I walked in the building hurriedly to my office , I love my job but sometimes I wish I can just die with all the numbers it comes with . You guessed right , I am an Accountant . I sat down and wore my formal , pointed , black high heels . I took the office phone & requested coffee , I seriously need it for this banging headache , silly me! I am hungover . I groaned as I saw my respective boss , Mr Mtyholi which is another word for devil ... if you get the pun .

Me : Sir , I am-

He raised his right hand up , telling me to shut up . I nodded .

Mr Mtyholi : Miss Mthethwa , you're an incredible Accountant and-

Me : Sir , I-

Mr Mtyholi : I am speaking Miss ... I hate doing this but you will be receiving your final written warning , You said you're punctual so what is this ?

Me : Sir , My-

Mr Mtyholi : At 10:00 am , your documents will be ready at the HR , fetch them . Have a good day

I winced as he banged the door , My head hurts like hell ! . Julia dropped in the coffee , I thanked her before drinking it like it's for the last time . I switched my laptop on & did what I'm paid for .

.

.

.

I am from the HR and yes , I signed my written warning . I sighed as I heard commotion at the junior offices , I pulled Julia aside since I am curious .

Me : What is happening ?

Julia : There's this hunk that graced this white wall building with his presence , he is HOT! gosh , man of your colour

She dramatically fanned herself , I rolled my eyes before laughing at her . I thanked her for the scoop and I locked myself in my office , swamped with work . I wore my glasses and checked all of the documents , I feel underestimated with this kind of work . I am no bookkeeper to be organising this ,
 $Assets = Owner's Equity + Liabilities$. I groaned and continued to work until there was a knock . I took off my glasses and stood up .

Me : Come in

Mr Mtyholi walked in with this-HOLY FUCK! . I've never seen such a handsome somebody , the hell! . He is draped in traditional clothes , his presence demands attention . The fine jawline , God watched me masturbate when creating this creature and thought " I will send this man your way , holy daughter " . I can already imagine how rooted sex is with him , he prolly fucks from deep within . I felt sweat on my forehead and a river between my thighs , resembling the one he initiated at as a healer . I felt my heart beating faster .

Mr Mtyholi : Miss Mthethwa , who will be handling

your finances and Miss Mthethwa , this is Mr Mthombo the CEO of Lemihla Con. You can change the pleasantries , Sir you are in good hands

Mr Mthombo : I believe so

The voice , It's so deep . It proolly entices his ancestors too , they don't lead him ... they listen to him . The authority he possesses! gosh ... Julia didn't tell me he is a Greek God , holly yeezus . I sneezed because of the strong smell of herbs .

Me : A pleasure to meet you Sir

I extended my arm for a handshake , Mr Mtyholi shook his head . Oh ? the healer doesn't like being touched . I clear my throat and offer him a seat which he took quietly , he seems to be shy and I am nervous . Mr Mtyholi left us together , we are both alone ... why isn't he making the first move ? . I am silly! , he is a client . I cleared my throat before sitting my flat ass down .

Mr Mthombo : I have all that is needed in this file , I just feel like these calculations or records are not corresponding . I need you to confirm my suspicions

Gosh , I need you more healerbae ! . We are corresponding , you and I . I cleared my throat and nodded .

Me : I will analyze it for you Sir , I promise you that I will find loopholes if there are any

He stared in my eyes , I froze instantly . You really know how to make me want to arch when you give me those brown sand eyes! . He felt it too , the spark but I can't stare any longer so I stared down at the table . Feeling all kinds of hot , I need to breath .

Mr Mthombo : I trust you

That voice! , I involuntarily looked up at him . He was motionless , that was weird but I nodded twice and he stood up to the door . He had really long neat & black dreadlocks . I stood up too and he walked out .

Mr Mthombo : Always be on time

Me : Huh ?

Mr Mthombo : Stay well Miss

I nodded and he shut the door , I can finally breath! . Julia walked in almost immediately .

Julia : Did you see that ? Mmh!

I giggled , trying to act like he doesn't affect me .

Me : I need to work Juls , bye

She laughed and went out . I sat down and smiled at myself , is this love at first sight ? lol , it feels great! . I sniffed at the herbal smell which lingered in my office , I giggled and wore my glasses , went through the financial files he brought and indeed there was a sum of money missing . I fixed all that needed fixing and then drove home . I am hungry-horny-in love and tired .

I took a shower as soon as I locked the doors , closed the windows and switched on the lights . I smiled as I thought of him , Jeremiah! I can't get over this little crush I have on him . I don't dream of being married but for that yummy yum healer , I can make provisions . I turned off the tap and walked out of the shower , dried and smeared lotion all over my body . I wore my silky nightwear and went down stairs to make food . I settled for a patty burger with onion rings , lettuce , tomatoes with a bit of bacon and melted cheese . I munched on it and drank ice cold water with headache pills . I do have my own painting company , I only employed women . We paint houses for a living , it doesn't make much money but it's a side hustle . I checked the finances and we are doing better than expected this month , I am happy . I divided our salaries prior and then

bought trading inventory online after all of that I went to sleep , on that note I haven't seen Kayise aka Kae whom I share this house with , the whole day . I sent a text asking if she is okay , and she sent me a picture of her in between them arms! . I sent her a middle finger and then slept peacefully .

.
. .

Mr Mtyholi : I am mesmerized , you're early

Me : Good morning to you too Sir

I gave him my dashing smile and went straight to my office .

Julia : WHAT IN THE HELL ?

Me : What ?

Julia : You're on your natural hair , you look- wow !

I giggled and twirled . I am dressed in a floral yellow dress with white pointed heels . I have a medium afro , my hair texture is exceptional but I love

wearing weaves more . I thanked Juls and strolled with my head held high , I did all of this so I can impress the link between the physical and spiritual world , Mr Mthombo . I settled down and updated the records , as I have said ... I love my work . I kept a record of the monthly transactions and forwarded them to Mr Mtyholi . I have to say , the company is doing good . I heard a light knock and I experienced goosebumps , I felt hot .

Me : Enter

He walked in and stared at me , instead of him boosting me ... I felt shy . I heard the door close and he stood right in front of me . HOW THE HELL AM I SUPPOSED TO BREATHE ?! . My legs felt wobbly , heart accelerating ... what is this creature doing to me! . I was sweating , my chest kept on rising and falling . I gasped and electrocuted as his warm hand burned my skin , I tightened every inch of my body . He wiped my forehead using a red and white cloth . I closed my eyes as I inhaled him , his whole being .

Mr Mthombo : The sweat will ruin your make up

My breathing hitched , I am wearing no make up! . I breathed through my mouth , swallowed before clearing my throat .

Me : I- I- I did not apply it

Mr Mthombo : Yeses , Umhle uyakhazimla

-Fuck , You're beautiful , you are glistening

I held his arm , Oh God! . I don't trust my voice right now , my heart is dancing . I gasped for air as I was trembling , I am under his spell . I clenched tighter on his strong arm and traced it until my hand found his . He held the side of my face , I soaked in his warm hands with a gold bracelet . He took a step closer and breathed on my face , I held mine with my eyes still closed .

Mr Mthombo : Breath

I closed my eyes tightly as I tried to breath , gosh! .

Mr Mthombo : Vula amehlo akho

-Open your eyes

I flipped my eyes open only to be met by his brown glowing eyes . I looked at his lips and swallowed

hard . I need the toilet ! .

Mr Mthombo : Ngubani igama lakho Ntombentle ?

-What is your name beautiful lady ?

Me : Akhanyile , ndingu Akhanyile

-I am

He smiled affectionately , I stared at him ... there's something about him . He lowered his face on mine and I swallowed . I have been doing a lot of swallowing by the way , I am sending a visual curriculum vitae so he can ... you know , call me when he need his kids to be swallowed . I am kidding! . He brushed my lips using his thumb , my mouth formed an ' O ' . I moaned and he stiffened , I opened my eyes and he looked at me shocked , confused . He retracted his hand and anger , fear displayed in his eyes .

Mr Mthombo : Don't ever touch me !

He walked out banging my office and my lip trembled . I don't know why I'm crying over a weird ass stranger! he is a fool , I did nothing to him . He

touched me first! .

.

.

.

My day went from 100 to zero drastically . I even asked Juls if I have a smelly breath or what , am I dirty or something . I groaned with tears blinding my vision , he hurt my feelings! . I exhaled and focused on my job , the money flowing in is just like him- hot for a few minutes the boom it switches , ranking low! I chuckled at how I was comparing the two . I sent the papers via email so he can see what happened and the exact time of the withdrawal . I updated the Payments made , Receipts and detailed all the balances brought and carried down . I did a balance sheet & sent it to him . The person who stole this money knew it won't hamper the business since it's making huge profits . I took a breather before working my ass out until it was time to go home . Kae came to pick me up , we drove separately to the mall . I guess I need a breather after the

embarrassment .

Kae : There's absolutely nothing wrong with you , he is just a jerk!

A handsome one , I really need to be mad at him but I'm attracted more . I don't know if I'm toxic but there's something unique and special about him . I smiled and ate as we continued conversing about anything and everything .

Kae : Any projects this week ? I can help with the painting

Me : Really ? I'd appreciate that but firstly I have to contact the team and I will let you know

She gave me a thumbs up before indulging on her food . It felt like someone was staring at me so I turned and there he was- with another guy .

Me : He is here Kae

Kae : Forgive him , you just can't stay mad at such ...
look at him! God , I need to consult

I hit her hand and we laughed , she has a man! . I felt
his presence behind me , I sneezed and stiffened .
His aura remains impeccable , he demands attention
without even uttering a single word . I felt hot! , he
sat besides me and my breathing changed .

Mr Mthombo : Molweni

-Hello

Kae fanned herself and greeted back . I just sat there
tongue tied , I should be breathing fire , insulting him
with everything on earth but here I am ... clenching
my thighs because of his demeanor .

Me : I- I have to go

Mr Mthombo : Stay

I closed my eyes as I stood up , we hate him
remember ? he is a fool .

Me : You don't get to tell me what to do! not after
what you did

Mr Mthombo : Ndiyakucela

-I am begging you

I inhaled and turned to face him so I can give him a piece of my mind but instead I froze , as soon as we locked eyes . I broke the eye contact and took my shopping bags and wallet before walking out , I won't let that dreadlocks , big headed yummy fool with his ancestors play with my mind! .

.

.

.

I unlocked my car and threw my bags at the back , my wallet fell so I bent to pick it up . I held it and felt him- he was standing behind me , I swallowed before closing the car door and remain still .

Mr Mthombo : Ndikwenze ntoni Ntombentle ?

-What did I do to you beautiful lady ?

I exhaled , I won't reply not because I don't want to but my voice will disappoint me . He took a step closer , I held my breath as I felt him too close for comfort but I loved this .

Mr Mthombo : Ndicela undixolele

-Please forgive me

I held my car for balance , if he doesn't move back ...
I swear I will fall . My chest kept on rising and falling ,
he has an effect on me . I kept my mouth shut and
he took a step closer , I felt his third leg on my flat
ass and gasped . It felt good! . I felt his hands on my
hips , burning my skin even if it's under this cloth .
His face was on my neck , I tilted my head to give
him full access to it . He placed a wet kiss on my
shoulder blades and I lost my ability to can . I
moaned lowly and chewed my lower lip nervously .

Mr Mthombo : You can't carry such anger umhle
kangaka

- whilst this beautiful

I closed my eyes as his voice did something to my
body . I felt mushy down there , I kept on gasping for
air .

Mr Mthombo : Uvile ?

-You heard ?

I closed my mouth and swallowed hard before nodding . I cleared my throat .

Me : Please

I whispered , I don't even know what I'm exactly pleasing for ... I need him to move so that my brain can function . He chuckled and my coochie watered , I need to bath after this .

Mr Mthombo : Undicela ntoni ?

-What are you asking of me ?

Me : I- I- please

I felt tears on my eyes , I am so damn horny . He chuckled again before pressing his body on mine . I almost fell but he picked me up bridal style before placing me on the drivers seat . I breathed and thanked him on a shakey voice . I took out my key and turned on the key , I was shaking and he laughed -oh what a sound .

Mr Mtombo : That is a house key

I was more than the word embarrassed! , He smiled and took the car key that was on my thigh and

ignited the engine for me . He made me wear a seatbelt and closed the door .

Me : Enkosi

-Thank you

Mr Mthombo : Drive safely

I nodded and breathed before driving , how embarrassing was that ?! . I giggled and shook my head .

I just came back from my own company and we have a project this weekend which is to paint this other building , the manager handled the paperwork so we are good and Kae will help around . I drank my red wine as I kept on blushing at what happened earlier , I was kind of turned on . I wore my sleepers and looked through Lemihla Con. files for an address and when I found it , I drove there .

Receptionist : Good evening Ma'am

Me : Hey , I am Miss Mthethwa who is currently handling the financial accounts of this institute . I'd love to meet the CEO

Receptionist : Unfortunately , he left early today ... is it urgent ?

Me : Precisely

Receptionist : You can take a sit over there and I will

try to contact him for you

I nodded and sat down , I am wearing jeans and a white t-shirt with a yellow blazer and sleepers . My hair looks ... I don't know . I was nervous because I don't exactly know why I came here .

Receptionist : You can go to his house , here is the address and his personal phone number

Me : Thank you

.
. .

I exhaled and knocked two times before the door opened . He appeared only wearing a vest and a traditional red and white cloth with a lion print , wrapped around his waist . His dreads were all over the place , he looked rather cute . I giggled and smiled at him , he frowned before giving me a small smile .

Mr Mthombo : Hey

I smiled widely , I proolly look like a fool . I sniffed the

herbs and sneezed , he frowned .

Mr Mthombo : Stop doing that

Me : What is that ?

Mr Mthombo : Sneezing everytime I am closer to you

Me : Why should I ?

He stared at me and I kept my mouth shut . He pulled me by my hand , I entered his incense smelling house . I turned to face him after admiring his house , It is nostalgic .

Me : Wow

He chuckled and flipped his dreads out of his face and I gasped , he is really handsome .

Me : Your name ?

Mr Mthombo : Bayede

Me : What a powerful name

Bayede : The struggles it comes with

He chuckled deeply as his eyes began to be dark , he rubbed his nose and looked at me motionless . I am

intrigued .

Bayede : What brings you here ?

Me : I- I-

I cleared my throat as I couldn't say , " I thought of all the things you do to me and got horny so here I am " . He chuckled and took a step closer , I held my breath .

Bayede : Why are you here ?

Me : I- I don't know

I stuttered as I staggered backwards , he is very intimidating and I low-key love it . I love a man in control! . He took another step closer and I sweated .

Bayede : I was all you were thinking about

I was about to lie and disagree but he caressed my chin before staring deep into my eyes , seeing through my soul . Tears formed in my eyes , I am more than horny .

Me : Please stop

I took a step backwards .

Bayede : What am I doing ?

Me : Make me stop thinking about you

Bayede : Is that what you want ?

He breathed on my face and I closed my eyes as tears rolled down my cheeks . I need him to kiss me . He held my face and ordered me to look at him , I obeyed and took a step back .

Bayede : You will fall

He said with his now deeper voice , I shivered as I took a few steps back and fell on the leather sleeping couch .

Bayede : I did say

I stood up and he held my waist and breathed on my face , I am wet! . His lips came in contact with mine and I literally stopped living for a few seconds . He brushed them on my half opened lips .

Bayede : You are so so craving me

Me : Please

We were speaking against each other's lips . I looked

at him with begging eyes and he groaned before rubbing his nose on mine . I opened my mouth as I moaned , he quickly moved from me .

Bayede : I can't do this to you

He disappeared in the other rooms . I sat down at the floor and cried , I am frustrated and damn horny! . I feel something for him , more than the attraction and all he keeps on doing is leaving me dry and hanging , and horny! .

I must have fallen asleep because I woke up to this stupid , long and fair skin dreaded man staring at me without even blinking . He frowned and smiled , I was too angry for his handsome face so I pushed the covers and wore my sleepers .

Bayede : It's late

Me : Duh

I roll my eyes , does he think only he sees the clock ? pssh . I heard him chuckle and I took my car keys from the jean pockets .

Bayede : You did not eat

I roll my eyes , is he stating the obvious now ? , so much of a healer . I ran my eyes around the room searching for the door .

Bayede : Akhanyile

I held my breath at how perfect my name rolled out of his mouth . Control yourself , I made a mental note . He exhales before scratching his long dreads and burped .

Me : I am leaving and I need you to stay away from me unless it's business related , communicating via emails is very much preferable . You won't control my life Bayede , keep your distance and I will gladly keep mine .

He shivered and burped , I take huge strides to the door acting unbothered by his- i don't know . I walked out and vowed to never set foot here and act like he never existed . I am not a toy! .

.
. .
. .
. .

Kae was giggling at her phone that she did not even hear me banging the door . I took a bottle of water and drank it whilst sitting on top of the kitchen

counter .

Me : Hello , hi , I'm here

Kae : Didn't see you there ... sooo I met this guy

Me : " This one is my soulmate AK , I swear "

She laughed and waved me off using her left hand .

Kae : I can feel it

Me : Like you felt it with Thuso , Xhanti , Xei ... should I go on ?

I rolled my eyes , Kayise's love life makes no sense just like 'helaerbae' , no it's actually better than him nxx! that handsome fool! . I clicked my tongue just by the thought of him .

Kae : Why are you so tensed up ? we can turn up you know

I shake my head in disagreement , I am always down for some grooving but tonight I just need a bucket of ice cream whilst wearing all black , mourning all of his hot self! .

Kae : Boring ... healerbae told me that my soulmate

is somewhere in a club . Please

I laughed and chocked before spitting the water out .
I coughed and shook my head before wiping the
floor and ran to my room . I took off my clothes and
slept naked , the ghosts can fuck me since the
healer is failing to do so . I am kidding .

I was woken up by Kae's terrible voice , singing at
the top of her lungs . I groaned and wore my blue
overalls since we have to paint a building . I wore a
weave and a cap with boots , Kae was waiting for me
whilst performing an ward winning performance gosh ,
my ear drums! . I ate the sandwiches she made and
we drove with the team to Lemihla Con. .

Me : What is that we will be doing

Thembi : We will be painting the toilets

I nodded and we took everything out to our working
station and we painted whilst listening to music . It
has been two full hours now and I am hungry .

Me : I will buy food for us

I went out and saw- him! chatting with this classy

and beautiful lady . A lump formed in my throat as I stared at him , laughing his intestines out-mxm . I rocked my natural hair to impress him and now he is out and about with women wearing butt touching weaves . We locked eyes and they were redish , not the usual glowing brown eyes . He proly cried himself to sleep over me ... I wish . I walked to the cafe and bought muffins with coffees . I walked out and crossed the street and he appeared out of nowhere . My heart was beating faster than ever , not because of the shock- I've seen the boy doing things aka tikoloshe somewhere in my friend's yard for me to be scared of him- chaser of the boy doing things . It was beating faster simply because it is a stupid organ , he embarrassed me twice but here I am ... still affected by his presence . I sneezed just to annoy him . He frowned and decided to keep his mouth shut , I was waiting for him so I can bite his head off but hey , some ancestors work overtime .

Bayede : Umhle

-You're beautiful

I felt my cheeks heating up , I smiled inwardly and

looked down . I am dressed in the most ridiculous outfit in my closet . He chuckled and held my hand which I snatched , I am still very much mad at him .

Me : Stay away from me Bayede

I walked inside the building and left him there. He can chat with his ancestors for all I care , not me! .

We did our job and went home . I bathed and was too lazy to apply lotion so I just wore my nightwear and sat in front of the mirror . I braided my hair nicely and I got tired halfway so I slept . In the next morning , I had to wake up early and finish up -I hate being lazy! . I did my morning routine and sent Mr CEO slash crush slash healerbae and dumb . He is- anyways I sent him a brief letter requesting to meet him in my office , or my house just so we can talk and moan . I laugh a little as I made MY way to MY car that is bought by MY money- independent! . I own everything- well except my mind when I'm around that yummy fool , the thing between my legs too ... oh plus my heart- gosh , so much of an independent woman .

.

.

.

I arrived at work dazzling in my natural cornrows made by yours truly . I can open a salon but I'm too swamped by my work , company , life and him! . I settled in and requested coffee whilst going through Lemihla Con. files , just to affirm my suspicion and yes ... there was too much money flowing in and out of here- I wish the owner can go in and out of me , slowly whilst I moan out his name for the world to hear ...just some little " ahh Baye , gosh ... deeper baby , thokoza " he can invest his sperms in me but just like any money invested , it gives out profit so I will give him kids , I'm kidding ... I'd never! well not really like never-never , I would low-key do it but NEVER SAY NEVER! . I chuckled and went to my bookshelf to look for a file in between those books . The door opened and closed , I turned slowly and look who the cat dragged in .

Me : What are you doing here Bayede ? You simply don't listen , do you ? I told you to stay the hell away from me and I will do the same so what gives you the right to invade my privacy ?!

I was shouting my lungs , intestines , heart out and he just sat down there looking all kinds of hot in this formal wear with a traditional cloth across his chest .

Bayede : Let's get on business , shall we ?

MamTshawe! guys stop me before I kill this old , grumpy and good looking man with my riding skills nxx! I will ride him till he hands over all of his assets and ancestors too . Yes I forgot that I asked him to come but he shouldn't be this cold that I fall in shock , clapped twice and die thrice before sitting my flat ass down! .

I showed him the written records and he still remained unfazed . He nodded and looked up to my eyes , I quickly looked away before losing focus because of his gorgeous self .

Bayede : You look beautiful

My heart was dancing in joy , I smiled a little and wished my cheeks would stop heating up . He sneezed twice- thokoza - before shaking his head . I stood up and he did too , staring deep in my eyes with his now reddish eyes . He took two calculated

steps before pinning me against the cold wall .

Bayede : You don't know , do you ?

I am still very much amazed by what just happened and being this close with him , my heart was beating out of my ribcage . I was sweating because of the heat and dripping down there .

Me : Huh ? I - I - ...

What in the hell did he ask again ? . I stuttered as he chuckled . I feel like he is fucking with me- well mentally .

Bayede : You don't know how you affect me , how much I wanna pin you like this and thrust deep into your soul , fucking you until you lose all senses . Watch you cry in ecstasy as I hump in and out of you , hear you moan my name and choke in pleasure . See you beg for more , your toes curl at the intensity of the pleasure infused with pain , orgasim and watch these thighs tremble . To kiss your forehead and hold you tight

I was a stuttering , horny and moaning mess as he looked into my eyes whilst brushing my thighs that

are wrapped around his waist for balance . I felt his erection pressed on me , God of Abrahams! . I swallowed hard before he devoured my lips , slowly and passionately . I froze at first but he pulled my lip with his teeth and I gasped , allowing him to enter my mouth with his tongue ... I kissed him with the same want and desire , I moaned as our tongues danced the same tune which made him grab my flat ass . I moaned again for another lit ass grab of which I received , thokoza . I ran my hands to the back of his head as I pulled him in to me . I scratched his head with my artificial nails and he groaned whilst grinding on me . He pulled out and we breathed out heavily , he kissed my neck softly and I moaned just as much . He breathed on my ear and that did something in between my legs . I held him , feeling like we ain't close enough . He sat down on my office chair and we kissed as I rocked my waist up and down , side to side as he groaned . I pulled out and we hugged .

I loved this moment , I love being in his arms . He is warm , I kept quiet as his fingers were feeling my braided hair .

Bayede : Akhanyile ?

Me : Mhh ?

Bayede : Umhle uyeva ?

-You are beautiful , do your hear ?

I blushed and just nodded , I need to soak in this moment because it won't last forever . He is just like the network- comes and goes . I held his dreadlocks and he shivered before shaking his head . I retracted my hand .

Bayede : Sundibamba

-Don't touch me

He slightly pushes me off him and stood up .

Me : What do you want from me Bayede ?

Bayede : I don't like being touched by people with-

He bit his lip and gave me an apologetic look . I gasped and stood up breathing fire , I will chop off his dreadlocks one by one if he dares me .

Me : Uthini ?

-What did you say ?

Bayede : I should leave

Me : You're damn right , leave!

Bayede : I am sorry

He kissed my forehead and he should thank his ancestors that I did not give him a hot slap across his perfect face nxx! There's nothing wrong with me . He went out and I stood there not knowing what to do with my angry self .

.

.

.

.

I edited the final report for the day and closed my laptop and that is when the door opened and there he is- looking very much disturbed . His shirt isn't fully buttoned up , his eyes are red and his dreadlocks are hanging loosely .

Me : What happened ?

He looks like he was in a fight with his ancestors , I am sure they are also fed up of him always pushing me away . I love them already . He sat down at my sleeping couch and scratched his head roughly like a mad person- that he is .

Bayede : I was sent to you

I sat down and waited patiently for him to speak fully . He heaved a sigh and stared at me .

Bayede : You owe her this

Me : Who ?

I heard about how sangoma's speak in riddles , this is the first time it happened to me . I owe no one , I

pay my debts and all of that so I don't understand him .

Bayede : I have to go , just think of the past

He stormed out before I can question him any further , it is confirmed that he is indeed crazy . The past ? what past ? , I won't waste my time going through my past , when will I focus on what is currently going on if my mind is occupied with things that happened 1000 years ago . The past should stay in the past , his ancestors should do the same and leave me the hell alone . I breathed heavily as my heart sank . I drove home whilst sniffing and wiping my tears , I need my bed .

Kae : Hey , why are you crying ?

Me : Am I a bad person ?

Kae : What ? no

I exhaled and nodded as i threw my things on the sofa and drank Kae's glass of wine .

Me : You can never run away from the past , can you ?

I chuckled bitterly and poured more wine , I need to

temporary block these thoughts .

Me : People enter our lives and break down every wall we built around ourselves ... I hate him Kae

I shook my head as tears streamed down and gulped down the bittersweet wine . I need to sleep .

Me : Goodnight , I love you

Kae : I love you more

We walked upstairs and she cuddled me to sleep , I know she has questions but I am mentally not ready for them . I exhaled before sleeping .

I quietly sat down in the kitchen just after taking a shower , in my warm gown . I am having a day off today , I should be out there shopping , sending money home , doing my hair and everything that relaxes me ... but here I am in a gloomy mood , looking like a frozen chicken because of him . I stood up after deciding that I will visit him and tell him and the underground gang what I think is best - them leaving me the hell alone . I need some motivation before doing this , of which is wine .

.

.

.

.

I knock two times before the door opens and wow- did he have to be this sexy ?! like right now ? . I

stumbled in , burped and sneezed , my weave probably looked like itshoba . He stared at me intensely , hyperventilating- like me after I've opened my grandfather's old car door . That car! it can make you breath like you've ran a 300 metres , that's healerbae's breathing pattern right now . He looks cute with the rising and falling chest and clenched jaws . He bit his lip , maybe collecting his thoughts before shaking his head and banging the door close .

Bayede : Unxilile ?

-Are you drunk ?

Me : Not drunk drunk like seriously drunk , like the 'I don't make sense' kind of drunk ... but yes I am a little bit tipsy

I chuckled and waved my hand in the air , he frowned and tied his dreadlocks on a low bun .

Me : Burn the incense

Bayede : Why should I ?

Me : I need to talk with them- who are supposed to be dead

He arched his eyebrows before chuckling deeply , oh did I just insult him ? . He will just have to live with it ... if you get the pun . He exhaled .

Bayede : Give me the accounting equation

Me : I am not drunk . $Assets = Owner's Equity + Liabilities$

He nodded and walked right in front of me to the lounge , he has really nice walks . I wished to spank his firm butt .

Bayede : Stop

He laughed and shook his head . I giggled shyly before following him and we sat down on the sofa in complete silence .

Me : It was a long time ago ...

I sighed and he was already captivated , listening attentively as if I am his favourite show- if he has one , or his favourite vision from the ancestors ... yeah that's better . I chuckled before looking at the ceiling .

Me : He was my first love , first boyfriend . My virgin

breaker , may his soul continue to rest in paradise . I had dreams to follow , goals to achieve & missing my periods was not one of them . I knew exactly what it meant so I bought abortion pills ... I started having doubts so I slept . I woke up a tad later and blood was on the sheets so I screamed for help , my parents took me to the hospital . I was a mess , we arrived and the doctors confirmed that I miscarried . My mom hid the pills , she thought I did it but no . Our relationship began to get rocky because she thought I was acting .

