Scott : come on , let's get your fed up ". he helped me stand up and piggybacked me and made his way to the kitchen and put me on the kitchen counter and prepare something to eat.

.....

right now im done taking a shower Im wearing my clothes im going to see Ayanda he needs to put my mind at ease about why he doesn't want me to date Banzi bcs we love each other ! i wore my blue jean , white vest and a black hoodie i wore my secret socks and my white all star then combed my afro i grabbed my phone then head downstairs i put my

phone on the kitchen counter then make something to eat . my phone rings when i was about to eat its Liyolatha this one has been scarce these days its probably his girlfriend is keeping her busy , i answered.

me : " ngwana " . i heard calling Banzi calling her this so I thought i should try it . she giggled .

liyo : " only my bro calls me that " . i can sense that she's not okay ! She's not her bubbly self .

me : " haska wethu , are you okay ? " . she sighed i knew it .

Liyo : " im okay you ? " .

me : " try again Liyolatha " . my voice came out stern .

liyo : " its my Girlfriend Skye , she's acting weird and accusing me of cheating " . why would she accuse her of that i mean Liyo loves his Girlfriend you could see the way she's talks about her .

me : what ? why would she accuse you of such ? " . she sighed again ! she's hurt .

liyo : " she says im cheating with you " . i gasp ! .

me : " what ? hay uyaphambana umntuwakho uthen ?

LIYOLATHA.

Iyana is being unfair really ! i don't know what's going on with her but she was never this insecure . she knows i love her with all my heart i would never cheat on her , but she's accusing me of cheating on her with Skye ! i mean Skye is soon to be my brother's woman and also she's my best friend i don't have any feeling for her i love her like a friend not to be my Girlfriend but iyana doesn't wanna hear that . i think she's intimidated by Skye's beauty i mean the girl is beautiful but she's also my melanin beauty she's the one for me . im so hurt that she doesn't trust me ! so i called Skye to tell her this and she suggested that we should meet up she going to fix this . i hope that iyana believe her so that she could be back to her old self bcs i can't stand this insecure iyana she's frustrating me really . i took my phone and called her she answered on third ring she's doing this on purpose i know she's so dramatic.
her : " hello ? " . Yho .

me : " from baby to hello ? tsi ! " . she chuckled .

her : " talk latha or im dropping the call " . i smiled i know she's not mad when she calls latha .

me : " how are you baby ? " . she sighed .

her : " im getting there you ? " .

me : im okay , i miss you baby " . She scoffed .

her : " why don't you go to your Skye ? " . i rolled my eyes ! Here we go again.

me : " don't start please , skye says we should meet up tomorrow so she could explain to you that we are not dating " . she clicked her tounge and dropped the call ! i signed and throw myself on the bed , relationships are full of drama yho ! ...

its been a week since i last talked to Ayanda im so bcs he's avoiding me he doesn't even wanna talk to me for few minutes he ignores my texts and calls but then i won't beg him mna if he doesn't wanna talk to me then he should go the hell i don't even care anymore bcs I've been trying to reach out to him but he's ignoring me ! so after that night i went to his house to talk to him only to find out that we went on a business trip with Banzi . speaking of

Banzi im so mad at him too , he didn't tell me that he's going on a business trip or something he just pack up and left he didn't leave a simple message to let me know but then i understand im not his girlfriend but soon to be ! so we have to talk about everything . I've been ignoring him calls and messages bcs im mad at him but he doesn't get the message he keeps calling non - stop even now he's calling i clicked my tounge and switched off my phone . Sighs . i even forgot that i have a meet up with Liyo and her Girlfriend I've been canceling on then Shem so today we finally meeting i need to solve this thing with her Girlfriend bcs im not going to be dragged to petty fights of insecure woman kalo , she knows that liyo loves her but why is she acting this way ? nx let me just stop thinking about about it and get ready . i brushed my teeth then took a shower i finished showering then lotioned i wore my black leggings , a oversized hoodie and a white all star tekkie then i tied my braids into a neat bun . i applied my cologne and lipgloss , i grabbed my phone and slingbag then head downstairs i took my car keys on top of the counter then walked out . i

arrived at the restaurant and parked my car i got out and walked to the restaurant i spotted liyo at the corner she's seating with a beautiful melanin lady i walked towards the table , i grabbed the chair and sat down they both looked up . liyo smiled at me .

me : " sorry im late , molweni " .. the girlfriend rolled her eyes ! i don't like her attitude.

Liyo : " hey love " .. the girlfriend didn't greet , i don't care ! liyo gave her a dead stare she cleared her throat .

Her : " hi "... i nod , she's beautiful for the attitude she has . She looks like a spoilt brat .

Liyo : " how are you ? " ..

me : " im fine love , how are you " ..

Liyo : " im fine , we can order " .. i can't say no to free food . we ordered and after a while our order came back we start eating .

liyo : " so Skye i called you here to resolve some issue ! my girlfriend here iyana is accusing me of cheating with you " .. i chuckled looking at this iyana

girl .

me : " why would she even think that ? " .. the madam rolled her eyes again .

her : " isn't it obvious ? even since latha became your so called best friend she doesn't spend time with me like she used too " .. i scoffed is she serious right now ?

me : " first of all baby girl you need to drop that attitude akho kowenu apha uzozikhabisa ngam , secondly Liyo has a demanding job you know that so she's busy most of the time , thirdly you didn't ask her what's going on you just assumed that she's cheating and spending time with me , and lastly sthandwa Sam im not into girls if you must know ! my heart is with her brother not her . she's like a sister to me , a Best friend so i suggest that you should put your trust issues aside and focus on something great that is happening before your eyes , liyo loves you with all her heart but you don't trust her ! she's not going to cheat on you specially not with me . and please if she's doesn't spend time with you anymore sundifaka ezingxakini zenu mna bcs i

don't have time for insecure Girlfriends understood ?
" .. she swallowed hard .

her : " crystal " .. i nod and digged in on my food ..

LIYOLATHA .

i must say Skye really told iyana where to get off bcs she's been quite all the way home so i just let her be . iyana is that type who says things and get away with them but today ? i must say she met her match and put her into place ! i didn't know that Skye can be brutal with the truth like that but hey umphoxile straight umntuwam . you should've seen iyana's face when Skye said ' uzozikhabisa ngam ' i wanted to laugh so bad but then i wouldn't do my love like that not in public you know . we arrived at home and got out the car , she ran inside leaving outside i went inside , she was sitting on the couch with her legs on her chest i went to sit next to her ! she sniffed . wait .. is she crying ? i hugged her .

me : " love what's wrong ? " .. she sniffed again .

her : " im sorry latha " ..

me : " about what ? " .. she raised her head and looked at me ! her eyes are red .

her : " for not trusting you and saying you cheating im truly sorry my love please forgive me " .. i smiled . she's back to her old self .

me : " it's okay my love i forgive you " .. she smiled and kissed my lips i responded to the kiss ..

Banzi is a good man , very matured , chilled and intimidating i don't understand why my brother doesn't want me to date him ! Maybe he's doesn't want me to date his friends or what ? but then Banzi is not that old he's 1 year older than me which means he qualifies to be in a relationship with me but then Ayanda akavumi mntkbw ! . so now we're at his house cuddling in bed watching a movie and eating . we were asking each other personal questions it was fun learning to know each other's favourite things to do Or favourite food and hoobies all that .

you know being inlove is a beautiful and good feeling , specially when you inlove with someone who loves you like the way you loves her ! someone who makes you feel typha way when you with them , making you laugh or smile even when you in a bad mood . someone who shows you that he or she appreciate you or things you do for them , someone who respects you the say you do ! someone who loves you for who you are . someone who you not afraid to be when you with them , someone who brings out your crazy side . argh i can talk like this till Dawn but then all that im trying to say is its nice to be inlove

but then some of us are not lucky in that department , some are . have you ever love everything that someone does ? or it turns you on ? im like that to Skye that woman is driving me crazy . When im with her i lose all senses of thinking she makes me nervous ! everything about her its just perfect , she is her person . the beauty she has ! she has a body for days and a firm ass . the way she's carries herself turns me on . the confidence she has and she's also fierce , ambitious and selfless she's the woman i always wanted to have we have so much in common i wish i can just date her already but then we still getting to know each other better before we get into a relationship but then Ayanda is something else that is standing on our way but we gonna fix it or just let him be . i really don't understand what's going on with him , like why he doesn't want his sister to date me ? it's not like im older than its only 1 year gap and i love her mos its not im going to play her and break her heart just like her i love her too much to do that ! i wanna explore my feelings with her , taking her to baections and all that woman likes to do you know . as my dad said we don't chose who we fall inlove

talking to my brother yesterday left me in a good mood bcs Ocean is slowly but surely accepting our relationship the sooner the better bcs time is not on our side but then asimanga ngaye sizojola thina whether he agrees or not bcs its obvious that we love each other . so i told Banzi about this he was happy that his Best friend is finally going to accept that he's dating his sister and we love each other but he's worried about their Friendship , is it going to be the same like before they ended it ? or they are going to be distant but I assured him that friendship is going to be okay in the matter of time bcs they have

been friends for years and this is very small for them to solve . so now im getting ready Banzi taking me out on a shopping date cabanga ! im so excited i haven't had time to shop for a while now and he even saved my money . so i asked him if he's going to afford my fashion sense ? and he was like " baby girl listen your man here is getting two salaries a month , so relax your tities and take whatever you want " i was like this nigga is bragging now but i let him be . so he said he's coming to get me at 12 and the time now is 11: 30 so i have to quick this guy is impatient ! i finished showering i lotioned and wore my mini dress , sandles i let my braids lose and wore my bucket hat . i applied my cologne and lipgloss then wore my glasses , grabbed my slingbag and phone then head downstairs i received a message from Banzi saying he's outside i went and lock the door . i walked towards him , he was standing outside wearing summer shorts and a white muscle tee then a sneaker and his glasses ! he was HOT . he looked up and his jaw was on the floor he whistled making me blush.

have you ever missed someone so much to the extent where you sleep with their clothes just to smell them ? have you ever missed someone who's mad at you for something you don't even know ? or at least tell you what made them angry ? you know when someone knows what you love them loves to take advantage of your love bcs they know that you going to forgive them or gave them second chance , they take your love for granted , they take you for a poes just bcs you love them . the little thing they know that someone can walk away while loving you or someone can forget you like you never existed or

being important in their life bcs of their stupidity . you know i love Banzi very much and he knows it but this acting of his i won't stand it ! im hurt yes but i won't let him take me for a fool or give me attention when he wants to , I've been crying myself to sleep for past 2 days he's been avoiding my calls , my texts and all that but i decided to let him be bcs im his girlfriend so i should stop behaving like one . so today im not going to work im feeling under the weather so I will just stay indoors eating my junk food watching movies ! my phone beeps from the pedestal its a text from Ayanda he says he loves me , just out of the blue i smiled and replied to him and turned off my phone again . i slowly get off the bed and made it ! i opened my curtains and windows then went to the bathroom i brushed my teeth and took a shower i lotioned and wore my leggings , an oversized hoodie then my sleepers . i tied my braids and applied my cologne then Vaseline on my lips then head downstairs , i was craving for baked scones but i don't have enough ingredients so now I have to go and buy them at spar ! i groaned in frustrated i was planning on not going outdoors

today but i crave these things i took my slingbag and car keys and got out.

i arrived at the mall then went straight at spar i brought my things and payed then went to put them in the car then head to McDonald's im craving for a burger too ! i went there and ordered my burger while i was waiting for my order busy on my phone , a familiar cologne passed my nostrils and someone hugged me from behind . judging from the cologne its Banzi i missed him but i won't give him the satisfaction i yanked myself off he sighed .

Banzi : " sthandwa Sam ? .." i wanted to smile badly but i have to make him sweat a bit im not his toy kalo .

me : " leave me alone Zwelibanzi .." he chuckled .

Banzi : " are you mad at me ? .." is he still asking ? . i kept quite waiting for my order to be ready ! he was busy kissing my neck leaving hickeys my body was slowly reacting to this so i have to end it . my order was called so i yanked myself off him and got get it

then walked past him , i heard footsteps following me i knew it was him.

Banzi : " AYIZE WAIT ! .." i increased my pace walking to my car . he reached me when i was to open my car door.

Banzi : " sthandwa mamela kalo .." i scoffed putting on my resting bitch face .

me : " what do you want Banzi ? .." he smiled is it funny ? this guy is not taking me serious now is he ? im going to show him who am i .

Banzi : " uxolo kalo my love .."

me : " uxolo ? uxolo lwantoni ? .." he cleared his throat .

Me : " if you have nothing to say , please let me go ndishiye umntu endlini .." he raised his brow .

Banzi : " ushiye umntu ? nguban lowo ? .." i chuckled he's starting to be jealous now .

i frown .

me : " you know what ? fuck you Zwelibanzi .." his
face changed he walked closer to me i walked
backwards until i came in contact with my car . he
stood in front of me he brings his face closer to my
ear and whispered .

me : " mmh ? .." i can't talk , my heart is beating fast
at this closeness of his .

Banzi : " uthi fuck you kum ? sundiqhela Ayize

Me : " im not crying .."

Banzi : " im sorry baby , i didn't mean to scare you .." he hugged me , i felt safe in his arm and his cologne is doing wonders on me he pulled out and cupped my face he pecked my lips twice then kissed me . his kisses are always the best ! they made me feel some type of a way , i wrapped my arms around his neck and he wrapped his around my waist and bring me closer to him ! i felt his bulge on my lower obnomen , my clit was already throbbing between my legs i pulled out breathing heavily he smiled and kissed my forehead .

I've never thought i would love someone else like I love Skye ever since Asanele died , i thought i didn't have other feelings to love another woman bcs all i could think about was Asanele until my mom talked some sense into my head about letting Asanele go and find love again . if i didn't listen to my mom i wouldn't be here today with a wonderful woman like Skye on my side ! i would've been alone since now bcs i was caught up with my ex even when she was on a Grave and that was not going to be good for my sanity . But then Skye came along , she came into my life and I changed everything ! she gave me nothing but peace and love , everything she does put on smile on my face . its been a month of us dating and i can proudly say im Happily in a relationship and inlove ! i must say its nice being inlove with someone who loves you . im very lucky to have her in my life she's everything i need . my mom says she wants to meet the woman who makes me happy and smile alot even when im alone and that's makes me

wonder that am i that whipped to the extent that i smile alone ? People would think im crazy but then im crazy inlove with her even ayanda saw that and he decided that he should just accept fate and move on with his life . so after liyo dragged Skye to the kitchen we took out the booze and starts drinking and braaing the meat.

Ayanda : " im Glad you make her happy like this .." says ayanda patting my shoulder .

me : " i try my nigga .."

Luyanda : " uyambo ? uyaGlow.a .." we laughed .

whilst we were drinking and chatting we heard a

commotion coming from the kitchen , it sound like people are fighting bcs they were screams ! we rushed there we found liyo at the door laughing her ass out and Skye had Anathi's Girlfriend between her thighs beating the hell out of her screaming i rushed into her but the girls stopped me , and then ? ...

Asanda : " you know that i still have feelings for you .." i sighed .

me : " yes i know , but sorry mntasekhaya there's nothing i can do to help you with your feelings as you know that im inlove with Skye and i won't hurt

her like this specially with you since you showed your immaturity by calling her and tell her to stay away from me bcs she's ruining your plans .." she blinked many times trying to stop tears from falling .

