I turned to walk up stairs then i heard Beyonce's dance for you play in the background he came up to me and kissed my lips I kissed him back the kiss was so amazing like the last time only better.

Banzi:since you made me throw my friends out the list you could do is finish that dance for me.

I smiled and pushed him until he sat on the couch, i took off the t-shirt."tonight I am gonna dance for you ohh wu wo ohh"I took my bra off and his eyes widened I went to grind against him as he grabbed my breast I got up again then unbottened my jeans I already took off my sneaker while I was dancing I took off my jeans and I was left in my lace panties."yes yes yes" I teased him before taking it off then went to sit on top of him then unbottened his jeans pulled then sat on top of him his manhood against my womanhood felt good I kissed him then I got up.

Me:the dance is over.

Banzi:no please don't do this to me i am throbbing.

I can honestly say for the first time in weeks i've had a goodnight's rest,walked into the bathroom and did my daily do's then got out wore my maroon adidas tracksuit ,white best and morning shoes i've no plans so i'll stay in doors.

I wanted to make breakfast for my dear husband so I asked Prisy to show me the utensils as she did I prepared breakfast and freshly squeeze orange juice. Ma Prisy told me that he loves pancakes with honey so I made

them I wrote a note "I am sorry for last night"

I walked up to his room humming I didn't know cause i had a tray on my hands I walked in him having sex with some girl to my shock I dropped the tray and they noticed me my tears where quicker than me i wanted to walk out but i couldn't.

Banzi:shit I can explain

Me:that is not necessary. for some reason my heart was hurting then I began to have cramps.

Me:oh God. I held my tummy and tried walking out but I fell

Banzi:are you okay?

Me:the baby aaaah.

I crawled out of his room the pain was unbearable

"Prisy I need your help!."

She came running to me and picked me up
Lubanzi came out of his room already dressed
he picked me up and took me to the hospital on
the way I said a little prayer

"Lord I come to you in time of need Lord I ask
you save my child for me for you said in your
word that no child shall die young but when
he/she is 100, Lord please allow my child to live
I pray in the name of Jesus of Nazareth. Amen."

Banzi: Amen!

We reached the hospital and after being
examined the doctor cautioned me to stay
stress free until I give birth which will be
impossible with Banzi and his hoe's . The drive
home was quiet apart from me talking to my
child.

Me: "Alu you have to keep mommy okay baby
mom was scared at first she made everything
about her but today I have realised that you are

the most important factor in my whole life,i love you baby girl"

Banzi:boy!

I looked at him with a confused look

Banzi:what?

Me:didn't your mamma teach you not to eavesdrop?

Banzi:sorry,are you hungry.?

Me:is that a trick question?

He sighed and drove by Steers and then he out with the "Phanda meal" it's my favourite right now but i didn't think he noticed.I opened the paper bag and began to stuff my face with burger we reached home I went to sit in the lounge and watched Braxton family values my fave,Banzi came down and set next to me.

.

.

Banzi:about this morning I am sorry it won't happen again,I am tired of this run around with you I love you Khanyi with all that I am and will ever be when you hurt I hurt.

Me:I'd like to believe that but seeing as you don't respect enough to fuck your girls in hotel but you bring them to my houses then you have the nerve to tell me that you love me,well then congratulations.

Banzi:I am sorry angel no amount of words can portray the way I feel about you.

My problem is I feel something real for him but I also hate him I want to ruin his life like he did mine but then again I want to have mindless sex with him and thank him for impregnating me. Sounds crazy I know but what can I do the

heart wants what it wants.

Me:can you do me a favour?

Banzi:name it.

I stood up and walked to my room

"follow me!"

I stripped naked and went to take a shower I dried up then went to my room,i found Banzi sitting at the edge of the bed I went over to him and kissed him and he responded. My body sent a clear message I wanted to make love with him,we continued kissing his hands were touch my weak points that I did know I had until he touched them.

He took of the towel and admired my body he then kissed my all the way down to my Vagina he muffed me until I came he came up to me then kissed again then he entered without warning.

Banzi:aaah fuck so tight shit.

Me:aaah oh my God you are so big.

He looked at me and smiled he began to move slowly releasing all the tension my body had a soft moan escaped my mouth as he grabbed my breast and began going faster .

Me:oooooh yeah Banzi aaaaahh.

Banzi:aaaaah fuck i love you Khanyi.

Thrust!thrust!thrust we came together then he laid his head on my chest and took a few deep breaths he got up and kissed my forehead.

Banzi:come let's shower.

I followed him to the bathroom we shared and then we lotioned while laughing and talking about the silly previous events.

Banzi:i thought you were teasing me just now but when you said"oooh yeah Banzi aaah" I knew that it was really happening

Me:Don't let go to your head sweety.

I kissed him then ran to my room and laid the naked.

Banzi:one more?he asked with puppy eyes.

Me:no husband I am hungry and I don't want to hear you say"aaah fuck so tight shit" we both laughed

Banzi:stop listening to me women when we are making love.

Me:after you man.

The door bell rang and Banzi went to check it out after he wore his trousers,i wore my black maxi dress with black sandals I wrapped my head and hid all my hair then applied make up .I heard shouting so decided to investigate so went down but didn't reveal my presence I sat on the staircase.

Banzi:Damit Xena I told that I will support you and the child you didn't have to come here.

Xena:marry me like you married that thwart that doesn't suit you or your image.

Banzi:don't fuck with me today I don't have the patience and don't dare call my wife names.

Xena:booo hooo I bet she doesn't know that you have five girls pregnant by you that she us just a number,have you lied to her yet and told her that you love her?I bet you have .marry me and she will never find out.

.

.

I heard enough with tears blinding my vision I went to my room locked the door took out my suitcase and began to pack after wards I called uncle.

(Conversation)

Uncle:staring you are scarce hey married life is treating you so good you even forgot about your number 1 ninja.

I sobbed I couldn't talk

Uncle:Buhle bam are you okay

Me:ple...come and get me, I whaled.

Uncle:i am coming he dropped the call I dragged my suitcase downstairs and Xena was still here.

Xena:if it isn't Mrs Jameson.

Me:i am sorry I don't know your name but it's Ms Jonas.

Lubanzi looked at me with begging eyes it was clear that he was fought with his hand inside the sugar basin.

Banzi:are you okay Ihoza why are your eyes red?

Me: I just realised that I am married to womanizing liar who has the whole Africa pregnant by him,i just realised that I have been stupid enough to believe that he loves me but now I see the light.

He went on his knees when he noticed the suitcase.

Banzi:please babe we can fix this we just have to talk about that's all I love you Khanyi I meant it when i said that.

My uncle walked in he didn't even ring the door bell.

Uncle:Buhle bam.

Me:daddy! I ran him like the child I am and sobbed in his shoulder while he held me tightly,after a while I calmed down thinking of

the baby.

Uncle:did he hurt you.

Me:he lied me he has other girls pregnant by him.

Uncle:come let's go princess.

I picked my suitcase and handed it over to him.

Banzi:please don't go. that came out as a whisper and I could feel the hurt in his voice but I need to leave for the sake if our daughter.

Me:you will thank me one day,i truly love you it's a pity we don't share the same feeling.

.

.

I walked out and I felt that meant the end of our marriage.

Maybe I over reacted I think I gave that Xena chick exactly what she wants I mean how can I just walk out on my husband in front of her and give her the satisfaction.I refuse to just give up like this we might not work out but i will boldly say I've tried.

.....

Me:staring? I said in a low tone

Uncle:godfather.. I smiled it's weird how he loves this name too,it came about when i was 15 years old I braided my kinky hair and wore the kind of suits that the gangsters from Brazil are mostly showed wearing on tv when i was asked my inspiration I just said in a crazy tone"because I am the godfather of all this operation and my only associate is Monenza" But I didn't think knew staring about

this because he was not there...But back to the matter at hand

Me:please take me back. Please don't chew my head off I said a silent prayer.

Uncle:ohk. he did a u-turn

Me:just like that?

He smiled and nodded

Me:wow since we are in the moment can I ask for something.

Uncle:shoot.

Me:can you bless me with 10000 just nje.

Uncle:ngoku ndandikwendisa ndandisithi kuwe awuselo xanduva lam.(when I married you off I was showing you that you are no longer my responsibility)

Me:hayi shame kubuhlungu ukuba ndim(it's not nice being me)I said tearing sarcastically.

Uncle:i am kidding buhle bam you know you are the Apple of my eye.

Me:tatam

Uncle:now and forever.

Me:lahle lakho(your illegitimate child)

Uncle:you know it.

he pulled in the drive way

Uncle:by choosing to face your demons and not run away today you showed me that I have raised a responsible young lady and that young man is lucky to have your heart,I can see you love him.

Me:stop it daddy

I've been a cry baby but now I cry for no reason it's weird,my phone beeped and the Capitec money inR5000 I looked at him .

Me:do you have some type of magics you didn't even press your phone but there is money in my

account so thank you.

Uncle: this pregnancy is making you nuts I didn't do any transfer.

My phone beeped again and it was a message from Banzi.

"That should be enough for an abortion goodbye" I stared at my phone till tears came out.

Uncle: what's wrong buhle bam?

I didn't speak I gave him the phone, is this what I meant to him nothing, stop being stupid Zikho this marriage was arranged because of your weak moment that didn't mean he loves you.

Uncle: hush buhle let's go home Zusive and Zusakhe will be there for you. my uncle has twins both boys they are 21 .

Me: wait for me here please.

I walked inside the house and went up stairs to

his room I want him to say this to my face,i opened the door and he was sleeping next Xena they were both naked and spooning.That should be us! but how could this be oh universe take me away from here my chest hurts I can't breath this is too much.I went to stand on Banzi's side and shook him

Banzi:not now baby we will go in a moment okay?.He said with his eyes closed Xena opened her eyes and saw me then she shook Banzi who opened his looking pissed then his eyes fall at Xena's direction then his mouth dropped open.

Banzi:Zi..Kha....baby.

I just looked at him

Banzi:baby it's not what you think,i was just trying to comfort my self I thought you left me I am sorry I didn't think you'd come back.

I won't answer his fake ass excuse

Me:so you don't want your child anymore?

Banzi:i do baby you know it more than anything.

Me:but this says otherwise.I showed him the message he then shook his head

Banzi:i don't know anything about this

Me:goody since you don't,i want you to forget that you have impregnated a silly girl who thought your marriage was worth the fight who wanted things to work.look at this message for the rest of your life and enjoy your life with her be happy I tried, I love you.

I turned and walked out I didn't cry anymore,my uncle drove me home and to my surprise we had company a white women in her 70's but still vibrant and a man in his 40's..I wasn't interested I thought it's my gran's clients.

Man:she is beautiful this is her I know it.

Uncle:what the fuck is this boy doing here?

Grams:come down my son they came in peace.

Me:evening.I didn't wait for their response I didn't want to be in that room because the air was just bitter.I walked to the kitchen to fixed my self a sandwich with pickles,cheese and sweet chilly sauce"Yummy" I took one bite

Grams:Zikho!

tjooooo I am eating njena,i got up with the plate in my hand and tears in my eyes falling freely.

Uncle:Buhle bam why are you crying?

Me:granny called for me and I am eating now I can't enjoy my sandwich.They all laughed

Grams:i am sorry nana come sit next to me.

Me:no you are the enemy right now we are angry at you,i want to sit next to daddy.I went and sit next to Staring and enjoyed my sandwich

Uncle:eat my darling.I smiled this man though he is the love of my life.

Women:she said "we are angry at you" and the sandwich she is eating is weird is she pregnant?

Uncle:Yes she is.

I began to sniff and I cried again

Man:what's wrong now princess. I didn't answer him

Uncle:Buhle bam it's okay baby your sandwich is very much normal come on enjoy it okay. after I finished eating I looked at everyone but no one was speaking the white man began to cry his eyes look just like mine but his have a hint of blue.

Me:yes peeps what's popping I am tired,grams you called for your beautiful granddaughter.

Grams:baby this is your grandmother Helena and your father Ivan they are here today to

apologize for not being present in your life for the past 18 years they wish to know you if you will allow .

I kept quiet then after a while.

Me:i'm Zikho JJ.

I reached out my hand I firmly shook theirs then took it back,the white guy began to cry and I went to to console him.

Me:Don't cry it's okay to be shitty and irresponsible getting someone pregnant is easy but being a father and being there is something else,you don't have to cry because I am not crying my mother abandoned me at birth because you fucked up her life and you also saw it best to let me suffer for your stupidity.But I am grateful for having a shitty ride to earth I never needed or wanted for anything my dad always provided for me and my grams did the same so crying today won't fix anything

God knows I don't hate you nor mom you just have to be grateful that the Lord deemed it fit for you to lay eyes upon me today and move on.

I left for my room after those words I needed rest,i took a shower then I went staring to bed..

Xena:it hasn't got into that babe i'm sorry.

Me:i won't say it again.

She went up and came down in a few.

Xena:I need money for transport.

"I love you Banzi I really do"

Me:but you left me how can that be when you've abandoned me.

"we can blame it on your actions Banzi I love you,I love you Banzi"

The sound of the buzzing phone became louder,dammit I was dreaming.

(Conversation)

Me:my wife

Zikho:I want food.she said sobbing

"Dying in silence"

She came inside with a paper bag and walked to the kitchen I followed her she took out a box that had chocolate cake in it.

Me:can I have some?

She looked me then she pouted her cute lips then a tear escaped her eye it was so cute I wanted to kiss right then and there.

.

.

No I am not a pervert you see Zee was given to grams after birth by her white boss's wife because her son raped and impregnated her black friend's daughter who was not ready to be a parent,grams raised her and she was shown a picture of my late mother and was told

that it's her mother who ran away but they kept the rape part, she never labelled her self as a product of rape but rather as a beautiful young girl who is adored by her family we are not blood related but we love her.

Yes I love her too and over the years I developed feelings for her and when i heard she was getting married it killed me because I wanted to be her husband and the father of her children.

Zikho:andifuni(I don't want to) she said wiping her tears.

Me:please?

Zikho:why would you want to eat something that has been touched by white crash?.Over the years I have been mean to her because I didn't have the courage to tell her just how much I love her and being mean seemed like the most logical option.

Me:look Zee I am so sorry for being the mean cousin over the years I am the crash not you I trully apologize, I know you prefer Zusakhe over me and I don't blame you.

Zikho:first of all nobody is crash,secondly I know you don't hate me so I don't take everything you say to heart and I love you and Sakhe equally and lastly I forgive you.

She came closer to me then she kissed my cheek and gave me the warmest hug ever.

Zikho:I love you okay.

Me:I love you too.. more than you will ever know.

Banzi:morning chubby cheeks.He kissed my forehead

Me:morning Boxer.

Banzi:and then why are this rude to me today.

Me:ask chubby cheeks.

I marched upstairs and took a cold shower then

wore my grey adidas tracksuit with my sleepers,i felt the urge to clean the house so I moped turned the bed upside down and cleaned the entire until it was spotless I then went to Banzi's ensuit and sorted his things according to colour and brand I did the same with mine.A soft knock came from the door

Me:Come in.

Prisy:nana your in-laws are here

Me:oh my god I didn't know I haven't prepared anything.With some cooking lessons from Prisy I can cook a pot or two.

Prisy:it's okay,change i'll go take out the beef and then make tea with the scones you baked.

Me:thanks Prisy.

She smiled and walked out,i wore my traditional wife clothes and pinned a scarf on my waist then wore my black Vans and went downstairs.

Me:boo Dlamini. I bowed down before my mother and father in-law,never spent time with them they only came to the wedding and that was that.

MaNoma:daughter in law.

BaDlamini:my daughter.

I got up and went to the kitchen I brought hot water with hot & cold milk and juice I also brought coffee and teabags.

BaDlamini:nonsense child sit down you are heavy we will order pizza.

This man is cool like my uncle oh universe I miss my starring,I nodded and walked to the kitchen came out with rinsed and plates I covered then while we waited for pizza I cleared up the table when they finished with their scones and juice.

Prisy:good girl.

I nodded the door bell rang and the pizza was being delivered I paid for it and served them again,i took what was left to Prisy I didn't want any.

The door bell rang again,I went to attend to it and to my surprise Xena and two elders were at the door which I assumed it was her parents I moved aside and they came in.

"Lord give me strength"

I showed them to the living room.

MaNoma:Oh my beautiful daughter how are my grandbabies?!.she embraced Xena"ohk"I got the message loud and clear me and Noshori don't like each other.

Xena:they are growing in fact next week I am going to give birth.

After I signed my release forms Banzi got the kids into their seats I don't know when he got the other two seats but it was sweet but fuck that it's his kids so yeah. Dad took us to his white family van and placed the kids at the back with Ashton(Ariana) who doesn't want to leave their side, I got a ride with on his BMW X6 because he wanted to make sure we are safe..

Me: Dad please be cautious with my babies.

Dad:they are mine tooo you know .

With that said we both got into the different cars and drove off with me and Banzi behind dad..I decided to call Uncle.

(Conversation)

.

.

Uncle:buhle bam.

Me:hey daddy today I have birth to 4 beautiful babies we were released because they are healthy and so am I.

Uncle:oh wow that's beautiful,are you coming home?

Me:no uncle I am going to leave with Ivan and Tamar for a while but you know I can't come to work now right.

Uncle:yes ofcourse..He sounded dissapointed maybe I should just tell dad to take us to my grandmother's house.

Me:bye dad I love you.

Uncle:love you more buhle bam.

I feel like an ungrateful brat right now we were 5 minutes away from Ivan's home.

Banzi:babe I think you should go to your grandmother's place not Helena but your real grandmother.

Me: I hate to say this but i think so too.

Banzi:Zee I love you babe,you have given me what no other women could have given me a family no amount of sorry can explain me slapping you while you were pregnant with my children even if you weren't that was just plain wrong.

