INTRODUCTION

.  
.

Back then! Growing up as the only child was the best, I always got what I wanted whenever I wanted it. Until my father died, things changed from good to worse, I was only 7 years back then. My mother didn't even mourn my father's death, she always said that "life goes on" , while I on the other side missed my dad.

.  
.

Now i'm just a rural area girl with feet cracks and dry skin . You must be wondering how I ended up being in this situation. Well when daddy died he left all his money to me and my mother, I can't lie and say I got a dress or shoes on his money instead I watched mom spoiling herself and her boyfriends. Yes she

had many boyfriends, I had to sleep on an empty stomach or cook for myself because when daddy died I was forced to do house duties like cleaning, cooking, doing laundry or even scrubbing her back. But when she finished all the money we moved to the nearest rural area we could find(Xhorha) , all because of her boyfriends who used her and ran away when there was no money left.

- .
- .
- .

Things didn't change when we arrived at Xhorha, she had to sell our expensive clothes to people in the village I thought maybe she did that so that we could have food but no, she did that because she wanted alcohol and good time. I had to go and look for food and come back and cook for her.. She would beat me if I did not cook or fetch water.

- .
- .

.

Now I am 17 years old still living like a servant in my own home, i have never been in town andazi noba kunjan. Well mom got another boyfriend by the name Bra Biza who is always there to make my days worse, I remember this day when he tried raping me and my mom walked in.

.

Bra Biza: thank you for for saving me baby, this hoe was trying to force herself to me.

.

.

Believe me I tried explaining what exactly happened but mama gave me a strong beating before I could utter a word and asked me to go fetch water. I thought she loved me, I thought she would protect me because i'm her only daughter, but No she look at me in disgust and hate. Ndimenzeni? I don't know.

.

.

My Name is Anelisiwe Majeke age 17 years old and this is my story.

"Why do you always fight me" said the king

me: I don't want to get married that's all i'm not fighting.

King: You have to, soon i'm going to step down and you are next in the line.

me: I'm not ready

King: ndiphuphe utatam

me: oh no! when will he rest in peace

King:he believe it's time

me: Well tell him i'm not ready and i'm not getting married anytime soon.

King: He said-

.

.

I hung up, I was so tired to even care about marriage or being next in the line. I called one of my guys I needed to party.

.

.

Him: ja

me: call the guys we going on a cruise, also organise bitches

Him: i'm on it

.

.

I hung up. My name is Zenande Mabija age 24 , I own "Mabija and Associates" I am an Advocate there also a CEO at Mabija Incorporation my father's company of course, of which I didn't even want to be involved in but since i've got a controlling father I had to leave my company and shift my attention to his company.

But I still go to court when i'm needed, I am also doing other illegal things. I sell diamonds, cocaine, weed, pills and guns(i got shipments from China), I bomb ATM's , Rob banks, I have a club for strippers and prostitutes. You will know what I do to them as time goes by. I am a girl yes a very bad one I grew up playing soccer with other boys, going to hunt with them, swim in dams. Yes my father is a king but I didn't want to be stuck at home with so many toys for only one person although my father wanted me to be a real girl like have dolls and all those pink stuff but no thank you.

.  
. .  
.

I'm the first born kumama I have two younger brothers age 19 and 10. I grew up into girls although my father tried to fight it but it's who I am he ended up saying I should now bring a wife home. I'm not a relationship person I don't want to fall in love and then when I want to get married my father and my

late grandfather will disagree saying I can't marry a commoner. I have 6 friends yes 6 one of them is my right hand man "Xolani" he is also a prince at Idutywa kwa King Mlilo. We are all gangsters we started when we were in varsity.

.

.

Again I am Zenande Mabija this is my story.

I am Xolani Mlilo 25 a Prince kwa Mlilo at Idutywa, I am the only child soon to be a king. I am a Captain amapoliseni and also a gangster, well i'm also a CEO at Mlilo Incorporation my father's company. This is my story.

Everyday I wake up with a torn heart as I watch my peers, going to parties and having boyfriends and going to parties.

The only person who is supposed to love, care and protect me against anyone who would harm me, is the one who is putting me in harms way by treating me

like a slave in my own home.. I have created a place in my mind where I shut everything out of this world and dream about a life I imagine myself living in the

future and in all those dreams I get waken by my mothers shouting.

Her: yey wena kutheni usalele elixesha uthi ndiphunga nini?

Me: ndyavuka mama uxolo Ngoba late.(i'm waking up mama i'm sorry for being late)

Her: ufanele kalok uvuka late kuba ulala okwedikazi elidala eselinabantwana.

I took the bucket to fetch water from the river mind you it is 5 o'clock in the morning.

The reason why I go to fetch water in the morning is because umama akaphungi ngamanzi ebelele endlin..

I returned from the river and put the water down and started with my daily duties.

Zenande \*\*

Damn what an epic night last night I had two girls on each one of my shoulders and I always enjoy this kind of treatment as I am royalty and I am rich so girls literally throw themselves at me...

I moved them from me and went downstairs to check on my guys and they were all up hung over as fuck..

Me : ola majita(greeting)

Them: exe bozza.

Me: nelele grand? (Slept well?)

Them: ja eish silele kamnandi.

As you all know I have six friends namely: Xolani, Luvo,John,Sizwe,Mzukisi and Lwando...

I am very close with Xolani and John.

In the midst of us having a good time and having a good laugh about the events of last night I get call from my father the great king.

Me: tata

Him: Zenande kufuneka nge weekend ubuyile sizoyo lobola.

Me: andizi and wamlobola uze uyazi uba ngowakho andzuba namfazi mna.

Him: andzube ndixoxa nawe ubuya qha nge weekend.

Me: andizubuya ngcono ubone uba wenza njan..

He dropped the call, nxa yehake lotata andifuni kutshata mna andikonele kudla intsula tshin yena ufuna undikhupha kolungaka ulonwabo. I went back to my guys and I told them everything that is going on and we decided to pay no mind to it as it is not going to happen...

Me: John kakade ude wamfumana lamfana ubuthe uyamfuna? (John is gay and he is a top)

Him: Nah but ndsamzama uzondazi kakuhle mna ndingu Dlamini kayi 1 akukho mntu ofunwa ngu John aze angandifuni.

.

.

We laughed, he calls himself Dlamini because he wants to fit in.

.

.

Me: we have a shipment today

X: what time?

me: 03:00 am

X: let's prepare ourselves

Me: let me throw eza bitches kula room

John: better throw them out you going to have a wife soon.

.

.

I gave him a dead stare, they laughed. I went to the guest room and threw those girls out and gave them each a stack of money they thanked me and left. I took a quick shower and wore my shorts and vest I looked at my arms, I was so fit to be a girl I laughed at the thought, I had tattoos on both my arms with six pack. I went downstairs

.

me: okay what's the plan?

John: we take our shipment no funny business but if baqala ingxak we won't hesitate to strike back

Me: who is bringing it again?

John: Some Yuan Lee guy

X: what is that?

me: a name Xolani

.

.

We laughed and prepared for the night, I was sitting on the kitchen counter when I decided to close my

eyes and doze off I could hear the guys calling my name but I couldn't wake up.

α

α

α

\*In my sleep\*.... "Zenande" said my grandfather  
me: really?

him: you have to go home and pay lobola

me: what makes you think I will do that?

him: you have no choice or you will face  
consequences

me: I don't want to marry Anelisa tamkhulu(Anelisa  
is a princess whom my father was forcing down my  
throat)

him: I don't want you to marry her either

me:then who?

him: just a girl who will love you and only you. Go  
home

.

.

With that said he walked away I also woke up from my "nap" on top of the counter :/ .

.

X: grandpa?

me: yes uyamazi nge drama

X: maybe we should-

me: No Xolani we going to take our shipment? is that clear?

.

He nodded, we discuss on last time strategy and prepared ourselves.

☐

Xolani\*\*

.

.

I had a bad feeling about this but knowing our boss ngoba stubborn, I on the other side facing the same problem. My father was calling non stop because he want me to marry some spoilt brat of a queen Onele Jali of the great King Jali from East London. I don't think I will be able to handle that snob they call a princess.

We wore our all black outfits and chew our traditional things that makes us strong and fearful , You know as a gangster you have to prepare yourself in all times that's why we have Mam'Thokozani as our traditional healer and guardian as she always protect us and give us more power.

.

.

Me: ready? (asking Zen)

Zen: yeah

Me: I'm with Luvo and Sizwe

Zen: I'm with Mzukisi

John: then it's me and Lwando

We got in our cars(no number plate and tinted Windows) and drove off.

It was already late I had finished cooking I was so hungry but we don't eat uBra Biza engekho so we had to wait. He walked in drunk

.

him: where is my food? (shouting)

mama: dish for him Aneli

.

I dished up for the three of us and gave them their plates when I was about to dug in

Biza: since when do you eat my food?

me: but-

mama: no buts! Go and sleep you heard him you won't eat his food.

I stood up put my plate down and fixed my mat to sleep since her and Biza use the bed.

.

Mama: Anelisiwe!

me: mama?

Mama: outside

me: ma?

mama: GO AND SLEEP OUTSIDE! ! (shouting)

.

.

I slowly walked out I was used to it wethu so I slept next to the door on the stoep ndazisonga I

immediately felt warm as I felt my imaginary blanket covering my body. Whenever i'm sleeping outside I always feel warm like there is a blanket covering my cold body.

We did manage to get some parts of our shipment although we did not get it all, because of the chaos that happened ,there was shooting everywhere.

Me and the guys managed to get out alive, and I was mad as hell that our shipment ibingaphelelanga.

.

Me: John who the fuck did this?

John: Hayi andaz Zen mfethu.(I don't know Zen)

Me: How the hell can you not know aren't you the one who was supposed to check who will be there and when,,?

John: I did check the coast was clear it was going to be us only kulandawo abayothathal shipment.

Me: mxm, but whoever did this must be found. Now let's go hunting majita..

We took our guns ready to go as we were about to leave I felt the urge to go to sleep immediately, and I knew that's grandfather trying to talk to me..

\*I wonder when will he rest in peace

I told the guys what's going on so we decided to turn in for the night and I went to sleep and as expected utamkhulu was there in my dreams telling me about the girl I am supposed to marry and if I defy him bad things are going to happen to me.

So Tomorrow I have to go and pay Lobola, but i'm

not going to marry some useless girl I don't even know. Like what the Heck!

.

.

Anelisiwe\*\*

Sleeping outside has bacame my everyday hobby I started enjoying it because I felt comfortable than when i'm inside the house. So this night I was sleeping feeling warm as alwas, mind you I don't even know who covered my body with what but i'm glad he/she cared. I kept hearing a voice saying "All is going to be okay", I started having hope thinking maybe Bra Biza is going to die I smiled at the thought.

.

Following morning I woke I did all my duties it was a beautiful Saturday morning.

Mom ke yena was no different than izolo.

.

So I was done I wanted to eat and rest I didn't even eat yesterday. But my mother threw her boyfriend's laundry at me.

Mama: thatha lempahla uyihlambe awuyiboni ukuba imdaka.(wash these clothes, can't you see they are dirty)

Me: kodwa mama yeka Bra Biza nje lempahla.(Mom these are Bra Biza's clothes)

Her : kengoku nguban othe andiyazi? Hlamba lempahla usogqiba uzokorobha kulendlu.(Who said I don't know that? wash it and mop this house)

.

I had already done that but maybe she want me to do it again. I was so hungry I was even dizzy.

.

I took it and slowly walked out I was near tears but I knew I was going to get a strong beating so I held them back.. I bumped into someone as I walked out I looked up it was the King.

.

Me: (bowing down) I'm sorry my King I didn't see you,  
please do come in

Him: It's okay Ntombi :) .. Is your mom home?

me:yes my King please come in (still looking down)

King: thank you Child

.

I excused my self but then decided to listen why the  
King was here.

.

.

Mom: (bowing) My King

king: Ma Miya

Mom: (blushing) what brings you so early in the  
morning? Akhonto imbi?

.

Mom has a huge crush on our king, everytime his  
name pop up her face lights up

.

King: No Ma Miya akhonto sisi, i'm here to ask marriage for-

Mom: You here for me? (giggling) , Biza wait outside please

King: hahahaha No need to go outside, He is the father of your daughter right?

mom: oh you here for my daughter?

King: yes sisi. We here to pay lobola so that she can marry Zenande

mom:the future King? :D

King: Queen/ King andimchani nam

.

They laughed so hard with mama busy fixing her position every now and then

.

King: so here is our Lobola in cash, no we not buying her but we just wanted this done today so that we can leave with her now.

Biza: oh tsi intombi yam madoda.(oh my child)

Mama: ungayishiya ke imali leyo nkosi, uhambe naye kwanguku.(You can just leave the money and take her my King)

king: thank you Ma Miya

.

.

They started ululating, so they just sold me like I am nothing of worth to them , I will be their meal ticket huh? .

I was called into the house and mom told me to pack my things I am to be leaving shortly with the king.

Me: I don't want to get married mama

.

She didn't answer she gave me a dead stare then I knew that she was no going back so I took a bag ( umaskhenkethe), I put all my clothes in there and I was ready to go.

I'm going to start a new life? I have never traveled in my life :/

.

I was worried about my friend I mean at least I know who I am to marry, kodwa yena she has not even a single clue.

I was also supposed to go home and pay Lobola but I didn't and I knew that my father will come and drag me home if needs be so I woke up and went by the pool just to clear my head, about the marriage and the awaiting chieftancy . I arrived to one of our friends Mzukisi...

Me: Tar Mzura.

Him: exe tar X.

Me: ugrand mfethu?(you good?)

Him: Good brah but tired

Me : me too

We chilled there by the pool chatting and laughing about general things and I forgot about my problems for a while.

The others joined us and we ordered breakfast since we don't have wives to cook.

Yes we stay together but we do have our own houses, but we like to stay in a house that we built together..As we were enjoying ourselves I started having panic attacks I tried standing up but I suffocated and lay back again I felt like i'm having a seizure after I could feel them shaking me but my body let go and I passed. I knew that now I was really facing consequences I did not listen to my father and now my ancestors were making me pay.

**\*\*In my sleep I saw my grandfather\*\***

him: awuva Xolani

me: I don't want to get married

him: like it or not you will

me: why are you so controlling?

him: I'm trying to help, you won't be taken serious if you don't have a wife. Now wake up this is your last warning.

I have slept at the palace, what I did not understand is that why the ancestors chose me. I mean i'm just a girl I have nothing to offer the Prince/ Princess, this was freaking me out I am going to marry a girl??

I started praying for this demon how could mama do this to me..

.

The queen walked in looking friendly as always

.

Her: why you sleeping on the floor?

me: I didn't want the bed to be dirty my Queen

.

She looked at me for a while then nodded.

.

her:it's your big day take a bath someone will come and fix you

me: yes ma'm

her: I will dress you because your mom is not here.

me: oh uhm no problem

.

I could feel my heart breaking, this is not how I imagined my wedding day. She showed me the

bathroom.

.

Her: take a bath here(showing me a bath tub) or a shower (opening the shower)

.

my widened. A rain! OMG A rain inside the house! this is amazing.

.

me: I will wash in the rain

her:what? (confused)

me: the rain my Queen (showing her the shower)

.

She laughed and covered her face and shook her head.

.

Her: okay be quick

.

.

She walked out still laughing I was confused,

I was so beautiful in my wedding gown, it was a bob  
cube hugging my thick body very perfectly. You must  
be wondering where I got it or when they took my  
measurements I also don't know everything  
happened so fast, I think my imaginary friend

bought it for me it was a perfect fit. My make up was on point together with my hair. I have this long hair I got from nowhere. You see I woke up this other day with a long hair I was so confused the other night I slept with my short afro but the other day I had a weave (my hair) maybe i also magics now or maybe its my friend. Even my stylist was confused she thought I had a weave that's how long my hair is.

.

.

I was ready to walk down the aisle, I was hoping to see my mother but she was nowhere to be seen. Zenande's mother walked me down the aisle, I had tears on my face what kind of a mother do I have? did she ever loved me? I slowly walked to where my "wife" standing, she was standing there irritated in her suit one would swear she is a guy the way she is so fit amazes me, so small breasts that you have to look properly if they are really there she also have brackets and neat dreadlocks, not short not tall just medium height ..I could see she didn't want this marriage, not that I wanted it. She held my hand and

looked at me I was looking down thank God my face was covered. The pastor started

.

.

Everything went well, we went to get dressed again in our Xhosa attire (Umbhaco) and received our gifts, we had to smile every now and then, we couldn't give the paparazzi something to talk about as they were invited. Every one had to come and see that Zenande is no longer single and she will lead by example with a wife on her side, so says her father. While me on the other hand was hurting, I didn't want this marriage I missed home and my mother, this is not how I planned my life getting married to a girl, starting a new life and going to the city seeing more warm rain (the shower), I had just passed my grade 12 and mama made it clear that varsity is not for useless people like me so i'm not going.

.

.

Everything was done I was in the kitchen with other

servants preparing family supper, we were to leave the following day because Zen was needed at "work". We ate and went to sleep I was so scared to go to sleep with her I started cleaning the kitchen her mother walked in.

.

her: why you cleaning this late? Go sleep you have a long journey tomorrow

me: (bowing) I want to my Queen

her: no Liyema (the name they gave me on my traditional wedding) go to sleep, we have servants just relax

me: uhm okay

.

.

I bowed then went to the bedroom I walked in, Zenande was busy talking on the phone to even care that I was here so I minded my own business, I took my grass mat (ikhukho) that I packed when I was leaving home, I took a blanket and a pillow and slept.

Zenande looked at me and shook her head switching off the lights, I sighed.

Me and Princess Jali got married well but she irritated me that I wanted to slap her so hard. She is a snob, whatever she wants she get it. We were on my room at the Palace it was already morning she was snoring slightly, we are supposed to leave today and I had to eat but my "wife" is half dead dreaming. I pushed her she groaned

.

.

Me: Limise??? (she was given the name Limise)

her: No!

me: you have to wake up we are leaving today

her: so?? (irritated)

me: just get up i'm going to take a shower I want breakfast

her: you have your own hands right?

me: I don't-

her: (cutting me short) Use your own hands bhuti

.

I grabbed her by her PJ vest and looked at her straight in her eyes I spoke in a calm tone

.

Me: You will not talk to me like that i am your husband you are my wife, not because we love each other but because we want to please our ancestors but still does not give you a right to talk to me however you want I will beat you to death

her: just leave me alone

me: you might be a Princess to your father but to me you are nothing I will treat you like shit if I want to

because you stuck with me, I could just chop you into pieces and sell your parts to my Nigerians and daddy dearest won't be here to save you.. Now! be a good girl put on a headscarf and go to the kitchen and bring me breakfast.

her: ye...yes

me:yes Idiot?

her: yes my King

me: good

.

.

she wore her clothes shaking and walked out I went to take a shower and called Zen.

.

Zen: sho X

Me: ja Zen, you good?

Zen: I'm okay just irritated I miss P.E

me: me too, let's just eat breakfast and leave I can't

stay here any longer

Zen: how is the wife?

me: she is a bitch

Zen: hahaha that's Princess Jali for you

Me: she'll be find to me she nothing, so yours?

Zen: you don't wanna know

me: come on tell me

Zen: she slept on the floor yesterday she can't even look at me

Me: hahaha she is shy

Zen: she calls a shower a rain, can you believe it?

.

I fell on floor laughing, A what? Gosh!

.

Zen: bye Xolani

Me: good luck

Zen: Mxm

.

She hung up I laughed and shook my head, A rain??..  
Limise walked in with a tray and bowed down giving  
me my food.

.

Me: thank you

Her: let me take a quick bath so that we can leave

Me: no problem

.

She stood up and headed to the bathroom I called  
her

.

Her: yes?

Me: you have a nice ass :D

.

She ran to the bathroom leaving me laughing I was  
just pulling her leg, or maybe I was not :P .

I called my driver Simphiwe he was going to stay at P.E with us not for me but for Liyema when she wants to go to school or town I won't have time driving her around i'm sure she can't even drive.

.

me: Simphiwe bring the car we are ready

Sim: okay boss

.

Me and Simphiwe grew up together but he couldn't go to varsity because his mom got sick and there was no money for varsity so I begged my father to hire him as one of his driver till I have a wife and kids they he will be their driver. We said our goodbye to

the family, Liyema was crying I didn't have time for that I needed to be in P.E ASAP and see what those little rats (my girlfriends) have been up to. I have 3, Zizipho (I wanted to marry her) she is a Neurosurgeon, Zikhona(Varsity girlfriend but she doesn't want me anymore but no andilahlwa mna) she is a doctor, then I have my little one Mihle she is doing final year in medicine. I met her when she was doing 4th year she had no bursary she was crying because her mother couldn't afford fees so I paid for her fees, I still give her allowance thou till she graduate.

.

.

We drove off after saying our goodbye, Liyema was quiet looking at the window tears falling her face after a while she doze off, we stopped at the garage she woke up.

.

Her: where are we?

Simphiwe: Garage

Her: is this your house?

Sim: no it's not it's a garage

Her: I don't get you

Sim: it's where we get petrol for our cars

Her: oh

.

