INTRODUCTION

ZAMOKUHLE

The view is amazing. The sounds of the birds chirping and singing is enough to get me excited. I'm a doctor! After all these years, working as a nurse, I'm finally a doctor although it's not like that's what I wanted. I'm happy though it's going to be hard. I've heard that doctors work so many hours and I can't take that but yeah...

Quinton has also been the best.....boyfriend. I guess. I haven't confirmed anything yet or actually said anything about the way he

behaves. He's just being his annoying but handsome self. I'm in love! He's the one who actually bought me by own Hospital and I'm still trying to name it. I have no names shame. Then there's my sweet baby girl who's turning three in a week from now. I'm so happy and excited. By the way it's the beginning of the year..January...

—

After looking at my view I go into the bathroom, drop my gown and get in the already prepared bath..

It's so soothing and relaxing. The water and it's bath oils hitting the right spots...

After my bath,I wrap a towel around my body and go into the walk-in-closet. I dress up in my above the knee,tight,black skirt with a white shirt. I tie my 'touch my fat ass' thin twists into a neat bun. I apply nude lipstick and a bit if foundation, eyeliner and a bit of eye-shadow. I

put on my 6 inch black stilettos and top it all of with a simple black leather jacket. I look absolutely gorgeous! ...

—

I take my black and gold handbag and head downstairs meeting Mam'Martha,our helper...

Me:"mama!"

MM:"Zamo! Morning"

Me:"morning,so how do I look?"

Mm:"umhle Ntombi (you are beautiful) uzacharma bani na?(who are you going to charm?)"

Quinton: "me"

He comes down in his formal wear looking sexy and serious at the sane time! I'm drooling! He looks handsome, that might even be an understatement..

Me:"Morning Quinton"

Quinton: "Mfazi wam"

He kisses my cheek and pecks my lips..

Me:"ang'boni ring"

Me:"Uphi uLisa?(where's Lisa?)"

Quinton: "still sleeping"

Me:"well let me eat and go see how my hospital is doing"

Quinton: "still haven't thought of a name?"

I nodded..

Quinton:"Q & Z Health? "

I think a bit..

Me:"that's..... Perfect! Wow! You're not a dumbass after all"

Quinton: "what?"

Me:"Let's eat Quinny"

He groans.. It sounds so girlish..

Mam'Martha:"ilk go check up on Lisa and go to my room"

Me:"okay mama!"

She leaves..

I eat the cornflakes..

Quinton: "you look beautiful my love"

I blush..

Me:"took you long enough to notice,you not bad shame"

Quinton: "what is that suppose to mean?"

Me:"it means uzamile(you tried)"

Quinton: "so in other words I don't know how to dress?".

Me:" your words not mi-"

He shut me up with a kiss..

I pulled out and he groaned..

Me:"well now you just look gay with that nude lipstick "

Quinton: "Zamo!"

I stood up..

Me:laughing "Quinton darling,it's okay to decide to play for the other te-"

He squeezed my butt tight...

I don't know why but I moaned..

Quinton: "I'm not gay"

Me:"but I ne-"

He pulled me to sit on top if him..

Quinton: "I love you Zamo,please give me another chance to express my love for you"..

I'm tired...

Will post an insert.

He looks sincere. I'm becoming emotional...

Me:"o..oka-"

I can't even finish my sentence as I'm already in the air. I'm giggling and he's smiling like a retard..

Me:"Put me down Quinny!!"

He does but smashes his lips on mine. His hands are brushing and exploring every part of my body. He squeezes my ass and I gasp and moan and he slips his tongue in my mouth. We are having the most kiss. He's biting and sucking on them and I'm doing the same..

He groans as I pull out..

Quinton: "whyyy? "

I wipe my lips..

Me: "we both have to go to work"

Quinton: "we're bosses,meaning
we(peck)can(peck)do(peck)whatever
(peck)we(peck)want....."

He trails of..

He takes off my jacket and starts unbuttoning my shirt. I unbuckle his pants and they slip down. He jumps out of them and take off my shirt. He slides my skirt down while looking at me biting his lower lip. I'm mesmerised looking at his lips. As he comes up,I immediately attack his lips with a hungry kiss..

"Jump" He commands in between our kiss..

I oblige and he carries us upstairs to our bedroom..

He throws me to the bed and takes off his suit and shirt. I run my hands seductively on his abs. He groans and I lie him on the bed and get on top of him..

I kiss,suck,lick and bite his neck going down then up while my hands are massaging and touching every part of his upper body. His briefs are now raised in a tent shape as his hard dick is hard. It's wet..

.
. .
. .
. .

I slowly slide them down and his dick springs out..

My mouth hangs open looking at it's size.. My goodness! Did it grow wider or taller?!!

I swallow and hear him chuckle but groans as

soon as I fill my hand with it and give it a squeeze..

Quinton: "ohhh fuck Zammoo!"

He says. I start going up and down with my hands while kissing,licking and sucking the tip here and there. He's going crazy as I'm going faster!

I then stop and slide him in my mouth. He fits halfway and it's already up my throat causing me to gag...

I start moving while my tongue is doing action...Where the fuck did I learn this?!

He's moaning,groaning and almost screaming...I'm doing good. I start doing some action with my hands on his balls to while busy here. He's grabbing my weave and also mouth fucking me! If that's what you should call...

I squeeze it a bit here and there while doing my thang! He starts to go crazy and shakes. He

then suddenly bursts in my mouth... Ohhhh
goosshhh!!! He came in my mouth!!

I quickly pull out and go to the bathroom and
spit it out...ewww!!

....

Quinton: "oh fuck! Damn babe! Where did you
learn that..??"

He says coming in the bathroom while my head
is buried in the toilet...

Me:"it's my little secret but please next time
warn me if you're about to burst,this thing
tastes awful"

Quinton: "next time huh?"

He ignores me..and next thing I know two finger
are entering my punani...

I moaan!

Me:"mmhh baabbbyyy!"

He starts moving them slowly..

How did I not feel him sliding my thong sideways..?

He pulls me up with his one hand and I'm standing straight but my leg is a bit opened giving him access..

He inserts the third finger and starts going faster and deeper but then slows down again...

I'm going crazy ngoba(because) ngapha(this side) he's busy rubbing my Nana over my panty...

I feel myself about to come but he pulls them out and bends me..

He pulls down my thong and leads me to the sink where I hold on to. He slides himself easily because I'm wet..

...

He starts going faster immediately when he's in.

My bra falls down..he unclipped it?... He hold on to my boobs and spanks my butt going in deeper,harder and faster..

Me:"OHHH OHHH BABY QU-QUINT--ONNN AHH!!!"

I moan and he groans cursing..

Quinton: "OH FUUCCKK!!!! YOU SO TIGHT!! UHH BABE!!!"

He spanks my ass and I feel myself shaking. My legs are wobbly and I cum all over his dick....

I'm breathing heavily...

He holds me by my waist and turns me around. He smashes his lips on mine and we have a passionate kiss.

Quinton: "I missed you"

Me:"me or my vagina??"

Quinton: "both" ...

We head to the shower and start showing...

I get out first and lotion. I wear my purple above the knee tight dress with my white gladiators..

I straighten my weave and key it loose and put on some Vaseline. He changes to sweatpants and a muscle vest showing off his sexy tattooed muscles..

His dreadlocks in a ponytail. I notice he doesn't like braiding his hair..

...

Since well it's decided that I'm going to work later, I start some cleaning while he goes to his study to do some work. It's the afternoon and I'm with Lisa on the carpet and we're " talking" ..

She talks a lot...

Me:"so your birthday is coming up,what do you want?"

Lisa:"Dolly? "

Me:"a dolly? But you have so many"

She didn't go to daycare today..

Lisa:"Lisa want more!"

She claps her hands standing up to fetch a Barbie doll..

Lisa:"Lisa want more!"

She says waving it on my face..

Me:"only? "

Why am I asking this kid what she wants? A 2 year old?! Ayi boredom kills!

She sits on top of me..

Lisa:"Lisa want teddy!"

Me:"a teddy?"

She nods...

Lisa:"sweeties!"

Me:"you'll get sick"

Lisa:"but Lisa and Bali(Barbie) want sweeties! "

Me:"mmhh okay"

Lisa:"Yaayyyy!!! Daadddaaaa!!!"

She screams up and down..

Quinton comes down running...

Me:"woah! Slow down bae"

Quinton:"is something wrong?"

Lisa runs to him and hugs his legs...

Lisa:"Lisa get Dolly Babi,teddy and Sweeties!"

Quinton: "woah why?"

Lisa:"Lisa good girl"

She says smiling sweetly. This child is gorgeously cute!!

2 weeks later

____ MORNING ____

I'm dressed in a nude dress with nude heels. No make up and my hair is loose. I take my keys and run downstairs. I meet Quinton by the door..

Me:"bye love!"

I walk out but he pulls me back...

Quinton: "my kiss?"

Me:"ah!"

I peck his lips..

Quinton: "That's not a kiss!"

Me:"gosh!"

I kiss him and go to my car..

...

I'm nervous as I approach it...

Okay so I haven't went to see my mother. I'm so disappointed in myself but then I was always nervous and scared..I don't know why but I had

my fears...

.

After I think like 3 hours I get there...

It's big si I fi d a parking space and get out. I drink the bottled water and get out of the car,locking it..

I walk to where Xoli directed me to go and I go to the woman side..

I tell them who I'm looking for and I'm searched all over before I walk in. It's a long hall. I get to where there are lot's of cells. I'm accompanied by a guard...or warden,I don't care. I sit down on where I'm told and wait....I'm really nervous..

I walked out the station really surprised but then confidence. Lelwa is right though. At first we agreed on the fact that he shouldn't stay with me then a lot of kak/shit happened and here we are today. We've know each other for a long time and we've must made up yesterday. I'm really not sure that I want marriage that quick in my life. And then there's also the part where I think it'll just be forced. I feel like Quinton won't propose to me because he thinks it's time or he wants to but just because he thinks I'm moving out because I "desperately" need this. Will me moving out feel like I'm just pressuring and and

what not? I don't know. But then, mother's know best right?

.

.

I get in my car and drive to my hospital. Things are going great there. I have kind and sophisticated employees. After maybe 8 hours there and Michs calls every now and then, I drove home. Yeah, I still do talk to Mich. I would never abandon my bestyy! My babes! Nanaz! The drive home was full of me singing here and there until I got home. I parked and got in and went to my room. I changed to trackpants and an oversized T-shirt. I've gained more weight these days bit my stomach is nice, not entirely flat but in a perfect smooth way..

I'm loving my body these days shame and with an amazing boyfriend like Quinton it's so hard not to ..

.

.

Mam'Martha brings Lisa and we head to the kitchen together. I insisted on cooking and I was cooking Q's favourite which was spaghetti, mince with veggies. It's simple but he loves it. I make it while Lisa is talking to me..

