Spider: right through there is a bathroom u will find whatever u need. After bathing, come downstairs.

its been a week now.. I am in Ghana with Sticks. Msola has finally recovered, he stayed back home with Numbers. We were waiting for Zakes to get in the house and get the account number so that he can pay the money.

Me: are u sure this will work man

Sticks: sure, I have hacked all the banks and I have access to all his accounts.

Me: so how will this work

Sticks: the money will clock in his account but instate it will be in our account. He will see it

even when he access his account but its not there. When he try to withdraw he will get the shock of his life.

Me: that's clever

Sticks: that's why u gona triple my pay

He said that with a smack

I just laughed.

We got a call from Zakes

Me: talk

Zakes: he doesn't allow phones inside

Me: spy cameras

Zakes: he won't detect it coz its not metal.

Me: ok .. Cool I can see it, the one on the tie is cool and the one on the belt.

Zakes: and the sound

Sticks: it's on

Me: good luck man

Zakes: I don't need luck to protect my cousin

He hung up

Me: I hope this works

Sticks: it will work I worked with Zakes once before his good at what he does. And I know I am a Pro

Me: Cocky much..

We laughed then looked at the monitor

I saw them getting in. That bastard was sitting down drinking beer.

Stick: welcome gentleman

They greeted back

Zakes: this better be worth it, I hate flying a long way for nothing

Spider: trust me.. Ooh speak of the Goddess

Then Zakes turned and I saw her, she was still beautiful as ever. My Queen my love my heart my life. Oooh God..

.

.

**\*NEO\***

.

.

I was wearing a very tight black leather mermaid dress with an open front that exposed my stomach and cleavage. It had a real gold kind of necklace that held the dress. It had an open front. Red lipstick, my weave was changed, they did a blonde curly weave and a red lipstick with gold long earrings. With gold 5inch heals. I made my way to them then I came face to face with someone I did not expect. Khutso Zacharia Letsoalo, I never really understood why he uses a different surname as his parents including Nthabi. They don't use the same surname as their family. Ooh well I got to them and Spider hugged me and I hugged him back.

Guy1: that's a beauty right there

Spider: a goddess

Zakes: she is, a goddess

Guy2: how much

Spider: 50mill

Zakes: WoW

I was really pleading with him right there to have it since no one was able to pay up.

Guy2: that's too much

Spider: I know.

Guy 3: I hope I don't regret this

Spider looked at him

Guy3:Give me the account number

Spider: u gona pay

He looked suprised.

Guy3: of course, like I said I hate flying for nothing. This had better be worth it

Spider: wow okay u won't regret it.

Zakes: 1 billion for a month

Spider chocked on his beer

I almost had a heartache

Spider: Bill

Zakes: deal?

Spider: do u have to ask

He let go of me and took his laptop and gave him and his account number. The other guy looked pissed. I almost laughed

He sent the money

Spider: its in.. A month and bring her back. Here is the hotel u will be going to use. Cheat me and u will know why they call me Spider. Coz I got eyes everywhere.

Zakes: I won't

Then Zakes whispered to me " if u ever cheat me I will kill ur mother".

Me: I won't I promise

I said that holding a big sob I was close to breaking down this seemed too good to be true

Spider: she better be here in a month for auction

Zakes: she will don't worry

Spider told me to go to him I did and Zakes held my figure as we walked out.

Zakes: u gona have a time of ur life baby

He said that loud so that everybody can hear him

Spider: looks like I'll have to postpone the auction

Zakes: do that

I whispered to him "thank you" with tears in my eyes. He wiped them and kissed my cheek

Zakes: anything for u baby girl

.

.

We walked out to his car.

Ooh god is this real?

I always knew something was not right about Zakes. And this, this right here proves it. Don't get me wrong I am happy for what he did for my love but were did he get 1Bill even his father couldn't get another 50mil in such short notice, he had to ask mother.

Sticks: ur okay man

Me: who is this guy?

Sticks: aammmm what do u mean

Me: are u seriously gona ask me that man

Sticks: eish I think u should ask him

Me: I don't understand, how is it that his more rich than his own father, something doesn't add up here.

Sticks: ammm maybe we should live this place and go book at the hotel

I looked at him with a very intimidating look

Sticks: look man all I can say is Zakes is a God.

Me: uhhhmm God haaa.

We started packing everything then Zakes called

Me: thanx man

Zakes: cool, I booked u a room next to the one I

am suppose to be using there will be a joining room for u to go in as u like. So that nobody can see u

Me: how did u pull that off

Zakes: I own the Hotel

Me: ooh OK

Zakes: ooh and use the back door u will find two guards there, just say "The Prince" and they will let u in.

Me: OK. Were is she?

Zakes: resting, I gave her something to relax. She just brocke down when we left the premises.

Me: understandable

Zakes: will talk in a few.

Me: cool

I looked at Sticks

Me: The Prince

He ignored me and held our bags..we left the place and went to the hotel. We did not get much trouble since they led us to the joining room. Then few minutes Zakes got in our room.

Me: were is she

Zakes: resting in bed.

I didn't waste time I just got up and went straight to the door with my things..

Sticks: not even a goodbye man

I just laughed..

Zakes: don't do anything I wouldn't do

Me: we wouldn't want that would we? And ooh Sticks in touch with her mother through Skype I am sure it will make her feel better seeing her daughter alive and well

Zakes: we will do that

I just looked at him.

I then walked in the other room while locking the

door. I found her peacefully sleeping. I took off her clothes and shoes everything and put them away. Who knows what Spider could have hidden cameras, I checked her body for any bruises or scars well There weren't any. I went to my bag to get her undies and night dress I put it on her. Then get her in the covers. I took off my clothes except my boxers then cuddled her and rested a bit..

.

Few minutes later I think, I felt myself heating up. I turned and looked around oohh shit Neo was giving a blow job

Me: Nneeeooooo.. Shit.. Baby. What are u doing....

She didn't respond.

Me: baby wait aaahh fuck.. I found myself holding her head tight. And brushing her hair

.

.

\*NEO\*

.

.

I know u all might think what I am doing is wrong and I should deal with it in a different way but the thing is when Zachariah left with me I thought it was over until he told me that we have to go back month end. And that we can't leave this place like this. We need to be rid of Spider once and for all. I just broke down I didn't know what to do. I miss my mum, my love my home I even missed my devil of a grandma. But he promised me that in a month time I will be home. Then he asked if he should inject me with something so that I could rest. I said yes since I haven't been sleeping that well. Then when I woke up I turned around only to be met by my Bae.. WoW he still looked handsome accept the beard. Looks like I am not the only one who was suffering. I kissed his lips but he

didn't wake up I then started massaging his dick I then pulled down his boxers.. Ewwww my Bae had pubic hair.. I then started blowing him.. Oooh God I missed him. He woke up.. He was hesitant at 1st but finally gave in. Eish this is good. I took off my undies as I got on top of him.. I slid it inside damn that felt good I missed him I missed this. I started going in and out a little bit then I started going side ways oooh Yeah that felt Good. I held my waist then got up a little bit and sat with his back facing the head board and with me still ridding him. He started kissing me, giving love bites all over my body and sucking my breast while I rode him. I started moaning louder while he groaned also going up and down now.

Me: oooh shit baby that turns me on

Bae: fuck baby ur tight

Me: aaaah aaahh baby spank my ass...

He started spanking my ass while kissing me all

over.

I hugged my legs on his waist while my hands were on his neck. He picked me up and he stood up went to the wall with my back facing the wall then started pulling me up and down... Ooh fuck that was good.. He went on and on then he started going faster. Then he released.

Bae: ooohhh fuck I missed u

Me: u have no idea... Let's go shower

We went for a shower.. Well we had another round in the shower. Damn it was good

Bae: I love u

Me: I love u more

We finished showering then lotioned and wore his shirt while he ordered food.

Few minutes the food came and we ate then there was a knock on the joining room. Bae went to open and I looked up to see who it was

He gave me a phone then I found my mum eating some of the food I was eating.

