TWO YEARS LATER....

.

Xolani**

.

God work in wonders the way I was so scared of losing my second child but with God by my side and my ancestors the baby was fine. Limise gave birth at the 7th Month so our baby was a Premature but healthy although he stayed in a glass for a week but other than that my boy was fine. We named him Luxolo he was going to bring peace in my marriage and peace in our lives ♥

.

.

Right now.... Our baby boy was a year older, me and Limise were happy. My wife was doing third year at NMU she was working hard being a mother, student and a wife I thought she was going to complain but she has never done that I guess she has changed

and being a mother warmed her heart. We were now getting dressed as we were going to attend Sunday lunch at Beach View with the guys and their wives it's been a while the girls not seeing each other, noko me and the boys meet every now and then for our missions.

.

Limi: Xolani you're not a woman hurry up

Me: But babe I don't know what to wear :/

Limi: Wear whatever wethu you're not impressing anyone

Me: I am :p

Limi: Hmm

Me: Okay i'm kidding baby hawu

Limi: Xolani wear your clothes and shut up

Me: Kiss first :*

Limi: Mxm

.

We kissed passionately I grabbed her ass and groaned

Her: Hm.mh

I bite her lower lip and grabbed her left breast she moaned, I picked her up and went to put her on bed she wrapped her legs around my waist and pulled me closer taking my vest off, Luxolo started crying in the nursery I groaned

.

Me: Really?

Limi: Move my child is crying

Me: But we're getting started

Limi: Xolani move your tiny body

Me: Mxm

.

I rolled over she fixed herself and ran to attend our son, I smiled the way my wife loved her son was so amazing.

.

I wore my black Jean and a white t-shirt and a black and white Jordan sneakers, Luxolo befaniselana no tata :p while the Madame was wearing white summer dress and sandals. We took everything we will be needing and drove off.

.

As I was driving I saw her in her school uniform but it was ripped, her hair was a mess she had bruises on her neck. WTF? But she is dead! I fixed my eyes when I look again she was on the road standing and staring at me with tears, I hit the breaks hard before the car hit her

.

Limi: Xolani TF?

Me: She was on the road I couldn't drive over her

Limi: Who?

Me: Snovuyo! didn't you see her?

Limi: Xolani I didn't see a damn thing other than a road what's wrong with you?

Me: but she was here I swear

.

Other cars hoot behind us, what was wrong with me?
Why am I seeing her now? Is she haunting me?.
Limise took the starring seat I took the passenger's
seat she then drove, I kept my eyes shut but her
image couldn't disappear :(

Mzukisi***

.

We arrived at the station, Lwando and Zenande arrived too. I was taken in the interrogation room. They wanted to ask few questions but I refused and

said I was innocent and beside they had no proof except for someone who told them I killed Mam'Miya. I made sure no one knows where I buried her unless she/he is Jesus himself. Lwando told them to let me go because they had no evidence whatsoever, he told them next time they bring someone at the station they must be 100% sure he is guilty. . See why we formed this gang? We have Advocate and Police Captain so they wouldn't dare arrest us.

.

.

I was on my way home with Zen, she kept staring at and chuckled

.

Me: what?

Zen: Isn't Mam'Miya the old woman you competed with when you wanted to be a Mayor?

Me: She is (looking away)

Zen: Mzukisi I thought we were friends

Me: We are Zen

Zen: then tell me so that I can help

Me: Fine... I saw that she was winning so I had to act fast, you know how much I needed that job

Zen: I know, when we came here in PE we wanted to build our careers except being a gangster

Me: Yeah so I couldn't just sit and do nothing, people loved Her and they were voting so I killed her

Zen: where did you bury her?

Me: I cut her in pieces and each piece is somewhere at Motherwell

Zen: Damn! You are deep

Me: whatever andinofika kuwe

Zen: Yeah right, but what if the person who reported you knows where the pieces are buried

Me: No one knows

Zen: You never told anyone?

.

I thought long and hard, who could it be? I only told one person. . Wait! Oh Shit Luzuko. He was part of the gang but didn't enjoy being a gangster as he had a heart so he moved to Cape Town we never saw him again. Well he was my best friend apha kwi gang.

.

Me: Luzuko

Zen: Zuko will never do that he is not interested in our lives or what we do

Me: Yeah I doubt it's him.

.

She hugged me and kissed my cheek pushing me so that she can enter.

.

Her: Daddy you are living in an apartment yet you have all the money in the world?

Me: Uhm sweetie you can't just barge in you know i'm married

Her: Well mommy was a pain in my ass, so I saved the money you gave me every month and took a first flight from Europe to SA isn't that awesome?

Me: Jade baby listen, my wife will be down in any second she doesn't know about you so be nice

Her: Well mom told me you're married to some

Xhosa gay guy, Eew!

Me: Stop it

Her: But dad you and mom-

Me: We never dated just had sex because my father forced her down my throat

Her: So you didn't want me either?

Me: Jade-

Her: It's okay father

.

She stood up and took her bags and ran out, I called her name running after her. Asivile appeared from downstairs

Asi: Who is that?

Me: Uhh wait here my wife i'll be back

Me and Snazo were blessed with a baby girl we named her Emihle Gabada ♥ My baby girl was already two years old beingana namawele ka Zen and Lwando's boy Lutho. We werw happy although something was bothering me, I saw pills inside Snazo's toiletry bag. Those pill looked like mine that I used when I had STI but I couldn't understand why she also had them.

.

The only person I think infected me is Thembi my ex not my wife, or maybe I infected her but she couldn't

tell me. Okay i'm asking her we were in our car about to enter at Beach View so I decided to ask.

.

Me: Babe I saw STI pills in you bag but that was a year ago but I couldn't ask you, but this is disturbing me can you please be honest and tell me you had it or not

Her: (coughing) I... uhm

Me: Okay let me be honest. I had it last year when I cheated on you the doctor treated me then I drugged you and asked Sizwe to test you wafika uClean so I knew you didn't do anything it's my ex who infected me. Now I was confused to sew those pills kodwa I tested you ndafika ungenanto.

Her: Uhm I just wanted to be sure wethu baby I wanted to treat it if ndinayo I was having problems down there but the doctor said I am clean.

Me: Better! I will never forgive myself if I infected you and treated myself only wena mntana womntu ushiyeke ugula

Her: (chuckled nervously) It's okay babe i'm fine

Me: Hmm

Something is not right here I will find out what it is,

Lwando**

Lutho was two years old and a healthy boy. Me and his mom were enjoying each other's company and inlove. Bucie was still a managing director at PE vault, I was now a Captain at PE police station and our son was attending daycare. Life was good :D

.

John called me as you know he is my best friend kule family.

.

Me: Mr Meyer where are we are already at Beach View

Him: Jade is in town

Me: TF? :o Oh No

Him: Bruh this is bad i'm sure she came with Londeka

Me: Of course she did, but why are they here what happened to staying at Europe?

Him: I don't know brah i'm sure ngomama wabo those who filled their head with rubbish

Me: I was giving them money every month, me and Londy would video call why come here now

Him: They are 15 Lwando already teenagers we don't know what they are thinking

Me: Bucie will kill me :/

Him: I have to go sharp

.

He hung up, how was I going to tell Busisiwe I have a daughter who is 15 years. How was I going to tell her ndamithisa eVarsity the girl I used to love but when we came here in PE we had a war with other gangsters so I had to send them to Europe for a hiding. As soon after the war her mother didn't want to come back as she just gave birth and was scared so I let them be and supported them financially, I used to travel there every year but I stopped because I was busy and then I found Bucie. Firstly she was just a girl I made a rebound with because I loved Londy's mother so much but I did that for her safety but I ended up falling in love with Bucie. Now Londy my daughter is in SA I don't know how will Bucie react. Goodluck To Me and John...

Xolani**

.

We were at Beach View just chatting with the boys while the girls were in the kitchen cooking. My mind was far I could hear the guys talking but I just couldn't hear what they were saying. What bothered me was Snovuyo, it's been years since she died why is she haunting me now? Does she want me to suffer? Damn it Xolani loosen up you did not see her it was just a stupid thought, but it felt real. Her school uniform torn like the last time I saw, well last time I... Oh God help me :/

.

Zen shook me I snapped out of my thoughts and looked at her.

.

Zen: You okay?

Me: huh?... well yeah

Zen: I've been calling your name but cwaka

Me: uh.uh i'm fine

Zen: Talk to me

Me: Private ke

Zen: Fine follow me to the study

.

I nodded she stood up and walked away I followed, the guys were watching soccer but it seems as if each was on his own thoughts.. I wonder

.

In The Study***

Zen: Scotch?

Me: Yes no ice

.

She poured us scotch and sat down next to me on the couch

.

Me: Zen shit is happening

Zen: What's wrong?

Me: I saw Snovuyo

Zen: :o What do you mean you saw her? she ia dead

Me: Yes she is, but I think she is haunting me

Zen: No Xolani maybe you think you saw her

Me: Zen I saw her trust me, I was driving then boom
she was on the road staring at me with tears on her
face and her uniform torn.

Zen: Fuck! why now?

Me: I don't know Zen

Zen: Well you're not alone :/

Me: What do you mean?

