GENESIS 6:4

PRECIOUS MOLOI

LELETHU

PROLOGUE

It was quiet today, Very quiet for my liking.

Me: Where is your fan?

Therapist: It's broken, I bought a new one. I've just been lazy to plug it in

Me: Can you get the old one fixed?

Therapist: Lelethu, We've talked about this. Change is scary but it's important sometimes

Me: I don't like change

She put on her glasses..

Therapist: Your recent drawing, Suicide. Is this what you intend on doing?

Me: No.. It's one of my Dad's colleagues. We found out she committed suicide, We found out this morning. I dreamt of that 2 days ago

Therapist: You foretold her death?

Me: J ust like the previous ones

Therapist: Your Dad sent me an Email, Says you have troubles sleeping at night and that I should change your medication

Me: Every 3 months you change my medication,
Still it doesn't work

Therapist: Are you still hurting yourself? Mom said
last night you sunk into your bathtub until you
almost passed out. Were you trying to kill yourself?

I chuckled and shook my head..

Therapist: Lelethu?

Me: You don't get it do you? I can't die, Something
always saves me. Last night was just practice,
Stupid Me I forgot to lock the door. Mom came in
and rescued me just in time

(Silence)

Me: You don't know what's wrong with me, Do you?

Therapist: That's why you here, So we can figure it out. How is school?

Me: I still have one friend, Everyone else thinks I'm nuts

Therapist: What about the boy you like?

I rolled up the sleeves of my hoodie..

Me: I still have the cuts, He will also think that I'm a freak

Therapist: Take that leap of faith, And talk to him

The clock hit 18:00..

Me: I have to go, Our time is up

Therapist: I'll see you on Wednesday

I got up from the chair and took my backpack , I put on my hoodie hat and walked out to the reception..

My Mom got up..

Mom: How was it?

Me: Let's go home

She bid the receptionist goodbye.. I went to the elevator..

I pressed the ground floor..

Mom: Lelethu

Me: She doesn't know what's wrong with me, She can't help me

Mom: Do you want us to change her?

Me: She'll be the 5th change this year

The elevator opened, And we walked in. It closed..

Me: I wish I could die

Mom: Lelethu!

Me: This is not how one should live

Mom: We going to get to the bottom of this okay?

Me: Grandma was a Prophet

Mom: Your Grandmother was not a prophet she was nuts! Out of it, Losing her mind

Me: So it means I'm nuts too?

Mom: Let's just get home, We'll figure something out

Me: Dad is still upset because I foretold about the death of his colleague?

Mom: Dad is upset because a colleague passed on

not because of you, Your father loves you very much and when we get home. Please don't bring up that nonsensical prophet thing about my Dead mother. My mother was mental unstable and that's that

LELETHU

Leme give you a bit of background about my life. I am very fortunate, I have the most beautiful life that money can buy. All that made possible by My Mother who married Charles Gama, One of the richest business Men about 10 years ago. Step Fathers are a bit of a horror, But Charles. Charles

loves me as if like I am his own blood daughter.

He's taken me to the best schools, Afforded me the best life and I'm grateful...

Both Mom and Charles came into the marriage with babies. Liam "Swayzz" Gama is Charles' Son. He's 23, 2 years younger than me. It's just the 4 of us, They haven't had a child of their own. Mom is 46, Charles is 45. I don't see them having a kid anymore

Charles was watching news when we got home, That's one thing you'll find him watching on TV if not reading a newspaper.

Charles: How did it go?

Me: I'm going to bath and turn in for the night

Charles: That bad huh?

Mom: I don't know what we going to do

Charles: We are going to find a good therapist for her

The hasn't been a precise diagnosis for my constant visions and dreams. If I dream something, It happens. It's something that has gotten stronger and stronger throughout the years. It has caused me depression, Anxiety, And insomnia. The nightmares are terrible that I'll wake up trembling.. Therapists have said I have delusions and also hallucinating, None of them has ever gotten to the bottom of helping me. They just pump me up with pills.

I opened the cabinet in the bathroom, Full of

nothing but my prescription pills. I took the meds out to drink. I opened the first bottle and the pills popped out, Falling into the sink..

Me: Agh dammit!!

Swayzz: Here, Let me help

He walked in to help me.. Shirtless, In his shorts and slides..

Swayzz: Let me guess.. It didn't go well?

Me: No.. Same old thing

Swayzz: Dad will get to the bottom of it, You know that right?

Me: We should just accept that I'm crazy

Swayzz: You not crazy and I don't want to hear you say that

PURGATORY

URIEL

We can call Purgatory the spiritual court, Where both good and evil meet. Purgatory was created for angels and humans. Humans who are hypocrites, Where they preach God but do evil in their hearts. If Father feels like they are worthy of paradise, They go to purgatory for purification..

Azreal is the guard or gate keeper of purgatory. Azreal is neutral, Hence he was able to fit in perfectly for this role..

Before he was given the position, Azreal was a sinner condemned to spend eternity in Purgatory. All the innocence of the angels combined outweighed his sins, Therefore he was redeemed and given another chance..

Zaziel: It is after all, The season of bloodshed. Where we cause accidents, Fights leading to bloodshed. It is the season where we collect blood for the upper rank demons, The Princes of hell

Me: It's called poaching, Stealing and murder. It is the season for our side to protect the children of God

Zaziel: You know Uriel, I don't think you should be heading this conversation

Me: Why? Because of the betrayal?

Zaziel: Precisely the betrayal. You betrayed us

Me: I did not.. You chose to be a fallen angel, When that fight broke out at home. In heaven, And Lucifer was casted out. You chose to be on his side, You chose darkness over light

Zaziel: We were brothers, Fighting alongside each other as the best warrior angels

Me: All that changed

Ramiel: Can we conclude this

Zaziel: I shall not be in communication with a warrior angel that was not created, But made

Me: Ramiel is one of the best warrior angels, She deserves respect just like any other angel here

Azreal: In conclusion. Things will still go the way that they did, Each time. Nothing shall be changed, No exceptions shall be made

Zaziel: Ohw Well then.. Good luck brother

NONTOMBI (LELETHU'S MOTHER)

I was in the dining area, Preparing dinner for the family..

Me: I just never knew that a meant illness can be hereditary

Charles: Most cases they are

Me: My Daughter is suffering, I don't wanna take her to a Prophet or healer so they can fill up her head with things that aren't true

Charles: My deepest fear with that, Is them evoking a spiritual gift where Lele will have to neglect her studies. Success etc to follow it

Me: You see that's what I'm scared of

Charles: At the end of the day we can't deny the fact that her visions are truthful. She did foretell the death of Sara

Me: And that too

Charles: I'll see if I can't find another recommendation

Me: Thank you hun

LELETHU

Swayzz: See? That wasn't hard

Me: I should go to bed

Swayzz: You not going to join us for dinner?

Me: No

Swayzz: Come on

Me: I don't feel like it.. Goodnight I love you

Swayzz: Good night Sis.. Love you too

I should be doing my last year in tertiary now. Graduating next year. Due to personal reasons, And my mental health. The were times I had to miss classes, Exams, Etc.

I failed, Then changed my course. I was in accounting, Now I'm in microbiology. I like the course, It's my second year and hoping to at least complete it. What helped me to be able to do accounting and change to science, Is that I did

accounting, Physical sciences and life sciences. It was also a bit difficult for me in accounting because other subjects were needed like business, I didn't do that so my Dad had to use his money to make sure I get into the course.. On the other hand, Swayzz is working as a graphic designer in his father's company. He likes music and design. He's a Dj on the weekends, And a graphic designer on weekdays...

I only have one best, Lucria. I am antisocial, And someone who has earphones on most of the time...

Mom: Are you sure now you can drive yourself to school everyday?

Me: Yes Mom.. I'm fine

Mom: I'm so not convinced

Me: I can manage

Swayzz: I like driving you to school and picking you up from school though

Me: And I enjoy that but I'm good now

Swayzz: Cup cake you caused a frenzy on the street when you had a panic attack once, Remember?

Mom: Swayzz is right Lele, J ust give it time a little

Me: I am not a child!

Mom: No one said you are

Charles walked in..

Charles: Good morning family

We greeted him back..

Swayzz: Cup cake here wants to start driving herself to school now

Mom: It's a bad idea, Especially after that incident

Me: It's not like I caused an accident or something

Swayzz: You could've

Charles: Okay do this.. Swayzz is going to drive you to school, The driver will pick you up. Then on weekends you can drive yourself maybe to the mall, You get that right for a least a month. Then you can

start driving yourself to school again

Mom: Sounds like a plan

Me: I'll go fetch my bag

Charles: Lele

I looked at him..

Charles: We love you. We doing this because we love you

Me: I know

I went to the bedroom to fetch my bag...

PURGATORY

URIEL

I spotted Zaziel at the door, Looking into the gates of heaven..

I flew and went behind him. He glanced over his shoulder..

Zaziel: You know something Brother? Even in the heart of heaven. Angels can still feel fear

Me: What are you doing here?

Zaziel: This was home

Me: It was home, You have no business being so

close. They can sense you and they will strike you

Zaziel: The Cherubim who directly attend to Father

Me: Leave Zaziel, This is no place for you anymore

He turned to me..

Zaziel: My own Brother, Betrayed me

Me: I can say the same about you

I withdrew my sword..

Me: Now leave

Zaziel: Okay.. No need to be heisty

He left...

CHARLES (LELETHU'S STEP FATHER)

Ntombi left the room.. I opened the newspaper and took out the business column..

Me: You are not falling for this girl are you now Son?

Swayzz: No

Me: Because she's a great enemy, And I wouldn't stand your betrayal

Swayzz: I'm still sticking to the plan Dad, I have to make it believable

Me: Lelethu is a Prophet, A powerful one. She knows about who she is, And what she possess. It's over for us, I didn't work this hard. Sacrificed a lot for her to be my downfall

Swayzz: I know Dad, And I won't disappoint you

Me: Good!

PURGATORY

URIEL

I watched her as she put her books inside her backpack.

Ramiel: Lelethu, Our Prophet

Me: Yes

Ramiel: Why are we watching her?

Me: I was checking in on her and where she is now

Ramiel: She has a guardian angel for that,
Remember?

Me: I know but she's my charge. I am a warrior
angel and my duty is to protect her from demons
and devil worshippers

Ramiel: And you do, When you need too

Me: I never thought watching my charge was wrong

Ramiel: It's not Uriel, I hope it's only just watching

Me: It is, She's a Prophet engulfed by darkness around her. She needs help, Spiritual guidance

Ramiel: Wait for orders Uriel, We don't act on our own accord, I've made a lot of mistakes. I don't want our family of Warrior angels losing one of us to being stuck here for purification

Me: I know

LELETHU

Swayzz opened the door for me..

Me: Thank you

He went to get on the other way..

Swayzz: You hardly ate breakfast

Me: I'm not hungry

Swayzz: A muffin and coffee? Before you start attending

Me: I don't drink coffee remember?

Swayzz: Decaf

Me: Okay we can do that

He kissed me on my cheek..

Swayzz: Thank you cup cake

He started the car. I looked at him, And then looked ahead. Swayzz and I we extremely close, And I keep on convincing myself everyday that he is my step brother and nothing more..

After the muffin and coffee. He dropped me off at school. Our lab session, Was starting at 10:00am.. I was passing the hallway and passed the Theology lecture hall, The door was half open. I stood there and listened. Theology studies weren't always there in our institution, They started about a year ago.

Partially preparing those who wanna be Pastors,
Bible scholars and also Greek methodology scholars..

Professor: Genesis 6:4 tells us about the Nephilim.
Who were they? Any clue?

The lecture hall was quiet..

Professor: When human wickedness spread out in the time of Adam and Eve. Sons of God the Angels, Took liking to Daughters of Men. They mated with them and their offsprings were called the Nephilim. They were created from the genetic makeup of humans and had the nature of angels too. Half human, Half Angel. Most Bible scholars believe that the serpent tempted Angels to reproduce with humans, Therefore creating the Nephilim. The Nephilim were giants, Many theories suggest that Goliath was too a Nephilim

I saw a hand up..

Professor: Yes?

Girl: What happened to the Fallen Angels that were responsible for the Nephilim?

Professor: It is believed that God locked them away, And the Nephilim was partly responsible for the flood. Although there's no apparent criticism on the Nephilim, But they had a bad reputation

Girl: Were they destroyed in the flood?

Professor: According to the legend. They weren't because most of them were too tall to have been drowned. One theory says God destroyed them, Whilst other theories suggest they were killed, Another suggests that they were indeed wiped

away the flood. All we know is that they do not exist anymore

Me: Wow

Lucia: What are you doing?

I freaked out..

Lucia: Theology studies? That's new

Me: They covering the Nephilim

Lucia: Ohw I've heard of that

Me: Interesting isn't it?

Professor: Ladies.. Good morning

We looked at him, He was standing at the door..

Professor: Would you like to join us?

Me: Uhm.. No thank you

Lucia: Maybe next time

We walked away..

Me: You the one who was busy making noise and got us busted!

CHARLES

I was standing by the window of my office, Looking out at the view..

Simon: Brother

I turned and looked at him..

Me: Brother

I walked up to him and bowed down to him, He placed his hand on my head. Simon is ranked higher than us, And our senior. We always need to show respect.. He is like our own seer in the world of darkness..

Me: Great Leader, I didn't know you were coming

Simon: I just got back

Me: How is the work coming along?

Simon: Good.. We put out a tent, Many souls came and now we are starting with renovations of building our church there

Me: Those are good news Great one

Simon: Indeed.. Indeed

Me: Please sit down

He went and sat down..

Simon: I see business is going well

Me: It is

Simon: We are approaching the season of bloodshed as devil worshipers. We need to cause a great accident, Bus accident. Distant travelling. I looked at a few bus schedules for holidays, There's one travelling on the witchful hour. At 02:00am, That one will be our hit

Me: I understand Great leader

Simon: We will be meeting at our church to plan everything

Me: Yes Sir

LELETHU

Lucia glanced over..

Lucia: I don't understand this part

I put my phone down..

Lucia: Lele.. Where is your manual? We have a lab session soon

Me: I'm sorry.. I just.. I was reading further about the Nephilim

Lucia: Why?

Me: It sounds interesting

Lucia: We are science students, We don't believe in religion remember? Everything has to have a

scientific explanation behind it and religion is not one of them

Me: I know.. I was just

Lucia: Just what?

Me: You know what never mind.. Which part confuses you?

Lucia: Don't be weird

URIEL

He was losing control of the wheel, To prevent the car from sliding off the road to the ledge and causing a fatal accident. When it was about to drive off the ledge, I put out my hands by the driver's side.

Created a white light and led the car straight to hit the tree, Disappointed at this. The fallen Angel flew away..

The father got out of the car..

Him: Ohh my Goodness !!

He had his daughter at the back. A bit disorientated, He opened the back door and got the daughter out..

Him: Are you okay sweetie? Ohh my Goodness

He was a bit shaken, Because they were meant to be involved in a fatal accident that was going to shed a lot of blood where the fallen angel was going to collect. It was meant to be a premature death, But all gratitude goes out to his wife too. Who prays for her family everyday. Every morning at 4am

doing a specific prayer of protection..

I smiled looking at them sitting on the grass and hugging his Daughter tight whilst smiling. I left them there as other cars pulled up to assist them..

LELETHU

"I found myself wearing my long white silk night dress, Walking in a dark and cold road. I kept on looking around, Calling out hello incase someone heard me. I was barefooted in the middle of the road, When I saw headlights. A bus was approaching, Then from the dark sky I saw two things flying to the bus. I was still far from it. They dropped ontop of the bus, Causing the bus to suddenly and unexpectedly so roll over creating a deadly accident. After that scene, Bodies were expelled out as more of the flying creatures came. They had black wings, Looking closer they weren't creatures. They looked like human beings with big

black wings.. The scene was gruesome, Bodies cut into pieces. Some still alive and screaming as blood from them was drained. It scared me so much that I screamed. Then one of them the entity with wings who was just standing there observing, Turned and saw me. He made his way to me. I took a few steps back and I fell backwards. That's when he stretched his wings and flew my way. I laid there in terror, Screaming. Just as he approached me, That much close. I saw this ball of fire coming from the sky, It swiftd it away from me. They both hit a tree that fell down with them. More of the dark winged entities flew my way. I then felt a grab behind me under my armpits that lifted me up. It lifted me up and it's wings shielded me, Putting me in a cacoon of it's white big wings"

I opened my eyes to the whole lab looking at me. I was breathing heavily and scared.

Lecturer: Ms Gama, Are you okay?

Everyone was looking at me, Like I was crazy..

Lucia: Hey are you okay? You were screaming.
Looks like you were sleeping with your eyes wide open though, Not blinking

Lecturer: Ms Gama?

That was the most embarrassing moment. I got up and took my bag when I heard a comment "Freak" coming from behind me.

I quickly rushed out of the lab..

That was the most embarrassing thing I've ever had to go through. I don't know what happened. One moment I was sitting at the desk with the microscope in front of me, Next thing I just.. I just black out..

I went to sit at the park after calling Swayzz to come and fetch me. I drank my anti anxiety meds as I waited. My hands were trembling, My heart was racing... I kept my glance down, Avoiding looking at people and also Ignoring Lucria's calls and texts.

Swayzz finally called me that he's at the main entrance, I made my way there. I wasn't too far from the main gate..

I got out and ran up to him, He was leaning against the car.. I hugged him..

Swayzz: What happened?

Me: J ust get me out of here please.. Please

Swayzz: Okay let's go, Let's go home

He took my bag...

ANGEL URIEL

I was standing at highest point of the mountain,
When I heard Ramiel's voice..

Ramiel: What are you doing here?

Me: It's not like anyone is going to find me. We are spiritual beings, We can't be seen. You have to be very gifted or we have to make ourselves visible to those who we want them to see us

Ramiel: What seems to be the matter?

Me: Lelethu had a vision.. A vision about the big bus accident

Ramiel: I don't see why she wouldn't. She's a gifted prophet, Got the gift from her Maternal Grandmother after she passed on. She's a Prophet who is in the spiritual warfare oath of office. She saw the accident, Has to pray and prevent it from happening

Me: She doesn't know that.. She doesn't know that she's spiritually gifted. Her Mother is in denial, Her

step father is making sure that she never knows about it

Ramiel: When the time comes, She will know and also know how to use it

Me: She needs a little bit of help, Spiritual guidance. She knows nothing, About religion, Spirituality and who she is

Ramiel: It's her journey, Let her take it and find out on her own. At the end of the day it's her destiny, Destiny always prevails

LELETHU

Me: I seriously don't know what happened. One moment I'm in a lecture, The next thing I blacked out

Swayzz: You hallucinated?

Me: I believe so. It has never happened in class or public, I didn't even feel it coming. I just felt a bit sleepy that's all, I didn't even know that I passed out. Lucria says that my eyes were wide open

Swayzz: I'm sorry you had to go through that

Me: How will I show my face in the lecture hall again?

I took the tissue and wiped my tears..

He held my hand..

Swayzz: I'm driving you to the therapist, You need a

session for what happened today

Me: What's happening to me? Why is this happening to me?

Swayzz: Well Mom did say that your Martenal Grandmother had a mental illness and that you showing signs of it too, She was psychotic

Me: I'm 25 years old!!

Swayzz: She said it also started early with your Grandmother

Me: Then why aren't we getting her Psychiatric records, Check and get the precise information so they can know which medication to prescribe for me!

Swayzz: Calm down Jack, We going to get to the bottom of it

Me: I hope so because I can't live like this. It's torture

He kissed the back of my hand..

Swayzz: I promise you

CHARLES

Driver: It broke down yesterday

I looked at the truck..

Me: Yesterday?

Driver: Yes Sir.. At least we have the backup truck

Me: We need to get it fixed, If it stays here we will be losing money. We signed a contract with the mine, 5 trucks are supposed to be operating at the mine..

Not 4

Driver: I understand Sir

Me: Send me the quotation

Driver: I sure will Sir

I wiped the dirt from my hands...

LELETHU

Therapist: Tell me what happened today?

Me: I was hallucinating in class, I blacked out and it was humiliating

Therapist: What was the blackout about?

Me: I don't know. I can't remember a thing, I can't even remember the blackout

Therapist: I see

Me: I don't think the medication is helping

Therapist: We just started you on the meds

Me: I don't think I'll be drinking it anymore, Trust me it's not working for me

Therapist: Well then if it's not. We will have to put you in the psych ward for at least 6 weeks

Me: 6 weeks? Psych ward? I don't think so

Therapist: Then drink your meds and we won't have to do that, Trust me. A psych ward is not so glamorous

I looked at her..

Therapist: I'm sorry but that's the sad truth

Me: Something is offish about you today, I can feel that you are a bit irritated

Therapist: We not here for me nor about me, It's

about you

Me: Okay

LIAM "SWAYZZ"

I called Dad..

Me: I've taken her to see her therapist

Dad: I can't believe she had a vision at school. Did she say what it was about?

Me: No.. As far as she knows, She was hallucinating

Dad: At some point, We need a portion to bind her gift. It's persisting

Me: Looks that way

Dad: J ust keep on monitoring her

Me: I will Dad

Dad: I'll call her after her session

Me: Okay

Dad: Okay Son

After the disappointing session with the Therapist,
Swayzz drove me home..

Swayzz: Are you going to be okay on your own?

He was tucking me in bed..

Me: Yes

Swayzz: If you want me to stay, Say so

Me: No go to work, Plus I've taken sleeping pills. It'll
help me to get some rest and not dwell on what
happened today

Swayzz: I've locked the pill cabinet, I'll go with the key. It's for your own safety

Me: I understand

He leaned over and kissed me on my forehead..

Swayzz: I love you cup cake

Me: I love you too

NONTOMBI

Tisha: I missed that one

Me: You always miss the hole

She laughed..

Tisha: You are looking a little bit down today, Not your usual golfing partner self

Me: It's my Daughter

Tisha: She's still at it?

Me: Yes.. Nothing is getting better. I've tried almost everything. Nothing is working

Tisha: Don't you think it's time that maybe you take her to a gifted Person, So they can check

Me: I'm not putting my Daughter through that

Tisha: What do you have to lose?

Me: Obviously Tish they going to say she has a gift,
Name one Sangoma that has ever admitted that
someone has a mental illness? She will confuse her
More

Tisha: Well your Mom was a Prophet

Me: She was crazy Tish.. She wasn't gifted. There's
no gift in my family

Tish: Ohw well then

Me: Sometimes I get scared, Scared that Charles
will eventually get back tired and leave me. Lele is
costing him a lot of money

Tish: Please.. Charles is rich, He loves you. And he
loves Lele too

Me: I hope so

ANGEL URIEL

My head was touching the ceiling, I had to bend a little. I was in Lele's room. She had troubles sleeping, Tossing and turning.

I thought about sitting on the bed, But I might break it. My wings weren't even accommodated. I was too big for this space.

I knelt down next to her bed. Stretched out my wing to cover her, Like a blanket..

She calmed down, And was able to sleep..

LIAM "S WAYZZ"

Me: What did I miss?

Nomthi: Nothing much

Me: That's good then

She sat on my desk..

Me: And?

She pulled her skirt down..

Nomthi: Swayzz tell me, When are you going to take me out for dinner?

Me: I told you.. I'm interested in someone else

Nomthi: Who is she? Why haven't you made a move?

Me: I don't want to overwhelm her, And scare her away

Nomthi: Sway you are the Son of Charles Gama, The richest man after Mots epe, Oppenheimer, and Rupert. You are a well admired Dj and a good graphic designer. Who wouldn't wanna date you?

Me: So you wanna date me because what? I'm rich?

Nomthi: And very handsome

She pulled me towards her with my tie, She opened her legs and I got in between them. I squeezed her

tighs and leaned over for a kiss. She closed her eyes, But I didn't kiss her. I just got my lips closer to the hers..

Me: Get off my table

I removed my hands from her thighs, And walked over to the window with my hands buried deep inside of my pockets..I won't lie, I did get a little horny..

Me: And get out of my office too

Nomthi: Yes Sir

CHARLES GAMA

Driver: Sir

I looked at him..

Me: Come in

He walked in holding papers....

Driver: Here's the quotation for the mechanic

Me: Let me see

He handed them to me..

Me: R40 000

Driver: Yes Sir

Me: Thank you.. I'll call him

Driver: Yes Sir

NONTOMBI

I got home after playing golf with my best friend Tish.. I passed by Lele's room. Surprisingly she was sleeping, Her door was open. That's weird, She shouldn't be back until 17:00. The way she was sleeping, I didn't like it. Her arm was hovering at the edge of the bed, So was her leg..

Me: Lele?

She didn't even move..

I walked over and tried to shake her, Still.. She didn't

wake up..

Me: Lele??

She's a light sleeper, When you shake her she wakes up..

I shook her again and again, She still didn't wake up. I got scared..

I unzipped my bag to get my phone..

I was about to call the ambulance when she moved, Turning to the other side.. I let out a sigh..

Me: Thank you God.. Thank you!

I joined the family for dinner. I had the most peaceful sleep. I haven't had this peaceful sleep in a very long time. Where I just sleep and not get disturbed by scary dreams, Nor a panic attack waking me up..

Mom: And here she comes

I had just taken my night bath, With my hair still a bit wet. Swayzz opened the chair for me..

Charles: Don't you look well rested my Dear

Me: I actually had a good nap

Mom: You were sleeping for too long, I had to constantly make sure that you were still breathing by checking up on you

Me: Yes.. I've never slept that peaceful before

Charles: Pumped yourself with pills again?

Me: No

Swayzz: I locked the cabinet and took the key

Mom: Thank you Swayzz

I've overdosed on pills so much before that my family doesn't trust me anymore with taking pills on my own without supervision.

Me: Ohh I'm going to need a bible.. Preferably Holy Bible (nkjv)

It was quiet for a few seconds..

Charles: You didn't strike me as the religious type

Me: I wanna see if I can add Theology studies as my module too. I listened through and was fascinated by what the Professor was talking about

Mom: I think that's good.. I don't see any harm in religion, Maybe God might help with this clinical depression and psychotic illness that you have

Swayzz: Are you sure about this Cup Cake?
Remember the last time we took you to church, You
had an episode

Me: Your church made me very uneasy and brought
about a lot of fear deep inside of me. The Reverend
said my Mental illness was demonic, Performed an
exorcism that traumatised me. No offence

Charles: You were in your teens when that
happened, I'm surprised you even remember it

Me: One cannot forget such an experience, Plus it's
not entirely a church. It's just theology studies, I'll
take it up and see. One step at a time, Who knows. I
might end up going to church again

Charles: I support you baby girl, Anything you want

Me: Thank you

Charles: Excuse us Ladies, Swayzz and I we have to go to my study and prepare for a telephone meeting with an important client

Mom: We are eating Dinner

Charles stood up, And kissed my mother on the cheek..

Charles: This life doesn't come cheap my dear

Swayzz: Delicious Dinner Mom, Thank you

They excused themselves..

Me: That was awkward, Family dinner becomes

family dinner

Mom: Our lives are expensive baby, We not working so they need to keep us afloat

Me: I understand

Mom: Maybe we can watch a nice movie after eating whilst we paint our nails

Me: I'd like a different colour, Maybe Blue

Mom: Blue? I.. Thought you only liked dark colours

Me: I feel like bright colours

Mom: Wow.. Yes.. Blue it is

LIAM "SWAYZZ"

I played with my ring as my father poured himself a glass of whiskey..

Dad: Do you see what's happening?

We both wear the same rings, On our pinky fingers.
We got them from the "Brotherhood"..

Me: She seems different

Dad: Not our good different. She seems well rested,
In a better mood and full of life

Me: Is that bad?

He gave me a serious look..

Me: Lele has been clouded with darkness for a long time. She's been through a lot of medications and intense therapy. I'm even surprised she hasn't lost her mind

Dad: Are you forgetting why we doing that?

Me: So she doesn't know who she really is

Dad: At her knowing who she is, And her actually accepting the gift. It's going to be bad for us

Me: I know Dad

Dad: Then act like you know.. Anyway, We moving to Step B

Me: Step B?

Dad: Start a romantic relationship with her

Me: Okay

Dad: A pretentious relationship, Don't actually fall
the girl

Me: I got you

ANGEL RAPHAEL

[PURGATORY]

We were all standing there waiting for Arch Angel

Gabriel to deliver the verdict. A flaming sword was in between us. To prevent any fight between our side, And the other side..

Zaziel impatiently stood there with his squad, Flapping their black wings..

Gabriel finally showed up with his seal, He handed it to Azreal who opened it..

Azreal: As we were waiting, The verdict is here

We looked at him..

Azreal: It's signed and comes from Father himself in alignment with his decision, With what Uriel did for our future Prophetess. It stands now that Uriel will be The Prophetess Guardian Angel, Not only her Guardian Angel but also her protective guide

Me: Yessss!!

Ramiel: Congratulations

Azreal drew out the sword..

Azreal: Shall the two worlds meet in battle, Uriel can depend on his warrior angels team for support

Zaziel: Well then congratulations Brother, It'll be a pleasure to always go head to head with you

Me: Very well

He had a smirk on his face and then they flew out...

CHARLES

When Swayzz walked out of the study, I picked up my landline phone and called the therapist..

Her: Sir

Me: Good evening

Her: Is there any matter?

Me: Yes.. I need you to be dedicated now in brainwashing her to believe that religion is fake and won't help her with her mental illnesses

Me: Yes Sir

Me: I'm paying you a lot of money to just say "Yes

Sir'. Get the job done!!

Me: I understand

LELETHU

Mom: What do you think?

Me: Let's try the glittering gold

Mom: Okay

Swayzz walked in..

Swayzz: May I?

Mom: Uhm.. Yes

She got up from the couch..

Mom: Goodnight kids

Us: Goodnight

He pulled the small chair and sat on it. He picked up my foot and put it against his crotch. We were in my bedroom..

Swayzz: What were you guys watching?

Me: Something borrowed

He nodded..

Me: You have to uhm.. You first need to wipe off the blue from my big toe

Swayzz: Why?

Me: I think I like the gold more

Swayzz: Can I pick out a colour for you?

Me: Err.. Okay let's see

He picked up the blood red..

Swayzz: Let's see, It's going to look good on your pretty toes when you wearing sandals

Swayzz: Here are your pills

Me: Thank you

I drank.

Swayzz: Bedtime story?

Me: No (Laughing)

Swayzz: Something feels different about your room

Me: It does?

Swayzz: Very much, Feels more lighter and warm

Me: Thought I was the only one who noticed

Swayzz: It's a good feeling

Me: It is

He leaned over and kissed me on my forehead..

Swayzz: Good night cup cake, I love you

Me: I love you too

He walked out..

I don't sleep with the lights off, Nor do I lock the door. For safety reasons, Three times my family had to burst through that door when I've attempted suicide..

I pulled my covers and closed my eyes..

Me: May I have the same good night sleep as I did earlier on

NONTOMBI

I finished lotioning my hands..

Me: Is it me or Lele and Swayzz are getting way too close?

Charles: I've noticed

He was in bed with his ipad..

Me: I mean more than siblings

Charles: I've seen

Me: Do you think that's good?

Charles: Lele and Swayzz aren't blood siblings, And love also comes from strange places. Love is not only found in places that are usual to us

Me: I just don't want Lele relapsing. My Daughter has a weak mental state, A failed relationship can set her far back

Charles: Swayzz is currently not seeing anyone too. He hasn't for a long time, I don't think he would play Lele if that's what you are scared of

Me: I feel like they are better as siblings

Charles: If they do fall in love what are you going to do? Disown her. Don't make a less complicated issue, Complicated. At the end of the day, They both adults

Me: I guess so

Charles: And good night

ANGEL URIEL

As the appointed guardian angel for Lelethu, I need to make sure that she's always safe. Even the environment where she's in, It has to be safe..

Since her step father and her step brother are for the dark world, Two worlds are going to exist in their home. Them and Us..

Though me and their fallen angel, Can't exist alongside each other. Meaning the underworld has to shift, When I come through. It's going to be a lot of conflict though, Two spiritual worlds in one environment will sure hell bring about war..

As I did earlier on in the afternoon, Even now I enveloped her in my wings so she could have a peaceful night especially during the witchful hours..

It was 00:00am, The witchful hour was starting. Heaven and hell are very sensitive at this time. The

underworld is gone to work, And we go to protect. I could actually see and feel fallen angels passing by the rooftop, Some couldn't enter.. My flaming was floating all around the roof top, Serving as security so no uninvited guests should enter..

With that happening, I felt a physical dark spirit approaching. It was his step father. During these times he often checks up on her, So he can be able to perform his rituals without Lelethu disturbing or seeing..

I was alerted by his shadow first on how close he was to the door, I elevated my vibration so he could actually see me..

He walked in, And stopped halfway looking at me. I let go of Lelethu and my high vibration made me to appear to him in my true form, Not as how I would normally show myself to the others. An Angel's true form can scare even the acclaimed powerful devil

worshiper..

I was embedded by wings and fire, With my angelic eye that sees beyond fitting perfectly and big in the middle..

He looked at me and freaked out, He stumbled around the bedroom with his hand on his chest, Like he was having a heart attack. Eyes wide open..

He knocked off everything from the dressing table, And he fell.. Things falling scared Lele that she woke up, Before she could open her eyes I made myself invisible.

LIAM SWAYZZ

I heard Lele screaming, I wasn't asleep. I was reading our bible, The codex..

I rushed out of my bedroom to hers, Ntombi and I bumped into each other at the passage...

When we got to her bedroom, Dad was on the floor. The seemed to have been a struggle. I rushed to Lele first, To make sure she was okay..

Me: Hey.. Are you okay?

Lele: I'm fine.. It looks like he's having a heart attack

Ntombi: Swayzz call the Ambulance

I rushed back to my bedroom to get my phone. I looked at it, And stood there for a while not calling the Ambulance..

I stood there for at least a Minute until I heard Lele calling out. I got out of my bedroom..

Lele: Did you call? What's taking you so long?

Me: I called.. They on their way

We were at the hospital, We got here at least 20min

ago. I was looking at Swayzz. Swayzz said he called the Ambulance, But when we called for the second time. They said we didn't call the first time. Why would he lie?

The Dr came to the waiting area..

Dr. Charles Gama?

We all stood up..

Dr: He suffered a minor heart attack, But he will be fine. He's stable

Mom: Thank God

Dr: You'll be able to see him tomorrow

Mom: Is it okay if I stay?

Dr: Yes.. Only you

Mom: Thank you Dr

He walked away....

Mom: Swayzz take Lele home, Tomorrow she has school and you have work

Me: You not coming?

Mom: No, I wanna be with him until tomorrow. I'll come home tomorrow morning

Swayzz: I'll fetch you

Me: Are you sure Ma?

Mom: I'm sure

Swayzz: Let's go

Swayzz and I walked out and left her there..

We walked to the car..

Swayzz: At least he's going to be okay

Me: I can't believe you didn't call the ambulance,
Why?

Swayzz: I thought I did

Me: He would've died Swayzz

Swayzz: Cup cake, I thought I had called the Ambulance. I was worried, frightened and all that. My mind froze when I saw him laying there and I thought he was going to die

Me: I kept on asking myself what we were going to do if he died, I mean.. My biological father I don't even know him. He found me and my mother struggling, Took us in and gave us a life. They say step fathers are a bit of a horror, But Charles. He's the best

He hugged me..

Swayzz: It's going to be okay.. I promise

NONTOMBI

I went to sit in his ward. Presidential suite. There's a bed, TV, Couch. A small table with bottled still water, Packaged fruit salad, for the guests too. It's a well developed hospital, That literally comes with a menu for the clients. They can choose from a lot of healthy foods from the menu to eat..

He was sleeping, I was laying on the couch. It wasn't cold, There's a heater..

The Nurse showed up with Samson. Simon is Charles' Reverend from their brotherhood church. His spiritual mentor, His everything. Let me say our church because I go there too..

I got up and went to kneel before him..

Me: Great leader

Simon: Rise up my child

I got up from the floor.. The Nurse walked out..

Simon is very anointed, Being in his presence you'll get goose bumps. His anointing is powerful, You can even faint if it catches you off guard..

Simon: It is well, I'm here now. He's going to be okay

Me: He just.. They say it's a stroke

Simon: What was he doing before the stroke caught him?

Me: You know my Daughter Lelethu. She sleeps

with her door open, So usually at night we take turns to check up on her. Charles usually checks up on her before he prays at 00:00am

Simon: I see

He walked over to him, Placed his hand on his forehead..

He kept quiet for a few seconds..

Simon: He was attacked by a dark entity

Me: What?

Simon: He saw something that he was not meant to see

Me: They are bewitching us again?

Simon: Yes.. His ex wife, Is back at it again

Me: That woman will stop at nothing!.. First she closed my womb so that I don't conceive, Now she wants to kill my husband

Simon: As I say my child. We don't hate those who do evil to us. We forgive them and pray for them. J ainkoa our lord will punish them for us

Me: Yes Great one

Simon: Come let's start with the healing process

He had brought the oil and the powder to help him..

Me: I'll ask for a basin of warm water

Simon: J ainkoa bless you my child

Me: Thank you Great leader

LELETHU

We arrived at home, First thing we noticed as we proceeded was the brotherhood framed photo. It had fell from the wall, The glass and frame broke..

Me: I'll clean it

Swayzz: I'll do it, You can go and get some rest

Me: No it's okay

I walked over to it..

Swayzz: I said I'll do it!!.. Don't touch it!!

I looked at him..

Swayzz: I'm sorry for snapping. If you can remember, You don't touch a picture of Simon and the Brotherhood if you are a woman and properly dressed up. Covering your head, Long skirt

Me: Ohw yes.. I forgot

Swayzz: I'll do it

Me: Okay good night

Swayzz: Good night

NONTOMBI

We closed and locked the door from the inside..

Simon: Time?

Me: 03:00am

Simon: Perfect

He lowered the bed cover from him. Dipped the mini towel in the basin, with warm water mixed with the black powder..

He put it on his arm, His whole left side he ran the mini towel there as he said his left side was the one

affected..

Simon: "dei egiten diogu J ainkoa gure bat sendatzeko Uriel aingeru gudariak egin zionetik" (we call upon lord J ainkao to heal one of ours from what the warrior angel Uriel did to him)

I could feel the spirit taking over..