Asanda : " Zweli ..umh yo.." i cut her short .

me : " Asanda don't do this please ! don't do this to yourself forget about me and move on with your life bcs im not the one for you . you will find someone who will love you just the way you deserve but that person is not me ! thank you for the beer i will be on my way now .." i stood up and walked out . i nearly got tempted by this but i can't hurt Skye like this , i love her too much to see her hurt bcs of me .i got inside my car and drove off to my house .

yellow diamonds in the light

when it takes to come alive
its the way im feeling i just can't delay
but i've gotta let it go

we found love in a hopeless place

we found love in a hopeless place

we found love in a hopeless place

shine a light through an open door

love in a life i will defide

turn away cause i need you more

feel the heartbeat in my mind .

im listening to we found love by Rihanna whilst moving around my house spring cleaning , i woke up in a good mood today so i thought i should spring clean my house a little ! i was in the mood of Rihanna so i thought let me play this song i mean i relate to it . we found love in hopeless places just like me i found love in Banzi who was already given up on love bcs he lost his high school sweetheart while me on the other side i was playing played , being heartbroken , being unpreciated but then in the end I found love in a hopeless place in my brother's best friend even though my brother didn't like it but

he finally came along and accepted it bcs he can see that we love each other and we were not going to stop dating or loving each other just bcs he didn't agree ? no sweetie .

my date with Banzi last night was amazing , its like it was our first time of going out on a date ! i mean he's very romantic and all that its just amazing . yesterday we had a picnic while stargazing isn't that amazing guys ? everything this man does makes me fall deeper inlove with him i mean wouldn't when you being treated like this ? treated like a queen that you are ? how can you not fall deeper inlove with someone who worships the ground you walk on ? yho ha.a i can talk till dawn but then it's okay to brag when you treated good guys bcs some can't relate so . Sighs . today im meeting Banzi's parents im such a nervous wreck nje but he tried to make me feel less nervous by saying that they're already loving me since Liyo was always talking about me to them but ke ! my nerves are talking a different story . i don't even know what im going to wear , i don't

know whether i can wear jeans or skirts or even dresses i don't know im stuck between a rock and hard place . i felt arms being wrapped around my waist i jumped in fright and screamed but quickly calm down when the cologne hit my nostrils its Banzi ! i didn't even hear the music being turned off bcs im so lost im my thoughts .

Banzi : " what are thinking about ? you didn't even hear me get in .." i giggled .

me : " im stressed that's all .." he turned me to look at him and pecked my forehead .

Banzi : stressed about meeting my parents ? .." i nod .

Banzi : " sthandwa Sam mamela my parents don't bite , they're going to love you i mean who wouldn't love you ? you're loveable nje .." i giggled .

Banzi : " what im trying to say is ! calm your tities down and be yourself they're going to love you don't stress okay ? phof even if they don't love you that won't change the way i feel about you my love .." i nod smiling . he smacked my lips with his and

kissed me . i wrapped my arms around his neck and ran my fingers on his hair , i was so enjoying the kiss so much i find myself moaning in his mouth . he pulled out leaving me panting .

banzi : " ndakthanda sthandwa Sam .." i pecked his lips .

me : " ndakthanda nam Radebe .." he turned on the music again then te amo by Rihanna played , i smiled remembering the day i first saw him he was dancing to this song ! the way he was moving his waist made the girls in the dancing studio go crazy ! i mean wouldn't go crazy this dude can dance like hell . he hugged me closely and we moved to the beat of the song , with me laying my head on his chest moving slowly enjoying the moment . no one is talking to another one , we just enjoying the moment ..

AYANDA .

falling inlove is such a beautiful feeling to be honest , falling inlove with someone who is falling for you too its amazing but we both afraid to make it official bcs of our past relationships were a disaster and we afraid that the history is going to repeat itself . I've always avoided falling inlove with any woman bcs what my ex girlfriend I love the most did ! that woman broke my heart and she made sure that she left me with no heart to love another woman , that woman cheated on me with a friend i had in varsity before i met Scott , that nigga always had my back , supported me in everything i do kanti she's shagging my woman behind my back i was broken beyond repair but my mom was there for me ! i found comfort in alcohol things were falling apart until my dad beat me up and told me to get myself together bcs the girlfriend im wooping over is enjoying the time of her life in Maldives drinking cocktail while crying over her . so since that day i told myself that i will never love another woman until i meet this

beautiful , down to earth woman she changed everything i just fell for her the first time i saw her at the boardroom , she's the CEO of the other company that works with us . her is Nandipha a melanin beautiful woman i love her very much but she's just like me afraid of loving bcs of some ex who left her broken . we've been spending together and she's a nice person and fun person to be around with ! so i promised Skye to tell her about Nandi but she didn't make it on our Meetup yesterday bcs she's going on a date with Scott . i love the way Scott is treating my sister ! she's happy and full of life these weeks and some glow ! im glad she's happy after what she's been through in her past relationships those douchebags played with her heart and i was there to witness her crying herself bcs of those guys but now she's bubbly and happy . i had a doubt on Scott being with my sister bcs i thought he was still holding on into his ex girlfriend Asanele but i was wrong he moved on . so i thought i should go and see my sister its been a while since I've been at her house i even miss her cooking i took a shower and wore my comfortable clothes then took my car keys

and walked out i got inside my car and drove off .

i arrived at her house , Scott's car is on the drive way i chuckled shaking my head . my nigga is wipped i got out of my car and head inside . the door was slightly open so i got inside , i found them in the lounge hugging each other moving to the beat of the song ! this is the second time i see them like this . first it was in my kitchen . i took a picture and send it to mom and turned off the music Skye jumped but Scott was chilled as always when Skye saw its me she smiled and run to me and jumped i catched her and spun her around , she's giggling .

me : " little bear ."

Skye : " big bear , what a nice surprise ." i put her down and fist bumped with Scott .

me : " my nigga ."

Scott : " bro ." we sat down on the couches .

me : " i came to check on your since its been long we've spend time together but i came at the bad

time ." she rolled her eyes .

Skye : " Don't be silly , would you like something to drink ? ."

me : " yeah , a beer please ." she walked away ..

ZWELIBANZI .

" which one should i wear ? " says Ayize showing me two dresses , we were at my house getting ready for the dinner at my parents house . after we spend the day with Ayanda we packed her overnight bag and drove straight here to my house , we've been changing dresses like we on a fashion show just bcs we going on a dinner with my parents i mean even if she wore a jean and a hoodie she will still be beautiful .

me : " the black one my love " she nod and disappeared to the bedroom . my phone rings its my

mother i answered .

me : " mamzo ? "

Mom : " banzi are still coming with my daughter in law ? ." i chuckled .

me : " yes we still coming mom " she scoffed .

mom : " isn't she allergic on something ? " i laughed .

me : " no mom , she eats everything " she sighed .

mom : " okay bye " she dropped the call . then my Queen descended the stairs looking all sorts of beautiful and sexy there ! she reached me i gave her a mind blowing kiss then we took our things and went out , we got inside then car and drove off ..

we arrived at Yeko household , we parking on the driveway . i was already sweating ! my heart is beating fast . Banzi squeezed my hand .

Banzi : relax Skye.

i took a deep breath and release it . he pecked my lips .

Banzi : " let's go ." i wiped my sweaty palms on my dress then opened the door and got out . Banzi held my hand and led the way to the door , he didn't knock

he just opened we got in and head to the dining room .

Banzi : " Molweni endlini ." they stopped laughing and chatting and looked at us . a beautiful melanin woman with big afro came and hugged me ! she smells so good .

" welcome sthandwa , im Luyolo this big head's mother , you're beautiful ." i sighed in relief at least my mother in law loves me ! she looked beautiful too she looks like liyo and Banzi . i smiled at her .

me : enkosi ma , im Skye ."

" Call me Luyo darling ." then an old handsomely man , a make version of Banzi he hugged . he smells good too .

man : hello im Zweli's dad , nice to meet you ." i smiled.

Banzi : umh everyone this is Ayize Skye Feraz my woman , baby you already know my parents and liyo ,

so that is Auntie Liyana and her husband Uncle Lux .
Auntie and Uncle meet the love of my life ." Auntie
Liyana and uncle lux also hugged . this uncle lux
man looks exactly like Banzi's mom maybe he's her
twin brother , they are so welcoming im glad they
loved me .

Luyolo : " so Skye baby what do you do ? ." i
swallowed before answering , we were already
eating now .

all burst out laughing .

luyolo : " tshi yaz nyansile baby ." we continued to
eat , chatting and laughing ! it was great .

after eating me and Luyolo were washing dishes on
the kitchen while others are chatting on the living
room .

Luyolo : " thank you baby " .

me : " for what ma ? " .

Luyo : " for making my son happy again , he hasn't laughed like this in 5 years ! after he lost Asanele he isolated himself from everyone but now he's back being his old self again ! he found love again , thank you sis " . she says with tears in her eyes .

me : " it's my pleasure ma , i will have to thank him too bcs he loved me when i already lost hope in love just bcs i was being ill treated in my past relationships but he came along and loved the way i deserve i will forever be grateful for that ." she wiped my tears and hugged me .

" and then ? mama umenze nton umntuwam ekhala ?
" we laughed pulling out of the hug . Luyo smacked the back of Banzi's head .

Luyo : " fokof Banzi ." we laughed . we finished washing the dishes then went back to the living room to others , they were playing sitting on the carpet i took off my shoes and sat down too ! we played the cards laughing and all that ..

i really enjoyed the dinner at Banzi's home , they're nice people and welcoming too specially his mom ! that woman is beautiful inside out . i thought she was not going to like me bcs most mother in laws don't like their daughters in laws but i guess I was lucky then . so after the amazing time we had , he didn't make me really enjoy playing cards bcs he was busy whispering things in my ear , biting my earlobe , sneaking his hand under the fleece to my panty ! massaging my clit . i was in torture i had to stop myself from moaning but the pleasure was too much . we had to cut the play time short and go

home bcs i was horny beyond control ! when we arrived at home clothes were already flying . he laid me on the couch kissing me and squeezing my boobs whilst the other hand massaging my clit .

me : " Ba..Banzi ." he left my mouth and went to my neck he sucked and licked it .

Banzi : " mmh ? uthini love ? ." i was a moaning mess nje . he took off my panty sniffed it .

Banzi : " mmhm .." he moaned after sniffing it , he open my legs with his knees and got between my legs ! he kissed me while rubbing his cock on my cookie ! i was already wet ! he was teasing me .

me : " B ..Banz ..i .. please .." he chuckled and went all in on one go ! .

me : " ahhhhhhh ! ." i screamed in mixture of pain and pleasure , he didn't move .

Banzi : " are you still okay baby ? ." I nod repeatedly . he moved slowly , i was enjoying every thrust he made , the warmth of his skin made things worse , the earlobe biting and his moans on my ear made me lost it ! we we're sweating both of us . he

stopped moving and looked at me .

Banzi : " come , get on top of me ! ." oh God he wants me to ride him ! im scared its my first time doing this .

Banzi : " don't be scared love , i know you new to this ." i got on top of him and positioned myself on top of his dick , i breath in and out before inserting his manhood inside me ! it was bit painful but i managed . i hold onto his shoulder and forward and back in slow moves , i moved my waist a little trying to adjust to the size of his manhood on me ! i moved my waist forward and backwards then side to side .

Banzi : " shit ! ." he holds my waist tight whilst his eyes are closed. i upped my pace riding him a cowgirl position , we were both moaning loud ! Cursing and screams filled the room . i felt him tighten his grip around my waist making me move faster I knew he was about to cum .

Banzi : " holy shit ! " he cursed while cumming . he flipped me over and fucked me faster and deeper ! My body starts to tremble i wrapped my legs around

his waist he moved faster and deeper .

me : " fuckkk ! " . i screamed as i orgasmed he laid his sweaty body ontop of mine breathing heavily.

me : " wow " . he chuckled .

Banzi : " that was amazing sthandwa Sam ." he got off me and walked to the bathroom butt naked .

me : " senti'mpundu " . he laughed giving his middle finger and disappeared to the bathroom , he came with a towel and wiped me clean then got Undercovers and cuddled me , he pecked my lips .

Banzi : " I love you . "

me : " I love you too ." he kissed my forehead .

its been weeks now i haven't seen Banzi ! He only came last week when forgotten his work file at my house . he was acting weird he's not the Banzi i know , he was jumpy and all that . i can't put together ba what the hell is wrong with him bcs if he doesn't tell me i won't know . Sighs . him cheating on me crossed my mind but i don't wanna sound like i don't trust him but then i don't know what to think anymore . that Asanda woman saying she got what she wanted , i was totally lost bcs i don't even know what she got mna and i won't entertain her bcs I have bigger issues at hand like being ignored by my

man such a heartache .

so two days ago i meet Ayanda's woman i must say she's beautiful , smart and very independent ! what i like about her is that she doesn't take shit just like me . Ocean is happy with Nandipha it's been a while i last saw him this happy with a woman after ex girlfriend did , she really broke my brother i never saw ocean that broke that sight really broke my heart but then he found love again i just hope Nandi won't hurt him . even mom and Dad approves of her which makes Ocean very happy .

i took out my phone and tried calling Banzi but it went straight to voicemail ! . Sighs . This is what we became off , i can call the calm doesn't go through i text him he doesn't reply I really don't know what to do ! i went to my closet and took out my old phone and called his number it rangs until he answered .

" Hello ? ". i felt tears threatening to come out ! so he's avoiding me ? for what ! okay that's it he's

cheating i know red flags when i see one bcs i was cheated on not once or twice but many times so i know a cheating man when i see one ! why would Banzi do this to me ? he would've just broke up with me if he's already fed up ... Wait Asanda ? yes she said she got what she wanted oh ! . I hung and quickly wore my sneakers then and ran out of the room , i got to the kitchen and took my pocket knife and car's keys then walked out , i got inside my car and drove to Banzi's house ! i won't be taken for a fool kaloku ..

Banzi is really testing me ! who does he think he is ? Huh ? to cheat on me ? me ? after he promised that he will never do that , after i told him about my past relationships , what happened to them bcs of cheating partners but he's doing the same thing i hate and he doesn't listen . as for that Asanda girl she better not cross paths with me or else she will spend the next two months in coma . Sighs . but im not that kind of person who fights for a man i would rather deal with my dog bcs he's the one who approached the woman . a man who can't keep his zipper closed is not worth fighting for bcs he proved

himself that he's not a man enough he's still a boy , a man knows what he wants ! i just wiped my tears as i drove to Banzi's house if he's really cheating on me i would really be disappointed in him than being hurt bcs I trusted him i thought he was different from my ex's but they're all the same . my phone rings its Liyo calling i sighed and answered .

me : " Liyolatha ? ." she scoffed .

Liyo : " okaaay ? did i catch you at the bad time ? ." i chuckled im so pissed off right now .

me : " a very bad time my friend , listen i will call you back later if im not arrested ."

Liyo : " arres..wait Skye what are you talking about ? what's going on ? ." she also pissing me off with her thousand questions .

me : " bye Liyo ." i dropped the call and switched off my phone . i drove into Banzi's house the gate is not closed and his car is here with the other car i don't know , its a red Polo vivo i got out of the car and walked towards the door it was not Locked so i burged in Banzi was in the lounge watching TV with

a beer on his hand .

me : " hey lover boy ." he jumped off the couch and looked my way with his eyes wide open in shock ,he mumbled a ' fuck ' under is breath .

Banzi : " ba..baby what are you doing here ? ." Haybo !

.

me : " am i not allowed to visit my man anymore ? ." he laughed nervously.

