Intro

My name is Neo and I am 18 just passed my matric and taking a gap year, it pissed my mum off though but there is nothing she can do. I live with my mum she is a single mother(kgothatso) I love her but we don't get along. I am the only child. I never knew my dad. I have a boyfriend his name is Ofentse, we have been dating for a year now I never had sex with him Yes I am a virgin. Ofentse is a nice guy though but nagging and always begging for my virginity I don't think he is the one and i still don't know why I am with him. I do have friends whom u will meet during the story

#Chapter 1

Me: I can't believe your not letting this go like really now

Mum: Maybe because all ur friends are going to university wile you are just sitting down and lazing around, e le gore mara o tsene ke Neo? (what's got in to you)

Me: mxm I think I need fresh air I don't have time for this.

I stand up and live

Mum: heeeey wena Neo kesa bolela le wena (I am still talking talking)

I go outside thinking about going to the mall

luckily I had R150 in my pocket.

As I was walking around I feel like someone is watching me and I turn around and see a black gusheshe. I then catch a taxi to the mall. I go straight to KFC to buy zinger wings and ice cream. I sit at the benches outside and enjoy my snacks. While I was sitting outside I see the same gusheshe at the parking. I decide to move from my spot and go to the park. While I am at the park enjoying my snack I see a guy giving me glances I ignore him. After enjoying my snack and preparing to leave I turn around and see that same gusheshe.

Me: I am sick of this

I stand up and go to the car (the windows were dimmed) I knocked on the window the guy did not respond but opens the window and gives me a paper and starts the car and sped off

I take the paper and read

you passed the test with flying colors

What does it mean?

..... To be continued....

[10/31, 09:34] Ron: #Chapter 1 Continuation

My name is Karabo and I am 25 years old. A lot of people know me by the name of Mastermind because of the life I live.. Yes I am a well known gangster and I have been at it since I was 16. Both parents are alive but disowned me actually my dad disowned me when I was 18 right after I completed my matric. When I was 16 I partnered with a guy named Spider we became best friends and joynded the under world for one

reason only our families. Yes my family was struggling then, so I had to do something about it. Spider and I were just rookies, so some well known gangster recruited us and said if we do well one of us will take over his business. We worked for him for two years, until after finding out that someone was stealing from him and only to realize it was my best friend Spider. Spider being greedy, killed our boss Jamaica so that he can take over the business, only to find out that Jamaica told everybody that I am the big boss and he is giving me everything before he died, u would swear he knew he was about to die. He had signed every illegal operation to me. That made Spider angry that he framed me for Jamaica's death and that's when I got arrested and my father found out about my life and disowned me. Luckily for me I stayed for about 5days because Jamaica also had the police working for him well for me coz he died well I got out and that's when I took over

everything. You will know the rest of the story as time goes on anyway I have two sisters 18 and 21.

Numbers: Boss are you sure this is the right way to go about it, ayy no this chick looks innocent for this life unless if ur planing to keep her out of this life.

Me: Are u gonna help me or are gona lecture me.
Numbers is my best friend and his colored

Numbers: Fine but don't say I did not warn you. Entlek why her out of all the bitches around the Hood. I mean bitches keep throwing themselves at you.

Mes:She is not a Bitch and she is not like any

other girl.

Numbers: okay if u say so.. Damn u got it back
(his phone rang) ooh its sticks

Me: Put him on loud speaker

Numbers: Talk to us..

Sticks: " she noticed she was followed"

Numbers: were u careful?

Stick: always. She is good she even notice the
car that she came to the door and nocked and I
think she started noticing Msola

That's my girl.. I said in my mind

Me: Msola??? I thought she never noticed him.

Sticks: uuuuhhmmm yes boss but I think this time she did

Me: that's my girl. (Smiling) I will take it u gave her the letter

Sticks: yes I did

I stood up so that I can pour myself a drink

Numbers: sharp Sticks u will get ur balance before the end of the day tell Msola to stop following her and send us everything.

Sticks: sharp will do..eeeh thanx boza

Me and Numbers: sho.. (He hung up)

I gulped my whisky on one go and poured another one

Numbers: you need to slow down man.

Me: all I waiting for, is for her to dump that idiot of hers its not like she loves her nxa

Numbers: why don't you approach her now and she will be forced to dump him coz she will have u

Me: I guess that's the only way

Number: sharp anyway I have to go man, and

pay those idiots their money

Me: still calling them idiots.. Good luck. Once they kick ur ass

Numbers: eeeish sharp man

We did the handshake and he left.

I got lost in my thoughts. Eish I love this girl. She drives me crazy she is beautiful with her smooth caramel skin and her nice sexy ass and curved body and her well shaped breast. The 1st time I saw her was at the tavern she was chilling with her friends. All her friends were checking me out but her. I even went as far as

following her to the toilet and pretended to be talking on my phone. I greeted her and she just said "Hi" without looking at me. When her friend came out, she obviously noticed me and greeted me but she just looked at me once and looks away. I was amazed, that moment right there I knew I have to know her and I will not rest till I make her mine "NEO".

[10/31, 09:34] Ron: #Chapter 2

Neo

After that weird in counter with "Mr black Gusheshe" I took that stupid paper and throw it in the bin. I decided to go see my friend Nthabiseng. Eish she is living after 3days. I went to the taxi rank and got in the taxi while my phone was ringing.. Eish its Ofentse, I decides to sit down and answer it but immediately when I press and OK button he dropped the call "MxM

Everybody minded their own business later the taxi was full the driver got in and we left. I got off at Nthabi's crib. I got in the gate there was nobody outside so I opened the door without knocking aah I am used to it she does the same thing at my crib. I went to the fridge and found left overs.. Red meat, pap and chackalaka and creamy spinach. I warmed them up I walked to the sitting room. I found Nthabiseng's Ma and Grandma I greeted them and they greeted back

G.Ma: o kae mmago Neo? (were is ur mother)

Me: Bitch ur crazeeeeeee..

Nthabi: Not as crazy as u though

We laugh I put the plate on the bed and we hugged. I took the plate and we started eating. Few minutes we were done and I started unpacking her clothes taking the clothes I like.

Nthabi's family is well off her dad has his own law firm "Raophala law Firm" and her mum is a Doctor and she has her own surgery and has shares at a private hospital. So u understand how wealthy she is. Nthabi is going overseas to live with her brother and attend at Harvard. Yes that's how rich they are and they bought her a new jeep as a well done present for doing well on her matric 5distinctions.

Nthabi: girl I did not even wear those clothes I bought then yesterday

Me: so u expect me to wear last year's clothes

Nthabi: girl last year is two weeks back

Wile busy memorising I here my mum's car.. Uuhhmm looks like the salon was not that busy tonight. I lotioned myself and took out my clothes and put them aside and wore my yellow summer dress with my sleepers for now.I went to the kitchen and found my mum preapering

Ma: watseba mara wa telela mara (u know u are disrespectful)

He opened the window really quick

Him: I am sorry I just kinda lost control of the stirring wheel.

WoW this guy is fine but he looks familiar.. I think I saw him somewhere. Daamn. I quickly erased that thought and tried to look mad.

Me: MxM if u had hit me I swear i would have shown u ur first ancestor nxaaa

Him: I said I am sorry tuu (he got out of the car)

Jooohhh I nearly made myself faint. I swear that moment I wanted to tell him he should have knocked me down and marry me as the price of payment.

Me: MxM whatever

I turned quickly and went straight home.

Damn that guy is too fine for words. I wonder if I will see him again.

Neo

I saw her, spoke with even. Damn that girl is feisty. She kinda reminds me of my sisters she will fit perfectly.

When I pretended to almost loose control of the car she told me sh*t. But at the same time she kinda lost words for a second and came back to reality. When I got out of the car. She froze just like I froze daam that dress did wonders on her body she looked so sexy in it, her figure and breast fit perfectly. I almost said marry me on the spot but then she just turned and left. I got tounge tied and just stood there and watched

her walk away. I came back to my senses and got in my car and followed her and saw her get into her house. I parked a bit far from her crib. I decided to call Sticks.

He answered in one ring. I swear that guy always know when I am gona call him.

Sticks: Boza

I rushed inside and changed into my track-pants and hoody with my uggs I took my phone and sent Nthabi an SMS she responded and said I should tell her when I wana live she will come and fetch me. See why I love this girl I then went to the sitting room and told my mum I'll be back after a couple of hours she did not say much just "okay" she was watching isidingo.

He picked me up and went to the bed while kissing. He took off my hoody I only had my bra I did not wear a shirt. He started caressing my body while pushing down my pants.. Oooh God what's going on. Should I stop?

Am I ready for this? I mean I can't stop he will hurt even more. We continued kissing then he went to my neck then took off my pants. I was left with my bra and undies. Me: are u serious right now

I was pissed as hell

Ofentse: just be good girl and lie down opening ur legs I promise I will be done in less than an

hour

Me: Ofentse are u forcing me to have sex with u,
coz if u are then that's rape

Ofentse: emotional blackmail

Me: Emotional Bla..

We heard people talking its like they were going
to the main house then we saw flash lights of a
car through the window

Then we heard someone calling out his name

Her: Fentse .. Fifi.. Bab..

Ofentse: I am coming

Me: babe???

Ofentse: look stay here I will be back okay.

He was already dressed in his trousers walking
out and locking the door

Ooooh My God he did not just lock me in here..

What the hell..

Okay Okay I am Neo More and I can do things..
Let's see who is clever "babe"??? U or Me?

I started looking around the room opening drawers and I found a pocket knife " PERFECT " I said to myself.

I went to the door and started tempering with it. Yes I know how to temper with locks and cars too. Well I learned some of the skills from my mum. I used to sneak out with Nthabi when we were 16 and we would party all night and if we see that we are stranded we would steal a car. She would drive. She taught me how to drive eventually. I once stole a car of one of Nthabi's dad's associate joooooh luckily Nthabi was not with me that day i had gone to see some celebrity performing at the Mist and eish anyway Nthabi's dad found out. I never met the guy he just said I got nice skills on the phone that was put on loud speaker with Nthabi's dad. Funny enough he even said we will cross Paths again soon. I was done with the lock thanx to

the pocket knife. I wore my clothes quickly took my phone and put the ring in my pocket and took the pocket knife as a trophy. Yes when I do something like this I take something to congratulate myself. And don't ask me where my mum learned it from coz I don't know. Why did she teach me? Coz we are sisters remember lol and No Nthabi's dad did not tell his wife and my mum. I don't know why coz that guy just said let's end it here. Well I got out left the door like that, usually I would lock but not today. Luckily the gate was wide open so I got out quickly and ran to my place while sending Nthabi an SMS telling her to meet me at my crib. When I got home I got in just to be met by an Audi A4 at the gate well I got in and only to hear my mum moaning and the guy busy groaning telling my mum that he loves her and s*hit mxm idiot. Just another pay cheque. I got to my room and shower and and lotioned myself then the door opened it was Nthabi holding my plate of food

that I did not finish "Spur". LoL

Nthabi: ooh my God are those love bites.. U little whore...

