I heard a knock on my door, I pulled my blanket to my face because I don't like to be disturbed on my beauty sleep "Palesa I know that you awake, why did you lock this door?" That was my mom calling from outside, my mom is really a morning person sometimes it's irritating because when she is awake, she wants everyone to wake up, " Palesa wake up, I'm not gonna call again" she shouted, I threw the blanket angrily and opened the door " Mom do you really have to wake me up, at this time? " Geez Mom why are you fighting?", " Did you pack all your clothes? Coz I see your clothes on the washing line", Shit! Mom told me to pack all my clothes two days ago but I didn't pack coz I had laundry, yesterday I did all my laundry but I kind of forgot to take it from the line.

I am not a laundry person and my mom knows it but she keeps on pushing me to do my own laundry, today I am going back to Varsity, this year I'm doing my third year in nursing at Wits university. School is starting in two days that's why I have to leave today and check out my new room that I found in Jozi. I quickly rushed outside and I packed everything that I will need.

" Don't forget the table clothes" Mom said, " I packed that in the pink bag Ma" . My little sister was helping me with the packing, she's such a wonderful soul, she'll be in grade 10 this year but she knows more than I do, these kids grow up too fast.

I have a big brother who is a bank manager, my mom is a grade seven teacher and my dad works at a local municipality, my family is not that big and we are not rich but we can afford whatever we want to buy but since I'm going back to school things are really tough coz I had to look for another place to stay, I found a room in Jules, Malvern that is affordable and I didn't hesitate, I just took it within a blink of an eye.

" Your brother will drop you at your new place, it's month end in two weeks my baby we will send you money" Mom said looking at me.

Me: " Don't worry Ma, as long as I won't go to bed on an empty stomach"

My Brother came and we started taking the bags to his car.

Siphiwe: "Geez so many bags, are you sure that you will come back home?"

Me: "Come on Sphiwe"

Sphiwe: "These bags are heavy, you carry this one coz it won't fit here"

I took it and I hugged my mom and my baby sis, I felt so emotional leaving them, I was really enjoying my holidays I wasn't ready to go back to school, the car drove from Daveyton to Malvern, it a forty five minutes drive, I was here last week to check this room and i thought it was cool, I payed for it and I moved my furniture from my previous flat which is nothing much, just a bed, cupboard, stove, heater, wardrobe, two pots and two plates. We took the

bags and got inside my new room.

" Its cosy here" My Brother said putting the bag he was holding on top of the bed.

Me: " I think I need a couch"

Sphiwe: "And a fridge lil sis, you can't always eat corned meat"

Me: "I've been eating that for the past two years"

Sphiwe: " I'll try to buy you one even if it's a second hand fridge"

Me: "Ncoo thank you big bro." I said hugging him. We went to the nearest shop and bought takeaways, we ate and he helped me unpacked my wardrobe, my brother is the sweetest person ever, he is three years older than me but you can't say because we are very close, we share everything with each other. He left and I was left alone. I took my laptop and watched a movie until I fell asleep, the following day I went to Shoprite for some little grocery shopping. I didn't bother taking out the things I bought, I sat on my bed playing with my phone, I heard a gunshot followed by many, I got scared and locked my door but at least

my room is in the back but the other part of me was really scared. After maybe ten minutes, the gunshots stopped, I heard something pushing my door, maybe it's wind but FlashBacks hit me, the gun shots!

I heard a person breathing in pain, I wanted to open the door but I was really scared, I wanted to see what or who it was, I slowly moved to the door and I opened the door just so my right eye could see what was that, a man was lying there leaning on my door. I opened the door.

.
. .
.

Him: "Please, help me get inside"

Help you get inside where? I looked at him and I could feel his pain, I helped him get inside my room, it's the first time in my university life having a stranger in my room.

Him: " Clean the blood outside"

The nerves of this guy, I just stared at him.

Him: " If you don't clean that blood you will be in trouble, haven't you seen a man who has been shot before?"

Me: " No"

Him: "Good, now go clean that blood"

I was irritated but I had no choice but to take a broom, water bucket and clean that blood. It took me less than five minutes to clean it than I came back inside.

Me: " Oh my God! The blood! The blood is-.."

Him: " What?, you've never seen blood before? Get me water and a clean cloth."

This man is so demanding, he doesn't even know the word "Please"

Me: "No, I mean No you need a hospital, I'm calling an ambulance now, God you are losing too much blood."

Him: " No, do as I say".

Me: " I am sorry but you need to go to the clinic, hospital or to the doctor, losing that much blood is

not good for your health"

I said to him shaking

Him: " Are you done?, now look at me and do as I say, stop shaking. I said give me a cloth and water, Now!".

Me: " I-.. I have a first aid kit maybe the ahh, things in there might help"

I said opening my wardrobe and took out the box.

Him: " The bullet didn't get inside, it just hit me, so just clean the wound and-.."

Me: " I know what to do I'm a nursing student".

I put on my plastic gloves first than I cleaned his wound, he was in pains but he told me to clean it without thinking that I'm hurting him, I put the ointment in his wound than I closed it, I packed everything and I gave him the pain killers.

He fell asleep on my bed, I didn't know how to wake him up, I was even scared to wake him. I took the two extra blankets that I have on my wardrobe and layed them neatly on the floor for me to sleep, I was scared, I didn't want to sleep. This man scared me

and I'm even regretting why I opened my door for him, I don't know how I fell asleep but my alarm woke me up and when I checked my bed he wasn't there, the nerves started kicking in, the door wasn't locked, I checked my wallet, phone and my clothes it was all there untouched. I noticed something on top of my laptop, a note and money, I counted the money it was R 3 600 the note was written in Zulu " I am sorry for yesterday's trouble and for ruining your blanket with my blood, take this money and buy yourself a new blanket."

Who the hell does he think he is, he failed to say a simple "Please" last night and now he didn't even Write a " Thank you".. I threw the note on the floor.

Today I'm R 3 600 richer, I've been hesitating about this money but somehow I think I deserve it I helped

that guy and he even slept on my bed, no one has ever slept on my bed even back home I don't share my bed with anyone. Classes are commencing today but my first class will start at half one that means I still have enough time to buy myself a new couch, I cleaned the room and went outside to shower, well where I'm renting there's a big house and rooms at the back, I'm staying in one of those rooms, toilets and showers are for the people who are staying in the back rooms are outside we don't share it with people who are staying inside the house. I finished my shower and went back to my room, I wore my boyfriend Jean, vans takkies and a white vest, I tied my Fox locks in a bun and took everything I needed not forgetting my student card, I took a taxi to town and I went to fair price furniture shop to buy a couch, I took a R 900 couch and thank God there's a cheaper fridge that is R 1 999 I paid for those things and also left R 200 for transport.

Me: " Here's my address but I won't be around until let's say around 4".

Sales guy: " No problem, they will come and deliver

around 5, I'll tell them to call you first before they come to your place".

Me: " Ok thank you".

I left the furniture shop, I remembered that I forgot to eat my breakfast, I bought an Apple and banana than I went to Ghandi to take a bus to school.

School wasn't that bad and even though classes commenced today I already feel like I'm three weeks behind my school work.

The couch and fridge was delivered and my place looked so much better and more homely.

.

.

.

My life was the same, school and then home, I was now used to my new place and starting to like it, my previous apartment was a flat and it was very expensive but at least I was sharing the rent even though my roommate was heartless, she was eating my food sometimes she will not pay rent and that

will always be on me that's why I decided to look for a one room to rent and I don't need any roommate, sorry. My phone rang and it was mom.

Me: "Hello".

Mom: " Hello my baby, are you alright?, you sound so down".

My mom though

Me: " I'm alright Ma, I'm just tired, there's a lot of school work, I was busy with anatomy when you called. How's everyone at home"

Mom: " Everyone is good, your dad got the job the he applied for so we are more than happy, he is waving at you".

My Dad works at the local municipality so when the posts at Department of agriculture came out, he took the chance and applied for that post.

Me: " Really? That's good news Ma, tell him I'm proud of him".

Mom: " I don't have enough airtime, we will call you tomorrow, take care of yourself dear".

Me: " Ok Ma, say hi to everyone. I love you".

I than hung up, I miss my family so much but I don't have a choice, I have to be here.

oooooooo

.
.br/>.br/.

It has been three weeks since school started and I have lot of work. I woke up freshen up then I wore my black short jump suit, white all star and denim jacket, I left my locks loose, I have the most beautiful body trust me, light in complexion and I always keep my hair natural, I am not a weave person. I'm a braids, Fox locks, straight back kinda girl, well I'm not saying there's anything wrong with weaves but I feel more comfortable in braids.

The bus always leaves me five minutes away from school, just when I got out of the bus, a white quantum taxi was there in the bus stop, the guy in

there called me and I just ignored him mxm stupid taxi drivers.

Him: "Sawubona Ntombi".

I just looked at him and continued walking, Wits has hot guys, very hot guys. How can I entertain a taxi driver?

Him: " Look I don't have time for this, I tried to be nice, get in the car".

Me: " Don't touch me!, who the hell are you? Leave me alone".

Him: " Get in that car before I am forced to take you there myself".

Me: " Leave my hand or else I will scream".

Him: " Ok let's do this the hard way"

He held me like a baby, I started kicking and punching him but he didn't feel any pain, I bit him in his chest and he got more angry. He got me inside the taxi and I screamed my lungs out.

Him: "Shut the fuck up women, look if I wanted to kill you I would have done it three weeks back, long ago".

Me: " What do you mean three weeks back?, have you been following me?".

Him: " You don't know anything now shut up".

I am not going to shut up, if he is going to kidnap or kill me let me die knowing that I fought for myself, I have my rights and today I feel like my rights are being violated, I am going to annoy this guy until he decides to send me back to school.

Me: " Do you know that what you are doing now is a very big crime, you can be charged for kidnapping".

Him: "I'm not scared of police, I don't get arrested"

Me: "So that what you always do? Kidnapping young girls and get away with it?"

Him: " If that's what I do, you wouldn't be on my list, there are many hot girls out here".

What? Did he just, oh wait he said I'm not hot, I am hot, beautiful, he can't kidnap me and than tell me I'm not hot, who the hell is he to tell me that? I was annoyed, I started singing a pre-school lulaby that I used to sing with my little sister when she was

young.

Me: "Dumpty, Dumpty sat on the wall, Dumpty, Dumpty had a great fall, all the-...".

He stopped the car on the side of the road and pointed a gun at me.

Him: " Shut the hell up before I do something I will regret later".

I didn't wait for him to say it again, I kept quiet and looked at the cars passing, tears were running down my face, I couldn't hold myself I cried a lot. The car stopped and he told me to get out, I got out and followed him in a bond house, the house is beautiful but not big.

Him: "Go straight the passage, you'll see the first room on your right and get in there".

I followed his orders and went to that room, a man was lying on the bed, facing the other side, he heard me coming in I'm sure coz he started speaking.

Him: "Oh you are here, good. Open that drawer and take out the first aid kit there".

Oh my God! It's that guy, the guy that I helped the other day. I opened the drawer and took out the kit and I just stood there looking at him.

Him: "We managed to take the bullet out so all you have to do is close this wound".

Me: " Who do you think I am, your puppet?".

Him: " I don't care about who you are, close this wound".

Me: " I don't want to, you can kill me and dump me in the Bush to be eaten by dogs I don't care but I don't want to".

Him: " The dogs wouldn't come near you even for a bite now do as I say".

These guys are arrogant, rude but hot, I don't know why I'm even saying they are hot but really they are hot.

Me: " I don't know how to close a wound, sorry"

Him: "You are a nurse-.."

Me: " A student nurse not a doctor".

Him: "Close this wound and stop being so stubborn".

.

.

.

.

His voice scared me, I put on the gloves than I started doing something that I've never done before, I closed that small bullet hole pretty well and I gave him pain killers. I went outside to look for the guy who brought me here but he wasn't here and the gate was locked, the wall is so high even if I want to escape I won't. I stayed outside staring at my phone, I thought of calling my family but what if I'll put them in danger, no I can't do that, I played with my phone until the battery died. The gate opened and the taxi came in with three guys inside. They passed me and didn't say anything as if I'm invisible, ten minutes later the guy that I just helped walked out as if nothing happened, he wasn't in any pain.

Him: " Take this money, Sanele will drop you to your place".

Me: " I don't need your stupid money, open this gate and let me go home, I will go on my own".

He stared at me as if I'm crazy God he is hot.

Him: " Are you done?"

I opened my mouth and closed it again

Him: " Good, if you don't need this money it's fine, Sanele! Take her home"

He said that looking at me straight in my eyes,

I felt tears coming out and I left him standing there and got inside the taxi, the guy who brought me here who I assume is Sanele took me home. I got to my place and threw myself in my bed and cried, my phone beeped two times, the first message was R 5 000 deposited in my account and the reference was written " Services rendered" and the second message was from an unknown number written " Stop being so stubborn Palesa and take the money, I hope you arrived safely".. What am I going to do with this Hot guy and how the hell did he get my account number, name and phone number?

My heart started beating fast, I called the number but it said " The number you have dialed does not exist"... Who the hell is this guy?

Yesterday I missed my class but at least I had only one, this thing is really disturbing me but I will try to focus on my school work, I took my ID card and went to the bank to withdraw money, I couldn't withdraw in the ATM because my limit is R1 500 I took the money and went to MTN taxi rank, I searched for the queue taxi marshal and I found him.

Me: " Sorry sir, I am sorry to disturb you I am looking for Sanele".

Him: " Sanele Who?".

Me: " Ahh, I don't know his surname but he drives a white quantum taxi".

Him: " We don't know most of the drivers here by their names, we always remember them by the number plates of the taxi's they drive".

Me: "What?".

Him: " Get his number plate than I will be able to help you, are you his girlfriend or?"

Me: "Never mind who I am, thank you for your help".

I am very stupid maybe he is not even here, there are many taxi ranks here in town. I went back to Carlton centre and deposited the money, it was really stupid of me to walk around with this huge amount of money, I went to Ghandi to take a bus to school, school was just normal after my classes I went to KG's place, Kagiso is the guy I got along with on my first year and since then we have been friends. We tried to date but we broke up, our relationship didn't work out, we weren't made for each other but we continued being friends.

Kagiso: "Hey beautiful".

Me: "I missed you".

I said hugging him

Kagiso: " Why did you leave parktown? This place is so boring without you".

Me: "And very expensive, I'm hungry what do you have here?".

Kagiso: " Check in the fridge I'm sure you will find something or let's cook, I miss your cooking even though you are lazy to cook".

Me: " I can't remember the last time I cooked in my new place, I always eat noodles or just forget to eat".

We started chopping and we cooked pap, spinach and grilled chicken. We ate and we watched movies, I wanted to tell him about the mysterious hot guy but Kagiso is very over protective of me, he doesn't want anything that will hurt or make me cry.

Kagiso: " Please sleep over, I missed you".

Me: " I wasn't gonna leave, it's late now".

- .
- .
- .
- .

We stayed until late, catching up and watching Chicago Med, Kagiso stays in a one bedroom flat, we shared the same bed with no feelings attached, that's how strong our friendship is, the following day I woke and I wore my Jean and Kagiso's redbat jacket and I went to attend my class, on Friday's I have two classes. At half past ten I was done with my classes and I went to the bus stop waiting for the bus to arrive. The police car came and parked in front of us and the driver was that rude hot guy that I saved twice.

Him: " Hello Palesa".

I looked around and all the students were looking at him, I ignored him and continued pressing my phone, he got out of the car, wearing his full police uniform, it suits him perfectly and the way he walks I think he knows how beautiful he is. He stood in front of me.

Him: "So you not gonna talk to me?".

Me: " I don't talk to strangers, now go".

Him: " Ok, suit yourself".

And he walked back to the car, What the? This guy is a very stupid arrogant hot asshole he doesn't even beg me, I can't believe him

Him: " Stop being a baby and get in the car, I have work to do".

I don't know why but I followed him to the car and got in.

Him: "Was that hard".

Me: "The people were looking that's why I got in, don't feel so special".

He half laughed and looked the other way

Him: "You know, No women has ever spoken to me the way you do Mbalenhle, you never cease to amaze me".

Me: " I see that No one shot you this time, why are you here?".

Him: " You are the one who is in my car, so I should be the one to ask you that why are you here".

Me: " You called me here".

Him: " I didn't force you".

Me: " What? Stop the car now, I want to get out, I know my way home".

Him: " They always say women are so dramatic, but you are worse".

He stopped in the middle of the road

Him: "If you want to go, go".

.

.

.

.

I just looked at him, this guy is so unbelievable

Him: " Oh well, I didn't think so now shut up and let me take you home.. Where did you sleep last night?".

Me: " Who the hell are you to ask me that?".

Him: " Mind your language when talking to me, where did you sleep last night?".

Me: " Home".

Him: " Don't lie to me Mbalenhle".

He said that softly, his Zulu is so deep, very deep.

Me: " My name is Palesa not Mbalenhle".

Him: " Ok Mbalenhle now answer me".

What the?

Me: " I slept at a friend's place".

Him: "Male or female".

Me: " does it matter".

Him: " When I ask a question, you answer, you do not ask me back".

Me: "Male"

Him: " Boyfriend?".

Me: " Non of your business, why do you want to know everything about me when I don't even know your name?".

Him: " You have never asked me my name".

Me: " What is your name".

Him: " Philani".

Me: " You are Zulu?".

Philani: " Yes I am".

Me: " Where in Kzn are you from?".

Philani: " You already know too much about me Mbalenhle, no more questions now".

Me: " too much? I only know your name, you are very strange".

Philani: " More than you can imagine, we have arrived at your place, here take this money and buy yourself groceries, you need to eat".

Me: " I do have food and I don't need your money, oh and wait! Your money is still waiting for you".

Philani: " Mbalenhle the money is yours, I have more than enough, trust me".

Me: " Ok, I will give it to the guys who stays in the streets coz I also don't need it".

Philani: " People like you are the reason why the Nyaope rate is increasing each and every day in this country but do whatever you want with it, it's your money, remember?".

Me: " You are so annoying".

Him: " And you are enjoying it, we arrived at your place five minutes ago but you are still here".

I flushed in embarrassment this guy mxm I don't even know how to explain how he is, he is just too much, I got out of the car and closed the door

Philani: " Oh and Mbalenhle I don't like it when you sleep around".

He said that and left, sleep around where? Why does he know so much about me. Even if I were to ask him it will be the same because he doesn't give out much.

God this guy is the death of me, I went to the all girls school my whole life, after school I would go to my tutor for extra lessons that's where my parents would pick me up, I never had a social life as the Kasi girl, I always got home late and on weekends it was always family days, I never had friends in my Kasi, I only got along with girls from my church and my cousins. I never had a boyfriend, I always admire guys from afar, Kagiso was the only guy I kissed and it was so awkward kissing each other because we were friends that's why we decided to end the relationship and continue being friends because it was like I was dating my own brother and visa versa. I don't know what a real kiss feels like.

Philani is a very good looking guy with a very strange personality, sometimes when I think of him I get

goose bumps but his personality completely blocks my beautiful thoughts of him.

At least now I know his name and his occupation but I think there's more to this guy, why was he shot not once but twice, Police don't always get shot because they are the last people to arrive in a crime scene. At this moment I feel like I want to know more about him but sometimes I don't, he has a very strange attitude and personality but I find it a bit sexy, I know I sound crazy but that's how I find him "sexy". What if he's a serial killer but he would have already killed me right?.

Why doesn't he want me to know him, I'm not an intruder but he's the one who started intruding, the guy probably knows what I ate and what I did not eat. Let me just focus on my studies and forget about him. I heard a knock on my door and I went to open, it was Philani in his work uniform.

Me: "What are you doing here?"

Philani: " I feel the same too but I didn't have any choice but to bring this".

He had a Nando's paper bag, a box of pizza and Checkers plastic

Me: " I'm not hungry".

Philani: " Well I am, so I guess you will watch me eat".

He didn't wait for me to invite him in, he took out the things that were in the plastic bag and put them in the fridge

Philani: "Your fridge is empty but you said you have food".

Me: " Philani please".

Philani: " You need to eat, don't argue with me, eat this than we are going to do grocery shopping, Don't argue with me".

We ate in silence, he was watching me, I did eat a lot maybe it's because I'm eating with someone coz when I'm alone I completely lose appetite, we finished eating and I put on my fluffy spongebob sleepers, I was wearing my grey track pants and and long sleeve crop top Jersey, he wasn't driving a police car but He was driving an Audi RS3, the drive

was silent but comfortably, we arrived at East gate and took a trolley to Checkers.

Philani: "Take whatever you want, I have some few calls to make".

He said that and left suddenly, I took everything I needed and after every five minutes he would come and check if I'm done or not.

Me: "Philani we've only been here twenty minutes ago, stop rushing me or join me".

Philani: " Join you where? Shopping is for women, be glad that I even came here with you".

I rolled my eyes at him mxm rude, arrogant hot bastard. I took everything I needed and I called him when it was time to pay."

Philani: " Get inside here and buy yourself clothes, I will wait here".

We were outside Edgars

Me: " agreeing to take this groceries doesn't mean I'm your charity case".

Philani: " Oh well, let's go then. Take my number and

whenever you run out of the things you need, call or send a call back".

Me: " I won't nee-..".

Philani: " I know that you won't need anything but take it, just in case".

I wrote his numbers in my phone.

One thing I've noticed about him is that he doesn't beg, he takes whatever the first answer you give him, he is a very serious guy but he looks so young I'm even scared to ask his age, he dropped me at my place he didn't even get inside or help me with the groceries.

oooooooo

.

.

.

.

It's been two days now and I haven't heard from Philani,

Last night I thought of calling him but my pride didn't allow me to.. I woke up and got ready for school, I felt like someone was following me, I waited for the bus and it took me to school, I went back to my place not free, I felt like I was being followed. The following day I did the same and when I was crossing the street, a red GTI almost hit me. It's been a week and I see this GTI every where I go or maybe I'm just imagining things, it's a Friday and my classes are over than I decided to call Philani because I was starting to get nervous, he picked up in two rings.

Philani: " Nyambose, Hello".

Me: " Hi, Philani, it's me Palesa".

Philani: " Do you still have food or have you changed your mind about the clothes?".

Me: " No, if you are not busy please pick me up, I know I sound crazy but a car has been following me this whole-...".

Philani: " God dammit Palesa why didn't you tell me, where are you now?".

Me: "I'm at school, scared to go out".

Philani: " Stay right where you are, don't go out I will send someone to pick you up now".

He dropped the call and seconds later he called and told me that Sanele will pick me up, thirty minutes didn't even pass Sanele picked me up

Sanele: " We meet again, how are you?".

Me: " I am good thanks".

We didn't go to that Bond house, he took me to the suburbs with fancy houses but all the houses looks the same, he told me to make myself comfortable, a few minutes later I heard voices, it was Philani, Sanele and three other guys

Philani: "Why didn't you tell me that you are being followed?".

Me: " I never thought-...".

Philani: " Thats your problem Palesa, you don't think oh God you are so stubborn, do you know what could have happened to you?".

He was shouting at me and these guys were looking

at us, I wanted to shout back at him tell him that I'm not Palesa to him, I'm his Mbalenhle

Me: " But nothing happened, I am here alive and why would someone want to hurt me?".

Philani: " The Kitchen is that way, go make yourself something to eat".

I slowly moved to the Kitchen but I stood in the entrance because I wanted to hear what they were talking about.

.

.

.

.

Voice: " This is a mess the girl could be in danger, did you go anywhere with her?".

Philani: "I picked her up at school and took her to eastgate mall".

Sanele: " Brother you have ruined everything and now an innocent person is in danger, leave her alone,

stop seeing her".

Philani: " I tried staying away from her but I can't and besides she's already in danger all I have to do is protect her".

Voice: " Brother you know the rules, no girlfriends, no dating, she will cost us everything, we can't start a war now, they already know her and now it will be our duty to protect her".

Philani: " Fuck, Fuck this all a mess, shit!".

I moved to the fridge and took out a bottle of water, what are they talking about? And how am I bringing them danger. I left the water bottle and went straight to them

Me: " I heard everything, what were you talking about?".

Philani: " If you heard everything than why are you still asking?".

Me: " I am involved here, I am the one who is being followed so don't leave me in the dark, tell me what is going on here".

Philani: " This is not the time for your drama, I said fix yourself something to eat".

Me: " I am not hungry".

Philani: " Fine go to one of the rooms and sleep"

Me: " I don't want any of that, tell me what is going on or else-.."

Philani: " Or else what?".

Me: " I will leave".

Philani: " I don't care if you leave or stay, get the hell out of my way".

I bit my right cheek to hold back tears, I stared at him waiting for him to change his mind but he didn't even say a word, I took my bag and walked out, I was walking in the middle of these beautiful houses not knowing where I was going. I was crying.

Voice: " You know if one of the owners of these houses see you here, they will call the police and you will be arrested".

When I looked it was one of the guy who were with Philani in the house,

He was driving slowly I didn't even hear him coming.

Me: " Why? I'm just walking".

Him: " Thats the problem, no one walks here, everyone drives, even kids here have cars so if you're found walking you will be seen as an intruder, save yourself and get inside the car".

I got scared and got inside his car and he drove back to the house

Me: " I want to go home".

Him: " You are safe here".

Me: " Safe from what? What is exactly going on here".

Him: " Its better if you don't know".

Me: " Why is Philani so rude, is he always like this?"

Him: " He is not rude, he is just stubborn like you. Don't mind him and at least you look like the only one who put up with his shit, give him some time, he will come around".

When I got back yesterday I went straight to the bedroom and fell asleep, Philani's not begging problem is really annoying and it hurts because sometimes I feel like he doesn't care about me but why would he care? I'm not his girlfriend. Philani doesn't do jokes but sarcasm, you can't joke with him because he will take everything serious. Like who the hell does that? Where is from, Mars?. I checked the time it is nearly seven thirty in the morning and my battery will die soon, I am lazy to wake up because I don't want to face Philani, he didn't even come to say " Palesa I am sorry for the way I spoke" No he didn't, I woke up and went

downstairs damn this house is so big, he's a policeman how can he afford such a big house with such expensive looking furniture but maybe it's not even his house. I found the guy that brought me home in the kitchen and Sanele.

Me: "Morning".

Him: "How did you sleep?".

Me: " Not bad thanks ahh, what's your name?".

Him: " Haha I'm Phelelani, Philani's brother but you can call me Phe"

Me: "And Sanele, you are also his brother?"

Sanele: "Yep, Philani is the oldest, I'm making scrambled eggs here do you like some?"

Me: "No thanks, I'm not hungry".

Philani walked in shirtless, he was wearing his grey track pants and sleepers, Lord this guy is a Goddess, he looks like an NBA player or something. He took a bottle of water in the fridge and walked out without even looking at me, he stopped and said.

Philani: "Sanele make Her those scrambled eggs,

she needs to eat".

He than continued walking upstairs.

Phe: " Philani hates wasted food, you really needs to eat".

Me: " I want to go home, I don't want to be here".

Sanele: "We don't have any say in that just eat and maybe try and talk to him, okay?"

Me: " Okay"

We ate scrambled eggs, toasted bread, bacon, and tomato cooked salad, These guys are all beautiful, hot. Phe and Sanele both look younger than Philani, today I didn't even brush my teeth, we finished eating than Sanele took the dishes to the dishwasher. They showed me Philani's room, I went there and stood outside, I did the breath in and out my heart was beating so fast. I knocked and he called me in, he was still half naked busy with a laptop in his desktop.

.

.

.

.

Me: "H-.. Hi".

Philani: " Palesa".

I stood there like a child who got caught stealing sugar, he looked at me and raised his eyebrow.

Me: " Philani, I-.. I didn't bring any clothes and I can't stay in these clothes forever and the toothbrush, un-.. underwear".

God what am I doing, this is not what I came to say, I can't tell him that I want to go home and why am I even stuttering.

Philani: " Ok, you will get that I'm two hours".

He said that and continued pressing his laptop, he stopped and looked at me.

Philani: " Is there anything else?"

Is there what? I crossed my arms in my chest and looked at him, he is the reason why I am stuck here and why my life is in danger God knows from what

Me: " What is your problem exactly? When you came

running in my door asking for help why didn't you disappear forever? Why you kept coming back to me if you are gonna treat me like shit! I am not your puppet or whatever you think I am, I hate being here, I want to go to my place, I want to live a normal life".

I said the last words in whisper, I felt like a big stone has been removed from my chest, I was proud of myself for finally standing up to him, he closed his eyes and opened them, he looked looked at me with those beautiful small Chinese eyes.

Philani: " Are you done?".

Me: " What? is that all you can say, you are so, mxm I don't even know what-. you know what, I am done here, I am done with you".

Philani: "What is exactly you want Mbalenhle?".

My anger calmed down, I stood there looking down at him, he said that whispering, he called me Mbalenhle, his one and only Mbalenhle.

Philani: " I am trying, I am really trying and you don't see any of that. No girl has ever came into my house, I broke the rules, I broke so many rules just for you.

But you know what, I can't keep you here against your will, if you want to go, go. I will make sure that No one will ever follow you again. I will tell my brothers to drive you home".

I felt Like hundreds of knives are stabbing my heart, I have never heard Philani speaking like this before, I have never seen this side of him. I wanted to say I am sorry but I also have pride that controls me.

Philani: " I am sorry for bringing so much trouble in your life, you will never hear from me again".

Me: "What? No, that's not what I meant, that's not what I want. Please don't do this".

Philani: " I am not good for you, I'm a bad guy a very bad guy and I don't want to introduce you in my world, you have a bright future, focus on your studies".

Me: "You can't do that to me, to us".

Philani: " I'm sorry if I mislead you Palesa, I never looked at you in that way but only as a friend and a person who helped me. There was never us and the real truth is, you remind me of my two little sisters".

.

.

.

.

I stared at him, failing to control my tears, I closed the door on my way out, I can't believe I was this stupid to think that he is interested in me. I looked for my bag and Sanele took me back to my place, he didn't even bother to speak to me because of the state I was in. I got to my place, put my phone in the charger and called my mom, as soon as I heard her voice, I couldn't stop myself and cried, I cried all my sorrows to her, she kept quiet and allowed me to cry.

Mom: "My Baby what's wrong".

Me: " Mom I want to come home, I don't want to be here".

I cried very loud to her.

Mom: " Palesa talk to me, don't cry like this you are hurting me, Palesa! Palesa!".

Me: " Mama I want to come home, I want to be with you mama".

Mom: "Ok my baby you can't leave school, I will come to you first thing in the morning, is that alright?".

Me: "Mama you don't understand, do you? Mama i-..".

Mom: " Ok I'm coming right now, I will be there before three in the afternoon my baby. Mom is coming don't cry too much".

Me: " Ok Ma".

I was starting to get a headache from crying, I decided to take a shower after that I wore my Pijamas and went back to bed again. Maybe relationships are not for me, I tried dating my best friend but it felt so awkward, I developed feelings for the wrong person who only saw me as his little sister. I didn't know this will hurt this much, I sent my mom my location and I'm waiting for her, I fell asleep and my phone woke me up.

Me: "Mama".

Mom: "I'm outside".

I woke up and put on my sleepers and rushed outside, I hugged her and we went to my room

Mom: "Are you done crying?".

I nodded

Mom: " Check I'm that plastic bag, I bought your favorite Lunchbar ice cream".

I took it and I took my laptop and we watched a movie, I missed this, my mom is like my friend actually everyone in our family is easy to talk to,

even my dad.

Me: "How's dad's new job?"

Mom: "He is enjoying it, he has his new office and it looks like he get along very well with his new colleagues, you know how your father is, he's a people's person".

Me: " So this year I'm getting a car?"

Mom: "What? Why would we buy you a car?"

Me: "Because your little girl that you love whole heartedly is turning twenty one".

Mom: "Haha you wish, Pali you need to focus on your studies".

Me: "Mama I am and I've been doing everything you want me to my whole life, I'm even studying nursing because you wanted me to. So please I need a car".

Mom: "You are studying nursing because you got a nursing scholarship".

Me: "I didn't want to accept that scholarship but you guys forced me to accept it and that means you guys owe me, so am am I getting that car?".

Mom: "Palesa No"

Me: " Mommy please".

Mom: " I will speak to your father but I'm not promising anything".

Me: "Thank you and thank you for coming here".

Mom: "Do you want to talk about it".

Me: "Mom is there anything wrong with me?".

Mom: " What do you mean?".

I didn't know how to explain this but I had to make Her understand what I'm talking about

Me: " I mean in few months I will be twenty one and I don't have a boyfriend, I'm a virgin and I also don't have friends.. Mom most girls in my age are married, they have babies but I'm here all alone".

Mom: "Dont ever think like that, you are beautiful and smart any guy will be lucky to have you. You will find the one actually he will find you".

Me: " Well looks don't mean anything otherwise I wouldn't be in this situation but I will just focus on

my studies and forget everything even though it won't be easy".

It will never be easy, I expected too much from this guy, he really led me on and I was stupid enough to believe that he liked me. Oh well!

Mom: " Did someone break your heart".