Banzi : " of course ." i went to sit next to him on the couch and made myself comfortable , he cleared his throat and sat down . he looked jumpy and nervous he keeps looking at the stairs he's afraid that his bitch will walk down while we still talking .

me : " im here to talk to you ." he cleared his throat and scratch the back of his head .

Banzi : " about what ? ." this dude is making me mad but i have to keep my cool until his bitch comes down bcs I know she's upstairs .

me : " about your sudden disappearens ? Avoiding my calls and texts ? you being all jumpy ? wassup

with you ? and don't even think of lying to me or else im going to stab your balls with this pocket knife ." His eyes widen as he swallowed hard , i showed him the knife he moved uncomfortable on his chair , i wanted to laugh so bad but this is not the time .

me : " so ? are you going to talk ? or should i make you ? ." he cleared his throat .

Banzi : " sthandwa Sam look i was not avoiding you okay ? im working on a important deal that took most of my time so i was busy but im sorry my love i won't avoid you again ." i chuckled bitterly this idiot thinks im a fool ne ! .

Me : " you were that busy so you couldn't even answer my text ? sundenza isbhanxa Zwelibanzi , you won't like it when im angry so im going to ask you again why were you avoiding me ? ." i said getting close to him .

Banzi : ba..baby umh .."

me : " are you cheating on me ? ." his eyes widen he started sweating .

Banzi : " what ? Hell No ! i will never do that to you

hunny bunch you know that ." i chuckled .

me : " okay i believe you ." he smiled , bloody hell ! .

me : " who's car is outside ? ." he looked everywhere but me.

Banzi : umh .."

" Zweli , who are you talking to ? ." says a female voice coming from the stairs we both turned its a woman who looks like she's in her early 20s wearing Banzi's shirt ! semnandi . she descended the stairs until she reached us .

" Baby who's this ? ." Baby ? Wow . she asked standing behind Banzi .

me : " oh hi there , im Ayize Banzi's woman love and you're ? ." she rolled her eyes , she has an attitude ! .

" im Asanda ." Oh my so she's the Asanda who used to send me text ? now she doesn't know me ! Mnk .

me : ain't you the one who used to sent me text ? now you don't know me ? yho ." Banzi is standing there like a lost puppy i wish to wake him up with a hot slap . to be honest im hurt by this , i wanna cry

so bad my heart is shattered its like its been stabbed many times ! but i won't cry in front of this girl . i still can't believe that Banzi hurted me like this , for what ? i don't know .

i never thought giving love another chance will be this great , i never knew that this feeling I have is something I've running away from all these years . Being with Nandi comes with lots of happiness and love ! i really love that woman and she showed me nothing but love and respect and that's the kind of woman i would like to marry one day but not now , she's the kind of woman i would love to spend my entire life with . i don't really understand his ex boyfriend why would you hurt and cheat on such a wonderful , very calm and Beautiful woman ? leaving such a soul for a teenager ? some men are really

fools shame but then im glad she did so that i could meet her and made her mine . even my parents approves of her that actually made me the happiest man alive , even Skye phof i expected this from my sister bcs she's not selfish she will let me date someone who makes me happy somehow but i failed to do that for her at first and i feel like a bad brother for doing that .

a knock came through from the door making me to trail out of my thoughts , i went to open im suprised to see Skye in my door looking exhausted with red puffy eyes and bags under her eyes ! she was red looks like she was crying . i quickly pulled her to my embrace she sobbed painfully . oh God what happened to my baby sis , who made her cry like this . i hope its not Scott bcs im going to fuck him up badly , i pick her up on a bridal style and went to sit with her on the couch . i made her sit on top of me with her face on my neck crying her voice out . Wow , i fucken went behind my brothers back and dated his ass i gave him everything , love , respect , my dignity and this is how he repays me ? Yho . to even thought i was brushing off the feeling that he was cheating bcs i trusted his ass . my heart is shattered i can't even explain how i feel right now ! i want to hate him but I can't . my mind says this she my heart says something else i really don't know what to do but im going back to him , its over between us I won't stay with a cheater mna i deserve way better than this . ndimhle gqith

Ocean : " hi little bear , how did you sleep ? ." i shrugged my shoulders .

me : " i sleep good ." he raise his brow looking at me , i know he doesn't believe me but he noded anyway .

Ocean : " your food is in the oven ." i nodded and took my phone on the oven . i took a bottle of water from the fridge and gulp it on one go and throw the bottle on the bin and sat down next to Ocean and ate my food , ocean was looking at me all along . he was

starting to make me uncomfortable with his stare . i finished eating and rinsed the plate when i was about to head to the bedroom he called.

Ocean : Skye sit down i wanna talk to you ." i sighed im not ready to talk about this but Ocean will not give me a choice but to talk . i went back to my seat and sat down . he cleared his throat .

Ocean : " what's going with you ? you came here looking all exhausted with eye bag and rec eyes , you what's wrong ? ." i blinked rapidly trying to stop the tears from falling but i failed . he quickly came and hugged .

me : " its Banzi he..he .."

Ocean : " what did he do ? ." his voice is calm yet stern .

i shook my head woth tears rolling down my cheeks . he chuckled .

Ocean : " what did he do ? Theta Ayize ! ." he cleaned his jaws with his veins popping on his forehead and hands .

me : " he cheated on me with Asanda , Asanele's sister ."

Ocean : " that motherfucker ! ." he ran upstairs and came back with a Gun i jumped on my sit .

me : " what are you going to do with that ? ." he clicked his tounge.

Ocean : " move out of my way Ayize ! Suka ." i shook my head . he just pushed me aside and took his car keys and went . i heard his car drove off i sanked on the floor crying ! he's going to kill him , oh my God ...

ZWELIBANZI .

Shit ! i didn't mean to cheat on Skye really i didn't , i just got tempted when i arrived at Asanda's apartment she secused me . my mind went blank i couldn't stop her . i kept going there after work but right now i regret everything i messed up really bad .

After i did what i did with Asanda i couldn't look into her eyes knowing what I did so i thought staying away from her for a while will ease my guilt but not i did more damage than Good . i know i promised not to cheat on her but i did anyway I hate myself for this ! I was shocked when she showed up here yesterday i thought i had everything under control , i was going to end whatever i had with Asanda and confess to Skye but i guess i was too late and I know she will want nothing to do with me after this which is something i really deserve bcs she was hurt by my actions I've seen it on her face . she was crying like that bcs its my fault . Sighs . i wiped my tears and gulped the glass of whiskey ! I've been drowning myself in alcohol sitting in the dark since yesterday it seems like its the only thing that makes this pain go away from a while . i tried calling Skye and leave countless messages for her but she's doesn't answer , a knock came through from the door but ignored it . it came through again i dragged to myself to open its Ayanda ! i swallowed hard maybe Skye told him what's going on , he took out a gun .

A MONTH LATER.

AYIZE .

its been a long month of my life now as a single woman , im slowly but surely moving on and forgetting about Banzi ! i deleted his number and blocked him everywhere i just want a fresh start , focusing on myself without involving a man in between . i took my mom's advice seriously and decided to forget about Banzi and focus on my life and job nothing else ! yes i still love him and i will forever love him but my love for him won't make me

stay in a relationship were im made a fool kaloku im worthy more than than . i haven't seen him ever since he confessed what he did and apologised . his parents were disappointed in him specially his mother that woman is kind hearted and very beautiful ! ayanda also confessed that he's the one who shot him and they forgave each other even though they're not that close like they used to be . Liyo apologised for her behavior and i forgave her but she's not my friend anymore im tired of the Yeko's sana , her behavior really showed me what kind of a friend she is ! so ndiGrand ngaye .

anyways last week i moved back to my house bcs i was tired of staying at my parents house they were totally fussing over me and it irritated the shit out of me so i thought i should go back to my place . Banzi did say that he will never gave up on me and he meant it bcs these past few days he's been coming to my work place demanding to talk to me ! causing a scene i wanted to beat the shit out of him bcs he was starting to bore me now . why can't he accept

defeat and move on with his life ? Bcs he's the one who went out there and cheat on me now he's the one who's pestering and boring me now . Sighs . i just hope he will leave me alone before i retaliate . so right now i was at my place having a lazy Saturday being on my pyjamas the whole day , eating junk food watching movies and all that just enjoying my own company you know . i was watching a second movie when i heard a door bell ! i picked up my lazy self and went to open the door , you gotta be kidding me ! what is doing here ? this dude is boring now serious . he looks drained and tired its like he hasn't been sleeping in a while , his looks ugly man ! his beard has grown so is his hair . he really looks old he even lost a little of weight ! Is this karma ? .

me : " ufuna nton bawo ? ." he raised his brow looking at me .

Scott : " is this how you talk to me now ? ." i chuckled .

me : " akhonto isdibanisayo ngoku fondini , i lost my respect for you so say your piece and get the hell out ! ." he cleared his throat .

Scott : " can i come in ? i won't be long ." i sighed and noded . I moved aside making a way for him to get in , he sat down on a couch .

me : " can i get you something to drink ? eat ? ."

Scott : " something to drink will be fine please ." i noded and disappeared to the kitchen i poured a juice for him and went to give him .

me : " i don't have any alcohol here so this is all i have ." he gave me a faint smile .

Scott : " its okay ."

me : " so ? ." he sighed .

Scott : " first of all Ayize i wanted to apologise to you , im truly sorry Skye for hurting you . Im sorry for getting involved with Asanda whilst with you ! im sorry for lying to you . i really wish you could forgive me . i will do anything to earn your forgiveness .. i know that my sorries won't fix the pain I've caused you or fix the mistakes i did but ndakcela ." he looked very sincere but no i won't be fooled twice .

me : " i forgave you long time ago Zwelibanzi , i

forgive you bcs i for my own sanity ! i wanted to move on and forgot Everything that happened , but what was happening between ended the day i saw you with Asanda in your house wearing your shirt acting to be me , why didn't you take her to the hotel at least ? sleeping with her on the same bed you used to make love to me on ? what kind of disrespect is this ? im disappointed in you more than hurt bcs I trusted you more that anything , so don't come here with your fake apology just get out ! ." tears were already falling from my eyes ! he also have glossy eyes .

Scott : Skye please , ndicela undimamele ."

me : " please get out , akhonto ndizoyimamela celu phume ! ." he noded sadly and stood up ! he kissed my forehead and walked out . i sanked down on the couch and released a loud sob ! why did he have to come here ? to rub salt on my wounds ? Huh ? to remind me how he disrespected me with a immature woman like Asanda rhaa ! the audacity . i cried until i calmed down then i head upstairs to take a shower since im on my periods after showering i wore my

comfortable clothes and went downstairs . i cleaned around the mess i made and washed the dishes then head to my room again i took my bag im going to the saloon i need to do my hair ! i got inside my car and drove off .

.....

ZWELIBANZI .

ya neh ! Life is shit , i can't believe that i lost the woman i love just bcs of chasing sluts like Asanda . Skye really wants nothing to do with me seriously ! What i did really broke her , i hurted her in a most painful way and now she moved on . she's even glowing now which means she doesn't really need me in her life , so i decided that i will give her space that she needs then after a month or two i will go after again i can't lose that diamond i really can't ! it's true when they say you don't know what you have until you lost it now i see how Skye is so important in

my life . im literally nothing without her im lonely .

even my family is mad at me specially my mom she's disappointed at me very much . even my big sis is also not talking to me . I've been drowning myself in alcohol ever since , i haven't been eating right i even lost weight ! i no longer care about anything i just go to work and got back to drink my sorrows away . even my Best friend is distant lately i mean this is her sister we talking about i doubt that Skye will give me second chance . my friends have been supportive me so much even though they still curse at me for fucking up with a only woman who ever loved me so much . Im so stupid .

me : " Banzi what's going on ? ." he burst out crying i sat down next to him and embrace him while shushing him . my child is so heartbroken .

Banzi : " she ..She left me mama ! i..i didn't mean for things to turn out this way ." he said crying painfully . i felt the sting on my heart .

me : " im so sorry baby , just give her space she will come around . now go and take a shower i will clean

up here ." he noded and walked away . i opened the curtains and windows then started cleaning until i was done . he doesn't even have grocery here , what does he eat kanti ? . after a while he came back fresh.

me : " now you look fresh , order food ." he ordered pizza . it arrives then we ate .

me : " Zwelibanzi you need to get your life in order my baby , you can't live like this . In alcohol ? ha.a baby ! you think skye will want you back when you like this ? fix your life and your issues so that you can focus on getting your woman back , but for now just give space . play far away from her for now ne ? ." he noded we finished eating and washed the dishes .

Life as been peaceful these weeks , its just nice ! i didn't know being single could be so nice but then i miss Banzi , yes i miss him but i won't get back to him i can't settle that less to a cheater of a man no i refuse . its been a week since he came to my house he never bothered or come near me ever again and i must say it's peacefully bcs he's been pestering me but I also feel sorry for him . i mean the look he had that day means he's suffering he hasn't had a good sleep in days and he hasn't been eating well ! but anyways that's none of business bcs he made his bed and he's gonna lie on it . right now im on a cafe around the corner Im coming from the dancing studio bcs i needed to clear my head and dancing helped me alot ! so i was enjoying chocolate brownies with a hot chocolate in peace until i hear someone clearing their throat i look up its the guy from mugg & bean .

.....

I've been longing to see her again after i saw her af mugg & bean . she's just beautiful , so perfect with her flawless light skinned . she's wearing a hoodie with a sweatpant than a white all star takkie . i really liked her , I've been asking my friend to look for her but its like she disappeared into thin air i thought i was imagining her until now . i stood up from my chair and walked towards her table ! she's still lost in thoughts i Cleared my throat she looked up at me .
me : " hey ." i smiled but she didn't smile back.

" Hey ? ."

me : " Siyabonga ." she nods .

" Ayize ." such a beautiful name .

" im just here for a quick bite ."

ZWELIBANZI .

its been months now my life is slowly getting back together , my gun shot wound has healed and I'm back at work now ! I'm even back to my dancing studio again . if my mom & dad didn't knock some sense into my head i wouldn't be here today ready to tackle whatever life throws at me , i would still be mopping over Skye instead of getting her back but im still working on that . still giving her space to think things through before she can see that we were made for each other ! we can't live without each other . to say i don't miss her would be a lie i miss everyday of my life , im living with regrets and

wishes . i wish i could turn back the time when we were still together and happy . where we would cook together , dance to our favorite songs together .read books together and discuss our views about the book , i miss the sexual connection we had before i ruined everything just by running after Asanda . i hurted and broke the woman i love bcs of some skank like Asanda , i broke Skye's trust bcs of her thinking that Skye will never found out but she did and she left me ! if i ever got her back i will never cheat on her even i want bcs i know if she wants to leave me she will do just that without thinking twice bcs she Values and love herself to much to settle for a bullshitter like me but then in all of that i will never give up on our love i will fight for our love , even if it means i will get shot again by Ayanda I will do whatever it takes but just not for now . im still getting my life together and making my company run again bcs it sinked i lost clients when i was still nursing my heartbreak .

im very grateful for my parents and big sis for being

there for me even though liyo lost her friendship with Skye bcs of me i feel bad but she assured me that its fine . my mom forced me to come and stay with when i was still drowning myself in alcohol bcs they thought i was going to commit suicide just bcs of the way i was . so today i was at home with my cousins Asenathi who's is Uncle Zukhanye's son and Anda who is uncle Ziyanda's son then Luvo who is Uncle Zenande's son then also my friends we were just chilling at home having some beers and some meat . my parents went to Uncle Lux's house so we were just spending time together , these motherfuckers busy talking about girls and all that .