Me: ooh that..

I said that pissed as f*ck

Nthabi: u finally popped the cherry u little virgin
Mary congratulations welcome to the Bitch
World its about time

Me: girl please who said i

Nthabi: don't tell me its Ofentse

Nthabi: Neo nooo no no no that player?

Me: I thought u liked him moosss

Nthabi: yaah coz u look good when ur together

Me: girl ur crazy.. And No I did not have
sex with him.. Well I was about to or I nearly did
but I didn't.

Nthabi: and the love bites

Me: eish its a complicated long story for
another day just know that we didn't.

She looked at me for a wile and it made me
uncomfortable.

Me: stop that

Nthabi: no u didn't

Me: did what?

Nthabi: u left him with a Boner? Girl ur evil that's witchcraft on steroids

Me: eeeishh Nthabiseng will talk about this later what I wana do is dance all night

Nthabi: okay but just know that ur not getting away with this.

Me: I know now let's eat and help me get dressed

Nthabi: by the way did mummy get another cheque?

Me: why don't you go in there and ask them

Nthabi: MxM at list she's putting her assets to good use unlike someone I know

Me: girl.... I will....u know what never mind. E bile o loketse dijo tse nnyane nnxaa (u put small food)

Nthabi: will eat at the Mist now finish up already moo Bontle a leng gona o kwatile sheeem (Bontle must be angry by now)

Me:

We finished eating and prepared ourselves. I wore my small white short with trimmed gold and a white tight sweet heart neckline shirt with stripes that showed my cleavage perfectly and white all star(Nthabi's choice) she just changed her t.shirt then we left.

I was so frustrated when her friend got in and set on the table without her I wanted to kill Numbers right then and there

I took a sip of my beer

After a couple minutes almost everybody in the
club turned to the main door direction.

My eyes popped out immediately I even got the beer in the wrong pipe I almost choked.

She looked so beautiful and too sexy. I swear I wanted to walk besides her at that moment.

Her skin was just out there. White and Gold with a purple lipstick nice hair falling to her shoulders I tell u that girl is a goddess.

They went to their table and started talking. The waitress came to her and they ordered. She dropped the keys and bend a little just to grab them. I swear I got a hard ON right there.. Sh*t this girl is gonna be a death to me.

We got in the club and everybody just turned to look at us.. Okay see why Nthabi took out those clothes MxM. We got to our table and ordered

Bontle: so u changed (looking at me)

Me: changed what?

Bontle: ur clothes, u changed ur clothes."remember u were wearing ur yellow dress" (she said that with a lil attitude)

I looked at what she was wearing and she wore a tight yellow dress, it was so short and tight. Damnnn her yellow thighs where just out there and her ass damn.

Me: I never said I would be wearing that dress to the club.

Bontle: MxM

Nthabi: Ant u tired of competing with Neo?

Bontle just looked at her then one of our friends Bohlale came to our couch.

Nthabi: ur insane who the hell survives 15 rounds?

Bohlale: me

We all sat down when our food came and we ate. Then ordered our drinks,

My phone rang it was an unknown number I decided to go to the toilet to answer. Luckily the VIP's have their own toilets and its clean and smells good. I answered

Ofentse: what's wrong with u

Me: who are u?

I knew it was Ofentse

Ofentse: watseba keng wena Neo u got a death wish nehh I want my ri.....

I hung up and and checked myself out. When I got out I bumped into someone and my cellphone fell down.

Me: are u f**king kidding me do u have a death wish or something

Dude just picked up my phone "the screen had cracked" and looked at me.

I swear I got wet same time. It was the guy who almost hit me with a car

Him: I am sorry I didn't see u there

Me: uhmmm aakggggg

I turned and left him standing there.

Eishhh that guy though. What's wrong with me.

I got to the couch and set with my friends

Nthabi: u okay girl

I just took my energy drink and drank it. The girls were just shocked

Bontle: Oooh my god look who's coming to our table?

Him: since I brocke ur phone I thought u should atlist take mine I am sorry

Bohlale: are u normal?

Nthabi: I don't think she is

Bontle: do u know who that is?

Me: dont know don't care.. I just took my drink and stood up. U girls can sit here and care about someone I don't give a sh*t about or we can go to the dance floor.

They looked at me shaking their heads. Bohlale stood up and we went to the dance floor Nthabi said she will join us later Bontle said she can't dance with the dress she is wearing.

Bohlale and I left to the dance floor we started dancing. The thing is I can dance, I can dance sooo damn good I can do them all. Ciara, Beyonce, Chomee, Thembi Seete, The late Lebo etc i danced and danced until people made a circle for me. Then someone came out of

nowhere to dance with me. We clicked right then and there. When I turned it was him..

Oooh God this guy will be a death for me.

We started dancing slowly I did not wana let her go. Right then and there I did it. I kissed her. And it felt right it felt home. I love her, I can feel it. Sh*t I got a hard on right that moment. Then my girl being my girl she stopped.. I swear I wanted to cry.

Dammnn this guy is doing wonders on me. I swear his the male vision of me. He made me dance my butt off and I was happy that he could keep up. We were on Fire ooh God this guy though. Then suddenly it was a nice smooth music. Everybody held their partners and mind their own business. I wanted to live but he tightened his grip on my figure then we started dancing slowly. I don't know why but I hugged his neck then suddenly we locked lips. Damn it felt good I even got wet. I wanted this moment last forever it felt right. Ooooooh sh*t what am I doing? No no no no. I stopped immediately

Me: I need to go

Him: Neo wait

I just left him there and went to the girls table and I told Nthabi I want some space. Luckily she didn't see anything. She gave me her cars and I told her I will be in the car. She was just drunk and loud. Bontle was busy twerking for some guy. And Bohlale was probably f*cking someone somewhere. I took the keys and went to the parking Lott. While there I felt someone following me. I took out my pocket knife (not Ofentse's, mine). Out of nowhere someone hit me with something I fell down immediately. Damn that hurt, my knife fell down out of my hand. I tried getting up then I had someone grab my head roughly. He pushed me to the corner.. Ouh what's happening I couldn't see his face it was dark.

Him: be a good girl and I will be quick 30min

tops.. Damn ur sexy.

I tried screaming but he held my mouth.

He took what looks like a pandana then hit my stomach with his fist just to weaken me. He then tied my mouth. He made me stand me up trying to take off my shorts and trying to grab my breast and kissing them and everywhere. I used all the power I had to kick his balls.. He got so mad that he hit me so hard with something, next thing I know I felt sharp a pain on my head. Sh*t I just saw my life flash before my eyes. Then suddenly it all went dark.

I was lost in my thoughts when I decided to stop being a coward and go get my woman. I got up and went straight to her friends. And I saw the one wearing a yellow dress and the one she came with. They were f*cked up. I asked the one she came with.

Her: she said she is going to get some peace or something

Me: where?

Her: my car

Me: thanx

She stood up and blocked me

Her: u really love her don't u?

Me: excuse me?

Her: if u hurt her, my dad is gona kill u and I mean really kill u. He will beat u to death. Or shoot u, or cut ur head or rip out ur inserts or...

She was really drunk I had to hold her and put her on the couch

Me: easy on the booze I think u had enough

Her: just so u know Neo is my best friend, my sister and I am crazy.. Like my daddy..

Me: I won't hurt her.. I promise

Her: I will hold u to that.

I walked away until that other friend of hers stopped me.

Her: hey sexy

She was fucked up

Me: sorry

Her: how about we go somewhere I will show u how sorry I am..

Me: how about u get ur sorry face out of my un-sorry face before I show u how un-sorry I am nxaana.

I pushed her she stumble and fell on the couch as I made my way to the garage.. Daaamnnn I did not ask her what type of car. As I was about to turn I stepped on something it was a pocket knife as I was about to pick it up I saw a guy trying to pick up someone. Probably his drunk girl. I picked it up... Then I saw those white clothes... Oooh God I hope is not what I think it is.. It can't be Neo she was not even drinking alcohol.. When I got there, they guy did not even see me

Him: u little whore u gona pay for that... I am gona fuck until u start begging me to fuck..

Right then and there I think I lost it, I grabbed that guy and punched him. When I turned and looked at Neo my heart just dropped. I turned and looked at the guy he was holding what

looked like a brick.. Not sure though he wanted to hit me with it.. I just took the pocket knife and kicked him and stabbed him on the stomach. He screamed and I started punching him. I decided to stop as he begged me I called Numbers to come to the garage with my gun. He came after a few seconds I called him out as he screamed my name

Me: did u come with my gun

Numbers: Man what's wrong..

He looked at the scene and added up everything and gave me his gun

Numbers: I will get to come and the guys to clean up the mess

He just turned and left and I looked at the guy

Him: I am sorry mastermind I didn't know he was ur girl sorry my brother

Me: so if she was not my girl u think it will make it right

Him: eish yaaah no uhmmm

I shot him on the leg, he screamed so loud

People in the garage screamed and some ran

I grabbed him and shot his balls then turned and shot him on the head. People in the garage screamed.. My guys came immediately.

Luckily the music in the club is loud and the door was closed.

I picked Neo up took her to my car.. I Called my doctor (part of my gang) to meet me at my house. I drove to my house, then picked her up bridal style and took her to my house then my bedroom. I called Ma Agnes(my helper) to come to the house. She sleeps in the outside room. She came immediately and I asked her to help undress Neo then I gave her one of my sisters night dress to put her in. I sat in the sitting room drinking whisky.

She came back after an hour or less.

Ma.A: I can see u love her (ma Agnes was also a powerful traditional doctor)

Me: what did u see

Ma.A: love, despair and death.

Me: uhmmm maybe u should go rest I am waiting for the doctor.

Ma.A: good luck because ur gona need it.