Zen: I have been dreaming of Amahle almost every
night

Me: :o ufunani?

Zen: I always see her standing by the door staring at
me and Liyema while sleeping

Me: I think we should go and see Mam'Thokozani

Zen: Let's go now before they finish cooking

.

We sneaked out because our wives were not going to allow us going out, we drove to Zwile kwa Mam'Thokozani we arrived there safika eyedwa luckily. We walked in and told them what was up she threw her bones and did her things and started chanting. Okay!

.

Her: They want revenge. .. yheeeey! they won't stop till you lose everything

Me: What can we do?

Her: They are angry it will be difficult to fight them, their souls are not resting in peace

Zen: Why do they come at the same time?

Her: Your deepest dark secrets have to be revealed at the same time as you always do everything together, not just you two but the whole gang will suffer because y'all have dark secrets.

Me: How can you help now?

Her: I will give you something to wash with and something to put in your eyes so that you can't be able to see them. But for now! it's hard fighting with the dead especially when they are angry like this

Zen: Thokoza

Her: Trust me when I say you will lose everything, go and apologise at their homes and they must be given proper burial.

Me: But they found Snovuyo

Her: You still have to apologise to her and her family, You Zen you need to take Amahle home

Zen: So I should go and dig her where I buried her?

Her: Yes, take her home and apologise

.

We payed and walked out driving off in silence.

.

Zen: We have to tell the guys

Me: Yeah I know

.

After that we kept quiet

After all the greetings Jasmine decided to open and she saw that her babe was indeed part of the gang

and he stopped as he wanted a better life clean of crime and he indeed become an architect.

Jasmine was in the kitchen preparing the final touch ups with the girls before they will all gather around the table and eat.

Asivile: Jazzy your man is hot gurl :) , I wouldn't mind nje just a taste grrrrr dammit.

The girls laughed at Asiviles craziness.

Limise: Kodwa what Asivile is saying is true guys I mean just look at him. Not that our husbands ain't hot but you know admiring never hurt anyone.

Jasmine: Girls keep your paws to yourselves that is my man and mine only.

Liyema: Tell them mntase, why does it look like the is tension amongst the boys?

Sbahle: I am noticing the same thing yaz, oh well let's call them to eat.

Jasmine: Asivile you don't say that John's daughter is here?

Asivile: Huh?

Jasmine: Oh shit, uhm mntase call them fast, before the food gets called.

Asivile had so many questions but she decided to just be quiet and save them for her husband.

The guys***

•

They were just chilling by the poolside sipping on some beers.

Zen: So Luz hows work and life?

Luz: Uhm well is it still boss or something else now?

He said that with a little sarcasm, and Zen tried to not entertain him.

Zen: No its just Zenande or your highness.

She said that and raised an eyebrow looking at Luzuko.

Luz: Still uptight huh I see well Zen life is great and I

am in love now as you can see, so gents I see you still going strong and still tight I almost feel jealous.

Mzukisi was quiet all the time stealing glances at Luzuko as to how can he betray him like that he thought they were cool and they kept each others secrets.

The guys continued chatting and reminiscing about the good old days and Luzuko was happy he hadn't realised how much he missed being one of the boys until now.

Mzu: I see you back Mr Architect and by your return it seems as if my life is turning upside down.

Luz: What you on about Mzura we kids?

Mzu: Don't you fucken dare bra and act like you don't know what ahm talking about.

Mzukisi was fuming.

Luz: Mzu wha.....

He didn't finish his sentence and felt a punch on the side of his face.

Luz: Haibo Mzukisi uphambene? (are you mad?)

Mzukisi didn't flinch he was about to throw a second punch when he got held by John.

John: Dude calm down

Luzuko stormed off passing the girls and Jasmine saw that her boyfriend was angry so she ran after him and caught him by the garage.

.

Jas: Babe hey what's up?

Luz: I am fine I just wanna go.

Jasmine: Mzukisi beat you up because he thought you are the one who told the cops about MamuMiya.

Luz: :o what the hell?

They talked some more before going into the house and they arrived with everyone already seated around the table.

Luz: Mzukisi what do you take me for dude do you think that I would just rat you out to the cops?

Mzu: Eish harde Luz bra.

Luz: Nah its chilled.

Zen: Snazo please bless this food.

Snazo: Let us close our eyes.

She prayed and after she was done everyone said Amen they all started eating the dinner was actually going smoothly. The children were already in their rooms sleeping soundly. Then there was a knock at the door when they were eating dessert.

Busi went to get it, and before stood two boys who looked like they were of the same age.

1st boy: Uhm hello ma, we looking for a Zenande Mabija and Xolani Mlilo.

Busi: Oh you in the right place follow me.

They followed Busi to the dining room. When Zen who it was she almost choked on the beer that she was drinking.

Luyanda: Oh hello people mama.

Zen: Sure boy .

They hugged. and Liyemas eyes grew bigger like the saucers that were on the table.

Esona greeted his father.

Esona: Sis Zen you still at it in the gym huh?

Zen: Ja mtshanam you know, heh sit down boys and dish up for yourselves.

She was sweating because if looks could kill she is pretty sure that she would be dead by now from her wife's look.

Zen: Luyanda that's my wife over there Liyema.

Luyanda: Oh since when are you married?

Zen: been 3 years now.

Luyanda: Does my mother know?

Zen: So how was your flight boys?

Lu: I take it she doesn't know since she was in hiding all these years, do you know she is still wearing your ring, same goes to Esonas mom.

The table went silent oh shit. Liyema excused herself and went to their room, so did Limise.

Jasmine: RHA I am never closing again I think Lwando and John now is the time you also told your

wives about Your daughters.

Busi: What? Lwando thetha mfondini kwenzeka nton?
(Lwando speak what's going on?)

John: uhm Busi and Baby me and Lwando have children uhm Baby the kid is mine and her name is Jade.

Busi & Asivile: Wow chommie let's get out of here.
They left.

Sbahle: Mzukisi wena where is yours.?

Mzu: :) hay baby I don't have one mna.

Zen went to her room and she found it locked.

Zen: Bunny please open I can explain.

Zen: :o b...bab.y.. Shit!

Liyema: Say goodnight to the kids and find yourself a spare room, I can't stand the sight of you.

Zenande kissed the twins and went to Luyanda.

Zenande***

•

I kept tossing and turning the whole night, seeing Amahle's face made my heart broke yes I loved her I

didn't mean to hurt her I regret killing her but I was angry how could she betray me like that. I know I was treating her like trash I know I broke her but I loved her I knew that one day I will make her my second wife because first I had to marry a Princess and yena she was a commoner.

.

I was sleeping in the spare room tossing and turning I was in a deep sleep, I saw her standing at the door staring at me with tears all over her beautiful face. I sat up straight and rub my eyes and look again she was still there wearing a maroon tight dress and maroon heels just the way I loved her when she was wearing like that but also she was wearing like that when I killed her.

.

Me: Amahle

Her: Zenande (still crying)

Me: I'm sorry

Her: Your sorry won't fix shit Zenande! I wanna go

home i'm cold

Me: Uhm I will take you home Amahle please forgive me

Her: I will never forgive you Zenande, I want to destroy you first then we will talk about forgiveness.

Me: Amahle-

Her: (cutting me short) DON'T AMAHLE ME! YOU KILLED ME ZENANDE I LOVED YOU DAMMIT I LOVED YOU

.

I have never heard Amahle shout in my life even that time she was alive she has never shouted, she was calm and down to earth.

.

Her: YOU CHEATED ON ME COUNTLESS TIMES AND I FORGAVE YOU COUNTLESS TIMES, STILL YOU DIDN'T FUCKEN STOP UNTILL I COULDN'T TAKE YOUR SHIT I CHEATED TOO.. AND GUESS WHAT? YOU KILLED ME

Her: That's what I wanted Zenande for you to be hurt and feel betrayed, you think I wanted to sleep with X?

No I didn't but I forced myself thinking that I will get your attention, thinking that you will stop cheating on me. But you killed me! Why didn't you kill him too?

I kept quiet I couldn't answer her

Her: WHY DIDN'T YOU KILL HIM? (shouting)

Me: I'm sorry Amahle okay?

Her: You will regret the day you were born once I'm done with you, I will destroy you I want you to lose everything.

.

She was about to walk out I grabbed her arm and hugged her tight she tried pushing me but she failed.

.

Me: I'm sorry please forgive me Mamngwevu

Her: NO! Zenande let go

Me: Forgive me please I will take you home okay and

I will make sure you are given the best burial

Her: Do you love her like you loved me?

.

Her: (looking at me) Please answer me

Me: Nobody will take your place in my heart Amahle you know how much I loved you

Her: You loved Luyanda's mother more

Me: She was the love of my life yes, but then I met you I gave my all to you

Her: And Liyema do you love her with your all?

.

