[INTRODUCTION]

♡ MY FOREIGNER; HIS LOVE ♡

It's hot like hell in one of the sections under Etwatwa daveyton in Gauteng...

Kids were going up and down coming from school other dropped by bus some private transport kanti abanye were walking from Schools to home..

Every corner of this location you found containers.. Pakistani and Indians selling inside...

There has been a complain that these people are selling expired and fake goods...well but people buy them anyway.

We see Naledi walking with her school bag on her back..she look so tired drained by the sun and the books she's carrying on her back... she's 18 and doing grade 12 in one of the secondary schools at Barcelona..

She walks to this container at the corner and greet the shop attendant and buy grandpa...

Let's hear what are they talking about...

Abdul : you don't look ok my friend what's wrong?

Naledi: headache my friend it's hot...

Abdul : yeah it's very hot hey..even in this container I've turned on all the air conditioners

Naledi: well good for you ..I could really do with one now..

Abdul: which grade are you doing now?

Naledi:grade 12 I actually can't wait to get a bursary and get away from this dump

Abdul just laughed and gave her grandpa with disprin

Abdul: here.. go drink and sleep you will be fine

Naledi: thank you...where's your uncle?..

Abdul : he went home and will be back next year

Naledi: so this year you will be all alone?

Abdul:no..my other cousin who's running this other shop when you go up to the rank will be staying with meso we'll be changing each other in managing the shops

Naledi: oh ok...I see..when do you go home..I mean since you arrived here 3 years ago I haven't seen you going home

Abdul: going home is expensive..plane ticket is close to 2000

Naledi: whaaaat?

Abdul: yes..and besides I'm studying..I will go home maybe after my course

Naledi:oh you studying? That's nice..which course and where?

Abdul: I'm studying business management through unisa and this is my third year

Naledi: ai Abdul kanti how old are you?

Abdul : (laughing) hahaha I'm 24

Naledi: oh ok ...I can't wait to also start studying toward my teaching degree..I can see myself in the classroom teaching my leaner

Abdul: and it's going to suit you.. there is nothing stopping you..as long as you will focus on your goal and get good marks ..

Their conversation was disturbed by Naledi's elder brother who dropped out of school and is now part of the guys who hangs on the shops smoking smuggling people and all that.. he was feared in the community..well known that no one messed with his sister...

Tebogo: ei wena Naledi..ubhizi usineka nalezinto Lana ekhaya uyopheka Nini? Uyazi u gogo akekho right lately but wena ubhizi uyadlala ..

Naledi: I was buying grandpa angazi uyithathaphi lento oyishoyo

Tebogo:I'm not stupid.. I've been watching you for the past 15 minutes loku uyasineka Lana...yazini..voetsek vayahamba ekhaya uyopheka before I loose it

Naledi: you so annoying kube uyazi

Tebogo: Naledi ngizokubhamula!

Tebogo attempted to slap her Naledi ran away... Abdul just stared in silence

Tebogo: and then wena? What are you looking at?

Abdul: nothing..you didn't have to talk to her like that .she didn't do anything wrong

Tebogo:entlek who do you think you are to tell me how to talk to my sister? If you know what's good for you uzodlalela very far nomntana wasekhaya.. understood? She's not one of the loose skanks you sleep with after giving them 29 Vodacom airtime

Abdul:wow ok..

Tebogo: don't wow me here.. give me cigarette

Abdul just gave him the cigarette Tebogo took it and left without paying... Abdul didn't pay attention to it..he's used to him...

----Abdul Eferhild -----

Born and bred in Pakistan..he get confused to be an Indian..well his mom is an Indian and his dad a Pakistan...

So he got Indians looks but he trimmed his hair very short every time..he's not your familiar Pakistan spaza shop owners

He got dreams beyond this container..as he mentioned earlier that he's studying business and management course. He want to see himself running a successful business one day..away from this hot container and rude community members

He is very handsome and humble..most girls in this hood throw themselves at him..when he was still new in the are back in the days ..he chowed few..but now he has stopped sleeping around

Focusing more on his studies and the family business

He has a huge crush on Naledi just that he fears his brother and respect Naledi because she's a smart kid who you find all over ... one of the things he loves about her

I was done with settings very late..I had Facebook

I put my brothers picture as my profile pic on
WhatsApp..he's the best...

Well to my Samsung J2 I just put it on my wardrobe..it was
giving me troubles vele

lunch to be eaten by gogo and Tebogo emini

I then went to bath..I wore my school uniform..came out
and dished up the sour porridge for gogo and went to
wake her up

She ate while I ran a bath for her...when she was done I
took her to bath...she's not that old she's still able to bath
and dress herself we just love spoiling her

When she was bathing I went to dish up my own sour
porridge..Tebogo walked in all dressed up and he was
looking good

Tebogo: morning..ah mfana you have prepared my

---TWO DAYS LATER ---
-----NARRATED-----

Abdul and Naledi were getting real close and getting to know each other. They were spending so much time on the phone either chatting or phone calls

But Abdul made sure that its didn't disturb her school work..he always encouraged her to do her school work house chores then on her spare time they chat

Naledi was no longer the same .u girl was feeling things hey..she couldn't hide it anymore and Abdul was taking his time to ask her out or to be his girlfriend..he was still doing it the old way.. getting to know her first..

On the other side of jozi.. things were hitting up as they are waiting for the cars tonight..

-----NALEDI-----

I came from my bedroom wearing my black bum short and a white vest with my sleepers..it was getting late so I have to cook supper

I miss my brother a lot but at least I know he's fine..he called this morning. .I pray that God will protect him..I

know what he is doing is not ok or legally but uphantela thina

I started on the pots.. today I'm making wors papgravy and cabbage...

As I was busy cooking Slindilemy brothers girlfriend walked in...we are doing the same grade..just that yena she's in the science and maths class..she's very beautiful if I may tell you

Slindile:hey girl

Me: skwiza Sam

Me:(I laughed really hard) girl are you crazy..I don't even talk to them ...they don't even get here..they know gogo akafuni muntu landlini ngaphandle kwakho

Of which was true..ever since Tebogo introduced Slindile as his steady girlfriend two years ago...laba abanye asibadingi..bayeza bona but bagcina ngale ku Tebogo

Slindile: ai whatever..unjani mara

Me:I'm ok honey and wena

Slindile: Naledi I won't lie I'm scared hey.. thinking about tonight's mission nje I get goosebumps

Me:ei let's not talk about that please...

Slindile:yeah let's just hope everything goes well..ai I miss my man no I can't take it anymore..

Me:I'm still surprised you are not pregnant..the way you and Tebogo have sex ai khona

Slindile:(laughing) girl I'm preventing Mina yuhh ngabe sengina 3 yabantwana your brother love sex shame he doesn't get tired

She's stood up and washed hands and started helping me around...

Slindile: how is u gogo?I came here for her yazi

Me:she's alright uqeda kulala nje

Slindile: shame don't you get bored mara

Me:(smiling) I used to ..but not anymore..

Slindile:(clapping hands) heeya Naledi..tell me more..and don't dare hide anything because that smile ngiyasazi

Me: yuuh ai miss know it all..there's nothing to tell

Slindile: Naledi I'm going to call your brother now and he will be on the first taxi coming back if you don't tell me everything

Me: do you really have to be this dramatic?ok fine I will tell you

Slindile: khawuleza uthethe ntombi I need to be home

Me: argh u so annoying like indoda yakho!

Ok fine there's this guy I like...

Slindile:(dancing) I knew it ..I knew it! Oh heavens are rejoicing.. virgin Mary likes someone..I'm worried though..poor guy will be harassed by Tebogo he won't know peace.

Me: tell me about it .but Tebogo won't control my life forever..I'm 18 after all..

Slindile: tell him that to his face ..ok carry on and tell me more about this guy of yours...which grade is he in? Do I know him?

Me: he's not in our school but he's studying business and management through unisa

Slindile:(high fiving me) yes wena girl! You are doing well by not dating these kids..ok now I know he's definitely older than you..is he hot..

Me: not that old. He's 24 and he's very hot

You know him

Slindile: so you want me to dig every little detail out of you?

Me: ok..it's Abdul...

Her jaw dropped...she looked at me like I'm crazy or something...

Slindile: girl.. not that I'm rude or anything .but Abdul Abdul the one with the container ekhoneni?

Me: yep him.. what's wrong?

Slindile: ai friend..he's hot yena and got the looks but no..and I heard that u guy was a player back then

Me: usho kahle back then..he has changed...

Slindile:you really like him?

Me: a lot friend..like lately we are chatting and spending time together he's just I don't know how to put it..I haven't felt like this for a guy before

Slindile: be careful Naledi..if you are taking this route..take necessary precautions..you are in metric..don't disappoint your family mostly yourself..your brother is very proud of you .you should hear the things he spoke about ngawe..

Me: wow I didn't know..

Slindile: he does love you and want the best for you

My advice is hold on a bit ngalo Abdul wakho and focus on school..you are in metric now you don't need to be distracted and believe me umjolo for the first time has that effect

Me: don't worry I wont get carried away

Slindile:(rolling her eyes) fine..make sure both of you get tested and you go on pill then..asifuni amaswane anezinwele zama ndiya lana

I hit her with the dish cloth we laughed but I appreciated having her around..she was just a year older than me but very matured..

After cooking we went to check on grandma..we stayed with her braiding her hair..then dished up and ate together

Around 8 I walked Slindile home...I dropped her just five houses away and went back home

As I got to my room I found missed calls from Abdul and I answered

Me:hey

Abdul: sleeping already?

Me: not really..I was walking a friend home

Abdul: at this time Naledi? It's not really safe for girls to walk out this late

Me: relax..she doesn't live far..and shes my brother's girlfriend..no one can really touch her...

Abdul: well if you say so then..how's school?

Me: just the same.. preparing exams...

Abdul: same here..are you winning?

Me: a little.. Geography and life science are showing me flames though

Abdul: those used to be my favorite before I switched into business..if you don't mind I can help with tutoring you

Me:(beaming with excitement) really?

Abdul: yes..come by the shop tomorrow then we'll draw a timetable

Me: okay I will..thank you neh

Abdul: my pleasure..let me take a bath and see what I can eat..I'm so hungry and this fool didn't bother cooking..

I thought for a minute that there were lot of left overs from the food we cooked

Me: urhn if you can you can come by I will give you the left overs..

Abdul: and increase my chances of Tebogo killing me? No thank you

Me: come on.. Tebogo is not home

Episode 3

----- TEBOGO -----

I decided to leave my sister alone because the way I'm so stressed out and angry if I could touch her ngizomlimaza and I'm really not so good ngokukhuluma so hence u chose to leave

I got to my room and find my girlfriend waiting for me..I just took off my clothes and got in bed

She moves closer to me and tried to touch me but im so not in the mood. This is my steady girlfriend not one of the bitches I usually take my frustrations on..I cant touch her while feeling like this because ngizomlimaza and she will scare me.. right now I don't need to make love but I want some real hard core fucking so yeah

I just turn my back on her and take my phone going through WhatsApp and my sister sent me a message...I just bluetick her .I don't know what to say to her

Slindile make the move again..I put the phone aside and turn to my baby..I can do all things but not ignoring my queen when she need me

Me: missed me?

I said fingering her through the kiss..damn she was wet...she just wrapped her legs around me with her hand tight grabbing my neck..I increased the pace with my fingers up until I noticed her breathing changing and her body tensing up I knew she was about to come so I inserted the second finger and she screamed

Slindile: oh tebogo God this is good....

She released on my fingers .I was so hard but I was so scared to make a move...I take the towel wiping her and brought her to my chest...my dick was throbbing so painful

Slindile: what's wrong?.. you won't touch me but you are horny.

Me: (kissing her forehead)I'm just too distracted and angry baby I will hurt you

Slindile: I noticed..so out with it. What's up?

I kept quiet for a moment but Slindile is my queen.. she's the only person who knows me in and out ..

Me:(sighs) ok so I think my sister is dating..

Slindile: so?..

Me:so? Uyahlanya yini kanti? She's in matric she should be focusing on that not boys...

Slindile:(chuckling) I will ask again what is the problem with that?

Me: nx yazini ncono siyiyeke lendaba

Slindile: (sitting up) no Tebogo we are not leaving anything here...

What's up with the double standards and hypocrisy behavior?

Me:angizwanga uthini?(sorry what did you just said)

Slindile: you heard me.. Tebogo you are very selfish and hypocrite

Me:(getting more angry..I can tolerate anything but not disrespect) ok you know what I think we should sleep before we end up saying things we will both regret

Slindile: maybe you will regret but I won't...Tebogo you busy saying nywe nywe she's young and in matric she shouldn't date but here we are...

It's even funny with us we started dating when I was 16 fucken 16 but your sister waited long enough up until she was an adult..

Naledi has respected you and did everything to please you guys..she's a smart kid she knows better .the least you can do is to sit her down and talk to her like an older brother not le nonsense oyenzayo

You don't want to push her away to a point where she feels like choosing between you and her first love because believe me she will choose the guy I guess you know how that goes

I remember when her family discovered she was dating me..they beat her to break up with me but she chose me instead. It's took them time to finally fix things and I don't want that to be the case between me and my sister..I guess I'm just not ready to see her dating..I touched her shoulder trying to cool her down because she was mad...

Me:I'm sorry but you are right baby.. it's just that I don't think I'm ready to see my sister go that route...

Slindile: she's growing up.. you better be ready for it...

Me: I just need to know this guy she's seeing and sort him out a bit...

Slindile: you will do no such thing.. because hurting the guy will hurt your sister

I scratched my head eix this is harder than I thought..why will Naledi start these things now..

Me:ok baby I won't hurt him but I still need to talk to him..do you know who is it?

Slindile:yes but I'm not telling you anything..talk to your sister she will tell you

Me: okay..so do you forgive me for being a jerk?

Slindile:(smiling) no .I'm very much mad at you..

Me:how do I make it right?..

Slindile: you know how..

I brought her closer and kissed her passionately and she responded..I rolled her down and got on top of her ..she spread her legs giving me and access .I rubbed the tip of my guy inside her cunt and spoke through the kiss

Me: I'm going to be a bit rough..can you take it?

Slindile: I'm your woman so do as you please

Tebogo: fuck that just made my dick twitch on her entrance as I pushed in harder she screamed..I pushed my whole dick till my balls hit her ass

Me: fuck baby this is so hot...

-----NALEDI -----

My alarm rang and I lazily switched it off..I sat up and remembered that my brother is still mad at me and sighed ..

Baby called and I smiled a bit ..

Me:hey lover

Abdul: thank God you still love me.. good morning

Me:(chuckling) morning..why wouldn't I love you anymore?

Abdul: after last night I thought you were going to tell me that we done..

Me:no.. never..I will just talk to him and make him see that I love you and you do too

Abdul: hopefully he will understand .. listen I think we should start tomorrow with your studies..

Me:ok that's cool but it should be in the afternoon and I have to let my brother know

Abdul:ok..let me leave you to prepare for school then..I love you ok?

Me:(smiling) I love you too

I was feeling a whole lot better..I opened windows.. made my bed and took a shower quickly..I then went to do the same to gogo running her a bath while fixing her bed

I then went to the kitchen and started on breakfast..I opened the fridge and realized he did a bit of grocery so I made a full English breakfast

I set up the table and saw Tebogo getting to his house...looks like he just came from accompanying his girlfriend

I went to my room to get dressed and took gogo' s food to her room..she loves the couch in her room..

I then went back to the kitchen and started to eat while chatting with boo..

Tebogo walked in while I was all smiles and I kept my composure

Tebogo: morning

Me: morning

He grabbed the chair and sat down taking his plate..I poured him coffee

Tebogo: thanks.. what are you doing after school?

Me: nothing much except homeworks..

Tebogo: you will do them tomorrow..I want us to go somewhere so get home straight after school

Me: okay

I picked it up that he was not going to talk about yesterday at least not today...

We ate in the awkward silence as he stole glances at me from time to time

I finished first and went to wash my plate.. I grabbed my school bag and bid goodbye to Grandma then walked out saying bye to Tebogo too...

-----Abdul -----

On my way to the shop I saw Naledi coming up going to school..she was on her skirt..short but not too much... showing off her gorgeous legs and fresh tighs..on white shirt socks

A blazer on top..she looked so neat and beautiful...she smiled as she saw me. I couldn't help but smile too

Me: hey look at you

We hugged and I took her back and walked her to school..I dropped her just 5 minutes away. We kissed a bit and I walked back to the shop all excited..

She told me we won't be able to meet today because her and the brother are going somewhere..I was so glad to hear that they are in good terms

I arrived at the shop with customers already waiting for me to open..I apologized and started serving them

They were done in 15 minutes I got to breath...I turned on metro FM and grabbed my laptop to do some work

Then I saw Tebogo staring at me...I could tell he was doing that to intimidate me but strange I wasn't

Tebogo: busy morning huh?

Me : you can say that again..need something...

Tebogo: nah I'm cool

Me: ok

I then continued with my work and he turned his back while smoking..when he was done he looked at me again

Tebogo: I've heard rumors about you and my sister..even this morning you were seen together strolling

Suddenly I felt a huge lump on my throat

Tebogo: you know I don't like it when boys are messing with my sister Right?

Me: right..but the difference here is that I'm not messing with her and I'm not a boy .

Tebogo was 22 and I was 24 so hell yeah im older than him..but he intimidate people way older than me

Tebogo:(smiling)unesibindi kau I guess that's what fascinate me...

So here's what's going to happen. I don't like you probably won't ever but u won't do anything to hurt you because I know that will hurt my sister

Ok I didn't expect that from him so I kept quiet for him to go on .

Tebogo: I don't trust you either .just so you know I will be watching you like a hawk..try any funny move on my sister you dead..don't impregnate her ..don't make her cry..one frown on her face because of you.. you dead...

I don't want this what you ever you two are having to be a distraction to her studies

I want umntana sekhaya aphase grand and go to varsity next year

Me: I hear you..one thing I can assure you that is that I love your sister. I've always loved her..I just wanted her to be legal to date .

The common thing we have is that we both want what's best for her and to see her succeeding

Hence I've offered to tutor her on weekends because she told me geography and life science are giving her problems so I will be starting tomorrow

He looked at me and I saw him softening up a bit

Tebogo: that's cool but whatever the tutorial thing you talking about will happen edladleni in the lounge..I don't want her on your back room bedrooms

I laughed Inside almost asking him how long is he going to be controlling his sister? But we were coming up along so I let it slide.

Me: sure.. anywhere she's comfortable..

Tebogo: sure let me bounce then

He left and I shook my head and continued with my studies...

-----NALEDI-----

School out I was the first one to leave... I went straight home I didn't want to piss Tebogo off some more..I got home and changed my clothes .he was already waiting for me..

We took a local taxi to Daveyton then to joburg...he was busy on his phone not paying much attention to me..and I was also chatting with bae..

We got off at East gate shopping mall. We walked inside and he asked me ngifuna ukudla kuphi..my heart softened and I told him anywhere is fine

He chose spur..we ordered our food...his had lot of meat plus beer and mine was just ribs burger and chips ne milkshake..

Tebogo:so I spoke to your boyfriend today

He started the conversation like that .I almost fell from the chair..he was so calm while eating

Tebogo: relax I didn't touch him if that is what you think

I just didn't know what to say.. I ate looking down

Tebogo: Naledi I know you are growing up so fast to me I wish you were still 5..but ke akusanandaba ..I've come to accept that uyakhula

Here's what I want to say ..me accepting that u are dating lekwerekwere lakho doesn't make it ok for you to come home late iskhathi kusaseyiso lesi osaziyo..5pm you home doing your school work

It's also doesn't mean you are now allowed to do ama sleep out .. Naledi angifuni kukubona ukhulelwe Mina..if lebhari yakho truly loves you he will wait for you until you done with exams

As if he waited on slindile but I kept quiet

Tebogo:and I don't want to see you busy galavanting the streets with him. Qhubeka nje uzihloniphe like you were

doing..ufunde marn Naledi..I want to see you wearing that graduation gown...yabona if you can finish your studies on record time I will buy you a car...

I smiled...I'm blessed beyond recognition..his demands are crazy but I know they are coming from a good place

Tebogo: and when you are ready to do the nasty things..oh gosh I can't believe I'm saying this right now

I just laughed closing my eyes because this was difficult for him

Tebogo: urhm when you ready to have sex please go get tested and be on pill

Slindile said the same thing.. talking about sex with your older brother is awkward as fuck but I was grateful he was trying really

Me: bhutiza thank you for everything..I promise that this little development in my life won't change me or our relationship.. I'm still determined to make you guys proud..so I will be working very hard to get good marks

I'm grateful for everything you do for me and the role you play on my life..I know it's not easy seeing your sister date especially to a foreigner but I will ask you to allow me experience mistakes and learn from them..

I promise you that I will respect you and your street cred by keeping my relationship with Abdul private

I hope as time goes by you will realize he's not a bad person..he even offered to help me with my studies...

Tebogo: he told me and I said y'all should do that at home...

Me: urhm ok if that's what you want...

Tebogo: yes it is..are you done?

Me: yep I'm done..

Tebogo: ok now let's go shopping

My face lit up y'all..it's been a while my brother has been broke for some time that the last time we shopped it was around Nov and now it's April..I really need winter clothes especially since we will be attending afternoon classes

We left spur hand in hand..I'm sure people were thinking we were a couple..I dragged him to every shop and he was complaining the whole time..he should have given me money to come alone

He only bought three jeans two polo and 3 raw t-shirts

One Nike tekkies with their track pants..

We got gogo few outfits too then we went to get a take away ..

Me: so what are you planning to do now that the heist is done?

Tebogo:I'm going to lay low a bit then around July I will open a car was and shisanyama but I will start the process of getting a place now ..

Me: ok that's actually Cool

Tebogo:did you get everything?

Me: yes thank you broe you are a star

Tebogo: I don't want you to turn to be one of those girls who ask men money or who get impressed by lousy things .I know I'm not the richest man but I want you to experience good life from me..

Me:and I have.. you are doing the best and I'm grateful..I'm sure mama le papa are proud too

He blushed and put his arm on my shoulder as we walked out of the mail to get a taxi going back

We then bumped into this lady who had Bonang's body..her weave screamed Money..I don't want to talk about her dress...the shoes..I just liked her after 5 second of seeing her...

She dropped her bag and car keys ..she was driving a Mercedes AMG

Tebogo: sorry my sister...

Lady: no it's ok..I guess I'm the clumsy one..

My foreigner; his Love

Episode 4

----- Abdul -----

Joseph has always been against my relationship with Naledi.. from the first time years back when I told him that I like this girl he told me I'm crazy and he is so right...

I'm very crazy about her.. and now that she is mine I can die for her...when those guys attacked us I knew they were just bitter because I got her while they couldn't.

They try to paint a picture that Tebogo sent them after us..but I knew he wouldn't after our conversation..and when he pulled up to the scene and told them to get lost my thoughts were confirmed..

He love his sister so much that he won't do anything that will hurt her in the process..I was really grateful that he showed up the time he did... because I don't even want to think what was going to happen if he didn't

Now my cousin wanted to ruin everything with his big mouth..I know he doesn't like the idea of me being with Naledi but it's so unnecessary for him to show that right now especially in front of Tebogo

I quickly cleared my throat because I could see that Tebogo was eyeing him up and down

Me: forgive my cousin he's just traumatized..he doesn't mean what he said..right cuz?

I looked at himhe looked at Tebogo and composed himself..

Joseph: yeah I'm sorry I'm just so angry and thank you for coming at our rescue

Tebogo:nxxx uzonya wena sarn (you will shit yourself boy)

Naledi let's go home ..

Naledi: but bhuti...

Tebogo:ai fuck marn don't piss me off. I said asivaye(let's go)

I looked at Naledi and whispered to her ear

Me: go babe I will call and remember we meeting tomorrow so don't piss your brother

She stood up and they picked their bags and left with Naledi looking back every now and then

Me: and then you? Was that really necessary?

Joseph: just leave me alone..look now we are being attacked because of miss Ice Queen..we have been

around here for years..dated girls and such never happened but because of her ...

Me:dude I get that you are frustrated and traumatized but what I will not stand up for is you calling my girl names..I love Naledi so you better suck it up

Joseph: the day this girl will going to hurt you..mhm..

Me: you such a hater you can't even hide it..let's go..

----PEARL XULU -----

I got home from the mall and parked my car in the garage and walked in...

Glen is not around I could tell..I picked up my phone and called him

Glen: darling now it's not really a good time to talk...

Me:I won't be long just wanted to find out if you will be home early?

Glen: yes I will be home in the next hour

Me: ok I will make dinner

Glen: ok let me bounce

He hung up I just sighed and went to my room to get on comfortable clothes... flashbacks of today's events came to my mind

The handsome guy with his sister at East gate mall. I don't know why but his image doesn't wanna erase on my mind. He has this dangerous aura around him that makes my panties wet.. I've been married to Glen for 3 years and such has never happened not even when I met him

Well let me introduce myself..I'm Pearl Xaba now XULU because I married Glen. I'm 27 years old and currently run my own law firm ...I started my company when I was 23 with my former colleague Minnie Ndlovu but she got married and became a house wife and sold her shares. It was a struggle running the firm all alone but I pushed through . I met Glen while I representing him for murder and I won that case..

He was very impressed he then made a move on me...Glen is hot and very richlike any girl on my shoes struggling with financials and single..I went for him..I won't say I loved him hey I just wanted a financial security and he provided that for me.. within two months of being with him Xaba attorneys grew because I get to represent other his thug friends

He spoiled me with almost everything I wanted. You could say I'm a trophy wife that works...Glen is 37..when I met him he was a divorcee with two kids from his ex wife

He asked me to marry him after 5 months of dating I said yes and we got married in a month..our wedding was very classy fancy and private..I had my dream wedding but not with my dream man

Well after a year married to him I fell for him..I truly did. I mean how was I not going to fall for him whereas he treated me so good.. taking me to Paris just for shopping.

Problem started a year ago when I suffered a miscarriage..things didn't go back to the same after that..I learned that one of his side chick did this..I told him and he killed the girl

I was so angry I went back home..he came to me crawling begging me to come back..I did

We worked on our marriage for few weeks before he started his things

Let me just say I'm not happy in this marriage..I feel so neglected.. Glen doesn't have time for me. If he's not out there committing crimes and killing people he's out there cheating taking his hoes on vacations

Honestly this is so tiring but I'm not going to leave him..not because of another woman...

My problem right now is that I can't stop thinking about the guy I met earlier..he just did things to me that I can't explain...

I remember her sister said she was Naledi.. but Naledi who?