I shook my head, God help me! . We drove off again with Liyema asking Simphiwe lots of question he was answering every single question shame I had no energy.

.

Me: Simphiwe pass by Spar please

Sim: sho boss

.

We stopped at Spar I gave Simphiwe cash because Liyema didn't want the burger I bought her she wanted chicken or beef stew and bread.

.

Me: eyegusha Simphiwe okay?

Sim: steam bread Madame?

Liyema: ewe bhuti (yes)

.

Simphiwe walked away, I looked at Liyema.

.

Me: Liyema

her: sisi

me: look I didn't want this marriage thing I can see you didn't want it too, so do me a favor you stay out of my problem but I won't stay away from yours.

Which grade you doing?

Her: I passed grade 12 sisi

me: good, I will go to NMU and register for you and I will have your timetable, I need to know what time your class start and what time the last one will out, Simphiwe will be at your gate when you finish attending no going to library because I have a study at home you will it to study if you don't want to be

disturbed. No talking to boys, my wife won't be seen having small talks with boys, I will choose friends for you, but now after your classes go back home. You will go with me to town or Simphiwe and he will not leave your sight even if you going to the bathroom. Are we clear?

.

She nodded eating her nails, Lord I hate that and now I don't wanna snap.

.

Me: Liyema don't nod say yes

Her: Yes I he..heard yo..you sisi

me: Good. Be a good girl then we will be good.

.

She nodded tears falling down her cheeks, My God! I hate tears :/

.

Me: why you crying?

her: I'm not

.

Am I a fool..?? I decided to keep quiet, Simphiwe came back and gave her the food but she looked away, I put my headset and chat with my girls.

As I was looking through the window, tears were just streaming down my face and I couldn't hold them back.. I mean if this was to be my life then maybe I

am going to cry everyday because what I don't get is why is she is this cruel towards me..

And yet I am so hungry for all of this , I just want to eat the food that was brought for me.

Simphiwe: eat your food madame.

Me: (wiping away my tears) I am full.

I don't get why my father decided to marry me off to this ratchet filthy man sitting next to me. I mean he is black and ugly.

.

But what I fear is him having sex with me. I don't even love him for that matter. Let's wait till we get home he is not touching me. We arrived at his apartment I stood there and looked at it, it's not bad but dark yellow isn't my colour

.

Hell we arrived at home. I was so not feeling the girl yerr but since the media knows I am married then I am obliged to teach her the ways on how to carry herself as my wife. But that was going to be difficult as she had her mouth wide open looking at my house and I knew that she wanted to ask Simphiwe but she wasn't going to be able to do that since I was there.

I got out of the car and so did Simphiwe to open for the future Queen \*chuckle \*

.

Me: Simphiwe of load the bags In the car and bring them to the house.

Sim: sure boss. Shall I also put them in the room.

Me: just put them downstairs I'll take them to the room myself.. Liyema let's go.

.

We got inside the house and she just kept looking around like she was lost or something.

.

Me: liyema.

Liyema: Sisi.

Me: let's go I don't have all day.

Liyema: okay sisi I am right behind you.

.

We got into the room, well my room is grey and it has a black bedding.

I gave her the tour of the room and well she was even afraid to move like she was going to break the floor.

But something caught my eye damn she's got a fine ass murr

But she doesn't want bhut'Simphiwe to talk to me , and I have so many questions but I will not ask as I am terrified of her. She smells so heavenly ke yena though and she is so pretty I want to pray for her and I will to stop the demons of loving other women.

We got to her room it was dark and creepy yho I don't even think that I will be able to sleep properly its so dark hell...

.

Me: sisi can you close your eyes.

Her: why?,

Me: i want to lay my hands on your head to rid you of this demon.

Her: what demon nah Liyema?

Me: the demon of you loving girls.

Her: mxm Liyema I won't do that shit.

me: you have to sisi, you don't want this marriage right? so I will pray for you and God will answer me you will find a man

her: Liyema don't test me okay? do I look like i'm possessed with demons?

me: uhm.. no sisi

her: shut up ke

.

With that said she showed me the bathroom and my closet it was beautiful, it was a small house inside the big house that we are in.

She might have not wanted me to lay hands and pray for her but I sure was going to do it noba kunin shame.

She told me that she was leaving and I was scared to be left alone in this house but then I can't ask her

to stay now can I ?

She left . But I will pray for her even if she is sleeping or not here.

Her: yes?

Me: where are my clothes?

Her: oh in the spare room

Her: because i'm using the Main bedroom

Me: Limise we are married we have to sleep together because you stuck with me. Now we have to suck it up and act like a married couple

Her: what? you want me to love your ugly face?

Her: but-

I gave her a dead stare, she quickly undressed slowly I watched her such a beautiful body for a bitch like her, I mean God could have gave someone else this kind of body not her, she is skinny with a medium size boobs and ass, caramel skin, small eyes. She is beautiful but a damn Snob, As she was undressing DzaDzy (my penis) was already excited and I was butt naked, she saw it and started coughing I smiled and gave her water

I was still alone in the house and Simphiwe was nowhere to be seen I was bored, I looked around this huge house that has other houses(rooms) inside it, I can't wait to tell mama back home about this, my heart broke as I thought of her. How I loved her, but I guess she never loved me back..

.

.

As I was busy admiring the house, something rang inside the other house (sitting room), I was confused I looked around.

.

Me: hello who is there!

.

It kept ringing and ringing I looked around and found it (the house phone)

Me: what is this?

It started ringing again, I pushed it, it fell then I heard sisi's voice calling my name. How did she get in there?

.

Me: Sisi! are you okay?

Her: Liyema listen-

Me: Ain't you suffocating there? is it dark? OMG how am I going to help you out this thing is so small, I'm sorry sisi

Her: (sigh) Liyema this is a damn phone, don't you know it?

Me: No it's not, let me go and look for Bhut  
Simpfiwe hang on

Her: No! Liyema I wanted to tell you thay I'll be home late

Me: so you will come out of this later?

Her: Yes

Me: can you breathe? this thing is so small

Her: yes I can Liyema now bye

Me: I will cook

Her: whatever

.

She hung up, How I wish I could get in this thing to but i'm afraid I might suffocate. I went to the other house (kitchen) and look for food I opened this silver thing it had two doors.

.

Me: what is this?

I opened it, it lighted and there was lots of food, but why is it cold thou? I took out chicken I recognized it and took a pot since I couldn't find the black one here I put the chicken in it.

.

I took a bucket and went outside I think I saw a river here (the pool) I went to fetch water outside in the

river, Such clean water! Maybe cows did not come today, I put the water inside the house and walked out again I looked for woods I needed to make fire so that I can cook.

I found them in the fire place(where they braai) I dig a small hole next to the garden and put woods there then I started making fire.

.

All was well I put the pot in my fire and relaxed, Sisi will eat when she comes back :)

I turned my car around and faced them i started shooting with my car going straight to them, their driver stopped but I didn't I shot their tires and the car started spinning off the road it rolled twice.  
Xolani arrived

.

X: you okay?

Me: let's go and check

.

We went to the car, I didn't know these faces I took one of them

.

Me: who sent you?

Him: I tell you shit!

I shot his leg, he screamed in agony I pulled him up again

.

Me: don't test me, if you want to be alive tell me who sent you

Him: I still tell you nothing

Me: take him to the car we driving to Beach View with him

X: sho boss

.

I looked at these two left

Me whoever sent you has mess with a wrong guy, you know? but unfortunately I won't spare you your life

I shot them in their foreheads and walked away, luckily it was already late so there only few cars ku highway. I went to my damaged car and drove behind Xolani, we called the boys to meet us at Beach View (it's our safe house, we all bought it), I used the tunnel to drove in not the main gate incase someone is watching us. I parked the car also the guys arrived.

.

.

We were in the basement with this guy.

Me: still not telling me who sent you?

Him: forget it!

Me: oh okay, tough one huh?

I took my blade and went to his chest I peeled his skin slowly, He screamed I didn't stop

Me: take his clothes off

They did, I looked at his penis and laughed

Me: such small penis for a tough guy like you

X: maybe we should take it off

.

I laughed and sat down the guys joined me, after a while I stopped and gave them my evil eye. They immediately stopped

Me: still not telling me shit?

Him: please please don't kill me

Me: oh well still not talking

.

I held his penis and took my knife, without thinking twice I cut it off he screamed in agony

Him: Ricardo! it's Ricardo

Me: Stupid ass you rather die just because of a damn name

Him: aaaah! please help!

Me: too late.. Where is he?

Him: out..outside town, there i..is a warehouse if you take the highway drive

John: ( to the guy) give me your phone

.

he took it out, John took it and was busy on his laptop, I looked at the guy

Me: don't you wanna pray before you die?

Him: bu..but you said you won't kill me

Me: I have cut your penis and you bleeding, so you think you're going to survive?

Him: please

Me: now let's bow our heads and start praying for this thug in his journey to hell.

Him: but-

Me: BOW YOUR HEAD AND PRAY!!

.

He jumped and quickly bowed his head and prayed, I took "Izembe" lam and cleaned it slowly while he was still pray

Him: Lord please forgive my sins-

He didn't finish his pray I cut his head off and it went to fall next to one of the guys Luvo, they all looked at me shocked they have never seen me cut someone's head off, I cleaned my weapon and looked at the guys who stared at me in disbelief, even John has stopped tapping his laptop

.

Me: call the guys to clean this up, y'all leave and go take your wives or girlfriends bazohlala apha we don't have time, then later we going to hunt Ricardo. Okay?

X: uhm sho boss

Me: Luvo don't faint please

With that said he fell down, I understand the guy's head was next to his feet, Luvo is the weak one in the group.

Me: wake him up and let's leave now before Ricardo strike.

.

Zenande walked away with the guys I was left with the girls I could see some didn't like me. They introduced their selves as Pandora and Bucie( best friends, age 22) they are friendly and loud, Sbahle, Snazo and Limise( the snob princess) they are my age but the way they looked at me said it all they didn't like me. Then there is Miranda the Zulu Princess she is 21 she is the quiet one. I sat next to her she smiled I smiled back.

Pandora: so do you drink?

Me: no thank you

Pandora: but you will need a drink in this life you live in sana

Me: no i'm good

Bucie: where did you meet the scary Zenande?

Me: uhm arranged marriage

Bucie: oh wow

Limise: ain't you a commoner how did you get married to the next king

Me: her ancestors chose me

Limise: A commoner? pshh confused ancestors huh

Me: maybe

Limise: this life you living is for girls like me a Princess, you are supposed to be married to a commoner like you

Pandora: leave her alone, you call yourself a princess yet you can't even cook for your husband. Stop being a fake bitch

Limise: do I look fake?

Pandora: of course fake hair, fake nails, fake eyelashes, fake make up. Fake Bitch, Fake Fake Fake

We laughed except for the Princess and her lapdogs Sbahle and Snazo

Limise: mxm

Bucie: Fake ass

Limise: don't talk to me like that

Bucie: or what? this is not your Palace girly, here we are all human beings no commoners or Princesses

but just human beings who breath the same oxygen.  
So you better live in this planet we in because here  
you're nobody.

Pandora: absolutely nobody

We laughed as she ran upstairs followed by her  
lapdogs, we high fived and continued chatting.

.

It's been hours the guys were busy with their plan to  
bring their enemy down. Pandora and Bucie were  
tipsy they finished two expensive bottles of wine. Me  
and Miranda were sober, Princess and her puppets  
were still upstairs. I so wanted to take a tour this

house was beautiful with but I didn't like the colour dark grey and shiny black. Creepy AF!

.

Miranda: let's go and cook it's been a while silapha i'm sure the guys are starving

Me: uhm sure

I couldn't tell her I was a useless little dummy, I couldn't tell her I can't use this touch stove instead of embarrassing myself I have to learn I havr got to learn. I couldn't even tell Zenande that I only stop going to school when I was doing grade 1 I was only 8 then, Mama made it clear that she has no money to send me to school, I lied to sisi because I was so afraid of her, I was afraid of the embarrassment. I clearly don't understand why the ancestors chose me for someone like Zenande.

.

.

She is successful Advocate and a CEO at her father's company, what do I have? Grade 1. I call a pool a

river, I call bedrooms houses that are inside a huge house. Does that make sense? I can't read, I can only write my name only, Only my name and read my name. Anelisiwe Majeke :) :/ . How will sisi look at me, how will Limise look at me, how will the whole world look at me if I can't even speak english when we are in a interview with my famous wife. This voice in my head keep telling me to tell sisi the truth about my education but I can't, I can't embarrass myself.

.

.

Sigh\*\* How I wish things were different, how I wish my mom loved me. How I wish I was somebody else now.

Miranda took out sausage and looked at me I smiled

Her: let's just cook pap, chakalaka and sausage

Me: no problem :)

I sighed and started searching for onions.

Miranda: fridge

Me: onions inside the fridge

Me: oh

Voice: the silver thing with two doors is the fridge

I opened it and found onions and peppers. We cooked no Miranda ofcourse with the help of the "Voice" I was able to do everything. I smiled my own voice helped me, although it freaked me out.

.

Sisi called me upstairs I ran to where her voice was coming from. I found her in this huge bedroom more than the one we have in her apartment. It was dark grey with a black Mat next to it. This is creepy, why black?

.

me: sisi

Her: I'm leaving now, I'll be home late

Me: okay sisi

She was wearing all black with a beanie.

Her: take my food and put it in this microwave I'll eat

when I come back.

This room had a fridge and a microwave kwalapha,  
Wow!.

Her: Liyema phuma kengk

Me: sisi?

Her: when I come back from the bathroom  
ungabikho apha

Me: okay sisi

I was confused, I slowly walked out and went to the kitchen. But on my way something told me to look back I did. OMG what I saw :o . All of them( the guys) looked so scary it's like they each had "tikoloshe" next to them. I became dizzy I couldn't breath. I passed out.

☺

☺

☺

☺

Zenande\*\*

Shit Liyema I told you to quickly go to the kitchen now you had to see me like this. When me and the guys go to fight the enemy we have to chew some of the herbs we were given by our traditional healer. It makes us more powerful and strong. Now Liyema saw me and fainted I can't carry her to our room ndinje so I just walked away.. We quickly went to the basement so that the girls won't see us we drove off with out cars, no number plate and tinted Windows. I called the guys

.

.

Me: remember we don't kill Ricardo I want to torture him

Them: yes boss

We arrived at the warehouse but we parked far and walked to it. It was already late the lights were on, we puy silencer to our guns and shot the guards unexpectedly before they saw us.

Me: (whispering) Xolani and John let's get in. The rest will stay here

X: sure boss

.

We walked in, Ricardo saw us and smiled. Always acting tough.

Ricardo: look who decided to come and visit

Me: Ricardo what do you want?

Him: my diamonds

Me: what diamonds?

Him: We both killed Alex and planned to share his diamonds and guns but you being a greedy ass you ran away with everything

Me: I didn't make a deal with you Ricardo, I don't do deals with losers

Him: don't you dare!

Me: or what? We all know you are a sour loser

He took his gun and point it at me, I smiled. I knew he won't do a shit for he couldn't even look at me.

Me: you such a bitch Ricardo, you so weak to call

yourself a gang leader why can't you ask for tips. I'll be glad to give you

He was fuming, I gave the guys an eye. Before we knew it shooting was everywhere, I shot Ricardo's leg he fell down. All his guys were down he was the only one breathing

Me: Ricardo I told you to stay away from me and my family but you keep pushing. Well I can't wait to make your skin a South African flag :) .

Ricardo: fuck you

Me: take him to the car and burn this warehouse down

X: sure boss, let me call uSjave and the other guys (one of us but they stay at Zwide)

We walked out and Sjava walked in with his screw.

Sjava: boss

Me: burn it

Sjava: I'm on it

We drove off

I woke up with a massive headache I looked around I was alone in the main bedroom. I walked to the bathroom and washed my face, what I saw freaked me out, why was sisi like that? she looked so big like an animal. It's like there are these short things following her. I sighed

Me: I have never saw something like that

Voice: well you did

Me: God! you freaking me out who are you

Voice: my name is Jasmine

Me: oh

Voice: you want to see me?

Me: yes

Voice: go look at the mirror

Me: uhm-

Voice: go

.

I slowly walked to the mirror. God please help me. I looked at the mirror with my eyes closed

Voice: look at me

Me: no

Voice: come on I don't bite

.

I slowly opened my eyes. :o I saw my own reflection I was wearing a grey dress and a black heel with a white lab coat. I had classes, this is me. She waved at me

Her: hi i'm Jasmine

Me: No! how? where are you?

Her: Cuba is where I am.

Me: you are me? :( this is witchcraft

Her: oh relax (smiling)

After I saw my own smile in her. Baam! I fainted :/

.

Hell was gonna freeze over today.. I was going to have a feast and enjoy myself while slicing up the idiotic Ricardo.

We got into the basement from the warehouse no Ricardo.

.

Me: X do y'all want a show or into equick?

X: ha.a fondini we want a show ain't that right majita.

Them: damn straight.

I turned and looked at the now tied up Ricardo.

.

Me: so is it heaven or hell?

Him: fuck you.

I chuckled and looked at him straight in the eyes hissing like I was spitting fire.

Me: I'll see you in hell boy.

.

After saying that I took my clean polished axe I cut of his foot first he cried out in agony but it was like it fell on deaf ears. I sliced him up using my axe and the guys were enjoying the show well except Luvo no Sizwe , well uLuvo fainted and uSizwe was vomitting so I guess they weren't enjoying. Well I took the axe and looked at the pieces that I have cut of Ricardo and I took the final straw and separated

his head from his body well the guys have seen me do it before with Ricardo's minion and well they were shocked the first time I did that, and I guess uLuvo no Sizwe bebengekazuyqhela cause the other guys toughened up. After I was done we cleaned up with the guys .

.

And we decided to joke about it, actually Lwando started it.

Lwa: so Luvo you thought it would be best for you to just go to sleep.

Luvo : mxm leave me alone Lwando atleast I didn't faint in front of Snazo so at least.

We laughed about and he also went on Sizwe.

Lwa': and you Sizwe you busy laughing at Luvo here whereas you were vomiting up, like a pregnant woman.

We joked around still in the basement until we decided to go and check on our wives.

.

Speaking of wives shit I didn't know the uLiyema umile landlela damn oh Jesus she's got an ass for days and she was a dark bone and I was checking her out every minute . and I guess she kinda noticed while she was busy moving around the kitchen her and Miranda cooking . And I am not gonna lie I want her parliament .

After I had woken up from my dealings which are fainting of course I decided to go back to the kitchen cause hayi I couldn't take it anymore I wanted to keep busy so I went to Miranda again and we were cooking up a storm and in the middle of all that moving around.. I felt eyes on me like someone was checking me out I turned around boom Sisi was looking at me busy biting her lower lip and now I

didn't know what to do, I started sweating. Oh God I need to pray, Deliver me Oh Lord :( Why is she looking at me like that? No! Help!

.

.

As I was dumbfounded not knowing what to do, well I asked uMiranda uba why is she starring at me like that she also didn't know why coz it was also her first time being with a man ngo Sizwe. We finished cooking but the way usisi was looking at me it made me uncomfortable.

I went to the sitting room where they were and told them uba the food is ready they must come eat.

I felt something touching me on my waist when I looked it was sisi's hand i almost fainted but she held me and smiled.. She held me until we arrived at the dinner table and she opened my chair for me, but in all that she was doing she wasn't talking so I was confused and shaking.

This Bitch was going to pay for thinking that she will take my spotlight, who is she? where does she come from. I was still with Sbahle and Snazo, yes they come from a rich families but they still below me hence I enjoy being friends with them and they listen to every word I say to them. Unlike that gay guy Pandora and Bucie who are they to say I'm fake? Stupid Bitches!

.

.

I still need to know more about this Liyema Bitch

Me: girls where is this Liyema coming from?

Sbahle: I have no idea friend

Me: we need to dig deeper

Snazo: have you asked Luphele (My father's PI)

Me: I'm still waiting

Just then my phone rang it was Luphele.

Me: Lu

Lu: uhm I found something

Me: yes?

Lu: Anelisiwe Majeke her father died when she was 7 years, her and her mother moved to Xhorha when she was doing grade 1.

Me: yes?

Lu: She only has grade 1, she has never been in school

I smiled. JACKPOT!

Me: Thank you Lu

Lu: sharp

I hung up and told the girls who laughed so hard

Sbahle: only grade 1?

Snazo: for a beautiful girl like her

Me: don't call her beautiful, you can't be dumb and

be beautiful

Sbahle: yeah

Me: let's go and eat ladies :)

.

We went downstairs everyone was there eating, we sat down

Me: so you're eating without us?

Xolani: who are you?

The guys laughed, I was fuming

Me: your wife

X: oh really? Damn!

Zen: Xolani no marn don't be like that (still laughing)

Me: laughing at me yet you have an uneducated wife

The table went dead quiet, Liyema coughed

Me: Liyema how was grade 12 huh?

Liyema: uhm uhh

Me: can't talk now huh?

Pandora: oh please not now

Me: shut up ain't talking with you. Liyema I am asking how was grade 12? or should I say grade 1? I mean you last went to school when you were 8 years. Can you read? Can you write?

