it. I drove happily to spar. We bought a few snacks, then left for home...I noticed a black velocity golf Been following me since the boys day care. I decided to up the pace a little..the golf followed. I dialed Lukhanyo, Me: "baby, silandelwa yi golf emnyama apha....I went to fetch the kids from school." Him: "mabahlale on the floor baby, bangabonakali..." Me: "boys, do me a favor ne. Pull back the seat, and sit on the floor." They did as they were told.. Luks: "okay....niphi ngok?" Me: "se national zongena new bryt." Him: "okay, listen to me...I'm really far from there ngok...so you're gonna have to step on it....I'll call Lubb akukhawulele..." He hung up...my heart fell as the robots turned amber....I stepped on the accelerator, it flew forward....before I got to the now turning red robots. I hit the brakes and turned....the golf followed... I couldn't stop!! I accelerated right into New Bright and passed Empilweni, passed I could see my identical rushing before me. I relaxed. I swerve to the left...(Slow lane). Lubabalo came onto the on coming traffic and the velocity halted to stop. I drove straight home.....parked the car and took the kids in. They didn't seem traumatized at all. They were just excited. But of course..they're boys!

Lubabalo walked back in, cool as ever. Me: "and THAT?" I panicked. Him: "sorry my f...I tried chasing him but ndabona traffic. Ind'nike ticket." He rolled his eyes... "But don't worry ndiy'markile and cacile they know us. That's why ebaleka.." Namhla: "what happened?" Me: "its nothing.." Lukhanyo and Thulz walked in. They put the boxes down, lukhanyo holding my hand to the bedroom. I was so scared..he closed

the door and leaned on it...holding me in his arms.. "I'm sorry sthandwa sam.....that was fuckin close..." Me: "you think?!" I cried... Him: "xolo alok baby...abantwan abazokwaz uye skolwen until we sort this shit out.." Me: "some guy called Gcobani ubulisile..." Him: "nguban lowo?" Me: "I don't know man lukhanyo ez'tshomi zakho mna!" He held me tighter and kissed my forehead... Him: "I think its time we moved...people are getting too comfortable around us...umntu tyhal'enze qha..." Me: "siyaphi...?" Him: "ku lubby....its big enough for everyone....and akhomntu ungenayo pha....andaz ingath usebenzisa amayeza nje....." I giggled at the thought of Lubabalo efutha. Then I laughed. Luks: "please share with me?" I told him and he laughed...we sat behind the door, I was in between his legs, laying on his chest. I heard Lubabalo edlala no Lutha in the lounge.... Luks: "lihle....." Me: "don't say it.....I know you can never in a million years drop le lifestyle. I must just stop trying to change you. Its what you are." Him: "actually I was gonna say I love you.....buuurrrn!" We both giggled and kissed...then his phone rang... Him: "olady?" "Ma, andikuva, what's going on?" "Mama, sukhala alok, I can't hear you...!!" By this time we stood up, Lubabalo opened the door... He stared at Lukhanyo's horrified face....as he shook he dropped his phone..... Luks: "no.....no.....noooooooooo!!!!!!!" He screamed. "Fuuuuuccck!!!!!" Tears welled up in his eyes, he tried to breathe, I took Lutha from Lubb and he went to his brother to calm him down.... Lubb: "what happened?" Luks: "Tivo.....he's dead...." His phone beeped and I picked it up. The message read: "1 down, the rest shall follow...." I got the shock of my life. Lubabalo grabbed the phone and saw it. He was really pissed off.... Lubb: "who the fuck are they!?!.." Thulani barged in. "Kwenzeka nton hok?" Lubb: "shit is getting real. The part that asibaz is gonna fuck us over Big Time!" Luks: "call Stuj..." Lubabalo dialed for Stuja.... The phone was answered: "hello?" Lubb: "nik'uStuja ifown" (in the background)....'Baby ina nanku Ta Luks efowna..' Stuja: "boss?" Lubb: "ndim uLubby, uphi?" Stuja: "ndilapha kum" he heard a knock on the door. Lubb: "don't open! Stay still as fuck...! Make no noise....jonga ba nguba qha....then be quiet." Stuja signaled for his girlfriend to stay still which she already was doing...he tip toed to the window and peeked. 3 guys stood at the door, but had covered their faces... Guy: "akekho lomntu apha, jonga akho moto..." Guy2: "we'll be back later"..Lubb: "take a pic. UNGANGXOLI. And Send it." Stuja took the pic.... Guy: "did you hear that?" Guy2: "ungazo'qhunywa apha wena, tsek masambe! We need to find the other TODAY!" They left. Stuj: "ta lubby, ngoban aba!" He panicked. Lubb: "ndizok'landa...keep calm!!" He hung up. Lubb to Luks: "they are gonna wipe us out! Ngowphi omnye o-close kuye?" Luks: "let's go!" They got up and walked out. Lukhanyo leaving me with a kiss on my lips..... "I'll be back...." He said.....then left....

Chapter 260

I couldn't even eat. I sat with Lutha, Namhla and Sam in the lounge, Luhle was asleep. Namhla: "lihle, kwenzeka nton?" Me: "namhla, akhonto....just relax." Sam: "lihle.....something is very wrong, what is it? Bayaph oobhuti?" Me: "I don't know...." Her phone rang, it was her mother....she started weeping silently...I hugged her. Namhla: "what's going on?" Me: "their uncle passed away...." Namhla came over to hug us too... Sam: "I have to go to umama guys, she's really upset..." She sniffed. Me: "wait for uLukhanyo ak'goduse..." She: "no, I'll call ubaby to come fetch me....lukhanyo won't answer the phone xa ekwi mission..." Well that's true....she called up Gcobani, he didn't pick up. Me: "is there anyone else you can call?" She: "let me try uPhila..." But her phone rang again... "Hey babes, kandi yive, uthin?" She: "can you come fetch me?" Him: "kuthen ngath uyakhala nje baby? What's going on?" She: "my uncle.....kuthwa he just passed away..." She sobbed... Him: "ohh yhini na mntu wam....I'm on my way va....sukhala sthandwa sam.....I'm coming..." She hung up.....ncoo...at least he cares...less than 10 minutes later a car pulled up.... What the? She: "that should be him..." She took her bag.... "Thanks lihle, I'll keep you posted..." I walked her to the door, kissed and hugged her. She walked out. The car drove off and I locked all the doors and windows. Switching off the lights. Me: "Cela siyohlal erooming ey1 guys?" Namhla collected the toys and we went to my bedroom. I put on the side lamps. The boys sat on the floor and played with their cars. I sat with the babies on the bed. And Namhla...as we were talking, I heard voices in the yard. Me: "boys.....shhhhhh." They got up and climbed on the bed next to us. They heard it too. I sent a text to Lukhanyo. "They're here!" We switched off the side lamps. I heard them trying the burglar gates....Trellidor doesn't play. It'll take years for them to get through! Luks: "locked doors and gates?" Me: "yes lukhanyo uphi!!" Luks: "yeza." I had to calmeth the fucks down. I heard them walk around the house again..they tried the windows. They were shatterproof. They needed another way.... Guy: "this guy really secured his house ne? I wonder if its fire proof..." Guy2: "there's babies in there!" Guy: "I'm just following orders, Lucky. you don't wanna fuck with uG" Guy: "fethu, icherr yam just had a baby a few months back, lento ufuna uyenza would fuck up my conscience. I can't!"I sent a text to Lukhanyo: "they're gonna burn the house!" Chumani was shaking, tears rolled down my cheeks.... "Mama, ndoyika..." He croaked... Me: "shhh, baby, uyeza utata...." Namhla was awfully quiet, which I was grateful for. I heard tyres screech in a distance....then running....cars driving off... Why does Lukhanyo have to make a fucking scene when he's coming! Ngath lipolisa....he opened the doors. Namhla: "lihle, I think I wanna go home ngok..." Lutha started crying...it was actually Lubabalo who walked in. He came straight to Lutha

and took him. He calmed him down...Lukhanyo walked in behind and went straight to the cupboard. Me: "what now!" Him: "we're leaving. Tonight!"

We all packed. Namhla helped me, because her clothes were already in suitcases. I went to the lounge and saw Stuja with his girlfriend sitting on the couch with Thulani. Me: "molwen Stuja, hi sisi." Him: "molo sisi..." She: "hello.." She looked frightened but brave. I went to the kitchen and collected the baby things putting them in a bag and started loading the cars. We finished up. Thulani's phone rang... Him: "hello?"he listened in the phone for a while.... "WHAAAT!?????" He caught everyone's attention, luks and lubb came rushing to the lounge. Luks: "and then?" Thulz: "they burnt my house!. Ndifownelwa ngula sisi wase next door. Uthi the fire brigade is already there, kodwa ke yona itshile indlu.....nday'bona yonke enye nenyene, my work!" Lubb: "awunayo back up?" Him: "On my computer at work, yes!...but still.....wait.....bazoya emsebenzin next. The company has my name kuyo...." Lubb: "hayi ke ndaske ndaxakwa.....I'm out of options!" Thulz: "I have to go..." Lubb: "No! That's what they want, uzoya ksasa pha. Or call the police and report it to them ba uzobe uphi....don't go there!" He took out his phone and dialed a number. "Hello, yes, its Lubby Morrison speaking.....I'm really sorry Jenifer, listen, I need 24 hour security, by tomorrow morning....yes that's fine.....I'll send you the address...sure." He hung up.....giving the phone to Thulani. "Address yasemsebenzi wakho. At least for now, that's all we can do....." Thulani took the phone typing and sending. Luks: "masamben." We locked up and got into the different cars and drove to Lubb's house...

As soon as we got there...we unpacked and Lukhanyo pulled me aside. "Baby, sizobuya yeva. Keep close guard on the cellar...ningaphumi aphe ndlin. if anything happens, niyeni kwi cellar, ningene k'la basement. But I doubt bazongena kwase gatin...." He kissed my lips and they turned to leave. The men drove off leaving the Audi's behind. Taking the small Benz and Range Rover. Sylvia took the babies to sleep. I took Chuma and Junior to bed. They were still scared...but at least they were brave enough to suck it up. I tucked them in bed, not closing the door or switching off the light. I went to Namhla who was sitting with Stuja's gf silently...I introduced myself. "Ndingu Lihle mna, this is Namhla" she: "ndingu sindiswa mna..." Me: "come let me show you i-room yolala..." We all walked down the passage, into the hallway, out the other side of the house. Why was it so far... Me: "no....khome let's go back ingathi its too far..." We went back to the other side. Me: "kodwa ibaxekile lendlu ka lubabalo man sies!" We went down the passage again...then found another room. Sindi: "this should be okay.." Me: "can I get you something to drink?" She: "ha.a enkosi..." Me: "goodnight..." She: "night..." I left her and went to my room with

Namhla. She: "Lihle kwenzeka nton?" Me:" promise me awuzoy'trumpett(a)" she: "I promise, kathethe man!" Me: "okay.....ooBhut bakho ngama gintsa..." She: "No!!!" She yelled... Me: "shhh!" She: "hayi man Lihle!...why didn't you tell me!? Am I gonna die kehok? Uthulani yena ulilo naye?" Me: "you're not gonna die. Ewe noThulani seems to have joined the gang. Namhla, you're safe...trust me...." Shit.....my mother! I grabbed the phone and dialed her number, she wasn't picking up. Probably asleep...or probably I called Lukhanyo. Me: "umama!" Him: "already sorted..." And he hung up. Sorted how? I couldn't bother him again....I could hear he was driving. Namhla: "mntase mna I don't want to sleep alone..." Me: "its fine....maybe ooLukhanyo babuye ksasa...." We climbed onto the big bed and tried to sleep.....

I woke up at about half 3 in the morning....I felt something stuck to my back....my heart raced, I couldn't move. I tried to turn around and he let go. I turned to face him...it was Lukhanyo, he stared at me. He hadn't slept....but he looked relaxed. Me: "hey..." Him: "hey" ...he kissed me and tucked himself in my breasts then fell asleep...I looked next to me, Namhla was gone...noba ughxothwe ngulo makrwaden wam ke....ndamaz.... Me: "uphi uNamhla,," Him: "uku Thulani in the other bedroom." Me: "so what's going on?" Him: "they attacking us from all directions...asiyaz siqale phi...so we called in Lubby's troops from eKapa." Me: "those colored guys?" Him: "as'na choice baby...I'm really sorry...." Me: "its okay...." He knew how much I hated them but ke, I'm putting hate aside right now. If they're on our side..then we chilled... Him: "ukhona Ta Smig...qha simshiye kumama...amajita are guarding the house in Dwesi, the others are in Motherwell....if mamakho sim'zise apha, she'll put 2 and 2 together....so rather we just protect her in silence...." Me: "and who's protecting you?" Him: "ourselves.....can I just take a nap real quick..." Me: "lala baby..." He fell asleep on my chest and we woke up hours later....thanks to Lubabalo..this time he Knocked! WOW...this is a new step...Lukhanyo got up and opened for him...he walked in... Lubb: "bafikile ooJermaine..base Newton park hok" Luks grabbed his pants. Me: "hay baby, ambovasa...." Him: "akhoxesha lihle...." Lubb: "hamba sani, I'll wait in the lounge...Thulani naye yavasa." Lukhanyo went to take a shower and got dressed...I got up...Sylvia was already making breakfast...Stuja and Lubby ate. Sindiswa was still asleep and Namhla....nam I'm going back to bed...I just need food qha. Lukhanyo rushed to us.... Luks: "uph uSam?" Me: "umke ne boyfriend yakhe kwayizolo..." Luks: "nguban lowo lihle?" Me: "I told you izolo njena?!" Luks: "baby please stop playing games with me, nguban gama lakhe?" Me: "I forgot!...." Him: "try and remember!" Lubb: "kwenzeka nton?" Luks: "did you see him?" Me: "yes!"

Luks:"yes?!...okay baby, what does he look like?" Me: "hayi man. What do you want ngoGcobani?" lubb: "lihle just talk!" He took out his phone and started recording... Me: "well, he drives iAmarok emnyama. He looks abit old wethu, he wore shades when I saw him...when he took them off his eyes were small and he looked.....weird.....didn't smile and....." My voice trailed off.... "Sam says his brother died and friend yake besandogiliswa yibus....." Luks: "Fuck!!!!" Lubb: "nguye lo! No wonder eyazi yonke into ngathi!...." Luks: "try Sam again." Lubb called her phone.. Luks: "bek'then zungatsho nje?" Me: "haibo baby bendizoyaz njan mna?" Lubb: "no answer!" Luks: "track it..." Lubabalo went on.... Lubb: "Pluto for sure bengekandaz....so they don't know that I exist....they think nguwe wedwa" Luks: "that is our advantage. Organized 2 cars, esizoz'sebenzisa today. Its gonna be a long day futh....and if we don't find him. We are fucked." Lubb: "found her.....kuphi eMissionvale?" Luks: "let's Go!!" They went to the cars. Thulani with Lubb, Luks with Stuja..they drove off...

Chapter 261

On the way to Missionvale Lubabalo called Jermaine. "We on our way to a settlement called Missionvale boet, I'll send you the directions just now." J: "ok, ek sal aan jou hoor..." They got to a small house in missionvale. Lubb: "luks, thulani, hlanaph apha, mna no stuja songena.....they can't see me and lukhanyo together, izojumpisa..." Luks: "ok, ngena...." Lubabalo took out an AK and loaded it to the max. He set the gun and gave it to Stuja, taking another and doing the same. "I don't like guns.....they don't give me satisfaction. But ke I'll play with him later...masambe..." Lubabalo didn't knock on the door, he kicked it down once and started shooting. Stuja: "stoopp! Akhomntu apha !!!" Lubb: "ndaziphi alok mna?! Search the rooms." They bust open the rooms....one bed hasn't been made. Lubb: "basando hamba..." He sniffed around....and looked at a door they hadn't opened... "Or not" he aimed at the door... Stuja: "bhut khame...." He opened the door...then choked on his breath. Sam was tied up and had bullet wounds in her stomach..he picked Sam's limp body up and took her to the car. Lubb: "Thulani, you take her to hospital..." Jermaine pulled up..he was in a black VW transporter(minibus) with 8 other guys. J: "what goes?" Lubb: "we're painting the city with someone's blood! That's what." Thulani had driven off. Donkey: "ok chek dis...the other guys is at blawa ne...they got a lead der. De picture you sent me, I know 2 of dose guys. Don't worry I'll sort them out nice n clean...." Lubb:

"please make it ugly and dirty....nobody fucks with my family!" Lukhanyo received a message: "2 down, more to follow." He showed Lubabalo. Who replied: "CORRECTION: only 1 down. And YOU to follow!" J: "wait for the reply, we'll trace it from here..." As the message came through they traced the number to Joe Slovo. Lubb: "let's go!!" J: "read the message!" It read: "beautiful wife and kids.....you have here...." J: "this bitch is all over the place!" Luks: "this is just fucking frustrating!" Lubb: "lukhanyo, Stuja, Go home... Jermaine and Donkey we're going to Slovo." They got in their vehicles and drove off.

Another message came through: "Bad Idea." Lubb: "I swear I will break this fucking phone. Jermaine step on it dammit!" He listened to the recording on his phone which Lihle gave. J: "he's probably not going around in an amarok. Let's try this..." He called one of his friends...and did a U-turn. Lubb: "waar gaan jy?!!!" J: "kyk en leer...En hy probeer OM ons Af Te sit, die boodskappe is nie vir hom nie. Dit is Iemand wat orders vat... Moenie worry nie Ek gan hulle kry. Hemel help my as Ek hulle Kry...." (Translated: "he's trying to put us off, the messages aren't from him. Whoever it is, is taking orders. Don't worry. I'll find them. God forbid when I do.") Lubabalo sat still. He called Lihle.. "Baba, vuka, lock the doors ufika kooLukhanyo...keep the babies away from any immediate contact from the outside. Doors windows etc...." Me: "okay sure..." He hung up as they pulled up by Fergusson road at New Brighton. Jermaine's phone rang. Caller: "Found him, he's in Zwide. Maar dar's n' rooi polo in Fergusson.....dis 3 van sy vriende.." J: "cool..." He hung up. Lubb: "and.....?" J: "spot a red pol-.....oh there it is.....3 of his associates...we'll come back for him..." The minibus slowly followed the polo....it upped the speed and they followed suit. Lubabalo got his gun ready plus another on stand by. "Lord, forgive me for what I'm about to do to protect my family. But no worries...." He set the gun and smiled. "I will make sure they leave in one piece today." J: "why do you always pray?" Lubb: "it helps me focus...." J: "you need traditional help. You are beyond psychologists." Lubabalo laughed as they were catching up with the polo...it drove out of New Brighton onto eNational... J: "Lubby, aim boy!" Lubabalo did as he was told. J: "remember what I taught you?" Lubb nodded.. He opened the window. And took the first shot. He literally hit the guy in the backseat at the back of his head.... "That's my boy.....now attention is on....go for the next hit." He ducked and a bullet missed him by a couple of centimeters. J: "don't forget boet....." Lubb: "its been a while!" J: "look there's a truck behind.....its now or never." Lubabalo shot at the first tyre then the second....the minibus over took them as the polo lost its control. Lubabalo aimed for the driver.....but.....Qhwa! A bullet rushed before him.....

Lukhanyo and Stuja turned to Lubby's neighborhood....Lukhanyo slowed down....and reversed. He dialed Lihle: "baby....I'm gonna need your help...." Me: "yinton ngok Lukhanyo!?" Him: "kukho moto apha phandle...I can't get in...go upstairs...I know you have a good eye and hand....go into the alley. Zobona telescope pha...take the gun in the drawer.....aim and when I put my hands in the air you're gonna shoot!" Me: "baby....no....." I cried... Him: "suck it up and do it!!!!!" He roared. Then hung up. Lukhanyo got out the car. Stuja: "what the fuck are you doing?!" Luks: "stay still..." He walked over to the other car...he stood in front of it. 2 meters away. He made sure Lihle could see him..and the signal. The other two guys got out they stood in front of the car. Guy: "sithunywe kuwe Ta Luks....." Luks: "thunywe nto kum?" Guy2: "well, someone is looking for you. And we just came to deliver a message..." Luks: "deliver it on my chest..." He put his arms in the air and side eyed the house...he saw the window at the top open...he prayed that his wife could do it....the guy took out a gun. Stuja got out the car, as he ran forward.....Qhwaaa! Luks: "LIHLEE!!!!!" He screamed...another Two shots followed.....as he fell on his knees next to Stuja..... " I told you to stay still S'lulamile. Kuthen ungamameli" he cried.....Stuja: "always told you boss.....I'll always have your baaacck....." He breathed slower and closed his eyes....

Chapter 262

Thulani was sitting in the waiting room. The doctors had taken Sam in and he filled in the papers as best he could. He felt a shadow over him...carrying on with the form he didn't look up...until he just gave in. He stared into his brother's eyes. Siya: "ndizok'landa thulani." Thulz: "how did you know I was here?" Siya: "thulani kayeke le und'buza yona. How can you be so cruel! Do you know bafeeler njan abazal bakho by you running away?! Mama oko elila, tata akatheth namntu endlin! What's wrong with you? Kuthen uthand ucengwa nje?" Thulz: "nobody understands me. Worse ke wena, andaz noba uzothin apha." Siya: "you need me in your life to check you when you trippin! Like you doing right now!" Thulz: "kwakhona yawandim owrongo?! Mxm....." He got up and his brother sat him down. Siya: "look, I might not know what happened, I wasn't there....but running around namagintsa won't help. Uzofa unye thulani...." Thulz: "and you'd be happy! Ibe nguwe wedwa pha kutatakho like its always been! I don't understand ufuna nto kum. Hlel nje nichukumisana nobom bam...kandehle please!" Siya: "thulani," he sat down next to his brother.. "Look, I

know asivani....we've never been the bestest of friends. But you're my little brother. Not eziwei uhlala nazo...they'll get you killed! And won't even be there to look after your things....jonga ngok? Baphi bona? Probably banqenqe namacherri abo as we speak sending you around to do their dirty work." Thulz: "ayikho lento uy'thethayo!" Siya: "bekhe bafowna to check up on you? No. Are they keeping track of your whereabouts? No. They are not your brothers Thulani, I AM! I know what's best for you! And its not THEM!" Thulani looked at him..... Siya: "okay fine thulani. Then call them. Ubone if they give a fuck na." Thulani took out his phone with confidence. He dialed for Lubabalo first. It rang all the way to voicemail. He dialed Lukhanyo next.....same result. He called Lihle, she also didn't answer.... They've shut him out? Just like that?! Siya: "bend'then kuwe? Masambe mninawa....iza fondin...." Thulani got up and walked out with his big brother.....

Lubabalo screamed in pain.... Jermaine shot twice at the polo driver as they sped off.. The polo rolled over, the truck swerved quickly but its back hit the polo right off the road.... In the mini bus, Jermaine took off his T-shirt wrapping it around Lubabalo's injured arm... He had stopped screaming by now... J: "askies boetie...you'll be ok ne" Lubb: "its not that bad...." J: "yeah, its just the sting in the beginning...sit still..." He took out a needle... Lubb: "what the fuck do you THINK you're doing?" J: "do you trust me?" Lubb: "my nigga, all my trust is put in Jesus' name AMEN, and You are definitely not Jesus!!!" J: "it'll make it numb boytjie, just chill..." Lubb: "I can take pain trust me!" The minibus turned into Zwide. J: "we'll take care of this one..." Lubb: "don't kill him. I want him alive and breathing!" They pulled up at Oom Cola, they saw him sitting with 2 men drinking. Jermaine aimed for the first guy.... Lubb: "steady...." J took the shot....and everyone got up and fled as soon as the gun shots went off...girls screamed....school children ran wild... Jermaine's friends were already dragging Gcobani out, they threw him in the car and drove off....the minibus followed all the way to a small house in Veeplaas. Lubabalo jumped out and they entered the house, the others tying Gcobani up. Lubb: "so you really thought you would get away with it?" G: "fuck you lukhanyo!" Lubabalo gasped out loud... "I don't think you're in a position to reciprocate my energy or should you be trying to....." G: "ok'salayo. We're even. You killed both my brothers! If and'zobana family nawe zoshiyek ungenanto!" Lubabalo fell down in laughter. Lubb: "Lord, please help this poor lost soul rediscover himself." He said in tears. "I think you're one I'm going to enjoy in a while.....J, bring in my things....." He smiled.....

I ran out the house to my husband...he was holding his best friend tightly... The two other guys lay on the floor.....one was still, the other still breathing but it looked like he couldn't move...I removed their guns and ran to Lukhanyo.... Me: "we have to

move....this is a suburb, cops will be here in minutes..." Lukhanyo got up and held Stuja back to the car, he put him in the back seat.... I just stood there...as he walked to the other guys... He picked the first one up. Him: "ndincedise Lihle!!!" Me: "ubasaphi?!" Luks: "they can't be traced HERE! And can't be found HERE. Iza maan!!!" I snapped into it and helped him put the bodies in the car...tears ran down my face....my hands were shaking.... Luks: "lihle, get a grip mntu wam....I'm sorry to put you through this, but it has to be done! You drive Stuja to eProvincial. I'll take care of these two..." Me: "I can't....." Him: "Lithembelihle, please!!!" I awkwardly ran like a penguin to Stuja in the car and left.....because we heard sirens in a far distance...Lukhanyo took the other direction.....

"Ubazelaphi ooLukhanyo?" Asks Thulani. Siya: " I've seen them around....ndaxelelwa naze zinye chap zik'bon uhamba nazo..." Thulani and Siyanda walked in at home. Mom: "oohhh mntanam!!!" His mother cried in vain as she held him in her arms for the longest time. He felt her pain...he held her too.. "Uxolo mama...." He fought back his tears... His mother cried ... Dad: "Nowezile, ndak'cela wethu...ungasenzel is'jwili apha....he's here now. Cela uxole" she calmed down.... They sat down in the lounge. Siya: "okay, my job is done...ndiphumile..." As he walked out.... Thulz: "cel'ungahambi..." Siya: "errh...." Thulz: "please....." They stared at each other for a while...Siyanda just gave in...and sat down... Thulz: "mama...kwenzeka ntoni?" Dad: "thulani.....I want you to know.....that whatever happens...you'll always be our son...siyakuthanda nyana....me and your mother both....I know I wasn't the best father to you....ndicel uxolo...." Siya: "what's going on?" His mother started crying... Thulz: "mama.....please...." Siya: "Thulani??" Thulz: "ndive umama ethetha notata.....apparently I'm not his son....." He blurted out bluntly... Siya: "UTHINI????!!!!!" Dad: "siyanda....cela uhlis'umoya...." Siya: "Hay tata!!!! Ayikho lento uy'thethayo!!! You beg me to go look for "your son" because you feel Thulani akana discipline and he acts impulsively kanti yilento libalekisa umntana???" He yelled. Dad: "kwedin! Awuzothetha nam olohlobo!!!!" Siya: "mama uyeka njan into enje!? All these years!!" Thulz: "mna bend'cel ubuza nguban tatam qha....ndiyaniva nje ningxola....." Mom: "hayi thulani...." Siya: "ewe mama!" Dad: "siyanda awungen ndaw!" Thulani was getting more agitated.... Mom: "your father....." His mother started.... "Your real father ngu Jeffrey." She croaked.... Thulani got up and walked out.....

Chapter 263

Siyanda's phone rang... He got up and walked down the passage to his room. "Ja?"

Caller: "and'keva niks ngo G fethu awumaz uph!?" Siya: "nah...ndim'qibele ngok besith mand'yolanda ntwana yase khaya kwesas'bhedlel...told you I'm not getting involved k'le kaka yenu...and you're not involving my little brother as well!!!" Thulani came to the house to look for Siyanda, he walked straight to the room...cuz he heard he was talking on the phone.....he walked in....Caller: "I know awt'yam but don't you think something's wrong keho?" Siya: "jonga, look for uGcobani...I'll come help as soon as I can I'm just sorting out my brother's things...nd'zophinda ndik'fownele..." Caller: "moja..." They hung up and he turned to see Thulani.... Thulz: "so that's how you knew where I was.....you're with ooGcobani?" Siya: "I did what I had to do to survive Thulani! I'm not proud of it. But bekufuneke ndithin?" Thulz: "so you want to kill my friends? The only real family I have??" Siya: "they're not your family Thulani! They never will be! Abak'thandi aba bantu!!" Thulz: "how the hell would you know what Love is?!" Siya: "you think spending money on you and buying you fancy cars is love??? Subasis'bhanxa Thulani!! Of course they have the money to do that shit! Maybe we're not as rich as them, but I know I can protect You!!!" Their parents walked in... Dad: "kwenzeka nton apha?" Everyone kept quiet.... Dad: "Ndiyathetha makwedini!!!" Siya: "akhonto tata..." Dad: "thulani?" Thulz: "I can't believe you right now Siya....I just can't even look at you!" Siya: "thulani kayek uba muncu maan! Iphi GTi yakho?" Thulani panicked for a second... Thulz: "it got hijacked....." Mom: "WHAAT!!!!" Dad: "kuthen bungathethi!!!" Siya: "and conveniently your "friend" buys you a convertible! And'sos'bhanxa ndayaz lamoto yathathwa ngabo, and it wasn't for anything but to kill you! I don't know how the hell you survived!!" Mom: "Hayi Maan SIyanda!!! Uthini?!" Siya: "tell them Thulani!! Tell them about your so called friends!" Thulani turned to walk out, the father grabbed him... Dad: "you are not going anywhere!" Siya: "cela phone yakho?" Thulz: "NO!!!" Siya: "don't make me take it! Yisapha Thulani!" He took Thulani's phone and walked out. Thulani shrugged himself and went to his bedroom.....

Lukhanyo drove out the city...using the old Uitenhage road. Luckily he still had his wallet and phone with him. He parked the car in a bush far from public eye....he would come back later for it. He got out and checked again if it was fully hidden....he left to go stand in the road to take a hike. A bakkie stopped for him and he climbed in, while the colored driver tried to make conversation Lukhanyo's mind was elsewhere....he needed to be at 2 places at once. He knew his wife would manage but he couldn't do that to her...so he decided to start kuye...he got dropped off at Lovemore heights and he walked the rest of the distance...taking off his sweater...and

kept his white vest on. He wrapped the sweater with the arms around his neck... He jogged all the way to the house and the street was crowded with police...he minded his own business and carried on with his workout...just before he entered the house. "Excuse me Sir..." He stopped and looked at a police officer... "Do you have a minute?" Luks: "I'm kind of rushing to a meeting, I lost time by all this jogging....but I guess I can spare a few..." Police: "I won't take much of your time Sir.....we would like to know... When did you leave for your jog?" Luks: "uhhm.....at about 8 or something...I can't really remember...why?" Police: "you've been jogging for more than 3 hours?" Luks: "is there anything wrong with that? I've got a lot of pressure at work.....my wife is moody, we just had twins....so I need to clear my head...." He stretched his arms and legs out for emphasis.... Police: "I understand sir...so you didn't hear or see anything suspicious around before you left?" Luks: "nope, nothing at all.....why? What happened?" Police: "residents report that they heard shooting about an hour and a half ago...it seems nobody saw anything...except the cars... We're looking for a black Golf 5...and we have no identikit for the drivers or victims...." Luks: "Damn! That's hectic ey....I'm sorry I wish I could help in any way...." Police: "its fine sir, your neighbors have been bragging about you as the perfect most disciplined resident....and I already spoke with your wife, your stories correspond....so I guess we'll try looking elsewhere..." Luks: "wife?" Police: "yes! Chubby female holding a baby...I thought at first she was your mom but hey.....who am I to judge...." Oh he means Sylvia..... Lukhanyo laughed nervously..... Luks: "well I better get going...good luck with your investigation...." Police: "thank you Mr Morrison...." The police walked off and Lukhanyo entered the house to take a quick shower and get dressed....he took the R8 and left for Provincial.....

Lubabalo took the torch and blazed it in the air....it sparked fire... "Tape his mouth..." He ordered... G: "what are gonna do?!" Lubb: "now all of a sudden you're interested? Fuck that...its too late." He tore his clothes off and stared at Gcobani's bare chest. Lubb: "you know.....people just like to provoke me. I don't understand why. Or maybe the thrill of seeing death flash right in your face is exciting..." He sat right in front of Gcobani stared at him... Lubb: "you have nice knees..." He smiled.... "I'm jealous....can I burn them?" Gcobani huffed and puffed...shaking his head... Lubb: "hayi ngoba??" He ripped the duck-tape from his mouth... G: "you're a sick bastard!!" Lubb: "try something else..." Gcobani spat on him.... Jermaine: "big mistake...." Lubabalo put a sock in G's mouth, and put the tape back on...he lit the torch and burnt Gcobani's knees....he screamed in agony....after a while Lubabalo stopped. Lubb: "oh well....no more nice knees....what else you got to show show off?" Gcobani was in tears still screaming. Lubb: "you better shut your ass up or else we'll torch that

too....." G wailed silently.... Lubb: "baph abanye? Your little servants? Cuz we killed 3...so where are the rest?" G kept quiet. Lubb: "okay then.....take off his bikini..." The guys burst out laughing.... Lubb: "or do you wanna take his place....?" They all stilled instantly and draped the underwear from Gcobani. He shook his head, begging and pleading... Lubb: "baphi?" Gcobani mumbled something, he took off the duck-tape to let him speak... Lubb: "well?" G: "I sent 2 eSlovo....2 ise dwesi.....the other 2 followed you to a house in Lovemore...omnye uye sbhedlele ku Thulani" Lubb: "take out a phone and dial his friends" he said.... Gcobani called out a number.... Lubb put it on loud speaker as he taped him again... Caller: "G fethu UPHI!!!" Lubb: "heee, nanku Bhut Siyanda guys!" Caller: "uphi uG kwedin!" Lubb: "you know....." He lit the torch and burnt G between his thighs....he switched it off.... Lubb: "your rudeness causes your friend pain...." Caller: "nd'zak'dubule unye kwedin uk'fumana kwam I Fucking swear!" Lubabalo took off the tape from G's mouth... Lubb: "tell bhut Siyanda to stop being stupid...." G cried in pain..... Lubb: "you're gonna make me really mad!!!" G: "Siyanda fethu....z'yeken.....stay far away awti!!!" He said in tears.... Lubb: "yava ke Siyanda? Akutsho mna...so if I got yo stupid little leader....you're nothing for me. I will crush you. I will kill you. And fly you to Brazil in my own Fucking Jet...give me back Thulani...if he's not at my house in an hour.....RIP to your bestie...." He hung up... J: "how did you know Thulani is with him?" Lubb: "a little birdie told me...." J: "a lot of birds live in your head...you need it to get checked..." Lubabalo gave him the gun...."Finish him off..." G: "you said an hour!!!" Lubb was shocked he actually turned around to look at him... Lubb: "well I lied Gcobani!...you tried to murder my sister, you killed my uncle...and all of a sudden I must spare you an hour?" G: "pleaasse...." He begged
Lubb: "do you want me to pray with you?" Gcobani cried harder... Lubb: "okay then.....everybody please close your eyes...." Jermaine giggled... "Get the fuck outa 'ere.....and go get your arm checked....I'll take it from here..." Lubabalo got up and smiled one last time at Gcobani.... "Say Hi to Jesus for me...." He walked out to the other car, the guy drove for him as he dialed to check on Lukhanyo...he told him where he was....and they drove to Provincial hospital.....

Lukhanyo and Lihle sat in the waiting room for the longest time.. Luks: "utheni ugqira lihle?" Me: "haven't seen him...." Luks: "I can't leave without seeing him....at the same time I have to go to Sam eMercantile." I just kept quiet....I was thinking about all I had done....just to save his skin....I was more and more like him....maybe even worse...who was I becoming? Ndili gintsa nam ngok? No.....I'm actually a murderer....I have killed...I couldn't even cry about it.... Jesus sure as hell should forget about me... He has given up...ndiya es'hogwen mna and shame I will sit down

and drink water for that part.... Luks: "uyandiva Lihle?" I nodded....as Xolani's words sunk into my head Finally. "He will destroy you lihle"but wasn't he supposed to "train" me for that...zange atsho kum before he died... He was making me strong for God Knows What?! I guess this was it... Luks: "lihle man!" Me: "mhh....what?" Luks: "masiye Mercantile sobuya..." I looked up and saw Lubabalo... Lubb: "what happened?" Luks: "Stuja..." Lubabalo closed his eyes for a few seconds..... Lubb: "Sam?" Luks: "siya kuye eMercantile hok..." Lubabalo walked to the nurse and informed her. They walked out and got in the cars..... Lihle with Lukhanyo...and Lubb with his driver....they quickly drove to Mercantile.....Lukhanyo parked and Lubb came in after him they all walked into the hospital to reception in the Emergency unit... Luks: "we're looking for a Samkelisiwe Mzinyathi...." Nurse: "when was she brought in?" Luks: "just this morning...." The nurse searched through the computer and looked at them sadly.... Luks: "where is she?" Nurse: "sir, you may want to sit down...." Lukhanyo had tears in his eyes..... "Nurse tell me where my sister is...." Lubabalo tried to hold him.... Luks: "ndiyeke man lubabalo! Nurse uphi umntase khaya?!!!" He screamed "where is she???" The trainee Nurse also had tears in her tears by now..... "She passed away Sir....." Lukhanyo screamed in heartbreak.... "Noooooo!!!!!" I just broke down trying to console him... Lubabalo was sitting on a chair, his arm covering his face..... Luks: "she can't be....." He sobbed..... "She can't be gone!!....."

Chapter 264

Siyanda got home, he was on the phone... "Fethu, I'm out mna....and'fun NIKS. I don't know what they did to uG, and and'fun uy'ngena....qhubekeka ke wena....ungofileyo..." Siya walked in and found Thulani sitting on his bed in his boxers and socks...he was on his old PSP passing time by games.. Siya: "yuh, sekhona lonto..." Thulani side eyed him and carry on with his game.... Siya: "cela uxolo awti yam...all I was doing was protecting you from the

Thulz: "you hated me siyanda....nangok you were just nice so that I would abandon ooLuks ndihambe nawe...you probably wanted me on your side ndizok'xelele indlela abenza ngayo izinto!" Siya: "thats not true T-man..." Only Jeff called him that... Siya: "look, if I wanted to know their shit....I would've come to you a long time ago..." Thulz: "so kudala uyaz lento?" Siya: "yes!" Thulz: "and you let them burn my house?!" Siya: "That, I didn't know....ndiyive ngok bisenzeka and bro, I almost had a mini heart attack ndicimba wena ufele pha...but luckily wawungekho...I Thank God for that..." Thulani ignored him.... Siya: "I know I'm not your favorite person...so I'm just going to say it.... I'm sorry.. If you want to go back to them I won't stop you...their enemies are dead...but its not the end...its not just our gang that is at war with them..." Thulz: "are you looking for extra credit singakwenzi nto?" Siya: "no I'm not...but mos mna andenzanga nto...all I did was protect wena....ooG would have killed you usaya k'la moeren yes'bhedlele..." Thulz: "you planned to kill a family Siyanda....it is unforgivable. Women and children are involved....uSam is in hospital right now fighting for her life....abantwana baka Lihle were traumatized!" Siya: "Sam ufuna nton es'bhedlele?" Thulz: "don't act like you don't know!" Siya: "thulani sund'phambanisa! Why is Sam in hospital!!!!???" He was agitated and curious. Thulz: "she had bullet wounds all over her stomach and I don't know but I think she was sexually penetrated....andiyaz nam ndiyacinga...." Siyanda kicked his chair in frustration. Thulz: "ungak'linge uzobane drama eroomin yam, breaking my furniture and shit..." Siya: "lamntana bend'fownele thulani right last night! I never answered!" Thulz: "uyinton kuwe?" Siya: "we're friends wethu...." Thulz: "just friends..." Siya: "we only fucked twice....long ago...we have just been in contact every once in a while....I have to go see her.....masambe!" Thulz: "are you telling me, you were fucking lukhanyo's little sister? You are officially dead!". Siya: "thulani, let's go!" Thulz: "he will kill you! Especially esaz ba you with Gcobani!!" Siya: "andaz ufuna ndithin fethu....I can't just sit here!" Someone knocked on the door as Thulani was dressing. Thulz: "who is it?.." "Vula! Ndim T-man" thulani swallowed hard and started shaking... Siya: "ndivule?" Thulz: "errh....yeah...." Siya got up and opened the door. Jeff walked in, smiling. "Afternoon guys.... Thulani? Kuthen ungayanga emsebenzin my boy?" He heart froze and did somersaults at those words... 'My boy'.....now he finally understood...now he belonged.....

Me: "Doctor, should we identify her body?" I managed to say....cuz these two were crestfallen....they just couldn't speak. Worse uLukhanyo oko enesqala....Doc: "if you could please come through ma'am....the gentlemen might need something to calm them down...I have notified the nurse to bring the sedatives.." Me: "okay..." I had to hold myself together...when the nurse came, Lubabalo got up and walked out... Me:

"lubabalo!!!" He ignored me and left... Luks: "I will shove that needle down your throat. I swear!" The nurse backed away. Me: "can we go view the body...." Luks: "iya baby.....can't go mna...." As tears welled up his eyes....I can't either....I wanted his comfort as much as he wanted mine....I walked with the doctor to view the body....indeed it was her...she was pale, and stone cold...bruises on her skin and neck. I cried while staring at her...I couldn't bear it. Me: "its her....." I whispered....the nurse held me and led me out.....I went to fill out the papers and fetch Lukhanyo...we walked quietly to the car..I took the steering wheel. He was in no position to drive. He just lay in the passenger seat in tears... Me: "stuja?" Him: "I told Lubby abaxelele bafowne.....I can't take this shit anymore." We drove home, the police weren't there, it was dead quiet. Late afternoon....I drove into the garage. And saw my Benz...lukhanyo just got out the car into the house. What the hell happened to my car?! I knew this wasn't the time. I just had to accept it. I walked to look for Lukhanyo...he had to eat... I found him in the bedroom, sitting on the bed. His eyes deeply in thought. I lay on the bed and he came to lay on top of me, his head on my chest....I kissed it as he sobbed silently. "Umama ndizam'xelela njani Lihle? She'll just die!" Me: "babes, you have to be strong....and you have to tell her kwangok kuse early....." Luks: "I'm so sorry...." Me: "about?" Him: "your car....I didn't mean for it to happ-" Me: "shhhhhh....its just a material thing man Lukhanyo...we'll get a new car xasi grand.....let's focus on this for now...you need to call your mother..." He got up and called his mother....telling her was the worst, she just couldn't help crying....he held on the phone for a long time..... Until he hung up.... Me: "uyaph?" I'm going to get rid of the car I went to hide...." He dialed Lara for help and he walked out.....

Lubabalo walked into the small house in Veeplaas and took a bat. He didn't even wait, he barged in the door. Startling the guys and he attacked Gcobani. He hit his head repeatedly...with the bat until it broke. He took the hammer and started all over again...Gcobani's skull cracked open....his eye bones broke and cut through his eyes. He broke his jaws and kicked his neck...which twisted....Jermaine grabbed Lubabalo and dragged him to the floor crying out loud.....he cried in J's arms holding on to him.... J: "shhhhh boitjie.....alles wil reg wees moenie worry nie" (everything will be okay, don't worry..." J: "askies boet....." Jermaine picked him up... "Get rid of that body..." He ordered and walked out with Lubabalo in his arms...he put him in the car and drove him home...

Chapter 265

Lubabalo and that Jermaine guy walked in. I was still not used to having him around but I had to suck it up. They went to Lubabalo's wine cellar. He came back to the kitchen. Lubb: "uph uLukhanyo?" Me: "he went to take care of things..." I looked at him and signaled with my eyes..because Namhla was around. Him: "oh okay. Ndilambile lihle...can you make me something.." Me: "ufuna utya nton?" Him: "make me bacon and melted cheese....kunye ne sonka.." I stared at him... Me: "uhm....okay..." I fried him some bacon and made the melted cheese plus bread...while he sat on the high chair... Him: "uphi uThulani?" I gave him his plate... Me: "haven't see him..." He took out his phone and called him....he didn't pick up...so he sent a message to him instead. Namhla finished up then left the kitchen... Me: "lubabalo, what happened? You have blood all over your t-shirt....your arm is injured. Kuthen ungay eHosi nje?" Him: "I can't....they'll want to know what happened..." Me: "but your arm might catch an infection..." He started eating...and drinking his juice. Him: "that's why I'm eating, J is gonna sort it out right now" Me: "don't tell me he's performing surgery on you right in this house!" Lubb: "please don't make me think about it..." He finished up. And put his plate in the sink.... "Thanks love" he walked to the cellar, taking off his t-shirt. He entered the room and sat on the couch. Jermaine had gloves on and needles. In a bowl. Sterilized and ready. Lubabalo was not in the mood for this. Lubb: "be quick..." J: "relax your muscles." Lubb: "I am relaxed." J: "no you're not!" Lubabalo took a bottle of whiskey... J: "put that down....this is gonna hurt for a while. So sit still..." Lubabalo closed his eyes and breathed out. Jermaine took a pair of tweezers, he parted the skin in which the bullet penetrated....it stung... J: "sit the fuck still!" And without warning, he dug the other pair inside the hole in search of the bullet...lubabalo screamed....Jermaine slowly pulled it out and dropped the small piece of metal in another bowl.... J: "I thought you'd be crying....you're stronger than I thought boy..." Lubb: "I've seen it many times..." J: "wats voud met jou Lubby? Daar's iets dat eet jou binne...praat met my ..." (What's wrong with you Lubby, something's eating you inside...talk to me) Lubb: "there's this girl...." J: "I hope you not talking about Luks' wife." Lubb: "nah.....lihle's been nothing but a friend.....listen..I met a girl months ago, it was never serious....I was still with Zintle that time...I don't know what happened all of a sudden...I just starting having feelings." J: "lubabalo? Caught feelings?" Jermaine burst out laughing... Lubb: "it really aint that funny...I just started doing fucked up shit....like i went all out..." J: "so what's the problem? It looks like you got something stable here..." Lubb: "2 problems actually. She's in matric. And she doesn't want me.." J: "eishh.....that's just sad..." He started stitching Lubb up... Lubb: "ouch!!" J: "shh...keep talking...." Lubb: "ahhh....man....errh...oh yeah...so I dated this

other chick from east london....she betrayed me...my trust...I cared...but I can't be with her anymore...I don't know.." J: "talk to mrs. She'll give you better advice than me..." Lubb: "mrs?" J: "yeah...your twin's wife, don't you say you're friends? Talk to your friend then...because in my opinion, I feel you'd be better off with the younger chick....cuz you seem to be in love....but you just confuse me...I don't know..." He finished stitching him up, he put a bandage around it. Lubb: "I'm surprised it actually looks quite neat. Thanks." J: "whatever. Get me a stiff one..while I clean up here..." Lubabalo tried calling Thulani again....but he didn't answer. He dialed for Lukhanyo. Lubb: "ola uphi?" Luks: "ndisendlelen ebuyayo...funeke siye ndlin soy2....kuzobakho umthandazo or some sort...." Lubb: "did you try Thulani, kham'zame tu....kand'phendul mna...." Luks: "k sho..." They hung up.....

Siyanda and Jeffrey stood in Thulani's bedroom. Jeff: "uthen? awuphilanga?" He sat down on the couch, looking at him.... Thulz: "uhm...something like that..." Jeff: "I heard about the house eBluewater....I'm sorry boy..but these things happen..I'll sort it out for you quick, uph uJunior?" Thulani just stared at him....for the first time he understood where he got the "beautiful brown" eyes his mom keeps raving about. Jeffrey's were smaller though. His skin as light as his.....he saw one dimple on the left...and closed his eyes... Jeff: "T-man? Kwenzeka nton?" Uph umntana?" Thulz: "he's at Lubbs house.." Jeff: "nguban kehok uLubb?" Thulz: "a friend of mine..." Jeff: "ohh...I see...." Siya: "your phone...." He gave Thulani the phone.... Jeff: "siya, please give us a moment alone...." Siyanda walked out. Jeff got up and closed the door. "Nyana...." He said firmly.... Thulani looked up at him... Thulz: "why?.....why haven't you never told me!!!" Jeff: "your parents sai-" Thulz: "they're not my damn parents!!! Ayingo tatam lowa! You should've stood up for me!" Jeff: "son, it wasn't an easy decision to make. It broke me each and every day that my son lived with my brother as his father and I couldn't do all these things for him. Imagine having to watch you grow from a distance! I could never share the love I had for you abundantly, I had to limit it! Imagine Thulani, i-boundaries for uthando?! You always knew that you're my number one...and you always will be! You're the reason I never married, or had any other children...because I didn't want to divide this love I had for you son.....I couldn't even talk freely nawe, I always had to gesture my love with gifts and that frustrated the shit out of me!" Thulz: "but why? Why couldn't you just take me kengok?!" Jeff: "because umamakho didn't want me to....and when your fath- I mean, uPhindile found out...we promised to keep it a family secret....on the condition that I stay away from you...." Thulani looked at his phone. 20 missed calls, 13 voice messages. 4 text messages... He checked the calls, it was: 10 from Lubabalo, 4 from Lukhanyo and 6 from Namhla. The voice messages were from her too. All of them.

The messages were from Lubby. 1: "Please come home lil bro, call me to come fetch you, send a text...anything!" 2: "are you okay, answer your phone!" 3: "Thulani, I swear, I'll turn this city upside down and look for you. I will find you!" 4: "dammit Thulani!!!!!! :e :e" then another came in right then "I'm outside." Thulani jumped off the bed and checked the window as the R8 pulled up. His heart smiled. Jeff: "Thulani! What's going on?" Thulz: "I have to go Uncl- I mean....Dad....." Jeff: "okay fine....promise to call me?" Thulz: "I promise..." He got up and hugged his son.... As Thulani left the house. Phindile: "uyaph kkwedini! Bend' then kuwe?!" As he chased after him. Jeffrey ran and grabbed his arm. "Yeka unyanam Phindile!" As he stared into his eyes. Phindile: "siyanda izapha!" Siya: "yuuh, and'soze kanene tata....and'qalis tu uphuma k'lendlu...." Phindile looked at the black sleek R8, lubabalo winked at him and they drove off.....

Lukhanyo followed behind them and they drove to KwaDwesi.....they parked and walked out, people had gathered at the Mzinyathi's household...Sam's friends were there crying....one of them being Lukhanyo's ex...he walked right past as she jumped up to Lubabalo. She: "lukhanyo....I'm so sorry....you don't deserve this..." Lubabalo stared at her awkwardly..lubb: "and you are?" She: "aibo lukhanyo awusandaz ngok?" Lubb: "firstly I'm not Lukhanyo...., he's right there...." Lukhanyo stared at her once and made himself busy...she walked to him. "Luk-" Luks: "usuke kum und'ncede..." He turned and walked off... The prayer had started. Lukhanyo stood with a few of his buddies outside. Lubabalo was inside listening to the pastor. Lukhanyo had begged him not to go inside but lubabalo simply said "I have a right to be there, Jesus invited me!" Lukhanyo just gave up and left him there. Lubabalo can be crazy and unhinged when he likes.... Thulani and Lukhanyo were standing together watching the sun set.... Luks: "so what happened?" Thulz: "my bro came to fetch me ph eMercantile...he told me he was protecting me and that you guys are no good for me. You'll get me killed..." Luks: "and?" Thulz: "just that.....and he knows Gcobani...I think they're friends.." Luks: "I know...." Thulz: "what!!!? Njan? Kuthen ungathethanga?" Luks: "If I said anything....your brother would be dead. Yamaz Lubabalo akathi ksasa...I know your bro....he isn't involved...just that he chose the wrong friends....unyan'sile when he said he wanted to protect you...because if it weren't for him....you'd be dead too....whereas Lubabalo akayaz yena lonto..." Thulz: "so what now?!" Luks: "I'll talk to lubabalo tonight.....we're done now....asiphinde sicukumiswe or nathi senze ikaka....I just pray and hope Stuja makes it...." Thulz: "thanks Lukhanyo.....for everything...." Luks: "don't mention.....lil bro...." He smiled at him.....

After a while, Lubabalo went outside. Luks: "Jesus threw you out, didn't He?" Lubb: "what you two huddling about..." Luks: "yaz'thanda ne nendaba..." Lubb: "haha...nants lawei yakho isiza....oh ndak'cela yhini Lukhanyo ungamphoxi, I don't wanna laugh in her face..." Luks: "wazba ufunan kum....yuuuh, ufika nin na Nkos'yam uLihle!!!" Lubb: "yay'thanda le violence yom'faz wakho nawe..." The girl stood with them.... She: "Lukhanyo yinto ekwenza kwrada kehok" Lukhanyo stared at her with thin eyes then looked to the sky...hands in pockets.. She: "so you just going to ignore and not toks to me?" Lubabalo and Thulani held back laughter.. Tears streamed down their faces... She: "Lukhanyo I talking to you!" They opened their mouths laughing on mute....until Lubabalo just fell down. Luks: "ndithe usuke kum ne? Sufuna ndik'vuthulule nge laphu." Lubb's Merc pulled up....Lukhanyo beamed excitedly... She: "I just wanted to talk with you....." I stepped out the Benz and walked into the yard with Namhla...I saw Lukhanyo standing with this girl. I walked up to him.... Me: "Molo sisi..." She stared at me... Me: "ndiyathetha..." She: "unguban kehok wena?" Me: "ndingumfaz ka Lukhanyo, wena?" She: "mxxm....." She pouted and walked off... Namhla: "pocile ipanty yakho nontombi....." Lubabalo and Thulani silently laughed again....I held Lukhanyo's hand and he led me inside the house... Lubabalo: "uthin na lamtana, uthi 'why you no toks with me?'....hahahahaaa....murdered me Clean!" Thulani: "I talking with you!" He giggled at Luks... Lukhanyo: "MNXIM! To you both!"

Chapter 266

After the prayer meeting, people started leaving, only a few stayed. Lubabalo, Thulani and Lukhanyo sat together in silence. An elderly woman came... "Nahlala nakhedama ingath ningama nkazana...." Lukhanyo just stared at her...then looked back to the floor. "Ngooban aba Lukhanyo, and'maz kelo ufana nawe"...she was actually looking at Lubabalo, talking about Lukhanyo. Luks: "ndim lo makaz..." She looked at him... "Hay man!....nguban kehok lo?!" Luks: "ngulubabalo makaz..." She: "lona?" She pointed at Thulani.... She: "uphanxiza kamama...akasemse ke pethuna..." She sat next to him... Me: "okay then..." I turned to walk to the kitchen to cook supper... Luks: "is it necessary? Ba mawupheke? Ses'zo hamba ngok...." Me: "you can't leave your mom...like this..." Luks: "bethe zuyombona before sihambe....I'll fix us something, khabe usiya wena pha kuye..." My heart beat increased....I wasn't scared but what if she asks what happened... Had Lukhanyo already told her? My mind was reeling.... Luks: "go babe..." Me: "uhlel nabantu...." Luks: "abazosuka ababantu pha...hamba qha uhlale camkwakhe..." I walked over to her and greeted the ladies... Ma: "molo mntanam....izohlala apha..." Her voice was broken...it tore my heart... I sat next to her and smiled... She: "maphi lamantshontsho mababini..." Me: "basendlin, bahlel nosisi...mama...." She: "oh....at least ukhe uphumle..." She kept quiet for a very long time...I didn't know what to say to her... She: "have I told you recently that I'm impressed?" Me: "nganton mama?" She: "the first time ndakubona...ungena k'la mnyango....I thought you would never come back....but umane ngo buya....and you stuck with us....our family....through it all....saved it as well. Yes, Lukhanyo tells me everything. I'm glad usekhona..." Me: "enkosi mama..." She: "kushiyeke wena ke sisi ngok....nguwe intombi yam eshiyekileyo...like I said before, I'll take you as my daughter. I hope you take care of Lukhanyo, nentsana zenu....they're the future of this family. Siyaphela thina...kuzobakho ooGqira namaGqwetha ngok..." We both giggled... Me: "enkosi mama....I promise nam I'll take care of them..." She: "ungazilibali nawe ke Lithembelihle lika mama..." I smiled shyly...me: "let me go check ke if he hasn't burnt the kitchen..." Ma: "okay ke bhabha..." I got up and walked to the kitchen to Lukhanyo. Me: "you okay?" He was munching on a dry piece of

bread. Him: "hm..." He nodded. His aunt came back in....she stared at me. I had a positive feeling she didn't like me. Almost 102%... She: "hee B." Luks: "makaz, don't tell me uthenge iGin ngala mali!" She: "bek'funeke nditheng amanz?" Luks: "mxm...cel'ngaphinde und'fun imali ke mna..." "Hewethu, long nails...upheka nini?" Luks: "makaz...khayeke man..." She: "uthe ndingatheth nawe mos ne?...." I was dumb struck. Mos Lukhanyo told me not to cook? Me: "uthi uLukhanyo ndingapheki..." She: "kukwa Lukhanyo apha? Yabona mos akho ntombi izopheka..." I kept quiet and looked to the floor... She: "nontombi. Bopha inwele upheke..." She clapped her hands.... I took out the pots and started cooking. Luks: "makaz....andiy'fun ke le uyenzayo...awunothetha olohlobo nomfaz wam....noba and'sekho..." She: "umfaz??? Waphi? I shook my head at him...and he stomped off.