I took my phone and search on Facebook plenty accounts by the name of Naledi came through... I logged out and went to my Instagram it was the same... I gave up and went to start on preparing dinner

I was halfway through cooking when Glen walked in..he came and kissed me on my cheek and a woman's cologne filled the house I wanted to throw up..

Glen: hey baby

Me: seriously Glen? You were out there with your hoes and now you come here to kiss me?

Glen: baby can you stop stressing? I wasn't with any hoes..I was just with Victoria..my business associate..you know how affectionate she is

I hate that granny. I have suspicions that her and Glen are screwing..the way they are so flirty when they are together but Glen always assures me that it's strictly business and those flirts are just "harmless"

Me: please go take a shower because that cheap perfume on you makes me want to throw up

Glen:(smiling) I love when you are this possessive and jealous about me..it's such a huge turn on

He spanked my ass and left me there...I just smiled and finished up cooking..he came down when I was dishing up

Me: food's ready we can eat

Glen:looks good...

He sat down and digged on his meal while I was playing with my fork..I was really not hungry...

Me: so how's business?

Glen: business is booming baby just that I have a problem..

Me:(taking a bite) what problem?

Glen:one of my guys want to go to war with me and I don't like it because he's my favorite...

Me: what did you do?

Glen: underpaid them

Me: Glen!!!

Glen: I know..I know..I know..thing is baby I promised princess and her brother a lot on the other side your firm

was drowning in debts after that loan I took to give a friend so I had to cover that

Me: I hear you but you know with money you can't really cross people..so what are you planning to do?

Glen: I will pay him half just to keep him calm then pay the rest later...

Me:how much are you owing him?

Glen: not him alone .I actually owe the guys 800 000 and they are six

Me:(I put my fork down) Amen! Glen since when do you create so much debts? What happened to that heist? What did you do with the money because I know it's a lot..you could have been able to pay the guys..did all other things and still have a lot of change...

Glen:I don't like it when you interrogate me.

Me:pity I'm your wife and lawyer so I will..now what did you do with the money?

Glen:I invested it somewhere but I will get it back..I just need to shut Setlhabi up because it's him who will get the other guys worked up

Me: I can't believe you Glen.. you want to enemies on top of the ones you have..you can't rob the people working for you

I stood up and cleared the table washing the dishes and went to bed...

Glen was still in the lounge busy speaking on his phone..I saw his iPad on bed and took it..I went through his banking details and saw that he gave his ex wife 2 million..I stormed out of bed and went downstairs and threw the tablet in front of him

Glen: skhokho let me call you back..I need to attend the madam

He hung up and looked at me furious..well I didn't care..I was mad as hell

Glen: and now?.why do you disturb me while I'm in a middle of an important call?

Me: Glen!! Why on Earth would you give Grace so much money? What for huh?

Glen: and why did you go through my bankings?

I slammed the table very angry

Me: damn you Glen I'm your wife !

Glen: then act like it ! Play your wife duties and give me a child and stop snooping on things that doesn't concern you! You don't lack anything Pearl I give you everything..what I do with the rest of MY MONEY is definitely none of your business!

Me: Glen!!

Glen: don't Glen me..you are so annoying

I felt dizzy and suddenly there was a sharp pain on my lower abdomen..I used the table for balance as I closed my eyes and let out a scream..the pain was just too much..

Glen turned from the stairs and came back

Glen: what is it now?

Me:(hiccups) Glen I'm in pains...oh my God..my stomach...

Glen: you were fine seconds ago? What is it now? Pearl nithanda uku actor

The moment he said that I felt the pain executing as if I was going to die..I just fell on the ground..he caught me before I hit the ground...

Glen: shiit Pearl you are bleeding!!.

I quickly looked at myself and there was blood flowing through my legs I cried..I've been this road before

Me: no no no Glen let's go to the hospital...

He grabbed his keys and carried me to the car..

I was crying the whole way because the bleeding was getting worse so was the pain..we got to the hospital and I was an emergency case...

Few hours later Glen came to my ward..his face hardened so I guess the doctors told him..I just buried my head on the pillow and let tears rolled

Glen: sweetheart I'm sorry.. I don't know what to say..I'm so sorry baby...

What pained me was the fact that I didn't even knew I was pregnant..at least last time I was aware..two babies in just one year..my heart was so torn apart...

He touched me I moved away from him..

Me: don't touch me Glen..just leave me alone

Glen: sweetheart don't shut me out please .let me grieve with you.. let me in your pain...

Me: the pain you caused me Glen! -huh? Just leave me alone .I want to be alone

He stood up hurt and kissed me on my forehead

Glen: I will give you space but just know that I love you and I'm not going anywhere..

I didn't care about what he said...I just wanted my babies..

-----NALEDI -----

To say I slept an inch will be a huge lie..thank God today it was Saturday so there was no school..and I'm going to skip the extra classes today...

I cleaned the house and prepared the meal for the day..today I went extra because Abdul was coming over to help me with my studies..I was nervous and happy at the same time..I told Grandma yesterday and she didn't have a problem

I was so worried about him..but he kept on assuring me that he was ok..

I took a bath around 1pm and wore my jeans and a t-shirt..I then browse through my social media..I thought about the lady we met yesterday and searched her..there were lot of Pearl's that came through

I then remembered that Tebogo said she was his bosses wife..and I know for a fact that his boss is Xulu so I

searched for Pearl Xulu and saw her..bingi! She's so gorgeous

Her account was private though so I sent her a follow request

Then went to the people she follows and saw Glen Xulu..my my my...he is so so hot..my brother never told me that his boss is this yummy

I went to Facebook and searched Pearl there and found her as Pearl Xaba then on her bio she wrote " attorney Xulu bride"

I smiled and sent her a friend request..she's way older than me but she's so inspiring..she's beautiful and look so kind...

I was cyber stalking her when bae called to say he's outside

I walked out of my bedroom and got him in..we hugged while I checked his bruises..

Abdul:ok relax now I'm really fine

Me: I'm just worried I can't help it

Abdul: and it's so cute..thank you baby... where's Grandma?

Me: in her room

Abdul: can I greet her before we start?

Me:sure come

We went to my grandma's bedroom.. knocked and got in.. I introduced them gogo kicked me out ..ok

I went to make them drinks..fetched my books and took the drinks to the room..I found them laughing..ok that was so cute

We started with Geography because it was the one that showed me flames..I always pass it with level 3 and it's really disappoing

Abdul explained it to me I so wished he could be our teacher he's so good at this

We studied for a whole 3 hours and we called it a done..I stood up to dish up for him and found Tebogo eating..I nearly fainted

Me: when did you came back?

Tebogo:an hour ago

Me:and you didn't even greet?

Tebogo: nope..I was just watching you studying and I must say he's good..I think I will like him

You should see my smile right now..my brother liking my boyfriend? Ok I'm not dreaming right?

Me:I love you yezwa

He just laughed shaking his head and went to greet Abdul then went to my grandma's room

I dished up for Abdulgranny and myself since Tebogo helped himself already

I took the food to gogo and went to join Abdul

After eating I walked him out..Tebogo yelled reminding me that the gate get locked at 5pm

Abdul:your brother is something else..

Me: you may say that again but I think she's warming up to you

Abdul: Tebogo warming up to the guy dating his sister?I don't see that happening?

Me: I'm serious njalo...baby let me go back before Tebogo calls me

He grabbed me by my waist and our lips locked .I felt my heart beating so hard...we kissed passionately and my phone rang..I took it out and it was Tebogo..I asked with me breathing so hard ..

Me: hello

Tebogo: ilento engingazwani nayo ke lena..(this is what I hate) come back home

He hung up..I suspected someone told him we are kissing

Me:(smiling) baby I have to go back home before Tebogo fetch me here

Abdul:(smiling) ok baby I love you ok..

Me: I love you too

He perked my lips and we separated and I walked back home...

I was washing dishes busy singing

I saw Tebogo watching at me...

Me: yini?(What is it)

Tebogo: nix..I never knew umjolo will make you this happy

Me: leave me alone please

Tebogo: please don't fall pregnant I'm not ready to be an uncle

I laughed at him and he was so serious...

Me: chill marn..we not even there yet...

Tebogo: but soon you will be .just remember my words

Me: ok big brother I will... can you buy me data

Tebogo: nope (eating a banana)

Me: hawu bhuti

Tebogo: you have a boyfriend Naledi and I have a girlfriend so yekela ukungi user please

I laughed at him saying that...

-----GLEN -----

I was pacing up and down on my study..my heart was really heavy...God know how much I want to have kids with Pearl..I'm not perfect yes but I love her..she's smart and every man's dream and she is dream

It's pains me that she's going through this..I regret the words I said earlierit's them they caused all of this

I called my mom..now I don't know what to do and I'm afraid I will lose Pearl for good

Mom: Melusi

Mom's call me by my Zulu name

Me: mom I messed up

Mom: oh hai ke sowenzi manje (what have you done now)

Me: Pearl lost another child mama

Mom: ai ai ai Melusi!!! Ilamantombazana akho futhi ?(It's your girlfriend's again)

Me: I'm not sure mom but I haven't cheated on Pearl for a while..

Mom:uyadina yazi wena! (You are so annoying) im coming there first thing in the morning..umakoti mele ayobona isangoma (my daughter in law should go see a traditional healer)

Me: mama uyamazi u Pearl unjani..ngeke ayivume nje leyo (you know how Pearl is..she won't agree to that)

Mom: yekela kimi konke..ngizoyilungisa lento mina..(leave everything to me..I will fix it)

Me: ngiyabonga mama..ngizothumela u driver azokulanda..(thanks momI will send a driver to pick you up)

Mom: ok mfana wami kuzolunga (ok my boy all shall be well)

I felt so better after speaking to my mom..she's my world..we lost dad when I was 15 and mom took over the reigns and made sure me and my younger brother Sakhile are well taken care of..

I tried Pearl's number but it was on voicemail.. I walked out of the study and got the shock of my life when I saw her walking slowly through the door

I rushed to help her and sat her down

Me: baby..ain't you supposed to be at the hospital?

Pearl: I discharged myself .. that place is depressing..

Me: so how did you get here? Why didn't you call me to fetch you?

Pearl: i wasn't ready to talk to you.. still I'm not..this house is huge so disappear

I swallowed a huge lump..she's still mad.. I thought after a day she will be better..since I left her yesterday when she kicked me out...

Me: mom is coming over tomorrow morning..

Pearl: great! Now please disappear

I slowly walked away to the guest bedroom...I brushed my face in total frustration..I hope my mom will be able to solve this..I hate this silent treatment Pearl is giving me..

After an hour or so I decided to go check up on her..she was no longer in the lounge so I assumed she's on our bedroom

I slowly opened the door. She was on the floor sitting on a pillow wearing her silky pyjamas.. holding a picture and crying

I let myself in..I don't care even if she kicks me out but I can't just walk away without trying.. I kneeled behind her..and realized that the picture she was holding was a scan of her first pregnancy..my heart pierced million times.

.

I held her by shoulders and kissed her neck...

Me: I'm so sorry sthandwa Sami..

Pearl: what have I done wrong Glen? Why can't I carry your children?am I that cursed? I have everything only lack one thing to complete my womanhood and marriage..a child

Me: baby.. you don't need a baby to feel complete..I'm sorry I said all that yesterday it was very wrong of me..I'm truly sorry

She kept quiet and my phone rang.. it was Grace..I just dropped it ..truth of the matter is that yes Grace and I are divorced after being married for 10 years ..

We have been sleeping together since a year ago..she understands that I will not go back to her..and she had accepted I'm with Pearl we are just seeing each other.. you see my bond with Grace is way too strong..she knows everything about me ..she was with me while I was still broke and down.

Pity I ran out of love for her when I met Pearl.

When I didn't answer my phone a message came through.. from her " we need to talk...I'm pregnant"

I felt my hair shrink and my whole face crack!my whole body trembled.. Pearl turned to look at me..

Pearl: are you ok?it's like you have seen a ghost?

I composed myself and forced a smile standing up

Me: yeah I'm fine..let's get to bed

I helped her up and opened the covers..I covered her with the blankets and kissed her forehead..as I was about to leave she called my name

Pearl: please stay..I'm sorry I didn't mean it when I said disappear.. please cuddle with me

I swallowed the lump on my throat because right now it was really not a good time to be with her..but then she needed me..so I chose her..I switched off my phone and got in bed with her..

I held her and kissed her nose..my heart was beating so fast...

Pearl: do you think we will ever have our own babies?

Me: don't think like that..we will have kids

Pearl:I'm just scared..I know you love kids and want one with me so..

Me: I love you Pearl..I know I'm not the perfect husband but I really love you and I'm sorry about the things I said to you

Pearl: I love you too

Few minutes later silence filled the room..I couldn't sleep at all..how am I going to do now? Shit I'm in deep shit..my mom is going to be so mad with me..

Speaking of my mom I need to inform the drivers to pick her up..I switched on my phone and put it on silence and texted the guy to fetch her

I then read the bunch of messages from Grace..I just texted her " let's meet at the doctor tomorrow for a paternity test"
She replied after a minute " you are Such a dog Glen"

Well I know but before I risk hurting Pearl more I need to be sure if it's my baby..

I then wrapped my arms around her and tried to sleep....

To be continued..

My Foreigner;his Love

Episode 5

----PEARL ----

I woke up with a bladder irritation and went to the bathroomI then decided to take a shower.

I realized that Glen was not next to me when I woke upmaybe he went to fetch his mom I don't know

I went back to the bedroom and got dressed after I've lotioned my body.

I made the bed and took my phone going to the kitchen..I let my stuff and colleagues know that I will be off for a few days but I didn't give much details.

I turned on the TV and watched morning show while making a cereal..

Glen walked in all sweaty wearing his jogging clothes..he kissed me and sat down

Glen:you such an early bed..I was hoping that I will find you still sleeping

Me:I was hungry so I got up and you know I'm not a heavy sleeper

Glen:yeah..how are you doing today?

Me: still hurts but I'm better than yesterday..

Glen:I'm glad.. let me take a quick shower before umamazala wakho afika Lana (let me shower before your mother in law get here)

Me:okay.. would you like to eat anything?

Glen :no sweetheart relax I will make breakfast

He stood up and went to our bedroom. I continued watching tv..he came back and started making full English breakfast messing with my kitchen in the process.

While we were eating we heard a knock he went to get it his mom and his brother Percy (Sakhile) walked in.

I was so happy to see them I have a very close and strong relationship with my mother in law the kind of bond I don't have with my own parents story for another day

I hugged her while she brushed my back and I found myself crying.. Percy was just standing there looking at us..

After the emotional encounter I hugged him he smelled so good..Percy is your typical Nay Maps (Dingane on The Queen Mxolisi from uzalo soapies)

He was very quite and handsome..he had those traditional beads on his wrist.. wearing brown Chinos brown and black shirt with a black belt..he looked so hot .

For once in my life I had a crush on him..just that he was broke his brother had money and Percy was so slow so I went for Glen

Percy: how are you doing?

Me:I'm okay.. Please sir down family

My mother in law asked for a moment with Glen they left to his study..I offered to make coffee for Percy but he made himself..these people act as if I'm broken now

Percy is 30a doctor but chose to be specialising with people's psychological state of mind (psychiatrist) he's also a sangoma..I don't know how he balance those two things but hey he does and it's working for him..he has a way of mixing Western medicine with the traditional one.. he has his chemist and works at the government hospital

Percy: so how things have been?

Me: what can I say Sakhile..it's been a bit tough but hey I'm just soldiering on .

Percy: mhmm ok

-----GLEN -----

we walked to my study with my mom on my tail..I'm sure she noticed how unhappy I was when I saw Percy on my house..

Don't get me wrong we cool with my brother it's just that I'm not comfortable with him around my wife.. especially that I Know he once had a serious crush for her but I beat him to it

I actually took her from him because he was slow.. Percy got me Pearl to represent me and I took her

Now that he's here I'm not comfortable..he doesn't visit because he also know that he still have hots for my wife.. when they hugged I wanted to punch him but then..

Mrs Xulu: Melusi

Me: mama

Mrs Xulu: yini (what is it)

Me: mama angiyithandi lento yokuletha Percy landlini..
(I don't like this thing of bringing Percy here)

Mrs Xulu: do I hear you correct Melusi? Sakhile is your brother..you want to tell me that you are going to allow your insecurities get between you and your brother?

Me: not necessarily that mom but I...

Mrs Xulu: ai ai..I don't want to hear it.. Sakhile is here to help you and your wife..you better show him some brotherly love so that he can help you

Me: but why him ? Why didn't you get anyone else to do this mom?

Mrs Xulu: Sakhile is family and he's good at what he does..you know it..

Me:(scratching my head) ok mom I will give him a chance

Mrs Xulu: good..now go there and greet him..

Me: yes mother

We left the study and went to the lounge..I greeted my brother..mom took my wife and disappeared with her in the house

Percy kept quite as I kept mine too..the thing about my brother is that he doesn't talk much..no matter how angry he is..or heart broken he is .he just doesn't..and a person like him is dangerous because you don't know what he's planning

Me:(clears throat) thanks for coming through and to help

Percy:I couldn't really say no to my mom when she asked me to come help..and I'm not doing this for you..but for Pearl

You see what I mean..he still has hots for my woman!!

Me: dude you need to move on from what happened...

Percy: oh I have.. believe me..it's you who hasn't. You still think I will betray you or anything like that. But nah.i won't do that..I will actually let you betray yourself

And so you know . I love Pearl and I will always do but I can't never be with her because she chose you..

I didn't know how to answer that. I know I was very selfish to take her away from him..but hey it's life..

Percy: so let's get down to business shall we?

Me: yeah sure let me show you your room

I stood up and took his bag to the guest bedroom..

A WEEK LATER

-----NALEDI -----

It was now winter and it was so cold..thanks to my brother I was so wardrobically ready for this winter..

My studies were coming up well.. Abdul and I were getting close every day and our love was growing..I mean I couldn't be happier..he's the best thing that has ever happened to me..

He was also busy with his exams and I appreciated the time he made to help me with mine..

My brother was busy with the preparation of starting his car wash and shisanyama and I must say this is exactly this hood need..and the spot he chose is perfect

I just finished up with my studies and I checked my social media..I saw that Pearl accepted my requests yesterday.

I was over the moon I couldn't hide the excitement.i texted her thanks for accepting my request she replied sure.

I was busy complimenting her and she's really sweet..I wish a had a big sister like her..

I then went to start on my pots and cooked dinner...

-----TEBOGO-----

6 MONTHS LATER

It was now December and everything was coming up so well. I just opened my shisanyama and car wash on the 3rd of November

My sister and slindile are helping me in the kitchen since I'm short of staffive hired two ladies except Sli and Naledi off course and 4 guys

I will grow the staff as the business grow

It's now the second week of December and it's getting busy .I'm happy nje I've got help while they are waiting for results.

I'm sure they will help especially Naledi that Abdul has really been pushing my sister..and I must say me and him are cool now..I never even on my wildest dreams I imagined myself getting along with my sisters boyfriend but we do

He really helped me setting up this place with his business knowledge from the course he's doing and the experience of running a shop..he came through for me big time..

Glen finally paid us the money he was owing to us after his wife pushed him..her and Naledi are buddies now I wonder what they talk about because the age difference is a lot but hey I won't get involved..I'm just glad through their friendship she helped me with registration of my business and other law things that needed money but she did them for free

My grandmother is very proud of the person I've become and I couldn't be more prouder.. the renovations are done now I'm just left with money to put Naledi to school.. pay her first semester

Then I will get myself a car .even if it's a second one I'm good

I was busy with my phone when Pearl BMW M4 pulled through.. being a rich wife..one day she drives a wagon..an AMG a Jeep you name it

She walked out wearing skinny jeans that fitted her curves and ass so damn well..she was on sandals today..giving her feet a break from these long heels she wear every day..she was wearing a white casual shirt

She grabbed her bag and gave the keys to the guys to wash her car as she walked inside

She looked around for a seat then spotted me and came to me smiling

Pearl: hey you

Me: eita

Pearl: this place is packing day by day..you really have done well for yourself hey

Me:(smiling) ukuzama nje my sister..umuntu ofana nawe ufunani ekasi? (I'm just trying my sister.. what is someone like you doing here)

Pearl: awukahle Tebogo..you know I love ilokishi..sometimes the suburbs bores me

Me: hehehe unama nice life problems wena

She laughed revealing her gorgeous teeth.. Shit I can't believe I'm checking my boss's wife out

Me: so what do we get you?

Pearl: mhm hook me up with mogodu dumplings and my Hunters gold

Me: okay coming right up

I went to the kitchen to place her order and came back to sit with her..I can't believe u Cherry omuhle so is so down to earth

Me: so how things between you and Glen?

Pearl:it's a bit cool lately hey.. he's home most of the time and yeah uyazama yena shame

Me: that's good to hear..

Pearl: I think his mother and Percy got through him

Me: yeah..plus u Percy akadlali

Pearl:(laughing) arh marn come on..he's not that bad..

Me: hee Pearl tshela Mina zikhiphani kuwe no Percy?

Pearl:(blushing) nothing why would you ask me that? Hes my brother in law

Me: he he he Pearl I see you..look you are even pink from blushing..you don't blush this much when we talk about Glen

Truth be told me and Pearl have also been close..since with her helping me with registration of my business..I got to know that she's really a good person so yeah..we talk sometimes although I don't really do that much knowing Glen won't like it but u Chery o grand..I don't know what is she doing with Glen

Pearl:ok ok fine I will be honest with you..please don't judge

Me: awu Pearl..me and judgements..give me some credit..

Pearl:ok..I like himin fact it's way deeper than that

Me; who?

Pearl: kanti sikhuluma.ngobani?

Me:(I thought for a moment then widened my eyes) no ways..aha Pearl don't play like that

Pearl: what have I done? I just like the guy its end there..

Me: it's better end there.. Pearl Glen is heartless..he won't mind killing the both of you and bury you where nobody will find you..then come back to join a search party for you

That scared her because she shifted a bit uncomfortable

Pearl: u serious?

Me: erh this girl athi ngi serious? Pearlphuma there..

Her food arrived and we spoke about random stuff..

----GLEN -----

It's been a very busy week for me lately..but I'm glad that things between me and Pearl are coming back to normal

She decided to go back to pill because she's not ready to loose another baby.

I must say I doubted my brother but he's really good the counseling sessions he did with us are helping although he confused me when he said Pearl must find his biological family and all shall be well. I don't know how to bring that topic to PearlI know her and her parents don't get along and it could be

true that they aren't her biological parents but how do I bring that up?

On the other hand Grace is indeed pregnant and it's my child..she's 6 months away now and we are hiding it from Pearl.. we are in a good space with her I'm not ready to break her by telling her that I made my ex wife pregnant..

But since that day when Percy was here I've never been intimate with her..Percy said something about Grace's involvement on Pearl's dilemma..

I'm waiting for her to give birth so that I can confront her..she will tell me the truth..

My phone vibrated and a message from an unknown number came through with pictures.. it was Pearl with Setlhabi laughing while eating at his restaurant

The pictures looked really cosy that I felt my blood boiling..can Pearl cheat on me? With a boy so young on both of us?

I was worried about her cheating with my brother and now she goes for my employees? U Pearl uyangijwayela yazi!!

Even now it's 7pmshe not home..I called the number that sent the photos but it sent me straight to voicemail.

I poured myself a scotch then I heard her car pulling over ..she walked in all smiles...

Pearl: hey honey I'm home

She tried to kiss me but I pushed her away...

Me: where are you from?

Pearl: yooh ok what's up with the grumpy mood?

I grabbed her hand and twisted it she screamed

Me: I asked you a question?

Pearl: geez I was at daveyton..what's wrong with you?

Me: wazi bani lapho?(Who do you know there)

Pearl: what the fuck Glen! You go everywhere where you want but you don't hear me questioning you

Me: Pearl are you cheating on me?

Pearl:(laughing) okay now that's ridiculous and I'm not going to answer it..

U Pearl uyadelela yazi...the picture of her and Tebogo laughing flashed on my memory and I grabbed her by her weave pulling her back she screamed again

Me: we are still talking and you don't get to walk away from me without answering me..

Pearl: not all of us are hoes like you..get off me you demon

She yanked my hand from her roughly and ran to the bedroom locking herself inside..I felt my blood boiling..Tebogo ungijwayela kabi and he has messed with a wrong person..he will pay for this .

I took my car keys and drove out ..I found myself outside Grace's house..I knocked and she opened wearing a gown...

Grace: hi Glen..come in

I walked in..she walked to the lounge..

Grace: the kids are not around ..they are visiting my parents and..

I didn't let her finish..I turned her around and kissed her hard..

Me : that's perfect

I pulled the gown away and she was naked..God pregnant women are hella sexy..I sucked her swollen nipples a moan escaped her lips voluntarily.

Grace: fuck I missed this Glen

I didn't want to talk..I just dropped my pants and placed her safely on the couch and pushed my hard dick on her warm tight cunt..fuck..it's felt so heavenly..I groaned as her pussy walls accommodated me

I opened my eyes and looked at her..tears were rolling down her face..I wiped them

Me: what's up?

Grace: nothing..just this feels so good..it's been a while

Me:indeed

I then began pounding her giving her deep and long thrusts

We kept on going on it changing positions..let's just say I spent a night..

---- Abdul -----

My results came and I've passed..I couldn't be more happier..the results of hard work..now I'm only left with Graduation that will take place April next year

I should make ways of sending money to my mother so that she can attend my graduation..

That woman has been my inspiration and I did this for her to change the situation at home

Naledi and I are still going strong.. falling in love everyday and I'm happy that his brother has accepted me fully

We really are close now..not besties but not frenemies either..I was going to Naledi's house..she invited me for me dinner to celebrate my results

I arrived around 8 and knocked there was no answer I called her she told me to come in the door isn't locked

I walked in and wow..the setting..I love I love.. candle's plates set up nicely..music playing slowly..and my gorgeous pumpkin was there looking all kinds of beautiful

She was on a short royal blue dress that had blings blings and sparkling and black heels..she reminded me of her matric dance night..she was the most gorgeous woman that night..Tebogo Pearl and I went all out to make sure they looked good..when I say " they" I also Mean Slindile

She hugged me and she's smelling so good..she served us busy talking..I then asked her where is the family.

She tells me that Tebogo drove her grandmother to some relative funeral in Limpopo they will be back Tomorrow evening

We finished up eating and she gave me the champagne bottle to open and we toasted to our relationship and my academic results

We then went to chill on the couch.

Naledi: so baby now that you are done with your studies what's the plan?

