Intro

Me: Good morning family, it smells good in here

Mom: Morning son, obvious I mean I cooked so it will smell good

Dad: Where are you going so early in the morning?

Me: You are also going to control my movements now "father"?

Mom: Katlego and your father please not today

Me: It's your husband, you know what I am not hungry anymore, Bye Mom (I kissed her cheek and left)

I left and drove to my friend's place

-

Sizwe: Bro do you realise what time is it?

Me: Fuck you, it's 10 am it's not that early, My father pissed me off he is still on my case about this "marriage" thing

Sizwe: I wish I was also from your family so they could organise a wife for me (he

laughed)

Me: This is not a joke Dude yerr imagine me wearing a ring or wedding band mxm, having to go home every night to same pussy that would suck eish

Sorry! Where are my manners ny name is Katlego Vincent Kaotsane, I am 25 years old, Chartered Account, Model & I am the only child of Mpho & Andrew Kaotsane, apparently my father signed a business deal when I was 5 that when I finish studying I have to marry the Mautlwa

princess and I totally disagree come with me

-

Me: I hate having this royalty blood in me, they are seriously going to forbid me to continue with my master's degree because of some deal that I wasn't even part of, they'll have to disown me if you have to

Karabo: I am sorry Sis I really tried to speak to father but he doesn't want to hear me out

Me: Your father is stubborn Karabo, and the painful thing is mom is abiding to everything (I said standing on the couch and said on the table looking through the window while thinking)

Kago: Kgalalelo you are summoned at the lounge

Me: Mxm this is really happening (A tear escaped my eye and both Kago and Karabo came to hug me)

Kago: We love you okay

Me: I love you more guys

Karabo: Now go and stand up for yourself
Sis

Kago: Be fierce good luck, remember don't agree to this nonsense

We did our fist bumps and I left

-

Me: Dad you are really selling me to a

family I don't even know

Uncle Sam: Kgalalelo sit down and listen
we are the ones who called this meeting
not you

Dad: My daughter you are of royal blood
and you are my only daughter, we did that
for your future, try to understand where
we come from with this, you had food in
your mouth because of that deal, you
went to university because of it, you are
holding that honours in civil engineering
because of it, and on top of all that we
are not selling you to any boy, he is
educated, he will be able to take care of
you, I love you my daughter, I didn't do
this because I had a choice

Uncle Sam: And on top of all you are of royal blood, you always knew we had to choose a husband for you

I looked at my mom and she nod indicating she agreed using her head and she had tears running in her cheeks

Me: Okay I'll think about it

Uncle Sam: There's nothing to think about here, just agree

Dad: Brother!

Uncle Sam: Sorry My King

The perks of being born with "royal blood" mxm, anyway my name is Kgalalelo Vinolia Mautlwa, 24 years of age, a qualified Civil Engineer, a princess to the

Mautlwa Kingdom, My mom is Queen Rejoice Mautlwa and my father is King Tebogo Mautlwa, I have 3 brothers namely Lewatle, Kago & Karabo I am the last born, I've always known that my family would have to choose a husband for me but I never thought it will be so soon, welcome to my life

-Katlego-

I woke up did my morning routine and

wore my suit and I took my laptop bag and phone then went downstairs, I was happy that it is Friday

Mom was busy preparing the table

Me: Good morning my favourite woman

Mom: Morning Baby

Me: Huh mom I am old now, look at the beads and abs

Mom: Marry and have kids then I'll stop calling you that

Me: Marry who? Kgalalelo?

Mom: Yeah who else? (She was smiling ear to ear)

Me: No Mom I'll find my own wife thank

you

Mom:I hope you come back to your senses

Me:Wait your husband sent you to brush me?

Mom:No Baby, nobody sent me, I first didn't agree with this thing until now I realised that you need to settle down and bear us grandchildren before we die, we are old now

Me:Mom please can I have my breakfast in peace

I went to work and after work I went to meet with my best friend Sizwe at Mugg & Bean

-

Sizwe: Marrying is not a bad idea after all, look at me I am 27 with a beautiful wife and two beautiful girls

Me: But with me it's a different situation I don't even know this girl, for goodness sake she might not even be my type

Sizwe: Look, I have an idea give your parents an ultimatum, you meet with this girl, get to know her before you tie yourselves, easy

Me: Thanks my G, you are smart you know, I never thought of that and I might smash to test drive

Sizwe: Whoa! remember we are dealing

with a princess here, she might still be a virgin

Me:Eish you are right, and again thanks my man for an advice

Sizwe:I am your man, look I have to dash, some of us have wives waiting for us at home

Me:Okay sure my G(we bumped fists and he left)

I am not really about this marriage thing but this deal amongst this two families made life more easily for me, I have everything I have now because of it and mom was right I have, I guess I'll have to give them an ultimatum, I am not really

about this chick I am only doing this because I don't want to disappoint my parents, I am not happy with the decision I'll have to take but family is family after all

I called Mom to inform her husband that we have a meeting

Mom: Hello Baby

Me: Not that name again Mom, Mom look I want us to have a meeting tonight at 19:00 tell dad

Mom: Okay what is the meeting about?

Me: You'll find out tonight, and inform Mr Kaotsane

Mom: He's your father you know

Me: He must act like it then, Mom look I have to go I'll see you tonight

-

Me: Okay Mom, Dad I call you here tonight that I am considering this "arranged marriage" thing...(Mom jumped before I could finish kissing me and illulating"

Mom: That's my boy

Dad: I knew you would come to your senses Morolong

Me: That's not all, I'll have to meet with this girl first before everything or else this won't happen

Dad: That's not up to us to decide it's

upto the King

Me: Then you'll have to talk to him just the way you did when you arranged all of this

Dad: You are not going to make this easy for me right?

Me: It is not supposed to be

I said that getting up going upstairs to my room

I took a quick shower, lotioned wore my boxers and did push ups after I took my phone and browsed and I searched for "Kgalalelo Mautlwa" on Facebook, Twitter & Instagram, snap I didn't find anyone by that name, "I mean it's a modernised

world and there are people who still don't have social media!" I thought to myself

-Kgalalelo-

I already too a decision and before telling everyone I have to tell my most trusted people, yes that's a great guess there "Kago & Karabo"

Me: So guys I decided to agree to this whole thing, it's not like I have a choice and I don't want to disgrace my family

Karabo: Lelo really, you don't owe this family anything and it's 21st century now

Kago: Yeah I mean you can't always do things to please dad and the village people

Me: It's not about that Kago, Dad sacrificed a lot in order for us to have this good life, this is the only way we can pay back(Tears started rolling now)

Karabo:But we didn't ask to be born they are the one's who did that decision, I mean it's unfair that we chose our own partners and you have to have a partner chosen by the family

Me: Trust me in this one, If things don't work in this marriage I will then call it quits okay

Kago:But still you'll be with someone you don't even love

Me:Mom and dad were also arranged but

look at them they are happy they even made beautiful kids(We all smiled)

Karabo: That's the only thing with sense you've ever said today (I playfully slapped him)

Kago:Are you sure Sis?

Me:As a heart attack

Karabo: Group hug(We hugged for 3 minutes or so)

Kago:Now wipe those tears and mucus princess

Me: Don't call me that I am old now

Kago:Okay "Your Royal Highness"

Me: That's even better (We laughed and

went downstairs the family was waiting for us)

-

Me: Firstly I would like to thank Mom and Dad for nurturing us and giving us the best education, and warmth and love, we couldn't ask for better parents, I have summoned this meeting to tell the family that I have thought about their decision and I have also made my decision, I have realised that I am the only Princess of the Kingdom and according to our culture which is something we shouldn't lose, I have thought about this and my future...(Uncle Sam cut me)

Uncle Sam: Stop beating about the bush

and finish talking

Aunt Seipone: Sam please let her speak
what's on her chest

Me: Thank you Ma, My decision is I will
give this arranged marriage a chance, but
what I want you all to know is I don't
promise anything Thank You!!!

My Mom and My 3 Aunties were ullulating
and dancing, they were happy

I looked at Kago and Karabo they were
smiling and happy

The last time I saw King so happy was on
my graduation ceremony

-

The following day I woke up did my bed,

did my hygiene process wore my short floral dress & brown sandals, brushed my wig and did my make up and I took my brown bag, I was meeting with my my best friend Mamello we haven't seen each other in 5 months, I went downstairs and found my family eating

Me: Morning Family (they responded)

I sat between Kago & Mom

Mom: You are glowing my love what is it?

Me: You talking to me?

Mom: Yes princess

Everyone laughed

Me: Am I really glowing mom?

Kago: Yes Sis you are glowing

Me: Thanks guys, I guess it's being around my loved ones, look guys I have to dash, I am meeting with Mamello...(Karabo cut me)

Karabo: Is she in town?

Me: Yes and why?

Kago: Maybe he wants a piece of her(He laughed)

Karabo: Shut up

Dad:Guys we are still here

Us:Sorry Dad

Me:Bye guys (I kissed Mom's cheek and left)

Me: You know me my friend

Mamello: I just can't wait for the wedding

Me: If it happens (I sipped on my juice)

Mamello: Come on give him the benefit of the doubt

Me: I am not promising anything

We went to do shopping and I must say it was good seeing her after such a long time and I went back home

-

I got home and guess what I saw my big brother's car, it can mean one thing and one thing only Lewatle is home

I quickly parked and rushed inside the house

Lewatle: Princess (I ran to him and he hugged me)

Me: Hello Big Brother, I missed you, where are my nephews and nieces and my sister?

Lewatle: I missed you more, they are inside

Me: That I am getting married?

Masego: But you don't look happy

Me: There's nothing to be happy about

Masego: Look here my sister, when I found out that I had to be married by your brother I was young and I was not even happy about it, but as a Princess I always knew that I had to be married off to some family I don't even know, I even thought of running away but look at us we are happy with 4 cute children, you'll have to trust me on this one, learning to

love someone when you are married is the most beautiful thing

Me: Thank you, I have always wanted somebody to talk to (She hugged me)

Masego: I am always here if you want to talk okay

Me: Thank you sister

Arefa cried

Me: Little Princess of the Ga-Kubu Kingdom why are you crying?

She smiled exposing her toothless gums

Masego: She loves you so much, she can sense that this is royal blood holding me

and lazybones too(We laughed)

Me:She looks more like me when I was young

Masego: Lewatle always says so

It was good having everyone around and being in Mafikeng unlike when I am in Cape Town always alone and bored

-Katlego-

My Father and Chief of Ga-Kubu Kingdom have spoken and agreed that we have to get to know each other before the dowry negotiations even start but tomorrow it's Saturday we are going to meet Princess and the Mautlwa family

Mom: And a daughter

Me: No Mom, "I don't want to ruin my beautiful figure"

Mom: You ruined my beautiful figure, someone will have to ruin yours too (We laughed)

Me: Mom, I have to tell you something

Mom: Should I be worried?

Me: No don't Mom, it's about this guy what if he wants to sleep with me and I

am not ready?

Mom: You have to tell him that you are not yet ready my baby, being married doesn't mean you are ready to be intimate

Me: Mom it's different in my side, I am still sealed

Mom: Princess Vinolia! (My Mom was shocked)

Me: Mom! (I said looking away)

Mom: (She hugged me) I even prouder now! You know I thought Campus boys are done and dusted with my daughter

Katlego:"I am outside come"

Everyone was sleeping so I used my phone's torch to sneak outside, I went outside and the guard opened the gate for him and he parked far from the house

-Katlego-

She opened the door and came inside we sat at the back

Princess: Hey

Me: Hi (I said that lifting 2 spoons and an ice cream tub)

Princess: Thanks for sacrificing your sleep for my silly craving

Me: Pleasure, I can't believe we sneaked out

Princess: If they hear you coming back you are in deep shit

Me: Let's cross fingers they don't or else yhoo, you really love ice cream hey

Me: My G you still have the touch, work your magic then she'll forget about everything

Sizwe: Thanks my man let me go do that right now

Me: Sure (I took the dishes to the kitchen and went upstairs)

-

Snap I haven't spoken to Princess today, let me try to get out of my comfort zone and call her for the first time

Princess: "Hello Mr Kaotsane"

Me: "That's my dad, I am Katlego! How are you?"

Princess: "I am good thanks and

Me: "I am also going thank you, are we still on for tomorrow"

Princess: "Yeah we are still on, so where are you taking me"

Me: "It's a surprise Princess Vinolia"

Princess: "Just Kgalalelo will do, you now sound like my mom and aunt, so what should I wear?"

Me: "Even rags will do, you'll still be the most beautiful woman ever"

Princess: "Don't flatter me, look my mom is calling me I'll have to dash"

Me: "I am not it's the truth, bye we will talk later"

-Kgalalelo-

Me: Mom I am excited and nervous at the same time, it's my first date ever

Mom: Just be yourself and girl you must dress to kill, I trust you on that one

Me: I definitely will, first thing tomorrow morning I am going to look for a dress

Mom: That's my Princess, you have fashion sense just like your Mom(We did a high five)

She's my girl this one, I wouldn't imagine life without her, she's just the best

-

"Deeper I keep it in the more it grows inside, chasing your love again searching for the high"

That was my phone ringing and I tried to read for it on the bedside while half asleep and answered without checking caller ID

-Katlego-

It was 8:30 and I decided to call Princess

since I had 30 minutes before the meeting

Princess: "Hello" (Her voice was soft and it was turning on which indicates that she was still sleeping)

Me: "Morning beautiful, did I wake you up?"

Princess: "Yeah but it's okay I have to wake up anyway"

Me: "How did you sleep?"

Princess: "I slept like a baby thanks, and you"

Me: "I can't say the same, I woke up at 4 and I am in town as we currently speak for my meeting"

Princess:"I don't wish to be you right now"

-Kgalalelo-

I kicked the blankets and I made my bed after I took a long relaxing bath and I lotioned then wore my blue ripped jeans, white Tommy Hilfiger t-shirt, white Polo

cap and white Nike AF1 and I did light make up and topped it with a red lipstick then took my brown Gucci handbag and went downstairs, everyone was at work and Lewatle and his family left Sunday and I can say I miss the little ones more especially Arefa, I only found Mama Mavis in the kitchen doing laundry, she's our helper around the house

Me: Morning Ma

Mam' Mavis: Morning Princess, I now see where little Arefa gets her sleeping tendencies

Me: It's a Mautlwa thing(We laughed)

Mam' Mavis:You look beautiful

Me: Thank you Ma, where are my parents?

Mam' Mavis: They went to the Chieftaincy House, there is an emergency meeting there, do you want breakfast?

Me: Don't worry about me Ma, I'll grab something at town, bye

Mam' Mavis: Bye enjoy

I drove to town I was going to buy clothes for tonight's dinner, we are painting the town red with my best friend

-

I spotted Mamello and hubby

Me: Morning lovebirds and little one

Mamello: My best friend

(Mamello stood up to hug me)

Tumelo: Good morning Princess

Me: How are you guys?

Them: We are good

Me: Look at you saying things simultaneously, where's the waiter I am starving?

Mamello: Didn't you eat at the Palace?

Me: I just got up

Mamello: I forgot you are a lazy ass (We laughed) Don't worry we've already ordered

Me: Thanks you guys are my heroes for the day

Tumelo:I thought you abandoned us, I last saw you on our wedding

Me: I've been busy, I am sorry guys and now you are even expecting a little addition to the family, how's marriage life?

Mamello: It's a bit different, challenging, but despite all it is good honey, I mean we no longer sneak at night...

Tumelo:We sleep next to each other every night and wake up next to each other every morning and we even have made a mini us, I love them like I've never loved before

Mamello:We love you more Daddy

Me: You guys are couple goals

Our order came and we ate

Tumelo: I have to dash I'll see you ladies and a gentleman (pointing at Mamello's tummy)

Mamello: It's strictly ladies here baby

Tumelo: I know my soldiers so please baby (We laughed)

(He kissed his Baby and hugged me)

-

We went to the boutique and we bought my outfit and after we went to get massages, facial, we did manicures and pedicures and eyebrows

I can say I missed my best friend guys,
Cape Town is really keeping me busy

Mamello: You are really doing the date
thing with this guy?

Me: Yeah, I am giving him the benefit of
the doubt, I can also do with a man in my
life otherwise I'll die of loneliness and...

Mamello: Horniness Princess! (We
laughed)

Me: You've just attracted the audience
now, you've never changed a bit hey, still
the same old noisy and loud Mamello!

Mamello: Same old same old!

Me: I thought marriage was gonna change
you my Chom

Mamello: That won't happen, I am hungry
let's go grab something

Me: This kid is messing with your appetite
(We laughed)

-

I got home and I threw myself on my bed,
with that long ass day I had, I am
exhausted! I was woken up by Mama

Mom: Wake up Nana

Me: Mhmm

Mom: Wake up now before you become
late for your date Kgalalelo

(I quickly sat up and looked at the time
on my phone it was 17:50)

Me: Snap Mama why didn't you wake me up?

Mom: Trust me I tried

I quickly took a shower and lotioned then wore my maroon velvet dress with a slit, black block heels with a glass and gold cover, black Chanel bag and I did a facebeat with maroon lipstick, I put on my stack rings and my gold whoop earrings, I was impressed when I looked at myself on the mirror

A call came through when I was putting on my weave and sprayed perfume

Katlego: Hey Princess I am outside

Me: Okay I'll be there just now

Katlego:I can wait

Me: Patience is a virtue Mr!(He chuckled)

I went downstairs

-Katlego-

I was wearing my white Polo shirt, brown formal trouser and brown formal shoes and I bought white roses for the Princess, I went inside, you know women and African time!

Me:Good evening King and Queen

King: Evening Kaotsane

I hand Shaked the King and the Queen's hands as a sign of respect

Mr Mautlwa:You are a romantic young

man I see, my daughter is blessed

Me: Thank you my King, I am borrowing her for the evening

Mr Mautlwa: You can take her, take care of my daughter tonight, I want her in one peace young man

Me: Thank you I will Morolong! (With that said I saw the most beautiful creature getting off the stairs)

Me: Wow! You look radiating Princess

Princess: Thank you, you don't look bad yourself

Me: (I handed her flowers) Flowers for a beautiful lady

Queen: You look beautiful my daughter

King: You really are beautiful

Princess: Thanks

Princess: Thank you, shall we get going?

Me: Of course, Thank you my King and Queen for borrowing me your flower

King and Queen: Enjoy kids

Me: Thank you we will

Princess: And we are not kids

We drove to the restaurant

I kept stealing glances at her and she noticed

Princess: What?

Me: You are so beautiful

Princess: Thanks for the millionth time

Me: I won't get tired of saying it

-

I opened the door for her and we walked hand in hand to the restaurant, I opened a chair for her and we sat down

Our bottle of wine and starter came

Princess: This wine is good, you have taste

Me: It's the same one I bought for you, wait you haven't drank it?

Princess: Eish sorry I haven't had the chance to taste it but I promise, I'll have it, If I knew it was this good I would've gulped it down by now (We laughed)

Me: That's even better, so how was it growing up as a Chief's child and the only

daughter?

Princess: It was good you know being the only girl around the house, the spotlight was shifted at me everytime, and my brother's were always overprotective, I couldn't even speak to a boy yhuu, even when they found out that Dad arranged a marriage for me they were fuming, growing up as a Princess I was famous everywhere I go and I would get respect from everyone yeah and how was it being the only child?

Me: Oh wow you had an amazing bring up, It was great because I got everything that I wanted, but at the same time boring because I had no one to talk to,

more especially when I reached the transformation stage, I couldn't talk to my Dad about certain things, I had to turn to the boys and most of the time they would give me bad advices (We laughed)

Princess: There were also times in my life when I found conversations too deep to be discussed with my mom and I would talk to my friend

Our main course came and we dug in

Me: So why a career path in engineering I mean it's a male dominated industry?

PrincI've always loved construction, and that too, I wanted to remove norms in

black people's minds that certain careers are male dominated and certain are female dominated, I want equality in the workplace and besides my family owns a construction company they recently bought it, I can also be beneficial to it

Me: Wow you are not just a beauty, you are a beauty with much grey matter

Princess: Thank you, I guess the business traits runs in your family, both your parents are CEO's of big companies

Me: Yeah and it was my parents idea to study Accounting so I could carry on with their legacy when they are gone

-

We are desert

Me: Why would a beautiful lady like you be single, Cape Town has the hottest guys

Princess: (She laughed) I always knew that as a Princess I have to have to be married by a Prince of another Kingdom with royal blood to continue the bloodline, so I didn't want to get into relationships and catch feelings later they find a husband for me and I had to be married a virgin except all those I've never been ready for relationships

Me: Wow so what you mean is that you are philophobic?

Princess: Yeah I am just scared to fall in love, I've seen people close to me suffering because of love

Me: Wow, I get where you are coming from

Princess: And why a hot hunk like you be single too?

Me: So you think I am hot and a hunk (He said wiggling his eyebrows)

Princess: Ooh I didn't mean it like that...

Me: Don't worry, I have never really been a relationship person, I just did hit and runs (We laughed)

Princess: Wow it looks like we gonna have a problem here

Me: Don't worry if something blossom we will work extra time (We laughed)

Princess: Do you think if there was to be "we" it would work?

Me: We will make it work for our parents sake

Princess: So about this arranged marriage thing, why did you agree to it, I mean you have all the freedom you could've refused?

Me: I agreed because I didn't want to disappoint my parents, they've really done a lot for me but now I see why they signed that deal and why did you agree?

Princess: I never had a choice, I always

knew that with this royal blood I'll have
a chosen husband

We continued having a good conversation
and it got late I drove her home

-

Outside Chief's house

Me: Thank you again for an amazing night,
I really enjoyed

Princess: I also had a good night thanks
and the food was good (We laughed)

Me: I am glad you enjoyed, It's my first
time meeting a woman who isn't scared to
eat and loves food (We laughed)

Silence kicked in

Me: I really mean it I had the most wonderful night ever

We got inside the house, thank God everyone was sleeping because we came around 23:00

Me: Goodnight sleep well beautiful

She was leaning on the door frame

Princess: Goodnight and drive safe, I can't believe the night is over so fast

Me: Don't worry next time we will make it a bit longer (I hugged her and I left, I blew her kissed and she smiled like a child at a candy store)

-Kgalalelo-

I had a good time last night, I did my hygiene process and went downstairs, I found Queen and King having breakfast and I dished for myself

Me: Good Morning Parents

Mom: Good Morning someone is in a good mood this morning, at what time did you come home?

Dad: Leave my daughter alone

Me: Thank you Daddy

Mom: So how was your date

Me: (I smiled) It was good if I may say

Mom: I am glad you enjoyed

Dad: Month end we want your feedback

Me: But Dad that's in two weeks, why the rush? I mean already we have sacrificed a lot by allowing this, are futures are at stake here

Dad: What's more to think about, you said it that the date was good

Me: You know what I am not doing this

Dad (I stormed upstairs)

Dad: But we are still talking

-

I wish my brothers were here now, I can't wait for Sunday to leave this place and go where there is peace, I suddenly felt the warm liquid running through my cheeks, I felt like screaming, kicking anything that would make me feel better, I was brought back to reality by my ringing phone I looked at the caller ID and it was "Kaotsane Jr" just that made me smile, I wiped all the tears and answered the phone

Me: Good Morning

Katlego: Good Morning Princess how did you sleep?

Me:I slept so good thank you for last night

Katlego:No I am the one who should be thanking you, but it's a pleasure and why is your voice husky, wait don't tell me you are still in bed!

Me:I laughed, No I am fully awake, I am even amazed, I never wake up this early

Katlego:Ouch is it that bad?

Me:Very bad (We laughed), so when are you returning to Potch?

Katlego:I am halfway to Potch as we speak, I am sorry I left without sending proper goodbyes, I have an emergency meeting in 2 hours

Me:Wow you are an early bird hey, I understand, back to back meetings yhuu

Katlego:Eish, I am already exhausted for the week

-Katlego-

Me:Good evening Dad

Dad: Evening Kaotsane

Me:Where is Mom?

Dad: She's in the kitchen

I went to greet her

Me:Mrs Kaotsane, it smells good in here
(I said trying to open the pot)

Mom:Hey(she slapped my hand lightly), I missed you boy!

Me: Ao Mom, I just went for a day, how will you survive once I am married?

Mom: Haa Katlego won't you be staying with us?

Me: No Mama, I want my own house so I can make my little family in peace

Mom: You naughty boy

Me: I thought you wanted grandchildren hawuu

Mom: I do and I mean a lot of them

-

We were sitting around dinner table eating supper

Dad: Wow my wife, this food is good, you

haven't lost your spark in the kitchen

Mom: Thank you Ntate

Me: Mhmm Ma, who taught you to cook like this?

Mom: My Mom, that woman knew her way around the kitchen

Dad: So Son how was the meetings?

Me: They both went well thanks and I met with Princess for dinner last night

Mom: How is she?

Me: She is good and she sent her regards

Dad: So when are you giving us the accurate answer, you have only 2 weeks as agreed with the Chief

Me: We are still trying to get to know each other first when the time is up we will give you guys the answer (I saw Mom smiling)

Mom: I am happy you guys are trying to build a bond, I just hope this will be fruitful

Me: I also hope it will Mom

-

A week later

I have a meeting in Cape Town and guess what I will be surprising Princess tonight after my meeting

I called Lewatle her brother

Lewatle: Kaotsane

Me:Mautlwa, I need a favour

Lewatle: Shoot

Me:I am in Cape Town and I want to surprise your sister, can you please help me with her address

Lewatle:Sure I'll send it, actually I don't mean to be noisy but what's going on between the two of you?

Me: Thanks my man, well we are just trying to get to know each other like we requested the adults

Lewatle:Okay, Good luck my man

-

I quickly showered and changed into my white Polo t-shirt, brown man sandals and

a short then I went to buy roses and red wine then I got inside the car I rented and hit the road

-

I knocked and I heard her shouting

Princess: Coming

She was surprised when she opened the door

Me: Hey, are you not going to invite me in

Princess: Oh hey sorry, I am just amazed

Me: These is for you

Princess: Thank you (she hugged me), you want to turn me into a drunkard I see, I'll put this in a vase and bring glasses,

feel at home

Me: Ooh you are watching a movie

Princess: Yeah, but it just started

Me: It seems interesting, what's the title

Princess: It's *Acrimony*, Tyler Perry's latest movie

We watched the movie and it was good I must say, we shared our opinions and I can say this woman has good reasoning capacity

Me: It's getting late I have to get going

Princess: I have a spare bedroom, you can sleep over

Me: It's okay, I really don't mind driving

Princess: I insist

She showed me the bedroom I'll be
sleeping in

Me: Good night Princess

Princess: Good night Katlego

Me: Sweet dreams (She was blushing)

Princess: Thanks

I got inside the covers and slept

Insert 8

-Kgalalelo-

I woke up did my hygiene process and I put clean towels for Katlego in the bathroom and I wore my maxi blue dress and sandals and I did breakfast, English breakfast honey, just when I was dishing up Katlego came to the kitchen

Me: *Good Morning (With the biggest smile)*

Katlego: *Morning, how did you sleep(He was smiling too)*

Me: *Good I can say and you?*

Katlego: *Good, I haven't slept this good in a long time*

Me:I guess it's The Cape Breeze

Katlego:Then it's doing good to me, I should come here often (We laughed)

Katlego:Wow this food is good

Me:Thanks

-

Katlego: Thanks for breakfast but I have to get going

Me: It's was my pleasure, drive safe

Katlego:How about you tour me around The Mother City around lunch

Me: Okay

Katlego:See you at 12

Me:Bye

-

I cleaned my flat and after I took a long relaxing bath, it's been a long week at work, busy visiting the construction site, I just needed that after I called Mamello

Mamello: Hello best friend

Me: Hey Chom guess what?

Mamello: You gave Katlego the coochie?

Me: I forgot you are not great at guessing but you were close, Katlego slept over

Mamello: You Sly, yes finally, how was it like?

Me: Wait before you start hyping, we slept in separate rooms

Mamello: You are such a slow learner

Me: I didn't call to talk about that, so I was the one who asked him to because it was late, don't you think I acted desperate?

Mamello: No Chommie you weren't being desperate, knowing that you have a good heart you were looking out for him because of high rate of crime there

Me: When I am around him, I feel safe, I feel at home and immediately he leaves I miss him, what does this mean Mello?

Mamello: It's a good thing you feel like that, it's called love my friend, I can see you are trying to fight it, don't fight it

allow everything to occur, let nature take it's course

Me: What if he doesn't feel the same, I mean this whole thing was arranged, maybe he is doing all this to please his parents, he doesn't feel that bond I feel

Mamello: One thing about guys is they will never entertain you if they are not interested in you, give him the last benefit of the doubt

Me: Thanks Chommie, I have to go, we will talk later

-

I lotioned wore my yellow short jumpsuit with brown sandals and I took my brown

bag, I did my facebeat and wore my glasses a knock came on the door, I opened and it was Katlego

Katlego:Wow you look beautiful

Me:Thank you, you look good too

He was wearing brown short, yellow and navy shirt with stripes and brown man sandals and glasses it was super hot in Cape Town, it was towards the end of September

Katlego:Can we get going now

Me:Okay

We went to Table Mountain and it was fun then we went to have lunch and we went to the beach

We walked barefoot while holding our shoes

Katlego:I love the vibe here, I now see why people love holidays by the oceans

Me:Yeah, everytime I feel like refreshing my mind I come here

We stared at each other's eyes for the longest time with a huge silence and I felt a strong force between us when we were staring deep at each other, I felt that tingling sensation I felt the first time I laid my eyes on him

I dropped my face, Katlego lifted it up with his index finger

Katlego:I know I have known you for only

3 weeks but I think I... Actually I don't think I know that I love you, ever since the moment I laid my eyes on you (I kept quiet for the longest time and a huge sigh escaped my mouth)

Katlego: Say something

Me: I don't know what to say

Katlego: Anything just don't shut me out

Me: I don't want to lie, I can also feel that bond but are you sure you really love me because I don't want to be hurt

Katlego: I am sure, I have never been so sure in my life, I love you and my whole life I have never felt this way about a woman so can we try?

Me: (I sighed) Yhoo it's okay we can try,
It was meant to happen anyway

Katlego: Thanks for giving me the chance,
I promise you I won't hurt you, I will love
you like you deserve to be loved

-Katlego-

After pouring my heart to Princess I felt
like a heavy load was lifted off my
shoulders

We drove to MacDonald and bought
supper then we drove to my flat

We laid on bed chatting up a storm

Me: So tell me what do you want in a man?

Princess: Well I have too much
expectations, I want a man who is

romantic, honest and I mean super honest, a man who is educated and ambitious, someone who's going to give me his time and won't feel cuffed in any way, a man who is going to respect me till eternity and love me unconditionally(I laughed) who is handsome and has a great body I mean abs (We laughed)

Me: Well I match those ones

Me: What do you want in a woman?

Me: Wow I want a woman of your calibre, you have everything I want in a woman, I've always wanted an educated, Independent woman, a woman who respect herself and is doing everything to protect her credibility and who's

beautiful with a good body (We laughed)

Princess: Atleast we share the same sentiments on those ones

Me: And we meet the requirements, so when will we tell the families about us (she smiled)

Me: What? There is "us" right?

Princess: Yeah there is us, we have to shake them a bit and summon a meeting next weekend and we keep this between us

Me: My lips are zipped, talking about lips can I taste yours?

(Princess smiled and looked away)

Me: Don't be shy, I'll lead...

(With that said I smashed my lips on hers and she responded)

Our first kiss and we are officially dating

-Katlego-

I was looking at Babe sleeping and she was so cute

Babe: Didn't your Mom teach you that it is rude to stare? Morning

Me: Good Morning how did you sleep?

Babe:I slept good what time is it Honey?

Me:7:25 Babe, you are scared?

Babe: No I am not I am a big girl now

Babe:You are a hero do you know that Baby?

Me:I know

Me: How was it sleeping next to this hot face?

Babe: It was damn good Baby, you know I thought the first time I'll be sleeping with a guy on the same bed it will be so uncomfortable (We laughed)

Me: It was also great waking up to this beauty, I am happy I am going to be waking up to this (He said kissing my lips)

Babe: Baby no! I haven't brushed my teeth (With that said he even put the tongue inside my mouth)

Babe: That's so gross Baby yhuu (I laughed and tried to wake up)

Me: Come back to bed, I promise I'll stop Baby

Babe: No Baby I have to go, if Dad

realise that I don't sleep home I will be in deep shit

Me: I can't wait for Dowry negotiations and traditional wedding then after I will take you with me home, we will sleep until 12pm Baby don't worry

Babe: Remember some of us will have Bride duties?

