PART 1

I don't know what happened but i woke up in the hospital. I should just pack my bags and move in because this is becoming my 2nd home.

I looked around and Charlie was sitting on the chair, Ayo was pacing up and down with his arms folded.

Me: What happened?

They both looked at me. The doctor came in.

Dr: Good evening, it's good to see you awake

Me: What happened?

Ayo: i should be asking you that, Charlie said you fainted..

Ohw ya now i remember "Kush"

Dr: can you please tell us what happened? Me:

I really don't know.

Charlie: Its when you...

I gave her a serious look. She kept quiet. Ayo:

What was that Charlie?

Charlie: Nothing Sir.

Ayo looked at the doctor.

Ayo: Is she Okay Dr, Can i take her home?

Dr: I'm afraid not. She had a seizure i wanna keep her overnight to see if she doesn't get another seizure.

Me: I think i am fine

Dr: i am the Dr, I'll tell you when you fine or not.

Yoooh the rudeness though!

Ayo: Its fine I'll fetch you Tomorrow Amor.

He came and kissed me on my forehead, then started walking out.

Dr: And the white girl? Ain't she supposed to go with you?

Ayo: No she stays. Dr:

Visiting hours..

Ayo: She's not visiting. She is my Fiancé's Ward she has to always be on her side.

Dr: I am sorry but i cannot accept that..

Ayo: Then I'm sorry but I'll have to take my Fiancé home.

Dr: Its fine she can stay.

Ayo walked up to the door but then stopped then looked around the room.

Dr: What's wrong?

Ayo: Something doesn't feel right here.

Dr: What do you mean?

Him: We'll see.

He crouched down and drew an invincible line at the door step with his finger.

Doctor: What are you doing? Him:

You'll see.

He drew a cross at the door with his finger.

Ayo: I'll see you tomorrow, you can rest now knowing that you loved and protected.

He blew me a kiss at the door, i caught it and

put my hand on my chest, he smiled and Walked away. I love this man so very much. He then left, i was all smiling being a silly High school girl who just started dating her crush. I looked at the Doctor she was irritated.

Her: that was so high school, how old are you guys, 14?

I don't understand why she was so rude. Me:

Why are you so rude to me?

Her: i just don't like people like you!

Me: People like me?

She looked at her wrist watch, then looked at the door.

Dr: Can you two come in already!

I couldn't believe this, it was Xolelwa and Alicia they wanted to come in flying but not literally beba funa ukungena nje ngo 180,baku gear 6, but couldn't it was like something was electrocuting them at the door they stepped

back.

Dr: Yini manje? (what now)

Xolelwa: Was that Prophet here?

Dr: Yes

Alicia: Bastard! He made sure that we have no access in!

Dr: Ningazodlala bo (don't play) do you know the trouble i went through trying to get this white coat and stethoscopes? If the hospital securities find out that the real Dr is missing I'm done!

Xolelwa: Shut up we paid you!

I sat up straight, i was very scared. Charlie noticed and came to me.

Her: Madam Mercy are you okay?

Xolelwa laughed

Xolelwa: You are now Madam Mercy?

Alicia gave her a serious look

Xolelwa quit laughing.

Alicia: Look Mercy we are here to explain everything

Me: Charlie call Ayo i see other people want to Burn!

Xolelwa: Zodwa don't just stand there take her phone!

The "Doctor" came to us and tried taking Charlie's phone, but Charlie was fighting back then the "Doctor" punched her hard Charlie fell hard while bleeding from her nose.

Xolelwa: What you standing there for? Take her!

The doctor tried to get me off but i was fighting her she dragged me by my leg i kicked her on her face with my other leg and she fell.

Me: Charlie get up!

I got out of bed i was a bit dizzy i think they sedated me.

I went to get Charlie's phone and unfortunately i didn't know Ayo's number off by heart. I tried checking it out on Charlie's phone but Charlie's phone wanted a password.

Me: Charlie put a password and call Ayo. Xolelwa: Zodwa get up!!!!!!

Alicia: Go get the Nurses and say that the patient being Mercy attacked the doctor, they will restrain her!

I was now very dizzy.

Alicia: Hurry Xolelwa the medication is getting to her!

I can't let them do this to me, I'd rather die than have those 2 monkeys Kidnap me..

I went and opened the window.

Alicia: What the hell are you doing? Are you crazy?

I got on the windowpane and looked down, eish

it was a long waay down.

I looked back and Alicia was shouting for Xolelwa to hurry.

Charlie was calling Ayo.

Ayo: Madam Mercy don't do it, come down..

I was dizzy and couldn't stand still i leaned forward then before i knew it i had lipped off the window pane, had grabbed the curtains as i was going down and fortunately the curtain got stuck on the handle and i was busy dangling in the air while holding on to the curtain. I was too dizzy to even scream help, my hands were slowly but surely loosening up on the curtain..

*Me: help *Whispering**

I couldn't hold on anymore, not only was i dizzy but i was having this heavy sleep think they have sedated me.

I don't know if Charlie called Ayo, and i didn't know if Ayo was gonna make it in time to find

me before Xolelwa and Alicia get to me first.

***[05/20, 13:57] Ron: PART 2 REDEEMING LOVE
TWO***

I felt someone pulling the curtain up and thank God i held on long enough. It was 2 gentlemen they looked like Hospital Porters. They got me up and helped me get in. I saw a nurse attending Charlie. Xolelwa, Alicia, And Zodwa were not around anymore. The real Doctor came in with Hospital security she looked pretty angry.

Her: i was locked up in the janitor room for hours and no one noticed that she was not Dr Naidoo?

Security1: We are very sorry...

Dr: Sorry? I am Indian she's black, how did you Miss that?

She came and checked up on me.

Dr: Are you alright sweetheart?

Me: I just want my hus.. Please call Ayo for me..

Naidoo: She was heavily sedated.

She looked at the securities

Her: Great! Just my luck how am i gonna explain this to prophet Badru?

It was my first time seeing an Indian angry.

Her: What are you still doing waiting for get moving, find that imposter!!

The security walked out

Naidoo: Nurse how is she holding up?

Nurse: She's gonna be okay just her nose is broken. Gonna need a few stitches..

Naidoo: That can be done.

She looked at me.

Her: And my patient here needs an IV she seems like she's dehydrated.

Me: No.. I wanna... I..

I saw Ayo coming in with 4 body guards. He looked mad worried he came straight to me. I won't lie i was very relieved to see him.

He sat next to me and put his arm around me then laid my head on his chest.

Him: Are you alright?

Me: I wanna go.. Just take me home.

Him: Ofcause i will take you home..

Naidoo: Prophet Badru i just wanna say tha...

Him: Not now. We not gonna do this infront of my wife who looks very drained and very weak.

Naidoo: I'm well aware of that that's why i wanna put her on IV.

Ayo: Any medical procedure that needs to be done, we'll be done at home I'll get her a private Doctor.

He looked over at Charlie.

Ayo: I don't understand how 2 women can be attacked in a hospital that comes highly recommended, and has a good reputation.

Naidoo: I know and there's no excuse about what happened and..

Him: And stop making excuses for the incompetence in this hospitals.

Dr Naidoo kept quiet.

Ayo: i think we should leave now..

Naidoo: The other lady will need stitches, her nose is broken.

Him: Its fine i hope it won't take forever.

He instructed his bodyguards to go with the Nurse, Naidoo, and Charlie to where Charlie was gonna be stitched.

Ayo and i remained in my ward. He was playing with my fingers, i felt so safe in his arms.

Him: This is the time that something like this

has happened in this hospital.

*Me: It was Xo.. Xolelwa and Alic... My sisters. Him:
What?*

Me: It was them.

*Him: i should've Sent those witches to hell
when i had the chance.*

*I was now falling into deep sleep, his voice kept on
fading away.*

*I don't know how, but i woke up at home in my bed.
I noticed there was a needle that was on my hand. I
looked at where it was leading too and it was a
drip...*

*I looked over and i saw Charlie cleaning my room.
She wasn't alone she was with another lady, the
other lady was black and looked young.*

Me: Charlie..

*She stopped what she was doing and attended me
immediately.*

Her: Madam Mercy..

Me: Water.

My throat was feeling a bit scratchy.

Charlie looked at the other lady Charlie:

Mandisa get water.

This Mandisa person ran to get water from the coffee table. Charlie helped me drink. I was feeling a bit better than i did last night.

The next coming days i was On bed rest, i swear my feet were not even allowed to touch the floor. Food was brought for me everything i needed i was given...

I don't wanna mention food i was always overfed that i gained a bit of weight and my Complexion was brightening, because all i did was Eat, sleep, and bath.

My bed rest finally came to an end and i was happy.

I bathe that morning and Charlie prepared my outfit for me..

Me: That's a fancy outfit what's the occasion?

Charlie: i don't know but prophet Badru said that you should dress up.

There was a knock at the door.

Me: Come in.

Ayo came in with Mandisa.

Ayo: Morning ladies

We greeted back.

Ayo: i thought i should come and formally introduce Mandisa.

Mandisa was smiling.

Ayo: This is Mandisa and she will be your ward

too..

I looked at him..

Me: Uhm i don't mean to be rude but I only trust Charlie

Badru: Mandisa has been with us for a long time now. Since she was 16 and i trust her

Me: I don't trust her.

Ayo: Bu...

Me: But i don't trust her!!!

He looked at Mandisa and Charlie

Him: Please excuse us for a few minutes. They went out.

I dropped my towel and went to get my body lotion then started applying it on my body. Ayo didn't wanna look at me at my naked state he walked up to the window and looked through it..

Him: What don't you trust about Mandisa?

Me: She's a stranger to me and after what happened i am very careful about who i allow in my circle.

Him: Are you finished?

Me: Almost

I put on my Bumshort and bra then wore my high waist black pants that were holding my body very tight but only from my waist to my curves and Ass then from the way down they were bootleg kinda like.

Me: You can look now.

He turned around and came to me, then handed me my Shirt.

Him: You should know that i will never let anyone close to you that could possibly harm you.

Me: I know but...

Suddenly my cramps started, i put my hand on my abdomen area.

Him: Are you okay?

I faked a smile.

*Me: i am.. I... Ahhhhh*screaming**

Him: What is it?

Me: Please get me my pain killers they inside the drawer by my bed..

I held on to the Dressing table.

He went and got them, but instead of giving them to me he looked at them.

Me: I'm gonna need them now..

Him: You have been drinking this?

Me: Yes. My mom got me them from overseas they the only ones that can help with my (Ahhhh) with my cramps.

He opened the bottle put them on his hand then went to the bathroom, and i heard the toilet flushing.

Me: did he? Omg Ayo did you flush them?

He came back.

Me: Did you just do that?

Him: Yes..

Me: Why? those pills are the only pills that help me!

Him: Those pills are not what you think they are. Me: What do you mean?

Him: Those pills are a connection between you and the world of the witches

Me: i don't comprehend.

Him: Mercy those pills are meant to increase your sexual hormones. The more you get turned on especially at night their evil creatures come and sleep with you. That is how they feed them with your blood through sexual contact! If you stop drinking the pills their creatures will die because they will have no blood to feed on, and you are never taking those pills ever again.

I looked at him with my mouth wide opened not believing what he just told me!

[05/20, 13:59] Ron: PART 3 REDEEMING LOVE TWO

Ayo needs to back up a bit because what his saying right now im finding very hard to process.

I was still in pain like that.

Me: Wha???

I closed my eyes and shook my head a bit

Him: i know how this is hard to process Amor but unfortunately It is the truth.

I put my hand on my abdomen area where the pain was.

Me: Has it been happening physically? He looked down.

Me: i guess that says it all.

Him: No it has been happening spiritually. Haven't you ever felt a bit off at night?

Me: Well i have been feeling somehow, especially since i started drinking the pills i get more horny and at night it would become worse but i won't be able to wake up I'll be in deep sleep.

He folded his arms and looked at me. This was embarrassing, talking to him about this is just embarrassing.

Me: What was weird will be that I'll have sexual fantasies too, like I'm having passionate sex with a very good looking guy, we would actually be making love passionately. He would kiss me all..

I then thought that maybe it's not a good idea to be telling my future husband, i don't think there's any guy out there who needs to hear about his future wife's fantasies.

Me: I think we should. Ya it ends there.

He looked away and laughed a bit.

Him: Still in pain?

Me: Yes and i don't know how I'm gonna be able to survive without the pills. No other pill works I've been into a couple of Gynaes but nothing.

Him: That's sad.

Me: I've been into pastors and churches, i have been through everything.

Him: Seems like you have been through alot Amor.

Me: i have, and now i don't know what I'm gonna do...

He looked at his wrist watch.

Him: I'm getting late for my conference.

Me: Why you got me dressed all up like this?

Him: i wanted you to accompany me to the Conference but since you sick..

Me: Ya i can't so I'm just gonna sleep it off.

Maybe even ask Charlie to get me some strong pain killers.

Him: if you say so. Happy sleeping the whole day.

Me: i doubt it will be a happy sleep especially when im In such pain.

Him: Sorry Amor, come here.

He opened his arms for me to give him a hug. I slowly went up to him then gave him a hug i didn't wanna let him go he was smelling so good.

After 2min

Him: Amor you know that i have to go right?

Me: Yaa but i really don't want to let you go you smell so good..

He broke the hug.

Him: I'll cuddle with you when i get back.

Me: When are you coming back?

He looked at his watch.

Him: Its 9am i have to climb the stage at 11am which is gonna take a while.

He looked at me.

Him: i think I'll be back by 17:00 latest

I held on to his jacket, while pulling him closer and he kissed me on my forehead, then kissed me on my nose bridge and finally kissed me on my lips. I didn't wanna let go...

We finally broke the kiss. He put his hand on my abdomen area.

Him: i hope you will feel better when i get back Me:

Me too.

He kissed me again then walked out.

I walked to my bed and took off my Shirt. I noticed that the cramps were gone now. I put my hand on my abdomen area, it was just

amazing or maybe they will be back later but it seems like they were gone for good. I remember that Ayo put his hand on my abdomen, i smiled a little while taking my phone from the bed.

My smile was short lived when i got a message from my Grandma that read “I have to see you please”

I deleted the message immediately. My wards came in.

Mandisa: Sorry Madam Mercy we didn't realise that you were dressing up.

Me: Its okay you guys can come in.

They got in and stood there.. I put on my Shirt again.

Me: Mandisa get me my Black heels at the closet, and Charlie get me my purse.

Both: Yes Madam.

They didn't take long, Mandisa put the heels next to my feet and i wore them. Charlie gave me my purse. I took my phone along and Walked out with them following me.

I was going to see Kush,i really have to know about his come back.

We went outside and i told Charlie to get the car. She went inside the house and called the chauffeur using the phone at the kitchen...

The cars showed up in time, and it was the Black volvo Suvs. We went inside the one that was in the middle and it drove off.

I directed the chauffeur to Anabota flats were Kush lived.

We got to the place and my heart started beating a bit fast i wasn't ready for this but then

i had to do it..

The chauffeur opened the door for us and we went out. I walked up to the flat took a deep breath first before ringing the bell.

I rang it, and rang it, and rang it but no answer until i realised that he probably I'd at the studio his second home.

We went back to the car and i directed the chauffeur back to the studio.

We got there and i took a deep breath first while I was still in the car.

Charlie: Are you alright Madam?

Me: Yes Charlie i am fine thanks.

Can you guys stay here for a while

Charlie: I'm sorry Madam but i don't think that's a good idea

Me: Its an order Charlie and not a request

Mandisa: If anything happens Sir Badru will kill us..

Charlie: Yes Madam i...I'm afraid we can't leave your side we are your wards.

