

HER HAPPINESS : LUYOLO.

by SINOVUYO BOOI.

## Prologue.

it's true when they say life is unpredictable you never know what will happen tomorrow , today you go to bed happy & wake up sad tomorrow . Growing up i was a happy child a carefree one , full of love , very respectful and a rich one , of course not a snobbish kid or a spoilt brat kinda kid whatever you call those rich kids . Poverty was not part of my life i was born with a silver spoon i come from a rich family of big shot lawyers , doctors , politicians etc but my parents taught me one thing that is not to look down on people who live on poverty because they're also humans just like us . all that happiness & richness vanished when my parents died on a terrible accident on their way to a business trip , i still remember that day like it was yesterday it was the 24th of may i was coming back from school excited bcs I was going to spend the weekend at Grandma's place in Soweto . i couldn't wait to eat Grandma's famous voetkoks and polony i was rich yes but i loved & enjoyed kasi foods . Later that day Grandma

received a phone call saying that mom & dad were involved in a car accident and died on the spot i couldn't believe it i thought my ears were deceiving me until the whole family confirmed it my heart was shattered i was broken beyond repair I was only 13 years that time my parents left me to be an orphan , it's when my miserable life started . Today it's the 24 of may the day my parents died and im feeling down , every year on this date I'm like this it's like im celebrating my birthday i became emotional the whole day being alone i locked my self in my room the whole day crying my eyes out , my Grandma is used to this she knows when im like this i Don't wanna be Disturbed . "Sthandwa Sam you need to stop this its been years now " says Grandma with a worried tone on the door she's been knocking for ages now , i don't feel like talking you know i locked my self in this room for the whole day i didn't even bath or eat im still in pyjamas all i do is to cry and sleep . Sometimes i wonder how my life would be if my parents were still alive maybe i would've further my studies and be the Pharmacist i've always wanted to be but life had other plans for me , they

say when life throws you lemons you make lemonade but sometimes the lemonade would still taste like a origin lemon . " Baby please open the door you need to eat something " i sighed and get up to open for her she got in and hands me the bowl of noodle soup i get in bed again and eat the soup while she's watching me " maybe you should talk to a therapist baby " she says " im fine , i don't need a shrink mna " i say , Grandma has been trying to convince me to talk to a therapist but I'm not comfortable to talk about my issues to a stranger . " Im trying to help you that's all " she says raising her hands in surrender . After my parents funeral my so called aunts and uncles decided to take me to stay with Grandma in Soweto bcs they're too busy to look after a kid their words not mine but Grandma has been a Good parent to me all these years and I love her to bits , she made sure that i go to bed with a full stomach or got clothes to wear even though was working as a cleaner in hospital . my so called family took my inheritance that my parents left for me and let me live in poverty but despite that situation i passed my matric very well but i didn't have any

money to further my studies , i do have a job it doesn't pay much but it pays the bills . Look at me getting carried away without introducing myself my name is Luyolo Kwanda Booi im 22 years of age with a matric certificate only i work as a waitress in dine & eat restaurant down town . i live in Johannesburg in Soweto im a introvert i only have one friend that is Liyana Zulu her & Grandma are the only family i have , so this is my story of finding happiness.

waking up early in the morning it's not my favorite thing to do specially on Mondays and top of that it's winter , it's 5am in the morning but outside it's still dark like it is midnight or something . if it was up to me i would still be sleeping but i have a job waiting for me i don't have a choice , i reach out my hand to take my phone on the pedestal next to my bed to check the time it's 5am i took a deep breath contemplating on getting up and get ready for work , my job is exhausting but it pays the bills . Let me just get up once and for all bcs if im late Steve my manager will be on my case the whole day . He is a Grumpy bastard he becomes really grumpy on Mondays so i don't want to be on his bad side today , i slide off the bed and went to take a shower a hot one to start my day i finished showering & went back to the bedroom with a towel wrapped around my body i took out my toiletries and lotioned my body , i wore my black jeans , a white t-shirt from work that has my name tag , my black vans sneakers and a

fluffy slumber . i tied my big afro hair into a neat bun & do my edges i looked cute . i brushed my teeth and apply my cologne & lipgloss . i took my Sling bag and inserted my things i head to the kitchen i got there and found Grandma cooking porridge while humming a song , im so grateful to have this woman in my life and for raising me to be the woman i am today it's all because of her . i guess she felt my presence and she looks up to me & gives me a heart warming smile "Good morning baby , how did you sleep ? " she asks stirring the pot " Morning mama i slept well wena ?" i say returning the smile " i slept well too " i nod and take a Apple & banana on the bowl in the counter because i won't eat breakfast I'll be late , "i won't eat breakfast I'm late mama , I will have these " i say showing her the fruit she nods " I have to go bye " i say walking away to the door "have a good day " she yells from the kitchen . i went out and ran to the taxi rank the time now was 6:15 and i must get to work before 7 or 7 on the dot not minutes past or seconds past that's how Dramatic my manager is . I got to the taxi rank luckily the taxis are not full yet i climb on the passenger seat and

greeted the passenger and the taxi drove off , i took out my earphones and listen to music along the way the taxi stops and i realize that it arrived at work i paid the driver and got out , i walked to the entrance of the restaurant i was welcomed by Steve shouting and ordering people around . you see what i mean ? he's already on his Grumpy mode i roll my eyes im really not in the mood for his tantrums today . " Yolo you early today " says Steve writing something on his journal " im always early Steve " i say with a bored look and roll my eyes , " whatever get to work young lady" he says dismissing me and walk past me . i head to the staff's room and put my things on the locker , i put on my apron . i check the time i still have 20 minutes before my shift starts so i ordered coffee and blueberry muffins and eat . " Hey Yolo " says Amanda taking a seat opposite me with a fake smile plastered on the face , this one thinks im her friend or something she smiles at me while busy spreading lies and badmouthing me here at work when im not around she thinks i don't know that but Luyanda tells me everything . Luyanda is Liyana's brother , " hi Amanda " i say with a straight face "

how's you ?" She asks taking a sip on her lemon water " Amanda im not in the mood for chit chat say whatever you wanna say and get out of my face " i really don't have time to entertain bad rubbing mna . " Oh come on Yolo in being nice here " she says and rolls her eyes " this is pointless " i stand up & walk away i went to sign the register and start working.

now time was 17 : 30 and im dog tired i just need a hot bath & my bed now i worked my butt off today and a girl earned herself a big tip that is R4000 , tomorrow i have to pass by the bank to put the half of the money in my savings . Those savings are for rainy days also for university next year , i took off my apron and went to the stuffs room to get my things so that i can knock off on my way out i bumped into Luyanda the one i said he tells me everything that Amanda says about me when I'm not around this one always wanted me to be his Girlfriend even his

sister tried convincing me to give his brother a chance but i don't have time for relationships right now i have alot on my plate " Yolo the dark beauty " he says smiling showing his white pearly teeth Luyanda is handsome no lies and he's neat but no i don't want him "Hey Yanda " i say returning the smile "you're beautiful as always " Luyanda always compliments me even on my crusty days I kinda find it cute in a way though " thanks Luyanda , I have to go it's late " i say & walks past him " bye " he yells i just ignored him & walked to the taxi rank listening to music before i even reach the taxi rank the taxi stopped in front of me i climb in & greeted everyone and got busy with my phone chatting with Liyana . i arrived at home Grandma was watching TV while having her cup of tea she likes it more than anything " hey love " i say and kissed her cheek " hi baby how was work " she says focusing on the TV she is watching news as always , my Grandma & news are best of friends and you must not disturb her when she's watching the news " i had a long day im tired " i say walking to my room i got in and stripped naked & head to the shower i stayed there for like 30 minutes

letting the water to relax my muscles . i finished showering and wore my pyjamas and head straight to bed i don't even have a appetite to eat , i turned off my lights and drifted to sleep emediately .