I wiped my tears and took a deep breath , trying so hard to block out the memories . He looked away , he has emotions ? that's a first .

Bayede : Did you cleanse ? not that you're dirty but ...

I giggled at how nervous he was . I smiled sadly and shook my head .

Me : No I didn't

He nodded and stared at me without blinking .

Bayede : Name her

Me : She was a girl ?

He nodded and I smiled as tears streamed down , it's not regret ... it's jus- .

Me : Her dad was Likuwe , she is Nikiwe

He smiled and pulled me closer to him , in a warm side hug .

Bayede : You need to be cleansed , Nikiwe needs to crossover so she can meet her ancestors

Me : My parents are religious

Bayede : I don't care about them ... you need this

He kissed my forehead and brushed my weave .

Bayede : You're beautiful

I smiled widely and consciously looked up to meet his gaze , he pecked my lips as we stared at each other . I pecked his lips too and pressed my lips in his , his dreadlocks hang loosely . He breathed on my face and I closed my eyes , taking in this scene . I wrapped my arms around his neck and he stood up with me , his hands on my ass and my legs around his waist . He pulled my lower lip and sucked on it

tenderly , I released a moan before following his lead and kissing him back . He walked until we reached the bedroom I woke up in last time I was here and swore that I will never come back here again but tadaa! , here I am smooching this tall man . The curtains blew sideways , proly rejoicing me gracing this room with my presence . I am flattered . I was against the door and moaning my lungs and heart out even for the ancestors to hear . I held his neck and pulled him to me , I need him . He grabbed my ass and slid in his hand in between my thighs and rubbed on my WAP bitch! . I gasped and closed my eyes at the pleasure , he kissed my neck and bit my earlobe before breathing on my ear and a moan escaped my mouth . He groaned and I felt him staring at me so I flipped my eyes open and he smiled , I giggled at how weird and random that is . The giggle ended as a moan because of what he was doing on my not shaved WAP .

Bayede : It is bushy

His voice was deep , eyes red ... he is desperate for something and I am very much pleased to help him ,

thokoza . He is in love with how it is not shaved ?
LOL .

Bayede : I love it

I love you too healerbae , I love what you are doing to me .

Me : Why ? did you initiate at the bush ?

He looked at me weirdly like he is holding in laughter , what ? I'm just asking . It's not my fault that him and his crew find this funny .

Bayede : Yes , Ehlathini ndafumana mna , Ehlathini uyaxola umoya wam

-In the bush I found me , in the bush my soul is at peace

I blushed , I prolly look like a rotten tomato . He chuckled as I hid my face in his neck ... did he just imply my scruffy coochie- looking like the guy's head whom stands by the somalian shops- is his source of being ? Lord! When you made this gender ... you made sure . He caressed my chin before claiming my lips .

I breathed heavily as he held my face like it is a treasure . He was on top , grinding on me slowly , losing control of his own self ... I love the vulnerability in his eyes . I wrapped my legs around his waist and kissed him . We kissed as his hands were caressing my body , he unbuttoned my shirt exposing my lacy black bra . He groaned and licked his lower lip- God of Abrahams! this man is sexy . I traced my fingertips on his muscular self . His body isn't athletic but generic , I am insanely in love with it .

Bayede : Akhanyile

His voice- I am unable to can- made me close my eyes and place my hands on his chest .

Me : Baye ?

I flipped my eyes open and watched him react to his new nickname , made by yours truly . He looked

deep into my eyes , searching my soul , stripping off everything underneath . His eyes fall to my boobs , burning my skin with his intense gaze and touch- he is rubbing my thighs with his hands . I felt hot inside , I've never been looked like this- intensively , passionately , desperately and so sincere . He kissed my neck , his hot breath sending shivers down my spine as his hands slowly uncapped my bra . He removed it completely and massaged my perky boobs . I moaned and he moved his waist , dry humping me . I dug my nails on his back , subconsciously arching my back . He pinched my nipple and squeezed it , which made me release a high pitch moan- I was almost Beyoncé there . I did not know where to touch as his other hand was between my thighs , rubbing and drawing circles on my sensitive clit . My mouth formed an 'O' as he slid in his finger inside . He stared in my eyes for consent and I just pulled him to my neck , hugging him as he finger fucked me nicely . He was tapping on my clit with his thumb , massaging it in a circular way as his two fingers went in and out of me . He kissed me from my neck to my face and licked my lips as my

eyes watered . He smirked .

Bayede : Should I stop ?

If you want to meet- I mean permanently stay with your ancestors then yes please . I held his neck and a moan escaped my mouth . His warm mouth was on my boobs , I moaned like crazy . He sucked on it , bite with his teeth and kiss it .

Bayede : Mhh

He moaned , gosh I love it! . I slowly tried to pull down his sweatpants , I need the real guy . He froze and looked at me , I stopped and held my breath .

Bayede : We can't

.
. .
. .
. .

I was angry at him being so ancestral , where is he from ? the 90's ? . He was laughing at how frustrated I was .

Bayede : We can't be intimate , you have to get cleansed first

He shrugged and ate his sandwich , how I wish to be sandwiched right now ... if that even make sense .

Me : Take me home

Bayede : It's still early

I looked up at this tall figure , he smiled and he looked ridiculous with the peanut butter spread on his chin . I laughed so hard that I ended up farting . He frowned and I wasn't about to be ashamed of gas , his herbal plants need this carbon dioxide so they can grow anyway ... he should thank me . I waited for him to say something and he just sat there all frozen like a chicken .

Me : It doesn't even smell that bad

Like that plant at the corner , gosh it smells horrible . I puke , die and faint before I can inhale in here ... I am kidding but my fart still smells better than his herbs .

Bayede : You need to clean your stomach

Me : Take me home

Bayede : Stay

I held my breath and met his gaze , he nodded and gave me pleading eyes .

Me : I- I- ...

Bayede : Please

He stood up and took calculated steps before standing in front of me as I was on top of the kitchen counter . His warm hands landed on my thighs and he didn't even shift his eyes away from me , he loves to stare which is awkwardly charming . My breathing hitched .

Me: I can't

I have to go back to work tomorrow . I felt his lips on mine and the stare did not allow me to close my eyes ... there's something about him that I can't put my finger around . We kissed passionately , staring in each other's eyes . They are glowing brown , very deep . I pulled out since I was out of breath and he rubbed his forehead on mine , breathing heavily on

each other's face .

Bayede : Ndicela u'awte

-Please sleep over

He gave me his charming closed mouth smile , it isn't wide but it managed to make me blush . I giggled and smiled before nodding .

Bayede : Mhh ? Uthini ?

-What are you saying ?

Me : Ndizoku awtela

-I will sleep over

He smiled widely and we both laughed before smooching each other .

We just ate fast food , I am very much lazy to cook and he is too . The least I could do is to wash the dishes used .

Bayede : I could get used to this

He wrapped his arms around my waist from behind and I laughed with my heart doing the dab! .

Me : I am my own woman

Bayede : Not for long

My heart stopped for a second there , I am about to drop dead . I cleared my throat a couple of times before turning around to face his handsome self . He isn't smiling! , I batted my eyelashes in shock , acting like I ain't like it but deep down I'm chanting my clan names .

Me : What if I reject you ?

He tightened his hold on my waist and stared at me-
he loves doing this . He raised his eyebrow at me .

Bayede : You won't

Me : Confident huh ?

I cocked my own eyebrow up and he chuckled lowly
before I felt his hands gripping my buttcheecks . I
gasped as he pressed his tall structure on me .

Bayede : No baby , it's not even confidence ... it's
evident

What?! Yes I do want all of his hot self but is it that
obvious ? . I opened my mouth to fire back but my
mind wasn't cooperating , such a traitor! . I inhaled
his scent and shook my head as he gave me a small
smile , placed a light kiss on my lips and took an
apple before walking out . Peww! Finally I can
breathe and think properly . I need water .

.

.

.

.

I searched for him all over the house , screaming his name- no , not that way!- but I'm exercising my vocals for when the moment represents itself . I exited the house to the backyard , wow such a beautiful landscape . I took off the sleepers and walked barefoot on the wet grass . I looked up and saw a hut , he must be there . I knocked twice before he ordered me to come inside . I left my shoes at the doorstep and then walked inside after locking the door . I sneezed twice and he just sat there frowning , just because his nostrils are very much used to the smell of his own herbs doesn't mean I am acting in fact , yeezus! .

Bayede : Uphume apha

-Leave this place

I rolled my eyes and he chuckled at how I am not intimidated . I sat down and watched him as he lit on the different colours of candles and burning impepho .

Bayede : Iza apha

-Come here

Me : Me?

Bayede : I am a seer not a lunatic

Me : Sorry

I stood up shocked and sat in front of him . He stared at me , making me uncomfortable . He sniffed on a herb and sneezed thrice and made me inhale the smoke of impepho , I did with tears streaming down and coughed .

Bayede : Who are you ?

I am the girl I think I am , your soon to be girlfriend , your future wife .

Me : Akhanyile Mthethwa

Bayede : Yeey! Ngubani igama lakho ? Walinikwa ngu Makhulu wakho

-What is your name ? It was given to you by your grandmother

Me : Uhm ... Lomtha

I darted my eyes around the place , I am very uncomfortable . I watched him clench his jaws .

Bayede : Sisi Ngubani igama lakho ?

-Sister , what is your name ?

Me : Lomthandazo

I cried so hard- don't ask me why- and he just stared at me , motionless . He should be bombarding me with hugs , didn't he study psychology ? or whatever . When a person is crying , a decent person- rolls my eyes at him- gives you a tissue .

Bayede : Kutheni ungavumi ?

-Why aren't you accepting ?

Me : It doesn't fit in my calibre

He laughed so hard , did I perhaps say something funny ? Or his ancestors are sharing jokes that I obviously can't hear .

Bayede : Tsheesa calibre , izinto zizoguquka ...
buyela embo

-You go calibre , things will change ... go back to your roots

I looked at him and he stared back before shaking

his head with a sad face , is it pity ? . I swallowed and decided to keep my mouth shut .

Bayede : What did I say the first time we met ?

Me : That I should always be on time

He smiled and nodded before sniffing the green snuff , and sneezed .

Bayede : Xa ndithetha , mamela

-When I speak , Listen

I placed the pillows nicely and was about to get inside the covers when this tall rude and yummy fool entered .

Bayede : Why am I being ignored ?

Me : You were rude back there

Bayede : In the consultation room ? I am sorry

I rolled my eyes and he chuckled before extending his arm , giving me his warm hands .

Bayede : Iza apha

-Come here

I looked up and he isn't wearing a shirt , I love the view . I swallowed and cleared my throat , when God created this man he made sure . I placed my hand on his and he pulled me to him . I was sitting on top of him with his hands wrapped around my body , he

feels warm . I traced my hands on his generic body . I loved the hardness of his chest , he brushed my weave and kissed my forehead , making me blush .

Bayede : I will work on my tone okay ?

I nodded and he kissed the top of my head , I kissed his chest and hugged him . It was silent-comfortable silence- , we were both in peace right in each other's arms .

Bayede : Uxolo va ?

-I'm sorry , do you hear ?

I felt tingles down there , Xhosa men . I looked up to his eyes and he smiled , it was contagious hence I smiled too . He caressed my chin , looked deep into my eyes and his eyes trailed down to my lips . I felt hot , he bit his lip seductively and HOLY JESUS! , that is the sexiest lip bite I've ever witnessed . I clenched my thighs and that caught his attention , his eyes were burning my bare thighs with their gaze .

Bayede : Hee ndizokutya wena

-I will fuck you

I froze and batted my eyelashes in shock , my heart was pounding . Did this man just confess that he will fuck me ? Lord! I need to be cleansed by tomorrow . He caressed my chin , I was shy . He chuckled and made me look at him before indulging my lips . I kissed him back , with my hand on his face- pulling him closer . He moaned and I swear I saw Jesus for the first time , such a heavenly sound . His other hand was massaging my thighs , making me moan too . He flipped me , now he was on top and took off the shirt I was wearing , exposing my body with only an underwear on . He smiled and released the towel around his waist and my throat was dry as I was gasping . His dick , wow . He chuckled and rubbed it against my thong . I moaned as he was toying with my boobs whilst his face was buried on my neck- he is losing control . There was a knock , actually a person was banging the door . I froze and he cursed .

Bayede : I am sorry , almost lost it there

He collapsed on top of me and groaned . He stared at me with his darkish and sexy eyes , he smiled and pecked my lips before wearing his clothes and

attending the door .

.

.

.

.

I sat there like a chicken waiting to be spiced . It is confirmed , I am sexually frustrated . I clenched my thighs smiled as I thought of how sexy he was- losing control and all of that . I buttoned the shirt and wiped my self in the bathroom using a warm towel and then washed it . I felt the door open , I watched him from the mirror and he is angry , well judging from his dark eyes , fuming nose and the rising and falling of his chest , oh and the clenched jaws .

Me : Who was that ?

Bayede : Some fool with no degree

I chuckled at how angry he was . I rinsed the towel and dried it before hanging it on the rails . He was just standing there , clicking his tongue .

Me : Why are you so angry ?

Bayede : Simphiwe is just plain stupid ,
ndizakuyibetha lantwana

-I will beat that boy

Me : Who is he and what did he do ?

Bayede : Ngu mninawa wam , he fucked a notorious
gangster's wife

-It's my little brother

My mouth hung open like it is about to suck this
angry mister's dick . I laughed and he frowned .

Bayede : What's funny ?

Me : No , why are you angry ?

Bayede : That guy and his goons are searching for
him and he thought Bayede's place is perfect for
hiding , this boy is endangering your life

Me : Huh ?

Bayede : Uzophinda u'awte kaloku

-You will sleepover again

I giggled at how cute he sounded and that made him frown . He is worried about my safety ? ncaaw so cute .

Me : You care about me ?

Bayede : No , I dont

He opened the bathroom door and exited , I laughed at him .

Me : You do!

I followed him and watched him roll his eyes as he sat down on floor .

Bayede : That fool with no degree will be staying here for a while just so I can sort this mess he made

I laughed and nodded as I sat besides him , he seems low-key happy with his brother's presence but he is hiding it . He pulled me to him in a side hug and I smiled .

I woke up in the early hours of the day , it was hard to entangle myself from his warm embrace but I had to . Mr Mtyholi would be up on my neck , not knowing I am securing a bag for him & his company , joking . I wore my clothes and went downstairs for a coffee and sandwich . I held the sandwich about to devour it .

" Please make some for me "

I screamed and dropped the sandwich in shock . Bayede came down running and exhaled in relief .

Bayede : Umothusa njani umntu one degree
Simpfiwe ?

-How can you frighten a person with a degree
Simpfiwe ?

Simpfiwe rolled his eyes , he is wearing all black , very neat and clean . There's a dark aura around him ,

he screams danger . He is a bad boy . I laughed .

Simphiwe : Hey , Ndingu Simphiwe ... ubizwa ngabani wena Nzwakazi ?

-I am Simphiwe ... What are you called by beautiful lady ?

I smiled genuinely , they are both very charming . I glanced at Bayede and he was smiling proudly at how well mannered his young brother is .

Me : Akhanyile Mthethwa

Simphiwe : Ndiyavuya ukwazi

-I'm a pleased to meet you

Me : Kuthokoza mna

-Likewise

Bayede : Tsi!

He grabbed my ass and I gasped before staring at him . He smiled and I did too , he kissed my neck and I giggled .

.

.
. .

Me : I have to go

Bayede : Ima ndiyeza , please do check the financial records

-Wait , I'm coming

I nodded and he ran upstairs , Simphiwe was eating my sandwich quietly . I giggled and just drank my coffee .

Simphiwe : Are you in finance ?

Me : I am an Accountant

He froze and stared at me before chewing , he smiled like an idea came to his mind .

Simphiwe : You handle Lemihla Con.'s finances right ?

Me : I believe so

Simphiwe : What did you notice ?

Me : I can't disclose such confidential information

Simphiwe : You know how to keep a secret

Me : Something like that

Simphiwe : Can I tell you what I think ?

Me : Waiting

He chewed and swallowed before drinking my coffee .

Simphiwe : You saw that the money flowing in is too much , it didn't balance so what did you do ?

Me : I- I- ...

He smiled and shook his head , his hand raised up indicating that I should shut up .

Simphiwe : You altered it didn't you ? You made it all balance , dividing the surplus on different columns so even if the company was investigated , the records would correspond .

I felt sweat on my forehead , this fucker is smart! . Bayede was listening attentively , standing at the stairs .

Me : I did what anyone would do

Simphiwe : No , you did what any criminal would do

Me : I am not a criminal

Simphiwe : You committed a crime

I swallowed and took my coffee from him and drank it .

Me : Your point is ?

Simphiwe : You're smart and I like you

Bayede : Simphiwe , you won't involve her in your shady dealings

Simphiwe : Don't hate on a hustler and she is already involved anyways

Bayede : Ndithe hayi

-I said no

Simphiwe : She will be a great asset and-

Bayede was fuming . He took a few calculated steps , held him by his black t-shirt and backed him on a corner , squeezing his neck . I gasped , these shady dealings of Simphiwe really tick him off . I've never seen such , he is so sexy when angry .

Bayede : Ndizokuqhekeza uzazi ba ungu Simmy
apha kum , uyandiva kwedini ?

-I will fuck you up till you know that to me you are
Simmy , do you hear me boy ?

Simphiwe : Ewe Mkhuluwa

-Yes big brother

He released him and Simphiwe stumbled back
coughing , Bayede gave him water and then pulled
me by my hand to his car before driving me home . It
was silent all the way , I arrived and hugged him
before he left . That was intense , oh and sexy .

I told Kae everything that happened , she was more intrigued by Simphiwe .

Kae : Is he like really young ?

Me : Yes Kae

I rolled my eyes and applied make up . Kae was styling my weave .

Kae : You could use this to your own advantage

Me : How ?

Kae : They trust you right now , act like you will hand over their account if Simphiwe doesn't leave you alone

Me : How is that beneficial ?

Kae : Awundiva ? They trust you

-Don't you hear me ?

Me : They will beg me not to ... then ?

Kae : You ask for 15% of the profit they make

Me : 15% ?! Are you mad ?

Kae : No , I'm smart ... keep up

I swore at her and she laughed . I won't manipulate Bayede , that's wrong on so many levels . I told her to shut up and do my hair , I am not a fraudster! .

Kae : You look beautiful boo

Me : Ndiyacacisa ba bendilele esfubeni ?

-Am I making it clear that I slept on top of a chest ?

Kae : Tsi!

I giggled as she laughed . I kissed her cheek and drove to my workplace , it is funny but I did miss getting stressed by numbers .

.

.

.

.

I was going through my emails when I felt a light but audible knock .

Me : Come in

A delivery man came in with a box . I stood up and met him halfway .

Me : Molo bhuti

-Hi brother

He nodded and passed me his cell phone , it was an ongoing call so I answered whilst suspiciously staring at him .

Me : Molo

-Hello

" Hey baby , yi phone yam leyo va ? Please take pictures and give it back ku Lulibo . I am having a stressful day , ndamva utata esithi ukubona umntu omhle kwenza yonke into ilunge "

-That is my phone . Please take pictures and give it back to Lulibo . I heard my dad saying that seeing a

beautiful person can make everything alright

I blushed so damn hard , I couldn't even stand properly . I exhaled before giggling , I am charmed . My heart was dancing and my cheeks felt hot . I smiled widely and nodded- forgetting that he can't see me .

Bayede : I have to go , uhlale umhle va ?

-Stay beautiful , you hear ?

Me : Bye

My voice was so low & bitchy . He chuckled and I smiled .

Bayede : Bye Bye

I gave Lulibo his phone & he said he will give me 15 minutes tops so I can pose for the pictures . I locked the door and took selfies and full body pics from the body length mirror in my office . I took off my black and short body hugging dress . I posed seductively at the mirror whilst wearing my white thong with a matching bra . I wore my dress and fixed myself before going through my pictures and they looked

great . A call came through so I answered .

Me : Baye's phone , hello ?

" Ndim baby , Lulibo has to return , are you done ? "

-It's me

Me : I will lock it , use my name to unlock it

Bayede : Okay , leave your numbers

I smiled and disconnected the call before locking it .

I thanked Lulibo before handing him back the phone .

I worked till it was time to go home and I was in a very happy mood . I cooked whilst listening to music . A text came through from Bayede asking me to go outside and I did .

Me : Hey charmer

He chuckled and asked for a kiss and I gave it to him

.

Bayede : Baby bendifuna ubuso bakho mna not uqiniswa umthondo

-Baby I wanted your face not an erection

He smiled at me , seductively . I blushed and looked

at the car gear , he is making me shy! .

Me : Uxolo Mthombo

-I am sorry Mtombo

I looked up to him and he bit his lip , suppressing the urge to smile .

Bayede : Ndizokuxela kwizinyanya , uyandi blush'isa kaloku

-I will tell my ancestors about you , you are making me blush

I giggled shyly as he gazed at me , he really loves staring at me . I felt his hand on my face before feeling his lips on mine , we kissed slowly and passionately . I felt butterflies in my tummy .

Bayede : Can I take you out ?

Me : I will see

He chuckled at how I was playing hard to get . He nodded and kissed my forehead .

Me : I have to go , bye bye

He kissed me again and I pulled out . I pecked his

lips and opened the door .

Bayede : Saturday at 7pm

I giggled and nodded before running back to my house . He was watching me , standing outside of his car . I waved my hand and he smiled as I went inside and watched him from the window , standing there with his legs crossed and dreadlocks hanging loosely over his shoulders . He is insanely handsome

I dished for Kae and I . A knock came through so Kae stood up to attend the door .

Me : Who is it ?

Kae : Uhm... it's

" Simphiwe "

I quickly tied my robe and went to the door , they were staring at each other . I closed the door and asked him to follow me .

Me : Is anything wrong ?

Simphiwe : No , I need your expertise

Me : What do you mean ?

Simphiwe : I want to buy in your company

I coughed twice and looked at him shocked , he sat down and nodded . I looked at Kae and she was just

day dreaming about him .

Me : Why ?

Simphiwe : Money laundering

My eyes popped out and he just sat there , like he didn't just utter something that can get him a criminal record- if he already doesn't have any .

Me : Why would I allow that ?

Simphiwe : Because I say so

Me : I won't do that

Simphiwe : You will

He smiled and winked at Kae before standing up . I looked at him unbelievably and he wasn't even bothered . I would curse at the womb that carried him but it was kind enough to bore me a soon to be boyfriend so no . He kissed Kae's knuckles whilst staring at her eyes , she is pink right now . I huffed and ran upstairs to make a phone call .

Bayede : Baby-

Me : Tell your brother that I would die and faint

before I can give him my company on a silver platter!

He cursed under his breath and breathed out heavily .

Bayede : Okay baby , unxibe ntoni ?

-What are you wearing ?

I felt hot and my mind even forgot that I had to shout and scream how I am not running a syndicate or whatever for his family to clean their cash . I had to stare in the mirror so I can see what I am wearing , my mind isn't functioning- he caught me off guard! .

Me : My sleeping gown

Bayede : Awubaweli unxiba eyam ?

-Don't you wish to wear mine ?

Me : I won't sleepover Baye , I am not your girlfriend

He laughed and I flushed , why am I shy all of a sudden ? This tall man! .

Bayede : Ndicela ubeyintombi yam ?

-Can you please be my girlfriend ?

I gasped and giggled , I can't believe he just said that

. He is so flirty and charming .

Me : What ? You can't say that over the phone

Bayede : Okay

He disconnected the call and I frowned , I am no longer angry but concerned . I even lost appetite so I sat down on the bed .

.
. .
. .
. .

I must have fallen asleep because I was woken up by my ringing phone .

Me : Hey

Bayede : Please come outside

I sat up and yawned before telling him that I am coming . I washed my face and brushed my teeth before walking out and Kae was not here . I stretched my body and walked out after locking the door . I walked to his car and he met me halfway . He

was wearing a black hoodie that covered his face and black pants with sneakers , he is hot .

Me : Hey

Bayede : Can I have a hug ?

I was worried at how emotional he sounded . I hugged his large self and he held me tight . He picked me up and placed me on the driver's seat and he jogged to the passenger's seat . He turned the lights on and locked the car . He turned on the heater before taking the hoodie off his face . I gasped at the sight , his upper lip had a little cut and his nose had a plaster . I held his face .

Me : Bayede! Kwenzeke ntoni ?

-What happened ?

Bayede : Andithandiukulwa nomninawa wam

-I don't like fighting with my little brother

His voice was shaky . I pulled his face to my chest as he sniffed , he is very emotional . I brushed his back and played with his dreadlocks , kissing the top of his head .

Bayede : Ayimameli la ntwana Akhanyile

-That boy doesn't listen Akhanyile

He is stressed , it is evident . I pecked his lips and gave him a warm hug . I don't know what to say or do .

Bayede : Ndicela uhambe nam ?

-Please come with me ?

I nodded and sent Kae a text before driving to his house . We arrived and there were cars parked , he told me not to panic and held my hand- his knuckles were bruised so I held his elbow just so I don't hurt him . We walked in and he locked .

" Undibethela umntwana ngoku Bayede ? "

-You're are beating my child for me now Bayede ?

His body siffened as we met a short beautiful woman , they looked alike but not exactly . They had resemblances .

Bayede : Mama khayeke

-Mom please leave it

I froze , did I just meet his mother wearing a gown ?
How embarrassing is this ? God! . I hope she won't
judge me , his son went down on his knees , crying
and begging me to come with him- well not exactly
but whatever! .

I held on tightly on his arms as his mother's eyes averted to me . He chuckled and stared at me .

" Hey , ndingu mama ka Bayede uNolwazi . Ngubani usisi lo Baye ? "

-I am Bayede's mother , Nolwazi . Who is she Baye ?

Bayede : Yi crush yam le mama

-This is my crush mom

I blushed and looked up at him , he smirked .

Nolwazi giggled whilst rolling her eyes .

Me : Hayi Bayede , ndingu Akhanyile mna Ma

-No Bayede , I am Akhanyile Ma

Nolwazi : Oh nguwe lo ulwisa oonyana bam ?

-Oh you are the one turning my children against each other ?

I coughed twice and decided to keep quiet . I did not put them on a ring and said they should fight! .

Bayede : Mama Ndiyakucela , yi crush yam le ...
thread carefully

-Mom please , this is my crush

I blushed , I can't deal with such charm . I caught his mother smiling before she giggled .

Nolwazi : Uxolo crush ka nyana wam

-I am sorry my son's crush

I giggled shyly and nodded . A tall man looking exactly like Bayede came through .

Nolwazi : Nkululeko nantsi crush ka Bayede

-Nkululeko here is Bayede's crush

Nkululeko smiled proudly and hugged Bayede . He kissed my hand , chilvary lives here .

Nkululeko : Uvasa ngeliphi iyeza nyana ?

-Which herbs do you wash with son ?

Bayede : Tata xa ucharm'a , you make sure

-Dad when you charm , you make sure

He said those words whilst staring at me , my cheeks will be sore from all of this blushing . I felt hot like the air in here wasn't enough .

Nkululeko : Okay Ngconde

He wiped his eyes , his wife pulled me aside . We ran up the stairs .

Nolwazi : Let's give them space

I nodded as we sat down at the guestroom and she smiled , holding my hand .

Nolwazi : Kuzobanzima uthandana noBayede but always follow your heart

-It will be hard being in love with Bayede

I guess she was talking about him being spiritual . I smiled to assure her that I'm here for the long haul .

.

.

.

.

Nolwazi : We have to go now , Bayede keep your brother safe

Nkululeko : Simphiwe learn to listen , ukhuliswe ngu Bayede

-you were raised by Bayede

The mood instantly became gloomy , Simphiwe hugged his brother and that made us smile . We hugged and they drove out , Simphiwe apologised and went to sleep .

Bayede : Uxolo sisi , ubusithini emnxebeni ?

-Sorry sister , what were you saying over the phone ?

He held my waist and my ass was pressed against the counter . He stared in my eyes , he is so sexy with the cuts on his face . I blushed .

Bayede : Mhh ?

My body reacted to that . I held my breath and closed my eyes , he pecked my lips and that made me flip my eyes open .

Me : I said I won't sleepover , I am not your girlfriend

Bayede : And what did I say ?

Me : Undicelile ndibeyi ntombi yakho

-You asked me to be your girlfriend

Bayede : Your reply ?

