Clara ran off after she said this I knew it was pointless chasing after her cos right now she really needs to be alone.

I looked around the road for a while then I walked into my car.where ever she went to I am sure she will come back.

Clara had been in love with me all this while , why didn't she say anything and I had been the biggest fool why didn't I notice all of this

I drove off in a high speed and headed straight home ...

Claras p.o.v

I opened my purse and saw the card that woman gave me before ...back In the drug administration department.

I traced the address and took a cab to her house after all its useless I can't possibly go back to Ryan. I can't leave with Ryan again.

I am just too embarrassed.

the driver took off he was really fast soon I arrived at the street I followed the address to her house

I knocked and she opened up.

" hy I was wondering if you still need a nurse for your baby

" oh Clara I already Got someone infact she took the baby out .

" oh ok ", i replied and walked away.

what do I do now . its already getting dark . I walked out to the streets its pretty exactly the same place I and sir Ryan sat that day .

I sat on the floor quietly and folded my legs together ... sir Ryan what do I do now I told you how I feel about you .

I wrapped my hands round my leg and sat there quietly I don't know what's next.

finally the tracker stopped working I drove down and there she sat quietly on the road near the food seller.

must Clara always be a character.

she helped the woman organise her plate and the woman's kids played around with her .

I watched her quietly then I finally walked out of the car.

Clara p.o.v

oh it's sir Ryan what is he doing Here ..I separated myself from the kids whom their mum was selling near by ..

I stood up and he walked down to me.

yes that's my name , i am Anna's Maid for today.I went to get her somethings while she bathed I opened the door and walked into her room... sometimes I forget Anna's house is a hospital.it's really pretty.makes me think of being in coma ...she was done bathing I watched her carefully from behind... she must be really fashionable she has a tattoo behind her waist... she applied her cream.... she wore a silver chain on her waist and only a red pant her figure is really drop dead gorgeous.her hair fell below her butt she just packed it up.

she finally spoke up.I didn't know she saw me

" are u going to keep checking me out.

" madam you are too hot ",i gave her a thumb up.

she smiled and wore her shorts.then she wore a white tight singlet braless.her br**st is pretty compared to mine I hardly go braless.her boyfriend must be really lucky.she walked down and picked her phone she smiled.I dropped the stuffs on 'the cupboard.and walked behind her.

" check out this couch", Anna said

" it's pretty

" my fiancee, I want to change our house's decoration that's the new couch and this will be our new room paint and design.

" it's really classy madam

" is it ", she dropped her phone just then someone walked in it was her friend maybel.I walked out and maybel sat down

" Ryan must really miss you , he has not held you for two years.

I wrapped my hands round my body "thats true ...

" Ryan really loves you some other guy would have just been fooling around e.g. Nathan.

yes that's her boyfriend he cheated deeply

"I love Ryan too,he is the best thing that happened to me .but Ryan is changing, he is distant recently I feel him in my heart, ryan knows about that affair with Tony May.

" omg how did he find out .

" I dunno but I miss Ryan... whenever a partner misses a partner so much then something is not right

" which nurse did Ryan travel with

" Clara is not an issue may, i trust her

" don't trust any woman with Ryan ,he is every woman's dream, he has it all, your boyfriend is too hot and seductively handsome.... think about it .what if Clara gets a crush on him and tries seducing him .won't he fall after all, he has desires too and ...here you are.

could maybel be right.

" maybel that's not true

" anna you need to visit Ryan , u guys deserve a one week vacation just the two of youthis work your doing shouldn't be your priority.ryan is ,two years is not two days

" you are right , i will look into it

" you should.

minutes later Mabel left.

breakfast was fun ...thank God we took the day out.right now am in the shower sir ryan is reading at the study .I dried my body and wore my white pant ..I love this pant ,my favourite.it has a pocket where I Always hid my mother's Money.

I hanged my towel , seems i forgot the bra in my room ..I always likes wearing them both in the bathroom all becuse of Tyler the room sneaker.u never know when he is on your bed.

I walked out while drying my hair with the hand towel and there lay ryan ,jesus!! , wait sir ryan is on my bed . what!!

he turned to look at me I instantly wrapped both hands on my chest and turned my back ..

I heard him chuckle.arhhhh am too shy.I ran into the shower and locked the door.

Ryan's p.o.v

" arrrgh what a crazy girl ,did she just run away....fine i will still wait lets see who gets tired first.....

after few minutes I knocked on the door

" miss , come out pls

" no did you see my br**st

" no I didn't ,I swear.

but truthfully I did , beautiful.

" what about my pant

" no what is the colour ?.

She chuckled happily

" I am shy...

I smiled

" should I hand you a cloth.

" yes

" ok.

I went to her wardrobe and saw my favourite female singlet... it's hot ... it's best worn braless and

the hand lies through the neck .the colour was black so I picked her white short to match. this outfit will totally flatter her figure.I handed the cloth to her.
she brought out her hand.

" hey , are we clubbing

" no ... pls just wear that

" um give me the white bra

"no don't wear a bra

"what

" pls

" really

" yes

" ok 1 mimute.

Clara p.o.v

I wore the singlet , Diana bought it.

I don't really dress this hot.

Ryan is right she doesn't wear it with a bra cos it has no hand ...it's pretty ...made my br**st seductive and hot sides of my br**st were visible from the sides so I pulled it up. arhhhh he is gonna see my ni**ple.I careful packed my hair behind me and wore the short ... jeez its too short sides of my butt is visible ...ahhh must I looks this hot.

I opened the door and walked out ... am still shy .he was using his phone he just lifted his face and saw me .he looked down my shoulders then my tummy which the singlet didn't cover well ..

he smiled

" you look pretty.

" really

" yes

I smiled as he dragged me down to the bed . I sat down and he switched on the t.v.I smiled as I sat between his legs.

" let's Watch a movie ",he said.

I smiled and he played the movie.it feels sweet.he slipped his fingers into my tummy from behind and just left it there with the remote.. just below my br**st. feels tingly cos he is touching my br**st unconsciously and its sweet ..

" I fell fully into his shoulders and turned my face to kissed his lips .he smiled against my lips and deepened the kiss ..I tightened my grip that was when he raised his fingers from under my br**st

and gently caressed my breasts making the kiss more delicious....

he gently turned me over on the bed and feathered his lips down my ear to my lips...he kissed my nose and then kissed my lips deeply our tongues met again.

Ryan held me with so much passion .

I felt his lips pressing into mine and his fingers wondering round my body .I just held him tight ..I embraced his sweet touch and kisses . he kissed my neck deliciously down to my shoulder blades I smiled as I felt his fingers all over my breasts, his tongue came down my neck so sweet.I pulled out his singlet I just want to feel him all over me as he kissed me deeply ,his chest was pressing on my breast so sweet. he licked me down the hollow of my throat I smiled deliciously this feels sweet I feel so needy of him. the need intensified as he ran his fingers from my leg down my thigh.sir Ryan explored every part of my body in a hot steam. bringing out all the desires I buried he pressed his lips into mine again..I don't want him to stop kissing me. I opened up and let his tongue slide in... I used my sparkling eye to tell him what I wanted.... yes I want him to make love to me..... Diana can as well go to hell now. I lifted my singlet up and dropped it on the bed side ... I really need him. he ran his eye down my shoulders with pleasure and desire. I smiled and dragged him down into my arms .he gently licked my Neck..now I felt my nipple rubbing on his chest .. sweeter. i felt his tongue coming Down below me from my neck bone making me burst with desire but he suddenly stopped. he looked at my face for a while he doesn't understand how much I need him, why did he stop.

even my lips, my eye, my nose, even the way I moved my lips towards his was all filled with need ,I couldn't resist it ..

my eye is enough to weaken his defense.. he should make love to me already before I burst with need he moved into my body and kissed my lips slowly then he unlocked , I chased after his lips to kiss him but he moved back gently and spoke.

" Diana is right Clara, he lifted the blanket to my chest and tried moving up .. I still dragged him down to me I want to look into his eyes while he speaks..

he came so close just like I wanted him, i was breathing halfly fumbling with desire ... I looked into his lips with my innocent hands across his face and hair need almost made me cry he spoke into my lips which were desperately moving close to his .

" Clara you are beautiful and your first night should be beautiful too. I read your diary ..I know you are scared of entangling with the wrong person but why are you so sure of me?, what if I am that wrong person".....

I ran my eye on his lips and his face and tears streamed down my eye ..I love him so much it makes me cry.. my lips were still desperate over his.

" Clara I want to be the person u deserve , i want your first night to be beautiful with a man that is truly yours,someone who doesn't hear I love you over the phone ,someone who has severed all ties, someone you can claim anywhere...that's who I want to be before I take your virginity away from you . so just give me time and pls continue being my half girlfriend.

I moved his hair back with my fingers and looked into his eye he nodded gently and finally kissed my shivering lips making me melt beneath him...Ryan is my destiny....

I hugged him tight and he gently placed his head on my chest.I touched his hair playfully.... it was all sweet ..the way Ryan explored my body today...it was really sweet I need him to do it every day.I brushed my fingers down into his back and touched his butt smiling .I heard him chuckle my boyfriend.

Anna's p.o.v

maybel already left , everything she said is true.tony walked in ,he locked the door behind him and sat beside me on the bed,he touched my hands.

" anna am traveling , am glad you are strong.

" really were to

" I got a contract in an outside hospital..I will also learn more.

" congrats

" you look beautiful

I touched my newly stretched hair and smiled

" thank you I said .he smiled and carressed my hands with desire as he drew closer to my lips ...and boom he kissed me. while brushing his hands behind my hair... I kissed him too I don't even know why....Tony deepened the kiss and our tongues met ..sending back some memories to me. I remembered my call with Ryan and gently withdrew.

he smiled...

" I will get going", he stood up I took his hands and rolled my eye up at him.

" be careful and safe Tony

" I will ...bye

I nodded and Tony walked out.

I blacked out my mind fully ...I will not think about what happened today...

Claras p.o.v

I already dressed up and I and sir ryan rushed into the yard.

he said he wants to take me out I really wonder where too.we entered the car and soon we arrived at a five star restaurant but it was empty.

it was so colourful, i sat facing him and some men came to us and played the guitar and other instrument..they didn't have to say any words only that sound melted my heart.

" Clara I love you , i really do .I don't know what you may think of me but the only reality I know is that I love you .Clara I know that this is wrong .. I am still dating Anna ..I really want to just to be just normal friends until I break up with Anna but I can't ...I miss you so much.I want to hold you when I want .

I want to taste your lips each time I can't say the words I love you.I want to feel your body against mine and I want you with me so badly that I might die so pleaseyou might feel insultedbut bear with me and don't ever leave

I smiled

" saran`heyo oppa!!!", i said

(i love you too)

he smiled.

I leaned closer and our lips met .

"Ryan I don't care who calls you on phone, I don't care the words she can say, all i care about is that i love you and you love me too.Ryan if this is a crime ...let's die for it together.

he smiled I just love him so much.my Angel.

Methron Linda's p.o.v

even a blind man doesn't need someone to tell him that Anna is back.everything has changed around here.

just then all the nurses started finding their way i dragged diana closer .

" why the rush?

" anna is coming down.

omg , Diana already rushed out..Anna walked out , she's back , her aura so strong and powerful , the guards circling her like Gold...her dress code awesome..the hospital was so busy .

she walked past me and came back she looked through the window of the methrons office and walked to me.

" who is Mrs David .

" she is a methron, she was once your nurse when you were deeply in coma .

" March 6th.was the last time I saw that chair empty .it's been 6 months.

" actually madam she took a leave.

Anna turned to her assistant.

" a.g.h.c Is not a play ground, Mrs whatever whatever, strip her of her duties as nurse , she Wont get any kind of remuneration not even one dollar.she should not be seen around a.g.h.c again.

" yes madam , her assistant replied.

she walked out her guards walked into the office and cleared out all ...

oh no Mrs David is going to feel so bad she already called me and told me she wants to start work i called her on phone.

*Ryan's p.o.v *

I can't believeam cheating, i never did it before , i never fell so deeply for another girl before , she makes me whole ,Clara Is just all I want.

I watched her eat smiling....she was too shy to let me feed her. and the way she offered herself to me todayClara really loves me so much.I don't know how but I want to deserve this love.but Anna ,Anna was once my destiny... Anna saved me and made me the man Clara met.Anna is not a woman I can break up with on phone I would have done it since. I still respect her so much but I only love and desire clara

I love being with her.

I love talking to her

I love touching her

I love her innocence

I love her craziness

I love her smile

I love her body

I love everything about Clara

I love the way she love's me.

but there are too many obstacles to this love another is dad....how will he feel if I break off the merger

I wanna end that partnership before Anna's strengthens it cos if she is stronger now she will strengthen the merger and r.d will start taking resources from a.g.h.c .once that happens then there is no going back..

I will have to marry Anna even if I don't love her.

soon we where done eating.

" sir Ryan,better always be mine you dont know how long I waited for you

I smiled

" clara I Will always come for you , i swear..

she smiled and the table was cleared out

I carried her into my arms up the stairs .. I brought her down and we both looked into the streets. she hugged me tightly and just stayed in my armswhere she belongs .

Diana's p.o.v

oh no Anna just sacked Claras mum,
i warned Clara Anna is not a person to joke with or annoy the girl is too strict for her age. what will Mrs David do now.there rents are out.just then I saw Mrs David rushing into the hospital

" good day madam

" Diana I need to meet Anna , where is she

" she's in the 5th floor

" her office

" yes .

"ok

" but u shouldn't meet Anna , u should meet the manager.

" no it has to be Anna.

" Anna just removed u cos she notified your a absense, normally she has no work in the hospital,she is just a board member and a member of the group.

" I know but she has the power to undo what she did

" ok goodluck.

i watched her walk upstairs.

God Anna must never find out about Clara and Ryan , only a snap of fingers can ruin Clara forever.

Mrs David p.o.v

Clara warned me about my laziness,

i didn't listen ,right now I need money so much and I have been fired.

the rent is out , the lights are out and even the store is out.now my husbands shop rent is dropping too.

i ran into her office. i met her Secretary who let me in.she was on phone with both legs on her table.

she is back indeed ,her long red finger nails played on her files on the table.she rotated round in her chair and when she saw me she stopped tuning round .

she dropped the call.

" what the ... who the hell are you ?

" actually madam I am the nurse u dropped , i am ready to concentrate on my work

" Mrs , if all the methrons in a.g.h.c acted like you do , do u think this hospital will still be the best.

" no but

" get out.

she picked her phone and walked past me.yes ,did I forget who she is ,strict to the core , she never goes down on her principles.

Diana's p.o.v

i watched Anna come down ,i bowed and she walked past me with her guards.then Claras mum came out wearing a long face.too bad

she couldn't even talk she just walked out..she must feel bad she has been working here for long....

just then I heard Anna push daniellas door open. wow I need to watch some action i ran into the

next room and peeped from the window.

Anna picked all the files on her table and looked at them one by one then she pushed them all the floor.

daniella stood up

" Anna!!!

" get out ,u have been stripped of your position as director in the hospital.you will only continue being a share holder.

" Anna!!!

" 20 files to sign?, get out!!!

Anna pushed down everything including her laptop.

" I will tell dad Anna , i Wil tell dad

" who's dad ,mine?better go ask that bitchy mum of yours who your real father is.you have 30 minutes.

Anna walked out ...omg Anna is really set on Changing everything around here.am scared.

Daniella carefully organised her stuffs ,just then the new director badges in.

"get out", she shouted.

omg I need to gist clara.

claras p.o.v

i already came home with Ryan . i bathed hastily and wrapped my towel round my chest ..i looked up and saw him looking at me from the window.i smiled and wore my night gown.i rushed up to his room but he was now on his bed.i lay on him facing upward and he folded his kneel letting me balance... just then my phone rang

" hey Diana

" Clara you mum is sad

I removed Ryan's hands from my chest and stood up

" what

" your mum tried coming back to work as usual but Anna fired her completely.

my heart beat heated.no this is going to make my mum start thinking and thinking makes her ill.i dropped the call and sat backing ryan he hugged me from behind

" tell me what happened so I can solve it for you.

" do u think Anna knows of us, she fired my mum

"she doesn't know, your mum must have wronged her ...that's her nature.i will call Anna or should I employ your mum in my own hospital.

" my mum loves a.g h.c

"then I will call Anna .

he lay back on the pillow and I lay facing him .he placed the call and put it on speaker i smiled with my hands playing on his hair.

" my love am kinda busy now,

" doing what?

" I want to schedule a big board meeting, as big as the last one ..both a.g.h.c and r.d

" Anna why

" you will find out and I love you.

he chuckled and I frowned

" Anna you fired clara's mum.. did u know

" what!!, how, who is she?

i whispered "Mrs David's" into Ryan's lips and he smiled

" Mrs David.

" omg, is that her mum, am really sorry tell her am sorry I will reinstate and promote her right away.

" ok thanks.

i kissed him out of gladness while he waited for Anna's response.

" so Ryan when are u coming back , how many weeks are still remaining?.

i unlocked from the kiss letting him talk

" ummmmm maybe four, don't worry I will be back before you notice it.

i kissed him again and he deepened the kiss .

" ok ...i tried cutting the journey short but I heard you had a lot of patients .so am letting u stay fully.

i unlocked from the kiss silently

" thanks... are u strong now

" yes totally.

"ok.

he dropped the call and brushed his finger behind my shoulders pulling me into another sweet kiss.i smiled against his lips

" problem solved ", he said into my lips.

i smiled and looked at his face with desire while moving closer to kiss him again he kissed my lips slowly and beautifully and brushed his fingers to my butt.i chuckled into his lips ... and gently licked his neck smiling.he wrapped his arms around me.

i never thought my first relationship will be secret and hidden.i lay on his chest. i can't wait for you my love to break up with Anna..... Anna might hate me but I love Ryan that's enough. i held him tighter and balanced myself on him while folding my legs unto him too. what did I do to deserve this beautiful man.

" Clara lets make a baby

" what

" that way no one can separate us

I smiled

" oopa are sure

" yes

" ok hes name will be pumpkin.I said

" why not pop corn?",he replied

we both laughed.

i can't believe am finally jobless. i lost it all..Clara warned me about my laziness

i looked out for a while and tried walking in when a black car pulled over.men in thick suits ran out and opened the door just then Anna walked out .she tucked her hair behind her ear and looked up at me... she gently bowed her head I smiled ...did Anna just bow to me...i am shocked,

she walked in from the other side and met me

" good day madam Anna

" oh am sorry , i personally came to tell you to resume work.

" really?

she nodded and sat bedside me

" I didn't know you were my sisters mother.

" who

" Clara , i love her so much.

Anna smiled and moved her hair.

" for the first time in two years I got a friend who cared so much for me , she spoke to me even though I didn't reply.she promised to protect me and she did. she saved my life . and I am still thinking of a way to pay Clara back.

she really likes Clara

"thank you Anna

" good day .. ma... Anna

i dropped the call , finally ..i am so happy for her.
i looked into the road and my driver took off.

what am I doing, i fell back into sir Ryan on the couch, Anna doesn't deserve this from me.... what
am I really doing.
i felt him touch my hair.i looked up at him

" Clara, should we stop ,
i wiped my tears
" I don't want to loose you .
" but Clara you are feeling too guilty.

i kissed his lips and hugged him tight... I kissed his neck tightly .

i just want him , must it be wrong.

Mrs tonias p.o.v

everything is falling apart.Anna is back and now someone somewhere knows that Isabella is alive
as well as where she is.i already sent my goons to track him down , i wonder if he is dead yet .

my husband was done signing some files in his office he walked down meanwhile the maids
cleared out Anna's room ..she is finally returning.

daniella rushed into her father who was just coming down

"dad Anna fired me.
" why
" dad why is Anna always insulting me
" daniella you will be given work in our other hospital.
" is that what u can say ,i need my formal position back.

just then Anna walked in her father hugged her.she smiled

" home sweet home...

she looked around and walked upstairs to her room or should I say her paradise what Anastasia's dad built up there can't be described daniella angrily rushed into her car. Anna's father walked into her room

sir Alexandra p.o.v

I wonder why Anna hates daniella so much. I walked towards her .she was removing her cloths. she wore her white pant and bra... i don't know why Anna grew to be so cold... sometimes I pity her.

" Anna

" dad, she hugged me with tears in her eyes , my jewel.

" Dad am so glad,finally am strong

" it's all thanks to nuella

" no Clara

" the same Clara who helped me

" yes dad.. it was Clara

" that nurse must be a born Angel.

" yes dad , she is .

" Anna I will reinstate daniella

" if you do that i will leave.A.G.H.C belongs to me and I don't want her or her mother there. I will only hand over A.G.H.C to Isabella.I don't want them there so they won't be able to claim it and steal it too.

" Anna why don't you trust them.they are family .why do you hate daniella so much?

