It was break time at school . I don't have friends but rather acquaintances . I packed my books inside my school bag and zipped it closed before walking out of the classroom . I have always liked to just stand by the boy's toilet and eavesdrop at my crush whom is Lungqiqo Dubula- who barely even notices that I am breathing or even knows if a person named Alunamida Mthikrara exists . I rolled my eyes and watched him and his group of friends . Lungqiqo is the smart guy but with brains of a thug , a boss . He was standing there with his legs crossed , creating a very disturbing view with the bulge between his thighs- yes! A dick

print . I swallowed and reprimanded myself . He was smoking a cigar- which it is not even allowed but he is Lungqiqo , the bad smart boy . His dark and yummy lips- coating the cigar . I never wished to be a thing but how I wish to be that cigar . He has a low cut faid with waves , he is very handsome . His friends were doing push ups in front of him as he invigilated them .

Lungqiqo : Yenzani le chap ?

-What is this guy doing ?

The voice of this guy . I melted and my pussy twitched at how his tone was intimidating but yet he remained calm .

Bulela : Ndaggibela kudala bra

-It has been a long time without doing these things bra

Lungqiqo : Jonga

-Look

He took off his crisp white shirt with cufflinks- SATAN OF TEMPTATIONS! .

I have seen buffy man but he isn't , he is just well built . My pussy squirms at the sight .

Lungqiqo : Bamba apha , uyibambe kakuhle . I-iron'we ngu Nozala lonto , respect

-Hold this , hold it gently . That thing is ironed by mom , respect

The authority! Lungqiqo changes woman like his underwears so I found it cute that he respects his mother . I smiled- yes I am blushing! . He got down and positioned himself correctly . He went down and up- how I wish I could be underneath him so he can do all of that on me . I watched as his veins were on display , muscles contracting . I have

never seen such a perfectionist of push-up's . He did a twenty in one go . He stood up breathing heavily , the movement of his chest! . If we were like cartoons , I would have a dreamy face right now , with those red hearts . His friends cheered him on and he just chuckled , the nonchalance! . They all bring towels so they can refresh , there are showers in here . Lungqiqo checked his silver wrist watch .

Lungqiqo : Ixesha gents , masi splash'e  
-Time gentlemen , let's shower  
They all nodded and I ran to the cafeteria so I can buy food .

- .
- .
- .
- .

I searched my pockets for my money but it wasn't there . I felt my heart thudding hard against my ribcage , sweat already found it's way on my forehead .

" Ukhangela chalk yakho? "

-Are you looking for your R10 ?

My ears better not be deceiving me . This is not him! I nervously turned and there he stood- with his hands both inside his pockets . His eyebrow has a cut that complements his face very well . I cleared my throat . I am so shy right now .

Me : Uhm ... ewe , yeah

He giggled and gazed into my eyes . He looked away first and pursed his lips . I am so shy right now , okay let me breath .

Lungqiqo : Ndingu Lungqiqo ke mna , ungubani wena nkwenkwezi ekhazimlayo ?

-I am Lungqiqo , who are you shining star ?

I blushed and decided to look at something else rather than him . Instead , my eyes landed on his dickprint and I quickly looked away , gosh! .

Me : Can I please have my money back ?

Lungqiqo : Ndicela singenzi ingathi awumvanga umbuzo wam , ndiyabuza kaloku sisi onomkhitha

-Can we please not act like you did not hear my question , I am asking you beautiful lady

I giggled and rolled my eyes , trying to act all cool like I am not blushing . He released a deep-low chuckle . I looked up at him and he was smiling , exposing his colgate white teeth , such a perfect smile

with a dimple! . I melted in every inch of my body .

Me : My money please ?

Lungqiqo : Awufuni ukutya ilunch nam ?

-Don't you wanna have a brunch with me ?

I looked away with a smile . The bell rang and he gave me my R10 but tightly holding it . My stomach is in knots .

Lungqiqo : Uyalazi IQHALO ?

- do you know a " phrase/saying" ?

Me : Some of them

Lungqiqo : Okay , ndizokuxelela eli and uligcine

-I will tell this you this one and keep it

I nodded as he chuckled and I giggled . I never knew he was this cool .

Lungqiqo : Abakhe babonana

bayokuphinde babonane

-Those who have once met , will meet again

I giggled and thanked him shyly before saying I will forever keep it . He winked and gave me my money as I ran back to class . The classes proceeded with me just staring at the teachers whilst smiling and constantly blushing . The school was over so my father picked me up .

Licamagu : We are moving to a new city are you ready ?

I nodded as I began to get teary , just when Lungqiqo finally notices me and then boom! We are moving . I hate my parents for divorcing . I took off my backpack and just cried as Dad drove home-well to what used to be our home . He even bought ice-cream to cheer me up but

nothing will help . I am experiencing my first heartbreak ! We are not even dating but it's fine .

YEARS LATER

IQHALO

TWO

©

I screamed at the top of my lungs after reading the e-mail I have just received . My dad knocked on my bedroom door and I told him to come in . I am finally graduating and I have just been admitted to where I have always wanted to train at . Yes! I want to be a special agent- blame the movies , oh and my crush of years , Lungqiqo Dubula .

Licamagu : It's your graduation ceremony!

I giggled and nodded my head . He gave me a warm hug .

Me : And guess what ? I have been admitted to the UD Academy!

Licamagu : What?! Congratulations

He was so proud of the woman I have become to an extent he got carried away , and cried . I cried too- this has been my dream for years! .

Licamagu : I am proud of you

Me : Enkosi Tata

-Thank you father

He smiled and wiped my tears before wiping his own . We need to call mom! Yes she moved this side about a year ago but she doesn't live with us . It's not because they don't love each other any more , but the challenges drove them apart .

Licamagu : Ithi ndixelele umamakho ezindaba

-Let me tell your mom these news

I smiled and he walked away . My cell phone rang and it was Alakhe , my best friend from university .

Alakhe : We are finally done with school! I laughed , she has never liked school but she passed very well .

Me : I have been accepted to the UD Academy for training

She screamed and kept on congratulating me . The sad part was that I had to relocate , again .

Alakhe : I love you girl!

Me : I love you too

Alakhe : I will miss you!

Me : I know you will , who wouldn't?!

We both laughed and she told me that she wants me to meet her brother at the ceremony . I can't wait . We bid goodbyes at each other and dropped the

call . I made my bed and exercised . I have been exercising since high school , and yes! I was inspired by Lungqiqo . I smiled as I thought of the day he finally noticed me . I was exhausted so I took a shower and went down for breakfast . I saw my dad grabbing my mom's butt . Divorced people do that? . They heard footsteps hence my father moved a little bit further from mom .

Nokuzola : Come here baby , I am so proud of you

I ran to her embrace and this was such an emotional hug . My dad stood behind my mom and joined in the hug , which is a very weird way to hug us . He usually stands at the side . He can't press himself on mom , this is awkward . I broke the hug and my mom was blushing

since my father did not remove his hands from her .

Me : I will be in my room

Nokuzola : Hurry up so I can take you to the salon

Licamagu : What about me?

Nokuzola : You will go to the barber shop

Licamagu : Cela undikhaphe nam ? Ingxaki ndizolahleka

-Can you accompany me too ? Problem is I will get lost

Me : Tata yiminyaka usiya kula barber shop

- Dad you have been going to the barber shop for years

Licamagu : Ubuzwe ngubani ?

-Who asked you ?

He rolled his eyes and my mom giggled . I shook my head as I ran upstairs to my

bedroom . I am happy that they are working things out . I wore a simple tank top and grey leggings with a sneaker . I tied my relaxed hair and did edges . I added some accessories and took my sling bag . I love my body , the exercises have enhanced it .

Me : Mama masambe!

-Mom let's go!

I shouted after closing my room . I don't want to walk in on them and find them doing-whatever . Dad drove us to the salon . My mom chose this straight 30" black weave to be installed on my head . I looked amazing guys . I chose the nails I want to do , but my feet were good with the white nail polish . I asked for eyelashes and they approved . I was done and I looked and felt like an adult . They

kept on taking pictures of me and complimenting the one and only Lungqiqo's wife and that is yours truly . My dress was done being designed so we fetched it , I looked very beautiful on it . My mom wanted a new dress for MY night

.

Licamagu : Mamakhe ?

-Her Mom ?

Nokuzola : Mhh?

Licamagu : Uqumbiswe yintoni ?

-What made you mad ?

Nokuzola : Ndithengele ilokhwe Licamagu

-Buy me a dress Licamagu

Licamagu : Nam undithengele into endizoyithanda

-Buy for me also , a thing I would love

He winked and my mom turned red . What is he talking about ? A- a lingerie? Dad is

nasty . Hello , there is a child in here! I decided to wear earphones as they bought the dress she wants and the " thing " my dad would love . We all went to eat before driving back home .

.  
. .  
. .  
. .

I stared at myself on the mirror . I am obsessed with how I look . I am wearing a black long & glittering tight fitted dress , it had a slit on my left . It had a long V , exposing a little bit of my perky boobs . I wore the necklace and earrings . I wore my heels with straps . I brushed my weave . I called mom so she can apply my make up . She screamed and gave me a hug .

Nokuzola : Awusemhle Mafungwashe

-You're so beautiful my first daughter

Me : Enkosi , umhle nawe

-Thank you , you're beautiful too

She smiled and asked if she should do a natural look and I said yes . She sprayed my face and took pictures . We walked out and Dad was already outside , probably taking out the car from the garage . We walked out and there was a rare model of a german car with a ribbon on it .

Licamagu : Tsi Mamntande , sophitsho , yem yem , nggolomsila

I blushed , my dad was even charming my mom . I giggled as he gave me a hug .

Licamagu : Awusemhle themba lam

-You're so beautiful my hope

I smiled with my eyes getting all teary .

He held my mother's hand .

Licamagu : Intle inzala yethu

-The person we made is beautiful

My mom smiled widely . The chilvary! . I

turned to look at the car and my dad gave me the key .

Me : Tata?!

I screamed and I couldn't hold my tears as I kept on hugging the both of them . I

walked to my new car- I wish they gifted me with Lungqiqo but I love this new ride

. It is my first car ever! . I composed myself and removed the ribbon . I drove

them to where my ceremony will be held .

I was so excited! . We arrived a bit late , just when I was being called up on the

stage . My dad walked with me to the

stage after kissing my forehead . My

mom smiled . I am finally wearing the black gown . It was all done and I went to Alakhe . I cleared my throat and she turned before screaming and we hugged . Alakhe : My brother is here , he is always late but today he was panctual

Me : Priorities

She smiled widely at that . I mean I have always said something profound , what are you taking me for?- flips hair . She studied Journalism and I did an IT course . We walked outside to the parking lot . She knocked on the window of a black huge german car . The window rolled down and after all these years- I FINALLY SEE HIM AGAIN . He is wearing a black suit , perfectly tailored for his body . A black shirt underneath , two buttons left opened , exposing his

manly chest . He is wearing a black hat and sunglasses , he was smoking in here .

Lungqiqo : Hello?

I melted , his voice is even deeper . The dark aura around him is attracting me even more . I looked up at his face . He is very handsome . He quickly took off his sunglasses and gazed into my eyes . He opened the door and hung his sunglasses on his shirt . He took off his hat , exposing his haircut with waves . My pussy squirmed . I was suddenly too nervous under his gaze . He held my hand , sending shivers down my spine . He tilted his head to the side , in a charming manner . His eyes trailed down from my face to my exposed boobs and he did a sexy lip bite . From there , he went down

to my exposed thigh and back to my face

.

Alakhe : Do you know each other ?

Lungqiqo : Uyalazi IQHALO?

-Do you know an idiom ?

Me : Abakhe babonana bayokuphinde  
babonane

-Those who have once met , will meet  
again

He pursed his lips and I blushed too  
before looking down at the tyres . My  
heart was beating faster than usual . He  
caressed my chin and I subconsciously  
looked into his eyes .

Lungqiqo : Ndicela ukuncamisa ?

-Can I kiss you ?

Alakhe : Bhuti , she is my friend

-Brother

I did not know how to answer him . I nodded shyly and he took a step closer . His cologne hit my nostrils , he smells good . He circled his arms around my waist . He lowered his face on mine and breathed on my face . His breath smell like a mint . I closed my eyes and he rubbed his yummy brown lips on mine . My panties are wet . He sucked tenderly on my lower lip . I moaned and kissed him back . Butterflies fluttered on my tummy . Our tongues danced in the same rhythm . He squeezed my butt , hands full with ass . I moaned in his mouth . I pulled out and breathed out heavily , trying to catch my breath . He smiled exposing his side dimple .

Lungqiqo : Ndisabawela ukwazi sisi onomkhitha

-I am still eager to know you attractive lady

Me : Alunamida

I found myself telling him . I am still recovering from that steamy kiss . My mind hasn't functioned fully . The butterflies in my tummy are going crazy . His hands were still gripping on my ass .

Lungqiqo : Alunamida uthando lwam nawe

-Our love knows no borders

My heart stopped , he loves me ?! . I giggled nervously and he pulled me to his chest and kissed the top of my head .

Lungqiqo : I have been waiting for you woman

My heart was twerking . I couldn't stop blushing . My crush of years has also been waiting for me .

Lungqiqo : Ungaze ulilahle IQHALO

-Never lose an idiom

Alakhe was nowhere in sight . I feel bad for snatching her brother from her- I am kidding , I don't! . The only thing I am feeling right now is warmth , security and love in this man's arms . Oh and the bulge formed in his trousers .

Lungqiqo : Masambe

-Let's go

Me : Siyaphi ?

-Where are we going ?

Lungqiqo : Ufuna ukuyaphi wena ?

-Where do you want to go ?

Me : At the beach

He chuckled and nodded before wearing his black hat on . He looked dangerous and boy!- I am attracted to danger . He took my hand and we walked to the other side of the car . He opened the door for me and I thanked him before settling inside . He hopped in and his cologne hit my nostrils . He smells really good .

Lungqiqo : We are going to the beach then . Wonwabile ?

-Are you happy ?

I nodded shyly before playing with my fingers . This feels like a dream . He caressed my chin and made me look at

him . We both smiled , I love his side dimple! . I stared at his brown lips and swallowed .

Lungqiqo : Ncamisa icrush yakho

-Kiss your crush

I giggled at how charming and cute he sounds . I shyly brought my face closer and he wasn't even meeting me halfway! .

I sat on top of him- don't ask where I got the audacity from . He placed his cold hands on my thigh and brushed it , I developed goosebumps . I cleared my throat , trying to not react from his touch . I held the side of his face and indulged his lips . Our lips moved in sync . He did this gentle bite on my lower lip which caused me to moan . He slipped in his tongue and I welcomed it inside my mouth . I felt his hand on my inner thigh ,

centimeters away from my coochie . I opened my legs slightly apart .

Lungqiqo : Can I ?

He gazed into my eyes . He is breathless but he managed to ask for consent . He is so sexy right now . I nodded . He pecked my lips twice and kissed my neck . I moaned at the warmth of his tongue on my skin .

Lungqiqo : I need words woman

I have never heard someone pronounce the word woman this sexy . He whispered that on my ear . His deep voice electrifying my whole being .

Me : Yes you can

I felt him smile before giving my shoulder blades wet kisses . His hand rubbed on top of my thong right there ,

at the opening . I moaned as he rubbed my clit .

Lungqiqo : You're wet

His voice was now deeper than usual . His weapon growing under the pants .

Lungqiqo : Mhh so wet

I moaned as my pussy watered . He sound sexy , too much . I held the back of his head , removing the hat . It fell on the passenger seat . I ran my nails on the back of his head . He moaned! .

Lungqiqo : Ndingaqhubeka ?

-Can I continue ?

He flipped my thong to the side . His finger waiting patiently to work it's way around my coochie .

Me : Yes

I am a bit nervous about this since it is my first time . He claimed my lips ,

flushing the doubts in my head . He rubbed my clit and we both moaned . It feels nice . I am in love with how he makes me feel . He tapped my clit with his thumb before rubbing faster .

Me : Ngqiq-ahh

He groaned , reacting to his new nickname .

Lungqiqo : Mhh?

I couldn't talk . The pleasure I am receiving is out of this world . He hit my pussy two times and I moaned . I felt him drawing circles on my clit . I threw my head back as he stuffed his face on my neck . I felt his finger entering me . I jumped and he stopped .

Lungqiqo : Useyintombi nto ?

-You're still a virgin ?

How do I tell him that I kept it all for him ? He is the man of my dreams . All of a sudden , I was shy .

Me : Ewe

-Yes

I whispered and looked away from his face . He held my thigh .

Lungqiqo : Look at me woman

I subconsciously raised my eyes to meet his . He smiled and pursed his lips . I blushed too! .

Lungqiqo : I am sorry I got carried away , did it hurt ?

Me : A little

Lungqiqo : Uxolo va ?

-I am sorry you hear ?

I nodded shyly . He pulled me to his chest- and indeed I am not dreaming . I wrapped my arms around his waist . He

brushed my weave and kept on pressing his lips on my forehead . I don't know how he will manage driving with me on top of him but he did . We were pulled over by trafficks and he cursed under his breath . He held me even tighter . The man in uniform knocked on the window . Lungqiqo rolled it down .

Traffic cop : Sir , the way you are sitting with her on top of you might cause an accident

Lungqiqo : So ndithini ?

-What should I do ?

Traffic cop : There are seats in here

Lungqiqo : Azikho shushu , ufuna mna

-They aren't warm , she wants me

We laughed- the cop and I .

Traffic cop : I will be forced to fine you

Lungqiqo : Masithethe phandle ngoba yena akazosuka

-Let's talk outside because she won't move

The traffic cop shook his head and smiled a little . I guess he finds this cute . I was a blushing mess on his chest .

Traffic cop : Drive safely

Lungqiqo : Sure

The window went up and he continued driving with music , playing lowly .

.  
. .  
. .

I felt kisses on my lips and I flipped my eyes open . We are at the beach! . I smiled at him . He chuckled and opened the car door before walking outside with

me . He placed me on top of the car bonnet and took off my shoes and he kissed my feet . I giggled and it turned into a moan as he sucked my toes . My pussy felt that! . He stopped and chuckled before placing my heels inside the car . We sat on top of the car whilst watching the waves on the beach . He made me wear his blazer . I love his scent! .

Lungqiqo : You disappeared on me

Me : Family matters

Lungqiqo : Oko wawusengqondweni yam

-Since then you were on my mind

I giggled shyly and he held my hand .

Lungqiqo : Qonda iphi ingelosi yam ?

-I was like where is my angel ?

I blushed and rolled my eyes . The effect of his words! . He played with my long nails .

Me : I knew we will meet again

He looked into my eyes and found me already staring at him . He is very handsome . We kissed and I pulled out .

His kisses are so sensual and addictive .

Me : Did you know I always stood by the toilets and watched you and your friends ?

He cocked his eyebrow up before smiling . The look he is giving me! It can melt even an ice cube . I breathed , he is taking air away from my lungs .

Lungqiqo : Kudala wandifuna

-You have always wanted me

Me : Qonda andisakurhaleli

-I was like , I am so craving you

He laughed and threw his head back . The sound! I couldn't help but smile and just look at him .

Lungqiqo : Andise yummy

-I am so yummy

Me : Seyo panty dropper

-You're such a panty dropper

I quickly held my mouth . I shouldn't have said that aloud! . He looked amused and he cocked his eyebrow up at me in a charming manner .

Lungqiqo : Ndiyintoni ?

-What am I ?

He scanned my body sexily with his eyes and back to my face that was red .

Lungqiqo : Mhh?

He caressed my chin and I looked away . He wants to laugh at how embarrassed I am . I laid on the windscreen whilst

hiding my face using my hands . He laughed and tried to remove them . I turned and slept on my tummy . He stopped laughing and grabbed my ass . I suddenly kept quiet . He laid on top of me .

Me : You are heavy Ngqiqo!

Lungqiqo : Azikusindi zona eziimpundu ?