Me:it gets tiring to hear the same excuses or

speech every time, I'm so tired Lubanzi you have shown me enough flames the women that claim you impregnated are still pregnant and you still have to see if they are yours or not but either I am done.

Banzi:Come on Zee ,think about our children.

Me:i've been doing that since day way.

We reached Ivan's place and I got to talk to him.

Me:Look dad I appreciate you guys picking us up but after I called my uncle I think it's best I go to my maternal home,I love you guys but the raised me i need to show gratitude when it's due and now it is more than ever.You guys can come visit whenever you want but please drive me home.

Ivan:you know you are truly the big girl I have known you to be,it's okay princess i'll take you home.

Tamar came and gave me a hug after seeing

the kids .

Tamar:they are breath taking.

Me:thank you Tamar.

Ivan:honey I am going to drive her home okay.

Tamar:they are not coming to leave here?

Ary:Yes the are mommy.

Ivan:not anymore sweety pie.

She frowned and walked away.

Tamar:don't worry we will give her a pep talk once your gone.

I got in the car with dad this time and Banzi drove behind us.

Ivan:so tell me what is going ,why are my grandchildren being thrown around when both their parents are married?

I am so not ready for this.

Me:Dad Banzi slapped me in front of family he

wanted to divorce me and marry another women legally is it because I am currently uneducated they way I ought to be does he care that little for me and his children?

Ivan:marriage is hard Zee you don't just run away when the tough gets going you need to have courage and fight for your happiness and Love,don't pass the sin of the father onto my beautiful babies.

Me:I hear you dad.

We reached home and I got Chulumanco and Chwayita and walked into the house then went to get Anela and Anele.

Me:Family we are home.!

They all came out of the kitchen.

Uncle:Oh buhle bam i'm glad you came home.He gave me a tight hug,Sive and grandmother where busy introducing themselves I guess I don't matter anymore.

Me:hello guys I am alive right here if you care to notice.

Sive:hello princess .he gave me a baby kiss and a hug so did grams.

Uncle:take the kids to their nursery and go lie down there is everything you need in there even your bed is inside the nursery.

Me:thank you dad .

I went outside to say bye to Ivan only to find him punching Lubanzi.

Me:no no Dad! stop it.

He looked at me and stopped

Ivan:don't worry sweetheart it's just two man talking.

Me:Banzi are you okay ?

Banzi:now that you call me Banzi again I think i'll be just fine.

Me:eshe mxm.

I kissed dad goodbye and walked inside,grams told me to take a bath and wear worm clothes after that I ate then breastfed the not so fussy girls when i was done placing them on their cot I felt hungry again I then ate again and drank stoney to produce more milk I fed the boys when they woke up and then fed them and changed them they just slept peacefully..I decided to take the advantage and join them,While I was sleep I heard someone coming but my brain told me to pretend as if I am still sleeping,I smelled his cologne and I knew it was Sive.

.

.

Sive:I've been hiding my feelings from since they began and today is bittersweet I wish these kids were mine ours,I love you Zee with

all of my heart and there is nothing I would love more than to be your husband.

He then kept quiet,crazy nigga we share the same blood.

Sive:I wish grams can tell you the truth maybe then you will consider being mine.

I heard the door opening.

Grams:what are you doing here let them rest,come let's go.

He got up and the walked out,after I felt the room was empty I got up.

Chapter 9

.

.

The truth shall set you free"

#Zikho

.

.

These babies have it in for me they try in unison
and they also sleep in unison,I bathed

them on my own I made sure the room temperature is extremely warm I then put them in warm clothes then fed them each,they don't get full with my two breast because it was advised that I feed one child until I feel that my breast is empty and change him/her to the other that means my other 3 precious nunas will starve so I resulted to bottle feeding.After that it was lights out so went to the bathroom and washed what they were wearing with a sunlight soap bar then rinsed the clothes I took the baby monitor and went downstairs and to the back and hanged their clothes.I walked back into the house and I found grams making breakfast.

Me:morning.

Grams:morning nana you are awake already?,i was making you breakfasts so you can have energy to deal with the babies today...

Fuck that like anyone helps me around here

ever since I got here no one has entered the nursery but Sive and just came to stress me out with the family secrets and his crazy ass brain.

Me:oh thanks,I'll go and take a quick shower.

Grams:buhle bakhe are you Okay?

fuck ever yeah everything is dandy I didn't sleep and I have to take care of four babies on my own,so yeah I am okay with all the secrets flying around.

Me:yeah,is there a family secrete that I should know about.

Grams:we don't have secretes here baby.

Okay lie to me It's fine but nothing stays hidden forever i'll just use Sive as my snitch.

Me:cool..

I walked to the nursery and went the bathroom took a quick shower then lotioned I am on Chulu's time she will wake up any moment 10

minutes of sleep is enough for her,i work my shade black tracksuit then went down for breakfast only folks and knives were doing the talking.

Me:i need help guys.

Sive:maybe you should go back to your husband's house and have him help you.

Uncle:Zusive excuse your self from the table now.

Me:so I have become an unwanted baggage?

Grams:not at all baby just that we too busy to help.

Me:Please excuse me.

I walked upstairs but I decided to eavesdrop

Grams:she cannot come to know the truth we need to take her out of here,convince her to go back to Lubanzi it's for her own good.

Uncle:mom nothing stays hidden forever.

Grams:this can and it will be go talk to her.

Uncle:when I come back from work..

He got up took his briefcase and safety helmet
the walked out I walked upstairs and called
Monica.

(Conversation)

Mon:if it is my godfather

Me:it feels so damn good hearing your voice

I wish I could snuggle up with you and have you
brush my hair until I fall asleep.

Mon:what's wrong babe talk to me.

Me:I think my family is hiding something big
from something that could break me but I don't
know why or what,Lubanzi also slapped me the
other day and forced me to early Labour.

Mon:I am coming back next week babe i'll be

there for you,wait did you say slap and early Labour?,are you okay and is my godson okay?

I smiled I didn't tell her that I was expecting twins little did I know that I will get another set as a surprise.

Banzi:hey morning.He said looking surprised

Me:morning,how are you holding up?

Banzi:not good i'm no good without you.

I got up and went to stand next to the cot I showed him our bundle's of joy.

Me:Anela looks just like you it's weird.

he laughed

Banzi:what do you mean weird he is mine it's supposed to be like that,you also look like your father.

Me:that's not true I am way too beautiful to be looking like that old man.

we both laughed and Chulu woke up crying I placed the phone next to the monitor so he could see us both,i checked her nappy and it needed to be changed so I did that then fed her.

Me:i need a helping hand Banzi.

Banzi:I can come over and spend the day with you guys.

Me:you could take us to the hospital for their check up and take us home after that.

He sat up quickly

Banzi:are you serious.

Me:yeah I am serious,i am not coming home for us to be a couple I just want you to be a hands dad.

Banzi:i am coming right now I think the fortunier will accommodate all of us .

Me:hurry up and bring me breakfast from wimpy.

Banzi:okay my queen.

I dropped the call and I started to pack with Chulu on my hand she is a mommy's girl even though she will deny it when she is older after I finished packing for them I placed them in their car seats and covered each with a warm

blanket.

Me:Chulu why can't you sleep like your siblings?,you won't grow you know that.

she just nibbled on her fist

Me:food killer.

I took out my breast and fed her after that she dozed off I placed her in her car

seat then covered her.

Me:we need to get the dual car seats this is too much.

I applied a bit of make up on I might be a new mom but I won't let my self go.The door bell rang and I knew it was Banzi so I took their bags with me when i went to open the door.

Me:Kyle !

Zeb:I see you forgot all about me,aren't you going to welcome me in?

Me: ofcourse come in.

I stepped aside

Zeb:I see you have laid to bed.

Me:yeah four bouncing babies.

Zeb:I knew it

Me:oh please.

We were still standing by the door.

Zeb:what's wrong talk to Zeb.

he is crazy cute

Me:well nothing much just that I am tired.

I am not about to tell him my marriage problems let alone my life problems.

Zeb:i won't force the truth out of you,where is your husband.?

Me:he is on his way and I think you should go before he gets here.

Zeb:why are ashamed of me.

Me:no I just don't want any drama.

Zeb:okay i'll go for your sake.

He pinned one on my forehead

Zeb:you are truly a beautiful creature.

Me:oh stop it go now.

He smiled and walked out the door.

.

.

.

.

30 minutes later Banzi arrived and took us to the hospital the doctor said we are all in good health so Banzi took us home,he finished the nursery and he had everything I will need inside,nappies,baby soap and

Vaseline,oil,blankets and bottles not forgetting the changing table and so on.

Me:hurt my babies I will circumcise you again!

Banzi:never.

I went to what used to be our room and took off the tracksuit I wore Banzi's t-shirt and dozed off immediately as I hit the covers.

.

.

.

Prisy:she doesn't stop crying I fed her and changed her.

Chapter 10

.

.

When I said I do"

Week later

#Banzi

I can tell something is really bothering her she tosses and turns when she is sleeping she has even withdrawn her self from our kids it's really unlike her.

.

.

Her perfect frame is under the sheets hair on her face she has the most perfect lashes her cute pink lips are slightly open, she breathes in and out her heart rhythm matches mine our breathing is insync even though she is angry at me now I know she adores me more than life but not more than our kids(jealous)I have been one selfish jerk I still cannot believe I slapped her .

"Remember this day"

I remember her saying that with so much hurt and disappointment in her eyes, I never intend to fail nor be the one to hurt her but I did more than once. She is not perfect and neither am I all she wanted from me was to stay true to our vows and remember the reason I said I do.

She opened her eyelids slowly taking in the environment.

Me:finally she is awake

she hid her face with her left hand and I noticed that she had her ring on,she took it off after I slapped her but now it's back on.

Khanyi:didn't Noshori teach you any manners?

Me:I apologize me lady it won't happen again.

Khanyi:broken promises love.

she rolled out of bed and went to the bathroom and did her daily hygiene,I used this opportunity to make a call.

(Conversation)

Nilu:hello sir.

Me: I need you to do some digging,I want you to find Nobuntu Jonas my wife's mother.

Nilu:do you have a picture sir?

Me:no I don't want my wife to know it must be a

surprise.

Nilu:right away sir!

We ended the call.She came out with a towel around her body

Me:since when do we hide my own body from me?

Khanyi:since my skin has got excess and stretch marks from your kids.

She began to sing looking at me

"there's a feeling I get from you*2 good or bad i've taken over,Love it's only you love it's only you only you know me that well only you know me! there is something in your eyes I don't know what is it but i keep coming back for more,more of your love more of your pain your sweet misery,there is a feeling I get from you no other man can trigger"

She danced around the words hit home I love her, I stood up and went to her grabbed her from behind and she had tears threatening to come out

Me:talk to Mrs JJ.

We took a sit at the edge of the bed.

Khanyi:I want to find my mother,being with my own kids having them love me unconditionally I wondered if I showed my mother the kind of love they show me if she could have stayed for me.If she could put past the rape part I understand that it was hard for her but seeing how Sue loves Monica I always envied her.

She began to cry

Khanyi:I don't know who I am people think finding their father's tell them whom they are but for me it's finding my mom that matters,I am that unlovable that she would ran and never think about me how am I?,what am I today in

society why does it hurt like this Banzi I know it was meant to be like this but this journey hurts. Having you slap me in front of your parents I wondered where is my mother to rescue me I felt so low like a 5 year old with no where to take refuge.

She exhaled

Me: I am so sorry for being the cause of your pain I acted without thinking about how that will make you feel or how it will disappoint you when it comes to my promises, please forgive me.

She looked at me with her red eyes

Me: I for.....forgive you Banzi. She struggled with getting those words out I could feel her pain I was suffocating but I had to be strong for her, I got her under the covers and laid with her I rubbed her back till she fell asleep. I got up and went to my study

.

.

.

Me:fuck! fuck!

I called Nilu

(Conversation)

Nilu:unfortunately sir Nobuntu Jonas passed away she was Nobuntu Peter until she got married to one Mike Jonas,she then bore two boys Zusive and Zusakhe she passed away straight after giving birth,She never had any child by the name Zikho Jonas. Maybe she was adopted

Me:this is fucked up they lied to her search for Ivan I am not sure about his surname and call me as soon as you have info on him.

Nilu:right away sir.

I have to keep this to my self until I find out the full truth,When I said I do I meant it.

Me:don't you dare be that selfish.

She turned shocked and looked at me.

Banzi:I'll do anything please don't do this please think about our kids.

Zee:I am useless to them like this.

A lady walked in with a crying baby she stopped and listen to the cry it was like she was coming back to her sense,she dropped the gun and took her child.

Zee: I am so sorry baby mommy is so sorry.

She rocked her self and the baby.

Banzi: thank you Prisy.

Me:damit Lubanzi Jameson I am fine ,okay?Now leave me the hell alone.

He finally gave up and stormed out,I stopped and walked upstairs for my daily fix I took the

razor and ran my self a bubble bath with a glass of wine and got in I drank the wine first then cut my wrists the pain in my heart vanished I focused on the blood and I had this out of body experience.

"Beloved this is not what I called you for I love you and I will take away your pain, forgive like I forgive you love like I love you. The man you are with is the one I created for you"

The echo filled the bathroom and I felt a heavy load being lifted off my shoulders, I got out of the bath and dried up I lotioned and then wore my black long sleeved maxi dress to hide my wrists with black sandals, I applied make up and let my hair loose and then took my car keys to my Audi 6 with my maroon clutch bag and went out.

.

.

.

Receptionist:Mrs Jameson Dr Watson is ready for you.

I nodded then followed her to the office

I then sat down.

DrW:Morning Mrs Jameson.

Me:Morning please call me Zee.

Dr:okay Zee ,go ahead talk to me tell me about you.

Me:..uh...Okay.....uhm I am a married 19 year old with four kids new born might I add,I just reconciled with my father and I have this scar of growing up without a mother and now being a product of rape is getting to me.

Dr:tell me more about your mother,what you know I mean.

Me:well I know that my father raped her and I was conceived,she couldn't bare to look at me

nor touch me and loving me was definitely out of the question,so I have been told.She ran away and never looked back not even for a second

Dr:do you think her absence in your life is the cause of all your pain?

Me:I'd like to think so but i know it's not entirely the truth,in life we go trough the road we are meant to travel no one can travel it for us it is sometimes hard and it is sometimes amazing filled with laughter and singing birds.I would have liked to grow up with a mother have her tell me about boys,sex and have our nails done together but that never happened.

Dr:you are a wise young lady,can I ask you something personal?

Me:yes..

Dr:how is your relationship with your kids?

Me:uhm....my...kids after what happened I

have isolated my kids they live with my husband's mother.

Dr:what happened?

Me:I attempted suicide and failed miserably.I smiled feeling ashamed

Dr:I see tell me how you were feeling at that moment what drove you to want to leave your new born kids and husband behind?

Me:I felt suffocated like everybody was sucking the life out of me,my husband with his cheating ways not being what I envisioned my self being all the lies just got to me.I thought I was no good to anyone in that state I thought my kids deserved a better mother than me,but now I realize that I almost robbed them off what I they need the most ME!

Dr:thank you for coming in now i'd like you to write a letter to your husband and children tell them how you feel each day so that will be a

daily exercise don't write the bad include the good even if it's a small portion.

Me:thank Dr Watson I feel much lighter.

Dr:don't forget to pray with your husband every night ,see you next week.

I walked out of that man's office feeling like i can do better change things like i still have a little fight left me.

"Remember it takes only one match to make an explosion "

I smiled and walked to my car and drove to my husband's work place I first passed by mug and bean and bought some chocolate muffins and two black coffee cups then went.

.

.

.

I arrived at his office I don't normally go into his office or should I say I never go to his office.

Me:Morning Rhonda is my husband in.?

Rhonda:ummh.... he is in mem but i believe he is busy he asked not to be disturbed.

Me:trust me I need to go in there Ok sweety I am sure he won't be mad.

She seemed a bit off but I was in my high way there is no getting me down,I walked to the office and opened the door

Me:i am so sorry for my resent behaviour I went to therapy today and I promise you things are going to get better.

I turned after closing the door and he was naked and Mbali was on the couch she covered her body with his shirt.

Banzi:babe I.....

Me:i'm sorry for bugging in like this.

I placed the doggy bag down and then followed with the coffee

Me:I brought you breakfast i'll be on my way now.

I turned and walked out,I walked passed Rhonda who had pity in her eyes.

Me:thank you Rhonda he is truly busy so i'll see him at home.

Rhonda:have a good day mem.

I walked to my car with my tail between my legs and got in and said a little prayer.

Me:Lord please give me strength to fight the right fight help me and guide me for you know what is good for me,in name of Jesus Christ I pray amen.

.

.

I started the engine and drove to the Jameson residence to see my babies.

#Banzi

.

.

Me:you left the fucken door unlocked!!

Mbali:I am sorry I thought I locked it.

Me:you thought bloody useless girl only thing your good at is opening your legs you have just ruined my marriage,get the fuck up and leave.

She didn't argue she got dressed and I gave her R200 for the cab and she went.

Me:Rhonda!!!

She came in rushing

Rhonda:sir?

Me:cancel all my appointments for the week I am going home tell Nilu I need the information asap.

Rhonda:yes sir,will that be all.Should I order lilies for Mrs Jameson?

Me:why would you do that?

Rhonda:she seemed upset and it's her favourite flower.

I don't know my own wife's favourite flower

Me:no i'll get them on my way home.

Rhonda:okay sir.

I took my stuff and went to my Father's house.

Mom: this is nice having the both of you visit in one day.

Me: both of us?

Dad: yes Khanyisa is upstairs playing with the kids, they haven't cried since she got here.

Me: let me go say hi.