Simon: "Lurpeko botere ilunak, itsasoaren azpian eta inguruan bizi direnak. Elkartu eta lagundu gure zerbitzaria" (Dark powers from the underworld, Ones that dwell under the sea and all around. Come together and help our servant)

As he continued praying, The spirit took over and I fell. Having a trance

LELETHU

The next morning I prepared myself for school. I am surprised that I still had a good night sleep, When we got back from the hospital. I thought that maybe I was going to find it hard to sleep, With what happened to Charles. When I got in bed, I closed my eyes and I was gone..

Charles is into logistics. He owns trucks that work at 3 mines. Ontop of that, He owns a few filling stations. He still wanna extend his businesses. I am also inspired by his success, He's a man who works hard and the dedication shows very well..

I went out of my comfort zone today. I wore a white dress that had red roses, Wedge heels and I neatly did my hair. I'm always wearing dark colours, They know me with dark colours at school. To cover up my scars on my wrist, I put on bangles and my watch...

Swayzz couldn't drive me to school, He had to go to the hospital and then work..

I drove myself to school, I drove well without getting a panic attack..

I was nervous, Especially after what happened yesterday but I swallowed it all and walked in the lecture hall. They going to joke about it, Eventually it will get old..

I kept my head down as I walked in. I was even late because of traffick..

I kept my head down and went to sit down next to Lucria..

The lecturer continued..

I felt someone poking me on my shoulder, I turned back. Some guy gave me a note, I took it. Opened and read..

"You look beautiful today"..

I smiled and turned to my front...

LIAM SWAYZZ

I was surprised to see Dad sitting up when I walked into his ward.. They were having breakfast with

Ntombi..

Me: Good morning

They looked at me..

Dad: Liam

Me: You looking better, Or am I seeing wrong?

Dad: Not at all Son, I actually feel a lot better. The Doctor did say it was just something minor, Although my arm cramps from time to time but I'm good

Ntombi: Plus.. The Great leader was here, Performed a healing ritual for him

Me: Ohw makes sense

Dad: Why aren't you at work?

Me: Thought I should come and see you first

Dad: Liam.. One day I'm going to die and what's going to happen? You going to mourn me for the rest of your life and forget to run the businesses? I'm not raising you and grooming you to be weak

Ntombi: Kahle Charles.. We were all worried about you

Dad: You I understand.. Him, I don't. He's the heir to my fortune and legacy, I can't have him weak

Me: It's good to have you back Dad, I'll go to work

Dad: I'll be back soon

Me: I know

I walked out...

LELETHU

Lecturer: Okay class, I'll see you tomorrow

We packed up..

Lucia: Look at you, You looking all beautiful

Me: The class is looking at me funny, I'm even feeling uncomfortable

Lucria: No maan.. Stop with your self esteem issues,
We just surprised. You beautiful Lele I don't know
why you don't usually dress up like this

Me: Well I'll start

Lucria: Well then 30min before our next class,
Wanna grab something to eat?

Me: Actually I was planning on attending the
Theology class

Lucria: Really?

Me: Yeap

Lucria: You scarying me.. This change, I hope you

not falling deep into depression and only blinding me so I won't be alert when you commit suicide

Me: I am not committing suicide. I actually feel much lighter and clear headed, I'm good.. I promise

Lucia: Well then.. Go to your theology class, I'll go grab me something to eat

Me: See you in our next class

Lucia: Okay friend

CHARLES

Ntombi: How you spoke to Swayzz was not nice

Me: He's a boy child, There's no room for weakness

Ntombi: Yaa but denying him to feel emotions is only going to make him an aggressive person, This is how cases of GBV are created. From Men who can't be emotionally vulnerable

Me: The last time I checked, You didn't even reach standard 10. So how are you now an expert in child psychology?

Ntombi: I was just saying

Me: Say less.. You have no reason to school me about my Son who is more sane than your mental case Daughter, Who needs pills to get through the day. If you were a good parent, We would've seen it from your Daughter first!

Ntombi: I am sorry

Me: You should be, Unless my money is no longer good enough for you and that mental case

Ntombi: I apologise

Me: Get out of here.. The Great leader is coming, I don't want him to come to my wife being disrespectful. When you get home, Read the Good wife book instructions from the brotherhood, I can't have you disrespecting me and not knowing your place

Ntombi: I'll call an Uber, And I'll see you later

I stood up from the couch we were sitting on..

Ntombi: Enjoy your day

I watched her walk to the door..

Me: Excuse Me?

She stopped then turned back to me, She walked my way to kiss me..

Me: I love you

Ntombi: I love you too

LIAM "SWAYZZ"

I had hope that help was going to delay, And he was going to die. I forgot he has a red belt in the brotherhood, Ranked the most powerful devil worshiper.. Just as how Christians are protected,

Dark powers protect him too...

Nomthi rushed into the office, I will be occupying my father's office for a while..

Nomthi: Liam!

I looked at her..

Nomthi: One of the truck drivers, He.. He was doing something under the truck and it fell on him. It crushed him on his stomach, It's a gruesome scene in the field so they say

Of course! The healing ritual for my Dad, Came with a sacrifice..

Nomthi: Come!!

I got up and rushed out with her..

LELETHU

"I found myself in the field, Where my Father's trucks are. One of the drivers was under the truck fixing something. All a sudden, I saw an entity ontop of the truck. It pressed down the truck that the truck squashed him"

I felt someone gently shaking me. I came back to my senses..

Professor: Are you okay?

I looked at the Theology class, They were looking at me. It's probably a class of 26 students..

I was scared and shaking..

Professor: Someone get her a bottle of water

Me: I.. I am sorry.. I think I should leave

Professor: It's okay.. You don't have to

Me: I.. I hallucinated. I get those a lot

Professor: It didn't seem like a hallucination, It seemed more like a vision

Me: A vision?

Professor: What did you see?

Me: I.. I don't quite remember

Professor: That's strange. A dream it's okay not to remember, But a vision. That you should remember because a vision is like a spiritual warning. Tells of a current situation, A past situation that happened or a situation that's still yet to happen

Me: I really don't know.. I can't remember

Professor: It's okay

The other student came with a bottle of water..

Her: Here

Me: Thank you

Professor: Okuhle please be so kind as to sit next to her

Okuhle: Yes Sir

Professor: Okay class.. Back to the lesson

Okuhle: It's okay.. Most of the class here is gifted, We do have such incidents happening from time to time

Me: Gifted?

Okuhle: Yes.. Spiritually gifted. Spiritual healers, Prophets, And prophetess

Professor: Okuhle and..

Me: Lelethu

Professor: And Lelethu.. Please concentrate

The Dr checked me again..

Me: When am I leaving? When are you discharging me

Dr: By tomorrow I would've discharged you

Me: That would be good, Thank you

Simon walked in..

Dr: I'll check you tomorrow morning before I discharge you

He walked out whilst greeting Simon at the door...

Simon: How are you holding up?

Me: I am better. I even feel better

Simon: That's good to hear, But we need to be careful. It was Uriel who attacked you

Me: I saw him, He was in my Daughter's room. Do you think he came because of Lelethu? Is she starting to see things?

Simon: No.. She doesn't even have too do that, She's a Prophetess remember?

Me: I can't have this happening

Simon: We'll see

LELETHU

After class I walked up to him, The Professor..

Me: Professor Shabane

Prof: Lelethu right?

Me: Yes Sir

Prof: How did you find today's lesson?

Me: Informative, Very informative

Prof: That's good to know. There's nothing as painful as someone being knew in our class and find the class boring

Me: It was good

Prof: Shouldn't you be going to your next class?

Me: I am.. J ust wanted to ask you something

Prof: You are welcome too

Me: You spoke of my having Visions, Than
Hallucinations?

Prof: Yes

Me: I don't understand

Prof: I get a lot of students who present with visions.
Remember one thing, We have students here that
are gifted too

Me: I don't think I am

Prof: Why not?

Me: I was diagnosed with a mental illness

Prof: How is that going for you? Are you on meds?

Me: Yes Sir

Prof: Is the medication working?

Me: No

Prof: So why do you find it hard to accept that you are gifted?

Me: It's complicated

He looked at me..

Prof: Ohw home complicated? They don't believe you are?

Me: Yes

Prof: I see.. It's going to be difficult but I believe that you should see another gifted person who will explain it all to you

Me: I don't think that's possible

Prof: You make it possible for you

Me: I think I would like to continue attending the Theology class before I can make that decision and also learn a lot about religion

Prof: You welcome too

LIAM "SWAYZZ"

Nomthi: Revers evation for two?

Me: Yes

Nomthi: For tonight?

Me: Yes

Nomthi: Who's the lucky girl?

I looked at her..

Me: You know Lelethu?

Nomthi: Your step sister?

Me: Yes

She looked at me a bit funny...

Nomthi: No ways!

Me: Yes ways

Nomthi: How did it..?? Swayzz she's like your sister,
Her Mother and your Dad are married

Me: We didn't plan for this to happen

Nomthi: Charles loves Lele, She's like a biological
Daughter to him

Me: Let Lele and I worry about that, Make the reservation please

Nomthi: Okay

NONTOMBI

I cleaned her room, Picked up all the things that fell off the dressing table..

I wanted her to find it tidy, So she doesn't date back to what happened last night and be triggered..

She has a framed photo of my mother on her dressing table. I picked it up from the floor, The frame was broken..

Because of my Mother's mental illness, Her and I weren't to close. Up until her dying day..

I put it back.. I want Lele to be fine, So she could concentrate on school and make something of herself. I know Charles loves my Daughter as his own but there's no telling what can happen should I even die

LELETHU

I was on my way to my next class when I got a call from Swayzz..

Swayz: J ust checking how you are

Me: I'm good.. I'm surviving this side, What about you?

Sway: I just getting through a few documents but I'll be done soon

Me: Okay.. Thank you for checking up on me

Sway: Uhm.. I wanted to ask you something

Me: Okay??

Sway: I want to take you out tonight, At 19:00

Me: Really?

Sway: Yes.. I've already made reservations

Me: That would be lovely.. Thank you

Sway: See you later then

Me: Later it is

Sway: Enjoy the rest of your day.. I love you

Me: I love you too

My day at school today, Was a bit better compared to the other time. When I got a vision, In the

Theology class. I'm happy that it was a better environment, With people who understood. Okuhle was sweet too, She was supportive. Sat next to me without moving until the class was done..

When I got home, I had to prepare for the dinner date that Swayz invited me too. My mother was helping me..

Mom: I'm glad you seem to be adjusting well sweetie

Me: Yes I am

Mom: So are you ready for the dinner date?

Me: I am.. It's weird though, Swayzz and I have never done such. Yes we usually go out to the mall from time to time, We have never been this formal

Mom: Well Swayzz cares a lot about you. In everything

Me: That he does

Mom: Let's finish up then before he comes back

CHARLES

She walked in.. I put my ipad away, My wife had brought it when she came to see me..

Lucia: I had to hear from Lele at school, Occasionally passing it through a conversation that you almost had a heart attack

Me: it was nothing serious, I saw an Angel

Lucia: Really?

Me: It was in Lele's room, Protecting her

She came up to me and gave me a kiss..

Lucia: Do you know what type of an angel it was?

Me: Not entirely

Lucia: This is not good

Me: How is she at school?

Lucia: She's invested in this theology studies

Me: I wonder how life will be for us all in the dark world, Should she discover who she really is

Lucia: I just think now we need to prepare for that, Instead of trying to blind her because she will find out eventually

Me: I think so too

She put her bag on the floor, Walked up to the door to lock it..

Lucia: J ust to be safe should the wife and Lelethu stop by

LIAM SWAYZZ

I was packing my things when Simon walked in.. He

looked around the office..

Simon: Do you know, How your Dad started this truck business?

Me: He occasionally tells

Simon: a Few years ago Gama logistics wasn't this equipped. He was working at a mine, As a mining surveyor. Saved up just enough to buy his first truck, Because the mine at that time needed transportation. To transport goods too and fro

Me: I kn-

Simon: Let me finish

I kept quiet..

Simon: He bought his first truck, It was smaller than these ones he has now. It broke down after a few months. Maintenance was shit expensive. Someone, Brought him to my church. He became a member, And the church was able to help him start off. Bought two trucks and here he is now

Me: He had to sacrifice my Mother for all of this

Simon: Great sacrifices have to be made sometimes, Some of them are very difficult

Me: Now I see why his second wife divorced him

Simon: He's married now isn't he?

Me: Nontombi might leave too

Simon: She's not going anywhere

I looked at him..

Me: He didn't sign off her soul did he?

Simon: He actually did.. If she divorces him, She's dying. Charles has invested so much in that woman and that Prophetess Daughter of hers too

Me: He invested nothing. Dad only married Nontombi because the brotherhood was shaken by the birth of a powerful prophetess who is going to be the most feared and powerful prayer warrior. When I say birth I don't mean from the womb, When her Grandmother passed on. The gift went to Lelethu. The brotherhood has spent years trying to divert Lelethu away from her gift. You guys even went as far as trying to bind her gift. Part of that

succeeded but her gift keeps on fighting and soon enough she will know and understand it well

He raised up his hand, Brought it down to my neck. He was still standing a bit far from me. I felt Aeshma's presence in front of me. The demon of wrath. He is an entity that was assigned to Simon, No different from a guardian angel. I felt Aeshma's claws around my neck, Digging in his claws and strangling me..

Simon: Are you an alliance or an enemy?

It's difficult to fight something that you cannot see..

Simon: I am not getting a vouch from you

Me: All.. Alliance

He brought his hand down, Aeshma let go of me..
As he passed through to go stand by Simon. The
papers on my desk fell to the ground..

He fixed his ring. The ring that he wears on his
pinky finger to control Aeshma..

Simon: Good.. We wouldn't want any problems, An
heir who is going to inherit his father's riches but be
an enemy. Stick to your part, I don't want us to have
this conversation again!!

LUCRIA (LELE'S BEST FRIEND)

Charles and I started dating when I was 18. When
Lele and I were still in high school, Doing matric.
Charles is that old handsome rich sugar daddy that
most girls would want. I don't know how our union
came about, It just happened. I used to silently have
a crush on him and then one day we kissed. That

kiss led to us being here..

I wasn't a devil worshiper, Being with him he converted me into one..

A few months after we started dating, My parents died. They were involved in a car accident, Leaving me and my little brother alone. Family didn't want us, They turned on us. My father was the one who was working, My mother was a house wife..

My father was addicted to gambling, He had a lot of debts. Also with dangerous people. Charles helped us, Because the house was also taken from us..

Family had turned their backs on us, My brother and I we were homeless. Charles bought us a beautiful small house in a good neighbourhood. Bought me a car. My brother is 21, I'm 25. He's in varsity too and Charles is also paying for him..

I had thought that sex was going to be an issue, It's not. It has never been, Our sex life is good. Better than what I had with my mates..

I was ontop of him, My hands on his hairy chest. I could feel how hot my pussy was. I was very horny and very wet. I can't conceive because I have an IUD. We not planning on having kids anytime soon, Not as yet. Kids will complicate things for now.

I tried moving up and down on him but I was releasing too much juices, My legs trembling and I was trying so hard not to moan too loudly..

I leaned forward and laid my head on his shoulder, His strong arms on my ass, Moving it up and down as he fucked me from underneath..

LELETHU

I looked at myself in the mirror. My Mother is really good with makeup..

Mom: You look beautiful

Me: You think?

Mom: I know

My phone rang..

Me: Let me get that

It was Okuhle..

Me: Hi

Okuhle: Hey.. Was checking up on you, If you are okay

Me: I'm good thank you

Okuhle: Glad to hear that.. Well enjoy your night, I'll see you tomorrow if you will still come to our class

Me: Of course

Okuhle: That's good.. See you tomorrow then

Me: Okay bye

Swayzz took me to a restaurant where I noticed our reserved table. Candle lit dinner, Red and white candles..

He opened the chair for me, I sat down. It was a private dining area..

He sat down opposite me..

I looked at him..

Me: Is this a date?

Swayz: Maybe

The waiter came to attend to us...

CHARLES

Simon walked in, Lucria was now sitting on the chair. She stood up and went to him, She bowed before him. Simon put his hand on Lucria's head..

Simon: Bless you my child

She got up, Took her bag and bid me farewell...

Simon: I seriously thought that it would've been hard to get her, You did well

Me: I tried

Simon: You did more than just trying

Me: She's a good one

Simon: Indeed

He walked in with his hands behind his back..

Simon: We have a problem

Me: What problem?

Simon: Your Son

Me: What has he done now?

Simon: He doesn't have his complete heart with us

Me: I've noticed, So how do we fix that?

Simon: It's easy. We make him unbearable to
Lelethu, To the point where Lele's pain will pass the
physical to her heart and spirit

Me: A broken hearted Prophetess cannot think
spiritually, Can't fight spiritually

Simon: Exactly

Me: Perfect

LELETHU

Swayz: I know this is going to feel very awkward

and I'm sorry for doing this to you, But... I love you,
And I mean romantically love you. I've been having
these feelings for you for a while now, Didn't know
how to come clean

I leaned back on the chair, Stunned..

Swayz: I'm truly sorry

Me: No.. Don't be, Because..

I took a deep breath..

Me: I've been feeling the same way about you too,
For a while now

He smiled..

Swayz: Don't just be saying that to make things less awkward

Me: I'm not

He moved from his place, Came to. He took my hand and I stood up. He wrapped his arms around me and kissed me. I got goose bumps, But the moment was quickly seized by the shattering of the big glass next to us, Swayz shifted me away from getting hurt..

ANGEL URIEL

I was flying around like a speed of light when Ramiel collided with me and we both fell on a mountain. The mountain cracked.

Ramiel: What are you doing?

Me: I am giving my charge some privacy

Ramiel: You shattered a window

Me: Why is she agreeing to love him, When we know what he is and how he's going to break her!

Ramiel: It's not our job to interfere with the lessons that come with one's destiny unless given direct orders from above. Uriel, Listen to me. I am afraid that this attachment you have to our Prophetess might erupt certain emotions

Me: I can't feel, Angels can't feel emotions. We mimic them from humans. If our charge is sad we carry the sadness with them

Ramiel: You saw our Prophetess being kissed and

you reacted

Me: No!!.. I saw our Prophetess being lied too and played

Ramiel: Maybe I should take over

Me: No you shall not, She's my charge. I can do my job!!

I flew away..

LELETHU

Swayzz put his jacket over me..

Swayz: Are you okay?

Me: I'm fine

The manager came with a glass of water to me..

Swayz: How does a glass shatter?? It could've hurt her!!

Manager: That's one of our strongest glasses, I don't know what happened

Swayz: I am so going to sue you

Me: Swayzz no need.. I'm fine

Manager: I'll look into it, I'm truly sorry

[A FEW DAYS LATER]

I felt someone wrapping his arms around me, I was in the kitchen making breakfast. His soft lips kissed me on the side of my neck..

Sway: Good morning

Me: Good morning

I yawned...

Sway: I'm not the reason for that yawn

He took out a mug to make himself a cup of coffee..

Me: No maan.. I just had a long night

Sway: Doing what?

Me: Reading the bible

Sway: You got the bible?

Me: Yes

Sway: When?

Me: My friend from the Theology class, Okuhle bought one for me

Sway: Ohh Lord, Now I'll be hearing "Sex before marriage is a sin"

I chuckled..

Me: It feels weird doing it here, You know with the Parents

Sway: So tell me something, When are we planning to you know.. Tell the Parents about us. They have to find out eventually

Me: I know.. I am just worried on how they going to take it

Charles entered..

Charles: Take what? You two falling in love?

My eyes almost fell out of my eye socket..

Charles: Don't look surprised, We've always noticed

Me: You not angry?

Charles: Why should I be? If we forbid it. You guys will do it anyway

My Mom walked in..

Mom: Good morning family

We greeted her back..

Me: That's a beautiful necklace

She touched the pendent whilst smiling..

Mom: Charles got it for me

Sway: Must be expensive

Charles: Please.. There's no price tag when it comes to love

I got down from the chair and took my phone..

Me: Some of us need to go to school

I started walking, Sway pulled me closer to him for a kiss..

Mom: Ahhhh

I wiped his lips..

Mom: When did this happen?

Charles: J ust found out about it

I Proceeded to the bedroom. I first checked my whatsapp contacts, Their uploads. Surprisingly Lucria posted a picture of a necklace that looks exactly like my mother's. With the caption "A boyfriend who knows how to boyfriend"...

LUCRIA (LELETHU'S BEST FRIEND)

I was busy preparing for school.. I was making myself a go snack. Suddenly I felt a presence behind me, One that is unfriendly to us. I attempted to look back, It was bright. I looked forward..

"J ust know, If you go against my Granddaughter. You also have to go against me"

I put the knife down..

Me: Of course.. Lele's Grandmother

Her: A bit fight is yet to come, I hope you have picked the right side

Me: The question that should be asked is "Is your

Granddaughter strong enough?. We all know how this gift is messing her up. It's too heavy for her"

Her: My Daughter has a back up mentor spiritually..
Prophet Zaine Radebe

My hand started shaking..

Me: The Greatest Prophet of all time

Her: The one and only, Make sure you have chosen right

She disappeared...

LELETHU

I had a lot of questions running through my mind,

Charles passed my room..

Charles: Are you okay?

I looked at him..

Me: Yes

Charles: Your mind seems far away, What's wrong?

Me: I'm just tired that's all

Charles: Is it? You know you can talk to me about anything

Me: I..

Charles: What is it?

Me: Are you dating my best friend?

Charles: Excuse Me?

Me: You bought them identical necklaces

Charles: Where do you get that from?

Me: Lucria uploaded

Charles: Did you tell your Mom about this?

Me: No, But should I?

Charles: Honey!!.. Honey!!

My Mom showed up after a few seconds..

Charles: Lelethu here has something to say,
Apparently I am dating her best friend

My Mom looked at me and laughed..

Mom: That's insane

Charles: Show her the picture

I showed her..

Charles: Does this look like your necklace?

Mom: Of course not

Me: Mom!.. Look at it closely

Mom: It's not the same necklace Lele

She walked out.. Charles looked at me..

Charles: Let's try to stay out of each other's affairs right?

Me: Right

Charles: Good girl

He walked out leaving a trail of his perfume..

LIAM "SWAYZZ"

I was in the offices getting the paperwork done,
Since my Father is not yet back..

As I was busy, An angel appeared to me. Almost
frightened me to the point of falling off my chair..

I looked at him..

Him: I am what they call Uriel, A warrior Angel

The windows vibrated at the sound of his voice..

Me: Wait.. You are on the opposite side of us, What
are you doing here?

Uriel: I need you to take a step back from our
Prophetess

Me: Pardon?

Uriel: You are a distraction to her, A distraction of the heart

Me: What??

Uriel: She is a Prophetess, Oath of office to fight people like you

Me: Wait a minute.. Why are you here telling me this exactly?

Uriel: Because I don't wanna hurt you, Deep down your soul is innocent. You were forced into this out of your own will, Even so. You are not good for the Prophetess

Me: If not me, Then who? You?

I said that laughing, He didn't laugh..

Me: What??

I got up from the chair..

Me: You wanna bring back the Nephilim, When Sons of G-

Uriel: I am quite familiar with the Nephilim

Me: Uriel you can't be serious, You are an angel of God. You can't disobey

Uriel: I disobey not.. I am trying to protect our future Prophetess from you

Me: I am not the enemy here, My father is

Uriel: You are turning out to be your father's Son

Me: I do love Lele.. Truthfully

Uriel: Don't we all? She will also be loved by many souls that she needs to save

Me: U-

Uriel: Someone is knocking at your door, Wake up!

I heard a door knock that woke me up, I don't even remember passing out..

I looked around, I was alone in the office. I swear that I saw an Angel..

LELETHU

I picked up my bag, I was upset. Where my bag was on the floor, I saw found this big white feather.. I picked it up and looked at it, It was big and long..

Me: Wow

I looked at it, Couldn't make up what it was. I placed it in my bag, I'll ask Professor Shabane about it..

As I was walking out of the bedroom, I heard a soft voice calling out to me. A familiar voice..

"Lelethu...."

I turned around to look, There was no one in the
bedroom.. I did drink my pills, So I'm not supposed
to be hearing voices..

LIAM "SWAYZZ"

Nomtha: Your hand is shaking

Me: I know

Nomtha: What's wrong? You look like you've seen a
ghost that scared you

Me: Maybe

Nomtha: What's happening?

Me: It's nothing Nomtha, Nothing I can't fix

Nomtha: You know th-

Me: For fuck'sake!! I said it's nothing I can't fix!!!!

Nomtha: Woooow!

I exhaled..

LELETHU

I ditched my microbiology class, Which is my first class of the day for the Theology class..I had come with the bible that Okuhle gifted me, I sat next to her..

Me: Hi

Oku: Hey

Me: Today it's a bit full, Wouldn't you say?

Oku: Indeed.. It's because there's a special guest joining us today. Every month a special guest comes to motivate us spiritually

Me: Ohw nice.. Who is it?

Oku: Prophet Zaine Radebe

Me: Wait.. Thee Prophet?

Oku: Yes.. You know him?

Me: I do but in passing.. If I remember correctly, He's a very big prophet. What would he be doing here? In such a small crowd

Oku: He will be here for motivational purposes

Professor Shabane walked in..

Prof: Good morning class

CHARLES

Nontombi walked in, Holding a tray. It was ice tea and biscuits. Simon and I were sitting outside..

Simon: Thank you

She walked away..

Me: I'm still listening

Simon: Liam needs to come tonight, So I can perform the incantation on him

Me: Exactly what will it do? How will it help us

Simon: We cannot deny the fact that Lelethu will start a war with us soon. As soon as she realizes who she is and what she can do, We can't prevent her from her destiny but we can alter the journey by making it terribly difficult for her to get there first

Me: By using Liam?

Simon: By possessing Liam with a demon that shall torture the Prophetess. What is one thing that can break a woman?

Me: A heart break?

Simon: A heart break from someone that she loves

Me: I see

Simon: Since she has a powerful warrior angel by her side, We need to possess Liam with a powerful demon too. An upper rank demon, That will give Uriel runarounds

Me: Will Liam handle that?

Simon: Yes his body will. We will bind his soul, A cold body without a soul. Possessed by a very powerful demon too will sure help us

Me: I accept and give you the blessings

Simon: It is well Brother.. It is well

LELETHU

prof: As you know that every month we have a special guest joining us for motivation, Today. We have amongst us. Prophet Zaine Radebe

People started screaming as he walked in, Everyone was up clapping and making noise for him. He was wearing his clerical collar. He still looked good even for his age. Probably in his late 40s or early 50s..

Everyone was shouting the G.O.A.T... I was the only one sitting down, Everyone else was on their feet and clapping. I was clapping too..

After a while, They sat down..

Prophet: The love

Prof: They have been waiting for this day

Prophet: How long do I have?

Prof: An hour

Prophet: Blessed

Professor Shabane went to his sit. Prophet Zaine placed his bottle of still water on the table..

Zaine: Lelethu how are you?

He said that looking at the water bottle on the table..

My heart started to beat fast, I felt a dizzy spell kicking in..

Zaine: Lelethu how are you?

Okuhle poked me on the shoulder..

Me: Uhm.. I.. I am well Prop.. Prophet

Zaine: Blessed

He held the bottle of water and silently prayed over it, We could only see his lips moving no voice..

He then picked it up and placed it on my table..

Zaine: "Be strong and courageous. Do not fear or be in dread of them, for it is the Lord your God who goes with you. He will not leave you or forsake you."
- Deuteronomy 31:6

He looked at me..

Zaine: By the end of the motivation, Which is in 1 hours time. The bottle should be empty too

He moved back, Okuhle looked at me..

Okuhle: Drink up

I popped the bottle cap and took a sip. Tasted like water indeed, But my racing heartbeat slowly calmed. The dizzy spell faded too. I felt relaxed..

LIAM "SWAYZZ"

I had troubles driving back home with my hand that was shaking horribly..

When I got home, I noticed Simon and my Dad sitting outside. I walked up to them..

My Dad got up..

Dad: Sway.. Why are you back so early?

Me: I..

Simon stood up..

Simon: You had an encounter with Uriel?

Me: Yes

Simon: What did he say?

Me: He's going to bring back the Nephilim, Through Lelethu

Dad: What?

Simon: When Sons of God, Fell in love with Daughters of men. Uriel felt a close connection with the Prophetess

Dad: Isn't the Nephilim going to work on our side?

Simon: Not entirely, If it happens. Lelethu and Uriel

can be capable of ending the world as we know it. Reproduction through them will birth generations of the Nephilim. It will spread, The ending of the world can be sooner than later. Meaning..

Dad: Will spend all eternity in hell

Simon: We need to move fast, We cannot let that happen

Dad: Let's move then

LUCRIA

I looked around, Lelethu wasn't in class. The lecturer wasn't here as yet..

I walked out of the class room to look for her, She's

probably in that retarded Theology class of hers..

As I walked to the Theology class, In the corridor.
Zaine's voice shook me. Made my knees weak,
Drained the strength away from me..

I looked around, Then up. The ceiling and the lights
were spinning. The whole corridor was spinning. My
energy kept on being drained, Till I collapsed on the
floor...

LIAM "SWAYZZ"

My Dad was driving, Simon and I were sitting at the
back. He rubbed his hands together, Then touched
mine. The shaking immediately stopped..

Simon: Are you ready?

Me: If I have to do this to save us, And also keep
Lelethu. I'll do it

Simon: Now at least you speaking the same
language as us..

The only colours prominent in our temple, Are red
and black. No too bright colours. Church robes,
Black and Red inside. Black stands for darkness,
Red stands for blood. Blood that we collect...

In the middle of the church, There's a picture of
J ainko drawn in the middle on the floor where the
bunkers are..

We were to perform the ceremony into a special
secret room, Where the can be no disturbance..

J ust the three of us..

I laid on the table in the middle, My Father and
Simon wearing the robes. Simon stood at my feet,
With a picture of the demon that's supposed to
posess me..

In my stomach, They drew the pentagram he's
going to enter through my stomach..

Simon started with the incantation....

LELETHU

Prophet Zaine spoke beautifully, He told about his life and how he got to be a prophet. He was young, Had his life ahead of him. Dreams, Goals, Things he wanted to accomplish. He was a club promoter, A Dj all in all being a Pk. A preacher's kid. He further on told us that his big brother was the one who was fully invested in inheriting the prophetic gift from his Father. Unfortunately the gift was passed on to the Son, That wanted nothing to do with spirituality and religion. He spoke of his challenges when he accepted the Gift, His wife. Who at that time was a young girl faced with problems of her own. It was very interesting when he touched on how he would see angels, Because of his 3rd eye that opened..

It was a very interesting story, From where he came from to where he is now..

We didn't even wanna leave, But time was not on

our side. He asked me to stay behind, As the class went out..

Zaine: I'm going to tell you something about you,
That you will find very difficult to believe

Me: Should I be scared?

Zaine: No.. You don't need too

Shabane was sitting at his table, Okuhle was also present to make the moment less stressful for me...

Zaine: First let's do a quick exercise

Me: Okay

He stood up and asked for Shabane to bring forth

his chair..

He did...

He asked me to sit down, Then stood behind me.
Shabane and Okuhle stood next to each other..

Zaine: Look at them

I did..

Zaine: I mean really look at them, And tell me what
you see

I looked at them, And I saw nothing..

Me: I see nothing

Zaine: Let me help you

He placed his hand on my shoulder..

Zaine: Look at them again

I did. I concentrated on them, And I saw this bright light. Like a ray of sun behind them..

I looked away..

He moved his hand from my shoulder..

I looked at them again, They were fine..

Me: What was that? The light?

Prof Shabane nodded to Zaine..

Prof: We are called Fleets

Me: What is that?

Zaine: They are watchers, In lamest terms you can call them earth angels too

Me: What are those?

Okuhle: We are watchers, Put in the world to help spread kindness, Protection and keep away any negativity surrounding your life and guide you

Prof: You didn't stumble in this class by mistake, We led you here so you can feel at home. Discover

who you truly are

Okuhle: When we were told of a great prophetess,
We wanted to help. Help you in your journey

Me: Prophetess? What are you talking about?

Zaine: Your Grandmother was a Prophetess, A
spiritual warrior in the oath of office to fight any
spiritual wickedness and help those who need
spiritual intervention. She was not crazy, She was
not losing it. She was gifted, And she chose you to
have her gift passed on too

I got up..

Okuhle: We know you scared, We know it's a lot to
take in

Me: I am not a Prophetess

Zaine: Yes you are.. This depression, Anxiety, What you consider hallucinations and delusions. It's all because you are gifted

Shabane: As soon as you accept your gift fully, Then all of that is going to go away

I went and picked up my bag..

Me: This is the sickest thing I've ever heard. Trying to poach me into spirituality and use me

Zaine: You saw the light that surrounded the fleets

Me: No.. I saw what you wanted me to see

I walked out..

Okuhle: Lelethu

Zaine: It's okay.. Let her go

CHARLES

Simon continued with the incantation, Then there was black smoke filling up the room.

There was just a little light in the room, The room wasn't bright..

Simon continued and the smoke surrounded my Son..

The louder the incantation was from Simon, The

more smoke was created. As the pentagram glistened in his stomach, The smoke was absorbed into him. Into his stomach, He screamed in a deep voice. His eyes changed, All black no shadow of white..

He screamed so much that the windows broke, Then a gust of wind pushed us away. I hit the door before falling..

LELETHU

I ran straight into the bathroom and poured water on my face..

Surprisingly enough, I didn't get a panic attack though I was panicking..

I am upset, Upset over the fact that I was really

starting to fall in love with the Theology class only for them to play me. I know this, I've heard of it. Convincing me I have a spiritual gift just so they can use me, Probably draw me closer to Prophet Zaine's Church. Religious leaders can be tacky, Sly, And manipulative. I'm not going to let that happen to me..

LUCRIA (LELETHU'S BEST FRIEND)

I woke up in the Nurses' Office.. I had an IV on my arm. She was sitting at her table writing..

Me: Excuse me?

She rotated her chair and looked at me..

Nurse: Ohw hi

Me: What am I doing here?

Nurse: You fainted, In the microbiology corridor building and was brought here

Me: I fainted?

Nurse: Yes.. I checked you, You were showing signs of dehydration.. How are you feeling now?

Me: A little bit out of place

Nurse: Try to rest again, The IV will help you

Me: Okay

CHARLES

I woke up coughing...

Me: Great Leader? Swayzz?

I slowly got up, Then heard Simon coughing. I walked up to him and helped him up..

Simon: Where is he? Did it work?

We looked around, Didn't see Swayzz..

Me: Liam?? Liam??

We opened the door and walked out of the room, He was getting dressed in the main auditorium. Had his back against us..

We stood there and looked at him..

Me: Liam

He turned around and looked at us, As he was buttoning his shirt down. I saw the pentagram around his belly button as a black tattoo..

Simon: It worked, It worked!

We looked at each other and smiled..

Me: Son.. How do you feel?

He took a deep breath in..

Swayz: Stronger

Simon: Which demon did you get?

Swayz: Aeshma

Simon: Of course the demon of wrath

LIAM "SWAYZZ"

When my father and I got into the office, I left a certain perfume with a card on Nomthie's desk. As a token of my apology, Ever since that fight between us..

My father had called a staff meeting, Between the people in the office and our truck drivers. The seminar room was filled up, Some of the staff didn't have anywhere to sit..

We stood before them, Infront of the long table..

Dad: I know this meeting was short notice, But it is an emergency!

He placed his hand on my shoulder..

Dad: I've called all of you here because I am stepping down as the CEO of the Ngema logistics. I am putting the company that has existed for years, In my Son's hands and shoulders. I know the trust you've given me all these years, Won't be compared to the trust that you guys will give him. I know that, It'll be difficult to trust him as much as you guys

have trusted me. Though, I promise you all. I have put my trust in him, As I've put my trust in him. I expect for all of you to put your trust in him too. I am stepping down not because I can't anymore, But because I want to expand. As I do, Please respect him as much as you have respected me too. When you guys see him, You see me too. His word is my own

After the shock of the news, Everyone stood up and clapped. With Aeshma on my side, I felt more confident than I've ever been. He has totally taken over but it was the same as how traditional people say it, He is the ancestor that lives within me. Me and him are one..

My father gave me a hands hake, And bumped shoulders with me..

Dad: I sure know you will make me proud, Because you are not alone anymore in you. I don't doubt you

anymore

Me: Thank you Father

I looked at everyone..

Me: If we all could get back to work, Thank you. If anyone needs help, I'll be in the office

The ones who were sitting down stood up..

Me: Ohw by the way.. Everyone will be getting a 5% bonus this month

Dad moved closer to me..

Dad: What are you doing?

Me: I know exactly what I'm doing, You've put me in charge. Let me be in charge

The staff started clapping...

LELETHU

My Mom brought us tea. After what happened, I couldn't stay at school anymore. I told her exactly what happened when I got home..

Mom: You see why I don't trust these Prophets and Pastors? They do nothing but recruit in the most cruel way. Now they putting false ideas in your head! Lelethu you need to be vigilant, Not all these prophets come in truth. These prophets some of them lure people with lies, They are devil worshipers in disguise

Me: I mean Prophet Zaine, I don't know much about him but I've heard so much about him. I thought he was a man of principle, A man of truth!

Mom: He's just like all of them. I think he chose you because of your mental state, To brainwash you into thinking that you have a gift that you don't have. Baby you have a mental illness, Depression, Anxiety, And psychosis. You don't have a gift, My Mother didn't. When she started losing her mind, She went to church too. They fed off her mental illness, Made her think she had a gift that she didn't have at all. Continue with therapy and medication, You'll be okay.. We'll be okay

Me: Plus.. If I did have a gift. Dad and Swayz would've caught it, Their leader is powerful

Mom: Exactly!!

(Silence)

Mom: I love you and we going to get through this together. You have a family that loves you very much

Me: I know.. Thank you

She hugged me..

Me: Let me go and lie down a little

Mom: Okay baby

LIAM "SWAYZZ"

I was busy attending to some paperwork when I heard a knock at my door..

Me: Come in

The door opened.. Nomthie stood there holding the bottle of perfume. In her sexy black & White dress. Black at the lower body, and white by the breast area..