-Doesn't this ass feel heavy too ?

I was about to answer his silly question but words escaped me as he grinded on my behind . Pressing his erection on my ass . I swallowed .

Lungqiqo : Yeses khame ndiyobubha

-Let me go and swim

He got off me and tried to walk normally . I was silently laughing at how horny he is . Lungqiqo from high school would have long fucked me but this one- he respects

me . I smiled as he took off his clothes and entered the beach . I watched him and he came out of the water smiling mischievously .

Me : No ! No Ngqiqo!

We both laughed and I jumped off before running . He caught me easily and picked me up before running with me to the beach . I screamed whilst laughing . He dropped me on the cold water . I gripped his arm tightly and we both fell inside . He was on top of me , in between my thighs . I flipped my eyes open and he was staring at me . My throat became dry because of the intense gaze . He lowered his face on mine . Staring deep into my eyes . I pulled him to me and we kissed before the wave hit us . I screamed and he groaned after cursing under his

breath . He picked me up and we sat on the sand .

Lungqiqo : Ndibambekile

-I'm sprung

He pulled me closer to him . There is nothing more pure than a man admitting that he is high on you . My crush! .

I last saw Lungqiqo on my graduation day and he did bring me home . It is the day

that I am finally going to the Undercover Detectives Academy . I took my luggage and went downstairs . My mother was so emotional that I will be away for 2 years minimal if not more . I hugged her and Dad . He was just proud that I am following my dreams . I am ready since I saw my crush of years . My mom gave me a lunch box and I thanked her . They drove me to the airport and I caught my flight . I was crying with my head on my thighs . I am leaving my life behind to go and pursue my dreams . It is hard but it is never easy . This is what I want to do and if staying years without my loved ones is the price I have to pay , it's fine . I wiped my tears and thought of Lungqiqo , our love story is very rare and so unique

. I smiled and dozed off on those thoughts . Till we see each other again .

.

.

.

.

I departed at the international airport and also booked a flight for tomorrow . I am going out of country . I will be staying in this hotel for the night . I checked in and I strolled with my suitcases to my room . On my way- my eyes better not be deceiving me .

Me : Ngqiqo ?!

He halted on his steps before turning to meet me . The smile on his face! That side dimple! . I ran to his embrace and he picked me up and I wrapped my legs around his waist .

Lungqiqo : Where are you going ?

Me : I missed you!

He smiled at my confession . I really did miss him . I stuffed my face on his neck- I couldn't handle the eye contact . He makes me so shy! . He chuckled as I sniffed him .

Lungqiqo : Sukundinukisa

-Don't sniff me

Me : I love your scent

Lungqiqo : And I love you

My heart! I wished to scream on top of the rooftop . He just confessed- my crush loves me too . I blushed whilst giggling .

Lungqiqo : Ufuna ntoni apha ? Ulandele intliziyo ?

-What are you doing here ? You followed your heart ?

I giggled sadly . Only if he knew that this is the last time we are seeing each other . This is the last time I am sniffing his scent , hearing his voice and- wow! . I found my self wiping my tears .

Lungqiqo : Hey ukhaliswa yintoni ?

-Why are you crying ?

I couldn't talk as I broke down . I will surely do miss him! .

Me : I- I-

Lungqiqo : Hush woman

He rubbed my back and cursed under his breath as my cries echoed in his ears .

He opened this other penthouse . I think he owns it . He closed the door and made a call .

Lungqiqo : Open your room door and take those suitcase

Bulelani : Zinantoni bra ? You can't bring lawey apha

-What do they have bro ? You can't bring that thing here

Lungqiqo : Just do as I say

He hung up and placed me on the bed . I got inside the covers and he sat on top of the bed .

Lungqiqo : Ndicela uthethe nam

-Please speak with me

Me : I am going out of the country for two years

He blankly stared at me . He showed no emotions , just staring at me . He is making me nervous .

Lungqiqo : Uyaphi ?

-Where are you going ?

Me : To an academy

He nodded and kissed my forehead .

Lungqiqo : I love you woman

I smiled widely as he kissed my neck . I held the back of his head .

Me : Ndiyakuthanda nam Ngqiqo

-I love you too

His eyes curved into a breathtaking smile . I melted at the display of adoration .

Me : Make love to me

Lungqiqo : Mhh?

He looked taken aback by my suggestion . I shyly looked away .

Lungqiqo : Ufuna ukundinika ubuntombi bakho ?

-You want me to take your virginity ?

I nodded shyly whilst playing with my fingers . He caressed my chin and I looked up to find him already staring at me . I blushed and pursed my lips .

Lungqiqo : I need words woman

I giggled and cupped his face before placing a wet kiss on his mouth .

Me : I want you to break my virginity  
He kissed me slowly . I moved my lips with his . He shoved the cover to the side and opened my legs . He settled in between them and grinded on me . I moaned in his mouth as he gave me a tongue kiss . I ran my hand on his white shirt , slowly unbuttoned it . I slid it off him using my hands . I breathed as his well built chest came out to play . I ran my hands on his chest as he took off my track suit . I was left with a bra and a lace panty . He stared at my body with his eyes being dark . I shyly closed my eyes and he chuckled before standing up . He closed the curtains and dimmed the

bright lights . He opened this other built in , exposing a gigantic mirror .

Lungqiqo : Come here

I stood up with the cover . He chuckled and made me stand in front of the mirror .

Lungqiqo : I want to see you woman

His voice was so hoarse as he licked my earlobe . He placed wet kisses on my shoulder blades before stuffing his face on my neck , smooching it . I moaned .

Lungqiqo : All of you

He gently removed my hands and took a step back watching patiently as the bed cover fell to my feet .

Lungqiqo : Look at how beautiful you are  
He traced his fingertips on both of my arms . He sniffed my neck and I threw my head back .

Lungqiqo : So sexy

The effect of his horny voice and compliments! My pussy squirms . He held my boobs and moaned . He unclipped my bra and slowly took it off , it fell down . I looked at it . He slightly parted my legs apart . He clapped my pussy and it felt so good .

Lungqiqo : Look at your reflection

I nodded and heaved a sigh . His hands ran down to my abdomen . He got down to his knees and ripped my lace apart with his teeth . I couldn't help but stare down at him . I felt two claps on my coochie and my clit vibrated . I moaned whilst biting my lower lip .

Lungqiqo : Your eyes on the mirror woman

I nodded shyly and stared at the mirror .  
He placed the cover on top of the mat .  
And told me to lay on my tummy .

Lungqiqo : Ass up , chest down my love  
I positioned my self and he kissed my  
back , making me arch even more .

Lungqiqo : Look at how perfect you are  
I stared at the mirror and my pussy  
watered . He took off his trousers and oh  
my- The print made me swallow . I felt  
three claps on my pussy and I moaned as  
tears rolled down . I am feeling mixed  
emotions .

Lungqiqo : Look at you  
He kneeled behind me and squeezed my  
boobs .

Me : Ngqiq-ahh

He kissed my back and rubbed my nipples .  
He pinched them and I clenched my WAP

. He flipped me and I laid with my back .  
He sniffed my pussy and moaned . I  
nervously tried to close my thighs but he  
held them .

Lungqiqo : You smell nice

He licked my vertical lips before tongue  
kissing my coochie . I moaned at such  
pleasure . His other hand went up to play  
with my boob . I held the back of his  
head- pushing him in . He hummed and my  
clit vibrated . My toes curled as my eyes  
rolled to the back of my head .

Me : I need to pee

Lungqiqo : Chama baby

-Cum baby

He fucked me with his tongue repeatedly  
. I held the back of his head as my legs  
shook uncontrollably . I moaned lovingly

as I orgasimed . He took off his boxers and rubbed his weapon on my vulva .

Lungqiqo : Woma-mhh

He slowly glided inside and it pained a little . I screamed in ecstasy . He took it out and went in again . I clenched my pussy walls , they tightened around his weapon . He groaned at the warmth .

Lungqiqo : Fuck! Uyandicisha

-You're killing me

I moaned as he started moving and fucked me in a circular way , hitting every inch and angle of my pussy . He rubbed my clit whilst moving in deep inside of me . I moaned as my pussy creamed . He moved his waist twice and hit my G-spot . I screamed as a wave hit me . My nails digging on his back . He groaned and made love to me . He humped

in for a few minutes and I orgasimed as he ejaculated inside of me .

Me : Ungachameli kum!

-Don't cum inside of me!

Lungqiqo : Sena two minutes years old umntana

-The child is already two minutes years old

I burst out laughing as he collapsed on top of me , his soldier still deep inside of me . What he just said is ridiculous . He kissed my forehead .

Lungqiqo : I love you woman

He said exhaustedly . I wrapped my legs around his waist . I wrapped the cover on top of us . I smiled whilst running my nails on his head .

Me : Ngqiqo ?

Lungqiqo : Mhh?

He sounded sleepy so I decided to let it slide . I feel like a grown woman . I kissed his head and dozed off after confessing that I love him too .

It has been long right ? The training took 4 years , can you believe it? . I am so eager to go home right now , I will seriously miss this place- .

Me : Lunikezelo put that down!

I screamed and he got startled and fell down before crying . I quickly apologised as I picked him up .

Me : I am sorry baby

I kissed him all over his face . He looks so much like his father . I tickled him and he burst out laughing . I am insanely in love with this little human . I smiled as his deep side dimple displayed .

Me : I love you so much

He might be the reason I had to stay 4 years but they were all worth it . I can't wait to meet his father again . It's been years but just the thought of him still drives me crazy . I heard a knock-  
disturbing me from my beautiful thoughts . I went to open and smiled at Arlene , this girl has been my rock to lean

on . I opened the door widely so she could come inside .

Arlene : Hey little guy , come to daddy

Me : Hey! He has a father!

Arlene : No , I am your father right ?

Yes

Lunikezelo giggled as Arlene took her .

She is wearing her usual style-  
sweatpants and a white vest showcasing  
her muscles . I cleaned around the room  
as she was keeping " Baby Kezelo "-  
that's what she calls him . I wore  
tracksuits and white kicks before tying  
my hair in a bun .

Arlene : How are you feeling ? Going back  
home and all of that ?

Me : Excited but a little nervous

Arlene : Don't be scarce

I giggled and kissed her forehead- of which she wiped . I rolled my eyes and took our bags downstairs to the hall . She was following me with Lunikezelo . I received hugs , this is such a warm environment- ruthless? Yes but it's all good . General came in wearing all black , the commotion stopped .

General : 20 will be leaving today , it has been a tough journey

Arlene : That it was!

We all chuckled and General . He walked around the hall . This man demands respect .

General : One by one , we will take you to the room of honour . In all , well done for making it to the end . Meeting is adjourned

He walked out and we were called through the intercom . My name was called so I took Lunikezelo and walked to the honour room . The assistant took me to the stand and held Lunikezelo for me . I thanked him .

General : Your left hand up and the right one on the bible

I did as he said and looked at him in the eyes .

General : You will repeat after me

I nodded and exhaled .

General : I stand here

Me : I stand here

General : For law

Me : For law

General : I vow

Me : I vow

General : To never break the law

Me : To never break the law

General : I pledge

Me : I pledge

General : With my life and heart

Me : With my life and heart

General : I will forever stand for what is right

Me : I will forever stand for what is right

General : According to the law

Me : According to the law

General : With the power invested in me ,  
I now pronounce you as Detective  
Mthikrakra , a lover of the weapon and a  
soldier of the law . Congratulations

I smiled and heaved a sigh before moving  
from the stand . I was handed my  
documents and a badge . I smiled as I  
took Lunikezelo .

General : You are assigned to work at your nearest police station . Your appointment is written neat and legibly on those paper sheet . You are free to go I laughed unbelievably as I thought of the memories we made in this place . I took my luggage and wiped my tears as we walked to the cadillac . It drove us straight to the airport . Lunikezelo was already asleep . He looks so cute in this fluffy jacket . I kissed him and held him close to my chest . We arrived to the international airport and my flight was already booked and ready to flee . The guards took my suitcases . The necessities and safety measures were taken so we were ready to board home . Lunikezelo was restless the entire flight . I was too tired and jet legged for what

he is doing . He cried and I cried too . He looked at me as I cried and kept quiet . I decided to breastfeed him . He sucked my boobs whilst playing with his fingers quietly . We departed safely to the international airport and we will spend the night at a Bnb . I bathed him and rubbed his body and he became drowsy . He wore his warm pyjamas and slept almost immediately . I am nervous to meet Lungqiqo to be exact . That morning I last saw him , he was sleeping so I wrote a letter and took a flight- forgot completely about morning after pills . I exhaled and dozed off too .

- .
- .
- .
- .

We were now home! I ran to my mom's embrace as Dad held Lunikezelo . She got teary and all of that . She made lunch for all of us . We sat down with them gushing over Lunikezelo .

Licamagu : Intle lentwana , tatakhe ugay?

-This boy is handsome , is his dad gay?

I burst out laughing- if he can see and feel how Lungqiqo fucks . He would flush all of that away . I rolled my eyes as I ate .

Me : No Dad

He chuckled and just shrugged . I shook my head and went upstairs to sleep . I woke up after an hour or so and took a relaxing bath . I applied lotion and wore tight fitted jeans and a white shirt . I threw in some blazer and red pointed high heels . I wore a weave and make up .

I added accessories . I looked gorgeous , my body is everything . I puffed perfume and slipped my documents in my briefcase . I took my first car keys and went out .

Me : I am going to the police station , wish me luck

They did wish me good luck and I kissed my little man . I have never adored someone this much . He isn't even scared of new faces , I think growing up in an Academy with a lot of different people helped with that . I made food for him and Mom promised to feed him . I drove to the police station and asked for the Captain . He made me sign a contract and checked for my badge and the other documents . I am hired but I had to follow procedure . He introduced me to the special agents team .

Captain Kleinbooi : You will be working with her in this investigation

Detective Mbula : Captain we can't disclose such information with her . This is a critical case , she can enter a beauty contest or something

Me : I am Alunamida Mthikrara from the Undercover Detective Academy and I am assigned to this case , if you have a problem with it ... get off the case

I think mentioning UD Academy earned me respect . People can judge even when they don't know you or your story .

Detective : You can sit down

Me : I am perfectly fine standing

Who am I kidding? I am dying in these high heels . I smiled as pride played with me . She rolled her eyes and turned to look at everyone in this room .

Detective Mbula : It all starts with a man named LD

I cleared my throat . I need to show that I deserve to be in here hence I listened attentively .

This LD guy is very mysterious . He has committed a lot of crimes and managed to leave no tracks . He is smart , very smart . I walked out with the compilation

file , I made a mental note to read it at home . I called my mom and asked to speak to Lunikezelo .

Me : Hey baby

Lunikezelo : Molo

He sounded so shy , I giggled and talked with him . I am really in love with this soul . There is not even an ounce of regret . I disconnected the call and went out to the Detective of the station . I knocked in his office .

Me : Greetings Sir

He stood up and we shook hands . We did the pleasantries and he offered me a sit hence I sat down .

Detective Nkula : What did I do to deserve this visit ?

Me : You are hardworking and very determined right ?

Detective Nkula : I believe so

Me : But you are sidelined from the special agents

He nodded . I smiled before looking at him in the eyes .

Me : You want to be in the case right ?  
With the big players

Detective Nkula : It is everyone's dream

Me : I will make it your reality

Detective Nkula : What's the catch ?

He cocked his eyebrow up at my smiling self .

Me : I want you to find out about the death of this ruthless gangster who will be buried this saturday . I want every detail and especially where the funeral will take place

Detective Nkula : That's easy , but how do I trust you ?

Me : I am a woman of my word , you just have to

I winked before standing up . He looked at me as I walked to the door .

Detective Nkula : When do you need this ?

Me : As in like yesterday

Detective Nkula : Tomorrow it is

I smiled and walked out . I drove to the mall to buy things for my baby . I made money that side by teaching people my language so I am a bit sorted . I am thinking of buying my own house but I need money for that . I ate and drove home with take-aways .

Me : Molweni

-Hello

Lunikezelo : Mamam!

-My mom

He ran to me and tripped on the mat . He fell and cried .

Licamagu : Ayikhali indoda

-A man doesn't cry

Me : Mxelele uyikwekwe wena

-Tell him you are a boy

I picked him up and kissed him all over his face . He giggled and I melted . I hugged him and gave him a chocolate . He spread it all over . My mom didn't seem to mind , she must love her grandchild I mean she wants nothing with her sofas and mats . I refreshed and we took a nap with my baby . My cell phone rang in the middle of the night . I exhaled and sat up straight before answering .

Me : Alunamida Mthikrakra hello?

" I got all the details "

Me : Mr Nkula my man , I will fetch it right now just send me the location .

I stood up and brushed my teeth and washed my face . I wore black and white . I tied my black boots and took my hoodie before walking out to the garage . Dad came out .

Licamagu : Where are you going ?

Me : Duty calls

Licamagu : Let us know , be safe

He kissed my forehead and walked back inside . I smiled and drove to this other 24 hour café . I arrived before him and bought coffee whilst scrolling down my social media accounts . I heard a pat on the back and I turned .

Detective Nkula : I can't stay for long , take this

I took the envelope and thanked him . He nodded and walked away . A determined and hardworking person who gets sidelined tends to be very dangerous and I will feed on his anger . I waited for a few minutes and walked out to my car . I drove home and used the lounge as my study room . I placed every document on the paper and one caught my eye .

Me : Sabelo ? Sabelo ?

I know this name from somewhere but it is blurry . This Sabelo is the deceased . His funeral is tomorrow and every details just like I asked was there . I ironed my sunday best and for the little guy . It is risky to take Lunikezelo to such funerals but I can't be suspicious . I cleaned up and left the documents under the bed . I

went undercovers and pulled my baby to my chest before dozing off .

.

.

.

.

We just took a bath and Lunikezelo was screaming and throwing tantrums because I took him out of the bathtub . I exhaled as I dried him up . I took out an outfit for him . I wore jeans and a blue blouse with nude heels . I made breakfast for everyone . I kissed Lunikezelo goodbye and drove to work . I suggested that we should have our own headquarters than always coming to the police station . It is very suspicious . I left early and went back home . I changed to my sunday best out fit .

Lunikezelo wore black trousers and white takkies with a black shirt . He looks so much like Lungqiqo .

Licamagu : Awusemhle boy

-You're handsome boy

Me : Ithi enkosi

-Say thank you

Lunikezelo : Enkosi Tamkhulu

-Thank you Grandfather

Nokuzola : Akase young and sexy umnyeni wam

-My husband is so young and sexy

Lunikezelo : Mhh?

I burst out laughing as Dad pulled my mom in a hug . That's our cue! He sat perfectly with a safety belt on , in the passenger seat . I drove to where the funeral will take place . I recognised some faces and decided to sit at the

back with my baby on top of me . The pastor preached and he made me miss church . Gunshots were fired and everyone screamed . There were tyre screeches . I turned and there were cars spinning as gunshots were fired . They all shot and a man with a black hat on came out from a black german car . Lunikezelo wiggled himself from me . He ran to this man whom was now carrying a gun . I ran after him , my heart beating out of my ribcage . I can't lose him . He kicked this tall guy . I stopped moving .

Lunikezelo : Gani yam! Sapha !

-My gun ! Give it to me!

He removed his hat and picked up

Lunikezelo . He raised his head up and-

Lungqiqo gets finer every time I meet  
him . I have never witnessed such  
sexiness on a man other than him . The  
dominance . He is very attractive and he  
knows it . He signaled me to him . I  
walked like a rained on chicken behind  
him . He was carrying his son in a  
protective manner .

Lungqiqo : Bulelani?

Bulelani turned to him . He greeted me and I nodded .

Bulelani : Ayisafani nawe le chap Ngamla

-This guy looks like you boss

Lungqiqo : Ingathi bendizoyiphika

-It's like I was going to deny him

They laughed and I giggled , it is true ...

