Its now Monday and I have an appointment with doctor Smith, yep I am aborting I can't keep this pregnancy I mean there is a lot at stake here my future, my relationship with my mom I cannot afford to lose that not everything that woman has been through with me so yeah am killing the foetus...I haven't seen my mom since Friday evening she's been locked up in her room, am guessing she doesn't want to see me

After taking my shower I went to the kitchen to make my self breakfast I found mom sitting on the high chairs having breakfast the English one at that...I went in she just gave me a look then focused on her breakfast again..eish!

Me: morning mama

She ignored me

I took a deep breath then made myself a cereal I sat down and ate in silence... After eating I rinsed my bowl went to my room to fetch my

bag then I returned to the kitchen mom was still there

Me: mama am going to the hospital

She ignored me again

Me: I uhm I have an appointment with doctor Smith... I am terminating the pregnancy..

Yhuu now that got me her full attention

Mom: what??

Me: I said am going to the hospital mama to do an abortion

She clapped her hands

Mom: wow so you planned this whole thing..

Huh

Me: haibo mama nothing was planned here I told you it was a mistake so now am rectifying it

I was getting irritated

Mom: you even have the nerve to raise your voice at me? Hee hay you've really grown shame

She stoop and went to the lounge I followed her

Mom: just go kayise do whatever you want its your body after all

Me: mama please don't do this..ndiyakucela

Mom: what do you want me to do ke ntombi

Me: mom I can't keep this baby if its gonna cost me our relationship

I was now sobbing

" i'm sorry mama I can't say it enough but i'm really sorry I never meant to hurt you like this ndiyakucela mamyrha please forgive me" she looked at me with a straight face

Mom: you go kill that baby and don't bother coming back to my house you hear me?

Haibo am confused kengoku

Me: what's that supposed mean mama

Mom: exactly that

She left me right there confused as hell I
decided to go to my appointment

Am now at the hospital in doctor Smith's office

Doc: morning miss nombewu

Me: morning doctor

Doc: so you were serious about the abortion

I sighed

Me: I don't know anymore doc I mean my mom
is confusing me one moment she hates the
next she wants to keep the baby

Doc: and what do you want

Me: I don't know doctor I really don't

Doc: okay let's perform an ultra sound then we'll take it from there

I got up and lied on the bed she did her thing I told me to look on the screen I didn't see one single thing she showed the only thing that made my heart jump was hearing the heartbeat Yhooo it was amazing I couldn't stop smiling for a second there I forgot about the world and focused on my baby's heartbeat, best feeling ever I tell you we got done and went back to the desk

Doc: so how do you feeling after that

Me: amazing doctor I know it's wrong but I'm excited about this

She smiled

Doc: pity we're killing it

I looked down as tears welled up in my eyes

Doc: let's get going then

She stoop up and went to the door quickly
stood up and stopped her

Me: no no please I don't wanna do it anymore

Doc: are you sure about that

Me: yes yes please am sure

She went back to her sit

Doc: okay if that's what you want then

Me: it is..

We continued talking she gave me a
prescription of vitamins and I booked another
appointment and went out I passed by kfc and
bought my self zinger and a krusher then went
home as usual mom was not there she
probably went to her friend I decided to watch
some tv

I might have fallen asleep because am woken up by my mom shaking me lightly I yawned and sat straight

Mom: so how did it go

Me: I couldn't go through with it not after I heard the heartbeat

She nodded

Mom: okay so everything is fine right?

Me: yes everything look good

We kept quiet for a moment

" what happened kayise " mom broke the silence

Me: it was a mistake mama

Mom: I know but tell me everything how it happened and where

I took a deep breath and started narrating the story to her

She had tears in her eyes

Mom: ohh my baby am sorry I should have noticed oh my god what kind of a mother am I

Me: its not your fault mama I should have listened to you

Mom: its gonna be okay baby am here with you and am glad you didn't abort we will raise the baby together okay? And that son of a bitch will get what's coming to him

Me: hay mama don't do anything you will regret later please

Mom: okay but karma will get him

I laughed

Me: yes now let's get me and strawberry fed please

Mom: as for strawberry

We laughed and went to kitchen. After supper we went to sleep since I was tired I said a lil

prayer before I slept thanking the lord for blessing me with a mother like mine and for my unborn strawberry

Few months later

Soso left for Jo'burg to further his studies I was so heartbroken I even cried, I was seven months pregnant and I was huge with swollen feet and of course my dear mom was with me every step of the way. But right now I couldn't wait to deliver strawberry and get my figure back yhuuu