Sbahle and Snazo giggled, the others were quiet.

Me: Oh The mighty Zenande didn't know you don't even know how to use a stove? a microwave and a kettle. infact you know nothing about this life you living in, you'll just be a housewife and get fat and get pregnant.

She stood up and ran up the stairs with tears in her eyes. I smiled :)

.

Now I was fuming no matter what Liyema is she is still my wife after all. The table was dead quiet I stood up and gave them all my kill eye, the one that makes your body shiver in fear.

.

Me: So now y'all going to disrespect my wife like that? In my presence?

X: uhm Zen

Me: Xolani ain't talking to you. I'm talking to your wife and her puppets

Limise: I didn't do anything

Me: Did you do investigation on my wife?

Limise: I didn't do-

Me: Did.You.Do.It? (hissing)

Limise: uhm I-

Me: DAMMIT! I ASKED YOU A DAMN QUESTION! (I roared)

They (the girls) jumped

Me: Start talking fast Limise

Limise: I needed to see who she is

Me: the fact that she is my wife is not enough?

Limise: then why did she lied to you?

Me: I'm sure she had reasons

Limise: what reasons?

X: Limise that's enough

Limise: it's not my fault that Bitch lied about-  
I jumped and grabbed her by her weave and looked at her straight in the eye

Me: Don't ever call my wife a Bitch! are we clear?

Limise: ye..yess

I slapped her so hard she fell down, I looked at the others

Me: is there someone else who wants to protest?

They kep quiet

Me: Now listen very carefully, I don't want to hear about my Wife's education and shit. She is my wife not ours, y'all going to keep your mouth shut about this. We clear?

Them: yes boss

Me: good. I'm going to check on MY wife.

I went upstairs. I know I was not all smiley when I married Liyema but she should have told me I would have understood.

☐

☐

☐

☐

Liyema\*\*

I was so embarrassed, what did I do to this girl to hate me like this? She wear expensive clothes, she has weave, Nails, eyelashes. She is a Princess I

would never be in her shoes, I don't deserve to be called Zenande's wife. Yes I wear Prada, Gucci and whatever, but who wears those kind of clothes with no education, I have my natural hair I don't do makeup, I don't have nails, I can't walk properly on heels, why did these stupid ancestors chose me? I miss my life back home I know it was not easy but I miss my mother. She has never called to check on me, I don't have a phone but noba kukusisi ke.

.

.

Sisi walked in and came to me I was sitting on bed. She sat next to me I shifted I was scared of her, what if she was going to punish me?

Her: Liyema

Me: Sisi I'm sorry please forgive me, I didn't want to embarrass myself, you are successful, pretty girls out there would die to have you in their lives. I'm sorry sisi i'm just wasting your time.

Her: are you done?

I swallowed and nodded, she smiled at held my hands.

Her: I can be a criminal and be heartless but I don't judge. You should have told me I hate lies, now I had to hear it form that stupid fake bitch Limise

I giggled

Me: I'm sorry sisi

Her: it's okay, my father told me about your stay at your home.

Me: it was never easy sisi

Her: tell me about it.

She lay down and put my head on her chest, I went stiff she chuckled.

Her: Liyema relax okay? Tell me about your childhood up until now.

I relaxed a bit and started telling her the story of my life, she was listening quietly. I kept quiet when I was done and wiped my tears, she made me look at her.

.

.

Her: you are a very strong woman I have ever met  
Liyema, you went through hell when you were 8 but  
you still put on your smile and cover yourself with  
pride. But I have one question for you

Me: yes Sisi(smiling)

Her: Do you think she is your real mother?

I kept quiet for while, I don't know maybe my mother  
died

Me: I don't know Sisi my father died he would have  
been able to answer

Her: Maybe your mother is somewhere out there but  
your father took another wife

Me: or maybe dead

Her: don't say that

I kept quiet

Her: you're beautiful Liyema don't doubt that, dark  
beauty :)

I blushed and looked away, she turned my face to

look at her. She kissed my lips I was stunned I couldn't move I let her be with my eyes shot opened, hayi I didn't know you close your eyes when kissing. She stopped and chuckled.

.

.

Her: Liyema follow my lead I know it's your first time

Me: okay Sisi

Voice: no tongue (laughing)

That was Jasmine, easy for her to say. Sisi kissed me again pulling my lower lip I pulled her upper lip and sucked on it slowly, my eyes were shut this time and I enjoyed my first kiss with a girl :o but it was amazing. She put me ontop of her and grabbed my ass, I immediately stopped the kiss and looked away.

Her: I won't do anything

She kissed me again making me grind on her, All the memories of Bra Biza wanting me to grind on him by force came back, I pushed Sisi but she didn't move she was enjoying herself. I pushed her roughly she

stopped and looked at me

Me: please stop :(

Her: Liyema it's me

Me: Bra Biza please stop (my eyes were shut I was shaking)

Her: Liyema hey it's me, look at me

I shook my head and cried

Me: No! you're hurting me

Her: Liyema look at me! it's me Zenande look at me

I looked at her, she had a worried face. She hugged me brushing me

.

Her: did he do it?

Me: no Sisi, he tried but kwangena umama

Her: and mama didn't believe you?

Me: No!

Her: it's okay, it's late let's sleep tomorrow i'm taking you to the Therapist okay?

Me: yes

I wanted to wear my PJ's not in front of her, she looked at me and chuckled

Her: you want me to turn around?

Me: yes

Her: but you're my wife Liyema I want to see your body

Me: please

Her: fine

She covered herself with a blanket laughing. I smiled and wore my PJ's and got inside the covers far away from her. She pulled me to her and started breathing on my neck, that sent shivers down my spine.

Me: Sisi?

Her: hm?

Me: please don't breath on my neck

Her: but I am cold

Me: please

Her: Goodnight (kissing my back)

Me: Night

She nodded, I undressed her PJ's she was left with only her panty. I took my time and admired her body. Wow! God :p . No scars, yes I said it no scars but how for someone who walked barefoot all ten years, sometimes she had no clothes so she wore torn dresses. But her body is so clean like she has never been with other kids and played. I also have scares from my childhood but nothing at all.

Me: wow Liyema your body

Her: hayi Sisi

She tried to cover herself but I grabbed her and went

to the bathroom, she giggled like a 5 year old. I opened the shower and put her down.

Liyema\*\*\*

You know some people know when affection is being shown to them and well me I don't even know what's going on and why the sudden change in behavior kusisi, in the mist of my thoughts I gotta say we looked exquisite in these matching outfits hey :) .... while I was busy admiring how we looked I felt a hand touching mine I was brought back from my thoughts by sisi's hand she looked at me and smiled I smiled back. She locked our hands together and we left the room..

Everyone was already gathered around the table for breakfast.

Sisi: Morning family

Guys: Morning

X: you guys look good together

Sisi: Thank you X

Well I noticed some few changes kwi girls, of course girls are dramatic, they will pretend to like but whenever you turn your back they start talking. Bucie was busy starring at Sisi but I ignored her, maybe she is still afraid of her. But why the drool??? Girls! :(

Sisi opened my chair ( the head chair) and kissed my cheek I smiled, if I was a yellow bone I would have turned red now but thank God for being a darky. I sat down and and sisi went to her chair to. I noticed that they haven't touched their food. Where they waiting for us? :o don't tell me! I know Zenande is their boss but come the hell on, if she is late they will starve their selves? God!

We prayed and ate, Yes we prayed, they are gangsters but they pray.

X: so where to?

Sisi: town, Madam need few things

John: nam I was thinking of taking Pandora today it's a chilled day

X: the Fake Leader of the gang is no more

Lwando: Dammit Ricardo is an ass

X: coward

They went on and on about the Ricardo saga, I was still scared of this life. Yes Ricardo was a coward of a leader but what if one day another gang leader will appear and make it hard for us.

We were done eating I stood up and was about to clear the table but X guy called me

X: Madam

Me: bhuti

X: please sit down we need to discuss few rules

I sat down, I wonder!

X: okay Ladies we have decided to move in here for few months. So you need to work together and discuss who cooks today and who wash dishes and all those type of things you do.

Sisi: No X, they are 7 right? So from Monday to Sunday everyone will have her turn to cook.

X: that's good. When it's your turn you start with breakfast, Lunch and Supper followed by their dishes.

Limise: what about those who can't use stove?

Here we go :(

X: why can't you ask what about those who can't cook?

Limise: you said the chef is coming today to teach

me, Snazo and Sbahle how to cook, What about the Madam who can't use the stove, kettle, microwave and all those things. What are we going to eat Pap and half cooked chicken?

Sisi: Limise I won't say the same thing. Leave my wife alone she will learn like you going to learn how to cook.

Miranda: she has already learnt, while I was cooking with her the other day she knew everything she didn't ask me a thing. And what about you Limise what do you know? You waiting for a damn chef to come and help you so that you can be able to cook for your husband, While Liyema did it for herself she didn't wait to be taught but she tried harder so that her wife won't starve. Some of us never had it easy, she never grew up from a huge palace like us, the least we could do is not judge her. We don't ask for a life to live, God knows why she had to go through what she went through.

Limise: But-

Miranda: SHUT UP!

We all looked at her our eyes widened, Miranda is the quiet one but I didn't know she can shout. I smiled at her she smiled back.

Sizwe: that's my wife madoda :D

Sisi: whatever Sizwe

Me: are we done here I want to go wash these dishes

X: leave them Madam, Limise will wash them alone

Limise: I can't-

X: I SAID GO WASH THEM!!(he roared)

Okay I also got a fright Yhini uDzadzy. Sisi took my hand

Her: let's go

Me: okay

We went to the garage, Gosh these cars! Six of them had Sisi's name. Zen 1, Zen 2 and so on up to six. She looked at me, my mouth was wide open I have never saw such cars in my life.

Sisi: which one do you like

Me: All of them Sisi

Sisi: (chuckled) but we can't drive them all now  
Liyema

Me: uhm okay, then I don't know

Sisi: fine come :)

She unlocked the shiny black BMW i8, I wanted to cry. OMG me Liyema in this car? Hahaha who knew. She opened the door for me

Her: Madam ( bowing)

Me: thank You

She went to her side and opened the gate, we then drove off.

Zenande\*\*\*

We arrived at Greenacres Mall, Liyema's eyes were ready to pop out kalok she has never been to a mall.

Me: it's beautiful right?

Her: very beautiful Sisi

Me: I know :)

I went to open her side she got off I locked the car and pulled her to me by her waist slowly, I then kissed her cheek. She giggled I laughed softly.

To be honest this was new to me, I once told y'all

that I have never been in a serious relationship now  
zovele ndiqale ngomtshato :( . I am trying God  
knows too but it's not easy but Liyema is a very  
beautiful girl, down to earth I wish that one day she  
would carry my children.

Yes I love kids so much I was 3 or 4 I don't mind, I  
mean who will spend this money that I have? I  
looked at Liyema for a while

Me: do you love children?

Her: a lot Sisi they are a blessing

Me: oh, how many do you wish to have?

Her: two or three. I wish to have twins one day

I smiled

Her: you don't want kids Sisi?

Me: I do. four :D

Her: Tho :o

Me: you are going to get pregnant hayi kancane

Her: As long that will make you happy Sisi.

This girl is just perfect, I smiled. We started our shopping from YDE, Gucci Sportscene and those expensive Boutiques for formal Clothes. She will wear those on my business functions, my other clients weren't taking me serious just because I didn't have a wife. In the business industry you have got to have a wife if you want a deal with those billionaires grandpa who still do business even thou they not so young anymore.

Me: you like your clothes?

Liyema: ewe Sisi thank you

Me: phone?

Her: Yes :)

I chuckled and we went to MTN for her phone. I bought her iPhone 6s the latest, the apple Tab and Laptop. Don't look at me like that I wasn't insulting her I know she can't use them but she will learn I will

help her. She will be bored staying at home doing nothing, even thou I have to do something about her just staying doing nothing. We went to Spur I was tired that's why u don't like shopping but I had to impress my wife. Thing is I want her Parliament :P .

On our way to Spur I saw Zikhona, one of my girls. She was with a guy busy holding hands and giggling, stared at them. Was she testing me?

Me: Liyema go sit down I will take this trolley to the car

Her: okay Sisi

I watched her as she got in at Spur, when she was inside and sitting down I rushed to Zikhona and this guy I was fuming. TF! She saw me and started shaking

Me: and then?

Zish: baby I can explain

Me: who is this Zikhona?

The guy: and who are you?

Me: your worst nightmare

Zish: uhm you have to go (to the guy)

The guy: who does she think she is, this is a free country she can't tell me who to talk to

Me: Zikhona tell the damn boy to leave I don't want to make him a shit in front of all this people and I won't ruin my reputation ngaye.

Zish: Leave now. This is Zenande Mabija you don't want to double cross her

The guy: Shit! I uhm.. I

Me: you what? didn't it's me?

The guy: I have to go

He walked away almost running, I looked at Zikhona and grabbed her waist roughly almost like I'm pinching it.

Me: you go to your house now I'll deal with you later

Zish: Zenande please I'm sorry

Me: Go

I let her go and fixed myself. She left in a hurry I went to the car and put the bags in the boot.

Liyema\*\*

I was still waiting for Sisi when I felt a shadow above me as I was sitting down. I was scared to lift my head up but she started talking. I almost choked on my breath when I heard my own voice.

Her: Sisi can I take your order please

I lifted my head up, :o Oh God No! who is this? Didn't she say she is in Cuba?

Me: You!

Her: oh hello :D

I wanted to faint but I needed answers before I dive.

Me: you said you in Cuba

Her: no Darling that was not me

Me: I know what I saw in the mirror, you're me you're in my head. No you can't be real.

Her: well that was one of us, Jasmine the scientist

Me: and you? :o

Her: I'm Olona I live at Zwide

Me: what do you mean one of us?

Her: Jasmine will explain everything, I will send another waiter. Toodles :)

Zenande\*\*\*

I know I am supposed to be in love with my wife and not look at other women but hey mandingaqhelwa if i find one of my fuck buddies with someone else i lose it completely coz that territory is mine.

I put the plastics in the boot and headed back to Spur and I spotted my wife, I approached and she looked like she has seen a ghost.

Me: what's up?

Her: What do you mean?

Me: I mean you look like you about to jump out of

your bones!

Her: its nothing sisi, shall we order?

Me: Sho let's order.

Even though she put on a brave front I could tell that something was bothering her, but she was going to tell me when she is good and ready I am not gonna dig it out of her.

She kept looking at the counter where other waiters were busy with their work, I decided to just chat with her to disturb whatever she is looking at.

Me: don't you wanna change your weave?

Silence

Me: Liyema?

Cwaka :( I don't have a patience guys I don't know what the hell is wrong with Liyema. Did she see me with Zikhona? But I doubt Zikhona is at that counter she is looking at.

Me: LIYEMA ( I half shouted)

Her: Si...sisi

Me: I've been calling your name, what is wrong?

Her: no..nothing si..sisi

Eshee that's it I'm quiet. I ate my food in utter silence and ignored her.

Her: Sisi?

Me: Liyema

Her: I'm sorry I didn't hear you

Me: oh okay

Her: Well no I don't want to do my hair

Me: why?

Her: I prefer my natural hair Sisi, anyway thank you for asking :)

I kept quiet I was not going to ask why again, and beside I thought she had a weave I didn't know that's her real hair. Well Shut up Zenande!

As we were eating I think I saw her busy taking orders from other tables, I looked at her then back at my wife. I have seen many identical twins but not this identical, this is the same person :o . At least identical twins have something ongabahlula ngayo but this girl and my wife would totally confuse me.

Liyema was already panicking, Oh that is why she has been acting weird. I was going to panic too this is too much.

Liyema: let's leave please

Me: uhm no problem let me call the waiter for the bill

I lifted my hand for a waiter, this girl that looks exactly like my wife came, Liyema started sweating I sweated too. TF?

Her: you called Ma'm

WTF? even the voice, the smile, those big brown eyes staring at me. EVERYTHING! She was my wife. The difference is the personality my wife is humble but this one seems like unoqatiko othile (excuse the language).

Me: we want the bill please

Her: be right back :)

She didn't look shocked to see the other her sitting here with me, while my wife was ready to dive. She came back with the bill I paid and we were ready to leave. She ( the waiter) called my wife

Her: Anelisiwe

Liyema looked at her shocked and kept quiet

Her: Remember Jasmine will tell you everything

Liyema nodded, Who the hell is Jasmine kengk?

Liyema was gone I rushed behind her, we went to the car and drove off in silence. I kept my mouth shut :(

Me: Yes?

Her: it's me Olona

Me: I know

Her: I saw Anelisiwe

Me: don't tell me you freaked the poor girl

Her: I didn't know she was coming

Me: you are not allowed to be seen in public with her or me or anyone else of us

Her: I know. When I'm at work I close I don't want to be disturbed with what I see or hear.

Me: it's okay I'm flying to S.A tonight I want to

explain everything to her

Her: Does Dan still want what he wanted with her?

Me: He still wants them now more than ever, now that he knows she exists out there.

Her: Oh God and he won't rest till he get them. Damn You Dan!

Me: Hey that's your father :v

Her: Arg! see you when you're here

Me: I'm thinking of moving that side I can't take it anymore, I hate my job Olona

Her: yes because it's illegal

Me: I know. But nobody knows this side, let me pack bye.

Her: where is that hunk of yours Marcus?

Me: bye Olona

She laughed I decided to go home and pack I'll be leaving at midnight when everyone is sleeping I don't

want Dan to see me.

Liyema\*\*\*

We arrived at home no Sisi she parked and held my hands.

Sisi: you okay?

Me: yes Sisi

Sisi: who is that girl?

Me: I don't know Sisi it was my first time seeing her

Sisi: maybe she is your twin

Me: maybe

Sisi: okay then.

I could see that she was not convinced, but hey I

was also confused like what the hell?

She got out of the car and opened my side I also got out, she took the plastics and we headed into the house each one of us consumed by their own thoughts.

We got inside of the house and my mother was there, I was happy to see her and that she cares enough to come and check up on me..

Me: :) mama wam.

Her: Anelisiwe

ohkay that was odd.. I hugged her and she gave me one of the coldest hugs ever and a forced smile.

Her: sit down Anelisiwe I want to talk to you its important mntanam.

I sat down and waited for what was important, "please tell me that Bra Biza is dead" I said that in my head crossing my fingers for it to be true.

Her: Anelisiwe mntanam have you forgotten me your mother?

Me: What do you mean mama?

Her: I mean I need money and you never even give yourself a chance to come and check up on me.

Ouch I felt bad for not even asking usisi to go and check up on her.

Me: I am sorry for not checking up on you. And the money part you know nje mama I am not working and I do not have money.

I saw the forced smile on her face completely wiped off eh! :o

Her: You live in a mansion, you are married to one of the richest people in South Africa and you telling me that you don't have money?

Me: ewe mama I don't have it.

Her: you ungrateful bitch!

She slapped me and after that slap she paced up and down the house angry, I was still shocked by that slap when I was brought back to life by her voice shouting.

Her: I clothed you, I fed you and this is how you repay me huh Anelisiwe?

Me: ma-

she cut me short before I could utter anything.

Her: Now that you are in a high horse you forget about me.? you are such a bitch, I wish I would have never stolen you at that damn hospital or better I should have killed you after my husband died coz you were such a burden to me.

She was spitting fire and cursing me and any curs she did not utter it was the one she had forgotten.

Sisi came downstairs as they had given us space to talk nomama.

Sisi: Liyema what's going on here?

I was not going to be able to answer her as I was crying a flood. And what does mama mean when she says I am not hers and she stole me from the hospital?

Sisi saw that I was paying no mind to her she went to my mother who was busy going up and down cursing.

Sisi: Ma olady I think you should go.

Her: Not until this bitch gives me money.

Sisi: Don't make me drag you myself out of this house woman, LEAVE!

Her: I will be back for my money, I took her and fed her enganguye nowam. and she thinks she can deny me my money hell no!!

with that said she took her bag and left.

usisi was fuming with anger, she came to me.

Her: Hey are you okay?

I just kept quiet, she went to the kitchen and got me a glass of water and some painkillers.

I drank them and she carried me bridal style to bed, she tucked me in. She rocked my back till I dozed off.

Xolani\*\*

I was in my room when Limise walked in looking tired, I smiled it's a good thing that she is working well with the chef because I don't want to be a bad guy to her. She has got to learn how to do things around the house I don't understand why dad agreed to this marriage, this girl doesn't love me at least I try but she is not meeting me half way.

.

.

She came to bed after taking a shower, I pulled her to me and kissed her forehead. She looked at me blinking her eyelashes, I smiled

Her: what?

Me: I'm so proud of you

Her: hmm

Me: you're doing a great job with the chef

Her: I don't have a choice

Me: you don't, you have to learn these things Limise my mother won't be impress if you continue being a snob

Her: fine kalok

Me: I have to teach you how she likes her tea

Her: can I sleep now?

Me: but I'm still talking :(

Her: Amen! Talk ke

Me: no you talk :D

I could see she was irritated but she has got to get you of me, and beside I need a child now I wanna be loving because I don't want to force myself to her.