Me : You can't say that over the phone Bayede

Bayede : Okay , iza apha

-Come here

He placed a wet kiss on my lips and pulled me outside to his garden . He went down on his knees and picked a sunflower . He stood up and turned to meet an already blushing Akhanyile . He chuckled and played with the flower .

Bayede : Uxolo Ntombentle ngokuphazamisa , bendicela uthetha nawe

-Sorry beautiful lady for disturbing you , can I please speak with you ?

I smiled inwardly and played with my fingers shyly , he is so charming .

Me : Andingxamanga

-I am not in a hurry

He smiled and looked down at the flower on his hand .

Bayede : Ndiyithandela wena le mbali , ndisacela uyithathe

-I love this flower for you , please take it

I giggled and gave him my hand , he placed the flower and we walked to the back .

Bayede : Mna ke sisi ndihamba nabantu basekhaya abaleli ukuthula , bandithumele kuwe

-I walk with my ancestors my sister , they sent me to you

Me : Why ?

Bayede : Bathi nguwe endizokwakha naye ikhaya , INTLIZIYO yam iyavuma . ndicela ubeyintombi yam ?

-They say you're the one I will build a home with , my heart agrees . Can you please be my girlfriend ?

I blushed and looked away , playing with the flower .

He giggled and I loved the sound . I felt his hand caressing my chin , making me look at his direction . I smiled as we gazed at each other .

Bayede : Vuma Ntokazi , sive isicelo sam

-Agree my lady , hear my request out

I blushed and cleared my throat twice . I have never been charmed like this . I looked down and looked up at him again .

Me : Why should I ?

Bayede : Ndiyakuthanda

-I love you

I was shocked and flattered . I looked at him and he nodded with a smile .

Bayede : Ndiyakuthanda Ntombentle

-I love you beautiful lady

Me : I- I love you too

I watched him expand his smile , he is cute . I giggled and smiled back , his arms were circled around my waist .

Bayede : Uyavuma ukuba yintombi yam ? huh wena sisi omhle ?

-Are you agreeing to being my girlfriend ? huh you beautiful lady ?

I blushed and nodded , of course I agree . I placed my hands on his chest and looked up at him .

Me : Ndiyavuma Ngconde , ndiyavuma mntobomvu

-I agree Ngconde , I agree mntobomvu

He blushed so hard and sexily bite his lip , I felt hot .
His other hand held my face .

Bayede : Enkosi va Tshawekazi ?

-Thank you , do you hear Tshawekazi ?

I giggled at how we were using our clan names . I
love him . He brought me closer to him using my
waist .

Bayede : Ndicela ukuncamisa intombi yam ?

-Can I please kiss my girlfriend ?

Me : Ndincamise soka lam

-Kiss me , my boyfriend

Bayede : Tsi!

I giggled and he licked his lips , I died- this man in
fact MY man is sexy . His eyes trailed off from my
eyes to my lips and back to my eyes , I was a
blushing mess . He placed a wet kiss and I held the
back of his head . He chuckled and indulge my lips , I

moaned as he kissed me slowly with his hands on my hips . We were smooching each other and I was dripping wet down there & his erection wasn't making things easy as he was pressing it against me . He picked me up and backed me against the wall , caging me in his arms . I pulled out and breathed out heavily and he did too and then smiled .

Bayede : Molo Sthandwa sam

-Hello my love

Me : Hey Baby

We both smiled at each other . I held his face and he chuckled .

Bayede : Ndiyakuthanda va ?

-I love you , you hear ?

Me : Ndiyakuthanda nam

-I love you too

He smiled widely and I laughed at him , he frowned and I pecked his lips earning a small smile from him .

Me : Put me down

Bayede : I wanna stay like this

I giggled and decided to let him be . He placed his head on my boobs and I hugged him . My man! .

.

.

.

.

I woke up to Bayede staring at me , I blushed and looked at the wall .

Me : Why are you staring at me ?

He chuckled and made me look at him with his thumb . We gazed at each other .

Bayede : Umhle uvuka wena Sthandwa sam , awuna xesha litheni ... uyayazi lonto ?

-You are beautiful even when you wake up My love , you don't have any other time that you aren't beautiful ... do you know that ?

I giggled and hid my blushing self on his hard and generic chest . He chuckled and made me lay on top

of him , his arms around me .

Me : Enkosi baby yhu!

-Thank you baby

I smiled at him and his hands gripped my ass tight , I moaned and hit his chest . He smirked and brushed my ass whilst looking at me with his dark eyes . I felt his erection and decided to sit on top of it . He moaned with his eyes closed .

Bayede : Baby mhh-mhh

I moved my waist a little and he was cursing under his breath with his hands squeezing my waist . I shifted and held his knees for balance and twerked on him .

Bayede : Impundu ezingaka Thixo!

-Such ass God!

I giggled and his briefs were stained with pre-cum . I turned around and smiled at his horny self .

Bayede : Sthandwa sam ndiyafa

-My love I am dying

Me : Cause of death ?

Bayede : Ziimpundu

-It's ass

I burst out laughing and shook my head , I never knew a healer was this fun to date . I smiled .

Bayede : Ndicela siye kokwenu , ndizothetha nabo ...

I can't deal with this

-Can we go to your home , I will speak with them ...

I burst out laughing , he wants me to be cleansed so he can fuck me- not a bad idea thou . I stood up still amused and his eyes were fixed on my behind . I decided to bounce my ass whilst walking and I heard him say " Yeses " before coming inside the bathroom . We had an arousing shower , ate with Simphiwe and then he drove me back to my house . We were standing outside , kissing each other and just conversing .

" Uvela phi Lomthandazo ? "

-Where are you coming from Lomthandazo ?

I tied my robe fast and turned to meet my mother .

What the hell is she doing here and at this time ?! . I
opened my mouth and closed it .

Me : Mama cela singene phakathi

-Mom can we please go inside

Mom : Ndingu mama wale ntombi uyilalise kwakho ,

-I am the mother of this girl you slept with in your
house , Nomtha

I flushed with embarrassment and Bayede was shy ,
I so wished to laugh at him right now .

Me : Mama ngu-

-Mom this-

Nomtha : Thula wena

-You shut up

I gasped and Bayede chuckled before stepping
forward and stood besides me , he grabbed my ass

and I threw daggers at him . Thank his ancestors that my mother did not see that

Bayede : Ndingu Bayede mna mzali , into ka Nolwazi ndingowakwa Mthombo

-I am Bayede , my mother is Nolwazi and I am a Mthombo

My mother smiled , Bayede can charm! . I stared at him , I will fuck this guy good ... doesn't he want a child ? I can give it to him .

Nomtha : Uyintoni ku mntwana wam ?

-What are you to my daughter ?

Bayede : Ndili soka lakhe , umntwana wakho yintombi yam

-I am her boyfriend , your child is my girlfriend

Nomtha : No! Come here

She pulled Bayede in a hug and I smiled . I love this! . I clapped my hands excitedly as my mom pulled out .

Nomtha : Awukwazi uhamba naye aye kwakho

-You can't go with her to your house

Bayede : SisNomtha yintombi yam le . Ndiyi ndoda mna ... bendisacela ungenzi ingathi ebengafuni

-SisNomtha this is my girlfriend . I am a man ... please let's not act like she didn't want to

Nomtha : Hay hamba apha!

-No , go!

We laughed . My mom was impressed with this man of mine . He held my hand and cleared his throat .

Bayede : Ndiyathwasa , ndiye ndaboniswa ... usisi lo umhle ebekhe waphuncukelwa sisisu ngoku ke kuye kwenziwe umcimbi ongatyi xesha ukuze ahlanjwe

-I am a seer , I had a vision ... this beautiful lady miscarried so a ritual has to be performed in order for her to be cleansed

Nomtha : I will speak with her father ... It was a pleasure meeting you

Bayede : Likewise

My mom told me to go and get ready for work . I will follow her inside just now but I want to properly say goodbye to this charmer .

Me : That was easy , thank you baby

He chuckled and grabbed my ass before kissing me .
I giggled and wrapped my arms around his neck and
we were smooching each other . I pulled out and
hugged his gigantic self , he held me tighter . He
burped twice and shook his head .

Bayede : I need to go

He looked rather disturbed and he held his head . I
circled my arms around his waist as he was
stumbling . He groaned loudly and I was terrified .

Bayede : Simphiwe!

Me : What about him ?

He stared at my eyes and softness fell on his face
but he is panicking . He asked for my phone and I
gave it to him . Simphiwe's phone rang unanswered
and that made him tremble .

Bayede : I told him to not go out until I come back

He gave me my phone and ran to the driver's seat .
He rolled the window down .

Bayede : Uyathandwa ndim uyeva ?

-You are loved by me , do you hear ?

I nodded frantically and kissed him . He waited until I got inside and the car sped off . That was interesting .

.

.

.

.

I was now at work but I am stressed . I have been calling Bayede for hours and he is not answering his damn phone . I was distracted and Julia noticed so she gave me coffee . I did not drink it but I thanked her , it's the thought that counts . I decided to call Simphiwe but it was a dead end too . I hope he is safe , Simphiwe is a wanted by GANGSTERS! . I prayed countless times and decided to fuck it and asked for a half day . I drove to his house and a lot of cars were packed . I began to be nervous but I went inside to be welcomed by awful and heart wrenching cries . Nolwazi looked at me with pity and cried . My heart was beating fast and sweat has crept on my

forehead . I held the wall for balance . I looked up the stairs and Simphiwe was limping , he is badly injured . He looked at me with pity and tears rolled down his bruised cheeks .

Simphiwe : I am sorry

Me : Uphi uBayede Simphiwe ?

-Where is Bayede Simphiwe ?

Simphiwe : Ndicela undixolele

-Please forgive me

Tears streamed down . My heart was- It hurts! . I held on to the wall and slide down to the floor and screamed in agony . Where is Bayede ?! . I wail as Simphiwe was apologising . I just want my man not his stupid apologies , NDIFUNA ISOKA LAM (I WANT MY BOYFRIEND) .

I woke up to an empty house . All I remember is Simphiwe giving me water and I felt drowsy , that fucker drugged me! . I groaned and did my hygienic process and wore Bayede's sweatpants with his black t-shirt . I took off my weave and brushed my cornrows . I went downstairs to make food .

Simphiwe : Hey

Me : Molo

-Hello

I did breakfast and he said he will be back . I nodded and ate . I washed the dishes and the door opened .

Me : Simphiwe ?!

No one answered so I wiped the dish quick before reaching for the utensils drawer and grabbed a knife .

" Woah easy! "

It was a manly voice . He held my arm and inappropriately held my waist- his dick was pressed on my ass for fucks sake! .

Me : Move

He obeyed and I turned to meet Nolwazi's photocopy and he looked shady . He smirked and took off his sunglasses- they look like he is about to ride a bike . Uncle Sipho's shades are better than this .

Me : Who are you ?

" Ndingu Bukhosi "

-I am Bukhosi

Me : Akhanyile

Bukhosi : Put the knife down , I don't bite

He teased and the scary scar across his face was potraying the opposite- he bites! . He chuckled and drank water .

Bukhosi : Bayede's girlfriend ?

Me : I believe so

His eyes trailed off from my face and down to my

body . I shifted uncomfortably and he smirked before raising his hand to my cheek but I pointed the knife at him . He laughed and raised his hands up in surrender . I am disgusted by his whole being . Simphiwe walked in , I sighed in relief and put the knife down .

Simphiwe : Bhuti ?

-Brother ?

Bukhosi : I am here to pick both of you so we can drive to the hospital

He said he was sent by the family to pick us up so we can visit Bayede at the hospital , my man was shot twice whilst defending this big headed fool- Simphiwe nxx! . I was silent all the way and Bukhosi was undressing me with his eyes on the rearview mirror since I was sitting at the back . I was very much uncomfortable .

.

.

.

.

We arrived at the hospital and we all went in . He was sleeping so peacefully , he could have been laying in the mortuary . Tears rolled down my cheeks , I have just found him ... it was supposed to be our first date today . I slowly walked to the bed he was sleeping in . I moved the dreadlocks from his pale face , even on deathbed he is still insanely beautiful . I smiled and sniffed .

Me : H- Hey soka lam

-My boyfriend

I opened my mouth to speak again but words failed me so I closed my mouth . I wiped my tears and placed a wet kiss on his lips as my tears fell on him . He needs to wake up .

Me : Simphiwe take me home

I turned to the door as I felt my heart break . I exhaled as Simphiwe followed me . We drove Nolwazi's car with him drowning in his own sorrow , apologising more than once . I need Kae to comfort me right now so we drove to my house and I thanked

him .

Kae : Are you alright ?

I shook my head as my lip trembled . She pulled me in a hug and I let it all out , I am relieved but it still hurts . I cried until my head ached and Kae gave me pills . I was woken up by an excited Kae and she told me to shower so I did and wore the tie dye dress she picked and sandals . She styled my other weave and we went downstairs to eat but I found Simphiwe . I eyed Kae and she blushed , I giggled and walked down the stairs .

Me : A suprise to see you here

Simphiwe : I am here to pick you up

Me : Undisaphi ?

-Where are you taking me to ?

Simphiwe : Somewhere

Me : If ndilahlekile , tell Bayede that I love him

-If I go missing ,

They both laughed before we walked out with

Simphiwe . He drove to the hospital whilst playing romantic songs . He left me in front of Bayede's ward and said goodbye . I went in and closed the door , I turned and the ward was decorated in red and black . There were roses and white candles . He side smiled as tears went out . I ran to him and squeezed his handsome self . He groaned and flinched so I apologised and he just smiled before gripping on my ass . I giggled .

Me : When did you wake up ? I thought-

Bayede : You'd get rid of me that easily ? hard luck

I laughed and hit his chest and he flinched . I quickly said sorry .

Bayede : Awusemhle fondini

-You're so beautiful bro

I rolled my eyes and blushed , he kissed my hand .

Bayede : I promised you a date so here it is

I smiled and thanked him with a kiss . He moved for me to sleep besides him . Simphiwe walked in with fruits and cake . I fed him and all he wanted were my

kisses .

Bayede : Wonwabile ntombi yam ?

-My girlfriend are you happy ?

I blushed and nodded . He smiled and wiped the corner of my lip .

Me : Ewe soka lam

-Yes my boyfriend

Bayede : Enkosi va ?

-Thank you , you hear ?

I giggled and nodded at how he is grateful that I am happy . He held my thigh .

Bayede : Ndicela uncamise indoda yakho

I blushed and gave him a tongue kiss . I love him! .

Me : I have to go

He sulked and looked away but his hands were still on my ass . He loves ass! . I giggled and adorably kissed him all over his face . He frowned before giving out a muffled giggle .

Bayede : Ndiyakuthanda Ntokazi , umamele phof ?

-I love you lady , are you listening ?

Me : Ndimamele Togu

-I am listening Togu

We both smiled before kissing . He gave me a tongue kiss and I held the back of his head , kissing him deeply . His hands squeezed my ass .

Bayede : Mhh

He made me sit on top of him and groaned . I

whispered sorry and he chuckled before smooching my lips . I gravitated my hips sideways and he groaned before trying to sit up . Someone cleared their throat and I froze but Bayede was chilled .

Bayede : I feel like I'm ready to be discharged

He said that whilst gazing at me . He circled his arms around my waist .

Bayede : Power yempundu

-Power of ass

He said that so low and charmingly . I blushed and hit his chest , I forget that he is injured .

Bayede : Simphiwe ?

Simphiwe : Mkhuluwa ?

-Big brother ?

Bayede : Niyahamba ?

-Are y'all going ?

Simphiwe : Ewe Bhuti , kuhlwile

-Yes Brother , it is late

He nodded and I stood up from the bed . He frowned and I kissed him .

Me : Bye bye soka lam

-My boyfriend

Bayede : Hamba va ? Ndishiye ... ndophule intliziyo , it's fine

-Go , you hear ? Leave me ... break my heart , it's fine

He is so cute when sulking . Simphiwe laughed at him because he is being a baby . I apologised for leaving and kissed him dozens of time . Finally , Simphiwe drove me home . I need to sleep but not after spilling the beans with Kae . She wanted to sleep with me so we wore our pyjamas and my cellphone rang .

Me : Hey you

Bayede : Ndim uBayede , I asked for your numbers ... ndiqonde mandithenge airtime ngemali yesonka just so I can talk to you

-It's me Bayede ... I thought I should buy airtime using the money for bread

I laughed at how random that is but decided to play along .

Me : Uzoty ntoni kengoku ?

-Then what are you going to it ?

Bayede : Wena fondini

-You bro

I giggled shyly and he chuckled .

Me : Ndizobethwa ngu Mama eke nje ndalala ne kwekwe

-My mom will beat me if I sleep with a boy

He laughed and I smiled .

Bayede : Sthandwa sam ?

-My love ?

Me : Bhuti ?

-Brother ?

Bayede : Ndiyi ndoda kaloku , mna ndizokutya va ?

-I am a man , I will fuck you , you hear ?

I clenched my thighs and Kae fanned herself , she was listening to the convo . I giggled , I was damn shy!

Me : Thokoza

He giggled and I blushed . We talked for a while till I felt sleepy so we slept .

.

.

.

.

Kae came with me to the hospital & his family was there . We greeted and Bayede smiled at me .

Bayede : Molo crush yam

-Hello my crush

I blushed and played with my fingers . They laughed .

Nkululeko : Noba izidlele ziyatshisa

-Your cheeks must be burning

Bayede : Sencinci lonto Tata , ndifuna umbasa lo sisi

-That's a minor Dad , I want to ignite this lady

He was staring at me , like no one in the room matters . God , I thank you . I went to his side and he held my hand .

Bukhosi : Liqanda lo . Uyamtefisa

-This one is an egg . You are spoiling her

Bayede : So unengxaki na lonto wena Bhuti ?

-You have a problem with that brother ?

Bukhosi chuckled and shook his head whilst Bayede stared at him . The room fell silent , there was tension .

Me : Uhm...

Bayede : Unganyatheli endlini yam ndingekho , umamele ?

-Don't set foot in my house when I'm not there , are you listening ?

His gaze was fixed on his big brother . That was rude of Bayede although Bukhosi was a pervet .

Me : Baby hayi

-No

Bukhosi licked his lips and smiled at me before nodding . He irks me! . Bayede said he was sleepy and we should leave him . He was so rude & he kept on staring at his big brother as if he knows what he did to me .

The following day , Bayede said he didn't want to be visited at all but I should bring him clothes . He is demanding and it is rude . I was in a foul mood all day at work . Mr Mtyholi was happy with my work , I tend to work extremely hard when I am angry . I asked Julia for coffee and she brought it with a side , of which is a vanilla cake ... she is such an angel . I finished my work very early so I checked the Lemihla Con. bank account , the money balanced . I checked my company and everything was good , I checked my emails and we will receive our trading inventory sometime this week . I was bored so I shopped online and then asked for a half day before driving to Bayede's house .

.

.

.

.

I picked out some of his clothes and packed them on his black sport bag . I added food & his toiletries . I was about to lock when Bukhosi appeared and I can't exactly ask him what he is doing here .

Me : I was going to lock

Bukhosi : You're sexy

I swallowed , that is an inappropriate way to compliment a girl especially your brother's girlfriend! . I took a step back and he got in before slamming the door shut .

Me : Enkosi but I need to go

-Thank you

He smirked at how intimidated I was by him . I was sweating and my chest was rising and falling because of fear . My heart was beating fast as he took a step forward and thank you Lord!- my cellphone rang . I quickly took it out and it was Bayede , Bukhosi ran out . I was shaking and Bayede

called again so I subconsciously answered .

Bayede : Baby kutheni ungacholi iphone ? I feel like something bad will happen to you

-Baby why aren't you answering your phone ?

Me : Bukhosi

I said before dropping the bag and cried . His breathing pattern changed , he is sure as hell angry . Bayede said I should drink water and I did .

Bayede : WENZE ntoni la mnqundu webhantinti ?

-What did that ass of a jailbird do ?

Me : I feel uncomfortable around him ... indlela andijonga ngayo ... and he said I am sexy

-The way he looks at me

Bayede : Okay , ndimthini ?

-What should I do to him ?

Me : Your mom will say I'm turning y'all against each other

Bayede : Sundixelela ngo mama mna , akayontombi

yam

-Don't tell me about my mom , she is not my girlfriend

I giggled but he was serious . I wiped my tears and told him that I don't know what he should do ... it's his brother . I drove to the hospital and went to his ward .

Bayede : Iza apha Pooh-Pooh

-Come here Pooh-Pooh

I giggled as he stretched his arms out for a hug . I dropped the bag and soaked his affection like a glove before getting all emotional . Bayede clenched his teeth but remained calm .

Bayede : Uyamoyika ?

-Are you scared of him ?

I wiped my pouring tears and nodded . He kissed my knuckles .

Bayede : Hleli embi kakade and ndizomgqibezela ade angapliti emini ngoba uzobonwa ububi obu . Ndizomqhekeza ade axolele uplita ebusuku

-He is already ugly anyways and I will make him even uglier to an extent he will not court any girl daylight because his ugliness will be seen . I will fuck him up till he courts at night

I burst out laughing with tears still streaming down , he is so funny and sexy when mad . He kissed my eyes and that was the purest form of adoration , I melted . I fell asleep in his arms .

It has been approximately 3/4 days with Bayede still in hospital . He will be discharged some time tomorrow and I am so enthusiastic . I will be with him until he is fit enough to go back to work , ain't I the best girlfriend ever ? Oh I know boo . I drove here yesternight and slept with his T-shirt . I sniffed his imphepho scented pillow , crazy but I've fallen in love with this deep rooted man . My phone rang and it was him- the smile I had! Not even a birthday cake from mom made me smile like this . I answered .

Bayede : Molo Ntombentle

-Hello beautiful lady

I blushed and hugged his pillow .

Me : Hey soka lam

-My boyfriend

Bayede : Usekum bawo ? Ndigqibo kuva umntu omhle ubuzwa oko ba sisaqhuba mos ?

-Are you still into me bro ? I just heard a beautiful person is asked everytime if y'all are still making progress

I burst out laughing , this-MY man's pick-up lines are lit . I never blush this much , hay jonga ? Uyandibasa (no look ? He is igniting me) .

Me : Baby pheza

-Baby stop

He laughed and I giggled .

Bayede : Ndenza kakhulu ?

-I am doing too much ?

Me : Yhu! Like stop ... I am already your girlfriend

He laughed before confessing that he misses me and I miss him too! .

Bayede : I need to eat , I will call you

Me : Ha'ana Baye

-No Baye

Bayede : Uzokuzumisa ngam ke la hay wakho

-That no of yours will get you fucked by me

I laughed and my pussy felt that . It somehow dripped , I need to call mom ... I have to be cleansed & urgently! .

Me : I will ride you till your ancestors can't show you visions ... you will only think about how I rode you

Bayede : Yho!

He sniffed and I burst out laughing .

Bayede : Tata uyamva lo sisi ndincumisana naye ?

-Dad are you hearing this woman I am dating with ?

I laughed and I was of course shy ... Bayede can embarrass a person! . I begged him to not say anything , I did not know he had company or worst of all his dad! . I disconnected the call and laughed even more , God! .

.

.

.

.

I found Simphiwe with his girlfriend in the sitting room cuddling , they were both shy and I almost laughed .

Me : Molweni

-Hello

They both smiled shyly , Simphiwe can be shy ? I applaud this girl . He introduced her as Thulisile , she is a very nice and well mannered girl .

Me : Sentyile ?

-Have y'all eaten ?

Simphiwe adorably looked at Thuli whom nodded and avoided eye contact . I giggled and decided to make breakfast for myself . I sent Bayede a text .

" Akase in love uSimphiwe " -Me

-Simphiwe is so in love

" Ubajonga elohlobo bonke " -Bayede

-He looks all of them like that

I burst out laughing and shook my head .

" I wonder if it isn't a family thing " -Me

" Keep on wondering " -Bayede

I burst out laughing , he is such a hypocrite! . I ate till I was full and decided to take a nap .

I am a light sleeper so I heard the door open and close . I was sleeping on my tummy so I turned and found MY BABY! . I screamed and threw myself in his arms . He chuckled and sat on the bed with his arms wrapped around me .

Bayede : I love you

I blushed and squeezed him tighter . I was still sleepy so we cuddled and just conversed .

Me : Why do you never burn impepho when I am here ?

Bayede : Umntu akaphuphi kakubi kukho iimpundu ezingaka ecaleni kwakhe

-A person doesn't experience nightmares when

there's such ass besides them

I burst out laughing and choked before he brought me a glass of water . He was amused too as he helped me drink and put the glass away .

Bayede : Ubusithi uzondithini ?

-What is that you are going to do to me ?

He looked at me smiling and I giggled and looked away .

Me : I will ride you

Bayede : Yho!

He gave out a muffled giggle before wiping his eyes .

Bayede : Pooh-Pooh uzondirape'a

-Pooh-Pooh you will rape me

I couldn't stop laughing , he is crazy as hell . I can't deal with him .

Me : Any prescriptions ? I will buy them from the pharmacy tomorrow

Bayede : Okay , Let me go and get it

He excitedly went out and came back with a book and a pencil and wrote on it before cutting off a piece and gave it to me . I blushed at what was written , this tall man of mine wrote " DON'T LEAVE HIM " . He giggled at how I couldn't stop blushing .

Bayede : My doctor prescribed that ke baby qonda unyansile lomntu

-I was like ... this person is speaking the truth

Me : I am your medication ?

Bayede : You numb all the pain pharoza

He stared at me charmingly whilst caressing my chin . I was a blushing mess , the chilvary! . I gave him a tongue kiss for being such a smooth talker .

I woke up and there was commotion downstairs . I yawned and wore Bayede's sleepers and gown , washed my face and teeth before running down the stairs . I found Bayede strangling the life out of Bukhosi . Nolwazi was screaming at them .

Nolwazi : Bayede undibulalela umntwana

-Bayede you are killing my child

Tears rolled down her cheeks . I went to Bayede and pulled him to me , it was all in vain since he is stronger .

Me : Bayede!

His dreadlocks were blinding his vision so I tied them using my pink hair band . Bukhosi was pleading for mercy and Bayede was also sniffing . I shook him harshly and he snapped his head into my direction and his eyes were red . It hurts him that he

is harming his own blood and I felt bad since I put him into doing this . I wiped my tears and removed his hand from Bukhosi's neck and he fell down coughing before Nolwazi attended him . I pulled him to the room downstairs and hugged him in bed . He cried so hard on my boobs , I was crying too! . I brushed his dreadlocks and kissed his forehead .

Me : Uxolo uyeva Baby ?

-I am sorry Baby , you hear ?

He nodded and hugged me tighter . I wiped his mucus using my hand and kissed the top of his nose .

Me : Sleep

I hummed a song for him and he began to be drowsy . I continued humming until he slept soundly . I placed him on the bed and fixed the covers , pecked his lips and went out to the kitchen and Nolwazi was nursing her son . I cleared my throat and turned but halted on my steps .

Nolwazi : No , make food for your Brock Lesnar

I chuckled before cooking samp with beef and creamy spinach , I added butternut . When I was done , I dished for everyone and covered the food with metallic lids . I went back to bed and stared lovingly at my man . His hand grabbed my ass before sleeping again . I giggled and slept too .

.

.

.

.

I woke up to Bayede sleeping , with his big head on my ass . This was funny thou , healerbae loves ass! . I moved and he held me down before tightening his eyes , he is not asleep! Such a handsome liar .

Me : I will fart on your face

Bayede : Usuza oko nje xa ulele , I have to sleep with the airfreshner inside my drawer

-You fart everytime you are sleeping

Me : You lie!

I was so embarrassed , you can hear it on my tone .
He looked up to me and laughed till his ancestors
could hear him . I rolled my eyes and left him there ,
he can choke and die for all I care . He kept on
calling my name but I was not answering . I heat up
my food and sat down on the stools .

Bayede : Sthandwa sam ?

-My love ?

Me : Mhh ?

Bayede : Uqumbile ?

-Are you mad ?

I looked at the microwave , of course I am mad and
embarrassed . He caressed my chin and made me
look at him .

Bayede : Ndicela undijonge sisi endimthandayo

-Please look at me lover

I looked at him and he smiled charmingly . I tried to
remain unbothered by his handsome self but I can't
so I laughed and rolled my eyes .

Bayede : Uqumba njani umhle kangaka ?

-How can you be mad whilst this beautiful ?