Excuse the errors

I am now almost 8 months pregnant and I am as huge as a whale I can't wait to pop strawberry out and get rid of the baby fat (sigh) so today I decided to take myself out I need some fresh air I've been cooped up in this house for as long as I can remember

I woke up did my hygiene process and decided to wear my peach short sleeved dress it goes just above my knees and my black sandals...I finished eating my breakfast then I was out I opted for greenacres mall since its the closest...I did a lil baby shopping and for myself of course then I went to the salon to do my hair I did straight cause I takes only 1hour I got done went to mc'D for lunch placed my order then sat

down as I was waiting for my meal someone cleared their throat I looked up to find a coloured guy looking all sorts of handsome "Hello" he waved his hand

Me: Hi

Him: how are you?

Me: am good thanks how are you

He smiled revealing his right dimple maigot!

Him: great you look beautiful

Me: thanks you don't look bad yourself

He chuckled

Him: uh..you still remember me mos?

Hell I didn't

Me: nop

I said ashamed

Him: wow remind me not to help you again

when you're left hanging like the last time

Haibo

Me: the last time

I was really confused

Him: the guy that helped you when Buchule
threw you out of his house

Shit!! Now I remember

Me: god it was you.. Am sorry I was not in the
right state of mind that day am really sorry hey

What's his name again

Him: its cool am used to that anyway

He tried to walk away but I quickly stood up and
stopped him

Me: sparks hey am sorry I didn't mean to offend
you

His eyes went to my tummy and his mouth
hung open

" please forgive me" I made puppy eyes even my mom couldn't say no to them

Him: fine I'll forgive you if you buy me lunch

He smile weakly his eyes not leaving my tummy

Me: okay come let's sit down

We sat down ordered his lunch

Him: I see you're expecting

Me: yeah I am

Him: I guess congratulations are in order then

Me: thanks that's means a lot coming from you

I faked a smile

Him: so whose the father

Our food came and we started eating

Me: I'd rather not talk about that

Him: he left you isn't it

I felt tears threatening my eyes but I blinked

them away

Me: not really

Him: what do you mean

I took a deep breath

Me: it was a stupid one night stand

He burst out in laughter

Him: you? One night stand? Oh please try another one

I remained serious

Me: you see this is why I didn't wanna talk about this

He stopped laughing

Him: you're serious

Me: yes

Him: iyhoo i'm sorry I thought you were joking

Me: haha turns out I didn't

Him: eh! So does this guy know that you are pregnant

Me: no and I'd like to keep it that way

We finished eating and I paid the bill then we walked out to the parking lot

Him: why I mean he has every right to get to know his child

Me: if he wasn't a dog maybe I'd consider telling him

He looked at me for a while

Him: he really broke you huh?

Me: in a way no one has ever broke me that guy broke my spirit sparks I don't think I'll ever forgive him

Him: what really happened

Me: well he took advantage of a drunk person but according to him we had an agreement

Him: now thats hectic stuff...am sorry hey

I smiled

Me: it's okay am fine now as long as I don't ever see him again

We reached the parking lot he offerd me a lift and I agreed he started the car and drove slowly as we were chatting and laughing I must say he is a very funny person shame when reached my house he parked in front of the gate luckily my mom was not home yet

Me: thank you uncle sparky I had a great time

He smiled

Him: its a pleasure nana...I hope we can do this again if you don't

Me: absolutely

We exchanged numbers

Him: err ntombi?

Me: yes?

Him: can I ask you something... Its personal

Me: yeah sure

He hesitated

Him: is uhm...Buchule the guy you were talking about

I looked down and nodded

"That bastard" he cursed

Me: its okay sparks am over that now

Him: he needs to be taught a lesson he can't just walk over you and gets away with it

Me: sparks please I don't need the drama I only have one month before I give birth I need to take it easy please

He sighed

Him: fine but i'll give a peace of my mind

I laughed

Me: okay go ahead but don't do anything stupid okay?..phela my strawberry needs you to spoil her

He laughed and touched my tummy something weird happened I hissed

Him: are you okay? Did I do something wrong?

He had a worried look on his face

Me: no I think my baby just kicked

Yhooo you should have seen the excitement on his face hahah we continued chatting till he had to go back to work nam I had to rest

2 months later

I was now 9 months pregnant and ready to pop any minute. I must say sparks has been a great

friend though my mother didn't like him he was there for me called me everyday took me out for lunch and movies and I enjoyed his company... My mom has taken a leave from work she said she wants to hold my hand when I give birth I couldn't be more happier...