Me: not really sure..I was planning on adding a year to make it a degree while looking for a job you know

Naledi: that's not a bad thing..I'm proud of you Abdul..you are such an inspiration to me

I just blushed. I mean hearing your woman say that to you I kissed her deep up until I felt the big man on my pants twitching..thing is my woman is too gorgeous tonight..she pulled out from the kiss

She looked me straight on my eyes and took the glass away from me and stood up

Naledi: let's take this to my bedroom..

My Foreigner; his Love

Episode 6

----NALEDI-----

I was so scared of what I was doing with Abdul but I knew that it was now or never I want this with him nobody else..

We kissed laying gentle on and my body was heating up he ran his hands all over my body planting wet kisses on my neck I just closed my eyes to take all the pleasure..

He kissed the back of my ear and bit it a bit then he whispered on my ear with the sexies voice ever..

Abdul: baby are you sure about this?

Me:(whispering) yes..

My voice didn't want to come out and it came out as a whisper he nodded and continue where he was at.

We kissed while helping each other undress he locked the door and took of his pants his dick print was so visible on his boxers and I suddenly got scared

He came between my legs and started on kissing me again went on my boobs while his hand was playing around my vagina

He kissed me all the way up from my boobs to my tummy then got in between my legs I won't lie I was nervous but he told me to relax then I felt his tongue on my cookie I lost all senses the way he was sucking and licking me drove me crazy

He went in deep eating my pussy while rubbing my clit with his thumb and I felt my body building up this huge wave and I started shaking pulling his head away as I felt like I was going to pee

He went in deep and I released white fluids this wave hit me hard that I spoke foreign language..

He smiled and got up to kiss me his lips were tasting salty and bad..I pushed him away he laughed deepening the kiss

Abdul: that's you sweetheartthat how you taste..so how was it ?

Me:(shyly) it was nice

Abdul: well that was your first orgasm and im still going to give you more

He kissed my nose and positioned himself against me

He rubbed his big hard cock against my cunt and I felt scared I was so worried if this thing will fit in will it tear me apart?..I tensed up

He kissed me while touching me all over..

Abdul: relax sweetheart will you? It's going to hurt a bit but I need you to look at me all the time right?

Me:(scared and teary) okay

He put the tip in I moved up and he held me up with his hand under my waist..he pushed again a bit I screamed and he kissed me he pushed again this time harder and I felt something tear up and my spinal cord freezing I was all sweaty

I felt him deep inside me the pain paralyzed my whole lower body and I couldn't help but shed tears..

Abdul: the worst is over sweetheart now I want you to enjoy it ok? I'm sorry baby..don't cry phela hawu..

I smiled through my tears and he kissed me then began to rock me slowly I closed my eyes but he kept on telling me to open them and stop focusing on the pain

As he went on the pain subsided a bit and pleasure kicked in I found myself moving with him and moans escaping from my mouth which fueled him

Again my body build up and I wrapped my legs around him caving him in he hit me hard and I explored he groaned shortly after me and I felt warm liquid inside me

He then lay next to me we were both breathing hard. Thank God we did all the necessary steps about family planning so I wasn't worried about pregnancy only my burning pussy

He looked at me and smiled he kissed my nose then my lips..

Abdul: thank you for the wonderful gift you gave me I love you so much

I smiled too

Me:I love you so much too

He got up and went to wet the towel and wiped me we saw a little bit of blood

He took me to his arms and we cuddled

Abdul: how are you feeling?

Me: in pains but I'm happy..

Abdul: I'm glad you are happy we should do it again so that you can get used to it

Me:again

Abdul: yes my love infact we are not sleeping tonight..

Me:(smirking) okay what are we doing then?

Abdul: catching up on some good sex and love making with my woman

This guy mara..with that said he was on top of me again kissing me ...

-----PEARL-----

After Glen manhandled me I got sober same time he scared me the look on his face. Gosh I have never seen it it was like he was ready to skin me alive

We have fought with him before but he has never held me that roughly never

I took my phone and found myself dialing Percy's number..

Percy: Pearl..did you check what time is it mara?

Me:(hearing his voice fueled me I cried so loud) Percy he manhandled me he wanted to beat me up I'm so scared..

Percy:(panick in voice) who?

Me:your brother Percy I got home and found him In bad mood he started accusing me saying I'm cheating on him and the next thing he was holding me roughly I had to run and lock myself up

Percy: shit that's messed up! Where is he now?

Me:(wiping my tears) I don't know. I heard his car leaving.

Percy: okay lock yourself in there and don't open for him

If he comes back banging on the door call me

Me: okay Percy thank you and I'm sorry to wake you up this late

Percy: it's not a problem you are welcome to wake me up anytime

Me: okay goodnight

I hung up on and I was even scared to leave my bedroom what if I go out and he comes in? Fuck this is messed up

-----PERCY-----

I stared at my phone and I was lost in thoughts Pearl sounded really scared I know for a fact that Glen has anger issues he used to beat up Grace one of the reasons they divorced.

I was Disturbed from my thoughts by my girlfriend Lihle

Lihle: what is your brother's wife saying that has you so quite?

Me: urhm nothing much

I don't like discussing my family affairs with her we recently dated so I don't just share sensitive and personal information with her not that I don't trust her or anything just giving the relationship a chance. Other than that she's a wonderful woman.

Lihle: can I ask you something and please don't lie

Me: oh God have mercy on me I don't like that line.. ask baby

Lihle: do you have hots for your brother's wife?

Me: what? Come Hle that's ridiculous and you know it I'm with you ..and I love you

Lihle: that's not the answer I was looking for but it's okay Percy
goodnight

She turned her back and sleep fuck no this can't happen. I sighed and kissed her neck

Me: baby I'm sorry that I didn't give you a straight answer okay I will be honest with you..

She sat up and looked at me..

Me: Pearl and I know each other way back before he met my brother we were friends you may say that she was my crush I loved her but then she chose my brother and I've never told her this

I respected her choice and I still do.. I would never have anything romantically with her I promise

Lihle: urm..if Glen didn't marry her then you and her would be together?

Me: I don't know maybe or maybe not

Lihle:(faking a smile) okay baby I understand thanks for telling me and I believe you

Love you know that I am very jealous and territorial

Me:(smiling) you don't have to because all of this belongs to you

I said pointing at my self then I took her hand to my dick she felt it .

Me: and also this

Lihle:(blushing) you are so silly

I giggled and kissed her getting between her legs..

-----LIHLE-----

I'm Lihle Nzima and I'm a 25 years graduate I'm a teacher by profession and I love it..

Percy and I met 6 months ago and fell for each other he is the man of my dreams and I love him so much

I've had a very bad history with men and all that so when Percy came along and showed me that love I was shocked

I still do not believe that he chose me out of all those girls..well I'm just a normal girl medium height size 38 so yes I'm thick but very flexible

I have a beautiful neat afro I don't do weaves and lot of make up I just trim my eyebrows and put on a lip gloss I love dresses and skirts because they give my curvy body that respect and dignity you know

So last night we had sex and it was great and this morning he went out to jog leaving his phone behind

It's vibrated and because it was next to me I took a look Pearl was calling I didn't answer until she hung up

After sometime a message came through I read it without opening it she was telling Percy that Glen got home this morning and he's ignoring her and blah blah

This girl is getting too comfortable around my man and I don't like it.. I am scared that if they get too close those feelings Percy has will awaken up

I've seen this Pearl woman from social media and she's so gorgeous with that model body everything is just perfect with her

I finished making up breakfast and went to take a bath maybe it's time I visit her

I wore my below the knee peach off shoulder dress matched it with my white wedge and my clutch bag

I fixed my afro to a neat bun put some beads on my hair and I looked gorgeous finished the look with my Elizabeth Arden perfume and walked out

I saw Percy walking in looking so hot..

Percy: wow looking all gorgeous my love so early in the morning where to?

Me:(smiling) thanks baby I need to attend something quickly at town I will be back

Percy: okay hurry because I'm home today I was hoping we could spend the day together since it's a holiday and you also not at school

Me': I will be back I promise

I kissed him and walked to my toyota Rush car and drove out of his house

I punched in the coordinates to her law firm I was actually taking chances not sure if she's working on a holiday or not

I arrived and parked at the visitor's parking lot wow this place is actually amazing like it's so chilled nje

I locked my car and walked inside admiring the place there was no one at the receptionist I must have known that its a holiday I turned around to walk away and I heard a soft voice speaking behind me

" Hi. Can I help you ?"

I turned around and oh my gosh! Pearl stood there with file in her hand I felt this huge heat all of a Sudden and this place was so cool

Social media doesn't do justice on her pictures she's more beautiful in person

She was wearing blue ripped jeans with some black stilletoes I wonder how she walks around with those Sharp long shoes and her yellow blouse her weave let loose make up well done she looked like a doll

Pearl: urhm hello?

That was her waving her hand in front of me getting my attention

Me: oh sorry I was just admiring how beautiful you are..I'm Lihle Lihle Nzima

She smiled and told me to follow her we walked to her office big enough to be my one room bedroom back home

The furniture inside screamed money.

She pointed a seat for me and sat on her big comfortable chair

Pearl: so Lihle right? I'm glad to have finally met you Percy talks a lot about you

Me:(chuckling bitterly) oh really?

Pearl: yep he goes on about Lihle this and Lihle that now I know why you are so beautiful .

I just blushed all the anger I had coming in vanished..I had actually planned to come and tell her to keep her distance from my man

Me: urhm thank you

Pearl: you are welcome sweetheart so how can I help you?

Then her phone rang she smiled wide and showed me the screenit was Percy calling

Pearl : your man is calling let me answer him

She answered and they spoke for a couple of minutes then hung up smiling like an idiot

Pearl: sorry about that we were gossiping nendoda yakho..you were saying?

Me: (clearing up my throat) actually that's the reason why I came here..to ask you what business you have with my man you even call him in the middle of the night of which I find it very offensive

She looked at me blinking more than I could remember she leaned back on her seat and folded her hands

Pearl: with all due respect Lihle what I speak to with Percy is personal and private it's got nothing to do with you.. you should have picked it up the moment he didn't tell you that it's personal

Me:well he's my man and I have a right to know what business you have with him?

Pearl:your man huh? How long have you been with him? 6 months? Well I've known Percy for 15 years so please..I don't even why we are having this conversation

Me: we are having this conversation because I'm here to tell you to respect people's relationship you wouldn't like it when I called Glen in the middle of the night or in the early hours of the morning disturbing your peace?

Pearl:(laughing a sarcastic laughter) you calling my husband? Oh please

She then looked at me from head to toes shaking her head.. I stood up

Me: I hope you have heard me..I don't like repeating myself fix your issues and leave my man out of it

Pearl:one word of advice stop this bitter bitchy tendencies Percy doesn't love low self-esteem and low class woman

If you carry on acting like this nc nc nc nc I'm afraid your fears will be confirmed

Now the friendly look she had disappeared she looked exactly like when she's in court.. dangerous like her husband

Me: you have been warned Pearl good day darling and I would like what we discussed remain here

Pearl:bye honey.. don't worry we have never met..

I shook my big ass leaving her office and got in my car I banged my head in the steering weel a couple of times..

Damn it that didn't go according to the plan.. fuck at least she got a message

-----Abdul-----

I woke up and realized that I was not in my bedroom and started to panick what if Tebogo walks in here? I'm dead!worse Naledi was not next to me

As I was planning on getting upmy phone rangit was Tebogo guilty washed over me remembering the things we did with her sister last night fuck she's a fast learner

I cleared my throat and answered the phone..

Me: Tebza..

Tebogo: sure Ab..marn look I need a favor

Me: good morning to you too Tebogo I'm good and how are you?

Tebogo:(chuckling) ai voetsek marn.. please go home and take a key from Naledi and go-to work and hold things for me please

I will be back very late here and you know I don't trust those guys I work with

Me:okay cool I will do that then

Tebza: Ta marn I owe you see you later then

He hung up and I sighed on relief I texted Joseph to look at my shop my uncle sent another son of his so he will remain there. After all it's my shop that puts in a lot of money..

I put the phone aside and opened windows and curtains then just as I was putting on my boxers Naledi walked in with a tray of breakfast and I smiled it was smelling amazing

Naledi: ah you are up? I wanted to surprise you with breakfast in bed

Me:(smiling) you are sweet thanks baby and good morning how did you sleep?

Naledi:I slept so well and you?

Me: well isn't that obvious?

Baby we have to hurry. Tebogo asked me to hold things for him

Naledi:oh okay then let's dig in

We ate talking about random stuff I took the tray and put it on the dressing table I locked then door and kissed her

Naledi: I thought we were rushing to open up the shisanyama?

Me: we still have an hour to spare so let's put it in good use

I took off her night dress and her sexy boobs popped out I massaged them and my tongue found itself on her nipples moans escaped her mouth..

To be continued.

-----PEARL-----

After speaking with this Lihle chick I kinda felt bad I mean I'm sure she didn't mean any harmshe was just looking out for her relationship and man

I would probably do the same if some bitch called my man in the middle of the night.

I sighed and scrolled up Percy's social media it was not so difficult to find her and her number I called her..

It's rang a couple of times then she picked up..

Lihle: hello

Me:(clears throat) Lihle hi it's Pearl..

Lihle: oh.. did I forget something?

Me:not reallyl was wondering if we could grab some drinks and talk?

Lihle: I thought I've said everything I want to say to you so no I don't think..

Me:please. Just 30 minutes..

Lihle:(sigh) fine where do I meet you?

Me:my work place is fine i will order us some drinks

Lihle: okay I'm coming

I hung up and sighed in relief I picked up my office phone and placed a full English breakfast order for two then got busy with some work

She called to say she was downstairs I went to get her and it was the same time when our order arrives

We ate on an awkward silence..

Lihle:(looking around) your workplace is really nice..

Me: thanks sis ukuzama nje

Lihle:so..what is it that you want to say?

Pearl:(wiping my mouth careful not to mess with my lipstick)I just wanted to apologise for how I handled the whole situation.

I now realize that I was indeed on the wrong for calling Percy at night. I want to assure you though that there is nothing going on us between us and I know for a fact that we won't be anything in the future other than brother/sister in law

Lihle: mhm..he said the same but you are his childhood crush..

Me: that may be true but I'm married to his brother. I'm many things but I'm not a loose panty and most definitely not a whore

I know how it's feels like to be cheated on the insecurities and paranoia hence I won't put you through such.

The reason Percy and I are this close its because he's my psychiatrist and heals me traditional..

The past few months I've had my second miscarriage and I was close to mental breakdown and he helped me through it..

Lihle: oh my God I'm so sorry I had no idea..please forgive me. I seriously feel like a bitch right now..

Me:(smiling) it's ok..all under the bridge. I would probably did the same but in a better way

Lihle: how?

Me: you see the Xulu brothers are handsome very handsome..women like them. So my advice is never attack the woman who's close or dating your man rather deal with him directly because he's the one who gave them the impression to do as they please didn't draw the line

Lihle: you are right didn't see it that way..thank you for this..

Me: it's my pleasure so let me reintroduce myself.

I'm Pearl Xaba-Xulu

Lihle:(laughing) I'm Lihle Nzima

We shook hands and hugged

Me: pleased to know you Lihle..so tell me about yourself ..

Lihle: my life is not that much good to tell about but I'm just a normal person ..arh marn what you see is what you get

Me:I see..well we should go clubbing sometime when you are free. There's this cool spot in Daveyton

Lihle: we will definitely do that..just let me know when and where

Me:(smiling) awesome..let me get back to work then sweetie

I stood up and walked her outside then returned back to the paperwork It's December people are being arrested left right and center

----- TEBOGO -----

I was back at my hood and I must say that being back to that place where those people chased my granny calling her a witch was not a good scenariol hated it there but because it was the funeral I kept my cool

I looked around Abdul was keeping the place well and I'm impressed..

Me: woolah

I greeted him and my sister busy smooching around yeah well I've made peace with their relationship Naledi is an adult after all..

Abdul: hey T

Naledi:(shying away) bhuti

Me: (mimicking her voice) " bhuti bhuti" yamasimba..busy sucking each other's faces here who's running things in the kitchen?

Naledi: wow you really are back . You should hire a staff because in two weeks I will be gone

Eix that her and Slindile I really need to get that solved

Me: vaya uyoncedisa ekhishini I pipi ka Abdul ayibaleki(go help in the kitchen Abdul's dick isn't running away)

She rolled her eyes and disappeared in the kitchen Abdul just smiled innocently..

Abdul: you know I envy the relationship you have with your sister.

Me: (smiling) she's a handful but I wouldn't trade her for anything hey..don't you have siblings?

Abdul: nope I'm the only child..

Me:oh that's bad..

Abdul: yeah it is what it is.. anyway I wanted to ask if it's ok to take Naledi to some vacation out of the province after her results come out? After the whole registration process off course.

Me: ai ai marn Abdul ufuna kodladlaza umntana sekhaya ngesende lekudeni (you want to fuck my sister far away from home)

Abdul: sorry what's that?

Me: urhm nothing where are you planning on taking her to?

Abdul: I was thinking Cape Town you know..just to celebrate.

Me: dlala mntanekula! No it's fine as long as you going to guard her with your own life and make sure she's safe and happy I'm cool

Abdul:(beaming with joy) thanks marn

Me: no stress now asitheshe (let's work)

He showed me some business plan and actually taught me a lot of things about running a business and shisanyama he's really good he should have studied Bcom or something

Then I saw Glen's Porsche approaching everyone was whistling it's the beast black and shiny

I looked at him walking around acting all bossy he sat down in one of the tables and used his finger to check for dust I chuckled and got up going to him

Me: bozza

He took of his expensive shades and looked at me then gave me the most fake smile I've ever seen and I returned it

Glen: what does one need to do to get a beer here?

I snapped my fingers and Naledi came to our table Glen ordered simple meal and a beer

Glen: nice place you have here..

Me: thanks

Glen:it's clearly shows that I take care of you boys

Me: Glen uzofunani Lana(what do you want from here) because I I know this isn't a social call?

Glen: (ignoring my question drinking his beer) so I've been told that Pearl is becoming a regular here..?

Me: that's not true. Pearl has come here maybe once or twice im not sure..and is it a bad thing?

Glen: not really just making sure if all is going well.. you will tell me if she's misbehaving right?

Me:(raising my eyebrow) misbehaving how?

Glen: like cheating on me or something..

Me:(chuckling)yazi uyanya kodwa Glen(you are full of shit) am I your spy now?

Glen: call it whatever you want to call it but it's the only favour I'm asking from you the food was nice compliments to the chef

Naledi came back with the bill Glen paid. It was R300 in total he then tipped my sister with lots of money. I'm sure it was close to 2000 or something she was smiling from ear to ear she loves money this one

Glen: go buy yourself sweets kiddo you are beautiful by the way. The real African butter..

Naledi:(blushing) thank you bhuti you also look good your car oh my God it's..

Me: ei voetsek wena vaya Lana! Ubhizi usineka namadoda amadala ashadile indoda yakho ibe ikhona? Sies Naledi uyaswabisa marn(get the fuck out of here.

You are busy laughing with elderly married men while your boyfriend is around you are such a disappointment)

She looked at Abdul at the corner and swallowed hard leaving Glen smiling

Me: I think kuzomele uvaye(I think you should go)

Glen: protective that much huh..too cute. See you around son

He tapped my shoulder and walked off I caught Naledi staring at him and I gave him a murderous stare she quickly disappeared to the kitchen..

-----PEARCY-----

I was coming from my study when I walked into the bedroom and Lihle was on the phone

Her back was against the door so she didn't see me when I stood there.. I listened to her conversation she was talking to a kidhow she made those funny voices it was cute

I smiled learning through the doorthen she said " mommy loves you my angel yes don't worry I will be home soon..I love you too give Daddy a phone"

What the hell I cleared my throat and she jumped making her phone fall on the floor

Lihle:(scratching her forehead) baby..how long have you been standing there..

Me: long enough to know that you have a child.. Lihle you said you don't have a child!

Lihle:(panicking) what child? Baby I don't have a baby ..

Me: then who were you telling that mommy loves her?

Lihle:(chuckling nervously)oh that..ah mxm that was my niece

Me: you have a niece?

Lihle:(smiling through the sweat) yes love remember my sister the one that passed away? Yes that' was her daughter

Me: mhmnm okay you have a close relationship with her...

Lihle:(smiling) we do she's my everything

Me: okay..I'm off to take a shower

Lihle: want me to join you?

Me: nah im cool..

Lihle is lying to me my guts tells me and I'm going to get to the bottom of this...

-----SKHUMBUZO MHLONGO-----

" That's strange" that was me thinking out loud after speaking to my wife and my daughter's mother on the phone

She just hung up when she told our daughter to give me the phone and when I called her backher phone was on voicemail

I'm Skhumbuzo Mhlongo 32 year old Zulu man living in Mtubatuba better known as Richards Bay. I have a 6 year old beautiful daughter her mom had her when she was doing grade 11 her family was furious for the fact that I was older than her and a taxi driver but because she loved me she fought for our love and they came to accept our relationship

She went back to school and passed her matric well I was proud of her. I worked so hard and sent her to DUT to study teaching.

I used to have two trousers and one pair of shoes I didn't care as long as my woman and my daughter were okay that's all mattered to me

On her second year she got a bursary and that lifted the weight on my shoulders I managed to register for a law

course at unisa. Driving taxis daily and studying at night it was not easy but because this was my goal I persevered

She got a job a year ago and helped me renovate my 4 room house where I live with my mom and daughter. I'm still driving taxis owning two at the moment and I recently graduated. I've been applying at various law firms locally and out of the province

I hope I get a job in joburg so that I can be closer with her last year I sent delegations to her family and now we are just waiting for her return so that we can have umabo ceremony

I must admit that the past 6 months she's been different she hasn't come home 6 months wonke

Kept on making excuses about too much school work marking and all that..now it's December she should be home but she told me she went to the marking of grade 12s..

I can't help but have this feeling that khona akwenzayo egoli. I mean she used to come home every month but now it's one excuse after another.

I even made things easier for her and bought her the car she's driving. I'm still paying for it and I'm using my old Toyota Corolla. It's in good condition and I'm happy with it

Asemahle: babaumama uzobuya Nini?(Dad when is mom coming back)

I smiled weakly..

Me: maduzane baby..

Asemahle: uzoba khona for Christmas angithi?

Me: yebo nkosazana kababa

Im not even sure if she will be back by then a person who last set her foot in June here..

-----LIHLE-----

After Percy has left to take a shower I remained in the bedroom pacing up and down. I wonder how much he heard from that phone call I had.

Ok truth of the matter is that I'm engaged to be married to someone and have a six year Adorable daughter with him.

I have been in a relationship with him for 7 years now I can say that he was my first everything always went an extra mile for me.

I thought I was happy and content with him and that changed 6 months ago when I met Percy my gosh Percy is my dream man you know those guys you always get to fantasies about? The one you sometimes wish your men could be them?

He got it all covered looksswag everything. Asemahle's dad is an amazing and wonderful man but what I feel with Percy is different. I'm happy and free with him. Not that Skhumbuzo is somehow it's just that Percy is the change that I want.

I've been trying so hard to fight these feelings I have for Percy but they grow up so strong. I know that it's selfish for me to do that to Skhumbuzo but I'm in love with someone else this has made me not to go home anymore.

I know myself I won't be able to look Skhumbuzo in the eye and lie to him I can't do that. On the other hand I miss my daughter so much.

I just need to come clean to Percy about her so that she can come live with me here in Gauteng.

Percy came out with a wrapped towel on his waist his body sent cold breeze to my spine he chuckled taking his lotion

Percy:why stealing glances at me? This body is all yours baby so stare like a rightfully owner..

I just blushed at thathe finished lotioning his body and wore his boxers and sat next to me on the bed..

Percy: what's wrong?

I looked at him and my heart was beating so fast..

Me:I need to tell you something..

Percy:sound serious what is it?

Me:please don't freak out ok? I kept this from you because I wanted to see how far me and you will go and if you were in this for a long run or just wasting time..now the time I've spent with you has made me realize how much blessed I am to have you. And I love you so much you are just the perfect man for me Percy..

He looked at me with that look ethi "qhubeka"

Me:(sighs) I have a six year old daughter .

Percy: mhmm I see..the one you were speaking with over the phone?

Me: yes..I'm sorry I lied to you you just caught me off guard .

Percy:I see so if I didn't catch you were you going to tell me about her?

Me:yes I was I was just waiting for a perfect time to tell you.. please forgive me for keeping this from you

Percy:okay..I understand but baby you should have told me from the beginning that you have a daughter I mean we have been together for 6 months and three weeks all this time you haven't been with your child? And Mina I don't mind if you have a baby..

Me:(smiling) you are such a wonderful man

Percy: what else are you not telling me?

Me: that's all I wasn't telling you baby..

Percy: are you sure? Lihle I hate surprises..

Me:(sighs loudly) okay Asemahle's dad and I were involved but I ended it after starting with you

Percy: how serious was your relationship with him?

Me:he was my first everything only dated him my whole life..

Percy: okay I see . well thanks for telling me about it now who did you leave your daughter with?

Me:with her father..

Percy:okay..

Me:I was wondering if it's ok to bring here with me?

Percy:as in to live with us permanently?

Me: yes..

Percy: I don't know it's too soon you just moved here two months ago we still getting to know each other's living arrangements..let me know the kid better then we can move her and also ask for a permission from her father

Me: thanks my love I will . you have no idea how relieved I am for this..

Percy: you are welcome..so when are you going home?

Me: Tomorrow..

Percy: okay..come let's sleep then...

-----NALEDI-----

Today's been a busy day at the shisanyama and now I'm home watching TV. We brought takeaways for granny because I'm too tired to cook I'm chatting with my boyfriend trying to mend things he wasn't happy after the

drama Tebogo caused really I was just admiring the guys car and clothes no big deal here..I love Abdul so they need to chill

Tebogo walks in and sit opposite me and don't say anything I continue chatting ignoring his presence he clears his throat and I look up

Tebogo: Naledi can we talk?

Me: yeah sure..what's up?

Tebogo: you know that I want the best for you right?

Me: yes bhuti I know..

Tebogo: I'm going to say this once you are an adult know I will not be on your back 24/7 guarding you and telling you what to do and what not to.

In few weeks time you will be going to the university there you will meet different people richmiddle class and some even poor than you

All I want you to do is focus remember what you are there to do don't let the high buildings confuse you remember where you are coming from.

You are a beautiful girl Naledi I'm sure many guys have told you that where you are going to you will meet so many guys that will tell you that they love you some will

mean those words some will say them just to get you to bed.