Me:"Did daddy take you to daycare?"

It's funny how I just talk to Lisa and she understands everything. And she's a really fast learner..

Lisa:"yes! Daddy buy me us-cleam!"

She says happily dancing..

Ice cream? I don't know how much I've told that man to not give Lisa ice creams in the morning..

I'm just going to confront him about it when we go to bed..

Me:"how was daycare?"

Lisa:"boling"

Me:"really? I thought you loved it,hanging out with Miso?"

Lisa:"yah...Miso yagula(is sick)"

Me:"uphethwe yini(what does she have?)"

Lisa:"thumbu(stomachache) "

Me:"well she ate something bad,I'm sure it's that ice cream she eats in the morning "

Lisa:"Lisa eat us-cleam in mornil"

Me:"then you are going to get sick too"

Lisa:"Lisa don't wanna get thumbu(stomachache) "

Me:"if daddy keeps on buying these things for you,the Lisa get thumbu"

Lisa:"daddy want Lisa sick?"

I shrug..

Lisa:"Lisa hit daddy"

Me: "hit him hard!"

I say laughing, I'm sure she's joking though..

It's about 19:30 when I finish cooking and when Quinton comes back. I kiss him on the cheek and take his briefcase.

Me:"You look horrible! "

Quinton: "gee thanks my beautiful girlfriend"

I laugh..

Me:"you're welcome,now go take a bath you smell like sweat and papers"

Quinton: "WTF?"

I laugh again and out of nowhere Lisa appears with my spoon. Hayibo! How did she get the spoon? I mean she's not even chair size..

She starts hitting Quinton who bolts away..

I'm laughing while Lisa is chasing Quinton with the spoon screaming..

Lisa: "Lisa not want thumbuu!!!!"

Quinton: "what the fuck is that?!"

He doesn't speak baby language..

That's what he told me..

Me:"Yey! Language! "

I pick Lisa up..

Me:"wena,leave daddy alone"

She wants to cry..

Lisa:"Lisa want to hit daddyyy!!"

She wiggles herself out of my arms but I bring her up holding her tight but gently..

Me:"if you hit daddy then who will buy you your dolly and teddy with sweets?"

She hides her face..

Lisa:"mama?"

Me:"mmh?"

Lisa:"Lisa tanda(I/Lisa love you)"

I kissed her forehead..

Me:"and I love you too.."

I carry her upstairs..

Me:"let me bath you then we eat..okay?"

She nods..

Me:"Quinton I hope you're showering or bathing wherever you are!!!"

.
.br/>.

I bath Lisa then dress her up in her Sofia PJs. Her bedroom is decorated like that. We go downstairs to the kitchen where I find Quinton in his PJ bottom eating some spaghetti from the pot...

Lisa:"Yeyyy!"

She goes to pull his leg..

Hayi I give up on this child..

.

.

.

.

.

.

QUINTON

.

.

.

The drive to my parents house was a drag.

When I got there,it was chaos. My mother went crazy on me because they found out Michael is missing and it could be me. [Y'all know what happened in the teaser,forgot to copy and paste

it here]..

..

So my father hired some guards and guarded their house while I set my guards to guard my house. Then I left and went to the warehouse where I told them to start looking for Michael. After that I drove to work and checked my other companies then drove home...

.

.

I swear my baby hates me. She's a mamas girl but she's been living with me for that past 10 months. I'm not saying I ain't happy though,seeing my two favourite woman get along gives me joyy and peace in my heart..

.

We had a wonderful dinner and I just have to say,my baby can cook shame Her food is

marvellous and it's a bonus that she cooked my favourite meal..

I'm now lying in the covers while my woman is putting Lisa to sleep. After our miscarriage,we didn't mourn properly but I'm glad we moved on pretty well. She's become a great mother to Lisa,who isn't even her biological child why Londiwe was just a bitch! I have no doubt at all that she'd be even greater with our kids...our beautiful hundredplets..

Me:"Yes I'm planning on having 100 kids.."

Bae:"I wonder who's the poor woman who's going to have to carry"

She said getting in bed..

Me:"don't play dumb my heart"

Bae:"I'm seriously feeling sorry for her,I mean having to carry your big headed children "

I gasp and hold my chest..

Me:"I'm not big-headed"

Bae:"just because you think it's not there
doesn't mean it's not"

Me:"well you love this big-headed loser"

Bae: "unfortunately I do"

She lies on my chest hugging me while I wrap
my hands around her..

She kisses my chest..

Me:"Zamo?"

Bae:"mhh?"

Me:"I love you okay? Never doubt that"

Bae:"I love you too,I hope awufi(you're not
dying)"

I chuckle..

Me:"I'm not...now sleep"

Bae:"goodnight kiss?"

She says facing me..

Me:"I thought you wouldn't ask"

We kissed and got comfortable again on the bed and slept..

I wait and pace around the room. I'm biting my lips and the only sound heard is the clicking of my heels..

"Xolelwa Jazi"

I look behind me as the guard say..

I see her. In an orange overall. Her hair is nicely straightened. She's wearing nice red sandals and her nails are painted in a red colour..

She's beautiful and a bit thick like me..

She looks up and when she sees me her hands

move to her mouth and she's in shock! She looks like she's just seen a ghost. Tears gush out and stream across her face. I'm standing still looking at her as she comes closer..

*

"Hey! No physical contact!"

Lelwa:"oh nyo nyisical nyontact my foot. I haven't had one visit from my family and I'm seeing my said to be dead daughter for the second time since I gave birth to her!! So go shove your nyo nyisical nyontact where the sun doesn't shine Ngizi and give us some space!! Nx!! Stupid guard!"

She turns to me and hugs me...

Lelwa:"oh mtanam!! Siphosam!! Xoli told me you're dead!"

She sobs in my arms..her hands weren't cuffed...

*

Why would Xoli tell her that??

I thought she told me the truth?

Was she lying?

*

She calmed down and we went to sit down..

Lelwa:"unjani?(how are you)"

I smiled..

Me:"I should be asking you that but I'm okay,a little nervous "

Lelwa:"why?"

I shrugged..

Me:"you..how are you?"

Lelwa:"I'm okay,there's nothing bad that has really happened "

Me:"I'm glad.."

Lelwa:"kodwa ndixakekile(but I'm

confused),uXoli uthe wena ufile(Xoli said you're dead,kwi-hijacking(in a hijack))"

I'm shocked..!

Me:"What?"

Lelwa:"ewe(yes)"

Me:"but she told me the truth 2-3 months ago"

Lelwa: "the truth?"

She looks really unconvinced by this..

Lelwa: "UXoli has never been truthful,I'm here because of her sins"

Me:"she told me you killed utatakho(your dad)"

She chuckles..

Lelwa: "hayi! But let's not talk about her"

Me:"I-i wanted us to talk and get to know each other"

Lelwa:"there's really nothing to know about me girly kodwa ndiyabona ingathi uyaglowa(but I

can see you're glowing) ngubani(who is he?)"

I giggle and blush..

Me:"his name is Quinton Shezi "

Lelwa: "Shezi? Son of...?"

Me:"I can't believe I don't know his fathers name!"

Lelwa: "ndim loyo(that's me too)"

I laugh

Me:"you were married? "

Lelwa:"to a lovely man kodwa he left me high and pregnant"

Me:"with me?"

She nodded..

Lelwa:"so any children? "

Me:"I have a baby girl,I miscarried my babies last year"

Lelwa: "babies?"

Me: "bekuyi kidnapping (it was a)I only knew ukba(that) they was more than one,I was 2 months"

Lelwa:"ohh my baby! "

She hugged me..

I cleared my throat..

Me:"i-i also wanted us to talk about your release"

Lelwa: "yah?"

Me:"I want you to come live with us,I mean with me,Lisa and Quinton"

Lelwa: "nihlala nonke?(y'all live together?)"

Me:"ewe(yes)"

Lelwa: "habee! Ngaze ngafa(I just died),imihloloyami le!(my goodness!)"

Me:"khona into ewrong?(is there something

wrong?)"

Lelwa: "buy a house mtanam(my child) uhlale lapho nomtana(stay there with the child)ndizoza ndizo hlala nani(I'll stay with y'all)"

Me:"why?"

Lelwa: "anikashadi(y'all aren't married)"

I kept quiet..

Lelwa: "mtanam (my child) if you already live with him,cook for him and sleep with him,why will he want to pay Lobola and marry you? Usu yenza yonke into umfazi ekomele ayenze(you're already doing what a wife should do) why would he still want to go through that? Now you'll buy your own house where you'll stay with me and the baby and you'll go back to him only when he's paid Lobola and married you,I'll stay at the house"

"Hey!! Time is up!!"

Said the guard showing up..

Lelwa: "do as I say wena(you) I love you"

She kissed my forehead and cheek then hugged me..

She left with the guard leaving me confused...
And shocked..

Damn!!

LONDIWE

.

.

.

He's been here for a week now and I'm tired of hiding him here. I thought he would help me get Quinton but no. I go to work everyday but he stays here and watches TV while eating. Eating my money..

.

.

I woke up from my uncomfortable bed. When Quinton chased me out, I went home but then I was chased out because my mother hated me. My father passed on so I had no one. My sister helped me out and got me a flat where I have to pay R500 rent but she said in 4 months I'm going to have to start paying. I'm only left with 2 months and in those 2 months I'm planning on vetting Quinton back...

.

.

.

I went to brush my teeth and took a bath. My "roommate" is probably lying on the couch looking ugly now. Well a week ago, Michael showed up here and asked for a place to stay. I was really confused as to why he's here

because we're not close at all. In fact he hated my guts..

He told me he has a plan for us to get what we want that being Quinton and Zali or Zinzi or whatever. He wants Zamo and I want Quinton. For me I think it'll be easy,if Quinton was tempted once then he can be tempted twice..

Morning

I wake up to someone staring at me. I blushed still with my eyes closed.

Me:"baby stop staring at me"

Quinton: "it's called admiring baby"

Me:"well stop admiring me,I can't sleep"

I feel kisses on my neck..

Me:"mmh-mmh baby!"

Quinton: "wake up I'm bored"

Me:"unomtwana(you gave a child) "

Quinton: "didn't you see what happened yesterday?"

Me:"I even laughed at it..which reminds me,didn't I tell you to not give Lisa ice cream in the morning? "

Quinton: "....."

Me:"Quinton? "

I open my eyes and he's sleeping. Well his eyes

are closed..

Me:"yanyela wena"

I pat his face..

Me:"mxm_baby my mom says I should move and find my own place to live with Lisa and her"

His eyes shoot open..

I softly laugh..

Quinton: "huh?"

Me: "so you're not sleeping?"

Quinton:"what did your mother say you must do?"

Me:"you know I thought you were sleeping.."

Quinton: "Zamokuhle!"