Lunikezelo is a photocopy of Lungqiqo

hence I call him a younger version of him

.

Bulelani : Ngubani igama lakho ?

-What is your name ?

Lunikezelo : Gama lam? Lunikezelo mna .

Mntana ka Ngqiqo ka mamakhe mna

-My name ? I am Lunikezelo . My

mother's Ngqiqo child

Bulelani burst out laughing and Lungqiqo

eyed me with that " I will fuck you woman

" eyes . My pussy twitched . I cleared my

dry throat and rolled my eyes at Lunikezelo- trying not to concentrate on his father's sexual advances .

Bulelani : Metal Ngamla

-Boss

Lungqiqo : Kulate for ukuyisusa

-It's already late to remove it

Bulelani nodded and he asked me to give him my car keys . I looked at Lungqiqo and he nodded . I handed them over and Lungqiqo took my hand to the car he was in . We settled inside and he drove with his son on top of him .

Me : It smells sweet in here , like a woman

He eyed me and drove quietly . Lungqiqo was only communicating with his son- and yes I am jealous . I pursed my lips and crossed my arms whilst looking outside .

Lungqiqo : Mama we ngcosi yam ?

-My son's mom ?

My heart was beating faster than usual .

I rolled my eyes as my cheeks heated up

. Butterflies fluttered on my tummy .

Me : Mhh?

Lungqiqo : Ndiyakubiza kaloku

-I am calling you

Me : Okay

Lungqiqo : Uqumbile ?

-Are you mad ?

Me : Why would I be ?

Lungqiqo : Look at me woman

I breathed- there is something sexy

about being dominated . I love how he

intimidates me . I have said this before ,

ain't nobody pronouncing the word ;

woman , this sexy . I looked up to his

eyes and he smiled . I giggled before my lips curved into a smile .

Lungqiqo : Ndili taimer

-I am a father

Lunikezelo : Taimer ?

-Father ?

Lungqiqo : Ndingu tatakho

-I am your father

Lunikezelo giggled shyly- exposing his side dimple . Lungqiqo went crazy and pulled the car on the side . I laughed as he kept on gushing over his son . I took videos of them .

Lunikezelo : Tatam!

-My father!

I giggled as they hugged . Lungqiqo was so emotional but he kept it in . I love how he displays adoration . He rubbed Lunikezelo's back and I stopped

videolizing as I noticed a ring on his marital finger- Bulelani was referring to this but he said a metal .

Me : You are married ?

He closed his eyes- my breaking voice doing something to his whole being . He locked the doors using central lock .

I couldn't stop the tears flowing down my cheeks as I stared at this man whom is my crush .

Lungqiqo : I am not married , just engaged

Me : Don't justify shit

He looked at me with lazy eyes and tried to touch my face but I moved my face to the side .

Me : You can always see your son but whatever we had is over Ngamla

-Boss

Lungqiqo : Ndicela ungathi yi whatever ,  
luthando olu

-Please don't say it is whatever , this is  
love

I melted but decided to roll my eyes . I  
am very much hurt and disappointed at  
his handsome self . Bloody Greek God! .

Lungqiqo : Who's Ngamla ?

-Boss ?

Me : Uyabanda darn wena ?

-Are you cold ?

Lungqiqo : Noba ufuna ndikuzume

-Maybe you want me to fuck you

I clenched my legs as I tried to mentally  
block how good he is under the covers . I  
don't mind if he does fuck me- I mean it  
has been such a long time .

Lunikezelo : Mama uvala mathanga

-Mom is closing her thighs

Lungqiqo : Myeke boy , ndiyamcisha

-Leave her boy , I am killing her

He eyed me with lazy eyes . He is extra sexy . I exhaled- I can't focus with him giving me a seductive look .

Me : Andicishwa ngumntu otshatileyo mna

-I am not killed by a married person

Lungqiqo : Vula loo mathanga ndibone

-Open those things so I can see

He chuckled as I opened and closed my mouth- words failing me . I took my son and looked at the road ahead .

.

.

.

.

Lungqiqo : Baby vuka

-Wake up

He was rubbing my thighs whilst kissing my neck . I bit my lip and exhaled as he kissed my lips . We kissed with him stroking my thighs . I pulled out and Lunikezelo was sleeping on his arms . I looked outside and there was a huge white house with a lot of taxis . I looked at him .

Lungqiqo : This is my house  
I nodded and he opened the car door for me . I thanked him and yawned as I stepped outside . I couldn't see outside the yard , the boundary wall is higher than the Great Wall of China- rolls my eyes . We walked to a sliding door and wow , the house is beautifully designed and decorated .

Lungqiqo : House tour ?

" Honey are you home ? "

He cursed through gritted teeth . I shot him a death stare . He cleared his throat

.

Lungqiqo : Ewe Abongile

-Yes

Abongile is a tall woman with a beautiful body structure . She looks very classy , this leaves a bitter taste on my mouth but she fits on Lungqiqo's calibre . I am not jealous .

Abongile : Who are you ?

Me : Give me my son please

He held my arm and I snatched it from him .

Lungqiqo : Listen woman

Abongile : I thought you only called your mother that

Lungqiqo : Can I speak with her please?

Abongile : What? You can't bring your mistresses here . It is very disrespectful

Lungqiqo : I like you Abo , I really do but ndiyamthanda lo sisi

-I love this lady

Abongile : Like ?

Lungqiqo : Abo

Abongile picked her bag and walked out banging the door- thank God Lunikezelo sleeps soundly .

Lungqiqo : Please stay for a while

I huffed and looked away . He caressed my chin and kissed my lips . I welcomed his tongue after hesitation . His hand went down to grip my ass tight . I moaned excitedly and wrapped my arms around his neck . He pulled out .

Me : We won't sleep on her bed with you

We walked to the guestroom . I don't want to sleep on another woman's bed . I don't even know why I am still here .

Lungqiqo asked if I am hungry and I nodded . He brought food for us and we all ate . He kept on asking about his son , when was he born and all of that . I yawned as I felt sleepy . I hope Abongile doesn't kill me on my sleep . Lungqiqo pulled me to his arms and our son . He wrapped his arms around us .

Lungqiqo : I love you woman

I smiled and snuggled closer to him . He kissed his son and my forehead . I dozed off . Lungqiqo's cell phone rang in the middle of our nap . He groaned and picked it up .

Lungqiqo : Sure ?

Bulelani : Umame ngcosi

-Your son's mom

Lungqiqo : Mhh ?

There was silence and my heart was thudding hard against my ribcage as I thought of the documents I left inside the car's dashboard .

Bulelani : Which Academy was she in ?

Lungqiqo : Andiyazi , huzert?

-I don't know , why ?

Bulelani : LD , your woman is investigating you

There was silence as I felt his eyes on me . LD- Lungqiqo Dubula fuck! How could I miss this ?! . I opened my teary eyes . I am so scared because he might think I want to throw him behind bars . Heck! I did not even know he is the man we are investigating .

Me : It is not like that , Ngqiqo I swear

He blankly stared at me . His motionless facade makes me nervous . I held his face with my trembling hands . He wasn't even flinching or reacting to my touch .

Bulelani : Ngamla ? Don't hurt her

-Boss

Lungqiqo : Mhh

He said before disconnecting the call .

He stood up and wore sweatpants and a hoodie . I sat in front of him whilst crying my eyes out . I held his face and made him look at me . He exhaled and gave me lazy eyes .

Me : Ngqiqo ?

He closed his eyes and removed my hand from his face . He stood up and I held his leg . He gently removed my hands and walked to the door . He took his car keys and dimmed the lights .

Me : Ngqiqo ?

Lungqiqo : Sleep

He closed the door and I covered my mouth with trembling hands as I broke down . I seriously did not know- now it all links up where I know Sabelo , he is his acquaintance .

I stood up and got inside the covers after a few minutes . I honestly do not know why I am crying over a soon to be married man- I am kidding , I am in love with that man . I love my job and I took an oath but I have to think of Lunikezelo . I have already forbidden him 3 years of being with his father . The crimes Lungqiqo or Ngamla or LD , whatever his name is ... comitted might earn him years in jail . I exhaled as I dozed off on those thoughts . The following morning I was woken up by commotion . I stood up and rubbed my face . Lunikezelo was playing with my face quietly . I picked him up and

tied his shoes . I placed him on my hip and took my shoes . We walked out to the living room and Lungqiqo was arguing with Abongile , actually she was the one arguing . Lungqiqo was just staring at her and answering her when needed . I cleared my throat . They turned to look at us .

Abongile : How does it feel to sleep soundly in another woman's house ?

Me : Uhm ... Lungqiqo can I have my car keys ?

Lunikezelo wiggled himself from me and ran to his dad . Lungqiqo smiled and picked him up so he can sit on his lap .

Lunikezelo : Tatam!

-My father!

Abongile walked out of the living room . Lungqiqo stood up and motioned that I

should follow him . We walked outside .  
Lunikezelo was in awe at the lot of taxis  
in this gigantic yard . I stood there as  
Lungqiqo told him that this is his legacy .  
Me : Lungqiqo I have to go back to work  
He looked at me for a long time . I  
shifted uncomfortably . He nodded and  
said he will drive us back home . I love  
how Lunikezelo is so into his father but I  
can't help than to feel guilty that I  
might be the reason he loses the  
developing bond with his father . I  
exhaled and wiped my tears .

Me : So what will you do ?

Lungqiqo : Ngantoni ?

-About what ?

Me : We both found out you are the man  
I am investigating

Lungqiqo : Nothing

He shrugged his shoulders nonchalantly .

I looked at him suspiciously .

Me : So I should reveal that you are LD ?

Lungqiqo : I don't care baby qha mna  
ndibawela ukushela

-I just want to charm you

I giggled , involuntarily .

Me : I will put you behind bars Lungqiqo

Lungqiqo : And between thighs

He blew me a kiss and I chuckled . I

don't know if he is up to something or not

. How can he still want me whilst I might  
put him behind bars ? .

Me : You are married

Lungqiqo : Engaged

I rolled my eyes- it is the same thing .

Me : You don't even know where I stay

Lungqiqo : A lot of things are revealed at  
night

He winked . I blankly stared at him . He drove exactly in front of my home . He walked out and opened the door for me . He asked for a kiss .

Me : We are in front of my parent's house!

Lungqiqo : Let's walk three houses away then

Me : Just for a kiss ? Go to your wife  
He secretly rolled his eyes inwardly . I giggled and took our son .

Lungqiqo : Ndicela ukubamba ke ?  
-Can I touch you then ?

Me : 3 seconds

He grabbed my ass and moaned . I exhaled and bit my lower lip . I fixed my skirt and walked inside . My parents were worried sick about us . I apologised and Lunikezelo was shouting " Tatam! (My

father!)" - which made my mom analyse me . I left him there with his grandparents so I can do my hygenic process .

.

.

.

.

I told the team who is LD and they were all in awe of how I found out in just a night . I told Captain who compiled this information , I even suggested promotion . He said he will think about it . We will be having our own headquarters sometime this week . Bulelani dropped off my car this morning . I did not even find my documents that were in the brown envelope . I was grumpy all day because I need those papers . I drove to Lungqiqo's house and the gate was open . I walked to

the backyard and there were a lot of men dressed in black suits with hats on . They whistled as I walked to my baby daddy . I felt my self-esteem boosting .

Lungqiqo : Respect

They stopped whistling and my pussy watered at how possessive he is . I love a man marking his own territory . I stopped blushing and acted mad .

Me : Where are my documents Lungqiqo ?

Lungqiqo : Molo nawe baby

-Hello to you too baby

I rolled my eyes .

Lungqiqo : Cela uphinde

-Please repeat

I rolled my eyes again . He picked me up and backed me in a corner . His employees whistled . He gently squeezed my throat and my pussy squirmed .

Lungqiqo : Ndizokutya sogqiba uyazi when  
to roll your eyes at me woman

-I will fuck you then you will know

He whispered against my ear . I closed  
my eyes whilst gasping for air .

Lungqiqo : Uyandiva ?

-Can you hear me ?

I nodded whilst biting my lower lip . I  
hate and love how he has effect on me .

Lungqiqo : I need words woman

He was whispering against my ear ,  
sending shivers down my spine . He licked  
my earlobe and kissed my neck . A moan  
escaped my mouth .

Me : Ndiyakuva

-I hear you

Lungqiqo : Okay , I don't know where are  
your documents

I nodded as he let go of my neck . He pecked my lips .

Lungqiqo : Ndiyakufuna

-I want you

I gazed at his eyes and there wasn't even an ounce of doubt . I keep falling more and more for this man . I am really attracted to danger .

Lungqiqo : All of you

His eyes trailed off to my exposed thighs . He licked his lips and raised his head up to meet my eyes already staring at him . I feel mushy down there . I stuffed my face on his neck and he walked with me to my car as if he knows how that I am suddenly shy of the eyes . He put me down and I fixed my skirt .

Me : Uhm ... do you want to see your son ?  
You can come by at night

He chuckled and tilted his head to the side in a charming manner . He gave me lazy eyes . I nervously played with my fingers

Lungqiqo : Ufuna ndizoku check'a ebusuku ngoku sisi onomkhitha ?

-You want me check up on you at night attractive lady ?

Is it that obvious? I chuckled nervously and was about to roll my eyes at him but stopped midway . I got inside my car .

The look he is giving me might make me even say that Christ did hung from the cross- dumb? Exactly! . He chuckled as I ignited my car . He slipped his hands inside his pockets .

Me : Bye bye Ngqiqo

Lungqiqo : Sure baby

I blushed as I drove away . Old fires never really die down- were are a living testimony to that phrase . I contacted Detective Nkula for another compilation and he said we will meet at the same spot . I drove home listening to music .

I drove to the same spot we met at .

Detective Nkula called .

Me : Should I go outside ?

Detective Nkula : Please . I think I am  
being followed

Me : Okay

I quickly disconnected the call and went  
outside . He parked his car and gave me  
the documents .

Me : Thank-

A black car with no registration number  
with tinted windows shot twice and speed  
off . There were screams and Detective  
Nkula had his eyes wide open . I trailed

my eyes off to where he his hands were .  
Blood was oozing out . He fell down on his  
knees .

Me : CALL AN AMBULANCE AND  
POLICE OFFICERS!

I shouted whilst running to my car . I  
heard him lend on the ground and my  
heart ached . I frantically drove to the  
car's direction . I drove with high speed  
with tears blinding my vision . I saw the  
car entering a scrap yard . I changed  
gears and hit the accelerator . The scrap  
yards' door closed down . I stopped the  
car and waited . The garage door opened  
again and five cars looking the same as  
that one drove out . I stared in awe ,  
dumfounded on which to follow . There  
were five exact black cars , tinted  
windows and with no registration numbers

. I hit the steering wheel and cursed loudly . These fuckers are damn smart . They all drove on diverged ways . This is a smart move . Whoever planned this heist is a freakin' mastermind . Lungqiqo . He has brains . I screamed as tears were flowing down . He has someone following me- I mean there is no logical explanation . My cellphone rang .

Me : Alunamida Mthikrakra , molo ?

-Hello ?

" Hey- uyalila ? "

-Are you crying?

Speak of the devil and he shall call-

Lungqiqo .

Me : No ndiyahleka

-I am laughing

Lungqiqo : Where are you ? Send me your location

Me : Oh spare me the bullshit Ngamla ,  
you know exactly where I am

-Boss

I heard him exhale . He is probably giving  
me lazy eyes , he is annoyed .

Lungqiqo : Hay noba ndiyi psychic

-No maybe I am a psychic

He is probably on the verge of rolling his  
eyes- I know this man so I know exactly  
that he is behind all of this .

Me : You don't care about me

Lungqiqo : What ? Baby come on

Me : YOU HAD TO SHOOT HIM IN  
FRONT OF ME LUNGQIQO ? IN FRONT  
OF MY FUCKIN' EYES ? I HATE YOU!

I burst out in tears and my cell phone  
slipped to the floor . I muffled my cries  
using my trembling hand . I closed my  
eyes as I broke down . I kept having

flashbacks of what just transpired . I hate this feeling . I hugged Lunikezelo's bear that was on the passenger seat . I searched for a bottle of water and I found it . I drank in order to calm my nerves .

.

.

.

.

I picked up my cell phone after throwing out the bottle . I don't have the strength of driving back home . I am physically and mentally tired . The call did not end .

Lungqiqo : ALU ? FUCK!

I exhaled before placing it on my ear . I swallowed .

Me : Ngqiqo

Lungqiqo : Baby stay there uyeva ?

-You hear ?

I nodded- forgetting that he can't even see me . I cleared my throat .

Me : Okay

Lungqiqo : Baby don't cry

I nodded with tears welling on my eyes . I wiped them and closed my eyes .

Lungqiqo : Mama we ngcosi yam ?

-Mother of my child ?

I exhaled , the way he is softening up is triggering me . The way he is so sincere as if he isn't the reason I am such a mess

.

Me : Mhh ?

Lungqiqo : Ndiyakuthanda

-I love you

My heart skipped a beat . Have you ever had mixed emotions ? I hate that I love

him but I can't help than fall more and more for him .

Me : Ndiyakuthanda nam

-I love you too

Lungqiqo : Uligcine IQHALO

-Keep an idiom

Me : But you couldn't keep it , you are engaged

Lungqiqo : Okay baby

I rolled my eyes and sniffed . I placed the phone on my lap . I hit my head on the starring wheel and I groaned in agony . I rubbed my forehead whilst crying . I heard a knock on the window . Lungqiqo can't be driving this fast . I heaved a sigh and raised my head up to meet a pair of two glowing brown eyes . His long dreadlocks hung on his shoulders . He has a worried face . He noticed that I am

starring at him and he frowned- a giggle escaped my mouth . His frown is so adorable . I rolled down the window .

Me : Hi

" Molo "

-Hello

Me : Uhm...

" Igama ngu Bayede "

-The name is Bayede

## NINE

©

I walked out of the car- don't even ask me why do I trust a stranger . He gazed at me with his brown eyes . I shyly looked at the ground- his look is burning my entire being . He cleared his throat and pursed his lips shyly .

Bayede : I was just going to the river and you caught my attention

Me : Oh I did ?

I subconsciously raised my face and looked into his eyes . They are glowing and look so pure . He shook his head and his dreadlocks swayed .

Bayede : I am utterly sorry , I did not mean it like that- I jus-

I giggled at how he was panicking . He exhaled out of relief and laughed nervously . He is so shy! And I actually found it cute .

Me : I understand , where were you going ?

Bayede : Kumthombo

-To a pond

Me : Trying to connect with your spiritual being huh ?

I cocked my eyebrow up in a joking manner . He gave out a heartwarming giggle . I love his voice! I stared in awe . He realized that I am staring at him . He stopped giggling , caging the melodic sound in his mouth . He frowned and I looked away .

Me : Can you sing ?

Bayede : Why ?

He furrowed his eyebrow up and I melted . It is insane how I find everything he does attractive . He can pull really adorable facades and he doesn't even know! .

Me : Your voice ... it sounds perfect , so perfect

I moaned unintentionally . I quickly looked at him and he was blankly staring at me . He is too quiet- analyzing me . His brown glowing eyes are a window to his soul . He gaze into your eyes as if he knows your story- silly me , of course he does! This man is a healer .

Bayede : Singing is spiritual to me , it has connected me to my ancestors . I can sing but not perfect , so perfect

He moaned too , mimicking me . My pussy twitched . I giggled nervously and held

onto the car for balance whilst crossing my legs- yes! I am a hoe . His eyes trailed off to my thighs that were clenching . I looked down and I felt his hand on my chin . My body shivered . He caressed it and I looked up to his brown eyes- they are so transparent .

Bayede : Do I have an effect on you baby girl ?

The way he said it! His voice was soft , too soft for my sensitive clit- yes it is already dancing . He sounds seductive with his deep voice . I opened my dry mouth to speak but I couldn't- words were not coming out . My eyes fell to his lips and I swallowed whilst licking my lips . He chuckled and stepped in front of me . He was literally 3cm away from my face . He pressed his body on mine . I gasped

as he cupped my face with his soft and manly hands .