Later we were pampered as we ate and talking, it was really nice then we started playing games. Then Mr Raophala came and left with her for some shopping I couldn't live coz Spider might notice. Then Zakes came to my room.

Zakes: Nthabi will be landing in a week or so.

Me: really can't wait I miss her. I need to Skype her.

3weeks passed. It was the week of Nthabi to arrive

I was in the shower with Bae right after our steamy round. It was hard for us to get privacy so we only had quickies in the shower or bath coz I was sleeping with my mum and Stones with Bae wile Zakes and his dad would sleep somewhere.

I have been doing Skype with with Nthabi and we spoke two days ago which is weird coz we spoke everyday. Zakes got in

Zakes: hey Neo have u spoken to Nthabi

Me: I wanted to ask u the same thing

Zakes: I was at the airport and she's not there and they said she checked out yesterday. Then Stones got in from another room.

Stones: heey Zakes theres a package for u

He took it and opened it, it was a DVD. He then took a laptop that Bae got me and inserted it.

Playing.....

\*\*\*\*Spider: I told u I got eyes everywhere

then it showed Spider hitting Nthabi with a gun and two guys coming in and tying her with a robe and lifting her up\*\*\*\*

The the video cut then played again

\*\*\* it showed Nthabi laying in bed looking pale and sweating then Spider showed up holding what looked like a small bottle

Spider: this right here is an antidote, bring Neo to me or exactly in 5days from now this Beauty right here dies.\*\*\*\*\*

Then it stopped playing

.

[10/30, 22:33] Strict: My Name is Prince Zachariah Khutso (Peace) Ike the 8th. I am the Next king in line after my father. Well in my father's family clan or religion, when the next king impragniates another woman who is not that from royalty and that child is boy then the child needs to be secrificed.

Yes I am not full blooded royalty along with my sister Happiness. My father couldn't have a boy from his 1st wife so he had an affair with Mrs Raophala well she was Ms Letsoalo then before she dated Mr Raophala. My father was suppose to mary my mother until his family disapproved of it, so luckily My father hid us is South Africa in my mother's family. That's when my mother met Stones then they dated for a wile then I

guess my father found out and well my mother still loved him ofcourse since Nthabi came along. I am supriced Stones never got mad. Well he raised us pretty well even though he was infertile he loved us like his own. Well he had to change our middle names to Sotho so that people won't ask questions and we used my mother's surname because my real father would have never accepted. Well when people asked we would say My mother changed her surname after a wile so my dad said we would change when we are 18. Stones is a good father and a grate man and I could see that over the years my mum learn to love him and fell in love with him. Well enough about that the reason I am here.. The love of my life. I met her through Stones's line of work and I just fell in love luckily so did she. She lives in America with her mother but I heard she has an identical twin right here in South Africa so if I need to found her identical twin so that I can be with them I know

what my father did but I am not all about that, that's why I am waiting for the old man to die since there's no king next in line I will be the next king and I will change this stupid rules. I looked for my love high and low till I found Stones had a sister. And then I saw Neo OMG she looked more like her not identical but similarities. So I dug deep and that's when I realised its her father's side. My Lola is related to that evil man Brian Barca that Stones removed from the face of the earth now all I need is his son Brian, he can help me get my Lola back. Well my love Lola was able to hide and run she's very good at what she does. I haven't seen her since we found out she was pregnant and my father found out and kidnapped her and then she escaped.

Me: I have to go

Bae: ur not going back there, ur are living with ur mother back to South Africa

He said that coming from another bedroom

Zakes: my sister is dying and ur acting like this.

Bae: listen hear Zakes, ur asking me to send the love of my life to the wolfs. Did u see how her mother was? She was ready to die, but u wouldn't care coz they don't matter to u right

Zakes: seriously man u gona act like that now at a time like this

Me: stop it u two stop it. Ur acting like cats and dogs and my best friend is in danger. I care

about Nthabi she's been there for me and its my time.

Mum: baby I think Karabo is right how do we know Spider will save Nthabi when u get there? He might let her die out of spite

Me: I don't care I just need my friend

Zakes: good so its settled ur going

My Bae took out a gun and shot Zakes on his right shoulder we all got scared. Luckily the walls in here are sound proof.

Bae: NEO IS THE LOVE OF MY LIFE JUST LIKE UR PRECIOUS LOLA. THE ONLY REASON WE ARE STILL HERE ITS BECAUSE I HAVE BEEN BULDING UP MY TEAM SO THAT WE CAN GO KILL SPIDER FOR WHAT HE DID TO HER. NOW AS FOR UR PRECIOUS SISTER WE WILL FIND ANOTHER WAY. NOT GAMBLE WITH MY FUTURE WIFE'S LIFE.

I was in tears I can't believe what Karabo just

did

Bae: pack ur bags u and ur mother are living.

My mother took everything so that we can pack.  
Wile Stones helped Zakes get up to the other room.

I just sat there lost on my thoughts.

Mum: he loves u

Me: what about Nthabi

Mum: baby girl its not that he doesn't care about u, he does trust me. Just that right now he had to choose between u and Nthabi and without even blinking he chose u. And I thank him for that. Now let's pack.

I started helping her until I saw what envelope that had a DVD. My mum was in the bathroom I looked inside and the was a number that we should call inside. I took it and hid it. I finished packing. My mum came back and I went to the other room and stole Bae's phone since he was

not there I went to the bathroom to call Spider.

Spider: Karabo my man

Me: its not Karabo

Spider: oooh my Queen how are u

Me: were can we meet

Spider: straight to the point I like

Me: so

Spider: go to the reception u will find two man with black attire

Me:OK I'll be there just now.

I got out and went to the lounge and found Bae sitting on the chair.

Bae: what are u doing here? I thought I told u to pack.

Me: I am living, I am going to Spider.

Bae: u must think I smoke Nyaope neeh

Me: I am going there Mastermind and u will

listen to my plan and it will work.

Bae: I thought I was the Mastermind here not u

Me: just listen

Bae: OK

Me: get someone to follow me, put the hidden camera on me. I know were he puts his guns. All that I need now is the pill that he gave Bontle to make me numb

Bae: no, no. No, no

Me: are u doing this or what

He looked at me and kissed me hard.

Bae: OK but I already have people following Spider. Things might get mercy.

Stones got in and we let him in on the plan and they put the hidden camera on me wile I hide the pill on the ribbon in my hair. I left the room and went to my mum and they gave her something to sleep coz she might actually die

for real this time. Then I left the hotel walking with those man. We went to a different place. It looked like some sort of warehouse coz it was far from people and houses kinda like in the middle of nowhere. We got there only to find guards everywhere with Spider sitting down drinking whisky inside and I sat down

Spider: I am a walking corpse.

Me: what?

Spider: I shouldn't have gone after ur friend

He was in tears I think

Me: I don't get u

Spider: never mind that what matters is ur boyfriend is about to witness out marriage

Me: excuse me

Spider: yes.. U will sighn this papers to save ur Nigerian friend

I was looking at the camera and listening. Spider somehow knew she had a camera on her. Well we got to the place and me and my man put our guns on silencer and we sneaked inside the warehouse and started shooting his guys. I was making my way to were Nthabi was. I got inside through the window and found her sleeping looking half dead I looked through the drawers and found the antidote. I took it and injected her with it. If she dies well Oppsss!!! I went to the next door room only to find Spider sitting on the chair pointing a gun at Neo. And I pointed a gun on him.

Spider: well well Mastermind my man u never disappoint to you.

Me: this time u went to far

Spider: u know me my man I had to find out why u love her.. Now I know, she's feisty this one. Better than the last one.

Me: ur dead u know that

Spider: I have already excepted my fate my man.. The Nigerians are coming for me. U on the other hand have no idea what's in store for u.

He said that laughing

Me: Spider Check Mate

I shot him on the leg then Neo took Spider's gun quickly and pointed at him. Then I went to him and injected him with something to make him Numb.

Neo: ant u gona kill him

Me: not yet. Death will be easy for what he did to you.