" dad you don't know what Daniella did to me , i cant tell you cos you won't believe me without proof. I will get proof ...daniella is my worst enemy both her and her mother.when I was growing you begged me to Carry her along, you begged me to share my toys , i accepted Ella as my sister...I didn't know Ella was dating Ryan If I did I wouldn't have dated Ryan...but Ella just because of a man "... she wiped her tears.."it pains me because I loved Ella like a sister but Ella only saw me as a rival... so am going to show Ella what a rival does... and I Will still give you proof of everything dad ..I will prove to you everything, everything Ella did .

she wrapped her towel round her chest and rushed into the shower. Anna is so pained but Ella is just a kid , she is too little to do any of the things Anna is claiming. what do I do.what does a dad do now...I walked out of her room

Anna's p.o.v

I wiped my tears , it pains me that Daniela tried to kill me.it pains me so much.it hurts cos I really

loved her very much.and all because of Ryan...I shared everything with her , i was open like a sister ... she knew my personal life like I did... each time I dated someone I told her , when I lost my virginity she knew .but she never shared ..she didn't tell me any of her personal problems...I didn't know she dated Ryan....I hated her mum but I liked her.now I hate her so much and I will prove who she is to dad..I hastened my bath and dressed up...I wore my night gown.. I applied my cream...I have so much desires right now , its been two years..I miss Ryan but work comes first ...setting everything right comes first.... this board meeting will kill daniella inside .
I fell on my bed and remembered Clara , her sleeping beauty indeed.just then my phone rang ,it was luscious.my real assistant outside work.I really miss nurse del .I trust her more than anybody in that hospital.just her and Jake I can give my life for ..I really trust them both.

I picked my calls

" tell me

" Anna the search for your mum keeps getting hard

" you can never give up , you must find mum please

we headed for surgery everything was already set.sir Ryan sent everybody out and we completed the surgery while kissing each other secretly and laughing happily.being with you is fun. why didnt I meet you before Anna.

soon surgery was a success.

we both strolled out , he loves smiling gently while dragging my hands

we walked past the drug admin dept and the crowd was much ...we decided to help Louisa and doctor Manuel.

we both rushed in and faced the crowd from the other side.

two young kids walked in.so fat and plumpy.sir Ryan grabbed the girl and i grabbed the boy we both hugged them.

" aunt

" uncle

they kids shouted we laughed

" how may the clinic help you.?", Ryan asked

" my brother has tummy pains

" really , let's see

sir Ryan opened his fat belly and caressed his fat tummy I laughed.

" what did he eat?

the girl looked around

" sorry he ate the delayed bread my mum told me throw away.

sir ryan laughed

" it's ok.

I pulled the rack close and he handed the girl some drugs she and her brother left.

" Clara did you see that kids tummy

" yes so heavy

we both laughed

just then a teenage girl walked in.

" hy

" hy, how may we help?", Ryan asked

she scratched her hair

" I am pregnant doctor and my friend said you removed hers so I need your help, my mum can't find out.

what ,what, whaaaat

" how old are you ?", sir Ryan asked

" well am 17

" how old was your friend?

" 18 .

she looks big for her age.

" Ok what's your name?", Ryan asked

" del

" ok del, we will schedule your appointment by 10 tomorrow...

" k

" thanks

she left.I can't even believe Ryan.

" hey!!

" mm

" u do abortions

" is it wrong ... I am a doctor..she's obviously in pain

" then why have sex in the first place?

" seriously Clara , why did you pull up your singlet in the room

I smiled shyly

" I wanted you

he smiled.

" I guess she wanted him

" Ryan she is 17 and am 21..when I was 17 even my shoe was a virgin

sir ryan smiled

" crazy

" so don't do it.

" the termination

I nodded

" fine you win ...I will inform Manuel of her surgery are you happy now

" I love you.

I almost kissed him then I looked around and withdrew .

he smiled

yash's p.o.v

I am Mrs tonias driver...I really wondered why she allows me to drive her around but whenever she goes out on Saturday or Friday she doesn't let me drive her and she always followed the same route.

now the truth is out...She was the one that trapped Isabella..I am no longer safe this truth I know is very heavy and it is indeed bigger than me

I need to tell Anna the truth but how do I meet her.

Season 2(Chapter 51)

(Star-queen)

but if I am not able to meet Anna I should write this down
yes I should write this down, where do I write this down.I looked through the room until I saw my old journal of last four years. I better not use my recent journal for safety purposes..
I picked my journal and looked through it ...I searched carefully for an empty space.

Anna's p.o.v

I was awoken by coffee which my mother's favourite maid served.

I woke up and wrapped my blanket over me I feel cold.

" thank you, exactly what I needed.

" you are welcome

" madam I need to tell you something about your mother

" what is it

" your mom didn't leave you just like that...Mrs issabella didn't leave In sane mind she was actually acting very weird.

"really

"yes,she was halfway Insane... your dad had to lock her up.

" how come dad didn't tell me

" I dont know and I don't also know how she left...I am surprised because she was heavily

guarded.

"how did her sickness start

" it's shocking because it just started out of the blue.

" thanks.

" I will be leaving

she walked out ..

I can't really believe all this...why didn't father tell me.this means we need to further our search to psychiatric houses who knows someone might have found her.

I rushed into my shower.

Mrs tonias p.o.v

Anna keeps making things tough I can't believe she fired Ella... Anyways she will soon cry out blood.no need exchanging words with her,I know exactly what to do.

I placed a call to my agent

" hello are you done .

"no am still meeting major lawyer's...soon all the files and info concerning all documents will be merged into one .then all issabella has to do is to sign it.

" ok you are taking too much time,I am tired of seeing issabella alive.

" it's all good,everything Is under full control but what about Anna

" why

" Anastasia is a true Grande by birth..you are not even a legal wife and we both know that daniella is not Mr Grandes child .even if Isabella signs away all her rights and all annas right to you ..the court and the board even citizens won't fall easily to you...they will start investigating and asking questions...and they may find out the truth but if Anna is dead or seriously ill,....

" they will have no choice but to plead in my favour ,I can easily disguise that am helping Anna out.

" true, now you understand

" I don't know how the future will be but I know for sure that there is no possibility of hurting Anastasia now...her security Is mind blowing.

" untill the files are ready . I hope you also have plans on how to shut Alexandra up.

" I did but one stupid nurse ruined everything ...now I have to finds another way to kill him.

" better do...so by then , after Isabella assigns her shares to you...the death of your husband will

also push his own shares to you too....in the disposition of Anna ,making you the only heir of Alexandra Grandes wealth worldwide.

I smiled this is what I like to hear.

" so have you found the boy.

" no not yet but Anna wants to hold a big board meeting ,do well to not miss it.

" I won't .

" good,tell Ella to cool down..everything will fall to place...very soon she is going to have it all.even everything that Anna has

" ok

" good bye

" ok.

I dropped the call.yes, even everything Anna has.

Ryan's p.o.v

am tired of watching Clara from my window.she's so pretty and she's braiding her hair..... clara feels so guilty nowadays its sliming her down but when i offered we break up and take things slow she was still crying. she really loves me very much . i wonder if she doesn't miss me, she should be up here by now

" hey girlfriend.

she waved her little hands at me

" why are you making me miss you

" wait , am coming.... I will just

she tied the red ribbon on the two braids and rushed up ,she looks like a toy.

she came up and I took a step closer and hugged her. she smiled and looked down

I sat on the bed and helped her sit

" sir ryan , do you think Anna will forgive me

" for what.

" for you... for loving you

" Clara

" don't worry I already know the answer.I just wish you were someone else not someone who belongs to Anna cos I really love you very much...

" Clara its ok.everything will fall into place with time.

she nodded and smiled out tears...is all this paining her.

claras pov

I only have one wish.that Anna will forgive me.I am selfish when it comes to ryan maybe because I loved him alone for a while.I know i don't deserve happiness but I really want this one.I looked at him and more tears streamed down

" Clara

I wiped my tears and smiled.I raised my hands to his face and kissed his cheek.I really want to kiss his lips but I feel so guilty now... thinking about Anna's call.I kissed him there for a while till my tears dropped on him I wiped them

" bia`ne " (am sorry) I said wiping his shirt i stained.. he looked into my eyes

" Clara I hate it when u shed tears

I hastily wiped my tears I don't want him to hate me yet.he raised his hands to my eye and dried them out..

" Clara Its ok.we will do it your way.. " he moved closer and hugged

" clara why are you quiet suddenly.

" I just want to hear your heart beat.

he chuckled

" sir Ryan are you hungry

" Mrs Ryan do you want to cook

" yes I want to...let's go cook

" yes madam.

he carried me into the kitchen.

" sir ryan drop me on the floor

" no my princess doesn't step on the floor.

he placed me on the counter

I smiled and wiped my tears before he sees it.why do I keep tearing up... maybe I should try being a friend to sir ryan now.. kisses ,no romance ...just hugs like normal friends do.can I do that?. i cant break up with ryan it will kill me rather i will try my best to avoid these stuffs i can do it,fighting!!I looked in his face and he mixed everything for the sauce and turned on the fire he moved over to me and placed both hands on the side of the counter trapping me and just looked at my face as I kicked my legs about.

" sir Ryan can you cook

" yes ... do you want to taste... he deeped the spoon and fed me . tastes good I smiled . he presses his hands on both my hands on the counter and looked into my eyes again...

" what do you think..was it good?" he asked me. I nodded and he smiled at me I stupidly moved

over and tried kissing him again .. arrrgh why can't I control myself I gently tucked my hair behind my ear and tried withdrawing my lips he kissed my cheek.

" Clara Its ok.... I am willing to wait for all those conflicting thoughts in your mind to settle...I am still here and I love you and we are still a couple but it will be on your terms... I will be anything you want me to be.a friend,a lover,brother as long as you are happy.

its done lets go.he carried me down from the counter and we both walked down to the dinner with the food.

" I am so glad I gave you my first kiss sir Ryan..It was really valuable to me others saw it as nothing.

" am glad I was your first love too Clara.

" so Who was your first love sir Ryan

" well her name was kareena, Indian model.

" really Indian

"yes

" was she pretty

" not as pretty as you.

" after her

" it was kang hye

" kang hye unnie

" yes ,the actress

" wow amazing

" is it?

"yes so why did you two break up.

" well she got obsessive

" Me too, I don't want to see you with any other girl Ryan ... I feel like I will die

" u wont, it has to be u Clara

" promise

" yes I promise

" so after unnie was daniella

" yes Ella

" how did you meet

" well open street...she was a reckless driver she almost spoilt my car.I was so mad I came down to shout at her but it turned out she already collapsed she was unwell..that was how we met.

" what about Anna

" I told you she was sent to my house..by force .

" sir ryan do you live alone

" yes..I do..... uhm no I live with... Anna.

" can i live with you ..one day.. maybe?

" my house is already yours and when we return you will surely live with me

" just like Anna did?

" yes Just like Anna

I got happy in my heart.one day I might live with sir ryan

" am happy sir ryan...I will dish the meal sir

" no this cute boyfriend will do that" he said

" so tell me about you ...uhmmm who was your first crush " Ryan asked

" Ryan dervantes,25 years old world best surgeon, braniac and handsome.

" hahahahaha really

" I fell for you for a long time , the press pushed me to love you more.each time you came back..I really tried to see you but I never got the chance

" sorry

" I can't believe you are mine

" I swear I am.

" sir ryan I will go out tomorrow, I will visit Louisa..she's ill

" oh really.

" yes

"ok but do come back early I might die from missing you

" ahh I will

" ok

we ate fully and i retired to my room , watching time slip through shadows.I didn't kiss him I think I can control desires for now until he calls Anna but I really miss kissing him and falling into his chest and having him romance me."Jesus Clara what are you thinking of" I shouted and used my pillow to cover my face i saw him looking at me from his window.I smiled and waved at him.. I won't sleep with you tonight sir ryan you will surely break my defense...omg I miss him.I held my pillow tighter.he laughed as though he can hear me shout" desires stop!! inside my head.

NEXT DAY

ANNUAL BOARD MEETING ,GRANDE GROUP OF COMPANIES.

TONIAS P.O .V

oh finally Anna shows up and I thought she would never come.. I really want to know what this meeting is all about

Anna walked in, she looks quite expensive , her guards and assistant strolled down with her but the guards stopped at the main door leaving her with her assistant.the crowd is really much ,Mr and Mrs dervantes as well as all important persons are available .my husband had to come too I can't remember the last time he attended such after he handed over to Anna this means there must be some important issues to address.Anna arrived at her sit she sat down with so much pride then she said

" please procede.

the director of a.g.h.c stood up.

" since Anna has arrived we will move into the main reason why such a big meeting is held again over the years. .also ma'am Anastasia Grande gives a special welcome to all of you.

he sat down and Anna spoke into her Mic

" hello ladies and gentle-men .as well as representatives to active heads who couldn't make it.my name is Anastasia Alexandra Grande the first."she smiled ,her name really fills her head with joy.

" and I am the only heir of to one of the biggest hospital owned by grande group. ie) ANNASTASIA GRANDE'S HEALTH CENTER.(A.G.H.C.) this position balanced me with me 70 percent of shares in Grande group.this means that in this gathering I am God.

every one looked at each other and her father smiled gently.

" I Annastasis Alexandra Grande held this share holders meeting strictly involving dervantes groups share holders too . I wish to resolve an issue which has been a big blow to this great partnership between Grande and dervantes group.

" the file sitting in front of you is a list of un -accessible income and resources from within and outside both groups for a long period of time , aging from my coma arrest. as you can see its a long list. pls m.d read out some parts .

" March 34 procurement for drug from dervantes (access denied)

" April 4th ,procurement for Labour from a.g.h.c (r.d denied access)

" procurement for capital from dervantes (access denied)

" and so on.... madam.

he sat down

" thank you , so we all see clearly why this merger is not working.after my accident both groups stopped giving acces 2 works,Labour,capital,resources resultant to this ,dervantes group had to get an external investor ie) Liam king to invest in the new hospitals without reaching out to a.g.h.c for financial aid. mr dervantes can you tell me why..

Liam looked at Anna and smiled softly.he must be surprised at her strict nature

" well Anna , you stayed in coma for longer than usual and mind you this partnership was binded with marriage, so we had to reduce our transfer of resources so should in case you do not wake up ,the merger will easily be severed", Ryan's mother said.

" well Mrs dervantes you spoke well but after I awoke and started treatment monetary access was still denied especially in huge amounts.

" Anna your relationship with Ryan has not been legalized.we are just being carefull cos if one day both of you break up both groups will incure too much cost and the merger will cause a huge blood battle so I advice you to do this after your wedding my jewel ", Anna's dad said

" Anna my dear I already told your Dad that his fear is useless, Ryan loves you and he told me he would get married to you once he is back so what is our fear,let's stop this access denial..Mr dervantes said and his wife looked at him.

" honey be careful ,Ryan is a human being not a toy ..he has the possibility of falling in love again or getting fed up with Anna ", she said in low tunes to her husband

" Ryan can't be stupid enough to do that", Ryans dad replied.

Anna closed her file

" my relationship with ryan is secure , i also live with ryan as a fiancee.even through my years In coma Ryan waited for me and he was never caught or seen anywhere with a woman so this proves that we both love each other very much and our relationship is very much secure. .. so as the foremost heir of Grande group I hearby declare that from now hence fourth , both companies will have open access to both resources and capital with no hindrances.this merger will bloom into a strong partnership and we will all be one.

her assistant gave her the declaration file and she signed it.

" Anna if this will push through , we need a formalized documentation of your marriage to Ryan

which can be looked at during proceedings..we are all investors , we don't want to watch both companies go down or result to a blood battle", liam said.

" nice speech Liam, so today before you all and with full permission from Ryan I hereby formalize my union with Ryan we are now a couple before society and law the rest will follow when he returns.

the judge brought out the marriage certificate and signed it .

" since the fiancee is not here May his both parents sign in his stead", the lawyer said

Annas assistant passed her the file and she signed it.

now her marriage to ryan has become a bond that can never be broken .I watched Ella wipe her tears..she finally lost Ryan.

" father in -law and mother .please sign.... anna said
the file was moved around and Ryan's Dad signed as well as his mom.

" daddy please sign

" sure Anna , I hope Ryan is in line with this",.... my husband signed.. the lawyer took the certificate and signed it then he sealed it.

" from today Annastasia has become a legal wife to ryan dervantes.part of this agreement already took place before her coma arrest and Ryan signed it then so now that she is out.it has been completed and legalized . they are now a couple before society and the law the remaining rites will follow when Ryan returns.

I know my husbands fear,even if Ryan is not in support it won't make any difference,nothing can change this union and he doesn't want Anna to get married to a man who doesn't really love her but was forced into it.after the signing Anna stood up

" and today , I here forth formalize my marriage to ryan dervantes. now this merger has been strengthened once more ,there is a full documentation so if I or Ryan go contrary to what I did today by breaking off this marriage and leading to war, each share holder or investor has the right and privilege to sue us to court . and sue the company as well for repair of damages.I believe I was clear and understood....

"you were understood clearly Mrs Ryan dervantes., the crowd chanted and Anna smiled Mr dervantes smiled too.

am gong on a two days break oh.....fucking stressed out recently rewriting all this is making my days hard to cope with... I need to think before I start writting another story join together...

CLUMSY NURSE

Season 2(Chapter 53)

By chidinma jerry m

(Star-queen)

annastssia Alexandra Grande , she looked calm when she was in coma but she looks fierce,strict and scary in real life, I must say she's pretty ..she moved her hair with her hands and walked in fully.she wore a short skirt which flattered her figure. her skin proves she's really rich... is this the woman I want to drag a man with....I am happy and jealous at the same time, I am happy that Anna is strong but am jealous and scared.can ryan really choose me...I organised my night gown and looked at Ryan who held the plate in shock.... Anna dropped her bag on the couch and walked down to us smiling..even her smile is packaged.did she go to a school for carriage and poise?, She has so much aura and presence I bowed and she chuckled gently

" hy Clara , I always wanted to see you my dream came true", she said.I lifted my face and smiled " come here, thank you for everything.
she hugged me and I held her tight , am jealous but I can't hate her she is still my friend,my Angel, my sleeping beauty.

" Anna you didn't call", ryan said.

she ran towards him in a heavy heat almost crying then she hugged him tightly.I just remembered her days in coma am sure Ryan remembered that too cos he wrapped both arms around her and bent himself more comfortably into her arms with a plain face and his mouth pouted sweetly I can't even read his thoughts. after a while she desingaged from the hug and kissed his lips that was when he looked at me I looked away he let her kiss him for long minutes.she unlocked and pecked his lips play fully.all this is hurting me.

" Anna you didn't tell me

" i wanted to surprise you ,did I try ?

"uhmm.

she took the plate from ryan

" who gave my boyfriend work to do ", she said as she took his hands and they both walked out ...I thought she would walk past me but she took my hands too.we all walked into the living room

and sat down....I sat quietly apart from Ryan who still looked confused.

she sat with him on the couch

" I really missed you both so much,when is the trip ending" she asked looking into Ryan's face

" oh it will soon", Ryan said

" so Clara tell me about your boyfriend", she said and fell into Ryan's arms

what do I say ..I looked at Ryan and bowed gently

" arrrrgh she must be shy, so how are you guys enjoying the place" she spoke into Ryan's lips again... daniella is right she is possessive .

Ryan balanced his leg so she would stay comfortably in his arms without falling down. he lifted his hands to his face

" Anna it's fine the place is fun", Ryan said

" Clara must really be the quiet type

sir Ryan looked at me again and I forced my tears back ...I can't cry here.

" unnie I will check something In my room

" oh ok.

I rushed into my room where all my tears streamed out.I sat on the floor with my legs folded together.now I realize what I did...what If Ryan can't break up with Anna , what will I do... I saw them both walk into his room from my door.I wiped my tears but more streamed

Ryan's p.o.v

I am so confused ,breaking up with Anna is no longer an option I am tied to her even if I don't love her anymore.I and Anna walked into my room and she sat down.

" Anna about the merger

" Ryan what's wrong

" Anna why didn't you tell me

" Ryan, she held my face softly,.it was a surprise , she said and kissed me .. what's going on ,maybe I should follow mothers advice I should force myself to start loving Anna now that I still see her as a woman...She can't find out about Clara ..Anna hugged me tightly I looked down into claras room. I need to sacrifice the woman I love so much..I need to break up with clara , i have no choice i am married i cant keep her as a mistress but how do i break up with clara without hurting

her, how do I tell her I am married ... I think Clara deserves better than me, she deserves to go to the altar too and it's obvious I can't take her there .. I am being greedy loving her like this but how do I break up it hurts.... Anna rose up and moved her fingers behind her, I know she wants to remove her gown so I helped her zip it down .. she pulled it off and fell on me pulling me to the bed ... she placed her head on my chest..

" Anna bath you might catch a cold

" I want to but am too lazy, will you bath me please

I tapped her back

" bath

" arrrgh no

she hugged me tighter. this forced me to smile... I really missed her. minutes later she stood up and cat walked into the shower. I instantly rushed out. I ran into Clara's room and locked the door. it's time to end this, she turned and her eye was so red, was she crying?

" Clara

" Ryan tell me now, will you break up with Anna

" Clara wait I need to tell you something I pulled her into my arms

" tell me about Anna, will you break up or not " she fought away my touch... why is she so pained she's making it harder

" Clara I love you so much but

" but you can't leave Anna why?

" Clara wait, there is more

" Ryan it was painful, it hurts me when she's touching you just do it Ryan, tell her !" Clara fell weakly into my arms crying like a kid. you don't understand but it's worse than this.... I can't break up with Clara to her face oh God I love her so much I held her tight.