Anele : " so Scott you haven't found someone else after Skye ? ."

me : " no , i don't think i will ever want someone else besides her ." they all chuckled .

Anathi : " you messed up dude ." i sighed .

me : " don't remind me dude ." .

Luyanda : " are you still not talking to Ocean ? ." I noded , this thing with Ayanda no longer bothers me

anymore.

me : " no ." they noded .

Asenathi : " hay mna i wanna see this Skye chick ,
okwenza ugowe kanje ." they all laughed.

me : " fuck you bro ! ."

Anele : " there she is njayam ." he said showing
Asenathi a picture of Skye . Asenathi whistled .

Asenathi : " yesses bro ! uHot lomntana , umoshe
njani apha ? ."

Luyanda : " besisbhanxa uscott ." they laughed .

Anathi : " so you're not going after her ? ."

me : " i will just not now , im still giving her space .
her time to think about this whole thing you know ."
they noded .

Anda : " i hear you bro ."

luvo : " but you better be fast before they take her
away ." i sighed , the thought of Skye being with
another man causes a sting on my heart ! i can't
imagine her being in another man's chest , telling

him she loved him just like she used to do with me .
having sex with another man besides me makes me
cringe at the thought ! but i brought this upon myself
and these are the consequences of my actions . yho
ha.a i repeat I WILL NEVER CHEAT ON SKYE AGAIN
rhaaa i learnt my lesson .

AYIZE .

today i woke up in a foul mood , i woke up missing
Banzi so much i don't know wassup . its been
months i haven't see him but my feelings are still
intact its like he didn't hurt me ! I still love him as
much i don't think i will ever move on or love another
person like i did with Banzi but then uLife
uyagoes.ona bantase ! maybe Banzi is already
moved on with his life enjoying time with Asanda
wherever he is . anyways life as been good so far ,
im doing great even at work im still good ! im even

friends with Mr Bill payer . his name is Siyabonga but i call him mr Bill payer bcs he always pays my bills i tried stopping him but he doesn't listen so I let him be , he's a good friend so far i talked and cried to him and he was there supporting me and giving me advice i really appreciate him ! i introduced him to Ocean but he didn't like him and he didn't even pretend to like him . Ocean is just dramatic i mean Siya is such a sweetheart with a kind heart and very handsome too but not more than Banzi , my Banzi is dripping hot caramel and Siya is dripping melan kinda thing you know ! oh god why am i even comparing them but then nevermind. !

" Dr Feraz ? ." says Nurse Gugu nudging me , making to snap out of it .

me : " mmh ? ."

" Dr Mokoena says the Cardiologist has arrived ." she says and walked out . i even forgot that we have doctor's from other hospital to visit us , doing rounds together , i fixed myself and got out i bumped into DR mokoena on the corridor.

Dr M : Dr Feraz , DR Yeko is waiting for you in Ward B2 ." he says and walked past me , DR Yeko ? maybe that's Liyo , i sighed and head to the ward ! when i got there i saw a person i haven't seen in months , he looks much better now like the old Banzi . how am i going to focus while he's here ? god be with me ...

me : " hey ." she nods.

Skye : " hello Dr Yeko ." Okaay we're on formalities now .

me : " you look beautiful ." she blushed , oh wow i still have the effect on her .

Skye : " thank you , you look good too ."

me : " shall we ? ." she nods and we start working .

" it was nice working with you Dr Yeko ." says Skye hugging me , she still smells good as always i smiled at her .

me : " its my absolute pleasure Dr Feraz ." she looked at her wrist watch .

Skye : " its lunch time now , i have to go ." she said walking away .

me : " can i eat lunch with you ? ." she stopped walking but she didn't turn .

me : " please i will pay ." she turned at smile at me .

skye : " okay , let me get my bag ." she walked away , i waited for her while busy on my phone .

Skye : " let's go ." i put my phone on my pocket then walked behind her .

me : your ass has grown damn ! ." i spanked her ass she giggled showing me her middle finger , i

chuckled . we got inside my car and we drove off . i played our song Woza my love by Blaq diamond . she smiled dancing slowly to the song . i missed these crazy moments.

me : " where are we going to eat ? ." she thought for a while .

Skye : " there's a Italian restaurant esandovulwa down town let's go there ." i nodded and drove there. we arrived there and parked the car then we got inside the restaurant , it was not full just few people minding their own business . we found the table and we sat down . we looked through the menu and ordered ! after a while our order came and we digged in .

me : " ndicela uxolo Ayize , im really sorry for everything that I've done . i know my sorries won't make the pain i caused you disappeared but please im begging you ." she stopped eating and sighed .

Skye : " i did tell you the last time you apologised to me that i forgave you even you hurt me beyond but for my own sanity and peace i chose to forgive you

and forget about you , so relax there's no bad blood between as long as you stay away from me then we will get along just fine ." I sighed and noded .

me : " i hear you , thank you for forgiving me even though it was hard for you but you did ! thank you very much ." she noded .

Skye : " so how have you been lately ."

me : " besides from missing you and regreting everything that I've done , im still good you ? ." she smiled noding .

Skye : " I've been very good as you can see ."

me : " anymore new in your life ? ." she giggled , why the hell am i asking this ? phof im just testing waters .

Skye : " no wena ? ." i sighed in relief .

me : " me neither ." we continued to eat in silence .

i never thought i would be eating lunch with Banzi like this laughing and chatting with him after he broken my heart . i was so happy when i saw him its been months i haven't see him . he looks really good and back in shape like the old Banzi ! he smells good not like that Banzi i saw months ago reeking alcohol and all that ! he looks like he regrets everything he ever did to me with Asanda but Im not getting back at him he will have to sweat first before he comes back to my life ! I won't be taken for a fool kaloku mna . right now we were still on the restaurant , we finished eating we were just having wine chatting and laughing about our memories that we shared together . he keeps apologising here and there ! him being touchy as always but I let him be bcs i missed his touch.

" hawu Ayize I've been trying to call you kanti you're here ? ." says the voice behind us i turned its Mr Bill payer i smiled at him then stood up to hug him ! i see Banzi clenching his jaw ! serves him right.

me : oh i didn't hear my phone ring , sorry .

" Its okay " . Banzi cleared his throat i looked at him .

me : " oh where are my manners . Siya this Banzi and Banzi this Siya ." they looked at each other for a while . Banzi extended his hand for shake .

Banzi : " im Banzi , Skye's boyfriend ." Siya looked at me , i gave banzi the look .

" Nice to meet you ndoda , Ayize can i talk to you for a second ? ."

me : " okay , Banzi i will be back ." Siya walked at front i followed him behind ! when we reach outside he spinned me against the wall roughly .

Siya : " why didn't you tell me that you have a boyfriend ? ." i looked at him confused , was he supposed to know ? .

me : " siya you're hurting me ." he pressed me harder on the wall.

Siya : " ANSWER ME ! ." he roared , i jumped a little . Okay this guy is crazy .

me : " look here Siyabonga you have absolutely no

right to manhandle me like that , secondly you & i are not dating so i don't need to tell you every detail about myself so leave me the hell alone ." i said trying to wiggle myself off his grip ! tears are already streaming down my cheeks .

" you better listen to what she says ." says Banzi standing by the door looking like he's about to kill someone , Siya quickly let go off me i ran to Banzi's arms he hugged me tight while im sobbing on his chest ! talking about being dramatic ..

i hugged her tight and kissed her forehead as she is shaking and sobbing ! she's terrified this dude really scared her off . if i haven't went to check up on her this Siyabonga dude wouldn't beat her up . i let her cry until she calmed down .

me : " are you okay ? ." she has hiccups , she noded .

me : " go and wait for me in the car , i will be back ."

she took the car keys and walked to the car . i looked at this son of a bitch that has a nerve to manhandle a woman ! my dad always tell me that however a woman made you angry don't raise your hand on her ,

once you do that you're no longer a man but a boy . i walked straight to him and punched him on the face he stumbled back .

" What the fuck man ! " he says spitting blood .

me : " that's for manhandling my woman ." he rushed to me and punched me hard on my jaw ! i tasted blood . i grabbed him by his collar and punched him on his stomach multiple times until he rolled me over and be on top of me , he punched me hard on the face i was about to punch him back when i heard Skye screaming .

" SIYA LET HIM GO PLEASE !!! " she tried pulling us apart but this Siya dude didn't wanna let go .

" SIYA PLEASE IM BEGGING YOU !!! " the security of the restaurant finally pulled us away ! people were already looking at us and taking videos . i stood up and wiped the blood on my face ! i clicked my tounge and walked to my car . Skye also came to the car .

Skye : " scoot up , i will drive ." i jumped to the passager seat she got inside the car and drove . she

looked angry , her eyes and are red .

me : " baby ? ."

Skye : " Shut up Zwelibanzi ." Yho ! i kept my mouth shut and focussed on the road . the way was not going back to the hospital she was driving to her house . we arrived at the house and got out , we head inside i sat down on the couch she ran upstairs . she came with a first aid kit with a bowl filled with warm water and a towel , she sat next to me and roughly pulled my face closer .

me : " ouch ! ." she gave me a death stare i kept quiet . she kept doing her thing while i flinch in pain .

Skye : " why did you fight him Banzi ? unguGabadiya ngoku ? ubetha abantu ? ." i chuckled .

me : " bufuna ndimyeke akubambe lawey ? if bekubethile ? ." she scoffed .

Skye : " he was not going to do that ? ."

me : " how sure are you ? ." she kept quiet .

me : " thought as much ." she finished cleaning my bruises and put the things down i held both her

hands .

me : " im sorry then Ayize , i just that i can't stand seeing another man manhandling you like that ." she sighed .

Skye : " im sorry too Radebe ! i didn't know that Siya would react that way ." did she just called me ' Radebe ? ' Okay ladies and Gentlemen Im winning here .

Skye : " would you like something to eat ? ." I ignored her question and pulled her face closer and kissed , she didn't respond i bite her lower lip Gently she moaned softly and responded to the kiss . i layed her on the couch and get on top of her ! i thought she was going to stop me but she didn't i guess she wants this too as much as i do .

you know feelings you have for someone don't go away quickly , they don't just disappear they time to go away ! your partner can hurt you to the worst possible way but still you have feelings for them . The feelings i thought i was trying to hide or move away from them came back rushing again . the more i spend time with Banzi is the more i fall inlove with him all over again its just a mess . i want to have him back the fears i have are clouding all that ! i fear that he will cheat again and hurt me you know but he looked sincere now and regreting everything he did but i won't trust him easily bcs once a cheater will always be a cheater so yeah .

i haven't seen Siya in weeks now ! its like he just disappeared on face of the Earth , the worst is I don't even know where he stays . Sighs . im worried about him i won't lie bcs he was just a good friend to me before he decided to treat the way he did . i don't

even know what possessed him to reacting that way bcs we're not even dating for that matter .

i have been spending lot of time with Banzi after the amazing sex we had yho bathong ! only God knows how much i missed sleeping on his chest or being with him , but then we haven't gotten back together we are just vibing more like being friends . Ocean doesn't like it one bit . their Friendship with Banzi is broken they're no longer friends anymore but Banzi don't seem to be bothered by that .

" AUTUMN SKYE HURRY UP MAN ! " yelled banzi from downstairs , we're going to the dancing studio together im looking for my socks and i can't find them .

me : " IM COMING ! " . i wore my sneakers without socks then took my bag and went downstairs . you are my raindrops , i am the seed

with you and God who's sunlight i bloom and grow
so beautifully

Baby im so proud , proud to be your girl

you make the confusion go all away from this cold
and mixed up world

you set me free

i can't do this thing called life without you here with

Cause im dangerously in love with you

I'll never leave

Just keep lovin' me the way i love you loving me

Cause I'm in love with you

you set me free

I can't do this this called life without you here with

Cause im dangerously in love with you .

Banzi blindfolded me and walked with with inside the
house , i hear Dangerously inlove by Beyonce playing

softly in the background , the room feels so warm and intimate . Banzi removed the blindfolded on me i rubbed my eyes looking around . tears welled up in my eyes at this sight , the room was so beautifully decorated the colors were red , red candles lights and rose petals on the floor leading the way to the lounge the balloons and flowers i followed the rose petals the led me to the lounge there was a beautiful picnic with all kinds of food , wine and everything it was beautiful . i sniffed and wiped my tears .

me : " oh my God baby , you did this for me ? ." he nodded with a huge smile on his face .

Banzi : " you like it ? ."

me : " like it ? oh hella shit i love it . Thank you love ." he giggled and kissed me .

Banzi : " im glad you love it , come ." he took my hand and led me towards the picnic we sat down on the cushions . he poured wine on the glasses and gave me i thanked him and sipped on it .

me : " why did you buy so much food ? ." he shrugged his shoulders .

Banzi : " i didn't know which one you would like to eat so i bought everything i came across with ." i giggled . this dude really bought here ! the food was too much . i took a pizza and ate ! we ate while conversating .

after we done eating , we were just chilling drinking wine . Banzi was just restless , he's sweating me : " are you okay ? ." he noded .

me : " try again ." he cleared his throat and held my hands then kissed them.

Banzi : " Ayize , listen i did all of this bcs i wanted to apologise to you the right way .. I know I've already apologized and you forgaved me . but i feel the need to show you how sorry i am everyday so that you could trust me again and able to love me the same you loved me before i messed up ! Skye I really regret what I did with Asanda whilst i know i have a woman at home who loves me too much but i was busy running after Asanda who doesn't love me she just wanted my dick . when you left me i was hurt ,

depressed i found solace in alcohol . that's when i realize that i want you back , i can't survive without you ! you life my other half when you're not there im not complete . you leaving me was a wake up call for me that I should not really relax bcs i mess up you won't hesitate to leave me no matter how much you love but your love for me don't make you stay and settle less with me . (Sighs) all im asking for is a second chance to be better man for you , the man you deserve . can you please be mine again ? ." he said all this with tears streaming down his face , i didn't expect this but Im Happy that he didn't give up on our love , i wiped my tears and smiled .

me : " wow , Banzi for the thousand time i forgave you , i forgave you long time ago . yes you hurt me and broke my heart but my love for you didn't disappeared it remained there even after what you've done to me ! i tried to hate you but i couldn't but anyways , i love you Zwelibanzi and im giving you a second chance . to answer your question ; yes i will be yours ." he burst out in tears and hugged me tight , we were crying on each other arms .

Banzi : " i love you ." he whispered on my ear .

me : " I love you too ." i whispered back . i love this man so much , im glad that he didn't give up on our love ! he fought for us even though mt brother was against this , he got shot but still he fought for us but then he's my soulmate after all ..

you know sometimes people don't appreciate what is in front of their eyes or even they don't see anything good that is in front of them until they lose it . its true when they say you will never know what you have until its gone , im saying this from experience bcs I almost lost something so special a diamond while busy chasing stones i almost lost a woman i love wholeheartedly bcs i couldn't control myself towards temptation and that temptation almost made me lose everything but all that happened opened my eyes and learnt a lesson from it and it made me see things from different

perspective like firstly you can love someone with all your heart but still leave when they mess up , secondly it showed me that Skye values and love herself , she knows her worth and she will not settle for less than what she's worth in the name of love . Love is that feeling what makes you do something stupid with the person you love bcs you could do anything for them just to see them happy or smiling .

i looked at this sleeping beauty next to me , she looked ridiculously beautiful like she was never hurt or heartbroken . im so stupid for hurting a beautiful soul like this ! im so happy that she gave me another chance to be in her life again i will totally do anything just for her to be in my arms the whole night . After we made love the whole night we slept around 3am in the morning by the time we finish she couldn't even keep her eyes open i didn't want us to sleep as yet but I saw how tired she is so i let her be . having sex or should i say making love with Skye is always amazing and fascinating ! it always leave me yearning for more . she's such a freak for someone

who was a virgin not so long ago .