It's more than that, trust me, if only you knew mama, if only you knew

Me: "No, not at all, I just missed you, I felt so lonely than I broke down but I'm so happy that you are here"

Mom: " I know that you are not telling me the real truth but whatever it is I hope you will heal from it".

My mom though she always knew when I'm not telling the truth but I like it because she doesn't wanna get involved in my business, my mom cooked and God I missed her cooking, she slept over and we stayed up until late, gossiping about our neighbors and her colleagues. morning she went back home, her presence made everything feel so much better, I deleted Philani's number and this was it, moving on.

School is good, it is the only thing that is keeping me sane at the moment, all my assignments are up to date there isn't anything that I can complain about. It's a Saturday and my parents sent me money, I am going to Eastgate for some little grocery shopping. I wore my simple clothes and tied my locks and they now needs to be changed. I bought my groceries and went to McDonald's for something to eat.

.
. .
. .
. .

Voice: " Hi, Can I sit here?"

Me: "Sure".

Him: " it's so packed in here, oh sorry, I'm Thato and you are?"

Me: "Palesa".

Thato: "It is nice to meet you Palesa".

Thato stays in Bedfordview and has recently started

working as an intern as an Auditor, so he says.

We ate and shared conversations, he seemed like a very good guy, he offered to take me home but I refused because I hardly know him but we exchanged numbers. He texted me as soon as I got home asking if I arrived safely, texting and calling me became his regular thing. Thato invited me to his friends birthday party this coming weekend and I couldn't say no because my weekends are always boring.

After school I took a taxi to Rosebank and went to H&M for something to wear and I got some pretty nice outfits there, I like how my life has turned out, I am living a normal stress free life with no worries. I Thank God for introducing Thato in my life he is like a friend that I've never had.

Voice: " What are you doing here"?.

Me: "Oh hey Kagiso".

I said giving him a hug

Kagiso: "Are you alright".

Me: "Yeah I'm cool, I'm invited to a birthday party so I came here to buy something to wear".

Kagiso: "Birthday party, where?".

Me: " Im invited to a party and I couldn't say no".

Kagiso: "Ok baby girl please enjoy yourself".

Me: "Thank you, I will text you when I get home".

It was getting late and I had to return to my place, where I'm staying lots of people are staying with their boyfriends/ husbands and thank God they are all older than me, I always lock my self inside, studying or watching movie.

Thato told me that he is coming today and I made sure that my room is clean and I cooked, he knocked and I welcomed him inside.

Thato: "This place is so cozy".

Me: "Yep cozy enough for one person, I enjoy it here".

I said giving him a glass and a bottle of cold drink

Thato: "Why don't you have a roommate, most students are sharing apartments".

Me: "I was sharing before I moved here but sharing is not for me, I think I enjoy my privacy".

.

.

.

.

This guy is a really good guy to be around with, he crack jokes, he speak his mind and he is a very free person with a great personality.

They always say friends are the siblings God never gave us, I only see Thato as a friend not the person I'd date or have a relationship with. He is very attractive but not for me. Thato's company was good as always, he went back to his place and I was left alone. Friday came and I attended my classes and went back to my place, the following day was the day of the party and Thato said he'll pick me up. Around two in the afternoon I was getting ready for the party, I wore the clothes I bought, a high weighst ripple Jean bum short, a white crop top, denim jacket and my white all star I looked at myself in the

wardrobe mirror and damn I was looking good, Thato called and said he is outside, I took my bag and locked the room, Thato was also wearing Jean to Jean with a white T, I got into his car and a blue BMW blocked our way.

Thato: "What the hell is this guy doing".

The guy came out dresses in grey Nike tracksuit and white nike takkies, Philani. Oh God!

Thato: "Why are you blocking the way".

He kept quiet and came straight to where I was seated, this guy has a very strong ego and my heart started beating fast I don't know why he has such a big effect on me.

Philani: "Palesa".

Me: "Philani".

He looked at me and I looked back at him, God this guy is the death of me, after everything, every heart break he has put me through, my heart is betraying me, it's still beating so fast for him.

Me: " Why are you blocking the way?, Thato please

move to that side".

Philani looked at me and didn't say a word

Thato: "You know him".

Me: "I wish I didn't, lets go".

Philani: "Stop the car, Palesa we need to talk".

Me: "Thato don't stop the car".

Philani took out a gun and pointed at Thato

Philani: "Tell your girlfriend to get out of this car before I start shooting you".

Me: "Are you crazy? Stop it Philani!".

He didn't even look at me

Philani: "Tell her".

Thato was shaking and I felt sorry for him and got out of his car

Philani moved his car for Thato to pass, I got angry and went inside my room and locked

Philani: "Palesa open this door!".

I kept quiet

Philani: "If you don't, I will Start shooting, open this goddamn door Palesa".

If he start shooting I will lose a place to stay and I will be in trouble, I opened the door

Me: "What do you want".

Philani: "Usuya jola manje wena?".

Me: " What?"

Him: " What was he doing here at night and where were you going with him"?.

Me: " Oh so now you are following me?".

Philani: "Answer the damn question Palesa".

Me: "You can't come to my place and disrespect me, I don't know who you think you are but you can't talk to me like that. I don't have to answer anything to you, I can remind you of your little sister but that doesn't make me her. We are done here now Go".

He looked at me surprised, he didn't say anything but just staring at me, I opened the door for him

Me: " Philani please leave, tsamaya tuh"

He pushed the door and locked it, he pushed me against it and got closer to me, I was feeling his hot breath under my skin, my body started shivering, my heart beating faster, he whispered

Philani: " I am not going anywhere".

His right hand touched my back, he brushed my bare skin since I was wearing a crop top, his hand slowly moved to my thighs, I can't explain the feeling or the connection I feel between us, he looked at me and I looked back at him but his hand never stopped brushing me.

Me: "Philani".

Philani: "Hmmm".

He started biting my lower lip, teasing me, he then kissed me, his lips so soft and wet I couldn't stop myself but to moan in between the kiss. I can't compare this to anything alive in this world. He went down to my neck, I've never been kissed like this before and I could feel under my panties that I was wet, so wet. He bit my neck and I moaned in pleasure, he stopped but his head didn't leave my neck, we were both

catching our breaths, I never realized how tall he was until today.

Philani: " Mbalenhle you are mine, only mine".

There's only one place where I feel safe, where I forget everything negative in my life, where I find warmth, that place is Philani's arms. We were cuddling in my couch, listening to each other's heartbeat, this is the moment that I want to last

forever I don't want this to end and I don't want him to go back home, I need him here with me.

Me: " Philani".

Philani: "Baby"

Me: " What will happen between us now?".

He got up and sat straight

Philani: "You are mine and I'm yours simple".

Me: " You are not really good with words, does that mean we are dating?".

Philani: " Yes we are".

Me: "Just like that".

Philani: "Like what?"

Me: " You owe me an apology, you need to take me out on a date and ask me to be your girlfriend, you need to show that I'm yours and you are mine".

Philani: "Apologize for what?"

Me: "You don't know what you did wrong?".

Philani: " I don't apologize and being here means

more, it shows that you are mine, why would I ask you to be my girlfriend?, Mbalenhle you are mine and I don't need to ask that from anyone".

Gosh! Talking to this guy is like talking to a wall, I just looked at him

Philani: " I have never taken any girl out, ok fine let's go, tell me where you wanna go and I will take you there".

Me: " I don't wanna go anywhere, you know what? Let's stop all this coz I see that it won't get us anywhere".

Philani: "Are we fighting now?".

Me: "No we are not fighting".

Philani: "Thank God ".

He kissed me once more, we ordered pizza and it was delivered, Philani took the beers from his car and put them in my fridge, I was drinking a cold drink because I don't drink but sometimes I do but myself a bottle of wine, I looked at him and he looks so free and full of life, I want to know more about him

Me: "So how many siblings do you have?"

Philani: "We were a big family, seven siblings but two died in an accident".

Me: "Was your sister in that accident?"

Philani: "Both of them and now it's only us boys, I have two older brothers than Sanele and Phe".

Me: " Your parents?"

Philani: " I already told you more than enough about myself".

Me: "Why you don't like telling me about yourself?"

Philani: " Because there's nothing to tell about myself, baby please this relationship thing isn't my thing meet me half way and there are things that I am not capable of doing, don't expect too much from me".

Me: "I guess I'll have to live with that but I feel like you are not telling me something, Why was I being followed, what is going on Philani, I deserve to know".

Philani: "You are safe no one will hurt you, you don't have to worry about anything, Ok".

Oh well like I have a choice, I will not push him what matters most is that he is here with me and he is mine.

Philani went home late and called me when he got home, I was more than happy. Things were going very well and I couldn't ask for more, Philani called and said I should get ready he will come to pick me up, I wore a simple but smart outfit, he knocked and I welcomed him inside.

Philani: "Hey you look beautiful, let's go".

He said he wants to take me to his favorite place and I cannot wait, we arrived and it was pretty nice here, it's a restaurant/Bar, everything there is Art, from the designs to the food and the live band, they play Jazz music, it's chilled and you can tell that all the customers are rich, we ordered our drinks and food, enjoying the live band, it was beautiful. This whole thing is like Philani, I wouldn't expect him to take me maybe to some crazy clubs that plays very loud bangers yes this is his place and even the waiters know him. We finished and we went out to the car, we were enjoying the music that was playing

in the car, so chilled.

Philani: " Seatbelt on".

I didn't hear him clearly, he switched off the music

Philani: " Palesa I said put on your seatbelt now!".

He was now shouting, I did so than he started speeding up the car.

Me: "What the hell are you doing?".

.
.br/>.

He ignored me, he raced so fast and I thought in that moment I was going to die, when I looked at the back a car was following us, speeding after us, I heard a window breaking, A Gun shot!

Me: "Philani what the fuck is going on?".

He raced to fast and then stopped, he turned his car and now these cars were facing one another, he was speeding going straight to that car.

Philani: "Put your head down".

He took a gun and started shooting, I have never seen such a thing in my whole life but only in movies, he fired the gunshots and I was screaming very loud, he stopped the car.

When I raised my head up and opening my eyes, the other car was in the other side of the road, he got out and went straight to that car, he fired maybe three gunshots and took something than he came back to the car. The drive was silent and he wasn't saying anything, I was scared of him, I found myself asking so many questions, how can I love him after this. He stopped the car and he told me to follow him inside, this building inside was only offices, we found a very beautiful lady, dressed in a black short dress and her Brazilian hair was on point

Philani: "Amanda take a look at this give me a feedback now".

Oh her name is Amanda, she's really beautiful, she opened an envelop and started typing on her laptop. Philani didn't ask how I was feeling after what

happened, he didn't even look at me.

Amanda: "I got it sir, it's a ah".

She looked at me

Philani: "Palesa please give us a moment".

I gave him the " What the fuck look"

Philani: "I said give us a few minutes".

I left him and went to his car, I found myself crying and I don't even know why, a few minutes later he got back and didn't even look at me. I don't understand him, one minute his fine and the other his attitude completely changes

Me: "Please take me to my place".

Philani: "Not now Palesa please".

I kept quiet and we arrived to his fancy house, I found all four of his brothers

Philani: "Palesa please give us a moment".

Me: "Sanele please take me home".

They all looked at me, Philani took my hand and led

me upstairs, he was dragging me like the three year old kid, he closed the door

Philani: "Look I have more big and very important issues to deal with just stop with your drama and stay here".

Me: "Why are you making your problems mine? Huh? I said I want to go home, now!".

I opened the door but he blocked me and closed it, I pushed him and he fell down, he looked at me shocked because he wasn't ready, he got up and looked at me in disbelief. He slapped me on my face and I slapped him back, I won't allow him to ever touch my face like that!, He held me by my jacket and threw me in his bed like a stupid useless pillow, he slapped me and I cried in pain

Me: "Philani stop! Stop it!"

Philani: "No women ever talks back at me or touch me, when I talk you listen and do what I tell you to do, understand?".

Me: " I understand".

I said that in between tears, he walked out and closed the door, I cried and cried until I fell asleep. I woke up to check the time and it was around five in the morning, I got up but my whole body was sore, I checked myself in the mirror and my eye was black, my face swollen. I went to the Kitchen to get ice maybe it might help and I found him in the kitchen, he looked at me

Philani: "Let me see, I will go to the pharmacy and get you medicine, you will be fine".

This man is not remorseful, I looked at him and didn't respond

Philani: "Fine I will take you home".

That was good news, He took his car keys and we went to his car, the drive was silent and I was again heart broken, he didn't apologize, he left me at my place and I took a bath than looked at my self in the mirror, it wasn't that bad a little make-up here and there will help. I got into my bed and fell asleep, a knock woke me up and it was Philani

.

.

.

.

Philani: "Baby".

This guy, he beat the hell out of me and than has the audacity to call me "Baby", I ignored him and he gave me a brown paper bag with medicine inside

Philani: "You will apply this cream on your face and these pills will help you with the pains".

I didn't say anything I just looked at him, I thought about my love for him and even after all this I still love him more than anything else, he looked at me and I could see the pain in his eyes, he got closer to me and I moved back avoiding his touch

Philani: "Mbalenhle you will be fine sthandwa sami, I am sorry, I don't know what came over me, I'm a mess, I'm broken beyond repair. I have-.. baby I am sorry I promise to never do this to you again baby I promise".

Me: "It all starts like this, I don't wanna be your

punching bag Philani, if this is what you call Love than I don't need it, I only need you to love me not to abuse me".

Philani: "From now on I promise to be honest to you, I will open up to you about all my problems, you are the only thing that makes sense in my life and I don't want to lose you, I love you, I love you so much and I have never felt like this before. I need you by my side, I admit what I did is wrong baby I am sorry".

My heart melted, these are the words I wanted to hear from him, he surprises me each and every day, I don't know this side of him and I'm happy that I know it now. My Philani.

I don't want to be the victim of abuse but I don't want to lose Philani, I'm glad that he realized his mistakes and apologized. I am so in love, I have known him for such a short period of time but it feels like forever. He keeps a lot from me, Philani is rich so rich, no police is rich like he is, I don't know where he get the money from and I don't want to question him. He picked me up from school and took me to the office.

Me: "Is this your office?".

Philani: "It's a family business not mine, wait here in the reception, I'm coming".

I waited and he went inside, I took a magazine that was there and read it.

Voice: "Mr Mthethwa said you can come inside".

When I looked up, it was that beautiful Amanda girl, I murmured a thank you and got inside

Philani: " What would you like to eat?".

Me: "I'm not hungry".

Philani: "I think Nando's will be fine and an orange

juice for you".

Me: "Philani I said I'm not hungry".

Philani: " You need to eat, you lost a lot of weight in these past few weeks".

He is so controlling, He called Amanda and told her to order something to eat for us and for her

Me: "I don't like the way you look at her".

Philani: "And that is".

Me: "Like you are ready to eat her, you have never looked at me that way".

He closed his laptop and looked at me, God my handsome man

Philani: " How do you want me to look at you?"

Me: " Philani Come on".

Philani: "You brought this up so we need to talk about it, how do you want me to look at you?"

Me: " Like you look at her".

Philani: "You are not explaining anything to me".

Me: " Were you dating her?"

Philani: " You are my first girlfriend, I told you that before".

Me: " Have you ever had sex with her?".

Philani: "I've had sex with many girls".

Me: "And her?".

Philani: "No, Are you jealous? Or maybe you feel threatened".

Those words did hit the nerve

Me: "N-no".

Philani: " Than what is your problem with her, you don't even know her".

Me: "You know what, I need to go home".

Philani: " Like really now?".

Me: " Yes like really".

Philani: " It looks like you will have to wait because I'm busy here and you still have to eat, you can't go home without eating".

Me: "I don't need your food".

Philani: "Baby I know but you will eat, I don't like wasted food, Now sit and stop being a baby".

He opened his laptop and continued typing, sometimes I really want to be babied, I really want him to beg me, explain things to me with long paragraphs. Amanda came with food.

Philani: " Ama, you can join us".

Ama? He has never shortened my name, No matter how happy he is

Me: " So you also eat lunch with your employees?".

Philani: "There's a lot you don't know about me Baby, let's eat".

I looked at him like WTF

Amanda: "I have a few calls to make Mr Mthethwa, I will eat on my desk".

Philani: "No problem".

He looked at me

Me: " What?".

Philani: " You made the poor girl leave".

Me: " Me? I didn't do anything my love, let's eat before the food get cold".

Philani: " You never cease to amaze me miss Mkwena".

He smiled and we ate our food in peace, Later he took me home and took out his shoes and relaxed on my bed

Philani: " Sthandwa sam', I think I should find you a bigger place next to your school or you can move in with me".

Me: "No thank you, this place is enough for me and besides I can afford rent".

Philani: "I can pay your rent and if you stay with me you won't have to worry about anything, you won't even spend your monthly allowance".

Me: " No thank you".

Philani: "Baby here the toilet is outside and a shower, it's not healthy at all".

Me: "Philani please don't try to change my mind".

Philani: "Ok tell me when you decide to change your mind"

.

.

.

The following day after school I decided to take a taxi to Philani's because schools are closing and I have to go back home the following day, the taxi dropped me by the gate and I got inside, Amanda was not at the reception so I went straight to his office, I pushed the door open and there he was on top of Amanda, Amanda was naked.

Philani: "Baby, please don't go".

I couldn't control my tears, they came out uncontrollable

Me: "I'm sorry for disturbing you".

I ran out of the office, one thing I've noticed is that always listen to your instincts, I had the feeling that there was something going on between them but

because I trusted him with my life I pushed away those crazy thoughts, I got a taxi and I was crying in the taxi, I didn't care about the people inside, the taxi dropped me in town and I had to walk to get to the other taxis that will take me to my place, I calmed my self down, when I arrived at my place Philani was already there, I ignored him and opened the lock, he pushed himself inside my room

Philani: "My Love that's not what you think".

Me: "Ok".

Philani: "We have never dated but we do sleep together, I mean we did but as soon as I met you we stopped, I don't know what happened today but it was a mistake, a very big mistake".

Me: "Ok".

Philani: "Mbalenhle please say something".

Me: " My name is Palesa, Pa- le - sa not Mbalenhle".

Philani: " Sthandwa sam' please don't do that to me, to us".

Me: "Philani you have never touched me sexually,

you always kiss me, you have never tried to have sex with me and now I fully understand why".

Philani: "I was waiting for the right time baby, I know that you have never had sex before and I respect that, that's why I didn't want to rush you in doing things you are not comfortable with".

Me: " Who said I didn't want to have sex with you? Philani I now understand that I'm not your type, I'm not a mini skirt or high heels girl with long Brazilian hair, I am Palesa with an Afro and fox locks, I can never be like Amanda, I can never turn you on by just standing next to you".

Philani: "You are exactly what I need, you are beautiful, smart, educated and you have the most amazing body, I am lucky to have you don't ever think that you are not enough".

Me: "Good for you than, I'm sorry for disturbing you"

Philani: "Baby please-.."

Me: "Dont you dare touch me with those dirty hands, Go home and bath Philani you smell like a river full of sperms, get out".

He looked at me and slowly walked out, I closed the door and cried, I took out my phone and told my brother to fetch me, I packed my clothes that I will need for these short holidays. My brother came and we went home.

Dad: "I missed you so much my baby".

Me: " I missed you more, let me settle down so that you will tell me everything about your new office".

Dad: "Haha You wouldn't want to know".

Mom: "I met his colleagues last Wednesday they are so funny and young".

Me: "I will come with you to your office tomorrow daddy, I want to see it and your new colleagues".

Dad: "These boys are so naughty, I don't want you near them".

Me: "Haha come on dad".

It was fun to be back home and I missed everyone so much. Philani kept calling me and I ended up switching off my phone because I didn't even want to think about him, I went to Dads office and the

people there are so much fun to be around with, it's a Saturday morning and I'm still in bed, I miss this

Kamo: ""Hey sis wake up, someone is here looking for you".

Kamogelo is my younger sister

Me: "Who?"

Kamo: "Come and see for yourself".

I got up and put on my sleepers and went to the Kitchen.

Mom: "Oh there she is, Your professor is here, he wants to talk about your practicals".

Me: "Practicals?"

Mom: "Yes, since its your third year and next year you are doing your last year, you need to spend more time at the hospital, here take these to the dining room, he is there".

I was really confused, I took the juice and glasses when I got inside the dining room it was Philani's older brother, Scebi.

.
. .
. .

Scebi: "Will you please excuse us".

Mom: "Of course, of course".

They left the room leaving us

Me: "What are you doing here?".

Scebi: "Philani needs you".

Me: "Well I don't".

Scebi: "We are going now Philani is fighting for his life and we can't take him to the hospital, he needs you".

Me: "I am not a doctor, please leave".

Scebi stood up and went to my parents, he took out a letter and gave them

Mom: "Pali you need to go, this letter says if you fail to work during the holidays, you will lose your

scholarship".

Me: "What? Give me that letter".

I read the letter and these bastards faked everything in there, it looked concrete and professional. My so called "Professor" offered to give me a lift, my parents are so ignorant, they should have asked him more questions, No professor visits the student? I packed my bag and went to Scebi's car, I didn't even bath, I just changed my pajamas, we got into the car and he started driving, he kept quiet and didn't even look at me, the drive was silent and we arrived at Philani's house.

Scebi: "The doctor took the bullets out and left him in the stable condition, so you need to take care of him".

Me: "Where the hell is his girlfriend? I am not his girlfriend and I have no business with him, I won't do anything".

Scebi: "Are you done?".

What the hell is wrong with these guys and being rude?

Me: "I need to go home now".

Scebi: " Philani did mention you have drama but I never thought it was this annoying, I'm sure you know his room and please stop making noise, he needs you please".

Me: " I hate you all, you disgust me".

I went upstairs to his room and he was lying there in bed lifeless, I don't wanna lie I love him and I hate him, I got closer to him and looked at him, I wanted to punch his beautiful sleeping face but I stopped myself, is he a gangster or a hitman? Why they always shoot him, I felt tears coming out, he can be a bastard but I always have a soft spot for him and I love him.

It's been two days now since I came here and Philani hasn't woken up yet, I'm feeling a little bit nervous now, I want him to get better. No matter how much a person can hurt you but never wish bad things on them. Philani has hurt me but it hurts me to see him go through so much pain. I haven't seen Any of his brother's but I'm enjoying my own company. I finished changing Philani's bandages and I went downstairs for something to eat, I was so starving, I got to the Kitchen and found people talking I didn't even check who they are, I just turned back but they stopped me, a very beautiful women who is maybe in her early 50's stopped me.

Her: "You must be Palesa, right?"

I looked at Phe but he looked the other way

Me: "Yes Ma'm".

Her: " Dont be scared, I'm Mrs Mthethwa, Philani's mother".

Philani's mother? Philani never mentioned that he has a mother, not even once

Me: " Its Nice to meet you".

Mrs Mthethwa: " I have never ever met Philani's girlfriend, not even once but my son has a very good taste, you are very beautiful".

Me: " Thank you but I'm not dating your son".

Mrs Mthethwa: "Is it? Well I'm sorry my child but if you are not dating than what brings you here?".

Me: " Your Son Scebi forced me to come here, I don't mean to be rude Mrs Mthethwa but I don't want to be here, please excuse me".

I don't care if I sounded so disrespectful but this was suppose to be the time that I get to spend with my family not locked up in some big mansion taking care of the dying ex boyfriend, that doesn't even make any sense, I did the same the following day, taking care of Philani, I called my mom than I went back to Philani's bedroom but he wasn't up yet, I decided to go to the room which they gave me for some sleep.

I woke up around eight at night to check on him and I found all his brothers and his mom there with him awake, I stood at the door because I didn't want to

disturb this family moment, they turned and looked at me

Mrs Mthethwa: "Come in, don't just stand there by the door".

Me: " No, I'm sorry I didn't mean to disturb, I came to check on-..".

Mrs Mthethwa: "He is awake now, oh thank you lord".

Sanele: "Dont forget to thank Palesa, she's also our Lord for taking care of the Brazo".

Mrs Mthethwa: " Haha you can say that again".

Philani: "How are you?".

I looked at him and didn't respond to him, they all looked at me but I didn't say a word, this guy has destroyed me in so many ways, being cheated on destroys you as person. I walked out of the room and i requested an uber, I never took my clothes out of the bag and the dirty ones were in the handbag, an uber was outside and I took my bags and went out.

Mrs Mthethwa: " So you were going to leave without

telling anyone? Where are your manners young lady?".

Me: "I am sorry but I thought-.."

Mrs Mthethwa: " You thought wrong, Come back and say goodbye to all of us, you can't just walk out in somebody else's house without letting them know".

She really had a point

Me: " But the car is already waiting for me outside".

Mrs Mthethwa: "There are plenty of those in this house, Sanele! Go pay the guy outside and tell him to go back wherever he came from".

I looked at her surprised, this women is rich, you can tell by just looking at her, her clothes, her weave, her shoes and nails. She has it all, the dining table was prepared with different dishes of food, they also helped Philani to come to the table, when I looked at him all the hate,love and heartache came back.

Me: " Mrs Mthethwa thank you for your hospitality but I really have to go".

Mrs Mthethwa: " Please eat first, I have never saw

you eat ever since I came in this house".

Me: "I would really love to but I can't stay, I have to go home, school is opening in a week so this little time that I have I really need to spend it with my family".

Philani: "Palesa don't be stubborn, listen to mom and eat and it's late now, you can go back home tomorrow".

I looked at him, who the hell is he to tell me what to do

.

.

.

.

Me: " If you don't want to go back to that bed for another three days you will learn to mind your own business".

His Mother laughed.....

Philani: "Palesa just stop bei-.."

Me: "Stop being what exactly Philani? You are with your family here and I need to go back to mine, your brother forced me to come here, isn't that enough? You are better now so why should I continue staying here".

Philani: "That's not what I meant, Palesa it's almost nine at night and from here to Daveyton is two hours or more, what will your parents say when you get home at that time?".

Me: " What they will say won't matter as long as I'm home, I just hate seeing your face, I'm not asking anything from you, I just want to go".

Philani: "Fine, Go, your money will be deposited first thing in the morning".

Me: "What money?".

Philani: " For taking care of me".

Me: " I hated every single minute of it, I am here because I didn't have any choice and I don't need your money, ke shap ka yona Philani. Mrs Mthethwa I am sorry but I have to go, I am very sorry I don't mean to be disrespectful or rude".

Mrs Mthethwa: "I understand my baby".

She smiled at me and I requested taxify this time, these people make me sick and I'm tired of them

Me: " Guys I have nothing to do with you or your brother please stop making me your personal nurse because I'm not, stay away from me. Please let me live my life in peace".

I closed the door and waited outside, one thing I've noticed is that if you keep quiet these people will take advantage of you, I'm tired of these Mthethwa guys and I now hate all of them, the taxify took me to my place, I slept there and in the morning I woke up and 50 000 was deposited in my bank account, I went to the bank and luckily the money was transferred, I asked the bank to transfer the money back to it owner

Bank Teller: " I am sorry ma'm I'm afraid we cannot do that".

Me: " You cannot do what? I don't know that money and maybe it's someone who is a fraudster who decided to use my account, I am not safe here,

please find out who this account belongs to and transfer it back to it owner".

Bank Teller: " Ok I will try to do that".

Me: "Please don't try, do it now and I'm closing that account I need a new one".

I know I was rude but I was angry, Philani's brother took advantage of me just because they have money to bribe me? They changed everything and at least I was feeling much better, I don't want anything to do with these guys. I went back home and I thought maybe I will get a call from Philani but I didn't, the holidays ended and I came back to my place. Things were going well and I should be happy that Philani wasn't in my life anymore but I was not happy, I was heart broken, I blamed myself for trusting him that easily, I couldn't believe how stupid I was. School started and after my classes I went to the bus stop than there the police car was, I ignored him, he came out and came straight right where I was.

Philani: "Hi".

I ignored him

Philani: "Palesa we need to talk".

Luckily the bus came and I left him there, I took a sit and took out my headset and someone sat next to me. Philani!

Philani: "Please Palesa just hear me out, please".

Me: "Everyone is looking at us, get out Philani I don't want to talk to you".

Philani: "Fine, you leave me no choice".

He stood up and asked for everyone's attention

Me: "Ok I'll get off now but I'm only giving you one minute".

We got out the bus

.

.

.

.

Me: "Talk".

Philani: "God I hate this begging thing, I'm not even

good at it".

Me: "Philani I'm sure you didn't get me out of that bus to nurse your ego".

Philani: " Baby what you saw in the office was a mistake, a very stupid mistake that will never be repeated again please believe me".

Me: " What you did in that office is not my business anymore Philani".

Philani: "Why did you return your money".

Me: " It's your money Philani not mine, if I came to help you willingly maybe I was gonna take the money but no thank you.. Philani I don't want you, I have moved on and please disappear and leave me alone".

Philani: " Is that what you want?".

Me: " That's exactly what I want".

Philani: " Ok, ok, Palesa I want you to listen to me and listen very carefully".

Oh here we go again!!!!

Me: " I don't want to listen to you, I want you to leave me alone, please".

Philani: " I listened to you more than enough Mbalenhle, Mbali yami and I think I have given you so much space but now I'm back in your life, I love you and I'm not gonna let you go that easily, you are mine Mbalenhle, yes I make mistakes and no one said I'm perfect. I only asked two things from you, to meet me half way since I have never been in a relationship and to love me, I never said I won't make mistakes, I was tempted and I promise not to allow temptations to get in to me again. I deserve everything you are doing to me right now but I won't allow you to leave me".

Me: " Well I'm sorry but I can't be with you anymore, I am fine without you".

Philani: "Do you still love me?".

I kept quiet

Philani: "Look at me in the eyes and tell me that you don't love me anymore".

Me: " I don't want to be with you Philani".

Philani: "You are not answering my question, you will learn to be with me, I fight for what I want and I always get what I want and right now I want you, I need you so don't think that I will leave you alone".

Me: " Philani please stay away from me, I don't love you anymore".

I said in between tears, crying, he looked the other way and Than back at me

Philani: "You don't love me?".

Me: " Yes I don't".

He looked hurt, very hurt, I was crying and looking down, I could feel that he was looking at me, I fixed my bag and left him standing there.

Philani: "Palesa wait!".

I didn't wait but he ran to me and held my hand

Me: " Let me go".

Philani: " I won't Let You go, I will never let you go Mbali yami. You are my Mbalenhle, my love, my everything. My life was useless before you came into my life but you came and gave me the reason to live,

I love you sthandwa sami, please give me another chance, please Ma Mokwena, please my love".

Me: " Philani, I need to think about this I need-.."

Philani: " Marry me Mbalenhle".

Me: " What?".

Philani: " Please Marry Me".

I stood there looking at him, is this guy crazy? He

wants to fix his wrong doings by marrying me?
Another flash crossed my mind, I have never been asked for a hand in marriage, if I don't accept this what if I'm creating bad luck for myself in the future but those are just myths right?

Philani: "Talk to me, please say something".

Me: " I love you Philani so much and even if I try not to but I can't, you are the only person that I've loved this much but I can't marry you".

Philani: "At least think about it".

Me: "There's nothing to think about it, I can't marry you".

I turned and walked to the taxis since more than two buses have left me, my place was a mess and I didn't even bother cleaning it, I just threw myself on my bed, so many thoughts were crossing my mind. I love Philani so much but we haven't even dated for three months but already he wants to marry me, I moved too fast, I expected too much from him forgetting that I don't even know him that much, I fell asleep and I always forget to eat when I'm alone, I

just don't get hungry. The next day I didn't feel like waking up for school, I did my laundry and cleaned the room and fell asleep again, I should be happy but I was hurt my heart was broken in so many pieces. My phone rang and it was Kagiso.

Me: "Hey you".

Kagiso: "Hey love why aren't you at school, I looked all over for you".

Me: " I just needed a day off man but I'll come tomorrow".

Kagiso: " Are you alright?".

Me: " Yeah I'm good, Why?".

Kagiso: " You don't sound so convincing, send me your location".

Me: " KG I am fine please believe me, you don't have to come all the way down here".

Kagiso: " Ok I've never been to your new place, send me your location and please cook I'm so hungry, you better start cooking now".

Me: "Geez ok, I'll send it now".

I hung up and sent him a location, I started cooking, in thirty minutes he was at the gate and seeing him here made everything better, I finished cooking and we started eating. I ended up telling him about Philani

Kagiso: " I can see that you really love him".

Me: "I do and I don't, I don't know what's going on with me".

Kagiso: " Just give yourself time to think about it and don't make any decisions yet, if he loves you he will wait for you, trust me and he will never give up on you".

Me: " I think it's easier said than done".

We caught up and watched movies, my mom called me.

Me: " Mama".

Mom: " In two weeks it's your birthday and we are thinking about your birthday sweetheart".

I screamed and looked at Kagiso

Me: " Really Mom?"

Mom: " Why not? You only turn twenty one once so baby you deserve this birthday and more, you have made us the most proud parents on earth".

Me: " Thank you so much Ma".

Mom: " You will send a whatsapp telling me what you want or do not want than we will organize it, we don't want you to miss out on your school work".

Me: "Ok I will do that, I love you bye".

I hung up and turned to Kagiso

Me: " Can you believe it? My parents are organizing my twenty first birthday".