I looked at him raising my eyebrow..

Quinton: "tell me what your mom said"

I sighed..

Me:"she said I should move and find my own place to live with Lisa and her"

Quinton: "why?"

I look at him..

Really now?

Me:"don't act dumb with me Quinton"

Quinton: "I don't know what you're talking about,really?"

Me:"so you don't see anything wrong with what we're doing?"

Quinton: "what are we doing?"

He says sitting back..

Me:"really Q? Really!?"

Quinton: "Zamo you fighting with me about what I don't even know!!"

Me:"well I'll just do as she says until you actually figure out what I'm talking about! Nx!"

I get up and go outside the room to Lisa's room..

.

.

Maybe this would teach him a lesson. I should move out for as long as he doesn't remember. Even when he does I'm not leaving until he does..

But does this make me sound somehow?

Desperate?

I don't want to sound or look desperate!

Like I can't live without a man..

I'm going to live with Michelle for the time being.

Well I'm going to look for a place to stay while at Mich's house..

I called her..

Mich:"Nanaaazzz!!"

Me:"(whispering) Babess!"

Mich:"and then? The whispering? Ohh you're with bae? Why you calling me?"

Me:"calm down Mich! Yoh! I just called to tell you I need a favour "

Mich:"oh you know you can ask me anything"

Me:"I..I need a place to stay so can I please crash at yours?"

Mich:"did Q kick you out? What did you do?"

Me:"Mee? Why are you assuming it's me?"

Mich:"I don't know, you're the one kicked"

Me:"he didn't kick me out okay? I'm moving out!"

Mich:"(she gasped)What did he do?"

Me:"yaz'in(you know what?) I'll tell you everything, now can I crash at your place?"

Mich:"yeah you can,you didn't even have to ask"

Me:"thank you and I'm coming with Lisa "

Mich:"great!"

Me:"and we're coming today"

Mich:"even greater! Sandton is so boring without you"

Me:"I knooow"

Mich:"okay I'll see yah when you're here"

Me:"bye babes"

Mich:"toodles nanaz!"

QUINTON

.

.

.

I don't know what just happened but whatever it is I know it's not my fault. Zamo can't just say something and I have to guess what she's thinking. I got up from the bed and wore my PJ bottom since I took it off and slept in my boxers. I went out the room to Lisa's room where I found Zamo packing..

Me:"Zamo..."

She ignored Mr and continued packing..

Me:"I just don't understand what the problem is! Zamo you wanted us to start on a clean slate meaning we should talk to each other and trust each other!! What happened to communication?! Are you walking out on us?! Giving up?! Answer me maan Zamo!!!"

I was losing my patience with her..

Zamo: "don't talk to me Quinton!"

I walked to her and held her arm..

Me:"you're not leaving this house without us talking..."

I said calmy..

Zamo:"let me go Quinton, the drive to Sandton is really long"

I chuckled

Me:"I don't want this to end badl-"

Zamo:"Q let me go!!"

She tried yanking her arm off but I held tighter causing her to flinch..

Zamo:"Quinton let go!"

Lisa:"Dada..mama?"

I let go off Zamo and looked at the Lisa who was rubbing her eyes..

.

Zamo:"hey baby"

I clicked my tongue and went downstairs and

locked all the doors leading out. I was serious when I said she ain't leaving this house..

.

.

She came downstairs, minutes later carrying one pink suitcase which was Lisa's on her left hand and on her right Lisa. She ignored me and went to the kitchen..

I went to the bathroom in our room,stripped naked and took a shower. I dried,lotioned and dressed in my trackpants and a muscle vest. I tied my dreadlocks in a bun..

I wore my flip-flops and went out to the kitchen..

Breakfast was already served and Lisa had already bathed..

That was quick!

Me:"Morning babyyyy wam"

I said kissing Lisa all over her face. She was

giggling nonstop..

Zamo:"I'm trying to feed her here Quinton! "

I sighed and gave Lisa her cereal..

Me:"eat baby,I have to talk to your mother"

Lisa:"yes dada"

Me:"and don't make a mess..!"

Lisa:"Lisa know Dada!"

I shook my head smiling then pulled Zamo to our room..

I closed and locked the door then called Mam'Martha..

MM:"Mr Shezi"

Me:"Man,Khanya is in the kitchen,please look after her.."

MM:"no problem "..

I hung up and that's when I heard the shower running..

I waited while lying on the bed...

When I got home,I found Michael lying on the couch..

He looked up when he heard me throw myself on the two seated sofa..

Michael:" ah! Just the person I wanted to see"

Me:"I live her bruh"

Michael: "I know that,I wanted us to talk"

Me:"you're leaving?"

I asked with excitement evident in my voice..

Michael: "that would make you happy now would it?"

Me:"very much (I mumbled) "

Michael: "whatever... But now let's get to business"

His face went hard..

Michael: "I have a plan on how we could both get what or rather who we want"

Me:"and that plan is?"

Michael: "you,like the You are ,are going to seduce Quinton. Make sure he doesn't sleep with you wearing a condom..you have to get pregnant, I know she'll leave Quinton and I'll be

there,I'll apologize and whatever and be her shoulder to cry on.."

Me:"Wow,you came up with all of that yourself?"

Michael: "wasn't that hard,it's a simple and easy plan"

Me:"well I hmguess you aren't useless after all"

Michael: "mxm,I'm hungry,make yourself useful and make dinner"

He know I can't cook! Nx!

Me:"haha, nice one nx!"

I went to my room,took a bath and wore my nighty..

.

.

Yes Michael has been here for a week. But I he didn't live here for free shame. He's been

satisfying my sexual needs and visa versa. He couldn't resist me so I don't think seducing Quinton will be hard. I just have to find a way to have us two together..

I'm angry and I can't control it. I feel like Quinton should know this. Doesn't he see the need to marry me? I mean like,shouldn't he know that I shouldn't be living with him if we're not married?

Sure I didn't know but..

Okay maybe I'm being unfair..

.

.

I got out the shower, dried and wore a towel around my body. My weave was off and I was just drying my hair..

I got out the shower and saw him lying on our bed. He looked hot and cute..

I ignored him and dressed in my white short jumpsuit. I wore my white gladiators. I combed my hair and put a thin headband on my head..

I put on my dark matte purple lipstick and did my makeup a bit..

I felt hands on my waist and his Cologne intoxicated me..

Quinton: "it's too short.."

His voice was deep and husky..

I turned and faced him..

Me:"what's too short..?"

He looked at me, it's now I notice his eyes are small and red..

He's horny

Quinton: "your jumpsuit, people are going to be seeing MY assets.."

Me:"YOUR assets?"

Quinton: "MY assets but that's not what I wanted us to talk about,Zamo what happened to communication? Talking about what's bothering us? Being honest?"

I looked down and exhaled..

Me:"I don't know..I just became angry,my mother said I should move because living with you means I'm already "forced" into doing my wifely duties,not exactly in that way but that's

what she meant,so I should move out and actually live with you when we're married"

Quinton: "your mother? Your jailed mother?"

Me:"no Quinton my cooked mother.."

I said being sarcastic..

Quinton:"is that why you're mad? You don't wanna leave me?"

He smirked..

I laughed..

.

.

Me:"oh please big-headed loser that's not why I'm mad at you"

Quinton: "then tell me,I cannot handle the mad you.....(mumbled)and kinda childish you....."

Me:"what was that?"

Quinton: (smiles)"nothing babe,now tell me why you were mad"

Me:"I was mad because you don't think of even marrying me"

Quinton: "and how do you know that?"

Me:"I don't know,you really didn't look PR react...I don't know..like you...wanted to marry...me??"

I said not sure of how I actually felt..

Quinton: "look my love.....(he held my hands).....I love you, I love you so much I can't explain it,I know I can't live without you.. I want to make you my wife so bad but I see you yourself have not even thought about it,not to say I'm not ready for marriage and what not but baby,a lot of things have been happening in our lives and I didn't think that right now bringing this marriage situation in our lives is good,but if that's what you want and you think you're ready

then fine"

I thought about and no....

Me:"no no...I don't want that Q,at least not like this,I want you to propose to me because you love me and we're both ready...okay?"

He nodded and smirked..

Quinton:"and this is the part where we seal it with a kiss "

I laughed and we kissed...

I pulled out and he groaned..

Quinton: "baaabbyyy"

Me: "I still have to leave"

I wiped the bit of lipstick on his lips off..

Me:"before you think of going gay on me because you "love" this lipstick,let me wipe it off"

Quinton: "Zamo don't start...!"

I laugh and we head out.....

After packing my bags I went to load them in the car. Quinton wasn't happy at all about the arrangement. In fact he wanted me to go with him to visit my mother. I didn't think it was a good idea but then..he'll be meeting my real mother but I should also introduce him to my

family in KM that being KwaMhlanga..

Me:"so I should stay here for one more week then I leave?"

Quinton: "yes,I have a bad feeling about your mother babe"

Me:"why? She was just telling me to do the right thing "

Quinton: "baby,the right thing? Your jailed mother told you the right thing? I don't know why you believe a woman you've just met 5 minutes ago than swoman you've been living with your whole life!"

Me: "I don't know who to believe keh Mina Quinton!"

Quinton: "don't move out babe,this needs your parents but right now I'm making a decision to move out,end of discussion"

Me:"what? Why?"

Quinton: "don't worry, I'll move out after a week.."

More than 15 years in this prison made me bitter and crave for revenge. I want them to suffer the most because they took me away from my daughter. My only daughter. I'm not the bad person in this whole ordeal. Yes I killed my brother cold bloodedly because he destroyed me. Every piece in me and left me broken. I have no words to describe how I felt

when our own brother became a cruel monster . When my daughter came to visit me here,I immediately knew who her father was. One of Ndoda's friends. He was the one who mostly pleased himself with me so I get why I carried his seed..

I don't hate my baby,no no no,I love her and all I wanted was to protect her..

#Xolelwa

.

.

.

Once upon a time. We were happy and peaceful but then my father ruined it all. A man who wanted power and money but failed to go and work it all for himself. The story about him is long and depressing but then again I have to not bottle up my emotions..

My name is Xolelwa Jazi. I'm the twin of Xoli

Jazi who is married to my husband. Yes I was sexually abused by my brother's friends for years until I decided to end it all by killing him. I ended up pregnant with one of them's baby. A hard 9 months in jail as I was immediately caught and arrested and since all evidence was there it didn't take weeks for me to land here. I gave birth to a girl who I named Zamokuhle Siphosam Jazi. I love her to death even though I don't know her but right now I need her to make my revenge plan a success. Xoli took my husband and baby from me to go play happy family somewhere since she can't have kids. I'm angry but then that's half of the story. My father was also killed. He didn't die the natural way. He was killed by none other than Xoli and that caused our brother to start sexually abusing us. I wouldn't have been pregnant or depressed in this jail if it wasn't for her!! Ndoda loved our father and that's why I think he became the man he was..