Bayede : Ndijonge

-Look at me

I swallowed whilst breathing heavily . I looked up to his eyes . He smiled and oh my! I honestly feel hot .

Bayede : You're sweating

He looked amused by that . He knows exactly how to throw me off . I have never in my entire life of meeting strangers felt like this .

.

.

.

.

Bayede : Come for me

Me : Huh ?

I looked at him dumfounded . Yes with how he is too close to me I might reach an orgasm but does it show ? .

Bayede : Weren't you listening ? I asked you to accompany me to the pond and you shook your head hence I said come for me- wait , you think I meant- wow

He giggled and threw his head back before bursting out laughing . I pushed him from me . I am so embarrassed .

Me : I won't go if you make fun of me

Bayede : What ? Andihleki wena , my father's grandad just cracked a joke -I am not laughing at you

I rolled my eyes as he was dying with laughter . I giggled too but opened my car door- I won't stand here! . He quickly stopped laughing and stood behind me .

My mind jammed and my heart skipped a bit .

Bayede : Uxolo

-I am sorry

I stood there quietly as I felt his third leg pressed on my butt . It excited a lot of things in me .

Bayede : Ndicela singenzi ingathi awundiva

-Please let's not act like you can't hear me

I cleared my throat and searched for my cell phone . It was on the car seat and the call was still on . I panicked as I knew that Lungqiqo heard everything- just then .

Lungqiqo : Keep your distance

I jumped and hit my head . I turned to meet Lungqiqo . He was too chilled whilst

chewing a gum . He looks extra saucy and dangerous with the hat on .

Me : Ngqiqo ?

" I was going with you to the pond but you have company "

I looked and there was a beautiful and pregnant lady . She had a stone on her marital finger- you can never miss it! .

Bayede froze and closed his eyes .

Bayede : Mithi-Matha wam ?

-My Mithi-Matha ?

He moved from me . I looked at Ngqiqo who was blankly staring at me .

Me : Baby?

Lungqiqo : Get in the car woman

Me : Where are we going ?

Lungqiqo : For a ride

He opened his car door . I rolled my car window up and locked it . I looked at him and there was no trace of emotions- I can't read him . He closed the door and hopped in too .

Lungqiqo : Andiku blame'i i handsome  
lantwana

-I don't blame you , that boy is handsome  
He chuckled and I shivered . Guilt was eating me alive . He looked at me with his sexy lazy eyes .

Lungqiqo : Sendisitsho ba nam andinothi hayi

-I am just saying , I also wouldn't say no I shifted uncomfortably as he ignited the car . The engine roared and he side smiled .

Lungqiqo : Safety belt

I quickly wore it and he did too . He hit the accelerator twice and the car roared . I swear to God , I am scared .

Lungqiqo : Are you ready for the ride baby ?

Before I could answer , the car speed off . I held onto his shoulder as he drove like a mad person- that he is .

Me : Ngqiqo please

He chuckled and took a diverged road in a fast pace . I screamed .

Lungqiqo : You fucked up with my ego woman

He clenched his insanely perfect jaws . I swallowed as the car drove over the limit . I was sliding off the leather car seats .

Me : LUNGQIQO!

I held the back of his neck . Sinking my claws deep into his flesh . I was crying as he drove to the edge .

Me : Tata ka Lunikezelo ?!

-Lunikezelo's father?!

I held the back of his head as the car swayed side ways . I swear I will pee on myself . I only watch this on television .

Lungqiqo : In whatever you do to me , don't take my hat off woman

The car was literally flying . I am so nauseated . I screamed as we were nearing the cliff . He took a sharp curve

and I accidentally took his hat off . It fell on his lap . He looked at me once and got his eyes back on the road . He drove to a deserted area . He parked and I almost hit my head on the dashboard . He deactivated the central lock . I went out and puked . I coughed as he rubbed my back . He gave me a bottle of water and I washed my mouth . He gave me a mint gum . I chewed it- avoiding eye contact with this devil . I sat on the car seat . He adjusted it and I rested with tears on my cheeks .

Lungqiqo : I said don't take my hat off , what did you do ?

Me : I took it off

Lungqiqo : Take off your shirt

I looked at him and he nodded . I did as per order . I took off my shirt and I

wasn't wearing a bra . He helped me take it off completely . He stared at my body and licked his lips . He initiated a kiss . I held the side of his face and deep kissed him . He cupped my breast and squeezed the simultaneously whilst doing a gentle lip bite . I moaned and he pulled my lower lip whilst rubbing and cupping my breasts . I held the back of his head and pulled him closer . He settled in between my thighs . We kissed so passionately and sensually . He kissed my neck , twirling his warm tongue and smooching my sensitive spot . I moaned with my hands going up and down on his body . He planted wet kisses to my blooming chest . He took in my breast into his warm mouth . I moaned at the arousing pleasure . He sucked and pulled my nipple . I did a lip

bite trying by all means to muffle my high pitched moans .

Lungqiqo : You disrespected me woman  
He went to my other sensitive and perky boob . Giving them both the same attention . His voice was deeper and strained with pleasure . He went back to my neck , smothering it with his tongue . He gently squeezed my throat . I gasped and played with his silver chain . He looked at me with lazy eyes- oh how sexy he looks! . I pulled him in for a kiss . His hand went down to my jeans . He unbuttoned it and pulled down the zipper . I felt his palm rubbing my pussy .

Lungqiqo : You're wet

He moaned and grinded on me . I held onto his shoulders .

Lungqiqo : And disrespectful

I felt him pull my clit- it vibrated .

.

.

.

.

Lungqiqo : What are you ?

Me : A wet and disrespectful woman

I moaned as he played with my clit . He chuckled and slipped in his finger . We both moaned in ecstasy . His finger was like he was motioning to Bayede " Iza apha kwedini ( Come here boy ) " . His tumb was tapping my clit whilst his finger was hitting me right there- rolls eyes in pleasure .

Me : Baby mhh-

I felt a wave hit me and toes curled up . He pulled his finger out and I quickly opened my eyes .

Lungqiqo : If I ever see you with-

Me : You won't baby , please

I placed his hand on my coochie- I am horny . He chuckled and clapped my pussy twice . I moaned as his hand got slippery with my juices .

Lungqiqo : If I do ?

Me : Kill me

I pulled him in for a kiss . He chuckled and kissed me back . He went down to my neck and licked my earlobe before whispering ;

Lungqiqo : Trust me I will

He chuckled and pulled the safety belt . He wrapped it around my waist and down to my pussy . He tied it securely .

Me : What are you doing ?

Lungqiqo : I hate being disrespected

He pulled the safety belt and it harshly rubbed my pussy . I moaned in pain infused with pleasure .

Lungqiqo : Territory is everything woman  
He pulled the safety belt again . I moaned as it was rubbed my sensitive clit . My pussy squirmed .

Me : I am sorry ba-

He pulled it again . Tears rolled down but I widened my legs- what the hell is this man doing to me? .

Lungqiqo : I am blurring for you the line between pleasure and pain

Me : Mhh! Pull it

He chuckled and pulled the safety belt more harder . I screamed as my pussy creamed . This is pleasurable torture . He sat on the driver seat and turned on the heater . I looked at him with my eyes

wide open , he pulled the safety belt . I screamed , my pussy twitched . It was too swollen . It needed touching .

Lungqiqo: Don't

My eyes trailed off to what he was doing . He warmed the gun on the heater . It was steel , a real weapon . He settled in between my legs and untied me .

Lungqiqo : Do you trust me ?

I nodded . He chuckled and got his head in between my thighs . He licked my pussy and parted 'em lips with his tongue . He twirled his tongue on my slippery clit . He ate me up with his tongue . I held the back of his head- clutching him in deeper . He rubbed his chin on me . I vibrated .

Lungqiqo : I need words woman , do you trust me ?

Me : Yeah! Mhh yes ... I trust you

He licked his dripping wet lips . His goatee was coated with my cum . He took the gun and said I must look into his eyes and I did . I had a burning sensation . I moaned as he rubbed the gun on my drenched and swollen mould .

Me : Ngqiqo please

Lungqiqo : Uthini baby ?

-What are you saying ?

I closed my eyes with my hands on his shoulders . I gravitated my hips sideways . I was so frustrated as he rubbed the gun in a slow and circular way . His eyes were dark and his lower lip caged into his gritted teeth . My eyes fell to his bulge , his sweatpants had pre-cum . He is feeling exactly what I am feeling . I took off his sweatpants with my eyes on his .

His dick sprung out . He placed the gun on the dashboard and entered the tip .

Lungqiqo : Guard yourself

I moaned and he slipped it out . He wore his sweatpants . I looked at him with my eyes wide open .

Lungqiqo : Cela uqhube baby , I am tired  
-Please drive

Me : You won't dare

He chuckled and pulled my jeans up and zipped them . He made me wear my shirt . I held his face and pulled him in for a kiss and he ducked .

Lungqiqo : Begging doesn't suit you  
woman

He chuckled and placed me on the drivers seat . He activated the GPS tracking and closed the car door . He yawned and slept . I am being tested! .

Me : LUNGQIQO ?

Lungqiqo : Woman ?

He chuckled and slept on his back with his legs apart . I traced his bulge . I slipped my hand on his sweatpants . I did a handjob on him . He groaned whilst biting his lower lip . He is very handsome . He held my hand .

Lungqiqo : Drive woman

He took my hand out and slept on the other side . I am unable to can . I clapped my hands .

I drove home . I can't believe what just happened . Torture is , I couldn't close my legs because I am driving . I parked and woke him up- Yes! He actually slept .

Me : Ndiyahamba mna

-I am going

Lungqiqo : Usaqumbile ?

-Are you still mad

I rolled my eyes and opened the door . He chuckled and held my hand .

Lungqiqo : I will come by later , I want to see my son before I close my eyes

Me : Sure

I walked out and closed the door . He was laughing at my frustrated and horny self . I got inside and there was Captain with

two police officers . I greeted and sat down .

Captain : Now we can call off the search

Nokuzola : Where are you coming from ?

Me : I drove after the car and it reached a scrap yard . The garage door closed and when it opened , 5 cars looking exact like that one came out and drove on different ways

Licamagu : Ayilogintsa yincutshe

-He is a gangster and an expert

Captain : Any registration number ?

Me : They were all unregistered

Captain : If I could hire an artist , would you be willing to point out what the car looked like and it's model ?

Me : Of course

He nodded and told me that Detective Nkula is in a private hospital and under

heavy police protection and supervision .  
I thanked him and walked them out . We  
bid goodbyes and I walked back inside .

Nokuzola : Are you hiding something  
baby?

Me : The man we are investigating is  
Lungqiqo Dubula- Lunikezelo's father

Licamagu : I need to see him , he is smart

Me : Your obsession with gangsterism

Tata! This is not a movie

-Dad

He rolled his eyes and kissed both of our  
foreheads and walked to his room .

Me : Mom? Can you love someone but be  
attracted more to someone else ?

She coughed and rubbed her chest . I  
laughed silently .

Nokuzola : Has the time arrived ?

Me : Huh ?

I looked at her confused- time comes and goes obviously . She smiled .

Nokuzola : I have always told you , you're special

Me : Please be specific

This is like a medical jargon- I understand nothing . She giggled .

Nokuzola : Yes it does happen but it is in you , attraction or love ? I know that the man you are attracted to , intliziyo yakhe ikomnye umntu

-His heart is on someone else

Me : They are both married

She widened her eyes but concealed her shock .

Nokuzola : One will leave his wife for you , he loves you

Me : And the other one ?

Nokuzola : You are bound by fate

I looked at her- I don't know if I am dumb or what but I don't understand her

.

Me : I can't hear you

Nokuzola : One day you will , and soon .

Goodnight

She wore her gown and kissed my cheek before she ascended the stairs .

.

.

.

.

I washed my confused and horny self before checking up on my sleepy son . My cellphone tinged and it was Lungqiqo , telling me that he is on his way . I should've told him that Lunikezelo is sleeping but for my own selfish reasons , I did not . I applied lotion and wore my

red long jumpsuit . It revealed my back and my cleavage . I wore black flat sandals . I applied make up and ironed my weave . I looked and felt gorgeous . I applied perfume and wore earrings and a necklace . Lungqiqo told me to come outside . I notified my parents that I am going out . I closed the gate and he flickered his car lights . He opened his car door and stood there gobsmacked . Love to see it! . I shyly walked up to him . His jaws dropped to the gravel . He fixed his pants and sexily took off his hat . He licked his lips and held my hand .

Lungqiqo : Uxolo sisi uyaxabana ?

-I am sorry lady , are you fighting ?

I giggled and he placed his hat on top of the car before circling his arms around my waist . He tilted his head and gave me

his charming lazy eyes . He pulled me closer to him . I could feel his bulge .

Lungqiqo : You're so beautiful

Me : Thank you , Lunikezelo is asleep

Lungqiqo : You let me drive here

He stated with a smile creeping on his face . His lips curved into a breathtaking smile . His white stones and dimple snatching my ability to can .

Lungqiqo : Ubufuna ndizokubuka ?

-You wanted me to come and look at you ?

I giggled and rolled my eyes and placed my hands on his chest .

Me : No , I am going somewhere

I am lying! I am just saving face . Which is not exactly working as he laughed- he sounds sexy . I held the back of his head . Butterflies fluttered on my tummy .

Lungqiqo : Yes , we are going on a date ...  
we can't let such beauty go to waste  
ngoba ndiyayazi uzokulala

-Because I know you are going to sleep  
I blushed as he kissed my forehead and  
grabbed my butt . He loves ass , it's a  
blessing and a curse .

Me : Now I have to cancel my plans for  
you

He burst out laughing . I giggled and  
stuffed my face on his neck .

Lungqiqo : Which plans?

Me : Mxm

I clicked my tongue as he was dying with  
laughter .

Lungqiqo : Iza ndikulungise inecklace , you  
didn't clip it properly

-Come , let me fix your necklace

I know he is lying but he just wants to touch me .

Lungqiqo : Your back on me

I laughed and turned my back on him . He slapped my ass and I screamed . He chuckled and made me hold on to the car . He stood behind me . His bulge was pressed on my butt . I exhaled as he took his time- fixing my necklace .

Lungqiqo : Done

He breathed on my neck with his hands around my waist . I tilted my head to the side- giving him full access to my neck as he stuffed his face .

Lungqiqo : In movies , undercover cops seduce the gangsters

Me : Okay ?

I giggled and he chuckled against my ear . Sending vibrations all over my temple .

Lungqiqo : So nawe wenza lonto ?

-So you too , you are doing that ?

Me : Does it work ?

Lungqiqo : Ewe baby , in fact the gun I use to commit crimes is in a safe in my house behind an ocean portrait

-Yes baby

Me : Why are you telling me ?

Lungqiqo : I trust you

Me : You can't trust me Ngqiqo , don't pull that card on me ... I can't withhold such information , trust can be broken  
He licked my neck and smooched it . I gasped as he pressed himself on me .

Lungqiqo : Trusting you is my decision , breaking it is your choice

Me : That's psychological manipulation

Lungqiqo : I am a psychologist by profession

I knew it!- not exactly but whatever .  
This is reverse psychology or something .  
He must not use that on me!  
Lungqiqo : Tonight can we put work aside  
? I want to focus on you  
I blushed and nodded . His words rang on  
my mind ; " Trusting you is my decision ,  
breaking it is your choice " . I exhaled .

We were sitting on a table for two . I was really having a good time . I giggled as he kissed my knuckles .

Lungqiqo : I am in love with you woman I blushed and rolled my eyes shyly . I heard him chuckle before kissing my knuckles again .

Me : No you don't

He rested his chin on his hand- wait , where the hell is his ring? . I widened my eyes in shock , my heart was doing the zekethe dance move .

Me : Where is your ring ?

Lungqiqo : Abongile said I'm a trash and it is over

I burst out laughing as he held his heart acting as if he is hurt .

Lungqiqo : She said I'm for the streets

I laughed so hard as he took the handkerchief and wiped imaginary tears .

Me : Mhh so sad

He laughed and threw his head back . I giggled silently .

Lungqiqo : Kodwa sewucinga oomalume  
bam bephandle kokwenu

-But you are already thinking of my uncles outside your home

Me : Am I wrong ?

Lungqiqo : Are you ?

He tilted his head to the side and charmingly stared at me with his lazy eyes . I blushed and hid my face . I heard him chuckle before removing my hands from my face .

Lungqiqo : You aren't baby

Me : Propose to me then

He burst out laughing and stared at me with so much adoration- melts my heart .

Lungqiqo : With what ?

Me : Your watch

He chuckled and shook his head no . I sulked .

Lungqiqo : I would rather buy you a real ring , I can't lose this watch

Me : Why ?

He stared at me intensely and drank his drink using his left hand with the wristwatch . His eyes were glued on me .

Lungqiqo : Safety reasons

He shrugged his shoulders . I don't really follow .

Me : Safety reasons ?

Lungqiqo : Ewe baby

-Yes baby

He brushed off my detective self with his breathtaking smile . That dimple! . I nodded and he settled the bill .

Lungqiqo : Are you happy ?

I blushed and nodded .

Me : Yes and thank you

Lungqiqo : Mna ngase ndibulelwe ngokuba ubeyintombi yam

-I would like if you thanked me by being my girlfriend

Me : Umntu ugqibokuthi yi trash ke

-A person just said he is trash

He laughed and licked his lips . I stared in awe , my son is such a replica of this man .

Lungqiqo : Did I say that?

Me : Duh

I rolled my eyes and he found that funny . He is so carefree right now , he is happy ... here , with me . I smiled at him .

Lungqiqo : Baby?

Me : Mhh ?

Lungqiqo : Khandivume kaloku

-Agree to date me

Me : No

Lungqiqo : Worse yimali ka mama ye grocery le

-What's worse is that this is my mom's money for grocery

I giggled and played with his cute hands .

Me : Waqonda uzokhupha mna ?

-And you thought you will take me out?

Lungqiqo : Ndihleli ndingalambeli kutya mna

-When I am hungry , I am not even hungry for food

Me : Ulambela ntoni ?

-What do you get hungry for?

Lungqiqo : Lanto yandenza utata ka  
Lunikezelo

-That thing that made me Lunikezelo's  
father

Me : You're so nasty

We both giggled .

Lungqiqo : On a serious note , cela  
uzokhama iifaydukhwe zasekhaya?

-Can you come and dry my homes' dish  
cloth ?

I burst out laughing , he is so not  
romantic .

Me : Your pick up lines are the worst

Lungqiqo : Ndimdala mna baby

-I am old baby

I giggled and pulled him by his goatee .  
He pursed his lips shyly .

Me : Are you blushing ?

Lungqiqo : Baby ndimdala for ezonto

-Baby I am old for those things

Me : And I believe you

He was literally blushing . His dimple was out on display as he pressed his lips together . To mask that he is blushing , he put his hand on his mouth . I giggled and pulled him in for a kiss . I pulled out . We walked to the parking lot with him checking me out and I loved every moment of it .

.

.

.

.

He looked at this other black car as we were talking . His face changed in an instant . His jaws were clenched tightly

and his breathing pattern was as if he is angry . I followed his eyes and a man in a suit was staring daggers at him . The eye contest was heavy .

Me : Ngqiqo ? Who is that ?

Lungqiqo : Yikaka yomntu , don't worry  
-It's a shit of a person

He is angry but sounded funny hence I giggled .

Lungqiqo : Get inside the car woman

I turned and that man was holding his waist- is he reaching for a gun? . Lungqiqo gave me his car keys and stood there .

Lungqiqo : In whatever destination you are going , don't risk my son's life

Me : So I shouldn't go home ? Where the hell am I supposed to go ?!

He looked at my panicking self and gave me a wet kiss . It kept me tranquil .