Me: Okay fine.

We walked to the studio and Walked up to where they was recording, and there i saw him. He was wearing black leather pants with a long black t-shirt that reached his knees you know those Kanye West ones and brown timbaland boots. He also had a snap back cap. All those old memories came flooding.

I didn't know if i should go in or what, he was with his crew.

Chichi spotted me and they all looked through the glass looking at me and my wards.

After a few minutes of starring at me Kush came out...Ohhh Thixo help me! There was no

drastic changes the only change was that he looked more hooooooot.

He stood by the door starring at me... Me:

Uhm.. Can.. Can we talk in private?

He looked at me, then looked at my wards, then looked at me again.

Him: No..

Me: No?

Him: I have nothing to say to you..

Uhm okay that was weird...

He looked at me from up to down while biting his lower lip.

Him: You still look good though, he must be giving it to you right!

He then laughed.

Him: Who would've thought though a prophet fucking my Gf.. Or should i say ex gf?

He laughed again.

Him: You are amazing Mercy..

He walked back to his crew still laughing. I looked at him he took the white paper cup and started drinking which i assumed it was the purple Kush..

I looked at my wards they looked down,as if like they wanted to laugh but where holding the laughter back.

Me: Agh you guys can laugh before you burst your nerves and veins trying to hold everything in!!

They still looked down.

I took out my phone and messaged Kush while i was still standing there starring at him. He took out his phone from his wallet looked at it then put it back in his pocket.

Mara why is he acting so cold towards me [05/20,

14:00] Ron: PART 4 REDEEMING LOVE

TWO

I was now Laying peacefully in my bed watching TV and eating grapes. What Kush did was really getting into me i mean why was he so cold? All i wanted to know was the truth and his involvement with Xolelwa and Alicia. I'm not really asking Love back because i am happy with Ayo all i wanna know was why he faked his death and also what his doing with my witch Mother and Aunt.

I fell asleep while thinking about him like that.

Deep in my sleep i could hear his voice busy calling my name. The way i heard his voice it was like he was standing right next to me and calling my name.

I was still deep in my sleep i wanted to wake up but i couldn't

Me: Kuushhhhh

That went on and on until i finally woke up and looked across the bedroom there was no one. I swear that i could've heard his voice. I looked at the time and it was 17:00 i don't think Ayo was back yet. I got out of bed and went to bath then put on my pjs.

I wasn't in the mood to eat in the dinning room so i told Charlie to bring my dinner in my room and she didn't hesitate.

Ayo came in while i was eating, i was sitting on my couch and Eating. He sat next to me while trying to get a portion of my food from my plate, i hit his hand..

Him: You are very stingy I

laughed

Me: how was the conference? Him:

It went well I'm just a bit tired

He said that while yawning.

Him: And you? How are your cramps?

Me: amazingly they are gone.

Him: That's good to hear Me:

Ya

Him: see you didn't need the pain killers after all

Me: Yes because you had something to do with it.

He chuckled.

Me: When are we getting married?

Him: in a hurry?

Me: Not really. I want i us to be officially husband and wife, share the same bed, make love and all that.

Him: i feel you.

Me: So?

Him: Look Amor there's one last thing that

needs to be done before we get married. Me:

What's that?

Her: Your Grandmother has to jump ships.

Me: Jump ships?

Him: although your Grandmother is a Diplomatic witch, but she is off a gentle heart. She needs to repent so she can be rid of this evilness and be pure. For her to achieve that she has to confess her sins. She has to tell the whole truth so that she could be free and be put right with God, and the curse will also be lifted off from you.

Me: i don't understand what that has to with us getting married.

Him: We cannot get married until yuy reconcile with her.

I put my fork down.

Me: Wow! So if me and her don't reconcile then you and i cannot get married.

Him: I'm afraid so

I stood up and Walked away Him:

Mercy.

I was now angry

Me: Mercy what? I don't understand Ayo why I'm supposed to make peace with her she's evil i don't want nothing to do with her at all.

He stood up and came to me.

Him: I know how upsetting it is but..

Me: But i think you need to leave because i wanna sleep.

Him: Its 18:30

I gave him a serious look

Him: Fine I'll leave. Good night.

He started walking away when he was out and closed the door i threw a pillow at the door. I went to sit down on my bed.

This was just ridiculous there is no way that I'm gonna make peace with my Grandma.

I got in bed started thinking alot until i fell asleep. I thought my sleep was gonna be peaceful until i heard Kush's voice calling my name.

Unfortunately this time around i couldn't wake up.

I woke up in the morning, first thing I did was to check my phone had 5 missed calls from my Grandma and messages that we need to talk, i deleted that. I found missed calls from Nik too. I called her, and she answered.

Her: i was about to open a missing person's case

I laughed.

Nik: I miss you my friend

Me: i miss you too lovy.

Her: is there anyway that we could meet up? Because we really have to catch up

Me: uhm you can come to my palace if you not busy

Her: Whoa shame!!! Sms me the address Me:

Okay i will.

I hung up then Smsed her the address.

Mandisa came in while i was still in bed. I didn't like her nor trust her.

Her: Good morning Madam Mercy..

Me: what do you want?

Her: i just came in to see if there's anything you need?

Me: Where is Charlie?

Her: She's preparing your breakfast

Me: You can leave i don't have anything that i want

Her: Yes Madam.

She walked out.

I got out of bed and bathe then wore my high waist skinny Jean, a crop tee, with heels. I put on make up and fixed my weave.

I went downstairs and Ayo was eating breakfast while reading his newspaper.

I went to sit down and he looked at me. Him:

Good morning.

I kept quiet, i wasn't gonna talk to him because of what he said last night.

Him: Let me guess, is this about Last night? I kept quiet.

Him: if you not gonna talk then it's fine..

He went back to his newspaper and i dished up. Pat came in while we were eating.

Pat: Good morning Sir, and Good morning

Madam Mercy...

We greeted him back.

Pat: Madam Mercy there's 2 girls at the gate they saying they friends of yours i don't know if we should let them in.

Me: That was Quick. Yes let them in please.

Pat: Yes Madam.

He walked away. I was so happy that i was going to see them.

I was all buttering my croissant bun while humming a song.

I heard Nik screaming my name from the kitchen. Pat lead them to where we were sitting. I stood up and went to hug them. She had come with Queen.

Nik: Its good to see you

Me: Good to see you guys too..

When they saw Ayo they tried to compose themselves and act normal. Ayo stood up and greeted them then walked away.

*Nik looked at me with her eyes wide opened. Nik: he is hot *whispering**

*Me: i know *whispering**

Queen: i would give everything to be with that man..

I laughed..

Me: Hands off Ladies his taken

*Nik: You have a lot to tell us Me:
i do let's go sit down.*

Nik: Sit down for what? For who? We going out to Club GP

Me: uhm i don't think that's appropriate for me

Queen: Come on girl we miss you

Nik: Plus your ex bf is performing

Me: Really?

Queen took out a pamphlet and gave it to me. Indeed Kush was gonna perform.

Me: Hmmm. You know what i am in!

Nik: Wola mpintshi!

Queen: haa! I knew it. Even a religious life cannot take the party animal out of you.

I laughed.

Me: Let me take my phone guys.

I went to the table and took my phone, had another message from my Grandma.

“Mercy please i need to tell you the whole truth, we really have to talk”

I deleted

Nik: Any day now!

Me: Fine, fine, fine I’m coming...

I went upstairs to get my bag i had packed a

few clothes and make up for later i was gonna wear later when we go clubbing. i checked the coast for my wards they weren't around Ayo was walking around in the garden with Pat.

We got into Nik's car and drove off.

Nik was playing music loud she was playing Cheers by Rihanna and we was dancing in the car. With this ladies i know that I'm gonna have an epic night.

Rate (21 Ratings)

[05/20, 14:01] Ron: PART 5 REDEEMING LOVE TWO

my day was just dope with the girls. We went to a beauty spa, pampered ourselves and what not. I have money that Ayo sends me every month we can call that my allowance it's R15 000 a

month to get myself make up toiletries and all those girly things, so I'm using that money to spoil myself and the girls. I had 30 000 in the account because i hardly use the money I get everything that i want at home.

At around 16:00 we prepared ourselves i wore a denim ripped short, with a white vest that i tucked in. I wore a white jacket and white airforce sneakers. I curled my weave and put on make up. My girls were also wearing shorts.

We went to Club GP, We used Nik's car. We got there and it was getting a bit full. Eyes were on us as we walked inside aii cha shame we did look like a million Dollars...

We got us a table and Kush was not around as yet.

Nik and i went to get some ciders to start off the night with. We got 24 ciders and i paid, then we went to sit down. Our table was close to the

stage.

Queen: Mercy i am happy that you came with us, i mean we really missed you.

Me: I'm happy too

Nik: and we really had a good time with you today, so all that I'm gonna say now is let's let loose ladies

Queen: but Mercy don't let too loose you know you a prophet's wife.

Me: He knew i was Wild when he decided to wife me.

We laughed. The Dj started off with house music. He was playing spectacula and Dj naves ft professor.

Me: Yooh guys this is my Aunt's favourite song

Queen: Serious?

Me: Yeap but she's no more was shot by her soldier

Nik: Ohw ya i read that story

Me: “Yey mina ngicishe ngafa”

Queen:” Sekudlala u Dj Naves”

Me: “Yey abantu abangaka”

The song was doing things to me.

Nik: Don’t you wanna dance?

Me: Its like you read my mind

We stood up and Walked up to the stage and started dancing.

The Dj went from house to Rnb he started playing pour it up, it’s like he was reading my mind.

Strip clubs and dollar bills I

still got my money

Patron shots can I get a refill? I

still got my money

Strippers goin’ up and down that pole

And I still got my money

Four o'clock and we ain't going home

When that part of the song came up i was already twerking with Nik. We were crouched on the floor with our legs wide opened and our hands on our knees. I had already took off my jacket and i had a Gold chain kinda like thing that went around on my waist. We had our backs at the crowd that was cheering for us and we was twerking our Assess away...

After a while the crowd was making huge noise and i was thinking that Ya shame we killing it!

We were disappointed when we turned only to find that they were making noise for Kush and his crew they was sitting at their table starring at us. Ya when that crew dresses they dress to kill!! They were wearing all white. White skinny jeans kinda like pants with white sneakers and long white t-shirts if you had seen Kanye's white

outfit on BETs 2012 you'll know what I'm talking about. Kush wasn't wearing a cap this time around he had this dope haircut.

We got off stage and went to sit down at our table.

Queen: Hai Mara muhle uKush yena (Kush is good looking)

Nik: His Ayt mina nje i am into Mercy's person. Kush is a boy i don't do boys he won't handle me.

I laughed. Yazı uKush went on with his life as if like i didn't exist. I wanted to know why he was acting like this to me.

Me: Excuse me girls.

I walked up to his table. They was talking but the talking seized when I got there.

Me: Hi Kush can i talk to you?

Kush: Is this bitch always gonna show up wherever i go??

Me: Excuse me?

Him: Yow Chick i don't wanna talk to you when are you gonna get the message? And ain't you supposed to be preparing for a Sunday service Tomorrow or something prophetess?

His crew laughed.

I went back to my table, that was very cold.

Nik: Are you okay?

Me: I'm fine..

It was time for Kush to perform he climbed the stage, people got closer i was surprised that he still had soo much fans.

Him: Pta what's happening? The fans started making noise

Him: i say Pta what's happening??

They still made Noise.

Him: i wanted to sing my new song but i think i wanna open the night with one song.. Chichi

can you come and help me.

Chichi got on stage. Chichi was wearing a white short with a long white t-shirt, and white sneakers she did a bun. She was wearing a bit similar to me..

Kush: This is for someone I once loved and they did! The song is called Prom Queen Yall know it?

Chichi got a guitar and started playing it then the Dj gave him a beat.

He started rapping what really got to me was the chorus it seemed as if like he was rapping the song for me... Chichi was singing along to the chorus.

Kush: "She had it all figured out But she left me with a broken heart

Fucked around and turned me down.. Cause she didn't think I could play the part

*But now the Prophetess, the Prophetess Is
crying sittin outside of my door*

She never know how

How everything could turn around”

I could not believe that Kush was doing this to me.

When he was done he pointed at me.

*Him: Everyone can we applaud my ex gf who is a
prophetess now! She left me to go and fuck a
prophet!*

*People started clapping and laughing. Yazi i
was soo very heartbroken i stood up and
Walked out of there with Queen and Nik
following me....*

Me: unlock the car Nik..

Nik: I'm really S..

Me: Just unlock the car.

She unlocked the car and we went inside. I

couldn't stop the tears i let them flow. Me:

Damn you Kush!!!

Queen: Aii shame yazi uyabhora umafa avuke

Nik: That's why i don't wanna fuck with him, his still a boy. Grown men don't do that.

We got to Nik's flat and fortunately she had her whiskies we just went for it, i drank until i passed out.

Even in my drunk state i could still hear Kush's voice calling my name.

This Time around he didn't just call my name but i had a dream about him.

I was in a room that was pure white. Had white walls no windows and art paintings hanging on the wall. I saw a white bench and someone sitting there..

I walked up to the bench it was Kush he was wearing white. White pants and a white shirt that he buttoned, he appeared angelic.

Me: Kush?

I was confused this wasn't making any sense at all.

He stood up and smiled at me...

Him: Cuddles

Me: What's happening?

He came closer to me and put his hand on my face. I put my hand on top of his hand.

Me: i miss you soo much

Him: i miss you too..

Me: Why am i seeing you like this? And why are you always acting cold towards me everytime when we meet.

He smiled.

Him: I'm gone cuddles forever..

Me: What do you mean, you gone forever? I saw tonight at the club

Him: I love you so much

Me: Kush you not making sense

Him: Go back to him cuddles, you safer with him. He will protect you from all evil.

Me: Go back to who? Kush what are you talking about?

He started walking away then stopped halfway to look at me.

Him: Bye cuddles..

Then walked away again.

Me: Kush!!.. Kush come back!!

I felt someone Shaking Me.

Voice: Mercy wake up.

I woke up it was Nik waking me up.

Her: Yooh you making noise busy screaming Kush.

I thought about what Kush said.. Me: Go back to him.. You are safer with him...

Queen: huh?

Me: His gonna protect you... Nik:

What are you talking about?

Me: He must've been talking about A... Guys i need to go home..

Nik: Now??

Me: Yes now!

I stood up i was still a bit drunk

Queen: Are you sure you wanna show up at the Palace still this drunk?

I went to get my bag and phone. Nik:

Okay let me wear Appropriate.

She went to dress up then we walked to the

door. I couldn't believe who was standing at the door when we opened it was Xolelwa, Alicia, And Kush.

I don't know what's Kush's involvement with Them!

Alicia: Hi Mercy can we come in? Queen:

uhm Mercy who are this people?

I dropped my bag and took out my phone i wanted to call Ayo but Kush took it and he put his hand around my neck and pushed me back to the wall and started choking me.

Him: You not gonna call him. Not today.

He was a bit stronger than before.

Nik: Mercy what's going on who are this people?

Queen: I'm going to call the cops.

I saw Xolelwa picking up a the kitchen chair and she struck Queen at the back, Queen fell.

Nik was getting scared. Alicia

looked at Nik.

Alicia: Just be a good girl and we won't hurt you, understand?

Nik nodded.

Alicia: Sit down.

Nik sat down..

Xolelwa looked at Kush.

Xolelwa: Agh stop strangling her! You gonna kill her don't forget that she's still my daughter!

Alicia: Ya she's family!

He let me go.