"Yolo table 8 needs a waiter , go and take their order " says Steve while i was wiping tables and putting chairs in order , i nod & went to take my note book and pen i looked around for table 8 and what i found there makes my heart beat fast than the normal speed . Oh God that table was filled with fine men no scratch that hot specimen there 5 men to be exact they were all wearing black texudos ,

everything about them screams MONEY i wipe my sweaty palms on my apron & walk towards the table . i cleared my throat bcs i don't trust my voice right now ! their colognes were intoxicating . i cleared my throat to have their attention they all turned to look at me only one guy didn't look up he was busy with his phone , holy fuck these creatures are HOT they're a hot messes my legs bacomes wobbly i cleared my throat " Afternoon Gentlemen " the nod " my name is Yolo i will be at your service this afternoon " i say trying to be Professional as always " are you ready to order ? " i ask again writing whatever on my note book to avoid their stares , the one who was focused on his Phone spoke " bring us drinks first then we'll decide what to eat " he says with a deep yet sexy voice i felt butterflies on stomach & Goosebumps all over my body . He looks younger than all of them maybe he's on his early twenties , i swear i became wet in that instant . What the hell Luyo ? you thinking about being wet while at work ? FOCUS luyo ! i reprimand myself " which drinks you like to have in the meantime ? " i say with a straight face & the guy with the deep voice looks up at me , OH GOD why

you doing this to me ? i mean this guy is a Greek God he is those buff guys with muscles he's wearing a black tuxedo that fitted him like a glove with a pure white shirt with the two buttons open exposing his hard chest that has tattoos . He's wearing a rolex gold watch with two silver rings on his finger , he has a neatly trimmed fade & beard not to mention his caramel skin with brushy brows ! his skin glows screaming to be noticed . he has beautiful black eyes and thick pink lips . No luyo stop undressing the poor guy with your eyes i guess he noticed im staring at him he clears his throat bringing me back to earth " bring us a bottle of cognac with ice blocks Yolo " Jesus ! they way he says my name is sexy , i nod and walk away to place the order to the barman . Luyanda gave me the bottle and a bucket of ice with glasses and walk to them again , the guy with a deep voice has been staring at me until i reached their table & he's making me a bit uncomfortable i cleared my throat he snapped out of it & clears his throat also and spoke " thank you Yolo , you may be excused " i nod and walks away to continue with my work.

## CONTINUATION.

" Yolo , Steve wants to see you in his office " says Amanda standing behind the bar counter as i was sitting on the bar stool , im done for the day i only have 5 minutes till i knock off . eish what does steve want now ? he better not thinking of firing me because i need this job " what does he want ? " i ask Amanda she just roll her eyes " how am i suppose to know ? i was just passing a message " mxm what was i thinking to ask Amanda about something ? she's plain rude her mouth has no filter " nx whatever " i clicked my tongue & head to Steve's office . i knocked twice he let me in and sat down , he took out a big brown envelope oh no it better be not what i think it is , i guess he saw my reaction he chuckled " relax im not firing you " i let out a breath of relief " Go on open it " i opened it & my eyes pops open ! so much money ? whoa wait why is he giving it to me ? Where does it come from ? all these questions occupied my mind & my heart beat faster " it's your tip , you were given by those Gentlemen you served

earlier " WHAT ? why would they give me so much money ? The must be some kind of a mistake ! im speechless i don't know what to say " uhm thank you Steve " " you're welcome , you may go " i nod & get up before i opened the door Steve spoke " keep up the good work Yolo " i nod again and went out . i left Steve's office dumbstruck " you look like you just seen a Ghost " says Luyanda teasingly i chuckled and hit his shoulder playfully he just laughs ! such an idiot " fuck off Luyanda man " he shakes his head and walks away . My phone rings it's Grandma calling she's probably worried bca it's getting late now " my love " i say answering the phone smiling like a retard fool , i love this woman you won't understand " Luyo where are you ? its getting late now " she asks with a concerned tone . everyone calls me Yolo but Grandma calls Luyo shortness of Luyolo " im on my way mama " " okay be safe my baby " she says dropping the call this woman treats me like im 13 years old but im a grown ass woman , 22 years of age is no joke . let me just stop buzzing my mind with silly thought and just go home bcs mama is worried about me , i went to the stuffs

room to get my things , i bid goodbyes to Luyanda & my other colleagues i ran to the taxi rank the weather is changing looks like it's going to rain , before i even reach the taxi rank a taxi stopped in front me i climb in & it drove off . The taxis are full today so is the taxi rank , well its Friday today people are getting paid others are from the mall to spoil their families maybe tomorrow i should spoil Grandma too just take her to the mall to buy shoes or something for her just to show how much i appreciate her . i arrived at home Grandma was still watching TV she doesn't sleep if i haven't arrived at home that's how caring she is . i throw myself on the sofa next to her she looks at me then back at the tv " im so tired " she chuckled i know she is going to lecture me about overworking myself blah blah blah ! " Stop overworking yourself Luyolo " see ? i told you I'm so hungry i don't have energy to listen to her scoulding me , i secretly roll my eyes but too bad she saw me & smack the back of my head i just laugh . i stood up and head to the kitchen to look for something to eat " what's for dinner ? " i ask opening the pots on the stove , mmh smells nice in here i

can't wait to feast " Chicken & dumplings " she yells i squeal in excitement bcs Mama's cooking is the best , i can cook but i don't stand a chance in her . her dumplings are so delicious my stomach grumbles on the thought of food . i dish up for myself and went back to the lounge and eat i didn't even take a shower first before eating bcs I'm damn hungry like lion today , even in the morning i didn't eat breakfast "Luyo when are you dating ? " she blurt out " i don't want to date mna , i don't have time for relationships " i say honestly , relationships are just wasting my time my past relationships were a disaster maybe these love things are not for me . My last relationship ended bcs my partner is a twin plug he dates both gender " you need a man , you need to get rid of salt syndrome on your system maybe you will stop being moody " did i not laugh ? Of course i did , talking about these things with Grandma is not weird bcs im used to tell her everything since i was 16 till now , at first i was scared bcs i thought she was going to shout or beat me up but she did the opposite she advised me about boys , sex and everything she took to clinic for prevention . " i don't

have any salt syndrome mna " i sulk bcs Grandma likes to mock me about not having a man as if she has yena , i finished eating and went to rinse the plate in the kitchen i took the bottle of water in the fridge and gulped it all & throw the bottle in the bin " off to bed now Goodnight " i say making my way to my room " Goodnight , i love you " she yells " I love you " i yelled back . i got to my room i stripped naked and took a bath i stayed on that bath more than 20 minutes until water becamnes cold , i got out and wore my pink & black onesie with socks , i get in bed i log into WhatsApp to check any messages i had a Goodnight text from Luyanda & Liyana i reply my messages and turned off my Phone . i wore my eye glasses and took my Novel book ' the reflections of a man ' and read until i was sleepy i took off my glasses and drifted to sleep.