Me: Don't worry my mom is not that strict, I know she'll be easy on you and anyway that will be two weeks only after that it will be our white wedding and we are going to the honeymoon and after that when we come back we go to our house

Babe:Our house, I like the sound of that

Me:We will get kinky all we want

Babe: And make a lot of babies

Me: Now we are talking how about we start practicing now

Babe:No way our parents are waiting for us

Me:Ao Baby, okay a cuddle then

Babe:We have been cuddling all night

Me: I'll run you a bath

Babe: Don't worry I'll shower, Baby pass me the gown please

Me:You can walk like that to the bathroom

Me: You should've seen your face (He laughed)

Babe: Mxm (She sulked)

Me: (I kissed her whole face) Sorry Baby, My Sugar Plum

Babe: Huh-uh Babe

-

We showered and she saw my upper body without clothes her jaws dropped

Me: No need to drool this is all yours

Babe : Uhm... Uhm... yooh can I touch

Me: Sure (She ran her hands on my biceps and abs)

Babe:Damn Baby, I feel like I am dreaming, pinch me to make sure this is reality

Me:It is reality Baby(I pinched her)

Babe:Ouch not that much

Me:You said I should pinch you (I hugged her from behind) I love you okay and thanks for spending the night with me

Babe:I love you more, how did we get here? The next moment it is us refusing to marry each other, the next we are spending the night together

Me: Only God knows, but I am glad we got to this point otherwise I was gonna be a player my whole life

Me:A fuckboy (she said pulling away from me and I ran after her and we fell on the bed we stared deep into each other's eyes and it became tense in the room, we kept quiet for long until she broke the ice)

Babe:Let's get going

Me:(I got off her and wore my shirt and took our things and left) Let's hit the road

We walked hand in hand to the car and me being a gentleman I opened a door for her and jogged to my side then I drove her home

-Kgalalelo-

Babe:I am scared what will I say to your father?

Me: It's Sunday they must be at Church

Babe:Babe what if he is not

Me:Baby I have never seen a coward with abs(We laughed)

Babe:Have you seen your father that man is always serious, he never laughs

Me:You are lying my father is one of the bubbly people I know, I got this personality from him

Babe:Thank God his Convoy is not here

Me:(I laughed) You should see yourself right now

Babe: Leave me alone (She perked my lips)

Me: Don't worry I was going to defend you Baby, not on my man

Babe: That was gonna make me look weak

Me: Men and their egos, I have to go before anyone see us

Babe: Bye I love you, I'll call you

Me: I love you more, okay drive safely

Babe: You also have a safe trip back to Cape Town

-

I got inside the house and I tip toed while holding my heels with my hands

"Where do you think you are going"

Me:(I screamed in fear) You frightened me Dude

Karabo:You are now sleeping outside Kgalalelo?

Me:I don't know what you are talking about

Karabo: It's okay you can act like a fool but just know this conversation is not over

Me:Bye Officer

Karabo was so pissed it was clear he didn't approve my decision to marry Katlego, I don't know for what but I want to know because he is the person I

trust with my life

I went upstairs and changed into my short and tank top and slippers then I went downstairs for TV and snacks

Karabo came and sat next to me and silence was roaming around the lounge

Me: What is your problem Dude?

Karabo: I don't have a problem okay

Me: You've been moody since yesterday after the meeting

Karabo: How do you know that because you weren't even home

Me: Oh wow really? Talk to me, I can see you don't approve this marriage

Karabo:Dude you really are marrying this
Dude I mean you hardly know him to even
know him, you could be marrying a serial
killer for all we know

Me:You know what Karabo, I love him and
he loves me too, for the past 4 weeks we
were busy trying to know each other, I
can say I know 70% about him and I did a
background check and I found out that
he doesn't even have scandals

Karabo:If you really love each other then
who am I, you have my blessings and I
hope you won't forget us and I will always
be the number one man in your life

Me:Uhm... I don't think you will still
be, I am joking no man can ever take your

positions in my heart I love you more
that the world itself my 3 Ninjas but you
are my most favourite and shhh don't the
other ones

Karabo:Look (He zipped his lips and threw
away the key)

Me:Come here (We hugged)

We connected the joystii to the TV and
played FIFA, my Mom usually wakes up at
4 am on Sundays to make Sunday Salads
and after playing FIFA we cooked rice
and we grilled the chicken and after we
set the table

-

Mom:My babies (she kissed our cheeks)

Thank you, you are a blessing in my life

Karabo:Mama I am not a young boy stop doing that

Mom:You are a boy on this house, you'll be the man in your house(We laughed)

We sat around the table and we dished up and ate

Me: Where's Lewatle?

Kago: He left last night anyway where were you?(Everyone stopped eating and looked at me)

Me: What is your problem Kago? Can't a girl eat in peace in this house

Dad:Kago and Kgalalelo, not today my children

Me: It's him who provoked me

Karabo and Mom were quiet

Dad: Kgalalelo I am talking

Me: (I mumbled) As if I can't hear

Dad: What did you say?

Me: Nothing Daddy

Karabo held his laughter because he heard what I said while mumbling

-

I was packing my bag, my flight departs at 16:00

A knock came on the door

Me: It's open

Mom: You are already packing

Me: Yeah my flight departs in 2 hours

Mom: Where did you sleep Kgalalelo? (My Mom only calls me with this name when she is angry)

Me: (I dropped my face) I slept at the hotel with Katlego

Mom: Don't disappoint me Kgalalelo, I raised you better than this

Me: I am sorry Mom, it will never happen again

Mom: I am not trying to control you but my daughter, you must know that a man must wait so that he doesn't think you are weak

Me: Thanks Mom I'll keep that in mind

Mom: You should keep that "kraal" for your wedding night and speaking about wedding night, are you busy with wedding plannings because you only have a month to pull off your dream wedding and that is not even enough

Me: Thanks Mom you are the best I almost forgot about it yhoo, I'll have to find a wedding planner to start with the preparations already

-

Dad and Mom dropped me at the airport and it was emotional seeing my parents go, I will miss them

Mom: Remember what I told you bye

Dad: Take care my daughter

Me: Thanks, I love you guys bye

My flight got off, I am going to boredom and long working hours, not that I complain

-Kgalalelo-

It is a weeks to our traditional wedding and 3 weeks to our white wedding, we have been meeting with our wedding planner and my Babe on the other hand is

so supportive he also have inputs to our wedding plannings

Today it is Thursday and I can say I had a busy and tiring week, my week has been too occupied and I woke up and did my morning routine then I wore my emerald green suit with white shirt, good heels, gold watch, gold triangle earrings and necklace, I did my facebeat with smokey eyes and red lipstick then I took my black MK handbag and I drove my charcoal grey amg C43 to work while listening to Ringo Madlingozi's music and danced to it yhuu until my phone disturbed my jam session, the phone was connected to the bluetooth

Me: "Love of my life"

Baby: "Morning my Princess, how are you?"

Me: "I am good and you Babe?"

Baby: "I am not good, I miss you"

Me: "Ncoow Baby I also miss you"

Baby: "Okay then visit me tomorrow
Snuggle Muffin"

Me: "No Baby I can't... Uhm I got a lot of
work"

Baby: "Stop lying to me, I know you like
the back of my hand, don't worry I know
you are scared of my parents, they won't
be there they are going to Ghana on a
business trip so it will just be the two of
us"

Me:"Okay you busted me, but on one condition"

Baby:"Okay I am listening?"

Me:"Ask me nicely, don't instruct me"

Baby:"Ooh sorry My Love, Okay Princess can you please visit me over the weekend, I miss you and I would like to spend time with you"

Me:(I was smiling even my wisdom teeth were out by that time)"Okay I will think about it and get back to you before the end of the day"

Babe:"Okay Babe please do"

Me:"I am pulling your legs I will come and plus there are a few loopholes in our

wedding plannings that I need us to cover and discuss"

Baby:"Okay My Love, let me get back to work, have a nice day and know that I love you"

Me:"Thanks Baby, you also have a nice day and I love you more"

-

I got to work and I parked my car and went inside to the office

Me: Morning Precious

Well Pr

Precious is our receptionist and I just love her and her personality, she is not those grumpy receptionists

Me: Morning Sweetheart, how are you this morning?

Precious:I am good thank Mam' and you look beautiful and ravishing today

Me: Thanks and please, call me Kgalalelo or Vinolia

Precious:Okay Mam' ... I mean Miss Vinolia

Me:(I smiled at her and Shaked my head with a smile) Can I have coffee and ginger biscuits please

Precious:Okay right away Miss Vinolia

I walked to my office and it was business as usual, it was busy and my day went by and finally it was 17:00 and I took my things and went home

-

I got home and I cooked spaghetti and meatballs and I ate after I booked my plane ticket before I forgot then I drifted off to dreamland

Snap my phone disturbed my peaceful sleep! I checked caller ID and it was my annoying brother Kago

Me:"Yes"

Kago:"Is that how you answer your phone this days?"

Me:"What did you expect, you woke me up"

Kago:"Whoa, why are you fighting with me, sorry"

Me:"For what exactly huh?"

Kago:"For everything Sis, for making the parents aware that you didn't sleep home the other day, I hope you forgives me"

Me:"I will if you promise me to buy me ice cream when I come home next week"

Kago:"I promise Sis and I will also buy you Lunch"

Me:"Do you want me to get fat and not fit into my wedding dresses?"

Kago:"Don't worry they'll even fit you perfectly"

Me:"Shut up Bro"

Kago:"I really missed you Dude"

Me:"I missed you even more Dude"

Kago:"I still love the fuck outta you"

Me:"Kago please I am a Princess stop with vulgar words"

Kago:"Look who's talking!"

Me:(I laughed) "Please don't involve me into your sin acts"

Kago:"Look we will talk Bontle is back bye"

Me:"Bye and say "Hi" to sister-in-law"

Kago:"Okay goodnight and take care"

Me:"Night thanks, you too"

-

Today I am not going to work I am

catching a 1:00 flight, I packed my luggage and I ate bread and butter with coffee for breakfast then I went to do my morning routine, I wore my blue ripped boyfriend jeans, white Polo t-shirt, and brown Carvela sandals and I put on my weave and wore a brown watch and I put on my brown Gucci belt and took a brown Gucci bag, I did my facebeat and my luggage then I drove to airport with an uber

-

I found Bae waiting for me at airport

We ran into each other's arms when we saw each other

Babe: Hey, You smell good and you look beautiful

Me: Thanks and I missed you

Babe: Let's get out of here

We drove to his home, he parked outside this big and beautiful mansion

Me: Is this your home?

Baby: Yeah it is...

Me: (I cut him) Wow it is so beautiful, it's like a palace somewhere in England

Baby: Thanks on behalf of my parents

(We laughed)

-

He took my bags to his bedroom and I

sat down while drinking water

Baby: So aren't you hungry?

Me:I thought you'll never ask

Baby:What do you feel like?

Me:No junk for me, I have to dresses
that I have to fit in so I can do with
home cooked meal

Baby:But Snuggle Muffin...

Me:(I cut him) Blah Blah I don't know
how to cook! Don't worry I'll cook, just
show me where everything is

I cooked beef stew and rice then I made
home made chakalaka

Baby:It smells nice in here I can't wait

to eat, they are mouth watering

Me: I am almost done don't worry

I dished up and we ate while watching TV

Baby: Hmmm hmmm Babe this food is delicious, who taught you to cook like this?

Me: Thanks Babe but I think you are exaggerating, my Mom is the one who taught me to cook and shhh don't tell anyone about this because my Mom would kill me for cooking for a guy before he marries, that's what she said

Baby: Don't worry my lips are zipped and I am not exaggerating this food is really delicious, Some of us are lucky we will

come home to warmth and a
good meal everyday from work

Me:I doubt that will happen, I'll be busy
Baby

Baby: Don't test me woman! not when you
cook this good, atleast I won't miss my
Mom's food

Me: Don't say that in your mom's
presence she will hate me

Baby: Don't worry my Mom loves you, she
won't stop talking about you

Me: Really Baby?

Baby:Yes Skittles she talks about you
from dawn to dusk

We laughed

-

It was late and we went to bed yhoo this
guy's bedroom is big like big

It was now time to undress and that's a
mission since I am not used to being half
naked or naked around men

I took a deep breath and I undressed

Baby:Wow that body looks even sexier
when it's not covered

Me:Stop that, you are not even supposed
to see this until you pay Dowry!

Baby:But I am just saying things as they
are, but I am going to ruin that nice
figure with a lot of children

Me:Baby please 2 minimum and 4 maximum, I just won't be able to deal with stretch marks and all of those

Baby: Don't worry my love I am kidding, we have busy lives so 2 will do now come to bed

I wore my silly lingerie and we cuddled until we dozed off

I am so happy this guy is so patient, he doesn't rush me to have sex with him, he understands and he controls his emotions, when I get the opportunity I am going to feed him full and I mean feed him, breakfast sex, lunch sex and supper sex, can't it be 3rd November already! Jeez his touches makes my spine shiver, I am

now ready like never before

Insert 12

-Kgalalelo-

I woke up and I needed a bathroom this guy was holding me and he was light snoring and I didn't want to wake him up, I slowly removed his hands and went to the bathroom, did my business and washed my hands and went back to bed

Baby: Morning Skittles

Me: Morning Baby, did I wake you up?

Baby: No you didn't wake me up, now come back to bed

(I hopped back to bed and Katlego held me again)

Me: A bride is not supposed to sleep until late

Baby: But Baby my parents are not here, we are not breaking any rules

Me: Yes we are breaking rules, we shouldn't even be sleeping in the same bed now, things we do for love!

Baby: (He laughed) Why are you making it sound like a bad thing?

Me: Because it is a bad thing, my parents think I am in Cape Town right now and I

am in a man's hands busy cuddling and breaking rules (I laughed)

Baby: Parents must chill, we are bonding here

Me: You reckon?

Baby: Yes and I am going to run a bath for us...

Me: (I cut him) As in bath together?

Baby: Yes is there anything wrong?

Me: No! No! No! I am not comfortable with being naked around you!

Baby: Why you think my body will be too hot to resist?

Me: Stop putting words in my mouth

Baby: I am joking Baby, I'll run a bath for you then I'll shower after

Me: Do you ever become serious thought Baby?

Baby: I am serious now!

Me: Stop kidding me, you can't be serious, yhuu I'll have to be the bitter parent and get all the hate

Baby: (He laughed) I am not saying anything

Me: That's great now move and run a bath for me

Baby: Aren't we?

Me: No that won't happen Dude

Baby: Pretty Please!(He made a puppy face)

Me: That won't work Baby

We bathed and I wore matching outfits jeans, white Nike t-shirts and nude Nike caps together with White Nike AF1 and I did my facebeat, I did it more wedding because we were shooting for our wedding invitation digital cards and for pictures they will put at the wedding venue

-

We have a photoshoot later today and we are going to fetch our outdoor at the tailor today

Baby: We will have breakfast on the way right?

Me: Yeah we still have sometime

We went to Wimpy and had breakfast then went to the tailor to collect our outfits

Me: You are a life saver Baby

Baby: It's my duty as your man to save you, there are more saves coming

Me: (I looked at him and smiled)

Baby: What?

Me: I love you!

Baby: I love you more Skittles

Me: (I blushed) Now let's go do our thing

-Katlego-

We were at the dressing room to get dressed and I was trying by all means to hide the ring, yes I am proposing to her in style, when we do our first shoot I am popping the big question even though I know the answer is yes, Cheesy right!

We only changed into white t-shirts written Bride and Groom

We then went to do our magic and I got on one knee and I took out the ring

She was in awe and her jaws dropped

Me:I know I've already won your heart and I am making this to mark you so you don't disappear on me, when I first laid

my eyes on you I knew you were my one, I knew you were the only woman deserving my love and affection (Everyone went whuu), you brought the best out of me and for that I want to have you for the rest of my life, my life is complete with you, I love you and I am willing to love you even more, Will you do me the honour of being my wife Princess Vinolia?

Babe:(Tears were rolling out of her eyes)

Yes I will Baby and I love you even more

Everyone cheered and ullulated and I looked and I and my friends all of them and Babe's brothers and friends

She went and hugged her brothers and friends

Babe: Mamello you don't even hint me a bit you sly

Mamello: Girl please you weren't supposed to know

We then wore traditional outfits and after my wife wore a white lacy dress with a crown, she was so beautiful, her body was amazing on that dress yhuu, If I chose her for myself I would say "I know how to choose" because this right in front of me is great genes, and I wore my 3 piece maroon suit then after we went to have lunch with our friends and finally we met each other's friends

-Kgalalelo-

I looked at the rock in my finger, it was sparkling, real diamond, the ring was beautiful and expensive

Sizwe: So my man you are really marrying Princess Vinolia?

Baby: Yes man, it's her in flesh

Sizwe: Vee my man right here has been crushing you for years

(We laughed)

Baby: Don't lie man, why are you breaking the bro code?

Sizwe: My sister in-law has to know that you even said "No boys you'll see her on the wedding day, I don't trust you boys"

Baby: Can you keep quiet now!

Ooh my Baby really had a crush on me all the time! I thought he was joking when he once said it

It was now time to leave, it was really late

Yhoo we even danced and I was wearing heels, yhoo not to brag but my man can move, we did magic on the dance floor and I can say I had a time of my life, my friend from varsity Mellisa was also there, I haven't seen her in 2 years, Mamello, My friend from Cape Town Amahle and my closet and best cousins Reabetswe and Kefilwe also came

Me:It was nice meeting you too, bye guys

(I said to Katlego's friends)

-

Me:I am so exhausted yhoo

Baby: I'll run a bath for you don't worry and I'll massage you after, you see the consequences of dancing all night?

Me:I did it on purpose I know I have a fiancée that will massage me

(He threw a cushion at me and ran upstairs and I ran after him)

Baby:I am sorry Babe

He tried to catch me and we ended up falling on bed while holding each other and we stared at each other while he was on top of me, there was a strange feeling,

my blood flow was very fast and I came back to my senses

Me:Baby... we have to... bath

Baby:Ooh yeah(He got off me and went to the bathroom)... I'll run a bath now

That moment right there left things tense between us and he massaged my feet with extreme silence in the room until I decided to break the ice

Me:Do you want to talk about it?

Baby:What?

Me:What happened earlier?

Baby:No it's fine, I am sorry if I made you uncomfortable

Me: Don't worry I am a big girl, and you did absolutely nothing wrong

Baby: Thanks, I love you okay

Me: I love you more and thanks about today (I said looking at my ring) this is beautiful

Baby: Not more than yhuu

Me: Ncoow (I blushed)

Reality then hit me hard "I am really getting married"

Insert 13

-Katlego-

After our almost intimate moment, I felt really bad, I felt like I was rushing her to something she is not comfortable with and the other thing I want her first time to be very special, I want her to not forget that moment, I want our first time to have a significant meaning

I was planning our honeymoon and we are going to Mauritius for our honeymoon and I am planning to keep it a surprise, I booked hotels and tickets so that I don't forget since we will be having a very busy time from tomorrow

I looked at her and she was sleeping so peaceful, my Baby was tired, I kissed her

forehead and got out of bed not waking her up

I took a quick shower and I went downstairs to make her breakfast, I did a full English breakfast and I went upstairs to find her still deep in her sleep, I kissed her face until she woke up

Me: Morning My Love

Babe:Hmmm

Me: Wake up now!

Babe:Why are you waking me up so early

Me: I made you breakfast and it is not even early now wake up

She got up and dragged herself to the bathroom to rinse her face and brush her

teeth

Me: You look even better now, now come
let me feed you

Babe: (She said with her mouth full)
Thanks for breakfast Baby you are the
best

Me: I know right! You won't regret
marrying me

Baby: Is this a bribe or something?

Me: Maybe

Babe: That won't work on me Honey, I can
pull out Saturday morning, with your
family at the gate

Me: That would be the day I kill and bury
you, If I won't have you then nobody else

will

Baby: I'll haunt you for the rest of your life

-Kgalalelo-

We did the bed together and I cleaned the bedroom and bathroom, you know men and mess! just when I thought I am going to take a break from the three musketeers, my whole Fiancee has the same traits too but not that I am complaining!

Baby: Today I want us to stay indoors and watch movies if that's fine with you

Me: Yeah only if I get to choose the movie

Baby: You are such a bully

Me: I love you more

We watched 50 Shades Of Grey

Baby: Why are you doing this to me though?

Me: What did I do?

Baby: This movie is too much!

Me: You are so red yhuu, I'll change don't worry (I laughed at him)

Baby: I'll get you and it won't be good trust me

Me: Challenge accepted

We ordered junk and ate, I will go to the gym, junk is irresistible

Baby:I thought you are watching your figure my Fiance

Me:I was until you tempted me

Baby:I wanted to see if you are loyal to your own promises and you are not it means I'll beat guys each and every day

Me:Yhuu Baby! So wgat you are trying to say is I can cheat on you?

Baby: Won't you?

Me:I won't if you treat me right and give me all the attention in the world and good sex too(He chocked)

Me:What? You don't trust your sex game?

Baby:No I trust it, I can even bet with

my life!

Me: Okay we will see about that, I'll give you feedback after

Baby: (He stretched his body like a soccer player from the bench waiting to get inside the field) I am ready

Me: Okay I see, does experience have anything to do with all this?

Baby: It's genes Baby

Me: Okay I am quiet

(We laughed)

-

Today I signed the biggest deal of my life I just bought 50 percent shares

from Mr Martin Legae of Legae
Constructions in Potchefstroom,

I am tired of making a legacy for other
people and I want to build a legacy for my
children, speaking about children my
traditional wedding is tomorrow, I packed
everything that belonged to me and I am
just waiting for us to buy a house and
take my things there

I have to let the whole world know that I
am about to get married, I am about to
be Mrs Kaotsane

I posted a picture of the wine, roses and
chocolate Katlego first bought me when
we first met, a picture of our hands and
feet on Instagram and I captioned it

"Love is just a simple word until it is given a meaning" with lots of hearts and kisses, I wanted them to put puzzles together

I am locked in this room I can't be seen by people until my in-law come and pay Dowry

I decided to take a nap since I was doing nothing and I was bored

My phone woke me up and it was Katlego, if I don't kill this man today I'll never kill him because he just cut my dream

Me:"Why do you always disturb my beauty sleep?"

Baby:"Wake up it's not time to sleep, if I

didn't know better I would say you are pregnant!"

Me:"No I am just exhausted, Some of us are locked in rooms while you are free and roaming the streets, I feel caged"

Baby:(He laughed until I got annoyed)"They are trying to see if you will persevere the heat of marriage, and it looks like you are giving up too early, that's how you'll feel after Saturday, and you'll feel the real heat when we are married, I'll cage you, you'll stay indoors with pyjamas the whole weekend"

Me: "Atleast I'll be caged with you not now, I am all alone and bored"

Baby: "Where are your sister in-laws?"

Me: "They are all coming tonight at least I'll feel better"

Baby: "That a relief I don't want you to go insane because of boredom"

Me: "You don't want an insane wife?"

Baby: "No I'll pass"

Me: " Even if it's me?"

Baby: "No I'll pass, I don't want tantrums"

Me: "(I laughed)Ouch! Yhoo Baby that's savage"

Baby: "Talking about savage, I saw your Instagram post and the boys are bitter!"

Me:"This boys must chill and know that I am marrying a hunk"

Baby:" Finally my woman admitted that I am a hunk!"

Me:"Don't be too excited I meant it sarcastically!"

Baby:"You said it and you know what they say in Tswana about words that are spoke"

Me:"Fuck you!"

Baby:"I love you too"

-

It was now Saturday morning around 3 am and my Mom woke me and my cousins up to wear skirts and head scarfs then

my man called

Me:"Good Morning Husband"

Baby:Morning Wife, how are you?"

Me:"I am a bit nervous"

Baby:"Relax Baby, everything will go according to plan "

Me:"Let's hope they do Baby, look I have to go"

Baby:"I love you My Wife, more than anything in this world"

Me:"I love you even more My Heartbeat"

Baby:"We are doing this right?"

Me:"Yeah we are are a team"

Baby:"Take care, I love you once more"

Me:(I blushed)"Drive safely I still need you"

Baby:"I will Skittles Bye"

-

I did a little prayer with my fingers crossed that everything go according to plan

The Kaotsane's Family has been there for long and we are summoned with Reabetswe and Bokao after an hour and we got to the lounge and sat down

Uncle Sam: Which one is your bride amongst these ladies?

Kaotsane Uncle:The one in the middle with a brown dork

Uncle Sam: Thank you my girls you can
now go

We then left and I sat on the bed and
put my head on my mom's laps

Mom: Don't panic my daughter everything
will go well you will see

Me: I am really scared Mama

Mom: (She wiped the tears in my face)
Don't cry Mrs Kaotsane

Reabetswe came with water

Rea: Drink Sweet you will be fine

Me: Thank Sweetie

I gulped it down and felt better afterway

-Katlego-

Everything went well and I can say the Mautlwa's suck us dry for their daughter, she's a Princess after all, I am very happy that she's officially my fiance, Days of sneaking out are over

I am now getting ready for my traditional wedding

Dad: From today you are a man, I am very proud of you son(We Shaked hands and he put me on his embrace)

Me: Thank you Dad, I really appreciate it

Dad: Make sure you treat her right, you love her like she deserves to be loved, give her enough attention and respect her, your woman is not a punching bag, don't do anything I wouldn't do, it is your duty as a man to provide for your family, take care of your family, I don't want to see that girl suffer because her family gave her to us in one piece and beautiful, I don't want to see her with bruises or weight loss

Me: Thanks for the advice, I definitely will love, respect and give her attention, thanks Dad for choosing her for me, she is the perfect match

Dad:I am glad you are happy now Son, I wish you all the best in your journey

Me:I am also happy that I finally grew a pair and knew how to commit, I am going to make this marriage work no matter what!

Dad: That's my son, a true Kaotsane, now get dressed before we get late, your in-laws and your wife are waiting for you

Me:Okay thanks Dad

I wore my navy blue suit, white shirt and sky blue and white Tswana traditional horseshoe waistcoat and brown formal shoes then a knock came on the door and It was my mom

Mom:(Ullulating) My Son, today you are handsome than ever, ooh my Boy

Me:Mom even on my wedding day you are going to call me that?

Mom:You are always going to be my boy

Me:Okay Mom but not today please, today I am a man, someone's husband okay

Mom:Okay Mr Kaotsane

(We laughed)

Mom:Today I am a proud Mom, I am proud of you my son, now let's go your wife is waiting for you

Mom: Before we go let's pray

We held hands and I prayed

Me: Father Lord we come before you today to ask for your blessings Father, we ask you to lead us, today two families are about to be bind together, please bring peace, love and success in today's event, reign amongst us Father, guide us and shower us with blessings in our marriage in the Mighty name of Jesus Christ Amen

Everyone: Amen

-

We left to the Mautlwa's Palace, it showed that it was a wedding of a King's

Daughter, everything was so classy I was starting to get nervous

-Kgalalelo-

I was doing my make up and wearing my dress and doek already, my dress was navy blue and light blue, it was a boob tube, body hugging and a mermaid at the bottom and I covered my shoulders with a white shawl

Reabetswe: Yooh Cuz you are so beautiful, I have never seen such a beautiful bride, you are beautiful woman!

Me: Thanks Sweetie, stop it before you make me cry

Mom: She's telling the truth, you are

beautiful my daughter, today I am happy to see my one and only daughter getting married, I wish you all the best in your marriage my daughter, don't forget the things we taught you here in the Mautlwa family, go and represent us well in your new family, don't forget to come home, this will still be your home, you are always welcome here, cherish and respect your husband, and you know that a way to a man's heart is through his stomach, feed him in the kitchen and in the bedroom (The girls went "Ooh" and I was shy and I smiled), if you have problems in your house, resolve them, don't go to bed without sorting out your differences and

communication is key my daughter always communicate with your husband lastly remember that coming back home from a failed marriage is way better than coming home in a coffin, I am not saying you should pack and come home after every difference, I can't believe my Nana is getting married, it was just yesterday when you wore diapers now you are a woman who is about to have her own family and is getting married, we will miss you my daughter

Me: Thanks Mama, I really appreciate your words, I will always remember them and mostly I will miss my family

Aunt Seipone:Go and rise the Mautlwa

flag very high, I want to see little ones running around, remember you are a Princess, no matter what you'll always be a Mautlwa Princess

Me: Thanks Aunty I will always remember that too

We then started singing after getting rules from adults, the Kaotsane's have been outside for long, we are going outside and Katlego's family is coming to us while we go to them singing and they finally hand him to me and this guy can't behave and my mans is handsome, hands off ladies, he is officially taken sorry, the hunk is now mine, make peace and terminate those silly crushes

We held hands

Baby: Hey, you look more beautiful My
Wife

Me: Hey Husband thank you, you also look
handsome my Hunk

Baby: Thanks but I don't come any closer
to you

We got to the yard and Katlego
slaughtered a Goat to introduce me to his
ancestors and for my ancestors to
welcome him then after families shared
the gifts, My Father has been smiling at
me, he is so happy to see his daughter
this beautiful

Our day proceeds and we got inside the

tent and it was good, we ate and danced
then me and Katlego went inside left the
people being merry outside it was
becoming dark

We walked hand in hand

Baby:I am exhausted

Me:I am also exhausted, I just need my
bed

Baby: Tomorrow is still another day but it
is better because they are taking you to
my family officially nothing more, just a
few steps then we will cuddle

Me:You are so naughty my Husband

Baby:Or don't you miss my arms Baby?

Me:I miss them and the chest everything

Baby: Can't it be tomorrow already?

Me: Patience Mr

Baby: I want my Wife home now!

Me: Don't worry tomorrow we will be home

People were busy singing and dancing and the day went well as we wished and later most of the people were gone and I just went to bed

Lewatle: I can't believe it was just yesterday when I used to go to the tuckshop with you to buy lollipops for you while holding your hand now you are old and getting married, I am very proud of you my little sister, I wish you all the best on your marriage, I have always known that my little sister at some point had to get married but I didn't know it will be so soon, give the poor guy a bunch of babies

Me: I'll act like I didn't hear the last part, but thanks big brother (I side hugged him) Karabo and Kago I don't want to hear it, you don't know anything about marriage so please

(Dad and Lewatle laughed)

Karabo: Whoa whoa Mrs Kaotsane you are not giving us the opportunity to say goodbye?

Kago: I am dating I can say something influential and I will miss you and there won't be anybody to clean my mess, I am doomed

Karabo: Who will advise me about girls now? We definitely will miss you little sis

Me: You can always come to my house and visit me maybe you'll find your matches we don't know

Karabo and Kago are just crazy I know they are always mad but I will miss them

dearly, the three musketeers

It was my last moments in my bedroom

Me:I will miss you bedroom, thanks for being the best at all times

(I looked around and I did my last glance and closed the door, I looked all around the house and I said "goodbye home of the homest" and I left)

-

I was driving with Dad and Mom and it was a convoy of cars on the road, I was

advised the whole way, I can say I am blessed to have this two as my parents and I am blessed to have my whole family

My phone rang and it was Husband

Me:Husband

Baby:Good Morning my Wife, did you change your mind?

Me:I told you to be patient, We are almost there!

Baby:I am relieved, I thought you didn't want to be Mrs K anymore

Me:I wouldn't dare

Baby:I have to go Baby I love you

Me:I do too

Baby:You do what?

Me: What you just said!

Baby:I love you Baby, and I can't wait to see you

Me:Okay I love you more

My parents looked at me waiting for me to drop the call

Noisy parents yhuu!

Mom:Heeh is it blossoming already

Me:Mom please!

Dad:Yes we want to know!

Me:Okay, I am happy okay guys, I feel like I am the only girl in the world

Dad: I've always wanted to see that glow
in your face on your wedding day

-

We finally got inside the Kaotsane
mansion and they welcomed us, they sang
wedding Songs, women with brooms,
bowels pots, to show me that it is my
duty as a wife to do all of those, I saw
my husband he was wearing a jean white
and blue traditional shirt long sleeved
and white all star we danced to the house
together where we were going to get
advised in the same room now!

When you get married in the tswana
tradition you come with a bed, a
wardrobe, pots and utensils to show that

you will take responsibility

They advised us, we sat next to each other holding hands and I dropped my face the whole time, it is a sign of respect

Kaotsane Aunt: Woman you can see your Mother In-law is now old, you'll have to cook for your family, you are the daughter they have been waiting for and you have to make sure your husband is always full at all times both in the stomach and in the bedroom

(We looked at each other and smiled), our son is fit and muscled, we want to see him like that at all times and as happy as he is, respect him like he is your father

Me: Yes Ma, I will take care of him,
thanks

Uncle: Kaotsane you are getting her in one piece, she's round like a rondaval we always want to see her like that, provide for her and take care of her like we did, don't want to see her with scars and swelling, she's not a punching bag, she is your wife, love her at all times, we don't want to see you fighting tomorrow, we want to see you happy at all times my children, we are giving her to you as a true woman, she is still sealed, you won't unseal her and leave her like that!