Kush: if i didn't love her i was gonna kill her! I

went down on the floor coughing..

All of a sudden i started hearing a voice all around the room. Sounded like Ayo's voice, and sounded like he was praying.

Xolelwa: No...no.. No.. No not now!

Voice: Dear Lord don't forget to protect my wife wherever she is. All those witches that are always planning to hurt her i release all heaven's fury on them..

Xolelwa and Alicia put their hands on their ears all screaming.

Alicia: Make him stop!

Voice: i burn all those witches in the name of Jesus!

Alicia: Noooooooooooooooooo. He started praying in tongues

Everything got worse they started "Burning" again.

I got up and took my things then took Nik. Me:

Let's go..

Nik: We can't leave Queen..

We started dragging Queen along. Kush was

standing there, when he saw us and saw that we was about to exit through the door,he rushed to stop up but something happened. I don't know what happened but it was like something hit him and i saw him flying across the room and fell by the wall.

We dragged Queen then unlocked the door and went in then Nik started driving. We were both scared, Queen was unconscious.

Nik: Mercy what the hell happened?

Me: Just keep on driving.. We'll talk about it later..

She kept on driving,i was busy looking back and checking if we were being followed or not.

We finally got to the palace we parked the car by the door. I got out and ran inside.

Me: Ayo!!...Ayo!!

Charlie showed up from upstairs.

Charlie: Madam Mercy where have you.

Me: Where is my husband?

Her: he is in the study was praying..

Me: Can you please help my friends one is hurt.. Call Mandisa to help you..

Her: Yes Mam'

I walked up to the study. I opened the door Ayo was sitting at the table reading the Bible.

Me: Ayo I'm very sorry..

He stood up and came to me.. I

hugged him..

Me: I'm very sorry.

I was now tearing up

Him: Its okay. I'm just happy that you safe.

Me: I'll never ever do that again please forgive me.

Him: Its okay Amor.

Can't believe that he saved my life again.

*[05/20, 14:03] Ron: PART 6 REDEEMING LOVE
TWO*

Somehow Ayo and i passed out in his study but nothing happened we just passed out on the couch while talking.

I opened my eyes he wasn't around, i had a mini blanket on me. I got out from the couch and started walking to the dining room. Hangover was coming down hard. I went to the kitchen and drank pain killers, then stood at the counter with my eyes closed trying to process what happened last night.

Me: Fuck Nik!

How am i gonna explain this to Nik. When I was about to go to my bedroom Ayo came down wearing a Golf attire.

Him: Good morning.

Me: Morning..

He made himself coffee

Me: Ain't you supposed to go to church? Him:

Which church?

Me: Your church..

He chuckled.

Him: Have you seen my church?

Me: Uhm no..

Him: That's because i don't have a church Me:

How come?

Him: Amor i am a prophet, not a pastor. I only go to a church if i have been asked to come and preach there.

Me: You know Ayo you are a weird prophet i tell you. You have tattoos, you listen to ungodly music like what's up?

Him: Who said hip hop is ungodly music?

Me: Well they swear

Him: Like??

Me: Like saying the words... I don't even know if i should say them because it's a Sunday.

Him: Its not swearing words. It's just words being used inappropriately. We'll talk about my Lifestyle when i come back.

Me: Okay.

He started walking out.

Me: Ayo..

He stopped then looked at me. Me:

I'm ready..

Him: Ready too?

Me: To listen to my Grandma He smiled

Him: That's the spirit

Me: But i wanna go with you..

Him: i can't go with you

Me: Why?

Him: Because she's gonna burn immediately when i make it to the door then she won't talk

Me: i can't go alone what if they hurt me.. Him:

You won't go alone

Me: Who am i gonna go with?

Him: I'll get you someone.

He then walked out bumping into Nik who was walking in.

Ayo: I'm sorry..

Nik: No i should be the one apologising.

He continued walking out. Nik got in and closed the door behind her.

I wasn't in the mood for her.

Me: I'm going to bath..

Her: No! You stay here and tell me what

happened last night.

Me: Nik I'm tired can we do this later.

Her: i just dropped off Queen at the hospital. That crazy woman almost broke her bones and all you can say is you tired?

Me: Can we do this later?

Her: Its fine go to bed but know that we gonna talk about this later!

I went to the study and got my phone. I had missed calls from an unknown number. I called the number and a certain woman answered.

Voice: Hello

*Me: hi i got missed calls from this number Her:
at what time?*

Me: I'm not sure..

Her: Ohw are you Mercy? Mercy Gumede?

Me: Whose asking?

Her: i am Doctor Shai. I am calling from Pholosong hospital at Tsakane. I have a patient here by the name of Rose Gumede she says she's your Grandmother do you know her?

Me: Yes she's my Grandma

Her: Her health is not good. She has a parasite that's eating and she has a few days to live. She is crying she really wanna talk to you, she says she has to tell you something that's very important before she dies.

I let out a sigh

Doctor: Please Mercy she cries everyday she and that's putting more strain into her already dying state she just wanna see you and talk to you how hard can that be?

Me: Fine I'll see her

Her: When?

Me: i don't know i need to hear from my husband first

Her: Please make it snappy because she's really dying. She's In ward 4B. I'll let the Nurses allow you to come in even if it's not visiting hours.

Me: Okay thank you...

I hung up my phone with tears in my eyes. Despite all i love my Grandma and i wish that she was not a witch.

I went to sleep a bit, i cried alot first why isn't it Xolelwa and Alicia who were dying instead of my Grandma. After alot of crying i finally passed out.

I woke up later and bathe then went downstairs. Ayo was eating lunch. He had changed his Golf attire.

Him: You look down what's wrong?

I went and sat on top of him. He gently squeezed my cheek. Him:

Talk to me..

Me: My Grandma is dying, the hospital called me. Apparently she has a few days left a parasite is eating her heart.

Ayo: That's bad I'm sorry..

Me: What if she dies? What's gonna happen to us?

Him: that means we cannot get married

I started getting emotional. I stood up and wiped my tears.

Me: Why does it have to be like this? Why i can't find happiness because of her sins! Why am i paying

He came and hugged me.

Him: Don't worry i got this all worked out.

Me: What if we can't make it to her in Time. Ayo

we have to tomorrow

Him: Amor i cannot go with you. I don't want her burning i don't think you want that kind of attention at the hospital. I have already contacted a friend of mine in Christ and...

Me: Ayo what if your friend can't handle this? I'm scared okay you the only one who can defeat Xolelwa and Alicia and what if i go with your friend and shit pops up then they can't defend me?

He put his hand on my cheeks.

Him: Do you tryst me?

Me: Yes but..

Him: Yes or no?

Me: Yes i do.

Him: Then trust me when i say my friend is powerful. And they on their way they gonna arrive tonight.

I seriously don't trust This Friend i only trust Ayo because his powerful.

Night time came and the friend was not here yet. It was now 23:00 i was pacing at the kitchen with Ayo sitting down.

Me: Where is your friend?

Ayo: They on their way..

Me: Its already 23:00.. Gosh my Grandma is gonna die and we not gonna get married my life is..

The door bell rang, Pat came In

Pat: Sir your friend has arrived..

Me: Its about time!

Ayo: Show them in..

Pat: Yes Sir.

Pat went out then after a few seconds. A woman walked in. She was the most beautiful

woman i have ever seen. She was wearing a white dress that had gold stripes and a Gold belt with Gold heels. Her hair was Golden yellow. Yeses bitch was beautiful she was just too perfect. Her body, i don't even wanna go there. I have never seen such a perfect person. She looked at Ayo and smiled

Her: Ayo..

Ayo stood up and went to her Ayo:

Kimbella..

He hugged her and kissed her on her cheek. Ayo:

How was your flight?

Her: Tiring... It has to be an Emergency for you to get me here so quickly.

Ayo: You know i wouldn't have contacted you if it wasn't important.

Her: So why am i here?

Ayo: Let's talk it out over tea

Her: Fazial Ayo-Badru don't bribe me with tea Ayo looked down, then looked at her.

Ayo: I need you to.

Her: To what?

Ayo: Stop the Angel of death.

She looked at him with her eyes wide opened. Her:

No.. No. No. No

Ayo: Kimbella please.

Her: Bye Badru

She started walking away.

Ayo: Phoenix, Angel of love&Peace i command you to carry out this task. You are an Angel you cannot disobey a command from a prophet.

She stopped. Then she started jumping up and down All stumping her feet

Her: Why me? Why can't you get Angel Michael?

Ayo: Because you are perfect for the task

Her: I.. What if i get sent to purgatory? I cannot temper with Fate

Ayo: Death is not Fate it's an Enemy Her:

I.. I so..

Ayo: You cannot swear Kimbella you are an Angel..

I was standing there wondering why does he keep on saying she's an Angel! Like what is going on here?

[05/20, 14:05] Ron: PART 7 REDEEMING LOVE TWO

There is no way I'm letting this biatch anywhere near my man.

Kimbella: Ayo i don't even have my powers anymore.

Ayo: Joy has.

Kimbella: No!! You are not putting my daughter

into this!

Ayo: Let's talk this out while having tea

Ayo looked at me.

Ayo: Amor can you please make us some peppermint tea. It's still your favourite tea Kimbella Ain't it?

Kimbella: That's right

She said that while walking away maintaining a sexy walk with Ayo following her..

Me: "Amor can you please make us some peppermint tea"

Nik came to the kitchen while i was still making tea.

Nik: Yeses whose that with Sexy legs?

*I looked at her then continued making the tea Her:
What are you doing?*

Me: What does it look like I'm doing?

Her: You making tea for her? It's start like that. You make tea then she takes over and you beco..

Me: Nik why are you here?

Her: What do you mean?

Me: Why ain't you at your house

Her: Are you serious? Especially after what happened.

Me: That had nothing to do with you.

Her: Then why were they in my house? I don't wanna be slaughtered

Me: You being dramatic!

Her: Am i? Then explain what happened I kept quiet

Her: my thoughts exactly! Until i know that my life is not in danger anymore I'm still gonna stay here. Worry about me not, Start worrying about her and making her tea!

She walked away after saying that.

When i was done i took the tray to the dinning room table were they was sitting. I threw it on the table then sat down next to Ayo.

Kimbella: Ookaaay.

Ayo: i don't know why you soo worried it's a simple task

Kimbella: even so we not gonna Use my child for such

Ayo: Nothing will happen to Joy

Her: But she can use her power to protect me then she will be in danger. If i get hurt she gets hurt too

Ayo: Its useless to talk with you about this because even if you say no Joy will still use her powers to protect you if she senses that you are in danger.

She had a smile on her face

Her: i don't know about that..

Ayo: And what are you implying

She lifted up her cup

Her: You still have to talk to my husband about this and knowing Captain Cody like we do.... I don't know leme keep quiet.

She sipped on her tea.

Ayo seemed a bit off.

Kimbella: Can i please be shown to my room, i would like to freshen up then sleep it's been a long day.

Ayo: I'll show you to your room

Me: No let me..

We both stood up and i led the way. We got to her room i opened the door for her.

Me: After you..

She walked in with that sexy walk of hers.

She looked around.

Me: is it comfortable enough for you?

Her: Not really but I'll survive.

Me: Fine..

I walked away.

Her: is it Mercy?

Me: Yes..

She smiled at me

*Her: You have nothing to be insecure about sweetie
I'm married, and I'm madly Inlove with my
husband.*

*She showed me her ring. I folded my arms and
balanced with the door..*

Me: Who said I'm insecure?

She looked at me

Her: Really now?

Me: Look Kim.. K..

Her: Kimbella..

Me: Yeah that! Bitch i don't know who you are or what you are about, but then i am not insecure and i don't feel threatened by you.

Her: i didn't say you were threatened by me..

Me: Yeah whatever. You know i can't wait for you to do what you supposed to do then leave!

I then walked out leaving her laughing. I walked up to Ayo's room. I knocked and i went in. He looked like he was about to hit the shower. He was half naked.

Him: Are you alright?

I sat on the bed.

Me: Yes why wouldn't i be?

Him: You never come into my bedroom

Me: i would like to sleep here with you tonight.

He looked at me Him:

Why?

Me: do i need a reason to share a bed with my future husband?

Him: No there's no problem.

Me: Good

Him: you need to consider the fact that even though i am a prophet but I'm still a man, and if you gonna Bring that sexy body on my bed then we gonna have a problem.

Me: Try to ignore, be gay for one night.

Him: easier said than done..

I laughed.

He went to shower and i went to shower too after him Ofcause. I wore one of his t-shirts.

Me: Let me go wear my Bumshort then so i don't turn you on

Him: Okay

I went to my room then put on a Bumshort then I noticed the kitchen light was still on.. I went down to switch it off. When i turned around to go to my room i bumped into a Angel. I'm talking about an Angel with wings and was Glowing. Shit it looked like Kimbella.

Her: Mercy i can Explain..

I walked backwards then unlocked the kitchen door and ran out screaming. I didn't get far because i felt someone or something grabbing me from my waist and before i knew it i was going up, i was flying!

Me: Ahhhhhhhhhhhhh!

Her: Calm down!

I saw the Palace appearing smaller and Smaller.

Me: Put me the fuck down!

Her: Calm d....

Me: Put me down!

Her: With Pleasure!

She let go of me and i was going down screaming, she then came and caught me Again. This time around we were face to face with her hands around my waist.

Her: Still wanna go down?

I kept quiet i was very scared

After a few seconds i saw things flying around in the sky approaching us.

Him: Great you have invited company

To my surprise it was other Angels.

Kimbella: I'm okay..

Angel 1: Then why are you flying around. You know you don't have your powers you can easily be attacked by Evil

Kimbella: I'm very sorry

Angel: Okay Go we'll cover you

Her: Thanks..

We went down. When we was on the ground she waved goodbye to the other Angels and went inside the house, Ayo was in the kitchen now trying to figure out what was going.

Kimbella changed into her normal self again

Kimbella: Mercy i know..

Me: Who are you?!? Or what are you?!

Her: i am Phoenix i am an Angel..

Me: how Is that possible you are Married!!!!

Her: I know how confused you are but I'll explain

Me: Explain what? You are not human!

Ayo: Amor..

Me: You are a creature you have wings!!!!!! You fly

Ayo: You can go Kimbella I'll handle this..

She walked away and i got out of her way. No wonder why she's soo perfect, bitch is not

human!

*[05/20, 14:06] Ron: PART 8 REDEEMING LOVE
TWO*

I was woken up by Ayo that morning. He brought breakfast for me in bed. I sat up straight.

Me: Trying to buy me with Breakfast?

Him: No. Look Amor about Last night.. I'm just sorry that i didn't tell you about Kimbella earlier.

*Me: I still don't get it though, i just don't get it. Him:
You don't have get it.*

*My phone rang, i answered it was the hospital. Me:
Hello*

Dr: Can i please speak to Mercy?

Me: Speaking.

Her: I'm calling to find out if you still gonna

come? Your Grandma's health is getting worse I'm afraid she might not even make it today.

I closed my eyes. Then opened them again. Me:

Fine I'll come today...

Her: That's good. You don't know how happy she is going to be when i tell her the good news

Me: I'll see you soon

Her: Alright and thank you. I

hung up. I looked at Ayo

Me: My Grandma is getting worse. She might not even make it today.

Ayo looked down and closed his eyes. I

put the tray away.

Me: We not getting married, i might as well go and start packing.

I got out of bed and Walked to the bathroom. Ayo:

Amor

I looked myself in the mirror with tears falling, he came in.

He put his hands on my arms and squeezed me a bit tight.

Him: We'll figure something out

Me: How because Kimbella doesn't wanna do it?