i was at my house with my brothers & friends Lungani and Loyiso we were watching soccer . i have been trying to get that Yolo girl out of my mind but it seems like the more that i try to erase her out of my memory the stronger she invades my thoughts , is it okay to be crushing over a girl you met once ? you know what ? let me just stop thinking about people who doesn't matter i probably never going to see her again which is a pity bcs she sure a sight for sore eyes ! a smack lands on the back of my head and i jump he laughs , loudly at that mxm my brother is an idiot " still thinking about her ? " ask Zenande i sighed " seems like i can't get her out of my mind " they laughed " you're WHIPPED bafo ! they all say that at the same time . Zukhanye suggested that we should go to some restaurant to get some food & drinks , i went upstairs to freshen up and

came back , we went to our cars and drove to that restaurant we got there and took our seats on a table . we ordered food and dig in over some conversations after we finished eating i went to order drinks at the bar when i came back the Gents was with Ziyanda's Girlfriend and the other girl that i don't know . i went there and stand behind this girl she was busy laughing on Zenande 's jokes " bafo who are these beautiful ladies ? " i ask Zenande who was busy talking with this other girl she has a familiar voice , i dropped my car keys while putting the drinks on the table when i was about to take them that girl has already picked them up our hands touched i felt strange feelings all over my body , it just became hot i looked up she was already looking at me we made an eye contact ! whoa wait this is that Yolo girl , DAMN this girl gorgeous veeery beautiful with her pink cute lips i wish to kiss some day . Someone cleared their throat i snapped out of it and went to sit down on my seat . " Okaaay , do you guys know each other ? " Zenande ask looking at Yolo she just said no , I said yes maybe she doesn't recognize me that's why she said no idk , we

continued having conversations laughing here & there i keep stealing glances at Yolo no man this girl is beautiful no lies ! now it was their time to go Ziyanda was going to take them home but offered to take Yolo home she agreed . Ziyanda took his woman home & im left with this cutie here " let's go " i say & opened the door for her , she climbed in i went to my side i get in and drove off . we drove in complete silence until i decided to break it " let's re-introduce ourselves bcs khange senze kakuhle phakathi , andiyazi noba besiqhoshelene na " i say she laughed she has a beautiful laughter i chuckled " im Luyolo Booii , im 22 years of age im working at dine & eat restaurant wena ?" she says okay the name Yolo is the shortness of Luyolo , beautiful name for a beautiful person " im Azintsika Yeko im 25 years old , a business man nothing interesting " i say looking at her she noded " nice to meet you " she says , she has a beautiful voice . i just smiled , we arrived at her street i parked 2 houses away from her home we hugged she smells like coconut mixed with lavender she smells really good . she got out and walk to her gate i like her walks she stopped at her

gate & waved and i drove off . i wanted to ask for her numbers but i got nervous that girl intimidates me I've never been intimidated by a girl before but Luyolo did . i got to my house my Bros were already there i went inside and threw myself on the couch " bro what's happening between you & Yolo ? " Ask Zukhanye i smiled " Yolo is the girl i told you about " i say " WHAT ? they say at the same time " that's why ubugowa apha umhle lamntana mfondini " says Zenande i just chuckled " yazi besendimcwasile " he says Laughing " she's off limits bro , she's mine " i say the just laughed .

Grandma says if he really loves me he will Come back bcs Soulmates always find a way back to each other but i doubt that maybe he's no feeling me the way i feel him argh let just stop thinking about negative things , im brought back to earth by someone patting me on my shoulder i turned to see who is it , it's Luyanda he takes a seat next to me . im sitting on the bar stool in the bar it's lunch time " your lunch ended 10 minutes ago but you still here " he says OMG i check the time on my Phone my lunch is over indeed the

time is 14 : 10 im just lucky that Steve didn't notice bcs i was going to be in a big trouble " let me go back to work , nzokbona neh " i say he nods , i stand up and walk away . When i get to the stuffs room everyone is running around like headless chickens others are fixing their make ups ! and then ? what's going on here ? i pulled Esihle aside maybe she has a better explanation for this , she is a head management of the stuff , I asked her what's going on she says the owner of the restaurant is coming in 20 minutes . Okay ? so why is everyone fixing make ups like we going on a beauty content ? Maybe they have hots for the boss idk , i just walk past them and went to put on my apron and get to work.

i was still working when i heard people shouting ' he's here ' ! Steve is ordering people to be in the stuffs room immediately bcs the boss is here . i rolled my eyes why is everyone scared of this boss ? i went to the bathroom to pee & wash my face bcs my skin is oily now bcs of the sun , i dried my face & applied my face cream & lipgloss . i went to the

stuffs room i got there the boss is already here bcs it's Quite everyone is listening to whatever he has to say , he began to talk i can't see him bcs I'm sitted on the chair and others are standing . his voice is familiar it's like Azintsika 's voice maybe it's not him ! do i miss him that much even on other people 's voice I'm hearing his ? i chuckled at my own thoughts , i sighed my mind is drifting away i see the stuffs clapping their hands looking at me , why is everyone looking at me ? Others are smiling okay guys what's going on ? . i pinched Luyanda's arm next to me he looked at me , i bring my face closer to his ear and whispered " why is everyone looking at me ? " i asked Luyanda whispering he silently laughed and whispered back " you didn't hear what the boss said ? " He ask " No , what did he say ? " i asked confused " he shakes his head laughing " you're the new head management , Esihle is resigning " he says , wait WHAT ? " Me ? " i asked hoping that he would say he's joking to my disappooint he nods " Go to the front the boss is calling you " he says OH GOD i slowly made my way to the front i almost fainted when i see Azintsika on

the front standing with Steve . i got to the front and smiled at them , they returned the smile "