She left.

No no no no no... I love Neo and this will work come rain sunshine, thunderstorms, hurricane, volcano I don't care this will work. She is the one. I can feel it.

After a couple of hours the doc came and checked her

Me: honesty

Doc: she is still pure, just shacked I just injected her with pain killers.

Me: thanx

He gave me painkillers and left.

I just became angry when everything came flashing back. Then the do opened and he got in. my heart skipped a bit and this guy though

Him: no no nothing happened

Huuuuu that's a relief

Me: who uhmmm (looking at my clothes)

Him: Ma.Agnes she's my helper

Me: thanx. Bye

Him: seriously

Me: whaaaa.. U wana watch me shower?

Him: I don't mind

Me: Bye

He pouted

Damn this guy is cute... I just got up and he left while I go shower.

When I got to the shower I just opened the tab.. Took off the dress and broke down, I just cried, it hurts, it hurts so much I just let it all out. I didn't realise I was so loud until he came with some woman and the woman got inside the shower and set me down put my head on her chest and started rocking me back and forth she didn't even care that her clothes were wet.

I cried and she started singing for me while rocking me back forth. In the song she was telling me to let it all out

After a while MaAgnes gave me shower gel and a sponge then told me she has to go make breakfast. I took a slow relaxing shower. It didn't hurt that much anymore. After showering I got out and rapped myself with a towel then I saw a toothbrush and tooth paste I brushed my teeth then got out. I found a plastic of Mr Price on the bed I opened the plastic it was a a long pink sleeveless dress with sandals and an underware with bra. this guy though how did he know my size. I saw a body lotion on the side bed I left my towel loose the I start lotioning myself daamn I am gona smell like I man I

mean the shower gel, lotion and a roll on
hhmmm. While busy lotioning the door opened it
was him. With a towel rapped around his waist.
Uhhmmm this guy sh*t I wanted to jump on him
right there. He just stood there and looked at
me I forgot I was naked. He just walked closer
to me picked up a towel and rapped it on me
looking at my body slowly like while breathing
hard.

I swear I can't take this anymore. I want him so
bad right now. He touched my hand and
brushed it a little.

Him: u should get dressed

Seriously not even a kiss nyana.. This guy
though

Me: uhhmmmmmm aah yaaah

U know what screw this.. Virgin or not when u want him u want him. I grabbed him and kissed him. I rapped my legs around his waist. Oooh God it felt so good coz he didn't even waste time he just kissed me back immediately. I kinda made him go to the bed he got us to the bed and we started kissing.. I think he was kinda resistant coz I felt him trying to stop. I grabbed him tight and kinda pushed his towel down he stopped immediately.

Him: I am sorry

Is this guy for real

Him: I don't wana take advantage of u. Ur still hurting ur wound is still fresh and u want something that will make u feel better.

Oookay I think I just made a fool of my self

I just looked at him

Me: okay

He looks at me weirdly

He was still on top of me. He kissed my nose then head. He got up and went to his walking closet and closed the door. For some reason I was not disappointed or hurt anymore I guess crying on Ma.Agnes's chest helped. Heey I just smiled at myself. Well wile in the closet I went to the door to pick on him wile dressing up.(don't judge, u know all u virgins do it) Daam he already wore his boxers he stopped and froze there

He spoke loud a little

Him: if u wanted to see me naked all u had to do is ask.

Ooh s*it how did he see me. I just walked away quickly and wore the clothes he biught me. He came out as I was wearing shoes. I felt him starring at me I couldn't look at him I was kinda embarrassed.

He came to me and helped me with the shoes then grabbed my hand and made me stand up. I still looked down. He put his hand under my chin and we kissed. Damn it felt good. He stopped and looked at me straight in the eyes and I did too. For some reason I wasn't afraid to look at him anymore

Him: I want u to break up with him

He said that still looking at me in the eyes

Me: what?

Him: if ur going to be with me I want u, just u alone.

Me: uhmmm... U and.... Me... I

Him: its settled

Me: excuse me?

Him: are refusing to do what I told u?

Me: Yes.. U just can't tell me what to do. I will break up with him when I WHANT TO.. If ur used to bossing people around well u got the wrong person. I don't even know ur name god's sake

He just smiled and looked at me.

Him: actually I think I got the right person (he said that in a low tone)

And my name is Mast... I mean Karabo.

Me: okay

He smiled and held my hand as we got out of the room.. Damn this house is huge and beautiful. Black and blood red with the hint of silver-grey. We got to the kitchen and found

mouth watering breakfast. I sat down poured juice and started putting everything on the plate. Fries, bacon, eggs, Russian, polony, cheese, omelet, etc I sat down and started eating.

Ma.Agnes just looked at me smiling Karabo just shook his head smiling too.

I looked at them

Me: what..? Can't a girl eat?

Karabo: well... If u eat like that and still get to make ur body look like thaaat.. We won't have problems.

Me: mxm

He just smiled

Ma.Agnes hit him on the head

Karabo: aaawwwch

Ma.A: stop teasing the poor child wena(you)..
Baby girl u can eat as much as u want. I am
happy that I had to cook breakfast on my final
day

Me: final day?

Karabo: Yes!! Uhhhhmmm

Ma.Agnes has to go home and attend some
clients. She's also a traditional healer

WoW she doesn't look like one. I just looked at
them while eating.

Karabo: uhmmm ur mum and friends will be here soon

Ooouh sh*t I totally forgot about them. Oooh Noo Nthabi, Bontle and Bohlale.

Me: were are they were did my friends sleep?

Karabo: don't worry about them they slept at the club. The are rooms at the back for VIP's. I gave a friend of mine the keys for the car. They went home to bath and fetch ur mum.

Me: so u told them everything and my mum

Karabo: yes. Well not me Ma.Agnes called her. She is very worried about you. She cried even

Me: are u sure

Ma.A: she's ur mother. She might seem like she doesn't care about u but what u went through will most definitely hit her harder than any of us.

Me: uhhhmm yeah right.. Definitely not my mother.

She just looked at me shaking her head. Karabo just looked at me. After about 5min Karabo took his food and said he will eat in the study.

Ma.A: when they come here don't tell them his here it will look inappropriate.

Me: ooh okay..

Not that I care anyway cool

After eating I went to the living room, the TV was on. I took the remote and chuned in TLC. Wile watching I had noise coming from the kitchen. I stood up to watch who it was, only to be met by mum looking horrible like she came out of a dumbster, she looked like a mess. She saw me and ran to me all crying and hugged me. I was shocked for words I couldn't even hug her back. Ma.A was looking at me weirdly. A disapproving look kind of, I hugged her back and she smiled and gave a .. MxM ayy

I must say, seeing the love of my life crying like that made me wish I didn't kill that idiot. Nxaanaa but then again his better off dead people like him deserve to die. Wile Ma.Agnes was rocking her back and forth and singing to her I went to her room outside and found his granddaughter preparing to go to work. She worked for me at the club, she was 21.. Her name is Bridgette.. And yes she likes me but I couldn't do that to her, Ma.A has been good to me. I asked her to give me Ma.Agnes's clothes and the clothes I asked her to go buy for Neo. She put them in

the plastic separately and I took them to the my bedroom and put them on the bed. I decided to go make coffee, I found Bri busy making cereal.

Bri: is it the girl in club?

Me: yes

Bri: WoW

Me: don't

Bri: wha? Is it because of my grandma? She's living today so why can't we...

Me: stop Bri stop it.. Ur just hurting urself. U and I will never happen ever, I hope I won't have this

conversation with u ever again.

I took my coffee and left I got in another bedroom drank my coffee while busy with my laptop and then took a shower i later got out and rapped a towel on my waist. I had to go to my room to get my clothes I hope she is done putting on her clothes. I got in.....

Her leg was on the bed while lotioning herself aaaaaah.. My dick just got hard right there I wanted to F*CK HER right there in that position when she turned and looked at me damn this girl is gonna be a death to me. I snapped out of it and picked up her towel and put it on her.

Heeeeh my girl being my girl grabbed me and kissed me and rapped her legs around my waist pushed me to the bed. Trust me I want nothing than have sex with her. It just didn't feel right after what happened to her yesterday. I love Neo and o want to do what's right by her. I

stopped and went to the closet. Lol my girl is naughty sheeem she picked through the door coz the door had space in between. After wearing my clothes I got out I saw her trying to ignore me pretending to struggle with the shoes I helped her then looked at her. Daaamn my girl is beautiful sheeem jeessss I kissed her again and when I told her to dump his boyfriend damn she gave me a mouthful. I even regretted telling her. We got to the kitchen she started eating then I took my food when to my study only to find Numbers. My study was clean with the new furniture. It had a secret room under the couch that goes down.

He was eating breakfast

Me: were are the guys

Numbers: in the cinema.. Are u sure u gona finish that man.. Eish MaAggy didn't want us to

He said that eating my food eey this guy. I did as he asked

Me: were is the body?

Numbers: in the body ready to be burned

Me: don't burn it

Numbers: okay.... Why?

Me: I want to make another outside toilet at the club.

Numbers: Maan ur disgusting u want people to sh*t on him.

Me: I will be the 1st one. That's the only thing that will make me feel better for killing him so soon.

Numbers: okay...

KB: No I am just telling of a future that could happen.

Daammn this guy was serious his face said it all.

Me: Bye Karabo

KB: 72hours Neo that's all I am giving u..

I just turned and left. What am I going to do? I mean I love Karabo I really do. I know I don't love Ofentse but I just can't dump the poor guy without a valid reason. I don't wana look like a girl that jumps from one guy to the other.

When I got to the lounge I said good bye to MaAgy and when we got outside I grabbed Nthabi's hand as a signal to 2nd wadeva I wana say.

Me:Uhmum mum I will live with Nthabi we need to go to the mall

Ofentse: but I thought ur living with me.

Nthabi: yaaah we have to buy a few things for my trip

Nthabi's mum: I thought u bought everything

Nthabi: I thought so too

Nthabi's mum: OK well enjoy

Nthabi's mum and grandma left in their car.

Ofentse came closer to me and grabbed my hands my mum got inside the car he came with, with Bontle.

Mum: make sure ur home at 16:00

Me: okay

The drove off and left.

Bohlale: what was that all about

Bohlale was quite coz of a hangover

Me: I'll tell u guys later

Karabo came out and came straight to me and

kissed me. Daamn damn it felt good

Karabo: thank you

I just smiled

KARABO

I was so happy that I wanted to muff her right now.