They will use material things to get your attention I've raised you better to be naive..what you did earlier really disappointed me I don't want to lie.

Rich and handsome men than your boyfriend will always be there but not all of them will date you to keep you

I didn't approve of your relationship with Abdul at first but as the time goes by he proved to me that he loves you

but not all of them will date you to keep you

I didn't approve of your relationship with Abdul at first but as the time goes by he proved to me that he loves you he always tells me the plans he has for you and y'all's future.

That man loves you and I will die happily knowing that I've left you in his hands knowing that you will be well taken for and be safe

All I'm asking is don't be fooled by the riches of other because behind those men's riches there's a gorgeous smart woman who was there when he built it. Instead of chasing for an already made riches build your own with your boyfriend.

Goodnight baby girl

He stood up and kissed my forehead then head out..I wiped the tears that were coming wow Tebogo really loves me I've Never seen him this serious. He wasn't shouting but every word he said find it's way to my heart .dear Godplease help me not to disappoint my brother and my boyfriend...

-----PEARL -----

I was chilling on my bedroom painting my toenails when the bedroom door opened and Glen walked in

Yesterday he ignored me the whole day and I chose to close my mouth I don't have an energy to deal with him

He stand in the middle of the room and looks at me he sighs heavily and come to sit next to me..

Glen: how long are we going to live like this?

Me: you started it..

Glen: I hate fighting with you Pearl..

Me: you are the one who always fight with me . I don't do that

Glen: I know and I'm sorry im sorry for being a jerk that day..

Me: Glen you surprise me I'm many things but I'm not a cheater..I will never cheat on you despite you doing it to me many times

Glen: I know baby and I apologise ok

He said brushing my arm I looked at him and my heart danced a bit..I missed him . I know that I can't stay mad at him forever so yeah

Me: it's ok..just don't do it again because I can stand all things but not abuse..

Glen:I promise it's won't happen again..I've missed you so much

He said placing his warm lips on mine giving me a soft peck

Me:(smiling) I've missed you too

He took my nail polish and the other things I was using and put them away then took me to him and gave me a long deep kiss that ended up with us undressing each other

We made a sweet love didn't have sex but made love and I felt connected to him like never before.

I lay my head on his chest and we chatted about random things including growing my law firm by hiring two or three more law graduates to help me around.

I then asked him to go get some ice cream since we were not sleeping he agreed and I got up to the bathroom and washed my face and hands as I was coming back his phone was ringing by the time I got to it it has stopped so I let it be

I got to bed and it's beeped indicating that there's a notification coming through and I took it I opened the message and what I saw scared me I let go of the phone and it hit the tiles Glen was at the door quickly put the ice cream on the bedside and took his phone

He looked at it and tears were just rolling on my face...

Glen:baby it's not what you think..love I can' explain please

Me:(shaking my head) explain what? That I've been your fool all this time? That you have been fucking your ex till she fall pregnant huh?

Glen:(scratching his head) baby..

Me:(wiping my tears) you have outdone yourself this time Glen and I'm so done with you do you hear me? I'm done!

I grabbed my huge travelling bag and started throwing everything of mine inside I had so many things I ended up pulling his travelling bag too

All this time he was trying to talk and I ended up chasing him out of the room .tears were streaming down my face like crazy..how can Glen do this to me? He know how much I want to have his kids but he goes and impregnate his ex wife giving him a third baby?

I managed to get all the necessary things on the two bags I carried them to my car and came back to collect my important documents I changed into jeans and a t-shirt

I walked to my car and Glen was on my way begging and I pushed him to the floor and took the ring and threw it at him

I got in the car and started the car and drove out on a high speed I found myself outside Percy's house..thank God I'm driving the new BMW I8 and it's was delivered 2 days ago from the hijack he did it has no tracker yet so he won't know where I am..I took off my sim card and threw it on the driveway and disconnected the battery from my phone

I knocked at Percy's door and he opened after some time..he looked so asleep on his long pyjamas

Percy:(sleepy eyes) Pearl? What are you doing here?

I just cried and he pulled me to his arms and closed the door

Me: I'm sorry to just budge in here..I didn't know where else to go..

Percy: it's okay you are always welcome here..I told you that .come sit down and tell me what's wrong

I was wiping my tears that were flowing non stop

Me: where is Lihle?

Percy: she's home she left this morning. Can I get you some water to drink?

Me: yes please

Percy disappeared and came back with water that had sugar and I told him everything he looked saddened by what I just told him

Percy: Glen will never change nor grow up ..as for Grace to fall pregnant for him..wow I don't even know where to start

Me:I guess it's karma hitting on me for taking him from her..

Percy: that's nonsense Pearl you dated Glen while he was already on his divorce process..Glen is just pure trash

Me: yeah..can I please lie down a bit? And don't tell him I'm here

Percy: I won't.. you know the guest bedroom..let me put your car in the garage

I gave him the keys and I went to the bedroom and threw myself on top of it. And cried my lungs out it hurts so much worse of it is that I can't even talk to my family about this because they agree to everything Glen says and do because of his money

They never take a moment to consider my feelings. And I hardly have friends only the ladies I work with.. Naledi is a kid to bother her with this... Tebogo is Glen's employee so I'm stuffed...

Percy got in with my bags and put them on the room

Me: thanks I will be looking for a place to stay tomorrow..

Percy:okay but you don't have to rush..this house is huge and I'm all alone till January I could do with some company.

I smiled and remembered what Lihle said no I can't stay here tomorrow I will go book at the BNB then look for my own apartment..

Me: thanks you are too kind but I can't stay here..it's only going to be a matter of time before Glen come to look for me here .

Percy: I will protect you from him you don't have to worry

He placed his hand on top of mine and I smiled through my tears..

Me: thanks again you are too sweet but I insist..

Percy: you know what? Get some rest we'll talk in the morning...

He kissed my hand and left the room and I just sighed and got up to lock the door and went to wash my face my eyes were a bit swollen...

-----SKHUMBUZO-----

I woke up early today so that I can prepare my woman some breakfast in bed yesterday she surprised me. When Asemahle came running to the house screaming that her mom is outside I couldn't believe it.

And when we met it was like I haven't seen her in a while she's so beautiful like she's even gaining a complexion. My mom was also happy to see her we slept late because they were catching up with her daughter.

I went outside and picked up a fresh flower from the garden and put it on the tray then walked to the bedroom..

I put the tray on the bedside and kissed her cheeks..

Me: good morning my love

Lihle:(scratching her hands) it's morning already? I'm so tired wish I could sleep the whole day..

Me:(smiling brushing her arm) you will sleep baby there's nothing much to do around the house. I've made you breakfast..

Lihle:(faint smile)thank you..

Me:(smiling mischievous)it's a small thing nje to say thank you for last night it was amazing. I was wondering if maybe we could have some as the real breakfast huh?

I said kissing her neck and she cleared her throat moving away from me..

Lihle:I'm sorry but I can't..

Me:(laughing) come on baby what do you mean you can't?

Lihle:I'm just tired and not in the mood that's it..

Me:(looking deeply at her) okay Lihle eat your food before it's get cold

I stood up and took of my clothes I don't have any six pack but I don't have any potbelly too I'm just a strong firm proud Zulu man..

Lihle: where are you going?

Me: to take a cold shower to help myself out since you can't

I disappeared in the bathroom and soaked myself under water my manhood was so hard and strongit's been starving for full six months. Yes I never attempted to sleep aroundI'm not a cheater although people always assume that taxi drivers are whores but I love myself and my woman. Sex to me is importantI just don't do it with anyone.

Lihle is acting weird and I don't want to jump into conclusion just yet but something shifted even yesterday when we were intimate it's felt like she was just doing me a favor

I know my woman and I know for a fact that yesterday was bad it was like I'm raping her. I ignored it thinking that maybe she's just too tired but now I don't know what to make of her behavior

I finished up and got out to lotion my body and get dressed she was playing with her daughter on the bed

I greeted my princess and disappeared in the bathroom to finish up dressing

I came out wearing jeans golf t-shirt and sandals I took the quantum's keys and my cellphone..

Me: I'm going to go to the rank for two hours. I will be back after that

Lihle:okay

Me:do you need anything from town?

Lihle:nah I'm cool baby?

Asemahle:(shouting) ice cream cake chocolate..

Lihle:(raising an eyebrow)yooh ai baby that's too much sugar yuuh

Asemahle: but dad gives me..

Lihle:(looking at me with a questioning eye) you have been giving my daughter all that kind of sugar? You know that too much sugar isn't good for kids ..

Me:(chuckling) maybe if you were here being a mother that wasn't going to be the case I'm not stupid I gave her the sweets once in a while

Lihle:I'm sorryI wasn't accusing you of being a bad parent or anything like that...

Me:it's cool I'm going..my mother is going to her relatives today

Lihle:oh..let me go and say goodbye then .

I just left her getting off to bed and went to the kitchen....

-----PEARL-----

I tossed and turned around reaching for my phone and I remembered that I destroyed the Sim card yesterday

I sighed and looked at the ceiling sleeping with my back I just thought about what I will do now.

What Glen did hurts a lot but then there's no use to cry over split milkit's done and it's okay I will survive.

I'm 29 years and damn beautiful I don't deserve this I knew that he wasn't that good but when he started treating me right buying me expensive gifts and all that I really thought he loved me well now it's clear that all that was just to tame me

Well that bullshit end now how many times do I have to cry over Glen? And it's not like he's remorseful for his actions he's doing it deliberately to hurt me.

He sleeps around with hoes buy them gifts and all that. It hurt when I found out but I comforted myself by saying it's one of those sex beneficial relationship he didn't really loved them

But with his ex wife it's a different story this is someone he shared his life with for ten years have two kids from the union and a third one on the way. So it's kinda makes me think that he was never over her to begin with.

It's time I leave this shame of a marriage dust myself up and move on. I got up and took my laptop from my bag I started drafting a divorce settlement

I'm taking the BMW M4 Mercedes Benz wagon and the Jeep he can keep the rest of the cars

I'm leaving that hell of the house. He can either sell it or ask Grace to move back I don't care. But he's going to give me 2.5 million in cash and sell his shares from my law firm company

I think I'm being fair especially after all the shit he put me through.

I saved the documents on my laptop and got up to make the bed. I then went to the bathroom and took a long deserving shower .

I lotioned my body and decided to give my face a breather. I didn't apply any make up just a lipstick and I didn't put on a weave I was comfortable on my concrow.

I walked to the kitchen and found Percy eating cereal..

Me: morning..

Percy:(turning to look at me)wow morning you look better than yesterday and I must say you are looking like a 20 year old..

I just laughed and dished up the cereal too I was on my below the knee short floral dress with sandals. Indeed I look younger it's helps that my body is goals thanks to gym.

Me: thanks Percy I feel better. Thanks for allowing me in yesterday..

Percy: it's not a problemI'm happy to see you in this state so what's now?

Me: I'm going to see your brother now.. I'm divorcing him

Percy:oh wow.. are you sure?

Me:yes it's been long over due. I will call your mom and my family after I've spoken to him

Percy: wellI'm happy that finally you have come to your senses and that you have decided to put yourself first before money.

I was worried that you may end up loosing yourself chasing riches

Me:(smiling)thanks P you have been a good brother and a friend. Let me bounce I will talk to you later

Percy: All the best

I went to get my bag and a cellphone I drove out with my beast and it was turning heads on the road. I passed by pep for a swim swap and went to print the copies of divorce documents then I drove straight to the house.

I did breathing exercises and walked in I put my bag on the kitchen counter and went to the lounge.

I was met by bottles of alcohol and it was smelling horrible I cleared them to the outside bin then opened windows .

I then walked to the bedroom and found Glen passed out on the floor drunk as hell I shook my head in disbelief and went to fill up the bathtub with warm water and some lavender.

I came back and woke him up..

Me: GlenGlen..wake up

He yawned chewing nothing and finally opened his eyes they were so red

Glen:baby? Oh my God I'm so glad you are back..thank GodI was going crazy thinking that maybe something happened to you. I couldn't sleep since I couldn't get you on the phone nor track your car..I'm so sorry my love

He hugged my legs crying and I felt so emotional all the time me and him fought he has never been this remorseful.. I swallowed hard and wiped my tears..

Me: get up come let's take a bath

I pulled him up and walked him to the bathroom he got in and I walked back to the bedroom and cleared it out

I then went to the kitchen and prepared food for him. I spotted my ring next to kettle and I looked at it for a while it's worth 40 000

Sponsored

it's worth 40 000 it's value is pointless if I'm not happy.

I wiped my tears and continued cooking by the time I was done he came down looking better.

I gave him a glass of milk and he sat down to drink it while I dished up for us.

We ate in awkward silence.

Glen: this food is good..

Me: I've figured our stomachs need to be full for this conversation we are about to have..

Glen: baby I know that I hurt you but I'm sorry.. Last night I was so worried. Where did you sleep?

Me: I slept at Percy's place I was too distraught to go back..

Glen:I'm sorry. I am just glad you came back.

Me: Gxabhashe there's no easy way to say this so I'm just going to say it straight up about it. I want out..

Glen:wait baby what do you mean you want out?

Me:(I felt my tears building up. This is harder than I thought) I want a divorce Glen I can't take this pain and humiliation any more. Please set me free because you don't love me .

Glen:(crying) baby don't say that. Yes I'm a trash and all that but I love you I really do. Please forgive me my wife and give me one last chance please. I'm sorry I know I've hurt you but I'm nothing without you Pearl I've never met a woman like you. You are beautiful inside and outsmart and have a good heart. Please baby I will even attend those sessions you once asked me to go to. I will do anything just don't leave me

Me:(crying)I'm sorry Glen I can't go back to my word. I've suffered a lot. I'm too young for this stress. I will always be your lawyer. The past five years I spent with you were hell but we had some good memories too and thank you for everything the bad and good memories. I did love you..

I got up and wiped the river from my face and took out the documents and gave him

He sat up reading them tears strolling down his face he took a pen and looked at me .

Glen: there's nothing I can do to change your mind?.

Me:(shaking my head no) it's better this way Glen because we will kill each other if we continue being together..

He sighed and signed initiating every page well that's it. We are done. Now I need to take this to court and the sooner it's get finalised the better

Glen:(wiping his face)I can't believe I just divorced for the second time. Mom will be so disappointed in me

I just didn't know what to say I knew my parents were going to scream at me but I don't care

Me:it's okay. Maybe you can now fix things with Grace and be a family again

Glen:I don't know Pearl I don't even know why I'm sleeping with her. Anyway I signed those papers because I understand the pain and trauma I put you through I feel it in me that I need to set you free so that you can spread your wings you are a beautiful woman Pearl don't let this be your down fall or stop you at finding love again.

So now where are you going to live at?

Me:I'm going to look for an apartment closer to work ..

Glen: you can continue to live here until you have sorted out your things..

Me: the sooner I start accepting that this is over the better for us

Glen:I hear you can I ask for one last favour?

Me:sure ask..

Glen:please spend the day and this night with me just to say goodbye to each other properlylet's create one last beautiful memories before we part ways

I thought about it and smiled. One night won't hurt and I agreed. We washed dishes together he helped me pack the rest of the remaining stuff. It was heartbreaking at some pointI've been with this man for five years so yeah .

We burned our album that carried all our pictures together the only pictures remained was the one in our bedroom he refused to take them down saying he will on his time. We deleted pictures on each other's phone and social media.

Around 5pm Percy called and I told him I'm sleeping over he sound disappointed but I told him to chill

We cooked and baked together making a mess in the kitchen. We ate watching our wedding day DVD we cried listening to our vows.

We wrapped the day by having lots yes lots of sex..we didn't sleep at all. Glen was giving it to me so damn good making sure I regret my decision but my life and happiness worth more than just sex.

I was the first to wake up took a bath and wore jeans I grabbed the keys to my Jeep and loaded everything on it Glen was up but he pretended to be asleep..I guess saying goodbye is never easy

When I was done I went to kiss him on his lips he kissed me back I laughed

Me:sengiyahamba Makhathini...(I'm leaving Makhathini) I will send you an address to my new place so that you can bring my cars

Glen: okay. Safe journey and Pearl all the best. I love you

Tears dropped and I quickly wiped them and kissed him again

Me: I love you too. Goodbye Glen

I turned and walked away running and got in my car. I cried so loud I think I spent the whole 30 minutes crying (while Glen was also crying inside)

I calmed down when the estate agent called me saying they have found me a perfect place fitting my description

I wiped my tears and drove there indeed the place was beautiful with three bedrooms a huge beautiful kitchen lounge two offices a mini bar pool two double garages and a beautiful garden

The furniture was good as well I opted for a fully furnished house because I didn't have time to do decorating

The house was mine courtesy of being a lawyer and married to a well known guy I was allowed to move in immediately while the sale was going to take 3 days to clear

I chose the master bedroom that had a beautiful view of Johannesburg and the air that came through that window was amazing

I picked up my phone and told Glen where I was and asked for my cars to be sent to me I then called Percy and let him know that I've moved out

I unpacked my clothes and it's took me two hours too many stuff I have and I'm a neat freak

My closet was so damn big when I was done with the clothes I sorted out my office then I was flip tired and rested on the couch

I was fondling with the remote searching channels when the house phone rang and I attended to it opening the gate

It was Glen carrying a take away bag and some wine my cars were outside I opened for him smiling

Glen:hey

Me: hey

Glen: beautiful place..

Me: thanksbut it's nothing compared to the mansion we were living at

Glen: I can still get you exactly the same one..

Me: no silly this place is perfect

Glen: okay I brought you food I figured you haven't been to shops yet...

Me: thanks and I'm starving

I sat down while he dished up and we ate

Glen: so mom called he's angry and he want me home

Me: that's remind me that I need to call my parents..

Glen: yeah.. so how are you?

Me:I will be fine.. and you?

Glen:I miss you so badly

We stared at each other and kissed things were heating up and I stopped him

Me: we need to stop sleeping with each other Glen. I'm your ex now and it's wrong sleeping with your ex

Glen: come on baby it's not even finalised. I'm still your husband. When the divorce is final then we will stop but for now you are still my wife

Me: you must be high you failed to acknowledge me as your wife while married now you have the guts to do so? please leave before we fight..

Glen:(wiping his forehead)I'm sorry didn't mean to make you angry

Me:I'm not angry

He stood up kissed my forehead and leftI sighed and closed the door...

-----LIHLE-----

It was around 7pm and Princess was already sleeping. She talks a lot and has energy for days

Me and Skhumbuzo has been having a very awkward dayI can't do this anymore. Yesterday I slept with him because I saw the need in his eyes how much he wanted me. I couldn't deny him and I felt so bad that I cheated on Percy I can't do it again.

I walked to the lounge where he was reading his newspaper

Me: Njomane..

He looked at me and put the paper away Skhumbuzo is 32 and I'm 25..

Me: can we talk?

Skhumbuzo: yes..come sit down

I sat next to him. I was sweating and my palms were sweating too I took his hand to mine..

Me: you know I appreciate you and everything you have done for me right?

He just looked at me with this big burning eyes I swallowed hard

Me: I will forever be grateful to you and for everything you done for me. Your love your sacrifices and mostly for the beautiful daughter we have...I am..urm..I want to..

Skhumbuzo: waloku ungingiza ufuna ukuthini kahle kahle?(You are busy stuttering what is it that you want to say?)

Me:baba ka Asemahle ngiyaxolisa kodwa angeke ngisakwazi ukuqhubeka nalobudlelwano.(I'm sorry I can't continue with this relationship)

He looked at me not blinking nor breathing I was suddenly scared Skhumbuzo isn't a violent man but yooh

Skhumbuzo:(low voice)soqomile Lihle?(is there another man?)

Me: baba ka..

Skhumbuzo:(roaring) damn it Lihle ngiphendule!(Answer me)

Me:(jumping)yes.. yes..yes..I'm sorry..

Skhumbuzo kept quits for a whole five minutes piercing me with his looks I felt myself wiping my tears

Skhumbuzo: manje ke ukhalelani? Uhamba uyoqoma bese uyabuya uyakhala? (Why are you crying? You go around dating other men and come back to cry)

I didn't know what to say I was just weeping

Skhumbuzo: how long have you been together?

I kept quiet he banged the table I jumped .

Skhumbuzo: I hate repeating myself Lihle...

Me:(biting my nails) we have been together for..for six months..

He chuckled then laughed like he laughed out loud clapping his hands..

Skhumbuzo: so all this time you are not coming home you were busy with him huh? While I was busy running up and down making sure our daughter was safe you were all lovey dovey with him?

Me:I'm sorry..I didn't mean for any of this to happen...I'm truly sorry Skhumbuzo..

Skhumbuzo: not sorry as I am..

He stood up and left me there..then stopped at the door..

Skhumbuzo: thanks for the birthday gift baby

Oh flip! Today is his birthday! Damn..why did I not remember? How can I hurt him on his birthday.. shit...

NARRATED

Naledi was doing well at varsity and she just passed her first semester making her brother granny and boyfriend proud Abdul was super super proud of her. He also started his own marketing consulting company that was still struggling but he was pouring all the works and energy to get it off the ground he really believed that E .F H (Eferhid-his surname Family Holdings)

Tebogo's business was booming he really turned his life around although he still did few piece jobs for Glen but his full time attention was now on the business.

Pearl mourned and is slowly moving on from her break up with Glen. She also discovered that Lihle has a child she brought her child to visit for Easter holidays because Skhumbuzo blankly refused to let his child leave with her permanently but allowed the unlimited visitations.

Skhumbuzo hurt badly and decided to channel all the pain and anger to work and by his grace he was hired by one of the best law suits in Durban A.H.M attorneys he's been working with them the past three months and he's enjoying law so much..

Grace delivered a bouncing baby boyher and Glen see each other time to time but they are not together and Grace isn't bothered because she knows that whenever she need Glen over she just snaps her fingers and guy come running

Glen is back to his whore ways dating girls all over and being arrested from time to time

Percy and Lihle are good and Percy is learning to be a father through Asemahle..

-----Abdul---

I was sorting out papers in my office as I was busy drafting a business proposal for this guy I'm hoping this is going to be my big break because I seriously need it the rent of this building is crazy as it's in the city also my flat at Newton. I don't have a car since I can't afford it now.

The shares at Tebogo's business really help me out because I was going to die of hunger

I'm working with 2 other people I will grow the stuff as Time goes by

I miss my woman and I heard she's at Daveyton I should call her to come over because it's been long since I last saw her and I'm currently very busy. I took my phone and dialed her number..it's rang a couple of times and she picked up

Naledi:baby

Me:hey sweetheart how are you doing?

Naledi: not so good baby I miss you so much.

Me: I know my queen and I miss you too. Can you please come over pack an overnight bag you will spend the weekend..

Naledi:(excited) yay. Okay I will see you later then let me Inform my brother

Me: cool baby see you later

I hung up and continue working as I was working my phone beeped and it was a message from some guy I once helped with his business plan he disappeared on me and I thought I was never going to hear from him again. He was asking for my banking details I gave him and minutes later my bank notified me that R50k has been deposited into my account

I couldn't believe this I thought I was dreaming or something I called him and he was so chilled saying this is nothing he wish he could do more but he's still paying debts

I was so happy I packed my things and rushed to town to sort out rent for the next 3 months for both my office and flat

I then passed by ocean basket and got seafood for Naledishe loves it

I also bought her a watch and flowers and head home. I was welcomed by a beautiful smell of her perfume and I felt excited immediately.

I stopped by the door and watched her chopping onions and green pepper her back was facing mine she had headset on and busy dancing and tweaking along the dance moves were driving me crazy because she was wearing my navy long sleeve shirt..

I slowly got in and closed the door I put the things on the table and switched off the stove and wrapped my arms around her and kissed her neck . God she's smelling me she smells so fresh clearly she just took a bath and used my things

She freaked out a bit and took off her earphones her face beamed with excitement when she realized it was me

Naledi: you gave me a fright

I kissed her shoulders

Me: I'm sorry baby..how are you?

Naledi: I'm ok now that you are here im trying to cook but baby you don't have enough groceries

Me:eix love I was broke but you will go buy me some tomorrow neh?

Naledi:(smiling) okay no problem..I missed you

She kissed me and gosh that sent and kinds of feels In me

Me:(kissing her neck whispering on her ear)I missed you more.

I picked her up and she wrapped her legs around my waist we exchanged deep kisses filled with emotions and I ran my hands under her shirt she wasn't wearing any bra and panties damn

I placed her on the table and took off her shirt as she also helped me take off my pantsI was left with only a vest when I had her legs spread across my arms and inserted my hard rock cock in her wet tight cunt

She flinched a bit moving backwards and I pulled her to the edge of the table and put half of my dick in she moaned and I kissed her through her moans and pushed it slowly in till it was fully in and began to rock her hard..my woman love hard and rough fucks they make her come fast

I pumped her harder and she bit my shoulders screaming my name I knew she was close so I picked up my pace and orgasms hit her hard I picked her up to the bedroom and we finished it there

We then took a shower and went to eat the food I came with she was already wearing her watch..lol drama but I love her like that

I then told her about the payment I received and how carefully we should trade around it since I have to pay my employees and add more equipment in my company. She understood and was very encouraging. I should give her at least R5000 to spoil herself when she goes back girls like her are a rare and God knows how grateful I am..

-----PEARL-----

I was in my office minding my own business when the reception called saying there's a lady who's insisting on seeing me without an appointment I rolled my eyes and told them to send her up

I sat back on my chair waiting for this person who's actually demanding on seeing me and you won't believe who walked in. My high school bestie Sihle Mokoenashe really grew up hey and cleaned up so damn well.

Oh boy .she still got that Nick Minaj body look on. Sihle was my high school friend from tuka she had a crazy crush on Percy and they actually dated for a while before my girl got some bursary to study at America and left Percy with a broken heart. I guess Percy loved her too because she was his first love and everything although he had a crush on me but him and Sihle we were water tight

Me: (hiding my face smiling) please tell me this is not you.. please please!

Sihle:(laughing) it's me baby girl..I'm in the country and I thought I should come and say hi

I stood up and went to him to give her a very tight hug..

Me:hey stranger you did well..look at you..all swaggered up

Sihle:(chuckling) oh well what can I say? You look good too Pearl like you don't age at all

Me:(smiling flipping my hair) it's money darling

We both bursted in laughter and hugged again

Sihle: oh my gosh bitch I missed you..I need all the gossips from you getting married to you divorcing I mean e-v-e-r-y-t-h-i-n-g

Me:(laughing) well I guess we should go to my house since I'm about to knock off

Sihle: no problem honey and I brought you your bottle of champagne all the way from the states

Me:(placing my hand on my chest) I love you

Sihle:(laughing while pushing me) I love you too but there's no need to be so emotional right now

She helped me with my bags and we left the building with her complimenting how gorgeous my company looks like

We arrived at my place and ordered food that has lot of meat and fries that my friend she love her junk and she doesn't care.