Katlego: Thank you Pa, I will love, cherish and take care of this rondaval of mine

(He said taking my hand and kissing it,
this guy is too much)

-

I showed the ladies that I can make a
bed and I showed them I can cook by
cooking Pap and Stew yhoo Tswana
tradition is too much and I took food to
my husband, I had to first make him wash
his hands and wiped them with a dish
cloth and I bowed and went on my knees

Katlego's Ma: That's my daughter in-law,
this is a true Tswana woman

The ladies were ullulating and the
Kaotsane elders were praising my Family
so much

It was a good day indeed and my family left that evening it was Katlego's Parents and Grandparents only and I cooked dinner, I cooked Beef Stew and Dumplings and made Chakalaka

Grandma: This woman can cook

Katlego's Ma: Your food is delicious my daughter

Me: Thanks

after I washed the dishes I was damn exhausted

Me: I am going to bed

Katlego's Ma: Goodnight my daughter thanks for great dinner

We then went to bed later that night

Katlego: Finally we get to relax

Me:Eish I thought the weekend will not end

My man is so romantic he ran a bubble bath for me and I relaxed after I wore a red number a lacy lingerie, slippers and red silk gown

Katlego came and kissed me all over, and it was getting tense, I responded to all the kisses

Katlego: Let's get out of here

He locked his room and we drove to the hotel!

Insert 16

-Kgalalelo-

We got inside the hotel and it looked romantic, there were red roses everywhere on the floor and the bedding was white and the light was dimmed and there were candle light everywhere on the room and I was in awe when I saw those

Me:Baby it looks good in here

Baby:This is all for you my Wife

We sat down on the little set up at the corner and he poured champagne for us

Baby: Cheers!

Me: To us!

We fed each other strawberry dipped in whipped cream and it was all good with soft music playing on the background

Me: So the adults said I must feed you twice, I fed you and your stomach is full so now it is time for me to feed you
desert

Baby: Are you sure my love?

Me: Like never before!

He kissed the hell out of me and the kiss was starting to be a bit passionate and it got heated as he picked me up until placing me down on top of the bed

He got on top of me still kissing me so passionate as he slides his hand on my breast and he took off the robe and removed the straps of the lingerie leaving my breasts exposed

He kissed me as we explore each other's bodies in the kiss and our emotions took over

I put my hands free and grip him so tight I moved my hands to his boxers as I untie his robe belt, I don't know where I learned this or maybe it was emotions talking

I pulled his boxers leaving him with his underwear

He then undressed me leaving me butt
naked

We got undercovers and he took off his
underwear making his dick to sprung
out(I was in awe, so that big thing is
about to be inside me!) I thought to
myself

Baby:Are you fine Baby? Should I stop?

Me:No Baby I am fine

Baby:Are you sure?

Me:(I nodded) Yes Baby

Baby:I love you

Me:I love you too

He sucked my neck leaving hickieys

everywhere, he then move his lips on my nipples and they harden more, I flinched a little

He runs his hands between my thighs and I can't hold it anymore

Me:"Mmmhh"

Moans were slowly escaping from my lips

He kissed my stomach and sucked my belly button a loud moan

Me:"Mmmmh"

I moaned as he slipped his single finger inside my coochie our eyes met showing off all our emotions he kiss me gentle

At this point of my life I was very wet wet like it just rained in my coochie

He inserted a condom, I opened my legs wide above him as he guide his still throbbing erection into my waiting castle

He tried first time and he failed, I screamed in agony and I pushed him off my body, he tried again, it was unsuccessful again and I pushed him again and the third time he finally inserted himself

Me:"Ouuuuch" (tears were rolling down my cheeks)

Baby:"I am sorry Baby, I'll be gentle"

He wiped all the tears on my face and he started thrusting in and out but he was gentle and the pain was unbearable until I

started feeling better

We both moan loudly as I lower myself onto him

Baby:"Your so tight baby, just the way i like it"

I raised my hips and lowered myself down to make it easy for him, he was squeezing me very tight, He was now thrusting hard then our pace started to quicken

I screamed as our moans and groans fill the room

He groans as he wrap his hands around my waist I opened my legs wider to give him full access and he pushed onto me so hard I couldn't control my self anymore

Me: "Mmmhhh Ooohh God"

Baby: "I love you Baby"

He thrust deep as he can go and cum harder. He felt my walls tighten over his Penis he then fell on top of me

as I felt my eyes getting heavy on me I knew I had my first orgasm

We were both breathing so hard and we were sweaty

Baby: Thanks for trusting me

Me: Thanks for also being gentle

Baby: No, thanks for trusting me with your purity, it means a lot to me, I love you and I always will

Me: Thanks I love you more(He perked my lips)

He removed the condom and wiped me clean with a towel

I could feel that something big has left my body but I am happy I have my treasure to my husband and the husband I love

Katlego is my first everything, first boyfriend, first kisser and virgin breaker! I am proud of myself, I set standards for myself and I managed to reach them!

Bye bye V-card and Hello Sex Life!!!

We then cuddled I slept on his chest! My coochie was in pains but it was all worth

it

-Katlego-

I am happy she trusted me with her innocence, I looked at her while she was sleeping on my chest, my poor wife was exhausted and she was even snoring lightly, she was so beautiful and she had that glow!

I woke up slowly removing her head on my chest not waking her up because she was deep in her sleep

I quickly showered and I ordered breakfast, after that session she's obviously hungry, breakfast came and I woke her up

Me:(I kissed her all over the face)Wake
up Mrs Kaotsane

Babe:Hmmmm

Me:Wakey wakey Baby

Babe: Morning

Me:Good Morning, how did you sleep?

Babe:I am so exhausted and I feel like I
was hit by a train!

Her morning voice is so good

Me: Breakfast is here now go bath I ran
you a bubble bath

Baby: Thanks Baby (She tried to walk)
Ouch!

Me: What Baby?

Baby: My Coochie is burning and it is painful!

Me: I am sorry my Love

I carried her bridal style and I put her inside the tub

Babe: Hmmm

I think she felt better as the water with salts touched her body she even closed her eyes and she relaxed I did the bed and she came looking all better and dressed in her lingerie, slippers and silk robe

We had breakfast

Babe: Thanks for the bath and breakfast, snap Baby it is 6 o'clock I have to

prepare breakfast for your family

Me: Relax Baby my mom will do it

Baby:No, It's my duty let's get out of here before they notice we are not there

My poor wife was limping and I picked her bridal style and we drove home

-

She changed into skirts and doek and did breakfast and set the table, she made a breakfast feast and my family enjoyed it, My wife is a great cook yhoo

Insert 17

-Kgalalelo-

Later that day I was busy in the kitchen preparing dinner and I was still limping, my mother in-law came

Mama:Hey Princess, it smells good in here, my son is one lucky husband

Me: Evening Ma, thanks

Mama:Why are you limping? You look different today my daughter, you have that glow!

Me:(I dropped my head and smiled)

Mama:(She opened her mouth and put her hands on them) Don't tell me you are no longer pure

Me:(I smiled and looked away) Ma!

Mama:(She smiled like a baby at a candy shop Don't worry my lips are zipped

Katlego came in just in time to rescue me before I reveal all the secrets

Baby:(He kissed my cheek)Mom why are you terrorising my Wife?

Mama: We are having a ladies talk, you are distributing us

(I looked at them and smiled)

I went to the room and called my mom I have to update her on what has been happening on my life, seeing Katlego and Mma Kaotsane having a good bond made me miss my parents so much

Mom: "Mrs Kaotsane how are you?"

Me: "I am fine Queen of Ga-Kubu how are you?"

Mom: "I am not fine I miss you so much Princess"

Me: "I miss you more my Mom, where is Father?"

Mom: "He's at a council meeting, it's boring here I am all alone, how is marriage life?"

Me: "It's good up to so far and..."

I was so scared to break the news to my Mom because i didn't know how she will react to all of this

Mom: "And what out with it Princess!?"

Me:" Please don't judge me Mama and please don't tell Dad, I gave Katlego my purity last night!"

Mom:(She ullulated) "Welcome to womanhood my daughter, you are now a woman, don't worry this is between us only, this means soon there will be little ones running around"

I still don't understand why my mom was so happy that I lost my virginity but on the other hand I was happy she didn't judge or wasn't disappointed in me

Me:"Mom why didn't anyone tell me that it is this painful yhoo I am dying here"

Mom:"Be strong my girl, you'll be fine

just be patient the pain will fade in no time, I am proud of you, very proud of you!"

Me: "Thanks Mom, I have to go fish up for my husband and family"

Mom: "That's good my girl, remember all the things I taught you okay"

Me:"I will thanks Mom I love you and send my regards to Ma Mavis and Daddy Dearest"

Mom:"I love you more bye"

My Mom is like my friend, we talk about everything, she's the first person I turn to when I need advises, she's really important in my life not only because she

carried me, gave birth to me and nurtured me but because she is also present as a mom, that's the most crucial factor about parenting

The door swing open!

Baby: Who do you love?

Me: Are you jealous Baby? (I said going to him and I locked my hands on his neck)

Baby: I have to, with a dime like you, I have to be careful (He held my waist)

Me: Don't worry, I am yours and we are bound to life!

Baby: I am happy to hear that (He kissed my lips and grabbed my ass)

Me: (I pulled away) I have to dish up

Baby: Forget about that

Me: Not again Katlego please! (I said wiping my lips and I went away)

-

Mr Kaotsane: My daughter this food is good

Me: Thank you Pa

Baby: (He said kissing my cheek) Kaotsane men only marry the best cooks

This boy and kissing me in the adults presence

Mama: You know son, Kaotsane men have taste

Mr Kaotsane: Son, you have married here,

don't let this one slip off your fingers!

Baby:I won't Father I promise (We looked at each other and smiled at each other)

Mama:What do you say this days "couple goals"?

(We laughed)

Baby:Where did you learn that Mom?

Mama:I am not that old Katlego

Me:You are going with the times Ma

Mama: Exactly my daughter what do you call it?

Me:"Girl Power"

Mama:That one

Baby: What are you teaching my Mom now Princess?

Mama: Leave my daughter alone please Katlego!

Baby: Parents I wanted to talk to you about something, it's quite serious

Dad: Talk son we are listening

Baby: I was thinking me and my wife should look for a house!

I was in awe like Katlego didn't talk to me about this, he now makes decisions alone wow!

I gave him the dirtiest look I've ever given him before

Dad: Yeah, that's great, you are now

thinking like a man!

Mom: Why are you moving so early?

Baby: Whoa! We are not moving now but after our white wedding

Mom: That's in 2 weeks wow

Baby: Don't worry Ma we will visit and spend weekends here and we are not going far we are building here in Potchefstroom

Mom: Thanks my babies that's a relief
I stood up and cleared the table, I was annoyed

Mama: Don't worry my daughter I will do the dishes

Me: It's okay Ma...

Ma:(She cut me) Don't worry my daughter you need to relax

-

It was just the two of us now and I just wore my lingerie and I got undercovers and I faced the other way

Baby:You look exhausted Skittles should I massaged you?

Me:...

Baby:You can't tell me you are asleep yet!

Me:...

Baby:Baby I am talking to you, what's wrong now?

Me:...

Baby: Please what's wrong?

Me: So you are going to act like you don't know?

Baby: Tell me what's wrong because I am clueless!

Me: Wow, I thought we are married we have to sit down and take decisions together as a couple, you make decisions without consulting me first and it's high time you started using the pronoun "We" instead of "I"

Baby: I am sorry Baby I didn't tell you about that but I promise I will definitely include you in the decisions I take next

time, I am very very sorry my love

Me:I felt like a trophy wife in front of your parents because you didn't include me in your decision makings, I felt useless you know

Baby:I am deeply sorry, I hope you forgive me my love

Me:I will forgive you if you promise not to ever do that again!

Baby:I promise I won't baby, so am I forgiven?

Me: Yes you are

He kissed the hell out of me and tried to take my lingerie off

Me:Not tonight boy I am exhausted and I

am still in pains, you did quite a number on me last night

Baby:Ncoow I am sorry my Babe, what can I do to make it up to you?

Me:Just a massage tonight all your sins will be eradicated

Baby:Let me get the oils and get to business

He massaged me and we cuddled until we went to dreamland

-Katlego-

Today it is Saturday and me and my wife are chilling in our room, It is just the two of us my parents went to visit my partenal Grandparents at Taking and they will be back tomorrow night

I was sleeping on my back and she was

resting her head on my chest and having a wife-husband bond and ooh my wife is still scared to be intimate with me

Yesterday we went to check houses and we found the one we like at town, it is a 14 roomed double storey house and my wife loves it, I am happy she loves it, well our parents will be paying for the house as a present from them to us and we will have to buy our own furniture

Me:I was thinking we should start buying furniture already

Babe:I think we should wait we will buy it after our wedding since we have a lot in our plate, our wedding is next week Saturday

Me:Ooh yeah, eish we are going to have a busy week ahead, but atleast our outfits are fine and the plannings are going well

Babe:Yeah let's relax this weekend, Monday we have back to back meetings and after we continue with wedding planning

Me:That house is big enough for us and our soccer team

Babe:(She laughed) Soccer team? Bro you are alone there!

Me:We should start practicing already

Babe:I don't want to die, I am still young please

(I laughed and she gave me a death

stare)

Me:How about we go out and explore a little?

Babe:Nope I want to spend my day with you(She said getting close to me)

Me:Your wish is my command Baby

Babe:(She whispered in my ear)How about we... (she bit her lower lip and ran her hands on my upper body)

Me: Uh-huh(I kissed her and squeezed her boobs)

Babe: Please be gentle

Me:I will

We kissed until the kiss was hot

I started to remove the dress she was wearing and she was left in her panties and bra and she removed my boxers because I was only wearing them... The rest is history

We had 5 steaming rounds

I got off her and we were breathing loud and I was soaking wet of sweat

Me: That was good thank you

Babe: My pleasure Babe (She perked my lips)

Me: I love you, my Heartbeat

Babe: I love you more my Husband

Me: You must be hungry after those steamy rounds, what do you feel like?

Babe:I am craving pizza yhoo Honey

Me:Are you sure I didn't nut in?

Babe:You wish, now go get food I am hungry

I grabbed my underwear and gown and I went downstairs and I came with a bunch of food and we dug in after I ran a bubble bath and I joined her

-

Later that day we visited Sizwe and his wife

Sizwe:My man (We did hand shakes)

Me:My Brother from another mother

Sizwe: Where are my manners? Hello Mrs

Kaotsane

Babe:Hi Sizwe (They hand shaked and hugged)

Me:Bro stop touching my wife

(We laughed)

Sizwe:Baby we have visitors

We sat on the couches

Nolwazi came from the bedroom and she was holding baby Langelihle

Nolwazi:Hello

Nolwazi:She suits you

Me: Exactly Babe, it's like she is ours

We were washing dishes after eating

Nolwazi:You should visit again

Me:I will, you will come to our wedding

Nolwazi:I wouldn't miss it for the world

Me:I am happy you will be there

We went back to the guys and I saw My Heartbeat playing with baby Lee and they were so cute, he would make a great father someday

Nolwazi: Look at how good you are with Lihle you should teach "some men" (She looked at her husband)

Sizwe:You see now you got me in trouble
Kat

Baby:They say I should teach you, don't worry I will teach you

Sizwe laughed so hard and Nolwazi got

annoyed

Nolwazi: It's your turn tonight to wake up Bro

Sizwe: Tonight Lihle is sleeping with the newly weds, plus Kat is good with babies

Baby: Don't get me wrong, I love Lihle but I need to cuddle Bros!

They laughed

Nolwazi: Thanks Princess Vee for cuffing this guy, look at him he is smitten

Kat: Whoa before you bad talk me in front of my wife

Nolwazi: Okay my lips are zipped

I gave Katlego a death stare

Sizwe: So my man next week it is your biggest day, are you ready?

Baby: (He side hugged me and kissed my lips) I have never been so ready in my life

Later we left

-

We drove home late and we just got undercovers plus this guy here drained all of my energy during the day

Baby: Goodnight my love, I love you okay

Me: I also love you Mine

(He kissed my lips and held me tighter then we slept it off)

-Katlego-

I have the most beautiful wife, her bold eyebrows, a unique stood nose, smooth skin and pink lips caught my attention, she's my perfect match, I love her with my whole being, I never thought I'll feel this way about a woman my whole life, she released soft snores I perked her lips until she woke up

Babe: Huh-uh

Me:I am bored, Good Morning

Babe:Do you always have to wake me up

though?

Me:I missed you

Babe:I am right here(She turned and looked the other way and covered her head with blankets)

Me:Wake up woman we have to go to your Church in Mafikeng

Babe:Ahgg let me sleep for 10 more minutes

Me: No we don't have time, get up (I removed the blankets)

Babe:Why are you like this dude?(She dragged herself to the bathroom)

Shame my poor wife was tired, I wish there was something I could do but we

have to go to church because the Pastor that's going to marry us together will have to bless us today and make an announcement and we have to stand in front of the congregation

I joined her on the shower and we had a quick innocent shower then we dried and lotioned then I wore my navy blue scotch suit, brown formal shoes and white shirt with navy blue and white tie and a brown watch with brown man bag and Babe wore a navy blue skater skirt, white shirt, navy blue blazer and brown heels and she took a brown bag, did her facebeat and put on silver jewellery

We drove the *G-Wagon* to Mafikeng and

we arrived at 8:50 just before the
Service was about to start

The congregation came in numbers and
they were singing heated songs that
made me feel at home

Pastor Moagi: I greet you in Mighty name
of our Savior Jesus Christ Amen

Congratulation: Amen

Pastor Moagi: Thank you for those hymns,
today we have a special service because
not only us ordinary people are here we
have one of our Church members, the
King of the Ga-Kubu Kingdom and his
family

Congregation clapped their hands to

welcome the Kingdom People

I was seated next to My Heartbeat and My Parents were sitting on my right and the Mautlwa's family was seated next to Princess

Pastor Moagi: Today is the last Sunday of October 2017 there will never be another one, this might be your last Sunday on Earth, this might be your last Sunday in poverty and like our beloved Couple, this will be their last Sunday as fiancée and fiancée, next Sunday they will be Husband and Wife legally, we have gathered here today to Praise our Creator and Worship him Amen

Congregation:Amen

They ullulated and sang a wedding song, it was so beautiful

Pastor: In Genesis 24:3; 28:1-2, we read of the accounts of Isaac and Jacob. In these two marriages, the transactions were between the two consenting families.

The one with the charge to raise the child, the parents are the one scripturally empowered to give out the child in marriage.

Secondly, the wedding in Cana of Galilee where Jesus turned water to wine was a traditional marriage setting

The moment a girl is given in marriage by

her parents, marriage is known to have taken place

These were the precedences we see in scripture (Adam and Eve, Isaac and Rebecca, Jacob and Rachel).

What God is interested in is consent and witnesses. So who gives the consent?

The bride gives her consent, likewise the parents. Laban gave his consent before Jacob could have Rachel as wife.

In Genesis 2:22, when God brought the woman to Adam, it was to indicate to us that there must be a witness to a marriage

If I were single and were to get married,

I would prefer to go for a marriage
where less than thirty people would be in
attendance

The congregation laughed

The most important thing God looks out
for is consent and witnesses

God was the only witness when Adam and
Eve got married and they both freely
consented to the idea

God does not bless a marriage because a
wedding was solemnized in church; he
blesses it because marriage in itself was
his idea

Marriage is an adumbration of the
mystical relationship between Christ and

his church

When people consent to marriage, they advertently or inadvertently recognize the reality of Christ and the church

The scripture says that he that finds a wife has found a good thing and has obtained favour from the Lord

The blessings of the Lord comes on a marriage because marriage in itself is a good thing

The decision to get married is an act of obedience that honours what the Lord has instituted

A marriage will continue to attract the blessings of the Lord as long as "love"

and "honour" exists as the herald
between the couple

So if you don't want a church wedding,
just ensure there are witnesses from
your church at the marriage after your
parents have given the consent to it

God is only interested in consent and
witnesses Don't elope to do a secret
wedding somewhere Ensure there are
witnesses to it and that you've got a
consent to go ahead

God bless you my children and give you
happiest in your marriage

Us: Amen Pastor

He blessed us and they had a mini

celebration at church then from there we went to the Mautlwa Palace for lunch

King: I can see you are taking care of my daughter Kaotsane look at her glowing

Everyone laughed

Me: She's indeed glowing, I thank you once again for giving her to me and I promise to take care of her till eternity

Babe Kicked me under the table and I looked at her, she gave me a death stare, her father know where the glow is from and she didn't want him to know

Queen: Her glow even lit up this room

Mom: She's getting more beautiful by day even

My wife looked the other way and smiled
She was bonding with her brothers and I
was discussing business with Lewatle

-Kgalalelo-

The Parents now have noticed that I am
not pure anymore, they even discussed
that in the dinner table, I wasn't
embarrassed but rather relieved because
they know I gave my purity to my
husband and it is a must to be intimate
with my husband more especially after
putting him on a hunger strike for 2
months

Karabo: Here's this glow they are talking
about

Kago: She's even beautiful

Me: Not you too guys, I have always been beautiful (I slapped Kago)

Kago: Princess how's life have been treating you?

Me: Great I can say, y'all didn't tell me sex is this good

They laughed

Karabo: Princess please not in my father's house

Me: Yhuu I forgot King Mautlwa is here

Karabo: That tittle suit me, I should be the next King

Me: A fuckboy King, that would be a

disgrace to our Kingdom

Karabo:Yhuu Miss reputation

Kago: People who don't know you don't know anything, I'll have to love and leave you I have a booty call to attend

Me: I'll tell Bontle

Kago:Some of us are single unlike you Mam'

I miss this two souls so much, we went out separate ways and I went to look for my husband and I found him talking to Lewatle about business

Me: Gentlemen

Baby:My wife

(My Baby side hugged me)

Lewatle: Mrs Kaotsane

Me: What are you talking about?

Babe: Business as usual

Lewatle: We are gossiping you

Me: You are capable of that my husband
Wouldn't

Lewatle: Ouch (He held his heart)

Me: That doesn't scare me, Baby it is
time to leave

Katlego's Parents came we said our
Goodbyes and we drove to Potchefstroom

-Kgalalelo-

Today it is Wednesday, our wedding is in 3 days and I have to go home because according to the African tradition, a man is not supposed to see a woman a day before the wedding and we are also going to check if everything is in place at the venue, Katlego was snoring beside me

Me: Wake up Baby

Baby: Hmmm

Me: Get up Dude

Baby: Not now, give me 5 more minutes

He said rubbing his hazel eyes and he was half asleep and he looked very cute

Me: You said that 10 minutes ago (I hit him with a pillow)

It is karma and Bro shit is a bitch for real, my man here always wakes me up but he doesn't want to be woken up

Baby: Okay Dude I am awake

Me: You see how I always feel when you cut my beauty sleep short?

Baby: It's different, you are always taking extra minutes of sleep

Our kids will be lazy with us as parents, we love to sleep okay let me say I love to sleep yhoo

Me: So what you are trying to say is that I am a lazybone?

Baby: Whoa you are putting words in my mouth

Me: Mxm (I pouted and looked the other way)

Baby: Sorry come here (He perked my lips)

Me: Eew Dude, go and brush your teeth

Baby: Fuck you

Me: It takes two

I said getting off bed and going to the bathroom and I took a quick shower, lotioned and wore my brown maxi dress, doek and black mules then guess what I

found my man busy snoring and I hit him
with a pillow

Baby: Geez Princess

Me: Get up please, I am not going to
repeat myself

I left him and I went downstairs to
prepare breakfast, I started by drinking
my shake because I am watching my body,
I have a dress to wear on Saturday and I
want zilch mistakes

I prepared full English breakfast and the
table

Katlego's parents came downstairs just
as I was about to go call them

Me: Good morning (With a warm smile of

course)

Them: Good Morning bride

Me: I was about to call you breakfast is ready

Ma: I am now getting used to being spoiled rotten, I will definitely miss you when you are gone

Me: Don't worry Ma we will visit more often

Pa: We will miss you my children, the house won't be the same without the two of you

Me: (I chuckled) I have to take breakfast upstairs for Katlego

Ma: My son is blessed to have you, I don't

want to lie to you, you are a rose amongst
the thorns

Me: Thank you Ma, I am also blessed to
have him

Well I feel bad about leaving them alone
but we have to learn to be independent,
we need our own space and we also it is
necessary for us to have our own house
as a couple, we can't live in the shadow of
our parents

-

I found Katlego doing the bed, he was
already done bathing and he was dressed
in his trackpants and vest

Me: I made you breakfast

Baby: Ncoow thanks my love, you are the best (He held my waist and kissed me)

Me:Yuck you still have to eat

Baby: I can even eat you if possible

Me:No don't!

(We laughed)

He dug in

Baby:Hmmm, this food is good, I accolade and thank your mom's teachings, if I knew you cook this good I would've married you long ago

Me:Foodie yhoo, I also thank them for teaching me the house chores

Baby:Them?

Me: Mom and Mam' Mavis our helper,
Dude those women abused me

(We laughed)

Baby: Sorry you had to go through that
but I promise it was worth it

Me: You think?

Baby: Yeah, you cook just as good as my
Mom

Me: It's a Kaotsane bridal thing!

Baby: Have a little bit of this My Love!

Me: Baby no, I am watching my figure or
do you want my dress to tear in front of
the people?

Baby: One bite won't hurt

Me: Okay

He fed me, yhuu this guy just makes my heart melt

(We laughed)

He looked at me like something was wrong with my face

Me: Is there something in my face?

Baby: No, I was just appreciating your beauty and I can't believe that tonight I'll be sleeping all alone in this bed

Me: Don't worry from Saturday night you'll have all of this to yourself (I said in a seducing tone while biting my lower lip and I got on top of him and I rested my chin on his chest while looking at his

face)

Baby:I can't wait and I booked us tickets to our honeymoon, we are leaving Saturday night

Me:Where are we going?

Baby: It's a surprise

Me:You are lucky I trust you otherwise I would be throwing a tantrum

Baby:I got you Babe don't worry, yhoo the tantrum is not necessary, I want to attend my wedding sane please

Me:(I playfully hit him)Jerk!

Baby:Ouch! Baby you are abusing me, you should say goodbye properly

Me:I got you

He grabbed my ass while I was on top of him while kissing me and I felt his dick growing under me and poking me, he put his hand under my dress and continued grabbing my ass and he went up and squeezed my boobs, he flipped me not breaking the kiss and nor removing his hand, soft moans were starting to escape my lips, his touch made my whole body tingle, he removed the dress and I was only left in my things, my breasts sprung out because I was not wearing any bra, I removed his vest and he was teasing me, he was biting my earlobes

Me:Wait!

Baby:(He was surprised)Is there something wrong My Love?

Me:No, relax just don't leave hickeys please

Baby: Don't worry I won't

He continued not wasting anytime, he took off his trackpants and he was only left in his underwear, he looked sexy, I wish I could have him right away, he teared my thong with his teeth

Me:That was my favourite little jerk

Baby: I'll buy you a lot of them

He continued and he kissed my stomach going up and his breath was so hot turning me on even more, I released a

loud moan

Me:"Oooh hmmm"

Baby:(He whispered)"Keep it down my parents"

We laughed and I held my mouth

He took off his underwear and the Bro sprung out all ready for my castle

He put on a condom

He inserted himself immediately without wasting time and he thrust slow then he picks pace and he started thrusting faster and harder, he was hitting all the corners of my vagina at that point, I felt an orgasm building up

Me:"Ooh yes Baby"

Baby:"Shit"

He collapsed on top of me, that one round was great and it was enough

Baby:That was good yhoo

Me:I know

Baby: Woman you gonna be the end of me

Me:Then so be it

We laughed and we cuddled

I was sleeping on his chest and listening to his heartbeat, I felt safe in his big arms and what I know is I want to sleep on this chest until eternity

-

Around 13:00 we loaded my luggages in

G-Wagon, I already packed for the honeymoon and we left, my husband is so overprotective he drove me all the way home and he was going to fetch his suit from the designer well and Friday night is "Drum roll please" my bachelorette's party and Baby's bachelor's party mine will be at Letsatsing Lodge and His will be at Redox even though it's a secret and I wasn't supposed to know, my man here whispered to me

Me: Let's go check the progress of the venue now before you drop me at home

We looked at the venue and my gosh everything was looking fine just as we wished

Katelyn:I hope you are happy Princess
and Mr Kaotsane

We looked at each other and smiled with
Baby

Me:Yes we are very happy

Baby:(He side hugged me)In fact we are
more than happy, it is exactly what we
wished for

Me:All that's left is for us to walk down
that aisle

Katelyn:Well I will deliver your
bridesmaids and groomsmen outfits on
Saturday morning at your hotels

Me:Okay thank you

Katelyn:I am happy if you are happy,

thank you

Us:It is our pleasure

We shaked hands with her

Well we were now going to fetch
Katlego's suit and he went in alone and he
fit it, I was waiting for him at the
reception area

Me:And then?

Baby:It is perfect My Love

Me:What a long day, now take me home

Baby: Ncoow my poor woman, I'll book
you at a spa tomorrow

Me:(I jumped at him and kissed his
face)Thank you Baby you are the best

-

We stopped at KFC and grabbed bites

Me: Please Baby don't drive rather sleep at a hotel or at your Aunt's house please

Baby: Ooh she's worried!

Me: I am dead serious, you look exhausted you can't drive in this state please promise you won't drive to Potch tonight!

Baby: I promise I won't Skittles (He kissed my hands)

He knows which buttons to press, this name just make me blush everytime

We hugged for like 5 minutes, the next time we will be seeing each other it will be thee day

He perked my lips like it's the last time
and we were outside the yard

Baby:I love you Babe, Don't ever forget
that

Me:I love you even more, I won't forget
that

We hugged again and he perked my lips
for the last time

The Security guard took my bags to the
house

I was now at home and even was happy to
see me

My parents house was packed yhoo with
family members

I went to my bedroom and I slept it off

tomorrow I have a long day, I am going to fit my dress and check if everything is in order

Insert 21

-Kgalalelo-

I was woken up by the noise in my hotel room, it was a bunch of my braidmaids, my mom, my aunties and cousins they were singing wedding song and ullulating

Mom: Good Morning Bride, now get up it is your big day and you have a long day ahead

I woke up danced and sang with my crazy family then I went to take a bubble bath, I was a bit exhausted they threw a surprise bridal shower for me yesterday and we slept today at 3am now I am a bit exhausted

After showering my mom brought me breakfast just what I need, I dug in and after I did my nails, my make up and I got dressed in my wedding gown

My make-up artist asked me to turn to the mirror

Jacques: We are now done doing magic to you my Darling, do you want to see yourself?

Me:(I smiled and nodded curiously)Yeah please

Jacques:You are the most beautiful Bride I've ever seen in my line of work

He turned the chair and I saw myself on the mirror, wow I didn't even recognise myself

Me:Woow! Thank you Jackie, thank you so much! (I shed a tear)

I couldn't believe that I looked that beautiful

Jacques:No don't thank me Darling, you are beautiful naturally so it was easy for me to accentuate your beauty

I looked like a princess I am everyone

came flooding in to see me when I was done

Mom:(She dropped tears)Wow, Wow, Wow you are beautiful my daughter, you are the most beautiful bride I have ever seen

Seeing my mom drop those tears made me emotional, I even lost words, I just nodded instead of saying thank you

Reabetswe: Don't cry you'll ruin your make-up

Jacques: Exactly Darling, now I see why that guy decided to marry you, you are beautiful woman

Me:Stop it guys, I'll cry even more if you

Aunt Ann, my mom's sister came inside
the room and she saw me

Aunt Ann: My sister you gave birth to a
dime here, look at her, that boy better

Me: Thanks Aunt

Mom: We have to drive to the reception

Mom hugged me

Mom: I wish you all the best my daughter,

smile it's your big day

Me: Thanks Mama, I love you

Mom: I love you more Baby

We hugged again then we went to the car

We drove to the reception area

-Katlego-

I woke up with a heavy headache yhuu
the perks of drinking before your
wedding, I woke up and grabbed a bottle
of tonic water in the fridge and I gulped
it with a panado, I took a long bubbly
bath and I felt better afterwards and I
look outside the hotel window, I
generated the mood from just being by
the sun rays reality hit hard that today I

am officially going to be someone's
Husband speaking about being a husband
let me call my beautiful Princess

Baby: Good morning Groom of the day

Me: Morning my beautiful Bride, how are
you?