Him: I'll find a way i promise.

I just nodded.

Him: Freshen up and join Me downstairs for breakfast.

Me: Okay

He walked away. I went to my room and bathe. I was crying i mean I've grown to love Ayo and knowing that we might not make it it's just devastating. If we don't get married I'll have to go back home and live with those witches!

I laid on my bed crying and praying. I wasn't praying for God to help me, but i was praying for

him to take my life, Yes i was praying for death because i am tired of living like this.

As i was sobbing there someone opened the door.

Charlie: Madam Mercy..

I didn't say anything. She came to sit next to me. Her:

Are you okay Madam Mercy?

Can't she see that I'm not fine..

Charlie: is there anything i can do for you? I

shook my head no.

Her: There has to be something i can do for you. I

sat up and wiped my tears.

Me: Can you save my Grandma's life for a few minutes so she can tell me the truth?

Her: huh?

Me: Can you prevent death?

Her: No Madam

Me: Then you cannot help me.

I went back and laid on my bed crying. She stood up and went.

I laid there crying and thinking until an idea struck me. I don't need Kimbella, i can do this on my own!

I got up and went to freshen up, i took my bag and phone then started walking out. When i was walking down the stairs i saw Kimbella and Ayo talking in the lounge.

I didn't say nothing to them i passed them. Ayo:

Amor

I stopped and looked at them. Ayo:

Where are you going?

I took a deep breath.

Me: I'm going to see my Grandma.

I started walking, he ran after me and stopped me while i was at the kitchen.

Him: i cannot let you go alone it's not safe.

Me: Then let me go to my mom and Aunt. Let me go and be a witch because that's my destiny. It Runs in my family!

Ayo: Mercy.

Me: No Ayo you have failed me, Your God has failed me. My...

I was now crying.

Me: My Grandma is going to die today without telling me the truth.

If she dies we cannot get married, and i cannot live here if we not married isn't that a scene? So please allow me to leave.

Kimbella: I'll help.

I didn't realise that Kimbella was standing behind us

Kimbella: Ayo was Telling me how much you mean to him, and i want to help but First we

have to tell my husband about this.

We went to the lounge. Kimbella got her Laptop and we Skyped her husband.

He was a good looking guy a true definition of a black man. He looked was on that Idris Elba level.

He was buffed up too. Kimbella:

Good morning Hun.

Him: Hey, sorry i didn't Call you last night i came home late, and Joy you know her

Kimbella: Its okay my love. I'm with Prophet Badru and his wife to be, you still remember him?

Him: Ya how can i forget him. How are you prophet?

Ayo: I'm blessed as always and how are you?

Him: I'm easy

They both laughed

Kimbella: Cody i need to discuss something with you

Cody: i get scared everytime you say that

Kimbella: Its something that's important.

Cody: I'm listening.

Kimbella: Prophet Badru desperately needs my help.

Cody: What kind of help?

Her: He wants me to stop the Angel of death.. Cody: What?

Ayo: I wouldn't have asked that of her if it wasn't important.

Cody: I don't understand

Kimbella: Its very important Hun please He kept quiet for a while.

Cody: Fine you can do it, only if Prophet Badru promises me that nothing will happen to you.

Ayo: I promise. Kimbella:

That's not all.. Cody:

What else?

*Kimbella: since i don't Have powers anymore, we..
We gonna use Joy's powers.. I'll have to connect
with her.*

Cody: Forget it.

Kimbella: Cody

*Cody: You not exposing my daughter into such a
life. Do yuy remember how we lost Jay? I'm not
ready to lose another daughter.*

*Kimbella: Cody even if you refuse it won't make a
difference because Joy is gonna connect with me if
she senses that I'm in Danger*

*Cody: If i such happens Kimbella i will personally
come down there and Arrest you along with the
Prophet!*

Kimbella: Cody.

Cody: No Kimbella! What kind of cruelty is that exposing your own daughter into such danger. My daughter is not doing none of that!

This Nigga wasn't gonna give in, this is my queue to Leave.

I walked upstairs and started packing then walked back downstairs Kimbella and Ayo were sitting there silently... Charlie was running after me.

Charlie: Madam Mercy stop.

Me: Charlie I'm seriously leaving..

Charlie: Bu...

Ayo: Leave her Charlie.. If she wants to leave let her leave.

Ayo said that with a straight face, it was like he was tired of begging me.

Me: Wow you not even gonna try to stop me..

Him: Stop yuy for what? Because you have already decided that you wanna Leave!

Me: You know what Ayo?

He looked at me

Me: Fuck you!!!

He walked straight to me, Kimbella stood up and held him.

Kimbella: Don't go down that road..

He smiled a little, then after maintained a serious face.

Him: maybe you leaving it's for the best!

He then walked away. I dragged my luggage bag and went outside.

I walked to the gate was a long way though. I sent Alicia a message telling her to fetch me..

I got out of the gate and Walked down that quiet road. I looked back at the Palace tears fell

i couldn't believe that i was leaving for real.

I walked and Walked and Walked Until someone gave me a lift to town. I cannot believe that Alicia didn't reply to my message.

I got to town and called her. Alicia:

What do you want?

Me: i sent you a message.

Her: how do I know that this is not a set up?

Me: Alicia please

I started crying. Her:

Fine!.

I waited and waited until she finally showed up with Xolelwa. They got out of the car and looked at me. I don't know why i was soo emotional.

Me: I'm sorry.

They looked at me then smiled and came to me, they hugged me..

Me: i now realise how important family is..

Xolelwa: Let's forget all about this and go home...

My house which is your home..

I smiled.

Me: I'd like that..

She smiled too and put her hand around my shoulders as we walked to the car with Alicia dragging my luggage bag. We got inside the car, Xolelwa sat with me at the back and Alicia started driving.

Me: And i would like for us to talk about the future..

Xolelwa: What future?

Me: i... I think I'm ready to join the blood line of this family. I'm ready to be a witch.

Alicia pulled over. They both looked at me all shocked.

[05/20, 14:13] Ron: PART 9 REDEEMING LOVE

TWO

Alicia dropped us off at Xolelwa's house and went about her own way. Xolelwa's house was not too big and not too small it was just normal but very beautiful. We got inside and she showed me where I'll be sleeping.

Her: i hope you will make yourself comfortable. I flashed a fake smile. She sat down on the bed. Her: Come and sit here

I went to sit next to her.

Her: Mercy were you serious about what you said in the car?

Me: i was.

Her: Look you don't have to make a rush decision like this Nono. Just think about it first

Me: Xolelwa there's nothing to think about.

Ubuthakathi yinto yala kule family (witchcraft is

something that runs in this family) i have to be a witch too.

Her: i know but, this road that you wanna take is a very difficult Road.

Me: I've been through difficult times so this will be nothing to me..

She put her hand on top of mine.

Her: We'll worry about that later, for now i wanna introduce you to some people.

We stood up and went to the the lounge, and existed through the lounge door that led us outside to a pool. I saw 2 girls swimming.

Xolelwa: Phumi and Phumzile come here my Darlings.

They got out of the pool and came to us.

Xolelwa put her hands on their shoulders.

Xolelwa: i want you guys to meet someone.

They looked at me

Xolelwa: Meet your big sister her name is Mercy, and Mercy this are your little sisters Phumi and Phumla.

They were twins.

They greeted me and i greeted back.

Xolelwa: They are turning 15 in 3 months time.

Phumi: about that mommy i wanted to ask you something

Xolelwa: What is it my Golden egg?

Phumi: although Phumla and i share the same birthday i was wondering if i could have mine separate from hers

Phumla: i was thinking the same thing too..

Xolelwa: But babies you always celebrate your birthday on the same day. We throw one big party it's always been like that.

Phumi: When we were 4 ya it was gonna be nice but now we old and we like different things

Phumla: and Phumi is always cramping my style

They started arguing.

Xolelwa: Okay, okay, we'll do it your way..now go get dressed it's getting cold.

They went inside the house.

Me: They so lucky. I wish I had such close relationship with you when i was their age.

She looked away.

Her: Let's not talk about that, it's time to create new memories..

Me: You were never there for me Xolelwa

Xolelwa: kodwa manje ngikhona angithi. Let's just move on plus we have alot of things to look forward too..

It was easier for her to say that. Xolelwa was never there for me,she had resented me all my life. I have been raised by my Grandma ever

since I was a baby.

One of the twins came to us.

Her: Mommy some guy is here to see you Xolelwa:

What guy?

Her: The one and Only hot famous boy..

Xolelwa looked at her puzzled

Her: Its Kush mommy

Xolelwa: Ngizok'shaya (i will beat you) Kush is old for you..

Kush didn't need to be shown in, he showed himself in.

The twin went back to the house. Kush hugged Xolelwa

Kush: How are you? Xolelwa:

I'm good and you? Kush: I'm fresh..

He looked at me.

Him: Actually I'm here to talk to Mercy Alicia told me that she's here.

Xolelwa looked at me..

Me: Its fine Xolelwa.

She walked away.

Kush came closer.

Him: Hey

Me: hi..

Him: Mercy i.... Im here to apologise I folded my arms and looked away..

Him: i didn't do all those things intentionally just to Diss you. When I came back and heard that you didn't even come to my funeral i was infuriated and worse to find out that you had moved on that was a killer.

I didn't say anything.

Him: I'm truly sorry Mercy i didn't mean to hurt you. I was hurt myself i wanted to get back at you and i think that i did it wrong....

Me: You did hurt me i won't lie..

He held both my hands.

Him: can we start over, please? I truly love you Mercy i never stopped loving you.

Kush was bringing back old memories.

Kush: Remember the first time we met at Dinangwe? Then later we went up to my flat and made love? I remember how scared you were that i was gonna die

I laughed a little.

He got more closer and put his hand on my cheek then leaned over and kissed me..

Him: i missed you.. I

smiled

Me: i miss you too.

What was weird is that i didn't love Kush anymore. Although he was bringing back old memories and all that but the love and feelings weren't there anymore..

Him: So can I take you out tomorrow?

Me: Ya why not

He kissed me again.

Him: i love you

Me: me too..

He walked away... I stood there with my hands inside my Jean pockets and looked by the pool. I saw Kush standing there with his Arms folded and Shaking his head.

*That was very weird. Xolelwa came in Xolelwa:
so?*

I looked at her then looked over by the pool again but Kush was no longer there.

Her: Manje utheni? (what did he say) Me:

i think... He..

Her: Ya?

Me: He want us to get back together again..

She smiled and hugged me

Xolelwa: Kush has a good heart yazi. After all that you've done to him he still forgives you now that is true love. He is your soul mate my baby..

I smiled.

Her: Come Nono, Alicia will be here in no time we need to talk to you..

She walked away.

If Kush is my "Soulmate" then why is my heart betraying me, deep down the person that I love and the person that i want is Ayo.

I walked to the house and joined Xolelwa she

brought wine.

Her: She'll be here.

She poured a glass for me and herself then sat down. I took out my phone and i went to my contacts, bumped into Ayo's contacts i missed him, i wanted to be with him, i wanted him to come and fetch me, i wanted to go home.

Alicia came In

Alicia: Divas!!

She came into the lounge.

Xolelwa: I'll get you a glass

Xolelwa went to get her a glass. We all sat around the table.

Alicia: So Mercy are you ready

I was deep in my thoughts. Xolelwa shook my hand a bit.

Me: huh?

Alicia: Where is your mind at?

Me: Sorry i was thinking about.

I sat up straight and looked at them.

Me: i was thinking about Mama.. I miss her.

Alicia: For a moment there i thought you were thinking about that Prophet

Xolelwa: You know she's getting back with Kush

Alicia smiled

Alicia: Best news I've ever heard, now that is your soul mate.

Xolelwa: Do you see that the Prophet is actually evil? He wanted to keep you away from your family what kind of a prophet is he?

Alicia: Exactly! Man of God who keeps you away from family.

I wasn't feeling good

Me: Can i be excused i wanna go to the bathroom

Xolelwa: Okay Nono..

I went to the bathroom. I looked myself in the mirror, i closed my eyes hard trying to stop the tears from falling. I felt cold hands touching me on my shoulders, i voice whispered on my ear.

Voice: Go back to him, you are more safer with him. He will protect you.

I opened my eyes and looked back, there was no one behind me.

[05/20, 14:13] Ron: PART 10 REDEEMING LOVE TWO

Later that day Alicia, Xolelwa, Myself and the girls went to something fishy.

All the time i was thinking about Kush and the statement that he said. I mean if Kush is still alive then why is he haunting me?

Alicia: Do you think that we should consult the great sisters tonight?

Xolelwa: Let's not talk about this. Not in front of the girls.

Its funny how Xolelwa protects and cares for the girls, but she was never like this with me. We ate while talking about something else then when we were done we went back to the house.

The girls went to bed leaving me Xolelwa, and Alicia to talk..

Xolelwa: Mercy again i wanna tell you that this road you are about to take is a road not taken. Yes it has great rewards but it's a scary Road.

Alicia: and it's gonna Affect even your offspring. Me: i hear you guys..

Xolelwa: And you gonna need a sacrifice Me: sacrifice?

Alicia: Yes

Me: What kind of a sacrifice?

Xolelwa: a human sacrifice. I sacrificed Mpumi.

Alicia: And i sacrificed my former husband.

Yoooh that was soo not me, killing people and what not

Me: i don't know who to sacrifice. Alicia:

i was thinking that you..

She looked at Xolelwa.

Alicia: Mama plus she's already dying I looked at them.

Me: Okay I'll sacrifice her

They looked like they didn't believe Me.

Alicia: wow uhm you know we thought you'd disagree

Me: We in this situation because of her Moss Alicia:

That's true.

Xolelwa: Let's go then ladies.

We stood up and went to the car. There was no turning back from here.

We arrived in some cave and went inside. It was a bit dark, there was strange sounds. There were Creatures that were roaming around that looked like crocodiles but they were a bit big and scary. I was very scared.

Xolelwa held my hand.

Xolelwa: Don't be scared.

We got there and there was women approximately 20 of them.

Xolelwa: Great sisters.

They all turned and greeted her.

Alicia: Great sisters we have good news tonight They looked at us.

Alicia: My niece wants to join us..

They all started making noise all happy.. Then i heard a voice coming from the water.

Voice: Great sisters come closer

*They all closer to the well kinda like thing. Xolelwa:
Come Mercy.*

Mina shame i am a coward, phecelezi ngiyigwala.

*I went closer to the well and saw a woman's face in
the water. She looked beautiful, she was a goddess.
She had black hair, blue eyes, and pink lips.*

Her: i can feel that we have a new soul here.

*Xolelwa: Yes Sister Codex we Have brought my
Daughter who wants to join us.*

She looked at me and smiled.

Codex: i have been waiting for this day all my life.

*Yooh this woman scared me. I wanted to go away
from there but then there was no way.*

Codex: Finally I'm gonna be free

I looked at Xolelwa.

Xolelwa: The Codex she is our leader, she is our master the Great and powerful sorcerer (witch) of this world.

Alicia: But then she's been trapped here for centuries, a great prophet trapped her here in this well, she will need a body To come back again, a body and soul that is pure and still innocent.

I swallowed hard.

Alicia: And you are the chosen one Mercy. You should be the next Codex.

Me: Wh... Why me?

Her: Because you are of pure heart. You have tasted the lips of my enemies. You know more about my Enemy.

Xolelwa: You are very Lucky Mercy, do you know the powers you gonna posses? You

gonna be the greatest and most powerful sorcerer in this lifetime.

Yoooh this sounded scary, I am selling my soul to the devil right now. But there is no turning back now!

Me: What do i need to do?