I was in the main bedroom sleeping after crying myself to sleep, how could Zenande did this to me? A child a 15 year old boy! I give the fuck up this is some fucked up shit I can't handle it I can't. This girl lied to me for the whole three FUCKEN years I mean I would have understood if she told me herself instead of the bomb her son gave me. Luyanda doesn't even like me I saw how he looked at me . I decided to open after the secret of his son came out it's been a long time since I opened. The Amahle issue I didn't know how to see it Zenande made sure that her Sangoma hide it since it's the darkest secret. I was furious because I wanted to see what's the deal with Amahle, one thing I'm sure of is that she killed her if how or why haike I don't know too. I tried looking deeper but it's like something was blocking me damn it Zenande knew I was going to dig deeper

she quickly went to her Sangoma so that no matter how much I look I won't find anything.

.

.

I woke up the following day and the coughing started I quickly ran to the bathroom and took a towel and covered my mouth, I coughed blood and started vomiting blood. I stood up and flushed also cleaning the seat I washed the towel but it's white so I just threw it away. I decided to take a shower while the twins were still sleeping. I got in and opened water I started washing my body, my hair fell. WTF? I touched my hair they were falling I quickly went to the mirror, my hair was falling. I just stood there and cried, what was happening to me. I did all kinds of tests but I didn't find anything but it's been three weeks vomiting and coughing blood, I decided to go see a doctor since I tested myself maybe there is something wrong I did because the results showed nothing. I haven't told Jasmine I don't want to worry her she is happy so I let her be, I didn't tell Zenande too and I am not going to tell her.

.

Owethu woke up I bath him and i dressed him, a navy jean, a white long sleeves shirt with white Jordan sneakers, I put a navy beanie in his head then I took his brown coat ndamnxibisa. Gosh my boy ♥ He looked so cute.

.

Me: You're so cute

Him: Tute :)

Me: Cute boy say Cute

.

He giggled and hide his face, Look I love both my babies but my boy, oh God I'm in love with my son ♥

The Princess woke up too quiet as ever just looking at us. I took her and kissed her nose she giggled I bath her ndamnxibisa like his twin but girls clothes. Thank God they are two already at least they can walk because I was not going to be able to carry both them, the Princess is chubby she eats a lot yho while the Prince is just himself he doesn't like food

one bit. I also got dressed I wore my navy skinny jean, a white long sleeves t-shirt and a brown ankle boots, I wore my brown coat too and a navy headscarf since my hair was falling. I took my bag and the kid's bags and walked out with them holding my legs. Gosh! these two.

.

I arrived downstairs Luyanda and Esona were there making themselves breakfast and the kitchen was a mess. God help me! Not my kitchen. I greeted they just stared at me and continued doing God knows what. Okay I made my babies porridge and fed them after that I walked out and went to buckle them in their seats, Zenande walked out looking like she was hit by a train, she held my hand

.

Her: Bunny

Me: Yes?

Her: My Light I can explain please don't leave me

Me: I'm going to town Zenande

Her: Can we talk when you come back?

Me: fine!

Her: I love You Kukhanya Kwam

Me: Okay. Tell your sons to clean my kitchen

Her: I will

.

She kissed my forehead and kissed the kids then I drove off.

Prince Luyanda***

.

Coming back to South Africa, I thought that I was gonna find umama unmarried and no kids but I found out she has a wife and twins, but what I know is that they younger than me so that means I am the oldest. The "Mrs is not that old" and I will make sure that she leaves my moms place. I am the heir, I am the first born son even if they are not married I am still Luyanda Mabija the first born son of Zenande Mabija. So I was with Esona playing Xbox and we called the cleaning agency to send someone to come and clean the house.

Esona: Dude imagine us cleaning the kitchen.

Me: I would never do that, cleaning agencies were made for that. I am thinking of staying this side and finish the year studying here I am sure that umama will pull some strings and get me into a good school.

Esona: that's a great idea lemme go and talk to dad.

We both left I went to find umama and Esona went to find his dad and we left everything we were using there. I found her in the study working and drinking I wonder, time to play my cards right :) .

I knocked and she told me to enter.

.

Me: Future King.

She chuckled I could see she was not okay and I had my news.

Her: Sure boy.

Me: Are you okay.

Her: Uhm yeah I am fine.

Me: Is it me? Am I the reason you fighting with your wife? Maybe I should just go.

I said that looking down :(.

Her: No boy its not your fault okay you more than welcome to stay.

Me: Thanks mom but you know if I am the problem please tell me.

Her: Hey enough about that, tonight we going back home.

Me: Who and who?

Her: Me, Liyema, You, Owethu and Khazimla.

Me: Who is next in the throne after you?

Her: Hayi not now Luyanda.

Me: Who's older between the twins?

Her: Owethu.

Me: Mhhh lemme leave you to your work then.

I left her well also the thing that sat great with me is that my grandmother and mom are close and grandma used to visit us.

I was dreading going home, I wasn't ready for our talk with Zenande. I don't know whether to tell about her sons plans worse I need her so much now that I don't know what's making me sick. We were at the mall and Owethu was drowsy and that meant I had to carry him and Khazimla was busy crying saying that she wants to go to her mama. To them Zenande is mama and I am mommy.

I called Miranda, and she answered on the first ring.

Her: Chom.

Me: I need your help I am at the mall please come fast.

Her: Okay friend.

I waited I couldn't pick Owethu up I had no energy. She eventually arrived.

Her: Chom what's the matter ?

Me: Please help me with this one before he falls down because of being sleepy.

She helped and she put Owethu in my car and buckled him up on his seat. She did the same with the Princess.

Me: Thanks friend uhm I will be going to my house, please tell Zenande to pack my things and the kids things and please bring them yourself friend okay..I

I didn't finish my sentence, I started coughing. Miranda popped all her eyes out.

Her: Chom are you okay?

Me: I am fine friend, please bring the clothes okay . I'll call you.

I started my car and drove away leaving her speechless.

I parked near the road I cried my eyes out. I must have fallen asleep there because I woke up to a knock on the window. it was Zenande oh shit Miranda I rolled down the window.

Her: Babe hey, are you okay ?

Me: I am fine so, I have to go.

She climbed on to the passenger seat.

Her: Bhabha please talk to me.

Before I could talk she called Xolani telling him to come and fetch the kids and keep them at his house. He came and took the kids and left.

Her: My Light hey I am so sorry for lying and keeping this secret and I wanna come clean to you once and for all.

When I didn't tell you about Luyanda, I was afraid that you would question that what kind of parent am I letting my son grow up far from me and I was okay with that.

The Amahle issue well I loved her but when I was with her I wasn't ready to settle down I treated her bad and when she slept with uXolani I lost it I killed her with an axe i...uhm I removed her head from her body using an axe.

:o my eyes were all out I mean who does that to

someone they claim to love. I really was chained to the devil.

Her: Bhabha please say something.

Me: if I would cheat would you also kill me.

Her: No babe I would never k...

She didn't finish talking I coughed again and I was slowly losing consciousness.

She jumped on my side and placed me on the passenger side. I don't know what happened next as I just passed out.

When Zenande brought an unconscious Liyema to

my workplace I knew what was wrong with her and it has been a while since she started getting sick it has been weeks keeping quiet about it.

Me: Zenande you have to understand that your wife is not like you so us have our own sickness and the minute we show symptoms we should get treatment fast because it kills us and the doctors can't find it so she should have come to me fast.

Liyema woke up but she was still weak.

Her: Zenande please watch my kids :(I am dying this is it for me promise me Zenande.

Zen: You not going anywhere Bunny please fight it.

Her: Promise me I don't have the strength.

Zen: :(okay I love you and I am so sorry baby.

Her: I love you more. Jasmine I love you, take care of my family.

Me: I love you too, and I will take care of them.

And with that she closed her eyes. :(, Zenande couldn't keep it together she cried her eyes out.

Me: Zen I need you to be strong okay, I will prepare the medicine that will heal her and it will take at least 2 weeks to mature so I will put her in an Coma for the time being okay your wife will be fine.

You can feel her she is still warm meaning that she is not dead yet.

Limise: Esona come and wash your plate and stop placing your feet on the table.

Esona: You not my mother you don't get to tell me what to do.

Me: ESONA GO AND DO WHAT YOU TOLD.

Him: I am not gonna do it dad she is the wife here not me .

Me: I will beat you okay now drag yourself and do it.

He left dragging himself, and Limise just passed me and went to put the kids to bed. Jesus this is gonna drive me crazy maybe I should call my sister. when I was about to call her Zen came looking like shit.

Me: Dude uright?

Her: Yeah uhm where are the kids we need to go home thanks for watching them.

Me: Zenande you can't let them see you like this.

Her: I'll freshen up, bring me a short and tanktop okay.

Me: Sure I'm here if you need to talk okay.

She just nodded and left for the spare room.

Liyema was in Coma breathing with machines she couldn't breath on her own, well what I can say is she was dead the reason why Jasmine didn't want to just give up is because she was still warm not cold and that ish made the family gasp in shock.

•

.

She was kept in Jasmine' s lab, they (Olona and Jasmine) were still busy with the medicine that will bring her back.

.

Jas: Hayi man Liyema why didn't you say something early I should have helped you.

Olona: Calm down Jas

Jas: I am a bad sister Olo I should have seen this coming.

Olona: I am also a bad sister but now we can't be sitting here blaming ourselves let's just bring her back, her wife and kids need her.

Jas: I have been closing since I dated Luzuko, I was in a honeymoon phase Olo I didn't keep checking on my other family.