" Clara I want to break up with Anna too but not right now, Anna did something serious Clara and what she did just made everything hard

she didn't talk she ran off.

Clara is too innocent for all this, what am I doing to her she doesn't deserve this I ran upstairs back to Anna she was already dressed up she wore a black long transparent jacket. her black pant and bra were obviously visible. her waist and leg chain brightened her figure. she packed her hair and walked to me.

" Ryan your favourite t.v show is about to start lets go. she tried running out and I dragged her back

" what

I took both sides of the jacket and tied it together

" ok Let's go.

" Anna can you watch it here

" no I want to watch with Clara

" uhmmm why don't you dress up.

" I feel hot and there is no man here.

she tired rushing out again I moved her back and dragged her to my cupboard

" Anna am a doctor , we can have a visitor anytime.

I pulled off the jacket and handed her my shirt.she shakes her head in disagreement so pulled her over and slipped both her hands in .I button her up and folded the hands.

" can i go now...she rushed out even with my own remote.... I remember her days in coma am Glad she is strong now...I can't believe I fell deeply for Clara ... I can't believe am going to hurt Anna we really shared something beautiful but clara gave more meaning to my life I walked down behind her and she knocked on Claras door.

oh no ...Anna Clara is hurting..

claras p.o.v

is Ryan knocking again.I opened the door and it was Anna..she wore Ryan's shirt.it was thick white and kind off short..it flattered her wide hip. she smiled and dragged me out of my room.

" uhmmm is everything ok.

" Clara have you watched this show before

" no.

" you should, its hot...Ryan introduced me to it ever since then I don't miss it.

I looked at Ryan and nodded.I am so comfused I might run mad.Anna sat down woth a bowl corns which she placed on her lap...now she seems more like a girl when she first came she looked like she doesn't smile or play.I looked at Ryan and he picked a health record. Anna forcing a huge amount of pop corn into my mouth brought me back to present.

she laughed , so cute

" eat alot Clara

I nodded . I don't even know how to be angry with Anna .I just wish I never fell for ryan.

" look out thats the mystery Prince...he works with the guards too but no one knows its him...he is looking for a good maiden to marry so he is hiding his identity

" oh ok.

" Ryan I think something entered my nails ,it pains...since midnight.. ", she looked at him and formed a baby face..Ryan looked at me and I looked away he dropped the file.

" what where you doing Anna

" I dont know

" must you always be careless..you know you just came out of coma..here let me see the finger .she handed him her hand and he lifted her fingers into his eye..

" I think I see it..it's black.

" really

" yes wait.. he used his teeth and she smiled happily .. so much care ..I dried up my tears in a speed could Ryan still have something left for Anna..soon he was done

" there, be careful from now on

" yes sir .. Anna smiled and turned to me I instantly faced the t.v

" Clara ...

I gently bowed ..

"Clara stop being so formal...I am trying my best to be less formal although I am used to being formal.so if you keep being formal it would get difficult

" oh sorry

" what do you think of the story line

" it's awesome

she smiled and her phone rang she stood up and rose up to sir ryan on the couch..

does his body store network ... she slipped herself into his arms and picked her call while kissing his neck

" honey its Dad

" my dad

" yes

" speaker

" sure.

she kissed him deeply and he looked at me then withdrew .

" did you just withdraw from my kiss
" uhmmm so you can pick the call Anna .
she smiled and picked the call.

" Dad ,good afternoon.

what am I still doing here ,I get hurt every minute.did she drag me out to hurt me.

"Anna my dear.. am just leaving your house.I went to meet your Dad

" ok

" we just made a huge transfer for the new hospital in India... now this partnership is sweet all thanks to you.

" Dad!!, surprise surprise

" are you in my bedroom again

"arrrgd dad you never forget that day...I really had business to discuss that night.

Ryan's Dad chuckled..they must be so close.

" so what's the surprise

" am in Africa

" with your husband

" yes

" tell Ryan to make a baby

she laughed

" give my son the phone..

" no I won't

Ryan took the phone from her

" Dad

" are you ok

" yes

" things are moving fast our hospital in India has kicked off.all thanks to Anna

" yes Dad

"ok have fun

" ok.

Ryan dropped the call and Anna took her phone. she kissed him again ... did Mr dervan just say husband he must be kidding ... i looked at anna who lay comfortably on ryan .. Diana warned me..I wrapped my fingers round my leg innocently and breathed hardly while gulping and fumbling courage

" umm Anna I will bath ,I said

" ok bye but do you like the movie

I nodded

" ok

I rushed up into my room from where I still watched them from my window.... as she brushed her fingers behind his hair and Ryan kept looking up and down and sighing what do I do , what can i do... I wonder when Anna will leave.I rushed into my shower from where I fell into a deep sleep out of pain.... I feel pain too much.

hours later Anna came into my room

" come eat

i nodded and we both walked into the dinner.

" Ryan what do you think,you always said I can't cook.Anna said

" it's ...uhmmm. great

" oh ok

she added more to my plate

" eat a lot my love " Anna said to me I nodded.

Anna's pov

i and Ryan walked into the room he locked the door.

" I missed you so much Ryan .

he nodded and dropped his book..why is he avoiding my stare he fell on the bed and I rose on him... seductively running my legs from his thigh up.I kissed him deeply and after a while he withdrew

I feathered my lips down his neck

" Anna wait,.... infact I feel weak.

" ryan its been years, if you resist me In any way I will be forced to believe that you have been cheating.

he heaved a sigh and I unbuttoned his shirt.while kissing his lip deeply .he withdrew again and placed his hands on his face

" Anna one minute,I will use the shower,I feel hot

" ok " I lay back and he walked out.

Ryan's pov

I walked into the shower , mom is right Anna shouldn't suspect a thing and denying her sex will

just blow the cover. I can't hold Anna without breaking up with Clara first , maybe I should just try mums idea first.....there's no Point hurting clara.I can't repeat the same thing Anna did with Tony if I will hold Anna I should break off all ties with Clara I can't insult Clara. i called her on phone

" uhm hello..ryan", she said

" Clara lets break up..

" what

" Clara i really have no other choice.. there a lot of things going on and

" no,you want to make love to her, and you can't do it while dating me too right

" Clara that's not ...

" you couldn't break up with Anna over the phone but you can break up with me she sobbed again

" Clara wait, please.

" Ryan why are you hurting me... I don't know how to manage pain ..please don't leave me...

" Clara wait" my phone dropped into the hand wash , i placed both hands on the hand wash... this hurts..this really hurts. I don't have a choice maybe after this night with Anna i might rekindle what we had and maybe let clara go for good cos am married ,she doesn't even know . I don't deserve her love its pointless giving her false hope and holding her greedily I walked out

" what a fast bath ", Anna said as she rose up to me she kissed me again all over till I fell into her charms.. I am just emotionally weak right now. I unbuttoned the shirt she wore and I pulled it out... then I cuddled her deeply into my arms kissing her ...I unhooked her bra and lifted her inches high. I brushed my fingers through her back and and kissed her neck down to her cleavage she moaned out .i slipped out the p*nt and turned her over to the bed.... She kissed me deeply and deeped my fingers down below her herself then she whispered to my ears "tease"..I cant believe i forgot that's her favourite..I played my fingers down and she gasped as I did what she liked most...

claras p.o.v

I can't believe Ryan , diana was right.Ryan just broke up with me who knows if Ryan still loves Anna, does Ryan want to make love to Anna ,no ryan please don't...I rushed out of my room like I was psychotic and before I could get to his door I heard moans..I wiped my tears..and started walking like a drunkard..my feet ls too weak to carry me...my eyes are blinded with tears, my heart is pained. i fell to the floor ,i want to leave but I don't know why I can't leave..I wiped my tears which kept streaming down.was this why Ryan dumped me.... but he didnt agree to make love to me why Anna,does he really love me . i cried my heart out they both kept moaning into each other's lips.... and I kept sobbing slowly .

Anna's p.o.v

awwww , oh God ... I kept moaning out carelessly with my fingers brushing through Ryan. i really

missed him I can't seem to get enough.and the way he held me just the same way he is used to holding me in bed with so much care.I carressed his back ooh God I need to feel him deeper.... Ryan was just perfect in bed he made love to me like no other man ever did and when we lived together we made love almost every day mid night or early morning... we never got tired I really wonder why I got carried away by Tony that very day.

I unwrapped my legs around him and he brought his fingers to my br**st and fondled them hotly i almost bit my lower lips out .. i moaned out as his thrust grew harder and faster. he already gave me the perfect climax when he massaged his fingers on my clit so perfectly ,my favourite.Ryan knows how to get me weak and helpless but I think I am hearing sobs outside. awwww I can't think about that right now I missed Ryan .

.

.

he fell to the bed i wrapped my hands around him

" missed you

he switched off the lights completely to blind dark... I brushed my fingers down his tummy and just hovered around his lower tummy touching him playfully. he didn't talk.I brushed my fingers to his chest and balanced my face there is Ryan sweating or did he shed a tear.he stood up and rushed into the shower .

claras p.o.v

I rushed out and ran into my room,ryan easily resisted me but he can't resist Anna.I walked with my eyes half blind crying with thoughts. I hit my self against my wall I still stood up and walked into the shower where I sat quietly on the floor and turned the water on. I sat like that till morning.Diana was right , this pains

I cought a very heavy cold early the next morning.I wore my towel jacket and rushed out.Ryan was dressed to go out.I forgot he has early surgery.

Anna walked out too.she wore a red jacket exposing her red bra.I bowed to them both.sir Ryan looked at me from hair to toe,I hastily wiped my tears

" Clara are you not ready

"sorry sir , I will get ready.

I tried walking out when Anna spoke up

" Ryan let her be, she is really very tired can't you see her face.

" ok.. am leaving.

ryan rushed out and I bowed to Anna. Anna locked the door I tried walking out but she dragged me back with one hand and locked my room door

" Anna what is....

she slapped me

I held my face and tears streamed down " Anna please let me...

She slapped me again this time with her left hand.... then she gasped for air and wiped her own tears.

* Ryan's p.o.v*

what exactly is holding Clara , did she get dear and fall sick too,I feel bored without her.just then my phone rang it was a video call so I connected it to the screen .it was my dad,I can't believe he is smiling so happily, when was the last time he smiled at me

" Ryan I am so proud of you son, I didnt know you were smart enough to convince Anna into this. once you return you will take your main position in dervantes group your Dad is finally placing his hard work in your hands cos he trusts you.

I smiled happily, my long dream.I looked at my mom she smiled at me...its time I forgave mum.her early morning texts made my days better.

" dad I am happy but what about Anna

" Anna strengthened the merger

" no don't tell me she formalised

" yes, she formalized your marriage. you are now a man my boy you are a husband and you will soon be a dad

" but why ,how could she... why did she do that

" what's wrong ryan, are you trying to say something

" no dad ..of course not.. it's all right

" I thought so too.I am proud of you son.

he dropped the call and my heart beat sank.tears streamed down my eye how could Anna do this. ARRRRRRGGGHHH!!!!", I screamed out I wanted to marry Clara what's going on what did Anna do ,what about Clara how do I cope , what do I tell clara . I tried throwing away my phone when mum called.

" Ryan what's wrong ,u didn't seem happy

" mum I love someone else, i am dating Clara, I don't love Anna anymore mum please mummy help me.

"ok, i will see what I can do,hold this call.. she called her secretary who came to her

" dicta has any transfer been done yet

" no not yet madam

" good schedule a meeting between I an Grande

" no madam a transfer has been made.

" what

" Mr dervantes already collected 70percent of the capital needed to finalise the new hospital from from a.g.h.c

" what

" yes and the m.d of a.g.h.c already made a transfer of 20 nurses and 6 methrons their pay is under r.d and the already played in advance

" when

" also Mr dervantes procured a large quantity of drugs right now from a.g.h.c

" stop , stop I heard.

" ok madam

its already hopeless , my dad succeeded in ruining my life.

" ryan did you hear all i heard,its already hopeless ... what are you going to do. you see why I warn couples not to cheat?,once the feeling is lost inform your partner. Anna did this because she trusts you Ryan i don't blame her

" mum I don't love Anna anymore... you know Anna is too emotional if I break up with her over the phone Anna might not eat for two days and no one is there too look after her not even her mother and you know she is sick...I have lived with Anna and I understand how she is wired mom... She is very weak inside..she just acts strong but she is very helpless that's why I didn't want to dump her over the phone like that.

" Ryan i understand and i know you love Clara but you have to sacrifice that love,a lot of things are at stake now.you need to burry Clara and resurrect Anna.

" mom I don't love Anna anymore.

" can you watch Anna get hurt ryan?

" no never, am I crazy? .. we've been through a lot together.

" so this means you dont hate Anna too.you still love her very much but as a friend right

" yes mother

" now Ryan you are married to Anna so you have to find a way to make this work I need you to break up with Clara and try finding your rhythm again with Anna ... try to love Anna again you have not been dating Clara for long this means you are still trying to bury Anna but I know from experience you can't Bury what you shared that fast cos you shared something grand. ryan start now to dig out your feelings for Anna so you both can live together peacefully you will surely live together my love there is no going back.

" mom I don't want to love Anna I love Clara and I will call Anna right now and tell her that I don't love her mum

" Ryan are you drunk?,Anna must never find out about Clara if she does she might get angry and break off the marriage when that happens a great chaos will fall upon the company and your dad will never forgive you.he won't only kill you he will kill me too and even Clara... don't try your father ryan.

" so what am I supposed to do , sit back and live Like a robot. I love clara and i just want to be happy why did Anna ruin my life like this

" ryan I know it's not too late to rekindle your love for Anna you have to break up with clara ryan you are now a married man let that innocent girl go.. she needs a man that can take her to the alter too,don't thigh Clara down that's selfishness ,Ryan tell her the truth and let her go don't make her a mistress .

" But I don't want her to go mum

" Ryan if you don't let Clara go far away she will get hurt.... your dad mostly will hurt her... Anna will hurt her ... daniella will hurt her...Ryan she is not safe in your world.

" then maybe I should just leave my world and join her world

" Ryan please think before you act.do not hurt Anna do the right thing Ryan don't let Anna find out about Clara...she must not notice a difference , break up with clara now and get things normal if not the problem and blood shed will keep getting hotter remember this is the only way to protect clara

arrrrghh !!! I angrily smashed my phone. what is going on, I dont want to hurt Clara no please... what do I do with Clara and Anna. breaking up with Anna means ruining my fathers hard work ..he Will disown me but holding on to clara means ruining her life cos Anna and my dad will kill her .. and what will she say she is fighting for , a married man?... just then Clara rushed in she held a bag with her

Clara p.o.v

sir Ryan looks different ,he looks worried this is not the way I left him. I walked closer and he just looked at me.

he stood up and hugged me tightly.

I held him tight too.I wonder what's wrong

" Ryan ,what happened

" Clara something happened I don't want to think about all this, all I want is you.

he hugged me tight again.I handed him the bag of sweets I bought for him in the market.he smiled and hugged me again.I wonder why sir Ryan is hurting.

we walked to the couch

" ummm how is Louisa

"she's fine

just then his phone rang it was Anna ..he didn't pick up ..he dropped the phone on the table and hugged me tighter.he kissed my fore head and hugged me again...he is acting as though I want to leave but am not going anywhere.or could he be the one who wants to leave me.this thought forced tears out of my eye... what is going on. he kissed my lips deeply... oh gosh just what I was avoiding...I missed him so much so I deepened the kiss he disengaged and just hugged me again he's pretty eyes are so teary even the sweets won't he take again.

" Ryan I love you ...I will never leave you and I won't let you leave me.I will fight for both sides...i hugged him he brushed my hair with his fingers and just froze in my arms. I tapped his back and he chuckled sweetly.....finally I missed that.

Anna's p.o.v

why won't Ryan take my calls , what's going on .should I call Clara?

I need to update Ryan of the board meeting ...I know he won't be mad that's y I did this as I surprise for him...now that I want to tell him he won't pick up.just then DANIELLA walked into my room

" congrats setting dads investments on fire

" what do you mean

" there will be war very soon Anna , watch out ...all the investors will soon sue both companies to court for playing with their investment.

" what do you mean, why will that happen

"cos Ryan is going to break off that marriage Anna ,ryan doesn't love you anymore he is in love with that handnurse.I caught them both red handed when I left for Africa and what's more they even sleep together.

"daniella leave my room

" Anna its the truth so better withdraw your declaration before its too late

" you want me to break off the marriage so you can keep trying your luck with Ryan right,

"Anna believe what you want or you can go and see for yourself.

daniella walked out... could she be right could Clara have failed my trust.is that why Ryan never picks up his calls I walked down and a maid was walking up.

" madam you have a visitor

"ok.

I walked down and there he sat .Liam king.he waved at me I walked down to him

" to what do I owe this useless visit

" yes Anna can never change ...not even after coma

" what are you doing here

" Anna since you strengthened the bond,I am now a full member of a.g.h.c

" does that make you a member of my life.

" let's walk...pls

" fine

I wore my slipper and we strolled down. he looked at me and smiled

" you are beautiful Anna

" I own a mirror Liam

" yes I forgot she is full of herself

I smiled

" Anna don't make a mistake.

"what?

" do you know what it feels like to forcefully marry a man who doesn't love you anymore

" no

" do you know what it feels like to marry a man and realize you no longer love him

" no, where are you streaming to.

" withdraw your statement before transfers get hot it's a plain advice cos you don't know if

Ryan is still in love with you and from the look on your face you didn't inform ryan

" what do you know about Ryan and who he loves

" I know quite a lot , alot ... be careful Anna the decision you made can ruin your dad's company for life

" that's if Ryan breaks up the marriage but he won't cos he loves me.

" are you sure you still love him too or are you confusing desire for love.

what is this stupid Liam saying .

" I love Ryan

" Anna I just gave you an important advice.... withdraw your statement... when ryan returns and you both get married you can easily strengthen it again..... once serious transfer starts it wouldn't matter whether you love each other or not the marriage will be by force and you don't know how that feels.. this is a man you have not been with for close to 3 years.love is beautiful but love without attention gets weak...he walked down to his car ...I don't understand why is Liam covering Ryan's interest...he is sounding as though he doesn't want me for ryan..he spoke as though Ryan is in love with someone else and he supports the other girl .what's all this....its enough I need to visit Ryan i am going to Africa tomorrow.

claras p.o.v

sir ryan really won't tell me what the problem is and its getting me worried.I bathed and hurried out I fell on my bed.sir Ryan seems lost in thought I think he deserves some alone time so I will sleep here.I closed my eye and fell asleep and after few minutes someone held me tight I awoke it was Ryan i smiled he kissed my neck then my cleavage through my night gown . he is acting so weakly.. as if he wants to eat me up and just keep me in his tummy having me all to himself .he fell into me and burried his face in my chest I moved his hair.I wish he can tell me the truth

" why did you sleep here..I was dreaming of you.he said

" I am trying to learn how to stay without you,I can't get addicted.

he kissed my fore head for long minutes and just gathered me in his arms.I have a feeling Ryan might leave me very soon.

I am really getting used to waking up in sir Ryan's arms.... i looked at him while he slept I smiled and brushed my fingers into his chest.. he is really handsome.

I moved my hand to his face then his lips I removed my hands and kissed him I rembered my

decision not to kiss him again this made me smile against his lips ok just this once. I felt him brush his hands behind me and pull me down deepening the kiss.

" morning kiss sir ryan

he smiled

" Clara I want to tell you something

" tell me

" uhmm

" let's talk in the kitchen " we both walked down into the kitchen , we were busy with the plates. he wanted to talk when someone walked in we are not expecting anyone ,we both turned and it was Anna .

I ran back into my office and my assistant came to me.

" tell me ... what was their report.

" failed

" what,they failed again

"yes it's all malcoms doing

"why would malcom come back now,does he think a.g.h.c is weak

"it's shocking, we incurred a huge loss

"how come!!! ... I pushed down all the files on my table .

" it all happened when u went to visit Ryan he used that opportunity u were carried away to penetrate

" must I never have a break.,what's all this .. Anna read ,Anna sit,Anna meeting,Anna shares,Anna this ,Anna that .just few hours break and we incurred such a huge loss what where you guys doing ,what do I tell my dad

" sorry

"get out !!

she left ,Malcolm is back,he has started again all this too much for me God.I need help . there's too much on my head ,mom where are you?.

God my biggest fear is Ryan breaking off the merger. please not now that malcom is back.and ryan really said a lot of things to me and he hadn't apologized yet that's unlike him.he has always been good at talking carelessly when he is mad but he always apologized but now I guess he didn't only break up he stopped respecting me as a woman too. I can't even concentrate at work.just then I received a text.it was from him since 2 days ago exactly 10 minutes after the house in Africa.i opened it

"tasia am sorry if i hurt u with my words ,don't get mad ,I just hope u see this text fast enough. i didnt mean any of that I swear.I just wish u understood Clara too.

I understand I swear but I have no choice... u dont understand ,no body understands. I threw away my phone

malcoms pov

I sat quietly looking at a particular picture.a young girl, quite hot ,my daughter walked in

" dad u saw her already

" is she the...

"yes Clara David.