Alicia: undress and get inside the well then the transformation shall begin.

I stood up and slowly took off my clothes. I was only left with my underwear. I looked at the water.

Codex: Come my child the blessed one.. I put my foot then took it out.

I looked at the Codex.

Me: if i give you my body, i want you to do me something

Codex: What is that?

Me: Spare the life of my Grandma

Codex: That shall be done..

I went inside the well. I sank down dinner until i came face to face with the Codex. I wasn't even drowning. She looked at me and the water started making as if like they are boiling.

She put her hands around my waist and looked at me.

Codex: Utzi bere gorputzaren jabe me (let me possess her body)

I closed my eyes.

Codex: Etorritako Great eskumenak utzi bere gorputza jabe me (great powers from within let me possess her body)

She went on and on to say that, the water became a bit violent, the water boiled i was in a state of deep sleep for a moment i felt the Codex entering my body through my stomach.

When i opened my eyes i was now alone. I

didn't feel like myself. I rose up from the water. I looked around the great sisters were chanting when they saw me they stopped and looked at me.

I looked at them..

*Me: Itzuli naiz, Codex handi eta indartsu itzuli da
(The great and powerful Codex is back)*

I came out of the water. One sister brought me a black Blanket i put it around my body. I went to look myself in the mirror. I was still the same but my eyes were now a bit blue, pink lips, and a lighter Complexion. I didn't feel vulnerable anymore, i felt powerful and cold hearted, and very evil.

Xolelwa and Alicia came up to me.. They kneeled down.

*Xolelwa: Great Codex it is i your servant sister
Xolelwa*

Alicia: And it is i sister Alicia.

I turned around and looked at them.

Alicia: We.. I.. We were wondering if our.. If my niece is still alive and i ask that with no disrespect.

I looked at them..

One of the sisters brought me my powerful stick my Ring. I wore the ring and looked at my stick. At the top it had a crystal that flashed powers.

I pointed it at Alicia and power came out that sent her flying across the cave. She Hit the wall and fell..

I started laughing.

Me: itzuli naiz (I am back)

*[05/20, 14:52] Ron: PART 11 REDEEMING
LOVE TWO*

Later that night we drove up to Xolelwa's house.

I got in and looked around.. Xolelwa:

i hope you like the place

I turned around and looked at them. They looked very nervous.

Me: You know I've lived for centuries. I am the most powerful sorcerer(Wizard) and i have never had servants so faithful as you two. You deserve all the rewards that you getting.

They smiling.

Me: This is a beautiful house but i cannot stay here

Alicia: Where do you wanna stay?

Me: In that old witch's (Grandma) house that betrayed me!

I walked around.

Me: i did everything for that witch! I made her a Diplomatic witch she regained alot of riches from me, and this is how she repays me? By

*wanting to blur out secrets! Alicia
cleared her throat.*

Alicia: What are you planning on doing to her?

*Me: I'm gonna kill her, she's gonna die a slow and
painful death!*

They looked at each other.

Me: Get me home!

Xolelwa: Yes Master!

We started walking, then i stopped.

Me: Did you raise up Erasmus?

*Erasmus was my husband back in the years. We
were the greatest sorcerers until we got caught by
a certain prophet called Azial Badru. He trapped
my soul in the water while he burnt Erasmus. We
swore that one day we would find our way back to
each other, and we did.*

*Me: Which body did you get him? Xolelwa: a
body of a some famous rapper*

called Kush

Me: i hope he looks good

Alicia: He does.

Alicia and I walked up to the car while Xolelwa fetched my clothes..

They drove me to the old witch's house.

Me: Home sweet home.

I walked up into his room.

Me: i will be sleeping here.

I got a box under her bed had a lot of witch full spells and books, and crystals.

Me: Your Mother was a true witch, i didn't even think she was gonna betray me like that!

Alicia: on her behalf we apologise. I

got up from the floor

Xolelwa: if you wanna go anywhere you can use Mercy's car it's at the garage.

I walked out of the room.

Me: right now i wanna see Erasmus, did anyone call him?

Alicia: Let me get to it now.

I checked out the whole house until i ended up in Mercy's room. I went to look at her things. I knelt down and opened her drawer....

I heard a voice going around her room.

Voice: Cuddles if you can hear me, i need you to fight for your soul to withstand hers.

I looked around i couldn't see the soul. Another soul spoke up..

Voice: Mercy it's Mpumi i know that you are strong you can find a way..

I stood up and looked around the room, i couldn't see the souls..

Alicia came in.

Alicia: Master i... Are you Okay?

I looked at her

Me: Meeting in the lounge now!

We walked out to the lounge, Xolelwa joined us. They sat down while i paced up and down.

Me: This Mercy person has quiet a number of souls attached to her.

Alicia: What do you mean?

Me: It means that i hear voices trying to get her back! How many dead people where close to her?

Xolelwa: Well Her bf Kush and Mpumi I looked at them..

Me: Kush? Isn't that the body you have got for my Erasmus?

Alicia: Yes Master

Me: Epic failure!!!! How can i...

Before i could finish there was a knock at the door. I walked up to answer it.

There stood a young lady at the door step. She came in and hugged me.

Her: Yoooh Mercy my friend it's been a while, you know I'm happy to see you!

I didn't know who that was.

She smiled at me, then squeezed my cheeks.

Her: Wow you have changed. Are those eye contacts you got?

I faked a smile.

She saw Them Xolelwas at the lounge and went up to them..

I put my hand on my cheeks, i wanted to kill that bitch right there, coming to squeeze my cheeks like that does she know who i am?

I took a flower pot and went behind her. I raised it up to strike her on her head.

Alicia: No don't!!

I put it down. The girl turned and looked at me. I smiled.

Alicia: Valencia what are you doing here?

Valencia: i saw your car and thought that maybe Mercy would be around.

Xolelwa: unfortunately this is not the right time, please come back another day

Alicia: Plus it's late you should be sleeping not Gallavanting.

Her: You probably right. I'll sleep in your room Mercy.

She walked up to Mercy's room..

Me: And?

Xolelwa: That's Mercy's Best friend Valencia..

I felt Mercy's soul wanting to take over, it was awake.

I walked backwards until my back was Against

*the wall. Her soul Woke up for a few seconds Mercy:
Somebody please help me!!*

I tried soo hard to suppress her soul until i did.

*Me: i don't have much time in this body, i need to
complete my mission very quickly she's quiet a
fighter.*

*I went to the bedroom and wore black leggings, a
black t-shirt, black knee boots, and a black leather
jacket. I put on a black eyeliner, i also put the
black liner on my lips to make it seem like it's a
black lipstick, and i also put on black eyeshadows.
I tied my hair into a ponytail i had long black hair.*

*When i got out of the room, i saw a young man
standing at the lounge i knew then that it's
Erasmus. The body was not bad. He smiled at me
and i went up to him. I hugged him.*

Him: Its good to have you back

Me: Its good to be back

We kissed...

Him: You look great

Me: So do you..

Xolelwa and Alicia walked In.

Me: Its time, we have to go to the hospital and kill the old witch.

We all walked out to Alicia's car leaving the Valencia chick sleeping.

We drove up to the hospital.

We were not allowed to go in, but hey i am sorcerer i forced myself in.

Nurse: Sorry Mam you cannot just walk in here like that..

I got into the ward but her bed was empty. Me:

Where is the old woman that was here.. Xolelwa:

Don't tell me she's dead

Me: She's not dead.

A certain doctor walked in..

Dr: What's going on here?

*Me: I am Mercy, I've come to see my Grandma She
smiled at me*

*Her: Ohhh Mercy. I'm Dr Shai remember we spoke
on the phone?*

*I didn't remember anything.. I
pretended that I knew*

Me: Yes we did..

*Dr: unfortunately your Grandmother is not here. Me:
Where is she?*

*Her: You will be happy to know that we have
discharged her*

Me: how? Because she was dead sick

*Dr: Well a certain prophet by the name of Badru or
Bantu he came to visit her, he prayed for her*

then we performed the operation to remove the parasitic worm that was eating her heart. She's not that well but she will make it..

My heart beat fast i thought it was gonna break

Me: So where is she?

Dr: The Prophet took her, she's staying at the Prophet's house. I guess she didn't wanna die without telling you the truth..

I walked out of the hospital very angry with my people following me.

Me: Damn you Azial Badru!!!

[05/20, 14:55] Ron: PART 12 REDEEMING LOVE TWO

We drove back to the house and while we were in the car i was thinking of the old witch not being at the hospital. How was i gonna get her?

Erasmus(Kush) : Are you okay?

Me: I'll be fine

We finally got to the house, i took a crystal ball and looked through it on what happened.

I put it on top of the table.

Me: Sakonetik Powers barruan erakutsi dut ikusi zer behar (powers from within, show me what i need to see)

The crystal showed me what happened at the hospital, in that ward to be exact. I saw Azial Badru but he wasn't alone he was with The Phoenix.

Me: i knew it!

Alicia: What's wrong?

Me: look

They looked.

Alicia: can't believe this

Me: i cannot believe that Azial is still alive. I thought he died long time ago because I had an

encounter with him In 1880.

Alicia: Wait you telling me that he has lived for that long?

Me: I'm also surprised

Xolelwa: Wait that is Prophet Fazial Ayo-Badru I looked at him.

Me: It must be Azial Badru's descendant. I guess the Prophetic gift was passed on to the next generation

Alicia: His pretty powerful. He is known as the most powerful Prophet of this lifetime.

I looked at Alicia.

Me: Do you think i am a fool? Her:

No master

Me: i know that his powerful i can sense his power all from here. He is more powerful than his great great great great Grandfather Azial Badru.

Xolelwa: So what are we gonna do?

Me: i don't know, but all i know is that i must get close to that witch.

Alicia: i think someone has to go to the palace I looked at her.

Me: Do you volunteer?

Her: i burn just by looking at him through the crystal ball. So no i will pass

Xolelwa: Why don't you go master? You are a powerful sorcerer

Me: Not as powerful as this prophet is.

Alicia: Do you burn too when you come face to face with him

Me: No I'm passed that. I'm afraid he send me to hell.

Erasmus(Kush) : What if you disguise yourself? Me: Disguise?

Him: Yes we can look up a spell that will change your appearance and you can enter there.

Me: that's a good idea..

His phone beeped

He took it up

Him: i have to go.

Me: Where?

Him: This rapping thing is getting into me, please find me a different body i cannot keep up with this one.

Me: I'll try

He kissed me and left

Me: Its late we should sleep, we have alot to do tomorrow.

I walked up to the bedroom and changed my clothes. I was left with my underwear and bra then i slept while facing up.

Halfway through my sleep the voices started again.

Voice 1: Cuddles Fight!

Voice 2: Mercy it's Mpumi If you can hear me fight for your soul to wake up.

Voice 3: Mercy it's Great Grandma, i know you are strong.

I woke up the voices kept on going and going they were giving me a headache

Me: Stopppppppp!

They didn't stop. The ring that i was wearing has a power. I flashed it through all over the room hoping to hit one soul but i didn't even hit one. I was just hitting the wall. I got out of the as quickly as possible and got the spell book with a chalk. The spell book has a protective spell for sorcerers to protect themselves.

I drew the circle on the floor with the Triangle

inside and slept in it. Nothing can go pass that spell.

I woke up the following day I was cold as hell and my throat was sore. Human bodies of this century are weak!

I went to the bathroom and bathe then wore a black dress with black sandals and put on my black make up and tied my hair.

I walked up into the kitchen and this Valencia girl was there making tea..

She looked at me.

Her: Mer.....whoaaaaa!!

It was like she had seen a ghost.

Her: Your make up!

Me: What about my make up? Her:

Its dark

I rolled my eyes

Me: since when don't you know how to do make?

Me: i think my make up is pretty fine

Her: No, no, no... Come I'll fix it

She held my hand

Me: No its unnecessary.. Her:

Haibo it is Necessary.

Me: I'm seriously getting tired of you!

She looked at me

Her: Ini? (what)

The door opened and it was Xolelwa with Alicia..

Xolelwa: Good morning

Alicia: Good morning.

I looked at them..

We need to go.

Valencia: You know mercy..

Before she could finish, i turned to her and

flashed my Ring which took out a power that struck her and sent her flying across the room, she Hit the wall and fell....

Alicia: What the???

Me: Wanna join her?

She shook her head no.

Me: Then let's go

We walked out to her car and went to the cave.

We got to the cave. It was just me, Xolelwa, and Alicia with the creatures. Other witches come at night or when we have a meeting..

Me: i think that we need to call all the witches. We need to have a serious meeting..

Xolelwa: Yes Master...

Our conversation was interrupted when uninvited guests walked in. It was The Phoenix

and Pastor Lelethu Zulu. Phoenix changed into her Angelic form as soon as she made it inside the cave....

Phoenix: Soo much Darkness and evil inside of here

Me: Well well well, look what we have here today Sisters. Angel Phoenix and Pastor Lelethu Zulu.

Xolelwa and Alicia spaced a bit. They stood a bit far from me,preparing for action.

Me: Would you guys like some tea?

Lethu: We not here for tea and cookies

Phoenix: We don't eat from the same table with evil.

I laughed.

Me: Says someone who was the Angel of darkness not long ago.

Lethu: i will get straight to the point. We are

here to take what belongs to us

Me: interest me..

Lethu: We here for Mercy's soul and body. Me:

That's not gonna happen

Phoenix: i knew that you were gonna be stubborn about this..

Me: Where is Azial? Why didn't he come to claim the body and soul

Lethu: i doubt you will want him to come here

Me: You probably right, so he thought that sending an Angel with no powers and a pastor whose only good when it comes to praying and preaching will make me give up the body and soul? Don't Make me laugh..

Phoenix: We not here to fight.

Me: Fight?

I laughed

Me: Phoenix what can you possibly fight me

with, Love&Peace?

Lethu: Codex i know that we don't match up to your power. I know that you are the greatest sorcerer of all centuries..

I smiled

Me: Stop with the compliments..

Lethu: i wasn't complementing you. Look Codex you might take us useless but don't forget we have Jesus on our side, and his blood. Mind you Codex you not powerful than him.

Hearing that name nje, did things to me.

Phoenix: Don't forget to specify which Jesus. We talking about Jesus Christ of Nazareth.

I felt like a sharp sword was going through my stomach. I put my hands on my stomach

Lethu: Ohhh what's wrong Codex can't handle the heat?

Phoenix: and the power of Je.

Me: Okay fine. There is no need to bring him in this matter

Lethu: no need to bring who?

Phoenix: You mean Jesus of Nazareth? They were truly hurting me..

Lethu: Phoenix do you know That song that says. "He has risen from the dead"

Phoenix: "And he is Lord, hallelujah"

Lethu: "Every knee shall bow"

When she said that we had no choice but to bow because everything be it in heaven or earth shall bow when the name of Jesus is being called.

Phoenix: "And every tongue confess"....

Alicia and Xolelwa started screaming while bowing down.

Lethu: "That Jesus Christ he is Lord"

Me: Okay i surrender you win! I will leave her

body!

Lethu: i was hoping you'd say that.

I got up from the ground and looked at them. I wasn't gonna give in without a fight. I flashed my Ring against Lethu and the power that came out from it didn't miss her. It hit her right on her stomach i heard her screaming and flying across the room she then fell.

Phoenix: Pastor Lelethu!

I then flashed the ring against Phoenix.

Me: one down one to go.