" its rude to stare you know ." i chuckled and pecked her lips.

me : " morning hunny bunch ." i snuggled her closer to me , she smiled with her eyes half closed .

Skye : " morning baby love ."

me : " how did you sleep ? any pain ? ."

Skye : " i slept good but I'm still tired with a pain between my legs ." i kissed her soft lips .

me : " im sorry my love , i just got carried away ." she noded and pecked my lips.

me : " i will run a bath for you then make you some breakfast neh ." she smiled .

Skye : " enkosi ." i pecked her lips and went to the bathroom to run a bath for her then head downstairs to the kitchen to prepare breakfast for both of us . Last night we didn't have much time to clean the whole picnic setup and the rose petals on the floor and everything else we just went to bed so this morning i will definitely have to clean this whole

thing . after preparing the breakfast i head back upstairs skye was not in the room maybe she's taking a bath i put the tray on the pedestal and opened the curtains then sat down on the bed waiting for this lady here . after a while she came back looking all fresh wearing a Gown she sat on top of the bed and took the tray.

Skye : " thank you for this ."

me : " you're very much welcome love , i did this breakfast out of love i want to show you in everything i do that I love and appreciate you very much . Ayize you such a beautiful person inside out , an amazing soul and a good Girlfriend to me and I'm definitely sure that you would make a great wife to me , you love and respect me even though im this fuck shit person who loves you very much i know you may think i don't love you just bcs I was busy with Asanda but i assured you that's not true and i will never be true . I know my saying won't prove anything but my actions can ! so that's why i will do whatever it takes to be a good man to you , a man that you deserve bcs they're many guys out there

who would kill to have an amazing woman like you in their lives so i will try and fix my mistakes for you , i love you Ayize and i wanna spend the rest of my life with you and build a family with you ." she smiled and wiped her tears .

Skye : " wow , i don't know what to say anymore , all that i wanted to say just went out of the window but anyways im glad that you're owning up to your mistakes or should i say doings and you willing to fix them i like that very much . as you said that they're many guys who would kill to have me out there so that should open your eyes bcs you know that no matter how much I love you i will never stay with your cheating ass , i will never settle for less i love myself too much to do that , i love you too Banzi ." with that said she continued eating with me watching her whilst digesting what she just said .

.....

AYIZE .

Banzi's owning up to his doing and Willing to fix them showed me that he's really serious about us and he's really regretting everything that he has done and that gave me a glimpse of faith that Everything will work out between us if we're both involved of course . What he said to me really warmed my heart and made me cry bcs i could see in his eyes that he meant every word he said . yaz amadoda have that stupid mentality they think that just bcs you love him you won't have the guts to leave him , you would say ' yes babe ' to every thing he does even though it's bullshit . that could never be me shame ! asooze kum anganya . i will never stay with a cheating man mna no matter how much i love him i will cry the pain whilst walking away i will heal has time goes on bcs amadoda sees that you're not doing anything about his shenigans he will take advantage and do it Everytime without even apologizing bcs he knows you will do no shit .

I loved what he did for me last night , it was amazing and so heartfelt . i felt loved and appreciated at that moment it made me feel like I'm the only woman on Earth , nothing else mattered , i even forgotten my own phone . we even made love the whole night resulting to my tiredness this morning but then my handsome man blessed me with breakfast in bed and also ran a bath for me , i felt much better after that . After eating breakfast we cleaned the house until it was spotless clean then we cooked some food for us.

me : " baby i have to go now , ocean must be worried about me since i switched off my phone yesterday ." he sighed , he's sad just bcs im leaving .

Banzi : " okay my love , tell me when you arrive ." i packed my things and took his car keys since i left my car at Ocean's and i don't want to take an Uber .

Banzi : " drive safe , I love you ."

me : " i love you too ." i pecked his lips and walked out . i got inside the car and drove off .

i arrived at Ocean's house their cars were on the driveway which means they're home , i got out the car and made my way inside . i was welcomed by moans and groans coming from the kitchen where we make food ! Yikes . Disgusting . Yuck . i just went to my room and threw myself on the bed and dozed off immediately , im so tired ..

have you ever felt like someone is watching you while you're asleep ? like there's this presence here , judging by the cologne its Ocean his scent sold him out . i slowly opened my eyes he was looking like he's deep in thoughts he doesn't even see that im awake i nudged him , he jumped .

Ocean : oh hey , you're awake ."

me : " no im still sleeping , of course I'm awake as you can see ." he rolled his eyes .

Ocean : " whatever wethu , where were you last night ?
." i cleared my throat.

Ocean : " don't even think of lying to me ." i sighed .

me : " fine blue Ocean , i was with Banzi ." he just stares at me saying nothing .

Ocean : " you're back with him ? ." i noded . He sighed

Ocean : " Ayize are you sure about this ? ."

me : " yes i am ."

Ocean : " okay then , i hope he won't cheat on you again bcs i won't hesitate to shot him again ! ." he said and walked out . i got off the bed and went to the bathroom i washed my face and rinsed my mouth then i head back to the bedroom . my phone rings its Banzi .

me : " boo ? ."

Banzi : " hunny bunch , you arrived safely ? ."

me : " yes love , thank you for asking ."

Banzi : " its okay , anyways i miss love ." i smiled .

me : " you know i miss you too ."

we continued to talk until I went downstairs for dinner , i got there Nandi was seating the table.

me : " hey skwiza ." she giggled .

Nandi : " hey mntase ." i sat down , Nandi came with food we dished up for our selfs . i prayed then we ate .

its been two months since i last got back with Banzi and i must say it's lekker bantase , im Happily In a relationship with the love of my life . even your girl is glowing ! even his mom & mine were very happy that we got back together but then my dad was little mad bcs of what Banzi did of course but then he finally came along when Banzi talked to him and assured him that he won't do it again he learnt his lesson the first time .

all i can say is that Im happy , I'm inlove , Banzi really made it hard for me not to fall inlove with him bcs everything he does makes me happy even little things , he did say that he will do anything to earn my

trust back and do anything to make me love him the same way i loved him before and damn in these past two weeks I've fallen deeper inlove with him .

in these past few weeks i haven't been feeling well , im always tired and i have an appetite for days . im always vomiting everything i eat . Im moody yho ha.a i don't know what the hell is going on with me . Banzi has been pestering me about seeing a doctor but Im always brushing him off bcs he was starting to annoy me now anyways right now I'm in the toilet puking my organs out , its been like this every morning there weeks and im tired , drained im always crying and always horny .

Banzi : " no Ayize this is enough we have to see a doctor ." i rolled my eyes and wiped my mouth . he gave me a glass of water to rinse my mouth ! then i head back to the bedroom and threw myself in the bed .

me : " what the hell is wrong with me ? why am i like this ? ." i wiped my tears , Banzi came and hugged

me .

Banzi : " don't worry my love , you're going to be okay ."
i noded and wiped my tears , he kissed me passionately !
we've been doing this all the time , making love like crazy bcs im always horny . just then i felt the urge to puke again i pushed him off and ran to the toilet , i can't take this anymore !

its been two months since my baby & i got back together i couldn't be happier , the love we share is beautiful and too much for us . you know being inlove with someone who loves you too its some type of a feeling that i can't even explain , love is a beautiful thing when two people have it towards each other and they're serious about keeping each other . building family together , growing old together its just beautiful . the kind of love that my parents have it's the kind of love i always wanted for myself . My dad being all lovey dovey on my mom and my mom blushes its a beautiful sight to watch

bcs they love each other . to think 5 years ago i froze my heart not wanting to fall inlove with any woman after Asanele i didn't even believe in love anymore i thought every woman i meet will leave me just like Asanele did until one morning i woke up in a good morning going to the dance studio kanti im going to meet my soulmate there .

my mother in law and my mom were happy that i fixed things with Skye bcs my mom was hella worried that if i don't fix things with Skye i will fall into depression but then my dad spoke some sense into me , but then Skye's dad wasn't impressed but I had a talk with him assuring him i regret what happened and i will never do it again . i was being honest shame i regret sleeping with Asanda if it was up to me i would've turned back the time . im never gonna cheat on Skye again bcs the breakup really showed me flames yho .

anyways speaking of Skye these weeks she's hasn't been feeling well , she's vomiting every morning , she always tired and sleepy . she's eating alot and she

gained , always horny yho ha.a ! i don't know what's going on with her and it really worries me i don't like seeing her like this . I've talking to her about seeing a doctor but she always dismisses me about that topic i don't know what to do anymore . she's always moody i can't even complain about her eating weird food bcs she's gonna burst and lash out on me , i really need to ask my mom about this angazi . even right now she's on the toilet puking her organs out im kinda worried . she stands up and wiped her mouth i handed her a glass of water so she could rinse her mouth.

me : " ha.a Ayize we're going to the doctor today ! finish and klaar ." she rolled her eyes.

Skye : " not today Banzi tuu , im tired dude ." i sighed .

me : " hay i give up , im going to work are you going to be fine ? ." she noded .

Skye : " yeah , bring me Pizza on your way back ." i kissed her cheek then took my things and drove to work .

AYIZE .

i woke up with a bad feeling today that i can't shake it off specially when Banzi mentioned that he's going to work , my heart just beated fast i don't know what's going on but i assume something is going to happen , my mom always say i should trust my gut it never lies to me but at this moment im not sure , im just drained i don't any energy to do anything i just wanna eat and sleep that's all but then Banzi has pestering me about seeing a doctor to be honest im scared im a doctor and i know these kind of symptoms they say pregnancy but i don't wanna give myself some hope that im not sure about ! so i decided to go and see Dr Mokoena without Banzi knowing bcs i needed to know first if im pregnant or what . so as lazy as i am i woke up and did my bed then opened the curtains and windows for some fresh air . i went to the bathroom to wash my face and brushed my teeth then took a shower ! after showering i wore my mini dress , sandles then my jean jacket . i noticed that i've gained some wait im

little bit thick you know im kinda cute . i wore my weave then put on my bucket hat then applied my cologne and lipgloss , i grabbed my bag and phone then head downstairs . i don't have any appetite to eat so i just took an apple then my car keys and walked out . i got inside my car and drove off to the hospital .

i arrived at the hospital as i parked my car my phone rang its Luyolo .

me : " Luyo ? ."

" hey baby , how are you ? ."

me : " im fine thanks how are you ? ."

" im good love , are you home ? ."

me : " no Ma , why are you asking ?."

" is Banzi with you ?."

me : " no he's at work , what's going on Luyo ? is everything okay ? ."

" Yes baby , everything is okay its just that there's

this bad feeling that i can't shake off , so when i feel like this i just check my kids ." so she's feeling this too ? something is definitely wrong .

me : " ohw okay Ma , i will call you back later ."

" Okay baby ". i dropped the call and called Banzi .

Banzi : " hunny bunch are you okay ? ."

me : " yes love everything is fine , its that i have this bad feeling you know ! its like something is going to happen ." he chuckled ,

Banzi : " don't worry love , maybe its nothing ." i sighed.

Banzi : " i love you , don't ever forget that ." i frowned .

me : " Banzi are you dying ? ." he laughed .

Banzi : " no im not ."

me : " okay , i love you too ." i dropped the call then got out the car and head inside the hospital .

" Congratulations Miss Feraz you're 5 weeks pregnant ." says Dr Mokoena with a huge smile on

his face , oh my word .

me : " what ? are you sure ? ." he noded smiling .

Dr M : definitely sure , i know you're still shocked but kids are such beautiful blessings . again congratulations ." im just dumbstruck i don't know what to do ! i don't know whether to cry or scream andazi . i can't believe im going to be a mother , me ? a mother ? yho ! there's a whole human being growing inside of me wow . i can't believe Banzi made me a mother he's gonna be so happy he always wanted to have kids with me .

Dr M : " im going to prescribe some medication for you , remember avoid lifting heavy things or something close to that . you're on your first trimester so there's a highly chance of miscarriage so please ." i just noded i don't even know what to say . after im done i got inside my car and called Banzi but it went straight to voicemail , maybe he's in a meeting . i started the car and drove off . i arrived at home and quickly took a nap before Banzi comes home .

later that day im woken up by the alarm it's 5 pm in the afternoon , wow i slept that long . i took my phone and called Banzi but it went straight to voicemail again i sighed and put my phone away ! i got off the bed and went to the bathroom i washed my face and rinse my mouth then head downstairs to prepare dinner for my man so i could break the exciting news to him . while im cooking i keep on calling Banzi but it went straight to voicemail , i don't wanna think of the worst but Im getting worried now , after cooking dinner i dished up for both of us then took my phone and called Banzi again this time he answered .

me : " thank God you're okay ! I've been trying to get hold of you Banzi . where are you ? ."

" im sorry mam , this is not Me Yeko speaking , you are the last person he contacted ." its a man's voice .

me : " who is this ? Where is Banzi ."

" im sorry mam , the owner of this phone has been involved in a car accident ." my heart stopped for the second , my mind just stopped functioning .

" Mam are you still there ? ."

me : " yeah ..yeah im still here , can you repeat what you said ? ."

you know life is really unpredictable and its soo sad , i mean you see a person this morning who is fresh and energetic then hours later you found out that they're died in a blink of an eye . after that phone call Skye received she was shattered , hurt , confused ! she felt like the world was closing on her its like air has been flushed out of her lungs . she just sank on the floor releasing a painful sob . her heart was like it has thorns stinging it , she reached for her phone trying to call Luyo ! she dialled her number Luyo answered .

Luyo : " Skye are you okay ? ." words failed her , she

wanted to speak but she couldn't she just burst into tears . Luyo knew something was definitely wrong she hung up , Skye cried until she struggled to breath so she just passed out .

on the other side Luyo was pacing up and down waiting to Azintsika to finish doing whatever he was doing so that they could go and check up Skye , she was getting impatient bcs Azintsika was taking his sweet time .

Luyo : " NTSIKA MAN ! ." she yelled frustrated .

" IM COMING STHANDWA SAM." he yelled from the bedroom , Luyo just took her car keys and went out , she got inside the car and drove off . Azintsika heard the car driving off he came downstairs running he saw that Luyo left he got inside his car and drove behind Luyo . Luyo arrived at Skye's house screaming Skye's name.

Luyo : (teary) " oh my God , what happened here , Skye wake up ." she kept slightly clapping her cheeks , just then Azintsika budged in calling for his wife.

Ntsika : " LUYO ? LUYOLO ? BABY ?."

" KITCHEN ." luyo yelled back , he quickly went there he saw Skye on the floor.

ntsika : " we need to rush her into hospital , where the hell is Banzi ?." he quickly lifted Skye up and ran to his car . he got in with Luyo they drove off . on the way luyo's phone rang it's Liyo she answered .

Luyo : " baby ? ." liyo sniffed over the phone .

Luyo : " baby what's wrong ? ." she was already panicking .

Liyo : (crying) " mommy Banzi has been admitted ."

Luyo : (panicking) " admitted for what ? Liyo stop talking in riddles what's going on ?." Ntsika was also alarmed seeing his wife panicking and crying like this .