Olona: I was also busy with my restaurant I thought everything was under control.

Jas: DAMN IT!

.

She pace up and down beating her forehead roughly, she couldn't lose Liyema she is her only family.

.

Olona: I thought since she is a original she doesn't get this sickness, I thought it's ours alone. What happened?

Jas: Something went wrong when were made Olo, we have our own sickness that even the doctors can't find shit when they check us. Its a sickness whereby when symptoms start showing you have to treat it fast I know how to treat it I don't know why Liyema didn't come to me early.

Olona: What are the symptoms?

Jas: Coughing blood is a start but when you lose weight like Liyema and your hair start falling just know shit is real.

Olona: Damn!

Jas: All of us clones we will get sick I just wish the others can find me so that we can help them.

Olona: Eish yeah, yaz I thought Liyema has cancer or something

Jas: No! Us clones we can't have those kind of sicknesses or diseases like Hiv and Aids, Cancer etc we just have this one sickness then when we treat it we live forever.

Olona: I can't believe we will even reach 200 years (laughing)

Jas: Like Dan our creator

Olona: they will kill us who lives up untill 150 or 200 years?

Jas: Us! But when we reach 95 we should move to Cuba for a hiding.

Olona: yeah I know, is it positive to wake Liyema?

Jas: Yes! Let's just pray this goes right

Olona: Waking up from the dead (chuckling)

Jas: Talk about being an Ultimate Human Being. Let's help our sister

.

They carried on making Medicine they will or can bring Liyema back to life.

John**

.

It's been a while since Jade came to stay with us, well we didn't move to our apartments because Liyema fell sick so we have to be here for Zen and the kids. Me and Asivile were not on speaking terms I was sleeping in the other room while yena and Brandon used my bedroom.

.

.

I was still having bad nightmares because of the necklace, I removed it because it was still strangling me but when I woke up it's on my neck again. I knew that shit was real! I was haunted because of the shit

I did.

.

.

I went to Asivile I really needed to talk to her, something told me to just confess to her maybe I will be alright although I know she will leave me but I have to. I knocked she opened , she looked so cute in her tight short dress and sleepers I felt Dlamini shook a bit. Fuck!

.

Her: Yes?

Me: Uhm.. can we talk?

Her: Talk!

Me: My wife please can I at lease come in

Her: John!

Me: Please Babe

.

She moved so that I could enter, I sat on bed and

sighed she stood in front of me folding her arms pouting , I just became so horny. Damn I love this Woman

.

Me: Sit down honey

Her: But-

Me: Please my wife

.

She sighed and sat down still looking at me I smiled, she frowned.

.

Me: Baby I messed up I know and I apologise sthandwa sam, I was wrong for hiding my daughter for three years and I was wrong for not telling you I have a daughter.

Her: And a wife

Me: I don't have a wife Asi, yes I proposed when she was leaving but we called it off because she didn't wanna come back after the war.

Her: John your daughter said her mother is still wearing your ring, meaning that you never called the engagement off

Me: Well I... uhm

Her: TALK!

Me: Wel yeah we didn't call it off we just said she will stay there nam I will continue staying here but we made a deal to visit each other, but when I saw you I couldn't help it I fell inlove

Her: What about her? (whispers)

Me: Me and her are over babe I swear it's just a child that makes us connected.

Her: (sobbing) I... I ca..can't

Me: Babe I swear okay I swear

Her: Your daughter doesn't like me John

Me: Leave her to me babe

.

She kept quiet, okay problem one solved now I have to tell her what I did. Shit I was so scared.

.

Me: Another thing

Her: Don't tell me you want to make her your second wife, because if you do hell will-

.

I kissed her cutting her short, ahe tried to push me but she failed so she started kissing me back moaning between the kiss, Dlamini was hard already I took her and put her on top and grabbed her big ass rubbing her on Dlamini, Shit! she pulled away

.

Her: Another thing?

Me: After this babe

Her: No!

Me: Just one round baby please it's been a while

Her: No John, now start talking

.

She moved and sat next to me, God I was so horny

she can't do this. I stood up and went to the bathroom trying to calm myself I washed my face and breathed. Okay John just loosen up! I went back to her.

.

Me: Babe I did something really bad when I started becoming a gangster

Her: Which is?

Me: Babe I didn't mean to do it I was desperate and I was stupid

Her: John talk

Me: Just try to understand that I did it for my safety.

Her: JOHN TALK DON'T FUCKEN PLAY WITH ME!

.

I sighed, she will leave me I know she will.

.

Me: I killed a child, a ten year old black boy because I needed something in him

Her: Oh God! :o What did you need?

Me: I always wished I was black Asivile I hate this bhulu guy I am.

Her: But when I am looking at you it's like I am seeing a black guy you are not like other white guys.

Me: It's all because of this necklace

Her: I have been asking you about this dirty thing John why can't you take it off

Me: Because I need it Asivile, I killed that boy because I needed his intestine I took it and the witch doctor made me this necklace with the boy's intestine, hence I am white yes but when someone is looking at me see a black guy, but now the boy is haunting me I think he want it back. I have to go to his home and apologise and also give their child's intestine

Her: Oh No! Ithumbu lomntana John :o you're are evil, take of the necklace

Me: Huh?

Her: Take it off John I want to see the real you!

Me: Ayiphumi baby I can't take it off

Her: Try!

.

I did and to my surprise it was easy to take it off. Stupid boy playing tricks with me. I removed it from my neck, Asivile stared at me her eyes popping out.

.

Her: Oh hell No!

.

With that said she fainted, I picked her up and lay her to bed. I went to look at myself in the mirror I met the real John Meyer.

I was on my way home I just stopped at the robots and tapped my phone while waiting for the robots to open. A taxi stood next to me playing loud house music, I looked at the taxi then the driver then shook my head and continued tapping my phone.

.

Voice: Mr Gabada

.

Okay this taxi driver knows me, phof who doesn't I am the best known CA in P.E and my company is on the top list. So yeah!

.

Me: Ola!

Him: Where is my girlfriend?

Me: Excuse me?

Him: Your wife my girlfriend

.

I chuckled am I being tested?

.

Me: Snazo?

Him: Yes! She was my girlfriend or I can say she cheated on you ngam

Me: Oh! I didn't know

.

I was fuming but I didn't want to show it.

.

Him: Tell her I miss her and her ass :p

Me: I will

.

I drove home, my hands shaking how could Snazo do this. She cheated on me with that trash? that guy even look sick. I drove in and quickly went inside the house. I found the girls in the kitchen as usual.

.

Me: Snazo! in the bedroom NOW!!

.

I left and got in our room and took off my blazer and tie. Snazo walked in confused.

.

Her: Babe what's up-

.

I slapped her she fell and sat on the floor with her ass.

.

Me: Stand up!

Her: Luvo-

Me: STAND THE FUCK UP!

.

She quickly stood up shaking with tears on her face. Okay I need to breath what if she didn't do anything.

.

Me: Snazo tell except for Xolani who else did you cheat with?

Her: No..no one

Me: Don't lie to me Snazo I need the truth.

Her: I swear-

.

I slapped her again with the back of my hand, I took of my shirt and I was left with a vest. She started shaking. .

Her: Baby it was a mistake please forgive me

Me: What was a mistake?

Her: I cheated on you with the other guy driving a taxi I swear it was a mistake

Me: And?

Her: Noth..nothing

.

I punched her face again and grabbed her weave tight and slapped her again she was screaming, but the room is soundproof.

.

Me: Talk!

Her: I... he... uhn we

Me: SNAZO TALK DAMMIT!

Her: Okay okay he gave me STI I went to the doctor and treated myself alone, I couldn't tell you I'm sorry babe.

.

.

I sat down defeated, I almost died, I almost killed Thembi (my ex) thinking she is the one who infected me. The doctor told me if I didn't come early I was not going to be able to have children, because Snazo was selfish she treated herself and was ready to let me die.

.

Her: Ba..babe i'm uhm I'm sorry

Me: Get out! (whispering)

Her: Baby please

Me: OUT SNAZO! YOU DISGUST ME!

.

I went to her closet and pack all her clothes then went back to her I grabbed her by her weave with her screaming and kicking, I went downstairs and pushed her outside.

.

Me: LEAVE! I DON'T EVER WANT TO SEE YOU AGAIN, FROM NOW ON MIHLE'S MOTHER IS DEAD, YOU ARE DEAD TO US SNAZO!

.

I closed the door on her face and went upstairs wiping ny tears, the girls were confused and I didn't care.

A week later, Liyema was still in the same position no movement no nothing. Jasmine and Olona were now waiting for another week so that they can wake her up, although they didn't have hope but they knew she will come back to them.

.

.

Liyema was sleeping she found herself in a dark room alone, she looked around trying to figure where she is but it was dark that she became scared.

.

Liyema: ZENANDE! !

.

The voice laughed, Liyema looked around and saw a very beautiful girl. She was a caramel with medium eyes, medium nose and big forehead. She had medium lips and her body was to die for she looked like a model. She was wearing a Maroon tight dress and maroon heels. She came to Liyema and smiled,

God she was pretty.

.