Unfortunately the power didn't Hit her. It hit the Buckle of her Gold belt and went straight to hit Xolelwa on her stomach she went down while screaming. Phoenix rushed to Lethu and i rushed to Xolelwa. I couldn't do nothing to them anymore because they had the ball of energy protecting them, i guess little joy must've sensed that her mother is in Danger. Phoenix

picked up Lethu and flew to the exit with her. I didn't wanna stop her my first priority was Xolelwa, me and Phoenix will meet some other time. Alicia also ran to Xolelwa.

The magic power that came from the ring was powerful, you could literally see her intestines and vital organs, it had created a big hole and she was bleeding through her mouth...

Me: No... No..

Alicia was in tears

Alicia: Xolelwa don't do this to me please, not now! I still need you.

Xolelwa: i... I..

She coughed

Xolelwa: i lived by Evil And by Evil i die.

After saying that she took her last breath and died in my arms. I felt like my heart was ripped.

Me: Noooooooooooooooooooo!

The whole of the cave was crying.. I had lost a faithful servant.

[05/20, 14:58] Ron: PART 13 REDEEMING LOVE TWO

Xolelwa was buried 2 days after her death. I wouldn't actually call it a funeral and what not but we burnt her lifeless body inside the cave. I was heartbroken, i was shuttered, my heart was bleeding, Azial and his people they have really gone too far...

I went to stand alone. Erasmus came to me. He put his arm Around my shoulders

Him: I'm truly sorry Codex..

Me: do you know what this means? It means war serious war!

Him: We should prepare the witches.

Me: i need a strong team. The witches are not

so strong I'm thinking of doing this alone

Him: That's dangerous, you know it's dangerous

Me: i just need to take someone that matters the most to him..

Him: You already have

I looked at him.

Me: What do you mean?

Him: Go look yourself in the mirror.

I went close to the mirror and i looked at myself then it hit me. I already have someone that matters the most to him, and what's sad is that he can't do me Nothing because whatever he does to me it will also hurt his precious Mercy.

I smiled and went back to Erasmus.

Me: i think that i am going to pay his house a visit tonight.

When we were done with the funeral we went home. I hopped on the bed and closed my

eyes, with a big smile on my face...

While i was enjoying my peaceful moment i heard someone talking.

Voice: This is not your body.

I opened my eyes and saw a female ghost standing next to me.

I exhaled

Me: And who are you?

Her: i am Mpumi, Mercy's Aunt and i have come to warn you..

Me: What harm could you possibly do to me? You are a ghost! You are just air

Her: that's true but i will never give you peace until you exit her body.

I flashed my Ring at her but she disappeared before i could even deal with her, i closed my eyes and fell asleep.

I felt someone running their hand on my cheek.

I knew that it could only be one person. I smiled

Him: i think we should go out just me and you. Spend some quality time together

I opened my eyes.

Me: That would be great. I got out of bed.

Erasmus: And there's no telling what we can do later

Me: hmmm i like how you think.

I went to bath again, and Erasmus walked in I turned around to face him..

Him: couldn't let you shower alone now can i? I smiled.

He came closer and ran his hand all over my body while kissing me. I missed him, i missed how we used to make love back in the years. Just when i thought that i was gonna have a sexual moment with the love of my life, stupid

Mercy decided to come back.

Mercy: Kush please help me!

It was hard to suppress her soul, each time she came back she gets stronger. She walked out of the shower while wrapping a towel around her body

Erasmus: Codex is it you?

Mercy: No Kush it's me, Mercy. I don't know what's happening to me my.. My..

I finally managed to suppress her soul again. Me: i really need to hurry with this Task.

Erasmus: Please tell me that it's you?

Me: It is me, she just took over on my soul.

Erasmus: You really need to do something about this.

Me: I'm doing something about it tonight!

Yes! Today i am going to the Palace i am going to kill that old witch!

Erasmus and i couldn't go Out anymore or do anything anymore i really had to be prepared for the task, and i didn't wanna go out because of Mercy what if she keeps on coming back and vanishing.

I prepared spells for protection because i was going alone i didn't need a team they are useless at this point. At around 18:30 i bathe and wore a black outfit as always..

I took Mercy's car keys when i was done and drove up to the bush where the cave was at...

I didn't go inside the cave i stood outside in the field and looked around the sky.

Me: El-Drago!!!

screaming

I looked around nothing happened,i screamed again.

Me: El-Drago!!!

I then looked around again and i was happy to see my dragon coming my way from the sky.

Yes i have a dragon that i ride, it's biiiiiüüig. It lowered it's head and i climbed it. I directed it to the palace.

When we arrived at the Palace it didn't put me down, we were flying around the palace. While El-Drago was flying like that, I saw something else flying to my Direction when i looked closely it was Phoenix.

Me: And we meet again

Her: What are you doing here?

Me: o want the old witch! I am here to claim her soul she belongs to me!

She giggled a bit.

Phoenix: i think you better leave.

Me: Or what? You know i should've killed you in that cave!!

Phoenix: Codex please leave i am warning. I pointed my Ring at her.

Me: Let's see for how long Little joy can save you....

When i was about to release the power of the ring i saw a whole lot of warrior Angels coming our way. I lowered my hand.

Phoenix: You are outnumbered She was right i was outnumbered.

Phoenix: Please leave..

I looked at them i had no choice but to leave. El-Dragon turned back and we left.

He left me in the field then i went inside the cave... I was alone in the cave pacing up and down, why are all my Plans failing.

While i was pacing Phoenix showed up.

Me: Do you have a death wish or something? She let her feet touch the ground.

Phoenix: Just give up the body! I went to take my stick.

Me: I'm getting tired of you now.

I pointed the stick at her. My magical stick has more power than the ring.

Me: Go to hell!!!

I heard a voice behind her saying

Him: Not tonight!

I couldn't believe my eyes! It was Azial

Me: Az... Azial?

Him: Its Fazial Badru. Azial was my 10th great Grandfather.

I walked backwards, i was really scared this was the person or looked like the person who

trapped my soul in the water.

Me: You can't hurt me. I have the body of your fiancé and her soul

Him: And that is what i am here to claim. He took off his jacket.

I am not gonna give in this time, i will fight him with every fiber of my being.

I pointed the stick at him, when i was about to release the power he sent me flying across the room and i fell. What was amazing about him was that he didn't even touch me he just looked at me..

Him: Leave my Fiancé's body in peace or i will make you leave it forcefully!

When a prophet gets angry, even hell trembles and from how he looked he wasn't backing down.

I tried to get up, but then he flew me across the room again and i fell on a rock this time. What

was this man doing does he want to kill his Fiancé?

Phoenix: Badru remember Mer...

He gave her his hand as if like “i know what I’m doing back off” i was now coughing up blood and very dizzy, i had bumped my head hard on the rock that I passed out.

*[05/20, 15:00] Ron: PART 14 REDEEMING
LOVE TWO*

I opened my eyes and i was in a room i didn’t recognise. My head was aching.

I got your from the bed and sat up straight i was a bit dizzy too. The room was beautiful though, it was fit for a princess.

I looked at my fingers and i didn’t have my Ring. Without my Ring or stick i have no powers. I stood up and Walked and i realised that i had a chain on my ankle, so i was being help hostage.

There was no way i could get out of this chain. I sat down thinking.

The door unlocked and some white girl came in holding a tray with food.

She came closer

Her: Madam Mer.... Uhm my name is Charlie, i know that you don't remember me but i am your ward.

I looked at her.

Her: i brought you food..

She put the tray next to me,then left.

I clicked my tongue. I possible could attack her and get the key but then it will be useful with the chain tied around my ankle.

I put my hands on my face...

Me: How am i gonna get out of this Mess.

I can't even rely on the witches to come and rescue me.

I looked at the food and i had no appetite.

The door opened again and it was Pastor Lelethu along with Azial...

Me: holding someone hostage is a crime

Lethu: You not someone you are a witch.

Me: What exactly do you guys want from me? Ayo: i want my Fiancé's body and her soul.

Me: I'm a unfortunate to inform you that I would actually have to kill her, for me to exit her body..

They looked at each other.

Me: Not what you quite expected hey?

Lethu: How can we trust what you are telling us right now?

Me: There is no way a soul can exit the body other than death,you can get a knife and we can start now.

They didn't say anything.

Me: Thought as much

Ayo: Then i guess you'll be locked up in here until we come up with a way of driving your soul out of Mercy's body...

Me: be my guest..

Lethu: i think that I'll have to go and consult Bishop McCarthy I'm sure he will have an answer concerning this.

Ayo: And I'll consult other prophets too..

Lethu: That's good.

Ayo: Let me go and find out if Kimbella has an Answer yet

Lethu: Okay

He put his hand on her shoulder then went out, now it was just me and Pastor Lelethu in the room.

Me: So tell me how is your Husband holding up?

Her: not that it's any of your business but his

holding up good

*Me: That's Pleasant to hear.. She
looked at her ring..*

Me: And how is your sister?

*She looked at me as if like she didn't believe i just
asked that.*

*Me: Must not be easy living with yourself knowing
that you Stole your sister's Fiancé.*

Her: Don't talk about things you don't know..

*Me: ohhh i know that you were once part of an
Adultery. You use to sleep with your sister's fiance
right in your sister's house and under her nose,
especially after all that she did for you and that's
how you thanked her, by stealing her man from
her?*

I noticed that i was striking a nerve..

*Her: that is my past and I'm not gonna let you
remind me of the mistakes that are related to*

my past because God has forgiven me that is why i stand here before you so boldly.

I laughed..

Me: If you didn't steal your sister's fiance? Would she be homeless today? Running around the streets begging for food? What Have you done to help your sister Pastor Lelethu Zulu?

She didn't say anything...

Me: You must hate God.

Her: in what way?

Me: Being raped and brutally attacked that night by the very own person you considered a father. All those men ontop of you which resulted you into being a Barren! Raising a child that is not yours.

I wanted to break her, i wanted her to question her salvation and weaken her faith, if I achieve that then I win. She was getting pretty emotional about what i was saying.

Me: Remember the day you showed up at your husband's place and he didn't wanna see you, he kicked you out like a dog while your wounds were still bleeding.

She looked at me with teary eyes Her:

Why are you doing this?

Me: Or let's talk about you betraying him.

Remember how you helped your sister and step father frame him for murder? Poor thing went to jail for a crime he didn't commit.

Her: Ntando Long forgave me for that, that's why we are Married today!

Me: Really? He might have forgiven you but i doubt he has forgotten about the pain you put him through! You are a disgrace Lelethu in the whole of heaven. You can walk around here flaunting that you are a Pastor that's Gifted when it comes to praying and preaching, you have saved many souls but i wonder what those souls would say if they knew what you really...

*Her: Stop it!! Just stop it!! *Screaming**

Me: And here the Anger comes out!

I smiled.

Me: think of your sister all the rubbish that she's eating, while you living comfortably with your "Husband" that you Stole from her, have you asked for forgiveness from her for hurting her like that? Have you spoken to her? Doesn't the Bible talk about asking for forgiveness when you have offended someone? I think...

Out of nowhere she jumped on me and started strangling me. That's what i wanted for her to commit murder, i didn't even fight her off..

She was pretty tight for a woman that is thin or maybe the Anger she had long buried came out.

[05/20, 15:04] Ron: PART 15 REDEEMING LOVE TWO

I wanted Lelethu to snap my neck and commit

murder so we can see what the whole congregation is gonna say about this. Especially bishop McCarthey is gonna be so disappointed and her husband shame. Alot of people are gonna be affected and Azial's reputation will be ruined Forever especially because it happened right at his house.

My plans failed when someone removed Pastor Lethu from Me. I was close to dying i was coughing and all of that..

Kimbella: Pastor Lethu what are you doing?

Lethu came back to her senses. After realising what she did she panicked.

Lethu: i...

She looked at her hands they were Shaking.

Lethu: I'm sorry Phoenix but i can't do this... Please tell Prophet Badru that i cannot help him anymore..

Kimbella: No Pastor..

Lethu: I have to go..

She walked out as quickly as she could.

I was still coughing and all that, Kimbella looked at me...

Her: You gonna burn in Hell for causing people soo much pain.

She walked out after that...

I continued coughing, i was very very close to dying she could've just did it...I stood up and wondered around the room looking around although mu freedom was restricted because of the chain around my ankle.

I sat in the lonely room until nighttime came.

Prophet Azial came in, he wasn't alone he was with The old witch that betrayed me. She was in a wheelchair she did look better although her breathing was a bit off.

I got up from the bed.

Azial looked at her.

Azial: Are you sure you want to do this?

Her: Yes i need to face my demons.

I felt my Anger towards her build up, i wanted to just strangle her to death. I ran towards her but unfortunately she was far the chain couldn't allow me, i pushed through it forcefully the beast in me wanted to kill her right now!

There is nothing that i don't digest well like betrayal.

Me: Naiz botako azala bizirik!!!! (I'm gonna skin you alive)

Her: Codex it is me that you want, leave my granddaughter out of this she did nothing wrong.

Me: You know that betrayal is unacceptable in my world! When we made that deal about 40 years ago you said you were gonna be faithful to me!

Her: Take my soul instead of my Granddaughter!

Ayo: No she's getting neither. I have found a way to drive her out of Mercy's body.

Grandma: Then i can finally tell my granddaughter the truth and she will be free of this curse!

I ran up to her again, and it was frustrating that i couldn't get to her.

Grandma: When are you gonna get my Granddaughter back?

Ayo: Tonight!

Grandma: You finally gonna go to hell Codex.

After that Azial pushed her out of the room. I ran up to them but the more o forced the more the chain hurt my ankle....

I sank down and cried.

Me: Nooooooooooooooooo!!!!!!!

I stood up and took anything that was near me

and smashed it against the wall..

Me: I'm gonna kill you Azial Badru!

*I continued crying for a couple of hours and
throwing tantrums.....*

*After a while the door opened Azial entered with
Bishop McCarthey.*

I stood up and went to sit on the floor by the bed..

Me: No stay away from me!!

*Bishop McCartney was wearing the those Pastor's
outfits. The black one with a white collar and a
bishop hat.*

He came towards me and i screamed..

Me: Leave me alone!!!!!

He started praying in tongues

I put my hands on my ears to cover them and started crying..

Me: Noooooooooooooooooo please leave me alone!!!

He continued praying until i felt extremely dizzy and passed out.

I felt gentle wind blowing on my skin. I opened my eyes and i saw the sky with beautiful stars and a moon. I looked around and saw A damn kinda like. Azial, Bishop McCartney, and the old witch were standing not to far from me.

Me: What's happening?

McCarthy: Remember prophet Badru she has go into the damn willingly she cannot be forced.

I looked at the damn..

Me: No.

So here's the situation if i go to the damn they will drive me out of Mercy's body. The same way i got in is the same way I'm gonna go out and worse they got the witch to help them

because she knows all the witches secrets...

Though they planned everything out perfectly but if i don't go inside the willingly then my soul won't leave her body. I stood up and started running away but it was hard because I had hurt my ankle and i fell. Azial came to me.

McCarthy: Remember Prophet Badru she has to go in there willingly... He crouched Infront of me.

Him: Amor i know that you can hear me right now, i want you to fight for your soul to take over for a few minutes...

Me: Leave me alone!!!!

Him: Remember when i told you that i had met my future wife, and you asked me if i loved her?

Whatever he was doing was working because Mercy's soul took over..

Mercy: Ayo??

Ayo: Yes it's me Amor..

He stood up and stretched out his hand to me..

Him: Come with me...

Mercy got up and tried to grab on to his hand but as she approached him, he moved backwards, walking closer to the dam...

Ayo: We almost there Amor....

I couldn't let her do this i fought for my soul to dominate, but she fought back too...

Ayo went and got in the dam..

I stopped 2 souls were fighting to dominate one body...