Kagiso: " Really?".

Me: " Yeah and I wish I'm there to organize it, my mom will just do everything in her own way not mine".

Kagiso: "Let me just save the day, since I'm an even organizer maybe I might help".

Me: " Really".

Kagiso: " Why not?".

Me: " I have a test on Monday so please try to go home on weekend I will tell my parents because I have to study on weekend".

Kagiso: " Anything for you".

My entire mood completely changed, Kagiso went back to his place and I just fell asleep. In the morning after freshening up I wore my legging and spongebob Jersey and my Nike takkies and attended my classes, my classes finished early than I went to the salon to wash my fox locks, I don't want to change them now since its my birthday in two weeks, let me rather change my hair style on my birthday, they take so long to dry up, I was in the dryer reading a magazine when my phone rang, it was an unknown number.

.

.

.

.

Me: " Hello".

Voice: " Hello Palesa it's Philani's Mother, How are you?".

Me: " Oh Mrs Mthethwa, I am good and how are you?".

Mrs Mthethwa: " I am good, I have never thanked you for what you did for my son but I want to make it up for that, Why don't we meet tomorrow for lunch?".

Me: " Mrs Mthethwa you don't have to do that,-..."

Mrs Mthethwa: " I really want to, I will send one of my drivers to pick you up from school, is that ok?".

Me: " That won't be necessary, just tell me where and I will come".

Mrs Mthethwa: " You are a very impossible girl Palesa, ok we will meet at Maboneng PataPata, let's say around two".

Me: " No problem, I will see you tomorrow".

My heart started beating fast now why would she want to meet with me coz I'm sure it's not about what I did for Philani, I finished and my hair looked as brand new, I went home and on Friday's my

classes finish early, I went back home and I checked my clothes, Why would I even wear something fancy, I wore my adidas black and white leggings an adidas sweater and superstars, I tied my locks in a bun and took my bag, I was simple but smart, thanks to my body, I took a taxify from my place to maboneng it's R20, I arrived and there she was talking to a phone, geez her Gucci bag was to die for, everything about her is fancy and perfect, she waved at me and I went to where she was, she dropped the call

Mrs Mthethwa: " Thank you so much for coming, you look even more beautiful today".

Me: " Thank you".

The waiter came and she ordered a cocktail while I ordered an Apple juice and I told her I wasn't hungry because I didn't want the ' Mthethwa Money' to be spent on me

Mrs Mthethwa: " Thank you so much for taking care of my boy, these boys don't like hospitals but luckily enough you were there to help".

Did she mean 'luckily enough my other arrogant son

forced you to take care of him' I just looked at her and I haven't even touched the juice she bought for me

Mrs Mthethwa: " I know maybe it was hard for you but thank you my baby".

Me: " Mrs Mthethwa i-..."

Mrs Mthethwa: " Oh please call me Mom, you are the same age as my younger son, Sanele so please call me Mom".

Me: " I didn't take care of Philani because I wanted to, it's because I was forced to, three days in that house felt like three years".

She smiled at me

Mrs Mthethwa: " That's what I like about you, you speak your mind, I wonder how you and Philani stand each other because he is so stubborn just like you are".

Me: " I'm not stubborn".

Mrs Mthethwa: " That's exactly what he says but don't worry I now see why he can't stay away from

you and all my boys like you for their brother".

Me: " It's sad that Philani and I are over and we will never get back together".

Mrs Mthethwa: " But why Palesa, you look good together and I can see that you love each other. These days he doesn't even eat, he is always working day in and day out, please at least speak to him".

Me: " Ma, your son can't close his pants".

Mrs Mthethwa: " Mthethwa Man are like that My child and in fact all man are like that, you can't break up with your man because of another women because even the next man you'll find will also cheat".

Me: " No, I can't stand being cheated on, he has never slept with me but he sleeps around. That shows that he doesn't love me".

Mrs Mthethwa: " Oh so I now see where the problem is here, who told you that the love is shown by having sex? He respected you enough not to have sex with you before marriage".

Me: " But it's still the same".

Mrs Mthethwa: " No it's not the same, if his intentions were to use you, he would've slept with you and dumped you like that but he didn't, but I'm sure you will get yourself a perfect man who will runaway when he sees girls".

Me: " Philani is so stubborn and he wants everything to go his way".

Mrs Mthethwa: " Just like you but that's not why I called you here".

We talked and she is a very nice person, I even told her about my birthday.

.

.

.

.

I went back to my place and thought about everything that Mrs Mthethwa said but there's no way I'm allowing his son to come back into my life no matter how much I love him, I wore my pajamas

and got inside the blankets, I heard a knock and I got up to check who it was, it was Philani wearing his navy and white Gang tracksuits and a straight cap, he is so good looking.

Me: " It's late, what are you doing here?"

Philani: " It's good to see you too Palesa, Why are you always fighting".

I looked at him

Me: " I'm not fighting I'm trying to sleep".

He came inside and locked the door

Philani: " Ok sorry for disturbing you but I heard my mom saying you didn't eat today so I brought these for you".

Me: " I don't want your food and I'm not hungry".

Philani: " Well I don't have any plans tonight so we can play this game the whole night".

He took my laptop and started scrolling through, the nerves of this guy

Philani: " Eat Palesa".

This guy never gives up, I took the piece of meat and it was delicious, I ate until I was full, no one was talking to each other, I got inside the blankets and I don't know how I fell asleep, when I woke up, Philani was there sleeping in the couch, my couch was very cheap so it's not comfortable enough to sleep on it, I checked the time and it was around one in the morning.

Me: " Philani, Come to bed".

He got up and took out his Jersey and pants, he was left with his vest and boxers

Me: " You sleep on your side and I sleep on mine".

He rolled his eyes at me, we drifted to sleep, I was warm so warm that I didn't even want to wake up, I opened my eyes and I was in his arms, he was looking at me

Me: " Why are you looking at me".

Philani: " You are so beautiful, do you know how hard it is to stay away from you?".

Me: " Dont start, time is up, it's time for you to go and

please don't argue".

Philani: " No problem".

No problem? I expected him to argue or something but he didn't, I was a little hurt, does that mean he doesn't love me anymore? Coz the Philani I know would have said he is not going anywhere, he got dressed and I was in bed looking at him

Philani: " You know this is the last time, I'm leaving you".

Me: " What do you mean?".

Philani: " I'm giving you a week to think about us and now that I'm sure about your feelings for me, I'm not backing down on my plan".

Me: " What's exactly are you talking about?".

Philani: " You will never break up with me, because we both love each other".

Me: " And who exactly told you that I love you?".

He looked at me and he undressed

Me: " What are you doing?".

He was only left with his boxers, he got inside the blankets and looked straight at me, my heart started beating fast, he put his warm hand under my pajama vest and moved it slowly

Me: " Philani what are you doing?".

I don't know how but the question came in whisper, my body was responding so fast longing for his touch, I could feel his hot breath in my neck, I wanted him to kiss me, I opened my legs for him to fit perfectly in between them, he continued brushing my belly than he stopped, he got his face closer to mine our lips almost touching, I closed my eyes waiting for him to kiss me but he got up and put on his pants, I was confused I didn't say anything, he dressed up and put on his takkies, he came closer and looked at me

Philani: " You say you don't want me but your body says the opposite, Have a good day Mbali yami".

He kissed my forehead and left, I have never been this embarrassed in my entire life.

Maybe I'm obsessed or crazy because I can't stop thinking about him, I wrote my test on Monday and it was ok, I went back to my place and I called my mom.

Mom: " Pali"

Me: " Mama how are the preparations going?"

Mom: " Kagiso is doing a very good job and everything is going well"

Me: " Ok I will see you on Friday"

°°I cannot wait to go home on Friday, this weekend it's all about me, everything is about me, my twenty first birthday, you only turn twenty one once so no one can blame me for being this happy, I have never heard from Philani, he doesn't call me and my pride doesn't allow me to. My week went pretty well, after my classes on Friday I couldn't wait to go to my place and pack my bags for my birthday long weekend, Philani came at the bus stop and he didn't have to call me I went straight to him°°

Me: " You should stop coming here with these expensive cars people will start thinking I'm dating blessers".

Philani: " As long as I'm your blesser, I don't see anything wrong".

Me: " Please don't feel so special".

Phalani: " Haha get in side".

I got inside the car and he drove off

Me: " Where are we going".

Philani: " Patience My love patience".

Me: " Philani we are not dating so please stop calling me with all these pet names".

Philani: " You always want to ruin my mood but I forgive you".

I kept quiet and we drove to Sandton, he parked the car and we went to the BMW Garage, I'm not really a fan of cars but I do like them

Philani: " These cars are so beautiful ain't they?".

Me: " And expensive too".

Philani: " Money is not a problem my love".

Me: " Besides being a policeman what other jobs do you do?".

Philani: " Manufacturing and taxi business".

Me: " But who manages the businesses when you are doing your police job?".

Philani: " My family, I think this car is perfect".

Me: " So that's where you get all the money from? I mean look at th-..".

Philani: " I don't like talking about myself, you know all my family now and that's enough".

Me: " But you promised to tell me everything".

Philani: " You dumped me remember? So I can't tell my Ex everything about me".

I swallowed hard, he's telling the truth though

Me: " Than why am I with you now if you don't want your ex's to know about you?".

Philani: " I needed some company and besides I'm the only one who can put up with your annoying 99 questions so be glad".

Me: " I hate you"

Philani: " Really?".

Me: " Yes really".

Philani: " The funny thing is: You didn't say that you hate me the other day in your room but instead your

eyes were telling me that you needed me".

Me: " Mxm Dont feel so special".

Philani: " Oh really now? Palesa we both know that you want me, you can't even stand to see me half naked".

Me: " Maybe it's the other way around"

Philani: " Ok, I don't like theories I'm more of a practical person, let's go to your place now".

Me: " Philani just stop it".

Philani: " But you like it, you should see your face right now".

Than he laughed, I didn't find a joke in everything that he said

Me: " Wow this car".

Philani: " Do you like it?".

Me: " I love it and the colour, wait for me till I start working, you'll see me in it".

Philani: " It's the new BMW 4 Series Coupe`, They say the experience is good, let's take it for the test

drive.

Me: " I don't know how to drive"

Philani: " don't worry I'll drive".

Me: "It's not necessary and why exactly are we here?".

Philani: "I need a new car but I think after seeing these I've changed my mind".

Me: " Ok by the way I have to go home".

Philani: "Ok I'll drive you to your place but not to daveyton".

I don't really understand why we even came here in the first place, we went to my place and I started packing.

Me: "Please take me to the taxis".

Philani: " Request an Uber I will pay".

Me: " Geez it's so expensive sorry I won't".

Philani: "That's why I'm saying I will pay".

Me: "Ok but I will pay you back".

Philani: "You are so difficult".

.

.

.

.

I requested an uber and it came, I can't believe that he paid so much but I think those are packs of having money. I got home and the vibe was so amazing.

Kagiso: "Ok babe your outfit, we bought three but you will choose one".

Me: "When did you come here?".

Kamo: "He never left but I love his company".

Me: "I thought you went back to your place on Monday".

Kagiso: "I love your mom's cooking and your dad's jokes so I don't see why I should leave".

Me: "Ok but these outfits are all so beautiful, I don't know which one to choose".

Kagiso: " Take all your time and do the fitting first".

I fitted the outfits and they are all so beautiful but I think I'll make my decision in the morning

Kagiso: " How's Mr P".

Me: "Dont even ask, he's still stubborn and hot and I don't want to talk about him, I want to see the decor outside, come".

The stretch tent was up and I could feel that everything was going perfect

Me: "Mom, the music will play until morning so please don't come out here and start with your drama".

Mom: "Morning? No that will never happen, the neighbors will complain".

Kagiso: "It's their problem not ours, it's the twenty first, we can't go to sleep at seven".

Mom: "Ok but I don't need any complaints".

Me: "Thank you".

We chilled and talked, Kamogelo was unbraiding my

Fox locks, My Brother came home with his friends from work, we chilled together while they were drinking their beers, I noticed something different with Kagiso, is he dating my little sister? Coz if he is I'm going to kill him, I dragged him to my room

Me: "Speak".

Kagiso: " What now".

Me: " Why are you acting different, are you dating my little sister?".

Kagiso: "What? God no, I will never do such a thing".

Me: "What is it than?".

Kagiso: " Nothing, you are just seeing things".

Me: "Kagiso I know you and I'm hundred percent sure that I'm not seeing things".

Kagiso: "Ok fine you are gonna find out anyway-.."

Me: "Oh My God! She's so young Kagiso, how can you do something like this? She's a child.

Kagiso: " Woah, wait for me to finish, I'm kind of like in a relationship with your brother".

I laughed so loud but when I looked at him he wasn't laughing, he was dead serious

Me: "You are serious? But how? I thought you are straight and my brother is also straight".

Kagiso: " You assumed that I was straight, look we dated for like two minutes, Palesa you are beautiful and you have a body to die for but I broke up with you, Why didn't you ask yourself why?".

Me: "It's because I'm more like your sister".

Kagiso: "Wrong, I'm attracted to guys Palesa and your brother is to".

Me: "No! Not my brother".

Kagiso: "Palesa please".

I rushed to the tent and called my brother to my room

Me: "You are Gay?".

Sphiwe: " Stop shouting Mom will hear you".

Me: " And it's a secret?".

Sphiwe: " Palesa I said calm the fuck down and I

don't have to explain anything to you".

Me: " Ok fine.. Mom! Mom!"

Sphiwe: "Stop it, Why are you calling her?, ok fine I'll explain everything to you but please don't tell our parents yet, I'm dating Kagiso but I haven't come out yet".

Me: " Are you for real, oh God".

Sphiwe: "Yes I'm for real so please give us your support and don't tell Mom".

Me: " It's still weird but I won't tell anyone Yet".

Sphiwe: "Thank you sis, I owe you".

We went back to the tent and we slept very late, I had to wake up very early for my hair, nails and make-up, around half past four I was up, I did my hair and nails but I left my make-up for later since the party was going to start around three in the afternoon, I was in the kitchen making breakfast, we heard people calling outside, my dad went out after ten minutes he came back and called my mom, minutes later they called me to their bedroom

Dad: "Is there anything you want to tell us?".

Me: " No, why?".

Mom: " Palesa talk dammit".

Me: "Mama I don't know what you are talking about".

Mom: "You don't know what I'm talking when there are Zulu Man all over my house looking for you and you are telling me that you don't know anything".

I opened my mouth and than closed it

.

.

.

Dad: "The People outside are here to pay your Lobola".

Me: " My Lo-... What?".

Mom: " You knew that they are coming here, You have a boyfriend Palesa? We sent you to school to study not to run after boys".

Dad: "Tell us what to do, you tell us".

Me: "Daddy I don't know, I swear I broke up with him, he asked me to marry him but I didn't say yes".

Mom: "Than why are they here".

Me: "I don-.."

Mom: " Dont tell me that you don't know".

My Brother came in

Sphiwe: "Guys give Palesa a break, just accept that she's going to be someone else's daughter, she's not yours to keep forever, Welcome those people in and hear what they came to say. You should be proud that someone wants to marry her and sees that she has the qualities of being a wife".

They kept quiet and went outside to call the people inside, thirty minutes later my uncle's came to my house and they were talking in the sitting room, I finally remembered that I have a phone, I took it and I remembered that I deleted Philani's number when I broke up with him, I was with my sister, brother and Kagiso in my room when my mom came in.

Mom: " Take this duke and please were something long that covers your knees and your body".

Me: "For what?".

Mom: " I'm so proud of you my child, I can't believe that you have grown".

Me: "'But you were shouting and screaming at me, please don't tell me that you accepted the Lobolo'"

Mom: " I wasn't expecting this that's why I was angry at you and yes we accepted the Lobolo".

Me: " What? Without discussing it with me? Mama I told you that I broke up with the guy".

Mom: " Philani is a very good man".

Me: " A what? Since when do you know him".

Mom: " We asked to see him and he's I'm the sitting room, he did say you will act like this, change your clothes and come, everyone is waiting for you".

She went out, I can't believe my mom

Me: " Sphiwe do something please".

Sphiwe: "Sis Kagiso told me about you and the guy

and it's pretty clear that you both love each other. Stop your stubbornness and go there".

It's not like I had a choice, I changed and went to the sitting room, they agreed that they know me and Mom told them to stay for my party because we were not ready for them that's why we didn't cook at that moment well they agreed, I sent my lil sister to call Philani and he came to my bedroom, we made sure that my parents don't see him

Philani: " That duke suits you Mrs Mthethwa".

Me: " You have the nerves Philani, Why did you come here?".

Philani: " To take what rightfully belongs to me".

Me: " I don't belong to you".

Philani: " But you do now and your parents loves me well that's the bonus".

Me: " I will tell my parents to return whatever money you gave them".

Philani: " Because?".

Me: " Because I don't want to marry you".

Philani: " Why? I want to know".

Me: " Because I don't want to".

Philani: " You are not giving me any reason, I will go out there and tell them that all this is over, I will cancel everything but only if you tell me why you don't want to marry me".

I looked down coz seriously I don't have a reason

Philani: " Palesa look at me, Do you love me?".

I whispered and replied

Me: "I don't know".

Philani: " Please tell me I want to cancel everything now, I can't bear to see you unhappy, I want you happy because I love you, so please answer me".

Me: " Philani i-.."

.
.

I looked at him and the words couldn't come out, he came closer to me, he touched my face and his face was closer to mine too, his lips touched mine, his

lips are always soft, he kissed me our lips moving in sync, he kissed me with lust and desire, my door opened..

Kagiso: "Holy Shit, I will tell everyone that you guys are not here and please lock the God damn door"

Philani locked the door and no one was talking, he continued kissing me, and led me to my bed, he slowly trailed the kisses down to my neck, he pulled out my T-shirt and bra, he kissed my right breast not forgetting to give the same attention to the other one,

He lowered and kissed my bellybutton playfully, he went up again and kissed my breasts in between, I on the other hand was trying to control my rapid breaths, I have never felt like this before (IM SORRY IM NOT GOING TO CONTINUE THE MUTURED CONTENTS)

We found ourselves lying there in my bed naked and finally we have consummated our love, on my bed, in my father's house, I was so sore but it wasn't that

bad

Philani: " Are you alright?".

Me: " Yes I am".

Philani: " Thank you for trusting me with yourself
Mwali yami".

Me: " We have to get dressed before my mom calls a
searching party for me".

Philani: " But answer my question first, Do you love
me".

Me: " Do you think I would've gave you my virginity if
I didn't love you? Philani I love you, I never stopped
loving you, I think I was just too proud to admit it".

Philani: " I knew that you love me I just wanted you to
tell me, I love you so much Mrs Mthwethwa,
Traditionally you are my wife now but let's just wait
to make it Legally".

Me: " Ok, Get up now".

Philani: " Ok Ma'm".

The Mthethwa family were in the sitting room, the decor team was busy with their work, I still had to decide what to wear but as long as my hair and nails were on point I was sorted..

Kagiso: "Speak".

Me: "What".

Kagiso: " You and Mr Hot guy, what took you so long in your room?".

Me: "I'm not discussing my sex life with you".

Kagiso: "Holly Molly, a what life? Did you?".

Me: " Kagiso can I please change in peace tuh".

Kagiso: " Fine but we are not finished here".

Me: " I said GO".

He laughed and went out, I was still undecided but I did my make-up and chose one dress, yes I was looking fly, everyone was there, my neighbors, high school friends, cousins and my church friends, everything was the way I wanted it too, the food was served and the partying time started..

Philani: " When is this party ending?".

Me: "Tomorrow morning".

Philani: "Ok don't drink too much, I will pick you up late tomorrow".

Me: "No on Monday morning, not tomorrow".

We said our goodbyes than he left, I was missing him so much, the party ended and Monday came for me to go back to my place, Philani picked me up.

Philani: " Lets go home mom made supper and she wants you to join us".

Me: "But I need to go to my place".

Philani: " I think you have to move in with us".

Me: " No I'm not moving in sorry".

Philani: " Ohk I won't force you".

I could tell that he was disappointed but I'm not ready to move in with him, we got to his place and everyone was there even the uncles that were at home are here

Me: " You didn't tell me about your uncles".

Philani: " These are our taxi drivers not my uncle's".

What? I can't believe he brought the taxi drivers to my house making my parents believe that they were his family

Mrs Mthethwa: " Palesa my child it's so good to see you, please come this side I want you to tell me everything about your party".

Me: "Well it was going well until your son decided to

try to ruin everything".

Philani: "But you liked every single moment of it".

Me: "Don't".

Mrs Mthethwa: " Come and help me in the kitchen".

We went to the Kitchen and left everyone in the lounge, his mom is a very free spirited person, she was preparing supper

Mrs Mthethwa: " I'm happy that the negotiations went very well".

Me: "Well I'm shocked I don't know what type of voodoo magic did you use on my family or how much money did you give them coz I know my parents are not easily convinced".

Mrs Mthethwa: " They saw my son's charms that's why they agreed and when are you moving in here, you have to visit my house also".

Me: "You are not staying here?".

Mrs Mthethwa: " No I have my own house, so when are you moving in?".

Me: "I-... I'm not sure about moving yet".

Mrs Mthethwa: " Why? Is there anything wrong? You can talk to me".

Me: " No nothing, it's just that everything is happening too fast, I love Philani so much but I feel like I still don't know him the way I want to and now he paid Lobola like everything is just too much".

Mrs Mthethwa: " I understand but you are lucky, I was 17 when I fell in love with his father and he was a taxi driver here in Johannesburg, he was four years older than me, I found out that he impregnated another girl in my village than I broke up with him, I was hurt and didn't want to even see him near me, him and his brothers took me by force when I was coming from school and I went to his family house. Traditionally it was the right thing to do, back in the days when a Zulu Man likes the girl and the girl doesn't like him back, he would take her against her will and make her his wife, it's called "Ukuthwalwa" so they did that to me and they paid the Lobola after".

Me: "Geez is that even legal?".

Mrs Mthethwa: "It was the traditional law, Philani's older brother wanted to do the same to you but I stopped them, My son really loves you but please move in when you are ready".

Me: " I will see this is new to me but I think I will adapt to this situation".

Mrs Mthethwa: " That's my girl, please help me with these plates".

.
. .
. .
. .
. .

We prepared the table and everyone joined in, Philani's older brothers Scebi and Scelo are twins followed by Philani, Phe and the last born Sanele

Scelo: " Makoti when are you moving in?".

I looked at Philani to save me but he looked the

other way

Me: " I- I'm not sure, I think we have to get married first before I think of moving in".

Scelo: "Marriage? Traditionally you are his wife, you will get married but you can't live apart, Philani I didn't know that you are this weak to allow your wife to live alone in that unsafe place".

Who the hell is he to tell me what to do, Philani just kept quiet and that's what irritated me the most

Scelo: " You need to think about this fast, you are now a Mthethwa you can't live far from us".

Me: "I think it's getting late, I have school tomorrow, Philani please take me to my place".

Philani: " Ok let me take the keys".

I thanked his mom for the food and I said my goodbyes to everyone, the whole drive was silent, we arrived at my place

Me: " Why didn't you defend me when your brother was talking to me?".

Philani: " If what you are doing you think it's a right

thing to do why do you need to be defended, You don't want to stay with us and I said ok, what more do you want?".

Me: " I will move in when I'm ready your brother can hate me for that but I don't care".

Philani: " Can we stop talking about this coz we both know that this will lead to a fight".

Me: " Fine".

Philani: " I'm staying tonight".

Me: "No you are not, I have to get ready for school".

Philani: "I don't want you taking taxis, from tomorrow I'll send a driver to pick you up".

It's not like I had a choice about that, he left and I was left all alone, the following day I attended my classes and I decided to go to Philani's office, he told me that he will be in the office since this whole week he is working a night shift at the police station, when I got there Amanda was still there, I just passed without greeting her and went to Philani's office, he was with two gentlemen..

Philani: "Wait for me at the reception".

Gentleman 1: " Who is this beautiful lady?".

Philani: " She's non of your business, I said go to the reception".

I ran to the reception confused, he was happy to see me when we spoke over the phone but now his mood has completely changed

Amanda: " Can I give you something to drink miss".

Me: " I am not your miss now leave".

I was so irritated, Sanele came in

Sanele: " Palesa, they told me to take you home Philani is in the meeting".

I agreed because I couldn't say no to him, he is too sweet, we are the same age but he respects me like I'm older than him or maybe it's because I'm dating his older brother, when we arrived I quickly made food for us and we watched tv.. Philani, Scebi and Scelo came in

Philani: "Why didn't you wait for me at the reception? Why did you came to my office?".

Me: " Because I never thought you were in a meeting".

Philani: " Now I'm in big trouble because of you".

Me: " What did I do?".

Philani: "You did everything wrong Palesa".

Scebi: " Stop shouting at her, she has nothing to do with this".

Philani: "So now you gonna tell me how to speak to my wife?

He took out his hands in surrender

Me: "Sanele please take me to my place".

He looked at Philani for approval

Me: "Stop looking at him and take me home, Philani I won't be bullied around by you, fix your things and leave me the hell out of it".

Philani: " You are not going anywhere, We will fetch all your stuff".

I looked at him mxm this guy doesn't know me very well I hate someone who controls me, I requested an

ubber and disappeared, I arrived at my place and Philani called me..

.

.

.

.

Me: " Hello".

Philani: " Palesa why did you leave, I told you not to leave".

Me: "So when you are happy we all supposed to be happy and when you are angry we all have to be?

Philani I don't like your attitude, the way you spoke to me in front of your brothers like I'm a little child, No maan".

Philani: " I'm coming to fetch you".

He hung up, I locked the door and got into my bed, I heard someone trying to break the door, but if it's Philani he would have knocked and my neighbors

are still at work, the banging of the door got hard, I took out my phone and dialed Philani's number..

Philani: "I'm on my way, nothing you say or do will change my mind".

Me: "Someone is trying to break in and I'm inside".

Philani: " What?".

Me: " Please come, they are breaking in and I'm scared Philani".

Philani: " Fuck! Fuck! I'll be there in 15 minutes my love please don't panic".

The door opened and two guys came in, they man handled me without saying a word, I tried screaming but they took a head wrap that I was wearing and closed my mouth with it, they forced me to the white quantum taxi, I could hear a car following us and I knew it was Philani, the taxi raced, the Man spoke.

Him: " They said not to hurt the girl, Get her down".

He pushed me so hard my nose hit the chair, they started shooting after a few minutes the taxi stopped and the drivers got out, I heard gunshots, it

went quiet for a few minutes than Sanele came and helped me out of the car, my head was hurting and my nose was bleeding, I got into the car and he started driving, I didn't even see Philani.

When we arrived at his place I cleaned my nose and drank the pain killers that Sanele gave me, the four brothers came in

Philani: "Are you happy now?".

Me: "Why were they trying to kidnap me?".

They kept quiet

Me: " First I was being followed and now someone wanted to kidnap, what the hell is going on Philani?".

Philani: " Now is not the right time Palesa, I told you not to leave the house but you escaped and went to your place, what did you think will happen?".

Me: " Oh so now it's my fault? Tell me what's going on Philani, so this is how it's going to work, you will keep secrets from me? Why do you even want to marry me than?".

Philani: "Ok, Ok, it's an old grudge, a taxi business

that you won't even understand we fought back then and now I think they heard that I'm getting married now they want to hurt us by hurting you.. It's nothing you have to worry about just listen to what I tell you and you will be safe".

Me: "So now I'm involved in your silly taxi business?, that is not what I want, I don't deserve any of this".

He dragged me into his bedroom and closed it

Philani: " Do you know how many times I fought with my bothers about you? But because I love you, you are here, yes you don't deserve any of this and I don't deserve you but ever since you came into my life so many things makes sense, I am a horrible person Palesa and I'm afraid that maybe if you get to know the real me you will leave me and I don't want to lose you".

Me: " I won't leave you, I will never leave you, please tell me don't hide any secrets from me, please".

Philani: "Being in a taxi business has many problems and it's not easy, it's dangerous.. Our lives are always in danger but don't worry I'm here to keep

you safe, nothing will happen to you".

Me: " Why don't you leave it than, Why don't you leave this business and start another".

Philani: "No we can't, it's our father's business, he started it and got it where it is now, we will never close it down, his legacy continues through this business".

Me: "But your lives and mine are in danger".

Philani: "There's nothing we can't handle and baby please stay here, I need you here, I promise to keep you safe".

Me: "But you are not telling me the entire truth here".

Philani: " You can leave your problems unsolved in the past but those problems will always come back and mess with your future, that's what happening right now and it's all I can say but please trust me that's all I need my love, your trust".

I never knew that loving someone comes with so many things, the good and the bad. I hate being scared, now I have to watch back everywhere I go, Philani promised to keep me safe but I'm still scared, Philani came in.

Philani: " Are you done bathing".

Me: " Yah but I need clothes".

Philani: "You can wear my T-shirt it looks very good on you, we'll go fetch your clothes".

Me: " But I don't think I'm hundred percent sure about staying here".

Philani: "We spoke about this please let's not talk about it anymore, I need you here Ok".

Me: " Fine but I can't go out like this with your T-shirt only, what will your brothers say?".

Philani: " And I'm lucky coz I'll be the only one who will be looking at those fresh thighs, this is my house, our house, my big brothers have their own places and Sanele stays with Phe. So please relax and if you are not comfortable with them coming here everyday, I will tell them to stop".

Me: "No I'm fine with them coming here".

Philani: " Ok let me go to your place coz you have school tomorrow".

He kissed my forehead than left, I stood up and toured the whole place, this house is amazing, I opened the fridge and it had a few things inside, I took the red meat and and grilled it with pap and spinach, I opened the tv and watched 'say yes to the dress'

Philani: "Is that tv working?".

Me: " You're back, yeah it's working, you don't watch it".

Philani: "No baby I don't, I think I packed everything, damn your landlord was complaining that you didn't tell him you moving out".

Me: "What did you say to him?".

Philani: " I think the guy wants you but I paid him".

Me: "My furniture?".

Philani: "Ahh baby you don't need that anymore, you have everything here".

Me: "Philani that's what I hate, i-.."

Philani: " Baby I'm so hungry let's go out to eat".

Me: "You are running away now".

Philani: "I just hate fighting with you".

Me: "I cooked pap and steak".

Philani: "You cook?".

Me: " Yes I can cook".

He didn't believe that I cook and that hurt my feelings, I think we rushed everything, everything happened too fast that we don't even know each other very well, we ate and he really liked my food, I was lazy to unpack my bags but I took out the things I'll need for school, the thought of sleeping with him in one room really scared me, yes we did

consummate our love but I'm still nervous..

Philani: "Why are you sleeping with your pajamas, it's not like you'll need them anyway".

I looked at him in disbelief and the way he was walking around naked oh I really wanted to run out of the room and i wish I had the confidence of walking like that naked

Philani: "Why are you looking at me like that?".

Me: " Put some clothes on Philani".

He laughed and looked at me raising his eyebrow

Philani: "So you're shy to undress in front of me"

Me: "N- no I'm not".

Philani: "Ok if you are not scared then take off all your clothes".

Me: "What?".

Philani: "Come on my love you are not scared to undress in front of me so take out your pajamas".

Me: "I asked you to put your clothes on so please stop it".

Philani: " Well in that case I think I have to walk around naked in this house until you get used this".

Me: " Oh God why the hell did you give me such a man".

Philani: "I love you too Ma Nyambose".

I always blush when he speaks but I don't like it when he walks around naked without even an underwear, I got inside the blankets and he joined me

Philani: " I told you to take out your pajamas, you are a very stubborn women Mbali yami".

He started rubbing my breasts and his touch is always warm, every time he touches me I just need more

Me: "Phi-la-ni please".

He ignored my request and started kissing me, going down on my neck, I was moaning in great pleasure, after a few minutes we were naked cuddling trying to catch our breaths..

Philani: " Are you alright?".

Me: " I am but you have to give me money for the morning after pills".

Philani: " What's that for?".

Me: " We have to start using protection coz I'm not ready to be a mother yet".

Philani: " Don't worry you are not pregnant, I will take you to my doctor for the prevention pills or injection".

Me: "Or we have to use a protection".

Philani: "You are my wife, I'll never use that with you, forget it".

Me: " Oh really I think we both have to do the blood test coz seriously, I don't trust you".

Philani: "That hurts but if it will make you trust me, I will do it".

.

I smiled at myself and we slept peacefully, sleeping in his arms always makes me feel better when I woke up he wasn't there, I made the bed and took a shower and prepared myself for school, I went downstairs and found a very beautiful women busy in the kitchen, I looked at her..

Her: "Oh good morning, you must be Palesa, I'm Phindile the house keeper, would you like something eat?".

Me: " Where is Philani?".

Philani: " In his office".

I left her there and found him busy with his laptop

Philani: "Oh you are awake?".

Me: "No I'm not, When will this ever stop?".

Philani: "What?".

Me: " It was Amanda and now I find another girl claiming to be a house keeper, are you sleeping with her too?".

Philani: "No, baby no, Phindile was on leave but now she's back, she's a very nice girl, you will get along just fine".