So today is Sunday the 28th of September mom and were chilling outside under the shadow when I felt the urge to piss I struggled to get up due to my huge tummy

Me: mom please help me get up I need the bathroom

She laughed

Mom: oh shame my poor baby can you give birth already I can't stand seeing you like this

I managed to stand up just as I was about to walk I felt warm liquid between my legs I looked down my eyes widened my eyes

Me: mom is it normal for a pregnant person to

piss on them selves

She quickly stood up and came up to me

Mom: okay my baby I need to stay calm okay " I
nodded" your water just broke baby

Whaaaa I suddenly got scared

Me: mom please do something I can't give birth
now am scared

I was now sniffing

Mom: bhabha relax okay? You gonna be fine
come let's walk to the car

We walked to the car she took the baby bag and
everything then we drove to hospital when we
got the nurses came out with a wheelchair and I
was taken to marternity room my mom was right
besides me

I was now in pain and unbearable I was crying

Me: mom please tell them to take the baby out
ahhhhhh I can't take this anymore pleaaaaase

Mom: baby look at " I did " now breath

We practised the breathing ntozz I was a lil bit calm now but the pain got I couldn't take it anymore and this stupid doctor kept saying am not there yet I wanted to kick his balls eventually I was ready

Doc: okay miss I need you to work with me okay when I say push you push "I nodded" okay in a count of five.. 1..2..3..4..5..push

"Ahhhhhh" I pushed

Doc: again 1..2..3..4..5 push

" ahhhhhhh" I was now losing energy

Doc: you're doing good miss now let's do it again.. 1..2..3..4..5 push

" ahhhhhhhhh" and it was lights out for me

My mom shook me lightly I tried sitting up straight but I struggled she helped

Mom: hey how are you feeling?

Me: tired

Mom: that's understandable.. You did a great my baby you delivered a strong baby girl

She had tears

Me: can I see her

Mom: yes..here she is

She handed her over to me I don't know what happened but I got so emotional and cried

Mom: it's okay baby the worst is over now let's focus on our strawberry okay? Mommy is here baby every step of the way

She kissed our foreheads

Me: thanks mom for everything you really are

one in a million I'll forever be grateful

Mom: you're my one and only baby kalok even though you made me a granny at such an early age

We both laughed

Me: wow she is so beautiful my little strawberry

Mom: OUR strawberry tshii

I giggled

Me: okay ke our strawberry... So what are we naming her

Mom: Chulumanco

Me: I love it Chulumanco nombewu..that's beautiful

Mom stayed with us the whole day until they kicked her out hahah she didn't wanna go home. Uncle sparky came to us he was clingy to my daughter lol that was cute though

A week later we were discharged from hospital and sparks came to fetch us shame my poor baby was so loved she received presents left right and center...one thing was short though her father's love how I wish he was here to see his daughter

I was brought back to earth by his voice

"Molo sisi" he said smiling from ear to ear I wonder...

Me: Hi

took her to the bedroom to change the nappy
then came back I fed her some purity then
breastfed her...mom walked in talking

"babies i'm home" she shouted from the
kitchen

"Singapha" I replied

She stopped on tracks as soon as she spotted
Mr handsome here

"Hey baby" said Mr handsome walking towards
my mom

I just sat there and watched

Mom: stay the hell away from me..

She moved backwards

Mr H: aren't you happy to see me

No ways it's quite clear what she thinks of me and am cool with that akhonto ngemini enye wethu. As for that bloody baby daddy whew! What can I say he is still harassing me and am not about to entertain his silly insecurities chh! Imagine

Anyway today is Friday and we just came out of our last lecturer the time now is 15:45, Xhanti suggested lunch so we went to mc'donalds, we were sitting there waiting for our order

Xhanti: still not talking to your mom

Yeah he knows I kind of told him I sighed

Me: yep

Xhanti: haibo Ntombi don't you think you've punished her enough

Me: its not about punishing her X I just have nothing to say to her you know

Xhanti: at some point you have to forgive her Ntombi she's your mother after all

Me: I know man it's just that i'm very disappointed in her I mean she's my mom how could she say such horrible things to me

He sighed

Xhanti: I don't think she meant it that way though

I shook my head

Me: X you were not you didn't see the way she

looked at me

Our order came and we dug in

Xhanti: I know but just try to forgive her atleast
do it for Chulu

His eyes brightened at the mention of Chulu's
name he really is fond of her and it's kind of
cute if you ask me

Me: okay then I'll do it

We ate our food over a light conversation then
we paid the bill and walked to the parking lot, he
kept on looking at me and just smile I wonder
what's up