Baby: I am good but scared a bit Babe and
you?

Me: I am also good and happy, are you
already up?

Baby: Yeah, I am doing my make-up and
hair now

Me: It should be our wedding everyday,
this time you are snoring, your lazy ass is
still at dreamland

Baby:(She laughed) I'll act like I didn't hear that

Me:But you heard it, I can't wait to see you today

Baby:Be patient you'll see me in the next 2 hours

Me:Do you blame me? I mean you are the most beautiful woman in the world

Baby:Dude you are making me blush and that's ruining my make-up

Me: Sorry I'll pay the make-up artist extra for ruining your make-up

Baby:(She laughed) I have to get going, I'll see you at the venue, I love you okay and don't get cold feet

Me:I love you more, cold feets are for boys and I am a man

Baby:Ohhh wow that's my man, bye my Honey

Me:Bye for now my Skittles, we are doing this right?

Baby:Yes Honey we are, come rain or shine!

Me: Thanks Baby I love you, now finish getting ready I want to see you and hold you

Baby:What did I say to you about being patient Kaotsane Junior?

Me:I can't be patient today, I want to see my Wife, I love you Miss Mautlwa

Baby:I love you more, we are getting rid of that tittle today Bye

I ordered room service and I got dressed and in my wedding suit and I went downstairs to my boys and they were just waiting for me, they looked all good and dressed up

We had conversations there and there, they were congratulating me and we toasted to that

Sizwe:To Katlego and his being cuffed

They laughed

Us:Cheers

Then we left to go to the garden where our reception will be held

We stood there while waiting for my Princess and just after a few seconds instrumental music started playing, my palms were starting to be sweaty, that's when reality kicked in like never before Her Bridesmaids started walking in and a few seconds later the flower girls and boys walked in the girls were dropping flowers and the boys were holding flower baskets it looked so cute but my patience was wearing thin in the process because I just wanted to see My Princess in her white gown

A musical started to change and they played a Royal one

My jaws immediately dropped when I saw

my beautiful wife walking down the aisle with her father, beautiful is an understatement at the moment, she looked like a million dollars yhoo, I've never seen such a beautiful woman in my entire existence, I couldn't even recognise her, all the attention was on her

Our eyes met and locked and we instantly smiled at each other and she dropped her face again

They reached the aisle and King handed her to me, we hand shaken and we stood in position

Me:Hi Wife, Wow you look beautiful

Babe: Hey Husband, Thanks you, you also handsome

We smiled at each other

It was now all up to the Pastor

Pastor Moagi: Good Evening ladies and Gentlemen, today we have gathered here for the Holy Matrimony of Katlego Kaotsane and Princess Kgalalelo Mautlwa, hold each other's right hand, let's bow our heads and pray, In the Mighty name of the Father, the son and the Holy spirit, we are here today Father asking you to intervene in the Holy Matrimony of your children Lord, we ask you to be with us through the service and lead us and we ask for guidance Father, bless them and

Insert 22

-Kgalalelo-

We went to the garden and we took a bunch of pictures that will always remind us of this day

We went to change to our second outfits and we went to the wedding venue

This time we went in with a dance, it looked so beautiful, our bridesmaids and groomsmen went first and we went last then we sat down and then our wedding celebration started

Our cousins we our MC's Katlego's cousins Thabang and My cousins Malesedi

MC: Thank you, thank you everyone

become settled, I am Thabang Kaotsane and today I am going to be your master of ceremonies together with this beautiful young lady beside me, she goes by the name Malesedi Mautlwa, today we are in a holy matrimony of the Ga-Kubu Princess (everyone Ullulated) and Kaotsane Junior (The guys whistled), they are now officially Mr & Mrs Kaotsane, if you had your eye in one of them it is over, our next item I will call the parents of the bride and the groom to tell us how much of a headache our couple was growing up, we'll start with the bride's parents
(Everyone laughed)

Mom and Dad walked up the stage

They praised my father's clan names and they stood as a sign of respect to the King

Dad: Good evening everyone, today we are celebrating a union of two people, I am glad I lived to see this day, I am happy but sad at the same time, I am happy that my daughter is getting married to the man she loves, but I am sad that she'll be leaving my house, changing her surname and she now won't be under my wing anymore, I remember it was just yesterday when you were young and tiny, today you are getting married, you grew in leaps and bounds, growing up

you were always the rose amongst the things, but I am happy those things took a very good care of you my rose, (My brothers clapped their hands while smiling) I always knew that she had to be married and start her own family, Kgalalelo is a Princess and according to our tradition, a seed of a King has to marry a partner that was arranged for them, we didn't force this children to marry each other, they married each other because they love each other, I hope you will always be a good girl we raised my Princess, go and represent us well, I hope God bless you in your marriage, give you strength and courage

to overcome anything coming your way because there is no marriage that is a bed of roses, Kaotsane I give you my Gold, polish it and take care of it

Katlego nodded and we looked at each other and smiled

Mom: Good evening, Firstly let me thank you all for coming from all the parts of the world to come and witness this beautiful day of our children, My children I am very proud of you, we wish you the best in your journey, we want to see that happiness in your faces all the time, if the marriage life becomes hard my daughter just go on your knees and pray, prayer is everything, We will miss you at

home, your good meals and your bubbly presence, God blessed us with you and now she will bless another family with you, always remember what we taught you at home, respect your new family and remember that the Mautlwa house is always your home

(My Mom shed a tear and they went to sit down)

MC: Thank you King and Queen, you heard it from the horse's mouth, the marriage was not forced, they had a choice to stop this but because of the bond and love they are still together and today we are witnessing all of that now I will call the Kaotsane Family

Mr Kaotsane: Good day ladies and gentlemen, today I am speechless, I see the young boy I've raised take action and responsibility, I am proud of you Son, I remember how you used to tell us that you will never in your life marry today we are telling a different story, Everyone who is close to you is a witness that you have tied the knot today, your tittle Mr has honour next to it, I shower you my children with blessings that will carry you throughout our lives, Bride we welcome you to our family, as Tge Queen have said, you are a blessing from the Mautlwa's to the Kaotsane's, we thank you so much my King for borrowing us your Gold, we will

shine it and we promise to treasure it like you did, Katlego, you see your mom doesn't have any scars, in your entire life you have never seen me lay my hands on her, I wish you follow my footsteps also

Mrs Kaotsane: Good day, I am so happy I can't even control my emotions, I now have the daughter i've always wished for, I thank you so much the Mautlwa's for raising a woman of integrity, my son will be well taken care here, I take my hat off to you my Queen you have done a good job here, my boy (Katlego laughed) you will always be my boy, you have grown so much, I am proud of you for finally taking responsibility and marrying, it's every

mother's dream to be there on their child's wedding more especially since you are alone, it means we will never get another opportunity to witness another wedding in our lives, another thing I want a bunch of the little ones running around my garden and ruining my flowers and lawn, I wish you a long life together (She blew kisses)

MC:Not all the mother in-laws are this welcoming, you are blessed Princess, well I hope you heard it our wedders, my Aunt want a bunch of grandchildren

(We looked at each other and we smiled)

MC:Well our next item is very interesting we will hear all the interesting news,

gossip and secrets, be a witness and listen attentively, we will call the Bride's best friend whom is our maid of honour to tell us about Kgalalelo's crushes and all

Mamello: Good day ladies and gentlemen, my name is Mamello Moserwa I am the best friend of Princess Mautlwa oh Sorry Kaotsane today, scratch that (Everyone laughed), I met Princess at Pre School, our homes were not even far from each other, she has always been forward but shy, I remember when we reached puberty and everyone was dating she would always say, my father would kill me if I dated and she was scared of boys,

she didn't want to be seen talking to a boy, but despite all people always respected her and everyone knew her so I was known to be her cheaperone, I had always been the spokesperson, the guys knew that they would get a tongue leash from me if they tried to hit on her, we have shared life's best moments together, we have, laughed, cried and laughed until we cried, we know more about each other than than we probably care to, I've been present to see Princess Vinolia mature, grow and evolve to this beautiful woman she is today who is sitting before us I am honoured to not just call her my best friend but my sister,

she is the most intelligent, kind-hearted and selfless woman you'll ever meet, I know Princess Vee puts forth thought, dedication and effort to everything she does and I know she will do exactly the same to her new role as a wife, thank you so much Katlego for putting happiness in my friend's face, I'll leave the two of you with a little advice, marriage and love is not always perfect, it is not a fairytale or a story book, it is overcoming obstacles, fighting challenges, fighting to be together, holding on and never letting go, I hope you will forever look upto this day, I wish you a long and happy marriage, I love you my friend stay blessed Katlego

Everyone cheered, I held my tears, I didn't want to cry, I never knew my friend is mature to this point, she said words that will forever stay in my heart

MC: Thank you my sister, this is sisterhood, when you choose friends, choose good friends, it's been more than 20 years of I am not mistaken and still they are friends and she's even giving them advices that will help them in their journey of life, my sister friends like you are important, well next it is the Groom's friend and best man, let's hear how they hit on girls

Sizwe: Ladies and gentlemen, to those of you who don't know me, I am Sizwe

Dlomo, a good companion of the groom, I've always knew that Katlego is not interested in the deep themes of life, Katlego and I grew up together we have spent countless afternoons behind sports, computers and TV games rarely school work but a lot of laughter, I would need a few days to tell our paradoxical stories that we lived through at the time, in fact I remember the most memorable ones in which life's fabrics seemed all made of vibrant energy and fun with others who are here today we shared high school, I met Katlego in our first day at high school, he was from here in Mafikeng and I was from Durban, we both didn't have

friends by then, he has always been a blubber mouth he came to me and said "hey you look new around here" that's how our friendship started, he has always been a ladies men, in our modern English we called him a "player", he has never been in a stable relationship, this is Katlego's first official relationship but I am glad he is now committed, I take my hat off to you Princess, I remember when he first met you he couldn't stop raving about you he even refused to tell us your name that's when I knew that you stole his heart, I've always wondered how Katlego's inner life looked like until he met you, In our 10 years of friendship I

have never seen him smitten and I have never heard him say "I love that woman" I finally did a few weeks ago thank you for bringing the best out of him, I'll also like to leave you both with an advice, life becomes easier when two minds work together to reach certain levels, you married each other to overcome life's challenges, marriage life is not a bed of roses but with togetherness you can make a lot possible, my friend my manly advice to you is, cherish your wife and always give her time, we as your friends come second even if we came first, and I also want you to know I am very proud of you for taking action, it's true when they

say you cannot predict the future, who knew one day you will marry! I also take my hat off to you my friend, my sister one thing I promise you is you have found a man in my friend! I wish you excess happiness and success together with a galaxy of stars that will shine anyday and blessings to the end thank you

MC: Thank you so much, one thing I heard more than the others is that the Groom started to love a woman with Princess Vinolia, well our next item is my favourite of them all, the floor is about to get messy, ladies and gentlemen I present to you Mr & Mrs Kaotsane

Katlego stood and he came to my side and

took my hand and we went to the stage
which is our dance floor

Ed Sheeran's Thinking Out Loud played
and we danced, guys it was so perfect
and later everyone joined when Ringo's
Sondela played and we all danced yhoo it
was fun

After dancing we ate and after eating it
was our turn to make speeches

MC: Thank you so much I can see that our
couple will make circles at clubs (People
laughed) that was heated now get settled
and I want zero noise because our Groom
and Bride will give their speeches

Katlego came to my side again to take me

MC:I can see you are romantic Mr
Kaotsane, my cousin is blessed here guys,
who will start

Babe: Ladies first, My Beautiful wife will
start

I took the mic and I started speaking

Me: First and foremost let me greet you
all in the Mighty name of our Savior
Jesus Christ. Well I don't know where to
start, naturally I am a shy person but I'll
try to be brave for today. When I was a
little girl I have , I used to dream about
my wedding day, I would think about the
beautiful white dress, the gorgeous
flowers and the delicious cake and I to
admit all those things have been nice

things about my wedding at the same time none of it would mean anything without my wonderful groom, our lovely friends and families, all the material stuff is extra but it is the people you love that make special days like this meaningful. We want to thank you all for coming here to witness our special day. It goes without saying that this day is obviously about the love Katlego and I share, but there are two pairs of special people we wouldn't be here without and those special people our our parents. To my Mom and Dad you did all what good parents do, you nurtured us , protected us and loved us but also you loved each

other and we got to witness your love growing up whether intentional or not, the love you share had a deeply profound impact on me, even as a little girl because of you I know what real love is and now that I am older and marriage, I cannot wait to share my whole entire life with this one person (I said looking at Baby and holding his hand even tighter) who is special and means so much to me. Thank you you Mom & Dad for always showering love on me, to my three musketeers, thank you so much for protecting me all the time, I love you all with all my heart and thank you Mam' Mavis for nurturing me like your own daughter. The Kaotsane

family for raising my King for me and for welcoming me with warm hands in your family, I promise to be the daughter you wished for and thank you Baby for being the best at all times I pray God always keep us like that

MC:It is now official, you can even hear how comfortable our Bride is when she says "Baby", it is in the legal tone, Groom it's your time now!

(Everyone laughed)

Baby:Let me start by thanking God for making this day a success , King Mautlwa for blessing me with your Treasure, we prayed for beautiful weather, good health and for all our guests to arrive

safely. From bottom of our hearts we want to all of you for being here your presence really mean the world to us. To my parents for guiding , even now as an adult, for raising me in the best way possible, for making sure that I had everything I needed more especially the attention and love they gave me, I wouldn't be here if I wasn't raised in a family that has warmth, I appreciate all the things you have done for me, all the hidings, groundings were preparing me for the future which is now I love you both. To Princess Vinolia's parents for raising such a wonderful woman, and I promise to look after your Dime King and

to our guests and organisers for making this day even more complete, and lastly to my beautiful wife, my Skittles (At this point I was smiling to the core) as we all know this day would have not happened without you, thank you for taking a chance on me and thank you for loving me the way that you do

MC: Thank you so much our Groom and Bride, It looks like everyone who spoke here today had rings on their fingers it is just me and the Beautiful lady besides me, but we will make a plan, it is now time for our couple to cut the cake

(Everyone laughed)

We stood up and we went to cut the cake

and we fed each other and we kissed and hugged

MC: If you were listening the Bride said their love can only be seen through kisses and hugs and that was love that just happened, now our programme is almost over, the three musketeers will present us with a toast as an official Goodbye to their little sister, you know Princess Vinolia is blessed, 3 brothers, the other one is for protecting, the other is for gossips and secrets and the other is for sulking, I am joking, ladies and gentlemen the Mautlwa Princes

They stood up and walked to the stage

Lewatle: Good evening, well you are right,

every brother has his role I guess I am the big brother that get to experience all the sulkings but I am glad I won't experience all of that anymore, good luck Katlego

(We laughed)

Karabo opened the champagne and pored it in their glasses while Lewatle will be doing the first toast

Lewatle: Let's all raise our glasses to Mr and Mrs Kaotsane, to new love, new life and everything in between cheers!

Kago: To happiness and prosperity and to having a bunch of children cheers!

Karabo: To solving life mysteries together

one embrace one at a time and to being together forever, and to welcome you to the family cheers!

My brother's came to us after the toast, they gave us embraces and handshakes

MC: That was beautiful, I don't know whether I should say, it is four musketeers now or?

My Brothers: It's four musketeers now!

My brothers are the best yhoo I don't know what I would do in life without them

MC: Now we predict the future even though they say we can't predict it, it's now time for bouquet and lace throwing, we want to see who's weddings we will

attend next, all the single ladies this side
and all the single guys this side

Katlego put his head inside my dress to
search for the lace and he came with it

The guys were cheering the whole time
Katlego was under my dress

I threw my bouquet and it landed on
Owami's hands, Katlego threw the lace
and it landed in Thato's hands

MC: You've heard and seen it all today ,
from three musketeers to four
musketeers, to the bride who always
dreamt about her wedding day, to the
best friends revealing secret, to parents
sharing advices with the Groom and Bride,

the most amazing vows I have ever heard and the witnessing of love through kisses and hugs, the ceremony is now almost over the Princess you said "Yes I do" and there is no turning back, Katlego my man you are now cuffed, Thank you so much, I am mostly happy for your cooperation, until next time than you so much

-

We exited the hall and we went to change to our third outfits, we then went to the hallway and they released doves and we hugged everyone and we got inside the Limousine and off we went to the honeymoon

Our perfect day was over just like that

and it was now time for real life, 10
November is our anniversary

-Kgalalelo-

I was dreaming and I heard someone
patting my shoulder

Baby: Wake up we are here My Love

I quickly fixed my face and I looked
around

Me: Where?

Baby: Mauritius My Love! (He said lifting his hands with excitement)

Me:(I covered my mouth with my mouth in awe) Thank you so much Baby (I hugged him and kissed him all over)

Baby:Whoa save that for later for now let's go

We got out of the plane and I looked around

Me:I can't believe I am in Mauritius, ncoow Baby thank you, my dream place

Baby: It's my pleasure My Love

We put our luggages in a trolley and we went to a metre taxi and we drove to this beautiful beach house

Me:Wow Baby, a beach house?

Baby:Yeah you won't survive at a hotel for 2 weeks

Me:(I lifted my hands and looked above)Thank you Lord for blessing me with this man, Amen

Baby:(He laughed) You are crazy, a crazy Princess

Me:(I sulked and went inside) Wow this house is beautiful (I quickly ran to the balcony and I enjoyed the breeze and the view of the ocean)

Babe came and hugged me from behind and he rested his head on my neck with his hands around my waist

Baby: I've been looking for you

I kept quiet and closed my eyes and
enjoyed the breeze of Mauritius, I
couldn't believe I was in Mauritius

Me: Can you feel that?

Baby: What?

Me: Peace

Baby: Are you hungry, we should order
pasta

Me: I thought you'll never ask

Baby: My foodie, let's go now

Me: Baby I am still enjoying the fresh air

We ordered pizza and wow the pizza
here is good and different

-
Stripped naked and we showered together and it was an innocent shower, we are still jet lagged after we went to sleep and we woke up in the morning I was pressed and this guy over here held me so tight like he thinks I will run away at night, I tried to remove his hand but he was too strong for me, I pat his hand so hard for him to wake up

Baby:Hmmm

Me: Release me Dude I want to pee

Baby:No, I still want to hold you (He held me even harder)

Me:I am gonna pee on the bed if you

don't release me

Baby:(He laughed)Go before you mess up the mood

I laughed and went to the bathroom, I did my business and after I washed my hand and I went back to the bedroom

Baby: Come back to bed, I missed you

Me:My poor man, how was it sleeping alone for the past 3 days

Baby:The bed was so cold I just wished that it become Saturday already

Me: Don't worry I'll make it up to you

Baby:How about now? (He came closer and tried to kiss me)

Me:(I pushed him) Not now Lover boy, we still have to explore and grocer, the other thing is I am very hungry

Baby:You are so unfair

We showered and I wore my peach floral dress with brown sandals and My Man wore khakhi shorts with white vest and navy blue sandals and we went to have breakfast to a restaurant closer to the beach

We went to do grocer after we went to the beach house

-

I was in the kitchen packing the grocer and Katlego was watching Soccer in the

bedroom

Babe: We should call our parents to inform them that we arrived safely

Me: Let me finish here first

We called our parents and they were happy to see us and then we called our friends

Mamello: Hello newly weds, how are you?

Us: We are fine and you?

Mamello: I am also good, tell Chom how is Mauritius

Me: It's good yhoo, I even feel like relocating here, this place is peaceful

Baby: Mamello please tell your best

friend to stop dreaming, there won't be any relocating we will be doing anytime soon

Mamello:Your husband...

Me:(I cut her) I heard that

They laughed

Me: Mamello how is my little one doing?

Mamello: This one is making me sick and kicking me yhoo

Me:(I laughed) It's boy and he's going to be a soccer player

Mamello:You sound like My Husband now, I miss you already when are you coming back

Me: We just got here, sometimes next week, duty calls, I have a lot of things to do back at home

Mamello: Enjoy that holiday while it lasts, and brother-in-law isn't my little sister a headache I know she can be crazy at times

Me: Huh you didn't

Baby: She's behaving for now and I don't wish to see that crazy side just yet

Mamello: Trust me you will instantly get used to that side

Me: Don't listen to this one Baby it's just hormones speaking, Mamello do you want to ruin my marriage?

Mamello: We both know what I am talking about, Bye guys my husband is home

Me: Say Hi to him Bye and tell little one that Aunty loves him

Baby: Bye

I then laid my head on Katlego's chest

Baby: I have to tell you something

Me: What?

Baby: Promise me you won't be angry at me

Me: Soot

Baby: We have to fly home this Saturday we have an emergency at work

I got off his chest and sat on the bed

Me:But we just landed, I want us to enjoy our holiday

Baby:I promise you My Love I will organise another honeymoon in December and we will go to The Bahamas, I promise you

I got off the bed and went to the kitchen and I poured water in to the glass and gulped it down, honestly speaking I was hurt, I mean I thought we were going to enjoy our time together here without disturbance

I heard footsteps and I knew Katlego was coming

Baby:I am sorry Baby, I wish I had a

choice but we will lose a lot of money if I don't fly home

Me: ...

Baby: Please Baby, try to understand

Me: ...

Baby: (He came closer) Please say something, I know you are hurt but please don't shut me out

Me: What am I supposed to say? (I was powerless and my tone was down)

Baby: I am really sorry

Me: It's okay I understand it's your job after all, it's okay we can fly home on Saturday but on one condition

Baby: What's the condition?

Me: You will plan another honeymoon in December

Baby: I promise, thanks for understanding, I love you so much

Me: I love you even more

Baby: How about we use our week usefully

Me: I am listening Husband

He smashed his cold lips on mine, and the kiss became more passionate, he took off my dress and I was left with my thong and bra and I took off his shirt and he helped me take off his trousers and we took that to the bedroom and we had 4 steamy rounds and he collapsed on top of

me

He wiped me and we slept

-Katlego-

Our short honeymoon is almost over today is Thursday and I want to take My Wife out for dinner at a fancy restaurant

Babe:(She was screaming and jumping)

Honey look! We made it to the front page of a tabloid article

Me: Wow look at that photo it is well captured and the headline

Us:: "The Mautlwa Princess Ties The Knot With The Kaotsane's Son Who Is An Accounting Guru On A Topnotch Wedding"

We read the article and I must say the Journalist deserves accolades, the article was clean and people are raving about our wedding on social media

We did a high five and laughed

Me: That calls for a celebration

I went to the cupboard and took out two glasses and a bottle of champagne

Babe: Pop that champagne Baby

I poured the champagne and we toasted

Me: To us pulling the wedding of the century

Baby: Yeah Yeah

-

We were in bed and Babe was sleeping on her back and she cuddled me, I laid my head on her stomach and she was caressing my hair

Babe: Thank you so much Baby for everything, for taking part in our wedding plannings, I wouldn't have pulled that perfect wedding without you

Me: Thanks Baby, I know wedding plannings could be frastrating and we also

had no time on our side so I had to make sure that I give you your dream wedding and it was our wedding together so I also had to put my inputs and outputs so that you didn't feel like you are alone in all of that

Babe: Ncoow you are the best, please remain perfect like that forever

Me:I promise you, pinkie promise

Baby: Pinkie promise (We locked our pinkie fingers)

I got up and kissed her forehead

Me:I love you so much My Heartbeat

Babe:I love you too My Husband

-

We prepared for our dinner and she wore a emirald green dress with glitters and a slit, silver block heels and she took her silver clutch and I also wore my emirald green suit, white shirt with brown shoes and a tie them we took an uber to the restaurant

We got there I opened the door for her

Babe: Thanks

Me: Pleasure

I took her hand and locked it on mine and we walked to the restaurant

I took out a chair for her and I also sat down

Babe: This just reminded me of our first

date

Me: You mean the day you challenged me?

Babe: (She laughed) Did I?

Me: Yeah that's where I knew I want to be with you, I undermined you not knowing that brain works overtime

Babe: I'll take that as a compliment but why did you undermine me?

The waitress came

Waitress: Good evening, I'll be your waiter tonight and here are your menus

Her accent was a bit different

Us: Hii, Thank you

Me: We will have Red Wine, the best in

the house and for starter Babe?

Babe: We will have spicy stir fried cuttlefish please

Waitress: Okay coming right up

Babe: You were telling me why you undermined me

Me: Because I thought you are just a small town girl until I saw you were Princess Vinolia

Babe: Your crush (She laughed) so if I wasn't Princess Vinolia were you still love me and marry me?

Me: I don't know but I am happy you are Princess Vinolia

Babe: Tough but I am also glad I am

Princess Vinolia or else yhoo

Our started and glasses of wine came and we had them over conversations I am glad we never run out of things to discuss, we are trying to know each other even deeper

We had our main course and we were now having dessert

Babe: The meals around here are good

Me: Yeah, Thai restaurants are not a bad thing after all

Babe: We should try them back at home

Me: You read my mind

Babe: So Babe I was thinking

Me:Yes My Love

Babe:You know I love you right and I want to be with you for the rest of my life

Me:Yeah and I love you too and I would like to be connected to you forever (I took her hand and kissed it and we smiled at each other)

Babe:Since things happened so fast, I was thinking we should... Uhm (she sipped on her wine and I got a little worried) I think we should wait a little before we have kids, I know our parents are eager to have grandchildren but...

Me:(I cut her and held both of her hands)

Relax My Love, I get where you are coming from, you want us to to be ready before having children, don't worry, I also wanted you to be ready to be a Mom

Babe: Thanks for understanding, we will have kids once we are both really maybe next year

Me: So how do you plan to control that, should I start to learn pull out method (We laughed)

Babe: No relax, I'll start to be on contraceptives, maybe a needle or pills I'll see the best method

Me: Okay, you see what I mean about you challenging me

Babe: For real thanks Baby

We hugged and I settled the bill and we took an uber back to the beach house

-

Babe:Yooh this shoes killed me

She said taking them off and stripping naked for a shower

Me:Am I allowed to join you

Babe:You didn't have to ask

I took off my clothes very fast

Babe:You are still standing there

With that said I got inside the shower and the warm water was hitting our bodies and my wife was moaning as that

water hit her skin, those moans were turning me on and I turned her to me, I kissed the hell out of her and she responded, her claws were already on my skin that time a boner was growing and I inserted myself without wasting time and we had 3 rounds in the shower

-

Kgalalelo was sleeping, she is a light snorer so she was snoring, she was wearing a silky lingerie sleeping on her stomach

I got off the bed without disrupting her sleep and I quickly showered and brushed my teeth, I wore my boxers only and I went back to bed

I was talking to Sizwe in Skype

Sizwe

Sizwe: Look who decided to call

Me: Sorry man, i've been busy

Sizwe: Ooh I see

Me: Not like that, you are so dirty minded

Sizwe: You gave me the wrong impression,
how are you dawg?

Me: I am good my man and you?

Sizwe: I am also good, where is Madam?

Me: She's sleeping and how's your family

Sizwe: They are good and the princess is
growing daily

Me: That's good to hear, we are coming

home Saturday, we have an emergency at work and it needs my attention

Sizwe: Sorry your holiday had to be cut so short, how is the madam taking it

Me: Yeah, she understands but we will organise another honeymoon in December

Sizwe: That's next month

My wife woke up and she rubbed her eyes

Me: Good Morning Love

Babe: Morning Husband (She kissed my lips)

Sizwe: (He cleared his throat) I am still here

Babe: Ooh Hi Sizwe

Sizwe:Hi Mrs Kaotsane, how are you

Babe:I am good thanks and yourself?

Sizwe:I am also good thank you, I can see why my man is glowing, he wakes up to morning kisses

Me: Don't start, not today please

Babe laughed and she went to the bathroom

Sizwe: You'll come with junior with the rate things are going

Me:You are bluffing Sizwe Dlomo, bye I have errands to do, I'll see you tomorrow night

Sizwe:Sure I will wait for you at the airport

Me: Sure thanks my man

I remembered that we didn't use protection last night I quickly got off bed and wore a jean and t-shirt then I wore my slides and took my wallet and I went to buy morning after pills

-

Babe: Don't do that again

Me: Sorry I went to buy morning after pills

Babe: We will go to hell for this

We laughed

I prepared breakfast and we had breakfast over light conversations and we changed to our shorts and bikinis, we

are going to the beach for the last time,
we took our basket at we went to the
beach

Babe:I don't like the way these girls are
looking at your abs

Me:Is that jealousy?

Babe:(She continued to walk leaving me
behind and and looked away)I don't know
what you are talking about

Me:Whoa wait for me

Ncoow my Wife is jealous that white
chicks are checking me out

-

We sat on the beach under the umbrella
and she was busy taking "Snaps" women

and photos

We later went to swim and it was fun, she was running and I was trying catching here in water, It was a mission because I am not good at swimming and she's a pro

Babe: Catch me and kiss me!

She ran and I ran after her and finally I catches her

Me: You will regret ever asking me to catch you

I held her waist and I kissed her and oh the couple that was next to us took photos and videos and it was so cute

That's how our amazing holiday was

Insert 25

-Katlego-

We arrived at the airport at Johannesburg on Sunday morning and we are back home and we put our luggages in the trolley and we saw Sizwe and Nolwazi from far and they waved at us and we waved back indicating that we saw them, we were wearing black Adidas tracksuits and Adidas kicks

-

Sizwe:I am glad the ladies are getting
along

Me: Me too or otherwise we were going
to have a problem, they get along like a
house in fire

We went downstairs

We were not that exhausted because we
slept on the flight

We ordered Chinese and we ate then we
went to sleep

Tomorrow I have to go to the office and
see what in the office

We quickly showered and I got undercovers, asked my colleague to come with my work bag because he doesn't stay far from home

I woke up as early as possible and I did my morning routine, I found my wife ironing my shirt and I leaned on the door frame

Me: Good Morning Beautiful

Babe: Ooh hey, morning, how are you?

Me: I am good and you my love?

Babe: I am good if you are good

I got closer to her and kissed her lips

She helped me wear the shirt

Me: Thank you

Babe: It's my duty as your wife

I finished dressing

Babe: So I was thinking of going to buy a few things today that we will need at the house, utensils and beddings and yeah a bed

Me: That's a great idea, but why don't you relax a bit for today, I don't want you to over work yourself

Babe: No don't worry I will go with Ma, I am going to her, she knows what's needed so I want her to help me

Me: Okay Babe, I have to go I am becoming late

Babe: Have a good day at work Honey

Me: Thanks I will, you also have a great day

Mr Zulu: Welcome back Mr Kaotsane

Me: Thank you Sir

Mr Zulu: I am sorry I had to cut your honeymoon short, send my apologies to your wife at home and congratulations, your wedding was beautiful, we have a major problem that can only be resolved by you

Our meeting continued, I resolved the "major issue" they couldn't balance the

financials of Moremogolo CC yhoo I was mad, they cut my holiday short for just this, I finished around 13:00 and went home

-Kgalalelo-

I was meeting with Katlego's Mom at the Mall we were buying things we will need at the house

Ma: Hello my Daughter

Me: Hi Ma

Me:Baby

Baby:Where are you My Love

Me:I am at spur, why?

Baby:I am coming, have you ordered?

Me: No, should I order for you two?

Baby:Yeah

I ordered for the both of us and a few minutes later Katlego came

Baby:Hey Babe (He kissed my cheek)

Me:My Heartbeat, Are you fine?

Baby:I would be if they asked me to come for something major but it was just lazyness, they couldn't finish what I started and the Moremogolo CC owners

were planning to sue our Company and Mr Zulu said I must send his apologies to you

Me:Okay, Yhoo that's huge but I don't understand why didn't your colleagues work together in this project

Baby:They tell me that they had a lot in their plates

Me:(I Shaked my head) You are an asset to that company trust me

-

We went to do grocery and we bought furniture, we bought couches, our bed, headboard and dressing table and appliances they delivered them to our house, and we went home finally our cars

were full

We found our house spotless

Me: Ncoow you know our parents are the best

Baby: They are the ones who did all of these?