She was on a pose, With black heels...

Nomthi: Mais on Francis Kurkdjian. It costs R14 000

I put my pen on the desk and looked at her..

Me: You like it?

Nomthi: I was missing an expensive bottle of perfume in my collection

She slowly walked in, Making the click-Clak sound.
She put it on my desk..

Nomthi: How did you know, This was the one I wanted?

Me: Lucky guess

She looked at me and squinted her eyes..

Nomthi: There's something about you, Something charming, Arrogant, And confident

Me: You think?

Nomthi: So.. Am I forgiven?

Nomthi: Yes but it'll take more than a bottle of perfume to get into my panties

She took the bottle and slowly walked out, I looked at her sexy butt..

LUCRIA (LELETHU'S BEST FRIEND)

Charles: What were you doing in the same room as Zaine fucken Radebe?

Me: I wasn't.. I was in the corridor, looking for Lelethu

Charles: You couldn't feel his presence? You couldn't feel he was there

We were out, Having lunch..

Me: I was caught off guard

Charles: You losing focus!

Me: I just had a very terrible experience, Can you please cut me some slack?

Charles: Lucky for you, I'm in a good mood today

Me: Really? Why's that?

Charles: Nothing much, I just finally proud of my Son

Me: Well then.. If you happy, That means more shopping for me

Charles: I guess so

LIAM "SWAYZZ"

Bontle: What size is she?

Me: I'm not sure but she's thin, Very thin

Bontle: 30?

Me: Not sure

Bontle: Let me get check a picture for you

(Silence)

Bontle: Like this?

I checked the picture from her phone..

Me: Yes

Bontle: Size 30

Me: I guess so

Bontle: Sexy lingarie?

Me: Yes please.. Make it red and black, She's very thin but big breasts. Make sure the bra area is not too tight

Bontle: Yes Sir

Me: Good

Bontle: I should go shopping for it now?

Me: I'm sorry you have anywhere else to go?

Bontle: No Sir

Me: Good then you shall do it now, Send it to my house with a beautiful dress, Heels and dress.. I'll write you a note accompanying the gift and my address

Bontle: Sir I work PR

I looked at her..

Bontle: Shouldn't be Nomthi doing this?

Me: Then you have been demoted for today to a PA

I opened my wallet..

Me: Here's my card, It comes back when you come back

Bontle: Yes Sir

LELETHU

I couldn't sleep, Each time I tried to sleep I would think of what happened. I took my phone and called Swayz. He didn't pick up, I tried him again..

Sway: Cup cake

Me: Hey.. Hope I didn't disturb you

Sway: You could never disturb me, I'm just wondering why you calling me at this time?classes?

Me: I'm not at school

Sway: Why?

Me: A lot happened

Sway: A lot like what?

I explained to him...

Sway: Between you and I. I never liked Zaine,
There's something off about him

Me: You think?

Sway: Yes.. He makes himself look like the greatest prophet out there, But he's using dark powers. He is working with dark powers. He has a large following because he has casted a spell on his followers. They are sheeps, They listen to him. Not out of their own will but because they are under a spell

Me: Ohh my Goodness

I sat up straight..

Me: He's given me water to drink after silently praying on it

Sway: Lelethu!

Me: I didn't know

Sway: You way too naive that's why

Me: I didn't know!

Sway: It's fine.. We'll reverse his spell when I get there, Plus I have a little gift for you

Me: Really?

Sway: Yes.. It's coming

Me: Okay I'll wait

Sway: I love you so much

Me: I love you too

ANGEL URIEL

Me: There's something we can do

Azreal: We can't do anything

Me: She's being misled

Azreal: It's free will, We don't mess with free will

Me: She doesn't know

Azreal: Point of correction. She knows, She's just not willing to accept. It's her choice, And it's her free will

Me: She's being influenced

Azreal: She has people around here, Guiding her and all. She's not letting them in

Me: She's lived hearing her family brainwash her, There's a lot of trust issues

Azreal: Either way.. Free will Uriel, Free will. We protect but not force

The gift arrived. It was a dress, Heels, Matching bag and a sexy lingerie with a seductive perfume. The note that came with the gift was:

"For tonight, We coming back tomorrow morning. Pack a bag"- Sway

I looked at the lingerie and it was really sexy no lie. Underneath the lingerie, I didn't see the lubricant and the black handcuffs..

I chuckled. Well it was a Friday, So no school tomorrow..

I am taking him up on this, I need the fresh air. With what has been happening, I really need a break.

ANGEL URIEL

I went to speak to one person that might understand this situation that I was faced with... Prophet Zaine Radebe..

Zaine: I understand how it looks. Lelethu to some people might seem stupid, But.. Looking at it with no emotions involved, I understand her. Personally when I had the gift, I didn't wanna accept it too. My life that I've known was about to change, And I couldn't accept that. Also, We live in a world where most prophets are not legit, They mislead. Her not trusting me is valid, In the eyes of the world, It's difficult to find a Prophet with such a big church and he's actually a servant of God and not working with any dark powers. The true essence of Christianity has been lost, Most Prophets and

Pastors are misleading. They have hurt God's children or those seeking for God using his word. Let's not forget too that Lelethu trusts her family, They her family

Me: Lelethu has free will I understand, She cannot be forced for now

Zaine: Exactly.. In this case you step back. Her gift will always be there, It will wait. The bible says that "It takes a painful experience to make us change". Lelethu has no reason currently to change, But when God shows up she will have a reason. This is her journey to realising her Gift, She will never know God's existence until God shows up at her worst

Me: I wish she could open her eyes and see

Zaine: She will

LELETHU

Mom: Wow you look great

Me: Thank you

Mom: Going somewhere?

Me: Swayzz is taking us out, I think for the night

Mom: That's good.. Are you up for it?

Me: Yes.. I need fresh air from everything

Mom: Tell me.. Do you really love Sway or it's pressure?

Me: Pressure?

Mom: It has been a while and difficult for you to be in a relationship, Following your mental illness. I don't want you being in this relationship because you feel like you can't be with anyone else

Me: I love Sway Ma, I have for a long time now. I was just scared of how everyone was going to react, Seeing that we are step siblings and all

Ma: I totally understand where you coming from, As long as you happy I'm also happy too

She hugged me..

Sway: I'm home!

Mom: He's home

Me: Do I really look great?

Mom: You look beautiful

Sway showed up, He whistled..

Mom: Sway

Sway: Ntombi

Mom: Name basis now?

Sway: Well thought it would be weird calling you Mom, Now since Lelethu and I are.. We can hold it off until marriage

Mom: Marriage?

He put his hands in his pockets.. Looking at me from head to toe..

Sway: Such a beautiful woman, Why wouldn't I wanna cuff her down?

Mom: I think that's my queue to walk out, You kids enjoy yourselves

Sway: Do inform Dad when he comes back

Mom: I will

Mom walked out..

Sway walked up to me biting his lower lip..

He stood in front of me, Really close without touching me. Hands still in his pockets..

Sway: I like the smell, You used the perfume. I also take it you are wearing the other gift

Me: I liked it, Why wouldn't I wear it if I didn't?

I wrapped my arms around his neck.. That's when he also wrapped his hands around my waist, Squeezing it a little..

Sway: In that case let me go freshen up, And you may help me pack my overnight bag

Me: Then go

He french kissed me...

LUCRIA (LELETHU'S BEST FRIEND)

Me: Would you like something to drink?

Charles: No.. I need to rush back home, Dinner time is in 30min

Me: Ohw

Charles: I know that you get lonely around here, Maybe you can pack a bag and visit our house for this weekend. I'm sure Lelethu will appreciate it

Me: Are you sure?

Charles: Yes.. So long you behave

Me: Behaving meaning no sex?

Charles: Lelethu takes meds, She sleeps soundless now. Ntombie also has sleeping pills. Sway doesn't care, So I don't see why sex should be skipped

Me: I'll pack my things for the weekend then

Charles: I will wait

Me: I hope it won't be awkward showing up with you

Charles: You'll drive, I'll drive behind you

LELETHU

I packed a few things for him. Decided that we should use one luggage bag, And I had my handbag with..

We said goodbye to our Mother and then took off. We were driving in his Maserati Levante, He had his hand in between my thighs. The dress was kind of short..

Me: Where are we going?

Sway: There's this new hotel that was opened last year. Soneva J ani

Me: That expensive hotel?

Sway: Yeap

He squeezed my thigh..

Sway: I wanted our first sexual experience to be amazing

Me: You really didn't have too

Sway: I wanted too, Especially after everything you've been through. You deserve a break, Some fresh air. Princess treatment

Me: Heard the food is nice, They have top rated chefs

Sway: Exactly.. I was late because I was making reservations there, Short notice but I managed. At least our surname comes in handy in such situations

Me: Thank you

Sway: Anything for you cup cake, Anything for you

LUCRIA

Unfortunately when we got home, We didn't find Lelethu in. Her Mother said she was out of the night with Swayz, And only coming back tomorrow..

I was shocked to find out that Lele and Sway were dating...

We were preparing the table for dinner..

Me: How did that happen?

Ntombi: It just happened

Me: Not too surprising though, Because they have been very close. Sway has always loved and cared for Lele. At some point they were going to develop strong feelings for each other

Ntombi: I've never seen Lele this happy. I know people are judgemental but it's not like they blood siblings and I love how Sway cares for her. I know she's in good hands with him

Me: Very true

Ntombi: Thank you for staying even though Lele is not around, It gets very boring around here

Me: Charles doesn't keep you company?

Ntombi: That one works a lot

Me: At least he's providing you guys with a good life, His time away and being busy is not in vain

Ntombi: Very true.. Food is ready, I'll go and call him in the study

Me: I'll just finish up placing the plates

LELETHU

When we got to the hotel, Our first stop after putting our things in the room was to go eat..

Had a table reserved for us already.. The waiter started us off with a glass of red wine, As we went through the starters..

Me: I will have the muscles and prawns

Sway: I'll have the same

The waiter went to get us our starters..

I fixed the napkin on my thigh..

Me: Something is different about you

Sway: In what way?

Me: You seem more confident, More bold and your own man

Sway: I wasn't like that all along?

Me: No.. You were too sweet, Nothing wrong about that but you didn't have some sort of back bone

Sway: And now?

Me: I like the new you better

Sway: Then I'm glad

They brought our starters...

LUCRIA

We gathered around the table for dinner. We bowed our heads, And then Charles blessed the food. Specifically using our prayer..

We started eating..

Me: This is delicious Ntombi

Ntombi: Thank you

Me: No thank you.. Thank you for having me over. The honest truth is that, It gets lonely at home. Especially since my Brother is in varsity and hardly home. Ever since the death of our Parents, I found a family in you guys

Ntombi: Ohh don't mention it, You already part of the family. You are like Lele's sister no longer a best friend

Me: Thank you

Charles: You always welcome here any time, There's enough rooms. They'll be more rooms since now Lele and Sway are an item

Me: How do you feel about that?

Charles: What can I say? If we forbid it they'll run away. Instead of losing them, Let's let them be. They Adults after all

Ntombi: True.. It was meant to happen at some point, They not blood siblings so..

Me: You guys are amazing Parents no lie

Ntombi: Thank you sweets

PURGATORY

ANGEL URIEL

Zaziel: There's nothing as painful as free will, Where you wanna intervene but really can't

Me: What do you want Zaziel?

Zaziel: To gloat of course.. Seems like my side is winning

Me: Winning?

Zaziel: Well Aeshma is the physical now, Upper rank demon. Thoroughly and romantically winning the prophetess on our side. Imagine such a powerful prophetess on our side, Turning dark

Me: You know what's the problem with the dark world? You guys love counting your chickens before they hatch. Hence you've convinced humanity through struggles to neglect their faith, That just because the clouds seem dark and it's raining that no sunshine will come. You've convinced humanity that the way to success is shortcuts, And that faith drags the process. You know what's the saddest part? The sad part is that your way leads to nothing but eternal condemnation

Zaziel: Say what you want to say, But at the end we run the world. You think faith pays bills? Faith provides a good lifestyle? No.. Money and Power does! The rich gets richer, Strong and Powerful,

Whilst the poor gets more poor. They eat off
crumbs bread crumbs from the table of the rich,
Money buys you everything. Love, Respect and the
whole world if need be

Me: But the happiness is short lived, Don't rejoice as
yet. I still have faith in our Prophetess, Something
your side lacks

Zaziel: Very well

LELETHU

We had a nice dinner no lie. From starters, To the
entree, Then finished off with dessert

He put my coat over my shoulders after paying off
the bill. The whole meal, Including the bottle of wine
that we didn't finish cost 9k. We didn't drink the

whole bottle though.

Sway even tipped off the waiter R600..

We walked out and said goodbye to the staff. He was holding my bag and my hand, We then walked to the elevator pressing the 2nd floor..

He kissed me on my neck..

Sway: Did you enjoy your dinner?

Me: Yes thank you

The elevator opened and we walked in...

LUCRIA

Me: I'll load the dishes in the dishwasher

Ntombi: No it's okay.. Leave them on the table, The helper will clear in the morning before preparing breakfast

Me: Are you sure?

Ntombi: Yes

Me: Alright then.. I will shower and retire to bed

I said that whilst looking at Charles..

Me: Goodnight

I left them...

LELETHU

Me: I'm going to take a shower

Sway: I need to make one phone call by the balcony whilst I have a smoke

Me: One phone call?

Sway: Business

Me: It's Friday night, What business?

He laughed..

Sway: I'm not cheating on you if that's what you think

Me: I didn't say that, Unless you wanna tell me something

He walked up to me and grabbed my ass, He whispered in my ear..

Sway: Cheating is for boys, I'll be right back

He walked away...

I took off my clothes, Took my toilet bag and went to take a shower...

"LIAM" SWAYZZ

I closed the sliding door..

I stood there and looked at the sky, I saw Zaziel flying over..

He didn't stand right at the balcony, J ust lavitated in front of me..

Zaziel: For safety reasons, Incase the prophetess seems me

Me: Good call

Zaziel: And not invite a battle, She has a tail

Me: I get you.. Listen

I checked if Lelethu wasn't coming..

Me: I need blood.. Any good travelers tonight?

Zaziel: Yes, during witchful hours.. 3am

Me: Good, I'll join you then in spirit to feed

Zaziel: Make sure she doesn't realize that you'll be gone in spirit and the body will be ice cold without a soul inside

Me: Don't worry I got it

Lele: Babe??

Zaziel: I have to leave

Me: See you then

LUCRIA

I was busy tossing and turning in bed. I couldn't sleep.. I checked my phone, And I had a text message from Charles..

"Come to my study".

I smiled and got out of bed, Put on my sleepers and went to his study. I didn't knock, I opened and got in. I closed the door..

He was sitting on the couch, With a glass of
whiskey in his hand..

Me: Hey

Charles: Come and sit here

He pat his lap.. I walked over and sat on him,
Careful not to make him spill his drink. He gulped it
down and stretched his hand putting the glass
away. He grabbed my hair at the back and brought
me closer to him for a kiss...

LELETHU

He undid my towel, It fell on the floor..

He looked at me..

Sway: Are you ready?

I nodded..

Me: Condoms?

Sway: We not going to use condoms

Me: Sway

Sway: You won't fall pregnant I promise you

Me: I think we should use protection

Sway: Lele do you trust me?

Me: Yes

Sway: I won't impregnate you

Something was knew with him, A tattoo by his belly button..

I ran my hand on his stomach, All the way up..

I was totally naked, He was in his Ck white briefs..

We kissed as he grabbed my ass, Grabbed my ass and shook it. I only had sex once in my life, When my high school boyfriend broke my virginity. Since from then, Because of my mental issues. I was unable to date again, Until now.. Sway..

We continued kissing and my heart started beating fast, So did his. It wasn't a panic attack just complimenting the moment..

His one hand moved from my butt, To the front. He parted my legs from my thighs, I felt his fingers on my coochie.. He played around with my clit, Stimulating it. That helped me a lot, Helped me to get horny..

My breathing intensified to a moan, I felt his breathing being unstable too. He then slowly inserted his finger deep inside of me, Halfway through he just pushed it in and I grabbed on his arms tight..

Me: Ahh Sway!!!

He broke the kiss and sucked my lower lip, With his other hand he got mine and placed it on his crotch

that came alive at the touch and feel of my hand...

NONTOMBI

I was woken up by the light still on. I looked at my side, Charles was not there. The bed was empty..

I got out of bed still drowsy from my meditation to go check him out. I passed the guest room and the door was open. Lucria was not there..

I tied my robe and proceeded to his study. Usually when he's not in bed, He's in his study working..

When I approached the door, It was closed. I heard moans, My heart race picked up..

I listened for a while, And she was moaning louder

and louder..

I opened the door and walked in, Lucria was ontop of my husband..

Charles: Wtf??

Me: What the hell??

Lucria froze ontop of him..

Charles: What the hell happened to knocking?

Me: Knocking? Knock whilst you fucking your daughter's best friend?

I charged at Lucria, Pulled her off by her hair and she fell on the floor screaming. She sat up whilst I

pulled the long sleeves of my robe up. I started slapping her all around. From her face to her naked body, I grabbed her hair again and mopped the floor with it..

Me: I treated you like my own daughter and this is how you repay me huh?

I continued mopping the floor with her..

Lucria: Let go of me or I'll have you arrested!!

I felt something hard hitting me at the back of my head, I let go and got down on my knees..

Charles: Lucria go back to the guest room

Lucria: I'm go-

Charles: Now!!

Lucria crawled away..

LELETHU

He was sitting on the bed, I was kneeling next to him on the bed. He had instructed me to give him a blow job. I am not total clueless, Lucria and I often used to have sexual talks..

Sway: Yes baby.. J ust like that

He placed his hand at the back of my neck, Squeezed a little then forced me to deep throat. I felt him far deep in my mouth I gagged. I tried to get off but his hand at the back of my neck was tight. I dug my nails on his thighs then he let go of my neck,

So I could get a breather. Tears ran down as I coughed...

I got back up and we kissed. He pushed me back to the bed, Then got up. He kissed me from my belly button, Down to my coochie. He placed my legs over his shoulders and muffed me. I grabbed on to the sheets as I moaned..

Me: Ahhhhh (moaning softly)

He continued and my legs vibrated, My toes curl up and I raised my body up a little..

Me: Ohh Swaaaaay..

He stopped got my legs off him. He pulled me closer to the edge. He grabbed his dick and tapped it against my clit, Then he went down and rubbed

the head against my coochie opening..

He then pushed in, I screamed..

He wet his thumb and then massaged my clit, He further pushed in and I screamed again trying to close my legs tight..

Sway: I'm done.. I'm in

Me: It's very sore

Sway: I know.. I'm sorry

He started pumping me slowly still stimulating my clit. As the pleasure surged through, I started getting wet. Lubricating him and he picked up the pace. He spanked the side of my thigh, As he

continued..

Sway: Pinch your nipples for me baby

I pinched my nipples but not too hard....

Sway: J ust like that

He continued fucking me, Then picked me up from the bed still inside of me. I wrapped my arms around his neck and he placed his hands under my legs from my knees to balance me and also be able to push me in and out of him..

Me: It's too deep Sway!!

Sway: I know..

Before I could complain any further he shut me up with a kiss...

NONTOMBI

I was still on the floor with my hand at the back of my head..

He wore his sleepers and then kicked me on my face, I fell backwards..

Charles: Who the fuck do you think you are, Coming with all that shit in my office!!

Me: You sleeping with a girl almost the same age as your Daughter, Aren't you ashamed? (crying)

He placed his food on my chest and pressed down..

Charles: I don't have a Daughter!! After everything I do for your ass and that crazy daughter of yours!! You think she's cheap??

He pressed more harder and I tried to get his foot off but couldn't..

When he saw that I was struggling, He took his foot off. I coughed while crying..

Charles: Ungrateful piece of shit!!!

He spat on me and then walked out..

LELETHU

Sway: Are you comfortable?

Me: Yes

I was kneeling ontop of the bed now, He was behind me. The handcuffs didn't budge so he went with something else..

Sway: You don't move until I say so

Me: Okay

He laid me down on my tummy, With a pillow under..
Raising my ass up a little..

He tied my hands at the back with the belt. He tightened it until I felt it almost tearing through my skin..

He left go, Then I felt him inserting himself deep inside my pussy from the back.

Me: Ahhhhh

He put his hand at the back of my neck and pinned my head against the pillow as he fucked me hard from the back.

LELETHU

I was in the bathroom looking at my wrists. I had red marks from the belt. I also looked at my neck, I

had marks left by this fingers and thumb. I poked,
And it was painful..I also had bruises on my body..

My coochie was also sore. Despite the minor
bruising, I enjoyed the sex..

I didn't think that Sway had it in him to be sexually
brutal. He always seemed sweet..

He knocked, I fixed my silk gown..

Me: Come in

He opened and walked in, Holding a glass and my
pills..

Sway: Are you okay?

Me: I'm fine, J ust feeling exhausted

He gave me my pills..

Sway: For a good night or morning, It's almost 3am

Me: Thank you

I took them and drank..

Sway: Are you sure that you okay?

He squeezed my cheek..

Me: I'm fine, J ust feeling a bit sore but good

Sway: You saw I ejaculated on your tummy, I pulled

out in time

Me: Tell me, How did you master that technique?
Heard it's difficult

Sway: When you are an expert in pleasuring
yourself, You get good in the pulling out game

Me: I see

He picked me up..

Sway: Come on.. Let's get you to bed

NONTOMBI

He locked himself in the guest room, With her..

My head was aching, My face was swollen. I even had a nose bleed..

I took the painkillers with whiskey, With tears running down my cheeks. I felt like my soul was going to leave my body..

I drank more of the whiskey so I could pass out. The pain was too much, Not forgetting how hard it is to breath..

If it wasn't for Lelethu, I sure would've long committed suicide..

LIAM "SWAYZZ"

She was passed out on my chest, She was dead gone asleep.. I shook her a little..

Me: Cup cake

She didn't wake up.. I gently moved her to her pillow..

I checked the time, It was 3am..

I got out of bed and went to the balcony..

I wasn't wearing anything on my upper body..

I placed my hand on my tummy, Closed my eyes and said a silent prayer. I felt something moving in my tummy, Then Aeshma came out of me..

It was a painful experience, I hope I didn't scream much to actually wake Lelethu up..

He stood in the balcony, He was large. J ust like
Uriel..

Me: Wow

I knelt before him..

Aeshma: I wanted to take your soul with, But it'll be
risky. I also don't want the Prophetess waking up if
she does and you don't wake up, She'll think you
dead

Me: I understand

Aeshma: I will be back soon

Me: Yes Master

He flew away, I went back to the room. Lelethu was still sleeping...

LUCRIA

He placed the warm cloth on face..

Me: I should have her arrested

Charles: You shall not

Me: Why don't you just leave her? Divorce her?
Obviously you don't love her. So we could be together

Charles: It's complicated

Me: She beat me up!!

Charles: Enough!!! I know you are young but don't act your age! It repulses me

I kept quiet..

He sighed..

He placed his hand under my chin..

Charles: I know it's complicated but.. I promise you we will be together soon.. I promise

He kissed me...

AESHMA

I met up with the crew, Zaziel and the lower rank demons..

Me: What are we looking at?

Zaziel: The condo will pass through here, It's a family travelling to North West

Me: I see

Zaziel: A Mother and her Three kids, I hope their blood will be enough for you

Me: Nothing like innocent blood, The kids will do

Zaziel: Yes Master

We camped waiting for the condo to pass the dark quiet street..

Me: They are close by, I can feel it

Indeed after a few minutes the condo drove by..

Zaziel: Here we go

I pulled him back..

Zaziel: Master?

Me: can't you see? The condo is hot. It's under the protection of the blood of J esus!.. You stupid fools!!

Zaziel looked at his crew..

Zaziel: Stupid fools indeed!! Why didn't you foresee this??

They kept quiet..

Me: How difficult is it to find me blood?

Zaziel: Uhm.. We have company

I looked at the sky, It was Ramiel and Uriel. The lower rank demons quickly flew off..

Me: Well.. Well.. What do we have here?

Uriel: And what do we have here too?

Me: It's our road, We marked it for this witchful hour

Ramiel: Not when the condor is driven by a woman who prays. She prayed over it before they left. It's our duty to make sure they travel safe

Me: HmMMMM

Uriel: So you off this road, She's leaving the trail of blood of Jesus Christ on the road, Protecting others too

Me: Well then, Maybe I'll just go back to feed on the Prophetess energy through sexual intercourse in the meantime

Uriel drew out his sword of flame..

Ramiel: Easy

Zaziel: Must be hard isn't it?

Ramiel: We are not here for that

Me: Of course.. I Shall leave

As soon as I flew away, Uriel followed me. I stopped in the middle of the sky, He struck his sword at me, I shielded myself. He hit my shield, Suddenly there was thunder in the sky and lightning..

Me: What?

Uriel: You slept with her?

Me: We slept with her, Hence you can't sense her

He struck again and literally struck me on the shoulder, I released a dark fireball. He shielded himself..

Ramiel came to stop him, Zaziel came to me. I placed my hand on my shoulder..

Me: This means war

I released fireballs..

LELETHU

I was woken up by a very bad case of an anxiety attack, And a pain on my shoulder. I heard thunder in the sky, I woke up screaming..

Sway: Hey. What's wrong?

I was hyperventilating..

Sway: Lele calm down

Me: Something is happening, Not something good

Sway put his hand on my forehead..

Sway: You hot and sweating

Me: I don't feel good

Sway: I'll get the you a glass of water and a cold damp towel

He quickly got out of bed.. I stretched my hand out to him before passing out..

Me: Swa.. Sway..

AESHMA

Uriel tried to strike me again, This blow was certainly going to end my demonic nature as I know it, Which will have me sent straight to hell for eternity..

Ramiel: Uriel wait!!!

Ramiel intercepted with her sword, It created a loud lightning and the sky was bright...

Ramiel: If you hurt him, You going to hurt the

Prophetess too

Uriel stopped..

Ramiel: He has a piece of her, They are tied spiritually now through sexual intercourse

Uriel stopped.. He was so angry that he reflected fire, Then he flew away..

Ramiel looked at us..

Ramiel: This is not over

She also flew away. It was peaceful..

Me: Zaziel

Zaziel: Master

Me: Get me that blood to feed!!

Zaziel: Yes Master!

LIAM "SWAYZZ"

It was now 06:00am and Aeshma wasn't back. Lelethu had the worst case scenario of a panic attack. I had to give her a generous amount of sleeping pills and they knocked her out..

Just as I was done bathing and everything, Aeshma showed up. I can see him because he is within me, Shares my body as his vessel..

Me: That took you so long

Aeshma: Whatever. I had an encounter and the blood I was supposed to feed on, Came in late

Me: Whatever too, Come in

He comes in through the tattoo which gives him a pathway in.. It was a violent impact, Knocked me back straight to the shower..

NONTOMBI

I woke up the next morning with a pounding headache.. Aching body, Like I was hit by a truck..

Charles was in the kitchen, Making himself coffee.. I moved on to the window, Noticed Lucria's car was not there..

Charles: Good morning to you too

Me: I need to go to the Dr, My head is aching

Charles: From the impact or the empty bottle of my whiskey?

Me: I just need to see the Dr, Get a head scan or something

Charles: Then go

Me: Okay

Charles: You have money to go to the Dr to get a head scan, Whilst other people take an aspirin. Do you see how lucky you are?

Me: Am I?

He put the mug down..

Charles: By all means, Give me back all the credit cards and everything. Or should I stop giving you money?

Me: My Mom's house is still there, My Aunt lives there and it won't be a problem moving back there

He laughed...

Me: With my Daughter of course! Lelethu will adapt to a downgrade because we won't have a choice, And I'd greatly appreciate it if your Son stays away from my Daughter

He placed the mug on the counter and the laugh siezed...

Charles: I'll drive you to the Dr

Me: By all means please don't, I don't want you to kill me

Charles: Don't you think I would've done that already?

I looked at him..

Charles: Please

Me: I'll go and bath

LELETHU

I put the mini wet towel on his forehead..

Me: What happened?

Sway: I slipped in the shower and fell

I yawned..

Sway: Still feeling sleepy?

Me: A lot.. I'm tired

Sway: How is the panic attack?

Me: So far so good

Sway: I'm glad

Me: Can we go home now?

Sway: Yes

Me: I'll go and shower

Sway: Don't slip

I chuckled..

Me: I won't

ANGEL URIEL

[PURGATORY]

Azreal opened the gate..

Azreal: Are you sure about this?

Me: Yes

Azreal: I won't untie her

Me: Thank you

Azreal lowered the flames around the cage and the screams of the souls who are going through purification. Souls that were Christians, But hypocrites. Those who spoke the word of God but were also practicing witchcraft against others in private. Those Christians who spoke the word of God but kept hurting others. Those souls after physical death, Their souls are taken straight to Purgatory for purification until judgment day comes and God will choose to have mercy on them or not. If the purification worked, Their souls will be clean and will be allowed to enter heaven. If not, They'll spend eternity in Purgatory because they have no place in heaven nor hell at the end of time. The purification process is heavy on the soul, They scream day and night in anguish..

Not only souls who were once physically humans were kept here, But also Angels who disobey. Amongst was Angel Helena, from time to time she's acted on her own accord than the instructions from

heaven.

She looked horrible, Her wings were weak and she was weak too. She was tied down, Chain around her neck, Legs and arms..

She kept her eyes down than looking at me, It's sad seeing one of our own suffering like this..

Helena: Uriel.. The warrior Angel

Me: Helena the guardian angel

Helena: Was once

(Silence)

Helena: In this time of anguish, I'm stained. No

angel has come to me, You the first

Me: Do you blame us?

Helena: What do you want?

Me: I need your help

She quickly looked at me, Eyes bloodshot red. She suffers spiritual anguish and physical anguish. She once possessed a human being in hopes of attaining a romantic relationship with a human being. A great spiritual healer..

Helena: What help can I offer you?

Me: The thing is

Helena: Wait..

She sniffed through and laughed..

Helena: You are feeling foreign emotions for a human being

Me: Her name is Lelethu.. Th-

Helena: The great female Prophetess to walk on Earth. The one chosen to save as many souls from eternal condemnation before they pass the world of the physical

Me: True

Helena: I never thought I'll see the century

Me: She's having problems, And now captured by the underworld. I don't know how to help her, She's stained

Helena: Do they know who she is?

Me: Yes.. Aeshma is.. He's infected her, She won't be able to realize and exercise her gift when she has darkness surrounding her

Helena: Of course. She will need great intervention and deliverance

Me: Zaine

Helena: Dawn Baker, The greatest exorcist and Nazo the spiritual healer to cleanse her

Me: Zaine tried but failed, Dawn and Nazo will too for now. Earth angels can't too, She's surrounded by darkness

Helena: The underworld will stop at nothing to keep her away from finding out who she truly is. She's weak now spiritually

Me: I know all that, The question is. How do I help her

Helena: It's her journey to walk, It was written before time. Before her existence, Why do you wanna intervene and change things, You are not Father

Me: I'm not changing I'm helping

Helena: You can't change her journey, She has to walk this path and conquer it

Me: You saying there's nothing that can be done?

Helena: There's plenty that can be done, But you won't do it. It might end you up here

Me: Try me

She smiled..

Helena: The first step is to communicate with her Grandmother, You need to find her and ask her for help

Me: I can do that

Helena: Disobeying already I see.. A familiar someone to her will help open her eyes, Won't be

easy but can be achieved

Me: Okay

Helena: Remember.. The Prophetess will be stripped bare. When you walk with God to your destiny, You let go of the wordly things and things belonging to the devil. The life she knows, She will have to leave it all. Start afresh as a poverty stricken someone. The question is, The life she knows will she leave it? Remember the world is ruled by money. You have money, You have power

Me: I know

Helena: Draw close

I walked her way..

Helena: Much closer

She grabbed my arm, My other arm was on my sword. She sniffed it and then let go. I let go of my sword and stepped back..

Helena: I hope she's worth your Angelic righteousness

Azreal came back..

Azreal: Time up

Me: Thank you Helena

Helena: Genesis 6:4, might be the end of the world as we know it

I walked out..

Azreal locked. Flames started lingering and the screams started, I closed my ears..

LELETHU

We got back home and I was happy to be in a familiar environment. A place where feels familiar to me..

I can say other than the panic attack, I had a great time with Sway..

The was no one at home, I had texted Mom's that we coming back and she texted me she wasn't feeling well. Charles took her to the hospital..

Sway: Home at last

Me: Home sweet home

Sway: Did you have fun though?

Me: I had a great time, Thank you

I wrapped my arms around his neck..

Me: Maybe I can thank you a little before the Parents come back

Sway: I like that, And we can talk on who is moving
to who's bedroom

Me: I like mine, Think you should move into mine

Sway: I don't mind

We kissed as he led me to my bedroom..

URIEL

She was in a peaceful park. The park in the physical
world, Is worn out and messed up. Though in her
world or our world, With her light. She made it come
to life. Beautiful sunflowers, Green grass and
beautiful trees

I followed her as she touched every flower bringing

it back to life. She stopped..

Her: Uriel

Me: Great Prophetess

She turned and looked at me..

Her: What an unexpected visit, You actually are as exactly as I had imagined you

Me: Thank you

Her: What would be a warrior angel doing here?

Me: Well.. I was hoping I could talk to you. As Lelethu's Grandmother and someone who passed on the gift to her

Her: Hmmmm

Me: We need your help

Her: I'm guessing you also don't have access to her?

Me: Not at all

Her: If you don't, What good am I?

Me: Lelethu is engaging in sexual relations with Aeshma through Sway. Aeshma is more like a spiritual husband to her. Physical Sway's sperm is weak to impregnate her since he has Aeshma. They using her womb spiritually. Lelethu is going to conceive, But spiritually. Give birth to demons. It'll come off as painful unbearable periods and period pains. A womb is spiritually significant, A womb

spiritually carries a woman's dream. That's wh-

Her: That's why women need to be careful when it comes to sexual relationships. Be careful on whom they sleep with, Because a Person with bad or dark aura can close a woman's success via their spiritual womb

Me: True. As time goes on she will have an abnormal smelly discharge, It will chase away every Man who comes her way

Her: I know

Me: Would you let that happen?

Her: Uriel I did approach her best friend to stay away from her, I was ready to fight then I remembered. My life as a Prophetess on earth, I

suffered a lot. My death I am meant to be resting in Peace because I blessed Lelethu with a powerful gift that she can use to fight evil with. I've done finished my race, Just like I had you guys to protect me. You should protect her too

Me: I understand, And I understand your concerns

Her: Do you know what separates us guides? If you gifted traditionally, You either have your guide in you or with you at all times. That's why it's easier for them to stand up and fight, Whereas if you are gifted prophetically. You have a whole team of Angels fighting on your behalf and earth angels to guide you. Whilst us the guides rest in peace because we have finished our race. Lelethu has a strictly prophetic gift, A heavenly one which prevents my intervention

Me: I need you to show up in her dreams or something

Her: How? Because she's blocked

Me: So you won't do nothing?

Her: See that veil? That thick glistening veil? It's for me not to pass it and engage in the physical. I did when I went to her friend, Coming back was difficult. I am here, See how peaceful it is? I was sent here to await judgement day so I go to paradise. I cannot sin in spirit. All I can do is trust the creator, You, The other Prophets and her. Sorry Uriel I cannot intervene no matter how much I want. Lelethu needs to find me in light, So when she dies. I'll be able to help her transition

Me: I understand, Thank you for your help

Her: I trust her, She'll come out of this

I walked away..

Her: Don't do something that will make you disobey..
Angels should never disobey

NONTOMBI

Dr: I have your scans

She put them in the light..

Dr: See this spot here?

Me: Yes

Dr: It outlines trauma, Not severe but there's trauma.

Have you been experiencing headaches? Blurry vision? Loss of concentration?

Me: Not as yet

Dr: There's some pressure here, When you start having symptoms that feel foreign to you. You should come, Especially a seizure so we could do a minor surgery

Charles: Doc.. Is a surgery really necessary?

Dr: If she's starting to show serious symptoms, Means that area would have a bloodclot. We need to operate release the pressure

Charles: For now what can she do?

Dr: Paracetamol will help in case of headaches, Rest and not be in stressful situations

Charles: I understand

Dr: You did well by coming in to check

Me: Thank you

LELETHU

The sex was intense just as last night, But funny enough I was enjoying it on my dressing table. Cleared everything, My legs high up the dressing table, Sway standing in front of me. Buried in between my legs.

I was very wet, And very horny. My body was

literally hot and trembling..

Sway: You are very wet baby

He kissed me..

We fucked to the point that I actually squirt, I even pushed him a little as I did. Some just wetting his stomach..

He rubbed the tip of his dick against my coochie opening, Making me to release more and my body to tense up...

NONTOMBI

Charles: I'll make sure that she is well rested, No stress and takes her meds

Dr: If the symptoms intensify then she should come back

Me: I will

Charles looked at me..

Charles: Are you ready to go?

Me: Yes

He took my bag and meds then we walked out..

Charles: Maybe we should grab something to eat first before heading home

Me: I am not hungry

Charles: You heard the Dr, You need to eat so you can take your medication

Me: Feeling guilty?

He stopped...

Charles: You might not believe it but I love you, I'm trying here and I'll stop seeing her. I promise. My family matters more to me than her, I'll end it I swear

Me: We'll see

We walked out...

LELETHU

"I found myself walking in a peaceful environment. I was wearing a pure white dress. The sun was up and shining. From the clear sky, I saw doves flying around and I also heard a certain song"

"Bahotaa karam likhkaa na jaa-ay.

Vadaa dataa til na tamaay.

Kaytay mange jodh apaar.

Kaythaa ganat nahee veechaar.

Kaytay khap tuteh vikar.

Kaytay lai lai mukar paa-eh.

Kaytay moorakh khaahee khaa-eh.

Kaytiaa dookh bhookh sad maar"

The song was unbelievably peaceful for some reason, It made me feel at ease and at peace. Made me feel light, It was soothing too...

LIAM "SWAYZZ"

Dad: Last night there was an accident. 3 cars and all passengers died

Me: That's a shame

He took off his glasses and looked at me..

Dad: Did you have anything to do with it?

I took a deep breath and shrugged my shoulders..