Me: stop doing that

Xhanti: what

We were now standing next to his car with him in front of he was looking at me straight in the eyes

Xhanti: you're really beautiful Ntombi

I smiled shyly and looked away

Me: you've told me that a thousand time but thank you

He touched my face and made me look at him

Xhanti: I could tell you everyday

He was now close I could literally feel his warm breath on my face that somehow ignited something to me

Me: we should get going

That came out as whisper

Xhanti: yeah we should

He did move an inch though before I knew he
smashed his lips on I froze didn't know what to
do he stopped and looked at me

Xhanti: did I make you uncomfortable

I shook my head no I was suddenly tongue tied

He chuckled then opened the door for me I got
in then we drove off he dropped me a few
houses away before I could step out he locked
the door and looked at me

Xhanti: baby we should stop before I paralyse you

I laughed and got off him I wore the t shirt then climbed on the bed he also took off his clothes

he was left with his boxers and vest he got behind and cuddled me from behind

He chose a movie a romcom I was so bored phela am into action movies I felt my self dozing off

I felt his hand under the T-shirt massaging my boobs he planted wet kisses on my neck to my jawline I breathed out loud his one hand went down to my cookie he pushed my panties aside I quickly held his hand

Xhanti: relax baby I won't do anything you don't want me to do

He whispered in my ear his warm breath did things to me I found myself nodding

He placed his finger on my clit a soft moan escaped my lips I opened my legs for him he continued rubbing my clit I was just a moaning mess this felt so good he turned me around and

got on top of me he broke the kiss and looked me straight in the eyes

Xhanti: I won't hurt you okay

I nodded "baby"

Me: okay

He kissed me again he took off the T-shirt followed by my bra he trailed wet kisses down my neck to my boobs (thank god I stopped breastfeeding) he took my nipple in his warm mouth I moaned loudly he sucked on it like his life depended on it he paid fool attention to the other one he went down kissing my stomach till he reached my honey pot he removed my panties my heart started beating fast he looked up at me I guess he saw the panic on my face

Xhanti: relax baby I won't do anything you don't want me to do okay

I nodded he kissed me in between my thighs I closed my eyes he reached my cookie then

placed his lips on my clit I ached my back
involuntary he played with his tongue on my clit a
soft "Xhanti" left my lips he put his middle finger
in I flinched a little he mumbled a "sorry" he
moved his his finger in and out slowly his
tongue not leaving my clit god I was on cloud
nine my body started shaking my toes curled up
the next moment I fell apart he licked me clean
with his tongue then came up to me and gave
me a deep kiss I could actually taste myself in
his mouth he broke the kiss and looked at me

Xhanti: you good

He smirked

Me: i'm awesome baby that was amazing

He kissed my nose

Xhanti: I aim to please mam

We both laughed he got off me then layed next
to me and pulled me to his chest his hand
rested on my butt

We stayed in that position for a while till we were both calm we sat down and kept quiet for a moment I cleared my throat he looked up at me

Me: my lovebug

He smiled faintly

Xhanti: baby

Me: we can take her with us baby please I don't wanna lose you

Xhanti: I don't wanna lose you too baby but we can't do that

I was now crying

Xhanti: dad is a very resourceful man Ntombi he will find us

Me: what are we gonna then

Xhanti: Ntombi I know this hurts but we are siblings whether we like it or not we share the same father

Me: no! He is not my father I don't have a father

Xhanti: he is babe even a fool can see the resemblance between you two you're practically the female version of him

Me: but I love you Xhanti I won't survive without you

I was now kneeling in front of him crying

Me: please baby don't leave me

He stood up and pulled me up and embraced me in a warm hug

Xhanti: baby please don't do this I know it hurts but we will get one day at a time

Me: why us Xhanti? Why did this have to happen to us

Xhanti: maybe it was God's way to unite you with your father

Me: I hate him, I don't want him anywhere near me as far as i'm concerned he is dead to me

He made me look at him

Xhanti: you don't mean that

Me: trust me I do

He just continued hugging me till I was calm we pulled apart

Xhanti: I have to go now

Me: okay

Xhanti: take care of yourself Ntombi

I stood on my toes pulled him by his neck and smashed my lips on his he held my waist and kissed me back the kiss was emotional it was clear we were saying goodbye to each other I broke it and looked at him

Me: I love you

Xhanti: I love you too

I attempted to go but he held my arm

Xhanti: let me take you home

Me: thanks but I'm good

Me: must be nice huh?