Her: Hello

Liyema: Who are you? why am I here?

Her: I'm Amahle Gana the girl your wife killed

Liyema: Dead? Am I dead?

Her: Not yet ! For now I want you to watch something

Liyema: Please leave me alone why must I suffer because of my wife's sins

Her: Because you and her babies are het weaknesses so I won't stop

Liyema: You witch! Leave my babies alone

Her: Or what?

.

Liyema kept quiet sobbing

.

Her: I don't think so! So now do you want to see how

your wife killed me?

Liyema: No..no

.

Amahle grabbed Liyema'a arm and went to the mirror and they stood in front of it.

.

Amahle: Now Watch!

Liyema: I don't want to! I want my kids

.

Just then everything that happened when Amahle was killed played like a movie in the mirror. Liyema saw how Zenande beat Amahle up after she found out she cheated, she saw Zen taking an axe wiping it clean while Amahle was crying and begging her to spare her life. Liyema closed her ears and eyes

.

Liyema: I can't watch! Please stop

Amahle: This is my favourite scene come look

.

Liyema out of curiosity she looked, Zen was going straight to Amahle she didn't waste time she removed her head from her body, Amahle's head flew across the room. That didn't stop Zen she tore Amahle's body and held her heart in her hands without any waste of time again she removed the heart and went to wash her hands. Coming back she took Amahle's head and heart and put them in a box and went to bury her body in bushes then the head and heart in another bush.

.

Liyema couldn't her eyes, Zenande did that? She was the devil himself. Liyema started hating her, Amahle knew her work was done for now, by her work I mean making Liyema hate Zenande and scared of her. She knew when she wake up she will want nothing to do with her.

.

.

Back at Jasmine' s lab, Liyema out of nowhere

started having seizure. Jasmine and Olona jumped trying to calm her down but the seizure went on then the machine beep loud then it went off, Liyema's body went stiff then stopped. Machine was off and Liyema on the other hand after the seizure she started getting cold showing the dead sign.

Zenande was in her room trying to calm the twins

down, she didn't sleep the whole night because of their cries. She didn't know what was happening, her phone rang at 6am she was starting to fall asleep.

.

Zen: Hello (sleepy voice

Voice: Zenande it's Jasmine

.

Zenande quickly sat up straight rubbing her eyes, her heart was beating fast. What happened to Liyema? she thought

.

Zen: Jas talk to me

Jas: Uhm Zen I'm sorry

Zen: NO! No Jasmine how is my wife?

Jas: Please come through

Zen: I'm in my way

.

She hung up and wore her sweat pant and a hoodie,

with sneakers. She didn't have time to wash and dress up she just needed her wife. She went to Xolani's bedroom and knocked. X opened still sleepy

.

X: Zen?

Zen: Brah I need your help please check on the twins i'm going to Jas' s lab

X: What's wrong? is my sister okay?

Zen: Xolani I don't know just do what I say

X: She is my sister Zen so i'm coming with you, Limise will check the twins.

Zen: Fine! Dress up

X: Nope! Let's go

.

Zen shook her head while Xolani chuckled, they drove off with Xolani still in his Pyjamas and socks.

.

X: Don't panic i'm sure she woke up

Zen: I doubt X, Jasmine called and said "I'm sorry Zen" I panicked

X: Shit! Let me call Dad

Zen: Yeah we can't hide this forever

X: They are going to shout, we didn't tell them early

Zen: I know... But I thought by now Liyema would be up

X: Eish Zen

.

.

Xolani called his father, he answered still in a sleepy voice. Well Xolani understood it was still early in the morning so yeah.

.

X: Tata

Dad: Boy how are you?

X: Bad tata, I have bad news

Dad: What is happening Xolani?

X: Anelisiwe Tata she is.. uhm she

Dad: Xolani where is my daughter?

X: Hospital tata she is not okay she coughed blood and collapsed, I'm afraid she is in Coma tata

Dad: What? Xolani how long?

X: Tata kalok-

Dad: HOW LONG XOLANI? HOW LONG? (He roared)

X: She has been sick for a month but she hide it untill a week ago she was admitted in Jasmine' s Lab

Dad: DAMMIT XOLANI HOW CAN YOU NOT TELL ME THIS? SHE IS YOUR DAMN SISTER YOU SHOULD HAVE SEEN THAT SHE IS NOT OKAY!

X: I know tata I'm sorry

Dad: We are coming

.

He hung up, Xolani breathed looking at Zen

.

Zen: Bad?

X: Very!

Zen: I feel like we failed Liyema, I mean I should have seen this but I didn't

X: Me too

.

They arrived at Jas' s lab and almost ran inside, they barged in where Liyema was. They found Jas and Olona holding Liyema's hands crying, it's been a hour now and Liyema was cold, no movement no nothing just cold. Zen rushed to her wife and hugged her crying she couldn't help it especially when she feld her cold body.

.

.

Zen: My wife please wake up, you can't do this to me Liyema please

.

She was shaking her roughly with tears all over her

face. Xolani was on the floor his hands on his face trying to breath.

.

Zen: No! she can't be gone Jasmine please wake her up I beg you

Jas: I have been trying Zen trust me, I have woke other clones who were sick up but seems like Liyema didn't fight this she didn't meet me half way instead she just gave up.

X: Liyema would never do that, something else is not right here

Zen: Amahle!

Jas: Do the right thing Zen

.

.

Zenande put Liyema's head down and ran out driving to where she buried Amahle, she started digging the hole furiously cursing at Amahle.

.

Zen: Damn you Amahle! Fuck! nx

.

.

Back at the Lab***

.

Liyema's parents arrived, Liyema's mother cried her lungs out when she held her daughter's cold hand. She started praying hard, she could feel a dark cloud over her daughter she knew there was something blocking her not to wake up since her being a Christian she could see evil things. She prayed hard breaking whatever chain that was tied.

Liyema**

.

I could hear my mother's prayer I knew I had to fight this ghost and wake up. Amahle has been keeping me because of her stupid grudge she have over Zenande, well it's not stupid but I didn't do anything mna why can't she just punish Zen. Ewe I was sick because we as clones we have our own sickness but Amahle also toom advantage to hurt Zen.

.

.

She made me watch how my kids suffered, they were not coping without me. They don't eat or sleep they cry the whole night, Zenande was also not coping and Amahle knew she was winning. I begged her to stop but she wanted to make her suffer, I begged her to let me go and take Zen because I didn't do anything, me and my babies didn't do anything.

.

.

I heard my mom praying calling my name, that's when I knew I have to fight this bitch and wake up. I

did we fought with the help of my mon's prayer I won. I felt mt body becoming warm again then I slowly opened my eyes, mom didn't stop praying I looked around and found Jas, Olo, Dad and Xolani their eyes were red from all the crying, I moved my body as a sign that i'm awake. Jasmine jumped

.

Jas: She ia awake Mama she is awake

X: What? Liyema?

.

Mom rushed to me and hugged me tight breathing with tears on her face.

.

Mom: My Princess

Me: My...Que..Queen

Mom: Bring her water

.

Jasmine brought me water I gulp it, the way I was so thirsty. They all hugged me

.

Dad: You are a fighter

X: Waking up from the dead (chuckling)

Mom: Leave my daughter alone, Let us all pray your lives are on danger Xolani you have to be strong.

X: Ewe mama

.

We prayed, even though I was still weak and pale but I was glad that I woke up and alive.

I took Amahle's body and went to Mam'Thokozani I needed her to make Amahle go away. I arrived at her

flat she was waiting for me, I put Amahle's bones down in a circle made of chalk they sat down.

Thokozani did her thing chanting and clapping telling Amahle to go rest in peace, I wanted her to leave my life alone. After that I went to her home, her parents will kill me but then I have to do this, one thing I know I won't go to jail and beside Thokozani made me chew few herbs to make me stronger. I put Amahle in the booth and drove to her house. I called all the guys and told them to do the right thing by the end of this day, that's what Thokozani told me we don't have time, they agreed.

Zenande***

.

It was the wee hours of the morning and I was nearing Amahles home, I didn't know what to expect. Because her parents don't even know what happened to their daughter or was she still even alive in this cruel world. I knew I had to make things right no matter the outcome. Around 4 am I was parking near her homes gate. I went to knock first. I knocked for sometime until a man in his late 50s opened the door for me.

Him: Singakunceda? (can we help you?)

Me: Uhm hello sorry to barge in like this especially during these hours.

Him: Come in.

he went in first and I followed behind him, oh shit a part of me wanted to leave, but I told my self that I am doing this for my family.

Me: Tata I won't be long, Amahle passed away and uhm I brought her body here.

Him: :o my daughter is no more?

I nodded.

Him: Wait here let me call her mother.

Me: Okay tata

After a few minutes they appeared I knew the mother from pictures Amahle loved talking about her a lot :) .

A.Dad: My wife this is.... who are you?

Me: Oh i am Zenande Mabija.

A.mom: Oh yi girlfriend ka Amahle le tata :) . How are you my child ?

Me: I am fine mama thanks and how are you?

A.mom: Oh hay I am good ntombi, its good to finally meet you. but why at this time of the morning and where is Amahle she never calls that one i guess you really are so lost in your honeymoon phase.