After I was done cooking I washed the dishes and the pots. Alone. As soon as I thought I was done she walked in again... She: "sorry wethu ngok'phazamisa, ngalibali utshayela phantsi..." I took the broom and swept the floor AND mopped it. I tidied everything. She didn't have anything else to say. Luks: "ambothi bye bye kumama..." He ordered. I walked to the bedroom and kissed her goodbye...I walked out to the car and got in with Namhla...in the small SLS....I quickly drove off without waiting for Lukhanyo...he rushed behind me...then followed by Lubabalo and Thulz.....as soon as we got to Lubby's house, I parked inside the garage and tried hard not to look at my damaged Benz...I walked into the house and took off those heavy clothes..I got in the shower and sat down with a shower cap covering my hair.... Finally.....Lukhanyo tried to open the door...I had locked it. "Lihle vula..." I was not ignoring him...but all I wanted was ME time. He will never allow that...so it has to be forced out of him. "Lihle, i-childish ke lento uyenzayo.." I relaxed into the splashing water and drifted into my thoughts about what may have happened to my Benz...rubbing shampoo on my body. "God this child!!" He grumbled...so all of a sudden I've turned into a child? Okay then.....I sat there for a full hour...then went out to dry my body...I lotioned it and wore my gown, unlocking the door..walking into the bedroom he was sitting on the bed staring at me. He looked pissed off. Lihle simply took out her pajamas got dressed and walked to my babies. And'na xesha lomntu one tantrum mna. I helped Sylvia bath them. Lutha was happy to see me. I played with him for a few minutes then dressed him. Sylvia had already fed them... Lukhanyo walked in. "Lihle, ndi'cel

thetha nawe..." I got up and walked toward him...Lutha in my arms... We went to our bedroom. Luks: "andiy'thand le attitude yakho iphambaneyo!" Me: "eyphi attitude lukhanyo?" Me: "le!!! You just go off and lock yourself kwi bathroom ngok! For nton?" Me: "you are over reacting yaz. I drove off, because you said siyahamba, I came to take a shower because bendinuka ndingcangathe. Do I have to ask for permission kuwe ngok?!" Him: "is this about uMakaz?" Me: "no, its not about uMakaz lukhanyo..." Him: "cel'uxolo Lihle. She's always like that and'maz nam ngoba..." Me: "okay then.." I walked to the bed. Him: "yaz'bona ke!!!!" Me: "haayi, I'm tryna put the baby to sleep!" He turned and walked out the bedroom. Hayi ke ngok uLukhanyo! Mos I'm fine mna...nguye oyena unenxaki! When Lutha fell asleep I took him to the bedroom where they slept. I went to check on Stuja's girlfriend. Namhla had kept her company. Me: "molwen ladies..." She: "hey..." She was chewing bubblegum...eish...it kind of bothered me cuz it was as if she was fighting nawo...gossh...then she did the worst. She Popped it! My brain ticked. Me: "how you feeling?" She: "my boyfriend is in hospital, how do you think?! Yuuuh, ndlela le ndine stress ngayo....is'yezi!! Yuh hayi man..." Me: "usela nton? Can I get you anything?" She: "ndibawel Guarana...." I almost choked on my saliva. Me: "huh?" She: "GUA-RA-NA" she said slowly... Me: "I don't think ikhona apha...." I got up nonetheless to walk to the cellar...Lubabalo Thulani and Lukhanyo were there. Me: "ikhona iguarana?" Lubb: "Hayi ke Almighty phendula! I wonder ifuna Nton Guarana KWAM!" He had a drink in his hand...its time I went to sleep, I didn't need all this type of negativity in one night. Me: "sindiswa usela guarana, so she was wondering if ikhona ne..." Lubb: "Sindiswa needs some light in her path. Akho guarana apha..." I walked backed to her. Me: "ayikho ke gal..." She: "bananto?" Me: "I don't know, go find out..." Tshin fondin?! I went to my bedroom as she and Namhla went to the guys...my body was tired. They been chilling this whole time. I been working. I crawled into bed and closed my eyes as I felt my mind take a grip at peace.....I fell asleep.....

It was dark.....I couldn't breath. " ndincedise Lihle!" Me: "ubasaphi?" Him: "they can't be traced Here! Or found Here! Iza maan!" Tears ran down my cheeks as I carried the heavy bodies, loading them to the car...I tossed and turned...seeing the hospital...going to Sam.....seeing her lay on the bed.....cold.....she stared back at me....I started to panic, when I backed away, I bumped into someone, I turned around it was Sam....blood coming out her mouth and eyes.... "Undenzen Lihle...." I started crying out loud, screaming for help.....the only name I could speak "LUKHANYO!!!!" I turned to run out the door and stopped as Xolani stood there, leaning on the frame...hands in pockets. His white vest filled with blood... "Ndand'theni kuwe Lihle?" I woke up screaming and sat up straight. My body

shivered.... The door flew open. "Yintoni???" Was I that loud? Do you understand how far the cellar is from this room? Lubabalo looked around the room and bathroom. Lukhanyo came to sit next to me....I was cold and hot....beyond afraid. I didn't want to tell. I swear I just couldn't. Lubb: "Lihle yinton???" I just held my knees to my chest and rocked myself back and forth.....was this going to be my life now? Killing people? About them? Am I really part of this family that hardly sleeps at night? It sounded like a crazy fairytale. Luks: "baby, what did you see?" Me: "nothing.." I muttered. Lubb: "but you've been screaming and crying! What's this nothing that you speak of?" Me: "I'm fine maan...I just need to get comfortable." Luks: "can I get you anything?" Me: "no.." Lubb: "okay...zond'fuman kwi bar luks..." He walked out... Luks: "iza baby..." He tried to lay me down. Me: "I'm not a child lukhanyo. I'll be fine!" Luks: "I just thought you might need just some comfort..." Me: "thanks babe...but I'll be fine..." Luks: "mxm....and'hambi ke bonanje...." How do I tell him to just leave? I just want to be alone. Me: "I'll go make myself some tea and watch a movie..." Luks: "are you sure..." Me: "yeah..." I got up, wore my gown and went to the kitchen, I made myself tea, pouring 2 shots of Vodka in and went to the movie lounge...I drank from the large cup while watching the X-men movie...Lukhanyo came to sit next to me. Without saying a word....he lay on the chair... Me: "I just needed some time to be alone....is that too much to ask?" Him: "mm.....k...." He sat up and held my chin....then kissed me sweetly....I was mesmerized by this kiss, I held onto his T-shirt, it sent shivers down my spine.....he pulled himself away, got up and left. I just hate it when he does that!

I went to bed later and crawled in under the blankets. Lukhanyo was in the covers. Playing with his phone. Him: "you okay now?" Me: "yep..." I snuggled myself into him... Him: "wanna share?" Me: "qala qibezele la kiss" Him: "huh?" I looked up at him.... Me: "don't act like you aint know..." Him: "khame before that.....buphuphanton?" Me: "kayeke lukhanyo!" Him: "I want to know!" Me: "it was dead people ke. Ufuna nditsho? It was them all" He was shocked. Him: "I'm sorry...." Me: "nothing to be sorry about...." Him: "uthin ke nge kiss?" Me: "never mind....just hold me...." He wrapped his arms around me....my head felt dizzy and tipsy....I instantly fell into a dreamless sleep.....his phone rang. Him: "yessss?" He said sleepily. Caller: "sir, if you may please come to the hospital. Mr Silulamile Tom has woken up...he is requesting to see a 'Ta Luks' of some sort, if you cou-" lukhanyo hung up..... jumped up to get dressed and ran out the door....

Him: "at least 2 distinctions babe...." He kissed her... "That's minimum ke, don't be aiming for 2 nokwakho....I'll higher the stakes of the prize if you push harder..." Liya: "a Benz?" Him: "hahahaaaahaaaa!.....yaphambana sana.....aint buying no teenager a Benz ihambe iyogiliswa eNjoli mna....yuh rha." She: "yaz'bona ke..." Him: "we'll see on the results and have this conversation when it happens....but for now....." He took off her top, releasing her bra.... "You like teasing me with pink ne?" She: "I forgot kanene....its your sensual color...should've

worn blue"... He kissed her boobs, sucking on them gently....taking off her pants, he kissed her stomach while he undressed... She: "khahle alok baby..." Him: "heee...yathand und'tester ke wena liya....you know I don't do that..." She: "ok fine...." She seemed disappointed...when he looked at her she darted her eyes to the ceiling...the feeling was gone...she probably just got turned off...Lubabalo kissed her stomach and dragged himself down...just to please her. He kissed it once.. Then licked it..he put his mouth on it and sucked gently...she moaned out loud.....someone knocked on the door. "Lubby, khavule fethu" it was Lukhanyo...he ignored him flatly...and carried on. Twirling his tongue around her clitoris, teasing her orgasm.... "Babbby....." She moaned....he held her thighs apart and looked at it then dived back in....he played his tongue around it as she groaned and held his head...she felt herself cumin...her waist moved in circles.... "Yess....ohhh lubby....yesss....." He stopped and got up, walking to the bathroom.... She: "oh lubabalo yathand ucengwa ke wena!!!!" She yelled. Lubb: "calm yo tits baby, ndiyeza!" He came back out with a condom on...it was strawberry flavored, pink....smelled delicious.....he got on top of her.... "Lubabalo!!" Luks knocked again....for umpteenth time. Lubb: "lukhanyo, please go sleep..." Luks: "yand'gxhotha ol'hlobo?" Lubabalo opened a little and peeped angrily at Lukhanyo. Lubb: "awufun phazanyiswa ke wena!" Luks: "I can't sleep, Lihle und'qumbele about some kiss I didn't give her apparently. I think she's pregnant again....khavule ndingen..." Lubb: "lukhanyo I'm tryna get some. Ambohlala noThulani, I'll join you in about 2 hours....Go!" Lukhanyo turned and walked off.... Lubb hated seeing him like that...he'll go to him later. He climbed on the bed and lay on top of Liya.... She: "and that?" Him: "my brother is acting up..." She: "go talk to him alok baby..." Him: "after I'm done with this part...." He smiled and kissed her again...massaging her boobs....and without any warning. He entered her. She screamed. He giggled and pulled out slowly... She: "suy'khupha..." Him: "I don't want to just have sex....I wanna play with you namhlanje...." He nibbled on her neck and held her hand thrusting in slowly, She: "a little deeper" she groaned...he went in a little deeper and her body electrified right under him... Him: "I reached it didn't I?" He said in a cocky voice.. She: "mxm.." She turned him over and rode him...bouncing her ass on top of him.... "Baby...ha.a maan...." She: "yinton...." Him: "shiiit....I'm bout to.....ohhh fuuck.... Liya stop tu...." She went faster and he begged her to stop.... Until he held her down.....his body stiffened as his orgasm blew over him.. Him: "aargg..... Damn.....you -you are something else you know that? Kwatsho kwahla nes'stress..."....she got off and lay right next to him... She: "work?" He took off the condom, tied a knot and reached for tissue. He wrapped it up and put it on the floor then turned to hold her... Him: "nah....." She: "wanna babble about it? Till you fall

asleep?" Him: "oh I babble now?" She: "qibele kdala ulala the whole night nawe....soo, maybe things change....." Him: "ey mntanam.....things changed drastically....my sister just passed away izolo...." She: "Demi-Lee?" Him: "oh no...not Demi..." She: "yuuh, nd'phants ufa....I like Demi..." Him: "yeah, I wonder wenzan eParis lowo....my half sis, uSam...." She: "oh....I'm sorry babes...." Him: "love....its just the way she died just wasn't fair man.....she didn't know anything...like I remember the last time I saw her....gave her a big fat hug..." He giggled.. "We hardly spent time together but ke nonetheless she's my blood...she always will be...I don't know how to look at myself in the mirror knowing what I did to revenge the person responsible...." She knew better than to ask question, just kept quiet and listened to him. Its what he preferred.....someone to listen. Not judge. "I can't forgive my own self....but ke it had to be done...maybe not olahlobo kodwa its too late to cry about it...I just wish she was alive man...I wish I could tell her I'm sorry...I should've been there as an older brother to protect her!" He sobbed. "Yi-duty yam ba mandibepha for yena...but noo....I was too busy looking for umntu who was actually ready to kill her! Ehlel naye!" She held him tighter as tears threatened her eyes... "I just.....I can't do this anymore....I can't pretend everything is fine while I know I'm hurting inside! Kub'hlungu Liya. I never knew I'd feel this much pain again...I never wanted it to happen...." He kept quiet and cried silently..... She: "its gonna be okay baby.....you'll be fine..shhhhh...." She kissed the top of his head as he cried himself to sleep.....cradled in her arms.....at last he kept quiet and drifted off....

Chapter 268

After a while, lubabalo got up... Liya was asleep. He went to wash his face and walked to look for Lukhanyo, he found him in the cellar by himself. Lubb: "uph Thulani?" Luks: "lele...." Lubb: "so what's up?" He sat on the couch a poured himself a drink... Luks: "lihle yand'stressa feth....I know this time I've pushed too far." Lubb: "nganton?" Luks: "she's not herself man, like ikhona into emtyayo...." Lubb: "did you ask?" Luks: "she doesn't wanna say.....worse uth I always do things unexpectedly and then when she wants it.....mna ndingafun. For sure usathetha ngale crap ye kiss! Ndithi iza ndik'puze akafun! I don't know what she wants from me..." Lubabalo kept quiet...he was done playing, done intervening. He was happy that his crush with Lihle had died down...and he'd ended it peacefully...now there was Liya waiting for him....to love freely...he smiled.. Luks: "this is not a smiling matter..." Lubb: "and'ncumel wena

Luks: "niyancokola nje...." Lubb: "yeah, but not about your sexuality and stuff....euw..I don't wanna know!" Luks: "mxm...kathethe naye man..mna ingath uyandonqena..." Lubb: "if she was pregnant she would tell you." Luks: "ok, but convince her to do a test ke!" Lubb: "aibo lukhanyo! How the hell do I say that?!" Luks: "I don't know, tell her she's getting fat or something!" Lubb: " No thanks. I'm not asking for the free of charge beating of my life. Ndiyabulela bhut omncinci...." Luks: "just anything then.....lubabalo please..." Lubb: "I'll try and talk to her ok? But that's it! I'm not going any further...maybe you should have let her Have FRIENDS. GIRL friends! Now you making me do all their work....its unfair!" Luks: "aska...abantwana base kasi bane nyoka gqith....Lihle must know her place, and she Does. Akho need aphum'emgcn" lubb: "I've got a meeting tomorrow, Gentiva yafika...so I won't be around the whole day..." Luks: "and me?" Lubb: "you'll organize the funeral, ndizol'shiya icard.....you only take the best of everything...ibentle...." Luks: "ndihambe ndodwa?" Lubb: "take Lihle with you...and the babies..." Luks: "hay man....doesn't feel right....ngath siyotheng grocer hok....I'll call Ta Smig..." Lubb: "ok then.....ambolala fondin..." They got up and walked to their bedrooms... Luks: "night..." Lubb: "night lukha...." He walked in and crawled beside Liya...then fell asleep.

Liya: "baby Vuka..." Him: " no...just 30 minutes qha..." She let him sleep again...she was already up...practicing her Accounting. After 45 minutes he woke him up again... She: "you're gonna be late lubabalo..." Lubb: "what time is it?" She: "its 07:45..." Him: "fika ngo 9 uDylan man baby...." She: "then get up and prepare for him...um'bookishele? Uzolandwa nguban? What is he going to do all day? Uzotyphi?" He jumped up.... Him: "awudiki man....khand'ncedise Bae....where is my fucking laptop...." She got up and gave him the lap top...then sat next to him. Him: "I will teach you how to make a booking. Bamba so...." He got up and went to brush his teeth....him: "click on...the Radisson Blu icon...its already there...." She clicked, Him: "use the number le ino Sandile apho....call him." She took his phone and dialed for Sandile. She: "ndithin kuye?" Him: "tell him you're my wife, and ndithe kuwe yenza booking for a suite pha...tell him, its for 9:30am namhlanje....I'll pay ufika kwam...." The phone rang.... Sandile: "Luba-Balo! The main!!!!" She: "sorry wethu bhuti, this is his wife speaking, uthi uLubby please organize a suite for 9:30 this morning. He'll pay on arrival..." Sandile: "oh.....Molo sisi...." She: "molo bhuti...." Sandile: "for how many days?" She asked Lubby... Lubb: "I'll confirm fika kwam..." She: "he said he'll confirm when he gets there..." Sandile: "ok then..." She: "thanks" and hung up. He came back...

"Steve already got the arrangements for picking him up because they're on the jet already...so call the landing port ubaxelele to give him a message to drive Dylan to the Radisson Blu, I'll meet him there...ndisayo vasa..." She did as she was told then went back to her accounting. When he was done, she had taken out his creme fitted pants and aqua blazer, navy tie, baby blue shirt and a navy patent shoe..... All by Tom Ford. Him: "awww....andizobamhle man....zobona Lukhanyo zobano mona..." he got dressed and she fixed his tie up for him... She: "please shave babe...ingathi ulixhego man.." Him: "yal'thanda mos xhego lakho ngok yinton ngxaki? I'll embarrass you, zukhe net und'baleke..." She: "hay koda baby...." Him: "but zincinci nje baby....jonga, they're hardly noticeable...." He kissed both her cheeks...then her mouth... Him: "thanks..." She: "good luck..." Him: "come....meet the team..ubuye uzofunda...." She led her out to the kitchen. Lihle was sitting on the high chair with a bowl of cereal.... Thulani and Lukhanyo exclaimed: "ahhhhh!!!! Madoda!!!!" Lubb: "rockin? Rollin? swaggin to the MAX!!!" He quoted from Fashion Killa....and we all laughed....Luks: "heeee, hayi uy'tye yonke...I give up!" Thulz: "yuuuh Luks, yangathi, ndingen endawen ewrongo...nath f'neke sinxib isuit everyday....ayikho le!" Lubb: "yabona ke baby....nditshilo ndath banomona....come this side.." "Ngu Namhla lowa...." Namhla: "hey!" Liya: "hey..." She smiled... Lubb: "this is Liya..." He turned... "Ngu Lihle ke lo...don't mind her much, une moods namhlanje...way yakhe ek'sen...." Me: "hey baby girl....can I get you anything" I stuck out my tongue to Lubby. Lubb: "ndlela yakho yond'phoxa ke le?" Liya: "I'll make cereal thanks..." She walked to the kitchen... Me: "she's cute..." Him: "I know.....just look at that ass...." He stared after her..... I laughed at him... Me: "awusemhle mtshana...uyaphi?" Him: "million dollar meeting chomi...we grinding ou'chea...." Me: "good luck then.....don't worry, I'll take care of her...." Him: "thanks..." He walked to the kitchen to hug Liya goodbye... Him: "babes...ufunde ke please...remember to take at least two hours break. And Sleep. That's the best way to revise work....I'll be back later...maybe after 4...kiss me..." She stood on her toes and kissed him.... "Mmmwah...love you..." He dashed out... Luks: "iphi eyam?" Lubb: "inton ngok Lukhanyo you gonn make me late!" Thulz just squirmed in giggles next to him... Luks: "i-hug yam?" He said sadly. Lubb: "Lord, do we really have to go through this today? Lukhanyo, go shower, get dressed and get on the road..." Luks: "so andizoy'fumana?" Lubabalo huffed and walked to him, he hugged him briskly and hugged Thulani for arguments sake. Lubb: "Now go! Go! Go!" Luks: "sir yes sir...." He got up to go shower.... Lubabalo went to his R8....he screamed. Thulz: "yinton ngok???" Lubb: "kuthen imdaka NJE!!!!" He was beyond pissed off. Thulz: "lubabalo calm down! Thatha leyam....worse unxibe ngok'fanayo" he went to

fetch his keys and gave them to him. Lubabalo drove off to Summerstrand. It was 09:32.....he was late! For the first time EVER!

He called Steve. Lubb: "where is he?" He demanded. Steve: "don't worry sir, he's at the Tabu bar for now, I met Sandile and took his bags to the room. He's just having a drink now." Lubb: "oh Thank Goodness. Thanks Steve, I'm almost there..." He drove in and parked at the hotel. He walked in and looked for Sandile. Lubb: "moja feth....where do I pay..." Sandile: "iya pha k'la ntombi, she made the booking." Lubabalo went to settle the payment once.....then went to the bar to Dylan. He got up and greeted him. "Mr Morrison!" He turned on his Australian charm. "Mr Gentiva." They shook hands. Lubabalo unbuttoned his blazer and sat down with his partner. They started on the brief for the tender as he took out the contracts again to discuss. Dylan: "like I mentioned...if there's anything you don't get, come to me and I'll clarify. For now...its getting on the road....we're getting the money at the end of this month..." Lubb: "is it the full 40?" Gentiva: "no....we break it down....into the four months our contract is bound. It will be 10 per month." Lubb: "okay.....there's something I want advice on..." Dylan: "shoot." Lubb: "I want to go into the hotel business. I'm not schooled enough in that department...but I'm quite keen on having a hotel business...." Dylan: "well....for one, its a good investment....but it depends where it is...you can't build an expensive hotel in a developing city. Who's gonna stay there? I'll give you one of my contacts, they'll get you more information on that type of business. It pays well....but you must know your shit. and the best way is to be there as often as possible...." Lubb: "I see....I'll do more research and see what I come up with...." They spoke about the other details of their deal for a few more hours....then went to get breakfast at Finezz.

Lukhanyo had finished getting dressed. He wore his maroon pants, a white blazer, a pink shirt and walked to the kitchen with his white socks. Him: "ndinxib es'phi is'hlangu baby?" Me: "siph esi si-dark plum si-shinayo love?" He went back to wear it and came back. "I'm done." He announced. Me: "hambe kakhle booboo..." He kissed me twice...and took a bite of my cheek. Me: "ouch man!" Him: "lambile...." Me: "lukhanyo you just ate!" Him: "yand'lambisa mna la cereal yakho....khenze man baby fruit salad and yogurt qha..." I went to the fridge and chopped up the fruits for him. I put them in a bowl and poured yogurt, he sat down and ate. Thulani came out...he and Namhla had gone to shower, he was wearing navy fitted pants and tucked in a maroon shirt. He wore black suede shoes... Me: "hay sana....kange ndi'brief we mna kuyiwa phi?" Thulz: "yoh mtshana...." Was all he said... Namhla got out, she was wearing navy skinny pants too. Blue stiletto's and a white blouse. Me: "I give the fuck up." Liya laughed as she sat on the couch with her textbook... Liya: "subana worry

wena Lee, sizobabi sobabini namhlanje...akhoway...." I giggled with her... Me: "hamban kakhle Ke ziiFaishion Killa...." Lukhanyo put away his bowl and came to kiss me... Me: "ginya kqala." He held me tightly and shook his head.... Him: "mh.mh..." Me: "lukhanyo stop being nasty as hell, ginya boo...." He swallowed and kissed my lips.. "I love you one..." I kissed him back... "I love you too..." He chuckled and walked away... Thulz: "sobuya aphe mini guys..." Namhla: "bye ladies...ningalibal sula festire..." I laughed out loud.... Me: "mxm awudiki...." They left. Me: "let me go check on the babies va..." Liya: "Babies? You have babies?" She exclaimed... Me: "yes I have 2 boys and a girl....then kubekho owaka Thulani umntana..." She: "my goodness I LOVE babies! Cela ubabona?" Me: "come this way..." We walked down the passage as she asked a lot of questions. I adored her...she's sweet... We bumped into Sindiswa on the way...her razor cut was up in the air by one side....no but I'm taking them out today...just to pass time. First stop: Salon! Me: "Morning!!!" She: "yuuuh....yangxola sisi....molo ninjan ndirynt nam enkosi....yoh eksen apha..." Liya and I giggled and walked in to the babies room...

Chapter 269

Liya helped me wash the babies. Liya: "abase cute man! Yuuuh, jonga unotsitsi bethuna...ohh maarni.....uphi omnye?" Me: "they're in the bedroom, una 3 uChuma, he's turning 4 in a few months..." Liya: "wow...so you had him when you were 17?" Me: "hahaa....not really...he's Lukhanyo's son...but ke ngowam nam ngok...I prefer when people ask ndithi ewe, ndamitha ndina 17....but since you're a part...you should know." Liya: "oh wow.....akagezi kehok?" Me: "nah..yuuuuh, not uChuma....he's the sweetest thing ever...you'll see him. Then kubekho uThulani Junior." Liya: "let me guess...he looks like his drop dead gorgeous father right?" Me: "hahahaaa.....yes." Liya: "hay shame, he's intimidating. Khubon ndonqena nosuza ecam'kwakhe..." Me: "haaa.....yuuuh hay wethu, he's a chilled guy zombona nawe." We dressed the babies. Then walked to Chuma and Junior. They were wearing their army costumes, playing with soldier actions figures. Me: "chumani, junior..." They stopped and looked at me... Me: "this is Liya. She's gonna be around for a while..." Chuma: "hello." Junior: "hi..." Liya: "hey guys...yafana notatakhe bethuna lamtana..." We left them to play.... Me: "ndifuna siye salon....do you want to do anything with your hair?" She: "no thanks....I'm okay..." We went to Sindiswa. Me: "sindi, siyokwenz inwele, are you game?" Sindi: "igame ingenaph yona?" Me: "I meant do you want to do your hair?"

She: "nope..." Me: "come on...it'll be fun....I'll pay for whatever you wanna do..." She: "ok fine then...ndisayo vasa.." She walked to the bathroom and bathed. Liya: " I'll stay behind with Luhle...and study with her..." Me: "are you sure?" Liya: "yep, ndamaz Lubabalo will freak out if I don't study..." Me: "okay then..." I lay Lutha next to her and went to shower. I finished up and wore white jeans. A brown platform heel...white top and brown figure belt. I tied my hair up in a bun then did my make up..nothing heavy...just foundation, eye liner and mascara. I went out to the lounge to feed Lutha but Sylvia had already taken him... Me: "ndizayenza njan na lento...." Liya: "what?" Me: "ndizohamba noLutha..." Liya: "that's okay..." My heart didn't feel right....it was as though I was putting Luhle aside. Liya: "what's wrong?" Me: "it just feels wrong separating them..." Liya: "they'll be fine wethu....go." Sindiswa came out wearing her red carvela's and black shorts. With a white vest tucked in. Thank God, she looked neat. Me: "you look cute....I like your shoes..." She: "enkosi....nawe, like yours....qha and'noze ndikwaz mntaka Yesu....ndingawa ndophuke indawo..." I fell on the couch laughing... Me: "eyphi ndawo....?" She: "masambe sisi..." I got up and went to fetch Lutha's bag. I kissed the big boys goodbye and took Lutha from Sylvia after she was done feeding him. I buckled him up in his seat and we drove off.

We pulled up at the salon. Me: "zokwenza nto?" She: "soft dread wethu, encinci ingabaxeki." Me: " are you sure?" She: "why dan? Uthin wena?" I took Lutha and we walked in...Me: "there's a certain type of style...for every type of person. Soft dread ingathi ibantle when you're a dress person...and smart casual...you know?" She: "what are you trying to say?" Me: "well, for starters if you really want soft dread, then you gonn have to change your style...." She stared At me blankly....shit did I offend her? She: "ok, yavakal lento uy'thethayo.." Me: "so you're getting another hairstyle?" She: "nope...just because I hear you, doesn't mean I will listen...." I laughed and shook my head at her. We got in and they undid her razor cut...and washed her hair. Lutha was unfamiliar with his surroundings busy staring at everything until he eventually fell asleep on my chest...the dryer woke him up....and he started crying. Me: "sophinda sibuye sindi va..." She: "K!" She yelled and I left with my son. We left for the beach. I took off my shoe and walked with him on the sand..we sat down and he held out his hand. I poured some sand into it. It ran through his fingers and for some odd reason he found it funny. He giggled and squealed. While I leaned him on my inner thigh to support his back, I took a picture and sent it to Lukhanyo. He called right away. "Niphi?" Me: "we're at the beach babe...." Him: "okay...." He seemed hesitant a bit... Me: "sihambe?" Him: "ima I'll call you back..." He hung up...I went through my whatsapp and put it as a display picture. I went to Vuyo's contact...I swear I wasn't as mad...plus I felt sorry for her. Losing a baby isn't a game. Its a sad experience. I sent

her a text. "Hey" she replied: "hey" me: "uryt?" She: "yes and you?" Me: "I'm okay....heard about the loss....I'm sorry..." She: "its cool....I'm trying not to think about it much...look, I know lubabalo told you. I just want to say I'm sorry, I really am..." Me: "its chilled..." She: "we'll talk later, I'm at a job interview, its my turn to go in..." Me: "good luck..." My phone rang again... Me: "babe..." Him: "its okay....you can stay love....iphi ntomb'kayise?" Me: "she with Liya..." Him: "ok then, see you in a few hours..." Me: "mwah..." We hung up...I got up and took Lutha to the car. I dusted him off the sand on his bum and put him in his seat buckling him. I tidied myself and wore my shoe. I got in and we went back to the salon. Sindi was almost done. She: "andise hot sana yabon?" Me: "you look beautiful." She really did though, it was just that razor cut. God please let her not buy bubblegum.... I paid while she got her stuff ready and we walked out the salon...a black golf 4 slowed down by us. My alertness clicked in. I took out my phone and as I was about to call my husband nanko Sindiswa ekwazwa. "Masindi!!!" She: "heeee!!! Hay Bora! Awuse blenki nje yile moto uy'vasileyo....tsho kwaphel uxhweba..." Him: "ndiryt...wawund'thanda ndixhwebe ndinjalo njena..." He laughed and drove off. I didn't ask. I didn't want to know. We got in the car. She: "cela und'se Ke Nako wethu, ndifuna Mr Price, ndizothenga summer dress." I drove her to the mall. We walked out to the shop. She bought 2 dresses and sandals. Plus accessories. She paid for herself shame...we left for home. I had a weird feeling someone was following us. So I hurried back.....

Hours later.....

I was preparing supper. I made pap and stew. Sindiswa had helped chopping the veges. She was telling me about this girl she fought with apparently. She: "so this bitch. Walks in pha kwa Gqalan. Sihlel nooBabsie pha, siz'selela I savanna ne KWV" me: "Haay! Zombini?" She: "nton ewrongo! So we chillin...uthi Gqii, edomfu domfu enjalo. Uzondinyola uth ndine ndodakhe. Kange ndibuze omphi ndam'faki nyawo qha....yuuh wayothi dumfu phantsi." I was literally in tears, because she was doing the demonstration, and actions....yooh 🤔:v ... 😞:(She: "suhleka! Waphakama, ndaqond'ba yoh....zacima iz'bane....qha kwabe kufik ubaby wanditsala....sahamba...yay'nelaka la njakaz..." Lukhanyo walked in. He kissed my cheek. "And'selambe..." Me: "let's check ba baph abanye sizophaka..." He called Lubabalo, he was on his way. Then he dialed Thulani. "Ndiyangena ngok..." We heard the car pull in. Me: "sindi khanxibe lokhwe ndibone binjan..." She walked to the bedroom, while I set the table. I put the plates in front of each chair. Lukhanyo was in the lounge with Lühle on his lap, lutha was asleep. I went to the bedroom to call the boys. They came out to the rest of the family. Thulani and Namhla walked in... Namhla: "smells wonderful..." Me: "hmm....andisek'qumbele ke..." She:

"uzow'qhabuka mntase because andizok'hoya tu..." Lubabalo walked in and went straight to the bedroom, he came back with Liya. Me: "cela sizotyga guys...silinde uSindi qha...." She walked in.... She looked wonderful! Yuh...I liked it! Me: "awusemhle!!" Lukhanyo shook his head and smiled. He sat down. Lubb: "khaphame mnin'z....I wanna pray." We all stood by our chairs and Lubb started. " Dear Lord. We are grateful for your wonderful mercy, your guidance and protection through thick and thin. We ask that you heal our wounded hearts and help us accept and adapt. We Understand that you do things with your own reason and fix it in your own time. I put my faith in You. You have truly blessed us, extended us and Made us. I thank You. For the food we have on this table, I thank You for the work You give me the strength to do. As we are gathered here," lukhanyo coughed hard...and cleared his throat.... "I ask for your permission to spank a few disrespectful people, I know you won't mind. Keep Silulamile in Your safe and capable hands. All things we do. We do Through You. Amen. Awuna discipline wena!" He said to Lukhanyo. Luks: "hay lubabalo asizanga kwi mvuselelo, we came to eat. What's wrong with you." We sat down and ate.... Lubb: "heeee....awusemhle wethu Lady...." He said to Sindiswa. "Kwatsho kwa better wethu k'na la wig ingath ithi 'all my life I had to fight...' Yooh. Bisi-struggle!..." Lukhanyo held his mouth, got up and went to the bedroom and laughed his heart out. I held back laughter....tears welled up in my eyes. Thulani pushed his chair back and leaned forward elbows on his knees. Me: "lubabalo, how was your meeting?" I tried to shift the subject. Lubb: "lihle, subanomona...ndisancokola noSindi..." Sindi: "enkosi bhuti..." She tried to smile... Him: "wade way'fumana ke iguarana?" She: "hayi kandy'fumane..." Him: "hay ke that's sad news...but on a happier note. I have something better." He walked to the cellar and came back with a bottle of Moet. Luks: "sisaya eDwesi ke ungalibali..." Lubb: "we'll just have a glass....my meeting went really well, I don't wanna celebrate alone." He poured himself, Luks, Thulz, Namhla, Liya and Sindi a drink.... Me: "and me?" Lubb: "you know you act a bit off when you tipsy....ndonqen uphoxe uMakaz..." I decided to let him be... Luks: "ndifuna am'phoxe mna. Galela pha!" Me: "andizoyenza lonto..." He poured me half a glass then stood up. "To my future business. To my family. And the end of Sindiswa's wig war...." Everyone just burst out laughing. We drank and ate our food. Then got ready to go to KwaDwesi....

Chapter 270

We arrived at Dwesi and walked in. The prayer meeting was about to start. I stood at the kitchen helping the other ladies with the tea and baked scones. Lukhanyo walked in. "Maka luthandoluhle, ndicel uze ngapha?" I could feel their questioning eyes ba 'nguban luthandoluhle' I walked outside with him and saw Ta Smig. He pulled me in and hugged me warmly. "Unjani mntanam?" Me: "ndiyaphila bhuti wena?" Him: "ndiryt....baph abazukulwana bam?" Me: "sibashiyile Ta...bahlel no Sis Sylvia..." Him: "oh okay..." We sat and chatted for a few minutes. Me: "ei Ta, sophinda sincokole, ndifuna siz'hlalele phantsi ezinye...." Him: "ok mamngwevu...ndizova ngawe..." I walked back to the kitchen. Makazi was there. Me: "ndingancedisa phi?" I asked the ladies... "Sesiqibile..." One said....I knew they had been talking. So I kept quiet and stood there like a helpless idiot. I listened to the pastor, preaching a verse from the Bible. Lubabalo was sitting in the front row seat. His legs crossed, head held high, staring at the pastor...he was actually really listening. It wasn't funny, but for uLubabalo? It was hilarious. Luvelaphi ol'sindiso lakhe lustrong kangaka? All of a sudden he's born again? Hayi mandiyeke omnye umtana az'vise mnandi...the prayer ended...when people began to leave we started tidying up. I started cooking before ndiphoxwe kwakhona...Lubabalo came to the kitchen. Yes, everybody thought it was Lukhanyo. But didn't they notice his clothing maybe? Lubb: "malinki....mamela?" He pushed his tummy out, it was making angry noises. Me: "sithen?" Him: "I'm hungry..." Me: "lubabalo umke utyile!" Him: "hehake Linki-bear...khenze man." He stared at the pot and took a peek. "Yoh, sana yo ba ready xa kuphum ilanga le, ndilel nge cala le mpundu huffing and puffing.." Me: "awuse....you never used to be like this..." Him: "you just never noticed...so, what happened today..." Me: "we went to the Salon wethu, then to eKe Nako to buy Sindi's dress." Him: "qha?" Me: "yeah...ndaya nase lwandle noLutha...kupha phone empokothwen..." He took it out of my apron and unlocked it. Me: "how do you know my password?!" Him: "I know things about you. You don't even know.." As he searched through the pictures. Me: "mxm..." He looked through the pictures, then sent them on Whatsapp to himself. While on whatsapp he saw Vuyo. He entered the conversation, and read it....her last message was from an hour ago. "Just got home." Lubabalo looked at me, while I stirred on the pot. Me: "what's wrong?" Him: "hay akhonto..." He scrolled up to start at the beginning. She lost the baby? He thought to himself....why didn't she tell me?! What job interview!? What the hell? Him: "Lihle..." Me: "ndiyawenzen ngok...." Makazi: "mntaka sisi, awusemhle namhlanje man...yuuuuh, watsho walyta! Unjan?" Lubb: "ndiyaphila makaz..." Makaz: "sek'then ngok isXhosa sakho ngath ungumlungu..." He laughed nervously. She: "khenze alok my f lawei...." She whispered. Lubb: "eyphi way makaz?"

She: "la 50 alok.." Lubabalo took out his second wallet...filled with notes..everybody stared at him. He took 200 and gave her. She: "jonga nale ikhwaza mna." She pulled another 100. Lubabalo closed his wallet and put it away..... She: "enkosi mntaka bhuti. Uphi unyanam?" Lubb: "uthulani?" She: "bam'thiye Thulani umntanam???" She freaked. She: "maka thule anga xeli ba ubiwe?! Kanti ke ngu Khwazani ngok! Mngqundu ka thulani..." She walked out to the shop.... Lukhanyo walked in... "Lubby.....this way..." Something was up..... Me: "what's wrong..." Lukhanyo gave me his keys. "Don't leave this house. Until I tell you to." Lubabalo gave me back the phone. And they rushed out.....

I finished cooking and Namhla helped me with the plates. Taking them to the family. Lukhanyo's mother called me. I sat next to her. She: "unjan sisi?" Me: "ndiyaphila mama unjan?" She: "ndiyacenga mtanam....oko bendifuna ukubiza, natshatelaphi kanene noLulu" I wanted to laugh at his nickname, it was so cute. Me: "satshatela eKimberley mama..." She: "oh....ndenz'ba I was talking to him earlier, uth ufuna ukwenza umakoti....not just a wife...uphuphe utatakhe, embuza ngomfazi...and when lulu told him, utata akavuma wathi akamboni yena....akukho mfazi..." My heart broke into a billion pieces. Why didn't he tell me!! She: "sukhathazeka nosisi...these things happen....natshatha nin kanene?" I told her the date... She: "so your first anniversary is in 8 months time?" Me: "ewe mama" She: "that's too far..." Me: "but mama, izokwaz ukwenziya too soon? Isn't that a bit.....I don't know..." She: "yes... Hayi sizophinda siy'thetha....ungam'xelel Lulu ndik'xelele...I just wanted to hear your view ba do you want to be uMakoti?" Me: "well....yes...." She: "you don't have to lie to me...." I blushed... Me: "its just that....the clothes....they scream attention...for like 6 months or something...yoh." She giggled for the first time... She: "ei, ebetshilo ke....its culture kodwa ke....you will have to adapt...." She stared into my eyes with a warning look. "If you really love Lukhanyo....." My heart beat quickened. Me: "ewe mama...." She: "I thought as much..." Me: "ndisayo checker ekitchen ma..." She: "ok then"....I hurried out as soon as possible. That was really creepy...my back hair was standing...is she even supposed to tell me about this makoti thing? Discuss it with me? Becimba ndizothi hayi? Or she probably thought I was too modern ndingafun..... Namhla: "you look like you've seen a ghost..." Me: "errh....not really." I felt someone's presence next to me...I looked around and saw nobody. I don't want to be here anymore. I walked to the bathroom and threw up...I washed my mouth and walked out. I looked the room, the room I was in when I came to this house for the first...where I almost lost my babies. I looked at the door....I slowly walked to it, I unlocked and went in. The new supplies have just been shipped in...the smell was overpowering...I quickly walked out and locked it again. I went to the second door...but it all those 6 locks on it so I turned

and walked away. I sat down on the kitchen chair. Makaz walked in. She: "Hamba Long Nails!!" Me: "molo makaz.." She: "ucimba kuph apha?" I sent a quick text to Lukhanyo. "I'm leaving!" Makaz: "yindlu ka sisi wam LE! Uyosonga imilenze kule ka lukhanyo mzinyathi. Not apha!" I got up and pushed the chair. Me: "so ndenze nton kehok makaz? Ndime ngenyaw?" I was pulling myself but my other half was getting agitated. She: "ungade uphakame caba uz'thembe ngento ba uzand'betha. Yophuma k'le ndlu isdima us'phethe nge plastic. Unguban ba mawund'phendul olohlobo!?" I kept quiet, the other girls were giggling. I simply walked out to the car and Namhla followed we got in and drove off. I don't have time for negativity yabantu abanxilileyo.....

I got to Lubby's house and went straight to the bathroom. I ran the bath, pouring in bath salts and bubble bath. I undressed and walked to the cellar....the 3 musketeers were probably still running around the city looking for God knows what...I walked in and got the shock of my life to find Lubabalo sitting on the couch with a drink and his laptop. Me: "what the hell are you doing here!" Him: "this is my house. Last time I checked. Wena what are you doing in my cellar?" Me: "looking for a drink..." Him: "you need coffee....not a drink" he got up and pulled my arm, I yanked it from him and stared into his eyes. Me: "I said. I am Looking For a DRINK" I hissed. Him: "you don't need a drink Lihle." Me: "you've got a drink! Why can't I get a drink?!" Him: "because you'll be drinking out of sorrow or whatever stupid emotion you're feeling!" Me: "lubabalo Shut up!! Shut the fuck up!!! You don't know what I'm feeling! You don't know me!!! Stop acting like you do! And stay the fuck out of my business!!!!" I pushed him aside and grabbed a bottle, he held on to it too and pulled it, I bumped into him....he breathed like a dragon. Him: "well, I said. You don't nEed it!" He whispered angrily. "And as a matter of FACT, I do know you! I know that you're a mother, a wife not a bloody alcoholic! I will fucking enter your business whenever I fucking feel the need, and that is RIGHT NOW! Yeka le bhotile!" Me: "lubabalo, leave me alone." I warned. Him: "andikoyiki lithembelihle. Don't make me mad!" His expression changed....he was too close for comfort....he stopped himself and let go of the bottle. He sat on the couch. "You know what.....do whatever you want....." He took his laptop and continued with his work. I walked out and went to the bathroom, I locked it behind me. Because for some weird reason, I didn't trust him tonight....the look in his eyes scared me angangeni apha enze what he wants ayoxokisela Lukhanyo athi ndiy'celile....he might believe him....I relaxed into the bath and drank my first glass....that was all I needed....not this whole bottle. I drank another just for comfort. I put it away and sat silently....I was tired....I drifted into a heavy sleep.....

"Stop!! No!!....." I screamed....she kept pulling my leg...dragging me into a red sea....I screamed and screamed.....eventually drowning into the blood, she held me down... "Lukhanyo...." I whispered....I saw her smile and drag me down further the sea of blood....my arms stuck to my body...then everything went black.....

Lubabalo dragged me out the bath, and did CPR. He did the mouth to mouth...blowing oxygen into my airway...he pumped my chest again, he pressed his mouth again and breathed in mine...I choked water and spat it out..... "God, you almost scared me there for a second! What were you thinking!" It was really bright...my eyes started adjusting and my mind remembering.....I was in the bathroom.....taking a bath....I looked at my self and screamed! I grabbed a towel and covered myself. "What the fuck is WRONG with you!!! Ungene njan apha!!!" Him: "yindlu yam lena Lihle! Fuck you mean, ndingene njan!" Me: "get the FUCK out!!!!!" Him: "dude I just saved your fucking life!!! Uthen na wena!? Mxm!" He turned and walked out.....

I went to the bedroom and took my phone. There was a message from an hour ago....it was replying to the one I sent: "its okay, Lubb is home..." How come I didn't see it? I called him, it went straight to voicemail. I hate the fact that this house is mighty huge and nobody can probably hear...because the rooms are far apart and large. The only closest was that stupid cellar. I sat on the bed and thought.....but he saved me from drowning to death....kodwa ungene njani! Why was he so unhinged! I sent him a message.. "I'm sorry for lashing out. But you had NO right, noba seyindlu yakho! Thank you in any case." He replied: "YOU NEED HELP." And that was it.

Chapter 271

My eyes flipped open, in the middle of the night. Just out of the blue. I was awake, but why? I turned around and found Lukhanyo laying next to me. Snoring....he looked restless even in his sleep. I was about to touch his face, his eyes flew open and shocked me. Me: "hey..." He just frowned, moved away and fell asleep again. What did I do to him? I moved to him and cuddled into him. "What's wrong?" Me: "nothing baby..." Him: "you've been distant Lihle....you slipping away from me." Me: "ayikho lonto mntu wam..." He turned over and climbed on top...he kissed me...something was different..but I knew it was him...just that kukho something missing... He held my body and his hand went down...when he touched it I pulled back...I wasn't in the mood for this... Me: "not tonight please babes..." He got off and lay next to me... Him: "bendiy'lindele..." He breathed and went to sleep. Its not that I didn't want him. I

just.....I wasn't feeling sexy....you know? Sexual....I was uncomfortable... Me: "baby...." Him: "hm?" He growled... I got stuck...why couldn't he understand. Him: "ndimamele." His voice deep and husky...I didn't know what I wanted to say. I suddenly forgot. Him: "is there someone that you're seeing? Is that why und'rejecter?" Me: "no..." Him: "do you love him?" Me: "there is no one..." Him: "there has to be someone...I wouldn't blame you Lihle, this life isn't for the faint-hearted... So if ufuna uya kuye leave my children behind. I refuse to be a weekend dad. Nguwe ofun uhamba. Nguwe ozaba ngu no-weekend." Me: "are you even listening to me?" Him: "I worked on my anger issues and I'm still trying....yabo nangok I'm not freaking out...I'm accepting it as-" me: "Lukhanyo!" Him: "what?" I breathed, Me: "please listen carefully. I love you...and there is nobody else. I'm just not feeling okay baby, I don't know why. As a matter of fact, ndizoya kwa gqira ngomso and find out why. When I got home today....." I sighed and he got up and stared at me..... "When you got home today?" Me: "I undressed and ran a bath.....I went to the cellar and found Lubabalo sitting there working..." Him: "you went to Lubabalo naked?" Me: "I wasn't bare naked. I didn't even know he was there. I had a vest and my pant on." Him: "and then?" He was fuming but containing himself....Me: "well, we kind of fought..." Him: "you fought?" Me: "please stop distracting me..." Him: "so something happened? Ungask utsho nje! Kudala mos wam'bawela uLubabalo! Uzenzisa apha kum! Sies man Lihle!" I started crying.... Me: "I took the bottle and went to bath, I locked the bathroom and fell asleep ebafe.....I drowned. He saved me because he heard me screaming in my sleep...kange andenze nto....that's all I wanted to say..." I got up and walked out, wiping my tears.... Him: "Lihle!Lihle!!!!" I went to Chumani and Junior's room, I crawled in by Chuma's side, he was awake. He turned around looked at me then snuggled himself in my chest. "Love you mama...." He whispered... "Love you too my son..."

Liya woke up the next morning and turned to Lubabalo.... "Baby..." Him: "mntu wam..." She: "ndiyahamba ke namhlanje..." Him: "Hayi Liya for nton!" He got up and looked at her. Liya: "hehake lubby. I don't live here remember? Plus mama yabuya tonight...so I need to get home before then..." He sulked and lay back in bed. She: "uqumbele nton kehok?" Him: "nothing." She: "haibo baby...you're being unfair ngok noko...you seem to forget I have a home and a mother" Him: "that is crazy..." He whispered... She: "uthin?" Him: "you're old enough to make your own decisions kodwa..." She: "doesn't mean I must disrespect my mother...yi weekend baby, she'll be gone ngomvulo again...then abuye wednesday kehok." He pulled her closer... Him: "are you gonna miss me?" She: "maybe..." He tickled her...she giggled uncontrollably. "Xolo ke baby...I will miss you abundantly." She managed to say... Him: "andikuya,

uthe you won't miss me at all?" He tickled harder till tears ran down her cheeks with laughter...he was ontop of her, he bent down and kissed her slowly.....resting his elbows next to each side of her head. They kissed passionately.....and he stopped to look at her. "Mrs Morrison." He smiled. Then kissed her again...his body was getting weak. He placed himself at her entrance and entered slowly staring into her eyes... She: "kafak condom alok baby...." He searched in his drawer and found one, he put it on then went back in. Him: "funeke uyohlaba man Liya....." She: "khayenze man baby..." She moaned..and he went deeper, closing his eyes...with each thrust he weakened....something touched him.... Him: "baby....." She: "yesss...." He lay on top of her, moving his waist...she held on to his body, her legs wrapped around him.... She: "iza baby...." Him: "no mntu wam...." She: "baby please..." Him: "nd'zocitha baby, please don't do this...."she moved her waist pulling him in...he eventually gave up "Yabona ke...." His breathing quickening.... "Vula alok man..." She opened and welcomed him in. He gasped and thrust in one more time..... He collapsed on her. Him: "damn.....ndatsho nda thirsty ndalamba all at once....you got my feelings running wild kid...." He got up and removed the condom. She got up to go take a shower....he crept up and followed behind her. She: "haha....yadika va..." He held her and turned on the water....she knew he liked it cold. They showered together and kissed under the cold water.....

I got up and went to brush my teeth. Then went to start on breakfast....Sylvia helped me and we dished up. I went to feed my babies... Chuma and Junior went to eat. I ran them a bath while feeding Luhle, and they came to wash. I went back to the bedroom. Lukhanyo was laying on the bed. Staring at my every move. I took the little bath tub and went to bath my babies. I dressed them up and took them to Sylvia. I went to take a quick shower, I feared the bath. I wore just jeans and a grey loose jersey. I tied a black belt in the middle. Then wore black stiletto's. I tied a ponytail and puffed my perfume. Him: "uyaphi?" Me: "told you ba ndiya kwa gqira." Him: "ndik'kaphe?" Me: "no." Him: "look lihle, I'm S-" me: "you're sorry. I get it....I'll be back in a few hours." I took the Range's keys and walked out to the lounge. Sylvia: "uyahamba?" Me: "ewe sisi. Qha ndihamba ndodwa. I can't take them with." I kissed my babies goodbye and left for the doctor.

As I arrived I waited in the queue. Only two people in front of me. I took out my phone and went on Whatsapp. I texted Vuyo: "how did it go?" She: "went well. Its nothing fancy. But at least it'll keep me on my feet for a while." Me: "good...I hope you're well." She: "I'm fine thanks. You?" Me: "I'm okay.." She: "but..?" Me: "no buts..." She: "if you say so."I didn't know what else to say to her. Does the 'friendship' continue? Do we still keep in touch? What happens next? She: "lovely pic...he gets

cuter everyday." Me: "lol. Thanks..." She: "und'phuzele kuye...chat later..." I didn't reply. I just sat there..I decided to call Sidney. Its been a while. He picked up: "HEY you! Hay sendakhiqwa tana ayikho le!" Me: "hehe...awudiki Sid...unjan?" Him: "ndiyaphila my f wena?" Me: "I'm good man...wenzanto?" Him: "what's wrong?" Me: "Sidney akhonto, I'm just a bit tired..ndikwa ggira ngok." Him: "oh....uyaphangela? Dinwe kangaka nje" Me: "something like that. Running a household with 4 children and 3 males sounds like a job. And ke akho time off." Him: "ohh man, friend..come this side to cool off...just for a day phinde uhambe.." Me: "I can't peto...this guy might just burn down that whole city..." Him: "yuhh..hay sana ndamoyika mna lomyen wakho, he sounds like some mutant." I laughed out loud..the receptionist looked at me over her glasses. Me: "hay man Sid, angade.." Him: "alok uyamoyika njena...so nam ndizomoyika..ndakwaz alok wena...woyika tot nelanga..." I laughed again...and held my mouth. Me: "sudika man Sidney." Him: "nyan nje....banjan abantwana? Me: "ewe...so wena how's it going kwelakho cala" Him: "its okay at least....siyancokola ngok...we taking it a bit slow...sihamba counselling twice a week. But she still at her parents house." Me: "oh that's lovely man..." Him: "oh and I got a promotion...I have shorter shifts and I get to spend more time naye..." Me: "I'm happy for you ke tshomi..." Receptionist: "Mrs Mzinyathi. You can go in." I got up and walked to the doctor's office...then walked in. Me: "ndingena kugqira kehok." Him: "so?" Me: "hay tshi byebye! Awufun ndive ba ugula yinton?" Me: "hahahaa...sugula man sidney..." Him: "sure ke my friend..." Me: "bye..." I hung up. Doc: "good morning Mrs Mzinyathi..." Me: "morning doc..." Doc: "what can I do for you?" Me: "I'm a bit off. Moody. And tired..." She: "okay, when last did you have your period?" Me: "a month ago? I'm not sure." She: "how often do you have sex?" I was shocked at her blunt question. Me: "about 2 or 3 times a month I don't know." She: "do you exercise?" Me: "no..." She: "okay...take this.." I took the cup. She: "I need a urine sample." I went to pee. Then came back she stood by her station and tested it. Then came back with two sticks. She: "so you're not pregnant. There's a Hint of blood, meaning you could be having a period soon, tomorrow probably But on this one....." Me: "what? What's wrong?" She: "it shows key stones in your urine. Its nothing serious...but I'll test it again in 3 months time to be certain." Me: "okay...look, I want to put a Mother's Tip in...you know? As a contraceptive. For 3 years." She: "I'll book an appointment for you...how does Monday sound?" I was shocked. So soon? Me: "uhm.....okay...Monday is fine." She: "is there anything that could be affecting your fatigue? Stress maybe?" Me: "I'm probably tired....my husband's sister just passed away...so its been a bit stressful..." She: "do you take vitamins? Eat regularly?" Me:

"no..." She: "I want you to take this every morning. And this every night." She gave me two different pills. She: "I have a kick-boxing class I joined last month, its a great way to relieve stress...that's if you're interested" Me: "uhm....I'll see..." She gave me her card. She: "our next session is at 18:30 tonight...call me and I'll give you the address" she smiled warmly....was this a new friendship developing? It might do me good. Me: "thanks a lot, doctor." She: "call me Rene." Me: "Rene..." I got up and walked out....