I guess he called it following in your fathers footsteps..

.

.

.

When I was arrested I didn't know that Xoli also told them that I was the one who killed our father. She showed them the murder weapon which somehow had my finger prints. My dad was shot 3 times on the stomach,once on his head and twice on his neck. It wasn't a sight many should see. It's a really confusing story..

I was sentenced to 55 years but I would have been senymtenced to 15-25 if Xoli didn't tell them I "killed" our father. Money was scarce at that time so I couldn't really afford a lawyer and it looked like there was no way out..

.

.

.

The only thing I'm using my daughter for is to just find out where Xoli is so I could just "talk to her". The whole I'm married thing with Bukho started when I was in primary Gr7. We met there,fast forwarding,we went to highschool together and stupidly got married...eloped actually without our parents knowing. Xoki being the bitter bitch and twin in this stole him,bewitched him! I know this because I heard them talking about visiting Somlingo,a sangoma who uses dark magic. He's under a love spell and if she's been cooking for him a these years and hasn't run out if the potion, he hasn't left her so I'm also using Zamo to just find the love of my life ..

The plan was already in motion. I had bought numerous lingeries not only for the occasions where I seduce and tempt him but also for when I have him all to myself. Morning I woke up and took a bath. I can't wait till the day I'm out of here living like a Queen. Not having to work and ordering people around all day to do their job. Although Mike would also earn me that life, couldn't he check I'm s hotel? Meaning o broke! Mxxm! I made my bed and wore my tight red dress with red high heels. I put on some makeup and tied my hair in a bun then took my purse. I'm so glad Quinton didn't order me to leave my new and expensive clothes when I had to leave. I'm not about to go back to that life of having cheap worn out clothes..nah.a. And that also goes for the

"girlfriend" who's cheap and worn out. I won't let her take/steal my man I'm front of me.

.

.

.

Quinton was mind and is still mine. Our love created something beautiful and cute which is Lisakhanya. I might not like her that much, hell I resent her because she's taking Quintin's attention away from me most of the time, like I'm a second wife to him so I need to make sure either she dies and since I'm with Quinton, he'll comfort Mr and spoil me some or she moves out with that cheap and worn out bitch!

I said goodbye to Michael and went to the taxi rank. One of the reasons I hate living the cheap life too..

Mike is found and I'm surprised by his choice of place. Michael comes from a rich and wellknown family but to stay here? Yah neh but then it might e that he's paying low but not low enough because here I am looking at the small cramped up apartment.....with Londiwe. I'm sure whatever they have planned won't succeed..

.

.

Anyway to me and Zamo. Everything has been good and our bundle of joy is just the cherry on top. About what she told me the other day about her mother, I have a bad feeling about her. Yes she's my mother in law and I'm not against what she said about me having to move or Zamo having to move so that I can move back or she can move back when I've paid Lobola and married her but then I have this gut feeling..

.

My apartment is set and ready and I'll be moving in in 3 days. Although things have been all rosy between me and Zamo, I still had a lot of work I've missed out on on all my companies. We've new clients who are bigger than the ones we had and people are applying for jobs since the companies are growing..

.

.

Morning,I wake up determined to actually start finishing the pile of papers on my desk in the study. My baby is sleeping peacefully next to me looking as gorgeous and cute as ever. Her nakedness touching my skin felt amazing. If someone told me that one day I would be in love I would've laughed my lungs out and punched their faces for lying to me. I got up slowly and went to shower. Since I knew I was going to stay at home locked in my study,I wore my Nike shorts and a vest and my sandals. My dreads in a bun. I went to my study and started working...lessening the pile...

Business as in the hospital is good and I'm a happy girlfriend and mother and woman in general. My life is peaceful and I have no worries other than the confusion about the stories I've been told by two women. My aunt Xoli and newly found biological mother. I don't know who's story to believe now or who to believe. I know Quinton says I have to believe Xoli but that woman is nothing but a liar! Then Lelwa seemed genuine and why would she lie? Maybe because she's jailed and has nothing to lose? This is both frustrating and confusing..

.

.

Morning I woke up in bed alone. It was my day off and wasn't going to DayCare. Mam'Martha was off so I would have to spend my time with her. Since tomorrow is her birthday I just have to make sure she has on the most cutest thing. My baby is turning 3! The theme is a simple white and yellow. Everybody knows! My dad is coming too and that's when I'm planning on introducing them to each other so that Lobola negotiations won't be a hassle. ..

.

I bathed,brushed my teeth and wore my two piece which was a black jean that was loose and a crop top. I put on my wedged sneakers which I bought on Monday. They are so gorgeous. They are blue and were pretty expensive but my man got me covered. Shopping with my girls always gets Quinton's phone buzzing like nobody's business . I straightened my Peruvian weave and put on my

hoop earrings. I looked gorgeous and I topped it off with some matte lipstick.

Damn!

Luckily for me Lisa was already bathed by Quinton I think but none the less I found her jumping on her bed naked..

I dressed her up the same as me and went downstairs and made breakfast ,okay I probably should've started with breakfast. I made an English full breakfast and went to give Quinton a good morning kiss and his food..

Me:"morning baby"

Quinton: "morning hun"

Me:"Morning my love"

Quinton:"morning sweetheart "

Me:"Morning sweetypie"

Quinton:"Morning my Angel "

Me(smiling):"I love you"

Quinton: "I love you too sugar"

Me:"now eat,I prepared this with love"

Quinton:"it's not even breakfast anymore "

Me:"don't blameme,blame work"

Quinton: "if only you could work from home"

Me:"never! Home gets boring too quickly "

Quinton: "that's why I think....(he stood up and came to hold me by my waist)....we should get mini uses to run around the house...huh?"

He pecked my lips..

Me:"never ever think again, you're bad at"

I'm not ready to have children again. Sure it's been a year but then just the thought of doing something wrong and I misscarry kills me....

Me:"yes because I got a side nigga"

Quinton:"wait what?!"

Me:"really Q? Ungang'yeli!(don't shit on me!)"

Quinton: "sorry baby but why don't you wanna get pregnant?"

Me:"I just don't want to kill another innocent baby or babies!"

Quinton: "don't talk like that okay? What happened last time wasn't your fault but Michael's, I don't want you blaming yourself for

that fucker's fucking mentality!!"

His face changed to anger but I just smashed my lips on his and gave him a passionate kiss. His hand travelled to my booty! And he gave it a tight squeeze. I moaned and pulled I out. I could feel his boner and his eyes were red..

I laughed and pecked his lips.I gotta go..

Me:"bye baby "

Quinton: "haa Mara Zamo!"

I went out laughing...

.

.

I strapped Lisa on the backseat and kissed her cheek..

I got in my seat and drove out..

The drive wasn't long. I got to the mall and parked my car. I noticed 4 more cars parking

next to me. I immediately called Quinton,they've been following me since home..

Quinton: "Bae"

Me:"Quinton there are 4 cars following me!"

Quinton: "what kind?"

Me:"Range Rovers!"

I was panicking..

Lisa:"Mama Lisa want out!"

Quinton: "relax Bae they're your guards"

Me:"guards?! Tf?!"

Quinton: "relax bae please"

Me:"why do I have guards following me?!"

Quinton: "please don't worry about them Zamo please! And they won't bother you"

I did breath ins..

Lisa:"Mama!"

Me:"Lisa we will go out!"

I snapped!

Oh gosh...

Lisa: "sorry"

Me:"sorry too baby...let's go"

She excitedly got put and I followed. I locked the car and walked while holding Lisa's hand, who wanted to get in in, every shop and my handbag. I bought jumpsuits,jeans,t-shirts, kicks,sandals,headbands, a swimming costume,dolls,Teddy's and a bit of sweets,not a lot,don't want my baby sick.(I didn't show or tell her),dresses and pumps. I went to buy us a snack at Wimpy since she played a bit. I also bought myself something that I'll wear at the party.The guards were nowhere to be seen but when I decided to drive back home,they're cars were on the side of me,in front of me and behind me. Which was such a drag because I

couldn't speed to home. I was soo tired and I have to make sure everything is ready tomorrow..

When we arrived,I carried the sleeping Lisa in and went to prepare some dinner. Quinton wasn't home but I was too tired to care . When I was done,I just went to bed..

I really wanted to go in Londiwe and Michael's apartment and pop someone's cap and stop

this drama in my life. I don't need it! I really don't! I've quit all these gangsterism and wanted to be a better boyfriend and soon husband but with them here, I don't see that happening. Austin has been dealing with mother after that scandal. I don't really get but I'll just assume she's pregnant..

.

Speaking of being pregnant, I know it's not the right time to want a baby now but life is too short and I want to continue with my companies, my blood and my father is the kind to want grandchildren before he dies.

.

.

Coming back from dropping the paperwork, I went to our bedroom and showered then wore my boxers. I went to eat then went to bed finding Zamo peacefully sleeping. I got in

behind her and she turned to face me..

Bae:"you're cold,ubuyaphi?(where're you coming from?)"

Me:"please sleep,we have a long day tomorrow "

It's the day. Quinton is moving out. I'm so sad and I don't want him to leave. I wake up in the morning and he's still asleep. Great! I quickly get out of his grip careful not to wake him up. I wear my gown over my halfnaked body and go upstairs to make breakfast..

-

I feel hands snake around my waist and I just know my 'breakfast in bed' idea is thrown out the window..

Quinton: "morning wifey"

Me:"Morning hubby"

I turn around and wrap my hands around his neck and we share an arousing passionate and dirty kiss. I moan..

He breaks it and lifts me and puts me on the counter and switches of the stove. He comes back to kissing me. I'm so horny right now and I can't hold back. He slept in his boxers. He drops my gown and unclips my bra. I'm moan as he starts some action on them. He's licking and sucking..

Me:"Quuuu!!"

I moan loudly as he's also rubbing my pussy against my panty. He goes down planting kisses. Our breaths are heavy and uneven..

He then kisses me and we go to our bedroom. I'm naked and totally exposed to him. He pulls down his boxers and his coloured cock revealed. My pussy twitched as he jerked it and the colourless cum dripping. He pulled me to the edge and slammed into me causing me to scream!! Thank god for sound proof rooms,don't want Lisa barging in..

Me:"oh-babyyy!!"

He groaned..

Quinton: "oh fuuucckk!!"

He slammed into me..

Me:"yesss baabbyyy!! Ah-Ahhh!!"

I could feel myself getting close to my wave..

Me:"oh baby I'm cuummiing!!"

He rammed into me and pulled out as I was about to burst..

Me:"Fuck Quinton No!!"

I cried out with tears in my ears..

Quinton: "turn baby"

I turned around..

I hear him groan as he has a full few of my ass.

My face is down and my ass is up..

He rams into me and again I scream..