Liyo : " Banzi has been involved in a car accident ."
Luyo just dropped the phone and wailed painfully ,
ntsika was now scared .

ntsika : " baby what's wrong ?." Luyo shook her head
crying .

thankfully that they arrived at the hospital that got
out and ran inside screaming for help . the doctor
took Ayize inside leaving Ntsika Comforting his
crying wife .

Luyo : " Banzi has been involved in a car accident my
love ." Ntsika felt like his heart has been stabbed
many times , he was shattered by these news his
wife told him . he cried while hugging his crying wife ,
thinking about his only son ! his last born . Luyo
cried until she calmed down then they called

" Miss Ayize Feraz ? ." they all stand up .

" We're her family ." they all said that at the same time , if it was another day they would be laughing at this .

DR : " there's nothing terrible wrong with her it's just that she fainted from shock ! i advise that she stay away from stress and eat healthy specially in her condition ."

" Condition ? what condition ? " asks Ayanda confused , infant they were all confused .

to say im shocked would be understatement , im happy , sad , hurt and mostly shocked at the same time . i can't believe Skye is pregnant which means im going to be an uncle . im just sad that she got pregnant at the bad timing i mean Banzi is in hospital bed fighting for his life even though the doctor hasn't updated us about him . everyone was shocked and happy at the same time specially Banzi's mom and my mom bcs they're going to be grandmothers to their first Grandchild , my dad and Mr Yeko senior excused themselves out .

Mom : " i can't believe im going to be a grandma ,

Liyo : (laughing)" hay man Liyolatha ." we all fell into comfortable silence , Nandi was laying here head on my shoulder while we sat down on the benches waiting for the doctor . Mr Yeko senior and Dad came back and sat down next to their wives.

Mr Yeko : " are you okay Princess ? ." he asked Liyo who noded smiling , he kissed her Forehead and pecked his wife's lips , their love is so evident even after many years of marriage they still love each other like crazy , this is the kind of love i want , someone to do crazy things with and someone to grow old with .

" Mr Zwelibanzi Yeko ?." they doctor said we all stand up .

Not even a Goodbye from him just an ' i love you ' he said in the morning when i asked him that is he doing he just laughed at me little did i know that he's really gonna leave me the very same day . who have i wrong ? why God is punishing me like this ? i pray to him every night but he see fits to to hurt and torment me like this , don't i deserve to be happy ? huh ? is my baby going to be fatherless ? my Banzi didn't even get a chance to know that he's going to be a father of this little human growing inside me . i don't deserve all this , my baby doesn't

" im sorry family , we tried our best ; he didn't make it ."

these words will forever haunt me ! they will forever bring pain to my heart , my heart is shattered ! im emotionally and physically drained ; i don't have strength to do anything . this is one of the darkest

Just wanna be alone and deal with everything on my own . i haven't checked on my daughter on how is she doing .

its been a week since Banzi passed on , i haven't seen Ayize . she's been locking herself in her room everything he just got out when she wants food or water then head back inside there , she doesn't talk to anyone its like she's a zombie herself i actually feel sorry for her . i've been seating on this mattress all day ; people are going in and out others are here their condolences .

i saw my husband getting in he lost weight a bit , his eyes are bit red and glossy he looked at me for a longest time before disappearing upstairs ! this hit hard on him , Banzi was our little baby , our last born . actually his father's favourite besides my big

princess liyo . i stood up and walked towards the stair case going upstairs ; my husband needs me .

" Aw Luyolo uyaphi ? ." said one of Ntsika's aunt i just ignored her and head straight to our bedroom , i got there my husband was lying in bed with tears streaming his face . I laid next to him and and brought his body closer to mine , he laid his head on my boobs and let it all out .

its been a week since Banzi died , i still can't believe im in denial seriously . its like he's going to walk in and say baby wake up its dream but no its only a wish ; I've been cooped up in my room for days now only going out when im getting something to eat or drink then locked myself in again , i don't even talk to anyone even my parents i haven't seen them even Banzi's parents . im not ready to face Everyone who's going to give me a look of pity .

i haven't bonded with my baby yet , im sure she

thinks mommy doesn't love her anymore but mommy is still dealing with some stuff . i knock came through from the door .

" Ayize open this door ." says mom behind the door , i wiped my tears then got off the bed , i opened the door she got in and looked around and sighed .

mom : " Skye you can't live like this , this is not healthy ; you have a baby on the way ." i sighed then get Undercovers again .

me : " mom please say whatever you wanted to say and leave , i would like to be alone ." she scoffed and removed the blankets away from me , i huff in frustration .

Mom : " Ayize i will clap you so hard ! Im still your mother incase you forgotten ; so masingaqhelani uvile ? ." i noded , i know she's not joking .

Mom : " good , you get your fat ass off that bed and go and shower ; so we could talk ." i sighed than slowly got off the bed , i made my way to the bathroom then brushed my teeth , i got inside the shower and showered ; i made my way back to the

bedroom , the bed was made even the curtains and windows were open it was clean . i wiped my body then lotioned i wore my black long dress with my jean jacket then sneakers . i braided my hair then wore a doek . my mom got in holding a tray with breakfast and juice i smiled at her . i sat on the bed and took the tray .

me : " thanks Ma ." she noded , i started eating . i finished eating then put the tray on the pedestal .

Mom : " now let's talk ! first of all how do you feel ? ." i sighed .

me : " im okay ." i shrugged my shoulders . she held my hands.

Mom : " you know that i kept you on my tummy for nine months , i know you inside out so lying to me its just pointless ; now let's try again how do you feel ? ." i felt tears coming , i blink them away from falling .

me : " im not okay mama , im broken , hurt , sad , disappointed ; i have mixed emotions you know . my heart is heavy i feel like its been stabbed many times . " i just broke down , she hugged me as i laid my

head on her chest .

Mom : " its okay to feel like that mntanam i understand how you feel , you lost someone who's very important to you , my lover and the father of your unborn baby . crying for him its normal thing to do when you feel like it ; bcs nobody can understand the pain you're going through besides you only . so we won't tell you how to grieve bcs people grieve in many ways , but Ayize kuyo yonke lonto think about my Granchild here , she's still a foetus and you're on your first trimester so be careful my baby . look after her bcs if you don't you will loose her so please mntanam look after the precious cargo you're carrying ." i sniffed .

Mom : " i know mama , its just that it feels like everything is falling apart , i can't even bond with my baby bcs im stressed mommy ; this thing is heavy on me . " she snuggled me closer to her and kissed my forehead .

Mom : " i know baby , i know ; but this will end ! you will heal my baby . Zwelibanzi is gone sthandwa and he's not coming back , you need to dust yourself and

rise Ayize you can't dwell on the past it will only depresss you . Asandiswa was on her side through it all .

Everyone was on the hall now the service has started ; the MC was calling people to talk about the deceased , it was painful to watch specially when Luyo and Ntsika we're speaking about their son , liyo couldn't talk bcs she cried until she fainted .

MC : " i would like to thank Mr & Mrs Yeko for the beautiful words to their son that is lying here , my condolences family , it shall all pass . i would like to call the girlfriend of the deceased Ayize feraz you may step forward ." the choir sang a song while waiting for Ayize to come up at the stage to talk .

the choir sang Beautiful , Ayize made her way to the podium ; the MC passed her the mic she cleared her throat before speaking .

Ayize : " i would like to thank everyone for making it here to support us through the darkest time of our lives (sniffs) i would like to even thank the choir for singing to Beautiful for us . anyways the person who's lying here was my boyfriend , the man i ever loved , the love of my life , my soulmate , the father of my unborn baby . it Hurts so much that he left the world the day i found out that im going to be mother (pause) i was so shocked that im going to be someone mother . That day he left i woke up with a bad feeling that was unusual for me bcs I never had that before , whenever he would mention going to work that day my heart would beat very fast but i brushed that feeling off until Luyo my mother inlaw called me saying he had that feeling too . there i knew that something is definitely wrong i called him and tell him about this he just laughed at me and said im being ridiculous then he said ' i love you Skye , never forget that ' i asked him that is he dying ? he

laughed and said no he's not dying ; little did I know that he's actually leaving me and our baby . "

she took a deep breath before continuing .

Ayize : (crying) " he left this world making my child to grow fatherless , he left me heartbroken and lost not knowing ukuba kuyasa okanye kuyahlwa , you left me Radebe after you promised that you will never do that , we will grow old together . you left me all alone ! whose going to play with me now ? Dance with me ? cooking with me ? Singing ? Huh ? whose going to call me randomly just to say ' i love you Skye ' , who's going to call me ' sthandwa Sam ' now that you're gone ? . they say never questions god's will bcs he knows what he's doing , but all that i just wanna say Goodbye my lover , Goodbye my sweetheart , rest easy till we meet again ..

This is for my people who lost somebody .

your best friend , your baby , your man , your lady

Put your hand up high

You will never say bye

(No no no)

Mommy's , daddy's , sister's , brother's , friend's and
cousins

This is for my people who lost their grandmothers

Lift your head up to the Sky

Cause we will never say Goodbye .

i'm burried in Ocean's chest crying my lungs out and this song Ocean played makes it worse . its bye bye by Mariah Carey . we were in his car taking a drive just both of us . Banzi's funeral was very dignified ; everyone spoke highly of him and everyone loved him . cries and screams from Luyo made me cry i couldn't handle it i ran out .

i cried till i calmed down , he wiped my tears and pecked my lips .

Ocean : " it's okay my love , you cried enough now ." i looked at him , he also had red eyes looks like he was crying . i noded .

me : " you don't have to bottle up your feelings too you know ." he sniffed .

me : " cry if you have too Ocean ; Banzi was your best friend , your brother ! so you have all the right to cry ." i laid his head on my chest and sobbed

painfully while i rubbed his back gently , his cries triggered my own tears ! Banzi's death really took a toll to everyone , he left hearts broken . Ocean is hurt by this but he's masking his pain by acting strong in front of everyone . he cried until he calmed down , i gave him a bottle of water to drink .

Ocean : " thank you sis , i needed that ." i kissed his cheek .

me : " im your sister Ocean , the fact that you're older than me that doesn't mean you don't have any feelings in you , you're allowed to break down like everyone one else ; you don't have to be Everyone's pillar of strength ." he chuckled .

Ocean : " yeah right , let's get you and my child feed ." i giggled , we drove off to MCDONALD'S . he ordered then gave me my food .

me : " thank you mntase , how is Nandi ." he closed his eyes and sighed .

Ocean : " oh my God , im such a bad boyfriend I've been neglecting my woman ." i chuckled .

me : " drop me off at home and go and check Nandi

." he noded and drove off . he dropped me at home and drove off .

Scott's death really hit me hard , i know we were not on good terms when he died but i had hope that we will fix things and be the brothers that we were before he met Skye . in our cliché we lost a soldier , a brother . the last born of the squad ; Scott was the youngest in us , he was the quite one very chilled and matured ; he always advices us about everything when we getting out of line you would he's the oldest but no . anyways after taking a drive with Skye just to make

her feel better bcs my sister is not okay , Scott's death hit her hard ; but then this was expected bcs these two loved each other . i know Scott can be a fucker but he loved my sister . i wiped my tears as i parked the car on the drive way i actually feel bad bcs I've been neglecting my woman , im sure she thinks i no longer love her . i got off the car and made my way in ! it's very quiet in here ; i ran upstairs I got there she was sitting on top of the bed crying . Out of panick i ran to her .

me : " baby what's wrong ? Talk to me ." she just sobbed loudly .

Nandi : " im sorry Ayanda , i didn't mean all of this to happen ." i looked at her confused .

me : " baby talk to me , what's going on ? ."

" Come on Skye , we're running late ." says Liyo waiting impatiently for me , i was doing my makeup . its Sunday we're having a lunch get together at the Yeko Household ; both families we be there . Luyolo is the one who initiated this lunch thingy . even though Banzi is no longer alive , Luyo always keeps this family together im so greatful for that . i thought

since Banzi is no longer in the picture they will change and forget about me but they didn't . after applying my makeup took my slingbag and phone then head downstairs .

Liyo : " you surely took your damn time Ayize ." i rolled my eyes , she has no chill .

me : " calm your tits down Liyo baby ." she just clicked her tounge and walked out . i laughed silently then followed her . we got inside the car and drove off .

liyo : " tomorrow we going to the doctor , its your appointment ." i noded . my baby is growing perfectly well now , she's developing . im 3 months pregnant now ! I've gained weight , im so thick and cute . this pregnancy suits me . my baby bump is also invisible but not that much invisible . my phone rang its Siya . i ignored him ; this one has been a nuisance really ! he's irritating me i don't know whether its the hormones or what but hyo ha.a mntkbw . he's been pestering me about giving him a chance blah blah blah ! after i told him that i will never love another man like i loved Banzi , he's the

Liyo : " Skye we have arrived ." i didn't even notice that we're here . we both got out and head inside , everyone was here sitting around the big table . Luyo and Mr Yeko senior saw us and came to greet and hugged us ; they were looking all sorts of Beautiful as the power couple that they are .

Luyo : " oh wow , look at you looking all sorts of cute ; my Grandchild is treating you well ." i giggled .

Mr Yeko : " i hope you're taking care of my Grandchild there Skye ." This man is intimidating , he only smiles to Luyo only .

me : " i do Mr Yeko ." he noded , i went to greet my parents then ocean and Nandi then Banzi's Uncle's and their wife's . then after all that greeting and whatsoever we all sat down on the big table . Mom , Luyo and The uncle's wife's went to the kitchen to get food and placed it on the table . after that we all sat down .

Luyo : " can i get everyone's attention please ." we all

gave her our attention , she cleared her throat and smiled . this woman is beautiful i love her melanin flawless skin and her hair its Beautiful .

Luyo : " first of all i must say nibahle rhaa , i would like to thank everyone who made it here today , i know the person who brought these families together is no longer here but that doesn't mean we should be strangers to each other specially we're having a Granchild soon . Luyo : " baby are you expecting someone ? ." she

asked her husband .

Mr Yeko : " No honey , i will go and check ." he stood up and walked away . we continued to play cards . we heard liyo gasping looking at the door , we followed her eyes ! there is beautiful woman on the door with a child who looks like she's 5 or 6 years im not sure . the child looks axactly like Banzi which is strange .

the house was dead quite , you could even hear the needle fall ; everyone was shocked besides Skye's parents bcs they don't know the lady . but they were confused by why everyone was shocked to see this woman who's standing by the door with a child that looked exactly like Banzi , she was his photo copy . Skye was also shocked that this is the same Asanele that Banzi mourned for 5 years , the same Asanele who left him broken but Skye put him together . the same Asanele who made Banzi to give up on love . now she's here with a child all of a sudden after Banzi's funeral ! doesn't she know that Banzi died ? .

Azintsika cleared his throat bringing everyone from their thoughts . Asanele was shaking in her boots running her eyes all over looking for Banzi but she couldn't find him but she thought maybe he's not here or he's in the bathroom or something .

Azintsika : " come and sit ." Luyo was throwing murderous daggers at Asanele ! she was angry at her for leaving her son broken like that and now she's here out of the blue with a Child . Asanele sat down , they sat down also all of them looking at her . Azintsika took the child and played with her .

Azintsika : " what your name baby ? ." he asked the little girl who was shy .

" im Alunamda ." she said with her little voice .

Azintsika smiled looking at the photocopy of his son.

Azintsika : " nice to meet you Alu , im your Grandpa ."

" really ? ". asked little Alu excited to have a Grandpa .

Azintsika nodded and took Alu to the play room to play then went back to the lounge where Everyone was seated .