I smiled and dropped the picture

" get more info

"we are still investigating

" good.

she walked out and my phone rang it was my very mole in a.g.h.c ,the person who will help me pull anna down.

" tell me

"I saw what you did ,very good ... Anna will soon get weak

" Anna is already getting weak,for her not to know when I purchased the land she payed half for .. she is loosing concentration and that's good.

"I told you my information was correct ,the merger between r.d and a.g.h.c will soon break off...

Anna will no longer hide under Mr dervantes protection .we will penetrate and take a.g.h.c from her.

I smiled ,i like the sound of that.

" how are u so sure of this ..

" Ryan doesn't seem to love Anna again he will break off the marriage

"good and once investors start panicking I will use that opportunity to hit Grande hard ,so hard he won't see it coming

" nice so what's your next step

"while Anna is still recovering from the land she lost in Chicago I am going to wipe grande out of India

"u want to close down their branch in India

"want to,am on it ... it will be Anna's biggest shock and my biggest come back

I love it that she is loosing focus.

" good ,everything is working our way.

Ryan's p.o.v

why is Clara so hard headed doesn't she miss me .I decided to give her few days without talking to her but she is still ignoring me... she won't even look my way..I walked down and there she sat on the couch reading a book.I have not seen her eat...who thought Clara how to be so mean to me.I knelt down facing her and my tears streamed down

" clara " she stood up and I held her tight

" why do you choose to hurt me Clara .

" please let me go.

I stood up and walked to her face

" it's ok if you won't forgive me but stop hurting yourself... you are loosing weight..stop crying every night your sight will get bad... stop crying in the shower and staying there till morning you will catch a cold. stop sleeping without wearing your sweater the weather is really cold and stop prescribing drugs to yourself if you feel sick tell me and I will treat you

" and why are you bothered about all this what am I to you .I am nothing so sir ryan don't bother about me I loved you alone for a long time I can still continue , i am used to that pain.

she ran away into her room. I walked upstairs , am done with anna for good ,its remaining only the merger that's the only tie we have why won't Clara let me explain

claras pov

i ran into my room more tears gushed out i miss ryan so much but I am still hurting him,my heart is burning with pain I feel so needy of him and it pains cos he slept with Anna and broke up with me..it pains cos he is married ..it pains cos we can never be together ,we can't be one... Diana called on phone

" dia

"Clara you have been mandated to come home tomorrow u know what will happen if u don't.

"but why,which crime did I commit ,is money missing

"Clara I don't know but u need to come back i think this is just a cover ... Anna wants to fire you Clara that's what my mind is telling me.

I wiped my tears

"fire me but why

"I know Anna very well,she wants to separate you from Ryan Clara and she will do anything to make that happen , she might result to hurting your loved ones ,clara if u have anything to say to Ryan just say it all now cos if you come home I don't think u will be able to meet Ryan again cos the more you try the more Anna hurts you.come home Clara Anna is waiting none of your parents deserve prison.

" dia I love Ryan so much how do I leave him

" u know Ryan can't be yours Clara I thought u decided to move on why don't u do it well ...let him go Clara let him go back to Anna.save yourself and your family first

I started crying out loud like a baby Diana dropped her call.

Anna please don't fire me ,you will shatter my dreams don't worry I will leave Ryan i am coming home I know he belongs to you I know i can never have him so u won but please don't hurt my family I beg you....

if i leave i might not see Ryan again till I die ,how do I survive I miss him so much but he can't be mine ,how do I fight for something that can't be mine.I guess peace will only reign when ryan moves back to Anna.I cried more and ran into my shower.Ryan is not mine I have to go.I am leaving him for Anna now, I will go before she ruins my life .

Ryan's p.o.v

how do I break of this marriage without any issues,think Ryan so you can stop hurting clara .

it's almost Impossible but I know God can solve this issue ,i know it will work out i just need Clara by my side . I know i won't marry Anna I swear I can't .

I looked down and watched her run into the shower again how do I stop this habit ,Clara will kill herself .I ran down and opened her room I rushed into the shower.she was crying and shivering at the same time God why did this innocent girl fall for me She can't even handle pain.

" Clara come out ...pls

" no I feel hot

" Clara you are crying

" am not its just the water sir

" Clara you will catch a cold

" it's not your business

I slipped the other hand into her waist and dragged her up.. she continued crying she's so wet and beautiful.I removed her hair from her face.

" I love you so much ryan..so much that it kills me .she said streaming tears .

" Clara I swear I love you more ,i really do.

she hugged me and I held her tight

" God ,i love you so much.I kissed her neck and she cried deeply on my shoulders I wonder why she is crying like this..

I dont have the right to stay with you Ryan,how do I tell you that am leaving Ryan brushed his fingers behind me and gently unzipped my white skirt.I got clouded with desire.is he doing this to help me change or does he want to make love to me.I gently looked in his face his face was just plain.he unzipped the skirt and held it for a while then he dropped it.I looked into his eye and he brushed his fingers behind my back and slipped it into the top I closed my eye cos I was melting with his touch .he lifted the top out of my head and my hair fell freely... I looked at him innocently he raised his fingers to my face and moved my hair then he ran his hand down to my waist and pulled me into him he kissed me deeply and I fought my hands against his chest untill I finally gave up and wrapped my hands over him. he pressed my back with intense pleasure like he wanted to place himself there he kissed my neck sweetly then I felt his fingers play on my bra hook. I flinched and wrapped my fingers around my chest..

my lips where half open I couldn't even talk I was bursting with desire... I forced myself to close my lips .then I looked down for a while he just looked at me.

i know I want this but I really want it to be a man that will love me and only me.

I want it to be the man that will take me to the alter and take me for a honeymoon.but Ryan can't ,he really can't.....but am leaving I need to be connected to him every way possible,i need something to remember each time I miss him I really want this but..

" I will change myself sir Ryan".I moved my hair and tried walking past him but he held my hands I turned he was not even looking at me he just held my hands so tight and then gently he pulled me over and just held my hand he looked into my hands then he looked at my face... my tears streamed down. he acted so seductive I have never seen this part of him.he raised his hands to my face and moved my hair then my eye then to my lips .. I melted as he ran his thumb on my half open lips he sent his hands to my chin ."let's stop now Clara,let's stop fighting it" my tears streamed down i rolled my eyes into his as he touched hair beautifully I got Drunk with love he kissed my lips and i closed my eye and removed my hands from my chest I wrapped it over him . he brushed his fingers to my waist I gently pulled up his top from under then I wrapped my fingers around him again . he kissed me deeply again and this time I let him unhook my bra.i just love the way he feathers his lip on my neck and shouders. hes beautiful body frame was all over me . he lifted me up into his arms and ran his lips down my cleavage I moaned out...

I really want to be connected to him in any way possible ,i hope we meet again.....i didnt even feel him place me into the bed he came into me like he was made for me.he deemed the room light then rose unto me his fingers brushed all over me... He pressed his lips to mine firmly and I

opened for him so he could slide his tongue inside. We kissed slowly and deeply, i melted under Ryan ...i gently brushed my fingers behind him then I moved it to his tummy I brushed down and unzipped his jeans.he looked in my face then rolled over to pull it . he came over me again and cuddled me into his arms just where i want to be..he brought his hands to my br**sts /my ni**les .I gasped out.. that was very tingly.. I shivered in sweetness when he brought his thumbs to my ni**ple and circled tenderly I felt heavenly ... I enjoyed what he did he carressed them softly and beautifully drugging me with passion .. I pulled him deeply into me and Our bodies met Ryan moved his mouth to mine again i felt his hands deeping down my tummy into my thighs..just the spot where I needed him to touch me,

the spot bursting with desire ryan dipped his hand inside me and my hormones ran wild i moaned out moving my face backwards . he unlocked from the kiss and carefully slipped out my favourite pant. then he deeped his hands into me again i moaned gently as he used his thumb to massage me deeply he pressed his lips into mine again.. i enjoyed what he did with his fingers it felt sweet . he moved his hand, then he leaned in and kissed me deeply for long minutes, our bodies heated His chest was rubbing against my ni**les it was sweet,. I felt his hands down my thighs again he stated perfectly on me and widened my leg.

I can't believe Anna fired Claras mum.

I watched her park up her stuffs .I heard the company marked her too and gave a false report against her now no other hospital can employ her. I warned Clara but she didn't listen now every body is going to feel Anna's wrath.

Anna stormed out of her office she walked in such a hast and anger that I almost fell to the floor while trying to bow . most workers ran after her she rushed up into the research departments meeting complex.

omg I hope its not for Clara.

it was so painful and difficult but am glad Ryan defiled me...after a while

ryan began to move very slowly. he came in and out of me stroking me gently for a while untill he lay by my side. was it pleasurable ?, i think it was more painful,am glad it was ryan.... he wrapped his fingers round me...i pity my bed sheet i already bled so much.

do I have the right to smile .Ryan rolled to his side and just looked at me.

I can't believe I had sex .I closed my eye he kissed my lips deeply and I opened my eye

" sorry Clara

" can i still say I love you even..... when you are married. I shed tears

" Clara don't you trust me ,i won't marry anyone Clara listen you were made for me.

" but the world is not meant for us Ryan

" I will make us work I promise just hold on to me don't leave ever.he hugged me tightly "please I beg of you " ...I held him tight too I almost cried out i am about to do what he is begging me not to do. finally he stood up and carried me into the shower he deeped me into the soapy bath thub I saw my blood surface. I sinked myself deeper and my hair got a bit wet. he turned that was when I saw blood on his back.

" Ryan how did you get hurt

" no its nothing

" is that my nails .

" arrrgh no its mine.

I wiped my tears and rushed out of the tub . I hugged him deeply I didn't even care if my thigh pained he held my wet unclad body tight

" sorry

" hey its nothing.

" I love you.... I love you so much.

" I love you too but you need to bath.

he moved me back into the tub and I Lay in smiling.finally i smiled . . do I have the right to smile at least I deserve to be happy just today COS I know the rest of my years without Ryan will be painful.Anna's Ryan.he says he can Make us work but we both know that's not possible so I will surely leave him I can't fight without hope of victory... I hope he won't be to hurt with what I am going to do.

he walked into the room and came back with the bed cover he deepened it into the bowl and started washing it.

" sir ryan ... am a little happy

" why

" well am no longer a virgin ..I won't die a virgin... I smiled and my tears streamed down " you will always be the man I deserve Ryan

soon he was done washing the bed cover he deeped it in clean water. he moved over to me and used the soap on my hair. after which he scratched my hair with his hands then he used the hand shower I laughed

" Clara did you wash yourself

" not yet... it still pains a bit

he dropped the hand shower and wrapped his fingers around me from behind.

" i wanted us to strengthen our bond Clara,i want to have u written in my soul, I love you Clara... I wish the universe will give me a chance to prove it to you...even if it's just a year and have me die after that I won't complain all I need is you.he kissed my neck.

I touched his hand and smiled. I felt his tears drop on me I smiled and looked at him...why does he feel so guilty.. after a while I washed myself and he poured clean water all over me with the hand shower. he carried me up and dropped me on the bed.he picked my towel and dried my hair then my body. he took my yellow sleeping gown and helped me wear it he still picked a black sweater .I sat down and he plugged in the drier and dried my hair I smiled, this is just what I want everyday of my life ..a man like Ryan I don't know why this is a crime to the world.. soon he was done drying my hair he picked my hair warmer and covered my hair with it .

" do you need anything

" no

" ok.

he walked out and returned with some drugs.

" what's this for

" Ahhhh

I opened my mouth and he slipped it in .

I took water and swallowed. he walked out to the shower. i lay facing heaven and thought about my future ,do i have a future without ryan,what is my future, can i ever become like Anna rich and powerful and wear expensive cloths and have people bow to me .can i ever fulfil my dream of becoming a reknown doctor . Ryan walked out and lay beside me on the bed ...topless in this cold weather

" ryan you will get cold

" no I won't.

" get a top

" no .

I dragged his black trouser up and buttoned it well the white short was still visible . then I carressed his tummy playfully

" since you won't wear a cloth I will keep you warm.i deeped myself into his arms he held me tight

" dont ever leave me clara

I smiled

"I won't.

he pressed my back play fully and ran his fingers up and down my back playing his thumb on me that's so romantic and funny I laughed .

" hey what's funny

" the way u touch me

" each time I see you I feel eating you up like this " he opened his mouth and beat my ear I laughed and he moved my hair when last did i laugh.

" Clara I will never leave you again

I will make you happy I will make this work just give me time and wait for me.he wrapped his arms around me and held me tight.

I love the way u love me but we are truly hopeless , what about Anna she is mean but she deserves love if she wants Ryan so bad who am I to drag him with her... why hold on to him when it's possible that he can never take me to the alter .I know he is making all this promises to make me happy

" Clara as long as you are by my side I will do it ,i will do more , " he kissed my neck and kissed around my face then my fore head even my hand , " i will do anything it takes to make you happy I

don't care anymore but just never leave me please I love you so much I never felt like this before u are my breath clara.

I smiled and started crying after a while he slept off I know he is fast asleep he really sleeps alot. I ran away

I Got to my room and locked my door I fell to my bed . i picked my diary and tore a sheet then I left a note for Ryan.

dear ryan,

I really love you very much and I know u love me too.I am glad I consummated my love for you. actually oppa you are the most beautiful thing that life ever gave me , I forgive u for all the wrong u ever did....I wiped my tears.

but Ryan i am leaving you now ,i can't tell u to your face cos I know u won't let me go.you were my fantasy ,my dream that came through like a movie but it's still a dream I know and I understand everything .you can't ruin your carrier and have your parents hate you because of me.

u can't annoy Anna and keep hurting her because of me

who am I ,i am just Clara that clumsy nurse

I wiped my tears again.

don't get mad at me ,its not that I can't fight by your side but ryan I am a nobody and I have alot of things to loose.

secondly we can't win this war ryan,we can't win THIS war without bloodshed.

and I don't want to watch r.d and a.g.h.c go down .my love learn to live without me.accept Anna ,love her,take care of her, give her all the rights of a wife ,i will be in your heart that's enough for me but let her be in your arms... do the only right thing so your dad can be proud of you.I love you so much that i am letting you go. I love you Ryan i dont know if I will ever love another man.I love you so much God bear me witness . but i really have no choice Ryan i wish I could tell you more I really believe that this is the right thing to do.

Clara .

my tears already filled the book I folded it and placed on my counter.I don't have time to change.I covered the cap well and arranged my stuff.I wore my school bag and covered my body well.i dreamed of living in his house,this is too painfull .i wioed my tears.I wore my glasses and walked out.I looked at the house one last time then I slipped both hands into the sweaters pocket I look just like a toy but I don't care.I walked out shedding tears. I can't believe I must leave Ryan.... i need to secure my family .my future .my heart no longer beats but no problem I will live without heart beats ,i wiped my tears with the back of my palm , my heart will only beat again when the goddess sends Ryan back to me in a way he will love me without fear or pain.God I miss ryan so much. i wish there was never a merger.

I halted a bus and ran inside.

Season 2(Chapter 54)

By chidinma jerry m

(Star-queen)

I couldn't get angry cos she slapped me more out of pain than anger. and I know I wronged her I shed tears like a kid

" Anna please ,i can explain.

" when did this affair start huh, how long have you been seeing ryan!, she shouted at me.

"Anna am sorry, am really sorry

"Clara is this the price I should pay for my life you saved... is Ryan the price!!.

" no Anna, I didn't know when I fell in love with sir ryan

" Clara i loved you , I accepted you..

I trusted you..and what?, you where sleeping with my boyfriend.

"Anna wait ... Anna please

" Clara if you wanted Ryan you shouldn't have saved me...cos you will only have Ryan when I die.

I wiped my tears and started crying out loud.

" Anna please don't punish me forgive me I never liked someone before I let my emotions control me..

I am really sorry .she wiped her tears and rushed into their room, I wiped my tears,her ring wounded my face .now I realize the gravity of what I did.i cried more and more I love Ryan so much how will I survive i cried more

Anna's p.o.v

why did I slap Clara.I pressed my hands together and sat on the bed.Annastasia when will you learn to control your temper... Clara why you , it should have beem someone else I don't want to cause you pain clara I beg of you don't let me hate you ...you can't become my enemy.why did it have to be ryan..how many women will hurt me because of Ryan . . I just pray it was a passing affair,I pray Ryan didn't see her as anything if not I don't know what I will do to Clara.I might not control my self. I looked down into her room and she sat on the floor crying.I shed tears too.

Clara won't come out of her room, she won't even eat. just then Ryan walked in. the first place he looked at was her room door . yes I understand now. he walked in I couldn't talk to ryan I just shed tears while looking at him. he dropped the bag and wiped my tears I kept crying more

" Anna what's wrong ,did you get hurt , do you feel sick.

" Ryan you are my pain...why !,I said

he let go of me and looked around for a while .

" Ryan why ... why did you do it... did you want to pay me back for Tony

" Anna its over, let it go, its not what you think.

" ryan tell me it was just a passing affair , tell me you were just attracted to her as a woman ,tell me she's nothing to you.

" Anna that's not important anymore

" ryan what is Clara to you?

" Anna stop ,its over , I already broke up with clara I chose you all right

" but that doesn't answer my question do you love Clara or was it just desire .

he tried walking out and I dragged him back.

" Ryan talk to me

" fine!!! , I love Clara.

my heart beat sank

" do you get it now, it was not a passing affair. i wanted to break up with you but you strengthened the merger .. you ruined it all.

" no Ryan, you love me and I love you too... I still love you...

" and you will have me Anna .do i have a choice ?,I am tied to you ,I am yours ok... we are married

.

" ryan why are you hurting me , why are you Making me feel guilty... I strengthened the merger for us I didn't know Clara was....

" Anna wait , Clara did not do anything wrong .I didn't mean to love her..I tried stopping this feelings but it didn't work.

" i am glad you were smart enough to dump Clara....I can't ruin my fathers company and my fathers investment and reputation because of you... you have to accept that we are tied together , we will rekindle our love after the wedding

" there is nothing to rekindle Anna,
i don't love you anymore.. this marriage will ruin us both we are going to leave as one yes but I
really wonder what it will be like... " he rushed out.

Ryan's pov

Anna found out , I hope she didn't hurt Clara. two people i want to protect her from (Anna and my
dad) daniella is a small issue compared to what Anna can do when she is raged i opened her door
she just dropped her cup which she used to take a drug. I took her into my arms

" Clara are you ok,did Anna hurt you ,DiD she abuse you ,talk to me huh .. please say
something...I moved her body while questioning her but she didn't talk she just shed tears, she just
kept crying. that was when I saw the blood on her face

" Anna slapped you

"no she didn't

"Annastasia slapped you ,is she drunk..

I stormed out of the room and ran up to my room.

Anna's pov

Ryan stormed in looking very upset.I dropped the glass of water I wanted to drink on the table .

" Anna how dare you

" what

"how dare you slap Clara

" because she is slu...

he picked the glass of water and threw it to my face ,yes am used to that , that's his habit when he
doesn't want me to say something.he broke the glass on the floor

" what did you say Anna , who is a slut? Anna what did Clara do wrong tell me what did she do.
this is a fucking free world, lovers meet and break up ,people fall in love again. i love clara and she
loves me too ,i loved you but I no longer do.same way u loved Tony before moving into my house.
but when u arrived you fell deeply for me too ... it's a normal occurrence Anna ,it happened to you
with me and now it's happening to me with Clara . I love her and Its not a crime, you said so
yourself when I told you to break up with Tony first to avoid issues u said you have the right to love
and love again.it was a mistake you committed too in the past ,loving me and not caring who u
were hurting. its not my fault I repeated the same thing by falling for Clara but I tried my best not
to hurt you. so what did you say Clara did

" Ryan she

"Ryan she what? ,you are acting as though you are so right but you are worse ,how dare you take
judgement into your hands Anna are you chaste should i refresh your memory

" Ryan.

" Anna what did Clara do that you hadn't done ,you were dating tony when you came to my house ,just like I was dating you when clara came.

Anna you fell in love with me then even when U had Tony and I loved you too you said you couldn't break up with Tony over the phone , but Tony was just few miles away.u said you needed time I agreed and i waited for you... but Anna you couldn't control your own desires you wanted sex so badly I told you to break up with Tony first and wait for me to meet Ella but you couldn't you kept luring and seducing me into your arms until we finally consummated you didn't care if there was a tony or even a daniella cos you were in love or am i lying.

" Ryan

" wait , how dare you judge Clara , isn't she a girl too ,doesn't blood run through her veins ,doesn't she have desires too. Anna I am living in the same house with her just like I lived with you , and you couldn't control yourself,you didn't care about the other party.. u just wanted me to yourself so why blame Clara if she is doing exactly what you did, Anna if you couldnt control your desires what makes you think she can?

" Ryan

" but should I shock you , Clara has self respect , u didn't even hear her part of the story you resulted to slapping her.Anna I never had sex with Clara we were waiting for you... she didnt do what you did to Tony ,she didn't try seducing me into her arms rather she tried her best to control her desires even when she is so naive and its her first time in love she still tried controlling her self in the little way she could Anna . I had desires too is she not a woman ,is she not pretty ,we are home alone for God's sake fun should be ours making love from the kitchen to the pool, I had desires to hold the woman that I love but I held them in because I respect you Anna ,i did something you know you can never do. (controlling your desires)

I broke up with clara to make you happy,i made love to you to make you happy ,i just hurt her badly for you ,for the company ,for our family's so why did you have to hit her ,why add to her pain. its not her fault that I love her okay .