Me: I forgot to tell you yeah

Baby: They are the best and they have class

Me: Ladies of class

Our home looked beautiful with that little furniture we bought

I called my mom to tell her we have landed and to thank her for what they

have done for us

Baby: We will have to organise a house warming party for this Saturday

Me: That's a good idea, but nothing major, just a braai with our family and friends

Baby: Yeah I agree with you

We then slept on our new bed, our new home, we just dozed off the moment we slept because we were exhausted we had a long day

2 Months Later

Marriage life has been the greatest thing ever, I don't regret marrying at all, I never knew I can love to this point, I swear we were made for each other, she's the perfect match

We went to our honeymoon and we came back home for Christmas and New year's and it was our first time spending them together, it is the beginning of February and it is back to basics

I was at work clearing my desk, I put everything inside the bag and I took my

phone and car keys and I went to the basement and I got inside the car and drove home, I am glad it is Friday, tomorrow a person can relax

I found my wife's car on the driveway, I quickly parked mine behind hers and I rushed inside the house

Me:Honey I am home

Babe:Hey Baby, I am in the kitchen

I went to the kitchen and I found my wife on the stove cooking

Me: Mhmm it smells good in here, what do we have (I said hugging her from behind and kissing her cheek)

Baby:I cooked your favourite, dumplings,

lamb stew and chakalaka

Me:Hmmm, I can't wait to eat

She smiled revealing her perfect teeth,
this woman is beautiful

Me:So how was your day (I said going
upstairs)

Babe:It was busy, this new project of
building a bridge needs all my attention
and yours?

Me:It was good I can say, it was not that
busy (I was shouting)

I got to the ensuite bathroom and I
showered, I then wore my grey Nike
shorts, white vest and Adidas slides and
I went downstairs

I found my wife dishing up, I set the kitchen counter and I poured us juice and we ate

Me: Thank you Babe (I was sitting next to her and I kissed her lips)

Babe: Pleasure but pray first

Me: Ooh sorry, let's close our eyes then (we held hands) Father bless this amazing meal and the hands that prepared it in the Mighty name of Jesus Christ Amen

Babe: Amen

I dug in immediately

Me: Mhmmn, Babe this is good

Baby: Don't talk with food in your mouth

my Husband

We laughed

Me:But seriously Babe this is so good

Babe: Thanks my lo

We had dinner and we just talked after

I held her hand and I looked straight into her sparkling eyes

Me:I am such a lucky guy, thanks Baby, you always make time for us no matter how busy your schedule is, and you also make sure our home is always clean and we never go to bed with empty stomachs, I really appreciate you and your efforts my love, I won't trade you for anything

Babe: Ncoow thanks My Love, I also

wouldn't trade you for anything (She cupped my face and kissed me)

Me: Why are you pulling away?

Babe: This dishes won't do themselves

Me: Okay then...

I put them in the dishwasher

Babe: (She looked at me and laughed and shook her head) Seriously Babe, that's lazyness

Me: This dishes are stealing our private moments (I got closer to her) So where were we?

Babe: Here (She perked my lips) we were there, so Baby how about you give your exhausted wife a massage

Me: (I gave her a death stare) Babe

Babe:(She sulked) My Love please

Me:Okayy let's go upstairs then

We went upstairs, I picked her bridal style and she was giggling the whole time, I put her on top of the bed and I took a bowl and filled it with hot

When I got to the bedroom I found my wife in her things and bra only and that turned me on immediately

Me:Holy Shit!

Babe: Concentrate Please

Me:But... How can I concentrate... With you this hot (I said biting my lower lip)

Babe:Katlego Kaotsane!

Me:Sorry Baby, I am... (I said pointing the drawer)

I took massaging oils in the drawer and I got to business, I couldn't concentrate

I felt like the room was too hot for me and I took off my vest and the moans my wife released as my warm hands were relaxing her body

Babe: Right there Baby, press your hands harder

Me:Okay My Love

I massaged her feet and I got a full view of her ass, I spanked it

Babe:You are not a friendly masseuse

Me:But do you blame me, have you seen yourself?

She giggled, a boner was building up by that time, I tried to behave and I couldn't behave anymore, I stopped for a few seconds deep in thoughts

Babe:(She clapped her hands) Snap out of it (She was now sleeping on her back)

Me:Dude you are torturing me

She looked at my boner

Babe:(She giggled) Did I do that

I removed the oils and the dish on the bed and I got on top of my wife and I went to her face face and I kissed her, and responded to the kiss, I was already

hot at that point but I couldn't insert myself because she was still cold, I grabbed her thighs and breasts so hard and she released a loud moan, I kissed her weakest spot which is her neck and she released a moan that filled the whole room, I removed my trackpants and underwear simultaneously, I was hungry for her, I kissed her lips while unhooking her bra and I kissed her going down and I looked deep in her eyes

Babe: Why did you stop?

Me: (My hands were already on her thong)

Can I

Babe: (She nodded with a smile) Yes

I removed it and I continued to kiss her stomach going down her thighs and she jumped and held on my back like her dear life depended on it, I inserted myself and I thrust faster and faster and until I collapsed on top of her

Babe: Can I go on top

Me: Challenge accepted

My wife want to ride me, okay let's give her a chance

She started kissing me and my whole body shiverered

She slowly kissed me and she got on top of me, I inserted myself with her on top of me and she started pounding and she

picked up the pace, she went fast

Me: (I groaned) Shit

She started talking in tongues as she was reaching her climax, the bedroom was filled with moans and groans we reached our destination simultaneously and she collapsed on top of me and I kissed her sweaty forehead, she got off me and slept next to me, we were both breathing high

Me: That was good Baby, yhoo you know your thing

Babe: You reckon

Me: Trust me, you showed me flames

We cuddled and the next moment we

were dead with sleep

-Kgalalelo-

I woke up and it was dark outside, the curtains were not closed

I patted Katlego to wake up

Me: Babe wake up

Baby: Hmmm Princess

Me: (I pulled the blankets off his head) Dude our cars on the driveway

Babe: Go and put them in the garage

Me: You must be mad or tired of me, you can't expect me to go outside alone in this dark

He reached for his phone on the bed side

Baby:Yhoo Babe it is not that late it is
20:00

Me:If it is not that late go and drive the
cars inside the garage, I will close the
curtains

He wore his underwear and boxers and
slippers then he went downstairs

I closed all the curtains in the house

Babe went to the fridge and took out a
bottle of water and gulped it down

Me:Whoa, you'll choke

Baby:Bro, who taught you to ride dicks
like that, I am drained like never before
in my lif?

Me:(I laughed) Are you accusing me of

something?

Babe: Definitely Not, Should I be worried or... ?

Me: Relax, your wife is learning

Baby: If I had to rate you I'd give you a full mark 10/10

Me:(I laughed) Stop bluffing and let's go sleep Dude

Baby:I am serious Dude, water?

Me: Please and some food please

He warmed the slices of pizza and took a bottle of juice, glasses and packs of chips and we headed upstairs in our bedroom

He connected the phone on the TV and
browsed through Netflix

Me: And then?

Baby: We are having a movie night

Me: Okay I see

Baby: We are watching Uhm... the
latest movie, Letters I Wrote To My
Crushes

Me: Okay for as long as it is a romantic
movie, I am game

Baby: Trust me you'll love it (He said
concentrating on the screen)

Me: (I gave him a death stare) And where
have you seen it?

Baby:I heard my colleagues raving about it yesterday so I thought we should try it
We watched the movie and we probably dozed off halfway through the movie, we woke up late in the morning and we cuddled

Baby: *Good Morning my beautiful Princess*

Me: Morning Husband, how did you sleep?

Baby:I slept good, all thanks to you, for the amazing night and how did my wife sleep?

Me:For as long as I sleep next to you, I will have a good sleep all the time

Babe:(He kissed my forehead) I am glad to hear that, let's go shower

We went to the shower and we had an innocent shower

Babe:Ouch! (He grinned)

Me: What's wrong Honey?

Babe:Your claws opened my back

Me:(I had the urge to laugh but I tried to hold the laugh)I am so sorry Babe

Babe:Ohhh so you think it is funny?

Me:(I laughed loud) I am not even laughing Baby

Babe:Laugh it's okay

Me:You are angry? (I got closer to him and I kissed his neck and chest then I pulled away)

Babe: Why are you doing this to me?

Me: What? (I said running my hand on his wet body)

Babe: I'll get you!

-

We finished showering and we continued watching the movie where we left off wearing a fleece and having breakfast yeah cereals, we are lazy for the day

Baby: How about we visit your parents today, it's been long since you saw them and it's unfair because we see mine everytime

Me: Ncoow Baby that's a good ideas they probably think I abandoned then but it

has been busy at work, it's not a child's play to be a CEO of a multimillion Rand company

I quickly packed our overnight bag and we dressed and we drove to Mafikeng, it was a long ass ride but we finally got there

We knocked and my Mom jumped as soon as she saw us

Mom: My Children! (She hugged us)

Us: Hello Ma

Ma: My Husband come this way we have visitors

We went to sit at the lounge

My Dad came downstairs he was holding his knobkier and he greeted us

Dad: The Kaotsane's

Us: Hello Father

Dad: How are you my children?

He hand shaked with Katlego

Baby: We are fine Father thanks

Dad: I can see you are treating her well
she is getting more beautiful everytime I
see her, she even reminds me of her mom
when she was a youth

We looked at each other and smiled

Baby: I intend to do so for the rest of
our lives Father

Dad: I am glad to hear that Son

Mom: Your Brothers just called they say

they are on their way

Me:I saw miss them, is Lewatle also coming?

Mom:Yeah he is also coming

Me:I miss my nephews and nieces, we are hungry what did you have for lunch?

Mom:Samp you can warm and dish up for yourselves, we have to go somewhere we will be back just now

Me: Chieftaincy meeting?

Dad:Yeah and I hope it won't take long

They left

Me:I will dish up for us

I said going to the kitchen and I dished

up and we ate

A few minutes later I heard a loud noise and I saw little ones running to me, they must have seen our car

I hugged and kissed them, I hugged my Sister in-law

Masego: Look at you, you are glowing

Me: This guy over there is responsible for all of this

My brothers just hugged and went to bond with their brother in law wait did Baby just steal my position in this house

Lewatle finally came with my favourite human being

I held her and she was busy giggling and

I kissed her all over

Insert 27

-Katlego-

I've been taking a close evaluation at Princess and her nephews and nieces she's very good with kids, she'll make a great mom one day, I was sitting with her brothers and she is in the kitchen cooking with her sister in-law

She came and sat next to me

Babe: The food will be ready in a few minutes boys

Kago:I missed a good home cooked meal

Babe:Just say it, "I missed your food
Sis"

Kago: Huh-uh you are now ruining it

Babe:You don't have to admit, we both
know it's true

She went back to the kitchen

We laughed

Kago:Your wife likes to fuss Katlego

Karabo:I am sure she fuss over
everything "Baby you didn't hang the
towel"

Lewatle:And her favourite one "Arigg why
do boys act like they are paralysed"

We laughed

Me: Trust me, I deal with a lot

Babe: I can hear you guys and you are initiating my husband into your bad behaviour

Karabo: It's four musketeers or did you forget

Babe: Whatever

She was literally pissed at that point

Me: Give my wife some grip guys

-

The King and Queen came back and we had dinner and after Lewatle's wife and Babe went to do the dishes, the adults

went to sleep and it was just us the guys
watching soccer and later the girls joined
us

My wife came and sat next to me

We literally cuddled in everyone's
presence and Lewatle and his wife were
also lovey dovey and that pissed Karabo

Karabo:Guys get a room

Everyone looked at him

Karabo:What?

Babe:You are just being bitter, you
should look for a woman

Lewatle:I totally agree with you or you
should go sleep Dude

Karabo: No I am still watching the game

Lewatle: Then hold the candle my
Brother or get a woman

Karabo: I'll pass

Lewatle: Then leave us alone

Karabo: Bachelor's life is the best

Me: I used to think so until I met this
Jewel (I kissed her forehead and she
smiled at me)

Karabo: Well I don't think I am a
marriage type, I just want to smash and
go

Masego: You don't even consider
relationships a little?

Karabo: Well I don't want to get hurt again

Babe: Give it a try, I'll hook you up with my friend from Cape Town Owami, she has been asking me about you

Karabo: Whoa, you mean that curvaceous chick who was your bridesmaid?

Babe: That one and you are not doing a hit and run, I'll kill you

Karabo: Sure, we are on

We giggled and kissed and that pissed off Karabo even more and he went to sleep

Karabo: You know what I can't stand this

Masego: We were a bit harsh on him

Babe: Serves him right anyway where is Kago?

Lewatle: Bontle's place

Babe: Somebody is growing up, I am sure you can relate Babe

Me: I was crossing fingers that you don't bring this up

Masego: You also used to be a smasher?

Me: Whoa, why are you ambushing me ladies, to answer your question yeah

Babe: Not any smasher but a professional one

Me: Wow are you really doing this?

Babe: I am done Babe

Me:(I sighed) Great

They laughed

Masego: There's more to this, I am glad
sister in-law came to the picture

Me:I am also glad

Arefa woke up and the parents went to
sleep

Masego: That's our que guys

Lewatle: Goodnight

Us: Goodnight sleep well

It was just the two of us watching TV
and we decided to go sleep

We immediately slept when we got to bed

Me: Goodnight

Babe: Night my love

We snuggled and we went to dreamland

-Kgalalelo-

I love the bond between my brothers and my husband and I can say coming home was all the relief I needed, I was staring at my husband, I was too disturbed by his perfect face, I didn't even notice he was awake

Baby: If I didn't know better I'd say you are planning to kill me

Me: Morning Handsome, why would I kill this perfect face (I kissed his lips)

Babe: Morning, Sies Babe, you haven't bathed

Me:(I released a light laughter)You are still going to have morning kisses this is just the beginning

Babe: Oh my God, somebody come rescue me

Me:(I playfully hit him)We are leaving this marriage in coffins, how did you sleep?

Babe:I slept very well thanks and you my Love?

Me:I also had a good sleep, thanks Baby for suggesting that we come home I feel a bit relieved

Baby: It's really nothing Babe, you needed to get some air

Me: You are a blessing you know, let me go
prepare breakfast

-

I showered, and I ironed out clothes, I
ran a bath for my husband and I did the
bed and I went downstairs for preparing
breakfast

I found Masego at the kitchen

Me: Good Morning

Masego: Morning, how are you?

Me: I am good and you?

Masego: I am also good

We prepared a feast breakfast

Me: It is so quiet where are the little

ones?

Masego: They are still sleeping, they were playing all day yesterday they must be really exhausted

We prepared the table and everyone came downstairs and we had breakfast and after my parents went to Church with their grandchildren and again Masego and I prepared lunch and the guys were outside chilling

Masego: I really want to be on birth control

Me: Have you spoken to your husband about this?

Masego: Yeah it causes a lot of conflict, I

feel like I don't want to have kids anymore and he wants more, I really want to concentrate on my career now

Me: That's hard, he is unreasonable, you gave him kids, he must appreciate that, but talk to him and make him understand

Masego: I will try to talk to him, you know your brother can be stubborn

(We laughed)

Me: That's what he inherited from our father, no wonder he will be his successor, he'll make a great King one day

Masego: I hope he doesn't change once he gets the throne

Me:(I hugged her) Don't worry he won't, he loves you wholeheartedly my Sister

Masego:I love him too and our little squad, I really can't imagine life without them

Me: Ncoow, I really can't wait to have my copies too

Masego: Don't worry you will get to and I'll get to be an Aunt, so how are you balancing marriage life and career?

Me:I try, it is not easy but I try to juggle both, I make sure I give my husband all the attention in the world and we do house chores together and all, we even go an extra mile, we do a lot of

things together, we are trying to make all of this work

Masego: I am glad you guys are working hard to make your relationship a success

We continued cooking chatting, laughing, shedding tears and all

you know the sisterhood bond

-

We were sitting around the dinner table eating and they were praising our food

Dad: Thanks for the great meal my daughters, Kaotsane and you Prince are blessed here

Us: Thanks Papa

We went to do the dishes with Mom

Omolemo was bluffing as always, you know this kid talks the whole day

Lewatle:Omo what did they say at church my Baby?

Omolemo:The pastor was preaching about family, he said we should love our families

Mom:Do you love your family?

Omolemo:Yes Granny, I love you all

Us:We love you too

Karabo:Uncle loves you, come give me a hug

They looked so cute

Kago:And what about me?

Omolemo:(She hugged Kago)And a big fat hug for uncle Katlego and Grandfather

He hugged them

Me:What was that for?

Omolemo: Because Grandpa is the King he deserves a big hug and because Uncle Katlego married my aunt in a big beautiful wedding and my classmates and teachers talked about their wedding even the magazine have a photo of their wedding

I was speechless, I just looked at her and smiled

Everyone was jolly

Me: Ncoow, you are smart you know

Babe:Oh wow, thanks for the big hug

We laughed

Omolemo: Pleasure

Me: And you Sedi, how was church?

Lesedi: It was great Aunty, they sang my favourite song, Lion of Judah

Masego: Sing for Aunty and Uncles

He sang Gosh this boy has a magical voice, I swear we are getting BET Awards here in the future

We cheered and clapped hands for him

Omolemo: Aunty when are you buying a child I want to have a friend I can play with, with dolls, Arefa doesn't want to play with me

Yhoo that caught me off guard I didn't even know what to say, we looked at each other with Katlego and he nodded indicating I should answer the kid

Me:Uhm... Well very soon
Sweetheart...

Everyone was starting at me and they burst into laughter

Me:That was hard

Mom:I am glad I wasn't the one who had to be interrogated like that, he has been asking her Grandpa a lot of questions on the way

Kago:You have quite a journalist there
guys

-

We had a very great weekend and we had to go back home, we said our goodbyes and off we drove

Insert 28

-Katlego-

It's been long since me and my wife spent some time togetherness, I don't really blame her, she has been busy with the biggest project of her career and today I decided to go and fetch her from work but first I went home and I

prepared a picnic for us in our backyard and I took a quick shower and wore my grey shorts, maroon golf shirt and brown men sandals and I took my car keys and drove to her workplace

Me: Good afternoon Mam'

Receptionist: Morning Sir

Me: I am here to see Mrs Kaotsane is she still in?

Receptionist: Yes Sir, I'll call her

Me: Okay thanks Mam'

She called

Receptionist: Mrs Kaotsane you have a visitor... Okay... She says you can go through

Me: Thank you very much Mam'

I went to her office and knocked

Babe: Come in

I came in and she was curiosity waiting to see who it was

Me: Hey Baby

Babe: Honey

She came and hugged me and perked my lips

Me: That's a bit unprofessional Mrs CEO

Babe: I am in charge, I can break the rules as much as I want

I sat on the table and she got between my legs and I held her waist and she held

my neck

Me: Well am I not supposed to see my wife?

Babe: No that came out wrong anyway how are you?

Me: I am great and yourself

Babe: I can't complain, you know I feel like a big weight have been lifted off my shoulders, you look and smell great

Me: Thank you (I looked at my watch) It is way past your knock off time

Babe: Ooh yeah let me get my things

Me: But I want to hold you

I held her even tighter

Babe:(She chuckled)But those things
won't clear themselves

Me:You survived this one

I let her and she cleared her table and
took her bags

Me:Let me help you with your bags

Babe:You should come more often

Me:I wouldn't mind but what would I get
in return

Babe: You'll see when we get home

We went home and we drove my car and
we left hers at her workplace parking,
well the security is outstanding

I went to her side and opened for her

Babe: Thanks Honey

Me: I am your chauffeur today

We laughed

I took her bags in the boot and we went to the house

Babe: I need a very hot shower and to relax after

She stripped naked and got inside the shower she came out wrapped in a towel, she lotioned and she took out her maxi floral dress and sandals and she tied her weave into a ponytail

Me: Come there's something I want to show you

Babe: What is it?

Me: You'll get to know in just a moment

We went to the backyard and I covered her eyes

Babe: Aren't we there yet?

Me: Almost and in 3, 2, 1 Viola!

She was amazed, she covered her mouth and looked at me, I could see she was speechless

Babe:(A tear escaped her eye)Wow it's beautiful, you did all of this just for me?

Me:Yes you deserve it

There were red roses everywhere on the floor, I put cushions for us to sit and our set up was red and white, and I bought Chinese meals, strawberries dipped in

chocolate inside the basket and wine
inside an ice bucket

She perked my lips and hugged me

Me: Let's sit down now Mam'

We sat down and she couldn't stop
appreciating

Babe: Thanks my love you make me feel
like the only woman alive

Me: And you are the only woman in my
world

Babe: You are also the only Man I see in
this whole world, I don't see the rest

I poured wine

Babe: Thank My Husband, Cheers

Me: Cheers!

Babe: Honestly Babe, Thank you (She sipped wine) Wait I know this wine from somewhere

Me: Your tastebuds are active, our first date?

Babe: Yeah and Yeah, we should get a lot of this

We laughed

We ate our feast

Babe: I am so full I just want my bed at this point

Me: Let's get going then

We went to the house, I closed curtains

and locked then I found my wife deep in sleep

Me:Babe

Babe:...

I looked at her and smiled, luckily she wore her nightdress

I undressed and wore my boxer

I switched the bedside lamps and I got undercovers

Me:(I kissed her cheek) Goodnight

I snuggled closer to her and I dozed off

-

Stretched my hand to her side and it was empty, I opened my eyes and looked

around, she wasn't there

I thought maybe she's in the bathroom

Me: Baby... Princess...

There was no response

Just when I was about to get off bed the door swing open and I saw my Angel, she was holding a tray with Breakfast

Babe: Morning, why do you look so tense, ooh let me guess you were looking for me?

Me: Good morning, I almost turned this house upside down

Babe:I forgot you can be dramatic at times and clingy, relax I am here now

Me: I'll act like I didn't hear that,
Mhmm that looks good, is it mine?

Babe:No it is mine, of course it is yours,
this is for being the best husband in the
world

Me:It looks yummy, I can't wait to dig in
I took the tray and put it on my lap and I
ate like there was no tomorrow

Babe:Sies Baby, you didn't even rinse
your face

Me:(I spoke with a full mouth)This food
goes to the stomach

Babe: Swallow first please

We laughed

Babe: Now finish up, I ran a bath for you,
go bath before the water becomes cold

I can say I am at the luckiest point of my
life, If life had climax this would be it, I
am at the peak

Me: You want some?

Babe: I am full, I just had a smoothie

Me: That's not food, I don't want your
father saying, I starve you

I literally forced her to eat, yhoo this
woman and her body, she's obsessed, she
can even go as far as starving herself

Me: You see you were fighting for
absolutely nothing and thanks for
breakfast

Babe:I(She gave me a death stare)Is that all the thanks I am getting?

Me:(I acted like I was lost)Is there anything I am forgetting?

Babe:Duh you are such a slow learner my love

She perked my lips and the kiss became more passionate and we ended up having a morning glory, after we bathed together and wore matching outfits and I dropped her at her work place

Insert 29

-Kgalalelo-

I can say that morning glory quite did a thing to me because I have been happy the whole day, my body release endorphins excessively today

We opened the bridge we were building officially today and I can say it was a huge success

I got a text from "Heartbeat" and it read like "I miss you" and I replied with "I miss you more that I can't even concentrate"

A knock came on the door and destructed me and it was my partner Mrs Lehurutshe

Me:Hey Partner

Mrs Lee:Hey are you busy?

Me:Not even a bit

She was hiding her hand behind and she revealed the bottle of champagne and glasses

We laughed

She poured champagne and we toasted

Mrs Lee:To building more and more historical bridges and buildings

Me:Yaay and to women power in general

We drank and accoladed ourselves

Me:This is enough, I still have to drive

Mrs Lee:Well we will continue the other

time, my husband is waiting for me at home

Me: Well that makes the two of us let's get moving

I cleared my desk took my belongings and I drove straight at home

I found husband busy cooking in the kitchen

Me: Hello Husband, It smells good in here

Baby: Hello there, I know right!

I went to him at the kitchen and he kissed me

Baby: I missed this beautiful face the whole day

Me:(I blushed)And I missed this sweet lips of yours the whole fucken day Baby

Baby: Dinner will be ready in a few minutes

Me:To what do I owe this pleasure?

Babe: Can't a husband cook for his wife?

Me:I was just wondering, it's not like my husband usually do this but I appreciate it My Love (I smiled and nodded)

Baby:Ouch that was a bit harsh (He held his heart)

Me:(Sniffing) What's burning

He ran to the pots and I laughed my ass off

Baby: It's definitely not my food

Me: You should've seen your face, I was kidding oh boy!

I ran upstairs

Me: And ooh don't burn my kitchen down

Baby: Don't worry it is in good hands

We laughed

I got there and ran a bath then I relaxed inside and after I lotioned and I wore my maroon shorts and white crop top with slippers and I went downstairs I found the table all setup

Baby: I was about to go check if you didn't drown inside the bathtub

Me: Relax I am here now

He took out a chair for me to sit

Me: Thanks Baby

We ate and the meal was delicious, he made spaghetti and meatballs

Me: Hmmm My Love this is good, I guess it's true when they say don't judge a book by it's cover

Babe: What did I say but thanks Baby

Me: I didn't know I scored myself a chef

He poured red wine and we toasted

Babe: This is for making a difference in people's lives and building, I am so proud of you my wife

Me: Ncoow thanks Baby

I got up from my chair and went to him and I hugged him

Guys I am truly blessed here, I couldn't ask for a better husband, I am happy I have someone whom can hype my achievements as if it's his, he supports me emotionally and physically and also spiritually

Babe:For that how about we go to a club and celebrate in style

Me: That's a good idea, what are we still waiting for?

We quickly changed and he wore a Versace shirt and black jeans with

emerald green AF1 and I wore a Versace shirt with a blue jean and gold pencil heels, I did facebeat and I took my clutch and we hit the road to Club Moon and it was a Friday so yeah it was packed, well this club hosts classy people and boom guess who were there Sizwe and Nolwazi

We greeted and hugged them

Nolwazi:If I didn't know better I'd say you have abandoned me

Me:I am sorry I'll make it up to you, how's the little princess?

Nolwazi:She is a good girl and growing day by day and now she is teething

Me:Ohhh somebody is really growing, I am sorry I have been scarce lately

Nolwazi:I understand, work, work and work, I also got back to work and I have a lot in my plate but I promise I'll visit once everything has settled

Me:Okay well my Best Friend is almost due and I want to organise a surprise Baby Shower for her, so I was wondering if you can help me

Nolwazi:I am your girl and when do you want to do it?

Me:Next week Saturday and it will be in Mafikeng and that's a bit of a problem

Nolwazi:My Friend has a cousin who owns

an event company there, I'll talk to her

Me: Thanks very much

The guys came with wine, shooters and hookah pipes

Sizwe: What are you girls talking about

Nolwazi: Girls stuff Sweetheart

Sizwe: I hope you were not gossiping us in the process

Katlego Vincent Kaotsane was busy being touchy touchy, he was busy kissing me and stuff

Me: Babe! Can you please behave

Baby: How can I when you look this yummy

Sizwe cleared his throat

I laughed at him and tried to focus

Sizwe:I didn't know you were also a bad girl Princess

Me:Well I also didn't know I had the recklessness in me until I met this guy(I looked at Katlego)

We laughed

Nolwazi:This guys know how to bring the best out of us

Me:Exatly, they drag us to their lifestyles

Babe:And you guys adjust very quickly because you've been hiding the recklessness

Me:Ouch is that what you think of us?

We don't actually hide the behaviour we just don't have the partying time

Nolwazi: Exatly and we are ladies of class we can't be seen partying the whole time

Sizwe: And we are not men of class?

Nolwazi: That's not what I was trying to say

We drank our alcohol and smiled hookah pipes

-

We woke up very late the following day and I had a banging headache and I was damn exhausted, it was like I was hit by a truck but afterall I had an absolutely great night

Me:Ouch

Baby: It's hangover My Love

He brought me pills and I felt a lot better after

I had a cold shower and I did the bed after then I went to the kitchen I found Baby watching TV on the lounge, I prepared breakfast and we ate then we did the dishes and spring cleaned as tired as we were and I kept taking breaks

Baby:You are cheating me Babe, get up and work

Me:But Baby I am exhausted now

Baby:How can you slack when we are halfway to finishing?

This guy is lazy but you should hear him
when he says I am the lazy one

We ordered pizza and ate then we slept
it off after

-Kgalalelo-

Three Weeks Later

Well I managed to pull a world class baby
shower for Mamello and she was so happy
she couldn't stop thanking me

I was woken up by a call today morning, I was deep in my sleep so I stretched my hand to the bedside table to reach for my phone

Me:Hello

Thabo:Hi Princess it's Thabo, how are you?

I got up and sat on the bed

Me:Ooh Hey Thabo I am good and you?

I was literally shocked, like Thabo never calls me, is everything right?

Thabo:I am good in fact I am estatic, Mello gave birth this morning to a baby boy

Me:Ooh wow congratulations guys, I am

an Aunt now

Thabo: Thank you, I am very excited I can't control my happiness

Me: That's understandable my brother, I am also happy, tell Mamello that I am super proud of her, for bringing life to this world and send me a picture of my nephew

Thabo:I will thank you, I have to go

Me:Bye

2 minutes later he sent a picture on WhatsApp and I replied "He is super cute" and he replied back "Thank you"

My best friend gave birth to a bouncing baby boy, the boy is so cute he has

Mamello's eyes and his father's ears and nose, they named him Letlotlo Atlegang

Babe came out of the shower looking all fresh, he was wearing a towel only and I was busy exploring his body

Baby: Stop drooling this is all yours

Me: I am not drooling, I was just thinking

Baby: So out with it, why have you been screaming

Me: Mamello gave birth this morning to a baby boy

Baby: Wow congratulations to them

Me: Yeah, I am so happy for them, they finally have a baby after trying for so many years

Well Mamello and Thabo have been married since she was 21, they must be over the moon wherever they are

He came to kiss me and I got off my comfort zone and escalated

Baby:(He pulled away) Get up now My Love, we have a long day ahead

Me: Babe just one round

Baby:No way, we are about to go to Church, and it is a Sunday wouldn't that be a sin?

Me:We are married remember?

Baby:Still it will be wrong

Me:Mxm

I sulked and I dragged myself to the en-suite bathroom

Baby: You are such a freak

Me: You turned me into one

I stripped naked and showered

I dried and went to the bedroom to lotion

I felt very lazy and I tried different dresses and skirts and they were just tight and that made Katlego impatient, I finally wore my nude long sleeve dress with lace and it was flowing with maroon heels, I did facebeat and out gold jewellery and I took a maroon clutch

Katlego wore a dusty pink suit with white shirt and brown formal shoes

We had cereal for breakfast and we hit the road to Church, it was a long quiet ride

Baby: Are you angry at me My Love?

Me: (I went mute and looked outside the window)...

Baby: (He stopped the car on the roadside) Are we fighting?

Me: Can you please drive, we are already late, I don't want people to stare at us when we get to Church

Baby: So are we going to Church like this? I don't mind doing a U-turn and going back home, we are not going to Church with this tension

Me: Okay sorry now drive (I folded my arms and looked outside the window)

Baby: You don't mean that!

This guy can make a fuss over little things and I can't be angry at him for long, he knows the weakest spot

Me: (I looked at him and he was biting his lips and I smiled) I am sorry Baby (I pecked his lips)

Baby: Okay My Love

He drove off, dramatic enough, I can't believe Katlego some days

We got to Church and we sat down I spotted Ma and Pa and we waved at them

The Church was now out and we were

standing outside and Ma and Pa came and hugged us

Ma:Hello my children

Us:Hello Ma

Pa:My Children, how are you?

Us:Yes Father, we are fine

We said that simultaneously and we looked at each other and smiled

Ma:You don't check up on us this days

Me:We are sorry Ma we've been very busy at work but we promise to make up for all the lost time once we are free

Ma:How about you guys join us for lunch today

Me: That's a great idea Ma, we don't mind

Ma: Okay then my children let's go

We drove to their house and Katlego was so excited and I just felt like going home and sleep

Baby: Are you fine?

Me: Yeah and why?

Baby: You've been quiet and that's unlike you

Me: I am just exhausted, I feel like sleeping

Baby: Are you sure you are fine?

Me: (I shouted) Geez I said I am fine!

Baby: Okay... There was no need to bite my

head

Me:I am sorry I snapped at you

-

We were preparing the table with Ma

Ma:I am proud of you my child, that bridge now enable hundreds of kids to go to school and they are now safe

Me:Thank you Ma

Katlego was at the lounge with his father drinking scotch and discussing business

Ma:Lunch is ready boys come over

We had lunch and I did the dishes with Ma and she was staring at me

Ma:Are you fine my child?

Me:I am fine Ma why?

Ma:I noticed you look different, your glow is now sparkling and you are well rounded is there something you need to tell me

Me:I guess it is marriage life and my husband is spoiling me

Ma: That's great, I hope he doesn't overwork you

Me:No he is not Ma

We laughed and chatted until we were done with dishes

-Katlego-

We said our goodbyes and left it was now Sunset

Me:Baby is there anything you will need at the Mall?