Mom: baby you're back

I walked to Luxolo and snatched my baby

Luxolo: Ntombi we really sorry for the way things had turned out if I knew about you earlier I would have introduced you to your other siblings i'm really sorry my daughter I hope you can find it in your heart to forgive me, I would really love for you to meet my family

He looked sincere but I wasn't about to play happy families with him

Me: its okay I forgive you its not your fault that I slept with my brother and i'm also glad I finally got to meet the man that brought me to earth

He smiled nxxx scumbag

Me: however with that said I want nothing to do with you or your family im doing very good without you to me you're not a father but a sperm donor so please stay away from me I'm not your daughter and you're not my father

He looked at me with pleading eyes

Mom: baby you don't mean that

Me: I do mama please excuse me

I walked away and went to my room closed the door and threw my self on the bed with my baby next to me I looked at her and she seemed happy

Tears fell from eyes as I thought of Xhanti and how clingy he was on Chulu, when I first met him, our first kiss, the day we made love I cried till I had no tears I finally dozed off

A few more weeks went by and its safe to say I found a way to let go of Xhanti we were friends now it was awkward at first but we finally got used to it I've never seen Luxolo since that day and i'm glad mom and I were alright and Buchule was my pillar of strength he called me everyday and we would chat till midnight so today Xhanti was taking me home after school Chulu and I were visiting her daddy

He dropped me off in front of the gate I thanked him and hop off I found Chulu with Ma'Rose

Him: its too boring

I hit his chest

Me: hayi ungalinge tahini

He laughed

Him: just kidding mamakhe...but on a serious note she has to take my name so that when we introduce her to the ancestors she can be recognised

Me: is that necessary

Me: royalty

Me: I didn't know you were from a royal family

He chuckled

Him: now you know

Stood before me was an older version of Buchule they looked exactly the same with those bushy eyebrows, broad shoulders, pink round lips the light complexion and those black sexy eyes. Now this is where my daughter get her looks, his mother was also here looking all kinds of classy and sexy in navy simple dress and black tiptoe stilletoes there was a little

resemblance between her and Buchule but his father took the cake

Yhuu I could not believe this me Ntombikayise Nombewu in the same room with the great king Dalindyebo what an honour

I was brought back to earth by Xhanti patting my shoulder

Xhanti: haibo stop gawking and greet the people Ntombi

Me: who said I was gawking

They moved towards our direction with Buchule in front of them he was doing the introductions they stood before my heart was distroying my ribcage ke that time

Him: and lastly this is Ntombi umama ka Chulumanco

His mother looked at me for a while with a straight face

MrsD: and where did get this one bubu

I started shaking

MrsD: she is beautiful

I stifled a sigh

Chulu spent the weekend with her royal grandparents, they brought her back on monday, my straw was growing shame she could stand now and take a few steps I'm so happy I won't have to carry her on my back now

So today I don't have any classes and I have a lunch date with Luxolo hey I'm so not looking forward to that but ke I have to. Anyway mom and I were sitting on the high chairs in the kitchen

Mom: so baby how do you feel about spending a day with your dad

Me: I don't know mama

She brushed my hand

Mom: one step at the time mntanam you'll get there

Me: you don't feel bad?

Mom: no i don't it had to be done sooner or later

I nodded

Me: what exactly happened between you guys

She took a deep breath

Mom: its a long story baby

Me: make it short mom please

Mom: your father and I dated 18 years ago I was still in varsity that time doing my final year we were so much in love baby nothing and no one could separate us until I fell pregnant, he denied ever sleeping with me when my family took me there. Kanti all along umntu utshatile so my family disowned me and threw me out of the house " tears fell from her eyes "

Me: uxolo mama I didn't mean to upset you

Mom: its okay baby that's all in the past now plus I've forgiven him

Me: you're such a strong women mom I admire you

Mom: ncoooh thank you my pumpkin

She pulled my cheeks

Me: really mama? That name again

After taking a shower I got dressed in a short sleeved black all in one and black gladiators put on some light make up and maroon lipstick tied my hair took my sling bag then I was out I said my goodbyes to mom and chulu then left I found him waiting for me at mug and bean as soon as he saw me he stood up and opened his arms I went for a hug and a forehead kiss then we pulled out and sat down

Me: hi

He is well known business man he actually owns a construction company and other businesses

Me: so how did you find out about me

Lux: I didn't know you were around mthatha until two years back I tried talking to your mom but she wouldn't let me see you so I hired someone to follow you to were you live and

that's when I went to your mom's house that day

Me: oh..so is it true that wandiphika

He looked down and nodded slowly

Me: but why

Lux: I was married still am

Me: but you dated her anyway

Lux: well my marriage was not about love but a business transaction

Me: like an arranged marriage

Lux: yeah...you see my father was a very ruthless man if I didn't deny your mother he would have killed her

