

Sold to a monster

Intro

Hello my name is Kungentando Tlou, I am 18 years old. I live with my father, step mother and step brother.

My dad works as an accountant and step mother owns a salon. My step brother is attending university and God is he mean. Him and his mother make my life a living hell. They act like they love me in front of dad but they hate me and abuse me I know even know why.

Well tighten your seatbelt and join me on this journey.

I was woken up with cold water being thrown on me . I jumped up and gasped for air . My step mother stood there with a smirk on her face.

Her: who do you think is cleaning when you are sleeping lazy bitch.

I sighed with tears in my eyes and went to the bathroom where I refreshed and got dress in a sweat pants and a baggy t-shirt. I went down and cleaned the house while misses was sitting on the couch watching reality shows. Step mother's name is Thami.

Thami: yey I am hungry make me food!

I rolled my eyes and made her a sandwich then I took it to her. She took a bite of it and threw it at me with the plate, I covered my face with my arms.

Thami: Am I suppose to eat that dry shit nx make me another now.

I stood still and in a few seconds she was in front of me slapping me. My tears streamed and I cleaned up the pate then I went to make her another sandwich.

Thami: Bring me juice!

I sighed and took her stuff to her and she clicked her tongue. Is it wrong of me to say that I hate her? Her son Aphiwe came in laughing than he looked at me in disgust when he saw me.

Aphiwe: What is it doing here?

Thami: I don't know its long I have been telling Justin to send her to boarding school nx.

Aphiwe: get out of my sight you witch!

I flinched and rushed to my room and sat in the corner crying my lungs out. Why does it hurt so much? I want it to end.

Insert 2

I woke up to my door swinging open with a bang . I jumped and Aphiwe came in laughing.

Aphiwe: utata uyeza .

Meaning dad is coming, I sighed and went to

the bathroom. I washed my face and brushed my teeth then I went down stairs. My dad walked in and I ran to hug him.

Dad: my princess.

Me: hi dad.

Dad: I have a surprise for you.

Dad went to kiss his wife and hugged her son bloody home wreckers. I hate them so much, Thami looked at me.

Thami: Ntando dear could you please set the table.

I rolled my eyes and went to set the table, she dished for everyone buy I excused myself and went to my room. I sat on the bed and looked at my moms picture . She passed away in a car accident 2 years back I remember her kissing me good bye in the morning and during break at school the principal came to fetch me from my class with a police officer I screamed and cried

so hard that day my dad locked himself and only came out to eat then a few months back Thami and my dad got married I was shocked and hurt that my dad could just jump into this without my consent. I stated my feelings but ever since that day Thami abused me physically and emotionally, my dad claimed that I needed a mother but he couldn't see through this woman she is wicked and cruel and so is her son. There was a knock and dad came in and sat on the bed he saw the picture and sighed in sadness.

Dad: baby whats wrong?

Me: nothing .

Dad: I know you miss her but cant you at least try with Thami she felt upset that you hadn't eaten her food.

Mxm am sure that woman is just upset I didn't eat her poison.

Me: why are you trying to replace mom with her, she is nothing like my mother and will never be my mother.

Dad: Kungentando!

Me: no dad you forced her into my life in the process hurting me as well.

Dad: I just wanted to be happy as well Kunge.

Me: then I am happy for you.

He sighed and looked at me he took out a box and gave it to me.

Dad: open its your surprise.

I nodded and opened and it was a Samsung J5, I smiled and hugged my dad.

Me: thanks dad.

Aphiwe had broken my phone 3 months back claiming I don't deserve it.

Dad: you are welcome.

Dad: why didn't you tell me about the father daughter dance?

Me: I told Thami and she said she told you then on the day of the dance she had "pains" and you ignored me so I danced with Dee's dad.

Dad: maybe she forgot.

Me: mhm.

Dad always defends her nx I am so tired of this.

Me: I want to go stay with granny.

Dad: you cant Kunge.

Me: Why not I miss granny.

Dad sighed and nodded, then he got up and walked out.

Insert 3

My dad finally agreed after begging for so long.

Thami would tell him no I think she must stay

I thought he would agree with her kanti no

he finally say yes to me I was so excited cause I would see my cousin Duduzile she is a proud Zulu and I love her for it. Mina I am mixed half and half Xhosa and Zulu right down the middle. I packed my bag and Aphiwe barged in like he owns the damn place.

Aphiwe: mhm don't you look sexy .

I shivered in disgust and he chuckled and ran his finger over my ass.

Me: stop.

It came out as a whisper and my voice was trembling.

The door opened and dad cane in.

Dad: oh hey guys.

Aphiwe: Taima just came to tell my baby sis I will miss her .

Dad: I am sorry to interrupt kids I will go.

Me: Nooooo.

Dad looked at me funny and I sighed and looked down.

Me: I think its time to go right dad?

He looked at his watch and nodded then he left and I sighed in relief grabbing my bag Aphiwe smacked my ass and I trembled in fear. I quickly ran down and to the car and dad drove off. We arrived by my grans house, she came out as the car parked in the yard.

Granny: weeh ingane yam.

Meaning my child, she engulfed me in her arms and I smiled hugging the old lady.

Me: Gogo .

Dad greeted gran then we sat down with some tea and cookies until dad left, he gave me R1000 for my stay.

Gran: Duduzile weeh Duduzile!

Dudu: Haibo gogo?

She came in and when she saw me she screamed.

Gran: hawu, hawu yanxola!

I giggled at Dudu who just pouted, she pulled me to the room that we will be sharing and gave me a bone crushing hug.

Dudu: Aaah cuzzy I cant wait sizo groova mntase!

Me: ha.a Dudu!

Dudu: ow kanene mxm uyi good girl uyanya ke apha uzo groova manje.

Me: Haibo Dudu!

Dudu: Yini?

Me: eww out of all the guys Duduzile!

Dudu: and I will tell him you love his yellow teeth.

Me: sies!

She giggled, why is Dudu so much trouble mara? We chilled until I had to make the tea and I did and Dudu put the drops in then I took the tea to

gogo.

Me: here you go gogo.

Gogo: eeeeh Duduzile you see this you must learn from your cousin thank you baby.

I smiled and sat down and watched tv, Gogo kept in yawning now and again and Dudu smiled mxm.

Gogo: owu I am going to sleep now good night.

Me: night gogo.

Gogo: Dudu where is your uncle?

Dudu: angaz gogo.

Gogo: mhm uyanjwayela uThoko mara....

Gogo was mumbling as she walked to her room, Dudu jumped up and down.

Dudu: I didn't think that would work.

I looked at her with wide eyes.

Me: Duduzile!

Dudu: hawu don't look at me like that tch.

Me: eish.

Dudu: lets go Jabu is here.

Me: Jabu?

Dudu: lets go wethu.

Mhm okay, I got up and left with her. We left the window half open though and there was a golf waiting for us. This guy got out of the car, he was wearing a jean and a t-shirt with a bucket hat and had rings on his fingers. So this is Dudu's type of guy, they kissed then Dudu introduced us.

Dudu: Jabu this is Kungentando, Kunge ngu Jabu lo.

Me: hi.

Jabu: sho.

We got in the car and vroooooom we got to this tavern type of place and my heart was beating

out of my chest, I am scared of places like this. We walked in with Jabu holding both our waists urgh I don't like this guy, we went to a table and Jabu introduced me to his friends. I forgot their names cause I wasn't even interested. They drank than next thing we hear, Qhwaa, qhwaa qhwaa and everyone was getting on the floor uban nam I got down.

Jabu: shit Danger is here Duduzile mfethu hlalapha.

I looked at the door and this huge ass guy was standing there that guy looks like a building.

Me: Dudu nguban lowa.

Dudu: shhhh he will kill us.

So nam I kept quiet, then qhwaa that big guy shot Jabu and Dudu wanted to get up but I pulled her and covered her eyes when I looked up that monster was looking at me straight and I swear I felt like peeing my pants. He looked at

me his eyes going down and I felt extremely scared. He pointed at me then some guys came to me and grabbed me I started thrashing in the guys arms Duduzile screamed and held onto me.

Danger: leave them.

The guys let us go and he looked at us and I swear I let some pee go .

Danger: you and your friend leave NOW!

My eyes popped out and I grabbed Dudu and ran, she was crying nonstop and I stopped and slapped her.

Me: uphambene!?!

Dudu: Jabu .

Me: voetsek Duduzile marn!!

We walked until we reached home and when we got home I cried myself to sleep.

Insert 5

I woke up to banging on the door and gran opened.

Gran: vukani!.

Me: urgh!

Dudu: hmmm

Gran: vukani nina!

We slowly got up and dragged ourselves to the bathroom we both bathed in the tub then we lotion and wore dresses and gladiator sandals.

My cousin was quiet and am sure its about last night and nam I have no words, she looked at me and pulled me to the bed.

Dudu: izolo I didn't mean for that to happen .

Me: shhh it wasn't your fault.

Dudu: I warned Jabu mara he did not listen, he was dealing for Danger and Danger is a very dangerous man.

Me: what do you mean?

Dudu: he is a monster mntase he kills, rapes and sells people as in human trafficking.

I trembled at what Dudu was telling me, she cried.

Dudu: mntase Danger does not just let people go last night he let us go but why?

Me: IDK .

Dudu: He.....