We went inside the house and Number's came to join us in the lounge. I gave Bohlale hangover pills. They greeted each other and we started playing board games MaAgy left. Then later at around 15:00 Bridgette came back

She got in wearing undies and a vest with push in. She had never done that and she had a fat *ss.

Bri: oooh I didn't know u had visitors... Hey everyone

Bohlale: u saw a car outside obviously the are visitors

BRI: u look young to own that kind of a car

Bohlale: and u look old to look like whore

BRI: excuse me

Bohlale: nyenyumi nxaaa

Nthabi: Hlale just let her be

She had tears in her eyes.

I was really hurting, I did not know what to say Karabo really hurt me today I really thought we shared something. When Nthabi and Bohlale came outside I just told Nthabi that I needed to live immediately. We decided to all go home and meet later as we wanted to go to the local Tarven. When I got home I was met by my grandma's Mercedes Benz.. Aaay this woman though. I got inside the house and found her washing fruits.

Me: Hy

Grandma: heeeee na kgane wena ga bare o katilwe (didn't they say u were raped)

Haaibooo this woman though

Me: sorry to disappoint u grany but naah ur

plan to get rid if me has failed

Grandma: Mara watseba wena wa tella mara
Neo (u know u are disrespectful Neo)

Me: just like ur daughter right? And just like her
mother uhmhhh looks like Your apple did
not fall far from your tree.

Grandma: nxaaa

She walked away going to the sitting room. And
I went to my bedroom changed and took a nap.

.

.

Few hours later I woke up took a bath and went
to the lounge and found the devil's wife
watching TV

Grandma: e le gore mmago o tlo boya nako

mang? (at what time is ur mum coming back)

Me: I don't know

Grandma: and bjale retlo ja eng ka gore gawa ke kemishetsa go apea (what are we going to eat coz it seems like ur not prepared to cook)

Me: like ur not prepared right?

Grandma: you better stop talking to me like I am ur equal or else....

Me: or else what? What u gona do beat me up huuuu I would love to see u try if u think I am gona let u hit me.

Grandma: watsa o noba papago a ke pheditse
(ur exactly like ur father)

That really hit home coz I don't know him and mum never talks about him and I don't ask her coz she seems to be hurting. And she is a single mother I know her struggles and what we went through, it was hell till we got here. We suffered a lot. So I just don't see the point of asking about someone who was not there when my mum had to steal to feed me. So yaaah that really hurt.

Me: u saw that their snacks in the house that means she will bring takeaways.

I didn't wait for her to respond I just went to my mum's bedroom and cried my eyes out. Later that evening my mum came she found

me in bed still crying.

Mum: what did she say

Me: fa..ther.. My father.. That I am like him.... It hurts mama... I am not one to cry but it hurts. Twice in oneday.. I cried.. Mama.

She just got up and left me she was FURIOUS.Few seconds I had shouting.. I just ignored it and searched my mum's bag and took out her phone went to my Facebook.

When I went through messages I found a message from Karabo "I am sorry" mxm.

I scrolled down to news feeds and found something shocking. Ofentse chamerboy and Barbie Queen le.raw are engaged.. wow with

413 likes 205 comments including my so called friend Bontle "congratulations guys u two are so good together I always knew u two are ment for each other"

WoW just WoW isn't this the same bitch that said " ofentse really loves u "

Haaai some friends we have.

Damn my mum and her mum are still shouting maybe I should go and listen or stop them.I decided to go when I got there...

Mum: u chose ur husband... That abusive man who raped me and u did nothing because u loved money more than ur kids

Grandma: the same money that raised u.. And remember that ur so called brother gangster "Stones" killed him in cold blood and he still got away with it. Were is he now?

Mum: ur so evil mother ur gona rot in hell for what u put me through

Grandma: u were just jealous of me that u even started sleeping with my husband's son. U refused to break up with him, saying u two love each other and to top it all up u kept that disgusting pregnancy when I told u to abort it. It almost ruined my marriage .Look at her now just like her father.. Disrespecting her elders. U wana talk about rotting in hell. That's it.. U slept with my husband's son coz u thought he will inherit millions when his father died but guess what, they chased u out. Until years later when u found ur brother and told him to kill my husband in cold blood and he got away with it.

Mum: HE RAPED ME mum HE RAPED me and u told me to keep quite but he disowned

his son Brian when he beat him up for raping me and they chased me when I refused to abort my child. And yoouu, yoouu did nothing.. For what Money?

Me: Oooh My God

Mum looked at me crying

Mum: ooohhhh Neo

I was right outside the gate of Ma Aggy's yard. Scared as hell what am I gona say to her. I just

decided to go inside. I opened the gate and stepped in, the door was open and MaAgy was facing the other way opposite the the door, I didn't know what to say..

MaAgy: I have been waiting for u

That scared the s*it out of me.. I thought she was gona kill me

Me: uhhhhmmm Maaa.. Hy I....

MaAgy: you know Mathata (Bridgette's other name) never listened to me.. No matter how hard I tried I told her to stay away from u she never did

That means she knows

Me: so u know

MaAgy: why do u think I left early?

She turned and looked at me

Me: ooh

MaAgy: it was bound to happen, that's how strong ur bond with Neo is and Mathata knew she just couldn't except it.. And remember that this was just the beginning of ur struggles to be together. (she breathed out loud) anyway If I had stayed I would have stopped u.

Me: why? Coz u said it was bound to happen

MaAgy: u think I will watch u slaughter my only granddaughter while I watch, (she looked me in the eye) would u?

Me: no

MaAgy: I tried talking her out of it but she did not listen. She was stubborn just like her mother.

Me: I am sorry

MaAgy: I know... (she breathed out deep) where is her body?

Me: at the morgue

MaAgy: don't come to the funeral or the memorial service

Me: but she was one of my waitress people are gona talk

MaAgy: let them talk.. If u want to go around the wood naked attend it.

Me: okay I won't..

MaAgy: take this (it was a paper filled with muti) u know how it is 7days... I will come and cleanse ur house for three days and take her spirit. Don't go back to the house until u finishes bathing with that muti and u know.. No sex for 14 days

I knew it will come to this except the cleansing part. I left a lot of things in my house

MaAgy: u didn't clean the blood

Me: yes I didn't

MaAggy: good I see ur getting used to it now. U will see itself out.

Me: here are the detail's of her body.

MaAgy: bye Karabo

Me: Goodbye Ma.

I left her home with a lot of weight of my shoulders.

Lol my mum though.

See my mum can cook just like I can she taught me well, she should have been a chef but life heeey.

I took them as they are and went to sit with her and we ate. She kept giving me glances

Me: I am not like ur mum, I won't push u. U will tell me when ur ready

She sighed in relief

Mum: thanx that means a lot.. And its still Kgothatso

I laughed

Me: But I must admit heey ur mum is evil. I even think she could be the devil.. Are u sure she is ur mum?

Mum: heeey I think I should do the DNA test

We both laughed

Me: but I have to ask this... U have a brother?

She smiled

Mum: yes and ur just like him.. Arrogant, unapologetic, rude, stubborn, smart, gangster material (I laughed at ganster material) and caring, kind and clever and most of all loving

Me: I love u mu... I mean Kgothatso

She laughed

Mum: I love u too

Me: so tell me about my uncle

Mum: well he has two children a boy and a girl, married and his a lawyer he even opened his own firm.

Me: wow... so he must be rich

Mum: yes he is

Me: so were is he now?

Mum: he travels a lot but he does send money he helped me open the salon.

Me: WoW

Mum: did u really think that small money I made from my small time heist could help me open such a big salon in one go.

Me: I guess that makes sense.. So when am I meeting him

She stopped eating and cleared the table

Me: mum... I mean Kgothatso

Mum: uuuhhmmm I need to bath story time is over.

I guess she doesn't wana talk about it...

She cleared the table and went to bath. I still had her phone I then called Nthabi

Nthabi: Kgothatso

Me: okaaaay I see

Nthabi: lol oooh hey girl

Me: I can't go

Nthabi: huuuu thank God

Me: what does that suppose to mean

Nthabi: Khaya is back and..

Me: will talk tomorrow face to face

Nthabi: OK bye

Me: OK well u will watch me eat

We got in the car and left

We got in the club and I ate wile she drank virgin cocktails.. After some time we went to my bedroom. We sat on the bed and started talking wile teasing each other.. Next thing I know her dress is off and I am rubbing her pussy through her underware and she's moaning in a very sexy way that my dick got hard...S*it

I was lost in my naughty thoughts ooh God I am in love with this man . " if this isn't love then tell me what it is" I sang to my myself. Uhmhm well I decided to look around the room. I needed a phone I had to call my friends. I tried opening a side drawer but it was locked.. Uhmhm OK I tried another one it was also locked.. Ooh I see..I decided to check the dressing table well everything was locked. Well that's a bummer.. I decided to go peak a little to see if Karabo is nowhere near the bedroom. OK his not near. I then got my bag and took my pocket knife (the one I took from Ofentse's bedroom) luckily it was that fancy one with different steels like a nail cutter. I started tampering with the side drawer daaamn this is hard. Wile I was busy doing my thing.. A key fell down.. ookay. I looked at it on the side.. WoW clever it was taped on the side. I took the key and opened the drawer.. My eyes were met with a gun written MASTERMIND.. Ohh my

God ... I took it out and held it WoW it was a lil heavy. I put it on the bed and started going through the drawer I saw a knife also written Mastermind. Haaaibooo. What's going on here. I looked through everything inside and I saw something unexpected.. A photo of him next to a car that looked very familiar, I recognised it because of the number plate (MasterK). Ooh My God that's a car that got me in trouble the car that I stole

Wile lost in my thoughts dating back from that day. The door opened.. S*it.. I tried putting everything back in the drawer

Karabo: I would have just left them like that and I come up with a very convincing lie.

Me: oooh... Uhmhhh Sorry

Karabo: dress up so that we can go to the club

Me: uhhhhmmm OK

I was so embarrassed.. I couldn't look him in the eye.

I took off his shirt and wore my dress and shoes. He just looked at me and smiled

I couldn't take it no more I had to ask him.