Lungqiqo : Tone woman

Me : I am panicking

Lungqiqo : Drive to that scrapyard

Me : And you ? Let's go

Lungqiqo : I can't

Me : You can , you have feet . Let's run if you are in danger

Lungqiqo : I am danger myself , I can't run away from me

Me : Oh fuck your ego , move!

I pulled him and a bullet went straight to the wall we were standing in front of . My heart stopped for a second there .

Lungqiqo : Sundinyisa Korlan kwedini

-Don't make me shit Korlan boy

His eyes were raging with fire as he looked at the colored man . He hates being seen as a weakling especially in front of me .

Me : Lungqiqo

I whispered with tears threatening to fall . He exhaled and looked at me .

Lungqiqo : Don't be scared baby

Me : In whatever happens here , keep me and our son in your head

He chuckled and nodded . He pulled me in for a hug and kissed my forehead whilst sniffing my scent .

Me : I love you

Lungqiqo : Ndivume baby or ndizofa

-Agree to be my girlfriend baby or I will die

I giggled whilst sniffing .

Me : Come back alive and ask me again

Lungqiqo : Yhu ndizokunyisa Korlan baby girl

-I will make you shit Korlan baby girl

I giggled . He is insane . I walked backwards . Lungqiqo : Sondela

-Come closer

This Korlan chuckled and walked to him .  
I pray Lungqiqo doesn't get hurt because  
I doubt he has a weapon on him . I got  
inside his car and drove away . Am I  
prepared to always expect gangsters  
gate crashing our dates? Am I prepared  
to always know his life isn't guaranteed ?  
. I exhaled with tears running down my  
cheeks .

©

I drove to the scarpyard in high speed-  
not as high as Lungqiqo , that man drives  
over the limit . To me , it's better safe  
than sorry . My car was not where it was

and I think Lungqiqo has it . I beeped twice and the gate opened . I drove in slowly as the garage door went up . I got inside and it closed down before lights flickered on . Three men were wearing military boots . I locked the car and strolled to them .

Me : Uhm molweni

-Hello

They nodded and this other one looked up at me .

" Bulelani is upstairs "

I thanked his strange self before going up the stairs . I was about to open the door when the door knob turned . I did not expect to see this- Abongile was fixing her dress as Bulelani fixed his pants .

Me : Uhm hi

Abongile : The eater of my leftovers

Me : He was always mine to have , excuse me

I pushed her gently to the side as she smacked her lips . Bulelani sat on the office chair like he owns this place . I looked around and this is Lungqiqo's style .

Me : Lungqiqo needs his army and you are here

Bulelani : You have no idea how we run things here-

Me : I don't but I know a hungry dog when I see one

He chuckled and put his hand over his mouth just like Lunikezelo's father .

Bulelani : Iqaqa aliziva kunuka

-A person doesn't see his or her own wrong doings

Me : Don't twist this shit up

Bulelani : Just stating facts

He side smiled as he saw that he was getting under my skin . I chuckled and spoke through gritted teeth .

Me : You will get up and go with those three gentlemen to save your boss because you are just a right hand man and forever will be . You will never be him , I don't care what Abongile whispers on your ears whilst fucking but hear me out ... You will never be him . INgamla yiNgamla . Respect

-A boss is a boss

Bulelani : You believe that , not me

He chuckled and dusted off his suit before walking out . Lungqiqo better thread carefully , Bulelani will stab him on the back . I looked at him as he was

walking and closed the door . I shook my head and searched for water . I found it and drank it before sitting on the office chair . I turned on the heater and rested on the chair . My mind trailed off to when Lungqiqo was telling Lunikezelo that this is his legacy . The taxi industry is danger on it's own but I won't seat back and watch Bulelani snatch it all . I clenched my jaws . I have to warn Lungqiqo .

- .
- .
- .
- .

I felt wet kisses on my lips and I jumped as I remembered I am in a scrapyard full of strange man . I opened my eyes and it was Lungqiqo . I screamed and jumped to

his arms . He giggled and span me around . I wrapped my legs around his waist and kissed him all over his handsome face .

He had no injuries .

Lungqiqo : Baby ndibuyile kaloku

-Baby I'm back

Me : Okay so?

I giggled shyly as I looked at him . He sulked .

Lungqiqo : Iyakucela intliziyo yam

-My heart is begging you

Me : Icela ntoni?

-What is it begging for ?

Lungqiqo : Ukuba uyivumele kwaye

uyamnkele ikuthande

-So you can give it consent and accept it so it can love you

Me : Mhh

I am already dating his handsome self but he should sweat a little . His mouth hung open and I giggled before pecking his lips . He mumbled under his breath but in the mist of being mad- he kissed me back . I pulled out and he sat down with me .

Lungqiqo : Baby ndiyabona ?

-Baby can I see ?

I burst out laughing but stopped as soon as I saw he is serious . He looked confused .

Me : Huh ?

Lungqiqo : I saw Bulelani pointing a gun at me but I turned and he shot at Korlan ... maybe I did not see correctly

Me : Who is this Korlan ?

I stood up and he had a mind map stand .  
I turned to a clean white page . I took  
the marker .

Lungqiqo : He is the right hand man of  
Gabriel

Me : Gabriel ?

I wrote his name inside a circle and drew  
points .

Lungqiqo : Gabriel is a guy I stole from to  
start off my business

I wrote that down and he watched and  
listened attentively .

Me : You paid him back right ?

Lungqiqo : I proposed that but he wanted  
a share of all that I have

Me : What did you say ?

Lungqiqo : Makandiphuze iimpundu

-He should kiss my ass

I laughed and shook my head as I stared at this sexy creature . He was seated and with his leg on top of the other . His knee on his lap and his hand holding the side of his face .

Me : Why don't you just talk with Gabriel ?

He chuckled and opened his drawer .

Lungqiqo : He is not from the bible sunshine , he is very ruthless

Me : Mhh , so he sends Korlan whenever he wants to send a message to you ?

Lungqiqo : He can't keep tracks on me

Me : Mhh ungu butter ?

-You're a butter ?

Lungqiqo : Ngiyashenzeza sthandwa sami

-I am slippery my love

I giggled and my body reacted to how he sounded- very sexy if you ask me .

Me : So how did he know where you are ?

Lungqiqo : Beats me

He made a thinking face as he searched the drawer .

Me : Who knew where you are going ?

Lungqiqo : Bulelani , I texted him

Me : And Gabriel just knew ?

Lungqiqo : What are you trying to say ?

He looked at me anxiously- probably debating with his heart and mind . I chuckled .

Me : Ngqiqo you are smarter than that .

Bulelani is the sellout

Lungqiqo : But why ?

Me : He wants to be you , Ngamla . A man who's entire existence commands respect . A man with a dark demeanour . A man who doesn't have to utter a word to be acknowledged . A man whom is

danger to the society and what is  
between these thighs . Lungqiqo Dubula  
-Boss

He was so enticed . His eyes darkened  
and I smiled . He clenched his jaws . He  
rubbed his face and I need him to reveal  
LD , the wanted ... by Police and my heart  
. We heard gunshots and I looked at him .  
Before we could move the door was  
kicked- so unnecessary if you ask me .

Bulelani : Njandini

-Top dog

He was pointing a gun at Lungqiqo whom  
remained nonchalant .

Lungqiqo : Inja ezikhotha amanxeba

-A dog that licks his own wounds

He held his drawer and smiled at him .

Lungqiqo : Ndim lowo

-That's me

He fixed his hat with his other hand .

Bulelani : Every dog has it's day

Lungqiqo : Glad mine hasn't came

Bulelani : You taught me everything-

Lungqiqo : You don't bite a hand that feeds you , I taught you that

I stood there as they were giving each other deathstares . I don't know how or when but Bulelani shot the vase that was on my left side . I screamed and Lungqiqo closed his eyes .

Lungqiqo : Whatever you do , don't take my hat off

I moved to the door quietly . Someone kicked Bulelani and he fell to Lungqiqo's desk . The gun slide off his hands . I ran for it . Lungqiqo held the back of

Bulelani's head , picked him up and  
smashed him against the desk .

Lungqiqo : Nyana

-Son

This guy smiled and they did look alike  
but not that much . I stood there  
gobsmacked .

" Ndoda "

-Man

They both chuckled and did a bro hug .  
Bulelani flinched and was about to turn  
with the gun on top of Lungqiqo's desk . I  
shot his hand without thinking twice .

They both turned to look at me and  
Lungqiqo placed his hand over his mouth  
to mask the smile .

Lungqiqo : Did you jus-

Me : I did

" You committed a crime "

Me : Self-defence

" Three against one "

Me : He was going to be armed

He chuckled and gave Lungqiqo a pat on the back .

Me : To be clear , I am no asset to your illegal businesses . I vowed to stand by the law

I shot Bulelani once on his chest and placed the gun on Lungqiqo's chest . He caught it .

" I am Simphiwe Mthombo "

I chuckled and rolled my eyes .

Me : I don't care

I walked out to the car and waited for Lungqiqo . I got inside and turned on slow music . He walked to the car and just sexily stared at me .

Me : What ?

Lungqiqo : Ndizokutya wena

-I will fuck you

I giggled and my eyes fell to his bulge and I clenched my thighs .

Lungqiqo : The body will be taken off and I won't ever use it against you

Me : I trust you Dubula

He raised his head up and we stared at each other .

Lungqiqo : Ncamisa icrush yakho

-Kiss your crush

I giggled as he wiggled his eyebrows . He chuckled and caressed my chin- bringing me closer to him . We both stupidly smiled and giggled before indulging our lips . I held the side of his face as I deepened the kiss . He placed his hand on my thigh . I pulled out and we both exhaled . Trying to catch our breaths .

He licked his lips and we simultaneously turned our heads that were rested on the seat to each other's directions . I giggled as his eyes were darker , making his lazy eyes even more sexier . He chuckled and pressed his lips together . His dimple was out on display . I melted .  
Lungqiqo : Simphiwe invited us for dinner at his brother's house

Me : Anything special ?

Lungqiqo : Acceptance letter

Me : Oh he is still studying ?

He chuckled and squeezed my thigh .

Lungqiqo : He is very young but got caught up in the wrong crowd

Me : Mhh

He chuckled and ignited the car engine .  
We both wore safety belts . He drove out , we are going to my home first .

.  
. .  
. .  
. .

I got inside and Lunikezelo was crying loudly . I quickly ran and took him from mom .

Me : Hey baby

I rubbed his back- trying by all means for him to calm down . I kissed him all over his cute facade but he wouldn't stop crying . The door opened and closed . I turned it was his father .

Lungqiqo : Uxolweni bazali kodwa andinokumamela isikhalo somntwana wam -I am sorry parent but I can't just sit and listen to my child's cry . They nodded and he took him from me .

Lungqiqo : Boy ?

He whispered softly as he gently rubbed his back . He kept quiet after sometime .

Nokuzola : Umqhelelephi utatakho ?

-Where do you know your father from ?

We giggled and Lungqiqo said I must pack his stuff . I dished up for everyone first

before going up the stairs to do my

hygienic process . I wore a simple outfit

and packed all the necessities . I walked

back downstairs and they were engaging

on whatever that is interesting . I placed

the bags on the sofa and picked up the

plates . Lungqiqo was enjoying the view

whilst I was bending- he is so nasty .

Lunikezelo was on his father's chest as if

he is glued on him . I know how it feels to

be in those warm and large arms . He bid

goodbye to my parents before carrying

the bags . I tried helping by taking

Lunikezelo but he did not want to move .  
We got inside the car and Lunikezelo  
took off Lungqiqo's hat . Which makes  
me remember to ask him something .

Me : What's up with that statement you  
love to make about your hat ?

Lungqiqo : " In whatever you do , don't  
take my hat off " it means whatever you  
do , don't mess up with my brain .

Sukundiphambanisa

-Don't make me mad

I giggled as he chuckled . I nodded and I  
drove to his house as he was talking with  
his replica . Lunikezelo was sleeping by  
the time we arrived . He placed him on  
the spare room . I also took a nap . I  
heard Lungqiqo gently shaking me up .

Lungqiqo : Baby ?

Me : Mhh ?

Lungqiqo : It has been long since sityene  
-We fucked

A giggle escaped my mouth- he is so  
unfiltered . He grabbed my ass .

Me : I am tired

Lungqiqo : Baby ndim ozakusebenza

-It's me who will be working

I laughed and shook my head before  
dozing off again . He slept on top of me  
with his hands circled around my waist . I  
held the back of his head as he kissed my  
neck .

Me : Mhh-mhh

He exhaled and said he will take a shower  
. I slept soundly . I woke up and we  
prepared for the dinner . We both looked  
amazing and the helper will take care of  
the proof of our love- Lunikezelo . We  
took mirror pictures and he didn't even

mind the poses as long as he will still be able to throw in sexual advances .

Lunikezelo : Tatam!

-My father!

He got up from the bed and Lungqiqo picked him up . I gave both of them a kiss and Lungqiqo grabbed my ass as we kissed . I pulled out and we walked to the helper . She held Lunikezelo and as soon as he saw that we are leaving he screamed at the top of his lungs . He was literally wailing . He was even shaking .

Lungqiqo : I don't think we should go until he sleeps again

He rubbed his face and took off his blazer and he was left looking all sexy with the black poloneck . He took his son and tried to keep him quiet . I cooked for Lunikezelo .

Lungqiqo : Baby we should call the doctor  
He was panicking as he heaved a sigh .

Lungqiqo's eyes were glittering . I  
sniffed and nodded . I don't know why  
Lunikezelo is like this .

Lungqiqo : Maybe he is feeling something  
bad

I nodded as he scratched his goatee .

Lungqiqo : My stress ball is not near ,  
baby khajike

-Baby turn around

I burst out laughing but he was dead  
serious . I turned and he literally  
squeezed my butt . The helper , Nandi  
cleared her throat and I shyly looked  
away .

Nandi : He is asleep but the doctor is on  
his way , you can go

We thanked her and went to his room .  
He was pink and his ears too! . I pecked  
his face a lot of times before walking out  
. I asked Nandi to check up on his food on  
the stove . Lungqiqo felt his temperature  
and it wasn't that high . I turned on the  
fan before we drove to where Simphiwe  
Mthombo was currently staying . We  
weren't feeling the ride . He parked and  
opened the door for me . He gave me his  
hand and I placed mine on his .

Lungqiqo : Waze wamuhle Ntokazi

-You're so beautiful lady

Me : Ngyabonga

-Thank you

We both laughed at how stupid we are .

We kissed and walked to the gate .

Lungqiqo : Let's just go home to our son

Me : Masi-

-Let's-

A car speed off and two gunshots were fired . I heard groans and I looked at Lungqiqo- oh no , he can't be shot .

Me : Ngqiqo ?

Lungqiqo : Baby , I won't die ... don't panick

I nodded more than twice as tears rushed down my cheeks . He held onto the gate and groaned .

Lungqiqo : Don't cry Alu

I nodded whilst wiping my tears .

Me : Who was that ?

Lungqiqo : Gabriel

Me : They shot twice

Lungqiqo : Only one bullet entered me

Me : Then who is also shot ?

We both looked up and I have seen this lady somewhere- his Mithi-Matha . I

looked at the blood running down her thighs and my stomach turned .

" AKHANYILE ?! "

I turned and there he was- the man with neat , clean and long dreadlocks . He picked his wife up . I looked down and Lungqiqo was breathing heavily .

Something inside of me snapped . I helped him up and got inside the car .

Lungqiqo : Drive home , I need to see my son

He said breathlessly- as if spitting each word was a mission . I held his wound , trying to stop the blood . He placed his hand on mine and smiled .

Lungqiqo : I love you

I quickly took Lunikezelo's nappy that was on the back seat . . I raised up his poloneck and his vest before placing the

nappy on his stomach-where he is shot at  
. My hands were red with his blood . He  
breathed and told me to drive to his  
house .

Me : Don't close your eyes

I ignited the car and drove just like him .

I looked at him and he was smiling weakly

## IQHALO FIFTEEN

©

We arrived the same time the doctor was getting out of his car . I screamed for him and he quickly helped Lungqiqo out . We walked him inside and helped him rest on the sleeping couch . I added pillows so he can be comfortable . The doctor managed to stop the blood but the bullet was still inside of him . I held his hand .

Lungqiqo : Heat two spoons on the stove  
I ran and did as per order . When they  
were hot I brought them to him .

Lungqiqo : I need you to place them on  
both sides of my wound

Doctor : That will hurt more , let me take  
it out

Lungqiqo shook his stubborn head whilst  
breathing heavily .

Lungqiqo : Baby do it

I nodded and placed the hot metals on  
his skin . He groaned loudly and muffled  
them . I applied pressure whilst sniffing .

Me : Should I stop

Lungqiqo : No

He groaned as his skin was burning . I  
would never endure such pain . I pressed  
again and he closed his eyes in pain . The  
bullet fell out and I removed the spoons .

Me : I am so sorry

He nodded and exhaled heavily . I placed the bullet on the table .

Lungqiqo : Tell Nandi to bring my whiskey from the study and you bring salt

He kept on taking breaths in between his words but I heard him audibly . I ran to take the table salt and shouted at Nandi .

She came with the whiskey and her mouth hung open at the sight .

Lungqiqo : Pour it on my wound

Me : It will sting Lungqiqo!

He nodded , telling me that he knows . I exhaled and poured the table salt on my hand . I seasoned his wound with him flinching , groaning and cursing through gritted teeth . I took the whiskey and poured a shot on his wound . He groaned and shot up straight .

Lungqiqo : Fuck!

The doctor closed the wound perfectly with a bandage around his stomach . He exhaled and rested his head down .

Lungqiqo : Bring me my son

Nandi ran out and came back with a sleeping Lunikezelo . Lungqiqo opened his arms and took his replica . He placed Lunikezelo on his chest . The doctor gave him painkillers and he drank them with still water . I brought a duvet and covered them . Lungqiqo was breathing as if it is hard to .

Lungqiqo : I need to sleep

I nodded and he kissed my forehead before giving me a weak smiled that is still charming as ever . We all watched him doze off . The doctor gave me pills and ointments to apply on his wound and

bandages for when he needs to change . I walked him out and bid him goodbye . Nandi brought me food and I am really hungry hence I ate . I drank juice and sleeping pills . I got inside the covers and hugged the pillow with tears streaming down . I kept on sniffing until I slept my weary heart .

.

.

.

.

I woke up and yawned . I stretched myself before washing my face and brushing my mouth . I went downstairs and found Lunikezelo quietly playing with his dad's face . He was pulling his sleeping father's lips . I giggled and searched for my cellphone before

capturing the moment . Lunikezelo smiled at me . I giggled and picked him up . He said he is hungry so I warmed up his food and dished up for him . He wanted to feed himself and he was making a mess but I let him be . He said he is done and smiled at me with his cheeks spread with food . I giggled and kissed him all over his face . He laughed and I wiped his face . I picked him up and turned to meet a smiling Lungqiqo . I almost screamed as I was shocked .

Me : You scared me!

He chuckled and held his stomach .

Lungqiqo : Ndimbi elohlobo na baby ?

-Am I that ugly baby ?

Lunikezelo : Umbi

-You're ugly

Lungqiqo : Asisafani eloxesha

-The way we are so identical  
I giggled .

Me : Ayintle indoda yam Luni

-My man is so handsome Luni

I saw Lungqiqo's lips curve , forming his  
dashing smile .

Lungqiqo : Intoni baby ?

-A what baby ?

Me : Indoda

-A man

I said shyly as he gazed into my eyes . He  
pressed his lips together .

Lungqiqo : Indoda kabani ?

-Whose man ?

Me : Mine

He gave out a muffled giggle as he  
balanced on the kitchen counter . He  
stared at me with his lazy and sexy eyes .  
My crush! .

Me : Stop looking at me like that

Lungqiqo : Like what ?

Me : I don't know

I shyly looked away . I heard him chuckle and took steps and stood behind me . He wrapped his hands around us-my son and I .