I hope she didn't do anything stupid I ran upstairs and stood next to the open door and spied on her.

Zikho: you are mommy's little girl aren't princess you are just like me full of life and always up for adventure.

She giggled

Zikho:mommy is crazy you are only two weeks and she is already talking about you being adventurous when all you want is to eat and be warm not forgetting to be loved and my baby. Yes nana that's all you want

She exhaled

Zikho:daddy and I have been very bad but very soon you guys will be home with us where you belong come now let's pray..Heavenly father I come before you knee bowed I ask for protection over my life and my husband's life protect him father as he works hard for his family give him strength to fight off temptations remind him of my love for him,Father I ask for protection over my children and in-laws my entire family,Banzi's stuff.Lord I pray for Mbali bless her oh Lord with everything her heart desires guard her heart Lord never allow her heart to break like my did today and lastly I ask

you to fix me fix me so I can be a good mother and wife in Jesus name I thank you for you have heard my prayer and answered it Amen.

Wow I didn't she prays like that and she even included me in her prayers the part that kills me is that she still wants to be good for me when all I do is dish out pain for her,I walked down stairs and sat next to dad.

Mom:it's enough now Banzi you have cheated enough on the girl,hurt her enough and yet she stayed it's time to bring a smile upon her face now and no she didn't say anything I saw it all over her face.

Me:I already feel bad enough mom.

She came down holding Chwayita and came to sit next to me.

Zikho:my husband.She kisses me on the cheek

Mom:Chulu allowed you both to come down without her?She giggled but I could feel that it didn't come from within

Zikho:me and my babies had a talk I gave each and everyone of them the love and respect due to them and now I am bonding with Chwayi wam.

Dad:they love you like we do.

She giggled again

Zikho:I know dad,I have to go and prepare dinner for my husband if mom doesn't mind i'd like to spend a full day with them tomorrow.

Mom:if I don't mind?tyhini lomntana they are yours.

Zikho:I know but i still need to respect you maybe you had plans with them.

Dad:she doesn't sweetheart she will bring them tomorrow.She nodded and smiled,she gave me

Chwayita.

Zikho:see you at home my love.

.

.

The day for me to go home had come after showering I wore my bum shorts and a vest thankfully I had no visible injuries I just had internal bleeding with old school black vans,I forced Tabitha to go home and rest so Banzi will be picking me up as I was packing my stuff this yummy doctor walked in..White with pink lips you could see that underneath the white coat there is a lot of sexy going on broad shoulders,just like a Greek God only white

Dr:Mrs Jameson?

he asked while looking at the file he was carrying.

Me:yes sir

He looked up at me and smiled my body heat just went from 50degrees to 2000 degrees I kept on swallowing my saliva.We both stared

into each other's eyes smiling like retards

Me:ummh you ?, where is Dr Neil.

Dr:oh...um...I am Dr Brown but you can call
Brandon i'd like that ,Dr Neil is away so he
asked me to see you off.

Me:ohk Brandon nice to meet you i'm Zikho.

Dr:well just sign here for me and leave your
number there on that piece of paper we will call
you for your next appointment.

I did as I was instructed,when I have him the
form our hands touched and I saw a little
something.

Me:oh my I need water.

He got it for me,I gulped the whole glass down .

Me:thank you Brandon.

Dr:it's my pleasure

We looked at each other again then a knock disturbed us it was Banzi he came towards me and kissed me on the forehead while the sexy doc looked around.

Banzi:ready to go?

Me:yeah.

We walked to the door

Me:see you around Brad.

He smiled

Dr:see around Zee.

I felt Banzi's eyes on me but I didn't care we walked to the car and he opened the door for me I got in the he closed it and ran to the other side.

Banzi:I see the hospital has been treating you nicely already on first name basis with the doctor..

Jealous much?

Me:is that jealousy that I sense in your tone.

Banzi:not really, we are going to pass by my parents house so we can see the kids then i'll rush back to the office after dropping you off at home..

I knew he was not going to the office but to see my special friend..

Me:ohk just don't work too hard ohk.

I could see him exhale but I got him

We arrived at the J residency we walked into the house my ninjas were already sitting but with the support of pillows ofcourse I couldn't help my self I just went and kneeled down in front of them Chulu began to cry they were in the lounge.

Me:mommy's buggy you still remember mommy don't you princess. they all cried so i knew I couldn't hold them all Banzi attempted to come and help but i stopped him

Me:"thula thuu thula mntwam thula sana
thul'umama uzobuya ekuseni,thula thuu thula
bhabha thula sana thul'umama uzobuya
ekuseni" I sang for them and they all stopped
crying I sang until they fell asleep we placed
them in their crib maNoma has one for them in
the lounge so she can watch them and her
soapies.

Noma:you are good with them,once you are on
your feet you can take them home with you.

Me:that will be very soon ma,I feel a bit
exhausted can you take me home Banzi.

Banzi:okay come let's go.

Noma:take it easy child.

I smiled at her and we went home,he didn't even
come in.

Me:Lord I feel like i am a burden to him.

I said as I walked inside the compound and

rang the door bell and Prisy opened the door when she saw me she just cried .

Me:ncoooah my Prisy don't cry mamma is back come on cheer up,look what I got you.

Me:it's time for renovations,would you like these couches?

Prisy:yes I would they are nice.

Me:okay,bring me the phone book.

I called the movers they came and took the couches to Prisy's house i took out all the sheet in all room and duvets with all the blanket along with Banzi's most cherished clothes.

I went to the back yard and shot a video of me pouring gasoline into his clothes and lighting them up,I sent him the video and wrote"this is very therapeutic

I went back inside and washed of the smoke from my body and wore my black denim tight dress above the knee and my nikey sneaker on my foot I did my make up and let my hair down I took my purse and Banzi's black card I then locked the door.

Me:we shall buy the accessories on the way,I feel like buying a new car. I took a cab and went

to the dealer's I bought my self a Bentley.

Sales man:will that be on cash or?

I looked at and gave him the card,I took a picture of the car and sent it to Banzi and my caption was"having a rich husband is blissful"

He called me after that

(Conversation)

Me:hi love!

Banzi:what the hell are you doing what's wrong with you.

ME:you are what's wrong with me I dropped the call.

I went to the mall straight after that I bought clothes and bed stuff I went to pack the on my car the I went to the spa,I got my self a nice pedi an mani full body massage I got out feeling like a million bucks

.

I went to the salon and asked them to make my hair short,I looked smoken hot I paid up and left.

Me:it's time for food now I have been working hard.

I drove to an Italian restaurant I had to change my attire first so I wore a black hugging ballroom dress with black gladiator heels I wore the diamond necklace I got my self 24 k magic in the air baby head to toe so pretty

.

I went to my table and ordered medium rare steak with a bottle of their best wine,as I was wining and dining alone I got a call from a private number.

Me:private number hello?

Voice:um..h...Hey!

Me:hi Brad.

Voice:how did you know it's Me?

Me:aren't you supposed to be saving lives?

Brad:well I saves yours so i am covered for the day.

Me:are you Dr Neil by any chance?

Brad:no I look nothing like that old man.

Me:then you didn't save me! He smiled

Brad:out spoken I like that,so tell me where is your husband. before I could answer that I saw him and Monica walking in her baby bump was visible I felt the knives going through my heart I

pushed back the tears.

Me:at the door with his side chick, kiss me.

Brad:what?

Me:kiss me now. he got up and kissed me my mind drifted from the reason I wanted the kiss I felt the spark between us my goodness this feels so right when it's so wrong.We stopped and Monica was staring at us with her man on her arm oh universe this is just poetic justice

Brad:wow that was....

Me:amazing,if you are finished can we go somewhere private.

"So this is how things are going to be?"

I turned and he was standing behind me

Me:it's what feels right for me right now when i

am with him I don't feel hurt,used and disprected I feel loved and I think my heart is melting towards him.

Banzi:what about me your family?

Me:We stopped being a family when you stepped out on me stop acting perfect I can smell her all over you even now and you want me to care about you,why should I?

I narrowed my eyes and looking at him waiting for his fucked up lame excuses but he just walked out of my bedroom as I finished getting ready...My phone rang and it was Sakhe they have been calling but I am no ready to speak to any of them so I ignored them,I wore my black pencil skirt white crisp shirt with a black blazer on top I took my purse and walked out wearing red Prada heels and drove to my therapy session.

.

.

You know when it is said that when we are tainted God doesn't see us at the same light and the realm of the spirit is limited to you because of the filth that our Father in heaven sees when you call out, Lucifer meets with God but at a certain level his impure ways bar him from entering heaven because darkness and light cannot co-exist..So my sleeping with Bradon while still married to Lubanzi is adultery which the bible is obviously against I have been barred from seeing other things God gave me this gift and he won't take it back but i won't as much as I used to see when i was of pure heart but i still see a bit and our conversations and internal no longer external

.

.

I arrived at Dr Watson's office we had our

counselling but because I was troubled I left early and went home,when I arrived I took off my clothes and showered then lotioned I wore my bumshorts and a tee with my sleepers and sat on the bed I had a message from Sakhe..

Sakhe:we need to talk please come home.

I wanted to reply so bad but instead I called Brandon

(Conversation)

Brad:hey baby do you miss me already?

Me:yes I do,my adopted family has been calling me non-stop but i don't think I am ready to see them..

Brad:I know what they did was not right but you need to confront them babe and put this past you guys so you can move on,think about our kids.

Me:you are probably right babe but i can't face them alone can you go with me?

Brad:I'd love to but i think you have to do this on your own.

Me:I am scared.

Brad:don't cry love,look I think you should go to a park or something where everyone can sit and have a chance to speak what's in their hearts.

Me:okay Brandy i'll do just that thank you for abandoning me.I laughed to indicate that I was joking

Brandon:got go baby,I love you and i'll see you later tonight at my place I have had enough of being your toy but we will talk face to face about it.

Before I could answer he dropped the call.

Me:I want a family meeting with everyone including dad and mom..I sent it to Sakhe and he confirmed with everyone that we will meet for dinner.I went downstairs and made my self a sandwich but the smell got too much for me i threw it away and went to the lounge to watch some television.My phone beeped and a message popped on my screen from an encrypted number

"I see the doctors soldiers shoot to kill in a matter of weeks you are already pregnant congratulations..P.S" Mxm abanye abantu bathanda isihoyo

.

.

.

Later on

We were sitted at the table at home or gram's house my uncle kept on stealing glances at me

with emotional eyes he couldn't look at me properly, out of all my family member I thought he loved me more.

Me: so we are gathered here let's talk Sakhe you said you wanted to talk so talk.

Sakhe: I just wanted to apologize for not telling you the truth and I also wanted to tell you that I loved you which I still and will forever do.

Uncle: buhle bam yini mntanam xola kaloku ntombi ewe sikonile but our main aim was to protect you and give the love that each child deserves.

My heart breaks when he is like this my daddy is broken by all this when I finally woke up I distanced myself from them now I see how much damage I made.

Grandmother: utshintshwe ndim wena awulalisanga mna uthiywe ndim Zikho izithembiso zikaThixo (I changed your nappy I

was the one up with you i even gave you are a name)Mntam sonile ndiyavuma kodwa ingaba yonke lonto ithi sinike umva ?(We have wronged you but does that mean turn against is)?...Mara koko I wanted to hold her and say I forgive you but my heart is black.

Sive:You know that you are the most annoying thing always about me Me me what about the people that raised you,bathed you,fed you people who were the for your first step first day at school basically your first everything.You have them beg you to forgive them and love them when they did that without fail but here we are today because princess was lied to..I love you Zikho I really do not as my cousin but way more than that but now you behaving like a selfish brat of you don't want us anymore there is the door walk out and never come back..He got up and left my uncle had tears on his cheeks I couldn't take it more I took my bag and

Walked out I breathed out I took a few breaths and rang the door bell Sakhe came to open and he looked confused.

Sakhe:forgot something.

My uncle had his head between his arms with his hands on his arms I walked past Sakhe and went to him and crouched down and whispered.

Me:Starring do you know that we don't do tears in this house now wipe them away and be the starring I know.He looked up and I wiped them for him and kissed his cheeks

Me:daddy ka buhle back .I gave him a tight hug

Uncle:buhle bam.He said with a low tone

Me:I love you daddy and please forgive me for being a spoilt brat and thank you for being who are you,my first love..

Uncle:oh buhle bam i love you more Angel.

He exhaled and I went to grams

Me:granny wabantwana,looks grams I can be a B sometimes and I am very sorry about that lover yam va.

grams:don't I know it..We hugged it out and then stood up

Me:Sakhe apologies are not your thing but thank you for reaching out to me I was in my feelings and I didn't realise that I was hurting you guys more,I would like all of us to get along Ivan and Tabitha are my biological parents but biology ain't shit cause you guys raised me without it I never felt like an outsider not even once..Like I said they are my parents and I have grown to love them both I hope starring can forgive them for my sake.

Uncle:I did along time ago..

Ivan and Tabitha went to hug my uncle and grandmother

Tabitha:thank you Mike for raising her we won't take away I know she won't allow that.

Me:true that,now guys i have decided to divorce Lubanzi because our forced love is not working out at all.

Uncle:if it's what you want Angel..

That was easy okay

Sive:finally she sees the light

.

.

He said while balancing his whole body on the door frame.

Sive:now that the truth is there dad can you give me your blessing to pursue her because you know how I feel about her.

Uncle:andingeni ndawo.He go up and kissed my chick then he went and the others followed we were stand afar from each other.

Me:you are not my type you are a baby I can still smell NAN on your breath so there won't be any pursuing here,Capish?..As I was walking away to join the others he grabbed my arm and next thing I know his lips are on mine he kissed me the he stopped he looked in my eyes..

Sive:Capish!

He walked away I touched my lips and stood there like an idiot,what just happened ..

ZIKHO

.

.

I woke up with a massive headache half naked in my bed,I got up and walked to the bathroom I don't know how I got home but thank God I am safe..I did my daily hygiene and wore my navy chino pants with a white shirt wore my wrist

watch and made a neat bun I carried my blazer and briefcase with me and made my way downstairs.

.

.

Tabitha:well if it isn't the hard working mom

Hard working a bottle of wine yeah that's correct,my squad quad were next to her on the couch

Me:morning mama

I walked to them and picked up Anele he looks so much like Lubanzi,Anela started clapping his tiny hands so I had to sit down and place the both of them on my lap.

Tabitha:looks like you were up late you are look horrible,hangover?

I was so embarrassed I just nodded but she laughed

Tabitha:poor baby,so your dad and I have been talking and we think you might have rushed into divorce I mean you didn't give a fight. First of y'all are talking now huh?,oh and your friend is built on my name oh ok go on i am watching

Me:mom not now please I just want to chill with my people before they go to their father's place .

Tabitha:ok ok but marriage isn't child's play you don't leave your partner in a fire you help them instead.

She is really ticking me off

Me:I think Tim misses you now you have been gone for too long thank you for helping out.

Tabitha:fine I 'll shut up and leave but remember it's not about only you they depend upon you and Banzi don't be selfish give them a family.

Since when is she team Lubanzi???,I ignored

her because she has lost her mind she kissed the babies goodbye and she left

Me:phewww I thought she would never leave boys granny is going crazy isn't she Chulu?,she just looked at mommy with her big eyes I love my children so much they are my strength.I spent the morning just playing with my babies I didn't want them to go but I can't be that selfish so I drove over to Banzi's place and rang the door bell he came to answer to it he looked good shame not as miserable as my mom thinks .

Me:hi

Banzi:hey.

Silence

Me:umh can come and help me with them

Banzi:sure

We walked to the back seat Candy and Cassy

were sleeping my girls they must be tired I took them still in their car seats and walked inside I went upstairs to lay the girls down and on my way down I noticed a shadow in the passage I went to investigate and I found Monica hiding.

Me:hi are you hiding?

Monica:no I am looking for my earring

Me:okay then.. I turned but she grabbed my arm and what I saw was horrific"Mama is not here to protect you drink away babies they will think you died of poison from her then we will be rid of her and you guys Banzi will be all mine" she said while the quadruplets were busy sucking something that looked like blood from their bottles..I felt a charge going through my veins

Monica:you should bring the kids more often don't worry they are safe here

Me:yeah

Banzi walked in with the boys and baby bags .I

rushed to him

Me:I forgot that its vaccination day today so maybe another weekend after that they become very fussy so I 'd like for them to be with me.

Banzi:woooah breath look at you,you are sweating what's wrong. I placed my hand on my forehead damn I am sweating for real

Me:me uhm I told you they are sick so I need to be with them

He grabbed me by the arm and we walked outside

Banzi:talk did you have a vision is it not safe for them here..? I couldn't control my fear and it showed on the tears that escaped my eyes

Me:she....she is going to kill them if I leave them here I know you might now believe me but she will,let me take them with me please.

Banzi:who?

I saw Monica standing by the door watching us

Me:the mother of your child don't turn but she is watching us right now.

Banzi:okay here is what we will do,we will drive to my parents house and I will spend time with them there..Wait he believes me wow!

Me:okay

Banzi:stop crying now you are ruining your make up...

I smiled and wiped my tears we placed our kids in the back of the car again with their bags.

Monica:where are they going I thought it's Banzi's turn..

Banzi:somewhere safe

He got in the car and drove off like a maniac..

.

.

On the way

Me:I didn't think you would believe I thought you would think that I am..

Banzi:jealous?

I nodded

Banzi:I wish that was the case but i have been having dreams of people who are dressed in white telling me that my children are in danger,so my gut told me to trust your vision.

Me:wow that's deep..

He chuckled

Banzi:not deeper that seeing your babies being killed.

Me:yeah.

.

.

.

.

BANZI

.

Later that day after spending the day with Zikho and our kids and seeing that I no longer have any chances with her I drove home..