We heard screaming then we rushed to the lounge and this woman was screaming.

Gogo: kwenzakalani?

Woman: everyone was killed, Vivi everyone my daughter was in that tavern.

Dudu gave me a look and we retreated back to our room, Dudu cried and I hugged her. He killed everyone but not us why?

Dudu: why did he let us go?

She asked the same question that I am asking myself.

Me: we are alive and that's all that matters.

Dudu: I loved him .

I cried as well, seeing my cousin like this hurt me. She soon fell asleep and I also slept mind you we have not eaten for the day yet. I was woken up by Dudu shaking me so I got up and went to the lounge where gran was sitting looking deep in thought. We had lunch and just sat in silence the whole day, while we were watching Generations uncle Thoko came in drunk off his ass.

Gogo: Thoko uvelaphy you dont work you don't do anything heeee what are you mara?

Thoko: me every Friday night to Sunday night I am critical but stable.

Gogo: owu Bawo.

Thoko: Duduzile who is your friend?

He looked at me and squinted.

Thoko: do your parents know you are here this late Ntombazana.

I sighed shaking my head and Thoko shook his head mumbling about kids of today while stumbling to the back door. My phone rang and it was my dad.

Me: dad?

Dad: hey princess I want you back home on Monday.

Me: haibo baba...

Dad: No it is not safe there so you will be better off here.

Me: kodwa....

Tititi, I sighed with tears in my eyes and went to

the room and threw myself on the bed and cried. Now I will be going back to that hell hole, and I don't want to leave. Dudu and I stayed in the room the whole day wallowing in our pity. We slept and gogo woke us up for church. I wore my body hugging dress and wedge while Dudu wore a highwaist skirt with a blouse tucked in and wedge, we left for church. We were praying and singing and it was nice then we went to Youth. The pastors son came to us and hugged us.

Fana: Its good to see you again Ntando... i mean sister Ntando.

Me: Same here brother Fana.

We went to sit down and Dudu whispered in my ear.

Dudu: he has a crush on you.

Me: no he doesn't!

Dudu: yes he does he is looking at you like a

lost puppy.

Me: mxm shhhh.

We continued and then soon we were done and I was tired mxm Fana kept on saying I must sing the whole time. Dudu would giggle and wink at me it was just weird. Dudu and I got home and had lunch then my driver came to fetch me cause dad is not there but he wants me home I am starting to dislike my own father I wonder what love potion that woman gave him.

I nodded and took my bag then I got into the car and the driver drove off. I sat in silence and scrolled through my phone mxm I don't want to go back that place is not my home anymore.

When we arrived I took my bag and went straight to my room locking my door in the process cause I do not want that pervert coming in here. I went to take a bath and just got under the blankets and slept.

Insert 7

Kunge's POV

A week has passed and my dad came back only to leave again. I was mostly in my room the whole time unless I had to clean or cook.

Aphiwe has new friends and I don't want anything to do with them. Now I am in the kitchen scrubbing the floor as there will be a dinner guest. They won't even be in the kitchen but noooo Thami wants the house spotless and Aphiwe is here with his friends.

Aphiwe: mhm look at that ass.

I quickly stood up and looked at him, he came towards me and pushed me against the counter.

Aphiwe: don't play hard to get babe.

"A.P mfeth!"

The guy came in as I trembled in fear, and tears were already in my eyes threatening to escape.

Aphiwe: I am busy!

Guy: I don't care meisie leave us!

I ran out of that kitchen and into my room locking my door and making sure. I stayed in my room the whole day until someone knocked.

Me: who is it?

Aphiwe: Open the door mntase.

Me: go away!

Aphiwe: Open the door marn!

I kept quiet as he started knocking louder, I started looking for some kind of object to help me fight off this guy. After a few minutes he stopped and I sighed then I heard yelling.

Thami: Aphiwe are you high?

Aphiwe: mama not now!

Thami: voetsek Aphiwe marn!

Then there was some banging I just sat in my room even when Thami called for me. I stayed in my room till late, my stomach even started making noise, so I snuck out while everyone was asleep. I got myself some bottled water and bread I don't need to risk myself. I rushed back to my room and locked then I sat on my

bed and ate. After a while I prayed and slept.

the third one had Scar and Master mind.

Scar went out to plant the bomb then he came back and boom! We got our bags and started getting the money.

Me: 3 minutes!

We hurried and rushed to the cars then we sped off in different directions we will all meet at the warehouse. There was some cop chasing us and Bullet started shooting I sped up the car and soon we lost them we got to the warehouse and the others were already there.

Scar: hay Bozza you do your thing.

Bullet: haha lets count the money.

We got beers and sat down and started counting the money.

Mastermind: R10 000.

Bullet: R 8000.

Me: R 9000.

Scar: R 6000.

Blade: R 7000.

Me: good job gents.

Bullet: see you guys later.

We shook hands with him and he left us to our little chillas.

Insert 8

I was woken up by banging on the door, I jumped up and looked at the door.

Thami: Aphiwe wenzani?

Meaning Aphiwe what are you doing.

Aphiwe: urgh mama leave me tuu.

I went to my bathroom and took a bath I wore baggy sweatpants and a baggy t-shirt I do not want to wear tight clothes cause I do not feel safe at all. I checked my phone and see that Dudu had called, I called her back.

Me: Cuzzy.

Dudu: Mntase he is looking for you .

Dad: why are you throwing a tantrum and not helping Thami with the chores?

Me: I'm not.

Dad: go do your chores am late for a meeting.

And just like that he left, I sighed and started cleaning. Thami was doing her nails and Aphiwe was no where to be seen. I released a sigh I didn't even know I was holding, maybe I

must runaway. I cant live like this anymore, I cant be frightened all the time and worse in my own home.

Me: oh mom I wish you were still here .

Thami: your mother chose to die because of the ugly brat you are!

Me: do not speak of my mother!

I felt my cheek stinging as my tears were already flowing, I raised my hand and slapped her before I could even stop my self. She looked shocked but so was I, I ran to my room and locked myself in there again. Why me?

Me: tell him I want my money or else .

Bullet: yes boss.

He left and after a while he texted me saying Aphiwe doesnt have the cash. Too bad I want my money and I will visit him in two days or else . My plan seems to be coming together very well and soon I will have Kungentando with me mhm, I remember those eyes and those tempting lips of hers she will be mine one way or another. I will make sure of it, I will care for her, honor her and own her in the bedroom she will be my wife no doubt about it.

Insert 9

Thami told my dad about me slapping her so when my dad confronted me I told him she's

lying and I was not here . Two can play the game sana, dad asked where was I and I told him Thami had friends over with some alcohol and he knows I hate alcohol so I left and prayed for her sins . Dad apologised and they were arguing that was a good night for me shame . A week has passed and Aphiwe is like a junky shame haa my God is a living God and him and his mother will get whats coming to them. I was chilling in my room when I heard crashing and Thami screaming music to my ears people, I got up and slowly went downstairs. My eyes almost popped out when I saw three men ripping Thami's clothes I turned around to go to my room only to bump into a hard chest. I screamed and Thami looked at me.

Thami: rape her she's a virgin!

I looked at her with so much hatred tchm lo mama. Aphiwe was there bleeding when Danger walked I think am gonna have a heart

Danger: I want her!

Meaning: nope maybe you dreaming.

The other men chuckled and Danger looked pissed off Aphiwe looked at me conflicted.

Me: heeee hay nawe you have big dreams neh.

Aphiwe: shit up I will deal with you later.

Danger: yey okay you die!

He cocked his gun then he pointed Aphiwe with it.

Aphiwe: yima woah take her please.

Me: hayi!

And that's when my legs finally started to run thank you legs! I got to my room but funny thing is someone was behind me he grabbed me and I screamed and kicked. He let me go so I kicked

him down there and he fell then I took my baseball bat I bought it for Aphiwe but ke I'm using it in defence anyway. I hit the guy on his back and he screamed.

Me: Yaaaah! Ndikfumene!

I was imagining Aphiwe the whole time begging me to stop, someone barged in and grabbed me eish! I got carried out like a sack of potatoes nx I kicked and screamed like there is no tomorrow. I was thrown in a car and it drove off very fast.

Danger

I finally got my girl and she is feisty, when I got to her she was beating one of my guys with a bat I had to stop her or she would have seriously hurt him. I told the others to go help Scar, its so embarrassing for him haha. When we got to my house she was crying nonstop.

Me: voetsek thula!

She kept quiet and I showed her the room she will be using from now on. I closed the door and went to my car and drove back to the warehouse where the gents were and Scar was being treated.

Scar: eish bhoza dai medi is gevarlik.

The guys laughed and I chuckled.

Me: Mrs Danger to you.

They all looked at me with eyes popped out and I frowned.

Me: en nou?

Blade: eh bhozza you serious?

I nodded and they all cheered making me chuckle.

Danger

When I got home the made had cooked already.

Me: has she come out?

Her: no sir.

Me: give me her food.

Her: yes sir.

She gave me her food and I went to the room she was sleeping in. I woke her up and looked at her.

Me: eat.

She shook her head.

Me: EAT!

She slowly lifted the spoon to her mouth and ate, after four spoons she pushed the bowl away.

Me: eat Kungentando!

Her: I cant .

Me: wipe those tears nx.

Her: I cant eat anymore please.