Azintsika : " what are you doing here Asanele ? i

thought you were dead ? ." she looked down playing with her fingers . Skye was sitting there watching everything , holding her tears from falling ; she's grateful that Banzi is not here bcs maybe she would've chosen to go back with her since she's his high school sweetheart .

Luyo : " why ? why Asanele ? why did you leave or faking your death leaving my son broken ! umshiye wangayazi noba kuyasa or kuyahlwa . you broke him , he gave up on love just bcs of you , he was no longer the same Banzi we knew after you left , i didn't know my son anymore ; he lived in alcohol , he found solace in alcohol while you're wandering all over the world enjoying life . i will never forgive you for what you made my son go through ! if he didn't meet Skye we would've spend his life all alone ." Luyo was already crying . also Asanele ! Luyo's words cut deep into her heart but she keeps wondering who's this Skye woman . Luyo saw that she wanted to know this Skye woman .

Luyo : " you see that woman (she points at Skye who was sitting next to Ayanda laying her head on

his shoulder) that is Skye , she's the one who helped my son to move on from you , she brought our old Banzi back . she stood by him through it all ; she's the daughter in law of this family and the mother of Banzi's child ." Asanele's heart sank down , her heart was broken that the love of her life was taken and having another child on the way ! she thought coming here she will find Banzi still single so that they could take off where they left but she was too late . she looked at Skye . the confidence she had just dropped to zero just by seeing Skye's beauty . Skye was the Beautiful woman she ever saw ; she just thought there that she doesn't stand a chance on her ! even the pregnancy suit her , it made her more beautiful ! she felt tears threatening to come out . Skye was just looking at her feeling sorry for Asanele . Asanele hated Skye for taking what was meant to be hers even Skye's beauty didn't make any justice for her . she just hated her more .

Asanele : " first of all i would like to apologise to everyone , specially you Mrs Yeko and Mr Yeko . i know that me faking my death really hurt your son

but i didn't have a choice i had to do it no matter what Banzi will forgive me . Asanda was really after me ! she was obsessed with Banzi she went far by hiring hit men for me so that they can kill me and my unborn baby so that she can live her life with Banzi without me in the picture . she thought she killed me but i beat her on her own game by faking my death . " everyone was shocked by this . it was quite obvious that Asanda was obsessed with Banzi bcs she wanted to break Skye and Banzi's relationship .

Liyo : " so after so many years , why are you only coming now ? ." she cleared her throat .

Asanele : " its bcs Alu was starting to ask about her father so i thought i should bring her here so that she could see her father ." Luyo and Skye just burst into tears which made Asanele to be confused that why are they crying ? . Azintsika comforted his wife while Mr Feraz embrace his daughter .

Liyo : " Asanele , Banzi passed on two months ago ." Asanele just fainted .

so we parked at KFC .

me : " are you going to get in ? ." she shook her head .

Skye : " no im tired , you can go alone ." i nodded and got out . i ordered the Dunked wings for Skye and some ice cream for me . as i was waiting i saw Asanda rushing out wearing a doek hiding her face

with black sunglasses . yho. my order was called i went to get it then payed . after paying i head back to the car .

AYIZE .

i looked at them as they were sitting on the couch eating popcorns whilst watching cartoons , my little girls ! the other one looks like daddy another one looks like mommy such a combo . i love them to bits ; there are my piece and happiness ! Alunamda and Enkosi are my children , my life i can't live without them . i can't believe i love Asanele's child like this its like she's my biological child . after Asanele ditched her i practically became a mother to her and loved her like she's mine . i just wished their dad was here to raise them with me , i just wish he was here to see them grow and see how beautiful and happy

they are but then im glad that he left these beautiful souls with me that I vowed to love and protect with all my own . its been 5 years of our lives , trial and tribulations we faced , im still single not that i haven't met someone its just that the only man i ever loved left me in this world ; i don't see myself loving another man ! my mom is saying im stuck up on Banzi and im doing axactly what Banzi did when he lost Asanele . he never dated ever since unti he met me ; and she's saying maybe i will meet my soulmate out there but no i don't anyone else , Banzi is the only man for me . Sighs , but I'm grateful for my family so much they've been with me through it all , when i was struggling to raise Enkosi my parents and Banzi's parents were there for me ! even when i had days i missed Banzi too much and where i just wanted to stay in bed all day and cried so that i can feel better . i appreciate Ocean so much , he became a father to Enkosi and his cute son Lunathi ; he's such naughty cutie who looks ridiculously like Ocean . they get along very well with Enkosi and they start to irritate my baby Alu .

anyways its Enkosi's and Banzi's birthday this weekend , yes there born on the same date and month . im so excited my baby girl is turning 6 she's growing up very quickly , but she's too smart for her age ; she's always asking questions like ' does she look like me ? ' and ' why Alu doesn't ? ' qomba yho hay sana . but i love my loud mouth so much . Her and liyo are just same WhatsApp group bcs they're both loud while on the other side miss Alu is very quiet and reserved , she's neddy ; she loves to read to much when im at the mall she always asks me to bring her books and i do that since I also loves too .

anyways its Thursday today and Enkosi's party starts tomorrow then Saturday we celebrate Banzi's you know . so today im going to the mall with my baby to do our hairs and nails for me then buy some meat for the party bcs the guys are gonna make a braai , i usually be sad when its Banzi's birthday and cry all day but funny thing is that im actually excited to this Weekend i don't know yaz but i let it slide . i got off the bed and made it then opened the curtains

, then the door burst open and Enkosi got in running ! she's such an active child , i pick her up and tickled her ; she giggled such a Best sound ever .

Enkosi : " mommy stop im going to cry ." i stop tickling her and kissed her cheek .

me : " morning baby ."

Enkosi : " good morning momma ."

me : " how did you sleep ? ." she shrugged her shoulders .

Enkosi : " i don't know , i was sleeping mos ." i giggled .

me : " yeah right ." i put her down and continued cleaning around the bedroom with her taking non - stop telling about her children and teachers at school blah blah blah ! yho Enkosi can talk sana .

me : " okay baby , lets go and bath ." we walked out and went to her room . i made her bed then opened the curtains , i led her to the bathroom she brushed her teeth while i ran a bath for her ; after she finished i bathed her and lotioned her then wore her clothes .

i combed her curly hair and tied it , she looked beautiful .

me : " semhle love ."

Enkosi : " enk- .. Thank you mommy ." i laughed , she doesn't want reply in isXhosa by saying ' enkosi ' bcs she says its her name . we walked out of her room , she went downstairs while i went to Alu's room i knocked and she let me in .

me : " hey baby ."

Alu : " hey moms , you good ? ."

me : " yes baby , i just wanted to tell you that get ready we're going to the mall ." she smiled and noded .

Alu : " alright ." i smiled then head to my room . i got there and went straight to the shower then showered . after showering i lotioned then went to look for a dress in my closet i came across a dusty pink mini dress that i received on my birthday from unkown person with a card written ' your lover ' i still don't know who it was but i loved his / her gifts shame they're beautiful and they are my favorite things .

anyways i wore the dusty pink dress with Sandles then my denim jacket . i wore my weave with a bucket hat ! i applied my cologne and lipgloss then took my slingbag then head downstairs . i got there my girls were sitting on the bar stools chatting with each other ; i put my bag on the couch then warmed the pizza for us then we ate .

.....

we arrived at the mall then parked my car , then my phone rang its Ocean i answered .

me : " big bear "

Ocean : " hey little bear , where are you im at your house ."

me : " oh we're at the mall my love ."

Ocean : " what are you doing there ? ."

me : " to do our hair ."

Ocean : " okay , please give princess the phone ." i

passed the phone to Enkosi so that she could talk to Ocean , we waited for her to finish calling then dropped the call .

Enkosi : " mommy , daddy is taking me on a ice cream date later today . can i go ? ." i smiled , Ocean really played s father role on Enkosi im super grateful for that . and yeah Enkosi calls him daddy and that irritates the fuck out of Nandipha ; i don't know what's going on with her , she changed over the years ever since Enkosi was born . i still don't know what's up with her .

anyways we got out the car and head straight to Sophie's beauty salon , Enkosi did straight up and Alu did braids , mna i just treated my weave then i was good . my babies looked really beautiful .

me : " you guys look pretty ." they smiled .

Them : " thanks momma ." we then head to pick n pay to buy some meat for the party . i was on the meat alley when i heard someone calling my name behind.

" Ayize " . i turned its Athenkosi , Ex-boyfriend ; what does he want now .

me : " hi Athi ."

Athi : " how are you ? ."

me : " im good thanks , how are you ? ."

Athi : im fine , you still Beautiful ."

me : " thank you , you look good too ." his eyes fell on my kids .

Athi : " you have children ? ." he asked shocked , i chuckled . what did he expect.

me : " yes as you can , jonga neh i have to go . i will see you around ." i walked away , this one thinks im her friend after how he hurted me when we were dating nx ! i don't even wanna talk about it .

we payed for the things then got out , i bought burgers and milkshakes for these two rascals then we head home . Ocean and took them on a ice cream date then i had a time to nap bcs im tired .

im woken up by these rascals jumping up and down on my bed laughing their small asses out , i groaned in frustration .

me : " no man guys , why are you like this ? ." then giggled .

Enkosi : " wake up , I'm hungry ."

me : " when did you came back ? ."

Alu : " an hour ago ." i noded , i took my phone on the pedestal then check the time its 5pm yho i slept that long . i got off the bed then head to the bathroom with Enkosi following me , i washed my face then brushed my teeth.

Enkosi : " momma i saw a man at the mall when i went to get an ice cream with Daddy ." i looked at her .

me : " what man ? ."

Enkosi : " he just said tell your mom that i love her ." i raised my brow looking at her .

me : " where did you see him ? ."

Enkosi : " at the ice cream shop ."

me : " where was daddy at that time ."

Enkosi : " he was paying ." i noded , who would that be ? maybe its Siyabonga ? bcs he's the one who has stalker tendencies . i brushed that thoughts then we head downstairs so that i could prepare dinner while chatting with Alu ; Enkosi was watching cartoons as always .

me : " Enkosi bring my phone from the bedroom please ." i said chopping the onions , i need to call Luyo and asked her if everything is sorted for tomorrow .

me : " Enkosi ? ." i looked up , she was busy looking at something in my bag .

Enkosi : " momma what is this man's photo doing in your bag ? ."

me : " what photo , let me see ? ." she came and handed me the photo , its Banzi's photo .

me : " baby , what do you mean that what is this man's photo doing here ? ."

Enkosi : " momma , this is the man i saw at that ice

cream shop"

my heart skipped a beat , my mind stopping functioning for a minute ! i know for a fact that Enkosi doesn't lie so he saw Banzi there then it means he's not dead he's alive . but then why did he fake his death , why did he lie and broke our hearts like this ? .

" Mommy ? ." says Alu shaking me , i snapped out of it .

Enkosi : " mom you're crying ? did i do something wrong ? ." i shook my head and wiped my tears .

me : no no sthandwa Sam , listen guys go and wear

your jacket we are going to Grandma's house as in now okay ? ." they noded .

me : " now go ." they ran upstairs , now i need to talk to Luyo real quick about this .

* tell everyone to meet me at Luyo's house now .* i sent the message to Liyo then waited for these rascals . After they came back we rushed out and got inside the car and drove off .

.....

LIYOLATHA .

after i received that text from Skye i called mom immediately . she answered .

Mom : " Big Princess ? ."

me : " Mom , Skye sent me a text saying i should summon everyone at your house as in now ."

Mom : " what ? why ? is she alright , are there kids alright ? ." she's panicking .

Me : " honestly i don't know Coco shame , we should wait for Skye to tell us what's wrong . so am on my way now ."

Mom : " okay baby , i will inform others ." we bid Goodbyes , i took my bag and car keys then head out . i got inside my car and drove off .

i arrived at home , there were so many cars at the drive way , i got off my car then head inside ; Dad was pacing up and down .

Dad : " why is she taking so long , im getting impatient now ! ."

Mom : " calm down Radebe , im sure she's on her way ." everyone was getting impatient . uncle Zukhanye was here with Uncle Ziyanda , uncle Zenande and Uncle Lux then their wives . Skye's parents were here even Ayanda and his Wife Nandi , my cousins . i went to seat next to Asemahle (Zukhanye's daughter) .

Ase : " do you know what's this about ? ." i shook my head .

me : no i don't but it sounds serious ." she noded .
after a while of waiting we hear and car driving in
then minutes later the door burst open and baby
Enkosi got in running followed by Alu and Skye and
went to dad , she's such an active , smart child . Skye
looks like she's been crying bcs her eyes are red and
puffy , her mom ran to her and hugged her ; she just
sobbed on her chest ! we just stayed like that
confused . she finally calmed down then we all sat
down . we looked at her waiting for her to speak ,
she cleared her throat .

Skye : " i think Banzi is alive ."

what ? ...

.....

AYIZE .

" WHAT ? ." they all said that at the same time , they looked shocked for that matter ! Luyo is looking at me with glossy eyes .

Luyo : " Skye my baby , don't do this ." i shook my head with tears already threatening to come out , looks like they doesn't believe me ; its like im crazy or something . i mean who wouldn't ? Banzi fooled us all .

me : " i know it comes as a shocker but its true he's alive ."

Dad : " how do you know that ? what did you see ? ."

Ocean : " but how ? we burried him mos ." i shook my head .

Me : " Enkosi saw him ."

" ENKOSI ? ." they all exclaimed shocked . i noded , i told them everything how Enkosi told me . when i was done they were shocked beyond . Luyo was already crying and Aunt Liyana was comforting her . i

mean i understand ; imagine how would you feel when you heard that your son you mourned and burried is now alive ! i will just die .

Zukhanye : " what are we going to do now ? wait for him to resurface or we go look for him ? ." they all sighed.

Dad : " this boy will be the death of me ." he said rubbing his face frustrated .

.....

NARRATED .

Everyone was shocked to see Banzi standing by the door , some thought it was a ghost some believed that it was him standing there . Skye was no longer hurt by what he did she was angry and livid at him for leaving her with a daughter . she just from the podium and ran upstairs in one of the room and locked herself in ; Banzi wanted to run after her but Azintsika met him half way and punched him on the face . everyone screamed while Azintsika is beating Banzi up , he didn't fight back bcs he knew what's good for him and he deserves this . Luyo didn't even

stop her husband by doing this bcs she knew how Azintsika was hurt when they were told that Banzi has died , Zukhanye and Ziyanda tried to stop ntsika from beating Banzi until they managed ! Azintsika was crying while Banzi was on the floor covered in blood . Luyolo went to ntsika and hugged him ! he just broke down on his wife's chest , the anger he had inside was too much , Banzi's heart was shattered to see his father crying like that , it's first time he saw his father crying like this . Luyolo is the only person who makes Ntsika cry no one else but the hurt he feels in his heart made him cry . Liyo had to tell other to go home since the party seems like its over bcs they had important matters to discuss since Banzi resurface now . Liyo took Banzi in one of the toilets upstairs and cleaned his face then head back downstairs . Everyone was sitting around the table waiting for Banzi to explain everything . Banzi release a shaky breath before . he didn't want to talk about the trauma he went through there , how he was tortured there it was like he's bringing bad memories back but then he owed his family every thruth how he ended up in Russia

ZWELIBANZI .

seeing my parents crying like that bcs of me hurts me , specially my dad i mean that nigga doesn't cry ; i never saw him cry even on Grandma's funeral but now he's crying bcs of me . talking about this makes me revive bad memories i thought i burried ! im not ready to talk about what happened in Russia but i had no choice i have to do it bcs they're are curious to know . Sighs,

Zenande : " thetha bawo , we don't have all day ."