After shotting Spider and making him numb more guys came in. I told my guys to take Spider to the jet. And that I am going back home immediately. I told them to burn the warehouse down with the bodies of Spider's man. I know that the Nigerians will want Spider dead or alive. But I am thinking alive coz they would want to torture him for tochuring Nthabi.

I took my love while the guys took Spider and Nthabi in the other room they took them to the jet while we left to the hotel. When we got there we found Neo's mum crying her eyes out were else Zakes with a bandage around his shoulder then some man came from another room wearing Nigerian Clothes. The one who looked more like Zakes I assumed it's his father stared at Neo that she got uncomfortable. Then he looked at me. I told Neo's mum to live with the other guys as she hugged Neo. She then slapped Neo with a hot clap as I was about to say something she slapped me and Stones. Damn she looked feisty..

Her: u all should know better, and u Karabo are suppose to take care of her instate u let her go. My only daughter she's all I have u little...

She's started hitting me with her fist

Me: I am sorry ma, I am sorry please stop

Zakes's dad: woman I don't have time for this.

He took out his gun and pointed at my head

Stones: told u

He said that as a whisper

Me: u gona kill me or what?

Stones: are u serious right now

Then Sticks got in he looked scared as fuck.

Zakes: I still need him dad

Zakes'dad: this boy has no respect he did not even greet me, he shot u and he refuses to apologize. If I don't kill him people will think I have gone soft so I need to set an example.

Me: by all means ur Highness

It was Numbers.

Numbers: dude were the fuck are u

I was really hurt by what I saw. And what Bohlale said did not help. Bohlale held my hand and we bought the hot wings as Karabo and his "new girlfriend" came our way when we were waiting for our order.

Then Bohlale dragged me away from them then Karabo held my other hand.

KB: Bohlale please let go of her hand

Bohlale: why? So that u can tell her u have someone else

The girl: look I have to go

Bohlale: yaaah u do that bitch coz if I see u again u gona wish ur mama had kept her legs close.

She looked at Bohlale, she wanted to say something then held Karabo's hand

The girl: please take me home its late

Karabo looked at me I looked away as I yanked his hand off me

KB: babe we can't do this here

Me: don't start with me Mastermind

The girl: are u gona take me or what?

Our order came I went to get it. And held Bohlale's hand and we left the restaurant. We found our cab gone nxaanaa so we had to call another one. We did and waited. Then we saw Karabo talking to that girl then when he turned he saw us looking at him. Then our cab came we got in and left. My heart was just heavy its like a had aa huge lump on my throat. Bohlale held my hand then we got to the tarven, paid the cab guy. Bohlale looked at me and fixed my makeup.

Bohlale: let's go in there and dance ur ass off  
okay

I nodded

We got in and most, if not all the guys were looking at me. We found our spot.

Bohlale: so what u gona drink miss non-alcoholic

Me: actually get me sky vodka

Her eyes popped

Me: I am serious

Bohlale: oookay

She went inside. Then some guy came there to talk to me, he looked like those kasi cheese boys.

Him: what is a beautiful number like u sitting alone.

I looked around as if his talking to someone either than me..

Him: aaahh baby ke buwa le wena ( I am talking u)

Me: if I was a number I would know.. Now take ur shoes for a walk.

Then one of Mastermind's kyvys came to the

table and told the cheese boy to get lost. He had "just juice" drinks with him then he put them on the table.

Me: can I help u

Him: mastermind told me to give u this

Me: mxm.

Then Bohlale came with 2 sky vodkas and a lot of cranberry juice and two glasses. Some guys were helping her to carry them. They kinda looked like those Kasi gangsters. The other one had a coolerbag with him.

Me: and then

Bohlale: sexy ant they

Me: uhhhmm

Then Bohlale looked at Mastermind Skyvy.

Bohlale: can we help u

Then the guys sat with us on our spot and Mastermind skyvy just left. Then Bohlale mixed

our drink and we started drinking. Daaam it was Good. Then one of the guys said we should go dance I went with him and Bohlale then we went to the dance floor. With this alcohol in my system I didn't care. Then two goons who also work for Mastermind told me we should live

Me: go tell that boza of urs to go fuck his spur girlfriend and live me the fuck alone.

They couldn't grab me or anything coz Mastermind doesn't like his guys touching me. They left. We kept dancing and dancing wile filling up my system with alcohol... Shit i was drunk. Then my favorite song played then me and one of Bohlale's guys rocked it with me as he touched me everywhere, my thighs, hands. Damn it felt good.

I know I am the most hated guy and the moment. But my history with Viv goes deep. Viv and I were in the same school when we started dating she is older than me. She would just fail her grades because of her reputation around school. She was 21 and I was 16. Damn she was hot we started dating and she taught me everything regarding sex. Her problem was cheating she dated teachers and old man. I tried getting her out of it she even quit school coz she couldn't manage. She decided to find a job in local shops I tried helping her coz I loved her. When time went on, I remember the day very well she was pregnant and she came to my house and found me fucking some hood rat she screamed and left the house I followed her and she told me to go to hell blaah blaah blaaah and also that she's living. Later that afternoon I got a call from hospital when I got there she had

lost our child. I was so devastated that I went to the tarven and wanted to drink away the pain, I couldn't and then when I went to get my car I found that it was stolen by Neo lol. Aaay yaaah neeh so ever since that day I never heard from her since I saw her at spur. Sticks just told me that she's in Cape Town. So u see why its hard to just let it go. Don't get me wrong if I had to choose between Neo and Viv I will choose Neo in a heart beat. I just need closure with Viv. Anyway I called a cab for Viv I couldn't live with her. I didn't wana alienate Neo any further. I then went to my club, wile some of my guys were keeping tabs on Neo there was no way I was letting her go out with Bohlale alone looking like that, she looked sexy, too sexy, and hot dammmn she was fine. I tell u when I saw her in Chicken Licken wwooooo I got a boner right that moment as for what Bohlale said shit it made my blood boil. Nxaaaa anyway I was in my office when one of my guys called telling

me Neo is at Titus's tavern (local gangster no threat coz his way bellow me) and that she's sitting with Titus and his man and dancing with Titus and also that she is Drinking alcohol.. Vodka for that matter. I was mad as Fuck, I know she's mad but why the hell will she take it that far

.

I was dancing with this guy for a wile now when i went to sit and drink some more then I felt the need to pee. I went to Bohlale and told her we should go pee then this guy I was with, his name is Titus by the way and he owns the club. He told us we can go inside coz the outside toilet is dirty and smelly and we could be raped.

He took us to the toilet it was clean and smelled good too. When I got outside I found Titus with Karabo talking nxaana I was pissed then Bohlale came out she was drunk too drunk. Then Karabo came to us he grabbed my hand

Me: DON'T TOUCH ME

KB: we are living

Me: NO KARABO U ARE LIVING, UR LIVING WITH THAT BITCH OF URS

Titus: Mastermind man I think u should live u see that she doesn't wana live with u

KB: stay out of this

Bohlale: joooh u gat a big mouth for a cheater

Mastermind: Neo! u and ur friend let's go now

Titus called some of his guys to come escort KB out. Then karabo's guys came too. Then out of the nowhere guns were shot and blood everywhere when I opened my eyes.. Bohlale was down shot and bleeding ridiculously

Neo cried so much and uncontrollably that when we got to the hospital she had to be sedated. We called her mum who was unreachable and I found it weird. I asked Sticks

to track her down. I then asked Numbers to look for Bohlale's mother. He did so they came to the hospital. She was still in ICU. The woman looked terrible, no parent deserve to go through this. I went to see Neo in her ward and found her peacefully sleeping. I just left the room to go get some coffee then I got a call from Sticks

Me: sure

Sticks: she's in Lesotho

Me: who

Sticks: Neo's sexy.. I mean Neo's mother  
Kgothatso

Me: what is she doing there,

Sticks: I an not sure

Me: u know what let her be, it seems like she has problems of her own.

Sticks: OK xap

Me: xo

I am pretty sure Zakes has everything to do with her travelling that far and living Neo especially after what happened its unlike her.

I went to check with the doctors regarding Bohlale's condition.. Damn

.

.

**\*ZAKES\***

.