Me : You make me mad

Bayede : Ndicela uxolo , ndiyakuthanda uyeva ?

-I am sorry , I love you , you hear ?

He gazed into my eyes and I blushed . We kissed and I heated his food too . I took a plastic basin with water and drapped a towel on my shoulder . I dropped to my knees and he was amused but shocked .

Bayede : Ndizokuthanda wena baby uyeva ? Uzode undixele kwa mapolisa

-I will love you baby , you hear ? You will even report me to the police

Me : Okay Ngconde

We were both blushing and he kissed my forehead and washed his hands before drying them with the cloth .

Bayede : Ndiyabulela Ntokazi yam

-I am grateful my lady

I smiled and he helped me to stand up . I disposed the water and placed his food on a tray with a glass full of juice . I kneeled before him and he kissed my forehead .

Bayede : Ndingakutshati ke ngoku mna ?

-Shouldn't I marry you then ?

Me : Uzolindela ntoni ?

-What will you wait for ?

Bayede : Bayeza oomalume bam

-My uncles are coming

I giggled and he tongue kissed me so heavenly . I moaned and he put the tray down on the table before helping me stand and pulled me to him in a hug .

Me : I love you

He made me look at his smiling self . His lips were pressed together , suppressing the urge to blush .

Bayede : Huh ? Uthini wena sisi endincumisana naye ?

Uthini wena Ntombentle ?

-Huh ? What are you saying my girlfriend ? What are you saying beautiful lady ?

I giggled shyly and held his chest before staring at him .

Me : Ndithi Ndiyakuthanda

-I am saying that I love you

Bayede : Ungaze uyeke undithanda , umamele ?

-Don't you ever stop loving me , are you listening ?

Me : Thokoza

He smiled and looked at me charmingly , yhu indoda yam ke! (my man!) .

Bayede : Sondela kwi ndoda yakho bawo

-Come closer to your man bruh

I giggled and he pulled me closer to him using my waist . I wrapped my arms around his neck and we just gazed at each other . I love him!

It has been such a dreadful week for me since my ceremony for being cleansed took place on wednesday this week . I am absolutely happy that it is over , I can now focus on the present . Speaking of presents- I will be looking all kinds of sexy tonight for MY MAN and let him unwrap my legs and get his- you know- GIFT . I did some online shopping and my parcels were delivered , I bought a black lingerie that I will wear tonight . I am nervous and excited , Bayede has his days ... with him you simply just never know . Kae was dishing out compliments at how I looked . I giggled and twirled .

Kae : He will drop dead

I smiled and nervously wore the coat before driving out to his house . I arrived and Simphiwe was just leaving , he couldn't stop laughing that his brother will be laid & by yours truly . The room was perfectly

set , I took off the coat and sat on the bed . The door opened and it wasn't only me who got excited but what is between my thighs too . I stood up when he turned- he looked rather disturbed .

Bayede : Sthandwa sam ? Awusemhle

-My love ? You're so beautiful

I blushed and he picked me up and sat on the bed with me on top of him .

Bayede : Awuse sexy , thina buyasothusa ubuhle obunje

-You're so sexy , we are shocked by such beauty

I blushed and gave him a tongue kiss , he pulled out and sighed . I made him look at me and he couldn't maintain eye contact like he usually does .

Me : Are you okay ?

Bayede : I just need to sleep

I gasped and looked at him with my eyes wide open- same as my mouth . He tried to circle his arms around my waist but I quickly pushed him and stood up . He stood up and held my hand .

Me : Ndicela undiyeke

-Please leave me alone

My voice was shaky , I have never in my life of dick appointments been rejected especially by a man I fuckin' love . I don't wanna lie but my heart broke . I wiped my tears and he panicked as I took off the lingerie and wore my jeans with a bra and his black hoodie on top .

Bayede : Ndicela unghambi

-Please don't leave

I forcefully made him look at me and he couldn't . I was away for some time and when I return he is acting like this ? Wow . I took my belongings and left the candles burning , they can fall and burn his tall self for all I care nxx! . He was running after me . When I was about to unlock my car , he picked me up and ran back inside . I swore at him with everything on earth's surface . He locked the door and ran upstairs with the key . I slept in the guestroom , I was too disappointed .

.

.

.

.

I woke up in his hard , generic chest . He reeks of herbs and I am insanely in love with how he smells . He is so cute when sleeping , you can study his facial features clearly . He opened his one eye and smiled , I soo wanted to laugh but no . I rolled my eyes and moved from him .

Bayede : Sisi endimthandayo ?

-Lady that I love ?

I kept my mouth shut and stood up so I can wash all the embarrassment away . He moved so fast and pulled me back to bed before I was underneath him . He gazed at me and I blushed .

Bayede : Yintoni undivalelela ngaphandle ingathi andikuthandi ?

-Why are you sidelining me as if I don't love you ?

He smiled charmingly at me . I pursed my lips and tried to act unbothered by him being this pressed

into me and his handsome self . He brushed my visible breast since I slept wearing his white T-shirt . I looked into his eyes as my pussy watered , reacting to his touch . He grabbed my breast and I moaned .

Bayede : Energy is everything in the spiritual world . I can't heal people and come back to make love to you . A womb is a sacred place , otherwise ndizokudlakaza wena va ?

-I will fuck you , you hear ?

His hand was under the shirt , gripping my boob and I screamed in pain infused with arousal pleasure . He took off the shirt and smooched my lips . We kissed and my arms were wrapped around his neck . He trailed off to my neck and he kissed it and I moaned lovingly . His hands were fondling my perky and hard breasts . Bayede's warm mouth sucked my boob , sending me to a world of pleasure . I held the back of his head and moaned so everyone can know that I am getting LAID! . He did the same thing to my other breast , balancing his attention . He kissed me down to my abdomen and sniffed my bushy WAP! . A groan escaped his mouth before stretching my legs .

Bayede : Usekum bawo ?

-Are you still into me bruh ?

Me : Ye-ahh

He tongue kissed my clit , moving his tongue in a rhythmic motion . I lost my marbles and held the back of his head- pushing him deeper . I bent and bite my lip , my legs were shaking .

Me : Baby mhh

He fingered me nicely whilst tapping my clit with his thumb . He increased his pace and stared at me as I was crying in ecstasy . He rubbed the palm of his hand on my pussy and I vibrated and clutched my nails on his arms before experiencing an orgasim .

Bayede : Hey

He said so low and charmingly before I pulled him into a tongue kiss and helped him remove his boxers . He put my legs on his shoulders as he rubbed the tip on my clit and circled it around my hole . He moaned at how wet I was .

Bayede : Ndiyakuthanda uyeva ?

-I love you , you hear ?

I blushed and nodded before he entered the tip and we moaned in sync .

Me : Baby nditye

-Baby fuck me

He chuckled and went all in , I gasped and he kissed my forehead . I scratched his back as he moved slowly whilst staring deep into my eyes . I moaned and he breathed heavily and went " Yeses " . He moved three times and I was moaning my lungs out , this feels so nice and raw . He groaned , holding onto the headboard before slamming hard and deep inside of me . I screamed and he kissed me , my moan was received by him .

Me : God! Camagu baby

He chuckled and rubbed his sweaty forehead on mine whilst moving his waist . I almost drooled at the pleasure . I reached my climax and he groaned loudly .

Bayede : Yeses mntuwam!

He bite his lip before ejaculating inside of me . He pulled out and kissed my forehead before thanking me . I smiled and he called his Dad .

Bayede : Tata andiyazi lento ndiyenziwa yintombi yam

-Dad I don't know what is it my girlfriend is doing to me

Nkululeko : Uyakuqoba nyana ?

-She is finishing you son ?

Bayede : Past tense leyo , undigqibile lo sisi

-That's a past tense , this lady finished me

He wiped his eyes and sniffed and I burst out laughing with his Dad . He made me sleep on my side and hit it from the back with my leg slightly raised up . I love him! .

I woke up and there was a tray of breakfast besides me . I smiled and ran to brush my teeth and rinsed my face before indulging . I finished eating and left the dishes in the sink before taking a relaxing and well deserved bath . I couldn't stop blushing as scenes from last night crossed my mind . I wore my green dress and sandals , combed my weave and wore sunglasses since it was hot . I searched for Bayede till I found him in his hut- there was also an old man with a woman . Bayede smiled widely as I opened the door slightly .

Me : Molweni

-Hello

They also greeted , I further on asked about how they are doing before turning to this man of mine .

Me : Molo Tatekhaya

-Hello head of the household

He pressed his lips and looked at me charmingly . I giggled at how he let his dreadlocks hang loosely to hide that he is blushing .

Bayede : Molo Sthandwa sentliziyo , molo sisi endincumisana naye , molo Ntombentle

-Hello lover of my heart , my girlfriend , beautiful lady

The old man smiled and the woman too . I blushed and looked down on the mat . I looked up to him and he was smiling .

Me : Baby pheza yhu!

-stop

Bayede : Ndiyakugqiba ?

-I am finishing you ?

Me : Kwanele Ngconde , ndivile

-It's enough Ngconde , I've heard

Bayede : Thokoza

We both giggled before he ordered me to bring this

and that . I arched for him , my ass was not exactly on his face but he grabbed it . His patients didn't even see . I passed him the white and yellow candles and the matchsticks . I am hungry right now .

Me : Ndisayokwenza into etyiwayo

-I am going to make food

Bayede : Eyam iplate iphakathi kwamathanga akhova ?

-My plate is between your thighs , you hear?

I giggled and nodded , we were whispering . I went out to the main house to cook a simple dish , african salad . I dished out for everyone and covered the food . I asked them to come inside when they are done and so they did . We all ate whilst conversing , I don't know but this woman is charmed by Bayede's whole presence and it irks me . We all finished eating and they left .

.

.

.

.

I washed the dishes in a foul mood .

Bayede : Bambolwam ?

-My soul mate ?

He wrapped his arms around my waist and rubbed my tummy . He kissed my neck and shivers went down my spine . I exhaled and wiped my hands before he picked me up and placed me on the kitchen counter . He slightly parted my legs and moved my dress before rubbing my thighs and my pussy twitched . He gazed at me whilst his other hand pulled down my thong and he sniffed it and moaned , I swear something vibrated inside . He put it inside his pockets and I spread my legs apart . He chuckled and rubbed my clit and drew circles around it .

Bayede : Undiqumbele ?

-Are you mad at me ?

Me : I am just mad at how that girl was looking at you

Bayede : Ngoba ?

-Why ?

He smirked and tapped his thumb on my clit . I moaned and held onto him .

Me : Ungowam Baye

-You're mine Baye

He bite his lips and smiled . He made me arch and my ass was on his face . He slapped my ass and I liked it . He spread my buttcheecks before playing with his tongue on my clit , I moaned . I held onto the counter as he ate my pussy up , he tongue kissed it , twirling his tongue and fucked me with it .

Me : Ahh Ahh

I felt my self tremble , tears rolled down my cheeks . I was losing control , if he didn't hold my waist . I swear I would have fell . I cummed and he licked me up with his tongue . We both breathed out heavily and he put me down . He took off my dress whilst kissing and I removed his clothes . He fucked me against the wall , he humped on me faster than ever .

I moaned with my hands roaming around his body .
He gave me a tongue kiss and thrusts in deep , I
moaned loudly and held him tight .

Bayede : Andimfuni lamntu mna , ndifuna wena uvile ?

-I don't want that person , I want you , you hear ?

Me : Ndi-

-|-

He penetrated me again and words escaped me . I
moaned as he rested his head on my neck . We were
breathing heavily on each other's ear . He fucked me
till I orgasimed and he released his sperms inside of
me .

Bayede : Fuck! Enkosi baby

He held me tightly on my waist and his other hand
held my tummy . I nodded whilst feeling out of
breath . He pulled out and we took a shower with
him hugging me from behind and rubbing my
stomach , it felt nice thou . We dried , applied lotion
and cleaned the kitchen before we cuddled naked
and slept like that . I am tired .

It has been 3 months dating this tall , dreadlocks headed & handsome man . It is safe to say , I love him from the moon and back . Every friday he has this routine of bathing me with herbs and apparently it is for protection . I pee approximately 10 times a day , if not more . Lemihla Con. is having a board meeting today and I have to be present since it will mainly be based on the finances of the company . Mr Mtyholi was on my neck , preaching about punctuality . I bought a samosa with a savory filling of beef since spiced potatoes were not available . I ate 3 of them on my way to the board meeting . I arrived an hour earlier and worked in bae's office . There was a knock before the door opened and a beautiful , slim lady walked in . I stood up and we shook hands , she smiled before sitting down . She has nice long legs . I sat down too .

Me : How may I be of help ?

" I am looking for- "

The door opened and Bayede walked in , he smiled at this mysterious lady .

Bayede : Lilitha ?

Lilitha : Missed me ?

He was the one to initiate a hug , which shocks me because he is not big on affection . His arms were circled around her waist inappropriately . I packed my things whilst holding in my tears . He turned and gave me a nervous smile before moving from Lilitha .

Bayede : Andikubonanga yaz

-I didn't see you

Me : I see

I walked out and banged his office door closed . I was so mad , but they can continue and flirt and maybe fuck ... I don't give a damn . I wiped my tears in the restrooms and applied make up . He walked in when I was finishing up .

Bayede : Baby ?

Me : Not now

I walked out and left him there . I walked inside the boardroom and people were just mingling with each other . This Lutho guy who is an IT approached me and we just conversed about everything in the business world . Bayede gave him a mean look and Lutho had no choice but to leave . I rolled my eyes and drank water before turning to meet brown glowing eyes gazing down at me .

Bayede : Baby Lilitha is an acquaintance

Me : Right ? You didn't even have the decency of acknowledging my presence or that I am your girlfriend but she is just an acquaintance ?

He swallowed and held my hand that I snatched .

Me : Don't you dare!

I clicked my tongue and saw this Lilitha side smiling . She is a woman on a mission . The meeting started and we all gathered around as I explained every transaction and I did compile evidence , they were

impressed with my work ethic . I wanted to pee so I asked to be excused , peeing this much frustrated me . I washed my hands and Bayede stood behind me . We both exhaled and stared at each other's reflection .

Bayede : Are you okay ?

Me : As you can see

He exhaled sharply and rubbed his eyes , I won't fall for his puppy eyes .

Bayede : Can I touch you ?

I just rolled my eyes and he placed his hands on my sides before cupping my tummy .

Bayede : I don't wanna hurt you

Me : But you did

Bayede : Ndicela undixolele

-Please forgive me

I sniffed and nodded , he hurt me but it's fine . He wiped my tears , pecked my lips before hugging me .

.

.
. .

Bayede begged me to sleepover at his house for the night but I refused and he was disappointed and also remorseful of that encounter in his office , earlier on . I drove home whilst listening to music and ate the leftovers . I had to pee in the middle of the road so I pulled on the side and ran to the public toilets . I paid & did my business before bumping to this less fortunate boy .

" Uyakuthanda yena , ewe uzolingeka kodwa uze umxolele ... ndiyabona nawe uyamthanda "

-He loves you , yes he will be tempted but forgive him ... I can see that you also love him

I nodded and asked him to follow me to my car . I gave him a few notes and a silver coin .

" Camagu Lomthandazo "

I was shocked by that . Not a lot of people know about this name .

" Khusela isiqhamo sakho "

-Protect your fruit

I stood there gobsmacked and watched him disappear . I got inside my car and when I was about to ignite the engine . I received a call from my mother .

Me : Ma ?

Nomtha : I had a dream

Me : About ?

Nomtha : You were carrying a basket full of fruits , you know what that means ?

Me : Uhm ... No

Nomtha : Are you pregnant ?

I opened my mouth to speak but nothing came out .
WHAT ?! . I can't- Fuck!

I switched gears , changed routes and drove furiously to Bayede's house . I slammed my car door and barged inside . Bayede looked at me shocked but concealed his emotions .

Bayede : Baby uright ?

-Baby are you alright ?

Me : You impregnated me!

I hit his chest twice before breaking down . He pulled me in a warm hug and I couldn't stop crying .

Bayede : Uxolo ngokumithisa Sthandwa sam ,
ndixolele Ntombentle

-I am sorry for making you pregnant my love , forgive me beautiful lady

I wiped my eyes and he kissed them before brushing my ass . I giggled at how he kept on biting his lower

lip seductively . I wrapped my arms around his neck and we had a tongue kiss . I pulled out and ate a yoghurt with him licking my cheeks . I laughed and kept on purposely spreading the yoghurt on my cheeks just so he can lick me .

Bayede : Umhle wena baby , ubuhle bakho bundothusa oko

-You're so beat baby , your beauty doesn't cease to amaze me

Me : Until you see Lilitha right ?

He looked at me with lazy eyes and rubbed his nose before licking his lips .

Bayede : I just haven't seen her since university

Me : Mhh . When she is in the room , nothing else matters ... not even your pregnant girlfriend

Bayede : Baby I thought you forgave me

He exhaled sharply and held my hand .

Me : You initiated an intimate hug Bayede , but you wouldn't even let me touch you for a minute ... do you know how that stings ?

Bayede : Your touch did something to me Akhanyile ,
it electrocuted everything in me!

He chewed his lower lip and apologised for lashing
out on me . He rubbed his forehead and took out his
cellphone before calling a certain number .

Bayede : Hey Joseph , I need you to terminate the
contract with Binzane Con.

I side smiled and ate my yoghurt whilst watching
him on a business call . He ended the call and I
stood up .

Me : There was no need for that

I turned to walk away but he pulled me back to him
and backed me against the wall . I can hear from his
breathing pattern that he is angry .

Bayede : Undifuna ntoni sisi endimthandayo ?

-What do you want from me lover ?

He gazed at me , he looks sexy when angry or am I
just toxic ? . He clenched his jaws .

Me : I want nothing from you , it is over

Bayede : Ndikutye ?

-Should I fuck you ?

He said that with his face buried on my neck . My body vibrated , it sent shivers down my spine . I breathed out just so I can think properly .

Me : Hayi Mntobomvu

-No Mntobomvu

He nodded and we smiled at each other .

Me : Awulambanga baby daddy ?

-Aren't you famished baby daddy ?

He pursed his lips to suppress the urge to blush . I giggled and wrapped my arms around his neck before initiating a heartfelt kiss , I have forgiven him . He pulled out and charmingly smiled at me .

Bayede : Uthini wena Ntombentle ? Uthi mna undenze ndayintoni ?

-What are you saying beautiful lady ? What have you made of me ?

Me : Ungu Tata wena Ngconde , undithembe

ngembewu yakho . Undenze umama kwa khona wena baby

-You're a father Ngconde , you trusted me with your seed . You made me a mother again baby

Tears rolled down his cheeks and I cried too . He sniffed and wiped my tears before kissing my eyes .

Bayede : Ndiyabulela Ntokazi , ndithi enkosi ntombi yam ngondinika umhlaba wakho ndityale imbewu . Ndizokuthanda wena baby uyeva ? ndizakude ndinqandwe ngabalele ukuthula

-I am grateful my lady , I am saying thank you my girlfriend for giving me your womb so I can plant a seed . I will love you baby , you hear ? To an extent I will be told to stop by my ancestors

I blushed as he chuckled before smashing his lips onto mine . I returned the same need , desire and passion . He picked me up and I wrapped my legs around his waist with his hands squeezing my butt .

.

.

.

.

We were breathing out heavily from the steamy session we just had . He kissed my forehead and pulled me in for a cuddle .

Bayede : Enkosi Mithi-Matha wam

-Thank you my Mithi-Matha

I laughed , worst nickname I have ever heard but I love it .

Me : Ndiyoyika ukugoduka mna soka lam kaloku umama wathi mandingaze ndivulele ikwekwe amathanga

-My boyfriend I am afraid to go home because my mom once said I should never open my thighs for a boy

I heard him chuckle before his hand held my pussy .

Bayede : Ndiyi ndoda mna and ndisacela uwavule , ndifuna ukukha amandla

-I am a man and please open them , I want to find

strength

The way he deepened his voice! . I blushed and opened my thighs for this smooth talker . We fucked missionary style and he would occasionally kiss my tummy , I loved that and how his dreadlocks hang loosely . He pulled out and we caught our breaths .

Bayede : Ndicela inumber ka SisNomtha

Me : Not now

He searched for our phones but did not find them . I giggled at how frustrated he was .

Bayede : Baby ?

He cocked his eyebrow up playfully before laying on top of me .

Me : Andifuni kwa phone ecaleni kwethu kaloku wena wafounela utatakho

-I don't want any phone besides us because you once called your dad

He burst out laughing until he choked . I hit his back and he continued to laugh . I eventually joined in , he is so annoying .

Bayede : Ndifuna umbalisela ngento ayizeleyo

-I want to tell her about what she birthed

Me : Ungaklinge!

-Don't you dare! .

He giggled and rubbed my stomach with a smile plastered across his face .

Bayede : Ndlela le ibisitsha ngayo la mpepho qonda indicingisa la sisi undenze uTata

-The way that mpepho was burning , it made me think of the lady that made me a father

I giggled and blushed before hugging him with my legs . We kissed and prepared a bath .

I woke up early to pee and my breasts were swollen .
I brushed my teeth and took a bath before going
downstairs in a gown to find Bukhosi with Lilitha .

Me : Molweni

-Hello

Lilitha : What are you doing here ?

I coughed , the audacity! . I stared at the both of
them .

Bayede : Kukwakhe apha

-This is her house

He said whilst jogging down the stairs , his voice is
deeper in the morning and to hear him say that- God!
I swear I will give him twins or triplets . I cleared my
throat to hide my cocky smile .

Me : Oh Tatekhaya , good morning

-Head of the household

He pulled me in for a kiss . We kissed and he wrapped his arms around me .

Bayede : Hello Mithi-Matha wam

-My Mithi-Matha

I giggled before he stared at Bukhosi and lazily gazed at Lilitha .

Bayede : Nibekwa yintoni apha ?

-What brings y'all here ?

Lilitha : To see you , like old times

Bayede : Okay ndisacela nisishiye , ndifuna uride'wa ngoreverse ngu Mamekhaya

-Please leave us , I want to be rode in a reverse cowgirl position by the lady of the house

I hit his chest and giggled . He loves embarrassing me , I can't deal with him . I walked out to the kitchen and laughed so hard . I heard the door close before he walked in still yawning .

Me : I love you

I hugged his tall self still amused . I don't think this guy ever thinks and I love his unfiltered mouth . He grabbed my ass and kissed the top of my head .

Bayede : I love you more baby , I do

He exhaled and gave me a genuine and warmest hug ever! . I looked up at him and he pecked my lips thrice .

Me : Last one ?

He pecked my lips twice and I asked for a last one . He looked annoyed but kissed me again and picked me up and ran with me to OUR bedroom . He got on top of me but I pushed him and ran back to the kitchen . He walked down with his dreadlocks tied with my pink hair band .

Bayede : Ndizokutya mna ba uphambene

-I will fuck you if you're mad

I laughed and tied his dreadlocks properly and gave him a kiss .

Me : You look beautiful Princess

Bayede : Uyabona ndithwele ntoni ?

-Do you see what I am carrying ?

He made me feel his already visible dickprint , the look he gave me! . I am very much charmed .

Me : Isikhali Ngconde

-A weapon Ngconde

Bayede : Ndadubula , wamitha . Uyafuna ndikuphinde ?

-I shot and you got pregnant . Should I repeat ?

Me : Camagu Mdange , ndiyaxolisa ... A princess is my doll

-Camagu Mdange , I am sorry

Bayede : Okay

He sat down occasionally like he did not just wet my panties . Hello?? I am horny! .

Me : Ingaba ndigabadela phezulu ukuba ndinocela esikhali sisenze abazali ?

-Whold I be wrong if I would ask for the weapon that

made us parents ?

He was amazed by that but since he is Bayede , he concealed it and turned the barstool to my direction . He charmingly stared at me with his elbow rested on the counter and his hand on his mouth .

Bayede : Sesakho

-It is yours

Me : Thokoza

I tied my weave and went down on my knees , he deserves a head! .

.

.

.

.

We were watching a movie whilst cuddling . We were eating junk food but mine was limited since I decided to open my legs without preventing . I felt like Bayede was staring at me and my cheeks were heating up . I looked at his smiling self .

Me : Sukundijonga

-Don't look at me

Bayede : Uyabona wena sisi wam ? Funeke umane ngokuya esibhedlele , abantu bangaphila nje kukubona ubuhle obungaka

-You see my sister ? You should visit the hospital now and then , people would heal with just seeing such beauty

Me : Indoda yam ke!

-My men thou!

I blushed before hiding my face with the packet of chips . I heard him chuckled and moved the packet from my face .

Bayede : Ngalomazwi , ndicela uncamise indoda yakho

-With that being said , please kiss your man

I giggled and pecked his lips . He deepens the kiss everytime I am about to pull out . I sat on top of him with my hands roaming around his body . I pulled out and breathed as he held my ass .

Bayede : I need your father's number . Ndimane ngomtsalela umnxeba ebusuku ba " Nanicinga ngam kuze nanisenza lo sisi "

-I would call him to say " Y'all were thinking about me when making this lady

I burst out laughing and shook my head at his silliness . He smiled and chuckled too . We stared at each other until my tummy growled .

Me : Awulambanga baby ?

-Aren't you hungry baby ?

Bayede : Ufuna uphekela indoda yakho wena pharoza ? Huh wena mommy ?

-You want to cook for your man pharoza ? Huh mommy ?

I blushed and nodded shyly . He chuckled before standing up with me and walked to the kitchen . He put me on the counter and kissed my stomach before rubbing it with a proud smile .

Me : Do you think it will be a she or a he ?

Bayede : I don't mind baby qha ndiyamcingela ,

ndizomthanda lomntu

-I pity her/him , I will love this person

His eyes displayed adoration and I blushed . It feels nice to be pregnant for this man . We gushed over my not-so-showing tummy . I love this! .

I woke up to Bayede staring at me whilst smiling with his head tilted . I giggled and we just stared at each other .

Bayede : I took your father's number

Me : Why ?

Bayede : Baby I impregnated you , I need to pay intlawulo

-Damages

I exhaled and nodded . He pulled me to him and kissed my forehead. I held onto his arms and chewed my lips nervously .

Bayede : You can talk to me

Me : My father is difficult to please

Bayede : Don't stress

He grabbed my ass and I rolled my eyes whilst giggling because I'm McDonalds , I'm lovin' it .

Bayede : Would you get married ?

I choked and coughed twice before sitting up- what the hell ? . I turned to stare at his nonchalant self .

Me : What ? No , I mean-

Bayede : You're so dramatic

He rolled his eyes and I burst out laughing and shook my head before standing up , naked .

Bayede : Ndicela unxibe

-Please wear

Me : I don't wanna

Bayede : Okay

He exhaled and wore sunglasses . I burst out laughing , this guy! .

Bayede : At least andizboni vividly iimpundu

-At least I don't see ass vividly

I couldn't stop laughing until tears rolled down my

cheeks . He laughed too .

Me : Ndenze umntwana na lomntu

-I made a baby with this person

He chuckled and stood up before pulling me to him in a hug . I love him! .

Bayede : Ndizokutshata wena , ndifunga abaleli ukuthula

-I will marry you , I swear on my ancestors

I blushed and hugged him tighter . We stood there , soaking up each other's affection like a glove . It hurts to know that I am going back to my house . This is home! .

Me : We should bath

Bayede : Please prepare the bath , I need to make a quick call

Me : Okay

Bayede : Enkosi baby . Ndicela uncamise indoda yakho

-Thank you baby . Please kiss your man

I giggled and he smiled . I smashed my lips into his and we kissed before he glids in his warm tongue . I moaned as we tongue kissed . His hands were firmly grabbing my ass . I pulled out and smiled at his horny self .

Bayede : Enkosi va ? Enkosi ngoncamisa indoda yakho

-Thank you , you hear ? Thank you for kissing your man

I giggled and nodded before he planted a kiss on my tummy . I kissed the top of his head and we hugged . He took his cellphone and walked out . I need to prepare a bath! .

.

.

.

.

I grabbed Bayede's butt and he gave me a warning look . I giggled as we walked downstairs . I grabbed his butt again and he huffed in annoyance . I smiled

as he rolled his eyes at me .

Bayede : U'apply'ela utyiwa ?

-Are you applying to be fucked ?

Me : Uxolo baby

-I am sorry baby

Bayede : Oh ndicinga ubawela esaskhali
sikumithisileyo

-Oh I thought you're craving for the weapon that
made you pregnant

We heard gasps and I turned to find his mother ,
father , Simphiwe and Bukhosi . My eyes widened in
shock but Bayede was smiling .