Me: are u the guy that I ggmmmmhh eeehh
He just looked at me and smiled

Karabo: u look really cute right now

I just looked at him

Karabo: yes babe u stole my car and I let u go coz I knew one day u gona repay me by being

my wife and giving me 10 kids.. 9 girls and 1 boy

I just looked at him like his crazy

Karabo: whaaat???

Me: o wa hlanya o swanetse goba o tsubile patse (ur crazy u must have smoked dagga)

He just laughed

Karabo: let's go and dance

Me: in this dress?

Karabo: yes

We got out and went to the VIP lounge

.

.

KARABO

.

.

I must say it didn't suprise me when I found my Love doing what she did. I would have done the same but I was shocked she she did not freak about the gun instate she looked quilty for getting caught.

We got to the lounge and the waiter came with her drink and Sticks came with some of our team members. They sat down and ordered their drinks.

I introduced her to everyone.. But one girl had an evil eye on my love. "Isis" I just ignored her.. I

trust she won't do anything stupid coz she knows me. We used to have sex back in the days.

I signaled Numbers and Sticks to meet in the office.

Me: baby let me go and have a talk with my friends I'll be back in a few.. OK

Neo: okay

Me: I love u

Neo: I love.....(I kissed her before she could finish) girls take care of my girl or else.....

Them: heads will roll... (they laughed)

I went to the Office

Me: I got a plan

Numbers: straight to the point

Me: we need someone in Spider's circle to help
us

Number: a snitch?

Me: I don't care.. All I know I am not loosing
everything because of a whore

Numbers: I spoke with Stones.

Me: and?

Numbers: he wants Spider in ashes

Me: but that won't solve our problem

Number's: he doesn't care he wants him dead

Me: how long

Numbers: he didn't say

Sticks: I have someone? (he was busy on a laptop)

Me & No: who?

Sticks: Bontle..

Me: what?

Sticks: the madam's friend.. She's been dating him for 6months now

Me:

Eish my girl though... Damn I am gona Mary her.

Numbers: yaaah Mastermind if u don't
Mary that one I tell u, u gona regret it.

He said that going to the table

Numbers: girlssss... Playing nice I see
He said that trying to hold his laugh

And I went to hug my love and kissed her on the neck

Me: I love u

She just smiled and looked the at the girls. Isis looked irritated as for Tina, she looked like she was ready to kill someone.

Neo: like I said " just like he fuckes u right"? She said that looking at Isis

She turned and faced me and started kissing me. Through the kiss she was touching me all over my body and I ended up placing my hands on a butt and squeezing it hard.. Ooh shit my dick responded.. I tell u the day I fuck this girl she won't be able to walk. After all that Isis was looking away and Tina was looking at us annoyed

Numbers: u guys really need a room

Neo: No we need the whole club

Isis: haaaahaaa huuuuuu

Me: something funny Isis

Isis: uhhhgggmmm aahm no.. No there's nothing funny

Neo: unless I say something right

Tina: I guess so, since u have a big mouth for a kid

Me: take that back...

Neo: no no baby its fine looks like that fishing
whole between her legs finally gave her some
courage to spit balls through her mouth

Everybody laughed

Isis: savage much

Neo: dream about "mastermind" 's juicy cock
much

Me: babe.. (She squeezed my hand)

Isis: uhmmm

Tina: mxm

She stood up and looked at them..

Neo: I can still live u two with my man, yes my man in a room but he still won't fuck either of u.. Even if I am still a virgin and not yet fucking. (everybody was shocked)Wana know why? Coz this time he got himself a Queen, a rare jewel. Not some two stuck up girls who believe the world owes them life coz they open their legs to every Tom & Dick. I am sure even a whale can fit in there...

Everybody was laughing as for for Numbers he was even in tears on the floor.

She turned around and kissed

Neo: feel free to let ur pussies to sniff around for fresh dicks, I am sure u will find ur grate grandfathers dick that hasn't had sex since u

were born and I am sure he won't mind
spanking that skinny ass..

Numbers:
enough now

aaay no Nayo that's

Everybody was laughing

Neo: let's go dance baby

We left to the dancefloor and started dancing
and all. Damn my girl can move.

Two weeks later

.

.

I finished doing the muti thing that MaAgy gave me she did come to cleanse the house. I found out that she crimated Bri instate of burying her. I also found out that Spider had nothing on me. Apperantly his angry and coming after my spinning ground. Stones agreed on my terms for using the spinning ground to get Spider. As for Bontle she hasn't come anywhere near my love which is cool with me coz that's what I needed her away from my love. Sticks is "dating" her well more like showering her with money which is working perfect coz she is falling in love. Things between Neo and I were amazing eish my girl though eish.. As much as I wanted to fuck her every time I muffed her I couldn't I had to finish the muti. That's why I never wanted her to touch my dick lol. Anyway things are good.

Its been two weeks since Nthabi left and Bohlale went to jozi.. Funny enough I haven't seen Bontle since the saga with Ofentse. Well Ofentse has been sending people to come talk to me and sending me masseges through Facebook asking for his ring. Well I sold it.. I went to researched about it found out its worth R22 000 and I sold it for R20 000. Well I took the money and bought a R15 000 weave and I saved the rest.. eish don't judge u know u guys would have done the same. well things between me and my mum have been amazing. We are pretty close and I have been taking shooting classes, yes I was bored coz Bae was too busy sometimes and mum was at work so she suggested i do something to keep my adrenalin going. So I chose shooting

classes I don't know why but I did even though she refused at 1st but then she knew she can't do anything about it so she gave me money to go attend. So right now I am at her salon in her office waiting for her to finish wadeva she's doing coz I wana do my hair. Coz I am going to the spinning ground with Bae tonight

Mum: how are ur classes going

Me: pretty good peace of cake

Mum: I still think u should have...

Me: gone to university I know I know

Yaya came to my mum's office(his gay and working for my mum)

Yaya: baby girl some guy is looking for u

Me: well does he have a name

Yaya: girl!!! do u think if he was Mr Fine I would have said "someone" huuuuu sheem

Mum and I laughed

Yaya: oohh sister boss u got a client

Mum: ookay love I'll be there

I stood up laughing following Yaya

Yaya: there is ur scary guy

I turned and looked at the guy and he looked like those scary guys in movies he had a scar on his cheek and forehead with tattoos all over his hands. He was a bit buffy with muscles and dark in complexion.

Him: the famous Neo

Me: uhhhhmmm do I know u

Him: u will soon.

Me: OK

Him: I am karabo's friend and business partner

Me: he never told me about u

Him he will soon..

Me: oookay

Him: just tell him Spider is back and will meet him after the spinning ground show tonight

Me: do I look like a messenger to u

He laughed

Him: now I see why his crazy about u.
Nooo ur not, ur the love of his life which makes
u his weakness.

Me: uhmmm

He held my my chick and i yanked it he looked
at me and smiled then and got inside his car

Him: see u around baby girl mxwaa

Yaya got done with her client and she did my hair... WoW my hair was amazing sheeem it was so long it reached my ass. I didn't curl it I just straightened it..

Yaya: girl u look fine and u need to show me ur man since Ofentse only plays for Banyana Banyana

Me: in ur dreams

Yaya: can't blame a girl for trying

Mum: WoW baby u look mxwaa

Me: thank you

Mum: that will be R800

Bae: u look breathtaking

Me: I know

He smiled and we kissed again.

Bae: let's go baby or we gona end up doing things right here.

Me: haaahaaa okay

We got in the car and went to the spinning ground. We got inside the ground and all the cars stopped spinning and moving and the people stopped doing what they were doing and he drove around the ground three times. Then went inside some kind of a dimmed garage.

Me: u own this place

Bae: yes

Me: what don't u own

Bae: the world

Me: mxm haaaahaaa very funny

Bae: u will know in time

He kissed my cheek then we went to find a

I found him and we sat next to him with Msola and of course he was eating hotdogs.

Me: dude are u sure ur not pregnant

Numbers: fuck u man

My love: baby were is the toilet

Me: come I'll take u

My love: okay

I took her to the toilet and I made my way to go

make a phone call about big screen in the ground. I wanted cameras everywhere. After my phone call I had my love yelling at someone.
What Now?

My love: do I look like one of the hood rats

Him: yaaah come on baby

Guns were been shot everywhere, I was scared like crazy. Msola grabbed my hand and started shooting. I was soo scared that all I thought about was my mum and that I am gona die not

knowing my father. Msola and I were busy crawling until we got to a certain a chair and pushed it then removed what looked like a mat and pressed something then four chairs went down and I saw stairs that went down.

He told me to get it. I did and the door closed. While I was walking down lights switched on automatically. There were screens all over, a fridge and different rooms. I was so scared guys, I took my phone and called Bae, it rang unanswered. Then I heard something opening I went to the door and I saw Wynand holding someone Ooh my God and i saw bae they were holding Msola

They brought him in and opened one of the doors and put him on the bed.

Me: please tell me he'll be fine he saved my life

Bae: he will be fine

Me: his bleeding karabo

Bae: he'll be fine I promise

He took out his phone and made a call

Bae: Sticks call the cleaners.... About 8guys of Spider's man are down and Msola was shot

Bae: Neo.... No.. No... No...pleased don't this...

Me: I am sorry this is not what I signed up for.

Karabo: what are u saying...

He had tears in his eyes

Me: I think its over.. I won't be with someone

I attempted to live Numbers grabbed my hand

Numbers: she loves u just make her remember that and make sure that she thinks twice before saying those words again.

I looked at him

I gave him my gun wallet and my phone

I got out and found Neo still standing in that same position. I got to her and grabbed her and kissed her. She was resistant at first but eventually did. I picked her up and went to one of the bedrooms. I closed the door and continued kissing her I layed her on the bed and unbuckled her trouser.. shit she was wearing

lace WoW.. I was already hard.

I looked at her wife taking off her top. Oooh shit..her breast were standing firm waiting for me. I took off my shirt oooh my God I was hard as fuck I then kissed her. I couldn't believe it. I was happy and shocked at the same time. I sped of without talking to her I took out my phone and sent Numbers a message. Telling him to tell Sticks to hack the CCTV footage he will see everything. We got to the club. We got out. I took my love's hand and went to my office. I didn't waste time. I just grabbed her and pulled her up she hung on to me as I took off my trouser I banged her hard

then I put her on the table and I banged her soo hard as she moaned harder.

Her: baby.. Aahhh that's.. That's... that's painful now my pussy its soo...

Me: aaaaah shit I am sorry baby just hang in there I am almost done.