Monica:where have you been?

I grabbed her by the arm and kissed her she was wearing nothing but a t-shirt I entered her from behind I moved slowly then picked up the pace with her screaming my name after I came I went upstairs and packed an overnight bag and went downstairs again...

She was busy doing what she does best shopping online and wasting my money.

Me:I am leaving for a business trip i'll come back in 5 days

Monica:let me pack for you that bag is small

Me:i'll buy what I need there

I walked to her and kissed her cheek then went back home to my kids,I don't how I am going to get rid of Monica I don't want her and now I am not even sure about the paternity of the child she is carrying.

Banzi:I always wanted something more when i had all I could ever need..

I miss my wife yes I may not deserve her but i need her I know that now

.

.

SIVE

"Sive....Sive I lo....."

Her voice has been ringing on my ear all day

long dammit Zee why is this feeling so strong.

Zusakhe:-Akhe do you know that you will die before your time thinking about girls.

I went to visit him I needed advice

Me:-Ive I know man but she is not just a girl you know better than anyone how I feel about her,and now after our kiss I just can't stop thinking about her I think she wanted to say she loves me yesterday before she passed out..

Zusakhe:My advice is go after her with full force she listens to you,you know when you were i'll treating her with your nasty ass words she would cry and ask me why you hate her so much..Now show her that the hate you had was just frustration of not being with her like you wanted.

Me:I think it's time I fight for her like I used to when we were young.

Zusakhe:yeah that's it go for it Chan's but yhuu

ningazali usemncinci lamntu bra(but don't get her pregnant she is still young bro)

"Hey baby won't tell me the truth you wanna be the one you can't stay away,hey darling don't make no excuse it's the fire we make like a moth to a flame you can't stay away,it's the fire we make feels like it burns inside you"

He kept on singing while looking at me I got up and went to turn the volume up and we slow danced,there it is no worries no lies no past or

future it's just here in the
moment Laughing and feeling safe. The
song came to an end and the door bell rang

Me:I'll get that

I got my wallet and walked to the door but when
i opened I was surprised because it wasn't the
delivery guy..

Jamie:is Nicko here?

Me:um hello yes he is in..

I moved so she could come in

Nick:what's taking you so long

He noticed Jamie and they just looked and each
other I felt like the huge elephant in the room so
I went to pack my stuff.

Me:thanks for tonight I have to get going now

I walked to door and opened it when i was out I
exhaled as I was about to get in the lift I felt his

hand around my waist his cologne gave him
away I turned and he looked into my eyes

Nick:where are you going?

Me:home

Nick:why?

Me:I am trying to give you space I asked you to

me go.

He pulled me closer my hair got on my face he
moved it slowly whilst looking at me the
moment was intense no lies about that

Nick:what if I can't

Me:stop this at once

I turned and pressed the button and got in

Me:I had fun now it's your turn thank for
tonight..The lift closed and then it went down I
got out and walked upfront got in my car and
drove home,when I arrived I saw my favourite

Me:hello ma how are you

Noma:i'm fine baby I just miss you seems like you divorced me too

Man1:athi ngisike ikhekhe kancane muhle lomntu(let me have her she is beautiful)he said while he placed the gun on my breast.

Man2:msikile e6.9 mfe2 sheshe lapho(fuck her in the toilet and be quick)

Me:no please take the car and leave please don't hurt me.

He dragged my to the toilet he ripped my panties and he entered me

Him:aaah fuck angizokulimaza phola mntana umnandi(I won't hurt you relax girl you are good)

I tried fighting home off Me then he hit me with back of the gun in my head but not enough to put me out,he kept on moving the other guy came in

Man2: shesha nam ngifuna ukuzithola(hurry up I want some too)

Me:no please don't do this think about your

sisters please don't this,they just laughed

I just lost hope I laid there as they had their way with me my tears stopped coming out when they finished they laughed again.

Man1:iyashisa lengane(this girl is hot)

they high fived and walked out, I waited for someone to come but nobody did I opened the door and dragged my bleeding body to the street and the security man saw me my dress was no longer peach but red.The ambulance arrived and I was taken to the hospital.

Dr:ma'm we need to call your family give us a number.He said after examining me and taking all he needed I couldn't register all I had in mind were my babies I brought them to this cruel world how could anybody do this to someone else I begged them to stop but no they enjoyed themselves my tears didn't move them not one

bit,I gave the doctor Zusive's number and then I turned and looked on the other side and cried.

.

.

.

An hour later

Zusive:nana wake up please you are safe now wake up it's okay I am here it's just a dream.

I woke up and looked at him and got up and held on tight to him

Me:they didn't stop I begged them but they didn't I feel so dirty and ashamed I couldn't fight them of Sive I just couldn't

I cried yet again with him holding me

Sive:I am so sorry I wasn't there to protect you we cried together and I think I fell asleep again.

.

.

NICHOLAS

I was just chilling listening to Alicia keys I can see why Zee loves her she is truly is amazing, my phone rang around 10 pm

.

(Conversation)

Me:talk to me

Kyle:have you seen the blogs online Zee's was raped man in your father's building it's making headlines as we speak

I stood up

Me:fuck no man my data is off I have been listening to music where is she now?

Kyle:braidy hospital man this is fucked up .

Me:ok look dog find the bastards that did this to

her I am going to see her now.

Kyle: I am already on it.

Me:cool

I took my car keys and drove to the hospital like a maniac passing through all the red lights I got to the reception

Me:where is she

girl:who sir

Me:Zikho Jonas where is she .

Girl:who are you again sir

Me:her husband

Girl:okay sign in she is in room 12

I signed in and rushed to her room I almost couldn't recognise her she looked like someone I used to know swollen eyes a bandage on her head and tears that came out on their will this sight broke my heart to the core.

Me:hey

She turned and looked at me,these niggers Will pay I tell you.

Me:I am so sorry

I went to sit next to her and she just looked at me with so much emotion she is a fighter she is strong but this I could tell that this broke her.

Me:Zee say something I am here.

Zikho:find them and kill them I know you can.

Then she went quiet again

Me:I will,I will do anything for you

She looked at me with her eyes shining from all the tears she was trying to fight back

Me:it's okay to cry don't be ashamed I am here for you no matter what.

Zikho:we go on each day living our lives in routine welcoming new people in our lives

basically living in a cocoon not even once do we think that our lives could change over night,that someone can come in a matter of minutes and take your soul from your body without thinking twice have them rejoice in your pain the possibility of remorse is 0,00% you lay there in the cold floor with their stench all over you being numb to the pain inflicted upon you,crying out for help but nobody comes to your rescue you only have yourself to blame why didn't you fight or why were you at work to begin with you should have been careful have someone walk you to your car..They took out my soul and they didn't even have regret in their eyes...

.

With that said I could say anything back I just held her all I can do now is find these Bastards and kill them slowly and painfully.

Me:they will pay Zee trust me they will pay.

She exhaled and kept quiet.

.

.

.

We don't know what will happen when we wake up it just does

awake what I am supposed to do? I can hear
then laughing it's just too much for me

I ran myself a bath and took my razor went into
the tub I slit my wrists as deep as I could I
watched myself as I bled out the pain left me
and I was at peace.

.

.

.

BANZI

.

.

We were downstairs with kids but Chulu was
still napping after a long night mom and I
playing with them, mom decided to switch on
the television and the headline "financial advisor
of Russo and Son hijacked and raped by two
unknown men" popped up a picture of Zikho

was shown next to the headline

Mom:yhoooo Lubanzi umntana wabantu(the poor child)she began screaming and the kids started crying and they woke up Chulu who has been crying since yesterday she cried too dad came rushing down he almost fell I had my hands busy trying to calm everybody down.

Dad:what's going on who died

He saw the headlines the reporter that was on the story came on.

Reporter:this is where Miss Jonas was raped and hijacked she dragged her body out so she could get help,securities said that they didn't hear any noise so that is how she was violated under their watch..She has been released to the comfort of her home but one thing is for sure that Zikho Jonas mother of 4 and wife to Lubanzi Jameson will never be the same again.Zimkhitha Moyamnye East London..

.

I tried calling her but she didn't pick up

Me:something is wrong,dad I have to go

Dad:go son call me,tell her we are here for
her...Calm down Noma she is still alive

I took my car keys and drove to her house

Me:Khanyisa.I shouted her name as I walked
through the front door Nolu came to me

Nolu:she is sleeping sir.

Me:I'll go and check on her

I didn't wait for her to reply I went into her
bedroom she wasn't in her bed so I went into
her bathroom just to make sure she is there

Me:No no no you didn't,I took my phone and
called the ambulance I got her out of the water
she was still breathing I covered her wrists with a
towel trying to stop the bleeding,I took another

towel and wrapped it around her body..Tears came out on their free will as we sat there together on the cold tiled floor I could only imagine how she was feeling

Me:I'm sorry God save her please save her don't allow her to leave like this please save her life please. The ambulance arrived and the ride to the hospital was long

Me:hurry up I can't loose her!!!I banged on the window

We finally arrived and they took her to the ER,I kept on pacing up and down saying a little prayer in my heart my phone rang and it was Monica

.
.br/.

(Conversation)

Me:hello

Monica:something is wrong I am bleeding but
it's still early I think i am loosing the baby.I
heard sniffs like she sounded scared

Fuck this can't be happening

Me:I am on my way okay stay there

"Beloved this is where it started this is where it

I looked around but there was no one there

Monica:aaah Banzi please I need you please

.

.

NICHOLAS

.

.

Me:good work Jody I see they are already tied up

Kyle called one of his buddies and he did the digging his name is Jordan but he likes being called Jody.

Jody:it was easy finding them,they went around the hood bragging about how they robbed a white chick and rapped her.

Me:they did more than that,thanks man keep them like this let me go and get the lady so she can get her closure they die after that.

They shaked and cried like bitchies fuckers they picked the wrong girl.

.

.

After I drove to Zee's house her nanny told me

what happened and I drove to the hospital I was told that she is out of danger but she is needs all the rest she can get..

I walked to her room but I stopped on my cracks when I noticed that she had company her husband was holding her hand.

Him:it will get baby we will fight these demons together I will never leave your side ever again he got up and kissed her forehead..

Chapter 21

.

.

The following day

BANZI

.

.

I couldn't leave her side yesterday so I slept next to her Sue has been calling me all night but I ignored her calls now the time came for me to go see about Monica and the baby... I sent Mike a message and he said they will be here in the morning so now it's around 5 am.

.

.

Me:how are they I tried to get away but I couldn't.

Sue:she lost her baby girl and she is in a critical condition as well the doctors say she might not wake up she lost a lot of blood.

I wrapped my left arm around her

Me:I need to see our baby

Sue:it's not a pretty sight are sure you want to see her like that she is not fully developed or should I say was

Me:I want to say goodbye I owe her that much atleast please

We walked to this cold dark room that smelled horribly I was shown the body of the infant Sue decided to wait outside.

.

Me:gone too soon baby girl may your soul rest in perfect peace go and claim your place in heaven I may not believe that I am your father but it doesn't matter anymore because I love you like you are my own sleep in heavenly peace

.

I walked out of there feeling heavy but Sue was no longer by the door I saw nurses running into Monica's room and I went and watch as they forced crying Suzanne out I wrapped my arms around her and we stood the by the door looking at the small glass the doctor looked at his watch after a while of resusitating and said
Dr:call it time of death 5:45 am

Sue began shaking in disbelief and I just bowed my head and consoled a crying mother that has just lost both her daughter and granddaughter.

Me:May her souls rest in peace

she looked at me and nodded.I took her home still in the bloody shirt maybe she is way out of it to notice her husband arrived and I took off.

.

.

Mom:what's with the bloody shirt?

Me:not now mom okay I just want to shower and see my kids

I went upstairs and did my daily hygiene wore my black Nickey tracksuit with black leather nike(cortez) sneakers and then I went to check up on my babies Chulu was up as always

Me:you can sleep now baby mommy will be fine daddy will take care of all of you okay.

She smiled at me at least I believe she did I kissed their cheeks

Me:I love you my babies be good for Nana and Pappa okay

I walked downstairs and joined my parents we eat breakfast and I told them about everything

Mom:sho it's messed up moss so what will you do.

Me:I will pay my last respect when it is due right now I will be by wife's bed until she wakes up.

Dad:good son now you are acting like a man

Mom:I wonder how long will that last,will it be until a new skirt comes around.

Dad:Noma stop it.

Mom:if he could betray the girl with her own best friend then that means he doesn't deserve her you might be my son but first of all I am a women.

Me:were you a women when you forced me to flaunt Xena in front of my very pregnant wife

when you treated her like your slave??,no I don't think so..

I got up took my car keys and headed for the door,I am not perfect but tell me who is and I will show you God..I drove to the hospital and only Mike was left there with Zikho others had to leave

Me:how is she??

I asked standing by the door he turned and looked at me

Uncle:buhle bam is okay she is will come back to me

He took her hand and kissed it I don't understand why he adores her this much but he loves her a lot.

Me:she is lucky to have you in her life

Uncle:no I am the one who is blessed enough to have her in my life and have her call me dad

when she is happy to see me or daddy when she wants something she is my only daughter my most prized possession I would do anything for her..

Me:do you think she will forgive me for what I put her through

Uncle:she has a big heart she always forgives then it's up to you to prove that she made the right choice by forgiving you.

Me:I pray for guidance everyday something I never did but I started the day she woke up.

Uncle:she serves a way maker ,miracle worker a light to the darkness she would always say to me,I know she doesn't blame God for what happened to her not by one bit

Me:she is amazing.

Uncle:that she is,let's bow our heads and thank the Lord for her life

We put our hands together and I held Zee's hand and we both prayed..

.

.

.

ZIKHO

.

Monica:can you see that they are praying for you I just died and he is by your bed praying for you now I see I was wasting my time.

Me:what happened had to happen even though you broke my heart I knew the end of what was going on between the two of you.

Monica:he loves you he will always love you,I am sorry for what I did to you it was out of jealousy I hope God heals you from the rape I only wanted for them to scare you not to rape

you I am sorry.

Me:forgive our trespasses as we forgive those who trespass against us,I have learned to forgive you Monica with our fathers help I know I have.

Her light began to dim down and mine shined all over the place that it blinded me as well

"I gave you life stop trying to take it next time I won't spare you now go back and do what I have ordered you to do for I am your God"

Me:what about her soul please spare her too

"she doesn't want that she has chosen her path now walk yours"

The sound of a beeping machine was the first thing I heard I concentrated on my heart beat and then finally the hands around mine I slowly opened my eyes and they were both there looking at me..I coughed lightly

Uncle:buhle bam baby you are awake oh
mntanam.

Banzi:let me get the doctor

I held his hand tightly and squeezed it he
stopped

Me:water

my uncle brought the water and helped me
drink,after all that.

Me:I am so sorry for your loss

He looked at me confused

Me:Siena she is a beautiful baby girl she looks
just like you just know she is happy.

Banzi:how did you know which name we picked
for her?

Me:my thoughts are higher than your thoughts
and as the heaven is higher than the earth so
my ways are higher than your ways says the
Lord.

He looked at me and smiled

Me:where is Sive

My Uncle looked at me almost disapproving

Uncle:he has been drinking he blames himself for not protecting you when those man hurt you.

Me:but he couldn't have known

Uncle:you know how he feels about you he thinks that no harm should befall you and if it does then he should be there to protect you.

Banzi:it's not his job only to protect you but also ours

Me:okay okay enough of the heavy stuff I want to see my children

Uncle:you need to rest buhle bam

Me:no uncle I have rested enough now it's time to go home to my kids.

With that said the doctor came and examined

me he said I could go home but take it easy he basically ordered me to bed rest...

Banzi and uncle went home to prepare for me apparently Banzi will be moving in with me so he can take care of me..I finished showering then wore my white sweatpants with a white vest sneakers and a nitted jersey on top I felt someone's presence I turned

Me:oh it's you

He came up to me and placed a white cloth over my nose I tried to fight him off but I passed out.

.

.

I woke up on a bed but I couldn't recognise the house I got up and walked to the door but it was locked I slid down the door and I just cried.

.

.

.

.

3 years later

.

.

Him:you know I love you I wouldn't be doing this if I didn't you will soon learn to love me too princess nobody will ever find US .

He said as he kept on taking strides I stopped crying when he forced himself on me that would just result in him hitting me so I stopped after he came he wipes me and told me to be ready for round two.

ZIKHO

Nick: get up and take a shower we are going somewhere

With no questions asked i did as I was told after I finished we got in the car and he drove out, he

stopped when we reach a huge double story house I would call it the white house we approached the door

Nick:be a good girl now and do as you are told you got me?

I nod my head

Women:welcome Mr Russo,is this her?

Nick:yes you can take her but don't hurt her remember what I told you.

Women:right away sir,come!

I looked at Nick and he nodded I followed the lady we went into this white room that had an electric chair she made me wear steel shoes and she tied me to the chair

Me:how long have you been doing this

Women:what are you talking about

Me:I mean how many lives have you taken away from their loved ones.do you know that I have

four kids that are 3years 2months and 5days today and the last time I saw them they were sitting on their own that's the only moment I got to share,I wasn't there for their first word first step is it worth it to take away their memory from me I am chained to a man I hate with every fibre of being my only consolation is my memories now you want to take them away.

Women:I am sorry. A tear escaped her eye she quickly wiped it she placed the helmet on my head and a wood between my teeth that looked like a belt..The door opened

Nick:are we ready

Women:yes sir

She walked to something that had a lot of buttons and the she pressed the red one my body was shocked"Chulumanco,Chwayita,Anele,Anela" as the electricity went through my brain I kept on

focusing on their names till I passed out.

.

.

.