I force fed her after two spoons she threw up
WTF is wrong with this chick.

Her: I'm sorry I cant.

Then she fainted , I picked her up and
rushed her to the hospital eh.

I got there and my doctor quickly helped us.

Dr: eish she is malnourished it looks like she
hasn't eaten in days and she is dehydrated.

Me: WTF!

I stormed in her room and shook her roughly.

Me: What is wrong with you?

She looked frightened shit my anger is not
towards her but what happened to her.

Me: what happened.

Kunge: My.. My step mother didnt allow me to
eat .

Me: that bitch!

Kunge: I'm sorry please let me go.

I sighed and went back home and cleaned up the mess then I drank some whiskey and called Bullet.

Bullet: Bhozza?

Me: What did you witness about Kunge ?

Bullet: bhoza she stayed away from her brother and one time I walked in on him touching her she was so scared.

Me: and only now you tell me!

Bullet: Askies bhoza I didn't know it was important.

I dropped the call and threw the glass making it crash into the wall. I don't know when I slept but I did.

Kungentando's POV

I am so scared, Danger scares me. I almost peed in my pants. The doctor looked at me and shook his head.

Him: you are too young to be associated with dangerous people.

Mxm this guy must leave me alone he knows nothing about my life but he is judging me. Later Danger came in and looked at me for a bit until the doctor came in and gave him something to sign.

Danger: lets go.

He carried me to the car, I felt so scared to tell him to let me walk so I let him be. He buckled me up in the car then he drove us to his house.

Me: When am I going home?

He frowned and looked at me like am dumb.

Danger: this is your home now.

I sniffed and he banged the steering wheel.

Danger: stop crying nx .

I looked at him in horror and he got out and dragged me to the house with him and then I cried like crazy.

He looked at me with so much anger.

Danger: Fuck how do I do this?

He awkwardly hugged me and patted my back, my eyes popped out in surprise. He picked me up making me wrap my legs around him and he hugged me like that. I just continued to cry, he took me to the room and laid me on the bed.

Danger: eish.

He took his phone and called someone.

Danger: she wont stop crying, I don't know what to do.

I rolled around and took the pillow and hugged it as I cried.

Danger: please stop crying.

I closed my eyes and blocked him out then I slept. Later at night I felt cold hands on my stomach so I screamed and thrashed around.

Danger: shhh its me.

Me: please don't please .

He looked annoyed with me and got out of the bed and left, I sighed and laid back on the bed slowly drifting to sleep again.

Insert 11

The next day I woke up alone, I sighed in relief at least. I do not trust that monster at all, if he killed a bar full of people then what am I? Just a mere ant that he can squish under his big ass feet. I sighed and got up, I quickly made the bed up and walked to a door. It slid open to reveal a walk in closet dear Lord this is every girls dream.

It had clothes in and they were all my size, plus his clothes were also here. Does this mean this is his room . I'm dead ! I sighed and took out a grey tight with matching underwear and his hoodie. I might as well wear it he kidnapped me mos, I opened another door and it was a posh looking bathroom hee this guy has money. Let me rephrase that, blood money . I sighed and got in then I took a warm shower using his soap and shower gel. After a while I wrapped myself in one of his towels mhm its so comfy and soft. I dried myself ndathambis then I dressed. I towel dried my hair and looked at the mirror. My eyes were bloodshot red but at least they were coming back to normal. I put the towel in the basket and walked to the room, I screamed as I saw him on the bed sitting like a creepy pedophile.

Danger: shut up!

I shut my mouth quickly and he sighed and got

up and slowly walked towards me. My eyes widened and I stepped back as he looked at me daring me to take another step back so I stood still and watched him come towards me. He raised his hand and I flinched. He traced my cheek and sighed.

Danger: I wont hurt you.

Now why do I find that hard to believe? Right cause he killed a bar full of people nxi. His hand dropped from my face to my hand, he held my hand and pulled me out the door.

Danger: you look good in my hoodie.

I blushed but looked down, he sighed but I could see him smile from the corner of my eye.

-

Danger

Progress! We seem to be making progress just

earlier on she blushed and now she is eating. Her not being able to eat a bowl of porridge worries me at least I got her to eat 5 spoons tomorrow it will be six for sure.

Me: you hungry.

Ntando: no thank you.

Me: you have to eat babe.

My eyes widened at the affectionate name I just called her and she seemed to mirror my expression.

Ntando: I'm just not hungry.

Me: okay but later okay?

She nodded and I smiled, she looks so timid and fragile cant believe she's gonna be my gangster queen but the heart wants what the heart wants and mine wants her no doubt.

Me: Look at me.

She slowly raised her head and looked at me

with a small blush on her cute face.

Me: can you smile for me minxi?

She smiled slightly but it was quickly gone, I sighed and was about to talk when my phone rang.

Me: yah!?

Bullet: bhoza boss lady's father is back and going crazy with the rhata's.

Me: sk'awara we will deal with it soon.

Bullet: sho bhoza.

"what's your name?"

I was shocked by her tiny shy voice and looked at her for a second.

Me:

Insert 12

I looked at him waiting for him to tell me his name. I felt like I had to know it so that I know

who I am living with.

Danger: That is my past.

Me: you know my name and I think its only fair I know yours.

He sighed and got up leaving me alone. Eh did I say something wrong? I sighed and walked to my room or his room I'm not sure anymore. I got in and under the covers and just relaxed nje, vele I have nothing to do, no phone or laptop. I sighed and stared at the ceiling until I fell asleep. I felt hands wrap around my waist and my heart beat was spiraling out of control. I tensed up and he sighed.

He turned me around and I was facing him now, he looked at me and sighed. He started tracing his fingers up and down my arm, my heart started beating fast but I tried to contain my fear.

Danger: My name is Sphamandla Ndlovu but I

am now known as danger.

Me: how old are you?

He chuckled lowly and smiled while shaking his head.

Danger: 27

Me: whuuu awumdala!

Danger: haha haysuka look I am not going to beat around the bush Kunge I love you that's why I brought you here.

Me: you are so old njena.

Danger: age ain't nothing but a number mama and if we can add we will subtract .

Danger

She caught me off guard when she asked for my name making me think of the other personal details she will be asking soon. After cooling down I went to our room and got in next to her but she was uncomfortable. I decided to tell since she is part of my life now. I told her how I feel about her and she blatantly called me old . I looked at her as she laughed fuck she looked so angelic and I almost felt bad for bringing her into my fucked up life. I looked at those luscious lips that looked so plump and kissable right now, I licked my lips and leaned in as I was about to kiss her she cleared her throat and looked away. I sighed and moved back to my place, I looked at her as she looked away from me. I turned around and covered myself with the blanket. I heard a sigh and felt movement, I closed my eyes and tried to sleep.

Insert 13

Kunge

I didn't know what to think since Danger tried to kiss me, I mean I barely know the guy so he has no right. I will face him soon, soon cause he has no right at all! first he kidnaps me now he wants to kiss me hell to the no I need to get out of here and soon. I need a phone so that I can call Dudu to help me yes its a plan. I looked at him and he was fast asleep so I got up and slowly took his phone then I got up and went to the bathroom. I locked the door and called my dad but it went straight to voicemail. I called Dudu and she answered on the third ring.

My hands were shaking so badly and my heart was beating so fast come on Kunge you need to get out of here.

Dudu: hello?

Me: hi,hi Dudu its Kunge I need your help he kidnapped me Duduzile please get help!

"KUNGENTANDO!" His voice roared through the door as I jumped, my grip tightened on the phone as my body shook in fear.

Dudu: Ntando are you there hello where are you?

Me: Dudu help me!

The door smashed open and I screamed he came in and grabbed the phone throwing it against the wall making it break into pieces.

Me: noooooo .

He looked at me with so much fury, he picked me up and carried me into the room then he threw me on the bed, his eyes were red. He unbuckled his pants.

Me: please no please I'm sorry.

Danger: you don't listen Kungentando neh I have been lenient enough with you!

Me: please don't hurt me .

Danger: you are mine your body is mine and I

will show you that you are mine.

He pulled my legs to the edge of the bed as I screamed, kicked and cried.

Danger: Kunge!

I covered my face with my hands then it was quiet, I heard the door slamming when I looked up no one was there. I moved to the top of the bed and cried while rocking myself back and forward. I cried until I fell asleep.

Danger

I lost it! The thought of Kunge calling someone just angered me more. I thought that at least we had a bonding or something but no she had to call someone. I love die medi but she's stubborn and clueless of the dangers of the

world. I love but she provokes me fuck she makes me lose my fucking cool. I tried to kiss but she pushed me away do you know how that fucking hurts? It hurt me to the core. I have never dated a girl that's why I don't know how to treat one I just fucked and ditched and it was rough sex all the way but from the moment I saw Kungentando I was a damned bastard. I couldn't hurt her, kill her I just wanted to love her and wake up next to her every morning after fucking her senseless all night. I want to feel her skin that looks so soft and kiss her lips that look so delicious. I am way too deep yet she doesn't even know how much she affects me and it frustrates me so damn much. I sat down on my chair in my study and poured me some scotch I spinned the brownish drink in the glass before I gulped it down and sighed. Maybe I should have not tried to get her at all look where falling in love has gotten me in a shit full of chaos. My brain agrees with my heart cause all I

think about is her and it frustrates me. I clearly love her why cant she see it, as I am thinking all this shit I keep on pouring the scotch and drinking.