Chapter 272

I got into the car and decided to go do some shopping. I went to Checkers and bought grocery. I stocked up on the babies' diapers and food. I bought my toiletries. I bought for Lukhanyo and Namhla as well. Just in case. I went to the till to pay standing behind some guy who was speaking on the phone. He paid and stood there talking. That irritated the shit out of me. I unloaded my things on the counter, he still didn't move. "Well, mama...khangela alok phe camkwe tafile soze ngabikho! I left it there this morning!" I stood still and breathed my anger off... "Hayi mama andik'ngxolisi alok..uxolo...sukhala mama please man.....uzand'kubekisa kehok..." I was so close to snapping it wasn't even funny. Why can't he MOVE and stand phaa estage'in! Because he was Done! Fuck! "Mama...stay right there...ndiyeza ke...cela uyeke ukhala ndiyeza..." He hung up. He looked at me and apologized. I didn't even look at him. I paid for my things. Him: "Lihle?" My heart skipped a beat. I looked at him. Me: "Ludwe! Yinton udika nje, ndiqomba andise tshintshe ngulobhuti ume ndlelen!" Him: "celuxolo man, my mother Is abit sick. She has Alzheimer's disease. And temporary memory loss. Ebekwi car accident a year back." Why is he telling me this? Now I'm gonna feel sorry for him and feel the need to help. Me: "I am so sorry...." I collected my things and started walking. He pushed his trolley next to me. "So you have babies? Woow...and you're married?" He saw the nappies and my ring. Me: "yes...you?" Him: "hai wethu after high school ndaske ndayeka udyola...but I have a daughter, she's 2..." Me: "okay..." I didn't want to know... Him: "so what do you do now?" Me: "nothing yet.." Him: "you're a housewife? I thought you wanted to be an accountant?" Me: "things changed Ludwe..." Him: "well, nam ndand'fun bayi Pilot, but now..I'm into IT, ndisando gqiba NMMU, a degree. I'm starting a company notata." Me: "lovely...look I have to go..." Him: "sunqaba man..." Me: " ok..." I left and he went to his white cross polo. I drove off.

Quick Brief: ludwe was Lihle's first boyfriend. Virginity breaker as well. They were in the same high school but he was 2 years older. They broke up when he left after matric and haven't been in contact since.

I got home and prepared lunch. Chumani came to "help"...but he was making a hell of a mess. I enjoyed his company. Me: "uph uJunior?" Him: "with his daddy..he cried saying he miss his mommy.." Me: "oh....so what are we making today?" Him: "I want Bacon!" Me: "and?" Him: "I like fries too!" Me: "okay then." I gave him a potato and a peeler....the peels flew all over the kitchen. Him: "can we bake?" Me: "I can't bake..." Namhla walked in. "I can..." Him: " YES!!! I want to bake a cake!!" Namhla: "let's make muffins instead.." He agreed and they took out the flour. She mixed the ingredients and He was doing the stirring and kept adding sugar. She: "pheza ngok..." They lit the stove and proceeded with their baking. The kitchen was a mess. I finished with lunch and dished up while they were chasing each other with a spoon in the kitchen. Normally I would get mad, But I had taken the pill the doctor gave me. It made feel more free and quite happy. Was it some type of drug? They ran out the kitchen and went to play elsewhere. So I guess now I'm the one thats baking? I chose to clean the kitchen while I waited for the muffins to be ready. I didn't even know how long its supposed to take. I washed the dishes and cleared the table. Swept the floor and finally I was done. Lukhanyo walked in. He stood against the counter and stared at me. I wasn't fazed AT ALL. I don't know what he wants from me. "Lihle." Me: "yep?" I swirled around and smiled. Me: "your food is on the counter." I continued with trying to keep busy but there was nothing else to Do! Him: "Lihle." Me: "Love?" Him: "uthin ugqira?" Me: "nothing why?" Him: "we're having another baby?" His eyes hopeful. Me: "nope...stress, fatigue...lack of exercise....etc" Him: "oh..." Disappointment. I was in a great mood... Me: "oh and I can't go to Dwesi tonight. I have an exercise session..." Him: "ubalek umakaz, don't lie about no sessions." Plus your weird family..I wanted to add. Ndamthanda lamama, but like her step son she is a bit creepy. Me: "if you want to put it that way." No argument. No stress. I called Namhla to come take care of her baking business with Chuma..and I left the kitchen. I went to the room. I took Lutha and Sylvia followed with Luhle, I fed them. Lubabalo and Thulani came into the house. Thulz: "so we going today?" Lubb: "yep, Lukhanyo!!!" He yelled. Lukhanyo walked in the lounge slowly.... He rolled his eyes and stared at him. "Yinton?" He can't be still mad...because that would be pure stupidity. Lubb: "we're going to have lunch with daddy. Please get dressed." Luks: "andiyi apho mna. Ningay noy2 nje?" Lubb: "haibo lukhanyo. Yinton ngok fondin?" Luks: "akhonto. I just want to chill qha. I don't feel like dressing up and keeping appearances." He came to sit next to me. Taking Luhle, putting her on his chest.

Sylvia left.....Lubabalo stared at him coldly. Then walked away.. Thulani got agitated. Thulz: "iyawa nton ngok lukhanyo!!!!?" No...rephrase. He was Angry. Luks: "kayeke Thulani fethu..." Thulz: "Fokof man lukhanyo! You're always on and off! Une moods zekaka ngath uyinkazana!!!! Hayy man not everything is about you! I'm tired of seeing you mad at lubabalo for ububhanxa! Gakhule fondin!" Then he walked off..... Luks: "can you believe him!? He's like Lubabalo's little lap dog. Yonk'into efunwa ngu lubabalo uyayenza." I kept quiet... Him: "nawe you think I'm acting like a bitch?" I still kept quiet... makangand'faki please. Him: "lihle, you're siding with them!?" Me: "I didn't say anything." Him: "but uthule! Why ungathethi nam?" Me: "please lukhanyo...." He breathed and lay back on the chair. Him: "I just can't get it around my head.....uthi butixile bathroom. Ungene njan kekok?" Me: "go and ask him. I was unconscious mna." Him: "but lubabalo is not like that anymore...worse bekukho Liya...he wouldn't dare...am I acting like a jerk?" Me: "nope. You acting like a Dick." Him: "ouch...." Me: "nyan lukhanyo....." Him: "I'm sorry....for not believing you.." Me: "don't be. You're always gonna do it." Him: "but at least I didn't freak out...as usual....so that's a step, right?" Me: "whatever babe...." Him: "uthin ugqira?" Me: "well, HE say I'm going crazy and I look kinda cute....so we kissed an-" Him: "ndizoy'khaba inye lonja! Ngeyaph?" I laughed at him.... Him: "don't play with me like that..." I told him about the visit and Sidney's call. Luks: "khona uyom'visitor nin omnye wena?" Me: "why aren't you threatened by him anyway?" Him: "because he sounds gay...if he wanted you ngek'dala ndiyazi...but he never bothers you..." Me: "hahaaha Gay? Mxm!" Him: "he cries over the phone when he talks to you! And akakhaleli wena, that is gay!" Me: "hewethu, you cry harder than him! Yuuuuh." Him: "mxm ndiryrt..." Me: "go say sorry ku bhut wakho uyonxiba.." Him: "can I get a kiss first?" Me: "no...." He held my head and bit my lower lip....he sucked on it..... Then pressed his mouth on mine....now here's the Lukhanyo I know. The one that makes my insides melt....he stopped and stared at me. "Kodwa ungcilile wena.." Me: "what did I do?" Him: "when last did I get that type of kiss? Yuuh. The love it has.....wow, buncokola naba? Why is your mood so nice and fluffy?" I giggled at 'nice and fluffy' me: "mxm.....you just make me so mad at times..." Him: "don't runaway from the question." His eyes searched mine... Me: "I met an old friend..." Him: "who?" Me: "some guy called Ludwe..used to school with him." Him: "oh...." Was all he muttered... "Well did you have fun?" Me: "we just bumped into each other for a mere 5 minutes. He's kind of a bore wethu...he just said Hi and told me about his mom and stuff...then left" Him: "he does sound like a bore....no number asked?" Me: "tu....." Him: "oh...shame...yathand cimba uHot nawe, you have been put in a little container labeled 'FriendZone!'..." I laughed and We got up to put the babies to sleep...I went to our bedroom to get my exercise outfit

ready. He took out his clothes to get dressed... Him: "where you headed?" Me: "I'll call and confirm with her later..." I got on my long black tights and pink vest I wore my Air max sneaker. He stared at me... "Nizokwenza nton?" Me: "kick boxing..." Him: "can I come watch?" Me: "no....you gonn make the other women feel uncomfortable." He moved closer to me and held my waist.... "And you?" Me: " what about me?" Him: "would you be comfortable...?" Me: "fuck yeah..." He kissed my lips hungrily...5% of me was about to decline...but was overpowered by the 95%...in an instant I was beyond turned on... "What do they put in that pill?" Him: "whatever it is....I love it!!" He threw me on the bed and jumped on top. I pushed him off and hopped off.... "So you gonn play hard to get huh?" He stood up straight. He had only his jeans on. His chest was bare and exposed....the tattoos glistening on his skin. I melted in a second.... He bit his lips and tackled me to the floor....his kiss more urgent and powerful. He grabbed my hair with both his hands. Me: "relax...." I said into his lips... Him: "for who? For what?!" He took off the tights and went to kiss it. 'Missed you so much.' He whispered... Me: "I've been here-" Him: "hayi kabi ne baby, but I was talking my punany..." I blushed as he came back to kiss me.. His face wasn't the same.....it had 'beast' written all over.....he dove into my neckwhile he undid his jeans he took them off and he entered slowly inside me...he put both my legs on his shoulders and held down my arms. I couldn't move....but I kinda liked it.... Me: "Be Gentle...." Him: "what is Gentle? Who is that? Was he in a movie or something?" And he thrust forward quickly. Me: "BABY!!!" I screamed...he slowed down. "Kusemini mntu wam, abant bahlel sungxola please..." Me: "undenza le? Ndizothin ngangxoli!?" He smiled and continued. I couldn't help it....I kept the pleasure in....I bit my lip and breathed while he hammered into me.... Me: "baby I'm soo sorry...." Him: "you better be!!!" He growled. Me: "xolo baby...." I cried in pleasure..... "Aahhrr yeesss...." He groaned....he held my wrists tighter and pushed further..... "Baby maarn!!" I moaned.... Him: "oooooh....kathule babes....shhhhh...." Me: "ohh baby..." He let go of one arm and held my mouth closed....his breathing escalated...I was about to cum....I wanted to scream his name....my whole body vibrated.....it came tumbling down and I groaned under his palm.....he slammed hard into me and held my hair tightly...I thought it was gonna rip off....his body stiffened and he released.....his body weakened and melted into mine....I held him closely.... Him: "kuske kuthin xa ungang'fun? Cuz I know that was some great sex..." Me: "and'lo hashi man Lukhanyo caba mawund'khwele qho ngok...I want you and nobody else....you're sexy, and andiy'fun enyi ndoda...stop being insecure..." Him: "maybe kalok my life is a turn off...." Me: "actually its the opposite...you're the cutest most adorable bad boy/thug I ever met. And you mine to keep..." He giggled and inhaled my smell.... "I love you" me: "I love you too ngqina

lam elistrong..." Him: "yand'qhela wena..." There was a knock on the door... "Oh, please go away..." He muttered... Then got up when the knocking was persistent. We got dressed and he opened. Luks: "look lubabalo, I'm sorry I been acting like a dick'head..." Lubb: "I'm glad you've noticed. Just came to say siyahamba ke thina..." Luks: "ndilinde I'm almost done...." He took his top and wore it, looking for his shoe. Him: "baby....there's something I need for us to discuss buya kwam ne. And when you leave, call me....and send me the address yalendaw uya kuyo....don't make me search this city...kuyoba bomvu..." I tried not to laugh... Lubabalo was standing at the door. Und'fake kwi silent treatment. Like I give a damn. Luks came over to kiss me....I held his shirt and pulled on it..... Him: "...and continue drinking that pill....I aint done....." He winked at me and they left.....

Namhla walked in to the bedroom. Me: "hey..whatsup babe.." She: "hey..." She sat on the bed... Me: "kwenzeka nto Namhla?" She looked really upset... She: "its just that I been caught up too much I even forgot about my family..I hardly contact them..." Me: "then call them babe..." She: "not now. Its too late." Me: "is it about Thulani? What did he do? Don't tell me you're pregnant!" She started crying... Me: " Namhla!!! Ndak'xelela mos sebenzisa icondom!" She: "No....I'm not pregnant..." I went over to hug her... "My parents are getting a divorce.....I know its my fault..." Me: "baby its not your fault.." She: "they're always fighting Lihle! They used to blame each other for my behavior. They started resenting each other because of ME! Ndim ingxaki kula family all the others are perfect! Because jonga, nangok, I'm not at school. I'm supposed to be finishing matric. We hugged...The door opened and Thulani stood there. His jaw tightened. Ya ne, I would be

intimidated too if I were her. I took my stuff and kissed her goodbye. Then left them alone to go look for my small boys to play basketball with them.

"Namhla..." She: "thulani." Him: "kuthen ungathethi nam kengok? Why didn't you tell me all this!" She: "because you gonn over react like you doing right now." Him: "I'm not over reacting!" He moved closer to her, and held her in his arms.... Him: "thanda fondin.....don't scare me like that....everything you need, I'll provide for you..." She: "I don't want your money..." Him: "I'm talking about love and support ke mna andaz nje uqava..." She giggled lightly... She: "aren't you supposed to be going to lunch?" Him: "tata still in a meeting so solinda kuye ba uthini..." They sat on the bed... Him: "zos'gxotha uLukhanyo ebhedin yakhe..." She: "let's go..." She got up and pulled him outside...they went through to the garden and found the dog chasing his tail by the little pond. Him: "and'diban nezinja ke mna..." She: "come on babe, he's cute kham'jonge..." She picked it up and walked to Thulani. "Get him AWAY from me!" He warned... She: "they say puppies relieve stress..." Him: "I don't care what he relieves. But it better be away from me.." She put it down and frowned... she: "mxm..." Him: "yinton ngok? Hay baby andiy'fun mosinja mna." She: " mxm qha thulani." He chased her to the other end of the garden.. "Uth mxm kuba?" She laughed and hid her face in his chest... He pulled her to the floor...and sat on top of her. "Uyasinda maan!" She screamed... Him: "uth mxm kuban?" She: "mxm nangok tsho ngobane ntsula ehlabayo apha...." He collapsed next to her laughing... They lay on the grass and looked at the sky.... "I love it better when you smile....it breaks me to see your tears..." She: "sorry..." Him: "zapha...." He pulled her on top of him....then pouted... She: "and'fun..." Him: "awufun nto?" He pulled her closer and she gave in.....

Luks: "kange kuthwe siyahamba na?" Lubb: "silinde afowne, uthe he's still in a meeting..." Luks: "ngok mna nind'bizela nto?" Lubb: "bendik'khumbula..." He said with a serious face... Lubb: "never mind...please don't touch me...go bath and take a shower...hamba..." Lukhanyo jumped and hugged him....he screamed... "Get off!! Siiieess!" Luks got up smiling brightly at his traumatized brother. Lubb: "now I have to go disinfect myself with i-handy andy ne Jik!" Luks: "ndiyok'phinda mna..." Lubb: "please don't.." He moved away. Lubb: "khona futh into end'fun uy'thetha nawe..." Lukhanyo sat down again... Lubb: "I said go bath and Shower!.." Luks: "ufuna nto kanye kanye?" Lubb: "I don't think I'm clear enough. I want you to wash yourself and come back to me clean, we'll talk about something before Thulani comes back. Ifuna thina sodwa..." Lukhanyo got up to take a quick shower.....he washed his body for 10 minutes and got out.....he took out another set of jeans and a white t-shirt with his white Timb'z....he walked back to Lubabalo. Luks: "so what's up?" Lubb: "lukhanyo....please ungabina msindo. Just listen carefully. Lihle isn't well..." Luks: "I know she's been having dreams and she told me that you saved her from drowning, I know." Lubb: "she was drinking Lukhanyo. Enxilile. She fell asleep k'la bath having a nightmare whilst drunk. Please talk to her....she needs help. And nditshilo ndath and'phinde ndingene into zenu....but not everything will be fixed through sex....Talk and communicate with her. Understand what she wants and doesn't want. And stop uthuma uLihle into zakho fethu....please...." Luks: "she was drunk?!" Lubb: "did you hear everything else I said?" Luks: "ewe ndik'vile lubabalo..." Lubb: "it seems like she's trying to block her feelings and these dreams with alcohol..." Luks: "ndizathetha naye.....but uya to some boxing lesson tonight..." Lubb: "yuuuh yeke, uzokhatywa unye...." Luks: "mxm....nguwe lo uzokhatywa....ndiyathandwa mna" Lubb: "sow'bona ke...ungath ndizonqandi for wena ke..." Lukhanyo laughed at him.. Luks: "yuuuh lubabalo, yeka s'xhosa man....seku late for wena..." Lubabalo hit his head playful.... Lubb: "masambe sodlal i-pool..." They got up for the pool table.

About after an hour later, I was tired... Me: "yoh ha.a boys....ya'll carry on....I'm tired." Chuma: "com'on mama!" He begged. Junior: "please...." Me: "alok guys mommy has to go to the gym. We'll play another time.." Chuma: "alright. We wait.." Me: "no baby....you don't have to wait..." I got up and went to the bathroom I took a shower and got out a while later. I don't know when I'll get the courage to use a bath again...I lotioned my body, got dressed and took Lukhanyo's bag, I packed his clothes in the wardrobe and took extra pants for myself, a shoe, my white vest and towel. I packed

them in the bag. Lukhanyo walked in. Him: "uy'saph bag yam?!" His voice mighty deep, it shocked me like I was a thief. Lol.... Me: "hay man wena sundothusa....I'm borrowing it...." Him: "but you didn't ask...." Me: "unochuku kanene...." I took the bag and kissed him. Him: "iza ndiyok'droppa..." Me: "no I'll be okay...." He looked at me with a warning... "I wasn't asking..." Me: "neither was I...." Him: "where's your watch?" Me: "yuuuuuh.....nday'shiya kwangaloo mini yebirthday..." He took it out of his pocket and tied it on my wrist. Him: "don't take it off. Its water resistant. I want it on you 24/7..." Me: "uhm....okay..." We walked out the bedroom. Him: "thatha la Benz ka Lubby...." Me: "HAY, I'm using the Rover!." Him: "uwooh! Iyawa yinton ngok!?" Me: "he's not talking to me..." Him: "kandith ambothetha naye nam....you're using his car namhlanje..." Me: "but why?" Him: "because I said so...." Me: "woow...you'd make a great lawyer." I said sarcastically. I went to my babies to say goodbye. Then looked for Sindiswa. I haven't seen her all day.... I found her in her room. Me: "yinton uhlel wedwa?" She: "yuuh, kayeke wethu sisi...ndiphethwe sistress..." She held her head dramatically... Me: "what's wrong?" She: "lendaw endenzel islow down sana kukho ibraai ezwide k'lo peto....ndizaz'fumanaphi itaxi kweli zulu ndihlel kulo!" Me: "ungatsho nje?" She: "ndonqen ukusokolisa wethu sisi, uxakekile..." Me: "masambe wethu, I'll drop you off." She jumped off the bed and took her bags... Me: "awuuna, awubuyi?" She: "hay, and'zokwaz sisi...masambe soy'ncokol endlelen!" I laughed and we headed out the house to the small white SLS.....

After dropping Sindiswa off I went to the building Rene had sent the address of. I parked next to a group of ladies. They all stared at the car....I was abit embarrassed....by the car, that is....I'm not a spotlight person...that's why I prefer the Range Rover. Its not that rare...but le! Yoh hay sana. I breathed and opened the door...it flew to the air.....mouths opened wide.... Earth please open and swallow me whole. I closed the door and locked the car. I called Rene in the process saying a brief Hi and smile at the women. Rene appeared... "Hey! Come this way!" I walked to her and we went in...they were starting with the warm-ups, we joined in...and our instructor asked us to pair. Of course I paired with Rene. We chatted a bit and started the exercise. Everyone chose their spot...and what they wanted to do.... She asked me to help her with the punch bag. I held it while she boxed in it. She: "so you're married?." Me: "yep....with 3 kids..." She: "I find that hard to believe but look at Octomom, you would never tell she had like 14 kids...." I laughed at her compliment. Me: "maybe its in my genes...my mom used to be slender....and my aunt still is..." She: "good for you then.....but its also essential to keep fit...." Me: "so you're not married?" She: "separated....I have a son..... Lebron." Me: "isn't that the name of a famous basketball player? I think in Miami Heat?" She: "exactly! I'm a big fan...." We

switched positions...I was doing the punching. She: "you punch like a little bitch...." She laughed...I actually didn't find it offensive...I sucked.. She: "try thinking of something that makes you super mad....someone that hurt you...anything...." I thought of the dreams I been having, then something ticked in me....I punched the bag repeatedly... She: "okay slow down there!" I tried slowing down....but the emotions ran wild....I punched even harder until I felt someone hold me back... "Slow down...." He said. I turned to look at him. It was the instructor. "Remember to control the emotion you're feeling...you might hurt yourself" I nodded and continued...he observed for a few minutes and then left. Rene: "whatever you thinking bout makes you really angry...." Me: "nightmares..." She: "past?" Me: "yeah....tell me bout you...." She: "well...I was involved with someone... Ron's dad...he cheated and chose her, so we broke up.. Lebron lives with me, because the woman "doesn't like kids"so she refuses to take care of him...." Me: "I'm sorry..." She: "its okay....there was no way I could compete with 34 Double D's....as you can see I'm 32 C..." We giggled...and carried on for about another hour..... She: "aren't you tired?" Me: "its those pills you gave me..." She: "it boosts your immune system and gives you energy. You'll be okay babe.....let's go to the showers." We got to the back and she undressed... "Come on....we'll take one together..." That made me uncomfortable. But what am I embarrassed about? I undressed and we got in and used the shampoo available. She spoke while we were showering.... She: "we can go for drinks afterwards.... Gondwana's is probably nice and vibey right now...." Me: "I can't do that....I didn't tell my husband about going out. He'd freak out...." She: "hahaa.....its just a drink or two...then we'll go home....." Me: "I'll call him and tell him..." She: "okay then..."

When we were done. We got out and dried ourselves. Luckily I had the extra pants and vest...I wore my clothes and fixed my make-up, letting down my hair... She: "you clean up real nice...." Me: "what?" She: "you look good..." Me: "oh thanks! You too...." We walked out the gym to our cars. I dialed for Lukhanyo on the way to Gondwana's it was 19:46pm.... Him: "uphi!" Me: "hay Lukhanyo molo tshi..." Him: "molo sthandwa sam, uphi?" Me: "baby cela ungaqumbi ne...." Him: "uyawayephi lithembelihle! Awuva ke wena! I hope awukho se lokshin!" Me: "no babe.....sise Gondwana....noRene..." He kept silent then hung up. Oh well.... We parked outside and I got out the car....same result. Eyes! And this time I just didn't care, we walked inside to the bar and got drinks. I asked for just a cocktail...we spoke for a while facing each other. And then suddenly.....she went silent. Staring behind me with her mouth slightly open. I smelt him.....I knew he was there. All 3 of them....I turned around and looked at him. Me: "baby!" I hugged him...trying to soften him up.... Him: "hey babe....who's your friend?" Me: "this is Rene....Rene, this is my husband

Lukhanyo, that's his twin Lubiluu and their friend, Thulani...." She stared at Thulani..... Me: "my cousin's boyfriend...." I added... She: "oh....hi guys..." She sat down and drank her cider... luks: "I'll give you an hour...." He whispered in my ear... Me: "hayi baby...don't be like this..." Him: "Lihle, please don't argue with me babe...ndak'cela mfaz wam....I want you home by 21:00...." He kissed my cheek and walked off. Lubabalo sat down, ordering a drink. Luks: "lubabalo yinton ngok?" Lubb: "I'm getting a drink." Luks: "for nton kehok?" Lubb: "hamba bufuna uhamba....I'm staying.." Lukhanyo took his hand and pulled him out. "kayek amacherri mancokole nto zabo...." They walked outside and lubabalo stared into someone's eyes....their eyes locked for a few seconds. Lubabalo was heating up. Siyanda looked at him. Siya: "thulani thetha netshom yakho...." He warned... Thulz: "lubabalo, khame fethu...." Lubb: "DON'T. Don't fucking Touch me! Yabona wena!" He pointed at Siyanda walking towards him. Lukhanyo pulled him, but with one push he fell to the ground. "I will fucking kill this thing!" He grabbed Siyanda's neck and strangled him. Thulz: "lubabalo!!!! Hayi maan!" He tried pulling him off..... Thulz: "Lubabalo Please!!" He begged.. Lukhanyo dragged Lubb off Siyanda's choking throat...he couldn't breath. Luks put Lubabalo in the car and drove off with him....

Chapter 274

"Um'shiye phi uYesu kehok?" Lubb: "kand'yeke Lukhanyo tu...that boy makes me so mad!!" Luks: "umsindo wakho lubabalo is gonna cost us a lot. You can't go around fighting people. Worse ba ngu brother ka thulani lowa! Do you understand ba you're hurting him apha? Do you want Thulani to hate you?" Lubb: "siyanda was with the people that killed Sam! He knew about this all along! He probably planned it with them!" Luks: "don't be stupid! If siyanda wanted to hurt us, bezoqala kuThulani lo lapha camkwethu! Instead of letting him be killed, he protected him! For us! Lomntu wasn't around when sam got killed!" Lubb: "and how do you know this!" Luks: "because ndamaz siyanda! He's not into that stuff and ndayaz there was a time waye involved noSam. So lubabalo, control your fucking self!" Lubb: "bek'then zungatsho kehok lukhanyo.." Luks: "because you like freaking out....soze ikwenze nto lantwana lubabalo." They got home and went inside. Lukhanyo tried calling Thulani. He wasn't answering. He took all the keys of the cars and walked out... Lubb: "ba ndifuna uhamba ndizohamba mna.. Taking keys and acting like a jealous wife isn't going to help." Luks: "lubabalo. Stay right where you are. Don't make me staple you to that

chair!" Lubb: "I'm sitting mos!" Lukhanyo turned and walked out to his car...he drove back to the club but Thulani wasn't there. He decided to go to his home instead.....

"Haaahha!!! Tell me the story again!" Me: "Rene I said it like 5 times!" I laughed... "You crazy!" I screamed over the music. I checked my watch, it was 21:15. Oh shit! Me: "I have to go!" I panicked.. She: "just one more drink!" She begged... Me: "I wish I could hey..." She: "okay then..." We walked outside.... She: "that's a beautiful watch, is that diamonds?" Me: "oh....yeah....its diamond and gold...." She: "WOW!" Me: "Lubilu bought it as a gift..." She stared at me questioningly. "The twin?" Me: "yes..." She: "uhm.....okay, looks expensive..." Me: "not like he noticed...." She: "mega rich?" Me: "yep....." She: "I would like a rich brother..." Me: "trust me.....not this one....I really have to go ey...." She: "okay then. Call me when you get home...." I hugged her goodbye and left for home, driving as fast as I could...I got there...the lights were off. Lukhanyo was probably sitting there in the dark waiting for me. Mad as hell....the time was 21:45, I almost pee'd on myself. I walked in and went straight to the bathroom. I emptied my bladder, wiped and flushed. Then walked to the bedroom. My heart beating at 260km/ph...I walked in and switched on the light to my surprise he wasn't there. I quickly undressed and wore my white fluffy pajamas. I was abit hungry so I walked to the kitchen in my socks. I opened the fridge and found fruits and decided to make salad and yogurt. I closed the fridge and turned around. I got such a fright to see Lubabalo standing there. Me: "do you ever act normal?" Him: "what do you mean!?" She: "why you always sneaking around." Him: "how many times do I have to say this is my house?" I chopped the fruits and ignored his stare. Him: "what you doing?" Me: "salad...." Him: "hungry? Zolamba worse mos..have ice cream" he took out a tub of ice cream. Chocolate flavored, he opened the cupboard and took out sprinkles.... Me: "uph uLiya?" Him: "she went home this morning..." He dished the ice cream in two bowls. Adding the sprinkles on top. He took out 4 flakes and stuck two in each bowl then put the ice cream away....I took my bowl and a spoon. He took his and walked out. Me: "and now?" Him: "hay bucimba ndizohlala nawe? Yuh hay wethu sisi..." Me: "bungathethi nam for nton ksasa..." Him: "lihle ambolala nontombi...uy'thanda qith idrama nochuku...." Me: "yagula bonanje wena..." Him: "oyena mntu ugulayo nguwe...the thread doesn't touch the paraffin enough for you to operate...."I wanted to laugh but I was kind of offended. And with that he walked away.

I went to bed with my bowl of ice cream. Lukhanyo walked in right then...he undressed and sat next to me. Him: "umthetho wam awum'mameli wena ne." Me: "uthetha nganton baby?" I put the bowl aside and climbed on top of him. Him: "suka

phez'kwam lihle!" I got off and sat next to him. "I told you to be here by nine not 21:45! Andik'moneli, but I'm being cautious with your safety! The moment people find out my wife is dancing around town unsupervised ebusuku, they gonna take advantage! Worse uStuja is at hospital, I can't trust anyone else!" Me: "so mna mandingaz'visi mnand because you got enemies lingering!" Him: "you know what, I'm not even gonna argue with you because you know this shit!" I took my bowl and ate my ice cream. Me: "I'm sorry." Him: "just try and listen xandithetha baby...I said I'm always gonna be around to protect you, I meant that...but you must meet me halfway. You must listen to me.....ne baby?" Me: "you can't stay mad can you?" He pulled me into his arms.... Him: "kandiphe?" I gave him a spoonful... Him: "uy'thathaphi..." Me: "I was hungry.....ndisenz isalad, lubabalo made this for me...." Him: "I thought he wasn't talking to you." Me: "well I thought wrong. Uthe umtya akafik eparaffin'in...." Lukhanyo burst out laughing.... "Utsho kuwe? Yuuuh lovey...caba az'bambi nyan..." Me: "mxm....." We ate the ice cream together and he put the bowl away.... Him: "I want us to buy a house....ndibone eziy2 available....I want us to go take a look at them...when we have the chance.." Me: "ziphi?" Him: "ey1 ikwalapha eLovemore, the other in Kragga Kamma." Me: "okay....maybe we could take the kids and uLulu for a walk siyobona le i-close...." Him: "nguban lulu?" He asked in a husky voice. Me: "lubabalo's and your puppy..." Him: "bithengelwe wena ke lanja...but ighadwa ngu Sylvia.." Me: "zange ndith ndifunainja mna...how's the funeral arrangements going?" Him: "okay for now, qha asikam'fuman um'fundisi...you know mos ekhaya asihambi sonke icawa. Only mama... But she said she'll sort it out...." Me: "catering?" Him: "shit! Nants le ndiy'libeleyo..." Me: "write it down alok babe...." He took the notepad and pen that was next to the bed....then wrote... Him: "what else?" Me: "I have never done this before.....transport ikhona?" Him: "ei...yabona Lihle...." He wrote it down.... Me: "who's helping?" Him: "you...and'fun kwenza umama istress man babes....she's been through enough.....what else?" Me: "talk to the funeral parlour and ask for pointers...and what else you might need...but right now....you also need to rest." Him: "you're right.....ndidinwe ngaphakthi...massage me..please" he lay on his stomach and I held his back...rubbing it, massaging it slowly..... Him: "ohhhh yes....." He moaned.... Me: "haha...sies man lukhanyo...." Him: "kutsho wena njena....andaz uvuma nto oko..." Me: "you can be so embarrassing when you like...." Him: "don't you love it...." Me: "no!" Him: "khaze baby silale.....ndozela kamand..." I lay on top of his back and he fell asleep while talking.....

I woke up the next morning. He was not in bed...I could hear him in the bathroom. I got up and walked to him. Me: "is that my toothbrush?" Him: "Moe" he murmured with foam in his mouth. Me: "its Pink! Its Mine!" He finished brushing his teeth and

rinsed his mouth. Him: "and I'm Done." Me: "you are so nasty....iphi eyakho?" Him: "forgot it...mas'vase..." He ran the bath... Me: "ha.a baby....you go ahead...I'll go feed the babies...." I started walking out the bathroom he grabbed my pajama bottom and dragged me back in. Him: "sizovasa." He undressed me and himself...then tied up my hair. Me: "but bab-" him: "shhh....its gonna be okay..." He got in and held out his hand. I took and entered the bath we sat down...my back on his chest, his arms holding me....I was shivering...him: "I'm not gonna hurt you..." Me: "can we go?" Him: "hay lihle..." He took the sponge and washed my body....he scrubbed my back and my body started relaxing... Him: "so une friend engu gqira ngok? Tshisa wifey....hay ukude...." Me: "wait.....how did you know she's a doctor?" Him: "because I do.....thought we were over the part of you hiding things.....everything you try to cover...I will find....every lie, I will know.....nje nga le ka Ludwe eyi ex yakho....noba naleyo bucimba andiyaz....I fail to understand why you lied wathi yi-friend." I choked....and coughed.... He kissed the back of my neck...Him: "kand'vase alok nam....sizophuma...we have to get the kids ready..." I turned and washed his body... Him: "suqumba alok..." Me: "I'm not mad..." Him: "khaze ndiphuze.." He pulled me and I sat on top of him. While inserted his manhood in....I gasped in surprise.... "What the!" Him: "kuzophel'uqava oku...." I kissed him...and we continued bathing... Me: "uy'fakele nto?" Him: "because I want to be closer to you..." Me: "I'm sitting on you. It doesn't get closer than that...." Him: "that's not enough.....This, is better...." I got up and went out the bath. We dried and lotioned our bodies. I wore black pants and blouse... Him: "unxibe sneaker babes, plus a gold chain...." Me: "why?" he didn't answer. I wore the chain and sneaker then went to get the babies ready. I bathed them and dressed them. White t-shirts no-sounda oblue for Lutha. And pink for Luhle... Sylvia was getting Chuma and Junior ready.... Lukhanyo walked in the little bedroom wearing black jeans, a black muscle top and red sneakers. He wore a white beanie on the side of his head. He took Lutha, I took Luhle and we walked out. Lubb: "where we going?" Luks: "house hunting.....iza nentambo yenja, sihambe..." Lubb: "NAI! Have fun...." he got up to go fetch the leash. We ate while we waited for the boys and fed the twins... Lukhanyo stared at me. Me: "what?" Him: "I've got an idea...." He smiled brightly.....

Oh Gosh, what now!

Chapter 275

Lubabalo came back with 2 pram's. Me: "honey did we buy prams?" I whispered. Luks: "no baby....I just learned never to question Lubabalo...you know he's prepared for everything..." Lubb: "nihleba ngam?" Me: "nope....just talking about the weather..." Lubb: "oh...." He went to fetch the puppy and tied the leash on its neck then gave it to me. We put the babies in the prams and the boys came out. Me: "okay....so where's Thulani?" Everyone went dead silent. Me: "I'm sure we don't need hearing aids...." Lubb: "I just remembered the cellar needed cleaning and where is that mop?" He headed out. Me: "lubabalo....." Lubb: "busy, busy, busy....can't talk bye!" He grabbed the dry mop and ran to the cellar. Me: "Lukhanyo?" He was looking at the stove trying to avoid me... Him: "andaz babe, did you drink your pills?" I went to fetch the pills and drank them.... Me: "uphi omnye lukhanyo? Njan ungamaz?" Him: "he kinda left....I think he's mad at Lubby or something." I went to the bedroom where Namhla was in.... She: "good morning to you too..." Me: "hey....buthethile no Thulani?" Namhla: "oh yeah.....he said he took his brother to hospital because he was choking...." I turned and walked to Lukhanyo.... "Cela ubize uLubabalo..." He went to call him. Lubabalo came back with the dry mop. Me: "whatever you did. Please know, Thulani uses'bhedlele....his brother is fighting for his life....and somehow....ndineto ethi idibene nani noy2....masambe Lukhanyo...." Lubb: "but why izodibana nathi?" Me: "because if it had nothing to do with you, you would know where he is, he would've called you. Matter of fact You would be there!" He kept quiet.... Me: "masambe Lukhanyo, are you coming with?" I asked Lubabalo...him: "nah..ya'll go ahead..." He went to take a shower.....

We had walked for quite a while. We got to the house. It was BIG. Me: "baby are you sure about this?" Him: "yes, we'll baby proof it." We went to the door, a nice lady welcomed us in... She: "you have beautiful babies.." She commented. Lutha wiggled in excitement but farted, he got a fright himself.... Luks: "I think he meant thanks..." We laughed... She led us to the living room...it was wide and had massive space... Lukhanyo looked serious and focused. He was planning the furniture...where to put what how....he liked the decor part of a house, it was weird for a guy...but jonga our own house? I didn't even need to change anything. That's how pretty he made it. We went to the bedrooms. It had 10. With a bathroom in 6... And 2 extra's out of the rooms... It had 2 kitchen's.... Luks: "we'll make the smaller part a juice bar..." He thought out loud.... I think he's buying this one....akusa yiwanga eKragga Kamma... It also has a built in gym, 3 door garage and a pool area outside... Him: "turning one of those rooms, my play area...." Me: "what's that babe?" Him: "I said I'm making the kids a play area in one of the rooms...." Me: "and my movie area?" I sulked... She: "we

have a cinema upstairs, ma'am..." Him: "we like it..." Me: "siphelele apha kekok baby?" Him: "kodwa mna baby...ndiyay'thanda lena...but singaya k'leya siyoyonga....but I want you to know this one takes my heart..." He kissed my lips... "Its my dream...sihlel k'lendlu sobabini nabantwana bethu...out of reach from that cold world I work with...." I kissed him back...long and sweetly... Him: "do you like it?" Me: "yes...I do..." Him: "ngeyakho ke mfaz wam...." What?....what did he mean? Me: "meaning?" Him: "I'm buying this one for you and our children..." Me: "but....." Him: "shhhh...suthand ukulwa....masambe..." "I'm fighting the urge to do you k'la master bedroom right about now..." He whispered... I looked at his Richard...yep, he was looking mighty alright.... Me: "thanks ma'am....we'll contact you..." She: "sure...just know that the house is on demand...2 other families are on their way to view it.....I really like you guys and it would suit you just perfectly....but I'm not my boss....therefore I can only do so much...." Luks: "let them view it...whatever they put on the table I'll add 5% for you to keep it for us....." He took the prams and walked out, leaving the estate agent surprised.

We got to Lubby's house and went inside. I was quite tired but I had to do some exercise to build energy...I started feeding the twins first. Lukhanyo took the puppy outside and unleashed him...then went to look for Lubabalo and found him cleaning the cellar...he was praying at the same time. "Jesus....I come to you as sinner..." He was actually sing-talking... "I pray for forgiveness, your mercy and your glory...I know what I did was wrong, dear Lord Almighty, but the Satan took advantage of my grief and turned it into anger, he turned it into pain....I couldn't fight the urge Lord Jesus, Forgive me! Ask lukhanyo what is he doing in my cellar interrupting our conversation before I throw this broom at him for not joining us instead. Jesus he was there, you saw him....he was one to stop me and I know You sent him....again I ask for You to accept my cold wet sorry...please dry it up for me and put it under your wing, so I can live there warmly Forever. In Your Holy Name. Amen." He looked at Lukhanyo. "What are you doing back here so early?" Luks: "we loved it.....ndizothatha yona....I'm putting it in Lihle's name..." Lubb: "hence she's your wife....I don't even see you divorcing." Luks: "ewe rhaa, she's mine forever now. She must not get it twisted....uyodyola phaa kude not aphe camkwam...." Lubb: "yuuuuh, ingafa londoda...quick and painless.." Luks: "ewe nje...mfaz wam lowa and'noze ndim'lahle..." Lubb: "Like Micheal and Amanda right?" Luks: "exactly!" (Micheal and amanda are a couple in Grand Theft Auto V, amanda cheats on mike all the time, in his own bed but he never dumps amanda...he just kills the guys she sleeps with amyeke yena....) The twins sat down in silence... Luks: "I need to look for a caterer, ndifownele kwa Bay for the buses." Lubb: "I'll take care of the catering" Luks:

"ngabant base lokshin ke Lubby aba, they not gonna eat cheese platters and sushi..."
Lubb: "mxm..... Kwa Bay? What the hell is that?" Luks: "bus company...." Lubb: "as'no rent iimoto? Like get black ML's to transport people?" Luks: "always trust lubabalo to bring something over the top! We can't rent Mercedes Benz's as transport!" Lubb: "Why not?" Luks: "that is a waste of money lubabalo...plus, they won't be enough for everyone..." Lubb: "I'm tryna make it look neat, kungaz eza moto zino 6 colors looking like they been taken out a coloring book. Taxi's then?" Luks: "No. Buses!" Lubb: "fine, I'll rent 4 Benz for the family." Luks: "make it 5...one for us, ibe yey'ka mama noMakaz, ibe yey'ka and the other uncles and relatives for enye..." Lubb: "ii-hearse ziy'2 for the 2 caskets right?" Lukhanyo controlled his tears....trying to block the pain of his uncle and sister.... Luks: "Ja..." He whispered... Lubb: "I ordered 3 suits, zifika 2 days before...I hope you won't mind the color..." Luks: "I know whatever you picked is beyond exclusive, so no....I don't mind." Lubabalo took out his phone to book for catering... Lukhanyo left to go to the Bus company.....

After booking the buses, Lukhanyo drove to KwaDwesi. 2 police vans stood out front. He parked and walked in with confidence, because the previous night he had removed the products from the house, and there was absolutely nothing there....not even guns... He knew the cops would come. He walked into the house and went straight to his mother..he sat next to her, his head on her chest.... "Yamthanda ke mamakhe lomfana...." Ma: "yafeketha lo, uphi khona uNumber 2?" Luks: "sendlin.....mama, bazothin ababantu apha?" Ma: "they came to investigate what happened, to your uncle and sister." Luks: "but kange bafunyanwe apha! How we suppose to know..." Ma: "shh, alok nyana..." Police: "do you have any enemies that might want to harm your family?" Him: "No." Police: "2 of your relatives have just been murdered, it can't just be a coincidence!" The mother started crying... Luks: "get the fuck out!!!" Police: "sir-" Him: "GET!!!!" The police shook and hurried out the house. He sat down with his mother and tried to calm her down. After a while he got up and drove to look for Thulani. He traced his cellphone to Livingstone Hospital. He got there and walked in. "I'm looking for a Siyanda Lubisi..." Nurse: "and you are?" Lukhanyo stared at her biting his lips, he did his puppy dog face..... "He's my brother...he got into a fight last night, I just heard this morning.." Nurse: "I'm sorry to hear that.....come this way, we'll look for him....." He smiled and followed the nurse..

Chapter 276

Lukhanyo entered the room and found Thulani sitting next to Siya. With his parents. Siyanda started panicking...his throat too painful to speak... Dad: "unguban kwedin!? Ufuna nto apha...!" Luks: "molweni tata....ndiyi tshom ka Thulani mna...ndingu Lukhanyo" Dad: "yilentwana le ikwenze lento Siyanda????!!!" Siyanda shook his head. Dad: "ndithe uzofuna nton apha!!!" Luks: "tata, bendizojonga ba uryt na...if bendingasumsanga lamntu kuye ngefile...and he knows why!" The father looked at Siyanda. Siyanda looked at Lukhanyo. Dad: "yinyan lento athethayo?!" Lukhanyo squinted his eyes in warning... "Ewe tata..." He muttered. Lukhanyo hid a wry smile. Dad: "nguban lukwenze lento?!" Siya: "and"maz tata..." Luks: "tata....I can assure you lomntu wenze lento won't bother uSiyanda again. And akaphind asondele kuye....." Everybody kept quiet. Luks: "thulani, butyile fethu?" Thulz: "ha.a..." Luks: "masambe fondin uyoty, uvase, sobuya late..." Thulz: "uzoba shap?". Siya: "ja sure.." He croaked... "I'll be discharged later, so ndizobe ndise ndlin..." Thulz: "ndizojikela late..." He got up and kissed his mother then walked out with Lukhanyo. Luks: "thulani askies bra....yamaz lubabalo unjan.....but naye ndi'ringile naye ucel'uxolo for lawei" thulz: "ku-shap joe..." They drove to Lubby's mansion.....

I just put the babies to sleep and went to make something to eat for the boys... Me: "chumani...nizoty nton boys?" Junior: "McDonalds!" Me: "I thought we were gonna have lunch at home though..." Chuma: "but we had lunch yesterday..." Lubb: "I'll take them...." Me: "thanks mtshana..." Chuma: "can we take Lulu with?" Lubb: "no boy, Lulu is not allowed at McD's" chuma: "WHY?" Lubb: "because he is a dog." Chuma: "why is he a dog?" Lubb: "Oh Lord, I'm not ready for this phase. Boy, Lulu is a dog, not a human being like us." Chuma: "human being?" Lubb: "let's go wethu...." They ran to the Audi R8... Junior: "we taking this one right!?" Lubb: "no, we taking the big car.." Chuma: "Why?" Lubb: "okay fine, let's take this one." They got in the car and Lubabalo drove off... Chuma: "can I also drive?" Lubabalo slowed the car down and put him on his lap. Lubb: "hold here..." Chuma held the steering wheel... Lubb: "Junior is driving on the way back...." The car took off again. Lubabalo occasionally held the steering wheel just to keep it on the road. He stopped at the robots, next to a blue Lexus. A woman looked at him and smiled...he smiled back... Chuma waved at her, she waved back. The robots turned green and off they went again....until the reached McDonalds in Summerstrand. They got out the car and walked in. Lubb: "so what do you guys want to eat?" Chuma: "I want a burger." Junior: "me too!" Lubabalo ordered burgers for them with juice and fries. They waited a bit then got their order. Chuma and Junior ran to sit down and open their meals, eating their food. Lubabalo sat with them and checked his emails. He called Liya. She: "hey boo." Him: "sthandwa

sentliziyo yam....." She: "yuuh, ikhona?" Him: "haha....you got jokes ne. How you doing?" She: "I'm okay...kuthen ngath uphandle?" Him: "I took the kids out to McDonalds...awubawel ndik'phathele something?" She: "no thanks hun....I'm chilled..." Him: "ok then...I was just checking on you....unjan umama?" She: "heee baby...she been asking me ba ndimensa nini....ndimxelele ba ndiqibile umensa...kafun nova uth ndimithi...and you gonna pay." She laughed... Him: "makaze alok azond'bathalisa, asele end'boleka wena lomzuzu aye banken...." She: "ei babe, nank ephind engena...I'll call you later...." She hung up... After the lunch with the boys, they drove to Greenacres, The Bridge. They went to Game and bought toys... Lubabalo gave them a trolley and left them to take what they wanted. He went to the game side and bought new video games.... He went to look for the boys and found them with the trolley overloaded with toys. Lubb: "uhhmmm.....my lil niggas....I think you forgot we came with a tiny car. You were the ones that wanted to bring the R8, and there won't be enough space. Chuma: "but daaaadd....." He begged. His heart melted in a split second. Lubb: "okay, listen...we'll buy them ne. Then, they will keep the others for us here, I'll come pick them up later....yeah?" They both nodded and Lubabalo went to speak to the manager... they paid and left half the stuff there then went to Incredible Connection. Lubb bought himself an iPad and they went to the car, to load the few boxes. Which had two remote control trucks and a helicopters.

Back at home, Thulani just finished bathing, he came out the bathroom while Namhla lay on the bed. She: "yathand ucimb'usexy ke wena...." Him: "you don't even have to convince me. I know I am....." She: "awusembi nje ngath ngum'va wecephe...." He climbed on top of her.... Him: "noba ndingayi hagu ungandithanda qha..." She: "ndingak'lahla mna bhut. No Lie." Him: "so you love me for my looks?" He bit off her bra and nibbled her breasts.... She moaned his name.... She: "ewe tshi awusayibon lonto wena?" *whispering* him: "I can do you so good right now, it'll change your mind in seconds...." He kissed her neck, holding her breasts.... She: "I'd love to see you try..." He took off her pants crawling down to her and biting off her panties....he went to her coochie and kissed it then lay next to her. Him: "iza baby...." She climbed on him....he pulled her up to his face...and sucked on her.....she cried in pleasure, he bit on it and sucked his teeth in between.... She couldn't hold in anymore and just released..... He slid underneath and came from behind her. He inserted himself biting his lips and holding onto her. He started at a slow pace, then gradually picked up....she groaned out loud, and backed him up. He stopped while she did her thing.....he held her close.... "Waitt wait wait....." He tried breathing...he took it out and turned her around....he lay on top of her and put it back....while looking into her eyes....searching her soul...he held both her hands and buried his face into her

neck..... "Ahhhh fuck....." He moaned.....he went faster, she cried louder.....
"Please don't stop" she begged....but he was failing, because his body started
shaking.....his heart was ready to explode in his throat....he thrust deeper and faster
until one last stroke and shot deep inside of her.....while she met him halfway.....she
looked at his face, a tear escaped his left eye.... She: "what's wrong?" Him: "everything
just right baby.....just about everything.....I've never felt like this before...." He lay on
her chest and tried regaining his breathing. "Now I have to go shower all over
again....." Him: "its big enough for the both of us...." He pulled her to the bathroom
and switched on the water....he picked her up and they kissed....

Chapter 277

Me: "Baby...awulambanga?" Luks: "ndibawela iPizza bonanje....and andiz'bon ndisitya
something else." He got up and came to kiss me.... Him: "Phaki is having a little
dinner at his place...." Me: "yes you can go...." Him: "I don't wanna go alone boo....its
on Monday night...we'll go together ne?" Me: "Lukhanyo, when are we going home?"
Him: "haibo babe, don't you like it here? Is it Lubabalo?" Me: "there's nothing wrong
with this house or your brother. We're fine....its just that, we can't live with him
sinendlu yethu....." He let go of me..... Him: "sogoduka after mngcwabo..." He took his
keys and left. Me: "uqumbele nto kehok?" I yelled behind him. Him: "qumbanga
mna...." He got in his car and drove off to Debonair'z. He ordered his pizza and sat in
one of the chairs staring at the cashier in an attempt to irritate her so that she hurries
up. She kept glancing at him and smiling sweetly. His face didn't change, until his box
came. He got up and took the box walking out. He opened it and ate a slice on the
way to the car. He put the box on top of the car and searched his pockets for his keys.
He unlocked the car.....

"Lukhanyo!!!" Someone called out to him. He turned around annoyed as hell as he
finished swallowing the last of his slice. "Ja" he said and looked into S'bongile's eyes.
He got a fright because he wasn't expecting her. She: "unjan lukhanyo?" Him: "ndiryt
wena?" She: "I'm good.....look, I wanted to talk to you about Chumani. I know I've
been the worst mother...but its been hard for me.....ndiyam'khumbula umtanam
Lukhanyo..." Him: "bungam'khumbul ngok'ya bum'nyisa umtana umbetha

"and'ngo baby wakho sbongile! Khasuke man pham'kwa mehlo am!...." She:

"lukhanyo you can't do this to me...!" She broke down and people stared at him....
"Ndak'cela Lukhanyo!" He was beyond embarrassed. "Get yo ass up Sibongile! Get up man, Fokof!!" She got up wiping her tears.... "Lukhanyo, I'm soo sorry, ngento yonke...." Him: "sibongile, wamosha ngoyolala noXolani wasuka kum ndingakwenzanga nto. Now all of a sudden I must feel sorry for you!?" She: "we have a child together!" Him: "mntana ka Xolani sibongile lowa. Worse ngok ekhula yabonakala lonto!" She: "lukhanyo it wasn't my choice! Ndandingam'fun uXolani mna...." Him: "don't come here with yo lying ass! Bum'funa uXolani, natyana ndenzwa isdenge mna, Qha fullstop!" She: "it never happened that way....you know ba unjan uXolani...he" She sniffed... Him: "he what! I don't have all fuckin day!" She: "the first time sadibana emashwemen and he bought me drinks....so my friends and I saya kwa gqalane he actually followed us there....later that night asabina transport, I called you wand'cimela nge fown.... he took my friends home and he took me to his place....ndam'cenga ba makandgoduse akafuna....he just dragged me into the house..." She cried at the memory.. Him: "sibongile.....I said I don't have all day." She cried harder... "He stripped off my clothes and raped me! Wand'bophelela ebhedin...." She tried breathing. "He did it until I started bleeding esithi I must pay....I tried begging him to stop...but he just didn't kwade kwasa....I went to the police station the next day but someone told him and made the charge disappear....he came to beg me wand'thengel igifts ecela amaxolo....I tried reaching you but wawungaphenduli zi-calls zam. You only called me when you wanted me....I had no one else! That's how I ended up with him ke....he forced me into that relationship! Yilento uChumani endenzumsindo nje....it just reminds me of him....and what he did..." Lukhanyo kept quiet,

He looked to the ground..thinking about the time Xolani asked to use his police contact to get rid of "something"....he never asked.. "Iza ndik'goduse Sibongile." He opened the car and they got in driving in silence.....they got to her house in New Brighton. She: "Lukhanyo, I know it doesn't mean anything to you, but ndiyamthanda uChumani....he's my child... I have realized that now, andithi bring him back to me. But at least noba ndim'bona once a week even for an hour...I don't mind..." Him: "I'll talk to my wife. Ndive kuye ba uthin..." She: "enkosi...." She got out the car and walked in to her house..Lukhanyo drove to Lubb's house and walked in. His appetite was gone. He dropped the box on the counter and walked to the cellar. Me: "boo boo.....usand'qumbele?" Him: "no..." Me: "izapha kalok..." Him: "kayeke man Lihle!" He walked into the cellar and took a bottle of Henessey...pouring himself a glass and sat down.

Lubabalo walked in with the boys. Lubb: "somebody please remind me why I want to be a father..." Me: "because you love kids.." I smiled...he went to the kitchen and ate some pizza.... "What's up?" Me: "nothing..." Him: "look at yourself...you seem like uxelelwe indabi ezimbi." Me: "indaba..." Him: "whatever..." Me: "I'm fine wethu...can I use the big car? I want to go somewhere.." He handed me Rover's keys. Me: "you not gonna ask me where?" Him: "none of my business Linkie-bear..." He took the pizza to go look for Lukhanyo..."In the cellar..." I yelled and walked to Sylvia. We took the babies and packed their bags. We put them in the car and I buckled them up. I went to Motherwell to go see my mother....on the way Rene called, I put her on loudspeaker while driving. Me: "hey!" She: "hey babe, how are you?" Me: "I'm good...you?" She: "I'm alryt...are you driving?" Me: "yep, I'm off to my mom's place...you? What you up to?" She: "I'm done with my appointments...so I'm on my way to fetch Lebron. You didn't call last night." Me: "I kind of forgot, my husband and I were busy with something...." She: "oh.....so when can we meet up for drinks?" Me: "I'm not a drinker...yesterday was just occasional...and tonight I'm going to a prayer meeting with the family." She: "okay then, I'm off tomorrow, we can do lunch at my place then go to the session together later on..." Me: "that's cool....I'll see you tomorrow then..." She: "bye...." We hung up.