Me: " Get along? And Amanda was a 'poor Amanda' until I found you two naked".

Philani: "So to you I'm sleeping with every girl?".

Me: " Well it looks like that to me".

Philani: " I'm not in the mood to fight, if you don't want Phindile here it's fine I'll fire her if that's what will make you happy".

He left me in the study, I went to our bedroom to take my books and went downstairs

Philani: " You are not going to eat?".

Me: "No I'm fine".

Philani: "The car is waiting for you it will take you wherever you want to go".

I went to the car and I went to school, school is more peaceful and I was worried about that girl, I don't trust my man around the girls, My classes finished early but I decided to stay at the library and do my

assignments. Later I went home and the house was empty coz Philani was at work, I slept alone and in the morning he wasn't also there, I got ready for school, he called and asked if I was fine and told me that he didn't want to disturb me, it's been three days now and I haven't seen him, I miss him so much and I'm even scared to go to his office because of what happened last time, Friday came and I felt so lonely that I wanted to visit my parents. I don't know why I feel like this but this house is too big for me, I found myself crying and I went upstairs to pack my clothes, Philani came in and I ignored him.

Philani: " Where are you going?".

Me: "Home".

Philani: " So you are not home now? Palesa this is your home if you run away from it whose gonna look after it".

Me: " I'm not a house keeper".

Philani: "When you are done packing please fix me something to eat I'm so hungry".

Me: " I'm going home Philani I don't have time to

prepare you food".

Philani: "What did you say?".

I looked at him and he was dead serious not smiling, I left my clothes there and went to the Kitchen, I made him a sandwich and gave him, he looked at me annoyed

Philani: " I said I need food not breakfast".

He thought maybe I was going to argue or ask him where he was in the past few days, I just kept calm even though I was angry and I went to the Kitchen and cooked rice and beef stew, I thought maybe he was going to come to the Kitchen and explain everything to me but he didn't.. He was busy with the play station when I gave him food.

Philani: " Thank you, ain't you gonna join me?".

He must be out of his mind for acting like there's nothing he did wrong.

Me: " No I don't want to get home late".

Philani: "Palesa you are not going anywhere".

Me: "What? You can't tell me what to do".

He stood up and came close to me

Philani: " My love maybe there's something that you don't understand, that lobola that I paid to your parents means that you are now my wife so as your husband

I'm telling you that you are not going anywhere"

Me: "So this whole lobola thing was because you wanted to control me".

Philani: "No I'm being a responsible husband".

Me: " Responsible husband? You left me here alone for days and you didn't tell me anything and now you are back but you don't even apologize to me".

Philani: "There's nothing to apologise for".

Me: " Oh really?".

Philani: " Palesa please stop with your drama and eat, I'm tired".

.

.

.

.

He's tired oh wow! I went upstairs and changed into my pajamas, I took out my books and finished my assignments, he came and got inside the shower than he got inside the blankets.

Me: " What are you doing? I thought you will sleep in the other rooms".

Philani: "What for? This is my room and i won't sleep anywhere else".

Me: "Ok fine I'm the one who is going".

Philani: " Palesa don't you dare open that door, Get back to bed".

I ignored him and took my phone, he came and blocked the door.

Philani: "Do you know how tired I am, I don't have time for this, Get back to bed".

Me: " Why do you care? You lied to me Philani, if you were working a night shift than why didn't you come back home?".

Philani: "Oh that's why you are angry?, I'm a man, I don't think I have to report everything to you".

Me: "Oh so that's how it goes? Than move away from the door I want to go sleep".

Philani: " Why are you so stubborn?".

Me: "I just need you to move".

Philani: " If you dare open this door you will see me".

He moved and the way I was upset I didn't want to look at him, I opened the door and went to the other room, I forgot to lock the door and he came in.

Philani: " Palesa what are you doing here? What did I say to you?".

Me: " Why should I listen to you if you don't even care about how I feel, not everything is about you Philani now get the hell out of this room".

Philani: " Palesa I'm your man not your Mom, watch the tone of your voice".

Me: " I don't care, Get out".

He came and slapped me hard my nose started

bleeding, I touched my cheek and looked at him, tears coming out, he looked at his hands not believing what he did, he came closer to me and I moved back

Philani: " Baby I'm sorry, I'm sorry please forgive me, I don't know what came over me".

Me: " You said you won't do it again, Philani you promised".

Philani: " I know my love, please-.."

Me: "Get out".

He looked at me

Me: " Philani please get out".

He walked out and I cleaned my nose and got in the bed, I felt so emotional and cried.

In the morning I went to our room and he wasn't there, I looked at myself in the mirror my eyes were swollen from crying and my right eye was green, I packed all my clothes and books and changed my clothes, I went downstairs and all his family was there with him.

Mrs Mthethwa: " Palesa my child, where are you going with all these bags".

I didn't want to face them

Mrs Mthethwa: " Palesa!".

I turned and they all looked at Philani, he looked down

Scebi: " You hit women now?".

Philani: " I can explain, I promised never to do it again but yesterday I allowed my anger to control me".

Mrs Mthethwa: " So it wasn't the first time? I raised a man not a coward Philani, you brought this poor girl into your house to abuse her? If you don't love her anymore why didn't you send her back to her parents, huh?".

Philani: " Ma I love her".

Mrs Mthethwa: " If you love her you wouldn't do this to her, beat me since you are a women beater, beat me Philani".

Philani: "No Ma I can't do that".

Mrs Mthethwa: " Scebi give me your belt, Now Scebi!".

Scebi took out his belt and gave to his mother

Philani: " Come on Ma you can't do that".

Mrs Mthethwa: " You are a man now is it? Let me show you what I do to man, Lock the doors Sanele".

One thing I've noticed is that when their mom speaks they all jump, She took the belt and hit Philani with it so hard and several times

Philani: "Come on Ma stop it".

Mrs Mthwetwa: " Oh now you want to fight me?".

She threw the belt and started punching Philani, I wanted to laugh when she was using the belt

But the punches are too much, she really boxed him and the chance he got he ran upstairs.

Mrs Mthethwa: " Philani Oscar Mthethwa, if you don't come out in that room I swear you will regret the day I gave birth to you".

She didn't have repeat it, he came out and his right eye was swollen, damn this women did hit him hard.

Philani: " Please don't hit me again, Mom I'm sorry".

Mrs Mthethwa: " You are apologizing to the wrong person, if I ever hear that one of you here has ever beaten up a women, you will see me. And you Palesa you are a wife here, you can't always run away when things go wrong, this is your house if someone has to move out, it's him Philani. Don't hesitate to throw him out, this is your house".

Me: " Yes Ma".

Mrs Mthethwa: " Phe, take her bags to my car".

Philani: " But Ma I got my punishment, she can't go".

Mrs Mthethwa: " You want to beat her again".

Philani: "It was a mistake".

Mrs Mthethwa: " It was never a mistake, learn to control your anger, she is not your punching bag. Palesa is going to stay with me for a while and I don't want to see you near her, do you understand?".

Philani: " But Ma-".

Mrs Mthethwa: " Palesa will come back to you when she feels like she is ready and you deserve it".

Phe took my bags, I felt sorry for Philani but there was nothing I could have done coz he deserved it, I didn't even say goodbye, I just followed his mom to her car and we left.

Mrs Mthethwa showed me my room and her house looks more like a mansion it's huge, I took a very long bath and changed my clothes.

Mrs Mthethwa: " Palesa come eat, please feel comfortable this is your home".

Me: " Thank you Ma".

Mrs Mthethwa: " I'll have to send someone to the chemist to get you something to remove that black eye".

Me: " Don't worry Ma I still have the ointment that Philani bought last time".

Mrs Mthethwa: " Why didn't you tell me that he was beating you?".

Me: " He apologized and told me it will not happen again".

Mrs Mthethwa: " They all say that and the next thing you know, you will become the victim of abuse".

Me: " I know but let's hope he learned his lesson and thank you for standing up for me".

Mrs Mthethwa: " You are all my kids and I want to treat you equally, you know what? Since it's a Saturday why don't we go out for shopping".

Me: " Ahh I spent all the cash I had on my birthday".

Mrs Mthethwa: " No problem, let's go".

I changed again and we went to the mall that women can shop and all the things she bought are very expensive, she gave me permission to swipe with her card and I got enough clothes.

Mrs Mthethwa: " I think you need to change your hair and we need make-up to cover the mark on your eye, tomorrow I'm having a lunch and lots of people will be there, I want to introduce you to them, you are my daughter now".

It's not like she was giving me a choice, we bought make-up and we went to the salon

Mrs Mthethwa: " Which hair do you like?".

Me: " Braids or faux locks".

Mrs Mthethwa: " What's that sweetie? Please give her a 30 inch weave".

Me: " I'm not a weave person Ma, I thi-.."

Mrs Mthethwa: " You have to try it and trust me you will be more beautiful and I want Philani to hang himself when he sees you tomorrow".

They did my hair and trust me that weave looks so

good on me, it was a long day that we had, we went back to the house and the dinner was prepared, she has someone who cooks, a lady who cleans and another lady who deals with her laundry, we ate and I went to bed, when I woke up in the morning I saw Philani's missed calls and I didn't have airtime to reply, Holidays are coming soon and I think I need to get myself a job and make extra cash, I went downstairs and found his mom talking to some people.

Mrs Mthethwa: " I want you to move all these chairs and put that long table here with 14 seats and I need original marble stools here, the table has to be ready before one in the afternoon".

The guys agreed and started working

Mrs Mthethwa: " Oh you are awake, make yourself breakfast because Nandipha is busy picking the flowers outside".

Me: " Ok".

I went to the Kitchen and made myself food, I went back upstairs and the passage was full of family

photos, the boys when they were and two girls, two beautiful girls that looks like all the boys, another picture of a man dressed in a very nice suit, the man is really good looking and looks exactly like Philani and Sanele, I could tell that his attitude was exactly like Philani's attitude..

Mrs Mthethwa: " Oh this is my husband".

Me: " Where is he?".

Mrs Mthethwa: " There was a huge accident last year and I lost him and my two girls, the other one was in matric and the other in grade nine".

Me: " I'm sorry".

Mrs Mthethwa: " It's all right and that's why I enjoy having you here, my husband burnt in a car he couldn't come out".

Me: " He looks more like Philani and Sanele".

Mrs Mthethwa: " And his attitude was exactly like Philani's trust me, he was full of himself".

Me: " Exactly like Philani".

Mrs Mthethwa: " Haha exactly".

I continued looking at the pictures and I went to my room to bath, Mrs Mthethwa knocked

Mrs Mthethwa: " There's someone who wants to see you, can I let him in?".

Me: " I'm not wearing anything but a towel only".

Mrs Mthethwa: " Wait for her to get dressed".

Philani: " She's my wife even if she's naked I would get inside, Ma please I need to see her".

I opened the door and oh my man was here

.

.

.

Me: " It's fine Ma I'll call you if I need anything".

She left and I welcomed Philani

Philani: " Baby".

Me: " Hi Philani".

Philani: " I'm sorry, I'm really sorry, I love you and it

drives me crazy to see here, I deserve every punishment but baby you can't leave me".

Me: " Even the last time you were sorry and you even promised to never do it again".

Philani: " I know and I'm sorry my love".

Me: " You want me to forgive you?".

Philani: " Yes sthandwa sam' I will do anything".

Me: " Anything?".

Philani: " To see you back home again yes anything".

Me: " You left home Monday and you came back on Friday, you only called me on Tuesday and than you disappeared, where were you?".

Philani: " I told you that I was working a night shift at a police station".

Me: " at the police station you knock off at six but you never even came home, Philani where were you?".

Philani: " Come on baby I had some things to do and that is not important, please come back home".

Me: " You will never change will you?I want to dress please leave".

Philani: " Palesa come on".

Me: " Leave".

I opened the door for him and he came to kiss me but I moved back, Philani is lying and I hate that about him, I used the make-up that we bought and my hair was on fleak, I wore my mini peach bubble dress that is a bob tube and my sandles, I was looking fly, it was already one o'clock and I went downstairs, all eyes were on me, Philani came to me..

Me: " Philani please not now".

Philani: " You are beautiful".

Mrs Mthethwa: " She knows, Pali come this side I want to introduce you to someone".

I took her hand and we went to the old women who was drinking wine, she introduced me to her and we hugged, I went to the Kitchen for a juice and Philani followed me..

Philani: " We need to talk".

Me: " I think we have done enough talking".

Philani: " You will find me in your room now".

Oh God not again, I followed him upstairs

Me: " Philani what's wrong now?".

Philani: " Everyone is looking at you, you need to change that dress".

I looked at him

Me: " Do you see how your anger is coming out?".

Philani: " Since when do you wear weaves?".

Me: " Since the day you decided to make me your punching bag, are you done?".

Philani: " Baby I'm sorry, you are so beautiful very beautiful and it hurts me to see all these man undress you with their eyes".

Me: " Are we done here?".

Philani: " Baby I need you back home".

Me: " I need some time please understand".

Philani: " Ok My Love but can I kiss you?".

Me: " No you can't".

Philani: " Baby come on just a little kiss".

He said coming closer to , his touch oh lord, his the only person who makes my blood run fast whenever he touches me, he bit my bottom lip, he started moving his lips and I responded, Our lips moved together in sync, I thought he was gonna go further but he stopped..

Philani: " Please come home with me tonight".

Me: " No that won't happen, let's go back downstairs".

Philani: " Come on baby I'll bring you back very early in the morning before my mom wakes up".

Me: " It's still a No".

Philani: " I know I deserve to be punished but this is too much".

Me: " Let's go before your mom comes looking for us".

I opened the door and he followed me, that's what I want, I want him to miss me and realize how wrong it was to beat me, everyone was talking to each

other and I went to stand next to Sanele and Phe.

Sanele: " Hhay sis uyanyisa even big bro. Can't take his eyes off you, please forgive him now".

Me: " Not now Sanele, I was him to suffer a little".

Phe: " Oh trouble in paradise".

Me: " What?".

Oh Amanda, what the hell was she doing here, Philani was drinking whiskey with Scebi and his mom talking, the girl just went straight to them, Mrs Mthethwa hugged her and I felt so jealous.

Me: " Phe give me your glass".

Phe: " That's whiskey not wine".

I took it in his hand and drank all of it

Sanele: " Guys let's go to the garden because I can see that someone is now angry".

Me: " No wait for me, wait here".

Phe: " Don't even think about it Palesa".

Me: " Watch Me".

.
. .
. .

My blood was boiling I went straight to them and stood next to Philani

Mrs Mthethwa: " Oh you are here, Amanda I'm sure you already know Palesa".

Amanda: " Ahh yes Ma, it's good to see you Palesa, How are you".

She stretched her hand to shake mine but I just looked at it.

Me: " I'm Mrs Mthethwa to you, please excuse us".

I dragged Philani's hand

Philani: " Babe was that necessary?".

Me: " What is she doing here"?

Philani: " I don't know my mom invited her baby please stop this, there's nothing going on between

us what you saw there was just a mistake".

Me: " That word again 'mistake'"

Philani: " I Love you only you, just stop with all this".

He kissed my forehead and went back to them, tears wanted to come out but I bit my cheek to hold them back, I took a glass of wine from the waiter

Voice: " Why a beautiful women is standing here alone, mind if I join you?".

Me: " If you have sorrows to drink away, you are so welcome to join".

Him: " Boyfriend stress?".

Me: " It's more than that, trust me".

Him: " I'm Walter".

He took out his hand to shake mine and responded back

Me: " Palesa"

Walter: " Your face is not familiar, it's your first time here?".

Me: " Yes it is".

Walter: " These meetings are so boring, I only came here for food".

Me: " Haha this is a meeting?".

Walter: " Well it's tradition where rich business people meet once in two months discussing business and than after they drink expensive alcohol and eat".

Me: " So you still gonna have a meeting here?".

Walter: " No the meeting is finished and thank God for that".

I saw Scebi coming to us

Me: " Oh that's good".

Scebi: " Walter".

Walter: " How are you my guy?".

Scebi: " Can I borrow this beautiful lady for a few minutes".

Walter: " No problem, I'll see you later Palesa".

Scebi held my hand and he took the wine in my hand and gave me juice.

Me: " What are you doing?".

Scebi: " I saw you drinking a glass full of whiskey that you took from Phe, you don't need alcohol anymore, what were you talking about with Walter?".

Me: " Nothing".

Scebi: " It didn't look like nothing to me and you should thank Mom for being here otherwise Walter would be in hospital now".

Me: " What for?".

Scebi: " Walter did it on purpose to come to you, he knows who you are and he just wanted to piss of Philani and trust me they have a long history".

Me: " I don't care about Philani, Why would he care about who I talk to when he is with his girlfriend?".

Scebi: " Let's go to them".

I took a glass of wine and left the juice and we stood next to them, this Amanda girl is just too much and I hate her

Amanda: " I didn't know that you drink, Philani once told me that he doesn't like girls who drink".

Oh here we go again!

Me: " So that's why you are not drinking now?".

Amanda: " No that's not what I meant".

Me: " Than what is it that you meant?".

Philani: " Palesa what's wrong with you?".

Me: " What's wrong with me? Oh wow! Why don't you ask her what's wrong with her?".

Philani: " Palesa not now please".

Me: " So now I'm the bad person here? I'm sure whatever she's giving you is good that you even forget that you have someone".

Phalani: " Pal-..."

Me: " I don't want to hear it".

I took a glass of whiskey in Scebi's hand and drank all of it and I gave him his glass back and I left them

Walter: " Are you crying?".

Me: " You know sometimes I blame my parents for taking that Lobola, if they didn't I would be in my room, watching The Notebook for the 100th time and the only stress I'll have was going to be for my upcoming exams only".

Walter: " Palesa you are beautiful and smart don't allow anyone to tell you otherwise".

Me: " Looks don't mean anything, if they do my man wouldn't be cheating on me".

Walter: " Don't cry Palesa, come here".

He hugged me so tight and his warmth made me feel better, after breaking the hug, I saw Walter falling down, Philani punched him..

.

.

.

.

Me: " What the are you doing?".

Philani: " Let's go upstairs".

Me: " I'm not going anywhere with you".

Philani: " Do I have to repeat myself?".

Walter: " She said she's not going anywhere with you".

Philani: " I swear if I hear another word coming from that dirty mouth of yours, you will regret it, I'm talking to my wife here".

Walter: " What are you going to do, huh, what are you going to do?".

I stood there like a fool and everyone was looking at us, Walter took out a gun and all the four brothers excluding Sanele took out the guns and pointed at Walter, I wanted to say something but the words couldn't come out.

Walter: " Your women was crying here you asshole and you were busy with another girl instead of comforting her, you don't deserve her, she deserves way better than you".

Two guys came behind Walter and took out their

guns,

Philani: " Do yourself a big favor Walter and get out of here before you see yourself buried in a back yard alive".

Walter: " I'm also an investor, I'm not going anywhere".

Philani: " Fine keep your hands off my women, brother let's leave this dog".

They lowered their guns and Mrs Mthethwa called me and them to the sitting room.

Mrs Mthethwa: " What happened will never ever happen again, do you hear me?".

They all agreed

Mrs Mthethwa: " Good".

Philani: " Palesa listen here everyone here knows that you are my wife, what the hell were you doing hugging Walter?".

Scelo: " Palesa what you did was wrong, you didn't respect us".

Me: " I'm not going to apologise if maybe that's what you want".

Philani: " Pal-.."

Me: " Palesa what Philani? I refuse to be bullied around by you, you were busy with your girlfriend and you expected me to be fine with that? Ever since she came here you were after her and you even forgot that I'm here".

Scebi: " So you are jealous of Amanda".

Me: " Jealous of who? There's nothing to be jealous about because I'm way better than her, I don't sleep around with my boss in the offices, I have standards, if she can open her legs for you anywhere just think about how many people she does that to and next time tell your brothers to mind their own business, I'm dating you not them.. I'm done here go back to your girlfriend.. before you start judging me ask yourself who would've stayed after finding her man naked in his office with his secretary".

I left the room and went upstairs, alcohol was doing it part and I fell asleep, I woke up in the morning and

I had to go to school but my head was heavy, I bathed and took my books and went downstairs, all of them were in the kitchen.

Me: " Morning".

They responded back, I sent my mom callbacks and my phone rang.

Me: "Mom".

Mom: " How are you my child?".

Me: " I'm fine Ma, I'm running short of cash can you please send me some, please".

Mom: " Ok I'm on my way to work, I'll transfer it when I get there".

Me: " Ok thanks bye".

I hung up

Philani: " Why didn't you tell me that you don't have money?"

Mrs Mthethwa: " Why does she have to tell you? Isn't your responsibility as her man to give her?".

Philani: " No Ma but she should have told me, Palesa

sometimes I don't know how you think maybe my brothers were right about you, we just rushed things".

I looked at him, those words really broke my heart, I just looked at all of them and walked out.

My day was not alright I kept thinking about what Philani said, does that mean he is having second thoughts about me? No matter how many times we fight but I still have a soft spot for him, I love him more now and I get jealous by the little things he does. I attended all my classes and called Kagiso because I needed to clear my head but he told me he was not around, the thought of going to that place

really made me feel worried, I went back after my classes and Mrs Mthethwa was home.

Mrs Mthethwa: " Why do you look so worried?".

Me: " It's nothing Ma I just need to fetch my book by Philani's place".

Mrs Mthethwa: " So you are worried about that?".

Me: " Not really, it's just that his brothers hate me and I don't know what I did to them, the only people who are nice to me is Phe and Sanele but the others aiy Ma".

Mrs Mthethwa: " I want you to remember this, if Scelo and Scebi have a problem with you, it's their problem not yours and please tell your man to stop discussing you to his brothers you are gonna get married to him, not his brothers".

Me: " As if it was that easy and what he said he broke my heart, what if he has changed his mind about me?".

Mrs Mthethwa: " The only person who maybe said that to him is Scelo, I don't know what his problem

but he doesn't believe in marriage because of his past experience in his marriage, maybe he wants to protect his brothers but don't worry everyone here likes you and there's nothing not to like about you".

Me: " Thank you Ma, I think I have to go now".

Mrs Mthethwa: " I'll tell one of the drivers to take you there".

Me: " Thank you".

I prayed not to find Philani home, the driver dropped me and when I got inside the house the clothes were all over the couch and his work uniform, I went upstairs, the bedroom was upside down, I searched for my book and found it and went to the Kitchen, Philani was there cooking.

Me: " Hi".

Philani: " Hey, I didn't hear you coming in".

Me: " I just came for my book, are you moving out?".

Philani: " No, Why?".

Me: " Everything is upside down here, your clothes".

Philani: " Oh that, I wanted to wash my clothes but I can't use this washing machine and I lost the manual".

Me: " Where's that girl who works for you".

Philani: " You told me to fire her remember?".

Me: " No I didn't and before her who was cleaning when she was on leave?".

Philani: " She sent her cousin but she was cleaning part time".

Me: " I'm sorry I think you should call her back here, I'm not here anymore and I overreacted that day, I never thought you will actually fire her".

Philani: " No problem".

Why is he this calm? I know many other sides of him but not this one.

Me: " I can repay you by helping you clean and I know how to use a washing machine".

Philani: " No you don't have to".

Me: " But I want to".

I went to the sitting and took the washing to the washing machine

Philani: " I'll just finish up cooking".

Me: " Cool"

It didn't take long to clean this house because it wasn't dirty, it was just a few things that needed to be placed in their own places, otherwise it was clean.

Me: " I think I have to go now, I'm done".

Philani: " Ain't you staying for food?".

Me: " No, I'll eat at your mother's house".

I took my book

.

.

.

.

Philani: " But Palesa you can't just leave like that, please come back home, I miss you so much".

Me: " Philani please not now".

Philani: " If not now when?, we need to fix things, I need to fix things with you, I am sorry for everything".

Me: " Don't you get tired of apologizing every time? You said it yourself that we rushed things so what more do you need from me?".

Philani: " I was under pressure, I wasn't thinking, I am sorry".

Me: " Your brothers hates me and you gave them the satisfaction of hating me more when you said that".

Philani: " What do you want me to do, baby tell me and I'll do it".

Me: "I can't tell you to break your relationship with your brothers but I want them to know their place".

Philani: " I am sorry for that and everything that I did my love, I may do a lot of things but my love for you is one thing that will never change, please come back".

Me: " I was thinking of looking for my own place, I can't come back, I have to think about it".

Philani: " Are you breaking up with me?".

Me: " No I'm not, I think we need space just to think about what we exactly want".

Philani: " I don't do that, I don't do spaces, I want you and I know that so what do I have to think about?".

Me: " I don't know but I can't come back".

Philani: " Palesa are you breaking up with me?".

Me: " No I'm not, I just need space".

Philani: " That's what I don't understand, it either you love me or you don't, do you love me?".

Me: " I love you but I ca-.."

Philani: " That's what I need to hear".

Me: " But Phila-.."

He closed my mouth with his hand, he got closer to me and closed the gap between us, his mouth came closer to my ear and whispered.

Philani: " I won't allow you to leave me that easily, I can't imagine my life without you, yes I'm not the romantic man and I can't say the right things that you want to hear but one thing I know is that I love

you, only you".

Me: " Philani I need t-.."

He stopped me by kissing my lips, we slowly kissed and he broke the kiss.

Philani: " You were saying?".

The words couldn't come out, he started kissing me again, so passionate, that kiss told me a thousand words, I didn't want the kiss to stop. He trailed down to ear and I moaned, he carried me, My legs were around his waist, he walked from the Kitchen to the sitting room without breaking the kiss, we went to the couch and he was on top of me, he kissed my neck so slow, I tried to stop him because of the pleasure I was feeling but he didn't stop, I wanted more of him, my hand was in his belt.

Philani: " Don't rush, relax, let me take the lead".

I stopped and minutes later we were in his couch naked, no one was talking we were both listening to each other's heart beat.

Me: " It's late now I need to go".

Philani: " Come on baby please stay just for tonight".

Me: " No I can't, your mom is expecting me back home".

Philani: " Baby please don't say that again, she's also your mother".

Me: " Ok but let's get dressed".

Philani: " Ok I'll drive you".

We got dressed up and we told the driver to go back, poor guy, I even forgot that he was waiting for me outside, Philani drove me to his mother's house and his mom was watching tv.

Mrs Mthethwa: " I thought you are not coming back anymore".

Me: " No, I couldn't find the book".

Mrs Mthethwa: " For three hours?".

Philani: " I forgot where it was so we were busy looking for it".

Mrs Mthethwa: " You were looking for it where?".

God this women, I looked at Philani and Lord his

pants were backwards, I felt so embarrassed

Mrs Mthethwa: " So I take it that you fixed things".

Me: " No".

Philani: " Ma".

Mrs Mthethwa: " Hmm ok, I'll be in my room if you need anything".

Philani: " I'm lazy to go back home can I stay for the night?".

I looked at him in disbelief

Mrs Mthethwa: " So you left your house and you want to finish it here in my house?".

Philani: " Finish what Ma? We didn't do anything".

Mrs Mthethwa: " Finish looking for the book of cause, wasn't that what you were doing in your house".

Me: " Philani is not staying here tonight, don't worry Ma".

Philani: " Why not?".

Me: " Because you are not".

Mrs Mthethwa: " Don't worry, Philani you will sleep in the guest room that is next to my room".

Philani: " What?".

Mrs Mthethwa: " Is there anything wrong".

Philani: " No Ma".

Mrs Mthethwa: " Good, so next time when you decide to look for a book don't forget to wear your pants properly and Palesa you need to use make-up in those love bites (Hickeys)".

I don't know what's wrong with Philani's mom but I like her personality, I left them and went upstairs for a quick shower, Philani came in.

Me: " What are you doing here?".

Philani: " So I'm not even allowed to come near you in this house?".

Me: " No what if your mom comes? Go downstairs I'm also coming for supper"

Philani: " Ok cool".

He is now acting like a three year old kid who follows you around when you promised to give him sweets but I didn't promise Philani anything, I went to the Kitchen.

Philani: " You didn't want to eat my food but you are eating here".

Me: " Don't be such a baby, you have to cook again and invite me".

Philani: " No, I'll never cook for a women".

Me: " Why not?".

Philani: " I'm the head of the house and cooking is for women not me and don't argue with me for that".

Me: " Mxm Zulu man".

Philani: " And proud".

Me: " Soon I'll finish my exams I think I need to go home".

Philani: " We'll go for one weekend than come back".

Me: " What do you mean, we?".

Philani: " You are my wife I will go with you than we'll come back".

Me: " You are starting again, Why do you always have to ruin my mood".

Philani: " You just run away from the truth that's all but baby that's how it is and you need to come back home".

Me: " Here we go again".

Philani: " But we'll talk about it later, can I sleep with you tonight?".

Me: " No you're not".

Philani: " But I always sleep better when I'm with you please sthandwa sam".

Me: " I said no and please give me your plate I want to wash it".

I washed the dishes and went to my room, I tried sleeping but I couldn't sleep knowing that Philani is in the other room, I woke up and tip toe'd to the room he was sleeping in, I opened the door and got in, I pulled the blankets and hopped in.

Philani: " I knew that you also can't sleep without me".

Me: " Please don't feel so special".

Philani: " Haha come here".

When I woke up I took Philani's phone and checked the time God I was going to be late for school I over slept, I went to my room to get ready for school and I went to the Kitchen for something to eat.

Mrs Mthethwa: " Shouldn't you be at school?".

Me: " I should but I overslept, at least we are starting our exams next week".

Mrs Mthethwa: " Oh I see, I think you should go back to your house now".

Me: " But why I'm still enjoying it here".

Mrs Mthethwa: " My Baby you are not enjoying, here we can't give you everything that you need, Philani has everything you need".

God this women is a straight talker, yesterday I slept in Philani's room because I missed him so much but how does she know that I slept there? Was I making too much noise at night? Oh No..

Me: " Yeah I think it's a good idea, I'll tell Philani to pack my clothes and go with them".

Mrs Mthethwa: " One more thing, I don't ever want to see you leaving your house, that is your house and No One can tell you otherwise in that house, do you hear me?".

Me: " I hear you".

Mrs Mthethwa: " Good, don't worry I'll tell Philani to go with your bags".

Me: " Thank you".

I took the fruits and went to school, the day was just normal but I had lot of revision to do, I like doing my school work at the library after my classes because I don't want to stress myself too much about the undone school work, I went home and Philani had already left for work, until now I don't understand why is he working as a policeman, the food that Philani cooked was still there and he is a great cooker I don't know why he hates it, I watched tv and went to bed.. someone knocked on the bedroom door and when I opened it was Scebi..

Scebi: " Makoti put on your clothes, we are going".

Me: " Going where?".

Scebi: " Stop asking questions, be fast".

I wore my tracksuit and takkies and I followed him, we went to their offices, Philani was also there wearing his Police uniform..

Philani: " I asked Scebi to come with you, are you alright?".

Me: " Yeah I'm good, what's going on, Why wake me up in the middle of the night".

Philani: " I'm sorry for that My love but you can sleep in this couch, I wanted you here with me".

.

.

.

.

Scelo: " So what do we do now?".

Philani: " I will speak to the Police in Newcastle, they wil find something".

Mrs Mthethwa: " But when Philani? Both my son's are missing and you are telling me about the Police?".

Scebi: " I think this is personal, they stopped our taxis in the N3 taxi route and everyone knows that,

that route is also ours and now Phe and Sanele are missing".

Philani: " We need to go to Kzn now".

Mrs Mthethwa: " I'm coming with you".

Philani: " Ma you are not coming, we don't know what these people are planning".

Mrs Mthethwa: " I'm your Mother you can't tell me what to do;".

I looked at them confused, it was like they were speaking in a foreign language.

Scebi: " We need to talk to the taxi association first before we go home, we can't just do things on our own".

They agreed and no one slept, I'm the only one who had an office couch to sleep on, I didn't want to ask so many questions because everyone looked very stressed.

Philani: " Are you okay?".

Me: " No, what's going on?".

Philani: " Phe and Sanele are missing, the taxi they were driving was found on the side of the road but they were not there and our taxis are out in the taxi route".

Me: " But who would do such a thing?".

Philani: " We don't know but once you own a taxi just know that you will have so many enemies, I didn't want to leave you alone at home, Sanele was supposed to come tonight but this happened".

Me: " It's fine but I didn't mind sleeping alone".

Mrs Mthethwa: " I think we have to go to my house than in the morning you will all go to the association".

We left the offices and went to her house, it was almost four in the morning, we went to bed and when I woke up Philani wasn't there, I checked the time and it was ten in the morning, I went downstairs.

Mrs Mthethwa: " Why are you up? We slept very late go back to bed".

Me: " Where is Philani".

Mrs Mthethwa: " They are on their way to Newcastle".

Me: " But Ma do you think they will be safe?".

Mrs Mthethwa: " They will be".

She didn't sound convincing, I stayed in the lounge watching tv but I think it was watching me because my mind wasn't even there, I was thinking of Philani...Sanele and Phe doesn't deserve to be harmed, they are the most friendly people ever, I slept in the couch and woke up again but there was no sign of them.

Mrs Mthethwa: " You need to bath and eat they are fine".