Me: Ahhhhhhhhhhhhh!!!!!!!

Ayo: Mercy i want you to fight to come to me!

Mercy was stronger than i thought.. She dominated the body she ran to the damn but fortunately the ankle didn't allow her, she fell.. She stretched her hand to Azial..

Mercy: Ayo please help me....

Ayo: i cannot.. You need to fight her, you need to fight to come to me.. Let your love for me help you fight...

I can't let her Go...i won't let her go,we'd both rather lose the body than let her win...i rolled her on the ground, i made her scratch herself, and scream i wanted her to hurt herself i had not got a hold of her soul... I got up and started running i wanted to kill her..

Ayo: Mercy no!!!!

Halfway through i stopped, 3 souls blocked me..

Soul 1: Mercy it's Mpumi, we will help you fight..

Soul 2: Cuddles do it for me, fight for me..

Soul 3: Mercy it's Great Grandma i know you can do this!!

Me: Nooooooooooooooooo!!!!!!!!!!!!

Kush made his way to me, i stepped back. Him:

Mercy...

Mercy came back immediately...

Mercy: Kush???

He was glowing, he looked like an Angel. The love that they once shared was too strong that i found it hard to fight through it..

Kush looked at Mpumi and Great Grandma, thru smiled at him.. He extended his Hand again to Mercy and Mercy stretched hers to him. He led her to the dam, but stopped halfway..

Him: You'll have to continue the journey alone...

Mercy: will i ever see you again?

He looked at the dam,then looked at Mercy..

Him: No,but i promise you that with him you will never feel lonely, or unsafe. He will love you with all his heart, he will protect you and cherish you for as long as you live.. All you have to do is trust him and open your heart to him..

Mercy looked at Ayo, then looked at Kush...

Mercy: I'll always love you Kush:

I'll always love you too.. He went

closer and kissed her.. Him: Now

go...

She turned and made her way to the damn, she finally got in.

Bishop McCartney started casting me out..

The old witch made sure i got the message too.

Grandma: Maiatzaren joan pikutara zure arima eta inoiz ez itzultzeko berriro. (may your soul go to hell and never return again). My soul was indeed sent to hell where it was gonna be trapped forever.

MERCY

Something inside of me went out, i actually vomited it out, but unfortunately i couldn't see what i vomited, it came out all the way from my

stomach and came out through my mouth but i couldn't see it.. I was dumbfounded why am i in a dam, and Ayo was standing in front of me.

Me: Ayo what's going on? What are we doing here it's even cold..

He put his finger on my mouth

Him: Shhhhh...

He then kissed me, it was a gentle and slow passionate kiss, In a dam which i had no idea what we were doing there...

We broke the kiss after a while he then hugged me..

Him: i love you..

Me: i love you too, but i still don't know why we in a dam..

Him: We skinny Dipping.. I

laughed..

Me: We not naked..

Him: We will be in a second..

I laughed again.. I looked over on the side i saw Mpumi, my Great Grandma, and Kush standing a bit far from us. They smiled and Walked away till they vanished.. I smiled too while looking at them..

Ayo: What are you looking at? Me:

Nothing..

I put my hands around his neck.

Me: What were you saying about skinny Dipping? He smiled and kissed me.

LOVE TWO*

We got out of there all wet, i still wondered what happened because Ayo wasn't talking. I saw a woman in a wheelchair standing next to what looked like a Pastor. We walked closer and i realised it was My Grandma..

Ayo: You don't know how Greatful i am Bishop McCartney thank you for helping us

McCarthy: You don't have too. We all stand Together in fighting off evil.

They shook hands..

McCarthy: i think we can leave now before you guys catch a cold.

Ayo laughed.

What was my Grandma doing there? And worse i thought she died because she was grave sick.

Grandma: Its good to see you again Mercy. I looked at Ayo.

Me: Please take me home...

Bishop McCartney pushed my Grandma and put her in his car, while me and Ayo got inside Ayo's car.

We drove home that night and i was very quiet. Him:

You rather very quiet what's wrong?

Me: What is my Grandma doing with us?

Him: She's trying to rewrite her wrongs and mistakes.

Me: i thought she was dead

Him: She can't die without telling you the truth.

Me: i don't know if I'm prepared to face her or talk to her

Ayo: You'll have to listen to her. The sooner you do it the sooner we can get married.

I kept quiet.

We got home i got off and went in.

Kimbella was at the kitchen cooking. Me:

You still here?

He smiled

Kimbella: that attitude clearly tells me that our Mercy is back..

Me: Our Mercy? I am not your Mercy.

She laughed...

Me: Go home Kimbella...

I walked upstairs i wanted to have a warm bath. For whatever reason my ankle was red, swollen, and painful.

I walked to the elevator and it took me upstairs.

I got to my room and Charlie was cleaning it. Me:

Hey Charlie

She ran to hug me..

Her: Madam Mercy i am happy to see you, i

thought we lost you forever... Me:

Huh?

Charlie: When you were a witch i thought you wasn't gonna come back anymore

Me: What! I was a witch?

Her: Didn't Prophet Ayo tell you?

Me: guess we have alot to talk about. Can you Prepare a warm bath for me?

Her: Yes Madam

She walked to the bathroom and prepared my bath...

I went and took a long relaxing bubble bath.....

When i was done i went to put on my pjs. Charlie massaged my Ankle and wrapped a bandage around it.

I went to look for Ayo and he was in his study.....

Me: What is this i hear about me being a witch? He chuckled

Me: I'm serious Ayo, i wanna know

He came and picked me up then sat me ontop of his study table, and came in between my legs, with his hands on my thighs...

Him: You were a witch..

Me: What?

Him: Ya an ancient Witch that my 10th Great Grandfather Azial Badru defeated came back to life through you..

Me: How?

Him: She possessed you.. Me:

That sounds crazy

Him: Not as crazy as when you were talking about killing me..

I laughed.

Me: No ways

Him: i promise you, you were busy saying “I’m gonna kill you Azial”

I laughed again.

Me: Thank you for saving me in time

Him: I’m thankful for saving you too before you killed me...

I laughed again.. He then his hands on my thighs and kissed me...

We kissed and before we knew it we were taking each other’s clothes, moment I’ve been waiting for all my life....

He went to kiss my neck while i was biting my lip and he was caressing my body..

We went on with the 4play and before i knew it he was dry Humping me ontop of his study table, we were knocking off things. He was bigger than i expected but then i was enjoying every inch of him....we started off on his table

and ended up on his couch, changing positions along the way

He was rather good for a prophet, i never knew prophets can be soo good in bed.. Or in the couch.

I woke up the following morning and he wasn't around. I went and wore my pjs i was in pain it was like he was ripping me apart...

I walked up to my bedroom and bathe. I was in the 7th cloud of happiness busy humming and all that... Charlie walked in when i was done.

Charlie: Madam Mercy sorry that I'm late

Me: for shizzy homie

Her: huh?

Me: It means we cool.

Her: What got into you, you look rather happy.

Me: rather who got into me..

I dressed up and she brushed my weave.

There was a knock at the door. Charlie went to open. It was my Grandma. Charlie walked out to give us some space.

Grandma: Good morning Me:

Hi..

Her: i know that you don't wanna see me, i know that you hate me but can i please tell you the truth. Your happiness matters more to me. I wanna free you from this curse so you can be finally happy get married and all that...

Me: You care about my happiness? I laughed sarcastically.

Her: Can you please listen to me...

I sat comfortably in a small chair next to my dressing table.

Her: I was the only child to my parents and we

were very poor at home. My father used to work for a certain boer as a farmer and they would pay him with food. My mother was just a typical housewife. When i was 16 a certain man he was in his 50s Had an interest in me and he was very rich. My father sold me to him my mother was against it but then my father said i am a Girl and it's my responsibility to bring money in this house.

I was married off to this rich man who was a polygamist he had 2 other wives before me.. He had sons only with his other wives and with me i bore him a girl which infuriated him because he only wanted boys so they could take his surname and continue with his legacy. We tried again and while i was pregnant a family sangoma told him that i am pregnant with another girl. I was around 18, 19, or 20. He went and got another girl to replace me and kicked me while i was still half way pregnant with Xolelwa. I took Alicia who was young at that

time and headed home but my father kicked me out too said it's not his fault that i can't bear my husband boys.....

My mother took me into an abandoned Shack were i lived there.

It was hard for me Mercy having a baby and being pregnant with another one and i had nothing. My mother would bring us food but not everyday because she didn't want my father noticing.

I used to cry everyday in that shack i hated myself for allowing an old man to have his way with me, i was young and innocent. What was more heartbroken was that elders found that normal and acceptable.

I lived in that shack with the help of my mother

bringing us food every now and now then. I had to also get up and go get my own. I went begging at people's houses for food, others would give me others would kick me out like a dog. I wore the same dress everyday with no shoes, and Alicia didn't have much clothes either..

I saw her having tears.. I didn't think i wanna hear this anymore i stood up i was getting emotional.

Me: i don't think i wanna hear this anymore

Her: You have too. You have to know how it all started so both of you and i can be free. I don't wanna die and leave you with this curse that's gonna Affect your kids and your Great grand children

I went back and sat down to listen to her, even though it was hard.

LOVE TWO*

I listened to her again.

Her: My due date to give birth to Xolelwa came. I was alone my mom was very far from me. I gave birth on my own, i was young i didn't know what to keep and what to throw away but miraculously my daughter survived. Things became more and more harder with Xolelwa's arrival my mom's visits had seized. I thought of taking my life but what was gonna happen with my daughters.

One day when i went to get water from some well a voice came out from there saying "i can make you rich" at first i thought i was losing my mind and all that but the voice kept on going everytime when i went to get water from that well.

One day when i went to get water the voice came up again and i asked how can i be rich it led me to a cave. I went to that cave there was no one just scary looking creatures. I saw a well and i went to it, there i saw a beautiful woman in the water. She promised that i she will make me very rich if i agree to serve her faithful and be a witch. That was too much i ran out. When my mom came to visit i told her and she said i must stay away.

Things got worse for me Xolelwa started getting sick i didn't have money to get her to the doctor so that's when i decided that i will take the offer..

I went back to the cave with my kids and i gave away my soul to the devil. when i went back home i learned about my mom's death that she died while coming to my place a car had bumped her.

After signing the deal with the devil i did become successful i went to school studied i became a teacher then a principal my life was very peaceful. It was not until my daughter grew up that i noticed there's something wrong... When Xolelwa was around 15 years old and started being sexual active every man that she slept with died the following day and Alicia All her bfs would beat her half to death, and one of them shot her in the womb which caused her not to have kids.

I went back to the cave, i went back to the witch and asked her about what was happening and she said "Such riches brings about consequences. Through my children's curses is how i regain my riches" i wanted out i was tired that's when i Started going to church trying to be rid of this evilness. While i started Churching and praying and fasting just being a Christian, i started having a sharp pain In my heart. At first

i thought it was just a pain but it got worse and worse. When i went to a heart surgeon he checked me he said i have a parasite in my heart. He gave me antibiotics but they didn't work, he suggested that I should have an open heart surgery.....

2 weeks before my surgery i went back to the cave and Codex told me that if i do the operation i am going to die. She is responsible for the parasite in my heart she didn't want me to expose her.

I moved from being a witch to being a Diplomatic witch things went on and on. When Xolelwa gave birth to you the curse moved from her to you and through you she regained riches. Alicia was the only one left. I explained to them what i had done and they decided to join the cult. Now Alicia had to also regain riches that's when i adopted Mpumi and Alicia's curse went

to Mpumi.

Me: Wait, wait, wait... You telling me that Mpumi is not your biological daughter?

Her: No she's not. Actually i didn't adopt her we Stole her from the hospital.

I stood up this was just tooooooo much.

Me: So why... Why didn't you try to stop us when we were consulting Sangomas and prophets?

Her: Because if i stopped you then you were gonna notice that there's something i was hiding. When you guys went to consult i went to the cave and we would cast a spell that will stop you guys from knowing the truth...

I really didn't know what to say..

Her: i had to tell you the truth so that you can be free because had i kept quiet, then the curse

was gonna move on to your kids and you were gonna get rich through them...

I was angry, i was hurt that my Grandma would do such things to us. I don't care about the circumstances back then there's no excuse for what she had done...

I walked out, the woman i trusted with all my heart had done this to us. I went outside to get fresh air In the garden. I was still trying to process what my Grandma said to me when i felt someone hugging me from behind.

Ayo: Are you alright?

He kissed me on my neck

Me: My Grandma told me the truth.. Him:

And?

I turned around to face him

Me: all this time I thought there was something wrong with me, only to find that it's a generational curse! I don't even know that i will

be able to forgive her..

Him: You know sometimes we do things because we think that they are right for us not realising how it will affect our loved ones.

Me: What do you mean?

He held my hand and we walked around the garden

Him: When i was a teen i was very rebellious. I used to sell weed when i was 16 with my friends. We went as far as stealing weed from a local dealer. At that time i didn't know how much damage that would cause. When the dealer found out about what k had done he killed my mother and my sister, slaughtered them like they were animals. That set me off i wanted revenge, i wanted a deadly revenge. When i was around 20 or so i started having visions id see things that i couldn't explain, each day my visions became more vivid. I did finally get my revenge instead of killing the dealer i

killed his family i wanted him to feel the same pain that i felt. One thing i failed to think off was that he had alot of people working for him, people who wanted me dead. When i realised that my life was in danger i relocated overseas. Even there i lived a dangerous life. I remember seeing my mother in a dream and she told me that “i had hoped that my death was gonna change you and make you change your ways but then i see my death made you more vicious” after that I realised that i had to change and that’s when i met a Bishop there who told me that i have a prophetic gift and i accepted it then changed my life. That’s why i have this tattoos on my neck it’s in remembrance of my mother and sister.

Me: Wow.

Him: i can not mend things between me and my mother it’s too late for me now, but you Amor you still have a chance to make things right with your Grandmother..

He kissed me on my cheek.. Him:

I'll see you later

He walked away. He was right at least my Grandma made things right by telling me the truth.

I went to her..

Me: This doesn't mean i forgive you, that's gonna take a while to do but I'm working on it and thank you for telling me the truth.

Time passed i was living a peaceful life everything was fine Kimbella had went back home, my Grandma and i we were very close, Ayo and i we were planning our wedding which was gonna be in two months time.

I woke up one morning feeling very Nauseated and very dizzy.

I felt like vomiting but when i went to the bathroom vomit wouldn't come out.

Mandisa came in..

Mandisa: Madam Mercy are you okay?

Me: No i don't feel good

Her: Can i get you something to eat? Me:

Ya maybe..

She got me something to eat but then all the breakfast came out through vomit...

This sickness went on and on for days that Ayo started getting worried too. There was no ignoring it anymore i went to consult Ayo Accompanied Me.

Doctor: Okay what can i do for you?

Me: i have been feeling strange lately. I vomit alot i feel dizzy Nauseated, certain foods don't do it for me it's just a lot going on..

Doctor: When did all of this start?

Me: 2 months ago if not mistaken

Him: Okay I'll run some tests.

He asked me to go to the bathroom and pee on a glass i did, he tested me for Hiv and other diseases.

I won't lie i was scared. I looked at Ayo

Me: What if i have a serious disease

Him: We'll just have to find out from the doctor

He held my hand. The doctor came back,holding my file.

Doctor: So i ran alot of tests and i have the results.

We looked at him.

Him: You tested negative for Hiv, negative for STIs, negative for Hepatitis and other diseases but..

Me: But?

Him: You tested positive for pregnancy that's why you been having all this signs and symptoms. Congratulations you are 2months

pregnant

Ayo and i looked at each other all surprised.