A.dad: My wife please let the future king to speak.

Me: Mama nawe tata I have bad news Amahle is no more and her body is in my car right now, and uhm...

I didn't even finish my sentence as Amahle's mom was crying her lungs out.

A.dad: How did she die?

Before I could lie, I saw Amahle and I just talked without even meaning to I spoke the truth and all of it. Amahles mom fainted after the whole confession, her husband picked her up to the room and told me to wait he would be right back. and so I waited only to be faced with a beating of a life time., that man was angry he beat the shit out of me. I was still lying down apologising.

A.dad: So what do we do now?

Me: I know it won't bring her back I can pay for her funer...

i got a punch on my jaw i flew across the room.

A.dad: Thats what you good at right paying for stuff huh? does your father even know the kind of monster he will in charge is?

I had no words i was still nursing my painful body.

A.dad: So you can't speak now? You rock up here at 4 am in the morning bringing my daughters dead body that you killed in the most evil way possible and expect us to accept your dirty filthy money. Get out, bring me my daughters body and get out of here before I murder you myself.

I went to the car and brought the body and two bags full of money into the house.

Me: I know that this doesn't make things right but please take the money and give her a dignified funeral, and I am truly sorry for the pain I have caused.

He was still fuming so i decided to leave, i was feeling like shit and my first stop was to be Jasmine's lab to see my wife.

As a boy at home we had nothing it was rough and through high school, during all those years there was a boy from a rich family who used to make fun of me and my homes poverty that I couldn't afford shoes and every other basic human need his name was Monde he made fun of me until I went to varsity. When I met the rest of the crew I was poor yes Zen,X,John were from rich families Lwando,Luvo and Luzuko were from affording homes and then me and Mzukisi it was bad and every time we hung out Mondes words of being nothing and having nothing played into my head so I was very angry at Monde.

When we started doing missions I took it upon myself I went to a sangoma that helped me turn Monde into a Zombie and then afterwards I killed him and left him in a cave :) i know right. Long story short he's back and wants me to take him home and

remove the nail I punctured into his forehead and left it there. I was going back to finish off what i did even though i will take him home he will still be six feet under, I win still :) .

Before I could take my step mother home after I killed her and kept her body in a morgue on ice Busi blocked my way and asked me what I had done and why I did it.

-

Me: Sit down Busi.

she sat down

Me: My father married another woman and then when I was still a young man my biological mother told me that my dad ate love portion given by her wife and that is why her and dad got divorced because of the step mother and her treacherous ways so i was a mamas boy, yes the step mother was kind to me but I loved my mother more and I wanted her to have what she had lost.

So when I became a gangster my mother got this idea in my head to shoot her. I shot her and I faked her hand writing to a letter she had left for dad that she was never coming back. and then I kept her body in a morgue I pay the people that work there to keep her that way.

Busi: :o did she give your father a love portion?

Me: No well my mother only confessed when the deed was done.

Busi: Wow Lwando first its your daughter that i didnt know of, secondly this hayi leave she needs to rest in peace and you have to confess to the family what you and your mother did.

Me: Yeah I'll see you when I come back I love you.

she didn't answer I knew that I was in deep shit.

Me: Es dude I'm calling mom.

Him: Sure should I be worried?

Me: Nah just listen.

I dialed her number and she picked up.

Her: My pumpkin.

Me: Mom stop calling me that.

Her: Okay ke my Prince how are you? How's Zenande?
How's South Africa as a whole?

Me: Whoa mom one question at a time. okay your Prince is doing good, well mama is not coping she needs you mom.

Her: Did she say that?

Me: come on my Queen would I lie to you?

Her: Oh I am sure X is also the same as Zenande so me and Esonas mom will be there as soon as possible okay.

Me: Xap mom safe travels I love you.

Her: I love you more pumpkin.

I cut the call and looked at Esona who had the widest grin on his face.

Him : That's how you get rid of step mothers.

All the boys went about their day returning the bodies and everything in between and some of them it was not going great at all like X who was chased with dogs after being beaten for raping a child. The boys were left alone in that huge house and each one was drowning in their sorrows about the mistakes of the past and how those stupid mistakes had cost them their loved ones and happiness. They

all had done everything they needed to do.

They were chilling drinking away their sorrows of course.

.

Luvo: I don't get why I feel like shit right now I miss my wife guys.

Sizwe: So do we and I understand you Luvos mfethu because what you did was to protect your mother and also you feel like shit because your wife lied to you for so long.

Luvo: I get that but she's been begging, and I will eventually take her back because she's my wife and I love her. I'm no saint either so by me chasing her out like that was to teach her a lesson.

Sizwe: I also have to go and explain to Miranda about Monde, I know she's probably afraid of me but then I had my reason of doing that and I don't regret it one bit because Monde made my life a living hell.

Zen: At least you guys have hope that your wives are gonna come back to you, mine took of her ring and

wanted a divorce.

X: Hell Limise said she can't even stand the sight of me as to how I could do such a thing. I regretted doing that to Snovuyo everyday of my life and I hate myself for it :(.

Mzu: Don't cry tar X you need to tell Limise that you were young, drunk, stupid and a fool.

X: Yeah I was dude.

Luz: I mean I just found Jasmine and I am very happy with her, but she just left me after she found out that I killed an innocent child with my car after I was spinning it and covered it up. if I had stepped up and owned to my mistake I would be in prison now you guys. Dammit John I almost forgot how you look as a Boer damn.

John: :) dude every time I look at my self in the mirror I hate my reflection.

Lwando: Haska tshin you know we befriended you knowing that you were like that and we don't have a problem with you, you are a part of us and our family Dlamini.

Zen raised her bottle of Bourbon up

Zen: here's to getting our shit together and getting our family back. And also making some cold hard cash.

Them: Cheers dude.

They continued talking and drinking with each thinking about how to win back their wives.

X: I think we should organise some guys and blow up a few ATM's.

Zen: Thats a great idea I miss the action let's do it.

Zen took out her phone and called Sjava he picked up almost immediately.

Zen: Sjay man.

Sjay: Boss

Zen: organise a few guys we gonna make some money tonight.

Sjay: Whoo hoo about some damn time boss its been too long.

Then they cut the call. They continued drinking till it

was time to go.

Zenande went to Luyanda who was with Esona.

Zen: Boy.

Lu: Mama.

Zen: We going out for some time ne boys okay we will be right back. I know I haven't been the best mama to you but I'm willing to try if thats okay with you.

Lu: Of course mama its more than okay.

Zen: Sure ke boy we'll talk when I return, I love you.

Lu: I love you too mama, damn that's gay :).

with that Zenande left to join the other guys in the basement.

Zen: Okay gents we need at least 10 ATM's tonight and that's a shit load of money.

The guys all agreed and got into their cars to make history.

Lwando travelled with his police radio to here if the police were coming.

And with that they left taking their prospective positions and doing what they do most.

They successfully managed to finish it all with Lwando warning them about the police every now and then.

They got back with bags of money, but one car was missing.

Zen: Where's Luvo and Mzukisi?

Lwando: Shit they must be delayed

Zen took out her phone and dialed Luvo and he picked up.

Luvo: Boss they are hot on our tail.

Zen: Okay what we gonna do is,keep stalling them we will come and cause a diversion and it will give you guys enough window to come back into the house and place the money. We will dump them okay?

Luvo: Sure boss.

Call ended*

Zen: You heard me on the phone right let's go Luvo and Mzukisi are being chased.

John: We'll need only two cars to disturb them.

Zen: Luz you with me, X you with Dlamini let's go.

They left and arrived just in time at the scene and started shooting at the cops and well the cops were distracted and changed their attention to them.

Luvo and Mzukisi escaped quickly and got into the house using the tunnel.

The chase between the cops and them was close but they managed to dump them and blew up one cop car.

They went home.

Luz: Damn I missed the action you guys ahm back by popular demand bitches.

He said that throwing himself on top of the bags full of money.

They shared the money and each stashed it on their own hiding places.

And after that it was a party they partied hard.

Me: Sorry mom what did you say?

Her: I don't know what Zenande did for you to leave you marriage but remember imiyalo of the elder woman telling you that marriage is not a walk in the park, there are times where it gets tough and as Pillar a Queen of your home you have to stand strong and support it and if you feel like you also need to lean on something other than your partner kneel down and lean on the Lord, pray to him to strengthen your marriage to pass through the toughest of times.

Me: Yes mom I hear you :(.

Brandon was restless,I know that he misses his father but I don't think I wanna go back into that house as yet. Johns daughter Jade is a real pain in the ass and i dont want my son to grow up in a home with that negativity I just can't. So I was staying with uBusie in an apartment, damn being a single mother

sucks because Busi also had Lutho who would sometimes ask for his father. Thank God we took a few days from work.

We were chilling sipping on some wine and the kids were napping.

Busi: My friend you seem far.

Me: Chom I know I'm supposed to hate John, but I miss him and I love him so much. We have a beautiful son together and I'm not ready yet to fill out divorced :(.

Her: Me and you both hey. I know uLwando what he did is dark, but i dont want my son growing up in a broken home.

Me: Oh my friend we know uba they gangsters and we accepted that fact so I am gonna put this on the back of my head.