Me: Maybe.. Maybe not

Dad: Well the great plan is going well with the accidents

Me: I'll go check on Lelethu

Dad: How are things going between you too?

Me: They going good

I made my way to her bedroom, I saw a bright light hovering above her body..

When I neared, It disappeared. I looked at her, Her lips were moving with a smile on her face but

stopped when the light disappeared..

ANGEL URIEL

[PURGATORY]

The light from my hand disappeared as I entered..

Azreal: Where have you been Uriel?

Me: I was checking up on my charge

Azreal: There were 3 accidents last night

Me: I saw

Azreal: The Prophetess needs to embark on her

journey now, She was meant to save these souls
from premature death

Me: I am trying

Azreal: You stop trying now, And do it

Me: Azreal.. Are you??

He folded the scroll..

Azreal: We've held back enough, It's time you help
her to figure out who she is

Me: Yes.. Yes Sir

Ramiel walked in..

Ramiel: What are you guys talking about?

Me: Definitely not about you

I pat her on the shoulder..

Ramiel: Azreal I need pathway to accord for my charge

LELETHU

I woke up and stretched myself, On my duvet. I noticed a big white further. I picked it up and looked at it..

I heard footsteps, I put it under my pillow..

Sway walked in..

Sway: You up

Me: Yes

Sway: Had a good sleep?

Me: Yes

Sway: Good

He came and kissed me on my forehead..

Sway: You were talking in your sleep

Me: I was?

Sway: Yes

Me: I don't recall

Sway: Bohata karam? Ring a bell to you?

Me: No.. Not at all

He placed his hand on my head and tightened his grip..

Sway: I sure hope you not lying to me

He looked me in the eye, And his eyes turned black. I moved back to the headboard scared. His eyes were normal again..

Me: Whaaa.. What are you?

Sway: What are you talking about?

Me: Your eyes changed

Sway: No they didn't

Me: They did.. I saw them

Sway: Well then, I hope that proves what I'm capable of

He grabbed my thigh, I felt a burning sensation..

Me: Swaaaay!!

He moved his hand and left a burnt mark..

Sway: I'm not Sway

His voice changed. I tried to scream, He blocked my voice..

Sway: Don't ever try that again or I will snap your neck

He brought back my voice...

Charles walked in..

Charles: Is everything okay? Did I hear Lele screaming?

Sway: It's nothing.. She almost fell off the bed

Charles: Ohw. Okay

He walked away..

Sway: Remember.. I love you

I kept quiet, Scared..

Sway: I said I love you!

Me: I love you too

He moved closer to give me a kiss..

Sway: Freshen up, I'm taking you out to eat

Me: Okay

He got up and walked out, I was able to catch a breather...

OKUHLE (LELETHU'S THEOLOGY FRIEND)

I was busy working in the garden when Uriel showed up. I let go of the garden tool, Took out my gloves. Got up and made my way to him..

Me: Uriel!!

Uriel: Look at you!!

I approached him for a hug, But stopped halfway..

Uriel: It's okay

He knelt down because I'm really short, Then
hugged me...

We broke the hug..

Uriel: Out of all the people you would be, You chose
to be a woman

Me: Women are goddesses

Uriel: Indeed

Okuhle is an Earth Angel. An Earth Angel is a being
that was once a full blown angel, Partitioned and
pleaded to be reincarnated as a human being to
spread kindness and peace within humanity.
Usually Earth Angels their memory gets wiped off,
But with Okuhle that wasn't the case. Was chosen

not too for Lelethu..

Me: What brings you here?

Uriel: I need something from you

Me: Okay

Uriel: Still know how to make that dream state powder?

Me: Yes

Uriel: I need it.. Please

Me: Come on in as I make it, Then you can tell me all about up there

Uriel: Your house is a bit small for me

Me: Of course

Uriel: I'll wait here, Plus your neighbour might think you crazy talking to a being she can't see

Me: Mrs Maggie always nosey

I waved my hand at her..

Me: Mrs Maggie

She turned back and walked inside her house..

LELETHU

I looked at myself in the bathroom mirror, I was still scared and trembling..

I heard a knock.. Someone forced to open.

Sway: Open

I walked over to the door and unlocked. He walked in and looked around..

Sway: We don't lock

He walked in and closed the door..

I was naked, Only wrapped in a towel..

Me: I just needed privacy

Sway: Of course

He put his hand on neck and pushed me back against the wall. The back of my head hit the wall..

Sway: We don't lock doors.. Understood?

Me: Understood!!

He let go of me..

Sway: This could go easy if you just listen!

SWAYZZ "LIAM"

I was in the backyard having a smoke, Waiting for Lelethu. She was talking to her Mother. I turned around, To find Uriel standing behind me..

Me: TF??? I really need to have a trap for Angels,
You getting ridiculous now

Uriel: If you hurt her again, I'm going to send you to hell

Me: I am already in hell

Uriel: Exactly!

Me: That's sweet

Uriel: Aeshma this is a threat

Me: Forgive me for not reacting in fear

Uriel: You seem to forget what I'm capable of

Me: Now that is a threat

Lelethu walked out..

Lele: Who are you talking too?

I looked at Uriel..

Me: I was thinking out loud

I walked up to her.. Kissed her on the cheek.

Me: Ready to go?

Lele: Yes

Uriel smiled a little, More like a smirk. I would expect him to be angry, He wasn't. I wonder what he has up his sleeves..

NONTOMBI

I was watching TV.. Charles walked in holding a cup of tea..

Charles: I made you your favourite tea

Me: Thank you

He put it on the table, And sat on the armrest of the chair..

Charles: I'm going to do hoodoo on Lucria, So she dies. J ust to show you how I'm serious about leaving her

Me: What did you just say?

Charles: If I leave her, She's going to nag. Best way to be rid of her is to kill her

Me: I am not for that

Charles: It's the only way hun, To protect my family and to stop her from pressing charges. You did attack her

Me: And you attacked me!

Charles: Wanna have me arrested?

Me: The Dr said I shouldn't stress

Charles: I'm sorry, I wasn't trying too

Me: Just do what you want okay? I don't care

Charles: Okay

ANGEL URIEL

[PURGATORY]

I got the sleeping state dust from Zuriel

Azreal: How is Zuriel these days?

Me: It's a she, She seems to be adapting well

Azreal: That's good

Me: Interest me, Why are you keen on us helping the Prophetess

Azreal: She's in the mist of devil worshipers who might break her down to the nearest insanity. Currently she's no longer doing well mentally and Aeshma being a demon of wrath, Anger, Violence

and fear. I don't want him breaking her down more

Me: Understandable

Azreal: Just don't do anything that will land you locked up here

Me: I promise

Azreal: Seeing her in her dream state is the best way for now because spiritually she can't see you. She's blocked

Me: I'll have to administer this when she's sleeping, Need to be vigilant of Aeshma. He might trap me

Azreal: We will free you, Ramiel will

Me: I'll see to it

CHARLES

I was on the phone with Simon..

Simon: Put the hoodoo on your wife, She's a liability compared to Lucria

Me: Lelethu is going to break down

Simon: Isn't that what we want? For her to completely question the existence of God? Plus with Ntombi gone she'll break down more. She'll be stuck with you guys

Me: I never thought of it that way

Simon: I will send you the spell, She'll die in her sleep

Me: Yes great leader

Simon: By the witchful hour she has to be dead,
Exactly at 03:00am

Me: I'm glad Lele won't see it coming, She's blocked since she slept with Aeshma

Simon: Very well

Me: Thank you Great leader

Simon: You always welcome

LELETHU

My thigh was painful, The whole leg was cramping.
I limped all the way to the restaurant..

Sway: I hope this will be the last encounter

Me: I still don't understand why you did that

Sway: You were lying to me

Me: I wasn't

Sway: Yes you did!!! (shouting)

People looked at us..

Sway: Don't push me

The manager walked to us..

Manager: Is everything okay?

Sway: Yes

Manager: Mam

I faked a smile..

Me: We okay

Manager: We heard shouting

Me: Sorry for the disruption, We are okay

Manager: Are you sure?

Me: Yes

Manager: Call me when you feel unsafe

Me: I will

He walked away..

Sway: You saved him, I almost snapped his neck

Me: May I please be excused to the rest room?

Sway: Okay

I got up and limped to the bathroom..

NONTOMBI

Charles came back..

Charles: Can I take you out tonight, For dinner?

Me: I prefer staying

Charles: Please, Your favourite restaurant

I looked at him..

Me: Okay

Charles: I'm going to make this right, I promise

Me: I was thinking tomorrow Lelethu and I go visit my Mother's house. Visit my Aunt

Charles: I can come with

Me: I just want it to be me and her, Possibly go to my Mother's grave too

Charles: You've never been there since her funeral

Me: I wanna go now

Charles: Of course I don't see why

Me: Thank you, I wanna go lie down now

LELETHU

I locked myself in the toilet and cried..

Voice: Mam' Are you okay?

It was the manager. I got up and opened, Came out of the stall..

Manager: Look if you are scared, I can call the Police

Me: Please leave the rest room, He finds you here it's going to be a problem

Manager: Allow me to call the Police

Me: Okay.. Please leave

He walked out..

I took the paper towel and wiped my face, I then walked out. I joined him back at the table..

Sway: What did he want?

Me: Who?

Sway: Don't provoke me, The manager

Me: I...

Sway: If you wanna sit on a wheelchair because of leg cramps on both legs. Tell me

Me: He was checking if I was fine

Sway: Is he calling the police?

Me: Huh?

I turned, He was dialing on the landline phone..

Sway: He's going to have a heart attack in
5..4..3..2..1

He dropped the phone and put his hand on his
chest..

Sway: The we go

The manager fell..

LELETHU

I don't understand why Sway did that, Nor why he was acting like this. He's totally different from the Sway that I knew before, That I loved. The Sway that was so sweet, Kind, Humble, And Caring. Not this Sway who is now heartless and doesn't hesitate to kill because it fascinates him..

When we got home, He went about his way. Mom and Charles weren't around..

My leg was getting worse, Swollen and red.

I was in bed, Our chef was around. We have a chef and a maid..

Chef: Exactly what happened to your leg?

Me: I fell

Chef: Eeuw, I'm sorry

Me: Yaa, Heels are not my strong point after all

Chef: I am so sorry, Here's your peppermint tea

Me: Thank you, Won't it mess with my painkillers and pills I drank to sleep?

Chef: No

Me: Okay.. I'll be resting

I checked the time, It was 17:00..

Me: I'm hoping to rest until tomorrow if possible

Chef: I understand

She walked out and closed the door.. I took my phone and called Sway..

Sway: Cup cake

Me: I'm resting.. My leg is getting worse

Sway: Okay

Me: Took some sleeping pills, Incase you get home and find me sleeping

Sway: Understood my Dear

Me: Okay

Sway: I love you

Me: I love you too

I hung up... Then drank my tea and prepared to sleep..

CHARLES

We were dining in a private area, At the most expensive restaurant..

I excused myself, Told her that I needed a phone call to make....

All in all I needed to go to the kitchen, In preparation for the meals.. The Entree, Perse. I spoke to the manager in shift if I could write something on my wife's plate, I needed to pour the poison in her plate, I've already encompassed the spell in the poison at home. The spell that Simon gave me, It will help protect my innocence in this case.. In case of an autopsy..

The private area in the dining room, Is for VIPs only.. The food prepared for us is prepared from a different setting than for the normal guests.. I looked at the Cameras, And made sure to divert my

face away from the cameras. I poured the poison in the gravy and then stirred it up with a spoon. I used the spoon to write something on the plate, Just "I love you".

Didn't really care about perfecting the writing of the message on the plate, So long it's apparent and readable..

I was wearing leather gloves. I took them off and put them in my pocket, The manager walked in..

Manager: Did you manage Sir?

Me: Yes.. Thank you, This is her plate with the message

Manager: Very well Sir

Me: Thank you for this

Manager: It was nothing Mr Gama

I looked at him..

Manager: Logistics, One of the richest business
Men

Me: Ohw.. Yes

Manager: I read most of the business articles about
you

Me: Thank you, Thank you for everything

Manager: Thank you yourself

I walked back to the table...

ANGEL URIEL

She was sleeping soundless. I opened the bag with the dust. I got a handful and sprinkled it on her head. She glimmered and sneezed, But didn't wake up. I lowered the covers, Looked at her leg. I was about to heal her, But thought otherwise. Wouldn't put her in a position that will piss off Aeshma as yet..

Instead, I looked at her..

Me: Sweet dreams, See you soon

This is my last resort, And I hope it will help her. The dust is meant to open up her spirituality in dreams, So she could at least have prophetic dreams again..

Protect that part until she's fully back to her gift..

LIAM "SWAYZZ"

She continued sucking me, Kneeling in between my legs. Raised her skirt high up to her waist..

I grabbed on to her head not the wig, Those are sensitive in coming off..

She went on until I came deep in her mouth, Instead of spitting out, She actually swallowed..

Then wiped off the residual from the tip of my dick..

She got up and I fixed myself, Zipped myself too..

Nomthie: That was a little unexpected

She fixed her skirt..

Nomthie: The girlfriend situation?

Me: Now why ruin a good moment?

Nomthie: Was just asking, She's not good with the mouth?

Me: Let's go back to the dinning area shall we?

I followed her as we left the restroom...

We were going back to our table, When I saw my Father and Lele's Mother at the private dinning area, We went to our table..

LELETHU

I was walking in a dark road. It was quiet and a bit cold. Looked like it was at night.

I was wearing a white dress, Pure white dress walking barefooted. Felt like I was here before, This felt like Deja Vu..

Me: Hello??

Suddenly I saw headlines, Looked like a bus approaching but I was a bit far from it. Suddenly, I saw things flying from the sky to the bus. They had black wings. Though it was dark, But my vision wasn't totally bad..

They had black wings, And weren't exactly human like..

I stood there as they hopped ontop of the bus, 4 of them and it caused the bus to drift..

One stood in front, As the bus approached. He flipped it, And I have never seen a bus rolling like that before. The other creature made sure it didn't reach him. It settled on the ground, On it's right side. I checked the ground, A few bodies were laying there. It could have carried an estimation of 60 people inside..

Some of the bodies were in pieces, Head de-attached. Some were crawling, Some in pain. Blood just running on the road. My breathing intensified, And I screamed. The leader turned, Looking at me..

When he approached, I moved back but fell. I crawled backwards in fear. His wings started flapping, Preparing to fly. He actually did fly my way,

I sat there in fear..

I closed my eyes and covered my forehead with my arm, I felt a quick grab on my arm and being lifted off the ground..

High up above the ground, It let go. As I was going down, Came back to grab me again but around my waist not my arm. I checked, It had white wings, Actually shielded me with the wings. It was warm and safe inside it's wings..

Flew away, Until he stopped. Placed me down on top of a mountain. I was a bit dizzy, I actually sat down..

I looked at him.. Gold long hair, Silver Armour and a sword. He was big, Very muscular and a bit taller than a normal human being..

Me: Wow

He turned around giving me his back..

Me: Magnificent, Are you an Angel?

Him: Yes

His voice was deep..

Me: Is this real?

He turned and looked at me..

Him: I am what they call Uriel, A warrior Angel

He knelt down before me on one knee and bent his

head a little..

Uriel: It's an honour to make your acquaintance Pr..
I mean MaLady

LIAM "SWAYZZ"

My Father and Nontombi didn't see us at all. They
were still enjoying their meal..

I looked at the time..

Me: Let's go

Nomthie: Thank you for the outing

Me: You welcome

I got up and then we walked out.. I was holding her long jacket and her bag..

Nomthie: I had a great time, Can we do this again?

Me: Yeah.. Sure

I put my hand around her waist that was holding her bag.. Then we walked to the car..

LELETHU

Uriel and I were sitting on the ground. Seeing how uncomfortable the mountain was, He literally let me sit his wing. They are big. He was massaging my leg, The one that was badly bruised..

Uriel: You won't feel any pain any more, But the discolouration will still be there. I can't heal it completely because we don't wanna raise suspicions

Me: What happened to Liam? He was never like this

Uriel: Some other things you will find out on your own, I'm just here to help you as your warrior Angel and guardian Angel. To help you tap in fully into your gift

I withdrew my legs from him..

Uriel: Malady, For how long will you dilly dally on this situation? The signs are there. You can't believe that you an ordinary human being

Me: I have a mental illness

Uriel: No.. You have a prophetic gift, Same that your Grandmother had

Me: Uriel stop

Uriel: Otherwise why are you seeing me? However many people can say that they have seen nor dreamt of Angels before? You a warrior Prophetess, The more you delay. The more the dark world will get the souls, The more people you need to save are going to suffer

Me: Even if I did have it, My Mom won't accept it.
My family won't

Uriel: "Do you think I came to bring peace on earth?
No, I tell you, but division" Luke 12:51. Your family
isn't entirely what you think they are

Me: They my family, The only people I'm left with

Uriel: Understood but.. 90% of the time those who
realize their gift. Get a spiritual awakening, Some of
them lose friends and family because now you
different from them. At times in the physical you'll
have to start alone, Afresh

Me: If you weren't sitting next to me, I still wouldn't
believe it

Uriel: I know

Me: What do we do?

Uriel: Some truth will come out, And that will be your spiritual awakening. Unfortunately you blocked to me see me other than in your dreams for now

Me: I understand

Uriel: We have to call it short.. He's coming back home

Me: I don't feel like staying there anymore

Uriel: Anytime you wanna talk to me, You can just sleep and please don't tell anyone about this. Especially not him

Me: I won't

Uriel: Let's go wake you up

Me: Wake me?

Uriel: You took pills to sleep, So I'm going to wake you up

I got up from his wing, He stopped up too.

He came closer and his wings wrapped me up..

Uriel: Hold on tight

I couldn't completely wrapped my arms around his neck, He's so big.. We navigated above the ground, High up. When we were really high, He let go.. I shot

straight down..

CHARLES

Ntombie wasn't feeling too well. We had no choice but to leave.. We didn't even get a chance to eat dessert..

Ntombie: My temperature is rising, I feel like I can't breathe. I'm sweating

Me: You probably had too much wine

Ntombie: I only had 3

Me: Remember what the Dr said, It's probably a reaction to the trauma you endured at the back of your head

Ntombie: Maybe

Me: Let's go

I held her hand and held her bag as we walked out, Bill already paid..

LELETHU

I had this dream that I was falling, The bed did feel like I was falling. I woke up panting with my heart beating fast. I took a deep breath and tried to calm down..

When I was getting out of bed, Liam walked in. He was whistling..

Liam: Cup cake

Me: Hun

Liam: You good?

Me: Yes just woke up

Liam: How is your leg now?

Me: It's...

It felt better, The pain wasn't there but I remembered what Uriel said to me. That I shouldn't tell..

Me: Still painful, But the pain killers helped me a bit

Liam: That's good

I looked at him, His shirt collar had a lipstick mark around it..

Liam: You were sleeping all this time?

Me: Yes

Liam: Yaa it's really late now

Me: I'm going to freshen up so I could prepare something to eat

Liam: We can go out and eat

Me: I think you have, You have lip stick mark on your collar

I walked out.. To the bathroom to freshen up since now it was late

Liam: Shit!!

ANGEL RAMIEL

[PURGATORY]

When I got to Purgatory, I had to stretch my wing that Lelethu was sitting ontop of..

Zaziel flew in, He was in a mood..

Zaziel: What is the matter with you?

Me: What has gotten to you?

Zaziel: You interfered with the order

Me: What order??

Zaziel: The bus accident

Me: What are you talking about?

Zaziel: You showed Lelethu the accident to suit your plan! You intervened with how the order of things are ran

Me: Hold up, Were you there in the dream state?

Zaziel: No that's a future event, You not bringing her dreams in a dream state. You bringing her visions in a dream state of things that are meant to come

Me: She's a Prophetess.. She will have visions of things to come! It's part of her gift!!

Zaziel: We need a court here, I need an audience!

Me: You not getting anything, If the accident showed up in Lelethu's dream state that means she has to stop it from happening

He pushed me back..

Zaziel: Fuccckerr!!!!!!!!!!

Purgatory is just fire and rocks, More like

mountains and fire inside one big mountain..

Azreal's sword came in between us. Separating us from each other before he could push me further into the flames..

His sword struck the rock, And we felt some crumbling... Like an earthquake was present..

I flew over when I lost my footing, To prevent myself from falling into the fire..

Azreal: Both you calm down!!

I landed back on the rock..

Me: Did you see what he did?

Zaziel: You lucky I didn't push you over!!

He flapped his wings..

Zaziel: This means war!!

He then flew away..

Azreal: What happened?

Me: Nothing.. Nothing happened

LELETHU

As I was at the kitchen making something to eat, Mom and Charles walked in. Charles was holding Mom..

Me: What's going on?

Charles: Nothing much, She had a few glasses at the restaurant of wine.. Please get me a glass of water as I got lay her down

Me: Okay I'm coming with the glass

LELETHU

My Mom's situation was worsening. She was vomiting, Feeling hot, Sweating, And getting weak.

My mother is a strong Person, Even when she's sick she doesn't nag unless she's really sick.. You could see it from her eyes..

Me: What really happened?

Charles: That time when you and Sway went out, Mom and I got into an argument. She drank a lot and fell, Bumping her head. When I got off the study, She was passed out on the floor. Woke up the next day not feeling well, Took her to the Dr and the Dr mentioned she will have complications of some sort. As we went out, She was okay only after a few glasses of wine. She started not feeling well then we drove straight home

I was getting scared because my mother is the only Person I have in the world, Not counting these ones...

I got up and went to my bedroom....

Me: Excuse Me

I got to my room, Closed the door. Sat on the bed and closed my eyes....

Me: Uriel.. Where are you??

It was quiet..

Me: If you can hear me, I need you

The door opened, I opened my eyes. It was Sway..

Me: I was just praying

Sway: We taking her to the hospital, She's vomiting blood.. Come on, This is scary

We rushed out of the bedroom...

LUCRIA

It was a great service, Surprised that Charles and them didn't come..

Simon: Lucria.. How are you feeling now child?

Me: Better, Great service we had

Simon: Indeed

Me: I was hoping that Charles and his family were going to be here

Simon: He had something to take care of

Me: Okay

Simon: Listen, I know that something unsettling happened. All I'm going to say is that, Don't worry about it. Everything is going to be okay

Me: Yes great leader, Thank you

LELETHU

This was confusing, And scary. My mind was racing and my heart beating very fast.

She was laying her head on my shoulder, And wasn't too responsive. J ust had a tissue with her,

To cough out blood..

She wasn't talking anymore, Just very weak..

We arrived at the hospital, They took her in.

Sway put his hands on my shoulders..

Sway: Cup cake

Me: I just need her to be okay.. I just want her to be okay

Sway: I understand, But.. You saw how she's like, I think we can also prepare ourselves for the worst

I moved his hands from my shoulders..

Me: What are you saying?

Sway: She's coughing out blood, Whatever is happening it's serious

Me: She's not going to die!!

Sway: I know you don't want to face that reality

Me: Why are you talking like this?

Sway: I'm just trying to help you to face reality

I moved over to sit on the chair..

Sway: I'll get you some water

Charles walked back..

Charles: We don't know for how long she's going to be in here, I asked them to at least settle the bill half of it

I was looking down playing with my fingers..

He held my hands..

Charles: Hey.. Don't over think it. She's in the best hands. This is one of the best private hospitals

Me: I just don't wanna think about losing her

Tears fell..

Charles: You not going to lose her, I'll even fly in the best Doctors if I have too. We not going to lose her

LIAM "SWAYZZ"

Nurse: It's not all the time you see someone buying water, It's always coffee or soda

I was at the vending machine..

Me: I find water to be more effective, We already nervous. Coffee will raise our anxiety

Nurse: I understand

I took the two bottles of water..

Me: I should head back

I walked back, Dad and Lelethu were sitting side by side. She was crying, He was comforting her..

Me: I got water

Dad: Was wondering where you went, She's not in a good space

Me: Understandable

I stretched the bottle of water to her..

Lele: No thank you.. I need some fresh air

I stood up and walked out...

Dad: It's sad

Me: What's your deal here?

Dad: I'm sorry?

Me: Saw how you were all over her

Dad: You think that Lele and I could?? I love her like a Daughter, Actually she is a Daughter to me

Me: Thought I should raise it up, Concerning your fetish with girls younger than you

Dad: Definitely this is not my Son, Because my Son wouldn't have the guts to talk to me like that

Me: How can he? When you've done nothing but

control him with fear? Make him fearful

Dad: You make me wanna check on my wife, The wife I've poisoned

As I was about to walk away, The Dr approached us..

Dr: Ntombie Ngema?

Me: I'm her husband, How is she?

Dr: unfortunately she's gone

Me: What do you mean she's gone?

Dr: She didn't make it, She vomited blood when we were trying to stable her. She struggled to breath

and that was it

I sat down...

Dr: I'm truly sorry, Time of death was exactly 19:30

Sway: Thank you for letting us know Doc

He walked away..

Sway: Well done.. I'm going to find Lelethu

I closed my eyes and untied my shirt at the top so I could breath..

LELETHU

I was outside getting fresh air..

Sway: Cup cake

I turned and looked at him..

He walked up to me, He put both his hands on my shoulders..

Sway: I'm sorry

Me: What are you sorry for?

Sway: She's gone.. She didn't make it

LELETHU

We drove back, My mind still confused, Failing to comprehend the situation. The new reality. In all honesty, Death is somewhat unbelievable. Very unbelievable.

Charles: I was thinking of something more intimate, A small ceremony to bid her farewell and a cremation

Sway: That sounds good

Me: No.. We not cremating her, Matter of fact. I would like an autopsy done

Sway: Why?

Me: I have too many questions with no answers

Charles: I will have an autopsy done

Me: Excuse me, I'd like to go and rest

Sway: You don't need anything?

Me: No

I went to the bedroom, Took sleeping pills and slept..

LUCRIA

Both Sway and Charles have posted on their Instagram that Ntombie is no more.

I called Charles, For a much clearer confirmation..

Charles: Yes she is no more

Me: Does that mean, There's us now. Officially

Charles: Yes.. But we have to wait for the funeral before we come out

Me: What about the Princess?

Charles: Honestly speaking, The royal treatment is done for her. There's no Ntombie, She needs us now more than we need her

Me: I cannot wait to move in, I cannot wait to see the look in her eyes

Charles: You can come over for now, To help around and actually be there for your friend

Me: I'll pack a bag

LELETHU

Took me a while to fall asleep, When I did. I was able to meet up with Uriel, This time around by the beach. The water looked a bit unsettling and scary at night..

Uriel: The breeze of the sea is good when one needs to clear their head

Me: What happened?

Uriel: The darkness takes away the colour of the sea

Me: I meant what happened with my Mother?

Uriel: A lot happened

Me: I don't believe her death was natural

Uriel: Of course it wasn't

Me: Why you never stopped it? Why didn't you guys do anything?

Uriel: There's a saying that says. Money is the answer to everything, But the love for money is the

root of all evil. She became the root of all evil, Evil in its fullness brings about death

Me: I don't understand

Uriel: Clearing the closet you'll find Skeletons, The question is are you ready?

Me: I am ready to fully tap into my gift, What shall I do?

Uriel: A lot is going to be required, Leaving your current life of luxury to a life founded in God. Walking with God, Means clearing away everything from the devil

Me: What's the first step?

Uriel: The is a river that is known to cleanse away all darkness. Indoni Yamanzi, You need to go there

Me: When?

He turned and looked at me..

Uriel: This is your spiritual awakening, You will find out what happened. Then everything is going to unfold on it's own from thereon

I kept quiet for a while, And was overwhelmed with heavy emotions. I was able cry..

Uriel: Crying is good, It cleanses the soul

I looked at the sea, Then ran towards it.

Uriel: Malady??

I just ran towards it..

Uriel: Wait

I continued running to it, But the further I ran. The water withdrew from me. Collected and created a wall..

I stopped on the wet sand where water was supposed to start. I looked at Uriel, He was the reason for the water collecting..

Uriel: You go in and drown, You will die in your sleep

Me: Then so be it!! Let it be!! I have nothing to live for now

Uriel: Your mom wouldn't want that for you

Me: What do you know about my Mom?

Uriel: Come.. Let's go somewhere, If it doesn't change your mind then you can safely do that

LIAM "SWAYZZ"

She was sleeping, I closed the door.

Dad: How is she?

Me: She has gotten some sleep

Dad: Now we have to call her Grandmother,

Ntombie's Aunt. I hate that family

Me: We have to call her we have no choice, Their
Daughter is dead

Dad: I'll call her

Me: I'll go see the coroner for that autopsy

Dad: Make it believable

Me: Yes Sir

LELETHU

Uriel took me to this beautiful park..

Me: What are we doing here?

Uriel: To meet someone

We walked over, To a woman touching dead flowers
and bringing them back to life..

Uriel: She was a Prophetess in her lifetime, Hence
why she's able to give flowers life

Me: That's beautiful

Uriel: Prophetess

The prophetess turned, It was my Grandmother..

Me: Grams?

Grams: Lele

I ran up to her and hugged her..

Grams: Ohh my beautiful Granddaughter

I wiped my tears..

Me: Mom is dead

Grams: I know baby

Me: Why isn't she with you?

Grams: There's choices she's made, That prevented her from being here

Me: I don't know what I'm going to do

Grams: You'll find your path. Life never promises to be fair, But with faith we find our life purpose. I know this is too much for you, In the mist of your hurt. Courage and faith you should never let them go, Sometimes as a spiritual person. You need to be faced with a lot of situations. The situations are not meant to destroy you, But grow you and make you strong

Me: I don't even know where to start

She looked at Uriel..

Grams: You have a whole team that supports you, Go forth and make me proud

LUCRIA

I drove down to the Gama residence, Charles was there. Lele was sleeping..

Me: Shame.. I wonder how she's going to go on in life without her Mama Bear

Charles: She has to grow up now. Like I said, Royal treatment is over

Me: She's weak this one, She's going to be crying a river for the longest time

Charles: Cry to who? I am not her Father. She's not my Daughter

Me: Well that changed quickly

Charles: If she wants to continue living here, she must now play by my rules

LIAM "SWAYZZ"

I knocked..

Coroner: Come in

Me: Good evening

Coroner: Yes?

Me: I am not sure if you have gotten our request, For an Autopsy of my Step Mother. Ntombi Gama

Coroner: Indeed, I shall be starting tomorrow

Me: I need you to write that her liver failed, She has cirrhosis, Due to alcohol intake

Coroner: Why would I conclude that?

Me: I don't know.. Maybe because I can end your career

He laughed...

Coroner: Get out of my office

Me: Very well, And I shall be forwarding the counsel, The hospital directors of your sick addition in child pornography

He looked at me..

Coroner: How did you know about that?

Me: Now I grabbed your attention, Good!

Coroner: How did you know about that?

Me: Ntombie Gama don't forget

LELETHU

Uriel: You have to go now, Until we meet again

Me: Will I ever be able to see you without dreaming?

Uriel: Yes, When your gift has opened up

Me: Thank you for this

Uriel: Anytime Malady

I walked closer to him for a hug, He didn't hug back..

Me: Thank you

Uriel: Let's go

Me: The falling thing again?

Uriel: Yes

I held on, He projected upwards and then let go of me..

I woke up just when I was about to fall..

My heart was beating fast, I got out of bed to go to the bathroom..

I heard voices in the lounge. I walked over and saw Lucria and Charles drinking wine.. She was sitting on her lap..

Lucria: Hey friend

Me: What's going on here?

Lucria: We are drinking wine

Me: I can see that, What are you even doing here?

Lucria: I am here in support

Me: In support? You mean by sleeping with my father whilst my mother is not even cold!

She laughed..

Me: I can't believe you doing this whilst my mother is not even cold

Charles: Lele

Me: This is wrong!! You are evil

Charles moved Lucria and came to me..

Charles: Listen here!! First and foremost I am not your Father! If you were really mine, You would be

stronger than this. You fucken weak! Spoiled and irritating

Lucria whistled..

Charles: Royalty treatment is over now sweetheart, Wake up and smell the coffee

Lucria: I'll go prepare dinner

Charles: No.. Lelethu will.. Roasted chicken and green salad, Garlic bread ontop and don't burn anything

He walked back to sit down..

Lucria had this Smirk on her face..

LELETHU

[A FEW DAYS LATER]

It was a Friday in the afternoon, Tomorrow its my Mother's funeral. The whole week, I didn't think I was going to make it. It has been hard and very heavy... I understand now when they say "You will know the true meaning of life, When your Parents are dead". That trust no one, Even the ones who seemed as if like they loved you, Will eventually change..

The only Person who made it easier for me was my

Grandmother. My Mother's Aunt. She holds resemblance of my Grandmother who is no more, After all they are blood sisters..

Grams lives with my cousins a girl and boy, They are older than me. She told me my Grandfather her husband died 10 years ago. We didn't know because my Mother distanced herself from her family when she married Charles..

Grams: I need you to come home after this, I've seen how Charles treats you. Look at your hands, They dry and cracking. You exhausted emotionally, Physically and mentally

Me: Even if I wanted to leave with you Grams I can't

Grams: So you'd rather be their maid and door mat? He's even brought a girl your age who is very disrespectful

Me: Charles won't let me go, Plus he's rich. I don't want to put you guys in danger, He has money and power hence he tempered with the autopsy report. Mom would never drink herself to a liver cirrhosis, She wasn't an alcoholic

Grams: He killed her, From the very start when he alienated her from us. I knew that one day he was going to kill her

Me: Yaa but we can't prove it Grams

Charles walked up to us..

Charles: From how you two are sitting, I can tell gossip is going around

We kept quiet..

Charles: It was a joke

Grams: I want Lele to come and live with us, Move in with us

He laughed..

Charles: There's no way that's happening

Grams: She's my Granddaughter, You not her father. What brought you two together, She's gone. It's time for Lele to come home, Learn about her roots

Charles: Lele is like a Daughter to me

I chuckled..

Charles: I've raised her from when Ntombie walked into my life with her. If her Mother wanted her to come stay there, She would've brought her. I am respecting my wife's wishes. Plus that life is not for Lele, She was raised in luxury

He rubbed his hand on my back..

Charles: She can come visit once in a while, Another thing. She's dating my Son

Me: Excuse me, I'll go make you that tea Grams

I Stood up and left them..

LIAM "S WAYZZ"

I was at the mall, Had accompanied Lucria to buy

herself an outfit for tomorrow..

Lucia: I need to do my nails too, Maybe black?

Me: For a funeral?

Lucia: It's not just a funeral. His business partners will be there, It's going to be a televised Funeral on eNCA. I wanna look my best and feel my best when the camera shifts to me

I shook my head..

Lucia: Hey. You know we thrive on funerals, It's our celebratory moment

Me: I wanna buy Lele an outfit too

Lucia: Agh....

Me: What?

Lucia: Exactly what do you see in her? She's dull and boring

Me: She's smart and royal spiritually

Lucia: So we suffering because she's a Prophetess?

Me: Yes

Lucia: Agh whatever!

LELETHU

I was in the bathroom, Crying.. I took the tissue and wiped my tears. Grams is right, I do look shitty. I don't even know the last time I had a good night rest, Or just rest in general..

Uriel: Malady

I freaked out..

Me: What the?? What are you doing here?

Yes, I am now able to see him. I can't see anything else spiritually but him. He has no explanation to it, I also don't..

Uriel: He's protected the yard from Angels

Me: How then did you get in?

Uriel: I shimmered

I went and sat at the edge of the bathtub...

Uriel: You look..

Me: Like hell

Uriel: Tired

Me: I am

I looked at him....

Me: What happened to your wing?

Uriel: It's nothing trust me

I got up and went to check..

Me: It's wearing off, The furthers

Uriel: It's nothing I can't handle, I promise you

Me: What are we going to do Uriel?

Uriel: We'll figure it out

He squeezed my cheek..

I have to go, Someone is coming..

He kissed me on my forehead..

I heard a knock..

Charles: Lele.. The Great leader is here, Please a bottle of my finest whiskey

Me: I'm coming

ANGEL URIEL

I shimmered to the top of a mountain..

Ramiel came, She stood behind me..

Me: I'm a good warrior angel, The best we have in the field

Ramiel: Uriel

Me: The bible speaks greatly of love

Ramiel: The counsel is calling for you

Me: They going to lock me up Ramiel

Ramiel: Do you blame them? You are losing your strength and your righteousness as a warrior Angel because you have fallen in love with a human being!. They will lock you up for your own protection and hers, For the sake of the Nephilim not to be brought back. Uriel do you understand the importance of this? You and Lelethu can be the end of the world as we know it. A Nephilim, Half human and half angel cannot exist in the world

Me: She only trusts me, If I get locked up she..

Ramiel: They going to appoint her another guardian angel

Me: Ramiel..

Ramiel: Don't make this more hard, Let's go

LIAM "SWAYZZ"

Lucria: What do you think of this one?

Me: It's cool

Lucria: Come on

Me: I think it will suit Lele better

Lucria: Fuck Lelethu!

Me: Why do you hate her so much?

Lucria: Because.. She's managed to have it all even in her mental unstable state

Me: Have it all?

Lucria: You included

Me: Me?

Lucria: Forget about it

Me: Wait a minute.. Don't tell me you have feelings

for me

Lucria: Forget about it, Let's go

LELETHU

They were sitting by the pool.. I placed the whiskey on the small table..

Simon: Thank you

I bowed a little, Looking down..

Simon: When is Sway marrying this one?

Charles: He has been hinting

Simon: He should.. She would be a great assert to
us

Me: I'll be in the house if you need anything

I walked away..

Simon: She is taking her Mother's death hard

Charles: She'll be fine

ANGEL URIEL

[THE CONCUL]

I stood before the council, So I could be told my fate.
Azreal as the head of the council, He was leading
the meeting..

Azreal: It has been made known that Uriel has
somehow developed romantic feelings for the
Prophetess

They all looked at me..

Azreal: His wings are even wearing off, He is
harbouring feelings that he shouldn't have

Zaziel: What? The great warrior Angel is stained

Azreal: Unfortunately deliberation has been made,
Even from high above

It was silent for a while..

Azreal: It has been concluded that Uriel for his
safety and the safety of his Angelic innocence, He
needs to be locked up. Go through purification

Zaziel: I second that

Azreal: Ramiel will take over and relieve Uriel of his
duties

Me: If I may speak

They gave me attention...