Zenani : " give him time Zenande , he will talk ." i cleared my throat .

me : " first of all i would like to apologise to everyone for breaking their hearts specially you mom and dad ; im sorry it wasn't my intention to hurt you like this nam i don't know how i ended up in Russia ."

them : " RUSSIA ? ." they exclaimed shocked , i noded .

me : " yeah in Russia , i remember that day i was

coming back from work since Skye told me that she has a bad feeling like something is going to happen but i brushed her off and laughed about it ; so i got inside my car and drove off in the middle of nowhere there was a big truck coming in front of me i tried to overtake but i couldn't bcs there was another car on the road so the truck went straight to me ." they were all quiet listening to me , i was only listening to luyo's soft sobs .

me : (teary) then when i wake up i was in the foreign country in hospital with bandages and bruises all over my body i couldn't remember who i was , i lost my memory , they told me I've been here in hospital for 2months now they were ready to switch off the machine bcs i wasn't coming back . so after two weeks there i got discharged ndazothathwa ngomnye usis with a man they took me to a place that looks like an abandoned building then there i was tied in the chair being tortured , not given food for a week and a little bit of water . being beaten up everyday ! being electric shocked in a bath tub full of ice blocks and water . i regained my

memory after six months there only to remember that the lady and that man is Asanda and Siyabonga ! they did all that bcs they wanted me to stay away from Skye forever . Siyabonga had Skye followed when she was pregnant until she gave birth to our baby girl ; he made me watch it all but i couldn't do anything bcs they were going to kidnap Skye after giving birth then sold her to highest bidder so i needed to have a plan so that i could escape there that's why it took my years to come back . Mom im sorry , I really am i didn't mean for all this to happen , you too dad ndicelu xolo Radebe . ndicelu xolo ta , i know I've hurt you all but im sorry ! you too big sis uxolo it wasn't intention ." my dad stood up and came to hug me .

me : (crying) uxolo ta , i didn't mean to hurt mom like this ; i didn't mean to hurt Skye like this ! she knows i promised her that i will never leave her like that but Asanda and Siyabonga had other plans for us ."

Dad : " its okay son , i understand it was not your fault . i forgave you and im sure naye uSkye will

understand ." Mom also came to join the hug , i pulled out the hug .

Mom : " i forgive you mntanam , don't cry baby . go and talk to Skye ." i wiped my tears and noded . i turned Skye was sitting on the stair case looking at me with tears streaming down her face . i walked to her and hugged ; she just broke down and cried painfully ; i felt my tears coming back .

the pain in my heart is too much , my heart is shattered ! it's like someone has shot daggers straight into it . how cruel can these people be ? huh ? How cruel and wicked Asanda and Siyabonga be ? im so disappointed in Siyabonga actually I hate him . i wouldn't even say anything about Asanda bcs i expected this , that girl has a mental disorder ; she needs to be locked up in a mental institution its where she belongs . you could you kidnap a person and torture them to death just to leave the love of their lives like that ? how sick is that , how can you electric shock someone in a bathtub full of ice

blocks and water . im hurt my heart bleeds for my baby , the trauma he went through he doesn't deserve all this . all the anger i had just disappeared after what he went through he doesn't need my anger ! he needs me to be there for him all step of the way . after he told us what happened to him i couldn't hold my tears anymore i just let them flow on my face ; im still crying in his chest he keeps whispering in my ear apologising but i forgave him long time .

Banzi : " look at me ." i slowly look up , he cupped my face and pecked my lips .

SEASON FINALE

.....

AYIZE .

A MONTH LATER .

love is beautiful thing or a feeling to share with someone who shares the same feeling with you , being inlove is amazing ; being with someone you love all the way its heaven on Earth . its been a month since my Banzi came back i couldn't be happier ! its like I've been given a second chance to

be with the love of my life next to me raising our kids together . making a healthy warm home for our kids and grow old together that's what i want nothing more . my baby is still traumatized about what happened in Russia but he's been attending therapy and its kinda helping him bcs he no longer getting nightmares like he used to ! in the past month he couldn't sleep he would talk in his dreams asking for forgiveness in Asanda and that only triggered my tears bcs they traumatized him ! what they did is inhuman they are cruel ; how could you do that to another person ? just for their woman ? why can't you find your own , i mean they were threatening to sell me on a highest bidder just to make me disappeared . they wanted to make my little baby motherless ! i hate them for this really , i so hate them i just hope i won't cross paths with that Asanda woman or else i swear to God what am i going to do to her .

in these weeks the media has been buzzing around us bcs they statement Banzi made that he didn't die .

we were called by journalist left , right and center it was just a chaos nje ! but then he used his and his father's connection so that he couldn't be arrested and his made his things new , things like IDs and all that staff , they didn't even try to arrest him : i mean he's Azintsika Yeko's son after all . Sighs , he also fixed things with Ocean they are back to being Best friend's now , and that made me very happy that everyone was getting alone . even with his daughters they get along very well ! they ditched me sana they're always busy with their dad . even Enkosi she doesn't have time for me anymore but not that i complain bcs they need to bond with their father bcs he missed some years in their lives so i don't mind .

anyways Mr Yeko and his girls went out today , part of their bonding time its Saturday ; they went to the beach to have a picnic and enjoy their time . they left me here all alone in the house ! so i woke up and cleaned a little its like this house is dirty but just nje since i don't have anything to do or i should visit my mom its been a while since i visited her . so after

cleaning i cooked for these rascals and my baby then put their food on the warmer . i took a shower and lotioned - i wore my mini dress , sandals then i tied my weave , i applied my cologne and lipgloss . i took my slingbag and head downstairs ; i got there and took my car's keys i walked out , i got inside my car and drove off .

i arrived at home , Ocean's car was on the driveway which means he's here ; i hope Nandipha is not here bcs i don't know what's happening to her she's giving me weird vibes andazi . i got off my car and head inside .

Me : " EVERYBODY SKYE IS HOME !!" they laughed when i got in the lounge , they were all her ; Star came to me running i picked him up and tickled.

Me : " hey baby boy ." he giggled . he's such a cutie , i kissed his cheek and sat down.

Me : " molweni ." they greeted back .

Mom : " awusemhle love , motherhood looks good on you ." i smiled .

Me : " you know mos , zaway zam ." they laughed .

Ocean : " fokof Ayize ."

Mom : " how are you doing baby ? ."

Me : " im good Moms , how are you ? ." she smiled .

Mom : " im fine sweetheart , its good to see that our Skye is back ; not that depressed Skye ."

Me : " haybo mama , nonetheless its good to be back , i mean everything is going according to plan ! life is lekker ." we all laughed.

Ocean : " im glad sis , i didn't love seeing you like that ; it hurted me ." i sighed .

Me : " im sorry guys , i didn't mean to ."

Mom : " it's okay baby , it wasn't your fault . im glad that you're okay that's all im grateful for ! even your Lazaro of a man ." we laughed .

Ocean : " rhaa usikhalisa olohlobo uScott ." we laughed .

Me : " hay guys man ." we laughed . i spend the rest of the day with my family , we cooked and ate then

watched some movies . at 6pm i decided to go home i miss my little family now .

Me : " family i will have to leave now , i miss my babies now ."

Dad : " okay princess , do bring my Grandchildren over even for a weekend i miss the loud mouth ." we laughed .

Me : " i will bring them dad , Goodnight guys ." i pecked their lips then hugged Ocean , i bid goodbyes then head inside my car and drove off .

i got at home , the lights were on which means they're here . i got off the car and head inside .

Me : " MOMMA IS HERE !!!." Banzi came running down the stairs and jumped on me , we fell on the couch .

Me : " whoah ! i expected this from the kids not from the grown ass man ." we laughed .

Banzi : " i missed you kaloku ." i kissed his lips .

Me : " i missed you too boo , where are the kids ? ."

Banzi : " they're sleeping my love ." I noded .

Banzi : " lets go and take a shower im tired ." he held my hand and led me upstairs , we stripped off our clothes and got inside the shower . he opened the tap and the water ran all over our bodies ! he took a sponge and smear the shower gel then scrub my back ; all the way to my butt .

Banzi : " look at me ." i slowly turned and looked at him , he ran his soapy hands on my boobs massaging them a little . my breathing escalates i missed his touch ! i haven't done this in 5 years . he kissed my lips ; very passionate and tender ! He was devouring my lips ! i was turned on by his kisses - his hands ran all the way to my clit while the other one is rubbing my butt . his finger circulated my clit making me to moan in pleasure ! he left my mouth and and planted wet kisses leaving hickeys ; he picked me up and pinned me on the shower door i arched my back bcs of the coldness . i wrapped my arms around his neck and he wrapped his arms around my waist . he rubbed his manhood on my cookie .

Banzi : (whispering)" i love you Ayize , i really do . i

hope you will never give up on our love or us ."

Me : (whispering) " i love you t- ahhhh ." i moaned as he thrust in without any warning . he didn't move bcs i was still adjusting to his size ; its like it grown bigger now .

Banzi : " hold on tight ."

Me : " and never let go ."

.....

ZWELIBANZI .

its good to be back i must say , its good to be back to the love of my life , my family , my kids and my friends . When i was in Russia i thought i would never see them again , i thought my kids would grow up without their father in their lives , i hate Asanda and that motherfucker for doing this to me . i used to have nightmares bcs of them ! i couldn't sleep at night bcs everything that they did to me there was

coming back like broken record . i had to attend therapy which helped me alot bcs i no longer have nightmares now .

you know when Skye told me that Asanele is alive and she has a kid with me which is Alunamda ! i was angry ! i mean why didn't she tell me that i have we have child ? She let my child grow until she's 6 without her father she only shows up when she had i died ; and on top of that she ditched her and ran away with Siyabonga . not that i care about her but this my child we're talking about , she knows a girl child needs a mother in their lives but im grateful that Skye loves my kid nonetheless . i don't know what i would do without her ! she's my whole entire world that's why i decided to marry her . i've already told my father so they send a letter to Skye's family but my lady doesn't know . yesterday when i was out with the girls we passed by the Jewelry shop to buy a ring for her , as always Enkosi was asking questions after Questions yho . this kid takes after Liyo stru ; liyo is always asking questions all the time

. so i will propose to her today .

Anyways i woke up early today so that i could prepare breakfast for her since she's still sleeping . My lady is tired bcs we made love all night izolo , how i missed making love with her i missed that . so i kissed her forehead then got off the bed , i went to the bathroom and washed my face and brushed my teeth then took a shower . after showering i wore a t-shirt then a sweatpant and sleepers then head downstairs . i got there and prepare breakfast for my lady and my princesses ; after preparing i put everything in the tray and the ring in my pocket then went upstairs , when i got there she was still sleeping i put the tray on the pedestal and pecked her lips repeatedly ! she moaned .

Me : " wakey wakey sleepy head ." she smiled with her eyes closed .

Me : " open your eyes now Ayize fondini ." she giggled and sat up straight while rubbing her eyes .

Me : " Good morning my lady ."

Skye : " Good morning Mr , we're in a good mood today ain't we ? ."

Me : " i mean who wouldn't when i have a beautiful lady next to me and beautiful kids who looks ridiculously like mom and dad but on Enkosi's case i feel robbed ." she burst out laughing .

Anathi : " are you going to manage eating one pussy ? ."
" they all laughed bcs the know that Anathi can talk shit when he wants .

Ocean : " voetsek Anathi !." they all laughed . they ate breakfast then got ready for the weekend .

when the clock hits 10am Everyone was done getting ready , our Skye was very beautiful in her wedding dress she looked like a Queen that she is ; even her bridesmaids were Beautiful too ! Every time Skye looks at herself in the mirror she would cry bcs she can't believe that she's this beautiful and she's

getting married to the love of her life . Skye's parents got inside the room ; She hugged her parents .

Her Dad : " i can't believe my baby girl as grown this much and she's getting married , im proud of the woman that my wife and i raised ; you look beautiful my baby . take care of your little family ! mom and dad loves you ." they grouped hugged then they kissed her forehead .

John legend - You & i was playing in the background as Skye and her dad was walking down the aisle looking so beautiful . Banzi couldn't believe his eyes ; Skye's Beauty made him cry even though he promised himself that he won't cry . The guys looked damper in their black tuxedos , they were all wearing black shades ; even Baby Enkosi and Alu were looking beautiful in their dresses looking like princess that they are . The parents couldn't be more prouder of their kids . Mr Feraz handed Skye over to Banzi and whispered something in his ear that made him tense up a bit but relaxes as his face met with

his wife's Beautiful face .

Banzi : (whispering) " you look absolutely gorgeous my love ." Skye Blushed .

Skye : (whispering) " thank you , you look hot too ." .
the pastor cleared his throat gaining Everyone's attention .

Pastor : " before we start , i would like to pray ." They all bent their heads then the pastor prayed .

Pastor : " today we're all gathered here bcs of this beloved couple , before we start with our vows is there anyone who says this couple must not get married ? ."

Silence .

Pastor : " good then ."

the pastor did everything that was needed to do until it was time for the vows , Banzi decided to go first .

Banzi : " hayini guys nimbonile ubamhle kwakhe umkam ? (They laughed) Ayize sthandwa Sam , my love , sweetheart , baby love , hunny bunch for the first time i saw you i knew you were meant to be

mine , mine to have and mine to love , mine to hold and mine to whisper sweet nothings to , before you came into my life i was a mess ; i was going through the most in my life ! i was totally living in alcohol everyday . i had no purpose in life i just wanted to die - until you arrived into my my life and changed all that ! i became a better for you , even though i freezed my heart from falling inlove for 5 years but when i laid my eyes on you it just melted .with this ring i Zwelibanzi Yeko i promise to love and take care of you , in sickness and in health ; till death do us apart ." he slide the ring on her manicured finger , Skye wiped her tears then cleared her throat before speaking .

Skye : " my caramel cake , my love , my soulmate , father of my kids , no words can explain the way i feel about you , about this whole thing ; actually i never thought i would get married and have kids one day but God had other plans for me . being with you had showed me that there is true love out there , there are guys who loves their women wholeheartedly . you know mos ba before you came

into my life I've already given on love , i thought i was never bound to be loved and appreciated by another woman's son but you came along and showed me that it means when they say true love . thank you so much for being in my life , ndiyabulela kakhulu Radebe ; with this ring i Ayize Skye Feraz i promise to love you no matter what , in sickness and in health ! Ti death do us part ." Everyone was crying at this beautiful and emotional sight in front of them .

Pastor : " now i pronounce you as Husband and wife , mkhwenyana you may kiss your bride ." Banzi smirked and brought Ayize closer by her waist then kissed her slowly and very passionate .

" Hay hay pheza bawo ! ." says Ocean , Everyone laughed . they couple pulled out then they led the way to the reception .

Banzi : (whispering) " i love you ."

Skye : (whispering) " i love you too ." .

if someone would've said to me 5 years earlier that i would be getting married to my husband who was

supposedly dead i would laugh at their face , i don't regret loving Banzi . that man showed me what love is even though he screwed me over by messing with Asanda but he still loved me unconditionally . Even when we broke up for 2 months it only made our love stronger than before and no one could come between us , even Asanda or Siyabonga or Asanele they would never come between us i will make sure of it , some things were meant to be solved by two people bcs even Ocean didn't win when he tried to break us up . Banzi foughted for us and won ! in the end he's the soulmate .