Anna u cheated on both me and tony but nobody hit you . I know daniella didn't tell you she was dating me but after the merger you found out.when we lived together you knew.but Anna the first day you made advances for sex, come on you didn't care about daniella, i was the one who told you to wait so I can break up with Ella first and you promised to break up with Tony which you never did so who are you to even judge Clara Anna she has more control over her self than you ever did

" Ryan why are saying all this,it hurts

' Anna i just want you to remember what Clara is going through cos you went through it too. hers is worse cos she is too naive she is new to all this. you were exposed Anna you met and dated guys still you couldn't control yourself but Clara even with the way she is ,she still tried ,she really tried for you ... I can't Believe you didn't see that .I was the one that asked her out Anna she kept her feelings to herself for a long time,she didn't make advances,she knows she is hot but she didn't try seducing me , she kept keeping everything in her heart and that is pain , I was the one who lured her into all this Its all my fault why didnt u slap me instead

" ryan

" it's not our fault that we fell in love Anna just like it wasn't your fault you fell for me. the same way you decided to leave Tony is the Same way I decided to leave you Anna . but you formalized our union and drew me back to yourself . but today because of what you did i will not marry you, buy a pen and write it down... we are done ,I will find a way to end this marriage for good ..I just need time.

" Ryan please ,i was foolish in the past but ...

" don't you see, everything is repeating the universe is against our union.you are not meant for me . just when you woke from coma and we where supposed to get married Clara came into the picture and everything is repeating itself the Same way it happened in the past, Anna i am not made for you. now that I even think about it I wonder if you loved me or you loved the sex cos all you thought about was sex. every minute , every time. that was practically all you wanted . if you really loved me why didnt you break up with Tony he was not far he was just few drives away but u kept postponing it why?,u love tony ,he deflowered you right he was the only man u had been with and after we made love I think you fell for the sex and not for me Anna we just lived in lust,tolerance,and care.

I know this because Clara made me experience love and it is very different from what we had Anna , I love clara so much that i see her as my God.I could have broken up with you instantly if you were in Africa I SWEAR ,i wouldn't have delayed it one minute like u delayed tony's. that's how you act when you love someone. i can't marry you Anna because we don't love each other for real we just desired each other.i and Clara we are more real. withdraw your statement and think carefully of what you want ,maybe you really do love tony...

he walked out I stood up and started packing my stuff. Ryan just stabbed my heart with his words.... I didn't know what I was doing.but why is everything repeating again.what is fate doing ,are we not meant to be together.I want to marry a man who is meant for me and I know that its Ryan. just then my phone rang it was Tony.i got shocked . why will Tony call now of all times .i switched off my phone. I am going home ,Ryan and Clara just broke my heart.I carried my bag and ran into the living room .. my driver took my stuffs I entered my car and my driver took off.

claras pov

Anna really left I hope Ryan didn't fight with her , just then I heard Ryan knock.

" clara please open the door,let's talk about it please.

"no sir Ryan leave me alone

" clara I am so sorry ,i am sorry Clara please

I forced myself to sleep...,early the next Morning I opened my door and sir Ryan sat there.did he stay here all night

" Clara Please,clara don't do this

I tried walking past him he dragged me back.

" what do you want from me Ryan,what are you doing to me ,.

"Clara I still love you..am sorry

" so what ,what do you take me for,Anna comes and you dump me Anna leaves and you expect me to crawl back into your arms

" Clara i love you

" so what should I do ryan .. you are married to Anna , am I not too young to be someone's mistress

"Clara Please ,I don't love Anna anymore, getting married to Anna is not happening

" Ryan I regret loving you ,its too painful just let me go now ,I am going to try living without you stop causing me more pain...

" clara what about me,I still love you very much.... i can't do without you

" Ryan let me be please,its already hopeless just let me pick up my pieces

" Clara we made promises

I walked past him hastily and he fell to the floor. I wiped my tears and rushed out I cried deeply as I leaned on the balcony

Diana's p.o.v (2days)

Anna has not come down from the fifth building for two days... the hospital is going crazy..she has not entered her room either.she won't open the door for anyone her dad already sent for maybel. maybel just arrived she rushed upstairs in a heavy heat

maybels pov

I knocked for a while without taking,am late for a couple's counseling session right now...yes am a marriage counselor but Anna's love life I have never been able to understand

" go away may". she said..is she Crying

"Anna its me,let's talk about it.

" fine.

she opened the door and she still wore the same cloth... she didn't bath,she didn't eat.she emptied 3 bottles of wine and smashed them all over the office... who ever made Anna do this will experience her wrath very soon

" Anna why

" I was fasting may, I was asking God for forgiveness because of the sin I am going to commit

" Anna!

" a girl saved my life " she smiled and sighed " but I am going to ruin her life.

i am asking for forgiveness now before my wrath starts.

"Anna what happened

" ryan cheated on me with Clara it's not just a passing affair ,now i understand the pain i put tony through back then.fate must be giving me a taste of my own medicine

" Anna calm down its just attraction

" he loves her May he said getting married to me is hell... he said he doesn't love me anymore and its all because of Clara.she smashed the other bottle.

" Anna calm down

" Am calm may...I am just hurting I feel pain ... Ryan failed me but I can't fail my dad I need to secure Ryan before his love for Clara controls him

" what do you mean

"I stupidly strengthened the merger,

if Ryan breaks up the marriage u know what will happen ..may everything my dad owns is under my care I must protect them and the only way to do that is to ensure that Ryan doesn't break off this marriage and that he weds me peacefully cos all investors are watching

" Anna how will you achieve that,why don't u withdraw your statement

"I want to ,i really do,do you think I don't want to .she flinged the file on her table to me

" look at that,that's the cost of activities which took place within these days...I have been going through those files all morning there is no way out.it's too late to withdraw my statement. so now I have to fulfil my duty as the heir of Grande that is protecting my Dads investments ,I need to take Clara away from him love intoxicates ... if you leave him with Clara their love will over power his reasoning and he might make a decision that will ruin my dad forever but if Clara goes far away Ryan will have no reason to make such a decision.

" one question Anna ,what are you really fighting for ,your heart or your father's company.

" don't ask me that may

" Anna remember you never loved Ryan even when you were sent to his house you still loved Tony... when we gisted all you talked about was the sex like it was the only thing u loved about him.at first said you were not sure of love but you were sure of the sweet orgasms

" may i was just a kid ,i was 21 for crying out loud and you know i wasnt the guy type i was the " follow daddy to work type " I never took my past dates serious until i met tony.he was just the sweetness i let him deflower me but u can't blame me for not controlling my desires , no body should blame me cos I just lost my virginity and I was sent to Ryan almost instantly the desires were coming you know how it is at first.and when I started loving Ryan i desired him every day but he was just too hard to convince he wanted me to leave Tony first ... seducing him was difficult for me

" why didnt u leave Tony

"I dont know

" I know Anna , Ryan finally made love to you right ,he became the second man u had been with so you experienced something different... and maybe better. something you didn't want to loose... but U couldn't break up with Tony because something in you still needed him and that was your heart but when it comes to Ryan some thing in you needed him and that was your body not your heart Anna ... even when we gisted as friends I remember your words vividly when it comes to Tony.,i love his goals , he sings stupidly but I like it , he loves red,he loves braiding,here is what tony drew . so real but when it came to ryan u were more like,oh God may ryan makes me psychotic in bed , ryan makes me dream of sex even at work,you need to see the way ryan holds me ,i swear Ryan is diffrent in bed .. sex in the shower was fun.. all this didnt start when u cared for ryan as a friend so much that he fell for you.all this began after u cheated on tony...this possesivness started after u both consummated.. that's not how love works

" it's true but that's in the past.I know I love Ryan now

" I won't sat much but Anna I know you are too busy to think about yourself but I wish you will take a day out ,bring both men into ur mind ,erase the sex and the romance then check to see the person who's picture will still appear.I am sure that won't be Ryan.

" i have a meeting may.

just then her assistant walked in.

" madam they are ready

" ok.

Anna stood up and drank her last cup.

" I will shower in my room

" ok.

she rushed out.

Anna I wish u would just realize that ryan is not meant for you.and let him be happy...he tried for you quenching your unending desires and still teaching you self control he moulded u into this beautiful graced woman you are ..you are the cause of most problems he had with his dad cos he didn't go on any long vacations or long trips with him so u won't feel lonely and cheat or go to Tony but after all that the little opportunity u got u still cheated cos u love Tony and that day when u saw him after long u just wanted him cos u missed him I wish u can realize this truth Anna so finally u and Ryan can come together and find away to separate the marriage without breaking off the merger .. but am really scared cos transfers are getting much but I know you can face the storm as friends with understanding u and ryan might save your love and your inveztments too but it's all in your hands Anna.

Anna's p.o.v hours later

no one has the right to make Anna feel like trash, i will not be made a laughing stock and my dad won't be laughed at I won't let ryan break off this marriage its my duty to protect everything I under me .it doesn't matter who I love now my Dads name can't go down. I tried walking out when Tony called again

" hey

" did this patient forget the doctor

I smiled

" the doctor forgot the patient

" how are you Anna ,i called Samuel but he was sounding drunk

" I am fine what about you

" am good,uhmm is Ryan back so he can take you home

" I dont think I belong in that home any more Tony.

" Anna what's wrong

" Tony am sorry for everything I did in the past.

he laughed

" come on Anna forget that.. u sound dull did u eat .

" yes

" you are fine Anna right

"yes I am

"ok

" i wil be in a meeting

" ok.

I arrived at the meeting and Every one sat down

" good morning madam ", director said

" thanks

" good morning madam", methron Linda said

" thanks .

" why is the meeting held ma", md asked

" NURSE Clara David .from now henceforth will be stripped of her duty as nurse in a.g.h.c which means Clara David can no longer stay with Ryan as a hand nurse. she has to come home within 36 hours latest of not her both parents will be locked up.

" but madam if u fire her she has every right to stay anywhere she wants.

" what happens when a.g.h.c summons a worker and he or she doesn't show up

" well members of the family is locked up but that is if the worker committed a crime..

" the crime she committed is in my heart so summon Clara and when she returns I will do the rest.make sure she returns

"yes madam I will use the seal and the mandate

" once she returns she must be fired ,Clara should not be found or seen in a.g.h.c ever again....

" yes madam.

" ensure that no other hospital in this area will employ Clara

" ok madam

" claras mother

"yes madam

"fire her and also mark her so no other hospital can ever employ her in this area

" yes madam

" no remuneration

" yes madam

" now the Lane where her fathers supermarket is,it belongs to me right

" yes its part of a.g.h.c property

" good, it should be demolished. I said demolish no one should give him space to pack and no one should warn him.i don't care if he dies in there

" Anna

" was I understood

" yes madam.

" where do they live, infact I dont care Chase them out

"yes madam. we will meet the house owner..... we will start working on all this

" that's all for now.

I stood up and rushed out I passed by some nurses who bowed to me then I rushed into my room..

I kept remembering Ryan's words

"I don't love you anymore Anna,getting married to you i wonder what it will be like , angrily
smashed my mirror.I already lost Ryan i can't loose anything else because of him and clara.

CLUMSY NURSE

Season 2(Chapter 56)

By chidinma jerry m

(Star-queen)

I headed for the beach. soon I arrived I walked deep into the ocean and threw away my first SIM card.. now Ryan won't reach me.I knelt down deep in the water ...it seems the water goddess is awake. I waved at the part of the water which roared

" hy ... I have committed a sin. I slept with a married man... goddess why didnt you answer my prayer.I told you to help me get Ryan but you failed me I guess it was my sin sorry... right now I have decided to stop sinning.I won't hurt Anna again... I have accepted the fact that Ryan is not mine.it's really painful.. just then I saw a face deep inside the ocean.Jesus I shivered but I didn't run .she swimmmed down closer to me that was when I realized she was a mermaid.I looked around no one was in the beach.

she came close enough and stopped

" won't you let me sleep

" who are you

" I live here... you left your world to disturb mine

" sorry.I wiped my tears and stood up

" that man you brought here loves you very much and he is destined to be with you... let humans do what they can and after them fate will do its part..

she dived back into the water... Ryan is my destiny but I already lost him. she doesn't know what he is married.. I promised Ryan that I won't ever run from him. he is going to be heart broken. I headed for Louisa's house, I will leave from there..

Diana's p.o.v

Clara's mum is getting stronger she drank her tea and walked down to me on the couch. I am glad I didn't tell Clara about her mum she might encounter an accident while thinking.

" Mum are you ok?

" Yes good Diana.. thank U for coming

" That's beautiful

" Diana is Clara having an affair with Ryan?

" Haha who is Clara

" Diana!

" I warned Clara so much but she didn't listen .. she's in love with Ryan

" Too painful... her first love had to be a crown of thorns, my daughter might die of pain...

" But u watched Anna grow up right, why is she so wicked, she's too wicked for her age? Clara's mum smiled

" If you were trained like her you will do worse

" What

" She's not wicked she is just hot tempered and I don't blame her there's too much on her head, her life is monitored and read like a book. she is not allowed to make a mistake and all her life she never made a mistake in protecting her father's wealth.

she was trained from 12, how to be a leader, have presence, get people to fear u, all about shares she had a lot to learn so she started early. she has been in charge ever since she was 19 and even from that little age she never made a single mistake, she didn't enjoy life, she didn't live like other teenagers I really loved and admired her so much back then she didn't let her age control her decisions at work even older people respected Anastasia. that was how she became mean and ruthless cos she was young if she acted lightly people would have looked down on her and Grande group won't have been what it is now.

I watched her sneak out of work to meet her best friends to just play and live a little, Nurse Del always lied to her dad that she was meditating inside. Crisella was her very best friend before Maybel. I studied her life carefully and I wondered how she coped.. how can human being have a life time table she didn't enjoy the fun of being a teenager. each time her dad went to work she was behind him. as he always asked his guards

" Is my jewel behind me?, he trained her to be fierce and strict cos he knew she was born into a rough world. even her high school was funny, she studied at home and was only allowed to visit

high school once in a week... she was being thought the duties of an active heir everyday every hour, even in her dream she talks about shares and money . she prefers to die than to make a mistake..grande group became her breath and a.g.h.c her life .u and clara enjoyed your early days , rain Chase ,games ,fun,friends,birthdays but Anna was reading files ,holding share holders meetings, going on business trips ,etc she missed out on the real life so Anna's mean nature is because of her up bringing but she has a kind heart.

I heard the merger was strengthened and the truth is if Anna is doing all this because she loves ryan and is jealous she will do more and ruin more lives I am giving u 60/100 .she will do 60 out of hundred to secure Ryan for her heart.

but if Anna is fighting for the company and if her marriage to Ryan is the only key to protecting that company Annastasia will do 500 out of 100 she Will do anything she might bomb a whole nation cos Grande group is her life ,it was her own birthdays ,night parties, outing with friends. fun games etc...her father entrusted everything to her so much that he doesn't come to work.. there is too much on her head so if the reason behind Anna's action is protecting her father's reputation and company then Anna won't stop until Ryan weds her. i just wish everything can work out . all of them need each other Clara might be the real sister she never had if only she can let her fear of loosing the company go and think... maybe there is a way out .I pity and miss my child if only she had power and class to fight to for her love.

just then claras dad rushed in panting like a half dead lion

" honey, what's wrong.

" it's finished our super market was demolished everything is lost even my money and people's cash

" what but how did u survive ,why didn't u move things out.

" I got a text but I wasn't told that my shop will be demolished I was just asked to leave the shop and pick something . that was how I survived

"what will we do now

"I am owing a whole lot of people now this is just too much.

" it will be fine " claras mum said

claras dad held his hands to his heart and I gave him his drugs I carefully added sleeping tablets so he won't think much..

Annastasia I already forgave your actions before u took them it takes maturity to understand you, i just hope u stop before u start living in regret and depression. claras mum said

Ryan's p.o.v

omg did I fall asleep.I touched the bed but I didn't feel Clara.I ran down to her room but she left. her bags are missing oh no what is going on.I called Clara on phone but it was unavailable.I called iren

" iren did a.g.h.c call Clara back

"I dunno too

"where is she

"I dont know

" Anastasia

" is that how you address me now ,Annastasia?

this girl won't ever be calm

" anna where is Clara

" I don't know ,why asking

" Anna what are you doing

" Ryan maybe Clara decided to do what's right ... it's not my fault if she left ryan I just hope u do what's right too cos a lot is at stake here and it just keeps getting worse u don't understand anything arrrrgh!!..she threw her phone to the wall.yes I know that sound.

Anna please stop .there might be another way out stop hurting yourself.you are so pained. even if i marry you Anna u wont be happy u wont be fulfilled cos we don't love each other I am not only doing this for me I am doing this for us ... we will die inside if we get married .this is so complicated where did Clara go to.Anna doesn't know where she is.why didnt Clara tell me anything. how could she just up and leave.what about me..... I looked around and saw the letter I read it fully now I understand ,clara thinks everything will just be solved if she leaves like this ...I told her to wait I might find a way to end this peacefully why didn't she listen arrrrgh.where is she ,how do I see Clara...I don't even know her house.is that why she begged me to concentrate on Anna. Clara come back I can't live without you I beg you please.I picked my drug and swallowed then I sat on the floor backing her bed.she was leaving tears streamed down my eye and I wiped them.

Rachel's pov .

I am Anna's assistant here at the hospital.Jake is her assistant outside work and nurse del is her main nurse but she traveled .we have been with Anna for a very very long time and I know she trusts us.Anna didn't go home today she went to her suite that's where she stays when there is too much on her head and there is really too much on her head Anna is too small for everything she is carrying... right from time she fought alone her dad wanted her to be fearless in this life ...her mum who fought by her side is now missing ,tonia looks for ways to bring down Anna everyday ,daniella who should help as a sister tried to kill her ,Mr Grande left work totally cos he is always sick the whole Grande in on the head of a 24 years old girl no wonder so many things went rough when she was in coma .but now she is back and she is busy placing every thing right until this merger issue. it just added to her list of problems Anna needs a sister from another mother ,someone as smart as her, someone who loves her and she trust someone who will take away half the burden on her head before she breaks down.. heaven knows I can't be Anna even for 30 minutes .I watched her rush into the living room of the suite she wore a white pant and bra with a jacket.her pen was behind her ear she packed her hair up.and held a file in her hands.I bowed she took her water from the table and i rushed into the room with her thousands of files where on the floor what on earth is she looking for she wore her glasses and picked another file which she opened.

" madam what are u searching for.

" tell me , what did the court say

" we can't get the land back

she chuckled

" malcom can never bring me down , he fought with my dad he didn't succeed if he thinks he will

pull me down because I am still a kid he must be joking .m.h. will always be under A.g.h.c... malcom really wants to play a dirty game I hope he knows that's my favourite.

yes malcom is really one of Anna's biggest competition he ruined a.g.h.c before it was the merger that strengthened us again and is still covering us up . r.d didn't even know why a.h.g.c agreed to that merger quickly. it gave Anna stand to defeat him then now he is back with another dimension thank God Anna was smart enough to strengthen the merger but what is really backing him up did he forget about the merger or ,oh no, could he have inside information that Ryan might break up the marriage, coz i know malcom fears mr devantes so if he is up against Anna again that means he believes that Anna might not be under mr devantes for long ,i think he knows that the marriage is having issues, who is behind malcom,who is his informant.

Anna started coughing she took water Anna u must never let that merger break off u have to protect it with your last breath no one knows how malcom will strike he is waiting for the company to get weak but I trust Anna she never gets weak.

" what's your report on clara

" we destroyed her fathers shop.

" did u text him

"yes.

"did he get hurt

"no

"ok

" we fired her mum and we already sent the mandate....I was informed that she left ryan some hours ago she is with her friend now.

" what friend , what kind of friend is that ,male or female?

"female

"is the area safe

"yes

"are u sure

" yes ,one of our security guard is around her

" good.... make sure she returns to new York safely ... he has to watch her till she enters the plane ,a single strand of her hair shouldn't get hurt you should know I might be angry at her but I don't play with clara,.. I just want her far away from ryan .

"ok and about chasing them out of their house ..

" hold that for now

"but I thought u wanted to do everything it takes to chase her out of this city . we are very close ,her mum is jobless,her dad jobless, they don't have any means in this city so once we chase them from their house clara and her parents will have no choice but to leave the city just like u want ,she will go far away from ryan and the merger will be secured

"I know but just leave the house for now let them rest,Clara is still on her way and Ryan is not yet back and I am still thinking about some stuffs ... I will tell u the next step

"Ok
" get me info on our next step for Chicago
"ok madam but all this files,u need to rest
" I am looking for somethings... I will just.
she opened another file and wore her glasses. she coughed again with her towel and folded it quickly,wait did I just see blood ...is Anna ok.
I watched her open like 10 files at once even a lawyer doesn't read like this.
I wish crisella or ryan would just came back Anna needs someone to talk too ,she is thinking too much her heart is piled up she needs a helper for God's sake, what kind of lonely life is this now maybel is always busy with her therapy /counseling work anna looks strong and fearless outside but inside she is just pitiable, she is so scared right now ,she's scared of Ryan breaking off the merger she is obviously shaken up this girl is really suffering so much
i wish I was closer to her I will just kneel down and pull her into a deep hug then I will brush her hair and tell her everything will be fine ,your mom will come back,malcom won't take a.g.h.c from you ,ryan Wont break off the merger,your dad will regain his full health , everything will be fine, u won't lose anything my child.yes ,just like a mother would.... I looked at her again and she wrapped her towel around her body.from hospital coma to life coma seems u were born to suffer. but I can't touch you ,you are too mean and strict you will just slap my destiny out of me.
I bowed and walked out.