Sihle and I are same age mate we both turning 30 this year I'm size 34 and she's 32 . She has a tiny waist and big booty during high school we used to call her Nicki Minaj last Time she was here she had small boobs but now..wow very impressive im sure she did some surgery.

Sihle left here after getting a bursary to study medicine she chose her career over a relationship with Percy and I got married shortly after she left.

We sat down on my couch and gosh the laughter and noise that girl brought I'm sure neighbors are going to complain thank God tomorrow it's Saturday

The wine was good I then filled her up with all what happened my miscarriages and failed marriage and everything

Sihle:(emotional)gosh i so hate this Glen of a person right now...but nawe mngani Glen has always been trashy

Me: I know..but I'm glad I managed to walk away from it..

Sihle:(hugging me) I'm proud of you for that many women chose money over their happiness and piece of mind and I really feel for them hey..so tell me how's my man?

I nearly choked on my drink when she asked me that I knew she was referring to Sihle..

Me: mhmm who's your man konje?

Sihle:(rolls eyes) don't play dumb with me okay? You know who I'm talking about..we never broke up I just left

Me: exactly..you left him with a broken heart Sihle ai he has moved on and he's happy

She drank her wine after I said that looking down and sad

Sihle:you know you will think I'm the horrible person but I had to choose my career Percy did his medical course and when the opportunity opened up for me I took it we always wanted to be doctors run this beautiful surgeries together and save lives it was a pity that I got an offer away from home

Pearl I've tried to move on I've been in a serious relationship for 3 and half years with this white guy I thought I loved him up until he asked me to marry him

I was happy really I was and all that until on the last day I realized no marn I can't do this I can't commit my whole life with this person. I don't love him like I love Percy

Friend he's the one always will be..

I clapped my hands shocked Sihle now was the one crying..

Me: yooh friend this is hectic hey..so what did the guy say?

Sihle:(wiping her tears)he was mad as fuck kicked me out and took my 17 months son away from me.. Pearl you are a good lawyer right..please help me fight for my son please..

I covered my mouth because I was just too shocked about all of this

Me: okay my friend don't cry..we will find a way to get your son.. you just need to describe to me what kind of person is your fiancée..

Sihle:(wiping her face) well he's handsometoo handsome you should see my boy..he will break girl's heart when growing up..he's a bit obsessed about me. Too controlling and has a crazy temper..

Me: has he physically abused you?

Sihle:(looking down sobbing) yes..

Pearl: how?

Sihle: he forced himself on me

Me: what! Did you open a case against him?

Sihle:no how do you open a case against someone you are living with?

Me: Sihle that is bullshit! That's rape! Oh my God how did it happen?

Sihle:(weeping) I was tired from work I got home and found out that he has bathed and fed our son I was happy

I told him I'm having an early night and left him drinking and watching soccer..i was in deep sleep when he came to the room in the middle of the night after the match was over..he kissed me taking off my panties he was reeking of alcohol I told him to stop I'm not in the mood he didn't listen kept on going on removing my clothes and I ended up shouting he told me it's his pussy he has a right to it any time any day

He pinned my hands against my head and overpowered me Pearl he had his way with me and I got tired of fighting and let him be

After that he slept peacefully and even snored next to me while I smelled him all over

Me:(I was wet with tears) oh my God Sihle..

Sihle: I soaked myself in the bath for hours..I guess he woke up and realized I was not in the bed and the little blood on the bed scared him..he came to the bathroom and apologized crying

Bekahawulisa Pearl regretting everything and I forgave him we spoke about it and moved on but truth of the matter is that I hated him from that day he did that. I was just pretending because he was being too nice and for the sake of my son..

Me: yooh this is hectic babe let's sleep and we will talk in the morning and find ways to deal with this..have you spoken to your dad?

Sihle: no..he doesn't know I'm around and you know I hate his wife

I chuckled Sihle and her stepmom always hated each other I thought it would get better as the years went by but here is u girl telling me that she hates her

Two weeks later **

Skhumbuzo was sitting in the office at the firm he was working under at Durban doing some paperwork when his boss Andile worked in with a newspaper and threw it in front of him

On trending news a 43 year old Russian man rumoured to be a gang leader of the Russians was arrested after beating up his baby mama and ex fiancée to a pulp at the King Shaka airport in front of all travellers

No one know what the fight was about but those close to the scenes they said the woman arrived at the airport with her friend who later described as Pearl Xaba the ex wife to Glen Melusi Xulu. The woman arrived just when Mr TRusev landed with his goons she lost it when she saw him carrying her son inappropriate and attacked him trying to get her baby From him

The child was crying for his mother and that what drove Mr Rusev mad and he attacked the woman untill cops arrived at the scene arresting him..he was busy shouting that he was untouchable and going to be out soon

Skhu sighed in shock after reading this

Skhu: yooh..what kind of a man is this..who attack a woman in public and beat her like this?

Andile: this man is sick mfowethu sick listen now we have to work..

Skhu: please don't tell me that this man asked us to represent him?

Andile: you guessed right and now we need to go apply for his bail

Skhu: what? No Andile this woman attacked his woman in public..

Andile: your Job and duty is to defend..and you know that every one who's arrested has a right to a good lawyer and a good representative in court..we come out the best around here so let's go win this case

Skhumbuzo: what about the woman and her child?

Andile: Skhumbuzo uzongidina are you taking this case or not? You always complained about wanting big cases and here I am.. handing it to you..

Skhu:(sigh) fine let's go

Andile: now you are talking

Skhumbuzo stood up and wore his jacket and took of his briefcase and they drove to where Rusev was held up..

They met with him and read his statement and that one of Pearl Skhumbuzo and Andile knew that they were in big trouble here especially since there was a video also Pearl added another case rape!

Skhumbuzo knew Pearl from the tabloid the wife of the gangster he knew she's very ruthless and heartless at court .she once defended this guy who's girlfriend accused of rape

She dugged up skeletons of that girl and it was proved in court that the girl lied just to prove a point on the judgement day it was reported that the girl committed suicide so Skhumbuzo knew he was against a tough cookie.

*****Percy*****

We were watching news with Lihle Princess Asemahle was sleeping already..it's nice having her here around since she's visiting she brings out that positive vibes and great energy

We saw trending news about some Russians fighting at the airport and screamed ..

Lihle: hai Bo isn't that Pearl?

I paid attention indeed it was her..but what caught my attention even more was the woman being beaten I took the remote and paused it and zoomed the picture although she was bleeding through the nose but it was her..damn it!

I got up and left the room with Lihle asking me where am I going to.

I got to my bedroom and dialed Glen.. it's rang twice and he answered

Glen: I was about to call you have you seen the news ?

Me: (breathing heavily) that why I'm calling you..I need a favor

Glen: anything..

Me:can you find out what's the story and fill me up? When did Sihle got back and what's happening?

Glen: alright I will call Pearl I'm sure she has all the answers and full information

Me: thank you broe I think I will head to Durban Tomorrow

Glen: alright let me dig up the Intel for you

I hung up and went back to the living room the news was now about something else

Me: Lihle..

Lihle: yes love

Me: I'm going to be going to Durban tomorrow there is an emergency that need me there..

Lihle: you said tomorrow? But baby the day after tomorrow Asemahle is leaving and we promised to be with her tomorrow the whole day...

-----PEARL-----

I was busy up and down ensuring that Sihle is alright with her baby the baby was placed in some safe custody and I've pulled up lots of favours to get him to see his mom..I hope this will cheer Sihle up.

She's been beaten up pretty bad her nose broke in the process lose some teeth too.

I went into her ward carrying the gorgeous baby the female police following me ..she was sleeping facing the door with her back

Me: babe look who's with me.

She didn't move and I smiled a bit and moved the baby to touch her face she quickly turned when she felt soft hands touching her...

Sihle: my baby!.

She quickly sat up and took her kid with tears rolling down her face

Sihle: thank you Pearl

Me: my pleasure you have an hour with him and don't worry he will be back to you for good.

She shook her head tears overwhelming her I signaled the cop to give them privacy as we walked outside

Then my phone rang it was Glen I sighed and answered..

Me: Glen I'm very busy right now i don't have time to talk I need to go to the court..

Glen: I won't take much of your time I just wanted to let you know that Percy is on his way there..

Me: what?

Glen: yes he saw the news yesterday and I'm sure he will be landing shortly..

Me: okay thanks for letting me know

Glen: awesome well the reason I'm calling you it's because Percy asked me to dig a bit info about this situation and I found something that might interest you..

I unlocked my car and got inside settling in comfortably..

Me:I'm listening..

Glen:well I made few calls to guys that side and they found me more evidence of how ruthless this guy is. You know that he was married before right?

Me:I suspected I mean a 43 year old wealthy man it's possible.

Glen: exactly! So the story he tells people is that his ex wife divorced him and disappeared right?

Me: uh-huh..

Glen: well the truth is that he killed her and staged the whole disappearing act..

Me:what? No you are not serious right?

Glen :I'm serious like a heart attack..

Me:oh my God! Sihle wasn't lying when she said this guy is obsessed and dangerous!!

Glen:yep so watch your back..I will send all the details of what I've just told you

Me: thank you I will look into it and see how it can help us.

I hung up and wiped the form on my face and drove to the court to see the magistrate for a date for this trial. Thank goodness he was denied bail today morning because he's a flight risk and danger to Sihle

I walked in and we spoke and set a date that was in 5days away. My learned colleague and his partner complained about the date being too close but I didn't care. I wanted to lock this animal away and get Sihle her baby boy back..

****3Weeks later*****

I was so jolly parking my things from the guest house we were using the past days attending the trial. Pearl is good he had Rusev in his tight corner even his lawyers didn't know what to do. The bombs she kept on dropping were too much and she provided evidence at some point Rusev lost his temper and threatened while swearing at me in court and that made his matter worse

We won the case I was granted full custody of my baby Rusev and his goons we're going to be transferred to their country for a sentence.

Percy arrived a day after the incident to see me he's been on my side since supporting me with the whole ideal but

we have never sat down to talk about us the past the present and everything. I guess he just wanted to give me support and forgot the rest. I must admit that he is still very hot. I appreciate his help including Glen for once he became useful and went all out to help me.

I was zipping up my bag when I heard a knock on the door I went to open and it was him

Me:(smiling) Sabelo..

Percy:(smiling) it's you and my mom who calls me with my Zulu name..

Me: because it's cute..how are you

Percy: I'm okay how are you?

Me: I'm getting there just glad that this nightmare is over I can now start my life afresh you know..

Percy: yeah so what's the plan ?

Me: I don't know get a job around here find my own place but in the meantime I will be staying with Pearl until I'm sorted..

Percy: okay that's good well I will see you in joburg then I'm leaving

Me: Sabelo.. we need to talk..

Percy: I'm listening..

Me:(walking to him and hold his Jacket) I'm sorry about how I left you how I left things and everything I regret all of that. Percy I miss you and I will forever love you please give us another chance..I promise to do better this time

He held my hands and kissed it

Percy: don't do that to yourself heal and deal with everything that happened to you then we will talk

I tried to kiss him but he moved away looking at me with an raised eyebrow I felt so embarrassed

Percy: I have a girlfriend Sihle an amazing one at that. So please. We will talk when you get to joburg. Safe journey

He then walked out I felt my heart being ripped in pieces..I sat down at the bed with my hands on my head

Sponsored

Pearl walked in moments later..

Pearl: honey are you done? I miss my bed and... Sihle? What's wrong?

Me:(wiping my tears) he's rejecting me babe..he doesn't want anything to do with me..he says he has a wonderful girlfriend

Pearl looked puzzled for a moment then got what I was talking about and sat on the bed hugging me

Pearl: give him time you can't expect him to jump right back to your arms so quickly. Take the fact that he was here with you the whole three weeks as a sign of hope. Have faith and don't push too hard. Heal then move on

Me:(smiling) when did you get this smart?

She smacked the back of my head laughing getting up and giving me a warm tight hug

Pearl:I love you you will be fine I promise..

Me:(sigh)thank you my friend for everything and I love you more

-----SKHUMBUZO-----

Andile was not happy that we didn't win that case and I was actually Happy at what happened I didn't want this ruthless man to win to begin with.

I'm more impressed at advocate Xaba she's really a beast in court like she doesn't take no nonsense. I wish I could have her as my mentor and colleague. She looks younger than me but not so young..

I was day dreaming about her and the court room at the garage filling up my car and getting it cleaned windows

when her maroon Jeep parked next to my Toyota Corolla 1.3.

I felt my heart beating a bit faster she walked out of her car leaving her friend inside. Today she looks more younger on her shorts sandals and those long curly weaves of theirs

I finished the peanuts I was eating and followed her to the garage and found her taking bottled water and mint. I found myself stucknot knowing how to greet her .

She turned and bumped into me her things nearly falling she rose her head up in frustration ready to skin me alive. When she saw it was me she cooled down and smiled a bit

Me:I'm sorryI didn't mean to bump into you

Pearl:it's ok..such things happen. So what are you doing here? My learned colleague Mhlongo? ain't you supposed to sort out some jail transfer papers for your client?

Me:(smiling)ain't we cocky? Rub it in madam the stage is all yours

She laughed hiding her face

Pearl:I'm sorry but I had to put him away and forgive me if I'm forward but when I looked at you I realized that it is

what you also wanted. To have him locked up than his freedom..

Me:(smiling folding my arms) and how did you find that out?

Pearl: you were too chilled about the whole situation..

Me:(sigh) yeah hey what he did kinda disappointed me. Yes I leaned to defend everyone but I couldn't bring myself to defend a man who makes all of us man look trashy

Pearl: your good heart will get you in trouble with your boss I tell you.

Anyway here's my business card call me in case he fires you up at Pearl Xaba-Xulu (PXX) attorneys we can use you

My face beamed as I took the card from her

Me: I will keep that in mind travel safe back to Johannesburg madam

She winked and went out to her car and drove away I hit the air with my fist excited all of a sudden..

-----TEBOGO-----

I was minding my business when I saw Abdul walking in running he was smiling like an idiot I just laughed

Me:why are you smiling like you have won a lotto

Abdul: because I feel like I've won one..

Me: okay tell me what's up?

Abdul: finally got my big break man remember that proposal I was working on Worthing millions?

Me: yeah yeah I remember the one that has you neglecting my sister

Abdul:(chuckling)come on I never neglected her really. Well it has finally paid off dude and I'm so happy.

Me: what? Wow I'm happy for you marn.. congratulations once more

Abdul: thanks brah this feels like a dream. I will be able to send some money home expand my company move to a better apartment. If things go this well I'm going to marry your sister sooner than expected

Me:sorry what? Wife her?

Abdul: yep she's the love of my life and there's no one else I want to spend the rest of my life with other than her..

Wow I don't know what to say I'm happy at the news of him growing business wise but I'm not sure I'm happy at him marrying my sister she's still young 19. I don't see her ready to play wife but she loves the guy she can agree

Me:look marn I'm happy at you progressing and all that but I feel like you are rushing things Naledi is still young allow her to be a teenage girl to enjoy her youth to the fullest

Do all the nicest things as young couples travel take each other out and buy each other's gift and hold on a bit on this marriage things .I don't want a situation where she comes home crying saying you cheated on her later on or you coming to me with that. If in five years from now you still feel the same waythen I will be happy to give you guys my blessings

Abdul: you are a great brother in law and I'm happy to have you as one. We have visited that topic with her and she assured me that she won't mind marrying me but I will definitely take your advice

Me:(shook his hand) thats my man so what would you like to have? It's on the house...

-----SIHLE-----

The drive from Durban to Jozi was very long and tiring to a point that we really went straight to sleep when we got here yesterday thanks to my wonderful thoughtful friend who hired a nanny for my son Blessings while we were busy with the case. She took care of him the moment we arrived.

And this morning I was awoken up by soft hands playing with my eyebrows and wet kisses on my cheeks I smiled through my sleep and opened my eyes . My boy was up alreadyfed and bathed. He was busy with bottle juice

Blessings: mama..wake up .

Gosh I missed mornings like thiswhere I wake up next to my baby everyday

Me:I'm up boy..how are you

Blessings:fine

I tickled him he was laughing trying to hide with blankes I felt someone staring at us and I looked up. It was Pearlshe had this huge grin on her face as she looked at us. She was already looking smart on her blue and navy suit

Me: oh hi there bestie

Pearl: hey babe slept well?..

Me: like a baby hey. All dressed up?.

Pearl: no time to waste babel have a morning appearance at court but I will be back soon after that

Me:don't worry Pearl we will be fine. No need to baby sit us .

Pearl:if you say so then..Call me if you need anything

She hugged me and kissed Bless on the cheek and left the room

I got up made the bed and walked out with him on my lap. I found the lady helping around busy with laundry

Me: good morning ma'am

Mavis: morning sis

Me: thank you for taking care of him.

Mavis:it's not a problemhe's a good child.

Me : truecan you please watch him over for me I need to take a quick shower?

Mavis: no problem madam

She said taking him and my son seem to be bonding with her I went to shower

I decided to wear shorts and a bra only since I will be indoors I need to start looking for a job my friend is kind hearted but I can't depend on her forever and I don't want to put her on an awkward situation where she end up tired of feeding me.

I went back to the kitchen and prepared my breakfast . I sat down and ate while browsing my phone looking at job posts. The door bell rang and I went to get it.

It was Percy he had his hands on his pockets. It's felt a bit awkward seeing him while I was only in my bra.

Me:(clears throat) Percy hi. Please come in.

I went back to my plate as he followed me and sat down

Percy: how are you doing?

Me:(smiling weakly)better thanks for asking.

Percy: awesomel was just wondering if you are ok and thought I should come and check up on you .

Me:that's very sweet and thoughtful of you want some food?

Percy:I'm good Lihle prepared some for me.

I shook my head ok then there was this awkward silence again as I felt his strong gaze on me..

Percy: urhm let me go neh. I will see you around.

Me: (I forced myself to smile) thanks for coming again.

I walked him to the door and we hugged..when we were pulling off the hug he grabbed me by my waist and attacked me with a kiss. Gosh Lord knows how much I've missed these lips we kissed hungrily for each other and one thing led to another he picked me up to his arms with my legs wrapped nicely on his waist and his hands quickly worked on my shorts in a moment they were down together with my underwear he didn't bother undressingjust lowered his pants and took out his strong big fat dick and I bit my lower lips as I felt my underground getting more wetter he had me spread my legs wide on top of the table and he was banging me hard like never before..it was a 5 minute quickie that has us sweating like crazy.

After the strong release our minds came back I panicked thinking what if my son walked in on that hectic moment. I pulled up my shorts as he quickly fixed his trousersnobody spoke.

Percy: urhm..let me go.

Me:(smiling like a retarded) ok.

He kissed my forehead and left..I remained behind smiling like an idiot..I quickly wiped away the evidence of sex

turning on the air conditioner then ran around the house looking for my son.

I found him playing with sis Mavis at the back of the house I breathe a sigh of relief as I realized that they didn't even saw Percy coming and went back to the house to finish off my food with a huge smile on my face. I just got laid!

----- NALEDI-----

The classes were coming up pretty well I must say I was getting used to varsity and joburg this second semester.

I had a friend by the name of Akhona. Slindile is studying at TuT in Pretoria so we hardly see each other. The only time I get to spend with her it's when she's visiting home or my brother. Her and bhuti Tebza are couple goals.

I really envy them. But then on the other side I'm so happy with my relationship with Abdul I love him too bits.

Akhona and I do the same course and we share a flat. She's a cool Swati chick. Yellow and smart. She's slender and tall lover of things and night clubs.

She's hardly at the flat always out and parting but her school work is always on point she's smart by nature she doesn't need to cross night studying for an exam.

I was coming from school when I found her in the flat sleeping.

Me: oh hi there..

Akhona: hi.

Me: what happened you at the flat?

Akhona:ngikhatsele yooh (I'm tired) how was school?

Me: same old same old.

I said showing her the notes and all the works she looked at it for like 5 minutes then closed it .

Akhona: do you have any plans for tonight ? Urgh what am I saying? You are always cooped indoors.

Me:(laughing) yeah you guessed that right.

Akhona: I wanted some company to the club..I need to collect my girlfriend allowance komunye nje u minister of finance wami.

The way she said it so cool I found myself laughing well I ended up agreeing to go with her after all I need a bit of fresh air.

She then suggested that we studied while we wait for 7pm. Indeed we got busy with books and for the first time I saw her getting down like that. Around 5 we stopped and watched a romcom while laughing. At 6 we took a bath and dolled ourselves up.

I rocked my black short bum short and she rocked her silver grey short dress and heels she was hot. She helped me with make up and I looked amazing.

We re requested an Uber at 7 and we headed to the this other club. It was very exclusive and High class she was known by the bouncers there because they didn't mind that I was 19 whereas the club age restriction was 21.

We went inside and she ordered two drinks and led me to a table at the corner.

Me: wow this place is vibey.

Akhona: I know right? Stick with me I will take you to places Hun.

I just smiled as the music was too loud wondering around. Akhona was busy typing furiously on her phone and then she came next to me.

Akhona: the guy is here he says he is with his friend..so smile and be a good girl ok?

I just nodded while sipping on my drink few minutes later she stood up smiling as two guys approached us. She kissed one guy and I looked at the one and I felt my heart sink..it was Glen..my brother's boss.

He smiled his usual conniving smile and sat down Akhona was already on the other guy's lap playing with his beard.

Glen: hello there.

Me: hi.

Glen: didn't know you attend such places.

Me: I don't.. I was accompanying Akhona please don't tell my brother.

Glen:(chuckling) relax.. you are an adult and there's nothing wrong going out once in a while.

I just smiled he took it well than I expected.

Glen: we were not introduced properly I'm Glen.

Me: Naledi.

Glen: indeed you are a star..such a beautiful name . Want a refill?

I stared at my glass and it was now empty I just smiled and he got up taking my hand I glanced at Akhona who gave me her thumb to go as she was busy sucking up facing with the guy.

Glen and I went to the bar and he refilled my glass as the alcohol sank on my body I felt comfortable and relaxed. I

was really enjoying to be here..umuntu kade kwasa aziluzisa yeses.

I started dancing and he came to dance with me he's really a good dancer and gosh he's so sexy..his body ai let me keep quite..the dancing was so funny up until I felt him getting too close like he I felt his bulk touching my assl quickly turned he caught me quickly and stole a kiss then smiled while whispering "relax " to my ears.

We danced up until the song finished and went back to the bar I was feeling funny all of a sudden.

Glen:are you alright?

Me: it's just too hot in here I feel like puking.

He took my hand quickly and we went to the toiletsthe VIP toiles and they were so clean

I held the sink and tried to puke but nothing came out I drank water rinsing my mouth he came to me after peeing too.

Glen: are you ok there baby girl?

Me:(smiling)I'm fine.

He brushed my cheeks and brought his lips to kiss me I looked at the other side but he smiled and attacked my lips taking them fully to his as I was still in shock at to what

was he doing his hand grabbed my butt and he groaned on my mouth biting them in the process.

He unzipped my jumpsuit and his hand quickly went to my cookie and he played with my clit roughly for some weird reason I enjoyed it I kissed him back. He let my jumpsuit to fall on my feet and unzipped his jeans taking out his dick.

Me: urhm please stop.

Glen:(whispering in my ear) come on baby girl you have been craving for this the whole night.

Me: please stop.. you don't have condoms with you.

Glen: I'm clean sweetheart.

With that he placed me on top of the sink and spread my legs wide and inserted his dick in me I gasped holding his shoulder.. he went in and out on me quickly and hard I moaned enjoying every moment of it.. luckily the club was noisy nobody heard us..

He thrusted few more times I felt him increasing his pace and he groaned loudly as he dumped his seed on me. He stayed in on me for few more minutes then withdraw his cock slowly smiling. He got a tissue and wiped the both of us.

Glen:damn that was good I want more of this.. let go to my house..go tell your friend that I'm dropping you off ok?

I know what I'm doing is so wrong but damn it's feels so good and there's no harm in living in the moment right? I nodded and dressed up quickly and went to look for Akhona she was still sucking up faces with the guy I tapped her shoulder she excused herself.

Akhona: honey are you ok? Your eyes?

Me: I think I'm tired I'm going to go to the flat and sleep.

Akhona: okay let me call an Uber for you..

Me: don't worry..Glen will drop me..

Akhona: okay..Naledi be careful around Glen okay? He's sneaky don't allow him to trick you..go straight home I will be right behind you after two hours.

She kissed me on the cheek and I took my bag and went outsideGlen was standing outside his car smoking.

Glen: ready to go?

Me: yeah

He opened the door for me and we hit the road...

-----PEARL-----

It's been such a long crazy day I can't believe it's 9pm but I'm still at the office. Shit I need to go home I promised Sihle that I will do some bonding with her..

I packed up my things and was ready to go when I saw one of the guys works for waiting for me at the reception and I panicked

Me: hi there how can I help you with?..

Guy: hi sestere..I'm trying to find the boss man but he's not picking up his phone and it is quite urgent

Me:oh? What is it?

Guy: I need to give him this parcel and he has to get it tonight because I'm leaving my mom is not okay..

Me: it's okay I will drop it

Guy: thank you sister.. you are a life saver

I took the brief case and throw it at my back and drove my car to my old house lucky for me I still know the codes and the keys are still with me

I unlocked the gate and drove in. I got out and took the brief case and walked inside the house..I knocked a couple of times there was no answer I went back to my car

and took the keys and opened the door and walked inside
.

I switched on lights in the kitchen and it's looks like he's home his phone and car keys are here in the table

I thought of dropping the brief case in the kitchen and go but what if the context inside are very important?

I went to the lounge and God I wasn't ready for what I saw!

Glen was banging Naledi on the couches like nobody's business I dropped the brief case and I screamed. He saw me and panicked.

Glen: Pearl!

I turned back running and got in my car and reversed on a high speed driving to my place.

Oh my God! What is Glen doing?! I don't care who he fuck but Tebogo's lil sister? What's wrong with that child? Last time I checked she was in a happy relationship with that cute Indian or Pakistan guy I'm not sure..oh my God Tebogo will kill people..I was so scared my hands were shaking..Glen is 38 and that kid is 19! Oh Lord have mercy.

My phone rang and it was Glen I parked outside my gate and answered with my heart beating faster..