Babe:...

Me: Heartbeat

I looked at her and she dozed off and left me talking to myself

I just chuckled and nodded then I continued to drive and I parked the car at the garage and I woke her up

Me:(I shaked her) My Love

Babe:Hmm

Me:Wake up we are home

She went straight upstairs

I warmed pizza and I took a bottle of

apple juice and tumblers and I went to our bedroom

She was in the bathroom rinsing her face

I took off everything and I was left in my boxers only and she came to bed

We ate

Babe: Can I have the last piece?

Me: Sure, anything for my wife

Babe: That's comprising My Love

Me: I am good at this husband thing right?

Babe: Yes My Love, very good

Me: You are not angry at right about what happened in the morning?

Babe:No I am not, can we sleep now?

Me:Sure but you've been sleeping Baby!

Babe:A lady needs a beauty sleep and tomorrow duty calls

I had an amazing day with the people I love, and church was great, it revived my spirit, I now feel good well I am glad my wife dragged my ass to church and there is another thing bothering me about her lately, she has been moody lately

Insert 31

-Kgalalelo-

I was busy enjoying my sleep on Monday morning and I suddenly felt the urge to throw up and Katlego was holding me as tight as a potato bag and I tapped his hand and he didn't respond, I removed it and then I ran as quickly as I can to the bathroom and released everything into the toilet and I flushed

Baby:Baby what's wrong are you fine?

I avoided him and went to the basin and I rinsed and wiped my mouth

Baby:Baby don't do that what's wrong?

Me: I also don't know, I felt the urge to vomit and I didn't even eat anything this

morning, that maybe we can blame

Baby:(He hugged me) You'll be fine My
Love

Me:(I was sleeping on his chest) Let's
hope so

We did the bed together and he ran the
bath and we bathed together

After we lotioned and I ironed our shirts
then got dressed, I wore my dusty pink
suit with white shirt and it felt so tight

I was busy trying to calm down, you know
that feeling you get when everything
doesn't come together and you feel like
bunking and just sleeping yhoo

I took my bags and went downstairs

Me: Yuck Baby what's that?

Baby: What's what?

Me: What are you frying there, it smells rotten

Baby: It's eggs and I did them just the way you like them

Me: Huh-uh don't pour that inside my plate, I'll have a toast with butter and coffee

Baby: So you don't want my food now?
(He gave me a death stare)

Me: It's not that Honey it's just, I don't feel like greasy food, you know I had a bit of a situation this morning, I don't want to have another episode at work

Baby: Okay My Love I understand and today I am driving you to work and I'll fetch you again later

Me: Ain't I the lucky woman huh?

Baby: Yeah you are

I cleared up the table and I washed the dishes and we left

-

It's now lunchtime and I call LeAnn my receptionists

Me: Hello Lee please order Pizza for me from Debonairs and a bottle of Orange juice

Lee: Okay Mam' I will do so and the flavour

Me: Chicken please

Later a knock came by the door

Me: Come in

It was Lee and she was holding my whole rescue, I was so hungry I couldn't explain it

I attached my Pizza and juice, I only left 2 pieces can you believe it yhoo, my large appetite is seriously becoming a problem

I got back to my work and I suddenly felt nauseous

I quickly ran to my ensuite bathroom in the office and I puked

It was so painful and I was now starting to get worried and I was deep in my

thoughts when a door swing open and it was my Husband, I guess it was time to go home

-Katlego-

My phone rang and it was Amaza

Amaza:My man

Me:Geez I am Princess Vinolia's man the last time I checked (We laughed) How are you dawg

Amaza:I am a bit concerned, you haven't turned up with us in a while

Me:Dude I have a lot in my plate now, you know I am busy, I am running my father's company and doing my daily job at the same time so I don't really have time and

yeah my wife needs my attention

Amaza:Okay I get it but don't abandon us Bro, Sizwe has already done that, don't do it too

Me:Sure, I promise to visit you some other time Bye I have to go fetch my wife, some of us are married Boss

Amaza:Okayy sure nigga

Me:Nigga is your dick

Amaza:Ouch, only if you were not a few months older than me

Me:I am glad we are on the same page or else I was gonna kick those balls

We laughed and dropped the call

I don't like the fact that they feel like I have abandoned them, they are my boys and I'll make time for them someday

It was almost 17:00 and I remembered I had to fetch my wife from work

The receptionist directed me to the office and I told her my wife was expecting me, I took the lift to the 3rd floor and I knocked twice and there was no response, I budged in and she was not there, I heard sounds from the bathroom and I slowly walked there and she was on her knees with her face in the toilet and she was vomiting again, I let her finish up
Me: "A bit of a situation again"

She turned and she was shocked to see me

Babe: Oohh... Babe Hi

She was even stuttering

She rinsed her mouth and face then we went to the office I sat down and she was fixing her make-up

I stood from the couch

Me: That's it I am taking you to the doctor

Babe: No Baby that won't be necessary, you like to fuss over small things

Me: I wasn't asking you, I was telling you, it is clear you are not fine, look at how weak you are

Babe: Can we please drop this topic and go home please

We left with that tension and we faked smiles as we were walking out

Babe: Bye LeAnn

Me: Bye

Lee: Bye Mam' and Sir

We drove in total silence

Babe: Are we now fighting?

Me: I don't know what you are talking about

Babe: Duh the tension in this car, don't you think it is absurd?

Me: You are the one fighting, I am caring

about you that's all

We got at home and I got off the car and didn't open for her and went inside the house

Babe:Babe the door

I continued walking

Babe:Mxm! Really now

She slammed the car door and I heard her footsteps following me, I quickly changed my clothes and wore shorts, vest and sandals, she was standing at the door staring at me and she was fuming with anger

Me:I am coming!

She stood by the door and she even

locked it

Babe: You are not leaving with that long face

Me: I can and I will, get off my way woman

Babe: Okay I will, so where are you exactly going?

Me: That's for me to know and for you to find out!

She got off the door I unlocked and I got out, I got inside my car and drove to the nearest mall, luckily Clicks was still opened, I bought 2 pregnancy tests and went home, well I googled her symptoms on the internet and she had similar ones

to pregnancy

-Kgalalelo-

I was busy pacing up and down trying to figure out what could be wrong with me and I remembered snap! I didn't take the injection last month and Katlego and I haven't been using protection since I got into injections, this can mean one thing and one thing only, I can be pregnant, now this explains the mood swings, large appetite and vomiting and yhoo the weight gain, how come I didn't notice all of that?

Katlego came home and he was calm and he was holding a plastic bag

Baby: We need to talk like serious

Me: Okay...

He gave me the plastic and I opened it
was two pregnancy tests inside

Baby: I think that's what justifies all the
moods, funny smells, throwing up and that
weight gain

Me: Okay I also thought about it and I
realised that I missed my injection
appointment last month and I am sorry
about my behaviour this evening

Baby: I am also sorry about the way I
reacted, I should've dealt with the
situation differently

(We hugged and kissed)

Baby: Food?

Me: Yes please

We warmed Friday food and we sat on the kitchen counter eating

Baby: So when will you take the test?

Me: In the morning, it is best to use clear urine before eating and drinking stuff

Baby: Okay, shall we go sleep now

Me: Sure

We got undercovers and drifted to dreamland

In the morning I was woken up by the alarm and we both woke up and I went to the bathroom as I was opening the door

Baby:(He was holding the plastic swinging it in the air)You forgot this

Me:(I looked at him and smiled) Thanks
(It came out as a whisper)

I peed on the tests and I went to the bedroom, I found Katlego sitting on the bed starring at the bathroom door

Baby:And My Love?

Me:We should wait for a few minutes

I sat next to him and he held my hand and side hugged me, resting my head on his shoulders

He let go of me and started pacing up and down

Me:Stop doing that will you! (I snapped at

him, his movements were disturbing my peace)

Baby: Sorry, don't you think they are ready?

Me: Okay (I released a deep breath and I looked at them) ...

Baby: And?

Me: (I nodded and I smiled) They are positive

Katlego was so happy

Baby: (He hugged me tight) Thank you so much My Move

Me: (I shed a tear and looked at my stomach and touched it) So there's really somebody here?

Baby: Yeah and that is our mini somebody,
our own creation

(We looked at each other and smiled)

Baby: (He kissed my forehead) I will set
an Appointment with Dr Raheem for
tomorrow

Me: Okay thank you, now let's go bath
work is waiting for us

Well the last time I saw Katlego this
happy was on our wedding day, I didn't
know this was so big to him and he
couldn't stop touching my tummy

Insert 32

-Kgalalelo-

Katlego caressed my body while staring at me and he was smiling and deep in thoughts he didn't even notice I was awake

Me: You'll cut me with those eyes

Baby: Ooh Good Morning My Princess

Me: Morning My Heartbeat

Baby: (He kissed my forehead) How did you guys sleep? (He held my tummy)

I never expected him to say so that melted my heart

Me: We slept good I can say and you

Daddy?

Baby:I also slept great

We cuddled for the longest time, we were enjoying our freedom while it lasts

Me: Honey we will be late for the appointment

Baby:Dr Raheem can wait, I still want to hold my wife

Me:(I chuckled)Okay then

Baby:Uh-huh

I started feeling off, I was nauseous and I quickly ran to the bathroom and released all the pressure, I was a mess, being dizzy and stuff

We went back to bed and slept a bit

Me:Your child is messing up with me

Baby:I am sorry Baby (He sulked)

Me:Now get up

I looked at him and laughed my ass and I threw cushions at him

We woke up did our hygiene process and I wore my black and white striped dress, i did my facebeat and mustard sandals and i took mustard bag

Katlego wore his blue ripped jeans and pink t-shirt and military Nike zoom

Baby:You look beautiful my wife

Me: Thank you Baby

Baby: We are going out this morning

Me: (I touched my stomach) Thanks Nana,
I can now be taken out for breakfast

Baby: Yhuu Babe don't make it like I
haven't been taking care of me

Me: (I hugged him) Let's go before you
cry

We held hands and went downstairs and
we drove in his G-Wagon to Mugg & Bean
and after we went to the Hospital and
went to the reception area

Us: Hello

Receptionist: Hey, how are you?

Wow such a friendly lady

Baby: We have an appointment with Dr Raheem

Receptionist: He is waiting for you, second floor, third door on the left

Us: Thank you

We walked hand in hand to Dr Office and Katlego knocked

Dr Raheem: Come in

Baby: My Man (They did a handshake)

Dr Raheem: Real OG, how are you?

Baby: I am fresh my G and you?

Dr Raheem: I am busy as always, Hello and welcome (He looked at me and we did a handshake)

Me:Hi thank you

I was so nervous and my husband held my hands the whole time

We sat down and he ran some tests, he checked my blood pressure, checked my status and Katlego checked his too and the good news are we were both clear and after he directed me to sit on the bed, I lifted my dress to reveal my stomach and I covered my lower part of the body with a hospital cloth and saw my husband giving me a death stare, I held my laughter and held his hand even tight He spread some gel on my stomach and he started moving the machine in my stomach and I saw a tiny thing on the

screen

Dr Raheem:(He was pointing)There is your foetus and the heartbeat is quite strong

Me:How far am I?

Dr Raheem:You guys are 5 weeks pregnant

We looked at each other and I can say the moment I heard those heartbeats sounds pounding, I started to fall in love with the person I've never met, I even shed a tear, I felt a strong bond with whoever is growing inside me and I wanna meet them already

Dr Raheem:Well somebody is healthy and

wait!

I looked at Katlego confused

Baby:Is everything right doctor?

Me:Is our baby fine?

Dr Raheem:(He took a closer evaluation)

Well we have two heartbeats and look

there, there is a second foetus,

congratulations guys, you have twins

I was amazed, I didn't even know what to

say, I just covered my mouth with my

hands and the look on Katlego's face was

priceless

Baby:(He kissed my hand)Thank you so

much My Love

Me:Wow I don't know whether to be

happy or amazed

Baby: And the genders?

Dr Raheem: It is too early to tell

Baby: Okay, thanks my man

He gave me a tissue and I wiped my stomach and fixed my dress and got off the bed and he gave us an envelope with scan copies

Baby: And ooh doctor, do you have something to prescribe for my wife, for morning sickness maybe?

Dr Raheem: Well I'll prescribe it and you'll get it at the hospital pharmacy together with her medication

Baby: Thank you my man

Dr Raheem: Congratulations on double
the blessing

We exit the hospital

Baby:(He hugged me so tight and he
lifted me) Thank you very much my Wife,
I am the happiest man on Earth right now

Me:(I was giggling)Thank you too, I
already want to touch them

Baby:My Mom is going to be so happy,
she's going to be over the moon

Me:My Father too, you know he'll even
organise a celebration party

Baby: Can't it be 9 months later already,
I just want to hold and kiss them

Me:And for the sleepless nights My Love

Baby: I'll cross that bridge when I get to it

We laughed

Me: With you sleeping like an elephant this days?

Baby: It's because of the pregnancy, you know that if a man have impregnated, he becomes lazy and everyone around

Me: Men and their egos, I can't wait to make them tired and lazy at work

(We laughed)

Baby: And you'll get all wild of hormones like "Make it snappy and sleep when we sleep"

Me: I don't even talk like that

Baby: Yes you do!

Me: No I don't!

We walked to the car parking lot with that noise, we are loud guys yhuu

-Katlego-

Well I must say I am over excited, I am finally going to be a father not to one but to two, yhoo I can't wait to see my Mom's reaction when we tell her and she has been nagging us about kids, she's finally going to be a Grandma and well I will be a father to kids with royal blood so definitely I am going to protect them, I fell even more in love with my wife when I heard those heartbeats, she is

holding my whole world in her tummy

We drove to MacDonald somebody was having cravings already it's going to be a long ass 9 months

Babe:I just want a McFlurry then I'll be fine for the day

We ordered and ate and we took a doggy bag then we drove to our home

Me:So when are we telling the parents?

Babe:The sooner the better My Love, I think we should text them to come over for the weekend so that we can tell them all at the same time

Me:Well I agree with you on that one plus they never visit us, I think this is the

perfect opportunity to have them over

Babe: Well I'll send the messages tonight

Me: Don't worry about them, I'll do it,
just remind me

-Kgalalelo-

We get home and we watched a chick
flick without fighting, well I should be
pregnant often, because hey it is working
for me

Insert 33

-Katlego-

Today our parents are coming to hear the greatest news in the world, they have no idea what's coming their way because we just asked them to visit us, well I was looking at my wife sleeping peacefully, well this pregnancy really suits her, my poor Baby is always exhausted, plus she has always loved her beauty sleep

We hired a helper since Kgalalelo is pregnant and I don't want her to overwork herself, even though she was not happy with the idea, she loves to do things herself, for now she'll be resting, the doctor said multiple pregnancies come with a lot of complications and we

can't afford to risk her life and our
angels lives

I perked her lips

I went to do my hygiene process and I
went downstairs to make breakfast for
us

I just made muesli with fruits and
yoghurt and I heard footsteps

Me: Mrs Kaotsane, you ruined a suprise

Babe: Morning to you too (She said going
to the fridge and she was wearing a short
and crop top with flops)

Me: Sorry Baby and where's my kiss?

Babe: Let me see (She put her hand
under her chin and lifted her head

thinking) No!

Me: Why?

Babe: Because you so rude Daddy, you don't greet us

Me: Okay sorry again, "Good Morning family"

She laughed so hard

Me: What's wrong now?

Babe: Nothing, Morning My Love and by the way that looks appetizing

I got closer to her, kissed her, I was hugging her from behind

Me: (I rubbed her stomach) How are my babies today?

Babe: They are good today and behaving,
they didn't give me a hard time

Me: That's great...

Babe: And?

Me: What?

Babe: So you won't bother asking me how
I am wow?

Me: Are you jealous?

Babe: Jealous? Me? Come on

She said taking her smoothie and heading
to the lounge and I followed her to the
lounge with a tray full of food and we sat
on the couch and we ate

Me: Finish up we are going to the gym and

after we have to cook for the family

Babe: But Snuggle Muffin...

Me:(I cut her) There's no, but snuggle muffin here, we are going to the gym

Babe:Are you saying I am fat?

Me: Don't play mind games with me

Woman, those little ones must be healthy

Babe:Okay Father!

Me: I'll act like I didn't hear that, take your vitamins we have to dash

I took my medication and I dragged my feet to the bathroom

-

We changed into our gym gear and we

went to the gym and it was fun I must say and we showered at the gym and changed into shorts, vests and flops and my wife wore a summer dress with flops and we drove to the mall

Me: So how was it?

Babe: It was beyond great, thanks for forcing me

Me: I am glad, I didn't fight you for nothing, don't thank me yet, because I am dragging you to the gym for the next 8 months, so be prepared

Babe: The perks of marrying a gym guru!

Me: Say that again!!!

Babe: Fuck you

Me: Well it takes two

She threw a chocolate slab at me

Me: Why are you even having those?

Babe: It's your children not me

I looked at her and laughed, my poor children are blamed for everything

We went to do a mini grocer and we went home and cooked, I braaid meat and Mrs Kaotsane cooked pap and made gravy

We then went to freshen up it was around 12:00 and we had an innocent shower together, ofcouse I touched her and she pushed me away, my wife have been scared to be intimate since the pregnancy, it's like she's scared we will

hurt the babies

Me:You are going to do that for the whole gestation period?

Babe:Do what?

Me:Push me away when I try to touch you?

Babe:I don't know what you are talking about

Me:You don't? (I went to her and kissed her until the kiss got heated)

Babe:(She pulled away)Uhm... Our parents will be here any moment

Me:You see what I am talking about

She avoided me and we dressed in total

silence

She wore her nude body hugging dress, and black heels and I wore my blue ripped jeans and nude uzzi shirt and brown half boot AF1 and she did her make up, I left her and went to finish setting the table where she left off and I heard a loud knock on the door, our gate is opened with finger prints and our parents have full access to the house and yard

Me: Coming

I opened and I met with both of our parents, and the Mautlwa brothers and I greeted everybody and it was good seeing everyone

Mom: Where is my daughter?

Me: She's upstairs still fixing herself,
I'll go call her and I went upstairs

Me: People are waiting for you downstairs
I tried to walk away

Babe: Baby! Everyone is going to notice
the tension between us, can we talk first

Me: About what? Because you clearly
don't trust me

Babe: I am sorry Baby, it's not that I
don't trust you, I am scared of hurting
the kids in the process, you heard the
doctor said that, multiple pregnancies can
be complicated

Me: That's not an excuse, I am your

husband, I have needs as a man, you can't deprive me sex, what happened to communication? You were supposed to tell me that you are not comfortable having sex, I would've understood

Babe:I was scared to tell you

Me: Have I ever given you a reason to be scared of me?

Babe:No!

Me:Then why all of a sudden? You know what don't answer that, people are waiting for us downstairs, well apology accepted

I saw her face forming a smile and she jumped to me and kissed me then hugged

me

Me: Whoa, you'll ruin your make-up

Babe: Thanks for understanding My Love

Me: Now let's go!

Babe: (She wiped my mouth) You got a lipstick

We went downstairs and she greeted everybody and they were so happy to see her

-

We had conversations while eating and it was a bit cloudy and we were having lunch in the garden

Me: Uhm we have something to tell you

guys

We held hands on top of the table and with that said the whole attention was on us and it was very quiet

Mom: Don't tell us you are divorcing

Me: No Mom relax

Mrs Mautlwa: Then what is it, you are scaring us

Me: Well Mrs Kaotsane here is pregnant

Mrs Mautlwa: What? (She was extremely shocked)

Dad: Are you serious Son?

Me: Serious as a lightning

My Mom immediately stood up and came

to hug us she was so happy she
even shed tears

Mom: Thank you so much my children

Our parents were so happy

Mrs Mautlwa: I am a happy mother today

She also came to hug us

Lewatle: Thanks my man, at long last I'll
be an uncle

We did handshakes with 3 musketeers
and they congratulated us

King: Look at these cheeks (He said
playing with my wife's cheeks)

Babe: Dad I am old for that now, you'll do
that to your grandchildren once they are

here!

Kago: "Grandchildren once they are here"
what do you mean?

Karabo: Wait! you guys are having twins

Us: (We looked at each other and
nodded) Yes we are having twins

My Mom was ullulating at this point

Mrs Mautlwa: Can we steal her a bit Mr
Kaotsane

Me: Yes Ma

My Mom and Mrs Mautlwa went upstairs
with Kgalalelo and we had whiskey with
the guys and future grandfathers

Dad: So you have super sperms boy?

Me: Really Pops?

We all laughed

King: It's obvious, only men with super sperms shoot multiple

Dad: I really can't believe I am going to be a grandfather, I've waited for this moment forever

Me: Believe it father

Dad: Thanks again my son

We left old men to have their conversation and we went to the front and had chats

-Kgalalelo-

Wow I can't believe Mom sometimes, but

maybe it is for the best because this is my first pregnancy

Mom: So how far are you?

Me: 5 weeks

Ma: Wow I am really going to be called "Granny" thanks my child for blessing us

Me: It's my pleasure Ma

Mom: My Princess is now a woman fully, you are really going to be a Mom with those soft hands

Me: Yes Mom and they are not soft, remember I have always been good with my nephews and nieces

Mom: Yes you got a point now

Ma:I can't wait to touch them

Me:Me too (I said touching my stomach)

Ma:And you are going to make a great Mom, my child

Mom:And don't starve your husband

Ma: Exactly because he'll go around snooping like a dog looking for bones

This old women though

Me:(I looked away and laughed)Yooh Grannies

Ma:We are telling you

Mom:And it is very important because you will be making those kids strong

Me:Yooh okay thanks I heard that

Ma: We've said a lot and keep on slaying my girl, many girls are hungry for a...
What do you call a man who goes to the gym?

Me: A hunk Ma

Ma: That one

After having a talk with the ladies, they left the bedroom and my husband came
I was sitting on the bed browsing through my phone

Me: What are you doing here?

Babe: I came to see my wife (He was kissing me all over)

Me: Okay My Husband, I was about to call Masego, I haven't spoken to her ever

since she gave birth and I also have to share the good news with her, I called via Skype

Masego: Hey my prodigal best friend and hey Brother In-law

Us: Hello Mother

Masego: How are you my couple?

Me: We are good scratch that we are happy and you?

Masego: I can't complain, life is good, except sleepless nights

Me: That's motherhood, Congratulations on the little one, where is he?

Masego: He inherited your genes, he is sleeping

Me: Kiss him for me

Masego: I definitely will

Me: (I looked at my husband) We have news for you

Masego: Shoot, I am curious already

Me: We are expecting

Masego: She is lying right Katlego?

Baby: No! We are pregnant with twins

She was screaming and she wasn't in stitches she would be jumping around now!

Masego: You guys! Congratulations, Katlego you deflowered my best friend and she never even told me about it

Me: Karma! You remember I had to hear from your sister that you were no longer pure?

Baby: Ladies that's my cue to leave

Masego: No need to, well somebody woke up, I'll talk to you guys

Me: Bye greet your husband

-

Babe was lying with his back and I was sleeping on his chest

Babe: So what did the ladies say?

Me: It was a ladies talk Baby

Baby: Well I want to hear too My Love

Me: But you are not a lady Baby

Baby: Okay but just know this is not over

Me: Okay, they were talking about me having to be intimate with you and blah blah blah

Baby: Well I love those two ladies

Me: All because they were talking about sex, those ladies are bad Grannies

Babe: You mean great Grannies My Love

Me: Mxm

My husband is a freak yhoo, a whole freak guys

-

We went downstairs and found the ladies cooking

Me: You didn't have to cook, I was going to

Ma: Don't worry my child, you also need to rest

Me: Thank you Ma

I hugged them

Me: You are the best Mothers in the world

Mom: We know, our sons even know how to do dishes

Me: They did those dishes?

Ma: Yeah and mopped your kitchen spotless

Mom: This pregnancy is showing me

different people I've never seen

Me:Me too, the Mautlwa Princes and dishes that's a first

We laughed

Me:They deserve kisses on the cheeks

I drank water and went to the guys in the backyard

I kissed my brothers on the lips and my husband on the lip

Karabo:And what was that for?

Me:For doing the dishes

Kago:Well who wouldn't if they found that they will be uncles

Lewatle: Exactly

Me: Thanks guys

Lewatle: There's a way you can thank us

Me:(I raised my eyebrows) And that is?

Lewatle: Borrow us your husband tonight

Me: Where are you taking my man?(I said side hugging my husband ans giving him a death stare and he shrugged his shoulders)

Lewatle:To the club to celebrate great news

Me:No!

Karabo:Ao Sis!

Baby: Babe!

Me:I am joking he must be back before

3am the bed tends to be cold around that time

Kago: Thanks Mama

Me: Say that again I'll change my mind

Kago: Thanks Mamamiya

We laughed

Me: I'll kill you

We hugged each other and we went inside for dinner then after the boys went to the club around 20:00 and everyone went to sleep

Insert 34

-Katlego-

I looked at the time and it was almost
4:00

Me: Snap! Gents your sister will kill me

Karabo: Relax we will fabricate a lie

Lewatle: No, no, no! Karabo, you are single,
you know how your little sister can be,
she will eventually turn Rambo on us

Kago: I totally agree with you Bro, let's
get going

Me: And I'll be banned from partying for
the next 9 months

Lewatle: Trust me you don't want that

We exit and left with a metre taxi and luckily the kitchen door wasn't locked and we tiptoed upstairs and I opened the door slowly and luckily Princess was deep in her sleep, I went to the bathroom, rinsed my face and brushed my teeth and I slowly got undercovers not waking my wife and I hugged her from behind and I dozed off

I touched the other side of the bed and there was no one

Me: Babe! Babe!

I got up and went to the bathroom and there was no one

Well I guess she was downstairs that was

the only explanation, I looked at the time and it was 8:30, I took a quick cold shower, I didn't have a banging headache because I limited alcohol last night, I was just tired

I wore my black jean and mustard golf T-shirt with All Star and I went downstairs

The old men were playing chess on the lounge

Me: Good Morning

King: Morning son

Dad: You boys wake up late, during our days, you wouldn't find a boy sleeping around this time

Me:I hear you Father, So who's winning?

King:I am showing your father flames Son

Dad:I am soft on him because he is King
Mautlwa

We laughed

Me:Where are the three musketeers?

King:Well Kago and Lewatle are outside
and Karabo is still snoring

I understand why he was still in bed, that
dude can party, I thought my Wife was
exaggerating when she said her brother
is quite a party animal, I witnessed all
that last night

I went to the kitchen and I found my
wife with her Mothers preparing

breakfast

Me: Good Morning Ladies

Them: Morning Son

Me:It smells great in here

Mom:We know right!

Me:Yeah yeah

We laughed

Kgalalelo didn't answer nor laugh, instead she looked the other way, I went to her and tried to kiss her and she turned and I kissed her cheek, I swear she's angry at me

Me: How are you Babe?

Babe:I am fine

She answered like somebody who is not even interested and our Moms caught the tension and they immediately looked for excuses to leave the kitchen

Mrs Mautlwa: I'll prepare the table so long

Mom: Well let me help you

They left the kitchen

Me: What did I do this time?

Babe: You want to act dumb, well continue

Me: Babe I am sorry, we lost track of time

Babe: Ooh now you know

Me: I am really sorry

Babe: So at what time did you come home?

Me: Well... Around... 4:00

Babe: Mhmmn okay

She tried to get up

Me: Don't stand up I'll leave

Dude I left the kitchen when I still had the chance and went to the Gents outside

Me: Morning

Them: Sure

Lewatle: You look tense, let me guess, my spoilt little sister is angry

Me: Bro make sure she doesn't hear you saying that, she doesn't even want to see

my sight

Karabo: That's why I decided to remain single

Kago: Here we go again

Kgalalelo came outside

Babe: Breakfast is ready Party Animals
(She rolled her eyes and went back inside)

Me: She's not letting this go anytime soon

Kago: Well I am happy we are leaving today

Lewatle: Don't worry she'll eventually come around, she's pregnant so I guess that's mood swings

Me: I'll fix her gents don't worry

Kago: Whoa! That's too much info Bro

We went inside and we had breakfast

Me: You don't want bacon?

Babe: No I am fine

Mom: Princess must eat healthy, stop stuffing her with oily food

Babe: Exactly Ma, we must start a strictly healthy diet from now on

Me: With me included?

Mom: Who else?

Me: Well I thought she meant her and the babies

King: Welcome to our world son

Dad: You see why we have grey hair now boys!

Us: Yeah

Mrs Mautlwa: Well these guys are trying to say we lead them by the nose

Mom: And that's not even close to the truth

Karabo: Well I want to preserve my black hair so I'll stay single forever

King: I knew it, I guess it is high time I arranged a marriage for someone

We laughed

We did dishes after, well hoping we can be forgiven but nah!

-

The ladies were doing dishes after lunch and I was eavesdropping their conversation

Mom: You should've seen Katlego's eyes when you said you'll lead a healthy lifestyle

Babe: Serves him right for fooling me

Mrs Mautlwa: Don't be too hard on him

Babe: I am planning on going an extra mile on this one, I want him to think twice before agreeing to going out with Karabo present

They laughed

This woman is planning on feeding me

rabbit food! I wouldn't even survive for a day

-

We said our goodbyes and everyone left, it was a one on one session now!

Kgalalelo was going upstairs and I followed her

Me: You want to talk about it?

Babe: Well it is controversial and I don't want you to think I am controlling you

Me: Whoa! Where is all of this coming from?

Babe: Nowhere, I was just making things clear

Me: Well I don't get why you are angry about this because I gave you a valid reason and I was with your brothers anyway, I asked for your permission

I took my car keys and I got out of the room, I needed to clear my head, I went to the park and I sat there for a while and I drove back home after an hour of thinking

I switched on my phone and I found 5 missed calls from Kgalalelo, I got out of the car and went to the house, I passed Kgalalelo at the dining room and I went upstairs, as I was about to step on the stairs

Babe: Honey I am sorry

I stood there, like I literally froze and I heard her sobbing

Babe:I am really sorry from the bottom of my heart, I know I haven't made your life easily for the past few weeks...

I went to her and I hugged her so tight

Me:(I kissed her forehead)Shhh don't cry

I was brushing her back and she became calm

Me:I am also sorry for storming out like that and yeah I forgive you, so how are my precious cargos?

Babe:They good just giving me a hard time, look at me, I am a mess

Me: And I love you as messy as you are

Babe: I love you even more, but I hate you now for making me pregnant

Me: And I love you triple that you are now pregnant, look at the glow

Babe: How much do you love me exactly?

Me: (I perked her lips) Well this much

I continued kissing her whole body and she released moans, I led her to the couch in the lounge, I put her in the couch and I removed her dress and my t-shirt and she helped me take off my trouser

Me: Somebody is craving me

Babe: Don't blame me

I kissed her and she responded, I unhooked her bra and teared her thong with my teeth

Babe:I swear you are going to finish them

Me: Don't worry I will buy you designer ones(I said not stopping the kisses)

Babe: Uh-huh

I then inserted myself without wasting time, I was hungry for her and she was grabbing me for a dear life

with the first pound

Babe:Uuhhhh

The room was filled with moans and groans then rest is history

I collapsed on top of her breathing heavily

Babe: Now get off me, you are heavy

Me: You didn't say that a few minutes ago

Babe: What was that yhoo!

Me: I know right!

Babe: We must fight more often

Me: I'll pass

She playfully slapped m

We cuddled on the couch wearing a shawl

Me: Let's go finish this in the bedroom

Babe: Or we can finish it right here

She said getting on top and kissing me and I reclined

Babe: Why are you doing that?

Me: Shhhh

I attacked her with a kiss and we had 3 more steamy rounds on the couch

Babe: I am so hungry

Me: My foodie, well I guess I inherited your behaviour, I'll order pizza

Babe: The last sentence saved you

Me: You see what I am talking about

We went to the bathroom downstairs and showered and we covered ourselves with towels and our pizza came and we ate we drank juice

Babe: It's going to be a long 9 months

with this juice

Me: You dare drink wine with my babies inside you, I'll kill you

Babe: Wow, why do I feel like you love them more than me?