Lungqiqo : Molo mntwana wam necherriyam

-Hello child of mine with my girlfriend

Lunikezelo : Molo Tatam

-Hello my father

We both giggled as Lunikezelo did not mind us . Lungqiqo's hand went down to my abdomen and held my coochie .

Everything in me got excited . I exhaled as he licked my earlobe . He smooched my neckline and kissed my shoulder blades- every kiss electrified my whole being .

Lungqiqo : Hey ntombi yam

-Hey my girlfriend

I bite my lip gently as he rubbed my coochie on top of the clothing I had .

Me : Gosh ... molo baby

-Hello baby

He chuckled and stepped back . I turned to him and we kissed . It was getting intense as he squeezed my butt .

Lunikezelo slapped his father and I laughed secretly .

Lungqiqo : Huzert ?

-What's up ?

Lunikezelo : Mamam!

-My mom

Lungqiqo : Cherri yam lena bawo

-This is my girl bro

Lunikezelo : Umbi

-You're ugly

We both burst out laughing . Lungqiqo shook his head as he walked out limping . Lunikezelo wiggled out of my hold and walked behind his father . I exhaled and cleaned around the kitchen .

Nandi : I will do it , don't worry

Me : I am almost done baby

She smiled and shyly walked out . I was done so I searched for these two . I found them in the toilet and they were talking .

Lunikezelo : Yintoni le ?

-What is this ?

He was poking his dad's weapon .

Lungqiqo : Ungena njani umntu esebenzisa itoilet ?

-How do you enter when someone else is using the toilet ?

He zipped his jean whilst shaking his head . Lunikezelo took off his jeans and took out his little private part . I giggled .

Lunikezelo : Tata ithini lento ?

-Dad what does this thing do ?

Lungqiqo laughed before whistling .

Lungqiqo : Apho uyazi khona nyana ukuba yenzwa ntoni , nc nc

-When you find out what it does son , nc nc

I laughed silently . Lunikezelo seemed confused .

Lunikezelo : Mhh ?

Lungqiqo : Buza ku mamakho ndamthini ngale yam boy

-Ask your mother what I did to her with mine boy

My heart skipped a bit as my coochie watered- it felt that! .

# IQHALO SIXTEEN

©

The following morning , I woke up quite early than usual to prepare for the day ahead . I have to go at the headquarters today . I kissed my son and the man who made me a mother by gracing my womb with his seed . I smiled at how Lunikezelo's toes were literally on his dad's face . I giggled and took a picture before performing my basic hygienic process . I wore formal and I looked representative . I did not bring my cosmetics so cheers to being natural looking all day . I prepared breakfast for everyone and ate twice- I have an appetite for days , and I cooked! So I actually deserve two plates . I wiped my

mouth before writing down a note and plastered it on Lungqiqo's body length mirror . I took random car keys and walked out to this enormous yard . I pressed the key and it was a taxi that beeped- and don't ask me which one , I honestly and sincerely have no idea . I tried to count the number of taxis in here but I don't know if Math is failing me or I am failing it- if that even makes sense . I took a different set of keys and it was this other rare design of a german car . I got inside and the owner will kill me but let a lady feel like a boss! .

Me : Hey sorry , oh me? No I am single and have no child

I said whilst starrng at the mirror before laughing out loud . I ignited the

car engine and it roared- this is my car already! I sent Lungqiqo a text .

" Awubaweli iimpundu then I take this car ? "

-Don't you want ass then I take this car ?

I feel like a high grade , A's straight and qualified prostitute . The message was sent and I drove out . I firstly drove to town for a basket full of food and visited Detective Nkula at the hospital .

Me : How are you feeling today ?

Nkula : Better than yesternight

Me : I see , do you suspect anyone for your shoot out ?

Nkula : Yes . Your man , Lungqiqo Dubula I swallowed the saliva on my throat .

Me : You're a man of research Detective Nkula

He chuckled and ate the salad I bought for him- How I wish he could choke on it .  
I am not evil .

Nkula : I won't tell

Me : But ?

Nkula : I need him to remove someone on my back

Me : That won't be an issue

He laughed so hard until the machines drew funny lines- they are probably laughing too . I mentally rolled my eyes at his awful laughter . Lunikezelo's screams sound better than what I am hearing .

Me : Did I say something funny maybe ?

Nkula : Yes . Yes you did

He laughed like a hyena . This man has fully recovered- I am no doctor but I can spot a patient that needs to be

discharged . I laughed because he is so not funny .

Nkula : This ain't no regular man

Me : Then who is he ?

Nkula : Ntsikayekhaya Mkhohlakali

My eyes widened- his surname says it all . I don't know him but I can smell danger . He chuckled at my shocked and dramatic self .

Nkula : He is well known by the name of Gabriel

I swear my eyes will fall out at the high rate I am widening them at . He chuckled and ate . This Gabriel seems to be everywhere .

Me : I have to go

I walked out and drove to Lungqiqo's house . I found him basking in the sun with his son . He was topless- exposing

his well structured body . He took off his glasses with a smile as soon as he saw me . I melted- that dimple! . Lunikezelo ran to me so I picked him up .

Me : Hey baby , hey boy

I kissed him all over his face and he giggled- melting my heart even more .

Me : We need to talk

Lungqiqo followed me inside the house and Lunikezelo ran to wherever .

Lungqiqo : Mhh ? I'm listening

Me : Detective Nkula knows about us and he said he won't tell only if you remove Gabriel from his back

He exhaled and scratched his goatee .

Lungqiqo : It won't be easy fuck it is impossible , Gabriel is a bullshiter and you can't bullshit him

I don't know if that makes sense in his handsome brain but I hear him .

Me : My job is on the line Ngqiqo

He glanced at me once and sighed . He rubbed his face and flinched- I think he moved too fast for his condition .

Lungqiqo : Take me to the headquarters

Me : How did you know ?

He laughed and got up .

Lungqiqo : I know everything baby

He kissed my forehead before disappearing to his room .

.

.

.

.

He came back looking fresh , clean , neat and handsome . I almost drooled at how good he looked .

Lungqiqo : How do I look ? Not like a gangster right ?

Me : All I can say is , did you receive my text ?

He burst out laughing and held where he was shot . He found it funny that he is so hot that I want him to sex me up , right here and right now . I giggled as he placed a wet kiss on my lips .

Lungqiqo : We will be late

He grabbed my ass and we walked out to my car . Nandi will look after Luni whilst we are gone . He let me drive the car .

We arrived and parked outside a deserted place .

Me : Please don't jeopardise my reputation

Lungqiqo : This is the last straw , I hope for our sake it works out because Gabriel will fuck us up ... trust me

He chewed his lower lip nervously and I felt sweat on my forehead . We kissed and walked out .

Lungqiqo : Molweni

-Hello

They all turned and quickly took out their guns and pointed them at one man- the power and danger he possess made my pussy squirm .

Me : We come in peace , please hear him out

Mbula : Mr Lungqiqo Dubula you are under arrest for illegal-

Lungqiqo : Awusengxame baby girl

-You're such in a hurry baby girl

I chuckled lowly , this man is so tranquil .

Lungqiqo : I can walk out of here

Mbula : Try me

Lungqiqo : Pelepele naks

I laughed and held my mouth . It is going to be such a long day .

Lungqiqo : This was a bad idea

Lungqiqo turned to walk away .

Mbula : One more step , I swear I will shoot

Me : Ngqiqo jus-

Two gunshots were fired . The undercover team was not injured so I turned to Lungqiqo and-

## IQHALO SEVENTEEN

©

Lungqiqo had two guns on him and he just shot two pot plants . The team cocked up their guns . Special Agent , Mbula threatened to shoot and Lungqiqo told her to go ahead . She clicked the gun .

Me : Can we talk ?!

Lungqiqo : Shoot

The gun jammed , she fired the gun but nothing was coming out . Lungqiqo chuckled .

Lungqiqo : Now can you sit down and listen to me ?

They all sat down . I exhaled as he took a sit and slowly sat down . He flinched and acted like nothing is wrong .

Lungqiqo : I have messed around with law a couple of times

Mbula : You broke the law more than once

Me : Can you just listen ?

She scoffed and folded her arms . I have no time for childish people .

Lungqiqo : I am a wanted , dead or alive

He chuckled and licked his lips . It is like he is deep in thoughts .

Lungqiqo : I want to strike a deal , I will hand Ntsikayekhaya Mkhohlakali over to you

Mbula : Gabriel ?

He nodded after sometime . He looked at me and I gave him a warm smile . He chuckled before smiling too , he is so cute! .

Mbula : What's the catch ?

Lungqiqo : Forget about all the crimes I have supposedly committed

I chuckled , he is smart! Very smart . He said ' supposedly ' in order to not incriminate himself .

Mbula : You have committed a lot of crimes

Me : There is no evidence

Mbula : Evidence is created-

Me : That's fabrication and manipulation of evidence . Evidence is found  
She gave me a death stare and chuckled before standing up .

Mbula : I will run it by Captain

Me : Thank you

Lungqiqo stood up and opened the door for me . I thanked him and was about to get out .

Mbula : Wait!

Me : Yes ?

Mbula : How did you find him and manage to bring LD here ? How did you do it ?

I cleared my throat before smiling .

Lungqiqo looked at me with his lazy eyes .

I whispered on her ear .

Me : Power of thy pussy

She thinned her eyes at me and Lungqiqo was staring at me sexily . I walked out

and he closed the door . He grabbed my ass as we walked to the car .

Lungqiqo : Uthini baby ?

-What are you saying baby ?

I giggled because he was referring to what I said to Mbula . I wrapped my arms around his neck . We kissed .

Me : Thank you for not giving me an ultimatum-

Lungqiqo : I know you love your job as much as you love your family . I couldn't make you choose hence I compromised I wiped my eyes and sniffed . He chuckled and brought me closer to him in a hug before kissing my forehead .

Me : I love you

Lungqiqo : I am in love with you  
I hugged him tighter and he flinched .

Lungqiqo : Easy

Me : Sorry

He nodded and told me to drive home because he has somewhere to go . He said he will take a cab . I kissed him goodbye before driving to the mall . I nervously picked a red lingerie .

" Black will suit you "

I turned and it was Alakhe . I screamed as we hugged .

Me : You have been scarce

Alakhe : I know , work

She giggled and looked around the aisle .

She looks beautiful , organized and well taken of . We chatted up a storm . We

exchanged contacts and drove separately

.

.

.

.

.

I asked my parents to keep Luni for the night and he was more than happy to see his grandparents . I packed my cosmetics and toiletry bag . I drove back and Nandi went home . I washed my hands and chopped vegetables . I cooked and took a bath . I lotioned and wore my lingerie with a silk robe on top . The pots were cooked so I dished up for the both of us . I set the table and lit candles . It was romantic . I giggled and dolled myself up . I sprayed perfume and heard the door open and close . I quickly connect the speaker to my cellphone . Dance for you by Beyoncé was playing on the background . I wore my heels and drank a glass of red wine , to calm my nerves . I chewed his mint gum . I exhaled and

strutted to the lounge . He was on a call .  
He turned and his jaw dropped to the  
floor .

Lungqiqo : *Yeses*

He looked at me from my face to my legs  
. He did a sexy lip bite and looked at my  
blushing self . He disconnected the call  
and I pulled him by his chain . I swirled  
my hips sideways . He sat on the chair  
and looked at me in awe . I restarted the  
song and I went around him , my hands  
running down his muscled arms . I moved  
seductively in front of him . I swayed my  
hips sideways and took off the robe . His  
mouth hung open and that enticed me . I  
giggled and grinded on his dick . It was  
poking me , filling up his pants . I twerked  
on top of him and he groaned whilst

squeezing my waist- lowering me to his dick .

Me : I cooked

Lungqiqo : Ndilambele wena mna

-I am hungry for you

I giggled on his ear as I dry humped him .

I stood up and pulled him by his hand .

We walked to the room and I took out handcuffs .

Me : Lungqiqo Dubula you are under arrest for breaking the law . You have a right to remain silent . Anything you say will be used against you in the court of law

He smiled widely exposing his perfect white teeth and that dimple! . I have never seen such a happy person who is being arrested . I giggled and cuffed him

.

Me : You can contact your attorney , if not ... the state will provide you with a lawyer

Lungqiqo : Andifuni kwa ukuthethelelwa baby

-I don't even wanna be pleaded for baby I laughed and pushed him to the bed . I stripped him naked- careful not to press on his wound . His dick sprung up and I worked my hand around it as it was dripping with pre-cum .

Me : You have been such a bad boy LD I gave him a head . I twirled my tongue on his tip as I sucked him .

Lungqiqo : Fuck!

He rolled his eyes to the back of his head . I almost gagged as he shoot his load on my throat . I swallowed and lowered

myself on his member . I moved my waist till he confessed his sins .

Lungqiqo : Baby uyandiggiba

-Baby you're finishing me

I giggled and moved my waist in a circular motion . He breathed heavily as his eyes were dark . He looked at me with his sexy lazy eyes . He will have no choice but hand that car over . I moved more with my ass pushed up .

Lungqiqo : Susa lento Alu

-Remove this thing Alu

I chuckled and removed the handcuffs . He flipped me and I was underneath . He pulled me to the edge of the bed and fucked me good . It was like this is what he longed for .

Me : Tata ka Luni !

-Luni's father !

I moaned as he gently held my throat-choking me . I dig my nails on his back until my legs shake . He humped on me , my eyes rolled to the back of my head . He fucked me through my orgasm . Have you ever been sexed thoroughly ? It felt like three rounds on one . He was moving his waist as if he wasn't shot . He ejaculated inside of me . He pulled out and placed my legs on his shoulders , wiped me and fucked me with his tongue whilst playing with my boobs . My clit was throbbing .

Me : Baby , oh fuck!

He glided inside with his dick and fucked me till I apologized- don't ask me for what . I clutched my nails on the sheets as I tried to muffle the moans . He was cursing under his breath .

Lungqiqo : You feel good , so good  
I gravitated my hips sideways and he lost  
it . Promised me anything and everything  
on Earth . I held the back of his head as  
he whispered sweet nothings on my ear  
with his husky deep and strained voice .

Lungqiqo : Ndiyakuthanda uyeva?

-I love you , you hear?

Tears of ecstasy rolled down .

Lungqiqo : Should I stop ?

Me : Mhh-mhh

He kissed my eyes and thrust in deep .  
Veins popped on his forehead and arms . I  
ran my arms all over his body . He bite  
his lip and exposed his dimple . I pulled  
him in for a kiss as I kept on releasing  
juices with my coochie .

Lungqiqo : Shit! This pussy mhh

He fucked me with his eyes shut , soaking in all of the pleasure . We both reached our climax and he pulled out before kissing my lips . I was too tired to keep my eyes open . He wiped me and pulled me to him .

Lungqiqo : I love you woman

I smiled weakly . He kept on kissing my forehead and brushing my ass . I held his chest and dozed off .

EIGHTEEN

©

I woke up the following morning to a sleeping Lungqiqo . I smiled as I stared at this handsome specimen . He flicked his eyebrows and flipped them open . He smiled and I blushed .

Lungqiqo : Hey

I shyly looked away and he chuckled .

Me : Morning

Lungqiqo : Are you shy?

I rolled my eyes to mask that I actually am! I heard him giggle .

Me : No , what should I make for breakfast ?

I said running away from his cute self and his sexy lazy eyes .

Lungqiqo : Warm up the leftovers baby

Me : Okay , how is your wound ?

Lungqiqo : Hurts like a bitch

I laughed as thoughts of last night flooded on my mind .

Me : It should , because of the rate you were fucking me

He laughed and threw his head back . I smiled as I watched him . He composed himself and sexily tilted his head to the side , gazing at me . A mischievous smile plastered across his face .

Lungqiqo : Into emnandi iyaphindwa  
-A good thing is repeated

I giggled and shook my head no as I wore the robe with nothing underneath .

Me : My coochie needs to breath

I said as my coochie said the exact opposite . I could fill his member filling me up , stroking me . I clenched my thighs as he was still staring at me with a smirk .

Lungqiqo : Izoncamisa icrush yakho

-Come and kiss your crush

I giggled at how affectionate that sounds . I pecked his lips and he turned it into a deep and passionate kiss . I moaned as he grabbed my butt . He tossed me inside the bed- this wounded man is very strong . He got on top of me and we kissed with him taking off the robe and fondling with my breasts as he smooched my neck . One thing led to the other and yes we did it again , twice before taking a shower . I had to buy antiseptic and painkillers for him at the pharmacy . I applied his lotion- just want to smell like him . I wore his tracksuit and my fluffly slides . I tied my weave in a bun . Lungqiqo was watching me with a smile on his face . He was sitting topless on the bed- tempting me even

more with that white towel around his waist .

Me : Stop looking at me like that

Lungqiqo : I'm just admiring you , izapha  
-Come here

I giggled and stood up to him . He pulled me to his lap using my hand . He circled his arms around my waist .

Lungqiqo : Umhle wena va ? Uyayazi lonto ?

-You're beautiful you hear? Do you know that?

I shyly stuffed my face on his neck . He chuckled and brushed my hair . He kissed my cheek .

Me : Enkosi , I do

Lungqiqo : Okay , uyela bani echemist?

-Who are you going for to the chemist ?

Me : Indoda yam

-My man

His lips curved , about to form a smile but he pressed them together . I giggled as he looked down at me with his lazy eyes . I love this man . We kissed and I got ready to go .

.

.

.

.

I don't know if I am being paranoid or what but a car has been following me . I even left my cellphone . I quickly got inside the pharmacy and bought antiseptic , pain killers , sleeping pills and morning after pills . I am sure they think I am opening my own pharmacy . I walked out with the grocery of pills as my heart started thudding hard against my ribcage

. I shook that feeling off . I got inside my car . I locked using central lock . I was about to ignite the car when I felt a cold steel on my neck . I tried to remain calm and not do anything drastic .

" Drive straight to the end of the road "  
I nodded frantically as the car engine roared and I stepped on the accelerator . I drove straight till I reached the end of the road .

Me : Please . I have a child and-

" Sleep sweetheart "

I felt a needle on my arm . I screamed and instantly felt weak .

Me : You can take the car just spare me  
That came out as a whisper as darkness was all I could see . Life can really flash in front of your eyes . I exhaled as I tried to keep my drowsy eyes on the

mirror . He is wearing a balaclava . I closed my eyes .

" Hey "

I felt a whisper on my ear before I was licked . I shot up but refrained . I looked and I was tied on a bed . My clothes- where are they ? . I closed my eyes trying to figure out why am I here . My head hurts as I tried to crack up the pieces . I am kidnapped . I flipped my eyes open and I met a tatted man . He is light skin . He has a low cut fade and a nob .

Me : Who are you ?

My voice is raspy as if I have been crying . My whole body is numb . He chuckled as I tried to close my legs but I was tied . I am bound by him .

" I am Gabriel honey "

Shock was written all over my face . My eyes were itching- tears threatening to fall .

Me : Please don't-

" Aren't you pleased to meet Gabriel babygirl ? "

I closed my eyes as tears streamed down my cheeks . I heard him chuckle . My

heart was thudding hard against my ribcage . My chest was going up and down .

Gabriel : Look at Gabby sweets

I flipped my eyes open whilst shaking .

He gazed into my eyes and smirked .

Gabriel : I smell fear , do you fear me honeypot ?

I nodded frantically . He sounds like a psychopath . He traced a knife on the side of my face and down to my neck . I exhaled .

Me : Please-

Gabriel : I don't want to hurt you

Me : Then don't

Gabriel : LD is the reason you are here

He unexpectedly punched my face . I screamed and he clapped me twice . I looked to the side and clenched my jaws .

I angrily moved my arms . He punched my mouth and I tasted blood .