Her: have you heard what happened earlier?

Me: don't start

Her: hayi Xolani but that was not her mother all along

Me: Zen will help her find her parents

Her: what if they are long dead? Or they made a deal with her stepmother that angaze ambuyise?

Me: did you heard that woman? She said she stole Liyema at the hospital, I'm sure her parents are still out there looking for her or her mother. Her dad treated her well but when he died her mother changed maybe its her real dad not her real mother

Her: I doubt kodwa, maybe the father didn't know the child was stolen he thought she was his child all along.

Me: wish Limise let's leave it, I feel sorry for this girl she has been through a lot

Her: (rolling eyes) You have a soft spot for Liyema I give up

Me: come on she is a good girl, humble, loving and has a warm heart

Her: unlike me! say it

I smiled and kissed her neck she tried pushing me but she failed.

Her: Xolani!!

Me: hm?

Her: No!

I continued to kiss her neck and squeezed her breasts, she moaned I chuckled.

Her: Xolani don't

I grabbed her waist gently and bite her ear, she breathed

Me: do you want Dzadzy? :P

Her: NO!

I laughed and kissed her lips she responded, we

kissed slowly with me touching her body all over. Dzadzy was already excited he kept poking her thighs, she got a fright and broke the kiss.

Me: relax

Her: how can I relax? it's poking me :(

I smiled and kissed her again, this time it got steamy that we found our clothes on the floor we were both naked. I got on top of her my lips not leaving hers, I knew she was going to protest so I kept kissing her lips, her neck I left few "I was here" marks she moaned.

Limise\*\*\*

I was on top of the world, yes I was enjoying myself

but I was so scared it's my first time of course. He kissed me all the way down to my belly then he reached the parliament, Oh God he did his thing I moaned out loud as my eyes rolled back I grabbed on the sheets and called his name. He didn't stop he rubbed it and lick again I didn't want it to end but it was near the end, I felt the urge to pee I tried pushing him but he didn't stop

Me: Xo..Xola..Ni

He stopped and looked at me for a while smiling, I closed my eyes and covered my face with both my hands. He went on it again and sucked so hard I bite my lower lip and pushed his head in. Forgive me Lord! I squirted in his face, Oh God what have I done? He smiled satisfied, I couldn't look at him I peed on his face why is he smiling? He came to me I could see Dzadzy pointing at I stared at him, So huge? Where will it fit?

X: relax okay?

Me: relax? are you crazy? this is very big it won't fit

Xolani please

I was near tears, he tried kissing me but not with those lips. He kissed my neck trying to make me relax, but how can I relax I have seen dzadzy but today its like he grew very stronger.

I was brought back to earth when I felt it entering, I screamed and pushed him but he held my hands and tried pushing again I could feel my parliament tear up I cried in pain. He kissed my breast while grabbing the other I closed my eyes, it was not all in I had to wait till he push it again, before I knew it he pushed it all in I choked on my breath and tried to breath.

X: try to breath I won't move till you breath

Me: I.. can..nt.. its painful Xolani

X: it will be over soon okay? breath

I did my breathing exercise then he started moving on a slow pace but I don't know what happened, the next thing i know he was banging on me so hard I

even stopped moaning till he was done and collapsed on top of me. I pushed him

X: No!

Me: hayi move

He kissed my forehead and slept next to me he put my head on his chest. I was in pain I couldn't move my legs

X: you okay?

Me: NO! it's painful

X: it was your first time babe, the next round won't be painful

Me: I don't want the next round Xolani, no thank you!

He smiled and got on top of me, we had another round still painful but the third one was on top of the world, at least I also enjoyed myself :P . We finally slept.

Zenande\*\*

I woke up the following day and went to make my wife breakfast, I have to find her real parents for her it's the least I could do. She has been through a lot she deserve break, peace and happiness and that's what I should try and give it to her. I made English breakfast for her and orange juice I went outside and picked out a flower from the garden and went to put it in her tray then I went upstairs. She was still sleeping peacefully but she had to wake up and eat, I kissed her lips but she didn't move knowing her ngothanda buthongo bakhe, I shook her gently

Me: Liyema wake up

Her: hm? No

I tickled her she giggled and woke up smiling I smiled too.

Me: breakfast is ready

Her: you shouldn't have Sisi

Me: I wanted to, now come sit up straight

She went to the bathroom first then came back she took the tray and thanked me

Me: how did you sleep?

Her: okay Sisi thank you for everything

Me: you are my wife remember?

Her: yes

Me: now eat

She ate I mean she was beautiful noba uyatya damn I just couldn't help it, I was staring at her while she was eating, and she saw that I was staring at her.

Her: Sisi you going to make me choke on my food.

, and do you know that staring is rude?

Me: (I smiled ) first of all you not going to choke, and secondly I was not staring, I was admiring the beauty of my wife.

She blushed uncontrollable, and hid her face.

okay now this girl was doing things to me, things that I myself can't even explain.

She eventually ate and finished off her food. I went to the en-suite bathroom and prepared a bubble bath for her. I went to her and stripped her naked and then I picked her up, placed her on the bath.

Me: relax okay, i'll make the bed so far.

She just smiled and nodded I went to make the bed.

After I was done in the room I went downstairs to look for John and luckily he was there.

Me: Ola

Him: Exe

Me: You good Dlamini?

Him: :) I am well and you?

Me: I am fine, listen John I need your help hey. I want to help the Mrs find her parents.

Him: Sure Zen I will search, just give me her particulars.

I gave him them.

Me: You know John even if we don't find her parents, we will give her uX coz they look like they are cut from the same cloth.

he laughed\*

Him: So kuba bemnyama bobabini huh? ( just because they both black huh?)

Me: ewe fondin, now let me leave you to your work okay. You will call me when something pops up.

Him: Sure I will, let me start searching.

I left him to do his thing, I really had hope that something positive was going to come out of this search.

Liyema \*\*\*

Usisi was becoming more and more nicer to me and her kindness melted my heart a bit.

But today I was in a world of my own question God uba why did he let me be raised by that woman?

Even though I was told that God is never to be questioned and that he knows all that he is doing, but even us strong believers there are moments whereby you find yourself questioning him.

I was lost in my own thoughts the bath was so soothing and warm.

How can one person experience so much and still be alive? I guess that person was me ewe there were moments before I got married whereby I would think of suicide but those thoughts later vanished.

and one thing that was running through my mind was this Jasmine issue I mean what does she need to tell me that is so important? and why do I sometimes hear people's conversations? I had a lot of questions for her and I don't know how I was going to find her.

I guess I must have dozed off while lost in thoughts.

I felt a hand shaking me gently, that was sisi's hand I lazily opened my eyes.

Her: Madam une visitor.

me? am I madam? when?

Me: Who is that Sisi?

Her: She is downstairs bunny waiting for you.

hayi marn usisi why does she keep calling me with these names?

Me: okay Sisi, let me put on decent clothes and head downstairs.

Her: I'll give you some privacy, if you want me I'll be in the study.

I nodded, she pecked my lips and left.

I also got dressed to go and meet this visitor of mine. What if ngumama ? No...No she can't come here I am not ready to face her now.

I slowly made my way downstairs and boom Jasmine or Olona was there sitting quietly.

Me: mo....molo.... I mean hello, hm.

Her: Molo nawe.

my eyes popped out she can speak Xhosa kanti? I mean I thought she can't since she stays in Cuba or was it her or Olona hay nx I don't know so I sat down.

Her: I am Jasmine and I am very well Mrs Mabija and how are you?

Me: I am also fine ( that came out as a whisper)

Her: I came here to explain a few things, that you don't understand about yourself.

Me: oh okay... so explain.. oh shit where are my manners something to drink?

Her: I thought you would never ask orange juice and some snacks will be fine thank you.

I went to the kitchen and got everything she asked, I gave them to her.

Her: thank you, now let's get down to it.

Me: okay you can talk.

Her: first of all we are clones, we look identical I am

not sure how many of us are out there but we look identical, and our birthdays are not of the same day per say but within the same month.

:o :o say what???

Her: our science was altered with, our creators wanted to create the ultimate human species, and of course with them taking your father and mothers fertilisation and mixed them with science herbs.

Uhm they already had a clinic full of surrogates, so you were put inside your mother as a way of them thanking her for something they stole from her.

Jesus all this time she was talking I was just looking at her like an idiot.

Her: As I said that they wanted to create the ultimate human species, our eyes can see or better yet let me just say we have visions of bad things and good things. We can hear people's conversations and we can compel people you know like vampires :), we heal easily like werewolves, we can heal a person with our blood, we can be able to see a persons past,present and the future, we can also get into a

persons head and read their mind. As I said before Liyema they wanted to create the ultimate human species. We are the ultimate human being who can do everything.

With that said I dived this was all too much for me. :v

As I woke up I prayed to God that everything I heard was a lie, I prayed that I am just a normal child like others. I don't want to see good and bad things, I don't want to know people's future or any of those things Jasmine told me. I just want to be me I want to be normal. This explains why I never had bruises and scars, so I quickly heal? My blood heal people? TF?. Sisi came to me she seemed worried shame

.

Her: Liyema do you hear me?

Me: ewe sisi

Her: you got me a fright, you didn't want to wake up  
:(

Me: I'm sorry sisi

Her: it's okay, your twin is already cooking up the storm in the kitchen

My twin? if Sisi knew she is not my twin she is just.. I don't know

Me: oh okay sisi

.

Jasmine was humming a song in the kitchen it smelt amazing. I stood up Sisi held me

Me: I'm okay sisi

Her: what made you faint this time?

Me: I will tell you later sisi, let me help Jasmine at the kitchen

Her: okay ke bunny

I smiled, these names thou :D .She kissed my cheek and went to the guys by the pool, I went to Jasmine she smiled when I walked in. God she is me!

Her: hello girl

Me: hey

Her: we have to do something about this fainting of yours

Me: mxm

Her: (giggled) I'm sorry ke love

Me: when did you arrived here

Her: I don't know I didn't check the time, but what

matters is I'm here

Me: you said I can do everything right?

Her: everything with your hands, mind and body  
sweet stuff

Me: but how?

Her: kakuhle :) . If you want to be a doctor you can  
be a doctor and heal people using your hands and  
eyes

Me: I can't be a doctor I did not go to school

Her: I know, but remember you have things people  
don't have, you are an ultimate human being you can  
do everything I mean everything you want. You can  
heal people while you're not a doctor, you can win  
court cases while you're not an advocate, you can  
audit while you not a CA.

Me: Eh! :/

Her: you have something in your hear like a door  
whereby you just open it then you are able to see  
everything and hear everything, but if you don't you  
can just close it.

Me: but all this time I made a fool of myself and called a shower a rain and cooked outside Sisi's apartment and almost burnt it, I knew all those things but the door in my head has been closed?

Her: yes I was watching, and I couldn't talk to you and help you were going to freak out. So I had to wait

Me: who is the original?

Her: you are the original Liyema, at Cuba where we make babies they still need few things from you to make the other us again

Me: What? :o

Her: it's okay I won't do anything I ran and came here so that they won't find me

Me: its illegal to make babies like that Jasmine

Her: I know okay? I also hate my job hence I chose to run.

Me: then who are my parents?

Her: Anelisiwe I can't tell you that just wait

Me: then open the door in my head I will search for them

Her: Liyema relax you will know them, later okay?

Me: fine

.

I kept quiet, and helped her cooking she kept quiet too.

Jasmine\*\*

.

I knew Liyema is close at finding her parents and I didn't want to spoil her wife's surprise. Zenande was busy with John searching so I let them be although I knew her parents, and if I opened her door to see

everything she will look to her day when she was born and find them before John and Zen find them for her. I could see she was disappointed so I let her be I will open her door when she have found her parents.

.

By the "door" I mean a tiny door in our heads made for us to control ourselves by closing it if we don't want to hear everything or see everything as that could be disturbing, when I'm busy talking to my boyfriend but I could still hear what they say downstairs or in Cuba, so we close it for those reasons. I closed Liyema's door myself since I am a scientist I didn't want her to freak out. Creepy Right? Talk about being an Ultimate human Species.

.

I called people to come eat, we all gather around the table. They had lots of questions I can see in their minds.

Me: I am Jasmine betuna I see you really wanna know me, I am Liyema's twin

Pandora: you guys look so identical damn, I had to look for a ring in your finger to see who is Liyema

Bucie: I was also lost Pandi, but nice to meet you Jasmine

Me: You too Busisiwe :)

She looked shocked, I know you wethu in fact I know all of you.

Me: Dzadzy wabantwana

The guys laughed

X: come on!! there is only one person who is supposed to call me by that name

Me: but it's a cool name

X: sex name Jasmine

Me: okay bhuti :D

If only he knew :) I am a talkative person so blab a lot. So I was charting with the guys, the girls were quiet I don't give a damn.

.

After eating I went to wash dishes while the guys went to watch soccer and the girls drink their wine next to their husbands. After I was done I went to them

me: let me go and rest I'm tired

Zen: okay Jazz(nickname they gave me) Liyema will show you your room

Me: I know my way around the house duh!

Zen: how? I didn't give you a tour, nobody did

Me: Relax doll, goodnight :)

I left them there and went to choose a spare room I took a shower and slept.

Zenande\*\*

So maybe Jasmine was adopted because seems like she had it easy than Liyema. What about the third one at Spur? Is she also their sister? Well what am I asking? of course she is their sister she looks like them. I took Liyema's hand and we went upstairs it was already late, we got in our room and she wore her PJ while I was in my boxers and vest. We got in bed and cuddled.

.

Me: Liyema

Her: Sisi

Me: are you okay?

Her: yes.. I mean no

Me: talk to me please

Her: Sisi do you believe in clones?

Me: uhm well no I don't think they exist in real life

Her: Ultimate human species?

Me: hayi andazi Liyema, why?

Her: Jasmine is my clone not my sister, even that girl

at Spur is my clone.

Me: uhm Ohkay?

Her: there are many of us out there but I'm not sure how many.

.

Okay this was serious I sat up straight and stared at her

Me: carry on Bunny

Her: well Jasmine said that-

A knock cut her short\*\*

Me: who is it?

"It's me John I found something open up". That was quick

Me: I'm coming

I wore my sweat pant and peck Liyema's lips

Me: I'll be back okay?

Her: okay Sisi

I went to John he was downstairs with his laptop, its

a good thing we have an IT guy in the family. John knows his work I trust him.

.

Me: John? tell me something good

Him: Boss you won't believe this

Me: John say it

Him: I found her parents, they are both alive and well

Me: Let me see

.

I went to his laptop and check every information he found and read it. WTF? :o

Me: John are you sure?

Him: hundred percent boss I know what I am doing and I'm good.

Me: wow! I didn't see this coming thank you John

Him: sho boss

Me: let me tell her the news

.

I went upstairs to my wife still not believing what I saw but John is good he dig everything and is never wrong.

Last night I was ready to tell Liyema, but when I arrived in the room she was already asleep but I will tell her now. Hell I still can't believe it my self well last night I made some calls to the parents as I know them personally.

So they were to arrive this morning.

I gently shook my wife as means to wake her up.

She slowly opened her eyes, she was beautiful damn, my black diamond.

.

Me: hey, wake up.

Her: but I am still sleeping nje.

Me: Its morning bunny come on.

She fully woke up.

Me: I believe that last night you wanted to tell me something.

Her: Let me go and shower sisi, can we talk later please.

Me: Okay, let me join you then. And after this shower there are people I want you to meet.

Her: Okay sisi.

I could tell that she was stressed out and I thought of a way to release her tension. So I turned her around and I kissed her, she didn't respond at first but as I deepened the kiss she got the hang of it and responded. We kissed passionately with slight moans coming out of her mouth.

I was busy caressing her body and we were making

a dance with our lips. You know her body was a temple and I didn't want to break it just yet, so I picked her up and put her on my shoulders.

All this while her eyes were closed, I dived in slowly with my head in uPunkie( her vagina) and I muffed her slowly and tenderly. It was like I was creating a pattern in her, and only a pattern I can be able to unlock. During all this pleasuring time she was closing her eyes still.

Her: Ah! Oh shit! do...nt st..op. Zen..and..e

Her moans were what gave me strength to go on and muff her even more. I gave it to her with my mouth, my tongue twirling and swirling on Punkie, till I felt her thighs shaking I knew she was close I went in deeper and she came all over my face. I put her down and hugged her as she was busy trying to catch her breath.

.

Me: Bunny

Her: Si..sisi

Me: look at me.

she shook her head and buried her head on my chest more, I let her be. We showered and got out of the shower. in the middle of us getting dressed there was a knock on the door. I answered.

Me: yhe!!!

Him: they have arrived.

Me: okay, we coming.

with that he left. I turned to look at Liyema and asked her if she is ready she nodded shyly. We went downstairs hand in hand.

Me: My King and Queen welcome.

Them: Prince :) .

I just smiled.

Me: And how are you ?

The Queen didn't even let me finish asking how she was, she attacked Liyema with a hug crying.

Me: Tata as you can see the Queen has already revealed what I called you in here for.

King: Thank you so much my child, but how?

Me: She was stolen at the hospital, and you were given a stillborn baby.

Well the King also went to his daughter and embraced her in a hug. I smiled like a retard, was so happy for my wife. and in all this she didn't get her parents only she also got a brother. Hm! My wife Princess Mlilo I like the sound of that :)

Liyema\*\*\*

.

Everything was happening at once in my life I mean I just got the news that I have clones out there, and now my parents. I was overwhelmed by all that was happening to me. At least I had to be thankful to usisi for finding my parents, I mean me Anelisiwe Majeke with parents who are still alive.

The hug I felt when my mother hugged me, I have never experienced such embrace from a woman in my life, I only felt that kind of love when dad( Mamiyas husband) was still alive.

As it is said in the Bible that God has his own pace and he is always on time and never late. I believe that now and I will continue praising his name.

I was brought back from my thoughts by a hug :). it was bhut'X , yes he indeed is my brother. I smiled my heart melted :).

.

Him: Wow now that I look at you closely you do look like umama.

Me: :) enkosi bhuti.

Him: :) ewe ndingubhuti nyan.

I just smiled I couldn't believe that this was my life. I mean I have parents, a brother and a loving wife I am blessed indeed.

.

Queen: Can we close our eyes and pray.

We did closed our eyes and she prayed to a point where we all felt the presence of the Lord.

She ended her prayer with an Amen.

.

Queen: Now that is all out of the way. Let me go into the kitchen to prepare food for my husband and daughter.

Zenande: What about us mama?

Queen: I will not prepare food for people who have wives :) .

Xolani: Haw mama but I am still your son.

Queen: Stop being a big baby Xolani tshin, I am joking my children I will prepare food enough for everyone.

Queen: Dear daughter come and help mommy in the kitchen.

Jesus I smiled like a retard I went to the kitchen to help her.

Queen: So how are you Princess?, you really are of true beauty like your mother your brother was right.

Me: :) I am well mama, Thank you for the compliment.

Queen: We must give our thanks to the most high mntanam. I can see you and your brother took your mothers complexion by being dark, as your father is caramel :v thats how he says his complexion is. When you were born me and your father were overjoyed that we have a princess but when the nurse who said was going to bath you came back with a not breathing baby and told me that you had died when she was going to bath you. Mntanam I just knew that definitely God has turned his back on

me :( , but today I stand here with so much joy and gratitude in my life that I am standing here with my daughter preparing food.

I was so emotional :( tjoo.

Me: All is well mama, I am here now and are to never go anywhere.

.

Back in the lounge .

King: Zenande.

Zen: Tata.

King: Thank you so much my child, may the God of our forefathers continue blessing you.

Zen: Thank you tata :).

King: Now we can't take her away from you as you two are married, but what I ask from you is to accompany her home this weekend so that her welcoming ceremony can be performed.

Zen: No problem tata I will accompany her.

King: Thank you and please she must visit us from

time to time.

Zen: I promise tata tjuu it seems like I am going to be in trouble with you.

Xolani: You better watch out Zen, because nam ndikujongile .

Zen: Mxm mka X :) .

King: Tell her nyan one tear from the princess, you will know us.

Zen: I will not hurt her tata tjooo.

Them: You better.

Zen: :) so y'all are ganging up on me.

We came back with the food from the kitchen to them chatting up a storm. For once in my life I was happy and my heart was in a better place.

We ate while chatting and laughing. I guess other people were in their rooms as way of respect and not disturbing the family :), but where was Limise ? •

- 
-

.

.

Limise\*\*\*

.

I was on my way downstairs to prepare food for my in laws when I heard cries and I heard that Liyema was of Royal blood and was the sister of my husband. I couldn't take it at all so I ran upstairs and I have been locking my self in this room ever since then. I mean how do they even know that is their daughter? what proof is there hayi the King and Queen must not be fooled by this girls tears. I will talk to uXolani and make him see my point.( I thought to myself).

I smelt some aroma from downstairs. I guess the Queen has prepared the food, good because I was only going to make them coffee and biscuits only.

But I still do not buy this princess bullshit. I mean its bad enough that she has the Mabija surname and

now add the princess title to it hell no that can't be, I refuse.

Sizwe\*\*\*\*

.