Her: Yeah hey they made things right at the end of the day.

We were in the middle of our conversation when we heard a knock on the door.

Me: I wonder who it is, lemme go check.

I went to the door, and there John was with Lwando.

Me: Molweni :/

Lwando: Hey can we... come in?

Me: Sure come on in .

I made way for them to come in. John looked yummy :p .

Busi and Lwando left to talk into the room and I was left with John in the living room.

Me: Something to drink?

Him: beer please.

Me: Don't mock me John you know we don't have that.

Him: I'm fine for now. Uhm baby I miss you my life without you is incomplete I know I lied about Jade and what I did. But can we please start on a clean slate, I can't lose you Asivile. hell ahm not gonna lose you cause you and Brandon are my life, so will you please continue being my wife I promise I'll be

better okay for you and my son.

Me: You forgot Jade in all that "perfect" family. John I love you okay and I don't wanna stop being Mrs Meyer but please promise me transparency and one more lie I'm leaving with your son. One other thing tell your daughter to behave or I will teach her some manners.

Him: Okay baby I'll talk to him. So can we please go back home.?

Me: Ahm not going back to the family home John we need our time together before staying with the family again.

Him: Its fine baby let's go back to our home it will be me,you,Brandon and Jade :).

I went to pack our stuff I know it wasn't gonna be easy but I was willing to try.

Lwando and Busi were also going back to their home, I was happy for my friend hey.

She shook his hand and he shook it back.

Mr Mlilo: Zenande.

Zen: So how are you tata?

Mr M: I am good thanks and you?

Mr M: A secret to a happy marriage is transparency, make your wife your best friend and you will never go wrong. Lemme call my wife and daughter to say hi.

Zenande just nodded and he got up to call them.

Mrs M: My child :)

they shared a hug and Liyema just stood still.

Mrs M: Okay sweetie

She left them.

Zen: lemme go and check up on her.

They both nodded and she left to check on her wife and kids which she missed so much.

Mr M: They gonna fix things they love each other.

Mrs M: I hope so, but I also enjoy having my daughter home.

Mr M: Haike it seems as if she's leaving soon.

When I was called to the lounge by dad I didn't know that Zenande was there. And when I saw her there

my heart stopped, she looked perfect and I didn't expect to see her so soon I thought she would be busy living it up and partying with her boys. So when I saw her I was dumbfounded I didn't know what to say. So I ran to the room to check on the kids even though they were sleeping. then there was a knock on my room I shouted for the person to come in I thought it was mom but it was Zenande.

Her: Hey.

She came in and gave me a hug oh Gosh that was amazing and I missed her arms around me I must say. She pulled away and kissed my forehead.

Me: Uhm h..hi.

Her: Unjan bunny?

Me: I am good and you?

Her: Can we go outside to talk I don't wanna wake the twins up.

I led her outside to talk.

Her: Bunny I know that I've said sorry a million times, but I'm sorry bhabha can we please start afresh I

want us to work, not just because we have children but I love you and you are my home and if you would leave me I won't have a home and I'm not ready to become homeless. You are my Light and I'm not ready to be living in the dark without my Light. So Bhabha will you be my wife?

She went on one knee and opened a box with a beautiful diamond ring.

I was crying at this moment because our marriage was an arranged one so when she was on one knee I couldn't help but melt.

Me: Y...:'(ye... yes I will.

She slid the ring onto my finger and kissed me passionately.

Her: You know I would love to kiss you without the sobbing :) .

Me: Oh don't be so smug.

I pulled her in for a kiss I missed this woman gosh. When I had pulled my self together.

Me: Zenande Promise me no more secrets okay.

Her: I promise bhabha, now let's go home dammit I missed you so much.

She said that and bit her bottom lip. I couldn't help but blush :) .

We went back to the parents.

Me: Mom, dad I'm going back thank you for letting me stay.

Them: Stay and have lunch atleast then you can leave.

Zen: Thank you so much. I'll go and get the kids.

Zenande went upstairs and I followed her to pack.

She woke up the twins.

Khazimla: Mama

She threw herself at her and so did Owethu. they were so happy.

Khazimla: Mama I missed you.

Her: I missed you too baby don't worry we going back home okay?

They both cheered gleefully, I missed this sight :) my little family <3.

We had lunch and we were now driving back to P.E. And we called Limise and X and they were also going back home I was happy for my brother.

Jasmine also texted me saying that she and Luzuko are fixing things.

We arrived in P.E and I called Luyanda.

Him: Mom tell me you here, I'll text you the address take an uber okay.

Me: Okay boy see you just now, and how's your

mama?

Him: Just get here mom we'll talk when you here.

we hung up they sent the addresses who knew that Zenande and Xolani would leave away from each other and not in one house.

I hugged Esihle and we parted ways. I arrived at this house it was beautiful wow.

I got in I shouted if anyone was home. Luyanda came down.

Lu: Mom you made it :)

Me: My prince hey.

We hugged and asked how we were.

Me: So where's your mama.

Lu: She said she will be back later.

Me: Okay

Lu: Lemme take your bags upstairs mom.

He took my bags upstairs and I was left admiring the house. what was funny is that there were no pictures

on the wall that's odd considering that Zenande loves pictures hanging on the walls.

Luganda came back down.

Me: Lemme get started on dinner then so that your mama will come home to a home cooked meal.

He nodded and we continued talking and reminiscing.

Zenande**

.

We were now home with Liyema and the twins, there was a smell of sweet aroma coming from the house. Did Luya cook? I doubt! he called catering company.

.

.

Me: Luyanda will never cook unless he wants something

Liyema: Oh

Me: Or maybe he called the catering company

Liyema: ...

Me: Okay bad joke

.

I decided to keep quiet she was far with her thoughts, I let her be. I know she still didn't want Luyanda around but hey he is my son I can't throw him away I just wish they can get along and.

.

.

I took the twins in my arms while Liyema followed, I was going to come back with the luggage, when we enter the house we had loud giggles and laughter. Okay I know the voice :o , Luyanda can't do this to me. I looked at Liyema who just went straight where the noise was coming from and I followed.

.

.

I got the shock of my life when I saw Lisakhanya cooking up the storm in my wife's kitchen, Luyanda was smiling like an idiot. Oh boy!

.

.

Me: What the hell?

Lisa: Oh hey babe you're back?

Me: Don't call me that Lisakhanya what are you doing?

Lisa: I'm here for my son

Luya: And mom you needed her

Me: Did I? Lisakhanya leave my house now

Lisa: Zen-

Liyema: You're heard her, now please before I lose my cool get out of my house.

Lisa: And who are you?

Liyema: You can call me Mrs Queen Mabija the Mlilo Princess. And who the fuck are you?

Lisa: I am-

Liyema: Pssh Bitch I know who you are and I don't care I just want you out of my house

Lisa: Zen-

Liyema: Are you still here? Get your lousy ass out of my house

Luyanda: You can't-

Liyema: You want to follow her? huh?

.

Luyanda kept quiet, I slowly walked to the bedroom and lay my babies they were asleep. Liyema was on fire today I decided to keep quiet. I went back to the kitchen Liyema was taking Lisa's bags out. Okay!

.

Liyema: Now woman I won't repeat myself get out

Lisa: I'm not going anywhere

Liyema: Tough huh? okay

.

She went to the kettle and started boiling water,
Okay Shit is about to hit the fan.

.

Lisa: So you're going to burn me now?

Liyema: Watch and see what burning means

Me: Lisa just get out please before something happens

Lisa: I'm taking my child with me then

Me: Luyanda is old he will decide-

Luya: I'm leaving with my mom

Liyema: Good!

Me: Uhm boy

Lisa: Let's go my boy your mother chose a bitch over you

.

.

What happened next made me gasp, Liyema threw the hot water on Lisa, luckily she ducked but the water caught her arm, she screamed in agony.

.

Liyema: Call me bitch one more time. Bitch!

Luyanda: MOMMY!

.

He rushed to her, I stood there dumbfounded. What the hell!

.

Luya: Mom please let's take her to the hospital

Me: Uhm okay let me-

Liyema: You're not going anywhere Zenande, we need to bath the twins.

Luya: You're going to pay for this

Liyema: Bring it on Mama's boy, now it's either you follow my house rules and love me or get out.

.

She walked up the stairs like a boss! WTF! wow

.

Me: Lisa you do not listen hayi awuva

Lisa: I'm in pain Zen please take me to the hospital

Me: I can't because I didn't call you here, Luya take my car and take her to the hospital.

Luya: but mom

Me: Boy do what I tell you

.

.

I left them there, what Lisa and Luyanda did was

disrespectful. I care about Lisa because she is my son's mother but i'm over whatever happened between us. I love Liyema now she owns my heart, I heard a car driving off I knew that was Luyanda and her mom going to the hospital. What Liyema did shocked me, I thought she was going to run upstairs and cry while packing and leave again :/ . But my wife takes no bullshit now and that turns me on :p .

.

I walked inside our room and found her coming out of the shower, with a towel wrapped around her body.

.

Me: Baby

Her: hm?