I woke up and I was still in the same position, my neck was sore. I sighed and got up then I walked out going to find Danger. I just felt like finding him since its also partially my fault. I walked out of the room and tip toed around the house but he was no where. I went to his study and he was sleeping on the desk with a alcohol bottle. I shook him but he didn't even make a sound.

Me: Sphamandla.

Him: mhhhhm.

He opened his eyes mildly and they were tiny you could see that he is still out of it.

Danger: oh Kunge its you my love.

Me: You are drunk lets go.

Danger: I love you.

Me: Sphaaaa.

I held him up as he stumbled I helped him walk, we walked to the room and as we entered he threw himself on the bed. I sighed and took his shoes off, as I stood up he pulled me and I fell on top of him.

Danger: Why wont you love meee?

Me: Danger please.

Danger: at least let me kiss you even just once.

I looked at his lips and sighed I leaned in and placed my lips on his, he kissed me and I followed his lead. I could taste the alcohol on his lip and it was nice it made me like his taste. He groaned and his hands started moving down my sides, I pulled out and he groaned.

Me: you need to sleep.

Danger: mhhhm.

A few minutes and he was asleep, I sighed and touched my lips worse part is I am smiling like a crazy person. I got in next to him and his skin was warm, I'm guessing from the alcohol. I cuddled up against him he is so cuddly though his arms wrapped around me and I sank into his embrace. I kept on thinking about the kiss even though he might not remember this, it means a lot to me. Next thing I know I am being lifted onto his chest, I sighed and just laid on his chest until I fell asleep.

Danger

I had the most incredible dream ever where I

finally got to taste Minxi's lips and fuck my life they were good, I shifted but felt weight on me and my head was pounding. I looked down and Minxi was laying on me I sighed looking at her wait was that a dream? Damn I really got to kiss her I slowly shifted her off me and she moaned.

Minxi: Sphaa mhm.

I groaned and quickly shifted from under her and to the bathroom. I took a shower and started thinking. I need some help clearly I don't know anything about women.

"Danger!" i got out of the shower and wrapped a towel around me then I went to her, she looked and my abs and I smirked.

Me: whats wrong?

She looked shy and embarrassed, I looked at her and she sighed.

Minxi: I need pads.

I looked at her as she was embarrassed.

Me: okay look in the walk in closet I already bought for you but if they not the right size or something tell me.

She shyly nodded and went into the walk in closet, I dried myself properly and lotioned then I got dressed and waited for her. After a while she came out and we went to have breakfast together.

Insert 15

Kunge

We were eating breakfast and just chatting, I was laughing nonstop and yena he would just chuckle. I looked at him but he quickly looked away, yaaaah neh he would stare at me the whole time mara this guy is something else hey.

Danger: Kunge I'm sorry.

My jaw dropped as I looked at him he looked

down.

Danger: I shouldn't have lost my cool and touched you last night I was just upset.

Me: its my fault too, I cant say that I shouldn't have escaped you kidnapped me.

I could feel that anger coming back he looked at me in anger.

Danger: you tried to escape!

Me: you kidnapped me!

Danger: I did it for you!

Me: how!?!

He got up and came towards me, he grabbed me by my arms and I squirmed.

Danger: Aphiwe was about to rape you!

My eyes widened and I looked at him thoroughly those eyes and lips my Gawd! He looked at me and leaned in, I met him half way

and boom we kissing. He pulled me closer as my hands were on his chest as his arms were around me. His lips are so juicy , my knees were feeling weak if he wasn't holding me I'd be on the floor. I pulled out and we were both breathing heavily he kissed me again, I pulled out but he kissed me again. I gave up and just went with the flow he is being greedy . Next thing I know I am on the table and he is in between my legs.

"Hayi, hayi!"

Danger groaned as he pulled out, he looked at the woman.

Danger: MaSchaba .

MaSchaba: haysuka I practically raised you, and get off the table young lady.

I jumped off shame I don't have time for drama . Danger was grumbling words, he grabbed my hand and practically dragged me to

the room he closed the door behind us and looked at me.

Danger: minxi.

Me: Spha?

He sat on the bed and motioned for me to come towards him, it was like my body was moving on its own accord. I found myself on his lap, he pulled my hair and I glared at him. He chuckled and took my hand locking our fingers, I looked at our hands is this really happening fara Gawd!

Danger: be mine?

I cleared my throat and he sighed and looked away, his phone rang then he lifted me off him and onto the bed. He answered and walked out.

Danger

Fuck why do I have to fuck up every time I was certain we were making progress. I asked her to be mine and she cleared her throat we all know what that means gents. She ain't in it, I got a call and Bullet was telling me about how Kunge's dad is going head to head with the police. The bastard wants his daughter yet he didn't give a fuck about her cause of that witch and her rapist son. I gripped my phone as I walked to my study.

Me: Get the police uniforms we will be playing dress up.

Bullet: yesss finally .

I chuckled at his anxious behaviour, Bullet likes wearing the police costumes as he says he gets more girls in them. I took my car keys and went to my car, I drove to the warehouse. The guards nodded in acknowledgement and I returned the nod. I got in and the guys were already dressing.

Me: en then? Only two "cops" are enough.

Blade: haaa bozza mara thats not fair.

The guys laughed and I shook my head and chuckled.

Me: Scar get a body that looks like Kunge.

Scar: sure bozza.

He went out and I looked at the guys, and nodded.

Me: fine but 3 of yall will be holding police dogs.

Bullet: yhuuuu my babies when last.

We laughed at him, Bullet owns all types of dogs as we deal with illegal dog fighting as well. Him and his dogs are a package deal, Scar came in after a few minutes and nodded. I fist bumped him and pat his back than we all changed to our uniforms. We went to get a police van and the others followed in a small police car. The dogs were in the van its time for

our acting skills, let the show begin.

Insert 16

As we get near to the house we put the sirens on and park in front of the gate. I get out followed by Scar and Bullet, we walk up to the door and knock. Kunge's dad opens up and we look at him.

Me: Sir I am officer Ndlovu and we were tipped off where your daughter might be could we have something of hers that the dogs will smell to find her and I ask if you would like to accompany us.

Him: yes of course where is my princess?

Me: Shall we go then Mr Tlou?

Mr Tlou: yes lets go.

We all got into the cars and drove off where Scar had dumped the body in some thick forest,

we went there and they gave the dogs the cloth to sniff. Luckily the body was dressed in Kunge's clothes. The dogs started barking and pulling us to a direction, we would stop and watch the dogs sniff and soon it would be dark. The dogs started going crazy and went in a direction we saw something blue and boom there's the body. I took my flashlight and lit. Scar whistled and shook his head.

Bullet: Ay.

Mr Tlou: Nooooooooooooo Kungentandooooo!

He fell to his knees and the guys held him but he sobbed I sighed dramatically.

Me: there is nothing we could have done sir.

Mr Tlou: what do you mean that is my daughter for fuck sakes!

I bit my tongue from replying and watched as Scar called "forensics and mortuary" aka our gang members and they were here quick, quick.

They took the body and Mr Tlou had to do paperwork so I went home to my wife, I mean Kunge. I first went to the warehouse to change then I went home. I got home and she wasn't there so I went to the room and she was laying on the bed looking at the ceiling.

Me: hey.

Kunge: hey.

Me: Minxi listen let me be honest with you.

She looked at me and I took her hand in mine and smiled slightly but then I looked at her again and became serious. Come on Danger just say it okay 1 2 3 I took a deep breathe and looked at her.

Me: I love you, ever since the bar baby I love you.

Kunge: I

Me: Look you are mine either way so I am just giving you the choice but either way ungowam.

Kunge: as long as we take things slow?

I looked at her quickly and nodded and she smiled. I kissed her forehead and her lips she looked down shy.

Danger: Minxi look at me.

I looked away, he moved my face and made me look at him then he kissed me all over my face. I

giggled and he chuckled and went back to my neck I moved my head giving him space to do it. He chuckled and continued sucking on my neck. After a while he stopped and got up, he went to the bathroom and I heard the shower turning on. I sighed and laid back and after a few minutes he got out with a towel wrapped around his waist.

Danger: Take a picture it will last longer.

I shook my head at him and he chuckled, he got his boxers and looked at me while smirking than boom he dropped the towel I gasped and covered my head with the blanket I heard him laughing hayi kubi!

Danger: Minxi look at me.

Me: huh-uh.

Danger: Minxi I have my boxers on.

I slowly removed the blanket and looked at him and nyan he had his boxers on. He got under

the blanket and pulled me closer to him and I sighed. He made me lay on his chest and started brushing my baby hair.

Danger: I love you okay.

He frowned at me and I felt guilty instantly.

Me: morning breathe.

He smiled slightly and came to me, he smashed his lips on mine. My eyes widened and I took a while to respond to the kiss but ke I did. He pulled out and looked at me he had this smirk on his face that I didn't understand well.

Danger: I made us some breakfast.

Me: Thank you let me go brush my teeth.

I got up and went to the bathroom I took my cloth and opened the tap then I made it wet with lukewarm water and wiped my face but when I lifted my head to look in the mirror my eyes went directly to the huge ass purple bruise on my neck. I wiped it with the cloth please nooo that asshole.

Me: Sphamandla!