.

I have been tracking Kgothatso's moves and she has traveled to Lesotho. What I find annoying is that she hardly uses her phone.

It was pretty late now so she checked in a hotel. I had to follow her. There's no use hiding now I need to speed things up. I knocked at her door and she opened

Her: its about time

She was wearing lace damn she looked sexy

Me: how did u know I was following u

Her: u think I am an idiot.

Me: no no sorry mam

Don't get me wrong I have always had a crush on aunt Kgothatso I mean the woman is just too sexy. All I ever wanted was to fuck her no strings attached..

I was looking at her cleavage and her nice firm ass and curves while she poured wine.

Her: so why do u want Brian

Me: ugggmm his my lead in finding someone

Her: so u decided to lie to me and use me to get to him

Me: I am sorry

I looked at her as she sipped her wine damn she looked sexy

She looked at me and smiled

Her: sooo did u find what ur looking for

Me: no not yet

Her: u do know his the love of my life right

Me: and his my lead to finding the love of my life

Her: Lola.. She said that smiling.

Me: u know her

Her: I know Lala, Lola is like mist. She just disappears

Me: that's why I am looking for her

Her: then why are u lusting over me

I got tounge tied I didn't know what to say.

Next thing I know we are kissing and she's brushing my dick and squeezing it. Daaaam I can't believe this is happening. She took of her lace night dress and pushed me on the bed and and took of my trouser pulling it down wile I took of my shirt. Next thing I know she was

giving me the craziest blow job ever. Joooooh this woman knows her business. She took a condom and put it on me then she then got on top of me and rode me like crazy. Oooh fuck this woman is a sex freak. She pumped me while going up and down and side ways. Damn it was good then she turned around and fucked reversecow girl. Daamn this woman OMG atleast my lasting over her was not for nothing she then kneeled down bending her ass up Shit the view was out of this world I thrust in and banged her hard. She kept screaming and asking for more. I went all in and banged her hard, then released right after her as I felt her body vibrate. Oooh fuck that was amazing.

Her: daaaam

Me: yaaah

It was a after the funeral, we had just left the cemetery. Going to her house, I was inside the limo with her mother and my mother. It was a beautiful ceremony. Nthabi was inside her car and Bontle was still recovering. Not that I care. We arrived at the house and people were lining up at the cue for food, I saw one of her boyfriends Bongani. Yes! I said ONE of her boyfriends, my friend loved a dick Shem she could sleep on it. I went to him.

Me: Hy

Bongani: hey Neo

Me: how u holding up

Bongani: not good, especially since she was shot. Neo what really happened.

Me: ugggmmmm eish

Bongani: look Neo people need to know, Titus is busy roaming around like nothing happened. And u were there, people want to know I am even suprised the police ant doing anything about it

I was in tears coz that day was just horrible njeeeee. Bohlale's mum was just told that the guy who shot her died too coz we thought its best. But what I wanted was for Titus to die and I want to be the one doing it.

Me: I have to go

I just left him there wile going inside the house and told my mother that I need to go back home. She gave me her car keys and I went

home. When I got there I just went to the lounge to get some alcohol. And I just drank. While drinking I had an evil mind. I called a cab, it arrived after a few minutes then I directed him to my location. When I got there I just went inside and got to the office I opened and found Numbers well I call him Wynand.

Me: Hy Wynand

Wynand: Hy, how u doing

Me: I will be fine, were is Karabo

Wynand: I am not sure

Me: what do u mean

Wynand: he didn't tell anyone were he was going

Me: what?

Wynand: that night when u told him its over he came here left his phone and cards. He took just about half meter and took a cab and that's the last we've had of him, no call no email no

SMS nothing..

Me: but?

Wynand: I am sorry

I was hurt I mean how can he do this, I know he was hurt but what about me

Me: what about Vivian

Wynand: last place I went and she hasn't heard from him since that night

I was kinda relieved

Wynand: so what did u need?

Me: a gun, I need a gun. Fully loaded

He looked at me in the eyes and just knew who I wanted to shoot

Wynand: are u sure u wana kill him

Me: YES

Kgothatso and I have been having sex ever since. And it was damn good I couldn't get enough of her pussy. She told me Brian is out of the country and he will be back on Tuesday. Eish atleast something good came out of this fucked up situation. I was at home when I got a call from Neo.. Heey I wonder what she wants,

Me: Neo

Neo: uncle Zakes Hy.. I need ur help

Me: what's wrong

Neo: I am at home please come

I hate it when people include me in their problems. But that's the list I can do since I am fucking her mother. I left home and went straight to her crib. She opened as I was about to nock. And she was wearing all black

Me: I am here

Neo: I need u to help me kill someone.

My eyes popped

Neo: don't look at me like that

Me: have u ever killed anyone before

Neo: are u gona help me or not

Me: Neo look I am sorry I can't I mean ur family and I can't let u do this to urself. Ur friend is dead and nothing will bring her back.

Neo: is it because ur fucking my mother

I was shocked

Me: uuumm how, uhmmm u know?

Neo: I am not 12 Zakes I know my mother and I know when she's fucking a new dick and when she's keeping it a secret. When she keeps it a secret thats because she knows its wrong....

I was shocked

Neo: so its either u help me or the next thing  
Lola will be reading is u sleeping with her  
brother's baby mama

Me: what!

I was shocked of how much in for she knows

Neo: u thought Mastermind won't tell me. He  
told me everything and he knows were Lola is.  
He just wanted to work alone. Even Sticks  
couldn't find her but Mastermind did. U help me  
kill Titus, I help u get through to Mastermind.

I hate it when people blackmail me but I had no  
choice.

Me: so why ant u looking for ur father

Neo: his not lost, is he?

Me: does ur mother know that u know this  
information

Neo: I don't know

Me: okay I'll help u

I called Sticks to track down Titus and he did then later in the afternoon he called to tell me he got him at the warehouse. I left with Neo

When I got there and saw him tied up in the chair I really thought the pain will go away but no no it didn't, my anger just accelerated and I realised how much I need karabo right now. DEAD

[10/30, 22:34] Strict: Guys if u want to know what happened that night of the shooting, u gona have to wait for Karabo's POV. Neo can't tell what happened coz she was drunk "REMEMBER" and she just saw guns blazing and her friend bleeding.

.

And remember Neo is hurt for loosing one of her best friend and she's dating a gangster and now she's starting to get the thrill off shooting. She blames who ever was there. She blamed Karabo 1st. Now she blames Titus. Who knows who she will blame next. U know how it gets when u love someone and they die like that in front of u.

.

And remember what Bongani said. People are wondering why Titus is roaming around free. Remember I said his a local gangster. So obviously people might blame him coz it

happened in his tarven. So maybe Neo got that "evil" idea from there.

Are u guys happy now. Are u answered?

Did killing Titus make me feel better?

Did it make the pain go away?

Did it make Bohlale come back to life?

Did it make me go back in time and change that day?

No No No No.

I was sitting outside the warehouse holding a gun in my hand with my hands on my face.

Zakes: we need to live

Me: I need to find everyone who was at Titus's club shooting at us that day.

Zakes: u can't be serious

Me: someone's bullets killed my friend

Zakes: I thought it was Titus njeeeee

I looked at him.

Sticks came out

Sticks: aaahhhh sister Boza how do u want the body to be exposed

I looked at him

Me: take his body to his tarven and burn the

whole place down.

Sticks: aaaahhhh aaahh sister boza that's a bit extreme

Me: fine do whatever u think its best then. But at the end of the day I want every person who was shooting at us that night.

Sticks: u going to have to speak with Boza about that

I looked at him and gave him the gun then I went to the car.

Zakes came and we left we hardly spoke in the car then we got home I got out as he got out too.

Zakes: were is he?

Me:who?

Zakes: Karabo Mastermind whatever

Me: I don't know?

Zakes: WHAT DO U MEAN U DON'T KNOW U

SAID U GOING TO CONVINCHE HIM TO HELP ME

Me: first of all don't shout at me I am not ur mate secondly I am not Karabo's keeper if u want his help go find him and I'll talk to him nxaana.