Coloured dick is good y'all!

He's hitting it hard,deep,fast and so good I can't stop screaming and crying as he denies my orgasm!

-
-

Me:"baby please!"

I can't believe I'm crying over an orgasm but do you know how it feels?

Quinton: "please what?"

He asks breathing heavily..

Me:"please let me cum!"

He turns me around and enters slowly thus time,my pussy is already burning so I flinch..

Quinton: "sorry baby,you're so tight! Fuuckk!!!"

He groans..

My legs are on his shoulders and he bangs into

me slowly..

His hand is massaging and rubbing my clit and I'm holding my breast as he starts going fast. I have 3 orgasms and we have our last climaxes together..

Me:"oh babe!"

He collapses next to me,his dick smoothing out my pussy..

I flinch..

I'm burning bathong!

Me:"oh gosh my baby.."

He gets up and goes to fetch a Luke warm towel and puts it on my baby..

Me:"mmhhh....that's better"

Quinton: "wait here neh?"

Me:" and where would I go?"

He chuckles and runs out..

He comes back with an ice in his mouth..

Me:"and then?"

Quinton: "lie down baby"

I was sitting down so I lie down..

-
-
-
-

He lifts my leg and next thing I feel ice on my vagina and that sends shivers down my spine and I shudder..

I moan as the cold water melts and slides down..

I breath out as he comes up and kisses me and slides the ice in my mouth..

...

Lisa is awake and I carry her downstairs and

put her down in the kitchen and go on with breakfast. I'm already dressed in my yellow short jumpsuit which hugs my body perfectly with gladiator heels and a white cardigan..

I'm hot with my new Peruvian black weave..

I served hubby his breakfast with a kiss on the cheek. Lisa was allergic to Russian and eggs so her breakfast was simple cereal..

My plan was delayed by Michael who said thins have changed. He's not sure of the plan and he feels like he's being watched..his every move is being watched. I've also had that feeling a couple of times but it might not be that important. I'm dressed in my white lingerie and a red coat on top. I'm not listening to Michael's

idea. He said we should wait a bit until we are sure it's clear but I've waited long enough for Quinton to be mine and I'm not going to wait any longer..

-
-

Me:"Afternoon Mike"

He looks up and raises an eyebrow..

Mike:"what's with the coat? It's so hot outside"

Me:"I'm visiting Quinton,he's going to stay in the house that he said I must leave and if he's not going there he's going to the Cultura house"

Mike:"Londiwe why aren't you listening to me? I thought you knew Quinton! I know Quinton and I know he has something planned! "

Me:"Don't we? We do have something planned too and if we delay,he'll win!"

Mike:"Listen to m-"

Me:"I'm getting Quinton back from that fat bitch!"

Mike:"don't insult Zamo! "

Me:"or what? Huh? You're pathetic! And weak! And I want you out my apartment when I come back! "

He stood up and slapped me!

Me:"aahhh! "

I was shocked and he started choking me!

Mike:"Don't you ever vomit that shit out of you ever again!"

Me:"Mi..ke..pl..ea..se"

Mike:"I'm going to kill that bastard!"

He let me go and I fell down. He disappeared to the guestroom and came back with a gun..

-
-

Me:"Mike No!!"

He went out banging the door...

I got up and ran out but when I was outside he was nowhere to be found..

MICHAEL

-

I got in the cab and told him to drive me to Madelifie street in Bronkhorstspuit. I saw their house and all the cars parked outside. I'm ending Quinton... Brother or not..

-
-

I sneak next to the house. There are a lot of guards here but Quinton has to die..

Luckily no one was outside but they were inside the yard. The gate was huge but I managed to climb. There was an electric fence. So I just balance and aimed my gun to the guard guarding the window. I shot him! There he was! When he heard the gunshot he faced the window and I fired straight to his stomach..

I quickly climbed down but fell on my back. Next thing I know shots were fired at me. I felt the pain on my stomach neck and then lights out!...

♥ 2 WEEK LATER♥

•
♥ I dress in a white off the shoulder above the knee dress with my black wedged sneakers. I tie my hair into a bun. I do some make up to

cover my eye bags and just take my phone and handbag and go to his car. His Jeep Cherokee. I don't want to break down, I've done enough of that right now. I start driving out slowly and get in the emroad where I continue driving like I'm some granny. Hoots! All the cars behind me are hooting like crazy! Can't they just go around me?!

I wiped my tears as I near the hospital where he's been in a coma for 2 weeks. Nothing is right! What happened 2 weeks ago went viral. Michael is dead and was buried last week Saturday. He shot Q in the chest near his heart. He's been in a coma for 2 weeks and Lisa has also been a mess. She cries! Never eats as she had to witness what happened. She was with Quinton when he got shot. My baby is traumatized. She's staying with Michelle right now but tomorrow she's coming back to see her daddy. After this I also have to fetch my

mother. What I didn't tell her and what she doesn't know is that I have arranged a meeting. I'm tired of the lies! And I just want peace! His father and Austin are the only people who only visit him with Danzo,Bonga,Sandile and Anga..♥

•

•

♥ I get out and lick the car. I walk in the hospital and they let me pass since I always come here. I get in his ward and I'm shocked to find Londiwe there,crying and apologising..

Londiwe: "I should've stopped him!"

She cried..

I stood there looking at her..

What is she doing here?

Holding his hand?

Me:"Londiwe? "

She looked up..

Surprised as me..

Londiwe: "Zamo?"

Me:"What are you doing here?"

Londiwe: "I should be asking you that"

Me:"no no,I'm here for Quinton, MY boyfriend"

Londiwe: "wait wait,you're the Zamo? Michael's ex?"

Me:"Michael's ex? What are you doing here Londiwe?"

Londiwe: "I'm here for Quinton"

Me:"What relation do you have with him?"

Londiwe: "he's the father of my baby"

Me:"baby? What baby? Are you pregnant? "

She laughed...

That "haaa!" laugh..

Londiwe: "he never told you? Lisa is my baby!"

Me:"What?"

What?! Lisa? My Lisa?

I never really asked Quinton who the mother of Lisa was...I'm her mother...

Londiwe: "yes! I'm here to help recover"

Me:"recover from what? What you and that dead bastard planned?! Oh please! Who key you in here anyway?"

Londiwe: "I'm not about to act ratchet because I'm not here for you okay Bae? Quinton is my man and as soon as you accept that,all will be well"

I chuckled..

Londiwe: "the bonus is Quinton needs me here"

I did breath ins because I could feel myself about to blow..

I left the ward and went to calm security..

The took her out and I just went to sit next to Q..

Me:"why didn't you tell me? Did I have to ask?
Huh? Quinton please wake the hell up! Lisa
needs you..I need you okay? This is all too
much for me. I'm used to you being the strong
one between us,I can't deal with this.."

I hold his hand and just break down..

I then feel a pain on my abdomen..

Me:"mmhhh"

I moan as I rub my back where the pain came
from..

It hits me again and I scream!

Me:"aaaaahhhhh!!"

I squeeze his hand tight and a nurse comes in..

Nurse:"what's going on?"

Me:"oh god please he-aahhh!!"

She quickly comes to me and helps me get up..

Another nurse comes in..

Nurse1:"get me a wheelchair! "

The second nurse goes and comes back with a wheelchair. I sit and I'm pushed to another ward..

The pain hits double this time..

I break into a loud cry..

Me:"AAAAAAAAAAHHHHHHHHHH!!!!!!!"

Nurse2:"calm down please!"

When we get to the ward..they stop and I'm given water. I'm laid on the bed breathing heavily..

Then I pass out..♥

rushes in..

The nurse gives me water and I drink up. She adjusts my pillow and I'm now sitting up..

Doc:"Morning "

Me:"Morning?"

Doc:"Yes you've been passed out for a whole day"

Me:"what happened? "

Doc:"Something very serious but you just experienced contraction and in that time almost miscarriaged"

Me:"M-Miscarriaged? I'm pregnant? "

Doc:"yes ma'am,with twins and congratulations"

Me:"what? Whoa whoa whoa! I'm pregnant with twins?"

Doc: "yes and you are highly under risk of losing them if you don't tone down on the stress,your

BP was high.."

He continued blabbing but I just zoned out,I'm pregnant with twins? ...♥

♠ As shocked as I was,I was also happy and scared. I don't want anything happening to my babies and hearing that I almost miscarriaged made my heart skip.a beat. Now Quinton has something to wake up.for other than us. My man needs to wake up,if not for Lisa and I,His family and friends then he has to do it for our babies. I was nervous as fuck for the meeting but I just want the truth and peace between my parents and family. I just found my mother and I should be happy but instead I'm confused..♠

•
•
♠ I'm not discharged immediately but luckily Michelle has a car so she can bring Lisa here herself. The doctor says he needs to monitor

me for 2 days but no! I'm good! So I told him I just need this meeting to happen and then I'll come back here for him to continue monitoring me. He was a creepy doctor though..

After the ultrasound that made me shed a few tears at my being given a second chance at being a mother. The foetuses were barely there but

their smallish and weird shapes made my heart smile and me knowing that there's actually something or rather somethings in me growing . Thank you god!♠

-
-

♠ I got out the hospital and went to my car in a hurry. We were rather meeting at Mug'nBean. My parents drove here from the morning yesterday and stayed at a hotel. I called them today morning when I woke to tell them I was

delayed the whole day but today I'm definitely coming. I start the car and drive off to the prison. I fetch my mother and head to my house where I bought her clothes to change. Just a jean and T-shirt with sandals. She showered, used my lotion and dressed up. She looked gorgeous. Her hair was loong so I just styled it into a bun..a stylish nice curled bun. I put some make up on her and was good to go. She was beautifully breathtaking! ..

We quickly got in my car and I made sure I tell the guards to guard everywhere around this house, what happened last time was a warning enough for us all, we need guards around the house!♠

-
-

♠ We got in and I drove off to Mug'nBean and spotted my parents or rather my parent but it's

whatevs. They've both played roles sometimes. Well my dad all the time but Xoli..can't say the same!

They seemed shocked but I really font have time to nurse it all. I want answers and I want them now!♠

♠ XOLELWA♠

-

♠ Here I thought I was spending my day with my daughter but no,she had something up her sleeve but it's okay. I really needed to hear this backstabbing bitche's story. You know I'm not bad her and I know I wanted to use Zamo to

lead me here but all I wanted was an explanation. Whh she did all those things when I thought we were together in this since we were both being hurt by lived ones. I wonder how mother is doing. I know she's alive,Zamo told me. I live my twin..

Me:"Xoli"

I say sitting down. She looked nervous while Bukho looked shocked..♠

-
-

He really shouldn't!

How could he stab me in the back like this? I know she's feeding him something but for him to at first just not see how she's using him? Straight up betrayal!