Me: Lelethu and I haven't done anything that is sufficient enough to have me locked up, Unlike Ramiel who once possessed a human being and so did Helena. I haven't done that, My ways are justifiable

Zaziel: Justifiable until you actually commit the sin. Until you two bring about the Nephilim

Me: That won't happen. We want Lelethu to be a better version of herself, I can safely say she has been improvements on her side. She now knows how to pray. If Ramiel goes and be her guardian, She won't be able to trust her

Azreal: That is for the council to decide and not you

Zaziel: What has the council decided?

Azreal: Uriel will be locked up, For purification purposes until he's ready to resume his duties. May he be taken away

I drew out my sword..

Azreal: Uriel don't do this

Me: I am not going to the cage!

LELETHU

Swayzz and Lucria showed up late, It was just after 21:00. Lucria looked tipsy, Laughing uncontrollably during this mourning phase..

Lucria: That was the shopping spree therapy that I needed

I closed the dishwasher..

Sway: I'm happy you enjoyed yourself

Lucia: Oh hi Lele

Me: Hi

Lucia: I'll go to the bedroom

She kissed Sway on the cheek..

She made her way to the bedroom..

Sway: I bought you an outfit for tomorrow

Me: You shouldn't have. I already have a lot of black attires

Sway: Come on, I was just trying to something nice for you

Me: Thank you

Sway: Have they brought your Mother in?

Me: She's coming in tomorrow morning

Sway: Okay.. I'll go put these in the bedroom

CHARLES

I looked at her, She looked swollen. The poison must've done a number on her..

Simon: Are you ready?

Me: Yes

We performing a ritual, So that Ntombie won't be able to revenge from the grave.. Her body was supposed to be taken home. Instead, I asked for her to be brought at the church so we perform the ritual overnight and tomorrow morning she'll be able to go home then back to church again for the service....

Simon: Let's perform

The ritual is a bit long, A lot has to happen and go into the ritual..

We need to bath her with something, Then put some ointment. Tie her legs together too and dress her

up...

ANGEL URIEL

Ramiel: Put the sword down

Me: This is not right

Ramiel: You said that I possessed a human once,
Yes I did. I also went straight to the cage for that, I
went through purification. I paid for my sins, Then I
was able to come back and carry on my duties. The
cage feels like eternity I know, But it will help you.

Me: I'm not going

Ramiel: You have no choice Uriel!, If you strike you
know who will have to come down and deal with

this. It won't be easy

I dropped the sword..

Azreal sent the Halo, That captured me. Then I was escorted to the cage..

LELETHU

Grams: I don't like this girl, She doesn't have respect at all

Me: I know, Lucria always had a brain of her own

Grams: Whose child is she? Didn't her Parents teach her manners and respect?

Me: Her Parents died

Grams: No wonder, She has no respect

Lucia walked into the lounge..

Lucia: Where is Charles?

My Grandmother looked down..

Me: He went out, To make sure that they bring Mom
in the morning

Lucia: For how long has he been gone for?

Me: Since 16:00

Lucia: Okay.. Thank you

She walked out..

Grams: I can't stand her

Me: It's okay Grams

Grams: It's not okay Lele, Nothing about this is okay

She took out her black snuff..

Grams: Go get me a tissue

ANGEL URIEL

They chained me, They caged me next to Helena's cage..

Helena: I guess it didn't go all well for you

Me: No

Helena: The first few times here will eat you out,
You still have a long way

Me: I'll be fine

Helena: Of course, You a warrior angel. Trained to
withstand any torture

Me: Yes

Helena: Well then I've been here for long, Longer
than you. I have formulated a plan to be out of here

Me: You have a plan?

Helena: I have a plan

[SATURDAY MORNING]

The funeral service was to start at 8:00am-
10:00am..

I looked at myself in the mirror. Wearing a black

dress, black doek and boots..

I wasn't ready for this day, I actually felt a panic attack creeping in..

I sat down on the bed and prayed. I have started praying, Not really sure how it goes but I just say what's in my heart..

Me: "God you know I'm not ready for this day, Please carry me through. In J esus name.. Amen"

Sway opened the door..

Sway: They just brought her in

Me: I'm coming

Sway: Okay

ANGEL URIEL

You can't tell if it's day or night when you inside here, You can only tell when you outside..

Helena: Uriel

Me: Yes?

Helena: So as I've said, I have a plan. We can get out of here

Me: I am not trying to have my existence wiped out

Helena: You can only survive Purgatory for a while.
It's hard in here

Me: I am a warrior angel, I can withstand the pain

Helena: Trust me you won't, It's very difficult

Me: Helena why do you wanna mess up your purification?

Helena: I'll be here for a long time Uriel, There's no hope for me anymore. I've done a lot

Me: Wait.. You not coming out?

Helena: Unfortunately no.. So I have to take this, That's why I wanna break out

LELETHU

My Grandmother held my hand as we walked to her coffin. It was an all black casket, The audacity of Charles!!

He stood there next to her coffin, Arms folded..
Sway was standing on the other side..

We walked over and looked at her. Her face looked swollen, She looked like she died in pain and it hurt me deeply..

My Grandmother slowly shook my hand..

Grams: Don't cry Sisi

I couldn't hold back.. Tears fell, I felt like my soul was going to leave my body right there.

Sway came to hold me...

Sway: It's okay.. It's okay

He walked me away from her coffin...

We left outside, I tried breathing in and out..

Sway: It's okay

Me: I don't know if I can do this, I can't go on

Sway: You need to be strong Lele, This is the reality of things

Me: My Mom wasn't supposed to die like that

Sway: It's life, It's shitty.. I'll go get your coat and bag

Me: Thank you

My whole body was trembling, I was standing outside alone. Paparazzi already at the gate..

Lucia walked out of the house holding a glass of wine..

Lucia: Ohh Lele

Me: Please leave me alone

Lucia: Pull yourself together, I'm not going to have you take the shine away from me

Me: What?

Lucia: Paparazzi is at the gate, If you keep on crying like this. They will concentrate more on you than me

Me: Are you serious right now?

Lucia: Dead serious.. So your Mother is dead, So what?? I lost my Mother too

Me: May I have a sip of that?

Lucia: Yaa take this, It'll help with the nerves

She passed it to me, I poured the wine on her face..

Lucia: Whaaat? Are you insane??

Me: Stop talking shit!!

Sway came back..

Sway: Here are your things, They about to take her out to the hearse

He looked at Lucria..

Sway: What happened to your face?

Lucria: Ask your damn girlfriend!!

She walked back inside the house..

They wheeled her outside, We followed. Sway was

holding me..

We walked all the way to the car, The gate opened.
Her black hearse was the first car parked..

The media was already there taking videos,
Reporting, And capturing the moment..

Sway opened the door of the second car, I got in..
Moved over so he could get in too.

We waited, I saw Charles going back inside.
Probably gone to fetch Lucria..

LUCRIA

I had to wash my face again, Dry it and then patch
my makeup where I could. Thank goodness the

mascara and eyeliner were water proof..

Charles: We are leaving to the church, Are you seriously applying makeup right now?

Me: Your girlfriend poured me with a glass of wine

Charles: I don't care none about that, Let's go!

I took my bag and we walked out..

The cars were already parked outside, He was holding my hand..

Me: Wait until I make her life miserable after this

Charles: J ust fucken let it go! Stop being childish and insensitive, She's lost her Mother! Have some

respect

I was met by a lot of cameras on my face and questions..

"Mr Gama who is this?"

"Is this one of the relatives? A Niece?"

Charles: Don't say anything and just get in the car!

I got into the car..

I can safely say the funeral went well, Despite the colour of the casket that we bid my mother farewell with..

After the weekend funeral, It was back to life as we know it Monday morning..

As I had prepared myself for school and eating Breakfast, Charles joined me..

Charles: Good morning

Me: Good morning

Charles: You going to school?

Me: Yes

Charles: I see.. On that note I have something serious to discuss with you

Me: Okay?

Charles: I won't be able to pay for your fees anymore

I dropped my spoon on the plate..

Charles: You need to drop out

Me: I.. I'm almost finished

Charles: No you not, You 25. You should've long graduated but you kept on changing courses,

Wasting money left and right. I've spent a lot on you when it comes to education than I have on anyone else even Sway, And each time. You've done nothing but disappoint and play

Me: But...

Charles: Money doesn't grow on trees Lele, If you wanna continue at school. You will have to pay for yourself

Me: I can't pay for myself

Charles: Then it's not my fault

Me: I struggled at school because of my mental issues

Charles: Please!!.. I've also wasted money on you when it came to medical bills and even today they still don't have a precise diagnosis, Whilst we on that. I am also no longer paying for your therapy sessions. The only money you'll get from me is nothing but for toiletries

Me: You can't do this

Charles: I can

He looked at the time..

Charles: You need to learn and understand that life is indeed what we call a "Bitch"

He got up..

Charles: You can send a few CVs, Get a decent job. It's time now for you to learn responsibility, No one is going to baby you anymore

LIAM "SWAYZZ"

I looked at him, The tyre had fallen in the middle of his torso. Cutting him in half..

Me: It is indeed an unfortunate event

I looked at the drivers..

Me: He was trying to change the tyre?

Driver: Yes Sir

Me: He did die on duty, His family will be

compensated. I will take his info from the HR

Driver: Sir if I may?

Me: Yes you may

Driver: This is the 3rd driver dying, We are scared now as drivers. Surely our trucks are faulty

Me: I understand but our trucks going through maintenance every month, Unless you trying to say our mechanics are not qualified. First of all he tried to change the tyre all by himself

Driver: He needed to deliver good, We all know how to change tyres

Driver 2: And I helped him, That tyre missed me

I looked at his beaded necklace, He escaped untimely death because he has strong ancestors..

Me: Look gentlemen this was an unfortunate event, Death comes for everyone. If we could all go back to work now, Thank you

I walked away as they were busy complaining...

LELETHU

I laid in bed crying. I was tired now. Emotionally, Mentally and physically. I was crying and debating with myself that there's nothing left for me, I might as well use the last of my medication to commit suicide..

Voice: Lele

I stopped crying..

Voice: Lelethu

The voice sounded very familiar.. I turned, It was Sway..

Me: Sway?

He was standing by the door way..

Sway: Hey (Smiling)

Me: Am I??.. Am I dreaming?

Sway: I have missed you so much

Me: I. I see you everyday

Sway: That's not me, You know deep down that's not me

He walked in and sat on the bed..

Sway: Lelethu not everything is at it seems

Me: What's happening? I'm so confused

Sway: A demon by the name of Aeshma took a hold of me

Me: Possession?

Sway: Deeper than that

Me: So what happened to you?

Sway: That's not important for now, What's important is for you to listen

Me: I'm listening

Sway: There is nothing wrong with you Lele, All this mental illness you think you have is not what you think it is. You are a powerfully gifted Prophet, You take that gift from your Grandmother. The reason why you grew up thinking that you mental unstable is because we made you to believe that, So you don't get to know who you truly are

Me: Why?

Sway: Knowing who you are meant destroying us

Me: Us?

Sway: Charleston is a devil worshiper, The highest rank physically and Simon is his leader

Me: Ohh my God!!!

Sway: He got me into it too, I had no choice. All these riches are attained from devil worshipping. Sacrifices. Although with him, He doesn't necessarily sacrifice family, Unless you piss him off. He's sacrificed his workers and ordinary civilians. Accidents etc

I shook my head..

Sway: Listen to me! You need to bring them down,
For your Mom's sake too. She was blinded

Me: All this time

Sway: I'm sorry, If I wasn't too weak I would've
taken him down

Me: Sway..

Sway: You need to leave, Pack what you can and go
home. You'll find answers at home

Me: I can't go home, Charles and Sw.. Charles and
Aeshma will hunt me down. If I'm so much of a
threat then they will hunt me down

Sway: You have a lot of angels protecting you, Both

in the physical and spirituality. Okuhle is your Earth Angel, Prophet Zaine Radebe is legit. He is the Goat of Prophets but in your case you need someone a specific someone who will help you with deliverance. Rev Nazo Buthelezi, He's a spiritual healer and will heal you with everything that's happening

Me: Why you never told me this?

Sway: It wasn't time yet, But now it's time. Pack what you can. Call and Uber and go to Grams house

He got up and walked to the door..

Me: Sway

Sway: Yes?

Me: If Aeshma is using you, What happened to you?

Sway: He killed me, His darkness was too dark for me to contain

I covered my mouth with both my hands..

Sway: I love you, Always did

....

I felt someone waking me up, I opened my eyes. It was Lucria. I woke up in bed with the box of tissues next to me. I don't even know when I passed out

Lucria: You were crying in your sleep

I looked around..

Me: I..

Lucria: Don't tell me you still crying for your Mama,
Girl wake up!! She's gone, Crying won't bring her
back

Me: What do you want Lucria?

Lucria: I'm going to school, Why you sleeping?

Me: Charles is no longer going to pay for my studies

She laughed..

Lucria: Never thought this day would come

Me: I feel the same way, I can't wait for the day
when I'm going to say those words to you

Lucia: What?

Me: I mean when Charles play you

Lucia: Don't be evil!, It doesn't suit you

She fixed herself..

Lucia: Anyway I'm going to school

Me: Bye

Lucia: Please do cook that meal you cooked that day, The Salmon

Me: Okay

She left.. When she left, I got out of bed and started packing whilst requesting bolt. I was going to pay online, Still had some money in my card. I remembered Sway's dream like he was talking to me face to face in the physical

Finding my Grandmother's place wasn't a total drag. My mother used to talk about her childhood home and where it was..

When I walked in, Holding my bags. J ust had two. A big luggage bag, And another medium one then a

few bags. I have a lot of things but I had to leave some..

My Grandmother was overwhelmed with different emotions when she saw me, She hugged me tight and cried whilst shaking. I hugged her too..

Grams: Thabo!!

Some guy showed up from the living room..

Grams: Help Lele with her bags to the guest room, Lele this is your cousin. Thabo, His Mother and yours are sisters. His mother is my only Daughter, She passed on years ago

Me: It's nice to meet you

Thabo: Nice to meet you too.. I've heard a lot about you

He was tall..

Thabo: Let me help you with these

Me: Thank you

LIAM "SWAYZZ"

Nomthie ran into my office..

Nomthie: You need to come

Me: What's wrong?

Nomthie: The truck drivers are striking at the main gate and the news crew is already here

Me: What??

I got up quickly to go and check, Indeed they were standing at the gate striking..

Me: How the hell did this happen?

Nomthie: I'm not sure.. Here's your helmet just for incase

Security was standing by the gate making sure they don't come in..

They were chanting that Gama logistics must fall..

Me: Gentlemen.. Gentlemen!!.. Gentlemen!!

They kept quiet..

Me: I.. How did this happen?

Driver 1: We are not prepared to come to work when we don't even know if we are safe. Drivers are dying, The trucks are faulty. Management doesn't care about us, We earn a little whilst you guys are sitting on money!!

Me: You guys earn 15k a month, That's reasonable on the hours you guys work. Trucks get maintained every month

Driver 2: Nithwele ngathi nina!! That's why you guys are this rich. Each time a colleague dies. Either suicide or an "accident"

Me: Malamulela, Those are serious allegations
Nduna

They continued chanting, Picked up bricks and
throwing them at us..

Nomthie: This is not good

I pulled Nomthie and we walked back into the
building..

LELETHU

Me: Thank you

We sat around the table drinking tea..

Grams: Thandi is Thabo's twin sister, They are non-identical twins. She's at work

Me: That's nice

Grams: Thabo works as a petrol attended, He's off today

Me: That's good

Thabo: Wena wenzani? (What is it that you do?)

Me: I was in varsity, Can't go anymore. He's denied paying my fees

My Grandmother shook her head..

Me: Might as well get myself a job

Thabo: That's not entirely a bad idea. You can work and maybe go back to school next year

Grams: That's a good idea, We'll talk to Thandi

Thabo: Sorry we couldn't come to your Mother's funeral, We were both at work

Me: It's okay

Grams: Let me go change the bedding, No one sleeps in there so I'm sure it's dusty

Me: I can do it Grandmother

Grams: No baby it's okay.. You just relax

She went to the guest room..

Thabo: Nami ngizothi shwii kancance to check up on my daughter

Me: You have a Daughter?

Thabo: 6 months old

Me: That's nice

Thabo: You'll see her when her mother comes visit

Me: Still with the mother?

Thabo: Yes

Me: That's unusual, Most people break up when a baby is involved

Thabo: Yeah that's true.. Let me go, Feel free. It's your home too

Me: Thank you Thabo

Thabo: See you later

Me: Okay

CHARLES

"The drivers are complaining that their lives are at stake while they continue to slave for the company. Approximately 15 employees have died behind those gates within the one year period. From staff

in the office leaping off the roof and truck drivers.
Charleston Gama the CEO hasn't made a comment,
One driver even concludes that the CEO is a ritualist
who is sacrificing his staff "

Me: Aghh!!

I clicked my tounge then turned the TV off..

I took my phone to call Sway..

Sway: Yeah?

Me: The strike is all over the news, They have
placed bricks on the road. From the gate to the road,
They even burning a tyre

Sway: It's bad, They are not willing to listen

Me: You are the acting CEO, Handle this situation before we actually lose money

Sway: I hear you

Me: Good!!

I slammed my phone against the couch..

Me: Lelethu!!.. Lelethu!!.. Bring me a glass of whiskey

LELETHU

Grams: Here.. I've kept it for you

It was a pure white cloth..

Me: I don't understand

Grams: Before my sister died, She told me to give you this. You need to put it under your pillow every night, Wear it over your shoulders when you pray

I took it..

Me: Thank you

Grams: You welcome

Me: I'll keep it safe and do as instructed

Grams: I know you will

Me: May I go lie down?

Grams: Yes sweetie

CHARLES

Some of her clothes were missing. Her luggage bag and her other bags..

Me: Shit!!

I went to get my phone. Called her, It took me straight to voicemail..

I called Sway..

Sway: Yeah?

Me: Lele moved out

Sway: What?

Me: Some of her clothes and bags are missing

Sway: Why would she do that knowing we can find her and make life miserable for her

Me: I don't know Sway

Sway: I'll go get her from her Grandmother's place when it's clear by the gate

Me: Do so Son!

Thandi was more enthusiastic than her twin Brother.
Talkative, And a lot of fun..

I am so grateful that my family welcomed me with
open arms, Separation anxiety was playing with me
though because I have never been out of home and
not go back..

Me: Your stew was delicious Thandi thank you

Thandi: Don't mention it

She picked up the can of Bernin and drank from it..

Me: I'll wash dishes

Thabo: I'll help you

We went to the kitchen to wash dishes..

Thabo: You'll get used to Thandi talking a lot

Me: I don't mind, She's a ball of fun

We heard a knock..

Thabo: I'll get it

He went to open...

Thabo: Hello?

Voice: Hey

I let go of the dish I was holding, I recognised the voice.. It was Sway..

Sway: May I come in? I'm looking for Lelethu

Thabo looked at me..

Sway walked in, Thandi showed up too..

Thandi: What happened?

I had told them already about Sway..

Sway: May I please have a word with Lele?

Thabo looked at me..

I shook my head No, I was dead scared..

Thabo: Doesn't seem like she wants to talk to you

Sway kept quiet for a while..

Sway: I probably should introduce myself. I am
Liam, Better known as Sway

Thabo: I really don't care, Tee do you?

Thandi: No.. No at all

Sway: I come in peace

Thandi: And you shall leave in Peace too

Sway: Lelethu get your things, Let's go home

Thabo: She doesn't want

Thandi: And she is home

Sway: Let me make myself clear, I wasn't asking her.. I was telling her

Thabo walked closer to him..

Thabo: And I am telling you, My cousin doesn't want to go with you. She's home

Thandi: If you will, Please leave. It's late. We need to wash dishes and pray

Sway smiled and then looked down..

Sway: I understand

Thabo: Thank you

He walked out..

Thabo: Let me go lock the gate

I started picking up the broken pieces..

Thandi: Are you okay?

Me: I am fine.. Thank you

She helped me pick up the pieces...

LIAM "SWAYZZ"

He picked up..

Me: Ace I need your help

Ace: Swayzz.. Been a while since I last heard from you

Me: I know

The cousin was standing at the gate waiting for me to drive off..

Me: There's a house I need for you to burn down, By tonight

Ace: That's a first, I usually kill. I'm a hitman

Me: Can you do it?

Ace: Yeah.. Send me the address

Me: Make sure that no one gets out alive, No survivors

Ace: Got you

Me: I'll text you the address

Ace: Okay

I hung up then started the car, He locked the gate when I drove off..

LELETHU

Me: Thabo shouldn't have done that

Thandi: You really are scared of this guy huh?

Me: He's dangerous, Very dangerous

Thandi: Has he ever hit you?

I nodded..

Thandi: Rich people!! They disgust me

Thabo walked in, He locked the door..

Thabo: Are you okay?

Thandi: She's scared

Thabo: He's just a rich spoiled brat, Trust me. He won't do nothing

Me: You don't know Sway

Thandi: Let's go pray before we go to bed

Thabo: I'll lock again when I go out to my room

LIAM "SWAYZZ"

I got home to Lucria and Charles eating dinner..

Charles: Where is she?

I sat down..

Me: She refused, Her cousins backed her up

Lucria: I don't know why you guys stress yourselves this much about this girl

Charles: Sometimes you disappoint me

Me: Do you think she's ever going to know about us?

Charles: She will, That's why we need to defeat her first before she does with us

ANGEL URIEL

Helena: Psssss

I was exhausted already..I wanted to be out of here,
This cage, And purification..

Helena: The only thing that can get you out of this mess, Is actually possessing a human being

Me: What?

Helena: You will only lose your wings and it'll get these one out of your back

Me: But I'll never be an Angel again, I'll be trapped in a human body

Helena: It's better than being here and you'll finally be with her

Me: For that to happen, I first need to get out of here

Helena: Okay we need to fix that

Me: Plan Helena, Plan

In the early hours of the morning, We were woken up by Thabo banging on the door..

My Grandmother's house is quite accommodating, 3 bedrooms..

As we woke up, We heard water running outside. Thandi unlocked and opened the door, To find fire surrounding the house..

Thandi: What the hell??

Thabo: You guys step out from this pathway, I've already tried to put out the fire from there

We held our Grandmother's hand and got out of the house..

Grams: Who would do this?

Thandi: Lele let's go wake up neighbours to help us as we call the ambulance

Me: Okay

We ran out...

LIAM "SWAYZZ"

I was standing by the balcony looking at sky.
Suddenly a lightning flashed through and thunder..

Me: Ohh no

I still have my wings, So I started flapping them and lavitated. I saw Ramiel in the middle of the sky with her sword aiming it high up. I heard angels weeping, Their tears were enough to create rain for that can last for an hour..

Me: Ramiel!!

It started raining..

I flew my way straight to her, She let go of the sword but the sword didn't fall..

She met me halfway, By putting her hand on my throat..

She kicked me on my tummy, Just like the speed of lightning I started shooting down.

I flapped my wings so I don't fall to the ground..

The angels continued weeping creating rain..

LELETHU

Thandi and I stopped halfway when the rain started,
We walked back and stood by the door of Thabo's
room..

Thandi: Almost like a miracle

Grams: We are a praying family, Miracles will
always find us

The rain was stopping the fire perfectly than how buckets would've..

Thabo: But who would do this? We don't have enemies around here

Me: We do now.. Sway

Thandi: You telling me Sway is behind this?

Me: I'm telling you Sway is behind this

Grams: She's right, That duo is dangerously sick in the head.. I saw them

Thandi: What a disappointment, At least we still have our house intact

Grams: Very well

Me: I'm sorry.. This is all my fault

Thabo: No.. You not responsible for his psychopathic behaviour

Thandi: Yes the paint outside will be damaged, But at least our house is not burnt to the ground

LIAM "SWAYZZ"

When I shot up at her, She grabbed the sword.. I stopped..

She looked at me..

Ramiel: Any lacerations caused by my sword to

your human body will expel you out from the body

Me: Where is Uriel?

Ramiel: Be glad it's me and not him, He wouldn't think twice of expelling you out

Me: This is a situation that has nothing to do with you

Ramiel: It has everything to do with me, She's my charge. They are a praying family, Divine intervention won't stop at nothing to make sure they safe

Me: This means war then

Ramiel: You really wanna war it out with me?

Me: Whatever it takes

I formed a fireball in my hands, I released it to her. She counteracted it with her sword, The fireball came back to hit me in the tummy. I lost my above anti gravity balance, I went and fell on the ground in the backyard..

Ramiel: Pathetic!!

LELETHU

Thabo: You guys can sleep.. I'll keep watch

Me: I need to talk to Rev Nazo Buthelezi

Thandi: He's a Prophet

Thabo: A big one for that matter, You can't just request him without going through proper channels

Me: I think he'll be expecting me already

Thandi: Then you should probably inbox him

Thabo: Yaa try but you might wait, He probably has tons of messages

Grams: It's worth a try

Me: He needs to do a deliverance for me

Thandi: Also, It has stopped raining

Grams: We should try and get rest, Plus Thandi you going to work in a few hours

CHARLES

I heard something falling in the backyard and screams, When I checked it was Sway. It had stopped raining now, I dragged him inside the house. He was bleeding on his tummy..

Me: What happened?

Sway: Fucken Ramiel

Me: Shit

Sway: You need to stop the bleeding, Or his body will be weak to contain me. I'll be expelled out and

he's going to die

Me: You a demon, You can't self heal?

Sway: It will require the healer from our side

I placed a cloth against his tummy..

Me: I'll get you to the hospital.. Lucria!!!

The more he was breathing in and out, The more blood he was losing..

Me: Fucken shit where is she??

I let go of sway to get my phone..

LELETHU

After what happened, I couldn't sleep. I took my phone and texted Sway:

"I know it was you, Leave us alone!"

I then put my phone under my pillow..

LIAM "SWAYZZ"

I saw Sway standing at the kitchen looking at me..

Sway: Thank you Ramiel

His body expelled me..

Me: Noooo!!!!

LUCRIA

Charles was sitting on the floor, Next to his Son's lifeless body. He's been like that ever since the early hours of the morning..

I had to call Simon first, Before calling for help because I was confused on what to do.

Sway had a wound on his tummy, It was a disturbing open wound...

Simon walked in..

Me: I didn't know what to do anymore

Simon: You did well by calling me

Me: He doesn't wanna move

Simon: I understand

Charles: It was her? Wasn't it?

Simon: Yes.. It was Lele's doing. The Angel retaliated on her behalf

Charles closed his eyes, Tears fell..

Simon: He's gone Charles.. You need to call it in

He squeezed him..

Simon: Lucria call it in

Me: What is our story?

Simon: There's a trail of his blood from the yard, He was attacked

Me: Okay

LELETHU

Thabo: How is it going with the Nazo issue?

Me: I inboxed him this morning, J ust waiting

Thabo: Okay

Me: How's the paint outside?

Thabo: Pretty messed up, But we can re-paint

Me: Okay

Thabo: Hey don't beat yourself up about it

Me: He tried to have us killed, If you didn't wake up
in time

Thabo: He didn't.. That's all that matters

I nodded..

Thabo: I have to go, I'll see you later

Me: Okay bye.. I'll just for jobs online

Thabo: No problem

ANGEL URIEL

Aeshma was brought in, To be put in a cage opposite us..

I moved closer to the bars..

They put him in, Locked and Azreal left..

Helena: Well looks like Ramiel did a good job, What defeated you again? Ohw yaa falling in love

Me: I can't believe it

Aeshma: My opposite neighbours are my enemies..
Very well

Me: So Aeshma what happened?

Aeshma: What didn't happen?

Me: Ramiel defeated you?

Aeshma: There's also a lot of us you know? We will get the Prophetess

Helena: With Ramiel out there I doubt

Aeshma: With Ramiel not being able to be seen by the Prophetess it'll be difficult

Me: I'm going to get out of here and I'll make sure that you guys don't even get close

Aeshma: Good luck

Helena drew closer..

Helena: He's not wrong, They are a lot too and She's a human being. They weak, When the going gets tough, They wanna give up

Me: Helena do you have the plan yet?

Helena: Yes.. It requires one of ours opening up for
us

Me: They won't

Helena: Emotional blackmail Ramiel

Me: Huh?

Helena: She's soft

Me: I will try

CHARLES

Simon: I know this is hard

Me: I want her head on a silver platter, I want all the heads of her family on a silver platter. I want to destroy her so much that she will wish death upon on herself

Simon: Revenge

Me: Not just Revenge, The worst kind of it

Simon: We will get revenge, For now. Let's give Sway a dignified funeral first

Me: Let's do that

ANGEL URIEL

Ramiel: You requested for me?

Me: Yes.. J ob well done for putting him behind bars

Ramiel: Thank you

Helena: Cut to it already please

Me: Ramiel.. I need you to get me out of here

Ramiel: No ways

Me: Listen.. Aeshma here means Sway is dead.. If Sway is dead, Charles and them will retaliate.
Lelethu is my charge

Ramiel: You being here is for your own protection

Me: Ramiel when you were going through it here, I was the one supporting you. You also went through

a time in your life where you did things for your charges

Ramiel: Uriel

Me: If I don't.. I'll be here forever, Because how I feel about her is not going away. It's a journey I need to take.. Please

Ramiel: Fine.. Fine

She took out the key and threw it inside..

Ramiel: I am no part of this

Me: Thank you

She walked away..

I unlocked my chains, Then unlocked the cage.
Aeshma stood up..

Aeshma: Hey!! Hey!! They esc-

Helena constricted his voice..

Helena: My turn

Me: Are you ready?

Helena: I am

Me: Let's do it

I opened, Walked in and untied her..

I looked at her..

Helena: Don't worry we'll be fine

She stretched herself..

ANGEL URIEL

Helena and I snuck out of Purgatory, Flew away far from our prison. With the help of Ramiel so we

could go unnoticed..

Helena had problems flying, Her wings were frail.
She's been in there for far too long..

We stopped at the highest point of a mountain...

Helena: This is where we say goodbye

Me: So what's going to happen with you?

Helena: I'll see what to do from hereon. Thank you
so much, I appreciate you for helping me. I forgot
how the sky looked, Forgot the feel of the sun

Me: J ust make sure you don't get caught, The
repercussions will be severe

Helena: I know

Me: And try to keep a low profile, Ramiel risked it all for us

Helena: I know that too

Me: Guess I'll see you around

Helena: Guess I'll see you around too

Me: Bye Helena

Helena: Bye Uriel

Grams: The church is just by the corner. It's a new Pastor, Pastor Sondezi.. He's really gifted in preaching and praying. He is young, Mid 30s. He branched out on his own, He was no longer happy with how his original church was going

Me: That's good, So long he is real then that's good

Grams: Tonight there's a midnight service, We should go. 18:00-20:00

Me: Grams I don't know.. With Sway still out there, I don't think I'm safe

Grams: You cannot live your life in fear. Pray for your safety and then live your life. If you choose to live like a prisoner, You'll only be giving him power over yourself and your life. He will be winning

Me: I hear you.. I'd really like to go, I hope it'll be different. I've had bad experience at church

Grams: Just try this one, If you don't like it then it's okay

Me: Okay we'll try it

She handed me the pegs, We were doing laundry..

PASTOR SONDEZI

I looked at the list.. 30 members only, I exhaled.. I have given up everything for this. My job, My old church that I wasn't quite happy with..

I was a junior Pastor there, When the Senior Pastor started getting jealous that the congregation was

admiring me more because of my teachings and prayer. He got jealous, And things weren't well between us. Not forgetting that he actually uses dark powers to make his church a success..

I worked as an engineer, Took my package. My last money and moved down here to build the church and purchased a house. A 4 roomed house, So literally I'm broke for now..

It was just after my afternoon prayer, I was alone at church when an Angel appeared to me..

Him: Fear not.. I am what they call Uriel

Me: You..

Him: A warrior Angel

Me: I.. Biblically you guys look different or described differently. I didn't expect to see a human like angel with wings

Him: I know.. If I showed up in my true form, You'll be terrified

Me: I.. I am not sure of the nature of your visit

Him: I need to borrow your body

Me: Excuse me?

Him: In exchange I'll make your church a big one, I'm an Angel I have healing powers and I can see beyond human nature

Me: I am not sure about this.. Angels can possess?

Him: Yes.. If you give me permission too

Me: What happens to me?

Him: Your conscious, You'll be sound asleep. You'll be like in a coma

Me: I.. This is unexpected and unbelievable. Am I dreaming?

Him: No.. Look I don't have much time, I really need your help. In exchange of you helping me your worth will be shown, You are a true servant of God. Consider this an answered prayer

Me: Really?

Him: Yes really.. It's just temporary though

I thought for a second, This can't be an accident.
He's an angel for heaven's sake in my church..

Me: I accept to be your vessel

Him: Very well

Stand up..

I stood up..

CHARLES

Detective: What exactly happened?

Me: It was in the early hours of the morning, I heard screams in the back yard. I was in my office and then I went to check, My Son was laying there, In his own pool of blood. He was still breathing, I dragged him inside. When I was about to call for help, He died

Lucia: He called for me, When I came he was holding Sway tight

Coroner: Magnificent, I've never seen anything like this. The wound, It's not proportional to a knife nor gun, It was almost as if like he was hit by a..

Simon: Lightning

Coroner: Yes

Simon: It was raining shortly and it stopped, I'm

suspecting witchcraft. He was sent lightning through witchcraft

Detective: Witchcraft?

Lucia: It exists Detective, You don't believe in witchcraft?

Detective: No

Simon: God? Lucifer? Heaven? Hell?

Detective: Actually I believe in what's Infront of me, I believe in what I can see

Simon: I see

Charles: We believe in such

Detective: I can see that.. Well then I will wait for more information from the coroner, The autopsy report and it will clarify if it was indeed a supernatural force of foul play

Simon: Thank you so much Detective

PASTOR SONDEZI (URIEL)

The human body feels much lighter than us, But then again. They are mortal...

I heard a knock..

Me: Come in

The door opened, Some lady walked in..

Her: Pastor Sondezi, Are you busy?

Me: Uhm.. No.. Not entirely

Her: The service for unemployed people is starting just thought I should let you know

Me: Thank you Pinky.. I'll be right there

Pinky: Okay Pastor

Me: You guys can start with Praise and worship, I'll be there to pray for you. End of this month, The service has to be with new people. You guys have held it for 2 months straight now. After today's prayer, You guys need to be employed

Pinky: Wow.. Thank you Pastor, We would appreciate that

Me: Call it "being touched by an angel"

She smiled..

Pinky: Yes Sir

Later on during the day, Grams and I were preparing

dinner. Thandi had knocked off, It was around 16:00.. She was down..

Thandi: Their retrenching, They might retrench me

Grams: Don't think like that

Me: Ohh my Goodness

Thandi: What?

Me: J ust read that Sway passed on in the early hours of this morning, The company together with Charles released a statement

Thandi: What??

Grams: Maybe it's not him who started the fire if

he's dead

Thandi: Screw that, He's still my suspect

Me: This is unbelievable

Grams: What happened?

Me: I just said he passed on under mysterious circumstances

Grams: Shuuuuuu

We heard a knock at the door..

Grams: Come in

The door opened, A really light skinned girl walked in..

Grams: Pinky

Pinky: Yooh Gogo. You won't believe this

She was holding a bible..

Pinky: I'm from church, Remember the one laka Pastor Sondezi?

Grams: Ohw yes.. The new church, The one we going to visit with Lele

Pinky: Remember I've been unemployed for a year? In today's service for the unemployed people? It was 5 of us. He prayed for us. Immediately when I

left, I got a call for an interview of one of the jobs I've applied for and forgot

Grams: Wow

Pinky: It was almost as if like I was indeed touched by an Angel

Thandi: Really?

Pinky: 3 of us will be going for interviews, The other two their problems are deeper witchcraft kind so they had to stay behind for deliverance but.. God is good, When I had given up

Grams: Indeed he is, I remember how stressful it has been

Pinky: Being a single mother to a 9 year old.
Depending on Sassa grant only.. This is a turning
point of my life. I'm so happy, I'm grateful

Thandi: Now we gotta go to the church, Since I'm
being retrenched and all

Pinky: You need to go tonight

Thandi: We going.. Let me prepare

Grams: Anyway remember Ntombie? My Niece?
This is her Daughter Lelethu. She's moved in with
us.. Lele this is our Neighbour Pinky

Me: Nice to meet you

Pinky: Nice to meet you too

CHARLES

Me: Yes

J ourno: When you said he died under mysterious deaths, What do you mean?

Me: The circumstances surrounding his death, We would rather not say for now

J ourno: Could it be in relation of the strike? Insinuations of ukuthwala? Being a ritualist? Now it has got your Son

Me: Those are insinuations, And insinuations without proof are dangerous. I could sue you for defamation of character

Nomthie: Uhm.. Thank you for the questions, We closing the press conference now. The family would appreciate some privacy.. Thank you

I was led out, Questions kept on being shot through and pictures taken..

Nomthie: That wasn't totally bad

Lucria: Glad we got it out of the way

Security led us outside to our car..

Lucria: Nomthie thank you so much for your help, Putting the press conference together in such short notice

Nomthie: We a family, I still can't believe he's gone

Lucia: No one can

The driver opened the door and we got in..

LELETHU

Thandi was getting dressed, For the service..

Me: Pinky is obsessed with the Pastor, She can't stop talking about him

Thandi: Can't wait to see and witness these miracles. I hope he's not one of those Pastors who are fake

Me: Me too.. Grams is also excited

Thandi: We will see at 18:00

Me: I can't wait to see him too for myself and judge

Thandi: Go prepare too.. We shouldn't be late

Me: Yes.. Let me go bath

PASTOR SONDEZI (URIEL)

When the last members left, I was left to lock. Go home and prepare for tonight's service..

I locked up and went to the car. He was driving a white Toyota corolla..

I unlocked and got in. I closed the door and thought for a while..

Being a human being is not actually too bad. I have his memories, So it won't be too hard..

I still have my angelic powers except for the fact that my wings were clipped. I can't really fly..

I drove by and passed Lelethu's house, Hoping I'd see her standing outside or something. I wanted to stop and go inside but I didn't want it being awkward to her family. Tainting the Pastoral reputation won't be good, Especially since I've promised Sondezi that I will help him since he's helped me..