Nolwazi : Crush ka nyana wam ? Undithwelele
umzukulwana wena sisi ?

-My son's cursh ? You are carrying a grandchild for
me ?

I blushed and looked at the floor whilst playing with
my fingers . I nodded shyly and she opened her arms
for a hug and I went to her . She was so emotional

and I was too .

Nkululeko went out with his sons . Nolwazi held my tummy and wiped her tears .

Nolwazi : Enkosi

-Thank you

I giggled and nodded before wiping my own tears .

Nolwazi : Any cravings ?

Me : No Ma

Nolwazi : Okay , what should I make ?

Me : But you brought pizza with you

I averted my eyes to the pizza boxes . She washed her hands and said that won't be enough for me . I decided to let her be . I walked outside and found them drinking alcohol . I pat Bayede's shoulder and he smiled before even seeing me . It must be my scent .

Bayede : Sisi ondenze utata ?

-Lady that made me a father ?

I blushed as he turned to look at me . He looks extra sexy when intoxicated .

Me : Ndisacela wena

-Can I have you ?

He smiled and stood up . We walked with him hugging me from behind . He kept on pressing his erection on my ass but I won't pay attention to how good it feels .

Bayede : Thetha nam baby

-Talk to me baby

We stood far from everyone and I giggled because I don't even know why I called him .

Me : I missed you

He chuckled and slipped his hand inside my jeans . My breathing hitched as he pulled my pubic hair and slid his hand in between my vaginal lips . I slightly parted my legs and he rubbed my clit . I moaned softly and he buried his head on my neck . He cursed and stopped .

Bayede : Sapha le panty yakho

-Give me your panty

Me : Le ndiyinxibileyo ?

-The one I am wearing ?

Bayede : Ewe , khawuleza

-Yes , hurry up

Me : Baby-

Bayede : Hurry

He kissed my neck and licked his finger in an arousing manner . I swallowed and he pecked my lips before walking back to his seat . I ran to hide and took off my jeans and panties before wearing my jeans with nothing underneath . I went back to him and slid my thong in his pockets . I walked back inside but I saw him taking it out and smelling my thong that was in his fist . My pussy watered . He raised up his eyes to meet mine and stood up after a while . He stood in front of me whilst gazing at me with his red eyes .

Bayede : Mommy ndibatyiwe

-I am horny

Me : Okay Daddy

I caught him bite his lip seductively before tilting his head in a charming manner .

Bayede : Ndicela ukuchamisa ?

-Can I make you cum ?

Me : Iza ndoda yam

-Come my man

I pulled his hand and we ran to our room . I am getting laid! With his parents in the house! .

I held onto the sheets whilst burying my face on the pillows . Bayede was ramming faster like he hates me and I love it .

Me : Ahh Ba-ahh

Bayede : Yeses!

He held my waist and humped thrice and thrusted in deep . Tears rolled down my cheeks in ecstasy .

Me : Oh God! Deeper mntuwam

-My person

He slapped my ass and fucked me good . We were both sweating .

Bayede : Mhh mama womntwana wam!

-Mhh my child's mother!

I blushed whilst moaning my lungs out . He drives

me crazy .

Me : Awubaweli itwins baby ?

-Don't you wish for twins baby ?

Bayede : Fuck! Baby umnandi

-Baby you're good

Me : Mhh , ndzokunika itriplets va ndoda yam ?

-I will give you triplets my man , you hear ?

He chuckled and held onto the headboard before going in deep , balls deep! . I chocked in pleasure .

Bayede : Okay baby , enkosi

-Thank you

Me : Mhh , I love-ahh

Bayede : I love you too baby

I screamed as he squeezed my waist and thrusted in deep , moving his waist . I swear I lost my marbles . We heard a knock and I bite my lip to supress the urge to moan since Bayede did not stop .

Nolwazi : Akha , are you alright ?

Her son gripped my weave and humped in deeper . I arched more and he moaned sexily . I will pay her for birthing this man! .

Me : Mhh right there , Baye!

Nolwazi : Akha ?!

Bayede : Mama siright no baby

-Mom we're alright with baby

His voice was strained with pleasure but he composed himself . Nolwazi asked if we are sure and I moaned softly at what her dear son was doing to me .

Bayede : Nozala cela usishiye

-Mom please leave us

He went in twice and my body trembled . I stuffed my face on the pillow as a wave hit me , curling my toes and I orgasimed . He groaned before exploding inside of me . He pulled out and I fell down flat on the bed whilst breathing out heavily . He thanked me and laid on top of me . I heard him confessing that he is in love with me and I dozed off . I woke up

because I had to pee so I went to the bathroom and urinated . I yawned and took a shower . The door opened and Bayede stood there , watching me with his legs crossed .

Bayede : Food is ready

I nodded and bent down slowly before standing up again . I washed my legs seductively and he was so quiet .

Me : Can you scrub my back for me ?

He shook his head , gathering his thoughts before opening the shower glass and scrubbed my back with so much care . He ran his hands all over my back and gripped my slippery ass . He moaned and breathed sharply .

Bayede : Yeses , baby hayi

-Baby no

I giggled and thanked him before continuing with my shower .

.

.

.

.

I dried , applied lotion and wore a simple brown dress . I wore my white sneakers and applied Bayede's cologne . He walked in when I was brushing my weave and stared at me lovingly . I blushed as he took the brush from me and styled my hair for me .

Me : Enkosi baby

-Thank you baby

Bayede : Sure . You smell like me

I giggled as he helped me to stand up . He circled his arms around my waist . I placed my hands on his generic chest that I love .

Me : And you like it ?

Bayede : And I love you

I smiled and we kissed . I wore his jacket and we walked out hand in hand . I froze when I spotted Lilitha , excuse me for thinking this was a small intimate family gathering .

Me : What is she doing here ?

Bayede : Bukhosi brought her here

I clicked my tongue and felt like strangling that Bukhosi .

Me : Andimfuni apha

-I don't want her here

Bayede : Okay Mamekhaya

-Lady of the house

That boosted me . He grabbed my ass and whispered on my ear .

Bayede : Uqinisa umthondo when you switch moods

-You're making my dick erect

Me : Mxm

Bayede : Askies ?

-Sorry ?

I looked away , I won't apologise . He made me look at him but I did not .

Bayede : Andinxibanga bhanti , ndingakutya nangoku

uvile ?

-I am not wearing a belt , I can fuck you even now
you hear ?

I nodded and sulked at how my body was betraying
me . He gazed at me .

Bayede : What are you feeling ?

Me : Lilitha wants you Baye and she will have you
and God forbid because We- My baby and I- will
leave!

I walked to the kitchen and helped with setting the
table . I ate the pizza and left some in the microwave
for Bayede . I saw them talking , her hands were on
both Bayede's shoulder . She was standing in front
of him and Bayede looked up to meet my eyes and
began to be uncomfortable . Nolwazi saw what was
happening and decided to distract me . I threw the
dish cloth on the table and took huge strides to them
, Bayede didn't even blink . Is he scared ? Wow .

Me : Ndicela ususe izandla zakho kuye

-Please remove your hands from him

She turned and gave me a side smile and raised her hands up in surrender .

Lilitha : Oh hey girl

Me : This is the first and last time you set foot here

Lilitha : Insecure ?

Me : Of what ? You ?

Lilitha : Just because we once fucked doesn't mean we will again , we are over that right B?

Bayede coughed so hard , hitting his chest . His lies are suffocating him now . No one moved to get him water so he composed himself . Lilitha was smiling and my eyes were fixed on this tall man . I am five seconds away from cleaning this floor with him . I swear to God . He looked scared but concealed his face as per usual .

Nolwazi : That was a long time ago , they were young and-

Me : Thula Ma

-Keep quiet Ma

The room fell silent and this idiot loosened his dreadlocks so they can hang over his shoulders and hide my stares from him .

I moved his dreadlocks from his face so I can gaze at him . He chewed his lower lip nervously . I hate being humiliated .

Me : Ulixoki ?

-Are you a liar ?

Bayede : Baby I did not lie

I chuckled bitterly and breathed . I don't want to slap him or anything like that , I am not abusive .

Bayede : I did not tell you the whole truth

Me : You let me be in the same space with your fuck buddy ?

Lilitha : Excuse me ?!

Bayede : You are excused

She gasped and Bayede just gazed at her lazily . I

closed my eyes and exhaled .

Me : You wanted to do a business venture with her ?

Bayede : It would've been strictly business

Lilitha : So she is the one who made you terminate the contract ?

Bayede : Ndi ride'wa ngo reverse mna . Ndizokuthini ungayenzi into ayifunayo ?

-I am rode in a reverse cow girl position . Why wouldn't I do what she wants ?

I pursed my lips , acting unbothered by his words . I am mad at him . There were a few chuckles but his family was still uneasy with not knowing what I might resort .

Me : It's over

The room momentarily stopped . I also don't know what the hell I am saying . Bayede wasn't fazed .

Bayede : Andinxibanga ntoni ?

-What am I not wearing ?

I swallowed as he stared at me sexily . I am

supposed to be screaming my lungs out , swearing at him with everything on earth and beyond .

Me : Ibhanti

-A belt

Bayede : Okay , awubaweli uyolala nendoda yakho wedwa ?

-Don't you wanna go to sleep with your man and yours only ?

I shook my head no , but he picked me up nonetheless . He walked upstairs whilst pecking my pouted lips . The door closed and I pushed him before packing my things .

Bayede : Baby ? It was a long time ago ... we were still in university

Me : Why did you not tell me ?

Bayede : It might have slipped my mind

I chuckled and continued to pack my belongings . He was unpacking .

Me : What are you doing ?

Bayede : You can't leave me , this took place in the past

Me : I DON'T CARE !

Bayede : Please don't shout

I exhaled and sniffed , this is disrespectful thou .
How can he let his- whatever that she is , be around me ? How dare he ?! .

Me : I think I need a break

Bayede : Break yantoni Akhanyile ?

-Break for what Akhanyile ?

Me : What you did was highly disrespectful and you have the audacity to tell me how I should react ? I will scream if I want to

Bayede : Okay baby , shout . Shout at your man

He took off his gold bands and traditional necklaces before taking out all of my clothes from the bag .

Bayede : Shout

He packed my clothes back into his wardrobe . I sighed in defeat and he sat me down .

Me : I don't want her near you , she still wants you

Bayede : I will keep my distance

I nodded and told him that I am hungry so we went back downstairs .

.

.

.

.

I dished up for myself and sat down before focusing on my plate . Lilitha sat across me and I wished to puke but I can control myself .

Me : Bhuti , not to sound disrespectful but you must never bring her here again , I don't want her here

-Brother

Bukhosi nodded and I drank water . I needed the toilet so I went to use it , I am urinating a lot these days . I pulled Bayede to the guestroom and sniffed .

Bayede : Baby ? Are you okay ?

He was panicking and quickly ran out to wear his bands & necklaces . He came back and made me sit down .

Me : You're so dramatic , my boobs hurt

He took off the dress and kissed them . He was smooching my boobs! . I accidentally moaned . He chuckled and pecked my lips .

Bayede : Is this helping ?

Me : No but continue

He giggled and sucked my boobs with my hand on his head . I moaned and he groaned .

Bayede : Uqinisa umthondo , let me bring ice better
-You're making my dick erect

I giggled and nodded before he walked out . I exhaled as I rubbed my sore breasts . He came back with the ice and placed it on my boobs . I flinched and he apologised . He moved the ice blocks in a circular way and his eyes darkened , he is horny . This helped so I wiped my boobs dry and wore my dress .

Bayede : Uxolo ngokumithisa Ntombentle uyeva ?

-I am sorry for making you pregnant my lady , do you hear ?

I nodded and smiled . He gazed at me adorably and I blushed .

Bayede : Umhle indlela engathethekiyo wena baby

-You're beautiful in the most unexplainable way baby

I giggled and stuffed my face in his neck . He chuckled and held my tummy .

Bayede : Enkosi ngondenza uTata

-Thank you for making me a father

Me : I would do it again and again

Bayede : Awuzisoli ?

-You are not regretful ?

Me : No

We smiled at each other before slowly moving closer . He cupped my face and I held his arms .

Bayede : I am in love with you

Before I could reply , his lips were colliding with mine in the most sensual and passionate way . I moaned as we tongue kissed . I love him more and it is scary . We pulled out and breathed heavily . He kissed my forehead and we walked back to eat .

Nolwazi : Are you better now ? Pregnancy is no child's play

Lilitha : You are expecting ?

Bayede : Yes we are

Lilitha : I hope they won't make you miscarry too

I chocked on my drink and coughed twice before sneezing . Wait- what ? who ?

The room was awkwardly silent . I turned to meet an angry Bayede but he can hide his emotions very well , almost like he was trained to .

Bayede : Uthini ?

-What are you saying ?

Lilitha seemed shocked and stared at Nolwazi who was very uncomfortable . Tears streamed down her cheeks as she pointed at my future mother in-law .

Bayede : Wabulala umntwana wam Lilitha ?

-You killed my child Lilitha ?

His eyes darkened and he gazed at her without blinking . Lilitha was a crying mess , Nolwazi too . We were all shocked , there's too much drama in here ... I can't handle .

Lilitha : She made me do it

After uttering those words she wailed hard and I swear I was deaf for a second there . We all turned to Nolwazi who looked like she was having an anxiety or panic or whatever but it is an attack . My eyes were widened like my first time seeing my baby daddy's joystick , mhh that one! . Bayede cocked his eyebrow up at his mother .

Simphiwe : Mkhuluwa ?

-Big brother ?

I wished to choke him to death , I want to hear the whole story but no ... he had to intervene . Bayede exhale and looked at him .

Simphiwe : Bhuti ngu Nozala lona

-Brother this is Mom

Bayede : I know

He looked at his mother , I don't know if he is mad or disgusted . Nkululeko helped his wife with a glass of water as she was trembling .

Bayede : Ndicela niphume kwam

-Please get out of my house

His stares were mean and ice cold . They all stood up except Lilitha who was sniffing . I chewed my lip nervously .

Nkululeko : Nyana-

-Son-

Bayede : Not now Tata

-Dad

He cutted his father so harsh that I swallowed on everyone's behalf , that hit hard . Nolwazi walked- I have no idea of a walk of shame but it is somehow like this- out with her head faced down . I cleared my throat after the door shut .

Lilitha : I can explain

Bayede : Sure but for now , leave

I winked at her as she stood up . She nodded and walked out . I helped her to close the door on her face and locked . I turned to see tears streaming down his cheeks . I released a shaky breath before giving him the warmest hug ever . He broke down . I felt my heart wrench , there's something about a

black man's cry . I wouldn't say it is aberrant but rather- rare .

Me : Are you hurt ?

He nodded and I pecked his lips before apologising . I brushed his back as a form of comforting him .

Me : I love you

He couldn't even answer , that is how deeply hurt he is . Bayede just nodded . His head was on my chest and he was staring at the wall . I exhaled , we are expecting to be dealing with such . Not to sound selfish but I need him more . He has to be emotionally stable .

.

.

.

.

I dished for him and took it upstairs to the room so he can eat . I shook him lightly and he flipped his eyes open , he is drained .

Me : I brought you food

Bayede : I am not hungry

Me : Siyakucela

-We are begging you

His eyes dropped to my stomach and a weak smile appeared on his face . He sat straight and pulled me to him before holding my tummy with so much care .

Bayede : I can't wait to meet you

I smiled as he whispered with his husky voice . I held his head so he can look up at me .

Bayede : Enkosi ngondenza uTata , ndiyanithanda

-Thank you for making me a father , I love y'all

We kissed as he rubbed my tummy in a sensual way . I get butterflies just by a mere touch . I love him more . We both ate and conversed since he was a bit better .

Me : I have to go home now

Bayede : Please sleepover , I will drive you to work

Me : Baby no

He rubbed my left thigh whilst pulling a cute face . I giggled and held his hand , this movement is making me feel some type of way .

Bayede : Iyakucela indoda yakho

-Your man is pleading

The voice! I swear I almost nodded but I jumped off the bed and he chuckled .

Me : You charm me in the most weird ways

Bayede : You ride me in the most weird ways

I burst out laughing and he giggled before standing up . We packed my clothes well , I was the one packing and he was just hugging me from behind . I finished and he wore a jacket before carrying my bag for me . I took pictures of us until he was irritated . He drove me home whilst listening to love songs and his eyes beamed with love when avant's when it hurts played . He was humming so angelic that I couldn't help but capture it .

Me : Please sing

He chuckled and kissed my hand . I find this man incredibly handsome when driving . I love the veins in his arms and how he handles the wheel and switches the gear . He is busy but his hand is in between my thighs , just holding them .

Bayede : I will miss you

I kissed him and he massaged my thighs . I will miss his crazy ass . I wonder what did Nolwazi do though but I will find out .

Me : I will miss him

I dropped my eyes to his dick and bite my lip seductively . He pinched my thigh and I hit his chest .

Bayede : Uzokhala

-You will cry

Me : How loud ?

He looked at me shocked with his hand on his mouth before giving out a muffled giggle .

Bayede : What I love about myself is that I am not wearing any belt

I burst out laughing and he smiled .

Me : Please fasten the safety belt

Bayede : Why ?

Me : For safety purposes

Bayede : I am danger to your-

He eyed my abdomen and I blushed . He smirked .

Me : Drive!

He giggled and nodded before doing as told .

I kissed him goodbye before walking inside . I arrived at the perfect time , Kae was cooking .

Kae : I thought you were dead and your body parts were used for new herbs

I scoffed before sitting down . I won't laugh because what she just said is very offending .

Me : That's disrespectful

Kae : I am so sorry

I nodded and washed my hands before helping her peel the veggies .

Kae : How was your stay ?

I told her everything well except what happened today . She was blankly staring at me with her mouth wide open .

Kae : You are pregnant and I don't know ?

Me : I was planning to tell you

Kae : Wow

She chuckled bitterly and chopped the cabbage like in her small mind , it is my head .

Me : Kayise ?

She wore earphones and that made me keep my mouth shut . I began to be sleepy so I put my phone on flight mode . I went back to bed and when I was about to sleep , Kae barged in .

Me : What ?

Kae : I need your weave , where are you bags ?

Me : Shit!

I frantically stood up and wore my robe with sleepers . I told her to drive because I left my bags in Bayede's car . She drove at an average speed . We arrived and parked outside . I took off my safety belt and exhaled .

Kae : I will wait right here

I nodded and went out . I knocked twice at the door and there was no response so I opened the door and did not close it . It was so quiet . I heard movements so I went to the lounge and voila- Lilitha was on top of Bayede .

.
. .
. .
. .

I stood there frozen as I watched them all over each other . His hands were grabbing her ass and she moaned . They pulled out and Bayede pushed her off him .

Bayede : This should never happen

He rubbed his forehead and looked like he was about to cry . He raised his eyes only for them to meet my teary eyes . He jumped up and in a blink of an eye , he was standing in front of me .

Bayede : It was a mistake

I chuckled and felt warm tingles on my cheeks , I am

crying . He tried to touch me but I pushed him off me

.

Me : A mistake ? Let me tell you my mistake .

Thinking that you love me is the mistake I made .

He sniffed and held my arm but I yanked it away from him . I will slap him if he does that again .

Me : Don't touch me , please

I wiped my pouring tears and he was also crying silently . I raised up my finger so he should shut up since his mouth was wide open , ready to spew more lies .

Me : It is over , we are only binded by the life we made together .

I turned to walk away but he held my waist and broke down with his head on my neck . I was trembling from anger as I fought to be free but he wasn't budging . I listened to his heart wrenching cries as I was drowning in my own sorrows .

Bayede : Please don't leave me

I released a shaky breath as I looked up at the ceiling

. I hate my heart for still loving this man .

Bayede : Akhanyile ndicela ucingele intliziyo

-Akhanyile please think of the heart

I cried so hard that my legs began to be wobbly . He held me tight as I wailed .

Bayede : Ndincede ... andifuni ulahlekelwa nguwe

-Help me ... I don't wanna lose you

His warm breath was hitting my skin , sending shivers down my spine .

Bayede : Ndizokuphambana

-I will go crazy

Me : I am sorry

I moved from him and wiped my tears . He shook his head with tears streaming down . His body trembled violently and burped twice before falling down on his knees . He groaned and my heart ached . I ran out crying and Kae welcomed me in a hug as I let it all out .

Kae helped me sit at the back . I was trembling , crying and sniffing . Lilitha ran out looking terrified . Kae went out and snatched her weave before it began to be a catfight . I had to pull Kae away from her .

Kae : SHE CAN'T FIGHT YOU BECAUSE SHE IS PREGNANT BUT I CAN FUCK YOU UP EVEN AFTER HAVING A C-SECTION !!

Me : KAYISE !!

I screamed and she wiped her face before getting inside the passenger's seat . I exhaled and wiped my tears and chuckled before settling on the driver's seat .

Me : You don't have to fight for me Kae

Kae : I am angry , healerbae made you so happy that you forgot even your own rules of not sleeping over

more than once a week but here you are , with a bun in your oven

We both giggled and she wiped my tears . I sniffed and she hugged me tight . She has always been my girl , since day one .

Kae : I still need the weave though , I am going out on a date

Me : I will buy a new one- for you

Kae : Wow I feel so blessed , remind me to punch anyone who messes with you for a free set of hair

Me : Punch Bayede

She looked at me and frowned . I laughed .

Kae : I am not scared-

Me : You are

Kae : I am not but I can't have the underground gang mad at me

I burst out laughing and she gushed over my tummy . I will miss Bayede's random rubs and him cupping my tummy . I smiled sadly and drove . We arrived

and took a shower before sleeping together . Kae loves cuddling , she even sleeps with this gigantic teddy bear . I guess it gives her surety that she is safe and won't be harmed- her past was rather horrific . I sniffed softly as it dawned on me that it is really over . Where to from here ? I will be a pregnant , moody , miserable and single . What a combo- oh I forgot to add sexually frustrated ? Because I surely will miss that weapon of his . Mhh just by the thought of it and the things he does to me- I clenched my thighs . I need water so I turned on the lights and went to the kitchen . I felt uneasy so I turned quickly but there was no one .

Me : You're being paranoid Akha , just breathe

I did the breathing technique and relaxed a little . I poured water in the glass and drank it whilst darting my eyes around the kitchen suspiciously . I swear if it is the boy doing things also known as tikoloshe , I will pee right now and right here . I saw the window open so I closed it and screamed as I heard the glass falling off the table . WHAT IN THE HELL OF WITCHCRAFTS ?? . Kae sleeps like she is drugged

and snores like a dog . I held my breath as my eyes widened at the sight of the broken glass that was safely placed on the kitchen counter .

Me : I swear to God

Tears rolled down my cheeks , baby ? kick just so mommy knows she is not alone . I swear I will die tonight . I held my mouth .

Me : I call upon your name Holy Jesus Christ ,
ndisindise Nkosi

-Save me King

Me : Ndincede mncedi

-Help me saviour

Me : Ndikhusele Kumkani ka Kumkani

-Protect me King of Kings

I felt at ease and I literally ran to my room like I was being chased like my aunt when she one time drank all the money of her stokvel , I had to settle the debt . I love that crook .

.

.

.

.

I yawned and I felt dull today . I need to just see that tall man who made me a mother . I want those compliments that make me feel hot . I need those dick threats when I overstepped the line . Those ass grabs! . I chuckled before standing up to get ready for the day ahead . My head was spinning and I had a dream yesterday- it was very bad , I had blood running on my legs . I don't know if I will have a miscarriage or what but God forbid . I prayed and proceeded with my day . I looked amazing and nothing like my feelings . Julia was her usual hyper self hence I locked my office before crying softly . I feel like something bad will happen . I wiped my tears and worked .

Me : Ouch

I held my forehead and groaned in pain before drinking water . I prayed hard untill I wailed . I decided to sleep on the sofa in here . I slept sniffing .

I woke up and stretched- that was a nap! But I am still unsettled . My cell phone rang when I was drinking water . It was an unsaved number .

Me : Hi?

" Ndim uSimpfiwe "

-It's me Simphiwe

I cleared my throat waiting patiently to chow his head off if he is calling to beg me . I won't go back to his handsome and whoring brother . I can't deal with such toxicity whilst pregnant .

Simpfiwe : Uhm ... Is he with you ?

I batted my eyelashes in shock . He is out and about with Lilitha right ? Stupid of me to think he cared . I exhaled to regulate my breathing pattern . I don't care about him .

Me : Why would he be with me ?

Simpfiwe : Then where the hell is he ? He can't stay out for too long without his traditional beads

Me : What do you mean ?

My heart was beating fast so I sat down . Is he okay ?
I hate him right now but my child still needs a father .

Simphiwe : He took off everything binding him with
the ancestors and we haven't seen him

I opened my eyes wide open . I- I- Where the hell is
he ? .

I drove to Bayede's house whilst praying and tears blinded my vision . I parked and ran inside .

Me : Simphiwe !

I walked to the lounge and was met by his family and a sangoma .

Me : Molweni

-Hello

They all nodded and I cleared my throat , signaling at Simphiwe . The old woman whom is a sangoma was staring at me , my tummy to precise .

" Uzithwele wena "

-You're pregnant

I looked around the room and cleared my throat before sitting down and nodding my head .

" Uzokubuyela nina "

-He will come back for the both of you

Me : Camagu

" Uzakuyi hoye nini lento unayo ? "

-When are you going pay attention to what you have ?

Me : Andiyazi Gogo

-I don't know

" Mhh . You are special to Bayede "

He was directing that to Simphiwe and it is true .

Simphiwe : He raised me

The sangoma chuckled and turned to Nolwazi who swallowed her saliva .

" Uzakuyixela nini inyani ? "

-When are you going to tell the truth ?

Nolwazi : What truth ? Please let's focus on Bayede

We all glanced at her but she tries to act unbothered by our stares . The door opened and Bayede came in , his T-shirt was torn and he was dripping wet , did

he go to the river . He was receiving hugs from everyone but I was dumbstruck . I wished to jump and hug him too but no , I am still very much hurt .

Bayede : Ndicela ihug ?

-Can I get a hug ?

He pulled me to him using my hands . I stood in front of him .

Me : Ndizokubane fever

-I will have fever

He chuckled and caressed my chin . We were gazing in each other's eye . I swallowed and scolded my self for still being affected by him . It is over .

Me : Baye

I held my breath as he lowered his face and his lips were on mine . I clinched on his arms .

Me : Please move

He pecked me with a wet kiss and it sent tingles down there . He saw how I wanted to beg for more hence he pecked me five times and I let him do that .

I closed my eyes and pushed him to the side .

Me : It is over Baye

Bayede : Okay baby

He pecked my lips and ran upstairs . I exhaled and went to the kitchen so I can make something to eat . I am hungry . I made a chicken and cheese sandwich for everyone and I placed the plates on the tray as I felt his presence behind me . I had butterflies . I reminded my heart about what he did . He stood behind me and whispered on my ear .

Bayede : Ndicela uxolo

-Please forgive me

Me : Not now

He exhaled before circling his arms around my waist and cupped my tummy . He kissed my shoulder blades and I exhaled .

Bayede : Ucinga ntoni mama womntwana wam ?

-What are you thinking of my baby mama ?

I pursed my lips and turned to look at him .

Me : I trusted you

He exhaled as soon as I uttered those words . He looked in my eyes and moved his long dreadlocks from his face .

Bayede : Ndicela uxolo Ntombentle , ibingezizo iinjongo zam ukuvisa kabuhlungu

-Please forgive me beautiful lady , it wasn't my intentions to hurt you

He sounded so sincere so I nodded before picking up the tray .

Me : We are still over

Bayede : Okay

He chuckled and spanked my ass before walking out . I giggled and followed him .

.

.

.

.

We ate whilst conversing and Bayede was out with his initiator- the sangoma . He walked in after a few minutes , he was fuming with anger .

Bayede : Tata ndicela uhambe nomfazi wakho

-Dad please go with your wife

Bukhosi : We are older than you even if you earn more ... show respect

Bayede : Ba landele

-Follow them

Nkululeko : Nyana-

-Son-

Bayede : SisNolwazi ndicela uphume

-SisNolwazi please get out

Nkululeko : Ngu nyoko lo

-This is your mother

Bayede : Andinaye umama mna , ungcolile lomntu

-I don't have a mother , this person is evil

Nolwazi : It wasn't your child!