I banged her so hard daamn it was good.. I turned her around.. She was resistant at first then I banged into her hard as I spanked her ass.. Shit... I have been waiting for this for far too long. Some would say I am been a perv.. But neeh I have been yannig for her. The way she has been teasing me, changing in front of me seductively damn it felt good. She was screaming soo hard.. Luckily I was close. Then she did the unthinkable, she played with my

balls ooh shit I felt like I was gona die, I then realeded immediately. Fuck... This chick is crazy

Mylove: ur crazy

Me: I was thinking the same thing about u.. How u feeling

Mylove: very sore.. Its really painful baby.

Damn my pussy was burning up it was really painful It felt like it was swollen.

Bae: lie down

Me: no u wana fuck me again

Bae: no I am not heartless I love u and I hate seeing u like this.

I laid down and he got some ice, came to me, opened my legs then muffed me with ice. He did that for 10min. WoW that was good I actually felt much better.

Bae: u okay

Me: yaah thanx

Bae: lemme go make a call I'll be back.

I laid on the couch lost in my thoughts.

Honestly I did not feel bad for shooting at those people. Why I did it, it was instinct and I saw how Bae was more worried about me than him. And that's love and I wanted him to see that I will also do for him.

I stood up and poured juice for myself and drank lost in my thoughts. He came back after few minutes then gave me pills and an injection.

Me: what's that for

Bae: morning after pill the injection is the contraceptive. The nurse said its better u take the injection, set ur alarm and come after two months rather than a pill that u will forget taking everyday.

Me: ohh

I drank the pill and he injected me with the needle

Bae: uhhm babe can u please go to the bedroom I have a meeting with my business partner please

Me: okay

I wore my clothes but I first went to the club to get myself snacks so that I don't get bored.

Only to bump in Bontle

Bontle: uhhh so Mastermind finally opened up the cookie jar

Me: uhmmm unlike that hell hole between ur legs that's probably outdated right

Bontle: mxm

I left her standing there. I went to Bae's office to give him some snacks only to be met by Mr Raophala?

I couldn't believe it. I was happy and shocked at the same time. I sped of without talking to her I took out my phone and sent Numbers a message. Telling him to tell Sticks to hack the CCTV footage he will see everything. We got to the club. We got out. I took my love's hand and went to my office. I didn't waste time. I just grabbed her and pulled her up she hung on to me as I took off my trouser I banged her hard then I put her on the table and I banged her soo hard as she moaned harder.

Her: baby.. Aahhh that's.. That's... that's painful now my pussy its soo...

I banged her so hard damn it was good.. I turned her around.. She was resistant at first then I banged into her hard as I spanked her ass.. Shit... I have been waiting for this for far too long. Some would say I am been a perv.. But neeh I have been yannig for her. The way she has been teasing me, changing in front of me seductively damn it felt good. She was screaming soo hard.. Damn my pussy was burning up it was really painful It felt like it was swollen.

Bae: lie down

Me: no u wana fuck me again

Bae: no I am not heartless I love u and I hate seeing u like this.

I laid down and he got some ice, came to me, opened my legs then muffed me with ice. He did that for 10min. WoW that was good I actually felt much better.

Bae: u okay

Me: yaah thanx

Bae: lemme go make a call I'll be back.

I laid on the couch lost in my thoughts. Honestly I did not feel bad for shooting at those people. Why I did it, it was instinct and I saw how Bae was more worried about me than him. And that's love and I wanted him to see that I will also do for him.

I stood up and poured juice for myself and drank lost in my thoughts. He came back after few minutes then gave me pills and an injection.

Me: what's that for

Bae: morning after pill the injection is the contraceptive. The nurse said its better u take the injection, set ur alarm and come after two months rather than a pill that u will forget taking everyday.

Me: ohh

I drank the pill and he injected me with the needle

Bae: uhhm babe can u please go to the

bedroom I have a meeting with my business partner please

Me: okay

I wore my clothes but I first went to the club to get myself snacks so that I don't get bored.

Only to bump in Bontle

Bontle: uhhhm so Mastermind finally opened up the cookie jar

Me: uhmmm unlike that hell hole between ur legs that's probably outdated right

Bontle: mxm

I left her standing there. I went to Bae's office to give him some snacks only to be met by Mr Raophala?

I really don't understand Stones sometimes he acts all holy but his just a leopard in a sheep skin... Haaaaay man nxaaa this guy.

Me: I don't wana talk about it.. Let's get to business

Him: how far are u

Me: he came after Neo 1st

Him: and ur telling this now?

Me: I found out yesterday and he it happened yesterday

Him: Mastermind NEO IS MY FAMILY MY ONLY SISTER'S CHILD AND HEADS WILL ROLL UNTIL ANYTHING HAPPENS TO HER.

Me: what? Uuhhmn u and Neo's mother are Siblings

He looked at me.. And sat down defeated

Him: yes! Yes! She's my little sister.. And everyday I make sure their safe. My sister went through hell and a day don't go buy without me wishing shouldn't have left her with my mum and his husband I should have ran with her.

I didn't know what to say I just looked at him...

Him: uhhhhmmm my mother is a lazy woman who loves money more than his own kids. When my father died my sister was just around 5years. A month later we left Seshego to go live in Sandton with a Multimillionaire man named Brian Barca Dollar Bill. He was so rich I was shocked by his wealth. He had one son named

after him Brian. He took his son to fancy schools around Jo'burg were else me and my sister went to local schools I didn't know it then that he was a gangster until he introduced me to that life. He taught me everything the drug trade, human trafficking even the gun trade. Stealing cars EVERYTHING. Then years gone buy I realized his son is close to my sister.. I let it slide coz Brian was a good guy. He tried getting his son into the business but he was not interested. We started killing people well at 1st it disturbed me but i got help from a sangoma and got over it, wile doing all this i was busy teaching my sister a few tricks just for future use. Then he took things too far buy making us to punish the innocent going after families abuse them or even rape them, I couldn't take it any more, then I ran changed my identity.. Everything. But I made sure I kept contact with my sister. Couple of years later I heard my sister was chased out pregnant and she was

only 15 at that time. When I found her she was 7months pregnant. I took her in, luckily her and my wife clicked immediately coz they were both pregnant. Few days later my wife told me what that evil man did to my sister. I went to confront her about it. She told me everything, him raping her and our mother did nothing and her own affair with Barca's son. I was scared that it was that man's baby but No, it was Brian juniour's. I even went as far as doing the DNA test just to be 100%. She told me Barca disowned his son coz he beat him up for raping her. But his son didn't care, later they chased him away and few days later my mum gave her some muti to abort the baby but instates she went to the save, stole some money and ran. Thats when i found her and she stayed with me for a wile, until I killed that man for what he did to my sister and then I had to take my family and disappeare she refused to come. She stayed behind. Years later I came back only to find out she was hustling

with my niece.. That pissed me off. That's when I got them a house and helped her with business.

I was speechless

Neo: Ooh my God

I didn't even here her get in

Him: Neo

I guess its true what they say; curiosity killed a
cat. I don't know why I went there anyway. I left
the bedroom just to know what's going on,
funny enough I couldn't connect the dots myself.
I slightly opened the door myself and I could
see Mr Raophala shouting and I decided to
listen to everything.

.
Ooooh My God.. They went through hell. What

my mum went through. She had to hustle for a living, she ended up teaching me, for in case she dies along the way. But then someday boooom she came back to our flat happy and she took me and said we are living. She took us to our home. 5bedrooms. With mine and hers combined with a bathroom toilet and shower. Dining area, lounge and a kitchen then a bath with a toilet in one room and a shower and toilet in the other. Fully furnished. I was amazed I thought it was a dream. I even went to the best school. When she got a salon, the Raophala's would come more often and they just loved me I remember they took me out and bought me clothes, expensive clothes and soon after I met Nthabi. When mum was out I would sleep over sometimes she would. It felt like a second home, they loved me, treated me equally to Nthabi. It all makes sense now.

Karabo looked at me as he stood up Mr Raophala was just speechless. I just turned

around and left with Karabo shouting my name.
I went to the bedroom open the drawers looking
for money and heard the door close.

KB: what are u looking for?

Me: ke kopa R100 (please borrow me R100)

KB: for

Me: are u gona give me or not?

KB: u are not living

Me: mxm

I took my phone and passed him then went to

the club open where they sell beer and found stacks of R10, R20....

I took out R100

The guy just looked at me shocked I then called a cab.

KB got out trying to run with Mr Raophala.

KB: babe wait

I just ignored him attempting to go to I really didn't wana talk. I just wanted to live.

The cab called and said his outside I ended the call and left my phone then ran to the cab wile they were following me. I got inside quickly and he drove off immediately.

.

When I got home the gate was not locked but the house was. Luckily I keep the spare key under a tree for cases like this. I took it and got in and locked. I heard the car pulling over I saw Karabo and Mr Raophala when I picked through the window. I just ignored them.

They knocked and knocked and knocked.
and started talking

KB: baby please open I know ur inside

MrR: Neo!! Neo!!.... Maybe I should call her mother

KB: that's a good idea.

I got to my bedroom and locked the door while breaking the key inside so that they won't be

able to tamper with my door.

I took 3 painkillers and 4 sleeping pills and dissolved them inside a water glass and drank them.

.

I was just tired with a banging headache and I really needed some sleep. I dozed off immediately.

I was so frustrated I felt helpless. Seeing my love like that killed me. Her Tears gushing out like that just felt like someone stepped with a knife in the heart. Stone's called her sister and explained the situation. He dropped the called

said she will be here soon.

20 to 30min Neo's mum arrived.. Damn this woman is beautiful, an older vision of Neo. Atlist I know how my love will look in 10 years or so.

Neo'sMum: what happened

Stones: she looked herself inside and doesn't wana talk to anyone

Me: ugggmmm yaaah and she left her phone at the club

Neo's mum: who are u

She looked at me funny

Me: uhhmm I am Karabo uuuuhhmm I umm her....

Stones: friend, his her friend and one of my business associate.

Neo's mum: uhm...m...

She said that looking at us.. Stones just looked away and she looked at me funny again. She turned and unlocked the door as we walked in. Stones held my hand and whispered to me

Stones: she makes Neo look like a saint. Don't get to her bad side by telling her your fucking her daughter..

Me: she's a woman mooosss..

He just looked at me then found Neo's mum trying to temper with Neo's bedroom door.