Coco & i have been good and i can say im inlove no doubt we can't stay away from each other for a long time and that's one thing i enjoy . Though we all have jobs and we do get busy but we know at the end of the day we do make time for each other , one thing i love about us is the kind of respect we have towards each other ! yes we haven't dated a long time but so far there's alot i know about her , love is a very strong feeling that no matter how hard you try to ignore it it's impossible . Coco has been acting weird ever since we came back from the dinner at my parents house i want to ask her what's

wrong but i don't wanna push ! right now she is sleeping next to me peaceful this woman is beautiful guys i have been saying that alot I can't get used to her beauty it's like her beauty increases everyday , she's been sleeping for an hour now i miss her i took my phone from the pedestal and take few pictures of her i can't let this bunch of cuteness go to waste . i got off from the bed and went to the bathroom i washed my face and brush my teeth ! i kiss Coco's pouted lips then went downstairs i got there and sat on the bar stool and got busy with my phone . After a while my phone rang it's my mother calling i answered " mama ? " i say " hey baby uright ? " she asks " ndiRight mama , unjani wena ? " KITCHEN LOVE " i yelled back she came running  
and jumped on my back ! She's back to the Luyo i

and smiled innocently at me " why didn't you wake  
me up ? " she asks " you were sleeping peacefully  
beautiful so andifunanga ukuvusa " I say she nods "  
Coco ? " i say " love ? " she says i put her on top of  
the counter and stand between her legs " what  
happened at the dinner ? you've been acting weird  
ever since " i say she bite her lower lip she does that  
when she's nervous " nothing happened baby " she  
says forcing a fake smile her lower lip trembles she  
does that also when she lies so i just knew that  
she's lying.

have you ever been in a relationship with someone who understands you ? like someone who knows everything about you in a short period of time ? someone who knows when something is bothering you without even saying it ? Someone who's calm & collected ? someone who knows how to react at a certain situation ? someone who loves you for who you are no what you have ? someone who brings peace into your life ? someone who makes you happy by little things he / she does ? someone who loves you with your flaws ? its how i feel about Coco that woman is everything i want and need on a woman . telling her about my past was a good idea i felt lighter after i told her ! i was really scared i thought she was going to leave me but i guess i

undermined the love she has for me , i've never loved someone like i love her even my ex's i never loved them like this besides Zintle that ex i killed im not proud about that , i loved Zintle so much but she took my love for granted she played with my feelings ! she would've just said she no longer loves me than cheating on me ! cheating on me with my fucken cousin . when i found them in bed i was shattered i did things out of anger but those things led to murder , Bulumko never liked me after that not like a cared anyway . that's why he wanted to ruin every relationship i had by telling my Girlfriend that i killed my ex or his lover whatever that is ! i sighed my mind is drifting . Ziyanda's party was LIT ! last night i enjoyed my self i never drank that much like i drank yesterday even Coco enjoyed herself she was busy dancing until midnight ! i kinda loved her drank side she was wide , flirty and touchy all that she even made me sneak out to the toilet to have a quickie that's how sneaky she was last night . we all came back here last night bcs Zenande didn't wanna woke the parents up so they all slept here ! i looked besides me Coco is sleeping peacefully & beautiful

next to me i kissed her lips then got up i went to the bathroom to wash my face and brush my teeth i also took a shower after showering i went back to the bedroom my baby was still sleeping i lotioned the wore my trackpants and t-shirt then my sleepers i went downstairs i got there Ziyanda & Zenande were there i greeted them then sat down on the bar stool " you look terrible .." I say to Ziyanda who was rubbing his head he chuckled " i feel terrible .." he says " akho kutya apha ?.." asks Zenande this one is a foodie he loves food too much but he doesn't gain any weight " check the fridge , there are leftovers .." i say he jumped from his chair then went to the fridge we laughed at him then Zukhanye and his wife came downstairs looking like hell ! my brother can be grumpy in the morning maybe it's worse now since he has hangover " don't you guys have any hangover concoction ? .." asks Nandi i chuckled i took painkillers and water then gave them to her " here .." she thanked me . Nandi started cooking me and the Gents went to chill at the lounge playing some music while waiting for the food , " where are your girlfriends ?.." asks Zukhanye " still sleeping .." says

Ziyanda i know Coco is not going to wake up anytime soon bcs she's a deep sleeper that one .

Nandi finished cooking then asked Ziyanda to set the table i went to take painkillers and water then went upstairs to my room i got there Coco was not in the room even the bed was made , i heard the shower running so i waited for her . she came with a towel wrapped around her body ! this woman is beautiful no lies , she has a beautiful body , i love her brown-ish flawless skin with her beautiful long legs , her braids are tied she cleared her throat i realised i was staring " you can do the staring later , pass me those i have an headache .." i chuckled and handed her the pills . she lotioned and wore my sweatpant , t-shirt and sleepers she went to the mirror trying to fix her braids i went to hug her from behind we looked at ourselves in the mirror " hey love .." she smiled she has a beautiful and heart warming smile " molo Radebe .." i groaned she giggled she knows i get turned on when she calls me that i kissed her neck leaving wet kisses " slept well ?.." she nods "

yes wena ?.." i noded she turned around and wrapped her arms around my neck and gave me a mind blowing kiss she moaned i groaned we pulled out " i love you .. " I smiled " i love you too .. " . we went downstairs we got there they were already eating " natya ngaphandle kwabantu bendlu ? .." i say they chuckled " fokof .." says Zukhanye , Coco greeted them Liyana was already woken up naye we sat down and eat while having conversations laughing here and there..

huggrier for me . he removed my underwear and went down between my legs he opened them wider and got between them he kissed my inner thighs then my cookie he blowed air before licking me he groaned i felt his warm tounge on my clit i moaned he licked and bite my clit my toes curled he fucked me with his tounge i was a moaning mess nje ! he inserted his finger i grasp for air he inserted another one i moaned loudly he starts moving slowly im breathing heavily " faster baby .." I say breathing heavily he starts moving faster and deeper i moaned my legs starts to shake I felt my self building up " ba..by .." i say " im cumming baby .." I say struggling to breathe " fuck ! cum for me baby .." i screamed loudly as i orgasimed ! my body is numb he stood up and disappeared to the bathroom he came back with a wet towel then wiped me and himself " are you good ?.." he asks i nod . he attacked me with a kiss again i responded to the kiss , he goes to my neck leaving wet kisses my breathing escalated he got between my legs he sucked my left boob ! he bite & suck then blow some air i moaned in pleasure he kissed me on my lips again " look at me .." he says

with a deep voice that sends shivers down my spine  
i opened my eyes slowly we interlocked our hands "

respond he inserted his manhood on one go i grasp  
for air he attacked me with a mindblowing kiss again  
he moved his waist slowly i moaned he thrusts  
slowly but deeper ! the feeling i was feeling was very  
good and overwhelms to the point that we both had  
tears in our eyes " together .." he whispered in my  
ear i whispered back " forever .." he thrusts deeper

we were done eating now , the elders were sitting in a lounge thina sihleli on the pool side chatting and laughing ! i kept on stealing glances at Coco she was chatting with liyana she's laughing here and there . she looked so beautiful with or without make up , the dress fitted her very well with her slim body she's not that slim but she's average size ! the weave she has on suits her , i love this woman very much the love i have for her scares me to the core ! i can't imagine my life without her . she is that peace i need she brings out the best in me , the side in me i never thought it i had . the crazy side i mean . im way to comfortable around her i don't have to pretend to be someone im not even though i can't stand her intimidating and fiesty side . she can go all matured

on me when she want but then she can be childish too . she noticed that im staring at her she winked i smiled and looked away , Zenande burst out laughing we looked at him " hay mjita uyablash.a ?.." i frowned they laughed " hay hay Zenande fondini .." " ndikbonile nje .." Coco giggled .