Me: really

Lux: yes so I had to protect you guys..but when I heard Iwands was disowned by her parents my heart broke but I couldn't help her even if I tried

His eyes were now dark and glossy

Lux: i still hate myself for the hardship she went through all because of me I almost destroyed her future

Me: its okay that's all in the past now

Lux: when my father died I tried looking for you guys every where but I couldn't find you

He was sobbing silently now

Me: please don't cry

My heart was breaking at that sight

After he calmed down he paid the bill then we went out to his car we sat there for a few minutes

Me: I'm sorry I was rude to you the other day I was hurt

Lux: its okay Nana I understand

Me: so does your wife know about me

Lux: yep

Me: how did she take the news

Lux: not so good...she left me

My mouth hung open

Me: oh God I'm sorry to hear that

Lux: its okay our marriage was long dead
anyway

Me: so you're divorced now

He chuckled and nodded

Lux: and wena how did you end up with a kid at
the age of 18

Me: you don't want to know

Lux: try me

I told him the whole story by that time I finished
his jaw was on the floor

Lux: and you're still with him why?

Me: love I guess

Lux: you've been through so much baby girl and I wasn't there to protect you

Me: well you're here now right

He smiled and gave me hug

Lux: and I'm not going anywhere

After our moment he drove me home I found mom and Chulu feeding each other

Me: my favorite girls

Mom: hey baby how was lunch

Me: it was awesome mom yhuu that guy is cool sana

Mom: cooler than me

Me: well....

She threw a cushion on me I caught it laughing

Me: I'm kidding yhoo no one is cooler than my old girl

'Haibo mamakhe I miss you'

'I miss you too love' I replied

Him: like what you see

I bit my lower lip and smiled then walked closer to him stripping my clothes off well the T-shirt and the thong then stood in front of him

Me: I looovvvee what I see

I ran my hands from his abs down his crotch he tightened his jaw, I went down on my knees then started stroking him until he was hard, took him in my mouth and started blowing his brains out judging from his groans I was doing a great job, he shot his load down my throat I swallowed all of them then went up to his face brushed my lips on his

Him: f..fuck baby

He turned me around and pushed me down the bed, my ass was up in the air and my face on the pillows he went in and I felt him all the way to the hilt, somehow that ignited the pain, I screamed

Him: everything okay love

I nodded I didn't trust my voice, he started moving slowly each thrust was deeper and painful but I couldn't stop him after a while we both climaxed and collapsed on the bed right there and then I passed out I didn't even feel him wiping me off

I woke up the next morning he was still fast asleep I went to the bathroom took a quick shower then wore a simple dress and sandals tied my hair put on some light make up then went downstairs to prepare breakfast the pain was back but not as bad as yesterday after the whole English breakfast my yummy husband walked in with her daughter in his arms

We hung up I tossed my phone aside and let put a huge sigh, as I was deep in my thoughts

Buchule walked in with a tray of tea he sat on the edge of the bed

Him: I made you chamomile tea

Me: thanks

We both kept quiet, he spoke after a while

Him: my love, I know this is not the best time but I was thinking, why don't we get a second opinion I'm sure there is something that can be done to save the babies

Me: as in a specialist

Him: yes

Me: I don't know Chule what if we get the same answer, I'm not sure if I want to go through that

He took my hand in his

Him: let's try sthandwa Sam, maybe we can save them please

I sighed

Me: okay I guess trying won't hurt

Him: thanks babe, I'll make calls tomorrow okay

Me: okay

I got up went to the bathroom then did my

business and came back he was not in
bedroom any more, I changed into my pyjamas
then got under covers he joined me a lil later

Its now Monday and we have an appointment
with the specialist doctor, Buchule's father
called in some favours and managed to fly in a
doctor from the UK.

After taking a shower we went to eat breakfast
together Chulu was still at her aunt's place,
thank goodness I couldn't let my baby stay in
this unhealthy situation

Him: baby are ready for today

Me: I can never be ready for these things

Him: okay look mamakhe, what ever the
outcome is we will get through it together okay,

you're not alone in this

Me: thank you Diba I really appreciate your support

Him: your my wife and I vowed to stand by you no matter what

I gave him a weak smile, after breakfast we drove to the hospital we were a bit early we sat in the waiting room

Me: I'm so nervous

Him: me too but I have to be strong for you guys

He kissed my lips, someone cleared their throat when we looked it was the doctor

Doc: Mr and Mrs Dalindyebo?