Stones: what's wrong?

With a panick voice

Her: she broke a key inside and she's not answering me that's unlike her

She was crying

Me: OK stay back so that I can try to break it

Stones: I'll help

We started kicking the door and banging it with our shoulder until it brocke down.

We found Neo laying in bed.. I went to her she was barely breathing..

Neo's mum: NEO WHAT DID U DO... NO NO NO she said that holding a glass wile stones picked up the empty papers of the pills

OMG those painkiller are the strongest I know and the sleeping pills.... My love NO NO.. I didn't think she will take it this far. I picked her up and her mother and stones were following me. On my way I called our gang Doc..

I was brocken, hurt, confused and angry.. Why Neo why would u do this to me TO US.

I scooped her up and sped to my car with her mum and Stones behind me. I put her at the back with her mum holding her and Stones got in his car. Her mum was crying and praying on our way. I am not the one to believe in God and all those religious stuff because of the life I chose but I found myself knowing how to pray. And begging God to spare her life and give us a chance coz I know for a FACT that if she dies I will shoot myself in the heart. Coz there's no

way in Hell I am living without my Queen. My Golden Queen. On my way to Medi-Clinic I called the "doctors" and told them the situation including the type of pills she overdosed on.

.

Thirty minutes we arrived at medi-clinic and we found them waiting for us. I scooped her up and went straight to the room required.. Yes! They had the bed to wheel her in I just ignored it. When I got there they just started with the drips and everything.. All the injections were just out there and I just stood there helplessly. I left the room and went outside found her mum and Stones waiting. WoW her mum looked horrible, its like she had aged in less than an hour.

Her: how is she how is my Neo?

Me: I don't know let's wait for the doctors.

Thirty minutes later the Doc came,

Me: dude

Neo's mum: how's my daughter how is she?

Stones tried to come her down

Doc: she's okay she just overdosed a little bit.
She just needs to rest.

Neo's mum: ooh thank God.. Keya leboha
Modimo waka he o sireleditse ngwana waka
(thank you Lord for protecting my daughter)
I signaled Doc to go speak in private.

We went to his office..

Me: I want u to be honest with me, did she try to

kill herself?

Doc: yes and No

Me: what do u mean

Doc: it was not enough to kill her it could have damaged her though..

Me: but

Doc: in a way it looks suicidal.... Eish I am sorry man..

I just left the office and went through the back door.. Straight to my car and sped off to my Club.

.

When I got there I went straight to my office. I took my whisky bottle and drank straight from the bottle then threw it against the wall. Then I started breaking everything I could get my hands on. I was furious.. Why Neo? Why? U are the strongest woman I know in this world. I just brocke down and layed down on the floor.

.

Few hours later I woke up with a banging headache. I turned around found Numbers eating and busy with his phone. Ayyy this guy though..

Me: u must be pregnant

He looked at me and smiled

Numbers: thank you Numbers... That would have done wonders

Me: what happened

Numbers: it's a pleasure

I just looked at him

Numbers: Doc told me what happened, I figured u would do something stupid so I gave u something to help u to sleep.

He stood up and gave me pills and water.

I drank them

Me: what time is it?

Number: just after 22:00

Shit I overslept.

Me: I need to go see her

Numbers: I'll drive u

Me: I am fine

Numbers: I know that's why I am gona drive u

MxM this guy though

We left my office then to my car.

He drove us to the hospital

We got there and found my love peacefully

sleeping, she only had water drip and she looked beautiful I think she had make up on.. I just laughed to myself. I am pretty sure her mother did it.. Haaay that woman really loves her daughter.

I just sat there and looked at her beauty wile brushing her hair.

Daammnnn... Eish I felt calmer and refreshed.

I opened my eyes.. Dammmnnnn my throat was

nxaaa.. I must have taken way too much pills.

Eish I needed water

Me: ughmmmm ba..uhmmggm babe

He heard me and turned to look at me.. He smiled and came to kiss me.

Me: uhhmmmm babe.. Water please

He gave me water and helped me to drink

Bae: I missed u

Me: I know

Bae: why did u try to kill urself Neo

Me: I didn't try to kill myself

Bae: then what do u call what u did

I just turned and looked away..

Me: when am I getting out

Bae: this conversation is not over... I'll go sign ur discharge forms.

Mum and the Raophala's got in as Karabo was about to get out. He just greeted them and left. Mum couldn't stop looking at him.

They came and hugged me and we spoke at list they didn't bring up the Why? Coz I would ask the same thing. Mr Raophala couldn't even look at me. After sometime the Raophala's left. I was left with my mum then Karabo got in

Bae: I'll go get u clothes, they said u will live after u get ur test.

Me: OK thanx

He left

Mum: now baby tell me..

I just looked at her.

Mum: what are u doing with such a hunk

I just widened my eyes

Me: haaaibooo mam

Mum: eeeh joooh my baby I had to put some make up on u before I live yesterday so that he

doesn't dump u after what u did.

Me: mmmmaaaaaa!!

Mum: aaahh baby I had to show ur beauty so that he remembers why u two dated.

I just laughed my mum though.

She said she wants to go and open the salon then after she will come back. She will give Yaya the keys and come back to fetch me.

She left immediately

He laughed

Doc: should I live or....

Me: I am fine go and save other patients out there

Doc: u do know that ur on suicidal watch right?

Me: I did not try to kill myself

Doc: then why?

Me: I was tired of fighting and arguing. Doc: Ouch..

Me: so u see. I just needed some space. And me taking overdose was not me committing suicide, it was me wanting some peace and space alone. Coz they kept pushing and pushing. They just didn't wana live me alone.

I was in tears

Doc: I am sorry

Me: its okay.

Bae: I am sorry too

I looked at him.

Bae: I shouldn't have known better

Me: u should have..

Doc: will talk

He said that looking at Bae then looked at me and smiled then left. Then Bae put a bag on the bed and sat on the couch while taking the remote and changing to soccer channel

I took out the drip then got off the bed

Me: please close the door

He stood up and closed and locked

I took of the hospital gown and my undies while looking for toiletries and a towel

Bae: what the fuck are u doing

Me: preparing to shower

He came closer to me while trying to bend me a little

Me: what are u doing

Bae: preparing to fuck u

Me: I am not 100% and u know it

Bae: not from what I am seeing right now

I got my towel and toiletries then went to shower after showering I found my mum sitting on my bed watching TV and bae was not around..

Me: what did u say to him

Mum: nothing.

Me: muuuuum

Mum: get ready baby, ur test are back and ur fine. Even though ur drinking morning after pills.

I just looked at her

Mum: ele gore ga o tsebe kgotlopo na Neo heee
(don't u know a condom)

I kept on lotioning my self wile ignoring her. She gave me my clothes I wore them. Then the doc came and gave my mum papers

Doc: don't worry ur not pregnant

Mum: good for her

She said that looking at me then she turned and looked at me and gave me the hottest slap ever. I swear I saw my mum growing a penis right there

I screamed a little

Mum: se ntene nna.. I seka ntena (don't annoy me... I dont want to be annoyed)

I shut my mouth quickly

The doc was just shocked. My mum took the back and I followed her.

We got inside her car then we drove off in silence. When we got home we got in I found chicken licken take out. I warmed them up then sat in the lounge and ate. My mum got in

Mum: u can ignore me all u like but Neo, a child is a huge responsibility. And I don't want u to put ur life on pause because of a guy. Baby girl guys are like underwear if u don't like it anymore u throw it away

I just laughed out loud.

Mum: and they also found that u started on contraceptive

Me: did they have to do that?

Mum: no. I asked them to

Me: u mean u flirted with them and they drolled over u and did them.

Mum: if u put it like that...

She looked at me and smiled.

Me: mama

Mum: I am looking out for u.

She made her food and we ate.

.

A WEEK LATER

.

Things between my mum and I were back to normal.

Bae and I were also good he would come at night or right after my mum lives just to cuddle with me. We haven't had sex since coz my mum wouldn't allow me to live. It was Saturday just finished preparing my self and waiting for bae.

When my mum walked out looking all sexy and beautiful.

Me: going somewhere?

Mum: yes! Bye.

I just shook my head and she left..

Few minutes later bae called saying his outside. I got out locked everything and we went to the club. We got there, sat with his friends while drinking my virgin cocktails. Isis and Tina were just ignoring me.. Then all of a sudden Bontle got in with Sticks..

Bontle: ooohhh Friiieend.

She came to hug me I couldn't hug her back

Bontle: o sharp mara (are u okay)

Me: oooh I am good

Then suddenly Bae came to grab my hand

And got to the office and started kissing me.

.

.

KARABO

.

.

I have been patient since she got out of the hospital I couldn't take it any more. Going to her crib cuddling and shit while my dick is suffering no way. I took her and I ripped her dress apart and undies too it was lace

Her: babe no that's my favorite dress

I ignored her and took off my trouser along with my boxers without any warning I penetrated her and banged her from behind shit it felt good.

She started moaning in a sexy way

Her: oohhhh baby that's soo good.

Ooh fuck

Her: don't stop baby..

Me: I promise I won't

What was suppose to be a quicky turned out to be love making. We ended naked kissing touching her wile caressing each others bodies Shit... I laid down on the floor as she came on top of me and rode the shit out of me wile kissing me I turned her around as I got on top. Shit I think I created a sex freak. About 3hours later wile we were both tired just cuddling and eating fruits and feeding each other. Numbers called me saying they are police outside looking for Neo. How the hell did they know she was here.

Well since I tore her dress up. Numbers was wearing one of those looong shirt like dresses so he gave me and I gave her to wear it. We went outside I saw that asshole Ofentse and some chick angry as fuck immediately when she saw Neo she got to her and slapt her. My love didn't waist any time she pushed her and she fell on the ground and started punching the

shit out of that bitch. I didn't separate them coz my love was hitting her. The police separated them.

Her: u slut I am gona sue u for assault

My love just looked at her.

Police 1: are u Neo?

My love: yes

Police 2: mam ur under arrest for stealing Mr Ofentse's ring and breaking and entry in his home

My love: excuse me

Me: haaayyy haaayy wait a minute my love did not do such a thing

Police: sir we have evidence that the door was tempered with and her fingerprints are all over the room and we were able to trace the ring to a Pawn Shop.

Me: well that doesn't mean she stole it.

Police1: not according to Ofentse's statement

They handcuffed her. She didn't even cry or scream she was looking at Ofentse angry and he was checking his girl.