" wenze nton ?.." asks Ziyanda laughing , this one is going to make a joke out of this .

" Hello .." i greeted loudly even for them to hear me but they didn't i walked to take a file from the bar then walked back to them i threw the file on the table they all looked at me .

"Good , now that i got your attention this is a restaurant this a public place to eat others to get peace or fresh air , can't you guys talk like normal people ningabe ningxola apha ! .." they all looked at me like i've grown some horns , the other one chuckled .

wide open and his car was on the drive way i got there the house was very dirty which something i didn't understand bcs he's a neat freak . he was laying on the couch drinking and crying i quickly ran to him and embrace him . i asked him what's wrong he just sobbed and keeps on saying " im sorry Coco , i didn't mean to do it i swear " i was lost i keep on asking myself what was wrong ? what is he sorry ? what is that he didn't mean to do ? could he be cheating ? he wouldn't do that right ? or im just fooling myself ? he can't cheat on me , he can't break my heart like that , he can't sacrifice our love like that ! i would be really hurt if he cheats on me really . let me just stop with these what ifs and call him bcs cracking my head like this won't help me , i took my phone and called him as expected it went to voicemail . sighs i wonder wassup with him . why is he acting this way ? is he getting tired of me ? he could just say that so i can leave him alone ! i can't be left in the dark kalo ! im brought back to earth by someone tapping my shoulder i turned its some cute guy . he looks very familiar but i can't recall where i saw him " Luyolo hey " how does he know my name ?

i don't remember telling him . i looked at him with a raised brow he chuckled then sat down on a empty chair next to me " so you don't remember me ? " he asks i really don't remember him but he looks familiar " you look familiar though " he smiled , he's handsome and neat but not close to my baby , why am i even comparing ? " we met at Mr price im Bukho " he says . bukho ? oh bukho the guy from mr price the one i said he loves to smile alot i giggled " oh i remember you now , so how can i help you ? " he cleared his throat .

" can we hang out sometime ? " he asks nervously i chuckled " i would love that " he smiled widely " okay , thank you bye " just like that he's gone ! idiot . i packed my books and requested an Uber . i arrived at home Grams is not here i went to my room and changed to comfortable clothes then head back to the kitchen , i made myself something to eat then ate . Now i will loose my woman over this ? i can't really . the thing is i slept with Akhona that ex of mine remember her ? yes that one ! i don't remember exactly what happened but i woke up in a hotel room with her . all i remember is that i was on a club with Ziyanda but he left me there since Liyana called him . to make matters worse Akhona made a video of us having sex , she says if we stop having sex she will send that video to Luyolo . i tried reasoning with her to delete it but she wouldn't budge i was left with no choice but to agree on her deal . i hate doing this coco really i thought avoiding her and ignoring her calls and text would ease the guilt but i didn't help , i want to tell her the truth but i can't im scared to lose her . i love that woman so much these news would break her really and its going to distract her from her studies . sighs i know that's not an excuse but hey im scared . i want to call her very bad just to hear her voice but i decided against it , i will have to sort akhona real fast before

she ruins things for me . Luyolo is not going to think twice about dumping me after she found out about this , i hear how she talks about cheating men and all that she won't think twice . and if i loose her i won't cope she brings peace to me I've once said that but then if she left i won't have peace now bcs of bloody slut like Akhona . if i say this break is doing me good i would be lying really , im falling apart without coco nyani she's like a glue that brings me together her not being in a picture at the moment is torture seriously . i told my parents what Happened between Luyo & me they were very angry at me specially my mom but she came around , they forced me to move back home for a while bcs they think i will be up to no good but then i don't blame them Akhona really messed up my mind , lowo i took her to the doctor to do the pregnancy test at first she tried to deceive but i was smart about it bcs i know Akhona is problematic . it turns out she's not pregnant she was trying to trick me and i almost fall for it and loose my woman in the process but i learnt my lesson seriously i regret

causing Luyo that pain she she doesn't deserve it honestly . i really need to fix my life before i go for her again so that we can start over at a clean slate with no more lies , cheating and all that I've done . i was shocked to see her at steers the other day when she was with that white guy , she looked happy i was hurt really to see that she's happy bcs of someone else i chose not to pay attention to her , im really suffering bcs of her the thoughts of calling her always cross my mind but i don't wanna be an nuisance to her , even when she's online on WhatsApp i just want to text her a single text nje but ke she wanted a break she will let me know when she's ready to speak or see me . i got off the bed and made my way downstairs i got there Zenani was with her friend chatting and listening to music , that Tikoloshe song played i just missed luyo bcs its her favourite song it reminds me the day i watched her dancing while cooking i must say she's a great dancer too . i just greeted them and passed them i got to the kitchen to make something to eat i just made a sandwich and ate and went back to my room i laid in bed . i log into WhatsApp i checked Luyo

she's online i thought of texting her but i decided against i took my old phone and called her just hear her voice she answered on a second ring " hello ? " she says with her sweet voice as always , i kept quiet she chuckled " azintsika " she says softly . how did she know it was me ? haybo ! " hey baby " she went quite for a while " I miss you Luyolo " she exhaled " can you call later ? im little bit busy here " she dropped the call i felt tears stingin in my eyes . i know she's not busy she avoiding me , did she moved on ? then if she did why isn't she letting me know ? . sighs . let me just take a nap maybe i will wake up feeling better .

after what happened Steve gave me the day off so i went home to ask Grams about this bcs this doesn't sit well with me , i kept cracking my head about silly questions that i can't even answer only my parents or Grams can answer . i hope grams tell me the truth bcs i deserve to know it ! maybe this guy is my brother who knows ! bcs yey the guy is a male version of me sana ! here im blabbering about the guy i don't even know his name , i got home Grams was busy sewing in the lounge i greeted her then went to my room to wear something comfortable then went to sit next to her " talk to me " she says without looking at me , this woman knows me inside

out i sighed before asking her this " mama , do I have a sibling that i don't know about ? " she quickly looked at me then put her sewing stuff aside " why do you ask ? " i cleared my throat " its just that i saw a guy looking exactly like me " her eyes widen in shock with her mouth wide open " Jesus ! " she says with her hands on her head , her eyes became teary . i started to panicking now , why is she crying ? did i say something wrong ? oh God i embrace her then shush her ! i was already crying too " what's wrong mama ? you scaring me " she wiped her tears and held both my hands , she exhaled .