Me: hello

Doc: I'm doctor Edwards

Me: pleased to meet you doctor

Doc: same here, we can go through

She led the way to her office we got in and sat down

Doc: so what seems to be the problem

We explained everything to her

Doc: okay I deal with situations like this almost everyday and 69% percent of my patients survive it, I'm not gonna lie to you guys this is a very tricky and critical problem but I can guarantee you're in safe hands

I let out huge sigh

Chule: so are you saying you can save my wife and our babies

She gave us reassuring smile

Doc: from what I've seen in your file your scar is not that huge so yeah I'll save you guys

Yhoo my heart felt at ease

Doc: so is it okay if we admit you now ma'am and perform the operation later tonight

I looked at my husband he smiled and nodded

Him: yes doc, the sooner we get this done the better

Doc: okay then let's do this first

She gave us forms to fill in and sign then gave me a hospital gown after changing into the gown she showed us my ward

Doc: okay ma'am I'll come back after an hour to give you the injection so we can start with the procedure

Me: okay thanks doctor

She smiled sweetly then walked out leaving me and my husband alone

Him: I told you baby we can beat this

Me: its still early for that, let's wait till the operation is done

Him: you'll make it

Me: what if I don't wake up

Him: hayike baby uyayimosha ngoku

Me: I've read about this on the internet most people don't wake up

Him: don't trust everything you read on the internet

We continued chatting till doctor came back and injected me

Me: so this is it

Him: yep, baby please be strong for us okay

He had tears in his eyes

Me: I'll try baby

Him: no don't try do it okay

Me: okay

I was starting to feel a lil drowzy now, we said a lil prayer then after that it was lights out for me

I woke up to bright lights shining on my eyes I
blinked a couple of times and I heard someone
shouting for the doctors "doctor! Nurse! She's
awake, Doctor!!

When I looked on my side it was my husband
but my sight was a lil blur

Me: Chule

My voice was weak

Him: baby, oh thank you god, you're awake baby
you came back to me

He squeezed me so tight

Me: not so tight kaloku

He broke the hug and kissed my dry lips doctor
Edwards walked in

Doc: Mrs Dalindyebo, welcome back

Me: hello doc

Doc: you gave us a fright maan

Me: how long was I out

Doc: its almost a week now

Me: what

Doc: yep, we almost switched off the machines

Me: I'm sorry baby

Him: you scared me mamakhe, I thought you'd

Me: im so sorry Diba wam I didn't mean to

Him: its okay I'm glad you woke up

Me: so doctor how are my babies

Me: oh god please don't let my baby die

Doc: its growing slowly than the other one but I'm sure its nothing we can't handle

Me: so all is well now

Doc: yep, you should go home in a few days

Me: thank you so much doctor Edwards for everything

Doc: was only doing my job ma'am

Me: but still you went an extra mile to save my babies, I'll forever be grateful for that

She smiled sweetly then left

Me: how's the princess doing

Him: she miss you

He huffed then held my waist

Him: uxolo kalok baby I didn't mean it like that

Me: well it sounded like that to me

He planted a soft kiss on my lips

Me: just stop treating me like a 5year old okay

He smiled

Him: okay

Me: now go get ready for work

Him: yes ma'am

He went to take shower

I was now close to 7 months pregnant and I must say its been a smooth journey so far with my husband by my side and both our families supporting us I couldn't ask for a better pregnancy, now my only problem is my husband, he spends a lot of time at work he wakes up

early in the morning and comes back almost at midnight, we haven't been intimate in months now and its really hard because I get horny kakkhulu but he's always away

So today I woke with him next to me busy typing something on his phone

Me: morning love

I kissed his cheek

I moved up to him took his phone and tossed it aside then smashed my lips on his I had to have him today yhuu my Virginia has been twitching,

he kissed me back with so much passion and
lust I moved my hand down to his member but
he quickly grabbed my hand

Him: baby we can't

Him: baby its not good for the kids

Me: that's not what the doctor said

Me: is it because of her

He kept quiet and looked down

Me: how long

He tried to talk but I shut him up with a hot slap
that left him stumbling back wards

Me: you two timing manwhore! I hate you, you

I walked down the streets crying, I didn't know where I was going but I kept on walking. How could he do this to me? After everything we've been through, he had to go and do this to me? He keeps on preaching that I must avoid stressful situations but he is the first one to stress me, I can't belive I love him like this

Someone wrapped their arms around me and hugged me tight from behind, I just broke down and cried

Xhanti: shhh..sisi you'll upset the kids

I cried my lungs out

Xhanti: what ever it ease mntasekhaya izodlula

Me: it hurts Xhanti, it hurts so bad

He kissed my head

Xhanti: I know but please don't cry

He wiped my tears and led us to his car then drove to his house when we got in he made a cup of tea then we sat on the couch in silence

Me: he is cheating

I blurted out

Him: who? Your husband?