Zakes: u are just like ur grandmother

Me: apple does not fall far away from the tree

Zakes: I will find him

Me: aaaaaahhhhh

Zakes: what?

Me: you were unable to find Lola for how many years now? And Karabo was able to find her in a week. Nxaana and u think u can find Karabo.

Zakes: u think u can find Karabo.

Me: I don't think, I know were he is?

His eyes popped

I started packing my clothes while calling a cab

Few minutes later I was done, I left my phone. And took my back. I went to his club and when I got there I went straight to his office and found Msola and Numbers and went straight to his safe and opened it, I knew his combination code. It was the day he broke my virginity.

I took out a stack of money.

Wynand: u know were he is

Me: yes.

They were shocked.

Me: don't follow me coz I will know.

Msola: we won't coz we know Boza won't be happy

Me: Good

I left.. Yes! I know were my Karabo is and I am going to him

I have been sitting in Neo's home ever since she left. I guess I am waiting for Kgothatso now. I went to her shower, took off my clothes and waited for her. Few minutes later I heard her getting in, she opened the door

Her: OMG what are u doing here

Me: I am here to FUCK u

She smiled seductively she took off her clothes and she got in, I just turned her around and banged her hard from behind. Damn this woman drives me crazy. We stopped using a condom because of the quickies we would have. She said she's on a needle so yaaah. We fucked hard in the shower I even found myself sitting on the floor and her sitting on top of me..  
Daaaam this woman is a sex machine. After

3 rounds with the last one that ended on the bed  
me on top of her hitting every corner in her.  
With her screaming her lungs out and her legs  
spread out wide, I released inside her and  
collapsed on top of her. Shit that was daaam  
good.

Me: ur gona drive me crazy

Her: and u love it

Me: how did u know I have a crush on u

She laughed.

Her: the way u looked at me, when u were  
young but I knew u were a stallion so I had to let  
u grow.

Me: mxm u shouldn't have

Her: haaahaaa why

Me: we could have started a long time ago

Her: haaahaaa neeh now is good coz we are  
good for each other.

We started kissing as she touched my dick for a hand job.

Then we had a knock on her bedroom door

Her: who could that be?

Me: bits me

She got up, wore her gown and went to open.  
And he just got in without warning he froze  
looking at me. It was Stones. Oooh Shit

Stone: So Spider has a brother who is a gangster

Me: a wana be gangster.

Stones: who took out Mastermind

well that his team will come after u.mxm

Kgothatso: ooh my God my Neo

Me: she's fine she went to see Mastermind.

Kgothatso: but this guy.

Me: this guy is a cockroach who will probably be dead by the end of tomorrow

dress and massaging her breast

Kgothatso: ooh... Zakes... Call me aunt Kgothatso again.

Me: aunt Kgothatso...

I made her bend, holding the table as I pushed her dress to reach her stomach and I just thrust in.

Me: oooohhhh fuck... Aunt..... Kgothatso oooooo... I love u..

A week past I haven't seen Kgothatso since that day. Yes! Brian did come back I didn't need him anymore since I knew were Lola was all I

wanted was to kill that Son of a Slut and get my Lola. I am still suprised as to why she hasn't escaped. Well Anyway I have been trying to ignore Kgothatso at all cost. She has been keeping in contact with Brian they have met a couple of times. Well I was on my way to her house to talk to her I want us to officially end things. I mean I can't be falling in love with her, fucking her was bad enough as it is. I parked my car outside and got in, the door was open so I got inside. I went to the sitting room. I found her laying on the couch drinking tea/ coffee with biscuits.

Me: are u okay

Its been 2weeks for me since I have been here. I must say MaAgy is a very nice woman. She even cleansed me. She said I needed it after what I have done. I have been sleeping with Karabo, he hasn't woken up but MaAgy said today he will wake up coz his wound has healed its just his mind. He needs people he loves well since his family is not here I should just speak to him. MaAgy came in with lunch. It was pap with stew and beef with beer and coldrink

Me: MaAgy his not up yet

Her: he is and his hungry

She smiled

My head was on his chest so that I could hear his heartbeat I have been sleeping like that ever since.

I looked at him then her confused

Her: he is very hungry and u beda feed him well

She got out laughing.

Then few seconds later I felt a hand going between my legs. I turned and looked at him and his eyes were closed

Me: Karabo my love ur up

He kept forcing his hand in between my thighs

I held it tight for him to stop.

Bae: that woman knows me too well and sometimes it annoys the fuck out of me and now ur gona refuse to give me what's rightfully mine now

I looked at him and his eyes were still closed. Uhhhhmmm, I let him be as he started rubbing my pussy. Then took off my undies. Then he got on top of me without warning before I knew it he was thrusting in and kissing me all over my neck. Our round took longer than expected, I even went on top of him even bended for him we did all the styles that I could think off but Niger released after an hour or more. I swear I wanted to cry. It was winter and cold but I was sweating. All this time his eyes were closed I could only hear him groaning and kissing me. Now I was laying on my stomach he was laying on top of my back and he just released. He turned me around I found his eyes opened..

Bae: I missed u...

I was confused

Me: I won't let her in

She looked at me and shook my head

Her: now help me plant this

I started helping with planting

Later that day we went to the main house. And she started cooking while I watched TV. Then my love came in looking tired

Me: babe

Bae: I am hungry

Me: MaAgy is cooking

Bae: yaah

She sat next to me looking me in the eye

I knew she wanted me to tell her what happened.

Me: I was on my way to Venda. But I first wanted to see MaAgy I wanted to clear my head

It felt good to be up and about again we stayed for another month with MaAgy. Neo had about a hundred thousands with her, we gave it to

MaAgy to buy clothes and food. Since she lives alone she hardly buys food. I couldn't be going out since Spider's brother thinks I am dead. Neo bought that R100 cellphone just so she could keep in touch with her mother. Me and I were just fine we had sex everyday unless that time she had her periods nxaax they took about 4days and it felt like four years coz she was sleeping in The main house, first night she slept with me I ended up wanting to fuck her, I know it was wrong luckily she refused and she decided to go sleep in the main house. After 4days she came back and I fucked her nuts out. Eish I don't know what's wrong with me ever since I came back from the dead I am forever craving her and I think she got used to it coz she's always horny too we are forever fucking. Oooh well it was after our steamy round we have decided to live the next day since her mother has been complaining to come back home. There is a family meeting. Well I haven't

spoken to anyone just yet. I hope everything is going well with Numbers handling things. My love was packing our clothes while I was laying in bed.

Bae: I think u should call Wynand to come fetch us

Me: yaah I see what u mean

Bae: call him

Me: I'll call him later, were living tomorrow moosss..

Bae: okay

I was sitting in my office talking to one of the biggest designers, telling him to design Neo and I the hottest outfit that can be proper for the spinning ground. I went for black red. I told him to choose the material since Neo doesn't know.

Designer: OK Mr. That will be 220

Me: excuse me

Designer: R220000

Me: ooooh u ment the price well ok

Designer: I will need 80 for deposit

Me: OK I'll give u now in cash

Designer: do I look like someone who walks around holding cash, send it through my account now.. I need to go buy the material and start with the outfits. That's why I added more for over time

I was holding my laptop so I sent him R300 000. He looked at his phone with eyes wide open as I looked at him

Designer: u see why I come running when u call me

I just laughed

Me: ur the best

Designer: and ur girl's measurements

I wrote down Neo's address and gave him.

Designer: she better be a boooooom for u to spent so much and for me to work over time

Me: trust me u will love her

My cellphone rang it was just numbers

Lola: do u still love her

I breathed out loud

She looked at me and shook her head

Lola: break up with my niece

I looked at her in shock

Lola: look Mastermind I respect u and value our friendship but there's no way I am letting u hurt my brother's kid like that

I went outside and went to Karabo he hugged me. And started kissing my neck.