I was chilling with Luvo in his room giving oZen some space.

Me: hey mfethu I want a taste of Pandora tjoo.

Him: :o hayi mfethu you know what happened last time you slept with umntu ka John.

Me: I know bra but I can't help it damn, I wouldn't mind having just a taste.

I am not gay dont get me wrong but I sometimes get attracted to some guys. And yes I love my wife so

much but I can't help how I feel sometimes I guess you can call me bisexual.

We sat in his room chatting up a storm no Luvo.

- 
- 
- 
- 
- 

Zenande\*\*\*

- 

Seeing my wife smiling and laughing like that brought so much joy in my heart. Gosh swing her smile like that did things to me. I guess I was slowly becoming whipped damn.

After we were done eating the King and Queen wanted to take their daughter out for shopping this instant, so I let them go. I was left with Xolani.

-

Me: You happy neh mfethu?

Him: You have no idea bra damn, I have always wanted a little sister someone I was going to fight for and protect with my all.

Me: You understand she is married to me right?

Him: yeah I know mfethu I promise to not overdo it but I will protect her with my all.

Me: I promise to not hurt her ngqawa. I wonder how you wife is going to feel about ubunny being a princess and that she is your sister.

Him: Firstly let me say you are inlove , I have never heard you call any girl by pet names after Amahle.

Secondly Limise will just have to accept that I have a little sister that I will have to take care of.

Me: May her soul rest in peace (Amahle)

We continued chatting till later.

A week later we were on our way to Idutywa "Princess Liyema's welcoming" so they say. I was so irritated with all this Liyema this Liyema that. Queen and King Mlilo are fools to trust all this madness, what if her and that Zenande planned this, but what I know they won't get away with this.

.

We arrived at the Palace, I didn't cover my head I mean I'm still 17 for crying out loud to be dressing like a granny and covering my head and shoulders. TF? I Don't have time for that kind of shit.

.

X: Limise cover your head

Me: I did not do this weave to cover it

X: I know but now show some respect please

Me: oh please let's get inside

X: Limise I don't wanna argue with you, put on the damn scarf

.

I took it and covered my weave then we went inside I rolled my eyes when I saw the whole family waiting for us. We got in and did the greetings the Xolani went to put our bags then came back, I sat down and relaxed it's been a lonh journey. I called Nomsa the head Servant

.

Me: Nomsa!!

She came running and bowed

Her: Princess

Me: please bring me water with Lemon please

Her: yes Princess

Queen: No! Nomsa go and do whatever you were doing, You Limise go and make tea for everyone

Me: Haibo Mama I don't think I am needed there  
Nomsa and the others can make tea

Queen: I won't repeat myself you are not allowed to just sit and do nothing, tomorrow we're having a big celebration for my daughter I don't want stories.  
Stand up!

Me: As you say it's her celebration nje mama let her do things herself.

Xolani appeared and stared at me, Hehake!

X: Limise can't you see the elders are here wena you are busy uphendulana nomama wam

Me: I wasn't-

X: Yizapha!

Me: Xolani-

X: Come!!

I stood up and followed him to our room, the moment I entered I felt a sharp slap on my cheek I blinked and saw stars. Another followed and a punch I held my face, I became numb, He then strangled I couldn't breath

.

X: How dare you talk to my mother like that

Me: Xo..La-

X: You didn't want this marriage right? Now i'm letting you go I am sick an tired of your stinking attitude.

He let go I coughed an held my chest

X: I'm calling your parents you're going home

Me: Xolani but-

X: Shut the fuck up, start packing!

.

He left. I started panicking what will people say xa ndibuya emendweni? I can't risk my name as Princess Jali be dragged in the mud. We were

getting somewhere nje what changed now? Must be that damn Fake sister, she will know me clearly she doesn't know at all. I called my father's Journalist Inga, dad call her when he wants to make a press conference.

Inga: Princess

Me: Hello doll I have a story for you

Inga: okay?

Me: it's about Liyema Mabija, Zenande's wife

Inga: mmh interesting

Me: you didn't hear this from me okay?

Inga: yes my Princess

King: I'm sure we can fix this

Me: by calling my parents and the elders?

King: No! just give her a chance

Queen: I say we take her back home and teach her AGAIN wife duties

Me: Better!

King: but what will people say?

.

Mom: my child you haven't told me about your childhood

Me: it doesn't matter mama

Mom: it does

Me: mama come on

Mom: please tell me

I finally gave in I told her everything not leaving a tiny bit, by the time I finished I was already crying so is mother.

.

Her: I'm so sorry I wasn't there to protect you my child

Me: it's okay mother

Her: that woman will pay

It's been a week and I missed my wife, well after the ceremony her parents begged me to leave her behind they wanted to spend time with her. So today she is coming back home I have sent Simphiwe to go pick her at the airport, James (my pilot)said that they have arrived.

.

I couldn't wait to see her beautiful face, I heard a car pull up I quickly went to the door and waited. Simphiwe opened her door and she walked out smiling and thanking Simphiwe, my heart melted. Such a humble soul ♥ .

I went to her and hugged her, God I missed her so much

.

Me: Bunny :)

Her: Sisi :D

Me: (chuckled) Bunny please call me Zenande  
please or Baby ke

Her: I'll try ke

Me: I missed you damn

Her: Me too Si-

Me: don't!

Her: Me too Baby :)

I smiled and led her inside, Xolani jumped and  
hugged her she giggled

X: mntase how was your flight?

Her: it was okay Bhuti although I was so scared

X: it was your first time nana

Her: Yeah!

X: so I was thinking :D

Her: Yes bhuti?

X: Shopping?

Liyema looked at me I nodded, she smiled

Her: Shopping it is bhuti but I have lots of clothes

X: I don't care I wanna spoil my sister

Me: okay that's enough, Bunny come you must be tired

X: Umona!

Me: Mpaa

.

He laughed, we went to our room, I put her bag I grabbed her waist and kissed her. We kissed passionately, I grabbed her ass and breathed. Help Me Lord! She broke the kiss and looked away I smiled.

Me: so how was home?

Her: Great Sisi I enjoyed myself

Me: I'm happy for you

I kissed her neck and squeezed her breasts, she breathed

Her: uhm Sisi where is Jasmine?

Me: she is hardly home lowo, which reminds me tell me about this clones thing because your mother gave birth to only you.

.

She told me everything about these clones, how they were made and do they have. I was shocked

Me: Wow!

Her: Creepy right?

Me: interesting :D

Her: Hayi sisi

I chuckled, her eyes widened I looked to them and noticed the small ball inside them opened then closed. Okay what was that? It's only now that I notice they are made of glass. Science guys Science!!

It was my first time seeing a vision, I assumed that Jasmine opened for me to see everything I want to see. Whenever I see a vision the small ball inside my eyes open after I have seen the vision liyavaleka.

.

What I saw is our dinner table full of blood, Our food covered in blood. Sisi shook me I quickly came back from earth.

Her: Liyema? are you okay?

Me: I just saw our dinner table full of blood

Her: what does that mean?

Me: I'm not sure but something is going to happen that's what i'm sure of

Her: I wonder

Me: we wait and see

Her: we Lucky to have you kodwa, you are one of us now :D

.

I kept quiet, What the hell is this i'm seeing? I was taking a tour around the house with my eyes, I saw money lots of money it was in a basement in black bags. I saw guns, diamonds and drugs, WTF? I saw a room it looks like a hospital. Wait it's a hospital with hospital beds, ICU machine and all sort of hospital things.

.

Me: Sisi you have a hospital in this house?

Her: uhm.. well yes we created our own since we don't want to go there and as you know Sizwe is a Nurse he help us when we're shot

Me: but how did you get ICU machine and all those hospital stuff

Her: we stole them, Sizwe is a Managing Director at the hospital so he help us.

Me: Oh

We both kept quiet, I wanted to ask about the money now.

Me: and the money?

Her: what money?

Me: money in the basement Sisi

Her you know I bomb ATMs and Rob banks nje

Bunny so I can't keep it at banks

Me: what if this house burn down?

Her: The money will be safe, my hospital, Mission cars, and my money and drugs are underground this house can burn but they will never burn I made sure of that.

Me: Oh

With that said I kept quiet and unpacked my clothes.

NARRATED\*\*\*

.

At the dinner everyone was gathered around the table. Bucie and Pandora cooked, well as for Limise she was not yet back.

.

Everyone was eating peacefully and chatting there and there, until Sizwe spoke he was high from smoking weed.

.

Sizwe: Nicki Minaj

Pandora went stiff he decided to act cool

Zen: Haibo Sizwe we have Nicki Minaj now?

Sizwe: Yes! Pandora

Everyone laughed except for Pandora who was sweating.

Sizwe: Pandora I miss your ass damn! the way you were twerking on my d\*\* that day made me crave for more

.

The table went dead quiet, John became pink fuming. Pandora coughed

Sizwe: what? They didn't know we're having sex?

Pandora: Sizwe please stop it you're high

Sizwe: but all I see is your ass now :p

John: So you two have been fucking behind my back?

Sizwe: Everyone here have been fucking someone's wife i'm not the only one.

The table still went dead silent

Sizwe: where is Limise? She and Lwando have been fucking behind your back X

X: What??

Sizwe: Lwando say something

Lwando: come on Sizwe

Sizwe: what?

Lwando: But X you're also fucking Snazo, tell Luvo that before staring at me.

.

Secrets! Everyone stopped eating and knew that shit was getting real.

.

X: Well John before you also stare at Pandora, tell him what you were doing with Sbahle at the gym

Pandora: What???

X: they were fucking

John: I fucked her because her husband has been busy with her receptionist fucking her

Oh well! What did y'all expect? seven guys and seven girls leaving together :/

Pandora: Well Bucie my chair is burning let me not burn alone

Bucie: Shut up Pandora!

Pandora: Never! Tell Lwando that his boss has been fucking you when her wife was at home last week

Zen: Oh Shit!

Pandora: Yes! Zen and Bucie were fucking behind your back Madam

.

Liyema looked at her wife defeated, she felt betrayed, her heart broke into pieces.

Zen: since you started this Sizwe did your best friend told you what he have been doing with your wife? huh?

Sizwe: what are you talking about?

Zen: oh he didn't? Well your innocent Miranda have been fucking with your best friend Luvo right in your face.

.

Sizwe became sober by a second and couldn't believe his ears, Miranda and Luvo? No!.

.

Zen: well I hope y'all happy now, some of us are going to sleep outside today

X: Yho wayenza into Sizwe

.

There was a knock at the door, Pandora went to

open it was a delivery guy looking for Liyema Mabija. Pandora being Pandora signed for the parcel and gave it to Liyema. She opened it, it was a Newspaper she was in the front page the heading goes like "Mrs Mabija the UNEDUCATED wife"

.

Just when I thought things were going well for me, that everything was going so smooth then boom this.

Firstly I thought MNA no baby I mean usisi we were going somewhere. Whereas mna I can safely say that I have fallen inlove with her :( . I was torn apart uBusi, I mean we live in the same house, has she got no shame? Oh well who was I to have someone who was going to love me, the whole of me.

I don't even want to get into the newspaper part it is bad enough as it is and I know that Limise is behind it and I feel for her shame because I have nothing to lose even if that thing goes viral.

I was brought back from my thoughts by the breaking of a plate.

.

Bhut'Sizwe was on top of Luvo punching him so bad never in my life have I seen people fight like that because also Luvo was throwing punches back. I looked at usisi she had blood also coming out of her nose I wonder what happened to her. What kind of friends are they sleeping with each others wives?

.

Miranda: Liyema.

(She looked terrified)

Me: Miranda when?

Her: its been a while nam I don't know what came over me.

Me: I am not here to judge you, look at all the blood.

.

And there was a lot of blood firstly usisi got beat by uLwando for sleeping with his wife. And now this Sizwe and Luvo, I guess it really cut deep Ku Sizwe because him and Luvo are the best of friends.

Damn you Sizwe I caught a glimpse of my wife and she looked devastated and I needed to find a way to

fix things. I so badly wanted to speak with her but I know she wasn't gonna let me talk.

Me: So X do you think uLuvo will have an energy for you after the beating he is getting?

X: Mxm really Zen you have time to joke, I mean look at my sister.

Me: I know how your sister is Xolani, and if you gonna get into my marriage affairs soba nengxak.

He just clicked his tongue and left I knew that Liyema being his sister it was going to put our friendship on strain because blood is thicker than water.

.

I went to Liyema everything was just a mess but I needed to talk to her.

Me: Liyema

Her: Sisi

She couldn't even look at me eish its bad huh.

Me: I am so sorry.

Her: for wh..what sisi huh?

(Her voice was breaking I felt like shit damn)

Me: I will fix us okay, and uhm you know don't mind this newspaper ish vah i'll get to the bottom of it.

Her: do whatever you wanna do and I wanna go to sleep.

Ouch I guess she really is hurt.

.

I called Limise I wanted to set something straight before I talk to my wife

.

Her: Onele speaking

Yes she doesn't have my number or else she was not going to answer.

.

Me: You see girl this is the last time, I warn you to steer clear of my wife. And Limise if you don't back off I will chop you up into pieces and put your head up on a spike are we clear?

.

She kept quiet, I couldn't care less

I hung up and damn if she doesn't listen I will keep my promise and chop her up into tiny pieces even her bloody ancestors won't be able to recognise her.

.

Limise is home at least, her father insisted on leaving with her after my sisters ceremony and I

have never had a quiet time and peace like this, but her parents and mine made a deal that no divorce is going to happen between us and that they are just taking her to teach her wifely duties that's all.

I was all alone in my car after I left uZen there, I was angry at Limise for opening her legs for my friend, and I was also mad furious at uZen I mean that's my sister she's hurting nx...

.

As I was still lost in anger I heard screams from inside the house, it was the girls turn to shout now. it was Pandora shouting at Sbahle for being such a tramp and opening her legs for her husband.

I just stood there uLuvo looked like he was hit by a train, I mean I feel Sizwe's pain because those two are not just friends they are the best of friends. Yeah amongst us everyone has someone that keeps their deepest darkest secrets for them, me I have Zen no Mzukisi.. Lwando has John and then Sizwe and Luvo.

well enough about them I just thought to myself maybe it's time we went back to our own separate

houses because me Xolani Mlilo if I continue living into this house I will continue fucking peoples wives and I will also lose respect for Zen, because every time I see tears from my sisters eyes I will lose it completely, and that would lead us to breaking this friendship so I think its best we go our separate ways and meet like the way we used to meet. I should talk to the men after they done.

I also had a plan for Limise how can she drag my sisters name like that in the mud, so I decided to call I know its late but hey she needs to be hear first thing in the morning. So I called she picked up on the third ring.

.

Her: Hi

Me: Why you so down?

she sniffed.

Her: i...its nothing I just have flu.

Me: hey you know you can talk to me right,?

Her: ewe I do.

Me: Now tell dzadzy what's up?

She narrated the story to me of how uZen threatened her, so I decided to take her side because I want her here tomorrow, because if I threaten her now she won't want to come back.

Me: Hey listen, I will talk to uZen okay, because anyone could have wrote a story about Liyema I know its not you okay.

Her: Thank you for believing me.

Me: I want you to do something for me .

Her: what ?

Me: please come back tomorrow morning this bed is enormous without you pretty please.

Her: :) okay I will .

Me: Night ke Mrs Me I'll see you tomorrow.

Her: :) Goodnight.

I hung up and decided to call the gents and give them my proposal before going to talk to my sister.

We got called by uXolani to the living room, I thought she had left, who knows. Damn uBusi can shake yerrr :P, tshin don't look at me like that people ndyancoma only. Anyways we attended to Xolanis call.

.

X: firstly let me apologise to you Zen for the way I reacted earlier. To Luvo mfethu I am sorry for sleeping with uSnazo( was I sorry really coz ahm not done with Snazo :) ).

Me: Its cool bra nam if I had a sister I would have reacted the same way as you so its chilled.

Luvo couldn't even speak properly so I decided to

leave him.

X: You Lwando are a piece of shit bra. how do you even begin to sleep with my wife huh?

Lwando: Mxm Xolani vah coz its not like you a saint here because you aren't so please. Nx and you Zen I trusted you so much I would sometimes tell John that I know you the only person ongenondtyela but I guess I was a fool.

Me: Harde Lwandos bra I even have a bleeding nose coz of you khayeke bra.

Lwando didn't bother answering me I just kept quiet fuck him I did apologise so what else does he want? for me to unfuck her wife well I cant.

Me: X why are we here before we attack each other?

I could see that he was also fuming because of what Lwando said to him, but he contained himself.

X: I called you here because I think it would be a good idea for us to stay here with our wives in the same house.

John: Good idea because I am ready to kill someone

if I don't get out of here. Sizwe you can't keep it in your pants ,maybe Miranda is not even a virgin in her ass nx bloody swine.

Sizwe: at least I get them both from my wife don't you sometimes wish that Pandora had a pussy as you were busy fucking Mzukisi's wife with your nasty ass testicles.

Oh :o , John was beyond the word angry he was something else and if we don't stop him sizwe will wake up from the hospital, in a coma.

Me: GUYS please stop this, now X I get your point bra its cool I'll tell uLiyema to pack us up.

Mzukisi: Even if I wanted to throw in a few punches Ku John I know he would make me look like shit so its okay, let me go and take that tramp of a wife home and take my anger all out on her.

We left the living room for our bedrooms.

I was hesitant to even get into mine, but eventually I did.

I was in bed but not asleep, see why I hate people when there is a lot of them drama just pops out of no where. sisi entered the room and I just looked at her .

Her: Bhabha

I felt my heart melt but i wasn't gonna give in that easily.

Her: Bunny.

Tjoo Jesus she said that in the most sexy tone ever. I wanted to smile God.

Me: Ba...Sisi

Her: I know that me saying I am sorry this moment

will probably fall on deaf ears but Nzwakazi yam entle believe me when I say it will never happen again. I know our journey has not been the smoothest one, but bunny if you give me one more chance I promise to clear out every obstacle that will make you cry okay. Just trust me Kukhanya kwam and all will be well, I love you okay <3 .

After she said those words she went into the bathroom, and I just blinked and tears just fell like a flood and I couldn't even stop them. She came back after her shower and held me from behind. Gosh I felt safe in her arms. She kissed the back of my neck and whispered I love you and with that we fell asleep.

.

Well as you all know I am John and I am married to Pandora, yes I am gay but there are moments whereby I do also get some pussy, but it doesn't change the fact that I am a gay top.

Well when I was 18 in varsity I got disowned at home just because I have black friends and I am gay, my father is pure racist but enough about that.

.

Coming to recent events ,as I found out that Pandora is cheating on me and the thing that makes me furious the most is the fact that this is not the first time that Sizwe has done something like this to me. I mean a guy that I am serious about and introduce it to the guys he always ends up fucking him and thats what makes me mad.

.

Following morning I woke up next to Pandora and he was sleeping peacefully not knowing uba uzonya when we arrive at our house nx bloody swine I am gonna show him to never open for another person other than me ndingu Dlamini kay1 mna he must know better than to cheat on me.

by 6 o'clock I was already on my way back to my husband I was happy because last night he spoke to me in a manner that he hasn't spoken to me and it was so soothing :). While at home I also learnt how to make breakfast although I was not keen on learning but my mother forced me, and I was also taught how to speak to people most importantly my husband but I was not ready to become some cheap submissive wife. And I have been having some secret private time no Lwando and I must say its been total bliss and I am not planning on it coming out so soon because I am not ready to let go of it.

I am not even sorry about the newspaper article shaming Liyema, she must know that she is beneath me on every aspect of life. She might have found out that her parents are very rich and that she is a princess, but the fact is she grew up poor and a commoner so hence I say she is beneath me on every aspect of life, but me on the other hand I grew up very fortunate I mean I had a mother and a father and I grew being called Princess, you know the respect you get when you are the princess :).

In my journey I was also afraid of what might happen to me, I mean although I act tough but I am shit scared of Zenande, she could be contemplating to kill me. Nx hell , I am not going to show her that I am afraid of her because she will feed on my fears and I can't have that. Now that I know that my husband is on my side that Liyema will be nothing, I will squash her like the trash she is. She might carry the most important and most feared surname of all but she is still nothing regardless.

NARRATED\*\*\*

.

At Xhorha Royal Palace, The King and the Queen were about to have their morning feast when they were disturbed by uThuli their head servant, saying that they have a guest and that woman is eager to speak with them so they both rushed in to see who it was only to find Mamiya waiting for them smiling at the King.

Ever since she got chased out by Zenande in P.E she decided to think of a plan she knew that it was the only way because Biza was changing so she needed money to make him stay.

.

Mamiya: My King :) and Queen.

Them: Morning, to what do we owe the pleasure?

Mamiya: Heh my Queen could you excuse us for a minute I would love to discuss something with the King.

Queen: What I am not going anywhere whatever you want to tell my husband you can tell him in my presence.

Mamiya: Okay then mxm... Heh Mkhozi(in law) may I please have some money please.

King: Why should we give it to you?