Me: " You spoke to them?".

Mrs Mthethwa: " Yes now Go bath you don't want Philani to see you like this".

I was happy, I took a very long shower and changed to my clothes that Philani left, I ate and waited for them but there was no sign, it was late than I decided to go to bed, I was woken up by someone getting inside the blanket..

Me: " You are back".

Philani: " My mom said you didn't wanna eat today please don't ever do that yourself".

Me: " I was worried about you".

Philani: " But still, don't ever starve yourself, ok?".

He said that kissing me, every time we get intimate it feels so special but this time it was more than that, so many emotions were involved, we cuddled and I was happy to see him back home.

Philani: " Baby".

Me: " Hmm".

Philani: " Do you remember when I told you that you are the only thing that makes sense in my life?".

Me: " Yes I remember".

Philani: " Don't ever forget that and when I'm no longer here please don't forget that I love you, I love you so much Palesa and I can't imagine my life without you".

Me: " Whats wrong, did something happen?".

Philani: " A lot happened my love but let's not worry

about it, let's sleep".

The way we made love told me a thousand words and now this but maybe I was just over thinking, I cuddled in his arms and drifted to sleep, oh Lord I love him, when I got up I found everyone in the kitchen as soon as they saw me they kept quiet and looked at me.

.

.

.

.

Me: " Good morning".

They greeted me back and I could see that something was up.

Philani: " Palesa after you've finished eating, I will take you home, I just spoke to your parents and they don't have a problem".

Me: " I don't understand".

Philani: " I think you should go home and visit your

parents".

Me: " Why?".

He looked down

Me: " Are you breaking up with me, is this how you wanna get rid of me?".

Philani: " No, it's not like that".

Scelo: " Palesa, we-.."

Me: "Oh your brothers again? Am I dating you or your brothers? So it was their idea that I should go home?".

Scebi: " Palesa this is for your own safety, we are not getting rid of you, you are our sister now and it will kill us if something bad happens to you, it's just for a few days".

Philani: " If she doesn't want to go she won't".

Mrs Mthethwa: " But Philani we talked about this".

Philani: " And I changed my mind, she's my wife".

Mrs Mthethwa: " Ok we hear you".

We went to our house and Philani took a very long shower, I was in the bedroom preparing to bath..

Me: " Philani what are you hiding from me?".

Philani: " I fucked up, yesterday when we went to look for my brothers, it ended up pretty bad, I shot the taxi owner from Nkandla and those people are very dangerous".

Me: " Is he dead?".

Philani: " We don't know but our lives are in danger those people don't mind coming here and shooting all of us, I know them my father once dealt with them but they were scared of him and respected him, my father was a very respected person".

Me: " That's why you wanted me to go home? But Philani I can't leave knowing that your life is in danger".

Philani: " You don't have to leave, nothing will happen to you, us Zulus we don't kill women if they targeted me, it will be me not you".

Me: " But I don't understand any of this, Why did they

kidnap Phe and Sanele and why were the taxis taken out of the route?".

Philani: " It's a long story my love but let's just not talk about this now, I'm not going to work, I just want to forget about everything and be with you, being with you makes everything better I love you Mbali yami".

Me: " Ok I love you more, so why don't you cook for me today?".

Philani: " No that will never happen".

Me: " Please just today".

Philani: " Let's both cook coz I'll never see the end of this".

I finished bathing and we started cooking..

Philani: " My dad loved grilled meat".

Me: " That's why you also love it, How was he like?".

Philani: " he was a very good man but hard on us. He wanted us to get married before he died".

Me: " I saw his pictures you look like him".

Philani: " I used to get that a lot and the hardest thing was to bury him in ashes".

Me: " The car burnt in the accident?".

Philani: " Yep to no recognition and his ashes were mixed with the cars ashes so it was the hardest thing we had to go through and also losing both my sister's but at least their bodies didn't caught the fire, soon we have to do the unveiling coz in two months it will be a year since their passing".

Me: " I'm sorry that you had to go through all that lets not talk about it, here peel these carrots".

We finished cooking and we had a most beautiful day ever, we enjoyed each other's company , the following day I had to go to the library to study since on Tuesday I was starting my exams. I went to the library but I started at McDonald's for breakfast.

.

.

.

.

Voice: " The beautiful Palesa, mind if I join you?".

Me: " Walter! Please take a sit".

Walter: " Thank you, how have you been?".

Me: " Good thanks and I'm sorry about what happened the other day".

Walter: " It wasn't your fault, I'm just glad to see you not crying".

Me: " Yeah and thank you".

Walter: " No problem, I know what your family is going through and I kind of like feel sorry for them".

Me: " What are you talking about?".

Walter: " The young brothers, the taxis and the Nkandla taxi owner, I know everything Palesa".

Me: " I don't know what you are talking about".

Walter: " That's not my problem, Their lives are in danger, including Philani's life but you can save them".

Me: " What are you talking about Walter?".

Walter: " There's an envelop that I need, it's a big brown one and outside it is written confidential, that envelop is in Mrs Mthethwa's house in the safe, so figure out the pin and give me that envelop than your family will be free from danger".

Me: " If you want that envelop why don't you talk to them yourself?".

Walter: " The Mthethwa family is so stubborn they wouldn't give it to me because they know what's inside that envelop".

Me: " Sorry you came to the wrong person".

Walter: " You know we have been following you all the whole day, how do you think I knew that you are here? And your Philani is being followed by just one call they can shoot him, so decide".

Me: " I thought you were nice".

Walter: " I am.. that's why I want to save your family, so if you don't want to see your husband in the hospital bed go to that house and give me the envelop, this is our secret, don't tell anyone not even Philani".

Me: " Walter I will never li-..".

Walter: " I'm giving you three days Palesa".

He stood up and left

One thing I don't need right now is stress, tomorrow I'm starting my exams and already I'm stressed about something which isn't part of my school work, I went to the library and studied then went home, I can't betray the Mthethwa's like that, I am part of their family and I love Philani so much. I cooked and went to my bedroom to study again.

Philani: " My Love".

Me: " Hmm".

Philani: " I'm hungry, can you dish for me?".

Me: " Philani can't you see that I'm busy studying".

Philani: " Oh Wow!".

He went out of the room, I didn't mean to be rude to him but seriously I was busy, I put aside my books and rested a bit, God what Walter said was really driving me crazy and I didn't want to worry Philani because he was going through a lot lately

Philani: " Whats wrong?".

Me: " Nothing I'm just worried about the exams".

Philani: " Don't worry too much you will pass I believe in you".

Me: " Hows everything going? I mean the taxi thing?".

Philani: " It's still quiet but the taxis are not back on the route yet, baby we are losing money".

Me: " Is there maybe something you can do?".

Philani: " We are still trying but nothing is happening at the moment, baby the Nkandla guys might come for me, I am not safe".

Me: " How sure are you?".

Philani: " They burned two taxis and that is a sign but don't worry nothing will happen to you, whatever happens to me just never forget that I love you".

Me: " Philani please don't talk like that".

Philani: " Mbali yami sometimes we have to face reality, this house and everything that I have will be yours, I told my mom today, we can't fight those guys my brothers wanted to fight them but I can't put their lives in danger because of what I did. I know it's hard but I won't fight them but since you are busy with your exams I can't tell you to go back to your parents house, you can stay at Kagiso's house or I'll rent you a hotel next to your school, until all this is over".

Me: " But Philani how can you say something like that? I am not going anywhere, I can't live you here".

Philani: " My Love this time I messed with the wrong

people, the real truth is, the guy I shot didn't make it, he died. These people won't stop until they pay revenge".

Me: " But still I'm not going anywhere".

Philani: " Mbalenhle don't be stubborn, you need to go, here you are not safe".

I cried, I was so hurt that I couldn't even stop myself..

Philani: " Please don't cry you are hurting me".

We cuddled and I couldn't imagine myself without Philani, he is my first true love and I can't lose him, we fell asleep, I didn't even eat. I went to school and my first paper went very well, after school I received a call from an unknown number..

Me: " Hello".

Voice: " How was your paper?".

Me: " Walter what do you want?".

Walter: " It wasn't good I guess, Palesa you have two days now and call me on these numbers when you have the envelop".

Me: " Walter leave me the hell alone".

Walter: " Ok I'll see you in two days, Bye Pali".

This guy is so annoying, I went home stressed, what Philani said really scared me and I think i'd do anything to see him alive with me, I told the driver to drive to Mrs Mthethwa's house, I found Nandipha.

Me: " Hey Nandipha".

Nandipha: " Hey sisi how are you?".

Me: " I'm good where's Ma?".

Nandipha: " She went to the meeting but I'm sure she will be back now".

Me: " Ok I forgot my Jean here so I'll just go up and take it".

Nandipha: " If you need anything I will be here".

I went upstairs nervous my heart was beating fast, I'll do anything to see Philani alive but does that mean stealing from his own family? I went to Mrs Mthethwa's room and i couldn't see the safe, I looked everywhere.. I removed the picture of her and her husband on the wall and there it was, I tried

different codes but I couldn't figure them out, I tried the year of which her husband died on and it went through, the safe had lots of money but I just took the envelop and put everything back the way it was.

I put the envelop inside my bag and went to the bedroom I used the time I was there for my Jean, I wasn't at ease, I said my goodbyes to Nandipha, I took my phone and dialed Walter's number.

.
. .
. .
. .

Walter: " Pali".

Me: " My name is Palesa.. let's meet tomorrow at McDonald's".

Walter: " Good".

God will forgive me for what I was about to do, Philani was at work and the following day I had one papers to write but first I wanted to meet Walter, I didn't cook because we had left overs and Philani

was at work so it was only me and Sanele who were going to eat, the way I was feeling nervous I couldn't even eat, I just studied until I fell asleep, Philani came home around seven in the morning from work and that time I was rushing to meet Walter, I waited for him at McDonald's and he came in his expensive suit.

Walter: " Pali, Pali, Pali why the long face?"

Me: " Walter we are not friends, before I give you the envelop how sure am I that My family is safe?"

Walter: " I'm the man of my words Palesa, give me the envelop and everyone will be happy".

I slowly took out the envelop and gave it to him.

Walter: " I knew that I can trust you, good luck with your paper".

Me: " What will happen to Philani?"

Walter: " As I said I'm the man of my words".

I don't know but I couldn't believe him, I wrote my paper, everything went well but it killed me everyday to lie to Philani, he may not be perfect but he didn't

deserve to be lied to, everything was quiet, Philani's police job was doing well and I finished my exams in peace.

Philani: " My mom called us and I don't want to go there but it sounded serious".

Me: " Come on don't be such a baby, let's go".

Philani: " Ok sthandwa sam'.

I was done with my exams, Philani didn't want me to go home but promised that we will visit my family over the weekend, we refreshed and went to his mother's house, his brothers were also there, she called the workers and us, she was serious not smiling, she wasn't the usual Mrs Mthethwa that I know.

.

.

.

.

Mrs Mthethwa: " One of you opened my safe and took something that doesn't belong to them, I want it

back".

We all looked at each other my heart was beating very fast, I wanted the floor to open and swallow me. She took out a gun and started talking pointing it at us..

Mrs Mthethwa: " That person knows the ins and out of this house, I won't repeat myself, I want that envelop now!".

Scelo: " But Ma-".

Mrs Mthethwa: " Don't Ma me, I need that envelop now".

She looked at us and no one spoke, I squeezed Philani's hand and he looked at me and shook his head, it was like he can read my mind.

Mrs Mthethwa: " Ok since no one wants to talk, I will make you all talk".

She stood up and poured herself a glass of whiskey than she disappeared.

Me: " Phi-.."

Philani: " Don't!".

Mrs Mthethwa came back with a sjambok..

Philani: " Ma I'm the one who took the envelop".

We all looked at him, I couldn't believe that he did that for me..

Mrs Mthethwa: " What did you say?".

Philani: " I- I took it".

Mrs Mthethwa: " What? My own Son stole from me, Philani I trusted you with my own life, why? Philani why?".

Philani: " Mom I don't know but i-.."

Mrs Mthethwa: " You don't know? You steal from me and than you tell me that you don't know? I don't care that you are my son I can shoot you right here, right now!".

Scelo: " Ma Noo!, we are family let's not allow anger to control us, let Philani explain Ma".

Scelo took the gun from her hands..

Mrs Mthethwa: " My own Son stole from me and you are telling me not to allow anger to control me?"

Philani I want that envelop back and just know that from now on you are no longer my Son".

Philani: " Come on Ma you can't do that".

Mrs Mthethwa: " I just did, get the hell out of my house".

Philani looked at his mom one more time and started walking

Me: " Philani wait! I can't watch you ruin your relationship with your mother because of me, I did it, I'm the one who took the envelop, Walter- Walter told me that if I give him the envelop Philani will be safe

And everything will be fine, I did that to protect Philani I couldn't lose him, I can't lose him. So if there's anyone you should punish is me not Philani. He is your Son, you can't replace a son but you can replace a daughter in law".

She looked at me in disgust

Mrs Mthethwa: " Philani take your thief out of my house".

Tears were coming out, when I looked at Philani he was sitting on the floor his hands covering his face, I passed him and requested an uber, I waited for it outside crying, it came and I payed for it when I got home. I didn't know what to do, I started packing my bags coz I knew that my marriage was over, Philani came and stood on the side of the bedroom door folding his hands in his chest and his eyes were red, he was looking at me..

Philani: " Where are you going?".

Me: " Home".

Philani: " I know that you wanted to protect me but why did you lie to me? It hurts that my own wife doesn't trust me".

Me: " I wanted to protect you".

Philani: " But Palesa protect me by stealing from my family, our family and lying, do you know how angry my mom is?".

Me: " I know but I'm sorry, I didn't have a choice Philani".

Philani: " I don't know what to say, Palesa you really disappointed me".

He went to the cupboard and took out a box

Philani: " I had this ring specially made for you, this ring has twenty one original diamonds, number twenty one is very special to me. Palesa when I first came to your place wounded the date was the 21st, I fell in love with you at first sight, I paid lobola for you and also first slept with you on your 21st birthday, twenty one is really special to me. I was going to officially propose to you on the twenty first of this month, you can take this ring with you I won't need it because I made it for you".

I couldn't stop my tears from coming out

Me: " Philani I am sorry, I am really sorry please forgive me, don't be angry at me".

Philani: " I am not angry at you, I'm just disappointed. You don't have to leave today, this is also your house, I'm the one who is going to move out".

Me: " No Philani this is your house, I'm going back home".

He didn't argue with me, he just left the room..

The worst thing that can happen in your life is when someone you love feels betrayed by you, I know that I hid everything from him but I never even once thought of the consequences yes I did believe when Walter told me that he will make everything disappear but if I did tell the Mthethwa's were they gonna believe Walter? I was wrong in making the decisions alone but what's done is done, the what if's and could've's won't help anymore. I had money

on my bank account because I wasn't using my scholarship allowance anymore, The house had everything I needed and I was driven to school so I had enough money to take me home.. I requested an ubber to take me to wonderass coz that's where Daveyton taxis are, I got inside the taxi and waited until it was full than it drove to daveyton, I arrived home and there was no one the house was locked but luckily the gate wasn't locked, I waited outside in the veranda the way I was so heart broken I felt like my world has reached it end, I used my huge suitcase as the pillow and fell asleep..

Voice: " Palesa! Why are you sleeping outside?".

Me: " I'm sorry Ma, the doors are locked".

Mom: " I'm sorry my baby, why didn't you tell us that you are coming home".

Me: " Askies hlee mama, I thought I was gonna find Kamo home".

Mom: " Let me help you with your bags, Kamo went to your father's office they have a function so I couldn't go that's why I asked Kamo to go with him".

Me: " Ok Ma".

We got inside and I went straight to my bedroom, I kept on checking my phone thinking that maybe my dear husband has called but there were no missed calls of him, I felt tears coming out..

Mom: " Palesa what's wrong?".

I broke down I couldn't even help myself and she hugged me, I continued crying in her chest

Me: " It's over mama it over, he hates me".

Mom: " Oh my baby please don't cry like this Pali ya mama, calm down ngwanaka".

Me: " I ruined everything and now it's over, mama I love him I love him so much, it's hard I don't think that I'll ever accept this, It hurts mama it hurts".

Mom: " It's ok to cry, cry all your sorrows out, I'm right here my child, Mama is here my baby".

I cried until my head started hurting..

Me: " I need to sleep".

Mom: " Ok if there's anything you need just send a

callback I will come to your room".

Me: " Thank you Ma".

Mom: " Anything for you my child".

I tried sleeping but I couldn't, I woke up and went to the bathroom, I prepared myself a bubble bath, I relaxed and came out when the water was starting to be cold. Bathing really helps but it doesn't take the heart break away, I wore my pajamas and went to the sitting room.

Kamo: " Hey sis why didn't you tell me you are coming home, I wanted to come to your room but mom stopped me".

Me: " I'm sorry it wasn't planned, did you pass this term?".

Kamo: " Yeah I did".

Dad: " Kamogelo please excuse us, we need to talk to your sister".

Kamo went to her bedroom

Dad: " What did that Zulu guy did to you? I swear if-.."

Me: " Dad, he didn't do anything I'm the one who ruined everything".

Dad: " Palesa did you cheat?".

Me: " Papa No, I would never cheat on him, I mean I wasn't cheating on him".

Dad: " Than what happened?".

Me: " It something else and I don't want to talk about it now".

Mom: " Mokwena if she's not comfortable in talking about it, let her be".

Me: " Thank you mom".

Mom prepared supper and we ate, my parents forced me to eat, my brother also joined us for supper than I went to my bedroom.

.

.

.

.

Kamo: " I'm sleeping with you tonight".

Me: " Thanks sis but I need to be alone".

Kamo: " Good coz you won't even feel that I'm here".

Me: " Kamogelo!".

Kamo: " Still I'm not leaving".

Me: " God you're so stubborn".

Kamo: " I'll take that as a compliment because Junior also says the same".

Me: " And who is Junior?".

Kamo: " My Crush".

Me: " Your Cru- what? Kamogelo you are still young for boys, finish school first and than you will Start dating".

Kamo: " But I'm Sixteen".

Me: " So?".

Kamo: " Palesa look I know that you mean well and you are my sister I love you so much but I don't want my high school life to be as boring as yours".

Me: " Oh God this child, my high school life wasn't boring".

Kamo: " Tell that to someone who doesn't know, all the hot guys were all over you but you didn't date not even one".

Me: " Which hot guys".

Kamo: " Like Prince who stays next to the car wash, Prince was hot and he is even more hot now, he drives a golf 7 now".

Me: " Prince is a father of three with three different baby mamas who are now single mothers if I dated him maybe I would've been baby mama number four".

Kamo: " But he's still hot, ok next one is Thabang".

Me: " Thabang from next door?".

Kamo: " Yah and he still talks about you every time I see him".

Me: " He may be cute but he's just too soft for me, daai man kare ke chappies nje and I don't even eat chappies".

Kamo: " Hahaha yeww but at least you got yourself a world's hottest man, did you see how the girls were drooling over Philani on your birthday?".

Me: " Ok that's it, Go to your bedroom".

Kamo: " But sis-"

Me: " Kamogelo I need to sleep now".

Kamo: " I don't know what I did to deserve such a boring sister".

Me: " I love you too Kamo".

Kamo: " Mmxm".

I love her too bits but I don't want to talk about Philani, I have cried enough. I fell asleep even though I couldn't stop thinking about Philani, being at home made everything a lil better, My Brother was moving out, he was gonna rent a flat in Benoni and Kagiso was moving in with him, I asked Kagiso to give me his flat since he'll be staying with my brother and my parents agreed to pay my rent, I deleted everything that had to do with Philani, the schools were opening so I had to go back to school.. I settled down in the

new flat and I was waiting for my classes to commence because I arrived two days before school started.

I was watching tv and my phone rang.

Me: " Hello".

Voice: " May I speak to Palesa".

Me: " Speaking".

Voice: " Meet me at Kfc the one that is next to Bree taxi rank in an hour".

Me: " Who are you?".

Voice: " It's about the Mthethwa family".

Me: " Sorry abuti I don't know who you are and I don't wish to know, I have nothing to do with that family, leave me the hell alone".

I dropped the call, I don't know who is playing those dirty tricks with me, the number called again and I ended up switching off my phone. No one has ever called me not even Philani and I have accepted that we have broken up even though it's so hard so why would someone call me now, I went to bed early

because the following day I had to do my grocery shopping. Someone knocked on my door and when I checked the time it was half past eleven at night, I went to open the door and there he was Walter.

.

.

.

.

Me: " What are you doing here?".

Walter: " I'm good and how are you Pali".

Me: " What do you want Walter?".

Walter: " I'm giving you ten minutes to change".

I looked at him

Walter: " eight minutes now".

I pushed the door and he stopped it with his foot.

Walter: " God you are so stubborn".

He took out a gun and pointed it at me

Walter: " Go and change Palesa".

I went to my bedroom and changed my pajamas to a Jean, takkies and a jacket, when I went out he was waiting for me.

Walter: " You look beautiful as always, lead the way please".

I looked at him and we went out to his car, he started driving, we went to one of the fancy houses I didn't know where I was.

Walter: " You will sleep in this bedroom, good night Pali".

I didn't even want to question him, I kept quiet and got inside the bed but I made sure to locked the door first, I loved Philani and I still love him but ever since he came to my life so many things have changed and I even did something that I've never done. In the morning I was woken up by a knock and I woke up.

Walter: " I'm sure you must be hungry, Come".

Me: " I'm not hungry".

Walter: " Palesa you don't wanna go there".

I had no choice but to follow him, someone was

already eating at the table, I sat down.

Him: " You know this is my favorite, grilled meat, I even have it for breakfast, Please help yourself".

He was facing down but I stared at him and I said in whisper

Me: " M- Mr Mthethwa".

He looked up at me, I have seen his pictures and I know his son's he looks exactly like them specially Philani and Sanele..

Me: " But you-- you are dead".

Mr Mthethwa: " Is it?".

Is it? Why doesn't he just get straight to the point and tell me what is going on.

Me: " But how?".

Mr Mthethwa: " What I need you to do is, go to that house and tell Philani that I want to meet him".

Me: " Me? We broke up, I can't just go there and he won't even believe me coz you dead".

Mr Mthethwa: " Do I look dead to you?".

Me: " No but yes you are, I mean they know that you are dead".

Mr Mthethwa: " Good for them, I need Philani my older Son to come see me".

Me: " But Scelo and Scebi are your older son's".

Mr Mthethwa: " Don't question me young lady do as I say, Walter will drive you to his place, he has been indoors lately I think he is mourning the breakup of you two".

Me: " Sorry sir I don't think I will be able to do that, you came to the wrong person".

Mr Mthethwa: " Walter!".

Walter: " Yes sir".

Mr Mthethwa: " Drive Palesa to Philani's house".

Walter: " Yes sir, Lets go Palesa".

I slept with my clothes and I didn't even brush my teeth, we went to Walters car and he drove us to Philani's house, I tried to ask him questions but he didn't even looked at me, we arrived at Philani's house and this place has so many good memories, I felt so emotional. I rang the bell and Sanele opened the door.

Me: " Hi Sanele is Philani here?".

Sanele: " Come on give me a hug, I missed you".

I hugged him

Sanele: " Philani is uhm- ehh.."

Philani: " Who was ringing the bell Sanele?".

I got inside and Philani was coming down the stairs

shirtless, a girl was following him behind, I swallowed hard and bit my cheek to avoid the tears from coming out.

Me: " Hi, can I have a moment with you?".

Philani: " I am busy Palesa".

Me: " I didn't want to come here because I knew you would act this way but I'm not here to talk about us, Philani someone is following me and he said he won't stop until he sees you".

Philani: " Who is following you?".

Me: " They told me to come with you now and it's urgent".

Philani: " Palesa don't talk in riddles get straight to the point".

Me: " I can't say who it is yet but please come with me".

Philani: " Palesa I don't have time, please go".

Me: " That person won't leave me until you meet him, ever since I met you I've been meeting people who points guns at me, I wanna live a normal life I'm not

here to ask for the love back No Philani, I need my normal life back so you owe that to me, you are coming with me now".

He looked at me in disbelief..

Philani: " Give me two minutes".

He went upstairs and came back wearing a t-shirt

Philani: " Sanele please take her wherever she wants to go".

He took money and gave it to the girl he came downstairs with..

Me: " Bye Sanele".

Sanele: " Send me your new address I wanna come visit you sometimes".

Me: " Cool, I will".

I went to Walters car and Philani said he'll drive his car mxm his attitude stinks, we arrived at our destination and we went inside the house.

Walter: " Please feel comfortable, take a sit".

Philani: " No man tells me what to do, what am I

doing here".

Mr Mthethwa: " Nyambose omkhulu you will never change".

Philani looked at him in shock...

.
. .
. .
. .

Philani: " Nyambose wha- what are you doing here, ain't you-... Oh God please tell me my eyes are deceiving me".

Mr Mthethwa: " Yehlisa umoya mfana". (Calm down Boy)

Philani: " Ngehlise Umoya? Are you seriously telling me to calm down? Where were you all these months? You made us believe that you are dead dammit".

Mr Mthethwa: " Mfana wami-.."

Philani: " Don't, don't even go there I am not your boy, you left us, we mourned your death, I'm sure you are

here to tell me that my sister's are also alive".

Mr Mthethwa: " Nyambose calm down, Lets sit down and talk".

Philani: " Talk? You are joking right? We all believed that you are dead, Gone! Where were you, where the fuck were you?".

Mr Mthethwa: " If you will give me a chance, I will explain everything, please sit down".

Philani: " I swear if you lie to me, I will shoot and kill you myself".

They sat down and I remained standing, it was a bit awkward..

Me: " I think it's time for me to go now, it was good to meet you Mr Mthethwa".

Mr Mthethwa: " Where are you going? You are part of my family now".

Me: " No I'm not, we ahh broke up so I think I sho-.."

Mr Mthethwa: " Philani are you going to allow your wife to leave you again?".

Philani: " Nyambose it's complicated".

Mr Mthethwa: " Nonsense this young girl helped me, I'm the one who wanted the envelop".

Philani: " God you are so unbelievable so you decided to involve Palesa in your scams?".

Mr Mthethwa: " I had no choice".

Philani: " You always have a choice, you are a coward, you left your wife and kids to deal with the pain alone while you are out God knows where enjoying your life, you disgust me Nyambose you don't even deserve to be called a father".

Mr Mthethwa: " Watch your language young man I am still your father".

Philani: " You were my father ten months ago not anymore".

Mr Mthethwa: " Do you think I had a choice huh? Yes I failed to protect your sisters, the car was on fire and at least I got them outside the car before it burnt into flames, it was too late when I helped them out of the car, that bastard who hit my car with a truck

came out and shot me, he wanted to make sure I was dead but I survived all that, I pretended to be dead and I heard him speaking to the person who sent him that the job was done.. Do you think I chose all that, huh?".

Philani: " I know you were in a taxi business but who would've done that?".

Mr Mthethwa: " I don't want to talk about it now, that person is dangerous and I sent Walter to tell Palesa about the envelop because I needed my freedom, I am tired of hiding and if Walter wasn't here I would've died, you can hate me but at least you now know the truth".

Philani: " The Ashes we buried??".

Mr Mthethwa: " I don't know but Walter took care of that, I am here Son and I was proud when I heard that you are about to be married, I apologize for what Palesa did, please forgive her".

Philani: " When are you coming home?".

Wow! He ignored what his father said...

Mr Mthethwa: " There are some few things that I need to fix first and I want to meet with your Mother before I come back home".

Me: " Sorry to disturb but I need to go home".

Philani: " I will drive you".

Me: " No thank you, I will ask Walter".

.
. .
. .
. .

I asked Walter to drive me to my place and God it was the longest morning in the history of human kind, as soon as I arrived at my place I took a bath and went to Killarny Mall for a grocery shopping, I went back home and chilled, I had abdomen pains and I thought maybe it's that time of the month and yes I was in my periods and the following day my classes were commencing I went to school but the period pains were just too much, I went to the pharmacy for pills but I couldn't sleep at night. The

following day the pains were a little better and the blood wasn't too much, I went to school and the pains started, I couldn't even walk, I went to the benches and chilled for a moment, I drank the pills and went home, I felt better, my classes were going well and the weekend came, Saturday morning, I did my laundry and watched tv at least this flat has a tv, someone knocked on my door, when I opened it was Philani.

Philani: " Hi, My family asked me to come fetch you for lunch today".

Me: " Good for them but I can't come, thank you".

Philani: " Why?".

Me: " Because I don't owe your family anything and worse they are not even asking me nicely to join them for lunch, I'm busy".

Philani: " Palesa you don't have to-".

Me: " I won't come Philani".

Philani: " Are you angry that you found me with a girl the other day?".

Me: " Mara Philani do I look angry to you? And I'm not angry, it's your life Philani even if I found you with hundreds of girls I'd still not be angry".

Philani: " So by that you mean you have moved on but I don't see any guy here".

Me: " Moving on doesn't mean replacing you with someone, my definition of moving on is that I have made peace with what happened between us and I'm not heart broken anymore, my heart is at peace".

Philani: " So if you say so come to the Lunch my Mom wants to talk to you".

Me: " No than- Aahhh".

The pains in my abdomen were worse and blood came out..

Philani: " Palesa what's wrong?".

Me: " It hurts, it Ahhh".

Philani: " Lets go to my car".

He held me in bridal style and we went to his car, the

pains didn't want to stop, they were heavy, we arrived at Charlotte Maxeke hospital and I was rushed to an emergency room, I was so tired and I passed out, I woke up around half past four in the afternoon, the doctor came to check me up.

Doctor: " Ms Mokwena how are you feeling?".

Me: " Better, The pains are gone".

Doctor: " When did the pains started?".

Me: " During the week and I thought maybe it was just the normal pains but they got worse, they did stopped but started again today".

Doctor: " I see, we took your blood sample and there's nothing wrong with it, I think we should check your urine maybe you have some infection".

Me: " Ok".

I went to the bathroom to urinate and the doctor took my urine

Doctor: " Visiting time is over but since your boyfriend has been here since morning, I will give you guys just a couple of minutes but I'm sure I will

release you soon".

I kept quiet, I can't believe he just called Philani my boyfriend, Philani came in...

Me: " What are you still doing here?".

Philani: " I couldn't leave you here alone, what did the doctor said?".

Me: " He said nothing is wrong with me but he took my urine".

Philani: " You will be fine".

The doctor came...

Me: " So doc did you find something?".

Doctor: " Oh yes blood is normal during the first trimester, I will take you to the sonar now to check if the baby is ok".

Philani: " A baby?".

Me: " What baby doctor?".

Doctor: " You are nine weeks pregnant Miss Mokwena, I will tell the nurse to take you to the sonar room".

Philani: " Palesa you are pregnant, i- I'm going to be a father?".

I rolled my eyes at him, is this guy even serious?

The doctor came and did the checkup everything was fine and the pain killers that I drank didn't affect the baby, the pains were caused by stressing too much, the doctor advised me to avoid drinking too much sugar drinks and also avoid stress, I went back to my flat with Philani driving me of course and didn't want to speak to him on our way to my flat, we arrived..

Philani: " Weren't you preventing?".

Me: " Remember you said you will take me to your doctor for an injection but you didn't and I also forgot to remind you".

Philani: " Out of all the things, this was the last thing on my mind".

Me: " What do you mean Philani?".

Philani: " It just hard to believe that I'm going to be a father".

Me: " Good, now Go".

Philani: " What? I can't leave you alone".

Me: " Thank you for taking me to the hospital and now it's your time to go, Philani we broke up remember? And I need some time alone".

Philani: " You are so unbelievable mxm I'm leaving".

Me: " Good".

My head was spinning I can't be pregnant not now, I am not ready to be a mother and it's hard to believe that there's someone growing in my tummy. I bathed than relaxed a bit, I didn't want to tell my family yet, someone knocked on my door again, I'm just tired of

people who come here unannounced and there's a security downstairs why is he allowing people to come here without letting me know first. I opened the door and it was Philani Again!!

Me: " You know it's rude coming at other people's houses uninvited".

Philani: " Good for you, move I wanna get inside".

He got inside and I locked the door

Philani: " So what do you want to eat, I heard that pregnant women have cravings, what are you craving for?".

Me: " You really want to know?".

Philani: " Yah".

Me: " I'm craving for you to leave my flat and never come back".

Philani: " Is that all?".

Me: " Yes".

Philani: " Good coz I'm craving to sleep here tonight, I can't let my child sleep alone".

Me: " Don't even go there coz I haven't thought about what to do with it yet".

Philani: " Do you want to kill my child Palesa".

Me: " I don't want to be a single mother".

Philani: " I am here now ain't i? If I was gonna leave you I would've ran away the minute the doctor told us you are pregnant, so stop being such a baby".

Me: " I just hate seeing you here Philani, I don't want anything to do with you and your family,I hate it".

Philani: " I feel sorry for you coz you are caring a Mthethwa but don't worry Mamakhe you will be strong".

He doesn't even care or take seriously what I'm telling him, he continued changing the tv channels. Something was eating me inside and I had to ask him..