Me:what do you want?.

Glen': baby I can explain..

Me:(chuckling) explain what? Glen we are divorced remember? I should be the one apologising for invading your privacy..other than that you don't have anything to explain!

Glen: I know and understandit's just that you weren't supposed to see what you saw..

Me:when Tebogo finally kills you I will be wearing my short skimpy dress and my 6 inch high heels!

I hung up and opened my gate driving in...

-----AKHONA-----

Last night was lit my guy gave me a whole 20k allowance I had to go entertain him on his hotel room and came back around 5am. I hope Naledi isn't mad at me for that.

I got in here and went straight to my bedroom trying to get some sleep and rest..I think an hour after I heard a knock that disturbed me from my sleep. Argh..why is Naledi not answering this knock? Gosh!

I wore my gown and went to the door so angrily I opened it ready to murder whoever was knocking but I melted when I saw Abdul he was dressed in formal attire ready for work

Me: Abdul hi.

Abdul: hey there..did I wake you up? I'm sorry

Me: it's no big deal..get in.

Abdul : I'm looking for Naledil've been calling her since last night. I have some good news to share with her..

Me: really? Do share!

Abdul: well I got an international client and things are really working out well now

.

Me:(beaming with joy) oh wow congratulations sbari marn..you really are a hustler.

Abdul:(whispering) between the two of us I think I'm ready to propose..

Me:(eyes out) what? Wow .. you know what let's drop this conversation here let me go get your person.

He smiled and I walked to Naledi's bedroom I know she's sleeping because our class is at 10 and now it's 7.

I knocked and there was no answer..I opened the door her bed indicated to me that she didn't sleep here..my heart beat so fast thinking about what may have happened..I

closed my eyes and did breathing exercises to cool down my anger and went back to Abdul smiling.

Me: I'm sorry Its looks like she has already left. I came back very early this morning so I didn't hear her leaving..

Abdul: oh ok.. alright then I will keep on trying to call her..have a great then..

Me: you too.

He left the room and I ran to my bedroom and grabbed my phone dialing her number..she answered on a third ring.

Naledi: I'm coming up relax.

Me: sdzidzidzi ndzini!(Bloody idiot) hide Abdul is coming down he just left here.

I hung up and went to look through the window I saw Glen's Porsche parking and my heart beated so fast with so much anger..

Ten minutes later the door opened and madam walked in smelling men's fragrance.

I slapped her so hard she almost fell and balanced with the fridge.

Naledi: what the hell!

I gave her another slap and this time she returned it we fought I beat the living shit of her..I was so angry to speak..after some time I stopped and looked at hermy tears streaming down my face..

Me:please tell me that you used a condom with Glen please..

She looked down I brushed my face ..

Me: Naledi you are not only stupid but careless too! How the hell would you sleep with Glen without a protection!one night in the club you are opening your legs? Oh my God if I knew this how you were going to behave I would have left you here! Are you crazy? Do you even know Glen?

Naledi:(crying) I'm sorry ok? It was a moment of weakness.i know Glen he's my brothers boss..he's always been my crush.

Me:(shocked) wow ! Naledi just wow!! Why are you this stupid? You have a loving boyfriend and great brother you don't have to do this! Or yini? You are fooled by my actions? Honey I'm nothing like you our backgrounds ain't the same I started hustling using my body long time ago I'm paying for my education with this body but you on the other handyou have a loving boyfriend amazing brother. You want to ruin all of this for a crazy mere crush?

She was crying and I was crying too..

Naledi: Akhona I'm sorry I was stupid I know..I just wanted to live in the moment for once..

Me:(wiping my tears) take a bath we are going to the doctor..

Naledi: what for?

Me: don't make me beat you up again..to check your status and if you are pregnant..

Naledi:(swallowing hard) okay..

Me: I'm so damn disappointed in you Naledi..

I had a very busy day at work today I was invigilating two exams so my feet were so damn tired. I got home and luckily for me Percy had cooked. I'm blessed y'all.

I put my bags next to me on the couch as I sink down on it relaxing. He came to me wearing shorts and a vest smelling so good

Percy: hey baby

Me:hey love

I kissed his lips as he sat down taking my feet to his lap and massaged them

Percy : so how was your day?

Me: tiring like hellI'm so damn tired. I just need to batheat and go straight to sleep. I don't even think I will watch TV today. How was your day?

Percy: oh shame babe.. well mine was pretty awesome hey

Me:that's good for you. Thanks for cooking..

Percy: its a pleasure.

I stood up to take a bath while he went on to the kitchen..

*****SIHLE*****

Ever since Pearl got back from work yesterday she's been acting a bit weird. Well I chose to ignore her and decided that I will speak to her this morning. She came to the kitchen still on her pyjamas she looked like she was hit by a moving truck

Me:hey babe..

Pearl: hey honey..how's you?

Me: awesome..what happened?

Pearl: yooh it's a long story for another day.

Me: okay if you say so then.i have news to tell you?..

Pearl: (sipping on her coffee)do tell..

Me:so Percy came to see me yesterday and..one thing led to another we..

Pearl:no you didn't!

Me:(shrugging my shoulder) well I did. It's proves that we are still very much attracted to each other.

Pearl: oh my God what's wrong with these Xulu men?
SIHLE Percy has a girlfriend.

Me: I know.

Pearl: gosh let me go prepare for work.

Me: what's up with your awful mood?

Pearl: nothing it's just y'all annoy me. You make reckless decisions that will end up hurting other people in the process..

Me': mxn you are so boring you need to get a man and get laid.

Pearl: not everything resolves around men and dicks stop being a home wrecker and get a job.

She rolled her eyes and disappeared to her bedroom I swallowed hard thinking that she's actually right. It's time I get my priorities in order Percy didn't even call me yesterday after the steamy session we had.

-----NALEDI-----

We were back from the doctor and luckily for me I was clean from everything. Akhona told me I would not be so lucky next time and told me this was the first and last time I do something so stupid. Now I have to find a way of hiding this from Abdul he can't find out about it. It will kill him. On the other hand there's Pearl. Gosh I can only pray she doesn't run to Tebogo about this..

I couldn't go to the campus because well Akhona did a number on me when we fought so I was studying in doors.

My phone rang while I was studying disturbing me it was Glen I hesitated answering but then I need to sort this once and for all

Me: Glen hi.

Glen: hey sweetheart I'm outside can I see you for a minute?

Me: Glen I can't go outside I'm busy..

Glen: ok cool give me your room number then I've got something for you

I sighed and gave him our room number few minutes later he knocked on the door I went to open for him. He was carrying few shopping bags looking all hot like usually.

Glen:hey..what happened to your face?

Me: don't worry about itAkhona and I fought.

Glen: what for?

Me: about you obvious. She doesn't want this to go on..

Glen: and what do you want?.

I kept quite and bite my nails..

Glen: sweetheart you are an adult nowdon't let anyone bully you into what to do and what not to do..this is your life ok?

He's actually right Akhona does what ever she want and I've never been on her case about itso why should she be on mine?

Me: I hear you so what did you bring for me?

Glen: oh I was doing a little bit of shopping in sandton and thought this will look good on you I also brought you lunch

I smiled and looked at the clotheswow they were so freaking expensive. He just smiled and made himself comfortable on the couch. There was also a very expensive red and black lingerie.

I put the clothes on my bed room and we ate the food he brought. I was now on a lighter mood since he was here.

After eating he made me sit on top of him on the couch I was wearing a skirt and a vest

His hands run through my tighs to my panties and his finger played with my clit as he was sucking on my neck.. I let out a moan as I was enjoying what he was doing to my body..then my phone decided to ring . It was Abdul. I moved away from Glen and picked it up

After two minutes on it I turned to Glen.

Me: my boyfriend is on his way up here..please leave..

Glen:(smirk) okay but I want to see you later on okay? I will fetch you around 8 wear that sexy number.

He kissed my nose and exited the flat through back door. I ran to my bedroom and hid the bags to my wardrobe and put on my perfume to get rid of Glen's strong perfume.

He knocked and I went to open. He smiled seeing me and I attacked him with a kiss he looked a bit confused but damn Glen made me so wet and now I need to get some. Luckily he picked up the mood and picked me up to my bedroom..

*****PEARL*****

I hung up with a huge smile on my face I don't even know why I'm smiling like a baby.

I then dialed Naledi her phone rang a couple of times till she picked up. Her voice was horse..

Naledi: sis Pearl hi.

Me: Naledi we need to meet..

Naledi: can we do that tomorrow? My boyfriend is around so I can't today..

Me: it's fine with me. See you tomorrow then.

I hung up and went back to work..

*****GLEN*****

Naledi didn't show up yesterday I waited and waited for her but she didn't. Neither did she bother calling me to explain. I assume her boyfriend slept over.

Nxx dealing with ama 2000 can be so annoying sometimes but I need to be patient with her. She will be minemine alone soon. I will train her to be the girl I want her to be. She's easy because she listens to me and very flexible damn the way her body moves against mine fuck..look I even get a hard on by just thinking about her.

She's so damn fresh and naturall would not mind to ditch all my side dishes for her..it was now around 10 am and still no signs of her.

My phone rang it was Grace I answered.

Me:Grace..

Grace: Glen you just disappeared on us.when are you coming to see your kids?

Me: ei I've been busy marn but I will make time..

Grace: you better

She hung up and I sighed in frustration the door bell rang and I went to answer it fixing my jeans as I was damn hard few minutes ago thinking about Naledi.

I opened the door and there she was wearing a brown coat black heels. She looked sexy but I was mad at her.

Naledi: hi

Me:(going back to the lounge) look who finally decided to show up..I waited for you yesterday..

Naledi:(putting a finger on my mouth) I know and I'm sorry. I'm here now can I make it up for yesterday?

Shit! I smiled as she attacked me with a kiss pushing me to the couch..she stood there and slowly removed her coat fuck..she was wearing the lingerie I bought for her yesterday..

Naledi: does daddy like what he sees?

Me:(running my hand through her fresh body) very much..he likes it very much..

I kissed her thighs and made her sit on top of me she had her hands wrapped around my neck as we kissed..I picked her up to my bedroom..

Me:I'm going to punish you for standing me up yesterday..

Naledi:(biting her lips in a very seductive way)punish me daddy I've been a bad girl..I deserve it.

That made my dick to twitch so hard on my jeans and I jumped on her like a hungry lion touching her all over her sweet moans against my ears drove me crazy...

I never imagined myself being this person but I can't help it. I love Abdul and what we have I don't want to lose it at the same time what Glen do to megosh! Glen brought me back to my thoughts by talking..

Glen: baby girl what are you thinking about?

I was on my office when reception called and said that Naledi was downstairs I told them to send her up. She walked in my office wearing those skimpy leather short skirts a crop top. She even had a weave on. Make up on point. She really looked different from the Naledi I know. Not that I mind her doing a makeover but I feel like this change is drastic her whole appearance was dramatic nje.

Me: Naledi please sit.

She sat down and put her leg on top of the other one.

Me: thank you for coming I'm not going to be beat by the bush I will go straight to the point. What are you doing with Glen?

Naledi:(rolls eyes) sis Pearl with all due to respect I don't see how my business with Glen is affecting you? As far as I'm concerned you two are divorced you divorced him!

I gasped in shock did this child just said that? I kept my composure..

Me: Naledi Glen is old enough to be your father worse of it all he's your brother's boss... You have a boyfriend that.

Naledi:(cutting me off) is this what you called me here for?

Me:(shocked) Naledi?

Naledi: I'm sorry I've got important things to do so I got to run. A piece of advice stay away from my business and before you think of running to my brother to snitch know that I don't care my brother loves me. It's going to be your word against mine and he will believe me. And how are you going to feel causing a conflict between siblings?

I looked at her shocked unable to respond from that..

Naledi: I thought as much bye Pearl

She shook her sexy ass leaving my office I clapped my hands laughing. Wow!

*****PERCY*****

I was watching tv when Lihle came to sit down next to me frustrated.

Lihle: it's negative again.

Well she's been feeling a bit off lately and she thought she was pregnant I told her it's could be weather food or anything but she jumped into the pregnancy conclusions. She desperately want us to have another baby and to be honest i am so not ready. Not that I'm not ready to have a baby I'm 32 and can be a father I'm just not ready to father her baby. I feel like our relationship is moving too fast we moved in together at 3 months and now at 8 months she want a baby? No no.

Me:(clears throat) but baby maybe this is a sign that we are not ready to be parents yet and now at 8 months she want a baby? No no.

Me:(clears throat) but baby maybe this is a sign that we are not ready to be parents yet we should focus on growing our careers and building our empire. Kids will follow later.

Lihle: wow! You can't even pretend to be hurt.

She clicked her tongue and went to the bedroom I let her be and went through my Instagram. Sihle pics pops my timeline she was having a great time with her brother and son at the mall. Seeing her smile and so beautiful reminded me of that day we had that quickie session. I found myself smiling I've been trying so hard to ignore that day but damn she still has a strong hold over my body and heart.

I dialed her numbers calling her. She picked up on the 4th ring.

Sihle: Percy hi what a surprise.

Me: Sihle hey I've been meaning to call you just that I've been busy.

I lied of course I looked around for Lihle.

Me: listen can we meet? I would like us to talk..I think I'm ready.

Sihle: okay when and where?

Me: I will send you an address

Sihle: okay I will ask Thapelo to drop my son off then.

I hung up and sent her my apartment address this is a place where I hold most of my consultation at it's a two bedroom apartment quite and outside town. Good thing

about it is that Lihle doesn't know it she knows my Western medical practice only.

I took the car keys and went to check up on her and found her sniffing on the bed. I drama engaka!
I shook her up

Me:baby..

Lihle: what Percy!

Me:yoooh don't bite my head off! I'm going to be out for a while Im not sure what time I will be back ok?

Lihle: okay

I kissed her forehead and got on my car driving out....

*****AKHONA*****

I got to the flat and find Naledi wearing a towel straight from the shower.

Me: hey baby.

Naledi: hey

Me: did you cook? I'm so hungry..

Naledi:nope I didn't cook.i ate a while ago

Me: okay I guess I will order us some pizza then..

Naledi: count me out! I'm going out to dinner.

Me: mhm where is Abdul taking you to?

Naledi: I'm not too sure and to be honest I don't even want to go there I just don't want to disappoint him.

Me: wait wait Slow down a bit. What do you mean when you say you don't want to go? Naledi was it not you who was busy crying and complaining that Abdul spend most of his time on his projects and all? Now that it has finally paid off and he's spoiling you wena awusafuni?

Naledi:(sighs and sit down) I know and I feel like such an horrible person right now.

Me:(clapping hands) ngiyawusaba umpipi ka Glen!
Ukudla kanye nje wena soyasangasana awusafuni
umuntfu wakho? Yebonine! Shotsi uyayenta lentfo yakhe
moes! (I salute Glen's dick! He fucks you once and you
lose interest on your boyfriend? His dick game must be
good)

Naledi:eix what do you think I should do?

Me: wake up from this! Naledi Abdul loves you he sees a wife in you his future someone to build a home with. Tell me what does a 38 year old man sees on a 19 year old kid? Huh? Let me tell you because you don't know he

sees someone stupid his sperm dish. Someone to use and toss aside when done.

Naledi: no need to be insulting it's not like you are way better.

Me: honey I'm 22 doing my first year yes im prostituting myself to see myself through school and successful I don't have anyone for support and to love me.

Believe me if I were to get a guy who would love me like Abdul and Tebogo loves you I will quit all this nonsense. Let me tell you something Glen ain't shit and he's not worth all the trouble you are about to go through. Believe me hun.

I grabbed my bag and went to my room Naledi annoys me she's just so ungrateful.

*****PEARL*****

I got home so damn tired from the office I found Sihle painting her toes sitting on the couch. She look distracted I remembered the conversation we had earlier and felt bad.

I sat next to her and touched her arm.

Me: hey babe I'm so sorry about the way I spoke to you this morning. I shouldn't have spoken to you that way what you do with Percy is none of my business as long as

you promise that you will not get hurt and please don't bring him to my house

Sihle:(smiling) don't worry. I'm not mad at you for speaking the truth remember our friendship is not based on lies right?

Me: right..so what got you so stressed out?

Sihle: I was with Sihle and hour ago.. Pearl again we slept together..

Me:yoooh..

Sihle: he told me that he still loves me that he will forever do but he also told me that he loves his girlfriend.

Me:erh..where does that leave the two of you?

Sihle: I don't know all I know is that I'm not going to let him go after finding him again.

Me: what about his girlfriend?

Sihle: I don't know all I know is that I'm not going to be his side chick other I'm going to be his only woman.

I kept quiet because I know if Sihle is this determined nothing can change her mind.

Me: I saw your pics with Thaps?

Sihle:(beaming with joy) oh that clown! He was here busy telling me with his Swati princess

We laughed out loud.

Me: he still loves women?

Sihle: always! Yoooh my brother is trouble hey..mind you he met this girl like two days go..yoooh

Me: your brother is life I tell you.

Sihle: so friend since you are single and mingling what's happening?

Me: nothing hey I've been too busy working than to focus on guys really..

Sihle: really? You mean there's no one? Even one hot fellow advocate eyeing you out?

Me:(laughing)no sihle nothing like that..but when something interesting comes out I will tell you.

Sihle:I should sign you up on the internet dating..

Me: Sihle you wouldn't dare!

She laughed covering her mouth this bitch wouldn't do me like that..

Me: however.. I'm meeting some guy next week just lunch.. nothing hectic..

Sihle: oh my gosh! I knew you were too beautiful to not have anyone so details mo gurl..who is he what does he do..all the juicy gossip..

Me: (getting up) yooh Sihle there's really nothing to tell okay?

Few days later

*****TEBOGO*****

I was home stressed my old lady was sick she's been sick for two days now. I've called Naledi to come because she says she want to tell us something I hate this. Normally when elder people do that basuke bazoshona I don't think I am ready to live without her. She's been my rock all my life.

Now ngidinwa ilengane yasedladleni loku ayifiki ekubeni ngimtshelile kubaluleke njani uzongidina Naledi. (I'm annoyed by Naledi she hasn't come after I've told her critical the situation is Naledi will annoy me).

I was back home to check on the business and get a proper bath. I was busy making something to eat when I saw a car pulling over on our yard. I got out of the house

eating my sandwich and watched Naledi walking out of it wearing a very short skirt those long heels long curly wear and thick make up. Heee madoda! U Naledi ucale Nini ukuba I slay Queen?

She walked up to me and hugged me her perfume suffocated me I pulled away.

Naledi: oh my God bhuti I'm so sorry ngo gogo. I came as fast as I could..

Me: fast as you can? Naledi I called you two days ago! .

Naledi: Tebogo awukahle I drama I'm not here to fight with you please.

I shook my head shocked is this how a kid I raised speak to me now? Wow!wonders shall never end I'm telling you.

Me: who's car are you driving?

Naledi: a friend lended it to me to come home and check on granny..

Me: nice to be you. You now have rich friends Naledi?

Naledi:(rolling her eyes) you will find me at the hospital since your mood for today is to attack Naledi

Me':mxm vayal wonder what will you tell gogo njengoba sobukeka njengeseqamgwaqo nje.(I wonder what you will tell grams as you look like a prostitute)

She looked at me and blinked stopping her tears and got on the car driving out. I clicked my tongue and got inside to the house to change.

I finished up and drove with my own car to the hospital I found her sitting on the bed holding gogo's hand seeing her cry kinda erased all the pain. We all love gogo she's the only parent we have.

Granny: I'm glad both of you are here..I have something to tell you.

She was struggling to talk so we didn't rush here.

Granny: this thing have been bothering me for a while now your mom comes to my dreams almost everyday now saying I should help her.

We looked at each other no Naledi and looked at gogo.

Me: help her about what?

Granny: your mother tells me that she had a daughter that she gave away for adoption because she had her while still young and before she married your father.

Me& Naledi: whaaat?

Granny: she says her daughter was abused physically and emotionally when growing up but luckily she made it. She need to come home in order for her things to go well.

Naledi covered her face with her hands as tears rolled down.

Granny: now she has been telling me that her daughter need to be brought back home. Please find your sister.

Me:yooh mara ma oledi yonke lento oyishoyo inzima.
(What you are saying is difficult) how do we find a grown woman?

Granny: I also don't know how are you going to go about with this one I hope and believe that God will make a way. I suppose you need to start searching around the hospitals of Soweto where she used to live and gave birth to. Bara might be a start.

We stayed with her chatting and stuff then it was time we left.

Naledi: how do you feel about the possibility of us having an elder sister out there.?

Me: yooh Naledi I don't know hey. It's scary I don't want to lie. What if she's married? Has her own family? Will she accepts us?

Naledi: eix it's tricky but I would be happy to know her if she's still alive you know.. I've always wanted a sister...

Her phone rang and she excused herself and I went out to smoke..few minutes later she came to me.

Naledi: bhuti I need to go back to joburg .

Me: Naledi you just got here!

Naledi: I know..I'm sorry I will be back in no time..please keep me posted with gogo's situation..

Me:(I tried my best to keep my cool) Naledi what could be so important than your grandma sickness?

Naledi: bhuti don't do this..I will be back. I promise.

She kissed my cheek and got on the car and drove away. I felt anger brewing on me. I took my phone and dialled one of the gents.

Me:yeah Thabolook there's a number plate I need you to check for me. Make it quick boy. Sure.

*****PEARL*****

The day to meet Mr Mhlongo was here and to tell you the truth I was nervous I don't know why I'm nervous because I'm a beautiful woman who's so confident in herself.

I was choosing something to wear when Sihle came to the room she's now back to her old self the scars are disappearing and the bond between her son is amazing. I don't know what happened but her and Percy no longer see each other now guy is focusing on his relationship so he says.

Sihle:are you winning?

Me: yooh friend I don't know what to choose hey..like I feel like these clothes don't have that thing you get me.

Sihle: mhmm...ok how about this skirt and this shirt plus this sandals? Give them heels a break.

Me: Sihle this skirt is so damn longsinhinta obhonso..hell no

Sihle: but you are not going to court so this look is fine.

I looked at her in disbelief no no I will not wear this. I chose a yellow pencil skirt with white shirt topped it with my black heels.

She clapped her hands laughing. I finished putting on my make up and I felt confident again.

Sihle:cheesa mngani! You are flames sweetheart if this guy doesn't propose I will agree that he's a fool.

I laughed and applied my cologne she covered her nose with her face grumpy .

Me: and then?

Sihle: your perfume smells so awfulgeez!

Me:are you ok? This is my best expensive perfume!

Sihle:oh gosh let me leave this room because now my intestines are turning..

She's acting weird and I don't have time for her I left the house to my office.

I tried to keep busy with work Skhumbuzo was going to come here. An hour later reception called to say he's here.. nerves kicked in again and I fixed myself one more time as I waited for him to come up.

He knocked and I told him to come on in..

He walked in dressed in his khaki Brentwood black leather jacket and izimbadada. My Lord! suddenly felt so overdressed. He was so chilled. If you were to meet him on the streets you won't say he's a lawyer today he dressed like a normal Zulu taxi owner I suppressed my laugh.

Skhumbuzo: Waze wamuhle nkosazana..sawubona. (you are so beautiful my lady hello)

Me:(blushing) ngiyabonga ungahlala phansi.. (thank you you may sit down)

Skhumbuzo: so this is you?

Me: yep this is my baby.

Skhumbuzo: impressive mind showing me around?

Me: sure why not.?

We got up and left my office busy showing him the offices and other stuff members.. he looked really impressed

Sponsored

why not.?

We got up and left my office busy showing him the offices and other stuff members.. he looked really impressed then he asked if we could grab some lunch I said sure.

We went to the restaurant down the road he was busy staring at me and I felt uncomfortable somehow.

Skhumbuzo: forgive me for staring you are just so beautiful you are like those models I saw on magazines and television.

When he spoke English he spoke it well just like he spoke his language. I was now pink from blushing.

Me:thank you again.

Skhumbuzo: so tell me at such a young age how did you become so successful?

Me: I worked hard but then I won't lie having a rich husband really helped me.

Skhumbuzo: I like the fact that you are honesty and straight forward.

Me: do you see your self owning a firm?

Skhumbuzo:yooh I'm not sure. I love law no doubt about that. My heart is in the taxi business. I've been a driver since I was 20. It's all I know really.

Me: wow. I see then. Are you married or have kids?

Skhumbuzo:yes I do have a kid but my wife left me for another manhere in jozi.

Me:owh I'm so sorry to hear that.

Skhumbuzo:it's okay sis. It's actually a story for another day. Wena why did you divorce with that gangster husband of yours?

Me: cheatinglies and the emotional abuse was just too much for me to handle so I chose my happiness.

He shook his head impressed. He was really a man of few words I found myself stealing looks at him. He was handsome. Not the cheese boy beauty but the full grown man handsomeness.

We finished eating and we walked to a park nearby where we exchanged stories at how we grow up our failed relationship law course. I found myself laughing at some point and crying at some especially when we spoke about family. He was so close with his mother and siblings since his dad passed away. The way he described his mom made wish I had that kind of a relationship with my mother but nope sometimes I used to think she wasn't my biological parent but dad always assured me she was. Well I did look like dad but mom ai we had no connection whatsoever.

*****NALEDI*****

I hate the fact that when Glen calls me I have to leave everything and come running to him. It's can't help that I like him he make some things to me that make my body dance.

I got to his house after an hour ready to murder him and I found two suitcases packed..

Me: and then?

Glen:(smiling) we are going away..

Me:(shocked) where?

Glen: Dubai my love..just for two weeks then we will be back..

I screamed excited and jumped into him..I've always wanted to go there and shop till I drop. I follow the likes of Faith Kentsi and Kim Kholiwe on Instagram and those girls live life hey.

Me:ohh word baby that's so exciting..but..

Glen: what but now?

Me:we can't go now..my granny is not okay she needs me around..

Glen: you are not a doctor and your granny is in one of the best hospitals. Nothing will happen to her untill we are back..live a little madam

Me: I guess you are right..let me see how I lie to my boyfriend about this..

Glen: good girl I will be loading bags on the car then. Hurry our flight leaves in an hour.

I called Abdul whom I haven't seen in a long time..

Abdul: baby..I was about to call you.

Me: hey love I just wanted to let you know that I will not be around joburg since my granny is not ok.

Abdul: I'm so sorry Tebogo told me and I'm invited to a business seminar in Cape Town that will take two weeks so eix..

I punched the air with excitement..

Me: it's ok baby go attend your business and I will update you with her progress.

Abdul: Please do my love that woman has been so good to me and accepted me without judgements.