I nodded and let my tears fall

Me: he didn't even deny it Xhanti, 3 months

I started crying all over again he came to sit next to me and brushed my back

Xhanti: shh its gonna be okay sisi don't cry

Me: how..co..could he...hurt me like this kodwa Xhanti? Am I not enough for him? Or is it because I'm fat now

Xhanti: don't talk like that sis I'm sure there's something that can be fixed here

Me: I doubt

I must have fallen asleep cause I was woken up by Xhanti shaking me lightly I sat up straight

Xhanti: hey, I made you something to eat

Me: thanks but I'm not hungry

I spent two weeks at Xhanti's house he distracted me from my problems it was actually good I got to forget about my marital problems but I missed my baby though

Today we were going to see my gynea I had an appointment with her

After taking a shower I wore my brother's sweatpants his T-shirt and sleepers I looked so ridiculous if you ask me I walked downstairs and found him chasing one of his flings

Me: awukakhuli nangoku na

He kissed my forehead

Xhanti: not in this life time sis

I chuckled and shook my head

Me: go shower I'll make breakfast so long

Xhanti: usisthandwa yeva

Me: I know

He ran upstairs, I made breakfast he came back after an hour we ate then hit the road. My doctor was not impressed by my condition she said my high blood was very high and that could be dangerous

After we spent over an hour at the doctor we went out for lunch at steers I craved their burger

As we were eating one Xhanti's going came to our table

Her: hey babe

Xhanti: I don't think my wife would appreciate

that

She looked at me with widened eyes before running off I literally laughed

Me: you are something else brother

I walked up to my room with tears streaming down my cheeks, I got in and closed the door walked to my bed side and took our wedding picture, I stood there looking at us, we were so happy and in love no one and nothing could come between us, what went wrong? What is it that I'm doing wrong? Am I not beautiful anymore? Is it because I'm fat now? Or ndibandile? Or maybe my Virginia is not soo tight anymore

He got in and stood behind me and held me tight, I rested my head on his chest

Him: I'm sorry baby for all the pain that I've caused you, I know I vowed to always be faithful to you of which I didn't keep my promise, ndicela uxolo sthandwa Sam I will never do it again, please forgive me

I let my tears scroll down freely

Me: what went wrong Buchule? What is it that I

do wrong? Don't you find me attracting anymore
or is it because I'm not so tight anymore

He turned me around and made me face him,
he looked deep into my eyes, for once after a
very long time I saw the man I fell in love with,
the man that stole my heart, the man I trusted
with my whole life, the father of my babies

Him: baby your beautiful inside and out, you
have a heart of gold, you are enough for me I
couldn't ask for a better wife, I'd never leave you

and sexy pregnant wife at home, ndikuthanda

heartbeat minutes later I felt my shoulder

looked up my husband was crying I felt my
heart breaking into million pieces

Him: I'm sorry love please forgive

He went down on his knees and sobbed loudly

Me: shhh its okay love...don't cry

He held on my waist and rested his head on my
bump

Him: I'm sorry...I'm so sorry

He kept on saying those words

Me: baby please stop crying now

I brushed his back till he was calm, I help him stand up and walked him to bed

Me: take a nap it'll make you feel better

Him: sleep with me baby please

Me: I'm not going anywhere I'll be downstairs

He shook his head and brought me close to him till our bodies touched

Him: please don't go

I didn't get a chance to answer, he smashed his lips on mine and kissed so slow and passionate I felt myself getting wet, don't look at me like that tshiini its been a long time kaloku

My hubby on the other hand was very supportive shame, we did everything together from painting the nesury to baby shopping, we don't know the sex yet but my husband is convinced that I'm carrying boys so we made a bet of 1000 lol, all in all ke life is great

So today my mom is coming, she also wants to help me with her grandchildren # sigh, don't get me wrong ne but my mom can be super extra sometimes and I'm not ready for that

Me: baby can you drive to the airport and fetch my mom

managed to make things work between us, I know he was jerk at first but when I got to know him I fell in love with him and there was no going back. We've had our ups and downs like any normal family but we managed to overcome them, so all in all Buchule Dalindyebo was my Blessing in Disguise....