Then I heard laughing, I huffed in frustration and took out my toothbrush and started brushing my teeth. After I got done I went to the room and he looked at me innocently I rolled my eyes

Spha: I'm sorry I didn't realise I made one I saw it now also.

Me: its huuuge that's why I said umdala kakhulu yhuu bawo wam.

He gave me a blank stare and I ignored him and continued eating.

I got up kissed her forehead and went to the kitchen I got a glass of cold water and aspirin. I drank it and just placed my head on the counter thinking. I think I should let Kunge go to her family but I am scared and fuck I cant separate from my baby. I already developed strong feelings to a point where I would do anything for her. I was disturbed by someone tapping my shoulder. It was Mastermind's girl Sanelisiwe.

I got dragged to them and their facial expression I swear I am close to peeing in my pants right now. I am visibly shaking and the look Danger is giving me is straight up wrong.

Guy: boss I found her spying on us.

Bullet: haaa boss lady.

The guy got his hands off me and I looked at Danger with tears in my eyes.

Me: Wha-at is this?

Danger: You saw what you wanted to see mos .

I jumped as he shouted oh shit!!

Danger: take her to my room Now, I will deal with you later!

He was red with veins popping out and he looked so dangerous I was dragged to the room and locked inside, I slid down and cried my lungs out but got up as I had to pee I went to the bathroom and peed then I undressed and stood underneath the shower. I let my tears flow, is this going to be my life? Is this how it is going to be? You should have seen the look in his eye it was like he doesn't know me. A shiver ran down my spine, all I saw in his eyes was darkness and evil. I got out and dried myself

then I wrapped the towel around me, I walked into the room but froze as he sat on the bed. He slowly looked up with a devilish smile I looked down and fiddled with my hands.

Spha: What were you doing there!

I kept quiet and looked down continuing to play with my fingers.

Spha: KUNGENTANDO!

I jumped and my tears flowed.

Spha: TELL ME!

Me: I-I called you but you switched off y-your phone s-s-so I came to see you and h-heard laughing and followed it .

Spha: So you have been snooping in my business!

Me: I-I'm sorry.

I was now full blown crying and he got up and came towards me, I flinched but he hugged me I

sniffed and he tightened his hold on me.

Spha: shhh Minxi.

I pushed him away and he looked at me with one eyebrow raised.

Me: how could you torture him like that.

Spha: he betrayed me do not enter in my business.

Me: but...

Spha: but nothing Kungentando I don't want you in this kind of lifestyle okay.

I sighed and nodded, he smiled and loosened my towel then he dropped it, I quickly covered my private areas and he glared at me and removed my arms.

Spha: don't hide my assets from me.

I sighed and he got the lotion and rubbed me with it himself.

Me: Wha-at are you doing?

Spha: Am taking care of my woman .

I nervously smiled and he chuckled and got a shirt out and put it on me.

Spha: I love you.

Me: I love you too.

Spha: Minxi I know you scared of my dealings but baby this is me and you gotta accept me as I am I promise to give you my all baby just don't expect me to change cause.....

I kissed him and he responded to the kiss, he lifted me up and I wrapped my legs around his waist. I moaned and he gripped my ass making me moan more. We pulled out panting and he looked at me as if he was searching for something in my eyes. I smiled and he chuckled and kissed my nose making me giggle like crazy.

Spha: You got me acting crazy, you drive me insane.

I smiled and gently kissed him, he laid me on the bed and kissed me going down then he took me to mufftown . I screamed his name like crazy and when he was done he looked at me with a huge grin. I looked at his visible boner and gulped, he smiled and shook his head then he went to the bathroom. I sighed and looked at him. You know Spha has never tried to have sex with me he would only muff me then leave me and go to the bathroom. I am starting to think that he is the virgin between the two of us . I am ready and feel like I should give it to him but I am scared.

I hugged him from behind and he chuckled and turned around he was still puffing it and he blew it into my face sexily. I am wet

He turned me around and pulled me so that my back could touch his chest and I could feel his dick on my ass, I got butterflies in my stomach as he kissed my neck.

Spha: my princess I cant wait to have your body trembling beneath me.

I moaned as he sucked on my neck, he moved against my ass and groaned.

Spha: I want to take you right now but I cant.

I turned around and faced him and he looked at me with those eyes of his.

Me: but I am ready.

Danger: I think I have been too lenient with you.

I just kept quiet and he clenched his jaw.

He parked in front of his house and got out slamming the door. I looked at him and sat still.

Danger: Kungentando get out!

I sat still and closed my mouth.

Danger: Don't make me drag you out!

Mxm I slowly got out and took my food in as well as I stepped in the house i received one hella slap. My face even turned due to the impact I slowly looked at him with tears in my eyes.

Tears started rolling down my face I even lost my appetite, I put the food in the fridge and went upstairs to the guest room. I took a shower and then I looked at myself in the mirror. I even had five fingers and there was yellow around it since I an a bit light skinned the bruises start very quickly I cant believe he hit me. I wont tolerate abuse ke mna ke. I know I was wrong for shouting Dudu earlier but I was upset and frustrated and I felt like she was disrespecting Gogo's house. I went downstairs only to find the guys Dudu and

Bullet and guess what they were eating my meat .

thought she was okay and had gotten over what she went through by her dad's house.

I was upset that Kunge would do that to me. She embarrassed me in front of Danger and Bullet. I thought we had each other's backs but it doesn't look like it.

Bullet: baby you need to forgive her.

Me: hayi.

Bullet: Dudu she is not okay.

Me: haysuka Kunge is grown and can look after herself I will not beg where I don't benefit.

When I got home gogo was there with Kunge and they were talking but when I got in it was

silent. Kunge left the room and gogo and I had the talk. I told her about Bullets uncles coming and she agreed. I went to the room and looked at Kunge who was just laying on the bed staring at the ceiling with tears streaming.

Me: you are crying for nonsense yaz.

She sat up and looked at me then she nodded.

Kunge: you are right I am so sorry about everything okay.

Me: mxm.

Her: you didn't even go visit gogo.

Me: stop acting all holy Kungentando it is not all about you.

Dad: you haven't even gone to university yet.

Me: and whose fault is that?

I have been studying online now cause I see my dad wont give me the funds to study further.

Me: I am of legal age father and mother left her company to me, I can take it anytime I just came to inform you.

I stood up and walked out tshini le, I went back to gogo's place oh yeah Dudu and Bullet are married traditionally thought there is drama cause Bullet already has a wife, but I don't mind cause its none of my business. I greet gogo and go to my room where I undress and wear my pajama's then I just sit and listen to music its my only joy right now.

Kunge

Gogo is concerned I can see it in her eyes the way she looks at me she even suggested I go to therapy since the other night she heard me screaming as I had a nightmare. Its always different either its Aphiwe having his way with me or Danger slicing me open or my mom dying. So I have decided to go to therapy and right now I am sitting and talking and this therapist would always ask "And how do you feel about that?" or "Interesting" mxm working on my nerves straight. She prescribed anti-depressants for me though. I go to Spur for lunch and enjoy my meal, I look up and regret it

immediately. Danger just walked in with a girl hand in hand I guess I deserve this. I am glad he is moving on but this soon urgh. I wave for the bill and the waiter brings it and I pay and get up to leave. "Kungentando?" just great couldn't he just ignore my presence mara? I turned around and faked a smile and hugged him coldly nje.

Me: Hi Sphamandla .

He chuckled and I looked at the chick and smiled giving her my hand to shake.

Me: hi .

Her: hi .

I rolled my eyes and looked at Spha.

Me: would love to chat but I have to go.

Spha: Kunge wait...

Me: cant am busy, busy.

I walked out leaving them there and caught a taxi back home. Its so quiet in this house. I miss Dudu, I start doing my assignments then after a while I get ready for bed and sleep.

Today Bullet and I were leaving to "our" home. When we finally got back home he drove us to a different house claiming that its my house mxm. I got out the car and left him to carry the luggage then I went to the house and opened up and went to sit on the couch. He came in with our bags and took them up then he came to sit next to me.

Bullet: Someleze when will you stop ignoring and pushing me away cant you see that I love you baby?

Danger

I miss Kunge so much I have tried calling her but she blocked me. I tried talking to her in person but she would avoid me like the plague. So I decided to move on with this chick, she is pretty and caring and she is willing. I am getting old so I think I should propose I am 27 turning 28 soon I should be starting a family too bad the woman I love wants nothing to do with me.

Amahle: baby.

Me: yes babe?

Amahle: I have a surprise for you.

Me: really babe?

She came out of the room wearing light pick lingerie, I smirked and walked to her and smashed my lips on hers. I ripped it off her body

and fucked her senseless afterwards we laid on bed with her on my chest.

Me: marry me.

She lifted her head and looked at me.

Amahle: don't play like that.

Me: I am serious.

She smiled and pecked my lips.

Her: yes I will marry you I love you.

I smiled and kissed her which led to way more.

Kunge

So miss barbie in pink posted that she is getting married to Danger wow! I know I pushed him away but I needed time to focus on me alone, time to heal but I am happy for him. Who am I kidding I am upset but I have no one to blame but myself. I have friends my age though since I

Bullet: when are you two going to fix this shit you doing you both love each other so just fix it.

Me: I am engaged.

Bullet: mxm you don't love that barbie doll of yours.