Me:yeah hey. Let me get ready babe you know how Tebogo is..

Abdul:okay. I love you okay?

Me: me too bye.

I hung up and went outside where Glen was loading the last bag.

Glen: all done?

Me: all done let's go have fun.

Glen: that's my baby.

He kissed me hard then we got to the car driving out..

TWO DAYS LATER

***** AKHONA *****

I was sleeping on the couch as I came in the early hours of the morning from the club. My body is so damn sore especially my neck fuck.

I got up and went to take a shower. I wore my gown after that and made some hangover remedy because the headache yoooh.

There was a lazy knock on my door and I went to open. Tebogo stood there with his hands on his pockets eyes red as if he's been crying. I let him in. I remember Naledi calling me saying she's going home because her granny is not ok.

Me:Tebogo..hi..is everything ok?

He shook his head no while tears streamed down his face seeing a strong man like that cry broke my heart. I hugged him..

Tebogo:she's gone Akhona my granny is gone..

That broke my heart oh God I know how much they love their grandmother Naledi speaks about her all the time..

Me: oh my God I'm sorry this is terrible how is Naledi responding to the news?

Tebogo:(wiping his tears) I'm here to get here gogo passed away yesterday morning and ever since I've been trying to reach her on the phone I don't find her...

Me:(shocked) what do you mean trying to call her?is Naledi not home?

Tebogo: no is she not here?

Me: no! She left here two days ago saying she's going home..

Tebogo: whaaat? Where could this child be at?

Oh Naledi boy! What have you done? I saw Tebogo's face changing as he took his phone and called whoever he was calling.

Tebogo: sure mjita..did you find who the car belonged to?

Thabo:yeah..Tebza that's the boss car..

Tebogo: whaaat? Boss as in Glen?

Thabo:yeah.. what's happening Tebza.?

Tebogo:(clenching jaws) no ku grand thanks for your help.

He hung up and he looked at me hiding his anger.

Tebogo:I need to go I will see you.

He walked out banging the door oh my God it's going to get hot now. I don't need anyone to tell me that Tebogo will murder someone.

I took my phone and called Pearl she's always been kind to us and there when we needed her

Pearl: Akhona I'm so busy preparing to go to court..

Me:I won't be long Tebogo was here.i think he knows about Naledi and Glen

Pearl: oh my God! How?

Me: it's a long story. What I know is that Naledis granny passed away and Tebogo came here to get her he then found out the car Naledi was driving belonged to Glen..

Pearl: shit! Thanks Akhona Tebogo will kill Glen. I will head to his house.

Me: be careful sis.. should I call cops?

Pearl: no I've got this Tebogo and I got along..

Me: okay then.

I hung up and said a silent prayer hoping that everything goes well I tried calling Naledi but her phone sent me to voicemail..oh girly! Where the hell are you?

To be continued.

****TEBOGO****

Glen is full of shit entlek he doesn't see me this one. It's a pity I'm not carrying my gun but I swear im going to kill him with my own bare hands. I will murder him I swear. How can he do that with my sister my very own sister? He's dead dead!

I drove there like a maniac and parked outside his house I got out of my car and banged the gate screaming for him to open it.

Me:(screaming) Glen yinja phuma uze la sikhulume njengamadoda! (Glen you dog come out and let's talk like men)

I grabbed stones and started throwing them inside the yard one security opened the gate and I went straight to him and attacked him taking the gun from him and went to the house with him screaming my name and others trying to get me away.

I kept on shooting the windows and screaming Glen's name up until I heard police vans packing around and I was ordered to drop the gun. Shit I'm being arrested for trespassing and damaging of property. As the police officer was reading me my rights cuffing me I felt myself running short of breath as pain and anger kicked in.

I fell on my knees with them cuffs on my hands the other police was trying to check if I'm ok then right there Pearl arrived she was on her formal blue suit. She ran to us and knelt down.

Pearl: oh my God Tebogo I've heard I'm so sorry please calm down don't worry I will get you out today. Just don't say anything okay?

I didn't hear anything everything became black after that.

*
*
*

I woke up a while later in a hospital with all those drips and oxygen masks on me what landed me came back I felt myself getting angry again.

I saw Pearl talking to a police man and he came to remove the cuffs from me and walked away.

Pearl gave me those sympathetic eyes.

Pearl: im so sorry about what happened you need to take it easy your health is at risk so please.

I calmed down and removed the mask so that I can talk.

Me: did you find the whereabouts of my sister?.

Pearl: no I asked the helper at the house she said Glen left with her to Dubai two days ago.

I felt my heart sinking and I was in so much pain how can Naledi leave our sick grandmother and leave the country with a man old enough to be her father?.

Me: very well then please get me a doctor so that I can leave her I have a funeral to prepare.

Pearl:(shedding a tear holding my hand) you don't have to strain yourself. Allow to be helped please I'm here and I can help. Just rest a bit and come home tomorrow. Let me know what need to be done and I will..

Emotions kicked over I found myself crying covering my eyes with my arms she hugged me busy saying it's going to be okay.. shortly after that we heard someone clearing their throat we turned and it was Slindile seeing her here

gave me hope Pearl shifted for her and she threw herself on me.

Slindile: I'm so sorry baby..Akhona told me and I came as soon as I could.

After I've calmed down both women insisted that I stay just for a day here and come out tomorrow I had no choice than to agree even though I know I will be out as soon as they leave..

We then began planning a funeral that will take place in two days time..

*****SIHLE*****

I woke up to my phone ringing and pulled it out of my pillow it was a landline number so I sat up straight and answered it was Netcare hospital calling me for an interview. God this is good you are good.

I quickly got up and took a proper bath wore my navy pencil skirt powder blue formal shirt black heels.

I went to the kitchen and found out that Mavis has went all out on the breakfast..I tried taking a bite of the balcony as I love some pork but it's tasted so horrible I put it aside and tried taking a bite of the eggs gosh they were so rotten. Ah I went to the fridge and took out some avocado cheesejam and went out take out peanut butter mayonnaise and made myself some delicious sandwich.

Mavis walked in with my son they just took a swim. She looked at me disgusted.

Mavis: madam what are you eating?

Me: darling this is called" SIHLE's special sandwich"

Mavis: ewu that looks horrible

Sponsored

they just took a swim. She looked at me disgusted.

Mavis: madam what are you eating?

Me: darling this is called" SIHLE's special sandwich"

Mavis: ewu that looks horrible I'm amazed how are you swallowing that.

Me: it's taste so heavenly mo girl. Anyways sweets I'm going out ok can you please look after my son till I am back?.

Mavis :no problem madam

I kissed my boy on his cheek and got my bag and took one of Pearl's car and drove to Netcare the meeting went well and I was hired on spot I was asked to come for orientation and to start as soon as possible. I was happy

with the working environment very clean and neat. I loved the uniform more.

After I was done with the signings of contract and everything I went to the mall to get some proper food my stomach was growling making those funny sounds.

I was walking down the mall busy chatting with Pearl as she was filling me up with a situation of her " friend" losing a relative so sad.

I guess I was too much focused on my phone when I bumped into a person and when I looked up it was Percy..nxx i clicked my tongue and fixed my shirt.

Percy:Sihle wait are you ok?

Me: just leave me alone.

Percy': come on don't be like that..

Me: (laughing) funny now you want to talk whereas you have been ignoring me for the whole week.

Percy: I'm sorry I had things going on at the house and I..

I don't know what was happening to me but Percy sounded a bit far yet he was in front of me I felt so hot all of a sudden my vision became blurry and the grounds I was on started to shake.

Percy:(holding me) Sihle are you alright?

Me:no I'm not..I don't feel too good..I..

It was light out for me..

*****ABDUL*****

Hearing the news about Naledi's grandma passing broke my heart I couldn't do anything. She was like my granny too.

I packed everything and took a first flight back to Johannesburg. I have been trying to get hold of Naledi but her phone is off I guess she's trying to grieve in peace and it's understandable. I can't imagine the pain she must be going through. My poor baby. No matter how old her grandmother was but she was not old to die.

I was in my apartment packing up few things I'm going to use when I get to the hood it's been a while since I've been there.

There was knock on my door and I went to open it was Tebogo he looked like he hasn't slept one bit. I gave him a brotherly hug.

Tebogo: are you done packing?

Me: yeah I'm all good. We can go Tebogo I'm sorry. I can't imagine the pain you and your sister must be going through.

Tebogo:(chuckling) I need to tell you something before you get a shock of your life when we get home..

Me:(puzzled) I'm listening.

Tebogo: Naledi isn't home infact she's not even here in South Africa..

Me: what do you mean she's not home? Last time I spoke to her she said something about coming home to look after your grandma?

Tebogo: she's really good I'm shocked. Well it's turned out my sister has been cheating on you with my boss Glen and as we speak they are in Dubai living it large..

I loosened up the buttons on my shirt as I felt suffocated.

Me: Tebogo are you sure of what you are saying?

Tebogo:(tapping my shoulder) I'm sorry I'm that hurt and disappointed. Let's give my granny a befiting burial then we'll deal with Naledi later..

Me:so she won't attend her grandmother's funeral?

Tebogo: messages have been left on her phone when she switch it on she will know about gogo's passing. Let's go my brother.

I can't believe this this is some kind of sick prank. Naledi isn't cheating on me no she can't...

*****PERCY*****

I looked at her sleeping peacefully on the bed when she fainted at the mall I rushed her to my own practice and she was attended quickly.

She tossed and opened her eyes..

Me: hey.. welcome back

She looked around and realized she's at the hospital and she sat up.

Sihle: what happened to me?

Me: you fainted no big deal.

Sihle: must be hunger I didn't eat really well when I went to my interview.

Percy: we will know that for sure let's wait for the results now shall we?

Sihle:(getting off the bed) that's not necessary I need to get home and start preparing for work. Im starting soon.

Me: oh I'm happy for you that you got a job home..
As we we're speaking there was a knock a nurse brought in results. I took them and opened them.

Me: these are your results.

I read them and the reason for her fainting shocked me..I widened my eyes she looked at me like I'm crazy..

Sihle: and? What do they say?

Me: Sihle you are pregnant..

Sihle:(quickly snatching them from me) whaaat? No there must be a mistake!

Tears formed on her eyes as she sank down crying this was a shock to me but somehow I was happy. Because she was two weeks pregnantmaking it mine.

Me: don't cry you won't walk this road alone. I'm here.

Sihle: how can I be so careless? My son is 18 months and I'm already pregnant again? And worse pregnant with someone who doesn't want me..

Me: stop saying that. You know how I feel about you Sihle.

Sihle:(shaking her head) no Percy you stated your ground and don't worry I will not use this baby to trap you. You can be a father to the baby....

I shut her mouth with a kiss and it was so deep that our tongues were dancing in each other's mouths.

I picked her up from the floor and locked the door on my way to the bed and remove her shirt. She wrapped her legs around my waist and I pushed her skirt up and lowered my pants. Quickly our bodies made contact and she clung on to me hard as I entered her..

Me: I love you Sihle don't get that twisted..

Sihle:(moaning lightly) I love you too I'm just scared .

Me:(thrusting slowly) don't be. I'm not going anywhere...

Today is the funeral day and it's so emotional is even more sadder because Naledi isn't around. We are back in the village at Limpopo where they are original from. Every one mean the aunts and uncles are asking about her whereabouts and I could see at some point they are frustrating Tebogo. We have did everything to reach Glen and Naledi but their phones have been off since. I guess they didn't want to be disturbed from their Holiday.

Abdul is so heartbroken both from the passing of his grandmother in law and to the fact that his girlfriend is nowhere to be seen he's putting up a brave face for Tebogo.

Tebogo is a strong young man but when the coffin came this afternoon he cried he couldn't hold it and the uncles said it was good to let it all out. Now they are busy at the kraal slaughtering a cow and ladies are in the kitchen peeling veggies others baking like ku busy.

I was in the peeling crew with Slindile and Akhona. Then my phone rang and I excused myself to the back of the house..

Me: hey Njomane..

Skhumbuzo: kunjani MaXaba?(How are you doing Ms Xaba)

Me: oh well siyancenga but kunosizi Lana.(I'm trying but it's sad to be here)

Skhumbuzo: imingcwabo injalo sisi(funerals have that)
listen I'm at Johannesburg to drop my daughter off since
it's a long weekend I was hoping maybe I could see you
before I go back?

Me: urhm yeah well I'm only returning tomorrow afternoon
so yeah..

Skhumbuzo: no Problemif you don't mind I can come over
to your place cook for you and you will tell me all about
your trip..

Me: (smiling) I would love that let me go then we'll talk.

We said our goodbyes and I returned to the house truth of
the matter is that since that day we had lunch we have
been talking and getting close with Skhu he's such a
wonderful man with a good heart his passion and spirit is
what draw me closer to him. His wife lost a good man
here. As much as we are vibing and could see all the love
signs he has never said anything about it. I guess he's
doing it the traditional way.

I bumped into an old aunt and she stood and looked at
me..

Aunty: sorry ausi..

Me: yes ma'am?

Aunty: what's your name?

Me: Pearl Xaba why?

Aunty: nothing my child you just look alike my late cousin..

Me: late cousin?

Aunty: eya.. Tebogo's mom..but then it may be just a coincidence resemblance.

She then excused herself leaving me confused I chose to ignore her and went back to the ladies.

Slindile: and that frown?

Me:I had a weird encounter with one of the aunts here..

Slindile: what did she say?.

Me:she said I look like Tebogo's mom..

Slindile: for real? I thought I was crazy when I thought like that hey. To me you look like someone I know .

What could that mean? Well this is not the time and place to be thinking about all of this. We got on peeling I wonder what will Naledi say? I still have hope that she get back today at least and get to see messages and run back home..

*****PERCY*****

Since we found the news of us being pregnant Sihle and I are insperable we spend every little time we get together. Lord I'm so happy my mom will be happy too.

Today it's Friday and I've planned on spending the long weekend with Sihle and her son at my other house just bonding as a family.

I got home and luckily Lihle isn't around so I packed few things and left a note saying I'm going to be going home in KZN and will be back on Sunday afternoon...

I know what I'm doing it's trashy and at the end of the day I have to make a choice and a decision but the heart want what it's want...

*****NALEDI*****

Finally we got back in S.A after a long awesome week away with Glen. My holiday was awesome I was treated like a Queen.

We visited a lot of places took a lot of pictures with his Canon camera we both left phones at home to avoid disturbances.

It's Saturday afternoon and I can't wait to take a proper nap and wake up tomorrow to go check grams and Tebogo.

I've missed them too much and I've bought them a lot of goodies I've had a best time of my life reason we came back than our normal time is that I'm writing on Tuesday Glen tried to tell me to buy a doctor's note but nope I can't miss that exam.

As soon as my body made contact with Glen's bed the weather outside changed like it's became cloudy and it's rained hard infact it was not raining but pouring.

I got up from bed with my underwear and Glen's shirt to look through the window even the white stones we're falling off.

Glen came and hugged me from behind to kiss my neck. His touch is doing unimagivable things to my body and I guess it's safe to say I'm falling for him hard I mean who wouldn't after being treated so good?

Glen: let's go to bed and cuddle bunny it's raining and cold.

Me: yeah it's strange though a weather that changes drastically nje..

Glen:weird indeed but come and sleep. We had a long trip.

Me: did you come with my phone?

Glen: it's flat so I've put it on charger..

Me: okay thanks baby when I wake up I will load my pictures on Instagram.

He just side smiled and we got on bed and I cuddled safely on his chest the past week we had sex like rabbits. On the beach at the mountains on the sea like we really sexed each other shame. I zoomed out immediately.

I woke up an hour later and it was dark in the room I checked the side lamp it was 21:30 pm. We slept that long. I softly shifted from the bed and went to the kitchen to get water it was no longer raining just a cold wind.

I sat down and drank water on the dream I had it was like I'm on a very bushy forest It was dark and I was looking for an entrance but I couldn't find it. Then out of the blue a huge snake appeared

Sponsored

I tried to run but it chased me then I saw Tebogo and Abdul staring at me I ran to them for help but they turned their backs and disappeared. I cried and sat down as the snake crawled closer to swallow me and I woke up sweating njengoba sengiphuza amanzi nje.

I took my phone and switched it on with my hands trembling thousands messages from Tebogo PearlAkhonaSlindile and Abdul flooded my phone.

I skipped them to voicemail messages and listening the first one from Pearl who was sounded very emotional " Naledi sis where are you? Please come back home Tebogo is breaking apart without you. Your grandma is no more please come home"

I dropped my phone and stood up quickly feeling my cheeks getting wet..I turned around the house..

Me: no no no no..gogo can't be death..oh my God what have I done?

I picked my phone up and read more messages as they begged me to come home Abdul asking me where I am asking if it's true that I've left with another man to another country God no this is not how I wanted this to turn out. I sank down on the floor and let out a piercing loud cry Glen came running with his boxers he sat down with me.

Glen:baby wakhala kabuhlungu so? What happened?

Me:(having hiccups) Glen akasekho u gogo my granny passed away and got buried ngingekho..oh my God what will become of me. What will I say to Tebogo?

Glen:(hugging me) shhhh calm down baby stop crying. We will find a way to solve this ..I'm so sorry..

Me: (crying louder) there's no other way Glen I want my granny back.. ngifuna ugogo wami Mina..

Glen held me down as I broke down I finally calmed down but I was having a painful headache that wanted to break my skull open..

*****SKHUMBUZO*****

I drove to where Lihle lives such a nice house. I knocked at the door with Asemahle next to me.

She opened the door wearing an apron..she looked shocked to see me I must say I have cleaned up so well trimmed and shaved my beard and cut my hair.

Me: hi.

Lihle: hello please come in.

I walked in taking off my hat as it a sign of respect to another man's house.

Lihle: you look good.

Me:thank you I will fetch her Monday morning.

Lihle: okay no problem. Don't you want a drink or something?

Me: I'm cool thanks. I should be on my way now.

I walked out of the house and drove to Pearl's house it's crazy how she trust me to be in her house without her. I

guess she feels the spark just like I do. Tonight I'm planning to play my cards on the table and let her know how I feel about her.

I've spent enough time to get to know her and I'm satisfied with the kind of person she is she's different in her own way. As successful and classy she is she accepted me for who I am didn't try to change me or made me feel like I need a change to fit in.

I drove in after sis Mavis opened for me she was about to knock off so she smiled and gave me keys to the house and walked away.

I walked through the kitchen and looked around such a cosy beautiful house when we get married I'm going to buy her a bigger house.

I walked around admiring the house and landed to one room I assumed it was hers because of the files and all that. I found myself opening the closet Jesus so many shoes! Women! Ai as I was closing it her dildo fell

Me: ewu!

I closed it and went back to the kitchen and got an apron and started working my magic around it. Around 6:35pm I heard her car driving in and suddenly nerves kicked in.

She opened the door using her keys fatigue and ukukhathala was written on her face. She smiled lazily when she saw me.

Pearl: so you real came? I thought you were joking.

We hugged a bit and she was smelling heavenly.

Me: I'm a man of my word.

Pearl: good to know let me quickly take a bath and change from this funeral clothes..

Me: okay you do that I will be dishing up.

She dragged her lazy sexy self to her bedroom I took out plates and dished up took out a wine I brought for her.

She came back wearing her silly short pyjamas and sleepers she looked better.

We sat down and digged in..we cleaned up the dishes and we cuddled on the couch as she filled me up how emotional the funeral was.

Pearl: you know what was weird is that I felt so connected to that placethat funeral that family. It's like I belonged..

Me:(brushing her hair) you are a good person im glad you were there for those kids..

Pearl: yeah it's the least I could do hey.. although I wish Naledi was around.

Me: she's a kid she is bound to make such mistakes y'all should not condemn her forever.

Pearl: you are right so how's your daughter?

Me: she's good that one naughty and very talkative..

Pearl:(smiling) sounds like a vibey kid..

Me: you love children?

Pearl: yep. I've always wanted to have a bunch of my own..

Me: don't worry when we get married you are going to bear me a soccer team

She laughed and her laughter was a sweet Melody to my ears

Pearl: uyajabula..soccer team kuphi?

Me:(I brushed her natural eyebrows and removed the hair from her forehead and stared at her beautiful face) you are so beautiful I could stare at you the whole day.

Pearl:(blushing) thank you..

Me: what's your Zulu name?

Pearl:(smiling proudly) Ntombikayise it's dad who calls me with that name..

Me:(smiling) Ntombikayise I'm so much madly in love with you..

Pearl:(looking at me with sparkling eyes) you mean that?

I cupped her gorgeous face and brought it up to mine..

Me: very much so. I love you.

She blinked twice with her eyes watering up I devoured her soft lips and she responded. The taste of the wine on her lips gave her lips an awesome taste..she pulled out..

Pearl: I love you too please don't break my heart.

Me: I'm not intending to do so. The tears you are going to cry are those of joy.

She placed her head on my shoulder and I kissed her hair smelling the shampoo she used to wash her hair and melted .

This is what I intend to keep for as long as I live ..

The morning seemed to be far away but it finally came and I was already up and packed ready to go home. I don't know how I'm going to face my brother how am going to do this I'm nervous and shattered but I have to face the consequences of my actions.

Glen came when I was just loading the bags on the car he gave me.

Glen: baby why didn't you wake me up?

Me: I saw that you were tired so I didn't want to wake you up and I have to do this alone..

Glen: no love I can't let you go alone in this state we are in this together ok?

He kissed my forehead and I hold my tears with my eyelashes and nodded. He helped me with the bags and opened the door for and got on the driver's seat.

We drove on an awkward silence with him squeezing my hand here and there..when we approached home tears streamed down on my face as I saw some relatives outside.

I told Glen to stay in the car and got out of the car my knees were shaking and trembling. I went inside and knocked. Tebogo was seated on the couch eating with some eldest aunt. He was wearing the cloth (uqotho) on his t-shirt.

He looked at me with piercing eyes his eyes were burning and he was furious but he kept quiet.

Me: dumelang (greetings)

Aunties: dumela ngwanaka..oh baby.

One Aunt stood up and hugged me and I couldn't hold myself I cried letting all out.

Me: I'm sorry auntie I'm sorry.

Auntie: it's ok baby it's going to be ok Nana your granny knew you loved her.

Tebogo clicked his tongue and stood up going outside I followed him..

Me: bhuti..I'm sorry hle.

I was crying uncontrollably..I was beyond hurt..

Tebogo:(tears streaming down my face) what do you want Naledi? Huh?

Me: please forgive me bhuti I'm sorry hle please hit me shout at me but please..

Tebogo: no Naledi I won't do such you did everything for yourself angithi you put yourself frist right?

Uyavaya ushiya ugogo wazi kuthi uyagula..Naledi she died crying for you. I've done everything to make sure you lack nothing I made sure that you are fedclothed and sent to school. On top of that you have a loving boyfriend who also worked so hard so that your future is secured. He wanted to propose Naledi and I was ready to give him my blessings. Ive put my life on hold for you because I wanted to make sure that you are well settled before I settle down.

You just prove to me that in this life umuntu kumele azibheke Naledi I thought you and I had each other's backs but nah I was all alone on this shit. What hurt me the most is that it's just not any blessermy boss umuntu ongangifuni Naledi. Hes using you and you are allowing it. It's ok though go with himdo whatever you want to dol will not say a thing. Eskoleni khona ugcine Nini?

I looked down my heart was pierced to the pieces I couldn't say anything I tried to hold him by his legs he

removed my hands and walked away leaving me on the ground crying.

Glen got out of the car and walked to me he got me up from the ground.

Glen: it's ok baby let's leave here they don't want you here. Yes you have made a mistake but they shouldn't treat you like that..let's go baby. I've got you.

As we were going to the car busy wiping my tears one auntie called me.

Auntie: Naledi you are leaving with this man? The same man who kept you away from your Granny's funeral..?

Me: gogo u tebogo doesn't want to talk to me..

Auntie: do you blame him? Do you honestly expect him to welcome you with a smile and hugs after what you did? Give him time he will come around and forgive you but if you leave with this man he won't forgive you.

Glen:baby let's go please don't worry about these people your brother will come around.

Me: I'm sorry auntie.

Auntie: (clapping hands) Naledi you have changed.

I got on the car and Glen moved the car on a huge speed when we were far away he packed and took me to my arms. I cried and he kissed my hair shushing me..

I must say I'm not regretting my decision to give Skhumbuzo a chance. My weekend with him has been absolutely amazing.

As tired as I was last night i fell asleep on his tighs while watching TV and he carried me to my bed and cuddled me safely to sleep.

Now I'm up and he's resting peaceful with his arm above his forehead he looks so handsome. I took my phone and stole few pics and slowly walked out of bed.

I did the morning hygiene process and opened windows then went to the kitchen to prepare breakfast. I was humming while dancing I was happy it was a beautiful Sunday my heart is in a safe place.

I took the tray to the bedroom and he was up busy with his phone. He looked at me smiling and put his phone aside.

I put the tray next to him and gave him a soft peck on his lips.

Me: good morning sthandwa Sami.

Skhumbuzo: morning mah. You slept well?

Me: I should be asking you that but yes I slept well baby.

Skhumbuzo: I'm glad to hear that.

Me:so I've made breakfast I was hoping to surprise you with breakfast in bed.

Skhumbuzo: (smiling looking at the food) wow this is really nice. I'm impressed I mean getting a breakfast in bed too.

I smiled as I took the fork and fed him. It was so funny because he didn't want to be fed but I did anyway and he fed me too.

We finished up eating he went for shower I cleared the bed. We didn't get intimate yet I think bae isn't in a hurry and so am i.

I took the tray to the kitchen and cleared the dishes I grabbed my phone and called Tebogo. He didn't sound so good like he was so upset and told me that Naledi showed up. Ei this situationbut I promised to come and see him tomorrow today it's me and bae.

I then called Sihle I wanted to tell her to not come back
Sponsored

Skhumbuzo is around.

Sihle:bitch you are disturbing my morning Glory session..

Me: ai voetsek wena..

Sihle:(laughing)miss me that much?

Me: not a chance..I'm actually calling to find out if you can stay over a bit? I need some privacy..

Sihle: wait wait..start from fresh.. privacy for what and why?

Me:(laughing) ngiqomile girl I mean I'm no longer single..

Sihle:(screaming on my ear) whaaat? Oh my gosh! Bitch when I come back I want all the details.. everything..

Me: (smiling) you are so crazy and uthanda izindaba..(I felt Skhumbuzo's hugging me from my waist and my blood shot up.) Babe I got gomy man needs me.

I hung up and turned to him he had those small eyes making him so damn cute..

Skhumbuzo:who were you gossiping with?