I drove pass her house..

We prepared for church, Walked there. It was new,
The structure looked new..

It was a bit quiet, After all.. It was 19:00, We were an
hour late..

As we approached the main entrance, The door of
the parked Toyota corolla opened. He came out. It
had to be him, The suit and well dressed..

Grams: Let's wait I wanna meet him

Some guy was holding his bible, My Grandmother actually called out to him..

Me: Grams!

Grams: What??

He walked up to us, He looked younger than the normal pastors I know and have seen. On TV and in Person..

Something about his eyes, They looked so familiar and also for a black man his eyes were greenish..

Him: Good evening

We greeted him back..

Grams: I am Lindi and these are my Grand daughters. Lelethu and Thandi

Pastor: Nice to meet all of you, I hope you will enjoy the service

Grams: We look forward to it

We walked in.. He called out to me..

Pastor: Uhm.. Lelethu

Me: Yes Sir

Pastor: J ust a word please

We moved from the entrance..

Pastor: It's me

Me: You who?

Pastor: Uriel

Me: Whaaaat?

Uriel: I kinda possessed a human being

Me: I.. I have serious trust issues and I don't think I be-

He touched my arm, The touch was familiar too. It was him..

Me: Uriel!!

I hugged him..

Uriel: Eerrrr.. I don't think this is appropriate right here

Me: Ohw yes

We broke the hug....

Me: I'm so happy to see you, You don't know how happy I am

Uriel: I'm happy too

Me: I didn't take you for a Pas-.. Well you look good,
This body suits you

Uriel: Thank you

The guy came back..

Him: Pastor.. They about to start on prayer so you
can come in and preach

Uriel: I'll be there

Him: Yes Sir

Uriel: I guess I'll see you inside

Me: Inside it is

He walked in first..

Me: That didn't sound well

I walked inside...

CHARLES

I checked the bottle, It was empty..

I put it down..

Me: Lucria!.. Lucria!!

She walked in..

Me: I need another bottle

Lucia: You already finished that one

Me: Yes and I need another one

Lucia: Charles

Me: Get me the bottle!!

Lucia: You need to pull yourself together!!

Me: Don't fucken tell me what to do!! Have you lost a Son? I don't think so!! Give me the bottle or get the fuck out of my house if my money is suddenly too good for you!!

Lucia: I'll get the bottle

LELETHU

Church has been one place that greatly traumatised me. With my anxiety and everything, They led me to believe that I was possessed..

So I have always been scared of going to church until this one..

I felt at Peace, Content and safe..

The worshipping and everything, Felt like I was where I belonged..

Uriel took the pulpit to preach..

Thandi leaned over..

Thandi: He's kind of handsome

Me: He is

Thandi: Beautiful intoxicating eyes, Good body structure. Pastors usually don't look this attractive

Me: You want him?

Thandi: No.. I can be anything but a Pastor's wife

Grams: Shhhhh

It was around at least 30 people or so, Big structure so it wasn't crowded..

Uriel: I welcome you all to tonight's service

He walked off the pulpit holding the mic..

Uriel: Our scripture today is found in jeremiah 17:10..
It reads..

People were still searching through..

Uriel: It reads "I the Lord search the heart, I try the reins, even to give every man according to his ways, and according to the fruit of his doings"

Me: Ohh boy

Thandi: What?

Me: He's going about it like he's preaching to people

who are already familiar with it. He didn't even open his bible and he's reciting it in an angelic manner

Thandi: How do you know how Angels communicate? Have you met one before?

Me: I don't know.. I mean, I.. It sounds gibberish

Grams: It's the new king version, And if you two wanna interrupt the Pastor. You can take the conversation outside

Uriel: In my time of being an Ang-

He cleared his throat..

Uriel: I mean.. Sometimes us as human beings we think that we are not getting blessed because of

what people do to us, But at times it's because of our own hearts. God purely searches the heart of a man, And what you put out comes back to you. You can't be praying for success but when others succeed you hate it. You pretend to be happy, You pretend to be in celebratory with them but deep down you envy. Deep down you feel like the blessings are more worth to it...

Do you know the consequences of envy? You envy riches of people not knowing how they attain them. You see them driving flashy cars and you wish it was you, Meanwhile you won't even do half of the things that they do to attain those riches.

People don't sleep at night. You sleep soundless, These people are devil worshipers. They are working, Some even wake up tired in the mornings. Energy drained because at night they were working

Have you noticed half of the people who look rich

are not happy at all. Drugs, alcohol, suicide. They sell their souls, They carrying heaviness that they can't contain.

Not everything is at it seems.. The next thing you indirectly getting into these things because of envy and you find yourself in a mess you cannot take yourself out of.

People were listening attentively..

Uriel: You cannot want success but hate success. That is when other people succeed, You get exactly what you put out. You hate success, You won't get success. Many people think that witchcraft is only spiritual and physical, But the heart and the mouth can harbor witchcraft. One thing that will never disappoint you in your life is your destiny that God created for you. You will be what you were created to be, If you conquer the challenges coming your way and keeping your heart pure. People

succeeding should renew your faith, That success exists. Well success earned honestly. Some will say but Pastor I've been praying, Yes you have but deep down you have different feelings. You can't want success only with your mouth, You also need to believe it in your heart. Faith goes a long way

LUCRIA

I wiped my tears and opened the door, A lady was standing there..

Her: Hi

Me: Hi

She had luggage..

Her: You must be his new thing

Me: I'm sorry.. Who are you?

Her: I'm his ex wife

Me: Ex wife?

Her: His second ex wife. His first died, Then there was me before the current one. I was married to him when he divorced from Sway's mother

Me: Ohw

Her: Boy does he like them young

She was young herself..

Me: I'll help you with your bags

Her: Dina

Me: Lucria

Dina: Where is he?

Me: Study

Dina: Drinking?

Me: Obviously

Dina: Some other things don't change.. Don't worry
I'll handle it

She walked away and stopped..

Dina: I don't mean sexually though

Me: Got you

LELETHU

Uriel preached beautifully. Those who needed healing were healed, Those who needed jobs were prayed for. Whatever prayer request you had, Was covered..

Offering was also not bad, Everyone took out any penny they had to bless him..

It was lovely, We didn't even wanna go..

It was 22:00 when the service was out..

Thandi was prayed for, She even fell. Holy spirit took over..

Me: Are you feeling well now?

Thandi: Better, Still trembling though. When he put his hand on my head, I felt this intense power like I was touched by an Angel

Grams: I'm glad.. Lele why didn't you go?

I looked up at him, Most people were up to him surrounding him. Wanted a piece of him..

Me: It was full

Thandi: Look at Pinky aligning people there

Grams: Let the girl shine, She's single and he needs a wife

Thandi: Pinky.. Pastor's wife? I don't see it

Grams: Why not?

Me: She's not compatible with him

Thandi: I was going to say she drinks, Do you have hots for the Pastor?

Me: No.. Can we go?

Grams: What about Pinky

Me: I'm sure she'll get a ride from him!

I walked away..

Me: Let's go!

I couldn't believe my eyes, My second ex wife was here.. Dina??. Though I was a bit out of it but I could

see her..

Dina: Get a grip on Charles.. This is not you

Me: Dina? What are you doing here?

Dina: Your Son died

Me: Yes but you divorced me remember? When you found out that I am a devil worshiper. You took up Christianity and everything. You were very religious and wanted nothing to do with me

Dina: I know

She took off her gloves, And poured whiskey..

Me: You were a true Christian, What's with the

drinking?

She gulped the whiskey..

Dina: This feels good

Me: What's going on? What happened to you?

Dina: Have you ever heard of Angel Helena?

Me: Yes.. The most mischievous guardian angel.
She wasn't like they at first, She was a good one.
Was a guardian angel for the likes of Zaine, Badru,
Dawn and Nazo. The GOAT prophets

(Silence)

Me: Wait a minute??

Dina: Things change Charles.. Things change

Me: Helena?? How the hell did you get into my Ex wife's body?

Dina: It wasn't hard really, She knew I was an Angel and was all on it

I got up from the floor..

Me: What exactly are you doing?

Dina: Revenge Charles, Revenge for my good side. I did all the work and I was treated differently, I was locked up for years can you believe that?

Me: I.. Wow..

Dina: Get yourself together.. I'm on your side,
Purification can really do something to an Angel.
They think you getting purified but the anger just
keeps on building up

Me: I see

Dina: Well get on, Get a grip on and have a bath and
we'll take it from there

Thabo came with the cup of tea..

Thabo: Here

Me: Thank you

He sat opposite me with his cup of tea..

Thabo: So I heard that someone has a little crush
on some Pastor

Me: It's not like that

Thabo: Heard he's a catch and you have
competition, Next door and all around

Me: Stop it

Thandi walked out of her room screaming..

Me: What?? What's wrong??

Thandi: I called management and I'm not on the list of the people who are getting retrenched, I'm safe. My contract is actually getting renewed for another 2 years.. The Pastor is legit

Me: You called management after hours to prove that the Pastor wasn't fake?

Thandi: He told me when praying for me that my contract will be renewed, Do you know how stressed we were? Unemployment?

Me: Thandi he's not a toy, Nor God

Thabo: Crush definitely

Thandi: See I told you

Thabo: It's cute

Me: I don't have a crush on him

Thandi: Yeah.. Anyway goodnight guys

Me: Goodnight

She walked away..

Thabo: Crush

Me: Shut up

Thabo: I'll have this in my room

LICRIA

Dina: So Lucia

Me: Lucia

Dina: I don't really care

Me: May I help you?

Dina: Tell me.. Other than pussy, What else do you contribute?

Me: I'm sorry?

Dina: I'm saying other than contributing pussy what else do you contribute?

Me: That is.. Who are you to question me?

Charles: Lucria please, I am mourning my Son..
Please laying off the stupid fights

Me: You defending her?

Charles: Pull yourself together, Playtime is over

Me: I'm going to bed

Dina: I was wondering because kiddies time has long been over.. Need a bottle?

Me: Okay I will mess you up, You don't know me!!

Dina: I will slit your throat into pieces, You don't know me

Me: Bring it on!!

I woke up the following day in high spirits. I was in a good mood, Prayed first and cleaned..

When you've went through so much, Even when something little happens that's good. You get excited and I was. I was hopeful that things will get better from hereon..

I cleaned, Started with sweeping the yard. Pinky was sweeping too..

Pinky: Lele Sawubona (Greetings)

Me: Good morning

She came close..

Pinky: People are literally talking about Pastor Sondenzi

Me: Nice

Pinky: Even on Facebook, I posted about him people started following the post and commenting. Those close who saw the post testified. Pastor Uriel Sondezi is a true man of God

Me: Wait a minute.. How did you know his name?

Pinky: He told yesterday after the service

Me: Exactly what were you doing with him after service, I saw you. Pinky you got your prayer in the morning during the unemployment service

Pinky: I was helping him, People were crowding him. I was helping keep people in order and in the queue

Me: Why?

Pinky: Because he needs servants to help him, Like Jesus

Me: He is not Jesus!!

Pinky: Okay I see what's going on here

Me: You do?

Pinky: Yes.. You are Frustrated because of unemployment.. Look Lele if you wanted prayers you could've just said so. I was going to personally introduce you to him

Me: Ohw yaa.. That's what it is

Pinky: Okay in the meantime you can help clean the church with us

Me: With us? Weren't you supposed to go to the interview this morning?

Pinky: It's at Shoprite, I feel cleaning at church and being an Usher will help me until I get a good job.. Better than shoprite

Me: Ohh boy.. Yeeey!!

Pinky: We clean the church in the mornings, I'll be personally cleaning his office

I started sweeping by her feet..

Pinky: What are you doing? Where did you grow up? You don't sweep by the woman's feet!! Preventing me to get married

Me: Ohw don't be superstitious now, I'm sure Pastor Sondezi will revoke that with prayer and get you married

Pinky: Something is wrong with you.. Bye!!

LUCRIA

I was tossing and turning, Still sleeping. I turned and faced up, Then opened my eyes.

Dina was standing over me holding a pillow..

I screamed..

Me: Wtf??

Dina: I think the pillow cases are a bit dusty

Me: What the hell are you doing in my room?
Holding a pillow? Were you trying to kill me???

Dina: Kill you??.. Oh no, Trust me I'd slit your throat or snap it for my own fascination

Me: You are a psycho!! This is the master bedroom!!

A private space for me and Charles!

Dina: It's smaller than a master bedroom trust me

Me: Get out!!!

Dina: You need to wake up by the way, The sun is already up.. We have a lot to do like planning the funeral

Me: I have a class at 11am

Dina: I thought school starts at 8am

Me: I'm not in primary school, I'm in tertiary

Dina: Look at that, Who would've thought!

PASTOR SONDEZI (URIEL)

Nazo: What do you mean you escaped Purgatory with Helena?? What the hell is wrong with you??

I looked around..

Me: Yes.. Please shout like everyone here knows what Purgatory is, Do get on the table and let them know I'm an Angel too

We met up to eat breakfast..

Nazo: You escaped Purgatory with Helena?

Me: Yes

Nazo: Why? Why would you even escape in the first place??

Me: Personal reasons

Nazo: Okay.. Why did you form an alliance with Helena?

Me: I'm not proud of it

Nazo: Helena isn't who you think she is

Me: She was your Guardian Angel when you realized your gift

Nazo: Yes but she messed up a lot and who Helena is now, Is not the pure angel she was before

Me: I really don't care about Helena we went our separate ways.. Look I called you here for a specific reason

Nazo: Yaa the deliverance for the Prophetess I know

Me: I forget sometimes you not just an ordinary person, You are a spiritual healer

Nazo: We can do it this coming weekend

Me: I'd appreciate that

I saw Prophet Badru, And Dawn Barker walking in.. Dawn is an exorcist, He casts out demons if you possessed or feel like your home has an evil entity he's your man to call. On the other hand Badru his oath of office is witches and witchcraft..

Me: You called them?

Nazo: You did possess a Man

Me: Who's coming next? Zaine?

Nazo: No.. Zaine is in Tokyo

Me: What is Dawn going to do? Exorcise me? Out of the body

Dawn: I don't exorcize angels Uriel, You fine unless you turn evil

Badru: And I'm just here to eat! Also to validate if you really escaped with Helena?

Dawn: Wait what? Helena is out there? Running free??

Nazo: Apparently!

CHARLES

Me: Helena? I mean Dina

Dina: This coffee tastes different

Me: Yes it's top quality

Dina: I can taste it

Me: Enlighten me again, Exactly why are you doing this?

Dina: I told you.. Revenge

Me: Why?

Dina: A lot happened when I was still a good Angel. I held up my work, But got punished for little things

She exhaled..

Dina: Listen... I.. My last powerful charge was Rev Nazo. I was supposed to help him realize his gift and yaa I got attached. After that, I was sent to Purgatory for purification so Nephilim doesn't come back. I stayed there for years and years, Tormented. The purification worked yes but not in the way it was intended, J ust made me more angry

Me: Shame.. It sounds sad (sarcasm)

Dina: Are you mocking me?

Me: I just don't understand why you revenging something that was forbidden to happen. Angels are created to honour God, Serve humanity and protect the kingdom. Unlike us humans who have free will, You guys don't. You live by the law

Dina: What law when the likes of Ramiel were once human?

Me: Doesn't good human beings turn into angels at times when they have been good on earth? When reincarnation happens? She's earned it. She's the new Helena and better at it

Dina: Are you defending her?

Me: I'm just saying

Dina: Ramiel killed your Son

Me: Huh?

Dina: She killed Sway, We burying Sway Saturday because of her incase you still wanna compliment

Me: I am going to work

Dina: Was responsible for putting Aeshma behind Purgatory bars. She's kinda killing it

Me: See you later Dina!

Uriel came to fetch me, But for privacy issues. I asked him to stop somewhere else and not directly by my house as I prepared myself. He wanted to take me out, Said there's someone that I needed to meet..

When I was done bathing and dressing up, I walked up to his car and got in..

He was wearing casual, This Man that Uriel took over knew how to dress up. He looked very handsome..

We drove up to a restaurant, He opened the chair for me and sat down..

He sat opposite me..

They brought us the Menus and gave us a few minutes to order...

Me: Uhm.. You look good

Uriel: Thank you.. You look beautiful too

Me: Thank you

I opened the menu.. He was busy on his phone..

Me: You are really adapting well to being a human being

Uriel: It's not that hard when I have the human memory retained since I possessed a human

Me: Is he still there?

Uriel: Yes.. Take it as if like he's in a very long coma

I nodded and looked at the menu..

Uriel: I know it's an uncomfortable situation for you, Seeing that Sway was possessed and died but.. With this one is going to be a different case, I am an Angel. I won't kill him

Me: That's good to know

He stretched his hand out to me...

Uriel: What's wrong?

I held his hand...

Me: I just don't know for how long this moment is going to last, Because today you are here and tomorrow you might not be here. Us falling for each other deeply, Love is deep and love hurts when it hurts

He squeezed my hand, Not in a painful way.

Uriel: We are going to enjoy the moment as long as it lasts. You deserve happiness, You deserve to be loved, You deserve all the beauty of life. That part of life that you never experienced, The one different from the one you've known. We don't know where it's going to take us, But I want you to enjoy every moment of it. Let's not think about the future for

now

I smiled..

Uriel: I wanna see more of that and less of worrying

The waiter came back..

CHARLES

Me: This one will be good for him

Dina: Black with gold handles, Perfect way to bid his dark soul farwell

Me: Do you have any objections?

Dina: No.. It's good because he did die a dark soul,
What you do on earth weighs heavy on where you'll
go on the other side

Me: I regret putting him up to this life, He didn't
deserve it. I just wanted to have a good life, And
unfortunately a good life comes with a price. If I
didn't put him up to it, It was going to call for him to
have a separate one from me. I wasn't going to be
at peace knowing my only Son is living out there
and suffering

Dina: One thing you should do is stop making
excuses for your life. You got into it because you
wanted too. You wanted an easy way out and you
got it, Unfortunately it came with a price. There is no
easy way to success, But other people take the easy
way out and talk like this after

Me: I did love my Son

Dina: Ohh please!! He was just a pawn to you, Pay for the damn coffin! We still have other places to go

LELETHU

As we were eating, J ust enjoying the outing.
Someone I didn't think was going to show up, Did..
It was Rev Nazo..

Uriel: I hope I didn't keep you away from important things

Nazo: You can never do

He looked at me..

Nazo: So this is our Prophetess?

Uriel: Yes.. Please meet Lelethu

I stood up..

Me: It's such an honour to meet you Rev

We shared a hug..

Nazo: It's an honour to meet you too, I met your Grandmother too once or twice. She was a beautiful soul

Me: She was

We sat down..

Nazo: It's not easy to step into your power, But
when you do. It's worth it, Believe me

Me: I've struggled for a while with who I am, Having
a family that discouraged me. It was hard

Nazo: When you called for something magnificent,
Even your family will be different. People close to
you, You'll see them for who they are. When you
answer to your calling, You lose friends. You lose a
lot of things, Things that made sense to you.
Spiritual Awakening is painful and heavy, But things
certain things have to be scaled out and shed like a
snake

Me: I hear you

Nazo: So are you ready for the cleansing at the
blessed river? The Indoni yamanzi river?

I exhaled..

Me: I heard it's very sacred

Nazo: It is.. Not everyone goes there, Only those who are good hearted

Me: I understand and I can't wait to go there

Nazo: Glad you can't wait, Because when you get your power. The big fight starts

I nodded....

CHARLES

We were in the lift..

Me: Helena after burying my Son, I want revenge.
Despite her crew coming but she's the reason why
my Son is no more. Lelethu should've just stuck
with us, We've been her family for years

Dina: I just want Ramiel's head on the silver platter

Me: I hope you are in it with us, Fully

Dina: Why would I be here if I didn't want too? I also
have battles to fight with the same people that you
are fighting with, We on the same page.. Relax!!

Me: Good.. J ust making sure

CHARLES

[TWO WEEKS LATER]

I was eating breakfast, Ready to go to the office whilst watching the video of my Son's funeral. He had a dignified funeral, An all black & white funeral..

I was satisfied with how the funeral went, J ust wasn't satisfied with how he passed on..

Dina: Good morning

Me: Morning

Dina: Ohw.. Starting the day with depression?

Me: He had a dignified funeral

Dina: He did

Me: Now it's back to reality

Dina: Indeed

(Silence)

Dina: You know the death of Sway is going to set you financially far ahead, He was an indirect sacrifice

Me: I know.. I didn't want it to be like that. I wanted to enjoy my riches with my Son present, I don't have

an heir to my legacy now

Dina: Okay Charles, Here's the thing. You really thought that you were going to enjoy blood money? You want riches and power they come with unhappiness. I've seen souls in the other side, It's sad

Me: Helena don't school me, I knew this was going to be hard I just didn't know like this

Dina: In other news, Lelethu is going to the Zikhali village. To the Indoni yamanzi river

I dropped the fork in my plate...

Me: And you thought it was good telling me now

Dina: Ohw I'm sorry.. Did you want me to tell you sooner? What would you have done?

Me: Stop them!

Dina: For?

Me: Are you taking this serious?

Dina: I'm taking this smart... You think she'll be going to the river with Nazo and Uriel without spiritual protection? You out of your mind. It's a suicidal mission

Me: I can't believe you

Dina: Let her go.. Let her be for now, Then we will strike

I put the plate away..

Dina: Unless you wanna come head to head with
Ramiel

LELETHU

I felt someone squeezing my cheek..

I opened my eyes, It was Uriel..

Me: Are we there yet?

Uriel: Almost

We left early and I kept on falling asleep in the car.

It was Me, Uriel and Nazo..

Grams was happy about this, But also worried. Uriel was able to step foot in my house now as the mask of the Pastor...

Uriel: How are you feeling?

Me: Nervous.. It's a sacred river, I don't wanna be swept away by the water. I am not too pure

Nazo: That's why we going there, For you to be cleansed. Get deliverance and be rid of your past

Me: I see

Nazo: How are the period pains?

Me: Uhm.. I haven't gotten them just these unbearable pains without blood

Nazo: It's good we weren't now before the periods started.. Or you'd be giving birth to dark entities

Me: What??

Uriel: You did sleep with Aeshma

Nazo: But it'll be better.. I promise

Uriel: I'm surprised they haven't started striking

Nazo: It's a calculated move, More like someone is feeding them the right info

Uriel: Helena?

Nazo: Yeap

Uriel: Give her the benefit of the doubt please

Nazo: We talking about Helena here

Uriel: She is a rough one

DINA/HELENA

I was busy watering plants, When I felt a familiar presence standing behind me..

Me: He knows that I'm here? I make quite a presence

I turned and looked at her..

Me: The last time I saw you, You were a bit slim..
Now you are.. Marriage and kids treating you well I
see

Nomvelo: Good to see you too Helena

Me: I'm impressed, I expected the husband

Nomvelo: You don't give up do you?

Me: I'm sorry?

Nomvelo: You still possessing human beings to get
my husband back?.. Helena did you remember why
you went to Purgatory? You possessed a human
because you had fallen in love with my husband not

only him, You started with Zaine.. Honestly speaking you make angels look bad

Me: So Nazo decided to send the wife than him coming here to face me?

She kept quiet..

Me: He doesn't know you here?

I walked closer to her..

Me: See one thing about you and I is that.. We the same, We are very stubborn. Your husband opens up to you about me and where I am during pillow talk and you come straight here

Nomvelo: Stay away from my husband.. I'm warning

you!

I raised both my hands..

Me: I'm warned!!

She turned around and walked away..

Me: Care for tea?

Nomvelo: Fuck you Helena!!

Me: I guess not

LELETHU

We entered the village.. It was so beautiful. I

thought we were coming to a village that is.. You know? But this one was very beautiful.

Me: Wow I've never seen anything like this before

Uriel: I wonder where she is

Nazo: She is siding with the enemy, Possessed Charles ex wife

Uriel: What?

Nazo: Ramiel told me.. Seriously Uriel you decided to be human again, Do you really expect communication from the other side?

I held Uriel's hand..

Uriel: Are you saying I'm incompetent?

Nazo: No you let Helena fool you!!

Me: Calm down

He let go of my hand..

Uriel: Just a bit sweetheart.. What are you saying exactly?

Nazo: Eyy Awume kancance (Wait a minute)

The car suddenly stopped..

Nazo exhaled..

Nazo: You gotta be kidding me

He tried starting it.. It didn't budge..

Uriel: I still have my Angelic glory I'll show you!!

A tyre busted. I screamed..

Nazo: This is stupidly childish

Uriel opened the door..

Uriel: Family meeting.. Ohw what do you know?
Ramiel was following us

Me: Ra.. What is going on exactly?

Uriel got out..

Nazo: I really thought that my time of dealing with Angels was over

Me: What is going on?

Nazo: Come.. I'll show you

We were outside the car. Nazo seemed uninterested

on what was happening, He was leaning against the car on his phone.

Uriel: Hold my hand, I'll share my energy with you

I held his hand. After a few seconds I felt warm, I was covered with warmth. No different from when you are sitting next to the heater or stove..

Uriel: Ramiel

What stood in front of Uriel, Shook me to my boots!. It was an Angel, Big as Uriel when I first had an encounter with him in my dreams. She was big, And tall. I got scared when she looked at me, Her eyes reflected fire..

Ramiel: I see.. You sharing your energy with the Prophetess so she could see me

I moved a little behind Uriel still holding his hand...

I turned and looked at Nazo..

Me: Rev

He looked at me..

Me: Are you seeing this? Her?

Nazo: Ohw you mean Ramiel? Yeah I see her

He went back on his phone..

Me: You not going to do anything?

Nazo: Nope.. This is a family matter

Ramiel: What are you doing Uriel? The Prophetess has a journey, And you think throwing a tantrum is going to solve the problem?

Me: Helena is siding with the enemy

Ramiel: And?

Me: I'm the last one to know?

Ramiel: I am sorry you gave up being an Angel for this and now you get mad? Didn't you two escape together?

Uriel: I would've loved some information

Behind me I saw an angel with dark wings, A bit smaller than Ramiel. It was flying my way..

I screamed..

Ramiel: Excuse me

Ramiel took out her sword and struck it. It fell and then disappeared.. I got really scared.. I don't even know how and when Ramiel flew from her side to strike it. It happened so fast..

Ramiel looked at me whilst putting her sword away..

Ramiel: I do apologise for the inconvenience

Uriel turned, And came all around still holding my hand..

Uriel: This absurd Ramiel!

Ramiel: Get in the car Uriel

Nazo: Thank you.. Let's go!!

I felt Uriel falling on me, We both fell on the ground.
Only to find another angel with dark wings attacked
Uriel..

Ramiel: Get in the car.. Now!!

Uriel got up, Helped me up and we all got into the
car.....

DINA/ HELENA

I focused my hand on the leaves, The leaves didn't move..

I focused my hand on them again..

Me: Hazi!! (Rise up)

This time they moved..

I smiled..

I kept on swaying them around just playing with them, Until I heard someone behind me screaming. I retracted my hand, They fell..

I turned back, It was Lucria...

Lucria: Who are you?

Me: Weren't you taught not to.. You know?? Sneak up on elders?

Lucia: You are not human.. What are you?

Me: Your worst enemy!

She looked at me frozen..

Me: I'm just kidding.. Lighten up a bit

I walked up to her and pat her on the shoulder, She pissed on herself..

Me: Diapers are good for such moments

I went back inside the house..

LELETHU

No one said a word in the car. I tried holding Uriel's hand. He moved it...

Nazo: And we here

He parked at the gate, What looked like the King and Queen stood at the gate..

They got out, I was waiting for Uriel to come open my door as usual.. He didn't, Walked up to them. I opened the door and got out, I walked up to them..

Nazo: His highness.. Ndlovukazi

He bowed his head a little..

Ndlovukazi: Reverend

King: Reverend

Nazo: Thank you for welcoming us into your village

Ndlovukazi: We are honoured to have a Prophet visit our village. We usually get traditional healers, It's a blessing

King: Indeed. Shows spiritually sibumbene

Nazo: This is Uri-

Uriel: Uthungu.. The Lion

Uriel went to shake his hand..

Nazo: Uhm.. You don't shake the King's hand

King: I can't read your energy

Nazo: Greatest apologies his highness.. He is an Angel in a human form

King: I am not following

Nazo: It's quite a long story

Uriel: King Manqoba Mkhize.. The noble one

King: That's what I've been told

Uriel moved to the Queen..

Uriel: Luthando Ngwane-Mkhize.. His rib, The descended of the Great Dalla

Ndlovukazi: I. Yes

Uriel: I am sorry his heart is Qondisiwe but you seem to be handling it well

Nazo: Okay.. Err.. This is Lelethu, The Prophetess we brought

I bowed a little..

Me: His Majesty.. Her highness

King: His Majesty.. Her highness. You well educated

Me: I try

King: Well welcome to our village, Please follow us..
Food has been prepared

We followed..

Nazo: Seriously Uriel tone it down!!

CHARLES

I got home.. Dina was in the kitchen..

Me: Dina

Dina: Charles

I moved to the bedroom.. I passed the lounge to see Lucria standing there. She was moving..

I went up to her..

Me: Lu

She still wasn't moving. I poked her on the shoulder. She freaked out and turned..

Me: Hey

She hugged me shaking..

Me: What happened?

Lu: She tried to kill me!! Dina tried to kill me

Me: What?

I walked back to the house, She grabbed my arm..

Lu: She's not human Charles, She's not human

I walked back inside..

Me: Hel.. I mean Dina! Can we please try not to scare my girlfriend?

Dina: She didn't turn into salt?

Lu held my hand tight..

Lu: I told you!!!

Me: J ust behave please

Dina: She'll be fine, She was just scared

LELETHU

The dinning area was different from your normal. Decorated traditionally. Spears, Shield, Leopard skin..

Dinning table and chairs vintage. All kinds of food at the table..

Servants standing there..

This was the life..

I noticed the big portrait of a beautiful woman..

Me: Uhm.. Who is that?

King: That is Qondisiwe, Known as the Dalla. She is our chief ancestor, The one who lives in the river that you'll be cleansing in

Me: She lives there? She died and was tossed there?

Queen: No.. She went in alive

I coughed..

Me: I'm sorry

Queen: It's okay

King: She is the guardian of the water, That's why the river stays magical like that all the time.. Winter, Summer, Autumn and spring

Queen: The river is the life source of the village

King: Hence our trees, Grass and everything stays green at all times

Me: What happens if the river wears out or dies?

King: The village dies too

Me: Wow!

King: Sounds like a myth but it's true

Queen: I'm sorry.. But.. Are you a real Angel?

Uriel: Yes.. I possessed a human being, A pastor

Queen: Are we safe?

Uriel: Pardon?

Queen: We are traditional and you are an Angel so there has always been problems with the two combining

Uriel: Very well.. As I'm saying I possessed an Angel.. In my angelic form I wouldn't be here

King: Why?

Uriel: For starters you guys serve and greatly believe in the dead, We believe the dead are dead. You equivalent the Dalla to us

Queen: She's a guide, No different from you guys

Uriel: Trust me.. We way different

Queen: So why are you here?

Me: The river is pure, The water is pure and she needs deliverance

King: Wow.. We've never had someone be so brutal and forthcoming with us, Usually most people worship the river

Uriel: There's nothing wrong with the river, The existence of the river was created by God. The problem starts when you guys worship it more than the supreme being

Queen: Well we.. We don't worship it

Uriel: Of course! (sarcasm)

Nazo: Can we change the subject?

Me: I agree

Queen: Again why are you here? Couldn't you help her Mr "I am an Angel"

Uriel: Her physical is tainted, Needs cleansing. The water is pure so why not? It'll cleanse her and help

her connect with the river

Queen: Excuse me

The Queen stood up and walked out..

King: Excuse me too

I looked at Uriel..

Uriel: What?

.

[08/06, 12:34] : LELETHU

LELETHU

I was beyond upset. Couldn't even finish the food because the King and Queen didn't come back to the table..

I was in one of the guest rooms, Pacing up and down. Uriel walked in..

Uriel: Are you okay? Usually when human beings pace up and down they are upset

Me: You noticed?

Uriel: You upset with me

Me: Do you blame me? It's like you are anti against me getting the cleansing

Uriel: I am not

Me: Then why did you say all those things?

Uriel: I was being honest

Me: No you were being judgemental and disrespectful. What's wrong with you? After Ramiel showed up you've been in a mood

He sat on the bed..

Uriel: When the Demons tried to attack, I couldn't vanquish them. That reminded me that, My wings are clipped and I can't be who I was anymore here on this earth. I feel weak, Mortal and useless. I can't even protect you

Me: No one asked you to possess a human being
Uriel, You did that on your own

Uriel: Because I wanted to be closer to you, I loved
you from the very first time I checked you out.. I
don't know if that's enough anymore, Love is not
everything

Me: So it's my fault?

Uriel: I never said that

Me: What if the King and Queen refuse to give me a
cleansing after this? Because you ran your mouth..
What then?

Uriel: I was being truthful!! Do you even know the
reason why the river exists? Why it doesn't die out?

It's because they sacrifice virgins, Beautiful virgin girls as "Indoni yamanzi" then they go to guard the river. Whether they like it or not! At least tell me you see how wrong that is!

Me: It is not your place to judge!! It's who they are, What they believe in! We here to get help, Not make them feel bad about their practices

Uriel: The river holds both worlds. Good and bad!! There's Qondisiwe and there's an angry chief ancestor the first Indoni yamanzi Now is a

Me: I don't care!! And if being a Prophetess I have to judge people about what they practice I'd rather not be one

Uriel: They run a cult of sacrificing young girls!! And you okay with that?

Me: You don't get it do you? Maybe I'm better off with Ramiel being my guardian angel

Uriel: Maybe you are

Me: I'm going to take a walk by the river, Get fresh air

I walked out...

DINA/ HELENA

Ramiel stood before me..

Ramiel: Not too bad, More of your style if you were a human being

Me: Thank you, What brings you here?

Ramiel: Uriel knows, He somehow found out about you. He's pretty upset

Me: Uriel has always been a challenge

Ramiel: Don't worry.. He won't be able to do anything. His wings are clipped and he is finding it hard to adapt

Me: Then that's good, There's Uriel. Then there's Uriel with tantrums. Uriel with tantrums is annoying

Ramiel: I hope you understand your assignment Helena, And no one should know you undercover

Me: I understand my assignment very well, I am redeeming myself

Ramiel: Have they brought her yet? The Princess of hell?

Me: Not yet, Charles is not even saying anything. I think he doesn't know yet that when Lelethu taps into her power fully they going to release the princess of hell

(Silence)

Me: Who do you think they will release? Lilith?

Ramiel: Lilith is Mother goddess, They can't release her. They don't have the power too nor the authority.. I'm thinking Eva?

Me: Eva is by Lucifer's side.. Would he let her go?

Ramiel: We will see

Me: Aren't you supposed to be with the Prophetess?

Ramiel: She is safe, Already arrived

Me: Then that's good

Charles: Who are you talking too?

Ramiel vanished..

I turned and looked at him..

Me: I'm just thinking out loud

Charles: I'm taking Lucria to the hospital, She's pretty shaken up

Me: Okay

LELETHU

The breeze from the river was soothing, I stood there admiring it. How the water was streaming down..

I looked and saw far ahead beautiful girls singing and playing deep by the river..

I went and climbed the rock and moved closer to them..

Me: Hi

They looked at me..

Me: I am Lelethu

They looked at each other and smiled a bit, Talking amongst each other..

Girl 1: Buya ngena (J ump in)

Me: I don't think it's allowed

Girl 2: Kuvumelekile (It is allowed)

I looked at them..

Girl 2: uzophuma futhi (You'll come out again)

What the hell? Conversing with them won't hurt. I took off my clothes, I was only left with my bra and underwear..

I jumped in.. At least I'm a good swimmer..

I swam to them, It was 4 of them..

Me: Wow.. Nibahle (You beautiful)

Girl 4: Nawe futhi (You too)

We continued swimming...

URIEL

Hours passed with Lelethu not making it back..

Nazo was sitting with the King..

Me: Nazo.. Have you seen Lele?

Nazo: No.. I thought she was with you

Me: She's not.. She went to the river to get fresh air,
It was hours ago

King: What??

The King panicked..

King: She's not supposed to go there, At least not
until we introduce her to the guardian of the water
and ask for permission

Me: What do you mean?

Queen: It means if she went to the river, She's not coming back. She'll be trapped in there. Qondisiwe will see her as a trespasser and she's going to trap her inside

Nazo: How could you let her go to the river alone!!

King: Sound the horn

He said that to one of his servants..

Uriel: I thought that Qondisiwe was good

Queen: She is but would you feel safe with someone trespassing and invading your privacy

without notifying first that they coming?

Nazo: You really are a piece of work Uriel!

Sometimes we think life is just black & white. I never expected to be drawn into another world under water. A world that looked like paradise. Just when you cross the waterfall, You drawn into a different world. Where what is considered dead, Is very much alive..

I was caged, Qondisiwe made sure of that.
Apparently you can't just cross over to her world
without permission..

She walked up to me..

Me: I am not an intruder, I was getting some fresh
air by the river and mixed myself with the guardians
of the water. I am here for a cleansing

Qondi: You are lucky you didn't die

She looked at the waterfall..

Qondi: You can't cross over from there to here, If
you don't have a good heart

One of the guardians brought to her a pink crystal..

Qondi: This is a rose quartz crystal, I need you to hold it. It's glow will determine very well if you are indeed pure hearted and not here to cause harm

She brought it to me.. I stretched my hand and took it from her.. It glowed very bright..

She looked at me..

Qondi: Do you know what you are capable of?

Me: I know I'm a Prophetess. It's my destiny

Qondi: And also you can end the world too

She took it back..

Qondi: Uncage her

Me: Thank you

Qondi: You not free yet. You need to stay here for at least 2 days. You need to get into that pond, The one with steaming water so you cleansed.. Also for your own protection

Me: My own protection?

Qondi: A dark force has been unleashed. The 666 has gained momentum. You might feel her power and since you are physically unclean, We don't want you hearing their whisper

URIEL

We were by the river. Her clothes were found on the rock.

Queen: Just as I suspected

Me: Help me understand something. You preach that the water is pure and good, Why would it cause harm? Why would Qondisiwe cause harm?