I headed for the beach. soon I arrived I walked deep into the ocean and threw away my first SIM card.. now Ryan won't reach me.I knelt down deep in the water ...it seems the water goddess is awake. I waved at the part of the water which roared

" hy ... I have committed a sin. I slept with a married man... goddess why didnt you answer my prayer.I told you to help me get Ryan but you failed me I guess it was my sin sorry... right now I have decided to stop sinning.I won't hurt Anna again... I have accepted the fact that Ryan is not mine.it's really painful.. just then I saw a face deep inside the ocean.Jesus I shivered but I didn't run .she swimmmed down closer to me that was when I realized she was a mermaid.I looked around no one was in the beach.

she came close enough and stopped

" won't you let me sleep

" who are you

" I live here... you left your world to disturb mine

" sorry.I wiped my tears and stood up

" that man you brought here loves you very much and he is destined to be with you... let humans do what they can and after them fate will do its part..

she dived back into the water... Ryan is my destiny but I already lost him.she doesn't know what he is married..I promised Ryan that I won't ever run from him.he is going to be heart broken.I headed for louisas house ,i will leave from there..

Diana's p.o.v

claras mum is getting stronger she drank her tea and walked down to me on the couch. I am glad I didn't tell Clara about her mum she might encounter an accident while thinking.

" mum are you ok?

" yes good Diana..thank U for coming

" that's beautiful

" Diana is Clara having an affair with Ryan?

" haha who is Clara

" diana!

" I warned clara so much but she didn't listen ..she's in love with ryan

" too painful...her first love had to be a crown of thorns ,my daughter might die of pain...

" but u watched Anna grow up right,why is she so wicked,she's too wicked for her age ? claras mum smiled

"if you were trained like her you will do worse

" what

" she's not wicked she is just hot tempered and I don't blame her there's too much on her head ,her life is monitored and read like a book. she is not allowed to make a mistake and all her life she never made a mistake in protecting her fathers wealth.

she was trained from 12, how to be a leader,have presence,get people to fear u,all about shares she had alot to learn so she started early. she has Been in charge ever since she was 19 and even from that little age she never made a single mistake ,she didn't enjoy life ,she didn't live like other teenagers I really loved and admired her so much back then she didn't let her age control her decisions at work even older people respected Annastasia. that was how she became mean and ruthless cos she was young if she acted lightly people would have looked down on her and Grande group won't have been what it is now.

I watched her sneak out of work to meet her best friends to just play and live a little, nurse del always lied to her dad that she was meditating inside . crisella was her very best friend before maybel. I studied her life carefully and I wondered how she coped..how can human being have a life time table she didn't enjoy the fun of being a teenager.each time her dad went to work she was behind him.as he always asked his guards

"is my jewel behind me?,he trained her to be fierce and strict cos he knew she was born into a rough world. even her high school was funny ,she studied at home and was only allowed to visit high school once in a week... she was being thought the duties of an active heir everyday every hour, even in her dream she talks about shares and money . she prefers to die than to make a mistake..grande group became her breath and a.g.h.c her life .u and clara enjoyed your early days , rain Chase ,games ,fun,friends,birthdays but Anna was reading files ,holding share holders meetings, going on business trips ,etc she missed out on the real life so Anna's mean nature is because of her up bringing but she has a kind heart.

marimars pov

I had been waiting here for a while,yash said he wants to meet me but he is delaying.it's my turn to

serve Anna today and I am almost late.

finally I saw him walking down

" tell me what is it..Anna is waiting.

he looked around for a while

" can i meet Anna.it's very important.can you help me meet Anna.

" no you can't just meet her .you are tonias driver

" no this is important.he looked around again

" tell me what it is I will inform Anna

" ok. give this paper to Anna as soon as possible ... tell her to come to this location if she doubts me

" ok I will inform Anna

"go right now and please be careful.

" sure .

" don't open the paper

" ok I won't.

I rushed away and he covered his face cap well and walked out..

Anna's pov

finally I arrived at work , i have so many meetings hangings I Will know where to start once my dad is done handling malcom and working on the merger. I feel like going home but going there without Ryan is not worth it.

just then my phone rang it was my dad.I am so glad ,is he done solving the issues

" hello

" Anna your dad is dying

"what.

"your dad just fainted not only that

" tell me

"marimar is dead

"what

"yash is dead too

"how

"I dont know madam ,i dont understand too

"Jesus what's going on... I ran down and entered my car ..I headed home. why did that innocent girl get shot. what is going on. My driver took me home and I rushed into the house just to find my Dad on the floor with his hands on his heart I rushed him.

" father,father ... what's wrong. are you okay... daniella !!,tonia .

both of them rushed .

" Tonia what did you do to my dad.

" no Anna I swear I dont know what's wrong

daniella knelt down beside me and touched my Dad .

" dad what's wrong" she said crying.

I hugged him and called Samuel ,he's the doctor Tony assigned to me ,he is so smart. i am scared I can't loose dad too...God all these are making me weak...

I left my dad in the care of Samuel and walked out shedding tears,just when he wanted to help me the most.malcom can't find out that my dad is weak.infact enough is enough its time malcom understood that I was in this business right from when I was ten.I Wont take chances ... whenever dad wakes up I swear he won't look at me with a dissapinted face

Rachel met me near my car

" madam the meeting your dad scheduled is almost set or should I cancel.

I Dried my tears

" actually all top investors are there to see your dad solve the hospital issue

I rushed into my car soon i arrived at the suite. I rushed in almost crying I was shocked to see crisella

" crisella

" tasia I mised you.

she hugged me tightly and I just felt heaven in her arms.

" Anna what's with all the files scattered around your study.

" nothing

" what's with all the merger stuff... why are u researching it ,don't tell me you want to break off the merger did you and Ryan fight

" Ryan fell for someone else ,but he can't be with her because of our contract marriage.he threatened to break off the merger

" but that will cause a problem

"I know so I have been looking for a way to break off this merger without causing any issues.. I dont want to be the devil . Clara deserved that much from me I read this files till my brain pained there is no way to go about this merger without causing problems

" what will u do

" malcom is back,he just closed our hospital in India ,he also wiped us out of Chicago

" what

" malcom knows that Ryan loves someone else ,he knows the merger is shaking crisella.he knows I might not hide under Ryan's Dad again... but I don't know who is giving him info.. I need Ryan's Dads security and he needs my resources. that was the main bargain of the merger so men like malcom can't penetrate a.g.h.c. like u can see am still a kid and I don't involve in the dirty under cover games and now daddy is always sick that's why I need Ryan's Dad to be part of this company he has to pick when I call him..so breaking off the merger is something i can no longer do. I am going to protect it with my all. even if I find a way to break it off peacefully and settle the scores , r.d might go free after some challenges but malcom will destroy a.g.h.c., i dont know what he wants and who is behind him he has so much info on a.g.h.c than he has on r.d. trust mr grande he cant get a mole in his company he will just shoot you in your office... but my father's sickness and my coma arrest made a.g.h.c's defense weak. he can't challenge Mr Grande but he will face a.g.h.c and i feel he has a score to settle with my dad. I won't let him win that merger can never be broken I Will secure it with my last breath..

" what about ryan,what if he doesn't agree.. what if he tells the world that he doesn't love you.

" I won't let Ryan do that ,i am playing this game the cleanest way I can but if ryan pushes me I will tell his dad about Clara

" Anna he will kill her

"yes that's why I don't want him to find out.securing Ryan is not an issue I know exactly how to get Ryan ,he was once mine and he is a jealous lover as well as a proud lover but his biggest weakness is that he is too kind... once Clara is far enough Ryan coming around won't be a big issue.I will get him either the easy way or the hard way.u know I am ruthless when it comes to my dad's company

" am sorry Anna .

" am in so much pain ,mom is missing ,dad just fell sick after he promised to help me with the merger issue,Daniela and her mum are my enemies ,malcom wants to take a.g.h.c, he wants to bring me down and I don't have anybody to fight by my side , no one , the burden is much ,the pain is much...Ryan, the only one I ever had just left me too.

"come here Anna am sorry .she hugged me. I smiled out of tears. she dragged me into my room.

maybels pov.

she removed her jacket and picked her system.. after a while she dropped it.

mmm Anna is hiding something.the same thing she didn't talk about.she didn't talk about how she feels for Ryan in her heart .

I sat closer to her and organised her singlet well.I looked in her face

" it's me Anna ,tell me the truth ,we never kept secrets from each other .

I took her hand

" do u love Ryan ?

she tried taking her hand back I held it tight

she looked around then she looked at me

"no crisella I dont.I know I don't love Ryan i was just trying to force my heart to love him cos I already accept him as a person ...

" I love tony crisella , i still love him.

I realized it earlier but I just fought it off.I don't have the right to love tony this is what I told myself when I was sent to Ryan's house.. and i am still saying it again... my dad didn't train me the way he trained me for me to grow up and ruin everything he worked for in the name of love.I was still little but after my dad told me about the merger.I called myself and advised myself. I knew I loved Tony but i needed Ryan to survive , Ryan grants a.g.h.c more protection , malcom was about striking me again he almost took a.g.h.c away .. I accepted quickly and we merged.my dad and Ryan's Dad came as one and thought malcom a lesson... I was sent to ryans house to get to know him better.investors where watching.

I don't know how ryans dad managed to convince him but I convinced myself.

U know how I was trained I was not trained like a kid I was trained like a robot.so I programmed myself to get Ryan to love Me.I programmed myself to love him.I programmed myself to love him so much that he Wont realize that I don't love him... that's what I did for a.g.h.c. i sacrificed my love, I hope u now understand what a.g.h.c means to Anna

" Anna bit how did u get Ryan to love u ,he loved daniella.

" that's one thing with planning.

I planned to make him love me..even before I met him I was ready.but when i met him he was so cold and mean but hot. he didnt talk to me but i was trapped with him... God he is so handsome and his mean nature made him sexy.everything about him is seductive.

i watched him walk out of the pool top less and still walk past me without a word.. I watched him walk into the room with a towel around his waist and his wet hair falling freely. I watched him work out/excercise and the sweat streamed all over his perfect frame...

I saw all this hotness every day but he didn't talk to me making me have desires I couldn't control.God I had so much desires for him and I was still little I wasn't good at the self control game cos I just lost my virginity few days ago. I dreamt of him making love to me everyday.I just wanted him so badly that I got myself wet with desires.I had so much desires that I stopped thinking about Tony.my need and lust for him made me take my goal of making him love me serious and finally he fell in love with me... but getting him to make love to me was another task. he wanted me to leave Tony but i couldn't ,i didn't have the courage.. but he broke up with Ella and after I successfully got him to make love to me everything changed.. I knew I could live with him forever at least he was caring , hand some and the way he held me in bed it was just so different. I thought these qualities where enough. cos I know that even if my dad got me married to a blind man I would stay for a.g.h.c so I was blessed to be with Ryan.I had no reason to hate him I accepted and desired him so much that i confused it with love. I thought I loved him.so I decided to

break up with Tony but that day only a drop of tear from tonys eye and just 3 words I love you.made me understand that u can't tell your heart who to love. I told my heart to love ryan because I needed him but my stupid heart was still beating for Tony. that day I and Tony insulted each other ,cried for each other ,fought away each others touch,smashed everything around the house but just one kiss got me helpless again.one kiss dragged me back into his bed where I belonged.God I missed him so much and being with him in bed made me forget that I was Anastasia I felt free.I was happy.but after the sex I got my acts straight.I need ryan not Tony. and i was convinced that I loved Ryan.so i regarded the sex as a mistake and broke up with Tony..

I was so bothered about Tony ,what he would do,would he kill himself,would he drink,would he smoke,would he find a girl and sleep with her ..I was so worried I was worried about Ryan finding out about the affair and breaking off the merger.I was in so much thoughts i didnt see my accident coming. I can't lie to you crisella I loved Tony and I still love him.even when he treated me as a nurse I still loved him when he kissed me I didn't want to withdraw.but I belong to Ryan.. he waited for two years for me.my respect for him helped me control what I felt for Tony. I already gave so much for me and Ryan to be together. when I found out about the affair I was so mad and scared.I was more annoyed than jealous but after Ryan shouted at me I realised all the wrongs I ever did. and when he Apologized that was when I decided to let them be.I decided to let Clara have him.that was when I started researching on how to break off the merger.I read and researched morning and night. I didn't find a way out but i kept searching . but crisella i never expected malcom to come back.he is the main reason why this merger happened at first .malcoms return is going to change everything Ella.malcom knows that a.g.h.c is getting weak but i will disappoint him. because of malcom I won't let Ryan leave me.I Wont let him go to Clara...he can't ruin my life and hardwork because he is in love I am in love too but i kept it aside to do the right thing.and Ryan has to do the same.he's going nowhere not now ,not now Ella.dad is sick ,mum is out,we lost two hospitals.this merger can't fall not now that I need it the most..I might love tony but i need Ryan... I need him more right now. I need him to not break off that merger. he has to Mary me .I don't care about love crisella

" and love never ruled you Anna ,u just saw it as a factor ... what rules you is Grande group
" cos that's my life. that's all I have.

I hugged her tightly again.

" dad please don't die.Ryan please don't let me down i really don't want to involve your dad in this,for clara's sake but if u push me I will.

Rachel called her line and I picked up. her cloth was dripping tears.

" tell me

" madam its time

"Ok

i kissed her cheek.

" never show them your weakness Anna now I understand why your dad trained you to be so ruthless he knew there will be a time when you will have no one no one to fight by you.. Anna pull malcom down .do anything it takes secure a.g.h.c for ur mum and dad... don't let them bring you down.go to the meeting your dad scheduled.prove to them that you are indeed your fathers daughter .

solve this problem and pull malcom down.

enough of this tears and weakness Anna ,you are Annastasia Alexandra Grande The first .you do not take shit from anyone. u already sacrificed so much for Grande you can't get weak now.the investors are waiting.

Anna smiled she rushed into her shower.

God how can someone talk business when your dad is dying .

Anna's pov

in my next life I will come with a sister who will love me and take care of me I won't be alone and maybe in that life I will try being a normal person .I remembered what maybel said and chuckled . close my eye and choose my lover.does it matter whom I love what matters is a.g.h.c especially now that malcom is back.let me try it anyway. cos I really need an answer to why I didn't break up with Tony and why I cheated Ryan

I folded my legs and my hands together and closed my eye. forget the pleasure ,the sex ,the romance who is in your heart Anna ,who do you really love ,who makes you whole. omg what am I seeing

my phone rang and I stood up,i don't have time for games

"tell me

"Anna something happened

"what

" till u arrive at work

"Ok.

I dropped the call now my heart is beating fast ,what did malcom do again...I have not been able to talk to my dad I hope malcom didn't add more salt.

next day

Ryan's p.o.v

I walked down to my door and there the new nurse stood. she looks good .she wore black flats and I white Gown.

" hy... am your new assistant sir

I opened the door wide and she walked in. she bowed to me.I ignored her and closed the door.I opened the door to claras room and she walked in.

" don't ruin the way she organised things

" yes sir

" we have only 6 patients left... we leave early in the morning

" yes sir

" please... if it doesn't concern business,don't talk to me and don't ever come up those stairs.

" yes sir

" we need to leave early so we should complete everything fast ... within like 2 to 3 days so please read the health records you can am not in the right state of mind to read

" yes sir

" welcome Clara.... sorry what's your name .

" its mira sir .

I dried my tears and rushed out

Anna's pov

I am so anxious right now ,why did Jake call so late ..but my dad said i should meet him first before work so I headed home.

I walked in and he sat facing his system

he had a bottle water on his side.I looked in his face he looked worried.

" my jewel.

" dad

" Anna what is distracting you my love ,is something bothering you.

" no dad everything is fine

"have you seen this

he turned his system to me i looked at the first paragraph its about the land.

" dad am sorry I don't know how malcom bought that land

" Anna I am not talking about the first paragraph,i knew when he did that I was just waiting for u to strike back but look at the second paragraph

I looked down Jesus our hospital in India got closed down by government and our workers sent out our sick patients stranded. what happened ,government might sue us for this ,its all malcom. i placed my hands on my mouth

" dad am sorry ... I lost focus and made a mistake

" Anna malcom has done enough u can't handle him alone schedule a meeting with me and Grande and also schedule a meeting at work . active board members and departmental heads

" ok Dad , but you are not strong

" i will be fine ,but Anna if u weren't distracted all this wouldn't have happened behind your back... what's going on tell me.. why are u so scared recently u hardly come home.

" nothing dad

" how was your trip to Africa

"it was fine.

" what did Ryan think of the marriage.

" well dad ,he didn't see anything wrong

"I hope you are not lying to me Anna cos for malcom to strike fearlessly like this it means he has information that the merger is shaking .

" it's not shaking dad ,its fine,Ryan is still with me he is not going anywhere .

" Annastasia!!! " he hit his hand on the table ,he knows am lying.

I wiped my tears

" dad you were right Ryan , Ryan threatened to break off the merger.

am so scared that i will ruin everything you worked hard for, dad if this merger gets weak malcom will use it against us ,he might take a.g.h.c away cos he has govt power ... Ryan is my fear dad, he doesn't love me anymore he wants to break off the marriage he really wants to ,am scared that I might fail you .

i placed both hands on my face sobbing like a kid... not now that he is sick I can't fail him now that he needs me to be stronger than ever.

" Anna u know ryan can't ...he shouldn't. this is not child's play.. Infact i need to inform his dad

" no don't dad ,for Claras sake .Mr dervantes will hurt her ,u know he doesn't have time he will kill her.. Clara has to go far away before Ryan's Dad finds out about this. dad please dont tell him , it's under control my marriage to Ryan is my duty to secure.

" Anna better do cos a lot are at stake now . infact , this is not what I wanted for you my jewel , i need you to marry a man that loves you and will give you all the care u missed in your life ... u know what?, i will handle malcom and after that I will find a way to separate Ryan from you without causing a war ... let's remove malcom from the picture first so he wont ever come back at you.

" dad

"but,do u still love ryan,do you want him or not.

" dad i
he's phone rang
" go to work ,we will talk
"Ok

I rushed out.. oh God everything was getting worse thank God dad is taking charge .. malcom is really out for this how dare he remove a.g.h.c from India and all because I got weak and carried away with Ryan's threat. i moved my hair and wiped my tears for the first time I failed Dad twice if dad can separate the merger without issues ,if he can solve the problem easily I have a feeling I might let Ryan go.

I might leave him for clara.she saved my life I will never forget that.

I already forgave her for helping Ryan cheat thanks to Ryan's words I got to understand Clara's part of the story. and I won't drag Ryan with her.I don't know if I love him or not but I won't mind that anymore.I just pray dad and Mr dervantes can teach malcom a lesson and remove him from the picture

at least if my dad is the one to separate the marriage Mr dervantes won't be mad at Ryan .. my dad might even do it in a way the merger won't shake.I trust him I will finally take a break while he takes the driver's seat from me.

maybe I will use that time to do what normal people do , what do normal people do , go to the spa,go swimming ,visit the club, go ice skating ,take dance classes , learn how to cook well, and just have fun and live like a human being not as a robot programmed to do office work . I think maybe I am happy. but i will be happier if dad gets strong and mum comes back. for slapping Clara I wonder If she is still mad at me.

i moved my hair and sat in my car.

" no I made sure he doesn't.he's food is ordered privately and its from a sure source.

" haha she doesn't know that the poison is all around him

" yes

" how is Anna taking this,is she weak and crying.

" she is crying in her room but when she comes out you can't see a tear in her eye. malcom Anna is not someone who will fall easily or get weak easily it will take a little time

" time or no time.her father's death will be my domination against her

" good

" she thinks she will buy that hospital tommorow well she had better come prove to me if she is smart enough to buy that hospital from me.

" I know u will buy it before her malcom

"I will.

" how is Isabella

" Isabella is getting useless .. just when I needed her to sign off some powers to you so u can help me fight Anna from within she started acting more psychotic

" malcom she will sign it.

" when tonia

" I think I gave her too much of that drug... we won't drug her again until she comes back to her senses and sign a it.
" And after that

omg I miss that girl so much that i just can't concentrate on anything.i wish I knew her house such a lively angel... i fell deeply for Clara after just 2 days with her.. she didn't only occupy my being she occupied my thinking.i discouraged myself because I knew she was in love with Ryan but Anna strengthening the merger might mean Ryan doesn't love her too.and if she came back before ryan it means they broke up.right now I want to be the next lucky man.if Clara should chose someone else even if it's just for rebound,even if she will use me to move on I dont care I just want to be around her.i wish to be the only man in her life right now.and if Anna weds Ryan.i want to be that man who will hold Clara.i want to make her dreams come true even If she doesnt love me I want to love her. i am looking for Clara ,where is she?

just then she walked out wearing a white suit.she looks good.I know you can do this Anna fighting !!! . just now the press rushed her Jesus Christ where are her guards the heat was heavy.I hope she doesn't get hurt.and she no longer has time..security rushed out and the press threw questions.