Me: " Philani who is that girl I found you with the other day?".

Philani: " Why do you want to know?".

Me: " I'm just asking as a friend".

Philani: " Palesa you are not my friend and I don't have friends, are you jealous?".

Me: " No, I'm just asking".

Philani: " It's non of your business".

I looked at him shocked, I continued minding my own business.. I slept in my bedroom and he slept in the sofa, I don't know why but my heart was breaking into pieces by what he said but he was telling the truth though what he does is really non of my business, in the morning he went back home, my lil sister was coming to Eastgate mall with her friends, I took a taxi to see her, when I arrived they were at Spur.. I enjoyed my day and I returned to my place finding Philani waiting outside..

Me: " I'll start complaining now about the security guys downstairs, I pay rent here, they can't allow someone to come to my place as they pleases. What do you want Philani?".

Philani: " You want me to stay away from you?".

Me: " Please".

Philani: " Ok join my family for dinner tonight than you won't see my handsome face anymore".

Me: " I don't want to".

Philani: " I knew that you like it when I come here everyday".

Me: " Fine I'll come".

He waited for me to change and we went to his family house, the last person I wanted to see was his mom, I'm sure she hates me for what happened last time and I don't blame her..

Scelo: " Makoti, it's good to see you".

Scebi: " You are so gaining weight".

Me: " It shows how happy I am without your brother, Its good to see you too".

Sanele: " You still haven't sent the location".

Me: " Oh I'm sorry but you can come to Wits and tell me when you are there".

Phe: " I'll also come and please cook for us".

Mrs Mthethwa came and I was surprised to see Mr

Mthethwa with her, no offense but I wouldn't take my husband back that easily after he faked his death, they greeted me and we all sat in the table.

Mrs Mthethwa: " Palesa I am sorry my child about the way I treated you, I didn't know that you were trying to help my husband, I hope you will find it in your heart to forgive me and Philani".

Me: " I've forgiven you long ago, I don't hold grudges Ma".

Mr Mthethwa: " So does that mean you are coming back to stay with Philani".

Me: " We broke up and I think it's better this way".

Philani: " Palesa came here because she doesn't want to see me again".

Mrs Mthethwa: " What? Palesa I apologised you don't have to ruin your relationship with Philani because of me".

Me: " It's not because of you, some things are just not meant to be".

Philani: " Don't worry Ma, Palesa will be part of our

lives whether she likes it or not".

Scelo: " What do you mean?".

Philani: " Because I'm going to be a father, she's pregnant".

Mrs Mthethwa: " Oh my God, are you for real?".

Mr Mthethwa: " You just made me the happiest father Nyambose, I'm very proud of you".

The way they were so happy it was like they are the ones who are pregnant, I just sat there and looked at them, this family has drama and I don't want my child to grow up here.

Mr Mthethwa: " Our family is United, we can't allow you to live far from us, you need to come back home".

Mrs Mthethwa: " I will Start buying pregnancy magazines and clothes and baby you need to change your diet".

Mr Mthethwa: " Philani you need to go with her and pack her things".

Philani: " Ok Skhulu".

Me: " I'm sorry but I'm not moving back at Philani's house".

Philani: " Palesa not now please".

Me: " If not now, when? I'm sorry for going against your wishes but Philani and I are over and I'm not moving back with him".

Scelo: " You are his wife, we paid Lobola for you".

Me: " Than I will tell my family to refund you the money you paid for me".

Mr Mthethwa: " Oh Manyabose Amahle siyalingwa yini? Lobola cannot be returned or refund, you are creating bad luck for yourself".

Mrs Mthethwa: " You don't love Philani anymore?".

Me: " Philani is the only guy I've been with and I love him so much but I can't be with him, I don't want to".

Mrs Mthethwa: " It's the hormones speaking".

Mr Mthethwa: " Don't worry time by time you will forgive him".

Me: " No, you don't understand, I don't want to be

with him and there's nothing here to be fixed".

Philani: " What about my child? My child won't grow up in other people's houses".

Me: " It's also my child so please don't feel so special, I don't want you Philani and I don't wanna come back to your house, I can't sacrifice my happiness because of this child I'm carrying".

Philani: " I will take my child "

Me: " Ever since I met Philani this family has been deciding how I should live my life, you paid Lobola without telling me and now Mr Mthethwa used me to get the envelop and what did I get from that?

Nothing! I lost Philani and his mom called me a thief, no one checked on me to see how I was doing and I'm the one who called Philani to come meet his father, I can't move in with Philani, he sleeps with different girls every night if he loves me, he would've waited for me. No one here cares about me but you all care about what I do for you, I am tired and this all ends today!".

.

.

.

.

I don't know how but tears were coming out, I took my bag and left their house, I arrived at my flat and cried.. there was a knock on my door and I opened Philani followed me..

Me: " Philani I'm tired please leave".

Philani: " When you found me with that girl that day, I took her from the club in Sandton and brought her home, I wanted to sleep with her but Palesa I couldn't betray you by allowing a girl I met in a club to sleep in your bed, our bed, I gave her a guest room and i slept alone. She was the first girl I brought home after you have left and I didn't even kiss her, I may be the worst person ever but I love you Palesa. What you said back at home really broke my heart, I am sorry if you feel used, I've never realized that we were not treating you well. I wish I could've seen it sooner and change . Palesa I failed you and I am sorry, I am sorry and if there's anything I can do to

change everything I will. I love you, I love you so much and I thought that I was treating you right. I am not here to try and change your mind about me but I just want you to know that I am sorry and I love you".

.

.

.

One tear came out and he closed the door and left, it was hard to sleep and I wasn't proud of myself the way I spoke to his parents, it was rude. Relationships are not perfect and no one is perfect, I think I expected Philani to do the impossible, I fell asleep and the following day I woke up for school, school was the only thing that was keeping me sane after school my mom called and told me that the Mthethwa's called and asked to meet my family on the following weekend so on Friday I had to go home.. The week was slow and I didn't want to tell my mom over the phone that I am pregnant, On Fridays my classes finishes early and I had already

packed my bags the previous day, I took a taxi to Daveyton and I was happy to see my family..

Mom: " How are you feeling now?".

Dad: " But my child out of all the guys out here you chose a Zulu guy?".

Me: " But Dad-.."

Dad: " Haha I'm joking I wanted to see how your face will change".

Me: " Sometimes your jokes are not funny".

Dad: " But your mother loves them".

Me: " Because she doesn't have a choice".

Dad: " Haha yey I will beat you, look at this child"

Me: " I'm joking, I have something to tell you".

Mom: " Whats wrong?".

Me: " Nothing is wrong Ma, well I'm pregnant".

Dad: " Pregnant? Palesa you will be a nurse very soon, you should know about contraceptive and these things".

Mom: " Wow! I don't know what to say".

Me: " I'm sure you are ashamed of me".

Mom: " No my baby, you are someone's wife so this was expected but you and Philani broke up, how are you going to handle this situation?".

Dad: " I will leave you to talk to her, her marriage is falling down before it even started and now she's pregnant".

Mom: " Mokwena don't say that, she needs our support".

Me: " Dad is right".

Mom: " No my child, did you fix things with Philani?".

Me: " No we didn't".

Dad: " You don't love each other anymore?".

Me: " I love him so much but I feel like we are from different worlds".

Dad: " Your happiness comes first, we can't force you to be with him if you are not happy".

Me: " Thank you".

We talked and talked than we went to bed, instead of focusing on the bad things that someone did start searching for the good ones, I fell asleep and we woke up early my mom started preparing food for the Mthethwa's my mom is very good with pots, her food always taste magically.. I went to bath and the Mthethwa's arrived around twelve, it was Mr and Mrs Mthethwa with Philani.. My family welcomed them and they started talking before eating..

- .
- .
- .
- .

Mr Mthethwa: " I am sure that you all know that we are going to be grandparents, I have never been this happy in my life".

Dad: " Yes unexpected good news indeed".

Mr Mthethwa: " I was away when Palesa came to my house and I feel like my family failed to treat Palesa as we were supposed to".

Mrs Mthethwa: " Palesa is my daughter and it pains me to see her hurt because of us".

Mom: " We understand".

Mr Mthethwa: " We came to apologize, you gave your daughter to us because you trusted us.. Palesa doesn't want to be with Philani anymore and we respect her decision but we are here to ask the Mokwena's to give us permission to be in a child's life, We are a very traditional family that's why we want to pay for the damages caused by Philani, we do everything traditionally".

Dad: " I hear you, If my daughter is not happy with your son I don't see any reason why we should force her, we will accept the child's damages because traditionally it is the right thing to do".

Mr Mthethwa: " Thank you, Palesa we apologize for everything we did to you and you don't have to return the Lobola that was paid to your family.. Philani you have to accept that Palesa is not in your life anymore, what brings you together is the child she's caring, do you hear me?".

Philani: " I hear you".

Mom: " So Philani is not my son in law anymore, We respect Palesa's decision as long as she's nappy".

Mrs Mthethwa: " I was starting with the wedding preparations but it's fine we as long as both of you are happy".

Me: " You can continue with the wedding preparations".

They all looked at me, Mr Mthethwa smiled..

Mom: " What?".

Me: " What I said to you last week was because I was angry and I apologize for the way I spoke to you".

Dad: " Palesa you are still confused, you don't have to put yourself through all this".

Mom: " Is it because you are pregnant? You can't sacrifice your happiness because of the child you are carrying".

Me: " If I'm not with Philani that's when I'm sacrificing my happiness".

Philani: " Oh Thank God".

Mom: " Palesa are you sure?".

Me: " I may fight with Philani and say things I don't mean but I am never going to live without him and he won't live without me".

Dad: " How do you know that he won't live without you".

Philani: " Because I love her, I am a mess without her".

Mrs Mthethwa: " I knew it".

Philani: " Lets just discuss the wedding date and Mr And Mrs Mokwena if your daughter comes crying to you because of me-.."

Mr Mthethwa: " I'm giving you full permission to kill him".

Philani: " Dad!".

Me: " Don't worry I'll first kill him myself than my

parents will finish him".

They all laughed, I love Philani!!!!!!

When I went back to Johannesburg I just went straight to Philani's house, Sanele and Phe helped me with my stuff because they needed the flat I was staying at. I finished packing my clothes and I cooked, Philani was at work and he was gonna be back home anytime soon, I kept myself busy by watching tv, Sanele and Phe came..

Phe: " Hey sis what did you cook I'm so hungry".

Me: " Let me dish up for you, I also haven't eaten yet".

I dished up for them and for myself then we started eating..

Phe: " The girls there by that flat, why didn't you tell us?".

Me: " Students? They will milk you dry trust me".

Sanele: " I told him".

Me: " But if he has lots of money to spread around he can try his luck".

Phe: " I'm not that stupid to spend money on girls".

Philani: " So how's your new place guys".

Sanele: " Good but we need someone who's gonna clean for us".

Me: " Clean where? In that one bedroom flat?".

Phe: " Yah it's a lot of work".

Philani: " So who's going to pay the cleaning lady".

Sanele: " I was- I mean we were gonna ask you,

Mom reduced our monthly allowance so we don't have enough cash".

Philani: " Its because you drink too much and I won't give you any money I can buy you groceries only".

Sanele: " Palesa".

Me: " Don't look at me in not working remember".

Philani: " I think it's time for you to go now".

Phe: " Razo come on".

Philani: " I'm not giving you any money".

I cleaned the dishes, Phe and Sanele left, we went to our bedroom, Philani went for a quick shower than came back..

Philani: " When are you going to start the check ups?".

Me: " I don't know but I think I have to start soon".

Philani: " I think we need the best private doctor and besides I have to know when are we supposed to stop having sex".

Me: " Tell me you joking, like really?".

Philani: " What? It's important for me to know".

Me: " It's the last thing you can think about, pass me that pillow I need to sleep".

I got inside the blankets and faced the other way..

Philani: " What you are doing is rude, face this side".

Me: " I'm tired I want to sleep".

Philani: " Ok baby sleep".

He trailed his warm hand on my back, my blood started heating up, he then kissed my back

Me: " Philani I want to sleep".

Philani: " You don't have to wake up baby I'll be quick".

He got on top of me and started kissing my lips, he slowly moved to my ear and my neck..

Me: " Ph- ilani".

I said that in between my moans I was tired I wanted him to stop but at the same time I needed more. I enjoyed every moment of it and now I understand why I fell pregnant that easily, his first

touch makes me lose my mind, that night we did three rounds, I'm the morning he went to work and I went to his mother's house because she invited me over.

Mr Mthethwa: " Palesa my child, how are you? is Philani at work?".

Me: " I'm good, he's at work, where is Mom?".

Mr Mthethwa: " She's coming down right now, I have a meeting in my office I will see you later my child".

.
. .
. .
. .

I nodded at him, Mr Mthethwa treats me like his own child, I went to the Kitchen to make myself a sandwich, I heard a door opening and thought maybe it was Philani's mom, I made two slices of chicken mayo sandwich and I think maybe I used too much butter coz I fell like vomiting, I drank a glass of water and cleaned the Kitchen counter but my

nausea was too much I rushed to the bathroom and tried to vomit but nothing came out, I sat on the toilet sit for a moment and I stood up to wash my face in the sink. I wanted to go home but I couldn't leave without seeing Mrs Mthethwa, I walked to her room but I stopped in the passage when I heard voices coming from the other room, I heard her voice and went there to knock, I stopped and first tried to check who was she with, I couldn't see clearly coz that space was too small.

Mrs Mthethwa: " You need to calm down and don't do anything stupid, he doesn't know anything".

Voice: " He is too clever you know, I think he knows everything and he's just pretending to be stupid".

Mrs Mthethwa: " I would know if he knows anything, he doesn't pretend I know him, he would have killed us already if he knew".

Voice: " But we have to make Philani lose his police Job".

Mrs Mthethwa: " No we can't do that, Philani is there

to protect our business if he quits or loses his job, all the police will be on our back, Philani is there to protect us".

Voice: " But I don't trust your husband, I don't trust him, something is telling me that he knows something".

Mrs Mthethwa: " Relax he doesn't know anything but if I suspect something I will let you know".

Voice: " These days he is very close with Philani maybe they are planning something together".

Mrs Mthethwa: " Stop over thinking, he doesn't know anything".

Voice: " He is very dangerous, if something is up I will have to attack first coz I know how he is and he will have to die with Philani this time".

Mrs Mthethwa: "Are you out of your mind? Philani is my son, your brother you will never touch him".

Voice: " They will leave me no choice".

I slowly moved away, the voice sounded very familiar but I couldn't tell who it belonged to, I went

downstairs and looked around, If I leave what if Mr Mthethwa tells his wife that I was here, I calmed myself down and my nausea came back again, I went to the Kitchen for water, when I saw Mrs Mthethwa I wanted to run for my life but I kept myself together and continued what I was doing.

Mrs Mthethwa: " Palesa my baby, how long have you been here I am sorry for keeping you waiting".

Me: " Not long, I was trying to make myself something to eat but couldn't eat the chicken mayo".

Mrs Mthethwa: " I'm sorry my baby, Do you need anything to eat?".

Me: " I have nausea so I guess I'll have to drink water the whole day".

Mrs Mthethwa: " That will not be necessary I bought you pregnancy magazines it has everything including food to eat, let me go fetch them".

I wanted to see the person she was speaking to but that person never came out and I also wanted to get out here I can't trust Mrs Mthethwa anymore, she came back with the magazines.

Mrs Mthethwa: "Here and it comes with the list of food you have to buy".

Me: " Thank you so much".

Mrs Mthethwa: " I wanted us to discuss the wedding".

Me: " The Wedding?".

Mrs Mthethwa: " Yes dear, I want it to be the talk of South Africa and I have the list here of the top wedding planners here in Mzansi so I think you will have to choose which one you would like to plan your wedding but I think you have to see their work first that's why I brought these also".

Me: " I'll take a look at these when I get home for now I think I need to do some grocery shopping before hunger kills me".

Mrs Mthethwa: " Why don't you send your helper to do the grocery for you or shop at pick n pay on line".

Me: " Well we don't have a helper anymore and I feel like I need to stretch my legs I'm tired of staying at home the whole day doing nothing".

Mrs Mthethwa: " I understand my baby, tell me what

you think of the wedding planners when you are done with everything".

Me: " Thank you so much Ma, I will see you".

Mrs Mthethwa: " Send my greetings to Philani".

I took the magazines and papers and rushed outside, the driver was still waiting for me, I've been followed before and when that guy told Mrs Mthethwa that he'll kill both Philani and his father where does that leave me? My heart was beating nervously and I was scared, I couldn't go home coz I was gonna be alone the whole day, Philani knocks off at six and gets home at half 6 or to 7.. Philani has more explanation to do about his police job.. I took my phone and dialed his number.

.

.

.

.

Philani: " My Love".

Me: " When are you coming back?".

Philani: " Hau baby how can you ask me that coz you know that I'm at work and I knock off at 6".

Me: " I'm scared to stay alone at home".

Philani: " Did something happen?".

Me: " Not really but I can't be here at home alone the whole day".

Philani: " Is that the way of telling me that you miss me or I didn't satisfy you last night?".

Me: " Philani stop it, I'm serious here".

Philani: " My Love I can't come home now if you don't feel safe go to the offices I will call my dad and tell him that you coming than I will try to knock off early and pick you up".

Me: " Ok no problem".

Philani: " Ok my love let me call my dad".

He hung up, I told the driver to drive to the offices and when I got there Amanda was there why don't they fire the girl coz she's so irritating and I don't like

her, I stayed in the reception and ignored Amanda.

Amanda: " Mr Mthethwa says you can come inside".

I didn't even say thank you, I can't be friendly to the girl who was sleeping with my man, I went to the office and found Mr Mthethwa busy with the paper work, this man is very handsome and doesn't look old.. I sat on the couch and he looked up at me..

Mr Mthethwa: " Philani told me that you've been followed before, Do you think those people are back again?".

Me: " N- no".

Mr Mthethwa: " What's wrong Palesa you can talk to me, I am your father and besides I owe you my life since you helped me".

Me: " The last time I kept a secret from Philani I ruined our relationship".

Mr Mthethwa: " What's wrong, did something happen?".

Me: " Why is Philani working as a policeman?".

Mr Mthethwa: " Because he loves his job".

Me: " Mr Mthethwa you are lying to me".

He laughed and looked at me...

Mr Mthethwa: " These are one of the reasons why I think you are good for my son, you are not soft Palesa".

Me: " I don't know what to say but all I can say is, I don't want to be a widow and I don't want my child to grow up without a father, I can't even imagine my life without Philani".

Mr Mthethwa: " Where does all that come from?".

Me: " I will talk to Philani".

Mr Mthethwa: " You were in my house, what did my wife say? What did you see?".

Me: " Nothing".

He stood up and locked the door, he pulled his chair and sat in front of me looking straight into my eyes...

Mr Mthethwa: "Talk, I promise I will protect you and Philani, nothing will happen to you as long as I'm here".

Me: " Your wife was involved in your accident?".

Mr Mthethwa: " What else do you know?".

Me: " I'm asking you".

Mr Mthethwa: " What else do you know Palesa?".

Me: " If you show your wife that you know something, your life and Philani's life will be in danger".

Mr Mthethwa: "Fuck! This women is getting on my nerves now?".

Me: " I don't know but she was talking to someone I don't know if it was Scebi or Scelo but something is going on there please do something".

Mr Mthethwa: " Palesa look at me, this conversation never happened, I will try my best to protect you and my son, nothing will happen. Don't tell Philani until he ask you, I will talk to him first. I think we need to train you".

Me: " Train me for what?".

Mr Mthethwa: " How to use a Gun".

Schools were opening soon and it was my last semester, I just wanna get it done with it and relax at home, I am always sick lately and I can't eat anything besides Maheu and an Apple, the doctor told me that after three months I will be better and I'll be able to eat..

Philani: " What's all these magazines for?".

Me: " Your mom bought them for me and maybe we should read them together".

Philani: " I don't even read a newspaper what makes you think I'll read a magazine?".

Me: " Because it's a pregnancy magazine, it will help

us during my pregnancy".

Philani: " Yes baby during your pregnancy not mine, if you need anything I will give it to you but I won't read a magazine".

Me: " Did you talk to your father?".

Philani: " Yes I did and you have nothing to worry about you are safe".

Me: " And the Gun training?"

Philani: " You won't do that, I am here to protect you and I'll never allow you to use a gun".

Me: " But it's for my own protection".

Philani: " Don't argue with me Palesa, you will never use a Gun and please when you see my mom again act normal, don't show her that you know something".

Me: " I understand, I won't".

I wanted to ask why and I wanted to know that why would she hurt her family, I got inside the the blankets and fell asleep. In the morning I freshened up and went to the Kitchen for something to eat, I

made ultramel with Marie biscuits..

Philani: " What are you eating?".

Me: " Here, taste it you will love it".

Philani: " Thank God I'm not a women".

The bell rang and he stood up...

Philani: " That will be my dad".

He opened it and came back with his dad..

Mr Mthethwa: " Palesa my child, how are you?".

Me: " I'm good and how are you?".

Mr Mthethwa: " I'm good, Is Philani still treating you well?".

Me: " He's trying but he knows that I'll kill him if he tries to do something stupid".

Mr Mthethwa: " And I will be glad to help you hide his body".

Philani: " Hello! I'm still here, why are you talking like I'm not here?".

Me: " Haha stop it, Can I make you something to

eat?".

Mr Mthethwa: " I've always has breakfast but I have to come back and eat your food, I haven't eaten food that is cooked by my daughter In law".

Philani: " She's a great cooker just like her mom".

Mr Mthethwa: " I will always have my supper here than starting from tonight".

Me: " You are always welcome".

Mr Mthethwa: " Your mom is planning a huge party tomorrow, Can you believe that I only found out about this now?".

Philani: " Is it someone's birthday?".

Mr Mthethwa: " No, She's celebrating me, that I'm back home, I think that she's up to something".

Philani: " But what?".

Mr Mthethwa: " I don't know yet but I can't be in that party".

Philani: " No, We are all going to that party".

They continued talking and I didn't want to get

involved in their conversation. Mrs Mthethwa is a very cool women being evil doesn't even suit her, the day went on and Philani was off. The next day we woke up Philani was preparing to go to the party .

Philani: " But babe everyone will be very disappointed if you don't come".

Me: " I'm so lazy and besides you won't even look at me in that party".

Philani: " What happened last time won't happen again today, if you don't want to go than I'm also not going".

Me: " Fine I'll come, your mom said by being a police you are protecting their business, what business was she talking about?".

Philani: " Taxi business please change your clothes".

Me: " Philani stop lying to me coz I know that there's more to this".

Philani: " Babe please I'm not in the mood to fight, you will find me downstairs, hurry".

He left me and went downstairs, I changed my

clothes and put a bit of make-up, I knew that Philani was lying to me, there was more to this taxi business thing and it was something big, illegal and dangerous, I went downstairs and he was in a call, he came and kissed my lips than he dropped the call..

Philani: " Mbali yami have I ever told you how beautiful you are?".

Me: " Not now, let's go".

Philani: " What did I do now? Is it the hormones?".

.
. .
. .
. .

I narrowed my eyes at him and walked out the door, he found me in the car, he looked at me and shook his head than we drove to his mother's house, people were starting to arrive and we also went inside..

Mrs Mthethwa: " My babies come this side, Palesa how are you? Have you read the magazines yet?".

Me: " Yes but not all of them".

Mrs Mthethwa: " Please don't drink any alcoholic beverage today".

Philani: " She won't even try, how are you Mama?".

Mrs Mthethwa: " I'm good my boy, I will see you I have to welcome the guests".

Philani: " No problem".

He held me by my hand and he started introducing me to some people, Walter came..

Walter: " Mr and Mrs Mthethwa".

Philani: " Walter".

Walter: " How's my beautiful Pali".

Me: " I always tell you that my name is Palesa not Pali".

Walter: " Is it Philani who only calls you Pali".

Me: " He doesn't call me Pali, I'm his rose, a rare one,

Ngiyi Mbali yakhe".

Walter: " Oh really?".

Philani: " Nice to see you Walter, please excuse me and my beautiful rare rose".

Walter was speechless, we went to sit down, Sanele and Phe were not there otherwise I would've gone to sit with them, I really enjoy their company, Mr Mthethwa was with the other tycoons and Philani didn't even want to leave my hand, a waiter came to us..

Him: " Miss, Someone sent me to give you this drink and told me to tell you that he heard about your pregnancy, congratulations".

I looked at Philani...

Philani: " Thank you".

He said to the waiter....

Philani: " I didn't know that they also have fruit cocktails in this party, Mother really planned it, should I drink it or?".

Me: " Its my drink, you can't drink it, give it to me".

I took it and started drinking it, the sweet sour taste of the pineapple was really mouthwatering, that's what I needed sweet and sour thing since I have a very low appetite, the room was crowded and I was feeling very hot..

Me: " I need some fresh air".

Philani: " Can I come with?".

Me: " No, the garden is full of people, you will find me in the kitchen".

Philani: " Ok my baby I will be with you in a second".

The attention he was giving me was everything I needed, I went to the Kitchen and the way I was feeling hot wasn't even normal, I took the ice from the fridge and started eating them, I was sweating..

Philani: " Palesa you are sweating, are you alright?"

Me: " I'm not alright, the heat is in my throat now it's hard to breath".

Philani: " Lets go outside".

We went outside but it was very hard to breath, blood started coming out..

Me: " Philani, bloo-d".

He looked at me and picked me up in bridal style, he took me to his car and he drove off, I wasn't feeling the pains but the heat only, we arrived at Netcare hospital and we signed.. The pains started, the pains I've never experienced before. Philani was talking but I couldn't hear him because the pains were so hard.. I was in tears crying..

oooooooooooooooooooo

.
.br/>.br/.

Nurse: " Sir please move outside".

Philani: " What's happening to her, talk to me dammit!".

Nurse: " The doctor is busy with her, we will be with you in a moment".

Philani didn't even sit in the couches in the waiting

area, he was up and down, everyone was looking at her. After 30 minutes a doc came out and called him..

Philani: " How is she?".

Doctor: "We managed to save her, she's in the ICU".

Philani: " The baby, did you save my baby?".

Doctor: " We-".

Philani: " We, you what? I'm asking you a simple question did you save my child?".

Doctor: " No whatever it is killed the baby, it was poison and we drained it fast, thank you for bringing her here fast. Her blood is on the way to the lab coz we want to know what kind of poison did she eat".

Philani: " Poison? My wife didn't eat- oh wait the cocktail".

Doctor: " What are you talking about?".

Philani: " Doctor please take care of her, make sure that she recovers please I can't lose her too. She is my life".

Philani's head was spinning around, he kept on asking himself that who sent the waiter that cocktail. He drove to his house and went to the basement where there's different kinds of guns, he was in tears, he might lose his wife since she's in the ICU, he thought, he took a very huge gun bigger like an AK47, he went back to his car and looked at himself in the review mirror and drove to his mom's house.

The party had just started, Palesa got the poison before the party started it all happened too fast, he parked the car in the driveway. He called a security guy to tell everyone to gather in the garden, the security did that even the workers who were hired for that day went to the garden, everyone was confused but followed the orders anyway, even Mrs Mthethwa herself was surprised since she was the hostess, Philani locked all the doors inside the house and when he went to the garden, he took a chair and also locked the sliding door, the garden was at the door, everyone got nervous when they saw him with a huge gun.. He relaxed on the chair..

Mr Mthethwa: " Philani what's wrong".

Philani: " Don't come near me, You all will listen and I will do the talking, if anyone dares to move I will kill them".

Mrs Mthethwa: " Philani are you out of your mind?

Philani: " I said I'm the one who will do the talking, shut the hell up Mother".

They all kept quiet...

Me: " Theres no network here if you try to use your phone, hard luck

There is a dog here and if that Dog doesn't come out now I will shoot you all, that motherf** sent someone to give my wife a drink and my wife is now fighting for her life at the moment-".

Mrs Mthethwa: " Oh my God, where is Palesa she was just here I mean you two were just here".

Mr Mthethwa: " Nyambose what happened to Palesa?".

Philani: " You two shut the fuck up before I shoot you, that person who poisoned my wife must come out now before I kill you all and burn this house down,

NOW!!".

Everyone kept quiet some of them even thought that maybe he was drunk but no, he was sober. Tears couldn't stop coming out, he was crying..

Mr Mthethwa: " Son let these people go, let's talk about this".

Philani clicked his tongue, he stood up and everyone

moved in fear, he dragged the waiter who gave them the drink and pointed the gun at him..

Philani: " Talk! Who sent you to give us the drink".

He kept quiet..

Philani: " Ok since you can't tal-".

Waiter: " It was your brother, your brother Scelo".

Philani felt like his life is breaking into pieces, it can't be his brother, they came a long way together he can't do such a thing..

Philani: " Stop lying to me!".

Him: " I am not lying, I always work here in all parties and I know all of you, he gave me the drink to give it to your wife to congratulate her".

Philani: " Everybody out! Except you, the party is over and wait! nothing happened here if I ever hear someone talking about this I will come for them, is that clear?".

They nodded and rushed outside, his family and the waiter remained behind..

Mrs Mthethwa: " Maybe there's a misunderstanding, are you sure that it was Scelo who sent you?".

Waiter: " Ye- Yes Ma'm I'm sure".

Philani: " You will do only one thing for me, tell me where your son is".

Mrs Mthethwa: " I don't kn-".

Philani: " Don't tell me that you don't know, I will look for him and when I find him be sure that you are prepared for the funeral".

Mr Mthemthwa: " Nyambose please calm down".

Philani: " My wife is fighting for her life and I lost my child how the hell can you tell me to calm down?".

Scebi: " Philani violence will never solve anything, let's talk about this".

Mrs Mthethwa: " He is right, we are a family, we can't let this break us".

Philani: " And Palesa isn't family?".

Mrs Mthethwa: " That's not what I meant".

Philani: " That's exactly how I heard it".

He took his gun and left the house... He took his phone and searched for the number..

Philani: " Hello, I want you to look for my brother Scelo, I need him before sunrise, Do you hear me? Ok get on it now".

He started searching where his brother always hang out but couldn't find him, he turned back and went to the hospital, Palesa was breathing for herself they took out the machines, he stood by the door and than left, he went to his house to take a shower and fell asleep. In the morning he was woken up by the bell on the door when he checked his phone, the guys sent him a message saying they haven't found him yet but they are still looking. He went downstairs and his family was there..

Philani: " What are you doing here?".

Mr Mthethwa: " Where is Palesa we want to see her".

Mrs Mthethwa: " Please Philani".

Philani: " I don't trust any of you with my wife, are you planning on finishing her?".

Mrs Mthethwa: " How can you eve say that? We are your family, we will never do such a thing".

Philani: " Family? Don't even go there mother, Skhulu I will only take you to see Palesa and the rest of you go back to where you come from".

Scebi: " But Philani".

Philani: " Get the hell out of my house".

Mr Mthethwa got inside and Philani closed the door..

.

.

.

.

Philani: " Skhulu I swear when I find that Dog I will bury him alive".

Mr Mthethwa: " Nyambose what did exactly happened?".

Philani: " That waiter came to give Palesa a cocktail saying someone is sending the congratulations message for her pregnancy, I was so stupid to let

her drink it, a few minutes later she started feeling the pains and I rushed her to the hospital, it all happened so fast Skhulu.. What will Palesa say when she wakes up and find out that she lost her baby? I failed, I failed to protect her".

Mr Mthethwa: " Don't blame yourself but we will find Scelo".

Philani: " If I didn't get there on time I would have lost her too, Scelo needs to pay for what he did, he may be my brother but not anymore".

Mr Mthethwa: " I will go with you to the hospital than from there I will Start the search, we don't know what he's planning wherever he is".

Philani: " Let me take a quick shower".

Mr Mthethwa: " Ok Son".

Philani took a quick shower and they went to the hospital, Palesa was awake but Philani wanted to speak to her doctor first..

Doctor: " Mr Mthethwa she is awake".

Philani: " Yeah doc but how is she?".

Doctor: " She is better, you did a good thing by bringing her here on time, we drained all the poison before it damaged her. Mr Mthethwa I am sorry about the baby".

Philani: " No problem, I just wanted to know how she's doing because I'm really worried about her".

Doctor: " I understand but she's fine and also your brother was here".

Philani: " My brother?".

Doctor: " Yes, he was really worried but he came when we were-".

Philani: " How can you allow someone you don't even know here, did I tell you to allow visitors to visit my wife?".

Doctor: " Mr Mthethwa he-".

Philani: " I don't want to hear it, discharge my wife now!".

Doctor: " But there are some check ups that we need to do, maybe she can be discharged tomorrow"

Philani: " I don't care discharge her now and you will

continue doing your job in my house".

Doctor: " Mr Mthethwa I am not a private doctor".

Philani: " I will sue this hospital, you nearly put my wife's life in danger, this hospital will be closed down and you will never ever work as a doctor again, do you hear me?".

Doctor: " I will sign the discharging papers now and you will tell me what to do next".

Philani: " Good".

He went to his father..

Philani: " He was here".

Mr Mthethwa: " What? What is wrong with this boy?".