Her: "Xolelwa"

Me:"How are you? Oh and nawe(you too)

Bukho..hello"

Bukho:"hello Xolelwa"

Me:"how are y'all though?"

Xoli:"we're good"

Me:"although you didn't ask but I'm doing good too"

I giggled softly..

Bukho clears his throat and looks at Zamo..

Bukho:"mind telling us why we are here Zamo? "

She clears her throat..

Zamo:"can we please have this talk during our meal time"

She signals for a waiter before we could respond..

Zamo:"6 Chocolate cakes and 4 orange flavoured 100% juice"

The waiter nods..

Waiter:"is that all?"

Zamo:"4 more muffins in a separate plate.
There should be 2 slices of cake in one plate
and the rest should have one slice"

Waiter: "okay.."

Zamo:"and lastly.. Water"

Waiter: "coming right up ma'am"

The waiter leaves and we're all looking at her..

Zamo:"please relax,I wanted us to have a
conversation with out fighting and whatever but
most importantly, I want the truth"

Bukho:"The truth?"..♠

♠ Me: "Yes daddy, the truth about all this! I'm tired of the conflict and bitter issues between us all! I want us to be happy and I..I..I need to finally talk to y'all about what's been happening in my life! As a family, we should stick together with no secrets whatsoever! "

I hope they heard me because I did not just vomit out all this for people who don't know how to use their ears!

My water comes and I gulp it down. The doctor did give me my prescription and all but I'll pass by when I go back..right now, I'm hungry and I wasn't about to feed my babies that hooirrrriiibbllllee thing! Hospital food? Have y'all tasted it? It's horrible!

Our order came after the table went silent after my speech. I don't know if they were thinking

about what I had just said or they just didn't know what to say to each other after not seeing each other for a really really long time..

My muffins look so good so I just bite almost the whole thing and drink my juice..

Mmh! Good!

This was really good!

I don't now why though..♠

♠ QUINTON♠

-

♠ Still in this dark place,there was a light shining so I approached it. It was a string. I

pulled it down and suddenly images or should i say memories flashed in front of me since I was born..

Today after hearing Zamo scream I just wanted to move so bad..

After those memories flashes,it went quiet..

Nothing happened until the ground start shaking...

Then some voices came again..

Definitely not Zamo's or my "family"

Voice:"doctor he's having a sedure!!"

Voice2:"Sedate him!! "

I then actually del a needle in my arm. After so many times not feeling a nothing! ...♠

-
-

When I woke up,I was in a white room with

balloons. I knew I was at a hospital. My mouth was dry and I couldn't feel my arms and legs but I managed to reach and press the emergency button. A nurse came in and helped me drink water. A doctor came in minutes later. I was just waiting for Zamo..

Doctor: "Ahh! Mr Shezii, I'm so glad you're awake"

Me: "I'm glad to hear too"

Doctor: "Your Mrs is out but will be back soon but Mr Shezi I have very disappointing news for you.."

Me: "oh?"

He cleared his throat..

I tried sitting up as I could now feel my arms but my legs weren't budging..

Me: "uhm Doc? Do I still have the sedative in my body? I can't feel my legs? Why can't I feel my

legs?! "

Doctor: "Mr Shezii I'm sorry but you're paralyzed"

Me:"para...(laughs softly) ho..how? No I can't be!"..

◆ We all ate well and the conversation was awkward. Considering that they haven't seen each other in years,not months but years,I understand. Bukho was also angry. He found out he was being bewitched? I really didn't think Xoli was capable of such. I can say,I understand the killing of my cruel and heartless grandfather but to blame it on your sister? Your twin? And then not even look remorseful while at. I don't really want to dwell on the whole conversation but there wasn't exactly the peace I thought would be made,if that makes sense. They just agreed to be civil with each other. I don't know about dad's issue but I know there is never going to be peace with him and Xoli. I also

wanted to introduce Quinton to him..♦

•

•

♦ I pulled him to the side and left the twins to do whatever..

Bukho:"ikhona enye inkinga?(is there another problem?)"

Me:"depends on how you'll take this"

Bukho:"is it bad?"

Me:"daddy it depends on how you'll take this"

He raises an eyebrow..

Bukho:"khuluma keh(talk then/then talk)"

I took a deep breath...

Me:"I have a boyfriend"

His eyes popped out but then it seemed like he thought for a bit..

Bukho:"I can't say I'm surprised "

Well I am,how is he calm? Not that I want him to lash out and shout at me..

Me:"really?"

Bukho:"you're what? 24? Obviously you do have a boyfriend. I knee this time would come and I would like to meet him next week Saturday"

My eyes pop out.. I hope Quinton will be awake at that time..

Me:" he's at the hospital "

Bukho:"then you should rather "reschedule" the meeting"

Me:"really daddy? I'll call you when he's discharged and we'll come on the Saturday or the days after if he's not awake,but I hope he is,I'm not really allowed to monitor him since I'm family or rather someone he's close to"

Bukho:"he's in a coma?"

Me:"yes..and daddy?"

Bukho: "yes?"

Me:"I love you"

Bukho:"I love you too Zaza"

I won't tell him about my pregnancy, at least let it be a few months if it..

I don't want to get my hopes high..

We went back to the table and I was relieved..◆

◆ I let them go to the house and use the guestrooms. Mich called me and told me their at the hospital and waiting for me. I almost forgot I have to sleep there. I called Mam'Martha and Mam'V to guard the inside if the house and make sure my parents are okay and they actually enjoy their stay.. ..like it's

some hotel..◆

..

◆ I get in my car and drive to the hospital. I park my car and rush in meeting Mich at the waiting area..

Me:"babes!"

Mich:"nanaz!"

Me:"my pumpkin!"

Lisa:"Mama... Dada!! "

My heart breakers at the sight of her like that..

Mich:"I'm sorry friend but he'll be okay neh?"

I pick up Lisa and try to hush her..

Me:"I hope so..do you have to go?"

Mich:"yes,I left my mom alone,who knows what she'll do,she might even go into my room"

Me:"and who knows what she'll find"

Mich:"you talk too much marn!"

Me:"but can you please take Lisa with you again..after she sees Quinton? "

Mich:"really girl?"

Me:"please,I'll pay you"

Mich:"how much?"

Me:"name your price girly"

Mich:"R10 000"

Me: "yahlanya!(you're crazy) R500"

Mich:"what will I do with that? Don't bore me please! R8000 take it or leave it!"

Me:"mxm fine!"

Mich:"I want it by tonight"

Me:"and if I don't?"

Mich:"you'll knowmr mogirl!"

I laugh,we hug and she leaves..◆

Lisa:"mhm?" She sniffs..

Me:"don't cry okay? We're going to see daddy "

Lisa:"Lisa see daddy? "

Me:"yes baby, and don't cry,you're breaking

We walk to his ward..

Lisa:"sorry mama "

Me:"okay baby"

I put her on the side of my hip and we continue
to walk until we've arrived..◆

extreme joy as I see him. Awake! We get in and
Lisa loses it..

Lisa:"DAADAA!!"

She almost falls from my grip..

I give her to Quinton and rake my seat. Not even a whole hour and she's already asleep..

Me:"hi"

Quinton:"hey..how are you? "

Me:"I'm good,you?"

He deeply sighs..

My heart breaks..literally..

Quinton: "I'm not okay"

Me:"what's wrong?"

Quinton: "I haven't been kisses in 2 weeks"

I giggle..

Me:"I'm serious Q"

Quinton: "I can't feel my legs"

Me:"I'm sure its the sedat-"

Quinton: "that fucken bullet paralyses me
Zamo!!! Not the fucken sedatives!!"

I keep quiet and he sighs again..

Quinton: "I'm sorry..it's just.."

Me:"why aren't we happy Q? I mean.."

My tears fall..

Quinton: "Zamo please don't cry.."

Me:"it's just i-i"

I don't know why I'm emotional..

Quinton: "call Mich"

I call her and Quinton tells me she must come
fetch Lisa..

That takes a while but she eventually
arrives,takes Lisa and leaves..

Quinton: "now cuddle with your man"

I smile and oblige..

His arms are warm..actually his whole body..

My head is on his chest and my arms are wrapped around his torso..

He has one arm around me by my back almost close to neck and his other one is by my waist..

Quinton: "I love you Zamo. From the moment I saw you and I want nothing more than to make and see you happy. The only tears I want to see fall from your beautiful face are tears of joy. My heart bleeds and breaks and I become heartless at the sight of you cry. I get the feeling to want to make everyone who's making you cry suffer and die at my hands. I don't want to make you cry. Well before my mother turned her back on me, she would tell me to always pray when I'm faced with something difficult. I never really prayed or went to church and I know you weren't going too but right now I want us to stay strong and let's pray together. 5 MONTHS LATER

–

ZAMOKUHLE

–

5 months have passed and I was happy for the first 4 but now I'm not. I'm 5 months pregnant but I look like I'm about to give birth. My parents have met Q and they all get along. My Lobola negotiations were paid 2 months ago. So I'm basically Quintin's . He hasn't proposed y'all. Let's not get ahead of ourselves. Quinton has also started his physiotherapy and I'm thinking he sometimes is happy to go for physio to get away from me . I haven't been happy this month because Quinton has been distant. He doesn't touch me, mostly isn't home and all and

sadly I suspect he's cheating . It actually breaks my heart to think that he might be cheating on me. It's been a month on that and sadly my girls are not available. Michelle,in the 5 months that have passed, gas gotten herself a Bonga and is 1 month pregnant. It's pregnant season y'all. It's August by the way..

And no one really mourned Michael's death..

The mother only..

She doesn't like me anymore..

I don't know why..

(see the care on my face)

—

I've been a mother mostly,answering Lisa's silly questions. Y'all know what kind.. "Mommy how did you get a baby in your tummy " . Sometimes she and her father joke around and the father pays by sleeping on the couch for a

week and the daughter by not getting ice cream for 3 days..

So basically my days are good and bad..

–

I wake alone again and I'm sick of it! Why is Quinton doing this to me ?! I hate him so much right now!! Michelle is coming today to take me out on lunch and we'll just enjoy ourselves.

I make the bed and go shower. I dry up and get a good morning text from Quinton which I always get..

~" Good Morning Baby,My Love,My soon to be Wife,I love you so much and I'm think of you right now,have a great daySoon to be Mrs Shezi " ~Quinton S.(saved as -Hubby-)

I still melt at those texts and blush . I love Quinton and I hope he's not cheating on me. I'd

go crazy! I lotion wear my dark blue leather dungaree with a white shirt underneath. I wear my leather air force white kicks and apply my blue lipstick. It makes me look hot. I put a bit of makeup. I tie my thin 'touch my ass' into two pony's and I'm good to go. I only take my phone,sunglasses,car keys to the BMW i8 and put them in my purse. I get in the car and drive to Spur,I'll be meeting Michelle there. I look so big, but the dungaree suits me and his me perfectly. Its short so it shows a bit of my yellow thighs. Which I'm not afraid to show! I look .