" Anna what are you doing about the hospital in india too much is at stake.

" Anna how could u be so careless to watch government close down a patient filled hospital. now u have less than two hours before u loose license to move anything...how will u get a hospital so fast

" m.h.c seems more trustworthy than a.g.h.c!!!

Diana's pov

omg the news of Mr grande's sudden sickness is all over the place .I wonder how it broke out and who ever did this wants investors to panic.Mr Grande called a meeting now who will handle the

meeting , who will solve the problem he wanted to solve.just then Anna rushed into work she folded her hair in a clean bun . whenever Anna folds her hair she means business and when she means business she doesn't give a damn!!. 5 guardS followed her we all bowed.I wonder what is keeping Clara.

general sov

the guard opened the door and Annastasia walked in ,everybody was surprised they where expecting Mr grande.

Mr dervantes smiled at Anna who walked in without Smiling she took her fathers chair...everybody bowed gently. she looked at tonia and smiled

" please proceed " Anna said

" before we proceed Anna, i thought Mr grande held this meeting why are you here " one of the major share holders ,Mr Jonathan said

" Jonathan I am a true Grande ,when u see me you see my dad.

" but we heard Mr grande is sick , shouldn't you be ...

"I am here to address the same issue my dad called for

" but Anna i think we deserve to know..

" Rachel

" madam

"get me the list of share holders ..I will start this meeting by removing those who don't think I am not capable of....

" no am sorry Anna,don't take it too far,i was just being curious

Anna closed her file

" does anyone else have any of such questions.

no one spoke so Anna returned the file to Rachel who took it from her .

the m.d used his remote to switch on the projector the first preview was the hospital which was closed down in India .

" Anna this is big ,very soon the press will fight us" one investors said

" secondly this is a loss of investment and we can't make a good come back because there is no empty land big enough Right now " chief accountant said

" even if there was an empty land, we don't have time, when will we finish building it and start moving over.it's not possible our loss will increase.." Liam said

" this is the issue we came to resolve Anna , what do u have to say.." m.d asked

Anna closed her file

" send him in " she said and Rachel opened the door a small boy walked in , around 19. he worked

as a hacker in the research department. Anna's favourite computer guru Chris.

he walked in

" isn't he below the legal standard to be in this meeting " jonathan said

" silence!, we are not in the market square

" Anna mind your..

" Rachel can u hand me the investors list again I ..

" I was just kidding Anna ,he is free to stay.

the boy sat facing a computer system

" do it, what I told you about , do it." anna said to Chris.

" Ok madam , give me 10 minutes

" Anna nodded. and watched him with expectation.he slipped his ear piece in and played a music then he switched on his system. his hands and eye was working very fast he didn't talk he just chewed gum all the investors watched him quietly for a while.. he was very fast in typing .. finally he was done. Anna looked in his face with a question in her eye.

" did you succeed

"he nodded

Anna smiled

" tell the board your report" Anna said

" uhmmm good day ,so" he connected his system to the projective screen everybody watched .

" I was looking for a hospital building in the whole Hindi . which has the exact frame and complex of the formal a.g.h.c.

" Ok ?, Liam said

" and I succeeded.he screened the hospital.it was new , empty and clean.exactly like the formal a.g.h.c

" u did all this in 10 minutes " another share holder asked in shock.

" yes I did

" so how are we sure this hospital is not owned cos." he screened another file on the projector " we have less than 24 hours to remove everything from the formal a.g.h.c before government withdraws our license. md said

Anna looked at Chris and he smiled giving her assurance.

" the hospital is for sale and I know that because of this merger we can afford it.the secret bidding is tommorow and no body knows about this new hospital yet not m.h.c not d.c.e non of our competition so I believe and I can blodly say the hospital is ours and a.g.h.c will continue from where it stopped in India.. he bowed and closed the system all the investors clapped for him and

Anna. Anna smiled thank God she trusted him.

Anna looked into her Mic

" I believe the major issue for this meeting has been resolved " Anna said

" what about Chicago ,are we out for good. another investor asked

" at the right time , we will penetrate Chicago again. Mr dervantes added.

Anna smiled

" that being settled anything else?" anna asked

" Anna we won't have peace until the new hospital is secured " one investor said.

" also about the merger , why isn't Ryan home yet , we are all waiting for your wedding.and most shockingly why are u still in your fathers house" Jonathan asked

Anna got short of words

" well

" well my little daughter in law is the fearful type , she can't just go to his house and stay alone he has to come first , right Anna ?.

" yes that's right but if that is what is needed to give members of the board security I will move to his house as soon as I can.

"Ok.we believe the wedding will kick off immediately Ryan returns cos am already panicking "

Jonathan Said

all of them stood up and bowed to Anna. she stood up nd rushed out.Rachel ran behind her.Jake was already in her office she sat facing him

" tell me

" Ryan will be home soon he is rushing his surgery he just completed it.

" what

" Clara will soon arrive new York remember investors are watching, they can't meet in New York .people might see them together remember u have enemies everywhere and your investors are always complaining ..if the history of Ryan and Clara gets out there will be panics and u know what that means

" Ok.. till she arrives first Jake

" no madam , claras family has to leave the city cos Mr dervantes can't find out about her too

" Jake until she arrives first.

"ok.

Anna's pov

who is informing malcom I really suspect that investor who brought up this issue he might be working for malcom. I suspect Jonathan. I called Ryan's Dad

"Anna

"daddy

"what is it

" I hope my dad talked to u about all malcom has been doing

" we were on phone when he fell sick, how is he

" fine ,I really think that Mr Jonathan is the mole in a.g.h.c. he kept bringing up questions ,he is scaring me I don't feel safe with him

" I will look into him but I hope you know malcom has more than one mole

" am fishing them out

ok. Mr devantes dropped the call.

Mr devans pov

Anna is such a smart girl ,just the same person I suspected. I guess malcom forgot that I am still behind Anna or is it because I kept quiet .I already sent my boy to investigate that idiot. he called me

" tell me

" it's true ,your suspicion is true. Jonathan works for malcom

" good.

" what do we do

"nothing .just secure his address.

ok sir.

minutes later my boy walked in

" did you secure his address

"yes Jonathan is home now

"good kill him

"yes sir

he walked out my secretary walked in.

" sir I successfully collected the amount you requested from a.g.h.c.

" good ,now procure the drugs

"yes sir.

she walked out.... I am enjoying this merger now more than ever. just then one of my boys walked in with a young girls picture. my very mole in m.h.c he dropped it on my table.

" sir I think u should reduce your transfers

"why

"malcom thinks your son will break of The merger soon.he said the merger is shaking

" what , what is this.... I pointed to the pics

" sir I had been hearing malcom talk about your son for a while now

"my son Ryan

"yes for some weeks now

"you heard malcom talk about my only son for some weeks now and you are just telling me now.

" actually sir i....

I picked my gun and shot at his leg.he limped and fell

" cont

" ahhh ,sir i wanted to confirm first.

" what did u confirm.

he pointed to the picture I picked it up

" who is this toy.

" ahhh , thats .. thats clara david malcoms boys had been monitoring your son Ryan for few weeks now.

" what is she... who is this girl.

" sir check out the next pics

I picked the second picture and what her and Ryan in a club , Ryan is carrying her on his back,they went to a suite ,he took her to such an expensive restaurant.I angrily threw all the pictures to the floor.

" what the hell is this ,is Ryan dating this girl.

" yes sir malcom thinks so.and he said Ryan will surely break off the merger because he loves this common girl.... ouch forgive me sir.

" guys take him away for treatment before his legs bleed him to death

" yes sir.

some boys carried him out. how can ryan be so stupid ,whats he thinking,this little boy keeps disappointing me , does he think he has a future with a commoner ,over my dead body . my phone rang

" tell me

" done ,Jonathan is dead.

" good.

I dropped the call , my other boy Victor walked in , he is my most trusted boy.

" Victor how do I tell this Clara girl to leave my son alone.do I kill her mom or her dad.

" sir lets not act fast ,ryan is a man maybe it was just for fun.... I mean we all do it , I think he is just using the girl to pass time as we both can see sir she's very very hot. I think he is just using her to dump her later.

" that's the problem ,my son is not like that...Ryan is principled .if he is sleeping with her it means

he is in love with her.

" sir why don't we call Anna ,she went to visit him right ..well if he didn't want her anymore I am sure he must have told her.

" good idea cos I don't have time to take chances .in the meantime get me info on that girl

" ok sir.

I called Anna on phone.

" hello

" Jonathan will not bother you again

" thanks dad

" is anyone else bothering you

" no its all good

" what about ryan.how did he take the marriage

" well....

they kept shouting

" even your so called husband has been caught on camera with a girl in club are u sure the merger is still intact?

Anna rushed upstairs.

this is where the main work is done Anna rarely visits this place unless it gets hard.there are like 40 computer systems in this place also our glass systems are visible too everything here is automatic and technically computerised. all the team members where busy with their systems when Anna walked in...she instantly pulled of her suit jacket and handed to her guard she

grabbed a seat everybody bowed... she carefully folded the hand of her shirt well

" tell me " she said

" madam malcom is too smart ,u need to check this out." Chris one of our youngest and most brilliant hackers said

Anna walked towards him and he logged in and the screen surfaced on the glass projective table

" madam I don't know how but malcom found out that we want to buy this hospital now check this out " he used his fingers to open another screen.

" malcom wants to buy the hospital too. and he just gave the biggest bid" Chris said

" what's happening now Ethan " Anna asked the next computer guru

" one minute madam

he logged into his system.

" madam they are considering malcoms bid ... the sellers logged off to be back in 30 minutes.

"Tristan how many hours do we have before we loose our license ?" anna asked

" less than 1 hour madam

" ok once the sellers come back online we need to buy this hospital.

" but madam I don't see possibility cos malcom keeps increasing his bid by ten percent.he is bidding higher than all the hospitals.

Anna scratched her hair

" madam the investors are waiting ,

u promised them the new hospital.

Anna removed her earrings and dropped it on the table. she walked to Ethan and stood behind him looking into his system.

" tell me Ethan, how much can malcom spend..

Ethan nodded and logged into his system Anna waited patiently

" madam its hard to hack into their system its really tight .

" Anna let him have it ,its hopeless " research team leader said while smiling at the coffee he ordered which just came in. he tried taking the cup when Anna angrily pulled down the tray from the waiters hands all the coffee fell down to the floor.

" did u say something Henry

" no madam

" good.

" listen guys a.g.h.c must be everywhere, malcom can't lock us out of India if we can't secure this

hospital Grande health might not be able to have a hospital in India again . this is a.g.h.c we are not losers we must get that building

" ok madam Anna

" dont madam me right now call me Anna if madam is too hard for you we don't have time

" Anna I hacked their financial base malcom wants to spend the whole money here for the new hospital he has money Anna.

Anna looked into the system.

" Ethan which name where you using to bid before .

" only a.g.h.c

" ok once the bidding starts I want you to log out a.g.h.c

" How will we bid

" we will use r.d.malcom would think it's Mr dervantes and log out too

" good plan madam

Just then the bidding started. malcom toppled his formal price.

" Anna how much should r.d bid

" just follow malcom by 5 percent keep topping his bid by 5 percent

" ok madam.

Anna turned to Chris

" How long before we lose the license

" 35 minutes Anna.

" oh God malcom just log out!!. Anna shouted and hit her hand on the table.

" madam malcom is not logging out ..he keeps bidding...I think he knows its you.

" what!!.

Anna unbuttoned her shirt completely and rushed towards Chris.

" Chris move

" ok.

he moved and Anna sat down facing the system.

" Ethan I want you to log out of the bidding in 5 minutes

" ok madam.

Anna's fingers and eye was moving very fast Chris stood behind her pointing at stuffs.

does Anna think I am a kid .. I know this is not Mr dervantes under r.d he already has a hospital in India .its Anna she is using r.d to confuse me.

"Increase the bid " I said to my team members

" sure sir.

I smiled.

" sir a new hospital just logged in

" name

" strong health hospital , s.h.h.

" s.h.h.are u sure it's not Annastasia .

" no Anna is still bidding with r.d...wait r.d just logged out... Anna is out of the game.

" hahaha foolish girl.... let's log out guys

" why

"I don't need the hospital i just wanted to make sure Anna doesn't buy it

" wow smart move sir.

my team members started clapping.

" log out guys lets leave it for strong health to buy I don't have money to waist .

" ok sir we just logged out.

" sir strong health is about buying it

" good luck to them.I said smiling

my team members clapped ... yes Anna lost.

all others stood behind Anna.

" madam what are you doing" Ethan asked.

" I created a fake hospital profile.

" wait, are you strong health.. Tristan asked.

" yes I am

" check this out ... malcom just logged out Henry said

" Chris buy the hospital with a.g.h.c right away ,log in now, Anna said.

" Anna log out of strong health quickly" Henry said

" am on iiiiiiit. done.

Anna stood up .

" ok give me 4 minutes to buy it . Chris said and logged in.

Anna rushed to another boy

" Jeremy how long before we lose the license

" 5 minutes madam

" Chris be fast.

"ok madam I bought it.

Anna smiled

" Anna government is about closing the hospital our license time is over.

" no no no no no no.... Chris hack into the prosecution

" Anna I don't know if I ...

" now Chris ... do it...u can do it.

" give me 30 minutes

" use 20

"ok.

Chris started hacking... Anna walked to Ethan . show me a preview.

he switched on a screen and Anna watched the government officers locking down the hospital for good.

Anna pulled off her shirt and used her hand to fan herself Rachel took her shirt she ran to Chris wearing only her black singlet

" Chris !!!

" done ...I hacked in.... I am calling the lead prosecutor now with a hidden number but i hacked in so I am using the secret code of the prosecution to call her.

" ok.

just then the prosecutor in charge picked the call .

" prosecutor Emmanuella jerkens.... case code 122..we are carrying out the final lock down of a.g.h.c's branch in India as their licence time is late by 2 minutes.

Anna walked behind Chris .

" Emma this is.... district head Mrs Miriam Salvatore and you have been ordered to delay the lock down , giving them extra 30 minutes.

" what is the code behind this order ma

Anna looked at Chris he was speechless..

" emmanuella how dare you question my authority.. do you wish to be stripped..

"ok madam.. everybody halt!!! " Emma shouted.

Anna watched from the system as the stopped locking down the hospital.

Anna smiled and dropped the call

" Henry send in our Team

" yes madam

Anna fell weakly to her chair and placed her hands on her face

Henry placed a call

" is this team b

"yes sir

" you have 30 minutes to move a.g.h.c from malhotra to chataveri Singh .

" yes sir. come on boys move it

" yes sir !!

Henry dropped the call.

" Anna we did it " Chris said

Anna smiled...first time she smiled at them they all bowed.

malcoms pov

I was about sipping my wine to celebrate when my team members played the video of the new hospital I broke my cup . why is Grande group being written over that hospital

" Anna fooled us, she hid her identity to confuse you... she was the one behind strong health.

I angrily smashed my phone

" nooooooooo why

" sorry sir...

" but i know their license is out .. we are still wining

" no sir,the prosecution just delayed the lock down

" what

" look.

he previewed the screen and malcom watched as a.g.h.c successfully moved everything from the old hospital to the new one. malcom almost fainted.

" shit!!!, Anna fooled me ,Anna is too smart , she wont get weak .

Anna's pov

I did it ,i defeated malcom alone. we are back with no losses.thank God..I coughed again and wiped my lips.the same blood.I guess its just stress. I turned my team

" congrats guys ... we did it.

everybody clapped

" enjoy your coffee now.

a new tray of coffee came in. I buttoned my shirt and wore my jacket.God I almost ran mad in there. rachel picked my stuffs and I stormed out. Ryan please be calm with me when u come home I don't have strength to fight with you please i beg you.

tonia pov

hahahaha our time is over.Anna couldn't do it.I turned to the crowd of investors in the hall.

" as you can see,time is up and no preview of the new hospital has been sent this means only one thing Anastasia Alexandra Grande failed .

is it not time we removed that little girl and found a competent leader within ourselves before Grande group fails... cos right now Grande is sick and if Anna couldn't do as much as buy a hospital then she is useless.

I looked around and the investors where nodding and whispering to themselves.I smiled.

just then Anna Made a conference video call all the investors turned to the screen with kin interest. everyone wants to know what she has to say.

" good day

" anna talk about the hospital

"yes we want to hear about the hospital

"did you fail or did you progress.

Anna smiled

" congrats ladies and gentlemen.let's welcome the new a.g.h.c.

Anna moved away from the screen and the new hospital previewed.all investors started clapping.Anna defeated Malcom today.... I was so embarrassed I angrily ran out of the hall...

I wish Ryan can just give up on Clara the way I gave up on Tony... we will make this work.we will be happy I swear cos none of us hate each other.we can do this I know. I stood up and picked my night gown. just then Ryan walked into the room.ok no wonder I heard greeting sounds outside.I tied my towel tighter..

he looked at me quietly for a while and dropped his bag

he slipped in his slipper and pulled out his shirt he walked past me and dropped his phone on the counter.then he pulled out his singlet I just watched him that sweet body.but is he really going to ignore me he tried walking past me again this time i held his hands lightly he looked around for a while then turned to look at me.. I shaked my head in disagreement.

" Ryan please,don't do it again..don't live with me like u did before ...I am not a robot, I really need someone right now please don't ignore me.

he looked at my face for a while then he walked closer to me. he lifted my face up and tucked my full hair into my ear.

i looked at him and he gently removed my hair from my shoulders sending them to my back then he ran his eye from my neck down my chest I held the towel lightly. he brushed my hair with his fingers

he looked into his hands and moved away

" are you ok Anna

"yes

"are you getting any signs of sickness

" no what kind

" Weight loss

Hair loss

Bleeding

Cough

Pains

Head ache

" no not really am fine ,i tried sitting down he held my both hands lifting me up the towel almost fell he held it to my chest I took it from him and folded it tightly

" Annastasia talk to me please

" Ryan I am fine I swear,am fine.no signs at all if I get I will tell you.

"ok,. he moved away from me and walked into the shower.

I know am fine . I wore the night gown quickly and packed my hair up. Ryan walked out of the shower with towel around his waist.

"uhmmm I will check the cook.I walked out of the room and met our cook.

" uhmmm what did Ryan choose to eat

" well he said he is not hungry.

" ok

"what about you.

am not hungry too,i am fine

"ok

I walked down to the pool and sat down dipping both my legs into the water when Ryan came to me. he sat beside me with both hands by the pool. Ryan's house is really beautiful and romantic any woman will die to live with him he is an angel. I looked in his beautiful face and he gasped for full air

" Anna I never imagined in my life that I would stop loving you. I loved everything about you, your nose, your mean nature, your authoritativeNess, I loved the way you loved me Anna, I loved the way you cared for me, I loved the way you made love to me, everything about you is beautiful. I sounded rude before while breaking up with you am really sorry. the truth is I wasn't shocked or annoyed to find you in our room Anna the last thing I can ever do until the day I die is to chase you out of this house... this house is really yours too even if we are no longer a couple. in this house u saved me, made me, took care of me, changed me, you were enough for me and you made this house my home. if it were left for me to decide I wouldn't Fall in love with clara. if I could tell my heart who to love I would choose to love you until the day that I die.

I smiled

" but Anna Clara came along and right now she is all I think about, I can't even breath because she is missing I miss her so much and I love her very much. he turned to me "I really do. he said looking into my eye. I looked down gently.

" right now I don't know where she is but where ever she is I know she is not happy. Anna I promised Clara that I want to be the man she deserves and I really want to do that..

" Ryan but

" I know everything Anna I am not a kid, I know you might have loved me but you loved a.g.h.c more than me

" Ryan

"I know that malcom is back and he is one of your biggest fear especially now that your dad is sick. I know your mom is missing and I know tonia is against you yes Anna I know what you are going through I understand you. I know how much you need that merger Anna maybe more than you need air to breath. and I also know how much my dad needs it. I can't just up and ruin it. but what about me. a.g.h.c is your life clara is mine. I need her as much as you need me so I decided to do what's right.

I won't ruin a.g.h.c or your hard work to be happy I will rather ruin my own life to be happy and keep you happy.

" Ryan what are you saying

" Anna I found a way to break off the marriage peace fully

" but there is no way

" there is Anna don't worry the merger will still be same and malcom won't hit you again....

everything will be fine. all I need is Clara.. you can as well keep the house too Anna just be happy

making you happy is what I really want .I hate seeing u in pain cos I know the burden u were born with and I don't ever want to add to that. but I also need to be happy too Anna and I pray everything works outhe pulled Me into a hug and kissed my fore head.then he hugged me tight... don't worry Ryan one day I will tell you the truth of where my heart really is so you won't think you are hurting my heart right now .am all right I even want you to be with clara.... i miss tony as much as you miss clara too... i want u both to be happy but not at the cost of my dad's life hard work not at the cost of the merger Ryan.not at the cost of ruining my life. tonia is looking for a point to step in from. my parents will become paupers she wants to take everything away but dad doesn't believe me.I will personally stop her I will stop all of them as long as I am alive. God I missed being in his arms..

we both walked back into the house he fell on the bed facing upward and I lay beside him.