Queen: Ohh but she doesn't.. The Prophetess was trespassing

Nazo: How do we get her back?

Queen: We don't.. As soon as Qondisiwe finds out that she is pure hearted, She will be released

Nazo: And how long will that take?

Queen: I don't know

She walked away..

Me: We need to get her back

Nazo clicked his tongue and walked away too...

CHARLES

Simon walked in, With his beautiful woman..

Simon: Charles

Me: Great leader

I was with Helena..

Simon: Thank you for accommodating us, In such notice

Me: We are happy to accommodate you

Wife: An angel in the mist

Me: Yes.. This is Dina. She's my ex wife

Wife: Helena

Me: Known as Helena now

Dina: Eva?? I expected Lilith

Eva: Mother goddess doesn't leave the throne

Me: Eva?

Simon held her hand..

Simon: My wife was possessed by the Princess of hell.. Eva

Eva: Gimme your hand

Dina: Why?

Eva: I need to sniff any good from you, So we can expel you out.. I don't work with traitors

Me: I assure you Eva, She is for us

Eva: I'll be the judge of that

She grabbed Helena's hand and sniffed it..

She then let go..

Eva: So much anger in your heart.. What did they do to you?

Dina: They put me in Purgatory for purification, Only difference is that.. It pissed me off more than it purified me

Simon: I guess we done with the introduction

Me: This way please

We walked to the living room...

LELETHU

Me: This place is beautiful and magical

Qondi: Indeed

Me: Thank you for not killing me

Qondi: You are welcome

Me: What's that cage for?

Qondi: It's a cage that holds The Aker, The greatest witch to exist

Me: What happens if she escapes?

Qondi: She won't but if she does.. I'll have to find her and bring her back

One of guardians brought us fruits..

Qondi: We only eat fruits here.. Try them

They looked different from ours..

I tried them, They tasted nice and juicy..

Me: They nice

Qondi: I am glad you enjoy them

Me: You spoke of a dark force, Walking the earth

Qondi: Eva.. They have released her from hell to the world

Me: Is she the one I should defeat?

Qondi: Yes.. She's going to cause a lot of destruction

Me: I don't know if I'm ready

Qondi: You don't have to be, It's your destiny

I nodded...

URIEL

I was sitting outside, We were back at the Palace..

Queen: Uriel

Me: Her majesty

She sat next to me..

Queen: Seems like the Prophetess means more to you than it meets the eye

Me: She does

Queen: Is that why you gave up being an Angel?

Me: Yes

Queen: I thought that was forbidden

Me: It is.. A human being and an Angel mating, Can bring about the Nephilim

Queen: Love.. It can be tricky

Me: I greatly apologise for any disrespect that I brought to you and the village

Queen: It's okay.. She's going to come back

Me: I truly hope so

CHARLES

Simon: I thought that Lucria would be joining us

Me: She's at the hospital

Simon: Is it all well?

Me: She'll be fine

Eva: So Helena.. We need to initiate you, Put you to a test to see if you are indeed for us

Dina: Okay?

Eva: We still on blood month, How much blood can you contribute?

Me: Blood?

Eva: Something extreme, Something not a car accident. I'm talking about stabbing, Femicide, Slaughtering

Dina: Exactly what are you asking me?

Eva: I need you to whisper and confuse a lot of men, So they turn and kill their partners in the most gruesome way. Beheading, Chopping and all that.. More blood to be shed

Dina cleared her throat..

Dina: I can do that

[3 DAYS LATER]

I glanced down at the pond. The water was steaming, I was scared that maybe it was too hot for a human being to actually go into, But Qondisiwe assured me that it's okay. The steaming of the water had nothing to do with the water temperature..

Qondisiwe nodded..

I got into the water. I looked at the sky as I was, I saw the sun was about to rise..

I got inside totally naked...

The water was meant to cleanse me, Cleanse my physical from anything that tainted me. That is of evil.. I went under, Deep under.. Surprisingly I was able to breath under the water, But couldn't open my eyes because the light water in the pond were pure and clean. Reflected a very bright light..

Qondisiwe said that when the cleansing is done, The water will rise me up again...

EVA

I was eating breakfast and watching the news..

Simon walked in..

Simon: Good morning

He kissed me on the cheek..

Me: Good morning

He watched the news too..

Simon: Good work, 15 women so far have been killed by their partners.. The last one it was gruesome, Chopped off her head, Hands and legs

Me: All thanks to Zaziel.. Could've been a higher number if Aeshma was the one who whispered to these Men.. If only he played his cards right

Simon: Either way.. 15 is not bad

Me: I want Helena dead

Simon: What do you mean?

Me: She only had one job, And she screwed up

Simon: She didn't.. She did tell that her carrying out this mission will require her leaving the body of Charles ex wife and she couldn't do that

Me: All I'm hearing is nothing but excuses

Simon: Eva.. Even if you wanna kill her it can't be done. Only the body will die

Me: Not when you are using a knife forged by Azul's breath. It can kill what is of human and spirit. She

won't necessarily die, But She will be in limbo. The
place of nothing. Trapped there forever

Simon: I hear what you saying

Me: You only had one job Simon, To keep things in
order. Then you agree to an Angel tricking you

Simon: She seemed truthful

Me: I'm glad I'm here now, To keep things in line

Simon: Aren't we all happy

DINA/HELENA

Me: 15 women Ramiel .. 15 women!

Ramiel: I know

Me: Couldn't you do nothing?

Ramiel: It's the evil whisper. Only the prophets can change a mind corrupted by evil

Me: So we putting all hope on Lelethu? Same Lelethu who has a romantic relationship with Uriel

Ramiel: Uriel is an angel, He's righteous. Uriel and Lelethu coming together won't alter anything from her side. She'll still be a Prophetess that needs to help others. The only thing standing in between them is the Nephilim

Me: Eva is here.. She's here to kill Lelethu, So Lelethu doesn't and I mean doesn't fulfill her life

purpose

Ramiel: Understandable, But I trust the Prophetess.
Being cleansed with water that is more pure than
the snow

Me: Okay.. We will trust her

Ramiel: When the Prophetess comes back, You
know there's no use for you anymore? And you
can't come back to Purgatory. So I suggest you find
another body that won't stand out because your
punishment lives you to live as a human forever.
Either that or Purgatory for eternity

Me: I understand

Ramiel: Eva will figure you out and kill you, She
does have in possession with her the knife formed

from Azul's breath

Me: Thank you Uriel.. Thank you for everything

Ramiel: You welcome

Me: Can I be reincarnated as an Earth Angel? Place myself in a body of a newborn baby

Ramiel: Try it and see

URIEL

Lelethu was supposed to come back yesterday, She hasn't.. I was worried..

The Queen performed the ritual that was needed to bring her back, Still nothing..

Me: So now we just accept that she's gone forever?

Queen: I've tried everything.. Unless she.. Unless she crossed over to Nowisa's side?

Me: Nowisa?

Queen: She'll be trapped there forever

Me: Tomorrow we leaving.. We have to leave with her

Queen: I am sorry.. I don't know

Nazo: I can't feel her energy, We will wait and see

Uriel: She has to come back, Her life doesn't end like this.. Her destiny needs to be fulfilled

EVA

Charles: Mother goddess

Me: Charles

Charles: And I wonder what I did to deserve this phone call

Me: I was hoping for a dinner tonight. You, Simon, Me, And Dina

Charles: That would be good, I'll let her know

Me: See you then.. How does 18:00 or 19:00 sound

to you?

Charles: Sounds good.. We'll be there

Me: Thank you

I emerged from the river. I don't know how, And I don't know what happened. I just remember myself being in a pond, The next thing I'm coming out of the river. I was naked this time around, Wasn't wearing my underwear nor bra..

I walked out to the dry land, I looked at the rock. My clothes weren't there..

It was a bit dark now, I walked back to the royal house. Naked as I was...

DINA/HELENA

Eva: Thank you so much for coming to the dinner

Charles: Thank you for inviting us

Me: Thank you

Eva: This is some sort of a celebration

Me: What are we celebrating?

Eva: We have managed to spill blood, Not the recommended amount but we were able.. You should know this Helena

Me: Ohw

Simon: We are fulfilling the 666 purpose, We are getting stronger. The more that blood spills, The more power and riches we gain

Charles: With everything that's happened, Especially in my life. I am grateful that at least no part of my life is crumbling

Simon: These are new beginnings that we should be celebrating. Forget about the past and our heartache, J ust celebrate everything

Charles: I agree

Eva: Well then.. Cheers to new beginnings

We all raised our glasses..

"cheers"

LELETHU

Everyone seemed surprised to see me, And also excited. I was given a robe for my state of nakedness..

They made me tea and asked me questions..

Me: Then I went into a pond, That's all I remember

Queen: The water in the pond is cleaner than the water in the river. You were lucky to have Qondisiwe take you there

Nazo: Either lucky or she knew how big your gift is

Me: Either way, I am grateful nonetheless

Queen: We are grateful too, That we could help you

Uriel walked in..

Queen: We'll give you some room

They walked out.. Uriel sat down..

Uriel: You know when you weren't coming out, I got scared. I thought that I had messed it all up for you

Me: It's okay.. I'm glad that the cleansing happened, Maybe not how we anticipated but.. It happened

He held my hand..

Uriel: How do you feel?

Me: More lighter, More clean

Uriel: That's good.. Tomorrow we going home, Are you ready for a new life

Me: Are you ready?

Uriel: Saving the world from evil.. Of course

Me: Then I'm ready too

Uriel: You should get some rest. Tomorrow we leaving early

Me: Yaa

I got up.. He walked me to the bedroom..

DINA/HELENA

Me: The food was delicious

Eva: Thank you.. I prepared the dinner myself

Me: You good with your hands

Eva: Helena please help me to get the dessert. Clear the table for dessert

Me: Of course

We stood up and got the dishes to the kitchen...

I went and placed the dishes in the sink..

Me: Eva I know that you don't trust me, I understand. If I was in your position, I wouldn't trust me either but.. You gonna have too, I am here now and I am on your side

She kept quiet..

Me: Eva

I turned around and she shoved a knife deep in my guts..

I grabbed her arm tightly as I screamed..

Eva: This is how much I really don't trust you

LELETHU

I woke up screaming, With a sharp pain in my guts..

The door opened, Uriel rushed in..

Uriel: What is it? What's happening?

I put my hands on my stomach..

Uriel: What's wrong?

Me: Helena

Uriel: What about Helena?

Me: She's dead

Uriel: Whaaat??

Me: I felt her dying, I felt the pain

Uriel: That's impossible.. Helena can't die, She's an angel.. She gets hurt, She just leaves the body that's all

Me: No.. Uriel.. She's dead.. Helena is gone

I heard thunder..

Then it started raining..

Uriel: The tears of Angels

Me: She's gone

CHARLES

Dina was on the floor bleeding, She was dead..

Me: What did you do that for?

Eva: I did that because she's a traitor

Me: She was no traitor! She was on our side

Eva: And what do you know? It's raining. The angels are crying

Me: Eva!!

Eva: Chin up Charles!! This one was going to betray us at some point

Me: She wasn't going too!! Not only did you kill Helena but you killed my ex wife!!. Dina didn't deserve this, Especially not after what I've put her through

Eva: Sad.. At least she didn't die an ordinary human

being, She used herself for something to harbour an angel

LELETHU

Nazo: I need you to tell me exactly what happened

Me: I felt her dying, I felt the pain of her dying

Nazo: She can't die.. She's an Angel

Me: She is

Uriel: She can, If she gets killed by a weapon forged by Azul

Nazo: They are playing a tough game now, Killing Angels

Me: Eva is not here to play

Uriel: She's not here to play at all

.

We were at the gas station, Filling up the car. I stepped out of the car for fresh air..

Nazo walked up to me..

Nazo: Are you okay?

Me: No

Nazo: Uriel told me you hardly slept last night

Me: Eva killed an Angel, She's greatly behind the femicide currently happening in our country. She killed an Angel, How do I bring down someone who has killed an Angel?

Nazo: Because it's your oath of office spiritually to fight off devil worshipers, So they don't completely take over. You know 666, Is trying to create a new world order by capturing many souls to their side and also to depopulate. Kill the weak and make the strong more stronger, You were chosen to make sure innocent souls don't fall into that trap. We all have our own fights as prophets in the body of spirituality, In the body of Christ. You can do it, I

believe in you

I exhaled..

Me: Then I'm going to need to talk to Ramiel

Nazo: Uriel?

Me: Uriel is in the flesh, I need a spiritual guide that will help me through this

Nazo: At least now you can directly speak to her,
Your 3rd eye is very much open

Me: The cleansing helped

Uriel walked up to us..

Uriel: We done, We can go

We went back to the car..

CHARLES

Nomthie: Sir you have a visitor

Me: Who?

Nomthie: A detective

Me: Bring him in

Nomthie: Yes Sir

I waited..

He walked in..

Him: Mr Gama.. Detective Nkambule. King
Nkambule

Me: First time seeing you

King: They got me to investigate

Me: Investigate what?

King: May I sit?

Me: Yes please

He sat down..

Me: A drink?

King: No.. I am Detective King and I work homicide

Me: Okay

King: I'm here to arrest you

Me: Arrest me?

King: For the murder of Your ex wife Dina and the attempted murder of Mr Simon and his wife Eva

Me: What?

King: Come in

Two officers came in..

King: Mr Charles Gama.. You are under arrest for the murder of, Your ex wife and for two attempted murders. You have a right to remain silent.. Any-

Me: This is a mistake!!!!

They cuffed me..

EVA

I walked into his ward..

Me: How are you feeling?

Simon: I have a knife wound on my shoulder, I can say I feel good

Me: It had to be done

Simon: You set him up, Charles is not perfect yes but he's loyal

Me: Charles is a weakling, With what we creating. There's no place for him anymore

Simon: You recited a spell for him last night, After stabbing Dina. Confused him and had him stab me with the same knife, And stab you in your arm. Recorded the incident, And told him to make a run for it.. He probably woke up confused if he's arrested now

Me: He is arrested now

Simon: Charles I-

Me: Charles is weak.. Charles had to go, Let it go!!

CHARLES

Detective King sat down in the interrogation room..

Me: This is a mistake

King: Ms Eva, Went live when you were stabbing your ex wife to death and her husband almost to death. As she was exposing you, You approached her, She dropped her phone to the phone in terror

He played the video.. People took screen recordings

of it.. Blasted it on socials

I looked at myself, Stabbing Dina whilst she was on the floor. Simon tried to stop me. I stabbed him too..

It was me, It was when we were having dinner there..

Me: This did happen, But I wasn't the one who killed Dina.. Eva did

King: The video shows you stabbing her

Me: She did this.. I don't even remember doing this.. She's a devil worshiper, A princess of hell!

King: Now you just insulting my intelligence

Me: You have to believe me!

(Silence)

Me: I need to call my lawyer

King: Please do so

LELETHU

Me: Charles Gama got arrested for the murder of his ex wife

Uriel: Really?

I played the video again...

Me: This is how Eva killed Helena , And somehow

pinned it to Charles

Nazo: Are you sure that Eva did it?

Me: Yes.. I felt Helena's pain and saw the hand that killed her

Nazo: This woman is on a mission

Me: A serious mission it seems

Uriel: How do I look?

Me: You look fine

Uriel: Do I look human?

Me: Yes you do, Stop worrying a lot. You look fine

Uriel: Okay let's go in.. Mind you there's a dog,
Watch out

Me: You awfully know a lot about this guy's life

Uriel: His thoughts and memories, Are retained in

his subconscious mind

Me: Okay

We were at Sondezi's Grandparents place. Sondezi the one whom Uriel is occupying his body....

He held my hand, And no dog showed up as we walked through the yard. We saw the dog house.. It was empty

Uriel: What a shame.. He's dead

We stood at the door step and knocked..

CHARLES

Dr: A few days of incarceration already you getting

stabbed?

Me: I always thought that prison gangs were a myth,
But they are true

Dr: Did you get on Lance's bad side?

Me: I have money.. Apparently you can't just buy
yourself into the position

Dr: Yeah.. They quite loyal to him, He's ran this
Prison like a tight ship. Even other gangs fear him

Me: I saw that

Dr: You going to need a few stitches

Me: Do what you have to do

[SILENCE]

Me: If you don't mind me asking, Why are you working here?

Dr: What do you mean?

Me: I mean you a woman, And this is no place to work. A place full of.. You know

Dr: Even the thugs need medical intervention. If we don't do it, Who will?

Me: Good point

Dr: Gonna sting a bit but I'll be done in no time, Topical anaesthesia. That's the only one allowed to

provide

Me: We'll work it

LELETHU

An old woman welcomed us in, She was wearing glasses... She was old, But not that old slow..

She was so happy to see her Grandson, She hugged him. Was so sad, She thinks it's him but it's not..

Her: I am so happy to see you

Uriel: Me too

We sat in the living room. Her house was beautiful, She doesn't look like someone who is struggling

financially. That is when Uriel shared that the Grandmother was a Matron, She retired at 60. She's 67 now so in pretty good standard with her Pension..

She prepared lemonade for us and cookies..

His Grandfather has a hardware store in town that he still runs at 70..

Grams: How is the church going?

Uriel: It's going good, So far so good

Grams: Papa and I need to visit at some point

Uriel: You will

Grams: So.. I don't think this is a "I miss you Grams"

visit

Uriel: Yes.. As I've stated that this is my girlfriend Lelethu. A church leader needs a woman by his side

She smiled..

Grams: Ohhh that's sweet.. You want to make Lelethu your wife?

Uriel: Yes

Grams: The last time I checked, You gave it all away to start a church. Do you have some money? Lobola money?

Uriel: I was hoping that you and Papa can help lend me 30k. I will pay it back when the church is big

Grams: You'll have to talk to him, But I don't think he's going to have a problem. Lelethu seems like a sweet girl

Uriel: She is.. She's also a Prophet

Grams: Wow.. That's amazing, You truly blessed

Me: Thank you

We heard a knock at the door..

Grams: I'll get it

CHARLES

Dr: And we done

Me: Finally!

Dr: You were a big boy, I should give you candy

Me: No it's okay.. Thank you Dr

Dr: You can complain about Lance giving you problems you know, To the Director

Me: More like Snitching?

Dr: More like saving your life

Me: I'll be good

Dr: You looking at what? Life in prison? It won't be good

Me: I'll manage

I wore my shirt..

Dr: I'll give you some meds and I'll see you after 2 weeks

Me: After two weeks it is Doc

LELETHU

Some woman walked in crying, Grams sat her down..

Grams: Namngeni what's wrong?

Namngeni: My Son.. They said he.. He killed his girlfriend last night, A manhunt is out for him to get him

Grams: That's.. Sizwe killed?

Uriel: Sizwe was a very quiet and reserved boy growing up.. Killing?

Namngeni: I don't know what happened, What made him to do this! He just got himself a good job not so long ago, What devil would possess him to do this?

Grams: It doesn't make sense

Me: He wasn't possessed. He heard a whisper

They looked at me..

Namngeni: What?

Me: Your Son is a frequent weed smoker right?

Namngeni: Yes

Me: His girlfriend has been cheating on him for a while now, He knew.. He kept it to himself, Then last night as he was smoking. He heard a voice, A voice that took advantage of the fact that he was high and then it manipulated him to kill his girlfriend

Namngeni: Why would you say that? H-

Grams: She's a Prophet

Uriel: The voice of Zaziel

Me: Yes.. If he can be questioned, He will say something like that. That something whispered to him, Unfortunately those hunting him will just say that's an excuse

Grams: Will he be safe?

Me: No.. They will find him, And beat him to death. The hunt is led by the girl's brother

Grams: We can't pray for him? For his safety?

Me: Unfortunately no, He bears the mark of death on his forehead. By the hand he killed, By the hand he will die

One thing I didn't wanna do was come here and cause some problems. That woman was hurt and scared for his Son. What killed me was that I delivered the news without any solution, Break her more.. Sondezi's Grandmother seemed to understand though, Tried to calm her down..

The Grandfather was to knock off late, So Uriel drove by to the hardware to talk to him whilst I stayed behind with the ladies..

We were having tea, When we heard a loud noise

outside..

We all went out to check..

They were dragging Namngeni's Son across the street. It was 4 guys holding sticks, The leader of them had a butcher knife with him. He was the Sister's Brother. The community was following them..

The victim or rather culprit, Has had enough. He was bleeding profusely from his mouth, Tshirt torn and bloody. So was his jeans that were lowered from his torso..

They kept on whooping his back with the sticks, He was even tired of screaming. They would also kick him on his face, And he would spit out the blood..

My heart rate picked up, Everything that was happening freaked me out..

Namngeni's knees were weak, She cried out loud. Sondezi's Grandmother held her..

I looked closely and saw a dark angel..

It was following the crowd, Smiling with it's dark wings..

I stepped back as it looked at me, Placed it's finger on it's lips signaling "Shhh"..

It then disappeared..

I turned back and went back into the yard..

Grams: Lelethu

I ran straight to the back rooms trying to get my breathing back in order again....

CHARLES

I limped my way to Lance.. We were in the backyard. Some were handling business, Some exercising, Singing, Playing soccer and some chilling..

Me: Lance

He looked at me, They were playing dice..

Me: I think you and I got off on the wrong foot

The game stopped. He got up from his place of

crouching..

Lance: Awuboni si busy la? (Can't you see we busy)

Me: I can see

Lance: Manje? (Now)

Me: I need a cellphone

Lance: Entlek awuzwa neh? (So I'm not making myself clear?)

He pushed me back, Causing me pain..

Me: I'll pay you R5000 for it, If you get it for me

Lance: How soon?

Me: ASAP!

He turned back and went to play dice...

LELETHU

I stared up in the sky..

Me: Ramiel.. Ramiel.. Ramiel..

I thought she was going to show up flying from the sky, But she actually showed up next to me. Giving me a jumpscare..

Ramiel: I did not mean to scare you, Do not be afraid Beloved

I turned and looked at her..

Me: Something is going outside there, We need to save that guy.. I saw..

Ramiel: Zaziel.. You saw Zaziel. He's conducting the whole thing at Eva's request

Me: We need to help him

Ramiel: Unfortunately he can't be saved, He chose his fate when he slaughtered the girl last night, It's too late for him now

Me: Then why am I seeing that if I can't help?

Ramiel: To see what Eva is doing, To see the

damage she's causing. To see what you need to fight

Me: She's a spiritual entity Ramiel, I can't fight that.. She has an upper hand

Ramiel: Then a lot of souls will be led astray

Me: I don't know what to do

Ramiel: You pray, Ask for strength and courage. One thing that they feed on is fear

Me: Why is she doing this? Why is this happening?

Ramiel: It's who they are, J ust like who you are

Grams: Lelethu??

Ramiel disappeared..

Grams: Lelethu??

Me: Grams

I came out..

Me: In here

Grams: Ukahle Sisi? (Are you okay)

Me: Unfortunately no Ma.. What happened there I.. I couldn't take it

Grams: I understand

Me: Where is Namngeni?

Grams: They killed him. They beheaded him

I shook my head..

Grams: She's sitting on the street with him, I just wanted to check if you okay

Me: I'm good

Grams: They've called the Police, I just wanted to see if you are okay

Me: I'll be okay

EVA

The next one walked up to the alter. She took the small cup of blood and drank it.

It was the blood of a goat, Then ate the small piece of the goat meat..

Me: Bless you my child

The next one followed..

We are a church of 1500 members currently,
Hoping before the year ends. We'll at least be on
3000 or so..

They drank until the last one..

It's a ritual we do, in alignment with what Christians do the holy communion..

We do it differently though, Ours is a satanic ritual to honour our great one..

Me: We are getting stronger, And we need too because we need to recruit more people to our side. We need to get as many humans on our side as possible before the rapture. The only difference between us and them is that, We gain riches and power. They gain nothing!! We are serving for a sole purposes, To create a new world order, Glory our supreme and gain riches. What's the use of following a religion that makes you suffer? You pray but nothing changes? Do we want such a God?

They all chanted no..

Me: Exactly!! All of you here my children as long as

you carry the rituals, Stay loyal, And gain everything
that you want

They started clapping..

Me: The list of those who wanna sacrifice their
family members, You write their name and
surname.. Please come forward, Then see your life
changing then we will proceed to those who wanna
sacrifice their husbands, Fiancé's, and friends

LELETHU

They had decapitated his head, Left him there. They
made a run for it, His Mother was sitting next to his
lifeless body crying, trying to pick up the little soil
on the tar road that was mixed with his blood.

Crying, Crying for the revenge of his Son..

People were taking videos, Pictures and just stunned. They probably haven't seen anything like this before

We finally got home, I was still traumatized by what I saw back at his Grandmother's house. I told my Grandmother all about it.

She made me a bowl of hot chicken soup, Then I cuddled in my bed. The soup was accompanied by

toasted bread..

I heard a knock at the door..

Me: Come in

Thabo walked in..

Thabo: Grams told me you not feeling well

Me: Yeah

He walked in and laid next to me..

Thabo: Let me ask you something.. Do you trust this
guy?

Me: Sorry?

Thabo: I mean you met him at church, He's a Pastor. He tells you he's shown interest in you, Asks for your hand in marriage. The next thing, What do you know? He takes you to his home and what happens? They killing someone

Me: It's not as bad as you make it sound

Thabo: It is worse trust me

Me: It was just a coincidence that's all, Life in the hood is scary for most parts and rough

Thabo: True.. Well then if you sure about him. Who am I to say otherwise

Me: Thank you

Thabo: Get well then

Me: I will

URIEL

I was at home when Ramiel showed up behind me. I could feel her presence..

I turned around and looked at her..

Ramiel: Helena is gone

Me: I know.. Lelethu felt it

Ramiel: She was no traitor, She was undercover.
Tried to be the inside Person

Me: And that didn't go well, She's now in Limbo.
Place and space of nothing

Ramiel: She did what she could

Me: Seems like that

Ramiel: Listen Eva is on a serious mission, And it
seems she's gaining momentum. There's a church
service tomorrow right?

Me: Yes, It's a Sunday

Ramiel: I want you to give the Prophetess the
podium

Me: Ramiel, How will the church take that? Lelethu and I we not in matrimony

Ramiel: I really don't care how you get it done, Get it done. We need to draw Eva to our territory. As you know, You can't fight someone in their own territory. Get it done please, At least be useless for something

She disappeared...

EVA

Me: You seem nervous

Max: Uhm..

He cleared his throat..

Max: I just never thought I'd find myself in this situation

Me: I understand..

I walked up to the back of his chair. I placed my hands on his shoulders and massaged him..

Me: Just relax.. Breathe in and out it's going to be okay

Max: So how does it work?

Me: Queen Mother

Max: Queen Mother

Me: You will gain financial freedom as you require,
Depends on how much you want

Max: 1 million

Me: All at once?

Max: Yes

Me: Hmm.. I will start you off with.. How does 13
million rand sound?

Max: I.. That's a lot, What exactly would I have to do?
To gain that much? I am currently not working

Me: Take this one as if like it's Manna from heaven.
Next week Tuesday's powerball plus is 13million.

You'll be given the 6 jackpot numbers

Max: In return I do what?

Me: Your girlfriend/ Baby Mama is a devoted Christian

Max: Queen Mother please leave her out of this. I'm actually doing this for her and our two kids. Watching my family suffer as a Man, I can't stand to see that

Me: Relax.. Nothing is going to happen to her. You just need to invite her to church tomorrow

Max: To church here?

Me: Yes.. With your two little girls

Max: That's all?

Me: That's all. It's a 5 hour service. 10:00am-15:00,
Breaks in between and food provided

Max: No funny business? You not going to hurt
them?

Me: No Max.. What do you take me for? I'm not a
monster. J ust bring them to church tomorrow that's
all. I won't hurt them

Max: You promise?

Me: You have my word. Tomorrow during the
service you will sign a contract, Stating that you are
now the new member of our enlightened church

Max: Thought it was the Brotherhood church

Me: Changed it, It didn't sound well and excluded women. We are enlightened, Illuminated. We have the eye that sees beyond, That's what we are. We are like Adam and Eve, They were blinded until they ate that forbidden fruit. Then they became wiser like a web was removed that blinded them

Max: I understand

Me: Here

I took my purse and took out R1300. Buy your family some delicious food today

Max: Thank you so much Queen Mother

Me: No Thank you

LELETHU

" I had a vision where a throne descended from heaven. With Angels on the sides. The throne was gold, Very bright. It provided light into the dark sky. I didn't see who was sitting on it, But I saw the Angel that was guarding the throne. That was at the forefront. It didn't have just one head. The one that was apparent to me, Was that of a lion. The Angels that paved the way, Were singing. I was standing ontop of a rock. I glanced down, The whole earth was a burning fierce. Fire descended from the sky down to the earth and burning. The earth also opened up, Underneath flames lingered through. A lot of people were screaming, And burning. No one was safe, Wherever they tried to run, It was fire. The was no safe place"

I felt someone shaking me. I checked, It was Thandi.
She placed her hand on her chest..

Thandi: You scared the shit out of me

Me: Wha.. What happened?

Thandi: You were sleeping but with your eyes wide
open. You weren't even blinking Dude

Me: I.. I don't think I was sleeping

Thandi: Then what were you doing? I called out to
you and you didn't respond

Me: I think I was having a vision of some sort

Thandi: A vision?

Me: Yes

Thandi: That's intense

Me: Very.. Surprisingly enough, I would've gotten a panic attack by now but I didn't

Thandi: Well then looks like your journey was worth it.. Come on, Dinner is ready

Me: I just need to pray for a few minutes, I'll be there

Thandi: Okay

Praying was confusing for me, I didn't know what to say nor pick the right words but.. Since I got here. I've been able to pray, I know how to pray now

spontaneously. It's like food for the spirit..

EVA

I looked at the time, It was 18:30. I was still at church doing consultations..

Another one walked in.. Immediately when this girl walked in, I saw her energy. I felt her energy..

She's not typical, But not spiritual gifted. She's just a true child of God or has been, And prayer was her greatest weapon..

I got up from my chair.. I moved over to the window..

Her: Queen Mother, Good evening

I cleared my throat..

Me: Evening Dear

Her: My name is Unathi

Me: Very well

Her: I have a small business that I run. I sell tummy tea, But it's not doing well Queen Mother. I don't get clients, Those I get keep on making empty promises. Saying things like month end, But they never come through. Some pay half, I send then they never send the remaining balance. It's frustrating because it demotivates me and I end up not making profit, Compared to my fellow sisters who sell. I've seen on Facebook, Instagram, Tik Tok and Twitter. Others who are selling are making a fortune, I am not. Honestly speaking I'm tired. I've prayed tirelessly but I feel like sometimes God is deaf to

my problems. I need your help

Me: Wow.. What a mouthful. From someone who..

My throat clogged up.. I cleared it..

Unathi: Are you okay?

Me: I'm good

This young girl was close to making it, If she held on. Kept her faith in God, She was going to make it. If only she held on a little longer

Unathi: Would you help me?

Me: Yes but first.. I need to give you a bath, Rid you of your aura

Unathi: I understand Queen Mother

Me: Good.. Do follow me please

I need to give her a bath with a certain potion that will make her walk in darkness, So heaven and all the positive guides won't reach her. I am breaking that connection she has with them..

It was a Sunday morning, And we were preparing

ourselves to go to church.

Thandi was a bit off this morning..

Thandi: My friend Unathi, She wanted to come with. Visit our church, I'm calling her and she's not picking up

Me: Maybe she got busy or was drunk last night, It was Saturday yesterday after all

Thandi: Naa it's not like her.. She's not someone who goes back to her word

Grams: You'll keep on trying after church

Thandi: I hope she's fine

Me: Me too

EVA

I looked at the congregation..

Me: Another day for us to gather and give glory to the enlightened one. Today I want to introduce our two new members. Max and Unathi, They were 5 of them. Three decided otherwise and the two decided to join us

They clapped their hands..

Me: Unathi will also be joining our choir, She has a lovely voice

They clapped again..

Me: Max came with his family. His Children and Baby Mama

I stretched my hand..

Me: Please make your way to signing the contracts

They moved to the smaller table to sign the contracts..

LELETHU

We got to church. It was Me, Thandi, And Grams..

First part of it was praise and worship, Prayer and everything that needed to be addressed and put forth. Including offering..

It was a bit full this morning, More full than it usually is..

The biggest shock of it all, Was Uriel asking me to come to the front and preach for 15-20min..

I was not prepared, And I didn't like the ambush. I had no choice to take up the offer, Everyone was looking at me..

I stood in front of everyone, Opened the bible and then closed it..

Me: Good morning, Bit of an ambush. Unexpected so I will be talking in General terms praise God

"Praise God"

Me: I was reading the bible last night, And I was reading the story of Joseph the dreamer which is my current favourite

They listened attentively..

Me: Joseph taught me one thing. There's no easy road to success or to your dream. At some as you are on your way to realizing your dream. Be it a teacher, doctor, business person. Whatever dream you have, It will never disappoint you and most of all it will be patient. As you walk towards it, The road won't be smooth riding. No different from driving. You can encounter a lot of things along the way to reach your destination. Accident, Flat tyre, Road rage but all in all as you get behind the wheel. Despite whatever block you stumble upon, You focus on the goal. Getting to your destination. You pray to arrive at your destination safe, That's how it is with your life and purpose. Along the way you will

encounter a lot of challenges. Family and relatives dragging you down, Discouraging you that "We've seen people who wanted to do what you want to do, They failed. What makes you think you can achieve that?". You encounter snakes masked as friends As you try they will fake smile in your face, Behind close doors the jealousy leads them to practice dark magic against you. Bring you down, Harm you just so you don't get there. You don't achieve your dream..

Kukho konke, If you are headed there and you don't have spiritual backup it'll be difficult. "No weapon formed against you shall prosper". Meaning there are weapons formed against you, But none shall prosper it's a promise. "Greater is he, Who is within me. Than he who is in the world". Meaning those who are sending you the negative eye, Dark magic, Putting you down. Greater is Your God who lives within you, Than their God who lives in the world "

One thing that you guys don't understand is that those practicing dark magic, Despite the witch doctor they consult in. They all serve the same source at the end of the day..

Just like Christians, We serve the living God despite which church. Same as them they serve the same source..

I know it's hard, I know it's depressing because there's people who don't encounter rough blocks along the way as they head to their success. Some of them have sold their souls to Lucifer, Some were just created like that to reach success easy. If you sitting here and you having it rough. Some people are meant to suffer first to get there, It doesn't mean God hates you. No, It means that your success or your testimony will help others too.. You going to help others too who have been in your situation to never give up.. Some of you are having it hard because you need to be a testimony, Some of you

God wants to show his greatness

Whatever happens, Giving up is not an option. If we all had it easy, We wouldn't have world renowned motivational speakers. God's blessings don't come with conditions, Nor with sacrifices. Unlike with the devil.. There's conditions, His blessings are not for free. You will have the riches but won't enjoy them, Because how you would've gotten them will have you doing beyond what you would do...

EVA

We are this, We are that yes.. But what's the purpose of serving a spiritual supreme being where the has to be suffering first before you get there..

If you can check, 90% of Christians are suffering. Already you are suffering, Already there's sins that you have committed so either way eternal

condemnation is awaiting you..

We live on Earth, Not heaven nor hell. Have your heaven on Earth. Wouldn't it be nice to wake up and not worry about money, Not worry about where your next meal will come from? Just a small price to pay that's all. Then you'll be successful

They all stood up and clapped..

Me: We are here to get rich and have power, We here to spread our word of success and we shall capture all the souls we can..

They brought the wine..

Me: Let's drink and celebrate

LELETHU

After church I had a few people coming up to me,
Wanting prayers and wanting advice.

They were detailing their problems, And
unfortunately most of all were being trapped by
generational curses.

Me: It was a curse done a long time ago for your
Grandmother that was meant to affect all
generations, Today it ends with you

She wiped her tears..

Me: It ends with you casting for a couple of days
and breaking it. Everything you experiencing. J ot it
down, Then after your fasting, Take a glass of water
pray for it that you are a new creation and the

curses end with you. Then burn the paper and come back to me, You will be the first to succeed. To get married, Have a kids and have a better life

She nodded still crying..

Me: Come, I'll pray for you

EVA

Someone had taken a video of Lelethu preaching, And uploaded it as a reel. I didn't like the way that she was preaching..

Simon: She's good though, Despite being an enemy she's good

Me: That's exactly what we don't want, Her being good

Simon was back from the hospital..

Simon: Yaa I know

Me: Simon I think it's time

Simon: You think?

Me: Yes, The only problem is her spiritual backup..
The bloody angels

Simon: Well I know you can trap an Angel. Draw a pentacle, Remove the circle

Me: I never thought of that, We trap Uriel and then I kill her with the same knife that I killed Helena with then I kill the Prophetess too

Simon: When are you planning on doing it?

Me: As soon as possible, She's a constant tik

LELETHU

My Grandmother was so very proud of me. How I preached and how everyone was blessed...

We were at home eating Sunday lunch, Uriel couldn't join us but will come and fetch me later...

He had to go somewhere

Thandi: Your preaching, It went and motivated me too

Me: I'm glad, So happy that almost everyone was motivated

Thandi: Me too

Grams: It was lovely Lele and beautiful

Me: Thank you Grams

Grams: Remember once upon a time, When you were going through it and you didn't think you were going to make it, Look at you now. About to get married and preaching

Me: It is special but...

Grams: But?

Me: It's amazing that my spiritual life is going well so far, But I still haven't figured out what to do. For a job

Thandi: What do you like? What were you studying at school?

Me: I was in and out of courses, Never got the time to actually sit and think about which course I wanted

Grams: Pray about it, About which career path you destined to follow

Me: I will

CHARLES

I walked into the visiting room. I saw that Lance had a visitor, A guy who was wearing a clerical collar. I moved over to the guard.

Me: Lance never struck me as a religious person

Guard: No that's his cousin, Reverend Buthelezi

Me: Ohw

I moved over to my Lawyer..

Me: Hey

Lawyer: Hey

Me: I need 5k

Law: For what now?

Me: Someone sold me a phone, That's why I was able to contact you

Law: Charles your accounts are frozen, I keep on giving you money. When am I due to get it back?