He said that smiling

Me: haaahaaa

I brushed his dick while he unbuckled his trouser and I took out his dick and brushed it as I went down on him to give a blow job. He was holding my head busy pushing me to go deeper. Then

I know ur all wondering what's going on. Well I am wondering too. When the police came, Viv said she won't open a case on one condition. That condition came with me supporting her son or rather our son. So the police lady took

my DNA sample and Viv had already given her own and her son's DNA, then I asked them to speed things up. So ever since I have nervous as fuck. She just showed me a photo and the kid looked just like me when I was young. I have been so scattered lately I don't even know what I am doing or where I am going. I don't even know what to say to Neo. Viv left my office and I just let her be

.

It was Saturday now the day of the party. Neo and I were still not OK, I had organized Lola's visit with her son. Neo and I got our clothes there where beautiful she loved them so did I. We hardly talk which is awkward coz we do have sex coz we both always horny. We were in my office now with the designer busy taking us photos.

Designer: u two look amazing

Us: thanx

Designer: I think we are done now guys let's go.

They packed everything then Viv got in

Me: what are u doing here Viv?

Viv: wow u guys look cute

Neo just looked at me and left. She looked like she wanted to cry. I got up and followed her.

Viv: I need to talk to u

I just ignored her and followed Neo to the bedroom. I closed the door and she was changing.

Me: Babe

Neo: I am tired of fighting with her

Me: u don't have to

Neo: u want me to.

Me: no

Neo: I love u Karabo I love u too much.. I will attend this home coming thing of urs but after

this u and I are done.

I looked at her with shock

Me: what do u mean

Neo: Karabo u chose her u have already chosen her. And there is nothing I can do. U have known her so long and she was ur 1st the same way ur mine. And now I can see why. The way I love u is they way u love her. U can't get over her no matter how much u try. So I don't wana trap u, I love u too much to do that to u so after this, u and I are done. With that said she took a spare key from her bag and unlocked the door and left. I felt so out of space.

Karabo is the love of my life I can feel that. But I won't compete with Viv. I tried but it seemed like I was fighting alone Karabo doesn't care and I am tired of it. I was on my way home to meet my so called father. I was driving my mum's car, I drove straight home. When I got there no cars nothing. I just got inside and found my mum looking extra sexy. She was wearing an above the knee red dress that pressed her cleavage well and her curves together with her ass were just right there. Her hair was a straight back while mine was a straight up. She even did make up with a shiny red matt lipstick.

Me: wow u really went extra today.

Mum: u like

Me: uhhhhmmm always

Mum: I want ur father to see what his missing

Me: mum the guy is married

Mum: and divorcing

I just shook my head then we had a car or rather cars pulling up. I picked a little and my mum spanked my head.

Mum: haaay man go and prepare urself. I left and went to shower and wore my pink figure hugging dress. Damn it was tight I was really gaining heey mxm I should really eazz up on food. Then I had my grandma calling me I told her I was still wearing my shoes and I will be there. After a few minutes I was done and I got to the lounge everybody just turned and looked at me. My mum just smile and gave me the eye. Meaning Perfect I look beautiful. I looked at those people and I saw Lola but she looked different not all hot like like the other day. She was wearing a long dress with sandals and a doek on her head. She was still beautiful just not like the other day. I was shocked I then went to sit next to my mum. There were two man the other one was old the other was just my mum's

type. Charming and sexy. Then there were two other ladies. Well they introduced themselves. And then Lola said her name is Lala I looked at her shocked and I gasped everyone looked at me

Mum: are u okay my baby

Me: I am fine mama,

I looked at Lola or Lala whatever her name is

Me: did u say Lala or Lola

She looked at me and wanted to cry everybody was shocked

Her: I said Lala... Uhmhhh do u know Lola

Me: yes I just saw her a couple of days ago

She teared up

Lala: Ooh my God how is she, I miss her a lot.

Me: u two are. Twins

Lala: identical twins.

That makes sense coz they look like the same person

Grandma: can u two talk in ur own spare time i need to finish up here. I have to be somewhere ASAP

Joooh trust my grandma to make everything about her. Next thing she will say the reason I am here its because of her nxaax this old hag. And u will find that she don't wana be anywhere she just want them gone that's all.

Aunt1: yes! So she is the reason we are here wow u look a lot like Lola and Lala

Mum: a bit, my baby has always looked like me.

The old man just shook her head as for my father he was just looking at me with a smile.

Old man: hundred thousands for the damages and fifty thousand for the surname..

Mum: yaah like that's gona happen

Aunt2: Kgothatso u have no choice.

Mum: are u sure about that

My father: Neo is the one we want changing the surname I think maybe u should ask her.

Aunt: do u want to change ur surname Neo

Me: NOoo.

My father was so disappointed u will swear he would cry.

Mum: that settles it then we will take the R100 000

Aunt2: she still has to atleast have our name

Mum: excuse me. Brian I thought u said ur family won't come with this nonsense

Brian: aunty that's not necessary

She ignored him.

Aunt2:ur name will be Hlologelo

I just laughed

Me: u must think I have a lost screw in my head

if u think I am gona use that name..

Aunt2: joooooh ur so disrespectful like ur mother

Mum: jeeey if u have a problem with me and my daughter get out Fotsek

Grandma: AMEN finally aeeeyeeee

I dont have time for this i just stood up and went to my bedroom.

I was too drained to be arguing with old people.  
I just layed in bed and when I was about to  
close my eyes my phone rang, it was Karabo.

Me: uhmmm

KB: I miss u

Me: what do u want

KB: u left ur clothes, the once u going to wear  
tonight

Me: ohh.

KB: I am outside, please come

Me: okay

I hung up. I knew if I use the lounge to live I  
won't live so I decided to use the window.

Quickest way out. I sent my mum an SMS that I  
am living and she responded with " trying  
to aliniate ur family I see". I just got out and  
found him parking one house away from mine. I

got inside. And he drove off, I didn't even say anything I didn't have energy. We got to his club and went to his office.

He locked the door

KB: I am sorry Neo I am sorry for everything I did. I love u and I choose u over everything babe. Ur my life.

Me: Karabo I don't know coz ur putting Vivian before us.

He went to the dressing table and took a paper and gave it to me.

KB: that's the DNA test, Viv has a son and it's mine

I looked at the paper, I didn't know how to feel I was blank my head was just blank. I sat down on the bed. I didn't know I was crying until he started wiping my tears and kissing me my chicks to wipe them away. I looked at him

KB: please please don't dump me, don't break

up with me. I am bagging u.

He had tears in his eyes and I started kissing his tears away. Next thing we are kissing. Then I took off his shirt and then he pushed me slowly with his body on the bed. He took off my shoes and he did his. He started kissing me very slowly. We were making love I could feel it, the passion in this was just too much. Next thing all our clothes were off we were both naked, he took ice and started playing with it all over my body damn it felt good. Then I took the ice and did the same with him but I took it to the extreme coz I ended up doing the sub zero blow job on him. He was groaning so loud. I then got on top of him and rode him nice and slow.

Damn it was good then he turned me around slowly and got on top of me and he was going all nice and slow while kissing me all over. Then we both came. He got off me and kissed me.

KB: I love u so much Neo and I want us to pull through this

Neo: will see when time pass

He kissed me on the head and held me tight while playing with each other.

I know your wondering why I forgave him. Well its simple MaAgnes's words played in my head. She told me that Vivian will play dirty or filthy. She wants My man and she won't stop at nothing. So I decided to give my love the benefit of the doubt coz I love him. As for this son thing I don't believe it one bit coz I can see how desperate she is. I mean why didn't she come with him for us to see him. There is no son here

Me: babe

KB: uhhhmm

He was playing with my breast and forcing my hand to play with his dick.

Me: how about Vivian brings ur son here so that we can meet him

KB: uhmmmmmm

Me: are listening to me

He started playing with my pussy oohh gosh that felt good. I just got wet instantly

KB: I guess I won't be muffing u.

He made me sleep on my side and he entered me. Shit that was good. He just went fast and that was what I needed. Then I laid on my stomach and he went on and on then we both came. We went to get have naughty shower.