Me : Untie me

Gabriel : Feisty? I like

He chuckled and cut off the ropes on my hand . I quickly held the back of his head and smashed it on mine . It hurts but I won't die here . I punched him and the knife slipped from his hands . I tried to move but my legs were still tied . He held my throat and I swear I almost shook hands with Moses . I coughed- struggling to breathe as he wasn't backing down . He let go off me and I laid on the bed whilst rubbing my neck . This psycho almost killed me . When I least expected it- I felt a pillow on my face . He exerted all of his strength- suffocating me . I screamed whilst trying to hit him on his

chest with my fists . I saw my life flashing in front of my eyes . I let go as I accepted defeat . I took my last breath with my tears being absorbed by the pillow . My mouth and throat felt dry . I couldn't even kick because I was bound by him . I closed my eyes .

" Hey , wake up "

That felt like a whisper . I shot my eyes open and quickly closed them . The eyelids felt heavier . The light was doing no justice . I opened them again but slower than before . I saw blurry but I looked closer and it was both of my parents .

Me : How did you find me?

Nokuzola : You were ditched outside your home

I exhaled and closed my eyes again .

Licamagu : What happened ?

Me : I'd rather not say

I looked at them and they were gawking at each other before nodding .

Nokuzola : You can press charges

Me : But I won't ... please leave me for a second

They kissed my forehead and walked out .

I stared at the white ceiling . I felt a warm liquid on my cheeks . I exhaled as I let out thy salty water . I held my mouth before sobbing . The door opened and someone walked in . I did not bother looking up . Steps came into a halt besides me . Lungqiqo Dubula . There is something about his presence . His cologne hit my nostrils . I wiped my swollen eyes .

Lungqiqo : Molo

-Hello

He cleared his throat and I looked at him . He clenched his jaws at my sight .

Lungqiqo : I am so sorry

Me : Look at me . I am bruised up and swollen because of your shady dealings

He swallowed and tried to hold my hand . I snatched it from him .

Me : I need a break from you

Lungqiqo : I-

Me : Please leave

He looked at me once and sighed . He tried to kiss my forehead but I pushed him .

Lungqiqo : I will fuck Gabriel up , trust me

He chuckled deeply before poking his nose . His jaws were tightly clenched . He looked at me once more and turned for

the door . The door closed and I sank on the bed .

.

.

.

.

The door swings open . I curse under my breath and it was the nurse .

Me : When will I be discharged ?

Nurse : We are waiting for your parents .  
I can help you bath so long

Me : I am not that injured

She giggled and checked my file as I walked to the bathroom . I bathed whilst wincing and flinching in pain . They did rough me up . I dried my body . I applied lotion and wore my clothes on the sport bag which I just learned that my parents brought it here . I felt alive not entirely

but yeah . I exhaled as I was given food .  
The nurse walked out and someone  
walked inside . I raised my head up and I  
met a pair of brown eyes but they aren't  
their usual glowing brown .

Me : Where's the spark?

He frowned . His dreadlocks are tied . He  
is still drenched on his spiritual and  
traditional cloth .

Bayede : Spark ?

Me : In your eyes

He chuckled and exhaled before sitting  
down besides me .

Bayede : Gone . Where's the enthusiasm  
?

Me : Huh ?

Bayede : In your voice

I giggled and hit his shoulder . I sneezed  
and he frowned .

Me : Gone

Bayede : How are you ?

I shrugged and placed the tray on the side . He lifted my chin using his thumb .

We gazed into each other's eyes . My throat felt dry . He licked his lips whilst starring deep into my soul . Someone cleared their throat . I closed my eyes as the familiarity with the scent hit deep . I stood up and looked at him .

Me : Lungqiqo ?

.

IQHALO

TWENTY

©

Lungqiqo : Sure bhuda

-Sure brother

Bayede : Yeah Grootman

-Yeah big man

Lungqiqo nodded . He turned to look at me with his lazy eyes . He looks drained but still dapper . He is wearing a black tracksuit and a mustard turtle neck underneath . He is wearing his chain . He is not wearing a hat , his perfect haircut with waves is on display . He is also wearing a designer kicks . He exhaled and patted my bag .

Lungqiqo : You've packed everything ? I have already signed the discharging form

Me : Ngqiqo-

Lungqiqo : I passed by your parents house . I promised to bring you home

I exhaled as he was giving me the cold shoulder .

Bayede : I will-

He motioned the door . I nodded as he walked out leaving me with this blank

facade man . He took my bag and I followed behind him . We got inside his car and he ignited the engine . There was silence .

Lungqiqo : There's something I feel like I need to say

I cleared my dry throat and looked at him . Giving him all of my attention .

Listening attentively to what he is about to say .

Lungqiqo : I am leaving for a few months I swear I became deaf for a minute there . My eyes were bulging out . I am shocked to the nearest shock .

Me : Why? When? To where? Until when? He chuckled and fiddled with the aux .

Lungqiqo : I just need a break . In a few days . I am going somewhere . I am not sure

Me : Somewhere ?

Lungqiqo : Yeah

He exhaled and I looked outside the window . I felt sadness washing all over my body . Tory lanez solar night drive played on the background .

" We fell in love too fast

And then we watched it all crash

Sent chills down my heart and my spine ( Yeah-Yeah )

But I still want you to be mine "

I exhaled as I knew he is communicating through the lyrics . I looked at him with tears threatening to fall . He rubbed his face as he glanced at me and drove .

Me : What about us? Our relationship has just started

Lungqiqo : I want you to learn to live without me . To live freely without

worrying about a car following you . No stress of being kidnapped . To sleep peacefully at night and not be concerned of my safety . To enjoy life to the fullest without dodging bullets . To visit the hospital only for a regular check-up . I want you to be you . I am setting you free I sobbed as I looked at him with tears streaming down . He clenched his jaws and drove . There is no me without him . My life with him is my new normal .

Me : I don't care about that ... I want you

Lungqiqo : Trust me , I want you more but I have to do this

Me : What about our son ?

Lungqiqo : My father will bring him to me maybe 5 times a month? If that's okay with you

Me : He is your son too so yeah

I shrugged whilst sniffing .

Me : Can I change the song?

Lungqiqo : Sure

I played Tori Kelly's first heartbreak .

When it was the chorus my heart sank  
and he felt it too .

" 'cause for the first time , I get worried  
when I'm looking in your eyes

That one day , you might leave me , and it  
keeps me up at night

I guess that means I really love you ,

'cause I'm afraid to make mistakes

If you ever left me , that would be my  
first heartbreak "

I was so emotional hence he pulled the  
car to the side . He released a shaky  
breath .

Lungqiqo : Come here

His voice was husky . I looked into his eyes and they were red . He lowered his seat and pulled me to him . I sat on top of him . He wrapped his arms around me . I soaked in his warm embrace . I have never been this sad . His breath was hot as he kept on swallowing a lump formed on his throat . He kissed the top of my head multiple times . I sniffed his scent before breaking down . I cried hysterically and all he could do is pull me to him and whisper that he is sorry .

Lungqiqo : You're making it hard for me to leave

Me : Then don't , please

I had hiccups . He sniffed and looked away .

Me : Can we go to the beach ?

He nodded after swallowing . I hugged him tight as he started the car and drove to the beach .

.

.

.

.

We were sitting on the shore . I looked at him .

Lungqiqo : You're the first woman I have loved this much . Heck , I even broke the code and involved the cops just so I can secure your job . I did not want you to feel like you had to compete with

Abongile hence I left her

He chuckled and the last line hit deep .

He probably feel as if he has to compete with Bayede but it's not like that . It

really isn't ... I don't know also what it is

.

Me : Look , Bayede is-

Lungqiqo : He is the guy I have to look in the eyes and see he has a half of me .

You know what's fucked up ? He is not even a half of me

He spitted those venomous words . My heart broke . I had chest pains . I couldn't control the tears as they flowed down my cheeks . I have hurt this man .

Me : I am sorry-

Lungqiqo : No don't be

He wiped his eyes and sniffed . He searched his pockets and gave me a sachet of pills- morning after pills . I don't know why but my heart- it stinged .

Lungqiqo : I would love for you to carry my seed again but I am leaving now . I

don't want to miss all of the milestones  
like I did to Lunikezelo

In the mist of my heartache- I  
understood him . He went to the car and  
came back with a bottle of water . I  
drank the pills and thanked him .

Lungqiqo : We should go , it's getting a lil  
chilly

I nodded and he helped me to stand up .  
He pulled me in a hug .

Lungqiqo : Come on , don't be sad

I exhaled and he wiped my tears off .  
He placed a kiss on my wet and plump lips  
. We went back to the car and he drove  
to his home . I met his parents and they  
are such lovely people . Lunikezelo was  
there and he felt at home- I could see it  
on his face . That warmed up my aching  
heart . My eyes were swollen even more .

Lungqiqo drove us back home with Luni sleeping on my chest .

Lungqiqo : Usalazi IQHALO?

-You still know an idiom?

I giggled painfully . He kissed his son and my forehead .

Me : Abakhe babonana bayokuphinde babonane

-Those who have once met , will meet again

I felt someone licking the side of my throat . I moved my hand and held the neck . I squeezed and Lunikezelo cried so hard . I jumped and I am choking my own son . I quickly let go of his little neck . Reality hit me like a train- I almost killed my own son . He was red from crying . I cried too whilst apologising . Looking into his eyes and seeing how traumatic he looks- tore my heart apart even more . I tried to reach out to him but he looked scared , he is scared of his own mother . He crawled back whilst crying hysterically- holding his neck .  
Me : I'm so sorry , yiza ku mama  
-Come to mom  
He shook his head and tears flowed down . My parents walked in and he jumped to

my mom . I kept on apologising , trying to hold him but my mom was preventing me from my own son . Dad looked at me with a concerned look . They both shook their heads and walked out . I held onto the pillow as I sank down to the floor . I cried so much . I stood up after sometime and Dad brought me a glass of water . He tried to probe about what is going on but I did not want to talk about it . I don't want to relieve it all . He understood and told me to take a bath . I did my hygienic process and wore a trackpant with a sweater . I wore a beanie and sat on the bed . I look and feel horrible . My hands found my cellphone and I called Lungqiqo nervously

Lungqiqo : Baby ?

My heart reacted to that . I couldn't focus at my heart because of my sons' cries . They were echoing into my ears . I sniffed before opening my dry mouth .

Lungqiqo : Ugrand ?

-Are you okay ?

I shook my head and warm tears strolled down my cheeks .

Me : I- I-

Lungqiqo : I am driving to you

I smiled but it did not reach my eyes . I placed the phone on the bed . I waited until he called again to let me know that he is outside . I wiped my tears and walked out of my room . I took Luni even though he wanted nothing to do with me . I walked outside to his father's car .

Lungqiqo walked out hurriedly to hold his son . He clenched tightly to his father . I

looked away- fighting back the tears on my eyes .

Lungqiqo : Hey? What's wrong ?

He caressed my chin and looked at me with so much care and concern . I drowned in his eyes . He tried to hush his son whilst paying me attention too . He pulled me to the car and we got inside . Lunikezelo was sleeping peacefully on his dad's chest . Lungqiqo looked at me .

Me : Gabriel licked my face and I was tied . I couldn't do anything . I was bound by him . I was naked

I chuckled bitterly as he clenched his jaws . I looked at him . I want him to witness my vulnerability .

Me : Lunikezelo licked me whilst I was sleeping . I was not tied this time around so I aimed for the neck with my eyes

shut . His screams- they shot me back to reality

I couldn't hold the tears . He kept on clenching his jaws tightly . I sobbed till I was tired .

Me : Am I a monster ?

Lungqiqo : No

Me : I hurt my own son and-

Lungqiqo : You were hurt too . You are still traumatized . I want you to know this ... you are such an amazing , wonderful woman . A great mother to our son . I wouldn't have asked for a better person to carry and nurture my seed ... you do it just like your beauty , effortlessly

He pulled me in for a hug . This is what I needed to hear and beyond . I soaked in his warm and comforting , manly embrace

. I sniffed his scent . We hugged for a little bit longer- making it more awkward . I giggled shyly and pulled out . He chuckled too and kissed my forehead .

Lungqiqo : Have you considered therapy ?

Me : You reckon ?

Lungqiqo : You can't go on like this so yes

Me : I will do it then

Lungqiqo : Thank you and I will pay

Me : I can afford it-

Lungqiqo : I know but I will pay it for you

Me : No-

He smashed his lips onto mine . I was amazed . His warm and minty lips did something to me- so magical . He did a gentle lip bite on my lower lip . I moaned unexpectedly and he slipped in his tongue . I held the side of his face and kissed him back sensually . We were both kissing

with our whole body . I felt hot . Our tongues did the tango dance- his fighting for rein and I obliged . I was out of breath as he pulled out and smiled at me . His eyes were dark- he is horny and I am too . That was steamy! .

Lungqiqo : So who will pay ?

Me : You

I pulled him in for a kiss again . I pulled out and breathed on his face .

Me : You will pay daddy

He smirked and I went in for a kiss again . His hand rubbed my inner thigh and to my core .

Lungqiqo : You're teasing me

Me : Maybe , maybe not

I licked my lips seductively and he went crazy . He held my neck and we kissed .

Lungqiqo : Ndizokutya bhabha

-I will fuck you baby

I giggled and moaned as he rubbed my core . We kissed once more .

Lungqiqo : Cela undikhaphe ndiyonxiba ijersey?

-Please accompany me so I can go and wear a jersey ?

I burst out laughing , he is so ghetto .

That is how most Xhosa guys initiate sex . That line! . He laughed too and I nodded

.

.

.

.

.

We just had sex in his house . I don't even wanna go through what he did to me . He sexed me so good . It was so intimate and emotional . I clenched my

thighs at the thought . He brought me back from cloud nine with a peck on my lips .

Lungqiqo : Are you daydreaming baby girl ?

He sounds so sexy . He is very sexual . I giggled and brushed my hair . He said he is taking us out . I stood up and fixed his T-shirt . It doesn't need to be fixed but I just want to run my hands on his body .

Me : Where are we going ?

Lungqiqo : Ekhaya , in my backroom  
-At my home

I burst out laughing and he chuckled before wrapping his hands around my waist .

Me : You wouldn't dare

He grabbed my butt whilst massaging it . I looked into his eyes as they were

staring down at me . He licked his lips and I am not falling for it .

Me : Stop looking at me like that

He laughed as I rested my face on his chest . Hiding from his sexual advances .

The door opened and we turned .

Lunikezelo : Tatam! Yeka Mamam

-My dad leave my mom

I giggled as I got so emotional .

Lungqiqo : I'd rather see you cry whilst pounding inside of you

I burst out laughing and rolled my eyes at him . I decided not to cry . I crouched to Lunikezelo's height and opened my arms .

He ran to me and I picked him up . We

hugged . Lungqiqo smiled like a proud

father- that he is . We drove to a game

park . Lungqiqo literally squashed on the cups with his son . I laughed as I took

videos . He will never grow! . They both came out with excitement all over their faces .

Me : You're forcing your youth!

He laughed and threw his headback .

Lungqiqo : Ndifresh ndawo yonke nje mna sisi onomkhitha

-I am fresh everywhere attractive lady

I looked at his bulge and my clit felt that

. He caught me starring down at his weapon .

Lungqiqo : Baby no

He gave out a muffled giggle as I drowned in embarrassment .

Lunikezelo : Ice-cream!

He screamed- saving me from this man . I

walked to where Lunikezelo was pointing

at . Lungqiqo slapped my butt and I

giggled .

I wanted to go to the beach and yes , I really love going there . Lungqiqo said we should drive to the mall first and we did .

Lunikezelo was fiddling with the aux .

Changing each every song that plays- rolls my eyes .

Lungqiqo : Will you swim?

Me : No , you ?

He shook his head . It is confirmed that we will only buy a swimwear for Luni . I put him on my waist as we walked inside the shop . He wanted almost everything and Lungqiqo did not mind .

Me : Put that down Luni!

Lungqiqo : Baby-

Me : Hayi Lungqiqo!

He exhaled and his son ran to the other aisle . He must learn that a no is a no .

Lungqiqo was frowning and I don't care .

I also took essential clothes and toys .

We looked for Luni inside the shop .

Lungqiqo : Baby khawuzobona

-Come and have a look

He looked excited . I giggled as he pulled me with my hand to the 5th aisle . We

found Lunikezelo standing with this other girl .

Lungqiqo : Uyakwazi ukhumsha lomntu ?

-Does this person know how to speak English ?

I burst out laughing . He is referring to his son since she is standing with a white little girl . A woman came , I think she is the girls' mom .

" Don't touch her! "

She roughly removed my sons' hand from her daughter . I chuckled whilst burning inside . Lungqiqo held me back and walked to her .

Lungqiqo : I can't believe there are still racists

" I don't condone racism but he- "

Lungqiqo : He shouldn't touch her because he is black

She swallowed a lump . I was shaking from anger at how she manhandled my

son . I pushed Lungqiqo to the side and held this woman by her long hair . I punched her twice and choked her as she was slapping my chest . I kicked her on her stomach and she fell down .

Me : Don't fuck with me bitch , I birthed that

I ran to kick her on the face and Lungqiqo pulled me by my hand .

Securities came and it was a chaos .

Lungqiqo : These people envy us . They hated us for our full lips yet look at her ... she has a lip filler . She paid a huge amount of money just so she could look like us . Look at me

I raised my eyes full of tears to him . He wiped my cheekbones and kissed my forehead .

Lungqiqo : We are the standard

I nodded as he gave me a hug . We were chased out of the store . She walked out in fear and Lungqiqo looked at me and shook his head . She is not worth it . I took my crying son and tried to hush him as we walked to the car . Lungqiqo will be going alone to buy exactly what we need . He said I'm a risk to racists- rolls my eyes whilst laughing . Lunikezelo wanted me to breastfeed him . He is old and nothing comes out but I let him be . He sucked my boob whilst playing with his hands- like the baby that he is . He would occasionally make me kiss where that woman held her . Lunikezelo got inside and his son was already sleeping with the breast still in his mouth .

Lungqiqo : Baby umdala lomntu

-This person is old

Me : Who tells you that ? I mean I breastfeed you both . Respect  
He laughed and tilted his head to the side . Charmingly starring at me . I giggled .

Lungqiqo : You're using my lingo now ?  
I blushed and looked away . He made me look at me and I did . He raised his eyebrow up- charming me to the core .

Me : I always tell you to stop looking at me like that!

He chuckled and looked into my eyes .  
I'm captivated by his sexy and lazy eyes .

Lungqiqo : How am I looking at you sweetheart ?

Me : Like I'm a snack

Lungqiqo : Like you are a full meal

Me : Like you are about to eat me

We were whispering against each other's lips . His thumb was brushing my lip . He chuckled .

Lungqiqo : I might

I giggled and pecked his lips before placing Lunikezelo securely on the backseat . He slapped my ass as I was bending . I giggled and he stuffed his face on my ass . I laughed and tried to remove him .

Me : I swear I will fart!

He laughed too . I sat back on my seat and exhaled .

Me : It's so hot

Lungqiqo : Need something to suck on?

Me : Oh?

I felt more than the word HOT . I fanned myself as I looked at his bulge .

Me : We have a kid in here

Lungqiqo : So?

Me : Wow- I mean sure

I tied my hair and held his jeans . He held my hand .

Lungqiqo : An Ice cream , I mean

My eyes widened in shock . He burst out laughing as I was so embarrassed .

Me : Just drive!

I looked outside the window as he was dying with laughter . I wish he can choke on his own spit .

.

.

.

.

We were giggling whilst sitting on top of the car . Lunikezelo would ran to the water and when the weaves are near he would ran away .

Lunikezelo : Tatam!

-My dad!

Lungqiqo : Mntanam?

-My child ?

Lunikezelo : Jonga!

-Look!

Lungqiqo : Ndikujongile boy!

-I am looking at you boy!

He giggled and did the same thing .

Running in and out of the water .

Me : So...

Lungqiqo : Mhh?

He slightly raised his eyebrow up . He turned to look at me . I ate the sausage .

Me : When are you leaving?

Lungqiqo : Soon

I rolled my eyes . He chuckled and wiped the corner of my lip with his thumb . He licked his thumb and kissed my forehead

. I watched people swimming and I wanted to do so too .