I sighed and watched Kunge grind on some bastard . I clenched my jaw and Bullet chuckled. She walked to the bathrooms side and I followed her she came out and bumped into me as she was drying her hands.

Kunge: Oh I'm sorry.

She looked up and frowned and I held her waist.

Me: Minxi.

She looked at me as her eyes shone with tears and she sighed.

Her: Danger.

Me: Baby why are you doing this to us?

Her: I needed to heal.

Me: Aren't you healed now?

Her: yes but you are getting married.

Me: I don't love her, I love you.

Her: please don't do this I don't want to wreck

someone's marriage.

I looked at her and leaned in and she looked down.

Me: Minxi I love you only.

She sighed and as she was about to talk I kissed her, but she didn't respond. I bit her bottom lip and she responded, I squeezed her ass and she moaned. She pulled out and looked at me.

Her: I'm sorry but I cant do this.

Me: Ntando wait!

Her: Do you love her?

I looked down truth be told I have gained feelings for Amahle and she would be there for me when I had fights with Kunge or the gang.

Her: Wow .

Me: its not like that.

Her: No Danger please do you I am happy for you okay.

She kissed my forehead and gave me a fake smile.

Her: I wish you a happy life.

She walked away and I sighed and went back to the gents.

Bullet: And then?

Me: its over, we are over.

Bullet: yoh.

Scar: Aaah but she is the Queen bruh the way she almost broke my back ncncnc.

The guys chuckled and I shook my head.

Me: She will be happier this way guys besides I have moved on.

Bullet: yah thus man us getting married, I hope your wife loves you unlike mine.

Me: you talking nonsense that child loves you she just feels like she is not your priority since you never told her about Luntu.

approached me and smirked.

Him: can I get you a drink beautiful.

Me: no I can buy my own drink for your information.

I got up and stumbled a bit then I went to the bathroom and did my business then I went back and gulped down my drink the guy was still there and he was smirking. I started feeling dizzy and my sight got blurry.

Me: Whaa-t did you doo.

Guy: Shhh princess.

I wake up with a pounding headache and my vagina is burning, no, no, no this cant be happening. I look around as I am tied to the bed and naked, I am in a room and there is a tv and bean bag chairs. There is a window on the other side, the door opens and a guy comes in.

Him: you awake princess.

Me: .

He is not wearing a shirt and his eyes are roaming my body, I feel so dirty. Next thing I know he is pointing me with a gun.

Me: Please let me go .

Him: shh princess.

He removes his pants and hovers over me, he starts kissing my neck and I let out a sob and try to free my hands. I feel him slowly enter me and I cry out louder for him to stop.

Him: Shhh I will be gentle.

He starts moving and I just feel numb like my soul is being drained, i just lay there crying silently as he groans in pleasure, it feels like forever when he finally stops.

Him: I'm sorry but it had to be done.

He gets up and comes back to wipe me then he leaves, I lay there staring at the ceiling silently crying. The door opens and Thami walks in with a smirk on her face.

Thami: mhhhm its not nice is it princess this is revenge for what those morons did to me you are lucky I only let Lizo touch you cause Aphiwe has been dying to have a taste.

She giggles and looks at the door and I see Aphiwe and Lizo.

Thami: You have met Lizo my other son his the one who broke you .

I just looked at him in the eyes and he looked at me with so much pity, I looked at him cause I want him to see how much he broke me .

Aphiwe: Mama can I have her now?

Oh no Lord please help me .

Lizo: No!

Thami: Lizo! don't you dare speak to your brother like that!

Lizo: I am sorry ma but Aphiwe cant have leftovers.

Thami: mhm you are right she is damaged.

I flinched and Aphiwe sulked.

Aphiwe: but I want her.

Thami: Urgh get out of here you idiot.

They all went out and later Lizo came in and untied me, he carried me into the bathroom and bathed me.

Him: I'm sorry.

I just looked away and he sighed and took my hand.

Him: look I didn't want to but my mother is ruthless okay.

I looked at him and he had tears in his eyes, he finished up and dried me then he rubbed lotion on my body and dressed me then he tied me up again. He went out and came back with food I just looked at it.

Lizo: please eat.

He fed me then he brought me a glass of water and pills.

Lizo: sleeping pills.

I nodded and drank them, the door opened and Thami came in.

Thami: Lizoletu what are you doing here.

Him: uhm mama I made her bath.

Thami: Why the hell would you do that you too soft wena!

Lizo: woman this is my room I will not have it stinking.

Thami: oh hayke boy we must kill her soon before people start looking for her.

He kept quiet and nodded and she glared at me and walked out. He looked at me and I looked down.

Lizo: hey I will get you out of here.

Me: why are you doing this?

Lizo: you are too beautiful to be here.

Me: why did you have to hurt me like this?

Lizo: I... All I can say is I am sorry Kungentando.
He got up and left the room and I fell asleep.

I am Lizoletu 23 years of age, you know my mom and brother. My mother has this type of vendetta against this girl and she actually went too far this time. Thami wanted to make Kungentando suffer and I don't know why so she was drugged but the drug does not knock you out it makes you wild but you wont remember shit. So at the club she was grinding on me and I seriously got a boner some guy cane to us and she told him to fuck off. She is really beautiful and I was about to let her go hone when Aphiwe appeared and dragged her away.

Aphiwe: I knew you were too much of a wimp to pull it off.

Me: Aphiwe she is young!

Aphiwe: She is mine!

He got in the car and I got in too, he drove to our home where mom was sitting with a group of guys.

Thami: you brought the little bitch.

I glared at her and she was oblivious.

Thami: this little slut needs to learn a lesson so who will be fucking her?

Aphiwe: Me .

Me: No!

Thami: you do it Lizo!

Me: Mama she is young this is not right.

Thami: fokof Aphiwe do it ke.

Me: Wait! Fine I will do it.

And that is what happened.

Danger

At the club I saw Kunge with this guy and got pissed off so I went to them and she seemed out of it.

Me: Kungentando lets go.

Her: Fuck of this is my husband.

I wont lie that kind of hurt but I let her be its her life and I guess I have hurt her enough. I got home and Amahle was sleeping peacefully. She is really beautiful and I fell for her without noticing. I brushed her hair out of her face and went to take a shower. Afterwards I got in bed and held her from behind. The next day I woke up and Amahle came in with breakfast. I kissed her and went to brush my teeth then we ate together.

Me: baby.

Mahle: my love?

Me: how about we make a baby.

She choked and I gave her some water and she calmed down then she sat next to me with tears in her eyes and held my hands.

Me: whats wrong?

Mahle: baby please don't leave me.

Me: calm down and talk to your man.

Mahle: I cant have kids.

I got angry, confused, upset but I tried to keep strong. I hugged Amahle as she broke down.

Me: shhh I wont leave you.

She hugged me tight and I hushed her till she slept. Fuck my babe is going through a lot. I got a call from Bullet and I went to the study and answered it.

Me: yah.

Bullet: Kunge is missing.

Me: heh?

Bullet: Kungentando is missing bruh!

Me: I am sure she is fine bruh.

Bullet: are you listening to yourself? Why are you like this Danger that girl loves you but since you moved on you don't give a fuck about her.

Me: I will always love Kunge but what she does with her life is her problem so please let me be nx.

I dropped the call and took out my whiskey and drank it.

Kunge

Two weeks have passed and Lizo would bring

me food but I didn't really eat. Aphiwe would try to sleep with me any chance he gets but Lizo would protect me. I know he is no better than the rest of them but at least he looks after me. Thami has been coming to torture me and Lizo would try to save me then he would clean my wounds I am thankful for that he had to sleep with me 2 times since Thami wants me to suffer and there are men all around if Lizo doesn't do it then they will and mna I prefer him. Rather the devil you know than the one you don't know right?

Lizo: I am sorry Kungentando.

Me: huh?

Lizo: I have to get you out of here tonight.

Me: what are you sorry for?

Lizo: you are pregnant and Thami wants to beat you so you lose the baby so that she can damage your womb.

Me: I am pregnant .

A tear ran down his cheek and he quickly wiped it.

Him: she wants to kill my child, stay here I will come get you.

I nodded and slept.

I was woken up by someone shaking me, I sat up and Lizo gave me sneakers to wear and a jacket.

Lizo: here is a gun use it only when necessary listen we will have to be quiet neh.

Me: okay.

He smiled and gave me a beanie to wear.

Me: Lizo?

Him: yeah?

Me: thank you.

Him: anything for the mother of my child.

I froze and looked at him, he held my hands and kissed my forehead then he pecked my lips.

Woah I did not expect that.

Lizo: lets go.

I nodded and he led the way, we passed some unconscious guards. We reached a door and he opened it and it led outside.

"What the hell!"

My eyes widened as I saw Thami standing there pointing a gun at me, Lizo clenched his jaw and my tears stung my eyes.

Thami: haa Lizo! how dare you betray me your mother!

Him: you are too evil to be my mother awuna bubuntu.

Thami: Fine she will die either way.

*bam*bam*bam* I shut my eyes and heard a body collapse but it wasn't mine. I slowly opened my eyes to see Thami down and Lizo looking torn. I slowly took his hand lowering the gun and he took a deep breathe.

Him: lets go.

I heard Thami groan iyho this woman does not want to die. We ran out the door and to this other car. We got in and he hot wired it then it started and he sped out of there. I sighed in relief and he let his own sigh out.