I cannot be pregnant im getting married in 3 months time how am i gonna look in my dress with a big bump.

[05/20, 15:08] Ron: PART 18 REDEEMING LOVE TWO

Our wedding day was approaching we was to get married in a weeks time and i was 5months pregnant now. I was very worried about how i was gonna look in my wedding dress with such a big bump.

Today was that i had to go and fit my wedding dress i was accompanied by my Grandma and Charlie. My Grandma has made a drastic recovery she wasn't on a wheelchair anymore but she still had health problems concerning her prosthetic heart valves.

We arrived at the bridal shop..

Mama: Wow look at all this beautiful wedding dresses.

This bridal shop came highly recommended it sold thee most beautiful and expensive wedding gowns with bride maids gowns...

I went to sit down on a white couch.

Me: They all beautiful but pity none of them here are gonna fit me.

Mama: Don't be negative I'm sure we can find something for you

I gave her a weird look.

Janet came to us. She owns this bridal shop. Her: Mercy, our bride to be.

I stood up and she hugged me. Her: i hope you feeling better today Me: if only you knew.

Her: well your dress is ready.

Me: Let my bride's maid tries hers first.

Charlie was gonna be my bride's maid. She stood up and went to the changing room to try on her dress. She came out after a while, i swear she looked beautiful in that slim body of hers. The dress was red, the theme of the wedding was Red and white.

Janet: Wow you look stunning..

Mama: She does.

Charlie was all smiling and all that.

Me: Great now my bride's maid is even gonna look more beautiful than me on my wedding day.

Mama: Mercy...

I stood up.

Me: I'm done with this, we should just go home

Janet: What is she done with?

Me: I'm done with the dress, I'm done with this

whole wedding!

Charlie: What?

Me: i am saying the wedding is off!

I walked out to the door and into the car with my Grandma and Charlie following me. They didn't say anything to me in the car especially in the mood that i was in.

We arrived at home and i went straight to my room one that i shared with Ayo. We were now sleeping in the same bedroom. I found him dressing up.

Me: You should know that the wedding is off! He yawned.

Him: What happened?

Me: i look fat! No i am fat! No dress fits me i am like an Elephant!

He sat down on the bed while rubbing his eyes.

Him: i thought they were gonna design you your own special dress

Me: i don't want it anymore! Even Charlie looks better in her bride's maid dress..

He was dozing.

Me: Ayo!!

Him: Sorry what was that?

Me: i am saying that we probably should postpone the wedding until i give birth. There is no way I'm walking down the aisle looking like this!

He had dozed off again

Me: Ayo!

He snapped out of it

Him: I'm sorry Amor what were you saying? Me: What's wrong with you am i boring you? Him: No you not, I'm just very tired.

Me: What got you tired? Because you haven't been doing any sermons lately.

Him: I'm writing a new book and I have been working on it only at nights, so i haven't been sleeping very well.

Me: Wooow! We have a wedding crisis and the best thing you can think about right now is writing a book..

Him: I'm a writer Mercy. I write books for a living that's my profession, and it's been a while since I last wrote.

Me: i cannot believe that you saying this things right now, are you even taking this wedding situation seriously?

Him: i am..

Me: Really? What Have you done to help with the wedding..

Him: i...

Me: You?!!

Him: Well i helped with...

Me: Don't worry I'll wait while you think about it...

Him: Mercy you have a wedding planner helping you and your Grandmother along with Charlie..

Me: do you even wanna Marry me?

Him: Ofcause i do wanna Marry you. What kind of a question is that?

Me: It seriously doesn't look like that! I walked out.

Him: Mercy.

I walked out i needed air so I went to visit an old friend Nomgqibelo.

She was very surprised to see me. Her:

Wow what a pleasant surprise.

Me: Hi.

I went inside and hugged her.

Her: i haven't seen you in like forever, and you are pregnant Yoooh there's alot to discuss Moss..

Would you like anything to drink? Me:

No thanks.

She sat down and i told her everything about me and Ayo she was very happy for me.

Her: Finally you got the happiness that you deserved..

Me: Ya i still can't believe that I'm gonna be someone's wife in a week's time.

Her: and am i invited to the wedding?

Me: Yes actually i would like you to be my Bride's maid

She looked shocked

Her: Yoooh that's big

Me: I would really appreciate it if you be my bride's maid.

Her: i will be your bride's maid

Me: Thank you.

Her: And you should know that Kush is now resting in peace

Me: He wasn't Resting in peace?

Her: No because his body was used for evil purposes.

Me: Really?

Her: Yes, so i had to release his soul now his resting in peace

Me: And his body?

Her: We still yet to find out what happened to his body

Me: Okay you know i wanted to go to Mpumi's grave

Her: i can accompany you

Me: That would be lovely..

We walked out and went to the car. The private chauffeur drove us to some market first to get flowers. Nomngqibelo stayed behind while i went up to the street vendor to buy.

They had beautiful flowers. As i was looking and all that someone held my hand. I looked at who it was but the woman was wearing black clothes and a black lace cloth covering their face. I couldn't see who it was because they were looking down.

Her: help me.

Her voice sounded scratchy.. Me:

Who are you?

She looked at me and i almost fainted. I was Alicia and she looked disturbing. Half of her face was rotten even her eye was dripping. If flies were nearby she would attract them.

Her: Please help me...

She did look desperate for help. Her hand was Shaking while she was touching me.

[05/20, 15:11] Ron: PART 19 REDEEMING LOVE TWO

What the hell happened to Alicia Mara? She collapsed as we were standing there. I tried going to her but Nomgqibelo was already out of the car and she held me back. When people saw what was happening they called an Ambulance. She was Shaking as if like she was having a seizure. I looked at her then after a few minutes she was still.

Me: Why is the Ambulance taking so long?

We waited there until the Ambulance arrived. Paramedics quickly rushed to her but it was too late she was dead.

Biggest shock ever to me, because not so long

ago i heard about Xolelwa's passing and Now Alicia, i guess their sins finally caught up with them..... I watched as her lifeless body was taken away. Nomgqibelo saw the state i was in she decided to go home with me...

We got there and Walked inside Ayo was worried about me.

Ayo: i have been trying to call you where have you been?

I had no answer for him, i was emotional. Why i was emotional i didn't know. He came up to me and hugged me while i cried on his chest.

Him: What happened?

Nomgqibelo: She... Her Aunt Alicia died in front of her

Ayo: What! Where? How?

Nomgqibelo: She was going to buy some flowers and then her Aunt came up to her i don't know what they talked about after that her Aunt

collapsed.

Me: She looked very disturbing..

Ayo: I'm Sorry.

Nomgqibelo: i am Nomgqibelo by the way

*Ayo: i am Ayo Badru, and it's a pleasure meeting you
Nomgqibelo by the way.*

Nomgqibelo giggled.

*Nomgqibelo: You don't know how much of an
inspiration you are to me. I've always admired you
and your work. Especially being a prophet myself
then meeting a world known and admired prophet
like you is truly an honor to me..*

Ayo: i am..

*Me: Really guys? You gonna do this now? After i
have just witness my Aunt dying right in front of
me!*

Nomgqibelo: i think i should go..

She rubbed my back

Her: Be strong sisi, and call me if you need anything.

She looked at Ayo

*Her: It was a great privilege meeting you
prophet*

Ayo just smiled at her, and she walked out.

*Ayo: Let me make you something to drink to calm
you down.*

I sat down on one of the kitchen chairs.

Me: Where is Mama?

Him: Picking up flowers in the garden with Charlie

He brought me water with lots of sugar. Him:

Here you go

Me: Thank you..

Him: i think that i should call your Grandmother

and you guys can discuss the way forward about your Aunt's death

Me: Not so long ago it was Xolelwa, now my Aunt. I guess their sins already caught up to them.

Ayo: if you guys wanna have the funeral this weekend it..

Me: Are you insane? We are getting married this weekend!

Him: i thought that you wanted to postpone the wedding

Me: i have decided to unpostpone it He laughed.

Me: What's funny?

Him: Nothing just that your unstable moods really crack me up sometimes

Me: Mxm Get out of my face!

He stood up and kissed me on my forehead

then went out to call my Grandma.

My Grandma and i agreed that we gonna Bury Alicia after my wedding i mean we have already sent out invitations postponing the wedding was out of the question.

Days passed and we were planning the wedding Ayo was hands on too and everything was set to go. We was gonna have it in our garden then reception at a 5 star hotel. We were gonna have 300 guests i didn't want a biiiiiiiiig wedding just a small intimate wedding with friends and family.

Guests from overseas arrived on Friday they were pastors and Ayo's close friends we accommodated them in the palace i was very nervous and i also couldn't wait at the same

time.

Finally it was Saturday morning, I woke up early with my bride's maids had to prepare everything because the ceremony was gonna start at 9am. Our make up and hairstylist was a gay guy Named Jerome whom Janet recommended him for me said he was also a celebrity make up- artist.

I bathe first before everything...I did a simple hairstyle. A bun with a fringe at the front.

Nomgqibelo: how are you feeling? Are you nervous?

Me: Wouldn't you be nervous?

Her: i would be.

Jerome started with Charlie, then Nomgqibelo and ended up with me.

Heard a knock at the door, Charlie opened and it was Kimbella with another woman.

Kimbella: How is our Bride?

Me: Very nervous.

She hugged me.

Her: You gonna look great..

I looked at the woman she was with

Kimbella: ohh this is Pastor Lelethu Zulu i don't think you'll remember her.

Pastor Lelethu came to hug me

Her: I'm glad yuy are back

Me: Thank you

Kimbella: and why am i not a bride's maid?

Me: So you can look beautiful more than me on my wedding day? Never!

They laughed.

Jerome: Okay ladies it's time for our bride to get dressed.

I went to the bathroom and got dressed with Nomgqibelo's help. I was wearing a sleeveless

white dress that had a red lace at the front. It brought out a beautiful cleavage which i didn't know if it was gonna be acceptable. My dress was long and covered my feet so i wore white flat pumps it's not like anyone was gonna see. I really wasn't gonna handle heels.

I came out of the bathroom everyone clapped hands and made noise for me.

Kimbella: Wow now you look like an Angel... I smiled.

Lethu: You truly looked amazing.. Ohw and before i forget she handed me a jewellery box.

Her: a gift from your husband to be.

I opened it and it was a ruby necklace with matching earrings. The stones were red, perfect match with my dress. I saw the gift leaving Everyone in the room with their mouths open.

Nomngqibelo: That Must've caused a fortune.

Kimbella: and i didn't get such on my wedding

day

Lethu: Me either..

Kimbella helped me put on the jewellery. There was a knock at the door again.

It was my Grandma..

Her: Mercy it's time

Kimbella: Okay guys let's go..

They all left and i was left with my Grandma. She came and held my hands..

Her: i am soo proud of you Mercy.. Me: Thank you..

Her: This is a new start for you, a great new start. Go out there and live a happy life one that you have always dreamed off..

I was getting emotional

Me: i just wish Mpumi was here..

Her: i know she's watching wherever she is...

She hugged me

Her: i love you my child..

Me: i love you too

We walked out to the garden. We stood by the door that led to the garden. Everyone was sitting there waiting for me. My husband to be was standing there waiting for me looking handsome in his 3 piece luxurious suit that was black, white, and red.

Grandma: Are you ready?

I nodded. Yes my Grandma was gonna Walk me down the aisle. My little Angelic flower girl Joy was already waiting for me at the door. She was wearing a red dress with white stockings and white shoes. She had a hair band that had a red flower at the front. She had her dummy in her mouth. Kimbella came to give me my red roses flower bouquet.

I wasn't gonna Walk down the aisle with that

“here comes a bride song” i was gonna Walk down the aisle with The Isley brothers song titled Take a ride.

The song started playing and they jumped straight to the chorus:

“Take a ride, Win me baby

On a highway that leads to love

Come with me, sail free under the sky way Just both of us”

My Grandma took my hand and we slowly walked down the aisle with people standing up and watching me. At least today people were here to witness a beautiful moment and not a tragedy. My Grandma handed me to Ayo and went to sit down. He smiled at me

Him: You look beautiful. I smiled.

We was gonna be married by Bishop McCartney.

He started off by reading the Bible and all that. I was standing there and thinking if Mpumi, Kush, and my Great Grandma are watching this. I found myself looking up in the sky and thanking God for this moment. The Pastor started the ceremony, i was a bit concerned when he asked “if there’s anyone here who thinks that this two shouldn’t be married speak now or forever hold your peace” no one stood up.... We said our I dos and the rings where brought forward. He slid a red ruby diamond ring on my finger and i slid a Gold wedding band ring in his finger.

Bishop McCartney looked at us.

Bishop: i now pronounce you husband and wife. You may kiss the bride.

He came closer and lifted off the veil and kissed me. I was officially Mrs Fazial Ayo-Badru. People stood up cheering us and clapping their hands, rose petals where thrown at us. I just wished that i could have this moment for life, because this is the moment where i cried tears

of joy for the first time. A day where i finally experienced true happiness.

[05/20, 15:14] Ron: PART 20 REDEEMING LOVE TWO

I never knew that life can be this beautiful and peaceful. Ayo and I got married, we have a beautiful wedding with people who loved us and appreciated us. My new life was a bliss i woke up with a smile everyday, next to my loving husband. I shared more laughter and less tears. My life has Taught me thar you will never know how strong you are until being strong is the only option that you have.

It also taught me that Forgiving someone doesn't necessarily mean that you have to take them back in your life, forgiveness simply means that "you should give up hope that the past could've been different" and i have done exactly that. Who would've thought that i could

be married to the most powerful Prophet of this lifetime, it is true that you can never understand God's ways. I have made a promise to myself that i am gonna dedicate my life to the Lord because he has shown his Mercy and favour to me no matter how hard i have sinned. Mercy didn't let me Go, it didn't let me slip away.

I was now 8 months pregnant. My husband had gone overseas to finish off his book his been gone for 6 months and was coming back today. I couldn't wait to see him, i had missed him very much.

When i heard the door opened i knew it was him. I slowly got up the couch i had a huge bump now, walking to the door was a challenge especially with my swollen feet. We didn't wanna know the sex of the baby we just gonna wait until i give birth.

He got in with his suitcase wearing casual. I hugged him.

Me: Hey you are back..

Him: You didn't have to walk all the way to the door. You need to take it easy

Me: My love I'm pregnant not sick

Him: i just don't like you straining yourself.

Me: i Walked to the door hun, not to town.

We sat down on the couch with my legs ontop of him he massaged my feet

Me: That feels very good..

Him: And i have a surprise for you. Closed your eyes

I did. I heard him unzipping his bag. Me:

i wonder what it is..

Him: open

I opened

Me: Ohhh it's a book

That was a disappointment

Him: Not just any book

He handed it to me. The cover of the book really got my attention. It was a picture of my face with tears in my eyes, and the book was Titled

“REDEEMING LOVE” i went down to read. It was written by “Prophet Fazial Ayo-Badru” inspired by a True story of “Mrs Mercy Ayo-Badru” i read the summary at the back. The book was based on my life and what had happened..

Me: Wow..

Him: i wanted to run it by you first before i could publish it. I wanted to find out if you okay with me publishing it..

Me: So all along you were working on this book?

Him: Yes that is the book that kept me awake most of the nights. My publisher says it can sell millions of copies especially overseas, but then

it's not about the money. It's about how You made it through difficult circumstances. I feel someone somewhere can relate to your story. You went through what you went through so you can save a certain life out there. I promise you Amor someone out there went through something similar and reading your story will inspire and save them.

I was really speechless i didn't know what to say.