I got to mom's house and took the babies in. Mama: "yuuh! Molwen mntanam!" Me: "molo ma..." Mom: "awusetyebe uyaz'bona? Ohh bethuna abazukulwane bam..." She took Lutha from my one arm...I sat down with Lühle. Mama: "hee hayi Lihle, ninqabile!...uyaz'bona phof uya utyeba, jonga impundu." Me: "hee hay kayeke mama....I'm only 5 k's bigger than I was before..." Mama: "umithi kwakhona!" I couldn't tell whether she was excited or surprised. Me: "hay mama....I'm perfectly whole. On my own. Nobody else inside me." Mama: "kunjan ke mntanam...how is Lukhanyo?" Me: "he's great ma...we're okay...." Mama: "but what else..." Me: "his sister and uncle passed away k'le vekhi...." Mama: "oh hayi shame man omnye! After losing his father!....kwenzeken lihle?...." Me: "andaz mama....we've been going to emthandazwen..." Mama: "how's his family?" Me: "fine...." Mama: "yinton ngok Lihle?" Me: "akhonto mama..." Mama: "Lithembelihle...." Me: "its just that his aunt doesn't like me because and'ngo makoti....she says stuff to bring me down and akafun ndihlale phantsi...I must be working oko abanye abantu bahlale bona...." Ma: "mntanam....you can be the best plum....but please do remember, not everyone likes plums." That in its own was just enough for me...it made me feel better. Me: "enkosi mama..." She changed Lutha's diaper and carried on chatting about random things and she told me about church. Her friends.... Me: "mama, kunjan emsebenzin?" Ma: "but andisa sebenzi nje Lihle....I thought he told you....he said ndingatsho kuwe you'll

discuss it together...." Me: "discuss what? Who? Mama uthetha nganton?" My heart raced....nobody told me this! Ma: "lihle, uLukhanyo kange athethe nawe?!" Me: "mama! Uthen uLukhanyo kuwe!!!!" Mama: "hayi, ungak'linge uthethe nam olohlobo!" Me: "uxolo mama....uye wathin uLukhanyo?" Ma: "well, when I got out the hospital he hired uNurse to take care of me. Wamane ngond'visiter athenge igrocer, impahla ayise kwi laundry and he told me not to work. Its his duty to take care of me, as a son." Me: "What?!" Lukhanyo never mentioned this! Not even once did he.....wait. It had to be uLubabalo! Why was he such a nag! Ma: "suqumba alok sisi....he was just trying to help....he made everything easier for me.... He did it kuba ekuthanda." Me: "okay mama...." We sat and spoke for a few more hours...I cooked her dinner while she sat with the babies. I made grilled chicken, rice, unpeeled potatoes, pumpkin and green peas. I dished up and we ate together, I went to wash the dishes afterwards...the time was 17:13 when I was done. Me: "mama....mandibeyi ndlela...." She: "okay mntanam...und'bulisele ku Lukhanyo wethu. Give him this for me." She planted a kiss on my cheek. We buckled the babies in the car and I got going.

Chapter 278

We arrived at the house and I took the babies in. I had to freshen up quickly to go to Kwadwesi...Sylvia took the babies for their bath while I went to shower. Lukhanyo walked in the bedroom when I was undressing. "Beby...." He muttered. He was drunk. Me: "lukhanyo, how can you be drinking! Uzoya njan kokwen unje!" Him: "don't tok ta me lark thet.....ncede pwease..." His beast face was on... I looked at him.... Him: "I will go...wherever, I need ta go...whether I'm lark Dis. Or not...." Lubabalo walked in. Me: "please talk to him..." Luks: "athethe nto nam? Uvelaph nabantwana bam lihle?" Me: "ekhaya kumama lukhanyo..." Him: "und'shiyele nton?" Me: "ufike wand'phoxa njena..." Him: "suphosisa mfaz wam kandik'phoxe tu..." Lubb: "I'll be out your hair...ndisaya summerstrand with friends I won't be back till late..." Me: "you can't just.....what about eDwesi?" Him: "lihle, I can't do this everyday....Ind'visa b'hlungu into yoba pha...I just need a night..." Luks: "mna yaaannd'shiya?" He slurred. Lubb: "ndizok'saphi unxile ol'hlobo lukhanyo?" Luks: "Andinxilanga mna!!!" He yelled. Me: "okay you know what, you two sort that out in the passage...I went to the bathroom and locked then took a quick shower. After I was done I wore my gown and went out. They were still in the bedroom. Lukhanyo was laying on the

bed....sleeping, or faking...you never know. Me: "so? Nizothin?" Lubb: "hlalani Lihle, lukhanyo can't go there like this. And I can't go with you mna, its gonna look wrong...noske niye ksasa...I'll see you later or in the morning I guess..." He stood still and looked at me. Me: "bye..." He kept quiet... Me: "say what you have to say please uyek und'jamela like I'm a tv ad." Him: "buyothin eMotherwell if I may ask?" Me: "that's my mother's house....I can go there whenever." Him: "indeed you can...." Me: "got something you wanna tell me?" He started sweating, then looked at Lukhanyo who was still snoring... Him: "it was only for a good reason.." He whispered. Lukhanyo moved..then started snoring again... Me: "no lubabalo! You shouldn't have done it, its my mother not ours!" I hissed. He pulled me into the passage. "Look. At the time I wasn't thinking okay? When I hired the nurse, I thought that is where it would end, but I had to go see if she's okay. I bought her stuff, then we chatted....I.....I didn't want to go.. So I visited again and again....I really enjoy being there Lihle, I didn't want to spite you or anything but wena you wouldn't have let me if I told you." Me: "when last did you go?" Him: "the time you went with Lukhanyo. Few days before that. Bendizoya namhlanje....but you went there..." Me: "how did you know I went there?" His eyes looked at mine.. Him: "why do you always pick a fight with me over the stupidest little things? People would swear your actual husband is me." My hand itched I wanted to slap the shit out of him. But that would prove him right. Me: "I'm not even gonna do this with you....khasuke." Him: "look if it means anything, I'm sorry okay? Ndicela uxoleli please? I didn't mean that it just kind of....." Me: "its fine....hamba lukha-....I mean Lubabalo...." Him: "thank you..." He turned and walked away.....

I walked in the bedroom....Lukhanyo was "still sleeping" I took off the gown, dimming the lights. I walked to bed and crawled in.. He got up and walked to the bathroom. I knew it. He was sober as fuck. Just waiting for lubabalo to drag me into his room so he can "catch us in the act"....I laughed at the thought. I took my phone and browsed through facebook, I had a message so I checked it. "Good seeing you, eLle." It could Only be Ludwe. Last time someone called me elle was in high school and it was him. I didn't reply. The last time I replied to males messages, they(luks and lubb) took him and adopted him into the family. He's not even MY friend anymore. He's theirs. Not that I mind, but come the hell on. 😊_- he sent another: "kuthen kehok nga-reply? But you active?" I logged out. Yuh, I can't deal with that. So I chatted with Namhla on whatsapp.... "Wenzanton?" She: "I'm chilling. Thulani udlala nooJunior...wena?" Me: "laying in bed..." Lukhanyo walked back in..undressed and got on the bed. Me: "are you okay?" Him: "I'm fine..." I moved closer to him and lay on top of him.... "You promised me something izolo...." Him: "yand'godolisa Lihle." I put

the bed cover over our heads and kissed his chest. Him: "this is not the time yaz.." Me: "you couldn't wait to do this to me k'la ndlu andaz ngok noba ushy." Him: "I'm just not in the mood! Ndine ntloko eb'hlungu....so please collect yourself and climb off me, ndifuna uyosel ipilis...." He snapped. I got off and sat on the bed, he got and walked out. My heart broke. I was soo embarrassed. Did he just refuse sex? My phone rang.. Me: "hello." She: "damn.....what's wrong.." Me: "arg, its nothing, whatsup?" She: "nothing much....just chilling with 'ron. He wants to go to a sleepover, so I'm getting him ready..." Me: "isn't he like 2 or something..." She: "I know right...." Lukhanyo walked back in. so I thought I'd make him jelly. Me: "soooo, what you busy with?" She: "uhm....I just told you...and you?" I giggled sweetly... "Oh you know, just in bed..." Lukhanyo shot me a warning look... She: "this time? You tired? Did you drink the pills?" Me: "yes...damn...you soo protective kanjan...." She: "what's kanjan?" Me: "I'll explain that to you later...." I whispered. Lukhanyo was evidently burning....I held my hand between my thighs... She: "okay, I suppose learning something new is a good thing..." I breathed a sigh.... She: "can you come out?" Me: "right now?" Luks: "nguban luthetha naye Lihle??!!!!" He Yelled. Me: "shhh, lukhanyo uyangxola, kanguth unentloko?!....sorry love you were saying...?" She: "is that your husband?" Me: "no....just brother..." He grabbed the sheets and pulled them away... "Uth ndiyintoni!!!" Me: "I have to go Rene..." I hung up. Him: "suxoka ay'ngo Rene luthetha naye! Kunin ndik'jongile!" Me: "buthe unentloko." Him: ""so mawufetywe ngamadoda efownin!???" Me: "ndifetywe phi lukhanyo?" Him: "nako uz'bamba bamba! Nguban lo buthetha naye lihle? I swear if you don't tell me who it is. I'll beat it out of you!" Me: "uzand'betha kehok?" I got up and stared at him....hands on my hips. He stared back at my naked body. Me: "BETHA Lukhanyo!!! Ndim LO! Betha!" I moved closer to his face. Me: "I thought as much...." I went to the cupboard to take out tights and a baggy sweater... Him: "where the fuck do you think you going!?" Me: "away from YOU!" Him: "uya k'le ntwana yakho ngok...?" He grabbed me and pulled me to the bed and climbed on top. He tore off my panties and held my wrists together. Him: "you are not going ANYWHERE!" He hissed in anger.... Before I could even answer him, he jolted himself in....I screamed in surprise. As rough as it is.....it made my body boil in pleasure... Him: "und'qhela masimba mos ngok! Uncokola namadoda ecamkwam!" Me: "baby I'm sorry...." I moaned....I wanted him to think he was hurting me, and'savi kamnand ngeloxesha... Him: "you gonn fucking be sorry...." He kept going harder....pounding into me....he held his other hand over my mouth....I was about to reach climax..my thighs got wobbly....toes curled, eyes rolling back. He yanked himself out. "Guquka!!!" He ordered in that deep sexy voice. Me: "baby, ndicel uxolo torho....I didn't mea-" he turned me around roughly and jolted back inside. He banged

into me and I screamed.....he held my hair tightly. Him: "caba mand'besi sbhanx ngok mna, kwez'ntwana! Sobona ngeyphi le zokutya izenze clever!" He growled.... "Ndiyoy'bulal inye Lihle!!! I fucking swear." In the whole process of his speech. He was still fucking. Hard. He finally smashed into me.....my juice squirted out joining his climax.... Again he pulled out roughly. Him: "where does he live!?" Me: "baby kayeke tu...." I tried stalling so that he keeps going....just one more please? 😞:(.... Him:" heh!" He chuckled and lay me back on the bed. He parted my thighs and went in.... "I'll do this all night. If I have to. Yophakama k'le bed udumbile ungakwaz uhamba. Ingath ngow'cinga i-address before I damage you." He thrust in deep and banged into me again....I tried holding his body, he slapped my hand away. Him: "who the Fuck is he!!!" He roared....that frightened the shit out of me. His facial expression was just scary. He looked like an animal. And I was poes scared of that animal..... "Baby its Rene...." I whispered.... Him: "ungak'linge und'phambanise!" Me: "I swear baby, thatha la phone umfownele." He took my phone and transfered the number to his then called. She: "hello?.....helllloooo??? Okay then" she hung up. Him: "you just like provoking me don't you?" Now he was really mad... Me: "hayi baby its not that I jus-" him: "Don't!" He got up and went to the bathroom. I heard the shower, 10 minutes later he came back and got dressed. Me: "uyaphi?" He took his keys and walked out.....

Lukhanyo drove to Chief's place in New Brighton, his members were there. He sat with them and bought himself a bottle. He drank with the guys. Lara: "ehh unqabile boss! Unjan uStu?" Luks: "yaphila fondin....yaphuma pha ngomso...." Lara: "yoh kwatsho kwa better fethu...so la Benz ye vrou uzay'zisa nin?" Luks: "Zuyoy'landa ngomso nd'zak sms'ela address." Him: "I doubt you have a wife that's always begging for attention...." He muttered.... She: "uthin?" Him: "hay akhonto.....uzosela nto?" She: "sow'libele?" She sat on his lap and took his glass....drinking the contents finished... Him: "WOW, I am impressed." He laughed.... something flashed a few seats away..... Twice. She: "khame ndisaye bathroom ndiyabuya...." She got up and walked to the bathroom. Someone stared at Lukhanyo.....he stared back. "Und'jonge nto kwedin?!" The guy shook his head and carried on drinking. Lukhanyo's phone rang. "Where the hell are you?!" Luks: "lubabalo, you with your friends, I'm with mine....ufuna nto kum, uthe awuhamb nam mos!" Lubabalo hung up. "Tshin ulubabalo unjan na madoda!" The guys laughed.... Lara: "li wele lakho nyan eli Ta Luks?" Luks: "hay nawe uyay'buz untsente ebomvu! Ufana nam mos, yinton ke?" Lara: "he's got quite a lot of money.....kuthwa

Kuthen ePanicker when you not next to him? Uhlel nathi?" Lukhanyo thought for a while....this was true....lubabalo gets quite uncomfortable when I'm not around him. Lara: "and wazi njan where you are xa ungamxeleli? Hayi mna Ta Luks ngendaya for DNA babingowase khaya. Worse nemali la awti...." Phaki: "ei feth sekhe way'bona la Benz yayo incinci...." He kept silent and stared behind Lukhanyo, Lara too. Lubabalo grabbed sbongile and pulled her away from Lukhanyo. "Ufuna nto apha Lukhanyo" Sbosh: "hee hay bhut sihlel nj-" Him: "I weren't talkin to ya, ayyt?" *australian accent* everybody sat still. Lukhanyo stood up. "WENA, ufuna nto apha?" Lubb: "lukhanyo, you know these people wi- " Luks: "THESE PEOPLE zitshom zam! They been here ubom bam bonke!" Lubb: "I'm not debatin dat bro, but come the fuck on! What good do they bring to ya life? Huh? All this?" He gestured around them...(Booze and girls)... Lubb: "you have a faithful wife at home, AND kids! You don't want to push em away!" Luks: "you can't tell me how to live my life!" Lubb: "no I can't, but as your older bro, I can tell you what's WRONG! This, is wrong! I'm giving you everything I have, all my money is in your name, my house, cars, my companies! And you're throwing it back in my face?! By doing this? Defying me? Going against me? You are ruining your life Lukhanyo!" Luks: "kand'yeke Lubabalo, I'm not doing anything wrong, I'm just having a drink with friends!" Lubb: "and then when you're done, I must clean up the mess? I must do damage control? Like the last time!" Luks: "kanguth you're the older brother?" Lubb: "and does your wife even know where you are? That you entertaining bitches and drinking?" Luks: "looks like she's Our wife now, the way you look after her....like I can't manage. So ungayi kuye nje wena?" Lubabalo just turned and walked to his car...saying a short prayer on the way. He got in his car and started it. "God, whatever happens. Let him not do anything stupid or unprotected. I trust You with his safety.....Amen." He drove off to KwaDwesi....

Chapter 279

Namhla and Thulani were in the game room playing with the boys and their new toys... He helped them connect the remote control truck and they raced with them to the open hall. It was the largest space and had no furniture so it was a great place to test out their racing skills. Thulani and Namhla stayed in the room and played PlayStation together. Thulz: "if you beat me 20-0 I'll let you do what you want with me...." She: "haha...that's not enough...." Thulz: "okay fine, I'll prepare for iLobola." Namhla laughed and he scored the first goal.... She: "that's unfair!....bendisa nyuba nje...." Him: "awuzaz ba unyubiswa yinto!" He let her score a goal.... She: "ha! In your face babe!" Him: "if you can keep it up...." But he was only letting her win....his phone rang. Him: "hello?" Caller: "Mr Lubisi, we're sorry to call you this late. Its about your wife." Him: "yeah?" He was already annoyed, my wife is right next to me...he wanted to say... Caller: "she'll be discharged tomorrow..therefore since the medical aid is in your name, you will have to come sign her out.." Thulz: "what kind of stupid rule is that?!" Caller: "I don't make the rules sir..." Him: "what time?" Caller: "at 10am sir..." Him: "K" he hung up... Namhla: "and now?" Him: "Bukiwe ya-dischargwer ngomso....I have to go get her. Yaz yaxoka! Qha she probably bribed that nurse...siiees ngumntu othen na lo!!" She: "babe, you can't hide from her, show her ba awumoyiki...and you've moved on...a sign of anger might give her the wrong impressing ba usam'funa.....just relax..." Him: "I'm trying....I just want her away from me man! Khome ndifownel utata" he dialed Jeff's number and he picked up on the second ring: "my boy.." Him: "hello tata, unjan?" Jeff: "ndiyaphila ndoda...yinton ingxaki?" Him: "tata, ngulomtana uBukiwe...andim'fun mna lomntu and she's tryna ruin my life!" Jeff: "shh, relax boy...what did she do?" Him: "she been sleeping with my friends...then tried to kill me! She poisoned mna noLukhanyo! She attacked my girlfriend-" jeff: "you have a girlfriend?" Him: "ewe tata..." Jeff: "Hay Man Thulani!!! You're married, you can't just get a girlfriend! Noba that's why esenza lento-" thulz: "hayi tata, kudala wayenza lento ubukiwe! Ndingeka diban noNamhla. I only met her a few weeks ago and mna I love her, not that scoundrel of a person!" Jeff: "nyana, I know how you feeling....its new love, its supposed to be that way....izapha..I'll tell you about it...come alone." He hung up..... Thulz: "baby.....ndisaya kutata....ndizobuya yeva?" He kissed her lips.... "Ava?" He kissed her again..... "Ane?" She: "yohamba kdala...." He held her face and sucked on her lips... Him: "ndiyak'thanda Namhla va? Don't let anything make you think otherwise. Uyandiva? I. love. you....." He said slowly. He kissed her forehead and walked out to Junior and Chumani... "Guys.... Sylvia made you dinner go eat, and then get ready for your bath....I'll be back soon..."

Junior: "bye dad" Chuma: "bye uncle Thuu...." Thulani went to his car and drove off.....

It was almost midnight, Lubabalo walked into the house and went to check if Lukhanyo was home. He opened the bedroom door and walked in. He wasn't there. Lihle hid her face with a pillow.... He moved closer to her... She was crying... "Lihle, what's wrong?" I couldn't tell the difference now.....my mind just failed to work over time. I quickly wiped the tears... "Nothing boo...I'm ayt...." Him: "have you been drinking again?" Me: "no...." He looked at the glass next to the bed. When I tried getting out of bed, I quickly covered myself again.... Lubb: "lihle.....what is ?.....are you bleeding...?" Me: "khaphume tu?" Lubb: "no....let me help yo-" He held my arm to pull me out... "Hay man! I can do this myself! I'm probably getting my period....please get out, I just wanna change..." He proceeded to walk out, I winced in pain as I got out of bed. He glanced back at me, shook his head and closed the door behind him. I took off all the bed covers. And huddled them up...on the floor. Let me take a shower and come back to put them in the washing machine. I took my toiletries and went to the bathroom, tied my hair and I showered for quite a while just to get rid of the blood....it wasn't that much....but you know how periods make us women feel....my stomach pained...after a while I got out and lotioned my body I took a towel and went out to the room. I was surprised to see the bed already made, opened neatly by my side, a bowl of ice cream by the table and dark chocolate. The bundle of sheets was gone. What's wrong with this person! I wore a pad because my cookie still pained to have something inserted in it again. I wore my pink silk pajamas and climbed into bed. I took the bowl and ate the ice cream, because I was just greedy....I literally finished the bowl. Then dove into the chocolate...halfway through it I started getting sleepy...I put it away and fell asleep.....

I woke up at about 6am, brushed my teeth and went back to bed....my stomach cramped... He walked in again. "Uziva unjan ngoku?" He managed... Me: "just cramps nje...." He walked back out and Sylvia came a while later with a tray. It was buttered toast on both sides, the way I like to do it. Orange juice and pain killers. Me: "haha...uy'az njan ngesonka?" She: "yenzwe ngulubabalo sisi..." My excitement died... I tried calling Lukhanyo, he picked up. "Mhelloh?" He muttered. Was he asleep? Where? Me: "uphi?" Him: "ndise ndlin baby..." Me: "what are you doing there?" Him: "mfaz wam sund'ngxolisa alok....I was too drunk to drive all the way there...so I decided to crash here....kodwa ndizoza mntu wam va..let me just nap another 2 hours..." Me: "ok.." I hung up.... I drank the pills and ate the toast...drinking the juice. I asked Sylvia to bring me my babies....she came with Lutha....Luhle was still asleep...I lay with him next to me. He was started to look like Luks....and it was the cutest thing

ever. He lay on his tummy and made all these squeaky noises with his mouth. He held my index finger and sucked on it.. He took it out and stared...then cried..I showed him the boob and he kept quiet, I pulled him and he sucked furiously, like when last did I get this privilege... Me: "uzotsarhwa boy...relax!" I tried pulling him away but he growled angrily. I just had to laugh. Me: "awuse!" He lifted his little leg....beginning to fall asleep...the pills were making me woozy too. I closed my eyes for a second...Lutha was letting go of the nipple. And we fell asleep.....

I woke up and he was laying next to me...did I remove him? Ndaske ndamuncu...at least the cramps were gone. And Lukhanyo was laying on his other side. I got out of bed, Luks: "morning to you too..." Me: "hey...." I took the bowl and headed for the kitchen. I came back and he said he was hungry. Him: "didn't you make breakfast?" Me: "nope...." Him: "why not?" Me: "I was sick....yenzwa ngu Sylvia." Him: "bugula yinton?" Me: "was bleeding...." Him: "oh..." He put his phone down and walked to the kitchen. It beeped. I took it and read the text....

"Can't believe you refused me, you used to be such an addict.....uzeka kamand....what went wrong?"

Luks: "I'm married now sbongile"

She: "soo?"

Luks: "I can't go around fucking people, ndamthanda mfaz wam..."

She: "she managed to change you.....but ndamaz mna uLukhanyo wamanyan.....the animal.....you'll be back.....I saw a hint of him izolo....he'll creep back in. And I'll be here. 😊;) later*"

So he was with Sbosh izolo? And I'm not allowed out? Heee, kuzonyiwa ke namhlanje. He walked back in. Luks: "awancuma....yinton?" Me: "hayi akhonto mnyen wam....I just missed you...." He blushed and came to sit next to me. I burned with fury....he came forward for a kiss and I turned around.... "Look at what we've created sobabini...." I held Lutha's head and kissed it lightly. Me: "isn't he just beautiful? And ndim nawe lo.....nobody else....." Him: "yeah, he's wonderful...." I got up to go bath and got ready to go to KwaDwesi just for the morning. Then off to lunch with Rene..

Where people care about me! And my happiness!" Lukhanyo was confused.... "Phi kalok?" Lubb: "mxm!" He walked out.....

Lubabalo rushed past me. I grabbed his arm. "Phone yam fondin!" He stopped and gave me the phone. Me: "what's wrong?" Him: "akhonto lihle...." Me: "uyaphi?" He walked out. I went to the room. Me: "uthen brother wakho?" Luks: "lihle, I made a mistake that affected our relationship.....izolo bend'kwa Ngqoko and the guys were talking about Lubb nemali le anayo...then they said ingath kanti he did plastic surgery to look like me azoba close kum.....to destroy my life. I started thinking bout all the things he's done....being after you, endenza is'bhanxa....doing things behind my back. And I started getting stupid ideas." Me: "hay nawe umuncu lukhanyo. Ta Smig confirmed all this for you. Your mother gave birth to 2 children! Wena noLubby! His adoptive parents confirmed it! They were there with your dad! Your father tattooed his Name, on YOUR chest! Even Ta Smig confirmed that he's your blood! How can you be this stupid!" Him: "baby I know.....ndiy'cinge ngok ek'sen lento ba nyan Lubby ngowase khaya. I can't be without him. Und'gxhothile.....he said yonke into yakhe is in my name. Now he's gone....." me: "get him back alok...." Him: "kasoze and'mamele mna....he listens to you." Me: "was this all?" Him: "cela ungaqumbi mntu wam...." Me: "and'qumbanga nje...." Him: "ndidibene no sbongile izolo....we spoke wathi ufuna ubona uChuma....I told her funeke ndiqale kuwe kqala..." Me: "ufuna ubona uChuma okanye wena?" He kept quiet.... "She's been sending me sms'es unento ecimba just because I spoke to her ndiyamfuna....babes, ndicela uy'cinge ne. Whatever you decide is law, because nguwe umama kuChumani." Me: "so nothing happened?" Him: "no babe....I swear...I only took her home then nam ndaya endlin ndalala ndodwa..." He looked into my eyes, I knew he was telling the truth. I know his body language when he's lying. Me: "okay. Thanks for telling me. By the way I already saw the messages on your phone." Him: "you went through my phone?" Me: "ewe lukhanyo..." He rolled his eyes and pulled me closer. Me: "I'm not kissing that dirty mouth...." He giggled... "Baby...." Me: "I know you're gonna say sorry..." Him: "for what? I am not sorry for fucking you senseless shame. Zoyaz indlela yoz'phatha xa ndikhona...you know I hate it when you try to make me jealous." Me: "oh..." Him: "didn't mean for you to bleed though..." He bent down and put a baby kiss on it. Me: "I'm going to lunch with Rene and a session afterwards ke ne...." Him: "okay....remember to wear your watch." Me: "yi-watch ethen na lena wena?" Him: "it looks pretty on you babe....I love it....." Me: "khayokhangel bhuti wakho....ucele uxolo... You may want to buy a present, yamaz xa ekhubekile..." Him: "I got just the idea!" He kissed my check and rushed out.....

Lukhanyo couldn't trace Lubabalo's phone. Luks: "fuuucckk!!!!" He called Thulani. "Fethu uphi?" Thulz: "ndingen aphe ndlin why?" Luks: "uph lubabalo?" Thulz: "nank'ya hlel phe lounge. On his iPad..." Lukhanyo hung up and he drove to a small place first, then went to Lubby's house. Lubabalo was reading a Bible verse on his iPad. He paged through the Bible app. 1 Thessalonians 3:12. "May the Lord make your love increase and overflow for each other and everyone else. Just as ours does for you..." He smiled and did a short prayer in his head. "Father, use me to help be an example of Love to those around me. Please pour your love into my heart through your spirit and then channel that love out of my life to others. In Jesus Name, Amen...." He looked through the other verses and Lukhanyo walked in. Lubabalo stared at him..... 'Lord.....' He began.... Luks: "lubabalo cela uxolo. What I did was wrong. And know I hurt you..." Lubb: "what's in your hand?" Lukhanyo gave him the little flowerpot... He smiled proudly. Lubb: "this is the gayest thing I've ever received. But I like it. My heart forgiven you. But my thug heart..." He shook his head without hope.... Luks: "I'll move out....." Lubb: "hamba alok..." This shocked Lukhanyo....he thought the plant would make a difference. He turned around sadly.... Lubabalo got up and wrestled him to the floor. Lukhanyo laughed till his stomach hurt. Thulani walked in and sat on top of them. Thulz: "yas'biz utata...." Luks: "niyand'cinezela!" He yelled from underneath... Lubb: "you don't listen!" They got off.... Lubb: "masamben...." They took their Audi R8's and left.....

Makaz had made sure I didn't move....I swear by 4pm I was still there. I eventually went to Lukhanyo's mom, I said goodbye and to the family, then took the Benz....I drove off to the house to change. I called Rene. "Hey! I was getting worried..." Me: "I was a bit busy....I'm changing now...." She: "just meet me at the gym babe, we'll go for dinner afterwards...instead" Me: "ayt then." I hung up. I took Lukhanyo's grey sweat pants, and a black vest, I tied my hair in a bun. I packed a jean in the bag and a silver stiletto, I got a white top with lace shoulders. I packed my make-up bag, my toiletries too. I took the bag and started with the boys. Sylvia made them noodles. Tomorrow they are going to school futhi....because I'm sure Lukhanyo sorted everything out. I kissed them....then went to Lutha and Luhle, I fed them. Lutha being excited as shit all over again...trying to reach for the boob... I put them in their beds, playing with them and chatting as if they could hear me while we waited for Sylvia. Then I left after she came in. I got to the gym. By now the ladies came to say Hi...I halla'd at them and went to Rene....we started with the exercises. She told me about Ron's father for the first time. She didn't speak out of anger or hate....just admired him for being man about it and not lying. Apparently he told her straight up that he's seeing someone else and that they should break up. Me: "I would just collapse and die." She:

"you wouldn't, you look like the type that would beat the shit out of that girl." Me: "am I that ugly?!" I laughed. She: "no, you're cute....just seems like you don't take shit. There's just something scary about you...." I laughed....finding the courage to tell her about Sbongile.... She: "what I can tell you is, if he refused her while he was Drunk. Then you got a real man right there....he loves you even when he's not in his right mind, he thinks of you....don't let that girl between you two. If he wanted her, he would've blatantly just fucked her last night..." My heart jumped and I looked away.... She: "what? What's wrong?" Me: "nothing." She: "don't be mad at your man, for something stupid. Going out as revenge knowing he will freak out isn't a good thing. Tell him where you are. Be the example to him. Next time he will do the same...." That kind of made sense.....After over an hour we headed for the showers. Me: "I got a period today so I'd be more-" She: "its okay....you can wash alone...." Me: "I thought since you a doctor, you didn't mind blood...." She: "I don't.....but I mind your comfort." I smiled, embarrassed as shit then went to the shower. While we washed she yelled out a conversation... "Where we gonna have dinner?" Me: "I don't know, where you wanna go?" She: "let's go to Angelo's in Central then check out the vibe at the club....we'll only dance an hour then go home!" Me: "ayyt cool!" I yelled back...after showering, we lotioned our bodies and got dressed. She wore shorts and a nice floral top. With a light blue heel. She put on make-up. Umhle mos lomntu....damn.... Me: "you hardly put on make-up.... Girl, you look like Megan fox!" She cracked up in laughter. She: "stop playing wit me...." But she really did... Description: she had almond brown eyes. They weren't like Thulani's..his were hazel. Hers were almost green. Her make-up made them look smaller and more sleek. She: "let's get going." We collected our things and walked out to have dinner.

Chapter 281

The 3 brothers were at Jeff's house in Lorraine. They sat in the lounge drinking Moet and Chandon champagne. Jeff: "do you know what this is?" Thulz: "bund'nik ibottle ye Hennessy mna ndiqibile. Not this fancy stuff....." Lubb: "Moet...." He said bluntly... "My favorite...." Luks: "it tastes disgusting." Lubb: "the taste of money lil bro...." Jeff: "hahaa.....that's it.....thulani....you say you want to divorce Bukiwe....exactly why?" Thulz: "ei Ta...lamtana its a long story....ever since I got her pregnant, zange ndiphinde ndilale naye. So she slept with ifriends zam xandingekho endlin....ndam'baqa once...the time I wanted to leave her....I found her in bed with

uLunga....imagine uLunga! Mxm....ndaya pha kowabo and they asked me to keep it a secret bam'cengela then made me guilty by saying I don't pay attention to her....then recently.....wadyola noBulelani....ba-fast ke bona...I'm done with her." Jeff: "yuh...hay nawe ufane utye man...wawubona nto k'lamtana tshi....awuright ngeloxesha. Bend'linde islender(ana) mna esiqavileyo...not lanto, ndaveske ndadana..." Thulz: "sikhona nje ngok esoslender...." Jeff: "zuze naye ndim'bone.....nina ithin into yenu? Lukhabalo, ndibona wena ufak'iring? You married?" They all laughed. Lubb: "lukhabalo?" He was laying on the couch...laughing. Luk: "ewe Ta.....nditshatile mna...." Jeff: "and? Unjan yena?" Lukhanyo smiled blushing... "Hay uright tata..." Jeff: "aska tshi! Qhayisa ngomfaz wakho, waske wanentloni!" Luks: "she's just right tata....u-cute...the perfect wife. Usand'phethe kakhle..." Jeff: "wena umphethe kakhle...?" He looked at Lubabalo, who was staring at the floor. Playing with his glass. Measuring the alcohol in the light. Luks: "hay tata...." He confessed. Jeff: "wenzanton?" Luks: "I've been hiding things from her. I hurt her....ngamanye amaxesha physically...worse in the past it was also mentally and emotionally..." Jeff: "are you still doing it? Hurting her?" Luks: "I do....." His heart beat faster.... Jeff: "whatever you say here, won't ever be spoken of again...." Luks: "I do.....sexually....." Thulani couldn't help his surprise. He stared at Lukhanyo with his mouth open. Thulz: "INTONI? Hayi Lukhanyo!" Jeff: "thulani, shhhh! This is not about you. Qubekeka Lukha." Lubabalo simply kept quiet, got up and walked to the kitchen. He couldn't sit and listen. Luks: "xandinomsindo....I can't control myself. Its like something possesses me." Jeff: "so you rape her?" Luks: "no...its just.....I don't.....andaz Ta." Jeff: "let me tell you something boy. Uphi uNo.2?" Luks: "lubabalo!" Jeff: "does he know about this?" Luks: "yeah...kudala end'nqanda....even today we fought and it almost broke our relationship...." Lubabalo walked in and sat down. Jeff: "I want you all to listen to me. Anizophuma apha, nijongene kakubi. You won't look at Lukhanyo like he's a monster, sonke sazenza i-mistake and its essential that we understand and accept our mistake as well as learn from them. Lukhanyo, you're not going to do this again to your wife, andik'buzi ndiyak'xelela. The next time you doubt something you sit her down and you ASK! I only raise gentlemen ke mna. I won't have no hooligan for a son! If ayikavali ityiwa, you get your tiny ass UP and out that house, you don't go to another woman. You sit by yourself and you think. Another thing, don't drink while you thinking. Because your brain goes slow...and then you started thinking longer than you have to and you do what we call OVERTHINK. That is when you start doing stupid things, like cheating. Siyavana?" Guys: "ewe tata..." Jeff: "olandelayo.....wena.....whats your deal? Uph owakho umfaz?" Lubb: "and'tshatanga ta..." Jeff: "why the fuck Not!?" Lubb: "I hadn't found the girl

yet....but I just realized she's been around all this time." Jeff: "and? Ulinde nto?" Lubb: "ndim'lindele...I want her to achieve more things in life....akhule abenento zakhe, then we'll build our future together." Jeff laughed..... Jeff: "yaz wena Balo....you remind me of me ndisemncinci....ai...madoda, ndandiyaz into yam...xandingena endawen...kujongwa kum makwedin! Ei!" The boys laughed as he demonstrated his walk into a "club".... Jeff: "ndithi ndingena send'thengelwa iBeer yam by everyone in that place. Of course it was only women. Amajita endicap'kelaaaa, ubone xandingena. Umntu um'kapha ayongena naye toilet umntu wakhe!" They laughed again. "Pheewwu makwedin! Ndandibana neQhawekazi elimhlotshana...elithukuthuku madoda...xa ehamba...is'milo sivela kqala ez'phethe kakhle njan lomtana....." He sat back in his chair...his expression changed... Jeff: "you see, right then.....you guys must understand, ndaz'xelela ba ndizoyeka ububhanxa...yonke le shit ndiyenzayo. I will focus on building myself for her, nam andibone ebantwini...and'thande. Swag didn't do much for you those days. You had to work, sons....I worked.....fucking Hard. Ndathenga indlu eMagxaki. Ndathenga igolf...only to have this girl marry my brother." Everybody went dead silent...."Now you must understand I had left the city for quite a few years, determined to bring back the whole world for lomtana....imagine my shock when I see isuswana sakhe sithe qhutsu ngaphandle?....ndathula andaxelela mntu. Then a few years later in my depression, ndiz'valela ngamanye amaxesha, wand'biza lomtana, ingekho le yase khaya...yabe ikhala kum it broke me because mna biready yonke into yethu is'lindele. All I needed was her. But she chose him. Well, things happened that night....and a few weeks later wand'xelela ba she's pregnant. Ndam'cenga ba sihambe siye Durban, hence I was working there....akafuna...so that's where the secret started. That's how my love child was born. On a happier note! You're here with me now! Even though its 22 years later!" He tried to laugh and they all chuckled nervously.....

Rene and I finished our dinner and went to the club next door. Government. We bought two drinks, and I went to dance. She just watched me and drank her cider. Me: "come on! Join me!" She: "haha! Dude, I have work tomorrow, you get to sleep in. That is soo unfair!" I held her hand, "please?" She gave in and came to dance with me..... We had much fun on the dance floor and sat down on the couch chatting. She: "there's my ex..." She pointed with her eyes. Me: "but that's a group of girls." She: "I know..." Me: "wait you're....?" She: "no yes.....I don't know." Me: "you're confused?" She: "yes, after I broke up with Ron's dad I didn't want another man. So another woman approached me.....we had fun...like went out together...cuddled and stuff. We never did anything though. I couldn't bring myself to it. That's why she broke up with me." Me: "and now?" I shifted uncomfortably. She: "now, I'm happily single, I'm

not looking for nobody. Don't worry, I'm not eyeing you. You a cool friend. And I don't wanna ruin that..." Me: "I don't know about this....I have nothing against homosexuals but....." She: "the moment I try anything you have the full right to end our friendship." Me: "okay then..." She drank her drink finished.... She: "did your call Mr Grumpy?" Me: "oh no.....not yet...." She: "why?" Me: "he knows where I am..." She: "how?" Me: "he just does." She: "let's go to the Chief's place...." Me: "who's the Chief now?" She: "in the location." Me: "ohhhh! You want to go there?" She: "never been....it sounds exciting." Me: "it is...." We got up to leave, getting into our different cars, we drove to Kwa Ngqoko. The moment we got there, it was just eyes nje. I got out the car in confidence. We went inside and bought our drinks. Me: "out or in?" I saw Lukhanyo's friends sitting in the corner....they pretended not to see. Ziz'thunxa ke bonanje abafana. We went outside and I stood against the car. Rene took pictures. She: "I love this car....nahh, it just does it for me." Me: "its too cute...." She: "your husband's?" Me: "uhm.....its the brother's." She: "you drive your husband's brother's car?" Me: "they both insist." She: "tell me about this brother...." Me: "oh, he's just chilled, he is funny as hell when he's drunk....you already know he's mega rich. And he loves spending money on people randomly. He'd literally buy you a gift just because he went to the shop." She: "sounds sweet." Me: "he is.....when he's not being a nag." She: "and what do you think about him?" Me: "nothing.....he's just there. His existence doesn't phase me." She: "mhh.....if you say so." I was only too annoyed. Two guys came to us one sat on the bonnet next to me. The other stood next to Rene. Guy next to me ugly as fuck looking like a gorilla: "hello sisi." Me: "molo bhuti." Him: "khand'bolek moto le yakho, phone kunye ne spaji....." My heart beat increased immensely. But I kept my cool. Me: "uzaz'thin?" He laughed. I looked at Rene who was scared as hell, reaching out for her phone. Me: "Rene." She looked at me, I shook my head...the guy next to me took out a gun and put it on my waist.... Me: "ndlela yakho yondoyikisa ke le?" It was only minutes later I heard cars revving in eRhanganeni.....Rene was almost in tears. Guy next to me looking like gorilla: "cela ungangand'sokolisi lady.....I will hurt you AND your friend..." A third person stood on the other side. "Oh really now?" It was Lukhanyo. He cocked his gun and put it on the guy's head. "Unyathele rongo sani. Not kum'faz ka Ta Luks. Buya umva." Guy: "kuba uza kwenza nto?" Lubb: "clearly this guy doesn't know about you.....ungowaph? Ngath ungum'phantsi we panty ye xhekwazi nje?" I couldn't help but laugh. I took Rene's hand..... "What's going on?" She shivered, I hugged her in a distance..... Me: "just relax.....they'll handle it...." Gun shots went off and everybody screamed!

Chapter 282

The whole place was fled! Blood on Lubabalo's Merc, he pushed the body aside and stared at Lukhanyo with a smile. Lubb: "you deserve a Bells." Lukhanyo's friends came rushing out and he already started shouting orders, to remove the bodies. Luks: "Babe, uhamba noLubby wena..." He yelled at me. Me: "why?" Him: "do not argue with me!" Luks: "Thulani! Godusa le cherrie. Izan nina." Rene left with Thulani in her car. I was in the Merc while Lubabalo took out tissue and wiped his car quickly. We drove off after Thulani had left. Lubb: "you okay?" Me: "I'm fine.." Lubb: "do you want something to eat?" Me: "no I'm fine." Lubb: "cool drink?" Me: "I just drank something a while ago." I called Rene.... She: "hey..." She was still shaken. Me: "Rene, listen to me.....you're gonna be fine okay? I'll come see you tomorrow...we'll talk about what happened." She: "okay..." Then hung up. But I wasn't done? Lubb: "we gonn need to shut your friend up before she starts yapping like a broken telephone." Me: "broken telephones don't yap." Lubb: "have you seen one?" He flashed a smile, the golden tooth at the back revealed. I shivered in fear... Lubb: "and now?" Me: "nothing...." Lubb: "oooohkay then." We got home and I tried Rene again. Her phone was off. Great. I walked into our bedroom and went straight to the bathroom. I changed my sanitary towel, cleaning myself and went to bed. I couldn't sleep. The shock started rushing in. I almost got robbed. I stared at my expensive watch and thought for a second. Man, why does Lukhanyo Always insist I wear this watch? I took it off and detected it. I'll break it apart if I have to. Underneath it had a red light that switched on every 5 seconds. What the fuck? I wanted to ask Lubby, but going to him is not an option. Neither is calling him here. I'd have to wait for uTat'uMzi himself.

I felt the bed move, hours later. Then something on top of me. Fiddling with my wrist...then the weight came off...he walked out the room again. Have you ever been in such a deep sleep, you're aware of things happening, but you CAN'T get up! Again, he came back in. Then I felt his arms around me.....it was my boo ❤️<3 😊)... "Matshangisa" he whispered. I started blushing awake.... "I know you awake..." He continued. I swear if I was light skin I would've turned pink!.... "Heeee, yand'ignorer sweet cakes?" Me: "mhhh?" In a just woken up voice. Him: "akho kwa Muvhango apha, yeka u-acter, khala ngo mmmmh, aba pholile ngath lithole lenkomo...kaphakame man my wife....I wanna chat to you..." I giggled and turned to face him. I bit his nose. Me: "usile bonanje..." Him: "hay mos baby uz'vile!?" Me: "mxm....what you wanna chat bout?" I noticed the watch was back on my wrist...Him: "suy'khulula wena le watch. Sufuna ndibeyi raki." Me: "babes, tell me why. I promise never to take it off." Him: "I can track your sexy ass wherever you are...." Me: "you did WHAT!?" Him: "Hay hay hay! Ngak'linge undenz umsindo mna, utshintshele nto?! If

I didn't check where you were, you could've been shot dead because ndiyakwaz uneshori ye 2c. I know you and your smart mouth! You were supposed to inform me nisahamba, ba niyaphi, but noooo, Lihle kalok uz'phethe tsolo... I'm saying it again, I will be there for you and our kids, baby you must meet me halfway. I know I can't stop you from doing what you want, which is why when you left the watch here on your birthday I took it and went to install itracker kuyo. That's why bendik'buza few days back ba iphi, and that is how I had it. Now, keep it on. Ane?" Me: "yes babe, I hear you." Him: "bum'fownel Rene?" Me: "yeah, before we got here..." Him: "good. So we still set for the dinner tomorrow?" Me: " what dinner?" Him: "le ke Phaki kalok nana..." Me: "ohh....babe, I don't think I'm in the right mood....like we can't be out there having fun, kodwa kukho umphanga kowenu...you haven't mourned properly, you just going around having fun." Him: "we'll just stay for 2 hours. I promise, then after that asiphinde....we'll be focused on the funerals." Me: "pinky promise?" he held out his pinky and promised. Him: "kuseb'hlungu? Punany?" Me: ".....errh...yeah...." I was a bit embarrassed... Him: "kakhulu?....noticed a bit of a skip in your walk...." Me: "I'll be fine...." Him: "iphi hot water bottle yakho?" Me: "I left it at home. Can you just let it go?..." He breathed..and cuddled himself on my stomach. Him: "and'sabawi ngeloxesha....." Me: "shame..." Him: "only if bingekho bhlungu...unless yand'bhanxa..." Me: "hehake....khalale wethu..." He kissed my cheek and got up, he went to fetch the babies and put them between us... Him: "ei.....sishota ngoLwethu qha ngok. Yaz'ba we set...." Me: "3 years....." Him: "mxxxxm" he put Lhule on his chest, Lutha in between us. And his arm around my head. Him: "they're the reason you still with me right....our babies...." Me: "Lord, here we go again!" He laughed... Him: "ndadlala man baby! I know you love me....mas'lale ke boo..." He kissed my forehead and went to sleep.....

It was the next morning, Thulani woke up next to Namhla...she was staring at him... Him: "why you always staring at me when I wake up baby?" She: "ndijonge the way orhona ngayo ingathi wophuke indawo...." He giggled... "Kazapha wethu..." He pulled her and kissed her... She: "khayo vasa mazinyo man lovie...." Him: "litsho kamand nje mntu wam...elavumba...don't you just love it? Its like morning coffee..." She: "its not that bad...on other days...but alok izolo busela, I don't know it smells like a homeless person's sock..." Thulani fell off the bed laughing. He got up to brush his teeth then came back...he lay on top of her. Him: "yazi....what I love about you.....you're so real. You talk it as it is. You don't say it to please me....ndaqala nyan uy'fumana le...awund'pretend. I love that.....I love you...." She: "yand'sinda ke mntu wam....but ke iza nd'phuze, and'fun uk'phoxa..." They kissed.... She: "I love you too..." After a while.... Him: "babes....utata ufuna uk'bona..." She: "Hayi! Njan?" Him: "you kinda

popped up in conversation...so he wants to meet you" She: "haven't met anyone's father before.....I don't even know what to expect." Him: "expect the best. My father is a gent....." He kissed her with a smile...slipping off her underwear... Him: "phof can I? I don't wanna make it seem as though I'm humping you all the time...do you want to?" She: "not really, but enza baby...." Him: "nope...masiy'bamb apho. Mas'ncokole instead..." He lay next to her.... Him: "so have you applied at an FET? Or you thinking of going back to high school for matric?" She: "I don't know...I'm weighing out my options. If I go back to school, I'll do the year over. But if I go to college, I'll do 3 years....that's a long time. Worse ndisaya nase university? Plus another 4 hay asoze." Him: "you're young. Akhonto uy'ngxameleyo Namhla. The world won't run away from you, if you do your 3 years in college. And get your level 4 that's equivalent to matric. Ungaphinda ufunde approximately a year part time for a diploma....its something like that wethu.....but I know its more convenient. But ke at the end of the day its your choice boo....." She: "thanks for the advice. What we doing today?" Him: "we doing anything Mrs Namhla Lubisi wants to do...." She: "come here....." She kissed him....holding his vest.....

Lubabalo was in the kitchen making breakfast. He was in a great mood. His phone rang..... Him: "Mr Lubby Morrison, how do you do?" Caller: "we have a problem...." He hated those words. Lubb: "iyawa yintoni ngoku?" Caller: "someone tipped off the police about a gang that has a set of identical twins ebulala bantu. They found 5 bodies. Oy1 brutally beaten, his head broken off....banye ke badutyulwe....someone is tryna connect the dots....and kuthwa ni-xhaphake eNew Bryt." Lubabalo breathed. "Okay. Enkosi Simon, remind me by the end of this day to give you your cut." Caller: "sure boss." He hung up. He knocked the steel and glass microwave off the kitchen counter. "FUuUUUCK!!!!!" He yelled. Lukhanyo walked in. "Yinton?!!!" Lubb: "shit is getting raw ouchea....we need to either Lay Low. Or Leave this city.." Luks: "they don't have enough proof! No witnesses!" Lubb: "lukhanyo and'phamban lento ndiy'thethayo."then someone knocked on the door...

Chapter 283

Lubb: "iye roomin Lukhanyo..." Luks: "what? No!" He whispered. Lubb: "I will handle this I promise. Hamba mnin'z, if anything happens to me, take my phone and call George he'll know what to do. Go..." Lukhanyo walked away sadly to the bedroom. Lubabalo opened the door, holding the iPad on one hand. Lubb: "Oh My, what a

surprise!" He gasped. "Oh drop the act, you knew I was coming." Lubb: "no actually I didn't. Come on in, detective Smith. Its been a long time ey! I'm making some breakfast, have you eaten? I'll dish up come this way." Smith: "I'm okay...." Lubb: "are you refusing my food? For what reason? But you don't refuse the salary? Sit down and Have Some Breakfast." Smith immediately sat down. Lubabalo dished up two plates and put one on a tray. Lubb: "Orange juice?" Smith: "Apple, please..." Lubb poured him the apple juice and handed him his tray. They sat down and ate. Lubb: "so what's up?" Smith: "did you cook this?" Lubb: "its good isn't it?" Smith: "wow, okay.....so I'm sure you've heard the rumors going about." Lubb: "rumors? What rumors?" Smith: "the serial twins" lubabalo laughed and stopped immediately with a straight face...lubb: "the what?" He asked sarcastically... Smith: "Andrew, I found a docket at work, someone opened an investigation on you, your past....and your twin.." Lubb: "I told you never to call me by that name. Who is this person you speak of?" Smith: "I'm not gonna stop calling you andrew!...." Lubb: "WHO IS IT?!" Smith: "the person who called you this morning." Lubb: "who Simon? Never!" Smith: "he's tryna put you off. He knows what you're capable of, he wants to make you think he's innocent, you'll tell him the info, and he'll "protect" you....he wanted to expose you...." Lubb: "and you? What do you want?" Smith: "I want you to give me back my family andrew." Lubabalo looked at him. Lubb: "and what next? If I tell you where they are? What happens to me?" Smith: "you know I always have your back. You made it clear the first time....I won't fuck it up. I swear." Lubb: "they're in Beijing. Book you a flight?" Smith nodded his head. Lubb: "next week then. For now, we're taking care of this little black goat." Smith continued eating... "How?" *lihle appears*..... Lubb: "HEY! I made breakfast, would you like some? I'll dish up for you..." Me: "Hi, can I have a word with you?" I held his arm to the other end of the kitchen. Me: "yabuza Lukhanyo what's going on?!" Lubb: "I'll brief him when I'm done." Me: "what- Lubabalo, you're too close." He took a tiny step back. Lubb: "how you expect me to hear you then?" Me: "what is he doing here?!" I hissed. Lubb: "Lihle, go to that room, and relax, I will handle this. Tell him, its under control." ...in a louder tone: "Let me dish you breakfast. Uyaphi?" Me: "taking the kids to day care and going to the doctor." He dished a plate and handed it to me. I walked to the room again. Smith: "and that?" Lubb: "ahh nothing...." Smith: "don't tell me you busy with your brother's wife andrew!!" Lubabalo smiled and took the plates...he put them in the dish washer. Smith: " no man!" Lubb: "what?" Smith: "nothing...." He got up.. Smith: "so what we gonn do about Simon?" Lubabalo stood in front of Smith's face. Lubb: "Andrew wants you to listen very carefully." He moved closer to him until only few centimeters away. Lubb: "Simon will have to be inconvenienced." Smith swallowed: "but if he

dies, it'll be suspicious, then the investigation will be more effective.." Lubb: "he won't Die. He will just have a really bad accident, that breaks his legs, spine and damages his brain. He won't be dead, at least after a few months he Might wake up...maybe not...but who cares? This is what you're gonna do." Smith: "what." Lubb: "make his brakes faulty. DON'T break them, just make them faulty. He will nag everyone about it, trust me. He will come to me, for the best mechanic, I will advise him. To A mechanic, who might not even be a mechanic. If he consults you, you tell me. I'll make it worth your while." Smith: "you always do." Lubb: "okay now, scooter off, you don't want people sniffing where you are." Smith: "another thing. My car hasn't been pa-" Lubb: "I'll pay it in the afternoon...." Smith: "thanks And- I mean Lubby...." Lubabalo pointed to the door. Smith left.....

I came with the kids to the kitchen to eat their breakfast. They had just got out the bath and dressed. Lubabalo dished up for them. And they started eating. Me: "and that?" Lubb: "shhh.....sungxola...." Me: "what? But im-" his fingers touched my lips. "Yangxola fondin." I shook my head and started eating my breakfast. Lukhanyo appeared. Lubb: "this way...." They walked to the cellar. Luks: "und'xelele xa uhamba mamngwevu....." I nodded and finished eating. I made lunch for the boys and they finished. While I packed it into their back packs. Chuma ran to look for his dad. He entered the cellar and climbed on him. "Tata...you said you was coming back with toys we leave at the store." And for some reason. He was actually on Lubabalo. Whom he confused with Lukhanyo. Lubb: "I'll go fetch them to day boy. By the time you get back home they'll be waiting for you...." Chuma smudged a kiss on his cheek. Then hopped to Lukhanyo. "Bye bye daddy." He kissed him too and ran off again. Luks: "ryt my boy, ngaz'sokolisi, ithi tata qha...." They laughed... Luks: "can't believe I doubted you, I was stupid." Lubb: "you were just plain DUMB. You take the trophies from the blonde." Luks: "nguban uAndrew?" Lubb: "ul'vephi eligama!!" He growled.... Luks: "lihle overheard smith call you Andrew...maybe ebephazama...." Lubb: "Maybe." He got up.... Luks: "where you going?" Lubb: "fetching these toys, ndibuye ndiye ku Dylan, he leaves tomorrow, then ndiyolanda umntu wam esgela...." Luks: "okay...I'm going with Lihle to a little dinner pha ngoo3..." Lubb: "where?" Luks: "new brighton ku Phaki...." Lubabalo frowned.... Luks: "nton ngok?" Lubb: "nothing.." Luks: "please come with...." Lubb: "ha.a wifey man. I'm spending time with my honey today.....ngak'linge. " Luks: "you just don't want to be there." Lubb: "maybe." He walked out to go bath. Lukhanyo went to the kitchen. Me: "baby, ndiyahamba ke ne." Him: "come here." I walked to him him and he landed a big fat kiss on my lips. Him: "bye boo." I took the boys and we left for day care.