Nice and quick. Then we went to wear our matching outfits black and red. Mine was some sort of a leggin high waist and a crop top with a long jacket. KB had a jean with some sort of a vest and a jacket. They were just amazing. We were done when Numbers called, I answered coz Karabo getting himself drinks,

Numbers: are u guys still fucking

Me: why, u wana join us

Numbers: oooouuuuh Neyoooo uhhhhmm

haaa.. Haaaa how are u

Me: we are on our way

Numbers: of course u are.

I hung up and went to the car he came and we drove to the spinning ground. When we got there I just remembered the last time I was here when it was this full.

KB: please just think about this moment now

Me: OK

When we drove in, everything went silent the music, I think even the people stopped talking if not moving.

KB: are u ready for this baby

Me: Gusheshe baby

The he started his spinning thing. He span around so rough. Damn that was amazing.

KB: are u ready baby

Me: do it

He opened the sunroof while still spinning and I popped my head with shoulders and hands out. Then I heard Wynand's voice

\*that's the QUEEN right there everyone\*

Then people started screaming then Karabo open his side still spinning

\*that's ur KING right there everyone\*

\*this is our home coming now its time to Gusheshe\*

Karabo continued spinning. Then I signaled him to stop.

He stopped and I got out from the top. And they played Casper Nyovest's Gusheshe song And i started dancing my ass off. On Top of the car Then Karabo started doing the vrrrrr vrrrrr and I jumped off as he got out and we started dancing with me till the song ends the we got it and he span one last time. Then I took out his gun and I pointed north then he held my hand

then everyone started counting 3.2.1 and then we pulled the trigger together.

.

.

**\*KARABO\***

.

.

I was excited I couldn't explain the feeling. Well the party was awesome. When we went inside, everyone was dancing, drinking and eating for free and nobody gets out with anything the same way their not allowed to get in with anything but a phone inside. I spent a lot of money for this party to happen but hey i am not complaining coz my love is with me. Wile sitting in office joooh my love was tired she was even breathing heavily and drinking water and sweating.

Me: are u OK love

Mylove: yaaah now I am fine

She sat on the table facing me then she kiss me, then the door opened. It was Vivian. Neo turned her head and saw her but she continued kissing me. She even took of my jacket and came to sit on top of me wile taking off her jacket. And started kissing me hungrily wile moaning daamn that turned me on that I even took off her top i even forgot about Vivian then I heard Numbers telling Vivian to live.

Numbers: eeeh wena let's go

Vivian: mxm

I wanted to laugh but heeey I was turned on

Luckily Bae had already wore his boxer wile I was on the phone as for me I was naked. And I covered myself with Bae's jacket. It was two girls

Girl1: wow so the real party is here

I just looked at them

Bae: what are u two doing here

Girl2: joooh not even a halo

Bae: if u had nocked maybe I would have said halo.

Bae took his trouser and wore them and the girls just looked at him. They kinda looked alike but u could see the other one is older.

Bae: babe this two are my siblings. Two younger sisters. Katlego and Koketso.

Me: k's

Koketso: yes.. Ur really beautiful

Katlego: very very beautiful.

She touched my shoulder.

Bae spanked her hand

Bae: don't bring ur lesbian tactics on to my love

Katlego: mxm and FIY I am not a lesbian I am bisexual thank u very much

Koketso: ur only Bi coz u don't wana alienate dad.

Bae: do u want a bullet in ur head

Katlego: mxm

I wore my clothes wile bae was helping.

Bae: u OK

Katlego and Koki looked at me

Bae: she's underage

Me: so

They were both shocked

Bae: uhmmm

He gave me that "ur gona pay for this look"

Bae: I will be in the secret room I am using the back door to get it.

Me: OK

He kissed my cheek

Bae: don't teach my love stupid things. She's innocent

Katlego: with that body, of course she is

He looked at her and kissed my lips. While touching my ass and breast. Then Katlego grabbed my hand. And left with me. I heard Karabo laughing.

Katlego: he wanted to live with u

Me: I know he gets like this if he doesn't want me to do something.

.

We went to a spot where they were with their friends.

I sat with them and some of them were just happy to see me and I don't even know them.

Koki: thats lerato, sello, Piet, molebogeng, Sharon, guidance, Bruce and sly.

Katlego: what is that HORE doing here

Me: long story

Katlego: she annoys the shit out of me Queen of arbotions.

Me: what?

Katlego: she used to come to the hospital where I work just to make abortions and now she just miscarries because of her abortions I am surprised she's still alive

Me: WOW

Katlego: I wonder who would want to marry her.

Then I saw her answering a phone and when that woman turned I saw her face it was the detective she came with the other day. OMG

I had just called Vivian to come to my Office I wanted to set the record straight with her.  
Nxaaaa this girl is getting on my last nerve now.

I decided we meet in my office. I dont trust her anymore.

I got in and found her on my chair

Me: get off my chair.

Viv: so this is were u fucked haaa

Viv: uhmmm don't test me Mastermind.

Me: if u want to tell Neo go right ahead

Viv: u told her

She got a bit uneasy

Viv: why should I

Me: I won't support something I can't see

Viv: OK OK I will ask my aunt to take pictures coz I can't just go down to cape town and take him

Me: why his ur son

Viv: I haven't been taking care of him so the social workers gave him to my aunt coz I was an unfit mother. That's why I needed a job to prove that I am fit to take care of him.

Me: uhhhm OK point taken. I will settle for the photos for now but I need to see him.

Viv: can I go now.

Me: OK

She left without looking back. Something is not right here. Something just doesn't add up.

I was on my way to the spinning ground. I had information on that crazy girl called Vivian like Neo asked me. Damn that girl is twisted sis man. I called her the moment I got in. She answered

Neo: uncle Zakes

Me: were are u

Neo: spinning ground

Me: OK let's meet somewhere

Neo: park ur car at the garage we will meet there.

Me: OK

I drove to the garage and found her there with some chick. They both got in at the back

Girl: hy

Me: hey.

Neo: so what do have for me

Girl: I am Katlego by the way

I switch on the light and damn she was fine beautiful if I may say so myself. Cleavage huuuu damn I wana fuck her.

Me: Zachariah but u can call me Zakes

Neo rolled her eyes

Neo: would u just give me what I need, please

I gave her the envelope

Me: and my favor

Neo: I haven't see her yet I just saw her twin and it seems like her family too dont know her whereabouts.

Me: I figured

Neo: can we live now

Katlego: no love u live I'll catch up with u just now

Neo just looked at her. I was kinda excited coz she's throwing herself at me. Neo opened the door and left.

Katlego: just saw u know this is just a once off I am more into girls just that ur hot

Me: fine with me

She took of all her clothes. Daamn this chick doesn't waist time. She came to my side and made the sit go down. I had taken off my trouser so she rolled the condom on my dick.

Me: we're did u get that

Katlego: that's my business

.

I went to the office luckily Karabo was not there. I got in and opened the envelope. I saw pictures of Vivian and different men. She was a prostitute. Uhmhhh why am I not suprised. There was a couple of pics of her and Spider even Bontle. OMG okay I see now. Then I saw doctor files, the arbotions and miscarriages she had then i tried counting there years their son would be if they have a child. So Karabo was 20 when she left and it was around September meaning she would have given birth the next coming year and now his turning 26. Ooohk. I looked at the forms I checked. OMG she was pregnant but she had an arbotion and Spider paid the medical bills. And all the forms confirmed her not being able to carry a child so she ended up doing a major surgery so she

can't ever give birth. "Bitch I got u now" I said to myself.

Then the door opened. It was Vivian. I didn't even hide the forms I wanted her to see them.

Viv: where is Will's father

Me: who is Will father?

Viv: my soon to be fiancé

I just laughed

Me: ur truly delusional ain't u?

Viv: excuse me

I showed her the papers

She was shocked and breathing heavy

Me: I am 10steps ahead bitch

I tried taking all the papers but she shoved me. I smiled

Me: keep them coz Karabo won't need those papers for him to find out. My mouth is good

enough

Viv: u little.. Aaahh

I got up and turned my way to live but before I knew it, I felt a sharp pain on my head I screamed a little.