Later on

□

□

I woke up feeling fuzzy with a splitting headache there were pills next to me and a note "get well soon honey i'll be home for dinner I love you" I looked it and then my left hand I had a white silver diamond ring. I got up and went to shower I wore my black body suit with sandals

Me:wow I have beautiful clothes

I walked out of the room and went downstairs I opened the fridge and took out lettuce,all the peppers with tuna and some mayo I made a

salad then I made chicken pie for desert I prepared milk tart I then took the strawberries and washed them took out the wiped cream then went to rest waiting for my husband's arrival

.

.

Later

Voice:honey I am home!

I got up and went to the door but he is not the men I was expecting

Me:hi who are you?

Him:Really baby are we playing characters tonight?

Me:no come dinner is ready.

What's wrong with me if he says he is my husband then he must be but why do I feel like something is wrong

Him:Toni are you okay baby

He was looking at me so I nodded

Me:I am alright

He had a gift bag he gave it to me after desert

Him:happy anniversary honey

I opened it and it was a picture of me and him and at the back it was written (Nicholas and Toni Russo) at the front it was written 5th anniversary we looked so happy in the picture

Nick:it's okay baby after the fall you lost a bit of your memory sometimes you forget your name.I guess he saw the question mark I had on my face

Me:it must hard for you to deal with me

Nick:not at all I love you and you love me so it's easy..He looked at me and smiled I smiled back

Nick:come let's put it with the others

We got up and we went to this room on top of the fire place where pictures of us together resembling each anniversary

Me:we look so happy together

We were laughing holding hands one with us dancing with me in my pyjamas was my favourite

Me:I like this one more

He came and snaked his arms around my waist

Nick:yes that moment was very special but we still have time to make more special memories.

He turned me around and he kissed me his lips felt good on mine I kissed him back he unzipped my jumpsuit and it made it's way to the wooden floor we kneeled on the rug next to the fire place it was small but it accommodated us

Nick:I love you

I smiled and kissed him he took off his suit and our shoes then he kissed my neck leaving invisible trails all over my naked body he kissed the top of my nuna then he separated my legs

Me:aaah B....Nick

I had the name Banzi in my head but I didn't know what that meant so I brushed it off,I felt his warm breath then his tongue on my entrance he circled it and I moaned he went up and sucked on my clitoris i felt the pleasure all over my body the sensation was incredible I can say that his tongue game is tops he entered two of his fingers on my entrance and moaned as he up the pace I couldn't take it anymore I came he kissed me back up

Nick:say my name

He kissed my neck

Me:OH my God Nick ahhhhh

He entered me I felt my pussy widening to

welcome his huge clock

Nick:aaah fuck this like I imagined,I love you

Toni

Me:mmmmmmhh I love you too

He moved slowly inside me with every stride I felt pleasure I grabbed him by the hair as he grabbed my breast he thrust in me.I felt my organism coming again but i didn't want to give up on the pleasure so i held on tight

he upped the spaced

Me:mmmmmmmmhh fuck this is so good yeah fuck me

Nick:aaah shit let go baby chum

He grabbed my earlope and rubbed it gently I lost all senses and exploded right there and he thrust 3 times and then came after me we were both breathing heavily.

Nick:I love you Tee

Me:I love you too Nicky

.

.

I closed my eyes and he got off Me and laid next to me

"I love you Zee"I opened my eyes again the picture I saw in my mind was so vivid who are you? I asked my self silently.

ZIKHO

Banzi:are you sure you don't want to press charges

After going back to that white house and finding it empty I didn't want to waste my time because the case would surely go cold.

Me:i've lost enough time with my children I can't waste it by fighting a loosing battle.

Banzi:but you won't fully move on you need closure

Me:it's fine Banzi besides his dad will make sure that he doesn't do time they are rich and they are Russians.

Banzi:no one is above the law,what happened to you and the fight you used to have.?

Me:you know one gets tired from throwing punches everyday now I just want peace,take us home.

Banzi:i'll call Ivan and tell him I found you,his plan worked wonders it's like he knew where you were.

Me:intuition I guess,I'd rather we surprise them.

He walked up to me as I was standing by the window watching the rain as it poured

Banzi:listen going back home will be my mom.....well my family believes that you left on

purpose so you will have to leave with the punches.

Me:it's fine

Banzi:or we could move the London and raise our family there.

I hope he doesn't think this means we will work on our marriage right now I am not emotionally capable to give love to any man so I just hope he will understand.

Me:as long as you understand that we can't be in a relationship I am not ready for that.

He took my hand and he pecked my palm

Banzi:I have waited 3 years I can wait longer we will go for counselling and you will have you own private session unless you need me to be there.

I can't believe that he waited that long He could keep it in his pants when i was around.

Me:doesn't it hurt?

Banzi:what love?

Me:your dick it's been imprisoned for 3full years you couldn't keep it in your pants when we were together or when I was around,what inspired you to keep it in.

He chuckled still holding my hand we were now looking into each other's eyes

Banzi:not knowing where you were if I will ever see you again changed my perspective sex was the last thing on my mind,I remember walking into that hospital room and finding your things but no sign of you my mind

raced when the police closed your case and Nilu couldn't find you my world scattered but I knew you would never leave your children so basically sex was the last thing on my mind.

Me:I should disappear more often

I giggled while he stared into my eyes

Banzi:don't joke about that we've been through hell.

"daddy" We both turned it was Nele

I went to him and tried to take him but he cried

Nele:no I want daddy

Banzi picked him up and left with him they both disappeared in one of the rooms ,I sat down with my head between my thighs and I just cried with many thoughts flooding my mind the rape,abduction and more rape the lies and now my child cannot be consoled by me.Where was I? how could I allow my self to be taken without a fight dammit I slept with him

.

.

I stood up and went into the bathroom still crying my eyes out I ran a bath and I got in I

scrubbed my self but the more I scrubbed the memories came back every touch kiss and sexual intercourse.

Banzi:no stop it Zikho stop it you are hurting your self.

I looked around the water had a little bit of blood I didn't even hear him walking in

Me:I slept with him now I can't get his smell off of me i just can't Banzi,oh my God I can't.

He was crouching down next to the tub he had a towel on his arms but he got in the water with me and he embraced me we sat there for hours just crying he decided to join me I guess he has his own baggage.

Banzi:I am so sorry! He sighed

That's what he said to break the silence we got out of the water and took a quick shower then I wore his shorts and hoodie with his sleepers my things or should I say the things he bought

me were still in that house of horrors.

Me:it's not your fault... I held his hand as we were sitting at the edge of the bed.

Banzi:Ndiyakuthanda Zee.

Me:I love you Banzi

Banzi:are you hungry we can order Chinese food

Me:no no please not that anything but that.

Banzi:it's okay breath okay you don't have to..we won't okay.

If you could have seen the concern in his eyes you would know that I was freaking out,I hate Chinese now because he fed it to me a lot before he stole my memories

Banzi:I am sorry to bring this up but Sue has been struggling she is in a bad state maybe seeing you could help,Monica's death hit her

hard.

Me:who is Sue?Who is Monica?

I looked at him confused because I didn't know whom he was talking about but he also gave me the same look.

Banzi:Monica your best friend well was till we....wait you don't remember?

Me:no should I?

He looked at me and tears formed in his eyes

Banzi:I am sorry for making you relive the past but I can't lie to you,when you had your accident Monica and I well we..we slept together and we conceived she was your best friend but she had complications with the pregnancy they both lost their lives.

I couldn't fight back the tears I felt heavy and I couldn't breath I fell on the floor holding my chest.

Banzi:breath baby breath come on,breath in and out slowly breath okay..

I did as he told me but I still couldn't catch my breath.

.

.

.

.

.

NICHOLAS

.

Kyle: I told you to not fuck her up but did you listen?

he said pointing a gun at me

Me:look man I tried to woo her but she was having none of that.

Kyle:fuck dude she has been through a lot didn't

you think she needed time did you have to force things.

Me:I am sorry man but I love look she said she loved me too we just need to find her and bring her home.

Kyle:sick son of a bitch she is where she belongs if you go after her I swear I will kill you man.

Me:then what's the gun for man.

Kyle:for this.

He shot my left leg

Me:aaah fuck dude what the fuck

Kyle:go after her and the next one will land on your fucken empty brain.

He hissed and walked out.

Me:why can't anybody understand that we are inlove huh,shit my leg.She is mine and mine alone..!

Nobody will take her away I will kill anyone who tries Toni is mine.

.

.

.

.

BANZI

.

At this point I would give anything to ease her pain but I am helpless I can't help her. After the panic attack she finally came down and closed her eyelids she drifted off to sleep she was sleeping peacefully so I decided to call Ivan.

.

.

(Conversation)

Ivan: hope you are settling in well!

That's the first thing He said after picking up the call

Me: not too hard but since we bumped into Zikho everything is wonderful.

I heard sniffs

Ivan: you found her, where how?

I told him about the whole incident I heard a praise song in background.

Me: you and Tabby seem that be spending a lot of time together I hope Tamar doesn't mind

He chuckled

Ivan: boy mind your business take care of my daughter and bring her home.

Me: unfortunately she is not ready yet but we will be going to London you guys can come once we have settled in.

Ivan: thank you boy don't forget to pray, goodnight or is it morning there.?

Me:by man don't do anything I wouldn't do.

Ivan:you've done it all

Me:yeah look where that go me.

He laughed and we ended the call

Zikho:I am scared

He voice was trembling but she still had her eyes closed

Zikho:I am scared where are you taking me.

I knew I had to wake her up,I shook her lightly then she woke up looking frantic she held on to me.That Nicko bastard is going to rue the day he laid eyes on her I am telling you.

I went to the kitchen and warmed up the milk took out small 4 dishes and made two on each one,I heard screams coming from the lounge I took the tray and hurried to the lounge to find

my quadruplets fighting. Chulu was spanking Anele and Anela was defending his brother while Chwayi was screaming

Me: okay everybody calm down, let's eat. They stopped fighting and they took their dishes apparently they can feed themselves even though they made a mess afterwards I cleaned up and made juice for all 4 of them in their cups.

Me: now tell me why were you fighting

They looked at each other

Me: I am waiting Chulumanco since you are a big girl tell mommy why you were fighting.

Chulu: Anele bit me mommy

Chulu: ouch yizapha (come here)

.

.

An hour later Banzi came home

Banzi:did you have fun ??he said while rubbing my feet

Me:yes it was amazing we played and eat ice cream.

Lies I know Banzi would skin me alive if I were to show him what I did to his children but i was teaching them to respect one another

Banzi:that's good to hear.

Chwayi came up to us I guess she had enough of sleep.

Chwayita:yet daddy you are home take me.

Chwayi:no I want daddy

Banzi took her to the room. poor thing

Banzi came out of the room and came to me

Banzi:can I use your phone I need to make a quick call?

Banzi:oh I see so this is how you treat my kids when i am not around??

Me:what they were fighting so I encouraged them to throw down so they can learn a lesson.

Banzi: a lesson of violence?

Me:no of respecting each other.

Banzi:mmmh don't do it again or i'll be spanking you do you hear me.

Me:loud and clear,father of sell outs.

KYLE

Being a tech guy is fun I get to invade on people's privacy without them even knowing that they are being watched,I bugged the C house for Zikho's protection because I know Nick won't give up until she is with him or dead his obsessions are deadly.

She looked so happy with her children first time I saw her smile genuinely after the whole saga her and Lubanzi can fix things if not for them but for their children.

Footage

Banzi:how are you feeling now?

Zikho:I feel safe for now and that's all that matters .

Banzi:that's good I bought you chocolate cake but seeing that you were a bad girl i'll eat it alone.He took a box next to him and opened it he ate while Zee was watching him she had

teary eyes but Lubanzi paid her no mind.

Zikho:mxm.!! she got up then surprisingly she snatched the box and ran upstairs and locked the room with Banzi following behind,he banged on the door.

Banzi:come on we can share please!!

Zikho:there is nobody home.

.

.

Rick:they are crazy

I turned I didn't even hear him come in

Me:yeah pity Nicholas separated them for 3 years

Rick:yeah he called me and told me to take you out seems like you are a problem to him.

I turned around and zoomed on the sleeping babies

Me:look at that and tell me you wouldn't do everything in your power to make sure they are happy and safe with both their parents in their lives.

Rick:you know i've got my own man we need to take Russo out.

Me:I know.

We looked at each other and handshaked it's time to make a world a better place by taking out Russo his crazy and he has terrorized enough souls to last him for eternity..

.

.

Me: I will protect Zikho no matter what.

Rick: are you sure you don't have feelings for the subject??

Me:I do but I know she belongs to someone else.

Rick:sorry man..

He hit me on the shoulder for comfort,one thing is for sure is that this girl has been through enough.

Chapter 25

Narrated

.

.

The sunset came to an end the nightfall fell upon the sky,after a long bath Zikho opted for Lubanzi's shorts and vest since the weather outside was cool she went to bed and got under the covers...As she was about to switch off the lights a knock came from the door she sighed and said

Zikho:come in!!

Lubanzi turned the door nob gentle and opened the door he had two bowls of ice cream

Lubanzi:night cap?

Since no one says no to ice cream Zikho nodded her head and Lubanzi closed the door with his left foot and walked to the bed.

.

Zikho:thanks that was nice of you

She said after indulging her self,Lubanzi looked at her as he knew what he was about to say would ruin the moment but he believed that this needed to be discussed.

Lubanzi:Zee can we talk about Monica if you are okay with that.

Zikho's heart rate changed her calm posture quickly turned into disgust and deep hate"the nerve she thought"

Zikho:what's the to talk about from what you told me you betrayed me with the worst kind of betrayal,it doesn't matter how sorry you are the fact is you ruined us and if you think this talk will help then you are wrong because it will ruin everything I don't want to say I hate you but I am damn close to that.

Lubanzi wore his heart on his sleeve after the few days they spent as a family He had hoped

that Zikho could forgive him and that they can move past this but he thought wrong.

Lubanzi:I know I have hurt you but Lord knows I never meant to all that I am asking for is for you to try,work on it please atleast say you have tried your best.

Zikho felt the guilt as it washed over her she knew that nobody is perfect and she is a perfect example of that who would want a broken women she questioned her self.

Zikho:it's too early to be having such talks I wish to sleep now I am tired.

Lubanzi didn't know what that meant but he had to ask one last question

Lubanzi:did you mean it when you said you love me or was it just a reply.

Zikho didn't expect such a question she knew that she meant every word but she wasn't sure if she can put that into action.

Zikho:it was just a reply.

Lubanzi immediately felt numb the words lingered in the room and echoed in his ears,how could this be he asked him self

Lubanzi:what more can I do?

Zikho:from this point on I need space.

Lubanzi nodded and got up

Lubanzi:goodnight

Zikho:goodnight

He took what was left from his pride and walked out the door while he slipped down outside the door and silently cried,Zikho got up and ran to the door to lock it she also slided down the door and cried..Two broken hearts that needed each other more than anything but the mistakes of yesterday kept them apart

Nick:is it done?

When the door banged he reckoned that it was Rick coming back from the task he gave him

Kyle:not completely

Nick:you should be....

Kyle:dead? he finished with a smirk on his face his cockey ass looked fine in the all black he

had on actually looked like Keanu Rives from Matrix.

Nick:look man we can talk this out,you don't have to fear about Toni's safety with me I love her and I would never hurt her.

Kyle:Her name is Zikho not Toni but Zikho and I didn't come here to chitchat i've got a lot of friends for that and I also didn't come to make a deal with the devil.

Nick:then why did you come.He smiled actually from ear to ear

Kyle:what a retarded question.

He took out a butter knife and stabbed Nicholas on his other leg and grabbed a chair and sat in front of the screaming Nicholas.

Nick:fuck you will pay for this my father will kill you.

Kyle:ncncncncnc I beg to differ. he took out a

picture and threw it on the floor so that Nicholas could see a his dead father with his head next to his body.

Nick:aaaaah Fuck man come on we are buddies bros before hoes remember.He said looking like the whack job he really is

This statement amused Kyle because he was never treated like a bro but only a slave by Nicholas and his Father the big and Mighty Russo man pity they underestimated Kyle.He took out a peice of paper

Kyle:here sign this then I will set you free.Nicholas signed without asking what it was about or even reading if it meant his freedom then he wouldn't jinx it by asking questions,after giving Kyle the paper back still groaning in agony Kyle took him out of his misery and shot two bullets into his skull.

"Send in the cleaners"He texted Rick then he

went and stood over Nicholas Russo's dead body

Kyle:see you in hell sucker say hello to uncle Vino for me.He smiled and walked out as the cleaners came in.

After that night Lubanzi stopped trying we would only talk about the kids or when the kids were around,we moved to London the day after and I could say we have settled in nicely but the

awkwardness between Banzi and I is really fucking me up.

I needed manly advice so I asked Banzi to give me my Uncle Mike's number and I called him.

Uncle:Mike Jonas speaking hello.

I smiled oh Pappa how I have missed your voice and hugs

Me:daddy

Uncle:buhle bam is that you?

Me:yes it's Me how are you.

I couldn't stop crying the tears came out on their free will he knew where I was and that I was safe

Uncle:talk to me Buhle tell daddy what's wrong.

I broke everything down for him and after I finished he just sighed so loud I heard him over

the speaker.

Uncle:I won't tell you what to do you have been through a lot and from now I think you should make your own decisions given you are no longer 19,the boy has waited for you when you attempted suicide he never left your bad side and when you were abducted he maintained your innocence when people accused you of being a runaway he stayed faithful and raised your children alone he didn't want any help from us but would allow us to see our grandkids he prayed for you princess..All daddy is saying stop looking at all the bad he has done but also look at the good.

Me:thank you Pappa I think i know what to do now.

Uncle:good girl ,I will come next month to visit you okay.

Me:i'll be waiting for you with red eyes.

Uncle:I love you buhle bam.