Me:my best friend Sihle .

Skhumbuzo:(bringing me closer to him) I see. So what are we doing today?

Me:I don't know I was thinking we go to the mall watch movies and all that..

Skhumbuzo: sounds like a plan although I was hoping for indoors private moment with my woman getting to know each other better ..

Me:there's no problem in that..

Skhumbuzo:so baby when are we going to have sex?

Gosh the way he said so bluntly made me to blush..

Me:. Skhumbuzo bathong...

Skhumbuzo:yini? Hawu kahle baby we both adults here and we are both starving so ..

Me:(holding my laugh)who told you that I'm starving?

Skhumbuzo: nobody didi saw your vibrator and ewu.. you need a real thing sthandwa a real man.. feel that. Njomane is ready for you..

He made me touch his dick..damn it was so hard I even swallowed hard. I moved my hand away and walked to the bedroom..

Me:nope not today. I'm on my periods..

Skhumbuzo:langizokudla khona wena..hee.

I just laughed going to the bedroom and we got dressed and walked out of the house to the mall..

*****ABDUL *****

I called a cab to the address Tebogo gave me where Naledi is supposedly at. I actually can't believe that she's doing this to us to me. After everything we have been through no I need answers.

I told the driver to wait for me and knocked at the gate the security asked questions and moments later I was allowed in.

This house was big and beautiful I must admit. I was offered a seat and a drink while waiting. Naledi came to the room wearing a man's shirt and sleepers my heart sank. I kept a brave face and looked at her..

Me:bab.. Naledi..

Naledi:hi

Me: how are you?..

Naledi:I'm okay and you?

Me:I'm not good..

Naledi:owh..what's the problem?

My God since when is Naledi this cocky ?

Me:baby what's happening between us? Is it true that you are seeing another man? Baby don't you love me anymore?

Naledi:(swallowing hard) Abdul I'm sorry to do this to you but I can't continue to lie to you. You see this house everything around you that's exactly the life I want and now I've got it and there's no way I'm letting it go.

Me:no no no baby don't say that. You know I'm working hard to give you the dream life you deserve. Come on baby remember our dreams?

Naledi:(wiping her tears) I'm sorry Abdul but our relationship has to come to an end. I'm sorry to do this but I have to. I hope one day you will be able to forgive me..

Me:(kneeling down in front of her with tears streaming my face)baby please don't do this I love you so much. I'm nothing about you baby. I know I may not be rich right now but baby I'm so close to the goal and all I'm asking is you to give me a chance to .

A man appeared on the stairs only on his boxers so now it's made sense. They were having sex. My heart was so torn apart.

Naledi:(looking at the guy then me) please leave and don't come back again.

Me: love don't do this..look at me it's me..

Naledi: Abdul please..

Me: Please baby..

Glen: hey mntanekula didn't you hear what she said? She said leave! Don't make me use force on you to leave my house.

I looked at her and she looked down tears couldn't stop dropping. I got up and left the house.

I got on my cab and asked the driver to drop me at some club. Today I'm going to do something I don't do drink. I just want to drown this sorrow away.

I got to the club and down three shots same time and I felt my self cooling down a bit.

The music was so loud everyone was minding their business and everyone looked so happy.

One girl who was on a skimpy dress came to the bar for a smoke. She looked familiar when I paid attention it was Akhona. She saw me and looked shocked.

Akhona:Abdul? What are you doing here?

Me:I should be asking you that .

Akhona:I'm always here..but you on the other side..

Me:yeah well. I'm here to drown my sorrow's. Your friend broke my heart to pieces..

Akhona:I know and I'm sorry. I tried to warn her but I guess it was not enough.

Me:why you never told me?

Akhona': that would be so bitchy of me. A sister doesn't tell on another sister. Anyway I know you are broken and all that But please don't give her that satisfaction. Don't give her the pleasure of seeing you down and out use the pain and disappointment to make something better of yourself. You are stronger than all of this. I promise you. You deserve better and I hope Naledi will wake up you two will fix things if y'all were meant to be.

Me: after today I don't know if I will ever be able to forgive it.

Akhona: it's life take it as lesson go home. Sleep and you will wake up feeling better tomorrow.

Me:okay but tonight can I just forget about this feeling and get sloshed?

Akhona': fine..only today. I don't ever see you in any club and don't worry im all over the show I will see you.

I laughed because she was so bossy we ordered more shots and drank them.. we got drunk quickly and she told me why she's living this life how her uncle sexually molested her when she was a teenager and his wife turned a blind eye to it. How she struggled with money for University. I felt bad for her. I used to judge her not knowing her story...

*****LIHLE*****

Today is Sunday the day Percy said he was coming home and I'm so looking forward to see him. I've planned on spending this long weekend with him and Asemahle but he left without letting me know.

It's okay though we will get over it when he's here. I drank my vitamins the ones that were going to help me fall pregnant. I seriously want a baby with Percy maybe it's going to be a motivation enough to Marry me.

I put Asemahle to bed and went to take a shower wore my sexy lingerie and went to bed. I waited for like an hour still there was no sign of him and I last spoke to him yesterday he sounded a bit off but he did say he was coming home today.

I grabbed my phone and called him..it's rang till it's sent me to voicemail I tried again and it still sent me to voicemail.

I went to WhatsApp and he was online.. the nerve! I sent him a hi..

*Percy: hi *

Me:why are you not answering my calls?

Percy: I'm busy right now

Me: you said you were coming home today?

Percy: something came up and changed my plans sorry

Me: really Percy? Is that what you are going to say?

Percy: hai but I'm explaining to you what more do you want me to say? Anyway good night I will see you tomorrow morning

With that he logged off and I was like no this is not happening this is not Percy I know I called him and now it was completely off..my God am I being tested here? Surely I am....

After dropping Sihle off I drove to my house I knew what was waiting for me there and I was so nervous.

I arrived and damn she was still around. I parked the car and got in. I found her in the kitchen wearing her gown eating corn flakes.

Me: good morning

She gave me a dead stare no wait a murderous stare. I sighed and went to open the fridge and took out bottled water.

Lihle: ubuyaphi?(Where are you coming from)

Me:my other house..

Lihle: (chuckling bitterly) Percy we had plans!

Me: did we now?

Lihle:(slamming the table with her fist) yes! And you disappeared the whole weekend...

Me: I'm sorry what plans did we have konje?

Lihle: I told Skhumbuzo to come up with Asemahle so that we can all spend some time together but no wena you just went all Mia and now she's gone without seeing you..

Me:I'm sorry did I miss something here or what? Did you say Asemahle was here?

Lihle: yes..I wanted to surprise you with her....

Me:that's your problem you like taking decisions that involves my life my housemy space. Didn't you think that sitting me down and telling me that Asemahle is coming was going to be nice?.

Lihle:I didn't think it would be a problem you said you don't have a problem with her.

Me:kakade I don't..(indeed I do not) but you can not surprise me with her anytime it's suits you. I have a life of my own and this is my house. Discuss such things in the future don't assume I will agree..I'm off to change for work...

I left her there and went to my closet and took out clean clothes and wore them. When I was going to back to the kitchen I found her all up on my phone.. I was shocked.

Me:what are you doing?

She jumped and dropping my phone on the floor..

Lihle: sorry it was ringing?

Me: really? I didn't hear it and last time I checked my ringtone was so Damn loud..

Lihle: who's Sihle?

I ignored her and picked my phone up I will have to change the screen protector I don't like using a phone with a cracked screen..

Lihle:we Percy I'm talking to you..who's the bitch you are cheating on me with?

Me: oh please don't you dare call her that..dont?!

Lihle:(with glass eyes) Percy wenza Mina so? (You are doing this to me?

Me: I need to go to work..I'm running late..

She quickly snatched my car keys from me and hid them on her breasts..

Lihle: there's no where you are going to before you answer me who this bitch is..and why are you working on a holiday?

Me: for a teacher you are really dumb. Holidays is a double pay for us..give me my car keys please..I'm not in the mood for this..

Lihle:Percy awuzwa yini? I said awuyi ndawo! (You don't listen don't you? I said you are not going anywhere)

I chuckled and took my phone texting Glen to come fetch me over and walked to the door..she was screaming behind me and throwing things I just ignored her and walked away..

*****PEARL*****

I was so sad that bae has left it's only been two days with him but it's like I've known him forever. Oh gosh he's such a breath of fresh air. I love him I can't wait for the day where we make love..damn..

Sihle: masosineka wedwa so?(When you are this smiley all alone) he must have given it to you so damn good..

Me:(laughing) I'm in love my friend..ngiyathandwa hle..

Sihle: you are lucky I'm running late..but when I come back..it's me and you. No stories..

Me:done!.

Sihle: love you..

I blew her a kiss and she rushed out..I wore my jeans and tekkies with my golf t-shirt and drove to Tebogo's joint.

I just felt the need to check up on him and his sister. I was told he's home he didn't come in. I drove there with the directions I was given by his manager. It was actually my first time setting my foot here.

I felt somehow like I don't know. Tebogo came to me and we went to chill outside on the stoep

Me: how are you?

Tebogo: ah ngiyancenga sisters..wena?

Me:well on my side things Are looking up good..

Tebogo:(smiling) cheesa mntwana..sovusile! (You go girl you have a new man)

Me: (laughing shyly) how did you know?

Tebogo:abo cherry mara! It's written all over your face..

Me: okay okay.you get me. He makes me happy Tebogo..

Tebogo: and that's all that matters..if you are happy..

Me: where's your sister?

Tebogo: you didn't hear?

Me: heard what?

Tebogo: she's living with your ex husband at your former house..

Me:what? When did this happened? And why are you so calm about this?

Tebogo: I really don't have any energy in me to be chasing after Naledi angithi sekamdala yena manje? Akenze ke ngendlela yakhe (she's old now she must do as she pleases)

Let me get us something to eat and drink I'm coming back.

I knew he was excusing himself because he was angry..Naledi mara she must do as she pleases)

Let me get us something to eat and drink I'm coming back.

I knew he was excusing himself because he was angry..Naledi mara what's up with that kid?

*****AUNTIE JOYCE*****

I was looking at Tebogo and this lady talking through the window. I swear this lady is the same I saw at the funeral. She looks exactly like my cousin it's like she woke up from the dead.

The difference is the light complexion must be the father because Tebogo and Naledi are darker than she's their replica even the cheekmouth everything.

Tebogo walked to the house I pretended to be washing dishes...

Me: boy..

Tebogo: marh

Me: that lady you with? Who's she?

Tebogo:oh Pearl? She's a friend nje ..

Me:oh..she looks like someone I know..what's her surname?

Tebogo: Xaba..

Me: mhmm okay

Tebogo didn't mind my questions and walked away..I tried to think deep about this..my cousin and I were close..I remember she fell pregnant and she hid the pregnancy from the folks. When she gave birth she gave her baby to the man who made her pregnant. I only knew him as " bra Sam" he was married. He took his daughter and raised her with his wife.

I remember at the hospital when he came to fetch her with his ugly wife..he was so excited and named her " Ntombikayise" and the lady outside is Pearl . God am I going crazy?

*****LIHLE*****

Percy ungijwayela kabi (Percy is full of shit) how can he do this to me?

Oh no he's not about to do me like that..he's not!

When this Sihle woman called earlier I put it on silent and managed to steal her numbers..

I took my phone and dialed them..her phone rang for a couple of times before she answered.

Sihle: Sihle Mokoena hello?

Me:hi..hel..hello

Sihle: hi..how may I help you?

Me: I'm Lihle..

Sihle:o.k..a..y? Lihle I'm supposed to be knowing you because?

Me: because you are busy lusting over my man..you bitch! Don't you know that Percy has a woman?

Sihle:(laughing loudly) oh my gosh really? Do we still have women like you in this century? Honey.. grow up!

She hung up and I was so frustrated..I called her again and she picked up..

Sihle: listen here you little prick..I don't have time for this. I'm actually busy here saving lives..don't call me as if we are friends do you hear me? Deal with your man and leave me out of it because baby girl you won't like the drama I will bring to you. Consider yourself blocked..nxx.

She hung up and I sank on the floor..oh my God! She's a doctor! Wow! She's a fucken doctor..

I felt myself fueling up and went to drink a whiskey from his bottle..damn this thing is hot..

The door opened and he walked in.. looking angry..

Me:(chuckling) the man whore is home in time..nice!

Percy: I'm not in the mood for you Sihle get out of my way!

Me:oh my God who did you just called me?

Percy: Lihle I'm sorry I didn't mean that..

I don't know what came over me but I gave him a hot back slap that hurt so badly and he clenched his jaw and charged to me.

He held me by my throat his big hand on my neck..

Percy: I'm not one to beat up woman but never ever do what you just did do you hear me? Ngizoshaya unye Mina uyezwa?(I will beat you up till you shit up on yourself)

I nodded millions times trying to move his hand away from me..tears were rolling down..he looked like he was about to murder me up..

Percy: again don't ever pull the stunt you pulled this morning. That's my car and you are not paying any cent to it. Are we clear?

Me:ye..yes..yes..

He let go of me I coughed hard as he clicked his tongue going to the bedroom..I went to get water. Tears we're just rolling on my face..

*****AKHONA*****

It was exams time and I was trying to study and focus when someone knocked on the door.

I went to check it was Abdul he was carrying a box of pizza and some wine..I just smiled and let him in.

Abdul: I just came to say thank you for the other day.. you really saved me.

Me:(smiling)no biggie.im glad I could help. You are a good guy Abdul you will find a perfect woman for you.

Abdul: yeah well dating is off limits for now I will channel all my energy to building up my empire..

Me: now's that is the spirit.

I dished up the pizza and we spoke about random things up until the door opened. I realized I didn't lock it when I opened for Abdul. It was Naledi she looked like a million dollar..the weave nails and make up.. wow.

She looked at us and smiled..

Naledi: you really are desperate so since things didn't go well between us you are coming for my friend?

Me: Naledi!

Naledi:(raising her hands) don't mind me..I'm just here for my things and I'm out of your way

She disappeared to her old room and came out with the bag..

Naledi: by love birds..

She walked out giggling.i looked at Abdul and felt sorry for him. The world is full of jerks and the goods one are mistreated.

Me: you ok?

Abdul:(faking a smile) I'm cool.. really. I should get going.

Me: okay..thanks for popping by..maybe when I'm done with exams we can go turn up..

Me: I said maybe..now go and don't think of misbehaving I will know...

Abdul:(laughing) yes mom..

Playful hitting him

Me: voetsek u Dom yazi..ube right skeem.

I hugged him and he left and I went back to the flat.

Me: Naledi I hope you are strong for this life you are starting my girl..

I poured myself a glass of wine and took my text book and continued reading....

*****TEBOGO*****

After Pearl has left I went back to the house and washed the dishes we used. She's such a kind woman and the vibe between us is amazing. It's so sad that I used to have the same bond with Ledi but look now. I will be lying if I said I didn't miss her I do a lot just that right now she's pissing me off and I don't want to end up beating her because I will hurt her.

I just hope Glen doesn't do anything to hurt her because I'm watching him we may not see eye to eye with her but she's my lil sister and I will forever protect her.

Speaking of sisters granny said we have an elder sister out there. I should ask auntie Joyce because her and mom were close. She might know something. I went to her and she was knitting her Jersey.

Me: ma Auntiza..

Auntie Joyce: whatever you want Tebogo I don't have it..

Me:(laughing) hawu mara Mah I can't greet now?

Auntie Joyce: I know you so out with it.

Me:(sighs) before grandma passed away she dropped a bomb she said our mother had a daughter that's older than us somewhere and she gave us a task to find her and be reunited with her.

Auntie Joyce: awu.. auntie knew about that too?

Me: you also known?

Auntie Joyce: yes but it was not my business to tell because Bra Sam made sure we play far away from him and his daughter..

Me: tell me about this bra Sam person.

Auntie Joyce: he was married at the time your mom was his side chick. She fell pregnant and Sam took the child to raise her with his wife whom didn't have child at the time.

Me:wow..that could help even though it's not enough....

Auntie Joyce: he named the girl Ntombikayise..and they lived in Soweto zone 3

Me: thanks auntie .I will ask Pearl to dig for me plus she's from that side too. You the best

I kissed her cheek and went out to go to my joint and check up on my business.

*****SIHLE*****

I had such a long ass crazy day at work not to forget that dramatic phone call I received from Percy's girlfriend.

If I was that petty I was going to tell him about it but nah I'm not going to be like that. Im going to give u girl a long rope to hang herself and by the time she wakes up Percy would be long gone.

I found Pearl cooking you can tell she was married she's friendly with the pots. She should be she's dating a Zulu man.

We greeted and she offered me a glass of wine just as I was about to drink it I remembered my situation and put it aside..

Pearl: and then?

Me: I've got something to tell you please don't be mad..

Pearl: mhm I'm not promising but do tell .

Me: im pregnant..

Pearl: wow.. urhm is it Percy?

Me: yeah..I know I was careless and all that..

Pearl: Indeed you were. Your son is still young but I'm cool with it. You are an adult. I just wondered how Lihle will react to the news.

Me:(rolling my eyes sitting on the couch) that one called me earlier confrontation about Percy .

Pearl: oh my God! She did that to you too?

Me: yep..wait what do you mean me too?

Pearl: she once badged in on my office and told me to stop calling her man at night and keep my distance..

Me:(laughing)oh my God this girl got it all wrong! What the fuck? Well she should not mess with me because I'm not one to play with her nxx

Pearl: I know you so let me finish up so that I can tell you all about Skhu..

Me: please..now that is what I want to hear all about..

***** NALEDI*****

I was trying so hard to concentrate on my studies but my mind was all over the place..I really didn't know how I got to this situation. Where my mind would just block nje I used to be an A student.

Nxx this is so frustrating I went to Glen's office I don't know what im doing here but in just trying to take a break.

I opened drawers saw his pictures with Pearl and his kids. As I was closing it I saw a small package with something white inside and I took it .

I opened it and tasted it with my finger to my mouth it tasted like chalk..could this be what I thought it is..

I went some more to it and it was now enjoyable I started feeling a bit better now I put it back and walked back to the bedroom and jumped on my books. Everything became clear and easy now I studied hard and good...

*****PEARL*****

We spent hours with Sihle gossiping about our men and all that. Just as I was about to go to bed Tebza called to say he was at my house. I wondered what could It be so important that he come here so late..

I went to open the door for him..

Tebogo: sorry my sister to wake you up so late..

Me': it's ok I was just about to sleep..

Tebogo: so I'm going to be straightforward neh..

He told me the story about his grandmother asking them to look for their older sis and how he needed my help.

Me:I hear you so do tell me the name and address of the person I will start searching.

Tebogo: I don't have much but I only have her father's name " Bra Sam" and that he lived in Soweto in zone 3 and the lady supposed to be my sister her name is Ntombikayise..

I swear If I had a cup of coffee with me right now it would have spilled on me and burned me..I tried to keep my cool and promised Tebogo that I was going to tell him if I find anything.

He thanked me and said goodbye. I closed the door with my heart beating so fast..what is happening here?

I grabbed my phone and called Percy..he answered on the third ring sounding so sleepy..

Percy : Pearl did you check the time?

Me: I'm so sorry but this is quite urgent.

Percy: what is it? Is your friend ok?

Me': she's fine. listen remember the time you were doing a cleansing ceremony for me after my second miscarriage?

You said something about me finding my real roots and identity. What did you mean by that?

Percy:yooh mara Pearl you ignored that didn't you? I simply meant that go to your dad and asked him about the name he gave you and how you were brought to this world. Tell me why the sudden interest?

Me: something happened that triggered your words I'm sorry to wake you up but I will take it from here.

I hung up and went to my bedroom I was so scared and literally shaking. My phone rang and it was Skhu. Suddenly my voice was shaky and breaking.he asked what was wrong I told him my suspicions and how I was raised upmy unhealthy relationship with my mom and all that.

He was so sad that he was far to hold me to his chest but we spoke assuring me that I will be ok.

I slept with a very heavy heart as the events of the past played on my mind. I remembered how I was always mistreated when my father was not around be a Maid to mom and my lil sister Kgomotso and when dad was home all would be well.

I remembered i cried asking dad if she was my biological mom he said yes. How can this be? Now it's explain why I felt that way when I first met him at East gate mall.

I don't know how I fell asleep but I overslept and woke up around 9. I called sick at work and made my bed then went to take a shower.

I felt a bit better I wore Skhumbuzo's shirt I stole when he was here and my sleepers. I had no underwear and bra with me.

I went to the kitchen and got myself a tub of ice cream snacks and all the junk I could find and went back to the bedroom. I managed to finish everything in minutes.

As I was enjoying my ice cream in peace Mavis knocked on my door I looked at her..

Mavis: mam your boyfriend's here to see you..

Me:my what?where? Send him in!

She walked back and I quickly got out of bed wearing my sleepers and he was on my door already this man. I ran up to him and he picked me up hugging me for dear life. He was smelling so good. He finally put me down and kissed my lips. I was smiling like an idiot.

Me:wow I can't believe that you are here..

Skhu: I had to come. I hated it when you cried yesterday and I was far.

Me: and work?

Skhu: you come first. How are you?

Me: now that you are here I'm all good.

He looked more handsome on his kappa navy blue track pants and tekkies. I wrapped my arms around him and tiptoed to kiss him because he was tall. He just laughed and picked me up and kissed me so damn good.

He walked with me to the bed with my legs wrapped around his waist..he gently laid me down and looked at me..

Skhu: ngiyakuthanda uyezwa?(I love you do you understand that)

Me: I love you more.

The good Lord knows how much I want him right now he stared on my eyes and saw the need from it and when he found ithe attacked me with a kiss that said he was hungry for me.

We kissed with his clothes flying all over. He was left naked in a minute damn a well built Zulu man. I licked my lips satisfied with what my eyes showed me.

He then removed the shirt and cursed when he realized I was not wearing anything underneath. He played with my

boobs with his tongue while his other hand was on the other..

Me:(whispering) let's save the romance for some other time babe I want you now..

Skhu: your wish is my command madam...

He smiled getting off me to get condoms from the draweryes the last time he was here we bought them together for times like this. As he was putting it on his big guy I tied my hair back and moved to the pillow.

He then came back to the bed and began kissing me while his finger ran down to my nana I was damn wet that I felt a bit embarrassed but it's looked like he liked that because he licked his finger after that and replaced it with his dick.

He pushed a little and I moved backit's been months when I had sex so it was a bit difficult he kissed my neck to get me to relax as he pushed his big guy in and groaned as my vagina walls expanded to accommodate him..he mumbled " I love you" through the kiss as he began to thrust on me..he started with slow pace then gave me long deep strokes..

He placed his hand under my waist to lift me up and pushed himself fully in. I closed my eyes to enjoy the pleasure as I took him all in spreading my legs to give him more access..

Skhu: look at me thembalami..

I lazily opened my eyes he was sweating as he pumped at me harder .

Skhu: ngiyakuthanda..I fucken love you so much

He was going hard and deep I screamed " I love you too" and bite his shoulders. He dragged me to the corner of the bed and put my legs on his shoulders his hands on my ass he went for the kill. I felt my body build up my legs shaking and I shook my head with tears coming as I felt my orgasms coming. He spanked my ass.

Skhu: come for me baby..yes release it..

The orgasm hit me hard and he made it worse by rubbing his thumb on my clit I came hard all over his dick screaming his name.. shortly after that he also came and he collapsed on top of me.

Wow what a love making session..2 minutes later I felt his dick still hard inside me. He got up his whole body covered in sweat..he moved up to the pillow and gently removed his dick..the condom was full of sperms. He went to flush it out and came with a towel busy wiping his dick. He then wiped me while fingering me...

Me:can a lady catch a breath..

Skhu:of course..just that umnandi marn babe..

I just blushed he came to me to kiss me and we were at the second round again this time he was making sweet love to me making sure that he was capturing my soul he made me come nicely again and he kissed my nose smiling and went to throw away the condom. He came and slept next to me.. he looked at me and I blushed he chuckled.

Skhu: hello.

Me:(smiling) hi

Skhu: come sleep on me..

I moved to his chest it was beating so fast from the session we just had .

I felt myself falling asleep with a happy heart I'm content. He kissed my forehead and told me he loves me..I wanted to reply but ubuthongo overpowered me..

*****SKHUMBUZO*****

I don't know how long I slept but when I opened my eyes it was around 2 pm and I got here around 9. I must have been tired I left kzn around 3am to this side .

I knew I had to be here hearing her that broken had me worried that I knew I was not going to be able to do anything unless I came to see her.

She was not next to me so I stretched my arms yawning and got up to the bathroom. I ended up showering. I put on my clothes after I was done and went back to the bed and relaxed checking messages on my phone.

The door opened and she came in with a tray carrying food and suddenly my stomach started growling.

Pearl:hey baby I was hoping that you are up. Have you rested enough?

Me:Im good baby I've really rested well enough.

Pearl:great. I've made food.

Me: looks so delicious. My love..

Pearl:yes baby?

Me: can we minimise this habit of eating in the bedroom?
Uzoba namaphela (you will have cockroaches)

She laughed and told me to come join her outsideat the patio because it was a bit hot.

We ate while talking and playing around.

Me: so what are you going to do with the issue at hand?

Pearl: I don't know. Im scared to face reality.i mean the woman whom Ive known as my mother could not be my mother so I'm afraid.

I put away my glass and called her to sit on my lap. I looked at her face she was now wearing short and a sport bra her thighs exposed to me and I brushed them.

Me: I understand that you are scared but I think it's high time you face this and get it over with. If Indeed they are your siblings it's time you guys get reunited. Life is too short okay?

Pearl:(sigh) yeah I know. I just don't know where to start .

Me: start from your dad before you do that do a DNA to confirm if they are your siblings. If it's comes out positive then your father won't have a choice than to tell you the truth ..

Pearl:(smiling proudly) you are not only cute but smart . Thank you baby .

Me: ayikho indoda yomzulu eyake yaba cute. Kodwa ke wamkelekile.(there's no Zulu man that is cute. By the way you are welcome)

She giggled and I brought her closer to me and kissed her.

Pearl:thank you for being here .

Skhu: there's no other place I would be at expect your side.

Pearl:why don't you move in this side..we can live togetherwork together..

Me:(laughing) heee ngathi sengiyabona sengipaka imithwalo ngishiya umuzi ka baba ngiza egoli ngizohlala kwa ntombazana ngizogana. O njomane bangangifulathela!!! (I can imagine parking my bags leaving my father's house to come live in with my girlfriend cohibiting. My ancestors can turn their backs on me)

Hebana this guy! He's modern yet so traditionaleither wayl love him like that...