Philani: " They are discharging Palesa now, Skhulu please take her home, I will come I have some few things that I need to fix".

Mr Mthethwa: " No problem".

oooooooooooooooooooo

-Palesa

.

I remember the heat and the pains but after that I don't know what happened, the hardest thing was to wake up asking if my baby was fine than the doctor told me they couldn't save it. I was done crying, tears couldn't come out anymore, Philani wasn't there when I woke up and I'm sure he just dropped me and left, I had to feel the pain of losing a baby alone. Mr Mthethwa came in and hugged me..

Mr Mthethwa: " How are you feeling?".

Me: " I don't know how I'm feeling, I don't know if this pain will ever disappear".

Mr Mthethwa: " They are discharging you I'm here to take you home, Philani said-".

Me: " I don't even want to hear his name".

Mr Mthethwa: " But Palesa he-".

Me: " Please I don't want to talk about him right now".

Mr Mthethwa: " Ok, I will take you home".

We signed some papers than we went home, they forced me to stay in bed, I took my phone and called

my mom..

Mom: " Pali".

Me: " Mama".

I couldn't hold myself tears started coming out..

Mom: " My baby are you crying?".

Me: " I lost the baby mama, i-".

Mom: " Oh My God, I am sorry my child, I'm so sorry, do you want me to come?".

Me: " No mama you don't have to, I just wanted to tell you".

Mom: " I will pray my child, I am sorry oh Lord why is this happening to us, how is Philani?".

Me: " He's fine, we will talk later".

Mom: " Ok be strong my baby and tell Philani to be strong too I will pray for you".

Me: " Thank you Ma".

I put the phone down, I was wondering where Philani was, Mr Mthethwa ordered food for us to eat, the

man is very kind. Philani came and Mr Mthethwa stood up and left the room..

.

.

.

.

Philani: " My love".

Me: " Where are you coming from? When I woke up you were not there, I lost the baby Philani, our baby but you didn't even care to be here with me".

Philani: " I know baby I'm sorry, Scelo is the one who gave you that drink, I'm busy looking for him".

Me: " Why would Scelo do something like that?".

Philani: " I also don't know but how are you feeling?".

Me: " How do you think I am feeling?".

Philani: " That bastard killed my baby and nearly killed you, they told me that he was at hospital that's why I told them to discharge you".

Me: " But it doesn't make any sense, maybe it was him who was talking to your mom the other day".

Philani: " Maybe you are right but please my love don't stress too much, I will find him and I think we need extra securities here".

Me: " What will you do to him when you find him?".

Philani: " I'll make him pay for hurting my family".

Me: " I think you should follow your mom, maybe she knows where she is".

Philani: " Ok my love but I don't want you to get involved in all this".

The doctor came to check up on me and there was medicine that I was drinking, I also went to clean my womb, days passed and I had to go back to school. After school I'll wait at Sanele and Phe's place for Philani or Mr Mthethwa to pick me up, Philani didn't trust anyone around me and I was sure that everyone hated me because of the attention I was getting. It was a Saturday, a bell rang and Philani went to open a door, it was Scelo..

Philani: " What are you doing here?".

Scelo: " You were looking for me, weren't you?".

Philani took out his gun and pointed at him..

Scelo: " You won't shoot me otherwise you would've done it already".

He also took out his gun and pointed at Philani, I was looking at them scared but I wouldn't allow Scelo to kill Philani in front of me.. I ran upstairs and maybe they thought I was running away from them, Philani shouted..

Philani: " Lock the door Palesa and don't come out".

I locked our bedroom door and searched everywhere for something I can defend myself with, Philani's police uniform had a gun, I looked at it but I was afraid to take it, I took it anyway, it was heavy, I opened the door and went back to the sitting room and pointed at Scelo..

Philani: " Palesa what are you doing with that gun, give it to me".

Me: " He killed my baby and almost killed me now he

has the nerves to come in here and point a gun at you".

Scelo: " Palesa this has nothing to do with you".

Me: " It has everything to do with me".

This has nothing to do with me? He killed my baby and almost killed me but it has nothing to do with me? My blood was boiling.

My heart was beating fast, very fast all the pain and heart break I went through after losing my baby came back.

I pulled the trigger and fell down, I didn't get up, I closed my eyes because I didn't know who I shot..

I kept my face down, I couldn't control the tears from coming out..

Philani: " Palesa!".

I quickly looked up and ran to him..

Me: " I thought-".

Philani: " You don't listen, I told you to stay upstairs, baby don't ever do that again you could've hurt yourself".

He hugged me tightly and kissed my forehead, Scelo was laying down lifeless, I looked at him and than Philani..

Me: " Let's call the ambulance".

Philani: " Can't you see that he's dead".

Me: " I- Noo Philani".

I started crying again, I killed a person, my brother in

law..

Philani: " Palesa calm down, look at me".

Me: " I will go to jail Philani, my mom is going to kill me, I killed your brother, oh God nooo".

Philani just folded his hands and looked at me..

Philani: " Are you done?".

Me: " Philani i-".

Philani: " Baby shut up, we are not calling anyone".

Me: " What? What about him? Your mom, your-".

Philani: " You will never go to jail do you hear me, stop crying, you killed him and he will never ever wake up so deal with it".

Me: " But-".

Philani: " We need to get rid of the body and that was a pretty good shot, where did you learn that baby?".

I looked at him in disbelief, he was calm and also joking about it..

Me: " Philani i killed your brother and you are ok with

it?".

Philani: " What do you want me to do? Call the cops, well I'm the fuckin' cop and I'm here. He was going to kill both of us, he killed our baby Palesa, I'm not saying what you did is right but this bastard deserved it. Now Baby shut up and be a strong women, do you remember the Palesa who was holding a gun a few minutes ago?, I need her now, let's deal with this and we'll mourn later"

.

I tried but I couldn't, I've never been this close to a dead person before, Philani went to the garage and I wanted to follow him because I was scared but I didn't, he came back with a big white plastic, he layed it down and looked at me.

Me: " No, I won't touch him".

Philani: " Stop being such a baby, come help me".

Me: " I said No".

He looked down and pushed the body to the plastic and rolled it..

Philani: " Come with a plastic tape".

Me: " Where?".

Philani: " Check in the toolbox".

I searched for it and I found it, he wrapped it around him, he dragged the body to the kitchen.

Me: " Where are you going?".

Philani: " Come and help me here".

He took out maybe ten tiles in the kitchen than he pressed a button, the metal thing opened and there were stairs going down, I looked at him.

Philani: " I will explain".

He pushed the body down and I followed him because I wanted to see what was in there maybe there were many bodies there, it was dark but when he switched on the lights, the basement is beautiful, with lots and lots of guns that I've never seen in my entire life, different types of guns.

Me: " Why do you have so many guns here?".

Philani: " I said I will explain but not now".

I looked at him again to show him that I wasn't even laughing, he knows my look.

Philani: " You are not thinking of shooting me are you?".

Me: " If you don't tell me what's going on here in my house I will".

Philani: " Ok baby, this is our business, we are dealing with illegal weapons, any dangerous weapons you can think of".

Me: " That's why-..".

Philani: " That's why I'm the police, there's a police, constable Mofokeng he was on our back that's why I decided to be a police to protect our business but he hates me and still tries to dig deeper".

Me: " If they find out that you are a dealer what will they do to you?".

Philani: " Well life sentence my love, that's why we are so rich, it's because of this".

Me: " And the taxis?".

Philani: " Taxis doesn't have much money as this,

this was the secret I was protecting you from Palesa, I'm a criminal hiding in a police uniform, I've killed so many people because of this and please baby don't tell anyone because once one of us finds out that I told you about this, they will kill you".

.

.

.

.

Me: " Why?".

Philani: " Because this is dangerous and it's a huge secret that needs to be protected".

Me: " Those rich people that always come to your family parties are also involved?".

Philani: " Those are our business partners and clients actually those are not just parties, it's our bidding or should I say auction meetings than after all that we enjoy food and drinks".

Me: " God, like I don't even know what to say".

Philani: " My Love this is who I am and I can't change it, let's go up".

I didn't want to ask him more questions and the blood on the floor needed to be cleaned, the way I was shaking I did the spring cleaning in the Dining room coz i didn't want to see not even a small spot of blood. I finished and went to the bathroom to take a shower, first thing I threw up, vomited everything I ate. I took off my clothes and opened a shower, I cried so loud inside the shower thinking about Scelo. I looked at my hands and couldn't believe what I did, I finished bathing and went to our bedroom, I couldn't eat I was numb..

Philani: " I'm going now".

Me: " You are going where?".

Philani: " To work, remember?".

Me: " But you can't leave me here alone with that-..
Philani I'm scared".

Philani: " Nothing is going to happen you are just scared, I will call Sanele to come sleep here".

Me: " But-".

Philani: " I love you, I'll see you in the morning".

He kissed me and left, I locked the bedroom door and prayed, I was scared I couldn't even go to the kitchen. After two hours Sanele came and knock.

Sanele: " Why are you locking yourself here, in your bedroom?".

Me: " I didn't even notice that I locked the door".

Sanele: " I understand and I'm sure you must be scared, Philani told me what happened".

Me: " He did?".

Sanele: " Yah, what Scelo did was very selfish and I'm sorry but dad and philani are looking for him, he won't come near you ever again".

Yuuh my heart nearly came out, at least he doesn't know the actual story, he went downstairs and I locked the room again. I was scared and Philani kept on checking up on me, I don't know how I fell asleep but I did and nothing happened, Philani woke me up for school in the morning.

Me: " Do I really have to go?".

Philani: " Yes and you are going".

Me: " I don't even like this course, I took it coz I won a scholarship".

Philani: " But still you are going to school".

Me: " But i need some-".

Philani: " Actually I'm taking you to school, I'll sleep when I get back and I'll fetch you".

I wasn't ready for school but he pushed me, my day at school was normal and very long, around three
Philani fetched me.

Philani: " Let's go to my parents house".

Me: " No are you out of your mind?".

Philani: " Why ?".

Me: " I can't after what I did".

Philani: " Just get over it".

Me: " I can't but maybe I will try to get over it when he's not in the house anymore".

Philani: " It was your first time, I understand".

He drove home and I tried to eat, I was really scared Philani even noticed it, he didn't go to work and I felt safe in his arms and fell asleep early..

Philani: " Palesa, baby wake up".

Me: " What now? What time is it?".

Philani: " Its half past twelve, wake up".

I didn't know what was going on but I did wake up..

Philani: " Here take this clothes and wear them don't forget the hoodie it's a little cold outside".

Me: " Where are we going?".

Philani: " I made a few calls and I managed to get a space, the grave is ready".

Me: " What grave Philani?".

Philani: " We are going to bury my brother now and don't start with your stories, I already took him to the car, let's go".

I quickly wore the clothes and followed him to the van, he drove off and we arrived at the cemetery, my

fear came back again but I didn't want to show Philani because he wasn't himself, we drove inside the cemetery and he knew where he was going.

Philani: " Wear your hoodie and come help me".

I did as I was told, we carried him and threw him inside the grave, he gave me a shovel and didn't say anything.

.

.

.

.

He started throwing in the sand and I followed him, it came to a point where I was tired very tired but I didn't want to stop, when we were done Philani took the shovels and I followed him, we drove back home..

I didn't even go upstairs, I went to the shower downstairs and got inside as I was, I didn't take out my clothes, I didn't know what to do but to cry.

Philani got inside the shower and started undressing me.

Philani: " I have done so many things but I never thought I'll ever bury my own brother, I was ignoring this but it hurts, it really hurts, we grew up together, he is my brother".

Me: " it's my fault Philani i am sorry, I wish there's something I can do, I will go to the police first thing in the morning".

Philani: " I now know that I wasn't wrong about you, you are my true soul mate. If you didn't pull that trigger we will be singing a different song now, you saved me from my own brother, he was going to kill me. I know that with you by my side I'm safe, you are not going to jail for protecting your husband. Mbali yami, baby look at me baby".

I looked up at him..

Philani: " I owe you, I owe you my life for saving me, I cannot repay you but I can promise you one thing and I will forever cherish that, Baby I will never ever leave you, you are my ride or die baby. I will take every bullet for you, I love you".

Me: " I love you more Nyambose wami".

It has been two weeks now since we buried Scelo and I'm trying to deal with it, we haven't visited Philani's mom every time she calls and wants us to meet for the wedding preparations I just come up with excuses. It was Saturday night and we were chilling in bed talking..

Me: " I think we should go to church tomorrow".

Philani: " You are starting again".

Me: " I feel like my soul will find peace if I go to

church and I'm taking you with me".

Philani: " When I said I'll do everything for you that didn't include going to church".

Me: " Why do you hate the church so much?".

Philani: " I don't, I just don't have time to go there".

Me: " If you want us to visit your parents let's go to church".

Philani: " That's not fair baby you are blackmailing me".

Me: " Well it's up to you".

Philani: " Of fine it's not like I have a choice".

Me: " Thank you and my love please trust me you won't regret it, Remember the time I told you about Mitchell?".

Philani: " The crazy one".

Me: " Hmm yah she'll be so happy to see us tomorrow, she's always asking me to visit her church and she says the ch-".

Philani: " So we gonna talk about the church now?".

Me: " Yes and as I was saying that Mitchell said-".

Philani: " Oh God! Come here".

I couldn't talk anymore because of his touch, I don't know how many times we made love that night. In the morning we ate breakfast and prepared for church even though Philani was complaining the whole time, church was good and Mitchell was happy to see us.

Well Mitchell was the girl I went to school with. After church we drove to the Mthethwa home..

Me: " I don't think I'm ready to face your family".

Philani: " But sooner or later you have to face them just be yourself and if they talk about Scelo just keep it calm baby, please".

Me: " I will try but it won't be that easy".

Philani called his mom in the morning and told her that we were coming, when we arrived she had already cooked every Sunday course meal you can find, the women is just too much, maybe it's because she has money coz she goes extra in everything she

does..

Mrs Mthethwa: " My babies, it been a long time, how are you Pali?".

Me: " I'm fine mama, how are you?".

Mrs Mthethwa: " I am good, you look so beautiful I think we have more catching up to do, we have to go out shopping".

Me: " We have to".

I didn't know how to act, I killed her son, it was very hard to pretend as if everything was alright..

Mr Mthethwa: " Palesa how are you my daughter?".

Me: " I'm good and how are you?".

Mr Mthethwa: " I'm good and getting younger each and everyday".

Mrs Mthethwa: " Hehe, who told you that you are getting younger?".

Me: " But he looks like he is Philani's brother not his dad".

Philani: " What exactly are you trying to say?".

Mrs Mthethwa: " Are you trying to say my son looks old?".

Me: " Haha Baba save me tuh".

Mr Mthethwa: " They are just jealous don't mind them and I'm happy that I have someone who takes my side in this house".

Me: " Whenever you need an army, don't hesitate to call me".

Philani: " You'll never win".

Mr Mthethwa: " We will see about that".

It was not how I thought it was going to be, we were talking and joking. At church I did ask forgiveness from God and I knew and believed that he forgave me for my sins, going to church was more than just pleasing the person who invited me but to ask forgiveness from God for all my sins..

I didn't realize that I was drooling until Philani brushed my thighs, at least the table was covering all that, I whispered to him..

.

.

.

.

Me: " What are you doing?".

Philani: " I told you to be yourself".

Me: " But i am".

Philani: " No you are counting the rice, stop it!".

Mr Mthethwa: " Are you kids alright?".

Philani: " Palesa was complaining about the headache when we came here".

Mrs Mthethwa: " Why didn't you tell us, you can take the food as the takeaway and go home".

Me: " No Ma I'll be fine".

Philani: " No you are not fine, we'll take the takeaway".

Mrs Mthethwa: " No problem, I'll dish up for you and Philani make sure that she drinks the pain blocks".

She finished and gave us the Tupperware, on our

way home the drive was quiet, when we arrived home I went to relax on the couch..

Philani: " What's your problem?".

Me: " Philani you can't expect me to pretend like everything is fine".

Philani: " Like really now?".

Me: " It's hard".

Philani: " Follow me".

He stood up and I followed him, he took out the tiles and we went inside the basement, he switched on the lights and opened another door..

Me: " I'm tired what are we doing here?".

He took a gun and gave it to me, he took the beer bottles and put the on top of the wooden drums..

Philani: " Don't worry this wall has a bullet proof, I want you to shoot the bottle nothing else".

Me: " I can't believe this, Philani are you out of your mind?".

Philani: " For once in your life just do what I tell you

to do".

Me: " I don't want to use this gun".

Philani: " But you killed Sc-".

Me: " Fine I'll do".

Philani: " Easy baby, don't go with the emotions, relax your body?".

Me: " But it's heavy".

Philani: " Let me help you, hold it like this, no baby relax your shoulders, I'll count to three. One, two, three".

I shot the bottle, three of them in a row without missing, Philani looked at me shocked..

Philani: " Are you sure you've never used a gun before?".

Me: " Don't start please".

Philani: " But your shots are perfect, you don't even miss, let's do this once more, I want you to take all your fear and anger out. Baby what done is done, we can't change the past from today I don't want you to

talk about what happened, do you hear me?".

I nodded my head..

Philani: " Good now shoot and take all your emotions out".

I shot again without missing a single bottle and Philani looked very uncomfortable, I smiled a little..

Philani: " I don't want to see you using or touching a gun ever again".

Me: " Why?".

Philani: " Because I said so".

He couldn't stop looking at me and I was hundred percent sure that he felt very threatened, I took the food that his mom gave us and started eating..

Me: " Why are you staring at me?".

Philani: " Palesa is there something you are hiding from me?".

Me: " I don't understand now".

Philani: " Baby do you know how many times a person has to train to shoot like that? Baby you are

talented, very talented".

Me: " So you are trying to tell me that my talent is to kill?".

Philani: " No baby No, I didn't expect this like baby I'm shocked very shocked".

Me: " Let's stop talking about this please".

The day went on, the following day I went to school, things were pretty tough at school coz we were starting to prepare for the final exams, I had a lot going on since the year started but I didn't allow it to come between me and my studies. Philani was still going to work and also in their family company..

Philani: " I was with my family today and they are starting to worry about Scelo".

Me: " What did they say?".

Philani: " That he has never disappeared before, I wonder who brought him here that day coz his car wasn't outside".

Me: " Do you think that person might go to your family?".

Philani: " Maybe an uber dropped him here, Scelo was here to kill us, I don't think he would've hired someone to drive him here but Scebi is busy calling his friends".

Me: " Maybe I should just tell the truth".

Philani: " That will never happen".

My fear started again but I remembered Philani's words to keep it calm.. my phone rang and it was Philani's mom.

.

.

.

.

Me: " Hello".

Mrs Mthethwa: " Palesa how are you?".

Me: " I'm good Ma, how are you?".

Mrs Mthethwa: " I'm good my baby, what are you doing tomorrow after school?".

Me: " Well nothing besides studying, why are you asking Ma?".

Mrs Mthethwa: " I made a few calls guess what I managed to get hold of the best wedding planner in town and I won't tell you his name coz it's a surprise".

Me: " Really?".

Mrs Mthethwa: " Yes really so please tomorrow I'll send a driver to fetch you after school".

Me: " Ok Ma no problem I will see you tomorrow".

Mrs Mthethwa: " Ok bye".

I dropped the call..

Me: " Your mom arranged a meeting with the wedding planner tomorrow".

Philani: " Ok baby, don't forget to ask him how much he'll need so that I'll pay him all his money before everything".

Me: " I won't".

.

The next day I went to school and exactly after my

classes the driver was already waiting for me, he took me to a very beautiful restaurant, Mrs Mthethwa was already there waiting for me, I hugged and greeted her..

Me: " how long have you been here?".

Mrs Mthethwa: " Not that long, take the menu and order anything that you want to eat".

She wasn't the Mrs Mthethwa that I knew, I ordered a stuffed pumpkin with lamb and a peach juice..

Mrs Mthethwa: " I ordered a full bottle of wine,do you like some?".

Me: " No, juice will be fine".

I don't know if it was me or something but her look was dangerous, she wasn't normal really, the waiter came with food and I was famished, I ate immediately.

Mrs Mthethwa: " How's your food?".

Me: " It tastes good".

Mrs Mthethwa: " That's good to hear, you know I like to see my son's happy but they all know what

happens if they start bullshitting me".

Me: " What are you talking about?".

Mrs Mthethwa: " My Son disappeared and it's not like him to just disappear without telling me".

Me: " Philani told me but I'm sure he's on vacation or something".

Mrs Mthethwa: " Vacation haha, not Scelo, I spoke to his friends and they told me that he was tired of hiding from his brother that's why he took his gun and told his friends that he is going to confront your man Philani that's when they last saw him".

My heart started beating fast and I wanted the ground to open and swallow me but I kept my head strong..

Me: " So Scelo wants to kill Philani and you are fine with it?".

Mrs Mthethwa: " Philani is my son but Scelo is more than that".

Her words made me angry..

Me: " Mrs Mthethwa I hope you find your Son

sooner".

Mrs Mthethwa: " What did you two do to my son, he can't disappear, he poisoned you and killed your unborn child so you had every reason to pay revenge".

Me: " We are not as heartless as your Son".

Mrs Mthethwa: " Watch your tongue young lady, I swear if I find out that your husband did something I swear i'll-".

Me: " What exactly are you going to do to him, kill him? Like you did to your girls and your husband?".

Mrs Mthethwa: " Who told you that?".

Me: " Listen here Mrs Mthethwa you don't deserve to be called a Mother, you are threatening to hurt your own Son?".

Mrs Mthethwa: " Don't you dare mess with me, do you know who I am?".

Me: " I don't even want to know but there is something that you need to know, if my husband comes home with a single scratch in his body, you

will regret the day you ever welcomed me into your house".

Mrs Mthethwa: " Hahaha wuuuh don't make me laugh and who the hell are you to threaten me".

Me: " Palesa Mokwena - Mthethwa and that's not a threat, it's a promise. I think I need that wine now, please pass me that glass".

At home things were normal and I didn't want to tell

Philani about his Mom, she threatened to hurt him, her own Son, if I tell him it will definitely break him. Scelo's search was still on going but no one had a clue where he was except for us.. Philani was back from work since he was working a day shift, we were in a dining room eating and watching tv..

Me: " You know I was thinking?".

Philani: " What baby".

Me: " A lot has happened lately the baby and Scelo so I was thinking that I should go home maybe tomorrow after school since it's Friday".

Philani: " But this weekend I'm very busy why don't we go next week".

Me: " No, you can stay behind and focus on your work, I'll go, please, I really miss my family".

Philani: " Ok, No problem".

At least he didn't fight it we finished eating and went to bed, the following morning I packed my bag and went to school, after school I went home, I really missed this place and my family, my mom had been

calling asking where I was and the way she couldn't wait for me to get home..

Mom: " I came back early from work coz I wanted to cook for you".

Me: " But you didn't have to Ma".

Mom: " No my baby, I wanted to, take your bag to your room".

I went to my room and relaxed a bit, I missed my room and my bed..

Mom: " Pali, what's wrong why are sleeping?".

Me: " Nothing's wrong, I was a lil tired that's all".

Mom: " But how are you though?".

Me: " I'm fine and happy, I couldn't ask for any man in this world, Philani is everything I need and more".

Mom: " I'm happy to hear that, how are you copying after losing the baby?".

Me: " It was hard and it's still is but everything is fine now".

Mom: " How did you lose the baby Palesa? Were you

having any complications? You need to go to church my child".

Me: " No mama it's nothing like that, actually I was poisoned and the poison was quick to harm the baby".

Mom: " But who would do such a horrible thing?".

I looked down thinking about Scelo, God I didn't even want to talk about him and I was not going to tell my mom that Philani's brother was the one who poisoned me..

Me: " It's food, I mean food poison but the matter has been sorted out and we are all good now".

Mom: " I'm happy to see that you are happy, well and your brother".

She took a long breath before saying that..

Me: " What's wrong with Sphiwe, is he alright?".

Mom: " He is, you know I've been suspecting that maybe he likes boys but I have never thought it's really true".

Me: " Oh that, how did you find out?".

Mom: " It doesn't matter how I found out but it's hard to accept all this but as long as he is happy".

Me: " And Dad what did he say?".

Mom: " Well it's hard but he's trying very hard not to show it because he wants to see your brother happy and another thing is, his ex girlfriend is pregnant. Sphiwe hid all that from us".

Me: " He had a girlfriend? Wow!".

Mom: " Your father is happy that at least we will have kids in this house".

Me: " Kids?".

Mom: " Yeah she's carrying twins and she will give birth at any time now".

Me: " Wow! And she's ok with Sphiwe being gay?".

Mom: " Well she says they broke up before she knew she was pregnant and we've already paid the damages for the kids, the girl said she is going back to school next year so we are going to look after the kids. Your father is very happy even though your brother is dating that boy now".

Me: " I missed a lot here yeses".

Mom: " Get up so that I'll dish up for you".

I got up and followed her, she cooked dumplings and beef stew, my favorite.. We ate, My dad and little sister came back home, it was fun and I missed each and everyone of them, I went to bed with my little sister and we slept very late because we were busy gossiping, she told me everything that had been going in Daveyton, My phone rang and it was Philani calling.

.

.

.

.

Me: " Hello".

Philani: " My Love, I'm sorry for not calling, did you arrive safe?".

Me: " I did and how are you?".

Philani: " Bad, I miss you".

Me: " Haa already? But I miss you too and I'm very sleepy baby let's talk in the morning".

Philani: " Ok My love, good night".

He dropped the call and God I missed him even more, I fell asleep and the following day, I was woken up by his call.

Me: " Mr Mthethwa".

Philani: " My Love, did you sleep well?".

Me: " I can't complain and you?".

Philani: " No bad, babe I was checking up on you I'm going to my mom's house she called me, I Will call you later, I love you".

Me: " I love you more bye".

Sphiwe and Kagiso came, my parents are very understanding people I'm glad that they didn't judge my brother but accept him for who he is, the day was good, on Sunday Kagiso was going to jozi so I decided to get a lift from him than I took an uber to my house..

Philani: " I thought you are coming back tomorrow".

Me: " Well i changed my mind".

Philani: " I missed you, you know Amanda has been sending me messages".

Me: " What kind of messages?".

Philani: " Seductive messages and nudes she asked to see me yesterday but I told her to leave me alone".

My superman is telling me this? I was proud and felt loved..

Me: " And?".

Philani: " My Love you know something doesn't add up here, My Mom called in the morning and asked how my night was, did I have fun and all that".

Me: " So your mom is behind this whole Amanda thing, well I'm not surprised and I feel sorry for them if their plan is to break us up coz I'm not going anywhere".

He smiled and looked at me..

Me: " What?".

Philani: " You have changed, you are not the soft Palesa who is always crying, you are now hmm how can I put it, you are now acting like a criminals girlfriend and I like it".

Me: " Come on you are just exaggerating".

Philani: " No babe, you know now I'm even scared to double cross you, I love you".

He kissed my lips and took my bag upstairs, have I really changed? No but yes, the way I spoke to Mrs Mthethwa wasn't normal but I would do anything and everything to protect Philani and our relationship, I owe it to him, for God's sake I killed his blood brother even though it was a mistake but he forgave me and tried so hard to protect me. The least I could do is to accept him for who he is, No one is a saint that's what I told myself. Philani came back and disturbed my thoughts..

Philani: " Babe Dad just called and it's urgent, I will be back now or do you wanna come with?".

Me: " No I'm tired and hungry I want to cook but say hi to him".

He came closer and started kissing my lips..

Philani: " I'm very, very hungry make sure the food you cook comes with my chocolate fountain".

Me: " Stop it, please go tuuh".

Philani: " Maybe my dad can wait why don't we start with-".

Me: " Go to your dad we'll-".

I couldn't finish as he started kissing me and one thing led to the other we ended up in the couch trying to catch our breaths, his phone rang..

Philani: " Skhulu, I'm on my way give me just five minutes".

He dropped the call and started dressing up..

Philani: " I will come back now now".

He kissed my forehead and left, oh my God I love this guy, I locked the doors and went upstairs for a long bath than I started cooking, I finished cooking and waited for him.. I waited until eight at night but he didn't come back so I started eating, the bell rang, I stood up to open the door, three guys were

standing in front of me..

Me: " Hi, can I help?".

They just passed me and got inside, the nerves of these guys, I looked at them up and down, A white guy wearing a leather jacket started speaking..

Him: " You look even more beautiful Palesa".

Me: " What do you want?".

Him: " Oh I'm sorry for not introducing myself, my name is Hilton, it is nice to finally meet you".

He stretched out his hand for shake but I just stared at it..

Him: " Oh my bad, so back to business, Your boyfriend Philani-".

Me: " Husband".

.

.

.

.

Him: " Oh, I'm sorry Mrs Mthethwa, yes him, Your husband has something that doesn't belong to him so I'm here to take it".

Me: " The only thing that belongs to him here is me but the rest belongs to me, so you can't tell me that I don't belong to him".

The Black guy took out his gun and I nearly fainted but I kept it calm not showing that I was scared or close to urinate on my pants, Hilton waved at him to stop and he did..

Him: " You are a very interesting women, Your attitude is very sexy but these guys will search this house now".

Me: " Sorry sir but that's not going to happen".

He came closer to me, very close...

Him: " We are not your school friend Palesa now keep quiet and allow us to do our job".

I nodded nervously and they searched and searched but came out with nothing..

He came and looked at me, than they left.. I followed them and locked the door, the whole time I was holding my breath, I realised it and quickly went to the toilet to pee the way I was so scared..

I took my phone and dialed Philani's number but it took me to voicemail, even his dad's number was on voicemail..

The whole house was upside down and I didn't even know what they were looking for.

I waited but when I checked the time it was to twelve but still I couldn't find Philani or his dad, I started getting worried coz seriously I wasn't going to call his mom, I thought about the guys who came and started crying, I took my phone again and left a voicemail for Philani..

Me: " Philani i swear if you don't come back home now I will squeeze your balls and cook them, Baby please switch on your phone, the whole house is upside down, ,these people who came here- God please come back home".

I was scared to go sleep upstairs besides the whole furniture was upside down, I sat on the couch and ended up falling asleep, I heard the bell ring many times, I woke up and checked the time it was half past two in the morning, when I opened it was Philani, I went back to the couch to sleep..

Philani: " Baby".

I just kept quiet, he came closer and touched me..

Me: " Dont you dare touch me".

He was tired, he looked tired...

Philani: " Our trucks were hijacked, two trucks with

over a thousand of weapons".

I kept quiet..

Philani: " They can't get away with it".

Me: " You see that the house is upside down and you don't even care to ask what happened, you only tell me your problems?".

Philani: " I'm sorry baby what happened?".

Me: " Besides weapons what else that you do illegally?".

Philani: " Nothing baby".

Me: " There was a white man here he said he wants what belongs to him and you have it, he searched this whole house and you were not even here, what if they did something to me?".

Philani: " Who was it?".

Me: " Hilton I don't know but something like that".

Philani: " Hilton knows me very well he will pay for this".

He took out his phone and charged it...

Philani: " Baby I'm sorry let's go to bed, we'll clean up in the morning".

I stood up and followed him upstairs, no one was talking, he was tired and I was angry, we fell asleep, in the morning when I woke up he was not there, I went to shower from there I went downstairs, everything was back to normal, Mr Mthethwa was also there..

Me: " Good morning".

Mr Mthethwa: " Palesa, how are you my child?".

Me: " I'm good, do you need anything to eat or drink?".

Mr Mthethwa: " I would love that".

I went to the kitchen and left them talking, I made an easy breakfast, scrambled eggs, mini cheese sausages, bacon and toast with orange juice and a coffee, I served it to them and also joined them..

Philani: " Palesa is also coming with me".

Mr Mthethwa: " I don't think that's a good idea".

Philani: " She knows about this business and she doesn't feel safe here anymore".

Mr Mthethwa: " I understand, I can't go against your decision".

Philani: " Palesa pack our clothes we are leaving in an hour".

Me: " Where are we going?".

Philani: " Durban, Baby please be quick".

I stood up and went to our bedroom, I didn't even know what to pack, I just took what i saw first and packed it in one big suitcase, not forgetting my toiletries. Philani opened the door, he came to me and gave me a long deep kiss.

Philani: " Are you done?".

Me: " I think I am but I didn't know what to pack".

Philani: " It's ok my love, we can now leave".

Me: " Now? I need to change-".

Philani: " Baby you are so beautiful, my dad is waiting downstairs".

He took the bags and I followed him, it was just the three of us, we drove to the private airport, a huge

Jet was waiting for us written Skhulu, I looked at Philani, he always calls his father Skhulu, does that mean he owns the Jet, The lady that we found there spoke..

Her: " Mr Mthemthwa, it is good to see you again".

Mr Mthethwa: " Asanda, it's good to see you too".

We got inside and they helped with our bags..

Philani: " Are you alright?".

Me: " Well I've never been on a plane before".

He smiled and kissed my forehead..

Philani: " Well we will celebrate that later, sit here".

Mr Mthethwa: " Palesa are you comfortable?".

Me: " Yes I am".

Mr Mthethwa: " I still think it's a bad idea for her to come with us Nyambose, Asanda!".