Me: Don't twist my words

I swear we watched TV on the couch with towels and somebody was having silly ideas

Me: Huh-uh I am full, tomorrow it is Monday

Babe: Suit yourself

Me: To think you were scared a few days ago, you are a freak

Babe:It makes the two of us

Me: Don't involve me

Babe:Yes you are and to think I was innocent, you turned me into one

She always says I am the freak, she is too, you know what they say "birds of the same feathers flock together"

I am glad we made up, I honestly hate what moods do to my wife and it was nice having family around

5 Months Later

I am now 6 months pregnant and in my second trimester I have a very huge bump but the pregnancy is too friendly to be of twins, doctor told us multiple pregnancies are complicated, more especially for first time moms

Well we discovered the gender of the

babies, it's a boy and a girl

My parents did a ritual to appease the ancestors

Well My best friend and her husband moved here, they bought a farm and they produce crops

Katlego has been happy since we got the genders of our unborn bunnies, he has been caring even though he has his moments

I woke up very hungry and I looked at the time it was 2:30, I got off the bed not waking Katlego up, I rinsed my face and brushed my teeth

I wore my gown and I went to the kitchen

and I did rooibos tea and peanut butter sandwich and I got back to the room and I found Katlego wide awake and he was on his phone

Baby:Hey Sweet Pea

Me:My Man

Baby:So many slices!

Me:Are you complaining honey?

Baby:No... Definatly not but these kids make you to eat a lot

Me:Your little rascals are giving me a problem!

Baby:I can see, I can't wait for them to get out of there so I can have my wife all to myself

Me:I wish they stay inside, I am not ready for sleepless nights

Baby:(He touched my stomach)Did you guys hear your mom?

Me: Somebody want to be the favourite parent already

Baby:Ooh please, obviously I will be, I mean I'll be the coolest dad

Me:Okay "coolest Daddy" wait until they are here and you'll see that I can love a human being wholeheartedly

Baby:(His eyes popped)What do you mean? So you don't love me wholeheartedly?

Me:I smell jealousy Daddy

Baby: Jealousy? Me? No Baby I don't

know what you are talking about

Me: Continue acting dumb, but we both know I am right

I finished eating and we were totally sleepless and we decided to watch a parenting programme and I can't remember when did I pass out, I woke up and I found Katlego busy giggling and staring at his phone

Me: When are you sleeping?

Baby: Just now Baby don't worry

Me: Okay

I went back to my sleep and I was woken up in the morning by kisses all over my face

Me:Mhmmm(I giggled)

Baby: Wake up I've ran a bath for you

Me:Okay

He picked me up bridal style and we had an innocent bath together

-

I was looking at the mirror busy lotioning and Katlego came and hugged me from behind, we kissed and the kiss became more passionate and I pulled away

Me:(I flinched) We will be late for work
Baby

Baby: Ohhhh Okayy...

He let go off me and went to sit on the

bed

I dressed and wore my maroon fur coat,
white bottle neck, maroon jegging and
black knee length block heels boots, I
combed my natural afro and took my
black Michael Kors

He started to be tense and the tension
could be cut out with a scissors

Me:I hope you don't get me wrong

I tried to kiss his mouth but he dropped
his face, I kissed his forehead and I left
the room

Me:Bye

Babe: (Mute)...

I decided to let him be and I drove to

work, I had a meeting at 10 so I went to finish my proposal and went back to the boardroom at 10

I signed a new client and we toasted to that and after everything I visited my mother in-law because I still had time before going out for lunch with Nolwazi

I drove in the gate was opened and I found Ma at the kitchen

Me: Afternoon Ma

Ma:(She came and hugged me) My Child, look at how huge you look, you are indeed holding the Kaotsane's

Me:(I hugged her back and giggled)

Ma:I am making tea do you want some

Me: Don't worry Ma I'll have juice

We went to sit at the lounge and we were just chatting

Ma: How are my grandchildren treating you?

Me: I am getting there Ma even though they make me eat so much

Ma: And there's a boy, you know boys and food

Me: He's going to suck me dry this one

Ma: He's going to take after his father this one, Katlego used to be a food lover, speaking about him where is he?

Me: He is so busy this days

Ma: Tell him to visit us

Me: I will Ma, I will visit again, I have to go I have to meet with a friend

Ma: Okay my child, let me not keep you

We hugged and I drove to spur and I heard somebody calling my name and I turned to look at the back it was my former schoolmate Tshidiso

Tshidiso: I thought I saw a familiar face

Me: Well a familiar face it is

We hugged and he bumped into my tummy

Tshidiso: Ooh sorry Princess

Me: (I giggled) Don't worry

Tshidiso: So how have you been? I mean

marriage life, I saw your wedding on the tabloids

Me:I have been great thanks, well I can say it has been all good, I finally found my match

Tshidiso:I am happy you did and you are even expecting, the guy is lucky and you are still as beautiful as ever

Me: Thanks and you what are you doing in life, are you married? why did you come back to the country?

Tshidiso:Well I am married and I have a family, you know what let's talk about that some time, I'll plan a date and we will do a catch up my business associates

are here

Me: Okay then, my friends are also waiting, bye I'll see you around

Tshidiso: Take care Princess

Well we parted ways and I went to Mamello and Nolwazi

Me: You'll cut me with your eyes

Mello: Out with it

Lwazi: Yes who's that hunk?

Me: Hello to you too

Mello: Hey my best friend how are you?

Me: I am good thanks, the other one doesn't even care about how I am! (I gave Nolwazi a death stare)

Lwazi:I know you are great my friend

Me:And that's supposed to make me feel better?

Lwazi:Yeah who is that yummy guy

Mellow:Yeah who is he?

Lwazi: Please

Me: He's an old friend... Don't even think about it Sizwe will kill you

Lwazi:If he can cheat what's stopping me

Mello:Wait is that "Mr Ego"

Mello and I laughed our asses out

Me:The one and only

Lwazi:(She chuckled with curiosity)What are you talking about I am lost?

Me: So that guy used to be our classmate and he had this pride and Mello called him "Mr Ego"

Mello: Well he was Princess's friend and they were close, at some point I thought they would be married

Our orders came, they ordered ribs, burger and half quarter chicken, it's like they knew I had a big appetite, thought I just had scones with Ma

Me: Pssh, me and Tshidiso come on, let's forget about that guy, my husband is angry at me because I deprived him sex this morning

Mello: Sorry friend, men don't understand,

they don't get it that once we are huge
we get scared to get active

Me:Bro I was enjoying and always wanted
more when I was in my first trimester
and now I am so uncomfortable

Lwazi:I was in the mood my whole
pregnancy, or maybe it was because my
stomach was not huge

We ordered ice creams and ate we didn't
care about the cold weather, it was time
for them to go fetch their kids from
creche

We made our way to our cars busy making
noise and everyone was starrng at us

Me:Bye guys I am going home to a grumpy

husband

Them: Bye

I got home and I found Katlego cooking in the kitchen, he was staring at his phone rather and he was busy giggling and smiling

Me: Heyy

Baby: Sure

He didn't even bother looking at me wow!

I rolled my eyes "sure" really? and went upstairs to change into comfortable clothes, I firstly showered and I wore my winter pyjamas, it was early August and it was a bit cold

I am not ready for Katlego's grumpiness

today, he came with the food to the
bedroom

Me: Thank you

He made beans with bones and bread, it
was competible for the weather

We ate in total silence until he asked me
if I'd like anything

Baby: Would you want anything to drink?

Me: Water please, just come with the 1
litre bottle

Baby: Okay

He came a few minutes later with water

Me: Thanks and thanks for supper

I think it pained him that I didn't care

about him being angry at him, he kept stealing glances at me and I continued to concentrate on the TV

Katlego's phone rang and we both looked at it the name "Christel Kakatlelo" popped on the screen, we both looked at each other and he snatched his phone on the bed and he went to the bathroom and closed the door behind him

Me:(I chuckled) Wow!

He came back after 2 minutes and I gave him death stare

Baby:What?

Me:Is that how you talk to me now?

I didn't give him the chance to explain, I

slept and covered my head and I don't know where I fell asleep

Insert 36

-Kgalalelo-

I was woken up by Katlego's phone on Thursday morning

Me: Are you not going to answer that?

Baby: No, it is not important

Me: Then switch off the phone because it is disturbing my peace

Baby: Okay

Katlego was so cold towards me and I

decided to let him be, I wanted to clear the air but my inner self said "You know what Kgalalelo, give him a breather"

I then went back to sleep even though it was time to prepare to go to work

I am lazy recently, I feel like not going to work everyday

I woke up with Katlego dressing

Me:(I sat with my butt while yawning)

Why didn't you wake me up?

Baby:You were sleeping peacefully (He said looking me at the mirror)

Me:Can we please talk?

I couldn't really hold myself anymore, because this tension was now getting

serious

Baby: Okay!

Me: Come sit here!(I patted the bed)

He came but he couldn't keep eye contact with me, he faced the other way

Me: I am sorry I haven't been the easiest person to be around recently, I am also sorry that I haven't been open with you, but you can't keep on avoiding me forever, I can't live in a situation like this, it's like you don't care about me or our kids

Baby: Well I feel like you don't trust me, ever since we've been pregnant I feel like you don't talk to me as much as you did, honestly I am trying here

Me:I know and I am deeply sorry for that, I think this pregnancy is taking a strain on me, well about intimacy I'll find a way to make this work

Baby:(He turned and held my hands) We are in this together, you don't really have to be intimate if you are uncomfortable, I understand and that wasn't the major thing, the major thing is you shutting me out, I want to be more involved than i am

Me:(Tears rolled) Thanks for understanding

Baby:(He wiped the tears with his thumbs)Look at me! Promise me you'll never leave me out ever again!

Me:(I looked at him) I promise

We hugged and he kissed me

Baby:I missed this sweet lips

Me:(I smiled)I know

Baby:Is it that obvious?

Me:Yeah you kissed me with hunger

We laughed

Baby:Now get up granny, that multimillion
Rand company won't run itself

Me:Ohhh wow so I am granny now (I
chuckled)

Baby: Yeah my granny

A part of me was a bit releaved but
something was still bothering me! I kept

wondering about the calls and late night texts but I snapped out of it

I went to bath and I dressed in my grey winter wool dress, black ankle boots, long tides, and black winter coat and I found the bed done

Baby: You are beautiful Mrs Kaotsane

Me: Thanks, you don't look bad yourself

Baby: I know, I am a Kaotsane remember

Me: My Charmer

We walked out hand in hand laughing

We were going to Wimpy for breakfast then Katlego went to drop me and he went to work

Lee: Morning Mam'

Me: Morning, how are you Ann?

Lee: I am great thanks and you Mam'?

Me: I am great thanks, Make me a cup of rooibos tea with milk please

Lee: Coming right up Mam'

Me: Thanks

I made my way to my office and I got busy with work, I took an uber back home at Lunch, I had an early knock off, I just wanted my bed

I texted Katlego to tell him I was home and I had lays, yoghurt and chocolate chip cookies and I dipped lays on yoghurt, I can say it tasted so good, I couldn't get

enough of the combo and I went to take another packet after I enjoyed my beauty sleep, Katlego's babies are messing with me, I am always in the mood for bed

I was woken up by Husband caressing my face

Me: Hey (In my sleepy voice)

Baby:(It came out as a whisper) Wake up

Me:What time is it?

Baby:5:30 and you've been sleeping for long now, I am getting lonely

Me: Why didn't you join me instead of waking me up

Baby:No way, so how was your day?

Me: It was short and great, I was yawning the whole time and decided to call it a day

Baby: At lunch time?

Me: Yeah, I guess I am enjoying to be my own boss

Baby: The perks of being the majority shareholder & CEO

Me: Uh-huh

I got up and I rinsed my face and brushed my teeth then I went to the kitchen to cook, leaving Katlego showering

I prepared rice, mince meat with mixed vegetables and I prepared the table

Me: The food is ready my Love

Baby: Coming

We ate and went straight to bed

-

I was reading my Bible and Katlego was sleeping, he looked exhausted

I then also joined him after 00:00 because I was slowly feeling lonely

-

Today I am not going to work, I have a doctor's appointment and Katlego's mom is accompanying me, Katlego has a meeting so he asked his mom to go with me

I was done with my hygiene process and I wore pink Adidas tracksuits and pink Adidas licks and I combed my afro

I went downstairs and I prepared breakfast for us, I did a full English breakfast and I set the kitchen counter -

Baby: It's been long since I had such a great breakfast

Me: Are you trying to say I have neglected you Mr Kaotsane?

Baby: Well...

We laughed

Me: You dare say that in front of our parents I'll slit your throat

Baby: Well my lips are zipped, how are my little copies and my wife of course?

Me: I thought you'd never ask, they are growing do you see how huge I become day by day, well I am glowing as you can see?

Baby: And I still love you, as huge as you are

Me: I love you more

We kissed

Me: (I pulled away) Huh-uh, your mom is going to kill me, it's already 8:00, we are going to do shopping for baby clothes and all the necessities

Baby: I wish I could go with you but the

back to back meetings

Me: Don't worry you'll go with us another time, your mom says you abandoned her, call her Babe

Baby: I will My Love thanks and you can take my black card

Me: Aren't I the lucky wife?

Baby: Hey don't overspend, I know you and your mother in-law

I laughed

We did the dishes together

-

I was busy looking for my car keys and phone

Me:Baby haven't you seen my phone and keys?

Baby:(Mute)

He was sitting on the couch and busy on his phone

Me:(I snatched the phone from him)

Baby:What the fuck!

Me: What's so important in this phone that you can't even answer me

Baby: Nothing, can I have my phone back now?

Me:Well this phone seems to be more important than me these days, what's in here that's so interesting to a point that you can't hear me when we are literally 4

seconds away from each other?

Baby:(He sat back on the couch) Well you are exaggerating now...

Me:(I folded my arms and looked at him)I am right?

Baby: Can we not do this, not today

Me:If not today then when?

Baby:Well...

We heard a hooter outside, it was probably Ma

I took my bag and left without my phone

Me:This is far from being over I swear

I went to the car and I greeted Ma

Me: Morning Ma

Ma: Morning my children

Me:(I laughed)How are you today?

Ma:I am good and you guys?

Me:(I looked at my stomach and touched it) We are good Ma

We drove and I was was quiet the whole ride, I was digesting what occurred this morning

It clicked my mind that Katlego might be cheating, that's the only logical explanation to this coldness he is feeding me recently, but I snapped out of it, I didn't realise I was that deep in thought, I felt hot liquids running through my cheeks, I wiped those tears

Ma: Are you fine Princess

Me: Yes I am Ma

Ma: Talk to me my child, you don't seem fine, it's clear something is bothering you

Me: It's nothing really Ma, I was just thinking about my children (I pulled a fake smile)

Ma: Okay I understand, thinking about parenting can make one emotional, but trust me it will be the greatest journey, we are here to help you

Me: Thanks Ma, I really appreciate it all

-

We got inside right in time for our appointment

Dr Raheem: Good morning Mrs Kaotsane & Mrs Kaotsane Junior

Us: Morning Dr

Dr Raheem: Well you look bigger than the last time

Me: I know right

He Firstly checked me and he did a scan

Ma: Wow these is really them? their heartbeats are really strong

He did a 3D scan copy for us, well our people are growing, I feel so connected to them everytime, I hear those heartbeats

Dr Raheem: Well I have the good and the bad news

Ma: Are the children fine Dr?

Me: What's wrong Dr?

Dr Raheem: No don't panic Mrs Kaotsane

Me: I have to Dr is there a problem

Dr Raheem: Actually yes, I can say they are growing pretty well from last time and they are healthy... Well your blood pressure seems to be very high, it's at the peak and it is risky for the foetus, you should stop stressing if not you might lose the children

He prescribed medication for me and we went to the pharmacy and we left to the mall

Ma: Is everything right at home?

Me:Yes Ma, everything is right

Ma:Then what is stressing you

Me: It's work Ma, I have been handling big clients recently but I promise it's done, I can now go back to my normal state

Ma:If Katlego has anything to do with this, don't protect him, both you and your children's lives are at risk

Me:I am not protecting him Ma, I assure you everything will be fine

-

We did shopping and it was a lot, I even forgot about my problems for a while, I raided Katlego's card and I am sure he is

freaking out wherever he is, we went to the boutique and bought clothes for ourselves too and after we went for lunch at KFC, I was craving their dipped wings and we drove back, we even took takeaway, no cooking for the Kaotsane Men tonight

Ma: Thanks, but you didn't really have to buy me such expensive clothes

Me: Don't worry Ma it was a token of appreciation for going with me to the Dr and for everything

Ma: It's my pleasure Princess, those are my children too so anything I am a call away, I am even willing to drop everything

Me: Okay Ma

We took everything inside the house, we bought a lot of things from car seats to primers to cots to baby utensils and clothes

Ma: They will deliver the cots tomorrow and they will paint your nursery too, everything is now in order just waiting for the little prince and princess to avail themselves

We laughed

Me: Thanks Ma

Ma: I have to go now

Me: Aren't you staying for a cup of tea

Ma: Sorry next time, your father is

waiting for lunch, I promised to bring him one

Me: Okay you'll travel safely

Ma: Thanks take care

Me: Okay Ma

-

I was exhausted but I took everything upstairs to the bedroom we will turn into a nursery

Katlego came as I was about to get out of the room

Baby:(He was furious) Really over R200 000 on clothes?

Honestly speaking, I did all of that on

purpose, It was a payback for avoiding me in the morning, I wanted to hit him where it hurts, in the pocket

Me: Well I didn't know that money was a problem

Baby: So you don't regret all of this?

Me: It's not like I spent it on useless things, I bought "stuff" for your unborn children (I faked a smile and I pushed him aside and went downstairs)

He followed me

Baby: Princess we are still talking

Me: About what exactly? Money? Well let's talk then, who is she?

Baby: Who? (His eyes were all over the

place)

Me: That Bitch that's getting all the attention in the world from my husband

Baby: Well I don't know what you are talking about

Me: Well tell me I am exaggerating Katlego

Baby: Wow full name type of vibe

Me: You think I am joking here! Who the hell is Chantel?

Baby: Well... Uhm... (He was scratching his head)

Me: Cat got your tongue?

Baby: Well she's nobody!

Me: Ooh wow so nobody keeps calling! A whole phantom, you know what I am not ready for this! I need to clear my head

Baby: Babe, I think you should calm down, stress is not ideal for the children

Me: Wow so now you know what best for me now huh?

Baby: Babe, I spoke to Mom and she told me about what the Dr said, I think you should calm down

Me: You are full of jokes do you know that? scratch that actually you take me for a fool, I am asking you questions and you are busy beating about the bush, I am going to ask for the last time, who's

Chantel

Baby:I told you already! She's nobody
you should worry about

Me: Okay!

I went upstairs and I packed a bag

Baby:Where do you think you are going?

Me: Where I will be taken into
consideration

Baby:Well you are my wife and you are
not going anywhere!

Me:You are going to hold me captive
because I am your "wife" huh?

Baby:You are not getting out of that door

Me:Well we'll see about that

I spotted my keys and phone on the dressing table chair and I took the bag and grabbed them and I got out of the room

Katlego was coming behind me busy nagging me

Baby: Are you going to drive in that state? You can put your life in danger but not with my children inside you

Me: Ooh wow! So I don't matter to you? She must be really beautiful and good in bed too

I suddenly felt dizzy and out of breath, I started breathing fast

Baby: Babe are you fine

Me: Leave me alone (I was balancing myself with a stairs rail)

He came rushing to me and it was black out for me

-Katlego-

I saw Princess's breathing patterns going

faster and she was balancing with the rail

Me:Baby! Princess!

I quickly ran to her when I realised that she was collapsing, I was up the stairs and she was down the stairs, I got to her and she was already on the floor

I laid her head on my thighs and I touched her neck to feel her pulse, luckily it was still there

I was panicking, I didn't know what to do

I lifted her bridal style, I took her phone and car keys and I rushed to the kitchen door going through the garage and I laid her at the back and I bucked her to the seat and I opened the garage door and

gate and I bucked up and drove as a mad man

-

I got to the hospital and I called for help

Me: Stretcher please!

Paramedics came running with a stretcher and they put my wife and we ran inside

Dr: Stay here Mr

Me: That's my wife

Dr: I know, let us do our work, I stood at the reception area, I called Mom

Mom: Boy

Me: Mom... Princess is admitted

Mom:What? What happened?

Me:She... She collapsed

Mom:I am coming right up, I'll call her parents

I was pacing up and down, I called our friends and Lewatle

-

A few minutes later, after 30 minutes or so, Mom and Dad came in, she rushed to me and hugged me

Mom:How is she?

Me:They haven't updated me ever since I came here

Dad: Don't worry Son your wife is strong

Me:I messed up big time, what if our children don't survive or I lose all of them...

Mom:(She was carrying my back) Shhh...
don't think like that

Our friends came in

They greeted

Mamello:How is she?

Me:I don't know, the doctors are still checking her

Nolwazi: Don't worry she'll fight, she is resilient

Mamello:Did you inform her parents?

Me:Yeah Mom called them and they are in

their way here

Sizwe:Bro (We hugged)

Me:Sure

Sizwe: Can we talk

Me: Ofcouse

We went to the far corner

Sizwe:You look tense

Me:Bro, I am stressed, I am wondering if my kids and wife will pull through

Sizwe: They'll be fine, they are the Kaotsanes remember

Me:(I chuckled)I hope they do I won't be able to live with myself if I lost them, they are my life

Sizwe: Whar really happened

Me: Well we were having a bit of a misunderstanding and she then the next moment she was struggling to breathe and she collapsed, I think it's due to stress

The doctor came

Dr: Vinolia Kaotsane!

We stood up

Me: How's my wife Dr

Dr: Well I have the good and the bad news

Mamello: The good ones first please!

Dr: Well we managed to save Mrs

Kaotsane and both of the foetus and she is awake

Me: And the bad ones?

Dr: Well your wife is experiencing gestational high blood pressure but we managed to stabilize it but she is not yet out of danger, there's a decreased blood flow to the placenta, if there is lack of blood to the placenta the foetus receives less oxygen, it can lead to slow growth that's called intrauterine growth restrictions, low birth weight or premature birth which will result in breathing problems, increased risk infection and other complications

Me: (I turned and sat down) Can we see

her?

Dr:Yes but one visitor at a time and please don't upset her because that can lead to her situation to be very critical

Mom:Go son

Dr: Follow me Mr Kaotsane

I followed her and I found My Princess staring at the window

Me:Hey Babe(I hugged her and kissed her forehead)

She was mute she didn't even bother looking at me

Me:(I held her hand) I am happy you are awake and the Dr says both you and the children are out of danger

Babe:What do you want? (She said calm)

Me:I am sorry Babe, I know I am to blame for all of these but please don't push me away, I've realised how you and the children are important to me, from now on I'll be a better husband, I love you Princess and I mean it, I have never felt this way about a woman in my life, I am sorry I put you in that situation

Babe:Well I am glad you know you are at fault here, after everything, I think I need to concentrate on my children

Me:What do you mean by that?

Babe:I think I'll go back home to destress a bit after being discharged

Me:But that's unfair to me

Babe:Stop being selfish, there's a lot at stake here and I think I should give you and your whores space

Me:Here we go again!

Me: That's what landed me in hospital at the first place

Babe:Why are you avoiding this topic so much huh-uh? Don't you think I deserve to know who this Chantel is?

Me:Okay Chantel is a business associate

Babe:Well just a business associate?
She's too forward in that case

Me:Yeah and I spoke to her to stop calling after business hours and she

promised to

Babe:Mhmmm

I could see she was not convinced,
honestly speaking I wish I could have
done things in a different way I, we
wouldn't be in hospital now

Baby:I think I need to be alone

Me: Okay, do you maybe want me to bring
you something later?

Babe:Just my phone please and next time
you come here you must come with your
facts straight

Me:Okay, you are really not going to make
this easy for me

Babe: It's not even supposed to be, I

must have been stupid to agree to marry
a player

I had it with me but I had to check with
the Doctor if it's okay for her to have
her cellphone right now

-Kgalalelo-

I could see it in his eyes he was
apologetic but I couldn't believe what he
said to me, his story has loopholes but I
decided to forgive and forget for the
sake of my health and children, I can't
afford to be angry right now, the doctor
told me about what I can face if my
blood pressure keeps going high, so for
now I would like to put my children first

I woke up and went to do my hygiene process in the morning and I had breakfast, yuck hospital food is bad, I'll never ever get used to it

Dr: Good Morning Mrs Kaotsane

Me: Morning Doc

Dr:How are you feeling today?

Me:I feel a lot better

Dr: That's great

She did check ups

Dr:Well everything is looking good, your blood pressure is almost back to it's normal state

Me:I am happy

Dr: Avoid stress and strain you'll be fine
I promise

Me: Thanks Doc

She left

As I was thinking I heard a door opening
and I looked at it and it was my everyone,
my parents, brother Lewatle & Masego,
my in-laws and friends, they came with a
lot of balloons written "Get Well Soon",
fruits baskets & books and magazines

I smiled the moment I saw them, they
hugged me

Mom: How are you my Sweetheart?

Me: I am good now Mom

Dad: You had us worried

Me: When did you come?

Dad: Last night, the visiting hours were over and we heard that you wanted to be alone

Me: Yes I needed to think

Mello: You got us worried friend, don't do that ever again

Ma: Yeah Princess, everyone was devastated, you really scared us

Me: I am sorry

Lewatle: I can't afford to lose you all, not before I meet those precious souls
atleast

Ma: We have to get going

Me: Masego

Sego: Yes Sis

Me: Can you please remain behind

Sego: Okay

Everyone left

Sego: Is everything fine?

Me: Yeah it is, I just wanted to talk to you, how are my nephews and nieces anyway?

Sego: They are good and they always ask about you, Omolemo is asking if you haven't had babies yet

Me: She's so forward that one, she says her friend told her that and she saw I

had a big stomach and I had a baby

We laughed

Me: Well I guess we don't have kids anymore

Sego: Yeah and Loago is learning to speak fluently, Lesedi is excelling in school, he is also part of the choir and he is going to an art exhibition in Johannesburg, Arefa is just being Arefa, she's growing and teething so we have sleepless nights

Me: Wow Somebody is going to be a celebrity one day, I am a proud Aunt

Sego: And I am a proud Mom, well enough about me and my family, how are you, you look huge that the last time I saw you

and more beautiful

Me:I look like I swallowed a whale

We laughed

Me:Well I can say life is not a bed of roses hence I am here

Sego: Trouble in paradise?

Me:Yeah I suspect that Katlego us cheating on me, he's been distant, always busy with his phone and he takes calls privately

Sego:Well I think you shouldn't just into conclusion before getting all the facts, Katlego is a good guy, despite his history, I can see in the way he looks at you he really loves you

Me: Well I tried to avoid that but it bugs me

Sego: Well there's something about pregnancy it's like it is driving men away, I also experienced that with Lewatle, he has been distant all my pregnancies, it got better with time so don't beat yourself and you should stop stressing okay

Me: Thank you so much, I really needed somebody more mature to talk to

Sego: Don't let Mello hear you saying that she'll go mad

Me: You see why I wanted to talk to you specifically

We laughed and we hugged then she went away

We talked and I can say I laughed again and I was a bit relieved, they went away when visiting hours were over and I was bored again

I read magazines, they brought my phone along

I looked at our pictures with Katlego and I smiled & I sobbed they just took me back and reminded me of how caring and loving he was, I don't know how we got here but I hope everything will be fine as time goes by

A knock came in before I could even say

anything, it swung open and it was
Katlego he was carrying a bunch of white
roses and another bunch of red roses

Baby: Good Morning Skittles

Me:(I smiled) Morning, you only call me
that when you want something

Baby:Well I actually want something, but
first how are you?

Me:I am good today, I am much better
than yesterday

Baby:I can see, even the room is
friendly(He looked at the balloons)

Me:Well they are from our family and
friends, and those?

Baby:Well the red roses are from me and

this are from your colleagues and I brought you your favourite smoothie, I know it won't taste as good as your and mueslie, berries and yoghurt(He kissed my cheek)

Me: Thanks so much, it's like you knew I wanted something good, the food here are bad, you said you wanted something

Baby: Well I want you to forgive me

Me: Well forgiving is a process and I think it'll take time

Baby: I understand

Me: Can I ask you something?

Baby: Sure

Me: Did you sleep with her?

Baby:No I didn't (He held my hands) you are the only woman for me, you are about to bless me with life's greatest gifts, I swear I am willing to wait for you to give birth, I meant it when I said intimacy is not the problem, the problem is you not interacting with me

Me:(I smiled and held his hands even tighter) Thanks for being the best husband ever, I hope it stays like that

Baby:It will I promise

We baby kissed

Me:(I grinned) Ooh

Baby: What's wrong

I took his hands and placed them on my

stomach, the babies were kicking me so hard

The kicks are priceless and Katlego kept laughing and smiling at every kick

Honestly speaking I couldn't just forgive and forget like that because I didn't get closure to even get closure, all of these was for my peace, talking to Masego also helped a lot, she's the best thing to ever happen to my family

5 days Later

Well Kgalalelo was getting discharged today and she had no idea, I packed her bag and I left our friends and family busy planning her welcome back party

Me:I am out guys

I drove to the hospital and I found my beautiful wife looking outside the window, it looked like she was deep in thoughts

because she didn't even hear me when I came in

Me: Earth to you Mrs Kaotsane

She looked startled

Me: Relax it is just me

Babe: Well I didn't see not hear you

Me: I saw it like that! I have the good news but first how are you family?

Babe: I was going to be good but your kids are busy kicking me, I swear I will open a case of assault

We laughed

Me: (I touched her stomach and spoke to it) Did you guys hear that? Now from now

on behave before we face a lawsuit!

Mommy's is a bit soft

Babe: I hope they heard that and you
how are you?

Me:I am fine thanks Skittles

Babe:(She blushed)Okay and?

Me:And what?

Babe:You said you have good news Mr

Me:Well "Guess who's going home"?

Babe:No, you are lying right?

Me:Not even a bit

Babe:I am so happy, I am finally going to
sleep on my bed, eat comfortable clothes
and watch my TV shows, are we going

now?

Me:Yes but the doctor will come and check you first, the discharge forms have been signed now go and change

Babe:Do I have to?

Me:Yes, I'll dress you if necessary

Babe:Well that won't be necessary Dude, did you bring my make up?

Me:Then hurry before I put my plan into action, well I don't want to be on your pregnant ass wrong side

Babe:(She laughed) I am glad you know me that well husband

She went and changed and I waited for her

Me: Now you look sane like the beautiful woman I married

Babe: (She laughed) I am beautiful even in rags and when nude (She wiggled her eyebrows)

Me: Shit you are going to put ideas into my mind (I got closer and kissed her)

A knock by Doctor disturbed our private moment

He immediately came in as he was knocking

Dr: Good Morning Mrs Kaotsane, you look alive today

Babe: Morning Doc, I think it's the "going home mood"

Dr: Well I take it you have heard the good news

Babe: Yes my husband here don't waste time

She checked me

Doc: Everything is under control you will just have to continue taking your blood pressure medication as prescribed to avoid neural tube defect or cesarean section or even preterm birth, you will have to stop stressing, you'll be fine keep well and get enough rest please

Babe: I will thanks Doc

We got out of the hospital and went home

When we were half way home my wife decided to have cravings

Babe:I am craving for Spur ribs and ring onions

Me:Okay, Why didn't you say when we got out of the hospital?

Babe:I just craved them now

We drove back to town and after we went home, judging from the way she was eating, she was seriously craving them, this kids show me the other side of my wife I never knew it existed, being a foodie

We got inside the yard and I parked on the driveway

Babe: Why are we using the front door instead of the kitchen, I hope my kitchen is not a mess Kaotsane...

Everyone: Surprise!!!

Just as she was talking

She stepped back and held her mouth and she hugged me

Babe: You guys!

Mamello: Welcome home!

They were hugging her, they were excited to see her

We had drinks and snacks and everyone later left

Babe: The Doc said I must rest so, I'll be

upstairs

Me: They never said abuse sleeping, they said rest My Love

Babe: It's the same thing

Me: No, it's not!

Babe: I am following the doctor's instructions, don't mislead me

-Kgalalelo-

I went upstairs and slept more like catch up on while Katlego was downstairs clearing the mess

He came a few minutes later

Baby: I thought I'll never finish

Me: Trust our friends and family to do

the mess and leave it

Baby:Bro! So you don't want anything to eat?

Me:No, I am still fine (I patted the bed)
come sit next to me

Things were a little tense, I can see we were not totally over that situation, but I made him comfortable to assure that everything is fine, I didn't want him to feel like a prisoner in his own house anyway he is my husband on top of anything

He sat next to me and he got inside the shawl he rested my head on his shoulder

Baby:Why are you so quiet?