Me:I love you too tatakhe

I dropped the call and went upstairs Banzi took the Kids for a walk around the neighbourhood so they can sleep.I took this opportunity to make things right I showered and wore my short black and white dress with sandals that he bought for me i applied make up (something I haven't done in a while)I tied my hair into a ponytail then went downstairs and prepared Mac and mince with someone grilled chicken on the side because he prefers eating chicken after having his Mac I went upstairs again I took a blanket and laid on the floor then I placed the food and plates nicely with two glasses and a bottle of wine strawberries and cream was going to be our desert...

.

.

I made a path with rose petals that lead to his room as we were sleeping in separate rooms, I then waited for him to come home..

.

.

30 minutes later I heard the door being closed then I turned on music that sounded soothing and sweet in the background, after five minutes he walked in he didn't look pleased I knew why which is why I am making it up to him.

Banzi: what's going on here?

I took out the white cloth and waved it around

Me: peace?

Banzi: okay let me have it.

He walked to the blanket and then he sat down

Me: I have been mean, bitter and most of all I have been holding your past against you I have realised my wrong and for that I sincerely

apologize. I love you and it was not just a reply I said that to hurt you and for that I apologise once more

He kept silent and that killed me

Banzi:oh!

Oh?Oh? what does Oh mean??

Me:should I dish up for you?

Banzi:I'll go freshen up first he got up and disappeared into the bathroom,I got tired of waiting so I dished up for myself then eat he came out as I was stuffing my self with the grilled chicken.

Banzi:I thought this food was for me and only me.

Tshini he must be smoking the cheap stuff

Me:I got hungry.He came and sat down with the towel around his waist his shower gel smelled minty and fresh I just wanted to be near him,his

broad shoulders and muscular body made me
lose my senses I looked at his kissable lips
they looked so soft and tender..My eyes
wandered down to the towel around his waist
and I had flashbacks of how good he used to
make me feel

Me:oh God..Those words escaped my lips as I
couldn't take it anymore.

Banzi:I know I am irresistible.

Me:huh what are you talking about.

He interrupted me from my day dreaming

Banzi:the way you keep on sucking on your
lower lip and how you keep on pressing your
tights together tells how much you are trying to
resist temptation,not mentioning your irregular
breathing pace since I walked in.

Omg was I that visible but one thing I knew is
that I wanted him inside,Just then INSISDE BY
TREY SONGS CAME ON

Me:guilty as charged

He chuckled while he moved the food aside he laid me on my back and whispered in my ear

Banzi:I want another child,will give me one??

Me:yes..

Hell no i just wanted him,he brushed his lips gently against mine then he sucked on my lower lip slowly and gently with his hands wondering against my flesh his warm breath on my skin,he took off the dress then follow with my lace undies and bra

Banzi:aaaah my favourite twins

he said while cupping my breast into his hands a moan escaped my lips as I felt his warm tongue on my nipples he sucked on them and that made me wet,he inserted his index finger on my nuns and I moaned again as he rubbed my clit with his thumb I couldn't take it anymore I wanted him inside me.

Me:ha.ana Banzi, I complained he chuckled the he entered me i couldn't help but moan as I was feeling intense pleasure..

.

.

.

Banzi:fuck that was good

he said after our steamy session

Me:yeah I didn't think I would enjoy having sex after what happened

Banzi:that was not sex,it's called making love sweetheart..He kissed my forehead and I laid on his chest

Banzi:I love you

Me:I love you more.

Naomi:I knew I had to eavesdrop for a while you looked like you have a heavy load and I was right,I think you should tell her how you feel.

Me:but she is married and she has kids I don't want to confuse her or break her family.

I found my dear husband busy stuffing himself with my ribs,ow now it's really on.

Me:what are you doing

Banzi:what does it look like I am teething.

Oh???

Me:why are you eating my ribs??

Banzi:the only reason a person eats is because he/she is hungry and you said you don't want them.I sank on the floor and laid on the cold tiles

Banzi:get up Zee don't be dramatic

Yeah at first I was just being dramatic but then I felt light headed and the cold tiles felt good my heart felt like it was about to stop any minute then I closed my eyes it was lights out.

Me: get up Zee don't be dramatic

I carried on eating I looked at her and her eyes were shut, my wife can be very dramatic if she were to act she would win every Oscar.

Me: babe come on i'll order more now get up that's not good for ZIntle.

Silence....

Wait what? she didn't respond knowing her she would have had my head on a plate by now , I got down from the high chair and approached her I kneeled and kissed her forehead but she was ice cold.

Me: oh no fuck I have to call the ambulance wait the kids, Mary!

I called the ambulance and called my neighbour Mary to babysit

.

.

At the hospital

Dr:her heart is failing she needs a transplant and right away.

Me:how long does she have??the question no human should have to ask I was broken just when we found our happiness this has to happen I know a few things about heart failure but i didn't think my wife had heart issues I don't know how this came about.

DR:5 to 6 months if we don't find a donor

Me:she is pregnant won't that affect her or the baby??

Dr:for now it won't but as time goes by when she is weaker it will affect them ,I am sorry but one of them will survive.

I nodded and tears formed in my eyes as he

walked away I can't loose my babies

BANZI

Zee:we should move in here since it's where we

spend most of our time. That's the first sentence she said when she woke up her voice was hoarse indeed but it was the sweetest sound ever, she brought me back from my dark thoughts I had to imagine my life without her again which I couldn't stand.

Me: well you are always the reason that brings us here.

Zee: maybe it's because it's my second home.

We both laughed

Zee: but one thing is for sure I hate the sound of the beeping machines and the smell of medicine, so tell me my fine husband why am I here this time.

Me: it's because I ate your ribs drama queen.

She frowned while looking at me the corners of her mouth slowly broke into a cheerful smile

Zee: I love you Banzi I cannot imagine my life

without you.

She squeezed my hand as we were holding hands, God I love this woman I took her for granted not knowing that our time would be cut short.

Zee: no babe something is wrong come on tell the baby mama what's going on baby daddy? She said with a concerned look on her face.

Me: you know I love you right?

Zee: more than life it's self

I was happy she knew how I feel about her even though our road has been Rocky.

Me: babe your heart is failing you and you need a new one well not new but a heart that functions since yours is not functioning fully.

She kept quiet for a while and I just looked down I wanted to be there for her but I didn't

know what to say.

Zee: people die before they find a donor I know the list is long for sure I won't get a heart in time what about our child? she moved her hand to her belly with tears in her eyes

Me:we will find you a match baby even if it's from the black market our daughter will survive I promise you both of you okay.

She looked at me the a slap landed on my right cheek

Zee:black market huh?

Me:what should I loose you when I can buy a heart for you ,he or she will already be dead.

Zee:no I won't have a stolen heart I want one that will be legal if the hospital fails in finding one then I am meant to die.

She raised her voice pissing the fuck out of me because I am trying to save her and she is being

selfish.

Me:the fuck you are you won't die it's not your choise either am I your husband and you will not die on my watch.

Zee:do it and watch me hate you for eternity.

I needed air so I walked out of her room and went across the street to a dinner I just need food.

Me:figures why can't he understand that I don't want rob someone else of living life aggg.

After saying that I turned and slept.

.

.

"You guys are my life you are the most beautiful women on earth thank you for our children our life and marriage" I looked around and the house was filled with cheer Christmas decorations were around the tree, lights and stockings my white Christmas..A little girl came running towards me

Her: mommy come daddy is making a fool out of himself like always. I looked around she was looking right at me but i couldn't be her mother she was mixed like I was but lighter than me with curly hair small pink lips and big beautiful green eyes around the age of 10 years

Her: mommy come. She gave me her hand and I took it we walked into this beautiful room and a man was sitting by the fire place with two more kids a boy and a girl who I would say we're

twins maybe 3years

Her:see dad mom will discipline you now you have been bad

Him:no she won't darling mommy and I are a team.

I knew that voice

Me:Zeb??

He turned around he looked older and handsome

Me:you look old!

He chuckled

Zeb:well when you said you wanted to grow old with me I didn't think you would tell me that I look old to my face.He smiled

Boy:come mommy .

Zeb:Isaac let mommy be she is still in shock by my old self,Melanie sweetheart come to me let

mommy come on her own.

Her:Silly papa okay daddy.She walked up to them

Her:come Isaac come Lizzy let's go upstairs and play.They walked upstairs I saw a vision of Kyle and I at The alter saying our I do's and us sealing the deal with a kiss.

.

.

I woke up from my slamba and I felt someone's presence in the room.

Me:I hope you have cooled Dow.....when I saw him standing there with this ridiculous smile on his face the vision of the kiss replayed it's self on my brain.

Zeb:glad to see you are still breathing.

Breathing wait how did he know??

Me:first of all Hi!,secondly what are you doing

here??He came closer and set next to me on the bed he then took my hands and kissed them after that he looked into my soul yes soul that's what it felt like having his eyes on my eyes.

Zeb:hello,I was in the neighbourhood and I thought I should pop in you know say hi.

I smiled

Me:you say that like I am in my home and you were just passing by.

Zeb:this is your second home right.

Weird I said that earlier.

Me:silly I said that to my husband earlier

Zeb:great minds think alike.

Me:cliche

we both smiled

Zeb:so what brings you here sweet Juliet??

I chuckled

Me:fuck her dead corpse and call her that,I guess my heart finally had enough now it's quitting on me.

He looked down

Zeb:I am so sorry!

Me:don't be..

he held my hand once more but this time it was different I felt love and I was overwhelmed by it I couldn't breath I snatched my hand and my heart began to calm down my breathing went back to normal

Zeb:you will live and we will tell the tale together,there is nothing I wouldn't do for you.

Weirdly I believed him and I felt at ease but there is a lot I don't know about him.

Me:.can you believe that there is still a lot I don't know about you but I know you know a lot about me.

Zeb:well all you need to know is that I am your friend and I will protect you and your family I won't leave you even if you beg me to,I love you.

I smiled and nodded

.

.

.

NAOMI

Me:all she needs is a heart

Lona:and what are you going to do about that.

Me:I don't know.

Lona:look on the bright side if she dies you get the man.

Me:he adores her if she dies that will break him,unless I become her donor.

Lona:you need your heart silly.

Me:no listen she is type O+ and so am I if we

match I can kill my self but write a letter that specifies that I give my heart to her ,you will use your powers and attach my soul to my heart so I can take over her body and be with the man I love.

Lona:that's crazy I cannot have your soul you know that and he doesn't love her body he loves her character,charisma and charm

Me:oh come on we can do this you will help me please I need this from you remember I am your boss.

She huffed

Lona:Fine your wish shall be my command

She disappeared from the mirror and went back to being a doll.

Chulu:I want mama..

Me:okay thanks for doing this again.

Mary:see you.

Me:I can't promise to move on because I love you and only you.

I helped her wear her gown the we walked to the bed,I helped her in.

Zee:I just want you to be happy I don't want your happiness to die with me.

Me:Damit Zee you are not going to die you need to have faith be positive,I'll go and get the kids.

She wiped the little tears away then inhaled after that exhaled

Zee:give me my make up bag and my hair brush.

I did as I was told she applied make up then lip gloss on her mouth she brushed her hair and tied it into a ponytail she looked so beautiful.

Me:my sexy mamma.

Zee:no Banzi I won't give you some.

.

.

Me:Mary I am home!

I said after closing the front door

she coming downstairs wearing a coat

Me:are the kids sleeping?

Mary:yes even Chulu

She came closer and I could smell my wife's perfume on her she even had her red lipstick on her I noticed that the coat she was on was also Zee's.

Me:is it me or you have my wife's things on.

She came closer

Mary:well thing is..

She smiled and dropped the coat and revealed her fully naked body she then smiled

Mary:I know that your needs have been neglected and tonight I will take care of your every need.

I looked at her and just laughed I pulled up a seat and laughed at her,silly girl if it was 4years ago yeah maybe I would have but now I would never she picked up the coat and covered her body with tears on her eyes.

Me:you should be ashamed truly ashamed of yourself wearing my wife's stuff and trying to seduce me,get your things and get out of here.

She ran upstairs and came back decent I paid her and she left.

Me:wow!

I went upstairs and showered after I wore my adidas tracksuit with my white sneakers I went down and made myself a sandwich and eat,I made bottles for my kids and packed their flasks and instant porridges with their bowls And everything else they may need I went to check on them and my firecracker was sleeping so peacefully I had to take Anele cause he was awake we watched cartoons while I fed him when the others woke up I fed them too and changed their dippers then we left for the hospital.

.

.

.

Me:honey we're home!

She turned and looked at me trying to fit in the four chair stroller through the door.

Zee:my babies

Mixed emotions,the all literally fought to go out.

Babies:mommy!

I help them out and the ran to the bed but my poor kids couldn't climb up the bed,I then helped them again they all kissed her but when Zee squeezed Chulu in for a gug she winced

Zee:baby are you hurt what wrong

The all looked at each other

Me:come on kids talk

Chulu:I am sorry mom I won't cry anymore please don't hit me too.

she fumed she turned red with her eyes glowing

Zee:why would I hit you baby you know I don't

do that.

Chwayita:Mary hits Chulu because she wanted you she said that you went to heaven that she was our new mommy.

Zee:the nerve of that Bit.....

Me:mind your language .She was so passed and swing the red marks on Chulu's skin made her Lava mad.

Zee:she hit my daughter she laid her dirty hands on my kids. She couldn't hold her tears back she brushed the kids to sleep I placed them back on the strollers but Chulu refused to sleep even though she was drousy I think she wanted to make sure that we don't take away from her mommy.

Zee:how could I have not seen this.

Me:you've lost your faith and it's been a while since we prayed.

She sighed

Me:it will get better.

I kissed her eyes

Chulu:mommy touch my heart and I will touch yours..

Zee:why baby?

Chulu:that's what the voice in my head says we should do.

Me:I always knew that she is special.

Zee:she is a kid Banzi she is sleepy don't entertain this.

Chulu touched her mother's heart

Chulu:mommy touch mine

Zee looked at me and I nodded then she touched our daughters heart the a light light rose between them.

"Beloved you are healed by the blood of Jesus

Christ of Nazareth healing is yours,let your faith heal you"

Chulu:believe mommy

the light shined over her heart then she passed out.

Me:go back where,I don't have any fight left in me.

The voice humbled me I felt at peace,so much so that I didn't think I had to fight again.

"Beloved go back to where it began to the place that bore a name for you go back home,you have wars to fight and battles to win"

I felt a pull then I woke up with my husband by my side.

Banzi:finally you are up.

He kissed my forehead and walked out he came back with the doctor.

Dr:Mrs Jameson how are you feeling.??

Me:a bit light headed but brand new.

Dr:I would say your heart totally healed on it's own and you are healthy as an ox..

I giggle while Lubanzi looked at me with smiling eyes..

hugging dress

Me:that's the plan darling.

I applied my red lipstick on my signature

Lona:the Job is done you will find him in the restaurant.

She was talking about S I managed to twist his mind without him knowing it totally easy cause he is an non-believer after all.

Me:good girl.

I looked at my reflection once more then catwalked out of the room go out and got into my car then drove to the Italian restaurant.

Reception:table for one?

Mr:yes please..

He smiled and showed me to a table in the middle,great because from here I will see all .

A waiter came to my table.

Waiter:afternoon madam thank you for

choosing to dine with us here is your menu.

He gave it to me smiling like a dummy gosh I would hate this job.

Me:thank you,i'd like lime water while I look at the menu.

Waiter:ofcourse miss I will come back in five minutes to take your order.

I looked around and he wasn't here yet but where could he be??

Waiter:your water miss .

that's what the waiter said to disturb my wondering eye.

Me:thank you,i'd like to have some Italian fried chicken with bread and a side of a salad.

Waiter:will that be all??

Me:with a bottle of dry red wine..

he nodded and walked away..

I took a sip of the water and when my eyes wondered to the door I saw a god,he looked good broad shoulders caramel perfect skin brought out by his 3 piece red and white suit with small yet seductive eyes pink lush juicy lips his neatly cut kinky hair oh devil take me now,brother looked better in person than in the pictures.

.

.

I waited for him to settle down place his order and everything when he was sipping on his Hennessy I walked to his table his scent drew me in.

Me:you look like you have been stood up!

I said to catch his attention and I did he looked at me and the corners of his mouth cracked up a bit and then he gave me a regular smile..

Zusive: not really just that I come here regularly

this place reminds me of someone..

Me:she must be a special girl..

Zusive:that she is..

Me:Marilyn.

I took out my hand and formed it for a
handshake

Zusive:Zusive!

We shook hands

Me:so does this special person know about
your feelings for them.

He smiled and nodded

Zusive:but I was too late..

This is juicy stuff

Me:what do you mean by too late.

Zusive:she is already married and.....

He took his eyes off of me and looked to the

entrance immediately his eyes had this warm glow his cheeks heated up and genuine smile escaped his lips,I looked at where he was looking and there she was dressed in black ankle grazed skinny jeans with a loose black blouse she had her hair tied she was glowing she was truly a goddess her beauty was effortless,would have loved to dress the bitch if she wasn't after my manShe was alone and when she noticed Zusive she stood for a while then a tear escaped her big eyes could say green but some what dark blue She walked to the table more like ran..

Zikho:Sive

He pulled her in for a hug before he said

Zusive:my Zee

Zikho:oh my God I missed you so much.

She mumbled still in his embrace but the whole situation right now made me jaded.

Zusive:more than words.

I dropped the capsules in his drink and watched it dissolve then waited..

Zusive:oh excuse us

He said after they stopped acting brand new

Me:no biggy I will go back to my table.

Zikho turned her head then her whole aura weighed on me she felt heavy .

Zikho:your ways are dark but light will always shine.After saying that she looked at Zusive once more then she spilled his drink on the floor on purpose.