Bukhosi : Mama !

-Mom !

Bukhosi looked nervous like he was low-key panicking . He looked at the floor .

Nolwazi : Tell him the truth!

She was shouting at her older son who looked ashamed .

Bukhosi : I- We had an affair

Bayede : With who ?

Nolwazi : Tell him

Bukhosi : Lilitha

My eyes widened in shock , my mouth hung open . I looked at Bayede and he was just as shocked . His eyes darkened as he clenched his jaws . The drama in this house! .

Bayede looked at me and nodded at his parents .

Bayede : But you had no right to make her terminate

Nolwazi : Bukhosi didn't want the baby so I had to step up since she would pin it on you

Bayede : I won't say thank you , that is still cruel of you

The room fell silent and I swallowed .

Bayede : Ndicela undilandele

-Please follow me

He directed that order to me before running up the stairs . I slowly stood up and followed him to what used to be our room . I closed the door and his lower body was wrapped in a towel . I shook my head and refused to look at his generic chest . I stared at the pillows , yes! That's better .

Me : Uhm ... hi

Bayede chuckled as I drowned in embarrassment . I decided to keep shut since I can't control my mouth .

Bayede : Molo

-Hello

The way he said that! I subconsciously looked up to meet his eyes already gazing at my shy self . I blushed but quickly pursed my lips .

Bayede : Ndikuphoxile

-I disappointed you

I opened my mouth to talk but he placed his cold , long and clean finger on my lips .

Bayede : Kodwa ndisacela singenzi ingathi andikuthandi

-But please let's not act like I don't love you

His gaze was intense and I couldn't hold the tears anymore . He rubbed his finger .

Bayede : Please don't cry

Me : Do you still love her ?

Bayede : Hayi Sisi endincumisana naye

-No , lady that I am dating with

Me : We are not dating Baye

Bayede : Okay ke crush yam

-My crush

He smiled and I rolled my eyes to hide that I am blushing . He chuckled and a giggle escaped my lips .

Bayede : Ndiyakuthanda uyeva ?

-I love you , you hear ?

Me : You don't hurt someone you claim to love

Bayede : Thixo!

-God!

He secretly rolled his eyes of which I found amusing . I sat down at the bed and watched him lotion his upper body with my legs tightly clenched together . He noticed and stood in front of me .

Bayede : Vula amathanga

-Open your thighs

Me : No

He nodded and took off the towel , exposing the weapon that made us parents . Thokoza .

Bayede : Ndicela undithambise crush yam

-Please lotion me my crush

I nodded before swallowing . He handed the lotion to me with a silly smirk . He laid with his stomach on the bed . I sat on his small butt before massaging his back . He moaned and my mind froze .

Bayede : Mama womntwana wam ?

-Mother of my child ?

I exhaled sharply and ran my hands on his back . He moaned softly and I wished to close my legs .

Me : Mntu ophethe isikhali esadubula saphela singabazali ?

-Person carrying the weapon that shot and ended up with us being parents ?

Bayede : Tsi!

He enticed me before flipping me and I was underneath him . I held my breath and kept my eyes closed .

Bayede : Ndisacela umbuke lomntu ukwenze umama

-Please look at the person who made you a mother

I blushed and rolled my eyes inwardly before flipping them open to meet his gorgeous , sand brown and glowing two sets of eyes . He smiled and I did too .

Bayede : Haven't you experienced cravings ?

Me : No

Bayede : This ?

He grinded against me with his hands caging me to him . His dreadlocks hung loosely around my face which meant there were no barriers for us to not gaze at each other . My breathing hitched as he licked his lower lip and bites it seductively . I clutched my nails on his arms .

Me : Please

I whispered as I matched his rhythm using my hips . He chuckled .

Bayede : Please what sweetheart ?

I stared at his appetizing lips and looked at him with begging eyes .

Me : Kiss me

He stopped grinding on me and giggled .

Bayede : Let me take you out on a date , say yes

I nodded before pulling him to me . I smashed my lips on his and he smooched me back . We pulled out and he wrapped me in a hug .

.
. .
. .
. .

It was the following day in the evening and I was dressed in a sparkly red dress . I wore my heels and applied natural make up and tied my hair in a bun . My afro looks great by the way . I brushed my tummy as flashbacks of that dream hit me hard , I should tell Bayede . Speaking of his handsome self , we are

going out on a date tonight . Butterflies were doing the most in my tummy . I giggled and sprayed my perfume before looking at myself in the mirror and wow- I look ready to be ravished . I sat down with Kae complimenting me with every compliment on earth . There was a car bell and we both excitedly jumped up . I took my purse and we walked outside . Lights were flickering and this handsome fool of mine did not let me know that he hired a photographer . The car door opened and he walked out and I swear my eggs were dancing .

Kae : Yho! He is hot!

I blushed as he took calculated and sexy steps towards us . He took off his glasses and stared at me shocked . I was so shy! .

Bayede : Ndizokutshata wena bruh

-I will marry you bruh

I giggled and smiled widely .

Bayede : Umhle wena sisi , awusabacingeli ooKayise

-You're so beautiful , you're not even leaving room for

Kayise

Kae : Wow

I giggled and said sorry to her . Bayede was staring at me the whole time . I couldn't stop blushing . He took off his jacket and helped me wear it . He cupped my face and stared at my eyes , searching for consent so he can kiss me . I gave him the green light to indulge my lips . I held his arms and kissed him too , I love the taste of his mouth right now . It is minty . I pulled out and we breathed on each other's face . He rubbed his forehead on mine and we both smiled .

Bayede : Hey

Me : Hi

We were so shy , it is funny! . I wrapped my arm on his and we walked to the car . He opened the door for me and I went in . He ran to his side and ignited the car .

Bayede : Are you comfortable my lady ?

Me : Yes Sir

We both giggled and he kissed the back of my hand with his eyes fixed on me . I blushed . He drove all the way whilst holding my hand .

Batede : We have arrived

He helped get off the car and we walked to his house . He opened the door and the chair for me . It was a table for two in the centre of the living room . It was nicely decorated and the food smelt divine . We ate whilst conversing like we just met . We finished eating and he helped me stand up .

Bayede : Can I show you something ?

Me : Please

He picked me up bridal style and I laughed as he walked out to the backyard . The landscape here never cease to amaze me . There was a nicely set picnic and a piano . I turned to look at him and he pulled me to the setting .

Bayede : You asked me to sing for you this one time and I never did ... so can I ?

I nodded countless times and he laughed before

kissing my forehead . I sat on the red pillow and watched him settle on the brown wooden chair . He exhaled before looking at me and I smiled .

Bayede : Girl I'm in love with you

This ain't the honeymoon

Past the infatuation phase

Right in the thick of love

At times we get sick of love

It seems like we argue everyday

I know I misbehaved

And you made your mistakes

And we both still got room left to grow

And though love sometime hurts

I still put you first

And we'll make this thing work

But I think we should take it slow

We're just ordinary people

We don't know which way to go

'Cos we're ordinary people

Maybe we should take it slow

Take it slow

This time we will take it slow

Take it slow

This time we'll take it slow

He paused and opened his teary eyes to meet a crying me . I stood up and gave him a warm hug as he sniffed .

Bayede : Please don't leave me , ndiyaphambana ngaphandle kwakho

-I am crazy without you

I sniffed as he held me tighter .

Bayede : I won't break your heart again , I swear .

Ndibuyele ekuqhumiseni impepho qho ebusuku ngoba azikho ezimpundu

-I went back to burning impepho because this ass is

not there

I burst out laughing and hit his chest as he smiled .
He smooched my lips passionately and I did the
same . I wrapped my arms around his neck and
stroked his dreadlocks .

He squeezed my ass and pulled out .

Me : Your voice! I love it

He smiled and pecked my lips .

Me : That was a verse from Ordinary people by John
Legend right ? Wow

He giggled and laid his head on my cleavage .

Bayede : Ndicela undenze indoda yakho kwakhona ?

-Please make me your man again ?

Me : Ndiyavuma

-I agree

He stood up with me and I wrapped my legs around
his waist as he span me around . I laughed and he
stopped before giving me a heartfelt kiss . I love him!

I took off the heels and remained on the sofa .

Bayede : Uright Mithi-Matha wam ?

-Are you alright my Mithi-Matha ?

I exhaled and wiggled my toes . He cocked his eyebrow up and sat down before placing my feet on his lap . He massaged them and I relaxed , it felt good .

Me : I need clarity

Bayede : Baby-

Me : I need you to tell me nothing but the truth

He exhaled sharply and nodded .

Bayede : Ask

Me : Lilitha ... tell me about your relationship with her

Bayede : We were just fucking , yes there was lust

but not love

He kissed my feet and I nodded .

Me : What did you dream of ?

Bayede : You

Me : What about me ?

He released a shaky breath and looked at the ceiling .

Bayede : Blood was running from your abdomen ,
thighs and all the way down to your legs

I swallowed and he shook his head and kissed my
toe .

Me : So I will miscarry ?

He rubbed his eyes and tears rolled down his cheek .
I fought my own tears .

Bayede : No

I nodded and exhaled .

Me : Is it me that you are stringing along ?

He rolled his teary eyes and I almost chuckled .

Bayede : How can you string along a person you are

insanely in love with ? I can't lose you

Me : Why would you lose me ? Did you do something
Baye ?

Bayede : No , I did nothing

He exhaled and rubbed his forehead in frustration
before staring at the ceiling .

Me : Why would-

Bayede : Ndikuvile Ntombentle

-I heard you beautiful lady

I cocked my eyebrow up and he glanced at me
before staring at the ceiling .

Bayede : Ancestors

Me : What do you mean ?

Bayede : Can we please not talk about this ?

Ndizokukhala mna

-I will cry

I giggled and nodded before telling him that I am
tired . He picked me up and placed me on the bed . I

took off my jeans and dozed off . Bayede and I cuddled . He rubbed my thighs and kissed my neck . I moaned .

Bayede : Baby ndicela ukolatha lamhlaba ndityale kuwo imbewu yam ?

-Baby can I stroke the womb I planted my seed in ?

I blushed and kept my mouth and eyes shut .

Me : Mhm-Mhm ... sleep

He exhaled and pressed his erection on my ass . I was beginning to be horny too .

Bayede : Baby masiqinise ifokotho

-Baby let's strengthen his/her head

I giggled and turned to look at him . His eyes were dark . He licked his lips and gave me a wet kiss which made other places wet .

Me : Uthini baby ?

-What are you saying baby ?

Bayede : Ndicela ukutya ?

-Can I fuck you ?

I laughed and he giggled too . He is done with the sweet talks , the beast is unleashed . We kissed and made out .

Bayede : Baby vula amathanga

-Baby open your thighs

His dreadlocks hung loosely . He is so damn sexy . I slightly parted my legs . He kissed my neck .

Bayede : Vula lamathanga Akhanyile

-Open these thighs Akhanyile

I stretched my legs . I swear my bones shifted . He kissed my nose and thanked me before fucking me like he hates me .

.

.

.

.

I was at work and it was such a hectic day . I think

what was most frustrating was balancing Lemihla Con.'s finances . That company is used as a laundering , it is not only Simphiwe . At lunch time , I bought food and drove to Bayede's office . He was in a meeting so I waited until he was done .

Bayede : Hey Ntombi yam

-My girlfriend

I smiled widely and he laughed before pecking my lips and licked my cheek that was full of sauce .

Bayede : I am famished , enkosi va ?

-Thank you , you hear ?

Me : Ndiyakuthanda kaloku

-It's because I love you

Bayede : Phanini

I giggled whilst blushing . We ate and he told me that there is a board meeting , concerning the termination of the contract with Lilitha's company .

Me : I can handle it for you

Bayede : Sure . Ndiyabulela Ntombentle

-I am grateful beautiful lady

Me : Cela undiculele

-Please sing for me

He laughed and tilted his head to the side whilst gazing at me with adoration . I blushed and pursed my lips .

Me : Stop looking at me like that !

Bayede : Ndikujonga njani baby ?

-How am I looking at you

Me : Ndimithiswe yilo look

-I am pregnant because of that look

He burst out laughing and choked . I had to stand up and hit and rub his back . I passed him water as I was also dying with laughter .

Bayede : Baby uyandicisha

-You're killing me

I laughed too and he wiped my tears of joy . Bayede pulled me to his lap . I wrapped my arms around his

neck and we kissed . I love him! . I had to prepare for the meeting . After I was done , I went inside the boardroom .

Me : Greetings

They nodded in unision and Lilitha was brewing with anger .

Lilitha : Where is Bayede ?

Me : Mr Mthombo to you . I will be his stand in for today

I sat down on his chair and watched them , they were not pleased . Good thing is , I don't care .

Mr Makina : We are all gathered here because we have questions of why did Mr Mthombo terminate the contract

Me : He knows best

Mr Linga : Elaborate

Me : I am an accountant . We can all see that the company makes no profit . We will inject it with cash and then what ?

Lilitha : We ? You may fuck with Bayede but you are not a part of this company

There were gasps . I almost cried . I hate public humiliation but I sucked it up . Bayede walked in .

Bayede : Since we are focusing on our bedroom issues . Let it be known that I lit impepho every night because she fucks me good that I don't want to age and risk not having an erection

The board members gasped and that my friend , boosted my ego .

Me : Moving to the matter at hand ...

He winked and I blushed as he sat down at another chair . We reached a decision which is to terminate the contract and Lilitha was livid . Who was more furious was Mr Makina . He pulled me to the side when the meeting was adjourned .

Me : Mr Makina ?

Mr Makina : You handle the finances of this company . I don't know if you're stupid because of that dick-

Me : Excuse me ?

I cocked my eyebrow up as I clenched my jaws . He is being very disrespectful . He refrained .

Mr Makina : This company makes a lot of money . How do we explain it if we go around terminating contracts ?! Contracts that we need

Bayede noticed the tension between us and studied my body language so I relaxed . This is interesting , I don't need him walking towards us .

Me : I may be stupid but I can analyse . You are using this company to launder your own money right ?

He swallowed and shook his head . I smiled .

Mr Makina : Nonsense

Me : I hope so because if Bayede finds out ... mhh

I bid him goodbye and waltzed out of the boardroom . Bayede walked me to my car . I drove to my workplace and Mr Mtyholi decided to chose this day to be his surname , devil . I called Bayede so he can prove that I was held up in his company .

Bayede : Ndi busy baby , ndisacinga iposition
yokutya ngayo

-I am busy baby , I am thinking of a position to fuck
you in

I clenched my thighs and cleared my throat .

Me : Mr Mthombo , was I in your company ?

He read my tone and probably sensed that now he is
on loudspeaker .

Mr Mthombo : Yes , I asked you to attend the board
meeting that was mainly about the financial state of
the company . Thank you for that , I will send a gift to
you and Mr Mtyholi

The devil smiled and we concluded the call before
hanging up . God! .

I drove to my house after work . Kae felt my forehead as soon as I walked in . I rolled my eyes .

Kae : Is this you ?

Me : No

She laughed and we hugged . I love her .

Kae : Hello , hey punkie bear

She rubbed my tummy and I smiled before showing her the scans . We talked about everything .

Kae : If I could only get that Simphiwe

I laughed and brushed her off . I won't entertain her little crush . I took a shower and switched on my cell phone when I was done . Missed calls and messages flood in . I called Bayede first . He picked up almost immediately .

Me : Missing me ?

Bayede : You did not inform me that you are not coming

Me : It slipped my mind baby , uxolo

-I am sorry

He exhaled , he was panicking .

Bayede : Can I see you ?

Me : No

Bayede : Please

Me : No

He refrained and we chatted a bit . I wanted to tell him about Mr Makina but I should wait first . He insisted on meeting with me but I declined . I applied lotion and wore my sleepwear . I dozed off whilst watching funny videos on my phone . I woke up in the middle of the night because my back was burning . I screamed and Kae rushed in .

Kae : What is wrong ?

Me : My back hurts

She took my oil and rubbed me with it on the back and I was sweating . This pain is intense .

Kae : Is it better ?

I shook my head as tears rolled down my cheeks . Kae made chamomile tea and called Bayede using my cell phone . I stuffed my face on the pillow and cried . This isn't a normal backache! . In a few minutes , Bayede was banging the front door . Kae went to open for him and he was shouting my name . He opened my room door and stood at the same place . I looked at him as he shook his head whilst shivering . He stared at Kae for a 3 good minutes . He loves to stare at people! . Kae looked away . She looked very uncomfortable under his gaze and I know how it feels . Bayede crouched in front of me and kissed my forehead .

Bayede : Ndisacela uhambe nam Ntokazi

-Please come with me my lady

I nodded and he exhaled with relief . He packed my clothes and wrapped his traditional cloth around my waist . Tears formed in my eyes .

Bayede : Hey , ucinga ntoni ?

-What are you thinking ?

I wiped my tears and released a shaky breath .

Me : Will I miscarry ?

He stared at Kae . I looked at Kae too and she looked nervous .

Bayede : Stay with me or buy a new house , undimamele ?

- Are you listening to me ?

I nodded and he burped . He zipped the bag and asked how is the pain . It was bearable .

Bayede : When you buy your house again , Kayise must stay here . You have to go your own separate way . It is safer that way

I looked at Kae . I was very much confused . I exhaled and rubbed my waist . Bayede is speaking in riddles and it upsets me . He picked me up like I am a sack of potatoes . I was in pain and had no time to complain .

Kae : Have a safe journey

Bayede : Deep down , we both know that you don't wish that upon us

Me : Bayede this is my friend!

Bayede : And I am your enemy ?

Me : No but-

Bayede : I am your man Akhanyile . I see beyond the naked eye

Me : Okay uxolo

-I am sorry

Bayede : Ncamisa indoda yakho ke

-Kiss your man then

He pouted and I giggled before pecking his lips .

Bayede : Enkosi

-Thank you

I smiled and he closed my door . I waved at Kae .
Bayede lowered my seat and made sure that I am comfortable . He drove to his house .

.
. .
. .
. .

Bayede bathed me with herbs . I had a headache . He dried my body and massaged me with oil . He lit impepho and candles before praying for me . I wiped my eyes .

Bayede : Ndicela nindikhusele lo sisi nenzala yam ,
camagu

-Please protect this lady and my seed

Me : Camagu

He packed his things and turned off the candles using his fingers . He picked me up from the hut to his room . He made me sniff impepho to help with the headache . He also boiled water and poured drops of eucalyptus to the water . He brought the cup to my nose and I sniffed the smoke . I felt better and thanked him .

Me : How are you feeling ?

Bayede : Exhausted

He rubbed his eyes and got inside the covers with me .

Bayede : I don't really like my ancestors right now

Me : They are behind this ?

Bayede : Ewe kwaye ndicela uxolo Ntombi yam

-Yes and I am sorry my girlfriend

I released a shaky breath and nodded .

Me : Why are they doing this ?

Bayede : I can't lose you

Me : What do you mean ?

Bayede : Just that . They don't care about what I want

Me : Ufuna ntoni wena ?

-What do you want ?

Bayede : Ndifuna wena

-I want you

I smiled and brought his head closer to my chest .
He laid his head on my boobs and relaxed .

Me : You won't lose me baby , trust me you won't

I whispered and ran my hands on his dreadlocks . He
dozed off and my phone rang . It was a private
number .

Me : Molo

-Hello

" It's Mr Makina "

Me : Oh hi , didn't expect this

Mr Makina : Please don't inform Mr Mthombo

Me : About ?

Mr Makina : The money laundering thing

Me : Oh that ? Why shouldn't I tell him ?

Mr Makina : I will do anything you want

Me : Be specific Sir

Mr Makina : I will pay you half a million

Me : I need something valuable

I shifted and made sure Bayede was asleep .

Mr Makina : Which is ?

I smiled and played with Baye's dreadlocks .

Me : Your shares

Mr Makina : WHAT ?! YOU MUST BE INSANE

I giggled and dropped the call . He will call me if he is serious .

I woke up and cleaned around the house . I made breakfast and set up the table . Bayede was standing on the stairs , yawning . I smiled at him .

Bayede : Why are you so happy ?

He hugged me from behind and I soaked in his warm embrace .

Me : It's a beautiful day to be alive , can I ask you something ?

Bayede : Shoot

He pecked my lips and sat down before indulging his food .

Me : You own 50% of Lemihla Con. right ?

He nodded and licked his fingers . He is so adorable right now .

Bayede : Yes , I do

Me : Mr Makina ?

Bayede : 30%

I smiled and wiped his lower lip before kissing him .

Me : If he is selling , you would buy them right ?

Bayede : I would own 80% so yes , I would

Me : But ?

Bayede : He would never sell his shares , trust me

Me : I see ... if someone than Simphiwe is also using your company to launder their money ... what would you do ?

Bayede : You don't want to know

I swallowed and forced a smile . He is very dangerous when he needs to be . I dished for myself and ate whilst we conversed .

Me : I have been thinking about the idea of buying a house

He coughed and hit his chest .

Bayede : For now , please don't

Me : Why ?

Bayede : I am planning something

I giggled and he smiled at me charmingly .

Bayede : Ndicela siyobona obu bomi sibudalileyo ?

-Can we go and see the life we created ?

I blushed and nodded .

Me : The appointment isn't today

Bayede : Baby please , ndivumele ndibuke isiqhamo sothando lwethu

-Allow me to watch the fruit of our love

He caressed my chin and I blushed , I can't deal with him! . He lowered his face to mine and we kissed . I held the back of his head and he made me sit on his lap . I moved my waist and he grabbed my ass . I pulled out and took off his vest .

Me : Can I ride you ?

Bayede : Ride'a indoda yakho bawo

-Ride your man bruh

We both giggled before kissing again .

.

.

.

.

We were driving to the doctor's office . Bayede was so excited . I hope and pray to God that I don't miscarry because it will break this man more . I exhaled and we walked in . I told the sonographer that we want to perform the dating scan , again . He showed us a glimpse of the life we created . Bayede was so emotional .

Bayede : I can't lose this

He sniffed and I brushed his knuckles . I wonder what is it that their ancestors are against . He asked for the scans to be printed . He took me out again , I will get used to these random scans and outings .

Bayede : What are you craving ?

Me : Meat baby

He chuckled and said we will drive to a shisanyama then . I excitedly clapped my hands and he smiled .

Bayede : I am in love with you

I blushed as he caressed my chin . He pecked my lips twice and drove . We arrived and he bought take-aways so we can eat at home . He received a call but declined it . His phone rang again and he declined it before turning on the radio . I cocked up my eyebrow at him . He glanced at me and continued driving .

Me : Who is that ?

Bayede : An unimportant person

Me : Let me see

Bayede : Let's not go down that road

Me : You are acting suspiciously

Bayede : Don't raise your voice , kukho umntwana apha

-There's a baby here

He held my arm and I snatched it .

Me : Don't touch me !!

Bayede : Baby please

He tried to hold my arm again but I gave him a death stare .

Me : I swear to God , if you touch me again ... you will see heaven

Bayede : Yho

He covered his mouth with his hand and acted shocked . I clicked my tongue .

Bayede : I- ...

His phone rang again and he declined it . I flipped and asked him to stop the car . He remained tranquil .

Me : STOP THE CAR !!

Bayede : I won't do that

He took out his mint gum and chewed it . I opened the car door and he didn't stop the car .

Bayede : Jump ... but you better not be injured because I will fuck you up

I swallowed and closed the car door . I wore the safety belt and crossed my arms whilst looking outside the window . He held my thigh and I moved his warm hand from me . I wish to choke him with his long dreadlocks .

We arrived at home and he locked the doors using central lock . I huffed and looked away .

Bayede : Uqumba njani umhle kangaka ? Mhh Mithi-Matha wam ?

-How can you be mad whilst this beautiful ? Mhh My Mithi-Matha

I pursed my lips to avoid smiling . I heard him chuckle before making me look at him .

Bayede : Baby ? Ina jonga

-Baby ? Here , look

He made me look at his call list . It was Mr Makina . I panicked , why is he calling him ? .

Me : Mr Makina is laundering his money in Lemihla Con.

He cocked his eyebrow up in confusion . I chewed my lower lip nervously as he gazed at me .

Me : I was going to tell you but after I have persuaded him to sell his shares

Bayede : Oh ?

I wiped my forehead . I am not used to being the one trying to make amends .

Me : I am sorry

Bayede : Okay , ncamisa indoda yakho

-Kiss your man

I pecked his lips and walked out before he reversed the car and speed off . I exhaled . I called Simphiwe and told him what just happened and he told me not to worry . I went to urinate before sleeping . Bayede shook me and I checked the time , it was late .

Me : Uvela phi ?

-Where are you coming from ?

Bayede : Mr Makina

I cocked my eyebrow up at him .

Bayede : Baby andithandi ukulwa hence I avoid fights

-Baby I don't like fighting hence I avoid fights

Me : You avoid fights because you don't like them ?

Bayede : I once fought with my half sister and she drove out still mad , she never came back

Me : What do you mean ?

Bayede : She died on a car accident

I pulled him to me and we hugged .

Me : Do you blame yourself ?

Bayede : Kakhulu

-A lot

I exhaled and rubbed his back . It wasn't his fault thou . I pecked his forehead .

Me : Did you perhaps hit Mr Makina ?

Bayede : Ndinomntu ofuna uTata kum . I can't go around beating people and risk going in jail

-I have a person who needs a father from me

I smiled and he looked at me with his charming

smile . He is so handsome .

Me : You will be the best dad ever

Bayede : Ndiyabulela Ntombentle , enkosi
ngondenza uTata

-Thank you beautiful lady , thank you for making me
a Father

I blushed and nodded as he rubbed my tummy . We
kissed and he showed me his home screen . It was
the scan of our baby .

Bayede : Qho xa ndicinga umfaka noba linqindi
uMakina , ndijonge le lock screen ndiqonde ba it's
not worth it

-Everytime I think of punching Makina , I look at my
lock screen and know it's not worth it

I laughed and he giggled because he is exaggerating .
He is one of the most calmest people . He hardly
loses character .

Me : Are you not mad at me ?

Bayede : I am

Me : I am sorry

Bayede : I understand

I exhaled and he made me rest on his chest .

Bayede : Can I tell you something ?

I nodded and the door knob turned after a light knock .

Bayede : Simphiwe is my sister's child

The door opened , exposing a shocked Simphiwe . I quickly jumped up . Bayede was rooted on the same place with his mouth hung open . This is why Baye's initiator asked Nolwazi when is she telling the truth .

Simphiwe : Mkhuluwa ?

-Big brother ?

He clenched his jaws and walked out before Bayede can respond back . We shared a look before running to his bedroom .

.

.

.

.

Simphiwe was not opening the door . We only heard him groaning and sounds of crashing furniture . I pulled Bayede to the kitchen because he was hurt , proly regretting telling me from the first place .

Me : He will be okay , be strong for him okay ?

Bayede : Everything seems to be falling apart , spiraling out of damn control

He clenched his jaws as his breathing pattern changed . Veins were popping on his forehead . He hit his head multiple times with the palm of his hand .

Me : Secrets have a way of coming out

Bayede : But not now ! I am dealing with a lot already . We have a damn child on the way . I am losing brotherhood and I swear ... I won't lose you

He rubbed his face in frustration . I held his shoulders so he can look at me .

Me : Everything will be fine , trust me

He nodded and I pecked his lips . Every family has it's own secrets but this one ?! The Mthombo family ? They should even consider a reality TV show . Keeping up with the secrets .

Bayede : Please call umama

-Mom

He handed me his cell phone and said he needs to regroup his thoughts . I nodded and called Nolwazi for him . I told her that it is urgent and she said she will be right here . A few minutes later , she walked in flying . Nkululeko was holding her crisp white designer bag .

Me : Uhm ... Simphiwe knows about him not being your paternal child

Her mouth was wide open . Bayede walked in and rage displayed on her eyes . She is short and very mad .

Bayede : I was talking to Akha-

Nolwazi : Shut up!! You shut the hell up

Bayede : Ndicela intlonipho Mama

-Mom please respect me

Nkululeko : Don't shout at him ... you know how he gets

Nolwazi : I BROUGHT YOU INTO THIS WORLD AND I CAN WIPE YOU OFF IT !!

We swallowed and Bayede looked down , playing with his fingers . He is so cute right now .

Nolwazi : I don't care about what you whisper in each others ears but our family matters don't concern her !!

I exhaled and Bayede looked at me . He was about to talk but I shook my head .