" your mother had a son before you , he was 2 years older than they stole him at the hospital " i gasp with tears rolling down my cheeks ! how could a person be this evil ? how heartless a person can be ? you rob a child a chance to meet his or her real family , could be this guy my brother ? if it is then it means that my brother is still alive ! i need to get to the bottom of this .

" What ? how can a person be this evil ? how did my mother felt about this ? " she sighed .

" she was devastated specially your father bcs he was looking forward to be a father " she says , i can see this broke everyone even Grams is hurting by this . i embrace into a hug and we stayed like that .

AZINTSIKA.

you know i don't like seeing Luyo crying it just broke my heart into pieces , they way she cried shattered my heart how could a human being be so evil ? some people are wicked serious . i mean why would you steal a child from his or her parents why ? why would you cause another person a pain like that ? but then people's hearts are not pures like other hearts others are filled with evil nothing else , they do things without thinking about how other person feels ! you know its true when they say uzinto ezenziwe ebumnyameni zizovela ekukhanyeni . I mean ziyavela ngoku bcs the dude looks exactly like Coco even a stranger could say they are siblings Qha kushota luxolo's parents or parent to tell the truth so that a guy can be with his real family . my baby was really hurt by this , she always wanted a sibling kanti

all along sibling is around here also , after i comfortable her i went straight to my parent's house . yeah im still staying but im thinking of going back to my house next month ! imagine a 26 year old staying at home ? hay rhaa . i arrived at home my whole family was eating dinner also Zukhanye and nandi were here , Nandi is 7 months pregnant we're about to be uncle's majita ! i greeted them then sat down .

" how is she ? " asks mom while dishing up for me .

" not so good but she will be fine " she nods and handed me the plate i took it then digged in .

LUXOLO.

my name is Luxolo Jola im 25 years old , married to Lilitha Jola , im a Businessman a CEO of Jola Oils it is my inheritance from my late father Sizwe Jola . im the only child of my parents . after that encounter with that girl at that restaurant I went straight bto to my mother's house bcs i needed answers about how

could that girl looked like me exactly like that ? i mean the girl is beautiful like damn beautiful but she could be my sister ! i've always asked my mom why is she not having another child but she just brushes me off i mean i always wanted a little sister or brother you know to play a big brother role . but since i saw that girl im happy that she could be my little sister but then how come that i don't know her ? and by the looks of things she doesn't know me too but we look alike . come to think of it that's why Mr Yeko asked me if i have a sibling or not and he also said i look like his Girlfriend maybe this is the girl she was talking about wow ! . Sighs . i just hope my mother will answer these questions i have , i got home she was in the kitchen washing dishes she looked at me like she knows im not okay , im confused ! " mom , do i have a sibling ? "

" no , why you asking ? she said i rubbed my face in frustration .

" something happened today , i saw a girl looking exactly like me " her widen in shock and dropped the cup she was holding . she started to sweat and

panting i panicked then get her some glass of water she drank it .

" What's wrong mom ? "

" Nothing i can't handle " i sighed and noded .

" bring my pills " she says i walked to her room and took those pills and gave them to her to drink . my mind was running wild im not satisfied with her answer and why did she act that way ? something is definitely going on here i need to talk to that girl i need her numbers . i took my phone then called Mr Yeko he answered " awe ! "

" Exe mjita , i need your help " he scoffed .

" with what ? " i cleared my throat.

" can you give me your girlfriend's number " he kept quiet for a while .

" Come on man , i need them ."

" Okay sure " he dropped the call . after a while a text came through with the number i thanked him and dialled the number she answered on the second ring

" Luyolo hello ? " she says with a sweet melodic

voice , okay her name is Luyolo and im luxolo ? She's definitely my sister " umh hey Luyolo it's Luxolo here ?

.

" Luxolo who ? "

" Luxolo Jola " she kept quiet .

" Oh okay , what can i do for you ? " i cleared my throat im nervous about this .

" can we meet ? tomorrow at the same place we met at ? "

" Okay sure " she dropped the call i sighed , i really need to find the truth ..

LUYOLO.

I've been so confused in my life like i am right now , like i don't know what to do to help the situation at hand ! i don't know if i could go to this Meetup with this luxolo guy or not but then i also want to know the truth about how he was taken from hospital ? or who took him ? but again both of us don't have the answers only his mother can answer these questions she can tell us where did he get him . im really hurt by this but not more than luxolo imagine finding out that the people who raised you are not your real parents , that you were stolen from your real parents at the hospital ! . Sighs . this is a big mess i tell you , yaz if luxolo's mother is the one who stole him i should say she's really wicked shame i mean you're a woman you know how painful it is to

lose a child , she didn't care about how my parents felt when they lost their first child but then other people don't have hearts they're evil ! they hurt innocent people for their own selfish reasons . i can't even imagine the pain my mother went through when she lost my brother bcs knowing her she was the biggest cry baby . so luxolo sent me the details of where we going to meet up at , to honest im kinda nervous you know bcs the last encounter we had he asked me why the hell i look like him ? like really how am i suppose to know ? bcs im shocked just like him ! but Grams said i should go and hear what he says so today im meeting up with him . today i woke up and showered then wore my leggings and shirt then my sleepers bcs im going to spring clean its been a while since i cleaned Grams is the one who was cleaning . i turned on my phone i saw a missed call from ntsika but when i called him back it went straight to voicemail i left him a message instead . i went to the kitchen to make something to eat i got there and made myself a sandwich and juice then ate . i finished eating then washed the dishes and played some music then starts cleaning .

LUXOLO.

so today it's the day i meet up with Luyolo after that encounter we had at the restaurant im quite nervous to be honest bcs i don't know how is she going to behave ! i hope she's not a spoilt brat bcs i won't deal with kids who has attitude . i didn't even tell my mom about this Meetup speaking of her she's acting weird these days i don't know what's happening with her ! she became overprotective of me like I'm a toddler or something and it irritate the hell out of me bcs she wasn't like this i don't know now what's happening . the other day i walked on her in a phone call saying that she thought she did a clean job no one was meant to find out about this , when i asked her about this she snapped at me saying i no longer respect her ! when did i start listening to her conversations ? i mean what the hell ! how's that has to do with anything ? but then i brushed it off but i couldn't brush off the feeling that there is more to this ! something is up really and i need to find out what is

it .

" you seem far " says my wife kissing my neck i smiled and pecked her lips .

" im just stressed love that's all "

" about this duplicate of yours ? " i nod .

" Not only that , its my mother that also stressing me ! ever since i told her about Luyolo she's been acting strange "

" who's Luyolo ? she asked .

" my duplicate " she nods .