Zikho:I am such a cluts,waiter please come help.

I walked away from the table fuming bitch got die that's the only way..

Me:good morning shorty.

Meghan:someone is in a good mood.

Meghan is Zusakhe's fiancée

Meghan: you two are just plain crazy.

Me:don't say that out loud we might have to

take you out.

Zusakhe:ssshhhhhhh,we have 5 people living in our brains so keep it down we don't want Crazy to hear you.

Her eye balls almost popped out of her sockets.

Zusakhe:we are just fooling around babe,now you dickhead look happy now spill it who is the new vigina.??

Me:you should have more respect for your sister Zikho.

Zusakhe:no kidding she is back,i s she still married??

Me:yep but not for long I hope cause you know how I feel about her.

His face turned sour he wasn't exited nor happy anymore

Zusakhe:Sive.

He said in a low tone

Meghan:babe you should stop while you are ahead.

She knows everything that went down I mean everything.

Me:but she said she loves me remember that night at the club and I believed her you must too.

Meghan:babe get your brother,she said walking away.

Me:right Zu??

Zusakhe:.....

I looked around

Zusakhe:probably but you have to find out how she feels now I mean it's been 3 years and don't you think that she would be here with you if your were the one her heart longs for Sive you know her man she makes her own decisions yes she might have said that but she was in a bad space still trying to figure out being a single

mom with a failing marriage and being on her two feet. She needed someone and you were there bro if it was up to me i'd say focus on Lisa and let Zee focus on Banzi that's my advice you know I love you and I would never hurt you.

.

I heard him talking but my heart wants what it wants and right now it's screaming!
Zikho!..Love is so unfair

Me:I got you bro.

he smiled and took his briefcase then headed to work.

.

.

ZIKHO

.

.

Banzi:don't you just love me.??

He said holding an ice cream tub(cookies and milk)

Me:honestly I am tired of spending every waking moment with you babe.

Banzi:mxm usathi nyenyi ntoni xa uzothetha obobubhanxa.

His nose turned red immediately

Me: I was just kidding Zizi Haibo

I made a puppy face and he chuckled

Banzi:you had do better if you know better.

I pecked his lips

Me:dramatic much...

he placed his hand behind my neck and pulled me forward for a kiss we slow kissed then the sensations I felt around my body were impeccable

Me:I love you babe

I said with my breath Still on a high note,I climbed on top of him since we were on the couch his hands were all over my body he squeezed my ass and I moaned that inspired him to go further I had his t-shirt on and nothing else.He lifted me lightly so I was on knees still kissing him he inserted two fingers and I moaned as he went up and down with my other hand I unbuckled his belt then opened his button I got my hand under his briefs and I was welcome by his never failing erection,I gasped as I felt his manhood I gave him a hand job when the pleasure was kicking in he stopped and groaned and upped my pace till he came all over my hand.

.

I wiped my hand then we kissed again.

Me:wait here

Banzi: wait what I am dying babe.

Me:oh please.

He showed me his cock and it was already up

Me:damn bigger acting like I don't feed you.

he laughed and I went and got one of his ties
and a bandanna the went back to him

Banzi:what are these for ??

He was completely naked

Me:I am going to tie you up babe..

He smiled

Banzi: I like I like

Me:I know I know.

I tied his hand over his shoulders with the tie
then covered his eyes with the bandanna

Banzi:don't tease me babe.

I kept quiet and went down and sucked his cock

clean while he groaned with pleasure then I climbed on top of him while inserting him inside

Me:aaaaaah mmmmmm

Banzi:ohhhhhhhhhh yeah

I placed my legs on the couch once he was inside my pussy then placed both my hands on his chest while I bounced on his cock.

Banzi:ahhhhhhhh fuck babe I wanna hold you

Reason why I tied him up I wanted to fuck him and by the moans that filled the house I could tell I was doing a good job,I came and carried on then we came together again I sat on him catching my breath with my back on his chest I felt all wet and his dick went back to normal size I got up and untied him then he rubbed his eyes trying to get vision.

Me:are you good.

He got up and snaked his arm around my naked

waist

Banzi:I am more than good.

I smiled while we kissed

Me:let's go shower.

Banzi:i'll race you

We both ran upstairs but my legs were to weak
he beat me to it we showered together but it
was innocent,we lotioned then I wore my pjs
and he wore his I felt like crying so I did.

Banzi:hey hey what's wrong....

Me:I don't know.

Banzi:bafethu!

I looked at him and cried some more

Banzi:what now??

Me: you are mocking me.

Banzi:I can't believe this baby.

He sighed,the door bell rang

Me: I'll get here sit and mock me.

.

.

Downstairs

A man dressed in black stood outside my door and introduced himself as Jordan Smith.

Me:so what can I do for you?

I said after he took a seat where we were actually fucking 5 minutes ago Banzi came down and sat next to me he looked at me smiling I knew what his dirty mind was thinking.

Me:babe this is Jordan Smith and Jordan this my husband Lubanzi Jameson.

The shook hands

Mr Smith:well Mrs Jameson I am here to talk to you about Mr Russo senior's will.

Me:his.....hi.....um his what??

Banzi:what does that have to do with her.we both looked at him

Jordan:well Mr Russo passed away and he stated in his will that his fortune should go to his son but since his son is also no more the will states that the company and 10billion dollars with the four estates he has in South Africa and the 5 he has abroad should be left to you and this should be take place immediately after his son's death.

I looked at him with blurry eyes as tears were already knocking

Banzi:the fuck!

Me:what why??

Jordan:it states here in his letter that he felt guilty for allowing his son to torture you and he owed you somehow for his weakness.

Me:get out

He looked at me with a question mark

Me:get out leave get out of my house.

I pushed him out and locked the door and when i turned I saw Nicholas

"You are mine Toni only mine"then he laughed

I screamed

Me:no no not again leave me alone leave me alone.!!!

Banzi:babe

He looked concerned

Me:why won't the leave me alone Banzi why.

Banzi:hush my love no one will harm you I am here now.

We got down and he held me tight while I cried and all the pain came rushing back.

Thirty two

.

.

The kids are at their grandparent's house for the weekend (the dlamini's) my husband thought we should take advantage and go clubbing it's been

a while and the last time I went to that kind of a scene was with the dead psychopath *Nicholas* but any who we showered and got dressed in black bf's jeans well Banzi I wore black skinny jeans with matching peach shirts that Banzi made for us they were written *ZIKHO & BANZI* then they had a ring in the bottom....possessive much?yes i'd say

.

Banzi:you never put me at ease do you..?

Me:what do you mean babe?

I asked while applying make up then finished it up with nude lips

Banzi:you always look breathtaking and I know my competition sees that too.

Me:would you rather have me with Vaseline on my face and lips cause i can do that too.

Banzi:it's not just that babe you look amazing

all the time make up or no make up.

Me:hayi sundisokolisa Lubanzi take it to Jesus tyhini.

He laughed like really laughed,I grabbed my denim jacket then my sling bag and waited for him to put on his white Palladian I had on a black ankle boot

.

.

We were first welcomed by the pumping sound of music in the parking lot club Venice is for high class people *no shade intended* Banzi held my hand and we walked in looking like the power couple we are the vibe was awesome people were dancing on the dance floor some were in tables having their drinks while some on the second floor were have dinner the walls were made out of glass and it was see through.

we sat on the high chairs infront of the bar..

Barman:what can I get you??

Me:coke. well I can't drink I am pregnant remember?

Banzi:Whiskey for me on ice.

I looked at him

Banzi:what?,it's on ice..

I just smiled and nodded the barman poured our drinks then I turned my chair and looked to the dance floor while sipping slowly on my coke..I got up and went to the dance floor and dance to the disco like music I was having so much fun when a guy came to dance with me i didn't see a problem with that we danced and if you have ever been to a club you know that the music never stops..

Guy:wanna get out of here..

Nigga I just got here and my husband would ring your neck if he heard you.

Me:no thanks I am going to take a sit now.

He nodded then I forced my way through the crowd then finally got to Banzi but he was chatting with a girl and she had her hand on his thigh....

.

I cleared my throat and he jumped while removing her hand..

Me:don't mind me carry on flirting,barman can I have another coke I am worn out. he poured it for me and

I drank it while ignoring Banzi he could have came here alone if wanted to flirt or get some new ass I just can't believe him I was feeling tired so I grabbed the keys and walked out I got in the car and drove out leaving him there I went him just to give plenty of time to get up to no good,I got home took wipes and wiped my face clean then took a cold shower just so I can

calm down I wore my warm pjs the went downstairs and warmed up the Mac and cheese that was in the fridge took a folk and went to the lounge a watched twilight saga breaking dawn.

.
. .

I guess I dozed off while watching cause i woke up to the sound of the door bell.

Me:okay I 'm coming.

I went to open the door and to my surprise it was Noma with Xena and a little boy that looked like Anele like I would say it's Anele if it wasn't for the curly long hair.

Noma:is my son home.??

Me:I don't know.

Banzi:who is it babe ??

I moved from the door to let them in

Banzi:mom what are you doing here it 7 am for crying out loud.

She walked to the couch with Xena and Banzi following her I just stood there feeling all dumb I knew the kid was his and he is around the same age as my kids if not younger which means Banzi was really two timing me.

Noma:um I think it's time for you to meet your son his name is LJ and he is he 3 years and two months old. she couldn't help but smile

I still stood there like a dummy and I could feel their eyes on me i think they were expecting a reaction but I couldn't function.

Xena:I am sorry I hid him from you I just didn't want to ruin your marriage and your mom forced me to tell you when she found out she had tears in her eyes but mine were dry,I finally took a step and they watched anticipating the

worst

Me:he looks just like Anele I take it LJ stands for Lubanzi junior..

Noma:ofcourse it does atleast your brain works.

I looked at her with a smile on my face even though my heart was dying..

Me:thank you for re-uniting a family you did good..I crouched down and I was face to face with the baby

Me:well come home nunuza your brothers and sisters will be happy to have you live with us.

Banzi:live with us??

he sounded shocked

Me:yeah that's what your mother wants and you will let it happen.

I got up and walked to our room I felt cramps but i kept quiet I didn't move cry or scream for help I was just still when i finally got up the

white sheet was bloody.

Banzi:babe I am so sorry I didn't know!

Me:I know.

he noticed the bed then he looked at me

Me:yes she is gone Banzi and no there is no need to go to the hospital.

Have you ever saw your life flash before your eyes and not being able to do anything about it,I had a vision about all of this but the Noma and Xena part was hidden but i saw me loosing my unborn child and there was nothing I could have done to avoid it.

Banzi:babe please forgive.

He said after I showered and changed the sheets

Me: don't be because that won't change anything.

.

.

Naomi

Zikho:don't be because that won't change anything..

.

Me:oh Loony Lona don't you just love it when a plan comes together on it's own,her life is crumbling and I didn't even lift a finger .

Lona:we should celebrate.

Me:red wine it is.

I poured my self a glass a Lona a glass of blood it's the way of life.

Me:cheers.

Lona:cheers you know this Xena could come in handy you both share something in common your hate for Zikho.

Me:what would I be without you?

Lona:absolutely nothing.

My loony LonA thAnks mom for this best evil friend.

.

.

KYLE

.

Jordan:what more can we do she is refusing the money and all that's in the stupid will you forced those suckers to sign before killing them.

I walked up to him and pinned him against the wall

Me:you should really mind the way you speak to me,make her want it all she deserves it she was raped in their building and his crazy son molested her for 3fucken years do you understand that this nothing compared to what

she has been through.

He looked me

Jordan:calm the fuck down man I get you okay
we together in this cool down man.

I released him,fuck I wish Zee could just love
me like I love her.

.

My phone rang and it was her.

Me:hi.

She sniffed

Me:what's wrong

Zee:I didn't know what to do or who to call I am
sorry.

Me:where are you?

She sniffed and went quiet for the longest time

Zee:the park

Me:i'm on my way

Zee:it's in South Africa

Me:I know Zee i'll find you.

She dropped the call..

Me:gotta go man she needs me.

Jordan:what's wrong??

Me:I don't know but I will find out once I get there.I took my keys and walked out I drove around the park while tracking her phone I finally found her around five pm she was at the far end her car was the only car there,I took the doggy bag and walked to the bench she was sitting on.

Me:hey.

She turned and tears were screaming down her face her t-shirt was wet with tears,I sat down next to her and pulled her to my chest and comforted her, after a while she calmed down I

wiped her tears away then looked into her eyes while she gazed back we kept on getting closer and closer till our lips met but the whole time our eyes were open we shared a kiss for a while everything was in place my heart was alive I love her so much she is the ruler of my heart it didn't help that the kiss was amazing.

Zee:I am sorry

She said after pulling out

Me:it's okay..

oh trust me it was more than okay,I gave her the doddg bag and she eat while I covered her with my jacket.

Zee: I lost my daughter today I am no longer pregnant,now I will be living with Banzi and his baby mama.

She exhaled

Me:go away with me..

Zee:what?

Me:let's get the kids and leave this country together..

Zee:are you serious would you do that for me??

Me:in a second.

Zee:let's do it.

I drove home thinking that it might not be the best idea to take the kids and that maybe I should just go alone Lord knows I am

tired ,When I arrived the house was dark not even one single light was on I opened the door and got in.

Me:Lubanzi!!!!?

The was just pure silence so I went upstairs to take a long shower with thoughts clouding my mind and tears clouding my eyes I couldn't comprehend what was happening but I knew that I felt pain,anger and betrayal yes I have betrayed Banzi by kissing Kyle and the idea of me betraying him more by leaving doesn't sit well with me but what else is there to stay for?..Our kids but shouldn't they have a happy home instead of a messed up one?,finally I got out and rapped a towel around my body then called Kyle..

.

.

(Conversation)

.

.

Kyle:hey the plans are already underway we can leave Asap..

Me:um about that I am so sorry but I don't think it's the best move right now I just don't think it's okay for me to just abrupt my kid's lives for my own benefit.

Kyle:it's okay I understand..

He sounded defeated

Me:thank you for being there for me as a friend and I hope for us to remain like that I am a married women and we might be in trouble right now but I love him.

Kyle:but what about the kiss we shared there is something there didn't you feel it.

Me:there where many emotions going through my mind that I could feel any spark and I am

sorry for kissing you today the kiss shouldn't have happened.

"You kissed who today?"

I turned and there he was with a bottle of vodka in his hand he looked like he has been through hell and back.

Me:I have to go.

I dropped the call

Banzi:I asked you Khanyisa who did you kiss today.!

The anger he portrayed is one I have never ever seen before.

Me:.....

A hot slap landed on my face and fell on the floor I held my burning cheek.

Me:Banzi

Another one came and then fits

Banzi: so this is what you have become a slut
no wonder you were raped you throw yourself at
men.

He said that while kicking in my ribs blood
came out of my mouth he banged my head on
the floor

Banzi:bloody slut.

Those were the last words I heard before
blacking out...

.

.

BANZI

.

.

She was laying on the floor with blood oozing
out of her mouth and nose.

Me:no Zee baby wake up I am sorry I am so

sorry I didn't mean to.

I picked her up and laid her lifeless body on our bed I fetched warm water and wiped the blood away then I called Dr Diaz he is our family doctor he came and examined her.

Dr Diaz:she has two broken ribs internal bleeding but these will help her.

He applied a bandage on her upper body.

Dr Diaz:she will be out for a week she needs all the rest she can get and it looks like she just miscarried..

I nodded

Dr Diaz: here feed her these..

after putting on the iv fluid he left and I sat next to her.

Me:what have I done?

.

.

Narrated

..A week later...

.

.

She forced her swollen shut eyes to open

"so this is what you have become a slut no wonder you were raped you throw yourself at men."

Tears burned her cheeks immediately

"Bloody slut"

She moved but the pain was unbearable she thought of her kids,the door was pushed and he walked in with a bowl of water and a towel on his arm.

Banzi:you are awake oh thank God I was so worried.

She looked at him as fear kicked in She was afraid of her husband of the animal he showed her,her eyes glowed with tears and she moved back as he came forward..

Zikho:please don't hurt me.

That came out as a whisper from a scared little child.Banzi felt the stab in his heart he chose to keep quiet he cleaned her up then walked out,Zee sighed and forced her way up then she went to the mirror with her iv on her hand she looked at her on the mirror her face was swollen she couldn't help her tears..

.

.

Banzi looked at her as she was looking at her self in the mirror he still couldn't believe that he did that to her.

Banzi:I brought you some soup I hope you can keep it down.

She nodded and went to sit down she didn't want to puss him off in any kind of way,he fed her and the whole time she was looking down with tears and the words running through her mind he got up after she was done as he was half way to the door she uttered

Zikho:bloody slut

then she turned and closed her eyes that's the image Banzi saw when he turned he stood there watching her then walked out.

.

.

Meanwhile

.

.

The door bell was rang and he went to get it

Xena:hey I brought my suitcases your mother think it's best I move in right away you have lost

enough time with our son.

He moved aside and allowed her in,he walked to the to the kitchen with Xena following him.

Xena:so tell me when are we getting married.

Banzi:never! He stood his ground and sounded cold.

Xena:but I am the mother of your son.

She stated

Banzi:and so what I have two other sons it's not like he is the only one he is not even the heir to the Dlamini clan Anele is,you popped out my son thank but that's only what you are a mistake that brought me a son I don't you never did and never will.

he looked at her and walked away leaving her ashamed and hurt.

Xena:that Zikho will pay with her life so will her damn kids.

She stormed out.

ZIKHO

.

.

2 weeks later

.

.