On my way to the doctor after dropping the kids off and having a word with their teacher. I started rehearsing. What was I going to say to Rene. I parked and went to Reception. She told to go in. I walked into that office. Me: "morning..." She: "hey." Me: "how are you feeling?" She: "I'm fine, let's get you ready for the procedure." I climbed on the bed. While she got her stuff ready. She: "sign here..." I signed. Me: "Rene, I'm sorry about what happened...." She: "give me your arm. This will only hurt a few minutes...." Me: "Rene!" She: "I'm tryna work!" She snapped. I was a bit taken aback. She: "I'm sorry.....can we just do this real quick?" I held out my arm, she cleaned the spot and got her things ready, wore gloves etc. Then put the tiny tip in a needle, that's how small it was. She held me still and injected it. It pierced through my skin, cutting deep inside it. I screamed silently. When she was done, doubled checked it and wrapped a bandage around my arm. She: "done." She turned to clean up her station. Me: "can we talk?" She: "I'm expecting someone in a few minutes. So.....no." I held her arm and pulled her closer. Me: "look, I am sorry ok? I didn't know that was gonna happen. Yes, my husband and his brother are a bit on the edge....but they'd never hurt my friends. They're always there to protect. And that is just it. You can't tell people about this, they won't see it the sam-" Rene: "same way as you right? I always wondered Lihle, what was wrong. Since I met you. I knew there was something off about you. And then last night it me. You're living a fearless life full of risks. Thulani guy told me already not to say a word. My mouth is shut, if that's what you're worried about." Me: "we can't stop being friends, because of that....come on Rene." She hesitated for a while....I pulled the famous Lukha-Puppy-Face... She smiled.... "Fine.....but no more dancing in those places....I'd rather we sit and listen to MTV Base at home." I laughed and someone knocked. They walked in. It was a blonde woman with blue eyes. She didn't look sick.... What was she doing here? "I Been tryna call you, where's your phone?" Rene: "its in my bag, sorry I didn't hear it." Woman: "who's this?" Me: "who do you think?" Rene: "uhm, Sandra, this is my office where I work, don't ask me shit, when I am busy working." She: "now what's got you so cuddled up?" Rene: "sit down I'll be with you in a minute, sandra." She came back to me. Rene: "so you continue drinking the pills, when you wash, remove the bandage, no rapid movements until its properly healed might take a week or two. Then we'll take it from there. If there's any problem you'll call me. Thanks." She turned and left for her desk.....WHAT? Just like that? No hug? No goodbye? What the fucking fuck? I got off the bed and took my bag. While Sandra chatted away. "So babe, I booked us a room at the hotel." Rene: "which hotel?" Her eyes fixed on me. I turned to walk out. Sandra: "the Radisson hun...." Rene: "and who the hell is gonna pay for that?" Sandra: "You babe!" I walked to my car, started it and drove off.....

I walked into the house and went to drink juice. Luks: "and now? what's up?" Me: "nothing." I walked out the kitchen, lubabalo walked into the house with a pile of toys. Him: "linki, help me!" I walked straight to the bedroom to my babies. Lubb: "okaay. That's okay too." Lukhanyo came to help. Luks: "yathanda ubaxa izinto lubabalo." They went to put the toys in the game room. While having a silent conversation. Lubb: "uthen ngok sis'wakho?" Luks: "when she's like that, its your turn. I think she got dumped by her new friend." Lubb: "ouch. Go talk to her." Luks: "yuh, kuphoxwe ba? I have a fragile heart." Lubb: "get her chocolate, hlala phantsi naye niy'tye noy2.....zobona she'll tell you everything. Bring a box of tissues just in case. Gotta bounce, owam umntu mna will be done in an hour....she's writing accounting today." Luks: "I didn't ask...." Lubb: "and we gonna study economics together...." Luks: "oh.....didn't ask that either..." Lubb: "you know what I promised her? If she pass?" Luks: "no, but I'm sure you gonna tell me." Lubb: "Audi A3...beautiful little blue number. Blue leather seats...." Luks: "oh really. Wait What?" Lubabalo turned and walked away with a smile....he drove to Pearson High school 45 minutes later with a bunch of flowers. A picnic basket, pink blanket and clothes for her to change. He slowed down when he almost reached the school. A black BMW i8 stood by the gate. The latest. Mxm, sembi nje...lubabalo thought revving his black R8.....he saw Liya come out the gate. Hopping and skipping, his heart smiled. I hope she did okay. He thought.....the driver door of black bmw opened and she shrieked in excitement. She.....jumped up and Hugged him. Spinning her around. Lubabalo tried breathing.....he reached for the handle, his hands were shaking. He couldn't reach it.....tears fell down his face as the guy opened the passenger door and she climbed in.....Lubabalo reversed and drove off..

Chapter 284

Thulani and Namhla woke up.... They went to take a shower, got dressed and went to the kitchen. Namhla: "babes, where are the kids?" Thulz: "I think Lihle ubabuy'sele creche...we going out for breakfast?" She: "sure...." She took her bag. Him: "fneke ndiye nases'bhedlele baby...." She put the bag back down. She: "I'll wait here...." Him: "babes...." She: "hay Thulani, go do what you have to do." He pulled her and kissed her goodbye. Then left. He drove to the hospital and looked for her doctor. He really hated this.... "I'm lookin for Bukiwe." Nurse: "surname sir?" Him: "Lubisi."the nurse led him to the room where Bukiwe just finished packing, she had a cast on her

arm. She: "hey baby....how are you?" The doctor and nurses looked at him. Waiting for his reply. Him: "you ready to go?" She: "yes sthandwa sam...yaz I'm glad you finally came to your senses. I forgive you for cheating....I know it was partly my fault...I shouldn't have neglected your needs this long..." Everybody stared at him like a monster. The cheating monster that landed his wife in hospital. "And I forgive you for this too...you know I love you...and our son Junior....we'll make it work, I'll be there more often, I'll give you what you need...I love you baby..." She hugged him. Thulani stared at her in disgust. She knew he hated being embarrassed in public. And this, he hated it. Him: "Are you ready to go?" She: "ndiphathise kalok mnyen wam...." He took her bag and walked out. She rushed behind him to hold his arm. He signed her out and they left the hospital. In the car. "Bukiwe, I'm taking you to your parents house." She: "hayi thulani uyanya, I'm going to OUR house, iyaphuma la rubbiskaz pha, mngqund wayo! And thulani, I want us to have another baby.... We need it mntu wam to tighten our bond..." Him: "there is NO bond in the first place!" She: "because you don't touch me thulani...you don't want to make me feel like a woman...I have needs too.....imagine seeing you walk around the house naked, ndibatywe ndiz'yekele?....ha.a man baby, uwrongo ngok...." Him: "I said I'm taking you to your mother's house va? Don't argue with me." She: "uzathin uzand'betha dan Thulani?" Him: "don't fucking tempt me." She: "I am going back to our house. With our child and You!" Him: "There is no fucking House!!!!" He snapped. "Ayikho! Itshile its gone! I am divorcing you Bukiwe, andikufun! Ulihule! You're a bitch! That sleeps around!!! Hlala nalo kaka ye Aids yakho! Und'yeke mna Ndi CLEAN! Sies man!" She started crying.... "Njani undenze lento Thulani! Why ungand'fun nje! I love you mna I always have.... You only slept with me once, wandimithisa! Totally ruined my life....but I loved you through that, I carried our child for 7 months in my womb, ubusy wena uzisa amacherri endlin yethu, uwatye ngok ndikhona! You're not innocent either!" Him: "that is in the past." She: "not for me! I had a traumatic pregnancy! With no support from anyone! Not even my family! You neglected me Thulani! I was depressed for months on end! I gave birth to a premature baby because of your shit! What if he never made it? Njebenje ngok you play the so called perfect dad? would you have even understood the pain if he died? No, because you never bonded with him! UJunior uqale ubonde naye sena 3 months and it was only by force! If I never did what I did, you would never have wanted your own child!" He kept quiet. They had parked outside her parent's house. She cried and cried....he knew deep down inside it was partly his fault too. She: "now that I'm big and fat, you want the next slender thing. What happens when she falls pregnant? Naye uzogxhothwa Thulani? Uzobethwa ngok emithi? Uzothwan?" Him: "I never hit you." She: "you hit me! The

reason I gave birth early, yayinguwe thulani!! And now you want to leave me after all that shit!" Him: "it was one silly slap Bukiwe, don't exaggerate like I'm some monster that beat you senseless. I slapped you, and said sorry. It was a mistake, you went into that premature labour shit hours later, because your childish ass couldn't stop crying! I tried my best, to comfort you but-" She: "and then go drinking? When your wife is giving birth to your first born son, your heir, you go drink?! When I come home, you have floozy's in our house!? That's what you call support?" Him: "why are we talking about the past Bukiwe? I'm over all that. I made mistakes, cool. You made yours, chill. Let's part way-" She: "No! We are not divorcing Thulani! And I swear, if you do, I will fight you till kingdom come! Ulungise indlu yethu!" She stepped out the car, took her bag and left.

Lukhanyo walked in the bedroom. Lihle was laying on the bed. Playing with her phone. Him: "my honey..." Me: "wassup...." Him: "unjan nana?" Me: "I'm fine, you?" He sat next to me with a box of chocolate. He put his leg on top of me, laying next to me body. Him: "masitye....". I put down the phone and lay with my elbow on the pillow. He put a blindfold over my eyes... Him: "khamisa.." I opened my mouth and he popped the chocolate in....the sensation melted in my mouth, down my throat and placed itself on my stomach. It was bliss. Him: "guess the flavor." Me: "caramel...." Him: "good...." He put another one in....I literally moaned...it was amazing...he laughed...and kissed me sucking the chocolate out...he swallowed it and continued kissing me..... Him: "so what's wrong boo?" I told him about what happened.. Him: "so? Wena uqumbele nto, alok that's her workplace." Me: "its the way she dismissed me man babes." Him: "uyi lesbian lomtana kanti? Has she touched you?" Me: "yes and no...." Him: "explain alok mntu wam..." Me: "wait, why are you so calm? You should be freaking out." Him: "sundenza umntu ombi baby..." Me: "she is bisexual, but she never touched me..." Him: "oh...ngumntu wakhe alok baby lowa....so she'll call you later maybe. Suqumba.." He popped another chocolate in my mouth.... Me: "what do you call these? Ndaqal uziva..." Him: "apparently its Swiss chocolate...ndiy'fumene kwi cabinet ka Lubby." Me: "he is so gonna kill you..." Him: "nah...it was his idea....masenze ready babes...we leave in an hour, sez'qalile ez'ya pha.." He took off the blind fold and I went to take a shower...I got out and put my sanitary towel on. Me: "ndinxibe nto?" Him: "we're wearing our camo pants..." Me: "I don't want to wear camo pants. You wear your camo pants." I wore a navy summer dress and a heel. He stared at me...and shook his head. He got up to go shower, came back and took out his navy shorts and navy slim fit t-shirt. With his Rolex watch. Them tattoos just stood out... Him: "und'jonge nto..." Me: "indevu ezi.." Him: "I trim them ngok man babes, may'cace ndingu tata alok...and'seyo ntwana ngok.....ungaz'bophi baby nwele

When we arrived at New Brighton it wasn't that full..just a few people. The "friends"....we walked in... And the guys greeted him. "Ja sure Ta Luks!" Lukhanyo just stared at them... "Sure fethu." Was his response... Me: "khame ndiyoncedisa banye wethu..." I let go of his hand and he went to Phaki. I greeted in the kitchen. Sindiswa was also here, she ran to hug me. "Heeee, My f!!!!" I was her "f" now? Hahaaaha....oh this girl though. "Guys ke, kudala mos ndinibhalisela ngo Madam, nanku ke, yambona ne Brazilian yakhe mos, nes'chathulo sonyathel amafu." Me: "please just call me Lihle..." Someone asked: "usela nton lihle." Me: "hayi ndiryt sisi....noba yi-drink" they poured me some juice and I helped out while the men outside braai'ed. Naye akazoba weak rhou..sam'sorta nje first time." I giggled.. She: "khame ndabuya..." The other girl left to go answer the phone.....the last girl sat there awkwardly.... Me: "what's wrong?" She: "ndiphiswa ngumchamo..." Me: "iya alok etoilet.." She: "and'fun uk'shiya yedwa..." Me: "its ok girl....I'll be fine...." She ran to the bathroom. I sat there and drank my cooldrink. Someone walked in and said a brief hello. He rinsed his glass. Then turned around. It was Ludwe. Me: "Hey!" Him: "funa nto apha?" He was surprised... Me: "dragged by my husband." We hugged. Me: "wena?" Him: "dragged by a friend. Kuthen hlel wedwa kehok? Did he just leave you here by yourself..." Me: "ha.a I'm waiting for people." Him: "soo.....how are you guys....." He seemed irritated. Me: "we're fine. Matter of fact we're great..." Him: "does he treat you right?" "Of course I do." A voice said behind us.....Lukhanyo walked in..and held my waist. "Right baby?" They stared at each other with hate..... Me: "ewe sthandwa sam....." I kissed him.... "uhm....I have to go do something thatneeds doing...." I left them together. Luks: "its you again." Ludwe: "you don't put good women on a leash. Only dogs deserve it.....okanye nguwe lo ungaz'thembanga." Luks: "step back son, you don't know who you fuckin with." Ludwe: "I know exactly who you are." Luks: "then stay away from my wife." Ludwe: "that's up to her to decide.....after all, women never forget their first." Luks: "you may have been first, but I'm the one that does it right. Now, Boy, You had your chance, And blew it. Step

back and watch a real nigga do it...." He smiled and walked out..... Ludwe: "and when she sees the pictures?" He laughed and pushed past him to the other guys. Lukhanyo immediately dialed for Lubabalo. "We have a problem." Lubb: "ndiyeza." Then hung up....

Chapter 285

Liya and Iviwe got to her house. They climbed out and walked inside the house. Him: "I'll wait in'de lounge. Be quick hey." He had a full English accent. She changed into jeans and just a normal white top. They left the house, to go to The Bridge, at Greenacres Mall, to watch a movie... She: "so how have you been? Yuuuh, I haven't seen you in the longest time!" Him: "hey.....England's been great babe....like I actually had a great deal'a fun out there. And you? How you been?" She: "I been great I guess...." Him: "who's this nigga you been tellin me bout? Where he from?" She: "well, he lives in Lovemore Heights. He is a young entrepreneur. And I think I'm in love.....he's just amazing, he's sweet, funny, caring. You have to meet him, bro. Like he even planned our future together." Him: "wow, he seems serious. I hope he is though, ya'll protecting?" She: "yeah we use protection." Him: "good.....cuz if he's being for real then your education and future comes firs' ya know?....so when am I meeting him?" She: "well, mom went to Bloem again this morning, I miss him bundles....so I'm going to his place, you'll meet him tomorrow.." Him: "aiight cool, what movie we watchin?" They went to the movie theatre and chose a movie, bought popcorn and snacks then went in.

Quick Brief: Iviwe is Liya's older cousin. He finished high school when he was 16 and got a scholarship to study in England. He is 22, an IT Engineer and recently came back to S.A, his father(rich businessman) bought him the car.

Lukhanyo went to find Lihle. Him: "baby...nguban lo?" Me: "ngu Ludwe babes..." Him: "oh. Uthin kuwe?" Me: "besaqala uthetha nana...ngok bungena.." Him: "I don't like him, and I don't want him near you. Va baby?" Me: "uhm....but he's a friend hun...we just talk nje." Lubabalo walked in. Wearing maroon shorts, and white t-shirt written New York. "Heey!" He yelled from the door. Everybody stared at him. Confused. Lubb: "nind'jonga nto na?" He walked to Lukhanyo and Lihle. He had a drink in his hand and looked very pissed off. Lubb: "I'm here." Me: "uhm....what are you doing here?" Lubb: "560 wam und'bizile...isn't that so? So, iphi le ngxak yethu?" Luks pointed with his eyes. Lubb: "YUUUUH!" He shouted. "Lukhanyo yathand

He downed his glass and sat on the couch. Lubb pulled Lukhanyo with him. Lubb: "so what's going on?" Luks: "ex kaLihle is threatening me uth zobonisa lihle the pictures." Lubb: "why?" Luks: "andaz....because he doesn't seem like yam'funa qha funa unyisa mna." Lubb: "what do you want me to do?" Lukhanyo smiled at him.... Lubb: "ei Luks, kodwa do you understand kuthwa this is our most common place...and ke they on us. So for now, we can't do much..." Luks: "lubabalo, ndizoy'bulal inye mna lantwana ind'qhela kak'bi!" I came back with Jameson and ice for Lubabalo. Something was bothering him. Why was he drinking so much? Lubb: "suphambana lukhanyo, zokusisa entrongwen straight lonto. Sit here next to me and smile for the camera." Luks: "lubabalo, unxilile." Lubb: "I know." Luks: "what's going on?" Lubb: "don't wanna talk about it..." Lukhanyo looked at me and got up. He went to the bathroom. I sat next to Lubb. Me: "so what's bothering you?" Him: "Liya.....she's cheating on me." Me: "hay man lubiluu. You're not being real." Him: "ndim'bonile Lihle, with my own damn eyes. I went to fetch her, ndafika kanti sek'kho enyi BMW esnaaks em'lindeleyo!" Me: "bmw?" And she doesn't have a brother. The way he held her man.....fuck! It just made me soo mad." Me: "did you contact her?" Him: "no..." Me: "scared of rejection??" Him: "I don't know....maybe...kuthen angatsho nje?" Me: "maybe she tried but you kept pushing..."

Meanwhile, Lukhanyo got out the bathroom..... "Ungade ubize uBig Brother, does he fight all your battles? Or wait.....nimtshate noy2 uLihle? Hahahaa....mxm....." Luks: "kwedin. Bend'khe ndath Step back. I do not want to hurt you." Ludwe: "oh you wouldn't dare. "The twins" are gliding on thin ice....sey'bonwa ngok iwey yenu. You will rot in jail." Lukhanyo was trying to control himself.... Luks: "ludwe, sund'qala fethu." Ludwe: "uyikaka lukhanyo, you don't have a back bone, I don't know what Lihle saw in you." Lukhanyo punched him in the stomach, grabbed the back of Ludwe's neck and smashed his head against his knee. Luks: "say something else, I fuckin swear. Say something!" Ludwe got up from the floor. Wiping the blood off his face. Ludwe: "yohlal uyinja Lukhanyo. Look at yourself." Lubabalo had appeared, he grabbed his shirt and dragged him into the bathroom. Lubb: "hewethu Nophela lehlathi, uthetha uthin? Huh?" Ludwe: "fuck off lubabalo!" Lubb: "ungade und'bize ngegama as though you know me...you don't. And after tonight, I doubt you ever

will. I am giving you a simple option, leave my brother the hell alone, leave Lihle, leave town. Or else you'll be forced to leave the world. Ne?" Ludwe nodded. Lubabalo let go of him and walked out... He took Lukhanyo's arm. And they went to the braai outside. Phaki: "nigrand?" Lubb: "we chilled." He stared at him coldly. Phaki: "yinton grootman?" Lubb: "ndijonge ububi obu qha, akhonto." Phaki's expression changed. Phaki: "uthin groti?" Lubb: "you deaf too?" Luks: "iready nyama fethu?" Trying to shift the mood... Phaki: "ja Ta Luks." He dished up in one big container. And took it to the kitchen. Luks: "yinton ngok lubabalo!" Lubb: "nothing!" Luks: "kuthen um'jonge kakbi nje?" Lubb: "he looked at me too! He has something against me. Andaz ba uthen...." Luks: "just be nice!" They went to sit down. Oh but of course Lubabalo wanted to pray. Luks: "lubabalo please, not Now!" He hissed. Lubb: "Deny me in front of your friends and I will deny you in front of my Father. Said Jesus, I don't want to be denied." Luks: "we'll pray for forgiveness at home, please don't embarrass me." I took the dishes to the guys in the lounge. Everybody put on their plates what they liked. The food was on the table. I went to the bathroom and found Ludwe bleeding. He had a cut above his eye and lip. His nose flooded. Me: "hay uthen?!" Him: "nothing....just fell." Me: "and'so sdenge ludwe, ubethwe nguban?" Him: "I don't wanna cause problems Lihle....I'll be okay." I took tissue and wiped his nose. Me: "ngu Lukhanyo lukwenze lento?" He nodded.. Me: "what did you do to him Ludwe?" Him: "nothing! He just attacked me like the animal he is! Like bendiz'mele qha, waveske wand'betha. I'm laying a charge of assault against him!" Me: "no, ludwe please don't! He's a father...bazothin abantwan bam to grow up without him around?" Him: "they'll have to deal with it Lihle! Like the rest of us!" He got up and walked out. Naye he grew up without a father, we became really close in high school because we felt the same pain and he took care of me. I washed my hands and walked out to the kitchen I didn't want to eat. Luks: "yinton baby?" Me: "akhonto. Thought we'd be here two hours." Luks: "oh khayeke matshangisa...we having fun mos..." Me: "beating people around? Bullying others?!" Luks: "uwooah! Ludwe provoked me." Me: "why you always being provoked! K'then hlel nje abantu are on your case!?" Luks: "wena k'then hlel nje ujingwa ngamadoda! K'then hlel nje I have to fight for a spot but I'm your husband! Nako nangok, you taking his side! You don't even listen to mine!" I stared at him. Me: "cela und'goduse." Luks: "kayeke lihle man. Kuthen ufuna ubonisa intshaba zethu ba siyalwa ngok? Why you making them happy? Suck it up, then you can yell at me all you want endlin, for now, you're gonn act like MY lady." He held my hand and dragged me out the kitchen with the brightest smile on his face. "Awufun nyama, nana wam? Have you tasted the chicken?" I shook my head. He put a piece in my mouth and I chewed. Me: "its great." He dished me two pieces. And 2

for himself then led me to go sit down with his friends. Me: "can't I go to the la-" Him: "you're sitting right here." He kissed my cheek. And held me closely. Lubabalo was on his other side. His phone rang.... Lubb: "what is it?" Caller: "sorry sir, we have a package for you at The Bridge Post Office in Greenacres. Will you please come and fetch it?" Him: "fine" he sighed. Luks: "and now?" Lubb: "probably my sister sent me something..." Lukhanyo's heart sank, he didn't have a sister anymore, his mood just drifted.....I could sense it. Me: "wanna go home now?" Him: "yeah" he whispered. We said our goodbyes and left after Lubby.

Chapter 286

Lukhanyo and I got home. I went to the bedroom to go check on my babies. Sylvia was feeding them, I took over from her, after I fed them. Wiped their little faces, then gave them milk. Seems to put Lutha to sleep. But Luhle was wide awake, I left my boy in his cot and I walked with the princess to the kitchen. I poured me some juice, took a few biscuits and walked out again. I ate in the lounge, Lukhanyo walked in as I finished... Him: "baby.....siya eDwesi ke namhlanje ne. Cela uzulungise..." I nodded. Him: "panxizaa ka tatakhe...." He kissed Luhle and took her from me. I got up and went to wash my dish. Then walked back to the bedroom to undress, and freshen up then get ready for Dwesi. He walked in. Him: "lihle..." I looked at him. Him: "und'qumbele kengok?" Me: "I'm not mad." Him: "I can see you mad. Kodwa Lihle uLudwe provoked me! He said those things to me on purpose." Me: "ok lukhanyo." Him: "you don't believe me?" Me: "I believe you." I spoke in a calm tone. Him: "hay man Lihle yinton ngok?!" Me: "AKHONTO LUKHANYO! There is nothing wrong! To you! Yonke into is my fault, you BLAME me! Caba mna ndijingwa ngama doda alok!!" Him: "no baby, I didn't mean it like tha-" Me: "NO lukhanyo! You fucking did! Mna and'nothetha nabantu, nguwe onohamba uyoncokolisa, I must be in prison and only speak to women! Ludwe ujinge nini kum? Huh? Because he was chatting! Bek'funeke ndithin lukhanyo? Ndimthuke? Engekenzi nto? He doesn't want me mos, he's not being a nag, but still! Still you just can't bloody trust me, ingathi oko ndalalwa ngamadoda! Khon'ba wand'wina? That doesn't mean every other guy that speaks to me is gonna do the same!!!! How many times must I tell you ndiyak'thanda? But you don't seem to get it! If I wanted to cheat on you LUKHANYO MZINYATHI, I would've done it long ago!!! If you don't want me to speak to MALES, then andizo thetha nabo, finish and fucking klaar! Ingaphindi ikuxake ke lonto!" I took my

toilet bag to the bathroom and took a long shower. He can make me so mad at times. Ludwe mos ndim'buzile ba UMENZEN wena kqala uLukhanyo?! I stood for him, ngu Ludwe othe akamenzanga nto. its not that I didn't want to listen to his side, but noko uLukhanyo couldn't he have waited elsewhere? Badibane ke, and kick each other kakuhle? Nanku ngok uzobanjwa ngu Ludwe because of the shit he done did! Yeses!!! I got out and put my sanitary towel on, I dressed and walked out. I went to fix my make-up and tie up my hair... Him: "baby...." Me: "you male?" Him: "hayi kodwa baby, I didn't mean it like that...." I finished up and packed my bag. I took the Merc's keys then left for KwaDwesi.

Lubabalo walked in Greenacres in a rush, he had sobered up a bit. He looked at the time, Post office would be closed in a few minutes. He went to the Bridge and down by the cinema, a cool movie was showing but he didn't have time for that. He got to the place just in time. Woman: "can I get your details sir?" He gave her his details, I.d, the ref number. She came back with a box. It wasn't big, it wasn't small. He signed and walked out, shaking the box, trying to figure out what it is. He knew it was from Demi-lee. Only she was in Paris. And wrapped a box this lovely, his heart was warm and filled with love. He held the box closely and walked with a smile....he forgot about everything. He just missed his little pumpkin butt. Just as he went past the cinema. Liya walked out of Pizza guys hand in hand with Mr ugly BMW. Lubabalo's heart ached with anger but he kept walking. Right past her... She saw him. Liya: "babe!" Lubabalo totally ignored her. How dare she have the nerve to call me babe! In front of this.....person! Liya walked to him and grabbed his arm. He turned to look at her. Him: "sek'dikile or sek'tyile uMr Hotshot?" She laughed... She: "iviwe, what did I tell you? Baby, come on, listen to me..." Iviwe stood next to them, he wasn't sure about this. She: "this is Iviwe, my cousin, Iviwe, this is the guy I been telling you about..." Iviwe: "oh, so this is Lubby? How do you do?" He held out his hand....Lubabalo stared at him and looked back at Liya. Him: "what is this?" She: "baby, Iviwe came back from England last night so he wanted to take me out for a movie. He's been wanting to meet you all this time but ndath mna, he'll meet you ngomso, cuz nd'zolala kuwe namhlanje. I miss you..." He immediately felt embarrassed..a smile crept on his face and he reached out for a kiss..Liya stood on her toes as always and kissed him. Him: "hi..." He finally said to Iviwe.... Iviwe: "w'Sup" him: "babes, ndileqa endlin va, the prayer meeting is gonna start...I'll call you.." He kissed her forehead. Him: "nice to meet you, errh....Irvanee" iwiwe: "its Iviwe...." Him: "whatever rocks your boat..." He winked at Liya then walked quickly to his car. Iviwe: "okay.....so that is him?" She: "yes..." Him: "doesn't seem to like me much..." She: "don't worry, he'll get used to you, you'll be bestie's in no time....he just gets a bit

cranky when he sees me with guys.." Him: "I don't like him either." She: "why though?" Him: "he's OLD Liya! Um'jongile lomntu? He probably married somewhere with kids and stuff!" She: "he is not married and he does not have kids!" Him: "masambe...." They walked to his car to drive home.....

In KwaDwesi, as soon as I entered. Makaz was standing by the door clapping her hands. She: "akhose new york sisi apha kawuleza!" I walked swiftly and entered. She: "vasa lambiza, natsi fadukwe." I took the big pot poured a little water and dishwasher and washed it. I really scrubbed it till my thumbs hurt. Some guy came inside. Him: "ndicel amanz sisi..." I kept quiet, alok ndijingwa ngamadoda. He turned and went to someone else. I rinsed the pot and gave it to makaz. She: "chuba la veg...." She gave me a knife. I peeled the vege's on the table. Ta Smig walked in. "Hello mamngwevu." Me: "Molo Ta." Him: "yinton ngok notsitsi...?" I swear I wanted to cry. I didn't want to be here. Tears welled up in my eyes but I kept strong and held them in. Him: "Lihle, kwenzeke nto..." Me: "hay Ta Smig akhonto" I said in a shaky voice. Lukhanyo walked in. I chopped the cabbage. Fine and neatly. Then set the vegetables I had done nicely on the table. I went to throw the peels away. The prayer meeting in the lounge started. Lukhanyo was still standing in the kitchen. Lubabalo walked in with his iPad under his arm and rushed straight to the lounge for the meeting he sat in his seat. People knew by now, nobody touched that seat. He pulled out his iPad and typed quickly, then crossed his legs and put it on his lap. I think he was recording it. Makaz told me to make the tea ready. She spoke to Lukhanyo in the meanwhile. She: "khenze alok mtshana....." Him: "makaz ndithe ngaphind und'cel mali mna, zoyothenga utywala mos wena." She: "yinton leyo mntanam? Yi-juice? Ithengiswa phi? Because ndinxaniwe." Him: "nantsiya itap ina manzi makaz." She: "heeee, uske ungabimbi nje, ngath uquluselwe yimpundulu." Him: "ndiryt makaz. Ndithandwa ngok ndimbi. Eyakho mpundulu ihamba ecamkwakho, yilento ndingafun uk'nika mali." She: "uzand'nikaa mos uLukhanyo A, 200 yam yeshori. Awunayo alok wena." Him: "soze ak'nike tu." She: "ak'se late for wena. Ngumntana ka sisi lowa, zandinika ugly duckling." Him: "xa ndimbi mna, naye cacile umbi kalok." She: "uph uKhwazani?" Who the hell... Him: "nguban kehok lowo?" She: "umntanam!" Him: "makaz, bantwana bakho ngu Hlumile noKhanya, awuna Khwazan ngandawo...." She: "khenze alok mntase noba yi 20, ndiyothenga i-stilling water." Him: "ushiye manzi endlin yotheng iStill water?" The prayer meeting finally ended, I was halfway with the tea. Another woman walked in and started helping. She cooked while I finished up with the tea, the others gave out the scones and muffins. Lubabalo walked in. Him: "malinki, ndicela esasonka wethu." I kept quiet and took the tray to the bedroom. Lubabalo looked at Lukhanyo sarcastically. Makaz: "nanku mntaka sis!" Lubb: "molo

makaz unjan?" She: "khenze lawei alok mtshana....ndizoba sorted net nje wena, nd'shota ngayo." Lubabalo took out his wallet. Makaz pulled her tongue out to Lukhanyo. Luks: "lubabalo, makaz zoyotheng utywala ngale mali." She: "HAY! Yinton leyo? Akho mbane kwam, ndizoyo thenga nje umbane ne chicken piece." Lukhanyo called Hlumi. him: "hlumile, ukhona umbane?" She: "ewe bhuti." He hung up. Him: "makaz ukhona umbane." She: "chicken piece yona?" Him: "uzophakelwa aphe ndlin." Lubb just gave her the 100 rand note. She kissed his cheek. "Yabona wena!" She walked out. After we were done. Even washing the dishes. I went to mama to say goodbye. We chatted for a while. Then I went to the kitchen, Me: "ndiyahamba ngok Lukhanyo. I'm a bit tired." They all looked at me. Ta Smig: "anihambi kunye na Malinki?" Me: "hayi bhuti, I came alone.....bye bye..." I briefly hugged him and walked out to the car. Lukhanyo walked behind me. Him: "baby, ndicela siqale kwa Steers ndilambile." Me: "ok." Him: "lihle ngok awuzothetha nyan namadoda? Even nawase khaya?" Me: "isn't that what you want? Ufuna ndithethe nawe wedwa alok, but wena you can run around the city with your ex's. Its chilled Lukhanyo. Zond'fuman eAlgoa." I got in the car and drove off. He pulled in kwa Steers after me. We got out and walked in. Wow, ayintle la Bmw....I love it! Ndaqala noy'bona...we walked in the fast food outlet. Him: "baby, uzotyantona?" Me: "I'll have what you have." I sat on the chairs and he went to order. The guy across the table looked at me then back at him. Then looked back at me again. He saw my ring then looked at Lukhanyo's hand. He looked confused and pissed off. Noba ushiywa zinqondo ke lo. "Sisi, is this your husband?" I ignored him like the heartless bitch Lukhanyo wants me to be. "Xolo, sisi, its important to me, cela nje uphendule ewe or hayi" it was as though he spoke a foreign language to me. He actually was. He had those oversea's type of accent, kodwa he's black. Lukhanyo walked back. He stared at him. Luks: "und'jonge nto kwedin?" He asked...the guy kept quiet. Luks: "mfaz wam...khabekele ndihlale, and'maz lo und'jamele nto." He kissed my cheek. Him: "you okay?" I nodded... "Celu xolo alok baby njena..." Me: "ok ndik'vile alok." The guy got up to take his order. He shook his head in disgust at Lukhanyo. Him: "baby nguban lo?" Me: "kange uth I must not speak to males? Ndizoyaz njan mna?" Him: "heee hayi ke baby." We waited for our order. He had bought for Thulz, Lubb and Namhla too. And even Sylvia and the puppy, Lulu. We went back home.....

Thulani came straight home with the boys from day care. They were playing with their new toys. Thulani helped them build a fort. They played inside it and made Thulani their guinea pig. Laying him on the floor and painting his face as a soldier. Thulz: "boys I hope this is not permanent ne? Daddy needs his looks." Chuma: "daddy looks is important to daddy?" Thulz: "how do you know that word." Chuma: "teacher

told me." Thulz: "yes boy, daddy looks important as hell." They gave him a mirror. Thulz: "not bad." They started playing their war game. Thulani obviously was the enemy. They used their water guns to shoot at him, he did not expect it. They chased him around the house. Thulz: "but guys, holdup. I don't have a gun though." Lukhanyo walked in. They dropped the guns and both jumped on him. "DADDY!!!" They screamed. Luks: "Hey! What did I do to deserve this love?" Chuma showed him the gun. Him: "daddy, we got the other toys, look, the gun we used to fight, uncle Thuu is help us build the fort." Luks: "okay war guys. You have to eat to keep up your strenf..." Chuma giggled. "My daddy got strenf..." Luks: "indeed my boy..." I walked in the house, it was a mess, as tired as I was. I was gonna have to clean it before I went to bed.. I put the takeaways on the table and they sorted themselves out, I went to change and call Namhla, who was on the phone. Lubabalo walked in with Liya. Smiling from ear to ear. Luks: "ei, khangutsho ba uyeza ke.....I didn't buy enough..." Me: "she can have mine...I'm not really hungry." Luks: "you sure?" I nodded and walked to the kitchen to go make some tea. Lukhanyo's phone rang. Him: "hello?" Caller: "boss, bek'sando ngena umntu apha a few hours ago. To lay a charge of assault against you. Ngu Ntsiki o-in charge ngala docket, I can't get my hands on it. They're coming to your place ngomso ksasa...I'll do what I can though." Him: "WHAAT?!" Caller: "they're coming to arrest you ek'sen bhuti...." Lukhanyo hung up and lay back on the chair. Lubb: "what's going on?" Luks: "le ntwana iyond'bambel i-assault. Bayeza ngomso." Lubb: "itya....you're leaving by midnight f'neke ubese kapa..." Luks: "mna?" Lubb: "ewe wena! Eat." Lukhanyo couldn't help but wonder if his brother was about to take his place in jail...

Chapter 287

I cleaned up the house...tidying everything up. Namhla and Liya helped me. The kids had gone to bed. The guys were in the cellar, talking. Luks: "lubby, I can handle this. Akho need yoba ndihambe." Lubb: "have you been to jail before?" Luks: "no..." Lubb: "exactly! You have a wife and kids. I can survive pha for a few days, I'll be out before Friday." He dialed his phone for Detective Smith. Lubb: "I need your help." Smith: "what is it Andrew?" Lubb: "I got into a fight, the guy pressed charges of assault. But he provoked me!" Smith: "witnesses?" Lubb: "none." Smith: "nah chill...I'll sort it out in the morning." Lubb: "they're taking me in the morning!." Smith: "you'll be out by afternoon andrew." Lubb: "ayt cool. I'll send you a number for someone to contact..."

Smith: "sure" he hung up. Lubb: "thulani.....ndizom'nika number yakho lo, ndizoyolandwa nguwe..." Thulz: "sure..." Lubb: "are you ok?" Luks: "I can't let you do you this. Kuthen ndingenoya mna? Then it'll work itself out!" Lubb: "thulani, can you please give us a minute lil bro...." Thulani left the room. Lubabalo pulled a chair in front of Lukhanyo. Lubb: "look at me.....Hey!" Lukhanyo looked up at him. Lubb: "...there's things about me Lukhanyo, that you don't know. You were never supposed to know. I've been to jail before, it was for attempted murder, but they failed to bring out the sufficient evidence to lock me up. I know what its like to be there. You don't. I got used to it, and I survived. Here I am today, alive and well. You are strong but andikufun pha. NoThulani lowo....ya'll deserve to be ouchea." Luks: "attempted murder?" Lubb: "ndakwaz ke wena you got selective hearing. I'll be back real soon Lukhanyo. Try not to act stupid tu. Lantwana I have a nasty feeling ikhona into ay'funayo....and its not your wife...its your life. We'll sort him out after the funeral. Here's how we gonna do this, Thulani!" He yelled.... Thulani walked in and sat down. Lubb: "do you still have number yala sisi uli polisa?" Thulz nodded. Lubb: "call her, work your magic, tears always win. Asuse la docket pha. I'll stay at least a day, if not a few hours, depending on how well Smith does." Luks: "cape town ingenaphi kehok?" Lubb: "when they come after uLuks, obviously kuzofunwa no brother wakhe. Because izothi lantwana siy'phakanyele...so one of us has to be in Cape Town, ibengath kange ubekho....you've been working. Kamand zohamba nge jet, so they won't have any proof of statements and shit..his story is not gonna add up because nobody saw it happen. And alibi ngu Lihle, you were both at the kitchen, everybody saw you come out the kitchen. After that sahamba....that's it. Izoba muncu yodwa leya..." Luks: "sounds solid." Lubb: "ayt cool then, mbothetha noLihle. We'll be leaving at 23:00" lukhanyo got up and went to the bedroom to his wife. Lubabalo left for his, to Liya and Thulani went to Namhla.

Luks: "lihle....." Me: "yes?" He sat on the bed. Him: "can we talk?" Me: "yes..." I stood by the dressing table. Him: "ndicelu'xolo. I over reacted. But mntu wam I don't freak out anymore, I don't go crazy. Ludwe provoked me ndingamenzanga nto. I got out the toilet wand'xelela ba I don't have a back bone, ndiyi kaka and ndiyinja. Bek'funeke ndithin baby? He made me really mad. Then I hit him, kwafika Lubabalo wathetha naye." Me: "its not that I didn't believe you babes. Qha ndicap'kiswe lol'hlobo uthethe ngayo. Caba ngok ubizwe ndim uLudwe...what does he want from you...?" Luks: "khasondele baby." I walked to him and he placed me on his lap, facing him. Him: "nana, I can't say what he wants, because I don't know." Me: "I asked him ba ufuna bantwana bam bakhule bengena tata na, he just said they'll have to deal with it, like the rest of us.....andaz ke ingenaphi leyo...." Him: "wait.....like the rest of

Mna bend'zathetha no Ta Smig..." Him: "baby look at me...." He held my gaze....his eyes warm and caring..... "I trust you...." Me: "I told you, and'phind-" Him: "lihle, you're doing this for us....if you don't, he'll find ways to destroy us." Me: "what if he wants me to....." Him: "I will beat him to death. And I mean that. Have your watch on at all times....xanizodibana make sure its public, you travel in your own car...text me and always record...." He pulled me to kiss him..... Him: "ndak'cela baby...." Me: "I'll try...." Him: "and please be genuine. Ndakwaz xa ungay'fun wena into uske utshinsthe manyan....khenze ke mntu wam auditions z'ka generations. Um'ektele va.....I love you...." Me: "I love you too babes...." He put me aside and went to fetch the babies....he lay them on the bed with us....of course he didn't sleep.....

Lubabalo got on the bed undressing....he climbed on Liya. Him: "how was the paper?" She: "ei babe.....I'm not sure yaz. He kissed her. Him: "baby, you must be sure! Nibhala ngoWednesday mos ngok ne? Ngomso baby, ndik'funa ufundile...I won't be around." She: "what's going on?" He told her.... Him: "so babes, ndicela ube strong....for me. I need to know that you'll be able to handle this." She: "of course I can...." Him: "ungaz'stress baby..." She: "I'll try not to..." He kissed her lips.... Lubb: "cela i-cake ?" She laughed. She: "yi-cake ngok? Bund'thuka phe greenacres usithi cousin wam ngu mr hotshot." Him: "bend'zomazelaph mna....I planned the perfect afternoon. Ndize picnic basket..and all...ndafika sana emise pha awam'takela. She: "I should've told you buyeza, but I didn't know busiza nawe...anyway, thank God you didn't throw a fit." Him: "you better thank God nyan..." He kissed her again and slipped off her underwear. He bit and nibbled her ear...his hand holding her cookie. She grabbed onto his body...opening her legs. Him: "been missing you...." She: "what you miss the most?" He went down to her cookie. He used his thumbs to open the two folds of skin. He kissed it twice. Him: "only God knows how much I love you." He whispered. She: "oh mna and'thandwa?" He sucked on it.....sucking teeth into it...she cried in pleasure. He got up and went to her breasts... Him: "you complainin?" She moaned his name....he reached the drawer and took out a condom he put it on and inserted himself. He held her lips with his, going in and out.... Him: "kand'bambe baby." She held him close to her..and he thrust in deeper. She groaned out loud... Him: "shhh....." He continued kissing her.....he went faster.....his blood was heating up under his skin....his arms shaking.....he was dizzy.....so he stopped..... She: "what's wrong?" Him: "uzand'gulisa wena..." He

continued going in...holding on to the sheets. Him: "Babbby!" He groaned...and his soul took over.....he just couldn't control it. He started shaking again.....this time he just let go.....joining after her climax..... Him: "but I love you more...." She was speechless... Him: "its not the first time I say it, but I want you to know I mean it." She: "I love you too baby....." Him: "mnyen wam is what you call me...." She: "haha mxm.....khalale wethu." He pulled out and took off the condom, tying a knot and wrapping it in tissue. Him: "ndihamba ek'sen ke baby ne..mxelele Mr hotshot, I'm on business, I'll see him when I'm back. Xa ufun uhamba uzogoduswa nguLihle ne. Ngalibali ufunda Liyabona, ndak'cenga." She: "okay babe. Stop fussin dayum...." He kissed both her cheeks...laying next to her...

Lubabalo got up at 22:30. He kissed Liya, and quickly got dressed. He went to Lukhanyo's bedroom and knocked. I had to go open, the twins were a bit restless so I was trying to keep them asleep. He stood at the door though. Him: "uph lukhanyo?" Me: "he just got out the shower, yanxiba." Him: "zond'fuman egarage." He turned and waled away. I closed the door and packed Lukhanyo's bag with 5 outfits just in case and his toiletries. He kissed his babies.....and got up... He looked pissed off. Me: "yinton baby?" Him: "I hate leaving ol'hlobo.....abantwana bam bengand'bonanga..." Me: "you'll be back soon..." He kissed my lips and he went to Chuma and Junior's room, he kissed them briefly and whispered in Chuma's ear. "Daddy's loves you my son. I'll be back soon, take care of your sister, brothers and mother. You need to keep some of my strenf...." Chuma woke up and looked at him. Lukhanyo kissed his nose. "Love you." Chuma: "love you too daddy...." He got up and walked out. I gave his back and he hugged me..... "I'll be back baby...stay strong for me ne.....I'll call you as soon as I arrive...." He pulled back and kissed me again. Then he was gone..... I tried to fall asleep, but I couldn't. Lukhanyo called at about 4am.... Him: "ndifikile ke mfaz wam..." Me: "okay baby...I'm glad you safe." Him: "I don't know what to do with myself here, I guess f'neke ndiye msebenzin ksasa." I giggled. Me: "lala baby....you haven't slept...." Him: "I'll call you ksasa ke bhabha.....Mwaah....." Me: "mwaah....." Him: "love you....." Me: "love you too hun...." He hung up. Meanwhile, lubabalo just got out the shower he wore a black sweater and jeans, with old nike sneakers. He left the Rolex watch on the desk. He took out his white Versace sweater and woke Liya up. Him: "mntu wam..." She got up and looked at him. Him: "take this.....xa und'khumbula va...." She smiled at him and took the big sweater... She: "ngok'ya ndandiy'funa zange fune und'nike..." Him: "you're wife now, you deserve it." He kissed her. Him: "I love you." He got up and left. He sent Lihle a text: "Lara, will come fetch your Benz at 10, the keys are in the safe." Me: "sure." He got in his car and drove to Lukhanyo's house, he took the key his brother gave him and entered the

house, putting the car in the garage. He walked into the house and looked for a bottle of whiskey. He found Jack Daniels and poured himself a shot. Then a second. He waited, Smith parked a rented car in a distance, his job was to lock the house and hand the keys to Thulani.....

It was only at 08:22am when he heard a knock on the door. He put his alcohol away. Then went to open the door. Two officers with Ludwe stood by the door. Police: "we're looking for a Lukhanyo Mzinyathi." Lubb: "ndim lo." Police: "You are under arrest for the assault of Mr Ludwe Runu, anything you say can and will be used against you" they had handcuffed him and were taking him to the van. Ludwe: "usazenza clever nangok?!" He looked in the distance and nodded once at Smith, he entered the van and they drove off with him....

Chapter 288

The police locked Lubby in a holding cell with 3 others. He walked in and stood in the middle. They all looked at him. "Andrew?" One said. Lubabalo stared at him flatly. "Shaun.. Nice to see you again..." Shaun was a bit short and had tattoos. But some of those weren't by choice. He had two deep cuts on the side of his face. Shaun: "you're....." He shivered..... "You're al-live?....." Lubb: "fuck you think!?" He opened his mouth, the golden tooth flashed.... Shaun screamed: "Guard!!!!!! GuaarrDddd!!!!" Lubabalo laughed and sat down. Lubb: "stop wasting your breath. You might need it later...." He crossed his legs, put both his hands on his lap and balanced his head on the wall. He closed his eyes. Shaun sat far away from him. In a corner with his eyes wide open. Lubb: "what are you scared of?" He said without moving... Shaun: "do you see what you did to me? You've ruined my life! My family doesn't want anything to do with me." Lubb: "that's a shame. I told you in the past, you'll wish you didn't fuck with my life." Shaun: "I was ordered to do it!" Lubb: "you thought, a little tiny thing like you could destroy me? Me? Andrew Morrison? Heh.....you aint know the real me." Shaun: "Andrew, you are a murderer. You kill people!" Lubabalo stood up and walked to him. He bent down. Lubb: "you tryna provoke me, Don't you? Listen to me, Shaun. I am gonna go over there. And take a nap. I dare you to say one more thing. About me. And you'll wake up in heaven. I'm not here for you, but don't make my visit worthwhile." He got up and went to lay down. He closed his eyes and tried to drift off to sleep.....

Inmate: "who is this?" Shaun: "probably one of Satan's creations....." Inmate: "how do you know him?" Shaun: "we used to be in the same cell in cape town. He hardly slept and that scared the shit out of me, because he was never tired." Inmate: "but he's sleeping now." Shaun: "no he's not. AND he can hear you, so shut your mouth." Inmate: "but what happened though?!" Shaun: "you are so fucking annoying! That is just something that should never be spoken of." Lubb: "why don't you tell him?" His voice deep and husky. Everybody got a shock.... "Then we can all sit in a circle and discuss it..." Shaun: "erh...uhm..." He stuttered. Lubb: "we're listening." He ordered. Shaun swallowed hard. Shaun: "nothing. He did nothing." Lubabalo chuckled and then kept quiet... Shaun: "I'm sorry.." Lubb: "you gonna be." He positioned himself again relaxed.....

Lukhanyo got to the office at about 09:00 the next morning. He wore his grey suit and navy shirt. He walked straight to his office. Sandy came to greet him. "Morning Sir, can I get you anything?" Him: "get me an espresso. And the stats of last week's brainstorming, you were there right?" She: "yes, sir." She turned and hurried off. Linda walked in. She: "good morning Mr Morrison." Luks: "morning Linda" she: "we still haven't signed the contract for the IT company. We need a contract." Him: "search for a few others, set meetings from there on I'll take over." She: "but what about-" Him: "we're not using that one Linda." She turned away cheekily and walked out. Sandy came in with the Espresso and documents, placing them neatly in front of him. She bowed and walked off, leaving Lukhanyo amused. He drank his beverage and looked through the document. He enjoyed this.....being the boss, sitting at a desk. Working for a living. Seems like P.E brings a lot of distractions, and temptations....someone walked into the office....he looked up. Another temptation. Him: "can I help you?" He croaked. She: "I just came to say hi....hardly ever see you." She was the girl from the restaurant who called him cute. One of the young engineers. Him: "you come to work to see me?" She: "maybe...." He laughed and carried on with his work. She: "what you up to?" Him: "just the stats of how we doing so far." She: "let me help..." She pulled a chair next to him and sat down...crossing her legs. Her tight short skirt revealing her thigh...he tried hard not to look. She paged through the document and gave him pointers. Her breasts weRe popped out of her chest...he could hardly focus on what she was saying. She: "so, for now it looks like we're above par.....how you feeling?" Him: "okay....I'm feeling good..." She held his thigh and got up slowly....walking around the desk with his pen. She: "if you need anything else.....you know where to find me." Him: "uhm???" She: "Mishka." She turned around and walked out his office, dropped the pen at the door. She: "oops....." She bent down slowly and picked it up....then walked out. luks: "I need to get the

fuck out of here." He looked down at Richard, he seemed scared and intimidated. He held him and called Lihle. Me: "hey babe...." Him: " hey mntu wam...." He breathed. Me: "what's wrong?" Him: "there's this girl apha baby. She has this look in her eyes, its like she wants to rape me...." I laughed... Me: "what look is that Lukhanyo? Ndakwaz ke wena yowoyika amacherri. Kodwa uyazonyukela apha kum." Him: "ei baby.....mna I'm coming back tonight, its not safe apha, I feel violated...." Me: "oh hay shame sthandwa sam....just tell her that you're not interested. Maybe nawe you're too nice and sweet." Him: "ewe ne. I will tell her.....so have you been to Lubabalo?" Me: "no, ndilinde uLara azothatha Benz yam...then ndigoduse uLiya..." Him: "alok baby, as the wife of Luks you have to go there, or else izojumpisa....kanti didn't he tell you?" Me: "no...." Him: "iya ke pha mntu wam...then after that you text this idiot. Sizobubekeka ngale yakhe." Me: "ok babes, bend'velo beka abantwana eskolwen, so I'll go fika nje ko Lara." Him: "ok ke sthandwa sam....remember to keep the recorder on. And text me. Love you baby va" Me: "love you too hun." He hung up.....

After Lara had left, Liya was done dressing she wore tights and a white Versace sweater, her white all stars and tied her hair in a bun. The weather had changed, I wore a white platform boot, beige pants and a white polo neck. Tying my hair in a pony tail. I took a little pillow and stuffed it under my polo. I looked at least 4 months pregnant. My period was done again. Lento ye 2 days was starting to bother me...I missed Rene, I wanted to chat to her...but I had business to do today. I took my bag and we left... Namhla and Thulani were still in bed. I don't blame them, its awful cold...I have to get back and cuddle with my babies. I drove Liya home. Liya: "and the tummy?" Me: "hay wethu, its to make the story look real..." She laughed out loud. A black BMW was parked outside...maan....noba kuthwa imoto ziyafana, but I've seen this one before.....oh yeah! Kwa Steers, I admired it.... "Intle ke bethuna le moto, I'm thinking of trading my Benz in for a red number like this..." Liya: "lubabalo hates bmw, he would never let you." Me: "well, zange ithengwe nguye la Benz in the first place, so he'll have to drink some ater and relax." Liya giggled. Me: "yeyaka ban?" She: "ngeyaka Iviwe, my cousin.....khame ke, I'll see you sisi..." Me: "bye babe..." She got off and went inside the house. I drove off to my house eFord. The door was open. I first called Lukhanyo. Me: "baby. Kuvuliwe endlin, ngoban abalapha!" I described the car... Him: "relax boo, ngu Smith lowo, ngena..." I walked in. He was about to leave. Me: "morning detective." Him: "morning ma'am..." Me: "can you tell me at which prison Luks is in?" Him: "luks? But andrew is the one that's in prison." Nngu andrew othen na lona madoda! Me: "oh Yes! My mistake, I meant Lubby...." Him: "come let's go.....you'll follow me there." We locked the house and left. When we arrived he warned me not to speak to him. Him: "you do not know me. Okay?" Me: "okay..." I

walked to the person behind the desk and he left for the offices, behind. Police: "ndingak'nceda sisi?" I had to come up with a solid lie. I changed my expression to extremely sad wife. Tears ran down my face. Me: "yuh bhuti...I don't know if you could help me...." I sniffed and rubbed my fake tummy... He looked concerned by now, holding my hand. Him: "yinton baby girl, I might be able to help you..." I cried again. Me: "utata womntanam was taken this morning, they didn't explain why they said kukho umntu who accused him of assault. Kodwa oko behlel nam....I don't understand why....I just need to see him. Noba its for 10 minutes. I can't cope...." I wiped my tears. Him: "hlala phantsi sisi, I'll see what I can do for you." I went to sit down. I had to wait about a full 30 minutes...by that time I had sent Ludwe a text: "Hey you. It was nice seeing you yaz...I'm sorry Lukhanyo can act a bit off at times." He hadn't replied, a lady called me and we walked down a passage. She: "how far along are you?" Me: "ndina 4 months sisi...." She: "mhh....I have to be inside the room with you ke, that's the only way you can see him." That is such a lie. Me: "can I hold him? I miss him so much...!" I held my tummy and smiled... Me: "she just kicked..." The police woman opened the door of a small room. We walked in. Lubabalo smiled and got up, he came to hug me. Whispering in my ear: "usile bonanje wena..." Through gritted teeth...Me: "I missed you" I said out loud. He pulled back and looked at me... Me: "no!" I murmured silently...he came closer. My heart pounded over my chest. And he kissed my forehead. He pulled out the chair and helped me sit down. "Holding hands" was this even necessary. Him: "I don't want you to stress baby, I'll be okay....I promise." Me: "what happened lukhanyo? You've been at home the whole weekend. I don't understand." Him: "andaz sthandwa sam. Maybe the guy just wants revenge or something. But we both know that I'm innocent, I called my lawyer....we sorting it out aphe mini...." Me: "I want you to come back home...uth ndiphekelwa ngubani mna?" Him: "hahaa...that's all you miss about me?" We chatted for quite a while...as I told him about baby Pillow's movements. He held the stomach.... Police: "your time is up sisi. Say your goodbye, uzand'fumana apha phandle." She opened the door and stood outside without closing it. We got up. And he hugged me again, whispering in my ear...."you did well, mxelele lukhanyo abuye in the morning. Smith said I'll be out this afternoon. Luks must book a flight so that it shows in the records...has he told you what to do ngo Ludwe?" Me: "ewe..." Lubb: "good, we'll discuss it when I get home tonight...see what you can find out for now...." I nodded and he kissed my cheek. Then bent down to kiss the stomach. I walked out to the policewoman... The other guards handcuffed Lubby and took him back to the holding cells. Police: "you and your husband seem very close.....keep it that way. Nyan it seems like he didn't do anything." Me: "ewe sisi, we are." My phone beeped, I took it

out thanking her and the guy that helped me. I read the phone while walking to the car. "Don't you wanna meet me for lunch? Miss chatting to you 😞:(I forwarded the message to Lukhanyo. He replied: "good...remember to record, sit inside the restaurant kungazobakho moya....text me xa ufika kuye, where you are and when you leave.". I sent Ludwe one: "meet me at Finezz, in 30...." I took out the tummy and drove off slowly to the restaurant.