—

Michelle is already there when I arriveso it's hood,no waiting but I'm hungry. The cereal,morvite and English spicy hot breakfast with extra peri peri didn't fill me up . I order and eat then we go shopping. She picked the most beautiful red long dress with black high

pencil heel stilettos. The dress was glistening because of the glitter it had. It was open at the back and body hugging. It revealed my cleavage and had lace. It was so beautiful. The price:R299000 . The stilettos were:R129000. . She bought handcuffs and 2 "sexy" pieces of thick string strong enough ..

My eyes literally popped out. The lingerie was all black and all lace. It hid nothing! Gosh!

Mich:" You'll thank me later "

She said and we walked out of the shop. We did a bit of grocery and I bought lots of junk food..

—

Getting home,I was tired as fuck! Quinton wasn't back and I didn't want him back! We just got Lobola'd and he does this! Fuck him marn! Too bad I can't drown myself in wine and dump

him, it'll be a long and hard process..

Mich is with me. She insists we go to some classy club that's only 3 km away. Sadly I was only going to drink juice shame..We dress up. I'm dressed in the backless red dress I just bought and heels. She massaged my feet and I slept for 4 hours. She did my makeup again to match with what I'm wearing..

We took the same car and Mich said she'll drive. She drives not for long, just 50 minutes. We get to **** hospital. Where we actually first met. It's almost the same as the one in JHB.

Me:"whoa! This is a club? I'm dressed up like this for a trip to the hospital?..... "

Mich:"(sighs) friend..it's Quinton..."

Me:"what?! What happened?! Where is he?! The ward?! Dammit Michelle!! Is he okay?! Please tell me he is...(my voice is breaking)"

Mich:"He's at the roof top. He was shot..."

I quickly get out the car and run. The hospital is empty. No one is here! I go upstairs. I meet a security guard..

Me:"(out of breath) sir please carry me to the roof! My husband is there!"

He obliges and runs with me there. It's not long till we get up there. I've been carried by 3 guards. They exchanged..

I'm immediately met by a soft music. I look around panting and panicking...

There us a soft blow of cold wind..

Then Quinton appears looking all hot and sexy in a tuxedo,not hurt and....and WALKING!!! He's walking!! My heart jumps with joy and I nearly run to him and hug him.. My tummy blocking me of course..

Me:"Quinton! You can walk!! Oh thank god! Thank you!!....Wait.. How?..when? And what's going on?"

He doesn't answer but goes to some stage that seems to have been set up..

He stands on it and grasps a microphone.. And sings..

Oh Lord have mercy..

His voice..

He can sing?!

—

—

—

—

_Justin Timberlake_My Love

Quinton: "If I wrote you a symphony"

Quinton: "just to say how much you meant to me"

The guys (Bonga,Anga,Danzo,Sandile,Austin) appear as well as the girls(Michelle[Q's

sis],Michelle,Angel,Bontle,Qinisela)...

–

Them:"what would you do?"

Quinton: "if I told you,you were beautiful,would you date me on a regular?"

Them:"tell me would you?"

Quinton: "so baby I've been around the world,but I ain't seen myself another girl"

Them:"Like you"

-

He comes down the stage and walks to a teary me and kneels down and opens a velvet box. It reveals the most beautiful ring I've ever seen. It's a rock!

-

Quinton: "This ring here represents my heart,but there's just one thing I need from you"

Them:"Just say I do"

.....

I burst into tears..

I'm so emotional..

Me:"Oh Quinton...!!"

My mother, father,Aunt Xoli,Langa,Uncle Dumisani,My grandmother come out of nowhere as well as Quintin's father,mother,grandmother and father...

Them:"SAY YES ZAMO!!!"

They say that in unison..

I giggle..

Me:"Yes!!"

He slips the ring on and suddenly lights go on..

And what I see is the most beautiful I've ever seen..

He continues singing..

–

Quinton: "because...I can see us holding hands,walking down the beach,our toes in the sand,I could see us on the countryside,sitting on the grass laying side by side,you could be my baby,girly look at my lady,girl you amaze me,ain't gotta do nothing crazy,see all I want you to do is be my love!"

Guys and girl(Them):"So don't give away"

Quinton: "My love!"

Them: "So don't give away"

Quinton: "My love!"

Them:"so don't give away.."

Quinton: "ain't another woman who could take your spot my love!"

Them:"so don't give away "

Quinton: "my love!"

Them:"So don't give away.."

Quinton: "My love!"

Them:"so don't give away.."

Quinton: "aint another woman who could take your spot...My loooove!!"

–

He stops...

I'm a teary mess!

I'm smiling and blushing and crying all at once!

So basically..I'M A MESS!

But Quinton really surprised me,I didn't expect this..

Not one bit..

I look at my rock...

Xolelwa was shopping at the mall staying with Zamo,Q and Lisa but was going to move to her new house. Tanya(Quinton's mother) was also there shopping for a black outfit for "the funeral". She(Tanya) spotted Xolelwa..

Tanya:" Lelwa! Lelwa!!"

She tapped Lelwa's shoulder and she turned..

Tanya:"hi!"

Xolelwa faked a smile..

Lelwa:"hello,do I know you?"

Tanya:"oh of course you,who doesn't know me,Tanya Shezi,Q's mother I'm your sister sister "

Lelwa:"you know,like mother in law's coming together,being friends"

She laughed..

Lelwa faked a smile again..

Lelwa: "Quinton's mother you say,you know andikwazi tuu tuu(I don't know you at all)"

Tanya: "that's bad,you know,how about we catch lunch?"

Lelwa:"No! No no no! I mean,iapartheid isese khona yaz',bazothini abantu nabas'bona sobabini?(apartheid still exists,what will people say when they see us together?) "

Tanya walked away swaying her butt left and right leaving Lelwa confused..

Lelwa: "mxm"

Morning I was welcomed with breakfast in bed.

Me: "I really could get used to this"

Quinton: "please don't"

Me: "why?"

Quinton: "babe,I have a lot of meetings and paperwork, this won't last"

Me: "too bad,bring my food then.."

I ate and he ate with me..

I got up and walked to the bathroom while he went out with his friends. I took a nice relaxing bath,luckily the bathtub was expanded so that I can be comfortable. I dried,lotioned and wore my yellow summer dress and my yellow slippers. I brushed my German cut which was

still new..

Pregnancy suited me y'all but hayi..

I was in the living room brushing my tummy. My mother was coming with Lisa..

I heard a knock..

how she'll be acting when the twins arrive"

She said laughing..

Me:"Quinton will be there,we'll be together

She immediately passed out..

5 hours later she woke up to Quinton busy with

the baby's in their crib..

Zamo:"Quinton... "

Quinton: "my love.."

He smiled looking at her tired sweaty face..

She still looked beautiful..

He kissed her lips and pulled out,laying his forehead on hers..

Quinton: "Thank you.."

Zamo: "I hate you for making me go through that shame but I love you,if it wasn't for you,I wouldn't have these blessing here with me.. Can I see them?"

Quinton: "Name them?"

Lelwa: "without us?! Habe!"

Morning came and I was just very tired. My pussy was on fire. Quinton was sound asleep next to me. He was one of those people to wake up early..

And I remember that he has work..

Me:"baby.. Fiancé! "

Quinton: "yini baby?"

Me:"you have to go to work"

Quinton: "ngithathe iday off (I took a day off) actually it's until you give birth"

Me:"yoh lucky me shame"

I got up,ignoring my tiredness and the burning sensation between my legs.. I limped to the the

bathroom and heard Quinton chuckling..

I turned..

Me:"and then wena?"

He shut up and put on a straight face..

Me:"Quinton! You do this to me and then have the decency to laugh! We'll see who'll be laughing on your wedding day!"

I closed the bathroom door and locked it..

Quinton: "hayi Zamo uthini?(what are you saying?) Zamo!"

He banged in the door..

I brushed my teeth and took a shower. I was naked at least,I wouldn't have had energy to get naked..

After my shower,I dried and lotioned..

I unlocked and opened the door and walked to the walk in closet..

Quinton got in but stopped halfway as he admired and stared intensely at my body with lust..

Mxxm!

He's not getting any shame!

I chose a black dress with a slit on both sides,which ended on my knees..

I wore my black comfortable puffy slippers and went downstairs..

My braids were in s bun..

I made my own breakfast and ate..

Quinton came down dressed in his trackpants,no T-shirt but he wore his slippers..

I drooled over his six pack..

Quinton:"don't worry babes,it's yours"

Me:"mxxm! Our scan is tomorrow right?"

He sat down..

My head was on his lap..

Quinton: "yes, my mother would like to come.."

I laughed softly..

Me:"your mother? The woman who doesn't like me? You want her to come with us for our baby's scan?"

Quinton: "Hay Zamo.."

Me:"I hope you told her bitter ass..No!"

Quinton: "My L-"

Me:"Right? You told her! Right?!"

Quinton:"..."

Me:"Wow.."

I kept quiet still furious..

I was still breathing heavily..

Me:"I don't want her there"

Quinton: "she's my mother!"

Me: "so? Your mother doesn't try to kill your babies! Your wife!"

Quinton: "Zamo she's still my mother, my only mother"

Me:"she's not coming.. Finish and Klaar!"

I stood up and walked out to the pool..

I'm not going to argue with him shame..

*

Later that day,Quinton disappeared. I cooked and went to read my wedding Magazine. I've been looking at a few dresses and I've decided to get a backless mermaid dress. It had a few blings on it sides. My heels are got to be white pencil heel stilettos. I'll have on a new haircut. Like mhlambe(maybe) a German cut with a line..

My maid of honour was going to be Mich. There are times like these I wished Didi was still my BFF. My F. My babes. What happened to us?..

I dished up for myself and Quinton came..

He went out shirtless?!

Heeh!

Me:"okay.."

Quinton: "baby.."

He kissed my cheek but I moved..

He sighed..

Quinton: "she's not coming.."

Me:"mhm! "

Quinton: "I'm serious baby,I love you and I'll make sure dad deals with this"

He pecked my lips..

Me:"sorry for lashing out,your mother just gets me worked up,the day she drugged and tried to kill me and my babies..our babies...(I sniffed)....

Why is she blaming me for Mike's death?!

Huh?!"

Quinton: "...."

Me:"goodnight.. "

I went upstairs to sleep..

Quinton: "That's good! How are my babies?"

He says brushing my tummy..

They kick like crazy..

Me:"I want the gender to be a surprise"

Quinton: "they're boys..men!"

Me:"how do you know?"

Quinton:"I can feel it"

Me:"I wish I could feel your hand..."

I say placing a tender kiss on his lips..

He smiles and picks me up and we head to the car. He opens the back seat..