I was up on my feet and Xena and Lj were living in the house, my kids were with my mom cause I believed they would be safer there I haven't spoken to Kyle since that day and I know it's for the best now Zusakhe's wedding is 2 weeks away they had to wait one more week the venue had a crisis..Lubanzi and I shared the same bed but no word was shared no even a simple "I am sorry", I got up at 4 am and went in my closet opened the second door and closed it I took my bible and I read my scripture for the day "Behold I am making everything new" said the Lord in my spirit I closed it and prayed

Me: my father in heaven I thank you for this day for my husband's life and for my kid's and entire family's lives you are the most high God father

you said in your word that even before I pray
you have heard me and answered me, today I
come boldly before your throne and thank you
for being faithful I love you Lord thank you for
the blood of Jesus thank you for the second
chances thank you for my family's protection
for my protection..I am wonderfully and fearfully
made I am what you said I am and I can do
what you said I can do in Jesus name I pray
amen....

.

.

I got up got out I went to the bathroom and did
my daily hygiene then wore my black tracksuit
with morning shoes and tied my hair then went
down and cleansed my house.

Me: I have been your puppet because I refused
except that I am special and that God had faith
in me, I allowed you to torment me and I almost

lost my faith many times I have entertained you long enough devil you are not welcomed in my house and I don't serve you nor will I ever do right now I destroy any hold you have over me in the mighty name of Jesus I rebuke every agent of darkness you have assigned in my house I set them ablaze in the name of Jesus devil you have no place here anymore your deceit will not work here because the Lord Jesus is the only master of this house I order you out in Jesus mighty name...

I felt my feet leave the ground and I wanted to open my eyes and see.

"Beloved don't open your eyes pray on I am with"

Me:you keep on deceiving my mind reminding me of my past but my Lord doesn't look at my past let me remind you about your past you were defeated and kicked out of heaven you failed to tame Jesus and your future is in hell

you will burn in he'll forever and ever you are defeated leave me alone.!

I opened my hands as I felt fire then I opened my eyes indeed I was off the ground I saw a women and a doll I recognized her I saw her at the Italian restaurant..

"Send the fire to her and in all the rooms in your house"

I did as I was told I heard the sound of a braking mirror and screams then I went to the back on foot and set my compound ablaze.

Me:màsêjoîn æmęlĩn(Heaven reside in my house)

After that I fell on the ground I then opened my eyes and saw a light above my heard lighting came and four angels stood above me 4 of them.

Angels:ABenim ÆUŠŪL'ÍÔÑ(heaven is open)

My back began to ache I felt a sharp pain and it was like knives were forcing to come out of my bones.

Me:mal'ikin asam(it is done)..My body was lifted of the ground and I was flying I had wings.

Angels:mal'ikin asam(it is done)..

Then the only light came from the sun and my wings disappeared again I was weak I went inside the house and when I walked in the bedroom Lubanzi was awake and he was sitting on the bed..

Banzi:what happened to you.

I looked at him

Me:what do you mean?

Banzi: I am talking about your sweater it ripped at the back.

Me:oh that it's nothing you should concern your self with..

He got up and walked to me then held my cheek

Banzi: I am so sorry

Me:me too.

He kissed my then I went to change the
tracksuit and wore another one...We both went
Downstairs to prepare breakfast together

Banzi:you know I haven't heard Xena speaking
usually she is up by now..

Me:go check on them..

He kissed my forehead then went I prepared
eggs and then i was done Lj like oatmeal so I
made some for him...

.

.

Banzi:Zikho!!!

I walked to the room and I heard tgem arguing

Xena:make her go away

Banzi:she can help you!

I stood at the door and looked in the room was dark and I could sense the dirt being exposed..

Xena:no no stay there i'll leave I would be gone but you destroyed my legs.

I aporoaw her bed and she screamed

Xena:awash fire get away from me you are hurting me.

Me:your hate and envy invited then devil now you need to denounce him make him leave your body.I took the covers off her and she was half mermaid and half human.

Banzi:my God!!

Me:do you want to be free.

Xena:make her stop every time she speaks fire comes out her presence is burning me!!

Me:say devil I divorce you and your evil ways
Jesus I accept you as my Lord and saviour

come into my life and save me like you did when you died on the cross in Jesus name amen.

Xena:devil I divorce and your evil ways Jesus I accept as my Lord and saviour save me like you did on the cross in Jesus name amen.

She shook violently

Me:šienàlum jàķařà(leave her body now)

She stopped shaking then small black fish came out of her mouth then she looked at me .

Xena:you save me.!!

Me:the Lord did.

I looked at Banzi and he was on his knees I noticed that my wings were out again I then made them disappear by thinking it.

Me:cool..

I know I sounded like a kid but hey it was cool

Banzi got up and I followed him.

Banzi:you can do that too you have wings now are you an angel??he said without taking a second to breath

Me:yes I can do other things since morning and I don't know about the wings either I just got them.

Banzi:wow babe I love you I just don't know if I am worthy of you.

Me:God chose you so you must be go get Lj and Xena I am starving..He smiled and went he came back with them we said Grace the Fed Lj and eat my own breakfast then after I cleaned the house the went upstairs to get some rest but the holy spirit indicated otherwise.

"go to your chamber's and pray you have started war and Lucifer won't give up just like that you have to go to the dark world and fight him then you will be free"I got and went to my

closet I need to be strong and prayer is the only way.

.

.

.

Xena

.

I have grown to hate Zikho ever since Lubanzi went to that street bash he came back singing a different tune at first we were inlove and he promised to marry me he even bought me a promise ring but ever since he saw Zikho he dumped me the day before his lobola negotiations which weren't for me so you could understand my anger.I could see it in his eyes that he was smitten by this girl

.

I have tried to destroy them but when she went

to Labour because he slapped her for me i felt bad and when he came to see his kids I showed him a white child I the nursery.

MaNOma:how could you be so gullible Xena you should hAve never hidden this boy you would Mrs Jameson by now!

That's what she said when she saw Lj I had to reach out to her raising him in my own was hard.

Me:I am sorry ma I just wanted peace.

MaNOma:peace for who?you will go into that house here chew on this..She gave me a green leave it tasted like mint

MaNOma:now you will worm your way in there and kill Zikho and her Kids then take over lubanzi's life those kids should die for they will be my destruction.

I looked at her and decided not to ask any questions.

Thirty five..

.

.

Xena

.

Zikho has been nothing but nice not once has she mentioned the incident and neither did Banzi it's like somehow they knew it wasn't me and they looked past that,I have blamed this girl for my pain but in all honesty Lubanzi is the one to blame maybe me too of only I had released him but then again it's not easy to release the love of your life from your heart and mind.

.

.

Banzi:don't you think it's time to feed him some solids his way past the cereals only.

He said disturbing my thoughts

Me:well he is not for that I tried veggies and some meat but he hates it.

Banzi:maybe you should start off by feeding him fried eggs made with butter my kids are for that.He smiled for the first time he smiled at me genuinely,I fried the egg and fed it to him when it was over he cried his lungs out.

Zikho:oh no little man what did these two do to you.She said picking him up,she was looking white high waist jeans with black suede pumps and black chocker top with her hair tied into a ponytail her face beautiful with no make but Vaseline on she really is breathtaking ..

Me:nothing I made him an egg now it's over he is so not happy.

Zikho:how dare she make you one egg no man eats one egg bad mommy don't worry cool Zee will make you more daddie's boy,yes you are mmmh you are.They both went to the kitchen

Banzi:thank you!

I turned and looked at him

Me:for what?

Banzi:coming forward with my son I am glad you brought him home but you can't keep on loving here this my wife's house.

I was actually thinking about that I no longer wanted to be here cause i knew I was in the way 3 is a crowd honey.

Me:yeah I am already packed so i'll be moving out today.

Banzi:cool,take this and sign.

Me:what's this?

Banzi:it's our agreement I bought a house for

my son and you will live there with him and I will support him with 10000 monthly but you will have to find a job,never call unless it's necessary or my son's life is in danger lastly stay away from Noma..

Me:sounds fair.

Banzi:we have joint custody of our son so no funny business.

Me:i'm over that it's time to grow now I have a life to take care of.

Banzi:cool let me go help Zee.

Just the mention of her name makes him smile I have been jealous of them but now I see they are meant to be together they were created for one another..I took a few steps and stood by the door Zee was feeding Lj eggs busy playing with him they looked happy and Banzi kissing his wife here and there but it's amazing.

Me:I release you from my heart and I wish you

nothing but happiness with the women that was
created for you by God I will always love you

her face.

Khanyi:thanks doll face I heard you that you are

Xena:yeah it's now or never,can you borrow me

She handed him over

Khanyi:you are always welcome here.

Xena:thank you

She turned and walked away,I snaked my arms
around her tiny waist

Me:boy have I missed you.after that I claimed

her lips we kissed passionately I picked her up and placed her on the kitchen counter while kissing.

Khanyi:mmmmmmmmh.

Her moans always wake up the great Dlamini but who am I kidding she doesn't have to do a thing yet she turns me on.

She pushed me away when i unbuttoned her jeans.

Khanyi:no Banzi..Her eyes were saying hell yeah all red and smaller than their usual size.

Me:but I just want one even quick please honey.

She got down and and walked to the store room and I followed her when I got there her pants were already off.

Khanyi:quicky

She said with a naughty tone

Me:quicky

I grabbed hair and pinned her against the wall while I lifted her left leg and entered her without warning she gasped for air trying her best to keep it down,I started off slowly and then upped the pace thrusting in her vagina
thrust!thrust!thrust!

Khanyi:oh heavens.She let out a moan of pleasure I felt her body quizzing

Me:let go baby cum for me.

She shook her head but with time she couldn't fight nature she cummed and straight after her I came too.I wiped off the sweat I had on my face then turned her around she was still breathing high I got down and placed her left leg on my shoulder then licked her clean then I kissed her letting her taste her self.

Me:you taste so damn good.

Khanyi:it's the mango you have been feeding me.She smiled

Me:come let's go shower.

She pulled up her pants for appearances when we reached our bedroom she ran the water then stripped naked when she saw my naked self she gasped

Khanyi:nigger are you trying to kill me..

hell naw babe I just want to impregnate you again but I just couldn't say that to her.

Me:not really let's go....

We went to the shower the showered together ofcourse she fell into my trap and we went for another spin then we retired to the bed..

Zikho

.

"Ain't this the bitch you keep on ruining my plans"

I could recognize the voice but she had her back towards me dressed in black.

Me:what do you want.?

She lifted her left hand and a beating hand was on top of it.

"your heart"she laughed I looked at my chest and it was hollow and I was bleeding,I looked at my right and Banzi was in a bottle

Banzi:help me save me Zee,I am sorry I didn't pray enough.

voice:help me too.

Voice: me too we are all trapped

Xena:help me Zikho I know you can.

their voices kept on playing in my mind

Me:no!

I was weak I fell on my knees

"Yes bow down to your master your soul is mine
I will kill all of your kids as sacrifice to the great
Amara goddess of the night"

Me:my kids.I rose like I wasn't the one kneeling
just now.

Me:touch my kids and see your distruction.

babadlamini:help us!

.

I woke up and I was alone in the bed.

Me:Lubanzi!

.

This is it we reached the dark world and we were faced with evil all around but I did all the fighting while they orbbed out leaving me alone for it was my battle I had to through it all alone,I fought with the angels of darkness then when I was in the stomach of the dark world I was tired.

.

I got down and walked forward because it was the only way I was tired and I felt like sleeping.

Hoisein:welcome beautiful one we have awaited your arrival and we have presents for you all you have to do is allow us to kill your husband and kids and all this wealth will be

your. Said a handsome half naked man he really was drop dead gorgeous I just couldn't deal he appealed to the flesh and there more I fought the more I gave in.

Him:give me your hand beautiful one. I gave it to him and he took it and I saw my self with a crown and a Serpter I was a ruler of nations I wore fabrics made out of silver,gold and bronze I was the only rich women alive and I was immortal.

Then Michael's voice rang in my ear

"beware for they will appeal to your human nature to your flesh"

Me:no I won't I have dutie to fulfil and I serve one God.He became angry and immediately turned into half horse half man but his face was ugly he didn't appear like he did before.

Me:to think you wanted me to settle for this.I smirked and he came with at me in full force he

kicked me in the stomach and blood came out of my mouth with little strength I had I lifted my sword then I struck him he was cut in half then disappeared, I walked again each time I fought I became weak and I doubted that I was going to win.

I saw her standing next to a mirror admiring her looks so it looked like.

Me: who are you?

Her: isn't it rich of you to ask my identity in my domain I should be the one asking you that!

Me: I don't have time for this so let's get to it I have to face Amara the goddess of the night and that's the only way to free the trapped souls.

Her: oh honey no one faces her and lives to tell the tale.

Me: who are you?

She turned.

Bang!!!

Me:Noma I should have known..I was shocked for real but I didn't want to show her that but how could I have not seen this.??

Her:here I go by Yamazwe for I am the ruler of nations.

Me:Lubanzi will be so disappointed to learn that he has a wicked mother.

Her: I would care but the ingrade is not mine,look!Next thing I knew she was standing next to me and I saw a big mirror again so tired of this..

.

.

28 years ago

.

.

I saw Noma sitting on a couch with a women that looked like her but the only difference was that the other lady was married and pregnant,I saw her cutting her open after she blew some dark powder on her then she took the baby and rapped snake skin around his flesh then she called upon darkness to take the blood and soul of the women and her body disappeared along with everything she then carried on fooling the husband Mr Jameson because she killed his wife when he was away on business but he didn't know that his wife Noma Lubanzi'true mother died and that he was left with her twin Nozi. oh brother

Me:so it's true Lubanzi is not yours you are more evil than I thought you killed your own blood your sister for a man and worldly riches.

Her:imagine what I will do to your kids and that stupid Lubanzi.

She pissed me off really pissed of.

Me:i'll spare you the how could you speech and I will wipe your existence.

She laughed and turned into a huge snake she rapped her self around my body breaking my bones making it hard for me to breath.

Me:no power is above your power you are the raining king and always will be in the name of Jesus I step over this snake" it burned and I heard her screaming then she was laying on the floor naked with burnt marks I went to her and stood over her body.

Me:you can still repent.

Her:fuck you and your God.

She disappeared and the ground was left with ashes.

Now my nose was bleeding and I was limping because my ankle was broken.

"Beloved this is it you are about to face her fear

not I am with you be brave and courageous" After the Lord spoke I felt comfort I knew that this was the end and this was the last battle.

.

*Amara great Amara goddess of the night and most feared you are great Amara goddess of the night you are powerful you rule over men*I walked to where the voices were coming from then I opened a gold door but my hand was burnt in the process I saw thousands of babies disfigured infants and they were in front of her on their stomachs praising her.

Amara:Silence!!

They stopped

Amara: she is here it's time for our war but beware she is mighty she serves an entity that claims to be greater than me.She got up from her gold throne and floated towards me,white

skins,black long thick dreadlocks red big lips and snakes around her neck she wore a gold and bronze dress with heels she had red skulls as rings on her fingers.

Her:I could say it is a pleasure but then again i'd rather not.

Me:I feel the same.!!

Amara:Melenium come forward your mother is home.an infant crawled like a bug and came forward it had black hollow eyes

Infant:mommy! it tried to come near me but I was lifted of the ground and it cried like a howling wolf over and over again.

Amara:you see your God is unjust forcing you to abandon you child she is here your little is girl is here you thought you lost her but Melenium is alive waiting for your love.

infant:mommy and daddy.

That shit was fucked up it was like I was in mama or Friday the 13 kind of shit.

Me:my daughter is in heaven you need to find your mamma and quickly.

They all howled and they got up like locusts and flew to me as I lifted my sword and a shield was brought up each time they hit it they would die one by one but then I got tired the sword was heavy and I fell on my knees the last one bit me then died and I became more weak I laid there on the ground with my sword far left.

Amara:get up you have defeated my army now you will face me.She said kicking me to the curb when she kicked me I felt my ribs cracking she lifted me up and showed me Lubanzi he was scared and in a glass the I saw her the real Noma she was crying she saw her child but couldn't talk to him because she is dead and he is alive just that her soul is trapped

Me:Ine...need to...set the souls free.I said almost passing out I saw them my kids beheaded and I screamed then the vision came to an I end,I grabbed her snakes and reaped them of her and she screamed running to where I threw them.

Amara:my babies nooooo

She was so angry then she got up and flew to me

Amara:you killed my daughters.Her voice was doubled even echoes were left behind after she spoke I saw a her true nature and she was a big lizard with a snake as her tail she had black bat wings and she hissed I was scared I ain't ever imagined this I was scared.

Amara:you will pay for this.

She slapped me and I landed next to my sword I touched it and I was revived I got my energy back I was fit again.

Me:thank you Lord Jesus.I got up and flew to her but before I reached her she slapped me again but this time I didn't fall but I was disoriented .

Me:this is enough Amara you will bow down before The Lord God the Alpha and Omega you will acknowledge that he is God ,now I bind you in Jesus name I and burn you right now. I said pointing the sword at her she started shape shifting then she turned into a little girl my little girl Chwayita.

Her:mommy please stop you are hurting me I am burning mommy please stop.

She had tears in her face and as I was about to give up she threw a fire ball at me and I blocked it with the sword then it went back to her she burned and died then she went to the world of the dead.

.

.

Chulu came and touched each bottle while praying and souls were released and Michael took the living to the ground above then before she went to heaven she came to me and smiled.

Noma:thank you Angel for setting us free tell my son I love him.

I smiled and she flew to heaven other souls lifted to the land of the dead.Chulu held my hand and I was at home in my bed my body was still I couldn't move I was bruise hungry as fuck and tired Lubanzi was safe and his father was with him I told them what and I saw and gave the message they were hurt but they seemed to understand we hugged and Banzi went by the window and stood there.

Banzi:babe there are people in our backyard.

Me: tell them to come back later I am tired.

They laughed and walked out then I closed my

eyes just to rest"beloved I am pleased with you

generation rest take care of your blessing"