I parked and went in. He was already there, sitting at a cozy table, I swallowed hard. Typing to Lukhanyo: "@ Finezz." Then went to put on the recorder for an hour....I held the phone in my hand as he got up to greet me. We hugged. Him: "you look cute today. Velaphi?" Me: "just a lil shopping awunqabe wena..." Him: "eii ntombazana...its been tough. Yaz after the accident ka mama, she hardly remembers things. It breaks me more when she asks me ubuya nin emsebenzin utata...like I literally just lose it." The waiter came to take our orders and left again. Me: "what happened na Ludwe." Him: "it was a rainy cold night mama evela espaan. I don't know exactly how it happened cuz akakhumbuli, but she got into an accident wakwi coma for like 3 months. Uvuka engazi niks....except mna no tata qha." Me: "that's sad yaz.....have you ever heard from your father again? Ever since he left?" Him: "babes, tata wahamba unexpectedly...shiyi i-note ethi: "take care of my son" qha, all mama ever did was cry about it. A few months later sava ba uswelekile. They had burnt his body..buried him kwel'nye ihlathi....mna ndiy'xelelwe ngok sediqiba high school lento...when I had left. I tried finding out ba nguban lowa bulala tatam kab'hlungu....and why! All I ever found out was that tata was involved nomntu okuthwa ngu Bra Zakes....Then ndadibana nenyi awti...we became friends. Simane ngohlala kunye. And he told me about his brother and father until he mentioned igama...the name Zakes. And his brother's name....apparently loZakes had died a few years back...." Me: "and the name of this friend?" Ludwe: "gama lakhe wayengu Xolani. I don't know wayaph, its like he just disappeared waveske wath mandiy'yeke lento ndifun uyenza. Saxabana. I'm not resting until those people pay!" Me: "but love, don't you think mhlawmbi its a bit stupid? Cuz like, wafa mos lo Zakes, who are you trying to revenge." Him: "kand'yeke wethu lihle. Tell me about you....how you been?" Me: "ludwe.....what are you trying to revenge?" Him: "I don't want this person dead. I want him to suffer like I did! Life yam is a mess! My mother is senile....and I'm not coping..." Me: "maybe if you let go and forgive just maybe, your life will get back to normal....." Him: "you're a true friend yaz....sometimes I used to just think about how stupid I was, but as'kholapho ngok....will you help me?" Me: "with what?" Him: "putting this person in jail? Akak'phethanga kak'hle lihle lomntu, I can see that ukwenza i-slave sakhe...you take orders from him. And that no good brother.....this is not the Elle I know....you

were ambitious and independent, loved life. Not hlel'nje you wiping people's arses." I kept quiet..... Me: "I'll think about it." Him: "don't take too long." He said and took out his phone. Like I would ever leave my husband for your crazy ass. I'm glad I got out of this one. Just look at him, saying Lukhanyo treats me like a slave, but jonga yena akand'hoyanga okok'qala.....his phone rang, and he got up... Him: "hey you....." And he's fucking on the side.....hahahaa....sis'muncu sendoda esi ke kodwa. The food arrived, I drank my juice in the meanwhile. He came back to sit down. Him: "sister...." He doesn't have a motherfucking sister. Uwooaah. Ubudom is in bucketloads apha. We ate and he spoke to me about his work like I asked about it. 😊-_- . When the hell am I leaving! After we finished. He looked at me. The bill came.... Him: "50/50 ke sisi, ay'xoxi...." I wanted to laugh out loud, but I just let out a silly giggle. Me: "don't worry yourself. I'll pay the bill myself." I took out my wallet and walked to pay the bill adding 100rand for tip. We went to our cars. Him: "it was nice talking to you, Elle....I hope sisezo dibana....how bout you come to my place tonight? We'll listen to some RnB and do it like the old times...." Yeah, like that's gonna happen. Me: "uhm....my babies don't have a nanny tonight....soo..." Him: "okay....tomorrow then? Organize one." He leaned forward to kiss me, I simply gave him the cheek. I got into my car and switched off the recording. I sent it to Luks and went home....

Chapter 289

I got home and called Lukhanyo. Him: "oh bethuna ubbaaabby wam!" I laughed..me: "hey love..." Him: "yabona wena...what you doing ngok?" Me: "I just got home. I'm about to call Ta smig. And we'll discuss some more.." Him: "okay ke boo, und'xelel xa efika va..." Me: "ok babes." We hung up and I dialed for Ta Smig who said he's on his way. So I went to check up on my babies and sat with them for a while.... Sylvia was putting them to sleep. When they had finally fallen asleep I went to start to prepare dinner. Ta Smig arrived while I chopped the vege's, he washed his hands and decided to help me. The men of this family though... 😊:)bonke nje, its like they have a romantic gene. I wonder waye njan uBra Zakes....probably sweet too. Him: "hey mntanam..." Me: "hello bhuti..." Him: "so what's up...uph lukhanyo? Lubabalo? All of them?" Me: "Thulani uhambe noNamhla. Something happened izolo bhut....besi kweny ibraai...an ex of mine showed up. He provoked Lukhanyo, wambetha ke yena. So wayom'bamba but lubabalo took his place so lukhanyo use kapa." Him: "hahaaha!

Ahh man zisile ez'ntwana..." Me: "Ta, I spoke to his guy ndambuza ingxak yakhe and he says Bra Zakes killed his father... burnt and buried his body." Him: "the name?" Me: "surname yakhe ngu Runu." Him: "Masixole Runu." He rolled his eyes.... "Yaz lomntu wam'qala uZakes. Wacela mali, Zakes gave it to him...now let me tell you something, Zakes wasn't as nice as me. Wayengcolile xa ethanda, this guy wamane ngodelela...since Zakes was a family man. He decided not to go after his wife and kid...wam'baleka...the day Zakes found him, zange abuze niks....he shot him and he died. End of story." Me: "oh....wow.... So he killed him just because he owed him money?" Him: "10 000 wasn't a joke those days. Like I said. Zakes wasn't as nice as me." We started on the pots... Me: "so tell me, umama ka Lukhanyo wayengu ban gama lakhe? We were trying to figure out his tattoos. Kukho Zakes and a few digits we can't figure out." Him: "Khanyi was her name...." We chatted some more about the older twins' parents until we finished the dinner.

I forgot to call Luks! He was probably gonna freak out. I dialed his number... Him: "boo....." Me: "ndilibele baby uk'fownela...." Him: "that's okay love..." Why is he not freaking out? Me: "wenzanton lukhanyo?" Him: "I'm still here at the office. Ndilungiselel uhamba ngok." Me: "uthe uLubby ubuye ngomso..." Him: "why?" Me: "andaz love, but ke you must book a flight so that it shows in the records. And he said come back in the morning." Him: "uhm.....okay..." He sounded unsure. Me: "book the earliest please ndak'khumbula mna." Him: "khumbula mna kqala bunny." Me: "khame ke, we bout to eat....chat later..." Him: "mwah..." We hung up. Thulani went to fetch the boys, we ate in the meanwhile. After dinner, Ta Smig said his goodbye, he had to get back to KwaDwesi....I walked him out and hugged him goodbye. Me: "enkosi bhuti." Him: "my pleasure....and'fownel Lukhanyo ubuya kwakhe." He walked to his car and I went inside the house....

Thulani and Namhla got home, and I ran the boys a bath. I put their water toys in, with bubble bath. Me: "Chumani, Junior!" They came running and undressing. They got into the bath. Me: "so how was school?" Chuma: "it was nice, mama. I draw grass and Lulu outside." Junior: "I draw di guns we fight with...and daddy." Me: "that's lovely guys." Junior: "daniel has party when there no school. He gave me paper with his mummy's number." Me: "okay, I'll look into it....Chuma?" Him: "also got me one. Where's daddy's he say he's coming back today." Me: "he will be back honey...you just relax. Do you have something you wanna tell him:?" He nodded shyly... Me: "do you want to tell mommy?" I giggled...he literally blushed and shook his head. Me: "oh hayke mntanam xa ufuna uyihlo..." I let them bath...for a while then came back to take them out. I dressed them in PJ's and took them to eat dinner. I called Rene.. She: "hello?" Me: "hey! How are you?" She: "I'm fine thanks and you?" Me: "I'm good, you

busy?" She: "kinda yeah....I'm helping Sandra out with dinner...." Me: "oh....okay, I just wanted to say hi, anyway.... Hi....and have fun....bye." She: "I'll call you tomorrow." Me: "ok." I hung up....mxm, andaz le cherri yakhe ilinda ikaka, because mos we friends, we used to chilling. Ngok why does it have to change? I went to join Thulani and Namhla in the game room. Thulz: "baby, watch out.....nd'zok'gilisa...." Namhla: "Ahhh! Too late! Mxm....awudiki.." Thulz: "try catchin up boo, jonga ndizoparka ndik'yek udlule...." He laughed. She passed him, but somehow passed her again. Thulz: "you are a bad driver, case closed." He turned to kiss her slowly... "But the best girlfriend...." He dropped the control. Oh God, they sucking face. I turned and walked out.

I went straight to Lubabalo's bedroom, its been bothering me since morning. Who the fuck is Andrew? I searched the safe first, it was empty. I searched the cabinet....wherever this evidence is it has to be stored in some hidden place...not phants'kwe bhedi. I lifted the mattress. Opening the drawers. Cwaka jwi sana, qha and'phel mandla. I went to his bathroom searching through the cupboards. Hebana! Nothing? Ha.a maan! I stepped loudly on the floor expecting secret passages, at least something. The adrenaline rush I had. I walked in his big closet. I searched through the drawers. Nothing. I was losing hope, but something told me I was close...I opened the last compartment. It was locked, this time I came prepared. I took out the bobby pin and unlocked it. My heart smiled. I took out the papers, they were his documents. His will. Everything had Lukhanyo Aubrey Mzinyathi. There was 4 million rand trust fund in Luthandoluhle Mzinyathi's name. Then, there were pictures of his family. Then newspaper clippings. "Andrew Morrison jailed for attempted murder, culpable homicide, and manslaughter." I briefly read the article, the charges were dropped, because there was no evidence or witnesses. The other clipping was "Andrew Morrison, in ICU fighting for his life." The 3rd was: "Andrew Morrison. Dead." But how could he be dead? He is still here! Where did all this happen? Cuz uquqa kwela kapa.. "What are you doing with my things?" I got such a fright ndaphants uxhozula!!! Ndatsho ndiphiswa ngumchamo. The room literally heated up. I turned to look at him. He was topless, his eyes burning with anger. Lubb: "ndiyathetha!!!" He roared. Nothing came out my mouth I literally just stared at him....the look on his face, scared the energy out of me... Me: "I'm sorry." Was all I could mutter 😭:(

Chapter 290

I got up and looked at him. He locked the door and dimmed the lights, by now I was just giving up on life. I was dead! He pinned me against the wall and stared into my eyes. He smelt fresh, this was a similar cologne. Wait.....this is Lukhanyo's second fragrance. And it was intoxicating me....he grabbed my hair with one hand.

"Ndik'buzile. What. The. Fuck. Are you doing with my shit!" Me: "I just wanted to know more about you....." I had to lie, or else ndizofa apha. Fake feelings put on the table. Him: "you know more, than anybody else in this damn place! I trusted you!" Me: "uyand'krwitsha lubabalo!" I cried... Him: "I tried so hard to protect you and Lukhanyo. Everybody stays in their box. WHY did you have to step out? Kuthen nje ungeni jonga ezakho uyeke ezam?!" He let go of my neck. Me: "lubabalo nguban uAndrew?" He stared at me coldly. Him: "you're looking at him." My heart beat started doing laps. It ran faster than normal like it was about to jump out of me. Him: "do you know what I'm gonna do to you? Undiqalile...I can't just let you go!" He hissed. His eyes were SCARY. Yangathi unaar... Me: "why did you lie to me kehok?*swallows dry saliva*you said you never killed. You weren't involved in a gang." I was out of breath. Him: "jonga apha mntana ndin! I will-" he stopped himself. "THIS, I didn't want to come out. I didn't want it around the kids. But you keep pushing!" I held his arm.... Me: "ndicel uxolo lubabalo." Him: "don't fucking touch me!" Why was he like this? Lubabalo endimaziyo would never be this mean, not to anyone. Is this the real him? I tried to escape him, he grabbed me and held me against the wall again. His eyes burnt into mine, I was in tears. Before I could ask one more question I felt something on me.....my heart stood still.....I was blank for a couple of minutes. His lips cold and sweet...I tried moving he stopped and stared at me....lubabalo came back. He wiped my cheek.... "Kodwa Lihle ufuna nto ezintwen zam?" I just cried.....he was so mad now all of a sudden he was being sooo nice. It confused me. Me: "I'm sorry.....I didn't know what I was thinking. I promise I'll never say a word about this." Hell, and I meant it with every bone in my body. I walked to the door. My legs weak....I tried to open it but cwaka...kanene he locked it. When I turned to look back at him. He was staring at me. It was as though I was locked in with a stranger. Him: "and if I tell you? What's in it for me?" Me: "you don't have to...I'd rather not know thanks." Him: "Andrew is my second name. Like Luks engu Aubrey. But ke mna my parents called me Andrew, so ooJermaine babamba elogama. After we graduated, a friend of ours was jailed...waye stout ke,, he was beyond control..he did all sorts of things, you could just never understand why. His name was Andrew naye. How I met Smith ke I don't really remember but wabuza ngok kwakuzo banjwa le, ngowphi uAndrew. Ndath ndim, kwanqandwa Jermaine

wathi ha.a andingu lo bam'funayo. they found the other and took him. We still continued with our shit. Until, ndabaqwa nam...some records got mixed up.....since our crimes related. Yafa le, he had gotten into a fight and. Had incurable injuries. Sebole ngaphakthi. I didn't know mna why I stayed longer than I had to. Until kwafika uSmith wazond'xelela ba kukho into eyenzeke pha.....he told my dad's lawyers. Yafunyanwa yi-press. But journalists took the wrong story. They thought that I was the other Andrew and zii-crime zam eziya, well 2 of them were but I never raped before....I hadn't killed by that time....they took the family name and dragged it in the mud. Dad knows the head of police, so wa-negotiator naye. He paid Smith off. And the only way I could move on was to be Lubabalo. Andrew Morrison drew too much attention." Me: "but your face?....." Him: "nobody knows what Andrew Morrison looks like besides the people I was with in jail and Smith. The records ndandinazo disappeared in thin air, my cases dropped and destroyed. So nobody has anything on me.....besides you." I swallowed hard, ndaske nda naar.... Me: "I'm not gonna tell anyone. I promise." Him: "that would be a good idea....cuz what you saw earlier was just a little reflection of what I used to be like. Don't EVER touch my things. If you want to know, come to me, I will tell you." Me: "so your parents know?" Him: "yes they do. The only other reason why my dad started the company was to keep me from that life. They even stopped calling me Andrew." I was sitting on the floor figuring a way to tell Lukhanyo.... Me: "does Lukhanyo know?" Him: "part of it, yes." I'm telling him the rest ke bhuti... Me: "why did you.....?" Him: "kiss you? It was the only way I could calm myself down. I don't want to think of what I could've done to you. If you stay out of this room, it won't happen again." Me: "you've done it before, have you?" Him: "yes...twice." Well that explains a lot. So I'm thinking k'la movie room yayinguye....that's why lukhanyo was confused about it.... Me: "have you gone further?" He sat down next to me. Him: "hell nahh.....I would never. When I fuck someone, I want them to know who I am....what's the pleasure of having someone else's name called out in bed? Yi-rape leyo....even if afterwards she accepts it, still.....its rape akho way yoy'avoider....." Me: "oh...." Him: "plus I'm not into you like that anymore.....yaphela la-crush ndandinayo...." He giggled and poked me. I didn't find it funny at all. I was still traumatized. Ufika nini na Lukhanyo, I have to tell him. Rha ncoske and'bethe ntanga, I don't care. I am scared of my husband more than Mr 2 identities. Nalo andrew wakhe umanzi. Andimthelanga nqa. The boss in my life was my husband. Him: "can we chat for a while? I don't feel like being alone." Me: "fownel uLiya." Him: "told her to study, noba ulele ngok....cuz yabhala ngomso." My mouth was dry.... Me: "I'm thirsty, so I just want something to drink first." We got up and went to the kitchen. Me: "uyas'kwaz is'xhosa lubabalo. Why pretend?" Him: "I

have my days..." Me: "don't lie....kudala was'kwaz...." Him: "kukho amagama and'bhidayo, and the pronunciation. Other than that I'm cool..." Me: "but when you're angry.....uba fluent....." Himh: "kayek ubuz ikaka lihle." I climbed on the counter while he poured us some juice.....

Liya had just put her books away....she was about to sleep when Iviwe walked into her room. She: "hey, uzolala kum?" He lay on the bed next to his young cousin. Him: "you know I care about you...you are my sister Liya. I would do anything for you." She: "I know all that.....is this about Lubabalo again?" Him: "I saw him.....ehamba nomfaz wakhe Liya. I know it might seem as though ndak'monela. I'm not! You don't need this in your life, usemncinci. Umdala la bhuti, plus he's married." She: "he's not married Iviwe." Him: "I saw him with my own 2 eyes....a ring on his finger and his wife. Even naxa embiza uthi mfaz wam...." She laughed.... She: "hay maan.....that's Lukhanyo. His identical twin." Him: "uyak'bhanxa lomntu Liya! How can afane umntu olahlobo? Noba sekus'thwan...badala ababantu, at least hair cuts won't be the same, or beards or something. Soze alok i-preferences ZONKE zifane." She: "trust me....bayafana..they are too close. They do everything together, they even live together endlin ka Lubby. Relax babe, he would never do something like that.. Jonga I've seen them in the place together. Trust me, akandibhanxi. Did he have tattoos on his arm?" Him: "yes..." She: "ngok'ya bubona Lubby, were there tattoos? No.....exactly." Him: "I thought.....xolo wethu sisi....." She: "you wouldn't have known. Thanks for looking out for me though...." Him: "khame ndiyolala....I'll see ngomso nosisi va." He kissed her cheek and walked out.

I woke up the next morning....it was 6am...I walked to the bathroom to pee, brush my teeth. Then quickly showered. I wore my pajama again and walked back in the bedroom. He was there, sleeping on the sofa. At least he respected me enough not to sleep on the bed...knowing me, I always wake up and snuggle into my husband. I woke him up... Me: "hey...vuka. Aw'lelanga kab'hlungu apho?" Him: "not really..." He stretched. Me: "what are you still doing here?" Him: "I fell asleep playing with your phone apha....uye walala alok wena ndisathetha nawe..." He got up and walked to his room. I went to the kitchen and bumped into Sylvia. She was making lunch for the kids.. Me: "are they awake?" She: "ewe sisi, Thulani uyabavasa." Me: "ndik'ncedise phi?" She: "hay sendiqiba nontombi..." Was she in a bad mood or was I imagining things? - _____ - I turned and went to look for Thulani. He was dressing the boys. Me: "morning guys.." Thulz: "hey mtshana." Chuma: "hello mama..." Junior: "hello mama." I kissed them both. Me: "are you taking them to school?" Him: "yeah....khona indaw f'neke ndiye kuyo kwelacala....." Me: "ok then....have fun guys." I said my goodbye and went back to bed. I fell right asleep.

Hours later.....

I felt the bed move, he climbed on top of me and nibbled my neck....I had been asleep I don't know for how long. He whispered against my neck... "Kunin ndik'bawela..." I calmed myself.....it was Lukhanyo, but ndise traum's ngale yayizolo. "Hey baby, ufike nin?" I whispered.. Him: "ndiyangena mntu wam....usamensa?" Me: "nah, ndiyeke izolo...." He removed my pajama...and underwear. Kissing my breasts..... Me: "baby, we need to talk." Him: "ima nana....." He took off his pants and lay next to me. I got up and went to his Richard. I massaged him and kissed him....twirling my tongue at his tip..I sucked him in. Lukhanyo groaned...I took it out and sucked on the tip again. Then inserted it back to the end of my mouth.....rubbing the balls.... Him: "oooohh baby....." I went faster....his eyes were closed, mouth open.... When it was getting intense he grabbed me, turned me over and climbed on top....kissing me. He inserted himself....filling me in all corners. I wrapped myself around him. He moved in and out... "Ayisemanzi...." He held on the head board. Causing it to make a banging sound..... Me: "ohhhh yeesssss!" Him: "ahhh.....fuck!....." He quickly pulled out and went to kiss the clit...just his tongue playing around was giving me pleasure....I was about to reach my planet. He stopped and came back up to me...he put it in and went slowly...holding on to the sheets and pillow...his pace picked up speed....I felt waves washing over me. I was almost there.... Him: "khand'kaw'lele alok baby wam!.....come on!" He growled...I wanted to.....so badly....it just held on.....he rubbed on the clit while he did it....my breath was cut short and I orgasmed unexpectedly.....as he smashed into me.... Him: "ahhhhRrhh....." He moaned...he pulled out and lay next to me...the room was naturally dark because it was a cloudy day Plus the the curtains were thick and still closed..... "Now we can talk. Kwatsho kwath haam." I told him about last night... "He just caught me going through the stuff. Babes, he is a murderer. He cuts people...he has this dark personality esnaaks aske abengathi ngu sathana! You didn't see the look on his face. Ingath bezond'bulala..." I told him where the name Andrew comes from. He just sat silently...and listened. Me: "when he had pinned me to the wall enomsindo engulo Andrew, he just.....he kissed me." Lukhanyo still kept quiet.... Me: "he stopped and I proceeded to walk out kanti utixile...then he told me all about him. When I asked him why he kissed me, he said it was the only way to calm himself down. I don't know what he would've done lukhanyo.....what if he had killed me? the drastic change in his mood was scary as shit! After that sahlala sancokola, and he eventually fell asleep k'la couch mna ndalala apha ebhedin....he woke up eksen wahamba...." Him: "uqibile?" Now I was ready for some whoop ass. I knew for a fact, ndizodonorwa ndinye for snooping around." Me: "yes....." Him: "ok.." Me: "if

uzand'betha, please do it now, sizodlula..." Him: "and'zoyenza lonto baby." He pulled me closer to him inside his warm arms. Him: "I'm done with treating you like a slave, ndibe ndik'hlukumezela engekho." He kissed my forehead..... "I love you.....and I'm not gonna stop...so its about time ndik'phathe ngendlela...." Me: "aren't you mad?" Him: "of course I am. Wena bucinga nton uyokrapa kwinto z'ka Lubby umazi uyashota ubhut'wakho? Akaphelelanga lamntu. I'm just glad he didn't hurt you...because le personality ka Andrew is deep.....I've seen it before, trust me....you don't wanna go there..." He kept quiet after that. "We'll wake up later, siye ndlin....ndiske ndatyafa and I'm tired." He struggled to fall asleep....I slid out of his arms. I took a second shower and wore my gown afterwards. Then I went to feed the babies....there's something really off man.....my back hair was standing..... I put the babies in their cots and walked to Lubby's room. The door was open. But he wasn't there....

Chapter 291

I turned to walk back to my babies. It was time for their morning nap. Took me quite a while to put them to sleep. As soon as I was done I tip toed to my room. I had to get out of here. If I tell Namla, she will freak out and I don't want that to happen. Maybe if I go out shopping for the day? Motherwell? Mama will want to know though.... The bed was empty.. I took out faded jeans and my knee high boot. I wore a knitted black jersey and tied my hair up. Minimum make-up on, just foundation and thin eye liner. I took the key of the Range Rover and my bag then walked out. They were in the lounge, talking. Both of them were wearing black t-shirts and boxers. 😊-_- Luks: "Morning sthandwa sam! Uyaphi?" Me: "uhm...." I got stuck... "Shopping." Him: "oh....can I come with you?" Me: "no..." I swallowed. Lubabalo stared at me with a straight face. Me: "I just need some girl time." Lubb: "have fun...." I nodded and walked out. When I got into the car my phone rang. It was Thulani. Me: "hello?" Thulz: "hey mtshana....ndifownelwe ngu Teacher ka Chuma, uthi he's not feeling well uzokwaz uyom'landa? I'm in a meeting." Me: "of course I can, uJunior yena?" Him: "myeke nd'zobuya ngaye. Enkosi tshomam...." He hung up. So I decided to start with Chuma...I got to the day care and walked in. Teacher: "morning...." Me: "hello....I'm Chumani Mzinyathi's mother. His uncle dropped him off this morning he just called saying you called him and Chuma isn't well." She: "yes, he's in the sick room..." We walked to the little room with dinosaur paintings and other little creatures. Me: "hey

baby...." I bent next to him. Him: "mummy..." He started crying and threw himself in my arms. I picked him up and took his bag. Teacher: "he's such a sweet child...its not nice seeing him this sick." Me: "yeah.....well, I'll just take him to the doctor right now." Teacher: "please sign here, to confirm that he's been collected. And what about his brother Junior?" Me: "his father will come fetch him..." I signed their book and left with him. I put him in the passenger seat, with his seat belt on. We left for the doctor. As soon as we got there, we booked and sat down. He was on my lap, sleepy but he couldn't sleep. His eyes were red. And he complained about his tummy. After a while we went in the doctors office and apparently he just had a cold. He gave us medication which I fed him right then. We left for Greenacres. He was a bit better, but still didn't want to walk on his feet so I was forced to carry him. Me: "awusasindi boy yuuuh....ngathi uyimbombosi yamanzi...." He kept giggling... We went to Truworths, I bought a few clothes, then Markhams for Lukhanyo.....and Lubabalo. But I made sure to buy different things. Shota ndithenge iKoki, ndiz'bhale "ndingoka Lubb" or "ndingokaLuks." I went to buy underwear for myself and then went to Woolworths for the kids. All 4 of them. I walked to Luella and bought 3 pairs of shoes, without looking at the price because I knew I was gonna get a headache. My phone rang as I pushed the trolley to the car. Me: "Rene...." She: "hey, how are you?" Me: "I'm good thanks and you?" She: "I'm okay....are you busy?" I put Chuma in his seat and went unload the things in the boot. Me: "no I just went shopping with my son..." She: "can we meet up for lunch?" Me: "sure why not...but let me go drop off Chuma first, then we can meet somewhere?..." She: "okay then call me when you done." I drove home and parked by the front, Chumani had fallen asleep in the chair. I took him into the house and laid him in bed. Lukhanyo walked in. Him: "uthen baby?" Me: "shh...." I dragged him out the room. Me: "the doctor said he has a cold." Him: "will he be okay though?" Me: "yes, don't worry..." Him: "okay...so what did you buy me?" Me: "iza...." We walked to the car and took out the parcels. He was excited when he took out the clothes. He tossed Lubb his packet and took his. I took the Truworths to Namhla. She: "mntase, ndiya ku dabawo eTinara..she asked me to go there, izolo late." Dabawo Nomsa....well I did not like her, neither did she like me. Me: "ok.....do you need a lift?" She: "nope, I'll go there myself. Yuuuuh mntase!!! Ayisentle le top!" Me: "ne?" She tried it on and it fit perfectly. She took it off and tried on the black dress. It was for the funeral. And black heels. She: "yoooh, hay mntase jonga. Usiskhokho va. Ndik'thanda hurree wena. Shota ndik'thengel cala le gusha, sil'xhele pha eback ecamko Lulu...." I laughed... Me: "yuuh, traumatise uLulu apha." She: "akazobona, sosebenzisa inaliti alok, simane ngoy'ncuntsa.." Me: "hahahaa...mxm, muncu Namhla....I have to go va, sobanana late..." She: "hay uyaph sisi?" Me: "ndiya

kuRene. We having lunch." She: "mhh.....okay ke. I'll call you when I want to come back, if and'na transport." Me: "sure...." I walked out... Lukhanyo was wearing his new clothes. Me: "heee..." Him: "uyaph?" Me: "going to lunch with Rene." Him: "I'm coming with ndilinde." He ran to wear his shoes. Me: "Babe! I can't-" already gone. I went to the kitchen to take an apple. Lubabalo was chopping them up...he was really concentrating. I decided not to disturb him. I took an apple and rinsed it. Him: "you okay?" Me: "yes....I'm fine thanks." Him: "leli kamand?" I looked at him, he looked back still chopping. He slowly grinned and looked back at his chopping board. He's trying to make me sweat. Lukhanyo came back. Luks: "masambe ke baby." Me: "mntu wam. This is a girl's lunch. ONLY. Please don't fuck it up." Him: "fane wathukisa, sihamba kunye qha!" Lubb: "nam ndiyahamba." Luks: "ja awt'yam." Lord, why did I say it!! He went to get dressed too. They both wore jeans and black sneakers, Lukhanyo had a white t-shirt on with a grey jersey. And a beanie. Lubabalo had a navy t-shirt and a white jersey tied around his neck. Luks: "we're taking the Range...masamben..." I was sooo annoyed. Lukhanyo drove. I called Rene. And went to Blue Waters Cafe.

As soon as we got there, Rene was waiting for me outside. We all greeted. Me: "I'm sorry for dragging my tag team along..." She: "that's okay..." We walked in and sat down....looking at our menus. Luks: "so Rene.....are you married?" Rene: "no....I'm separated." Lubb: "why?" She: "we had our differences." Luks: "like?" Me: "lukhanyo!!" She: "its okay babe, well, he cheated and left with the girl..." Lubb: "oh..." We ordered. Me: "so, tell me about Sandra?" Luks: "who's Sandra?" I was beyond irritated! This is why I didn't want them here! Me: "lukhanyo please. I told you we not here for you. Ndak'cela mnyen wam". She: "she's my girlfriend." Lubb: "oh really now?!" He said in a bold voice. Lukhanyo giggled. And they finally started their own conversation...ignoring us. She: "soo, what's been good." Me: "I can't talk with them here!" I whispered.... She: "bathroom..." I got up and headed to the bathroom. We got in. She: "what's wrong?" Me: "these two are really confusing me...." She: "and I see a vibe." I told her about this morning, just the Lukhanyo issue. She: "so you're thinking you did the brother?" Me: "no, I just don't trust him." She: "nahh...he wouldn't do that to him. Plus he knew he was on his way." Me: "okay. Let's just go.....I'll ask my husband when we get home." She: "don't. It'll cause issues between you two. Draw boundaries. Like moving back to your own house, Lukhanyo and Lubabalo must limit their visits and they must respect each other's space. Lubabalo can't just walk in freely in your bedroom. Draw lines, limits. Or else they will just drive you insane!" She dragged me out the toilet and we sat down. They didn't even notice. Our food arrived and yes, Lubabalo closed his eyes to pray. "Dear God, I would like to take this

moment to thank you for the endless blessings. I ask that Lord, you forgive my past, my wrongdoings and those of whom I hurt...bless them. We ask that Lord, this woman to stop snooping in my things or so help me God. In your Holy name, Amen." Luks: "Amen!" We started eating. Lukhanyo across the table from me, chatting to me.... Lubabalo was asking Rene random questions. Lubb: "so you date other girls?" She: "what's it to you?" Him: "why do I sense a vibe.....you don't like me?" She: "don't flatter yourself sir, your existence doesn't phase me." Him: "hahaa!!! You still haven't answered me." She: "yes I date girls. " Him: "why?" She: "to get away from jerks like you..." Him: "haha, me? A jerk? I bet you all my fortune you'd love this jerk." She: "as if a woman like me would fall for a stupid guy like you.....psssss" him: "Bitch please, I can make that pussy jump off of you and walk to me...." He said sarcastically. She literally flushed bright pink. Lubabalo laughed and finished his food.

After lunch... Rene: "we're having a session tomorrow, will you be able?" Me: "yeah sure." Luks: "I'm coming with too...with LuBb." Lukhanyo paid the bill and we walked outside. Me: "I'll call you later babe..." She: "yeah....Sandra is around." Me: "what's wrong with that?" She: "she bosses everything I do. Acting like my wife. I must always pay for things and there's this "Tuesday Special Gift" each and every stupid week!" Me: "what is that?" She: "I must buy her a special something every tuesday! As if that's not bad, she doesn't do washing, ironing, cooking! She just goes out to have fun then come back. Ron needs a nanny even though she's there. And the sad part is that I can't even get rid of her." Me: "damn girl. I feel your pain. But I suppose there must be a way?." She: "look I'll text you later...." Me: "bye hun." We hugged tightly. She stuck out her tongue at Lubabalo who narrowed his eyes at her. I went to get into the car and Lukhanyo drove off. We went home to fetch Chuma and his medicine. I changed into acceptable clothing and we left for KwaDwesi. I called Namhla to check up on her. She had arrived safely eKhayelitsha...I was with chuma in the back seat. He had his toy truck with him. We arrived there and went inside. They were setting up the tent outside. I went in with Chumani and Lukhanyo helped the other men. Thankfully makazi wasn't there and the day went by swiftly. As always Lubabalo came inside for the prayer meeting. The other ladies made the tea and scones. I gave one to Chuma with juice so that he can drink his medicine. Lukhanyo came in. Him: "lambile." Me: "ima ke ndipheke...take a scone so long." He took a muffin and ate it...lubabalo walked in. He bit Lukhanyo's muffin from his hand. Luks: "uyand'qala ne." Lubabalo chewed and swallowed. Lubb: "bungand'khumbul?" Luks: "no...not at all..I was actually very happy mind you...." Lubb: "mxm....our clothing is arriving tomorrow, ngo 8 ksasa. Lihle, I hope you don't mind I got you a dress." Me: "but I have a dress...." Luks: "hay babes. Kayek ukulwa man..." He went outside to Ta

Smig who had just called him. Lubb: "Namhla ngu 28 ne?" Me: "yeah....kuthen ndingabuzwa mna." Lubb: "you're a size 32 with 34B cup size." Me: "can we talk? For a second." Him: "yes?" Me: "you make me uncomfortable. I hate these mind games that you're playing. Andiyaz noba how you know my body size but that alone is just freaky as fuck. I don't want to know what sick things you are up to, but cela und'yeke. You're my friend..... I value you, I care for you. But cela iphele apho. You can't be walking around like you my second husband...I'm respecting your space from now on. Nawe ndicela uz'bambe. Please?" Lubb: "just to get one thing straight, lukhanyo told me about your body size. And I understand Linkie-bear. Thanks for putting the record straight, ungand'tshintshelanga out the blue. Hug it out?" We hugged, Lukhanyo walked in. Him: "Mna?" Lubb: "iza..." Luks: "and'fun huggwa nguwe mna shame. Ndicela uMrs Me." I hugged him..and carried on cooking. Luks: "I'll cook endlin va.....you deserve a break baby..." Me: "uzopheka nton?" Him: "nd'zobona phambili my love. Qibezela apha, sihambe..." I was soo excited! And you know when you happy time just goes slow. 😊_- ...time is jealous it doesn't have a romantic husband. When I eventually finished, I dished up and took the plates to the family. Two of the ladies volunteered to wash the dishes. I went to his mom to chat for a while but I could tell she was not in a mood. She tried her best though. I couldn't even imagine losing Luthandoluhle or Chumani.....wait, where is my son? I started panicking. I said goodbye and walked out quickly, I found Chumani outside on Lubby's chest....he was trying to put him to sleep. Me: "can I?" He handed him over and I walked to the car. Me: "nizond'fuman emotwen..." I sat inside the car. A few minutes later they came to the car and we left.....

At home I put Chumani to sleep. Thulz was there with Junior and Namhla. I went to fetch my babies. Lubabalo took Lutha and sat with him on the couch with a book. He chatted and Lutha smacked his little hand on the pages. It was an album. Lubb: "look at you....sitting there like you own the building. Khaz'jonge." Lukhanyo was in the kitchen frying something..it smelt divine. I been craving fish for so long. I went to change Luhle's diaper and went to throw it in the outside bin. Lulu jumped inside the house wiggling his tail. He was still a small puppy. But very chubby, Lukhanyo fed him take aways. I went inside the house, Luhle being too excited she wanted to get on the floor. They were almost 5 months now....4 months and 2 weeks to be exact...I put her on her blanket on the floor. Lulu licked her cheek. She held his ear and pulled it. Lulu ran away. Then she started crying. Lubb: "hahahaaa....ushiywe yitshomakhe yakhala ngok?.." Me: "hehe....uyam'ntlonta mos." We chatted with Namhla and Thulani.. Lukhanyo came with dinner Finally and we dug in. My insides melted. Me: "WOW" Lubb: "damn." Thulz: "shhit! Uyapheka mos fondin!" Luks: "tsek man,

khanityen ukutya oku." We ate finished and thanked him....well.....I'll be thanking him later 😊;) ...Namhla and I washing the dishes. Lukhanyo, Lubabalo and Thulani went to the pool table. Luks and Lubb carrying the babies. Luks: "soo....ithin into?" Lubb: "indenza umsindo lakaka lukhanyo. The way he's so confident!" Thulz: "nguban lo?" Luks: "some stupid boy who has a vendetta against me." Thulz: "msuse kube kanye alok, nto dan?" They both stared at him. Thulz: "What?!" Lubb: "what have you done to our brother lukhanyo?" Luks: "nawe uno galelo tshi..." Lubb: "you both need strong prayer." Luks: "here we go again." Lubb: "Lord, we come before you tonight, because Lukhanyo has bewitched our younger brother. He now acts like him, thinks like him, I don't even know if he has become him. I ask that you show him the light-." Luks: "lubabalo come on bra." Lubb: "don't interrupt me, Jesus will hit you with Faith!" Thulani laughed. Luks: "you are just crazy. You know? You are beyond me. Kange umve Thulani into ay'thethe kwi friend ka Lihle, qha ndaz'xelel ba ndizobangath andivanga!" He was in tears.. Thulz: "hehee, uthen fethu?" Lubb: "mxm, yand'qhela lamntana, uthi I'm a jerk. Me? I'm the sweetest guy around....hoe please." He held out his index finger. Luks: "uthe....." He couldn't control his laughter.... Finally managing to speak. "Uthe, bitch please.....I can make that pussy jump off of you and walk to me! Yuuh ndaqomba ndibambe intsini, zintlon ulubabalo rhaaa!" Thulani fell down laughing. Luks: "hay khome ndolala....nisile nina...jonga u-princess wam is falling asleep." He looked at his daughter, sleeping on his chest....I walked to the bedroom and changed into my new lingerie. I got into bed. Under the blankets.....Lukhanyo walked in. Forever looking sexy. He took off his t-shirt and stared at me. Him: "yinton und'jonge kangaka...." Me: "have I ever told you you're handsome? Shame umhle mnyen wam." Him: "enkosi Mrs Me." He took off his pants, not taking his eyes off me. He pulled the covers and gasped in surprise. Him: "I did not expect this. I miss this....the old us. Fucking in cars, at the beach.....acting crazy.....khumbula umntu wam mna." Me: "izomthatha alok umntu wakho...." He rushed straight to my mouth then got up. The house lights were off....we snuck out the bedroom and tip toed to the pool with our underwear. Me: "its cold!" Him: "its heated babes. Come." He pulled me and we dove in. He held me underwater kissing my lips. And pulled our heads out again....he kissed me again and took off my lace panty it floated in the water. He took off his underwear and we swam. Me: "what changed? Kwenzeka nton baby?" He just held me in his arms. Him: "someone influenced me...in such a way that it reminded me of my dad....yangath binguye bethetha nam....he told me to treat you like a queen. I love you babes.....and ngova abanye abantu bebona ba ndik'visa kab'hlungu nam ind'khubekisile lonto...from now

on, things are gonna change...." Me: "I'm happy to hear that. I love you too...." He kissed me again and put one of my legs on his waist...inserting himself in..

Chapter 292

Waking up in your partner's arms comes about to be the best thing ever. We were still naked, covered in a blanket. I listened carefully to his heart beat.....it beat really slow. Me: "babes?" He didn't wake...I picked my head up from his chest and looked at him. His nose bled and he wasn't breathing. I panicked! I started shaking and he just flickered his eyes open. Him: "yinton ngok..." He said in a sleepy voice. Me: "you.....your nose..." He wiped it with his hand and looked. Him: "oh great...." He dragged himself out of bed and went to the Range Rover. He brought back his pills and drank them, he cleaned his nose then went back to bed... Me: "baby maan...." Him: "hmmmmm!" He turned around and pulled me down to his chest, cuddling himself in my body. Him: "I'm okay, just a lil nose bleed, mas'lale babes, ngu4 maan...yuuh." Me: "I'm worried about you.." Him: "babes, ndisele pills I'll be aytt...." He lay his head on my chest. Him: "khenze alok baby." Me: "intoni sthandwa sam..." Him: "indlebe kalok nana....uy'nyumbaza kamand" I had to play with his ear until he fell asleep which was 5 minutes later. He snored lightly like a little dinosaur. I held him tightly and fell asleep.....

For the first time ever, Thulani woke up before Namhla. He smiled in satisfaction and crawled underneath the blankets. She had on only her underwear after the shower last night. He parted her legs and kissed her cookie. He'd once seen this in a movie and he wanted to do it! He bit it lightly, sucking on the fabric. She: "ooooooooohhhh....." She moaned.... But she was still asleep. He wanted to laugh but couldn't. So he slipped the underwear sideways to stick his tongue in. She voluntarily opened her legs further.....this made him happier. He sucked on the clit while a finger went inside....she groaned out loud eventually waking up.... She: "thulannii...." Was the first word out her mouth.... He dove in further, she cried in pleasure as she felt her orgasm dragging itself out of sleep....he twirled his tongue around...and she screamed....releasing her juices on his chin.....he wiped himself and crept up next to her.... She: "you.....are, soo full of surprise." She was out of breath. Him: "and don't you love me for it?" She: "nez'manga bonanje....ude und'zume ndilele....but thank you babes, I enjoyed that..." Him: "I'm glad lovey wam.....ndiye msebenzin ke namhlanje....so I'll only see you later...." She: "ok baby, I made a decision. I decided to stay. But funeke ndiqale ndiye ekhaya ndithethe nabazali bam..." Him: "great....then

you can come back and move in with me. I'll register for you eRussell or Qhayiya? Which course do-" She: "slow down babes.....sizophinda siy'thethethe yonke enye....its up to my parents and what they say...." Him: "okay ke love, I'll wait...." She: "for now.....get your sexy self over here.....bundenza nton!" Him: "xolo sthandwa sam...." He blushed and smiled showing his dimples.....she just melted into him.....

Lubabalo was in the movie lounge, with his laptop, working on a new project. He tried concentrating really hard but he couldn't, eventually smashing the laptop closed. He put on a movie and tried to watch it. His mind couldn't focus anymore. He got up and went to fetch his phone....calling Liya. She: "baby...." Him: "hey...you up?" She: "yeah, why you sounding like you crying?" Him: "hay Liya sugula, ndizokhaliswa yinto?" She: "ndaziphi na mntu wam..." Him: "cela ukusa eskolwen boo? I miss you yaz...." She: "okay I'll text you when I'm done, nd'zok'linda stopin ke." Him: "ok mntu wam...." He hung up and went to take a shower. Quickly wearing his jeans and plain white t-shirt with red Jordan's sneaker. He wore his Rolex and walked out, he drove off to her bustop by her house and waited for her. He wasn't feeling himself, he was agitated by anything and everything. Liya climbed in the car. He drove off quickly. She: "boo..." She leaned over and kissed him on the cheek... Him: "who's cologne you got on?" He hissed... His eyes dark and angry. She: "ngu Iviwe baby lona man. U'vase blazer yam ngalento yakhe." She laughed jokingly.... She: "Gee, a "haha" would be appreciated." Him: "sorry babes man....I'm not feeling nice today..." She: "yagula?" Him: "not really...are you prepared?" She; "ewe babes..." Him: "can we go away for the day ngomso love? I'm irritable qith when I'm in the city for a long time." She: "I'll see what I can do...." He reached over for a kiss....they parked by her school and he got out to go open her door. She: "ncooh, enkosi mnyen wam..." Him: "my pleasure mfaz wam..." He pinned her to the car, holding her face She: "baby, kuse skolwen alok apha....and I'm wearing the uniform....so I ca-" Him: "you're ashamed of me?" She: "no! Its just the teachers babes....come on..." He kissed her lips.... Him: "bye ke baby." She walked to her school smiling like a love struck puppy.

At home the clothing arrived. Lukhanyo went to sign for it, he opened the hanging bags and looked through. There were 3 suits. 2 red's and one chocolate brown. Probably for Thulani. He remembered Lubb saying something like "I hope you don't mind the color." Who the fuck wears red suits to a funeral? Lubabalo is bizarre! Right then he walks in. Lubb: "hey.....heeyyyy....hey???" Luks: "red? honestly?" Lubb: "you want my honesty? it looks pretty on you like you a little rose." Luks: "mxm...." Lubb: "khahamb yovasa man lukhanyo, we have to go..." Luks: "where to?" Lubb: "highway to heaven pumpkin.....let's goo!!!!" He clapped his hands dramatically and Luks went to shower....he came back dressed exactly like his twin too. They took Lubb's R8 and

drove off to Njoli...lukhanyo driving, as always... Luks: "siyaphi?" Lubb: "just drive....." They went to Ziyabuya complex in Kwadwesi. Lubb: "God, please explain what we're doing in this ghetto place! Just give me a sign..." Luks: "petrol makrwadeni!" Lukhanyo filled up on petrol and Lubabalo went to the shop. He took juice for himself and Luks, plus a few snacks. Someone bumped into him. "Oh Jizaaz phendula!!! Yinton ngok!!!" He stared at the other person.....of course it was Ludwe. Lubabalo just stared at his face.... Lubb: "awumbi maan moerr! Ngath uyi'KAWU'S....Phinde ubene NERVE yendutsu yozondigila! Aska maan!" Ludwe: "the case isn't dropped yet, you think you unengqondo? If you touch me....you're going right back, with NO bail!" Lubb: "the case aint dropped? You know what I'm about to drop? You. On this tile, say something else smart!" Ludwe: "hahaa....yuuuh, und'bul'sele ku mfaz wakho....tell her I enjoyed last night...." Lubb: "I'll make sure to pass on the message...because she enjoyed sleeping in her bed too...." He smiled... Ludwe walked off. Lubabalo paid. And walked to the car, he climbed in. Lubb: "little detour." Luks: "where to?" Lubb: "leqa la moto....." His expression changed to instant anger..... "Shove it off that fucking road!" He growled. Lukhanyo didn't ask twice, the car revved into reverse and ran after the white cross polo...

Chapter 293

Lukhanyo raced after the cross polo. Catching up within a split second. He drove next to it, Ludwe tried getting away but Lukhanyo being more skilled in driving blocked him. Ludwe started panicking. Lubb: "gila lekaka man lukhanyo!! Gila!!!!" Luks: "soze ndimosh into entle ngenxaye kaka yakwa VW!" Lubb: "lukhanyo, NDITHI GILA LAMNGQUNDU!!!!" Just as Lukhanyo was about to bump Ludwe off the road, they heard sirens behind them. Lubb: "fuucck!!!" Lukhanyo drove behind the polo neatly....pretending to be a regular driver on the road. But the cops stopped them...lukhanyo pulled over. The cop climbed out their car and walked over to them. Police: "son, yayaz ba ndik'miselani?" Luks: "is it because I'm black? Driving a rare car?" Police hayi kwedin..." Luks: "well do I look like a mind reader? I don't know!" Police: "fondin yas'bon speed ohamba ngaso? Can you step out of your car, und'nike license yakho." Luks: "I aint stepping outa shit, all my things is legit. And if ufuna u-search imoto, you'll need a warrant for that, I know my rights." He took out his license and gave it to him. Police: "yimoto kaba le?" Luks: "yeyam.." The cop stared at him. He stared back. He handed back the license, without dismissal Lukhanyo drove

off.... Lubb: "but uyageza lukhanyo awuna ntanga!" Luks: "try and push me." He drove back to Kwadwesi.....

Thulani got to work as usual. He was wearing a black suit and white shirt. He went straight to his office and started preparing the day's work, he had to go to the site at 12, so he had to finish here first...an hour through his work. His office phone rang. Him: "hm?" Secretary: "sir, your wife is here." Him: "my what?" She: "Mrs Lubisi, she's here to see you." Him: "don't let her come anywhere near my office, call security. I don't want her here." He hung up. Continuing with his work. It was 5 minutes later, his door swung open. Him: "arg, really?" Without even looking up... Him: "funa nto ngok!" She: "ndifunu mntanam thulan!" Him: "umntan ulaph emsebenzin kehok?" In the calmest voice. She: "thulani, andim'khathelele noba uphi! Iza nomntanam, andihamb apha!" He just ignored her and carried on working. Him: "suit yourself." She grabbed the computer screen. Him: "Bukiwe, ndak'cela....don't provoke me!" She: "ndifun abant babone uyi monster thulani!!! You don't deserve to be a father!" People started staring at his office. Him: "bukiwe, ndiyok'donora unye va! Sund'qhel bhentse mntana ndin!" She: "Ftseek Thulani!!!" She pushed his work to the floor, he grabbed her and slapped her. Jeff walked in and held him.... Jeff: "yima thulani, hayi!!!" Him: "ndizombulalanye lomtana tata!!" Jeff: "phola alok ndoda..." Thulani cooled off. Bukiwe: "ubuye nomntanam Thulani, kanye ndizoyok'bamba!!!" Jeff: "zombamba phi? SECURITY, take her!" The security took Bukiwe out. Jeff: "uryt?" Thulz: "ndiryta tata." He took his things and left for the site.....

A few hours later, Lubb and Luks finished with the preparations in KwaDwesi. Neither of them were in a good mood. Both frowned as they worked. Ma: "kuthen niqumbe kangaka?" Luks: "akhonto mama..." He sulked. Ma: "eshee..." When they were done. Lukhanyo went to his stepmother. He sat next to her, and played with his phone. Ma: "I wonder uyow'khula nin....nje usalale bhelen..." Luks: "andiyenz lonto mna..." Ma: "wenza nton ngok..." Luks: "ndizoth bye bye..." Ma: "kodwa uthule..." Lubabalo walked in and sat on her other side... Lubb: "siyahamba ngok mama...." Ma: "ok mntanam....enkosin ngento yonke..." Lubb: "akho ngxaki mama..." Ma: "khathath umninawa wakho uzond'fekethela..." Lukhanyo kissed her cheek and left with Lubb. They drove home in silence. Luks: "ugrand?" Lubb: "nd'shap." Luks: "ngath khona into ek'tyayo..." Lubb: "akhonto lukhanyo." They drove into the driveway and got out the car. Lubabalo went straight to his bedroom and locked himself in. O_o ...okay.... Me: "hey sweetheart...." Lukhanyo kissed me.. Me: "what's wrong?" Luks: "nothing love, Its just the stress levels are piling up...baphi abantwana?" Me: "bedroom." He walked to his babies in the bedroom. Lubabalo sat on his bed and opened the box his sister had sent him. It was two Tag Heuer watches, a note and another box of chocolates.

He opened the note. "Hey Andy, I hope u doin good. Mom told me about the twin.. You must be siked hey, at least he can keep you company while I'm away...I'll drop by in a week perhaps...hope you taking good care for yourself. Thinkin bout you err'day big bro... Mwah! Love youuu...." He smiled and took his phone to call her. She: "heey.....heeyyy....." He laughed. Him: "hey pumpkin butt.....how is you doing?" She: "I'm chillin bro...and you?" Him: "same....you scarce nowadays ey." She: "yeah well, you're neglecting me since you got a new sibling. But its chilled, I aint mad atch'ya...." Him: "hahaa....whatever Mimi." She: "I'll come down in a week's time alright? We'll talk then?" Him: "sure then babe...." They hung up.

Lukhanyo was laying in Chumani's room, on the bed. He had him on his chest, and he'd just fallen asleep. At least his cold was getting better. I entered the room slowly.... Me: "babes?" I whispered. He lay Chumani down and got up. We walked to our bedroom. Luks: "yinton Mrs?" He tried reaching for a kiss....I kissed him sweetly and sat him next to me. Luks: "ok, so this is serious." Me: "remember the time I told you I met Ludwe pha kwa Checkers?" Him: "hm" he played with my hair while listened...trying to plait it.. Him: "jonga, baby ndakwaz san ufrerha..." Me: "lukhanyo listen!" Him: "ndimamele alok love." Me: "he said to me, that he's finished an IT degree and is starting a company no-tata wakhe." He immediately stopped and stared at me. Me: "babes, this slipped my mind ngoba I was pre-occupied, zange ndiy'qwalasele, nangok ndikwi lunch naye, I literally just forgot." Him: "are you sure wathi utatakhe lihle? Doesn't he have a step dad?" Me: "I'm very sure babes, he never mentioned a step dad..." His face changed into pissed off, and nervous. He looked like he was thinking hard. Him: "yese!" Me: "uphi ulubabalo?" Luks: "ha.a.....makakhe ame. I need to do this by myself. Ndiyabuya baby." He kissed my cheek and walked out...