Me:I am watching TV

Baby:I am sure you couldn't wait to come home and watch your Indian soapies

Me:Yoooh please! I was getting bored of reading magazines

Baby: Don't worry now you are home, it was also boring here without you, the bed was cold and too big for me

Me: Ncoow, sorry you had to go through all that

I raised my head and kissed him and it got heated, the next moment clothes are flying out in the room

Baby:(He pulled out and looked at me concerned) Are you sure?

Me: Don't worry we won't harm the foetuses and yes I am sure, now we're were we?

Baby:Here!

He kissed me all over leaving hickieys everywhere on my upper body

He took off my trackpant and panty simultaneously

Me: Somebody is hungry and impatient

Baby:You can say that again

He took off his underwear and we were all nude and exposed

Me: Wait! Condom Baby

Baby:(He winggled it on the air) I got you

Babe

Me: Responsible I see

We got back to our little honeymoon

He kissed me with so much hunger and my
claws got inside his skin with every kiss

He positioned me well and he hit it from
behind, I was laying on my side and he
laid on his side too spooning and the room
was filled with moans and groans and
sweats

I was holding on sheets for dear life

Me:Yes Baby Yes!!!

Baby:I am almost there my love

I felt like I was in heaven

Me: Aahhh! Mhmmm!

-

We were cuddling

Me: That was magical

Baby: I know right, it's true what they say about pregnancy and libido

Me: Yes it's true

Baby: Thank you Babe

Me: It's my pleasure!

The adrenaline was pumping in my body

We cuddled until we fell asleep

-Katlego-

Today is thee day, well Kgalalelo's friends have been planning a wedding and ofcouse I was the cash injection, so I've known about this for the past two months and I have been helping them with ideas, well the was a point when she would get furious and suspect that I am cheating and I wanted to tell her everything and I

remembered Nolwazi's words "I'll slit your neck", well we have planned a mother of baby showers for her and the ladies dragged me into their planning, they didn't even want me to hire a planner we did all of that together

Well my wife is huge now, her feet are swollen and her face is big but she is so beautiful, she is due any moment from now, we delayed the process because you know women and wanting only the best

She was peacefully sleeping and we had to wake up

I went to run a bubble bath for us and I took our outfits to the car

Me:(I pecked her lips and her whole face)

Babe:No Baby, I am tired

Me:Wake up Family we have a photoshoot to go to

Babe:Is it today?

Me:Yes it's today now up woman!

Babe:We can postpone to tomorrow

Me:(It clicked in my mind about the baby shower)No way, the appointment is today and you know the studio is always busy and the photographers too, that's why we have to book appointments beforehand, I'll lift you to the bathroom if I have to!

Babe:Okay okay, you are such a bully

Me: Whatever

We stripped naked and got inside the bath and I bathed her and after we got out of the bath and dried, I lotioned her feet and her back because she couldn't do that

We then wore our normal clothes and we went downstairs

Me: And the make-up?

Babe: Well there is a make up artist to do that

Me: She saved the day

Babe: I beg your pardon?

Me: Ummm... We are already late, you look exhausted how did you sleep?

Babe: I slept very well, this is just pregnancy strain My Love don't worry and how are you in general?

Me: That's good, I am good when you are good and you'll be too happy to hear I took leave at work, I'll be with you every moment from now My Love

Babe: That's great Baby, atleast I'll get to cuddle all day long

Me: Somebody is having bad ideas

Babe::Do you blame me, look at the biceps and shoulders, hmmm

Me: Don't tempt me, let's get breakfast before we ditch the photographer

We laughed

He hugged me from the back for a long time quiet enjoying the moment

We grabbed breakfast fast, we just had muesli, blueberries and yoghurt then we went to the car, my wife had a bunch of fruits and ate them the whole way

Me: You guys are selfish, you eat in my presence without sharing anything with me?

Babe: Sorry Daddy they were balanced

Me: You love food guys, I must buy grocer to last us 3 months

Babe: Now we are talking

We laughed so hard

Me: You are mad(I looked at her and

smiled)

Babe: What?

Me: Thank you for a beautiful life, I never imagined that I could be happy like this

Babe: (She looked down and smiled) I am thankful too

Me: No I am the thankful one, I am blessed, look at you now, you are about to bring our souls into this world, I can't even wait to hold them, I am curious to know how they will look like

Babe: I hope they don't take your nose please

Me: They will look like me, you'll see

Babe: They won't be mine, they'll be

yours I swear

We laughed

Me:(I touched her tummy and spoke to it)

Did you hear what Mommy said?

Babe:No guys Daddy is jealous

-

I got to her side and opened the door and we went inside, another couple was still shooting but almost done

Jade: Power couple welcome

Us:Hey Jade

Jade: First we are having a naked shoot right?

Me:Yes but somebody has to do her

make-up first

We first started with the naked shoot and after it was the white outfit shoot, I wore my white trouser and white shirt and we waited for my wife to finish dressing

Jade's eyes were locked at the door with his jaws dropped

Me:Wow Babe is that you, wait are we getting married today without me knowing?

We laughed

Me:You are the most beautiful woman in Earth, Wow!

Babe: Thanks Daddy and you are also hot!

We laughed

Jade: Enough with words some of us are single

That is our last shoot and we'll it will be time to get the mission accomplished, well my wife will have to make a big discovery

Well the plan to get my wife to the venue is simple but I'll have to answer a lot of questions

Me: We have to drive somewhere first

Babe: Okay, thank God I still have Stamina for the day otherwise we would be turning back

Me: And I said everything I meant in

there, you are beautiful My Princess

Babe: Thanks Honey, well if I wasn't as huge as a whale I'll be thanking you in style

Me: Don't worry, once those little ones are out of there, I'll show you flames

Babe:I can't wait

-Kgalalelo-

Well we parked outside this beautiful place and I was admiring every Beauty of it

Baby came and opened for me and I got out of the car

Me: What are we doing here?

Baby: That's for me to know and for you to find out, so do you want to come inside?

Me: Yes... Ofcourse... Only because of curiosity

He opened the door

Me: Ain't you knocking?

Baby: I am Katlego Kaotsane remember?

Me: Okay Mr Kaotsane Junior the Business Mogul

We laughed and I can say that laughter distracted me because all I heard was "surprise" and I was startled and my husband was already holding me, talk about being over protective I saw

everybody there, with a beautiful Decor
in the place

Me:Guys! (That came out as a whisper)

I looked at Katlego with my jaws dropped
and my mouth covered with my hands

Me: Baby! You are such a sly! (I laughed
and playfully hit him)

Everyone laughed

They all came and hugged me, all my
friends, my colleagues, my sister in-law,
my cousins, Katlego's cousins and mother
and mother in-law and it was beautiful

Me:Thank you guys this is beautiful

Mom:Not as beautiful as you, you look
like you are getting married again

Me: You sound like my husband, he said so too

Mello: Well you should thank that guy next to you

Me: (I looked at Katlego) You mean my Katlego, no guys?

Baby: Ofcouse me

Me: (I jumped at him and kissed him) Thank you

Baby: (He whispered in my ear) You'll thank me later

We giggled

Lwazi: Care to share

Me: Well it's a couple's thing

Everyone laughed and they directed us to our seats, wow guys the Trent's decor was beautiful, it was pink and blue and the gifts were a lot

Well we proceed with the event and they read presents with those sweet messages and we later ate and danced it was great guys, I literally enjoyed every moment of it and people were drinking alcohol and it was just me drinking juice, I gave Katlego a death stare as he was drinking beers, well my brothers came later that day and you know they are a bad influence to Katlego

Me: If I didn't know you guys better, I'd say you want me to divorce Katlego

Karabo:I wonder what we did wrong this time

Me: Look at Katlego he can hardly stand on his own

Lewatle:Kago too, we will have to call cabs here

Just as we thought it was over, Masego came very drunk and Lewatle was furious, I hope he now understood where my anger was coming from, our parents were long gone and probably snoring, I took Katlego and we went away

Well Owami flew from Cape Town and Karabo was trying his luck so much

Well I enjoyed my baby shower even

though I was so angry at Katlego

We drove home, Lewatle was driving, well
mom went to the Kaotsane's

-Katlego-

I woke up with my head pounding and I
stretched my hand to Princess's side and
the was no one I got up and looked at the

time it was just after 09:00, I know when she wakes up before me she is angry at me, I took a cold shower and wore my trackpant, t-shirt and slides and headed downstairs, I found my wife preparing breakfast with Lewatle and I sat on the kitchen counter

Me: Good Morning

Lewatle: Morning Bro

Babe: Good morning Baby, you look like you have been hit by a train

Me: Don't even say it, I feel like dying right now

Babe:(She shouted)Hey! Don't die just yet, you have responsibilities awaiting you

(She said pointing her tummy)

Me: Babe please not so loud

Babe: That's what you get for drinking
like there is no tomorrow

Masego came in looking like she was
fighting with a ghost

Lewatle: Here comes another one

Masego: Yooh I am done with alcohol

Lewatle: That's good

With that said Princess came with
tablets and bottles of water

Babe: Something for the drunkards

Masego: Thanks you are a lifesaver
Sister

Babe: You look like hell

Masego: And I feel like hell

The finished preparing breakfast and we ate

Lewatle: Babe so much salt

Me: Well she's trying to get rid of the hangover

Masego: Yooh you guys can party like you turn a baby shower into a groove

Me: Well baby shower was for the ladies, men groove

Masego: You know I've always known Karabo can party but last night he went all out

Babe: You see that one is bad influence and I don't want him near my man ever again

Lewatle: Well I hope I am not included

Babe: Well thank your late coming otherwise you'd also be banned

Lewatle: Talking about Karabo, I saw him leaving with a chick

Babe: That's Owami, remember her from my wedding?

Masego: Whoa! So Karabo finally got his claws into that girl

Lewatle: He has been raving about her since he saw her

Babe: And he tried to convince me to give

him her numbers (I rolled my eyes)

Me: You've always been concerned with his fuckboy ways why didn't you give him her numbers (He kissed my cheek)

Lewatle: Exactly! (He threw his hands on the air)

Babe:I don't want Karabo to hurt my friend

Me: She's old, she doesn't need your protection

Babe:I am not having this conversation with you, guys are all about smashing and us girls want commitment, affection and attention you'll never understand

Masego: Exactly, we want to be loved,

intimacy is not everything to us

Lewatle:But ladies

Masego: No buts we want touches and
kissed

Babe:And she's my friend I know her,
she wants all of the above mentioned
things

Me: Ladies are demanding

Babe:Says a married man, I am watching
you Handsome

We laughed

-Kgalalelo-

We cleared the table with Masego

Masego:I see everything is alright

between the two of you and you are
happy like never before

Me: Yes and thanks for the advice, and I
can see you and big brother are very
happy too after the tubal ligation

Masego: Yes and he saw it as the best
thing to do, we can now have sex in peace

Me: Whoa! Too Much Information!

Masego: Don't worry

Me: I should be, that's my brother, I
don't want to know what goes down there
when everyone is sleeping

We laughed

And we went to the garden after doing
dishes

Karabo and Owami came in

Karabo: Hello family

Us: Hey

Me: Is there anything we should know?

Karabo: We haven't settled down please
little sister

Me: More like big sister?

Karabo: Here we go again

Lewatle: Whoa! Guys it is very early for
that

Everyone laughed

Owami: Are you always playing the umpire
like this?

Lewatle: Always

We left the guys and we went inside to the lounge

Me: So you and my brother? (I gave Owami a death stare)

Owami: (She blushed immensely) Well I don't know what you are talking about

Masego: Don't deny it we saw you leaving together hand in hand

Owami: Okay, ladies your brother is good in bed okay

Me: Sies Chommie, please cuff him

Owami: I am planning to

Masego: Look at that smile, she has cuffed him

Me: You are lying!

Owami: Hello Sister in-laws!

Me: What? For how long? So you didn't come to my baby shower, you came to shower with my brother, you snake

Owami: About 3 months now, well I came to the baby shower, I didn't know he was gonna be there

Me: Well you are forgiven

Masego: I was wondering why he was so behaved yesterday

Me: Me too

Masego: Welcome to the family

We did a group hug

Bontle: Who's being welcomed without me?

Me: Sister in-law! come join the party

Bontle: Hey ladies, even though I didn't get the memo

Us: Hey

Me: Well today is thee day and I am chilling with all of my sister in-laws

Bontle: Wait Karabo has a woman

Masego: Great news right

Bontle: Exactly and now we have somebody to help us with dishes

Me: I'll finally relax

The boys came in

Karabo: Are you ready to leave?

Owami: Just a few minutes

Karabo: You said you are just saying
goodbye, well your flight leaves in an hour

Me: (I cleared my throat) Hmmm... We are
still here

We all laughed

Me: Who would've thought my big brother
would get rid of his whoring ways

Karabo: I think hormones are messing
with your wife Kaotsane

We laughed

Me: Go to hell

Baby: I am not getting involved Mautlwa,

tomorrow I might wake up single

Me: Y'all are bashing up on me, Bontle
what did you do to my brother he is so
quiet today

Bontle:One word! "Shooters"

Karabo: That's what you get for partying
without me

Baby:Bro, I don't even know how I got
here

Bontle:You gonna wake up in the middle of
nowhere guys if you continue drinking like
this

Lewatle:Well guys it's time to hit the
road for some of us, duty calls tomorrow

Karabo:Yeah is there another party when

you give birth Princess?

Me: You wish, you are literally going to ambush it into an adult party, you'll never be invited to the twins party

We laughed

Karabo: Guys I am the black sheep of the family

Me: Not anymore thanks to you Chommie

Everyone said their goodbyes and left and went to a bedroom downstairs because it was a bit cloudy and cold outside we wore a shawl and cuddled

-

The room was filled with silence

Me: Baby

Baby:Hmmm

Me:Thank you for everything, I mean the baby shower you planned with my friends was top-notch

Baby:You deserved it my love and I don't deserve all the credit, your friends do

Me:I love you okay

Baby:And I love you and our precious cargos more

We looked at each other and smiled immensely and I felt his cold lips smashing mine

Baby:I know you are angry at me for getting drunk last night, I am sorry Babe

Me:I am more than angry and I swear
after giving birth I am partying straight
up

Baby:And the kids?

Me:Well I carried them for 9 months and
it will be your turn to take care of them

Baby:Well I didn't know we are taking
turns

Me:Well we are since you can get drunk
without me

Baby:Well after giving birth I am buying
you wine and I take care of the kids

Me:No way, you'll be snoring and my kids
will cry themselves to death

Baby:So you are simply saying I am

careless

Me: No I am saying you are quite a sleeper and don't put words in my mouth, honestly Honey I appreciate what you guys did for me

Baby: It's our pleasure Baby, after all you deserve all the best and that weird name that I even forgot that used to call was your friends, they forced me to change their contacts to that so you don't become suspicious, I swear on my great grandmother's grave I wasn't cheating, I wouldn't cheat on you, more especially when you are pregnant, I respect you, that's why I decided to commit, you are enough in my eyes

Me:(Tears were rolling in my cheeks)Ohhh Baby, what did I do to deserve you?

Baby:You sacrificed your freedom, you loved me wholeheartedly, you blessed me with happiness and you respect me for that I'll forever love you

Me:I am sorry I suspected that you were cheating on me, I love you and I will forever love you too and our little ones, I wouldn't trade you guys for the world

Baby:(He kissed my forehead and wiped the tears)Now come here my cry Baby

We cuddled up a storm plus the weather was perfect for that

I can't see my world without my family,
they are my happiness

-Katlego-

3 Weeks later

My wife has had braxton hicks a week ago and we rushed her to the hospital and she was panicking, whoever whispered to

her that it's tough in the labour room
need a day in hell, she was peacefully
sleeping next to me in the evening after I
massaged her and she was even snoring,
we moved to my parents house after the
false alarm, I heard a knock by the door

Me:Come in

Mom:Boy, why is Princess sleeping?

Me:Ma, how will my kids take me
seriously if they hear you calling me that?
She is tired, she hardly slept reading a
book about parenting

Ma:She should sleep less because she will
have a hard time during labour, this
babies will also sleep

Me:Okay Ma, you will talk to her when she wakes up because she won't listen to me

Mom:Okay I will speak to her, let me leave you, I have to cook before your father comes, I am sure my grandchildren will be hungry by the time Princess wakes up

Me:I see my unborn children have already replaced me

Mom:(She laughed)Don't be jealous, you will forever have a special place in my heart but the piece will not be bigger than of my grandchildren

Me:Grandmother's love

Mom: Exactly my boy, you will understand once you are a grandfather someday

Me: Do you think I will live until I become old to see my grandchildren Mom?

Mom: What will stop you? Unless you have started doing things I didn't teach you

We laughed

Mom: Let me go Katli

Me: Okay Ma, do you need some help?

Mom: No just relax my boy, you are still going to have sleepless nights

Mom left the room and it was just me and my wife and she eventually woke up

Me: Hey there Moms (I kissed her

forehead)

She smiled at me

Babe:Hello Baby Daddy

Me:Guess who was snoring?

Babe:Your children inside me?

Me:No you Babe!

Babe:(She gave me a weird look)I never snore, it was your unborn babies

Me:Our unborn babies are just blamed here for everything, I am sure you even blame them for sleeping

Babe:Exactly, those ones are responsible for everything happening in my life now, I am even hungry it is because of them

We laughed

Me:Yhoo my poor babies, let me go
prepare you something to eat because
your Mother hasn't even started cooking
yet

Babe:Okay Baby let me go and freshen up
I helped her undress and I went to make
her a sandwich with juice

Mom:Is my daughter awake?

Me:Yeah and she is super hungry, she can
even have an elephant

We laughed

Mom:She's pregnant with twins, that's
expected, a pregnant woman is always
hungry

Me: In that case I am done with babies, they are giving my wife a hard time yhoo

Mom: I want this house to be full of children playing around, breaking my glasses and cups, messing my flowers in the garden do you hear me?

We laughed

Me: Yhoo Mom, in that case one more won't hurt

Mom: Exactly my boy, now take that food upstairs before my daughter die of hunger (She stared at me smiling)

Me: Okay Mom (What's that look for)

Mom: You know I am proud of you son

Me: Thank you Mom

Mom: Not all men do what you do, thank you so much for doing your duty as a man and taking care of your pregnant wife and not messing around, I am happy she never came to me and complained about you

I put the tray on the table and held her hands

Me: I wouldn't let all you and Dad taught me down the drain

Mom: Thank you my boy (She hugged me)

Me: Let me go Mom before your grandchildren start kicking my wife

We laughed

I went upstairs and I found my wife trying to lotion her feet

Me:Whoa! You have a husband to do that
I put the tray on the dressing table and
quickly helped her

Babe:(She laughed) You are such a
blessing

I finished to lotion her and I helped her
wear her tunic dress

Me:Well we are done Baby

Babe:Thank you Honey, now give me my
food

I gave her and she dug in

Me:How are they?

Babe:Well they taste good my love
thanks

We then continued to read a parenting book together, it was very helpful after we cuddled

Me: When are these babies getting out of there, I miss some "us" time

Babe: Well you are still going to have sleepless nights Babe don't even think of it

Me: Arghhh I wish they grow up so fast so they can go to their grandparents houses and they leave us alone in our house doing God knows what!

We laughed

Babe: (She looked and touched her stomach) Did you guys hear that? Daddy

is planning to kick you out

-

An hour later Mom called us to the dining table

Me:Hello family

Everyone:Hey

My aunt and my cousins were there, my aunt from my father's side, my father's big sister

Babe:Good evening

Everyone:Hello daughter

We laughed because Lesege and Kamogelo also called me daughter

Aunt:Look at how beautiful you look, what

do you say these days?

Kamogelo and Lesege:She's glowing Mom

Babe:(She's smiling)Thank you

Aunt:So how are the people? Are they growing well?

Babe:Yes Ma, they are growing well even though they are giving me a hussle

Aunt:Well that's pregnancy my child, you will be fine and Katlego are you ready to be a father?

Me:Yes Aunt I will have been ready, I am just waiting for the people to pop out (I said with pride busy fixing my shirt and I looked at my wife she was smiling)

Mom:That's my son, we taught you well!

Dad:I am happy you are son, we are also ready to be called grandparents

Kamogelo:And we also can't wait to be called Aunt Kamo and Les

Lesego:Definitely Sis

-Kgalalelo-

We laughed and we continued to eat in peace, Mother in law was a bit off, she hardly spoke

Ma:Well have you guys thought of names

Me:Well we have... (Katlego cut me and I gave him a death stare)

Baby:We have been thinking about them (He squeezed my hand under the table and I responded)

Well this guy is such a good liar and they bought the story, snap how could we forget the most important thing

We finished eating and the girls did dishes while the adults were chatting, my mother in law doesn't want me to do anything and I feel so bad, but one day I swear I'll make it up to her for taking care of me

Everyone said goodbyes and left, my in laws went to sleep and it was just me and my husband were left alone in the lounge, we watched a series with my husband and I was sleeping on his arms arms with my legs straight on a couch

Baby: We have to think about the names,

how can we forget such an important thing

Me:Yhoo Baby and I was so ashamed even answer because that would make it seem like we are not ready to be parents

Baby:Yhoo so how about Oratile and Onthatile? To symbolize our love, because they are a proud of love

Me:They good baby I love them, they are perfect, ncoow you are such a darling my love

Baby:I am glad you love them and yours?

Me:I would name them Kgosi and Kgosisigadi well this are the names suggested by my father to show that

they have royalty blood in them and I love them

Babe: Well I love them too, they are great which ones should be their first names?

Me: Oratile and Onthatile will be, they sound good Babe and honestly speaking I love them, no names can be perfect for our twins rather than those

Baby: Thank you I love you

Me: I love you more (He pecked my lips multiple times)

Baby: I love you guys, you are the best thing that has ever happened to me

Me: Ncoow we love you too Daddy, thank

you for taking care of us!

Baby:Let's go sleep now

We went to bed and we undressed and slept

My husband fell asleep the moment his head hit the pillow and he was holding me tight

-

I was woken up by stomach cramp like pains, I tried to avoid them as I was sleepy, they came back again stronger than before and I opened my eyes and I was back on Earth, as I thought they were gone I felt a sharp pain in my abdomen and I screamed out loud and

that woke up Katlego

Babe: Babe are you fine?

Me: Uhm... (Before I could say anything another pain came) Ouch...

Babe: Babe relax, should I call Mama?

Me: (I nodded)

He quickly stood by the door and called his mom and she came rushing

She was still in her pyjamas because it was around 4am

Ma: (She shifted Katlego next to me and instructed him to go to the kitchen and call my family and ask his dad to prepare the car) Stay strong my Baby and breathe

She checked me

I was trying to be strong

Ma: Well the water is broken, we will have to quickly rush to the hospital

-

They prepared a car and called my family and they said they were on the way, Katlego picked me bridal style to the car and he sat with me at the back with his mom, his father was driving so fast, I just wanted to reach the hospital

We got to the hospital and the nurses came with a stretcher and they put me in it and they rushed inside the ward and they started to examine me

Nurse: You are at 5cm already you are so lucky Princess you won't be here for long, you might be done in 3 hours

Yhoo with pains I was in 3 hours felt like a lifetime, I knew she said that to make me feel better but she made things worse

Me: Ouuuuch....

Katlego was by my side, holding me, wiping the sweat and giving me water

They came to examine me an hour later and the Doctor gathered everything

Doctor: Nurse get ready she's at 10cm, she's ready

Nurse: Well get ready to push

I tried first attempt and no luck, second time and they could see the head and third time there was luck

Nurse: The baby is almost here, push harder and all I felt was a cut through my vagina

Me: Ahhhhhhhh

A whole human being popped out of me, the first one was the boy he came at 10:25 and they pinched him he was crying they gave him to me to bond with him and they went to wipe him 2 minutes later, he came back and Katlego couldn't stop smiling, he held him

Baby: Thank you so much Babe, he is so

handsome he looks like Daddy

Me:I hope my little princess won't disappoint me by resembling you too

With that said a strong, sharp pain came and I screamed

Nurse:It means she want to join the family too, push hard!

I pushed 3 times with no luck, the fourth time they could see the head and I pushed with all I had, I was now powerless but I tried using the little energy I had

Katlego gave me water and I gave in

Me:Ouchhhhh (He was holding me for dear life) and the little princess came

out and she went to clean her and she came back

Baby: Hello little one, we've been waiting for you

We both laughed

I was so happy that I delivered two healthy babies into this world, they weight 3kg both of them, they were so big and cute and I was breast feeding them

Me: Ouch

Baby: Is it that painful?

Me: Very painful

Baby: Don't worry you will get used to it, and it will only be for 3 months

Me:If I didn't know you better I would say you are caring for your wife

We laughed

Baby:But I am Babe

Me:A whole sex addict saying that

Baby:Okay you got me but don't blame the guy

We laughed and I continued

breastfeeding my twins simultaneously

The placenta came out and they stitched me, yhoo it was so painful after they cleaned the room and I also cleaned myself and I was fresh and tired, all I remember was Katlego playing with his children, I was woken up by the noise in

the room, it was my parents and
Katlego's parents, there were balloons
written, congratulations, it's twins, it's
a boy and it's a girl

Mom: Hello my daughter

Me: Hello Mom and Daddy

Dad: Good day mother of two

They hugged me, I felt emotional after
seeing them

Ma: I can't believe I am a grandmother
for the first time, thank you my children

Baby: Believe it now Ma, they are here,
it's our pleasure Ma

Pa: I am going to buy sweets for people at
long last as a reward of sending them

around, Katlego doesn't listen to me anymore, I now have grandchildren to get me water

We laughed

Their grandfathers were holding them and our Moms were busy chatting with them playing with my kids and Katlego pecked my lips and my forehead

Baby: Thank you so much Baby, after today I respect you so much, I love you

Me: I love you more

Tears just fell out of our eyes and we hugged

Our parents: Ncoow/These kids

We broke the hug and laughed

Mom: What are their names, we have been here for an hour and we still don't know the names of these people

We held hands and looked at each other

Baby: Well we decided to name them Onthatile and Oratile and their second names will be Kgosi and Kgosisigadi as the King's wish

Our Moms ullulated

Ma: They are such beautiful names as the little ones

It was a happy day in our family, I've always seen Katlego's Mom happy but not as today

-Katlego-

Today we are going to catch my family from the hospital, I am so ecstatic that they are finally coming, I can't remember the last time I was so happy, I checked the time it was 6:30 I couldn't sleep because of the excitement, it clicked this morning that I am a father to Oratile and Onthatile, I am going with my parents to the hospital, the sad part is

she is going to her family house tomorrow evening because in our Tswana culture a woman has to be helped and shown ropes of motherhood by her birth mother when she has a first child regardless of whether they are married not, I am going with my mother in law from our house to the hospital we will find my mom there, King and My father will be left behind, I quickly took shower and wore my Nike sweatpants and a Nike tshirts with Nike slides and I called my wife

Babe: Baby

Me: Good morning mother of my children, how are you?

Babe : I am fine just tired, your children

kept me awake the whole night, I hardly slept

Me: I am sorry Babe, welcome to motherhood

Babe: It's okay Baby, they will also take care of me when I am a grandmother

Me: No way, no wife of mine will get old, I will be there in a few minutes are you done?

Babe: I am done Ma was helping me bath the twins, she went out to drink water

Me: She's already there?

Babe: Yeah, you know how excited she is, she always wanted to be a grandmother, honestly I have never seen her so happy

Me: I am glad they finally got to hold their grandchildren, I will now have peace

We laughed

Babe: Let me breastfeed them I will see you when you come

Me: Okay, take care I still love you, bye

She chuckled

Babe: I love you too, drive safe honey

She dropped the call, my wife would usually fight me for wanting to end the call but I can't say the same now, I packed the camera and the babies book for twins, it was pink and blue and off we went

-

We got to the reception and found Mom
the doctor directed us to a ward along
with Kgali's mom

Me: Goodmorning family

I said perking my wife's lips

Ma Mautlwa: Look at how peaceful they
are, how are you my daughter?

Babe: I am Good Mama thanks, but I am
tired

Ma Mautlwa: Sleepless nights?

Babe : You can say that again, when the
other one sleeps, the other one wakes up

Mom: Atleast you have everyone to help
you

Babe : That is what I am thankful for
I was playing with my children, that time
they have no idea what I am saying they
are just tiny human beings who's eyes are
half opened, I took pictures of them
I turned when I heard the silence in the
room and everyone was looking at me
smiling

Me: No family, you are scaring me

Ma Mautlwa: No continue, you are good,
we are admiring the moment

Mom : Yes son, I am proud of the two of
you, you brought together two cute
babies in this world

Ma Mautlwa: Great combination of genes

We stared at each other with my wife
and laughed

Babe : Okay family can we now get going
because wow!

Mom: What it is the truth

Me: Before we go I came with the baby
book for the twins let's do their
footprints together with handprints

Babe: That totally slipped my mind,
thanks for remembering baby

Me: (I swunged my phone on the air) All
thanks to the parenting app

We all laughed

We did their prints and our parents took
pictures and videos

The doctor came with discharging forms and we signed and we left to our house

-

-Kgalalelo -

Everyone was sitting in the lounge, I could hear cracks of laughters from downstairs, I decided to log into social networks since I haven't done that in two days, I only logged in when I posted that I gave birth

Immediately I switched my data on, my notification bar flooded with messages on Twitter, Instagram, Facebook and WhatsApp

Everyone was congratulating us on our

pair of twins, the messages were heartwarming and they made me emotional because I never thought so many people would be happy for us, we are both Instagram sensations but what happened there was unexpected, I thanked everyone in posts and a tweet instead of replying them one by one

I replied my friends on WhatsApp and guess what Daddy Katlego posted the first page of the twins memory book and it was very cute, he attached the scan picture and the picture he took in the morning but he hid their faces with an editing app because we are not going to expose them to the social media until

they are 6 months, he captioned it
"Welcome to Earth The Kaotsane Twins!
A blessed man is a man with a complete
family that has a loving, beautiful wife
who is able to bring two beautiful souls, I
am willing to be the greatest father to
the beautiful pair, a father Oratile Kgosi
and Onthatile Kgosigadi would be proud
of having"

I shed a tear at the spot, it finally hit
home that I am no longer living for
myself, I have to be the best mom to my
children and make decisions that will
benefit them more than me

Almost everyone posted that on their
status updates, even uncle Karabo and

Kago, they were so happy to be uncles again, and Lewatle was more excited than those two because it was his first time being an uncle, my poor big brother, being descended by Karabo and Kago comes with it's perks! My Husband's profile pictures changed to that picture everywhere

-

Katlego swunged the door open and made noise

Me: Shhhh

Baby: Ooh I forgot, I am such a bad father

He spoke softly in avoidance to waking

the children

We laughed holding our mouths so we
don't make noise

He came and sat next to me

Baby: I am not happy with the fact that
you are leaving me alone here, I am trying
to make peace with that

Me: Don't worry it will be for two months
only

Baby: What? Two months? (He
screamed)

Me: Baby the children!

Baby: Ooh Sorry, but do you have to go
for two months?

Me: It is not up to us, well I have to be fully healed until I can come back

Baby: But two months is long, it will be as much as I will be in probation

Me: I should've known, so this is about sex?

Baby: I am a man MaKaotsane you can't blame me

Me: So my health is not that important compared to sex, I know it has been long but you'll have to be patient Honey

Baby: It's not like that, I am sorry that came out wrong My Love, am I forgiven

Me: (I sulked for ten seconds) Uhm...

Baby: Please Love, Pretty please

Me: You are forgiven

He kissed my forehead and side hugged me, I rested my head on his shoulder

Baby: Thanks for everything, for giving birth to our cute babies

Me: It's nothing Babe, and I saw your social media was mad this past two days, everyone is loving your posts, let's video call our friends

They congratulated us and we couldn't have long calls we only had 5 minutes for a video conference calls, the children woke up 2 minutes apart and I had to breastfeed them together and that was a mission because they were both crying

hysterically, I couldn't say I am compromising, all thanks to the breastfeeding pillows, they made my job easily

Katlego's mother came to the bedroom and Katlego asked him about the period I will be home, I gave him a death stare

Baby: So how long will it take for my wife and children to be in Mahikeng

Ma: We as your parents have agreed on a month, remember she has to heal internally too even the children have to be on their healing process

Baby: I am not fighting, I just wanted clarity, now I get it

Ma: I am glad you understand

It was late at night and everyone went to sleep, the sad news are I won't be sleeping with my husband, he will be sleeping in the guest room here upstairs and our parents will sleep downstairs, everyone went to bed around 10 but Katlego slept on the chair on our room because the children were sleeping all night, I was looking at him snoring while his head rested on the cot bed, he was so cute, we are blessed to have him, he is very sad tomorrow evening we are leaving,

I think he has separation anxiety