Viv: let's see if u will live to tell the tale. U should have left Mastermind but no u just had to stick ur nose were it dont belong

I attempted to get up I saw her holding what looked like a medal rod and I was dozing off I think.

She's my one true love. I got an SMS fromy love

Sticks: aaahh and boza something happened to the cameras....

Me: then sort it out Sticks

I hung up... Eish Neo. What the hell. I decided to go back to my office. When I got there my office was a mess, and there was blood on the floor. What the Fuck happened here. I called Msola to come to my office. He came after a few minutes unlike Numbers I didn't call him coz I know his drunk.

Msola: and then

He said that busy looking around

Me: that's what I wana know

Msola: let me call our forensics team

Vivian: aaahh what are u doing here

Me: excuse me

Vivian: I mean I am here to clean ur office as u can see its a mess

Vivian: the guy I used to work for tracked me down and he was here to take me back

Me: who

Vivian: my pimp

Msola: ur pimp? By any chance could this pimp of urs have a name

She cried even more

Me: maaaaan its not like that

Msola: dude can u honesty look me in the eye right now and tell me u don't feel anything for

her.

Me: not anymore, my life is with Neo now, all I want from Viv right now is my kid

Msola: u honestly gona tell me u believe that child crap. Do u think if Vivian really had ur kid wouldn't have told u especially since it was a boy. And that Social Worker story, don't u think she would have told u that u have a son who was about to be taken. Dude ur a fool. A stupid fool and I feel sorry for u. Coz that slut Vivian wants everything.

I just looked at him and he did make sense. I think his right Vivian is lying to me. He shook his head

Msola: I am living the forensics are probably here

Me: sharp man see yaah

He left and I was left alone in the office and I started having a really bad feeling like a pit on

my stomach and I felt like my heart was beating very fast.

What's happening to me. I looked at where the blood was and I could have sworn I saw MaAgnes standing there crying. I knelt down, then it was lights off for me.

Her: make them yourself

Me: ouh!! Is Neo around

Her: No

Me: uhmmm I tried calling her but her phone is off

Her: did u try her boyfriend

Me: and I thought she would love to spend time with her father's family

Her: uhmmm let's just say it didn't go well.

Me: eeeh what did they do?

Her: they pissed her off and we ended up arguing and mum chased them away.

Me: that bad haaa

Her: yep

Me: and Brian

Her: he left early in the morning

Can't say I was suprised

Me: the guy is married

Her: so

Me: so.. So u prefer being a side chick?

Her: my dear Brian will divorce his wife or his wife will divorce him. U will see, its bound to happen

Me: ur unbelievable. Anyway let me go to the club maybe I might find her there

Her: bye

I made my way out and drove off to the club.

.

When I got there I went straight to Mastermind's office. Then something cought my eye on the table, it was and envelope written \*from: NEO\*. Haibooo why would Neo send Karabo a package if their together. I opened it

and it was pictures of Neo and some woman kissing and doing lesbian things. Then I looked inside there was a letter. Reading: \* I got tired of competing with ur baby mama\*

What the hell is going on i put everything inside coz i am taking them with me then I heard a voice behind me:

Her: u do like snooping around don't u

I knew that voice it was my Lola I turned around and she was pointing a gun at me

Me: u know me to well

Before I could step forward she shot me on my shoulder then she took out another gun. And shot me, shit it was a stund gun. I just fell down immediately.

I woke up in a wight room. I turned around and I saw her looking as beautiful as ever.

Me: am I dead

Lola: u really need to stop following me

Me: but u are following me

Lola: ur killing my vibe Zakes and this stupid obsseetion of urs is starting to annoy the shit out of me

Me: fine give me my son then

Lola: why? So that ur father can kill him

Me: my father won't kill him his an heir

Lola: do u really think I am stupid Zakes? Ur father wants to kill my son so that u can be king and marry a full blooded royal woman so that she can give them an heir. U were suppose to be killed when u were born. Ur father was the one who was suppose to kill u but he didn't

have the heart to do it. That's why he let u stay in South Africa coz he knew u will meet up with a South African woman and make her pregnant and if its a boy he will sacrifice him wile he is still pure so that riches will come his way.

Me: no no my father would never do that

Lola: ur father is evil and I am going to kill him

Me: but...

Lola: his already in South Africa has been for a wile his been tracking karabo and Neo. I mean u can't deny my resemblance with my neice can u.

Me: has he found him

Lola: let's just say I have been playing hide and seek with different kids and when u came to the club he was in the VIP toilet ready to strike until he saw u. That's why I shot u

Me: what

Lola: I framed him, as for now Zachariah. Ur dead, and ur father killed u.

I was shocked... how could my father do this to me.

.

I spoke with Lola about her team she spoke with them and they we're good and ready. I was at my spinning ground, upperantley Lola has a lot of temper so she used my club as a scape goat. Anyway Sticks was busy hacking all the systems he could find so that I would know what going on.

.

The blood we found belonged to Neo so obviously Vivian has her. We searched her house, hacked her mum's phone and the person was operating everything in some warehouse in

the middle of nowhere. We decided to go and attack.

.

We got to the warehouse. I did not care as long as ur not Neo ur dead. We got there and found guards, we started with bombs and then we shot everyone in there I got inside I found the secret door opened and got in and ran I shot the person who was running. When I got there I saw him and it was Spider.

Is my mind playing tricks on me. How is he here

Spider: supriced

Me: how did u get out

Spider: no man the real question is how will u find Neo as I called out for her heart

I did not waist time I just shot him in the head. I was furious. I then called Stones to check if Bontle is still there and come to Spider hideout with petrol lots of it..

.

Sticks got in and hacked everything and then we finally got the footage coz the night of the party all the cameras went blank. Then we saw Vivian dragging Neo out then later some guys came to help her. I was more than furious. I called Lola to help me out on finding Vivian. After a few minutes she called

Lola: she always goes to her father's house. She practically lives there

Me: then that's where we are going

Lola: save her Karabo u owe me that much

Me: I promise

Few seconds later she sent me the plan of the house.

I printed it out and I came out with a plan. That house is big so it was obvious that she would have her upstairs in a room that's sound proof. Perfect. I told the guy to make sure their guns

has silencers since Vivian will be expecting us.

When we were about to live Stones got in with guys holding 5liter bottles filled with petrol.

Stones: she's dead

Me: what

Stones: sorry man

Me: wow I shouldn't have underestimated Spider.

Stones: go we will deal with this

We left.

.

We got there and there we guards everywhere and it was an electric gate with an electric fence. Sticks did his thing and the gate opened. We got in and the game started. Everyone was shooting and people were screaming, I shot everything and everyone that got in my way, now u see why they call me Mastermind. My

plans always work this is me, who I am. I got inside with Numbers checking other rooms. I got in the room where Neo was and Vivian was holding two guns the other pointing at me the other at Neo's stomach. She was all tied up in the chair and mouth, crying. That just broke me

Vivian: Congratulations Mastermind I really thought I got away with it

Me: the Gods are with me

She was sniffing

Vivian: u killed my brother

Me: he saw it coming

Vivian: not spider

Me: the last thing u see in a killer's eyes is understanding. They understand why they have to die just like I am ready to meet my maker.

Vivian: u not gona shoot me

Me: are u sure about that

Vivian: she's pregnant with twins

Me: what

I looked at Neo and tears came out more and more while nodding. I wanted to surrender but she shook her head. Then Vivian pressed something with the gun pointing me and the door opened I think it was a secret room.

Vivian: what u gona do handsome follow me or save ur precious twins and Queen.

Bang Bang... She shot Neo twice and quickly got in the secret room and closed.

Numbers got in

I went to her she was bleeding uncontrollably.

.

I was screaming NO NO NoNo

.

.

2years later

.

Numbers got in my room when I was about to pull another line of cocaine

Numbers: what the fuck man

One of my call girls got in naked

I looked at her and Numbers did too

Me: come here baby

Numbers grabbed her and threw her out and her clothes

And came back to me

Numbers: are u serious right now what do want  
KB do u want to kill urself

Me: yes! That's exactly what I wana do kill myself...