Nolwazi : Noba ushushu but kude uxele iindaba zekhaya ?

-Even if she is hot but to an extent of telling the family issues ?

Bayede : Istove xa sibekwe ku 6 , ndithini Nozala ?

-When the stove is on 6 , what should I do Mom ?

I was so embarrassed . I avoided eye contact but

stole a glance at Nolwazi . Softness fell on her face but still reprimanded him .

Nolwazi : You are not married so please

Bayede : Then marry me , Nditshate Ntombentle

-Marry me beautiful lady

My bouth dried up . My lungs were not functioning properly . I widened my eyes in shock . What the hell
?!

Simphiwe walked out of his bedroom . Thank heavens .

Me : We will talk

I whispered that to Bayede and he chuckled before nodding . I walked to the bedroom after giving Simphiwe a small pat on the back . I exhaled and decided to call Kae after settling on the bed . She wasn't answering . I received a call from my father as Bayede laid on the bed .

Me : Tata ?

-Dad

Vukile : Umithi wena Akhanyile ?

-Are you pregnant ?

I coughed and hit my chest twice . Bayede cocked his eyebrow up and signaled me to hand him the

phone .I shook my head .

I blushed so hard , the way he talks is sexy . This
Xhosa man! . He looked up at me and smiled .
Nolwazi's son! . My dad chuckled .

Vukile : Zithini iinjongo zakho nge ntombi yam ?

-What are your intentions about my daughter ?

Bayede : Ndizakumenza umfazi wekhaya lam lo sisi .

Vukile : Uyindoda

-You're a man

We both smiled at each other . He was so shy! It is
funny . I walked to the bathroom to pee and giggled .
He concluded the call and knocked before opening

the bathroom door .

Bayede : Awubaweli siyoqubha ?

-Don't you want us to go and swim ?

Me : Uyakwazi uqubha ?

-Can you swim ?

He laughed and tilted his head to the side . He is extremely adorable . I giggled and wiped my self before washing my hands .

Bayede : I never drown

He looked at me and his eyes trailed down to my abdomen and he did a sexy lip bite . My breathing hitched . He chuckled and pecked my lips .

Bayede : Can we have this day to us ?

Me : Ewe but we need to talk

-Yes

He raised his eyebrow and nodded reluctantly .

Me : I feel like we haven't focused on our relationship ngoba you are too caught up in your family issues

He exhaled and circled his arm around my waist . I placed my hands on his chest .

Bayede : Ndicela uxolo Sthandwa sam

-I ask for forgiveness My love

I smiled and pecked his lips .

Me : It's fine baby , ndiyakuxolela soka lam

-I forgive you my boyfriend

Bayede : I won't say this is who I am qha I promise to balance my duties

-But

I smiled widely and nodded . He pulled me closer to him and massaged my butt . We gazed at each other .

Bayede : Namhlanje ndicela ukonwabisa ?

-Today can I make you happy ?

Me : Yes Sir

We both giggled and kissed before hugging . I am in love with his whole being .

.
. .

I wore my leather pant and a white blouse with pointed nude heels . I combed my afro and applied make up .

Bayede : Baby I can't-

I turned and he froze on the spot . I giggled as his mouth hung open .

Bayede : Wow

He looked at me unbelievably ... as if I am the only thing that matters in this room .

Bayede : Iza apha Mama womntwana wam

-Come here Mother of my child

He gave me his hand and I placed mine . I shyly walked to him .

Bayede : Umhle wena sisi endincumisana naye

Bayede : Siyabulela nomntwana wethu ngokuba uye wakhetha thina ... ube ngu mama we khaya lethu

-Our child and I are grateful that you chose us ... and be the mother of our home

I blushed and looked away . The way he is looking at me! I will give this man triplets if he doesn't tread carefully . He chuckled and caressed my chin .

Bayede : Ndicela ukuthanda ?

-Can I love you ?

Me : Ndithande baby

-Love me

We both giggled and I stuffed my face on his neck .

Bayede : Ima ndiyonxiba

-Wait , let me go and wear

Me : Ha'ana ... I want to stay like this

-No

I sulked and wrapped my arms around him . He chuckled and kissed my neck before hugging me tighter . I smiled . He wore a simple outfit after I told him that we are going to the salon . He looked sexy on the semi-formal outfit . We kissed and we headed to the salon first .

Me : Should I do braids ?

Bayede : Uyazifuna?

-Do you want them ?

He caressed my chin and stared at me charmingly .

Me : Andiyazi kaloku baby

-Will you be able to wait that time my Mithi-Matha ?

I blushed and nodded .

I rolled my eyes and pecked my man's lips before sitting down .

Bayede : Ungamtsali , simithi

-Don't pull her hair hard , we are pregnant

The hairstylist giggled and assured him after congratulating us . She did my hair and it wasn't that painful . Bayede took pictures of me and videos . I smiled and blew a kiss at him . He went out to buy snacks and came back . I munched them alone and he would wipe my cheeks which the ladies found cute .

Bayede : Uggqibile baby ?

-Are you done ?

Me : Ibuhlungu lento

-This thing is painful

Bayede : Uxolo kaloku

-I am sorry

He rubbed my tummy and pulled my bottom lip .

Me : Okay . I will do nails , which colour and shape ?

Bayede : Ibalulekile lonto ?

-Is that important ?

He looked confused . I laughed and nodded .

Bayede : I love this shape you have

Me : Coffin shaped ?

He cocked his eyebrow up . In his head I am proly inviting death to the family and his ancestral being no longer likes this shape . He nodded reluctantly and I giggled .

Me : Colour ?

Bayede : Umhle la nude xa edibene ne ring

-That nude is beautiful when matched with a ring

He smiled charmingly and I rolled my eyes after giggling . He wasn't joking about marrying me ? . I am not even sure that I want to get married .

Me : Enkosi va ?

-Thank you , you hear ?

I pulled his goatee and kissed his lips . He pursed his lips . Is he blushing ? I giggled . I did my nails and my hair was done . I looked amazing! . We stood up simultaneously from our chairs . He slipped his phone in his pockets and gazed at me with his brown eyes . I shyly looked away as he walked towards me .

Bayede : Uxolo sisi , ndiphandlewe bubuhle bakho

Me : Ouch !!

I turned and stuffed my smiling self on the pillow so he can think that I am still mad . He slapped my exposed butt . I screamed .

I laughed and hit the bed with my hand . I am dying in laughter .

Bayede : I am not joking . Uyayazi i'oven xa ibekwe ku230 ?

-Do you know an oven when it is on 230 ?

I wiped my tears of joy as I was still amused . He giggled and held my thigh .

Bayede : Nje ngokuyi cinga

-Just by thinking of it

He made me look at his erected weapon . I blushed and looked away shyly .

Me : Ufuna ukundichamisa ?

Bayede : Ndicela ukuzifumana ? Ndicela undivumele ndifumane ukuthula ?

-Can I find me ? Can you please let me find peace ?

I blushed and we stared in each other's eyes .

Me : I will shave

Bayede : Everytime you shave , ndiqhumisa
imphepho then ndilile

-I burn impepho then cry

I laughed because he is lying .

Me : Why ? You love it bushy ?

He spread my legs apart and slowly raised my leg up
. He kissed my neck , sending vibrations down there .

Bayede : The bush is my source of being Sthandwa
sam

-My love

I opened my mouth to answer him but he glided
inside of me slowly . I moaned lovingly and he
moved his waist . I love making love with this man! .

.

.

.

.

We took a shower and wore our clothes . He laid on

the bed and kept on complaining of how empty his stomach is . I told him to do a room service but he said he wants food cooked by me . He will starve .

Me : Bayede uyangxola

-You're making noise

He mumbled something under his breath as I wore my heels .

Me : Ndidiniwe mna

-I am tired

Bayede : Udiniswe yintoni wena Sthandwa sam ?

-What made you tired My love ?

He looked at me sexily before standing up and pulling me to him using my hand . I giggled and placed my hands on his generic chest .

Me : Siskhali sakho Mntobomvu

-It is your weapon Mntobomvu

Bayede : Esadubula kwathini ?

-That shot and what happened ?

Me : Ndamitha Ngconde

-I got pregnant Ngconde

He smiled and stepped closer to me whilst gazing at me .

Bayede : Okay , kulungile xa ndinokuthi Mama womntwana wam xa ndikubiza ?

-Is it okay that I call you the mother of my child ?

Me : Awonanga mntu Mkwayi . Ndizokusabela

-You wouldn't be causing problem . I will answer

Bayede : Mama womntwana ?

-Mother of my child ?

Me : Bhuti ondithembe ngembewu yakhe ?

-Man that trusted me with his seed ?

He pursed his lips to hide the fact that he is blushing . I blushed too .

Bayede : Ndisacela wenzele Indoda yakho ukutya

-Please make food for your man

Me : Masambe soka lam

-Let's go my boyfriend

We both giggled and kissed . He picked my bag and the car keys before we checked out of the hotel . We drove to his house and I made a quick meal for the both of us .

Me : Uyasokolisa

-You're such a hassle

Bayede : I love you more

He caressed my chin and ate his food . I low-key love this .

Me : How is Simphiwe ?

Bayede : Ebezikrazula nesikipa , esithi ayikho into ayiphilelayo . His life was a lie qonda andise handsome , he should be thankful we are related

-He was even tearing his T-shirt , saying that he doesn't know what he is living for . His life was a lie and I thought how ? When I am this handsome ? He should be thankful we are related

I burst out laughing . He is such a liar . He giggled and chewed properly .

Bayede : He is fine ... I guess . It wasn't that hard to take in since Nolwazi didn't really master the mother's role . I raised Simphiwe myself . He knows he lacked nothing even without My parents presence

I nodded as he shrugged nonchalantly . I drank his juice .

Me : Did you raise him because you were ... guilty ?

He stopped chewing and exhaled after a lot of thinking .

Bayede : No , Namhla left him for me . Sisiphiwo sam esisuka kuSisi

-He is my gift from my sister

I smiled and he told me to go and rest since I am tired .

Me : I will wait for you

He chuckled and washed his plate and placed it on it's place . He cleaned the table whilst we conversed .

Bayede : Izapha ke baby

-Come here baby

He picked me up and walked upstairs to his room . I was really drowsy . He kept on kissing my eyelids in order to keep me awake . We slept on the bed with my head on his chest . He stroked my braids gently .

Me : If we do get through this pregnancy , what name will we name him or her ? I was thinking of Phumelela

He flinched proly at the thought of me loosing the baby . He exhaled and hugged me tight . He feels warm! .

Bayede : We will get through this ngoba uThixo linyange lemihla

-God is an everyday healer

Me : Lemihla ... the name of your company ?

Bayede : Ewe Sthandwa sam

-Yes My love

I smiled as I fell in love with this name and how deep it means . It's so rare .

Me : Lemihla Mthethwa

He chuckled and kissed my forehead .

Bayede : Ngu Mthombo lowo

-That is a Mthombo

Me : You haven't gotten on your knees

Bayede : Noba ucinga uwenze njee amazipho ,
ndizokufaka iring

-You probably think you did your nails just because , I
will marry you

Me : Uyozela

-You're sleepy

He burst out laughing . He even called his dad .

Bayede : Taimer ndicela isandla sakhe emtshatweni
lo sisi usecaleni kwam uthi ndiyozela

-Taimer I am asking this lady besides me her hand in
marriage and she says I am drowsy

We all laughed and I was shy .

Nkululeko : Awuse handsome nyana

-You're so handsome my son

We burst out laughing .

Bayede : Qonda andiseyo crush ye cherry ka tatakho

-I was like I am your mother's crush

Nkululeko : Awuseyo type

-You're such a type

Bayede : Andiseyo sauce ku nina

-I am such a sauce to your mother

Nkululeko : Awuseyo ultramel

-You're such an ultramel

Bayede : Ngokuya wayendi hug'a umamakhe
wandihlebezela ba andiseyo cream

-When her mom was hugging me , she wisphered to
me that I am such a cream

I burst out laughing and hit his shoulder . I swear he
is killing me with his silly jokes . I choked and he
concluded the call before bringing me water . I drank
whilst laughing . He was also amused .

Me : Ndizokuxela ku Tatam

-I will tell my father

He laughed and kissed my forehead . We cuddled with him making me laugh . I never knew there was more in dating a healer . I love this! .

I woke up pretty early . Bayede was still deep in his slumber . I yawned and kissed his lips . I brushed my teeth and face before rubbing my tummy . I smiled whilst starrng at my reflection on the mirror .

Bayede walked in and hugged me from behind with his hands on my tummy . He kissed my neck and I giggled .

Bayede : Hey crush yam

-My crush

I laughed whilst blushing . We were starrng at each other's reflections on the mirror .

Me : Good morning Tata womntwana wam

-My baby's father

Bayede : Awusemhle , ubuhle bakho abuqheleki

-You're so beautiful , your beauty is something I

never get used to

Me : Yho ndiyakwazi ke wena baby

-I know you

I blushed and turned to him . His voice is deeper in the morning . I pecked his lips and wrapped my hands around his neck .

Me : Ndiyahamba namhlanje

-I am going today

He frowned and grabbed my ass . I giggled .

Bayede : Baby ndiyagodola xa ungekho

-I am cold when you aren't there

Me : Ikhona iheater Baye , I am going home

-There's a heater

Bayede : Awundithandi wena bruh

-You don't love me bruh

He sulked and I laughed at him , he is such a big baby . We took a bath and wore his tracksuits . I bent and tied my shoelaces . He grinded on my ass and

dry humped me . I stood up and we kissed .

Me : I have to go

Bayede : I understand baby , I need to sort something at the office today

He pecked my lips and tied his dreadlocks using my pink hairband .

Me : Who will take you serious with a pink hairband ?

Bayede : A person in love

I blushed and he chuckled . I love how he manages to charm me effortlessly .

Me : I will prepare breakfast so long

He nodded and I walked downstairs . Simphiwe was eating cereal .

Me : Hey

He looked up and he smiled at me . I swear this family was taught to always conceal .

Simphiwe : Umhle

-You're beautiful

Me : Enkosi ... Breakfast ?

-Thank you

Simphiwe : Sure

I took out the ingredients and made food for all 3 of us .

Simphiwe : Which career pays the most ?

I raised my eyebrow whilst frying the patty burgers . I chuckled .

Me : Which field do you see yourself in ?

Simphiwe : I want to be an accountant

Me : You should be a lawyer , you can interrogate a person!

I laughed alone and turned to find him with a silly smirk .

Simphiwe : I am a hustler which means I don't live by law ... but if I am a lawyer , I wouldn't be a prime suspect ... right ?

Me : Not exactly

Simphiwe : What would you do ?

He whispered whilst standing up , listening attentively .

Me : I would join the force . I would be a police officer

Simphiwe : Then you will know what- Fuck you are smart!

Me : You will know things first hand , if you can keep your ear on the ground

Simphiwe : You think like a criminal ... it's interesting

I darted my eyes around the place and he stared at me as if he knows something about me . Bayede walked in and noticed the intense tension .

Bayede : Are you okay ?

I forced a smile and he pecked my forehead .

Me : I was just advising him , career wise

Simphiwe : I want to study law

Bayede : Criminal law ?

Simphiwe : Because that's who I am right ?

Bayede : You said it

Simphiwe rolled his eyes at Bayede who was shrugging his shoulders .

Me : Breakfast is ready

I dished up for everyone and we all ate whilst conversing .

.

.

.

.

I got inside my house and quickly changed to warm but formal clothes . I took my bag and walked out to Baye's car . Kae was not at home and I will be late if I check up on her .

Me : Akusabandi

-It's so cold

He turned on the heater and we kissed with his hand

on my tummy . He dropped me off at work and I walked in this white wall building . I greeted my colleagues before heading to my office . Julia walked in as soon as I settled on my chair .

Julia : You are glowing

Me : Thank you

Julia : I heard you are dating that Greek God

Me : Yes I am

She screamed and hugged me . Julia has this mad crush on my man , it is funny .

Me : Now let's get back to work Juls

She bid her goodbyes and walked out . I worked my ass off . I truly love my job . I love working with numbers . I did everything until it was time to knock off . I left documents on top of Mr Mtyholi's desk . I called Bayede and he said he will be here in a minute . I waited till I got frustrated and walked out so I can catch a taxi home . I saw him walking towards me with an umbrella . It was raining outside . Butterflies were fluttering on my tummy . He smiled and pulled

me to him .

Bayede : I got held up , uxolo ngokulindisa va ?

-I am sorry for making you wait , you hear ?

Me : Mhh

He chuckled and pulled my lower lip with his teeth .

Bayede : Sthandwa sam ?

-My love ?

Me : Baby ?

He laughed and tilted his head to the side . I smiled at how handsome he is .

Bayede : Uxolo kaloku

-I am sorry

Me : Ndikuxolele but ndilambile

-I forgive you but I am hungry

He grabbed my ass and we gazed at each other . We both smiled .

Bayede : Ever since I met you , I don't wanna live without you

Me : You won't

I assured his emotional self . He cupped my face and gave me a wet kiss .

Bayede : Let's go

He held my bag and we walked towards the car and got inside . He drove to my house and I bid him goodbye . He sulked at the fact that I am not going to his house . He gave me food that he bought . I ate whilst undercovers and watching movies . I called Kae and she wasn't answering , her cell phone was on voicemail . I heard a knock at my window . I stood up and moved the curtains to the side . I was shocked to find Bayede . I laughed and opened the window for him . He got inside shivering . I turned on the heater whilst laughing at him .

Bayede : Baby khandi awtise

-Let me sleep over

I giggled and took off his raincoat . He wore my pink gown . He looked so adorable .

Bayede : Ungaze ube in love va ?

-Never be in love , you hear ?

I burst out laughing at how he couldn't believe that he is wearing a pink gown all because of love .

Me : I love you so much

I blurted out and he smiled before hugging me , genuinely . I wrapped my arms around him and stuffed my face on his neck . I feel at peace . Right here , in his arms .

I woke up and Bayede was sleeping soundly besides me . I smiled at how handsome he is . I pecked his lips and stood up . I did my hygenic process and wore a jean and a jacket . I wore my military maroon boots and tied my braids . I checked the time and Bayede was still asleep . I began to worry and checked if he is breathing and he was . I made farm breakfast and set the table before going upstairs . I opened the door and he was still sleeping . I pecked his lips twice and he did not budge . I called Kae and she wasn't answering . I checked her room and her clothes were still there . I texted her mom and she said she was at home . I found it weird that she didn't tell me . Her mother said she lost her cell which is so unlike Kayise . I am good in IT so I could easily track down her phone and she knows it too but I guess she wants to upgrade maybe ? . I felt

warms arms circling their way around my waist . I smiled faintly .

Me : You can sleep!

He chuckled and kissed my neck . He pressed his morning erection on my ass and I am here for all of that! .

Bayede : My soul is not at peace

The voice! I swear it is deeper in the morning . I brushed his knuckles .

Me : Here ?

Bayede : Awuzokhubeka ?

-Won't you get hurt ?

Me : No

Bayede : Then ewe

-Yes

I nodded and turned to face him . I analyzed his face and his gorgeous two sets of brown eyes weren't glowing . I was concerned .

Me : How are you feeling ?

Bayede : Numb ? It's like something is switched off

Me : In you ?

He nodded and exhaled . I pecked his lips twice and gave him a hug . He chuckled before holding me tighter .

Bayede : I don't wanna lose you , ndiyakuthanda

-I love you

His voice was shaky as if he will cry . I tried to pull out from the hug so I can face him but he tightened the grip .

Me : We love you more

I felt him smile before kissing my neck .

Bayede : Even if something happens to me ... take care of the both of you

Me : What do you mean ?

Bayede : I will come back for you , I will fight just be strong ... intliziyo yam ngeyakho

-My heart is yours

I wiped my tears . He sounds very negative right now , as if he will die or something .

Me : Ubone ntoni Mntobomvu ?

-What did you envision Mntobomvu ?

He clenched his jaws , reacting to my breaking voice . He rubbed my back .

Bayede : Andiyazi , ndilibele ithonga lam

-I don't know , I forgot my dream

He exhaled out of frustration . I could not help but cry .

Bayede : Something bad will happen

Me : Please don't leave us

Bayede : I won't , trust me

We both heaved a sigh and hugged each other like it is the last time .

.

.

.

.

Bayede asked me out on a date . I am slowly getting used to these! . I am wearing a nude long dress and gold heels . My baby bump was not that visible but it was there . I wore a white fur coat and took pictures . I decided not to apply make up . Simphiwe was my designated driver . He picked me up and dropped me at this other restuarant . There was only a table for two and it was decorated in black and red with a touch of white . I smiled as I saw a piano . A waiter came to me .

Waiter : Greetings Ma'am , Mr Mthombo booked the whole restuarant for this special night but he will be running late . I am Lunako and I am at your service

I smiled widely as he showed me the way and opened the chair for me .

Lunako : Anything to drink ?

Me : Orange juice bhuti

-Brother

He smiled and walked away to the kitchen . I sat down patiently whilst smiling like a fool . I received my glass of juice and there was even a photographer . I checked the clock and he was indeed running late . I texted him .

" Uphi healerbae ? " -Me

-Where are you healerbae ?

" I am on my way Sthandwa sam . Baby ? " -Bayede

-My love

" Mhh ? " -Me

" Awubaweli senze into enye ? Ndibhatale intlawulo then ndizilobolele wena ntombi endincumisana nayo ? "

-Don't you wish we do one thing ? I will pay for the damages and then I pay dowry for you my girlfriend ?
"

I giggled and blue ticked him . Truth is , I am really nervous of how he keeps on dropping hints . I stretched my legs and sat on the piano as I reminisced of my man . I smiled and ran my hands

on the piano . Time flee and Bayede wasn't answering his phone . I was anxious . I stood up and Simphiwe ran in . His eyes were bloodshot .

Me : Simphiwe ?!

He looked at me motionless , masking his pain . I walked towards him and he ordered me to sit down . I sat down with my eyes not leaving his . He clenched his jaws .

Simphiwe : He went against their orders

Me : Ancestors ?

Simphiwe : He defied them and-

He made a fist with his hands . Tears ran down his cheeks . My heart was beating fast . I wiped my own tears .

Simphiwe : He got involved in a car accident on his way to you

I screamed and wailed hard as I placed my head on the decorated table . Simphiwe looked away and took something out of his pocket .

Simphiwe : This was found on his suit ... It is yours

He gave me a black box . Only a fool doesn't know that this is a ring . He gave it to me . I opened it and there was an oval cut diamond shaped ring . I could not hold my tears . I need him ... I need him to ask me to be his wife . Simphiwe sat on the floor whilst chuckling with tears running down his cheeks .

Simphiwe : He said he would just say a mere " Sisi endincumisana naye " and you would say " Pheza Mntobomvu , I do "

-My girlfriend , Stop Mntobomvu

I giggled as my heart ached . I took out the ring and wore it on my marital finger . I cried as I recalled all of the hints . I wish I could tell him that I do . I do marry him .

We were in hospital for almost an hour now . Visitors were not allowed but we were all there , his family and I . Simphiwe brought coffee for everyone and tea for me . I thanked him as he sat down on the bench . Nolwazi held my left hand and smiled at me with teary eyes .

Nolwazi : Simphiwe will drive you home , you need to sleep

Me : No , andifuni

-I don't want to

She exhaled as I sniffed and wiped my own tears . I also want to be here , my heart is in these stupid wards .

Nolwazi : Do it for Lemihla , you are tired and pregnant

Me : I can't leave him here

Nolwazi : We will stay ... please

I exhaled and rubbed my swollen eyes before nodding reluctantly . She gave me a small smile and told Simphiwe to drive me home . We stood up and my feet were swollen . We drove in complete silence , each drowning on their own thoughts .

Me : I want my mom

Simphiwe : Okay I will drive you there

Me : Enkosi

-Thank you

He nodded and I used the GPS so it can direct him . We arrived safely and he came in with me . Mom and Dad were drinking coffee whilst talking . I cleared my throat as I sat down beside my mom .

Simphiwe : Molweni bantu abadala

-Hello elders

My parents nodded and he sat down before taking off his beanie . I can never stop being in awe of how

respectful they are .

Simphiwe : Ndizise intombi yenu engu mama womntwana ka Mkhuluwa wam . Ubhuti-

-I brought your daughter whom is my big brother's baby momma . My brother-

He exhaled and clenched his jaws to fight the tears that were threatening to fall . My eyes burned with tears .

Simphiwe : Bayede is in hospital , he got involved in a car accident on his way to your daughter . He was planning on asking for her hand in marriage

My Dad nodded with pity in his eyes . My mom held me tight in a warm hug as I broke down .

Simphiwe : He is in a very critical state but we believe he will pull through . Sicela nisilinde kude avuke , sizoqhubeka ngeengxongxo ngoba kaloku uye watyala imbewu yakwa Mthombo kule mbali yelikhaya kodwa ke akaphelelanga apho , uye wabona umfazi anothi akhe ikhaya naye kwa kule ntombi yenu

-Please bare with us until he wakes up , we will continue with the negotiations because he saw the Mthombo seed on the flower of this household but he did not stop there , he saw a woman he could build a home with in your daughter

Vukile : Camagu

My father smiled and they both stood up before shaking hands and sharing a brief hug . My mother gave him one of her most warmest hugs . Simphiwe eased to her motherly touch- love to see it! . I made tea for everyone before heading to my room . I really need to sleep- but after cyring my heart out .

.

.

.

.

I was woken up by my ringing cell phone . I rubbed my eyes and sat up before answering Simphiwe's call .

Me : Hi

" I have pulled some strings and only one person can be able to see him so please get ready , Simphiwe will pick you up "

Me : Okay enkosi Ma

-Thank you Mother

Nolwazi : Okay crush ka nyana wam

-My son's crush

I giggled and bid goodbye at her . She disconnected the call and I stood up for the shower . I did my hygienic process and wore my pink tracksuit and snuggs . I tied my braids and I looked better . The eye bags were still there but sleeping did help . Simphiwe called and said he is outside . I went to the kitchen and mom was packing a container with food . She was dressed up- Oh and Dad too! .

Me : Niyaphi ?

-Where are y'all going ?

Vukile : Siyobona umkhwenyana

-We are going to see our son in-law

I giggled and nodded . I picked up my mom's bag and we walked out . Dad locked and Simphiwe walked to us and greeted before helping carry my mother's huge bag full of food- rolls my eyes . We drove to the hospital with them conversing and I was too moody to talk . We arrived and both of our parents shared pleasantries . The doctor came and took me to Baye's ward . I nervously walked in and closed the door . He was out of danger but still in a critical state . His dreads were styled and he looked so adorable . I wiped my tears and walked up to him . I held his cold and pale hand .

Me : Hospital seems to like you

I giggled lowly as tears fell . I exhaled and sniffed .

Me : I need you to wake up

I opened my mouth to speak again but words failed me . I cried on his chest whilst begging him to wake up .

Me : Someone is waiting for you to father him or her ... baby please wake up

I pecked his lips and broke down . I can't lose him . I

need him .

Me : Bayede vuka

-Bayede wake up

I pinched him and he did not even flinch and give me a death stare like he usually does . I held my trembling lips .

Me : Who will randomly ask me to visit the doctor just to stare at the life we made together ? Who will sing for me ? Who will charm me just so I can cook ? Who will sweet talk me Baye ? Who will throw compliments at me even at my worst ? Who will threaten me with their weapon and I keep my mouth shut ? Who will make me sneeze whenever they are there ? Who will not lit impepho because I am there ? Who will wear sunglasses whenever they see too much ass and claim that at least they don't see it vividly ? Who will I laugh with till I fart ?

I giggled and wiped my tears . I pecked his lips and his forehead . I held his shoulders and prayed for him . I prayed till he shook violently and the machines beeped like crazy . The doctor and nurse's

ushered in and told me to step outside . I walked out and I was extremely dizzy . My head was spinning . I walked to where our family was sitting . I saw Baye's beads out of nowhere . I held the wall for balance and a vision of Baye wearing his beads was all I could see . I screamed and held my head as tears streamed down .

Me : Mnxibiseni iintsimbi zakhe !

-Make him wear his beads

I subconsciously uttered those words before falling down . Screams were the lasting I heard before succumbing to darkness .