I looked at him

Me: u do know that ur a dead man walking right.

...

...

They left as I called Sticks to start pulling some strings and followed them.

Me: okay sure guys lemme go pull some strings.

I got into my car and made my way to the club trying to get a hold of Sticks wanting to know how far he is.

.

When I got there sticks was busy on a call and Numbers was busy on a laptop

Me: how far.

Numbers: this Ofentse boy is just a nuisance. This ring was his mothers then he gave it to Neo when he wanted to pop the cherry but in fact it belonged to the Miss.

Me: and now she sold it

He nodded

Me: cool bring him for questioning, its time Ofentse and i had our lil talk.

The drive to the police station was long. I don't wana lie, 1st thing we did when we got there was for them to search me and take everything I had then they put me in the holding cell, atleast I was alone. About 30min later they called me

out as they unlocked the door. We walked to some room.. Oooh looks like an interrogation room. Uuuhmmm this woman doesn't know me neeh she kinda looked like a Tom Boy with her clothes and hair especially the way she walked and she looked like she was at her 20s probably 26. We got the room. And she told me to sit. She sat opposite me.

Her: my name is Loretta Mopai and I am the detective handling ur case

She looked at me funny

Me: okay

She took out her pen there was a paper on the desk and she wrote something.

D.Loretta: I will first take ur statement then the rest will come later.

Me: OK

D.Lorreta: so?

Me: can I please make my phone call.

D.Loretta: u just got here

Me: I still have the right to get a phone call. I just want to tell my girlfriend to get my lawyer if this gets far.

D.Lorreta: your girlfriend? U were with ur boyfriend when we got there

Me: that's because my girlfriend is not doing her thing right so sometimes I miss a dick.

D.Loretta: uhm mmmmm

She looked at me with a hungry look..

Bingooooo.. Yep! That's how Nthabi and I got out of trouble in "lesbian" situation..

I started touching myself in front of her

I zipped down the top shirt/ dress I was wearing.

Luckily I wasn't wearing a bra or undies. I started touch myself wile massaging my breast. I hope their no cameras in here coz I know

Karabo would kill me for this.

D.Loretta: what...uggmmm are... U doing

She was breathing heavy

Me: come and see..if they are no cameras in here

I put my legs on the table

D.Loretta: they aren't

Me: then what are u waiting for

She stood up and locked the door then came to me and grabbed me and put me on the table and started kissing my neck while her hand went down to my pussy.

Me: aahhh.. Wait wait wait

D.Loretta: what...

She was brushing my pussy now.

I held her hand, she wanted me bad I could see it in her eyes.

Me: the case

D.Lorreta: I'll do it,

Me: promise

D.Lorreta: I promise.. Just stop talking please

Ooohhh God karabo is gona kill me for doing this.

She took of my shirt/ dress wile I helped her take off her clothes. She kissed me hungrily everywhere around my body wile fingering me... Ooh god can someone nock on the door already...

D.Lorreta: ooh Gosh ur a goddess

Me: I know

She looked at me and smiled wile opening my legs. And started muffing me... Shit... That was so good.. Jiirrrr all I pictured was Karabo muffing him. Damn I needed his dick right now.. He opened my legs wider and muffed me crazy.. Shit this woman knows her business.. It felt so

good

Then there was a knock on the door..

Thank God but eish that was good

D.Loretta: oohh shit wear ur clothes hurry up

She was already wearing hers. I wore mine after I kissed her just to make sure she doesn't change her mind

Me: this can work

D.Loretta: it can.. Now let me go out and dissolve everything

Me: I'll be waiting then I kissed her.

She went out. Then 15 minutes later she came back smiling. I stood up and we kissed and she said I can go.. D.Lorreta: All the evidence are gone.

Me: ur amazing

D.Lorreta: anything for u.. I even burned them.

I smiled and kissed her she held my ass and

squeezed it tight.

D.Lorreta: oooh fuck ur a goddess

Me: I'll be waiting for u

D.Lorreta: and u beda get rid of that dick u
certify ur self with

Me: consider it done

We kissed the she led the way. We got out then
gave me my things and R200.

D.Loretta: I called a cab for u, they will take u
wherever u wana go.

She was all serious now as nothing happened
about 30min ago.

Me: thank u.

She left and I went to the gate to wait for the
cab. It came and decided to go to the club.
Atlist I didn't spend the night just a few hours
neeh and eish its was almost morning. Lol this
Bitch though, I guess it makes sense. She

wanted me all along I mean who requires a statement this time? And in a room alone with no cameras

Eish now I gada go face the music. I wonder how Bae will take me doing the deed with another woman.

I was waiting for Numbers to tell me were that asshole is. I was in my office thinking about Neo and waiting for the Station Commander to

help me release Neo since I gave him a call.

Numbers got in my office

Me: and

Numbers: will get him once u give us the go ahead

Sticks got in looking happy I think

Sticks: she's here

Me: who is here

Then my love got in rather scared or nervous

Numbers: eeh Neyo ur out

Mylove: yes and please can u give me and Karabo some space

Numbers: sure

They left and she looked at me

Neo: I need a bath and food let's go to ur bedroom

Me: I was suppose to be happy that ur out but

for some reason I am more nervous than u right now

She turned around and left the office. I followed her I found her in the shower I wanted to join her but I just let her be. She got out with a towel rapped around her body sexy as ever. I stood up and stood next while holding her hand to her and looked into her eyes she just looked away.

Me: what did u do baby

She let go of my hand and passed me and took a body lotion and lotioned herself.

I went to the door and locked it, she looked at me

Neo: I am sorry

Tears threatened her eyes

Me: what did u do?

Neo: she's a lesbian

I looked at her

Neo: she was drooling over me

My eyes just popped

She looked down

Me: and u fucked right

Neo: not really

I laughed annoyingly

Me: is there a different kind of fuck that I dont know of.

Neo: SHE JUST MUFFED ME OKAY

Me: don't u ever in ur entire life shout at me when u know that ur the wrong one.

I turned and went to the door

Me: don't even think about tempering with this door coz my love I will tamper with u.

I locked the bedroom and went to the club, got inside the walking fridge and took out 12

Heineken. I went to sit at the VIP spots and started drinking. Before I knew it I was on my 10th. Then Numbers came to sit with me holding 12more.

Numbers: how bad?

I looked at him

Numbers: that bad haaah

Me: she used sex as a tool Broe

Numbers: don't tell me she fucked Spider.

I looked at him angrily

Numbers: that was a joke

Me: not funny and my queen ain't no hore

Numbers: so

Me: that FUCKEN lesbian detective

Numbers: she fucked the sexy lesbian detective?

Man that's sexy as hell..

I looked at him

Numbers: no dick entered her man, they probably muffed each other and spooned each other. Thats FUCKEN sexy.. I don't even know why ur angry man.. I would tell my woman to bring that lesbian bitch so that we can do a group fuck.

Me: dude

Numbers: I am just saying.. Dude ur looking at this the wrong way

I just looked at him.

Numbers: ur girlfriend fucked a potential girlfriend. So if ur girlfriend has a girlfriend what does that mean.. Since u two can't break up.

Me: uhmmm

Numbers: two girlfriends, u have two girlfriends. And Ur girlfriend already approved it.

I thought about

Me: that's not a bad thing except I don't want to share my woman either with a pussy or a dick.

I stood up daamn I was drunk. I drand about 15
I think.

Numbers: suit ur self.

I went back to the bedroom only to find my love
watching TV. She looked at me..

NEO

I was sooo nervous I wanted the ground to

Me: baby are u okay

Him: take off that shirt

I looked at him. I was wearing his shirt

Him: u want me to do it for u? U want romance?

Didn't she give it to u?

Me: no baby and I am sorry

Him: not as sorry as what I am about to do to u..

He said that coming to me stumbling a bit

He pushed me to the bed getting on top of me.

Him: my beautiful golden Queen.

He said that brushing my hair. Then took of my shirt I had nothing inside.

He took of his clothes too and we were both naked he grabbed me as pushed me against the wall. He held my leg and penetrated me, I was dry. And Mastermind's dick is huge. He pushed himself in roughly

Me:aaaaaah

He didn't stop he kept pounding me hard and I was screaming

Me: ur... Hurting me

Him: I know

He pounded me harder and harder wile I

screamed louder.

He stopped and looked at me, he wiped my tears. And kissed my head. I thought he was done. My legs were trembling and my pussy was really sore.

Him: turn around

Me: baby?

Him: I don't wana repeat myself, unless u want me to go harder.

He let go of my leg and I turned around.

Him: bend

OMG his gona pound me very roughly. I was in a lot of pain I can't explain

He came to me and picked me up the took me to the bathtub and put me inside.

Kb: I asked someone to go buy u something to wear and also for tonight.

He looked at me

KB: we won't do anything I promise. I know what I did was rough.

Me: u mean ruthless

He had that I am sorry look on his face.

Me: I am sorry for what I did with the detective I thought maybe because she's a woman u won't have a problem with it.

KB: and I don't think I will ever be able to except any one touching u like that. Neo I love u I will

always love u. What made me more vicious to u is that, what if it was a man. Would u have had sex with him?

I just looked down.

KB: put yourself in my shoes my love, what if it was a gay guy not that it will ever happen but what if it were and I told u he gave me a blow job or whatever. Would u be OK with it.

I was in tears now

Me: NO.. I am sorry my love I guess I never looked at it that way. But its sore and u also need to apologize coz I would have dumped u instead

KB: are u serious

I just looked at him with an intimidating look

KB: okay okay I am sorry.

Me: say it like u mean it.

KB: okay my love I am sorry for being rough on

u it was uncalled for of me. I shouldn't have done that.

Me: why did u do that a anyway

KB: that's the best way to discipline a woman. I give u rough sex and u will never repeat what u did. I dare u to do it again

Me: oookay I get ur point..

I grabbed his hand and pushed him to the water

He hit his head

I laughed at him..

Kb: are u serious right now, are u trying to kill me now

Me: did that hurt

Kb:look at my head

He was bleeding a little

Me: good now u nurse me I nurse u.

he just shook his head and took of his clothes

and he helped me bath and clean up my pussy. He picked me up to the bed and muffed me with ice so I could feel better.. ooh damn it was good.. I kept holding his head and telling him not to stop. After a couple of hours we just layed in bed.

Then my phone rang.. It was was my mum.