Me: You'll get it back

Law: Yeah right, You haven't even paid me

Me: That's why you here to help me get out of this hell hole and get my own

Law: Why did you make Simon your proxy? That should anything happen. He should take over all your businesses

Me: Quite a long story there you wouldn't understand

Law: I see

THANDI (LELETHU'S COUSIN)

Pastor Sondezi did come to fetch Lele, My Grandmother was n't totally happy about that..

Me: How do you expect her to get married if she doesn't spend quality time with him

Grams: Lele has been through a lot, Just like my sister she's gifted. I don't want this Pastor coming and taking advantage of her

Me: You don't trust him?

Grams: He just initiated a relationship with Lele out of the blue, They haven't known each other for that long

Me: He's a Pastor, He's ought to get married soon

We heard a knock.. I went to open. It was Unathi..

Me: Hey

Unathi: Hi

Me: Come in

She walked in..

She seemed to be in a nice mood..

Me: What happened to you? You were suppose to come to church with uw

Unathi: Yaa sorry about that, Got invited to another one

Me: Which one?

Unathi: Enlightened church.. E.C

Me: Sounds unique

Unathi: Anyway I joined today officially, After church I got orders. Remember how I was struggling? I have 50 orders already more are coming

Grams: That's wonderful

Unathi: I'll be saving some of the profit then next year I can finally go to varsity too whilst taking care of my family

Me: That's good

Unathi: On that, I wanted to take you out tonight.

Friendly dinner, You my friend and used to help me out a lot

Me: I'd like that

Unathi: You should come to my church, Just visit nje let Queen Mother pray for you. You'll get a good job

Me: Yaa I have a job

Unathi: Not the one you want

Grams: You'll finally get to the municipality as you always wanted

Thabo walked in..

Thabo: Hey

Unathi: Hey

Me: Take Thabo

Thabo: Take me where?

Me: To visit Unathi's church

Thabo: Naa I'm good.. You know I'm not religious

Unathi: Get ready.. I'll come later. We'll bolt

Me: No problem

I had just finished cooking dinner and we were eating..

Me: I saw Eva commented on the Reel that was uploaded

Uriel: She's trying to make you notice her, Trying to make you see that she's noticing you

Me: I figured that out much

Uriel: Don't let her intimidate you, Your sermon was

lovely

Me: Thank you

Uriel: The dinner was also nice, Just going to take a quick shower and retire to bed. It's been a long day

Me: Very true

He got up from the chair..

Uriel: You can join

Me: In the shower?

Uriel: Yeap.. Why not?

Me: I'll bring the wine bottle

THANDI (LELETHU'S COUSIN)

We were driving to the designated restaurant. She even chose a 5 star restaurant..

Me: Unathi are you sure about this?

Unathi: Yes

Me: I don't want you wasting your money, You know it has been hard for you

Unathi: J ust taking out my friend who has been there for me when I was struggling. It's okay

Me: How much are we even spending at this

restaurant?

Unathi: 3k

Me: 3..?? Are you for real?

Unathi: I seriously made good income, Minus money to get stock. I'm left with a reasonable amount. Plus those who had promised me, And those who were owning me. They paid

Me: Wow.. This church of yours is really doing the things

Unathi: J ust come on our Tuesday service. You'll never know. If you don't like it, You don't have to come anymore. J ust let her pray for you, Who knows.. Maybe at the municipality they'll finally ring you, Since you've sent a lot of CVs there

Me: Okay.. I guess trying won't harm

Unathi: At all

CHARLES

Lance is in charge of the kitchen, Because he runs a certain business there..

Guard: Say hi to your new kitchen helper too

Lance: What?

Guard: Charles will have kitchen duty too

Lance: Why?

Guard: Because I say so

The Guard walked out..

Me: Eyy

Lance: How did you get kitchen duty?

Me: Since I'm wounded, The Guard thought it'll do me good to be in the kitchen

He looked at his guys. They came to hold me, Hold me against the wall..

Lance walked up to me, Holding his cigarette. He lifted my shirt..

Lance: I can remove the gauze and staff the burning cigarette deep into your wound, Until you tell me what the fuck is going on! What's your story

Me: I have no story

Lance: Okay

He tried to remove it..

Me: Unless you want the whole Prison to know about your Reverend cousin visiting you

He stopped..

Me: Wouldn't be so Lance if everyone knew you got prayers involved

Lance: Let him go

They did..

Lance: Give us 10

They walked away..

Me: That's why he only comes to visit you Sunday afternoon

Lance: What do you want?

Me: Kitchen duty

Lance: No what do you exactly want?

Me: I am not paying you 5k for the cellphone, We can start with that and lastly I want someone taken out. Someone from outside

Lance: You'll peel potatoes, Go on

Me: There's also a price for you, If you allow to help me

Lance: Potatoes.. Now!

LELETHU

The most fascinating thing about our shower, Was actually showering whilst drinking a bottle of wine in the shower.

Didn't take me long to get tipsy from the wine.

That's when Uriel poured the rest of it on my body.
On my neck down to my breasts.. He then licked my
body, Down to my breasts. That's when the moment
weakness came through, When he came back up
and kissed me on my lips..

The reasoning of him being a spiritual being served
no purpose right now, All I could see was a naked
man standing before me. Turned on and so was I..

We continued kissing, Then he put his hands
around my waist. Lifting me up from the wet floor. I
wrapped my legs around him, And my arms around
his neck..

His strength didn't depend on his physical, From
how he was balancing me on my butt with his one
hand, The other hand. He grabbed his hard dick and
pushed it inside of me.. What I felt going inside,
Wasn't aligned with what I saw. Visible to the
human eyes it was a normal dick, But going inside

felt like it was 3 times bigger....

THANDI (LELETHU'S COUSIN)

The waiter prepared the meat in front of us, At our table. Still caught on fire, He placed each piece on our plates. Unathi and I clapped hands..

Me: That was fascinating

Unathi: Indeed

He then poured the wine in our glasses..

Me: This is a refreshing change of scenario

Unathi: Trust me, I got tired of KFC

We both laughed..

Me: One thing I like about you, That makes you a good friend of mine is that you appreciate

Unathi: You helped me a lot. Though you weren't earning much but you'd help me with toiletries etc.. You are a good person, I'm fortunate to have you as my friend

I raised my glass up..

Me: To friendship

Unathi: To friendship

LELETHU

Had to move out of the shower because it was slippery. Still in the same position, He stood on the mat that was in the middle of the bathroom floor..

It was uncomfortable at first, But after moving me a few times up and down. Which in turn was rubbing my clit against him, It became more pleasurable than it was painful..

He had a tight grip on me, Balancing me well so I don't fall. The more my clit got stimulated, Mid fucking in the air. The more pleasure I felt which made my body to tremble a little..

He groaned deeply as I felt more wetness down there thinking that I produced more juices, To find that Uriel was actually ejaculating. I wouldn't classify it as a 2min noodle situation, Because the more he ejaculated the harder he got and the more

he groaned.. He wasn't losing his erection at all..

His grip tightened even more, He moved over and banged me against the wall. Still in between my legs and actually banging me more harder. My moaning turned into a scream, The harder he fucked me the more nicer it was. The more my body trembled with pleasure and he just kept on coming inside of me..

UNATHI

The following day, In the morning. I went to eat breakfast with Queen Mother, Eva. We spoke briefly

last night, And today she invited me to her house for breakfast..

It was a big house, I've only seen such houses on TV telenovas and social media..

Never face to face, This was my first time. The inside deco. Was black, Golden yellow, And white..

It was truly beautiful. We were having breakfast in the balcony, Croissants, Cheese, Sausages, Scrambled eggs, Tomato slices, Ham, Cucumber. You name it, It was on the table. Together with at least 3 different juices. Apple, Orange, And cranberry juice..

Me: I wanted to thank you for everything, I woke up with a lot of orders again

Eva: Blessed.. That's what I wanna hear

Me: It's amazing, One church that indeed keep their promises. Most churches, Most Pastors preach miracles that don't happen. Raise false hopes in the name of looting money from the congregation

She laughed..

Eva: You are smart.. So I saw you were out too last night

Me: My friend and I went to celebrate, She's a good friend of mine. Been there for me when I was still struggling financially, Carried me through. Would give me money for toiletries

Eva: She sounds like a good person

Me: Indeed.. She's agreed to come to church with me tomorrow

Eva: What is she doing? Job wise?

Me: She is working just a normal job, Her dream job is working at the Municipality. She only has matric though been trying to get in, Tried to bribe but no luck

Eva: Nothing is impossible with our church, Her life might change forever

Me: I hope so.. Her cousin is spiritually gifted, A prophet. I am not sure if she's helping her

Eva: Spiritually gifted?

Me: Yes.. Her name is Lelethu, Rece-

She dropped her fork..

Me: Recently moved to the hood.. Are you okay
Queen Mother?

She smiled at me..

Eva: Yes I am... J ust a bit exhausted that's all

Me: I'll pick that up

I went to pick up the fork. Took it to the kitchen,
Also to get her another clean fork..

LELETHU

I looked at myself in the big bathroom mirror. I had bruises. My body was bruised, And aching. I was still in pain and sore but my body and my legs ached more. Not forgetting how exhausted I was..

Uriel knocked on the door..

Me: Come in

He walked in.. He was dressed up..

Uriel: Are you okay?

Me: I am good

Uriel: I know that it's a different experience, New and I might h-

Me: It's okay.. Don't worry about it, I'll be fine

Uriel: If it's going to bruise you like that, Then we can stop

Me: Uriel I'll be okay, J ust.. Maybe let's try to understand that I am a human, A full blown human being. We can try to not squeeze me too much

Uriel: Agreed.. Let me try something

He walked up to me and picked me up. He placed me on the bathroom counter. He rubbed his hands together, Placed them in between my legs where it was aching..

Uriel: How does it feel?

Me: Woow.. It feels a whole lot better

Uriel: We can try on the rest of your body, Where it's aching

Me: Let's try that

He looked me in the eye and then kissed me..

Uriel: I love you

Me: I love you too

UNATHI

We were taking a walk in the garden..

Me: Breakfast was delicious

Eva: I enjoyed it too

Me: I can't believe this is my life now, Once upon a time I had given up

Eva: Sometimes our breakthrough comes when we least expect it. You are smart, Lovely, Kind.. Why wouldn't you have it all in the world?

Me: Thank you

Eva: Ohw don't mention it

She stopped and looked at the sky..

Eva: It's going to rain

Me: Looks that way, A heavy rain

Eva: Something is not right

Me: Huh?

Eva: Something is not right with the Angels, Let's get inside.. It's going to rain soon

We walked inside...

LELETHU

I was feeling a whole lot better after the healing therapy with Uriel. The aching part was totally gone, But the red marks were still there. Not my whole

body there, J ust where he was squeezing me he left some finger prints..

Uriel: Yes.. We can reschedule, For tomorrow perhaps.. Thank you, Bye

I was preparing breakfast..

Me: You seriously think you won't be able to drive?

Uriel: No.. The rain that's coming is going to be a lot and heavy

Me: HmMMM

Uriel: How are you feeling now?

Me: Much better, J ust still a bit exhausted

Uriel: Go rest.. I'll finish up

Me: I'm almost done

Uriel: How are we making this work? When we so different?

Me: Love.. Doesn't it triumph everything?

Uriel: It does, Most powerful trait

Me: Exactly

Uriel: I'll fix the table for breakfast

Me: Okay

He spanked my butt as he passed through..

[SEASON FINALE]

LELETHU

[A FEW DAYS LATER]

It was a Saturday and I was back at home, For church tomorrow. I could've came back earlier but the rain lasted longer than we all anticipated. It was a heavy rain, Accompanied by lightning and thunder

that destroyed a lot of places in our country..

Roofs caught fire, Houses were destroyed. Roads, Malls. You name it, It was destroyed.

It seemed like Mother nature was against us...

Grams: We really need to turn back to God, Because this is not good. Look at everything that has been destroyed

Me: It's bad. People have to start afresh

Grams: Cars destroyed, So far 15 000 people lost their lives

Me: It's good that it has stopped raining

Grams: Has it? The sky is still dark. I swear, It's going to start raining again

Me: I hope not, Tomorrow we have church

Grams: How is Pastor Uriel Sondezi?

Me: He's fine

We heard a knock at the door..

Me: I'll get it

I went to open, It was Pinky..

Pinky: Hi

Me: Hi

She let herself in..

Pinky: You won't believe, Yeeey kuyanyiwa manje

Me: What happened?

Pinky: Haven't you seen our church structure? It's destroyed

Me: Whaat? Grams!!

Grams: What is it?

Me: We have to go, Our church structure has been destroyed

Grams: Aweeh Ma! Is onto Lethu (Our church)

Me: Asambeni (Let's go)

URIEL

For the first time, I got myself a bottle of whiskey and drank..

Ramiel showed up..

Me: I thought you would bring in company

Ramiel: You need to turn yourself in

Me: I'm not turning myself in

Ramiel: Have you seen what's happening?

Me: I have.. I'm sorry about that

Ramiel: Sorry?? Uriel.. You have created the Nephilim, You know the great consequences

Me: If I remember correctly. Once upon a time there was an Angel, Her name was Phoniex. She turned dark, Settled as a human being and later on purified to being an Angel again. She's married with a kid

Ramiel: That's different, Phoenix subdued herself to being Mortal. You served high up, High ranked warrior Angel.. Uriel let me tell you something. You weak as a mortal, You know it. I know it too.. So why don't you just turn yourself in, Go to purgatory and hopefully come back puried

I turned and looked at Ramiel..

Me: Then what happens to Ramiel and my baby?

Ramiel: You mean the Nephilim? It'll be destroyed

Me: I'm not turning myself in

Ramiel: You do realize that the Nephilim affects us all? Hell and Heaven? If you don't fix it. Not only will the Nephilim be destroyed, Lelethu will be too

I threw the glass against the wall, She drew out her sword..

Ramiel: Call it whatever you want, But it's a Nephilim. It's going to be different from any other

human being. Forced to never ending scientific experiments, Media attention, Foreign correspondences and turmoil

Me: I am not going to let anything happen to Lele and my baby

Ramiel: I am obliged to protect her at every cost, But.. She crossed the line, You did too. The sin in her eliminates me from doing anything with regards to her protection. I am an Angel, I'm bounded by law and rules

Me: I will protect them

Ramiel: Exactly how? How are you going to that? You are a human being now!! Anything happens to them, It'll be on your conscience

She put back her sword..

Ramiel: At least now you have a conscience

LELETHU

The church structure was destroyed, Bricks down and the corrugated iron that served as a roof was destroyed too..

The was water all over the yard, We couldn't even get in.. Water was just stuck..

Grams: This is going to take months to rebuild

Pinky: Not forgetting the money to fix the whole structure

Me: Uriel is not picking up

Pinky: You seem close with the Pastor

Me: So?

Pinky: I am just putting it out there

Me: Then pull it back from there

I sighed...

Me: Grams where is Thandi?

Grams: She's by Unathi's house. Left yesterday afternoon

Me: In that rain?

Grams: Wasn't too heavy yesterday

EVA

I walked up and down rubbing my hands together in the study..

Me: Indeed.. There's no other way through this, We can't let the Nephilim be born. Our time is not over yet, We can't go to hell for this as yet

Simon: So it's agreed? The Prophetess has to be killed?

I picked up the knife..

Me: Yes.. This knife that extinguished Helena, Will be capable of killing both the Nephilim and the Prophetess

Simon: When?

Me: The sooner the better

Simon: With Angels protecting her?

Me: She sinned.. She committed the biggest sin, Angels are pure they can't get to her

Simon: Uriel?

Me: Uriel is mortal now, He created the Nephilim so I wouldn't worry much about him

I put the knife down...

Me: I'll go and check up on the girls

LELETHU

I called him again, He picked up...

Uriel: MaLady

Me: You need to come, The church has been
destroyed

Uriel: I figured that out

Me: We have to make arrangements for the service
tomorrow

Uriel: I don't know where we can book, I don't know how the members will know

Me: Don't you have forms? The ones who became members?

Uriel: Every document concerning the church was inside the church

Me: This is bad

Uriel: We have to skip tomorrow, We'll see next week

.

LELETHU

Uriel ended up coming to see the church building, He was defeated.. The defeat came from rebuilding the church again, Which is going to be costly and he's not working. Sondezi spent all his money on this church..

Me: It's only our church that's damaged, Every house and any other building around is still intact

Uriel: I've noticed that

Grams: This is a nightmare, It'll take almost forever to rebuild

Uriel: In the meantime we can clear the water around the yard, Let the ground dry and then use a

tent

Me: That sounds like a good idea

Grams: Yaa.. Let's hope we don't lose church members

Me: I hope so too

EVA

Me: Unathi, May I kindly please speak to Thandi alone

Unathi: Yes Mother Queen

She walked out of the bedroom..

Me: I hope you enjoying your stay

Thandi: I am.. You have a really nice house and good hospitality

Me: I am glad you enjoying

I went and sat next to you to me..I held her hand, She looked at me. I blew air into her face, She closed her eyes..

Me: Orain sorginkeria baten azpian zaude, nire agindupean. Nik esaten dizudana beteko duzu, galderarik egin gabe beteko duzu (You are now under a spell, Under my command. You will do exactly what I tell you, You will obey without asking questions)

She nodded..

Me: Now open your eyes

She did..

I handed her the knife..

Me: You shall kill the Prophetess and her unborn baby, Stab them to death

Thandi: I understand

Me: Keep it in your bag, Don't show Unathi. Nor tell her what you are going to do, No one should know

Thandi: Yes Mam

I smiled..

Me: Good, I will drive you guys home later

I stood up and walked out..

LELETHU

I walked Uriel to his car, Then came back..

Grams: Shame he looks depressed

Me: I would be too.. We talking about his life dedication

Grams: He should pray more harder, This feels like

a personal attack

Me: It's rain Grams, It damaged

Grams: Only the church? I'm telling you that there's probably something he's done that angered God

Me: You reading too much into this

Grams: Am I? Let me see you come up with a better explanation on how the structure got damaged

Me: It does seem somehow

Grams: Exactly

THANDI (LELETHU'S COUSIN)

Unathi: Hey.. What did Queen Mother want to talk to you about?

Me: Nothing much, J ust the usual

Unathi: What are you doing?

Me: Packing

Unathi: Why?

Me: We leaving today

Unathi: I thought we were going to leave tomorrow after church

Me: Yaa something came up, I saw Lele uploaded pictures of our church damaged

Unathi: Sad to hear that

Me: Me too

Unathi: You can leave, I'm going to stay. I wanna go to church tomorrow

Me: Fine by me

She hugged me...

URIEL

I drove up to see Okuhle, Talk to her about this..

Okuhle: At least tell me that you saw this coming

Me: I knew there would be repercussions, Never thought this severe

Okuhle: She can't keep the baby, It's the Nephilim

Me: I am not going to have my baby killed

Okuhle: Unfortunately it's not your call, The odds are against you there's no place to run too

Me: What to do now? I have ruined her life

Okuhle: Don't think like that, There's still time to fix this

Me: I don't know.. We'll see I just wanted to know if you will be by my side when it all goes down

Okuhle: You know I can't

Me: I understand you

LELETHU

I decided to nap a little as my Grandmother was preparing dinner, Woke up later when Thandi got here..

Thandi: Hey cousin

Me: Hey

Thandi: Are you good?

Me: I'll be good

Thandi: Agh come here you

She hugged me, I felt this heaviness weighing on me.. We broke the hug..

Me: I thought you were coming back tomorrow

Thandi: I did but saw your WhatsApp status message about our church being damaged

Me: Yaa it's bad

Thandi: Very bad. He can just close down for good

Me: That's not an option.. We'll put a tent

Thandi: With this harsh weather? A tent is not a good idea

Me: There's no other option

Thandi: Tell me something, When are you going to get you a job?

Me: I'm sorry?

Thandi: I mean work.. Working

Me: Haven't considered that as yet, I don't even know what I wanna do

Thandi: I think it's time to consider that, After all.

Thabo and I can't keep on supporting you forever

Me: Are you okay?

Thandi: I'm good.. J ust wanted to run that by you

Me: Okay I hear you

She smiled and walked out..

[SEASON FINALE]

LELETHU

Thandi was acting very strange, Especially towards me. She was unnecessarily rude and just not herself. Something was up, Something was very wrong..

We ate dinner last night with her throwing sly comments against me, Especially the unemployment comments. Grams and Thabo noticed too..

Me: If it's so much of a problem with you, I'll get a job

Grams: You will get a job or go back to school, Whatever you feel comfortable with. You have just settled in, Still trying to get comfortable. We aren't very financial stable but we not suffering either, Your plate doesn't cost us millions plus you don't

even eat that much

Thabo: That's just rude Thandi, What is the real problem? I doubt Lele not working is what got you into this mood

Thandi: Things have been hectic at work, I'm under a lot of stress. I'm sorry

Grams: We all get our days where we feel low, Very low but that's no excuse to be rude

Thandi: True.. I'm sorry Lelethu, That was unkind

Me: It's okay

Thandi: I'll help you with the dishes..

We took the dishes to the kitchen to wash them..

Thandi: Wash.. I'll dry

Me: Okay

I ran the water, Poured a few drops of the dish soap and started washing..

Thandi: Let me get the dry dish cloth

I continued washing the dishes, A few seconds passed and she wasn't coming back to stand next to me.. Maybe she went to watch TV with Grams and Thabo..

Me: Thandi if you wanna wa-

I turned around and she had a knife in her hand, She stabbed me with it on my shoulder. Stuck it in and pulled it out..

Me: What are you doing?? (screaming)

She came again and I moved to the side, She hit the counter with the knife. I placed my hand on my shoulder and looked at her. Her eyes had changed..

Thabo: What is going on?

She came to me, I raised my hand against her.. She froze.. I sank down to the floor bleeding from my shoulder..

Thabo: What is going on? What's happening?

Me: She's possessed! Possessed to kill me

Grams walked in and screamed when she saw me bleeding..

URIEL

I felt a sharp pain on my shoulder, Didn't last for too long. It would hurt then go away.

I held on to the wall..

Me: Lelethu!

I went to get my phone to call her, She didn't pick up.. I called her again, Still nothing..

I took the car keys and walked out to the car..

LELETHU

Thabo was pressing against my wound so I don't bleed much. He had called the Ambulance, It was taking forever. I was sitting on the chair now, Thandi was still frozen..

Grams: What's taking so long

Me: I'm still fine Grams

Grams: You losing a lot of blood

Thabo: How long is she going to be frozen like that?

Me: Until I am not in her presence, It's for my protection. My.. My guardian angel froze her

Grams: What's happening? How did Thandi get possessed?

Me: Only one person who can cast such a spell.
Only one person who wants me dead, Eva the princess of hell

I was getting a bit weak..

Thabo: They'll be here.. Grams here, Hold here let me try to call again

Grams came to hold the cloth against my shoulder..

URIEL

As I was driving to Lelethu's place. I felt something

falling on my car, Something heavy. There's only one thing that can be that heavy, A bloody fallen angel..

I pulled over and got out, I saw Zaziel ontop..

Me: You gotta be kidding me

Zaziel: You were very hard to find I give you that, You've possessed yourself into a human body that you now turning into one

Me: Get down from the car

Zaziel: You know I can't do that, She's going to give birth to a Nephilim. We all affected

Me: Zaziel, Get down!

Zaziel: Or what?

Me: I don't have my wings but I still have the warrior angel in me

Zaziel: Well then, I'd like to see you try. Get me off here

A sword struck him down, He fell off the car.

It was Ramiel..

Ramiel: I'll keep him busy.. Go!!

I got back into the car and drove off..

LELETHU

I was dozing off. Thabo gently shook me..

Thabo: Hey.. Don't close your eyes

Grams: None of our neighbours with cars are answering their phones

Thabo: The Ambulance is still delaying!

Me: I.. I just wanna sleep a little

Thabo: No.. Don't

Me: Maybe call Uriel to take us

Thabo: I'll get your phone

Me: Thank you

He went to get it, Grams held the small cloth..

Grams: It's soaking wet now with blood, And you getting weaker.. Where is the damn ambulance, I can't lose both my Grandkids. You and Thandi

I just couldn't keep up anymore, I was shutting down..

[SEASON FINALE]

URIEL

I got to her house and it was a mess, Lelethu's cousin was frozen. Lelethu was laying on the couch, Her breathing was faint.. Thandi didn't use an ordinary knife, She used a knife forged with Azul's breath. It's poisonous to human beings, And deadly to Angels..

Me: I have to.. I have to suck the poison out from her wound, Then we'll take her to a hospital

Grams: Can't we take her to the hospital now?

Me: Not with the full amount of the poison in her bloodstream, They won't be able to do anything. The medication won't completely work. We running

out of time

Thabo: Let him do it

Me: I'm going to need a bowl with water

Grams: I'll get that

She went to get a bowl with water..

I leaned over and sucked the pois on out of her, Kept on sucking and spitting into the bowl..

Grams: It won't get into your blood?

Me: No.. I'm fine, Only if I could get stabbed too or shot with it then it'll kill me

I sucked out until her breathing was normal, But she wasn't waking up..

Thabo: Is she going to be fine?

Me: Yes we'll take her to the hospital

I got up..

Me: But first

I walked up straight to Thandi. Took the knife from her, I unfroze her but put her into a deep sleep..

Me: So long she's still possessed, Lelethu will always be in danger. The best thing to do is to tie her up. She's going to wake up soon

Grams: Tie her up?

Me: Just until we figure it out

Thabo: What's going to take for her to be rid of the possession? A priest?

Me: More complicated than that, It's a powerful spell. It'll take the one who casted it to be vanquished

Grams: I am so confused

Me: First let's tie her up in her room and then take Lethu to the hospital. Thandi will have to live like a prisoner for the time being, I'm truly sorry

Grams: It can be fixed right? All of this?

Me: Yes, It will be fixed. I promise

EVA

I was so upset, I was very upset..

Me: She only had one job!!

Simon: Calm down my love, I'm sure this can still be fixed

Me: I should've put Unathi, She probably would've done better

Simon: The girl's failure doesn't measure our victory, If she's indeed at the hospital we can still get her

Me: I'll see what I can do, Probably might be a good idea

Simon: There's still time, The nephilim is still yet to be born. She still has a long way

Me: You shall wear this outfit tomorrow to church, Feel any better to go to church?

Simon: Yes I won't miss church, It's a celebratory moment seeing that the other church. Our enemies, Theirs has been destroyed. Gives us a head start on everything

Me: That's true

URIEL

I drove Lele to the hospital with Her family. They admitted her..

Me: I should probably drive you back home, I'll come back and be with her until she wakes up

Grams: I should remain, Thabo can go. He has work tomorrow

Me: You must go, Thandi will wake up soon. She'll need to be fed. She's still human

Grams: Thandi left home with her friend, Comes back possessed and attempts to kill Lele, What nonsense is that? Where did she go? She is going to kill us all

Thabo: Something has seriously gotten into her, I

thought Unathi was a good girl. She seems good

Grams: Thandi has always been mischievous but this.. This is too much

Me: We will fix it

Thabo: I'll go and make sure that she's fed and safe

Grams: Bless you, I'll come in the morning

Uriel: I'll be back, Should I bring you anything?

Grams: Thabo give him my mini blanket please and my medication

Thabo: I will

UNATHI

Very early in the morning we prepared ourselves for church, Queen Mother seemed to be in a mood as we ate breakfast..

Eva: Look at that, Max won the lottery jackpot yesterday

Simon: That's good

Eva: As he should

Me: My sales are still rocketing high

Eva: Good for you Dear

Me: Is everything good Queen Mother?

Eva: Yes.. I'm just disappointed in your friend, She came here requesting help. I did and in return she went away. No gratitude, No anything

Me: I am so sorry, I'll speak to her

Eva: No it's okay, She's long lost.. Time to move on

THABO (LELETHU'S COUSIN)

I took the sandwich to her room. I unlocked and walked in..

She was tied to the bed, Her eyes wandering around. She seemed not to be herself. I placed the plate next to her, The plate for last night was still full. She

hasn't eaten..

I walked closer, She was busy saying things that didn't make sense. Speaking in a language I didn't understand. Her lips had cuts, Like she bit them..

Me: What has gotten into you?

She looked at me, I don't think she understood what I was saying..

She had a bucket in her room too..

I untied her so she could eat and use the bucket as a toilet...

I walked out and placed the key in the drawer..

LELETHU

Grams: Here we go

Me: Thank you Grams

She helped me to lie back..

Me: When Uriel gets here, You can go home and rest

Grams: I don't feel safe in my own home anymore

Me: Thandi won't harm you nor Thabo, She's after me

Grams: I am not too sure

Me: I promise

She sat back down..

Grams: What could've possibly happened to her?

Me: Unathi, I believe the church that Unathi was to introduce Thandi in. The Leader did something to her, As form of initiation

Grams: Thandi yaphapha!! She's too forward that's the problem. She goes with were the wind blows

Me: It's natural Grams.. I don't think she knew what she was going to find on the other side.. As for me I need to get out of here

Grams: You still feeling weak

Me: By tomorrow I'm sure that I'll be feeling better, The IV will help. If we going to help Thandi.. I need to be out of here

Grams: I don't want you anywhere near Thandi

Me: We'll have to keep her tied up that's all, Then I'll be safe up until we get this sorted

Grams: I'm very sorry Lele.. I know that I had to protect you

Me: It's okay Grandma.. It's going to be okay

LELETHU

[A FEW DAYS LATER]

Eva has been putting a hit on me ever since that day my cousin tried to stab me. In all honesty, The heartbreak of it all was seeing my cousin suffer. Thandi was no longer eating, She was badly bruised and losing her mind.. That was the time for me to act up on this situation and be done with it for real...

She definitely wasn't going to come to me, So I went to her. I went to her church. I needed to claim my power back, And claim my cousin back..

She was at the alter praying. I stopped in the middle of the pathway that led straight to their alter..

Eva: I've been expecting you, I just never thought you'll be stupid enough to show up here

Me: You've caused a lot of heartache and damage
Eva, It stops now. I'll give you the courtesy to leave on your own before I drive you out

She was kneeling down, And stood up. She turned around and looked at me..

Eva: You not here alone, You've brought a guest I see. Ramiel

Me: Enough is Enough Eva

She tried the fireball trick on Ramiel, Ramiel blocked and sent it back to her. Eva moved it hit the Alter..

At that moment, The fallen angel Zaziel showed up..

Eva: Seeing we are having a party

I had the knife that she gave to my cousin, So my cousin could stab me with it..

I was going to kill her with it....

Me: You going to be sorry for everything you've done, Including having my cousin possessed

Eva: And you have just signed your death warrant, A suicidal mission

She raised her hand at Me, Levitating me from the ground to the air. Closing my windpipe..

She walked up to me, Very close. She brought me down and actually put her hand around my neck.. Squeezing the life out of me..

I couldn't breath, I drew out the knife from my pocket dress and sliced her arm. She let go and I started coughing..

Ramiel: You need to stab her in the heart

I turned looking at Uriel, Zaziel had trapped her. She was standing in the hexagon that was glowing red..

I turned and looked at Eva, She pushed me and I fell back hitting the bench. I fell and so did the knife.. She walked towards me..

Eva: I could crush your bones right now, I could make this death painful for you...

My phone rang.. I took it out and checked it, It was a whatsapp video call.. I answered it, Then stretch my hand out to Eva..

Me: I think it's for you

She took it..

Eva: Uriel

It was on loudspeaker..

Eva: Uriel.. I don't know if I should call this an honour or what

Uriel: Same on my side, I have a little surprise for you.. Say hi to hubby

Simon: I'll be fine, J ust finish what's happening there

Eva turned her back on me and took a few steps forward..

Eva: If you hurt him, I am going to kill her

I took the knife and crawled my way to Ramiel..

Uriel: And if you hurt her, I am going to kill him

Eva: What is this?

Uriel: This is called "You don't hurt her and I won't hurt him"

I was in pain as I crawled to scrape off parts of the drawing so Ramiel can be free..

I got closer and saw it was drawn in blood..

I started to scrub off a little to break the circle..

As I was busy, I felt a grab on my dress. I was flown across the room hitting the window and falling..

Eva: Pathetic!!

URIEL

The phone was on the ground, I couldn't see what

was happening but I did hear Lele screaming..

Simon started laughing..

Simon: Ohw Uriel, This is sad. You think Eva will spare her life for me?

Me: Shut up!!

Simon: Half baked plan I tell you, That's the problem

I crushed my phone with my hand and dropped it on the floor.. I walked out of the sliding door and stood at the backyard..

I took off my t-shirt.. I looked up..

Me: I need my wings back!!!! I need them to make

this right!!!.. Please!!

I fell down to my knees..

Me: Above everything else, I am a warrior angel.. It's my duty to fight evil and protect humanity.. I need to make this right

My tears fell on the ground..

Me: Please!!!!.. I know what I did, But we can't let them win. Evil cannot win

As I was on my knees crying out, I saw clouds gathering. Then I saw and heard lightning flashing through the sky. A bright light started shining from heaven down to my chest. I felt pain and it knocked me out, Separating me from the body that I was in..

In that instance I became Uriel again the warrior Angel. I saw Sondezi's body lying flat on the ground, I was standing over him as my angelic self again with my sword and wings..

As the rain continued, I embraced my amour once again..

"I put my armor on, show you how strong how I am
I put my armor on, I'll show you that I am
I'm unstoppable"

URIEL

Sondezi got up and looked at me..

Me: This will be the last time you ever see me,
Thank you for everything

Sondezi: Did you accomplish what you needed too?

Me: Yes and don't worry about your church, The
church members will donate and it will be fixed.
Thank you again

He nodded..

Me: Go home now

I watched him leave, Then I went inside again..

Simon wasn't expecting to see me..

Me: Your reign is over, They'll be others too after you but yours. Ends now

I snapped his neck..

LELETHU

Ramiel couldn't even extend his power to help me,
He was trapped. Eva lifted me up from the floor with
her hand around my neck. I coughed out blood..

Me: Make it a quick death

Eva: Giving up already?

Me: J ust do it

She squeezed my neck, Trying to squeeze the life out of me. Then I heard her gagging, Her grip loosened. She let go of me, And fell. I saw the knife on her back, I looked by the door. It was Uriel, He lowered his hand.

Me: Uriel??

He came and picked me up, Placed me on the bench and healed me..

Me: Uriel?

Uriel: You did it (Smiling)

I got up and looked at him..

Uriel: I think the rest is self explanatory

Me: I'm never going to see you again?

Uriel: You will.. J ust not in the way you think

He whispered in my ear..

Uriel: That's the spell to reverse the spell that Eva
casted on your cousin

Me: You can't go.. I love you

Tears ran down my cheeks..

Me: What about the baby?

Uriel: We'll see when he's born

Ramiel: Uriel we have to go

Uriel: Bye MaLady

He went and freed Ramiel then they left waving
goodbye....

That was the most heartbreaking thing I had to do,
Letting go of someone that I loved...

I left there headed home in heartbreak and
disappointment to go and help my cousin, Then
continue with my life. My life without Uriel..

PURGATORY

Azreal: Welcome back

Me: Thank you.. I guess I have to go to the cage

Azreal: No you are pardoned, Welcome back home
Brother. Though you know you can't be her
guardian angel anymore

Me: I know and understand

Azreal: Good

LELETHU

I got home, My Grandmother was sitting in the lounge distraught. So was Thabo

Me: What happened? What's going on?

Grams: She killed herself

Me: No

I went to her bedroom, Indeed she was laying on the floor. In her own pool of blood, With a razor in her hand. She slit her throat.

Ramiel: Don't beat yourself about it, Eva didn't just leave. She took her with

Me: I can't lose two people close to my heart in one day

Ramiel: She sealed her fate when she decided to go to the other side, Unfortunately the wager of sin is death.. Take heart Prophetess, Take heart

[08/06, 12:40] : LELETHU

FINALE

LELETHU

[A FEW MONTHS LATER]

Sondezi: And it's done

Me: It smells good

Sondezi: I hope it tastes good too

He kissed me on my forehead..

Me: I'll go and check on Ariel

When I approached his nursery, I heard him playfully laughing and being very jolly..

I stood by the door, Looking at Uriel playing with him..

Me: I wondered why he always laughs at night

Uriel: I hope you don't mind

Me: It's okay

Uriel: He is very cute and adorable

Me: He is.. I can't believe we thought he was going to be a Nephilim

Uriel: I guess if I slept with you in my angel form then he would've been, But I was in someone's body and his biological reproductive system did all the work

Me: I am glad, I couldn't fathom the fact that my Son was going to be the end of the world, But by grace that didn't happen

Uriel: How is Sondezi?

Me: He's good.. He's a great husband

Uriel: I'm happy to see you happy

Sondezi: Honey

Me: J ust a minute

Uriel: I guess I should go

Me: Bye

Uriel: Bye

The past few months were a bit hard, But worth it. I've grown spiritually and Sondezi didn't remember much about Uriel being in him just the time we spent together. I guess Uriel left parts of his love for

me in him. We got to know each other well, Got married and built the church. He's a great husband and a good father too..

Me: Has it started?

Sondezi: About too is, Ariel sleeping?

Me: He's about too

I went and tuned in. We were about to watch my interview. Speaking about my life, My gift, My experiences and the death of my cousin. It was hard adjusting to life without her but we worked through it. My relationship with Thabo and Grams is much stronger now..

CHARLES

Lucria brought me my whiskey..

Lucria: How does it feel to be out?

Me: Feels good.. Getting back everything that belongs to me

Lucria: Life was difficult without you and I hope we won't be running into Eva soon

Me: I am the leader of the church now, That won't happen

I was acquitted a month ago, Came back to fix my life.. My businesses and everything, I am set to marry Lucria next month..

Lucria: What about Lelethu?

Me: We keep out of her way we will be fine, We all exist but can't exist alongside each other

URIEL

I was watching my Son again Ariel..

Ramiel: I know it's difficult but it's for the best

Me: Thank you for clipping his wings

Ramiel: With his wings clipped no one will ever know he's the nephilim.. No one, Even when he grows up. With his other traits they'll just think that he is gifted like his mother

Me: That's good

(Silence)

Me: So the story ends here huh?

Ramiel: Yes.. We call this chapter the end

She went to switch off the light in my Son's nursery..

Ramiel: Let's go

.

..... THE END.....