Me:"uyanya!(you're crazy!) I just got engaged at a hospital roof and you think I'll have sex in the car! Hehehe!"

He smiles and kiss me..

He rips the dress off and I gasp..

Quinton: "damn baby"

I moan softly as he plants soft and wet kisses on my neck..

Me:"(breathlessly)n-not in the carrrr...."

I moan softly..

He groans loudly..

His already hard..

He jumps to the front seat..

Soon we're home..

Naked on the floor and he's humping, banging and shagging me from behind..

Me:"oh yes! Baby!! Harderrr!!!"

He follows my command and goes in deeper and harder..!!

Quinton: "Fuuucckk!! Jgdvjdscj!!!"

I cum and he still fucks me through..

He explodes in me,minutes later..

.....

We move to the kitchen counter and he does it from behind again..

My moaning is out of control..

He's pulling my thin braids. He gmhas them in a fist as he's banging me from behind! He pulls out as I was about to cum..

Me:"oh Quinton!!! "

He slams into me again and I scream..

He spanks my butt and starts drilling in me. Oh fuck!

Me:"Oh-oh-ohhhh!! Fuck!!"

Quinton: "say my name Zamo! Scream my name!"

Me:"Quinton! "

Quinton: "Louder baby!"

He goes faster..

Me:"Q-Quinton!!"

Quinton: "I can't hear you baby!!"

Me:"QUINTON!!!! "

I cum and he follows..

I'm breathing heavily but I'm still fucking horny..!!

I think he is too as he picks me up and we go to our bedroom..

.....

Quinton: "I saw your cuffs"

I blush..

I go take them..

Me:"I think it's my turn to be in charge!"

He raises his eyebrow..

Me:"Lie on the bed!"

He obliges..

I cuff his hands and ties his feet in all four corners of the bed..

As he's tied up..

I go changed into my lingerie..

He groans as he sees me in it..

Quinton: "oh fuck! Baby you look hot! Damn!"

Me: "shut up!"

He does..

Me: "I have rules! 1:Don't touch! 2:No sounds or I get off! And 3:Don't move!"

~~~~~

He's naked and I'm enjoying the view..

I crawl on the bed to him..

I sit on him. My pussy directly on his dick..

I bend down and kiss his neck..

He groans and I stop..

Me:"No sounds Mr Shezi!"

He tries to move..

Me:"I'm getting off baby!"

He's breathing heavily..

I go back once again and kiss his neck..

He tries not to groan..

I'm licking and biting his neck.

Simucking..marking my territory. I grind my pussy on his hard member and he groans...I stop! And get off..

Quinton: "Zamo!"

Me:"Mr Shezi,I said no sounds"

He tries to move and get himself out..

Quinton: "Fuuucck"

I strip for him and he watches..

Aroused and listing over me..

His eyes red and small..

Drooling over me...

I'm left naked..

~~~~~

I crawl back once again on the bed..

Me:"Don't worry,you can scream all you want now "

I giggle softly and start kissing him. I hold his face and give him one hot arousing kiss. I go to his neck and suck,lick and bite..

I move down while stroking his member,kissing and licking his chest...

Quinton: "Fuucckk Zamo!! Oh yesss!!"

He's moving...!

I get to his member and look at it hungrily..

Quinton: "oh baby! Please!"

I lick the pink tip and he screams like a little bitch..

Quinton: "Sshiiiitt!!!!"

I do it over and over and over and over again
and finally..insert him in my mouth..

Again he grunts,growls and groans..

His voice is hoarse and raspy but sexy and
arousing..

I'm wet and dripping..

.....

Right now I'm multitasking, I'm giving him a
handjob,blowjob and treating his balls.. He's
trying to get out..!

It's sexyyy as fuck!!

Quinton: "please bb-baby let m-me touch
youuu!!"

He cums in my mouth....

I swallow..for the first time...

Quinton: "Damn!"

I crawl up to him once again and crawl further

up..

Me:"care to pleasure me while tied up?"

He nods like a little boy..

Me:"good boy!"

My pussy is on his mouth....

It's dripping and his breath..

Oh shit!

-

He gives it a lick and I lose it..

Fuck damn!

I start riding his face as he muffs me..

I want him to touch me..!!

I grab the keys while riding him and uncuff him..

His hands immediately go to my ass and he gives them a squeeze. He spanks it and directs my pussy to his mouth..

He sucks and bites and licks..

I'm a mess. A screaming mess..

I cum in his mouth and he licks me clean,arousing me some more..

Quinton: "damn baby! I didn't know you had that in yah!"

Me:"there's one more.."

^ ^ ^ ^ ^

I insert his dick in me and we groan and moan in unison. Best feeling ever! I start fast,going up and down. He's holding one of my breasts.the other is grabbing and squeezing my ass cheek..

I can't lean forward and kiss him because of my stomach so I continue..

The pleasure is unexplainable!!

I move in a circular motion. Too bad his legs are tied..

I move fast and he meets my rhythm by also helping himself thrust and fuck me..

We cum..

This time..together..

I collapse next to him..

That was the best sex I've ever had..

We take an innocent shower and I wear his T-shirt only while wears his boxer only...

We get in bed and cuddle..

I'm tired..exhausted..!!..

Me: "can't believe we ditched my engagement party"

Quinton: "don't worry,Qini and Mich [Mich from now on is my friend..and Mimi is Q's sister..]

Me:" is Lisa going stay with your parents or mine?"

Quinton: "yours,they need to know each other"

SEAL IT WITH A KISS

^NARRATED^

Tanya was already dying and Muzi(Q's father)was breaking. He was supposed to be at the hospital but he couldn't as he had seen Tanya in pain and is now at a nearby hospital..

Tanya: "Muzi"

Muzi:"Babe? What's going on? "

Tanya: "7 years before I married you I was a poor girl. My mother was poor and my stepfather Richard had dumped us outside because he was tired of my mother. My mother hustled for me and then we were found by an elderly woman. Days later my mother died but..she-she wasn't buried but the elderly woman sold her organs to the black m-market and we threw her bones in the river..

She was a witch..

Over a few years she-she died..

All her dark magic had somehow passed to me..

I was some queen and I was filthy rich.."

Muzi:"what..?"

Tanya: "a few days later after her death,I had to do the same thing to her,black market and the

river but her dead heart had to go to a man called Mshikaro. He was in some cult. It-it was said that I was sacrificed and I had to sleep with him. I was sold to him, body and soul but not at heart"

Muzi stood up..

Tanya: "I met you, you loved me but Mshikaro was there, jealous and cruel. When I got pregnant he would kill the baby, as in a miscarriage! I had already loved the power and now I see that it wasn't worth it..

Quinton was let go but he had a twin and for-for Mshikaro to leave me-us alone, i-i had to sacrifice him. Michael was also a twin, I sacrificed the other, Qini too and lastly Michelle wasn't, she was a-a triplet and-and I killed the other two and now he only needed two more babies! Our family was blessed with a line of pairs or more, The twins could die as he needs that to let me go (she broke down!) Zamo was

an obstacle in all his plans, she had the power of loving them unconditionally and that going to stay in my way of getting Mshikaro out of my-our life so i-we could be happy, all together!! She's going to die when she leaves the hospital alone without those children with her! In a way I was also trying to protect her and her babies, when they're dead, there won't be any evil -.. "

Muzi ran out the room shocked but quickly rushed out the hospital..

^

^

Zamo was discharged the next day. Her babies were going to have to be fetched later on. She wanted to make sure everything was going well with their nursery and a party was planned for them just to welcome them home..

She wore the clothes Quinton brought her. A

jean and a blue T-shirt written "NEW MOMMY" and he had her jeans sewn with the twins first name..

She loved them and thought they were cute..

She kissed her twins forehead and they started wailing loudly!

Zamo: "oh my babies,I'll be back.."

She managed to pick them both up. She was still in a bit of pain..

They kept quiet in her embrace and she smiled at them..

Zamo: "you guys are the best things that have ever happened to me,after all the drama in my life,I know that you both will bring peace.."

She kissed their foreheads and they moved..

Zamo: "I love you both so much,I'll come back later.."

They opened their eyes and looked at her..

She put them down and immediately when she left they started wailing..

After she got in her car.. Muzi drove in..

.

He was busy arranging a bit of the messed up plans. The caterers were late. They had cooked food but they weren't arriving..

He called Zamo..

Quinton: "baby!"

Zamo:"daddy,how are things?"

Quinton: "horrible mamabo! You are really needed,I'm going to fetch my sisters okay?"

Zamo: "I'll go back to fetch the twins,I love you daddy"

Quinton: "I love you too mamabo,I can't wait till we get married"

Zamo: "me too,when I say my vows to you oh

Fara god!"

Quinton chuckled..

Quinton: "I have to go keh baby,I'm sending you the details for the caterers, please deal with them"

Zamo: "with pleasure,love you"

Quinton:"love you too mamabo,never forget that, bye!"

Zamo giggled and blushed..

She ended the call and continued driving..

She started smellind something..

Like something was burning...

She coughed..

Zamo: "what is that sm-..."

The car just...blew up!

.

.

.

The babies wailed louder but then after a period of time stopped. They closed their eyes. The nurses couldn't believe what had just happened. A few minutes ago they could shut the baby up and now they kept quiet by themselves..

Muzi couldn't find Zamo so he drove out again and called Quinton on his way..

Quinton:"baba?"

Muzi:"uZamo unawe lapho?!(is Zamo there with you?!)"

Quinton: "cha!(no!) Is there something wrong?"

Muzi:"yes! Find Zamo she's in danger!!"

.

.

.

Quinton was confused after his call with his father. While he was driving,he noticed a lot of people,an ambulance and police surrounding something,running out of time,he passed them..

He fetched the fresh and looking nice and fresh for the twins party sisters. Mimi and Qini. They got in the car and started conversing while Quinton was trying Zamo's cell. He told his sisters and they all started buzzing Zamo's cellphone up but it didn't even go through..

On their way,Quinton passed the scene again and this time stopped as the sisters wanted to see. They were shocked to find out there was a car which exploded. The front had nothing just in pieces while the back was okay..

Quinton's heart pounded as he noticed the Clio Renault boot. He went behind it and saw Zamo's number plate with their initial there written "Q&Z"..

He sank to the floor and led out a loud and manly sob..

Quinton:" Zamoo!!!! Nooo!!!!"

The sisters saw it too and broke down into a loud cry...

Months later,the twins all grown up but they would never smile or laugh just like everybody else in the family. Tanya died but Muzi didn't want to be the one burying her because she's the cause of all this. He sent the body to her family and didn't even care if they buried her. Quinton was a moody and angered mess and the sisters and friends were just daily sobers. They were all broken..

The police found nothing st the crime but her a piece of her jeans and bent cellphone..

They concluded that her body was burnt to ashes...

They just couldn't accept the fact that..

ZAMO WAS GONE