Me: thank you.

He nodded, we got to this bnb and he checked us in. I took a warm shower and wore the robe then I went to sit on the bed. My life has gone from bad to worse. I lost my mom, I was abused, almost killed, almost raped then kidnapped then I watched the person I love

torture a man then I almost lost my gran and now this yet I am still trying my best. I got shocked by Lizo kneeling in front of me and wiping my tears.

Lizo: I know you have suffered and I know that I was wrong to not stand my ground and for that I am sorry I was too much of a coward to do something.

I nodded and he sighed and looked at me.

Lizo: please keep it.

I looked at him with my eyes popped out.

Lizo: I know this baby wasn't conceived in a right way but please keep it.

Me: I....don't know.

Lizo: please Kungentando.

I sighed and nodded, he smiled and my breathe hitched.

Lizo: thank you baby.

I cleared my throat and looked away.

Me: I am tired.

Lizo: yeah get some rest.

I got under my blankets and he went to his bed.

Lizo switched off the lights and got to bed. Lizo always got a nightmare of what he did to Kunge, he still felt guilty and when he woke up to Kunge's screams and begging he felt worse. He woke her up and she was a shaking mess, he hugged her and hummed a song until she fell asleep again. They both slept peacefully the rest of the night in each others arms. While Dudu has been panicking and Bullet has been trying to calm her down.

Dudu: shouldn't you be with your first wife?

Bullet sighed and shook his head feeling frustrated.

Bullet: Dudu you know I love you and only you so please don't bore me too.

Dudu: No I don't think you have a first wife and now I am not second best either.

Bullet: baby you will never be second best.

Dudu: mxm just help me find Kunge please.

Bullet: I can't baby.

Dudu: what about Danger?

Bullet: he wants nothing to do with Kungentando.

Dudu: so he has abandoned her but he is also the cause of why she was so hurt that she had to go to therapy mxm he is selfish proof you are all selfish too.

A few days passed and Lizo and I finally got to my place, I looked at him and he looks just as nervous as I do. We walk to the door and knock and Mr Tlou opens up, he looks shocked to see me and Lizo also looks shocked.

Mr Tlou: Kungentando my baby.

He tries to hug me but Lizo pulls me behind him and I see my dad looking angry.

Lizo: We should go.

Mr Tlou: Give me my daughter!

Lizo grabs me and we run to the car.

Me: whats going on?

Lizo: he is your father!?!?!

Me: Lizo what is going on?

Lizo: that man right there was in cahoots with

Thami since you wanted to steal his business.

My jaw literally dropped and I became a sobbing mess.

Lizo: hey Kunge stop crying please.

Me: please take me to my cousins homes.

He nodded and I directed him, we got to Dudu's place and he came with me. I knocked on the door and Bullet opened.

Bullet: Dudu!

She came rushing to the door and as soon as she saw me she attacked me with a hug and we cried in each others arms.

Dudu: I was so worried.

Me: I'm back now.

She smiled and looked at Lizo confused and I shook my head.

Me: urhm Dudu this is Lizo he is a friend.

Lizo: nice to meet you.

Dudu nodded and they shook hands.

Me: I had nowhere else to go.

Dudu: baby you can stay here as long as you like okay we are family.

I nodded and smiled.

Lizo: uerhm I should get going.

Dudu nodded and excused herself and I walked him out.

Me: Thanks for everything.

Lizo: I hope you can someday forgive me.

I nodded as I did not know what to say.

Lizo: here is my cellphone I will call you when I get a new one and then you can call for anything you need okay.

Me: Why?

Lizo: you are carrying my first child and I want

to be there every step of the way.

Me: I might not even be pregnant.

Lizo: you are, so don't stress okay.

I just nodded cause it seems like he made his mind up about there being a baby. He looked at me in my eyes and sighed, I don't know what this guy wants from me shame.

Lizo: I will call okay.

Me: okay.

He smiled and kissed my forehead then he left. I went back inside and joined Dudu on the couch.

Dudu: who is he?

Me: Lizoletu.

Dudu: you don't know him?

Me: not really.

Dudu: yoh.

Me: please don't give me that look tuu.

Dudu: I didn't say anything.

I just shook my head and we watched soapies.

Amahle: Danger.

Me: I SAID ITS NOTHING!

Amahle: .

Me: hey.

Dudu: hi .

Me: can I come in.

Dudu: ok.

She moved aside and I walked in, such disrespect yeses. If she was someone else she would have been dead by now.

Kunge: Dudu where are the....

She looked at me and frowned then she turned around and walked back to the kitchen. I followed her and leaned on the counter.

Me: hey.

She nodded and got busy with the pots, I sighed.

Me: how are you?

Kunge: fine you?

She faked a smile and I sighed again.

Me: I am ok.

She nodded and continued with what she was doing I walked towards her and stood behind her, I held her waist and she jumped pushing me away.

Kunge: DO NOT TOUCH ME PLEASE .

I moved a bit and looked at her seriously as she looked shaken and scared

Me: Kungentando whats wrong?

Her: please please don't touch me .

Me: Kungentando did someone touch you?

She sat on the ground and hugged her legs .
She seems so broken I tried to hug her but
she screamed . Dudu came in and rushed to
her side, Bullet got in with a syringe and injected
her.

Dudy: WHAT DID YOU DO TO HER!!?

Me: Nothing!

guest room. Then we both came back down
and I looked at Danger.

Me: What are you even doing here?

Danger: I came to check on Kunge.

Me: Why? You don't care about her!

Bullet: Dudu hayi!

Me: ha.a Siphosethu why is he here?

Bullet: I called him.

Me: Why?

Danger: he was informing me that she got dropped by some guy.

Me: listen here ke when Kunge was suffering from depression you did not jump but when she is moving on you want to jump it does not work like that kalok you left her so stick to your decision nx.

Danger: I will not tolerate you talking to me like this.

Dudu: fusek I dont care who you are but when it comes to my family I will say whatever I want you are going to leave Kunge alone.

Danger: we will see about that nx.

He stormed out and I clicked my tongue nxn the bastard! I looked at Bullet disgusted.

Bullet: its not like that...

Me: woah hold it you saw how he abandoned her when she was suffering as a person who loves her he should have waited not jump into another skirt immediately nx.

I went to finish up the pots and dished up then I put Kunge's on a tupperware. I then went to sleep, as I was still sleeping I heard screaming and rushed to Kunge's room I hugged her and Bullet came in with a glass of water. I gave it to Kunge and she drank it, Bullet went out and I was left with Kunge.

Me: baby what happened to you?

She looked at me with tears in her eyes and my heart broke my sis is broken, she seems beyond repair.

Kunge: Its all my fault I was so stupid!

Me: calm down baby.

Kunge: Dudu my own father has ruined me.

Me: what?

Kunge: him and Thami kidnapped me.

I held my mouth in shock and tears of my own started falling.

Kunge: I was beaten and raped repeatedly.

Me: No.

It came out as a whisper, I know how much her innocence meant to her and she was planning on giving it to Danger now it was forced from her.

I hugged her as she broke down in my arms.

Her phone rang and she looked at it in disgust she just broke down more and I just comforted her.

Kunge: What am I going to do Dudu?

Me: we will get through this baby.

Kunge: I'm pregnant.

She started crying again and I hugged her.

Me: we will get through this I am here for you

We fell asleep in each others arms, when I woke
up she was still asleep. I got up and went
downstairs to see Bullet and his first wife
arguing. I stepped back and listened.

Luntu: how is it fair you always here with her.

Bullet: I love her.

Luntu: what about me and our son Sipho.

baby. That's my blood and heir, my legacy. I stopped trying to call her and took a walk to the spaza a guy pulled up in front of me with a gun, its Danger bur I don't have beef with him mos.

Danger: Stay away from Kungentando.

I heard a gun shot and I groaned as the bullet hit my arm shit. He got in the car and drove off. Son of a bitch!

Me: No jeez Danger is my ex and we not on speaking terms.

He sighed and I kept quiet.

Lizo: how is the baby.

Me: i still don't think I am pregnant.

Lizo: My life is in danger Kunge I need to know if we are expecting or not cause your boyfriend wants my blood.

Me: Fine!

Lizo: Kungentando I just want my kid.

I dropped the call and got up I went to the bathroom and washed my face then I brushed my teeth and went down. Bullet was talking to a woman more like arguing.

Woman: Oh my God another one!

Me: okaaay DJ Khaled.

I rolled my eyes and went to the kitchen where my dear cousin was stuffing her face.

Me: You will get fat.

Dudu: tsek Kungentando!

Me: yeah I feel better now that I told you but I
will go see a professional.

She playfully pushed me and I warmed up my
food and dug in then she started giving me
puppy eyes.

Me: hay tch I also have a baby growing inside

After a while Bullet came in.

Dudu: Luntu?

Bullet: she left, Danger is coming just now.

Dudu glared at him then looked at me with pity mxm. I went up to my room and freshened up then I went back down to be met by laughter. It was Bullet, Dudu, Danger, Barbie and Scar.

Me: hi.

They all looked at me and greeted, I sat next to Scar who was eating meat yhuuu I instantly craved it.

Me: khandiphe .

Scar: haaa Kunge!

Me: Pweeze Scar.