Me : Ndiyeza va?

-I'm coming you hear?

Lungqiqo : Uyaphi?

-Where are you going ?

Me : To the toilets

Lungqiqo : Ndikukhapse?

-Should I accompany you ?

Me : No baby enkosi

He nodded and went out to his son . I asked for a kiss . He groaned and looked at me lazily . I pouted and he ran back to me .

Lungqiqo : Uyasokolisa

-You're a hassle

I smiled . He rolled his eyes and pecked my lips . I thanked him and went to the toilets . I undressed and wrapped a towel

around my body . I am wearing a bra and a panty . I took the towel off-

Lungqiqo : WHOA!!

I turned and he ran towards me with his son on his arms .

Lungqiqo : Sundiqhela

-Don't mess with me

Me : Huh ?

Lungqiqo : I asked you if you really did not want a swimsuit and what did you say ?

Me : That was then-

Lungqiqo : Baby you said no . Hambo nxiba Sthandwa sam okanye ubhinqe

-Go and wear you clothes my love or wrap that towel

Me : I want to swim!

I frowned and he exhaled .

Lungqiqo : Noba ufuna ukubane sex tape ;  
heartless gangster fucks a private police  
officer on the beach

I burst out laughing till tears rolled out .  
He wrapped the towel around my body  
and opened the car door for me . I got  
inside and he closed it . He picked up all  
of our things with the help of his son- of  
course .

Lungqiqo : Siyagoduka ngoku , are you  
happy?

-We are going home now

I giggled and nodded . We kissed and he  
asked Luni too and he nodded .

Me : Are you happy?

Lungqiqo : Ndingakuphendula kakuhle xa  
ndiphakathi kwamathanga

-I would answer you better when I'm in  
between thighs

I burst out laughing and rolled my eyes .  
I took Luni and placed him on my lap with  
his head on my chest . I wrapped him  
with the towel too . Lungqiqo turned on  
the heater as I changed Lunikezelo's wet  
clothes . I dried him and applied lotion  
before he wore dry and new clothes . I  
held him close to me . We arrived to  
Lungqiqo's house and Lunikezelo was  
sleeping soundly . I carried him to the  
bed . The door closed as I covered my  
son .

Me : Did you bring in the plastics?

Lungqiqo : Baby ? The pool is warm

I giggled and turned to look at him .

Me : So ?

Lungqiqo : You can swim and I will watch  
you

He licked his lips seductively . I giggled as he pulled me to him and grabbed my butt .

Me : You want me to put on a show for you ?

Lungqiqo : Ewe baby , ubeyi lead character

-Yes baby , be a lead character

Me : Oh ?

Lungqiqo : Ubesi starring

-Be a starring

I laughed internally .

Me : Let's go

I took off the towel and his mouth hung open . He scanned my body with his lazy eyes . I pulled him with his belt and walked in front of him to the pool . There was even a table for two with fruits and sweets- oh and wine! .

Me : Wow

Lungqiqo : You wanted to swim and I forced you not to hence I did this

Me : Aww thank you

We kissed and hugged . It was so romantic . I wish he doesn't go . Deep down , I know he is trying to make the best out of the time he has with us . This is goodbye . I can feel it .

## IQHALO TWENTY THREE

©

Lungqiqo drove us home the following morning . I am so exhausted . He parked in front of our home . Lunikezelo kissed his dad goodbye . He ran inside to his grandparents .

Lungqiqo : When I leave , I want you to keep the house . You can live there or you

can rent it out and buy a new house with the profit

I looked at him and he closed his eyes .

Lungqiqo : I did not kill Bulelani

Me : What? What if he comes after me ?

Lungqiqo : He won't baby . He will take care of my other businesses and My dad will hold the fort on the taxis

Me : You really thought this through

Lungqiqo : Yeah I did

He looked at me and my eyes were glittering with tears . He clenched his jaws and pulled me to him . I stuffed my face on his neck and sobbed uncontrollably . He kept on quietly rubbing my back . I held him tight and he held me even tighter .

Me : You are leaving today?

Lungqiqo : Yeah ... my flight will board at half past three

I nodded painfully as I swallowed a lump on my throat .

Lungqiqo : I love you woman

Me : I love you even more

Tears rolled down his cheeks and he looked away . I sniffed and made him look back at me .

Me : We will be fine , you need this

Lungqiqo : Yeah

He whispered and placed his head on the starring wheel . I exhaled and kissed his back whilst rubbing it . One of us has to be strong and I think I cried enough .

Me : I am letting you go

Lungqiqo : Thank you

I nodded and we hugged once more .

Me : I- I have to go , farewell

Lungqiqo : Never forget IQHALO

-An idiom

I exhaled and nodded . I smiled at him and brushed his hand .

Lungqiqo : Did you-

Me : Drink the morning after pills? Yes I did

He whispered a thank you . I opened the door to walk out . I looked at him once more time before tears flowed down my cheekbones .

Lungqiqo : Bye lover

Me : Till we meet again

I sniffed and walked out . I closed the car door shut . My heart broke . He ignited the car engine . The window rolled down .

Lungqiqo : Stay beautiful

I giggled and blew him a kiss . He caught it and placed it on his heart . He rolled it up again and beeped twice . I waved as he drove away- leaving nothing but dust . My heart felt so heavy . I managed to get inside and straight to my bedroom . I slept whilst listening to Lewis Capaldi - Someone You Loved . I muffled my cries with the pillow all the time .

.

.

.

.

I woke up and there were roses besides me . I looked at the clock and it was way past half past three . My heart ached . I exhaled whilst biting my lower lip .

Suppressing the urge to cry hysterically . I sat up straight and took the roses . I

smiled painfully . They smell really nice . I saw an envelope . I took it and it was a handwritten letter .

" Hey baby , by the time you find this ... I will be long gone . I want you to use this time to find yourself again , without me . I am not good with words but I just want you to know that I love you , so much . Kiss our son for me . I miss you already but I have to do this . There's a small box there . You once asked for me to propose to you with my watch ... now I am giving it to you . I want you to wear it when the time is right ... you will feel it . In your loving and fragile heart . I have to go now , bye . Once again , I am in love with you and our son .

Love ,

IQHALO "

-An idiom

By the time I finished reading , I was drenched in tears . I have never cried this much- my head is even starting to ache . I wiped my tears and placed the watch in a safe place with the envelope . There was no one in the house . I placed the flowers in a vase . I took a shower and someone disturbed me . The person was knocking as if he or she is being chased .

Me : I'm coming!

I wore a robe and my sleepers . The TV was on and my steps came into a halt . I was captivated- Gabriel is arrested . He was caught with drugs and illegal weapons . I did not even know- I was too busy with Lungqiqo . I'm sure the team thinks I am dead- killed and buried by LD ... Mbula

would be dancing with the devil nxa! . The bang on the door snapped me to life . I quickly ran to it and opened the door . I saw no one other than a box . I looked sideways and crouched for the box . I took it and got inside . I placed the box on the table and opened it . There was a letter . I am being mistaken for postman today ain't I ? . I chuckled and read the letter ;

" Jail is cruel , nothing like home , it's not a place to be .

It's better that you will soon speak with me .

4616 everything is turned up and down , Like when my life changed in a nick of time .

Tomorrow is another day , a warm visit from you is what I want "

I gasped with my eyes wide open . What kind of sick note is this ? . I look more than the word ; confused . I am utterly shocked . I look at the television and ...

Me : Gabriel?

I whispered to myself still standing . I read the note once more and aloud- it is him .

## IQHALO TWENTY FOUR

©

I read the note more than twice . I feel like there's a message behind it . I called Lungqigo but it did not go through . I think he changed his sim card . I exhaled and placed my mind map on my bedroom wall . I pinned the note on it .

Me : " 4616 everything is turned up and down ,

Like when my life changed in a nick of time . "

He orderded me to meet him in jail . I wrote on the mind map . I chewed my lower lip nervously .

Me : Time

I read the note loudly again . I played with the koki pen I was writting with . Why would he add a number and say " everything is turned up and down " . I wrote the number as 1646 . Something clicked on my mind .

Me : " Like when my life changed in a nick of time ... 16:46 pm . Time!!

I widened my eyes- not because of shock but how smart this fucker is! Gabriel is very smart and articulated . I grinned at how I cracked this up . I feel like I'm on a heavy heist- the adrenalin! . What made

me be on the edge- he did not say why he wanted to see me . I think I know just the person to help me . I reached for my cellphone and dialled Detective Nkula's number . I pressed call and placed in on my ear . It rang for a while and he picked up .

Me : Finally!

Nkula : I'm busy with my woman unlike you who is left by her own man

I rolled my eyes . This man just knows how to grind my tits .

Me : Keep saying that and I will send you straight back to your home , in hospital  
He breaks out in laughter . Have I ever told you how annoying he sounds? . His laughter is so not good- not something to hear for your whole life . I feel for his woman- she is an epitome of a rock! .

Nkula : Talk

He composed himself . Right! I looked at the wall in front of me with the details .

Me : Gabriel-

Nkula : I owe you and your man for that .  
I did underestimate LD's capabilities

Me : Yes you do owe us

Nkula : What do you want?

Me : Gabriel wants to meet us in jail

He went dead silent for a while . What? I won't meet that burstad alone .

Nkula : How?

Me : He sent me a note

Nkula : Fuck!

I chuckled and sat on the bed . I won't go down alone , I will pull him with me .

Me : 16:46 pm on the dot , tomorrow

Nkula : I will pick you up

Me : When shit hit the fan ... I'd rather drive myself

I mean Lungqiqo gave me a visual drive for when you need to escape- to get out of shit . I heard him chuckle .

Nkula : You have trust issues

Me : Sir , i don't even trust myself

Nkula : We will meet at the police station then

Me : It will raise eyes if we demand to see him whilst he is on the holding cell and he is probably guarded

Nkula : Leave that on me

I smiled . This man!! I will even listen to his eardrums slaughtering laughter . I disconnected the call and applied lotion . I wore my sleeping gear and made supper . My parents came back with plastics and Luni showing me everything he bought

that was new . I thanked my parents and dished up . We ate on a light conversation . I collect the plates after and washed the dishes .

.  
. .  
. .  
. .

I woke up feeling as if someone is watching me . I flipped my eyes open and it was mom . I exhaled out of relief . She smiled warmly at me .

Me : Good morning

I said weirdly . This is awkward and rude . I should consider getting my own place . I yawned and rubbed my eyes- getting sleep off them .

Nokuzola : Destiny is about to unfold

Me : Huh ?

Nokuzola : I want you to hold on , have hope

I cocked my eyebrow up . I sat up straight . She smiled and kissed my forehead like the little girl I will forever be in her eyes . She stood up and held the door knob .

Nokuzola : One thing about destiny , it is not written on a stone ... it can change  
She walked out . Leaving me in a world of puzzles . I think my mom is a medium- she can communicate with the dead and see something before it happens . Maybe she is an interpreter? Whatever she is- it scares me out . I shook my head and stood up- heading for the bathroom door . I did my hygenic process and wore a simple outfit- jeans , boots , turtleneck and a leather jacket . I wore my weave

and applied minimal amount of make up . I looked- dangerous . I applied a red lipstick and it boosted my ego . I kissed my son's forehead and ate breakfast . I called Bulelani and we will meet at Lungqiqo's house . I drove there in high speed . I pulled over and walked up to him . He was standing by the gate with his hands on his pockets .

Me : If it isn't Jesus himself or should I say Judas?

Bulelani : If it isn't the killer herself . A tip? Next time aim for the head  
I positioned my hands like a gun and placed in on his forehead .

Me : Bow!

He jumped and rolled his eyes . I giggled and we shook hands .

Bulelani : What do you want ?

Me : I want to rent out this house . Store everything that has Ngqiqo's name on the main bedroom and lock it . Leave me with the key

Bulelani : I will contact an agent , estate agent

Me : You're such a darling

He rolled his eyes and he bid his goodbyes . I walked inside the house . I stared at the ocean potrait and something clicked on my mind . Lungqiqo! That's where he keeps his gun . I looked sideways and was about to reach it when I heard a knock . I went to open and it was Nandi . We shared pleasantries and I told her I was on my way out . I looked at the potrait once more and walked out . I drove home and there was an unfamiliar car parked in front . I walked out and

locked my car . That car door opened and it was non other than Bayede .

Me : Hi

He looked at me with his bloodshot eyes .

Worry and concern grew on my face . I felt a sting on my heart .

Me : What's wrong?

Bayede : Everything . My life is falling apart Alu , my wife is on her deathbed .

My daughter is in an incubator with no signs of getting out

I sighed and held his hand . His hand burned my skin . It felt like electric shock but not the usual- it is somehow arousing . I retracted my hand and looked up at him .

Me : I'm so sorry

Bayede : I need you to-

My cellphone tinged . I took it out and it was a text from Nkula . He wants me to pick him up at his house . I raised my eyes to look at this man . He looks like a mess but sexy- he is a sexy mess . I shook my head at those thoughts .

Me : I have to go

Bayede : You can't , we have-

Me : I will get back at you

I ran to my car . He sat on the pavement with his head bowed . I ignited my car engine and glanced at him . He groaned and I speed off . I picked Nkula .

Nkula : I don't care about you but you don't look okay ?

I rolled my eyes . My head felt heavy . I hit the break pads and asked him to drive .

Nkula : Drink water

I searched for a bottle of water and found it . You might think my car is a refrigerator but I need water . My hands were shaking . I was about to take a sip when I saw blood . Two cars in an accident . I screamed and the bottle fell from my hands . I held my banging head .  
Nkula : WHAT THE FUCK?!

I heard tyre screeches . I couldn't see vividly since my sight was blurred by the tears . My ears were blocked .

IQHALO  
TWENTY FIVE

©

Nkula : WHAT THE HELL?

He was livid . He opened the door and walked out . I walked out too whilst panicking . Did I just have a vison? . Did he hit a car or he killed someone? . With my own damn car ! . I walked to the front and I saw an old woman . She is dirty and wearing torn clothes . I helped her to stand up . Nkula was gobsmacked . He was

cursing under his breath . I removed her long black hair from her face- wow . I have never seen someone who posses such pulchritude at an old age . Our eyes met and I felt this deep connection with her . I sound crazy but she is odd , amazingly odd . She posses this thing- you can't put finger around it . Her spirit is alive . You just can't pulverize it . She smiled- exposing her white set of teeth . There's even a dimple . She looks so much like my gone lover . You just can't abhor her . Beauty eventually ends but hers- it can't abrade . I cleared my throat .

Me : Molo Mama

-Hello Mother

" Molo mntanam "

-Hello my child

Me : I'm so sorry we almost hit you

I sincerely apologized . She smiled ,  
genuine- showing more resemblance to  
Lungqiqo and my son .

Me : Get inside , I will drive you home  
" I don't have a home ... "

She paused and held my hand . I am  
starstruck and in awe of the warmth of  
her old hands with long dirty nails- I  
can't help but absorb it .

" But I know ... you will drive me home "

Me : Huh ?

" Drive to wherever your heart leads you  
. It is never wrong "

She pointed my heart . I held her hand  
and she sat on the backseat . Nkula  
walked in and sat on the passenger's seat  
. He hasn't uttered a word . I exhaled as  
my hands maneuver with the steering  
wheel .

Me : My heart

I whispered under my breath . I drove straight to Lungqigo's house . I pulled over and turned to look at her .

" I am home "

I looked at her confused . She giggled in excitement . We walked in . Nkula did not want to come .

" This house is tainted but don't worry although it burdens my soul . Home "

She wiped the tear that escaped her eye . We walked inside and she looked around . The smile still plastered across her face . She stared in awe . Nandi walked in .

Nandi : Hello

Me : Please make food for us

She nodded . She looked at this old woman and walked swiftly to the kitchen .

Me : I will prepare a bath for you

" Thank you . Stay blessed "

I smiled faintly at her . I prepared a bath at the guest bathroom . I bought clothes online . I walked back to her and she was starrng at the portrait of the sea .

" The sea , mountains and the veld .

Those are spiritual places "

She muttered with her eyes still on this art work .

" A sinner would prefer the sea mostly because it brings peace to his troubled soul . Tranquility . A sinner would believe the sea washes away all of his sins .

House of a sinner , home of a saint "

Me : Wow

I am not that much into art . I am stunned by the way she described it all . Lungqigo is a sinner . I looked at ther

portrait too- eagerly anticipating my soul to read it too , the way it knows how .

There was a light knock and it was the delivery man . I thanked him and gave her the plastics . She wiped her disobedient tears- they kept on falling . She is grateful . I smiled- her presence breaks all the barriers in my heart . Her smile warms up my soul . She is unique . She took a bath and I cut her nails . I washed her hair and combed it .

Me : You have really long hair

She smiled at the mirror . I styled her hair . She is beautiful .

" Strength is in the hair "

I giggled . She is Samson from the bible now ? .

Me : I do not know your name

" I am Nontsikelelo "

Me : Your name suits you , I am-

Nontsikelelo : Langalakhe , you are his sun . You bring light to his gloomy life .

Light he can't even explain and it scares him , running away was the option

My eyes widened in shock . Does she have a spiritual gift? She sees beyond the naked eye- just like Bayede and my mom ? . Lungqiqo- am I his sun ? .

Me : I am Alunamida but thank you for the name , I love it

She giggled . We walked back to the lounge and Nandi was dishing up . I told them I have to leave .

Nontsikelelo : Langalakhe?

I turned to her . She smiled warmly .

Nontsikelelo : Never forget a vision

I nodded whilst gazing into her eyes . It is confirmed , she is a medium! . I bid my

goodbyes and walked out to a restless  
Nkula- rolls my eyes .

Nkula : It is almost the time , do you  
want that man to kill us?

I rolled my eyes secretly as he kept on  
lecturing me . This man has no chill in his  
body . I ignited the car engine and drove  
off to the police station .

.

.

.

.

Nkula is really a man of his own word . He  
took care of it all . We walked inside his  
holding cell . I looked at him chained- like  
how he did to me .

Me : You are the one bound now huh?

Surprising how wheels can turn . You- You

beat me into a pulp Gabriel!! I begged you  
, I cried

Tears flowed down my cheeks . Nkula  
pulled me outside . He gave me a tissue .  
Nkula : It is good to have emotions but it  
is dangerous when they have you . There  
is strength in being rational

He gave me a small hug . I pulled out and  
sniffed . I giggled .

Me : I never knew that big head of yours  
full of nonsense has a space for wisdom  
He chuckled- saving me from his awful  
laughter .

Nkula : Never judge a book by it's cover

Me : Oh you mean never judge a head by  
it's size ?

He burst into laughter . Killing my  
eardrums . I wish I hadn't said that- I  
wouldn't be listening to this .

Nkula : Funny huh? Now let's go and hear out this jailed man

We got back inside .

Me : What do you want?

He exhaled and rubbed his forehead with both of his restricted hands .

Gabriel : I need your help

I chuckled . They say never kick a dog whilst it's down but hey- people have different reasons .

Me : You need help? The mighty Gabriel ?

I laughed and held my stomach . My laughter echoing in this cage . A cage he belongs in .

Gabriel : I am no longer Gabriel . I am Ntsikayekhaya Mkhohlakali

Me : I see

Nkula : What do you need help with ?

Gabriel : I want to see my wife , fiancée  
to be exact

Me : There are phones for a reason

Gabriel : I hurt her so much , she wants  
nothing to do with me

Me : Rightfully so

Gabriel : Just tell her to meet me  
tomorrow . I will be here , waiting

Me : If I do this , you owe me Gabriel

Gabriel : Big time

He looked into my eyes . He really does  
love his wife- I can see it in his eyes .

Me : Who is she ?

Gabriel : Alakhe , Alakhe Dubula

I widened my eyes in shock . It felt like  
air was snatched from my lungs . Alakhe  
was about to marry her brother's arch-  
enemy ? .