Chapter 294

As I dished up dinner, Thulani wasn't home yet, Lukhanyo too. Lubabalo still locked himself in his cave. I went to wake Chumani, and Namhla. Sitting in the lounge eating, Namhla: "baph oobhut?" Me: "lukhanyo andmaz ba uph, yena ulubabalo ke use roomin yakhe. Thulani yoland uJunior." She: "uzom'sela ukutya...?" Me: "HAY!! Uzoza ngokwakhe!" She: "hee, yinton ngok?" Me: "hay akhonto." She: "lihle, ikhona into I can see it in your face, why you nervous?" Me: "hay suphambana namhla....ndi-nervous yinton?" She: "heee....is there something you want to tell me?" Me: "nope,

how's the food?" She: "unayo ke lonto, when you hiding something, uthi gqi nenye. Is it about Ta Lubby?" Me: "mxm....awumuncu nje..." She: "haayi lihle!! You guys? Iyyyuwwii!!! Uzok'kawlezela uTa Luks wayiva net! How did it happen? Where? Worse mos, yabaz! Haayyyin uLihle!" Chumani was tipped over on the couch. Me: "Namhla, sugula wena. Nothing happened anywhere tshi. Qha unemoods uLubabalo and'nokwaz sana uyapha angandi laxaza." She: "oh.....pheew!! Undothusile sana, besend'qondba ndiyo pakisha." Me: "awusena drama nje." She: "ngendifainter qho mna sana babe Thulani enewe. Yuuuh, ndatsho ndanombilin nje ngoy'cinga. I'm sorry, I can't. I just can't." I just laughed at her ephaphazela enjalo. Me: "usis'bhanxa ke wena yuuuh...." We finished eating and I took the plates to the kitchen. I put them in the dishwasher, Namhla fed Chuma his med's and he went to go fetch his truck. She: "kodwa lihle inoba omnye ulambile." Me: "hay kodwa namhla and'fun thukwa mna. Xa elambile uzoza...." Just then he appeared out of nowhere and shocked me. Lubb: "molwen..." With a deep voice. 😊_- I wonder utyiwa yinton.... Me: "ndik'fudumezele?" Him: "no....iryt enkosi..." He sat on the bar stool and ate. Staring into space... Me: "can I pour you juice?" Him: "orange please." I poured him some juice and gave it to him. He gulped it down at once. And then carried on eating. Namhla poked me. I poked her back. She: "bhut uryt?" He looked at her and smiled. Him: "I'm fine, wena uryt?" She: "hay ndiryt mna bhut." He finished his plate and put it in the dishwasher too. Him: "uyeph uLukhanyo?" Me: "and'maz....he just said uyeza..." Thulani walked in, with a frown on his face. I think its my first time seeing him this mad...uwoah, bane drama aba...noba zixabene ke... I went to my babies and took Luhle first... Lubabalo came and took Lutha. "Khand'boleke yena maan..." Me: "okay..." He walked to the garden. And lit it up...it looked beautiful! He lay down on his back and sat Lutha on his chest. Namhla heated Thulani's food, while he told her what happened apparently in his workplace. Thulz: "I swear Namhla, ndiyoyenz ikaka zekhe aphinde net." She: "phola mntu wam alok....don't get yourself worked up ngobubhanxa..." He looked at Luhle and smiled at her. She reached her hand to touch his dimple giggling. He took her and I went to the toddlers. Chumani was sitting there with his truck, fixing it. Junior was building the racing track. Me: "junior, go eat first then you can come play ne." He got up and went to eat. I sat with Chuma and helped him with the truck. Me: "how are you feeling baby?" Him: "I'm okay mama.." He looked a bit restless. I could hear Lutha giggling uncontrollably outside. Me: "Chuma?" He looked at me. Him: "hm?" Yuuuh, that look reminded me of someone's look when they were mad. And it wasn't Lukhanyo. Me: "you know you can tell me right?" Him: "tell you what mama?" Me: "what is bothering you?" Him: "what's boovering?" Me: "making you unhappy." Him: "I am happy mama...." He finished with

his truck and yawned. Him: "tell Junior not to touch my truck again." He got up and hung himself on my shoulders...I tickled him and he started laughing. I got up and carried him to bed. Zizofana noLuks and Lubb ezi. I saw how agitated Chuma was but he still fixed it and kept quiet. I left his room and went to check on Luhle. She was on Thulani's shoulder..smiling brightly. I went outside to Lubabalo. Him, Lulu and Lutha were having a quiet moment. Where he was picking at flowers. lubby kept taking them before he put it in his mouth. Lubb: "kodwa yathand ulaysha wena." Lutha growled at him. Me: "noba ulambile, ndik'phathele ukutya kwakhe?" Lubb: "yeah....." I came back with his bowl and gave it to his uncle. Lutha was holding the S4 watching a tellytubby video. Me: "showing him your old days?" He laughed. Him: "mxm uryt ugeze va..." I went to the lounge and decided to just chill and have me time. I could either play pool, mini-golf in the cellar, basketball or go to the sauna. But I'd rather eat ice cream and watch movies instead..I took Dorito's, marshmallows, yogurt and went to the movie lounge to stuff my face. I sat down and put on a good ol' chick flick. Clueless. I tried calling Lukhanyo, his phone was off. But of course. So I just sucked it up and watched the next movie, Friends With Benefits...the Dorito's were finished. And I dipped the marshmallows in yogurt. I was beyond comfortable... Then someone stood at the door. Lukhanyo tendency. But when he sat down, it wasn't him. Lubb: "what we watching?" He took my marshmallow dipped in yogurt and ate it 🤩:(...mxm.... Me: "erh... Friends With Benefits." Lubb: "boring." Me: "what do you suggest ke?" Lubb: "do you mind action?" Me: "is that a rhetorical question?" Lubb: "faka Inception ke pha." Me: "I prefer horror.." Lubb: "uzukhale ke. Put on A Nightmare on Elm Street" I put it on. Thulani and Namhla walked in. Thulz: "what's on?" Me: "this isn't for the faint hearted." Halfway through the movie lubabalo was asleep. Namhla hid in Thulani's chest. When it finished...she got up and went to bed. She: "I'll never view life the same way. Masiyolala baby." Thulz: "ndiyeza baby khabe uhamba." She: "thulani masambe!" He laughed and left with her. Me: "lubabalo vuka." He woke up and stared at the screen. "Sey'phelile?" Me: "hahaa, uligwala yaz. Goodnight." Lubb: "sure mtshana." He went to his room. I tidied the movie centre up and went to check on the babies.... I was worried about Lukhanyo ngok. Its almost midnight, he left by himself and he hadn't called. I must stop stressing Lukhanyo is grown and can take care of himself. I went to my bedroom, changed into pajamas and climbed in bed.....

I was in a dark room, with people surrounding me. They were humming a tune....I looked down at my clothing, I was covered in blood... "Wenzi..." I heard one say.... But I didn't do anything! They drew out blades and knives, I started screaming. Someone held me down, they were about to do some ritual.... "Besikukhangela..."

They echoed...someone put something in my mouth...I screamed louder until someone shook me awake. "Vuka Lihle!!!" I jumped and rushed to the bathroom then threw up. I washed my mouth and walked back to the room. The door was open. I sat on the bed, Lubabalo walked in with a cup. Him: "drink this." Me: "yinton lena?" Him: "just drink." I drank the warm water finished. Lubb: "you okay?" Me: "yeah.....thanks." He left the room again, this time closing the door. He went to get dressed and left.....

The next morning I got out of bed and went to brush my teeth, I took a shower and got dressed. I can't wait till I go to school. Damn. I went to wake Chuma and Junior then ran their bath, they went to go wash. I went to the kitchen to make breakfast, and their lunch. I took the leftovers and gave them to Lulu...he chowed happily but I'm sure he misses his take-aways. I left to dress my boys they ate their breakfast while I fed the babies. Thulani walked into the kitchen navy pants, pink shirt. Thulz: "you're taking them?" Me: "yep...." He kissed the boys goodbye and left for work. I packed their bags, Sylvia took the babies and we left for school. I dropped them off and went to do my nails. While they were busy, they also washed my weave. I couldn't even touch my phone. They blow dried the hair and ironed it. Just as they finished with the nails. I paid and left. I tried calling Lukhanyo again but straight to voicemail. I just went home agitated and upset. But I knew I had to keep calm and stop worrying.....

Lubabalo had found Lukhanyo the previous night at his house eFord. He told him what Lihle had said... They had rented a white polo for Ta Smig, to use for the day..he drove to Ludwe's home and parked the car. He knew he wasn't home. He knocked on the door, a short light-skin chubby woman opened. "Molo bhuti. Ndingak'nceda?" Him: "ndingay'vuyela lonto sis wam....ndiyalahleka..." She: "ngena bhuti.." He walked in the house looking around.. Him: "intle indlu yakho sisi..." He turned to look at her with a seductive smile. She was cracking....slowly but surely..... She: "kukwa sister wam apha...she's sick, so I came to look after her for a while...." Him: "hmm.....mna xandigula?" She blushed.... She: "bhuti buthe uyalahleka?" Him: "ndandine tshomi bonanje, but I went to join the army, bend'sando buya...so ndizochecker ba unjan...." She: "nguban igama?" Him: "nguMasixole..." Her face fell... Him: "ukhona?" She: "hayi bhuti akasekho..." Him: "uyephi?" She: "he passed away....years ago.." Him: "hay man njan?!" He acted upset... She: "wadutyulwa ngabanye abantu bhuti...." She looked away..she was hiding something...and he knew which way to get it out of her.....all in good time. Him: "wow.....yaze yabuhlungu ke le...." She: "can I make you tea." Him: "ewe, ibe strongo sisi..." She made him the tea, and they sat down drinking....she did most of the talking...he just stared at her smiling.....ayisaloqi le, izay'thetha yonke

iyaxoka. He thought to himself. She: "awusethule. Ndiyadika?..." Him: "ha.a sweetheart yuuh....ngok uncokola kamand....ndiyak'buka qha...you look very pretty.." She blushed and stared at her cup. Him: "khand'jonge...." He smiled.... She was literally melting in her seat.... Him: "iza maan....." He pulled her towards him, biting his lips then kissed her. Holding her body... She: "hay bhut!" He let go.. Him: "yabona ke pha? And'kwaz noz'bamba....mandibeyi ndlela ke, xa ungafun hlala nam..." She: "its not tha-" Him: "then what is it? Andizok'lala fondin, would I just walk in here to have sex nomntu endingamaziyo? Hay noko and'ngcolanga olohlobo....." She: "khanditsho, its just th-" Him: "no.....its fine...ndiyahamba....I'm sorry.." He got up and walked out like a boss.....

He sent a message to Lukhanyo: "Step One: complete"

Chapter 295

Ta Smig walked neatly to his car.... She came to him. She: "uzohamba olohlobo kengok?" Him: "hay mos ufuna ndihambe." She: "I was uncomfortable...akuno veske kungene umntu and'phuze endlin..." Him: "so ufuna ndithin kehok?" She: "I don't know...but ke ndicela uxolo...if I made you feel bad.." He stared at her plainly...all the sweetness worn off. The bad boy came to play. Him: "ndiyakuva ke." He opened his car door. Someone walked out the house, singing..they both looked at the door. "My God is Good'o eeeehhh hee ee....my God is good'o" she was wearing a tie and panty. they both went to her and dragged her back inside the house. He took off his jacket and covered the woman. Him: "I thought you said Sick, not mentally ill!" Sister: "this is the first she's done this." Woman: "heee Masixole ubuyile emsebenzini!" Him: "and'ngo Masixole sisi mna." Woman: "buthe izolo uzobuya namhlanje, undiphathele nton..." Sister: "hay man sisi, akasekho alok Masixole njena..." Woman: "ebekhona nje, uyephi?" She gave her the pills and she started calming down. The sister took her to bed. When she came back she apologized. She: "I'm sorry, ndingu Thandiswa..." Him: "Smilo...so uhm..I better get going..." She: "ndizophinda ndik'bone?" Him: "that's up to you." He gave her his number and left for real this time, he drove straight to Luks' house.....

He walked in and found them in the lounge. Stuja and Lara also there. Luks: "so??..." Him: "heey, fondin. Khagalele shot pha." He sat down while Lubabalo poured him a shot, he drank it and Lubabalo poured himself one too. Ta Smig: "he is still around." Lubb: "WHAAT!!!! Ta Smig uthe mos lomntu wafa! Ta Smig: "nguban lowo lubabalo?" Lubb: "ngenyeye yam yak'dala.." They waited in silence, a moody Lukhanyo walked back in. Lubabalo's phone rang again. Him: "sthandwa..." She: "he came to the bank to ask for a loan of 100 000...apparently ngeyoqala i-business." Him: "okay..." She: "oh, and he deposited money kwi account yaka Masixole Runu." Lubb: "ohh?" Ta Smig's phone beeped... "Thanks for today..." He replied: "pleasure." You must always keep them guessing. He smiled to himself... She: "are you busy?" He didn't reply....I'll do that later...he thought to himself.

Sindiswa and her friends went Oom Cola's place for a drink, it was late evening. Sindi: "yuuuh, ndibawela okwe bhandayo mntaka Thixo, ndithi laqa nje...." She got up and walked out answering: "ewe mama?" She walked to Stuja's car in the distance and climbed in. Sindi: "khame man, ndifuna uchama, ndiyabuya bhuti." Chapter 296

Lelethu had ran away all the way home. Sindiswa stood there crying. She: "kuthen endenza lento nje uSlulamile!" She wailed...Nangamso walked to her. Him: "baby-" She: "ufokofe wena kum!!!" Sindi: "Stuja, itshom yam? Of all people you chose my friend?" Him: "jonga, kudala wahula apha suzenza innocent..." She: "andiy'phiki lonto, but I never went after your friends!" Him: "hewethu ndidiniwe mna nd'funu lala! If awuzongen ebhedin uvale umlomo, phuma nankuya umnyango!" She pulled the blankets. She: "kanti, we are going to talk about it, till we find a solution!" Him: "Uxolo, ke sindiswa va. She came on to me, and'maz uy'fumanaphi bbm pin yam, but ke nam andathi hayi, bes'ngekenzi nto. But ke either way UXOLO." She was shocked at his apology. Ek'ben ez'nyabele kakade, he just has his 5 minutes of anger phinde athi cwaka... Him: "baby khazo lala..." She undressed and climbed next to him. And he held her... Him: "khandiphe alok?" She: "yanxila kehok. Ngok bu-ready for ulala uLelethu ononoTaxi. Yuuh...." He pressed the right buttons and she turned around. Him: "yathand uz'act'isa ke wena." He kissed her urgently and didn't wait.... She: "yima!" He entered her roughly, continuing the kiss....while they were busy making love his phone.... She: "khay'yeke mntu wam..." He pushed the phone and it fell to the floor.....she held his arms and screamed his name... Him: "sungxola mntu wam..." She: "hayyi...babbby!" She moaned... Him: "shhhh....." He pressed his lips on hers, as he was almost done....at last he shoved himself deep in one thrust..... Him: "JAA nee..." He flopped next to her.... Him: "kodwa Sindiswa kuthen undenza lento nje....like bendi serious ngawe fondin, ndikunika kwanto. Yinton le ungay'fumaniyo kum?" She: "andiyaz Silulamile." She: "but ndizokumamela ngoku." Him: "izotshintshwa yinton lonto Sindiswa?" She: "because I'm.....ndicelu xolo." He sighed and went to sleep, covering his head.....when they woke up it was almost 4am...in the morning.. Sindiswa ran to the bathroom and locked it. She threw up in the toilet and flushed it... Him: "yinton leyo?" She: "hay akhonto baby, go back to sleep..." She washed her mouth and went back to bed... Him: "uryt?" She: "ndiryt baby, noba yila hunters le...." He threw his hand on her waist and fell asleep. She couldn't sleep....so she just lay there in the dark.....

Lubabalo drove around the city eqwebaba ubuthongo....he hadn't slept in days....only a mere 2 hours. He eventually went home to go work instead. He parked his car and went inside, Lukhanyo had long arrived, probably sleeping. Thulani too. He went to his bedroom and started working.. Something kept ringing in his mind.....

"Andrew..." It seems as though his conscience was calling him...he took sleeping pills and drank 2. There was no other choice...he couldn't take it anymore. He eventually drifted off to sleep..... Waking up at 9 the next morning....he was more relaxed and rested. He took his phone and called Liya. She: "sthandwa...." Him: "hey babes, unjan?" She: "I'm okay love, wena?" Him: "I'm good, ndicela siyenze our day out ugqiba kwakho ubhala man babes ne. Because ngomso is the funeral and we gonna be really busy namhlanje, I don't wanna just disappear." Him: "khaze ndiphuze. Mmwah." She: "mmmwah...." Him: "bye babe...." He hung up... Lubabalo got out of bed and walked to the kitchen. Lihle was feeding the babies, while watching tv. Lubb: "hey, Hey Linki bear, uph uLukhanyo?" Lihle: "uyavasa...." Lubb got something to eat real quick and went to take a shower, he got dressed and walked out to the lounge again. Lukhanyo was waiting for him. They said their goodbyes and walked out to their cars. Lubb: "the plan?" Luks: "Ta Smig, ubuyela pha k'la ndlu...to get answers, we're going to eDwesi." He got in his car and pulled out. Lubabalo followed him.....

They arrived at their father's house, doing last minutes preparation for the funeral the next day. Makaz: "lukha, uph la mfaz wakho?! Suppose ulapha!!" Him: "jongapha ke makaz. He went to fetch close friends from various bus terminals. Luks: "masiye fondin..." Lubb: "yuuuh, hay undidikile mna oko uqumbile, ndenziwa iviri lemoto, ndihamba xa istart(wa) hay ndi had enough ngok mna." Luks: "ufuna ndik'enge

Lukhanyo just pulled him to the car. Luks: "we found him." Lubb: "him, him?" Luks:
"yes him, him!" They got in one of the rented Benz and drove to Uitenhage.
Lukhanyo dialed a number. "Khaphinde la address." He got the address again and
drove into Majola street...he parked at a distance from the house. Lubb: "so do we
know who we looking for?" Luks: "nope...." He smiled wryly....staring at the house.
Lubb: "soo.....ithin iplan??" Luks: "ndifuna nje utata onentshebe, nala ntwana

Lubb: "eskom woyisakele....kuzohla uYesu buqu ngok." They held out their guns,
loading bullets.....the cross polo came into the street, Ludwe driving was chatting on
the phone, someone in the passenger seat.....the twins got out their car and stood right
before the polo, setting their guns. Ludwe dropped the phone and panicked, Lubb:
"Hammertime!" He smiled.....as they held the guns in front of the window
screen.....shots went off.....the streets fled.....then 2 police vans
appeared. Luks and Lubb ran to their car, they sped off while the cops chased after
them. Luks: "you think they dead?" Lubb: "I'll take care of that later!" Just before they
escaped another van appeared before them...

Chapter 297

"Hold on tight." Lukhanyo said and raced towards the van. It stopped in front of them
unsure what was about to happen. Lukhanyo swerved and went around it. The other
two that were behind him stopped. It took them a while to get on again...by this time
Lukhanyo was hitting the freeway..he sped through the robots and eventually slowed
down. Lubb: "we have to get rid of this car. Imarkiwe." Luks: "I'll drop you off
estopin. Uye phe ndlin take yours and call me, I'll give you address yalendawo ndiya
kuyo." He dropped his brother off and left for the guys in New Brighton. Lara: "sithini

and the boys started working on it. Lara: "ndizoyisa boss subana worry." Luks:

took it and drove off they dumped somewhere far... He climbed in Lubabalo's car and
they went to fetch his eDwesi. They left for Lovemore Heights while Lukhanyo
reported the hired car as stolen.....

Stuja walked back into the flat after going to buy food. He didn't know what Sindiswa felt like, she was just moody these days and never knew what she wanted. He bought KFC, the 8 pieces, with chips and rolls, he bought juice instead of acid drink. He bought her a Bubbly chocolate slab and yogurt. Him: "Baby!" No reply.....probably in the bathroom. He set the little table, with 2 plates and put the food on them, pouring the juice, he walked over to her side of the bed to fetch tissue and saw a box under her pillow. He took it out and read it: "Home Pregnancy Test" he opened it. Him: "ngeyaka ban baby lento?" She came out the toilet.... Him: "yagula?" She nodded... Him: "hlala phantsi utye, I'll get you something. Yinton le?" Sindiswa just kept quiet. Him: "jonga and'sos'denge ke va. And'zothetha ndodwa! Yiway kaba le?" She: "yeyam slulamile." He just went deaf for a few seconds, it hit him like a blow and he sat down. She: "besixabana ngalanyanga....when you left and never came back...nday'libala...until I went home, zabe ziphelile...ungafun ndibuyele ndize apha....so ndaz'yeka thinking asizophinda sidibane....but then we had sex again and....." Police: "we're looking for Mr Mzinyathi's" me: "officer, I'm sorry, my husband just been hijacked...he's a bit traumatized, I would appreciate it if you didn't bombard him too much with questions." I let them in and they went to the lounge, sitting down. Police: "we would like to know your whereabouts at this specific time..." They gave him a paper, he looked and passed it to Lubby. He gave it to me. Luks: "I was at home Kwadwesi, talking to my mother.....she asked me to go run an errand for her. I took one of the rented cars and left with it.....on the way.....stopping at the robots. 3 guys pulled guns on me and forced me out...they drove off with the car. Luckily my phone had been in my pocket. So I called my brother to come fetch me. I just reported the car right now...." Police: "there was an incident in Uitenhage this morning. 2 people were shot, and the car identified was the car you say was hijacked." Luks: "that is awful...so they took the car to go commit a crime?" Police: "it seems so.... Mr Runu and his friend are in a critical condition in hospital. Apparently nobody saw anything." Lubb: "but why are you here?" Police: "you were the first suspect, our colonel told us to start here. But as it is.....seems your story is legit, we'll look into it though." They got up and walked out. Me: "youu!!!!!" Luks: "baby, I can explain!" I waited till the police drove away. Me: "you went to kill ooLudwe! That was your plan!!!" Luks: "lihle, its the only way!" Me: "no it is NOT lukhanyo!!! What's going on in your mind! Hleli nje Its kill kill kill!!!!!" Him: "he tried to sabotage me!" Me: "so you must kill him!?" Him: "I'm doing this to protect this family!" Me: "I can't do this right

I left for the bathroom and sat there. He opened and walked in. "Baby..." Me: "no lukhanyo....no....suthi baby. I thought you'd changed. But you still possessive and obsessed. Now you walk in here with "nyaybee" Fuck that. No, fuck you!" Him: "lihle, I'm doing this to protect us...yambona lomntu ufuna us'destroyer mos." I kept quiet and ignored him. Him: "iza ke baby, ndizokusa ngokwam....ndiphinde ndizok'landa." Me: "I don't want to go anymore. You killed my vibe!" Him: "iza ke ndiy'vuse ime ngenyaw..." He held me close, attempting to kiss me... Me: "khasuke man Lukhanyo." Him: "yaz'bona ke..." I looked the other direction. Him: "fine then, zihambele....call me xa ufika. You know the drill." I kissed him and ran out....lukhanyo went to Lubabalo. Luks: "seems like asikaqibi..." Lubb: "and asikam'fuman lotata." Luks: "today was too fucking close. He opened, looking a bit frightened. Lukhanyo walked in and stood inside. Luks: "kwenzeka ntoni slulamile. Yinton!?" Lubb: "khame lukhanyo. Stuja fethu, lukhanyo uyamaz ba unjan. Sometimes we say izinto we don't mean." Stuja: "akhonto irongo ta.....I understand...this is not about him." Luks: "then what's it about?" He started panicking. He locked the door and drove to her house... He parked out front and went to knock on the door. Ma: "come in." He entered the house and found the mother sitting on a couch, with a box of wine next to her and a cup in her hand. Him: "molo ma." Ma: "molo slulamile." Him: "unjan mama?" Ma: "ndiyaphila umenzenton uSindiswa? Oko ez'valele eroomin." Him: "and'menzanga nto mama....uske wahamba ksasa..." Ma: "ohh....Sindiswa!!!" She yelled. There was no reply. Ma: "khayonqonqoza pha." Stuja got up and went to knock on Sindi's door. He walked in, she was sleeping in her bed...he sat on the bed and held her stomach... "Ndizozama boy....I promise you, I'll do everything I can for you....ndizoy'yeka yonke le mess ndaz'faka kuyo...I'll give you the best of anything." He whispered....Sindi woke up.... "Uzothin apha!" They got up and she fixed herself...they walked out to the lounge. Her mother was tipsy, sitting in the couch. She: "niyaph ngok? Nibambene nezandla?" Him: "siyabuya ma...." They walked out the house to his car.....

Lukhanyo walked back into the house. Lubb: "don't you think you being a bit harsh ku Slu?" Luks: "uSlulamile isn't thinking straight. Does he know how dangerous its gonna be!" Lubb: "that's his choice!" Luks: "mxm..." Lubb: "you are feeling guilty because maybe not so long ago....you wanted to do the same thing. Awakwaz! Why you being jealous?" Luks: "I'm not being jealous! Stuja knows I got his back, he has mine." Lubb: "whatever lukhanyo. Whatever makes you sleep at night." Luks: "lambile..." Lubabalo went to the kitchen to make food. He dished for himself and went to sit down. Luks: "mna?" Lubb: "ucele kuba?" Luks: "mos I said ndilambile..." Lubb: "ucele ukutya nothetha is two different things. you have no respect for others wenza ethandwa nguwe." Luks: "cela undiphe lubabalo." Lubb gave him the plate. Luks: "enkosi." He ate when Lubb left to go make his own. Lukhanyo finished up and

went to his babies. He picked up Luhle and kissed her. "Ntombikayise.....yooh, umhle mntanam. Ingath kuzongcwatywa ez'ntwana net ukhule nje....ndoy'dubul inye mna zikhe zik'hluphe net....hmm? Lutha giggled excitedly. Him: "yamaz wena boy ne? Ndizothumelisa wena qho, ngathi niyavana...." Sylvia came in to feed them, lukhanyo gave them their bottles and put them to sleep. Singing the lost donkey song. He lay Luhle in her cot slowly trying not to wake her.. Lutha had fallen asleep. He tip toed out of the room and she started crying again. He sighed and walked back in smiling...he took her and they walked out together...to sit in the lounge.....

Stuja was sitting with Sindi Kwa KK. Him: "ndithe kuTa Luks ndifuna uyeka uspinna.....I want to look for a proper job, Ndzomondla kakhle umntanam." She: "you told that kuTa Luks. She: "yaz'thanda iz'pili ke ndikwaz." Him: "mxm....masambe man apha...." She: "siyaph?" Him: "endlin yethu...." They got up and went home.....

When I arrived home late I was really tired. I still had to cook...I walked in the house and found Lukhanyo holding a take away box. Thank You Jesus. At least I could just

clean up. Lubb: "mom's home...." Chuma and Junior ran to say hi. I kissed my little boys, chuma sat me down and took off my shoes, junior took the bag to the bedroom. Luks: "benisenza nton ke baby?" Me: "oh just buying stuff, setting up ezazinto. And we had tea and biscuits, kwancokolwa ke." Luks: "about?" Me: "girls stuff....." We ate our food. Me: "baphi uThulani noNamhla?" Luks: "baye ku Jeff for dinner." I collected the plates after we were done and took the to the dishwasher, Lubabalo took the boys to bed. I had to take a shower first. Wait.....Firstly to check on my babies...I walked to their room and Luhle sound asleep like a little angel. I kissed each on the head, Lutha chewing on his gum toy. Lubby walked in to fetch him. Me: "uzom'lalisa?" Him: "yep....goodnight." Me: "sure...." I left for my bedroom and undressed to go to the bathroom. I walked in, and switched the shower on. Lukhanyo came in. Undressing. Me: "uyaphi na sthandwa....?" Him: "ndize kwi zulu lam nton dan?" I smiled and went in the shower, he came in after me. Me: "ungand'phazamisi ke Lukhanyo please." Him: "yathand cimba ulawei ke wena....ndizovasa mna fondin, and'na xesha lakho..." I just washed my face and neck....then my arms and my breasts...he stared at me. Ngok bethe akana xesha lamu? Him: "mxm....khandenz umqolo." I scrubbed his back....then he turned around and pinned me against the tile....kissing me.. Me: "ima baby...." Him: "mh.mh man...." He slid his hand in between my thighs, I felt weak at his touch, he slid back out slowly, one finger brushing my clit. He picked me up.....and up.....he hung my legs on his shoulders. Well, this was new. Me: "baby.....this place is slippery..." He didn't reply, just dove his mouth right in. His hands holding on to the tile wall....I cried softly in pleasure. Undenzan na lomfana.....his tongue sucked slowly....his lips massaging it....I was so mesmerized....I just moaned silently....I felt the blood rushing under my skin....I was cuming.... Me: "baby....." He licked it open again and started it all over.....I held his head and dug deeper inside....my heart raced. Saliva drooling.....my thighs vibrated....until I screamed out loud....the liquid rushed out of me.....and he stopped. Slowly putting me down. I was about to comment but he kissed me....he switched off the shower and dragged me to the bedroom..... he opened our door and checked the coast. Me: "siyaphi?!" I whispered. Him: "upstairs kwi balcony..." Me: "naked?????" Him: "stop being a party pooper. Let's go...." We tip toed upstairs and went into the never used lounge, passed to the other side, opening the sliding door and onto the balcony...we kissed holding on to the railing..he turned me around and entered from behind.....

The next morning everyone was up at 04:00am. I quickly took a shower, lukhanyo already ready. He looked out of it. His mood was just black. I got dressed in the dress Lubabalo bought. It was a black slim fit, with a slit at the back. He had bought red shoes for me. Red??? And'zonxiba lonto mna....as I searched for a shoe Lukhanyo stared at me, his eyes ablaze with fire. Him: "what do you think you're doing?" Me: "hay baby not ubomvu...." Him: "nxiba esas'hlangu." He ordered. Me: "I'm only wearing it because I don't wanna upset you today. Other than that.....mxm" I wore the damn heel. It looked lovely....but ey.... *sigh*.....Lukhanyo was wearing a red matte suit. A black suede shoe. Black shirt, no tie. He hates ties anyway. He put on black leather gloves. Me: "I give up...." He looked at me in warning. The boys were still asleep. Sylvia would get them ready for the party and the transport would fetch them at 12. I wore my make-up and did my hair.....straight, no curls....we walked out to the lounge. Lubabalo already sitting there, of course, they wore the same. I didn't even have to wonder. Thulani and Namhla appeared. He wore a chocolate brown suit. Maroon shoe. With a black a black shirt. Lubb: "ready to go?" Luks: "samben..." In the weakest tone. We walked out to the cars and got in. We drove to Kwadwesi and arrived at about 06:09am. The bodies were only arriving at 07:00am. A hymn had started. As we sat down. Lukhanyo wore his shades....his jaw tightened.....I think it was only starting to kick in...he had ignored it all week. I held his hand and he held on tightly. We sat there silently, until the caskets arrived. Both were placed neatly at the front. I could feel Lukhanyo breath...the pastor started with a prayer. The procession began....luckily the pastor didn't drag on forever...lukhanyo's mind was far away....as he thought of the memories. The time Sam was born...he was only too happy to be a brother...although he was about Chuma's age...when they grew and she was a teenager, he smiled...the best memories....when she first had her period. She was 16...and alone. Nobody home, he walked and shouted why the dishes weren't washed, why the house still dirty. He literally burst into her room and found her laying on her bed sobbing....he called mom, who was miles away....and that was how he had to learn about pads Fast. He had made her food and cleaned the house for her too. This made a tear run down his cheek....he quickly wiped it away. Next was Tivo, he'd always been strict with him. Bullied him at times, he chuckled to himself. "Qina kwedin, iba yindoda!" He used to scream. "Ukhalela nto? Ndik'nxibise ipanty? Smilo, ubuye ne panty for lentwana, und'phathele ne qhiya!" He laughed again silently to himself....then tears threatened his eyes....he blocked that emotion....he kept it all in... Me: "baby.....its time to view the bodies..." He was shaking..... Him: "I'm not going..." Me: "are you sure?" He held my hand and stood up with me...slowly walking to the coffins.

Chapter 299

And for the 3rd time in a year I went passed a coffin, this time was two. They lay peacefully in white linen as if they were sleeping. Lukhanyo was getting weaker...he looked to the floor and passed. He walked straight out the house to the back. I went after him. He sat there by himself and sobbed quietly. My heart broke...he couldn't breathe, he kept gasping for air...but just couldn't anymore. I held him closely and he buried his face in me....I didn't even know what to say to make him feel better. No words could justify, explain or even console such pain. Wait, where was Lubabalo Andrew Morrison? Ndim'qibele ngoko besifika...wait, did he arrive? I didn't notice. Just then, he appeared and came to sit on the other side of his brother. He held his shoulder, his eyes were red...Ta Smig appeared. He wore a black suit, I have never seen him wear a suit. He looked nice. And he had shaved, looking 10 years younger. I wiped Lukhanyo's face. At least he was silent now...just breathing... Ta Smig: "we need to go to eCawen majita. Luks, uzokwaz uncedisa ubamba ibokisi?" Lukhanyo nodded and stood up. We walked back to the house and they got ready. Luks: "hamba ngaleyam..." He gave me his car keys. And held on Tivo's coffin. They went out first, then the family, I followed with everybody and got into the car...I drove off to the church...we went in after the coffins and family. Another hymn was being sung by the choir. We sat down and the procession started. I sat with Namhla. She was just quiet....Lubabalo, Lukhanyo and Thulani were nowhere to be seen. We sat and listened as the pastor preached. His verses spoke volumes... John 14:27 said: "Peace I leave with you, my peace I give to you. Not as the world gives do I give to you. Let your hearts not be troubled neither let them be afraid." The speakers came for each individual.. A friend of Sam and a friend of Tivo. Sam's friend was in tears as she spoke of her beloved mate. The memories were heart breaking. About they grew up together, Tivo's friend also spoke about the wonderful times they'd shared...it was a painful moment. Tivo was a nice man, I remember when he came to Lukhanyo's house. I was mighty scared of him. But I made him pancakes and all was well...how he loved them pancakes though..the programme was moving towards the end..I looked to a specific seat. This person BEEN staring at me since we got here. I have never seen him. Nguban lo? He had on those damned shades. But it can't be G.....what really happened? kanti wasn't he responsible? Hayi man ayinguye kodwa lo, this person is abit lighter....I can't even take out my phone...I was getting really uncomfortable by now.

The choir sang again as the men came to collect the coffins one more time moving to their resting place. They went out and I held Namhla's hand. She: "yinton ngok lihle?" Me: "nganton Namhla?" She: "why are you holding my hand?" Me: "stay next to me at

all times." She: "yabona ke,, andiy'ngeni ke le....nalapha kuzokwenzeka izinto?" Kanene, uTivo ligintsa...matter of fact, yi-family yamagintsa le....sooo....okay. Me: "masambe..." We got to Lukhanyo's car and left for the cemetery. The moment we got there. 3 polo's were drifting in a distance. There was dust everywhere. Nobody paid attention. Its customary. We walked to the graveyard and stood at the back. She: "Lihle, whats going on?" Me: "baby girl....all you got to do is relax. The moment uphaphazela. Uzobatyaza." She stood closer to me as the pastor carried on...Lukhanyo Lubabalo and Thulani came to us, taking off their blazers. They gave them to me, rolling the sleeves up. Again I saw, Mr shady guy in a distance...this time he moved away and hid behind the crowd. Me: "baby! Nguban lowa!?" Luks: "omphi love?" I tried scanning again and couldn't see him. Me: "he was standing right over there!" I whispered. Luks: "uthen dan baby?" Me: "u-dodgy baby man, light brown skin, had shades on...oko endijongile nangok, besandondijonga, but he hid ngobona wena!" Lubabalo walked to that side, luks held his arm. "Not now." He said. Luks: "baby, hamban ngok...its gonna get ugly...." The pastor finished, people threw gravel in the graves... Luks: "now Lihle..." Me: "Lukhanyo, ubuye..." He hugged me then kissed me. Him: "I promise you...ndizobuya. Look after my kids...Go." Namhla and I left for his car.

As soon as we got in, someone came towards the window, holding a gun. A shot from afar penetrated his head in a split second and he fell to the ground..I didn't wait, I just drove off....looking at the rearview mirror. Ta Smig had pulled the shot. People ran to their cars. It was just havoc. Abantu kodwa bayazthand izinto. They know this is gonna happen, yet they always attend..risking their lives, if I wasn't close to the deceased I wouldn't have even come mna... Namhla was shaken, she sat up straight and kept quiet... Me: "soyovasa izandla then sigoduke ne...we'll go change and have lunch somewhere..." She: "HOW the fuck! Do you act like that didn't just happen????! Njan lihle???" Me: "it keeps me sane, to move on! I can't keep thinking, 'oh my God I almost died' every 5 seconds, it'll drive me Crazy! I have gotten used to it! Whether I like it or not! Lukhanyo made it a point that I will NEVER leave him. The only exit I get, will be the grave! Don't you think I wanted more for my life? I wanted to be an accountant. I wanted to marry a business man, an engineer, a lawyer...whichever. I wanted a solid stable life. With 2 kids and a happy home. I didn't bargain for igintsa mna, or 3 children and such risks. Having to hide and duck at every turn! Khandiy'cele yonke lento. Ewe ndiyamthanda uLukhanyo with all I have but there is just nothing I can do to stop him..." She kept quiet....we parked at KwaDwesi to wash our hands and I went to say goodbye to Luks' mom. She was with people though so it was brief and I left again with Namhla.

Lukhanyo left with Ta Smig after they had gone back home from the graveyard..
Thulz: "uyaph uLuks?" Lubb: "and fun noxokisela andaz nam....he does things on his own nowadays." Ta Smig and Lukhanyo were in Veeplaas, they had gotten a lead where Masixole might be. Luks: "Ta, are you sure this is the place?" Ta Smig: "ewe lukhanyo, kulapha! But ngath akhobantu..." Luks: "ha.a khona....just saw someone pass the window..." Just then a police car entered the street. Smig: "drive." Lukhanyo drove slowly...the police car as well...staring at them suspiciously.. Luks: "utheth'ba lomntu ughadwe ngama polisa oko?" Smig: "clearly....masambe." They drove off back to eDwesi. They parked out front and stayed in the car. Luks: "we'll have to find a way around it. I'm sure baya nge shift pha...we'll have to see when..." Smig: "masime for now...he's not going anywhere..." Luks: "uyazi njan la address?" Smig: "thandiswa mentioned something about eVeeplaas...I caught bits and strips k'lento ininzi ay'thethayo" Luks: "yoh, uyamamela Ta...and'nayo patience yalo kaka mna." They got out the car and walked into the house. Luks: "ezi bez'se mngcwaben uz'fumen?" Smig: "kubaleke 2...ndizoz'fumana..." They helped with taking down the tent. Collecting chairs. Luks: "masamben majita...khona nje imission encinci.." Thulz and Lubby got up and they left for Lovemore heights. They got in the house to change and left again. Lukhanyo called Lihle. "Uphi lithembelihle?" Me: "molo lukhanyo." Him: "lihle?" Me: "ndibulisile lukhanyo." Lukhanyo hung up. Lubb: "yinton ngok?" Luks: "I don't know." He was shaking. He tried to look for her using his phone. A voice activated tracker he had installed and connected to his cell. It spoke clearly: "The tracker cannot be found. Location does not exist." Luks: "fuucck!!!" He tried again. "The tracker cannot be found. Location does not exist." Lubb: "lukhhanyo!!! Kwenzeka nton?" Thulani called Namhla. He gave the phone to lukhanyo. She: "baby?" Luks: "namhla uphi uLihle?" She: "ohh, nanku, she lost her phone I think, besisay'khangela..." Him: "niphi?" She: "well now sise Summerstrand, but siyabuya cuz she's going crazy here..." Luks: "stay right where you are. Siyeza." He hung up. Me: "uthin ulukhanyo?" She: "uth uyeza. Bukhe way'khangela emotwen?" Me: "let's go check." We walked out the restaurant to the car. I stopped dead in my tracks. Namhla: "who is that?" Her voice shaky. Me: "bendimbone emngcwaben lomntu. I don't know who he is. Masibuyele ngaphakath....slowly." We walked back to the restaurant. Me: "cela phone." She gave me her phone and I dialed Lukhanyo's number and I don't know if it was pure fate. But it went straight to voicemail...same as Thulani... Me: "oh shit." She: "Lubabalo yena?" Me: "number yakhe ik'la phone yam." She: "what if Lihle lamntu he's the one that has your phone? What if he's sending them message to the wrong place?" I tried thinking hard...the phone rang again. I picked up. "Lihle, andiyaz lento yale phone yakho! Uthe ndize at the end, aphe

lwandle and anikho apha! NIPHI maan!!!!" Lihle: "baby kanditsho mna! I haven't found my phone! Buya!!" Lukhanyo hit the brakes. Just as he reversed. Luks: "yabona ke bayasqala? Kupha lantsimbi pha Lubabalo." They loaded the guns. He called Stuja. "Fondin, sise summerstrand, we need the troops. Biza ezo, nizos'fumana ngapha..." He hung up. Thulz: "what's going on?" Luks: "they're trying to trap us....yakwaz dubula? Aim and shoot." He handed him the gun. 2 gti's came out of nowhere, racing toward them. Luks: "are you ready?" Thulz: "a 3 second lesson? I think so." Lubabalo took his and shot at the tyre. The car swivelled on the road. Luks: "again" he aimed and shot again but missed. They lowered their seats. Luks: "one more time. He aimed and shot at the other, the car rolled off the road. The second one was catching up to them. Luks: "Thulani....this one's for you..."

Chapter 300

Luks: "thulaanni maan!!!!" Thulz: "I can't! I just ca-" Luks: "don't be a bitch! Just Do it!" He roared. Lubb: "lukhanyo kod-" Luks: "uthule wena, thulani, I'm asking you one more time..." Thulani aimed and shot for the first time. He missed. Luks: "you almost there..." Thulani's hands were shaking....he aimed and shot the driver in the neck. Then shot the passenger..twice. Lukhanyo drove off....lubabalo called Namhla's phone. Lubb: "Niphi namhla!" Namhla: "silaphe Angelo's bhut." He hung up, called Stuja to let them know not to come and they drove to Angelo's they parked and went to the restaurant. The moment I saw him my heart just rested...he hugged me as though he hadn't seen me for a very long time. Luks: "masamben apha baby." He kissed my forehead and held my hand. Me: "baby kukho umntu k'lamoto." Him: "lihle akhomntu pha, ndidlule pha kuyo ngok!" He walked out dragging me with and got into the car. He drove me, Namhla was with Thulani and Lubb. Luks: "baby....tell me, phone yakho uyiqibele nin?" Me: "I don't remember. Ndiy'qibele ksasa..." Luks: "nguban lomntu bumbona?" Me: "I don't know him babes." I described him to Luks. He breathed heavily as he drove the car...his jaw tight and muscles showing, his mouth set in a firm line, eyes focusing on the road but also thinking. he lay back on the seat while he drove. Then stuck out his tongue in concentrating. "Und'jonge nton kangaka?" He demanded. Me: "hay tshi ulilanga?" Him: "mxm, nezmanga qith, hlal nje ucinga into ezirongo.." Me: "yuuh shem, andik'cingi nok'cinga mna...qha ndijonge lento uz'misele...yay'thand i-audience." Him: "ndiryta va..." We drove into the yard and got out the car. I went straight to the bedroom to pack our things. I was happy

that finally we were going home. I took out our bags and started packing. Luks walked in. Me: "sihamba nin?" Him: "tomorrow babes. Then soya k'la nglu ise Kragga Kamma, just to go see how it looks ne?" Me: "awuy'fun nyan landlu..." Him: "baby its just that I love leya besikuyo....qha ke and'fun bengath ndiyi-bully." I finished up and left for the kitchen to prepare food. I found Lubabalo there making burgers. There was this big fat one sitting there. It looked good. Lukhanyo smiled at him sweetly. Lubb: "usuke camkwam." Luks: "cela undiphe." Lubb: "uyathanda ukutya wena." Luks: "ndiryt lubabalo." He took the burger and ate. Thulani and Namhla walked in. Thulz: "we're getting our own place eWalmer..." Lubb: "you can stay as long as you need...siyaph namhlanje?" Luks: "nahh...masikhe sihlale mAan...just once." He took out his phone to call the guys over. Lubb: "hay hay hay! Uyothenga utywala ke ak'zoselwa ezanto zingaqhelekanga apha.....yuuuh, umntu uyoginya njee akayaz nale ay'selayo. Me: "yeza uLiya?" Him: "yep. Betyile uLulu?" Me: "and'maz...nja yakho alok." I let the puppy in and he ran to Lubby wagging his tail. Me: "yabo pha?" Lubb: "umpethe kakbi alok. Uyam'kabha xa ndingekho." He picked up the dog and went to the kitchen, putting him on the counter. Lubby poured him milk and gave it to him. Me: "hayi ke Bawo! Phez'kwe counter lubabalo!" Lubb: "my House." Was his reply. He took the dog outside and got the braai stand ready. Lukhanyo and Thulani arrived with meat and alcohol. Lubabalo took his keys. Luks:

"awufun hlala nam ne?" Lubb: "tu.....ndiyatsha xa ukhona. Unemimoya emimdaka too much..." He laughed and walked to his car to go fetch his girlfriend.....

Namhla: "baby?" Thulz: "what's wrong love?" He walked to her and they went to the bedroom. Him: "yinton Namhla?" She: "there's something I need to tell you..." His heart rate dramatically increased. Now was not the time....she can't do this now! He thought to himself. Him: "can this wait babes? Let's just relax, we'll talk about it tonight..." She: "no, we'll talk about it now!" Him: "namhla khayeke fondin..." She: "andingo fondin kuwe Thulani! We need to sit and talk NGOKU." Him: "why are you acting like this? Bubu-moody obuvelaph obu? You're not like this!" She: "and'kho moody thulani, I just want a few minutes with you! Hlel nje its the guys these days kuziwa kum xa uzolala qha! I'm just asking for a couple of minutes, this is important. Its about us..." His phone rang, he took it out. Him: "can I please take this call?" She: "mxm." She walked out the room. Him: "'hehake..." He picked up the call, "tata?" Jeff: "hello nyana....what you up to?" Thulz: "silapha kwa Lubabalo," Jeff: "benjan umngcwabo?" Him: "I'd rather not say...." Jeff: "okay then, bendik'checker, nothing much." Him: "do you wanna come over?" Jeff: "no, no...you boys enjoy yourselves, noko sendiy'lentanga mna." Jeff: "okay ke ndoda....we'll keep in touch....sure" Him: "bye dad..." They hung up. Thulani walked back out to the rest.... He went to Lukhanyo who was marinating the meat. Luks: "what's up?" Thulz: "uph Lubabalo?" Luks: "you lookin at him" he imitated his brother's voice. Thulani was confused for a minute. Thulz: "didn't you just leave? What are you doing back here?" Lukhanyo giggled. Thulz: "mxm...." He punched in the arm. Luks: "you did well today awt'yam. Sorry if I was a bit harsh on you. You're part of us now. Don't you ever forget it. Andisoze ndik'lahle. I got your back. Yeva?" Thulz: "well, that's good to know." He helped Lukhanyo.... Luks: "one more thing.....there's no going back bhut" he smiled and walked out the kitchen to go open the door for his guests. Stuja already knew the house, but Lara and Phaki were Shocked. Sindiswa walked in with 3 other girls. Me: "hello." Sindi: "hello wethu sisi!" She hugged me tightly I almost choked on my own breath. Sindi: "kunin ndik'khumbula maan!" Me: "ungazi nje?" She: "ndivalelwe alok nd'se trongwen." Stuja: "ungaxok ngam.....hello sisi." I looked at him with a sarcastic look. Him: "xolo.....Molo Lihle." Me: "hi stuja." He walked to the guys outside. I sat sindi down with her mates in the lounge while I went to get the drinks. Me: "eyph Masindi?" She: "khenz hunte-" Stuja shot her a death stare from across the room. Yuuh.... She: "i-juice iryt, nina? Zenithule ke, iyodlula yona itrain nisheyeke nikhamisile." They asked for ciders. I brought the tray to them and went to check on

my babies on the other side..I fed them, but Lutha made a poop right after so I had to change him again. I dressed him and Sylvia took over. I went back to the lounge and sat with the girls. Lubabalo walked in with Liya, some guy walked in behind him. He stared at me in confusion then Lukhanyo appeared. Liya: "Iviwe, this is Lukhanyo, and THAT is his wife." Him: "oh." Lukhanyo had on a frown, he just turned and walked away. I anticipated that, he's just that rude. Iviwe greeted me. "Molo sisi. I'm Liya's cousin." Me: "call me Lihle." Lubabalo looked uncomfortable. Liya took Iviwe to the kitchen. Me: "yinton ngath phethwe sisusu?" Lubb: "ndidikwe sesis'thende....yuuuh....ngath kasahambi!" He walked out to the guys leaving me in tears of laughter. Friend: "hay kodwa yageza lobhut yuuuh! Hay akantanga" sindi: "engekak'thandazeli awazi nto." We both laughed in memory of her wig war. We sat and chatted for a while.....

The meat was ready, people ate and chatted lightly outside.. He was challenging Iviwe. Lubb: "so you got the i8 huh?" Iviwe: "yay'bona mos...." He still didn't like him. Lubb: "well.....the R8 is more of everything...." Iviwe: "I'm not an Audi person, I prefer BMW." Lubb: "you haven't been around enough..." Iviwe: "bhuti, do we have a problem?" Lubb: "I don't, do you?" Iviwe: "ndibona ingath awufun thetha qha andaz nyanzelwa yinto." Lubb: "I don't want you to look like the retard you are by standing alone." Iviwe: "I'm not forced to be here, but if it makes Liya happy, I'll do it. Not for wena." Lubabalo laughed and frowned at once. Lubb: "are you challenging me? Nge cherri yam?" Iviwe: "my family...." Lubb: "I don't give a flying fuck." He drank his alcohol, and chewed the ice, making a loud cracking noise. Lubb: "you don't want that to be you." He sucked his teeth and walked into the house. Iviwe: "uphelele apho?" Lubb turned and looked at him. Lubb: "God please collect this nigga before I take off my belt and whoop him! Deliver him from evil!" Luks: "lubabalo, you need to lay down...." Hiding his smile. Lubb: "hay Lukhanyo! Ndiyeke. I need no laying down. This boy is making fun of me." Iviwe: "I did not say anything." Lubb: "Jesus will deal with you." Iviwe: "uzoqalapha kuwe." Lubb: "I'm not the one onemoto ngath sisonka sombhako." Lukhanyo couldn't control his laughter. Iviwe: "ingath awukhom'dala bonanje. You so immature!" Lubb: "ndirynt tshi...utsho ngentloko entsundu apha. Looking like midnight sky." Iviwe: "its called Dye! You Idiot!" Lubb: "yeah well..... R.I.P." Lukhanyo lay on the floor trying to breath. Iviwe just stared at them both and walked off. They high-fived. Lubb: "undefeated!"

The sun was setting and the weather changed so we went inside the house. Lubabalo STILL had a drink in his hand. Laughing at people. Luks: "kuthen wonke umntu embi nje kuwe?" Lubb: "its not that....its just that everybody is ugly." Thulz: "you're not making sense lubabalo." Lubb: "kanti nind'buza ntoni?!" Luks: "WHY is people ugly to

You?" Lubb: "let's kneel down and ask Jesus. Maybe I need some light in my path nokwam...jonga kodwa ubaby wam umhle....and look at Masindi she's looking less like a villager today..." She: "andiva bhut?" Lubb: "my ffrrieend!" She: "caba ndingu nolali?" Him: "ncedile bonanje waza nama lady, ndadikwa kwa Gqalane kusuzelwa yila tshom yakho yuuuh, intlon ziphi ntombi? Hay ngak'linge uze naye lowo, angame pha phandle no Lulu...." Sindiswa laughed. She: "uwoah....ndik'thembile ke nyan..." Someone walked into the door. Everybody kept quiet. Lubb: "hayi Yesu Krestu, khand'bolek okwe sbane?" Luks: "noba sese paraffin." She: "molweni...." Lubb: "Sylvia! Iphi Doom yamaphela?" He got up and rushed to the kitchen to fetch the container. Lubb: "iza nalamtshayelo Lukhanyo!" I stared at her.....she has a nerve to come all the way here! I breathed to calm the hell down before I break this bitch.

Chapter 301

Me: "funa nto apha Bukiwe?!" She: "molo nawe Lihle." Me: "girl, you better start explaining your fucking self!" She: "ungaz'thembi qithi" she gave Lubabalo an envelope. "Umele kude.....ndizolanda umntanam." It was a restraining order against Lihle. Lubb: "ubona umtana apha?" She: "Thulani?" He just stared at her with a burning rage. It was taking all of his power and might not to blow up. Thulz: "uvile mos ba akho mntana apha." She: "ndizom'linda alok" she proceeded to sit down, just before her butt touched that couch Thulani got up and dragged her to the bedroom. He locked the door and stared at her. Him: "yathand undenza umsindo ne?" She: "I want them to see what kind of montser you are!" He slapped her to the floor. Him: "undenza ikaka Bukiwe phakath kwabantu!" She: "usisbhanxa njena!" Him: "don't make me beat it out of you!" Lubabalo knocked on the door. "Thulani, khome fethu..." Thulz: "lubabalo, awungen ndaw, fuck off!" Lubb: "lukhanyo please talk to your brother." Luks: " thulani!!! Open this door!" Thulz: "I said f-" Luks: "Kweddin!!!! Ndithi vula lomnyango!" Thulani opened the door with a shaky hand. Lukhanyo walked in the room and stared at Bukiwe. "Uzothin wena'pha?" She started shaking. Lukhanyo took off his belt. Him: "I will ask you one more time. UFUNA NTONI APHA!!!" She: "ndizobona umntanam Ta luks.." Luks: "bungafowni ngoba?" She kept quiet. Luks: "phakama apho yom'linda phandle ke. Pha egatin norh! Shukuma!!!" She quickly got up and left for the gate with her tail in between her legs. Lubb: "awugezi Lukhanyo. Moeer. Umntana bantu um'kupha ne'respect." Luks: "khayeke man lubabalo. " Thulz: "akayindawo umntanam

Lukhanyo!" Luks: "hehake nawe kehok!" He walked out the room to the lounge where the others were chatting. Me: "and now?" Luks: "sorted..." They sat down and enjoyed their drinks.....

The transport came to drop off the kids. I walked to fetch Chuma from the gate. Bukiwe was still here. Me: "baby boy...!" He ran to me and jumped in my arms... Him: "mummy!" Junior went to his mother and hugged her. She: "hey sweetie. We're going home okay, go fetch your things." The boys ran all the way to the house Bukiwe stared at me. Me: "und'jonga nton?" She: "and'zongakujongi Lihle." Me: "I'm not even going to entertain you bonanje. I'm so over you." I turned and walked away. She: "uyi coward kanti?" I stopped and stared at her. Me: "coward? If you're trying to provoke me, its not working. You're the one with a life that's falling apart." I walked to the house. People were getting ready to leave. No, Lubabalo was chasing them away. Iviwe said his goodbye's to Liya... "Ndisayolanda uMbali ke mtshana...she's arriving soon." Liya: "okay ke...we'll talk tomorrow..." When people refused to leave Lubabalo took Liya to the bedroom. Lubb: "abasendidike nje. Kazapha man lovie..." She: "I want to bath boo..." Him: "I'm coming with you..." She ran the bath with vanilla salts and honey shampoo..... Him: "smells divine...." They got into the round bath tub and relaxed.... Him: "so what's next babes?...where to from here?" She: "well, my dad seems to have loosened up. Cape Town maybe?" Him: "I don't want to seem as though I'm rushing you babes...." She: "nganton ngok?" Him: "I feel as though I'm taking much of your time and use mncinci...that's why I didn't want to do this....you will want to go have fun with friends and that's gonna drive me crazy. Uzofunwa ngamanye amadoda....and ez'ntwana....if you're not sure about us, then we can-" she: "Hay sund'phambanela Lubabalo!! Why would I do that to you? I'm over this going out and having fun shit. Honestly, I'm trying to make something of my life. Partying is going to make me successful. Its not even necessary. Ndinxile and then? You know? I just want to be stable ngok and grind. I love you Lubabalo, that's why ndisenza my best, I wanna catch up with you..." Him: "hahaa...ungade und'shiye ke baby..." She: "soze love....you so sweet and adorable. Who wouldn't love you?" Him: "so I'm not tying you down?" She: "definitely not." They bathed for a while chatting...he was thinking how he was gonna ask her.... She: "baby uyandiva?" Him: "yes baby, uthi wathin ke uZodwa? Lonto uyaz'bukela i-things." She: "alok baby she's a prophetess...sooo, she apparently isn't allowed to be dating on the side..." Him: "I see....and then let me guess? She dated didn't she? Is she pregnant? Mxm.....how prophetic of her" She: "hay maan love...." She giggled. "She's not pregnant boo. She just keeps going to him after- mxm, you know what you're impossible to chat to..." He

was focused on her breasts and holding her thighs... Him: "ndimamele alok nje lovie...." They got out the bath and went to the bedroom.

They got in the covers and cuddled. Him: "I have something to ask you...." She: "yinton leyo love? Hee, like I was thinking of the holidays ne, ndizoya eMthatha for about a week, that'll be on Christmas phof, I'm telling you in advance. Buthe Demi uyeza? WHEN?" Him: "awumthand uDemi man...yoh, its like ya'll met before.." She: "mona....." Him: "she got us something..." He got up and went to the cabinet to take out the chocolates and chocolate syrup. He looked at the tiny box next to it and swallowed hard...no, not today....he thought to himself. He closed the door and went back to her. They ate the chocolates in bed....he poured chocolate on her and sucked it off her breasts.....as he got on top to kiss her lips. He inserted 2 fingers in....she moaned his name. Him: "hm?" He twirled his finger around....she squirmed underneath him.... "Baby maan...." Him: "yinton love?" He said in a husky voice. He rubbed her gently and entered his manhood in. She: "mntu wam wait...." Him: "khome man baby yuuh...." She: "iph condom lubabalo?" Him: "ise shop lovey!" He went in and out slowly.... Pressing his lips against hers. He picked her up and walked to the table, he lay her down....opening her and continued....she screamed her name and he breathed....she: "lubabalo!!!....." She moaned.... Him: "Baby!" his body began shaking.... Him: "fuxk!" He banged against her body....she orgasmed instantly and he thrust in deep....releasing himself....he pulled out and helped her up. Him: "woo!" He breathed in relief. She: "you said you want to ask me something?" Him: "uhhm....." He thought quickly... "Sizoyaph babe, for our weekend away?" She: "anywhere love....even Durban's fine." Him: "I'll book us for London on Thursday." She: "London in Europe? In the United Kingdom?" Him: "ewe baby, ufuna uyaphi dan wena?" She: "I am still waiting on my passport though..." Him: "buyenze nin kanene?" She: "last month." Him: "I'll go collect it Monday...." He kissed her and cuddled....till he fell asleep.....