" Don't worry baby everything is going to be fine , let me make you some breakfast okay ? " she says and walked away . i sighed then laid on top of the bed , after a while she came back with s tray of food then handed it to me . i took it and thanked her ! i started to eat .

the time now its 1pm im going to Meetup with Luyolo i kissed my wife then went straight to the restaurant . i arrived there and ordered a whiskey

then got busy with my phone waiting for her .  
someone grabbed then chair then sat down i looked  
up its Luyolo ! she looked beautiful even wearing  
simple like a maxi dress with denim jacket , sandals  
then wore a bucket hat with sun glasses . she smells  
nice also .

" stop drooling , i might be your sister " she says  
smiling , she has a beautiful smile , i rolled my eyes .

" Whatever , you look beautiful " she smiled .

" Thank you , you look handsome too " i also smiled ,  
how can a person looks like someone else like this ?  
i mean this girl looks axactly like me its kinda creepy  
i tell you . it's like im looking at a female version of  
me .

" so how are you duplicate ? " she giggled ,  
everything about this woman is perfect . Azintsika is  
a lucky bastard .

" im good , how are you ? "

" Im also good , you can order bcs i didn't order for  
you " she nods and looked around for a waiter . the  
waiter came and she ordered after a while her order

came .

" what if we're siblings ? i mean how would you feel ?

" she smiled .

" i would be happy bcs i've always wanted a sibling or a big brother you know " i smiled at least if im her brother i will have a sister and she's nice not a spoilt brat !

" i would be happy too bcs i also wanted a sister bcs im a only child at home " she nods .

" so who are you staying with ? "

" With my Grandma " she answered proudly she must be so fond of her grandmother .

" Where are you parents ? " her faces changes from being happy to sad .

" they died on car accident " i nod , im so hurt bcs if she's my sister then that means i won't meet my parents bcs they passed away .

" im sorry " she gave me a weak smile .

" Its okay , so i can see you married " she says changing the topic i smiled .

" yes i am , to Lilitha Jola " she nods .

" you so inlove ! look at you smiling like an idiot here  
" she laughed . i joined her .

" mxm , wena you're dating Azintsika " she smiled  
looking down .

" yes " i chuckled she's blushing she can't even hide  
it .

" im expecting my lobola money , tell him " she rolled  
her eyes and giggled ! she's cute .

" its even confirmed that you my brother yet but you  
already demanding dowry money . hay zibambe  
bhuti " i burst out laughing she joined me .

" Whatever "

" so i told my mom about you " she looked at me .

" Okay ? what did she say ? " she asked .

" yho ! she panicked and starting sweating " she  
widen her eyes .

" what ? " i asked she shaked her head .

" something is up here ! you mother knows

something " i looked at her with a raise eyebrow .

" what do you mean ? " she cleared her throat .

" Look i also told my Grams that i saw a guy looking like me at restaurant then i asked her if there's a sibling of mine that i don't know about ? she said i had a older brother he was 2 years older than me , he was stolen at the hospital " she says . i looked at her without saying anything ! Could be my mom who took me and why ? why would she cause another woman so much pain by stealing her child ? im so speechless i don't know what to say ..

its been a month alot has happened these past weeks but in all that im happy im in a good place , everything is going good by academically to relationshipically im treated good no lies ! dating ntsika is a blessing disguise shame i don't regret loving him and i fully trust him again i don't think he will ever cheat on me again he really regret cheating on him bca I made it clear that if he cheats again im leaving him no matter how much i love him i won't settle for less for a man mna ! I will just focus on moving on and my studies bcs i can't let a man destract me bcs that man is going to leave me while i have nothing on my name yena he has many businesses and lot of money so no sana ! i would rather loose a relationship than loose that degree i aim to have and make my Grams proud of me . so luxolo did the DNA test it turns out that he's really

my brother ! the way i was so happy it was priceless i always wanted a brother , a shoulder to cry on besides my Grams of course . so these past weeks we've been spending and bonding alot . he's such a great sibling and he's a character i enjoy being around him , also Grams met him my Grams was happy to see her Grandson i Soo wish my parents were here to see their first born back home all grown up . i also introduced him to liyana the way there were so close was out of this world but it's none of my business im just happy to see my brother back home . i can proudly say im happy seriously after what I've been through i never thought I would be this happy even at school im passing my modules very well my marks are good . last week we were at home in my father's household bcs we needed to do a ritual for luxolo so he can introduced to ancestors ! to say i enjoyed my stay there i would be lying bcs those people don't like me really they hate me i don't understand what i ever done to them but then i don't care about them besizele lesiyizeleyo . Azintsika and his brothers the his parents and Grams then Liyana and lilitha were there to support us in the family , the

ritual went well after that we went home . so today we've been invited by Luxolo's mother on a dinner at her house apparently she has something to say to us . im so nervous about this but i don't even know what Is this about ? maybe it's about kidnapping of luxolo when he was young , so now we getting ready for this dinner ! im done with everything im just waiting for Grams so that we can go .

" MASAMBE MAMA ! " i yelled.

" NDIYEZA ! " she yelled back . After a while she came looking beautiful we locked the house then got inside the car and drove off in silence we were lost in our thoughts , we arrived at the house and parked the car on the drive way we made our to the door and knocked lilitha opened the door with a fake smile on her face ! this lady doesn't like me one bit i don't know what's her problem really but ke she's the least of my worries akandazi nondazi ! she moved aside we made our way inside the house it is beautiful shame no lies it has that motherly love . lilitha led us to the dining table everyone was sitting there , luxolo and his wife , his mother , luxolo's

cousin and his wife then me and grams we greeted everyone and sat down , luxolo's cousin was looking at me in a way i don't understand but i let it slide bcs im not here to cause trouble , luxolo's mom served us the food and we start to eat .

" may i have everyone's attention " says luxolo's mother looking at all of us , we gave her our attention she looked pale and really nervous , she cleared her throat .

" i summoned you all here bcs i have something to tell you guys , specially you luxolo mntanam " my heart is already beating fast im nervous about what is about to be relieved to us tonight .

" first of all Luxolo what about to tell you please know that im so sorry my child " she says with tears in her eyes . i feel sorry for her already .

" can you get to the point mom " he luxolo annoyed .

" Luxolo " says Grams reprimanding him he sighed.

" Xolo makhulu " Grams just nods .

" umh luxolo my child im the one who stole you from

your parents at the hospital " everyone at the table gasp .

" WHAT ? " luxolo roared everyone looked at him . his mother started weeping .

" im sorry my child i was very desperate for a child , my husband was going to divorce me bcs i can't bear him children . all my children were born dead and my husband couldn't take it anymore he filled for divorce , i loved him i couldn't let him go so i thought of a plan " the tears were already streaming down her cheeks .

" so you used me to save your marriage ? you caused my parents the pain of loosing their first child ! you robbed me the chance of meeting my real parents ! you robbed me the chance of seeing my sister grow " he said with tears in his eyes . his wife just embrace him and he sobbed on his chest . Grams was already crying too i hugged her tight .