I gave him my puppy eyes and he frowned but

gave up and gave me some of his meat. I ate with him and he kept on complaining mxm.

Me: oksalayo I am eating it.

Scar: mxm.

I chuckled and he just smiled and continued eating until someone cleared their throat.

Barbie: I am Amahle by the way.

Me: Kungentando nice to meet you.

She nodded and smiled they started drinking ke and more meat came. Dudu and I had juice and meat.

Scar: Kunge why are you not drinking?

I blushed and looked down, I don't want to tell them if my maybe baby.

Me: I don't drink mna.

Scar: oh my bad.

I smiled and continued eating and drinking my

juice, Amahle yena was twerking for Danger and he enjoyed it . Its really over, I guess it never really sunk in until now. Dudu held my hand and I smiled at her.

Me: he had the nerve to shoot Lizo.

Dudu: he did what?

Me: he even threatened him to stay away from me mxm his selfish qha.

I went to the kitchen and washed the dishes then I dried them.

Danger: hey.

Me: Danger.

Danger: don't be like that.

I raised my eyebrow and just continued doing what I was doing.

Danger: I still love you.

Me: Stop, you have moved on and so have I!

Danger: Don't tell me that shit!

Me: You had no right!

Danger: huh?

Me: why did you shoot him? You had no right you left me remember, you moved on and didn't give a fuck about me now that there is a man in my life you come in shooting stay out!

Danger: What?

Me: stay out of my life Danger, marry Amahle and get on with your life.

Danger: I still love you!

I kept quiet and looked away he came closer and held my chin making me face him.

Danger: Do you love me?

Amahle: I do .

He sighed and closed his eyes I looked at Amahle then I looked at Danger and he was

looking at me.

Me: I did.

He looked at me with tears in his eyes then he got really angry.

Danger: if I cant have you no one will Kunge!

He kissed my forehead and walked out as I looked at him I felt a massive sting on my cheek. This bitch slapped me.

Amahle: you piece of shit!

I slapped her back and pushed her, she fell and I kicked her until Scar stopped me and hugged me as I broke down.

Scar: shhhh baby.

He picked me up and carried me to the room.

Me: Lizo he will hurt Lizo please don't let him.

Dudu came in and I explained everything even about Lizo this time.

Dudu: yoh hay mntase.

Me: I just don't want Danger to hurt Lizo.

Dudu: Why not the bastard raped you.

Me: I prayed every night that God would make a plan and everytime Thami had guys as in a group of men come in he would stop them but would be forced to do it instead.

Dudu: I don't understand.

Me: if Lizo didnt do what he did I wouldn't even know who the father of this baby would be and not every men is like him others would have

long time left or ran away but he is still here asking about the baby.

Dudu: iyho.

Me: think about it nobody wants a child of rape not even males yet he is sticking around, I am not saying I love him I just appreciate what he did or else I would have been someone's slave or dead by now.

Dudu: yoh mntase lets pray.

We prayed then slept together.

The next morning Bullet dragged us to the lounge only to see Danger pointing a gun at Lizo and a scary smile on his face Scar was also there and he was smiling.

Me: you said you would help me Scar!

Scar: I am sorry Queen but the I am loyal to the King.

Danger: is this the piece of shit that thinks he

can take my place?

Me: Please don't.

Danger: why are you protecting him?!?! why Kunge!!?

Me: CAUSE HE IS THE FATHER OF MY CHILD!

Everyone looked at me and Danger looked angry before but now he looked ferocious.

Pha*pha*pha*pha*pha! I opened my eyes and Lizo was in the floor I rushed to him.

Me: Nooo!

Lizo: K-unge I-I am sorry I I-love you*coughing blood* keep my baby safe please name him Axola Zulu.

Me: Your surname us Zulu?

He smiled and held my hand tight.

Lizo: P-hone Zane I told you I*Cough* will take care of you, stay pure hearted b-babe.

He had tears rolling down and I was also crying.

Me: I forgive you Lizo.

He smiled and I wiped his mouth and pecked his lips when I pulled away he was gone . I broke down and Dudu hugged me, pulling me away from Lizo's body. I tried wiping my tears and ran to my room and locked it. I got the phone Lizo gave me and called Zane.

Zane: Awe broel!

Me: Hi .

Zane: who us this?

Me: Zane?

Zane: yes.

Me: Its Kungentando, Lizo is dead.

I cried and the guys voice was shaky and breaking he sounded like he was crying too.

Zane: I will come get you send me your where

about please.

Me: okay.

I switched of the phone and went back down and there were guys zipping Lizo's body.

Me: No what are you doing!

Dudu: Kunge calm down!

Me: This is wrong! He deserves a burial .

Bullet: Kunge calm down please.

I just sat down and cried why are they so evil?

How will this child grow up without a father!

I went back to the room and took a shower then I dressed in black. I went back down and walked down the street a BMW approached me and stood in front of me. The window rolled down and a cute guy popped out.

Guy: are you Kungentando, I'm Zane.

Tears filled my eyes and he got out and came to

me, he hugged me but I let him go and wiped my tears.

Me: I am fine.

Zane: get in then mamakhe.

I giggled remembering how Lizo called me that by the hotel. I got in the car and he drove to this other house, we got inside and he told me to sit. The house is beautiful, I sat down and he came back with juice for me.

Me: thank you, your house is beautiful.

He laughed, like he really laughed until tears came out.

Me: what?

Zane: this is your house.

Me: my house ?

Zane: It was Lizo's he told me he wants you to stay here with his 100 kids.

Me: heee hay amen.

Zane: believe it or not he loved you.

Me: but how?

Zane: Lizo was involved in a lot of shit but I guess he saw his days are near so he contacted me to make sure you are well taken care of.

Me: but why?

Zane: you are his woman the mother of his child the love of his life right?

Me: uh?

Zane: Lizo told me you are his one and only.

That's just crazy why did he lie like this eish Lizo!

Me: uhm I don't know what to say.

Zane: listen every month you will receive an allowance every month until the child is 21 years of age your child will have an allowance

as well and he has an inheritance which he will receive at the age of 21 this house is yours Kunge as I said and the two businesses are yours but the rest will be the kids.

Me: yoh!

Zane: Kunge please take care of the little boss inside you.

He got up and left me alone to sit in the house, he actually left me alone in the house. I got up and walked to the kitchen I opened the fridge, it was stocked up fully and the cupboards were also filled. I decided to just take a tour of the house.

Kunge

A week has passed and I am still living with Dudu. I want to move out though as I am

causing problems for Bullet and Danger. I laid a protection order against him.

Dudu: You don't have to go, where will you live?

I haven't told her about what Lizo left me I want to be totally safe there.

Me: I will be fine mntase I hate what this is doing to your marriage please support your husband and stop giving him the cold shoulder that man loves you.

Dudu: mxm ok.

I smiled and kissed her cheek making her smile too. This protection order is taking a toll on Bullet as well, Danger is his friend and they want to meet often. I grab my suitcases and take them downstairs, I go grab my last bags and call Zane to come fetch me.

Me: Bullet thank you for your hospitality.

Bullet: its no problem Kunge.

Me: mntase I will be fine vah I love you okay.

Dudu: I love you too babe.

We baby kissed and hugged then there was a knock. Dudu opened and Zane came in, he greeted and took my bags. I looked at Bullet and Dudu and smiled.

Me: I guess this is it then.

They nodded and I hugged them one last time again then I went to the car and Zane drove me to my new house. It feels like a dream I have made a plan that I will save half the allowance that I will get for future purposes. This is a new start for me and my baby. I rubbed my stomach and smiled. We got to the house and Zane carried my bags in then I started packing my clothes away. Everything was set and I felt happy that I am safe and my baby will be safe.

Me: Baby I know you weren't conceived in a right way and even tho mommy didn't want you

at first but now she loves you and will never ever leave you or watch you suffer mommy only wants what is best for you okay baby. My little Axola .

I took a relaxing bath and just drifted off to relaxation.

Danger

I love Kungentando and I will be damned to let her slip through my fingers again. No protection order can keep me away, I made that shit disappear I will be visiting her tonight. I was just letting her rest a bit the stress is not good for our baby. I sighed and drank my whiskey. I then grab my guns and silencers. I get my car keys and drive to her house, I get out and shoot the guards at the gate then I jumped the gate

and snuck in I shot the guards and changed my magazines(bullets) I walked in the house and it smells like her . I walk up to the main room and sit on her comfortable bed and go through her clothes and sniff them. I open the bathroom door and walk in I see her asleep in the bath tub. She looks so beautiful, I sit on the tub and watch her then I start playing with the water. She gets a fright and sits up, her eyes widen when she sees me and I smile.

Me: hey babe.

I move closer and peck her lips, she starts shaking and crying.

Me: ah-ah-ah.

I wave my gun and look at her with a smirk.

Her: Why cant you leave me alone .

Me: Cause you are mine and I am yours.

Her: Danger please.

Me: you are coming back with me babe.

Her: no.

Me: Kungentando I am asking you nicely.

Her: I hate you.

Me: too bad cause I love you .

Her: please Spha.

I sighed and look at her as she cries.

Me: I will give you two options baby its either you come with me or I shoot that thing in your stomach.

I am only lying I just want her to come with me, I love her.

Her: Whyy .

Me: fine.

I cocked my gun and she cracked.

Kunge: please don't please.

The End!