Mamiya: Because listen to the story I will tell Liyema :) . I did not steal King Mlilo and Queen Mlilo child I was given it voluntarily. Queen and King Mlilo didn't want another child after their first born son was born so when they found out that they were expecting again they couldn't kill the baby so King Mlilo and King Mabija came up with a plan to give the baby away and they found me desperate woman looking for a child and they gave me the child as a gift :) , hence we found root in Xhorha in King Mabijas land he knew who I was so hence he always gave us free

food.

So how is that for the press and your precious daughter inlaw? you better call your friend King Mlilo and tell him my proposal that I want an amount of R4 Million by the end of the week or I go to the press with the story and if I die I already told the police to look into these both families first.

And with that she left the King and Queen in awe. The King called King Mlilo and told him the news.

The Queen and King Mlilo didn't know how to handle this matter because if they kill this woman, they will become first suspects, and if they give this woman what she wants then they will always be blackmailed by this woman forever.

I woke up in sisi's arms I must say it was the best feeling being through all what I went through at least I had a safe place and that is sisi's arms. I wanted to go to the bathroom but to my surprise when I moved sisi's arm tightened around me.

Me: Sisi I wanna go to the bathroom please let go.

Her: I don't want to.

Me: Sisi please.

Her: first say baby.

I shook my head no, I didn't even finish shaking my head she was already on top of me tickling me. I

was laughing like crazy, I swear I almost peed myself by the rate she was tickling me in.

She stopped and looked at me, I couldn't look into her eyes. She didn't even wait for me to catch my breath she kissed me slowly and Succulently that I even zoned out and focused on the magic done to my lips , even my clit was throbbing :P , her hand massaging my boobs and another one caressing my body. Damn I felt my body temperature as she took off my pyjama top, I let her and she also took of her vest and she layed on top of me and kissed me again , I knew this was it , my breathing pattern changed and I was so damn wet kuPunkie as she calls my vagina. She went down to my neck kissed and sucked on it, if I was a yellow bone I would say she left some love bites there.

She admired my body as a whole as she went to my boobs putting one into her mouth sucking and gently massaging the other one, Jesus I felt like I was flying. Her right hand travelled down to my enchanted island and was busy massaging ontop of the pyjama bottom :P the feeling Gosh. she kissed

my upper body as a whole and she took off my pyjama bottom and took of her boxer and came to me and muffed the hell out of me I was on cloud nine, after sometime her doing her magic in between my legs I felt my body tense up and my thighs vibrating and with that I came :P ... She again didn't wait for me to catch my breath she got on the bed and we sat on the position like a scissor my punkie against hers she started grinding I followed her lead our clits rubbing each other we were both moaning because of the pleasure after minutes doing that we came at the same time. Gosh what a morning, I felt her hand going up my thighs and her middle finger on the entrance of my punkie no this can't be happening I pushed her off before she could do anything I ran to the bathroom and got into the shower.

She came into the house and came to me I hugged her and tightened the hug she felt dzadzy poking her stomach and she swallowed hard. I instructed her driver to leave her bags into the car as we were to leave again shortly.

.

Me:So how are you?

Her: Tired but I am good you?

Me: Horny but I am good.

Her eyes popped out I was telling the truth nje. I pulled her upstairs into the room.

Me: do you want to get pregnant?

Her: :o NO .

Me: well then Mrs me I will fuck you everyday until you get pregnant and that pregnancy is your punishment.

.

I was not going to let that greedy woman get away with this, I took a flight to P.E after the call with my friend King Mabija I have to fix this. I have a house in PE at Lovemore Park. I called a press I needed to be the first to give them the whole story before I deal with that greedy woman.

.

As soon as I landed Xolani was there to fetch me, I have called him.

X: Xhego lam

Me: Kwedin

We shared a brief hug, my gurdy took my bag and went to the hired cars they were to follow us with, I

drove with Xolani.

.

X: so what brings you here? I heard you have a press conference at work

Me: Xolani that woman is testing me

X: who? mama? Is she cheating?

Me: Xolani maan!!

X: Oh sorry

Me: Ma'Miya the woman who stole your sister is threatening us

X: let's kill her

Me: not yet! I need to do this conference now before she calls and give them a story

.

Xolani laughed so hard I pulled a straight face, he quickly stopped.

X: but dad that woman knows nothing about calling journalists and telling them stories

Me: Better safe than sorry Xolani

.

We arrived at work, the press was already there.

Me: I need you by my side

X: don't you think we should call Liyema so that they could see her?

Me: No let her be, I will go and see her after this

X: let me call Zen to turn on the TV

.

He made a call after that we went to start. I told them the whole story of how our daughter was stolen and how she returned home. They asked about her being uneducated, yes I told them my daughter is Liyema Mabija. I told them how she grew up, why she didn't go to school and about how her stepmother treated her. Bitch messed with the wrong guy.

I grew up in that hellhole knowing very well that making babies is illegal, I always knew Liyema from when I was young but I couldn't reach out to her because they were

looking for her as she is a original. Now they are here in PE to kidnap her and take what they need in her to make other babies I can't let that happen I have been their slave for 17 years but now i'm tired.

I received a very disturbing vision from Jasmine I knew who those men were and I needed to tell

ubaby :P that there are people coming for me. So I went to her she was in her study, ever since we came back from staying with friends she has been working from home and watching me :) , so I just entered without knocking and I didn't even notice that I was starring until I felt her lips on mine and I quickly snapped out of it. We kissed for a brief moment and I broke the kiss.

.

Me: Baby.

Her: My Light.

Gosh I blushed uncontrollably.

Me: :) uhm Jasmine sent me a vision and the people who made us are after me they want my Genes or DNA, my stem cells and also one of my eggs for fertilisation and they are on the way right now and are armed.

Her: Shit bunny let me make a few calls okay, wena just go into the room dont come out until i tell you to.

When Jasmine sent me that vision I guess it also

opened my door everything came in like a flood, Limise wanting to create an alliance no Mamiya and Mamiya blackmailing my father and I could also hear ubaby on the phone and whom ever she was talking to, so I decided to listen to it.

.

### #Phone Conversation

Baby: Hello ma we under attack do what you do best.

Caller: yheyhi! All shall be done

The person she was on the phone with was their Sangoma, she made our house ibala( invisible) :o .

She went on to call her friends to be cautious of their moves, because the guy could kidnap one of them to get our attention. They also tightened the security in their own houses.

While in the room I thought of a plot to get Limise to shut up.

Firstly I was gonna dress , and carry myself up to the standard of being a Mabija wife if that doesn't work I will knock her teeth out with my fists nx andizudlala

amantombi anyayo( I wont tolerate girls who shit on me) its time I stand up for myself and show her who I am. And also I will have to visit my brother in his house and swap the pills she is taking for the ones to make her fertile and get pregnant soon :) .

.

I knew that the Kings had the Mamiya issue under control so I was not bothered because Mamiya even though they will not kill her, but she is going to wish they had killed her. The thing that took priority in my mind is that Zenandes mind was hard to be accessed, I guess its because she is using these muthis, and she had one memory in her mind that was locked away more like it was something she asked to forget as it wouldn't haunt her. Maybe I should ask her.

They shot one of the cars Dan's men were travelling in and it rolled into the road and bombed boom in that midst of Smoke Dan and some few men managed to get away. During that moment he knew that his approach was going to get him killed so he decided that he was gonna come with a different approach next time.

Back at Zenande and Liyemas house.\*

Liyema was pacing up and down, yes she knew what had happened but she couldn't help but worry what if something happened to her wife. During that pacing she heard a car pull up and she smiled like a retard knowing that her wife was home. When Zenande appeared through the door Liyema just welcomed her with a wide smile. They hugged for a while and they kissed and deepened the kiss that got a few moans out of Liyema.

Zen: Shall we take it to the bedroom?

Liyema just nodded, she wanted to feel her wife's skin against hers that's all that mattered, Zenande picked her wife up with her wife's legs wrapped around her waist and not breaking the kiss she layed her on the bed like she was an egg that was not going to break. And Clothes were taken off.

Well then the rest is history, lets just say that Punkie was not sealed anymore :P . And after their steamy session they slept in each others arms.

NARRATED.

3 months later I can safely say that everyone is happy well, Liyemas devious plan worked perfectly because Limise is 3 months pregnant. Her marriage no Zen was smooth and she couldn't believe that she could have someone to love like that. Liyema

wore like the high wife that she is.

Limise and X, well let's just say she wasn't so disobedient anymore and she loved sex and eating a lot so you know what happened to her hour glass figure :). John and Pandora were still in love but there were moments where Pandora would lose it when he is angry and remind John of the time he had Sizwe but other than that they were fine and wanted to adopt a child or have a surrogate and Pandora was excited about being a mother.

Sizwe and Miranda, Miranda actually accepted the fact that her husband also loved some ass and Sizwe also forgave Miranda for sleeping with his best friend but he was not going to forget. Luvo also apologised to Sizwe and they had a civil conversation with no fists flying and her and Snazo were okay with Snazo keeping a secret from her husband. Mzukisi and Sbahle were also okay but Sbahle had the 3 year thingy girls put on their arms, she had it after her abortion and Mzukisi was frustrated that his wife was not getting pregnant at all.

Busi and Lwando well they forgave each other and they got each other pregnant they were only a month pregnant but they were happy in their home.

The wives had trackers that were injected into them so that the boys would know where they were each and every moment, their cars, wedding rings and watches also had trackers.

Jasmine also stayed in S.A she got a site to build her lab and I must say it was doing great, her and Liyema were not to be seen in the public as the public already knew Olona as Liyemas twin, well Liyema opened up a restaurant for Olona so the public does not ask questions that Liyema is married to a rich family and doesn't take care of her twin.

Well the Kings took care of Mamiya they made her believe that they were playing into her hands and gave her R250 000 and she thanked them and she said she would be back, well she never came back because the kings went to ixhwele to make Mamiya go crazy but make her conscious every once in a while of what was happening to her, and Biza ran for the hills when the money got finished and Mamiya

started going crazy.

It has been a blissful 3 months I had a wife, sisters who adored me, Miranda was my best friend something I never thought I would ever have in my life and I also had a brother who would move mountains for me. So this particular day I was at the mall having lunch with Miranda it has been 3 days without seeing each other.

- 

Me: Hey yellowbone :)

Her: Chocolate ka Zen :)

We shared a hug both smiling from ear to ear. we sat and ordered, well I could hear her talking but I had a vision of me and baby arguing and that argument ended with me getting a slap falling to the ground. I wonder :( .

I told Miranda and she said I should brush it off because ubaby would never do that to me , and I also paid no mind to it

Her: Hows your sex life girl?

Me: :) its amazing chommie tjoo and yours?

Her: Well its good, and you know moss that my ass is not a virgin anymore.

Me: So utar Sizwe when having sex with you does he hit both holes in each round?

We laughed at that question, I won't lie and say I was not happy.

Her: Sometimes wethu friend he doesn't use the behind often.

Our order arrived and we started eating.

Her: Last night I over heard Sizwe talking on the

phone with one of the guys about a trip to Dubai and Paris, You know what this means right?

Me: (screaming) Shopping :)

Well we must have disturbed some customers because some looked at us and some left, oh well we didn't care.

I felt a tap on my shoulder when I turned there stood a butch( like ubaby ) she was a caramel but lighter than ubaby , had pink lips , a nice cut fade and she dressed smartly Jesus I couldn't help but smile, but I quickly contained my self I saw Miranda also staring she was beautiful shame I dont want to lie.

Her: Hey ladies.

Us: Hi.

Her: I am Zama and I would love to know you too ladies.

But she said that looking at me, Jesus no don't test me like this.

Miranda: I am Miranda.

Me: I am Liyema.

She took my hand and kissed it hayini Thixo.

She started flirting, well I also did not that I wanted to but it just happened and well I was also blushing :) , She asked if I wanted to go out some time. I told her I was married, she left her number and said I should call when I changed my mind, she had to go and asked for a hug and I gave it to her and she left.

Miranda: You bitch flirted like I was not even here.

Me: Was it that bad?

Her: yes because you gave her hope by flirting back.

Me: No... No that won't happen I am happily married and I love my wife.

She just agreed and we changed the subject, we paid the bill and left the restaurant and did some shopping. We were disturbed by a calling through my phone it was baby I smiled maybe she misses me I answered.

Me: Baby.

Her: Come back home now Liyema and tell Miranda

to go too NOW !!

Zenande\*\*

.

I was in the office going through some files when I got a call from John.

John: Zen, listen to your wife's conversation.

Me: Okay sure bra.

Well I did check my wife's whereabouts and who she was with and listened to what they were saying.

Damn I hit my desk with my fist, I was angry because she was flirting and also flirting with my enemy, well uZama is the right hand in the gang that's situated in

Cape Town.

Shit the bastards know I have a weakness now.

Pandora must have heard the noise of me hitting my desk so he came in a rush to see what was going on.

Pandora: Hey what's wrong.

Me: Nothing ( I roared)

Him: :o do you need anything,?

Me: NO, pack your stuff and leave go home NOW.

With that he left.

I called Liyema and told her and Miranda to go home, called the guys also updating them on what is going on.

I also packed my things and went home. I arrived after Liyema.

We got into the house, she came to me coz she could see I was not okay.

Her: Baby, talk to me what's going on?

Me: What did you do today.

Her: I went to the mall no Miranda that's all.

Me: And Zama?

her eyes popped out.

Her: baby its not what it looked like, I swe....

I didn't even let her finish I slapped her so hard that she fell down nx.

Me: yhe Liyema who gave you the right to talk to other people except for Miranda and your sisters huh? Who gave you that right to go around flirting?

I was fuming.

Her: No... no one baby I am so sorry it will never ha...happen again.

She was sobbing I picked her up she had blood coming out of her nose I cleaned her.

Me: Don't ever speak to Zama again.

Her: ye....yes baby.

I stroked her back till she fell asleep crying. Shit it was coming back, I felt bad for lifting a hand on my Light :( .

Liyema\*\*\* .

.

I woke up and saw flames and I couldn't breath because of the smoke that filled the house I called usisi but she couldn't hear me I blinked twice to let the vision sink in. They were close and if we don't get out of the house now the vision we have will surely be fulfilled I called uZenande she came in running, yes I was mad at her but now was not the time for that.

Me: Zenande

Yes I am getting used to her now.

Her: baby I am so sorry for the way I reacted.

Me: Zenande now is not the time for that, your friend Sergio from Cape Town is coming for you and they will burn this house down and we don't have time to call your sangoma they are near lets go.

We took some important documents and we got into

the car and sped off. Well the drive was dead quiet and I am guessing that she was planning what was to happen next because it seems as though this enemy brought an army.

its a good thing that it was quiet because I was not keen on talking to her either. it hasn't been 10 minutes when we left the house but there was smoke behind us. I took her phone while she was driving and I called the guys for backup because this enemy put his men on the road. In no time there were bullet towards the car, they found us... Shit Zenande cursed when she heard those bullets hitting the car.

Her: Bunny.

I just looked at her without saying anything, hebantu even if I am the way I am but that doesn't mean I am not afraid of dying. So I was shit scared and when I looked at her my intention was to answer but words failed me.

Her: Bhabha please listen to me okay?

I just nodded.

Her: We gonna swap, you gonna drive and I am going to shoot at them okay?

Me: So we gonna while the car is moving?

Her: Yes bunny but just trust me everything is going to be fine.

I nodded, we swapped seats and I was on the steering wheel driving like a mad person.

Zenande took out her shotgun, aimed at the car behind us and fired she hit the driver in the forehead, the car rolled on the road damn she's good. Maybe that's her speciality in this gangster life of hers. After she was done shooting she instructed me to use the tunnel into their house and I did. Being a gangsters wife is all that when the war and enemies are far, now I know why she was so angry at the fact that I was flirting with Zama oh well okay. We arrived and got out of the car, I didn't even wait for her to say anything I ran into the house. And there girls were already there including Olona and Jasmine.

.

The gents were in the study with Zenande pacing up and down.

Zenande: Shit the bastard Sergio came back now that he knows we have weaknesses dammit!!

Lwando: He has to die for real this time, we missed him last time and got his family.

Zenande called Sjava about an update. well Sjava had bad news many of their guys were dying.

Zenande told the guys of what Sjava told them and they knew that it was time for war and they needed to get their wives out of danger, Zenande was going to send hers home, King and Queen Mabija were not going to mind her going there. All the guys decided to send their wives away home and Pandora to Lwandos home because they would mistreat

Pandora at Johns home.

Zenande was beside herself with frustration what if when Liyema leaves and enjoys staying with her in laws and not want to come back to her. Mzukisi sat next to her and asked what was up, because it was not Sergio making her like that. She told him the story of how she ended up slapping Liyema, and how much she regrets it. Xolani overheard the slapping part and came charging Ku Zenande.

X: What did she do that you had to slap her.

Zen: Xolani we have an enemy out there and you want us to fight over petty things.

X: Petty huh? so you slapping my sister is not a big deal.

Zen: I am not going to apologise to you for slapping her, she is the only person who deserves my apology, so I suggest you find another place to breath coz I need to think.

With that said they both looked at each other, both

clenching their jaws, and Zenande was getting more and more pissed and if a fight broke between these two it would be a hard one to stop although X would probably get beat but he would hold his end quite well too. John and Lwando decided to stop them and Luvo locked the door because they all knew that when Xolani is angry he loves going out, so they couldn't risk him leaving who knows what if he leaves and the enemy finds him and hurts him or worse kills him.

John: X I get your frustration but the way you going about it will break us apart you can't always get angry when ever Zen and Liyema fight.

X: i....

John cut him off.

John: To you Zen, you also need to check how you react towards Xolanis anger because when you keep pushing him well let's just say I don't want to see this family break apart because of your anger issues. Now sort out your differences and come we need to come up with a strategy to defeat this bastard

Sergio. Xolani and Zenande both calmed down and apologised to each other and they began their brain storming.

.

Meanwhile the girls were also in groups each with their friend.

Liyema was telling Miranda on what happened and Miranda was shocked because she really thought that Zenande was not capable of hitting Liyema.

Miranda: So we are back here, I wonder how much is Pandora planning on giving my husband?

Liyema: Well even Busi i wonder how much ass has she prepared for my wife.

They continued chatting about general stuff.

Pandora and Busi also had their private meeting.

Pandora: Yhe Busi do you see that fashion sense ka Madam has changed for the better.

Busi: Yes I can see so?

Pandora: Do you think that you would get round 2

from her wife.

Busi: I don't know chom I'll try her but if she doesn't want I won't force her or become clingy.

The girls conversations continued with Sbahle, Limise and Snazo on the pots cooking its as though they had a point to prove.

After they were done cooking they called everyone even the guys came to it. After dinner everyone went to their rooms.

I couldn't stomach the fact of Liyema leaving mad at me. So I prepared her a bubble bath and placed her favourite champagne next to her bath.

I deemed the lights when she got in the lights were

dim.

Her: Zenande

I appeared from the bathroom wearing the biggest smile ever.

Me: Bunny.

She didn't answer me so I went to her and kissed her and she let. we kissed for a while I took off her clothes and picked her up and placed her in the bath. I started washing her :P.

Her: Hayi baby Marni I can wash myself.

:)

Me: Bunny I am so sorry vah.

Her: I hear that but swear to me Zenande that its not gonna happen again, because if it does I am leaving I don't want to become your punching bag.

Me: I swear bunny it will never happen again.

Her: Aren't you going to join me :P

I didn't answer her I took off my clothes and got in we had a very naughty bath, well not a bath only we

made love almost the whole night until she fell asleep. I watched her sleeping peacefully, I couldn't tell her that I am sending her away to fight a war so Simphiwe was to transport her while she was still asleep. So I picked her up and took her to the car and told Simphiwe to leave, I knew that she was going to be mad at me but I am doing this for her protection.

We were still planning the strategy and we eventually came up with a plan. We took our guns and wore our all black attire with bullet proof vest. This was a big war we had to prepare ourselves.

.

We heard a car pull up outside, we look at each other.

Me: and that?

X: I don't know, the girls are gone it's just us now

John: let's go and check

.

We chew our traditional herbs the transforming started, whoever it is today will die we stronger than before.

.

Liyema walked in followed by Simphiwe who looked confused as fuck, we quickly took out the herbs I didn't want her to see us like that, what is she doing here? didn't I tell Simphiwe to take her home?

.

Me: Liyema what the hell?

X: mntase this is dangerous you have to leave now

Her: I am not going anywhere, i'm here to help

John: Gents we are late, Simphiwe take her to Xhorha

.

Simphiwe tried to touch her, she stared at him

Her: Don't you dare!

Me: Bunny please

X: Simphiwe didn't we tell you to drive straight to Xhorha?

Sim: I was driving there but I don't know what

happened next I found myself here.

.

I knew Liyema compelled him, let me listen to my wife she can see things i'm sure she has a reason to be here.

Me: Bunny what's the plan?

Luvo: Don't tell me we going to sit here and drink coffee we have work to do

Me: Luvo! (I warned)

Luvo: Xolo boss

.

Just then Olona and Jasmine walked in, Didn't Saider (the other driver)took them to Xhorha? Oh these three kodwa!

John: and now?

Liyema: Will You All Shut Up?

:o this new her is charming me yaz she is so brave now, yeah she is Mrs Mabija so :) .We kept quiet

.