" I wish everything works out well " he said

"me too .I smiled and closed my eye .if only u tell me your plan i will know how to handle it.

early the next morning i woke up without Ryan .he already left.he left very quickly.I rushed into my shower .Ryan no matter what you do don't tell your dad about Clara.

" am sorry dad ,i can't continue with this marriage I love someone else.

" who, Clara David ?

I turned in shock,omg how did he know about Clara I didn't even want to tell him about her.

" Ryan ,i saw pics of both of you even in the club and I thought it was just an affair,i tot u were using her to pass time dont tell me u love that girl ,don't tell u you chose that toy over Annastasia who will secure your future

" dad I love clara and I don't owe anyone an explanation as to why I love clara.as for the merger like I said I won't marry Anna but the merger will still be secured.

" tell me what your stupid brain is thinking ..tell me what your brain us thinking Evan.

ok once he calls me my birth name he has gotten angry but i don't care.

" dad I will move over my shares to Carlos.

" whaaaaaat!!

" if I had a brother i would have given it to him but Carlos is my cousin.I will sign off everything to him he will become the heir of Devan group and I will become a commoner

" what

" that way Carlos will marry Anna and the merger will still be secured no differences.

" no differences ,no differences.u want to sign off your birth right to someone, no differences.

" you want to work under someone all your life ,no differences.

" did you even think about your mom, when u give Carlos such power will his mum let your mum maintain her position in r.d ?.

" u will let him take your house too right no differences.

" you want me to be made a laughing stock in society no differences.

" what has Carlos done for you all your life u want to give your birth right to him all because of a woman.Evan!!!" he shouted hitting his gun across the table ,this man should not shoot me by mistake .

I stood up

"I already met my lawyer dad,i decided and its final all I want is Clara .

"tell me Victor

" we located her house ,we are there now.her mum is outside while her dad is inside.a young girl is outside and one is inside although both of them none is Clara.

he looked in my face my heart beat sank.

" Dad hear me out please

" sir who should we kill first as warning

"hold but stay there

"ok.

"Anna if what you have to say is not convincing I will tell them to do what they have to do Cox I can't sit back and watch my only son give his birth right to Carlos.

"Dad ryan Wont do that cos Clara won't go anywhere with him.

" how are you sure

"I promise you dad Clara is travelling,its my duty to secure this marriage ...Clara will leave this city just give me time dont hurt her

"what if your plan doesn't work.what if she elopes with Ryan and he successfully denounces his birth right

" no Ryan won't ,I Wont let that happen I don't want to marry Carlos but not only for my sake I care about Ryan's future I can't let him do this dad. trust me

"ok Anna you have 8 hours,I am watching you ,Clara,Ryan.

" good day sir

" actually dear,your services won't be needed anymore

"what

"you are fired

"but I just ...

"we are sorry

I wiped my tears and rushed out.this is painful and embarrassing.when did my life become a joke. I walked for awhile then I sat on the road side and tears just streamed out.Anna why are you so cold towards me,why do u hate me so much..my father's debtors are coming tomorrow how do I pay them .where do I get the money. it started raining but pain didn't let me move.I sat quietly crying my heart out soon i was so wet and I thought the rain would wash away my pain.that was when I noticed two boys following me.ever since the hospital and even now when I stopped here they are still hovering around .are they really stalking me.I stood up and walked slowly in the rain.if they are killers they should kill me cos my life is useless. people watched me from stores and houses.they wondered why I walked in the rain ,they don't understand that pain had made me psychotic love had made me loose my mind. missing Ryan has dried me up inside.I am just an empty vessel walking the streets in the rain. soon I arrived home.

my mom sat outside with lia,I bowed and walked past her.she knows better than to ask me why I am wet ,I will just start crying a fresh.

I met Diana on my bed

"clara ryan is waiting for you

" what

" Ryan is waiting at the beach you missed him so much go to him.

I wiped my tears

"forget the past Clara just go to him,if nothing else just hug him cos u missed him...hug him like your life depends on it.

"we are no longer renting this building" the man said

"but people are still living around" my dad asked

"sir your rent is obviously delayed so you do not have any right to say all the things you are saying ...guys move inside and help them pack.

the boys stormed in, my dad placed his fingers across his face. Anna again.what did that girl drink...it's obvious this is her hand work.why Wont she stop I ran out of the house.. I moved my wet hair and ran faster...I took the bus I was freezing cold .people didn't even realize my cloths where wet. minutes later I arrived a.g.h.c ,I stormed upstairs and stormed into her office.her secretary ran after me. there Anna stood looking out her window.she told her secretary to leave.she sat down on her table.am i seeing red marks on her neck or am I seeing things.and why is the front of her hair getting scanty most importantly why is her eye dimmed is she okay.. anyways that's not why am here.

" clara welcome" she said sitting in her chair" why are so wet ,u might want to change in my

room...

" really, do you think I trust you enough to do that you might as well kill me in there just ..just because of man...

" clara shut up you are talking rubbish" she said opening the file on her table.

what kind of creature is this girl I am taking and she wants to read... I moved over to her table and pulled all the files to the floor .she looked up at me. my tears streamed down just like a wounded tiger.

" what is your problem Anna,why are u ruining my life ,I left Ryan for you was that not enough u demolished my dads shop now he is owing thousands of people ,u sent us out of our house what do you want me do for you this girl.I screamed at her.

" go to Utica clara

" what

" go to Utica and I will stop,I will stop ruining your life.

" how can you be so heartless

" am not heartless,u said you left Ryan right but you were going to meet him even in your wet cloth ..is that how to leave someone...is that how to move on , if u didn't want to see ryan today do u think I will try to demolish your house huh!!!.

" wow so its all because of Ryan ,its still all because of a ryan

" man , because of a man.do you think I am stupid. look at this.. she switched on her projector and showed the video of the two guys who had been following me since morning where they hid waiting for me with their guns.

Anna's pov.

" am sure you are smart u must have seen them DiD you wonder why they are following you.no I am sure you didn't.

I called Jake on phone

" Jake send me a live video of the men waiting in her fathers house.

he started videoing and I previewed it for her to see. where they hid with their guns...Clara used both hands to cover her mouth.I switched off the projector...

"Clara you are not safe... I sent those men to your house so they can push u to come see me. your parents are not safe , your best friend is not safe your cousin is not safe Clara and once u follow Ryan they will die.they will all die but don't think u will be saved because ryans dad is following Ryan too if you meet him Clara his dad will kill you.if you agree to follow Ryan you will

die but not only you all your family members .Ryan found a way to separate the marriage he found a way to separate the marriage without separating the merger.should I tell you what he decided he decided to sign off his birth right to his cousin ..he decided to live as pauper for life ,he decided to start live afresh as a nobody.I will be forced to Marry Carlos and I don't mind I will do it for the merger , you, u Will loose your family , Ryan will loose his birth right and start life afresh like a pauper ,he's parents will never forgive him ,u will surely become an orphan are you ready to do all this for love,are you ready to let all this happen just because of love.. if u think I am fighting because I desire Ryan then u must be blind.I am fighting for you and Ryan and if you truly love Ryan Clara u would know that running away is not an option ... giving out his birth right is not the best option.the ball is in your court and my men won't follow you again.if u still want to meet Ryan you are free but if i were u i will go to utica and let fate do the rest , it's your choice clara .Anna sat on her chair

CLARAS POV

how could ryan make such a childish decision...just when I thought i will finally be happy my pain toppled.I sat down on the floor of Anna's office and started crying.I cried my heart out Anna looked up for a while she doesn't want to shed a tear she stood up and walked past me. I stood up and walked out of the office crying.... Anna is really heartless , who trained her to be so cold , she couldn't even console me and the only time she touched me was to slap me.i really wanted her to hug me and tell me sorry now but am I drunk,she's dry I am wet,she's looking rich I look dirty ... I don't know why I even love her so much... after all she did to me i still like her. Ryan i know u won't go.u won't leave that beach. u would stay until I come.that's how u are .u might even wait till morning.I checked my time 6pm its going to get dark soon.I took a cab and headed for the beach.

RYANS POV

I know Clara will come ,there is no way she won't come.I sat back on the floor waiting for her just now she walked out .she looks so wet from hair too toe.she slimmed down and pain is written all over her, is ok Clara ?

she moved closer to me, no smiles,no tears, I missed her so much on seeing her tears filled my eye.I pulled her closer and hugged her like my life depended on it.she didn't talk she finally unlocked.

(oh God i cried when writing this part)

" Clara

"sir Ryan,the way I broke up with you was very wrong so I came to break up with you the right way... please stay away from me , we are done for good.

I wiped my tears

" clara what are you saying.

"Ryan i don't love you anymore ,stop calling me,stop looking for me ,stop sending people to call me , you doing all this is irritating me.

I fell to my knees and she looked up seems she doesn't want to shed a tear.

I took her hands and she looked down at me that was when her tears streamed down.

" clara please don't kill me,I love you so much,we made promises,we shared moments , you said you loved me Clara I know you love me very much .

" no i don't !!, .Ryan I loved you,past!!! " she shouted.I stood up in tears almost limping.

I took her hands.

" clara noo

" I desired you ,past!!!.

"clara!!

" I wanted to spend the rest of my life with you ,past!!.

"clara please

"I wanted to be in your arms ,past !!!" she said in tears

" Clara I can't leave without you

" I dont love you anymore ryan ...don't ruin your life for me.I don't feel anything for you.she tried rushing out I pulled her into my arms and hugged her tightly.

" clara I love you ,present !!. ()she started crying like a baby.

" I need you Clara ,now!!

"Ryan let me go

"do I miss you ?,every day !!!

"can I live without you ,no!!.

" clara please don't do this to us .I don't know what They told you but I really love you very much.

I knelt down and wrapped my hands round her waist. she cried more and hastily wiped her tears

" Ryan let me go ,I don't want to be with you...i love someone else ,I dont love you.

I stood up like I was drunk.I pulled her into myself with my hands on her waist

" say it to my face Clara and I will let you go.

she looked into my eye and tears streamed down wetting her beautiful lips.

" clara just say.say it one last time.say it to my face. she ran her eye behind Me like she saw someone. whoever she saw gave her courage to look me in eye.

" I don't love you Ryan.I don't love you anymore.she said this looking into my eye and streaming tears.

I fell back to the sand

" go I am letting you go . I will always love you even if I do it alone.I said to her and she turned her back on me. as she walked I saw her Hands cleaning her tears.... Clara moved on from me so quickly.did she really ever love me... she isn't worth it .she isn't worth the sacrifice I made to be with her... I feel so dead...lost the only reason behind my smile I watched her walk away gently.

clara pov.

ryan I love you ,I love you so much that I can't let you ruin your life for me.I want to go with you but not at the cost of innocent lives.I know we will meet again.I love you more than life itself.I love you more than God himself.I love you more than love can ever describe. I love you Ryan so Much that I will die and kill for you.if I was the only one your dad wanted to kill then I would have died for you.... just go now Ryan.go now cos I want to start my own life afresh lets leave like we never met.. I looked into the ocean and it roared heavily just like it did that very day I and Ryan went to the beach.I want to make a wish but what do I wish for.knelt Down in the water and I saw ryan kneeling down at the other side. what will I wish for what does he want to wish for.

" dear holiness, I am here again just like I came before.I have only one wish.. allow me to meet Ryan again but let it be in a way everyone will be happy ,Anna,Tony,Ryan,Liam,Mr Grande,Mr dervantes, Isabella . I want to be with ryan till I die but not at the cost of anyone's life,not at the cost of anyone's happiness.I have so many needs and wishes but all I ask you for is ryan.give me a chance to love Him.give me a chance to love Ryan and watch him love me.

Ryan's ~~

dead goddess,I dont believe in u but Clara told me that you are real.and I have a wish.all I really want is Clara.it seems impossible but you are the only one who can bring Clara back to me in a way everybody will be happy.I have a lot of things to wish for but all I need is Clara. I opened my eye and the water over flew getting me very wet.I turned and Clara got wet too.I wonder what she wished for.I stood up and walked into my car.

Claras pov.

I stood up and headed home,its time to go to Utica and start my life a fresh . i arrived home everyone already packed. Diana was outside.

" come on Clara ,leaving for Utica is our best option" my dad said

I nodded

"clara Diana helped you pack." my mom said

I hugged Diana deeply.

"Clara I will miss you

"It's just two bus drives

"I know

she hugged me deeply..

minutes later the car arrived and we left...I sat quietly crying to myself..I hope my father's debtors won't find us here too.

Anna's pov

I sat on the bed I already bathed..I waited for Ryan to come back that's if he would come back. finally he walked in ..so much tears.he sat beside me on the bed.

"Anna Clara left...Clara said she doesn't love me anymore ,she said she moved on from me." he said I pulled him into my arms and hugged him tightly.

"Ryan I am sorry, everything will be fine I know.

he tightened the hug and I held him tight.God I never wished for any of this to happen.he unlocked and I wiped his tears.

"Ryan am sorry

"Anna Clara really left.she left me.I should let her go right ?,I should let her go now.I hugged him tightly again.

Ryan I want you both to be one but not at the cost of your birth right Ryan not at the cost of innocent lives.Clara really acted smartly.

Mr Dervantes pov

my boy just walked in.

"sir Anna was right ,the girl left.

"wow how far is she

"Utica

"hmmmm that's not too far

"at least Ryan can't look for her sir ,she dumped him.

"what

"yes she said she doesn't love him anymore.

"too bad...ok good job.

he walked out.Ryan must be in so much pain right now well if Anna is smart she should console him and use this opportunity of his weakness go get pregnant that way no one can separate them ever again.

Clara's pov/morning

~~~~~

wow new environment new feeling. I love this place and I love my room the best. I can't believe am now living with lia she wont escape to visit me again. moving in was not really bad. we are all set actually. mom went on a job hunt and dad well he is still here. he is always moody I guess losing that super market must have really killed him. he is in his room. lia went to college and Clara is going to look for work. yes if I stay home I will just keep thinking about sir Ryan and I don't want that...

I strolled into yard in my pajamas and Jesus Christ those men my dad is owing how did they find this place.

" hey there's that rude girl that said she would pay us today ,they think running can save them.

I used both hands to cover my face and ran away.

"hey catch her

they all ran after me yes that's my plan I don't want my dad to see them it will make him too start thinking.

"hey stop there

"can't you people come next week.

" stop there

I increased my speed and ran into the streets .

" hey do you want to die

"no u can't

I tried running away but they caught me and carried me up .

they tried moving when a car pulled over. then another car. wow this person must be rich.

4 guards came out. then they opened the door for him. he walked out .

" how can you carry a woman like this?" he asked .

I tried seeing his face but i can't because of how they carried me

" sir she is owing us

"just that,bring her down i will pay you" he said

omg who is that angel.

he turned to his assistant

" handle the cost

"yes sir.

" so can you bring her down now.

"of course,sorry.

they pulled me down to my feet and faced his assistant. I hastily bowed without even looking at his face .

"thank you sir

" actually all I know is that you are nice person...but .well...actually...the truth is

"u don't really like me

Ryan's pov

I walked into the room just to find Anna on the bed .she fainted.the towel she was holding was filled with blood what's wrong. I hastily pulled her up. Its pointless taking her to r.d I am not the doctor in charge of her and her health is very delicate.. i rushed into the car with her and took her to a.g.h.c Anna please be safe.i headed to the hospital soon i arrived.Samuel came out with few nurses and took her upstairs to her room they lay her on her bed on the same coma bed.. Anna would be so pained to see herself on this bed

" Samuel are You her doctor

"yes

"is Anna ok

"I need to run a few tests Ryan , Anna is too reluctant with her health.

"ok...i will be outside

"no i advice you go home i will Handle this ,I Wil send the test results to you as well as her health records then you can as well take over from me.

"ok.

i rushed out and entered my car.how could Anna fall sick.i can never leave Annastasia again.i will marry her and take care of her.Carlos won't take care of Anna for me she deserves love and i will give it to her...God please save Anna. she can't die, i promise to love her now I will take care of her i swear just please send her back to me.

Samuels pov

yes and just like I suspected Anna has cancer thank God it's just the first stage but if she doesn't commence treatment there will be a serious break down now the question is will Annastasia Alexandra Grande leave work and focus on her health .Anna needs to travel for surgery and this surgery is not Ryan's specialty this surgery is doctor shanes specialty.he treated my mum.and kept her on treatment for one month and when she came home nothing was the same.i wish Anna will just go fight for her health am just scared cos a.g.h.c might be taken away from her when she returns.i already gave her some drugs she should gain fake consciousness.i call it fake consciousness cos she will break down again.

" send the test results to Ryan " i said to my nurse

"ok sir.

just then Anna grabbed my robe.

" wait

"ok sir.

" Sam don't tell ryan about my health.

"what

"I am begging you...don't do that. i have my reasons.

"ok.

" I have cancer right

" yes how did..

"I over heard you but it's ok" she wiped her tears

" Anna your tissue cancer is as a result of too much chemical intake especially when you were in coma

" what do I do now.i can't die who will protect dad,mum,a.g.h.c who will take my place.

" Anna you Wont die of only u can meet Shane

" Shane is in London and he can never come here

" Anna u need to go there.please u need to live you have a lot of reason why you must live.

she fell weakly to her pillow. her phone rang.

" help me pick up.

i picked up

" madam the board meeting has been scheduled for tomorrow

i dropped the call

" the meeting

"yes

she held her face in her hands.and started crying I pulled her into a deep hug.

malcoms pov

i sat quietly in my office when my assistant rushed in

" tell me

"good news sir

" what

"Anna has been admitted in the hospital

"what

"it's true sir , she seems very sick

" hahahahahahahahaha I love this news

"ok sir.

she walked out. Anastasia scheduled a board meeting she can't attend. i love this. this is our opportunity to dominate. hahahaha just what I wanted Anna is weak.

Ryan's pov

finally I received the report

Anna is ok, she has just been stressed out for the while. she will be fine.. i smiled finally. i rushed over to the hospital in a haste. she sat quietly on the bed

" Anna

" Ryan

she opened her hand crying and I hugged her.

" listen you will be all right, I won't stress you anymore, I won't make you think anymore . Anna that merger is safe. i will take care of you , I will marry you. i hugged her deeply. i will love her now even if I love her out of pity. she touched my hair gently.

" Sam can i take her home now

"no u can't

" why

' we still need to watch her and watch her closely.

"ok. i will stay here too.

" Ryan please , u know being in a hospital room for long makes you fall sick. we both can't fall sick. just go I will come home tomorrow.

" will she come home?" i asked Sam

" yes she will.

i hugged her again

"ok I will just stay for few hours here. i moved her hair and hugged her. Anna suffered all her life... i saw her list of all the things she wants to try in this life. God you can't die Anna. you cant die. please don't die. i hugged her tightly.

after sometime I left and headed home

while driving all I remembered was clara's words

" Ryan I love someone else " actually Clara you just pushed Me into loving someone else too... being without you makes me meaningless. no matter how much i try to force myself to love Anna you are still the only woman in my heart.

clara's pov

i stood facing my mirror and looking into the cloud

sir Ryan are you okay , are u missing me no you must not you must have moved on with Anna by

now but i still love you and I still miss you every day.i traced the moon and walked out of my room I sat outside in the open heaven facing the cloud.my dad will pour me water of he catches me sitting here on the roof top.he doesn't like it..he's scared

Ryan I wish I could see you through this beautiful moon.i miss you so much ryan I can't even explain or say it enough.but it seems the world want us to be apart.i remember our love,our hugs,our kisses ,our romance .i remember the only day you touched me I am sorry we only had one opportunity to consummate our love I promise not to go into the arms of another man Ryan I wish u never sleep with another woman too.but who am i to wish that I already told you to go.i told you to move on so I will love you alone just like I am doing now.Utica is good Ryan but nothing in my life seems the same without you.i wrote you a letter but i can't send it to you.thank you God for giving me an opportunity to meet someone like Ryan.he's my angel. i smiled and tears streamed down. soon it started snowing I couldn't even stand up.i just sat missing and loving Ryan.God I miss him so much.

next morning

Sam's pov

anna stood from the hospital bed and hastily pulled off the drips and the oxygen . she pulled off everything on her

" what are you doing Anna

"I have a board meeting to attend

" are you drunk,Anna you are too weak to attend a board meeting

" I don't care.i can't miss this meeting.

the nurses took her into the shower minutes later she walked out fully dressed

" Anna you shouldn't be stressing yourself.

"I don't have a choice.she rushed to the door just then she held her heart tight

" Anna wait

she wiped her tears

" you don't understand I need to go.

she took another step and blood streamed down her nose. she coughed and more blood

" Anna they will laugh at you like this

"tonia will take over of I don't show up.don't u get it.

she walked further that was when her breathing seized.she fell but i caught her. she got unconscious she couldn't even talk again... she only shed tears.i lay her on the bed.

" Anna I booked your flight to London

she closed her eye and more tears streamed.

Rachel's pov