" im so sorry my child please forgive me , so after i stole you my marriage was back being the same the happy couple that we were before the divorce you

brought joy into our lives ! so we run away and went to stay in durban bcs you were all over the news but my husband never suspected anything . im sorry guys for causing you all the pain specially you my child luxolo " luxolo just stood up and walked out leaving us all shocked about what happened . the tension in this house was too thick no one was talking to one another . everyone was focusing on the plates and eating i stood up and went to the kitchen to call luxolo i got there and sat down on the chair and called him it rang answered until it went to voicemail . i just gave up i turned to walk out but someone blocked my way i look up its Luxolo's cousin i heard that his name is Anathi . he looked at me and smiled i just kept my straight face .

" can i pass ? " he scoffed .

" No " i looked at him with a raised eyebrow .

" No ? khasuke wethu " he smiled widely , hehake such an idiot .

" you have a beautiful voice " he has deep baritone voice .

" Thanks now can i pass ? " he moved aside i pass through him.

" you beautiful " he yelled i just shaked my head then went back to the dining table .

LUXOLO.

i feel hurt , betrayed , disappointed ! my heart is shattered . no words can explain how i feel i feel useless ! how could my mother be this evil ? how can she be this wicked ? she's the sweetest person i know ! its true when they say suthi uyamazi umntu like now i really believe it bcs i didn't think of my mother like that . she used me , she used me to save her stupid marriage so that her husband won't divorce , was she that desperate nah ? bcs her selfishness cost me alot ! It costs me not knowing my real parents , seeing my look alike sister grown ! having a big family ! having a Grandma who loves me to death like my recent Grandma i just found , she is everything i need such a wonderful woman

who raise Luyo to be the beautiful woman she is today . after i ran out i went straight to the club to drink my sorrows out ! i just need to escape reality for once ! bcs my sober self and my broken heart can't handle all the pain i feel , i got there and ordered the whole bottle of whiskey and drank it . my phone rings it's Luyo calling i don't want to talk to anyone right now i need to deal with my demons alone ! as for that woman i call my mother i don't know what i will do to her really . i felt someone taking away the bottle I looked up i came across with Azintsika's face .

" come on man , slow down " he takes a seat next to me .

" i need that , give me " he shakes his head .

" you can't solve everything with alcohol you need to face if like a man , cry if you want but don't drown in alcohol . whatever it is that is going on deal with it ! i can see something really broke you but please don't drown on alcohol it's not good for you " he says he's right i can't keep drowning myself in alcohol i should face it head on but it's hard to do that ! i don't even

know where to start .

" Come on let me take you home " he helped me stand up and walked out .

" Wait , the bill "

" Its on me " i nod and went to his car we got in and drive off ..

NARATED.

luxolo finally forgave his mother for what she did , he saw that holding a grudge against his mother is not good for his sanity he just wants peace in his life and focus on his wife and family also his businesses of course but the woman who raised him won't stop being a mom to him she will always remain a mom to him no matter what she did and she was happy and grateful that her son forgave her bcs she was really hurt . luxolo took Azintsika's words seriously that he can't solve his problems through alcohol , he needs to face them head on with his sober self bcs if he really on alcohol he's going to fall apart and it won't be good for him and his family specially his newly found family .

everything is going well for Luyolo she's happy at last with the love of her life and her brother , best friend and everyone around her was happy , she even glowing and passing well on her studies . Ntsika and Grand couldn't be more prouder of how dedicated and focussed Luyo is despite everything that has happened , him cheating on her and her finding out that she has an older brother and everything else .

Nandi Zukhanye's wife finally given birth to a healthy baby who they named him Thandolwethu . he is such a cute baby , everyone was happy for them especially Zukhanye bcs he is a first time parent even Mr Yeko and Mrs Yeko seniors were also happy to be Grandparents and they promised that this child is going to be spoilt rotten . it was a happy day for everyone Azintsika and Zenande were excited to be uncles to an newborn Thandolwethu .

everyone's relationship was going perfectly and

great beside Ziyanda and Liyana's relationship ,  
Liyana has been acting strange toward Ziyanda she  
didn't want him to touch her or anything close to that  
and Ziyanda was lost and confused to liyana's  
sudden behavior , when he asked her what's wrong  
she just say she's tired . she became distant which  
makes Ziyanda to think that their relationship is over  
. on other hand Liyana was being eaten by guilt ! she  
thought staying away from Ziyanda will ease her  
guilt but then its getting worse now that Ziyanda is  
calling her non - stop . She wants to tell Luyo what's  
going on but she afraid that she's going to judge her  
..

" Dark beauty " if this was another day i would be smiling but i can't im stressed about my Best friend .

" Hey Luyanda are you home ? "

" yes im home why ? "

" is liya there ? "

" no she's not here , she left in the morning " i sighed where the hell is this child ?

" umh okay bye " i dropped the call and lay on the bed i called her but it went straight to voicemail . after a few minutes i received a call from Ziyanda maybe he found something i answered .

" Zee ? " he's breathing heavily i can hear him over the phone i panicked .

" Ziyanda what's wrong ? "

" Luyolo come and take this slut of a friend of yours , come and get her before i kill her " he said and dropped the call , i stand there not knowing what to do ! which slut of a friend is he talking about ? and he said he going to kill her ! Jesus . i quickly wore my sneakers then took my car keys and went out , i

drove like a maniac to Ziya's house i parked the car on the drive way his car was here which means he's here i run to the house the door was slightly open i got in and run to the lounge .

" ZIYANDA " i shouted , no one answered when i was about to walk to the stairs i heard someone sniffing i looked behind the door liyana was curled up on the floor crying i rushed to her and hugged her ! she hold me tight and sobbed i was already crying too bcs im hurt to see her like this .

" what ? Liyana talk man kwenzekanton ? " She was about to talk but she looked behind me with her eyes wide open .

" Oh my God " she mumbled under her breath but i heard her i looked behind me , Ziyanda was walking down the stairs with a gun on his hand i quickly stood up with liya behind me .

" Ziyanda what's going on ? " she looked at me with a scary look i never saw Ziyanda like this , im used to his crazy side . He chuckled bitterly.

" didn't your friend tell you what she did ? " i looked at liya who was avoiding eye contact with me , what's going on here ? what did liya do ? That makes Ziyanda this mad .

" Tell me what Ziyanda ? Liya ? "

" Tell her what you did Liyana " says Ziyanda looking at Liyana . Liyana was crying and trembling behind me .

" TELL HER " he roared i jumped a little .

" Okay , since your friend doesn't want to talk i will do the honors for me , this biatch slept with that bastard you call a brother " what ? Oh God ! why would liya do that ? she cheated on zee and lux cheted on his wife father God ! i looked at liya .

" what ? " that came out as a whisper .

" why ? why ? Liyana " she wiped her tears and walked towards zee . Ziyanda pointed a gun at her i