The guests left after 23:00pm that night. Thulani was still angry and disturbed. Namhla and I cleaned up after the people had left and he went to bed, clearly wasn't talking to Lukhanyo either. Me: "yandika labitch ingu Bukiwe ke bonanje." She: "awufikanga kum Lihle...do you see how Thulani gets when she's around?" Me: "ei namhla....he needs you now...you're gonna have to be by his side." She: "I know Lihle, I'm trying. But he's being difficult. He doesn't want to talk anymore. I think.....I think he's lost interest in me." Me: "hay uyaphambana kehok! Thulani is just stressed, he loves you...." She: "I've been trying to get his attention, but cwaka...he just enjoys riding around the city with oobhuti. I don't mind that but kodwa mna kuthen angathethi nam?" Me: "go and ask him now. Akahlelanga nabo. Lubabalo

uyooheketha and Lukhanyo is soon gonna start complaining." We hugged and she went to him in their room. Him: "let me take a quick shower baby ne....." Couldn't he have done that before I got here....she thought. She: "ok." She undressed and wore her pajamas. He finished quickly and wore his too. Him: "come here..." Pulling her closer to him. Him: "bufuna sithethe nganto ke love?" She: "promise me awuzoqumba?" Him: "don't tell me umithi." She: "NO!...." Him: "Oh." She: "why would you even think that?" Him: "ndaziphi alok baby....ufuna uyond'khabisa ngo mamakho ngok. So what's up." She: "I'm leaving on Wednesday." His heart stopped beating. "You what???" She: "I have to go back home Thulani. I have to fix things, talk to my parents...then if it goes well I can come back ndizofunda ngapha....I don't know." He cleared his throat. Beyond disappointed but what could he do? Him: "cela uhamba nawe?" She: "heee, hay uyashota kengok. Uyaphi wena baby?" This time he didn't laugh, he was dead serious. Him: "Namhla, ndicelu hamba nawe?" She: "baby you can't. I told you I had strict parents. Worse now they going through a rough patch.." Him: "okay.....I'll be coming over with dad during Christmas...." She: "Thulani, khayeke tu." Him: "heh....okay Namhla." He lay down to sleep. I'm so going bonanje. He thought. Him: "I won't bother you again...." Lie. She: "thanks hun....I love you va...." He tickled her. Him: "thanda nto?" She kissed his head. She: "wena muncu muncu!" He giggled. Him: "khayocima is'bhané wethu..." She: "usile kehok....ungayi wena nje?" He threw a pillow at her and went to switch off the light.

Chapter 302

I woke up the next morning and brushed my teeth. We were going home! 😊:) I missed my house so much. Lukhanyo's phone rang. Him: "ya?" ...he whispered..... "Esiph i-span fondin?" "How much?" ..."Okay, count me in. Sodibana late." He hung up... I walked back to the bedroom. Me: "who was that?" Him: "erh....ngu Stuja baby..." Me: "uthin?" Him: "uhm....hayi akhonto just informing me nge guys..." He was lying. I knew it. He started fiddling with things and eventually got up. Me: "Lukhanyo Aubrey Mzinyathi." Him: "ei Mrs Me, khame....ndiyovasa. Our appointment for Kragga Kamma is at 10" he quickly walked to the bathroom. Who was he talking to? I didn't even hear jack shit. I was curious but the last time that happened I was locked in a room with Mr Crazy 2 identities. I can't risk The Beast...he's too much. I made the bed and took out his outfit. I left for Chuma, he was probably lonely since Junior had left with his mom. I went to bath him first and

dressed the little soldier, his cold was getting better. He chatted about the party. Him: "I climb the jungle gym and jump off in the sand. They had bbiigg balloon to jump on and a small horse donkey." I couldn't help laughing. I have never heard of a horse donkey in my life. He probably meant a pony. Me: "so did you get to ride it?" Him: "yeah I did...and I helped Sar-" he stopped abruptly and finished dressing himself. Lukhanyo walked in and picked him up. Luks: "you better now?" Chuma: "yess...annnddd...." He whispered in his dad's ear so I couldn't hear. Lukhanyo burst out laughing. "That's my boyy!!! Khangene ngqina!" He fistbumped him and they walked out to eat breakfast. I went to my babies and bathed them. Sylvia helped with dressing Luhle, Lutha was far too energetic. He kept kicking and growling for some weird reason. Me: "yinton na baby? Why you so aggravated?" He growled again. Me: "uwoah...mxm..une drama wena." Sylvia went to feed them while I went to shower, got dressed and fixed hair plus make-up. I started loading our bags in the car in the meanwhile. Liya came to the kitchen to make something to eat. Me: "so, how's the exams going?" She: "just one more and I'm done. Thank God!" Me: "all the best baby girl." She: "enkosi Lihle..." She smiled. Thulani and Namhla came to say goodbye, we had breakfast with them and chatted a little. Lukhanyo seemed far away in his thoughts. He was still carrying Chuma, feeding each other. His phone beeped. He checked it and put it away again. Something's up. Lubabalo appeared. Lubb: "molweni? Anisa nuki kamand...kuyiwaphi? why am I being left behind?" Me: "house hunting." Him: "oh count me out....thought ya'll were buying the one around here" Me: "well Lukhanyo thought it would be fair if we viewed the other at least, ne baby?" He stared at his plate. Lubb: "luks?" Luks: "huh? Yes....sure." Lubabalo attempted to say something but closed his mouth. Lubb: "yuuh, I'm so jealous khame ndiyovasa, it was hot aand steamy last night....my makhwapa's is smelling abit tropical..." We all laughed. Lubb: "eshee...mxm.." Me: "ndaqal ukuva uz'gezela..." Lubb: "hay andigezi mna, I speak truth and nothing but. Nihamben kakhle wethu....ndisayo vasa..." He walked to kiss the babies and left.... Lukhanyo and I got ready to go. We buckled up the babies, and Chuma. Saying goodbye to the others and left for Kragga Kamma...

The house had an ancient thing about it. It looked like we were in Rome or something. Wow. It looked pretty. We walked in with the agent. Me: "hello." She: "Morning Mr and Mrs Mzinyathi." She showed us around the house, the spacious lounge, dining area with large floor to ceiling windows, a big fire place too. Not child friendly at all. We saw the kitchen....it was vintage. Not my favorite, I prefer sleek, simple and modern. Not this floral...attention seeking adventure going on. Lukhanyo was awfully quiet. We went upstairs to the rooms. 6 in total. there was a library and

study office there. The master bedroom looked nice...it was wide and had a balcony...the other rooms needed just abit more decorating. Other than that, it was a normal house. Nice and cozy. We thanked the agent and left. Me: "so?" Luks: "told you where my heart is. Dodgy lena indlu shem." Me: "nyan...there's something uncanny about it...ngath ngeza zindlu zine secret basements ek'hlal izdumbu kuzo..." He laughed....but not wholeheartedly....it seemed like he was nervous. We got to Mtn and hopped out the car, we checked for phones while I tried to decide. Him: "thatha le S4 maan baby, yathand uboxa ke wena." Me: "MXM" they didn't have the Z1 on stock so Galxay, it is.. Him: "yuh bancedile sana." Me: "its not like bizophathwa nguwe mos." Him: "phof nyan....but the way end'dika ngayo bendizoyophula shame. Ndithi 'andiyaz'..." Me: "awuse nje..." He paid and signed the paperwork. We got up and left for Checkers just to stock up on grocery. After shopping we went home. It was almost 12pm... Lukhanyo wanted us to go to Motherwell to see my mother. We went straight to there and took the babies in. She had society people over though so we stayed for a little bit....then went to my bedroom as they continued their meeting. Luks got up and went to make a call outside. He was overly stressed. Him: "ja awti?" Caller: "khona ingxak?" Him: "yeah, sine mission tonight, khand'qokelelele amajita. Onke..." Caller: "kwenzeka nton Luks?" Him: " I need cash....I can't live on 50 grand mna...we need to make a plan quick. Iyaphela inyanga. I have to pay both my cars, AND ndisafuna utheng'indlu. Tonight we're going big." Caller: "Lubby uyeza?" Him: "leave him out of it. He's balling on his millions, I want to do my own hustle, at least for this last time, oko ndithenge indlu for umfaz wam." Caller: "okay. We'll meet up at 18:00." He hung up. He walked back to the house. Him: "my love...." Me: "kwenzeka nton Lukhanyo?" Him: "akhonto baby..." Me: "are you hiding things from me?" Luks: "no.." He ignored me flat after that, he just had his phone in his hand, texting. When mama's meeting had finally ended, she came to sit with us... I enjoyed her company, at least she wasn't ignoring me. She could see Lukhanyo was a bit off. So I left them with the babies and went to cook dinner with Chuma. I gave him the baby carrots to peel. I made the rice in the meantime and baby marrows in another pot. I chopped tiny blocks of green, yellow and red peppers plus onion then fried them, when they were ready I poured in a can of baked beans and let it simmer. I did the spinach with cream. I grilled the chicken and waited for my meal to be ready. Chuma sat on the counter and played with my hair.... Me: "baby, don't tie knots okay?" Chuma: "okay mama...." I took him off the counter and we decided to walk to the shop. The streets were quiet...I bought him and I lollipops and we walked back to the house. Switching off the stove while wiping the plates to dish up. I dished up neatly and Chuma told them the food was ready...we came to eat, the babies being

asleep. Ma: "enkosi nontombi..." Luks: "its lovely babes." Me: "thanks..." We ate quietly as Lukhanyo preferred it. After we finished it was 5 in the evening. I washed the dishes and dried them then Lukhanyo looked at the time. He started panicking. Him: "mama.....khona indaw endileqa kuyo bonanje. I promise to be back soon..." Ma: "okay mntanam.....ndiyabulela..." We got ready to leave....and packed our things. He buckled up the babies and we left.....

At the house, 18:06pm

Luks: "I'll be back later babe, don't wait up." Me: "uyaphi?" Him: "don't.....don't do this....please man!" Me: "lukhanyo you can't just up and leave!" Him: "baby, I'll be back. Don't stress..." He kissed me and walked out.....he drove to the location where the guys were waiting on him. Ta Smig: "said 18:00!! Not 18:15 lukhanyo!" Luks: "xolo Ta, yamaz uLihle unjan..." Ta: "we have to get on schedule ke. Phaki, you know your place. Lara, wena ungaphaya.....Luks, you with me..." They loaded their guns and got ready to leave. Luks: "siyaph?" Ta: "kanguth ufun imal? There's a warehouse keeping million....apparently it belongs to some New York company. Its closely guarded qha ke we brought in the troops." They parked in a distances their lights were off. with the Quantum also. Lukhanyo saw the guards. Luks: "this place is impossible Ta! Jonga ababantu!" Ta: "jonga aba bethu..." He pointed to others who were double the guards there. Ta Smig held a wireless walky talky and spoke in it. Ta: "phase one, majita siyangena. Stay in your spaces which I allocated to you. We go in for the kill. Over." He switched it off and the taxi's revved in. The lights came on. The first team set their guns and started shooting at everything in sight. After a while they stopped and reloaded. While the second team continued. They stopped too. Team 3 went out their taxi and went to collect the guns from the guards while the last team went in to take the cash. They all had masks over their faces because there could be cameras. Lukhanyo wore a cover on his face and went in to help, he packed the money in the combi's. Something inside pulled at him. Luks: "mas'vayen...." Lucky: "hay fondin, ise nintsi le dough!" Luks: "fethu, its time to go, marath azos'jumpela!" Lucky: "ayikho lonto Ta luks." Lukhanyo grabbed his collar and dragged him out. "I refuse to let you rot in jail. Mas'vayen!!!" They got in the taxi's and drove off...lukhanyo raced all the way back to the city. Until helicopters appeared. He drove swiftly to Truck and parked the Taxi next to a petrol tank. Under the roof of the garage. A Gti pulled in next to him and they unloaded the bags. The petrol attendant stared at them in disbelief. Luks: "ujonge nto kwedin! Ndiyok'dubul'unye zuthethe net!" They left the taxi there empty with no evidence and drove off with the GTi. The helicopter still hovered on the top of the petrol station, waiting for the combi to come out. Police arrived and searched it. Police: "Dammit!! They escaped!!" Lukhanyo left for

Kwadwesi he dropped the GTi there, Ta smig gave him his polo keys and he went home... When he arrived, he undressed and crawled into bed...he was cold..... Me: "you okay?" Him: "never been better...." He kissed my back and tried his best to sleep.....

Chapter 303

Lubabalo's phone rang in the morning around 8... Lubb: "yes??..." Caller: "lubabalo!" Lubb: "Victor, has it money arrived yet?" Vic: "we have a problem." Lubb: "don't fucking tell me that! Where is my money?" Vic: "it arrived yesterday morn-" Lubb: "and you didn't tell me because?" Vic: "it would've been suspicious! Its too dangerous, that is why I chose the warehouse storage, but-" Lubb: "but what?! What is it?" Vic: "someone knew about it.....the money is gone Lubabalo. The whole 12 million has been mugged." Lubabalo choked, he tried coughing it off. Vic: "lubabalo it happened last night!" Lubb: "victor woah there....you saying WHAT???" Vic: "lubabalo I'm sorry...I don't know how it happened!" Lubb: "we are not talking about 12 rand, or 12 thousand which I don't fucking mind! It is 12 MILLION victor!!!! Fuck dammit do I need to draw a picture!" He roared. "Where the hell were you!!!" Vic: "everybody there was shot dead!" Lubabalo tried breathing...then hung up. Liya: "baby, what's wrong?" He got out of bed shaking... Lubb: "imali yethu Liya." He said in low tone. "OUR money! Its gone!" Liya: "what money?" He sat on the bed still shaking... Lubb: "was going to invest it in our future, no matter what happens to me wena nabantwana bam nibe safe..." Liya: "but you don't have kids babe." Lubb: "I'm having them with you." She kissed him. Liya: "do I even have a choice?" Lubb: "no..." He pushed her lightly away...he tried calming down, but there was a fire inside of him. He got up and took a quick shower. He got dressed while calling Lukhanyo....it hit voicemail..and then he called Lihle. Me: "Mr Morrison." Lubb: "uphi uLuks Lihle?" Me: "he just left...and'maz uyephi." Lubb: "wena uphi?" Me: "I just got back from Chuma's school. Why? What's up?" Lubb: "ndiyeza, do not move." Me: "okay." He hung up and paced around the house. Lubb: "baby vasa sihambe siya ku Lihle." Liya: "ha.a sthandwa sam, you go so long...I'll just clean up lomzuzu....and make food.." He kissed her. "Baby that's why kukho Sylvia njena..." Liya: "babes I don't mind...honestly...go" he walked out the house and drove to eFord.

I was alone for once, the babies were asleep, Lukhanyo was awol. Chuma was at school. I was so hungry. Pancakes was gonna take long, its been a while since I had

them but whatever....I made eggs, bacon, fried tomato, sausage and melted cheese with toast. I dished up happily and Lubabalo walked in. Shocking me out of my shell. I smelt the cologne, and it wasn't Lukhanyo's so I knew it was Lubby. He wore a slim fit black jersey and faded jeans he had on a sneaker plus black beanie written "Beast"oh really? Beast? Lol, mxm.... Me: "morning Mr Beast, unjan?" Him: "lihle...." He started then closed his mouth. He breathed out... Me: "lubabalo what's wrong?" He sat down on the high stool and buried his face in his hands. Me: "lubabalo...." His phone rang. He just picked up without talking. Vic: "they found the car, its some GTi, it was in the surveillance camera's at the garage in Truck-in." Lubb: "and?" Vic: "its blown up.....there's no evidence." Lubabalo growled in anger. "Fuuuccckkk!!!!" I decided to let him cool down... Him: "I swear I'm gonna break a soul Lihle, I am going to crush it!!!" Me: "why would you? What happened?" Lubb: "my friend and I just got robbed! Okay? They took out 12 million that we had stored in our warehouse. Its gone!" Me: "why would you store 12 million rands in a warehouse Lubabalo? Why not in a bank?" Lubb: "we couldn't!" Me: "why not?" Lubb: "lihle stop asking me bullshit questions!" He hissed. I kept quiet. Lubb: "uphi uLukhanyo?" Me: "he....went to go check on umamakhe edwesi." I lied. Lukhanyo didn't tell me where he was going. He just showered and left around 5am. Lubb: "are you lying to me Lihle?" Me: "no." I swallowed. He stared at me through narrow eyes. Lubb: "Lithembelihle." Me: "I swear....can I dish up for you?" I took out a plate and dished up for him. Avoiding eye contact. I gave him the food and he ate in silence. Me: "when did this happen?" Lubb: "last night." Hay maan, lukhanyo wouldn't do this to his brother...it wasn't him. Baby went elsewhere eyozenzela into zakhe yena...so why was Lubabalo here kengok? Me: "why did you come here?" Lubb: "I wanted Lukhanyo to help me...sikhangele ez'kaka Lihle. Whoever did this is going to pay. They will fucking pay Lihle, with their body parts! Ndifuna intliziyo nesbhindi on the motherfucking table! Kuzonyiwa!" He took his plate to the sink. Lubb: "tell him to call me when he gets here!" He walked out the house. He looked really beat shame, money had a special spot in that heart of his...whoever did this.....I feel for him or her or them. I ate my food and went to check on the babies.

Why did I cover for Lukhanyo if I believe he didn't do it? Yuh, hay wethu Andrew uzoske enze imess he'll think Lukhanyo is involved kodwa he isn't. I'll have to ask ubaby when he arrives, I cleaned the house in the meantime. Lukhanyo walked in 2 hours later, pissed off... Luks: "mfaz wam, ndilambile yaz." I went to dish up for him, he stared at the dishes in the sink. "Who was here?" He demanded. Me: "bingu Lubby babes.....he was looking for you." Luks: "why?" Me: "someone robbed his warehouse last night bathatha imali, uth ufuna umncedise to look, apparently the car was

burnt..." Luks: "wathin wena?" Me: "I told him oko bulapha endlin you had just left for Dwesi ngok ksasa." He breathed in relief and started eating. Him: "thanks." Me: "ubuphi?" Luks: "out..." Me: " out where!" He kept quiet and ate. Me: "you didn't do it did you? Tell me you didn't do it baby?" He looked up at me, it was written all over his face. Me: "hay lukhanyo!!" Luks: "bekufuneka ndithin Lihle?! We're running low on cash, we need to buy a house, pay our bills, our cars. Our lifestyle! You wouldn't have understood! Because you don't work, you don't understand ba ivelaphi le mali uyityayo! I did this for you! Because I knew you were going to run to my brother the moment I tell you and'na mali..." That was low.....below the belt. So its all my fault now? Bek'then zangathethi nam? I would've understood! He never said anything mos. Before I knew it my eyes welled up with tears. I couldn't look at him, his words cut deep. I walked to the bedroom mumbling. "He said you must call him" ...I sat in the room blankly..I don't know what Lubabalo will do the moment he finds this out.....

Lubabalo met up with Victor. Lubb: "what happened?!" Vic: "lubb, the police are catching on! Did you see the news this morning? The warehouse is flooding with dead bodies!" Lubb: "its not in my name anyway! Did they take everything?" Vic: "they left a few...I cleared err'thing up though...we need to go to the Truck-in, to get the camera footage." They got up and left for the garage. Victor spoke to the manager. She said No bluntly, Lubabalo butted in. Lubb: "name your price?" Lady: "I'm not for sale." Lubb: "I am.....victor give us a moment please?" Vic got out the office, lubabalo went around the desk and bent over to face her. Lubb: "please? I can be your personal slave whenever..." Brushing her thigh, Lady: "please get out of my office." He parted her legs, sliding his hands up her skirt.... Him: "make me..." He winked at her.... Lady: "I can't give you the tape....its illegal.." Lubb: "please?" He smiled sweetly... She gave up and called the head of security. She: "George, I need the footage of last night please?" George: "why?" She: "just bring it to me..." She hung up... "So.....can you continue with what you started?" He gasped in surprise.. Lubb: "you like?" She: "come here...." She grabbed his collar and kissed him..he pulled back immediately. Lubb: "someone will walk in on us....I can't let that happen....while you toes are throwing gang signs in the air...." She giggled... She: "that is so cocky of you..." George came into the office and stared at them.... The lady fixed herself and addressed him. She took the footage and he walked out without asking a thing. Lubb: "and then?" She: "don't worry about him." She gave him the footage... She: "why do you need this?" Him: "somebody took what belonged to me...and somehow, ended up here...." She: "oh...." Lubb: "if and when the police get here, you give them another day's footage alright? Call me later..." He wrote down his number and walked out. They went to Victor's place to

view the footage...lubabalo poured himself a double shot....to get comfortable.
"Somebody is gonna die tonight....." Vic: "how did you get this?" Lubb: "shut up and plug it in!" They fast forwarded to late last night, lubabalo had finished his first glass and poured another....waiting patiently. A taxi stopped and the driver jumped out. A GTi came next to it. Lubabalo drank his alcohol slowly, narrowing his eyes.... He knew that body language.....he stared at the screen in disappointment. "I'm gonna fucking kill this boy!!!!!" He roared.....

Chapter 304

Lukhanyo walked into the bedroom. "Lihle!" Me: "what?" Luks: "ngak'linge und'phendule nge cheek mna! How was I to know yey'ka Lubabalo ke la warehouse?" Me: "bek'then zungandixeleli? That you don't have money? I'm your wife! You supposed to discuss this with me! Bendingazobane expectations. But no, uthule you expect me to just know!" Him: "khayeke und'shout(a) man as if I'm not already stressed dammit!" Me: "oh but its my fault alok!" The babies started crying. I went to the bedroom and disconnected the phone. Him: "wenzanton?" Me: "I'm taking it back!" Him: "suphambana Lihle, you not taking it back. Calm the fuck down! I'll make a plan!" Me: "nge mali ka lubabalo?" Him: "I'll make another fucking plan maan!" I went to take Lihle from her cot and calmed her down. Lukhanyo walked in and pulled me. Him: "baby..." Me: "now you're ready to talk!?" Him: "baby, I'm under pressure and I'm stressed. I'm sorry if ndithethe kakubi..." I kept quiet and rocked my daughter back and forth. Him: "Mamngwevu wam...." "Mfaz wam....." I looked at him. Him: "I'm taking it back...but I don't know if I'll make it back....cuz uyamaz uLubabalo. If anything happens, uyaz ba ndiyak'thanda yeva?" Me: "I love you too....ulumke lukhanyo..." Him: "bye bye baby...." He kissed his daughter and son....then kissed my forehead.

Lukhanyo left his house and went to the Truck-in garage. He was looking for an old friend. George. To get rid of the footage. George didn't talk much, he just did as he was told. Luks entered the garage and looked around. A lady walked up to him and pulled him to an office. Luks: "hay nton ngok sisi??" She: "you came back!" Him: "what? Khome wethu sisi, please get George for me." She: "and what about me? I thought we had a deal!" He was so confused and then realized.....Lubabalo was here before him! Luks: "what was our deal again?" She pulled him and kissed him....holding his sweater..he just stood there shocked.... She pulled away and looked at him

confused.. Luks: "I really need George." She: "is there something wrong with the footage he gave you?" Oh God no!!! Luks: "erh....no, I'll be back." He ran out to the car and drove off to KwaDwesi.. As soon as he arrived he went to Ta Smig. They spoke in private. Luks: "we need to take the money back." Ta: "nxilile Lukhanyo, siy'sa kuban? Sund'phambanela. This is the biggest we've gone!" Luks: "ngeyaka Lubabalo la warehouse! He's the owner of that 12 million! And uy'thathile itape yak'la garage meaning he's gonna know its us!" Ta: "what!?" Luks: "Ta Smig, he will kill me. You don't know how crazy that thing is! He's hypothermic!! Iphi lamali?" Ta: "ndizothin kwamajita kehok?" Luks: "make another plan Ta. This one is off." He went to collect the bags full of money and loaded them into his car. Ta: "ndihamba nawe Lukhanyo..." Luks: "I have to do this alone, funeke ndiye kuye ndodwa. This is between me and him, Ta Smig.....please take care of my kids." He walked to the car and drove to Lubby's house.....

Sindiswa woke up in a bad mood. She brushed her teeth and started cleaning Stuja's place, making a loud noise...banging against all the furniture. Stuja: "yangxola sindiswa man moer!" Sindi: "Mxm S'lulamile! Mxm!" Stuja sighed and went back to sleep. She carried on cleaning. Washing the dishes and cleaning the cupboards. She opened the door and cleaned the yard, then came to wash the windows. Stuja: "kodwa baby, bungenoyenza ngomso lento?" Sindi: "S'lulamile khandehle please!" She finished with her spring cleaning and sat down. He gave up and woke... stuja: "busow'tyile?" Sindi: "hayi...." He made her some food and put it on the table. Stuja: "andiy'fun lento yakho yongatyi Sindiswa. At least eat for my son! Siya nin kwa gqirha?" She: "andiyaz wethu baby" she ate the food. Stuja: "yinton le ik'hluphayo?" He pulled her chair closer to him. Sindi: "ndiphuphe kakubi baby, and'khumbul nel'phupha." Stuja: "kengok kuthen ul'kuphela kum? Ingath ndim oyenze something." Sindi: "ndizothin ungal'kupheli kuwe? Sindi: "umbi k'le ndaw ume kuyo wena, uzokwenziwa nin?..." He pulled her to the bed and kissed her.....

Lukhanyo walked into Lubabalo's house. Liya: "hey....unjan?" Luks: "I'm good, uph uLubabalo?" Liya: "he's in the wine cellar...." She walked to the other side of the house. Lukhanyo walked to the cellar. He entered and stared at his brother who was sitting at the couch opposite the door staring at him. Lukhanyo swallowed hard. "Lubabalo." Lubb: "lukhanyo." They stared at each other for a long while. Lubb: "you look like you had rough night....had any sleep?" Luks: "yeah...." Lubb: "und'qhela amasimba kodwa lukhanyo yazi." Luks: "as if you never done shit wrong to me!" Lubb: "so ibiyi revenge yakho le?! Our relationship was fake!?" Luks: "heh fondin

bend'zoyazi njan ba yeyakho landawo!" Lubb: "why didn't you include me? Call!?"
Luks: I had to do my own hustle!" Lubb: "innocent people are dead!! DEAD!!! Ootata, obhuti babantu!" Luks: "yeah, rub the guilt on me!! Because a legitimate business man would keep millions in a fucking warehouse!" Lubb: "Lukhanyo what don't I give you!! You own this damn house! Cars! Iicompany!! But instead you steal from me!?"
Luks: "jonga, I brought the money back okay! If bend'sazi I wouldn't have brought it back!" Lubabalo jumped up and held Lukhanyo against the wall. Lubb: "you stole from me!" He hissed. lukhanyo tried pushing him and wrestled him to the floor. Lubabalo punched him twice in the face and got up. Lukhanyo got up and punched him back....they fell on the table and it broke. Lubabalo took the broken bottle. And held it against his brother's neck. Luks: "I hope you'll be able to live with yourself looking Luthandoluhle in the eye knowing you killed utatabo...go on Lubabalo. Do it!!! Ndibulale!" A tear escaped his eye....the look of hatred in Lubabalo's eyes. the door swung open. "Lubabalo!!!" Thulani grabbed him off Lukhanyo and dragged him away. Thulz: "what the fuck is going on?" Lukhanyo got up and walked out to the car. He unloaded the bags and threw them in the house then drove off....

Chapter 305

Lukhanyo walked into the house while I was making dinner. Me: "lukhanyo, what happened!...." Luks: "not now Lihle please." He went to wash off his face and neck that had a bit of blood. His eye was blue, and swollen. He called Ta Smig.
"Ndimnikile." Ta: "uryt?" Luks: "I'm fine. I need to go to Pretoria for a while. At least ndizokwenza grand for another month...I'll be gone for a few days" Ta: "do you need anything." Luks: "khand'fakel iintsimbi eziy2. I'm leaving tonight ngala Benz ka Lihle, ndoy'landa ku Lara." Ta: "okay sho." He went to the bedroom and packed his bag. I walked in the room. Me: "lukhanyo uyaphi?" Luks: "ndiyahamba lihle! I'm leaving, okay? Ndim mos lo urongo, I'm the bad guy. So I'll be out of your hair ke." Me: "uyabaleka kengok!?" Luks: "andibaleki NIKS, here I am telling you that I'm going. And whoever else needs to know." Me: "why!?" Luks: "jonga lihle. I'm tired fethu. Like I try and try to please you, I can't do it anymore. Iphelile...the only money that's left is about 40 thousand ngok nala trust fund yabantwana...ndil'shiyile icard, for whatever you need..." He took his bag...and went to the babies.
Me: "ubuye nini kengok Lukhanyo?!" Luks: "I don't know lihle. If you need anything, you know where Lubabalo is. Cacile I'm not needed around here." Me: "remember the

promise you made? That we'd never leave each other without talking things through. You can't just leave." Luks: "masithethe ke." He sat down. Luks: "talk." Me: "I don't want you to leave. We have to sort this out first, this is not just about money. Uthando lwethu? What about our children? We love you. Whether uligintsa or not. Ndiyak'thanda mna, and so do they. Ewe ndiyavuma sometimes I get mad, I yell. But ndithin? Ndik'qwhabele izandla xa ubulala bantu? Usiba imali? Yes I spend the money but on who? I even gave up on you quitting because its in your blood. I am there for you ngento yonke, I cover up for you, I help you. But still ngok ndim orongo? Would I have killed those people for you? Would I cover up for you xa wenze ubustout ukhangelwa ngama polisa. If bendingak'funi, if I didn't love you, I'd let you go to jail. But ndiyak'thanda lukhanyo. I love you with all my heart. Andiyaz ufuna ndik'bonise njan.." He just breathed and looked away. Luks: "but we don't have anyth-" Me: "ayikho lekaka uy'thethayo lukhanyo we have each other! We have luthandoluhle, that is enough..." Luks: "sokwenza njan kehok Lihle?" Me: "we can start by budgeting and cutting down. I don't know, maybe I'll de-register and get a refund? I don't know if that's possible I'll have to che-" Luks: "awuzokwenza lonto. You're going to school. Qha." Me: "we'll find a way Lukhanyo." He hugged me tightly.... Luks: "thank you for sticking with me babes...it means a lot." Me: "what happened to la mali yayi kwi cellar?" Luks: "and'say'fun noy'funa into evela ku lubabalo, he almost killed me! I want nothing to do with him shame." Me: "okay babes." Luks: "I still have to go Lihle. I promise to be back in a few days." Me: "at least tell me uyaphi?" Him: "Pretoria babe. Ndiyovala business." Me: "your import business?" Him: "yes baby, ndifuna uy'thengisela uJermaine. And hand over my contacts kuye. After that, I'll be free of illegal things and at least we'll have some money saved up...for a while. Then we can make a plan in the meanwhile." Me: "yabona ke baby how easy it becomes nje nge communication?" Luks: "I should have done this a while ago....thanks again boo...mandihambe...I'll call you...and don't tell nobody where I've gone ava? Ithi nawe awuyazi." I nodded. He kissed me goodbye and his babies then walked out.

He left with the Range Rover. Leaving the R8 behind on purpose. He drove to Lara to go fetch the Benz, they exchanged car keys. Luks: "uyise pha endlin le Range Lara...." He took the Benz and drove to Kwa Dwesi to fetch his guns...

Thulz: "lubabalo kwenzeka nton fethu!?" Lubb: "lukhanyo bek'xelele nge mission yayizolo?" Thulz: "what mission?" Lubb: "exactly!!! Your brother, Thulani went with his friends and Stole my money!" Thulz "lubabalo that is a huge accusation. Lukhanyo

soze akwenze lonto! If he knew, bengasoze ay'buyise or even steal it for that matter!" Lubb: "then why didn't he call us? Huh? WHY?" Thulz: "ibiphi dan lemali?" Lubb: "we had hid it in a warehouse wit Vic-" Thulz: "in a WAREHOUSE??? UDOM??" Lubb: "that's not even the point, he had no right qha!" Thulz: "lubabalo ivelaph le mali." He asked calmly. Lubb: "le mali bithathwe kwi tender ye construction by u-Victor. He laundered it from some project, he owed me so ke besizoyohlula." Thulz: "you stole the money?!!! And you're mad cuz Lukhanyo stole it too without knowing! Nawe mos unemfihlo lubabalo, you never told this to Lukhanyo was he supposed to sniff it out of you!?" Lubb: "but Thulani he should've told me!" Thulz: "kanti bezothin apha lubabalo? Didn't he come tell you? Didn't he bring back the money? If bingomnye umntu he would've left the fucking country! But he loves and respects you! Which is why he didn't want to be indebted to you for the rest of his life. Khay'cinge nawe lubabalo if you were in his shoes, would you muster the courage to ask your brother for money because you can't cope? Worse une family? Imagine having a rich educated brother who's forever bragging and living comfortably pham'kwakho? How would you feel having to compete nalonto? Don't be a hypocrite lubabalo. I know he did wrong but he tried to rectify the situation.!" Lubb: "so now I must forgive him?" Thulz: "do what makes you sleep better at night lubabalo." Thulani walked out....leaving Lubby with a lot to think about. But why engazanga kum uLukhanyo?! He asked himself.....maybe he really needs the help. He got up and left his the house.....

I had to fetch Chuma from day care and there were no cars here, besides the R8 but it was small and I wouldn't be able to fit Lutha-Luhle and Chuma in the passenger seat. I could take a taxi but who's gonna take care of the babies. Will I manage carrying them? I didn't have any numbers on this new phone either. So I dialed for Lukhanyo. Luks: "what's wrong boo?" Me: "akhonto love, I have to go fetch Chuma...but there's no way of getting to him, I can't even call Rene cuz and'nayo number yakhe.." Luks: "don't panic baby. Uhhm...lemme think, they won't let anybody else pick the child up, and Chuma akam'qhelanga uStuja. Call Thulani, ask him." Me: "number yakhe alok love." Him: "I'll send it just now." He hung up and I waited for the number. He sent it. I called Thulani. Me: "hey thulani uphi?" Him: "ndilapha eskolwen s'ka junior, why?" Me: "oh thank God...can you please fetch Chuma for me?" Thulz: "Chuma?" Me: "yes Thulani, my son." I said sarcastically. Him: "I thought sowumlandile, I don't see him anywhere here." Me: "huh? Hay thulani!!!!" I panicked. Him: "ima ndibuze..." He spoke to his teacher in the background. She: "no, Chumani has already been collected." She explained. Thulz: "lihle....." Me: "hayy thulani!! Umntanam!!!!" I cried.. Teacher: "a gentleman who said he was his father came to collect him." What fucking

gentleman????!!!! Probably some pedophile! Oh God, what am I going to do!!! Thulz: "I'll do my best to find him lihle, I swear!!" He hung up. I called Lukhanyo immediately. "Did you find him?" He was driving... Me: "lukhanyo, please stop the car....Chumani is missing.." I heard the brakes screech. And he hung up.... I didn't know what to do with myself...I started fiddling, looking at my babies. They lay there playing with each other, lutha pulling on Luhle...kanti ufika nin uLukhanyo! Who couldve taken my son! Why? Where was he! I called Thulani back. Me: "did you find him?" Thulz: "lihle I am trying!" Me: "did you at least ask for the description of this person!" Thulz: "they say he just walked in and Chumani jumped to him." Me: "chumani doesn't just act like that!" I heard a car park out front. Finally Lukhanyo was home, although that was oddly quick. I hung up and ran to the door and screeched to a halt. "And then what happened?" He chatted. Chuma: "the big lion did die because the other one killed him!" Him: "that is so sad, did you cry?" Chuma: "no..." It was Lubabalo. He was the one that took Chuma. I was irritated a bit but I was glad my son was safe. He ran to me. "Mummy!" Me: "hey...I was worried about you..." I picked him up and kissed him. Me: "thank you..." I said to Lubabalo. Lubb: "you were crying?" Me: "I thought someone.....took him." Lubb: "sorry...I should've called. Uphi uLukhanyo? I need to speak to him." I took my phone and quickly texted Lukhanyo. "He's safe. Lubby brought him. He's still here." Lubb: "are you gonna answer me?" Me: "yes.....I don't know where he is." Lubb: "njan ungayaz ba uphi?" Me: "he just left." A car pulled up in the front, I heard a door close. Lubb: "is it because of me?" Lukhanyo walked in. Me: "ask him.....nanku." Luks came straight to Chuma, he took him from me and assessed him, checking if he wasn't hurt. Lubb: "haybo Lukhanyo, I wouldn't hurt the child!" Luks: "ufuna nton apha." They stared at each other. Lubb: "lukhanyo, I came to talk." Luks: "you need time out lubabalo. Away from me, we're crowding each other too much. What I did was wrong. But to almost kill me? Igazi lakho? Just for MONEY!?? When you did things behind my back, trying to steal my wife and child did I try to kill you? Family yam lubabalo! The only thing I have. You wanted to take away from me. But did I kill you? No. I sure as hell threatened to, but I never held broken glass ready to skin you alive. Ewe kalok ndilisela mna, ndingu tsotsi. You're mr legitimate businessman with warehouses full of money. I'm sorry Lubabalo. I apologize. I am sorry and I am sorry! Okay? I'll be out of your way from now on. You stay out of mine." Lubabalo walked out to his car....

Lukhanyo walked after lubabalo. "You forgot something." Lubby turned around. Lukhanyo tossed him the Audi R8's keys. Lubb: "honestly?" Luks: "hire someone to come fetch it." He walked back inside the house and sat down still holding chumani's in his arms. He was really worried. "Did he do anything to hurt you?" Chuma: "no tata....we only have aasskreem." Him: "ok my boy, tata loves you ne....and I want you to know this." He took off his t shirt. Chuma looked at his inked body and touched the tattoos. Luks: "this is daddy. Okay?" He pointed to the tattoos. Luks: "nobody else. I am daddy, and once you see this, you will know right?" Chuma nodded. Chuma: "daddy has paint on body?" Luks: "yes son, daddy has paint on his body...." He picked him up and went to the bedroom. I dished up for them...I took Lukhanyo's on a tray first, then Chuma. I fed the babies and we all sat on the bed in our room. Lukhanyo changed Luhle's nappy. Helped by Chuma, who just gave him a clean diaper and wet wipe... I changed Lutha who had just created a stink bomb. Luks: "yoooh kwedin!! Hey uyabopha maan!" We laughed holding our breathe. I sprayed the room and changed him quickly, disposing the nappy. We sat in bed and chatted for a while. Chuma fell asleep. Me: "so you're not leaving anymore?" Luks: "no baby, not yet anyway. I need to protect my family, kusekho ooLubabalo who are lingering around. Andithembi niks. I'd rather go hungry and broke ba ndinishiye apha nodwa..I'll ask Ta Smig to go in my place, ndifuna uy'thengisa nyan la company lihle. I want us to have a legitimate future." Me: "okay love. Masiyeke man indlu baby. We don't need it, we have a nice house already..." Luks: "yeah, I'm thinking njalo nam....we'll find something else in the future. Thanks again baby...." Me: "through thick and thin mnyen wam." Luhle had fallen asleep on his chest, her mouth lightly open. Luks: "this is more important to me.....you guys....I mean look at how cute they are..." Lutha had a thumb in his mouth asleep too... Luks: "I wouldn't give up this feeling for the world. Ndiyanithanda bantwana bam....ngokulinganayo. Nawe mfaz wam. Thank you for the support." Me: "my pleasure sthandwa. You need some rest now....I'll go check on the doors." I got up and went to check if all the doors were locked, windows etc. I switched off the lights and came to bed. Luks: "goodnight baby..." Me: "goodnight babes." We went to sleep.....

Lubabalo sat in bed, thinking.....after he had taken Liya home. Everybody is mad at me now, but for what?! He got up and went to look for Thulani but he had left with Namhla to have dinner. Lubb: "so they gonna all fly away now!" He said to himself. He walked back to the room and took his laptop to start working. He stopped, maybe this is why my friends don't want me around. I'm always working, I value money more than them, he thought to himself. He decided to call Sandile. Saida: "ja sho Lubby." Lubb: "shap awti ugrand?" Saida: "ndi-safe fethu what's wrong?" Lubb:

"nothing why?" Saida: "you never call me unless you need something." Lubb: "ouch, I was just saying Hi tshi suqava..." Saida: "WOW at 21:00 in the evening. What do you want Lubby?" Lubb: "nothing!" Saida: "oh okay....ugrand?" Lubb: "nah ndishap.....wenzanto?" Saida: "I'm chilling noLonwabo and Kusta." Lubb: "oh....und'salute'ele." Saida: "ungazi ngokwakho nje? Nank uLosta bamba." Losta: "khajikele awti s'lapha ku Kusta eMagxaki...sayaz mos?" Lubb: "sho fethu ndiyeza." They hung up. Lubabalo got dressed in his italian imported jeans. A tight vest and sneaker. He wore his new Tag Heuer watch that Demi bought him, he hadn't gotten the chance to give Lukhanyo the identical one. He took a jersey and left for Magxaki. As soon as he arrived he parked his R8 and walked in. The guys were chilling outside drinking. Kusta: "ekse Lubby!" Lubb: "ja kwedin!" Losta: "heh fondin u-scarce yinton dan...?" Lubb: "sispan awti..." Saida: "ei and uyaspana fethu, how many cars now?" Lubb: "aska, its only two tshi." Losta: "iphi enye le yayimnyama?" Lubb: "zanguve fondin? Ei ndajika engcwaben ngala moto." Kusta: "uwoah....ulindele uwinwa kelowa, ndamaz sevela kum....nday'tya ke mna, ndimnika imali ye-busfare." They burst out laughing. Losta: "eye busfare qha?" Kusta: "belindele nto? Losta: "ifana nyan lonto nawe Lubby ufike uy'gcwalisel gqiba kwakho umxelel ba 'uyi wey'" They laughed again....enjoying their night and sharing memories.....

Lukhanyo woke up the next morning and got dressed. Me: "uyaphi babes?" Him: "ndiya egymin boo, I just need to work out to release stress...." Me: "okay ke mntu

And somehow, he feels the need to sign for membership.. He walked in and sat on a bench, tying his laces. He picked up in each hand to start and it was too heavy, he couldn't manage, he immediately dropped it. "You should start with 5kg, unless you wanna break you arms." Lukhanyo looked at the guy next to him. He was big. Ezawey zi-fit. Muscle man types. Luks: "uhm....thanks..." He took the lighter 5 kg and started working out.... "Kuthen ngath wenza njee?" Luks: "oh my God please, can you just stop talking!" Stranger: "I was trying to help you." Luks: "what can you possibly help me with?" Stranger: "first and foremost your technique. Get up, uye kwesa stretcher uqale pha. Count for 10...the more you get used to it. Ungongeza." Lukhanyo decided to try it out. He walked to the other side and started with the exercise. After quite a while his arms burnt. But pain was what kept him going... He stopped and rested for a few minutes. Then started working out. Lukhanyo asked for the guy's help. He came over and helped. "I wonder ndizobhathalwa na....cuz I must now stop what I'm doing." Luks: "yeka ke." Stranger: "ndashaya fethu.....gama ngu Anda." Luks: "Luks." After 2 hours of working out they left the gym. Anda drove off as Lukhanyo went into his car. He checked his phone. 16 missed calls from Ta smig and a message: "Lukhanyo! Call me ASAP. shit just happened!" Lukhanyo's heart pounded over his vest. What the hell could have gone wrong?

Chapter 307

Lubabalo woke up and looked around at the unfamiliar surroundings. "Baby..." He muttered. Then got up, he sat on the couch. His head was pounding, body aching badly. His back was even worse. Sandile was on the other couch. Two girls lay on the floor. One woke up. Girl: "hi..." Lubb just stared at her. She went to the fridge to pour some juice. Girl: "you want some?" He shook his head, it felt like there there bells inside it. The girl came to sit down, looking at him. Lubb: "und'jonge nton?" Girl: "nothing." She looked away. He slid back in the couch and fell asleep. 2 hours later

woke up and stumbled out the couch. Sandile was still asleep. Lubb took his keys and wen to his car talking to himself. 'Heee, uph na lukhanyo? Und'shiya njan apha? Khame ndom'khangela noba ilele le...ndamaz ngolala.' He thought to himself.....he forgot what had happened between them. He got in his car and drove to eFord. Got out the car and walked to the door, falling and stumbling. He sang softly. "Lukhanyoo....khanyi khanyi.....vulele...." He got to the door, holding on to the wall and knocked. Lukhanyo opened and helped him in. He dragged him to the spare bedroom and lay him down. When Lubabalo opened his eyes, seeing Lukhanyo the memories rushed back, he shouldn't have come here. He remembered the fight. What he did...his body cringed at the thought. How could he even think of slaying his brother. Lubabalo closed his eyes.. Lukhanyo got up and walked out the room. Luks: "babey...cela headache pills. Wenza lawey to cure hangover ne." I gave him the pills and went to make a banana and kiwi fruit shake. I gave him the glass and spoon, he went to Lubabalo and fed him. Even though he was half asleep he swallowed. Lukhanyo put a cover over him and he slept. Luks went to shower and dress. I walked into the bedroom as he finished. Me: "I'm proud of you baby va.....you're truly the boss..." Luks: "hay wethu baby....yathand undenzi King endingeyiyo ke wena. Thank you love. For being my personal mascot." Me: "pleasure..." Luks: "I can't ignore him forever, bendi-wrong and I acknowledge that, look at him...I know he can't survive without me, I can't let him down. Yambona phof kuyo yonke ayenzileyo last night he drove straight here? I'm sure naye ulibele...I just thank God he's safe...angahambi babe, umjonge." He kissed me and left for Kwa Dwesi to Ta Smig.....

Lukhanyo went straight to Ta Smig. Luks: "what's going on!?" Ta: "fondin, Ludwe uvukile!" Luks: "whhaat? Didn't you say he was brain damaged or something!?" Ta: "suphambana lukhanyo! Kand'thethelonto mna. We need to take care of him. Uchanwe kwi jaws, so his mouth is still wired shut. But the moment ikhululwa lanto he'll start talking! MUST I finish him off!?" Luks: "No. Myeke." Ta: "nxilile kwedin! This boy is gonna sell you out! Kuzophela ngawe!" Luks: "somane ngokwenza lento oko Ta Smig? Like honestly? Akhule uchumani apha adibane nomtana ka Ludwe enale vengeance naye? He got up and walked out to his car. He drove off. Ma: "Smilo!" Smig: "ewe sisi?" Ma:

"better take care of la ludwe, I can't let my son go to jail for la nja ka masixole!!" Smig: "okay." Ta smig went to buy a small bottle of poison. It takes long to kick in...starts off by shutting down your organs one by one. Nice and clean. He called Thandiswa(ludwe's aunt). Only family could go in there, so he needed her. Thandi: "hello?" Smig: "hey beautiful...been thinking about you..." Thandi: "nyani? Well, uzand'bona nini?" Smig: "funa nin wena?" Thandi: "now...." Smig: "well I'm on my way then, sugar foot..." She giggled over the phone like a teenager and hung up. Ta Smig went to buy yogurt and other liquid food. He bought Thandiswa a chocolate and biscuits. Then drove to her place. He parked neatly and went in. He knocked on the door. Thandi appeared, wearing a nice dress. he entered.

Smig: "hey..." Thandi: "hey..." Him: "this is for you (chocolate and biscuits.) And this, is for your nephew es'bhedlele..." Thandi: "that's so sweet of you....yuuh, sana andiy'thand noy'thand ke mna yogurt so I'll take it to him this afternoon. Uzoy'seliswa nge straw" Ta Smig had injected the poison in the yogurt on the way there. Thandi: "so.....what you wanna do?" Smig: "anything as long as its with you..." They sat on the couch... She reached over and kissed him. Thandi: "sorry about the last time, its not every day a person walks into this house and kisses me. It came as a shock..." He kissed her back and held her...she got on top of him. Smig: "hayi ima! This was not what I intended...." He lied... Thandi: "you don't want me?" Smig: "suy'thetha lonto alok babes njena, I do want you....and'fun bengath ndenza lento ndik'shiye...." Thandi: "I'm not expecting you to stay forever if that's what you mean...." He pulled up her dress and took off her underwear..... "Awusemhle man...." He put her on the couch and kissed her thighs... Smig: "you're my mini haven....mhh....." Then kissed her lips.....taking off his pants, he put on a condom and entered her...she was dripping.... "Yuuuh baby...." He went in and out....sucking on her breasts. The couch moved and screeched on the floor..... She: "yonke baby...." She moaned... Him: "are you sure?" He dug in deeper and she screamed....Smig laughed and shook his head.....she held onto him, her body shaking....then went stiff, like she was having a seizure...he released and pulled out. Him: "awuvalanga nase mnyango undinxamele qha." Thandi: "kunin ndik'bawela..." She got up and went to lock the door. Smig: "nyan na lovey? Alok baby ndiyasebenza mna...." Thandi: "didn't you say you got out the military?" Smig: "yes boo, but alok that doesn't mean sizophola. Tell me more about you family." Thandi: "yoh baby wethu, my real family is here...ngu sister lo wam qha...yaz her husband's been away and coming back nam bizond'phambanisa lonto." Him: "husband? Utshatile?" Thandi: "ewe babes, he went into hiding, Masixole alok...he told us to pretend he died because of i-enemies zakhe. Mntu wam ungay'xeleli mntu ke lento....please. He comes back once a month...to

check up on her..everybody thinks he's dead."oh fuck, really now? Smig: "yoh, hay sthandwa sam, soze ndiy'xelele mntu ke le....its our secret va?....ndiyak'thanda mna.....and I'll protect us from anything...ungabina worry." Thandi: "nyan? You really mean that?" Smig: "of course I do....." He looked into her eyes..then pursed his lips on hers... Smig: "didn't I show you enough? Let me show you one more time ndibuyele msebenzin...." He lay her back on the couch and took out another condom.....

3 hours later....

Lukhanyo sat in his lounge with Lutha. Watching ESPN. It was almost 16:00 I got ready to go fetch Chuma. Lubabalo still asleep, Luks checked him every hour to make sure he hadn't choked or died. Me: "you are really fussy....ungaske umvuse nje baby?" Luks: "and then ndithin kuye?" Me: "I don't know, say hi.....make him food he hasn't eaten the whole day." Lukhanyo got up and started cooking, he had Lutha in a baby carrier on his chest to keep him company. I went to fetch Chuma and called Thulani and Namhla over for dinner. At home, Lubabalo woke up and went to the bathroom. Washed his face and came to the kitchen. Lubb: "I shouldn't be here, I don't know what I was thinking. Sorry." Lukhanyo just looked at him. Lubb: "siphi stixo semotwam?" Luks: "khahlale pha phantsi lubabalo, you can't leave without eating or bathing. Qala uyovasa...you smell like struggle." Lubabalo hid his smile..and went back to the bathroom to take a shower. Lukhanyo went to take out fresh clothes for him and went back to finish cooking. Nothing fancy just curried rice with the 3 peppers, roasted chicken and potato, green peas and pumpkin with a hint of cinnamon spice. After he finished, he dished up for Lubabalo. Thulani and Namhla came in. He dished up for the entire family too... I walked in with Chuma and helped Lukhanyo with the plates. He walked to the bedroom where Lubabalo was dressing. He knocked. Lubb: "ngena." He walks in. Lutha starts shrieking in excitement. Lukhanyo took him out of the carrier and handed him to Lubb. Luks: "nankoke.." Lubabalo tickled him and he giggled. Lubb: "hey ungasuzi kwedin." When lutha calmed down, they sat on the bed. Lubb: "I'm sorry Lukhanyo. I know what I did was wrong. From the beginning ngendak'xelela...I don't know what I was thinking. I know what you do is who you are, you're a gangster. But lukhanyo you don't deserve to be, yilento nam I don't treat you like a gangster because you're so much more than that. You handle a new Engineering company with absolutely no experience by yourself! Some of us had to go to school for this shit, wena you never got that opportunity but there you are thriving. That's just plain smart and intelligent. Ndothukile as a brother, I thought if you had a problem, you'd come to me. But I shouldn't expect that from you awungomtanam. I understand that now. And

ndizoy'respecter lonto." Luks: "nam ndicelu xolo lubabalo. I should've spoken to you, included you. But nyan I didn't know....hade boet...." They shook hands... Luks: "so I went to the gym." Lubb: "HAH!!! You? Nigga please, inoba usindwe ngey 1 iweight wathi 'a.a I've got a wife that loves me, I don't need this.' " They both laughed, Lutha giggled unknowingly what's going on. Luks: "masiyotya." They got up and walked to the dining area to sit with the rest of the family... Lukhanyo's phone rang. He picked up. Luks: "Ta Smig?" Smig: "found him...." Luks: "who?" Smig: "uMas'xole lukhanyo..." Lukhanyo looked at Lubabalo. Luks: "they found Mas'xole." lubb: "where?" Smig: "in police custody. He's being investigated for fraud. Lying about his existence, and Murder." Luks: "what murder?" Smig: "utata wenu Lukhanyo."

Chapter 308

Luks: "Ta smig, woah...ima apho. We're on our way." He hung up. Luks: "hlala phantsi utye lubabalo. You haven't eaten all day." Lubabalo sat down and ate, Lukhanyo took Lutha from him. He sat down and nibbled his food. As soon as they were done they left. Luks: "baby... Siya ku Ta Smig ne. I'll explain later...." He kissed me. "Love you..." Me: "I love you too." He handed Lutha over to me. And walked out. They drove to Ta Smig at Kwadwesi and parked outside. Walking in.. Luks: "Ta smig. Cela siy'hlaele phantsi lento from the beginning!" They all sat down. Lubb: "didn't you say tata was taken out by enemies?" Thulz: "huh?" Smig: "imani.....your father and Masixole bebezi friends. They fought...a lot up until a day when....." Ta Smig drifted off. He got up and closed the door. He sat down again. Luks: "when what!" Smig: "when masixole forced himself on mama....that enraged uZakes over and beyond and Masixole knew what he was capable of. The last time I ever heard of him, he was shot by uZakes, and burnt alive. But clearly never died. Well that now just popped up." Luks: "but you said, Xolani was behind it!!...wait....." He took out his phone and looked for the recording Lihle had made. They listened carefully. Lubb: "so Xolani no Ludwe knew each other!" Smig: "exactly! Xolani knew Ludwe and his father, Those are the people that helped him kill him!" Luks: "this is just great! Exactly what we needed!" Thulz: "at least kuthwa he's in police custody?" Lubb: "that doesn't mean he's not going to bitch about us!" Smig: "we need to take him out..." Lubb: "ubhanjwe phi? I'll organize it..." Smig: "I'll ask my contact for the details....lukhanyo?" Lubb: "and then? Why you quiet?" Luks: "nothing...." Smig: "don't tell me you're changing your mind about him." Luks: "no Ta Smig. I'm not." Smig: "we're doing this to end it once and for all"

Lukhanyo. Nawe uyayazi lonto." Luks: "ewe Ta, I know..." Smig: "good." Lubb: "and Ludwe yena?" Smig: "I made sure about him." Lubb: "nganton?" Smig: "poison....." Lubb: "won't that trace back to you? Hence he's in ICU" Smig: "that's the thing. Akazoy'tyiswa ndim....." He smiled.....