Me: I'm sorry I didn't know-

Her: Shhh! the kids are sleeping we have time. :p

Me: Oh yeah (biting my lower lip)

Her: Of course (taking off towel)

Me: Shit!

.

I gasp, when was the last time I saw this body. Her hard nipples were pointing at me with her nicely shaved Vagina. I went straight to her and grabbed her ass while kissing her neck.

.

Her: Honey

Me: Bunny

Her: I don't want to do it in bed, how about the dressing table, the wall, the balcony and lastly the floor. Can you do that?

Me: Hell yeah!

Her: Then i'm all yours

.

.

I didn't waste time I dive in her neck and sucked on it causing her to moan. Well the rest is history :p let's just said we finally reached the floor with

complaining about pain, when I was done she just doze off. I smiled :)

Me: Oh uhm it's okay

John: I hope you mean it

Jade:I mean it father

Me: I forgive you sweety

Jade: Hug?

.

I smiled and gave John my son and hugged Jade who was giggling. John and Brandon joined the hug, he kissed our foreheads

.

.

We chuckled

.

Jade: So I heard you were a man! Tell me about it

was disturbed by mom on my trail of thoughts.

Her: Boy.

Me: Mom hey how are you feeling?

Me: I only have one parent.

Her: She is still your mom.

Me: Mom stop stressing about things that are not important and focus on getting better and out of here.

Her: Did you call Esihle?

Me: Yes mom she and Esona are on their way.

They eventually arrived.

.

Esihle: Chommie yam

Mom: My friend.

Esihle: I heard what happened from Luyanda how

can Zenande just stand there and watch her wife do this to you?

Her: Chom I don't know yaz and if they were happy in their marriages our kids wouldn't have called us here, they saw that their parents were suffering and needed us.

Esihle: So who brought you here in the hospital.?

Her: My son Zenande offered to take us but her wife said "Zenande awuyi kwalapho I need help with the twins" .

Esihle: :o I was also threw out like trash if its any consolation. The wife said "Xolani I'm going to put Luxolo down and when I come back she better not be here or else hell will break lose"

Her: I'm staying chom yaz I know where Zenande works and I will go and work my magic on her, remind her of the times we had.

Us: We staying mom.

Esona: But I'm not going back to Xolanis house.

Me: Me too mom.

Esihle: That's okay boys you will stay with us okay.

We continued chatting and then my phone rang it was Zenande I wonder what does she want?

.

Me: Zenande.

Her: Luyanda andingo mama kuwe?

Me: No what kind of a mother throws out her own son? .

Her: You see kwedin I'll knock your teeth out continue disrespecting me.

Me: Threats huh! Listen Zenande you might be the big shot in your house and friends but I'm not one of your lap dogs. So before I lose my shit why did you call me?

Her: How's your mother?

Me: Oh now you care? Well FYI she is badly injured thanks to you ratchet wife.

Her: Tell her I'm sorry.

Me: Mxm save it.

I cut the call the nerve of this woman is just beyond me.

Mom: So she is asking about me?

Me: Yes mom she was.

I saw mom and Esonas mom exchange looks I paid no mind to that.

.

Esona: Dude I need to get laid which car were you driving?

Me: I was driving the Porsche.

Him: Lets go and gather some hoes and get laid.

We laughed and shook hands .

Me: mom can we go out for a drive we will be back

Her: Sure boy but drive safely and know that's your mothers car .

Me: Okay mom.

We left them to their gossip or whatever it is they were talking about.

Snazo was in the kitchen after Luvo left her confused, Lihle came out of the room wearing close to nothing and went to the kitchen to make herself

something to eat.

Lihle: Morning.

Snazo: Hi, and who are you?

Lihle: I'm Lihle and you must be the famous Mrs Gabada.

Snazo: Sisi I'm not gonna ask you one by one just tell me who you are and what you doing in my house.

Lihle: :) you can ask your husband that.

And with that she took her coffee and went back to the room leaving Snazo once again dumbfounded.

.

Xolani was with Limise, he was feeding Luxolo while her wife made them breakfast.

His phone started ringing and it was an unknown number :o Limise looked at him.

Limise: Ain't you gonna answer it?

X: They'll call back baby so where were we boy?

It rang again. Limise grew irritated.

X : Ja talk to me.

Voice: For a man with a target on his back you sure are confident.

X: Who are you?

Voice: I'm a shadow and I'm coming for that territory of yours you can tell your boss that.

Then the call ended.

Limise: Who was that and no lies Xolani?

X: That was ...

when he was about to continue a knock came through the door.

X: I'll go check who it is.

Limise okay be careful. X went to check and it was the Mabijas. Good timing Zen he thought, he opened the gate and let them in.

They came in and exchanged hugs and greetings.

The girls went into the kitchen and Liyema was kinda limping when walking. The boys were left in the sitting room waiting for breakfast.

Limise: You looking good girl, you are glowing.

Liyema: Thank you mfazi you also look gorgeous.

Esona: Bruh you know our parents are gangsters

Lee: come eat baby

Khazi: Hayi! Mama!!!

Lee: Oh Lord help me, Khazi she is at work baby come you'll wake your brother

Lee: It's okay sweetheart mama is coming back

Khazi: Mama?

She didn't smile just stood there hands in the pocket and stared at me. She was wearing a black jean, tight black T-shirt which showed her fitness, black Timberlands and black beanie. She had dreadlocks too, she also had tattoos on her arms.

.

.

Me: My father didn't tell me about identical twin

Kay: Oh whatever, Boss(Alex) what's the plan? We kill them right

X: You will kill your own blood? Someone you were in a womb with for nine months?

Kay: I don't know her, she is nothing to me

X: She is your sister, the other you. Look at you guys I won't even tell who is who

Kay: Shut the fuck up!

.

.

I sat there defeated, why didn't my parents tell me about this? A twin? Not just a twin an identical twin, that's why Liyema gave birth to twins.

.

.

Alex: Kay come down, sit down

Kay: NO!

.

Hee lithwasa eli! She is worse than me, she is evil. No smile except for a disgust look she always give someone.

.

.

Kay: They betrayed you boss, they killed your wife

Alex: I know, Zende I have a proposal for you

Me: Yes?

Alex: I want the both of you to fake death and leave the country tonight

Me: Never!

Kay: Then you'll die

Me: Shut the fuck up ain't talking to you

Kay: No you shut up!

.

.

I was boiling with anger, what the fuck did Alex feed my sister? Lies! He filled her head with lies and

made her hate me and I'm sure she hates our parents. As for faking my death I won't do that shit, I can't imagine my wife going through hard time with the twins, Lu and Lisa giving her a hard time with my mother on top. No I ain't faking the damn death I will fight Alex.

.

Kay took out her gun and pointed it on me I chuckled, well that's how I am pissed of have anger ndiyaphola va, I took mine out and pointed it to her, I didn't care about blood now, she hates me so why do I have to love her? Alex laughed and clapped his hands, I'm sure this was part of his plan, my twin killing me instead.

.

Alex: Leave the country Zende

Me: I.said.never!!

Kay: You're think you're tough huh?

Me: I run PE ndoda, you're not getting it

Kay: Then your ugly face will be six feet under

.

.

Zen: X I'm fine go help the crew

X: I can't leave you here you've been shot

Zen: No X go there and help I'll be fine it's just the arm but the vest is still here

X: your twin is skilled damn, we are all dying today.

Zen took X's forehead and placed it to hers and

smiled

Zen: bruh yam

X: Let's do this

X took off his socks and tied Zen's wound to stop the bleeding, because of the herbs they chewed Zen didn't feel any pain.

Alex and Kay were hiding fixing their guns

Kay: Damn it I shot her arm, I wanted the heart

Alex: Look you will try and escape here and find her when she is alone shoot her on the head then I will bomb this place, after that we will go back to Nigeria

Kay: ye..yes, but I thought-

Alex: NO! you're not staying here, remember your parents didn't want you they chose her over you. You grew up poor while she was living the life in that palace, I took you in they were never there

Kay: I hate them

.

Alex smiled and hand her a gun fully loaded.

Alex: I want her dead

Sizwe's death had been nothing but pain that one couldn't explain. Miranda was not coping at all, even the child would say "dada" every now and then causing Miranda to burst into tears. Luvo was also a mess he was in deep pain that he started becoming an alcoholic always drinking his sorrows away.

Sizwe's parents didn't take the news well , his mother suffered from heart attack but she was stable. Zen never saw Kay again and at that moment she didn't care, she just lost his brother it was a hard time for her too..

.

.

.

Funeral day came :(Miranda was worse, not eating, not talking. She just sat on that matrass holding Sizwe's chain. Liyema was with her pulling her hair,

the other girls in the kitchen cooking, the boys busy outside.. Miranda sat there thinking she was a widow at the age of 24 with a fatherless baby.

.

.

Miranda: I'm not even 30 Liyema

Lee: Shh it's okay, we can't question God he knows what he is doing.

Miranda: by taking my husband? Why did he give me Sizwe kodwa uzomthatha?

Lee: I failed you Miranda I should have saved him

Miranda: Stop blaming yourself Liyema

Lee: I feel like a failure

Mira: You're so ugly right you know

Lee: hahaha very funny

Mira giggled still holding her husband's chain.