She took a paper and started drawing a map of the warehouse

Her: As y'all know that you are not using the front door nor the back there are guards there

Olona: just use sides, those guards on both right and left are weak

Jasmine: After you have killed them get to those who are at front and back.

Liyema: then you get inside you find the boss

Me: This is how we planned it Bunny but we didn't know whom to start with, Thank You Ladies :)

Them: :) Good luck

Liyema: it won't end well, Lwando when they are going to fight the enemy go to the car and wait there

Lwando: Why?

Liyema: please do so

.

I knew not to question my wife i'm sure she was trying to protect Lwando, but it won't be easy to convince Lwando to follow the rules because the do not believe in her.I kissed Liyema Goodbye she held me tight and let go.

It's been a week Xolani has not changed, he was still inlove with his mistress. To him I did not exist he would wake up everyday and make her breakfast, at lunch he dish up for her. Saider was taking me to school, he even missed our doctors appointment. My feets were swollen I needed him so I called him to my room, Yes he took his clothes from our room and went to the spare room with his mistress. Zen tells me everyday that they are fixing this, their Sangoma was powerful yes but these girls came prepared they were so powerful.

.

Xolani walked in he looked lost a bit. Ohkay!

X: Yes?

Me: Xolani i'm hungry and my feets are sore

Me: please make me food :(

X: I'm still busy with Sindy so I can't, go downstairs and make yourself food.

With that said he walked out I cried in pain and screamed, Zen walked in

Zen: Limise what the hell?

Me: Xo..Lani I hate him

Me: Xolani made me pregnant Zenande, now thay I am a good girl he does this? How dare he!

Zen: Yiza Limise

.

I stood up fix myself and followed her downstairs, Liyema was there I looked down. How do I look at her na? I feel so guilty for what I did to her, or was it the pregnancy?

.

Zen: Bunny(kissing her)

Her: Babe

I stood there and watched, Liyema is a true beauty trust me she is so natural that you end up doubting your make up. She just wash her face then tie her hair and that's it.

.

Zen: Baby are you cooking something?

Her: Yes, why?

Zen: Uhm please dish up for Limise

Her: Oh!

Me: Uhm it's okay I will make myself food

Her: It's okay sit down

Zen: That's why I love you

.

Liyema smiled even though she is still mad but what I noticed she has a heart.

Zen: Let me leave you to it ke

Lee: Okay Baby

Zen left, I sat down and played with my hands.

Liyema: What do you crave for?

Me: Anything as long it is food

I was enjoying that Xolani was dancing on my tune, and that even her sister can't help her because I have come here prepared. I wore my bikini and took my oil and lotion my body, this oil makes men drool it makes me beautiful and sexy like i'm some kind of model. Me and Buhle walked out in our bikinis as it was hot we went to sit by the pool luckily the guys were the.

.

As we walked in I could feel eyes on us I winked at Buhle.

Me: Who do you wanna start with?

Her: The boss (she giggled)

Me: I want that Mzukisi guy

Her: Then after the boss I want Lwando

Me: Sexy! :p

We laughed slightly as we enjoyed our cocktails

.

Me: It won't be easy Buhle baqinisiwe abantu and

their Sangoma is powerful I can feel her she is fighting us but we are here to destroy okay?

Her: Yes I know Sindy, but what about the clones?

Me: I have them wrapped around my finger they won't do anything with their "science"

Her: (chuckled) stupid science

We laughed and continued enjoying ourselves.

I went to call everyone for lunch we all gathered around the table including the two witches, every time we try to fight them we lose, Sangoma was also doing everything in her power to destroy them, I

believe in prayer kemna so I would pray every now and then.

.

We were sitting down about to eat, these two were wearing bikinis since it was hot. I was so annoyed. As I was eating I felt the urge to vomit I ran to the downstairs bathroom and started throwing up, Zen came to me

.

Her: Bunny what's wrong?

Me: I don't know must be something I-

I didn't finish talking I threw up again, she brushed my back.

Me: Oh shit your cologne!

Her: What's wrong with it?

Me: It's. . it smells like some kind of shit!

Her: Ouch!

Me: I'm sorry baby but change it

Her: Fine but I don't understand I have always used this cologne you never had a problem with it.

Me: Things change, let's go

.

We went back to the people, I sat down Jasmine smiled at me. I was confused, I stared at her she smiled even more I rolled my eyes.

.

We were eating in utter silence when Cindy talked.

Her: nice food Madame

Me: Thank You

Her: You're a great cook :D

I felt dizzy, she smiled wider I held my chest

Zen: Babe are you okay?

Zen: Baby don't do this to me

Me: Ngeke ulunge ke kum Nontombi, right now I

Sindiswa smiled and nodded to Buhle

Sindy: we have been waiting Thokozani

Mam'Thokozani: Today you will die (groaning)

Sindy and Buhle held hands and started talking their demon language, it started raining and lightning filled the whole house. Thokozani didn't stop too.

.

She gave me and John each a bowl full of herbs and goat's blood.

Her: pour it on Xolani and Sizwe's heads (whispers)

We nodded, she continued fighting the witches. I nodded to John we went to Xolani and Sizwe and pour it in their heads before they protest. The herb

disappeared inside their skin.

Olona: But Jasmine said she can't make the invisible medicine

Jasmine: That's because we needed the original'a blood :D

Buhle: It's Madame and the clones but we can't see them

Sindy: Who is that?

They looked around confused, they did their chain again speaking in their language

.

Me, Jasmine and Olona did our chain and Prayed, Mam'Thokozani the boys fought trying to break their chain as it was the one making the more powerful. Limise and the girls came downstairs when then hear nose.

Limise: What the :o

X: Limise go upstairs NOW!!

Me: Jasmine we need to do something really fast.

Jasmine: I know-

She didn't finish she held her neck blood come out her mouth, I held her. Shit they found us! Invisible part was not working I ran to the kitchen too a long knife and went to Thokozani she is the only who can see it.

Her: Good girl

Me: Do your thing with it because it can't kill them without your powers

Her: You are smart

All the boys were fighting with the witches, But they were failing. This was real deal not just gun and cars that they are good at now it was witchcraft. Zen held Sindy's neck and started choking her, she couldn't breath Zen held on tight, Xolani was choking Buhle just to pass time as Thokozani was busy with the

weapon that could kill them..

.

Strong lightning filled the house Zen and Xolani flew across the room and were spinned against the wall they couldn't move. Sindy stood up they did their chain again but Olona fought them, this time it was a difficult fight they didn't know who they were fighting with as Olona was invisible. She would disturb them in their heads with her voice. Zen and Xolani fell down and started fighting again choking them.

Thokozani: Liyema now is the time stab them straight in their hearts

Liyema: You want me to kill them? :o

Thokozani: Liyema do it now we don't have time, Here give Olona this knife she will deal with Buhle

Liyema: Ok..fi..ne

.

Liyema and Olona held their knives and went to Sindy and Buhle. Zen was choking Sindy making her lose balance a bit, Liyema went to them held the

knife trembling. What if she stab Zen? She will never forgive herself. She said a short prayer and stabbed Sindy straight to the heart, she twisted the knife, Sindy groaned and screamed. Buhle was also down screaming. Liyema fell down and fainted, Zen ran to her she was now not invisible.

.

Zen: Mama are theh dead?

Thokozani: bring them here I will make sure they will never wake up again.

.

John and Xolani went to werw Sindy and Buhle were but when they held them they found only clothes left no body just clothes and underwears. :o

They were already talking in their language holding hands

Thokozani: They are weak! FIGHT!

We went straight to them all of us it was hard moving closer, we would fall but stood up and went to them. We fought with Mam'Thokozani helping us,

I grabbed Cindy and banged her head five times on the wall, she passed out I took a knife and stabbed her countless times. They were dead, MamThokozani pour her herbs on their bodies.

Her: Burn them

Limise\*\*\*

.

I opened my eyes I was thirsty, I was not in my room I looked around trying to recollect what happened. Xolani was next to the bed and I could see that he was crying. I asked him for some water, he helped me drink. I suddenly felt the urge to touch my stomach, I felt lighter so I touched myself , there was nothing. Tears just rolled out of my eyes so my child is gone yes I didn't want a child, but the minute you see the scan and feel the baby kicks you can't help

but fall in love so I was actually robbed an opportunity to meet my child :( ... I cried silently till I couldn't cry anymore, yes Xolani is my husband and I love him but at this very moment I hate him for taking my child away from me. My child would still be in my tummy growing perfectly if he didn't go out and cheat and come back with a witch. At that moment I felt broken it was someone took my heart out and is stabbing it with a knife over and over. I had no strength and the only words I could utter were few.

Me: Xolani.

Him: Limise :( I am so sorry.

Me: I became a better woman for you, I wanted to continue being a child and you made me grow up and I let you do that, Was this your way of punishing me for being a bad wife?

Him: ba...baby that's not true. I am sorry Limise please.

Me: Get out.

My voice was breaking so was my heart.

Him: Limise, Although I feel really sad, we're here for each other. If you ever wanna tell me how you feel just know that I am here for you, I will be strong for us baby. I am so sorry mfazi wam.. I love you so much.

When he said all that I couldn't help but cry out loud, this is the worst experience ever. I wouldn't even wish it on my worst enemy.

Me: XOLANI I SAID GET OUT, AND NEVER COME BACK.

with that he left I couldn't even look at him he disgusted me. I don't think I will ever be able to forgive him. I got out of that hospital I found my way into the house I called Zen aside, they were all looking at me with eyes full of pity. Zen led the way to the study we got in and sat down.

.

Her: I am so sorry Limise, we were all looking forward to meeting umtshana. I can't even begin to imagine the pain you feeling right now, but just know that we here for you.

All this time she was talking I was trying so hard to fight back the tears but I was failing because they fell like a flood, Zenande hugged me and let me cry in her chest, she didn't say anything she held me like that till I felt better to continue to talk.

Me: I am so sorry for your t-shirt.

Her: its okay.

Me: I called you here because, I want you to help me with divorce papers.

Her: :o uhm I think you should speak to X first.

Me: Zenande should I find another person?

Her: eish Limise please think this through and if after you talked to X you feel the need to continue with it then I will give you the papers.

Me: Fine, I am going to sleep now.

Her: Don't forget we here for you vah, sleep tight.

Whoever said that men don't cry was wrong shame, because here I am sipping on a bottle of whisky with tears gushing down my eyes. I know this all my fault and I don't think I will be able to face Limise again knowing what I did again. I found myself making a vow to never cheat on my wife ever again, I will be there to hold her hand every time she needs me.

Zen joined me she just sat next to me and opened her own bottle and drank, she didn't even say anything we sat in comfortable silence.

She broke the ice.

Her: X.

Me: Zen I failed her bra, who does that to their wife they claim to love? if this is my punishment then why are they also punishing her, she doesn't deserve all this.

Her: Mfethu I dont have the exact words to say to you that will ease your pain, because I don't know the depth of your pain, What I will say is I am so sorry for your loss bro everything will be fine God was there when all this happened he surely will wipe away your tears. Limise loves you bro and you need to be there for her, be her pillar coz she is not coping at all. We know it won't be easy for you also as you also need someone to lean on, use your wife as a pillar and use us also because you know we got your back bra, you fall we there to pick you up.

The guys agreed with Zen. I didn't even notice they were there.

The boys were in the cellar with X and Limise was in the room when Liyema entered with a tray of food.

Liyema: Limise here's food.

Limise: Thanks but I am not hungry.

Liyema: You have to eat, and I will leave this room once you fall asleep so eat or you stuck with me.

Limise smiled faintly and took the plate and started eating, but she couldn't finish and handed the plate back to Liyema and thanked her. Liyema smiled and told her to rest and that everything will be okay she should put her trust in the Lord as he is the healer of all wounds, and he will surely heal hers too.

Liyema left feeling defeated, yes her and Limise are not the best of friends but she told herself that she will be with her through it all. No one deserves to lose a child ever it is an unending pain.

She went back to Miranda and her sisters.

Miranda: Guys this is hectic and Limise doesn't deserve any of this.

Olona: No one deserves a loss of a child.

Jasmine: I was so looking forward to be an aunt :( .

Olona: Come on Jass you will still be an aunt with Liyema.

Liyema : Guys stop it hawu.

Miranda: :o hayi chommie you don't say.

Liyema: Please chom keep it to yourself I wanted it to be a surprise for Zen and the family, but we can't celebrate because it will delay Limise's healing process.

They all agreed to it. Liyema thought that she would tell her wife and also plead with her to be quiet about it for now.

Back in the days it was said that same sex couples could have children that are biologically related to both of them. So Dan made it his mission to accomplish what was said before and he wanted to be the best scientist of them all and accomplish what was said before, well he succeeded hence I know how to make babies for lesbians now.

I needed to be there when Liyema told Zen that she is pregnant so that I can be able to explain to her how it happened so that my sister won't be tongue tied when it comes to her telling her wife that she is pregnant.

Following morning I woke up and called Liyema.

Her: Jasmine.

Me: I won't even ask how you are, have you told her

yet?

Her: Well I was planning on telling her this morning  
marn, don't call again this time of the morning coz  
its my time of getting a morning glory.

I just laughed mxm this girl is crazy, I love her I know  
we not of the same womb but I will always regard  
her as a sister.

Me: Call me ke so that I can explain okay.

Her: Mxm bitch bye :) .

after my phone call with Jasmine I watched my fast asleep wife, it was not like her to sleep like this I guess it was the pregnancy. I have to tell her that I have been keeping a secret for a month from her :) yes I am a month pregnant. I shook my wife she's so cute when she is asleep so I took a few snaps of her until she opened her eyes.

Her: Uh.... yinton ngok baby? (what's going on baby)

Me: Nothing babe I want to tell you something.

Her: O...okay

Me: Well babe I am .... I mean we pregnant :)

Her: How bunny we didn't do Invitro nje.

Me: I know baby but with Jasmine in the house anything is possible.

Well she didn't say anything she kissed me passionately. Well after we broke the kiss I could see that she was holding back some tears, I guess she loves children so much.

Her: Bhabha I don't even know what to say. Tjoo Thank you My Light I love you so much Liyema

Mabija <3 ....

Me: its fine baby, but please keep your excitement to yourself until Limise and Xolani are fine.

She nodded.

Her: How did Jasmine do it baby?

Me: let me tell her to come and explain.

I called Jasmine to come and she said she's on her way. Within minutes she was at our door.

Her: Knock knock!

I went to open for her.

Her: Well morning bo loviae .

Zen: Morning Jasmine

Her: How are you Sbari sam? ( in-law)

Zen: I am fine and over the moon you?

Her: I am also good, Well I believe you want me to explain your wife's pregnancy, She cheated on you with a man and got pregnant that's all bye.

I laughed such a drama Queen Jasmine is damn.

I whispered to her ( Jasmine explain and leave I want to have my morning glory please)

She laughed out loud and ubaby was so confused so she just kept quiet and didn't say anything.

Me: Jasmine marn speak.

Her: Okay Zen and Liyema listen attentively, are you listening?

We nodded like school kids.

Her: Well Zen the method I used in getting your wife pregnant is a method or process called in vitro gametogenesis IVG in short, which made helped me to be able to develop a sperm and an egg using the skin cells of you Zenande and your wife and after I acquired the skin cells from you both I combined them with my science. With those cells altered with my science I created a fertilized embryo which I later implanted on your wife ke Zen.

Zen: Well Jasmine that means that my wife is carrying our child?

Her: Yes Zen she is.

Me: Thank you so much sister I love you.

Zen: This is the best gift I have ever received, thank you so much Jasmine.

Jasmine: I need a new car people.

Zen: Consider it bought.

Jasmine: Well then let me leave you to your celebration I love you both.

With that she left and I could see the excitement in my wife's eyes and I felt bad that she won't be able to share the good news with her best friend.

My wife kissed me and the kiss got hot and intense ,she went down on me and I felt her tongue on my clot and I moved, she held me still and started eating my pussy like nobody's business, I held on to the blankets tight as my moans got louder and I started feeling hot flushes all over my body and held her head pushing her to go down and deeper, she followed my command because I felt my orgasm building up and she went as deep as she could and with that I came in her mouth :P .

Wow, what a morning :) .

I watched Limise she looked beautiful and peaceful I wish she can stay like that, and not face the pain she will face when she wakes up.

She moved, hell I didn't want to wake her up just yet I was still admiring her. Well I was too late because she opened her eyes.

Me: Hey .

Her: oh hello.

Me: I'll fix you a bath.

She just nodded. I couldn't ask her how she feels as I already know how she feels because its the same way I feel If not worse than me.

I fixed her bath and told her to come and bath i'll make her something to eat so long.

Her: I....I'm not hungry.

Me: Just two spoons of cereal please.

Her: okay

I went downstairs to prepare something for us to eat, we will be fine I believe, with time everything becomes fine.

It has been 2 months since Limise had a miscarriage, and I couldn't be there for her as it is well known that I did an abortion and that I don't want kids so I don't know how I was going to be there for her when I don't even understand the situation she is in. When I aborted my child I didn't even feel guilty, yes I like Mzukisi but I see myself out of this house and I think I will accomplish my goal of leaving when he sees that I don't fall pregnant and he will eventually divorce me and look for a wife that will give him children, then I will be free. I was with Snazo by the pool passing the day as it was a Saturday and we didn't have anything to do.

Her: So friend tell me how has been your life and relationship in general?

Me: :v it has been good friend and yours?

Her: Well I don't wanna lie chom I've had the best 2 months with Luvo.

Me: And are you joining the fashion of this house and falling pregnant?

Her: No, atleast not yet friend, maybe after a year in our marriage you know. I don't see what the rush is and I don't want to get pregnant just because his friends are having children I want us to discuss having a baby and plan it thoroughly. I want us to both be ready and you friend are you still sticking to your plan?

Me: Yes friend and I can see that you are comfortable being here.

Her: I am happy chom, if I would leave this marriage who knows what kind of monster I would meet in the future.

Me: well haiké chom, I wanna live I am still young to be stuck in a marriage.

We continued talking about general stuff and I could

see that Snazo was really staying in this hell hole,  
me I can't shame God will have to forgive me.

My marriage to my husband was not on the best of terms because he first cheated on me with Pandora and I forgave that and the fact that we both cheated that time should have atleast fought him that he should just stick to me and make our marriage the best. Still he went out there and cheated on me with a witch, so today we were spending our Saturday indoors. I mean I love the guy and ahm not leaving but he needs to show me that he really has changed 2 months is nothing to say that a person has really changed.

I was sitting in the balcony enjoying the view and he came to join me Gosh my husband is handsome kodwa my dark chocolate :P

Him: Nkosazana (princess)

Me: Hi.

Him: You look beautiful my wife.

Me: :) Thank you dear husband.

Him: Damn seeing you smile does things to me.

I blushed :)

Me: Hayi marn Sizwe.

Him: Baby I know I have apologising for the past 2 months and I promise you baby I will spend everyday showing you how sorry I am.

Me: And actions speak louder than words bhuti :) .

Him: You will see action only my wife I promise.

We kissed and well the rest is history. I love my husband <3

Marriage life well I can safely say that for a marriage to work both parties must be willing to make it work, all in all it must be a team effort with love, trust, respect and communication involved.

.

Zens bedroom\*\*

Liyema was busy preparing to go to church and some of her dresses were small as she has put in a little weight because of the pregnancy when she couldn't find a dress that fit she said down and cried in her closet :( . Zenande heard the cries and jumped of the bed to attend to her sobbing wife.

Zen: Bunny why you crying.

Liyema: Because impahla zam zincinci ( my clothes don't fit anymore)

Zenande picked her wife and placed her on the bed, and went back to the closet and got a size 34 dress

which she bought for her wife when she noticed some weight changes, but she couldn't show her wife that the dress was a size 34 so she tore out the size of the dress before going back to her wife :) .

Zen: Try this on bunny.

Liyema: But it won't fit baby :(

Zen: Just trust me baby okay.

Liyema tried it on it was a knee length navy dress and it fit her perfectly.

Liyema: But usize 32 is small how come this fits.

Zen: Moss bunny isizes ze shops azilingani nje.

Liyema: Mhhh

Liyema continued fixing herself for church.

When she was ready she called Miranda and Jasmine, she couldnt call Olona as it would raise suspicions when they are three in one place.

Miranda: Chom

Liyema: Are you ready?

Miranda: Yes I am ready ,will meet downstairs in 2

minutes. Also Jasmines response was the same as Miranda's.

Liyema: Baby I'll see you xa ndbuya.

Zen: I love you

Liyema: I love you more.

Luvo: So you will have best of both worlds the pussy and the ass.

:v :v They laughed Luvo can be crazy sometimes.

John: Ftsek Luvo.

Zen: Well I think uzoba grand and besides Jasmine can provide everything and speed up the process, and also make Pandora pregnant.

X: yeah Zen is right, moss John you want your own child so I think this is the best option for you and Pandora.

Zen: Speaking of pregnancy mine is also pregnant :) .

They all congratulated their friend.

X: But how I mean you didn't do IVF?

Zenande explained to them the way Jasmine explained to her and Liyema, the boys understood.