I woke up in a hospital bed . I sighed as the scenarios flooded in . The door opened the doctor came in and did a normal check up . He told me I am healthy but I should drink more water to stay hydrated to avoid what happened . I nodded and I was on a drip . I asked him if I can be discharged and he nodded . He went out and came in with my family . My father signed the discharge form as mom was holding my hand with a comforting smile . I was up and ready to go but I was advised to sleep a lot since my body is tired . I walked to Bayede's room and the bed was made . I panicked and ran out .

Me : Mama!

-Mom!

Nomtha : What is it ?

I hurriedly ran to her with tears streaming down my

face . She engulfed me in a hug as I broke down .
She kept on asking what is wrong .

Me : Mama uphi uBaye ? Uphi utata womntwana
wam ?

-Mom where is Baye ? Where is the father of my
child ?

I held my trembling lips as I shook nervously .
Instead , mom smiled widely .

Nomtha : He is out of danger and he can breath by
his own self . He was moved like an hour ago out of
ICU

I smiled and thanked the Lord . We went to his ward
and his family was there , surrounding his bed . They
asked how I was doing but just seeing this man ... I
am healed . I held his warm hand with tears of joy
gushing out like a waterfall . I kissed his forehead
and remained there longer .

Me : He is so handsome

Simphiwe : Even on deathbed

I giggled and wiped my tears . I truly do love him ,

with all of my heart . It is actually scary loving someone this much but it is the only fear I'd rather live with . I brushed his dreadlocks and smiled more when I saw his traditional beads on him . I am totally in love with this spiritual man of mine . The butterflies in my stomach were too much as I reminisced of all the good time , the memories I made with him .

Nolwazi : The way you stare at my son

I giggled as she smiled too . I took his hand and placed it on my little bump . We all gathered around him and just talked about how funny , weird , nonchalant , unfiltered and charming he is . The doctor came in and told us how this is a miracle . He sedated him and stabilized his sugar levels . The doctor said we should be thankful he did not lose too much blood . The nurse put him on a drip . We all waited at the benches and Simphiwe went to buy us food . I think he is doing all this up and down to distract himself from the pain he is feeling . I wonder if he doesn't feel like he belongs .

.

.

.

.

We watched Bayede sleeping peacefully . I wish he would wake up . He groaned and my heart literally stopped for a second . I quickly held his hand .

Me : Baby hey wake up

I wiped my tears and waited anxiously for him to open his eyes . He held my hand tight and my heart skipped a bit . I smiled with tears on my cheeks . He opened his eyes and closed them again , probably adjusting to the light . He flipped his eyes open again and he looked confused .

Bayede : Who are you ?

He removed his hand from mine , my heart broke .
He cannot suffer from amnesia .

Me : Awukwazi undimithisa sogqiba ungandazi
Bayede!

-You can't impregnate me and act like you don't know me Bayede!

The family chuckled and he laughed too . My heart warmed up to his deep voice .

Bayede : Andikwazi wena but ndiyazi kakuhle le iphakathi kwalo mathanga

-I don't know you but I know that thing between those thighs very well

My father coughed to hide that he wants to laugh . We all laughed at how stupid he is .

Me : Baye!

He chuckled and caressed my chin . I blushed . I missed being stared with those gorgeous two sets of brown eyes . He loves staring and it is awkwardly charming .

Simphiwe : Uthini na Mkhuluwa ?

-What are you saying big brother ?

He was dying with laughter . I flushed with embarrassment . They all giggled .

Bayede : Noba anobakwi car accident e'unrecognizable , ndizomvula amathanga ndithi nguye!

-Even if she were to be in a car accident , I would open her thighs and say this is her!

They actually found this funny but I was so damn embarrassed and shy .

Bayede : Imbawula yimbawula bawo

-A fire is a fire bruh

They burst out laughing and I couldn't hold it in anymore so I too laughed . He chuckled and gazed into my eyes .

Bayede : Molo Sthandwa sam

-Hello my love

Me : Hi

I shyly looked at him and looked down at my fingers that are decorated with this beautiful stone . His eyes trailed off to my hands and he made me look at him . He was smiling broadly , charming me to the core .

Bayede : Uxolo wena sisi omhle unxibe indandatho kabani ?

-Sorry beautiful lady , who's ring are you wearing ?

Me : Indandatho yakho

-Your ring

Bayede : Okay

We were both shy whilst starrng at each other .

Bayede : Uyayazi phofu ithetha ukuthini ?

-Do you though know what it means ?

Me : Ndazise Mntobomvu

-Let me know Mntobomvu

Bayede : Eli litye le dayimani ulinxibileyo , le ndandatho bubungqina bothando lwam nawe . Yi symbol of our love and unity . Iphinde ithi ndibone umntu endinomthanda kude siyohlulwa ziindudumo nokufa . Obucwebe ubufake kuloo mnwe wakho mhle , sisethembiso sokuba ndizokuthanda ade uLemihla athi mandipheze , ndiyakugqiba ngothando . Uthando lwethu luzocaphukisa amagqwirha ngoba kaloku wena sisi omhle ndizokuthanda ngokwenene nange nyaniso

-This diamond ring you are wearing , this ring is a proof of our love .It is a symbol of our love and unity . It still says that I found someone that I will love till storms and death tear us apart . That jewellery you are wearing on that beautiful finger of yours , it is a promise to love you until Lemihla tells me to stop because I am finishing you with love . Our love will angry the sorcerer because you beautiful lady , I will love you sincerely

I wiped my tears with a smile . I was a blushing mess as I stared to his glowing brown eyes with tears threatening to fall . I looked at everyone and Simphiwe was recording us . I giggled and exhaled as he asked me to take it off . He took my left hand and positioned the ring on my left finger .

Bayede : Awuyibaweli ifani yam ?

-Don't you crave for my surname ?

Me : Awucingi!

-You can never!

He laughed as I giggled . He won't propose to me with that stupid and flattery line .

Bayede : Ndicela ube ngowam ? Akhanyile Mthethwa
will you make me the happiest man and marry me ?

-Please be mine ?

Me : Bendifuna ukushaya nge hit and run

-I wanted to do a hit and run on you

They all laughed , especially him . He even threw his
head back .

Bayede : But isikhali sisikhali baby

-But a weapon is a weapon baby

I laughed as my pussy twitched , it felt that .

Me : Isikhali esikhala kahle

-A great weapon

Bayede : Okay

We both burst out laughing .

Me : On a serious note , I do

He pursed his lips as the tears he was holding in fell .
It was such an emotional moment for all of us in the
room . He placed the ring perfectly on my finger ,

even better than I have placed it . He kissed my hand .

Bayede : Iza kwi ndoda yakho bawo

-Come to your man bruh

I giggled and gave him a very warm and emotional hug . Guess who's engaged ? Me bitch! .

Bayede : Ncamisa indoda yakho kaloku Ntombentle

-Kiss your man beautiful lady

Me : Hayay , you kiss me

-No no

I said shyly and my parents chuckled . He caressed my chin and brought my face closer to him . We both giggled against each other's lips as we gazed at each other with overlapping love . He kissed my lips and my eyes closed so I can devour him and capture the moment . What is between my thighs watered at the feel of his cold mouth on mine . We kissed passionately and he caressed the side of my face . Burning me with his touch , sending electric shocks all over my body . I pulled out and we rubbed our

foreheads against each other as his hand trailed off to my baby bump . This was such a beautiful evening! .

Visiting hours were over so we had to go home .
Simpfiwe pulled me to the side , he looked very
disturbed so I listened attentively .

Simpfiwe : The bank is investigating Lemihla Con.
after a fall out of cash

Me : What exactly do you mean ?

I felt sweat creeping on my forehead . I can't afford
being investigated . We will all go down .

Simpfiwe : Money was moved into the Lemihla
Con.'s bank account

Me : WHY WOULD YOU DO THAT?

Simpfiwe : Sukungxola

-Don't shout

I exhaled as I felt panick . I love my job , I can't afford

being scripted off .

He held my shoulders and asked me to breathe and I did .

Simphiwe : Tricky part is , I did not do it

Me : If you didn't then who is it ?

Mr fucking Makina! . I swear I will fuck up that guy , he messed with the wrong woman . I told Simphiwe to drive me to Lemihla Con. and he did . I checked the transactions and indeed money came in , a million to be exact . He did this behind my back and called the bank anonymously so they can investigate us . I hit Bayede's office desk and Simphiwe wasn't fazed . I burst out in tears as I did not want to be AK anymore and he is taking me back because trust me ... everyone is capable of being ruthless .

Simphiwe : Yehlisa umsindo

-Calm down

Me : YOU DON'T KNOW HOW MUCH I STRUGGLED TO GET THIS DEGREE AND BE WHO I AM TODAY!
AWUZAZI IZINTO ENDIPHUMA KUZO

-YOU DON'T KNOW THE THINGS THAT I COME FROM

He cocked his eyebrow up as I cried whilst staring outside this big and with an amazing view window . I wiped my tears . I should be happy , I am engaged for fucks sake! And to the man I love .

Simphiwe : We all screw up , the person who did this is not a professional ... somehow he will mess up

I nodded and asked to be alone for a second . I tried to use internet banking but the accounts were frozen . I cursed and called Mr Makina . He answered on the 4th ring .

Mr Makina : Evening ?

Me : You better hide ... pray I find you first than Simphiwe , he won't be lenient

I heard him chuckle .

Mr Makina : You're pregnant , no bestfriend , your boyfriend is in hospital ... you are weak

I swallowed and stood up from the office chair . I disconnected the call and we drove to my house . I

took my laptop and traced the bank account which deposited the money . It was a dead end , he is clever .

.

.

.

.

Simphiwe : Where is Kayise ?

Me : I don't know

He handed me food and stared at the laptop . I sighed and thanked him before eating .

Simphiwe : Did you see that ?

He pointed at a sandwich and a cup of coffee . That is Kae's favourite cup . I cocked my eyebrow up and shook my head .

Me : She was here ?

I said , unsure of what I am saying . Why wouldn't she tell me that she is back ? It doesn't make sense .

Simphiwe : Is she running from someone ? Or is she running away from something she did ?

Me : What do you mean ?

Simphiwe : This is a guilty person's behavior

Me : Huh ?

He rolled his eyes and typed on the laptop . Why would she be guilty ? What did she do ? . I looked at Simphiwe .

Me : She is running away from me

Simphiwe : Did you guys fight ?

Me : No

Simphiwe : She did something to you and now she feels guilty

He shrugged his shoulders and drank his juice . This all sounds crazy but Simphiwe is very analytic .

Me : Maybe she lost my weave ? I don't understand

He laughed and said girls have drama . I rolled my eyes and my cell phone rang . When I saw the caller ID , I smiled .

Me : Hi baby

Bayede : Hello Sthandwa sam

-My love

Me : Miss me already ?

Bayede : Ewe Ntombentle . I feel like- I don't know how you feel about this but ... uphi uKayise ?

-Yes beautiful lady . Where's Kayise ?

Me : Why ? I don't know

Bayede : Ingathi bendimbonile

-I think I saw her

Me : Phi ?

-Where ?

I cocked my eyebrow up and Simphiwe listened .

Bayede : I don't remember

I nodded and told him about what is currently happening in his company . He also said it is Mr Makina . We bid each other's goodbyes and disconnected the call .

Me : She was indeed here

Simphiwe : Check her room

I nodded and walked to her room . I opened the door and opened the windows . I opened he wardrobe and a black plastic fell out . I scattered everything inside it and what I saw- I screamed as I was terrified . I couldn't stop the tears . Simphiwe rushed in and saw what was on the bed as his eyes darkened .

Simphiwe looked at the bloody hoodie with two beads on it . The beads were red and white and we all know that Baye wear those . I felt my world crumble down . Why would she try to kill Baye ? It doesn't make sense . She is my friend for fucks sake , well that's what I thought . Simphiwe clenched his jaws and put the hoodie back on the plastic . I wiped my tears . He is too quiet for my liking .

Me : What are we going to do ?

I wiped my eyes and sniffed . I am so nervous right now but mostly I am angry at Kae . How can she play with my happiness like that ? I trusted her .

Simphiwe : We won't do anything excpet ...

Me : Calling the police ?

He chuckled and looked at me with lazy eyes .
Simphiwe will definitely kill her . I can feel it .

Simphiwe : I will find her Akhanyile , and when I do ...
nc nc

He giggled as I shivered . He is scaring me to the core . He looks like a lunatic . He asked me to pack a sleepover bag and I did . We drove to Baye's house and he drove off after I have settled down . I decided to call Baye .

Bayede : Mhh?

His voice is so deep especially when he is still sleepy . My whole body vibrated and I experienced goosebumps . I cleared my throat so that my mind can function properly- if you know what I mean .

Me : Uhm ... hey

Bayede : Molo baby , is everything okay ?

-Hello baby

Me : No Baye

I broke down . I couldn't stop the tears , I am deeply hurt . He listened to my awful cries . It is so beautiful how I can bare my whole heart to this man .

Bayede : Kwenzeke ntoni ?

-What happened ?

Me : Simphiwe and I found out that Kae is the one behind ypur accident

I heard him exhale sharply and probably clenched his jaws .

Bayede : What are her reasons ?

Me : We don't know!

I hugged the pillow as I was a minute away from breaking down , again .

Bayede : Wena ? How do you feel Sthandwa sam ?

-You ? My love ?

There goes my man , prioritizing my feelings in the mist of his pain . I can't help but fall even more for this father of my child .

Me : I am angry at her ... I am confused but I don't want Simphiwe to hurt her ... I cannot live with that

Bayede : Ufuna sithini sisi endimthandayo ? Simyeke ?

-What do you want us to do lady that I love ? Should

we leave her ?

I nodded still unsure , forgetting that he can't even see me .

Bayede : Ndizomxelela uSimpfiwe , awufuni uzobona indoda yakho ?

-I will tell Simphiwe , don't you want to see your man ?

I giggled and shyly looked at my fingers . I smiled at the glance of my ring .

Bayede : Mhh ?

Me : Stop doing that ?

He laughed and I giggled .

Bayede : Am I making you shy ?

Me : Ewe Mntobomvu

-Yes Mntobomvu

Bayede : Uxolo kaloku

-I am sorry then

Me : Okay . The visiting hours are over

Someone was talking on the other side , like anurse

or something .

Bayede : Baby I have to go , uyeva ?

-Do you hear ?

Me : Bye bye

Bayede : Ndiyakuthanda , umamele phof ?

-I love you , are you still listening ?

Me : I love you more

Bayede : Sharp Mithi-Matha wam , cela ubeke umnxeba kweso sisu sithwele imbewu yam ?

-Sharp My Mithi-Matha , please place the cell phone on that stomach carrying my seed .

I giggled and placed the phone on my tummy . He talked with his child whilst I kept on brushing my baby bump with the most wide smile in history-giggles .

.

.

.

Bayede was holding another girl's hand . The pain in his eyes could not be missed as I was standing there watching the man I love , marry another person . I could not stop the tears running down my face . Bayede gazed at me with his glassy eyes , glistening with tears . He is broken . I felt a sting on my abdomen as I was trying to stop the wedding . I stopped on my tracks as I saw blood stains on my dress .

I screamed and someone shook me up . I shot up straight with the tears on my face .

Simphiwe : It was just a dream

He brought me a glass of water and I drank it like it is the last time I am ever drinking water .

Simphiwe : You are crying ... was it that bad ?

I did not answer him , instead I just stared at the ceiling . My heart thudding hard against my ribcage . I can't lose Baye . I asked him to call Baye and he did after telling him I just had a bad dream and then handed the phone to me .

Bayede : Baby ? Akhanyile ? Are you alright ?

Me : You will hurt me

Bayede : What ? I would never do that ... I love you so much

Me : If you did love me , you wouldn't do that

Bayede : What did I do ? I didn't do anything to hurt you ... if I did , it was never my intention

Me : They don't want me do they ?

Bayede : Oobani ?

-Who ?

Me : You ancestors ... they never liked me , right ?

Bayede : What did you hear ?

He seemed like he was panicking . I actually don't know what I am speaking about but the words just escape my mouth . It is like the first time Lomthandazo revealed herself and that she lives inside of me .

Me : So it is true ?

Bayede : Maybe , maybe not ... point is , I DON'T CARE ABOUT THEM . I want you and Lemihla , baby please mamela

-Listen

Me : You are not answering my question

Bayede : What did you dream of ?

Me : A wedding , you were marrying someone

He cursed and there was silence for a while . He better not be stringing me along , I swear to God . He disconnected the call . I widened my eyes in shock and huffed in annoyance . I chuckled and called him again . He answered at the fourth ring .

Me : Why did you just drop and ignore my calls ?

Bayede : Akhanyile ndiyakuthanda , uyintliziyo yam

-Akhanyile I love you , you are my heart

He was crying and I was remorseful . Did I do something wrong ? Or is he hiding something from me ? . I exhaled and clenched my jaws . Fighting the tears threatening to fall . Fighting the spirit to not control me .

Me : I love you too but what are you hiding from me ?

Bayede : I ...

Simphiwe : I want to kill Kayise

Me : Huh ?

I looked at him confused . I heard Bayede exhale out of relief .

Bayede : He doesn't want to listen

Simphiwe : Yes I don't want to listen

Me : About ?

Simphiwe : I will kill Kayise Akhanyile

Me : Wait- so you are hiding that ?

Simphiwe : Yes , he knows how much she means to you

Bayede : Yeah I do and I could not tell you that

Simphiwe : He will always protect your heart ?

They were acting or sounding very suspicious but I decided to let my guard down .

Me : Then explain the dream

Bayede : A wedding is a funeral

I opened my mouth , my eyes throwing daggers at Simphiwe . Did he kill Kayise before I could even know the reason why she did this ? I am confused . Something doesn't add up here . They are both lying or my instincts are wrong .

Bayede is getting discharged today . I am happy but I feel like he is hiding something from me . I decided to stay in his house as his family went to the hospital . I am tired and I have this unsettling feeling inside of me . I heaved a sigh and decided to pray . I prayed till I cried . I wiped my tears and stood up . I cooked for the whole family and they came in whilst I was dishing up .

Bayede : Sthandwa sam ?

-My love ?

I smiled as he opened his arms , initiating a hug . I ran to his embrace and my heart melted . He feels warm! . He chuckled as I sniffed him . He kissed my head and brushed my braids .

Me : I missed you

I found myself admitting . He hugged me tighter and

heaved a sigh .

Bayede : I missed you more

Me : No I missed you more

He giggled and we gazed at each other . Have you ever loved someone that all you want to do is to keep on loving them ? Yes! That is exactly how I feel . I have said this but I will say it again , there is something about this man . It ignites something inside of me , waking up things I never thought I could ever feel . He jus- completes me . I smiled with tears brimming on my eyes . He clenched his jaws .

Me : I can't imagine my life without you , it wouldn't be the same . With you , is my new normal

He blushed and pursed his yummy lips before shyly staring at me . I felt him caress my chin . His touch sends sparks all over my body .

Bayede : I share the same sentiments . I won't lose you , it's a promise

I smiled and he pulled me in for a wet kiss . Pressing his lips to mine , longer than intended .

Bayede : Enkosi ngondithanda uyeva?

-Thank you for loving me , you hear?

I smiled and nodded shyly . He brushed my tummy and tears formed in his eyes .

Bayede : Promise you will never leave me

Me : I will never do that

I said with a smile and he smiled pitifully . He was losing control of his own emotions .

Bayede : Only if you knew

He muttered sadly after a sigh and pulled me to his arms , again . I soaked his affection . I wish this moment could last longer .

Bayede : Can we go and see the life we made together ? Ubungqina bothando lwam nawe ?

-The proof of our love ?

I laughed and he giggled too . I love him , all of him! .

Me : You're on bed rest

He rolled his eyes and I found that cute . I smiled

and pecked his pouted lips . He frowned .

Bayede : Ndicela andive ba ndikhona ?

-Can I let him or her feel that I am here ?

He grabbed my ass and did a sexy lip bite . My pussy watered at the sight and the things he would do to me . I giggled and shook my head , no . He groaned and sulked . I pulled him so he can help me dish the food . I would receive random ass grabs that I absolutely loved- who wouldn't ? Duh . The rest of the evening was nice . His family drove to their houses and I told Bayede that he will wash the dishes . He asked for ass so he would be motivated to wash the dishes- what kind of prostitution is that ? . I just laughed in his face and he was sulking since then until we got to bed .

Bayede : Okay baby bendicela ulale ngecala ke , impundu zindisithe

-Okay baby please sleep with your side then , ass must block me

I laughed and faced him . He kept on kissing my lips as we conversed , grabbing and brushing my ass in

the process .

Bayede : Baby hambosula imake up kaloku

-Baby go and wipe your make up

Me : Andiyifakanga

-I did not wear it

Bayede : Umhle elohlobo na ?

-You are beautiful like that ?

I blushed and rolled my eyes . I heard him giggle before stuffing his face on my neck and kissed my neck . I held the back of his head with styled dreadlocks . I moaned as he rubbed my boobs and pinched my nipples .

Bayede : Baby ndicela umnqongo

-Baby I am asking for one round

I gave him permission to make love to the mother of his child . We did probably three rounds and we were tired as hell . We were breathing heavily , trying to catch our breaths . He kissed my forehead and thanked me before pulling me closer to him . I

wrapped my arms on him and he confessed his love for me .

Bayede : Ndibatywe kwasesibhedlele , ndimane ngokhuza unurse andinike antibiotics ndiqonda ndifuna eliyeza liphakathi kwalamathanga

-I was horny from when I was in hospital , I would randomly shout and the nurse would give me antibiotics whilst I need this medicine between your thighs

I burst out laughing and he laughed too .

Bayede : Oko wawushushu kufihla bhanti wena baby

-You were hot since 'hide a belt' baby

I couldn't stop laughing at how silly he is . He is my happy place! .

.

.

.

.

I woke up because of Baye's loud groans . I rubbed

my tears and sat up straight .

Me : What's wrong ?

I yawned and stopped midway as I screamed . His back had cuts or bruises ? Whatever , I did not study in the medical field . It was like he was beaten or whooped using a sjambok .

Me : What happened ?

He groaned loudly as he was on his knees . I went by his side and kneeled with him on the fluffy mat . I was crying and when he would groan I would scream - I am dramatic right ? Hunnay I know . I was even scared to touch him at that point .

Me : Kwenzeka ntoni ?

-What is happening ?

Bayede : Untie my dreadlocks

I stood up and ran around searching for a scissor . I cut the wool in his head frantically , trying to free his dreadlocks . He couldn't stop shivering , burping and groaning- and not because of ecstasy , no not that! We had a lot of that last night . If you know what I

mean . I was done and he stood up , not even a thank you ? I mean he should know that since he lives with the elders .

Bayede : My hair is not mine alone , I can't style it

Me : Then why did you do it ?

Bayede : I had a girlfriend to propose to

He said shyly and I giggled . I found this extremely adorable . I gave him a tight hug and he flinched . I even forgot about his sudden bruises .

Me : Where is the first aid kit ?

I don't know if it is required but I once read about Ann being injured and she needed a first aid kit . Oh that was on Grade 3 , if my memory is still sharp .

Bayede : I have to use traditional herbs

He huffed and walked out barefoot . I wore his gigantic sleepers and ran after him to the hut . I helped him apply the- uhm ointment? Yeah whatever . He tried to burn impepho but it did not lit up . I looked at him . I am not sure but in the history of tradition , this might be a sign . He looked stressed .

Bayede : They are blocking me from communicating with them

Me : Why ?

Bayede: They are angry

I screamed as all of his herbs fell down from the table . He cocked his eyebrow up . They are not angry , they are fast and furious . He pulled me to his embrace as the glass jars crashed on the floor . Itshoba dropped down from where it was hanging on . He closed his eyes as tears poured down . I am close to peeing , I swear to God . He took off his traditional cloth and wrapped it around me , as a form of protection . He was sweating vigorously and closing his ears using his hands . The curtains blew sideways . This is horror .

-Go

He said with a shaky and exasperated voice . I heaved a sigh and before I could talk- he smashed his lips on mine . Butterflies fluttered on my tummy as our tongues collided , smooching each other in a rhythmic pace . I held the side of his face with my left hand that has my diamond rain drop cut shaped ring . We kissed passionately , pouring our emotions to each other . Losing control of ourselves . I pulled out and we rubbed our foreheads against each other . Yes , we were both in tears . He wiped my tears and kissed my eyes . I smiled as we gazed in each other's eyes .

-You're the owner of the heart

I smiled and pecked his lips once more before he helped so I can stand up . He gave me the warmest hug ever . I soaked all of his affection like a sponge . He is seeking for reassurance hence I assured him that I will forever be madly in love with his whole spiritual , charming , handsome , intelligent and hilarious being . I walked out and stood there after closing the door , listening to his heart wrenching cries . I held my chest as tears rolled down . I walked away- fighting the urge to go in his hut and pull him in a hug . I got inside the house and slide down to the floor from the door . I broke down into tears , there is something unsettling about this day . I stood up after sometime and decided to call Nolwazi so she can come over . The call ended and Nolwazi's words were ringing on my head , " the heart wants what it wants , there will be barriers but learn to love through it all " . I feel like she knows something , everyone seems to know except me . I shook my head and drank a lot of water since I was feeling a little bit light headed . I sat down in the lounge area and waited for the man whom I own his heart . I found myself praying . I probably dozed off whilst

waiting because I felt Bayede shaking my body gently , a gesture of trying to get me to wake up . I sat up straight and yawned before rubbing my eyes . His family was gathered here hence I greeted them first before looking at this tall man of mine . He is drained .

Bayede : Akhanyile ? Ndiyakuthanda

-I love you

I giggled and shyly whispered an I love you too . The mood was gloomy . He introduced me to his two uncles , Nkosekhaya and Nkumbulo . The men of this family all went out to exhantini translated to the homestead . Where all ceremonies have to be announced at . Nolwazi pulled me to the kitchen where we conversed whilst preparing a feast . I was cooking whilst eating , I am very hungry .

Everyone had a plate full of food . We waited for the men to get back inside . I checked the time , I don't know what they are doing but they are taking a lot of time . We sat on the lounge whilst chatting a storm . Bayede burged in with tears streaming down his face , he looks very angry . He kept on clenching his jaws and kneeled in front of me . He laid his head on my thighs , circling his arms around my waist . He broke down into tears . Nolwazi cried with her son and I cried too . I kept on asking him what is wrong but he wouldn't answer .

Bayede : Mama ndiyamthanda mna lo sisi

-Mom I love this woman

Nolwazi : Ndiyayazi nyana wam

-I know my son

My skirt was soaking wet because of his tears . I caressed his wet chin and made him look at me .

Me : Baby talk to me

Bayede : You don't need to be chosen by them , I chose you for me

Me : Huh ?

My heart sank . For a long time I kept on denying this but it is true , I will be never enough for his ancestors . This cut deeply , leaving a never healing wound . I wiped my tears and just sat there helplessly .

Me : Uthini ?

-What are you saying ?

Bayede : They chose this other girl for them

Me : You have your own soulmate ?

Every breath that I took whilst uttering those words- shakes head with tears streaming down . My heart ached , so my dream was a vision . I looked at him emotionless , he knew! .

Me : Suka kum

-Move from me

Bayede : Andifuni

-I won't

He shook his head no with pleading eyes , we were both drenching in tears . I tried to remove his arms

from me but he was stronger .

Nkululeko : Myeke nyana

-Let her go son

Bayede : Andizokwazi Tata , ndizophambana

-I can't Dad , I will go crazy

I pushed him trying to set myself free but he wouldn't budge . I hit his chest with my fists .

Me : WHY WOULD YOU LET ME LOVE YOU LIKE THIS ?

I punched him weakly once more time before breaking down . Screaming my lungs out . He pulled me in a hug and he fell on his back on the mat whilst holding me tight . We were both crying but he wouldn't let me go . He flipped me and I was underneath as he caged me on his strong arms .

Nolwazi : Let her cool down

He refused and stuffed my face on his neck , listening to my heartbreaking cries . We look like a drunk and toxic couple right now .

Bayede : Singenza Isithembu baby but please don't leave me

-We can do a polygamous marriage

I pushed him and stood up before taking off my ring . I won't stay where I am not needed , I love him but I would rather die twice , write like chinese before committing myself to that type of marriage . I walked away and he stood up but Simphiwe held him quickly . Nkululeko pulled him down and he cried hard .

Bayede : Tata nqanda

-Dad forbid

I heard him say those words before running out . I heard him groan loadly , my heart broke in million pieces .

Bayede : TATA INTLIZIYO

-DAD , THE HEART