Asanda: " Yes sir!".

Mr Mthethwa: " Please bring us some refreshments and a juice for my daughter in law".

She nodded and left...

Mr Mthethwa: " Walter did a very good job, the Govenders are also coming".

Philani: " I only want to see that asshole Hilton, he'll pay for harassing my wife".

Mr Mthethwa: " I'm not getting involved in that".

They continued talking about business three hours later we were in Durban, the driver took us from the airport to the hotel, they didn't check in, they greeted the workers like they know them.

.
. .
. .
. .

We took the lifts and got off on the 8th floor, Mr Mthethwa went on the other room and Philani opened the door, it didn't look like a hotel, inside it was the full house, a huge suite..

Philani: " I need to take a shower".

Me: " Ok".

I started looking around admiring the beauty of the place, I heard a knock and I went to open the door, a guy dressed in a hotel uniform was in front of me..

Him: " Good afternoon ma'm, I bought these as the young Mr Mthethwa requested".

Me: " He's in the shower, I'll take it on his behalf".

Him: " Ok Ma'm you can sign here".

I signed and closed the door, Philani walked out of the shower..

Philani: " Is that my suit?".

Me: " You were a suit?".

Philani: " Yes baby I do and this is your dress, It will look good on you".

Me: " Where are we going?".

Philani: " Ground floor, take a quick shower while I get ready and I have some few calls that I need to make".

I quickly jumped in the shower and I finished quickly,

I did my mini make-up and wore the dress, it was really beautiful and fitted me perfectly..

Philani: " You look beautiful".

His dad knocked and called his name, he quickly went to open..

Mr Mthethwa: " Palesa you look beautiful, I'm sorry to say this but Philani we can't go with Palesa now at least fetch her later not now".

Philani: " But-".

Me: " It's fine I'll stay behind".

Philani: " Ok baby, I'll see you later".

They left and I closed the door, I looked around but there was nothing I was going to do, I looked at myself once more in the mirror and there was no way I was gonna waste my husband's money by changing this dress, I left my phone and went to the lift, everyone in the lift was well dressed, I wanted to see where they were going then quickly come back, I followed them and the lift stopped at ground floor, I followed them inside and damn I was in a huge

casino with rich people, there was also a bar on the other side, a male waiter came and gave me a glass, I don't know if it was wine or champagne but I took it anyway, I looked around and thank God Philani and his dad were nowhere to be seen, I stood in one place and watched people playing Poker Roulette, it my favorite, I used to play it with my dad and my brother. They were robbing the guy and took all his money, the guy spoke.

Him: " Rolling over, round one, who's in?".

Me: " I am".

They all looked at me, there was no girl just rich gentlemen only, the guy looked at me and opened a chair for me to sit on. I sat down and started looking at my stock cards, we started dealing two cards each, a royal flush beats a straight flush, I started beating high-card single, we continued and everyone was shocked at the way I was playing, when I looked up Philani and his dad were also watching, I won.. The gentlemen stood up..

Him: " How did she win?".

Me: " Well i guess you can't scam everyone".

Philani came to me..

Mr Mthethwa: " You know no-one has ever won against these guys".

Philani: " You are so stubborn what are you doing here?".

Mr Mthethwa: " Palesa look out".

He pushed me and I fell on the floor, when I looked up everyone was holding guns pointing at each other, Mr Mthethwa was laying down..

Me: " Baba are you alright?".

Mr Mthethwa: " It hurts a little but I'm fine, I always come prepared, you see".

He showed me the bullet proof vest, he helped me up, the guy who wanted to shoot was standing In front of Philani pointing guns at each other..

Mr Mthethwa: " Richard, please take Palesa out of here".

A white guy took my hand and we went out, I was

nervous, we took the lift and went to the hotel room, he was holding a very huge gun, he stood at the door like some kind of a bodyguard not talking and on the other hand I was shaking, he listened to his earphones and he looked out the window, I also looked out and saw the guy who wanted to shoot me walking on the other side of the road, I looked at Richard and his gun..

Me: " Give me your gun".

He looked at me as if I was crazy, I roughly took it..

Him: " Dont be stupid come".

.

.

.

.

I followed him out, we went to the other room and he opened the window, he looked at me

, when I looked at the guy outside he was talking to a phone, I pointed straight at him and shot twice within a second he was down, Richard opened his

eyes in disbelief and dragged me by my hand out, we went back to the room and he looked at me..

Him: " Who taught you how to shoot like that?".

Me: " Do I need to go to school for that?".

Him: " Fuck but- you are a girl, change your clothes, I will be right back".

When I looked down outside everyone was gathered in one place, am I really a killer? I took my phone to call Philani but my battery was flat, someone knocked and I thought it was Richard so I quickly ran to open the door but it was Mrs Mthethwa..

Me: " What are you doing here?".

Mrs Mthethwa: " I always thought you are a sweet innocent girl who knows nothing about our world, move I want to get inside".

She pushed me and got inside, the nerves of this women..

Mrs Mthethwa: " You really know how to pretend don't you?".

She took the champagne and pour it in a glass, I

took the glass from her, she can't come into my hotel, insult me and then has the audacity to drink my alcohol no!..

Mrs Mthethwa: " Oh Well anyway I don't even drink that cheap champagne".

I just looked at her..

Mrs Mthethwa: " You and I are going to be very good friends from now on".

Me: " Why exactly are you here?".

Mrs Mthethwa: " Well, you will tell me what Philani and his father are up to, you will tell me every single step they make, who are they talking to and who are they meeting".

Me: " And why do you think I'll do that for you?".

Mrs Mthethwa: " Palesa my baby, you don't have a choice from now on you will do everything I tell you to do, everything".

I looked at her in disbelief...

Mrs Mthethwa: " You know Farenzo is Hilton's best friend who happens to have a grudge with your dear

husband and Farenzo's dad, is a well respected and feared man".

Me: " Why are you telling me all this?".

Mrs Mthethwa: " Because I am your guardian angel, by just one call I can call the family of the man you have just killed now and tell them everything and the man laying down there lifeless happens to be Farenzo the son of the most feared man I have ever known, so my dearest daughter in law please decide, I don't blame you though the man wanted to kill you but your dearest father in law took a bullet for you, you are very lucky".

I started sweating...

Mrs Mthethwa left the room, she left me numb, how did she know? Maybe Richard told him, there was another knock and I shouted ' come in, Richard was back..

Me: " Where were you?".

Richard: " I went to clean up your mess".

Me: " You know I hate snitches, I hate people who talk about me behind my back".

Richard: " What happened?".

Me: " You don't know what happened?".

Richard: " I wouldn't be asking if I knew".

Me: " Someone else knows what happened here,so you tell me how".

Richard: " I don't know what you talking about and please don't involve me in your trust issues".

I looked at him and went to the bedroom to take my pajamas then I took a very long shower, someone

opened the door..

Philani: " Mind if I join you?".

Me: " I'm done, what took you so long?".

Philani: " A lot happened after you left, let me take a quick shower".

I wore my pajamas and went to the lounge to eat, Richard wasn't there anymore so I watched tv and waited for Philani, he came out..

Philani: " Don't finish everything, I'm also hungry".

Me: " Who said I'll finish everything?".

Philani: " I know you, you can finish everything in that table".

Me: " In other words are you trying to say that I eat too much?".

Philani: " You said it, it didn't come out of my mouth".

Me: " I will get you".

Philani: " Like really now? Please shift a little".

I did and he sat next to me...

Philani: " That guy nearly killed us and they were many but when he went outside someone shot him".

Me: " Really, is he alright?".

Philani: " No he died on the spot".

I looked around because I didn't know how to tell him that I was the one who shot the guy..

Philani: " Whoever shot him really saved us a lot of energy and enemies".

Me: " Do they know who shot him?".

Philani: " His father wasn't surprised because he knows that they have lot of enemies but they checked all the cameras here but didn't find anything coz they thought the bullet came from this hotel".

Me: " Hows your dad?".

Philani: " He's good, he went to bed early coz we have a long day tomorrow".

Me: " I have something that I want to tell you but please promise me that you won't be mad at me".

Philani: " What is it".

Me: " First promise that you will listen till the end and you won't be mad".

Philani: " Ok fine I promise".

Me: " Well I was with Richard here and it happened that we saw the guy outside, he was talking to the phone and he looked mad so I thought maybe he will come back and do something bad to you and your father so I took Richard's gun and shot him".

Philani: " You what? Are you out of your mind?".

Me: " But you said you will listen until I finish".

Philani: " No! Palesa God what have you done?".

He took his phone and called his father and Richard, after maybe ten minutes they came..

Mr Mthethwa: " What's wrong?".

Philani: " Ask her, you know what Baba Palesa doesn't listen to me, she's stubborn, very stubborn, we told her to stay in room but she decided to follow us and played poker that she doesn't know anything about".

Mr Mthethwa: " Nyambose, calm down".

Philani: " No I can't, Palesa is the one who shot Farenzo".

Mr Mthethwa: " That's absurd, Palesa doesn't even know how to hold a gun".

Philani: " Skhulu you don't know anything, she shoots and doesn't miss, I don't even know where she learned that, She needs to go back to Joburg now".

Richard: " But Philan-".

Philani: " Don't even call my name, I told you to look after her because I trusted you and you decided to play with guns, She's going back home now and if I ever see you holding a gun you will regret it".

Mr Mthethwa: " Let's wait till morning at least".

Philani: " How many people will be dead by then? She needs to go".

Me: " What? How can you say that?".

Richard: " I am sorry to interfere but you will need Palesa, you need her. Tomorrow you are meeting with dangerous people who have more than 50 guards, with Palesa's great shooting skills we won't

have a problem".

.

.

.

.

.

Philani: " I don't believe this, are you out of your mind, she's my my wife for God's sake".

Richard: " She won't even come near those people, she will be far from us, Palesa doesn't miss I've seen this today".

Philani: " No! She's going home and this stays between the four of us".

Me: " Someone else knows".

Richard: " Who".

Me: " Your Mom was here and she tried to blackmail me".

Mr Mthethwa: " What did she say?".

Me: " She wants me to report everything you guys do to her, every single step you make".

Philani: " Palesa how can you be so stupid?".

Mr Mthethwa: " Actually that's not a bad idea, you will do exactly what she wants you to do but our way, we will tell you what to say to her".

I nodded my head...

Mr Mthethwa: " Nyambose Palesa is not going back home, massage her, make some babies and stop being so angry".

They left the room, it was just Philani and Me, he was angry I didn't even know how to apologize to him, I just left him in the lounge and went to the bedroom after a few minutes he followed me and he wasn't talking to me..

Me: " Philani I'm sorry".

Philani: " This thing of killing people is a habit to you now, what exactly do want in life Palesa".

Me: " What?".

Philani: " First you killed my brother and now this guy,

how many people are you going to kill for you to realize that this is wrong?"

Me: " So every time we fight you going to remind me about Scelo?"

Philani: " But it's the truth".

Me: " It was self defence, your brother killed my unborn child and he wanted to kill us both, that man wanted to kill me but your father took the bullet for me, excuse me for not being perfect".

Philani: " That's not-".

Me: " You have said enough, good night Philani".

I was angry, I took the blanket and went to sleep on the couch, he didn't follow me.

I was heart broken because I thought maybe he will follow me, after maybe thirty minutes he came and looked at me, I closed my eyes pretending to be asleep but I could feel his eyes on me.

Philani: " When you are done playing games come back to bed".

I kept quiet..

Philani: " I don't think I need to say it again, stop acting like child".

Me: " Me acting like a child? You are the one who is wrong here, I saved you from that guy".

Philani: " So you want credit for that, Oh Well done Spiderman, are you happy now?".

I was irritated, I pulled the blanket up to my face, he took the blanket from me and went to the bedroom, I had no choice but to follow him. I got inside the blankets and faced the other way, he also fell asleep. In the morning I woke up and took a shower.

Philani: " What do you want to eat?".

Me: " I'm not hungry".

Philani: " Ok I'll just order a normal breakfast".

He ordered and I went to the bedroom for something to wear, it was very sunny so I decided to wear a denim bumshort, printed T-shirt and vans takkies, when I went to the lounge Philani looked at me up and down, I knew I was flames.

Philani: " Food is here".

Me: " I said I'm not hungry".

Richard and Mr Mthethwa came, Richard was carrying the McDonald's bag.

Richard: " I brought breakfast".

Philani: " No we are fine but thanks".

Me: " Speak for yourself, I'm so hungry".

I said that opening the bag and started eating..

Philani: " You said you are not hungry".

Me: " I am now".

He was pissed but I didn't mind him and continued eating.

Mr Mthethwa: " We have to go now".

Philani: " Palesa change your clothes".

Me: " What for?".

Philani: " You are not going out like this, wear a normal Jean".

Me: " Philani please don't start".

Mr Mthethwa: " You will find us in the car".

They went out..

Me: " You can't tell me what to wear or what not to wear, this is my body and my clothes so please".

He stared at me and sighed, he took his phone and went out, he was not himself and I felt so guilty, I followed him, we got into the car, he didn't even look at me.

Mr Mthethwa: " Palesa take this earpiece, I will communicate with you".

Me: " How do I put it?".

Mr Mthethwa: " We will show you".

.

.

.

.

The car drove pass the warehouses, the car stopped.

Mr Mthethwa: " Let me help with these".

He put the earpiece on my ear..

Mr Mthethwa: " Can you hear me?".

I nodded..

Richard: " This is the perfect spot, look that way, there are four guys outside and one at the door, here they won't see you".

Mr Mthethwa: " You will hear from me once I call your name you will know that you have to start shooting".

I nodded..

Mr Mthethwa: " Relax".

Philani didn't even say a word, they started a car and went to the warehouse, I saw all the guy they were talking about holding guns outside. After thirty minutes.

Mr Mthemthwa: " Palesa".

He said that in a whisper, I started shooting the guys outside, I didn't even miss, They came out with huge bags, the car came and we went back to the hotel.

My phone rang.

Me: " Hello".

Voice: " You don't listen, do you?".

It was Mrs Mthethwa...

Me: " What do you want?".

Mrs Mthethwa: " I will tell the father of the man you killed if you don't tell me the information I need".

She dropped the call, Philani was moody I didn't want to bother him with my problems. My phone beeped.

Message: ' If you don't tell me where you were today I will report you".

The women was starting to annoy me but at the same time I was scared, I opened the tv but I wasn't exactly watching, it was watching me.

Me: " your mom is threatening me again".

Philani: " Good for you".

Me: " What?".

Philani: " Palesa you don't even know who I am to you anymore, why are you telling me your

problems?".

Me: " I am sorry about this morning, I shouldn't have spoken to you the way I did".

Philani: " It's not only about this morning, you even make decisions without telling me, you have completely changed".

Me: " I'm sorry about everything".

Philani: " Whatever hey".

Me: " Philani what do you want me to do?".

Philani: " Nothing, how many people did you kill today?".

Me: " What? But-".

Philani: " Exactly, Palesa I don't know you anymore".

Philani was right, I had changed a lot but that was who I was, he introduced me into this life, it hurt me going to bed without seeing eye to eye with him.

Philani: " Pack your clothes we are going back home in an hour".

I stood up and pack our bag, it was only one suitcase, we signed out and left to the airport, Philani was still moody, Mr Mthethwa was the only one who was talking to the both of us. The jet was already waiting for us when we arrived at The airport. When we got inside Philani opened the other door and got inside, leaving me and his father in the passenger seats, Philani was acting like a girl.

Mr Mthethwa: " You were fighting again?".

Me: " If only you knew".

Mr Mthethwa: " So what are you going to do?".

Me: " Nothing, he will be fine".

Mr Mthethwa: " Just like that?".

Me: " Baba there's nothing I can do, I did apologize but it just gets worse".

Mr Mthethwa: " How do you apologize?".

Me: " What do you mean? I told him I'm sorry ".

Mr Mthethwa: " Let me tell you something my child, us man, we don't just get angry, we get angry for that few minutes and after that we will be fine. If your man gets angry with you for the whole day or two, it really shows there's something you are not doing right".

Me: " I don't think I understand you".

Mr Mthethwa: " If you are not giving your man enough time in bed his mood will change".

I was getting uncomfortable, I couldn't discuss that with my father in law.

Mr Mthethwa: " We are both adults here don't feel

uncomfortable".

God it was like he read my mind.

Mr Mthethwa: " If you are giving your man enough time in bed he will forever be angry, sometimes take charge, control everything in bed, don't always wait for him. Be like a porn star".

Me: " What? Sorry baba I mean I think our conversation has to stop now".

He laughed..

Mr Mthethwa: " Am I making you uncomfortable?".

Me: " Very, I can't even look at you now".

Mr Mthethwa: " That's good because it gives you enough reasons why should go to your man and talk to him".

Me: " No I'm not going in there".

Mr Mthethwa: " Well ok, as I was saying, you should buy those sexy-".

Me: " I think I'll go to him now, this conversation doesn't have to continue".

He took a glass of his whiskey and laughed so loud.

I opened the door and closed it, Philani was in bed sleeping, the private jet was really beautiful. I took off my shoes and layed next to him, he looked at me and kept quiet. Philani acted like a baby. Ever since our relationship started I have never made a move on him, I was scared but I thought of Mr Mthethwa's words, I wanted him to forgive me and sexually I wanted him, Philani was irresistible because I loved him, everything about him was a turn on.

Me: " Are you still angry?".

Philani: " Palesa what do want?".

He was wearing dark grey tracksuit pants and a matching jacket, I took my hand to his stomach and started playing with his belly button, God I loved him.

Me: " How long are you gonna stay angry at me?".

Philani: " Just stop what you are doing".

His voice wasn't firm or convincing, my hand went down to his pants and I could feel that he was getting a hard on, I slowly brushed him.

Philani: " God women come here".

He got on top of me, he slowly kissed my lips, he teased my bottom lip, I was hot, I wanted him. He took off my T-shirt and looked at me.

Philani: " You are so beautiful".

I smiled, he kissed my lips once more, he went down on my neck, I couldn't stop moaning, I was on cloud nine. He brushed my breasts, he started kissing them while taking off my pants. Ever since I met him, he had never given me a head like he did, it was different, it came with so many emotions, I couldn't stop my moans, he took off his pants and got inside me, he entrusted so hard and fast, I moaned out loud, he didn't slow down. I touched him and hugged him closer when we both came, he stayed on top of me while we were both trying to catch our breaths.

Philani: " Are you alright?".

I nodded, I couldn't even talk..

.

.

.
. .
. .
. .

Philani: " Lets get dressed but we are not done"

Me: " Well if this is my punishment, I like it".

Philani: " No matter how much I can be angry with but I find it hard to resist you".

Me: " You love me just admit it already".

Philani: " You bewitched me, maybe you used some korobela on me".

Me: " I used just a little".

Philani: " Do my worry I'll take it all out tonight".

Me: " Are you still angry?".

Philani: " I'm starting to think that I wasn't angry, I was just horny".

I laughed at him and got dressed, we cuddled and got up when we landed, we took our luggage and

started walking out. Mr Mthethwa came close to me.

Mr Mthethwa: " Did you fix things?".

Me: " Yes we talked".

Mr Mthethwa: " That's good my child and next time make sure that you lower your voice a little when you talk".

Oh God he heard me moan..

He went to his car and Philani took the other car, we drove home.

Me: " Your Dad heard us, was I that loud?".

Philani: " You are always loud and I love it".

Me: " Philani we are talking about your dad here, my father in law heard me having sex".

Philani: " You were making love not having sex and calm down before you give yourself a heart attack".

He didn't care that his dad heard us, we arrived home, I missed our house a lot.

Philani: " Are you hungry?".

Me: " You can order something coz I can't cook today".

Philani: " Let me search my phone".

My beeped, it was a message from Philani's mom.

- " You are messing with a wrong person".

I ignored it because I wanted to have some time with my man without being disturbed.

Philani: " What's wrong now?".

Me: " Nothing".

Philani: " Things were hectic at the warehouse, I don't even know how we made it out alive".

Me: " What were you guys exactly doing there?".

Philani: " Remember when I told you that our trucks were hijacked?".

Me: " Yah".

Philani: " We found out who hijacked them".

Me: " So the bags you were carrying had those guns?".

Philani: " No baby, those bags are full of money, we don't even know how much it is".

Me: " But truthfully I really helped you".

Philani: " You did but I don't like it when you play with guns, it's dangerous, I don't want to lose you".

Philani was getting better each day with words, I remember when I first met him, he wasn't the person who like to open up, he kept him to himself if you know what I mean.

But as our relationship grew he started changing and I'm glad that he felt more comfortable with me that he learned to open up. I went to the bathroom to take just a quick shower and came back.

Philani: " These people are taking long and I'm hungry".

Me: " Or maybe let me prepare something quick for you".

Philani: " No baby I'm sure they are on their way".

We waited after a few minutes the door bell rang, I stood up to get it, the man was carrying a brown

paper bag was at the door.

Me: " Hi?".

Him: " Is this 10th Ave house 102?".

Me: " Yeah".

Him: " Ok ma'am here's your food".

I took the paper bag and put it on the floor because he took out something like a paper for me to sign, when I looked up he was holding a gun pointing it at me.

Him: " Shhh, slowly close the door and come with me".

I was confused and started shaking..

Him: " We don't wanna hurt your husband, do we?".

I shook my head.

Him: " Very good".

I took the paper bag and threw it at him, I tried to run but he quickly caught me, he closed my mouth with his hand and took me to his car boot.

'God I was going to die', I thought to myself.

- Philani

.

.

He realized that Palesa was taking long, he went to

the dining room and checked, to a surprise, the door was wide open and the food was all over, he went crazy. He quickly went outside to look for her but she was nowhere to be found. At the suburbs there are cameras everywhere, he took the security companies number and dialed it, they called him to watch the video clip but the car had no registration number. He called his dad.

Mr Mthethwa: " Nyambose".

Philani: " They took Palesa Skhulu".

Mr Mthethwa: " What do you mean?".

Philani: " Palesa is not here an unknown car took her".

Mr Mthethwa: " I'm coming just now".

He dropped the call, Philani couldn't wait, he was impatient, after a few minutes his dad, Sanele and Phe came.

Mr Mthethwa: " What happened exactly?".

Philani: " I think the delivery guy is the one who took her, I ordered food and when they came to deliver

she's the one who came here to the dining to take the order".

There was a knock, it was Mrs Mthethwa.

Philani: " Mother".

Mrs Mthethwa: " I just heard the sad news, we have to find her before something bad happens to her".

They looked at each other.

Mr Mthethwa: " You did a very good thing by coming here because you are our first suspect".

Mrs Mthethwa: " Me? How can you even say that? If I'm the one who took her do you think I would be here?".

Philani: " Lets stop all this argument and find palesa".

Phe: " Have you checked the cameras here?".

Philani: " The car has no registration number, I tried".

Mrs Mthethwa: " I know a best private investigator, he can help us".

Philani: " Ok Ma no problem".

Mrs Mthethwa took out her phone and went to the kitchen.

Sanele: " I don't trust her".

Phe: " Why?".

Sanele: " She has been meeting with lots of people lately".

Philani: " And stalking Palesa too".

Mr Mthethwa: " Phe, follow your mother everywhere she goes".

Phe: " I'm on it chief".

Mrs Mthethwa came back..

Her: " This guy is the best, Palesa will be found very soon".

Philani: " Thank you Mother".

The Mthethwa family knew exactly how to pretend.

Mr Mthethwa: " Who is the private investigator you were talking about?".

Mrs Mthethwa: " It's the guy from Kzn, he is very

good".

Mr Mthethwa: " Oh I see".

Mrs Mthethwa: " Why do you sound like you are doubting me?".

Mr Mthethwa: " I will never doubt you, Philani we will talk in the morning son".

Philani: " No problem Skhulu".

Mrs Mthethwa: " I'm leaving also, I will come back in the morning".

Philani: " Thank you for coming".

They both left..

Phe: " I think Mother is up to something".

Philani: " She is but we need to be step ahead of her".

Sanele: " I will follow her, we need the name of her investigator".

They all agreed with that, they didn't sleep trying to trace numbers but with no success, Philani was going mad and he was blaming himself for everything.

' What if they have already killed Palesa, but for what?' He thought to himself.

Philani: " Whoever took Palesa wants something from us".

Sanele: " True but why haven't they called and say whatever amount of money they need?".

Philani: " That's the problem, this is driving me crazy".

Phe: " We will see in the morning".

They all went to bed but Philani was tossing and turning, it was midnight, he got up and changed his clothes, he took his car and went to the Police Station where he works, everyone was surprised to see him. His colleague and friend Ntiyiso came to him.

Ntiyiso: " Zulu boy what's wrong?".

Philani: " I need your help bro.".

Ntiyiso: " Talk".

Philani: " I need the files of those illegal firearms cases".

Ntiyiso: " You know that your family's file is also there".

Philani: " I know there's something that I urgently need, my wife is missing".

Ntiyiso: " What have you done now to that poor girl Shaka Zulu?".

Philani: " Come on, I really need those files".

Ntiyiso: " Ok".

He went out of the office and came back with maybe five files.

.
. .
. .
. .

Philani: " I need details and numbers of every single person written on these files".

Ntiyiso: " Why didn't you say so but I need a bottle of

Hennessey for helping you".

Philani: " Alcohol will kill you Shangaan boy".

Ntiyiso laughed, they wrote down the names and numbers.

Philani: " I will see you tomorrow night".

Ntiyiso: " Ok don't forget my bottle".

Philani: " Dont worry I'll bring the whole case".

Ntiyiso: " Shaka Zulu wait!".

Philani waited..

Ntiyiso: " I'm telling you this because you are my friend, they are investigating your family, someone reported fraud against your father, bank accounts and everything will be frozen by tomorrow".

Philani: " Who reported that".

Ntiyiso: " Eiy Zulu boy I don't know but it was an anonymous call".

Philani: " Thank you so much bro.".

He couldn't believe it, he drove to his house and

woke up his brothers.

Philani: " We have a very big problem now, the Police are investigating us".

Sanele: " What?".

Philani: " Phe please deal with our accounts now because if they find a lot of money in our accounts we will be in trouble".

Phe: " Dont worry big bro. I will turn everything around".

Philani: " Everything will be fine, they won't have a case against us if the accounts are empty".

Phe: " If the accounts are empty they will suspect something, I will just keep it normal".

Philani: " Sure".

- Palesa

When I woke up I was in a strange room, the room fully furnished and very nice, when I lifted up my

head I couldn't because it was pounding, I don't know what drug they used on me. I got up and went out of the room, it was upstairs, I went down by the stairs and started hearing noise from the other room, it was like they were watching soccer or something.

Voice: " Ahh The beautiful Palesa".

When I looked back it was an old white guy but his accent was different not South African.

Him: " How can I be so rude, please come and sit here".

There was a couch..

Him: " Are you hungry?".

I shook my head.

Him: " Perfect, how do you like my house? My interior designer came from Italy, the guy really knew his job, how are you feeling?".

Me: " Who are you?".

Him: " I thought you will never ask, I'm Robert".

Robert? The name didn't ring a bell..

Robert: " You see this big painting?".

I looked at it and kept quiet..

Robert: " My Son bought it for me, it was the last thing he bought for me before he died, he was the only one, may his precious soul rest in peace".

I kept quiet..

Robert: " He was taken away from me on my birthday, he was no saint but someone killed him like a dog, the most painful thing was to find him in the middle of the street dead. Palesa why did you kill my son?".

I nearly fainted, the world stopped for a moment, he was the father of the man I shot at the hotel.

Robert: " Relax, I'm not gonna eat you".

I honestly didn't know what to say.

Robert: " My Son was beaten in a poker game by you, he got angry and shot you but your father in law saved the day by taking a bullet for you, then you decided to to take his life, Come this way".

He stood up and I followed him, we went to the room

that looked like a casino.

Robert: " He loved poker with all his heart, play it for him".

Me: " What? I can't play it alone".

Robert: " I said play! You will only stop when I tell you to".

I kept quiet and started playing, I tried to stop but he was there watching me, I played for like two hours, I was tired and tears were coming out.

Robert: " Excellent! Bravo!".

He clapped his hand, I was tired, dead tired.

Robert: " Come this side".

I stood up and followed him.

Robert: " Steven!".

A man came..

Robert: " Come in, please take the dearest Palesa to her room, it's gonna be fun, you will enjoy it Palesa".

The guy took me to the room full of mirrors, he took

a rope and tied my hands up to the ceiling, the tears were coming out, I couldn't stop them. My body was swinging in the air, my hands tied on the ceiling.

.

.

.

.

- Philani

They slept for like two hours and woke up.

Phe: " Philani i traced all these numbers and names, these people wouldn't come against you".

He kept quiet for while, he was losing his mind.

Philani: " Hilton!".

Phe: " What?".

Philani: " I need to find Hilton".

He stood up and left his brothers asking questions, he went to the town houses in sandton, he knew

Hilton's room and knocked, a beautiful blonde girl opened the door.

Her: " Hello".

Philani: " Move!".

He got inside and found Hilton on the couch naked, he held him with his neck and pushed him to the dressing table.

Hilton: " What the fuck is wrong with you man?".

Philani: " Where is my wife?".

Hilton: " What? Are you crazy?".

Philani: " I'm not going to repeat myself again".

He took out his gun..

Hilton: " Okay, okay, Robert has your wife".

Philani: " Let's go".

Hilton: " I have to wear some pants".

Philani: " I don't care, move".

They went out, Hilton was naked, Philani opened a car boot and put Hilton inside.

Philani made an anonymous phone call to the Police Station reporting a crime.

He went straight to Robert's house, the house maybe had more than twenty guards, they searched him and took his gun.

Robert: " How nice of you to join us, come in".

Philani: " Where is Palesa?".

Robert: " What would you like, wine or whiskey?".

Philani took Robert's gun and pointed at him.

Robert: " You don't want to do that, do you?".

His guards came and took Philani right where Palesa was, he saw Palesa hanging on the ceiling, they also tied him up and locked the door, Palesa couldn't stop herself, she cried out loud when she saw Philani.

Philani: " Baby please don't cry, the Police will be here soon".

Palesa: " Why did you call the Police?".

Philani: " The Police are investigating us, we can't kill anymore people, if they arrest these guys we will be

free".

Palesa: " He knows that I'm the one who killed his son".

Philani: " Don't worry baby, we will be alright".

A door opened, Robert came in.

Robert: " I have a very important guest who wants to see you, come in".

Mrs Mthethwa came, they were both not surprised.

Mrs Mthethwa: " How are you two doing?".

They kept quiet..

Mrs Mthethwa: " Today you will both tell me what you did to my Son".

Philani: " What are you talking about?".

Mrs Mthethwa: " I'm talking about Scelo".

Philani: " We don't know anything about Scelo".

Mrs Mthethwa: " Robert, kill both of them".

She said that and went out, They heard Police sirens from outside.

Robert: " You bastard, you called the Police?".

He quickly went out, they heard gunshots outside, Sergeant Kgomo who was always after Philani's family for so many years came in.

Kgomo: " Shaka Zulu why am I not surprised to see you here".

At the Police Station where Philani worked they called him Shaka Zulu or Zulu Boy.

Philani: " I'm the one who called you here so don't be surprised".

Kgomo: " Why should I believe you".

Philani: " Take my phone and check it".

Kgomo took his phone and checked it, he then cut the ropes and led them outside. Robert and his guards were laying down dead. Mr Mthethwa came running to his son and Palesa.

Kgomo: " Wait!, We found money that was transferred illegally to one of the Mthethwa accounts, Mrs Mthethwa you are arrested for fraud and illegal money transfers".

Mrs Mthethwa: " What? I don't know any-".

Kgomo: " Anything you say or do will be held against you in the court of law, you are all-".

Mrs Mthethwa: " No, there must be a misunderstanding here, I didn't do anything, this is a set up".

They took her out and Phe winked at his brother Philani, the paramedics came and checked Philani and Palesa.

Mr Mthethwa: " I'm glad that you are both fine, you did very good by involving the Police otherwise we would be in trouble now".

Philani: " Yah Skhulu, let me talk to my wife".

He went to Palesa.

Palesa: " This is over now".

Philani: " No my love we have one more job to finish, come".

They went to his car and Philani drove to Jozi town, he stopped in the CBD and got out of the car he then opened a car boot.

Palesa: " Hilton".

Hilton: " Philani my man I'm very sorry for everything I did to your house".

Philani: " I forgive you".

Hilton: " Please let me go back to my apartment".

Philani: " Alright, you can go".

When Hilton got out of the car he was naked and realized that he was in the middle of Jozi naked.

He tried to get back in the car.

Philani: " Don't touch my car, so from here you will walk to Sandton".

Hilton: " But I'm naked, I need some pants at least".

Philani: " That's not my problem, have a safe journey Hilton".

They both got inside the car, leaving Hilton naked in the streets of Jozi.

Palesa: " God he wanted to cry but at least you should have gave him transport money".

Philani: " No baby he doesn't deserve it, where do you want to go".

Palesa: " I just want to go home".

Philani: " No problem my love, Palesa I love you so much".

Palesa: " I love you more".

Philani: " Together forever right?".

Palesa: " Forever".