Zen: I think its time I introduce the Mrs to some of my business dealings, I am not coping I think she

would do good in the brothel because I don't have time to check it everyday.

X: I also thought the same thing noko Limise is strong now.

John: And they not going anywhere so I think its time they know who we are.

The girls came back from church more uplifted and

they didn't know what awaited them in the house. They got in laughing like old friends and the boys were just amazed at how much Limise fits with them.

John: yhe X do you see how your wife is?

X: Yeah I can John she is happy and that makes me happy.

Luvo: She's even laughing with the Madam.

Sizwe: I wonder how they gonna be with our plan of putting them in charge of our clubs.

Zen: They don't have a choice nje because Liyema and Limise will handle ours neh X?.... and they will divide themselves on who's gonna handle the prostitutes and the strippers.

Lwando: Busi no Pandora will handle mines and Johns.

Liyema greeted the guys and kissed her wife.

Zen: So how was church Bunny?

Liyema: Ohkay... what is it?

Zen: You and Limise will handle a brothel, it has a side of prostitutes and a side of strippers so you will decide how you handle it.

Them: :o what never!

Zen: I don't remember giving you a choice

John: So the same goes to you Pandora and Busie. Snazo, Miranda and Sbahle.

I couldn't imagine running that place, so I decided to open and see what kind of place I will be running with Limise. Oh hell no I saw girls giving their bodies to men for money and some dancing for money. I didn't even know what was expected of me to do in that place. I know that Zenande is a gangster but I didn't think that one day she would ask me to do her dirty work.

She came in the room I was terrified of her I couldn't even hide it, she came closer I moved back.

Her: Baby ( she whispered,)

Me: Zenande.

Her: Bunny let's talk.

we sat down I mean if she change like that it

reminded me of the time she slapped me because of Zama. She held both my hands .

Her: Bunny, what I need you to do is not hectic nje.

Me: What do you want me to do then?

Her: You will just go in there and check the books only , the manager does all the heavy stuff like employing and firing.

Me: O..okay when can I start.?

Her: Tomorrow babe, you will just check how things are going.

I just nodded because I didn't wanna argue with her.

Her: Kakade baby what do you wanna do wena?

Me: Well I wanna be a C.A.

Her: John can make you some certificates and you can apply for a job in Luvos company.

Me: :) So I can work?

Her: Yes babe you can I don't want you to be bored in this house.

I screamed in excitement, I forgot about the whole brothel thing for a while.

Zen: Bunny I got you something.

Me: What?

She gave me a little box and I opened it. There were keys inside, they were of a Range Rover :) ..

I kissed her well we kissed and made love I totally forgot about what happened downstairs I was in love this moment. When we were done we had a shower, a naughty one :p , got out I went to check out my car damn it was beautiful tjoo no more being driven around by Simphiwe I will drive myself.

I love Sbahle and I don't want to give up on her easily. I have been nothing but good to her, but she spit on my face then she is stuck with me until she learns to love me. I went into the room bringing her food and I put some drug in her juice and it will knock her out immediately.

Me: Hey babe.

Her: Hey

Me: I brought you some food, thought you might be hungry.

Her: :) thanks babe.

She started eating and finished the whole thing. She said that she was sleepy and I told her to rest, I will join her soon.

She was already off, I smirked :) this girl doesn't know me. I called Sizwe to meet me into the house hospital, he agreed.

I carried Sbahle into the hospital and met Sizwe.

Me: So how long will it take?

Him: it will only be a few minutes its easier to get

these things out than implanting them.

I nodded, well it really took a few minutes and my wife didn't feel a thing oh well.

Me: thanks bra, so how long will it take for her to get pregnant?

Him: She can get pregnant right away because she is off her birth control.

I thanked him and he left I carried my wife to our bedroom. She wont know what hit her stru and I am saving her for when she wakes up :) .

Me: Here we are Limise.

Her: I have a bad feeling about this place.

Me: We will just check the books and then get out of here thats our task right?

Her: Yeah let's do this

We got in damn the security in that place is tight. And the are some procedures to be followed before going in. If you are a customer you get tested for HIV and if you have it you only allowed a stripper and not a sex worker. We went to the manager.

Him: Morning Madams.

Us: Morning.

Him: I am Sipho the manager.

Us: Nice to meet you bhuti, so where are the bosses offices?

Him: Please follow me.

we followed him to the offices.

Him: well this is Mr Mlilos office and he is in charge of all the prostitutes, and this is Ms Mabijas and she is in charge of the strippers here are some customer comment of both sides and bo Madam you need to choose who to fire and fire them, here are their portfolios and what customers think of them.

We looked at each other no Limise that was not part of the deal I made no baby moss.

Me: Thank you bhut'Sipho please excuse us we need to get up to speed with the process.

He left us, we were still standing next to the offices no Limise.

Her: What the hell so mna I will fire those who don't satisfy their clients sexually.

Me: tjoo this is gonna be tough, let me go in and call uZenande.

We got into the offices. I called Zenande, she picked up on the third ring.

Her: Bunny I can't really talk what's up?

Me: Zenande what the hell?

Her: What you talking about babe?

Me: I don't remember firing people as part of the deal.

Her: Babe come on, you can do it just look into their portfolios and look at those who performed weaker and give them their money and let them go.

Me:But....

She cut me short

Her: Bunny you can do it, I am going to a meeting now. I love you and I'll see you at home.

Then she cut the call, what the hell?

I started analysing the girls portfolios and picked who were performing poor. I called them to my

office there were 3 of them. I heard a knock and I commanded for them to come in. there were 2 22 year girls and 1 who was 18.

Me: Please sit down.

They sat down, the older girls whispered something and laughed I paid no mind to them.

older girl 1: Where is the boss.?

O.G 2 laughed.

Me: I am the boss, so effective immediately you are fired you can take your money.

I said that giving them money.

They all kept quiet.

O.g 2: Who are you?

Me: I am the MRS

They swallowed.

Me: So I suggest you take your money and things and leave this place at once.

The 18 year old was in tears.

I asked to be left with her alone, the two girls left with their tails between their legs.

Me: Whats your name?

Her: M....Mihle Boss.

Me: please call me Liyema.

She nodded.

Me: So why are you here?

Her: Well uhm..... (she was playing with her hands crying a flood)

Me: I don't bite please talk.

Her: My mother died in a car accident last year when I was doing grade 12 and I struggled to make ends meet at home, so I hustled for sometime to feed me and my little brother until I got fired from the job I was working, so I came here last week seeking a job and I was employed.

She was in tears, I also couldn't hold myself I cried with her. I didn't know what to do with her so I called my wife she picked up.

Her: Bhabha

I told her the whole story of Mihle, she kept quiet for a while.

Her: What does she want to study in varsity?

I asked Mihle and she said Law.

Me: Law baby.

Her: Okay then baby, please take her to the law firm to sign a bursary form for next year and then apply at NMU. Also get them groceries her and her little brother, give her some money. And tell her that you will check on them every once in a while with food, clothes and money vah. I love you,I have to go now.

She dropped the call, Gosh I was in tears I told Mihle everything and she thanked me and we left the office to go on our journey. I told Limise where I was going and that I would be back to pick her up.

Having a gangster of a husband is fine but when he is also into the parts selling now that's messed up, I really was chained to the devil, because what we do is nothing short of being murders. We give commands for something evil to happen.

I think I should pray to God to save my soul from being lost.

Miranda: Snazo its time to go home.

Me: Oh thank you, I don't think I am cut out for this kinda job shame.

Miranda: Me too, but what are we to do because it seems as if they have made up their minds about us running this shady places.

Me: I wonder how the other girls are holding up.

Miranda: The only thing that's better is that we only stay in the office and not be amongst the action ourselves.

Me: At least that's better.

Miranda: Let me call uchomie and ask where she is.  
Miranda called her friend and answered.

Her: Chom.

Miranda: Chom where are you?

Her: I am on my way home friend wena?

Miranda: Nathi syaphuma apha, you don't wanna know the day I had tjoo.

Her: We'll talk when we at home chom, drive safe.

Miranda: Sharp, you too.

Miranda turned to look at me, and told me that we should go home. We did leave. At least we the girls are getting along just fine.

All the girls arrived before the men arrived Sbahle and Busi were relaxed since it was Pandora who was doing all the work. The boys also came back to the girls cooking.

John: Evening ladies

He said that kissing Pandora. All of them actually kissed their wives greeting.

Miranda was sulking all this while.

Miranda: Sorry to bother you guys but the work you gave me and Snazo is draining can't you find another solution?

Zenande: We here Miranda and we sorry for that so from now on Sbahle is joining your team, that should decrease the work rate.

Great, just great Miranda thought to herself.

John: Yeah Sbahle should join them because Busi and Pandora have everything covered, right babe?

Pandora: Mxm khandyeke John, because what I did today was not only checking the books I was firing people.

Miranda: At least y'all had it easy Pandora, me and Snazo weren't just firing people, some of them had to be slaughtered to meet the number required.

Limise: Number required for what?

Miranda: Well the club me and Snazo are in its a club that trains girls and boys on how to attract friends and when they have befriended them they bring them into the club for them to be killed and have their parts sold.

After Miranda explained everything to the girls Pandora went down Immediately and some were beyond the word shocked .

Sbahle: And y'all want me to do that no thank you.

Mzukisi: You don't have a choice nje Mrs.

Well everything went well and everyone sat around the table to have some supper.

After supper everyone went to their bedrooms.

Mzukisi when Sbahle entered their room Mzukisi attacked her with a kiss and she didn't object, they had sex and Mzukisi made sure that he came inside her .

in Zens bedroom\*\*\*

Liyema was sleeping in Zens chest.

Liyema: Baby .

Zen: Bunny

Liyema: You know I love you right ?

Zen: Yeah babe I know and I love you more.

Liyema: I have accepted that uLigintsa but babe can't you let go of this parts issue it doesn't sit well with me.

Zen: But babe it makes us a lot of money nje.

Liyema: You already have money nje baby.

Zen: Fine babe I will talk to the guys about it. Let's

sleep.

Liyema: Fine, night babe I love you.

Zen: I love you more

They shared a kiss and when they saw that it was going far they stopped, because they were very tired to do anything.

Snazo was also uneasy about this parts thing so she asked Luvo about it and Luvo said that she would speak to the guys and find a way forward.

Xolani\*\*\*

3 months ago my wife when we didn't want to let go of the selling of parts well our conversation went like this.

Her: Xolani you really need to stop this selling of parts.

Me: Haibo baby that brings us a lot of money nje.

Her: Nyan Xolani? So if I were to get pregnant again and give birth to our child and then when she/he grows and starts clubbing then gets taken like the way the people you kill and sell their parts how would you feel huh? How would you feel if it was your son or daughter huh?

So after that confrontation I felt like shit, I mean yes we didn't think about that but when she confronted me like that I went to the boys to tell them, apparently they had also gotten a confrontation from their wives and so we all decided to call it quits, even though our business partner in this deal became our enemy so these past 3 months since we were out of

the business but we were also looking over our shoulders. So today I was with my wife enjoying the sunset by the beach.

Jasmine has been keeping Asivile/ Pandora away from everyone and she was healing quiet well and quick, it seemed as if she was going to be discharged sooner than Jasmine had anticipated.

.

John has been restless for a while because he wasn't used to wake up alone in bed, but he could see from the tracker that Pandora was still in the house and in the hospital so he didn't want to disturb whatever that was going on.

.

Zenande was awake from her sleep she really was tired because she doesn't sleep in the morning or during the day.Liyema was in the balcony enjoying the breeze.

Zen: Bunny

Liyema: Mhhh.

She went to her and wrapped her arms around her,

brushing her belly. Liyema blushed.

Liyema: Ha.a marn baby.

Zen: What did I do now baby.

She said that kissing her wife's neck and her body responded.

Zen: I love you.

Liyema: I love you more baby.

They had a quickie and they prepared to go and check on Mihle and her brother. Liyema so wished for Mihles little brother to come and stay with them so that Mihle could stay at res. She thought that it would be nice to have someone running around the house. When they were on their way to check on the kids Liyema decided to speak.

Liyema: Baby wam.

Zen: Bunny.

Liyema: Baby I was thinking yaz, how about we take Mihles little brother Lwazi to come and stay with us so that Mihle can stay eRes?

Zen: Are you sure babe?

Liyema: yes I am sure, I mean she is still a child and needs to have fun with people her own age and not have a big responsibility of also looking after Lwazi.

Zen: Okay bunny, and besides I built us a new home after the old one burnt to the ground, so we can go back there and live with our little family.

Liyema had tears in her eyea , she was grateful to have a wife like Zenande. And she thought that if it were up to her she would take in every poor and street kid into her house. They arrived to the flat and Lwazi ran to Liyema and hugged her, well Mihle was still terrified of Zenande.

Liyema: Ninjan Mihle?

Mihle: We are good sisi and how are you?

Liyema: We are also fine.

Liyema told Mihle what she and Zenande were talking about in the car, Mihle was jumping up and down with joy, she was so grateful and thankful to them. They stayed like that for a day Zenande's little

perfect family.

I was heavily pregnant with only 1 month to go till giving birth, but you would swear that I was close to giving birth like it was my month of giving birth, so I was going to the office to surprise my wife. I left the kids at home, yes they were staying with us full time.

I told Simphiwe to pass by Spur so that I can get her a steak, I got her lunch and we drove to my wife's workplace. I passed by the reception and since I

knew my way around I didn't need to be shown. I got in her office, she was with a female client nx dammit I was fuming but I decided to contain myself.

Me: Hello.

Her: Molo Bunny.

I saw facial expression of the client change, bitch I am the wife I said to myself.

Zen: So how are you babe?

Me: I am fine babe.

I kissed her and I deepened it, I wanted the bitch to see that she is mine. She pulled out after a while, I made myself comfortable in her office couch.

Her: Ms Mati this is my wife do excuse me.

Client: Oh uhm nice to meet you Mrs Mabija (she let out a faint smile) ftsk dammit. They briefed up their meeting and she had to go. I decided to open and get in her mind damn le girl was dirty, she wanted to sleep with my wife. after I saw that they were done but she was still here.

Me: When are you leaving? I wanna have sex with my

wife.

She left, the girl was wearing the tightest skirt ever and it had a slit that only covered a small part of her thigh nx bitch.

Zen: So bunny come here and finish what you started :p .

Me: Oh that girl made you horny and now you want me no it doesn't work like that.

Her: Haibo baby its you who made me horny with that kiss.

Me and Sbahle were staying together but sleeping in separate rooms, she has been begging me to give her a chance and well I believe that I have given her so much punishment, because when I was horny I would just go into the brothel and get myself a girl. To be honest I missed her too.

I came back early from work and I found her cooking.

Me: Hey.

Her: Hi, I am almost done you can go and change so long.

Me: Can you come here for a minute.

She came and I sat her down.

Me: Sbahle, I am so sorry mntanomntu I know the way I married you was not the ideal way to do things, and I understand that you weren't gonna love me from the get go. So I am ready we can give us a chance and I also don't want our child to grow up in a broken home.

Her: I am also sorry for aborting your child and not telling you about it, I regret my decision.

Me: Let's move on from the pain of the past and build a future together and an empire for our children.

Her: I love you Mr Nqadala and thank you for another chance.

Me: I love you too Mrs Nqadala.

We snuggled on the couch.

It was my month of giving birth finally I couldn't wait to get my figure back and also be a mother.

Was i really ready though to become someone else's

mother? I wasn't even 20 years of age and yet here i was a wife and about to become a mother :) . The stress for me was too much, what if I fail my child and become like uMamiya towards my own child.

Zenande has been working from home waiting until i give birth, and i was great full that she was always there and the thing that made me most happiest was that she wasn't seen by her female clients :) .

.

Me: Baby.

Her: Bunny. (she wasn't even looking at me , she was busy staring at her laptop)

Me: Zenande :'( .

Her: Bunny, hey why you crying come here.

She said that embracing me, and placing my head on her chest.

Me: I miss you, but uyandindika.

Her: I miss you more nje bhabha.

I felt a sharp pain on my lower abdomen and I

decided to sit down.

Me: Baby I'll just relax on this couch I hope I won't disturb you.

Her: No baby you won't, relax okay.

I was slowly falling asleep until I felt the urge to go pee. I stood up boom my water broke. Then the contractions started and they were very painful. and Zenande was already on her feet and picked me up, she put me on the back of the car and she ran upstairs to get the babies bag. On the other hand I was sweating like hell, it was like someone had put me on a burning oven, the contractions were painful tjoo. Zenande came back and drove like a mad woman to the hospital.

Me: ZENANDE DO YOU WANT TO KILL ME AND YOUR CHILD? I Growled.

Her: Bunny relax okay try breathing in and out.

She was also breathing hell that pissed me off nx.

Me: Shut up marn Zenande nx.

We finally arrived at the hospital, and the porters

were already there waiting for me. I was wheeled in. I was in the hospital pacing up and down like a mad woman until I was told that I was ready to give birth. I got prepared.

Doc: Okay Mrs Mabija on your next contraction I want you to push.

I nodded. And it was all pushing and all that for me I was hot like hell. After what felt like forever I heard a cry gosh I am a mother I smiled :).

Before I could relax I felt another urge to push and I gave it my all and a second baby popped out and after that I passed out, I was too tired.

X: Zen bra please sit down.

Lwando: Let her be tar X i was also like that when Busi was giving birth.

Zen: What if something happened?

Luvo: Cumon Zen nothing happened they are both safe.

A doctor approached us.

Doc: Ms Mabija.

Zen: Yeah.

Doc: Please follow me.

I didn't even have the strength to argue so I followed suit behind him.

Doc: Meet your children.

I couldn't hold back the tears that welled up in my

eyes, i was so happy and they looked so perfect.

Doc: I'll leave you to it then, but they need names.

Me: The prince will be Owethu and the princess will be Khazimla.

Doc: Nice names.

He said that writing their names on their little wristbands.

Me: Thanks doc, but I thought there was one baby.

Doc: As you can see the princess was hiding herself, she wanted to make a grand entrance.

Me: Is she alright though.

Him: She's healthy as a horse.

Me: Thank you Doc

Him: Congratulations once again.

And he left.

I looked at my sleeping wife, she looked so peaceful in her sleep. I turned my focus to my little blessings.

I called my parents and dad picked up.

Him: Mntanam.

Me: How are you holding up dad?

Him: We doing good and you ?

Me: Tata uLiyema gave birth to twins.

He called my mother and told her the news they were so happy.

I also called Liyema's parents and they were also happy for us. Well my mother and Liyemas were to come and stay with us so that they would help Liyema with the twins.

At this moment looking at our kids I was very happy, God really does exist.

Things were going well in marriages, even the babies were growing stronger everyday.

•

Limise and Xolani were expecting their second child and of course they were scared Limise was now four months pregnant, I mean after a miscarriage who wouldn't be afraid to carry another baby. Xolani tried to be strong for his wife he didn't want to show that he was also scared, he didn't want to upset her in anyway he even started working from home. Well all in all they were happy. So now they were at the doctor's office doing a scan, Xolani was holding his wife's hand almost shaking as the doctor did his

thing. The doctor put the the scanner and the heart beat went quiet Limise started crying.

X: Doc please what's wrong now

Doc: Uhm i'm still trying to figure it out

X: THEN DO IT DAMMIT!!

Limise: Oh My child :'(

X: Babe it's okay i'm sure the baby is fine okay relax

Limise: Relax Xolani? You're asking me to relax?

Doc: Mr and Mrs your baby is fine but it's not going to be an easy road

Limise: What do you mean?

Doc: Well first it's a boy :D

X: Oh :)

Limise: Doctor talk please

Doc: Well you will carry him full term and he will grow but his head will not turn as when a child is about to be born his/her head turn down so that his/her mother push the head first

X: So Doc my wife will push the feets first?

Doc: Yes Mr Mlilo, every week you have to come for a check up so that we can try and do something about this

X: Thank you doc

They walked out with Limise crying Xolani comforted his wife praying to God to protect his child. Having a miscarriage is no child's play complications can happen on your second child. Xolani and Limise were going through that rough road but they had hope, will the baby make it? Well....

.

.

Zenande and Liyema were so happy they had no problems their twins were growing up fast especially the boy one would swear he is older ngenyanga. Zenande was working from home while Liyema took a leave at work and wanted to focus on the babies, Zenande would go to court when needed or important meetings that needed her. They had turns on taking care of the babies, Liyema took the day

and Zen took the night and watch them. Well what i'm trying to say is everything was perfect but why were so happy? Was there something that will happen? I mean people used to say when you're so happy something bad will happen. What will happen between these two? Well..

.

.

John and Asivile were also happy, Asi was also pregnant she was such a drama queen her cravings were money. . Well I see a girl searching for John's whereabouts, umbuzo is who is she? what does she want?. Well..

.

Jasmine and his boyfriend were ready to meet the family but one question I have is the boyfriend an old friend or an enemy? Okay i'm quiet

.

.

Mzukisi and Sbahle were happy

Snazo and Luvo :/ well Luvo was close at finding out that his wife brought STI at home and infected him.

Bucie and Lwando were doing good their child was a healthy one.

Sizwe and Miranda were also happy.
